## Consequences of Abandoning Islamic Principles

People think that children are a heavy burden for parents. It is a shaytanic idea, making people think that there is no need for children. In reality, having many children grants many blessings on parents. In jaahiliyya, the “time of ignorance,” people thought having many children was a burden to the family, but it is so wrong. With everyone comes provision, rizq, which is written for them and accordingly children are sent, it is not because of partners. Everyone comes with his own provision. Ar-rizqu maqsoomun, “the provision is apportioned for everyone.”

But now people’s ideas are against every haqiqah, Islamic principle, which are so perfect. Their thinking is completely wrong. Therefore, people now are running after dunya’s principles which are imitated principles. Real principles come from Heavens through prophets. For Mankind, there are so many levels according to how each one was created. They think everyone can bring a principle for himself and follow it, but you never followed this principle even once.

They insist, saying, “No!” Mostly they say, “My principle.” Who are you to say, “My principle”? Your principle is zero. If principles don’t come from Heavens, through heavenly ones, they have no value. They put a plastic ring instead of a real diamond. What is the value of a real diamond and what is the value of a synthetic diamond? Now people are not distinguishing between reality and falsehood. Therefore, they are bringing so

many Members of Parliament, each one standing up and declaring, “What I am saying to you is best.” Another person comes and says, “No, we are not accepting your principles, it is animal dirtiness.” You are saying this! Yalla! Throwing shoes on his head, no adab for him, because everyone can’t say or bring a principle.

Principles are from the Heavens, from the Creator. Who are you to say, “I am creating a principle”? First one says, “That is the best one,” and a second one says, “No, what I am saying is the best.” A third one says, “Haatoo burhaanukum, bring your proof!” You bring your proof, all mixed up! This whole world is now upside down, people are falling in a valley where there is no way to go out, no possibility either to stay there or go outside the valley.

Now throughout the world, parliaments are bringing everyone and making them talk. What are they saying? Who is accepting your declaration? No one. And the chief or president of some parliaments are coming and writing something then reading it to people. They are not really saying anything, but among themselves they say, “Our president doesn’t know anything.” Then they say, “I am speaking.”

Now countless crises and difficulties are falling on Mankind from every kind, and yet you can’t find two persons saying to each other, “Are you all right?” and the second person to say, “Are you all right?”

They are asking now to find a way to save themselves. How can they save themselves? It is something you are putting in the same pot: some lentils, wheat, barley, tomato, olive oil, and at the same time someone is asking to add sugar. Another says, “No, we must put salt,” another says, “No, you can’t put salt without vinegar, that can’t be! We must put this.” Who is eating that (weird concoction)?

Our real beings are never accepting such foolishness, no. That is the main problem that waits for an opening from people, an understanding, but they never accept anything from others and they rather say, “My opinion or my principle is to do this in such a way.” No one accepts that, also! Therefore, it is going to be a gigantic hill of unaccepted principles and we won’t find any way to get out, no.

Now people are reaching the top point of being proud, so that one is not accepting the second one’s opinion and principles. And until people come to heavenly principles, all crises or economic hardships and any branches of life can’t be taken away! May Allah forgive us, and send us someone who will throw a heavenly

bombarding on wrong ideas and principles, and instead bring heavenly principles. Then dunya will be okay!

May Allah forgive us. Fatihah.

Therefore, what is happening in Egypt or in Tunis or in this or that place, all of them are saying, “No, you are wrong, come down! We must come up.” With which thing are you getting up? “No, Husni Mubarak must come down! We must go and be there.” When you are sitting there you are going to bring another kind of principle that is not true. Also people are quarreling, it is never written in holy books that people should go against governments. So many troubles and fighting. And they are finding a good way. It is only heavenly principles; if you are keeping them you should reach to happiness and if not, you will be there and people will quarrel.

Here we are waiting for heavenly orders from Sayyidina Imam Mahdi (a), and also for what is coming after him, who is bringing and opening Holy Qur’an and speaking a true understanding from it. If not, they are going to kill each other and eat each other in the parliament. That can’t be. May Allah forgive us.

Fatihah.

Amaan yaa Rabbee, amaan yaa Rabbee!

## Abandon Your Narrow Perception of Heavens

(Mawlana Shaykh stands.)
Bismillah. Yaa Sultan, madad, madad. La ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah Muhammadun Rasoolallah (s). Jalali wal Jamal. Sultaan Allah, Sultaan al-Awliya, O our master of this planet, controlling everything on it! (Mawlana Shaykh sits.)

O Salafi `ulama, marhaban! We are saying through our association here, how it is going to be possible for one man to control the whole of this world? You may object on it. We are nothing and I am a weak servant. That One who is controlling this world is leaving me here to address people as they like. Not as I like, not as my wish, no. I am a weak speaker on behalf of holy ones whose relations belongs to the heavens. I am sitting here and they are saying, "Speak to people about what we are sending to you. Speak to them. We are not asking from your knowledge."

"Your knowledge" means to be such a weak servant. What is going to be my capital? Nothing. But they are saying, "Sit down and speak." Those that are asking about enjoyment, my enjoyment is who are asking to understand something and to be powerful for their Lord's worship, yes! Sending something, as what an ant is asking to have something and that is granted. That ant is such a small grant from that qutb, pole of this planet, when it has been offered and ordered to whole people. You may say, "An ant? What can it do on such

a big planet?" You may say it is impossible. Everything is impossible for you, but it is possible for the Creator!

Are you understanding Arabic or not? What is the Lord saying, wa huwa `ala kulli shayin qadir. He has such a power that He can do anything He likes! He may make an announcement through all ants, through the ants' valley. It is not for that ant, but for the Lord of Creation. He is asking to show from His Endless Ability or Capacity or His Divinely Power, it is too much to say. Very, very, very, very short spot from the Lord of Heavens, that He has countless heavens. What is mentioned for us? Seven levels. Is it impossible for there to be eight levels? Is it impossible for there to be eight billion levels? Is it impossible to be billions, trillions times levels? Is it possible or impossible?

Allah Almighty is saying, "I can do everything and My order is only to say kun faya kun!" Make your understanding, Salafi `ulamas, a little bit wider. Don't imprison your understanding in a very, very short distance. Do it as much as you can imagine. For example, you may say such a number that after one should be trillions and trillions zeroes. It is nothing for the Creator, Lord Allah Almighty. His power, His ability and His capacity has no limits. But for you it is in limits, yes. You must try to get out from your thinking limits.

O Salafi `ulama, you must try to understand more and more about kulli shayin qadir kulli shay, that He is able to create anything that you are imagining, reaching from six directions, and He may create if His Divinely Will yaa fa'alak, is reaching towards that Creation. He is saying "Be!" and it is just in existence. He may say, "Don't be!" and everything disappears from where they are coming, up to where they are going! You must correct your beliefs about distinguishing from what you mean. What do you mean? I am asking you to give an explanation or give me a commentary for an ant, that its Creator is ordering that ant to speak, yes. To whom? (...) ant and put through your ear, you can hear anything. Yes. You can this and you can understand? No. But that ant, by holy command that is coming through (...) anything. (audio not clear) He is One, He is not using two representatives. No, it must be one. And you are reciting the Holy Qur'an and in the Holy Qur'an you are saying astaa`idhu billah:

•••••• ••••• ••••••• •••••••••••••••• •••••• ••••••• ••• •••••••• •••••••••

wa idh qaala rabbuka lil-malaikati innee ja`ilun fil-ardi khalifa. When Your Lord (O Muhammad) said to the angels, "Indeed I am making a deputy on Earth." (Al-Baqara, 2:30)

What does khalifah mean? We may say one representative, no second representative. If Allah wants, the whole Mankind they are deputies. But through the deputies, who is representing the Lord of Heavens? Therefore, a Sultan may have eleven sons, eleven sons, all of them are deputies, one to be Sultan's successor. Heh? But others, no. Other princes, they can't be the full representative, no. The full representative is the crown prince, and he is one. Now, he is not like one of you. Allah Almighty is saying:

••••• ••••••••• •••••• •••••••

wa maa Muhammadun illa Rasool, and Muhammad is not except a prophet. (3:144)

...heh? Most honored identity of Sayyidina Muhammad (s), you are saying that he is one other?? No, your identity is something else and his identity is something other. Therefore, now in our days, the real identity is for the Seal of Prophets, Sayyidina Muhammad (s). Who is that one?! Like you? He is never going to be like you! Shaytan, he was thinking that. Shaytan is never accepting that Sayyidina Muhammad (s) is the representative of the Lord of the whole Creation! Therefore, he was becoming a dog. Shaytan is a dog.

He seems good..... he is not for ... another... no. Angels are coming and looking to Adam and making sajdah and going. Adam (a) was surprised, saying, "O my Lord, they are coming, looking at my existence, looking on my body for that love of You, My Lordship."

Allah Almighty is making Salafi `ulamas say that it is munkar, no you are doing munkar. You are doing munkar, that is alright. But you are in prison, you are in prison, your understanding is on a small square. You are not able to get out to know about that one (s), the representative of the Lord of Heavens! Oohh. And making this when they are hearing Kalimatu 'sh-Shahadah, Ash-hadu an La ilaaha illa-Llah wa ash-hadu anna Muhammadur Rasoolallah and kissing thumbs. In childhood I was doing that when reciting, Alhamdulillah... for me, yes, sadaqah Rasoolallah (s).

His value, his value no one can imagine. It is out of our imagination! Who is Muhammad (s)? You are saying he was one person from our tribe, only this, anything else? Do you think that he had two heads, four hands, ten? No! He was saying, "O my as-haab," because when he was moving with people, he was making people walk in front of him and not to keep your back from anyone else. Therefore, I am putting you in front to be in safety, and I am in the back because I am not looking ... my face ... is also, back, taraf (direction) back of my head. I am looking and I am saying, don't worry for me. It is written in the holy books or not?

Just like yourself, how can it be? How can it be? How can it be! Like you, if he is like you, do you also do what he did?! You are so proud, saying, "We are doctors, PhD doctors in Shari'ah." What is a "doctor in Shari'ah"? There are people living now in our days who are so needy to have some spirituality to make them rest through their eternal lives, and they ask you, "Are you believing in the Seal of Prophets?"
"Yes."
"How was he?"

They are saying,"It is not our maqsood, aim." It is not our aim when we are asking you and you are giving an explanation (that our Prophet [s] is) an ordinary person. No! He wasn't like an ordinary person. His holy name was raised up to "La ilaaha illa-Llah Muhammadur Rasoolallah"! He is not an ordinary person! You are wrong ones, you are not saying what is true! You must say!! Astaghfirullah, astaghfirullah, astaghfirullah, astaghfirullah, astaghfirullah. It is easy to say, "We are Salafi `ulama."

Yaa Rabbee.

Fatihah. Forgive us and bless ourselves.

Fatihah.

Dome Dome, Dome Dome, Dome Dome, Dome Dome 4x

Astaghfirullah, alhamdulillah, astaghfirullah.

(42 minutes) (523) (thousand)

Alhamdulillah, yaa Rabbee! Yaa Rabbee! Oh, yaa Rabb!

## ISLAMIC ATTITUDE TO ABORTION AND BIRTH CONTROL

We are only a means for re-generation. Islam never gives permission for abortion - it is prohibited, if Allah Almighty created a baby in a woman's womb, there is no permission to touch it.

Birth control is also not allowed - it is wrong and is a big sin. Destroying generations, destroying women, destroyment everything from good attributes and character. So, it is a most prohibited thing to make some control on birth. Not to allow what Allah Almighty creates and to prevent his creation.

There are also two kinds of childlessness. One, where some people are naturally not suited to having children, either on the man's side or on the woman's side. That is natural. The second kind is where people decide not to have children. They decide that they must enjoy themselves, without children for a few years. Then perhaps, when they decide to have children, after having used the contraceptive pill, their bodies have been damaged and they are unable to have children. Therefore, if a person believes, there is no need to use any form of contraception. We must believe that children will arrive only if the Lord wills. I hoped for ten or twelve children and neither I nor my wife used any pills but Allah Almighty gave us six. One died in the womb, the second died at the age of two and a half. Alhamdulilahi, we were left with four, two boys, two girls. But I never used anything to prevent pregnancy. There are three years between each one of my children because as long as a woman is breast feeding, she will not become pregnant. Allah Almighty arranges

everything. But, people believe that they are like rabbits!

*Q: What is the Islamic view on means to aid fertility such as drugs and test tube babies.*

We do not accept such foolishness. If the Lord wishes to give children, He will give children. If He does not wish to give children to a couple, He will not. If they try to fight Allah's will with such methods, terrible things will grow. We should not try to fight the will of Allah.

Islam orders very quick marriage, not to leave youngsters unmarried, because unmarried people are mostly trouble-makers in the community, spoiling communities and corrupting. Islam prevents cruelty, prevents all nonsense activities, prevents evil and cutting off devils and their activities. The first activities of devils is ZINA (adultery, fornication). That is the first thing that Islam prevents - adultery and fornication are prohibited. That is the worst thing and Islam prevents it, because as long as fornication is free, no religion or belief will live. Therefore, Islam first fights fornication and brings honourable marriage. In Islam, no fornication, no adultery is allowed. Devils make everything bad and bring evil to the community. Therefore Islam fights fornication and brings honourable marriage for mankind, to bring safety for generations and be in divine discipline among themselves. Islam brings mercy for everyone and respect to everyone and love to everyone. Those are the main characteristics of Islam as a summary and we may say volumes on those points, but it is not necessary. This summary should be excellent for everyone, like a letter they may read and understand about Islam. If they ask more, they may consult the sources of those points that we spoke about and they may learn. If they are concerned for more than this, they may ask and they may learn.

There is another question, the relationship between the male and female sex. This is the most important relationship in a community and there are two kinds of relationship between males and females. One relationship is true and honourable the second, dirty and prohibited. Can you find another? No. One is true, honourable and clean and the second is a dirty, dishonourable, forbidden relationship. The forbidden relationship between male and female has been forbidden from the first man and woman up to date. The Creator created first man and then woman. This is our belief. According to every holy book we know that the Lord Almighty first created Adam and from Adam He created Eve. Adam was created from Earth and woman was created from flesh and bone, from one of Adam's ribs. Therefore, men love earth because they were created from earth. It is a man's habit to run to earth; the woman's habit is to run to men. Man was created

directly from earth and therefore we are drawn to earth more than women. Woman was created from man and so they are drawn more to men. From the first man and woman, the Lord Almighty made a rule. When Adam, p.b.u.h., was alone in Paradise he looked around at all the beauty but was not satisfied. The Lord knew what Adam needed and why he was not satisfied. The Lord made Adam sleep for a short while and, whilst he slept, He took a rib from Adam and from that rib, created Eve, without inflicting any pain on Adam. If he had felt pain, how could we live with women?! But, there was no pain. When Adam awoke he saw Eve and her beauty equalled that of all her daughters - you can imagine how beautiful she was. Adam beckoned Eve to him and she refused saying, "You come." No good ladies run after men; men must run after ladies but you have changed, I acuse all of you. Let them run after you! Why should you run after them? When Adam went to touch Eve, the Angels said to him, "No, don't touch. Don't touch without divine permission". That is first order from the Lord Almighty to mankind, to the first man. Not to touch a female without divine permission. Adam sat patiently. "Oh Adam, you must respect her and you must give her her gift, her present". Adam asked "What should I give? What is the most precious gift, oh my Lord." "Give your respect to my beloved Muhammad. Say, "Alahumma salli ala Muhammad wa ala aaly Muhammad wa salli." Greetings to my beloved one. Say this ten times. Now I give permission. Now I give Eve to you with my permission to be your honourable wife. Keep her and bring children from her until the end of the world. This I make Halal (permitted) for you. She belongs to you and you belong to her. This applied then and still applies now, today. The relationship between men and women must be by Divine permission. Christians do just this in Churches and Muslims do it in Mosques - religiously, according to the high command of the Lord Almighty Allah. To those who do not have Divine permission, it is prohibited and it is a cursed relationship. There is no honour for them and no blessings for a prohibited relationship and these days, the whole world is full, really full of forbidden or prohibited relationships. Therefore, we are living in a cursed world.

*Q: What about platonic relationships between males and females?*

A: If you put gun powder with fire, what will happen? Boom! It is wrong but, as we said there is no power in our hands to prevent it and governments take no care of this point. It is a big mistake. It never used to be like this before; at the beginning of the twentieth century you would never have found a mixed school. Now it is the fashion. Now, we live in 'free' times.

## ABOUT GOOD PEOPLE

In the Name of Allah, All Mighty, All Merciful Most Beneficent and Most Munificent
You are asking a question about good people. You are asking for examples for mankind in Islam.

Firstly, the mission of all religions, particularly the main mission of Islam and the prophet of Islam, beloved Muhammad (pbuh), as mentioned in his Hadith: (Sheikh recites a Hadith). That means: 'My mission during my life is just to create a man with perfect qualities in all aspects.' A perfect man means a noble man, an honoured man, a charitable man. The most perfect man lives for others, not for himself, as the prophet of Islam was saying: Ummati, Ummati, Ummati, O my nation, O my nation. He only lived for the sake of his nation, for his Ummah, and he sacrificed everything for the sake of his Ummah, for his nation.

He trained his followers, his Sahaba, to be on his Sunnah, on his way, and 124,000 Sahaba were all sacrificing their souls. Material things are nothing, everyone may sacrifice material things; but if a person is sacrificing his soul, that is difficult and more precious. Therefore, the Prophet, beloved Muhammad (pbuh), taught, trained and practised his followers, his companions, to sacrifice their souls for the sake of his nation, his Ummah. Therefore, all of the 124,000 companions who met and worked and sacrificed with the Seal of Prophets are the most perfect examples for mankind - they are on the top horizon of humanity.

We are saying that such very weak people are living in our days, in the 20th century - one, two or three

examples. But our religious history is full of millions of such examples. If you want to speak about this from now until the end of the world, you will not be able to finish; if you want to write about it, you will write millions of volumes of books about such perfect men living throughout the Islamic world during fifteen centuries. All of them are perfect examples for mankind, because they lived for the sake of humanity, not for themselves.

That was the main teaching and mission of the Seal of Prophets, beloved Muhammad (pbuh) - to live for humanity, to live for his nation, to live for his Ummah, to uplift them, to support them, to give them every kind of support, physically and spiritually, here and hereafter.

If you want to know about those hundreds and thousands of books about the chivalrous, noble knights around the Seal of Prophets, Rijal ??Hawla?? Muhammad...

*KK - What do you mean by "sacrifice their souls"?*

Sheikh - To be for humanity, to save human nature from the hands of devils, fighting with material (things) and fighting with their souls. People may give money to make something and that is Jihad with our money, with our material power. But sometimes the Prophet asked the people to defend Islam with their swords; and when you take your sword, you are sacrificing your soul, you may be a martyr.

We have been ordered to make Jihad, to fight against devils, against Satanic powers - with our property, with our money and with our soul.

*KK - Do you mean soul or life?*

Sheikh - Life. Soul means our life.

*KK - When you say "sacrifice the soul", it's a concept in Christianity, particularly in Catholicism, which means something different from sacrificing your life.*

Sheikh - As we said, Islam is the most perfect and best teaching for mankind, saving them from the dirtiness of life, saving them from the wildness of egoism and from the hardness of bad dealings with each other, helping them reach the best stations here and hereafter and making them more generous, because generosity

is one of the most famous characteristics of Islam and the most precious value of humanity. Islam is teaching people generosity.

Therefore, from the beginning until today Islam established thousands, ten thousands, hundred thousands of charity trusts - we are saying Wakf - works for that purpose. They established such a foundation of charity not only for the protection of mankind, but also for the protection of animals, birds and nature. Therefore, we have such a foundation of charity, that they used to look after old animals, saving them, looking after birds in cages, setting them free, giving their owners money and setting them free.

You can find in Islam every possible kind of charity. There are so many, but we are so ignorant about Islam and non-Muslims are so fanatic, that we can't show them and they can't see them. You won't find such a great foundation for Wakf in any other religion except Islam - from the far east to the far west throughout the Islamic world hundreds of thousands of charitable buildings and charitable purposes have been established.

*KK - ...are confused by the idea of Jihad. They think they should join militant organisations and protest against the society in which they are living. I understand what you said about fighting against devils and so on, but what is the best way for young people growing up in the west to do this?*

Sheikh - Not only Muslim youngsters, but all youngsters must try to let people live, not kill them. But before ??asking a life??, you must ask about what is preventing to live, what thing is making people's lives difficult, not letting them live freely, happily, safely, in confidence, in peace, peacefully.

This is a gigantic subject. The first prophet (pbuh) tried to establish that building on heavenly orders, to show the way to reach the target ??up/of to A??. He was practising in his time and then the real followers of the Seal of Prophets (pbuh) also protected the same method and so on. In Islam only one (person) is authorised to call Jihad, to declare Jihad, war, or to make peace, ??Sullah??. It is not for everyone to call to Jihad, otherwise there will be an anarchy of Jihad, like it is now in our days. Everyone is calling Jihad and an anarchy of Jihad has appeared, because no-one is authorised.

I am asking, who is ordering you to (call/make) Jihad? You or someone over you? Tell me his name, tell me who is commander-in-chief of the whole Islamic world. If you don't know, open our books and read about the characteristics or conditions necessary to be Imam, to be Khalifa, to be the head of all Muslims. Bring that

person. If a person is not carrying the holy flag of Rasulullah (saws), he is not able to be Imam, because no flag from the Islamic territories can be for the whole Ummah, except the flag of the Prophet (pbuh). And that flag is imprisoned in Turkey. No Arab is asking for it, no Pakistani is asking, no Indonesian person is asking, no African Muslims are asking, no other Turkish nation is asking. Why? It is written in our ??Thikr/Fiqr?? books that the flag of the Prophet must be carried in front of the Ummah and the Ummah must be collected under that flag, as we hope to be under the holy flag, the flag of the Prophet, on the Day of Resurrection.

Therefore, no-one is authorised. They are only defending their local areas, but it is impossible now to defend the whole Ummah without a Khalifa, without a ???? Mu'mineen for the whole Islamic world. Only such a person can declare Jihad or ??Sullah??, peace. If a person goes ahead of (beyond?) his authority, he is going to be a cruel and bad-mannered person, he is rebelling against his Lord Almighty Allah. We are not accepting him.

But devils are always asking to make Fitna through the rows/ranks of Islam. They are trying to fall (pull?) youngsters into Fitna, to be in bad and dangerous conditions. Devils are trying to make youngsters fall into bad conditions, into Fitna. That is the reason. And youngsters are ready, they are willing to spend much more energy. They are making this sign with their fingers and they are coming out. They are only devils making... (end of tape)

(new tape)...youngsters in Islam must be very careful of those devils, not listening to them and not moving. They may only move against their egos, against their Satans. Firstly, those people who are claiming Jihad are claiming without having any power in their hands. But those people are so foolish. If they find a machine gun or a revolver in their hand, they think that they can oppose every power on earth. They are such ignorant people. They think that if a person puts a pistol in his belt, he is then so important, so powerful. He thinks he may come against the whole world. That is why the Muslim world and Muslim youth are being harmed.

The Prophet said, it is a command of Allah Almighty to prepare power against your enemies. But we are not producing our weapons, we are only buyers - the non-Muslim world is preparing all the weapons. When their weapons are second-hand, they are selling them and keeping for themselves the new ones, terrible ones. They are always knowing how to keep the power in their hands. Don't think that Iran or Saudi Arabia or Morocco or Damascus can buy the most improved and developed weapons with their money. No. Old-fashioned

weapons are for Muslims and new-fashioned one are in their hands - to put the power in their hands. It is a competition in east and west. How can you give your power to Muslims when you are non-Muslim and against Muslims? Therefore, Allah Almighty says 'Don't trust them. If they are not Muslims, don't trust them.' That is a clear order from Allah Almighty, but all our Muslims are heedless. Does Germany give the most developed weapons to Turkey? Does America give the most developed weapons to Saudi Arabia? Does Russia give the most developed weapons to Iran? Do you believe that? ??Humaqa?? Stupid people, no-mind people, heedless people believe, but clever people will never believe that.

They may give to some people. Russia gave to some Palestinian groups, but they are mixed groups. They only give to those groups who belong to them, they don't give to the Muslim side. They may even give, but it is not enough. Then, they may give when the fighting is going on, but they may stop their donations at any time and everything will finish, just as happened to the Egyptian army in 1967.

Those believing in non-Muslims are heedless Muslims, no-mind Muslims. Don't believe. If you believe, you are heedless. If we, as Muslims, have the most developed weapons, do you think that we will give them away? No. That is normal. They are dealing with the Islamic world and as they are Christians, or non-Muslims, it is all right. I am not blaming them, because if it were possible, I would be doing the same against non-Muslims, because I don't trust them. Politically, we are saying like this, like that, it is another thing; but we are not political people.

*K - But I'm thinking about young Muslims growing up in western countries. I know you say to the parents, if they want to keep them in Islam, they should go back to their own countries. But very often these young people have been born here and they've grown up here. If they're Turkish and living in Germany, they don't fit in in Turkey and they don't fit in in Germany. If they're Pakistanis growing up here, they're not part of this world and they're not part of Pakistan. Those people have two basic choices - either they leave Islam and join the world of dance-halls and clubs, etc. or they get involved in Islamic politics and they think they are making Jihad. They are told they must fight everything in western society, so they put themselves... How can they live without going to either of those extremes - without being cheated by politics or being cheated by western society? How can they maintain themselves here?*

Sheikh - It is a very difficult position. As long as we are not giving youth strong beliefs and strong faith, they

will escape, like through the two sides of a magnet. It is so difficult to keep a balance between extreme poles. A little movement from the balance and that youngster will find himself on an extreme line. It is so difficult. Either they will fall into the hands of those fanatical, political people who don't know about real faith and real Islamic practice or they will fall into the hands of horrible western places. It is impossible for a young person living in non-Muslim territories - either he will fall into the hands of groups of fanatical Muslims (the political pole) or he will fall into the hands of western devil centres. It is so difficult for a youngster to keep a balance - not to fall here or there. Like a person going up to high on a wall one-foot wide - he will fall either to the right or to the left. It is so difficult to walk on that high, narrow wall.

Therefore, I am saying to people, if you are asking to save your generation, your children, be patient in your homeland, eat dry bread and salt, don't come to be slaves in non-Muslim countries for the sake of this life, because it doesn't matter if you fill your stomach with Kebab or with dry bread, but for the sake of pleasure from your teeth up to your throat you are taking such great responsibilities - to be slaves of western people and to put your youngsters in very terrible and dangerous conditions. You can't save them, it is so difficult to save them.

Therefore, those of you who need to must try to live in your homeland if only for a while, like a doctor must enter a hospital where there is an epidemic. But they are protected; if they are not protected, the epidemic may attack them as well. It is the same for Muslim youngsters in non-Muslim countries. If you are not ?? cautious??, it is so difficult. If anyone comes and tells me he can do it, let him come and tell me, I will test him.

*KK - Those Bengali girls who came to you will have to stay in this country, they are British, they're not going back to Bangladesh, their parents are not going to take them back, they have to live here. The only Muslim people who are appealing to them and who attract their ear and their eye are the fanatics. How can moderate people like yourself reach these young people? Many of them want to be on a good way, but...*

Sheikh - They may be on a good way, but they should get married. After marrying, they may continue their marriage on an Islamic way. So many beautiful ladies come to me, crying and telling me about their husbands, because western countries and non-Muslim countries are only for youngsters. When you are getting older, the community refuses older people. Particularly when ladies are getting older, their husbands

look for younger ladies and ladies ??come down??. Those girls are like flowers now, but after a while they will...and their husbands will ask for new ones. In non-Muslim countries men can get young ladies by means of their money, but when they have two or three children or are getting older, even their husbands don't look after them. That is destroying women in western countries.

Therefore, I am saying it will be no good in the future, particularly for ladies - it will be so difficult for them. In our countries we are living with our ladies and it is all right, because we don't have such a cheap market for women as in Europe and non-Muslim countries. Therefore, everyone must keep his wife and moreover he will be blamed if he asks to marry a second time. Therefore, in Islam ladies are more protected than in any non-Muslim countries.

Therefore, from time to time I hear about the rights of women. It is ??masked?? They need to say "the rights of women when they are getting older". Youngsters have been granted rights everywhere, but when they are getting older, by working or in their homes, they will be like old shoes ready to be thrown away. But Islam doesn't accept this. Islam protects the honour of women and in Islam women have all their rights.

If you can find any way of saving Muslim women in western countries, tell me. Therefore, I say to people not to make their home in western countries. Even if you are building thousands of mosques, they are useless; thousands of schools, they are useless. If you isolate, they will run away. If you try to make Muslim colonies in western countries, they will be like isolated areas. It is abnormal, against nature, you won't be successful. If you leave them in this community, darkness will come over them. Therefore, beware of western countries.

I am saying this to Turks in Germany in particular. They are trying to become second citizens. In Germany they are building so many mosques, Markaz buildings. But I am saying that they are all temporary. Allah Almighty is now sending them new Nazis, fighting them. Today's newspapers are saying that Turks are like the Jews before the second world war. They are preparing a terrible future for Turks in Germany. Therefore, I am telling all people to quickly pack their bags and return to their homeland. If they are asking you, come; if they are not asking, don't stay.

Allah Almighty says that you may knock on a door and ask permission to enter. If you are welcomed, you may enter; if they are saying go, you must go away. Where is our Islam? Everywhere they are saying go home. Why are they enduring such humiliation? For kebabs? Or for cars? For deutschmarks? For sterling? For

dollars? Go, take your honour and go back.

*Q - What happens to us, because we are seen as traitors to our culture...*

Sheikh - If you are really giving up that culture and coming to the Islamic heritage, Islamic culture, you will also have the same problems.

*Q - Should we go to Turkey?*

Not to Turkey, but to any Islamic country where the majority may protect you with their power. Don't fall into dangerous conditions which will be against your beliefs. You will also be one member of the big family of Islam. As long as you are living in western countries, the conditions there will affect you and destroy your faith. You belong to the Muslims and you must look after yourself like that person going into the hospital where there is an epidemic. You can't say that you are protected or that you are of them. Nationality never protects Muslims. You are English, but you are Muslim. You are living here, but you have left all the customs and traditions of Christianity through the centuries. If you don't take care, the same epidemic will catch you. After a while, you will find yourself without Iman, without faith, not practising, no characteristics, nothing from Islam, only a name - eating everything from you, so that only the bones are left, a skeleton.

That is a difficult point and Muslims must look at it. If they don't listen to me now, they must listen in the near future. Therefore, western Muslims should run to Islamic countries, but even Islamic territories are not prepared to accept those new people embracing Islam, they are not prepared to welcome them. But even if they are not welcoming them, they must be patient with such Muslims.

*KK - ...living in western countries...*

Sheikh - The best protection is to say to our children just two points - one, to make them believe in the existence of the Lord Almighty Allah, to declare belief in the prophethood of the Seal of Prophets, to believe in Paradise and Hell and to believe in their responsibility during their lifetime...(end of tape)

(new tape)...first, to give them a real belief about the existence of the Lord Almighty Allah, to declare the prophethood of the Seal of Prophets, Sayyiddina Muhammad (pbuh), to believe in their responsibility and to

believe in the existence of Paradise and Hell. That is belief; but as a practice you must teach them when it is necessary to be clean, i.e. Ghusl, not ablution. It is most important not to be dirty. If our youngsters are keeping these two things, leave them - they have been given protection.

Also, make them do a charitable action every day, even one pence - to teach them to give something every day for the sake of charity, that it is a most important thing for mankind, to give charity daily. If a person is not able to give charity, if the whole day has gone and he hasn't given charity, he must know that he is thrown out of humanity.

Also, they must be taught to be true in every condition. Even if you have been given all the gold in the world, you must not leave that principle - to be true. This must be planted from childhood to adulthood.

I am telling you of three or four principles and it should be enough for them, it will protect them. They may go everywhere, they may live with every community, they have been armoured, they won't be affected.

Also, you must try to introduce them to trustworthy people, noble people, best people. And you yourself must try to be a noble person. That is all.

## Glory be for Allah, absolute Glory for Allah Exalted

Destur, ya Sultanu-l Awliya, Meded ya Rijalallah...Subhanaka la ‘ilma lana illa ma ‘alamtana...
Glory be for Allah, absolute Glory for Allah Exalted. Allah Almighty’s Identity is beyond our imaginations. May Allah grant us through His most glorious servant in His divinely glorious Presence...And we are saying: Audhu bi-llahi mina shaitani rajim, we are always running to Allah from the worst creature that is against Allah Almighty, against His glorious messengers and prophets and it is against heavenly orders, that is against mankind. They don’t like to say ‘he is’, our masters. They like Shaitan to be addressed ‘it’. It, that only animals are addressed (that way). ‘He’ only addressed mankind and we are saying He Almighty, and granting us that through that language ‘he; to give honour to mankind. Giving such endless honour, He Almighty granted to mankind to be addressed ‘you’ and ‘he’ and ‘who’. Therefore we are saying ‘it’ for addressing Shaitan. When it is absent, we are saying it. And it in Turkish language very good for that one, it means dog in Turkish language. Very suitable...Who may be in divinely Presence to say against Allah Almighty’s Order, to make arguing, who arguing, who is arguing in divinely Presence, quickly coming down and being ‘it’. It is Turkish language is dog. And that one who arguing in divinely Presence only barking: ‘How, how’...big voice dog...

That is characteristic of shaitan 1oo% suitable for it. Therefore we are running from that one that it is trying to make people to follow him and to be arguing ones against divinely Orders, that in our days countless its,

dogs like shaitan arguing with Allah Almighty's Orders, and standing up against His divinely Orders and arguing. All of them are 'its'- that means in Turkish language dogs. Therefore when you are looking and hearing someone arguing to Allah, they are dogs- only barking. They are representatives of shaitan, the biggest dog through creatures.

Therefore from perfection of a man, that no one can reach perfection of humanity without knowing real position of Shaitan, if a person not recognizing Shaitan and not knowing about that one, can't reach to be a perfect person or a perfect servant for the Lord of Heavens, can't be accepted for divinely service. Therefore first step for understanding about real importance of Shaitan, you can't be a real servant for Allah Almighty, you may be cheated. You may be cheated, and so many times daily a person going to be cheated by Shaitan and its representatives to make trouble for perfection of mankind, they are first troublemakers to cut off the way of perfection for mankind. That its importance, shaitan's importance: to cut off the ways that you can reach perfection through humanity, and who may reach perfection through divinely Presence, that ones are only blessed ones. If not, they are not blessed ones, they are only cursed ones. No perfection without leaving barking Shaitan and its followers. Whom not leaving big dog through universe Shaitan and its deputies and representatives, daily hundreds of troubles cursing them, because troubles is signs of cursing. And now whole world just fall in an endless troubles, and everywhere you can find troublemakers, and for those people cursing day and night coming on people and their days cursed, their nights cursed, their works and efforts cursed, their lives cursed, everything they are doing is cursed.

Therefore now we are living through 21st century and wars at doors. Wars after doors, wars is not a sign of blessing, wars all signs of cursing from Heavens. Why people are not taking care for themselves to save themselves from cursing? Because through 21st century scholars, professors, philosophers that they are claiming that they are reaching top point of positive knowledge everywhere through universities, through academies, through high schools, their education system just built on positive knowledge as they are saying. And they are saying when positive knowledge stopping, beyond that everything that mankind claiming to know as a knowledge through those people scientists and learned people and philosophers they are saying beyond positive knowledge they are only imaginations. They are only saying reality where positive knowledge is reaching, up to there. 'Beyond our positive knowledge we are not accepting anything, because beyond our knowledge that which we can't reach to it through our 5 senses, it is only production of imaginations of

people'. And they say that: 'The first ones for imagining are those people who claim that they are messengers from Heavens. And what they are speaking or claiming as a heavenly message that they are saying holy Books and muhtawa, what they are containing, in front of our knowledge all of it is only imagination'.

Therefore when they are not accepting anything beyond that knowledge that only concerns the material world, this is making their heads to be frozen- they are never understanding, never looking, never tasting anything from the reality that is mentioned as a heavenly reality through Prophets, and they are becoming like rocks. Those people, their perfection is on the level of rocks. Rocks also have a perfection, but on their level. Rocks, plants, animals and mankind- everything has a perfection through their level. Those people who are imprisoning themselves through a knowledge that they say it is positive knowledge, they imprison themselves through rocks first. Yet not reaching to the level of plants, or to the level of animals- where they have reached to level of being mankind? And from the level of mankind how they can reach to real humanity, the honour of mankind?

Therefore they never accept a perfection over their knowledge, they never accept any reality beyond positive knowledge, as they are calling it. And when they are imprisoned through the material world, never reaching to them blessings. Blessings reaching to humanity. Also reaching blessings to plants, to animals, and to common people, but the heavenly perfection that is giving honour to mankind, making them real members of humanity- and they have been honoured as being deputies of the Lord of Heavens- they can't reach. They are through rocks, in darkness of material world. If they are getting out they can't look, they can't see. So many creatures, who live through darkness, have no eyes to see and to know (the difference) between darkness and light. Therefore if you put them in lights, they can't live and they are asking darkness always.

And this is the main problem that brings endless troubles: Troubles coming from such foolish ideas from scientists and learned people, who claim to be positive knowledge's representatives. That level is the level of troubles. And those people who claim and deny beyond their knowledge, they are sources of troubles for whole mankind. And I am sorry to say that now through 2003, in the 21st century, 100 % of the people, or 99 %, or 95 % of people are followers of those people that are blind ones. They are through the darkness of materialism, they can't see anything. And the majority of people is running after these blind people; running after them to find a way to save themselves from troubles, from problems, from wars, sufferings and from cursing. But it can't be.

Therefore now mankind must come back to ask another group of people who are saying- and their saying is reality; they represent the real knowledge about mankind and their real personality. Until people come to them, these troubles and wars (are coming). As much as they may run through streets and shout: ‘We don’t want war’- but wars are coming. Sources of wars is the darkness of materialism; that they are never seeing lights on earth. They are always hopeless people, and unbelievers, beyond that darkness they are not believing in lights. They believe in darkness and deny lights, saying: ’We never accept light. We are only accepting this positive knowledge and beyond this, what you are saying from lights, that is imagination’. People must try to save themselves from those blind people, cursed people and dark people, or they should be taken away. As in the time of flood of Noah, this world is running to another flood; but it is not water, it is fire and blood flood...

May Allah forgive me and bless you and bless every believer for the honour of that most glorious and honoured and praised one in His divine Presence, S.Muhammad sws, Fatiha

## The Absolute Love Oceans of our Lord

(Sheikh Nazim visited a Centre dedicated to spiritual endeavour but where there were two groups at odds)
The Lord – our Lord , your Lord, their Lord – is One.

HE created them and planted His Divine Love in the very best of their being.

You must know that, although that Love may be temporarily covered, it is running through their hearts as a river runs to an ocean. Along the course of that river love may manifest only as temporary, human love, and that love current may even seem to disappear completely, like a river that flows under a mountain. But there can be no doubt that our Lord has placed in every heart a current that flows irresistibly to His Love oceans in the Divine Presence. Therefore don't imagine them to be cut off from Divine Love - it must be with them, whether that is now apparent to you and to themselves or not.

As our heart current flows toward that ocean, the main difference we notice is that our love is not tied to physical beauty. Everyone loves nature, greenery, rushing waters, youthful forms, beautiful people - but what about the others? The Lord gave of His Love to people in general, not only to the young and beautiful. And the One Who implanted His Love in our hearts says; "Oh My servant, as I have given you from My Divine Love, so have I given it to all creation; so spread your love to everyone, that you may be in harmony with My

Will.”

In reality everything that contains His Love is green and beautiful, but to perceive the beauty in all creation you must transcend outward forms and penetrate to the realm of spiritual reality oceans. First of all it is important to pass from forms to meanings, from fleeting shapes to eternal spiritual realities. Forms are limited and limiting, whereas spiritual realities are oceans, endless oceans of contentment. To arrive at those oceans will bring you inner peace.

Therefore I am trying to love everyone. It is easy to say to a person, “I love you” as long as that person has never harmed you but according to our Grandsheikh such is not the measure of real love. He used to quote a famous Daghistani sufi poet who said; "I don’t accept the love that you claim to hold for me to be real until I have tested you. What is my test? If I put you through a meat grinder and you came out the other end as minced meat and if then I returned you to your original form, would you still love me?"

Therefore as I have said there are levels of Love along the way differing in quality according to their nearness to the goal, the Absolute Love oceans of our Lord. When one has reached that goal he may take any amount of harm from others and still love. He may say “ I love you for the sake of my Lord not for any other reason. That love will never change or diminish as no matter what you do your Lord’s Love is with you. -- -- For you to even exist my Lord’s Love must be with you and therefore I am loving you, too.”

Only the highest and most select of mankind are ever on such a level and we are trying to reach that point – but it is so difficult.

You must know that this is a test for you and an opportunity to gain spiritual ranks. Now you are in a situation where you must be patient with people who may not be upholding the same level of decorum that you are accustomed to. Here is an opportunity for you to advance. Holy People have advised us, rather than avoiding all ill mannered and badly educated people we should mingle with them and establish contact with them that they may benefit and that you may test yourself and gain thereby.

They are servant’s of the Almighty’s Will and we are His servants too. Our Lord is their Lord and their Lord is ours. We must be patient and we will gain little by little. Cherry trees first yield bitter fruit but you must wait – little by little the tree starts to yield sweet and tasteful cherries.

The Holy Masters have promised me that whoever sits with us and listens with his heart full of love must come to that same level; their hearts must open to Divine Love.

The Masters are not going to abandon us, and we are not going to turn from them as our hearts have been bound with the strongest of bonds; the bond of Divine Love, that strongest of relationships of Love that exists between the Creator and His creatures. That relationship is the ultimate goal of existence and we pray that it may grow stronger always.

Those with whom we sit and whose hearts are receptive to Divine Love will attain that Love. I ask my Lord for permission to spread His permanent Love to the hearts of all people – and the time is approaching when we hope that permission will be granted.

## Accept the Unexpected

We are always under inspection. That is important to know. We are free to do what we want, but at the same time we are not free, because things do not always happen the way we planned them. What we want does not always correspond with reality. Nothing in this world will ever be 100% the way we want it to be. Whoever welcomes whatever comes to them, can be satisfied. Every day we face so many unexpected disliked things, but we must have good manners and accept whatever happens to us, to our family, to our people or to humanity on this planet, because it is out of our control.
No-one can really judge what is their own destination. Everyone has a private destination which only belongs to them. Until you reach the end of that destination you will encounter so much of the unexpected. You cannot avoid that which will happen tomorrow. Even if we try to arrange everything in a most perfect way, it will not be exactly the way we wanted it to be.

## Accept To Be A Servant

(Mawlana Shaykh stands)
As-salaamu `alaykum, O my Lord's servants. Say with me Allahu akbar, Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! Allahumma salli `alaa Sayyidina Muhammad wa `ala aali Sayyidina Muhammad wa `ala Sahabati Nabiyyina sallAllahu `alayhi was-sallam, wa `ala Ummatihi `alayhi 's-salaatu wa 's-salaam. Alhamdulillah wa shukrulillah. SubhaanAllah, Sultaan Allah.

O people! I lost my eyeglasses, but I can look at you well. Even if you are a long distance away, it doesn't matter. I may look like this but I can see from east to west. It is possible; why not? This `alam, creation has two different beings, or we may say, world of possibilities. Everything may be possible or may be impossible.

Help us, O our master, to understand this world we are in. Everything that you are thinking, seeing, or looking should be either possible or impossible. SubhaanAllah, subhaanAllah, subhaanAllah.

As-salaamu `alaykum, our listeners, who are accepting to be servants. But, our egos never like to be named as servant; it's the heaviest thing. Our egos are always refusing, saying, "I am not servant." Mashaa-Allah. If you are not servant, who are you? You think that you are the Lord of the Worlds? Your mentality is accepting this? Never accepting! Why are you claiming, and insisting, and refusing to be a servant? No. You are a

servant! You may be a majestic person, a majestic king or emperor but that is the last point a man can reach in this level, and after that, what is happening? We shall say as they are giving something to my heart; I am trying to speak on it as much as possible.

O our listeners, as-salaamu `alaykum. Someone may say, "Salaam `alayna; salaam is not on you." Why are you saying this? I am not from the human family? Why are you refusing? And you are accepting salaam on yourself, and not on a weak servant who is speaking something according to his inspirations? You are not happy to listen to truth! If you are not accepting to listen to the truth, there is a heavenly hammer that may come on your head! The Lord of Heavens is not playing. No, He is not in need to play or tassalli (amusement). No. O people, I am speaking through their heavenly channel that is reaching to my weak heart, and I am trying to translate to you something through my speech.

Once again to you, who are accepting truth, as-salaamu `alaykum wa rahmatullahi wa barakaatuh! And those who are not accepting truth, no salaam, no rahmah, no barakah on them. Beware! Don’t try to go beyond your limit. That is a writing, no way! You must know your capacity or your ability, and you must stop there. Therefore, subhaanAllah, Allah Almighty (swt) said to His Prophet (s)," Rahimahullahu imra'in `arifa haddahu wa waqafa `indahu - May Allah have mercy on a man who knows his limits and stops at them." So many people are knowing Arabic, but they are not using these holy words from the Seal of Prophets (s), most beloved and most honored (Mawlana Shaykh stands) Sayyidina Muhammad (s). Stand up! Allah (swt) saluting him on the Night of Power, Night of Journey! (Mawlana Shaykh sits)

O people, hear and listen and try to give your most high respect for that one who had been granted the last point of highness in the Divinely Presence. Don’t say that we are speaking wrongly! Some people are speaking and changing the meanings that for 14 centuries, the nation of Sayyidina Muhammad (s) has been using. (Mawlana Shaykh stands for respect to Prophet [s] and sits.) They are wrong ones! Look at this hadith only, "Rahimahullahu imra'in `arifa haddahu wa waqafa `indahu - May Allah have mercy on a man who knows his limits and stops at them." O people, don’t think that I am addressing those proud Salafi and Wahabi people, and other people with wrong understanding. Beware, stop at your limit! Don’t pass that limit! If you are passing your limit, some heavenly arrows may touch you before the Day of Resurrection.

O people, laugh a little bit. I am nothing. You may laugh, you may smile, you may do like this (Mawlana

Shaykh makes a crooked face), you may think, "That person just passed over 90 years and he lost what he had through his mind. Now we may listen to him and we may laugh." Yes, you may laugh, doesn't matter. I am laughing at you, because I am accepting to be a servant, but you are not accepting to be a servant! You must accept to be servants or a heavenly whip is coming on you.

O my Lord's servants, welcome to you. It is an introduction; for the last four days or one week, I did not meet with you, because my worker, who takes my humble speech to people, was absent. He was happy with marriage and therefore, was forgetting this important meeting, saying, "It doesn't matter, one week I may be with my darling and they may wait." Today, he is coming to me and saying, "Now I am ready. I am fed up being with my darling. Enough, let me be hungry again. Until I am going to be hungry, I am going and coming." I am saying, "It doesn't matter, that time you may be servant of your darling." That was the reason! O people, now I am a very serious one. (Mawlana Shaykh laughs.) I was trying to be serious (smiling), but the Creator created me not to be so serious!

Now I am over 90 years old, and sometimes when asked, "How old are you?" I am saying, "90", then I am thinking up to 90 there is such a long distance. But then they are saying, "You are 19?" I am saying, "No, nine and zero, 90." "Oh mashaa-Allah, you are on such a perfection, O Shaykh."

No, I am not shaykh. I am trying to be accepted as a servant and five times daily I am coming to our Lord's Divinely Presence and saying, "O my Lord, please accept me to be Your servant. If You are not accepting me as a servant, I am finished, I am nothing, I am falling into fire, O my Lord!" That is the real meaning of praising five times a day, to make your ego accept His servanthood. Believers come five times a day saying, "O our Lord, please accept this weak one as a servant to Your Most High Presence, for your Heavenly Presence."

Don't quarrel, or discuss with people that as-salaat was salaam is bid`ah, or that this or that is bid`ah. There is no meaning to those things, but you must teach people, "O my brother, don't forget that you are a servant." Even for your jalaalat ul-maalik (majesty the king) it must be shouted, "O jalaalat ul-maalik, don't forget that you are a servant of your Lord!" Don't discuss with people that saying as-salaat wa 's-salaam are mushrikeen (idol worshippers). Whoever is doing this is under the feet of angels! If I am saying wrong, anyone may answer to me.

For one thousand years the Ottomans, their emperors and sultans were khalifahs of Rasulullah (s). Every

Friday they came from their palaces to the mosque to pray Salat ul-Jumu`ah (Friday prayer) and armies were shouting to them, "O our king, don't be proud." To be proud is only for Him Almighty! Don't make yourself to be proud. You must remember that Allah is jala jalalahu, the only One that should be proud! They were riding on horses, ihyaaun li 's-sunnah (reviving the sunnah), not in Cadillacs or Rolls Royces. They had no bullet-proof glass, no; they were on their horses and dressing in the full sunnah dress of the Prophet (pbuh) and saying, "O our sultan, don't be proud and don't claim that you are a big one, no. The Lord of Heavens Who created you is the Great One." And the sultan would bow his head down.

Where is such a sultan now? If we have such sultans with this adab, what can our enemies do to us? And we are running after new weapons and to make wars against our enemies and never saying, "O our Lord, help us." You are never going to be winners until you come in such a way to Jumu'ah prayers. The first command of Shari'ah is that the nation of Sayyidina Muhammad (s) (Mawlana stands for Prophet [s] and sits) should only be under one flag, and under one command of the one who is khalifatullah and khalifatu Rasulullah (s).

O people, we are like drunk ones. We lost everything that our Salafu 's-saalih and Sahaabatihi 'l-kiraam carried to us, and we are bringing new meanings and saying, "Who is that prophet? He was a prophet only and bringing only the Holy Qur'an, nothing else." That is your mind's smallest point! Come and accept truth! If you are not accepting truth, meaning all that was brought to us and that we must say we are servants of the Lord of Heavens, but you are never saying! You are looking at your dollars, or your pounds or your gold, and you are saying, "We are such a people! We are not servants, we are kings, we are queens, we are medics." I am speaking the truth. If anyone is objecting to it, until morning, something may touch him and he may never be happy! O my listeners, we are humble ones. You are running to find something; some business in the US, UK, France, Germany, through east and west. "Oh, we are trying to reach some richness through those countries."

The angels are asking, "O Mankind, those who are claiming to be Muslims, do you think you have been created to collect dunya? You are not reciting the Holy Qur`an and what is mentioned about Qaaroon!?" This is a big strong arrow to all believers. What happened to them? They collected as no one collected from treasures, and what happened? O People! Come and accept servanthood and teach people that you are servants. If you are a servant, your boss will never leave you hungry or thirsty or without something to dress. We must change our understanding now. If not, a heavenly whip is coming first on those people who are saying, la ilaaha illa-Llah but not saying, "We are servants to the Lord of Heavens." O People!

(Mawlana Shaykh sings)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah,
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, `Adheem Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Sultan Allah

If a group of people are coming into the mosque and saying this, so many Salafi people are running to them, saying, "Bid`ah, bid`ah, bid`ah! What are you doing?" If we are saying Allah's Holy Name (swt), that is bid`ah? Which books are writing this? Shaytan's books are writing this foolishness, not the Holy Qur'an. O Salafi people, what are you saying? (Arabic) That you may understand. I am not from the Arabs, for Arabic to be my language to understand as you are understanding. How are you running with sticks and with so many things, and saying that if a group of people are sitting in a mosque and saying (Mawlana singing), "SubhaanAllah, Sultaan Allah, SubhaanAllah, Sultaan Allah, Allah Allah, `Azeez Allah", you say it is bid`ah!? Go to Jahannam (Hell) for saying dhikr is bid`ah! May Allah (swt) take them away! Whole cursing coming after those no-mind people. They are not the real nation of Sayyidina Muhammad (s) (Mawlana Shaykh stands.) Only their language is Arabic, but they are not Arabs. (Mawlana Shaykh sits.)

Dome dome dome dome 4x

Beware! Heavenly revenge is approaching, approaching, approaching, approaching to cover those people who are saying, "We are believers," and they are not believers. They are saying, "We are Muslims," but they are not Muslims. O People! May Allah (swt) forgive me and you for the honor of the most honored one, Sayyidina Muhammad (s). (Mawlana Shaykh stands for honor of Prophet, then sits.)

Fatihah. (39 minutes)

Enough for today, it is enough. May Allah (swt) forgive us. Fatihah.

## Achtet die Nahrung! Sie ist eine Gunst des Herrn

Dies ist ein wichtiges, für alle wichtiges Adab, die beanspruchen, religiös zu sein und den Kampf gegen ihr Ego gewinnen wollen. Wir müssen sorgfältig den Respekt vor der Nahrung wahren. Unsere Körperkraft für eine jede gute Handlung kommt durch das Essen. Es ist uns geboten, die Versorgung durch unseren Herrn zu respektieren. So viele Engel arbeiten daran, die Nahrung für den Menschen geeignet zu machen, Engel, die aus Allahs Meeren der Barmherzigkeit geschaffen wurden. Wenn wir den Respekt vor der Nahrung bewahren, helfen uns jene Engel, diese Kraft für gute Handlungen und gutes Verhalten zu nutzen. Wenn wir ihn nicht wahren, fühlen sich die Engel beschämt und gehen fort.
Unser Großsheikh begann jedes Mahl mit den Worten der Shahada. Das läßt unseren Herrn uns zugeneigt sein, und die Nahrung wird halal. Es ist allein die Gunst unseres Herrn; diese Nahrung, fertig auf dem Tisch zur Ehre Seines geliebten Propheten Muhammad (s.a.s.). Du mußt zu dir sagen: „Ich bin dieser Gunst nicht würdig, aber Du, Allah, gewährst es mir zur Ehre Deines Geliebten.“ Dann werden alle Engel bleiben, um diese Nahrungs-Kraft für die Wege des Propheten auszugeben.

Es ist eine erbärmliche Handlung, sich über Essen zu beklagen, denn es eröffnet Satan und seinen Soldaten einen Weg, diesen Tisch zu belegen. Und nur schlechte Handlungen können dieser Nahrung entspringen. Es ist die Gunst und Barmherzigkeit unseres Herrn, die alles auf den Tisch kommen läßt. Das ist der Weg des Adab. Unser Großsheikh beherzigte es sehr sorgfältig.

Dem Grad unserer Demut gemäß haben wir einen entsprechend hohen Rang in der Göttlichen Gegenwart. Unser Großsheikh erzählte mir, daß er im Ersten Weltkrieg Soldaten Stücke Fleisch von toten Pferden abschneiden und essen sah, während sie die Straße weiter entlanggingen. In Adrianopolis schnitten sie Stücke von den Sohlen ihrer Schuhe ab, kochten und aßen sie. Und immer noch nicht sind wir dankbar.

Niemand erreicht die Göttliche Gegenwart ohne Adab. Unser Großsheikh sprach vom Propheten und seinem hohen Charakter. Einer der Gefährten hatte die Absicht, den Propheten zum Essen einzuladen, und noch bevor er die Einladung entsandte, bereitete er drei Monate lang vor, er trug gute Dinge von überallher zusammen, um es der Ehre des Propheten angemessen sein zu lassen. Nachdem der Prophet angenommen hatte und nun den Raum betrat, da erblickte er all die Engel an jenem Tisch und hielt inne. Beschämt über so viele Engel, wandte er sich wieder hinaus, ohne gekostet zu haben, und befahl seinen Gefährten, zu kommen und zu essen. Als er allein zurückkehrte, wurde er von einem armen alten Mann begrüßt, der ihn in seine Hütte einlud, indem er sprach: „O Prophet, meine Frau liebt Euch so sehr, aber sie ist krank und kann nicht laufen, komm bitte herein.“ Als sie den Propheten kommen sah, weinte sie und sagte: „Ich kann nicht aufstehen, um Euch zu Diensten zu sein.“ Der alte Mann nahm einen Sack getrockneten Gerstenbrotes, das wie Stein war, Salz und Wasser und bot es an mit den Worten: „O mein Prophet, ich lade Euch ein, an den wertvollsten Günsten Eures Herrn teilzuhaben. Der Prophet aß und aß und sagte: „Niemals zuvor fühlte ich, daß etwas meinen Magen füllte, bis heute. Jetzt bin ich gesättigt.“

Die Menschen sorgen sich um ausreichende Nahrung, um den Bedürfnissen der Zukunft begegnen zu können. Bewahrt man vor der Nahrung den ihr gebührenden Respekt, so könnten sogar fünfzig Milliarden auf dieser Erde leben. – Eines Tages fand der Prophet ein Stück Brot auf dem Boden neben seinem Haus. Er hob es auf, blies den Staub weg, aß es und sagte zu seiner Frau: „O Aisha, du mußt Respekt bewahren vor der Gunst des Herrn, oder sie wird von dir abgewendet, und, einmal abgewendet, ist es sehr schwierig, daß sie zu dir zurückkehrt.“ Ich bitte Allah um Vergebung und Führung für mich und alle und bitte Ihn um Seine Segnungen für die Menschheit und daß er uns auf dem geraden Weg halte.

## Acknowledge Servanthood

(Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Subhaan Allah, Sultaan Allah, `Azeez Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, SultaanAllah
Zid habeebika `izzan wa sharafa nooran masroora. Yaa Rabbal `izzati wal-`azhamati wa 'l-jabaroot. Zidhu yaa Rabbana wa mani 'ttaba`ahu wa 'l-mu`mineen wa 'l-muslimeen wa `ibaadika ‘s-saaliheen. Yaa Rabbee ishrah sudoorana. Rabbi 'shrah lee sadree wa yasir-lee amree wahlul `uqtadan min lisaanee yafqaahu qawlee. Subhaan sen, Sultaan sen! (Mawlana Shaykh sits)

O our Attenders! As-salaamu `alaykum ayyuha 'l-mu`mineen wa 'l-muslimeen! We are asking our Lord to grant us much more understanding from the holy knowledge of Heavens, and they are not our mindly productions, which are nonsense. Therefore, we are asking a heavenly grant for understanding, and heavenly grants are just granted to those servants who are not thinking of anything else in their lives except servanthood. They are never asking for anything else, only servanthood. They are on the right path, the right road. Tooba lahum, such endless pleasures are for them. They are the luckiest people in this life! They are keeping their oath from the Day of Promises. They understand something and they are trying to understand

more and more about the Day of Promises and why it happened.

O Mankind! As-salaamu `alaykum, who are asking for their Lord's Pleasure. Pleasure to you also, that you are giving pleasure that the Lord Almighty is granting to you.

O Salafi `ulamas! Marhaban! Where are you? We are saying now, a`oodhu billahi min ash-Shaytani 'r-rajeem, because Shaytan is always asking to make people on the wrong way. That is Shaytan's last or final desire. The final purpose of Shaytan, what is that? It is to make people understand the wrong understanding; that is making Shaytan and his agents so happy. True happiness is when people understand the messages of Heavens, and when their understanding is in the wrong way, then Shaytan and its agents are so happy. Therefore, we must take shelter from Shaytan, not to touch us and not to play with our understandings, because he is coming and saying this and that, making people accept wrong understandings. All shaytanic centers are trying to do that. And we are saying, (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem! O our Lord, we are running to You, to Your shelter. (Mawlana Shaykh sits)

Madad yaa Sultan al-Awliyaa, you are our protector! The Lord of Heavens is never leaving His servants without a protector. There are countless protectors with countless shelters. Therefore, when we are saying Bismillahi 'r-Rahmani 'r-Raheem, they are ready to shelter you from Shaytan's false demands. Shaytan is asking to carry people on the wrong way, quickly running and saying, "It is the not true way, it is a wrong idea! Listen to me, I may carry you and lead you to the true way, and I am sheltering you from them." Shaytan and its agents are saying this.

O People! That is an introduction. We are now beginning to fight Shaytan and its agents, yes. We are in a holy month and Shaytan and its agents are looking and running after people to make a bad understanding of fasting and this holy month, and asking to do everything based on wrong understandings!

O People! O People! The first responsibility is going to be on that group of people who are saying, "We are ayaatullah," or, "We are hujjatullah." And soon they are taking away ayat and hujjat, and there is remaining only “Allah,” Ayaatullah. Shaytan is saying to them, "Why are you saying 'ayaatullah'? Take that away and say, 'I am Allah;' it is better for you. Why are you making such useless titles, 'ayaatullah, hujjatullah,' and there are so many! Leave that and say, 'I am Allah!' Finished, so easy.” That is a shaytanic teaching, to use such titles that common people aren’t able to say for themselves, "I am ayaatullah, I am hujjatullah."

Therefore, Shaytan uses this to attack people's faith. No, you must consult someone whose level is above yours! If a person makes himself "ayaatullah", it means there is no more care for his physical being; it will be taken away and only “ayah” or “hujjah" remains, and no other existence.

They create this fitnah so people will walk on the wrong way. Say only, "I am a weak servant." There is nothing above that title. The highest and most beloved title for Mankind is to say, "I am `AbdAllah, Allah's Servant." If anyone is asking you, “Who are you?” don’t say, "I am ayaatullah,” or, “hujjatullah," but say, “I am `AbdAllah.” So beautiful, such a true title for humanity to be able to say, "I am `AbdAllah." Leave all titles and say, "I am only `AbdAllah, a servant of my Lord."

O People! They are making me fight Shaytan and its works. I am trying to be a fighter against shaytanic efforts. Yes, try to be against all shaytanic efforts. Shaytan's effort is only to make people say for themselves, “We are going to be something.” Shaytan is never saying to people, "You are a servant of your Lord, so try to do good, better, and the best service for your Lord." Why are you not saying this, `ulamas and rabbis, bishops and holy ones? How are you going to be holy ones if you are not saying, "I am a servant.” A real holy one accepts that he is a servant of his Lord. Only He is the Lord, and we are His servants.

In other religions they say, "We are cardinals." What does that mean? Why aren’t you saying, “I am a servant of the Lord of Heavens.” What does it mean, "cardinal, “bishop" or, “patriarch.” Why are you saying this? Was Jesus Christ (a) saying of himself, "I am the chief cardinal," or, "I am the chief bishop"? Was Moses, peace be upon him, saying, “I am chief rabbi,” or was he saying, “I am a servant of my Lord”? And Muslims are also saying, “We are ‘Salafi’ `ulamas," or "We are Wahhabi’ `ulamas. We have a different appearance here and Hereafter.” In the Hereafter, the Lord of Heavens will ask you, "Who gave you that imitated title? Who granted that to you? Did it come from the Heavens?" Why aren't you saying, “We are followers of Ahlu ‘l-Sunnah wa ‘l-Jammah.”

Leave all titles and say, "We are servants!" What was the title of the Seal of Prophets (s) ? (Mawlana Shaykh stands) His title was, “I am `AbdAllah, the servant of my Lord! I am Rasoolullah, because He is ordering me to teach His servants about servanthood. I am that one, and nothing else!" (Mawlana Shaykh sits)

All `ulamas! You must leave everything and try to teach people about servanthood. You are writing and

reading thousands and thousands of books, but what is your main purpose? The purpose of all prophets and the Seal of Prophets (s) was to teach Mankind about their servanthood, not to make for them this or that special title! Every title you assign to yourselves gives imitated honor that makes you to be proud. And Shaytan, for the reason of pride, became Shaytan. Why are you proud of something you learned to read or write? What is your proof that you are a servant, that you are writing so many books and you are keeping in your memory hundreds or thousands of holy ahadeeth? If you you are keeping it, is that a speciality? They are not asking for a specialty, they are asking for servanthood! Learn and teach! For all nations, for all religions, a holy command came from Heavens, because He sent the Seal of Prophets (s) and all prophets to teach people servanthood!

From where are you bringing such nonsense titles, saying, “We are this and that,” and you are never going to be happy if anyone calls to you, "Yaa `AbdAllah!" You are going to be very angry. “Why are you saying `AbdAllah'? I am a Salafi `alim! I am a Wahhabi `alim! I am a doctor! How are you calling me, '`AbdAllah'? You may call common people by that, but we are specialized ones! You can't say to me, 'Ta`al yaa `AbdAllah, Come here, O my Lord's servant.'"

O our Attenders! Be happy if you can be malik, sultan, amir, president, and such nonsense titles you have been given, but their value is of no value in the Divinely Presence. In the Divine Presence you must say, "I am `AbdAllah."

O People! When you stand up for the Friday khutbah, say, (Mawlana Shaykh stands) Ash-hadu an laa ilaaha illa-Llah, wa ash-hadu anna Sayyidina Muhammadan `abduhu wa rasooluh. (Mawlana Shaykh sits)

I am only asking to remind people to remember their real missions and their real purpose for their creation.

O Imaams! Say every time, "O People! The real reason we were created is to know that we are servants, to do what servants do, and to continue in servanthood up to Eternity." No one is getting out from servanthood; they are beginning from pre-Eternal up to Eternal, filling their lives for billions of years with worship, and their level is always going to be a level of servanthood. Over that level is the Lordship of our Lord, Allah Almighty. He is the only Lord, and no one else! (Mawlana Shaykh stands and sits) You may use some titles but:

••••• ••••••••••••• •••••••••• ••••••••••

laa taghurrannakum al-hayaat ad-dunya. Do not be cheated by this life on Earth. (31:33)

O People! You must not be cheated with nonsense titles in this short lifetime. Don’t run after that. You are coming into this world as a servant of your Lord, and you are leaving this world as a servant of your Lord. May Allah forgive us.

O People! Give your attention! What did you do today for servanthood? Don't say to me, "I can't find any time for servanthood, because I was so busy with my business. Therefore, I never found time to be obedient to my Lord, because I was so busy in this holy month, which was the most busy time ever!" That is the dirtiest report from anyone and the dirtiest declaration to make of himself, "Because I am so busy and I can't find time to do my Lord's servanthood."

O `ulamas! First, you must say to people, “You are servants, so do as servants do for their Lord. If you are first keeping our responsibility of our Lord's servanthood, this dunya is going to be like Paradise." But people are forgetting the main purpose of their creation. Therefore, daily we find more cursing comes on them and much more tasteful things are taken from them (life, health, wealth, status). And you must know that yesterday was more tasteful than today, and tomorrow is going to be less than today's happiness and enjoyment. Day-by-day what you were given is coming down, because you lost or forgot the reason you were created: you are servants! And for those who forget, heavenly cursing runs on them, not on those who say, “We have been created for servanthood for our Lord Almighty Allah.”

(Mawlana Shaykh stands) Allah Allah, Allah Allah, Allah Allah, `Azeez Allah! (Mawlana Shaykh sits)

Forgive us for the honor of Your most beloved servant, Sayyidina Muhammad (s)! (Mawlana Shaykh stands) Give him much more honor, O our Lord! (Mawlana Shaykh sits)

Fatihah.

May Allah forgive us.

(Mawlana Shaykh speaks to Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

(Mawlana Shaykh prays two raka'at Salaat ash-Shukr.)

## Why the Actions of most People come Rolling Back on their Heads

When people work for satan they cannot succeed. It is impossible. They are like people who throw stones into the air. First it will go up, but finally fall on their head. Whoever works for Allah will go higher and higher like a rocket. Don't be cheated when you see that some satanic people seem to be going up. They will fall. But if you work for Allah He will give you power to continue up forever. The truth will always go up. Those who stay with the truth will go up. Falsehood can continue for a short time, but it must finally come down.

People need support. Without it is so difficult to move up. You will get such a support every moment and every second according to your intentions. This is why everyone must be careful with what they do. They must see if they are doing it for the sake of Allah, or for satan. Satan usually only gives you one shot. But Allah's support is endless: it will shoot up and up and up... endlessly. So if you do something for the sake of Allah, don't worry. You will be supported all the time. If not, don't make yourself tired by wasting your energy, because you will not get any more. If you have exhausted yourself working for this world, don't expect to find another energy. Like a battery: if you don't have a source to recharge, you will be finished quickly.

Allah blesses those who work for Him. If you work for yourself, don't expect His help. Usually people are given one shot. If you use it for His sake, He might give you one more, to enable you to be closer to His Divine Presence. This is why people in our time are very seldom blessed, even religious people. Official people will never be blessed and will never be holy. Holy people cannot be official.

I once asked a priest in Switzerland if he thought he was holy. But he said, "No, I am only a priest. St. Nicolaus, who is buried there, he is holy."

"Yes, because his energy always attracts me to stop and greet him, whenever I pass through here! But what about the Pope, is he holy?"

"No, he is only an official person."

Official religious people cannot be holy. Those who work for governments cannot be independent servants of Allah. They are being paid and must do everything officially. The only way an official person can be holy, is if he works daytime and prays at night. The way of holiness passes through night-prayers. It is a sign of sincerity and holiness. Hypocrites are the ones who pretend to work for Allah. Whoever wants to be a good servant must try to do their night-prayers. While other people are sleeping, they are standing up in prayer. They are happiest when they are in His Divine Presence. Holy people are all blessed by Allah. Without His blessing no-one can be blessed. Blessings come from above. It is not something which the public can give you. If we are not blessed, we will not be pleased within ourselves.

**Adab is the soul of knowledge**

Don't look down upon anything or anyone... The ego only loves itself. It is Kafir, not accepting Allah, and it wants to be sitting alone on the Throne. The Holy Prophet said: "Allah Himself has taught me the best manners, Adab."

A human being is living through his soul, and the soul of knowledge is Adab. Knowledge without Adab is a misfortune for its owner. Shaitan had knowledge, but he had no Adab, behaving badly in Allah's Presence, and then he was finished. Always the ego is bad-mannered, going against Allah, denying Him. It never likes to be under the control of anyone. All our egos are the same. We have to bring it under control, and train it to become Allah's servant, and not be controlled by the ego.

Allah is not forcing anyone. Not everybody can keep his ego, and they are falling from one trouble into the next, never finding any rest or peace. Man needs, and must learn Adab. It is not easy to teach Adab. Someone may read hundreds or thousands of books, but he may not be able to control his ego. He may have knowledge, but he can' t practice it. Shaitan had so much knowledge, and it didn't benefit him. And everybody in our time wants to study, and they all fail the test...

And someone may go on Hajj, he may stay 40 days, make Hajj, Umrah, Ziyaret and become clean. Everything seems perfect. But then he gets on the plane home and he looks to a stewardess with desire, and everything is lost, finished... Six months, one year he stayed there, so many prayers he did, Tawafs, Umrahs, everything is good. But then, for one moment he doesn't control his ego, forgetting that Allah is looking to him, forgetting and being without Allah, and Shaitan makes him from his staff...

Don't give a chance to Shaitan, because he is always looking for an opportunity to catch people. There is

Haram and Halal. Whoever is not respecting that border falls out of Adab with Allah. Few people want to save themselves from their bad-mannered ego. Tariqats and the four Madhabs are based on Adab, and that is why Shaitan is against them, because they are against his school. His school is the fifth Madhab, the school of Batil. So many people follow it... May Allah not leave us in the hands of our bad ego. Whoever is not asking that will be caught by Shaitan.

Your ego is telling you that you are number one, that nobody is like you. It is telling you that you don't have to listen to anyone, that you are strong and know everything, that you are your own Sheikh. And the ego is lying to us.

What we are saying here is what they have put in our hearts, and we are ashamed in front of Allah and fearing Him because we are such ignorant ones, making so many mistakes and bad-mannered actions. Who is the Sheikh? He is that one who teaches you about Allah and His Prophet. How you can know by yourself? But they don't want to accept a teacher, these Wahabi people. And whoever doesn't accept a Sheikh, a Hoca, an Imam, a guide, Dalil, his teacher is Shaitan. He is telling them: "Why do you need a Sheikh?"

Follow a pure guide, that he may take you to purity because only pure ones will enter Paradise... Allah knows best who are the hypocrites... We are trying, working on it, asking to be clean. But: "Thumma amanu, thumma kafaru..." sometimes we believe and sometimes not, listening to our ego and Shaitan. On the way of faith, Iman, you can be saved...
And the Angels of the Grave will ask you if your face is turned to Dunya or towards Maula, Allah. They will ask you what is your Qibla, to where is your heart directed? If they find your face turned towards Allah, everything is good. But if they find your face turned away from Him, then Allah will also turn away from you. If in prayer you turn your eyes away from the place of Sajda, looking left and right three times, then Allah is saying: "My servant has turned away from Me. Leave him..." This is an important point in Adab... Don't behave badly in the Presence of the Sultan...

May Allah forgive us and not throw us out of the Ummat-i-Muhammadi sws... Fatiha.

## The Adab (Conduct) of Protests

No, (the protests should be made) with tranquility. It is an order from above (Heavens). They should come to the streets for one hour and pray in the mosques. Pray two raka`ats of Salaat al-Hajah and then come out in tranquility and say, "RabbunAllah, HasbunAllah. RabbunAllah, HasbunAllah." There won't be any wild beasts but only tranquility, sakinah. RabbunAllah, HasbunAllah. RabbunAllah, HasbunAllah. The awliyaa know this and they will be with them. Don't make rallies against the government, never.

(A person asks Mawlana about Benghazi and what is to be done.)

Do what I have already said. Pray two raka`ats that Allah will change this ruling of tyrants, and say, "Bismillahi 'r-Rahmani 'r-Raheem," with tranquility. RabbunAllah, Hasbunallah. RabbunAllah, HasbunAllah. No matter what, do not involve women in this protest. It is forbidden, and it is an order from Heavens.

(A person says: 150 people died in protest, they were shot down)

No, this is their limit, this is enough. They should form a group, even forty people is enough and say, "RabbunAllah, HasbunAllah. RabbunAllah, HasbunAllah" for three days and the government will

come down, bi idhnillah.

Fatihah.

Y`Allah! I am also telling Tunis, Libya, Egypt, Sudan, Bahrain and Yemen that this is the way to act, inshaa-Allah. Allah, Allah. Yaa Rijaallahi, madad! Yaa Rijaallahi, madad. Amidoona bi madadikum.

Fatihah.

Fear will come in their hearts; they will run away without using any weapons. RabbunAllah, HasbunAllah. RabbunAllah, HasbunAllah. RabbunAllah, HasbunAllah. Say this while walking for only one hour. There is no need do to it for the whole day, once every day is enough. Repeat this until they go away. Allah will put fear in their hearts.

## The Adab Of Tariqa

We are nothing. Who are we? What (value) are our orders? I wish we could have followed our Lord's orders. If only we could follow the Sunnah of the Beloved (sws). We are useless. If there is any movement, like this, there would be no building left standing in Istanbul. I am afraid. I am afraid. Ottoman architecture - they had one floor buildings and mansions, their mansions were two floors, you know and made from wood. Even if it shakes nothing happens. Their dinner tables were open (to people). Nothing could touch them (harm them). Now people have become Pharaohs. They became Pharaohs. Nimrod said, O Hamaan He said, O Hamaan build me a tower so I can see what is above me. So, what can we do?

This is the situation people are in now, no one thinks anymore. May Allah (swt) forgive us. They did not teach us can you imagine? I learned Alif (first letter in arabic alphabet) at the age of 20; Alif, at the age of 20 in Istanbul. 2 months in the beginning in school, they used to say 'ibtidai'(elementary), they started. I started, I still remember. I was 7 years old. My older brothers took me, registered me. 28 the year 1928 28, 38 48, twenty years ago. They taught us alif ba for 2 months. Alif Be, we used to say Alif Ba and then after that there was donmeler (transition). They changed the letters. I couldn't finish the Alif Ba they quickly changed them to latin letters. After that I came to Istanbul at the age of 20. I learned Alif Ba, that is when I learned Alif. I get very upset because they insulted our religion so much and they still continue to insult our religion. They will not find any goodness. They are still running after one picture. No one is asking, what did he do? I don't know and you don't know either.

Which padishah (Ottoman Sultan) was it? He was curious about the people of tariqa - what kind of people are they? His minister said, O my padishah (Sultan), my beloved Sultan, let us go ourselves and see them, to see their characteristics. Where are their gatherings? They have a

gathering in so and so place. Very well. He went with his grand minister. They stood waiting. A holy person was coming, he was coming to the dergah (zawiyah). The Sultan's helper asked, Who are you? I am a weak servant. Who here is above you (in rank)? The one who came in just before me. After him a second person came. Another person came inside. He asked him also, who is the head of this gathering? He replied, the who came in before me. 1, 2, 3, they counted until 7. Then they asked the last person to come, Who here is the one who sits on the couch at this gathering? He replied, all the holy ones already came in before me. Since they all said that he is coming after us, when they asked the last one, he said, the holy ones already came before me. (He was) a poor person.

They had adab (good manners). "Ahli Irfan Majlisinde Aradim Kildim Talep, Ilim En Geridedir Illa Edep Illa Edep" people now have become without any good manners. People look like people physically, but their characters are not human. There is no one left now to go to his sohbah (talk) my son Sheikh Adnan (Oktar). How many people will go to his gathering? 10 people, 20 people, 30 people? Istanbul has 20 million people, who will it be enough for?
May Allah (swt) increase your power, my son. May Allah increase your faiz I became happy that I saw you. We were not able to become anything, but the holy ones they are pulling us forward. My situation... I am holding a stick. Someone is holding me from this side. Someone else is pushing me from behind. After all this commotion, I am able to go there. We have nothing left. He sent me all these things. I am taking and accepting them, let them stay here.
I will give them to (vaktin sahibina?) whoever he is. I will tell him that it is from so and so. It will be known. It is not unkown. He doesn't mention anything about himself. He lets the ladies sit and talks to them. Everyone thinks his intention is something else, no. His aim is something else. Tawba Ya Rabbi Tawba Ya Rabbi Shukr Ya Rabbi Salamun Qawlaan Min Rabbin Rahim (36:58) May Allah (swt) be happy with you.

**Der Adab der Tariqat**

---

Wir sind nichts. Wer sind wir? Welchen Wert haben unsere Befehle? Ich wünschte ich wäre den Befehlen

unseres Herrn gefolgt. Wenn wir nur der Sunnah des Geliebten (saws) folgen könnten. Wir sind nutzlos. Wenn es irgendeine Bewegung gäbe, wie diese, dann würde in Istanbul kein Gebäude stehen bleiben. Ich habe Angst. Ich habe Angst. Die Osmanische Architektur - sie hatten einstöckige Häuser und Villen, ihre Villen waren zweistöckig, wisst ihr, und aus Holz gebaut. Selbst wenn es wackelt passiert nichts. Ihre Esstische waren offen (für Leute). Nichts konnte sie berühren (ihnen schaden). Nun sind die Leute zu Pharaos geworden. Sie wurden Pharaos- Nimrod sagte, oh Hamaan, er sagte, Oh Hamaan, baue mir einen Turm so dass ich sehen kann was über mir ist. Also, was können wir tun? Das ist die Lage in der die Leute heute sind, niemand denkt noch nach. Möge Allah (swt) uns vergeben. Sie haben uns nicht gelehrt, kannst du dir das vorstellen? Ich lernte Alif (erster Buchstabe d. arab. Alphabets) im Alter von 20 Jahren; Alif, im Alter von 20 Jahren in Istanbul. 2 Monate am Anfang in der Schule pflegten sie zu sagen "ibtidai" (elementar), sie fingen an. Ich begann, ich erinnere mich immer noch. Ich war 7 Jahre alt. Meine älteren Brüder nahmen mich mit, registrierten mich. 28 das Jahr 1928 28,38 48, vor 20 Jahren. Sie lehrten uns für 2 Monate das Alif Ba. Alif Be, wir sagten Alif Ba und dann, danach kam die donmeler (Umstellung). Sie änderten die Buchstaben. Ich konnte das Alif Ba nicht beenden, sie änderten es schnell in lateinische Buchstaben. Danach kam ich nach Istanbul im Alter von 20 Jahren. Ich lernte Alif Ba, das ist wo ich das Alif gelernt habe. Ich werde sehr wütend denn sie haben unsere Religion so sehr beleidigt, und sie beleidigen unsere Religion immer noch weiterhin. Sie werden nichts Gutes finden. Sie rennen immer noch einem Bild hinterher. Niemand fragt, was hat er getan? Ich weiß es nicht und ihr wisst es auch nicht. Welcher Padishah (Osmanische Sultan) war es? Er war neugierig über die Leute der Tariqat - was für Leute sind sie? Sein Minister sagte, oh mein Padishah (Sultan), mein geliebter Sultan, lasst uns selbst gehen und sie sehen, um ihre Charaktereigenschaften zu sehen. Wo sind ihre Versammlungen? Sie haben Versammlungen an so und so einem Ort. Sehr gut. Er ging mit seinem Hauptminister. Sie standen und warteten. Eine heilige Person kam, er kam zu der Dergah (Zawiyah). Der Helfer des Sultans fragte, Wer bist du? Ich bin ein schwacher Diener. Wer hier steht über dir (im Rang)? Derjenige der direkt vor mir hier hereingekommen ist. Nach ihm kam eine zweite Person. Noch eine Person kam herein. Sie fragten sie auch, wer ist der Kopf der Versammlung? Er antwortete, der der vor mir hereingekommen ist. 1,2,3, sie zählten bis 7. Dann fragten sie die Person die als letztes gekommen war, Wer hier ist derjenige der in der Versammlung auf dem Sofa sitzt? Er antwortete, all die Heiligen sind schon vor mir hereingekommen. Weil sie alle sagten dass er nach ihnen kam, als sie den letzten fragten sagte er, dass die Heiligen schon vor ihm gekommen waren. (Er war) eine arme Person. Er hatte Adab (gutes Benehmen). "Ahli Irfan Majlisinde Aradim Kildim Talep, Ilim En

Geridedir Illa Edep Illa Edep" Nun sind die Leute ohne Benehmen geworden. Leute sehen äußerlich aus wie Menschen, aber ihre Charaktere sind nicht menschlich. Es gibt niemanden mehr der zu seiner Sohbah (Rede) geht, mein Sohn Sheikh Adnan (Oktar). Wie viele Leute werden zu seinen Treffen gehen? 10 Leute, 20 Leute, 30 Leute? Istanbul hat 20 Millionen Leute, für wen wird es genug sein? Möge Allah (swt) eure Kraft vermehren, mein Sohn. Möge Allah deinen Glauben mehren. Ich bin glücklich dass ich dich gesehen habe. Wir waren nicht fähig, zu etwas zu werden, aber die Heiligen ziehen uns voran. Meine Situation... Ich halte einen Stock. Jemand hält mich von der Seite. Jemand anders drückt mich von hinten. Nach all dieser Aufregung bin ich in der Lage, dorthin zu gehen. Wir habe nichts mehr. Er schickte mir all diese Sachen. Ich nehme sie und akzeptiere sie, lass sie dort. Ich werde sie (Vaktin Sahibina?) geben, wer immer das ist. Ich werde ihm sagen dass es von so und so ist. Es wird bekannt sein. Es ist nicht unbekannt. Er erwähnt nichts über sich selbst. Er lässt die Fraue sitzen und spricht mit ihnen. Jeder denkt, seine Absicht ist anders, nein. Sein Ziel ist etwas anderes. Tawba Ya Rabbi Tawba Ya Rabbi Shukr Ya Rabbi Salamun Qawlaan Min Rabbin Rahim (36:58) Möge Allah (swt) glücklich mit euch sein.

## Edeb Ya Hu

May He (swt) dress happiness, wellness & majesty on you. May He increase our lights of faith & Islam, may He dress us with these. May we not be ugly. May we not be ugly. Allah Almighty created us in "'Ahsani Taqwimin" (95:4). Is it not so? He created us in the best form. What makes us ugly is that we dress dirty, rusty dresses on our clean bodies. May Allah save us from those shaytani dresses. They make us dress clean everyday in the fajr prayer so that our outer & inner beings are pure, enlightened & happy.

Countless praises & thanks for our Lord's endless grants & generosity. It is not that we wrote a petition to come into existence. This is the grant of Allah Almighty to us- He created us from the children of Adam. And about the children of Adam Allah Almighty (swt) said: "Wa Laqad Karramna Bani Adam" (17:70). Our GrandShaykh, Sultan al-Awliya Hz said that this is, the oceans of meaning of this is... What Allah Almighty knows is different & what He (swt) lets be known is different. What He (swt) knows are the oceans. What He (swt) informed our Prophet (sas) is however much it is that He (swt) granted from His Generosity. Then "ala maratibihim"- according to their ranks, prophets & awliyas dressed. But "wa laqad"...Lam, is it not the lam of the oath (lam al-qasam)? Qad is for emphasis- meaning "I swear an oath on My Glorious Divinity", karramna. How do I honour? When He(swt) says "Bani Adam".. On the Day of the Covenant- the day of "Am I not your Lord? Yes, we testify", where no time or space existed, the matter which is impossible to understand."Wa laqad karramna BaniAdam". Idh Qala "Alastu BiRabbikum?" Qalu Bala. Since when are you Muslim? We are Muslims since "Qalu Bala", shukur Allah.

May Allah not separate us from this faith. May He(swt) not separate us from this good manners

also. That is how Yunus said, may Allah sanctify his secret: "I asked in the gatherings of the people of irfan/wisdom. Knowledge comes the last- only good manners, only good manners.."

Teach good manners, Sh Mehmet Effendi. What do they seek in the assembly of wisdom? They don't seek knowledge. They seek adab/good manners. It is the adab that makes people achieve nearness to Allah & His Prophet (sas). They come near with adab. The ones who have no adab are expelled. The people of wisdom, the assembly of wisdom- People don't seek it, don't ask for it.

They consider themselves as 2-legged animals instead of 4-legged ones, these people. Our attributes have become like this. We are free from it insha Allah. "I asked in the assemly of the people of wisdom. Knowledge comes the last. Only adab, only adab.."

We should be taught adab, we should find the holy ones who can teach us adab. O holy ones. O holy ones, to us also, may your heavenly support reach to us also. Don't leave us unattended. We tried to learn adab for all these years in the presence of our Sultan al-Awliya Hz. They taught us adab, not with "nasara yansuru..." (Basic Arabic grammer rules) What is asked in the assembly of wisdom, in the assembly of wise ones is adab. It is adab. Who has no adab is turned away from the door. O Lord, we address here only at Your order. The same for His Great Prophet (sas) also. May we meet with ones who have the first level of adab & learn adab from them. May we not be without adab.

On the Day of Judgement, the ones with adab & without adab will be set apart. The ones who have adab will be put in paradises & the ones who have no adab will be thrown into the darkness which belongs to them.

Allah sent us Nur. Nur. How is it in the Holy Verse? Nur. Nur brings the surur/pleasure. When Nur falls upon a person, he becomes pleased- He is filled with joy, filled with love. "May you have Nur come to your face & pleasure to your heart." Make dua like this. Invite people to the Nur. Every word of the Prophet (sas) is an invitation to the Nur. See the Nur in it & speak of this Nur. Dastur Ya RijalAllah, O holy ones, may you send us support. For this, all the people in the old times had in their homes "Adab Ya Hu!" signs. Make copies of this & say "everyone should

hang this in their homes". Inform them. Knowledge comes the last, only adab, only adab...

O Lord, O Allah. What can we do? What can we do.. We have been in the time where no great scholars & rulers are present but Allah Almighty granted us the GrandShaykh, the Sultan al-Awliya Hz. His Great Prophet's (s) honour is reaching us through the great divine support of SultanulAwliya. Fill the people with this love. Have no fear. Have no fear.. O Lord, may You not leave us without Nur. Nur.. May You not leave us without Nur. O Lord, may You not make us from those who are in darkness. Those who run after dunya are in darkness. Who follow the awliyas that are upon the Sultanate of our Prophet (sas) are the ones who have Nur, who have love.

O Lord, for my children, my sons, for Bahauddin also, for Rukiyya also, for all of them- may we be granted from Your oceans of Nur also. I am not even saying "an atom". Because even an atom from it can make the creation upside down. The ocean of Adab, bahr al adab. Allah Allah.. How beautifully he said, "I asked in the assembly of the wise ones. The knowledge comes the last. Only adab, only adab.." "Addabana Rabbi, fa ahsana ta'dibi" (sas). O our Lord, what can we do? What is it that can we do?.. What can we do? What can we do? What should we do? Into the assembly of awliyas, we entered Alhamdulillah through our GrandShaykh Sultanul Awliya. Allah Almighty did not deprive you- you have been in the assembly of Sultan al-Awliya. I took this holy son of mine to him since the first day he was born. The other is holy too, all of them. Therefore they accepted, they accepted.

This son of mine has the attribute of "Effendi". May Allah make this grandson of mine, and Baha also, and our other children too, from the people of adab. May He (swt) make them from the people of adab. Allah... Addabana Rabbi, fa ahsana ta'dibi. We are left in the middle, in a state where adab is finished. Aman ya Rabbi. Read for me too Hj Mehmet. May Allah increase your faydh, Allah bless you. Allah bless you. Allah bless you. May we see good days. May the khair/goodness of Safarul Khair be on us & its afflictions go upon the mountains. May it not descend on people, but go to the mountains.

Every person lives his own manifestation- All these people, we can't interfere. It is upon a

wisdom. Because some run away from the Nur difficulties come on them. If we ran to Nur, our situation would be different. People pulled themselves away from the Nur, they left the paths of Nur- the Islamic World, all of them, they left the paths of Nur. They followed the darkness paths of Frangistan (Europe), the unbelievers. Therefore they have no rest, no peace. They have no taste in their lives, they keep struggling. But (if they said) "Fa'lam annahu La ilaha illa Allah, La ilaha illa Allah, La ilaha illa Allah La ilaha illa Allah.."

Take it on! Have no fear. Have no fear. May your service be accepted. Shukur Allah Almighty, I send salatu salam on His Beloved & Great Prophet(sas). A sahaba like Abu Ayyub al-Ansari who is from the great Sahabas, accepted him & let him speak there. I am very happy, I am proud. His station is high, thefore I wanted him to speak there. Whenever you want, the door is open for you. He is given permission. You can speak anywhere; since the Great Sultan-Abu Ayyub al-Ansari Hz gave you the permission to speak there, you can speak anywhere you want.

You can speak everywhere. Say dastur& start. Kiss the skirt of the Sultan's coat. May Allah increase your majesty & increase your knowledge, increase your honour. Our honour is with offering our service to these holy Sahabas.. Allah, Allah Allah.. I couldn't even imagine you giving sohbat in Abu Ayyub al-Ansari Hz. It has been a great honour for me. It is not an easy thing to speak in Abu Ayyub al-Ansari Hz's maqam. If the holy one doesn't give permission, you can't even say two words. O holy one, honourable one.. Abu Ayyub Sultan Hz, may you accept this son of mine as your servant. O Sultan, may you accept. May you increase his faydh/spiritual energy & he will shake the world, serve the nation of Muhammad (sas). His service is not for receiving ranks but for pleasing Allah & pleasing His Prophet (sas).

May the Nur of your face & heart increase, O son. This one also, very capable & gifted-this Mehmet Nazim. He is growing strong insha Allah. May you train him also, Mehmet Effendi. Wa min Allah at-tawfiq.

May our day be khair, may our doings & end be khair. May the troubles & accidents be far away from us. May we be far away from the evil of unbelievers, from the evil of shaytans, from the evil of who does evil & who follows their egos. May He (sw) protect us also from following our egos.

Wala takilna illa anfusina tarfata ayn. Speak what is inpired to you. Speak. There is no one there who can stand in your way now. Fatiha.

May our day start good & end with goodness. May our Nur increase. May our love increase. We worship & serve as much as we can. We live for the honour of the Beloved (sas) of the Lord of Heavens, with the blessings of our Umm Hiram Sultan Hz, Shukur Allah. Shukur Allah. May our today be better than yesterday & tomorrow better than today, O son. Have no fear. The Prophet's (sas) addressing to Siddiq (ra) in the cave, "La tahzan Innallaha ma'ana". He said "Don't fear. When Allah Almighty is with us, why should you fear them? If they enter from here, look..- He (swt) showed him an ocean (of jinns) fully prepared & ready to take the Prophet. He (sas) said, "No need, they will go away". A group of jinns came there to take him, he (s) said "no need". Abu Bakr as-Siddiq Hz trembled. "La tahzan Innallaha ma'ana". Allahu Akbar! Shukur Allah, Shukur Ghani Sultan. Salatu salam, endless salatu salam to our Prophet (sas). I can't stand up. I want to stand up, want to stand up for the glory of the Great Prophet (sas). May You grant me power & strength. Fatiha.

May dunya run after you. Don't look to anything, go on like a lion. Your permission reaches from East to West. I may kiss your hand also.

S.M. Astaghfirullah! Astagfirullah! La ilaha illa Allah, illa Allah, illa Allah!

Ok Mehmet, you read for me also. The manifestation of your father (S.Baha) & uncle(S Mehmet) is different. Your uncle has the attribute of Jalali/ majesty. He has majesty. Your father is jamali/beauty. And we are left in the middle having no jamali nor jalali, nothing at all..

**Adab Ya Hu**

Möge Er (swt) dich mit Glück, Wohlbefinden und Majestät bekleiden. Möge Er unsere Lichter des Glaubens und des Islam vergrößern und uns damit bekleiden. Mögen wir nicht häßlich sein. Mögen wir nicht häßlich sein. Allah der Allmächtige erschuf uns in "Ahsani Taqwimin" (95:4).

Stimmt es nicht? Er erschuf uns in der besten Form. Was uns häßlich sein läßt, ist, daß wir schmutzige, rostige Gewänder auf unseren reinen Körpern tragen. Möge Allah uns vor diesen shaytanischen Gewändern bewahren. Sie geben uns reine Gewänder jeden Tag im Fajr Gebet, so daß unser äußeres und inneres Sein rein, erleuchtet und glücklich sind. Unzähliger Lobpreis und Dank für unseres Herrn unendliche Gaben und Großzügigkeit. Es ist nicht so, daß wir ein Bittgesuch eingereicht haben, um in die Existenz zu kommen. Das ist die Gabe Allahs des Allmächtigen an uns.

Er erschuf uns von den Kindern Adams. Und über die Kinder Adams sagte Allah der Allmächtige: "Wa Laqad Karramna Bani Adam" (17:70). Unser Großshaykh, Sultanu l-Awliya Hz, sagte, das ist, die Ozeane der Bedeutungen davon sind... Was Allah der Allmächtige weiß, ist eine Sache, und was Er (swt) zu wissen gibt, ist eine andere. Was Er (swt) weiß, sind die Ozeane. Was Er (swt) unserem Propheten (swt) zu wissen gab, ist, wieviel auch immer Er aus Seiner Großzügigkeit heraus gewährte "`ala maratibihim" - ihren Rangstufen gemäß, die die Propheten und Awliya bekleiden. Aber "Wa Laqad" - Lam, ist es nicht das Lam des Eides (Lamu l-Qasam) Qad ist zur Betonung. Es bedeutet: 'Ich schwöre einen Eid auf Meine Glorreiche Göttlichkeit'. Karramna. Wie ehre ich? Wenn Er (swt) sagt: "Bani Adam".. Am Tag des Bundes, dem Tag des 'Bin Ich nicht euer Herr?' 'Ja, wir bezeugen es', wo weder Zeit noch Raum existierte, die Sache, die unmöglich zu verstehen ist. "Wa Laqad Karramna Bani Adam", Idh Qala "Alastu BiRabbikum?" "Qalu Bala". Seit wann seid ihr Muslim? Wir sind Muslim seit "Qalu Bala", Shukur Allah.

Möge Allah uns nicht von diesem Glauben trennen. Möge Er (swt) uns auch nicht von diesen guten Manieren trennen. Das ist so, wie es Yunus sagte, möge Allah sein Geheimnis heiligen: 'Ich fragte in den Versammlungen der Leute des Irfan, der Weisheit. Wissen kommt als letztes, nur gutes Benehmen, nur gutes Benehmen...' Lehre gutes Benehmen, Shaykh Mehmet Effendi. Was suchen sie in der Versammlung der Weisheit? Sie suchen kein Wissen. Sie suchen Adab, gutes Benehmen. Es ist der Adab, der die Menschen Nähe zu Allah und Seinem Propheten (saws) erreichen läßt. Sie kommen nahe durch Adab. Die keinen Adab haben, werden verstoßen. Die Leute der Weisheit, die Versammlung der Weisheit, die Menschen suchen sie nicht, verlangen nicht danach. Sie betrachten sich als zweibeinige Tiere, statt vierbeinige, diese Leute. Unsere Attribute sind so geworden. Wir sind frei davon, insha'Allah. 'Ich fragte in der

Versammlung der Weisheit. Wissen kommt als letztes. Nur Adab, nur Adab...' Uns sollte Adab gelehrt werden, wir sollten die Heiligen finden, die uns Adab lehren können. O Heilige, o Heilige. Auch zu uns, möge euere himmlische Unterstützung auch zu uns gelangen. Laßt uns nicht ohne Beistand. Wir versuchten, Adab zu lernen in all diesen Jahren in der Gegenwart unseres Sultanu l-Awliya Hz. Sie lehrten uns Adab, nicht mit "Nasara Yansuru..." (Grundlegende Arabische Grammatikregeln). Was gefordert wird in der Versammlung der Weisheit, der Weisen, ist Adab. Es ist Adab. Wer keinen Adab hat, wird von der Tür gewiesen.

O Herr, wir sprechen das hier nur an auf Deinen Befehl hin. Dasselbe gilt für Seinen großen Propheten (saws). Mögen wir diejenigen treffen, die die höchste Stufe des Adab haben und von ihnen Adab lernen. Mögen wir nicht ohne Adab sein. Am Tag des Gerichts werden die mit Adab und die ohne Adab abgesondert werden. Diejenigen, die Adab haben, werden ins Paradies gebracht werden und diejenigen, die keinen Adab haben, werden in die Dunkelheit geworfen werden, die zu ihnen gehört. Allah hat uns Nur gesandt. Nur. Wie heißt es in dem Heiligen Vers? Nur. Nur bringt Surur, Freude. Wenn Nur über einen Menschen kommt, wird er zufrieden, er ist voller Freude, voller Liebe. 'Möge Nur auf dein Gesicht und Freude in dein Herz kommen.'

Mach Dua auf diese Art. Lade die Menschen zum Licht ein. Jedes Wort des Propheten (saws) ist eine Einladung zum Nur. Sieh das Nur darin und sprich von diesem Nur. Dastur ya Rijal Allah, o Heilige, möget ihr uns Unterstützung senden. Deshalb hatten die Menschen in alten Zeiten in ihren Häusern "Adab ya Hu!" Schilder. Mach Kopien davon und sage: 'Jeder sollte das in seinem Haus aufhängen.' Mach es ihnen bekannt. Wissen kommt als letztes, nur Adab, nur Adab...

O Herr, o Allah... Was können wir tun? Was können wir tun? Wir lebten in einer Zeit, in der keine großen Gelehrten und Herrscher da waren, aber Allah der Allmächtige gewährte uns den Großshaykh, den Sultanu l-Awliya Hz. Seines großen Propheten (saws) Ehre erreicht uns durch die große Göttliche Unterstützung des Sultanu l-Awliya. Fülle die Menschen mit dieser Liebe. Hab keine Furcht. Hab keine Furcht. O Herr, mögest Du uns nicht ohne Nur lassen. Nur... Mögest Du uns nicht ohne Nur lassen. O Herr, mögest Du uns nicht von denen sein lassen, die in Dunkelheit sind. Jene, die der Dunya hinterherlaufen, sind in Dunkelheit. Die den Awliya folgen, die auf dem Sultanat unseres Propheten (saws) gründen, sind diejenigen, die Nur haben, die Liebe haben. O Herr, für meine Kinder, meine Söhne, auch für Bahauddin, auch für Rukiyya, für sie alle, möge uns auch von Deinen Ozeanen des Nur gegeben werden. Ich sage nicht einmal 'ein

Atom', weil selbst ein Atom davon die Schöpfung kopfstehen lassen kann. Der Ozean des Adab, Bahru l-Adab. Allah Allah. Wie schön er es sagte: 'Ich fragte in der Versammlung der Weisen. Das Wissen kommt als letztes. Nur Adab, nur Adab...' "Addabana Rabbi, Fa Ahsana Ta'dibi" (saws).
Unser Herr, was können wir tun? Was ist es, das wir tun können? Was können wir tun? Was können wir tun? Was sollen wir tun? In der Versammlung der Awliya, in die wir eingingen, Alhamdulillah, durch unseren Großshaykh Sultanu l-Awliya. Allah der Allmächtige hat es dir nicht vorenthalten, du warst in der Versammlung des Sultanu l-Awliya. Ich brachte diesen meinen heiligen Sohn zu ihm, seit dem ersten Tag seiner Geburt. Der andere ist auch heilig, sie alle. Deshalb akzeptierten sie, sie akzeptierten. Dieser mein Sohn hat das Attribut "Effendi". Möge Allah diesen meinen Enkel und auch Baha und auch unsere anderen Kinder zu den Menschen des Adab gehören lassen. Möge Er (swt) sie zu den Menschen des Adab gehören lassen. Allah... Addabana Rabbi, Fa Ahsana Ta'dibi. Wir sind mittendrin gelassen worden, in einem Zustand, wo Adab zu Ende ist. Aman ya Rabbi. Lies auch für mich, Hj Mehmet. Möge Allah deine geistige Energie mehren. Allah segne dich. Allah segne dich. Allah segne dich. Mögen wir gute Tage sehen. Möge das Gute des Safaru l-Khayr auf uns sein und seine Heimsuchungen über die Berge gehen. Mögen sie nicht auf die Menschen herabkommen, sondern über die Berge gehen. Jeder Mensch lebt seine eigene Erscheinungsform, all diese Menschen. Wir können nicht eingreifen. Es geschieht aufgrund einer Weisheit. Weil manche vor dem Nur davonlaufen, kommen Schwierigkeiten über sie. Wenn wir zum Nur hinlaufen würden, wäre unsere Lage anders. Die Menschen zogen sich vom Nur zurück. Sie verließen die Wege des Nur, die islamische Welt, sie alle. Sie verließen die Wege des Nur. Sie folgten den dunklen Wegen Frangistans (Europas), der Ungläubigen. Deshalb haben sie keine Ruhe, keinen Frieden. Sie haben keinen Geschmack an ihrem Leben, sie mühen sich ab die ganze Zeit. Aber wenn sie sagten: "Fa'lam annahu, La ilaha illa Allah, La ilaha illa Allah, La ilaha illa Allah, La ilaha illa Allah.." Nimm es an! Hab keine Furcht. Hab keine Furcht. Möge dein Dienst angenommen werden. Shukur Allmächtiger Allah. Ich sende Salatu Salam an Seinen Geliebten und großen Propheten (saws).
Ein Sahaba wie Abu Ayyub al-Ansari, der zu den großen Sahaba gehört, nahm ihn an und ließ ihn dort sprechen. Ich bin sehr glücklich, ich bin stolz. Seine Stufe ist hoch, deshalb wollte ich,

daß er dort spricht. Wann immer du willst, die Tür ist offen für dich. Er hat die Erlaubnis. Du kannst überall sprechen. Seit der große Sultan Abu Ayyub al Ansari Hz dir die Erlaubnis gab, dort zu sprechen, kannst du überall sprechen,wo du willst. Du kannst überall sprechen. Sag 'Dastur' und fang an. Küsse des Sultans Mantelsaum. Möge Allah deine Majestät vermehren und dein Wissen vermehren, deine Ehre vermehren. Unsere Ehre liegt darin, unseren Dienst diesen heiligen Sahabas anzubieten.. Allah, Allah Allah... Ich konnte mir nicht einmal vorstellen, daß du Sohbat gibst bei Abu Ayyub al Ansari Hz. Es war eine große Ehre für mich. Es ist keine leichte Sache, in Abu Ayyub al Ansari Hzs Maqam zu sprechen. Wenn der Heilige nicht die Erlaubnis gibt, kannst du nicht mal zwei Worte sagen. O Heiliger, Ehrenwerter.. Abu Ayyub Sultan Hz, mögest du diesen meinen Sohn als deinen Diener annehmen. O Sultan, mögest du ihn annehmen. Mögest du seine geistige Energie mehren, und er wird die Welt erschüttern, der Nation Muhammads (saws) dienen. Sein Dienst ist nicht zum Empfang von Rängen, sondern um Allah und Seinem Propheten (saws) zu gefallen. Möge Nur auf deinem Gesicht und in deinem Herzen zunehmen, Sohn. Dieser ist auch sehr fähig und begabt, Mehmet Nazim. Er wird stark werden, insha'Allah. Mögest du ihn auch ausbilden, Mehmet Effendi. Wa min Allaha t-Tawfiq.

Möge unser Tag khayr sein, mögen unsere Taten und unser Ende khayr sein. Mögen die Schwierigkeiten und Unfälle weit weg von uns sein. Mögen wir weit weg von den Übeln der Ungläubigen sein, von den Übeln der Shaytane, von den Übeln derer, die Übles tun und ihrem Ego folgen. Möge Er (swt) uns auch davor schützen, unserem Ego zu folgen. Wala Takilna illa Anfusina Tarfata Ayn. Sprich, was dir eingegeben wird. Sprich. Es gibt niemanden, der dir jetzt im Weg stehen kann. Fatiha. Möge unser Tag gut beginnen und mit Gutem enden. Möge unser Nur zunehmen. Möge unsere Liebe zunehmen. Wir beten und dienen, so viel wir können. Wir leben für die Ehre des Geliebten (saws) des Herrn der Himmel, mit den Segnungen unserer Umm Hiram Sultan Hz, Shukur Allah. Shukur Allah. Möge unser Heute besser sein als unser Gestern und unser Morgen besser als heute, Sohn. Hab keine Furcht. Die Ansprache des Propheten (saws) an den Siddiq (ra) in der Höhle: "La Tahzan Innallaha Ma`ana". Er sagte: 'Fürchte dich nicht. Wenn Allah der Allmächtige bei uns ist, warum solltest du sie fürchten? Wenn sie von hier kommen, sieh - Er (swt) zeigte ihm einen Ozean von Djinn, bereit, den Propheten (saws) mitzunehmen. Er sagte: Nicht notwendig, sie werden weggehen. Eine Gruppe Djinn kamen

dorthin, um ihn mitzunehmen, er (saws) sagte: Nicht nötig. Abu Bakr as-Siddiq Hz zitterte. "La Tahzan Innallaha Ma`ana". Allahu Akbar!
Shukur Allah, Shukur Ghani Sultan. Salatu Salam, endloses Salatu Salam an unseren Propheten (saws). Ich kann nicht aufstehen. Ich möchte aufstehen, möchte aufstehen für den Ruhm des großen Propheten (saws). Mögest Du mir Kraft und Stärke geben. Fatiha. Möge die Dunya hinter dir herlaufen. Kümmere dich um nichts, geh wie ein Löwe. Deine Erlaubnis reicht von Ost nach West. Ich kann auch deine Hand küssen. SM: Astaghfirullah! Astaghfirullah! M: La ilaha illa Allah, illa Allah, illa Allah! Okay, Mehmet, du lies auch für mich. Die Erscheinungsform deines Vaters und deines Onkels sind verschieden. Dein Onkel hat das Attribut von Jalali, Majestät. Er hat Majestät. Dein Vater ist jamali, hat Schönheit. Und wir sind mittendrin gelassen ohne Jamali oder Jalali, mit gar nichts...

## Adam's Sonderbehandlung

Destur ya sayyidi ya sultanul awlia. Allahu akabr allahu akbar la ilaha illallah allahu akbar alahu akbar wa lillahil hamd.

Oh unser Herr, vergib uns alles lobpreisen nur für Dich in alle Ewigkeiten die höchsten Grüße an deinen meistgeehrten in deiner göttlichen Gegenwart, Sayiddina Muhammad s.a.s.. Gib deine höchsten Grüße und Preisungen an ihn wie Du magst.

Wir sind unter deinen heiligen Befehlen, versuchen sie zu befolgen, oh unser Herr, aber wir sind schwach, vergib uns um die Ehre Muhammad's willen.

Oh ihr Leute, salamu aleikum, oh unsere Zuhörer, das bedeutet einem zuzuhören, der autorisiert ist, die Leute anzusprechen und die Leute verstehen durch ihr Gewissen. Hört zu, seid still und gehorcht - das ist, was der heilige Prophet s.a.s. als erstes den Leuten aufgetragen hat: „Oh Leute, kommt und hört zu, kommt und horcht, kommt und gehorcht. Wer hat euch erschaffen? Gibt eueren höchsten Lobpreis Ihm."

Glaubt nicht, dass ein schwacher Diener 10 Leute, 10000 Leute oder 10 Mio. Leute ansprechen könnte, aber (mitgöttlicher Hilfe) mag er selbst eine Ameise oder 10 Mia. Leute ansprechen. Oh Salafi Ulema, assalam ala

mala taba huda. Ich wollte salam aleikum sagen, aber es kam ein Zeichen „salam ala malai tabail hida“ (?) zu sagen.

Allah sandte Adam und schickte sie aus dem Paradies und sagte, ihr müsst auf der Erde leben, halb dunkel und halb erhellt, und sie weinten, weil sie das hohe Niveau eines Lebens voller Freude verloren haben. „Im Paradies habt ihr euch selber unterdrückt. Ich habe euch gewarnt, habe alles im Paradies so gemacht, dass es für euch erlaubt ist. Nur eine Sache, da war ich nicht glücklich mit, dass ihr davon esst. Fragt mich nicht warum! Da dürft ihr einfach nicht von essen. Fragt nicht warum!“ Ihr könnt nicht „Warum?“ fragen. Er ist faalu li ma yurid. Wer Warum fragt, sinkt auf das Niveau von Iblis herab weil, der auch sagte „Warum soll ich sajda machen?“ Aber er war betrunken, oh Allah, Allah.

Sagt Audhu..., oh ihr Menschen, ihr müsst euren Herrn um einem Schutz bitten, dass er euch vor Shaitan‘s Tricks und Fallen rettet, vertraut bloß nicht auf euch selber! Ihr könnt nicht eurem Ego vertrauen, nein. Allah A. hat Shaitan (auch) nicht vertraut, er hat ihn beobachtet beim Beten und beim Versuch, sein Bestes für seinen Herrn zu geben, aber Shaitan hat etwas gedacht... seine Hauptabsicht war Nummer eins zu sein im gesamten Universum, das war sein geheimes Ziel, dass er in seinem Wesen versteckt hatte.

Shaitans Wesen ist verschieden von unserem: Das Wesen des Menschen ist von höchster Stufe, deshalb kann das Herz von Shaitan nicht dasselbe wie das der Stellvertreter des Herrn der Himmel sein, sein Herz war nicht angemessen, Stellvertreter zu sein, deshalb war seine Schöpfung etwas anders. Unsere Erschaffung war etwas Besonderes, eine besondere Manifestation wurde den Menschen gewährt und der Herr sagte: "Ich mache Adams körperliches Wesen mit meinen (eigenen) Händen." Denkt nicht, dass seine Hände wie unsere sind, nein, nur der Name ist gleich. Er hat uns durch seine Hände erschaffen, das war nicht für die andere Schöpfung (gedacht) nein! Er hat seine Hände nur für die Erschaffung von Adam benutzt - allen anderen Geschöpfen auf der Erde und in den Himmeln wurde dies nicht gewährt, Stellvertreter zu sein, Stellvertreter ist nur der Mensch! Subhanallah aliyul adhim. Subhanallah, endloser Ruhm für unseren Herrn!

Entsprechend unserem Verständnis hat er es klar gemacht: Er gab Adam eine "Sonderbehandlung". Engel haben das nicht erfahren, deshalb ist die Erschaffung des Menschen auf der Ebene von hasani khaliqin. Die Erschaffung des Inneren des Menschen weiß keiner außer dem Erschaffer selber. Shaitans Erscheinung war nicht passend, deshalb - als Allah Adam erschuf, in einer sehr speziellen Form, wurde ihm auch ein

besonderes Wesen gewährt - ahsanu taqwim ist das beste sowohl äußerlich als auch vom inneren Wesen her. Aber Shaitan bat um etwas, das nicht für ihn bestimmt war "er ging über seine Grenze hinaus" das war etwas, das nicht für ihn selber war, darum zu bitten, das war ein schlechtes Verhalten.

(Stromausfall in Lefke)

Er kannte das Geheimnis von Adam nicht, und er fragte um etwas, dass nicht für ihn war ganz schlechtes Verhalten. Dieses Verhalten war nicht angemessen, er war nicht dafür erschaffen worden, Stellvertreter von Allah zu sein. Er bat um etwas, was nur Adam gewährt wurde und so sagte Allah: "Shaitan, geh weg."

Allah der Allmächtige befahl, oh ihr Leute, kommt. Wofür? Zu hören! Das war das erste Kommando. Leute gingen zum Hügel von safa, und er sagte zu ihnen: Hört mir zu "La ilaha illal Lah, Muhammadun Rasulallah (s) aleihi salat Ullah“. So hat er die Leute zusammengerufen, hört es von mir und wiederholt es, sprecht es aus und behaltet das in eurem Gedächtnis, in eurem Verhalten. Safa ist ein sehr schönes arabisches Wort: „die Spitze der Glückseligkeit erreichen“. Wenn ihr das hört, kommt etwas zu euch, einige Befehle, euch auf diesem Hügel zu versammeln. Er befahl ihnen zusammenzukommen und zuzuhören: La ilaha illal Lah, Muhammadun Rasulallah. Hört, hört zu und der dritte Befehl war: atiuh - gehorcht. Das ist die Ehre der Menschheit: Gebt Ehre der Menschheit, zu hören, zu horchen und zu gehorchen – diese drei Befehle öffneten das Paradies für die Leute, die zuhörten, still waren und gehorchten.

Es gibt keinen anderen Weg, ins Paradies zu kommen. Wer ins Paradies möchte, muss himmlische Wörter hören, und sich fragen, was bedeutet das, was ich höre. Und zweitens muss Und drittens muss er sich fragen, was heißt es, dem Herrn der Himmel zu gehorchen, dem Herrn von allem was existiert zu gehorchen. Aber die Menschen rennen weg, sie rennen weg. Wer wegrennt, rennt dem Paradies davon - das gibt Schwierigkeiten, Schlechtigkeiten, wenn man wegrennt, wenn man nicht hört, horcht und gehorcht, dann regnen diese Probleme auf seinen Kopf herunter.

Oh ihr Menschen, ich zeige euch ein glückliches Leben, in Frieden, Zufriedenheit, Freude! Nicht nur die normalen Leute, auch die reichen Leute, die mächtigen Leute, Sultane, Könige, Herrscher - alle sind in Schwierigkeiten, in Problemen, im Leiden, nicht im Frieden, das ist nun der Zustand der Leute. Die Menschen des 21.Jhdt. haben ihr glückliches Leben verloren, ihre freudvollen und friedvollen Tage haben sie verloren, alle, von Osten zu Westen, von Norden zu Süden, haben ihren Frieden verloren. Und die Leute

bitten darum, aber wie kann es möglich sein? Wenn du den himmlischen Befehlen nicht folgt, wie kannst du dann auf ein friedliches Leben hoffen?

Oh ihr salafi ulemas? Was sagt Allah der Allmächtige? Ihr zitiert den heiligen Qur'an - warum sagt ihr nicht, was dort steht? Ihr sagt zum Dhikr, bidah! Aber Allah sagt: Es gibt keinen Bedarf zu einem Kommentar für Dhikr - das ist doch klar, was das heißt und bedeutet, Dhikr ist arabisch, was heißt das? La illaha illahlah. Ich mag es nicht, wenn irgendeiner das Dhikr ablehnt, dann wird etwas auf seinem Kopf kommen in diesen heiligen Monaten Muharram und Safar - passt auf, salafi ulemas und die, die euch folgen, die zu Dhikr bidah sagen. ihr könnt nicht bidah sagen!! Ihr habt keine Ahnung, was Dhikr mit dem Herzen ist, wie könnt ihr das nur ablehnen wie? Muhammad sagte ... unverständlich ... ist das Hadith oder nicht? Die Wahrheit könnt ihr nicht sagen (ihr lügt), Sie verleugnen Dhikr, wie könnt ihr das nur? Der Prophet Muhammad s.a.s. sagte .... der Prophet machte es klar, was Dhikr heißt, das beste Dhikr ist la ilaha.. wie geht Dhikr, durch eure Nase? eure Ohren? eure Augen? Oder eure Zungen? Ich frage euch!

Ich bin gekommen, um allen batil auf der Erde zu zerstören, ihr fürchtet euch vor der Schweinegrippe, die nur aus eurer Einbildung stammt, davor fürchtet ihr euch, aber nicht vor mir! Ich bin nur eine einfache Person, einfach. Aber das macht nichts, manchmal kann eine einfache Person den Osten zum Westen machen und den Westen zum Osten. Wie kann es möglich sein? Ja, es kann sein. Weil Allah gibt manchmal .. tabakuk .. eine hohe Position. Manchmal (gibt es) auch eine hohe Stellung für westliche Leute, aber darin liegt kein Geschmack.

Oh Menschen, denkt daran was in solch einer demütigen und einfachen Zusammenkunft gesagt wird, erinnert euch daran. Ich behaupte nichts noch frage ich nach etwas. Meine beiden Beine sind nun (auf dem Weg) zum Friedhof, aber du verlangst nach etwas von der Dunja. Wenn du etwas von der Dunya verlangst, bist du auf dem falschen Weg. Deshalb, salafi ulemas, schaut, was Allah sagt.

Was denkt ihr über maishatu? Was denkt ihr über die heutigen Lebensweise der Muslime? Sind die Muslime heutzutage unter der Herrschaft des westlichen Leute oder über ihnen, was denkt ihr? Wir denken, das die Muslime heutzutage unter der Herrschaft des Westens ist. Westler sind keine Muslime, haben keinen Wert, aber ihr gibt ihnen Wert. Es ist eine Schande für euch ihnen zu folgen. Ihr dürft auch das nicht benutzen, was sie herstellen und euch verkaufen - vertraut auf Allah den Allmächtigen. Die muslimische Welt ist nun in der

schlimmsten Lage, überall Schwierigkeiten, Probleme, leiden. Und sie (die Westler) sagen zu euch (hohe Stimme) "Oh ihr Muslime, wie konntet ihr nur in eine solche schlimme Position kommen?“

Und antwortet ihnen, denn die Antwort steht im heiligen Qur’an: Wer den Dhikr verlässt, wird niemals glücklich sein in diesem Leben.“ Guckt euch doch die Islamischen Länder an: Irak, Ägypten, Jemen, Libyen, Muslime in Ost und West, Pakistanis, sie rennen durch die Straßen und schreien! Was ist das? Wofür sind diese Demos im Islam? Vor was fürchtet ihr euch? In welchem Buch findet ihr etwas über Demos im Islam? Demos sind im Islam verboten.

Sie verlangen danach ihre Namen an die Spitze zu setzen, an den Hauptpunkt. Ich sage es den Irakern, den Iranern, den Ägypter, den Palästinensern, den Afghanen, allen. Demo ist haram, haram, ist verboten, verboten!! Al haramu bayyinun wal halal bayyinun - wenn du es verstehst, dann verstehst du es, wenn nicht, dann nicht. Dann magst du in die göttliche Gegenwart kommen und Allah macht sein Urteil, ich kündige es nur an, bin ein einfacher Mensch, ich behauptet nicht, dass ich ein Wichtiger bin, nein, ich bin nur ein Warner.

Leute setzen eine Maschine vor mich und verlangen, dass ich spreche, und ich spreche durch himmlische Kraftmaschinen. Ich bin nur ein Warner, er weiß das. Aber ihr seid Araber, ihr müsst schauen, ihr müsst es verstehen. Die Araber haben es verloren, und rennen durch die Straßen und schreien, für was? Warum geht ihr nicht in die Moscheen und sagt. Oh mein Herr?, Warum lauft ihr nur wie Tiere durch die Straßen? Wofür? Ich warne sie nur, ich bedränge sie: „Oh ihr Leute, das ist haram!“ Bete zum Herrn des Himmels, dass er euch senden möge ... (arabisch), um den Islam wieder nach oben zu bringen.

Wa min allahi tawfiq

Ich mache Musik für ... salafi ulema, nur für euch:

domdomdomdom 4x

Ich bin froh, dass ich versuche, zu sagen, was die Wahrheit ist.

(türkisches Lied)

Für wahabi ulema: tays salami nami quluma tubati nu safy salani fani, safani zusafizu (Sheikh Effendi singt sich ein Zeugs zusammen)

Könnt ihr es nicht hören – schade! Weil sie unglücklich sind mit diesem domdomdomdom. Sie mögen glücklich sein.

as salamu aleikum

Fatiha

Möge Allah uns vergeben

50 min (50 min, sayidi)

Shaykh Hisham Effendi und Hajjah senden euch Salaams. Sheikh Hisham glücklich? Wenn nicht glücklich, schicke ich ihn zu den salafi ulemas.

Dhikr ey hay ey hay ey hay 10x

hay yun hajamun, fatiha

Morgen Nacht beginnt der Muharram (Donnerstag und Freitag Fasten) yeah

# A DAY IN WHICH YOU DO NOT IMPROVE IS WASTED

We must try to follow the ways of the Prophet. He has been created to be the best example for all of mankind. He is the praised servant of Allah Almighty. His servanthood has been accepted. Every one of mankind must treat him as the first teacher from whom we can learn according to our capacity. No-one can be a complete servant, we can only do the best according to our level. For every level there is another standard of worshipping.
During 23 years our Prophet taught his companions every level of servanthood. His message was for all of mankind, it covered time and space. He was the best teacher. We must try to reach the perfecton of our level and to be able to give the utmost respect in glorifying our Lord Almighty Allah. Even an ant gives it respect, gives its glorification to its Lord, according to its level. Oh, mankind, you must give your glorification to your Lord according to your level. Maybe your level aquires much more from you, but you don't give it. Maybe you are lazy. Try to give it completely, in its perfection.

Our Prophet was saying, may peace be upon him, that someone who keeps the same level for two days is a loser. You must be better today than yesterday. Tomorrow you must get further. Your daily worshipping must improve daily. This can mean in quantity or in quality. You must not be on the same line like you were last year.

For example with your business, you must also be a step further. Maybe some clever-ones amongst us will say, "Oh, Sheik, there is a crisis, how can we in an economical crisis have an opportunity to improve? We are happy if we can keep what we have and not loose that too." I tell them that this because their business has been established by their ego and not founded on Allah. If you build it for Allah, Allah will support your business. Even if the whole world is in a crisis, Allah may send you from His Secret People to buy and sell for you. They will order one millon of this and one million of that. They will come and pick it up, pay for it and then disappear. Whereto no-one knows. if you do it for Allah, there is no economical crisis. Don't worry. Nothing can affect you if ou are doing business for Allah. But you are doing business for Allah, but most of you are doing it for yourself. You think that you are very clever business people doing everything for yourself and never considering Allah. At least make it between Allah Almighty and yourself.

Our lives are so easy. If we only knew how to open the treasures. But there are so many keys... Yes, our Prophet told us that we should not stay on the same level. This one sentence, if people were listening, could take the whole world to the highest level.

When it comes to worshipping we do not speak about the quantity because it is impossible to increase it daily. But when it comes to obediency and to the quality of the prayings, you must make it better and better and better. What makes it better? If you would put two rakats of the Prophet on the scale on the Day of Resurrection and all the rakats of all the believers in the world on the other, his two rakats would be more valuable. This is including the angels and the jinn!

Look at this ring, it has a stone in it, but it is imitated, maybe it is only worth £5.- There are rings of Sultans and Kings which are as valuable as a treasure. You wouldn't be able to pay its price. One is a ring, and so is the other. It is like the praying of the Prophet, his prayer is according to his respect towards the Lord, Almighty Allah. Everyone gives his respect to the Lord according to his knowledge. The more you know Him, the more you will respect Him. No-one can reach the level of Knowledge which the Seal of Prophets had been granted by his Lord. So when he prayed his two rakats it was so lovely for Allah Almighty. So we should try to improve our quality. Don't let the 2 rakats we pray today be the same as the ones we did yesterday.

So we need much more Divine Knowledge. We must look to learn much more Divine Knowledge from Divine People who belong to the Divine Presence. You must look for them. There is a sign. You must ask for Divine

Knowledge. If you ask and you know that there is someone even in China teaching Divine Knowledge, then run to him to ask and to learn fom him. But nowadays people only run after wordly things, so how can their prayers improve?

What does knowledge give you? It gives you love. The more you know about the perfection of someone, your heart will run to that direction. Love comes to your heart and takes away everything except the love of your Lord. You are then full with Divine Love and your prayers will be liked by Allah. Allah likes to be praised with love, full love. You cannot buy love in Harrods. There you can find everything except love. Harrods gives you only the love of this world, not of the next. Oh, people, we must try to increase our Divine Love from day to day. You must think that our life is fixed to a limit and that today we are coming one day closer to the limit of our life. From day to day you must feel and fill yourself with more love and anticipation of getting closer to the Presence of the Lord. That will fill you up with more and more love from day to day.

Try to fill you prayers with more love and that will make them sweet and your life sweet. Most people don't know this. They are asking for a sweet life, not knowing that it comes from sweet worshipping and that comes from loving Allah Almighty. If you put one spoon of sugar into a teacup it will be sweet, if you put two it will be sweeter... Put more love and your worshipping will be sweeter! Someone came and complained to me today saying that they are praying duha, awwabin, sunna and that they are not happy with it. So I told them to leave it! So they said, "No, but I am not happy!" I said, "Leave it!", they said, "No!" So what can we do? You must ask for more love from Allah Almighty. And we hope that He will grant us in this Holy Month, for the sake of his Holy Prophet, that love may reach to us. May Allah forgive us.

## Addressing from Heavens

(Mawlana Shaykh stands.)

Allahu akbar, Allahu akbar, Allahu akbar, laa ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! You only our Lord, You are our Creator! O the Lord of Heavens, the Lord of Creation! You are only One. We are giving most high praising, most high glorifying to You, our Lord! O our Lord! Forgive us, and give Your blessings for Your weak servants. And we are asking humbly to be much more glory, praising, and honor for the most chosen one through Your Divinely Presence, Sayyidina Muhammad (s). Alfu salaat, alfu salaam to be on him. O our Lord! We are weak servants; forgive us. And our salute and high greetings for our master, master of this world. (Mawlana Shaykh sits.)

What do you think, `ulamas? How our Lord has one world, one dunya? Tawbah, astaghfirullah! What you are saying, O Muslim `ulama, or from Christian learned people, and from Jewish brother rabbis? What is their knowledge on that point? (Do you say) our Lord has only one dunya, one globe? What is that? And last night we were saying something in our very, very simple association and we are not claiming that we are something, no. Whole creation, their levels nothing; either everything or nothing! Everything for the Lord of Heavens, the Lord of Creation, that running from pre-Eternal up to Eternal. (Mawlana Shaykh stands.) That is only for One, the Creator, Allah Almighty. Stand up! Give your high respect to your Creator! (Mawlana

Shaykh sits.)

Don't be heedless; don't say, “I am something.” O People, whom they are mostly cheated by imitated titles, do not be cheated by imitated titles up to graveyard. May be your grave is in a common cemetery or may be under Westminster Abbey or any other cathedral. They were thinking that they are something; something, and now you are nothing! You are happy?

No one can say, “I am here,” when he is in a majesty king's presence, going like this, bowing. No, he can't say, “I am here, I am something,” never accepting his majesty king or majesty queen. Say, “O your majesty, I am nothing,” because that is high adab, manners, yes. How anyone can say in the Divine Presence, “I am something”? Behind one, a zero going to be something, but he never losing his real position to be zero. He knows that he is zero, but one making for him a value, taking that zero on one going to be 10, putting two zeros behind one going to be 100, or putting three zeros behind one going to be one 1000. In such a way you are not using, you are not losing your character to be zero. Don't forget that every time you are zero, but if that One taking on right hand, giving (you) an honor. If taking, you are nothing. Therefore, something must be there as nothing, from the Lord of Creation.

You can understand, O our listeners? I am an old person, but from my childhood I am looking for my mindly production that was running through my heart's ability or capacity. The heart is sultan! The most important organ in your body is your heart, but so many people saying, “No, most important is here.” (Mawlana points to his head.) Look, tawbah, astaghfirullah, now 100 people saying, “More important this, not that.” Tawbah, astaghfirullah!

I am asking from my listeners; we are apologizing from them, but I must speak because only heavenly lights coming through my heart and I must speak. Don't say, “Shaykh is speaking, king is speaking, president of US is speaking,” no. Who is there speaking, if speaking from tongue it is okay, but who is speaking through hearts must be heavenly power supporting and giving authority for speaking. Also some speeches coming and entering to hearts, some of them never; for some is a bullet (from heavens), but for some it is empty bullet; real bullet touching and making what it has been ordered to make. Therefore, don't think that every speech going to reach to your heart and making what the Lord of Heavens asking to be there. From east to west thousands of people speaking every night. What they are saying is so much because it is to fill time. They are

appointed, they must speak even that let them say, dome dome dome dome, dome dome dome dome! Make people to dance at least. Why speaking?

I was in India, and first night we were going to our flat and passing through a park. I was hearing whak, whak, whak and I saying, what is happening? Looking on that trees hundreds of crows speaking. Who is listening? No one listening, but they are speaking and coming to my heart, who is hearing from them? Heedless people listening! Oh, nothing to do and he is obliged to hear like crows speaking on that tree; everyone speaking, everyone whak, whak, whak. Who is speaking and who is listening? No one! Everyone speaking and everyone listening! Everyone singing, but no one listening because that one also singing. Now 21st century top level of civilization making people like crows: everyone must speak. Everyone not listening to anyone. Nothing you can do. Before time (in the past), authorized people whom granted to be sultan or to be majesty king, they are only authority to address people, no anyone speaking to him. That is high adab, high good manners. Now people, because it is time of democracy, (people have changed).

O Muslims! Now I am speaking to Muslim brothers. You are going to Hajj, day of Jumu'ah, Friday, when imam getting up on minbar whole people beginning to speak or shout? (No,) whole listening and one speaking; that showing Muslim `ulamas you must know this reality. How you are giving fatwa? How you saying democracy? What saying chaos if in Ka`aba Mu`azhamah everyone is speaking (at the same time)? What is going to be there? Crows! How it can be now `ulamas and Muslims saying, “We are doctors and PhDs?” How you are preventing that system against heavenly order to have one imam? Where are you Muslim kings, Muslim presidents, Muslim `ulamas? Why not saying? You are not learning anything when you are going to holy land. Try to learn how must be Muslims!

When the Prophet (s) was giving khutbah, whole Sahabah hearing, "sami`na wa ata`na -We are hearing and obeying.” That is Islam! Where is Turkish government or Iraqi or Iranian or Egyptian or Indian or Afghan or Pakistani government? Who saying to you to make this (way of) everyone speaking, not to listen to another one? Allah saying you must have one imam, the ameer al-mu'mineen (commander of the faithful) is one. Shari'ah saying if two, one taking down the one. I am speaking Shari'ah (... audio cut...) my two legs through my grave, but I must speak truth because Allah Almighty may ask on the Day of Judgment, Day of Resurrection, “Why you are not declaring to My servants to know real Islam and My heavenly order?”

Where is the director of Azhar ash-Shareef, director in Damascus, director in Saudi government, Iran government, or Turkey government? Why you are not keeping that order when they are going to be no support from the heavens to them? Now eating each other because everyone saying, “I am number one.” Don't be angry "First Lady" of any government, no, but that is a new fashion. People saying such a new title, because people they like always to be known with a new title. If they can find another title for the president they should take it. I may say that what is over the president's level, kingdom, republic, the feet of the kingdom (are now) on (the) head, and whom the Prophet (s) saying, "When the Last Day coming and that Judgment Day approaching, going whole world under the command of feet." They are putting their head down and feet up.

O People! I am sorry to shout to people but I am speaking real ishaarah (spiritual “indication”). I don't think from Muslim or Jewish rabbi can object on me, no, can't be. If they are bringing a proof or evidence, they can't bring any evidence through whole historical period; they can't bring any evidence that heads going to be on feet's place and feet going to be up, no.

As-salaamu `alaykum our listeners! I am nothing! I am not asking to be something, no. I am only asking that my God, my Creator, accepting me as His weakest servant, to say, “O My servant, that is enough for Me.” That is honor over every honor that Mankind making it. Mankind creating so many, all of them useless, never giving any benefit. Therefore, we are saying, O people, don't be cheated by imitated titles! You have only one title, to be servant of your Creator, the Lord of Heavens! Anything wrong on books given to learned people, your holy books teaching people to climb and to be (authorities), instead of Lord of Heavens to be there as written through Old Testament, New Testament or Psalms! But I am sorry for people from Muslim world are not declaring real command of their Lord, to be under one command, command not to be like Pakistani crow, whak, whak, whak. I am saying who is speaking, no one is listening to them. Twenty-four hours this TV that belong to Shaytan making people to speak, one finishing and another coming.

(One says,) “O our brothers! I am so happy that I am here in your presence and I am presenting my nation that ladies best time, and I am coming here to speak to your crowd to understand which level German on it.”

Another coming, “Good evening my listeners. As you heard same work, foreign officer not knowing foreign minister, another foreign minister what you are saying just as my colleague saying. As he was saying I am

also greeting, that you are leaving me to address to such a special crowd. Crowding ones that your life like jewels on the crown of a majestic king and I am also coming to supporting my colleagues. Saying that I am also on same ideas, that he must do this and that. We must taking everything from left side to right side!"

Another one coming, "I am Russian foreign minister and I am coming to support my colleagues. What they saying is true and most suitable for world. That honor must be granted to our worldwide empire." Some saying, "Where you are speaking? You have empire, or democracy?" Another saying, "Learn to speak, then come and speak!" Another saying, "Yes we are with you this side."

May Allah forgive us! Understanding? I am blaming our Christian brothers once, but I am blaming Muslim brothers ten times more, because heavenly order is clear to them! How you can do? How you can act with holy rules? Heavenly rules so clear! Your Shari'ah saying if two getting up to say, "I must be your imam," Shari'ah saying take one away.

O Muslims! I am nothing, but sometimes I can touch. People fearing from pig flu that is unseen virus and people trembling. I am much more bigger than that virus. You are fearing from virus and not me! You must fear from me more than pig flu! (Mawlana Shaykh laughs.) O People! This is a music, saying take the flags of heavens up and put their imitated flags down! If not, that one may take heavenly revenge from you. Perhaps through one night that fearful lions coming and entering your homes and at morning you should be taken to cemetery.

As-salaamu `alaykum my listeners! Don't sleep, wake up! Nimrod was saying, "I am the Lord of earth and I don't accept the Lord of Heavens. I am going to fight!" Allah Almighty sending on them, not sending a virus, but sending mosquito armies and Nimrod's armies just covered their bodies with armor. Mosquitoes beginning eating, eating and because they can't shoot arrow, they can't use their swords, they can't use their fists, arm, and weapons! We are saying virus but they can't reach to mosquito. Mosquito entering and beginning to eat (their flesh) and never remaining except their bones and falling. Fear from Allah! That was for Nimrod and his armies. And Allah not going to use this method for His disobedient servants; He may send much more powerful virus that touching and going away.

Just I heard from my master that happened once upon a time in Basra a plague. First day just passed away 70,000 people; second day 73,000 people dying; third day 75,000 people dying of plague, and it is written

through old history books that happened for Basra people. Fourth day histories saying none remaining in Basra. In their homes no one living inside to open door to get outside, or no one from outside living to enter; nothing. Plague leaving, bringing another pig flu, because Allah Almighty preventing, “Don't eat pigs because their meat is not clean and may kill you.” They are not understanding. Now sending to them. Allah is never passing away and He is from pre-Eternal up to Eternal.

O People! That is something that tonight we have been granted through my master, master of this world, for awakening you, warning; he is warning! Who created chicken flu, now changing to pig flu, and it is not as they are saying killing a little bit. Heavenly order coming to that virus and virus taking from the Lord of Heavens and if holy command coming to kill, may kill. Who can stop it? Whom are fearing from flu, three times ablution cleaning mouth, three times cleaning nose, taking away and no need to use injection. It is not needed to make a piece of cloth to put there (mask).

O People! Thank you that so many people listening and hearing, but whom listening may be a handful people and majority not hearing. May Allah forgive us, that not to come a (heavenly) order for the virus to infect on the Children of Adam. Then (if going everywhere) after the whole world finished (maybe) you can't (even) find anyone to bury people. Fear of the Lord makes people to be straight, not like this or like that. O leaders of nations! Keep yourself from heavenly anger because heavenly anger coming first on the leaders of nations!

Allah Allah, Allah Allah, Allah Allah, Kareem Allah.

O People! Try to believe in spirituality and leave to be atheists. Atheist people most lowest level that they will be there. O People! Believe and give your highest respect to your Lord and to His most beloved servant, Sayyidina Muhammad (s)! Yaa Rabbee, yaa Allah! Forgive us, O our Lord, forgive us! Send us someone who would collect our separated brothers to come all together. O our Lord, forgive us, forgive us, forgive us! We are only looking for Your forgiveness and blessing. Ameen. Salamun `alal mursaleen, wal hamdu lillahi Rabbil `alameen.

(Mawlana Shaykh sings.)

Dome dome dome dome 8x

Allah. Fatihah. (56 minutes) Allah, SubhanAllah ! As-salaamu `alaykum!

## Message from Sultan al-Awliya Shaykh Nazim al-Haqqani to Prince Charles

O our beloved and respected attendees! We are coming to speak some words for this assembly for this management. (...inaudible...) thinking a good thing about such a weak servant, and that is an honor granted from you to such a weak servant. But you are giving respect to me and I am asking from my Lord to grant to you heavenly respect. There is a hadith, a holy saying from Holy Prophet, the Seal of Prophets, Sayyidina Rasoolullah (s), man lam yashkuri 'n-naas, lam yashkurillah, "Those who are not thanking people are not thanking their Lord." It is an order if a person does something well, to say for him, "Thank you, shukran." And here, this assembly through the efforts of His Highness, Prince Charles, thanks to him also. May Allah (swt) grant him much honor for here and Hereafter.

If I was able to go there with my physical being, I would be running, but now I am reaching up to 90 years old; therefore, I am apologizing to His Highness that I am not able to come for such a respected assembly. May Allah grant them high stations through heavens! I am nothing, but if the Lord of Heavens wants to grant someone something, He may do that. I can't come with my physical being, but I don't say that my spiritual being is not there, for it must be with you; only with my material being it is difficult for me to be with you. I am thanking you that you invited me! I am asking forgiveness for me and for you. SubhaanAllah, Absolute Glory is for our Lord. Thank you for listening. If you are sending some halwa (sweets), I am ready to eat also!

(laughter) As-salaamu`alaykum!

## Advice for the Balkans

The Grandmufti of Kosova told us that there is a massacre in his country without a reason. I cannot accept this. There is a reason: they are Muslims. People came there with a cross and asked the inhabitants to save their soul.

I was very pleased to hear from his Excellency the President of Chechnya that when he heard about the massacres in Kosova he was the first one who wanted to go there and to fight! His name is Aslan, which means lion. The Russians sent 1/2 million fully armed soldiers to Chechnya with a population of 2 1/2 million. The people of Chechnya said that they would face this army with their faith, because they are grandsons of lions like Imam Shamil. The people of Chechnya all belong to tariqat, they won their independence through, "La illaha illaLlah".

The Muslims of the Balkan were under communism for a long time and they lost their tariqats. They need tariqats and dhikr, that is what will give power to their hearts. They are now loving this world more than Allah and are unable to give their souls for the sake of Allah. The Russians signed the independence of Chechnya because their armies were moving with, "La illaha illaLlah", "La illaha illaLlah", "La illaha illaLlah".

This is what I am advising the people of the Balkans to do. They left the spiritual path and a curse came on

them. Let them open their tekkes, their zawiyas and their derghas and follow the command of Allah and do zikr.

## Advice to Ladies for Protection

(RatschlagFürSchwestern, dt.)

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem.

Nothing is going to be as we like, understand? We must have two wings: one for shukr, thanks, and one for sabr, patience; then we may fly together. That is Allah Almighty's custom. Therefore, it is better to be patient and to give thanks is best.

Do all of you have mothers and fathers? (Yes.) Are all of you working now? (Yes.) You are all teachers? (Yes.) May Allah give you happy days.

(Mawlana Shaykh Nazim gives bay`a.)

Everyday, recite "RabbunAllah, HasbunAllah" 100 times. If you would like to do more, you may. Every closed door will open for you, don't worry. Keep your prayers and try to recite Holy Qur'an.

Do not get out at night, stay home. Tell your husbands, brothers, or fathers that you must not leave your house without a man. Don't leave your house during the day and particularly at night without a man. Close your doors from the night life; keep yourself indoors. So many things are going to happen now. You must have heard about what happened in Japan. No one can give you a guarantee that this place cannot be like that place, no! Keep yourself indoors and trust in your Lord's Protection.

Fatihah.

## Advice to Mureeds in England

Bismillahi 'r-Rahmani 'r-Raheem. Welcome to our beloved guests who are coming from long distances, from London. I like to live in London more than any other place. My heart is never going to be happy and in satisfaction, except to be in UK, in England. I don't like that word also, "UK."

I reached the silver jubilee of His Majesty, the King of England and Emperor of India, the late King George V, and I was granted a silver medal because I was the first in my class in elementary school. We were happy in those days that the British way of governing was always on top. I went east and west, north and south, throughout the Islamic and Christian worlds, I lived among Arabs and in America also, but I never found a civilization and governing methods like the British Empire and the Indian emperor, the late King George V. Then he passed away. He always had a beard that he never shaved and His Majesty also wore robes.

(Mawlana Shaykh sings British national anthem, "God save the King".) He passed away and is buried in Westminster. Then, O my children, my brother, my daughter, my grandson, came the late Prince of Wales, Edward VIII, because his grandfather was Edward VII, the son of late Queen Victoria. He was with Lady Wallace Simpson and people said, "You can't marry her because she is not from the royal family," and he said, "No, I am leaving the throne and the crown, and I am marrying this lady." SubhaanAllah, glory to Allah, as He likes. He was asking to be the Prince of Wales and to marry the princess.

I think in 1933 he came to see the first president of Turkey, in Istanbul. There were no such instruments then (video cameras), only photographs. He came to visit the first president of Turks and he was hosted in Dolmabahce Palace. We have seen photographs. After insisting, he ceased to be the King of England and Emperor of India.

Before World War II was King and Emperor of India, George VI, father of Her Majesty, Queen Elizabeth. George VI had a coronation and for that occasion I was also granted another medal. (Mureed: Why are you not wearing it?) I don't know where it is, people took it from me! Then came Her Majesty, the Queen, and we respect her as she is a model of a modest queen. We are very happy and my birthday and her birthday are the same, April 21st. She became a queen and I became nothing! And I like Crown Prince Charles. May Allah Almighty grant to them from His endless Mercy Oceans. I am taking a little bit longer for a chance to be with you a little bit more.

His Highness, Prince of Wales, Prince Charles, knows something about me and is sending salaams to me. I pray for him to be honored in Eternity, just as he is honored here. I am happy with this book that you brought here (Harmony, written by Prince Charles). He has good understanding and is a very clever one. This book is a way of life that people have abandoned and have now fallen in endless troubles, miseries, problems, and crises. If people follow such a way (as mentioned in the book), not going against nature, but are friendly with nature, they will live an excellent and sweet life. However, since they left it, they fell down in endless problems, miseries, crises, and dangerous thoughts, making them like mental house people.

(...) It is a sign that your works are giving pleasure to you here and Hereafter, as well as that you are going to be with them. Goodness and heavenly gifts will come from you to people. Keep your way and try to be kind to everyone, because everyone is from one man and from one woman.

(Mureed: What should people in England do if they live in big cities?)

I have always said that big cities are dangerous. I don't think that anyone living in big cities will be saved, because if they bomb the center of electricity everything is going to die. Therefore, I always say go to the countryside. These big cities are all dangerous and I don't like them. I say this to Turks in Istanbul also; don't be there.

(Mureed: Should they leave now?)

You may prepare a place and be there on the weekends. If you understand (recognize) anything about the beginning of war, quickly take everything to that side or else I can't carry any responsibility. I am saying this to Istanbul people also. It is very difficult now. SubhaanAllahi 'l-`Aliyyu 'l-`Adheem.

What we are saying now is okay. I like Glastonbury. There is spirituality there and in Nelson there is also spirituality, as well as Windsor, Edinburgh and the last point of Scotland. All of Scotland is safe, Wales not too much, but the countryside is okay.

(Mureed: Happy birthday to you for next month!)

Happy Birthday to me!

## ADVICE TO PEOPLE WHO JUST GOT A MOSQUE

SHEIK NAZIM: Asalamualeikum. You now have a mosque. Is it rented? Who is looking after it?

*A: All of us.*

SHEIK NAZIM: No! You can't do it like that. All of you must see to the prayer , that as many as possible attend, also for the dhikr and other associations. If it is possible, then attend daily. If that is not possible, then come every three days. If that is not possible, then come weekly. If that is not possible, then come every 15 days. If that is not possible, then once a month. If that is not possible, then come once every forty days. But don't let there be more than 40 days between your visits to that place. Whoever comes there daily, or weekly, or monthly, or every 40 days, they must support and help to sustain that place financially and also spiritually. Therefore we want a warden to be there to look after the place daily and prepare it for Juma and Zikr and for associations. He should take care of the building and make everything which is necessary for visitors and worshippers and murids, for the followers of the most distinguished Naqshibandi order.

As is the custom, whoever can give more time than the others to the place, and who lives closer, we would prefer to be the chief of the ward. Whoever gives less help and lives further away may be the assistant for him. This should happen with a good mutual understanding. This should be done for the sake of Allah. Titles

are not important. We are trying to make people more humble. The most humble-one should be the chief-one. The chief-one should be so humble, that when he sees that the toilets need cleaning, he will do it himself. If the mosque needs sweeping, then he will do it. If the towels need cleaning, then he will do it. If the whole place needs cleaning, then he will do it. If the kitchen needs cleaning, then he will do it. Without asking anyone else, he will do it. That kind of person is the most humble, he should be the chief. The people who are around this director of the mosque should try to help him. He is humble enough to do all that, but the others must keep their respect towards him and help him run the place and see what they can do. They should try to make it easy and happy and find enjoyment in helping and giving service for the sake of Allah. They should be happy and not angry if they have to do everything, thinking that the others are not doing anything. Whoever does more, should be much more happy and enjoyful. Because Allah Almighty will reward them.

Now something else has to be taken into consideration. This place has been opened with two intentions: one, as a mosque. The other one is as a Naqshibandi-Centre for people who are interested in sufi-ways, these are often non-muslim. They come to make zikr. Then we also have Pakistanis and Arabs. So when we give these two very different people a lecture, this must be remembered. The place is open for everyone, and that is why we have to keep the middle way and not go extremely with anyone. No-one should be disturbed. Whoever comes should not be disturbed!

*A: That can not be helped. Because we do zikr many are already disturbed. People have great difficulties, so everything disturbs them.*

SHEIK NAZIM: You must write, "This is for Muslims. No-one should be criticised with their beliefs. Please don't discuss. Whoever makes zikr, is free to do so. Whoever does not make zikr, is free not to. Whoever only comes for prayer is welcome. Whoever comes only for zikr is welcome. Please don't discuss! Don't quarrel. If you are not happy with the zikr, then leave and go. Don't force anyone!". Fatiha!

## After Kings Will Come Tyrants

(Regarding current protests in Egypt.)

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Dastoor, yaa Sayyidi.

Let the people look, that the Lord Almighty never left them and never forgot what they did to His servants. The holy verse says three words, ista`eedhu billah:

•••••• •••••••••••• •••••••••••• ••••••

Laqad ahsahum wa `addahum 'addaan. He does take an account of them (all) and has numbered them (all) exactly. (Surah Maryam, 19:94)

Who is "He" Who counted? He never forgets! It is written in the Heavens, how they oppressed and abused Allah's servants, one after the other; it is written on them and Allah (swt) will punish them. Let them fear! Let them fear! All of them are jabaabira, tyrants, from east to west. How many tyrants there are! What they have done has been counted; by the order of the Lord Almighty the angels have counted them. What is "counted"? It means, "one by one."

So there is a warning for the tyrants, because their end is going to be worse than the punishment of the

pharaoh in the time of Sayyidina Musa (a), Prophet Moses. Allahu Akbar! May Allah (swt) protect us from their evilness! The greatest fault is not on the people, but on the `ulama, the scholars that did not declare what Allah (swt) ordered to be declared! Rasoolullah (s) foretold the news about the future and gave warnings about the most important things to come. In a noble hadith, he (s) said:

**••••• •• •••• ••••• •• •• ••• ••••••• ••••• •• •• ••• ••••••• •••• •• •• ••• •••••• •••••• •• •••• ••• •• ••• •••• •••• ••••• •••• ••• •••• •••• •• •••• •••••••• •• •••• ••••• ••••• •• •• ••••**

Sayaatee min ba`dee khulafaun wa min ba`d al-khulafaun umarraun wa min b`ad al-umarau mulookan wa min ba`d al-mulook jabaabira. There will come after me caliphs, and after caliphs will come princes, and after princes, kings, and after kings will come tyrants.

Why didn't the scholars declare it? Why didn't they stand against Abdul Nasser when he incited a revolution against King Farouk of Egypt? They threw away the king! Then, why didn't the scholars say, "After the kings there will be tyrants." This is their fault, (and from it) they are carrying all the faults of the ummah; it's on them. From them comes the corruption and to them it will return.

Astaghfirullah! Aman, yaa Rabbee! Fatihah. May Allah Almighty free the nation from tyrants. Yaa Rahmaan! (Mawlana Shaykh makes du`a.)

**After Kings Come Tyrants!**

Yaa Rabbee! (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, Allahu akbar, laa ilaaha illa-Llah, w ’Allahu Akbar, Allahu Akbar wa lillaahi 'l-hamd! Allahuma salli wa sallim wa baarik `alaa Sayyidi 'l-awwaleen wa ’l-akhireen, habeebik, habeebi Rabbi 'l-`alameen ya rabb ighfir w’arham bi-jaahihi `indak, aslih shaananaa wa shaan al-muslimeen. Bi jaahi man anzaltahu `alayhi Surat al-Fatihah. (Mawlana Shaykh sits)

Madad, yaa Sultan al-Anbiya, (Mawlana Shaykh stands) Sayyidi 'l-awwaleen wa ’l-akhireen.

Zidhu yaa Rabbee, `izzan wa sharafan, nooran wa surooran, sultaanan wa ridwaana. Allahuma ab`ath lana malakan min `indak bi jaahihi `indak yaa Rabb! (Mawlana Shaykh sits) Thumma ’s-salaat wa ’s-salaam `alaa Sayyid al-Anbiyaa wal-Mursaleen wa `alaa aalihi was-saahbihi ajma`een.

We are weak servants. Al-Haqq (swt) is saying: (Mawlana Shaykh stands)

•••••••• ••••••••••• ••••••••

Wa khuliq al-insaanu da’eefa. Man is created weak. (4:28)

(Mawlana Shaykh sits) Sadaqallahu 'l-`azheem. We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Yaa Rabbee! Who is your deputy from Shaytan? For everyone there is a deputy. Who is it? Nafsak! Nafsuna!

The deputy of Shaytan is the ego and the whole world now is Shaytan's donkey, and all the Arab states that refuse Shari`atullah are donkeys!

Yaa Rabbee! Every president has a deputy of Shaytan with him! Ptuh (spit) on them! People are asking about this. The deputies of Shaytan are number ones, and every country that thinks they are special ones. If you are a special one, why do you go to the WC (toilet)? Do you understand?

"I am the most important one!"

If they are saying, "We are special ones," how many times are you visiting the WC, making like this and like that? Ptuh `alaykum! Do you understand? Arabs! They are saying:

"We represent the Seal of Prophets."

When they are fighting and saying, "We must bring a new constitution."

Azhar ash-Shareef, may Allah give you much more power! If he says something, everyone must listen to him, all kings or mulooks can't say anything, rather they must bow and say, "Yes."

Now those who are leaving Shari`atullah are tyrants, jabaabira. Where is Palestinian law? They are saying, "We are moderate ones." Moderate ones go to Jahannam! Allah (swt) said: (Mawlana Shaykh stands) Asta`eedhu billah.

•• •••••••••••• •••••••••••

Ha. Meem. Wal-kitaabi 'l-Mubeen. Ha. Meem. I swear by the Book that makes manifest (the truth). (Surat ad-Dukhan, 44:1-2)

(Mawlana Shaykh sits) Inna anzalnahu Qur'anan Arabiyya, "The Holy Qur'an came in the Arabic language," and I am sorry to say that Arabs are the first one leaving Shari`atullah and I am saying pttu! We are `ajam (non-Arabs), and it means we are following Muslim Arabs. If they are leaving Shari`atullah, what shall we do?

No one is listening to the Holy Qur'an, but Allah Almighty will show them what it means to take Shari`atullah away and to bring Marxism. That jahannami (inhabitant of Hell), Marx made communism or socialism. They

are saying, “We are new (fashioned) Muslims,” no, you are not Muslims for Allah, you are Muslims for Shaytan! Then they think that they have enough power to keep the way of Shaytan; they are keeping armies, and they are keeping billions and trillions of golden coins. They are saying, "No one can move us from our thrones!"

They are making weak people kiss and lick their feet, saying, "No one can take us from our thrones!" Now, Allah (swt) encouraged one person to say, "Enough! Come down," and that one answered, "Are you saying this?"

"Yes I am."

"Is it only you?”

“Now I am only one, but tomorrow I will be like a mass of oceans," he said with hope.

O People of Egypt! Why are you not saying “Muslims”? Do you think that Egypt is a kaafir state? Never! He (Hosni Mubarak) thought that he could do everything and without any weapons people came together, shouting, "Go away!"

Second will be Tunis, third Libya, fifth Algeria, sixth Yemen, then Iraq, Iran, Afghanistan, and we are waiting for Turks also. Allah Qadiru ‘l-Mutlaq. (Mawlana Shaykh stands) Asta`eedhu billah.

••••••• ••••••• ••••• ••••••• ••••••• •••• ••••••• •••• •••• •••••••••

Innamaa amruhu itha araada shay-an an yaqoola lahu kun fayakoon! Verily, His Command, when He intends a thing, is only that He says to it, "Be!" and it is! (YaSin 36:82)

(Mawlana Shaykh sits)

••• ••• •••••• ••••••

Wa min ba`di 'l-mulooki jabaabiratun. After kings, and sultans, and padishahs, and emperors, are coming oppressors, tyrants.

They are taking away Shari`atullah and bringing a Marxist system! Marx is saying to them, "Fill your

pockets! Don't fear, and don't give to those people. If you give, they may get stronger, and they may carry you away, always make them to be weak ones, coming to you begging."

I am saying this to mulook who do not know that one word, and every knowledge is coming through Prophet's teachings. There is a word in Arabic that they do not know:

Al-insaan `abeedu ‘l-ihsaan.

Man is the servant of goodness.

Man is will be like a servant, in that as much as you give to people, they will come after you. Do they not know, “Al-insaan `abeedu ‘l-ihsaan”? Why are they filling their pockets? That is a good word, that the more you grant to people, the more they will come to be your servants, because giving makes the hearts of people love and respect to you! You are all saving, saving, saving! That one saved 70 billion dollars! Why are they not giving? When you give, people will follow you through their hearts.

Look, if you give a cat one piece of food, it will run after you. If you throw a bone to a dog, it will follow you. How are insaan (human beings) or mulook chiefs or presidents, for what? Now they can't save themselves, so they are leaving.

It is now reaching the limits, and all of them will fall down, except sultans! All sultans are going to be ministers of Mahdi (a)! Haqq wa ’l-Haqq! Here he is shouting, "Haqq, Haqq, Haqq." Why are people hungry? That hunger gives anger that no one can stop, no.

O People! The Last Day, Judgment Day, is coming now. Don't think that we are at the beginning, no. We are the last Prophet's nation and our nation is reaching to the Day of Resurrection. Take care! Keep Islam! If you are not keeping and respecting Islam, the Lord of Heavens will make you under the level of animals. It is enough to know this word, “Al-insaan `abeedul-ihsaan.” It is never going to be a headache for them. Al-insaan `abeedul-ihsaan. There would be no headaches, but instead they are keeping, "Don't give, don't give, don't give," and people are saying, "No we don't like that one."

Now the chief authority of Islam in Azhar ash-Shareef was declaring that, “We are never accepting any constitution except Shari`atullah,” and that is a big, and very good tiding for the ummah. That means one

step, no way for them, everyone everywhere who is not keeping holy Shari`atullah of Islam will be taken away. All nations must try to make their ways according to the holy commands of their holy books. If not, they are going to be taken away.

People! I am a weak one. I have been ordered to declare this to the east and west. I am asking forgiveness for myself from Allah Almighty and intercession of the Seal of Prophets (s). I have been waiting for Mahdi (a) for ninety years, and inshaa-Allah, all of you who are accepting and looking for Mahdi, will be with Mahdi (a)! Laa hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Azheem.

O People! Come to Islam! O People! Keep Shari`atullah, holy laws, holy rules that are coming from Heavens for Mankind to make them in good situations here and to have clean hearts for reaching Paradise and reaching to hazeerat al-Quds, the Holy Presence? Every Friday, Allah Almighty will invite people from Paradise for a feast, rabbani. Try to be there! I am asking forgiveness, you also ask forgiveness and then His blessings will reach you. If we do not asking His forgiveness, Allah Almighty’s favors will never reach us.

Yaa Rabbee! Subhaan Sen! Sultaan Sen! You are Sultan al-Mutlaq. Allah Almighty is not using parliament systems, no! You must look ... you must follow Allah Almighty's Attributes. He is never using parliaments, no, He is al-Hakim al-Mutlaq. Allah!

You must have a sultanate, because sultans were so generous. People were keeping them, but this Shaytan, Marx (brought destruction) and all shaytans from every nation are making this crisis everywhere. Come to Allah's order and you will be happy here and Hereafter. May Allah forgive us.

Fatihah.

Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Inshaa-Allah we shall reach to Mahdi (a) and everyone who is sending away their sultans, those sultans will return to their thrones because of the holy order. `Ati kulli dhi haqqin haqqah, "Give everyone who has a right his right." Jalla Jalaaluh.

Fatihah.

**The Age Of Mahdi (as)**

(Dt.: ZeitalterVonMehdi)

Dastur Ya Sahib Al Zaman (as). Madad Ya Rijal Allah (swt). Al Salamu alaikum. O believers & Muslims. Al Hamdulillah that He (swt) granted us the month of Rajab Al Murajjab. The month of Allah (swt), may it be a blessed month to all of you, to the Muslim world & specially to the people of Egypt. May Allah (swt) protect us from all the fitna/corruption.

I am a weak servant. It came to my mind to speak to the people of Egypt, the Muslims of Egypt. Al Salam alaikum, O people of Egypt. The biggest country... The biggest & strongest country within the Muslim world, Egypt, Misr Al Mah'rousa, (the protected Egypt), protected from the time of the Prophet (saws) until our time now. They are holding... they are holding onto Islam & believing and thanking Allah (swt) for His (swt) favours on them; that they accepted the religion of Islam and they defended.. they defended Islam against the non Muslims, the unbelievers & the corrupt. Until the year 1952 they were defending the Sharia of Islam & were glorifying it. We ask Allah (swt) that they may be supported in this matter and that they may return to how they were before the satanic, faithless revolution.

These devilish ones, because they were against the Muslim people, and they exiled King Faruk from his

country & they took control with false promises. They were supporting shaytan, the worst enemy to Islam. These people who raised the revolution in Egypt they changed the events from the beginning to the end. And they brought a system, a rubbish system of shaytans. They were the worst enemies of the Muslim people, out of all the different religions & different nations. And they came up with false promises, til it reached the point that we are at now. O people of Egypt, you are the honour of the Muslims! With your scholars, with your Kings, with everything that you were dealing with in the name of Islam. They used to put all their efforts into keeping the Islamic Sharia.

Then O Muslims, people of Egypt... The evening of (Lailatul Raghaib) Rajab Al Murajjab, raghaib/wishes. Raghaib/wishes it arrived. Maybe today is the 10th or 11th day of the month. May it be full of blessings for you! We ask Allah (swt) that in this blessed month your situation may be corrected according to the powerful Sharia. This is our hope for the people of Egypt. I am reminding you O Muslims, because Allah (awj) says "Wa Dhakkir.."(51:55) "Remind." This was addressed to the Prophet (sas). To remind, it is important to remind. And we see the situation of what happened in this past year: shaytan & his supporters planted... planted the seed of unbelief in the country, in the countries. And until now through the tyrants and those who poisoned the thoughts of the Muslims with a deadly poison, making them divided & in factions.

O people of Egypt, you understand Arabic, what did the Prophet (saws) say? "My nation will become divided into 73 groups all of them will be in hell except 1 group."? They asked "who are they Ya Rasulallah?" He said "they are the ones that follow me and my sahaba (as). The ones who are with me & my sahaba (as)." It is very clear. And all the rest, the corrupt people are the people of hell. So may the month of Rajab al Murajjib, the month of Allah (jwa), be blessed for the people of Egypt.

And I see the situation now that the people are arguing, fighting each other to elect a president. An inspiration came to me & I wonder about this president: Did the order come from the president of the Heavens? O people of Egypt, do you think that the Lord of Heavens is a president or a Sultan? Allah (jwa) Is The Absolute Sultan, the King of Kings, the Creator of all creation. He (swt) Is One. Was He (swt) elected? From where did you bring this presidency system? I spit on those who support that in Egypt there should be a president, hasha! He will never succeed. To succeed they have to bring a King to rule with what Allah (jwa) has ordered. This is enough for us as an advice for everyone, because if they are ordered to elect a president this would be from the President of the Heavens. We would accept this. But in the Heavens there is a Sultan,

not a president & no elections. These things were brought from the worst of unbelievers. Shame on them! Shame on the scholars of Egypt! Because they don't explain to them about this matter: That in the Heavens there is a Sultan for the Heavens & Earths. How do you bring and argue to elect a president, shame on you O people of Egypt? Shame on you! Not only 1 time, 70 times! Return to the Sharia of Allah (swt) so you may have a King in Egypt who follows the Khalifa according to the principles of the Prophet (saws). From a Sharif to a Sharif.

And now this fits the King of Jordan. His Royal Highness King Abdullah, he is the last of the descendents of the Prophet (saws).It's obligatory for Muslims to follow him and to give him ba'ya because he is carrying the banner of Islam. He will carry until the appearance of Mahdi (as).

O scholars of Egypt, my Arabic is little but, from it you understand a lot. And this weak servant is reminding you that Allah (jwa) said "Wa Dhakkir Fa'inna Adh-Dhikra Tanfa`u Al-Mu'uminina" (51:55). If what I am saying is wrong, my punishment is from Allah(swt). If it is correct, then Allah (awj) & His Prophet (saws) may reward me. O scholars of Egypt, O believers leave this & do not be divided. Allah (jwa) reminds you, O people "Wa A`tasimu Bihabli Allahi Jami`an Wa La Tafarraqu" (3:103) How come you are making different parties in Egypt? Don't you have a religion,faith, virtue, honour? How do you accept this? How can you refuse the orders of Allah (swt), when He (swt) says "and do not be divided" (3:103) If you do not follow this, Allah (swt) Will give you a lesson, a lesson such as was never given before. This addressing was inspired to my heart, to a weak servant and illiterate also. You are the scholars. Woe to the scholars who go against the orders of Allah (swt). The worst punishment on Resurrection Day is for the scholars. O scholars keep your honour, show what is True and return to the powerful Sharia & leave this presidencial election - finish! I am warning you! I am warning you! Take your precaution otherwise "Inna Batsha Rabbika Lashadidun" (85:12) He (swt) will teach you a lesson, He (swt) will not leave even one of you. This Vengence is coming closer from the Lord of the Heavens & the Earths.

O common people of Egypt do not be proud of these people who still are behind the tail & footsteps of the worst of unbelievers; who do not want the power of Islam & its people to appear. It will appear! The time has come for Mahdi (as) to appear. And his(as) vengeance is mighty, because his(as) vengeance is from Allah (swt). Wa Min Allah Al Tawfiq.

I am weak, I got tired. O my Lord forgive us & remove burdens from us. Send us a King so we may fight in Your Way, O our Lord. O our Lord.. O our Lord.. Woe to us if we do not listen to Your orders O our Lord. Tawba Ya Rabbi, tawba Ya Rabbi, Tawba Ya... O Saints of Egypt, Nujabaa, Ya Budala' reach the Muslims in Egypt. O Men of Allah (swt) O Men of Allah (swt), look for the worst people. We are asking safety from them. Forgive us & have Mercy on us O our Lord, O our Lord, O our Lord. Ya Sayyidi Al Awwalin Wa Al Akhirin, Ya Habib Allah (swt) Ya Rasulallah. Let us turn back to you. Send us, Ya Rasulullah, those who can arrange all matters, who will put everything in place. Send us Mahdi (as), the Just King. Ask for The Mahdi (as). Do not say nonsense about Mahdi (as) or vengeance from the Heavens will come upon you immediately. Let none of these people who are against these words reach this Blessed Ramadan & Blessed Feast. Tawba Ya Rabbi.

I have declared what was given to my heart. Thank you O Prophet (saws) of Allah (swt). Tawba Ya Rasulallah, Ya Rabbu Al 'Izzati Wa Al 'Azama. The Lord of Heavens. O our Lord, for the sake of Your Beloved Prophet (saws) - Wa Bihurmati Al Fatiha. Tubna Wa Raja'ana Ilayk Ya Rabbana. This is my Arabic, who can understand may understand & has permission for the listeners to correct it and arrange it & present it to the Muslims. May Allah (swt) reward them with all goodness & specially the Shaykh of Az'har Al Sharif & the rest of the scholars - we kiss their hands and if it is possible their feet also. I would kiss them because they are people of knowledge, they are honoured & glorified. Tawba Ya Rabbi. Fatiha.

All nations are bankrupt, finished. The ruling has to go back to the Kings, with Allah's (swt) permission. With the order of Allah (swt). It is not possible for any power to accept or bring them back to their previous condition. It will happen to all the Muslim countries. And support now the King of Jordan who is from the descendents of The Prophet (saws) & we have given him ba'ya/allegiance because he is representing the family tree of the Prophet (saws) in our days now. And our days now are the days of the time of Mahdi (as). May Allah (swt) grant him power and honour and glory. Because he is carrying a great responsibility. May Allah (swt) support him. May Allah (swt) honour him. May Allah (swt) glorify him for the sake of His (swt) Prophet (saws). Return & give him Bay'a/allegiance. Those who do not give him bay'a, have bay'a with shaytan & his followers. Woe to them! I am reminding you. "Fadhkuruni/Therefore remember Me 'Adhkurkum/ I will remember you" (2:152) Allah! Subhansin Ya Rabbi Sultansin Ya Rabbi You are not a president of a republic! Is He?

S.N. Hasha!

M: Or is He Sultan? O scholars what do you say? Is Allah (swt) a president in the Heavens or Sultan? Sultan of the worlds, Allah (swt) dressed the Prophet (saws) to be Sultan of the worlds. Return to him & listen to him you will be saved & will be honoured. Allah (swt) will dress you with glory & honour here & hereafter. Sharpen your swords on the ones who are against the Muslim people. Fatiha.

Welcome to you people of Egypt. Do not get upset from me, then "Verily, The Vengence of Your Lord is Mighty." (85:12) Go against your ego & egoistic desires Go against your ego & egoistic desires, you understand O scholars. Masha'Allah, Masha'Allah! I am happy that the people of Egypt are accepting my addressing & who does not accept this addressing will not reach the month of Ramadan. This is a warning for them, Fatiha.

My heart is full, but my situation is weak. O people of Egypt! My grand-father is also from Egypt! From Yusuf Pasha Surughi - he is my grand-father, from Alexandria. I am honoured to be from the people of Egypt, because they are the people of knowledge, dignity, power & solidity. And they have high aspirations. Allah! Allah (jwa) chose Sayyidina Yusuf (as) to be a King for them, not a president. You should be ashamed O people of Egypt! Sayidina Yusuf (as) took from Pharaoh & did the best for the Egyptian people, Sayidina Yusuf (as) did the best. O Egyptian people wake up! Allah (awj) chose Sayidina Yusuf (as) to be a King for you not an elected president. Remember & wake up O people of Egypt! O our scholars woe to you if you do not wake up! Fatiha.

The best of countries is yours, Egypt. I love Egypt. Why? Masha'Allah because they have nobility, they have generosity & courage. And nobility... Nobility, they have it. And they have bravery & virtue. Allah (jwa) He granted this to you. Woe, to who denies, & great tidings to who believes, greatest reward. Come to Haqq! And accept & be defenders of Truth. Defending Haqq is not defending falsehood. Naudhu Billah! Naudhu Billah!

May Allah (swt) grant an opening to the people of Egypt, don't be upset with me. I am a weak servant, but nobody knows about another person's nearness to his Lord. Correct my addressing - these are not my words. And declare to the servants of The Lord between East & West. Subhana Allah! Subhana Allah! Sultan Allah! Subhana Allah! Sultan Allah! Support us O men of Allah (swt)! Support us O men of Allah (swt)! Support us O men of Allah (swt)! Support us O Sahib Al Zaman (as). Fatiha.

May Allah (swt) reward you with the best rewards.

I will pray 2 rakaat for this addressing. Ij'alna Ya Rabbina Fi Huzfika Wa Amanika Min Sharr al shayatin Wa Min 'Azabi Al Nar Yawm Al Qiyamati. Fatiha.

## Entering the Age of Miracles: The Green Man on the Horse

Discussion with Mawlana Shaykh Hisham Kabbani

(Translated from Arabic)

The age of Mahdi (a) is the age of miracles. The manifestation of all the works will not be ordinary. How do they call it? (al-asbaab, “The outward causes.”)

Mawlana Shaykh Hisham: Extraordinary.

Everything is walking on sunnatullah, but at the time of appearance [of Sayyidina al-Mahdi (s)] the manifestation will be Qudratu ‘Llah, Allah’s Divine Power. Qudratu ‘Llah for the sake of Islam is the last order.

Now sunnatullah people are working here and there, but at the time of appearance it will not be possible to walk on sunnatullah. Miracles will happen with Qudratu ‘Llah. The power of Islam will appear to one hundred out of one hundred!

Na`oodhu billaahi min ghadabi ‘l-Jabbaar, astaghfirullah. Bismillahi ‘r-Rahmani ‘r-Raheem. Alhamdulillah.

(Mawlana Shaykh makes du`a after eating.)

Yaa Rabbee, shukr! Amaan, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Astaghfirullah. O our Lord! Keep us under Your safety, security and protection, Your divine safety. Allah, Allah! Amaan, yaa Rabbee. Don't make us among those who deserve Your divine revenge. Allah!

Allah Allah. Allah, Allah. Allah, Allah. Amaan, yaa Rabbee. Amaan, yaa Rabbee.

(Someone asks about the green man on a horse seen in Cairo MSNBC newscast.)

This is a very ordinary matter to prepare the people, to wake them up. Such things are happening, which people will accept or not, according to their mentalities, but this is beyond their minds. The mind stops when Allah Almighty wants makes a man riding a horse, flying among people and moving towards the sky. That is in order that they may wake up. Then the scientist and materialist people want to find a valid reason for this happening, and they conclude that it was their imagination. They may say this, but it happened, because many people witnessed it. If it was only one person who had seen it, it would have been okay (acceptable as something imagined), but there were many people who saw that vision so there is no room for them to deny it as "impossible"! They interpret that it happened because of this or that, but no, this is something true and it is a sign that we are entering the Age of Miracles so that they may take heed! It is for their protection, here and Hereafter. If they don't pay attention and realize what's happening, they will be taken away. May Allah protect us.

Fatihah.

May Allah protect us from committing mistakes in understanding or in speaking.

The Christians accepted that it was Khidr (a), but the Muslims denied it. The Christians have improved in heavenly matters, but unfortunately, the Muslims' spirituality has descended from a high station to the lower station. It means the denial of Muslims is much more than the denial of Christians, because the Muslims deny the principles of the religion of Islam. Otherwise, Islam is full with spirituality! However, in these days, these "doctors", may Allah correct their ways, want everything from the Heavens to come down so they may measure them in materialistic ways. They want to deny everything that is related to spirituality as they don't

have any spirituality.

It started with Shaykh Abdul Jamaluddin Afghani and all his followers and their groups; everything for them begins with the material world. Christians have a greater desire for spirituality and unfortunately the Muslim world doesn't even have a drop of desire for spirituality. May Allah protect us from falling into the traps made by Shaytan or shayateen. Tawbah, yaa Rabbee! Astaghfirullah. Muslims in all countries deny everything related to spirituality and have become like dried wood. They don't have a soul, only a material being. On the Day of Judgment, Allah (swt) will ask to finish their material bodies to release their spiritual being, and they will burn and burn. Na`oodhu billah!

O People! Work hard to accept spirituality; this is what is missing in the Muslim world. They don't believe anything related to spirituality. They want all the spirituality to be dragged to the material world. Na`oodhu billah, na`oodhu billah!

Fatihah.

(The green man on the horse) is one of As-haab an-Nawba, because Egypt is protected and it is not easy. Allah, Allah. As-haab an-Nawba are from the people of Earth, but he is from the spiritual world. They are from the Ahlu 'l-Fadl, "the favored people/saints". They leave their physical body and dress in spirituality.

Fatihah.

## Ahlu Hawa

Bismillah Al Rahman Al Rahim. Allah (swt) gives to everyone what is suitable for them. Subhana Allah! "Wa At-Tayyibatu Li t-tayyibina" (24:26) (Good women are for good men) "Al-Khabithatu Li l-khabithina" (24:26) (bad women for bad men). This is the scale of Al Haqq. If they are good men, Allah (swt) gives them good women. If they are bad, their egos are unclean; they will have what suits them.

"Wa Likulli Qawmin Hadin" (13:7) (For every people there is a guide). It does not change. The good men are for good women, and the bad men are for bad women. According to people's desires; the ones who like good ones, good women are given to them. Those who like dirtiness are given unclean women. Therefore, this scale does not change. Therefore the scholars of Egypt should not interfere. They left the matters in the hands of the people and most of them do not know what is true and what is false. Why you give? Why you give? The good women are for good men, & unclean women are for unclean men.

Let them choose... Sharia'...Sharia Al Ahmadiya is for the good ones, while dirtiness is from shaytan and those who call for democracy. Let them eat it, their dirtiness. It is not suitable for them, the mighty Sharia'. Let them eat one another. And their situation will not become stable even if the world continues forever, their situation will not become stable. The mighty Sharia' makes clear what is Haqq & what is false. They leave what is Haqq/True and they want what is false. Let them be... Leave them.. And they are mentioned in the verse they "will never prosper." (16:116) Then they told me, some of the Masters, "they will not only be unsuccessful these people will never be successful!" Leave them to one another.

"Wa At-Tayyibatu Li t-tayyibina" (24:26) "Al-Khabithatu Li l-khabithina" (24:26). The mighty Sharia' is for the good ones, the rest, let them be with the badness. Aside from Sharia' everything is dirty. If they understand or not, let them be, let them eat one another. And their situation will never become stable. May Allah (swt) protect us. This is... If you see greed obeyed, and egos being followed... (Hadith). This is the time... leave them... if every person favours his own opinion this is greed obeyed & they follow their egoistic desires, then you must keep to yourself. And the Saints of Egypt chose and it is enough for them to be for service, in service of The Lord (jwa) according to the order of the Divine Sharia'. May Allah (swt) forgive us.

The Prophet (saws) says, "leave them". This news is for the future, from his Prophecy. The message speaks about events of the past. The Prophet (saws) gave news about what is coming on us. So pay attention O people! If you are good ones good women are for you. If you are vile, will come on you what is more vile. May Allah (swt) protect us. Allahumma Ya Rabbi may we be given refuge and be on the side of Haqq. We want the people of Haqq to rule over us. We do not want the worst of people, these ones who have endless opinions. This applies to the people of our time now. Finish! May Allah (swt) forgive us for the blessing of this Holy month, the honourable month of Dhul Hijja. Let them come & accept the honorable Sharia' of Allah (swt) & bring a Sultan who may rule them with the Divine Sharia', then you will succeed. Otherwise you will be from the unsuccessful people.

Tawba Ya Rabbi. Repent to your Lord O people. He (swt) accepts those who repent. He (swt) changes all situations from one state to another. And you understand what you understand, but you are following your egoistic desires & the desires of the worst of unbelievers, those who are the enemies of Islam. They want to erase the Muslim Religion & the honour of faith in people. With permission of Allah (swt), they will not be able to do this. Tawba Ya Rabbi, tawba...

"Appoint for us a king so we may fight in Allah's (swt) way." (2:246) A King. People asked their Prophet (as) to appoint for them a King, not like these elections, this & that. From the beginning it is false. Tawba Ya Rabbi, tawba Ya Rabbi, we repent & turn to You. We repent & return to You (swt), Ya Rabbi Ya Allah.. For the blessing of the Prophet (saws) Al Mustafa "Appoint for us

a King so we may fight in Your way O Lord" (2:246) Fatiha.

Al Haqq has witnessed our words. Fatiha.

"And I free not myself from the blame." (12:53) Who is speaking to you these few words is not free from blame. Sayyidina Yusuf (as) said "And I free not myself from the blame. Verily, the ego is inclined to evil." (12:53) Do not let us become followers of our egos. The ego "Verily, the ego is inclined to evil." (12:53) Finished! These leaders - leave them. They are in the forefront: They are the people following their egos, Ahlu l-hawa. "Verily, the ego is inclined to evil." (12:53) They listen to the desires of their egos, they will not be successful. Tawba Ya Rabbi, tawba astaghfirullah. .....O Allah (swt) forgive us, and have mercy on us. We repent to You (swt). Fatiha.

Bismillahi r-Rahmani r-Rahim. Allah (swt) gibt jedem, was angemessen für ihn ist. Subhanallah! "Wa t-Tayyibatu Li t-Tayyibina" (24:26) - Gute Frauen sind für gute Männer. "Al-Khabithatu Li l-Khabithina" (24:26) - Schlechte Frauen sind für schlechte Männer. Das ist der Maßstab von Al Haqq. Wenn sie gute Männer sind, gibt Allah (swt) ihnen gute Frauen. Wenn sie schlecht sind, ihre Egos unrein sind, werden sie haben, was zu ihnen paßt. "Wa Likulli Qawmin Hadin" (13:7) - Für jedes Volk gibt es einen Führer. Es ändert sich nicht. Die guten Männer sind für die guten Frauen, und die schlechten Männer sind für die schlechten Frauen. In Übereinstimmung mit den Wünschen der Menschen, diejenigen, die Gute mögen, denen werden gute Frauen gegeben. Jenen, die Schmutz mögen, werden unreine Frauen gegeben. Deshalb, dieser Maßstab ändert sich nicht. Deshalb sollten die Gelehrten Ägyptens sich nicht einmischen. Sie ließen die Angelegenheiten in den Händen der Menschen, und die meisten wissen nicht, was wahr und was falsch ist. Warum gebt ihr? Warum gebt ihr? Die guten Frauen sind für gute Männer, und die unreinen Frauen sind für unreine Männer.

Sie sollen wählen... Sharia'... Sharia' l-Ahmadiyya ist für die Guten, während Schmutz von

Shaytan ist, und jene, die nach Demokratie rufen, sollen ihn essen, ihren Schmutz. Sie ist nicht angemessen für sie, die mächtige Sharia'. Sollen sie einander aufessen. Und ihre Situation wird sich nicht stabilisieren. Auch wenn die Welt für immer fortdauerte, würde ihr Situation sich nicht stabilisieren. Die mächtige Sharia' macht deutlich, was Haqq ist und was falsch ist. Sie lassen das, was Haqq -Wahr- ist, und wollen das, was falsch ist. Laßt sie in Ruhe... Überlaßt sie sich selbst... Und sie werden erwähnt in dem Vers, sie 'werden nie gedeihen' (16:116). Dann sagten mir einige der Meister: 'Sie werden nicht nur keinen Erfolg haben, diese Leute werden niemals Erfolg haben.' Überlaßt sie einander. "Wa t-Tayyibatu Li t-Tayyibina" (24:26). "Al-Khabithatu Li l-Khabithina" (24:26). Die mächtige Sharia' ist für die Guten, der Rest, sollen sie mit dem Schlechten sein. Neben der Sharia' ist alles schmutzig. Ob sie verstehen oder nicht, laßt sie in Ruhe. Sollen sie sich gegenseitig essen. Und ihre Situation wir sich nie stabilisieren.

Möge Allah (swt) uns schützen. Dies ist... Wenn ihr seht, daß sie ihrer Gier gehorchen und ihren Egos folgen... (Hadith). Dies ist die Zeit. Laßt sie. Wenn jederman seine eigene Meinung bevorzugt, ist das der Gier gehorchen und den eigenen egoistischen Trieben folgen, dann müßt ihr für euch bleiben. Und die Heiligen Ägyptens wählten, und es ist genug für sie, zu Diensten zu sein, im Dienst des Herrn (jwa), in Übereinstimmung mit dem Befehl der Göttlichen Sharia'. Möge Allah (swt) uns vergeben. Der Prophet (saws) sagte: 'Laßt sie'. Diese Nachricht ist für die Zukunft, von seiner Prophezeiung. Die Botschaft spricht über Geschehnisse der Vergangenheit. Der Prophet (saws) gab Nachrichten über was auf uns zukommt. Also paßt auf, Leute! Wenn ihr Gute seid, sind gute Frauen für euch. Wenn ihr abscheulich seid, wird kommen, was noch abscheulicher ist. Möge Allah (swt) uns schützen. Allahumma ya Rabbi, möge uns Zuflucht gegeben werden und wir auf der Seite von Haqq sein. Wir wollen, daß die Leute von Haqq über uns herrschen. Wir wollen nicht die schlimmsten der Leute, diese, die endlose Meinungen haben. Das trifft jetzt auf die Menschen unserer Zeit zu. Schluß!

Möge Allah (swt) uns vergeben, für den Segen dieses Heiligen Monats, dem ehrenwerten Monat Dhul Hijja. Sie sollen kommen und die ehrenwerte Sharia' Allahs (swt) anerkennen und einen Sultan bringen, der herrscht über sie mit der Göttlichen Sharia'. Dann werdet ihr Erfolg haben. Sonst werdet ihr zu den erfolglosen Leuten zählen. Tawba ya Rabbi. Bereut vor eurem Herrn,

Leute. Er (swt) nimmt jene an, die bereuen. Er (swt) wandelt alle Situationen von einem Zustand zum anderen. Und ihr versteht, was ihr versteht, aber ihr folgt eueren egoistischen Trieben und den Trieben der schlimmsten Ungläubigen, jenen, die die Feinde des Islam sind. Sie wollen die muslimische Religion auslöschen und die Ehre des Glaubens in den Menschen. Mit der Erlaubnis Allahs (swt) werden sie dazu nicht in der Lage sein. Tawba ya Rabbi, Tawba.

'Bestimme für uns einen König, damit wir auf Allahs (swt) Weg kämpfen können.' (2:246) Ein König, die Menschen baten ihren Propheten (as), für sie einen König zu bestimmen, nicht wie diese Wahlen, dies und das. Von Anfang an ist das falsch. Tawba ya Rabbi, Tawba ya Rabbi, wir bereuen und wenden uns Dir zu. Wir bereuen und kehren zu Dir (swt) zurück, ya Rabbi ya Allah.. Für den Segen des Propheten (saws) Al Mustafa 'Bestimme für uns einen König, damit wir auf Deinem Weg kämpfen können, o Herr' (2:246). Fatiha. Al Haqq hat unsere Worte bezeugt. Fatiha. 'Und ich spreche mich nicht selbst frei von Schuld.' (12:53) Der zu euch diese Worte spricht, ist nicht frei von Schuld. Sayyidina Yusuf (as) sagte: 'Und ich spreche mich nicht selbst frei von Schuld. Das Ego gebietet fürwahr das Böse.' (12:53) Laß uns nicht Gefolgsleute unseres Egos werden. Das Ego, 'Das Ego gebietet fürwahr das Böse.' (12:53) Schluß! Diese Führer - laßt sie. Sie sind an der Spitze. Sie sind die Leute, die ihrem Ego folgen, Ahlu l-Hawa. 'Das Ego gebietet fürwahr das Böse.' (12:53) Sie hören auf die Wünsche ihres Egos, sie werden nicht erfolgreich sein. Tawba ya Rabbi, Tawba Astaghfirullah. ...O Allah (swt), vergib uns und sei gnädig mit uns. Wir bereuen vor Dir (swt). Fatiha.

## Egyptian Actor Ahmed Fishawy Seeks Advice

Allahu Akbar, Allahu Akbar, Allahu Akbar wa lillahi 'l-hamd. Alfu salaat wa alfu salaam `ala Sayyidina Rasuloollah, Habeebullah, nabiyullah, Sayyid ar-rusul al-kiraam wa `ala aalihi wa sahbihi wa mann tabi`ahum ila yawmi 'd-deen.

As-salaamu `alaykum, yaa `ibaadAllah! Madad yaa RijaalAllah!. Madad, yaa Sultan al-Awliya.

O Mankind! Work hard to become the good servants of Allah. People are of two groups: one group is good and the other group is bad. Since the beginning of time, the children of Sayyidina Adam (a), Habeel (Abel) and Qabeel (Cain), one of them belonged to the good people and the second belonged to Shaytan. From them came the servants of Allah (swt) divided into good and bad, the saaliheen and taaliheen. Since that time until our time it is the same: people are either related to the good ones or the bad ones.

He who used his mind reaches guidance and follows the good ones and asks to belong to them. But those people who have a mind don't use it and they tend to be inclined towards the bad people, who are the people of corruption. The first group of people are the good doers and the second group are the corrupt ones, may Allah protect us from them and forgive us!

He (a guest) is like my son. He has visited us and has been with us for several days. His manners are good and his face has light. His state is that of an effendi, gentleman. We see that he is a descendant of a good family and Allah (swt) has honored him with good character since his heart was inspired to travel from east to west to address people, either to make them enjoy their time or to heal them or because he wants to guide them to the way of truth and be preacher for Allah Almighty. For this reason he has arrived here to be with us for several days and we have had the honor, alhamdulillah, that this righteous young man has visited us. What is his service or mission?

(He is working with a program called “the Wayfarer; abir sabeel.” He travels from one place to another.)

The One who opened his way we are not questioning; He knows his situation and original mission. Through Him I know he is a good young man who wants to be a guide for Allah. It means to be a preacher for Allah (swt) and that is better and the path of prophets (a), to travel amongst Allah's servants and to be an image for Allah as per the prophetic hadith:

••• •••• •••• •• ••••• ••••• ••• •• •• •••••• ••• ••••

li an yahdee Allah bika rajulan wahidan khayrun laka mina ’d-dunya wa maa feehaa. For Allah to make you a cause for guiding just one person to the truth is better for you than all the wealth of this world!

You are happy now. Therefore, he has permission from us as well, to travel and relate about the greatness of the Seal of Prophets (s) and his guidance and advice. If he becomes a preacher for Allah Almighty and makes even one person reach to Allah is an honor for us and a great added value, as per the hadeeth by Prophet (s). This is such an honor and accomplishment, in this world and the Next. May Allah reward him and may the righteous servants of Allah support him! We ask Allah to to grant him success with the blessings of Prophet (s) and from the side of our honorable masters, we are nothing, but there is a sign of support for him.

Therefore, when he goes to any place he should pray two raka`ats and seek support from the righteous servants of Allah who are present in that area, the companions/saints of Nubia. He should read Fatihah Shareefa for them and get their support, which guides the human mind. If there is something you cannot carry from its place, you ask people to help you. The same applies to this important matter. He should say at that time that he is not capable to be a guide, but ask support from Allah's saints and say, “Yaa awliyaullah! Help me so that people can hear from me, since I am at their level.” When he asks for that support from

Allah's saints, it will come!

I hope there would be more young men like him, not only hundreds but thousands to work with people, to make them understand. He is now the main one explaining to people and he should start a campaign against tyrants. People need this matter to be addressed, and then he should praise the good people, among the kings of this era and the past. He should praise them as much as he can and listen to what comes to his heart from the saints of the country where he is. They will give him stories to relate in praise of the kings. He should explain the matter of kings and the current tyrants, and what the tyrants did to the nation, and that they continue to do the worst things. They are worse than devils! Do you understand? His campaign should be against tyrants and in praise of kings.

Wa min Allahi 't-tawfeeq, and from Allah comes success.

May Allah reward him and support him and give him whatever he wants. If he is making enough financial gains, then he should do this campaign on a volunteer basis and not accept any income from it. If he gets charity or gifts he can distribute it as charity for the poor. He should say, “I am not in need and this gift will go to the right place.” He may eat dry bread and not lower himself and run after rich feasts. He should say, “We are dervishes. We did not come for an opportunity for ourselves.”

Shukr yaa Rabbee!

Fatihah.

## Akhirah - II : If you cannot be here without working, how can you say He will give you for the Eternal Life Without working for it?

"If you cannot be here without working, how can you say He will give you Eternal Life without working for it?"
May God Almighty give us more faith and make it stronger every day and every night. The Prophet (saws) advised his nation, his community (ummah) that because we are living in this world, we must work for this life to acquire our lawful provision (rizq halal). We must work, because the most tasteful food for people is when they work and buy and eat. That is most lovely to our Lord, God Almighty. It is also the reason of physical health, so that anyone who has the power to work must work. Don't say, "There is no work for me." Those are not true words. As long as this world is in existence and life goes on, you can always find some work for yourself to do.

The prophet Solomon (as) was at the same time a king and a prophet. He had been given all the treasures under the earth. He commanded and ruled human beings and jinn. They were also under his command. Jinn are guardians of the treasures under the earth. If Solomon had commanded them, they would have brought up all those treasures. He was such a magnificent king, and, O believers, he ate by the work of his hands, never taking from those things. But we - we are waiting for the government to give us unemployment [money] - unemployed people, every week going and taking.

You may cheat the government, but you can't cheat God. You may take money from it, but if you can work and yet you take it, there is no blessing (barakah) in it. Illness will come to your body, and troubles. Therefore, it is healthy if you can work and eat from the work of your hands.

Sultan Abdul Hamid, one of the last caliphs of the Ottoman Empire, held the whole Empire by himself, one person. The sermons (khutubat) were given in his name throughout the whole Muslim world. He kept the trust (amanah) of the Prophet (saws). He also worked with his hands. Yes. He sold his work and ate from its earnings. He found time for that amidst the work of a huge empire. He never sat upon his throne for judgment until he had made the Naqshbandi remembrance (dhikr) of God, recited from the Qur'an, recited from the book of daily devotions (salail al-khayrat), prayed a supererogatory prayer of two cycles observed shortly after sunrise (ishraq) and another supererogatory prayer of between two and eight cycles which is observed around mid-morning (duha). Then he would come. He was such a person. There were blessings (barakah) during his rule, more mercy. For thirty three years he held the whole Ottoman Empire, that is, the Islamic Empire, because he was the caliph, keeping the flag of the Prophet (saws). The whole Christian world was afraid of him and Queen Victoria was a friend of his.

What are we saying? We are saying that in this world, as long as it is in existence, you can find so much work to do. Don't be unemployed, no. If you can take this from here and put it there, you can earn money in this huge country.

Yes. You must work for your lawful provision (rizq halal) not for saving. Saving, saving in banks. Your lawful provision is a grant from your Lord to you to give benefit to yourself and to the servants of God Almighty. What is the benefit of saving in banks? The Prophet (saws) says, "You must work for your lawful provision, and you must work as if you are going to be on earth forever," because when the hope of life is cut off from a person, he is going to die. Hope must be with him and must continue. Hope of life makes him stronger for everything, for every job or duty or responsibility.

At the same time, you must think about your afterlife, your Eternal Life. You must consider that perhaps tomorrow you may die. You may transfer to the Eternal Home. Even a one square foot place in paradise is of more value than the whole world and all the treasures in it. Why? Because the whole world and its treasures are going to be nothing but one square foot in paradise. That is eternal. This world may be bigger than that

one square foot, but it is going to be finished and vanish. It is temporary, but that place in paradise where you can put foot, that is permanent, eternal. Therefore, you must be careful also about that point, to work for your Eternal Life.

The Prophet (saws) said, "Oh people, you must think about how long you are going to stay during this life and work for it for as long as you are intending to stay here. Then, for the Eternal life, you must think how long you are going to be in Eternal life and you must work for it, also. You must make a balance. But if you make that balance, you will not be able to find any time for this world. The whole of our time we must spend working for Eternal Life, not for this world because it is so short a time. To the contrary, we give all our power to this temporary life and its needs and for the Eternal Life, we say, "Nevermind. It does not matter. The One who gives to you here in this life is going to give to you in the next life, as well."

If you cannot be here without working, how can you say that He will give you for the Eternal Life without working for it? And that is important. We must look after, we must be more careful about the Eternal Life. We must give more time. Now during Ramadan we are giving a little bit more, praise belongs to God, but after Ramadan, also, we must make a balance - for prayers, for everything that makes our Eternal Life more enjoyable for us and more honorable so that we may be honored in the Divine Presence.

**Al Ahzab**

---

And therefore, if there is no care for the ummah and they are divided and every group favours what they have, this is main reason for what prevents Divine support from reaching them. And now they have become divided into very small groups of few people.

Although they are 2 billion Muslims they have no power, as if... they are idolaters because they are ruled by men who have no relation to the Sharia' of Islam. And all of them fight for the purpose of being leaders, not of Islam but of their countries. And they became divided into groups. The Hajjis recite "Wa Hazama al Ah'zaba Wahda." (He defeated the groups Alone) La Ilaha illa Allah Wah'dahu La Sharika La Lahu Al Mulk Wa Lahu Al Hamd Yuh'yi Wa Yumit Wa Huwa 'Ala... Allahu Akbar! They became divided into groups. They have no power nor any contentment, no peace, no honour no mind, no religion no faith. That is it. Otherwise the glory of Islam would be enough to defeat all the non-believing world. They (the Muslims) became servants for the benefit of the non-believers. The Muslim people became the servants of the nonbelievers to achieve their works through them. Because the non-believers want to establish their false religion over the Truth of the Islamic religion. They used our leaders with this intention... They used our leaders, and our leaders obeyed them. And they occupied the Muslim lands, the non-believers.

Where is Islam? Allah (swt) ordered "Believers are brothers to one another therefore do goodness to your brothers" (Quran) The Holy Quran is the mighty rope of Allah (swt). Who holds to it will be saved in this world & in the hereafter; is victorious in this world & in the hereafter. He reaches the honour of both, this world & the hereafter. Once they went astray everything went against

them & their actions became humiliating.

May Allah (swt) "appoint for us a King so we may fight in Allah's way" (2:246) This is a verse in The Holy Quran. It teaches about what happened to the Muslim people when they fell into difficulties. It means they must return to their Prophet, or consult with the one who represents the Prophet (saws). They said, no we are going to be ruling. Never they ruled! Just their rule is according to their desires & it went against them also. Hold to Allah's (swt) book & the Sunnah of Rasulullah you will be victorious in this world & the hereafter. Otherwise Allah (swt) will humiliate them in this world & will punish them in the hereafter. Tawba Ya Rabbi. Fatiha.

My Arabic is little, but who wants to understand he may understand. Mubarak this evening of Eid. Laylatul Eid. The Muslim people became millions, but have no value. They have no value. Hasha! To say that a believer has no value, but we have come to a point that we are fighting one another. And therefore it is a sign of the appearance of Mahdi (as), the troubles among the Arab tribes. Let them open the books of Hadith, especially Jami' Al Saghir, they may read it. Let them take their precautions for them & the ummah, otherwise it will bring heavy punishment on them in this world & in the hereafter. May Allah protect us. Fatiha.

All of them...all of them follow their egos. They are proud of themselves. They became proud of themselves. They want to be number one. They want to claim "I am, the leader of Islam". What is the difference between them? If they were wanted in this position people would not be against them and their rule, not the Libyans, or in Algeria, or Tunisia, or in Egypt or in Sudan, or Yemen, or Syria, or all the rest of the Muslim countries. May Allah (swt) protect us & send us a King so we may fight in Allah's way" (2:246) This is... this is the Imam we are waiting for. The one that we are given good tidings about from the owner of the absolute Message, Sayyidina Rasulullah (saws). "After the Kings will come tyrants. And after the tyrants will come a man from my household. He will fill the earth with justice just as it was filled with injustice." (Hadith)

Nothing will correct the situation now except giving Bayat to the one Imam. Until they stand up, all of them, and say "this is the Imam of the Muslims". If they do not do this, not one of them will be successful. And Allah's (swt) Wrath will come upon them. May Allah protect us. We are

non-Arabs. You are Arabs. We leave you to yourselves. Arabs, they know The Holy Quran. They know the Honourable Hadith and they understand. Let them understand. Let them make us understand also. We are just Muslims but most of the Arab nations, let them bring The Holy Quran. What does the Holy Quran say? Allah (jwa) says if they went astray and Allah (swt) "May send on them punishment from above them or from under their feet, or will let you taste harm from each other" (Quran)

Tawba Ya Rabbi, tubna wa Raja'na Ilayk. Let them say, first of all the Arab Nations, tawba Ya Rabbi Tawba Ya Rabbi...

Al Ahzab

---

Und deshalb, wenn es keine Sorge gibt für die Ummah und sie geteilt ist und jede Gruppe das bevorzugt, was sie hat, ist das der Hauptgrund, der verhindert, daß sie Göttliche Unterstützung erreicht. Und jetzt sind sie geteilt in sehr kleine Gruppen von wenigen Leuten. Obwohl sie 2 Billionen Muslime sind, haben sie keine Macht, als ob... sie Götzenanbeter wären, weil sie regiert werden von Männern, die keine Beziehung haben zur Shariat des Islam. Und sie alle kämpfen zu dem Zweck, Führer zu sein, nicht des Islam, sondern in ihren Ländern. Und sie sind in Gruppen geteilt. Die Hadjis rezitieren "Wa Hazama l-Ah'zaba Wahda" - Er besiegte die Gruppen Allein. La ilaha illa Allah Wah' dahu La Sharika La. Lahu l-Mulk wa Lahu l-Hamd Yuh'yi Wa Yumit Wa Huwa 'Ala... Allahu Akbar! Sie sind in Gruppen unterteilt. Sie haben keine Macht, noch irgendeine Zufriedenheit, keinen Frieden, keine Ehre, keinen Verstand, keine Religion, keinen Glauben. Das ist es. Sonst wäre die Herrlichkeit des Islam genug, um die Welt der Ungläubigen zu vernichten.

Sie (die Muslime) wurden Diener zum Wohl der Ungläubigen. Die Muslime wurden zu Dienern der Ungläubigen, um ihre Werke durch sie zu verwirklichen. Denn die Ungläubigen wollen ihre falsche Religion über die Wahrheit der islamischen Religion stellen. Sie benutzten unsere Führer mit dieser Absicht... Sie benutzten unsere Führer, und unsere Führer gehorchten ihnen. Und sie

besetzten die Länder der Muslime, die Ungläubigen. Wo ist der Islam? Allah (swt) befiehlt: 'Gläubige sind einander Brüder, deshalb tut eueren Brüdern Gutes' (Quran). Der Heilige Quran ist das machtvolle Seil Allahs (swt). Wer daran festhält, wird gerettet in dieser Welt und im Jenseits, ist siegreich in dieser Welt und im Jenseits. Er erlangt Ehre in beiden, in dieser Welt und im Jenseits. Als sie erst einmal in die Irre gegangen waren, stellte sich alles gegen sie und ihre Handlungen wurden erniedrigend. Möge Allah (swt) 'einen König für uns bestimmen, damit wir auf Allahs Weg kämpfen können.' (2:246) Das ist ein Vers im Heiligen Quran. Er lehrt, was den Muslimen geschah, als sie in Schwierigkeiten gerieten. Das bedeutet, sie müssen zu ihrem Propheten zurückkehen oder mit dem beraten, der den Propheten (saws) vertritt. Sie sagen: 'Nein, wir herrschen.' Niemals werden sie herrschen! Ihre Herrschaft ist ihren Begierden unterworfen, und es geht auch gegen sie selbst. Haltet fest an Allahs (swt) Buch und der Sunnah Rasulullahs und ihr werdet siegreich sein in dieser Welt und im Jenseits. Sonst wird Allah (swt) sie erniedrigen in dieser Welt und bestrafen im Jenseits. Tawba ya Rabbi, Fatiha.

Mein Arabisch ist gering, aber wer verstehen will, versteht. Mubarak diesem Abend des Eid, Laylatu l-Eid. Die Muslime sind Millionen geworden, aber sie haben keinen Wert. Sie haben keinen Wert. Hasha, zu sagen, daß ein Gläubiger keinen Wert hat, aber wir sind an den Punkt gekommen, daß wir gegeneinander kämpfen. Und deshalb ist es ein Zeichen für das Erscheinen von Mahdi (as), die Schwierigkeiten unter den arabischen Stämmen. Sie sollen die Hadithbücher aufschlagen, besonders Jami' l-Saghir. Sie sollen es lesen. Sie sollen Vorkehrungen treffen für sich selbst und die Ummah, sonst wird es schwere Strafe auf sie bringen in dieser Welt und im Jenseits. Möge Allah (swt) uns schützen. Fatiha. Sie alle, sie alle folgen ihrem Ego. Sie sind stolz auf sich selbst. Sie wurden stolz auf sich selbst. Sie wollen Nummer eins sein. Sie wollen behaupten 'Ich bin der Führer des Islam.' Was ist der Unterschied zwischen ihnen? Wären sie erwünscht in dieser Position, wären die Menschen nicht gegen sie und ihre Herrschaft, nicht die Lybier oder in Algerien oder Tunesien oder in Ägypten oder im Sudan oder im Jemen oder in Syrien oder im Rest der muslimischen Länder. Möge Allah (swt) uns schützen und 'uns einen König senden, damit wir auf Allahs (swt) Weg kämpfen können' (2:246). Das ist der Imam, auf den wir warten. Derjenige, über den wir gute Nachrichten erhalten haben vom Eigner der absoluten Botschaft, Sayyidina Rasulullah (saws). 'Nach den Königen kommen die Tyrannen,

und nach den Tyrannen kommt ein Mann meines Haushalts. Er wird die Erde mit Gerechtigkeit füllen, gerade so, wie sie mit Ungerechtigkeit gefüllt war.' (Hadith) Nichts wird die Lage jetzt richtigstellen außer das Bayat für einen Imam. Bis sie aufstehen, sie alle, und sagen: Das ist der Imam der Muslime. Wenn sie das nicht tun, wird nicht einer von ihnen erfolgreich sein. Und Allahs (swt) Zorn wird über sie kommen. Möge Allah uns schützen.

Wir sind Nicht-Araber. Ihr seid Araber. Wir überlassen euch euch selbst. Araber, sie kennen den Heiligen Quran. Sie kennen die ehrenwerten Hadith und sie verstehen. Sie sollen verstehen. Sie sollen uns auch zu einem Verständnis verhelfen. Wir sind nur Muslime, aber die meisten arabischen Nationen sollen den Heiligen Quran hervorholen. Was sagt der Heilige Quran? Allah (jwa) sagt, wenn sie in die Irre gingen, Allah (swt) 'kann auf sie eine Strafe schicken von oben oder von unter ihren Füßen oder Er wird euch Leid von einander kosten lassen' (Quran). Tawba ya Rabbi, Tubna wa Raja'na Ilayk. Sie sollen sagen, zu allererst alle arabischen Nationen: Tawba ya Rabbi, Tawba ya Rabbi...

## Al ‘Arab & Al A’rab

(Dt.: AlArabUndAlaRab)

People are asking, Audhu Billah min al shaytan al rajim Bismillah Al Rahman Al Rahim, about what is mentioned in The Magnificent Quran. "Al A`rabu Ashaddu Kufran WaNifaqan" (9:97). Who is this nation? Was this nation of the past, or the present or is still to come? Who is this nation? "Al A`rabu Ashaddu Kufran WaNifaqan" (9:97). They are asking me, and I told them I am not a scholar. We want to ask the people of knowledge for an answer about the Holy verse.

Astaizzu Billah "Al A`rabu Ashaddu Kufran WaNifaqan" (9:97) Who are they? Were they in the past, or are they in the present time or do they still have to come? And the apparent meaning, "Qawm Al A'rabu"(Nation of Al A'rabu)Alif Lam (article) indicates, time kind & general. Who are these people? "Al A`rabu" were they in the past? Or are they present or do they still have to come? And they are "the worst in disbelief and hypocrisy." (9:97) Ashaddu Kufran Wa Nifaqan" (9:97) (the worst in disbelief and hypocrisy) The people of Egypt, the people of Damascus, the people of Baghdad, people of Hijaz, the people of Yemen, the people of Sudan, the people of Algeria, Tunisia, and the Maroccan people -They claim to be Arabs.

But Allah (jwa)mentioned, astaizzu Billah. He (swt) did not say "Arabs are the worst in disbelief & hypocrisy.

"But He (swt) said "Al A`rabu Ashaddu KufranWa Nifaqan" (9:97) I request an answer from the Mufti of Al Azhar, Mufti of Saudi Arabia, Mufti of Turkey, Mufti of India, from Mufti of Iran, Mufti of Damascus. From all of them, I am requesting an answer. They say that they want to know who is this nation. This nation, are they present in our present time, and have you seen these people ruling? Or not? Are they ruling or being ruled? This is a deep ocean and people, the general public are believers & they would love to know who this nation is.

Are they.. this nation, maybe they are Turks? No. Because the addressing is to the Arab world. "Al A`rabu are the worst in disbelief and hypocrisy" (9:97) For what reason Allah (jwa)sent this Holy Verse. Is it for no reason? And this Holy Verse brings a warning about this nation, or a benefit so we follow them? Do you think that Abdul Nassir was from "Al A`rabu"? Or Abdul Wahhab was from this nation, or this nation is from the people of Palestine? What is his name? Arafat, is he from that nation? Or the one who was in Libya, was he from that nation? Is the Holy Versepointing to this nation? Or is the Holy Verse pointing to the people of Tunisia? Is it pointing to the people of Morocco, to the people of Sudan? Because they are the Arab world.

Is it pointing to the people of Yemen and the Arabian Peninsula? To whom? Because we do not know except that the addressing is to the Arabs. "Al A`rabu are the worst in disbelief and hypocrisy" (9:97) Which ones are "Al A`rabu"? Who is this nation? This is important. Because "Who cheats us is not from among us" (Hadith). "Man Ghasshana FaLaisa Minna" (Hadith).

We request... They say that they are part of the Arabs - Who are they? So we may not be cheated, who are they? If they can make clear that answer about this nation, we can beware of them. And those who are clearly innocent we follow them. But to those to whom this addressing is pointing, we should be careful, that they don't touch our Islam & Faith with their evilness. This question -how many people are coming& asking me, "what do you think Shaykh?" I say, "I am not an Arab, we are from the non-Arabs". But I also would like to know from our scholars, that they are leading us. The Arab scholars, especially those who claim from the land of Saudi Arabia "we are the leaders of the Muslim world. "I am asking from those who call themselves Wahabis or Salafi, especially two groups that are spreading (in the Muslim world). Once they spread, came a time when non-Arabs & Arabs are asking, who is meant by the Holy Verse? "Al A`rabu are the worst in disbelief and hypocrisy" (9:97) So we can beware of them.

Ask the Mufti of the Egyptian people. Ask the Mufti from people of Saudi Arabia. Ask the scholars of Yemen. And the rest of the Arab scholars, from the Arabic countries. Are the worst unbelievers from Saudi Arabia? Or the people of Yemen? The Palestinian people? Or the people of Egypt, people of Libya, people of Tunisia, or Algerian people or Moroccan? Which one? Or the poor people of Sudan? Are they the ones meant? Who are they? Did Allah (swt) mention something that does not exist? Hasha!

Wa min Allah Al Tawfiq, al salam aleikum. We are asking Allah (swt) forgiveness. O Allah (swt) grant us not to be from that nation.

Bi Hurmat Al Habib, Bi Hurmat Al Fatiha.

## Al ‘Arab wa al A`rab

(Engl.: AlArabAndAlaRab)

Die Leute fragen, Audhu Billahi mina sh-shaytani r-rajim, Bismillahi r-Rahmani r-Rahim, nach dem, was im Glorreichen Quran erwähnt ist. "Al A`rabu Ashaddu Kufran Wa Nifaqan" (9:97). Wer ist diese Nation? War es eine Nation der Vergangenheit, der Gegenwart oder kommt sie noch? Wer ist diese Nation? "Al A`rabu Ashaddu Kufran Wa Nifaqan" (9:97) Sie fragen mich, und ich sagte ihnen, ich bin kein Gelehrter. Wir wollen die Leute des Wissens um eine Antwort bitten zu diesem Heiligen Vers. Astaizzu Billah "Al A`rabu Ashaddu Kufran Wa Nifaqan" (9:97). Wer sind sie? Lebten sie in der Vergangenheit oder gibt es sie in der heutigen Zeit oder kommen sie noch? Und die augenscheinliche Bedeutung "Qawmu l-A`rabu" (Nation Al A`rabu). Alif Lam, der Artikel, zeigt an die Zeit, die Art und Allgemeines. Wer sind diese Leute? "Al A`rabu", gab es sie in der Vergangenheit? Oder sind sie gegenwärtig oder kommen sie noch? Und sie sind 'die Schlimmsten in Unglauben und Heuchelei.' (9:97) "Ashaddu Kufran Wa Nifaqan" (9:97) Die Leute von Ägypten, die Leute von Damaskus, die Leute von Baghdad, die Leute des Hijaz, die Leute des Jemen, die Leute des Sudan, die Leute von Algerien, Tunesien und die Marokkaner. Sie behaupten, Araber zu sein. Aber Allah (jwa) erwähnte, Astaizzu Billah, nicht 'Araber sind die Schlimmsten in Unglauben und Heuchelei', sondern Er (swt) sagte: "Al A`rabu Ashaddu Kufran Wa Nifaqan" (9:97).

Ich fordere eine Antwort vom Mufti der Azhar, dem Mufti von Saudi Arabien, dem Mufti der Türkei, dem Mufti von Indien, dem Mufti des Iran, dem Mufti von Damaskus, von ihnen allen fordere ich eine Antwort. Sie sagen, sie wollen wissen, wer diese Nation ist. Ist diese Nation gegenwärtig in unserer Zeit, und habt ihr diese Leute regieren sehen? Oder nicht? Herrschen sie oder werden sie beherrscht? Das ist ein tiefer Ozean und die Leute, das allgemeine Publikum, sind Gläubige und sie wüßten gern, wer diese Nation ist. Sind sie, diese Nation, vielleicht Türken? Nein. Weil die Anrede sich an die Arabische Welt richtet, 'Al A`rabu sind die Schlimmsten in Unglauben und Heuchelei' (9:97). Aus welchem Grund sandte Allah diesen Heiligen Vers? Gibt es dafür keinen Grund? Und dieser Heilige Vers bringt eine Warnung vor dieser Nation oder einen Nutzen, so daß wir ihnen folgen? Glaubt ihr, daß Abdul Nassir zu den "Al A`rabu" gehörte? Oder Abdul Wahhab war einer dieser Nation? Oder gehört diese Nation zum Volk der Palästinenser? Wie hieß er noch? Arafat. Gehörte er zu dieser Nation? Oder der aus Lybien, gehörte er zu dieser Nation? Deutet der Heilige Vers auf diese Nation? Oder deutet der Heilige Vers auf die Leute von Tunesien? Deutet er auf die Leute von Marokko, die Leute des Sudan? Weil sie die Arabische Welt sind. Deutet es auf die Leute des Jemen und die Arabische Halbinsel? Auf wen?

Weil wir es nicht wissen, außer daß die Ansprache sich an die Araber richtet. 'Al A`rabu sind die Schlimmsten in Unglauben und Heuchelei' (9:97). Wer sind "Al A`rabu"? Wer ist diese Nation? Das ist wichtig. Weil 'wer uns betrügt, nicht zu uns gehört' (Hadith). "Man Ghasshana Fa Laisa Minna" (Hadith). Wir fordern... Sie sagen, sie seien Teil der Araber. Wer sind sie? Damit wir nicht betrogen werden: Wer sind sie? Wenn sie es deutlich machen könnten, die Antwort über diese Nation, könnten wir uns vor ihnen in acht nehmen. Und jenen, die eindeutig unschuldig sind, folgen wir. Aber gegenüber jenen, auf die diese Ansprache sich richtet, sollten wir vorsichtig sein, damit sie unseren Islam und Glauben nicht anrühren mit ihrer Bosheit. Diese Frage, wieviele Leute kommen und fragen mich: Was glaubst du, Shaykh? Ich sage: Ich bin kein Araber. Wir gehören zu den Nicht-Arabern. Aber ich wüßte auch gern von unseren Gelehrten, die uns führen, den Arabischen Gelehrten, besonders denen, die behaupten, aus dem Land Saudi Arabien: Wir sind die Führer der muslimischen Welt. Ich frage jene, die sich selbst Wahhabis nennen oder Salafi, besonders zwei Gruppen, die sich ausbreiten in der muslimischen Welt. Wenn sie sich erst einmal verbreitet haben, kommt eine Zeit, wenn Nicht-Araber und Araber fragen: Wer ist gemeint mit dem Heiligen Vers? 'Al A`rabu sind die Schlimmsten in Unglauben und Heuchelei. Damit wir uns vor ihnen in acht nehmen. Fragt den Mufti der Ägypter. Fragt den Mufti der Leute aus Saudi Arabien. Fragt die Gelehrten aus dem Jemen und die

übrigen arabischen Gelehrten aus den arabischen Ländern. Kommen die schlimmsten Ungläubigen aus Saudi Arabien? Oder die Leute aus dem Jemen? Die Palästinenser? Oder die Leute aus Ägypten, die Leute aus Lybien, die Leute aus Tunesien oder die Algerier oder die Marokkaner? Welche? Oder die Armen aus dem Sudan? Sind sie diejenigen, die gemeint sind? Wer sind sie? Erwähnt Allah (swt) etwas, was gar nicht existiert? Hasha! Wa min Allah t-Tawfiq. As-salamu alaykum. Wir bitten Allah (swt) um Vergebung. O Allah, gewähre uns, nicht eine von dieser Nation zu sein. Bi Hurmati l-Habib. Bi Hurmati l-Fatiha.

**Al Asa Liman Asa**

(Engl.: StickForDisobedient)

Ihr Diener Allahs (swt), ihr müßt dem Buch Allahs (swt) und der Sunnah Seines Propheten (saws) folgen. Bismillahi r-Rahmani r-Rahim. Ihr Leute Ägyptens oder ihr Leute von Ost und West, die Worte des Propheten (saws) sind für alle. Für alle. O Nation des Geliebten! Mit den Attributen des Propheten (saws) lehrt er die Leute Gutes. Wenn ihr lernt, werdet ihr in dieser Welt und im Jenseits siegreich sein. Wenn ihr nicht lernt, werdet ihr in dieser Welt und im Jenseits die Härte des Lebens erfahren, im Leben dieser Welt Härte und im Jenseits die Qualen der Hölle. Das sagen die Leute der Haqqiqat, der Wahrheit. Und wir sind die Diener des Herrn, und wir sagen: Audhu Billahi mina sh-shaytani r-rajim. Ihr Diener des Herrn, der größte Rat für die Muslime von Allah (awj) ist: "Fa Asaizzu Billah" - Ehrt eueren Herrn. "Mina sh-shaytani r-rajim" - vor dem verfluchten Teufel. Die Leute jetzt hören nicht auf die Worte Allahs (swt) und Seines Propheten (saws). Und sie folgen ihren Gelüsten, die sie dazu bringen, in dieser Welt und im Jenseits zu verschwenden.
Das sagte der Prophet (saws). Bismillahi r-Rahmani r-Rahim. Ihr Leute, das bedeutet, wenn ihr seht, daß sie ihrer Gier gehorchen, ihren egoistischen Gelüsten folgen und jeder seine eigene Meinung bevorzugt, dann haltet euch zurück. Das bedeutet, daß ihr sie sich selbst überlaßt. Und jetzt sind wir in einer Zeit, und wer

diese Nachrichten gab, ist der wahre Sprecher. Ein wahrer Sprecher, der Nachrichten gab von der Vergangenheit und auch von der Zukunft, der Prophet (saws). Macht, was ihr wollt! Wenn ihr auf die Worte des Propheten (saws) hört, werdet ihr siegreich sein in dieser Welt, und ihr werdet vor der Erschöpfung bewahrt, die Shaytan vor euch aufbaut. Oder Shaytane... Und jetzt glauben die Leute, daß sie auf dem Siratu l-Mustaqim, dem geraden Weg, sind. Hasha! Nein! Sie sind nicht auf dem Geraden Weg. Wo sind die Gelehrten Ägyptens, um ihnen diese Sache zu erklären? Daß die Leute Ägyptens nicht auf dem geraden Weg sind. Und Allah (swt) befahl den Dienern, in jedem Rakat zu rezitieren, auf dem Siratu l-Mustaqim, dem geraden Weg, zu sein. Gehört die Demokratie oder ein Parlament zum Siratu l-Mustaqim? Und Wahlen? Und daß jeder stolz ist auf seine Ideen, ist das die Anweisung des Propheten (saws)? Die Anweisungen des Propheten (saws) beruhen auf den Befehlen seines Herrn (jwa). 40x jeden Tag, so befahl Allah (awj), sollen sie darum bitten, auf dem Siratu l-Mustaqim zu sein. 'Der Weg derer, denen Du Gnade erwiesen hast' (1:7), den Propheten.
Wo ist das so, ihr Gelehrten Shams? Laßt die Mehrheit der Leute, weil ihr die Gelehrten seid. Wie steht ihr da am Tag des Gerichts vor Allah (awj)? Meine Diener, was habt ihr verstanden? Ich sandte euch Rasul, einen gepriesenen Propheten (saws), um euch auf den Wahren Weg zu geleiten. Ich lehrte euch, jeden Tag in der Sure Al Fatiha zu sagen "Ihdina s-Sirata l-Mustaqima" (1:6) "Sirata l-Ladhina An`amta `Alayhim Ghayri l-Maghdubi `Alayhim Wa La d-Dalin" (1:7). "Ihdina s-Sirata l-Mustaqima" (1:6) "Sirata l-Ladhina An`amta `Alayhim"(1:7). 'Und nicht jener, die Allahs (swt) Ärger auf sich gezogen haben. Das jeden Tag. Für jede Sache eine Fatiha zu rezitieren, stellt sicher, daß die Sache auf dem 'Geraden Weg' ist. 'Der Weg derer, denen Du Gnade erwiesen hast, nicht der Weg derer, die Deinen Ärger auf sich zogen, noch derer, die in die Irre gingen' (1:7). Die Leute sind in 3 geteilt: Diejenigen, die der ersten Generation des Islam, den Propheten (as) folgen, und diejenigen, die ihnen folgen. Und zweitens, diejenigen, die in die Irre gingen, und drittens diejenigen, die Allahs (swt) Ärger auf sich zogen, und diejenigen, die in die Irre gingen. Ich weiß nicht, zu welcher Gruppe die Leute Ägyptens gehören. Gehören sie zu denen, auf denen Allahs (swt) Ärger ist? Oder sind sie in die Irre gegangen? Ich glaube nicht, daß sie auf dem Geraden Weg sind. "Ihdina s-Sirata l-Mustaqima" (1:6). "Sirata l-Ladhina An`amta `Alayhim..." (1:7)
Dies sind die Worte von Haqq. Für wen sind sie? Für Tiere oder für die Nation des Geliebten? Wie ist das: Führe uns auf den Geraden Weg (1:6). Den Weg derer, denen Du Gnade erwiesen hast... (1:7) Wer sind sie? Die Propheten (as), die Aufrichtigen, die Zeugen und die Guten. 'Nicht jene, die Deinen Ärger auf sich gezogen haben' (1:7). Jene sind die Juden, und die in die Irre gingen, sind die Leute des Buches... die

Christen. Sie folgen, die Leute Ägyptens folgen... Sie haben die Worte Allahs (swt) verlassen und folgen den Teufeln von den Leuten und Djinn. Wie können sie siegreich und erfolgreich sein? Sie werden keinen Erfolg haben. Sie werden niemals Erfolg haben! Dieses sind die Worte Allahs (swt). Sie sind jetzt nicht erfolgreich, die Christen. Die nie erfolgreich sein werden sind die Juden. Wo sind sie? Sie folgen den Christen oder den Juden? Die, die denen folgen, die Allahs (swt) Ärger auf sich gezogen haben, und die, die in die Irre gingen. Wir hoffen, in dieser Welt siegreich zu sein und vor Al Haqq (awj) mit einem leuchtenden Gesicht zu erscheinen. Wie? Wie kann das so sein? Wie, ihr Leute Ägyptens? Wo sind ihre Gelehrten? Und sie sind Muslime? Astaghfirullah!

"Ja'a l-Haqqu Wa Zahaqa l-Batilu" (17:81). 'Die Wahrheit ist gekommen und die Falschheit verschwunden' (17:81). Die Wahrheit kam mit dem Propheten (saws) des Zeitenendes, und die Falschheit ist verschwunden. Jeder, der gegen den Propheten (saws) des Zeitenendes ist und seine Worte nicht anerkennt, wie, glaubst du, soll der erfolgreich sein. Die sind am erstaunlichsten, die sich Muslimbruderschaft nennen. Wie könnt ihr, Muslimbruderschaft, anerkennen, auf die Plätze der Städte hinauszugehen und zu sagen: Wir sind die besten, um über euch (die Ägypter) zu herrschen. Wie kann das sein? Wie könnt ihr an so etwas glauben? Demokratie, Parlament, Wahlen. Das ist kein Islam. Wie könnt ihr sagen, daß ihr Muslimbrüder seid? Wie können sie sagen, daß sie Salafis sind? Wie kann die Mehrzahl der Leute sagen, daß sie Muslime sind? Audhu Billah! Ihr Leute, ihr Leute, "Ajtanabu t-Taghuta" (39:17) - Meidet die Tyrannen. Es gibt Tyrannen, aber Tyrannen sind nicht ewig unter den Leuten, um sie zu unterdrücken. Und die Leute, die ihren Gelüsten folgen, über die sagte der Prophet (saws): 'Wenn ihr Leute seht, die ihren egoistischen Gelüsten folgen, Teufel und dergleichen, hoffen sie dann, Erfolg zu haben? Und Allah (swt) sagt: Sie werden niemals Erfolg haben. Sie werden nie Erfolg haben, jene, die den Tyrannen folgen. Es ist nicht möglich für sie, Erfolg zu haben. Deshalb hängt die Angelegenheit der Ägypter in der Luft. Sie kommen zu keinem Ergebnis. Möge Allah (swt) uns davor bewahren. Das ist jetzt in allen Ländern so. Ihr ägyptischen Gelehrten, Muslime, Muslimbruderschaft und Salafis, was versteht ihr vom Heiligen Quran? Was versteht ihr von der Botschaft des Propheten (saws)? Wie wendet ihr die Worte Allahs (swt) und Seines Propheten (saws) an? Es tut mir leid, das sagen zu müssen, und ich bin ein schwacher Diener. Meine Sprache ist nicht Arabisch. Und was vom Heiligen Quran zu verstehen ist, ist so klar und einleuchtend wie das Licht des Tages. Wenn ihr nicht versteht, dann werdet ihr niemals erfolgreich sein. Dies sind unsere Worte, und ich bin ein schwacher Diener. Ich habe das Alter von Itaq, über 80, erreicht. Ich nehme für mich nichts in Anspruch. Ich bin ein schwacher Diener, aber mir kam die Eingebung, euch zu ermahnen. Und wer versteht und annimmt, wird siegreich sein,

und wer nicht annimmt, Wehe ihnen, wegen dem, was sie tun! Aman ya Rabbi, Tawba ya Allah (swt). Tubna wa Raja'na ilayk. Der gesamte Quran weist auf die vorhergehenden Nationen hin, daß sie alle Könige und Sultane hatten. Sie haben nicht diesen Unsinn von Demokratie. Wenn ihr versteht, werdet ihr siegen, wenn nicht, werdet ihr nie Erfolg haben. Tawba ya Rabbi!
Die Türken sind wie ihr. Die Leute von Sham sind auch wie ihr, Baghdad, alle Muslimländer sind auf demselben Weg. Deshalb werdet ihr nie erfolgreich sein. Wenn ihr Geiz vorherrschen seht und und jeder seine persönliche Meinung bevorzugt, dann haltet euch zurück. (Hadith) Das ist ein Befehl. Und Wehe ihnen für das, was sie tun! Astaghfirullah! Tubt Wa Raja't ilayk. Ich bin ein schwacher Diener. Mein Herr, vergib mir. Vergib meinen muslimischen Brüdern vom Osten und Westen der Welt. Laß sie die Bedeutung des Großen Heiligen Quran verstehen vom Osten und Westen der Welt. Mögen sie sehen, was mit den früheren Nationen der Muslime geschah, und wie es ausging. Und Allah (swt) ist der Vergebende und Höchst Gnadenreiche. Aman ya Rabbi, Tubna wa Raja'na ilayk. .."Ab`ath Lana Malikan Nuqatil Fi Sabili Allahi" (2:246). "Min Bani Isra'ila Min Ba`di Musa Idh Qalu Linabyin Lahum" (2:246). Sie sagten ihm nicht: Sende uns ein Parlament, einen Präsidenten! Ihr seid Araber. Wenn ihr nicht versteht, Ägypter, der Stock liegt bereit! Er wird euch treffen, er wird euch treffen wegen euerer Differenzen, weil ihr die Befehle Allahs (swt) und die Empfehlungen des Heiligen Quran zurückweist. Tawba ya Rabbi, Tawba Astaghfirullah! Ich bin ein schwacher Diener, mein Herr. Vergib mir und vergib meinen Brüdern. Laß uns den Heiligen Quran wirklich verstehen. Allah (swt) ist Zeuge dessen, was wir sagen. Hasbuna Allahu wa Ni'ma l-Wakil. Fatiha. Dies ist ein tiefer Ozean, der nicht endet. Aber es ist genug. Was ich gesprochen habe, ist genug. Deshalb möge Allah (swt) mir und euch vergeben, meine Brüder! Astaghfirullah für mich und für euch. Und siegreich sind die, die um Vergebung bitten. Fatiha.

**Al Bayan**

Audhu Billah min al shaytan al rajim, Bismillah Al Rahman Al Rahim La Ilaha illa Allah Sayyiduna Muhammad Rasulullah (saws) He Is the Magnificent Creator Dastur Ya Rijal Allah Support us with your power. Allah, Jalla Jalalahu Jallat 'Azamatuhu wa La Ilaha Ghayruhu. The Lord of Heavens & Earths and the Lord of the Magnificent Throne. "He Created Man." (55:3) "He has taught him Al Bayan"(55:4)

Do you understand Arabic, what is bayan/ clear evidence? Bayan, the clear evidence that shows the realities. We are weak servants. We do not know anything & to teach us since our Lord (jwa) honoured us He (jj) said, "And indeed We have honoured the Children of Adam" (17:70) SubhanaHu Wa Ta'ala. Haqq (swt) says, "O My servants obey Me, I Am The Mighty, I Am The Subduer, I Am The Lord of Heavens & Earth, Earths. Subhansin, Subhan Allah, Sultan Allah. Our Lord indicates His (jwa) presence to the servants who are honoured. Allah (swt) honoured them. He sent the Prophet (saws) Allahu Akbar! "Ar-Rahmanu. Allama Al-Qur'ana. Khalaqa Al Insana." (55:1-2-3) "Allamahu Al Bayan." (55:4) Al Insan/human being, it is known this refers to the Prophet (saws). Allah (swt) glorified him. "He created man." (55:2) "Taught him Al Bayan." (55:3) Insan/human being who represents Al Haqq on the face of the earth & in the universes. "He taught him Al Bayan." (55:3)

Allahu Akbar! "Wa An-Najmu Wa Ash-Shajaru Yasjudani" (55:6) The star indicates in space countless stars. Subhanahu wa Ta'ala. "He created man. Taught him Al Bayan."(55:3-4) And The stars & the trees prostrate." (55:6) This means that all the universes make sajda. They prostrate... Allahu Akbar Al Akbar! And He (swt) honoured the children of Adam "Wa Laqad Karramna Bani Adama "(17:70) We cannot speak about the Divine honour given to the servants.

"He taught him Al Bayan." (55:4) This is a deep ocean. We cannot speak about it, but we need something to indicate the human beings who are in existence, they look like human beings but their behaviour is like animals. Their behaviour is like animals. Allah (swt) sent down The Book and taught the Prophets (as), and He taught His Beloved Al Mustafa (saws). Al Bayan, Al Insan... Subhana Allah! We cannot speak deeper about the meanings.

And He (swt) sent with him clear evidence - The Quran, the Magnificent Quran. "Allamahu Al Bayan." (55:4) Allahu Akbar! Who from creation heard it went into prostration. "Ash-Shamsu Wa Al-Qamaru Bihusbanin" (55:5) It means the greatness of Al Haqq (swt) Who taught His Beloved(saws) Al Bayan. When they heard this Bayan, all that is in Heavens & Earths went into prostration. O mankind! Allahu Akbar! "Allamahu Al Bayan." (55:4) O Muslims! O Arabs! What the Lord (jwa) taught from Al Bayan to His Beloved (saws) did you learn it? No! If you learnt it you would not fall in the traps of shaytan.

The whole Muslim world now is caught in the trap of shaytan. They have fallen. Our Lord (jwa) warned them: O human being, in front of you there is a trap, take your precaution and don't fall into it. I Am your Lord The Most High. I taught Al Bayan to who represents Me in the universes, My Beloved Muhammad Al Mustafa (saws). I taught Him & I Honoured him (saws) an honour greater & above every single creation. And by His (swt) order Al Bayan came down from Me (swt) to him (saws). The glorification of Al Haqq, to The Prophet (saws). It was sent down from Me (swt), Al Bayan, to My Beloved Muhammad Mustafa (saws). Sent down... by Divine order. Jibril (as) handed down Al Bayan to My Beloved (saws) who represents Me in the universes. And it came to you.

Now they have brought me down a little bit from up to the level of those who may understand something.

Our Lord (jwa) sent down from His Presence the Divine Sharia' to His representative in the universes Sayyidina Muhammad (saws). "My Words are in the Great Quran, I sent it down so you may know what is the Truth." Al Bayan you will find in the Great Quran. Al Bayan is in the Holy Quran, it is made clear by My Beloved Muhammad Al Mustafa (saws). "I gave him Al

Bayan." "He taught him Al Bayan." (55:4) And I gave him (saws) the best of manners. Like the Prophet (saws) says "my Lord gave me best of manners". He did not say "He (swt) taught me". There are some verses that indicate this but what is important is that he (saws) said "addabani Rabbi". Good manners is more valuable than knowledge.

Subhana Allah! And he (saws) came to you with the Divine Sharia' with the Magnificent religion of Islam. Magnificent! The Religion of Islam is Magnificent. The Mighty Sharia', I (jj) sent it O Muslims, so you may understand & beware... We say, beware O Muslims! Allah (jwa) our Lord sent, the Magnificent Divine Sharia'. Magnificent, The Divine Sharia! And you leave it? You kick it away with your feet. You kick it like a football to throw it away. The Lord will teach you manners. Manners! They lost respect, the whole Muslim world. Because they left the Mighty Sharia' that came from Allah (swt). Allah (swt) says "He created man. He taught him Al Bayan." (55:3-4) I Am The One Who taught! And you kick it away with your feet, the Mighty Sharia'? Magnificent Sharia' & you search in the garbage... in the garbage for things to present to people. Woe! Woe O Arabs! Woe to you O Muslims! I Will teach you manners in a way that you will taste your own doings in this world & in the Hereafter. This has started.

They left the Mighty Sharia. We want to speak about this, since the people of Egypt left The Mighty Sharia' and they are saying "we are looking in the garbage for things to present to people." And I have sent to you The Mighty Sharia' and I said "Khalaqa Al Insana. Allamahu Al Bayan" (55:3-4) Why you do not ask what He (swt) taught? O scholars, O Arabs, O Kings! You shall taste punishment here & in the Hereafter because of your bad manners. We are non-Arabs, but you are Arabs. Shame on you for looking for something other than the Divine Sharia. Woe to you! You shall taste the result of your actions here & in the Hereafter.

Allah Ya Rabbi, Anta Rabbuna Anta Hasbuna! "Appoint for us a King so we may fight in Your way." (2:246) Since you ordered us O our Lord, we became ignorant. The Arabs & the non-Arabs - we all became ignorant. Our Kings, our Princes our leaders, they do not see at all these words that Allah (awj) sent down with the Mighty Sharia'. To rule with My Mighty Sharia' but instead you kick it away as a football & you look for things...what is this? Shame on you O Arabs! First of all the Arabs! People of Egypt, people of Hijaz & the rest, we are non-Arabs! O our Lord

Your forgiveness, "Appoint to us a King so we may fight in Your way" (2:246) O my Lord! These are just a few words that came to my heart, so I spoke them. I liked that Safia would also be present because she understands what we say.

There is no need to explain, it is clear. "He taught him Al Bayan." (55:4) "But only Allah (swt) Knows & those who are firmly grounded in knowledge."(3:7) Those firmly grounded in knowledge, have disappeared. Ya Rabbi forgive us. This is for the blessings of Muharram. Forgive us O our Lord! We do not have Sahib, O our Lord send us Sahib. We do not have a Sultan, send us a Sultan O our Lord. All of them run after this world, after the life of this world; how to satisfy their desires whether they are permissible or not. They are busy only with these things. May Allah (swt) protect us. Ya Rabbi we repent & turn to You. We repent & turn to You. Ya Sayyidi Ya Rasulullah, "Appoint for us a King... O my Lord! so we may fight in Your way." (2:246) We hope that our Lord may accept our apologies, and appoint for us a King so he may gather the Muslims under the banner of the Beloved, Sayyidina Muhammad (saws).

This is enough for us, this declaration for those who have knowledge & understanding, so they may understand. But who does not understand they carry it, it is not on us. O Muslim nation take your precaution, before the Wrath of Allah (swt) descends on earth. And how many signs show the anger of the Lord of Heavens on the people on earth.

May Allah protect us. Tawba Ya Rabbi tawba. We repent & turn to You. "Appoint for us a king, so we may fight in Your way." (2:246) An Imam, the promised Imam, Sahib Al Zaman... send us O our Lord. O magnificent Prophet (saws) we are asking your intercession, your intercession O honourable Prophet (saws)! O Beloved of Allah, Allah and Al Hamdulillah! I am tired, if I start speaking I would speak to the end of the world & not finish, but I am a weak servant. I have no power in my hands, I cannot even manage myself. I am ashamed. I am drowned in fear of my Lord I am ashamed from His Beloved (saws). O you Arabs, you are not in fear of your Lord? Or ashamed from your Prophet (saws)? How is that possible? May Allah (swt) correct your situation & correct ours also, Ya Sayyidi Ya Rasulullah, forgive us....

For the sake of Your Beloved (saws) we seek Your Mercy. Bi Hurmat Al Habib, Bi Hurmat Al

Fatiha.

**Er lehrte ihn Bayan (55:4)**

Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. La ilaha illa Allah, Sayyidina Muhammad Rasulullah (saws). Er ist der Glorreiche Schöpfer. Dastur, ya Rijal Allah. Unterstützt uns mit euerer Macht. Allah, Jalla Jalalahu Jallat 'Azamatuhu wa La Ilaha Ghayruhu. Der Herr der Himmel und der Erden und der Herr des Glorreichen Throns. 'Er hat den Menschen erschaffen. Er hat ihn Al Bayan gelehrt.' (55:3-4) Versteht ihr Arabisch? Was ist Bayan - deutliche Beweise? Bayan, die deutlichen Beweise, die die Wirklichkeiten zeigen. Wir sind schwache Diener. Wir wissen nichts, und um uns zu lehren, da unser Herr (jwa) uns geehrt hat, sagte Er (jj): 'Und Wir haben die Kinder Adams geehrt' (17:70) SubhanaHu Wa Ta'ala. Haqq (swt) sagt: 'O Meine Diener, gehorcht Mir, Ich bin der Mächtige, Ich bin der Bändiger, Ich bin der Herr der Himmel und der Erde, der Erden. Subhansin, Subhan Allah, Sultan Allah. Unser Herr weist Seine Diener, die er geehrt hat, auf Seine (jwa) Anwesenheit hin. Allah (swt) hat sie geehrt. Er sandte den Propheten (saws), Allahu Akbar!

"Ar-Rahmanu. Allama l-Qur'ana. Khalaqa l-Insana" (55:1-2-3). "Allamahu l-Bayan" (55:4). Al Insan - der Mensch. Es ist bekannt, daß sich das auf den Propheten (saws) bezieht. Allah (swt) preist ihn. 'Er hat den Menschen erschaffen. Er hat ihn Al Bayan gelehrt' (55:2-3). Insan - der Mensch, der Al Haqq vertritt auf dem Angesicht der Erde und in den Universen. 'Er hat ihn Al Bayan gelehrt' (55:3). Allahu Akbar! "Wa n-Najmu wa sh-Shajaru Yasjudani" (55:6). Der Stern kennzeichnet im Weltraum unzählige Sterne. SubhanaHu wa Ta'ala. 'Er hat den Menschen erschaffen. Er hat ihn Al Bayan gelehrt' (55:3-4). Und die Sterne und die Bäume werfen sich nieder' (55:6) Das bedeutet, daß alle Universen Sajda machen. Sie werfen sich nieder... Allahu Akbaru l-Akbar! Und Er (swt) hat die Kinder Adams (as) geehrt. "Wa Laqad Karramna Bani Adama" (17:70). Wir können nicht über die Göttliche Ehre sprechen, die den Dienern gegeben wurde. 'Er hat ihn Al Bayan gelehrt' (55:4). Das ist ein tiefer Ozean. Wir können nicht darüber sprechen, aber wir brauchen etwas, um die Menschen, die in der Existenz sind, zu kennzeichnen. Sie sehen aus wie Menschen, aber ihr Benehmen ist wie das der Tiere. Ihr Benehmen ist wie das

der Tiere. Allah (swt) sandte Das Buch herab und lehrte die Propheten (as), und Er lehrte Seinen Geliebten Al-Mustafa (saws) Al Bayan, al Insan... Subhanallah! Wir können nicht tiefer über die Bedeutungen sprechen. Und Er (swt) sandte mit ihm klare Beweise... Der Quran, der Glorreiche Quran. "Allamahu l-Bayan" (55:4). Allahu Akbar! Wer von der Schöpfung es hörte, ging in die Niederwerfung. "Ash-Shamsu wa l-Qamaru Bihusbanin" (55:5). Es bedeutet die Größe Al Haqqs (swt), Der Seinen Geliebten (saws) Al Bayan lehrte. Als sie dieses Bayan hörten, warfen sich alle, die in den Himmeln und Erden waren, nieder.

O Menschheit! Allahu Akbar! "Allamahu l-Bayan" (55:4). Muslime, Araber! Was der Herr (jwa) von Al Bayan Seinen Geliebten (saws) lehrte, habt ihr das gelernt? Nein! Hättet ihr es gelernt, würdet ihr nicht in die Fallen Shaytans gehen. Die ganze Muslimwelt ist jetzt gefangen in den Fallen Shaytans. Sie sind gefallen. Unser Herr (jwa) hat sie gewarnt: O Mensch, vor euch ist eine Falle, seht euch vor und fallt nicht hinein. Ich bin euer Herr, der Höchste. Ich lehrte Al Bayan denjenigen, der Mich in den Universen vertritt, Meinen Geliebten Muhammad Al Mustafa (saws). Ich lehrte ihn und ehrte ihn (saws) mit einer Ehre, die größer ist und über jeder einzelnen Schöpfung steht. Und auf Seinen (swt) Befehl hin kam Al Bayan herab von Mir (swt) zu ihm (saws). Die Verherrlichung von Al Haqq für den Propheten (saws). Es wurde herabgesandt von Mir (swt), Al Bayan, an Meinen Geliebten Muhammad Mustafa (saws). Herabgesandt... durch Göttlichen Befehl. Jibril (as) reichte Al Bayan Meinem Geliebten (saws) herab, der Mich in den Universen vertritt. Und es kam zu dir.

Jetzt haben sie mich ein wenig heruntergebracht von oben auf die Stufe derer, die etwas verstehen können. Unser Herr (jwa) sandte aus Seiner Gegenwart die Göttliche Shariat herab an Seinen Stellvertreter in den Universen, Sayyidina Muhammad (saws). 'Meine Worte sind im Großen Quran. Ich habe sie herabgesandt, damit ihr wißt, was die Wahrheit ist. Al Bayan werdet ihr im Großen Quran finden. Al Bayan ist im Heiligen Quran. Es wird verdeutlicht durch Meinen Geliebten Muhammad Al Mustafa (saws). 'Ich gab ihm Al Bayan. Ich lehrte ihn Al Bayan'. (55:4) Und ich gab ihm (saws) das beste Benehmen. Wie der Prophet (saws) sagt: 'Mein Herr gibt mir das besten Benehmen.' Er sagte nicht: 'Er (swt) lehrte mich'. Es gibt ein paar Verse, die darauf hindeuten, aber das Wichtige ist, daß er (saws) sagte "Addabani Rabbi". Gutes Benehmen

ist wertvoller als Wissen. Subhanallah! Und er (saws) kam zu euch mit der Göttlichen Shariat, mit der glorreichen Religion des Islam. Glorreich! Die Religion des Islam ist glorreich. Die Mächtige Shariat, Ich (jj) sandte sie, o Muslime, damit ihr versteht. Und hütet euch, Wir sagen, hütet euch, o Muslime! Allah (jwa), unser Herr, sandte die Glorreiche Göttliche Shariat. Glorreich, die Göttliche Shariat! Und ihr kehrt ihr den Rücken? Ihr stoßt sie weg mit eueren Füßen? Ihr stoßt sie wie einen Fußball, um sie wegzuwerfen.

Der Herr wird euch Manieren beibringen. Benehmen! Sie haben den Respekt verloren, die ganze muslimische Welt. Weil sie die Mächtige Shariat verlassen haben, die von Allah (swt) kam. Allah (swt) sagt: 'Er hat den Menschen erschaffen. Er lehrte ihn Al Bayan'. Ich bin Derjenige, Der lehrte! Und ihr stoßt sie weg mit eueren Füßen, die Mächtige Shariat, die Glorreiche Shariat? Und ihr sucht im Müll, im Müll nach Dingen, die ihr den Leuten präsentieren könnt. Wehe! Wehe, o Araber! Wehe euch, o Muslime! Ich werde euch Benehmen lehren auf eine Weise, daß ihr euer eigenes Tun kosten werdet in dieser Welt und im Jenseits. Das hat begonnen. Sie verließen die Mächtige Shariat. Wir wollen darüber sprechen, da die Ägypter die Mächtige Shariat verließen und sagen: 'Wir schauen im Müll nach Dingen, um sie den Leuten zu präsentieren.' Und Ich habe euch die Mächtige Shariat gesandt und Ich sagte: "Khalaqa l-Insana Allamahu l-Bayan" (55:3-4). Warum fragt ihr nicht danach, was Er (swt) lehrte? Gelehrte, Araber, Könige! Ihr werdet die Strafe kosten hier und im Jenseits, weil ihr schlechtes Benehmen habt. Wir sind Nicht-Araber, aber ihr seid Araber. Schande auf euch dafür, daß ihr nach etwas anderem als der Göttlichen Shariat sucht. Wehe euch! Ihr werdet das Ergebnis euerer Taten hier und im Jenseits kosten. Allah ya Rabbi, Anta Rabbuna Anta Hasbuna! 'Bestimme für uns einen König, damit wir auf Deinem Weg kämpfen' (2:246). Seit du uns befohlen hast, o unser Herr, sind wir ignorant geworden. Die Araber und die Nicht-Araber - wir sind alle ignorant geworden. Unsere Könige, unsere Prinzen, unsere Führer, sie sehen diese Worte überhaupt nicht, die Allah (awj) herabsandte mit der Mächtigen Shariat, um mit der Mächtigen Shariat zu herrschen, stattdessen stoßt ihr sie weg wie einen Fußball und sucht nach Dingen... Was ist das? Schande auf euch, Araber! Vor allem die Araber! Ägypter, Menschen des Hijaz und der Rest. Wir sind Nicht-Araber. Unser Herr, Deine Vergebung. 'Bestimme für uns einen König, damit wir auf Deinem Weg kämpfen' (2:246).

Mein Herr! Dies sind nur wenige Worte, die in mein Herz kamen. Also sprach ich sie. Ich wollte, daß Safia auch anwesend ist, weil sie versteht, was wir sagen. Es ist nicht nötig zu erklären. Es ist klar. 'Er lehrte ihn Al Bayan' (55:4). 'Aber nur Allah (swt) weiß und jene, die fest gegründet sind im Wissen' (3:7). Jene, die fest gegründet sind im Wissen, sind verschwunden. Ya Rabbi, vergib uns. Dies ist wegen der Segnungen des Muharram. Vergib uns, unser Herr! Wir haben Sahib nicht, o unser Herr, sende uns Sahib. Wir haben keinen Sultan, sende uns einen Sultan, o unser Herr. Sie alle laufen hinter dieser Welt her, hinter dem Leben dieser Welt, um ihre Begierden zu befriedigen, ob sie erlaubt sind oder nicht. Sie beschäftigen sich nur mit diesen Dingen. Möge Allah (swt) uns schützen. Ya Rabbi, wir bereuen und wenden uns Dir zu. Wir bereuen und wenden uns Dir zu. Ya Sayyidi ya Rasulullah, 'Bestimme für uns einen König... O mein Herr! damit wir auf Deinem Weg kämpfen' (2:246). Wir hoffen, daß unser Herr unsere Entschuldigung annimmt und für uns einen König bestimmt, damit er die Muslime versammelt unter dem Banner des Geliebten, Sayyidina Muhammad (saws). Das ist genug für uns, diese Erklärung für jene, die Wissen und Verständnis haben, so daß sie verstehen. Aber wer nicht versteht, sie tragen das. Es ist nicht auf uns.

O Muslimnation, trefft euere Vorkehrungen, bevor der Zorn Allahs (swt) auf die Erde herabkommt. Und so viele Zeichen zeigen den Zorn des Herrn der Himmel auf die Menschen auf der Erde. Möge Allah uns schützen. Tawba ya Rabbi, Tawba. Wir bereuen und wenden uns Dir zu. 'Bestimme für uns einen König, damit wir auf Deinem Weg kämpfen.' (2:246) Ein Imam, der versprochene Imam, Sahib az-Zaman... sende ihn uns, o unser Herr. O glorreicher Prophet (saws), wir bitten um deine Fürsprache, deine Fürsprache, o ehrenwerter Prophet (saws)! O Geliebter Allahs, Allah und Alhamdulillah. Ich bin müde. Wenn ich zu sprechen beginne, würde ich bis zum Ende der Welt sprechen und nicht aufhören, aber ich bin ein schwacher Diener. Ich habe keine Macht in den Händen. Ich kann mich nicht einmal selbst bewerkstelligen. Ich schäme mich. Ich ertrinke in Furcht vor meinem Herrn. Ich schäme mich vor Seinem Geliebten (saws). O ihr Araber, fürchtet ihr eueren Herrn nicht? Oder schämt ihr euch nicht vor euerem Propheten (saws)? Wie ist das möglich? Möge Allah (swt) euere und auch unsere Situation richtigstellen,

Ya Sayyidi, ya Rasulullah, vergib uns... Um Deines Geliebten (saws) willen suchen wir Deine

Gnade. Bi Hurmati l-Habib, bi Hurmati l-Fatiha.

As-Salamu Alaikum, O servants of Allah! Man is a creation Allah Almighty created. Allah Almighty says, in His Magnificence, Bismillahi r-Rahmani r-Rahim: "Wa Ja`alna Mina Al-Ma'i Kulla Shay'in Hayyin" (12:30) Subhan Allah, Allah Almighty says "I gave life to everything by means of water". Therefore give us some and we drink it with love for Him and yearning. Bismillahi r-Rahmani r-Rahim. We may remember the Holy Name of Allah Almighty Who said "Wa Ja`alna Min Al-Ma'i Kulla Shay'in Hayyin". By means of the water, which is the ma ul hayat (water of life) I gave life to everything. Drink the water, and when you drink, say "O Lord, may You grant life to our bodies. May You grant strength O Lord so that we won't get crushed". Allah Almighty does not crush. Allah Almighty grants His servants His Divine favors. The beginning of the Divine favors is Bismillahi r-Rahmani r-Rahim. "Whoever remembers the Name of Allah first, Allah makes his every act easy". Whoever remembers Allah Almighty's Name first, Allah makes his every act easy for him. Such a person never struggles. Say the Bismillah and walk from the East to the West, it won't be difficult. If you don't say, you can't even go one step, it crushes you. Who crushes? Allah Dhul Jalal does not crush. But shaytan mounts him and crushes him.

Keep away the shaytan. Say Audhu Billahi min al shaytanir rajim. O Lord, we seek refuge with You from that servant who has no adab, who is stoned, who is expelled from Your door and who is dishonoured. Because he attacks people and when he does, he doesn't let go. He doesn't let go of the people. May Allah protect us from his evil. This is the first munajat (prayer), Audhu Billahi min al shaytanir rajim. The expelled shaytan, shaytan who is expelled from Allah's Divine Presence; I seek refuge with You from his evil Ya Rabbi. Then I remember Your Holy Name. Bismillahi r-Rahmani r-Rahim. O our Lord, You are Who makes us stand and You are Who

accepts us to Your servanthood. Stand up! Stand up for Allah. Stand up for Allah.
You opened your eyes after having rested, then immediately run to the service of Allah Almighty. What do You order, O Lord? "'Aqimi As-Salaata Li-Duluki Ash-Shamsi 'Ila Ghasaqi Al-Layli" (12:78). Perform the prayers when the sun rises and sets: it points to the fajr and maghrib prayers. The new day comes in the morning and the sun rises for the servants, with its Nurs. The sun rises in such a precise and balanced way that it does not delay even for a moment. Its angle is perfect too. It doesn't burn or freeze. And how beautiful it is, the view of the sunrise. What does the sun say? "May I rise upon Your Order?" "Yes you may". The sun doesn't rise without saying Bismillahi r-Rahmani r-Rahim. Ya Rabbi tawba. There is no one left who teaches us such realities. And there is no one left who wants to learn either. The sun rises, takes the darkness of the night off us. Man does not rest with sleeping. Ok, he may rest to some extent but the real rest is with the sun. How beautiful is a person who wakes by the sunrise and welcomes the sunrise with sajda. Fresh sun, fresh day, new day. It dresses a new life on those who make sajda to their Lord when it rises.
O Rabbu l-Baytu l -'Atiq! Baytu l-'Atiq, Kaaba Al-Muazzama. O Rabbu l-Baytu l-'Atiq! Say, what is in Baytu l-'Atiq, Shaykh Mehmet Effendi? Is it an empty house? What would be its value if it was an empty house? What can be in an empty house? What can we do with an empty thing? It is such a Bayt, Bayt Al-'Atiq! Kaaba Al-Muazzama, its name is 'Atiq (Ancient). Since when? Since dunya was created. Allah Almighty descended that Bayt, that Bayt Al-Muazzam, that whatever mankind needs, you can find it all in there. Ask for it. Say "Bismillahi r-Rahmani r-Rahim. Dress me from this treasure Ya Rabbi". Bayt Al-Muazzam, Baytu l-'Atiq, Baytullah! Allah Allah. How beautifully the old people sang it. They sang of it, for the love of the Kaaba al-Muazzama. There is a qasida: May there be a holy journey and I go, rub my face against the soil of Kaaba's roads. Kaaba's roads are the roads of Paradise. Hearts flow there. Be careful. For five thousand years that Bayt al-Muazzam, Allah knows its history, what we know is five thousand years, stands there. It is not destroyed. They tried to destroy it many times but couldn't. Is it an easy thing? It is Baytullah! This is Baytullah, Allahu Akbar!
Ok, Shaykh Mehmet Effendi, Baytullah... The Baytullah which Allah named after His Holy Name and placed on earth is empty? If it is empty, what can we do with it? What can we do with it? What can we do in an empty house? Since it is His (swt) Bayt (House), eveything that gives

honour to mankind is in it. For this reason peoples' hearts flow to Baytullah. They don't get tired of or fed up with asking for it, seeking it. What is written first in the Baytullah is Bismillahir Rahmanir Rahim. Allahu Akbar. Bismillahir Rahmanir Rahim. Wa Qul Rabbi 'Adkhilni Mudkhala Sidqin Wa 'Akhrijni Mukhraja Sidqin Wa Aj`al Li Min Ladunka Sultanaan Nasiraan. Bi Ismillahi Allahu Akbar. Allahu Akbar. Allahu Akbar. Bismillahir Rahmanir Rahim. They keep making tawaf like this. Do they ever get tired of it? Do they ever get tired? What is in Baytullah? No one would go there if there was nothing. What should they go for nothing? But it is after His Name, He (swt) says: this is My Bayt Al-Muazzama. Therefore whatever there is that mankind desires, it has it.
The apparant ones are in the way, under foot. What is above it, everything that teaches mankind how he will enter His Lord's Presence and what he will dress, is there. Therefore in Kaaba Al-Muazzama, there are all kind of thawbs, we call athwab, there are all kinds of shirts, dresses there. Thawb Al-'Ubudiyyah. O our Lord, may You dress on us the shirt of servanthood, the dress of servanthood O Lord. Ask for this, saying "O Lord..." "Then say, O My servant, Bismillahi r-Rahmani r-Rahim. Allahu Akbar, Allahu Akbar, Allahu Akbar Wa Lillah Al-Hamd. Rabbi 'Adkhilni Mudkhala Sidqin Wa 'Akhrijni Mukhraja Sidqin Wa Aj`al Li Min Ladunka Sultanaan Nasiraan".

O Muluk! O no mind ones who think of themselves highly and take pride in imitated titles. Look! When you wake up in the morning, first say "Ya Rabbi! Labbisni thawb Al-'Ubudiyyah. O our Lord, may You dress on us the dress of servanthood, the dress of servanthood O Lord". Allah! Allah, Allah. Who asks this standing in the presence, in Kaaba Al-Muazzama or whoever turns to it whether in the East or the West and says Allahu Akbar O Lord! May You dress on us the Thawb Al-'Ubudiyyah Ya Rabbi". We stand five times daily. We recite "iyyaka Nabu'du wa iyyaka Nasta'in". O Rabbu l-Bayt, dress on us the dress of servanthood.
We seek refuge with You from the shaytan who leads us astray, from that shaytan who wants to make us forget You. He wants to make us say "Me!". He wants to make us shaytan like himself. We seek refuge with You from his evil. Thawb Al-'Ubudiyyah, dress on us the dress of servanthood. May You dress on us the dress of servanthood O Lord! May the dress of servanthood be permanently upon us O Lord. May we dress in a new one everyday". "Say O My

servant, Bismillahir Rahmanir Rahim As' aluka Ya Rabbi, min kulli khairihi akramta ibadaka bihi Ya Rabbi, Labbisni. May You dress us with the dress of every goodness Ya Rabbi. We are ready O Lord, we are ready for Your servanthood". Say Bismillahir Rahmanir Rahim O My servant. Remember My Holy Name, and I let you be dressed in the Kaaba l- Muazzama with the dress of Ubudiyyah.

Shaykh Mehmet Effendi, your spiritual energy is strong. He actually gives me. Mine is zero but he is being charged. All the Great Companions came to the Kaaba Al-Muazzama like this. The Great Prophet stood on his camel and, what the Arabs of ignorance called "Long live glorious Hubal", he caught with the holy staff he had in his hand and threw it down. "What you worship is under my feet. Go up and say Allahu Akbar! Declare our servanthood! O Rabbu l-Baytu l-'Atiq! Dua. Nahnu Abiduk, Anta Rabbuna! Anta Hasbuna. Anta Waliyyuna, wa n`ima 'l-Mawla, Anta Mawlana. Wa N'ima'l-Mawla, Anta Ya Rabbana. Bismillahir Rahmanir Rahim.

How beautiful is the Bismillah. It is like an ocean. Say the Bismillah and the first thing you ask for is the thawb al-'Ubudiyyah: O Lord, may You dress me with the dress of servanthood so that I don't claim to be a magnificent one like shaytan did; so that I don't follow shaytan. O Lord,dress me with the dress of Your servanthood. "'Alaysa Allahu Bikafin `Abdahu" (39:36) is the Verse not like this? "Is not Allah Sufficient for His slave's every need?" "'Alaysa Allahu Bikafin `Abdahu" Allahu Akbar. Where else do you ask help from? The Lord Almighty sent His House (Bayt). Open your hands (for help) to Kaaba and ask "O Lord! Don't expel us from Your servanthood O Lord. We are weak O Lord. May Nur descend on us so we revive, so we find strength".

The address comes "Start then O My servant, say Bismillahir Rahmanir Rahim" Allah will make everything easy for him. Whoever remembers the Name of Allah first, Allah makes everything easy for him. Our Allah, our Subhan, our Sultan! Allahu Akbar Allahu Akbar Allahu Akbar. 'Ala man takabbar wa tajabbar. You don't need any doctor or judge. Bismillahir Rahmanir Rahim.We ask for the dress of servanthood O Lord, may we not be busy with any other work.

May we live with Your servanthood, with Your remembrance, with Your love O Lord! Say O My servant: Bismillahir Rahmanir Rahim. Bismillahir Rahmanir Rahim. Bismillahir Rahmanir Rahim. Say this O little man! And see what will open for you! Our Lord Almighty (jj) does not

make you in need of anyone. This is it. And that is, if people can understand. If we can understand, our lives will be very beautiful.
"'Inna Allaha Ya'muru Bi l-`Adli Wa l-'Ihsani" (16:90). Allah Almighty, the Owner of Justice, tells us "O My servant, I have forbidden oppression to Myself, and I made it forbidden for you also. No one may oppress another!" Ask from Allah Almighty and see how much Allah Almighty will grant you from His Justice. Don't fear! Who says Allah scares others. Who says Allah does not fear anything. Allah dresses the dress of majesty on who says Allah. O Lord, dress on us the dress of servanthood. What majesty can we have? But Allah Almighty's servant cannot look helpless and weak. He is majestic! If he kicks the earth, he can throw the earth out of its orbit. There are such servants. Shaykh Mehmet Effendi, this is an important matter to be a servant to Allah. It is not an easy matter: if he kicks, he can throw the earth out of its orbit.
Allahu Akbarul Akbar. Allahu Akbarul Akbar. Allahu Akbarul Akbar. 'Ala man takabbara man tajabbar. Shukur. Al-Fatiha. This is an ocean, it is enough.
Shaykh Mehmet Effendi now takes like a vacuum! He has strong... (understanding?) Or else I could not speak. The burden he carries, his strength is different. Long live Hj Mehmet. Allah bless you! Step here and reach to the east! From the east, go to the west if you like. Once you say Bismillah, you can go. Don't fear! You are lions! Fatiha.
I may dance for you! (joke) Long live Hj Mehmet! May Allah increase your spiritual energy, this one's too.

Sheikh Mehmed Effendi, it's not a game now. There is no time to waste, hanging around is finished. It's time to destroy shaytan's game and his people. Oh our Lord. May Allah not leave us to our bad nafs. I have my share to take also. We must try to better ourselves. Oh my Lord mashaAllah. "Ma a'zamu sha'nnak", the address to Al-Haqq Almighty, by the great prophets. The Sultan of the Prophets (sas) says: "Ma a'zamu sha'nnak", and nothing else can be said. Allah Allah.
Oh my Lord, for Your servants, for the sake of the order of the Prophet (saw), may this association take place, for his sake. I ask for help for his approval. Ya Ashabu-l Madad Ya Rijal Allah. Allah. Oh those present, Oh Friends of Shah Mardan As-salamu alaikum. May our day be a good one, may our actions and end also be good.. How beautiful are the orders of our Lord. He allowed us to do sajda. He made us make sajda. Thanks to our Lord. Endless salams to our Prophet (saw)- the Pride of the Universe. Allahu Akbar. Stand up! Ya RasulAllah. As-salamu alaikum oh friends of Shah Mardan. Shah Mardan is the lion who teaches people their adab and their level. What are his instructions? First of all say, as-salamu alaikum. Salam, is among the names of Allah (jj). The key of Salamat Seas is As-Salam. Salam to you, Oh believers Salams to you. If you say Salams you will not be sick. You will be safe.. Don't be scared. As-salamu alaikum o lovers of Shah Mardan. Let's say the key of all treasures Bismillahi r-Rahmani r-Rahim. How beautiful, how majestic. We can't even describe it. No one can fully describe the meaning of Basmala. This 'phrase', as they call it, was revealed and it is a phrase to be the crown of Mankind - Say Bismillahi r-Rahmani r-Rahim. They crowned you with honour. We said Bismillahi r-Rahimani r-Rahim. As-salamu alaikum. Oh Friends of Shah Mardan say, Bismillahi r-Rahmani r-Rahim. Oh our Lord Who owns everthing in the universe and created all creatures, all the

universes hidden & apparent. No one knows what before the creation existed or what will be after its end. Allah! Dhul Jalali wa l- Jamal.

Oh people, may our association be an association of enlightenment. Dastur ya RijalAllah madad. Enter the association of Shah Mardan with adab. One holy man said; I looked for the associations of knowledgeable ones- like Shah Mardan's association. When one has permission from him, one's association becomes enlightened. Their association is like the rain when it falls on dry soil, how it wakes up the soil, it wakes up the hearts of people.. Oh our Lord, our Subhan. One who was seeking Allah (jj) said; Allahu Dhul Jalali wal Kamal. They sought a path to the Lord of Jalal (Majesty), Jamal (Beauty ), Kamal (Perfection). This path, is the path of the people of knowledge & holders of adab. I sought the paths of those. How they shine in the darkness like stars in the night sky. They are like stars shining in the darkness. I am asking these ignorant people - Look at the sky on a night when the moon is not visible; Look at the festival of the sky. There are lights that dot the sky. You can see light in the dots. We call them, Stars. Wonderful. Those stars, where do they take their light? They must take from somewhere. If you don't light the match there is no glow. Look at the festival of lights at nighttime, in the sky, on a night with no visible moon. In the darkest night, like a river of light, stars fall everywhere. What did they used to call this? Milkyway. Stars as if they spilled all over. Sheikh Mehmet Effendi what is it called in Arabic? Kahkashan. Is it from Persian? What they call the sky in arabic? Majarrat. Galaxy. Milkyway. They call it the Milky Way. Milky Way is in the common language. Common people call it the Milky Way. A galaxy shines in the pitch dark. Where does it start? Where does it end? Who seperates them? Knowledgeable ones know... Common People say Allahu Dhul Jalal. The common and the knowledgeable ones all say Allahu Dhul Jalal. He is the One Who created this galaxy. What's its size? Only the one who created it knows. Who sets them up? Who is the calibrator? Who put them all seperate? Who decides which dots to shine? Does it happen by itself or is there someone putting them there? To claim it happened by itself you need evidence. No evidence. The One who has put all these stars in their correct positions, is the One Who has endless Power and Mightiness - Allah Dhul Jalal. Let's observe respect; "Tafakkuru sa'atin khayrun min 'ibadati sab'ina sana." Isn't it? To think of these facts is worth 70 years of praying without thinking - that's a different level. If one prays for 70 years, fasts and observes the heavens and thinks about Who put these in their correct stations, his prayers are on a different

level. Everything glorifies Him. Everything says SubhanAllah. This universe, where does it begin, where does it end?
Say oh Shah Mardan. Let's rise up and not sink down into this world's filth. Let's not get fooled by this world's ornaments. Let's walk towards the truth. They don't teach this at school. shaytan doesn't let them. It doesn't allow these things to be told. Curses on those who are with shaytan. Those people whose hearts are with shaytan, will finish before Ramadan. Because the violence and anger from the sky will manifest from Rajab onwards. It will blow everything away. You are small but who do you represent? Oh Mankind! Oh Shah Mardan say. What does Man represent? Sheikh Mehmed Effendi, Who do we represent? We are representatives of Allah(jj) on earth. Khalifa means that. "...will make a khalifah" a representative. I will create a representative who will show My Mightiness that no one else can describe. One who has the honour hat no other creature was given. One who has the nobility no other creature was given. Al-Insan-Man. What an honour! Alhamdu lillah, to Allah (jj) Who created us. Thanks for sending us His beloved Prophet (saw), the honour of the universes. He sent him to teach us. The Prophet (saw) said, I'm the City of Knowledge. You can find all you need to learn in me. My name is Madinatu-l 'Ilm. He said the gatekeeper is my uncle's son Mardan.
Oh Shah Mardan say, to those calling themselves Alawi, Shia. Say. Ask them what is my mazhab? What is Shah Mardan's mazhab? There are two types of mazhab: One who walks with Justice and one who walks with oppression. Two mazhabs in this world. There are two ways of people. Hear this o Persians, o Shia, o Alawi. He says two ways. One is the way of Justice, the other is the way of oppression. I am the one addressed by Allah (jj), by the Creator of the Universes. For the sake of Izzu Jalalim I declare: My way is the way of Justice. I have forbidden oppression to Myself. I have forbidden oppression for you also. Do not oppress each other! "Fa la tazalamu"(Hadith) If you do not follow this order you will walk on the way of tyrants. If you leave the way of justice then I will send armies to overcome you and destroy you. No need to send a whole army, says Rabbu-l 'Izzat. There are angels responsible for the earth and heavens. If they get an order to move he earth a tiny bit, it moves. They say Earthquake. Angels are shaking it. Kuurrrrr....Falls on their head. I will destroy tyrants. Easy. "Fa la tazalamu"(Hadith) Do not oppress each other. Oh Alawis your oppression is so great now. O Shia those murders, those battles, destruction you have done has scared even the shaytans. How

will you enter the presence of Shah Mardan? He will destroy you. Rajabu Shahrullah is coming. It will destroy you. He walks with the order of the Creator and Owner of the Earth and Heavens. He is Shah Mardan. One from his line will come and destroy all this oppression. Do not oppress. This is an order.

Say oh Shah Mardan - Which Prophet was an oppressor? None. Which Imam oppressed? You claim to follow 12 Imams, which one oppressed, which one did what you are doing? Oh Persians, Oh Shia, Oh Alawis you claim to have 12 Imams, which Imam commited oppression as you are doing? Which one gave you fatwa? They will shake the earth and it will all fall on your heads. It's coming soon. The revenge of the heavens coming. As you kill innocent people, it comes closer. The angels will take revenge from you. May you not reach to the Imam you are waiting for! Ey Shah Mardan say, teach us. What makes this world ugly? This is a question. Oppression. What is honour for Man? Justice. What makes a Great Man? A great Man is the one who observes justice Allah ordered. They call him Alexander The Great, Sheikh Mehmed Effendi. Iskender-i Kebir, Alexander the Great. So many Emporors come and go, so many kings - none called Great. Why did they call him Alexander the Great? How did he get his greatness? He rode his horse at age 15 and girded on his sword. But his sword - watch out Oh Greeks! Wake up! Alexander the Great - You call him Alexanderos. How did he earn the title "the great"? He rode his horse when he was only 15 and said, let me march to rule the people. Let me march on His Earth for the sake of the Lord Who made me strong, Who created me. Let me practice what I am taught. Alexander the Great. How did he become Great? What does he say? He says; I girded on my sword and rode on my horse and promised the Lord of the Earth and Heavens - Oh One who created me! You made me ride on this horse, on this wild horse no one else could ride. You gave the ability to ride it. I will march for You. You let me gird on my sword, Oh Lord of the Heavens and the Earth. He marched, marched from Macadonia. Marched, marched with his sword and horse. People followed him.He started off with 5 people, then maybe one million marched with him. How this young, strong, man was King? He was majestic. His teacher Socrates dressed him in majesty. They told him about Tawhid. He taught him Tawhid.

The One Who created you is One, Be careful. One who sees you, one who observes you is He, Be careful. The advise we are giving you- Alexander the Great - was, don't oppress. We girded

your sword on you - May this sword not oppress anyone. He marched with this order. Where is Macadonia and where is India? He marched and marched. No army came against him in his majesty. He marched all the way to India. Alexander the Great did not even harm an ant. He came and stopped at Baghdad. Baghdad is the land of Shahids/Martyrs. He breathed his last breath there. Where is he buried? He is buried in the hearts of people - he was so great because he did not even harm an ant. He wasn't a tyrant. That's why they call him Alexander The Great. That is greatness. Man doesn't become Great by killing people. Destroying Allah's creatures, he sinks, becomes shaytan or even lower. He is called Great and shows us how to be great. How did he become Alexander The Great? All men are Allah (jj)'s creatures. He was a king in Macadonia and rode his horse at the age of 15. He marched until maybe age 33 or 35 years old and then when he arrived at that place which is the land of Shahids- he gave his soul to his Lord. He didn't become a tyrant. He didn't oppress.

Oh Greeks listen, oh Europeans listen! Oh Persians listen, oh Indians, Chinese people listen! You scare people. You say we are powerful, we made so many weapons. What for? To destroy people! May Allah destroy you. May Allah (jj) destroy those who destroyed the Sultans; Those who abolished the Kings may Allah (jj) destroy them too. We want a Great Person. What we are missing is the Great Man. we are left with a shortage of Great Men. The Age of Jababira- Tyrants, dictators. Jababira, the Age of Shaytan. They are everywhere. They say we are Great but how did you become Great? You killed millions of people. Hitler, Mussolini, Stalin, Chinese Tyrants - that's all they do - Human butchery. Human Butchers can't be Great. Their place is in slaugterhouses. 20th century man made them crowns. They followed them and that's how we ended up like this. That's why we are seeking a Great Man now. We are seeking for a Noble Person. Our anchestors represented the greatness of Islam for over 1000 years. When you say Ottoman - the whole world trembled. Why? Beacuse they were Great. Our Sultans were Noble. Shame that today their children can't even enter the land of these Sultans. Shame on this nation which has insulted their own ancestors and says, you can't enter the land they conquered with their swords. Who put up this ban? What kind of a ban this is? They conquered Anatolia with their swords and now you say they are forbidden to enter? They say, women can but men are not allowed. MashaAllah. Allah doesn't hear? Doesn't see? He does.

Allah orders; a'ti Haqqa-n Nas. Give the rights to the people. If you don't you are an oppressor and the sword of the heavens will fall on you. Be Great. Man becomes Great with Justice. You don't become Great by oppression. Stalin is shaytan. Lenin is shaytan. The one in Italy and in Germany also... We won't mention the one in Turkey they get upset, angry. May those who get angry also finish soon. They won't reach Eid. The Holy ones who destroy oppression are coming. O Righteous Shah Mardan, How beatiful is your talk. This talk is not from this poor one. It is your talk. MashaAllah La quwwata illa billah. Islam's flag will be raised. What shaytan doesn't like - they even removed the name Muslim from the lands that the great Ottomans conquered with their swords. No institution is left. They can't say it. They don't call it the Office of Fatwa or Office of the Mufti or Shaykh al-Islam. They call it "Chief of Religious Affairs." Where did this Religious Affairs Office come from? A Fatwa of the Shayk al-Islam appointed by the Great Ottomans could even remove the Sultans. Where are they? Is it shameful to have Shaykh al-Islam for Turks? What does the Chief of Religious Affairs have? He is the only one allowed to walk around with his turban. What was the harm in wearing a turban that caused us to remove it? Oh knowledgeable ones! What a shame that you are also oppressing. You are not protecting the rights of Islam. If you can't then give up whoever wants can come and try.
May Allah (jj) forgive us. O Shah Mardan how beautifully you said it. You gave his rights, Alexander the Great. The new ones that replaced the Ottomans have the one they worship. But they can't call him "Great" because what he did doesn't match the deeds of a great man, is not appropriate. Tyrants can't be Great.. He is the lowest one.

Oh our Lord don't leave us to our bad nafs. Send us Sabib, Send us our Sultan. Send us the Sultan who will crown Your order oh our Lord. Amin bi Hurmati Yasin wal Qur'anil Hakim. Oh our Lord, we seek shelter with You. Don't worry about the one talking. Look at who is making him talk. Amin Amin wa salamun 'ala l-mursalin wal hamdu lillahi rabbil 'alamin. Rajab Shahrullah is coming. Many buidings will be destroyed. Watch out. The foundations of many buildings will be ruined. Cemeteries will have no space left. Their bodies will be thrown out of the cemeteries. Oh our Lord don't make us oppressors. Those who are supporting the oppressors will not make it to Eid. Oh my Lord, one of His Names is As-Sabur. When it's the right time,He will do it. Al-Fatiha.MashaAllah O Shah Mardan You say the Truth. Oh Friends

follow the truthful advice. if you don't then you won't make it to Ramadan either.
Fatiha.

**Alexander der Große**

---

Shaykh Mehmet Effendi, es kein Spiel jetzt. Es ist keine Zeit zu verlieren, Herumhängen ist zu Ende. Es ist Zeit, Shaytans Spiel und seine Leute zu vernichten. O unser Herr. Möge Allah uns nicht unserem schlechten Nafs überlassen. Ich muß auch meinen Teil tun. Wir müssen versuchen, uns zu bessern. O mein Herr, ma sha' Allah. "Ma a'zamu sha'nnak", die Ansprache an Al-Haqq den Allmächtigen, durch den großen Propheten. Der Sultan der Propheten (saws) sagt: "Ma a'zamau sha'nnak", und nichts mehr kann gesagt werden. Allah Allah. O mein Herr, für Deine Diener, um des Befehls des Propheten (saws) willen, möge diese Versammlung stattfinden, um seinetwillen. Ich bitte um Hilfe für seine Zustimmung. Ya Ashabu l-Madad, ya Rijal Allah.
Allah. O Anwesende, o Freunde Shah Mardans. As-Salamu `alaykum. Möge unser Tag ein guter sein, mögen unsere Taten und unser Ende auch gut sein.. Wie schön sind die Befehle unseres Herrn. Er erlaubte uns, Sajda zu machen. Er ließ uns Sajda machen. Dank sei unserem Herrn. Unendliche Salams für unseren Propheten (saws), den Stolz des Universums. Allahu Akbar.
Steht auf! Ya Rasulullah.
As-Salamu `alaykum, o Freunde Shah Mardans. Shah Mardan ist der Löwe, der die Leute ihren Adab lehrt und ihre Stufe. Was sind seine Anweisungen? Zuerst einmal sagt: As-Salamu `alaykum. Salam ist unter den Namen Allahs (jj). Der Schlüssel der Salamat Meere ist As-Salam.
Salam euch, o Gläubige, Salams euch. Wenn ihr Salams sagt, werdet ihr nicht krank. Ihr werdet sicher sein. Fürchtet euch nicht. As-Salamu `alaykum, o Liebende Shah Mardans. Sagen wir den Schlüssel für alle Schätze, Bismillahi r-Rahmani r-Rahim. Wie schön, wie majestätisch. Wir können es nicht einmal beschreiben. Niemand kann die Bedeutung der Basmala ganz beschreiben. Dieser Satz, wie sie es nennen, wurde offenbart, und es ist ein Satz, der die Krone der Menschheit sein soll. Sagt: Bismillahi r-Rahmani r-Rahim. Sie krönten euch mit Ehre. Wir sagten Bismillahi r-Rahmani r-Rahim. As-Salamu `alaykum. O Freunde Shah Mardans, sagt: Bismillahi r-Rahmani r-Rahim. O unser Herr, Der alles im Universum besitzt und Der alle

Geschöpfe erschuf, all die verborgenen und offenbaren Universen. Niemand weiß, was vor der Schöpfung existierte oder was nach ihrem Ende sein wird. Allah! Dhu l-Jalali wa l-Jamal.
O Leute, möge unsere Versammlung eine Versammlung der Erleuchtung sein. Dastur ya Rijal Allah, Madad. Betretet die Versammlung Shah Mardans mit Adab. Ein Heiliger sagte: Ich suchte die Versammlungen der Wissenden, wie Shah Mardans Versammlung. Wenn einer Erlaubnis hat von ihm, wird seine Versammlung erleuchtet. Ihre Versammlung ist wie der Regen, wenn er auf trockene Erde fällt, wie er die Erde aufweckt, weckt sie die Herzen der Menschen auf. O unser Herr, unser Subhan. Einer, der Allah (jj) suchte, sagte: Allahu Dhu l-Jalali wa l-Kamal. Sie suchten einen Weg zum Herrn der Majestät (Jalal), Schönheit (Jamal), Vollkommenheit (Kamal).

Dieser Weg ist der Weg der Menschen des Wissens und der Inhaber des Adab. Ich suchte die Wege von diesen. Wie sie scheinen in der Dunkelheit, wie Sterne am Nachthimmel. Sie sind wie Sterne, die in der Dunkelheit leuchten. Ich fordere diese unwissenden Leute auf: Seht den Himmel in einer Nacht, wenn der Mond nicht sichtbar ist. Seht das Fest des Himmels. Es sind Lichter da, die den Himmel sprenkeln. Du kannst Licht in den Punkten sehen. Wir nennen sie Sterne. Wunderbar. Diese Sterne, von wo nehmen sie ihr Licht? Sie müssen es von irgendwoher nehmen. Wenn du das Streichholz nicht anzündest, gibt es keinen Schein. Seht auf das Fest der Lichter in der Nacht am Himmel, in einer Nacht ohne sichtbaren Mond. In der dunkelsten Nacht, fallen wie ein Fluß aus Licht Sterne überall. Wie nannten sie das früher? Milchstraße. Sterne, als würden sie sich überallhin ergießen. Shaykh Mehmet Effendi, wie heißt das auf Arabisch? Kahkashan. Kommt es aus dem Persischen? Wie heißt der Himmel auf Arabisch? Majarrat. Galaxien. Milchstraße. Sie nennen es die Milchstraße. Milchstraße ist es in der Umgangssprache. Gewöhnliche Leute nennen es die Milchstraße. Eine Galaxie leuchtet im Stockfinsteren.
Wo beginnt es? Wo endet es? Wer trennt sie? Kluge wissen.. Gewöhnliche Leute sagen Allahu Dhu l-Jalal. Die gewöhnlichen und die wissenden sagen Allahu Dhu l-Jalal. Er ist Der Eine, Der diese Galaxie erschaffen hat. Was ist ihr Ausmaß? Nur der, Der sie erschaffen hat, weiß es. Wer hat sie eingerichtet? Wer ist der Eichmeister? Wer setzte sie alle getrennt? Wer entscheidet, welche Punkte leuchten? Geschieht es von allein, oder ist jemand dort und setzt sie dorthin? Um zu behaupten, es geschähe von selbst, bräuchte man Beweise. Keine Beweise. Der Eine, Der all diese Sterne in ihre richtige Lage gebracht hat, ist der Eine, Der unendliche Macht und Mächtigkeit

hat. Allah Dhu l-Jalal. Laßt uns Respekt beachten: "Tafakkur sa'atin khayrun min `Ibadati Sab`ina Sana." Nicht wahr? Über diese Tatsachen nachzudenken, ist 70 Jahre Beten, ohne zu denken, wert. Das ist eine andere Stufe. Wenn jemand 70 Jahre betet, fastet und die Himmel beobachtet und darüber nachdenkt, Wer diese an die richtigen Stellen setzte, haben seine Gebete eine andere Stufe. Alles preist Ihn. Alles sagt Subhanallah. Dieses Universum, wo beginnt es, wo endet es? Sag, o Shah Mardan.

Erheben wir uns und sinken wir nicht in den Dreck dieser Welt. Lassen wir uns nicht täuschen von den Ausschmückungen dieser Welt. Gehen wir auf die Wahrheit zu. Sie lehren das nicht in der Schule. Shaytan läßt sie nicht. Er erlaubt es nicht, daß diese Dinge gesagt werden. Flüche auf jene, die mit Shaytan sind. Diese Leute, deren Herzen mit Shaytan sind, finden ihr Ende vor Ramadan, weil die Heftigkeit und der Zorn von den Himmeln sich von Rajab an zeigen wird. Es wird alles davonblasen. Ihr seid klein, aber wen vertretet ihr? O Menschheit! O Shah Mardan, sag. Was vertritt der Mensch? Shaykh Mehmet Effendi, Wen vertreten wir? Wir sind die Vertreter Allahs (jj) auf Erden. Khalifa bedeutet das. '...werde einen Khalifah machen', einen Vertreter. Ich werde einen Vertreter erschaffen, der Meine Mächtigkeit zeigen wird, die niemand anders beschreiben kann. Einer, der die Ehre hat, die keinem anderen Geschöpf gegeben wurde. Einer, der den Adel hat, der keinem anderen Geschöpf gegeben wurde. Al-Insan, der Mensch. Was für eine Ehre! Alhamdulillah für Allah (jj), Der uns erschuf. Dank für das Senden Seines geliebten Propheten (saws), der Ehre des Universums. Er sandte ihn, um uns zu unterrichten. Der Prophet (saws) sagte: Ich bin die Stadt des Wissens. Ihr könnt alles, was ihr lernen müßt, in mir finden. Mein Name ist Madinatu l-`Ilm. Er sagte: Der Torhüter ist der Sohn meines Onkels, Mardan.

O Shah Mardan, sag denen, die sich selbst Alawiten, Schiiten nennen. Sag, frag sie: Was ist meine Madh'hab? Was ist Shah Mardans Madh'hab? Es gibt zwei Arten von Madh'hab: Eine, die mit Gerechtigkeit geht, und eine, die mit Unterdrückung geht. Zwei Madh'habs in dieser Welt. Es gibt zwei Arten von Menschen. Hört dies, o Perser, o Schiiten, o Alawiten. Er sagt, zwei Wege. Einer ist der Weg der Gerechtigkeit, der andere ist der Weg der Unterdrückung. Ich bin der, der von Allah (jj), dem Schöpfer des Universums, angesprochen wird. Um `Izzu Jalalim willen erkläre ich: Mein Weg ist der Weg der Gerechtigkeit. Ich habe Mir Selbst Unterdrückung verboten. Ich habe Unterdrückung auch für euch verboten. Unterdrückt euch nicht gegenseitig. "Fa la Tadhalamu" (Hadith). Wenn ihr diesem Befehl nicht folgt, geht ihr auf dem Weg der Tyrannen.

Wenn ihr den Weg der Gerechtigkeit verlaßt, werde Ich euch Armeen senden, die euch überwältigen und vernichten. Nicht nötig, eine ganze Armee zu senden, sagt Rabbu l-`Izzat. Es gibt Engel, die verantwortlich sind für Himmel und Erde. Wenn sie einen Befehl erhalten, die Erde ein klein wenig zu bewegen, bewegt sie sich. Sie sagen, Erdbeben. Die Engel schütteln sie. Kuurrrr... Es fällt ihnen auf den Kopf. Ich werde die Tyrannen vernichten. Leicht.
"Fa la Tadhalamu" (Hadith) - Unterdrückt euch nicht gegenseitig. O Alawiten, euere Unterdrückung ist jetzt so groß. O Schiiten, diese Morde, diese Schlachten, Zerstörung, die ihr gemacht habt, haben selbst Shaytan erschreckt. Wie werdet ihr in die Gegenwart Shah Mardans treten? Er wird euch vernichten. Rajabu Shahrullah ist im Anmarsch. Er wird euch vernichten. Er geht mit dem Befehl des Schöpfers und Eigners der Erde und der Himmel. Er ist Shah Mardan. Einer von seiner Abstammungslinie wird kommen und all dieser Unterdrückung ein Ende bereiten. Unterdrückt nicht. Das ist ein Befehl. Sag, o Shah Mardan, welcher Prophet war ein Unterdrücker?
Keiner. Welcher Imam unterdrückte? Ihr behauptet, 12 Imamen zu folgen. Welcher unterdrückte, welcher tat, was ihr tut? O Perser, o Schiiten, o Alawiten, ihr behauptet, 12 Imame zu haben. Welcher Imam verübte Unterdrückung, so wie ihr es tut? Welcher gab euch ein Fatwa? Sie werden die Erde schütteln, und sie wird euch auf den Kopf fallen. Es kommt bald. Die Rache der Himmel ist im Anmarsch. So wie ihr unschuldige Menschen tötet, kommt es näher. Die Engel werden Rache an euch üben. Möget ihr den Imam nicht erreichen, auf den ihr wartet. Ay Shah Mardan, sag, lehre uns. Was macht diese Welt häßlich? Das ist eine Frage. Unterdrückung. Was ist ehrenvoll für den Menschen? Gerechtigkeit. Was macht einen großen Menschen aus? Ein großer Mensch ist einer, der Gerechtigkeit wahrt, wie Allah es befohlen hat.
Sie nennen ihn Alexander den Großen, Shaykh Mehmet Effendi. Iskander Kabir, Alexander den Großen. So viele Herrscher kommen und gehen, so viele Könige, keiner wird 'Groß' genannt. Warum nannten sie ihn Alexander den Großen? Wie erlangte er seine Größe? Er ritt sein Pferd im Alter von 15 Jahren und gürtete sein Schwert. Aber sein Schwert - paßt auf, ihr Griechen! Wacht auf! Alexander der Große - Ihr nennt ihn Alexanderos. Wie gewann er den Titel "der Große"? Er ritt sein Pferd, als er nur 15 war und sagte: Laßt mich marschieren, um die Leute zu regieren. Laßt mich auf Seiner Erde marschieren um des Herrn willen, Der mich stark gemacht hat, Der mich erschuf. Laßt mich ausüben, was mich gelehrt wurde. Alexander der Große. Wie wurde er groß? Was sagt er? Er sagt: Ich gürtete mein Schwert und ritt mein Pferd und versprach

dem Herrn der Erde und der Himmel - o Der, Der mich erschuf! Du bewirktest, daß ich dieses Pferd reite, dieses wilde Pferd, das sonst niemand reiten konnte. Du gabst die Fähigkeit, es zu reiten. Ich werde für Dich marschieren. Du ließest mich mein Schwert gürten, o Herr der Himmel und der Erde. Er marschierte, marschierte von Mazedonien aus. Marschierte, marschierte mit seinem Schwert und Pferd. Die Menschen folgten ihm. Er machte sich auf mit 5 Leuten, dann marschierte vielleicht eine Million mit ihm. Wie war dieser junge, starke Mann König? Er war majestätisch. Sein Lehrer Sokrates bekleidete ihn mit Majestät. Sie erzählten ihm von Tawhid. Er lehrte ihn Tawhid. Der Eine, Der dich erschuf, ist Einer. Paß auf! Einer, der dich sieht, Einer, der dich beobachtet, ist Er. Paß auf! Den Rat, den wir dir geben, Alexander der Große, ist, unterdrücke nicht! Wir gaben dir dein Schwert. Möge dieses Schwert niemanden unterdrücken. Er marschierte mit seinem Befehl. Wo ist Mazedonien und wo ist Indien? Er marschierte und marschierte. Keine Armee kam gegen ihn an in seiner Majestät. Er marschierte den ganzen Weg nach Indien.

Alexander der Große tat nicht mal einer Ameise etwas zuleide. Er kam und hielt in Baghdad. Baghdad ist das Land der Märtyrer. Er tat seinen letzten Atemzug dort. Wo ist er begraben? Er ist begraben in den Herzen der Menschen. Er war so groß, weil er nicht einmal einer Ameise etwas zuleide tat. Er war kein Tyrann. Deshalb nennen sie ihn Alexander den Großen. Das ist Größe. Der Mensch wird nicht groß durch das Töten von Menschen. Indem er Allahs Geschöpfe vernichtet, sinkt er, wird Shaytan oder sogar noch tiefer. Er wird groß genannt und zeigt uns, wie man groß ist. Wie wurde er Alexander der Große? Alle Menschen sind Allahs (jj) Geschöpfe. Er war ein König in Mazedonien und ritt sein Pferd im Alter von 15 Jahren. Er marschierte bis zum Alter von vielleicht 33 oder 35 Jahren, und dann, als er an diesem Ort ankam, welches das Land der Märtyrer ist, gab er seine Seele seinem Herrn. Er wurde kein Tyrann. Er unterdrückte nicht.

O Griechen, hört zu, o Europäer, hört! O Perser, hört, o Inder, Chinesen, hört! Ihr erschreckt die Menschen. Ihr sagt: Wir sind mächtig, wir machten so viele Waffen. Wofür? Um Menschen zu vernichten! Möge Allah euch vernichten. Möge Allah (jj) die vernichten, die die Sultane vernichteten. Jene, die die Könige abschafften, möge Allah (jj) sie auch vernichten. Wir wollen einen Großen Menschen.

Was wir vermissen, ist der Große Mann. Wir sind knapp an Großen Männern. Das Zeitalter der Jababira, der Tyrannen, Diktatoren. Jababira, das Zeitalter Shaytans. Sie sind überall. Sie sagen:

Wir sind groß! Aber wie wurdet ihr groß? Ihr habt Millionen von Menschen getötet! Hitler, Mussolini, Stalin, chinesische Tyrannen, das ist alles, was sie tun, menschliches Abschlachten. Menschliche Schlächter können nicht groß sein. Ihr Platz ist im Schlachthaus. Die Menschen des 20. Jahrhunderts machten Kronen für sie. Sie folgten ihnen,und das ist der Grund, warum wir da sind, wo wir jetzt sind. Deshalb suchen wir jetzt einen Großen Mann. Wir suchen einen edlen Menschen. Unsere Vorfahren vertraten die Große des Islam über 1000 Jahre lang. Wenn man sagt Osmanen, erzitterte die ganze Welt. Warum? Weil sie groß waren. Unsere Sultane waren Edle. Schande, daß heute ihre Kinder nicht einmal das Land dieser Sultane betreten können. Schande auf diese Nation, die ihre eigenen Vorfahren beleidigt hat und sagt: Ihr dürft das Land, das sie mit dem Schwert eroberten, nicht betreten. Wer hat diesen Bann aufgestellt? Was für ein Bann ist das? Sie eroberten Anatolien mit dem Schwert und jetzt sagt ihr, sie dürfen nicht einreisen? Sie sagen, Frauen können, aber Männer dürfen es nicht. Ma sha' Allah. Allah hört nicht? Sieht nicht? Doch. Allah befiehlt: "A'ti Haqqa n-Nas." Gebt den Menschen ihre Rechte. Wenn ihr das nicht tut, seid ihr Unterdrücker, und das Schwert des Himmels wird auf euch fallen. Seid Groß. Der Mensch wird Groß mit Gerechtigkeit. Ihr werdet nicht groß durch Unterdrückung. Stalin ist ein Shaytan. Lenin ist ein Shaytan. Der in Italien und in Deutschland auch. Wir werden den in der Türkei nicht erwähnen. Sie regen sich sonst auf. Mögen jene, die sich darüber aufregen, auch bald ein Ende finden. Sie werden das `Id nicht erreichen. Die Heiligen, die der Unterdrückung ein Ende bereiten, sind im Anmarsch. O rechtschaffener Shah Mardan, wie schön ist deine Rede. Diese Rede kommt nicht von diesem Armen. Es ist deine Rede. Ma sha' Allah, La Quwwata illa Billah. Die Flagge des Islam wird erhoben werden. Was Shaytan nicht gefällt, sie entfernten sogar den Namen 'Muslim' von den Ländern, die die großen Osmanen eroberten mit ihren Schwertern. Keine Institution ist übrig. Sie können es nicht sagen. Sie nennen es nicht das 'Büro für Fatwas' oder das 'Büro des Mufti' oder 'Shaykhu l-Islam'. Sie nennen es 'Chef für Religiöse Angelegenheiten'. Woher kam dieses Büro für Religiöse Angelegenheiten? Eine Fatwa des Shaykhu l-Islam, der von den Großen Osmanen eingesetzt war, konnte sogar die Sultane absetzen. Wo sind sie? Ist es schändlich für die Türken, einen Shaykhu l-Islam zu haben? Was hat der Chef für Religiöse Angelegenheiten? Er ist der einzige, der mit seinem Turban herumlaufen darf. Welchen Schaden hatte es, einen Turban zu tragen, der dazu führte, ihn zu entfernen?

O Wissende! Welche Schande, daß ihr auch unterdrückt. Ihr schützt die Rechte des Islam nicht. Wenn ihr das nicht könnt, gebt auf. Wer immer will, kann kommen und es versuchen. Möge Allah (jj) uns vergeben. O Shah Mardan, wie schön du es gesagt hast. Du gabst Alexander dem Großen seine Rechte. Die Neuen, die die Osmanen ersetzen, haben den einen, den sie verehren. Aber sie können ihn nicht 'Groß' nennen, weil das, was er tat, nicht den Taten eines großen Mannes entspricht, ihnen nicht angemessen ist. Tyrannen können nicht groß sein. Er ist der Niedrigste. O unser Herr, überlasse uns nicht unseren schlechten Nafs. Sende uns Sahib, sende uns unseren Sultan. Sende uns den Sultan, der Deinen Befehl krönen wird, o unser Herr. Amin bi Hurmati Yasin wa l-Qur'ani l-Hakim. O unser Herr, wir suchen Schutz bei Dir. Kümmert euch nicht um den, der spricht. Schaut auf den, der mich zum Sprechen bringt. Amin, Amin wa Salamun `ala l-Mursalin wa l-Hamdulillahi r-Rabbi l-`Alamin. Rajab Shahrullah kommt. Viele Gebäude werden zerstört werden. Paßt auf. Die Fundamente vieler Gebäude werden ruiniert werden. Friedhöfe werden keinen Platz mehr haben. Ihre Körper werden aus den Friedhöfen hinausgeworfen werden. O unser Herr, mach uns nicht zu Unterdrückern. Jene, die die Unterdrücker unterstützen, werden es nicht bis zum `Id schaffen. O mein Herr, einer Seiner Namen ist As-Sabur. Wenn der rechte Moment ist, tut er es. Al-Fatiha. Ma sha' Allah. O Shah Mardan. Du sagst die Wahrheit. O Freunde, folgt dem aufrichtigen Rat. Wenn ihr das nicht tut,werdet ihr es auch nicht bis zum Ramadan schaffen. Fatiha.

## Al-hamdulillah - Lob und Preis sei Allah

Sei mit jedem zufrieden; sage Alhamdulillah* zu jedem. Ein Meer der Barmherzigkeit reicht von der Gegenwart in die ewige Vergangenheit, und alles, was existiert, muß etwas von diesen Meeren der Barmherzigkeit in sich tragen. Jedes geschaffene Ding preist seinen Herrn, und für alles, was existiert, ob Tiere, Pflanzen oder Menschen, müssen wir Allah danken, denn alles birgt etwas von den Meeren der Barmherzigkeit in sich. Dies ist ein Punkt, auf den viele Gläubige nicht achten. Sie haben dies vergessen oder kümmern sich nicht darum. Wir müssen für immer dankbar sein, für alles, was Allah in diese Welt hineingesetzt hat. Jeder muß bedenken, wenn er etwas betrachtet, daß dieses Ding von den Meeren der Barmherzigkeit kommt, sonst wäre es nie geschaffen worden. Wir müssen selbst für uns unerwünschte Dinge Alhamdulillah sagen, denn auch was wir nicht mögen, muß, solange es existiert, etwas von den Meeren der Barmherzigkeit in sich tragen. Man muß daher für jedes Geschöpf Alhamdulillah sagen. Die Menschen müssen dankbar füreinander sein.

Alles, was uns unangenehm ist oder unliebsam, lehrt uns mit seiner Existenz, was Allah lieb ist. Es muß auch all die unbeliebten „Lehrer“ für uns geben, damit wir an ihnen sehen, an ihrem Äußeren oder Inneren, daß wir zusehen müssen, nicht so zu sein wie sie. Wenn einer unbeliebt ist und du ihn nicht magst, sagt sein wirkliches Wesen zu dir: „O mein Bruder, sei nicht so wie ich.“ Und wir müssen ihm danken, denn er lehrt uns auf diese Weise, was lieb und was unlieb in der göttlichen Gegenwart ist.

So müssen wir Allah für alles, was wir vorfinden, danken und Alhamdulillah sagen. Und das wiederum bewirkt, daß jedesmal, wenn wir es sagen, die schweren Lasten leichter werden und schließlich ganz verschwinden und uns nichts mehr stören kann. Das ist eine sehr wichtige Botschaft für jeden, da wir in diesem Leben nicht mit jedem zufrieden sein können. Mit etwas nicht zufrieden zu sein, bedeutet, daß man nicht genug Vollkommenheit besitzt. Es ist ein Zeichen von Unreife, mit dem einen glücklich und mit dem anderen unglücklich zu sein. Es ist eine schlechte Eigenschaft, die Unvollkommenheit beweist.

Vollkommen ist, wer mit allen glücklich sein kann, für den beides gleich ist, so daß er auch für unliebsame Dinge Alhamdulillah sagen kann. Dies ist vor allem dann wichtig, wenn einem ein unbeliebter Mensch begegnet. Sag Alhamdulillah, denn wenn er nicht da wäre, würde die Last, die er trägt, vielleicht auf deine Schultern gelegt werden. Die Kleider der Eigenschaften sind mannigfaltig, und das Kleid, mit dem Gott einen bekleidet, muß er in diesem Leben tragen. Allah bekleidet alle seine Menschen mit einem geeigneten Kleid für seine Gegenwart. Wenn er jemanden unbeliebt macht, trägt dieser deshalb jene Last. Sag für die Person, die diese Last trägt, Alhamdulillah. Wenn er es nicht akzeptiert hätte, würde ich es tragen müssen. Wer den einen schön kleidet, kleidet den anderen häßlich.

Wer eine unbeliebte Form bekam, muß auch Alhamdulillah sagen und auf die schauen, die noch schwerere Lasten tragen. Alhamdulillah, daß es all diese Millionen gibt. Denn jedes dieser Wesen gibt diesem Leben eine Zierde. Wenn es nicht existieren würde, wären unsere Lebensumstände schwieriger und mühsamer. Selbst eine Schlange ist ein Schmuck dank dem Herrn, der dieses Ungetüm gemacht hat, denn alles kommt durch die Meere der Barmherzigkeit, um die Menschen auf dem Weg ihrer spirituellen Entwicklung zu fördern. Wenn du dein Adab (gutes Benehmen, gute Haltung) bewahrst für alles Unliebsame, dann kommt dir dafür die göttliche Barmherzigkeit entgegen. Dann entsteht aus jeder Form und Erscheinung in deinem Herzen göttliche Weisheit. Selbst zu diesem Glas Wasser mußt du sagen: „Gepriesen sei Allah, Der Flüsse schuf, die voller Wasser sind und aus den Meeren der Barmherzigkeit strömen.“ Trachtet danach, Vollkommenheit zu erreichen, schaut jedem ins Gesicht.

Wenn Rasulullah (s.a.s.) auf seine Nation schaut, betrachtet er jeden mit dem gleichen Blick. Deshalb ordnen unsere Großscheichs an, jeden zu ehren und für die Existenz von jedem, Alhamdulillah zu sagen. Es mag dir nicht alles gefallen, doch alles Erschaffene ist notwendig für andere und erfüllt einen bestimmten Zweck. Sei

glücklich mit jedem, auch wenn er sich schlecht verhält, denn Allah der Allmächtige hat viele Gründe, um von Seinen endlosem Meeren zu geben. Er benutzt so viele Dinge als Mittel und Überbringer, um von Seinen Meeren zu geben. Alles trägt etwas Gutes in sich, und wenn du das verstanden hast, kannst du mit allem und jedem zufrieden sein. Wenn man Alhamdulillah zu unliebsamen Dingen sagt, nimmt Allah dieses unliebsame Ding aus deiner eigenen Persönlichkeit weg. Selbst der Häßlichste schwimmt in Allahs Barmherzigkeit. Stört sie nicht, zeigt nicht eure Abneigung. Versucht, mit jedem glücklich zu sein, das ist das höchste Ziel der Menschheit. Es benötigt Übung, und es geht nicht von heute auf morgen. Wenn du bei jeder Gelegenheit Alhamdulillah sagst, wirst du nie Dunkelheit in deinem Herzen haben und mußt dein Ziel erreichen. Und bei Allah ist das Gelingen.

## The Alif

Oh Jani-i Janan, the most beloved, Oh Sahibul Maydan, Shahu Mardan May alfu salat, alfu salam be on the beloved of our Lord and on the Sahabas of our Prophet and especially on Shahu Mardan. How blessed they are! May their power come to us also. We are weak. A weak one always looks for a strong one. There is a saying in Turkish: "He is connected in high places". It means he is connected to important people, authorities, even sultans, someone like that. As-Salamu alaikum o attendees. May Allah's Salam be yours. O present lovers of Shahu Mardan How much strength, how much haybat Janabul Haqq is giving. May our day be good. As-Salamu alaikum, those who are present in our meeting, who hear and listen. May our day be good, may our actions be good, may it be blessed.

So let's say, o present ones, o janan Shahu Mardan: Bismillahi r-Rahmani r-Rahim. Lift your index finger and make the sign of the Shahada. Indicate in accordance with the Religion of Tawheed. Allah is One; there cannot be two. Say: La ilaha illaLlah and don't fear! O Shah Mardan Speak! This is what he is saying first - Say: La ilaha illaLlah for Janab-i Mawla Also said: La ilaha illaLlah. Hasni wa man dakhala- whoever enters My castle, Amina min adhabi-they will be safe from My punishment.

Dastur, Madad, ya Rijalallah. With your help we will say a few words which East and West may hear. It is not just for 3 or 5 people here. Everybody on this Earth may hear what we are saying: La ilaha illaLlah. The Creator of this creation is Allah Dhul Jalal. He is the Existing, the One, Unique. There is no second one. He is Al-Qadir (All Powerful) and Al-Muqtadir (The Dominant). If He wants He can fit all the seas into a spoon. Huwa 'ala kulli shayin qadir. This

analogy is from Shahu Mardan. He is powerful, and up to such a point - this is the example they give us; an example for His being Al-Qadir is that He can fit the water of all the oceans into a spoon. This is an example of His Power, a small example. Allahu akbar, Allahu akbar, Allahu akbar.

Oh our Lord There is no creature that doesn't make sajdah before Your Greatness And even those who don't, when night comes, they put their heads down. They don't stand up for sleeping, they have to lie down. In front of His Greatness they fall and stay there; they cannot stand up. This is an important speech from Shahu Mardan. Even those who deny Allah's Unity as long as they are standing up, they fall down a bit at the end. To fall is the end point of the needy ones. They fall on their faces to show Allah's Greatness. Finally nighttime, after a whole day of shouting and screaming, they cannot stand up anymore, although they have been on their feet the whole day. Janabu Allah has not made man four-legged. Man stands on two feet.

O Shahu Mardan, how beautiful is what you are telling us. Who walks upright represents Allah's Existence, the Alif of Allah's great Name The Alif is walking on its feet, saying: I am the creation of Allah. Alif is the beginning of Allah's great Name. The first word of Al-Jalal is the letter Alif. He didn't made us four-legged. The four-legged ones are in Ruku'. None of them are in Qiyam (standing). Four-legged ones don't stand upright. Among the creatures that stand upright man is the most honoured one. He is standing up. He stands up and walks.

O my Lord, You are One. There is no known limit to Your Greatness. Standing up we witness Your Unity. Masha Allah, oh Shahu Mardan. May our hearts be in peace. May our bodies be strong and healthy. May our minds be sound, and our honour not lost. May we not fall to the ground like some animals. All human beings walk on two legs. Man stands upright and witnesses Allah's Unity, signing: He has created me. He made me stand on two feet, in Qiyam. He has not left us on four legs like bears and donkeys, cats and dogs. We are the most honourable creature Allah has created and this honour is expressed in our being created like an Alif. Janabul Allah has created man upright like an Alif; not four-legged or forty-legged... No. Man stands up on two legs and this honours him.

O Shahu Mardan, the lion of the place may your beautiful words revive us. May the heaviness leave our body, and worry leave our heart. May our confusion end. You have been created walking upright and in the shape of the first letter of the great Name of Allah. He didn't make you four-legged. Think about it! Tafakkaru sa'atin khayrun min 'ibadati saba'een sannah. One hour of reflective thinking is better than 70 years of mindless prayer, 70 years! This is enough knowledge for you. What honour Janabi Haqq has given to man. Allah jallat azamatuhu, jalla jalaluhu, Subhana wa ta'ala. O our Lord, it needs a man with an eye that sees & a mind that understands.

O Shahu Mardan, open! He is opening. What beauty man has been given, and what honour! There is no other creature that walks on two legs like man. Honour belongs to human beings and his standing upright represents the first letter of Allahs great Name. All human beings say 'Allah'. Wherever I am going I am standing up with Allah. So how could I deny Him? All creatures are four-legged, but we are upright. Our Shahada/witnessing is accepted even more than that of angels. Allah is saying: Say it! O you scholars, say it! If you don't know about it, listen to Shahu Mardan, O our lion, Shahu Mardan. Let us fall down to kiss your hands and feet. Let us sacrifice ourselves for your sake. Those at the door of Allah have heybet. For 1500 years the good qualities of Shah Mardan have been praised and sung and no one ever got fed up.

O Shahu Mardan, ahlan wa sahlan. O those present, o lovers of Shahu Mardan, become full of haybat, don't stay weak and downtrodden. Allah has created you like the Alif, the first letter of His great Name. You are not like the four-legged ones, you have honour. So don't be dishonoured. It doesn't suit an honourable creature to steal, to do bad things. Honourable divine service suits honoured man. What is the most honoured service? To worship with respect the One Who created him. O our Lord, You created us. We are standing up in Your Presence. We are bowing to You, we are prostrating to You. O people, all of you have become ignorant. Leave this ignorance and listen to Truth. This is what 'Isa(as) said, and Musa(as), and of course the Prophet of the End of Times (sws). Our Prophet, the Master of Creation(sas) is the one who teaches all of the Prophets. So honour him and raise his name high.

O Shahu Mardan, we sacrifice ourselves on your way. O Shahu Mardan, in whose hands is Dhul

Fiqar. May those who don't stand in respect in Qiyam to their Lord and who don't do Sajda, fall down always. Allah Allah, Subhanullah, Sultanullah. We say: Marhaba, o lovers, o friends like those angels say who go through the Heavens welcoming the believers. They say: Marhaba, o believers, o those who love our Lord's Way, those who carry the love of our Lord in them. Greetings to you. Dunya is under your feet - it has no value. O Shahu Mardan, o lovers, o friends, our gathering is loaded with Nur/divine Light. It is loaded with spirituality and joy and heybet - like the wind that carries all kinds of goodness with it, the soft spring breeze. The soft breeze is the best of winds, the best air.

Listen to this meeting of Shahu Mardan. Don't say: I heard this yesterday. What you heard in the market yesterday was different. Today is a new day with a new provision -Yaumun jadid, rizqun jadid. Our Lord is giving - His grants are never cut off. The Favours of Janabi Haqq are never cut off. Turn to your Lord. Believe in your Lord. Stand up in His Presence, Bow to Him in Ruku'. Make Sajda! May they dress you in the robes of honour. Say: Bismillahi r-Rahmani r-Rahim. May this day be good and also its end. May all worries leave us, o our Lord, our Subhan, our Sultan, says Shahu Mardan Listen. May such gatherings be everywhere. Listen to those speaking of the Manaqib- high qualities of Prophet & Shah Mardan. We have books about the Manaqib, read them and hear them read. Listen, so that they may dress you with honour and Light and your worries may leave you. May all your problems and suffering go away. May nothing of despair stay with you and may your honour rise.

Say: Bismillahi r-Rahmani r-Rahim. O You, the Owner of Heavens and Earth, our Lord, we remember Your great Name, saying: Allahu akbar, Allahu akbaru l-akbar! Who says this Allah will not let him fall down. Allah Himself will appoint a servant for those who, like Shah Mardan, can finish all who don't say Allah's Name. Those who don't say, Allah, what power do they have? Those who say it like Shah Mardan can finish all of them! These days are coming closer. The unbelievers put their trust only in their own inventions - in their jet fighters, flying bombers and such things. All of these are like children's toys! The special servants of Allah, who are on the way of Shah Mardan, if they say just once 'Allah!' can bring all of them down.

So let's say: Allahu Akbar. What is our sword? Bismillahi r-Rahmani r-Rahim. Say it and go

forth. Everything in front of you will open. All Barakat comes from Bismillahi r- Rahmani r-Rahim. Outside of it there is no Barakat. Outside of it there is nothing good and no beauty. Outside of it there is no blessing and no life. Outside of it there is no Paradise. Say Bismillahi r-Rahmani r-Rahim! Draw this divine sword that has come down from Heavens. For whatever purpose you use Bismillahi r-Rahmani r-Rahim it will happen. Bismillahi r-Rahmani r-Rahim. "LiMa Quri'a lah" - isn't it? For whatever intention you use the Basmala, it will happen. Who uses Bismillahi r-Rahmani r-Rahim and then says: "I wasn't successful" is a liar. He has neither religion nor faith. He is like garbage. Nothing will work for him.

The works of those joining the gatherings of shaytan are to fight one another. And the majority of people prefer the gatherings of shaytan. They become shaytans. Those who are in the sohbet of the gathering of Shah Mardan become lions themselves. They are not confused. They are not afraid that something will fall on their heads. But something will come on the heads of those who don't use Basmala. Despite everything they have of gold and silver, paper money and property - It will not help them, even if they have treasures of gold. And that is because they don't use Bismillahi r-Rahmani r-Rahim. They are making laws, what kind of laws, to collect the people's money. True governments give to people, they don't take from them. This is an important point. The whole world wants to rob people. Taxes, taxes - give, give. Nobody says: Take!

But up to when? When did this dirt start? When democracy, this dirty system of governing, was introduced the Baraka was lifted from them. The gold standard was lost, and they started to write and draw on paper. Let's do this, let's do that, they say. Let us tie our pants well, so it doesn't leak. Did we do this, pass this law for nothing? We decided this and all of it has no value now? No Favour comes to people that is not sent from above. It has to be indicated in Heaven before an opening comes on Earth. If it is not indicated in Heaven, no opening can come on Earth and people won't be saved from the crisis. They will be crushed. Who creates us is our Lord. He it is who will save us from all suffering. This addressing comes with Bismillahi r-Rahmani r-Rahim. Say it and I will open.

If you call on Me - O our Lord, Your Name is Jalal, Mighty: Bismillahi r-Rahmani r-Rahim. Open the doors for us. Then you also open the doors of My servanthood. Be My servant and I

will save you from all trouble. Or else I will crush you in dunya, in akhira and also when you enter your grave. On the Day of Resurrection you will regret and in hell you will burn. Say: Allah, and Bismillahi r-Rahmani r-Rahim. O Shahu Mardan, masha Allah, Subhanallah. After you take shaytan, who lost his way, as a guide will it ever lead you to the right path? For each of you there is a shaytan leading the way. How can it take you to the right path when each shaytan does worse than its predecessors?

So let us say: Bismillahi r-Rahmani r-Rahim. Ya Mufattiha l-Abwab Iftah lana khayral bab. Open for us the doors of goodness. Where are you o spiritual head of the Christians? Do you get up every morning and open your hands towards Heavens and ask: O Allah, Owner of Heavens and Earth, open the doors of khair for us? Are you saying this? How are you then a spiritual leader? To whom do you prostrate, whom do you serve? Call on the one you serve, so he may save you. We are Muslims, Alhamdulillah, we are calling: O our Lord, Owner of the Earth and the Heavens; Open to us... Don't send us away from the doors of servanthood, o our Lord. May our faces be full of light and our hearts be pure. Don't separate us from the way of Shah Mardan, the way of the Sultanu l-Anbiya. Grant us closeness to Your beloved in Dunya and also in Akhirat. Say this! Be a human being. Don't you have a tongue? But from your tongue comes nothing but lies and swearing and that's why everything is hard for you.

Let's say: Bismillahi r-Rahmani r-Rahim. O people, honour comes to you through calling on and praising the Name of your Creator. There is an English translation for Bismillahi r-Rahmani r-Rahim... In the Name of Allah All Mighty All Merciful, most Beneficent. Say; He is the Lord of all worlds. He is also the Lord of 'Isa(as). He is the Lord of the Master of the Creation(sas). Thanks be to Allah. May these words of Shahu Mardan, informing us of miracles, reach to their destinations. They are jewels. Don't throw them to the floor and step on them. Don't run after filth, run after jewels. O so-called Muslims, o so-called Christians - know your Lord. If not, something will come on you in Dunya as well as in Akhirat. Shaytan will run after you and take you to hell. Dunya will be hell for you and also in Akhirat will be the lowest hell for you.

Aman, ya Rabbi. Tawba, ya Rabbi. O Shah Mardan, Sahibul Maydan, don't make us far away from your gathering; don't deprive us of your Nasihat/advice. May we get stronger, may our

light increase, may our heybet increase. Islam is coming! May its banners rise. O Egyptians, do you know what the banner of Islam is? After Bismillahi r-Rahmani r-Rahim it is "Inna fatahna laka Fathan Mubina" "Verily We have granted you a manifest Victory". Why don't you recite it, oh Egyptians? Why are you sleeping, Syrians? Why don't you say it? O our Lord, Owner of Heavens and Earth, He said, "Inna fatahna laka fathan mubina". Why don't you recite it? You buy weapons from here, guns from there, gun powder from here & there. With that you don't become men and you don't become governors. You become zeros.

Say: Allahu Akbar, Allahu Akbar, Allahu Akbar wa lillahi l-hamd. Allahu Akbar kabira wa lhamdulillahi kathira wa subhanallahi bukratan wa asila. You are Subhan, o our Lord. Ya Afu'
Forgive us. "Appoint for us a king that we may fight in the way of Allah."(2:246) This is from the Quran Karim. Bani Israel were also bewildered. They went to their Prophet at that time and what did they say to him? O Prophetof Allah May your Lord send us a King. "Nuqatil fi Sabilillah- we may fight on the way of Allah". If there isn't a King that Allah sends, there will be no end to this war. They will be like garbage and have to go, the same with the Children of Israel. They also know it, so why don't they do it? May East and West open to those who call on Allah. Janabi Haqq sent Daud(as) to them. Daud came to the Children of Israel. He gave to Jalut what he deserved. He removed him and raised the banner of Heavens. And his son Suleiman(as) conquered East and West.

Who is there to say: I will reign over dunya? What did Balqis say? Hudhud brought the letter from Suleiman. What was written in it? Innahu min Suleiman wa innahu Bismillahi r-Rahmani r-Rahim (27:30) Say the Basmala! Bring down their weapons from the air. O Egyptians, o Syrians, o Arabs of Hijaz, O Amirs and Kings. You are the Kings and Emirs so ask from Janabul Haqq that He may send to you a king who will make Jihad and fight in His way. There cannot be ten kings. There must be only one. May Allah, for the sake of Shah Mardan, send a Sultan of a clean lineage. May Mahdi(as) come and arrange everything.

Al Fatiha. This is enough for today. Allahu akbar, Allahu akbar, Allahu akbar wa lillahi l-hamd. What beautiful words. Those who don't believe them will burn in hell- there will be no salvation for them. Let us say: Bismillahi r-Rahmani r-Rahim May our day be full of goodness and

Barakat. May our bodies be happy. May our Iman be strong and our mind and willpower increase. May our servanthood increase. Let's be clean. Let's do service for our Lord. Whatever you do other than servanthood will be accepted. Do servanthood for our Lord and walk fearlessly. Don't fear either Bashar or Shashar. They are one person and Allah doesn't give them permission.

Not anybody can have the reign. Russia says: I will reign. But you are alone, without support. China says: We are more people. But it cannot do anything! Europe the same, America the same. They have no value. After not saying 'Allah' nothing works for you. Shaytan will take you down also. Allah jalla wa 'Ala will leave them to themselves. Shaytan will take them down. O Shah Mardan, may Allah's greatest pleasure be for you. May He accept us at the door of His Habib. Fatiha.

Draw the sword of Islam. Let's see if they are afraid or not then. Muslims coming together - if muslims come together, this will be their end. That's why they fear. They are not scared from the petrol or lamp oil of the Muslims. There is a lot of that. What are they concerned about? That Islam may rise once again and their religion will be made zero. It is already zero.

Ya Rabbi, Tawba, Tawba, Astaghfirullah. O Shahu Mardan, accept us. May the lions on his way accept us. May He give good health to our bodies and purity to our hearts. May troubles be removed from us. All worldly powers are under my feet & can go through the world like a cannon. There are many who have this.

Fatiha

Oh jani-i janan, Meistgeliebter, oh Sahibul Maydan, Shahu Mardan. Möge alfu salat, alfu salam auf den Geliebten unseres Herrn sein und auf den Sahabas unseres Propheten und besonders auf Shahu Mardan. Wie gesegnet sie sind! Möge ihre Kraft auch zu uns kommen. Wir sind schwach. Ein schwacher sucht immer einen Starken. Es gibt eine Türkische Redensart; „Er ist hohen Kreisen verbunden“. Das bedeutet er ist mit

bedeutenden Personen, Autoritäten, selbst Sultanen, verbunden, so jemand. Assalamu Alaikum oh Teilnehmer, möge Allahs Salam euer sein. Oh anwesende Liebende Shah Mardans, wieviel Kraft, wieviel haybat Janabul Haqq gibt. Möge unser Tag gut sein. As-Salamu Alaikum, diejenigen die in unserem Treffen anwesend sind, die hören und zuhören. Möge unser Tag gut sein, mögen unsere Taten gut sein, möge es gesegnet sein. So lasst uns sagen, oh Anwesende, oh janan Shah Mardan: Bismillahi r-Rahmani r-Rahim. Hebt euren Zeigefinger und macht das Zeichen der Shahada. Bezeugt gemäß der Religion des Tauhid. Allah ist Einer; es kann keine zwei geben. Sagt: La ilaha illaLlah und fürchtet euch nicht! Oh Shah Mardan, Sprich! Das ist es was wir zuerst sagen - Sagt: La ilaha illaLlah denn Janab-i Maula sagte auch: La ilaha illaLlah. Hasni wa man dakhala - wer immer Mein Schloss betritt, Amina min adhabi - sie werden vor Meiner Strafe geschützt sein. Dastur, Madad, ya Rijalallah. Mit deiner Hilfe werden wir ein paar Worte sagen die in Ost und West gehört werden mögen. Hier sind nicht nur 3 oder 5 Leute. Jeder auf dieser Erde mag hören was wir sagen: La ilaha illaLlah. Der Schöpfer dieser Schöpfung ist Allah Dhul Jalal. Er ist der Existierende, der Eine, der Einzigartige. Es gibt keinen zweiten. Er ist Al-Qadir (der Allmächtige) und Al- Muqtadir (der Alles Bestimmende). Wenn Er will kann Er alle Meere in einen Löffel füllen. Huwa 'ala kulli shayin qadir. Dieses Gleichnis kommt von Shah Mardan. Er ist kraftvoll, und bis zu so einem Punkt - das ist das Beispiel das sie uns geben; ein Beispiel dafür, dass Er Al-Qadir ist, ist, dass Er das Wasser aller Ozeane in einen Löffel füllen kann. Das ist ein Beispiel Seiner Macht, ein kleines Beispiel. Allahu akbar, Allahu akbar, Allahu akbar. Oh unser Herr, es gibt kein Geschöpf das nicht Sajda macht vor Deiner Größe. Und selbst die die es nicht tun, wenn die Nacht kommt legen sie ihre Köpfe nieder. Sie stehen nicht beim Schlafen, sie müssen sich hinlegen. Vor Seiner Größe fallen sie und bleiben liegen; sie können nicht aufstehen. Dies ist eine wichtige Rede von Shah Mardan. Selbst die, die Allahs Einheit leugnen solange sie aufrecht stehen, am Ende fallen sie um. Zu fallen ist das Ende der Bedürftigen. Sie fallen auf ihr Gesicht um Allahs Größe zu zeigen. Schließlich, nachts, nach einem ganzen Tag voll Geschrei und Gebrüll können sie nicht länger aufrecht stehen, selbst wenn sie den ganzen Tag auf den Beinen gewesen sind. Janabu Allah hat den Menschen nicht vierbeinig erschaffen. Der Mensch steht auf zwei Beinen. Oh Shah Mardan, wie schön ist es was du uns erzählst. Wer aufrecht geht repräsentiert Allahs Existenz, das Alif Allahs Großen Namens. Das Alif geht auf seinen Füßen und sagt: Ich bin das Geschöpf Allahs. Alif ist der Anfang Allahs Großen Namens. Das erste Wort von Al-Jalal ist der Buchstabe Alif. Er machte uns nicht vierbeinig. Die Vierbeiner sind in Ruku'. Keiner von ihnen ist in Qiyam (stehend). Vierbeiner stehen nicht aufrecht. Unter den Geschöpfen die aufrecht stehen ist der Mensch das meistgeehrteste. Er steht aufrecht. Er steht auf und geht. Oh mein Herr, Du bist Einer. Es gibt kein bekanntes

Ende für Deine Größe. Wir bezeugen Deine Einheit indem wir aufstehen. Masha Allah, oh Shahu Mardan. Mögen unsere Herzen in Frieden sein. Mögen unsere Körper stark sein und gesund. Mögen unsere Verstande klar sein, und unsere Ehre nicht verloren. Mögen wir nicht auf die Erde fallen, wie manche Tiere. Ein menschliches Wesen geht auf zwei Beinen. Menschen stehen aufrecht und bezeugen Allahs Einheit, indem sie bestätigen: Er hat mich erschaffen. Er ließ mich auf zwei Beinen stehen, in Qiyam. Er hat uns nicht auf vier Beinen gelassen wie Bären und Esel, Katzen und Hunde. Wir sind das meistgeehrte Geschöpf das Allah erschaffen hat, und diese Ehre wird in unserem Dasein ausgedrückt wie ein Alif. Janabul Allah hat den Menschen aufrecht erschaffen wie ein Alif, nicht vierbeinig oder vierzigbeinig... Nein. Der Mensch steht auf zwei Beinen und das ehrt ihn. Oh Shah Mardan, der Löwe des Platzes, mögen deine schönen Worte uns wiederbeleben. Möge die Schwere unseren Körper verlassen, und die Sorge unser Herz. Möge unsere Verwirrung enden. Ihr seid aufrecht gehend erschaffen worden, und in Gestalt des ersten Buchstabens des Großen Namens Allahs. Er hat euch nicht vierbeinig gemacht. Denkt darüber nach! Tafakkaru sa'atin khayrun min 'ibadati saba'een sannah. Eine Stunde intensiven Nachdenkens ist besser als 70 Jahre Gebete ohne Verstand, 70 Jahre! Das ist genug Wissen für euch. Welche Ehre Janabi Haqq dem Menschen gegeben hat. Allah jallat azamatuhu, jalla jalaluhu, Subhana wa ta'ala. Oh unser Herr, es verlangt nach einem Menschen mit einem Auge das sieht und einem Verstand der versteht. Oh Shahu Mardan, öffne! Er öffnet. Welche Schönheit den Menschen gegeben wurde, und welche Ehre! Kein anderes Geschöpf geht auf zwei Beinen wie der Mensch. Ehre gehört den Menschen und sein aufrechtes Stehen repräsentiert den ersten Buchstaben Allahs Großen Namens. Allah menschliche Wesen sagen "Allah". Wo immer ich hingehe, ich stehe auf mit Allah. Also wie kann ich Ihn leugnen? Alle Geschöpfe sind vierbeinig, aber wir sind aufrecht. Unsere Shahada/Bezeugung ist sogar mehr akzeptiert als die der Engel. Allah sagt: Sag es! Oh ihr Gelehrten, sagt es! Wenn ihr nichts darüber wisst, hört Shah Mardan zu, oh unser Löwe, Shah Mardan. Lasst uns niederfallen und deine Hände und Füße küssen. Lasst uns opfern um deinetwillen. Die an der Tür Allahs haben heybet. Für 1500 Jahre wurden die guten Eigenschaften Shah Mardans gepriesen und besungen und niemand wurde jemals müde davon. O Shahu Mardan, ahlan wa sahlan. Oh Anwesende, oh Liebende Shah Mardans, werdet voll von haybat, bleibt nicht schwach und unterdrückt. Allah hat euch wie das Alif erschaffen, der erste Buchstabe Seines Großen Namens. Ihr seid nicht wie Vierbeiner, ihr habt Ehre. Also seid nicht entehrt. Es passt nicht zu einem ehrenvollen Geschöpf, zu stehlen, schlechte Dinge zu tun. Ehrenvoller Göttlicher Dienst passt zu dem Menschen. Was ist der ehrenhafteste Dienst? Denjenigen

anzubeten, Der ihn erschaffen hat. Oh unser Herr, Du hast uns erschaffen. Wir stehen auf in Deiner Gegenwart. Wir verbeugen uns vor Dir, wir werfen uns nieder vor Dir. Oh Leute, ihr alle seid unwissend geworden. Verlasst die Unwissenheit und hört auf die Wahrheit.

Das ist es was 'Isa (as) sagte, und Musa (as) und natürlich der Prophet der Endzeit (sws). Unser Prophet, der Meister der Schöpfung (sas) ist derjenige der alle Propheten lehrt. Also ehrt ihn und erhöht seinen Namen. Oh Shah Mardan, wir opfern uns auf deinem Weg. Oh Shah Mardan, in dessen Händen Dhul Fiqqar ist. Mögen die die nicht respektvoll in Qiyam für ihren Herrn stehen und die nicht Sajda machen, immerzu niederfallen. Allah Allah, Subhanullah, Sultanullah. Wir sagen: Marhaba, oh Liebende, oh Freunde, wie diese Engel es sagen die durch die Himmel gehen und die Gläubigen willkommen heißen. Sie sagen: Marhaba, oh Gläubige, oh ihr die ihr den Weg eures Herrn liebt, die die Liebe ihres Herrn in sich tragen. Gegrüßt seid ihr. Die Dunya ist unter euren Füßen - sie hat keinen Wert. Oh Shahu Mardan, oh Liebende, oh Freunde. Unser Treffen ist mit Nur/göttlichem Licht erfüllt. Es ist gefüllt mit Spiritualität und Freude und haybat - wie der Wind der alle Arten von Gutem mit sich bringt, sie sanfte Frühlingsbrise. Die sanfte Brise ist die beste Art von Wind, die beste Luft. Hört diesem Treffen von Shah Mardan zu. Sagt nicht: Ich habe das gestern gehört. Was du gestern auf dem Markt gehört hast, war anders. Heute ist ein neuer Tag mit einer neuen Versorgung - Yaumun jadid, rizqun jadid. Unser Herr gibt - Seine Gaben werden nie versiegen. Die Gefallen von Janabi Haqq werden niemals versiegen. Wendet euch eurem Herrn zu. Glaubt an euren Herrn. Steht auf in Seiner Gegenwart, Verbeugt euch vor Ihm in Ruku'. Macht Sajda! Mögen sie euch ins Gewand der Ehre kleiden. Sagt: Bismillahi r-Rahmani r-Rahim. Möge dieser Tag gut sein und ebenso sein Ende. Mögen uns alle Sorgen verlassen, oh unser Herr, unser Subhan, unser Sultan, sagt Shah Mardan. Hört zu. Möge es überall solche Treffen geben. Hört denen zu, die von Manaqib - den hohen Eigenschaften des Propheten und Shah Mardans - sprechen. Wir haben Bücher über Manaqib, lest sie und hört sie lesen. Hört zu, so dass sie euch in Ehre und Licht kleiden mögen und dass euch eure Sorgen verlassen mögen. Mögen all eure Sorgen und euer Leiden verschwinden. Möge nichts von der Verzweiflung bei euch bleiben, und möge eure Ehre steigen. Sagt: Bismillahi r-Rahmani r-Rahim. Du, der Besitzer der Himmel und der Erde, unser Herr, wir erinnern uns Deinen Großen Namens, indem wir sagen: Allahu akbar, Allahu akbaru l-akbar! Wer das sagt, den wird Allah nicht fallen lassen. Allah Selbst wird einen Diener bestimmen, für die, wie Shah Mardan, die alle vernichten werden die nicht den Namen Allahs sagen. Die, die nicht Allah sagen, welche Macht haben sie? Die die es wie Shah Mardan sagen, können alle von ihnen vernichten! Diese Tage kommen näher. Die Ungläubigen legen all ihr Vertrauen in ihre eigenen Erfindungen - in ihre Jet Fighter, Bombenflieger und solche Dinge. All das ist

wie Kinderspielzeug! Die besonderen Diener Allahs, die auf dem Weg Shah Mardans sind, wenn sie nur einmal 'Allah!' sagen können sie sie alle stürzen. Also lasst und Allahu Akbar sagen. Was ist unser Schwert? Bismillahi r-Rahmani r-Rahim. Sagt es und geht vorwärts. Alles vor euch wird sich öffnen. Alle Barakat kommt von Bismillahi r-Rahmani r-Rahim. Außerhalb davon ist keine Barakat. Außerhalb davon ist nichts Schönes und Gutes. Außerhalb ist kein Segen und kein Leben. Außerhalb ist kein Paradies. Sagt Bismillahi r-Rahmani r-Rahim! Zieht dieses göttliche Schwert, das von den Himmeln herunterkam. Für welchen Zweck du auch Bismillahi r-Rahmani r-Rahim verwendest, es wird passieren. Bismillahi r-Rahmani r-Rahim. "LiMa Quri'a lah" - oder nicht? Mit welcher Absicht auch immer du Bismillahi r-Rahmani r-Rahim benutzt, es wird passieren. Wer Bismillahi r-Rahmani r-Rahim benutzt und dann sagt "Ich war nicht erfolgreich" ist ein Lügner. Er hat weder Religion noch Glaube. Er ist wie Müll. Nichts wird für ihn funktionieren. Die Werke derer, die an den Treffen Shaytans teilnehmen sind, einander zu bekämpfen. Und die Mehrheit der Leute zieht die Versammlungen Shaytans vor. Sie werden zu Shaytanen. Diejenigen die in der Sohbat, der Versammlung Shah Mardans sind, werden selbst zu Löwen. Sie sind nicht verwirrt. Sie haben keine Angst, dass etwas auf ihre Köpfe fallen wird. Aber etwas wird auf die Köpfe derer kommen, die nicht Basmala gebrauchen. Trotz allem was sie an Gold und Silber haben, Papiergeld und Besitz, es wird ihnen nichts helfen, selbst wenn sie Schätze von Gold haben. Und das ist weil sie nicht Bismillahi r-Rahmani r-Rahim benutzen. Sie machen Gesetze, was für Gesetze, um das Geld der Leute zu sammeln. Wahre Regierungen geben den Leuten, nehmen nicht von ihnen. Das ist ein wichtiger Punkt. Die ganze Welt will die Menschen berauben. Steuern, Steuern - gebt, gebt. Niemand sagt: Nehmt! Aber bis wann geht das zurück? Wann hat es begonnen? Als die Demokratie, dieses schmutzige Regierungssystem eingeführt wurde, wurde ihnen die Baraka entzogen. Der Goldstandard war verloren und sie begannen, auf Papier zu malen und zu schreiben. Lasst dies tun, lasst jenes tun, sagten sie. Lasst uns auch unsere Hosen festziehen, so dass nichts herausläuft. Haben wir das gemacht, dieses Gesetz bewilligt für nichts? Wir haben dies beschlossen und all das hat nun keinen Wert? Kein Gefallen kommt auf die Leute, der nicht von oben gesandt wird. Es muss in den Himmeln angezeigt werden bevor es auf Erden eine Öffnung gibt. Wenn es im Himmel nicht angezeigt wird, kann es auf Erden keine Öffnung geben und die Leute werden nicht aus der Krise gerettet. Sie werden zerschmettert. Wer uns erschafft ist unser Herr. Er ist es, Der uns vor all dem Leid retten wird. Diese Ansprache kommt mit Bismillahi r-Rahmani r-Rahim. Sagt es und es wird geöffnet. Wenn ihr Mich anruft - Oh unser Herr, Dein Name ist Jalal, Der Mächtige: Bismillahi r-Rahmani r-Rahim. Öffne uns die Tür. Dann öffnet ihr auch die Türen zu Meiner Dienerschaft. Seid Mein Diener und Ich werde euch aus allen Schwierigkeiten retten. Sonst

werde ich euch zerschmettern in Dunya, Akhirat und auch wenn ihr euer Grab betretet. Am Tag der Auferstehung werdet ihr bereuen und ihr werdet in der Hölle brennen. Sagt: Allah, und Bismillahi r-Rahimani r-Rahim. Oh Shahu Mardan, mashaAllah, Subhan Allah. Nachdem ihr Shaytan, der seinen Weg verloren hat, als Führer genommen habt, wird er euch jemals auf den rechten Weg führen? Für jeden von euch gibt es einen Shaytan der den Weg anführt. Wie kann er euch auf den rechten Weg bringen, wenn jeder Shaytan schlimmer ist als seine Vorgänger? Also lasst uns Bismillahi r-Rahmani r-Rahim sagen. Ya Mufattiha l-Abwab Iftah lana khayral bab. Öffnet für uns die Türen des Guten. Wo seid ihr oh spiritueller Anführer der Christen? Steht ihr jeden Morgen auf und öffnet eure Hände Richtung Himmel und bittet: Oh Allah, Besitzer der Himmel und der Erde, öffne die Türen von khayr für uns? Sagt ihr das? Wie seid ihr dann ein spiritueller Anführer? Vor wem werft ihr euch nieder, wem dient ihr? Ruft denjenigen an, dem ihr dient, so dass er euch retten möge. Wir sind Muslime, Alhamdulilah, wir rufen: Oh unser Herr, Besitzer der Erde und der Himmel; Öffne für uns... Schicke uns nicht weg von den Türen Deiner Dienerschaft, oh unser Herr. Mögen unsere Gesichter voll Licht sein und unsere Herzen rein sein. Trenne uns nicht vom Weg Shah Mardans, dem Weg von Sultanu l-Anbiya. Gewähre uns Nähe zu Deinem Geliebten in Dunya und auch in Akhirat. Sagt das! Seid ein menschliches Wesen. Habt ihr eine Zunge? Aber von euren Zungen kommt nichts als Lügen und Flüche, und deshalb ist alles schwer für euch. Lasst uns Bismillahi r-Rahmani r-Rahim sagen. Oh Leute, Ehre kommt auf euch durch das rufen und preisen des Namens eures Schöpfers. Es gibt eine Englische Übersetzung für Bismillahi r-Rahmani r-Rahim... Im Namen Allahs, des Allmächtigen, des Allbarmherzigen. Sagt; Er ist der Herr aller Welten. Er ist auch der Herr von 'Isa (as). Er ist der Herr des Meisters der Schöpfung (sas). Dank sei Allah. Mögen diese Worte Shah Mardans, die uns übser Wunder informieren, ihre Ziele erreichen. Sie sind Juwelen. Werft sie nicht auf den Boden und tretet darauf. Rennt nicht Schmutz hinterher, rennt Juwelen hinterher. Oh sogenannte Muslime, oh sogenannte Christen, kennt euren Herrn. Wenn nicht, wird etwas auf euch kommen sowohl in Dunya als auch in Akhirat. Shaytan wird euch hinterher rennen und euch in die Hölle führen. Dunya wird die Hölle für euch sein, und auch Akhirat wird die tiefste Hölle für euch sein. Aman, ya Rabbi. Tawba, ya Rabbi. Oh Shah Mardan, Sahibul Mardan, lass uns nicht fern sein von deiner Versammlung, entziehe uns nicht deinen Nasihat/Ratschlag. Mögen wir stärker werden, möge unser Licht mehr werden, möge unser haybat mehr werden. Islam kommt! Mögen seine Flaggen steigen. Oh Ägypter, wisst ihr was die Flagge des Islam ist? Nach Bismillahi r-Rahmani r-Rahim heißt es "Inna fatahna laka Fathan Mubina"; "Wahrlich, Wir haben euch einen offenkundigen Sieg verheißen". Warum rezitiert ihr es nicht, oh Ägypter? Warum schlaft ihr, Syrer? Warum sagt ihr es nicht? Oh

unser Herr, Besitzer der Himmel und der Erde, Er sagte "Inna fatahna laka fathan mubina". Warum rezitiert ihr es nicht? Ihr kauft Waffen von hier, Gewehre von dort, Schießpulver von da und dort. Damit werdet ihr keine Männer und ihr werdet nicht zu Herrschern. Ihr werdet Nullen. Sagt: Allahu Akbar, Allahu Akbar, Allahu Akbar wa lillahi l-hamd. Allahu Akbar kabira wa l-hamdulillahi kathira wa subhanallahi bukratan wa asila. Du bist Subhan, oh unser Herr. Ya Afu'. Vergib uns. Setze einen König ein, so dass wir auf Allahs Weg kämpfen können (2:246). Das ist aus dem Quran Karim. Die Bani Israel waren auch verwirrt. Sie gingen zu ihrem Propheten zu der Zeit und was sagten sie zu ihm? Oh Prophet Allahs, möge Dein Herr uns einen König schicken. "Nuqatil fi Sabilillah-wir mögen auf dem Weg Allahs kämpfen". Wenn es keinen König gibt den Allah schickt, wird es kein Ende für diesen Krieg geben. Sie werden sein wie Müll und gehen müssen, das Gleiche wie mit den Kindern Israel. Sie wissen es auch, also warum tun sie es nicht? Mögen Ost und West sich öffnen für die, die Allah anrufen. Janabi Haqq sandte Daud (as) zu ihnen. Daud kam zu den Kindern Israels. Er gab Jalut was er verdiente. Er beseitigte ihn und hisste die Flagge der Himmel. Und sein Sohn Sulaiman (as) eroberte Ost und West. Wer ist da, der sagt: Ich werde über die Welt herrschen? Was sagte Belqis? Hudhud brachte den Brief von Sulaiman. Was stand darin geschrieben? Innahu min Suleiman wa innahu Bismillahi r-Rahmani r-Rahim (27:30). Sag Basmala! Bring die Waffen aus der Luft herab. Oh Ägypter, oh Syrer, oh Araber von Hijaz, oh Amirs und Könige. Ihr seid die Amirs und Könige, also bittet Janabul Haqq darun, dass Er euch einen König schicken möge, der Jihad machen wird und auf Seinem Weg kämpfen wird. Es kann nicht zehn Könige geben. Es muss nur einer sein. Möge Allah, um Shah Mardans willen, einen Sultan einer reinen Linie senden. Möge Mahdi (as) kommen und alles regeln. Al Fatiha. Das ist genug für heute. Allahu
akbar, Allahu akbar, Allahu akbar wa lillahi l-hamd. Welch schöne Worte. Diejenigen die nicht an sie glauben werden in der Hölle brennen - es wird keine Rettung für sie geben. Lasst uns Bismillahi r-Rahmani r-Rahim sagen. Möge unser Tag gut sein und voll Barakat. Mögen unsere Körper glücklich sein. Möge unser Iman stark sein und unser Verstand und unsere Willenskraft wachsen. Möge unsere Dienerschaft wachsen. Lasst uns rein sein. Lasst uns Dienst für unseren Herrn tun. Was immer du als Dienerschaft tust, wird akzeptiert werden. Übe Dienerschaft für deinen Herrn aus und gehe ohne Furcht. Fürchte weder Bashar noch Shashar. Sie sind eine Person und Allah gibt ihnen keine Erlaubnis. Niemand kann die Herrschaft haben. Russland sagt: Ich werde herrschen. Aber ihr seid allein, ohne Unterstützung. China sagt: Wir sind mehr Leute. Aber das kann nichts ausrichten! Das Gleiche mit Europa, das Gleiche mit Amerika. Sie haben keinen Wert.

Nachdem ihr nicht 'Allah' sagt funktioniert nichts bei euch. Shaytan wird euch auch herunterziehen. Allah jalla wa 'Ala wird sie sich selbst überlassen. Shaytan wird sie hinabziehen. Oh Shah Mardan, möge Allahs größtes Gefallen für dich sein. Möge Er uns akzeptieren an der Tür Seines Habib. Fatiha. Zieht das Schwert des Islam. Lasst uns dann sehen, ob sie Angst haben oder nicht. Die Muslime kommen zusammen - wenn die Muslime zusammen kommen wird das ihr Ende sein. Deshalb fürchten sie sich. Sie haben keine Angst vor dem Öl oder Petroleum der Muslime. Davon gibt es viel. Worum machen sie sich Sorgen? Dass der Islam sich wieder erheben wird und ihre Religion zu Null gemacht wird. Sie ist schon Null. Ya Rabbi, Tawba, Tawba, Astaghfirullah. Oh Shahu Mardan, akzeptiere uns. Mögen die Löwen auf seinem Weg uns akzeptieren. Möge Er unseren Körpern gute Gesundheit geben und Reinheit in unsere Herzen. Mögen Schwierigkeiten von uns genommen werden. Alle weltlichen Mächte sind unter meinen Füßen und können wie eine Kanone durch die Welt gehen. Es gibt viele die das haben. Fatiha.

## Aligning with Allah

Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim.
Run to Allah, beware of Shaitan! Shaitan is running after everyone- for what? Shaitan is our enemy; he is most dangerous, but he is coming to people friendly, so people think: 'He is our best friend.' As he reached to Sayidinna Adam in Paradise- coming very friendly, saying: 'Oh Eve, I am coming to you, I am your best friend, I am coming to advise you, and it is good for you.' And he did what he did for Adam and Eve, showing how much friendly he is with Adam and Eve... When they had been thrown away from Paradise, falling on earth, ohhh, he was so happy and laughing, and his laughter could be heard through East and West. But Adam was crying and Eve was suffering, and Shaitan was so happy: 'That is my advice to you, to make you to fall in suffering and trouble here and hereafter. The Creator created fire for me, but I am from fire, I don't care!'

One philosopher was saying about Shaitan, Iblis- and philosopher's heads are like a square mm or less, that Darwin saying that we come from Chimpanze- and he was objecting on a Sheikh: 'You are saying that Shaitan is going to the fire. But his creation is from fire. How can fire give trouble to Shaitan? Can't be. Fire to fire- I don't think that there should be suffering for Shaitan.' He said this and quickly that Sheikh took a stone, throwing and it hit his head. 'Ufff', the philosopher was shouting, 'My head just finished.' 'Don't worry', said the Sheikh, 'it can't be, because this is earth and you are also from earth. How it can be? Clay is clay; you are

from clay and this is clay, how you can say: 'I am dying?'

And Shaitan thinks that fire is not going to touch him and make him to suffer, but- Ohhh...He thinks that but he should take double the punishment of all the people that enter the fire of Hell; it is going to be loaded on him. He was so happy when Adam suffered on earth. Adam a.s. was giving his warning to his sons, saying: 'This is my advice to you, my last will is not to follow Shaitan. I followed, because he came to me so friendly, but finally I understood that he was my biggest enemy. And I fell down. Beware of that Shaitan, because you should also be punished at least through this life. Even if forgiveness may come to you on Judgment Day, but now you are going to suffer.'

But what we shall say? Allah Almighty sent 124 000 prophets, from Adam up to the Seal of Prophets, ordering them to warn people from Shaitan and to tell them: 'Beware of Shaitan, o people, no one can be a more dangerous enemy to you than Shaitan. But yet you are happy and think: 'Shaitan is our best friend.' Till now people 100% follow Shaitan. And everywhere where there is miseries and suffering, fighting, war and crises, the main reason is that people think Shaitan is their best friend. Nobody yet wakes up to say: 'O people, we are all mankind, why we fight each other, eating the meat of each other? It is not our honour to kill and to eat some others.' But they are not saying, because they listen to Shaitan, who says: 'Kill, destroy, fight! Don't obey the Lord of Heavens!' And Allah is saying: 'As you like, o mankind. If you believe, you are free; if you are not asking to believe, it is also okay for you, My curse is following you. If you make kufr, disobedience, My curse never leaves you.'

Now the whole world is cursed and the earth is asking to throw people into space, to disappear. It is fed up to carry mankind on its shoulders, because mankind is not servant of Allah, but becoming slaves of Shaitan. They should kill each other...now coming the biggest war; it is at the door. I don't know up to next Muharram how many people will be living on earth and how many will have been sent away...From six people one will remain. If there are six billion people, five billion must die...and everything they built is going to be destroyed...Shaitan will come on that hill, laugh and say: 'Ohh, I reached my target, I destroyed the Children of Adam. They are finished, they don't come back.'

Who is going to the entrance of Paradise, for him there is going to be an opening to Paradise. But (who) is coming to the entrance of fire, when it opens, scorpions, snakes and dragons will rush on them, and endless

sufferings and the fire will come on them...There is a door of Rahmet, mercy, and a door of azab, divine anger, punishment. Where you go, you may choose for yourself. But people don't use their minds, and they never use their will power. If anyone doesn't use his mind, he can't use his will power. And mind and will power are the biggest grants from Allah Almighty to mankind; will power is not granted to angels. Angels have mind. Animals have neither mind nor will power. We have mind and will power, but if you are not using your mind, you cannot use your will power.

People perhaps will be punished...They use so many tricks and they put so many traps to stop heavenly rules to work on earth, preventing them. But Allah Almighty is saying: 'They make hundreds and thousands of tricks and traps to prevent heavenly rules to be put, and they bring always satanic rules- leave them, if they do. I will do much more to take away their tricks and traps. My traps are soon going to catch them! Leave them a little bit, for a short time, to do what they are asking to do. Let them suffer, punish each other, and kill each other- soon My trap is going to catch them!'

## Al Ihsan

Dastur Ya Rijal Allah, Dastur Ya Rijal Allah Allahu Akbar, Allahu Akbar. La Ilaha illa Allah wa Allahu Akbar Allahu Akbar wa Lillahi Al Hamd, 'Ala Sayidi Al Awwalin wa Al Akhirin, Sultan Al Anbiya' Hadrati Rasulullah, wa man Tabiyuhu Bi Ihsan Al Salam aleikum O servants of The Lord. Subhana Allah O believers, we have reached the middle of the blessed month, the month of Ramadan. Allahu Akbar! Allahu Akbar! We ask our Lord (swt) that He may pardon us & forgive us and guide us to righteousness for the sake of His Beloved Al Mustafa (saws). Grant Your Beloved more glory & honour, Divine Light & happiness. Religion is advice. Audhu Billah min al shaytan al rajim Bismillah Al Rahman Al Rahim.

We have reached the middle of the blessed month. Allah Allah... for 1453 years, since Islam arrived with the blessed Ramadan, they fasted by Allah's (swt) order: "If you can fast in the month of fasting then fast. This is an order." As it was ordered to the rest of the nations to fast. It was not only for ummata Muhammad (saws). Because it was requested to fast in order to train the ego. The ego has the worst training, worst manners, worst mind. It is shaytanic. We are informed that when Allah (swt) created the ego, He (swt) said "Come!" and it went back. When He (swt) said "Go back!" it came forward. This is the attribute of the ego, it does not obey.

Therefore Allah (awj), for the sake of training the ego, when He (swt) said "Who am I?" It answered "I am me & You are You." The ego did not say that it is a servant, so Allah (swt) sent it for a 1000 years in hell. Then it was taken out & asked "Who am I & who are you?" It answered "I am me & You are You." So it was sent for a 1000 years in the most freezing place. Then it was taken out & asked "Who am I & who are you?" It answered "I am me & You are You." It never submitted. Allah (swt) ordered it to be sent to the valley of hunger. Then it was taken out & asked "Who am I & who are you?" It answered "You are the Lord."

The training of the ego is the hardest of matters. And all the Prophets (saws) were ordered to fast for the sake of training the ego, the tyrant ego. The last of Prophets (as) the Sultan of Prophets (saws) was also ordered to fast in "the Month of Ramadan in which was revealed the Quran; a guidance for mankind & clear proofs of the guidance, & the Criterion" (2:185) Therefore fast. The heaviest thing for the ego was when it was imprisoned in the valley of hunger. Without fasting the ego would not obey the order of Allah (swt) & say "i am a weak servant & You are The Mighty Lord."

Subhanallah we are in the middle, the middle of the blessed month of Ramadan. Good tidings to who respected & followed the order of Allah (awj) "and so Fast!" Good tidings to those who followed and obeyed their Lord & fasted. Allahu Akbar! If they left fasting they become tyrants. They follow the tyrants & become all of them tyrants. And Subhana Allah Al 'Aliyi Al 'Azim. The human being as a training for them, the last of Prophets (saws) said "What is born will die and what is raised will be ruined." (Hadith). This is the order from Heavens to the Prophets (as) to the Prophet (saws) of the end of times.. End of times Sayidina Muhammad (saws). Ya Rasulallah! So fast! If you do not fast, surely a curse is coming upon you. May Allah (swt) protect us.

The training of the ego is necessary. If the ego does not admit to its servanthood it will not have a chance in the life in this world or have a chance in the Hereafter. This is for the sake of training the ego. "What is born will die and what is raised will be ruined." (Hadith) This knowledge is of the most important matters. Teach your children, teach, teach all people, so they may know that they are born to die and what was built will be destroyed. In our days now we see that people,

thousands of people, are dying in whichever way, and they build and their buildings are also ruined by their own hands.

May Allah protect us. O people! Allah (swt) says "Wa Ahsinu Inna Allaha Yuhibbu Al-Muhsinina" (2:195) This order is enough for the benefit of Islam. For the virtuous Prophet (saws) of the end of times, do goodness. Allah (swt) loves the good doers. They left the way, and they fell in problems. It is not possible for them to be saved or to release themselves from the curses and the various types of corruption. The key to this world for the children of Adam (as) and for the Mercy of Allah (swt), the key is this - "Ihsan". Do goodness! Allah (swt) loves the good doers & He (swt) gives to them.

And the people... instead of doing goodness, they are hiding what they are given and this is the reason for their destruction. What they are hoarding from this world is the reason and they are not doing goodness. When there is no goodness, Allah (swt) closes the door on them in their life in this world. They have no peace, not in this world nor in the Hereafter, especially O believers, O presidents you must listen to the words of Al Haqq (swt) and do goodness. Look, because of their stinginess they prevented doing goodness, and when they denied it to the public this is what happened. Our days now, in this world, especially the Muslim world, if they did goodness these troubles would have not come, no!

"AllahaYuhibbu Al-Muhsinina" (2:195) He (swt) supports them with goodness. Do goodness Allah (swt) grants you more goodness. This is a warning to the Princes: Instead of killing people, do goodness for them. They will obey you due to your goodness to them. "Inna Allaha Ya'muru Bil-`Adli Wa Al-Ihsani Wa Ita'i Dhi Al-Qurba" (16:90) "Inna Allah Yuhibbu Al-Muhsinina" (2:195) And He (swt) ordered to do goodness. Why are they witholding? They held back wealth & the wealth became like a snake, a snake that eats them. Do goodness & Allah(swt) will reward you with goodness There is no way to make peace in this world except through the way of goodness.

"Inna Allaha Ya'muru Bil-Adli Wa Al-Ihsani Wa Ita'i Dhi Al-Qurba Wa Yanh√° Ani Al-Fahsha'i" (16:90) Al Fahsha'i/obscenity is not doing goodness. They did not listen, listen to the

words of Al Haqq (swt). Then curses came on them and they used power for the sake of fighting people & making them obey them. For what? If you did good to them, they would have followed you. But you did not do good to them, so they came against you. They came up against you because you were harsh to them and harshness bring harshness. O believers, O presidents, O Princes, O rich ones! Do goodness, because Allah (swt) loves the ones who do goodness.

Wa Min Allah Al Tawfiq, this is enough and may Allah (swt) make us from the ones who do goodness, it is His order. Who makes more goodness for Allah's (swt) sake Allah (swt) grants him more. Tawba Ya Rabbi, tawba, tawba astaghfirullah. I am a weak servant. I cannot carry more. Who understands, good for them. Who does not, Woe to them! Astaghfirullah, astaghfirullah.. Al Fatiha.

Dastur ya Rijal Allah, Dastur ya Rijal Allah. Allahu Akbar, Allahu Akbar. La ilaha illa Allah wa Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. 'Ala Sayyidi l-Awwalin wa l-Akhirin, den Sultanu l-Anbiya' Hadrati Rasulullah wa man Tabiyuhu Bi Ihsan. As-Salamu Alaykum, Diener des Herrn. Subhana Allah, Gläubige, wir haben die Mitte des gesegneten Monats, des Monats Ramadan, erreicht. Allahu Akbar! Allahu Akbar! Wir bitten unseren Herrn (swt), daß er uns verzeiht und vergibt und uns zu Rechtschaffenheit leitet um Seines Geliebten Al Mustafa (saws) willen. Gewähre Deinem Geliebten mehr Ruhm und Ehre, Göttliches Licht und Glück. Religion ist Ratgebung. Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. Wir haben die Mitte des gesegneten Monats erreicht. Allah Allah... Seit 1453 Jahren, seit der Ankunft des Islam mit dem gesegneten Ramadan fasten sie auf Allahs (swt) Befehl hin: 'Wenn ihr in dem Fastenmonat fasten könnt, dann fastet.' Dies ist ein Befehl. Wie es den übrigen Nationen befohlen war zu fasten. Es galt nicht nur für die Ummata Muhammad (saws), weil es gefordert war zu fasten, um das Ego zu schulen. Das Ego hat die schlimmste Schulung, das schlimmste Betragen, den schlimmsten Verstand. Das ist shaytanisch.

Uns wurde bekannt gemacht, daß Allah, als Er das Ego erschuf, sagte: Komm! Und es wich

zurück. Als Er (swt) sagte: Geh zurück!, kam es herbei. Das ist das Attribut des Egos. Es gehorcht nicht. Deshalb sagte Allah (awj), um das Ego zu schulen: 'Wer bin Ich?' Es antwortete: 'Ich bin ich, und Du bist Du.' Das Ego sagte nicht, daß es ein Diener sei. Also schickte Allah (swt) es für 1000 Jahre in die Hölle. Dann wurde es herausgenommen und gefragt: 'Wer bin Ich und wer bist du?' Es antwortete: 'Ich bin ich, und Du bist Du.' Also wurde es 1000 Jahre an den kältesten Ort geschickt. Dann wurde es herausgenommen und gefragt: 'Wer bin Ich und wer bist du?' Es antwortete: 'Ich bin ich und Du bist Du.' Es unterwarf sich nicht. Allah (swt) befahl, es in das Tal des Hungers zu schicken. Dann wurde es herausgenommen und gefragt: 'Wer bin Ich und wer bist du?' Es antwortete: 'Du bist der Herr.' Die Schulung des Egos ist die härteste Sache. Und allen Propheten (as) wurde befohlen, um der Schulung des Egos, des tyrannischen Egos, willen zu fasten. Dem letzten der Propheten, dem Sultan der Propheten (saws) wurde auch befohlen, zu fasten im 'Monat Ramadan, in dem der Quran offenbart wurde als Rechtleitung für den Menschen und als klare Beweise der Rechtleitung und Unterscheidung' (2:185). Deshalb fastet. Die schwierigste Sache für das Ego war, als es im Tal des Hungers eingesperrt war. Ohne Fasten würde das Ego den Befehlen Allahs (swt) nicht gehorchen und nicht sagen: Ich bin ein schwacher Diener und Du bist der mächtige Herr.

Subhanallah, wir sind in der Mitte des gesegneten Monats Ramadan. Gute Nachrichten für jene, die den Befehl Allahs (awj) 'Und also fastet!' respektieren und befolgen. Gute Nachrichten für jene, die ihrem Herrn gehorchten und fasteten. Allahu Akbar! Wenn sie dem Fasten den Rücken kehren, werden sie Tyrannen. Sie folgen Tyrannen und werden alle Tyrannen. Und Subhana Allaha l-Aliyi l-Azim. Als Schulung für den Menschen sagte der letzte der Propheten (saws): 'Was geboren ist, wird sterben, und was aufgerichtet wird, wird zerstört.' (Hadith) Das ist der Befehl von den Himmeln an die Propheten (as), an den Propheten des Zeitenendes (saws), Sayyidina Muhammad (saws). Ya Rasulullah! Also fastet! Wenn ihr nicht fastet, kommt sicherlich ein Fluch auf euch herab. Möge Allah (swt) uns schützen. Die Schulung des Egos ist notwendig. Wenn das Ego seine Dienerschaft nicht anerkennt, wird es keine Chance haben im Leben in dieser Welt oder im Jenseits. Es geht um die Schulung des Egos. 'Was geboren ist, wird sterben, und was aufgerichtet wird, wird zerstört.' (Hadith) Dieses Wissen gehört zu den wichtigsten Dingen.

Lehrt euere Kinder, lehrt alle Menschen, so daß sie wissen, daß sie geboren wurden, um zu sterben. Und was aufgebaut wurde, wird zerstört werden. In unseren Tagen sehen wir, daß Menschen, Tausende von Menschen, sterben auf jegliche Art und Weise. Und sie bauen, und ihre Gebäude werden von ihren eigenen Händen niedergerissen. Möge Allah uns schützen. Leute, Allah (swt) sagt: "Wa Ahsinu Inna Allaha Yuhibbu l-Muhsinina" (2:195). Dieser Befehl ist ausreichend für das Wohl des Islam. Für den tugendhaften Propheten des Zeitenendes (saws): 'Tut Gutes, Allah (swt) liebt die, die Gutes tun.' Sie kehrten dem Weg den Rücken, und Probleme überkamen sie. Es ist nicht möglich für sie, gerettet zu werden oder sich von den Flüchen und verschiedenen Arten von Verderben freizumachen. Der Schlüssel zu dieser Welt für die Kinder Adams (as) und zur Barmherzigkeit Allahs (swt) ist dies: Ihsan, tut Gutes! Allah (swt) liebt die, die Gutes tun, und Er (swt) gibt ihnen. Und die Leute, statt Gutes zu tun, verstecken, was ihnen gegeben wurde, und das ist der Grund für ihre Vernichtung. Was sie horten von dieser Welt, ist der Grund, und sie tun nichts Gutes. Wenn es nichts Gutes gibt, schließt Allah (swt) die Tür ihres Lebens in dieser Welt. Sie haben keinen Frieden, nicht in dieser Welt, noch im Jenseits.

Besonders ihr Gläubigen, Präsidenten, ihr müßt auf die Worte Al Haqqs (swt) hören und Gutes tun. Seht, wegen ihres Geizes taten sie nichts Gutes, und als sie es der Öffentlichkeit verweigerten, geschah ihnen dies in unseren Tagen in dieser Welt, besonders in der Muslimwelt. Wenn sie Gutes getan hätten, wären diese Schwierigkeiten nicht gekommen. Nein! "Allaha Yuhibbu l-Muhsinina" (2:195). Er (swt) unterstützt sie mit Gutem. Tut Gutes und Allah (swt) gewährt euch mehr Gutes. Dies ist eine Warnung an die Prinzen: Statt die Leute zu töten, tut Gutes für sie. Sie werden euch gehorchen aufgrund euerer Güte zu ihnen. "Inna Allah Ya'muru Bi l-`Adli Wa l-Ihsani Wa Ita'i Dhi l-Qurba" (16:90). "Inna Allaha Yuhibbu l-Muhsinina" (2:195) - Und Er (swt) befahl, Gutes zu tun. Warum halten sie es zurück? Sie hielten den Reichtum zurück, und der Reichtum wurde wie eine Schlange, eine Schlange, die sie auffrißt. Tut Gutes und Allah wird euch mit Gutem belohnen. Es gibt keinen Weg zum Friedensschluß in dieser Welt außer den Weg des Guten. "Inna Allah Ya'muru Bi l-Adli Wa l-Ihsani Wa Ita'i Dhi l-Qurba Wa Yanha Ani l-Fahsha'i" (16:90) Al Fahsha'i - Unzüchtigkeit, heißt, nicht Gutes zu tun. Sie hörten nicht auf die Worte Al Haqqs (swt). Dann kamen Flüche auf sie herab, und sie

gebrauchten ihre Macht, um gegen die Leute zu kämpfen und sie zum Gehorsam zu zwingen. Wozu? Wenn ihr ihnen Gutes getan hättet, wären sie euch gefolgt. Aber ihr tatet ihnen nichts Gutes, also stellten sie sich gegen euch. Sie stellten sich gegen euch, weil ihr brutal gegen sie ward. Und Brutalität bringt Brutalität hervor.

Gläubige, Präsidenten, Prinzen, Reiche! Tut Gutes, weil Allah (swt) die liebt, die Gutes tun. Wa Min Allaha t-Tawfiq. Das ist genug. Und möge Allah (swt) uns von denen sein lassen, die Gutes tun. Es ist Sein Befehl. Wer mehr Gutes tut um Allahs (swt) willen, dem gibt Allah mehr. Tawba ya Rabbi, Tawba Astaghfirullah. Ich bin ein schwacher Diener. Ich kann nicht mehr tragen. Wer versteht. gut für sie. Wer nicht, wehe ihnen! Astaghfirullah, Astaghfirullah... Al Fatiha.

**Bismillahi-r-Rahmani-r-Rahim. Allah Almighty created man, He is Creator.**

When He created man, He was happy with His creation, Adam and Eve. Who was unhappy? Shaitan. Angels first they were objecting, saying: Why You are creating? But then all of them agreed with their Lord Allah Almighty, saying: As You like, we are happy. Only one was objecting and he was unhappy from mankind- then he was thrown away. And Allah Almighty created everyone. Who is going to be happy with His creation, Allah Almighty is going to be happy with that one. He knows that we are doing some wrong things and who is following their ego that ego is the representative of Shaitan, that means who following his or her ego and following Shaitan, Shaitan making people not to be agreed with Allah Almighty's creation. We know we have so many bad characteristics and bad manners. Yes, it is well known. No Adab people. Should be full and also we must look that if we are not protected we can't be on His way. That is Allah Almighty's biggest grant to you, to me, that we are asking to follow that way. He is just happy that His servants are following His way to reach to His divine Presence. And good ones they are asking to follow that way, bad ones are asking to leave that way.

This is a declaration from our Grandsheikh to all of you, to all of us: Who is following the way of Allah Almighty, Allah Almighty is granting to her or to him, to them a light. That lights give to people familiarity. Familiarity is something else from beauty. Beauty belongs to our physical being, but what Allah Almighty is granting to His servants from familiarity it is going to be forever with that one. But beauty which belongs to our physical being is getting slowly to be less, and less, and less and leaving. But familiarity never leaving you. Familiarity is giving a kind of beauty to people that their faces are shining, because their hearts are with Allah Almighty. But who is not following the teachings of Heavens, they are not going to be given heavenly lights on their faces and their appearance is going to appear as a ugly figure. Ugliness is not from our creation, put on it, but ugliness is from our bad actions; when we leave heavenly teachings it is coming to the faces of people.

The Prophet sws was advising: You must run away from such people, because they have such poison, poisoning you. We are all following the most distinguished Naqshbandi order and you have been granted lights from Heavens and familiarity through our hearts and your faces. Grandsheikh is warning our followers not to use the eyeglasses of Shaitan, because Shaitan is asking to put on your eyes his eyeglasses. If you put his eyeglasses, you are going to see and look at people as Shaitan is looking. All of you are sitting here like angels, but so many complaints coming to me and I am sorry that one never can carry the second one. Even they are never giving their excuse to anyone else, thinking that only they are on perfection and others are imperfect. They are looking to them not with a true looking and then their hearts are going to be unhappy with that one or that ones. Some of them are not even speaking to each other. Some of our followers are not giving an excuse to anyone else. No one...so many of our followers are not giving forgiveness for others and they are loosing the chance of perfection through their lives. They should be loaded very difficult conditions through their lives and when they are leaving this life for eternal life, for the Day of Resurrection or through Hells.

Therefore I don't like from you, anyone, to make some reasons and not to speak to that one or not to support him/her, or coming to complain from this and that. Who is doing that, he is not coming with us, no. Should stay on another level and Grandsheikh is taking his people up. So many complaints coming to me, it is not time. You should be example for other groups of people that don't know the way of Allah and Rasulullah sws. How it can be! How you can hurt one another? Why with your tongue speaking (and hurting) or by your hand? What is that? I don't like to hear anyone to hurt another one, and not to speak or to respect him/her. If you respect me, you must respect who is following me, or there may be a distance between Grandsheikh and you. Don't try to make our ego happy but try to make Allah and the Prophet happy with you and Grandsheikh happy with you. May Allah forgive me and you. Fatiha.

**O believers, Allah says that He created man weak**

O believers, Allah says that He created man weak. Man is most honoured and most precious among the creatures, but also the weakest. And who is weak, needs a support.

But people are like tyrants, oppressing others. If you give anyone the chance, he will get proud and brave. A drunk person is so brave, he thinks he can defeat everyone. People nowadays are drunk with Dunya, and they think that with money they can do everything and they are so powerful. But man is weak - over night he can die; he just doesn't wake up anymore. And Dunya doesn't belong to anyone.

Alexander the Great was coming to one country and he made a magnificient parade with his army. All the people were out in the street to watch. Only one man was sitting aside, he didn't turn his head even once to look. Alexander was astonished and he went to him to ask for the reason for his behaviour. The man said: "Yes, I was once like them, so interested in these things and asking a Sultanate for myself. But one day I saw two dead bodies lying next to each other on a piece of wood, and when I asked whom they are, they said one was the King and the other was a poor man like myself. I didn't see any difference anymore between them, and I realized that nothing of his richness stayed with the King, and that moment all taste and desire for this world left me. Since then I am never interesting in such parades."
O Muslims, don't be cheated by Dunya. Stay at Allah's Door, so that His Mercy may reach to you.

## Allah Almighty Does Not Look at Our Outer Appearance - Treasure among ruins

(Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem, SubhaanAllah, alhamdulillah, laa ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! Allahuma thabitna `ala 'l-Haqq. Allahumma thabitna `ala 'l-Haqq. Allahuma thabitna `ala 'l-Haqq. Yaa Rabba 'l-`izzati wa 'l-`azhamati wa 'l-jabaroot! (Mawlana Shaykh sits).

A`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem, bismillahi 'r-Rahmaani 'r-Raheem! When we are saying, bismillahi 'r-Rahmaani 'r-Raheem, those holy words may take everything that gives trouble to people. And we are asking from Allah Almighty His endless blessings, to grant us a power, a capacity or ability to speak to His creatures, those that have been chosen to be deputies of the Lord of Heavens on this planet. We are not deputies on endless dominions of Allah Almighty; we have been granted to be deputies on this planet only. (Mawlana Shaykh stands.) You must understand:

•••••• ••••• ••••••• •••••••••••••••• •••••• ••••••• ••• •••••••• •••••••••

wa idh qaala rabbuka li 'l-malaa`ikati innee ja`ilun fi 'l-`ardi khalifah, And remember when your Lord (O Muhammad) said to the angels, "Verily I am placing in the Earth a Deputy." (2:30)

(Mawlana Shaykh sits). Yes, it is clear for understanding. O our holy one (Sayyidina Muhammad [s]), who

supports weak servants of Allah Almighty on this planet, grant us some heavenly grants! And he (s) is saying, "I am responsible and I am that one who just chosen and granted to reach Mankind on this planet, to make them on their real aspects, to show them the ways of holy ones that are following bi qadami sidqin, the footing of Truth."

O Salafi `ulamas! Marhaban! We shall come now to you because you are claiming to be `ulamas. And we are first-level people, in need to understand something from Holy Qur`an. And we are taalib (seekers) asking from muhtawa, content, that includes Holy Qur`an. Sometimes they are asking some things and making this zero one to speak on it, and we are asking what does it mean? Something that is important, they are throwing in my heart, giving some lights that are showing some never-changing realities that you may see. Therefore, we are in need to have such a person who is carrying in himself a torch (flashlight). And fully people have a torch. But as an example, we may say everyone may have a candle, but it is not awakened. With which thing is a candle awakened?

When I was a small one--people think I was never a small one--but when I was seven or eight years old, among our neighbors there were so many Armenian brothers and sisters. Armenian people, subhaanAllah, they are so filled with dhu 'l-himmah, high efforts, aspirations. Aspirin? They are so serious ones to do what they have intended to do. In their dunya work they were first class for making so many arts and crafts, and never running to be an officer in government. They like to work with their hands and to eat fruits of their efforts. And their neighborhood also was a good one, and excellent one nearby. I was living in my house in Nicosia, "Nicosia arwahdan" is the name of that area. They have a church and sometimes, because they are so good believers in their religion, we are not going to discuss with them. They are happy with their religion, with their beliefs and they may do, and no one can claim that if person is keeping really their belief's aspects to be a bad one, no.

They can't be a fanatic person or they can't be a bad person or they can't be an oppressor or they can't be a killer, murderer. Sometimes they are making every social practicing, social works in their churches. And one of them was a wedding ceremony. And they are coming from church and each one carrying a candle. Only one, who was carrying candle that awakened, lightening. Whom their candle just extinguished, they are coming quickly from that one whom his candle enlightened, coming and taking. Look. You must take from everything some benefit for yourself. Yes, they are taking and going on. One candle was enough to awaken

1,000 candles. Yes? And it was not getting less by giving that light to others; it was the same. And heavenly ones that have been sent with heavenly lights are coming to give Mankind heavenly lights to make them enlightened!

O People! If they are asking for lights, they should find it in enlightened people, not in doctors, specialists or academicians; they are not granted those heavenly lights! Heavenly lights may be in one old person, a weak person. But he may give a light from his heart to extinguished hearts. Therefore, all people are always objecting on prophets, saying, "These people are shepherds!" People of so many nations are saying, "Who is that one saying, 'We are coming from heavenly levels, and come and listen to us.' Who are they?" They are always looking from outlooking. But heavenly levels are not for our physical beings. And the biggest mistake is that people are not believing that someone can be enlightened from heavens, and they are refusing.

Our Salafi `ulamas, they know so many hadiths, and what we are saying now in in a holy hadith (Qudsee):

•• •••• •••• •• •••• ••• •••• •••••

rubba ash`ath aghbara law aqsama `ala allahi la-abbarah, There may be a disheveled, dusty person who, if he swears an oath by Allah, Allah will fulfill it. (Muslim)

What is the real words, they know well. But now people, they have mareez, ill. What is illness? Illness, physical illness you can treat, but what belongs to our egoistic illness you can't bring a treatment easily. You can find such a treatment through an unknown person or you may find through a thrown-away person, through his heart. Allah, Allah. Allah, Allah. subhana alladhee awdah sirrihi bayna `ibaadihi haythu huwa yakhtaar. “Glory be to the One who puts His secret between His servants as He chooses.” Allah Almighty may give such a speciality without looking at your outlooking (appearance), but people now are looking at only outlooking, not inside. And insaan, Man, is honored through his real being that is veiled.

O People! Therefore we are saying now, people are never taking care for servants of Allah (swt)! Allah Almighty, through His Divinely Wisdom, is keeping or hiding treasures through a destroyed place, whose out-looking (appearance) is in ruins. But you can find in that one what you can't find with uniforms or such a beautiful appearance, no. You can find treasures through ruins. Therefore, prophets came and they were never using their outlooking with such a magnificence, no! I am sorry to say that chiefs of Christianity are using so special, valuable, expensive uniforms and putting on their heads so many things. Why? Which

prophet used it? From whom they are taking that inspiration? From where they are (taking this practice)? Therefore I am sometimes addressing to Salafi `ulamas, because they are taking so much care for their dressings to be seen by people, so when people look at them, they are thinking that person just coming from heavens and heavenly books just ordering them to use such a uniforms!

One of most popular stories among Mankind is of Nasruddin Hoja. Once he was invited for a wedding feast. He went there, and he was dressing in the market. They put him at the end of table.

He said, "Just a moment, I am going and coming. Please keep my place."
"Yes, you may do."
He went to dress in his (robes) for holy ceremonies, festivals. And when he is coming, he is dressing so beautiful dress. When waiters looking, carrying him and making him to sit at the first seat, where no one is dressing in such a beautiful costumes. And saying to him, "O please our guest, please (sit) and eat." He was making like this (rolling up sleeves) and saying, "Eat! Eat! Eat!"
"What you are doing Hoja Effendi?"
"Nothing, because I came before and you are putting me near the steps. I am dressing in my honorable dress and you are making me like such a big one, and I am the same one. But you are giving a value to what I am dressing. Therefore I am saying, 'You eat! You eat! You eat! (to his robe)!'"

Yes, because people now are looking only to our outlooking. And now our Salafi `ulamas are dressing in best dressings. No one is going to be happy to dress in a common-people dressing. That is an illness coming east and west, through nations, through religions, and through religious people. It is not true, it is not true, but people are giving care only to their outlooking and they are never interested to do for their hearts. Those people are dressing in such magnificent dressings, uniforms, thinking that people should give so much respect to them, when they should be giving respect to heavenly ones!!

May Allah forgives us.

Fatihah.

"O Jesus Christ, peace be upon you, where are you sitting?"
“O Shaykh Nazim, ask my nation where I am sitting. To whom you may ask? You may ask bishops, popes, you may ask patriarchies where am I sitting."
"O Jesus Christ, I am seeing a history of outlooking, and your followers are claiming, making you dressing only one piece of cloth and saying you are going up to your Lord. You haven't such a clothes to go up to your Lord, only one piece of clothes?"

That is logic? How that can be? And (they claim) the Lord is accepting him naked and saying to him, "Sit at My right hand?" How can it be true? I am asking from my Christian brothers. And Pope Benedict is asking to visit this humble place in the Mediterranean Sea, and just reaching to me so many stories that he may come for a visit that one who is every night addressing to people. But he is not yet giving his last decision to come for a visiting to an old one here. And I am saying, he and I are servants of the Lord. And I am inviting His Holiness through east and west. Pope, he may hear this, and he is welcome. We are welcoming everyone, only Shaytan I am not welcoming! No! But from Mankind everyone may come, I am welcoming. Even if I have enough possibility to make welcoming for him, I can do. Because I am a zero person, but he has an honor. I am a poor one, an old one, but I like coming to His Holiness' heart to visit, he is welcome. Even I will come out of my house and welcome, saluting him. He must not be in doubt that one, “What is his deal with me?” No, we are respecting, we are respecting. Salafi `ulamas, what you are saying?

Hadith an-Nabi: (Mawlana Shaykh stands.)
••• ••••• •••• ••• •••••••
Idha aataakum kareema qawm fakrimoohu, Give a warm welcome to heads of tribes.

(Mawlana Shaykh sits). Give your respects to a person that is honored and respected in his nation; that is an order. If he is coming, I am giving honor and respect for his honor in his nation. We are not making him down, no; that is not good manners in Islam. Who came, we must give our respect. I was thinking to try and write a letter for inviting His Holiness, but holy ones are telling me no need; you may give an inviting from east to west and I may be very happy to invite and to honor him. He is welcome. This broadcast may reach to His Holiness, he must not be fearful from anyone, and he may come, even in spite of the Christian ones on this island, if they are not asking. But I am a zero person; if he is giving an honor to me for coming, Allah (swt) grants to him what He is wanting to grant.

All Christian world, all Catholic world may hear and understand that we are on the steps of prophets. Welcome! If he is not coming, he is responsible. Yes, I have also, for giving a tray. Jesus Christ, just he had been granted a tray and on it was twelve kinds of foods. I may find olives, bread, fish, not chicken, but twelve kinds of Allah Almighty's lutuf, grants, to offer to His Holiness. Welcome to you!!

And also, our Salafi `ulamas, if they are asking to come, welcome. If jalalatu maalik, the king of Arabia, is not so proud, he may come here and I may do my best for him also. If Dalai Lama, no need, every day he is eating such a things. American President Obama, if he is asking to come, I may make istiqbaal, welcoming. If he is asking to come, if he should be so mutawaad`a, humble, he may come! I am happy for welcoming, (and will serve) twelve or more kinds of fruits and foods. He may, his Excellency, President Obama, or Her Majesty the Queen, if asking to come, welcome! We (in Cyprus) were once upon a time her grandfather's citizens. If Her Majesty is asking to come, welcome!

Sometimes I am an easy one and sometimes I am very difficult one, because my heart hangs to heavens; I am not speaking on behalf of my ego, no. Welcome, welcome to Her Majesty also.

Fatihah.

Only our Turkish government people never like to come! If they are coming, I am welcoming them also, particularly generals. If they are coming, I am taking all generals out and closing all judgments, finishing. And Her Majesty teaching us to say “Hip Hip!! Hooray!! Hip Hip!! Hooray!! Hip Hip!! Hooray!!” Sound the cannons, seven talqas! Yes!

Fatihah.

Too much? Because, they are saying for my birthday. For Her Majesty's birthday they are drinking whiskey, and for my birthday I am drinking water!

Fatihah.

(Mawlana Shaykh speaks with Shaykh Hisham Effendi on the phone. Singing “Happy Birthday!” Sultan is very happy.)

Allahu akbar, Allahu akbar. Mashaa-Allah, Mashaa-Allah, Allahu akbar, Allahu akbar. Subhaanallah.

## Allah Does Not Look at Your Appearance - Who is that Dead One?

Dastoor. Allah, Allah. Bismillahi ‘r-Rahmaani ‘r-Raheem. A`oodhu billahi min ash-Shaytaani ‘r-rajeem. (Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Yaa Rabbana, zid habeebika nooran wa surooran wa ridwaanan wa sultaana, zidhu yaa Rabb, zidhu yaa Rabb, zidhu yaa Rabb! Ultuf bina bi hurmati habeebika, al-Mustafa! (Mawlana Shaykh sits.)

Thumma 's-salaamu `alayk, yaa Saahibu 'l-Waqt! Thumma 's-salaamu `alayk, yaa Qutbu 'l-Mutassarif! Thumma as-salaatu w 'as-salaamu `alaykum, yaa `ibaadullahi 's-saaliheen fee mashaariqi 'l-ardi wa maghaaribiha wa muwakiloon`ala duwaalee wa muheetaat, `ala 'l-bahari wa okyanos. As-salamu `alaykum.

(Mawlana Shaykh sings.)

RijaalAllah, rijaalAllah `ayeenoonaa bi `awnillah!
RijaalAllah, rijaalAllah, wa koonoo `awnan lana bi fadhlillah!
RijaalAllah, rijaalAllah, rijaalAllah, rijaalAllah!
Madad, yaa Sultaan al-Awliya, yaa Sayyidina. Thumma 's-salaamu `alaykum!

O Our Attenders! Give a time daily for listening, even some minutes. I know when TV's saying that tonight will be addressing from president of U.S., perhaps millions of people are taking care to hear what he is going to say; how he is going to address Eastern countries or Western countries, or what he is going to say to United European countries, what he is going to say about Libya, how he is going to address the Russians, Iraq, China. Because that person is VIP (Very Important Person), or jalaalatu 'l-malik al-malik Saud, wafaqahullah...

(Someone walks behind Mawlana Shaykh.) tawbah, astaghfirullah! Shaytan coming to make something, a distraction. When my heart is just relating heavenly moments, I do not like anyone to make a movement, astaghfirullah!! Yes, what is he going to say, His Majesty, king of Saudi Arabia? What is he going to say, to inform people or warning people; they are taking a care. But for a person that has no value, I know lowest person, and you must think, "Who is making that weak, old one to address to all nations?"

They must not be millions, but billions of people! They must try to hear something of heavenly news. But, I am sorry to say, majority of people are followers Shaytan! Therefore, they are never going to be successful through anything. I am that one who is making governments like X. I am that one who is going to close them down, never going to be open. They are thinking they have been created for dunya or that they are going to follow Shaytan and therefore they are never having time to listen!!! That is a heavy bombardment, but not heavy if they may be bottom blocks, falling down. Warning now coming! Astaghfirullah, astaghfirullah. Tubtu wa rajaatu ila-Allah.

We are knowing nothing! O our Lord, send us one to correct our steps, to correct our intentions. O our Lord, we need that. Send us! And we are saying our attenders, as-salaamu `alaykum. That is holy blessings through this salaam, comes on those people whom they are taking care for hearing something about heavenly news, will be granted to them through their hearts, peace and satisfaction.

And we are saying now, a`oodhu billahi min ash-Shaytaani ‘r-rajeem, as always Shaytan is urging people to

do the opposite of heavenly orders! Shaytan's mission is to make them (to think), "You are doing nothing now, but don't listen to what is coming from some broadcasting that is urging you to keep heavenly orders, no need. You enjoy yourself, or you may occupy yourselves with so many important subjects. You must prepare this for tomorrow!" (Mawlana Shaykh laughs.) Subhaan Allah. Heedless people are taking care for tomorrow and preparing themselves for tomorrow. Today is Tuesday, tomorrow is Wednesday. So many people are thinking about Wednesday, “What is going to happen? How can I make more profit? How I can we stop the economical crisis, not to damage my capital?" They are thinking about Wednesday now, on Tuesday!

This is a very strange thing because Man, every one--small ones, young ones, elder ones, old ones--are thinking for tomorrow, but you can't even find one person who is going to think, "Perhaps tonight I am sleeping in my bed, and tomorrow perhaps I may be sleeping in my graveyard." They are not thinking! They may say, "We are kings, we are ministers, we are majors, we are generals." You may be. Those people with their uniforms, looking in mirrors, making like this, like that. (Mawlana Shaykh preens.)

"How do I look? O my darling, how am I going to be seen?"
(Looks through magnifiying glass) "O my darling, I see your nose like a hill. Your eyes are like the eyes of a giant. I see you are like a wild beast! Everything like such a wild beast, but where is your tail?"
"Don't say that, my darling!"
“No, I must speak. You are very proud!! Every day looking like a woman, to be handsome as a pharaoh preparing to be on parade, and you are not that one. Why are you trying to take a copy from pharaohs or Indian kings or Chinese kings? Why you are asking to be like such people? Oh my darling, I like such a humble appearance for you, I like it. I don't like that you are changing yourself with clothes and trying to be seen as a pharaoh or a Nimrod. I don't like it!"
"Men may be seen as number one of our tribes and we will try to be seen as `azheem, to be dressed for glory or to try to be seen as mighty ones who can do anything!"
And his wife says, "O my darling, you are going to be seen as a Nimrod or as a pharaoh, so please take off those clothes and look at your real being!"

Women are trying to say to those who make with honor or glory with their clothes. Allah Almighty is making that woman to wake up that person! And she is saying, "O my husband, my precious friend through this life, try to look at your real being. But you can't look with those decorated clothes, so take them away and look at

yourself."

I am saying, do you think you can take those clothes and make people to look at you? Why are you not looking to your real being without clothes, look at yourself. And without clothes you will be ashamed at yourself, saying, "I am a great one." You are a liar!! Now Shaytan is making people to do this.

O Salafi `ulamas, you know much more hadith ash-shareef, and I think that just passed hadith. Prophet (s) saying:

•• •••• •• •••• ••• ••••• •••••••• • ••••• •••• ••• •••••• ••••••••

in allaha la yunzhuru ila suwarikum innama yanzhur ila quloobikum wa a`maalikum, Verily Allah does not look at your appearances but He looks at your hearts and your deeds.

That Allah Almighty is not looking at peoples out-looking (appearance). This is not important, out-looking, but looking at your real being in you. These clothes changing your real out-looking appearance, you may say, but (it is not changing) your real being, no!

O People! As if they will cry if that king is coming only with his belt, and people around him start saying, "You are dressing a magic dressing! If no-mind people can see you, dressing a beauty!" Ministers, advisors, if you have enough mind for a king, some of them you may throw away. Some people now are thinking with their clothes they may be a king, a minister, a president, to be a VIP one. Shaytan is trying to show people that they are important ones, but they are riding on a horse naked, with nothing on! And the king is very angry with you. This small one (child) is saying, "But he has nothing on!" I am keeping this story from 75 years ago, what my English teacher told us. "People are gathering, going like this (applauding) and a small one says, 'Father, he has nothing on!'" Shaytan is making people so ugly in appearance, saying, "How we can say he has nothing on?" But a small one says, "He has nothing on." My English teacher told this story and I am remembering it.

O Salafi `ulamas! I am keeping so many things, I have seen so many things, I have read so many things, and I understand so many things! Please give respect to everyone, don't swear to everyone. What Allah Almighty is dressing us with is a real dress. Therefore, the Seal of Prophets (s) gave a heavenly warning, "You must not look at a person's out-looking (appearance)." Allah Almighty never looks at what you are dressing in, it is not important. The Companions (a) of the Seal of Prophets (s) had only one piece of cloth, to cover their

shoulders or their heads, and they never dressed the dress of kings. But Allah Almighty said, radi`Allahu `anhum wa radu `anh' , "They love Allah, and Allah is pleased with them."

O Salafi `ulamas! Why are you not saying this to kings, to ministers, and to businessmen? Why are you not warning them,“Today I am dressing like this, perhaps tomorrow they will put me in white clothes and take me to the graveyard?” Why are you not warning people that the Seal of Prophets (s) was warning Sayyidina `Umar, saying:

••• •••••• ••••• •• ••• kafaa bi 'l-mawti wa`izhan, yaa `Umar.
O `Umar! Why are you quickly taking your dead bodies and secretly, silently burying them? This is not good. Let people see who that person was; yesterday he was an amir, malik, and today let people come and pray for that one. And they are asking, “Who is that one?” They will say, “That is the amir of Yemen, or prince of Najd, or king of Adan, or imam of Yemen. This is his janaazah for his dead body.”

One boy may ask like I am asking, "O my father, that is amir?” like you are saying, "Amir Hassan, Amir Shareef, or Amir Malik, this is his body?" "O my father, that is his body, but its owner, maalik, where is he? I understand this is his dead body, but where is he?" That is why Prophet (s) was saying:

••• •••••• ••••• •• •••
Kafaa bi 'l-mawti wa`izhan, yaa `Umar, O `Umar, you must warn your people morning and evening.

Don't occupy yourselves with Wahabiyya, Salafiyya, Doctoriyya, Saudiyya, Iraqiyya; no, it is not for you. (There is) no ikhtilaaf, opposition in Islam. Islam is all rabbee Allah wa 'n-nabi Muhammadan. (Mawlana Shaykh stands and sits.) Kitaabee al-Qur'an `azheemu shaan, madhabee Ahlu ’s-Sunnah wa ’l-Jama`ah. Anything wrong? Why are you not attacking those people who are attacking Ahlu’l-Sunnah? That is important because Allah will ask you! Think on it from tonight up to next night. Any attack on ummat Habeebullah, you will be responsible. I am a warner! I am not claiming anything. I am saying I am `AbdAllah from ummat Habeebullah!!

May Allah (swt) forgive us. O people, as-salaamu `alaykum.

Ad-deenu naseeha, "Religion is advice." (Hadith of Prophet [s]). I am advising to my ego, and you advise to

your egos. You must fear from Judgment Day, al-Qaadi Huwa Allah, Who giving His judgment, Allah Almighty. But not to give judgment on each other, but you must know what you are doing, what you are following, if not the real way (genuine).

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Raheem Allah
La hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Adheem. Yaa Rabb, yaa Rabb!

(Mawlana Shaykh speaks to Shaykh Hisham and Hajjah Naziha on the phone.)

(Shaykh Hisham: Today the UN called and asked if Shaykh Nazim can give khutbah to the gathered UN leaders, kings, and presidents! It seems that the king of Jordan had been following Mawlana Shaykh's suhbahs and proposed this to the UN.)

**Wer ist der Tote?**

Bismillah ar-Rahman ar-Rahim la hawla wa la quwwata Allah Allah, Allah Allah, Allah Allah Aziz Allah. Allah Allah, Allah Allah, Allah Allah, Karim Allah. Allah Allah, Allah Allah, Allah Allah, Subhan Allah. Allah Allah, Allah Allah, Allah Allah, Sultan Allah. Ya Rabbana zid Habibaka izzan wa sharafa nuran wa surura, ridwanan wa sultana zidhu Ya Rabb, zidhu Ya Rabb, zidhu Ya Rabb, ..bi hurmati'l Habibika'l Mustafa Ya Rabbi'l Izzati wa'l Azamati wa'l Jabarut and salamu alayk Ya Sahib al Waqt and salamu alayk Ya Qutb al Mutasarrif and salatu as-salamu alaykum Ya Ibadallahi's-Salihin von Ost bis West Stellvertreter über Land and Ozeane. Assalamu alaykum Rijalallah, Rijallah ainuna bi awnillah Rijalallah, Rijalallah ainuna bi fadlillah Rijalallah, Rijalallah, Rijalallah, Rijalallah ainuna bi fadlillah. Madad Ya Sultan al Awliya, Ya Sayyidina.
Und dann Salamu Alaykum, unsere Teilnehmer. Gebt täglich etwas Zeit zum Zuhören. Wenn auch nur ein paar Minuten. Ich weiß, wenn das Fernsehen sagt, daß heute Abend eine Ansprache

kommt vom Präsidenten der US, kümmern sich vielleicht Millionen von Menschen darum, zu hören, was er sagt, wie er die östlichen oder westlichen Länder ansprechen wird oder was er über die Vereinten Europäischen Länder sagen wird, was er über Lybien sagen wird, was er über den Irak sagen wird, was er über China sagen wird oder er wird die Russen ansprechen. Ihr tragt dafür Sorge, weil diese Person VIP ist. Oder seine Majestät oder Königliche Hoheit von Saud, wa Faqahullah Shaytan! kommt, um etwas zu tun. Wenn mein Herz in Verbindung ist mit himmlischen Stationen, mag ich nicht, daß jemand eine Bewegung macht. Astaghfirullah. Ja, was er sagen wird, seine Majestät, der König von Saudi Arabien, was er sagen wird oder was er den Leuten mitteilen wird oder womit er die Leute warnen wird, dem schenken sie ihre Aufmerksamkeit. Aber für einen Menschen, der - ich habe keinen Wert, ich weiß, ich weiß, ich bin die niedrigste Person, aber ihr müßt bedenken, wer diesen Schwachen, diesen Alten dazu bringt, alle Nationen anzusprechen.

Es müßten nicht Millionen, sondern Billionen von Leuten sein, die versuchen ein paar himmlische Nachrichten zu hören, aber leider sind die Mehrheit der Leute Anhänger Shaytans. Deshalb haben sie nie Erfolg mit irgendetwas. Ich bin ein Schwacher, der ihre ganze Angelegenheit oder ihre Regierung wie 'X' sein läßt. Ich bin derjenige, der sie stillegt. Sie werden nie wieder öffnen. Sie denken, sie seien für die Dunya geschaffen worden oder sie seien geschaffen worden, um Shaytan zu folgen. Ja, sie habe keine Zeit zum Zuhören. Dies ist ein schweres Bombardement, nicht allzu schwer, wenn ein schweres Bombardement kommt, fallen sie unter ihre Wohnungen, Betonblöcke drücken sie auf die Erde. Eine Warnung kommt jetzt. Astaghfirullah, Astaghfirullah, Astaghfirullah. Tubtu wa Raj'atu ila Allah, ya Rabb. Wir wissen nichts. O unser Herr, vergib uns. Und sende uns jemanden, der unsere Schritte berichtigt, der unsere Richtung berichtigt, der unsere Absichten berichtigt. Wir brauchen das, o unser Herr, sende es uns. Ja, und wir sagen zu den Anwesenden 'As-Salamu alaykum'. Das ist ein heiliger Segen durch dieses Salam, der auf jene Leute kommt, die dafür sorgen, daß sie etwas von den himmlischen Nachrichten hören. Es wird ihnen in ihren Herzen Frieden und Zufriedenheit gegeben. Und wir sagen jetzt: Audhu Billahi mina sh-shaytani r-rajim. Immer drängt Shaytan die Menschen. Wozu? Das Gegenteil von allen himmlischen Befehlen zu machen. Shaytans Aufgabe ist es, dafür zu sorgen, daß die Menschen nicht den himmlischen Befehlen folgen. Auch wenn sie sitzen, kommt Shaytan und bedrängt sie: 'Ihr macht jetzt nichts, aber hört nicht auf das, was in

manchen Übertragungen kommt, das euch ermahnt, die himmlischen Befehle einzuhalten. Keine Notwendigkeit. Amüsiert euch oder beschäftigt euch mit vielen wichtigen Themen. Ihr müßt das bis morgen vorbereiten.' Subhan Allahi l-`Alliyi l-`Azim.

Achtlose Menschen. Sie tragen Sorge für morgen und bereiten sich vor für morgen. Heute ist Dienstag, morgen ist Mittwoch. So viele Menschen denken an Mittwoch. Was wird sein? Wie kann ich mehr Profit machen? Oder wie kann ich die Wirtschaftskrise daran hindern, meinem Kapital zu schaden? Sie denken daran, denken an Mittwoch. Wir haben jetzt Dienstag. Subhanallah, das ist etwas sehr Merkwürdiges, weil der Mensch, alle Kleinen, Jungen, Alten denken an morgen. Aber du kannst nicht einmal ein Prozent finden, die denken: Vielleicht schlafe ich heute Abend in meinem Bett, und morgen schlafe ich vielleicht auf dem Friedhof. Sie denken nicht. Sie mögen sagen 'Wir sind Könige', sie mögen sagen 'Wir sind Minister', sie mögen sagen 'Wir sind Präsidenten', sie mögen sagen 'Wir sind Oberbefehlshaber', Admiräle, Marschalls, Generäle'. Ihr mögt das sein. Diese Leute in ihren Uniformen schauen in den Spiegel und machen so und so. Wie bin ich?

Sieh, mein Liebling, sieh mich an, wie ich gesehen werde. O mein Liebling, ich bin.. ich gucke auf deine Nase, wie ein Hügel und deine Augen wie die Augen eines Riesen. Es sieht nur alles aus wie ein wildes Tier. Ich sehe, es sieht alles aus wie ein wildes Tier, aber ich gucke, wo ist dein Schwanz? Hast du einen Schwanz? Rede nicht so einen Unsinn, mein Liebling. Nein, ich muß sprechen, du bist sehr stolz mit deinen Kleidern. Das gefällt mir nicht. Du mußt etwas über dein wahres Sein erfahren. Ich habe die Nase voll. Jeden Tag guckst du in den Spiegel wie die Frauen, um hübsch auszusehen oder wie ein Pharao auszusehen, als wollte er eine Parade machen. Und das bist du nicht. Warum versuchst du, Pharao oder Darius oder Indische Könige oder Chinesen nachzuahmen. Warum willst du wie diese Leute sein? O mein Liebling, ich möchte, daß du eine mutawad`e, bescheidene, bescheidene Erscheinung zeigst. Das gefällt mir. Ich mag nicht, daß du dich veränderst mit deiner Kleidung und versuchst, als Pharao zu erscheinen, als Nimrod. Das mag ich nicht.

Frauen sagen, ihre Männer behaupteten 'Wir sind `Azimu Qawm', 'Wir sind Nummer 1 unseres Stammes, und wir müssen versuchen von unseren Leuten als groß angesehen zu werden, mit Ruhm bekleidet gesehen zu werden, oder den Leuten zu zeigen, daß wir mächtige sind, daß wir alles können. Und seine Frau sagt: O mein Liebling, sieh mal, du wirst als Nimrod angesehen, als

Pharao, bitte nimm deine Kleider und sieh dir dein wahres Sein an. Die Frauen warnen jene, die Macht wollen oder Ruhm oder Ehre durch ihre Kleidung. Allah der Allmächtige läßt diese schwache Frau die Person aufwecken, und sie sagt: O mein Mann, mein kostbarer Freund in diesem Leben, bitte suche dein wahres Sein. Das wahre Sein. Aber das wahre Sein kannst du nicht sehen, weil du a`ma, blind, bist, aber bitte, nimm diese dekorierten Kleider, nimm sie weg und sieh auf dich selbst. Du würdest die Augen so machen. Und ich sage, glaubst du, daß du ohne Kleider zu den Leuten gehen kannst und die Leute dir applaudieren? Hmm? Wie steht es damit? Warum guckt ihr nicht auf euer wahres Sein? Ohne Kleider schaut euch an und schämt euch. Schande auf euch, daß ihr mit Kleidern behauptet 'Ich bin groß, spitze'. Ihr seid Lügner. Subhan Allahi l-`Aliyi l-`Azim. Shaytan macht jetzt alle Leute so.

Salafi Ulama, ihr kennt viel mehr Hadith Sharif, und ich glaube, es ist gerade ein Hadith herübergegeben worden, in dem das Siegel der Propheten (saws) sagt "In Allaha la Yanzur ila Suwarikum" - Allah sieht nicht auf die Erscheinung - "wa lakin Yanzuru ila Qulubikum" - sondern Er sieht auf die Herzen. Das heißt, Allah der Allmächtige sieht nicht auf die äußere Erscheinung der Leute. Das Aussehen ist nicht wichtig. Sondern er sieht auf euer wahres Wesen in euch selbst. Diese Kleider verschließen vielleicht euer wahres... Die Erscheinung mag sich wandeln, euer wahres Sein nicht. Seht! Könige, Königinnen, Minister, Oberbefehlshaber, seht auf ein Pferd. Das Pferd zeigt ohne Kleider Vollkommenheit. Seine Schönheit zeigt sich, aber ihr könnt das nicht so machen. Wenn ihr ohne Kleider geht, könnten die Leute Trompeten benutzen: Unsere Könige, unsere Päsidenten sind Irre geworden, ihr Leute. Sie werden schreien: Dieser König kommt nur mit seinem Gürtel.

Und die Leute um ihn herum sagen: Ihr habt ein magisches Kleid an. Wenn Leute ohne Verstand die Schönheit eueres Kleides nicht sehen können, könnt ihr eueren Stab versuchen, ihr könnt versuchen, ob sie genug Verstand haben. Seht ihre Arbeit an und ihr werdet verstehen. Manche könnt ihr behalten, manche hinauswerfen. Shaytan macht jetzt alle Leute so, daß sie glauben, mit ihren Kleidern Könige zu sein, Minister zu sein, ein Präsident zu sein, ein VIP zu sein. Shaytan versucht den Leuten weiszumachen, daß sie höchst wichtig und ganz vollkommen sind. Und sie reiten auf einem Pferd. Das Pferd ist nackt, und die Person ist nackt, bis sie rufen: Ist das unser König? Aber er hat nichts an! Aber er hat nichts an! Sagt das nicht. Dann wird der König sehr böse mit euch. Dieser Kleine sagte: Aber er hat nichts an! Ich habe diese Geschichte seit 75

Jahren erinnert. Ich erinnere diese Geschichte noch immer. Mein Englischlehrer brachte sie uns bei und sagte es so: Die Leute versammelten sich und guckten: 'So schön' und ein Kleiner unter den Leuten sagte 'Mein Vater, aber er hat nichts an! Dann riefen die Leute: Aber er hat nichts an! Seht! Shaytan macht die Menschen nackt, so häßlich. Eine häßliche Erscheinung, aber die Leute sagen alle: Wie können wir uns sagen, daß er nichts an hat? Aber dieser Kleiner sagt: Aber er hat nichts an! Mein Englischlehrer, Mr. Liston. Ich weiß es. Salafi Ulama, so viele Dinge erinnere ich noch. So viele Dinge lese ich, so viele Dinge verstehe ich.
Bitte gebt eueren Ihtiram, Respekt für alle. Verflucht niemanden. Mit was Allah der Allmächtige kleidet, das ist das wahre Kleid. Und deshalb sprach das Siegel der Propheten (saws) diese Warnung aus: 'Ihr dürft nicht auf sein Aussehen schauen'. Allah der Allmächtige schaut nie auf das, was ihr anzieht. Nein, es ist nicht wichtig. Die Gefährten des Siegels der Propheten (saws) hatten alle nur ein Stück Stoff, "Izar". Manche konnten etwas finden für ihre Schultern, manche setzten es auf den Kopf. Sie kleideten sich nie in so einem Kleid. Die Könige taten das, aber der Herr der Himmel sagte: Radi Allahu `anhum wa Radu `anh, 'Sie lieben Allah, und Allah ist zufrieden mit ihnen'. O Salafi Ulama, warum sagt ihr das nicht den Königen, den Ministern, den Geschäftsleuten, den geschäftigen Leuten? Sie sind alle geschäftige Leute. Warum warnt ihr sie nicht: Heute trage ich dies, morgen vielleicht nehmen sie es von mir und legen mir ein weißes Gewand an und bringen mich auf den Friedhof. Warum warnt ihr die Leute nicht, daß das Siegel der Propheten (saws) Sayyidina Umar (ra) warnte: "Kafa bi l-Mawti Waizan ya Umar"? Hadith oder?
Warum nehmt ihr euere Leichname schnell, und begrabt sie still und leise? Das ist kein gutes Werk. Laßt die Menschen die Toten sehen. Wer er gestern war und wer er heute ist. Gestern war er Amir oder Malik, und heute kommen die Leute. Laßt die Leute kommen und ihn preisen, und sie fragen: Wer ist dieser Tote? Sie werden sagen: Das ist Amir so und so.. oder der Prinz von Najd oder der König von Aden oder der Imam von Jemen. Dies ist seine Janazah. Das ist seine Janazah, sein toter Körper. Dieser tote Körper ist der Amir von Jemen. Ein Junge mag fragen, so wie ich frage: Mein Vater, dieser ist Amir, wie du sagst, Amir Hassan oder Amir Sharif oder Malik Fulan, dies ist sein Körper. Mein Vater, aber wo ist jener? Dies ist sein Körper, sagst du, aber der Malik dieses Körpers, der Besitzer, wo ist er? Ich verstehe, das ist sein toter Körper,

aber wo ist er? Warum sagt ihr es nicht? Deshalb sagte der Prophet (saws): Ya Umar, kafa bi l-Mawti Waizin, ya Umar. Ihr müßt euere Leute von morgens bis abends warnen.
Beschäftigt euch nicht mit Wahabiyyah, Salafiyyah... Doktoriyya.. Nein. Es ist nicht für euch... Ikhtilaf, keine Opposition im Islam. Islam, sie alle, Rabbi Allah wa Nabiyyun Muhammad (saws), Kitabi, Quran `Azim-u-Shan, Qiblati, Ka`aba, Madh'habi, Ahlu s-Sunnah wa l-Jama`ah. Stimmt etwas nicht? Warum greift ihr nicht die Leute an, die Ahlu s-Sunnah angreifen? Warum? Diese Botschaft ist wichtig. Allah wird euch befragen. Denkt daran. Von heute Abend bis zur nächsten Nacht, wenn euch etwas geschieht, werdet ihr verantwortlich sein. Ich bin ein Warner. Ich beanspruche nichts. Ich sage, ich bin Abdullah, Ummat Habibullah. Möge Allah uns vergeben. Leute, as-Salamu Alaykum. Ad-Dinu Nasiha. Das ist Ratgebung, sagen sie. Ich gebe meinem Ego einen Rat, ihr ratet euerem Ego. Ihr müßt den Gerichtstag fürchten, diesen Qadi, Hu Allah. Der Seine letzte Entscheidung bekannt machen wird. Das Urteil gehört Allah dem Allmächtigen. Gebt hier kein Urteil ab übereinander, sondern ihr müßt euch mit dem beschäftigen, was ihr laßt, was ihr nicht tut, warum ihr nicht dem wahren Weg folgt.
Allah Allah, Allah Allah, Allah Allah Aziz Allah Allah Allah, Allah Allah, Allah Allah, Subhan Allah, Allah Allah, Allah Allah, Allah Allah, Karim Allah, Allah Allah, Allah Allah, Allah Allah, Rahim Allah, n'arju rahmatik wa nakhsha azabik Ya Rabb.

**O Allah, endless thanks and praise to You!**

We are in Your endless oceans of mercy and favours!
Shukr, ya Rabbi! Shukr, ya Rabbi! Shukr, Alhamdulillah!
So many people are suffering and sad...
O Allah, endless thanks and praise to You! We are in Your endless oceans of mercy and favours! Shukr, ya Rabbi! Shukr, ya Rabbi! Shukr, Alhamdulillah!
So many people are suffering and sad...
Audhu bi-llahi mina shaitani rajim...Bismillahi-r-Rahmani-r-Rahim...Who is going with Shaitan, is loosing...

May Allah send us, what we are in need to hear. He is sending that knowledge to the holy Prophet, who is giving it to the Saints, who are putting it on my tongue. 'Ilm-un-nafi', beneficial knowledge, is the knowledge how to make Allah pleased with one. This knowledge is like the pearl in the shell- if you loose it, you lost everything. The only aim of people should be to make Allah pleased with them. Anything else is like rubbish, without value. This is the teaching of 124000 prophets. But they distracted us from this aim. And only with this aim you find eternal happiness. Who does not make Allah pleased- what can he gain? People say: 'I am busy.' With what you are busy? If you are not busy with something that is pleasing to Allah, what you do is like rubbish.

To know how to make Allah pleased is important. Ask for more of this beneficial knowledge. The Prophet sws used to pray: 'Allahumma zidni 'ilman

nafian'- O Allah, increase me in beneficial knowledge. Say: ' O Allah, I want to please You.' Because when Allah is going to ask you: 'For what you were living?', you must be able to say: 'To make You pleased.' 'What did you learn?' 'I learned how to make You pleased.'

This is the essence of Islam. This is the aim, one needs to know, when one enters Islam. Say: ' O Allah, we are surrendering our ego, we sacrifice it for You.' As Allah is saying:'Leave your ego and come to Me! Leave what is pleasing to your ego and come!'

Allah's Will is going on. I am saying Shukr that not our will is happening! Out of ignorance people ask things to be as they like and they are sad, when things are not going as they like. To want your will to happen means to leave Allah's truth and to say that your ego knows better. That is the beginning of Kufr. After this one step follows the other. And it is an old wisdom that Allah's Will is happening, because it is good and beneficial for us. And when we can leave our own will, we will be successful. Then things will actually happen, as we like.

So when Allah is asking us: 'What do you want, o my servant?', we must say: 'O my Lord, I want You!'
'What do you want?' 'I want You to be pleased with me.'
'What do you want?' 'I want what You are sending to me.'
'What do you want?' 'I want what is lovely to You.'
'What do you want?' 'I want what You have decided and written for me.'

To be able to say this is the highest level of Adab.

There was a Sheikh who sent his Mureed to seclusion. That Mureed reached such a station that he could see the Lauh ul Mahfuth, and he was very disturbed when he saw the name of his beloved Sheikh on the list of the people destined for Hell. He made Sajdah and long Duas and he asked Allah

for the sake of the Prophet to put the name of his Sheikh on the list of the people destined for Paradise. His Dua was accepted and the name of the Sheikh appeared on the list of the people of Paradise. When he came to his Sheikh the Sheikh asked him what had happened that night, pretending he didn't know. So the Mureed was telling him what he had seen and how he had made Dua and that it had been accepted. The Sheikh dressed the Tajalli of Jalal and said: 'You were interfering in something that is not your business. We were opening for you to see what you saw, and you were not supposed to change anything. I know since 40 years that my name is on that list, but not even once was I asking for my name to be put on the other list. Allah is Sultan and I am His servant, and He knows what is good for me- fire or light. Now if you don't go back and make another Sajdah and Dua and ask for everything to be as before, I will thrown you out of Tariqat! You are not to interfere in the business of the Sultan.'

The Mureed was trembling and he went and asked for forgiveness and he made Dua, until he saw that the name of his Sheikh was again on the list of the people of Hell. The next day he went to his Sheikh and told him what had happened. But his Sheikh said: 'We did it, not you. Tonight you go again and tomorrow you tell me what you saw.'

The Mureed went back again. To his surprise he saw that the name of his Sheikh was on the list of the people of Paradise again. When he told his Sheikh, the Sheikh said to him: 'This is Allah's reward for my keeping the Adab with Him for 40 years. It was a test to see if I would accept, whatever Allah sees as good for me. Who is interfering in the Divine Will, makes a mess. Fire or light- His Anger is also suitable for us.'

Who is really a follower on the way of Islam says: 'I am leaving everything and I am turning towards Allah.' Where else can we turn? 'Inna li-llahi wa inna ilayhi rajiun'- we are coming from Allah and we return to Him. There is

no choice. If you want Allah you say: 'May His Will happen.'

What is giving life to people is this beneficial knowledge- it makes them to advance on the path of Suluk. This knowledge makes them light, so they may be able to fly. Look an airplane with 600 people on board. An unseen power is moving it and makes it to take off- the lighter, the more easy the take-off. Its weight is maybe 1000 tons and for a flight of 14 hours it may need 100 barrels of petrol. It needs to be prepared for the take-off.
We have the power of 100 million barrels of petrol! But we are not prepared for a take-off. We are loosing the power through our eyes, our tongue and the heart. There is a hole in the heart, and that is our love to and worry about Dunya. We have such a power, but we cannot take off. Only those may get up who can say: 'O Allah, You are my aim!'

Nowadays nobody is looking for this knowledge anymore how to make Allah pleased. And if I would offer it on a market for sale, no one would buy it. People are closed to spirituality. And they are eating one another. The reason for the actual crisis is that people are not knowing about the precious jewels inside of them. They don't know about their value, so they are not looking for them, only for rubbish... And everyone is shouting: Crisis! Crisis!

Beneficial knowledge is also to know whose friend you are. Who is going with liars, will become a liar; who is going with thieves, will become a thief. Everyone finds something according to whom he is going with. Who is going with Shaitan will never become an angel, but a Shaitan. That is why we are asking for Shaitan to be kept away from us. The whole world is guilty, because people made friendship with Shaitan. They pay him respect and call him 'honourable Dr. Shaitan'... If we were not saying 'Audhu bi-llahi mina shaitani rajim', he would interfere in our gathering, too.
O Allah, ya Muhauli hauli wal ahwal, hauli halina ila ahsani hal'...People

are finishing, because of Shaitan.. May Allah not write us from among them.

## Oh Allah, gib uns deine Vergebung!

Destur ya sayyidi, Madad ya Sultan ul Awwliya. Madad ya Rijal Allah. Audhu billahi mina shaitani-r-rajim. Bismillahi-r- Rahmani-r-Rahim.La hawla wa la quwata billahi l-azeem. Oh Allah, gib uns deine Vergebung. Wir sagen Pardon. Gib dein Segen zu deinen schwachen Dienern. Möge Allah uns vergeben und uns ändern. Der Grund für Vergebung ist die Veränderung, wenn jemand um Vergebung fragt weiß er das er sich auf dem falschen Weg befindet. Wenn dich dein Herr in göttlicher Gegenwart empfängt, wird er wissen wollen was ihr mit euren Eseln gemacht habt. Etwas anderes als dem Verlangen des Esels, konnte man nicht nachkommen. Dies ist die größte Herausforderung für den Menschen, denn der Herr guckt mit was wir handeln. Der Mensch wird mit seinem Esel überlassen und dieser wird so maulen das ihr sogar den Eid vergeßt den ihr an euren Herrn geleistet habt. Jedesmal wenn dein Esel mault, muß man gucken das es ruhig bleibt. Aber euer Esel ist 70000 sturer als ein Baby und wenn ihr den Willen nicht erfüllt wird, droht er seinem Halter ihn vor den anderen bloßstellen. Die Leute laufen zu 100% ihren physischen Verlangen hinterher.
Schaut einem Löwendompteur an, er war in der Lage seine Löwen zu bändigen. Er war in der Lage diese wilden Tiere zu bändigen, aber du fragst nicht nach einem Weg zum bändigen deines wilden Egos. Der Herr hat euch die Mittel gesandt, aber ihr habt sie nicht benutzt. Ihr unterwerft euch eurem Ego. Das Ego ist der Partner von Shaitan. Deswegen werden so viele in das Feuer geworfen werden. Möge Allah uns davor bewahren. Sie werden den Allmächtigen anbetteln sie aus den Feuern zu befreien und sie wieder zum Leben

zurückschicken, um sie sich bessern können. Aber der Herr hat die Menschen getestet und sie haben ihm keinen Teil ihrer Zeit ihm gewidmet. Sie können sich nicht ändern, auch wenn er sie 70000 zurückschicken würde.
Wenn eine Person ein Gift zu sich genommen, aber durch die Ärzte und dem göttlichen Willen gerettet werden konnte, wird er es auf jeden Fall beim nächsten Mal ablehnen, wenn es ihm angeboten wird. So muß es bei uns auch laufen, wenn wir Sachen ausprobieren und wir merken das es uns schadet, müssen wir davon ablassen. Wir müssen erkennen, daß das System nach der Monarchie für uns schädlich ist. Es verleit keinem Respekt laut ihrer Stellung und Benehmen. Sie sagen das sie alle gleich sind und so lassen sie sich auf das Level der Tiere runter. Das letzte Ziel ist für sie eine Freiheit wie im Dschungel zu haben. Dort hat der stärkste das sagen. Dort folgt keiner irgendwelchen himmlischen Befehlen und Gerichten. Diesen Weg erreicht man durch das System der Demokratie. So viele Unruhen auf dieser Welt, die die erste Periode der Dschungelkratie ist.
Ihre alternative sind die Terrorgruppen. Kein Gesetz kann sie einschränken. Das System der Demokratie hat sie dorthin gebracht. Es kann nur den Weg geben mit nur einer Gewalt zu regieren, so wie ein Löwe. Es könnten sich Schakale, Hyänen und Füchse um ihn herum kommen, jeder wird Angst haben. Alles muß eine Alternative haben, aber die Leute tarnen diese hinter Vorhängen, hinter die keiner durchschauen kann. Die Demokratie wurde durch ein großes Massaker eingeführt, wo viele Köpfe gerollt sind. Aber einige verblenden die Bevölkerung und stellen die Demokratie als bestes dar. Das Theokratische System wird kommen. Guckt nach euch, habt keine Angst vor den Terroristischen Gruppen, habt Angst vor dem Schöpfer. Denn nur mit seinem Schutz kann euch nichts geschehen. Wahrer Glaube ist keine Angst zu haben, nur wenn es der Wille des Herrn ist. Ich verteidige die heiligen Befehle des Herrn und das werde ich auch dann noch tun, wenn die ganze Welt nur Terroristen hat.
Von den werde ich den letzten Kopf nehmen und in die Hölle schmeißen. Mögen wir mit guten Leuten verweilen, auch wenn unser Ego es nicht mag.
Möge Allah mir vergeben und euch segnen, für die Ehre des Geehrtesten in göttlicher Gegenwart, Sayyidina Muhammad s.s.w.
Fatiha

**Allah Almighty (was) giving to (the) last Prophet everything that may be mankind in need**

Allah, Allah...Allah, Allah...Subhan Allah, Sultan Allah!... Destur, ya Sayyiduna, ya Rasulullah, ya Sultanu-l Awliya, Meded...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

Allah Almighty (was) giving to (the) last Prophet everything that may be mankind in need; never leaving anything that people up to (the) Day of Resurrection may be in need- just sent to him. If this period (was) going to continue up to... not 15 centuries, but 5o centuries or more- mankind may look and find what is necessary for them to be here in peace and happiness and Hereafter also, what it is necessary for (the) eternal life through eternity...Meded, ya Sultanu-l Awliya... Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim... Destur!

One Rule that may be written or must be written in Golden Letters: “Quli-l Haqq aw iskut”- Say, speak what is true or don’t speak! Or: “Quli-l Khair aw iskut”- Say what brings to you a benefit, to you or to others, or keep your tongue, don’t speak!

This is a formula that if mankind may keep this, they should reach to a level from their lives that it should be through the conditions of this temporary life (the) highest level for the life of mankind. (But) what people (are) doing now! This is a formula from Heavens that belongs to Allah Almighty’s Commands and Rules and He is asking His servants to follow His Wasiyat, His Commands and Rules. He is asking that servants may keep His Advise. He looks- but what is the situation now? Through (this) 21st century people just cut off their relationship from Heavens and they are saying: “We are a creation”- they are not saying creation- “we are the holders (of) the land of this planet. We are landlord. Whole world’s landlord we are! Can’t be anyone else from Heavens, no, we are landlords!” German people- what you are saying: “French people saying this, what

about ourselves? We are better than French people to be landlords!" English people saying: "No, I am your master, I am patron. Patronage must be for me! " US saying: "Oh- who are you? If I am here, you are speaking this?" English people saying: "You are long ones, long people not too much clever. I am your master; masterhood I may give. Academic masterhood I may give to people, for politics and every kind for keeping lordship for lands, because once upon a time I had an International Empire that when sun shining from one way, from another way setting down. I am that one! Who are you!"

America (saying): "Hm, hm, I may control you!"
Italians saying: "What about us? We are coming from Romus and Remulus, we have been milked with that giant wolf, giving us milk. Roman Empire! I am coming to you also, English people, what you are saying!"
Greek saying: "Who are you? You learnt from ourselves! You were living in caves. When we were building Pantheon on that hill you were yet running after pigs to hunt them. Who are you!"
Iranian people saying: "Why? We were a gigantic Empire, before you we were leaders, patrons and masters at the time of Darius that we were coming from Thearon (?) and Shiraz.
Darius' armies coming through Asia Minor up to your country with whips and swords. You were coming and kissing our feet!"
Russians saying: "What about ourselves?" "Psss- you are working with bears in the North, go there. Your land there, don't come downstairs!" And every country asking...
Egyptians: "We are lords of land before you are coming through the wombs of your mummies. We have rights to be (the) patrons of whole lands on earth!"...and I am not speaking (about) Arabs and Turks...Chinese people always (eating and sleeping)...when they are awakening, they are always rushing here or that side... Japanese they are new, but Chinese people old time people. And Indians... Subhanallah- so many nations! If I am going to say about everyone (it is) going (on) from now up to next week what happened for them. My historical histories (are) something else (than) what they have written; my analysis (is) in another way... Switzerland people, what they have- nothing. Switzerland people, they are cashiers, nothing else. Wars, fightings, no. "I am keeping your gold, don't approach, don't come here, no, go away, or I am calling French, whips you"...(to) another (one saying): "I am calling this one"...All nations are guardians on Switzerland, because everyone has (a) private treasure there. Therefore: "Don't speak. If I am saying this person has this amount, too much headache for you"...Subhanallahi-l 'Aliyu-l 'Azim...Ya Allah!

Man saying now through (the) 21st century: “We are landslords here! Landlordship (is) for (the) people whom they are living on earth We are not asking anyone to involve or to come and to say that: ‘I have also a share through this planet’ from other planet or from up.” That is Shaitanic teaching for them to deny everything that belongs to Heavens. Shaitan making them to accept that they are (the) owners of this planet and no one (else) can be landlords on this planet. When they are saying this, they are falling the way of Shaitan, under his hegemony. What Shaitan making them to do, they are doing.

Therefore they are never using (truth)- from (the) beginning they are denying truth. When they are saying that: “Lordship on earth that is on our shoulders, we are that ones”, finished, just they are running to wrong way. It is not true! They left truth. When they left truth, finished- they can’t speak truth, they can’t be true ones. Therefore whole politic people can’t speak truth and can’t be true ones, finished. Now we are in it.

And (the) Prophet (was) saying: “You must accept truth and when you are accepting truth you are going to be true ones, and true ones (are those) that they are going to be supported by heavenly support. And whole prophets have been supported by heavenly support and now you are refusing heavenly support and you are saying: “We are making missiles with minds and we are ordering that rockets to find that one or this one and that missile (is) running and finding”- it is nothing! Man (is) claiming: “We are not in need heavenly support, no, no, we have supports!”

Now they are in a trouble that (is) growing up daily. If it was yesterday one, it is going to be today two. Tomorrow going to be double two: 4. Next day going to be four and four: 16. 16 with 16- (in) such a (way), double, going to grow up troubles. Do you think that they are finding any solution for (the) problems of mankind? Even we are not. Here in Cyprus- (a) handful people- whole nations (are) involving to find a way for our problems, they can’t bring, what about big ones! What about big ones?

And it is important now we are saying- that is the advice of prophecy, (of) the Seal of Prophets: “If you are speaking, speak truth or don’t speak!”

Another important Command (is) coming through that words, that also it is important as the importance of this first Hadith, that (he was) bringing, (and) that means: “O people, if you are asking to do something, if it is going to be useful for you, for mankind, do it, or ,(if not,): don’t do!” (This) must be written in Golden Letters! So that if you are asking to do something that you are asking to be useful for you and for others, you

are in need a balance, and that balance you can't use (for) it, or you can't find it or you can't bring it on earth by your minds. Mindly productions never giving to you a balance if something is good or bad. Therefore we must use as balance (the) heavenly Balance. Heavenly Balance must be! (Through that) heavenly Balance that we have now there are 5oo different attributes or actings or efforts that all of them are good ones, giving benefit personally and commonly. (And there is) another table that on it there are 8oo kinds of works or actings or intentions or efforts that all of them (are) harming people, giving trouble, or all of them going to be trouble makers. Which one (of these) 8oo you are taking or trying to make one, you are going to be a trouble maker; your name (is going to be) written under the list of trouble makers and those trouble makers belong to (the) first trouble maker Shaitan. He did first trouble in divinely Presence, and all whom they are making that trouble they are belonging to (him, the) first trouble maker and written their names under that one's name.

We lost it. People just lost it and it is impossible to change man's way from wrong way to right way till the Lord of Heavens involving (and) sending someone for arranging everything with a power that it is over the powers of nature. That power which belongs to Heavens is miraculous power. When miracle coming, everything (is) going to finish.

Pharaoh was claiming that he is the Lord of Egyptians and Egyptian people because their mind small one they said: "Yes, yes"... Tauba Astaghfirullah!...Once the teacher of Pharaohs (was) coming. Pharaoh was sitting on his throne and thinking something, and suddenly looking a person in front of him. Saying: "Who are you? How you came? Without my permission how you are here? ...Porters, who is that one, how you are leaving (him) to come in front of me?" (And they came) running, with spears..."Kill him!" They are making their swords like this, like that...(but that person was still) standing up..."Who are you?" "You are not recognizing me? Who are asking who am I? I am your master, I am your teacher, I am your supporter." "Oh... how you came?" "Your swords can't cut me, your spears can't touch me, your power can't reach to me, I am here." "Why you are coming?" "You are saying, o Pharaoh: 'I am the lord of these Egyptians people' and making them your servants, and you are not knowing who I am? I am asking you, coming to check up pharaohood, how you are saying: "I am the lord of there heedless Egyptian people'. How you are claiming this?" "Because I have hundreds of witches and wizards, therefore I am claiming that I am their lord." "Call them here! I must look your power, I am examining you, making big check up for you." (Pharaoh) calling all

the head ones, and they are coming: “Show your power!” (And) the head ones of wizards making a huge vision. “This is your power?” “Yes, this is my power that I am claiming I am lord of Egyptians.” (And) Shaitan making: “Phhh...” (blowing on it)- disappeared. “Where is your power?” “I don’t know, just disappeared.” “I am your master. Look what I am putting now- my power.” Making a power, (and) Pharaoh (was) falling down from his seat. Falling down, (hiding himself), so full with fear. “O Pharaoh, how is my power?” (Pharaoh was trembling), (he) can’t speak from fear. (And Shaitan) making: “Phhh” (spitting) on Pharaoh. “Look! I have such a power and the Lord of Creation, the Lord of Heavens (is) not accepting me even (as His) servant- how (He is) accepting you to be His partner?” Spitting on him once again...Why we are saying this?

People now they are thinking what they have is something! If (it is) given a permission to Shaitan, in one second (he) may finish all these things, taking from their heads every knowledge, (so that) they can’t even know how to make fire. Even if you are giving (a) matchbox (to them), people (are) not going to know how they can do fire! If (the) Lord of Heavens (is) saying to Shaitan: “Make them to be under zero”, whole power they are going they are forgetting, even forgetting (what) to make (with) a match, making like this (striking)... they are thinking that they reached to power. Heedless people 21st century people! May Allah forgive me and bless you... and we are asking His heavenly Support for Islam, for Majdu-l Islam, the Glory of Islam, to appear soonerly, before sun setting or before sun rising...For the honour of the last Prophet, (the) most praised and most honoured one in His divinely Presence, Fatiha

**Allah has absolute Power to do what He wants!**

Bismillahi r-Rahmani r-Rahim As-salamu alaikum!

It is a short conversation and we are asking (it) to be for Allah and for His service, even the whole day or the whole week people are occupied for dunya and we are trying to take even a short time to be with Allah Almighty - as much as possible - and asking an opening through our hearts to know something. What you are knowing, that knowledge, if you are thinking on it, you may find a way to the Creator, the Lord of Creation, the Lord of Heavens. Everything signing to people to think for their Creator and the Creator He is the Lord.

We are so small ones, our material being nothing. Your 60 kg or 100 kg or 150 kg - may be a gigantic person 200 kg - what is value of your material being? If your material being costs something for another material thing, very small amount. If you are looking [at] yourself only for your material being, an ox is bigger than you. If your value [is] with your weight, a donkey may be more than you. If you are looking [at] yourself and making your muscles like this and saying: “We may carry heavy iron piece from earth and we can take it up, up to my height”, donkey much more can carry than you.

If your value coming from your material being, you must say that: “An ox, it has more material than me “, may be 1000 kg, more or less. If you are asking that your value [is] with your material power, that donkey can carry more than you. If you are asking that running gives you honour, making their hand up: “Champion for 100 meters“, [a] rabbit may be faster than you. If not, a dog may be faster

than you. If not, a horse can be faster than you. [Do] they have honour, because they can run so speedfully? No.

For eating and drinking - so many animals can eat more than you. If too much eating [was] giving to you some honour, no, [an] ox [is] eating more than you. If not, [a] buffalo may eat more than you. If not, elephant can eat what you cannot be able to eat through one month - one elephant may eat [that amount] through one hour.

What is [the] point that you have been granted an honour?

As we said, your material being not giving to you honour or (the) material beings activities never giving to you any honour, because so many creatures may do more than you. What is that secret point that you have been granted an honour through creatures? As we said, it is not [a] material aspect, no, [it] must be something else, but I am sorry to say that now people are not thinking on it.

Everyone now getting like animals and beyond the level of animals they can't say anything; they can't think on it and they say: "It is not necessary to think on it. We are enjoying with our material being, that is our last aim: to eat, and drink, and dress. " As much as possible good eating, drinking and enjoying with material world goods - beyond this [they are] never asking. They are saying: "It is enough or more than enough what we are tasting for our physical or material being. No need to think beyond that - for what? We may look up to skies nighttimes, we may say (very nice)..." Subhanallah! It is so magnificent scene in space, but no one thinking to reach to that levels, they are saying: "We are not interested, we are interested [in] what we are eating and drinking, it is enough. For what we are reaching up, what we are doing (there)?"

Yes, they are never thinking that a material can't do anything; (it) can't move or can't stop, without taking a command from outside; this... by itself, can't move. If you are using and giving a power - look (what is happening), Subhanallah, (but)

that power can't be seen. Our hand making this and it is a material and that is a material, but where is that power that can carry or can push? No one (is) thinking on it that material by itself can't move. May be in existence, in its place, one billion years - if nothing coming on it from outside, it is not going to be changed its place or doing anything. They are not thinking on it. They are saying: "No God."

And God (has) full power! God Almighty, He has full power on everything, not only on you. Millions or trillions material pieces joined to each other and just appeared as a cat or appeared as a dog or as a donkey or a horse or appeared as - a man. Who is that One that (is) making such countless levels and on every level different creatures with different activities? People (are) not saying (about this), (they are) saying: "No God." What is that foolishness!

At least you must, [you] may say: "God, that representing whole power. He is that One that whole powers under His Hegemony and He may use His endless power Oceans, as He likes." Not coming to say this, why? Materialist theories just finished! No more anyone thinking on it, because it is nonsense. Material by itself can't do anything and can't be able to change itself. Golden is golden, silver is silver, iron is iron, copper is copper, tin is tin - billions of years - they are [the] same. If coming on it a power, [it] may change them. Without that power, (even) billions years, iron is iron; can't change itself from being a tin to be a copper. Can't be able a copper by itself to change itself to be a golden and Subhanallahi l-'Aliyyu l-'Azim - [in] billions of years [the] earth can't bring [forth] an amoeba a living fish. [In] billions [of] years [the] inorganic world can't bring [forth] an organic [being], how? But yet they are insisting to make people to believe that 'materialist vision that is the real knowledge for mankind'! Ptuh - no honour people, those Shaitan people; liars, representatives of Shaitan, those balain, cursed people!

But I am sorry to say that even [in the] Muslim world now they are on [the] same way. Same way; they have been granted Holy Quran but they are not looking

and thinking on it and following such a nonsense lies and theories! Therefore Allah should punish them: Punishing Iraq, punishing Turkey, punishing Iran, punishing Syria, punishing Saudia, punishing Libya, punishing Egypt, punishing Sudan... [the] whole Islamic world also [He is] punishing. They should be punished. They are not looking and thinking! No one thinking on it! Hal min mudhakkir?!... al Quran li-dhikr - We did it so clear for thinking, think on it!

What we are saying is real knowledge, they can't refuse it, but the Muslim world is in a deep heedlessness, following blindly those materialist people and atheist people. They should be punished. If now [the] punishment [is] coming, if [the] non-Muslim world [is] punished once, [the] Muslim world seven times should be punished.

Allah is not sleeping, no, knowing what they are doing! First their heads going to be grinded that they are making Parliament and speaking nonsense theories. Allah Almighty should punish them through that nonsense of democracy. No democracy in Islam! Democracy [is] bringing countless heads that they are asking to be No.1. That parties - every party asking to reach point of power. In Islam for whole Muslim world only one and Allah saying: "If getting two, one of it: cut his head!" This is Sharî´at I am saying. Therefore: Leader, leader... Conservative Party, Liberal Party, Christian Democratic Party, Communist Party, Socialist Party, this party, that party - so many heads...and in Iraq hundreds heads are asking to come to the point of power.

No! Point of power for Allah! They should be punished! They are going to kill themselves by themselves, no one can stop it - Russians, Americans, Turks, Iran - finished. Now you must may look... Come and join to Prophet's nation, Prophet's followers, you should be [in] safety! If not, [you] should be taken away.

Bird flu! Bird flu more dangerous than democracy? Democracy destroying everything Heavenly, democracy fighting every Heavenly Rule, you must

understand, but they are running after hens and chicken to burn them and to kill them, that no one can burn a living creature! Haram, forbidden! They are doing this. The Lord is not sleeping! Looking what they are doing and He is going to punish them!

O people, come right way! Try to be accepting truth; don't run after imaginated things that are coming from shaitanic ways. Shaitans and Shaitan's representatives [are] making man to make themselves by themselves to destroy everything. Come, accept truth and try to be true ones and try to be truth defenders. If not, taken away...

May Allah forgive us.

Fatiha.

**Allah Almighty has endless Power**

Subhanak, Subhanak, Subhanak, la ilaha illa Anta, Subhanak, inna kunna mina dhalimin, waghfir lana wa tub alayna...

Allah Almighty has endless Power, no one can know about our Lord's Power Oceans and whole universe with billions of galaxies what is their position in front of Allah Almighty's Dominions Power Oceans? Do you think that they may have a position as an atom? This huge universe that we can't reach to cover. Our mindly energy, mindly authority that we have been granted to look around ourselves, what is its amount? We are living on a planet earth, our mindly authority may ask to reach to know about this planet and through its bigness our minds going to stop. Leave this universe that billions galaxies running in it, no one knowing from where coming, no one knowing to where going, When we are going up, when you leave this planet, no direction, no East, no West, no North, no South, no up, o down, no right hand, no left hand, no forward, backward. When getting up, you can't approve where are you. Are you falling on our brothers on Mars, just we are on South direction or North and we are looking over us some other particular galaxies just passing and we are asking to get a sign as this galaxy, but it is moving also, after a while just disappeared, no direction, finished. Allahu akbar!

If no base, nothing can be in existence. Must have a base to be built on it their existence. If no earth, we are going to be like this... in air your hands, your legs...what happening? Of no base for mankind, this world no, where are you? Everything must have some base for approving their existence. If not, no.

This huge universe (is) signing to our minds: Don't approach too much. From far away you may see something and be enjoyful, because not you, your base that is earth, not earth, bit its base solar system or not solar system, that it is their base this our galaxy, if approaching one of these gigantic galaxies going to disappear, going to be like atom and less just disappearing and don't work on it too much, because such

gigantic galaxy there is some holes. If approaching that, then, if something coming near to Niagara Falls, through second disappearing, you may think and imagine the bigness of that holes that they are saying: It is Black Holes, and Black colour is base of...and black colour also is sign of endless power Dominions. Whole secret ‘Alamu ghujub, everything in it just covered, can’t appear. Everything in it, in that darkness, black colour most powerful colour, but foolish people fighting for their colours. Much more power colour is black colour, dark black that is in it ‘Alamu ghujub, unseen, unknown Dominions that only the Owner of that Dominion He is knowing. That base for His Dominions you can’t find beginning or ending. Black Hole only like this, one mm diameter, so small, but swallowing, sucking, taking in unknown territories, cant be anyone to reach there, no, ‘Alamu ghujub, ‘Alam, Allahu akbar! We are so foolish ones, we are claiming that we are knowing something, we are reaching something from knowledge, they are using only mind productions, mind powers and this their claming something that they have some power or can do everything. This is foolishness of 21st century people. That dark darkness, unknown territories for the Lord’s Dominion Oceans. Allahu akbar, Allahu akbar, Allahu akbar!

Wasting time people! They have been offered to think such things for understanding their Lord’s Greatness oceans and greatness oceans that belongs to Allah Almighty’s Dominions and that Dominions one after one getting more dark, more dark. Where He is, the Lord? Don’t speak. Don’t speak. Don’t speak. Allahu akbar! When Mehdi a.s. coming and using not to take away that darkness of ignorance from earth, he had been granted to say: “Allahu akbar, Allahu akbar, Allahu akbar” and in a second whole technology finished! 1oo % technology power finished. Center in hands of one Wali, Qutbu-l Mutassarif, one of 5 big Awliya that he is authorized for opening and closing. Now the centre is open. When Mehdi a.s. saying: “Allahu akbar”, shelter by itself coming down, no need to touch that Qutb, no, by itself. And no more any instrument going to be in act, no power for man for these foolish mankind living on earth now and everyone claiming to be like a Nimrod or Pharaoh that trusting on their technology. One word: “Allahu akbar”- finished!
And using from that power only to say once, 3 times, enough to say: “Allahu akbar”, with that power from that power oceans very, very, very weak power he is going to use to change everything from earth from their wrong direction to put them in right direction. Who is getting objecting, getting against , blown, just taken away.

We come to now about our Lord, to know who created us and it is also in limits, according to our capacity.

You must learn. “Quli Rabbi Allah”, say: “My Lord is Allah!” You just teach your children first who is you Lord, to say: “My Lord is Allah”, that makes Allah Almighty happy with His creatures. As long as not saying this and running after idols, idols should be taken away.

Oh people, try to learn more and more, as much as possible for Allah Almighty, because our promising from our Lord according to our knowledge to Him. If we are knowing more, you may give more respect, more praising and more glorifying. Therefore Prophet’s two Rakaat much more valuable from all mankinds’ praying. Why? What Prophet knowing about his Lord, people not knowing. And they are not trying, and Prophet saying: “I am that one that no one can know about our Lord, Allah Almighty what I am knowing, and no one can be much more fearful than me in front of his Lord.”

Try to know more for reaching to His divine Presence and to welcome you: “Oh My servant, welcome to My divine Dominions from every kind enjoyment that you should enjoyful. Come, My beloved servant!“ Try to be welcomed in His divine Presence. But we are preferring to collect rubbish of this life and then losing any chance and going in front of our Lord, asking: “Who am I?” They can’t say: “You are my Lord.” They should say: “My Lord is my ego.” Even not learning to say: “Rabbi Allah”, he should say: “My Lord is my nafs. I was walking under his commands and trying to fulfil his pleasures. That was my wish.” And He is asking: “That was your mission? Nothing else? To fulfil every kind of pleasure for your ego? You never think about your Creator, what I am asking from you? You never bring to Me something to be enjoyful with you? Oh, my no mind and respectless servant, you are not My servant, you are servant of your ego, of your Shaitan. Now you lost and coming to Me.”

May Allah forgive us and bless you and give us good understanding! Up today such things not coming to Ummah, but it is time of Mehdi a.s. and slowly coming an opening to wake up servants of Lord Allah Almighty... May Allah forgive me and bless you, for the honour of that most honoured one in His divine Presence, S.Muhammad sws, Fatiha.
When Mehdi a.s. coming, who is going to be in his time, flying like angels...

## Allah Has Promised

Thanks to our Lord, Salams to our Holy Prophet. Salams to the Awliyyaullah. Asbahna wa asbahal mulku lillah. We reached the morning in the property of Allah Almighty. Property belongs to Allah. We reached the morning in it, we have been honoured. We are in the property of Allah Almighty Maliku l-Mulk; The owner of the property is Allah. Know your situation. Assalamu alaikum. Ayyuhal yaran, marhaba. Ay yaran Sahibul Maydan Shah Mardan.Allahu Akbar. Allahu Akbar. Say Allahu Akbar. Praise our Lord. Subhan Allah Walhamdulillah Wa la ilaha illAllah, waLlahu Akbar Allahu Akbar wa lillahi l-hamd.
What a beauty, beautiful beginning. In the palaces of kings and sultans the trumpeters were blowing their trumpets for the coming morning. This was the tradition of palaces. In the palaces of Sultans the first ceremony in the morning, the Ottoman army band(Mehteran) were praising Allah saying Allahu Akbar. Mehteran, calling Allahu Akbar. Glory is for Allah who is the Owner of earth and heavans, our Lord. This delightful and honourable status is a gift from Allah Almighty. Call Allahu Akbar,Allahu Akbar, our army is forever victorious. O! glorious soldiers, our army is always victorious. Why? Because they say Allah! The ones who are calling Allah(swt), Allah won't let them down. Allah wont let them be in misery. Say in the morning, Allahu Akbar Allahu Akbar. Our army is forever victorious. Allahu Akbar, Masha'Allah. This is Gulbanki Muhammedi. Gulbanki Muhammedi.
Ya Rabbi, destur.Ya Sahibu l-Imdad. Give us strength, this is the morning greeting ceremony. From the palace of the Sultan of Islam, gulbanki Muhammedi (Mehteran)is called. Mehter is playing, soldiers are calling Allahu Akbar, the earth and sky trembling. Allahu Akbar. Allahu Akbar Our army is forever victorious. Learn, know the way. May Allah (jj) dress you with majesty. Oh! Allah may send us blessings. Welcome,O yaran! Sahib devran Shah Mardan

assembly.Look for such an assembly.
Lets say, Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Begin with the name of Allah Who is the Owner of the earth and heavens. Begin with His Name, teach all to begin with His Name. Let the earth know that over it there is the deputy of Allah Almighty -the human being. Say Allahu Akbar, Allahu Akbar. Let our army be forever victorious. They forgot. They have an army band. They play harmonica, what is the value? Shaytan's instrument. No value. Subhan Allah. People nowadays can't tell the difference between stone and diamond. Marhaban. Ay yaran. Shah Mardan. He is the Shah of lions; Shah Mardan. Say Marhaba to him. Then the marhaba comes back to us, opening our hearts to comfort. May Allah dress us with His Greatness so that when unbelievers see us they tremble with fear. May the weapons in their hands misfire! Say Bismillahi r-Rahmani r-Rahim! Oh people! say Bismillahi r-Rahmani r-Rahim O man, say BismiLlahir Rahmanir Rahim. If you forget, you will be forgotten. Allahu Akbar Allahu Akbar. May our army be victorious. What a beautiful beginning, what a strong base. Janabu l-Haqq dresses them with the robes of majesty. When nations hear BismiLlahir Rahmanir Rahim, they fear. What is all of Frangistan (Europe/west) afraid of? That the Muslims once again say: Allahu Akbar. They made the Muslims forget to say BismiLlahir Rahmanir Rahim, and the Takbir Muhammadi. Let us make them forget it, because there is no other way to control them. Their soldiers used to tremble and run from the sound of the Takbir. Because when we would call the Takbir. O look the secret! ,O Because when we would call the Takbir, the honourable angels of Heavens also would make Takbir. And the Takbir of Heavens would throw fear into the hearts of the unbelievers.
They would get confused and ask: What can be done? Our money is finished. Ya, how can your money finish?! Eh, it is finished and we are left like this. You are left like this because you are unbelievers. In Islam there is no paper (money). The measure of value in Islam is gold and silver. Everything apart from this is toys. And so we see the whole world like this today:All of them are bankrupt. Listen, ey yaran, what Shahu Mardan says, Marhaban! Be at ease, don't be afraid. From unknown places gold will come to you. And silver will come, too. When you are with Allah, Allah doesn't let us to be deprived of anything. He doesn’t leave us hungry or dishonoured. Then you will make the world tremble. Unfortunately the Islamic world has forgotten the Takbir. Make Takbir! And you will make earthquakes in dunya. No! From here

and there the latest fashion weapons are coming to us! They have no value.
O Islamic world, your strength is not with the weapons which unbelievers give to you. O Muslims, don’t look to the weapon in your hand, but to the robe of majesty that Allah Dhul Jalal grants you. Once you have been dressed in this robe of heybet(majesty), the whole of world will experience an ”earthquake”.
Ya a new Pope has come. He is thinking now: There is movement in the Islamic World. We shouldn't under estimate them. They are not few, there are 3 billion Muslims in the world. Their faith is firm like steel. They say La ilaha illaLlah. We tremble when they say La ilaha illaLlah. We use these bells to make the sound of their Takbir not heard. We ring our bells, the Islamic World makes Gulbanki Muhammadi. They ring bells when they rise in the morning. Making Takbir is not like ringing the bells! That is why there is confusion in their hearts and fear comes. If ever these Muslims happen to return back to themselves, their ways, they will sweep us all! Ring the bells! May the Takbir of the Muslims not be heard. Muslims say Takbir and the Muslim soldiers say: Allahu Akbar. Muslim soldiers say: Allahu Akbar. Are you making your soldiers say Allahu Akbar?
O Islamic states! Are you letting your soldiers call the Takbir in the morning? No, you aren't. You have no value, no value at all. Make Gulbanki Muhammedi. Say Allahu Akbar! Allahu Akbar, our army is forever victorious! Allahu Akbar. Mehter is calling! Raise the Ottoman flag, let its majesty be seen! May the strength of our ancestors be seen. You threw them away, now you are fighting each other! And you kill one another. Islam has not ordered this. Islam orders to revive! It doesn't say to kill people! Make people live. Teach people their humanity. Don't kill! Don’t kill, don’t oppress. Allah says, I have forbidden oppression to Myself!(I made it haram to Myself) I have made Dhulm Haram for Myself. Fala tadhalamu – don’t be cruel to one another. I Myself will come against the oppressors.
Allahu Akbar. Ay Shah Mardan Masha'Allah. Say Subhan Allah, Inna Fatahna Laka Fathan Mubina (48:1). Raise the Islamic Flag, O Muslim states! Every one of you has made an artificial flag for your country! That has no meaning, makes no sense. Say: Inna Fatahna Laka Fathan Mubina. (48:1) So that the angels will come to you for help! Ya, No, you say: We have money, and, Europe will give us weapons. America will give us cannons. Do not trust them! Be firm/straight, Shahu Mardan, Shahu Mardan, may Allah sanctify his secret, the Lion of Allah,

is not happy with what you are doing. O Muslims if he draws Dhul Fiqqar (his sword) he will first cut the heads of those who have brought the Muslims to this state. I don’t know what will happen this coming Rajab.
Hajjaj al -Dhalim said in his first Khutba to the people of Basrah. I am seeing ready the heads that are to be collected. I have come here for that, he said. Get ready the heads to be collected. Not only millions, but billions of them. Don't sleep! If Shahu Mardan draws his sword no one in dunya will remain who is against Islam. He will sweep them all! You will see how is the Lion of Allah! Who are you, who are your soldiers! Just do what you are doing! In Europe they didn’t like the Sultans, they deceived our foolish ones into removing the Sultans! And they removed the Sultan! Misery came to countries that remove their Sultan! Libya, Egypt, Hijaz, Turkey, Balkans, Caucasus, Iran are all in this situation. They are Saifu l-Maslul min Sufulillah. Sultans are the drawn swords of Allah! Dhillullahi Fil Ard. Sultan dhillullah fil ard; the Sultan is the drawn sword of Allah on earth. You removed your Sultans, Shaytans are on your heads. You came into such a situation that you cannot get out of it, neither with war nor with peace. Ya, O Shah Mardan, O Sultan of the Meydan(arena) send us help! Send us the Sultan! Those who don't want the Sultan,may not reach to Ramadan. May it not be known where they will be buried! May Allah finish their idols. Here Islam is coming! So the old and new pope are thinking - What are we going to do? I cannot control them, so I quit. If there is anything you can do, do it, said the old Pope. We cannot make them (Islam) sleep any more. This is what the old pope is saying to the new one. Our actions do not make them sleep, but rather wakes the sleeping Islamic World. I couldn’t do anything. Do what you can do, said the old Pope. And the new one said, What shall I do? I am not saying that I can do what you couldn’t do. They gave me a title, I have got nothing else! I can neither say I have help from Heavens nor can I influence people on earth. I remained like you and I see that after you there is nothing I can do. The one that preceded me knew it, he quit. You left and I will also leave, he may say. Maybe the new Pope changes and Prophet Isa(as) will come down.

O Shah Mardan, may your signs be seen. Rajabun ajaibun, Rajab is coming after one month. The Prophet(saw)said Rajabun ajaibun. In Rajab there will be strange happenings. For those on the side of Haqq, there will be honour. For those who don’t keep the side of Haqq they will

be ashamed. Sweeping away. Say Bismillahi r-Rahmani r-Rahim. Ay yaran, lovers of the Sahibu l-Maydan, ay yaran. The Sultan, Shah Mardan! Say and teach the truth! If not, your head will also roll,You will be finished! There will be no harm for Muslims! Know this! The others will all be sent to the other side, like rubbish, not seeing the heaven.

Say Allah. Dont fear! Say Bismillahi r-Rahmani r-Rahim. Allah(jj) is with us! If you don't say Allah, shaytan will be with you. And shaytan will curse you with oppression. Aman, ya Rabbi. Tawba ya Rabbi, Tawba, Astaghfirullah. Don't leave us to our bad ego. Let the good news our Prophet(saw) said, happen. Astaizubillah, Wa`ada Allahu l-Ladhina 'Amanu Minkum Wa 'Amilu s-Salihati Layastakhlifannahum Fi l-'Ardi Kama Astakhlafa Lladhina Min Qablihim Wa Layumakkinanna Lahum Dinahumu Lladhi Artada Lahum (24:55) This is a holy verse that all of them know. Holy verse, Allah is promising. Wa'ada Llahu Lladhina 'Amanu Minkum Wa 'Amilu s-Salihati La yastakhlifannahum Fi l-'Ardi Kama Astakhlafa Lladhina Min Qablihim. Power is coming to Islam!

O scholars, this is a holy verse! Have you not read it? Wa'ada Llahu Lladhina 'Amanu Minkum Wa 'Amilu s-Salihati - Allah is promising. La Yastakhlifannahum Fi l-'Ardi Kama stakhlafa lladhina Min Qablihim. Wa La yumakkinanna Lahum Dinahumu lladhi Artada Lahum Wa La yubaddilannahum Min Ba'di Khawfihim 'Amnan Ya'budunani La Yushrikuna Bi Shay'an Sadaq'Allahul azim. Subhan Allahil aliyyil azim. Fatiha.

Your weak servant, forgive me my Lord! May we also see those days of wadullahi. Allah is promising the superiority of Islam, to finish unbelief. The holy verse says, we have no fear - Believe and be safe! This is what Shah Mardan is saying today. This is our sohbet today. Ay yaran, let us stop here, not go deeper! May Allah give you light; light on your face and joy in your hearts. May you not complain of anything. Keep the way of Shah Mardan. Let's say Bismillahi r-Rahmani r-Rahim. Ya Rabbi, You know best. We are weak. Send us Sahib, the Sultan.

Fatiha.

Dank sei unserem Herrn, Salams für unseren heiligen Propheten. Salams für die Awliyyaullah. Asbahna wa Asbahal Mulku Lillah. Wir haben den Morgen erreicht im Besitz Allahs des Allmächtigen, der Besitz ist Allahs. Wir haben den Morgen als solcher erreicht, wir sind geehrt worden. Wir sind im Besitz Allahs des Allmächtigen. Maliku l-Mulk, der Eigner des Besitzes ist Allah. Kennt euere Lage. As-Salamu `alaykum. Ayyuha l-Yaran, Marhaba. Ay Yaran, Sahibu l-Maydan, Shah Mardan, Allahu Akbar. Allahu Akbar. Sagt Allahu Akbar. Preist unseren Herrn. Subhan Allah wa l-Hamdulillah wa La ilaha illa Allah wa Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Was für eine Schönheit, was für ein schöner Anfang.

In den Palästen der Könige und Sultane bliesen die Trompeter in ihre Trompeten für den kommenden Morgen. Das war die Tradition der Paläste. In den Palästen der Sultane war die erste Zeremonie am Morgen der Lobpreis Allahs durch die Osmanische Armeekapelle (Mehteran), die sagten: Allahu Akbar! Die Mehteran riefen: Allahu Akbar. Preis ist Allahs, Der der Eigner von Erde und Himmeln ist, unser Herr. Dieser herrliche und ehrenwerte Status ist ein Geschenk Allahs des Allmächtigen. Ruft: Allahu Akbar, Allahu Akbar, unsere Armee ist für immer siegreich. O, glorreiche Soldaten, unsere Armee ist immer siegreich! Warum? Weil sie sagen "Allah"! Diejenigen, die "Allah" rufen, wird Allah (swt) nicht enttäuschen. Allah wird sie nicht im Elend lassen. Sagt am Morgen: Allahu Akbar, Allahu Akbar. Unsere Armee ist für immer siegreich. Allahu Akbar, Masha'Allah. Das ist Gulbanki Muhammadi. Gulbanki Muhammadi. Ya Rabbi, Dastur, Ya Sahibu l-Imdad. Gib uns Kraft. Das ist die Morgengrußzeremonie. Vom Palast des Sultans des Islam wird Gulbanki Muhammadi (Mehteran) gerufen. Mehter ist spielen. Die Soldaten rufen Allahu Akbar! Die Erde und der Himmel erzittern. Allahu Akbar! Allahu Akbar! Unsere Armee ist für immer siegreich. Lernt, kennt die Art und Weise. Möge Allah (jj) euch mit Majestät bekleiden.

O, Allah möge uns Segnungen senden. Willkommen, o Yaran! Sahib Devran Shah Mardan Versammlung. Sucht so eine Versammlung. Sagen wir Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Beginnt mit dem Namen Allahs, Der der Eigner von Erde und Himmeln ist. Beginnt mit Seinem Namen, lehrt alle, mit Seinem Namen zu beginnen. Laßt die Erde wissen, daß über ihr der Stellvertreter Allahs des Allmächtigen ist, der Mensch. Sagt Allahu Akbar, Allahu Akbar. Laßt unsere Armee für immer siegreich sein. Sie haben es vergessen. Sie

haben eine Armeekapelle. Sie spielen Harmonika. Was ist der Wert? Shaytans Instrument. Kein Wert. Subhanallah. Die Menschen heutzutage kennen den Unterschied zwischen Stein und Diamant nicht. Marhaban. Ay Yaran. Shah Mardan. Er ist der Shah der Löwen. Shah Mardan. Sagt Marhaba zu ihm. Dann kommt das Marhaba zu uns zurück und öffnet unser Herz als Trost.

Möge Allah uns mit Seiner Größe bekleiden, so daß die Ungläubigen, wenn sie uns sehen, vor Furcht erzittern. Mögen die Waffen in ihren Händen explodieren! Sagt Bismillahi r-Rahmani r-Rahim. Leute, sagt Bismillahi r-Rahmani r-Rahim. O Mensch, sag Bismillahi r-Rahmani r-Rahim. Wenn du vergißt, wirst du vergessen sein. Allahu Akbar, Allahu Akbar. Möge unsere Armee siegreich sein.
Was für ein schöner Anfang, was für eine starke Grundlage. Janabu l-Haqq bekleidet sie mit dem Gewand der Majestät. Wenn die Nationen hören Bismillahi r-Rahmani r-Rahim, fürchten sie sich. Wovor fürchtet sich ganz Frankistan (Europa, der Westen)? Daß die Muslime wieder sagen Allahu Akbar. Sie ließen die Muslime vergessen, zu sagen Bismillahi r-Rahmani r-Rahim und das Takbir Muhammadi. Lassen wir es sie vergessen, weil es keinen anderen Weg gibt, sie zu kontrollieren. Ihre Soldaten erzitterten und rannten vor dem Klang des Takbir davon, weil wenn sie das Takbir riefen - seht das Geheimnis! - weil wenn sie das Takbir riefen, die ehrenwerten Engel der Himmel auch Takbir machten. Und das Takbir der Himmel warf Furcht in die Herzen der Ungläubigen. Sie wurden verwirrt und fragten: Was kann getan werden? Unser Geld ist aus. Ya.. Wie kann euer Geld aus sein? Eh, es ist aus und wir bleiben so zurück. Ihr bleibt so zurück, weil ihr Ungläubige seid. Im Islam gibt es kein Papier(geld). Der Wertmaßstab im Islam sind Gold und Silber. Alles andere ist Spielzeug. Und so sehen wir die ganze Welt heute: Sie sind alle bankrott. Hört, Ay Yaran, was Shah Mardan sagt. Marhaban! Seid gelassen, fürchtet euch nicht. Von unbekannten Orten wird Gold zu euch kommen, und Silber wird auch kommen, wenn ihr mit Allah seid. Allah beraubt uns nicht. Er läßt uns nicht hungrig oder entehrt zurück.
Dann werdet ihr die Erde erzittern lassen. Leider hat die islamische Welt das Takbir vergessen. Macht Takbir! Und ihr werdet Erdbeben entfachen in der Dunya. Nein! Von hier und dort kommen die neuesten Waffen zu uns! Sie haben keinen Wert. O islamische Welt, euere Stärke ist nicht in den Waffen, die euch die Ungläubigen geben. O Muslime, guckt nicht auf die Waffe in euerer Hand, sondern auf das Gewand der Majestät, das euch Allah Dhu l-Jalal gewährt. Wenn

ihr einmal in dieses Gewand von Heybat, Majestät, gekleidet seid, wird die ganze Welt ein Erdbeben erleben. Ya.. ein neuer Papst ist gekommen. Er denkt jetzt: Es gibt Bewegung in der Islamischen Welt. Wir sollten sie nicht unterschätzen. Sie sind nicht wenige. Es gibt 3 Billionen Muslime in der Welt. Ihr Glaube ist fest wie Stahl. Sie sagen, La ilaha illah Allah. Wir zittern, wenn sie sagen, La ilaha illa Allah. Wir benutzen diese Glocken, damit der Klang ihres Takbirs nicht zu hören ist. Wir läuten unsere Glocken. Die Islamische Welt macht Gülbank Muhammadi. Sie läuten Glocken, wenn sie am Morgen aufstehen. Takbir zu machen ist nicht wie das Läuten der Glocken! Deshalb herrscht Verwirrung in ihren Herzen und Furcht kommt. Wenn diese Muslime jemals zu sich selbst zurückfinden, zu ihrer Art und Weise, werden sie uns alle hinwegfegen! Läutet die Glocken! Möge das Takbir der Muslime nicht zu hören sein!
Die Muslime sagen Takbir und die muslimischen Soldaten sagen Allahu Akbar. Die Muslimsoldaten sagen Allahu Akbar. Laßt ihr euere Soldaten sagen Allahu Akbar? O Islamische Staaten! Laßt ihr euere Soldaten das Takbir rufen am Morgen? Nein! Ihr habt keinen Wert, überhaupt keinen Wert. Macht Gulbank Muhammadi. Sagt Allahu Akbar! Allahu Akbar, unsere Armee ist für immer siegreich. Allahu Akbar. Mehter ruft! Hißt die Osmanische Flagge, laßt die Majestät sichtbar werden! Möge die Stärke unserer Vorfahren sichtbar werden. Ihr warft sie hinaus, jetzt bekämpft ihr euch untereinander. Und ihr tötet euch gegenseitig. Der Islam hat das nicht befohlen. Der Islam befiehlt, wiederzubeleben. Er sagt nicht, die Menschen zu töten. Laßt die Menschen leben. Lehrt die Menschen ihre Menschlichkeit. Tötet nicht! Tötet nicht, unterdrückt nicht. Allah sagt: Ich habe Mir Selbst Unterdrückung verboten. Ich machte Dhulm haram für Mich Selbst. Fala Tadhalamu - Seid nicht grausam zu einander. Ich Selbst werde gegen die Unterdrücker kommen. Allahu Akbar. Ay Shah Mardan, masha'Allah. Sagt Subhanallah, "Inna Fatahna Laka Fathan Mubina" - Gewiß, Wir haben dir einen deutlichen Sieg verliehen (48:1). Hißt die islamische Flagge, o Muslimstaaten! Jeder einzelne von euch hat eine künstliche Fahne gemacht für euer Land. Das hat keine Bedeutung, ergibt keinen Sinn. Sagt: "Inna Fatahna Laka Fathan Mubina" (48:1) Damit die Engel euch zu Hilfe kommen.
Nein, sagt ihr, wir haben Geld, und Europa wird uns Waffen geben, Amerika wird uns Waffen geben. Traut ihnen nicht! Seid fest, aufrecht. Shah Mardan, Shah Mardan, möge Allah sein Geheimnis heiligen, der Löwe Allahs ist nicht glücklich mit dem, was ihr macht. O Muslime, wenn er sein Schwert Dhu l-Fiqqar zieht, schlägt er erst die Köpfe jener ab, die die Muslime in

diesen Zustand gebracht haben. Ich weiß nicht, was diesen kommenden Rajab geschehen wird. Hajjahu dh-Dhalim sagte in seiner ersten Khutba an die Menschen in Basrah: Ich sehe die Köpfe, die gesammelt werden sollen, bereit. Ich bin dafür hergekommen, sagte er. Bereitet euch vor, die Köpfe zu sammeln, nicht nur Millionen, sondern Billionen von ihnen. Schlaft nicht! Wenn Shah Mardan sein Schwert zieht, wird niemand in der Dunya übrig bleiben, der gegen den Islam ist. Er wird sie alle wegfegen! Ihr werdet sehen, wie der Löwe Allahs ist. Wer seid ihr? Wer sind euere Soldaten? Macht ruhig, was ihr macht. In Europa mochten sie die Sultane nicht. Sie verleiteten unsere Dummköpfe, die Sultane zu beseitigen. Und sie beseitigten die Sultane. Elend kam auf die Länder, die ihre Sultane beseitigten. Lybien, Ägypten, Hijaz, die Türkei, der Balkan, der Kaukasus, der Iran sind alle in dieser Lage. Sie sind Saifu l-Maslul min Sufulillah. Die Sultane sind die gezogenen Schwerter Allahs! Dhillullahi fi l-Ard. Sultan Dhillullah fi l-Ard. Der Sultan ist das gezogene Schwert Allahs auf Erden. Ihr habt euere Sultane beseitigt, Shaytan ist auf eueren Köpfen. Ihr kamt in so eine Lage, daß ihr nicht mehr herauskommen könnt, weder mit Krieg, noch mit Frieden. Ya Shah Mardan, o Sultan der Maydan Arena, sende uns Hilfe! Sende uns den Sultan. Jene, die den Sultan nicht wollen, erreichen vielleicht den nächsten Ramadan nicht. Möge es nicht bekannt werden, wo sie begraben werden. Möge Allah ihre Götzen erledigen. Hier kommt der Islam!

Also denken der alte und neue Papst: Was werden wir bloß tun? Ich kann sie nicht kontrollieren, also gebe ich auf. Wenn es etwas gibt, was du tun kannst, tue es, sagte der alte Papst. Wir können sie nicht mehr einschläfern. Das ist, was der alte Papst zum neuen sagt. Unsere Taten schläfern sie nicht mehr ein, sondern weckt die schlafende Islamische Welt eher noch auf. Ich konnte nichts tun. Tu du, was du kannst, sagte der alte Papst. Und der neue sagte: Was soll ich tun? Ich sage nicht, daß ich tun kann, was du nicht tun konntest. Sie gaben mir einen Titel. Ich habe sonst nichts. Ich kann auch nicht sagen, ich hätte Hilfe von den Himmeln, noch kann ich die Menschen auf der Erde beeinflussen. Ich bin genau wie du. Und ich sehe, daß es nach dir nichts gibt, was ich tun kann. Derjenige, der mir vorausging, wußte es und gab auf. Du bist gegangen und ich gehe auch, mag er sagen. Vielleicht ändert sich der neue Papst, und der Prophet Isa (as) kommt herab.

O Shah Mardan, mögen deine Zeichen sichtbar werden. Rajabun Ajaibun, Rajab kommt in einem Monat. Der Prophet (saws) sagte: Rajabun Ajaibun. Im Rajab wird es merkwürdige

Geschehnisse geben. Für diejenigen auf der Seite von Haqq wird es Ehre geben. Diejenigen, die nicht auf der Seite von Haqq sind, werden sich schämen. Hinweggefegt. Sagt Bismillahi r-Rahmani r-Rahim. Ay Yaran, Liebende des Sahibu l-Maydan, Ay Yaran. Der Sultan Shah Mardan! Sagt und lehrt die Wahrheit. Sonst wird euer Kopf auch rollen.. Ihr werdet erledigt werden. Es wird den Muslimen kein Schaden zugefügt. Wisset das. Die anderen werden alle zur anderen Seite geschickt, wie Abfall, ohne den Himmel zu sehen. Sagt Allah, fürchtet euch nicht! Sagt Bismillahi r-Rahmani r-Rahim. Allah (jj) ist mit uns! Wenn ihr nicht Allah sagt, wird Shaytan mit euch sein. Und Shaytan wird euch mit Unterdrückung heimsuchen. Aman ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Überlaß uns nicht unserem schlechten Ego. Laß die guten Nachrichten, die unser Prophet (saws) brachte, wahr werden.
Astaidhubillah: "Wa`ada Allahu Lladhina Amanu minkum wa `Amilu s-Salihati Layastakhlifannahum fi l-Ardi Kama Wa Layumakkinanna Lahum Dinahum Lladhi Artada Lahum" (24:55). Das ist ein heiliger Vers, den sie alle kennen. Ein heiliger Vers. Allah verspricht: 'Allah hat denjenigen von euch, die glauben und rechtschaffene Werke tun, versprochen, daß Er sie ganz gewiß als Nachfolger der früheren Völker auf der Erde einsetzt.' Macht kommt zum Islam. Gelehrte, dies ist ein heiliger Vers. Habt ihr ihn nicht gelesen? Wa `ada Llahu Lladhina Amanu minkum wa `Amilu s-Salihati - Allah verspricht, daß Er sie als Nachfolger auf der Erde einsetzt, Kama Stakhlafa Lladhina min Qablihim - wie Er die Vorherigen als Nachfolger einsetzte, daß Er für sie ihre Religion, der Er für sie zugestimmt hat, festsetzen wird und daß Er ihnen nach ihrer Angst stattdessen Sicherheit gewähren wird. Sie dienen Mir und gesellen Mir nichts bei. Sadaqa Allahu l-`Azim. Subhan Allahi l-`Aliyyi l-`Azim. Fatiha. Dein schwacher Diener, vergib mir, mein Herr! Mögen wir auch diese Tage des Wadullahi sehen. Allah verspricht die Überlegenheit des Islam, um dem Unglauben ein Ende zu setzen. Der heilige Vers sagt, wir haben keine Furcht. Glaubt und seid sicher. Das ist, was Shah Mardan heute sagt. Das ist unser Sohbat heute. Ay Yaran, hören wir hier auf, gehen nicht tiefer. Möge Allah euch Licht geben, Licht auf dem Gesicht und Freude im Herzen. Möget ihr nicht über etwas klagen. Bewahrt den Weg Shah Mardans. Sagen wir Bismillahi r-Rahmani r-Rahim. Ya Rabbi, Du weißt es am besten. Wir sind schwach. Sende uns Sahib, den Sultan. Fatiha.

## ALLAH: ABSOLUTELY UNLIMITED

So many holy-people say that if they lose the sight of the face of the Holy Prophet infront of them just for one moment, they do not consider themselves to be believers. They always look at him. The whole universe exists from the light of Muhammad. It is the main material of the universe; of Heavens and earth, the lights of Muhammad, may peace be upon him. It belongs to the Divine Power Oceans of Allah, to that which has put us into existence. When the power of that ocean catches you, you will be ready to disappear.

When an object is surrounded by different powers from different directions, it is not possible to direct it from one side. If equal power is put into you from all sides, you will not be able to move. Every atomic piece must be balanced from 6 directions by unseen power oceans. Mass is dissolved in energy. The first type of mass is energy. All the universes are produced by energy. The Lights of the Prophet is produced by the same energy. Condensed with other powers it becomes an atom. Computers will not be able to count them, but each one has a special position, a special situation, a special function, a special name, a special wisdom, each one has a special art. That is why it is impossible to understand the real essence of Allah Almighty. It is complete sacredness into which no-one can enter. That in which you are moving and which you are feeling is only a little spot of the endless power oceans. No imagination can imagine it. If all the imaginations of mankind and angels are put together, it can still not be imagined: the endless power oceans of Allah. The Unlimited Being cannot be understood by the imagination of a limited being. Our imagination is in limits. And even if your

imagination gets bigger and bigger and bigger, it will still be in limits. It will never be an unlimited pot. It may be great, but it will always be in limits. But everything which belongs to Allah Almighty is absolutely unlimited.

People ask of Allah Almighty where He is and how He is. Those questions show foolishness and ignorance. If someone asks you to give a description of yourself, you cannot give it. No-one can give a perfect description of themselves. To be able to do that you would have to name everything on the inside and on the outside of you and say how many of them you have and what their function is. You would also have to say within which time-span all this happens; in minutes, in hours, days, weeks, months, years... which change will you undergo in that time? Sometimes I ask people how many teeth they have, and they are very surprised and start counting. So what foolishness! People cannot even describe themselves, but they want to be able to describe their Lord, Almighty Allah!

Everything has been created from the Lights Of Muhammad, may peace be upon him. How do lights come into existence? The material of light is one thing, but to be able to create everything out of that light, is something else. For example, if cotton comes to a factory, it will come in as a piece of material on one side, and come out as a dress on the other, even as different kinds of dresses with all kinds of colours and all kinds of qualities. Or a factory may obtain iron and turn it into cars. On its own, iron cannot do anything, but the factory makes it into something. In the same way the Lord Almighty Allah gives existence to everything in the universe. And the first material is the Light of Muhammad, may peace be upon him. At first Allah Almighty created atoms, elements and all these elements come together as one.

Through this divine art He created the universe, the planet. He is an endless designer and He designs so many things, but all of them come from 100 elements. That is Divine Art! This is why they say that holy-people always look around and see the Prophet. In different appearances, but they know that it is the Prophet.

**Allah Almighty (is) directly directing His servants**

(In Arabic to Sheikh Adnan: The attribute of creation is to move- and that needs a power to move it from its position, and creatures need to move for their provision. But the Attribute if Allah is not to move, to be Stable. He has Tajallis, not movement, for the Af'alu-llah, Asmau-llah, Sifatu-llah, Dhatu-llah...Sahibu Maqam has no more movement, he is fixed...but the seeker, Salik, he has to move to arrive to his Maqam... and he needs a power... Salik is Sahib Ahwal, Sahib Maqam has no more Ahwal, movement, he is fixed...)

Destur, ya Sayyidi, ya Rasulullah, ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah... Subhanak, la 'ilma lana illa ma 'alamtana... Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula w ala quwatta illa bi-llahi-l 'Aliyu-l 'Azim...

It is an association. May Allah grant us what is necessary for our beings! But no one may understand that Allah Almighty (is) directly directing His servants! Indirectly, ghaira mubashi. Directly, we are knowing or we must know that, no one can be directly related to their Lord's divinely Presence. Leave mankind- but even S. Archangel Gibrail he can't be able 'mubasharatan', directly, to reach to the divinely Presence. Impossible! But shuuni-llah, the works of Allah or Allah Almighty's Actings, you can't balance them through your mindly balance, impossible. He is reaching directly to every creation, but no one from His creatures directly reaching to Him! He must be directly with every kind of creation, without any mediator, or it is impossible to be in existence anything from creatures. Because He Almighty (is) keeping every creature in existence by His divinely Existence. If He is not with His creatures directly, can't be anything in existence. If you are saying He is not reaching to His creation directly, that means: that creature is going to be in existence by itself, by himself, Can't be! But you can't be able to reach to your Lord's divinely Presence directly, no! You must be with a mediator, (who is) bringing you indirectly to His divinely Presence. But His Attribute (is) to reach

every creation by Himself.

And (He is) accompanying (everything); everything must be under His divinely Dominion, Hegemony, and over His Hegemony Dominion must be with that creation but they are in need even Allah is saying that He is accompanying everything, He is closer to you more than you: “Wa Nahnu akrabu ilaykum min habli warid”, these two life giving veins, this is in yourself, no distance. Your veins are in yourself and He is saying: “We are closer to you more than your veins” , but we are in need (a) mediator to reach to Him. And He is saying: “We are more closer than your veins”, mutashabihat. Qurani Karim is oceans, understanding is not easy. If Sahibu Zaman, Mehdi a.s. is coming, taking away those meaning that are written now around the Holy Quran as a ma’al, asking to make a translation from Holy Verses, taking all of them and throwing into oceans or burning them! It is Haram to look to that translations around (the) Holy Quran! It is not your station! You can’t understand that! Because they are trying to put oceans through a thimble. What is that! For what?

They are trying to make people not to use mediators, saying: “You, by yourself, you may understand.” What your are understanding! If I am putting in front of you newspaper, you are not understanding- what about Holy Quran, that for every letter (there are) at least 24.ooo meanings! If you are saying: “Alif, Lam, Mim”- Alif, at least must be granted 24.ooo meanings. At least and going up, (there is) no any limits for the meanings of Alif. (It is only) one letter- why you are making this around the Holy Quran now, printing and bringing, saying: “Read”, and so many people now are coming, saying: “Oh Sheikh, what you are saying we are not finding it in it. This is it's (meaning), look!” Oh- what is that!

Muhyiuddin ibn Arabi, Allah bless him- was saying: “I may bring to you the names of all Prophets from Holy Quran, 124.ooo Prophets.” What it is mentioned? (There are only) 28 names of Prophets (mentioned) through (the) Holy Quran, and Muhyiuddin ibn Arabi was saying: “I may bring the names of 124.ooo Prophets.” And people were saying: “Oh Sheikh, what you are saying? From where (you are bringing them)?” “Don’t make me angry!” Their anger is divinely! “I may bring all names of all Adam’s generation from the Holy Quran!” La haula wa la quwatta illa bi-llah! Ohhh! Talim!

Therefore it was a teaching for nations that Allah Almighty was using Archangel Gabriel as a mediator to all Prophets. People must know that it is not possible for everyone to reach to there Lord’s divinely Presence directly, but (that) they are in need to take one mediator.

We were in Athens last week. They were bringing a car and in it there was a tourist guide for showing ourselves that city, and no one was saying: “Why we are in need that person? Leave him- we may look everywhere.” You may look, but you can’t understand, you know nothing. If no guide there, you don’t know this building, that building, this temple, that temple, this area, that area, this mountain, that mountain... What about for your Lord? Therefore those people (were) teaching (the) Holy Quran, whom they have been granted to be guides for (the) servants of the Lord of Heavens. No one directly going to reach to Allah, no, can’t be. Therefore for everything (there is) a rule or protocol, they are saying now protocol. For reaching to President or Prime Minister or minister or other high level people, there is a protocol among mankind- what about for you? You are asking to be no protocol for reaching to your Lord and you are going like this (stepping up)? Then, the protocol that we may be asking to reach to Sultans presence (is)... perhaps a pheasant (is) coming on his donkey and asking at the gate of palace: “Just I am coming to meet our King. Let me get in!” What they are saying: “Come down from your donkey!” And that ignorant pheasant was saying. “No I can’t, because I am bringing something also...I am coming from suq, from market, and on my way I like to meet him. If I am leaving my donkey here, may be stolen, therefore I must be on my donkey to come in palace and to meet him!” Asking like this!

Therefore Abu Yazid, Sultanu-l Arifin, was asking: “Oh, my Lord, let me to come to You, (to) Your divinely Presence!” and the Lord of Heavens was answering: “Daa nafsak wa ta’al! Leave your donkey and come!” But that pheasant is asking to go on his donkey to meet Sultan, to meet King! Ohhh! That is protocol, main protocol, never changed! From ‘Ezzeli ila-l abad’ never changed: “Daa nafsak wa t’al! Leave your ride and come in!” You must come down and walking you must go! Therefore mubasharatan, directly you can’t reach to your Lord, until you are leaving your ego, your ride, that it is your ego- then (you are) coming in. And all Tariqats are asking to do this- to teach people and to make them to practice.

Therefore communist people and materialist people are saying: “Mankind, on all of them are on (the) same level.” No, (they are) not (all on the) same level! (There are) two levels: One (group of people that they are) riding on their ride, (and) another (group of people that) their donkey (is) riding on them! (There are only) two kinds (of) people (in the) whole world! (Therefore: “Wa la tanzau fadla baynahum”, that means: “Give honour to the honorable ones among you!”)

No, mankind they are not on (the) same level! Some of them (are) riding on their donkeys (according to Allah's Order:)- "Nafsak kama tiyatuka"..."Your ego is your horse or donkey or ride, ride on it!" Some of them (are) riding, (and) some (others) of them (are) carrying their horses on their shoulders. Two kind people, no third one. No third one- anyone (is) knowing a third one? No- either (one is) riding on his horse or (he is) making his horse to ride on him... (A) horse is a noble creature, but donkeys, their level (is) down. And our egos' level is donkeys' level- (so) people (are of) two kinds: some (are) riding on their donkey, some (others) of them (are) making their donkeys to ride on them, (and so) their level (is) going to be (even) under the level of donkeys!

Mubasharatan, directly, no- you can't enter (the) divinely Presence directly; you must keep (the) protocol and (the) protocol is: "Leave your ego, leave your donkey outside and come in!" Finished! Who (is) leaving their donkeys outside and coming in, doors (are) open to them: "Come, come to My divinely Presence, oh My servant! You are My servant! Others, they are servants for their donkeys, they can't be here! Whom they are servants to their donkey, they can't be here, no! (Those) who left their donkey, they are My servants; who is not leaving their donkey, they are 'donkey servants', not My servants!"

May Allah forgive me and bless you, for the honour of the most honoured one in His divinely Presence, who was teaching people (the) realities of being in existence and their importance and mission, S.Muhammad sws, Fatiha.

**Allah is granting willpower to man**

Ya Daim, ya Daim, ya Daim....(for some time, about 4o times, Maulana is making Dhikr with this holy Name of Allah)...Hasbi Allahu wa niamal Wakil, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...Huuu! Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah... Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l –A'Aliyu-l 'Azim..."Ya man alayka kulli asiin yassir!" Subhanallah! We must believe that only one's Will is going on. Only One's Will should be in acting, no anyone else's will may face force for anything to be done; only His Will must be for everyone, (and) everyone's desires must be related to His divinely Will. Yes- our Lord, Allah Almighty, granted to us as an honour willpower, but we have been ordered also to know (and) to accept that only His Will is on power.

Because He created man to be His representatives, to be His deputies, to be His caliphs on earth, and (He is) granting to them willpower. That is an honour that (is) never granted to any other creature, no! Even Angels haven't been granted willpower, directly they are under Allah's Willpower. The animals world, animals level (is) that they are under the level of mankind; also they haven't been given willpower, no. All of them with His divinely Will (are) moving, working, or acting. Mankind has been granted (willpower).

When a person is just granted an honour, (he) must also be given a responsibility! When he is going to be an ordinary worker and employee, he has no any responsibility; his responsibility belongs to his headmaster that he is under his command. He is not using his will, when his master is keeping that honour through himself. (But) when he is getting up and (is) given an honour, he must be loaded also a responsibility.

Therefore- mankind has been granted that honour, and (at the) same time they have been offered from the Lord of Heavens to do everything under His Willpower. That means: you may use your willpower, but you can't ask to be your willpower over His Willpower! That one who (is) asking to be something according to his

will, he is going to be failed. Failing that person. For what? For his bad manner. Bad manner! He has a bad manner, because he is asking to be his willpower going on and (he is) never concerning or observing his Lord's Willpower. He may say: "I wish this, I wish that, I like this, I don't like that..." Everyone is using this, and we are passing through hundreds of events daily. For every work that they are intending to do, people are insisting, asking that: "I like it to be like this." For example: "I like to be that one for me", or (he) may say: "I like this thing to be as I like"- never leaving a chance for his Lord's Will, (but he is) saying: "I like it"... "I don't like it"... Oh! Who are you! You are master or worker? You are Sultan or you are servant?

People now in our days just forget that they are servants. They are trying to break down servanthood and everyone is asking to be (something, saying): "I am here. I am Sultan. I am King. I am ordering. I like this, I don't like that." That is (the) biggest mistake from servants: to try to break down (the) Sultan's Will! Now the whole world is running after that way. Everyone is asking: "I like to be a Commander, I like to be a Judge, I like to be a MP, I like to be a big business man, I like to be President, I like to be Nr.1- that is my hobby. That is my life's style. I like that style of life that everywhere I must be Nr.1 and everywhere I like to be everything as I like. I am never taking any other one's will, no! I am thinking only for myself. I like to be everything as I like."

That is the worst characteristic from our ego. It means: he is claming to break down his servanthood and to claim to be the Lord of people, as Pharaoh was saying to people. "You are all my servants and I am your Lord", or as Nimrod was saying to Abraham: " I am the King of lands, the King of all the world, and your Lord is on skies. I don't like that He involves in my work. I am free to do everything as I like! I am not understanding, oh Ibrahim. You are coming and speaking something about the Lord of Heavens. I don't care (about) this, because I am lord on earth and your Lord (is) through skies, in Heavens."

And now the same characteristic is just covering the whole world and people are going to be from every size of Nimrods- small size, medium size, and king size- army people, (saying:) "We have power!" Second (ones to claim to be powerful they are) Civil Government, saying: "We have power with ourselves and we are going to de everything as we like." And (then) youngsters, because governments (are) urging them and saying: "You must learn, because as long as you are learning, you are reaching (to the) top level of servanthood and you may step on Lordship area. When you are reaching (the) top point of your education, (of) your studying, then you may look yourself and say: "'I like that one, I don't like this one..."

(In the) whole education of mankind and their studying, they are saying: “Oh, when I am finishing, I must go to London! It is not enough to be in Malaysia or Brunei, or Singapore, or Thailand or Ceylon or Pakistan- their universities are not very well-known and I like to be someone well-known, (so) if anyone is asking me:” Do you have any graduation”, I may say: “Yes, I am graduated from Oxford!” That one saying: “Oh, you are also (graduated), my friend? You have such a graduation? “Yes, Sir, I am graduated from Cambridge!” You, Haci Jamal? “Yes, I am graduated from Boston University, America.” America- very famous...You? Another foolish one- Jamaludin? “Yes, I am from Berlin University, Berlin Academy, just graduated.” What about French ones? Sheikh Abu Bakr? “Yes, Sir, I am from Sorbonne graduated.” If you are asking poor Nuruddin, (he is saying): “I was a cook, I am graduated cook”...Better...

Yes- everyone (is) asking to show themselves that: “We reached to a point that just we break down to be an ordinary one on earth. We are claiming to be top-level people; we don’t like to be on servants’ level, we like to be on Lord’s level.” Ohhh, true or not?

In Spain, I don’t know which university (is famous)...Madrid? Not too much...Perhaps Rome University? “Yes, we have such glorious history, glorious past time that no one can reach to our Caesars, that we reached to East and West of this world and our Rome University is the first one that I just graduated.”...What about for Sheikh Filfil from Trablus? He is saying: “Eh, I am not graduated, but I can do more than graduated people. (They are) empty pocket (people), but I graduated from market and my pockets are full with money, therefore I have rights to say this and that...”

You haven’t any right to say such a thing: “I will, I don’t will...I like, I don’t like...” No! And people are running on that! Ferhad? Ferhad saying: “Oh Sheikh, from Canada up to Damascus I have a long graduation paper, written on it in French, in Arabic, in English, Berber language...every kind I have- finally a shovel is coming on me...I have such a big graduating degrees and suddenly coming one shovel on my head- I never take any benefit to keep me, only Allah Almighty protected me or His deputies protecting me, from to be in pieces...” Allahu akbar! You are learning? Never...Allahu akbar wa li-llahi-l hamd!

We are coming now to complete our association. Everyone (is) asking to reach to a point that that level never belongs to servants, asking to be on the level of Lordshipness, to order, not to be ordered; to order, to be commander and others his servants!

We were saying that people (are) saying: “I like this, I like that.” Allah granted to His servants from His divinely Attribute to ask something according to their wills, but they must put their wills under His Will and (they) may say: “If my Lord (is) asking (this), I like it. If my Lord (is) not asking (this), if my Lord is not happy with my will, I am taking my will back and I am looking His Will!”

We are speaking on that: “Ya man kulli assin alayka yassir.” We are speaking on the illnesses, on the bad characteristics of egos. We have been authorized to speak on it, as well as to make a cure on (these illnesses). That work, when I am coming to me, when I am sitting here to say to Allah, that is His divinely Attribute: “Oh my Lord, oh that One, every difficulty that we are going to be faced with, every kind of difficulty, it is for ourselves difficult, but the only One who is making that difficulties to disappear, to go away and to finish, to be easy, that is only You! You may do that. Every difficulty that Your servants from mankind are going to be faced with, they must not run there, here, leaving You and asking an easy way, some ways to reach to their freedom, to save themselves from difficulties. Only by Your Will it is going to be, not with our wills. If all people’s wills were coming together, it is impossible to make (the) difficulties that (are) growing through people to be solved or to come an easy way.

That is very important! Don’t try yourself, by yourself, that you can save yourself from difficulties. No! Your wills, all mankind’s wills, if (they were) coming together, they can’t find a way to get out from this closed area. Because you are inside; (it is) just closed on you and the key- (He) that (is) making you through that closed area, (He) who imprisoned you, only He may be giving to you a way to get out!

As the Children of Israel. Allah Almighty was giving His Judgment, His divinely Judgment: “You are now in prison. 4o years I am imprisoning you in that area, Sinai. 4o years. Finished, you are inside, I am closing on you, I am keeping the key. I may open, but I am not going to open for you, because I am giving my just Judgement that you should be punished (to be) 4o years through that prison!” And it was a free land, but they can’t escape. And just they were all buried in that area and they died...

Now (for) all mankind (it is) closed on them and the key is in my pocket! I am the weakest servant to be porter on them. I closed, keeping the key with me. All of them inside, till they are coming and asking from Allah Almighty freedom; then He may order to me to open, (and) I may open. Or (else) the whole world...

may die all of them, they can't get out...

May Allah forgive us and bless you. For the honour of the most honoured one in His divinely Presence...

I am nothing, but their order (is) passing through (me) as that electric wire. If (you are) giving power (through it), you can't touch it, if not, it is an ordinary wire... I am nothing; when I am saying this, I am saying the true. But when it is ordered (for them) to be free (and) the Lord of Heavens is giving Permission, when (they are) coming and saying: "Oh our Lord, save us, save our souls, S.O.S., S.O.S., S.O.S., oh our Lord!" then (He is) opening...If (they are) not asking this- let them to come under oceans, finishing... May Allah forgive us for the honour of the most honoured one, bu hurmati-l Fatiha...Ya Rabbi, yessir, ya man kulli asiin yassir... As long as they are running away, they are falling down...

## Allah is my Lord, Allah is Watching Me, Allah is With Me _ Be with Your Lortd

Dastoor yaa RijaalAllah, madad. (Mawlana Shaykh stands.)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultan Allah
Alhamdulillah, alhamdulillah `ala fadlillah wa kaaamillah. Alfu, alfu salaat, alfu, alfu salaam `ala Sayyidina Muhammad, Rasoolullah. Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Hayy! (Mawlana Shaykh sits.)

Madad yaa Saahib al-Imdaad. Madad yaa RijaalAllah, amidoona bi madadikum. We are weak servants. We are asking for madad, heavenly support that takes away from east to west, from north to south, dirtiness of Shaytan. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajim. Bismillahi 'r-Rahmani 'r-Raheem. Bismillahi 'r-Rahmani 'r-Raheem gives us ma laa ya`rifuhu ahad, “No one knows what Allah Almighty knows.” No one is knowing when we are saying bismillahi 'r-Rahmani 'r-Raheem, what is happening. He knows. He knows what is happening for a servant when he is saying Bismillahi 'r-Rahmani 'r-Raheem. No one can imagine, and don't think that every time when you are saying bismillahi 'r-Rahmani 'r-Raheem heavenly grants are going to be same, no. Allah Almighty is never using a photocopy machine, no. Everything

is new. New appearances, new unexpected Blessing Oceans, unexpected Power Oceans, unexpected Glory Oceans. O our Lord! Laa shareeka la, there can never be any partner for You! La ilaaha illa Anta Subhaanak!

O Salafi `ulamas! How many times are you saying la ilaaha illa Anta Subhaanak, innee kuntu min adh-zhaalimeen, “There is no god except You! Glory be to You! truly I was one of the oppressors?" Are you accepting la ilaaha illa Anta Subhaanak, innee kuntu min azh-zhaalimeen? You are saying no, you are not zhaalim, but when we are following our ego’s desires they are going to be written on the table of zhaalimeen. Yes! Is it Holy Qur'an? Are you thinking it is a story book or history book? Everything in Holy Qur'an from beginning up to end is for teaching, and when He Almighty is teaching, He is asking, "What did you learn?" Who is the teacher for the ummah, Ummati 'l-Habeeb? (Mawlana Shaykh stands.) Sayyidina Muhammad (s)! Do you know that his name is mu`allimu 'n-naas ul-khayr, “The teacher of goodness to Mankind!” (Mawlana Shaykh sits.)

Yes, and he is saying that he is teaching all Mankind, including prophets, including their followers! Sayyidi 'l-awwaleen wa’l-akhireen, the Seal of Prophets (s) is a teacher; he is teaching. What did you learn today from his teachings, if anyone is asking you, and you are reciting so many pages and chapters from Holy Qur'an? Yes, you may reach some mukaafaat, grants, when you are reciting, but as much as you are trying to learn, understand, and follow holy orders in holy verses, you are taking something that no one was granted before.

O Salafi `ulamas! You know that Allah Almighty is saying, (Mawlana Shaykh stands.) ••••••••• ••••••••• wa li kullin darajaat, "To each there are levels." (6:132)

(Mawlana Shaykh sits). What do you think about that Holy Qur'an's verse? Are you ever finding in Holy Qur'an that it is said, wa li kullin darajaat? There are some downly stations in darkness. I never read such a verse, but just I am looking, as you are looking and reciting, wa li kullin darajaat. When Allah Almighty is saying wa li kullin--you are Arabic, afsaa minal a'jim you understand--when He is saying, kulli, “With no exception, all Creation.” So is anyone remaining outside, or (is that) collecting everything? Wa li kullin darajaat, means "everyone". Allah Almighty is addressing those who offered to be followers of heavenly orders. He is asking from everyone to follow heavenly orders and it is also according Holy Qur'an giving meanings, one verse with another verse. Allah Almighty is saying (Mawlana Shaykh stands.)
••• ••••••••• •••••• ••••••• •••••• •••••••••

laa yukallifullahu nafsa illa wusa`ha, Allah does not burden any soul more than it can bear. (2:286)

(Mawlana Shaykh sits). Saying or not? Yes.

When Allah Almighty offering to whole Mankind His heavenly orders, that heavenly orders going to be according to our weakness, our capacity. Allah Almighty never offering his heavenly orders, for example, loading on an elephant on an ant also. No. Therefore, Mankind, also their levels different. You can't find two of them to be on same scale or to be on same level. According to our ability and capacity, putting, ordering.

O Salafi 'ulamas! amaa sami'tum, "Haven't you heard?" that Allah Almighty, laa yukallifullahu nafsan illah wusa'ha, "Allah does not burden any soul more than it can bear."? According to a special level, that one must keep his scale, he must do that. According to an ant's obediency, just granted to that ant according its capacity. An elephant is carrying much more, much more, much more heavenly responsibility and he is going to be asked according to his capacity. And to Mankind also, each one has a special appearance, a special being, a special personality, a special identity.

Therefore, everyone is working, doing something. And the Lord of Heavens granting to them a heavenly prize. Because we are on this planet, dunya, and everyone is carrying a heavy burden. No one here is going to be without a responsibility. There are some exceptions; we are not speaking on it. But everyone has been offered something, and they are carrying that heavy burden in their lives, and the Lord of Heaven is accepting from everyone what they are doing. But there is a level up. Some creatures are under that level. But the Lord of Heavens is granting to His honored people that they are by birth, through their creation, their levels are over this planet. And He Almighty, according to what we are carrying of responsibility in this life, is granting from His endless Mercy Oceans, some levels over others.

O Salafi `ulamas! Are you understanding what does it mean, wa li kullin darajaat, "There are different levels to each and every Creation." Because they are working something, it is a heavy burden on them and because they are carrying, Allah Almighty is going to reward them according to their works or efforts on this planet. And the Lord of Heavens is giving honor on those who are making their best for their Creator.

And that is reason we are saying:

•••• •••••• •••••• ••••• •••••••••••• •••••• ••••• •••• •••••••••••••

laa ilaha illa Anta Subhaanak! Innee kuntu min azh-zhaalimeen, "There is no god save You, Exalted and Glorified! I am of the oppressors!" (21:87)

No one on the Day of Resurrection can be without saying, laa ilaha illa Anta Subhaanak, innee kuntu min azh-zhaalimeen, that he is on the level of zhaalimeen, oppressors, because everything you are doing, something from our egos is coming in it and making it unclean. Only prophets and their real representatives are clean ones.

One wali from this ummati 'l-Habeeb was saying to his mureeds, "O my sons, O my followers! I am saying to you something that you may take a lesson, you may learn how you should be obedient to the Lord of Heavens. O my students, O my followers! I am looking from 37 years up to today, and I am not remembering if I am putting my foot on a dirtiness or jumping on it." That means he is never leaving in his heart something that is not acceptable in the Divinely Presence. Everything that is not acceptable, is dirtiness and he is saying, "I am not jumping on it or stepping on it. I am trying in such a way to be clean, because I am going to His Divinely Presence." You must be always with your Lord. Don't be alone. Don't think that you are alone or that you are left alone, no! You must know that your Creator is with you and you must remember that, "My Lord is with me. Am I going to put my step on a dirtiness? That is not honor for me!"

Therefore, those people who reached cleanliness through the Seal of Prophet's teachings (are aware that) Allahu nadhiree, Allahu ma'ee, “Allah is watching over me, Allah is with me.” That is the way of cleanliness; they are saying, Allahu Rabbee, Allahu nadhiree, Allahu ma`ee. He is with me, or I am with Him. Allahu nadhiree. You must remember that He is looking to you. What are you doing? Where you are putting your foot, on dirtiness or on cleanliness? Allahu nadhiree, He is looking, I am not alone because I can't be in existence if He is not going to be with me. I am with Him in existence. Allahu ma'ee, He is Present with me. He is looking to me. And what about Allah Almighty looking to you? Why you are not keeping yourself from forbidden things? Look where your eyes look, look where your tongues speak, look where your heart is occupied and He is looking to your heart!

Yes, Islam is bringing heavenly addressings to Mankind, to take them up from the dirtiness of this dirty life. But people are not knowing. If they are not knowing, O Salafi `ulamas, why you are not going to be teachers? The Seal of Prophets (s) was mu’allimu annasa al-khayr. The real mission of Prophet, peace be upon him, is

to teach people what is good, what is better, what is best, and what is most beloved in the Divinely Presence.

O Salafi `ulamas! Why you are always accusing? Take people and teach them how it must be. Is it not true? Teach them to say, Allahu hadhiri (Allah is Present), Allahu nasiree (Allah is looking), Allahu ma`ee (Allah is with me). You must teach people!

O People! When you are looking, He is looking with you:

••••••• ••••••••• •••••••••••• ••••• ••••••• ••••••••••

ya'lamu khaainatu' l-'uyun, wa maa tukhfi s-sudur, He (Allah) knows what eyes are looking at and what breasts are hiding. (40:19)

O Salafi `ulamas! Why you are not cleaning your eyes and your hearts? Why you are not trying to teach people such an important points? You must try to do this, to make people clean, to go to their appointment on the Day of Resurrection so they can say, "I was with my Lord, and I was keeping high respect, and I was making my actions not to be in a bad position." Why are you not teaching people not to make arguments? No, you must teach people to become insaan kaamil, a perfect human being. You must teach people for excellent dressings.

May Allah forgive us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Allah Allah
Allah Allah, Allah Allah, Allah Allah, Allah Allah

Yawma tublaa assaraa'ir. On the Day of Resurrection, everything we are trying to hide is going to be open and we will try not to be ashamed in the Divinely Presence. May Allah forgive me and you also, for the honor of the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.)

Fatihah.

(Mawlana Shaykh speaks with Shaykh Hisham Effendi and Hajjah Naziha on the phone)

## Allah Is Pleased With Them

As-salamu Aleykum, Ey Yaran Shah-i Mardan! wa Aleykum as-salam, wa Aleyna s-salam. O Shah-i Mardan, do come to us. Your Lovers are expecting you, they are awaiting you. So that our hearts may be filled with joy and our minds be strengthened, and our love and longing be increased. Let us walk upon the path of Allah. Come, O Shah-i Mardan. The field is yours. O Lion of Allah, O Shah-i Mardan, those who love you offer you greetings of peace. They observe your way. Madad, O Shah-i Mardan, may we be refreshed and grow stronger, and be filled with love and longing. O Lord, You are Subhan, You are Sultan. Listen to Shah-i Mardan, to what he says. O our Lord, You are Subhan, You are Sultan. For the sake of Your Beloved, Supply us with faith, O Shah-i Mardan! Supply us with love and ardour, O Shah-i Mardan! A person without love and passion, is not human, he is rubbish. Don't be rubbish, says Shah-i Mardan. Let us begin.

"innahu min Sulaymana wa innahu Bismillahi r-Rahmani r-Rahim." (27:30) When the Queen of Sheba read: "innahu min Sulaymana wa innahu Bismillahi r-Rahmani r-Rahim", (27:30) when she read these words, her throne trembled and she fell down in sajda. She bowed down in awe, "innahu min Sulaymana", the prophet Sulayman, "wa innahu Bismillahi r-Rahmani r-Rahim." (27:30) Allahu Akbar. Come, O Shah-i Mardan. What lovely words, let us say: Bismillahi r-Rahmani r-Rahim - the force through which people may reach from the earth to the heavens. It is Bismillahi r-Rahmani r-Rahim. This takes us from the World of Creation to the Kingdom of Heaven: Bismillahi r-Rahmani r-Rahim. O man, say: Bismillahi r-Rahmani r-Rahim. Please come, o Shah-i Mardan, your Friends are ready to listen to you. Let us listen, so we may be enlightened, so our bodies find strength, and our minds and ideas might expand, and our hearts fill with joy. Let us find refreshment and relief.

Everyone who wants to find relief should say: Bismillahi r-Rahmani r-Rahim. Every worry will go away. Come to us, O Shah-i Mardan, O Lion of Allah! We are in need of your sohba, we need your counsel. O Lord, for the sake of those You love, may we be furnished with faith. To ask Allah Almighty to give us faith, would be a breach of manners. Say: O ant, furnish me with faith. That ant will furnish you with faith. No need to seek anything above that. An ant will furnish you with faith. It will give you faith. Come, O Shah-i Mardan, your word is the truth. O Lovers of Shah-i Mardan, O you who you are in love with Shah-i Mardan! who love Shah-i Mardan! From an ant to the Lord of Might and Glory, but without going that far, just an ant, a tiny ant will provide those with faith who keep their good manners. An ant will turn into an elephant. A cat will become a lion. A horse will become a full-blooded Arabian steed. A human being will become one of those brought near [muqarrabun]. The gates of heaven will open for him if he says Bismillahi r-Rahmani r-Rahim. Leave this earth, the gates of heaven will open for one who says Bismillahi r-Rahmani r-Rahim. Allahu akbar.

Come, O Shah-i Mardan, how lovely! For one who says Bismillahi r-Rahmani r-Rahim, the gates of heaven will open. "innahu min Sulaymana wa innahu Bismillahi r-Rahmani r-Rahim."(27:30) The heart of Bilqis, the Queen of Sheba opened, as the wind of faith stormed into her heart, and it filled with love like a whirlwind. Upon these words she fell from her throne and performed sajda. Bismillahi r-Rahmani r-Rahim. O our Lord, for the sake of the sacred Basmala, give us also love and ardent yearning, and give us strength, O Shah-i Mardan, because your supplication is accepted. O Lovers of Shah-i Mardan! If you wish for the Presence of Your Lord Most High, the guardian of that Presence is the Holy Messenger (sas); The Lord of Creation and the Kingdom of Heaven opens the way of His Beloved. Say: Bismillahi r-Rahmani r-Rahim. Ey Yaran Shah-i Mardan, O you who love Shah-i Mardan! So many, many things will open for you, every kind of beauty, Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim will open the gate to every paradise garden. Without Bismillahi r-Rahmani r-Rahim the gates of Paradise will not open. Bismillahi r-Rahmani r-Rahim opens the gates of the eight gardens of Paradise. Do not forget this, O heedless one, says Shah-i Mardan.

O man, pull yourself together. You are a human being. On this earth you are the representative of the Lord. Know your station. Know your honour, and guard it. There is no greater honour than this. Allah Almighty has made you His deputy on earth. He says, His deputy. What a fine,

great, and sublime distinction that is! I will make a deputy on earth, He said. Allah, Allah. The key to the station of deputyship - Iblis wanted to take this key, but he was not given it. Iblis did not say Bismillahi r-Rahmani r-Rahim. It was the prophet Adam (as) who did. The key was given to the prophet Adam, the key of Bismillahi r-Rahmani r-Rahim. The Lord of heaven and earth, the absolute Lord over all Creation and the Kingdom of Heaven, the Lord of Power and Glory gave this honour to man. Who is man? Insan-i kamil, the perfected man is Habibullah (sas). Come to us, O Shah-i Mardan. Who is he who has authority over heaven and earth, whose honour is unrivalled, who is this great servant? He is Sayyidna Muhammad Mustafa (sas). That key was given to him - Bismillahi r-Rahmani r-Rahim. Therefore, if a person speaks the Basmala, yet claims that his plans failed, he is a kafir. If he spoke the Basmala and claims he was unsuccessful, he is a renegade, an unbeliever. To say Bismillahi r-Rahmani r-Rahim and not to see a good outcome is impossible. Come, O Shah-i Mardan, Friends of Shah-i Mardan, we are listening to you. Let us begin, let us say: Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim, you must say this at least 7 times each day. If you like, say it 70 times, or more, as much as you like. Every time man pronounces the Basmala he is robed with a different honour.
How lovely, O Shah-i Mardan. How did he step out onto the battlefield? By saying Bismillahi r-Rahmani r-Rahim and drawing his sword Dhu l-fiqar. Shah-i Mardan. O Shah-i Mardan, please teach us so we may learn from you. The miracle of the Basmala - you will never exhaust it in speech or writing. O our Lord, what a great gift we are given, the greatest of Divine Names, Bismillahi r-Rahmani r-Rahim. The greatest Divine Name. Allahu Akbar. Only very few people know this. They search for the greatest Divine Name. Where are you looking for this greatest of Divine Names? The greatest of Divine Names is Bismillahi r-Rahmani r-Rahim. His word will come to pass, "kun fa-yakun", you must believe this. Listen to Shah-i Mardan. O Lovers of Shahi Mardan, Do not forget the Basmala. It will give you rank, light, and honour. Oh... oh...The treasures of this world are nothing, but the key to the treasures of the Heavenly Kingdom is Bismillahi r-Rahmani r-Rahim. Allahu Akbar, Allahu Akbar, Allahu Akbar wa li-llahi l-Hamd.
O Shah-i Mardan, come teach us. Teach us the honour of our humanity. The honour of man and the honour of the nation of Muhammad (sas) lies in Bismillahi r-Rahmani r-Rahim. Do not forget this. O people, do not forget your humanity. O Shah-i Mardan, your Lovers, your Friends are listening to you. Provide them with strength, both inner and outer force, with love and

fervour. Bismillahi r-Rahmani r-Rahim provides this love and ardour. Bismillahi r-Rahmani r-Rahim provides us with faith. With Bismillahi r-Rahmani r-Rahim we may attain Allah's Presence. To attain to the Presence of Allah, is the greatest state of peace. With Bismillahi r-Rahmani r-Rahim we may enter there.

O mankind, you do not know yourselves. You are running after rubbish, like a crow after carrion. You are running after a carcass, and have forgotten your humanity. That is what Shah-i Mardan says. Set out, O man, to increase your rank, to gain honour. This world, this dunya, is not worth even the smallest coin. Basmala is not to be said for this world. Is Basmala spoken over a carcass? God forbid. "ad-dunya jifa" - this world is a carcass, he says. How could you say Basmala over it? You cannot. Basmala - the Basmala is pronounced so that the gates of heaven might open. The Basmala is not to be spoken for this world, do not forget that. Do not pronounce the Basmala over this world! O our Lord, Your greatest Name is contained in Bismillahi r-Rahmani r-Rahim. Nobody must pronounce it over this carcass.

"Mulk wa malakut", mulk is not this lower world, dunya. Mulk is one thing, and this worldly rubbish is another. The world is carrion. Mulk is the Creation, which has been made sacred by Allah Almighty. It is our business, O man, to increase our spiritual powers. Our spiritual power, why should it be increased? Why do we wish to develop it? Because without spiritual power, we cannot enter into the Divine Presence. For to enter into spiritual tranquility, we need a key. This is: Bismillahi r-Rahmani r-Rahim. Every day seven to forty times and more than forty times. Recite it as often as you wish. Bismillahi r-Rahmani r-Rahim.

Come, O Shah-i Mardan, let us set out to find true happiness. Those who are content with the world are far from faith. Love not the world. Love your Lord. Woe to the people of this time who turn away from their Lord who created them and run after the carcass of this lower world. Woe to them! Come, O Shah-i Mardan, what you speak is the Truth. It is Allah Almighty who created the world. However, He does not place the love for it in your heart. The love in your heart is reserved for the Lord of Might and Glory, for His Beloved and those whom He loves. Not one bit of the world you must hold in your heart. You will be thrown out! This person is dressed in filthy rags; bar him from the assembly! Who is clean? He who stays far away from dunya. One who stays far from the world, he is close to Allah. Closeness to Allah is attained through closeness to

His Beloved. That is the key.
O, ya Habiballah. Ey Yaran Shah-i Mardan! Let us speak, let us speak from the oceans of love and longing. Let us plunge into the oceans of love. Don't fall into the filth of this world, stay pure! Purification is from faith, cleanliness is from faith. Whoever is not clean has no faith. Clean from what? Not by washing your hands and feet, but by cleansing your heart of worldly impurity, to purify your heart from love of the world. The love of the world is impure, filthy. Do not let it into your heart. Your heart must be kept pure. This world is impurity. Don't let it take hold of your heart. Be pure. The first command. "wa thiyabaka fa-tahhir" (74:4) Keep your dress clean. Here when "dress" is mentioned, it can mean the clothes we wear, but actually it means we should look to our roots, to the dignity of being human! Keep clean! The world is impurity; do not get mixed up in it. "thiyabaka fa-tahhir" (74:4) This 'dress' is our body. Don't abandon it to worldly impurity, keep yourself clean.
Purification, in Islam purification is obligatory. Those who do not clean themselves, "innama lmushrikuna najasun." (9:28) He who wants to reach the world of Divine mysteries must be clean.
"wa thiyabaka fa-tahhir."(74:4) A person seeking to reach to the world of the Divine must be pure. Pure from what? From the filth of the lower world. He must keep far away from the carrion of this dunya. O sons of Adam, "wa thiyabaka fa-tahhir."(74:4) Keep yourselves clean! Don't get involved in worldly filth; even a hill of gold, turn it down & pass. Our Holy Prophet, on whom be blessings and peace, his noble companions, those who were trained by our Holy Prophet (sas), were people who had passed all kinds of trials, the companions of the Prophet. Allah Almighty raised them in such a way that they might be the companions of His Beloved, the Noble Companions. "radiya-llahu ‘anhum wa radu ‘anhu." (98:8)
"radiya-llahu ‘anhum wa radu ‘anhu."(98:8) Allah was contented with them, he says, and they were content with their Lord. How were they content? They said: "ill- Allah" [only Allah]. Nowadays people say "illa dunya" [only dunya]. They have fallen into the toilet hole of dunya. They keep struggling. That filth, let me get some more of it, you must get some more of it. O foolish people, you were not sent into the world in order to gather the dung of this dunya. Divine Love and Affection are found on the way of His Beloved. You must love the Beloved (sas), love him so that you will also be: "radiya-llahu ‘anhum wa radu ‘anhu." (98:8) Allah was satisfied with them and they were satisfied with their Lord. Be content, O man, be content with your Lord,

satisfied with what He gave you. And strive for closeness to the Divine Presence of Allah Almighty, so that you too might be "radiya-llahu ‘anhum wa radu ‘anhu." (98:8) Allah Almighty was pleased with them, with the Noble Companions, and they were pleased with their Lord. That is our gain in this world: "radiya- llahu ‘anhum wa radu ‘anhu." (98:8) Allah was pleased with them and they were pleased with their Lord. How lovely!

The clothes that they wore, a piece of cloth, maybe, a towel, that left them half covered, half exposed. In spite of that Allah was pleased with them and they were pleased with their Lord. That is the highest station. Make an effort, O man. May the honour of humankind be recovered. Mankind. Think of a seed. When a seed falls in the ground, it will grow. If it finds no soil it will rot. O man, for the love of your Lord, what must be planted in your heart is Habibullah. O Shah-i Mardan! It is Shah-i Mardan who is on his way. Try to plant that seed in your heart, so that Allah might be pleased with you. "radiya-llahu ‘anhum"- Allah became pleased with them. "wa radu ‘anhu" and they became pleased with their Lord. How beautiful! The station of contentment. The maqam of satisfaction. Do not run after this dunya, it is filth. Be beautiful, radiant and beloved.

Wherever our Holy Prophet went, ‘alayhi s-salatu wa s-salam, the hills, stones, plants and trees would greet him and give their salams to the Prophet (sas). Why was this? Perfectly pure. He was the representative of his Lord, His deputy, His absolute deputy, our Holy Prophet (sas). That is why they all give him their salams. So, be pure, so that all mountains, rocks give you their salams. Nothing can harm you then. Even the snake will give you salams then. The lion will stand in respect before you. For you then will be a person who is pleased with his Lord, and the Lord is pleased with you. Every creature will give you salams. It will do you no harm. It gives you salams. That is why some of the saints rode on lions. The lion is a wild creature, but for those blessed ones who walk on the way of Allah, for those who live for the sake of Allah, it became their steed. The most noble of all riding animals is the Buraq. The noble Buraq was given to our Holy Prophet (sas). "He who follows my way, can reach to as far as I was able to go, in accordance with their levels", says the Holy Prophet, ‘alayhi s-salatu wa s-salam. "wa li kullin darajatun mimma ‘amalu." (6:132) Everyone has a level according to his actions. There are those of high rank. They have value in their Lord's Presence. Strive for that. Do not go running after the filth of this dunya. While there is gold to be had, do not go rushing after dung. Seek Allah's Presence. Be

pure. Find the Presence of Allah. O our Lord, You sent us Your Beloved to teach us Your ways, and we accepted him. For those of us who love him, there is Shah-i Mardan, his Lion. He also instructs us, Shah-i Mardan. Ey Yaran Shah-i Mardan!

O you who love Shah-i Mardan! May your hearts be like paradise gardens. May your hearts open up with love and fervour! Paradise lies there. Paradise lies there. O Shah-i Mardan! the gates of Paradise open up for those following you; but who doesn't listen will be imprisoned within the gates of Hell. O Shah-i Mardan! The forces needed to impose order upon this world, you have them at all times. You possess this power. He who can save this world that has become chaotic, and all mankind with it, from the devil's dehumanizing grasp is there; he who makes people human again, the Master of Time, Shah-i Mardan, he is there. Shah-i Mardan, he will come. At that time the world will be at ease. Until he comes, the world cannot be at peace. They destroy each other. They are destroying each other. Allah has honoured us with the honour of being human. Try to take care of this honour.

O Shah-i Mardan, come to us. Allah, Allah. Allah, Allah. Allah, Allah. Allah, Allah. Let us say Allah. Let us say: Bismillahi r-Rahmani r-Rahim. Let us be pure. Let us be glorious in this world, and in the hereafter. Let us gather beneath the glorious banner, the Banner of Praise of the Prince of both worlds. Let us drink from the Pool of Kawthar. Let us reach to the Presence of Allah.

O our Lord, forgive us. O Shah-i Mardan! We are awaiting the arrival of the Sultan of pure lineage. We have become strangers. Shaytan made honourable men into devils like itself. People became like the devil. Instead of turning into angels, they became devils. Woe upon them. The generations that lost the honour of humanity, they are the current generations. Allah Almighty robed them with the qualities of angels, but people today have thrown these off and now dress in shaytanic qualities. In order to kill, crush and torment each other, in order to make them do every kind of evil deed, the devil uses man. May Allah keep us far away from the evil of shaytan.

O our Lord, in this blessed month, Rajab Shahrullah, the month of Allah, send some support to reach us. For the likes of us this is only a wish, but we ask Shah-i Mardan to speak for us. Let Shah-i Mardan ask for it. He will come. The Sultan who will save mankind from the grasp of the devil and its cohorts will come. Allah Almighty will not leave shaytan to have the last laugh, no! There will be a great war. But shaytan will have no cause to rejoice. After it will come the

banners of faith, the banner of Islam. O our Lord, forgive us. Send us in this blessed holy month Your Divine Support. For the sake of the Beloved of Allah (sas). Let us continue on your path, O Shah-i Mardan. Ey Yaran Shah-i Mardan. How lovely are your words! How good is your counsel. It is advice for both mankind and Jinn. May Allah grant strength to our hearts and health to our bodies. Fill us with love and fervour. Remove from our heart the love of the world. O our Lord, forgive us. "Innaka ‘afuwwun karim, tuhibbu l-‘afwa f-a‘fu anna ya karim" al-Fatiha.

**Allah ist zufrieden mit ihnen**

As-Salamu `alaykum, Ay Yaran Shah Mardans. Wa `alaykumu s-Salam, wa `alayna s-Salam. O Shah Mardan, komm zu uns! Deine Liebenden erwarten dich. Sie harren deiner. Damit unsere Herzen mit Freude erfüllt und unser Verstand gestärkt und unsere Liebe und unser Verlangen gemehrt werde. Gehen wir auf dem Weg Allahs! Komm, o Shah Mardan. Das Feld ist dein. O Löwe Allahs, o Shah Mardan, die, die dich lieben, entbieten dir Friedensgrüße. Sie folgen deinem Weg. Madad, o Shah Mardan, mögen wir erfrischt werden und stärker werden und mit Liebe und Verlangen erfüllt werden. O Herr, Du bist Subhan, Du bist Sultan. Hört Shah Mardan, was er sagt. O unser Herr, Du bist Subhan, Du bist Sultan. Um Deines Geliebten willen. Versorge uns mit Glauben, o Shah Mardan! Versorge uns mit Liebe und Inbrunst, o Shah Mardan! Ein Mensch ohne Liebe und Leidenschaft ist kein Mensch. Er ist Abfall! Seid kein Abfall, sagt Shah Mardan. Beginnen wir.
"Innahu min Sulaymana wa innahu Bismillahi r-Rahmani r-Rahim" (27:30). Als die Königin von Saba las, "Innahu min Sulaymana wa innahu Bismillahi r-Rahmani r-Rahim" (27:30), als sie diese Worte las, erzitterte ihr Thron, und sie fiel nieder in Sajda. Sie verneigte sich in Ehrfurcht. "Innahu min Sulaymana", der Prophet Sulayman, "wa innahu Bismillahi r-Rahmani r-Rahim" (27:30). Allahu Akbar. Komm, o Shah Mardan. Was für liebliche Worte! Sagen wir: Bismillahi r-Rahmani r-Rahim. Es ist die Macht, durch die die Menschen von der Erde bis zu den Himmeln reichen können. Es ist Bismillahi r-Rahmani r-Rahim. Das trägt uns von der Welt der Schöpfung

zum Königreich der Himmel: Bismillahi r-Rahmani r-Rahim. O Mensch, sag: Bismillahi r-Rahmani r-Rahim. Bitte komm, o Shah Mardan, deine Freunde sind bereit, dir zuzuhören. Hören wir, damit wir erleuchtet werden, damit unser Körper Kraft findet und unser Verstand und unsere Ideen sich ausdehnen können und unser Herz sich mit Freude füllt. Finden wir Erfrischung und Erleichterung! Jeder, der Erleichterung will, sollte sagen: Bismillahi r-Rahmani r-Rahim. Alle Sorgen werden verschwinden. Komm zu uns, o Shah Mardan, o Löwe Allahs! Wir brauchen dein Sohbat. Wir brauchen deinen guten Rat.

O Herr, um derer willen, die Du liebst, mögen wir mit Glauben ausgestattet werden! Allah den Allmächtigen zu bitten, uns Glauben zu geben, wäre eine Verletzung des Adab. Sagt: O Ameise, statte mich mit Glauben aus! Diese Ameise wird euch mit Glauben ausstatten. Nicht nötig, etwas darüber zu suchen. Eine Ameise wird euch mit Glauben versorgen. Sie wird euch Glauben geben. Komm, o Shah Mardan, dein Wort ist wahr. O Liebende Shah Mardans, o die in Shah Mardan verliebt sind, die Shah Mardan lieben! Von einer Ameise bis zum Herrn der Macht und Herrlichkeit, aber ohne so weit zu gehen, nur eine Ameise, eine winzige Ameise wird jene mit Glauben ausstatten, die gutes Benehmen wahren. Eine Ameise wird zu einem Elefanten. Eine Katze wird ein Löwe. Ein Pferd wird ein Vollblutaraberroß. Ein Mensch wird einer von denen, die nahe gebracht sind, Muqarrabun. Die Tore der Himmel öffnen sich für ihn, wenn er sagt: Bismillahi r-Rahmani r-Rahim. Laßt diese Erde, die Tore der Himmel öffnen sich für einen, der sagt: Bismillahi r-Rahmani r-Rahim. Allahu Akbar. Komm, o Shah Mardan! Wie lieblich! Für einen, der sagt Bismillahi r-Rahmani r-Rahim, öffnen sich die Tore der Himmel. "Innahu min Sulaymana wa innahu Bismillahi r-Rahmani r-Rahim" (27:30). Das Herz von Bilqis, der Königin von Saba, öffnete sich, als der Wind des Glaubens in ihr Herz stürmte und es mit Liebe füllte wie ein Wirbelwind. Auf diese Worte hin fiel sie von ihrem Thron und machte Sajda.

Bismillahi r-Rahmani r-Rahim. O unser Herr, um der heiligen Basmala willen gib uns auch Liebe und brennendes Verlangen, und gib uns Kraft, o Shah Mardan, weil dein Bittgebet angenommen wird. O Liebende Shah Mardans, wenn ihr die Gegenwart Eueres Herrn des Höchsten wünscht, der Wächter dieser Gegenwart ist der heilige Gesandte (saws). Der Herr der Schöpfung und des Königreiches der Himmel öffnet den Weg Seines Geliebten. Sagt: Bismillahi r-Rahmani r-Rahim. Ay Yaran Shah Mardans, o ihr, die Shah Mardan lieben, so viele, viele Dinge werden sich für euch öffnen, jede Art von Schönheit. Bismillahi r-Rahmani r-Rahim. Bismillahi r-

Rahmani r-Rahim öffnet die Tore jedes Paradiesgartens. Ohne Bismillahi r-Rahmani r-Rahim öffnen sich die Tore des Paradieses nicht. Bismillahi r-Rahmani r-Rahim öffnet die Tore der acht Paradiesgärten. Vergeßt das nicht, ihr Achtlosen, sagt Shah Mardan. O Mensch, reiß dich zusammen. Du bist ein Mensch. Auf dieser Erde bist du der Vertreter des Herrn. Kenne deine Stufe. Kenne deine Ehre und hüte sie. Es gibt keine größere Ehre als das. Allah der Allmächtige hat dich zu Seinem Stellvertreter auf Erden gemacht. Er sagt, Sein Stellvertreter. Was für eine feine, große und hehre Auszeichnung das ist! Ich mache einen Stellvertreter auf der Erde, sagte Er. Allah Allah. Der Schlüssel zur Station der Stellvertreterschaft, Iblis wollte diesen Schlüssel nehmen, aber er wurde ihm nicht gegeben. Iblis sagte nicht Bismillahi r-Rahmani r-Rahim. Es war der Prophet Adam (as), der das tat. Der Schlüssel wurde dem Propheten Adam gegeben, der Schlüssel des Bismillahi r-Rahmani r-Rahim. Der Herr der Himmel und Erde, der absolute Herr über die ganze Schöpfung und das Königreich der Himmel, der Herr der Macht und Herrlichkeit gab diese Ehre dem Menschen.

Wer ist der Mensch? Insanu l-Kamil, der vollkommene Mensch ist Habibullah. Komm, Shah Mardan! Wer ist er, der Autorität über Himmel und Erde hat, dessen Ehre unerreicht ist, der der große Diener ist? Es ist S. Muhammad Mustafa (saws). Dieser Schlüssel wurde ihm gegeben: Bismillahi r-Rahmani r-Rahim. Wenn deshalb jemand die Basmala spricht, doch behauptet, daß sein Plan fehlschlug, ist er ein Kafir. Wenn er die Basmala sagte und behauptet, er war nicht erfolgreich, ist er ein Abtrünniger, ein Ungläubiger. Bismillahi r-Rahmani r-Rahim zu sagen und keinen guten Ausgang zu sehen, ist unmöglich. Komm, Shah Mardan, Freunde Shah Mardans, wir hören euch zu. Beginnen wir, sagen wir: Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim, ihr müßt das wenigstens 7x jeden Tag sagen. Wenn ihr wollt, sagt es 70x oder mehr, so viel wie ihr wollt. Jedesmal, wenn der Mensch die Basmala sagt, wird er mit einer anderen Ehre bekleidet. Wie schön, o Shah Mardan! Wie trat er hinaus auf das Schlachtfeld? Indem er sagte Bismillahi r-Rahmani r-Rahim und sein Schwert Dhu l-Fiqqar zog. Shah Mardan, bitte lehre uns, damit wir von dir lernen können. Das Wunder der Basmala, du wirst es nie erschöpfen im Sprechen und Schreiben. Unser Herr, was für ein großes Geschenk wurde uns gegeben, der größte Göttliche Name Bismillahi r-Rahmani r-Rahim. Der größte Göttliche Name. Allahu Akbar! Nur sehr wenige Leute wissen das. Sie suchen nach dem größten Göttlichen Namen. Wo sucht ihr nach diesem größten Göttlichen Namen? Der größte Göttliche Name ist Bismillahi r-

Rahmani r-Rahim.
Sein Wort wird sich so begeben, "Kun Fayakun". Ihr müßt das glauben. Hört auf Shah Mardan.
O Liebende Shah Mardans, vergeßt die Basmala nicht! Sie wird euch Rangstufen, Licht und Ehre geben. Oh.. Oh.. Die Schätze dieser Welt sind nichts, aber der Schlüssel der Schätze des Himmlischen Königreichs ist Bismillahi r-Rahmani r-Rahim. Allahu Akbar, Allahu Akbar, Allahu
Akbar wa Lillahi l-Hamd. O Shah Mardan, komm und lehre uns. Lehre uns die Ehre unseres Mensch-Seins. Die Ehre des Menschen und die Ehre der Nation Muhammads (saws) liegt im Bismillahi r-Rahmani r-Rahim. Vergeßt das nicht! O Menschen, vergeßt euer Mensch-Sein nicht! O Shah Mardan, deine Liebenden, deine Freunde hören dir zu. Versorge sie mit Kraft, sowohl innerer, als auch äußerer Kraft, mit Liebe und Glut. Bismillahi r-Rahmani r-Rahim liefert diese Liebe und Glut. Bismillahi r-Rahmani r-Rahim liefert uns Glauben. Mit Bismillahi r-Rahmani r-Rahim können wir Allahs Gegenwart erlangen. Die Gegenwart Allahs zu erlangen, ist der größte Zustand des Friedens. Mit Bismillahi r-Rahmani r-Rahim können wir dort eintreten. O Menschheit, du kennst dich nicht selbst. Ihr lauft hinter Abfall her, wie eine Krähe hinter Aas.
Ihr lauft hinter einem Kadaver her und habt euer Mensch-Sein vergessen. Das ist, was Shah Mardan sagt. Mach dich auf, o Mensch, um deinen Rang zu mehren, um Ehre zu gewinnen. Diese Welt, diese Dunya ist nicht einmal die kleinste Münze wert. Die Basmala darf nicht für diese Welt gesagt werden. Wird die Basmala über einem Kadaver gesprochen? Gott bewahre! "Ad-Dunya Jifa" - diese Welt ist ein Kadaver, sagt er. Wie könnten wir die Basmala über ihr sprechen? Ihr könnt nicht. Die Basmala wird ausgesprochen, damit sich die Tore der Himmel öffnen.
Die Basmala wird nicht für diese Welt gesprochen, vergeßt das nicht. Sprecht die Basmala nicht über dieser Welt. O unser Herr, Dein größter Name ist im Bismillahi r-Rahmani r-Rahim enthalten. Niemand darf sie über diesem Kadaver aussprechen.
"Mulk wa Malakut", Mulk ist nicht diese niedere Welt, Dunya. Mulk ist eine Sache und dieser weltliche Abfall eine andere. Die Welt ist Aas. Mulk ist die Schöpfung, die von Allah dem Allmächtigen geheiligt wurde. Es ist unsere Sache, o Mensch, unsere geistige Macht zu mehren.
Unsere geistige Macht, warum sollte sie gemehrt werden? Warum wollen wir sie entwickeln?
Weil wir ohne geistige Macht nicht in die Göttliche Gegenwart eintreten können. Denn um in geistige Stille einzutreten, brauchen wir einen Schlüssel. Dies ist: Bismillahi r-Rahmani r-Rahim.
Jeden Tag 7x bis 40x und mehr als 40x, rezitiert es, so oft ihr wollt. Bismillahi r-Rahmani r-

Rahim. Komm, o Shah Mardan, machen wir uns auf und finden wahres Glück. Jene, die mit der Welt zufrieden sind, sind weit weg vom Glauben. Liebt die Welt nicht! Liebt eueren Herrn! Wehe den Menschen dieser Zeit, die sich von ihrem Herrn abwenden, Der sie erschuf, und hinter dem Kadaver dieser niederen Welt herlaufen. Wehe ihnen! Komm, o Shah Mardan, was du sagst, ist die Wahrheit! Es ist Allah der Allmächtige, Der die Welt erschuf. Er pflanzte jedoch nicht die Liebe für sie in dein Herz. Die Liebe in deinem Herzen ist reserviert für den Herrn der Macht und Herrlichkeit, für Seinen Geliebten und jene, die Er liebt. Kein Stück der Welt darfst du in deinem Herzen halten. Du wirst hinausgeworfen! Dieser Mensch ist in dreckige Lumpen gekleidet, schließt ihn aus aus der Versammlung! Wer ist sauber? Er, der weit weg von der Dunya bleibt. Einer, der weit weg von der Welt bleibt, ist nahe bei Allah (swt). Nähe zu Allah wird erlangt durch Nähe zu Seinem Geliebten. Das ist der Schlüssel. O ya Habibullah. Ay Yaran Shah Mardans! Sprechen wir, sprechen wir von den Ozeanen der Liebe und Sehnsucht. Tauchen wir ein in die Ozeane der Liebe! Fallt nicht in den Dreck dieser Welt, bleibt rein!
Reinigung ist vom Glauben, Sauberkeit ist vom Glauben. Wer nicht sauber ist, hat keinen Glauben. Sauber wovon? Nicht durch Waschen von Händen und Füßen, sondern durch Reinigung des Herzens von weltlicher Unreinheit, um das Herz von der Liebe zur Welt zu reinigen. Die Liebe zur Welt ist unrein, dreckig. Laßt sie nicht in euer Herz. Euer Herz muß rein gehalten werden. Diese Welt ist Unreinheit. Laßt sie nicht euer Herz ergreifen. Seid rein. Der erste Befehl. "Wa Thiyabaka Fatahhir" - und reinige deine Kleider (74:4). Haltet euer Gewand rein. Hier, wenn es 'Gewand' heißt, kann es die Kleider, die wir tragen, bedeuten, aber tatsächlich bedeutet es, wir sollten auf unsere Wurzeln achten, auf die Würde des Menschen. Bleibt sauber! Die Welt ist unrein, verwickelt euch nicht damit. "Thiyabaka Fatahhir" (74:4). Dieses 'Gewand' ist unser Körper. Überlaßt ihn nicht weltlicher Unreinheit. Haltet euch sauber. Reinigung, im Islam ist Reinigung verpflichtend. Jene, die sich nicht reinigen, "innama l-Mushrikuna Najasun" (9:28) - Wahrlich, die Götzendiener sind unrein. Wer die Welt Göttlicher Geheimnisse erreichen will, muß sauber sein. "Wa Thiyabaka Fatahhir" (74:4). Jemand, der die Welt des Göttlichen erreichen will, muß rein sein. Rein von was? Vom Dreck der niederen Welt. Er muß sich weit weg halten vom Aas dieser Dunya. O Söhne Adams. "Wa Thiyabaka Fatahhir" (74:4). Haltet euch sauber! Laßt euch nicht mit weltlichem Dreck ein. Auch einen Berg von Gold lehnt ab und geht

weiter.
Unser heiliger Prophet, auf dem Segnungen und Frieden seien, seine edlen Gefährten, jene, die von unserem heiligen Propheten unterrichtet wurden, waren Leute, die alle Arten von Tests zu bestehen hatten, die Gefährten des Propheten. Allah der Allmächtige erzog sie auf diese Weise, daß sie die Gefährten Seines Geliebten sein konnten, die Edlen Gefährten. "Radiyallahu `anhum wa Radu `anhu" (98:8). "Radiyallahu `anhum wa Radu `anhu" (98:8). Allah war zufrieden mit ihnen, sagt er, und sie waren zufrieden mit ihrem Herrn. Wie waren sie zufrieden? Sie sagten: "illa Allah", nur Allah. Heutzutage sagen die Leute "illa Dunya", nur Dunya. Sie sind in das Kloloch der Dunya gefallen. Sie mühen sich weiter. Diesen Dreck, laß mich noch mehr davon bekommen. Ihr müßt noch mehr davon bekommen! O Dummköpfe, ihr wurdet nicht in die Welt gesandt, um den Mist dieser Dunya zu sammeln. Göttliche Liebe und Zuneigung finden sich auf dem Weg Seines Geliebten. Ihr müßt den Geliebten (saws) lieben, so daß ihr auch "Radiya Allahu `anhum wa Radu `anhu" seid. Allah war zufrieden mit ihnen, und sie waren zufrieden mit ihrem Herrn. Sei zufrieden, o Mensch, sei zufrieden mit deinem Herrn, mit dem, was Er dir gegeben hat. Und strebt nach Nähe zur Göttlichen Gegenwart Allahs des Allmächtigen, so daß ihr "Radiya Allahu `anhum wa Radu `anhu" sein mögt. Allah der Allmächtige war mit ihnen zufrieden, mit den edlen Gefährten, und sie waren zufrieden mit ihrem Herrn. Das ist unser Gewinn in dieser Welt: "Radiya Allahu `anhum wa Radu `anhu". Allah war zufrieden mit ihnen, und sie waren zufrieden mit ihrem Herrn. Wie schön!
Die Kleider, die sie trugen, ein Stück Stoff, vielleicht, ein Tuch, das sie halb bedeckt ließ, halb entblößt. Ungeachtet dessen war Allah zufrieden mit ihnen, und sie waren zufrieden mit ihrem Herrn. Das ist die höchste Stufe. Streng dich an, o Mensch. Möge die Ehre der Menschheit wiedergewonnen werden. Menschheit, denk an einen Samen. Wenn er auf die Erde fällt, wächst er.
Wenn er keine Erde findet, verrottet er. Mensch, die Liebe deines Herrn, was in dein Herz gepflanzt werden muß, ist Habibullah. O Shah Mardan! Es ist Shah Mardan, der auf seinem Weg ist. Versucht, diesen Samen in euer Herz zu pflanzen, damit Allah mit euch zufrieden sein kann, "Radiya Allahu `anhum", Allah war zufrieden mit ihnen, "wa Radu `anhu" und sie waren zufrieden mit ihrem Herrn. Wie schön! Die Stufe der Zufriedenheit. Der Maqam der Zufriedenheit.
Lauft nicht der Dunya hinterher. Sie ist Dreck. Seid schön, strahlend und geliebt. Wo immer unser heiliger Prophet hinging, `alayhi s-Salatu wa s-Salam, grüßten ihn die Hügel, Steine, Pflanzen

und Bäume und gaben ihre Salams dem Propheten. Warum war das so? Vollkommen rein, er war der Vertreter seines Herrn, Sein Stellvertreter, Sein Absoluter Stellvertreter, unser heiliger Prophet. Deshalb geben sie ihm alle ihre Salams. Also seid rein, damit alle Berge, Felsen euch ihre Salams geben. Nichts kann euch dann schaden. Selbst die Schlange wird euch dann Salams geben. Der Löwe wird im Respekt vor euch stehen. Denn ihr werdet dann jemand sein, der mit seinem Herrn zufrieden ist, und der Herr ist mit euch zufrieden. Jedes Geschöpf wird euch Salams geben. Es wird euch keinen Schaden zufügen. Es gibt euch Salams.

Deshalb ritten manche Heilige auf Löwen. Der Löwe ist ein wildes Tier, aber für jene Gesegneten, die auf dem Weg Allahs gehen, für jene, die um Allahs willen leben, wurden sie Rösser. Das edelste aller Reittiere ist der Buraq. Der edle Buraq wurde unserem heiligen Propheten (saws) gegeben. 'Wer meinem Weg folgt, kann so weit kommen, wie ich gehen konnte, je nach ihrer Stufe', sagte der heilige Prophet, `alayhi s-Salatu wa s-Salam. "Wa li Kullin Darajatun mimma `Amalu" - Jeder hat Rangstellungen für das, was er geleistet hat (6:132). Jeder hat eine Ebene je nach seinen Taten. Da sind diejenigen hoher Rangstufen. Sie haben Wert in der Gegenwart ihres Herrn. Strebt danach. Lauft nicht hinter dem Dreck dieser Dunya her. Solange Gold erlangt werden kann, hetzt nicht hinter Mist her. Sucht Allahs Gegenwart. Seid rein. Findet die Gegenwart Allahs. O unser Herr, Du sandtest uns Deinen Geliebten, um uns Deinen Weg zu lehren, und wir akzeptierten ihn. Für die von uns, die ihn lieben, gibt es Shah Mardan, den Löwen. Er leitet uns an, Shah Mardan. Ay Yaran Shah Mardans! O ihr, die Shah Mardan lieben. Mögen euere Herzen wie Paradiesgärten sein! Mögen euere Herzen sich öffnen mit Liebe und Glut! Das Paradies liegt dort. Das Paradies liegt dort. O Shah Mardan! Die Tore des Paradieses öffnen sich für die, die dir folgen. Aber wer nicht hört, wird innerhalb der Tore der Hölle eingesperrt sein.

O Shah Mardan! Die Mächte, die nötig sind, um dieser Welt Ordnung aufzuerlegen, hast du zu jeder Zeit. Du besitzt diese Macht. Er, der diese Welt retten kann, die chaotisch geworden ist, und die ganze Menschheit mit ihr, vor dem entmenschlichenden Zugriff Shaytans, ist da. Er, der die Menschen wieder menschlich macht, der Meister der Zeit, Shah Mardan, ist da. Shah Mardan wird kommen. Zu der Zeit wird die Welt entspannt sein. Bis er kommt, kann die Welt keinen Frieden finden. Sie zerstören einander. Sie zerstören einander. Allah hat uns mit der Ehre des Mensch-Seins geehrt. Versucht, auf diese Ehre achtzugeben. O Shah Mardan, komm zu uns!

Allah Allah, Allah Allah, Allah Allah, Allah Allah. Sagen wir Allah. Sagen wir Bismillahi r-

Rahmani r-Rahim. Laßt uns rein sein. Laßt uns glorreich sein in dieser Welt und im Jenseits. Laßt uns unter dem glorreichen Banner versammeln, dem Banner des Preises des Prinzen beider Welten. Laßt uns vom Becken des Kawthar trinken. Laßt uns die Gegenwart Allahs erreichen. O unser Herr, vergib uns. O Shah Mardan, wir warten auf die Ankunft des Sultans der reinen Linie. Wir sind Fremde geworden. Shaytan machte ehrbare Männer zu Teufeln wie er selbst. Die Leute wurden Teufel. Statt zu Engeln wurden sie zu Teufeln. Wehe ihnen! Die Generationen, die die Ehre der Menschheit verloren haben, sind die gegenwärtigen Generationen. Allah der Allmächtige bekleidete sie mit den Eigenschaften der Engel, aber die Menschen haben diese heute abgeworfen und kleiden sich in shaytanische Eigenschaften.
Um zu töten, zu unterdrücken und einander zu quälen, um alle möglichen bösen Taten zu begehen, benutzt Shaytan den Menschen. Möge Allah uns weit vom Bösen Shaytans fernhalten. O unser Herr, in diesem gesegneten Monat Rajab Shahrullah, dem Monat Allahs, sende uns Unterstützung. Für Leute wie uns ist das nur ein Wunsch, aber wir bitten Shah Mardan, für uns zu sprechen. Laßt Shah Mardan darum bitten. Er wird kommen. Der Sultan, der die Menschheit retten wird vor dem Zugriff Shaytans und seiner Kohorten, wird kommen. Allah der Allmächtige wird Shaytan nicht zuletzt lachen lassen. Nein! Es wird einen großen Krieg geben. Aber Shaytan wird keinen Grund zum Jubel haben. Danach kommen die Banner des Glaubens, die Banner des Islam. O unser Herr, vergib uns. Sende uns in diesem gesegneten Monat Deine Göttliche Unterstützung, um des Geliebten Allahs (saws) willen. Laß uns auf deinem Weg weitergehen, o Shah Mardan. Ay Yaran Shah Mardans! Wie lieblich sind deine Worte! Wie gut ist dein Rat! Es ist guter Rat für Menschheit und Djinn. Möge Allah uns Stärke unserer Herzen und Gesundheit unserer Körper geben, uns mit Liebe und Glut füllen, aus unseren Herzen die Liebe für die Welt entfernen. O unser Herr, vergib uns. "Innaka `Afuwwun Karim, Tuhibbu l- `Afwa f-A`fu anna ya Karin". Al-Fatiha.

**Allah Almighty teaching His servants what is good for themselves and what is bad**

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, La haula wa la quwatta illa bi-llahi-l ’Aliyu-l ‘Azim...

Allah Almighty teaching His servants what is good for themselves here and Hereafter and also warning His servants what is bad for them, what is harming them here and Hereafter. He created some minerals going to be good for the health of mankind, some of them are poisoned, some of them against poison, anti-poison. Also form plants, some of them are good, some are harmful for the body. And animals are knowing what is poisonous for them and what is good for them, particularly sheep; they have been guided on healthy grass, healthy plants, and they are leaving some of them, and eating some others of them. Eating what is good for themselves. They are animals and they have no any willpower, but their Lord is sending them on such foods, grass or plants that are good for them. And they are surrendered themselves to their Creator and they are living in safety for their food. All of them just created for mankind and mankind has been granted two precious characteristics or two precious grants from Allah Almighty:

One of it is their minds and second Allah granted to them willpower, that no any creature around ourselves can be like a man. Man has a special creation, specialized creation honoured creation, most valuable creation on earth. Allah Almighty granted to them that characteristics through their creation and dressing them from His Own Attributes Will and Mind, Mentality.

If Allah Almighty not sending Prophets for teaching mankind through their minds they may know what is good for themselves and what is harming themselves! Yes, mind and mentality that are a big grant from Allah Almighty, showing to man and teaching them and they may try it also, if it is good for them or not, it is okay,

everyone may know. Who granted mind, they are knowing through their minds or through their mentalities and their knowledge that they may try it, it is giving them so many good knowledge for keeping their generation, because all obedience or servanthood that we have been asked to keep, depends on a safe knowledge. That knowledge is showing a person how he can be healthy. Because if a person is loosing his health, he can't do anything, can't work and can't pray, can't be standing by servanthood, because he lost his health. It is clear. A patient, a sick one or an ill one, he is occupied with his health or with their health and they are under a deep pressure, can't move, can't do anything, can't stand up, because he lost his health. It is clear.

Therefore, as all Grandsheikhs were saying- and also my Grandsheikh was saying, (and) now also I am hearing from him- the most important thing for mankind to learn and to keep, to learn and to act (on), (is the) knowledge (of how) to keep their health. Therefore knowledge is going to be into two camps: 'Ilmu adhan (?)', 'ilmu adjan'- two kinds of knowledge. One knowledge that mankind is granted is how they should be able to keep their health, because anyone loosing his health going to be useless, and (he is) going to be a heavy burden for himself and (on those) around himself. A heavy burden. One kind knowledge that we must keep is how we should be able to live healthy. For Dunya and for Akhirat you must be healthy! Maybe a young person coming a headache and falling down and he was like giant person, but coming some pain through their stomach, falling down, coming another pain from backside, from every part of his body, making him to fall down and he was able to push an animal and to make it to fall down, but (now he is) finished. When he lost his health, going to be nothing, (a) burden on himself and on people also. Therefore first of all that we should try to teach people how they can be able to keep their physical being healthy. If no health, he can't pray, he can't do his servanthood. Therefore that is (a) very important, (the) most important point for our lives: to keep our physical being healthy up to end.

Every Prophet just came to teach people; first of all that they are servants of the Lord of Heavens and second they were calling mankind, their nations, to stand up for fulfilling their servanthood towards their Lord Almighty Allah. Then Allah Almighty teaching all Prophets and Saints which thing keeping their health. First of all, for being a good servant, they must keep their health, (and) first Prophets also (were) teaching them through that Iman and what is necessary for praying, teaching them, making for them according to the holy Commands of Allah Almighty, making this Halal and that Haram. Everything from Halal and Haram for

what? What is the benefit? Allah putting a limit for His servants and saying: “This is your limit. Beyond this limit, you are falling into Haram.“ That Haram (is) disturbing and destroying your physical being so that you are going to be unable to bring a real obedience and servanthood towards your Lord Almighty Allah.”

Through that grant that Allah Almighty granted to His servants, ‘Akl’, mind, they may know, through their mind! And mentality also is coming with mind. Mind balancing everything through mentality. Mentality is as a balance. Mind is sending to mentality: “Look what it is” and mentality is saying: “This is true one”- if it is good or bad. It is so easy. But what is difficult?

Allah Almighty then granted to mankind willpower that He only is using that, it is a divinely Attribute, granted to mankind. He is not forcing His servants, but He granted to them from willpower and not forcing them, giving value to man. If a person is forced to do something, quickly he is running into the level of animals. Animals are making, doing something by force. If a person is not using willpower, without willpower he is going to be forced and coming quick in the level of animals and it is not honour for mankind. Our mind and mentality are saying according to Holy Command that He Almighty granted a list of some actings for something, saying that this is a list, a program. You may look at it and you may understand that is good, that is no good. When it is appeared, don’t wait that Allah Almighty to force you to do this or not to do- but that biggest grant that even Angels haven’t been granted- willpower- we have willpower and our honour is with willpower. Putting in front of you a list of good ones and harming ones, useful or not useful. Useful, that it is Halal, good for you, for your physical being as well as for you spiritual being, this list it is okay for you. And other list (is) showing that this is harming you here and Hereafter and making you to be under the hegemony of you ego or to be Shaitan’s donkey and this is forbidden, so that everyone is knowing what is good for them or bad for them.

Everyone is knowing (that) smoking is no good, carrying to drugs. Everyone is knowing (that) drugs are killers, physically and spiritually. Everyone is knowing (that) drinks are terrible and destroying people physically and mindly. Everyone is knowing (that) adultery is a bad thing, destroying you physically and spiritually...So many things... (so) that reaching that list, the number of harming things, harmful doings, to 800. 800 kinds of actings that it has been signed through Shariat, heavenly Commands: (These) 800 (actings are) harming you here and Hereafter. Here making your level to come down and in Judgment Day making your level to be under deepest position.

And there is another 5oo actings that you are able to bring one of them or all of them, giving to you benefit, it is also as Prophet was saying: “Al Halalu bayiun, wa-l Haramu bayiun”- what is good for you, everyone is knowing, what is bad for you, also everyone is knowing what is harming. Allah Almighty is teaching His servants, because without that knowledge you can’t be able to carry the honour of being servants for divinely Service. Therefore (He is) putting (that lists). And (then He is) giving willpower to you, (saying:) “Oh My servants, look! These 5oo kinds of actings give you honour and make you to approach from My divinely Presence. Use your willpower to come much more closer to Me through these actings. And beware of that 8oo kinds of works, they are carrying you away from My divinely Presence, taking you to the field of cursing, cursing land, (that) always coming on you cursing from Heavens. Beware, oh My servants!”

Now mostly people are not using their willpower. Animals know what is good for them what is harming them, but mankind is knowing also what is good for them and what is bad, but they are not using their willpower to stop it and to send their egos to do good things and to keep themselves from bad things. What is the benefit to be to have willpower from Allah Almighty? You are going to be like such a person who has a plane, jet plane, you have, but you are never going to use it. What is the benefit to have a plane if you are not using it? Or if you have a car, a good car, but you are not using it? “What is the benefit to be in front of your home a good car, even Rolls Royce or Mercedes or other famous cars- what is the benefit? Why putting there? Use it!” “I don’t like I am sleeping, better. Better to sleep...” “Ya Hu- take that car and go around to look everywhere!” “No, I am here, drinking and...(putting injection)...I don’t like to open my eyes...” ”If you don’t like to open your eyes- why Allah Almighty giving to you eyes? Any animal saying like you? Animals 24hours asking to sleep?” But new generation they are saying: “We like to sleep”, putting injection...here, there...For what? He likes to sleep...What is that? You have been created for sleeping? Animals are not sleeping as you are sleeping! The new generation is sleeping. 24 hours, or 2o hours, or 18 hours, or 15, 12, 1o- what is that! That is degeneration of generation. Degenerated generation now, asking to sleep. If they are opening their eyes, not opening, but (with closed eyes also) eating something, then making injection, (continuing to sleep)... That is 21st century’s civilization?

People are asking me to go and to be present in a conference in Athens and they are saying that we are coming here to look some cure for youngsters. And when I was in America, New York, UN building, there were so many posters, saying: “Save youngsters from drugs!” To whom you are addressing this? “Save

youngsters from drugs!" How? And now the whole world is working on it. Biggest business is the business of drugs, to make youngsters to be degenerated generations.

If they are not using also- youngsters are sleeping more than enough. The limit for sleeping for an adult is 8 hours. After 8 hours not giving comfort to our bodies but coming to make it to be tired. After 8 hours body getting to be tired by sleeping. Up to 8 hours sleep our physical being is resting, and after 8 hours getting unrest. And everywhere if they are not using drugs also, but new generation doesn't like to work. They left lands, they left gardens, all youngsters are asking to be employed by the government, to sit in front of table... eating...someone coming, asking: "Why you are coming? Come tomorrow"...continuing eating..."Bring that paper...take it, I am busy now..." Like this they are asking to be paid and to sit down through their rooms, on their tables. Even police people sitting in their office! At the colony time we know police was going around, making patrol on horses and keeping guns...they were going around, making patrol, and no one can take courage to do anything wrong. Here it was, this small house in front of the mosque was for this area police center. Seven policemen, six on their horse, for all of this area, 4o or 5o villages...you may open your doors and windows and no one can take anything, no one can be able to come and to harm people. Now they are sitting in police station...for what this? Police must do control, they are not making, sitting in front of tables... A custom officer was saying to me that once the commissioner of the district was coming and asking: "Where is cavus, sergeant?" And they were saying: "He is on patrol." And when he was coming that commissioner was asking: "Why I am not seeing you in front of your table?" And he was saying: "Oh our commissioner, our table is on our horse. If we are waiting people coming and complaining, it is go to be worse and worse. We are running around and bad character people or Shaitans agents can't move. They may know that we are on patrol, can't do anything..."

Now the new generation asking a very rest life behind their tables... "Hallo...Yes, I am speaking to my friend... say that director is in a meeting...Now I am speaking to you, oh my darling...after? Yes, after Maghreb okay... Who is that one? Say to him that he is in meeting"..."Oh my master, I said but he is said this is not time of meeting." "Say that he has a meeting in toilet, because toilet also a meeting hall. Say to him!"

Making people atalet, more than laziness- people are asking not to move; he is asking everything to be brought to him and to enjoy himself. No any other opinion for them, only for their pleasures...not for helping people, no, for their pleasure making everything, every design there and putting...that is the representative of

Shaitan Dr. X....

Therefore people now in worst position. Therefore I am going to speak to people, insha Allah, that they are accusing poverty making crisis, saying: “After poverty crisis, after poverty wars, after poverty fighting, after poverty that and this, after poverty economical crisis...” lie. And Islam saying: “Fi-l haraku baraku.” Islam saying: “Make your hand to work, because blessings coming on you. You must know that to move, to work brings Baraka. Therefore our people, our ancestors were standing up before sun shining. Those people now, youngsters, they are lying like crocodiles... sleeping...sometimes opening eyes, looking something to eat and coming on it, then continuing to sleep...

Where is Islam? What is our situation now, Muslims? I am sorry and in sorrow that they are asking to follow Western people who like to sleep...

May Allah forgive us and send us Mehdi a.s. and Isa a.s., for the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

## Allah ist einzig und allein

Destur ya sayyidi, Madad ya Sultan ul Awwliya. Madad ya Rijal Allah. Audhu billahi mina shaitani-r-rajim. Bismillahi-r- Rahmani-r-Rahim.La hawla wa la quwata billahi l-azeem. Astaghfirullah. 1000 mal Astaghfirullah. 100000 mal müssen wir bereuen.

Allah ist einzig und allein. Dies ist eine Verbindung an einem neuen Tag, aber wir denken es ist eine Kopie von Gestern, denn wir sitzen in dem gleichen Raum und reden das gleiche. Oder mit den gleichen Person wie am Vortag, aber die Tage verändern sich und wir auch. Wenn du ein Fluß fließen siehst, glaubt ihr das jede Zeit das gleiche Wasser fließt. Wir können nur sagen, daß der gleiche Fluß fließt. Die Namen der Flüsse sind bestimmt, aber es ist nicht dieselbe Materie. Unter den Brücken fließen Hektoliter von Wasser, nur die Brücke die über dem Fluß ist bleibt gleich. Das Wasser fließt und wir sind wie das Wasser, daß aber nicht unendlich fließt. Das Leben ist ein Geschenk von Allah und wenn du aufhörst zu fließen wird deine Brücke einstürzen. Fragt nach etwas und versucht es zu nehmen. Wenn du nach nichts fragst, kannst du auch nichts nehmen.

Wenn ein Baby geboren ist, fängt es an zu weinen. Es fragt nach etwas das er haben möchte, die Mutter wird es stillen, daß Baby wird ruhig sein. Immer wenn es weint, wissen wir das es nach etwas fragt. Du, der Mensch der behauptet etwas zu sein, du mußt nach etwas fragen. Dies gehört zu unseren Sein und immer

wenn es etwas will, werden wir zügig versuchen diesen Wunsch befriedigen.

Die Menschheit ist sehr pingelig und bedacht darauf, daß sie ihr physisches Verlangen pflegen. Aber was ist mit dem himmlischen Wesen, daß unseren Körper aufstehen läßt. Was ist mit der verborgenen Kraft, die uns bewegen läßt? Warum laßt ihr das außer Acht? Warum fragen die Leute nicht danach? Würde sie nicht fest an uns verankert sein, könnte uns kein Drang nach Essen und Trinken überkommen. Diese Kraft bringt uns auch dazu etwas zu tun oder zu lassen. Wie kann es von uns getrennt sein? Wie kann man diesen Punkt vergessen und sich so von dem materiellen besetzen lassen? Das sind so leblose Objekte, sie sind staub. So wie ein toter Körper, der nicht mehr nach Nahrung fragt. Aber wieso fragt ein toter Körper, nicht mehr nach Nahrung? Es ist doch der gleiche Körper. Die Menschen denken nicht drüber nach welche verborgene Kraft dies alles ausmacht, etwas zu wollen. Die Leute sagen das der tote Körper, der gleiche ist wie der tote. In der Türkei ist es üblich, immer wenn einer auf dem Totentisch vor der Moschee liegt, zu fragen wer diese Person ist. Die Leute, sagen das dies der tote Körper von so und so ist. Aber wo ist der lebendige Körper hin? Wenn ihr sagt das dies der tote Körper ist, muß der lebendige Körper weggelaufen sein, nicht wahr?

Sie fragen nicht nach wertvollen Perlen, sie suchen nur nach leeren Muscheln. Das ist das ganze Fundament von Problemen, die die jetzt Menschheit besitzt. Wir lassen es nicht zu unsere wirkliche Persönlichkeit zu benutzen, denn wir lassen uns von so vielen materiellen besetzen. Solange das Materielle wächst, werden unsere Probleme mitwachsen und bleiben unsere Kopfschmerzen Nr.1. Die Menschen schauen soviel auf die vergangenen Jahrtausende zurück und haben sich auf ihr begrenztes Leben fixiert.

Ich habe den ältesten Friedhof in Walking (England) durchstreift, ich betrachtete die Grabmale der toten, die zumeist alle zerbrochen waren. Auf den alten Gräbern wuchsen Cypressenbäume. Sie waren Herren und Grafen, von den keiner mehr etwas weiß. Ich guckte auch durchs Gästebuch, das viele Berühmtheiten beinhaltete.

Die ganzen Mühen der Menschen, sie können jeden Moment plötzlich stoppen. Sie fragen nicht, was sie dazu streben läßt etwas zu wollen. Aber es ist so wichtig danach zu fragen, denn dieses Sein, fragt nach den Schätzen der Ewigkeit. Welches Wort klingt süßer als, Ewigkeit? Aber das Ego stellt sich gegen diese Realität und läßt dich nach was fragen, was dich glücklich macht. Nach dem Leben kannst du nicht mehr nach der Ewigkeit fragen. Wir geben soviel Zeit auf das heutige Vergnügen, aber selbst in diesem Vergnügen läßt

Shaitan nicht viel Vergnügen übrig. Es hat kein Gleichgewicht, denn sie verändern ihre Elemente, sodaß die Natur nicht mehr dagegen ankommt. Es verändert ihre Zirkulation und Verdauung usw. Oh ihr Leute, denkt darüber nach, denn es ist eine wichtige Verbindung die Menschen vor der Bedrohung von Shaitan und seine Agenten zu retten. Kommt und seid mit Allah. Ihr mögt Freuden hier und im Jenseits erreichen und werdet die Ewigkeit erreichen.
Möge Allah mir vergeben und euch segnen, für die Ehre des Geehrtesten in göttlicher Gegenwart, Sayyidina Muhammad s.s.w. Fatiha

**Allah is the creator**

Audhu bi-llahi mina shaitani rajim, Bismillahi Rahmani Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Atiu-llaha wa atiu Rasul wa ulu-l amri minkum. Meded Ya Sultanu-l Awliya!

Allah the Creator! No any other Creator, can’t be. Everything in existence Allah Almighty’s stamp on it that it belongs to the Lord of Heavens. We are His creatures, we are also His servants. We are coming to this life through our mothers womb, we are coming and we are knowing nothing. Only what it is necessary for that baby it is granted to him or to her by their Creator. Born a child and rushing to his mum’s chest- who was teaching him? The Creator. Running, asking to eat, to drink- who taught them? The Creator. They were we were nine months through our mum’s womb, we never seeing anything from outside and we never using our mouth through the wombs of our mums. When coming outside, quickly rushing and asking and Allah Almighty just making to run through the chests of our mums milk, and we are rushing and asking to drink from that milk. Allah Almighty giving that baby one year or two years what that baby may be in need from that milk. Milk it is only a white liquid. Drinking and baby’s every organ inner or outer taking from that one liquid and growing. How it can be? One liquid going to be kidney, going to be lungs, going to be heart, going to be pancreas, going to be stomach, going to be liver, going to be bones, going to be muscles, going to be brain- Subhanallah! How it can be?

Therefore Islam just coming with its perfection and asking mission, real mission for Islam for believers, to understand about their Creator and giving a key to everyone to use it, to find secret knowledge or secrets through our creation. That is the key of thinking, to think. Allah Almighty ordering through several holy Verses, ordering to believers to think for everything. And first of all man must think on himself. Before

looking around may look around, but deeply thinking must be on ourselves. How we are coming in existence? At the beginning it is two drops from man and from woman, coming together and from that coming a perfect creature and then that one growing, growing and their understanding day by day monthly, yearly coming more and more. And they are reaching the age of maturity, they are knowing about themselves. Until that age they are not knowing the secret of being male or female. They are not knowing. When they are reaching the age of maturity, they are beginning to understand. Because the Lord of Heavens asking to continue generation of Adam's children up to last day, the Day of resurrection. And everyone carrying a kind of generation through themselves and it is the beginning of awakening, because they must give that they have been given or granted by their Lord from their descendants and their generation. That forcing them to look and to give what they have been granted from generation to come through this life. And that is a dangerous period for children, boys or girls, they have been cheated through so many satanic tricks and traps, running after youngsters to make them to fall into a bad condition that we may say to be damaged. Shaitan and his groups from devils making youth through that time to take them and to harm them and to give every trouble to them through that age and after this period that the age of maturity must be protected boys and girls to reach to the age of stable level age that he may be able to understand about himself and about their mission and about their enemies, they may reach to that level that it is going to be a difficult age for shaitanic groups to cheat them. But from the time of age of maturity they should be so quickly cheated. But when they are reaching to that age of maturity...after a whole they may understand they may learn.

And the Lord of Heavens...therefore He was sending His Messengers with His holy messages, holy Books to protect, for protection of new generation from falling into dirty channels, sewage channels. Therefore every Prophet they did their best for protecting new generation, youth. So that they should be able to face their enemies and they may be able to fight to them and to save themselves from the tricks of Shaitan and from his traps. Therefore first thing that man must learn (is) how he is going to protect himself from falling through the nets of Shaitan and shaitanic traps.

Therefore in traditional teaching we were beginning by saying: Bismillahir Rahmanir Rahim. We are saying first. When we are beginning to learn we must say: Bismillahir Rahmanir Rahim. That means: we are accepting our Lord, our Creator and we are doing everything for Himself and we are asking His divinely support using His holy Names Bismillahir Rahmanir Rahim. When finishing, then coming...this is a strong

foundation. Then you may build on it what you are in need to build on it. If you are not using that foundation everything that you are building must fall on you. Can't stand up. That is our old teaching style through Islamic world up to 1924 at the beginning first quarter of 21st century.

And after it beginning a changing. Shaitan forcing and running after Islamic world, because they were against Shaitan and shaitanic teachings and Shaitan knows that if his teachings not coming through Islamic world, Islamic countries, through Muslims, Shaitan knows that Islam can't be fall down. Shaitan he did his worst particularly for heedless Muslim world and they changed everything. First they changed traditional style of studying, of learning, that we are using first holy Quran and we are learning about holy Commands and then we are learning something what it is necessary for ourselves to reach our provision: So many handcrafts. They changed it and now whole Islamic world just fall down and Western people are stepping on them and they are asking from Western people mercy or justice or to help them- it is impossible. Islam is something else and in front of Islam unislamic world. Unislamic world another world. Our world is another world and their world is another world. We can't leave our world for unislamic world. When you are leaving then you are going to be with them and no hope. That is what we are in it now through East and West. People running to West. For what? Because they are thinking that Eastern countries their Lord- ha sha- poor one, Astaghfirullah, and Western peoples' idols so much powerful and rich one. Therefore running Islam, Muslims to Western countries to take much more money.

He is same Lord, giving here, giving there, but you are asking your provision through Western countries and Allah Almighty ordering for believers to move through East and West, but only for their beliefs and for their religions. He ordered to them to move, to reach the most far place from Western countries to bring the lights of Heavens. Because we have been granted Lights from Heavens. Their lights just extinguished. Western peoples' beliefs and their Books no more giving to them lights, because they are making themselves slaves from this life. They never taking any interest or care for their eternal life, no. Look, every day look through their shaitanic box, TV. You can find one word calling people to their Lord? Never! All of them they are running to take much more money and Muslims on their ways running to take much more. What is happening? What is going to happen? Finally Rolls Royce in England- and in America I don't know which famous car- going to be their last journeys car...and I think that it is black glasses, not to be seen who is inside...running, running to cemetery. Some people ten people coming, some hundred people coming, some

with music coming, some coming with whole governments, whole soldiers, with so many ceremonies, big ceremony, and finally they are burying that person- ohhh flying away, and that person crying to them, calling: “Were you are going? How you left me here? What is that? You are my so friends, my family, my children, and government making so big ceremony and finally leaving me here and I am lying here by myself, no anyone with me”...

I was in Brookland cemetery, a very rich person we are burying. There was a cover and under it there is a beton, a concrete room. And they are opening this cover and with ropes sending it down; no one coming under it. They are fearing if another one they are covering him also under it...I was saying: “O people, I shall give to that one who may be here up to morning to be with that one under this, I am leaving open this cover to be side by side with this person, I shall give to you 1o.ooo Pounds. Who is there?” Saying, people running away....”Ya Hu come! I shall give you are check 1oo.ooo Pounds!” “O Sheikh, if you are giving us England’s banks whole golden, we are not coming! Up to morning we may die also with that, fearing under it”...No one! We left it, covering, (and) people run away...

That is the final point of man. So many people they never reach to be buried also. So many events happening, people just buried hundreds on same place...Audhu bi-llah! That it the final point of our life. That person was millionaire or billionaire- what is the benefit? But never thinking!

Therefore Islam giving to mankind a power for thinking. Think on yourself, think on your beginning, think for your ending; how began your existence, how ended? People not (thinking), people they are drunk people. And troubles like flood of Noah covering everywhere. I am not seeing anyone in that Shaitanic box, TV, one person even smiling. What to laugh! Smiling people no. Only smiling people they are making toys, puppets, they are smiling and laughing, but man through that TV box no one. All of them their face the face of Hells people. Allah Allah!

O people! We are coming to learn, we are coming to know something, and to know something its way passing through learning and learning through knowledge. Knowledge, real knowledge that now people they are denying it, is knowledge of Heavens, that coming. That is real knowledge. But they are making it away, throwing it away and bringing such foolish things and nonsense things, they are saying: “This is knowledge that mankind must follow, must be happy and in peace.” They are liars!

May Allah forgive us and grant to you from His endless Mercy Oceans. Therefore I am calling people from East to West, from North to South as whole Prophets were calling people to Allah only, to their Lord, because peace is to be with their Lord! If not reaching, never ending troubles here and Hereafter, punishment and fear and suffering climbing, never coming less. May Allah forgive me and forgive us and give His blessings.

I am looking what coming from Heavens. Two promises: One coming mercy whom they are running to their Lord and another promising that coming as a punishment whom they are running away from their Lord. May Allah forgive us, for the honour if the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha...La ilaha ill-Allah, La ilaha ill-Allah, la ilaha ill-Allah, Muhammad Rasulullah...It is not what Sheikh X asking, but for common people, for whole people... Sheikh X his station I can't reach...If I can reach, I shall speak to him...He is also very serious person, never smiling...Eh- when looking to me may smile...

## Allah is the main power station

Allah says that He has all power, and that His servants are powerless. Only Allah has Absolute Power, and only He gives power to the whole universe. Divine Power is within everything that is in existence. Allah is the main power station for all creatures. If you know this, you know that as much as you are powerless, you must ask from your Lord. Therefore the Prophet asked his Lord: “Oh my Lord, don’t leave me to myself, my nafs, for even the blink of an eye. If you leave me to myself, I will perish.” He was asking for Divine Help and Power every moment, in all conditions throughout his life.
He used to say that he was only a powerless servant and completely dependent upon his Lord; and when he said this, Allah Almighty gave him from His Absolute Powers, saying: "For as much as you are admitting your own powerlessness, that much power We will give to you." All Divine Help and Power comes to weak people more than to powerful people. As much as you are in need, as much as you are opening to Allah, help is coming. If you don’t feel in need of your Lord, you will be left to yourself, and you will perish.

**Allah swt is the sole designer**

Allahumma salli wa salim ala Nabiyyina Muhammad alayhi salam
Salatan tadumu wa tuhda ilayh ma marra l-layali wa tula dawam!

As-salamu alaikum!
Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded!

All of us we are servants.

Audhu bi-llahi mina shaytani rajim
Bismillahir Rahmanir Rahim
La haula wa laquwatta illa bi-llahi-l Aliyu-l Azim.

Welcome to you! As-salamu alaikum!
ALLAH swt Designed everything in the smallest detail

It is an association; we are all servants, we are all (from the) generation of Sayyidina Adam, nothing else, nothing else... and Islam (is) coming for teaching people and to remind them that they are servants, nothing else. don't say: I am something else, no! If you are claming that you are something else - after to be (from) mankind, what you are asking to be? To be (a) donkey, to be (a) camel, to be (a) bear, to be (a) wolf, to be (a) fox? What you are asking?

Enough honour granted to you Allah Almighty, what you are asking? No, I am something else. You are not something else, you are (from the) generation (of) Adam Safiyullah, (the) first man, that Allah Almighty created him by His Divinely Hands.

And (He is) giving to you your form or better: He is (the) Designer for mankind and He, (the) Almighty, that

His Power or His Ability (is) everending, He is (the) Creator and when He is creating, (He is) designing also. He is designing, (He is the) Designer for everyone; you can't find two persons to be 100 % on (the) same design, no!

And He, (the) Almighty, (is) designing (you) first to be male or female. He is Designer. When a woman (is) getting pregnant, He is designing to be that child through the womb of his mother (male or female); He (is) only giving His Divinely Decision or His Divinely Will to be that one through the womb of a female to be male or female.

No one can involve in that case! His Will, Allah Almightys Will, (is) doing everything, designing and creating, as He likes. No any ones will may be there, no!

Allah Almighty (is) designing (you) first to be male or female and He is, Almighty Allah, giving our forms, giving our colours... (They are) so foolish ones, (these) people now, that they are fighting to their Lord: Why my colour is dark or: Why my colour is green?... There is green also?? Yellow...yellow with blue becomes green...

Why Europeans are white and (have) yellow hairs? Why our hairs (are) like this, curly? What is that! Say: Alhamdulillah! My Lord (is) designing me with this colour!

What (is) saying Allah Almighty? He is asking: O people, do you think that anyone can do better than your Lord colour? He likes and makes your colours and (He is) saying: Ohhh, so beautiful colour, dark colour, yellow colour, red colour, white colour... but not green colour... green - there is green?...

He is doing (the) colours of your eyes to be green, brown, black... not yellow! Yellow eyes (are) for snakes...He is giving the colours for your eyes... Alhamdulillah, no red colour eyes! (They) may swallow everything... Red colour eyes - they are so violent, most violent creature should be, when their eyes (are) going to be red colour...

Be happy with your appearance, your 'looks'

O people, think on it! don't quarrel with your Creator! don't say: Why my nose (is) in such a way! Why my

height is so short?... and some of them (are) 2 meters high or, I am looking someone (was) coming here also.. 3 meters... from where? One from European, one (from Africa)...

O my Lord, as You like! Give to me from Your Divinely Lights, to be my heart to be shining with Heavenly Lights lightening! Ask Heavenly Lights, don't ask these colors that people now (are) fighting on it, asking to change it, and they are thinking that there is better colours, no! You must ask Heavenly Lights, to shine! Try to reach that Lights. It is not important our colours, no, but what Allah Almighty (is) dressing you on your creation from Heavenly Lights, that is important!

So many people that their colours (is) dark colours, when they are passing through (the) desert, may follow them wild animals, asking from that one: O our Lords razi person, our happy servant, that you are happy with your Lord design, what (He is) designing to you...

One person (was) coming to (the) Prophet sallaLlahu alayhi wa sallam - and he was a short one and there was something on his back, hunchback, and (his) eyes (were) like this, like that, and his nose (was) like this and his mouth and his neck (were) like this and his feet - one (was) like this going, one (was) like that going... (He was) coming and saying: O ya Rasulullah! Do you think that anyone my Lord, Rabbi, created more ugly than me?

(Rasulullah was) saying: don't say this! Ama tarda an takun yaumu-l qiyama ala surati Gibril - are you not happy that on the Day of Resurrection you should come in the form of Gibril and his beauty?

And (that man was) saying: O ya Rasulullah! Tauba, ya Rasulullah! Razi, I am happy to be (on) the Day of Resurrection on such a beautiful design! I am happy! Tauba, ya Rasulullah, that I said to you (this)! I am happy (with) what my Lord (is) designing me!

Look Islam, how (it is) dealing with people and teaching them makarimu l-ahlak, the highest manners! How (is is) dealing! Saying (to) that one that he was saying: Everything that may do a person to be seen ugly, I am carrying, ya Rasulullah! Then Rasulullah (was) saying: Are you not happy to be the Day of Resurrection on such a beauty that angels they should have? (And he was) saying: Ya Rasulullah! Tauba, ya Rasulullah! I am happy, I am happy...!

People they are not happy that Allah Almighty created them from Adams generation! (He is) not making them, not creating him as a donkey, as a dog, as a wolf, as a fox, as a bear, as a camel, as a lion, as a tiger, as a crocodile... (but as a) man, from mankind!

Everyone, when they are looking and seeing people, they are not happy, they are saying: Tuhh! for you, that your Lord created you as, from (the) generation of Khalifatullah, (the) deputy of Allah Almighty! You are written on it and you are saying, you are complaining? What is that! Cursing on you coming!

Who is going to be happy with Allah, Allah (is) going to be happy with him! If he is not happy with Allah Almightys Tajalli, manifestation, Allah is not happy with him. If Allah Almighty (is) not happy with him, what he is going to reach? Nothing, nothing, nothing!

You can't find even an ant to object on its creation (and) to say: Why, my Lord, You created me (to be) under the feet of mankind or other animals? They are not saying anything, they are saying tasbih, glorifying their Lord, saying: Glorifying, glorifying, O our Lord to You, that you are bringing us from nothing to be something and You granted us to glorify to You! Ants (are) saying (this), (but) man (is) not saying: O our Lord, thanks to You, that You created us, from (the) unknown, bringing us in (the) known world, and making us to know, to understand! And we are complaining, complaining- naudhu bi-llah!

O people, Islam (is) coming to teach people (the) highest manner that can be for a servant towards to their Creator!

O people, try to be (a) much more glorifying one for Your Lord and His doings that (He is) doing, then you should be happy here and (in the) Hereafter!

May Allah bless you, for the honour of (the) most honoured one in His Divinely Presence Sayyidina Muhammad sallaLlahu alayhi wa sallam,

Fatiha.

Allahumma salli wa sallim ala Nabiyyina Muhammad alayhi salam Salatan tadumu wa tuhda ilay ma marra layali wa tula dawam...

Subhan Allah, Sultan Allah... Subhan Allah, Sultan Allah... Subhan Allah, Sultan Allah!

Subhan Sensin, Sultan Sensin... Subhan Sensin, Sultan Sensin... Subhan Sensin, Sultan Sensin, ya Allah!

Ziyadatan li sharfin Nabi wa alihi wa sahbi wa mashaykhina wa ila ibadiLlahi salihin,

Fatiha

**Ya Allah, keep us, put all of us under Your protection from evil and devils**

Meded, ya Sultan-ul-Awliya...Meded, ya Sahibu-l imdad...Ya Allah, keep us, put all of us under Your protection from evil and devils. The whole world is just covered with a dark darkness; no light on it. Darkness covering light, and that means that good ones just disappeared or they are hiding themselves. That one????just covered all our world That is we are fearing from Allah Almighty's revenge, because the earth is asking to throw away all people, who say: 'No God', away, over itself into space. Some people through their tongues say: 'No God', another group is not saying it through their tongues, but through their actions and dealings. The meaning of their actions and dealings is going to be the same like those people who say: 'No God' through their tongues, and they are declaring: 'No God' through their actions and dealings.

If a person doesn't take care for the holy commands of Allah, what does it mean?????On behalf of Allah Almighty??????? divine orders came to Rasululah sws, who was ordering his nation: 'Five times a day you must call them for obedience, for servanthood, to pray to their Lord Allah Almighty. Call them to pray, call them to listen, to hear, and to keep My orders.' Coming, going...People never interesting or taking any care that their actions' meaning is: 'We are not accepting that order, or who is ordering to call Adhan.' That is denying the existence of Allah Almighty through their actions. The holy command says: 'Don't drink wines', but people say: 'We are drinking, we must enjoy ourselves.' If you tell them that the Lord of Heavens is preventing that, making it Haram, they say: 'He may do. Who is that one? I am enjoying with drinking, with wines. I don't care about any order.' His action is the evidence that he does not believe in the existence of Allah Almighty.

Therefore now the whole world is running through a dark darkness. When the Children of Israel made a golden cow they were making Sajdah to it, saying: 'This is our God.' They also said that Musa a.s. lost his God

and that he went to look after him. Samiri said to the people: 'Your God is here- the golden cow.' No one can be happy with gold like the Children of Israel; their hearts are full with the love of material, gold. Therefore- from their jealousy finally they collected all gold from the hands of people. They give them paper, cheat people, and say: 'This is like gold. Take this and give your gold to me.' They collected all gold from the world, putting it under their seats...Where they sit, dig and you will find gold there...Taking gold under their control, and people are very happy with paper...

In the beginning one Pound was one coin. They took the gold inside, and now they print for one gold coin 9o. ooo papers...They took one coin from the people, out it in a case and gave a banknote, written on it: This is equal to one coin. Just 8o years ago or at the beginning of the 2oth century. Now one coin of Reshat gold is 9o. ooo Turkish Pounds...They printed new...If you ask to take back your coin, you must pay 9o.ooo Turkish Pounds!

Therefore I am saying the love of gold just sank through the hearts of the Children of Israel; their hearts are full with the love of gold. They like it so much. They did the biggest false/wrong, making this paper money. Paper can't be money, but they invented this. Now too much headache for them, because that building that they built is coming to fall down and soon it is going to fall on them. They take care?/that they should also be bankrupt, not only other nations are going to be bankrupt. They are scared and in fear that what they did may fall on them and finish them, because they did paper money. From the beginning of history on earth no other nation ever used paper money. That foolishness is for 2oth century's people. Governments and states are so foolish to accept paper money. Blame to them who say: 'No civilized people 1000 years ago, we are most civilized.' Civilized people use paper money? What is this?

There are some coins also, but its metal never going to be valuable. This is 25.000 TL, but the metal they use is more (worth) than these 25.000 TL. They did it and taking whole reigns of economy through their hands, because they use that paper. Never leaving anyone to use it, becase paper money no meaning, no value. Now they changed European money to Euro, to make...?

Americans make paper money, and to cheat people they write on it: In God we trust...All crises under their head coming. In the time of Moses they did their worst to him, and Samiri..if this first President was seeing, he would die...When they made their God as a cow, because a golden cow is shining, their eyes were big and

Samiri was shouting: 'Ohhh', and after a while: 'Ohhhh', and he said to the people: 'Look, your Lord is here, shouting', he said: 'This is your God. Moses lost his God and he went to look after him.' And the Lord of Heavens was angry with the Children of Israel. When Moses was coming, He ordered him: 'All of those who worship that cow must be killed.' That is the heavenly order that is going on up to the end of the world. Who is worshipping gold, money, should be killed, destroyed. That is my fear now. All people worship money. They should be killed. And when that divine order came to Moses, those, who didn't follow Samiri, who didn't obey him or came to his calling, not answering, were ordered to kill everyone that worshipped and obeyed Samiri, coming and accepting the golden cow as their God.

But it was so difficult for the killers to kill these people that some of them were their children, their fathers or mothers, sisters, brothers or uncles etc. It was so difficult, and they were hesitating how they could do this. And Moses asked from Allah Almighty to show a way that they can do that without hesitating. Then came a black cloud, a darkness, daytime going, that day was like night. Only one day was like night, and through that darkness they were killing, not seeing whom they were. When the number of those people who should be killed, (was getting so big), Moses and Haroun a.s. fell into Sajdah and asked: 'O our Lord, pardon the Children of Israel they are just going to be killed all. Give Your pardon, mercy on the Children of Israel.' That time that cloud, that darkness, was getting up everything stopped, and it was just that the last one was killed, and their number was 70.000...

Now I am fearing that should be now a big, huge, terrible killing of mankind that never happened before. From seven people one will remain and six are going to finish. Or from six one will remain and five must be killed. That is what we are calling Merhamet Kubra, the biggest war, which through other holy books is mentioned as Armageddon. It never happened before and it will never happen again afterwards.

Who should be with Allah is going to be protected. Who is not taking care and says: 'No God' through his tongue or through his actions, he should be taken away. Finished. May Allah forgive us and bless His servants??????We are saying pardon to Allah Almighty for the sake of His most honoured Prophet S. Muhammad sws.

**Allah weint nicht, Er Lacht**

(engl.: HowToPray)

Bismillahirrahmanirrahim

(Sheikh Effendi erklärt einem arabischen Murid, SK, wie man beim Gebet zu stehen hat (die Füße eine Hand breit auseinander, nicht mehr) und dass man die Sura Imran zuende rezitieren sollte. Dann fährt er fort:)

Zur Hölle mit den Wahabis! Ich habe es noch nie gemacht, es ist verboten, das Rezitieren zu stoppen. Diese Wahabis haben alles (Wissen) ausgelöscht. (Sheikh Effendi liest die Sura Fatiha mit unbewegtem Gesicht und monotoner Stimme und zieht das "dolin" übertrieben in die Länge). Ich habe (dann) das Gefühl, ich falle zu Boden. Was soll diese überlange Rezitation? 18 Alifs (long).

(Zum Muriden hin:) Er ist verantwortlich, er muss es wissen. (Versuche nicht) diese nachzuäffen; der Prophet s.a.s liebt diejenigen nicht, die unsicher sind. Der Prophet hat nie so rezitiert, aber sie wollen gegen die Ahl al Sunnah sein. Astaghfirullah. (steht auf) "Gib jedem sein Recht!" Ist das Hadith oder ein Verse? Hadith Sharif. Also: Warum erweist du deinem Bart nicht auch die wahrheit? Ha? Sprich! Du mußt, es ist ein Muß für die jungen Leute! Sie sagen (immer) oh oh, es macht nichts, nein! Nein, es macht nichts. Was

erlaubt ist, ist klar und was verboten ist, ist klar. Die Wahrheit ist klar und die Falschheit ist klar. Er (der Murid) kam, um diese Worte von mir zu hören, er hörte sie nie zuvor, weil er sie nicht selber finden konnte. Und er wurde geschickt von den budalaa, sie schickten ihn hierher. Sie sagten ihm, dass er die Sprache nicht verstehen würde, aber er würde die Worte dieses Sheikhs verstehen. Astaghfirullah. "In Zypern, gehe zu ihm, er wird mit dir schimpfen."

(Schnitt)

Allah swt lacht? Weint er? Allah swt lacht und weint nicht, hasha! Zu Weinen ist ein Zeichen von Schwäche, ein Zeichen von Unfähigkeit, ein Zeichen, dass man Diener ist. (Nur) Allah ist der Unwiderstehliche, der Bezwinger, der Verleihende, der Versorger, der Ehrenwerte, der Allmächtige, der Dominante - wie kann er weinen? Audhubillah, er lacht. Lerne diese Hadithe über die Wahrheit des Lachens auswendig. Allah swt lacht. Mach es ihnen klar, dass, wenn unser Herr lacht, wir ebenso lachen. Es gibt einen Hadith, "Wer auch immer ein Volk imitiert, dann ist er auch von ihnen", und selbstverständlich ist Allah swt glücklich, dass seine Diener lachen. Deshalb: Weint nicht, lacht! Es ist besser, die Leute zum Lachen (als zum Weinen) zu bringen!

**Allah loves to hear: "La ilaha ill-Allah!"**

May Allah finish this technology! It became the bela and ceza of the nations! La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Adhim... Allah Allah, Allah Allah...
As-salamu alaikum! As-salamu alayna wa 'ala 'ibadi-llahi salihin!
Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded!...
Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim!
Allahumma alhimna rushdana wa aidhana ?? min sharri anfusina!

O people, all of us we are on same level. One level = our physical being, one level = spiritual level. Physical level = our physical being. All of us living on surface of this earth. This on our physical level being. Yes? No one another level to be over ourselves; all people gravity of earth making them to be there. Second level- Sleeping? Hungry? Angry?- Second level- that all of us, including Prophets pbuh, including all Awlyia, Salihin, Mu'minin, then Munkirin, Kafirin, Dhalimin, Atheist people- all they are on the level of servanthood. All of us servants! No one can pass over servanthood, no, only on that level you can find good servants, bad servants, believing people, unbelievers- but they are on same level, level of servanthood.

The Seal of Prophets pbuh and upon whole Prophets, they are saying: "We are servants!" No one claiming more than this. Therefore the Seal of Prophets pbuh S.Muhammad sws: "Ashadu an la ilaha ill-Allah, wa ashadu anni Muhammadun 'Abduhu wa Rasuluh!" He is saying for himself: "I am

declaring that: ‘La ilaha ill-Allah’ only our Lord One; He is our Creator and He is only Lord, the Creator (of) everything!” (This is the) declaring (of) nall Prophets and the Seal of Prophets saying also: “I am declaring the Unity and Existence of our Lord Allah: La ilaha ill-Allah, la ilaha ill-Allah...
(Here Sheikh Effendi is starting a short Dhikr, repeating: ‘La ilaha ill-Allah’ for a few minutes, ending with:) La ilaha ill-Allah, la ilaha ill-Allah, la ilaha ill-Allah, Muhammad Rasulullah, alayhi salatullah wa salamun!...

Therefore the Lord of Heavens, the Creator, our Lord, our Creator, He is declaring to His Prophets, saying that and Prophets (are) translating (to) us from Holy Words of our Lord- He is saying and Prophet saying-: “Afdalu ma takallama-l bihi ‘abdu (?): La ilaha ill-Allah!” Most lovely and most valuable, most precious, most beautiful saying that mankind is speaking, the Lord, saying (is) to say La ilaha ill-Allah!

What speaking? Allah giving us our tongue to speak and we are speaking everything, but through everything that Allah Almighty happy to hear from His servants, (is) to say: “La ilaha ill-Allah!” Allah Allah!
Making Allah Almighty to be pleased with you.

Therefore, even a person, last moment, if he can say, last word from his tongue to say: “La ilaha ill-Allah”... that makes the Lord of Heavens happy and pleased with that servant and ordering Angels: “Take that (one) who (is) saying My Unity, saying ‘La ilaha ill-Allah’, take him (to) the Way of Paradise!” So important! So important, and Shaitan insisting, particularly cheating Christian world; all of them to say:
“3” -ha ha- “trinity.” “What is trinity?”
“We are saying: One equal three, three equal one.”
“What mentality (is) this? One equal three, three equal one, trinity?”

Trinity, that never accepting mentality, to say ‘One equal three, or three equal to one’, but Shaitan (is) teaching. If you are asking: “Why you are saying this?” “We are keeping our traditional books; what is written in it, without any discuss, we are accepting!” If you are saying: “It is opposite of mentality, why?” “We are not discussing on it!”

Once three Bishops or three learned ones from Christians going to China and they are asking from King of China an interview. And Emperor saying: “Let them to come.” They are coming in front of Emperor. “Say: From where (you are) coming?” “We are coming from (the) Christian world, from West countries.” “What is your mission?” “We are asking to teach you our religion and to call you to believe, as we are believing.” “Okay”, Emperor saying...- O Allah send us one Chinese, (so that) when I am saying (something), he may translate (it) in(to) Chinese Language!...Mandarin... and Orange... “Say: What is your religion?” “We are calling (you) to believe what we are believing.” “What you are believing?” “We are believing that there is Father, there is Son, there is Holy Ghost.” “What happening among themselves? All of them on same level?” “Father Father, Son is Son, Holy Ghost their servant.” “How? Who is ordering, who is following?” They said that: “These, all these three they are one and one of them also equal to three.”

Chinese that they are always using this grass and then sleeping... Emperor opening his eyes, saying: “What you said? Three equal one and one equal three?... I am not so much drunk...what saying? Three equal one, one equal three?...” Emperor was drunk, but awakening, saying: “One equal there, three equal one...what is that? You are saying I must believe in such a things? What we are believing is better than your beliefs. We are not saying such a nonsense thing to say people: ‘O people come and believe in one that (is) equal to three! Come and believing in three that (they

are) equal to one'! You are free, go!" Then his ministers saying to their Emperor: "O Your Majesty, how you are giving permission those people to go around your territory and calling people to their religion?" "I wish, yes, you said something true, but I know something else. I let them to go and to speak to people and they are doing their missions, because when they are coming and saying such a foolishness, I don't think that anyone should follow them: Therefore I am giving them permission: Go Eats and West. If anyone is accepting three is equal one, one equal three, they may follow, take them!"...

Now 21st century people same mentality to look Christianity. They are refusing Unity of the Lord of Heavens and saying: "Trinity." Trinity is Batil, false. Therefore Christianity (is) finished, just finished, no any function on the conscience of people. Never! I never heard someone that becoming Christian now. Only perhaps that one asking to marry a Christian girl and must say this false wrong word or one girl asking to marry to some Christian and she must accept this, without accepting through their heart, saying: "Yes." Finished; no any speciality for Christianity. And they are so many sects, no one is showing right path, right way towards Heavens!

We are prepared to... our direction (is) to(wards) Heavens; they are making down... Yes, Muslims they are not in such a way for technologia; Christian and Jewish people they are so clever. Muslims they are not working on it too much. Because Christians (are) working for Muslims, why you are tiring? They are asking their ways to Heavens, they are asking to be on earth, therefore they are making so many useless things from technologia and from technologia they are fearing, not fearing the Lord of Heavens!

O people, therefore level, our level, for every kind of man, for

humanity, spiritual level (is) servanthood, to say: “La ilaha ill-Allah! No God but Allah!” And if anyone (is) saying this and making his finger like this (Shahada position)... Christians (are) never touching that dead body. (They are) saying: “That one is out of Christianity, take him to (the) Muslim site!”... Alhamdulillah, they are not accepting, better!...

You are coming here to know, to learn something. I am only a weakest servant of our Lord- if He (is) accepting- even weakest. But I am crying and asking that He may accept me (as) His weakest servant. I am doing nothing for His Glory! His Glory (is) from pre-eternal up to eternal! Our glorifying (is) never giving any glory to our Lord, but He (has) ordered ourselves for glorifying Him, (the) Almighty, because when His servant (is) glorifying his Lord, (the) Lord (is) giving glory for His servant.

Not from His (Own) Glory, no! No, it is impossible to reach or to ask Glory from Allah Almighty! Only on our level- that our level (is the) servanthood level, and (the) servanthood level, if His servant (is) glorifying his Lord, He is giving a glory to His servant, according to their servanthood level. No more! Don’t think that Glory of (glorifying) the Lord of Heavens (is) granted to creatures, ha sha, can’t be, can’t be! (The) one spot from His Glory Oceans that belongs to His creatures, one spot, it is enough to fill (the) whole world with glory! That glory that we are knowing, only so big oceans that Allah Almighty (is) granting. Don’t ask from His Glory! His Glory (is) only for Himself; no one can be able to enter in that Ocean, because (there is) no another Lord, only He is one Lord! La ilaha ill-Allah! O people, you must come and you must say: “La ilaha ill-Allah, no God but Allah-Subhana Hu wa ta’ala!”

Glorifying, absolute Glorifying Oceans that you can’t imagine, (are) for Himself! Every imagination for Allah Almighty’s

Oceans that is imagination also, no real!
O people- come and listen and accept your Lords Glory and make your Sajdah in front of His Glory! Allahu akbar!... Make: Allahu akbar!...Make: Allahu akbar!...everywhere- it is okay! No direction for your Lord!... Understanding?... Make Sajdah!... Afarin (welldone)!...
May Allah give us an understanding! It is important!
Therefore Allah Almighty He likes to say His servants: ”La ilaha ill-Allah!” How Arabs (are) saying? “Ma fi minnak!” They are very happy...
If you are saying to me: “Ma fi minnak, ya Sheikh”, I am happy!...
May Allah forgive us! May Allah bless you and grant us some servants from real servants to be sent on earth and to stop whole ‘sharr’. (For) whole troubles, problems, He may bring (a) solution. If no any involvement (is) coming from Heavens- people they lost their ways; they can’t find any solution for any problem on earth. (They) must say: “La ilaha ill-Allah! La ilah illa-Anta, Subhanaka, inni kuntu mina dhalimin!”
We must say: “We are really disobedient servants!” Because our shepherds (are) following Shaitan, therefore we are sorry. O our Lord, we can’t do anything, You can change those bad shepherds, bad shepherds, bad leaders, and send us good ones to lead ourselves to Your divinely Presence! O Allah, Ant-Allah!”
Bi hurmati man arsalta alayhi Surati-l Fatiha! For the honour of the most honoured servant S.Muhammad sws, Fatiha!

**Allah loves to see His servants to be happy and grateful, not depressed, but masruran, ferhane, content with people**

---

Allah loves to see His servants to be happy and grateful, not depressed, but masruran, ferhane, content with people. Why people are not happy?
We are created as human beings, not as animals, but people are not happy with their Lord. Think about people in hospitals, who are only breathing and fed through pipes...People don't take a lesson from what is happening in Palestine. Think of Sayidinna Yusuf who was thrown into prison with injustice, who came out and became the king. Think of all the favours of Allah towards you and thank Him, give Shukr. The Jews were 40 years in the desert as a punishment for their ungratefulness, going in circles...Gratefulness increases Allah's favours.

The problem about learning is that one forgets when the brain is working by batteries. But if the servant serves Allah for 40 days with sincerity, then Allah gives him wisdom on his tongue. Where is the knowledge of Abu Bakr, who only transmitted 30-40 Hadith? He passed it on from heart to heart. In Islam there is no 'Doctor of Schariat'. That is a Jewish title. There are only Ulema.

**May Allah grant us a good understanding**

Destur ya Sayyidi, Ya Sultanu-l Awliya, Destur ya Rijalallah, Meded, Meded...

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Talabu-l ‘ilmun faridatun ‘ala kulli Muslimin wa-l Muslimat...By the Name of Allah Almighty, most Merciful, most Beneficent and most Magnificent...

May Allah grant us a good understanding, but He is not granting His grant directly, ‘mubasharatan’- it is impossible- but Allah Almighty (is) teaching His servants through His chosen servants. They have a special structure through their physical being as well as (through) their spiritual being they have a speciality. They are not the same as common people, no, can’t be!

He Almighty created Adam, He prepared him. No any other creature He is going to do, to make them or their design directly by Himself. That honour is granted only to Adam a.s. He was giving his form, his design. Any other (creature) you know (who has been given that honour)? Angels? Angels are heavenly beings. Their creation is (through) “Kun, fa yakun”; their creation is in another way. They are heavenly beings and Heavens is not material things. Their existence is from divinely Lights and they have existence, but their existence is just different from the existence of ‘ardiyun, (of creatures) that belong to this earth, this world. Our speciality, our creation, (is) just 1oo % different from their creation.

And Allah Almighty He said through His Eternity: “Oh My Angels; I am going to bring a new creature.” He was addressing through His divinely Presence (to) who was present in His divinely Presence, whom they are all heavenly beings, angels- “I am bringing, ‘ja’al’, I am asking to bring a new creation and I am asking- it is My divinely Will that according to My divinely Desire I am asking- to dress him the honour that no one can

reach from creatures any honour over that honour- can't be! I am asking to bring a new creation and to dress him to be My Representatives" - more than deputy, "giving them that honour and making them to be My Representatives and Deputies on earth. I am asking to bring him!" All the Angels were saying: "We are ready for that honour, oh our Lord!" Subhanallah! They were saying this, but they were not seeing the creation of that new one. When the Lord of Heavens was saying this to (the) Angels, the Angels were thinking that that honour might be dressed on them, but it was impossible, because they can't carry (that honour). Their honour is on another level, according to their creation, but that new one was going to be granted an honour that until that time no one had been dressed. It was prepared (that this honour was going to be given to someone). Angels were knowing this and they were looking (for that honour) and hoping for it, to be for them, but Allah Almighty was saying: "No. It is that one, Adam, who is going to be honoured by being My Representative and Deputy on earth!"

And earth- everything is over the earth, the earth is the main structure, foundation, everything is built on it. The earth is the 'assas', the base. And Allah Almighty was saying: "No. I am creating that one, I am preparing that one, I am bringing that one and he should be a new creature, to give something from Me to you." Adam- "khalaqahu Rabbu 'ala suratu Rahman"- Allah Almighty just created Adam, and, (as) the Prophet was saying: "Who (is) looking to him (it is) as (if he is) looking to his Lord." (And that is) such (a) great, such (a) big honour!

Every form, every design belongs to Allah. Allah Almighty has countless designs. He is that One that one (of His) Names is: (The) Designer, Al Musawwir. And, as He likes to show (something) from Himself according to the level of creation- not more up, no, that is (an) impossibility; no possibility for himself, Adam- but Allah is granting to him a design that every creation may look and understand something from His designs and His designs (are) countless, unlimited.

Therefore the Lord of Heavens (was) saying (to the Angels): "No, it is not for you. Your creation is different and Adam's creation (is) going to be a very special creation. I am making his form, I am his Designer; with My divinely Hands I am giving his form and design!" Any other creature reached to that position? Therefore (even) the worst one that (is) going to be under the umbrella of 'mankind', is granted that honour- (he is) just honoured. And Allah Almighty by His divinely Hands (was) giving Adam's form and then, from Himself, (He) was giving from (His) divinely Spirit, blowing into him. That is an honour that it is impossible to be granted

to any other creature, from the beginning up to the end. Can't be! The last horizon or the last limit or level for all creatures (is) to reach that point, but all creatures are under the level of Adam and his generation! (And) Allah Almighty was making this for all mankind.

And then Allah Almighty directly created Adam and (He was) blowing into him from His divinely Spirit and Adam was standing up and looking and glorifying his Lord. Then Allah Almighty was giving honour (to) Adam and his generation, his Children. Indirectly (it was given) for common people. Directly Allah Almighty was giving that honour to Adam first, because he was (a) chosen one, (the) first chosen one. When he was granted that (honour) and he was standing up and glorifying his Lord and (he was) dressed the real honour of being the Representative and Deputy of the Lord of Heavens on earth, Angels were looking and they were saying. "This is another one. He is not from our level." And Allah Almighty was ordering all heavenly beings: "Bow to Adam!" and therefore they were quickly running, making Sajdah, because that secret that Allah granted to Adam to be His Representative- it was 'Amrun 'Azim, that is an endless honour and glory. No any other creature (was) glorified by their Creator as Adam was glorified! Angels (were) knowing this and quickly (they were) running to make Sajdah, bowing to him, only Shaitan was getting angry, saying:" I am not accepting Your Command to bow to him!" And he was saying: "You created him from earth! I have been created from the flames of fire!" He was saying this, but he was not understanding that Adam was created and that for his creation Allah Almighty 'bi dhat', by His Own Lordship, He was making his form. He didn't realize that point, and he said: "I am more honourable than him."

No! You are created by a (divinely) Order to be an Angel or to be from can, Jinn, another kind of creation. Your creation is only (through an Order of Allah Almighty) to say: "Kun" Be, and you are being, but for Adam He (Almighty) was the special Designer. But Shaitan (was) never distinguishing (between) this and that. It was so clear, only he was in depthless heedlessness, Shaitan, (when) he was saying: "He is from earth, I am from fire." Yes, Allah Almighty is knowing what you are saying- why you are saying this? He is your Creator, you are reminding (Him) or teaching Him that you have been created from (the) flames of fire and Adam from earth? You like to teach Him? Is there anyone else in existence to be a Creator? Only Allah! Why you are saying this? But deep heedlessness (was) with Shaitan. He was created only by the holy Command "Be"; and it was coming from the flames of fire a new creation, 'can', and he was standing up, saying: "I am from (the) flames of fire and Adam (is) from earth."

Adam has been brought in existence in a special way that his Designer by Himself was his Lord; Adam's Lord was making this. Shaitan was arguing with Allah, saying: "I am a flame." What is that! (You are a) flame- but He Almighty worked on Adam, by Himself, 'bi dhat'. That was enough honour to reach to that level of the limits of honour through that point. Enough! But Shaitan (was) never understanding this, saying:" I am created from fire flame." Allah worked on you, on your creation, to make you? No! He was (only) saying: "Kun" and you were becoming Shaitan, a 'can', but Adam's creation was in another way. Angels were understanding (and) falling down and bowing to Adam, but Shaitan was saying: "No." Go away! Never understanding!

But now, step-by-step, there is a new opening coming to Awliyas and they are making Shaitan and his aims their target, beginning to bombard (the) satanic mentality. (They are) beginning to cut that tree of pride from him and little-by-little, little-by-little this pride tree is coming down...Ohhh... Slowly, step-by-step, (the) Awliya are going on him to make him to understand. (It was) given to him a (period of) time to think (on it) and he is coming (down) now little-by-little, because the Day of Resurrection is coming, approaching, (and therefore) it is beginning that Awliya are bombarding him, making him to know his position!

Now he is yet drunk, because he is saying: "I am from the flames of fire." Yes, but Adam is not from fire; His Lord by His (Own) Hands was designing him and forming (him) and bringing him in existence and saying: "You are My Representative through creation, (on) earth and (in) Heavens." Even his land (was) going to be the earth, but his honour was through Heavens also. He may be here, but his honour is reaching to Heavens also. He is not only the Representative of Allah Almighty (on) earth, but in Heavens also.

The proof of what we are saying- that Adam also was representing Allah Almighty through the whole of creation- appeared in the Night of Journey of the Seal of Prophets S.Muhammad sws. Adam was carrying that (honour) from the real representative of the Lord of Heavens, the Seal of Prophets, S.Muhammad sws, because if he had not been brought into existence, no Heavens and no earth was going to be (brought) in existence- peace be upon him, sallallahu alayhi wa sallim! Despite the Wahabis, Christians, Jews and everyone! They are under the feet of that chosen one, that most honoured one's feet!

Therefore we were saying that Allah Almighty (is) making it obligatory for all believers to learn. To learn what? To learn the Truth of Reality and to learn (about those) true ones, who are carrying that divinely

Amanat, Trust. And this is a little bit (of an) opening that after this is coming oceans, oceans, endless oceans ...and therefore we are saying that you can't learn anything without a teacher, because mankind is in need of a mediator, or: everyone must have a teacher, so that no one may be able to learn something directly, but only indirectly. Prophets (are) special beings and their inheritors also (are) special beings- you must try to reach one of them and to learn! If not, you should be like wood for the fire of Hells; (there is) no value for those who are not learning. They should be in dustbin! May Allah forgive me and grant to you to learn and to understand! For the honour of the most honoured one in His divinely Presence, S.Muhammad sws...

I don't know. What I am saying, just it is coming from Grandsheikh. It is not coming from books, but he is sending it to my heart, according to the needs of seekers...

## Allah Orders Justice, Charity and Forbids Oppression

O Arabs! A warning for you to say, “Bismillahi ‘r-Rahmani ‘r-Raheem. A`oodhu billahi min ash-Shaytani ‘r-rajeem.” You have forgotten to say, “Bismillahi ‘r-Rahmani ‘r-Raheem,” that there is no power except through Allah Almighty, laa hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Adheem. Allah, Allah. Laa hawla wa la quwatta illa billah.

You like to be addressed, “O Arabs! O nation of Arabs.” what you say is wrong upon wrong as there is no nation of Arabs, there is the nation of the Beloved (s). You have forgotten everything. O Arabs! At the end of 1332, since then you have been working with tasteless things you have fallen into a trap that you don't know how to get out of. Your native language is the language of the Holy Qur`an, but there is no understanding left with you, not with your kings or presidents, general scholars or the public majority. The Holy Qur`an is everything!

**••••• •••••• ••••• ••••••• •••••• ••• •••••• •••••••••**

wa laa ratbin wa laa yaabisin illa fee kitaabin mubeen. Nor (is there) anything fresh or dry (green or withered), but is (inscribed) in a record clear
(to those who can read). (al-An`am, 6:59)

••••••• •••••• •••••••••••• •••••••••

wa kulla shay'in fassalnahu tafseelaa. For clearly, most clearly, have We spelled out everything! (al-Isra:17:12)

Allah (swt) did not leave Holy Qur`an to be a book that is not understood, not in the past or the present or the future, but pity upon you. The first responsibility is upon you since your language is Arabic. As if you do not belief the ancient Words of Allah (swt):

••••• •••••• ••••••••••••

Feehi ayatun bayyinatun. Full of clear messages. (Al-Imran, 3:97)

•••• •••••••••••• ••• ••••••••• ••• ••••••

ma farratna fee alkitabi min shay'in. No single thing have We neglected in Our Decree. (Al-An'am, 6:38)

Anyone who would like to learn or understand, let him read the Holy Qur`an to find his way to the Truth or the righteous way. Today Arabs are killing each other. Are you not Arabs? Why aren't you saying? O Presidents! O Kings! Why are you killing your nations and people in your countries? That is forbidden, but you are doing things that make Allah angry with you and make Shaytan happy with you! Your current state pleases Shaytan, but Allah (swt) is not pleased or happy with the current situation and what is coming tomorrow. Shaytan is very happy and joyful because the Arabs are fighting one another, although they are Muslims and their fighting is forbidden, as Allah (swt) conveyed to His servants through Prophet (s):

•• •••• •• •••• •• •• •• •••

Inna Allah qad 'a`eta kul zee haqqen haqqah. Verily Allah has given to each his right.

It is as if there is an exclusive right reserved for one man, who is fighting for his rights, but rights are for their owners. One of them is called "Saleh" and his deeds are not saleh (good). Allah has ordered his servants to give each his right. However, Saleh is saying, "My right is to be president over the people of Yemen, and Yemen and its citizens belong to me, and I will rule Yemen until my death!" Who gave you such rights? Did Allah give you the right to be a tyrant over the people of Yemen, to kill and oppress them? Who gave you that fatwa (legal ruling) or opportunity? How could this be the state of Islam?

O Arabs! Don't you understand Holy Quran? If the president has rights they must be kept, but when he is

president, people have rights over him as well, and he must give each of the people of Yemen their rights! But he is thinking only about his own rights. Yemen is not only for one person but for all the people of Yemen; for each a share in the land of Yemen. Why are you riding on top of them? Why? Give each one his right! Give them more and keep justice amongst them. Allah (swt) said in His Holy Qur`an and all Friday preachers end their sermons with the holy verse:

**••••• •••••• •••••••• •••••••••••• •••••••••••••• ••••••••• ••• •••••••••• ••••••••• •••• •••••••••••• •••••••••••••• •••••••••••• •••••••••••• •••••••••••••••**

Inna Allaha yamuru bi ‘l`adli waalihsani waeetai thee al-qurba wayanha `ani al-fahshai wal-munkari wal-baghyi ya`ithukum la`allakum tathakkaroon. Behold! God enjoins justice and the doing of good, and generosity towards [one's] fellow-men, and He forbids all that is shameful and all that runs counter to reason, as well as envy, [and] He exhorts you [repeatedly] so that you might bear [all this] in mind. (An-Nahl:16:90)

O Saleh! O Saleh! Your name is Saleh (“goodness”), but your deeds are not good. Be just, don’t be an oppressor! Be a protector of the people and families, and keep their rights. You have been ordered to obey Allah’s Words and He has ordered justice. Had you done good, your people wouldn’t have risen against you, but you are like Qaroon, you have saved treasures, billions in banks inside your country. Why didn’t you do good? The people of Yemen are poor and you have squandered billions, for what? Allah (swt) has ordered you to do justice to your people and kinfolk. Ihsaan (moral excellence) is reflected in the famous Arabic wisdom that humans are slaves/servants to goodness/charity:

**••••••• •••• •••••••**

Al insaan `abeed ‘al ‘ihsaan.

You are Arabs; don’t you understand these words? The same matter applies to the tyrants of Sham, Egypt and Libya. For what are you being tyrants? May Allah (swt) bring them down and fight them! Allah is ordering charity; where is your charity? Arabs are famous for their generosity, as per the famous Arabic saying:

**••••• •• ••• •••••**

Al karam min shiyam al-Arab.

O Saleh! If you are Arab, why didn't you show your generosity to the people and distribute what Allah generous brought upon you from millions and billions? Why didn't you spend upon the poor people of Yemen? Had they been comfortable and happy with you, they wouldn't have risen against you, but you have done what Qaroon and tyrants of old did, until the people have risen against you and proclaimed, "Leave Saleh, leave!" You are the reason and your deeds come back to you. You are the reason that the people of Yemen have risen against you, protesting in the streets and you are using weapons against the oppressed. Is this your character? Is this justice, humanity, piety and faith? Are you not afraid that lighting will fall upon you and strike you from Heaven? Even if there were no clouds, the sky can strike you from an unknown place and kill you without killing the people of Yemen. It is a shame on you! Allah has ordered justice and charity. Justice, justice, justice! And He raises the stations of people.

O Tyrants of Arabs and All Nations! If you don't listen, follow and obey Allah, Who ordered justice and charity, He will crush you here and in your graves at least seventy times! Allah Almighty orders Justice. Allahu Akbaru al-Akbar! Allah Almighty, You are Subhaan, You are Sultan! Your order is on our heads, O Allah!

Allah Almighty ordered us to do justice and charity, starting with our close ones. Also, Allah forbids oppression. Repent to Allah, O presidents from east to west. Leave what is forbidden and return to the good and right way. Arabs have been known in the past as the people of goodness; you have this character. It is a character of Arabs to be charitable.

O Presidents! You have followed Shaytan and abandoned the law of Allah. Allah forbids oppression anywhere, and in Egypt, Libya and Arab countries oppression has filled the world. You left what is permissible and have done what is forbidden.

•••••••••• ••••••• ••••••••

walathikru Allahi akbaru. And the remembrance of God is indeed the greatest [good]. (al-'Ankabut, 29:45)

Instead of the remembrance of Allah, you have taken those groups who sing for you and you drink alcohol and then dance. Is this your Islam, O Arabs? Allah is warning/advising you so that you may remember. Allah (swt) is warning you! Allah has forbidden oppression and the remembrance of Allah, dhikrullah, is the greatest good deed. Why aren't you remembering Allah in the mosques, He has given you people of Hijaz,

Wahhabis and Salafis and others? You come against dhikrullah, but Allah al-Haqq (swt) says, “Remembrance of Allah is the greatest, so say, ‘Laa ilaaha illa-Llah, Laa ilaaha illa-Llah, Laa ilaaha illa-Llah, Laa ilaaha illa-Llah!’”

When the blessed companion, Sa`ad ibn Abi Waqqas (r) and his army walked over the Euphrates they were all saying, “Laa ilaaha illa-LlahLaa ilaaha illa-Llah.” They marched over the Euphrates and reached Persia, and when the Persian soldiers saw that, they said, Behold! Those people walking on the surface of water are not human, they are beings we don’t know. Retreat, retreat, retreat, or you will be finished!”

They were able to walk on water with the power of dhikrullah, which you stand against, saying it is innovation, bid`ah! Kill whoever claims dhikrullah is innovation! May Allah make them the lowest among people, who fight the servants of Allah who recite, “Allah, Allah. Laa ilaaha illa-Llah.” Those who say dhikr is innovation, you got that fatwa from Shaytan, but your time is soon coming to an end! Allah Almighty will make you vanish from existence altogether!

Allah, Allah. Tawbah yaa Rabbee, tawbah astaghfirullah. Repentance and forgiveness, O Allah!

O Arabs! O Arabs! Imaan came through you and has reached all nations through the enthusiasm of your fathers and grandfathers, and now you want Muslims to go back and deviate from the way your pious fathers and grandfathers took? There is no goodness in you, until you return to the Truth! Allah orders justice and charity. Until you return to the order of Allah (swt), this is a divine warning that He will not leave anyone of you!

O Heedless Arabs and Others! Come back and repent to Allah! O Allah! Forgive us and send us a king to fight in Your Way!

Bi hurmati ‘l-habib bi hurmati ‘l-Fatihah.

My Arabic is little but nevermind, edit and publish it. These realities we have related to you. O Allah, forgive us!

Fatihah.

## Allah organises every one's Provision

No-one can eat the provision of the other. No-one can die without finishing his provision. Your children come with their own provision, they do not come and start taking yours. This is a big misunderstanding. Allah the Almighty tells His servants not to worry about their provision. He tells us that He is providing for us daily. "I am not asking you to give me tomorrow's prayer today, but you want to have tomorrow's provision today! Or the provision of a week, a month, a year or a lifetime!" Why don't you ask cats and dogs how they survive? Do they have a trade, a garden or fields? Are they hunting? Do they do any work? Do they have shops, or businesses? Nothing, they have nothing! You are not surprised that they survive? So why do you ask me? If anyone starts doubting their provision, it means that they are doubting Allah's capacity of providing for everyone.

There are 100 people here. All of them have been sent by Him. He has organised for their provision to be here. Everyone takes their own share. Muhammad* used to say that a meal which has been prepared for 2 people is enough for 4 people. A meal for 4 will be enough for 8. If you prepare for 10 you will have enough for 20. Allah gives more barakat the more people come. A host must never be ashamed thinking that he cannot give enough to his guests. It is true that he cannot, but Allah can reach out to all his servants.

## Allah Rewards Charity and Punishes Misers and Tyrants

There are at least 300 people eating here and it is not a burden on me, never. Which one of your princes opens food for poor people? In this way, Allah Almighty shows people's characteristics. Those people who are granted billions or trillions and do not use it for the honor of the Lord of Heavens are like ka-annahum humarun yahmiloona asfaara, humaroon, donkeys that carry treasures on their backs without receiving any benefit from it.

Whoever has billions but is not using it, nor putting it for the benefit of poor people (is wrong)! Today in the Islamic world there are thousands of wealthy people that have billions and trillions, but they are not using it to give to people for the sake of Allah, and their likeness is that of a donkey carrying bags of gold on its back what it cannot use and is unable to give any of it.

Therefore, I was saying yesterday to visitors from Saudia Arabia, as some of them were giving five, ten, twenty, or fifty rials (US $13.30), when there are a million people in Arabia that have treasures but they are not giving to people to use. All troubles and crises throughout the Arab world are caused by this!

Why are the people in Tunis standing up against their government? Their heads are billionaires. Same for Libya: people have very little money for themselves and their families, but jabbar, tyrants, have trillions,

storing it outside their countries! It's the same for Egypt: Husni Mubarak has fifty billion and yet the common people when I was there were eating dry bread. That person whom I visited took me to his home from the mosque – before you or she were born – and he brought dry bread to eat, adding water and serving it with white cheese and nothing else, not even soup.

Millions are sleeping without eating dinner, not even a piece of bread. Why are you making this? Also the same for Damascus and Yemen. They are taking everything from national wealth, the Bayt al-Mal (Islamic institution that collects zakaat and distributes it to the poor), making it in their names and sending it out. So people are saying, "Irfan, irfan, give us and go!" Baghdad and the Arabian Peninsula are the same: collecting, collecting, collecting, but for what?

Our egos are never happy with billions or even trillions; they ask for quadrillions! For what? That is what I was saying to them. It is the main reason for the crisis in Muslim territories. They have the characteristic of a small boy to whom you give a toy, and when another child tries to take it he will prevent him, exclaiming, "No, it's mine!"

That is why we are training people about the honor of Mankind, which is to be our Lord's servant. Our honor is not in our gold and jewels and palaces, servanthood is our honor! How was Rasoolullah (s) living? Did he never think on it (but only collect and hoard wealth)? Their characteristic is that of Fira`oon, who was finally swallowed by the Earth with all his gigantic treasures. Tawbah yaa Rabbee.

Therefore, Man needs a trainer, to train him to be an example for all people, just as Rasoolullah (s) was the most excellent example. But people have lost their place. May Allah forgive us. We are speaking of what has happened, and now for the ummah there are no more trainers. All of them are saying, "No, don't listen to anyone; there is no need for mashaykh. You may recite Holy Qur'an and its tafseer, the explanation, and you must find your way alone." But it is impossible to do that! May Allah forgive us.

Fatihah.

The biggest and most dangerous thing for the ummah is worldy treasure. When Allah is giving to you, give it in charity! Help others! Don't fear that when you give for Allah that you will be losing. He will not cut you off, no. When you open a tap (faucet) water flows, and when you close it, waters stops flowing. Why are you

imprisoning that water when it is coming without stopping! It is coming, then give! “Give, O My servant, and I will give you. I will give you! Give your wealth and trust in Me, believe that I will give. Anytime you give to others, I (replenish it) by giving you more, to continue that grant to My poor servants.”

At least 300 people are eating and it is not an easy number to accommodate, but people never leave here hungry. Any time you may ask for something to eat if you can find it, as Allah Almighty grants favors. Also if giving 1000, must come 10,000, giving 10,000 there must come to him 100,000, and this is particularly true in Rajab, the holy month. Allah opens for those who give. Those keeping in their hands are bad people.

Grandshaykh (q) said that his mother (r) said, “O my son! Make your hand open. Don’t make a fist, make it open. People may take and may also put.” When you are giving don’t think that Allah Almighty will not give to you, hasha. O our Lord! We are heedless people; send us one who may teach us. Allah, Allah. Yet they are not giving to people.

Look at Sham (Damascus). We said they should give to people that are going against the government as it is muqasir, on the wrong way. The Syrian government should say to its citizens, “O People! Come and take a hundred, a thousand!” Instead of giving, they are shooting them! Is that the honor of Mankind? People are asking for something to eat as they have nothing in their pockets, in their hands, or in their houses. They are asking, and you are shooting them!

If those people were happy in their homes and villages, would they come and make this? Crowds of thousands are asking the government, “Go away, because you are finishing us!” Instead of someone generous coming, the government sends tanks, artillery and soldiers to kill them: small ones, young ones, old ones! What is that?! Allah is going to take His revenge on them! That is the government’s mistake, saying, “You made a big mistake demanding that we leave!”

However, their protests are because you are not looking after them; rather, you are saving billions for yourselves when they have nothing in their pockets and no work. Your citizens are pleading, “O our governors, our kings, give us something!” And all you say is, “Take these bullets!” You are destroying their homes, entering their homes and killing hungry, naked people who have nothing to eat or dress in. Also, you are bombing them. Is that showing the world the good character of Arabs?

O People! You are doing wrong and Allah Almighty is saying, yaa umara al-`arab, “O kings or governors of the Arabian people! You are killing them while they are only asking you to give them jobs and homes, and yet you are bombing them!” Ansuranaka, that is Hadith Qudsee: “I am going to help you, O My killed people, if not today, then tomorrow, if not tomorrow, then in the future and I am going to take revenge from them on your behalf, if not today, then in the coming days. I will exact punishment on them!”

You are understanding? The Syrian government is bombarding them on this holy day, Jumu`ah. If they are not understanding, perhaps by next Jumu`ah they will be taken away. One day Allah Almighty is going to take His Revenge from those merciless people! Tawbah, yaa Rabbee.

Fatihah.

The other ones are not supported.

You understand? You are Arabs, correct my words. We are the soldiers of Allah (swt). Language. The Jundullah/soldier of Allah.Junudullah/soldiers of Allah. Singular & plural. I am a soldier from the soldiers of Allah. Nothing else. Jundullah/soldier of Allah.Junudu Allah ...a soldier of Allah. Both of them are correct! Jundullah, Junudullah. Singular & plural. We are, our title is a soldier from the soldiers of Allah. Nothing else, there is no other title for the Muslim. Those who call themselves with different names are not right. What is correct is that we are soldiers of Allah.. A soldier from the soldiers of Allah. Finished. There is no dispute about this.

Remove the titles that you called yourselves, Muslim brotherhood, salafis or others. No! This is the correct one: we are soldiers from the soldiers of Allah (swt). This is our title. Who objects to us may follow the non Muslim groups. It is not possible to object on this matter. All of us, the Muslim world, are the men soldiers from the soldiers of Allah (swt). "And we shall fight in the way of Allah." (2:246) This is an order from Allah (swt) & it is obligatory for us. So exert all your effort & fight in Allah's way. Who fights? The soldiers of Allah (swt).

You know about the eloquence of the Holy Quran & its meanings. But we made a point for our

scholars to notice, not the lowest ones of us, no! but our faithful scholars, not the hypocrites. O our Lord make it happen. The appearance of Sayyidina Al Mahdi (as) will come very soon. He (as) is the one who has the banners of Islam on which are written, we are the soldiers of Allah (swt). Come and face us! There is no one who can face us. Those who are the soldiers of Allah (swt) there is no one who can stand before them, they are always victorious! Victory is with them, masha'Allah! Let our scholars think about it, our Saints our men. Allah knows best about rewards. Fatiha.

"Jundun...Mahzumun.." (38:11) "Jundun Ma Hunalika Mahzumun Mina Al-Ahzabi" (38:11) In Surat Al Tawba (9) "Thumma Anzala Allahu Sakinatahu Ala Rasulihi Wa Ala Al-Mu'uminina Wa Anzala Junudan Lam Tarawha " (9:26) "Wa Ja`ala Kalimata Al-Ladhina Kafaru As-Sufla Wa Kalimatu Allahi Hiya Al Ulya" (9:40) "Wa Lillahi Junudu As-Samawati Wa Al-Ard Wa Kana Allahu Aliman Hakiman"(48:4) "Mahzumun Mina Al-'Ahzabi" (38:11) Is this a verse? "They are but defeated soldiers from the factions"(38:11)

S.A.:It is in Surat Sad,
M:Yes it is in Surat Sad. How powerful is this Holy verse! So powerful. "Jundun Ma Hunalika Mahzumun..(38:11)"Am Indahum Khaza'inu Rahmat Rabbika Al-Azizi Al-Wahhabi(38:8) Am Lahum Mulku As-Samawati Wa Al-Ardi Wa Ma Baynahuma Falyartaqu Fi Al-Asbabi"(38:9) "Jundun Ma Hunalika Mahzumun Mina Al-Ahzabi" (38:11)

Jundun/soldiers, they are glorious soldiers, they will never be defeated. There is support. Support is coming for them. A handful of companions of the Prophet (saws) they turned the whole world with their strength. Fatiha.

Allah (swt) may grant you from His (swt) infinite treasures and grant you the intercession of the Prophet (saws) & the Holy Quran is granted to you from Allah (swt) & His Prophet (saws) in your heart. Masha'Allah Masha'Allah, I am happy! Insha'Allah in the days of the Sultanate of Islam in the presence of Sahib Al Zaman (as) and in the presence of the Prophet (saws) you will read this. May Allah raise you more.

**Jundullah**

Im Plural und Singular sind wir die Soldaten Allahs (swt). Singular und Plural. "'Inna Nasra Allahi Qaribun" (2:214) (Wahrlich, Allahs Sieg ist nahe.) Allah Allah! Allah Dhul Jalal, Habibihi... Jundullah/Soldat Allahs. Junudu Allah/Soldaten Allahs. Ich bin ein Soldat der Soldaten Allahs (swt). Es ist meine Eigenschaft, ein Soldat Allahs (swt), von den Soldaten Allahs (swt). Soldaten... von den Soldaten Allahs (swt). Soldaten der Soldaten Allahs (swt). Oder Jund/Soldat der Soldaten Allahs (swt) MashaAllah! Allah!

Glorie! Sie werden unterstützt. Die anderen werden nicht unterstützt. Versteht ihr? Ihr seid Araber, korrigiert meine Worte. Wir sind die Soldaten Allahs (swt). Sprache. Der Jundullah/Soldat Allahs. Junudullah/Soldaten Allahs. Singular und Plural. Ich bin ein Soldat der Soldaten Allahs. Nichts anderes. Jundullah/Soldat Allahs. Junudu Allah... ein Soldat Allahs. Beides ist korrekt!

Jundullah, Junudullah. Singular und Plural. Wir sind, unser Titel ist ein Soldat der Soldaten Allahs. Sonst nichts, es gibt keinen anderen Titel für einen Muslim. Die die sich mit anderen Namen bezeichnen liegen nicht richtig. Was richtig ist ist, dass wir Soldaten Allahs sind... Ein Soldat der Soldaten Allahs. Ende. Es gibt keine Diskussion darüber. Nehmt die Titel weg, mit denen ihr euch selbst benennt, Muslim Bruderschaft, Salafis oder anderes. Nein! Das ist der richtige: Wir sind Soldaten von den Soldaten Allahs (swt). Das ist unser Titel. Wer uns widerspricht möge den nicht-muslimischen Gruppen folgen. Es ist nicht möglich, in dieser Angelegenheit zu widersprechen. Alle von uns, die muslimische Welt, sind die Männer, Soldaten, Soldaten Allahs (swt). "Und wir werden um Allahs willen kämpfen." (2:246) Das ist ein Befehl Allahs (swt) und es ist verpflichtend für uns. Also setzt all euer Bemühen darin, auf Allahs Weg zu kämpfen. Wer kämpft? Die Soldaten Allahs (swt). Ihr kennt die Eloquenz des Heiligen Koran und seine Bedeutungen. Aber wir haben die Gelehrten auf einen Punkt aufmerksam gemacht, nicht die niedrigsten von uns, nein! sondern unsere gläubigen Gelehrten, nicht die Heuchler. O unser Herr, lass es geschehen. Die Erscheinung Sayyidina Al Mahdis (as) möge bald kommen. Er (as) ist derjenige, der die Flagge des Islam hat, auf der geschrieben steht dass wir die Soldaten Allahs (swt) sind. Komm vor uns! Es gibt Es gibt niemanden vor uns. Diejenigen die Soldaten Allahs (swt) sind, es gibt niemanden, der vor ihnen bestehen kann, sie sind immer siegreich! Der Sieg ist mit ihnen, MashaAllah! Lasst unsere Gelehrten darüber nachdenken, unsere Heiligen, unsere Männer. Allah weiß die Belohnung am besten. Fatiha. "Jundun...Mahzumun.." (38:11) "Jundun Ma Hunalika

Mahzumun Mina Al-Ahzabi" (38:11) In Surat Al Tawba (9) "Thumma Anzala Allahu Sakinatahu Ala Rasulihi Wa Ala Al-Mu'uminina Wa Anzala Junudan Lam Tarawha " (9:26) "Wa Ja`ala Kalimata Al-Ladhina Kafaru As-Sufla Wa Kalimatu Allahi Hiya Al Ulya" (9:40) "Wa Lillahi Junudu As-Samawati Wa Al-Ard Wa Kana Allahu Aliman Hakiman"(48:4) "Mahzumun Mina Al-'Ahzabi" (38:11)

Ist das ein Vers? "Sie sind geschlagene Soldaten von den Heidenvölkern" (38:11) S.A.: Es ist in Surat Sad, M: Ja, es ist in Surat Sad. Wie kraftvoll ist dieser Heilige Vers! So kraftvoll. "Jundun Ma Hunalika Mahzumun.. (38:11)"Am Indahum Khaza'inu Rahmat Rabbika Al-Azizi Al-Wahhabi(38:8) Am Lahum Mulku As-Samawati Wa Al-Ardi Wa Ma Baynahuma Falyartaqu Fi Al-Asbabi"(38:9) "Jundun Ma Hunalika Mahzumun Mina Al-Ahzabi" (38:11) Jundun/Soldaten, sie sind siegreiche Soldaten, sie werden niemals besiegt sein. Es gibt Unterstützung. Unterstützung kommt für sie. Eine Handvoll Gefährten des Propheten (saws) haben die ganze Welt mit ihrer Kraft verändert. Fatiha. Allah (swt) möge euch von Seinen (swt) unendlichen Schätzen gewähren und möge euch die Fürsprache des Propheten (saws) geben, und der Heilige Koran ist euch von Allah gegeben und Sein Propheten (saws) in euer Herz.

MashaAllah, MashaAllah, ich bin glücklich! InshaAllah werdet ihr in den Tagen des Sultanat des Islam und in der Gegenwart von Sahib Al Zaman (as) und in der Gegenwart des Propheten (saws) dies lesen. Möge Allah euch noch mehr erhöhen.

## Allahs Botschaften

Destur, ya Seyyidi. Sprich, auf daß wir dir zuhören. Laß uns aus deinem Herzen sprechen, damit wir überhaupt sprechen können. Wer nicht zuhört, der kann nicht über etwas sprechen. O ihr Menschen, um über etwas berichten zu können, muß man erst zuhören können. Wem sollst du zuhören? Nicht dem, was von dir stammt, sondern dem, was von Ihm kommt. Denn was von Ihm kommt, trägt eine Ehre, hat einen Wert. Das, was von dir stammt, trägt weder Ehre, noch hat es auch nur den geringsten Wert. Deshalb sagten wir anfangs, sprich zu uns, damit wir zuhören, und gib uns Erlaubnis, daß wir das Aufgenommene wiedergeben können.

Wisse jedoch, daß es mit dem Zuhören alleine nicht getan ist. Um zu sprechen, bedarf es einer Autorisierung, einer Erlaubnis. Wer unbefugt redet, dessen Worte sind nichts weiter als leeres und unnützes Zeug. Deshalb, o Mensch, höre auf das, was von Haqq, der Quelle der Wahrheit, zu dir herunterfließt. Denn das, was dieser Quelle entspringt, sind wahre Worte. Allen Propheten wurde aus dieser Quelle aus dem Himmel herabgesandt. Es gab kein Wort, das zu ihnen aus dem Erdreich gesandt wurde. Wenn das Erdreich einen Wert hätte, so wäre es uns nicht unter die Füße gelegt worden, damit wir auf es treten und uns austoben. Zu jeder Zeit seit seiner Erschaffung schaut der Mensch voller Erwartung gen Himmel. Sowohl Segen als auch Unheil kommen von oben, aus dem Himmel. Es gibt niemanden, der die Kraft hätte, das, was von oben kommt, aufzuhalten oder gar abzuwenden.

Daher schicken sie jetzt die Nachricht, daß ihr gut zuhören müßt, damit ihr gut versteht, was von oben gesendet wird. Versucht, richtig zu verstehen, um richtig handeln zu können. „Jede überbrachte Botschaft hat ihre Zeit, wann sie in Erfüllung geht. Ihr werdet es bald erfahren.“ Dies ist, was Allah uns im Heiligen Qur’an berichtet. Er spricht von einer Botschaft. Es gibt also eine Botschaft für den Menschen und das, worüber berichtet wird, ist nah. Niemand kann den Zeitpunkt des Geschehens auch nur für eine Stunde vorziehen oder gar verschieben. Alle Propheten empfingen ihre Botschaften von oben, die sie dann an die Menschen weitergaben, damit diese darauf gefaßt waren, was von ihrem Herrn kommen wird. „O ihr Gläubigen. Wahrlich haben wir jedem einzelnen von euch Unsere Boten gesandt, die euch Unsere Botschaft überbrachten. Werdet ihr dennoch jene verleumden, die euch von Uns berichten? So haltet euch bereit für die Strafe, die euch von eurem Herrn ereilen wird.“

O ihr Menschen, nehmt sie nicht auf die leichte Schulter und verleumdet sie nicht, denn sie sind lediglich die Boten. Denn wenn es eine Botschaft von oben gibt, dann muß es auch himmlische Boten für diese Botschaft geben. Zu jedem Jahrhundert, zu jeder Zeit gibt es einen Boten, der allzeit bereit zwischen Himmel und Erde steht, um die Botschaften aus dem Himmel an die Menschen zu vermitteln. Zu jeder Zeit gibt es eine Botschaft von dem barmherzigen und allerbarmenden oder bestrafenden und erziehenden Gott, und sie ist jedes Mal aktuell. Wenn also Allah davon berichtet, daß es allzeit eine Nachricht für den Menschen gibt, heißt das, daß seine Botschaften nicht vor 1500 Jahren geendet haben. In jedem Augenblick gibt es eine Nachricht, die vom Himmel auf die Erde kommt. Du mußt sie ernst nehmen. Tust du es nicht, mußt du es selber wissen. Vielleicht sind in diesen Nachrichten auch Prüfungen enthalten.

Aber ähnlich den Ländern, die ihre Soldaten haben, die allzeit bereit sind und die Grenzen des Landes gegen einen unerwarteten Angriff schützen und zu jeder Zeit in Alarmbereitschaft stehen, um nicht auf falschem Fuß erwischt zu werden, so hat auch Allah Seine Soldaten. Die Propheten sind Allahs Soldaten, die Awliya’ sind Allahs Soldaten, und jene, die an sie gebunden sind, sind auch Soldaten Allahs. Wenn nicht einmal die Soldaten eines Landes schlafen, wie kann es dann sein, daß Allahs Soldaten schlafen? Daß sie unvorbereitet sind? Nicht vorbereitet zu sein, ist keine Gottergebenheit. Wenn doch, dann ist sie falsch. Deshalb heißt es, stehe bereit für die diesseitige Welt (Dunya), als würdest du niemals sterben, und stehe bereit für das ewige Leben (Akhira), als wenn du jeden Moment sterben würdest. Tust du es nicht, mußt du selber die Verantwortung tragen.

O Mensch! Gib denen Wertschätzung, die die Botschaft Allahs bringen, und nimm sie ernst, denn was von Allah kommt, ist ernst gemeint und trägt eine Ehre. Sie sind die Boten, die weder falsch liegen noch sich irren können. Allah schickt uns zu jeder Zeit eine Botschaft, doch wer weiß, vielleicht empfangen wir sie nicht wegen unseres Schlafzustandes. Daß Er uns benachrichtigt, geschieht, weil Er Rahman und Rahim, der Barmherzige und Allerbarmer, ist. In seiner Barmherzigkeit benachrichtigt Er uns und läßt uns nicht im Ungewissen darüber, was jeden Augenblick auf uns zukommen könnte. Doch, o Mensch, wie viel Wert mißt du dem bei? Wisse, daß man entsprechend deiner Wertschätzung dessen auch dir einen Wert geben wird.

Allah sagte einst zu Jusha, der Friede sei auf ihm, dem Propheten Joshua: „Nimm die Söhne Israels. Es gibt ein Land, in dem eine Festung ist, die von Hünen bewacht wird. Führe Krieg mit ihnen, denn der Sieg ist euch gewiß.“ Jusha, auf dem der Friede sei, nahm die Söhne Israels, und sie zogen los, um die besagte Festung zu erobern. Als die Söhne Israels die Festung erblickten und sahen, daß sie neben den Hünen nur so groß waren wie die Finger an einer Hand, da sagten sie, daß sie es mit denen nicht aufnehmen könnten. Jusha, Friede sei auf ihm, beruhigte sie und teilte ihnen mit, daß sie innerhalb von drei Monden gesiegt haben werden und daß ihr Herr es ihnen so vorhergesagt hätte. Es vergingen sechs Monate, ohne daß sie auch nur einen Stein der Festung einnehmen konnten. Zudem wurden sie von Tag zu Tag hinfortgefegt wie die Blätter vom Wind. Die Söhne Israels hatten keine Geduld mehr und kamen zu Allahs Gesandtem und sagten: „O Jusha! Geh und erobere die Festung mit deinem Gott alleine! Wir machen nicht mehr mit. Wo ist denn das Versprechen Allahs? Wir sollten doch siegen, und statt dessen sterben unsere Leute Tag für Tag, ohne daß sich auch nur ein Stein der Festung bewegt hätte.“ Jusha, auf dem der Friede sei, wurde auf diese Worte hin betrübt und warf sich vor Allah nieder und sprach: „O Allah, stelle mich nicht bloß vor ihnen. Sie konnten deiner Prüfung nicht standhalten. Prüfe sie nicht auf solch schwere und schmerzliche Weise.“ In dem Moment wurde die Erde von einem Beben geschüttelt, und die Festung fiel in sich zusammen und begrub alle Hünen unter sich. Sie nahmen das Land ein, ohne auch nur einen Pfeil abzuschießen.

Allah hat solche Prüfungen, in denen er die Gläubigen mit ihrer Treue und Ergebenheit prüft. Das Versprochene ist mit Sicherheit Haqq, ist wahr. Jedoch hat es seine Zeit, wann es geschieht. Vielleicht ist mit der Zeitangabe eine Prüfung verbunden, mit der sich herausstellen soll, ob du wirklich aufrichtig bist oder nicht. Ob du in deiner Loyalität, deinem Glauben und deinem Gehorsam zu den Siddiqin, den Treuen, gehörst. Allah hat Seine Prüfungen, die niemals enden. Wenn jedoch ein Zeitalter enden soll, damit ein neues

an seine Stelle tritt, so ist das Haqq, und so wird es kommen. Dann liegt es auch nicht in der Ferne und entfernt sich auch nicht von Tag zu Tag, sondern kommt immer näher. Es ereilt uns jetzt eine Nachricht, die uns von dem übermittelt wird, der die größte Ehre bei Allah hat, und diese Nachricht, die uns von unserem Propheten, Allah segne ihn und schenke ihm Heil, über unseren Scheich gesendet wird, lautet: „Armageddon steht vor der Tür.“ Möge Allah uns vor seinem Schrecken bewahren. Fatiha

## Allah’s Creation Is Endless and Unknowable

Suhbah after Jumu`ah

A`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem.

We are becoming more powerful, alhamdulillah. Mashaa-Allah, this is heavenly power is not coming by eating. Allah, Lord of Heavens, Subhaan Sen, He is Sultan, King of Kings! (Mawlana Shaykh stands) Allahu Akbar, Allah Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi ‘l-hamd! Allahu Akbar, Allah Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi ‘l-hamd! Alfu salaat, alfu salaam for the Seal of Prophets (s), for whose honor the Lord of Heavens created everything on Earth and in Heavens! (Mawlana Shaykh sits)

Give your highest glorifying to your Lord, His Majesty, Allah Almighty, and give your most high respects to His most beloved servant, deputy of the Lord of Heavens, to be granted more and more honor, glory and majesty! The Lord of Heavens granted his nation, who are following His most beloved Crown Prince’s steps, which gives honor to Mankind.

O People! As-salaamu `alaykum. Don't think Allah Almighty has only one world. From pre-Eternal up to

Eternity, Allah Almighty is creating; He is the Creator and His Creation is continuous! No one knows about them and so we can't say anything. People think He has only one world with servants on it. Allahu Akbar! He is the Creator and to create is His Majestic identity! He is Creator when no one knows where (He creates)! This planet is like a little spot that astronomers monitor with the biggest telescopes that reach a distance then stop, but it is impossible to truly know all what Allah Almighty creates! SubhaanAllah.

A`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. We are asking for heavenly powers and heavenly understanding, but it is so difficult. Scientists believe in their telescopes, asking to know more about Creation and to reach the gigantic vistas revealed by them. They look and they venture in different directions, but they question (where their telescopes in the universe, not knowing). Their telescopes show us Allah's magnificent Creation, which we can see but not reach!

(Mawlana Shaykh stands) Allahu Akbar, Allah Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, Allah Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! (Mawlana Shaykh sits)

O People! Say, "a`oodhu billahi min ash-Shaytaani 'r-rajeem," to protect you against Shaytan taking you to wrong directions and wrong understandings. I hope one day a black hole will swallow Shaytan!

O People! We are wasting our real positions and real powers with which we were created and we must think on it. Look at yourself; now people are not really looking (at their true identities). They are drunk now because they follow Shaytan, who is asking to carry all Mankind to an unknown black hole.

However, we have been granted such honor that we may look with genuine understanding. If we look and our vision does not reach, still our understanding may reach distances we can't imagine! Our understanding is a grant from our Creator, Allah Almighty, but Shaytan's goal is to cheat people into being wrong ones, to never understand the right way from the wrong way. Therefore, Mankind fails to reach a real understanding. Now nations and people are of no-mind, like drunk ones.

O People! Fight against Shaytan and its evil! We must try to defend ourselves against shaytanic ideas, for if we are not fighting, always we will be in a terrible position and end, and lose our chance for an understanding and to think on it! I wish there were no more technological inventions, as they drop a heavy veil on people

that is impossible to pass through. It came to my heart, “O my Lord! If only technology is taken away, as it is the biggest veil between us and our real being.” People chase technology, asking to fly; they also make trains, cars, and countless instruments, all for what purpose? Technology is a big headache for Mankind because it veils them from their real nature. We were created from Earth, not technological instruments!

The Lord Almighty brought us into existence and granted us vision, hearing, knowledge and power that are so vast, but people abandon that heavenly grant and instead run after instruments that are mere toys. That creates a big channel between us and our true nature, because we run to follow imitated inventions. (When we follow Allah Almighty’s heavenly grants) we can find (everything), but we are leaving that and running to technology, thinking it is much more powerful. No! You have been created by the Lord of Heavens and, therefore, your powers are greater than technology! Don’t follow the wrong way! 21st century Mankind is following the wrong way, wrong understanding, wrong workings, and doing wrong things!

May Allah forgive us. This is an ocean. Imam Mahdi (a) is coming! We are saying (Mawlana Shaykh stands) AAllahu Akbar, Allah Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi ‘l-hamd! Allahu Akbar, Allah Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi ‘l-hamd! (Mawlana Shaykh sits) He will recite takbir and all technology and everything associated with it will be taken away! Then people will say, “alhamdulillah,” and will run to make sajda!

O People! Think on it, as time is over. May Allah forgive us. Try to follow real beliefs, not imitated ones, and Allah Almighty will be happy with you and will grant you what your eyes have never seen, what your ears have never heard, and what you have never understood! May Allah forgive us.

Fatihah.

This is an ocean! You cannot think on it or speak on such a subject; that is for people of Heavens, who are supporting us from those oceans! May Allah forgive us and give all of us a good understanding and (fill our hearts) with deep love for our Lord and His representative, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

I am a weak servant and you are weak servants; I cannot speak more than this as beyond this you cannot understand.

## Allah's Curse is on Those Who Destroy Tombs and Graves

Laa ilaaha illa-Llah. La ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullah. Thumma as-salaatu wa 's-salaam `ala jamee`i 'l-anbiyaa'i wa 'l-mursaleen wa man tabi`ahum bi ihsaan ila yawm id`deen .amadanaa ya rijal Allah amidoonaa.bi madadikum nahnu du`afa. Wa 's-salaamu `alayk yaa Saahib az-Zamaan, ya Saahib al-`unsur, Awtaad, wa Akhyaar, Budalaa, Nujabaa, Nuqabaa, `alayhimu 's-salaam!

And we are saying as-salaamu `alaykum to all our attenders from east and west. May Allah forgive us and grant us from His heavenly honors! We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem, because Shaytan is always wanting for Mankind not to reach any honor here to Hereafter. Khazaahullah, Allah Almighty always makes it down. We are saying a`oodhu billahi min ash-Shaytani 'r-rajeem, and we are taking our sword, Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

O Attenders! Welcome to you! If anyone wants to be welcomed by heavenly ones, they must ask. This is a holy association by our holy people, because time is over now for Judgment Day. For everything there are Signs that should be known and for Judgment Day, there are also signs that were mentioned by the Seal of Prophets (s). As they were mentioned from the beginning of Mankind by Sayyidina Adam (a), and all prophets were speaking of Judgment Day and warning Mankind, "Beware of Judgment Day. Take your care."

That was a warning from the beginning up to the end. Because every prophet came as basheeran wa nadheeran, as a warner and giving good tidings.

O People! We are believers. We must believe that we are created, and nothing can create himself or herself. But we are living in a time where people are not using wisdom, and mostly people are drunk, saying, "No one is creating." Astaghfirullah, we are asking forgiveness. That is a heavy responsibility and (saying this) brings worse conditions on people. If you are asking an ant, "Who created you?" It is going to say, "My Creator, the Lord of Heavens and Lord of all Creation." Even an ant can say this, but from Men, so many people are denying that they are created. They think that their existence is from their father and mother. It is the biggest `ayb, shame, for Man to say this. It is such a big blame! Are they not ashamed to say this? Because they are never using their mindly production that belongs to the Heavens?

Therefore, holy people are very, very sorry and angry with all the people living on Earth, including the Muslim world, and also the non-Muslim world, who are saying there is no Creator! If there is no Creator, how are there going to be creatures? If you say to someone, "There is no builder for this car, it is just in existence by itself, no one is touching it," they will say, "That one lost his mind. He is a dangerous one to be among us, because he lost his mentality, his understanding. That person is never using his logic, he lost it. He is just saying nonsense." You do not believe that a car can be arranged as a car without any means outside of it, and you are saying, "No, this car is coming out from four factories," or you may say, "This car is coming from Mercedes by itself, just coming," and we must wait at the door to look how it is coming out by itself and we must catch it and we must ride in it and go! What is that foolishness?

And the biggest responsibility of Mankind is on those people who say that, "We are leading people." But your leading is false and is misguidance. I am looking at a banana tree and asking, "How you are coming in existence, by your self, or coming from heavens in big baskets on earth? Even tress are blaming such no mentality people and saying, 'How are you going to be guides or leaders for this planet? How are you saying this?"

Rain is coming and dry things are getting green, the grass. Today our whole place is covered by dry grass. After one month, rains are coming and our Earth is going to be green. Who is making this? Is it happening by itself? How is it going to be? And people are never asking for a real understanding, and we have been created

for understanding. And the Lord of Creation is sending some special ones, chosen people, with keys. What are those keys? Keys of understanding, and understandings are like treasures. If we are not understanding that, then it is as if you have nothing from that treasure's pearls.

O Salafi `ulamas! Why are you not getting up and why are you not fighting against Shaytan and shaytanic agents, and shaytanic armies? Why aren't you standing up and saying, "We are ay`alaam, declaring war on Shaytan and its shatanic ideas." Why are you sitting? Why are you fighting against Muslim groups? At least they are saying, "We are believers in the existence and the Unity of our Lord." One man was killed, one person and was sent to the Prophet's (s) presence. He said "I met a person and he said to me, 'As-salaamu `alaykum,' but I was thinking he said that salaam to save himself but I was not believing that he was a Muslim, so I killed him." There came an ayatul kareema, divine verse, Allah Almighty, the Creator said: (Mawlana Shaykh stands)

••••• •••••••••• •••••• ••••••• •••••••••• •••••••••• •••••• •••••••••

Wa la taqul liman alqa 'ilaykum as-salaam lasta mu'minan. And say not to any one who offers you a salutation: "you are not a believer!" (an-Nisaa, 4:94)

SadaqAllahu 'l-`Azheem. Is that true? What is your word? (Mawlana Shaykh stands) And he (s) was saying: •• •••• ••••, hal shaqaqta qalbah, "Did you split open his heart?" (Mawlana Shaykh sits) Itab, blaming that one. "Why are you saying this? Looking to his heart and seeing that he is not a believer? Don't say that anyone is not a believer making shahadah!" And all you can say is, "Haraam, shirk, bida`."

O `ulamas! You do not know the real target or aim. You are on the wrong way, and wrong understanding. What is the name of Shari`ah of Islam? Where is your leniency, your musamaha, tolerance, that Allah Almighty is ordering and His Prophet ordering? (Mawlana Shaykh sits) You are misguided people, Salafi and Azhar ash-Shareef. Say this, or say, "We are misguided ones!" They are misguided, not saying in a true way. That is a warning from the Heavens because time is over from Judgment Day, and you must understand because you killed thousands of people with your wrong understanding. Thousands of people! Salafi `ulamas at the time of Wahhabi imaams, Wahhabi people are no-mind people, they have no vicdan, conscience, yet they are on the same way, killing! And their most important mission is to destroy graves on which people are putting a sign to be known. That is their muhimma, mission!

Come on the right way! If you are not coming, you can be shot down from heavenly ones, not from Earth; earth people are poor ones, and doctors are no-mind ones, and al-Azhar `ulamas are sleeping. Why are al-Azhar `ulamas not making such a declaration? You are letting such a person make a declaration, and you are writing so many books. It is not important to write books, no. It is important that you must enter into the hearts of people and give them a good understanding in their mentalities. Why aren't you fighting those people that are fighting putting signs on graves, saying, "This is this one, that is that one." Wa dhakkir! And remind them! Dhakkir ahhyaa'an wa ammwaatan, from both sides may come a mentioning for people. They are `ulamas, scholars, and they are saying something to wake up people. And also graves, more than living people, are giving such knowledge to people, reminding them of the day of their death, the Day of Resurrection.

Sayyidi 'l-Awwaleen wa 'l-akhireen, Rasool (s) was saying, (Mawlana Shaykh stands) kafaa bil-mawti wa`izhan yaa `Umar, "Enough of a reminder for you is death, O `Umar." (Mawlana Shaykh sits) When you are going to the graveyard, there are so many tombstones. Yes, kafaa bil-mawti wa`izhan. Now you go to a field, nothing is on it. That is an understanding. I am saying to Egyptian `ulamas, al-Azhar ash-Shareef `ulamas; they are not speaking. You are going and looking to the maqaam of Sayyidina Husayn (a), giving something about akhirah, Last Day, giving some naseehah, advising in their tombs to people, and saying, shivering, akhshairu julooduhum, saying, "That is the maqaam of Sayyidina Hussein, that maqaam." And giving something about death and after death, kafaa bil-mawti wa`izhan yaa `Umar.

Go now to Saudi Arabia and look; it is a desert. What is it giving to you? And Salafi `ulamas think no one else is knowing, that they know everything, but they are wrong. They can't destroy tombs, because tombs are awakening people, reminding them about death and about the Day of Resurrection! What they did was 100% wrong, because in Meccatu 'l-Mukarrama, in Jannat ul-Baqi and Jannatul Mu`alla, tombs around Haram al-Sharifayn, it is big shame for all `ulamas, east and west, not saying anything! And I am saying something that everyone must say, "yes." And you are so happy, saying, "We are Salafi `ulamas, and we are Wahhabi." What did you do, destroying sha`air il-Islam? You destroyed! (Mawlana Shaykh stands) Wal-budna min sha`airillah, "Camels are from the Signs of Allah." (Mawlana Shaykh sits) What is budna??? Say! It is a camel that is just going for Ka`aba and Allah Almighty is saying: (Mawlana Shaykh stands)

••••• ••••••••• ••••••••• ••••••• •••••••••• ••• ••••••• ••••••••••

Wa man yu`azzhim sha`airillah min taqwa al-quloob. Who gives greatness to the Signs of Allah is from the consciousness of hearts. (al-Hajj, 22:32)

You must give your respect to a camel because it has been sent for Ka`aba; then what do you think about Prophet and his companions who are on their ways? (Mawlana Shaykh sits) Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem! Their level of understanding is under the animals' level of understanding! Don't speak. Why are they not asking what is truth? They are occupied for dunya, and Allah Almighty will call them for judgment one day! They are not listening.

O People! Come and listen, and you will be in safety here and Hereafter. If not, you will fall down with them. May Allah forgive us for the honor of the most honored one, Sayyidina Muhammad (s)!

Fatihah.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, KareemAllah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah

If anyone comes to Ka`aba saying this, they tell them, "Don't shout, that is bida`!" Who is giving them authority to take me out? Allah yantaqim minhum, Allah takes His revenge from them! May Allah forgive us.

Fatihah.

(37 minutes) (1091 viewers) Mashaa-Allah, shukr!

(Mawlana Shaykh speaks with Shaykh Hisham Effendi on the phone.)

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr)

**Allah's Doors are always open!**

Destur, ya Rijalallah, Destur, ya Sultanu-l Awliya...
Allah, ya Daim...
Allah, ya Subhan
Allah, ya Sultan...
Ma sha Allah! Ma sha Allah, ma sha Allah! As-salamu alaikum! Welcome, welcome to you!

Ya Rabbi, ya Allah! Shukr, ya Rabbi, Shukr, Alhamdulillah! Tauba, ya Rabbi, Tauba, Astaghfirullah...

O our Lord, we are Your weak servants...We are asking heavenly Support, o our Lord, send us heavenly Support to stand up, to stand up for Your Servanthood. Real Mu'min who is running to do his servanthood better and trying... who asking much more pleasure from his Lord, he is going to make everything for Allah.

Destur, ya Sayydi, ya Sultanu-l Awliya. May Allah forgive us. We are in need (of His) Forgiveness.

It is a humble meeting, and we are asking from Allah Almighty not to close our doors, always to be open for servants of our Lord, as Allah Almighty never closing His doors, always it is open. Therefore in holy land Mecca Mukarrama, Haram, Holy House of Lord, before we are knowing that that Holy Land around House of Lord there was 40 entrances, but no

this, doors, anything, it is open. That means, Allah Almighty never closing His doors to His servants. 24 hours it was open, anyone coming, may enter freely, no any time that you may say you can't pray here this hour, you can't do your Tawaf, turning around House of Lord, it was so open, no one standing through that doors, to look after people: "What you are bringing?", "What you are taking?", no! That means Allah Almighty's- that it is a grant from our Lord- doors open anytime, anytime! And they built new building around House of Lord, Kaaba Muazzama, and they put doors, it was not true! Then Allah Almighty teaching His servants, or He is asking to remind His servants whom they are saying: "We are servants of House of Lord", not to close anytime that doors, to be shut, no.

Therefore 1400, year of 1400 of HIjra, Prophets pilgrimage, sending Alah Almighty a group of people and they are getting in and closing doors and they are trying to do everything they like to do against government. They are hiding themselves, and closing doors. Allah Almighty making them to learn that it is not true to put (doors), shutting doors, no! And so many people just killed from (Saudi-) Kingdom, soldiers and civilians also. Then they are taking (the doors)away. I don't know yet they are keeping it there? No! Must be Allah Almighty's Doors always open, without any reason or condition, no. And we also trying to make free lands for everyone to come and to worship, without asking: "Who are you?". No; we are knowing that everyone they are servants or our Lord, He created them and He is that One who directing His servants on their destinations. That is important. Allah Almighty only He is sending people on their destinations. And we are asking to make everywhere free lands for everyone who asking to come and to worship to his Lord, as he likes! Therefore we are, it is forbidden to put guardians on doors or to come and to say people: "You

are doing wrong", no, you are not authorized to say people: "You are wrong"! He is inviter of His servants! You must not interfere, involving with anyone, no, it is not for you! You are only one servant. And everyone is servant, coming everyone for Allah there! They are coming, they are invited also and coming, you must not interfere or involving what they are doing, no, don't say: "This is wrong, that is true", leave them!

If a person is playing and he is saying: "I am playing for the pleasure of my Lord", Allah Almighty He is accepting! You are never authorized to say that is no good, it is Haram, no. That person coming and playing there. "For what you are playing?" "Playing for my Lord." That is acceptable in divinely Presence. Maybe a person doing something, not for Allah, even praying, but not for Allah, it is thrown away. Therefore they are guests of House of Lord and guest and host Allah Almighty He is making on behalf of Himself Almighty to be host for His pilgrims. He may correct. Don't say: "This is wrong", no, leave, what they are doing. They are coming for Allah!... Seeping?... They are coming for Allah, not for you, leave them! Therefore we are trying to make so many centers or houses for people to come freely, to do their worshipping freely and we must 'ikram', respect them and we must prepare for themselves what they may be in need. Without asking from them anything. That is important. But now people, everywhere that people, even in House of Lord asking money, money, money... So many places never leaving to get in, some holy places and asking money, money, money, cutting tickets - for what this? So many wrong things people! It is not a business that is forbidden, Haram, forbidden to take anything who coming and asking to pray. Therefore government of the way that they are involving and making people you may go, you can't go, give this money, take this ticket, they are all wrong people, wrong governments! That area must be free,

absolute free must be!

Yes, I think... not think, I am looking and seeing that in our days everything going to be wrong. Everything that governments doing, they are wrong, they never practising holy Shariat, holy Rules, heavenly Rules, they never taking care to practice. And as a result people quarrelling and fighting through themselves, on streets, as well as they are fighting to their governments. Everything now is wrong. Every rules that governors putting and ordering to people to keep that orders they have not such an authority. You can't do any rules beyond the Rules of Heavens. If you are asking to do rules that means you are asking to pass over heavenly Rules and you are going to be like new Nimrod against divinely Sultanate of the Lord of Heavens. Everything now wrong! Before, now 107 or 110 or more everything just changed, coming on nations so many people as their rulers and they are asking to rule nations as they like. Never interesting heavenly Rules. Asking: "We have elections. " "For what election? What is that election? Who said to you to make election? It is written in Holy Books that people they must do election? Old Testament, New Testament, they find it? And Muslims, I am sorry, very sorry that they are following Western countries and their nonsense rules and they are trying to be like western people and they are saying: "We must establish Parliaments , we must do people to be on several groups, and they should be under one building and they should bring new orders, new rules among themselves.

And I am asking where is the Rules
of Allah Almighty that He sent? It is not enough? Why you are coming here to make rules? Who giving that authority to you to make rules and ahsiat is read you are not listening, the Lord going to take His Revenge from... first from the top people of community, then slowly, slowly, coming heavenly Revenge on the supporters of such a foolish governments.

You can’t do any new rule, because the Lord of Heavens that created you, just sent us unchangeable rules for people living on earth to live peacefully and to reach Paradise and eternity after this life but people now, oh, they are saying: “We know better!” You know better?

They never reading or teaching history. They are teaching history from those people that they are not taking any care for heavenly Rules. Never taking care; they are saying: “We can do rules!” You can’t do, it is not for you! Therefore everywhere there is now active government and in front of them opposition. Everywhere. If oppositions making big noise, they are coming on power. When active government party also, they are looking and saying: “We must do another voice that we may take them away and we come back to power.” Everywhere people now just separated: active power, government, and oppositions. That quarrelling should continue. If ending this world, that quarrelling should continue! And Allah Almighty therefore He is sending unchangeable Rules from Heavens: ”You must follow this, all of you! I don’t like anyone comes against My Holy Order.

If you are coming, I am making you through groups and you should be taste My punishment one from the second one!” Yes, now everywhere two groups. One saying: “You are wrong, come down! I am here, I am making my best” and they can’t do anything, not best, ordinary, they can’t do a good governing body. Then people running on streets. Prophet was saying sws: “When Last Days coming, approaching, people they should run through streets as ‘burro’, they should be like burro, means in their language, donkey... in Turkish esek... for to be kibar, gentle, we are saying for donkey, we are not saying esek, we are saying karakus...in your language? Esel... greek garro... donkey garro... Arabs saying himar...like burro or garro or blackbird, karakus they should run

through streets, quarrelling and shouting! Shaitan making them to be like burros, donkeys, they are running, they are shouting, they are swearing, they are burning, they are destroying, stealing, and destroying buildings and shops, every badness they are doing. Now it is that time! When they are getting in power, second group that coming down, they are beginning to run in streets: “We are here, you are wrong, making everything wrong, come down, we must come on power!” Everywhere!

That is democracy, shaitanic idea, administration, shaitanic, Shaitans way this... Allah Almighty saying: “Give the rights of people”, don’t change, give everyone’s rights and must be one head as a body has one head, must be one head Two heads they are quarrelling.
O people, therefore you must try to follow Holy Orders of Allah Almighty or this world going to be destroyed. Billions of people should be killed. Should remain handful people on earth, whom they are believers.
O people, think about that point, we are speaking from heavenly Books’ knowledge. Subhanallah! They are teaching everything, every knowledge is permitted , only they are not putting Holy Books through universities, through gymnasiums, through high-schools, colleges, academies, they never putting, bringing Holy Books, they are bringing everything, only heavenly Books their real sources for knowledge they are not bringing, finished.

May Allah forgive us and gives His protection for believers, whom they are respecting heavenly Orders. May Allah bless you and forgive me for the honour of the most honoured one in His divinely Presence S.Muhammad sws, Fatiha...

La ilaha ill Allah, la ilaha ill-Allah, la ilaha ill-Allah, Muhammad Rasulullah, alayhi salatullah,
La ilaha ill-Allah, la ilaha ill-Allah, la ilaha ill-Allah, Muhammad

Habibullah,
La ilaha ill-Allah, la ilaha ill-Alah, la ilaha ill-Allah, Muhammad Nabiyullah, alayhi salatu-llah... wa salamun! Fatiha. Ziyadatan li sharfin Nabiyyi sws...

## „O Allâh, segne die jungen Leute!“

Audhu billahi mina sh-shaitani rrajim bismi llahi r-rahmani r-rahim Ich möchte eine kurze Ansprache halten – wir sagen, kurz, aber wenn „sie“ viel schicken – was sollen wir machen? Es ist wie bei einem Faxgerät, manchmal kommen drei Sätze, manchmal kommt eine lange Seite. Was faxbereit ist, muß ankommen, und das muß ich an euch weitergeben. Ich habe die Absicht, eine kurze suhba zu halten, aber was kommt, weiß ich nicht, und was Sein Wille ist, das weiß Er. Es steht uns nicht an, ein Urteil darüber abzugeben. Denn Sein Wille steht über unser aller Willen. Und der sicherste Weg ist, sich in die Hände des Herrn der Himmel zu begeben und zu sagen: „O unser Herr, wie Du willst.“ Oder: „Wie Du wünschst, wie Du möchtest.“ Das gibt den Menschen Zufriedenheit. Denn, sich seinem Herrn hinzugeben, zu ergeben, nimmt alles Zaudern aus dem Herzen, und ihr mögt fühlen, daß ihr in Seiner Hand seid. Und ihr tragt niemals mehr irgendwelche Sorgen, wie ein Kind sich niemals über etwas Gedanken macht. Unsere Kinder machen sich niemals Sorgen über das, was sie essen oder trinken oder anziehen sollen. Sie sind so glücklich. Ja. Weil sie ein Gefühl haben, daß es ihnen von unserem Herrn der Himmel gewährt worden ist. Deshalb werden sie niemals von irgendwelchen Sorgen über sich selbst geplagt. Sie sind unschuldig. Und es steht für sie geschrieben, daß sie unschuldig sind. Ihr Blick ist rein, ihr Gehör ist rein, ihre Zunge ist rein, sie sind so sehr rein – und unten herum macht ihre Mutter sie sauber, okay. Wenn ihre Kleidung schmutzig ist, nimmt Mami sie und kleidet sie neu .– Und sie werden dafür belohnt, die Mütter werden dafür belohnt, daß sie nach ihnen schauen und

dafür sorgen, daß sie sauber sind. Und ich bitte den Herrn der Himmel, daß Er sie in Seinen göttlichen Schutz nimmt gerade nach dem Alter der Reife, damit sie nicht in Schmutz fallen. Wir haben es nicht in der Hand, wir können nichts machen. Denn jetzt laufen überall schmutzige Kanäle. Überall wo ihr hingeht, tretet ihr auf Schmutz, und überall verlaufen Kanäle mit Schmutz. Und es ist so schwierig, unsere jungen Leute zu beschützen. Es wird euch möglich sein, bis zum Alter der Reife nach ihnen zu schauen, aber dann wollen sie weglaufen. Und ich bitte den Herrn der Himmel und um der Ehre Sayyidina Muhammads willen (s.a.s.), daß Er unseren jungen Leuten Seinen göttlichen Schutz schickt. Denn wir leben in der Zeit des Königtums Shaitans, das sich überall hin ausgebreitet hat, von Osten bis Westen, von Norden bis Süden. Und Shaitan hat sein Königtum mit der Hilfe der Menschheit errichtet. Ich hörte von einem Rabbiner, daß die erste Demonstration auf Erden auch eine Demonstration in der Göttlichen Gegenwart war. Bei diesem Aufstand beklagten sich die Bäume über die Axt: „Die Äxte fällen uns!“ Alle Bäume kamen und veranstalteten diese große Demonstration. Und der Herr der Himmel richtete Sein heiliges Wort an sie, indem Er sprach: „Ich hätte euren Aufstand gegen die Äxte angenommen, wenn nicht die Hand der Axt von euch selbst käme.“ Dies lehrte mich der Rabbi über die erste Demonstration. Wie Allah sagte: „Ich hätte akzeptiert, aber die Hand der Axt, der Stiel der Axt, ist von euch. Würdet ihr der Axt nicht die Hand reichen, könnte sie euch nicht schneiden und fällen.“ Und jetzt ist das Königreich Shaitans errichtet worden vom Osten bis Westen, von Norden nach Süden. Nicht durch ihn allein! Das hat er nicht allein zuwege gebracht! Wenn die Menschheit nicht das teuflische Werk Shaitans unterstützen würde, könnte er niemals sein Sultanat, sein Königreich, errichten. Deshalb ist der folgende Punkt sehr wichtig: Es gibt unter den Menschen einige, die Agenten Shaitans sind. Sie lehren vergiftete Lehren, all solche, die gegen die Himmlischen Lehren gerichtet sind. Himmlische Lehren rufen die Menschen zu den Himmeln, shaitanische Lehren rufen sie in die Höllen. Und heutzutage gibt es überall so viele Leute, die – bewußt oder unbewußt – Agenten Shaitans sind, und sie haben unzählige Unterstützer angestellt. Sie sind keine uniformierte Armee, sondern treten in vielerlei Gestalt auf. Man kann sie auf allen Ebenen der Gesellschaft finden, unter den jungen Leuten, unter den Alten, in Schulen, Ministerien, Regierungen, in der Armee, der Marine, unter Doktoren, Ingenieuren, Technikern, selbst bei den religiösen Leuten – allüberall Unterstützer des shaitanischen Königtums, die die Leute betrügen. Ja. Und wir können sagen, daß es über die ganze Welt verbreitet ist. Zum Beispiel Alkohol. Und es gibt auch Muslime, die rauchen. Ob sie wissen oder nicht, was sie tun: Eine Zigarette, die geraucht wird, läßt dem shaitanischen Königreich eine Kraft zufließen. Und auf Reklametafeln, die die Menschen zum Rauchen auffordern, steht zuunterst ganz klein geschrieben, so klein, daß ich es nicht lesen kann und ein

Teleskop brauche, um es zu entziffern – sie sagen, es stünde da: „Vorsicht!“ „Vorsicht! Rauchen kann ihre Gesundheit ernstlich gefährden.“ Seid ihr Regierende? Wenn ihr euer Volk regieren wollt, müßt ihr sie beschützen! Warum erlaubt ihr, eine so große Werbung dafür aufzuhängen? Mit lassoschwingenden Leuten auf Pferden, die anderen Pferden hinterherlaufen oder „Ochsen“ jagen. Das ist ein Wahrzeichen für den am höchsten zivilisierten Menschen! Unterstützt du in einer Sache das shaitanische Königreich auf Erden, zerstörst du einen Teil des himmlischen Königreichs auf Erden. Und alle Propheten kamen nur, um das göttliche Königreich auf Erden zu errichten. Aber die Leute sind vor ihnen davongelaufen; sie kommen nicht zu den Propheten. Alle Propheten wurden entweder fortgejagt oder verflucht oder umgebracht oder bekämpft. Und der größte Teil der Menschheit eilt danach, das shaitanische Königreich zu unterstützen. Und die meisten Unterstützer des teuflischen Königtums sind aus den westlichen Ländern, denn ihnen wurden grenzenlose Freiheiten gewährt. Und unsere muslimischen Länder wollen ebenso sein wie die westlichen Menschen. Es entgeht ihrem Verständnis, daß die westlichen Menschen geradewegs das shaitanische Königreich errichten und unterstützen. Es gibt so viele Leute ohne Verstand auch in der islamischen Welt, sie wollen wie die westlichen Leute jede westliche Freiheit. Und die christliche Welt, unsere christlichen Brüder? Die größten Unterstützer des shaitanischen Königtums – sie schauen in ihre Bücher und warten darauf, daß Jesus Christus käme und das Göttliche Königreich auf Erden errichtet. Das ist ihre Art zu warten, sie versuchen nicht, das shaitanische Königreich zu zerstören, sondern sie wissen, daß jetzt kein göttliches Königtum auf Erden existiert und daß geschrieben steht, Jesus Christus werde am Jüngsten Tag am Ende dieser Welt kommen und das Göttliche Königreich errichten. Warum versuchen sie nicht, das Göttliche Königreich zu errichten? Warum? Warum warten sie? Das bedeutet, jeder weiß, daß heute das shaitanische Königreich herrscht. Es ist ein großer Beweis dafür, daß die Christen Unterstützer in einem shai- tanischen Königreich sind. Deshalb sind wir jetzt in einer sehr gefährlichen und schrecklichen und entsetzlichen Zeit. Und wenn einige nicht hundertprozentig folgen, so teilen sie die Menschen auf Erden auf. Sie teilen sie in drei Teile: erstens die hochentwickelten Länder mit den Europäern und den westlichen Ländern, die mittlere Ebene gehört den Menschen der zweiten Welt und zum dritten Teil sagen sie, das sind Leute aus dem Dschungel, wertlose Gestalten. Sie sagen, ihr wäret hochentwickelte Leute, ja, ich weiß, auf höchstentwickelter Stufe: die wichtigste Säule für das Königreich Shaitans. Wäret ihr keine Unterstützer, brauchte Jesus Christus nicht zu kommen und das Göttliche Königreich zu errichten. Ich richte mich an alle religiösen Leute des Christentums, aber sie haben ihre Kraft verloren. Das Ende des Seils ist ihren Händen entglitten. Ja, das ist ein sehr gefährliches Zeichen für die Menschheit, und Shaitan will die Menschen dazu

bringen, sich gegenseitig zu töten, auf daß er sich auf diese Art an der Menschheit rächen kann. Er ist der gefährlichste, der erste und der schlimmste Feind der Menschheit. Solange ein Mensch einen anderen tötet, ist er glücklich – sowie auch wenn Leute Länder und Kulturen zerstören, die in tausend Jahren errichtet wurden. Dann ist er glücklich. Aber jetzt ist es außer Kontrolle geraten. Alles ist in Händen der Unterstützer des shaitanischen Königreichs! Deshalb bete ich zu Allah: „O Allah, schaue nach unseren jungen Leuten! Ihre Vorfahren haben das schlimmste gemacht. Aber die jungen Leute sind unschuldig. Schicke schnell Deine himmlische Unterstützung mit Deinem Segen, um unsere Jüngsten zu beschützen, die neue Generation, damit sie nicht in schmutzige Kanäle geraten!“ O ihr Leute, was ich sage, könnt ihr nirgendwo sonst hören, nicht in Kirchen, Moscheen und nicht in Synagogen. Es ist zu Ende. Ich hoffe, daß ich ein freier Mensch bin, der niemandem gehört – ich bin allein den Heiligen verpflichtet, dessen Diener ich bin, denn die Heiligen sind Könige, Sultane, und ihr wißt, wie es bei ihnen üblich ist: Wenn eine Erklärung abgegeben werden soll, beauftragen sie jemanden, wie sie manchmal sagen, „ein Sprecher des Weißen Haus gibt eine Erklärung für den Präsidenten ab“. Das sind Sprecher für die Regierung. Denn die Heiligen sind Sultane, sie sprechen nicht direkt, sie machen mich zu einem Sprecher, der euch anspricht. Und es ist für mich nicht wichtig, ob eintausend oder eine Million oder nur fünf Personen hier sind, wichtig ist, um was ich beim Herrn der Himmel bitte. Vielleicht kommt ihr nicht auf den Punkt, darum beim Herr der Himmel zu bitten, aber um euretwillen kommt, wenn ich spreche, für euch eine Öffnung von den Himmeln, daß der Herr der Himmel sagt: „Bitte Mich, ich gebe Dir!“ Und ich hoffe, daß nach diesem heiligen Monat unsere Gebete nicht verloren sein werden. Und nach Beginn des Neuen Jahres, nach ‘Id, werden, wenn ein neuer Lebensabschnitt begonnen hat, unerwartete Veränderungen kommen. Deshalb, o Leute, hütet euch, Helfer Shai- tans zu sein, und versucht, den Propheten zu folgen. Und im Interesse aller Heiligen müßt ihr dem Siegel der Propheten, dem meistgepriesenen, meistrespektierten und meistgeliebten Diener Allahs, Sayyidina Muhammad folgen, der Friede sei auf ihm. La ilaha illa llah, la ilaha illa llah, la ilaha illa llah, Mohammadur Rasulullah. La ilaha illa llah, la ilaha illa llah, la ilaha illa llah, Mohammad Rasulullah, alaihi ssalatullah la ilaha illa llah, la ilaha illa llah, la ilaha illa llah, Mohammad Habibullah, alaihi ssalatullah la ilaha illa llah, la ilaha illa llah, la ilaha illa llah, Mohammad Nabiullah, alaihi ssalatullah Du‘a’, Fatiha.

**O Allah, send on us rahmet and barakat...and every day rahmet is coming down on us...it rains on us khair, barakat, sharaf (honour), and nur (light)** Taubah...Astaghfirullah al 'Azim...Ya Rabbi, Shukr! O Allah, send on us rahmet and barakat...and every day rahmet is coming down on us...it rains on us khair, barakat, sharaf (honour), and nur (light)...That is from Allah...Get to know Allah!Audhu bi-llahi mina shaitani rajim- you must always say: 'Audhu bi-llahi mina shaitani rajim'... 'Meded, ya Rijalallah', you must ask heavenly support.

Material support from earth is nothing; it never gives any support to a person here or hereafter. Only if a person uses his material for Allah Almighty's pleasure it may give support to him here and hereafter. If a person can't use his material for the Lord of Heaven's pleasement, it is only a heavy burden on him, killing him here and destroying him hereafter. Believers must know this; it is so clear. You may have all treasures; it is all right, if you use them for Allah, to make Him pleased. Then they are like a feather, so light. If not used for the sake of Allah, then even a material of 1 kg is going to be heavier than the whole globe.

We are speaking from the roots of reality; they make me to speak to you to give you some new understanding of Islam and its principles, because up today came so many bad ideas through scholars, through enemies of Islam, and hypocrites, who try to change the outlook of Islam and to make its face ugly looking. No - now there is coming a stop, they are saying : 'It is enough! Your Batil is enough. You must stop. We are coming now to destroy you! You can't destroy Islam- it is built by Allah Almighty. No power for creatures. If all of them come together, they can't do anything, and they can't even remove one 1mm cube of stone from the building of Islam. If the people of the whole world come together, and if the power of all men and all jinn reaches to them, they can't remove even one stone, because the Islamic building is built by Allah and it belongs to Him, finished. Be in peace and satisfaction!

The whole world is running against Islam, ma scha Allah, and they say: 'We are so powerful, we are coming to

destroy Islam, to cheat people and to make the face of Islam looking ugly. We try to make bad advertisement for Islam, so that people may run away.' It is like when someone finds a treasure in a plain. When he sees the other treasure seekers, he says to them: 'Just I looked everywhere here, but I didn't find anything. Go to another place.' He is putting a sign on it, but he is telling others not to look in that place for cheating them not to come on the treasure.

Now the whole world, all of the religions that are out of time now, know the power of Islam. Don't think they don't know! The heads and chiefs of the Christians and of the book-given people know very well the power of Islam, what is in Islam. They know the difference between a sleeping volcano and a working one, the difference between a dead body and a living body. Don't think they don't know Islam and its power. But, as Allah Almighty is saying: 'They are jealous, envious, proud, stubborn, and unlucky people.' And yet these satanic characteristics make them to be against Islam.

Shaitan also knew that the command of Allah is over his will, but his pride and his hatred for Adam and his anger towards Allah, who didn't give the highest honour to him, prevented him to bow. He was so angry with Allah, and proud and stubborn for Adam and his generation, and angry about what Adam had been granted. He knows very well, but these four worst characteristics prevent him to bow.

And book-given people are angry and full of hatred since the birth night of Rasulullah. In that night one Jew was running through Jathrib (old name of Medina) and he was calling: 'O Bani Israel, o Children of Israel, just tonight the star of Ahmad appeared, about whom Allah Almighty has given good tidings through every holy book. Good tidings for you!' From that day on they are so angry and hating people. Only a few ones accept reality, but the others run to the sewage. Allah, Allah...From that time they know the power of Islam.

Islam is not man-made or a philosophy, a mind product, no! They know very well that Islam is coming from Heavens. If it was not, Islam couldn't stand up since 15 centuries. Since 15 centuries they call the Adhan five times daily in the whole world; no hour is passing but the Adhan is calling people to Islam. Such greatness for Islam! They are against Islam here and there, but they put a Muezzin in the Mosques, and five times a day they are calling: 'Ashadu an la ilaha ill-Allah, wa ashadu ana S.Muhammadun Rasulullah sws', saying Shahada. They are against Islam, but they can't take it away. Officially they are against everything in Islam, but they can't prevent the Adhan. It is five times- even in Cyprus, Turkey, Egypt, in Malaysia. Everywhere in

the East, West, North and South they say: ‘Allahu akbar, Allahu akbar, Allahu akbar, Allahu akbar...’ Therefore they are trying to stop the power of Islam through their small minds; they try to prevent the spreading of Islam.

In the time of Rasulullah there was a Christian kingdom, the kingdom of Nadjran, a state in Yemen. The Prophet sent his holy letter to the king, calling him to come to Islam, saying: ’I am your Prophet, I am that one about whom good tidings has been given through the Ingil, through the Gospel. Come and accept my prophecy and my message, I am the last one. Renew your faith and beyat (oath, pledge of allegiance) with me, like you did with Jesus Christ.’ The king showed the letter the religious people, the bishops, who were with him always, and he said: ’What do you think about that letter and its sender?’ The Chief Bishop, Biscopus, said: ’Let us go and look after that one who claims to be a prophet, to look to him and to speak to him and to understand.’ Now if we were hearing about a person claiming to be a prophet, do you think it would be necessary for us to go and ask him whom he is, to give his proof? No, because we know that prophecy is finished. But if we were given the order and good tidings that another prophet was coming, we would have to go and look to him. If not, it is not necessary. Jesus Christ was saying: ’After me is coming Ahmad’, that is Parakletos in Greek language, ’he should come and speak what Allah is giving to his tongue.’ Now they write a new Ingil and instead of Parakletos they put Advocate, Shafi’, advocate or lawyer, someone who is defending people. They write that the Advocate, Shafi’, is coming, defending his nation on Yaum-ul-Qiyama, on the Last Day. They are changing this and every time they make changes to put some doubts through the minds of people. Yet it is mentioned, so the king said: ’Look if he is that one or not’, and he sent 80 people, a big committee or delegation to Median Munawwara, to see Rasulullah...It is a long story, but what I mean to say is that the Chief Bishop, Biscopus, and his brother were through the delegation. They were coming on horses, and suddenly the horse of the Chief Bishop’s brother made what an animal is making - dirt. The Chief Bishop was quickly getting angry, and he was swearing, not on the animal, but on the Prophet. He got angry with his brother and he was swearing, using a bad word for the Prophet, which is used in anger only, a dishonoured word, meaning like ‘may you die’. His brother said: ’O my brother, your holiness, why you say this? Don’t say such a thing for him. He is that one about whom Jesus Christ was giving good tidings. Why we are not going to follow him?’ And the Bishop said: ‘I know, o my brother, that it is good to follow him, but we see that his companions are so poor, they have nothing to dress, nothing to eat, and their homes are from mud. Look how kings honour us, respecting us. Look our clothes - golden clothes, golden crowns and we live in palaces such a

high life, honoured life. How can I follow him and leave our king and our Sultanate? I know he is that one, but I can't leave this life and go and follow them. 'That was the reason that only his brother remained in Medina Munawwara; he didn't come back, but embraced Islam and followed Rasulullah sws. All the others went back. And he was informing what happened on the way - this conversation.

We make a long story, but it is only for to say that all Bishops and Rabbis know very well about the Seal of Prophets. But the love of Dunya, love of this imitated life's pleasures and of imitated titles, and zinat-ul-dunya, the pleasures of this life, prevent them to say the truth. The religious people in the entire world know very well about Islam and its Prophet, about his power and about the Holy Quran. But they try at least to prevent Muslims from following the Prophet, to make them to leave the Holy Quran, the Prophet and his way, and with bad advertisement they ask to carry people on their ways up to Hells. But we hope, and it is our belief, that they reached the limit of their bad actions and intentions. Now Islam is going to appear with its most perfect look- and perfect power is in Islam- and it is asking to be visible to the eyes of people, because they put on Islam so much rubbish. Now the Awliya begin to take away that rubbish for that magnificent palace of Islam to appear and to shine, so that people may run in it.

Thursday evening: It is a holy night, Cuma, let us call Allah! Who doesn't call Allah, is finishing. A Muslim will not live without Sajdah, and a Non-Muslim has to believe to live. Then, when he comes into faith, Sajdah becomes obligatory for him...It is the holy night of Cuma; we must call Allah; that is obligatory for every person. If someone doesn't call Allah, he has no support here or hereafter. If someone comes new into Islam, Allah gives support to him. But there is no support for a person, whose parents were already Muslims and who is not making Sajdah. If the people of the whole world come together to support a person who is Muslim by name, but who doesn't make Sajdah, they can't do anything; there is no support.We are calling Allah for a support, and we need His support, no doubt. Without His support nothing is going to be in existence; the smallest parts of the universe up to the biggest galaxies are in need of His support. They are asking for or they need their Creator's support. And it is same for Allah to give support for one atom or for a huge galaxy; it is never going to be a burden for Him: '...wa la yaudhuhu hifthuhuma...', Allah Almighty is saying (Ayat ul Kursi). It is not a burden on Him to keep Alem-ul-Mulk, material worlds and also Heavens; it is same to Him to support the smallest piece of mass and the huge galaxies in the material universe to be in existence. You must learn; everyone must learn, that if Allah Almighty doesn't give support, they are finishing, melting,

disappearing. Don’t say: ‘Crisis, economy, stock market, gold, money, Dollars, Euros, Marks’- that just finished. Unless they call Allah, nothing can make man to trust.

21st century people are not trusting on Allah. Astaghfirullah- but their trust is only on their money: Dollars, Pounds, Euros, gold, and such things, material aspects, which are nothing in the endless territory of Allah Almighty. People don’t trust Allah; they have no trust on Him. Just Allah honoured us to be His servants, and a servant must trust on his master. But I am sorry to say that 21st century people lost their humanity, because who looses his trust in Allah, looses humanity. And when a person looses his humanity, he and cattle are equal, on the same level, or he is even less, more down. You must learn, o mankind, to trust on Your Lord Almighty Allah, if you are asking to be here and hereafter in peace, pleasure and satisfaction. And you can’t trust in Allah, until you know about your Lord, Who He is. If you don’t know about your Lord’s Greatness and His endless power oceans, you think that He is something and His existence is nothing, of no meaning. Astaghfirullah. Therefore through all religions mankind first of all has been offered to say: I believe in God, ‘amentu bi-llah’, I believe in Allah, that He is our Creator and Sustainer, Razzaq. You must know that He is the Sustainer and your Creator. He is keeping you here, He is that One who gives you life to live, to see, to hear, to smell, to taste, to touch, to know, to walk, to do. You must know Who makes you to see, Who makes you to hear and listen, Who makes you to smell, Who makes you to taste, Who makes you to walk on earth. You must know Who is giving so many plans through your mind to think on and to do, to make. If you don’t know about this, your level is even under the level of animals- you are only a two-leg animal.

Therefore we say thanks to Allah Almighty that He gave us His divine Permission to be here and to make Sajdah for Him and to make Dhikr of His holy Name. Try to reach the level of perfect humanity. Don’t think everyone is going to be from human nature, no. Most people are animal nature, not human nature...This is a long conversation...enough for you and for me to know, to keep and to try to reach reality, and to try to know and to recognize Who He is. We are thankful to Allah Almighty who granted us to make Sajdah and Dhikr of His holy Name.

**„O Allah, send us the Sultan of hearts!”**

As-salamu alaikum!
...No one improving from first class to second class of our mental-house! All of you useless people coming here. I was looking to be graduated- no one graduated. All of you tembel, lazy people, not keeping your lessons... Some people their mind working morning, some people not working afternoon, this one... model.
As-salamu alaikum wa rahmatullah wa baraktuh!
Antallah, Antallah, Antallah, Sultan Allah, Sultan Allah, Allah Allah!
Ohhh our Lord, You created us, You are granting us our provisions here and Hereafter, from pre-eternal up to eternal...
Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmani Rahim!
Don’t forget Bismillahir Rahmanir Rahim! May Allah forgive us! Allah Allah... ya Rabbi, ya Allah...Ashadu an la ilaha ill-Allah, wa ashadu ana Muhammadun ’Abduhu wa Rasuluh wa Habibuhu... Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmani Rahim!
Inna-llaha wa-l malaikatahu yusalluna ‘ala nabi, ya ayyuha-l ladhina amanu, sallu alayhi wa sallimu taslima...

O people, listen and obey! Listen and obey and act! It is only (a) handful years remaining for Akhirat, for the Day of Judgment- we are approaching (it).

(The) Prophet sws- Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah- he was sitting every day after morning prayer, sitting and asking: “Anyone

dreaming a good dream?" If someone dreaming, he was answering for meanings. Once one Sahabi-l Kiram (was) saying: "Ya Rasulallah, just I dreamt a dream (which was) surprising." "Say!"

"I am dreaming that I was in a green place (that) you can't find from four directions an end (for it)- and in it was put a Mimbar, (in the) center. Then you was (there), ya Rasulullah; (you were) coming and standing on one step, second, third, fourth, forth, sixth step and (on the) seventh step you are sitting, you are making Khutba."
And (the) Prophet was saying: "You have a good dream. That means that Mimbar, it was my Mimbar, as I am (the) last Prophet (that) had been sent. And I am getting up, I am not sitting (on the) first step, (or on the) second step, till (the) seventh step. That means the period of mankind on this earth it is seven thousand years and just I have been sent on (the) seventh thousand. That I am sitting there (means that) after me (there is) no (other) Prophet, no any heavenly Messenger, finished. Just I brought it (the heavenly Message) to be forever. (Even) if life on this earth may continue up to eternal, (there is) no need (for) a new message or a new Prophet, finished!"

O people, some people they are so foolish, asking (the) renewment of Islam. They are foolish ones, no mind people. If they are coming to my mental house, I am chaining their feet, and putting, everyone tying to one tree, and three times under their feet- (those) who (are) asking a renewment- and Islam (is) just coming with full perfect(ion). As (the) moon; (it is) beginning as a crescent, (then) growing, coming this line, lights more, more, more, more, till (it is) going to be full, full moon. After (the) full moon- what you are asking? (The) full moon is (the) full perfect position of (the) moon.

And now, our Prophets mission; just he had been sent... why he was not

sent first?

No, first Adam- alayhi salat wa salam-, (was) coming, as a crescent, but then- (it was) coming that heavenly Message, growing, growing, and Nur, Lights from Heavens (were) coming on earth, growing, growing, till (it was) coming (to be the) full moon: (the) full moon (is) for Rasulullah sws. After (the) full moon... Allah (is) saying: “This is (the) perfect Shariat that I have sent to you”, and those foolish people, animal people, (are) asking to make a renewment? What is (that) renewment? What you are bringing? If there is a ‘noksan’ (something missing), if there is less place to complete, (then there) may come (something more), but just he was completed, it is full; after (the) full moon, what you are asking?

But those people now, every kind of rubbish people, they are attacking on Islam. They are attacking (like)- I am sorry to say (this), but I must say (it)- sometimes dogs, when (they are) looking (the) full moon, (are) beginning (to make): “Huuu, huuu, huuu, huuu...” (They are) never happy, dogs, with (the) full moon... Now there is such a dogs around, rubbish people; they are asking... from their jealousy they are saying: “No, we must do more than this (full moon)”. Do! Do it! Everything hundred percent (is) perfect! That is seven steps, finished, then the period of mankind on this planet (is) going to finish with its Last Day, with its Judgment Day, then with its Paradise and Hells!

People are thinking that Allah Almighty (is) occupying Himself with our world- what is that? It can’t be even (like an) atom through this whole universe! Through our eyes, it is so big, but in (the) divinely Presence every creation can’t be more than a spot. As much as He may create universes, billions and billions (of) galaxies- its size (is) only as a spot beside the Greatness of Allah Almighty! Therefore- don’t ask about

Allah, Subhana wa ta'ala, Allah Almighty! Because so many rubbish people also, no mind people also, are asking: "Who (is) Allah" or "Where He is, what He is doing?"- such nonsense questions (are) asking so many ignorant ones...

First ask about yourself: Who are you? Say your identity, then ask! (A) very simple example: If a small ant- we have also- if that small ant (is) asking about yourself, what you are going to say? It may say: "I must ask who created me and how He is and where He is...?"
First you ask about yourself, who created you? Do you think that by yourself you are coming in creation? Who may say: "I came with my will to this life"? If you are saying: "I came with my will"- do you think that you were preferring to be man or women? You are remembering that point? To be man or women, to be ladies or gentlemen? No, no, no. What is your position? Nothing! You can't know about yourself yet anything!
If I am asking so many people: "Where is your liver?" (they) may show downstairs... That is your liver?... "Where is your mind?" "Under this..."
So rubbish people they are asking about Allah, about the Creator!
If I am saying to them- they should be surprised also-: "Oh, that foolish one, you are asking where He is? Climb (up) to (the) sun and behind (the) sun there is 70 more powerful suns, and you must pass from one to (the) second one, from (the) second to (the) seventieth one, and there you may ask where He is..."

Don't ask here, where He is! He is beyond of universe. You know (the) beginning of universe? Or beyond universe, you know? Where is creation, He is there, because without Him Almighty (there is) no creation. Therefore, if you are asking: 'Where He is?'- He is beyond every creature, every creation, go, ask!
But (it is) shaitanic teachings that (are everywhere,) from East to West. Through (the) Muslim world and Non- Muslim world, all teachings

they are (the) teaching of Shaitan. No any benefit (is) coming from shaitanic teachings! Shaitanic teachings (are) bringing mankind now at the edge of a huge valley- one more step, they are going to fall in it (and) it is impossible to find a bottom and no one can bring them up.

Therefore, (the) biggest Haram in (the) Islamic World (is) to follow shaitanic teachings! So many Islamic Territories also they are showing themselves that: “We are Muslim countries, we are (the) representative Shariatullah” and cursing coming on them and (an) announcement (is) coming from Heavens: “You are liars! You are liars, rubbish people, you are not Muslims! As long as you are not following the Knowledge that (is) coming from Heavens, you are liars, you are shaitans armies against Allah! You arel alNimrods! You are liars, Allah should destroy your territories and making yourselves to be unknown, to be thrown with Nimrod!” Nimrod was saying that...

O people, whole troubles (are), because people, particularly whom they are leading people, (are) against Shariatullah, against heavenly Orders! They are all Nimrods and Allah should take His Revenge from them!

Oh Allah, we are weak servants, we can’t do anything, but You can do everything! Send us from Your heavenly Armies to save Your weak servants! We are never happy with those Nimrod people- take them away, for the honour of our most honoured Prophet, (the) most beloved, (the) most glorified servant!...
I am shouting- you must say (it) also, or (there is) coming an arrow from (the divine) cursing arrows. (It is) coming on their heads, don’t be with them! If (they are) voting, don’t go! Don’t go, don’t support anyone of them! Say: “I am not with you!” If they are killing... but they can’t kill!

Hajjaj-u-Dhalim, that he had been sent by Amiru-l Mu'minien (in) Damascus, to Iraq, had been sent there, because Iraq people (are) very difficult people and disobedient people. Always (they are) killing by themselves, neverending troubles there, always (they are) against (the) Khalifa, not hearing heavenly Orders. He sent to them Hajjaj-u-Dhalim- he did much more than that one that passed away- he was particularly against (the) Holy Prophet most honored family members, Ahlu-l Bait... And Zaynu-l Abidin, alayhi salam, radia-llahu anhu, he was asking (him) to come to him. He came and he was 13 or 12 years old, and asking (him) questions. Hajjaj (was) sitting and Zaynu-l Abidin alayhi salam (was) stand(ing) up, and his heart (was) full with holy Knowledge about that one (the holy Prophet sws). He was answering, saying who he was, from which tribe, from which kind of people their families... He was asking and Hajjah was getting more angry, angry, angry, and saying: "Ohhh, small one, ohhh, ya Walid, you are not fearing from me and (you are) speaking in such a way in front of me? I may order just now to take your head- you are not fearing from me?" "No, you can't do anything! Yet I don't know that the Lord of Heavens (is) giving (the) authority of Azrail through your hands and to come and take my soul! But he may send (him) to you now, to take your soul! Beware to whom you are addressing!" (That one was) trembling, saying: "Take this boy away, quickly!"
Therefore- people (are) thinking that Azrail alayhi salam... those foolish people (are) thinking they can kill you, they can do this or that- if (the) Lord (is) not asking to do (that), you can't touch!

O people, keep your honor, keep (the) respect (of) Allah Almighty's Orders, if you are asking to save yourself here and Hereafter. If not- (it is) coming now! (There is) coming now (a) heavenly Revenge and (it) may take everything and, (as) Allah (is) saying: "...wa ma thalika 'ala-llahi aziz..." it is not too big (a) thing to take all of you and to

throw them, everyone that (is) against (the) Shariatullah, to throw them through (a) flood or through (a) flood of fire. No one (is) preventing (that), (it needs) only His Order: “Be!” and it is...

O people! Run to Allah, be with Allah, you should be happy here and Hereafter, or you should be punished here and Hereafter.
May Allah, forgive us! Therefore I am asking daily, morning, evening: “O our Lord, send us (the) Sultan! We have everything except (a) Sultan. Send us (the) Sultan, (the) real Sultan, that he can be able to take our hearts, not (only) our physical being. We are asking (for a) Sultan, whom they reach to our real life, our spiritual being, and carrying ourselves, saving ourselves from Shaitans and Shaitans representatives!”

May Allah forgive us!
Allah Allah, Allah Allah, Allah Allah, Subhan Allah,
Allah Allah, Allah Allah, Allah Allah, Sultan Allah,
Subhan Sensin, Sultan Sensin wa nahnu fukara duafa...

## Allah's Greatness Beyond Our Grasp

Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhan Allah
Allah Allah, Allah Allah, Allah Allah, Sultan Allah

I am intending insha'Allah to build 70,000 dergah between east and west, 70, 000 other ones from north to south must be and going in...Allahu akbar!

As-salaam `alaykum! We are saying a`udhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. O People! O Believers! O Muslims! Come and try to be real believers, real Muslims, real servants for the Lord of Heavens. If you are not doing that, you are going to be dust and coming on each atom of their bodies a heavy, heavy punishment. Heavy trouble if you are putting on earth, earth may be melt.

O People! You have been granted an honor from the Lord of Heavens, no any other creature just granted, no! And we are saying now alfu 's-salaat, alfu 's-salaam `alayka wa `ala aalika wa ashaabika ya sayyid al-awwaleen al-akhireen (Mawlana Shaykh stands), from pre-Eternal up to Eternal only he is in Divinely Presence, no any other one.

O People! Our lives are running like rivers. Some rivers may cut be off, cut down, but some of the rivers running forever. But our lives like rivers or streams or small channels of water. Try to reach heavenly sources, and manba`, springs reaching hawdan mubarak. From where coming? You know it? Only Allah knows. Through black continent getting up, and it has been ordered to run up, not to run down. Yes.

Dastur, ya Rijal Allah! O the master of this world, give us permission and your support and grant us to address a handful of people. A handful of people but technology making western people to be proud; technology may reach from here to your countries. If they like to hear, may hear. I am one of weak servants from countless servants; I am only very weak one. If two persons not carrying me, I can't walk, but heavenly order to RasulAllah (s) (Mawlana once again honours the Prophet (s) by standing up). Holy order from heavenly levels to the master of this world, because everything in existence must be either master or under the command of master. There is one for leading everything on this planet and people thinking, "Ohhh, our world and Day of Resurrection coming, and Day of Judgment coming, and people going to be either on the right hand to Paradise or to Hells, and after that finished." Finished?

What you are thinking? You are thinking the Creator is like you? What is it that you are saying, finished? The greatness to a king is according to their kingdom and dominion, yes. What you are saying, when this finishing there is nothing else? What is Allah going to do? From pre-Eternal up to Eternal creating all; He is creating countless worlds, countless Oceans of Creation, and each Ocean having no limits to finalment or no limits to find its deepness, yes. He is Allah. Don't think Allah Almighty as your thinking, tassawur, imagining. Allah Almighty out of imagining. He is the Creator! We are now on this planet and we are looking at the signs of ending of living creatures on this planet going to finish and coming to the Day of Resurrection, which only belongs to our smallest world. Beyond that oceans, oceans, oceans.

Green Shaykh, Sa`adullah, what you think for Atlantic Ocean? How much packet water must be put there? He knows. What about Pacific Ocean? Anyone from our proud scientists may say that Pacific Ocean too big from Atlantic Ocean? What about Indian Ocean? How it is we don't know? Allah making Mankind to understand its position. We are so small but malkah giving us understanding. It is only for this world. Even for this world mankind never reaching an end (in order) to find its strange creation. How it is going to be like this, or like that, how it is turning, how it is running, how it is moving? But people they are so proud, if they

are knowing a drop from an ocean they are getting proud. Allah, Allah, Allah creating you, creating us and giving such a malkah, ability. We are so small ones but this we have been granted from the Lord of Heavens. Such an ability for looking, for understanding because we have been created to know something and we have been granted such an honor that we are our Lord's deputies.

Who is deputy? He is under this global world and making like this, up or down. Real deputy power. But people thinking that powers only coming to them through eating and drinking. If something coming through eating and drinking, then animals also eating and drinking more than us but they are not knowing anything. Yes, they are knowing something. They are knowing about their Creator and they are glorifying their Creator.

We are living now in a time that people not running to know more about themselves and about seven Heavens over their heads. They are thinking only seven levels, seven Heavens that we may know. It is not only one seven Heavens for Allah. Can he not bring 70 Heavens? He can bring. He may say, “Be!” and coming. If His Divinely Presence saying "Come in existence 70 thousand heavens, 70 million heavens, 70 billion and trillion heavens!" must be!!! But we are so lazy ones and hard-head people. We are not understanding or are not asking to know. Everything through holy books mentioned and the last one of holy books, Holy Qur’an kareem, •••• •••••••••• ••• ••••••••• ••• •••••• maa farratna fi' l kitab min shayy - Nothing have we omitted from the Book. (Al-An'am, 6:38)

(Mawlana stands.) "Everything We are mentioning through holy book, 'O Muhammad, I granted to you, O My most beloved one!'" (Mawlana sits.)

Don't ask who he is. What you are knowing??! He is only most beloved, most honored, most glorified one in Divinely Presence. Divinely Presence is something and heavenly levels presence, they are so different. But only one has the key for everything coming in existence and it must pass through that one, rughman `an anfahihim - in spite of those whom they are jealous when we are giving more honor for Sayyidina Muhammad (s), it doesn’t matter. Donkeys not going to be angry when we saying As-salaatu wa 's-salaam `alayk ya rasulullah, khaatam an-nabiyeen! Whole Creation on this planet getting so happy, except whom they are under their worst egoistic command.

O People! What we are asking to say is ta`zheem; glorifying of most majestic and most countless dominions for him. We are saying from far, far away. What you can say for a night-time star, one star? What you can

know about it? You are not knowing; you are not living on it. But Man so proud, and Allah never likes it: He likes His servants to be humble ones because servanthood, to be real servant is impossible if he is not leaving pride. Pride kicking Man out of the Lord's heavenly dominions. We must change.

The Seal of Prophets' time up today, fifteen centuries. Now it is going to be ended after a while, after a short time going to finish this tajalli, manifestation or appearance. Going to finish and as our Creator, the Lord of Heavens, the Lord of Divinely Presence, (just) as He ordered to be in existence, that Mankind going to an end. To an end! It is only temporary our world, only a temporary world, but it is going to reach its end and who coming through the Ocean of Power and Mighty Oceans going to run in it and finish! Subhan Allah, Sultan Allah!

If you are speaking on it from the beginning, the first day that Man on it up to Last Day, you can't finish! But people are taking a wrong way and they are not asking such a daqeeqayn, such a secret reality that it is just in Heavenly Oceans. I can't say, "Divinely"; it is forbidden for masters. Divinely only for One. Mighty Power just granted and yadh-har, appearing through His most beloved one and His real representative through whole Creation from beginning up to end. Don't think too much on this point, you may lose your mind and it may take you to mental hospital! What happened Green Shaykh, was just thinking on it and his mind just run. Therefore, we are taking him to a prison, into a khususi, private distance to know something about atoms. (Mawlana laughs) He is knowing about atoms and forgetting Who created it.

O People! Allah Almighty's holy order is, laa tudhlamoo - don't make oppression! He says, "That is My Command for whole Creation here or Hereafter! Don't be oppressors!" That is written and mentioned and also ordered through whole holy books: Old Testament, New Testament, Ten Commandments, Psalms and final holy message of the Holy Qur’an, from beginning up to end saying to people, "Don't be oppressors, because I am not a Creator making oppression on My creatures! No one can complain, 'Allah Almighty just oppressing me!' Astaghfirullah, astaghfirullah! I am preventing. It is only one ghunah, sin, biggest sin in my heavenly presence to be oppressors. I am angry that people oppressing each other and I am going to take revenge from those people that they are always revenging the Creatures of the Lord of Heavens!"

And now people saying this is top of civilization and I am saying, no, instead you reached the top of wildness! In other words, wildest. Now we are living in the worst time because people, each one making trouble for the

second one. Each one asking to reach whole treasures and monies and qarah, continents. For example, if you are putting a hundred toys in front of a small one and another one saying to that small one "no, no, no, all for me, not for you anything." Such a bad character for Man! Everyone asking to reach everything. It is not your honor and you can't do this, you can't carry! How many holy verses teaching or trying to teach Mankind and giving so many examples? Like Qarun, just he collected huge treasures, just the keys only for his treasures carried by sixty mules and each one you can't find more than two centimeters key, countless. What he was saying? “All for me”! And the Lord of Heavens saying to Moses , "Look, say to him, 'Who gave to you this'”? Qarun saying, “With my knowledge and my capacity I did (achieved) this wealth, this treasure through my mind. It is my mindly productions,” and this making the Lord of Heavens angry with him, making Musa to swallow him by Earth. Swallowing him and every day qamat, he is coming down. Na`udhu billah!

O People! Think on it. Enough that Mankind is drunk! No, no, you must prevent everything that making them to be drunk, dhaahiran wa baatina. Yes, through their physical being or spiritual being they must try to live what Qarun was saying. And people now running and someone bringing a newspaper, written on it that George, he had 100 billion dollars but this economic crisis making him to lose 10 billions dollars, and he was saying, “Ohhhh, how I lost it?” Up 'til morning just passed away. (Mawlana laughs) Cemetery waiting, cemetery waiting.

O People! Come and think on it. If he was giving for that 100 billion, only we were giving to Green Shaykh one billion, Green Shaykh can save him; but no, they are crying, "We lost 10 billion dollars," and Green Shaykh, what is his importance? His mission to collect from those people whom they are trembling to lose their richness, yes. Give and he may say, “Yes, O my Lord, he gave me one million dollars, doesn’t matter, forgive and keep him to be always sakhee, generous.”

Be generous for Mankind! Allah Allah, Allah Allah. The building of this world just going to fall down and heavenly punishment coming. Earthquake, hurricane and tsunami coming. More raining and they are fearing from pig flu. Who is fearing give sadaqah, give charity and it can’t approach to you. But they are saying no, no, no, all for me. Take with you and go away. O People! Now a second period of jahiliyyah, ignorance time. People they are not thinking, they are not learning anything. They are refusing heavenly knowledge and they are denying everything about spirituality. And Allah Almighty with heavenly whip ordering angels.

O People, through east and west! We are today here and tomorrow no. Why you are taking such a sorrow for economical crisis? If you are going to be buried, golden heaps useless. O People! Come and listen, come and learn, come and practice! Come and keep holy orders of heavens! You should be in endless peace here and Hereafter. Joyful and in pleasure and pleasement, to be with angels. O People! Come and follow Prophet's life and now particularly, all Mankind must follow the ways of the Seal of Prophets, Sayyidina Muhammad (s).

Allahumma salli wa sallim `ala nabiyyina Muhammad `alayhi 's-salaam
Salaatan tadoomu wahtuhda ilayh maa mara'l-layaali wa tool ad-dawaam. Ameen. Fatiha.

## Allah's Holy Name, Ad-Daar

Fatiha

Dastoor yaa Sayyidee. Madad yaa Sultan. Allahu akbar, Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! I am a Muslim. We are Muslims. No one can accuse me that I am not! Ash-hadu ala ilaaha illa-Llah laa shareeka lah, wa ash-hadu anna Muhammadan `abduhu wa habeebuhu wa rasooluh, sall-Allahu `alayhi wa sallam. Madad yaa Sultaan al-Awliya. Madad yaa RijaalAllah. Madad yaa Saahib az-Zamaan. Madad yaa Saahib al-Imdaad!

As-salamu `alaykum, O human nature, through east and west on this planet, on this dunya, as-salamu `alaykum! I am asking Almighty Allah's mercy on all of us. Please give your hearts for hearing. Don't be full with Shaytanic bad attributes and dirty intentions. Shaytan always has bad intentions, never asking to be through his heart good intentions. Shaytan thrown away, thrown from the Heavenly Presence of the Lord of Heavens.

You, O Man! Always try to keep through your heart goodness, good luck, good intentions for everyone. As much as you have such precious thinking through your heart, you are going to be more closer to your Lord, Allah Almighty.

I am a weak servant. According to a heavenly one's addressing, I am addressing you. Don't say that I know something or not. If I am knowing something, it is a grant from holy ones, and you must try to be holy ones: that is your good ending. If a person asking to be ended their lives in a good way, or better or best way, they must try to make their hearts full with mercy for whole creatures. If you are carrying good intentions for every creature, they are giving to you what they have been granted through their Creator.

O People! O Mankind! Come and listen and think on it. As-salaamu `alaykum once again, to carry you closer for a holy association or holy meeting, as you must follow the Seal of Prophets (s), the teaching for the whole Creation what is best for them or for what they have been created, because no one can be able to be in front of their Creator and to speak, can't be! Can't be! He is Allah Almighty, all-Merciful! No one knows about His Existence, wujood; it is impossible for anyone to know the reality of His Existence, impossible!

O People, once again, As-salaamu `alaykum. This is a holy night through a holy month. Perhaps it is much more holy after Ramadan, Rajab, Sha`baan; may be this month after them is most precious, most holy month through twelve months. And listen, because Allah Almighty granted to Man for listening and for understanding, because the way of understanding coming through ears as well as through your eyes. And we are all weak servants of our Lord, and we must be so humble, humble, humble!

O People! We must learn that the Seal of Prophets was saying, ••• ••••• ••••• ••• •• •••• • ••••• - "talaba 'l-`ilmi fareedatun `ala kulli muslim wa muslimah" The holy Prophet (s) was saying to try for learning, it is an obligation on all believers, men and women. Therefore, we must learn or we must try to learn. From whom you must learn? Who knows, you must learn. Not from ignorant ones, no! Who knows, you may learn from that one. Don't be cheated by imitated titles. Imitated titles never giving an honor to Mankind, no! That is your grant, what you have that you are granted. If you have something, you are keeping for yourself, not giving to others. Yes. Imitated titles! People giving some of them for some others, no value. It is only for this limited life, mu'akkat, for temporary life, people enjoying to be said, "O graduated from where?" "That one is a doctor that graduated from....ha, ha, ha." They should be, our Salafi `ulama, very angry. Doesn't matter. If they are angry, they are harming themselves, not harming me. What is the meaning of Daar? "Ad-Daar jalla jallaalaluh," what does it mean, say to me (O `ulama)? You are thinking that you can harm someone, but you can't do.

Once upon a time, the time of Ahlu ‘l-Bayt, you must give them honor whole kings, presidents and dictators, as the Lord of Heavens ... know Arabic or not? Where I am looking to find, I am forgetting.... Salafi `ulamas, you know Arabic? They are saying, “Yes.” What does it mean, "ad-Daar"? You may be angry for some reason for me, but I am nothing! But you are saying, “We are something.” You can’t harm something that claims, “I am nothing!” If someone saying, “I am nothing,” what you are going to do for that one? Nothing. But who is saying they are something, holy order comes, “Cut their heads!” Because very serious shaykh this one (Shaykh Hisham). Speak to those serious shaykhs also, you Shaykh Hisham, never smiling! (Mawlana smiles.) Two heads cut, one cut down. For what? If a person saying nothing, how are you cutting nothing? Astaghfirullah, astaghfirullah.

You must believe that Allah Almighty...(audio cut)... always keeping his position, but the Lord of Heavens when a person claiming something that it is not for his authority, divinely anger reaching to that one and taking that one away. We are saying we are now speaking from east to west, from up to down, downstairs, upstairs, we may speak. Some people getting angry and maybe they think that they can do anything.

The time of Hajjaaj azh-Zhaalim, you know? So many people knowing, so many people not knowing about Hajjaaj azh-Zhaalim. Hajjaj as-Zalim is a famous oppressor. That one was against Ahlu ’l-Bayt, peace be upon them, the holy descendents of Rasulullah (s). (Mawlana stands.) He was in Baghdad and he was hearing about Sayyidina Zayn al-`Abideen. “Who is that one that people are running after him? I must look and I must speak to him. I must understand who is that one and I shall try to make him to know something about me. Bring him to me.” They are going and saying, Zayn al-`Abideen, Amir al-Mu’mineen’s deputy, Hajjaaj azh-Zhaalim, asking that you may come and see him. Zayn al-`Abideen was 13-year-old, or 14-years-old, can’t ..... and Hajjaj was sitting on his chair, never giving t`azheem, respect and honor that he is Prophet’s (s) grandson, saying, “Who are you?” Zayn al-`Abideen answering, “ana Zayn al-`Abideen.” And Zayn al-`Abideen(a) was asking, “Who are you? And you are from that tribe.”

Little by little, Hajjaaj azh-Zhaalim was getting angry and after he was asking this and Sayyidina Zayn al-`Abideen answering to that Shaytan like this, like that, finally reaching up to here. Hajjaaj azh-Zhaalim saying, “O young one! Are you not fearing from my haybat, power and my position? You are not fearing from me? I can order that sayyaaf, executor, for cutting people’s heads. I may ordering one of my jallaad, executors

to cut your head. You are not fearing?”. (Sayyidina Zayn al-`Abideen said) “O Hajjaaj, not yet coming news that the Lord of Heavens giving authority for you to order of Angel Azra’il to take my soul!” He (azh-Zhaalim) was trembling before this 13 years old. “I is not yet reaching to me that Allah Almighty giving to you Azra’eel’s to come to take my soul to kill, to cut.” And he (azh-Zhaalim) was getting up and down. Look: Baytu 'l-hikmah wa baytu 'l-`ilm, Sayyidina `Ali karam-Allahu wajhah (Family of wisdom and family of knowledge, the descendants of Sayyidina `Ali, may Allah enoble his face). “Don’t say such things, we are from home of the Seal of Prophets! Habeebullah’s descendants! You can’t say this to me! I am not fearing your shouting! What you are saying it is for you and not for me!” Hajjaaj azh-Zhaalim trembling and saying to take him quickly out to leave him to go as he likes.

This is a suitable story for those people whom they are thinking, “We can kill, we can cut, we can do such things.” No. If the Lord of Heavens asking, you can do something because no one carrying a name, "ad-Daar al-Jalaluhu". You can’t harm, you can’t kill, you can’t do anything if Allah Almighty not asking to be done for that person. If the Lord of Heavens protecting a person, no one going to do anything.

Once the Prophet (s) was in Safar in battle and he (s) and Sahaba were stopping on a plateau. Sahaba were taking their rest and Rasullullah (s) going a little bit up and there was a tree and he was making a little bit for resting. Suddenly, one mina 'l-badoo (Bedouin) was watching him, tarassud. That Arab Bedouin coming and sharing his sword and saying, “O Muhammad, now who can save you from my sword?” Prophet (s) was saying, “Allah!” Dome! When Rasul answering (his question) “Now who is saving you from me?” (by saying) "Allah!", the Arab falling down his sword and it falling out of his hands. Rasulullah (s) taking it in his hand and saying, “Now, who can save you from this sword!?”

People are thinking that Islam is something that is fairy-tales, something that has no reality in it and not taking any care. Pthuuu! On those ones that are claiming this. They should be under earth. This is deenullah, Allah Almighty’s religion that He is ordering to His servants, “Come to Islam!” Sent his holy letter to Viceroy of Rome, Caesar of Constantinople, and it was written first on it, “Come to Islam and be in safety here and Hereafter.” Therefore, so many people may be angry with what we are saying. Ad-Daar, O Allah. Ad-Daar, O Allah. If you are saying that, “We can harm a person, or do our best for anyone,” you are on wrong way. You must believe that Allah Almighty granting or taking His grant.

Salamu `alaykum. Don't be heedless, O people! I am not asking from dunya but so many people with imitated titles asking for dunya. Dunya under my feet. I am on my way to my Lord and you are thinking you are never going to be in holy presence of your Lord. You are making trouble this and that. The Commander of this planet making my tongue to speak about real Islam and its reality! If not, you may fear that through morning in your bed, you can be a dead body. "Can't be!" Yes, can be! Beware, beware!

(Rubba ash`ath aghbar) law aqsama `ala allahi la-abarrah - it could be someone with unkempt hair, dusty, if he were to swear an oath by Allah Allah would fulfull it. Don't look at a person's dressing. There are so many people that can't find anything for dressing as you like, but their words never going back to him but the Lord of Heavens may say, "My servant asking, must be." It is a long story for awakening. I am not asking to be a malik (king), to be a grand shaykh, to be a viceroy, to be his holiness, no. All of them are useless. Whole titles that people giving to you have no reality. Don't be cheated but try to take a title from the Divinely Presence. That is our last desire that the Lord of Heavens calling us, "O My servant, yaa `abdee, yaa `abdee, yaa `abdee.

Don't claim that you know everything, no. Don't say that our opinions are true and others are wrong, no. Keep your adab with Saahibu 'l-Adab, Rasoolullah (s), and Allah protects you and accepts you.

First of all, I am asking forgiveness but they are making a weak and old servant to address whole people from east to west. If anyone is saying that is wrong or not true, the responsibility is on myself, not on them. They may say what is true what is wrong that they are saying.

May Allah forgive me, and forgive them and forgive you for the honor of Sayyidina Muhammad (s). (Mawlana stands.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, SubhaanAllah
Allah Allah, Allah Allah, Allah Allah, Sultan Allah
Dome dome dome dome 4x

O People! You must know that if anyone going and trying to be like someone else, he and that one are on same way. That is an important warning, because now whole Muslim world also, they are saying that this night (Christmas) is a holy night and they are liars! Can't be a holy night, this night, because no spirituality,

nothing in it. People dressing very fashionable dressings and they are cleaning their houses, they are cleaning their cars, or buying cars and new furniture and doing... (video cuts)

## Allah Almighty's Praise for His Prophet Is Unending

Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi 's-salaatullah wa salaamahu `alayh, wa 's-salaat wa 's-salaamu `alayka yaa sayyid al-awwaleen wa 'l-aakhireen, wa `alaa jamee`il anbiyaa-i wa 'l-mursaleen, wa `ibaadallahi 's-saaliheen. A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. Yaa Rabbana! Yaa Rabbi 'ghfir wa 'rham wa anta khayru 'r-raahimeen. W 'aslih shaanana wa shaan al-muslimeen, w 'ansurnaa `ala 'l-qawmi 'l-kaafireen bi-jaahi nabbiyyika 'l-kareem. (Mawlana Shaykh sits)

Thumma 's-salaamu `alayka yaa Sayyidee, yaa Qutb al-Mutasarrif. Wa `alaa jamee`i ashaabun nawba wa 's-salaamu `alaykum yaa Rijaalallah maa bayna 'l-mashaariq wa 'l-maghaarib, mutasarrifi fee umooru 'l-dunya wa maa feehaa.

O our Sultan al-Awliya! We are knowing nothing and we are asking to know and to learn, at least to be as the Seal of Prophets (s) was saying; (Mawlana Shaykh stands) man tashabbaha bi qawmin fa-huwa minhum, “Whoever imitates a group of people is from them.” (Mawlana Shaykh sits)

O Salaafiyoon! As-salaamu `alaykum. You know Arabic. That is kalaamu 'n-Nabi, holy words of the Seal of Prophets (s), that he was never speaking through himself, but it is:

•••• •••• •••••• •••••• ••••••

In huwa illa wahyun yoohaa, It is not except revelation revealed to him (53:4)

Ta`arif `arabiyy, tifhamoo? So many Shaytan people asking to spread disease in Islam, to make it down and to raise their false maktab, schools. You must give value to the holy words of that holy one. Really he is holiest one, most honored one, most glorified one, most praised one and most majestic one through Creation! He is not accepting Jahannam and their ways. Raghman `alaa anfihim, "In spite of their wills," whom they are so greedy about the Seal of Prophets (s)

They are in the level of shaytans, whom they are not respecting the Seal of Prophets (s) Their levels are of afreet, Shaytan's devils. `Ayb alayhum, Shame on them! If anyone gives his respect to the Seal of Prophets (s), some greedy ones are going to explode due to their bad beings. Because Shaytan injects its poisonous serum into them and then they are going to be greedy about everything that is praising the Seal of Prophets (s). Allah Almighty is praising him, saying: (Mawlana Shaykh stands)

••••• ••••••• •••••••••••••• •••••••••• ••••• •••••••••• ••• ••••••• ••••••••• ••••••• ••••••• ••••••• •••••••••••• ••••••••••

inn Allaha wa malaa`ikaatuhu yussalloona `ala 'n-Nabi, yaa ayyuha alladheena aamanoo salloo `alayhi was-sallimoo tasleemah, Allah and His angels send blessings on the Prophet: O ye that believe! Send ye blessings on him, and salute him with all respect. (33:56)

O Salaafiyoon! O Wahhabiyyoon! Where are you? What does it mean? Are you not Muslim? Not understanding what is the meaning of, inn Allaha wa malaa`ikaatuhu yussalloona `ala 'n-Nabi? (Mawlana Shaykh sits) What is that foolishness, trying to destroy aqa`id al-Islam, Islamic beliefs. And Islamic beliefs just based on t`azheemu 'n-Nabi. Base of Islamic beliefs is to give most high respects to the Seal of Prophets (s) that he has been granted such an honor that no one has been granted. And his existence is from pre-Eternal up to Eternal. Raghman `alaa anf wahhabiyyeen wa salafiyeen, “Despite Wahhabis and Salaafis,” and those who are following their ways! Our religion is just based on praising and respecting that one who is the real deputy for the Lord of Heavens from pre-Eternal up to Eternal.

A`oodhu billahi min ash-Shaytaani ‘r-rajim. I'm running from Shaytan's trips. Running to Allah Almighty, but really we can't do that, but we are running to some praised servants that they are beings who are, yanoob,

representing. We are running to them for a respect to the Seal of Prophets (s), because our respects are so useless in front of the Lord of Heavens, that He is granting His Divinely respect. What is our respect? What is it? We are nothing! Whole Creation's respect is going to be nothing besides the respect of Allah jalla jalaalahu. He Almighty is praising him. What is our praising?! You may say that the value of our praising may be the value of one atom, one dharrah, besides the atoms of the whole Creation. At least that is a description for making qiyaas, comparison between the Lord of Heaven's praising and our praising. And even if we praise for billions, trillions or quadrillions of years, but besides our Lord's praising, it is nothing! But those greedy people, are always saying that they have a tariqah but they are liars! They have tariqah but their tariqah is Tariqatu 'sh-Shaytaniyya, “Satan’s Way.” Our tariqah is Tariqatu Muhammadiyya, “Muhammad’s Way," sallallahu `alayhi wa sallam.

Allahu Akbar! Allahu Akbar! Allahu Akbar `alaa man takabbara wa tajabbara `ala Habeeb-Allah (s), “Allah is greater than the proud ones and the tyrants.”

They are saying, "Bid`a, shirk, haraam yaa shaykh! How is shaykh saying 'As-salatu wa-ssalamu `alayka' and he (Prophet) is dead one?" Pthuuh!! `Alaykum `ala `aqeeda taba`akum!", “ Pthuuh on you, and the beliefs that you follow!”

Whom they are fee ghaayatu 'l-jahal, they are sinking in the biggest ignorance and darkness territories. Give more praising and laa maani`, Allah Almighty is going to be so pleased if anyone is praising His most praised one, the real deputy for Him Almighty. Yes. Look, O Salafiyoon and Wahhabi people. They are so greedy, always towards the t`azheem, glorifying of the Seal of Prophets (s) Why? Which harming will come to you if the praising for the Seal of Prophets (s) will be getting more and more? And you are in existence for his honor. T`azheemu 'n-Nabi, glorifying of the Seal of Prophets (s) and praising; and he is majestic! He is majestic! No one is possible to understand adnaa, the least understanding for the Seal of Prophets' (s) praising and glorifying from Allah Almighty. Allahu Akbar! SubhaanAllah! Raghman `alaa anf Salafiyoon (in spite of the Salafis) and Wahhabiyyoon!

We are giving our most high glorifying to that most glorified one in the Divine Presence. At least you must understand that every time you are praying two raka`at, before finishing them, there is at-Tahiyyah (the supplication of heavenly greetings); at-tahiyyaatu lillahi, greetings, wa 's-salawaatu, and praises, wa 't-

tayyibaatu lillah, (and all good things belong to) are for Allah. Then saying, as-salaamu `alayka ayyuha 'n-Nabiyyu (Mawlana Shaykh stands) For whom is this? You are praying every day at least 40 raka`ats, and at every time of prayer. (Mawlana shaykh sits) You are making at-Tahiyyah, heavenly greetings. If you are not saying, as-salaamu `alayka ayyuha 'n-Nabiyyu, “Greetings to You, O Prophet,” then there is no salaah, no prayer. Who is giving that “As-salaamu `alayka ayyuha 'n-Nabi"? Who is saying this? Are you not understanding Arabic? Are you an `ajam, non-Arab, or Turk like me?

O Arabs! For what is Allah Almighty saying, “As-salaamu `alayka ayyuha 'n-Nabi"? That khitaab, that addressing has never happened to anyone, personally. As-salaamu `alayka ayyuha 'n-Nabi! Who is saying this O Salaafiyoon? Who is saying? Is He not Allah? As-salaamu `alayka ayyuha 'n-Nabi! He is not saying, as-salaamu `alayka yaa Nabi, but saying, ayyuha, “O you.” [Denotes heavenly honorary greetings] Heavenly khitaab that never reached to any Creation, min Allah, from Allah to His `abd, to His servants; never happened directly, as in, "as-salaamu `alayka ayyuha 'n-Nabi." No one is knowing the `uloowu 'l-qadr, “exalted value.” No one is knowing the li 'l-ghaayah, extreme, no one can reach, as-salaamu `alayka ayyuha 'n-Nabi wa rahmatullahi wa barakaatuh.

Angels are saying, as-salaamu `alayka ayyuha 'n-Nabi, Allah khitaaban, wa rahmatullahi wa barakaatuh. Angels saying; malaku 'l-`alaa, not ordinary angels, but angels that are malaku 'l-`alaa, high level of angels. They are saying, "wa rahmatullahi wa barakaatuh.” Mashaa-Allah, mashaa-Allah! At-tahleel, analyzing for tahiyyah; as-salaamu `alayka wa rahmatullahi wa barakaatuh, as-salaamu `alaynaa. Rasool. Jibril (a) tammaam, as-salaamu `alaynaa wa `alaa `ibaadillahi 's-saaliheen, “Greetings upon us and upon Allah's righteous servants.” Whom are the `ibaadillahi 's-saaliheen, that they are those following that order and giving their most high respect to the most highly respected one in Divinely Presence.

Another question. You are `ulamas and saying you know everything. There is a question to Salafiyoon, to doctors of Shari`ah, to Azhar ash-Shareef `ulamas. Bismillahi 'r-Rahmaani 'r-Raheem (Mawlana Shaykh stands) Bismillahi 'r-Rahmaani 'r-Raheem. Allah, subhaanahu wa ta`ala, min Sifaatihi 'l-Uloohiyyah, one of the Divine Attributes is that Allah Almighty is Mutakallimun. Yes? Sifaatu l-Kalaam. (Mawlana Shaykh sits) That is the divine attribute of Allah Almighty for speech or addressing, yes. Suwaal, question: kalaamullah qadeem, “Allah’s Ancient Word.” Qadeem maa al-ma`na? Qadeem, Eternal; from Eternity to Eternity, Allah Almighty is Mutakallimun. What are you understanding? Allah Almighty is sometimes speaking and

sometimes not speaking? Sifaat, Divinely Attributes, yusheer `ala 'd-dawaam, “indicate continuity;” are continuous. Taateel maa fee, you can’t destroy it; Allah Almighty is speaking and His Divinely Speech never stops and is not taateel or ibtaal, “delayed.” And do you think Allah Almighty sometimes speaks and sometimes not? No, that is kufr! Allah Almighty is Mutakallimun, speaking with His Divine Attribute, that He has kalaam, He speaks.

Isma`a yaa Salaafiyoon hal taraa.... was Allah Almighty was speaking by Himself? He was speaking to Himself? What is that? If we are looking at a person who is sitting and speaking ti himself, we will say that if this person is speaking to himself, there must be something wrong with that person. Majnoon, "crazy." If a person is speaking all by himself, without addressing anyone, you are saying that this person is foolish, or is becoming, majnoon. Janna 'r -rajul, yahkee li haaluh, “The man is crazy, he speaks to himself.” Allah Almighty yahkee li haaluh, speaks to Himself? Qul! Say! (Mawlana Shaykh laughs) You are `alim, you are `ulama. `Ulamas, mashaa-Allah, shoo `ulama anta?

Say! Allah Almighty was speaking to Himself for what? Bidoon, without a listener? Allah Almighty was speaking to Himself? For what? Or speaking to someone? There must be a mukhaatab, "addressee." If a person is yukhaatib, there must be a mukhaatab. Khateeb, if no jama`ah, listeners, his speech is foolishness. Do you ever see that a khateeb, like yourself, is getting up on a minbar, and no one is there, and you are speaking? People should say, “He is janna 'r- rajul, speaking tala `ala 'l-minbar an yahkee (going up on the minbar to speak) to himself? Majnoon!" Allah Almighty, that He has Divine Attributes from azali ila 'l-abad, “from pre-Eternity to Eternity.” To whom (was He addressing)? Who was mukhaatab? Who was addressed in the Divine Presence? Say! Who was? Say! It is a question!

If Allah Almighty is speaking by Himself, that is not from His Divinely Attribute. Allah Almighty not speaking and you are saying He has a Divinely Attribute that He speaks, yukhaatib, addressing? To whom? Without an addressed one, how are you addressing? Min kaan, in the Divine Presence, when Allah Almighty is addressing. Say; don't go like this or like that. Who was his addressed one?

(Mawlana Shaykh stands) He was addressing to Sayyidina Muhammad (s)! Why are you not saying? Are you not ashamed, or are you not knowing? Why? Say that Allah never addressing to anyone, making Allah Almighty like a person, speaking by Himself, saying jannu 'r-rajul. Jan Rabbuna? Astaghfirullah. Allah

Almighty is addressing and would there be no one who is addressed? He was speaking with His most beloved, most glorified and most majestic one, who is Sayyidina Muhammad (s)! Raghman `alaa anfikum! (In spite of your noses) (Mawlana Shaykh sits)

They are `ulamas, scholars. Say! Say! Then don't be greedy because your greediness is reaching to the Divine Presence, and Allah Almighty is going to curse the one who is going to be greedy towards His most beloved one. May Allah forgive us.

Fatihah.

(35 minutes)

Allahu Akbar! Ajaib! SubhaanAllah! Muqallib al-Quloob balash. Haadha kalamu 'l-Haqq! If it wasnt Haqq, Truth, then no one would hear it. That is `alaamatul khair, "a good sign, a good omen." That is bushraa lanaa yaa ma`ashar al-insaan inna lanaa ruknu ghayr munhadim, "Good tidings to you O gathering of Mankind, for verily we have a pillar never destroyed. Who is that pillar? That is Prophet (s) Always standing up, never falling down." Impossible to fall down, always standing up! Haqq! Haqq!

Fatihah.

Barakaatak, mashaa-Allah.

## ALLAH'S SUPPORT IS ENOUGH

If there was no Heavenly Support, everything would vanish. It is through Divine Support that you can stand up. Real Divine Support only comes to those who ask for the Lord's Pleasure. If you ask for the Lord's Pleasure, Heavenly Support will come to you. Others will do so many things, but it will all be useless in the end.
Everyday angels shout from Heavens, "Oh, people, believe in your Lord and live for the sake of death!" Everyone who is alive must die. What the angels are saying is like asking someone to build for the sake of destruction. Whoever lives only for the sake of this life, will die. They will be taken away. And whoever builds only for this life will be destroyed, because Allah Almighty will not support them. A person who puts one stone on top of the other without doing it for the sake of Allah, will never be supported.

We want to be for Allah, not for anyone else. If you intend to be for Allah, Allah will support you. You can do so many things, if you do them for the sake of Allah and his Holy Prophet, you will reach Heavenly Support. It could be a huge task which would be impossible to reach with ordinary means. But because Allah Almighty is supporting you, you will be able to do it. His support is more valuable than the support of all other nations put together. If Allah Almighty supports you it is enough, even if all the others are against you, don't worry. Do you think that the support of the Bank of England, America, Jerusalem or even the World Bank is better than the support of Allah Almighty? What do you think? Yes, you might believe in what I say, but practically

you are still doing the opposite, you are still supporting creditcards of Banks to support you. You are not really asking for Heavenly Support.

All that is injuring faith and killing beliefs. They may seem to be simple things, but the effect is too heavy. You must practise what you know. But because people do not see gold falling down from the sky onto them, they do not understand that it is He who is supporting everything.

We must believe. Religions were made for people to learn how to believe. If you believe, you will win. If you don't believe, you will loose. Believe and improve! Believe and be victorious! Believe and come closer to your Lord's Divine Presence. You may ask yourself, "If I leave every other support in this life and just depend on Allah, how will it be?" Try it! If you don't have a job, work for Allah and look what will happen!

Once upon a time a poor man took his showel and axt and went to the market to find a job. They were so poor and had nothing in their homes. He sat down to find someone to call him to come and work. He waited and waited and waited. No-one came to call him and at the end of the day he was hopeless to find any job there, so he went to the mosque and said, "If no-one employs me today, I may work for Allah Almighty." When he then returned to his home, his wife asked him, "Oh, my husband, are you bringing anything for the children to eat?" He answered, "I just started to work for a very wealthy one and he told me to come again tomorrow because he has some more work." They were patient and managed to put the children to sleep even without food. It was difficult, but they were able to. So the next morning he went again for a while to the market, but again no-one offered him a job. So again he went to the mosque, took his abolution and went inside to pray. He said, "Oh, my Lord, no-one is giving me a job, so I am here for your sake." He stayed there until evening and then, when reaching home, again his wife was anxious to get some food for the children. "My dear wife," he told her, "today the same thing happened as yesterday!" Again the children had to go to bed without any food.

We are such heedless people. There are so many things happening in this world every day. You can't imagine! So many thing are happening to be lessons for us. We should be thankful to Allah Almighty that we are all finding something to eat, and even more than enough. Many people even pour it all out into dustbins. I knew people in Greece who during the second war when there was hunger tried their best to find something in the dustbins. I was in Constantinopel and the daily ration for a family of 5 was a pound of bread. How can you

live on that?

Coming back to our story: That person went the third day in a row to the market, found no job and again went to the mosque. During his prayers he said, "Oh, my Lord, no-one is employing me, so I am coming to you. Accept my work!" When he in the evening went home, he put some fine sand into his handkerchief so that if anyone would ask what he is bringing, he could show that. He opened the door to his house and saw his wife and children in there, very happy. So he hid the handkerchief behind the door and then asked what had happened and from where the good-smelling food had come. She said, "Oh, my husband, just as you left, someone came, knocked the door and I opened. He was a strange person and he carried a covered plate and behind the door there were more things, all in gold. He told me that it was the payment for your job. I just took one of the golden coins and with it, the donkey could hardly carry all the goods I brought from the market." He thanked Allah Almighty and she asked him, "What is it that you brought with you?" So he started looking for it, saying that there was really no need to look at that now. He wanted to take it out, but it had become so heavy that he couldn't lift it. He looked inside and it was also full with gold. If you work for Allah, you will get too much money. Don't work for anyone else, Osman! Work for Allah, and he pays. Not in Dollar or Sterling, but in gold.

Be happy and keep your belief firmly. That is the level of certainity. For so many years I was never carrying money in my pocket or even touching it, and I was travelling. Wherever I needed something, someone would pay. Allah Almighty had prepared someone to serve me because Grandsheikh had told me not to take money. Yes, we must try to reach that kind of certainity. It makes your life easy and happy. You will not be tired running after these wordly things. All treasures in the world and in Heavens belong to Him.

## Allah's Will is the Best

Since 21 years Allah has made it possible for me to start and complete the Holy Month of Ramadan in London, to lead the Tarawih prayers there. This year it was the Will of Allah to start this month in Germany. Whatever Allah wants is the best and most beautiful, whatever He plans is wonderful. Those who rely on Allah will be successful. Whoever is stubborn to fulfil their own plans, will lose. When something happens, don't ask why. When something doesn't work out, don't fight, it is foolish. But foolishness doesn't leave mankind so easily. Everybody wants everything to happen the way they want it to. Do you, foolish person, really think that what you want is the best for you? On the other hand, do you really think that what you don't want couldn't be good for you? The foolish ones oppose the Will of Allah when it doesn't happen the way they thought.

'Islam' means to submit to the Will of Allah. Once you have submitted to Him, don't start fighting against His Will again. Be satisfied with what He has chosen for you.

One of the signs of the coming of Mehdi, is that seven great nations will come to Islam, the first of these will be the Germans. Their inner nature is very suitable for Islam.

## Allah tries His servants

Allah Almighty tries His servants to see if they are patient. We must remember this so that when an event comes to test our patience we will remain firm. We must keep ‘patience at the first blow ’, we must keep our faith, then our power will grow and the power of our enemies will decrease. Our real enemy is our own ego. In the great war against our ego, ‘Jihad’, the angry man will lose and the patient man gains.

## Allahu Hasbi

I pray 2 raqats, may our assembly be holy. May my Lord and His beloved be pleased with us. May the awliya help us, Allahu Akbar. Fatiha.
Assalamu Alaikum. Oh the lovers of Shah Mardan. Oh the friends. Who are friends? The ones, who follow the way of Shah Mardan, who serve and love him. are his friends. Assalamu Alaikum oh friends of Shah Mardan. Let's send salam. Salam brings peace. And let's say Bismillahi r-Rahmanir- Rahim. Allah Dhul Jalal Hazrat the owner of Majesty granted the nation of His beloved, opens the doors of heavens & earth, dresses people with the dress of humanity, that gives people honor, that dresses people with the attribute of being a friend of Shah Mardan. When we say Bismillahi r-Rahmani r-Rahim heavens & earth shake.
Listen! Oh friends of Shah Mardan. How beautiful, how nice! I stand up to mention our Lord's name Jalla wa Ala. I stand up. Bismillahi r-Rahmani r-Rahim I say. How wonderful it is to say Bismillahi r-Rahmani r-Rahim. What a great honor. Allahu Akbar Allahu Akbar. Allahu Akbar Wa Lillahil Hamd. Sayfu r-Rahman, Sahib Maydan. Shah Mardan Be honorable. Lion of our Master, Lion of the arenas Ali Ibn Abu Talib, Shah Mardan, martyr for your way. Come on in. Marhaba to you ikhwan, who listen, friends, lovers. How many friends does he have? Whoever says Bismillahir - Rahmani r-Rahim is his friend Who, doesn't say Basmala is a friend of animals. Whoever says Basmala they are friends of Shah Mardan.
Oh those who make meaningless claims. Who say I'm alawi, I'm shia! Which way of Allah's Lion do you follow? Whoever draws a sword to kill someone should know that a zabani angel stands on top of his head with a sword in his hand; he will hit. That angel will cut his head. He should know this. To the innocent people, Allahu Dhul Jalal honored them, made them honorable. He said to angels, prostrate to Adam. How do you show respect to the son of Adam? Janab-i

Wajibul Wujud Allahu Dhul Jalal. What He said to angels; "usjudu li'adam" prostrate to Adam. Allahu Akbar. Oh Shah Mardan how nice he speaks. You despicable man! You, the dogs of the devil! How can you kill, hit, cut into pieces a human being? Allahu Dhul Jalal wanted angels to prostrate to mankind. then you say; we are Alawi, we are Shia. It's a lie. An angel upon you, with a sword in his hand waiting. He will cut your head.

Beware! This is not just for Shia or Alawi. This is for all oppressors. "Wa la tazalamu" I'm not an oppressor says Janabul Haqq. I forbid Myself oppression, and also you. I order you not to oppress. Don't even step on an ant to kill it. Because Janabul Haqq made him speak also. Look. The great Prophet Sulaiman, Ala Nabina Alayhi Salatu was Salam, When coming with his army "qalat namlatun" (27:18) An order came to the ant, to the leader ant of the ants with that inspiration. What did the ant say? "ya ayyuha an-namlu udkhulu masakinakum" (27:18) Oh ants get into your homes. "la yahtimannakum Sulaymanu wajunuduhu" (27:18) So that he won't step, crush you, Sulaiman and his soldiers. Sayyidina Suleiman, who rules over humans and jinns, what is the order for him? Take care of Allah's creation. You also don't stand in the way of him. Sulaiman, the owner of the Sultanate is coming. Janabu Mawla crowned him with Prophecy. Sayyidina Sulaiman, who has a mandate to rule from east to west, is coming with his army, stay out of his way. Stay out of his way because he is coming with his army. He'll step on you.

Subhan Allah. Oh the one with a brain, Listen to Shah Mardan. Janabu Allah orders his Prophet. Prophet Sulaiman was at war by the Order of Allah. He would pass through that place. Who created the ant? Allahu Dhul Jalal created it. An order was given to the leader of the ants. "ya ayyuha n-namlu udkhulu masakinakum" (27:18) Oh the ants run back to your homes. "la yahtimannakum sulaymanu wa junuduhu wahum la yasha'uruna" (27:18) Because Allah dressed Prophet Sulaiman with majesty and dominion. A reign like his wasn't given to anyone else from humans or jinn. Prophet Sulaiman ruled over humans and jinn. Oh honorable Prophet. Honorable Prophet, Sayyidina Sulaiman, with his greatness he also stood in the presence of the Prophet of the end of times, with good manners, Prophet Sulaiman. Allahu Akbar. When Prophet Sulaiman received the news of our Master; when Wazir Asaf, who had been given knowledge from the book gave him the news, Prophet Sulaiman trembled, with all his majesty.

Our master is the Master of the Universe. He is the Prophet of the End of Times. The pride of the Universe, beloved of Janabul Haqq. No one can reach his station. "Come my beloved." No one was addressed like this but our Master. Prophet Jesus, Prophet Moses, Prophet Sulaiman, hundreds thousands of Prophets revered by Him. On the night of Ascension. when he descended to Bayt-ul Maqdus 124.000 Prophets stood in rows. Oh Glorious Rasul, Oh Glorious Rasul, intercede for us, it is in your power. We lost our way. The devil messed things up, to take the honor from the sons of Adam. The devil's angry because he envied that honor given to mankind. It must be given to me, said he. Rebel.
You have that degree of honor oh son of Adam. Did Janabul Haqq say "Kill each other"? Is it written in Bible, Old Testament or The Book of Psalms to kill each other? If not, draw your sword, cut the devils. Destroy the ones with the devil's attributes. Keep the sword of majesty, that sword is given to you by the hand of the Prophet of end of times; to all Prophets. He didn't give it to Jesus, Ala Nabi'ina Alayhi Salatu was Salam. Prophet Jesus was allowed to say Bismillahi r-Rahmani r-Rahim. They attacked him, wanted to hang him. They wanted to cut him. The sword of Bismillahi r-Rahmani r- Rahim was granted to Jesus (as) once. He held the sword in his hand once. Which sword? Sword of Bismillahi r- Rahmanir-Rahim. Say it and come to me.

Marrafa'ahullah "wa ma qataluhu wa ma salabuhu walakin shubbiha lahum" (4:157) Janabul Mawla said about Jesus (as) that they neither killed him or crucified him. It's a lie. Marrafa'ahullah Ilayh. Maybe Allah raised Jesus(as) to the heavens. We believe this. You believe in nonsense. How ridiculous? You crucify Jesus(as). You show everyone a naked man on a cross. What kind of religion is this? Would Janabul Haqq let them disgrace a prophet? Allahu Dhul Jalal, Whose Majesty is limitless, would He disgrace His Prophet? They say Jesus (as) is more than a Prophet. Allah forbid. They say he is the son of Allah. If he is the son of Allah, how is it that Allah doesn't protect His son? He lets three and a half unbelievers hold him, nail him to the cross? Then you come and cry. This is your superficial belief.
If he couldn't save himself, how can he save others? Think, O nation of the book, the nation of the Bible. How can it be oh believers of the Bible? What is this? He couldn't save himself. If he couldn't save himself, how can he save others? He said; "say Bismillahi r-Rahmani r- Rahim oh

my servant Jesus. Say Basmala, I shall take you to heavens. You may sit in your station. We, Muslims believe in this. We don't accept a Prophet who's crucified. It's fake. Incorrect. Allah Allah. Allah is Powerful. And you say he is the son, then you crucify him on the cross. What is this? How ridiculous? That's the way we believe it. We invented all these weapons to finish off Muslims. This will finish off Muslims, If 100 times more non-muslim soldiers come, they can't finish off the muslims. Muslim's sword is up like this, sword of Shah Mardan, it's up. Islam and Muslims won't be made low, the servants of Allah Jalil. We are lions.
Say Bismillahi r-Rahmani r-Rahim. Come to the right way O those, who have forgotten their humanity, who think ignorance is their job. Come to the right way. Don't insist on falsehood. Don't think that these bombs, weapons can finish off Islam. Cannot. Cannot. They may finish you off but not Islam because no power can defeat "Bismillahi r-Rahmani r-Rahim, Allahu Akbar Allahu Akbar Allahu Akbar" - when a muslim says this. Pull yourselves together. Ignorant Muslims of this age are scared of them. Alas, if their bombs reach us. If Allah doesn't protect you their bombs, arms, whatever they call it, missiles, they can not protect you. It falls on your head. What is going to protect you is Bismillahi r-Rahmani r-Rahim.
Say oh Muslim. Listen to Shah Mardan. Say Bismillahi r-Rahmanir-Rahim. Be under his protection. Don't worry. Nothing will happen to you. They are needy for weapons. We aren't. Muslims lost themselves. You have the sword of... Bismillahi r-Rahmani r-Rahim. When Shah Mardan has Dhul Fiqqar; when there are the banners of La ilaha ill'Allah Muhammadur Rasulullah, we won't be defeated, the banner won't fall . 7 heavens will be overwhelmed. La ilaha ill'Allah Muhammadur Rasulullah, the noble banner, won't fall down. The world will be upside down, will explode. Pull yourself together. Oh Iranians, Alawis, Shias! We built a weapon factory. Hope it explodes on your head. We have this many planes. It crushes you. Won't touch muslims. Let's say Shah Mardan, Owner of the Arenas, the Lion of Allah, send us help - The power to give a lesson to those who don't know their limits. Shah Mardan; say Bismillahi r-Rahmani r-Rahim and don't fear. We don't fear China, USA or Europe.

Once upon a time a holy person said when arguing with the People of the Book, We're right, you're right. Our power is spiritual he said. Ok he said come here. There's a bent tower in Italy that stays bowed and bends more. He told him come here, let's make a test. If you straighten

this tower, we will follow you. If you can't straighten it listen to us. Come, if your religion is Truth, straighten this tower. The Pope or the leader said don't come closer. The Muslims can straighten it, and our religion sinks. That's why that tower is left that way, bent. Islam is as straight as a line.

Shah Mardan's Dhul Fiqqar waits like this on the backs of their necks. Today is Wednesday. Wednesday is a heavy day. May the weight of this day be lifted. Let's say at least 7 times, Shah Mardan says: Salamun Qawlan min Rabbir Rahim desin. (36:58) Don't fear. If the sky is full of their planes, don't fear. Say Bismillahi r-Rahmani r-Rahim 7 times, nothing will touch you. If you are among lions, they can't turn around and look at you. Oh Muslims, oh Shah Mardan. We sacrifice for your way, Oh Shah Mardan send us help. May your support reach us. He is that way. Shah Mardan answers: He gave you the Basmala Sharif. It is greater than the power I have. I also take from that Power. You'll also be given power. Say Basmala or you'll be swept away. Don't look at their great numbers. They can't send the bombs, etc., cannot touch Islam. Banner of Islam is Lailaha ill'Allah Muhammadur Rasulullah Allahumma sabbitna ala l-haqq. Our Lord keep us on the right path.

The non muslim world doesn't know the majesty of Islam. Islam world is confused too. They see non muslims as superior. They believe in the useless machines in their hands. They say these will protect us. They won't! Be a Muslim.! Say Bismillahi r-Rahmani r-Rahim. Oh Shah Mardan help us. Glorious Shah Mardan send us your support. Your one call shakes the world, Shah Mardan. We're weak. We grow weaker. But in fact no one is stronger than we.

Oh our Lord forgive us. Oh glorious Prophet intercede for us. Oh Shah Mardan accept us to be under your Dhul Fiqqar and your banner. Amin amin amin. Give our bodies good health. May the dress of majesty and good health be dressed on us. Bi hurmatil Baytil Atiq, for the honor of The Ancient House. Amin amin. Wa salamun ala l-mursalin. Hususan ala Sayyidil Mursalin. Oh Shah Mardan Masha'Allah. Our hearts are filled with happiness. There's nobody who can reject our words, either in the east or the west.

Allahu Allah Allahu Allah Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi Allahu Allah Allahu Allah Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi. Allah. Say this, don't fear. Masha'Allah.

Don't ring the bells. Say this. Don't run in the streets. Oh Muslims, say this. Say Allahu Allah

Allahu Rabbi Allahu Allah Allahu Hasbi. Don't fear.
Fatiha.

## Allahu Rabbi

Allahu Rabbi Kafani Rabbi (My Lord is Allah,My Lord is Sufficient) Allahu Rabbi Kafani Rabbi. He will teach this to everyone- Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. How beautiful this is. This is a very beautiful dhikr.

Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. They should say this in the mosques, not in the streets. There should be no demostrations in the streets, it is the wrong way. They caused all this damage & loss. In the mosque: Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. When it is said in jama'at it is 1000x more powerful.

Don't pour into the streets! It is an order: Don't go out. Stay in your house in the time of corruption. It is an order. But they listen to shaytan, and don't listen to the Prophet's order. Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. What a beautiful dhikr. Fatiha.

It is this coming Friday, the holy month of Muharram, this Friday. These are the instructions. 7x in the mosque after the prayers- Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. But outside they should be calm & quiet. Agitation is from shaytan. What people are suffering are the results of these demonstrations. And shaytan is who encourages it, or shaytan's deputies. Don't go out! Especially for women, it is completely tasteless because Allah Almighty says "And stay in your houses" (33:33). If women join demonstrations, does Allah support them? He doesn't. He definitely doesn't. Men die because of them. I will discipline these people with the permission of Allah, with the order of Allah, with the power & Majesty of Allah. Although I don't even have

the authority of an ant.. The rule & the authority belongs to Allah Almighty & His Beloved (sas). This is enough. Put this on Saltanat website.

Allahu Rabbi Kafani Rabbi, people say 7x after each prayer. Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. They will be in safety when they leave the mosque I will destroy the sultanate of shaytan. My intention is this; with the Order of Allah, with the order of Rasulullah. Fatiha.

**Allahu Rabbi**

---

Allahu Rabbi Kafani Rabbi - Mein Herr ist Allah, Mein Herr ist Genug. Allahu Rabbi Kafani Rabbi. Er wird das alle lehren: Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. Wie schön das ist. Das ist ein sehr schöner Dhikr. Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. Sie sollten das in den Moscheen sagen, nicht auf der Straße. Es sollte keine Demonstrationen auf den Straßen geben. Das ist der falsche Weg. Sie verursachten all diesen Schaden und Verlust. In den Moscheen: Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. Wenn es in Jama'at gesagt wird, ist es 1000x mächtiger. Strömt nicht hinaus auf die Straßen! Es ist ein Befehl: Geht nicht hinaus. Bleibt zu Hause in Zeiten der Verderbtheit. Es ist ein Befehl. Aber sie hören auf Shaytan und hören nicht auf den Befehl des Propheten (saws). Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. Was für ein schöner Dhikr. Fatiha.

Er kommt diesen Freitag, der heilige Monat Muharram, diesen Freitag. Dies sind die Anweisungen. 7x in den Moscheen nach den Gebeten: Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. Aber draußen sollten sie ruhig und still sein. Aufgeregtheit ist von Shaytan. Worunter die Menschen leiden, sind die Folgen dieser Demonstrationen. Und Shaytan unterstützt das, oder Shaytans Vertreter. Geht nicht hinaus! Besonders Frauen. Es ist vollkommen geschmacklos, weil Allah der Allmächtige sagt 'Und bleibt in eueren Häusern' (33:33). Wenn Frauen sich Demonstrationen anschließen, unterstützt Allah sie? Nein, das tut er auf gar keinen Fall. Männer sterben wegen ihnen. Ich werde diese Leute disziplinieren mit der Erlaubnis Allahs,

(swt) auf den Befehl Allahs (swt) hin, mit der Macht und Majestät Allahs (swt). Obwohl ich nicht einmal die Autorität einer Ameise habe. Die Herrschaft und Autorität gehört Allah dem Allmächtigen und Seinem Geliebten (saws). Das ist genug. Stellt das auf die Saltanat Website. Allahu Rabbi Kafani Rabbi. Die Leute sagen es 7x nach jedem Gebet. Allahu Rabbi Kafani Rabbi. Allahu Rabbi Kafani Rabbi. Sie werden in Sicherheit sein, wenn sie die Moschee verlassen. Ich werde das Sultanat Shaytans zerstören. Meine Absicht ist das auf Befehl Allahs (swt), auf Befehl Rasulullahs (saws) hin. Fatiha.

## Allah Wants Us to Be Beautiful!

Our Lord loves the beautiful ones. He Himself is Beautiful; Absolute Beauty belongs to Him and He loves the beautiful ones. We pray, “O our Lord, make us the beautiful ones, don't make us ugly ones, O our Lord!”

"O My servant! I don't make you ugly, you are the one who makes yourself ugly."

O People! Such an address is coming. Be beautiful ones and run to beauty as this is what our Lord wants. “I am beautiful and I love beautiful ones. I don't love the ugly ones," He says. Who are the ugly ones? They are the ones who do bad things, who run away from good things and, therefore, zulmat darkness comes on their faces. An ugly person is not acceptable and Allah (swt) does not love them; He loves are the beautiful ones.

What makes a person beautiful? It is not powder or makeup. The beautiful ones are the clean, pure servants who walk on the path Allah Almighty ordered. The ones whom Allah loves and to whom Allah gives beauty are dressed in a new beauty and wellness in every hour!

Each rebellious act towards Allah Almighty or following one’s ego makes a person ugly. Neither powder, makeup or anything can help it, and cannot make one look beautiful anymore. Beauty is from Allah Almighty.

O People! Be beautiful, don't be ugly ones. Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah astagfirullah.

Salaamullah `alaykum O People of Islam, O People of Knowledge, O Servants of Allah! Yaa man Huwa yuhibu 'l-muhsineen, Allah loves those who do good. Yaa Rabbee! Make us from the ones who have ihsaan, moral excellence, as they are the beautiful people. There is no goodness in ugly people. What makes a person ugly is dirty acts or sins; to not have faith. He dresses light on those who believe; who don't believe remain in darkness. Tawbah yaa Rabbee, send us helpers.

Fatihah.

This is the first blessing and the first address of the holy month to all Mankind, in Rabi` al-Akhir of the Hijri year 1433. Be beautiful, don't be ugly; be just, don't be oppressors; be good, don't be bad ones! This is what Allah Almighty wants, and He says, "Be beautiful!" Be beautiful, there is no other command and this is what the Lord wants. "I am Beautiful and I love the beautiful ones," says Allah Almighty. This is all it says in the Bible, the Torah, the Psalms and the Holy Qur'an, mashaa-Allah. O our Lord! Send us helpers and grant us wisdom and understanding so we can think. Therefore, our Prophet (s) says:

•••• •••• ••• •• ••••• ••••• •••

Tafakkarru sa`atin khayrun min `ibaadati saba`een sannah. To remember Allah (swt) for one hour (contemplate or meditate) is better than seventy years of worship.

This is the thinking; how beautiful! Endless salaams to the Sultan of the Prophets (s). None of us can imagine the glory of the glorious Prophet (s) in the sight of Allah! Endless salaat and salaam to the Beloved (s).

O People! This is enough.

Fatihah.

The first tahmeed, praising, is the barakah of today. It will come down and Allah's Heavenly Wrath, qahr, will wipe out the ugly ones until only beautiful ones will remain on Earth. Don't kill, but bring back to life. Don't cheat one of his right, but give his right. Help and gain the reward for it. Run away from ugliness and be beautiful; this is the summary of all holy books.

The order has come to me to declare this to the people from my sick-bed today. The whole world may hear it,

all people may hear it and say it is true. If someone finds what I am declaring from my sick-bed, what comes to my heart to be wrong, may he not survive up to tomorrow! Tawbah yaa Rabbee! Bring us together with the beautiful ones and take us away from the ugly ones. Who is the ugly one? Shaytan! Who is the beautiful one? The Sultan of the Prophets (s). It is enough.

Fatihah.

## „Alles auf Erden ist Erde"

Wir kennen ein treffendes Sprichwort im Islam: „Alles auf Erden ist Erde.“ Hier wird mir der eine oder andere widersprechen wollen und sagen: „Was soll das heißen – wir sind doch Menschen aus Fleisch und Blut, wieso sind wir Erde?“ Doch, sage ich, ihr seid alle aus Erde. Wenn man einen Toten begräbt und ihn einige Jahre – ein Jahrzehnt vielleicht – in der Erde liegen läßt und ihn dann wieder ausgräbt, was wird dann zum Vorschein kommen? Nichts als Erde. Wie ist das möglich? Wir hatten hier einen Mann beerdigt, wo ist er hin? Wer hat ihn gestohlen?“ Nein, keiner hat ihn gestohlen.
Es verhält sich vielmehr so, wie der Spruch besagt: „Alles auf Erden ist Erde“ – alles, ob Baum, Mensch oder Tier – alles, was auf Erden lebt, muß zu Erde werden. Allah der Allmächtige erschuf diese Körper und gab ihnen Erscheinung und Bewegung, indem Er der Erde Sein göttliches Geheimnis einhauchte; und wenn Er Sein Geheimnis wieder entzieht, d. h., wenn Er unsere Seelen von uns zurückfordert, dann ist es mit uns aus. Unser Leben währt nur einige kurze Tage. Am Anfang ist unser Becher leer; jeden Tag tropft ein Tropfen hinein, bis daß das Maß voll ist. Dann tritt der Engel des Todes heran und spricht zu uns: „Trink deinen Becher aus.“ Wenn unsere vorherbestimmte Zeit abgelaufen ist, wird das Maß voll sein, und wir werden es austrinken. Und wenn wir getrunken haben, dann ist unser Ende gekommen. Jeden von uns erwartet dieser Moment.

Wer mit dem Herzen sehen kann, der weiß, daß nach drei mal vierzig Tagen nach der Empfängnis die Seele

des Kindes vom Himmel in den Schoß der Mutter hinabsteigt. Manchmal wird nur kurze Zeit, nachdem die Seele hinabgestiegen ist, ein Pfeil vom Himmel abgeschossen. Dies ist der Pfeil der bestimmten Frist. Zuweilen trifft dieser Pfeil sein Ziel noch innerhalb selbiger Stunde, in der die Seele in den Körper eingetreten ist, und dieser Mensch stirbt im Mutterleib, ohne je das Licht der Sonne erblickt zu haben. Einen anderen trifft der Pfeil eine Stunde nach seiner Geburt, wieder einen anderen nach einer Woche, nach einem Jahr, fünf Jahren, fünfundsiebzig oder hundert Jahren; wann immer aber die Lebensspanne eines Menschen abgelaufen ist, läßt er seinen Körper liegen und macht sich davon. Wir müssen uns bewußt sein, daß solch ein Pfeil in jedem Moment – auch jetzt – auf uns gerichtet ist und früher oder später auf sein Ziel losschnellen wird. Wir wissen, daß diese Geschosse ihr Ziel niemals verfehlen. Aber Allah der Allmächtige hat diese Pfeile vor unseren Blicken verborgen, damit wir uns in Sicherheit wiegen können. Könnten wir nämlich all die vielen Pfeile auf ihre Ziele zuschnellen sehen, würden wir uns keinen Schritt mehr zu machen trauen, aus Angst, von einem Pfeil getroffen zu werden! Deshalb hat Allah der Allmächtige sie vor uns verhüllt, damit wir in aller Seelenruhe unseren Lebensaufgaben nachgehen können, ohne ständig an den Tod denken zu müssen. Es ist eine Manifestation Seiner Barmherzigkeit gegen uns, daß Er diese Tatsachen unserer ständigen Wahrnehmung entzieht. Dennoch dürfen wir niemals vergessen, daß der Tod uns immer näher rückt und daß der Zeitpunkt, da der Pfeil auf uns abgeschossen wird, stetig naht.

Wir werden einsehen müssen, daß es in diesem Leben für den Menschen keine Sicherheit gibt. Wir müssen „reisefertig“ sein, wie einer, dem man angekündigt hat: „Morgen wirst du zu einem schönen Ausflug abgeholt werden.“ Wenn wir ein solches Unternehmen in Aussicht haben, packen wir schon am Vorabend unsere Koffer und können vor Aufregung die ganze Nacht kaum ein Auge zutun. Sobald der Morgen dämmert, hüpfen wir aus dem Bett, kleiden uns an und warten draußen vor der Haustür auf Abholung. Genauso muß unsere Einstellung zum Tode sein. Wir müssen uns sagen: „Heute vielleicht, oder morgen; ich muß bereit sein, zu meinem Herrn zu reisen!“

Rabiʻa al-Adawiyya, eine der bedeutendsten heiligen Frauen im Islam, sagte einmal: „Ich habe meinem Ego (Nafs) nie gestattet zu glauben, es werde auch nur einen Tag noch weiterleben. Statt dessen sprach ich zu ihm: ‚O Rabiʻa, du mußt wissen, daß dies die letzte Nacht deines Lebens sein wird: Du hast zwar den Sonnenuntergang erlebt, aber den Sonnenaufgang wirst du nie erblicken. Deshalb mußt du dich in dieser Nacht sehr ernsthaft deinen Gebeten und deinem Gottesdienst widmen, damit du möglicherweise auf das

Wohlgefallen deines Herrn hoffen kannst.‘ Auf diese Weise gelang es mir, in jeder Nacht eintausend Sajdas zu beten.“ Wenn Rabi‘a des nachts in ihrer dunklen Zelle so inbrünstig betete, wurde diese von göttlichem Lichtschein umstrahlt. Und wenn sie sah, daß der Morgen angebrochen war, sagte sie zu ihrem Ich: „O Rabi‘a, warte nicht bis zum Abend, um deine Andacht zu verrichten. Du hast zwar diesen Sonnenaufgang gesehen, aber ihren Untergang erlebst du nimmermehr.“ Wegen ihrer großen Inbrunst und Hingabe verlieh ihr Allah von Seiner Liebe, so daß sie immer in der Liebe Gottes versunken war und von diesem Leben und der Welt nichts mehr verlangte oder erwartete. Ihr Herz war so von der Liebe des Herrn durchtränkt, daß alles andere ihr schal schmeckte und in ihrem Herzen keinen Platz finden konnte.

Allahs Heilige sind des Todes immer eingedenk und erwarten ihn in jedem Augenblick. Es lebte einmal ein Mann, der war ganz versunken in der Anbetung seines Herrn, als der Engel des Todes zu ihm entsendet wurde, um seine Seele heimzuholen. Der Engel sprach zu dem Mann: „O Diener meines Herrn, ich bin gekommen, deine Seele zu entführen, bist du bereit?“ „Ja, ich bin bereit“, gab der Mann zur Antwort. „Mein Herr hat mir gestattet, dir Verzug zu gewähren, bis du dein Haus bestellt und mit allem abgeschlossen hast, bevor ich dir deine Seele nehme“, sagte der Engel. „O Engel meines Herrn, alles ist bereit und abgeschlossen, nichts bleibt mir mehr zu tun; denn seit vierzig Jahren erwarte ich dich täglich und stündlich, und ich frage mich beständig, von welcher Seite du dich wohl nähern wirst. Jetzt bist du endlich gekommen und fragst mich, ob ich auch bereit sei? Seit vierzig Jahren bin ich bereit! Ich bitte dich jetzt nur noch um Zeit für ein Gebet von zwei Sajdas (Niederwerfungen). In meiner letzten Verneigung magst du mir dann die Seele nehmen. Dies ist meine letzte Bitte an meinen Herrn: daß ich Ihn mit meinem letzten Atemzug loben darf, um als gehorsamer Diener in die Ewigkeit einzugehen.“

Heute, viel mehr noch als zu früheren Zeiten, beschäftigt diese Welt der Dinge die Menschen so stark, daß sie völlig von ihr besessen sind. Sie jagen hinter weltlichen Gütern her, und wenn sie sich bis in Reichweite herangekommen wähnen, nehmen sie einen gewaltigen Anlauf und greifen blindlings zu. Später sehen sie sich an, was es ist, das sie sich geschnappt haben, und sie müssen erkennen, daß es gar nichts war! Kinder werden mit leeren, offenen Händen in diese Welt hineingeboren, und Sterbende verlassen die Welt ebenso. Von dieser Welt nehmen wir im Sterben nichts mit, außer vielleicht einem Leichentuch, und viele Leute nehmen nicht einmal das. Das ist letztlich unser ganzer Anteil an der Welt. Das Turbantuch, das wir tragen, ist ausreichend, um den Leichnam zu bekleiden, und wird auch zu diesem Zweck benutzt. Durch das Tragen

eines Turbans werden wir an den stetig nahenden Tod erinnert und somit gemahnt, daß jede Handlung unsere letzte sein könnte, weshalb wir uns allzeit größte Mühe geben sollten in all unserem Tun und Handeln. Nach den faden Freuden dieser Welt, die in Wirklichkeit gar keine Freuden sind, kehren wir zu unserem Herrn zurück und lernen bei Ihm die wahren Freuden kennen. Je mehr wir uns Ihm zuwenden können, mit desto größerer Sicherheit werden wir die wahre Freude erleben können; aber wenn wir den Weg Seines Wohlgefallens verlassen, verfallen wir einem höllischen Dasein. Wer einmal von der göttlichen Liebe gekostet hat, der kennt keine andere Sehnsucht, als die nach der Liebe Gottes und der Betrachtung Seines Heiligen Angesichts, in diesem Leben wie auch im Jenseits.

# Alles hat seinen Grund

A'udhu billahi min ash-shaytan ar-rajim bismillahi r-rahmani r-rahim, la haula wa la quwwata ..., destur ya sayyidi, medded ya sultanu l-awliya' tariqatuna ss-ssohba wa l-khayru fi l-jam'iyya
Dies ist eine Versammlung mit dem Scheich, ein Training für unser Sein. Unser Wesen besteht aus zweierlei, Materiellem und Spirituellem. Beide Arten des Seins müssen erreichen, was für sie vorgesehen ist und was ihnen von Allah dem Allmächtigen gemäß ihrer Erschaffung zu erreichen gewährt wird. Er gab allem die Ehre, daß Er es erschuf. Er erschuf unerkannte Wesen, ungezählte, zahllose Wesen, Er erschuf sie alle. Es ist unmöglich, sie alle zu sehen, einzufangen, zu berühren oder sie zu händeln. Jedes einzelne ist unabhängig und fällt niemals unter den Befehl des Menschen – da'fa l-talibu wa l-matlub – Allah, Allah ... Man kann sie nicht sehen, erreichen, kontrollieren oder verhindern, nicht aufhalten oder verändern. Und ein jedes ist aus einem göttlichen Grund, aus göttlicher Weisheit erschaffen worden. Nichts ist aus keinem Grund erschaffen worden. Alles hat seinen Grund, kein Ding wurde erschaffen, um nichts zu sein – rabbana ma khalaqta hadha batilan. Er erschuf alles in der Schöpfung – alladhi ata kulla shay'in khalqahu, thumma hada –, und Er gab allem seine erschaffene Form; dann sandte Er ihnen Seine Führung – den heiligen Koran, Meere, Meere ...

Ihr könnt eure „Missiles" nicht kontrollieren, nicht einmal eine einzige; diese gewaltige Rakete könnt ihr zwar bauen, aber kontrollieren könnt ihr sie nicht. Sie ist so groß, gewaltig. Vom Kontrollraum aus mögt ihr sie vielleicht kontrollieren, indem ihr dasitzt und sie unter euren Einfluß bringt, sobald sie aber gezündet ist,

könnt ihr nicht einmal über das kleinste Bakterium bestimmen. Noch seid ihr so stolz, so stolz auf eure Technologie. Zahllose erschaffene Wesen laufen von der Vorewigkeit zur Nachewigkeit, ta'tin sifatu l-haqq – es ist unvorstellbar, daß die Schöpfung von Zeit zu Zeit anhielte und dann von neuem begönne. Nein, das kann nicht sein. Allah ist in der Existenz, und Seine göttlichen Eigenschaften sind mit Seinem Wesen, dhat mit sifat, dhatu l-haqq, die Essenz des Schöpfers, sie muß mit Ihm sein. Können wir uns vorstellen, wir existierten zunächst ohne Augen, die uns vielmehr später gegeben worden wären? Oder hätten keine Münder, keine Hände und würden sie später erhalten? Dies ist eine wichtige Sache, eine Öffnung für die letzte Gemeinschaft (umma) in Vorbereitung auf ein Verständnis des göttlichen Wissens, ma'rifatullah.

Deshalb, wisse, daß du eines von zahllosen Wesen bist und euch etwas gewährt wurde, doch seid ihr gleich nichts. Ihr wollt alle Dinge erreichen, aber es gibt viele Dinge, auf die ihr keinen Einfluß habt, und über viele Wesen ist euch keine Kontrolle gegeben worden. Milliarden von Wesen gehen ungehindert in euch hinein, und Milliarden treten aus euch heraus, sie sind vollkommen frei in ihrem Kommen und Gehen. Kein Computer kann sie zählen. Wozu kommen sie herein, wo laufen sie hin? Sie sind nicht unter eurer Kontrolle, sondern unter der Kontrolle des allmächtigen Schöpfers.

Ya jabbar, ya jabbar, o allmächtiger Gott, um Deiner Erhabenheit willen, o unser Herr, lasse diesen Unglauben (kufr) verschwinden und Deine Diener sich Dir zuwenden, o Herr ... Wenn wir sehr durstig sind, brauchen wir unsere Lippen nur Wasser berühren zu lassen, und schon spüren wir den Durst nicht mehr. Wie können wir überall hinreichen? Allahu akbar. Sie wissen nichts, nichts. Eure „Missiles", Raketen, könnt ihr kontrollieren, nicht aber einmal eine einzige Ameise könnt ihr lenken. Die Leute sind zugedeckt von solchem Stolz, solcher Unwissenheit! Das Nichtwissen- Wollen bedeutet für den Menschen den größten Schatten (zill), der das Verstehen Allahs des Allmächtigen verdunkelt. Und Ignoranz ist die Frucht des Stolzes, denn die schlimmste Eigenschaft des Egos ist es, stolz zu sein. Wenn jemand stolz ist, sieht er nichts außer sich selbst. Sodann ist er unwissend und fällt in das Meer des Unwissens, in dem man nichts sehen kann. Das Meer der Unwissenheit ist so dunkel – idha akhraja yadahu lam yakad yarahu –, daß man in dieser Dunkelheit nicht einmal den eigenen Finger erkennen kann.

Die Leute des 21. Jahrhunderts schauen jetzt, aber sie sehen nichts. Sie sind so stolz wie lauter Nimrods; Nimrods in jeder Größe, riesengroßer und Miniatur-Größe, in Virus- und in Ameisen-Größe. Es gibt so viele Arten von Ameisen ... Allah der Allmächtige möchte diesen Schleier der Unwissenheit von den Menschen

heben. Er möchte die Menschen aus der Dunkelheit der Unwissenheit (jahl) heraustragen, deshalb schickt Er göttliche Lichter herab. Jener Teil der menschlichen Natur, der zu den Himmeln gehört, ist nicht in seiner Beziehung zur himmlischen Unterstützung abgeschnitten. Denn eines jeden Seele kam von den Himmeln, aber nach einer Zeit wird sie abgeschnitten. Nur die Verbindung der Propheten zu den Himmeln und der Heimat ihrer Seelen, sie wird nicht abgeschnitten. Nein!

Deshalb: Sie kommen mit himmlischen Lichtern und tragen den Leuten auf und sagen: „Kommt, wir werden euch Lichter geben.“ Jeder hat eine Kerze, aber die meisten Leute laufen weg und sagen: „Das brauchen wir nicht, was wir tragen, ist genug.“ Sehr wenige bitten darum, zu kommen und ihr himmlisches Licht in Empfang zu nehmen. Wenn ihr diese himmlischen Lichter nicht erreichen könnt, werdet ihr niemals sehen können. Wenn Allah der Allmächtige sagt, man könne in jener Dunkelheit, die einen umhüllt, nicht einmal den eigenen Finger erkennen, so bedeutet das, daß man nicht einmal Wissen über die eigenen Organe gewinnen kann, die zu unserem physischen Wesen gehören; wenn du es nicht einmal schaffst, zu sehen und über diesen kleinen Finger Bescheid zu wissen, was ist dann erst mit der Gesamtheit deines physischen Körpers? Und was läßt dein totes physisches Wesen zum Leben kommen, wie geschieht das? Es wird dir nicht gelingen, irgend etwas zu wissen!

Die Propheten wurden mit Licht (nur) auf die Erde gesandt. Diese himmlischen Lichter zogen einige Menschen an, zu den Propheten zu kommen, aber die meisten rannten weg, wie Allah der Allmächtige in einem Beispiel sagt: humuhum mustaghfira, farrat min qaswara – „Jene, die vor den Propheten weglaufen, sind wie wilde Esel, die fliehen, wenn sie einen Löwen sehen.“ Ma tarak – Allah der Allmächtige läßt es uns niemals an Beispielen fehlen, Er gewährte uns das Geschenk tatsächlichen Beispiels aus dem heiligen Koran. Wir zitieren einen Vers oder einige Teile von Versen, die in vollkommener Weise das ausdrücken, was über jene gesagt werden muß, die die Propheten annehmen, und jene, die weglaufen. Deshalb: Die wichtigste Sache im Leben des Menschen ist zu glauben. Und für die Gläubigen ist das wichtigste, nach solchen erleuchteten Menschen zu suchen, die ihre Kerzen anzünden können. Tun sie dies nicht, so mögen sie Muslime sein, aber trotzdem in Dunkelheit verharren; und sie werden nichts über ihren Herrn erfahren. Allah, Allah, Allah ... O unser Herr, Du bist Sultan, der ewige Sultan. Deine Herrschaft ist ezeli, ebedi, sermedi, daimumi, taqbal ma’dhiratana (vorewig, nachewig, ewig, immerwährend. Du nimmst unsere tiefe Reue an.)

**All For Me!**

As-Salamu Alaikum. May it be a safety for you. Allah Almighty opens His full Mercies for the servants of the Nation of Muhammad (sas): "Wa Ma 'Arsalnaka 'Illa Rahmatan Lil`alamina" (21:107) Our Prophet (sas) is a Mercy for the whole creation. Alhamdulillah, we too are living with this Mercy. The more we glorify him, the more we gain. Bismillahi r-Rahmani r-Rahim, said the Prophet, the glorious Prophet (sas). O our Lord, may You make it easy for us to keep the way of Your beautiful Prophet. May the burdens on us be lifted. May the blessings of this month come down. May You send us Your servants who will keep the ways of our Prophet, the intercessor for the nations. May You send Your holy servants who will teach us Your beautiful servanthood. Our Umm Hiram Sultan is here, AlHamdulillah. We are comfortable in this country with her barakah, shukur Allah.

But we are ashamed from Allah Almighty that we throw servanthood to last place & rush to dunya. And we look as if we don't want the Heavenly Grants of Allah Almighty. When Allah Almighty's Grant reaches, Heavens & Earth are filled with Nur, filled with happiness. Sorrows go away. When we say Bismillahi r-Rahmani r-Rahim our bodies open, troubles & sorrows go away. We have no troubles or fears left. The Grants & Generosity of our Lord descend upon us.

O Lord, for the honour of Your Beloved, whom You made as a Mercy for the creation, may You send us also Your beautiful servants who will teach us the right ways. We are left ignorant. We became naughty ones in our servanthood. We fell into a bewildered life. O our Lord, may You send us from Your holy servants one who will save us from being ridiculed by shaytan, from being the animal & slave of shaytan. O our Lord, send us, send us. May we be saved from living a life to be ashamed of. Because our lives in this country as well as in the whole world are

shameful lives. These people are striving to live a life that Allah Almighty doesn't like.

No. We should arrange, adjust our lives. With what? With Bismillahi r-Rahmani r-Rahim. Say the Bismillah, find the order & rule of your life, see the way you should walk & you do goodness, you find goodness. May we not be slaves to shaytan. Shaytan deceives us & urges us to the dirtiest ways of life, drives us into such ways. It is a shame. Who is man? Man is the one who knows his Lord. A person who shows respect to his Lord & His Orders & tries to please his Lord is a clean person. He suffers no troubles. His life is a clean, happy life. He doesn't suffer miseries- he doesn't suffer in dunya. And after it, there is the grave to go. He doesn't suffer any punishment in the grave also. Then there is the mahshar. He doesn't suffer in the mahshar either & passes over the sirat/bridge. This is our belief. And he enters paradise. Who can't cross the Sirat.. Sirat is the bridge over the hell fire. Who crosses it finds Paradise. Who can't cross& falls, falls into the fire. We should know this, should think on this and take our care.

We are begging to Allah Almighty: O our Lord, may You send us Your clean servants who will teach us about this O Lord. There is no one left who knows these ways. Everyone follows his own desires. They want to live a life as they like according to their desires. They don't accept any law or order. They say "I will live as I like. No one should interfere". No, can't be. Who created you, created you for a service. He created you for service, Allah Almighty. Allah Almighty created you for service, you should make service. You are a servant. You are a servant, you should make your service & Allah Almighty will pay you. Live a clean life & your life will be beautiful. Live a clean life, your grave will be full with Nur & you will cross the Sirat. Live a clean life, you'll give a clean account on the Day of Judgement & enter paradises, into the eternal life.

They don't teach it. They themselves are sinking & they made the world filthy also. The worst period of the dunya life is the life of this time. Beware! Keep clean! Seek the clean life. The dirty life made the people lose their humanity & threw them in the ocean of oppression. Always in fights & wars with each other & no one accepts any other person. They don't know what they are doing, for what reason they are living. They are in greed of dunya "My wealth should be more, I don't accept you. I don't accept you. I will be the number one in the world". No, you can't be.

There are how many billions of people on earth. Everyone has a right. Unless man accepts the rights of everyone, he is not man. Appreciate & give everyone his rights. Don't say "All for me!" It can't be all for you. Give everyone his right. "Ati qulli dhi haqqin haqqa".

If you give the rights of the people, dunya will be in peace. You didn't give, you interfered, you said "everything is all for me" & now dunya has come into a state where they can't find a way out. Why? Their nations are like this, their heads are like this, their feet are like this. What do they strive for? "All for me?" Can it be "All for me?" What will you gain when you get it all? Why do you say "all for me"? All these people have no rights? They have. Then "give everyone their due rights". They fell into this oppression & because they don't give people their rights no country is at rest. All of them are in a bewildered, drunk state & fell into such a trouble from which is impossible to get out. "I will be number 1 & you be number 2". The big fight is for this: "I be the head & you be the feet". Yahu not everybody can be a head.

Everybody should appreciate & show respect for the people because they are human. "This one is a human like me too. He also has a right on this world just like me, he has the right to live".

Maybe he lives this many years, or that many years.. There is no one who carries the world on his shoulders with him. Is there? Have you ever heard of it? "This man put the world in a bag & threw it over his shoulders & left dunya like this". Was this ever heard? Then what do you strive for? You are saving millions, billions in the banks or saving golds, diamonds in your own treasuries. So you save these, put them in your bag. Will you be able to carry it to akhirah? Will you be able to take it there?

But once you die, there will be a reckoning for your wealth. Who gave you that wealth they will ask: "How did you make it? How did you gain it? Let's see, I gave you this much. What goodness/charity did you do with it? You didn't do goodness but did evil. You made the world upside down because you said "all for me" in this world". Dunya does not belong to one person. Billions of people, coming, going..all of them have rights. Give their rights & you will be at rest. If you don't give..

In dunya now- no one acknowledges, gives others' rights. All kinds of troubles, sufferings, wars,

battles, oppressions that are impossible to get out of, made dunya upside down. This is one matter that all the people should know, that the Prophet of the End of Times said (sas): "Ati qulli dhi haqqin haqqa- Give everyone their due rights". It is not that you take others' rights & you will be the owner of all rights. No, every person has rights. This is important, this should be noted- Ati qulli dhi haqqin haqqa. Give everyone their due rights. Dunya will be at rest. "No, I won't give. I will take this one's too. I will take that one's too.." The nations tangle with each other. The people tangle with each other. Why? They are not content with their rights and also they don't give the people their due rights. If you give everyone their due rights, dunya will be like a bed of roses.

The Great Prophet, the Prophet of the End of Times, the Pride of Creation (sas) says: "Pay the worker his wage before his sweat dries". He sweated, worked; pay his right immediately. Don't postpone it, don't delay it. You should give everyone their rights. They didn't & dunya turned into hell now. They will kill, destroy, burn each other & say "may all of it be for me". Then they are to suffer inside their graves. They will suffer in the mahshar. They will suffer on the Sirat. And finally when they fall into fire.. May Allah protect us. O mankind, give everyone their due rights!

Don't steal. Don't cheat. Don't steal. Don't cheat. "Man Ghasshana FaLaisa Minna". "Ghash" means stealing from what a person has the right to. Who steals from what the people have the right to own is not from us, says the Prophet (sas).

How beautifully the Beloved of Allah teaches us. Is there anyone who teaches these in their maktabs? No. They have schools. There is no maktab, there is school. Ok, teach these in your schools. "No, we don't need them. We have a law of life as we like, so we will continue like this".

Ok, continue & dunya became like this. O people, pull yourselves together! Because there is yet worse to come. There is worse to come, that we call it "qadsara", the dry branches of the trees. Do you know this word? They will burn like this, like the dry branches of the trees. May Allah protect us from the fire- from the fire in dunya & the fire of akhirah. We should pull ourselves together. Don't take these words in vain.

You need maktabs to teach these. Teach them & it will be a safety for you. May you be a decent man, not be like the wild animals living in the jungles of Africa. The wild animals kill what they have enough strength for & eat it. No! you are man. Man is who appreciates, acknowledges the rights of others & fulfills those rights. That is man. If not, they become worse than the animals in the jungles. Ya Rabbi for the honour of this month, in which You sent our Prophet (sas), to teach mankind their humanity. For the honour of that glorious Prophet may You send us Your lions who will show us the right ways. For the honour of Your Beloved may they come & teach man their humanity. O Lord, may You forgive us. Grant us strength & power to keep Your Holy orders & keep Your Beloved's way. May You grant us health & wellness. May we walk straight.

Be true & you will be saved. That is all it is about. Be true & be saved, in dunya as well as in akhirah. Allah Almighty says to His Prophet (s): "Fastaqim Kama 'Umirta" (11:112) "Stand firm & straight as you are commanded" it says. Shayyabatni Hud- Surat al Hud has made me gray, said the Prophet (sas) because of the majesty of this order. "Stand straight as you are ordered."

Here, this is the order of the religion: Be straight! If you are not, you are a beast! May Allah not make us from the beasts, may He not make us from those who fall in front of the beasts either. Ya Rabbi tawba. Ya Rabbi tawba. Ya Rabbi Tawba. May You send us a Master, a Sultan, O Lord for the honour of Your Beloved. Look, this holy month started & Mercy descended upon us.

Salams & Praisings on the Beloved! Send Salatu Salam on that Prophet (s)- say "Allahumma salli ala Sayyidina Muhammad" & you will open. You will be relieved, your troubles will go away. O Allah may we love the Beloved You loved & may we keep his way. Help us. Our Umm Hiram Sultan is the Sultan of this country. We present these words of ours to her. If there is a mistake, may our Sultan correct them. If they are correct, may Allah send us the good servants who will fulfill them. Fatiha.

The matter is all about this. May your day be khair. Don't keep anything in your heart for anyone. Everyone walks on their own way in life, what can we do? We should be straight & that way we will be saved. As-Salamu Alaikum. This corrupt world made the people corrupt too.

Aman Ya Rabbi, tawba Ya Rabbi, tawba. Be straight & have no fear.
Fatiha.

**Alles für mich!**

As-Salamu Alaykum. Möge es Sicherheit für euch sein. Allah der Allmächtige öffnet Seine ganze Barmherzigkeit für die Diener der Nation Muhammads (saws): "Wa ma 'Arsalnaka illa Rahmatan li l-`Alamina" (21:107). Unser Prophet (saws) ist eine Barmherzigkeit für die ganze Schöpfung. Alhamdulillah, auch wir leben mit dieser Barmherzigkeit. Je mehr wir ihn lobpreisen, desto mehr gewinnen wir. Bismillahi r-Rahmani r-Rahim, sagte der Prophet, der glorreiche Prophet (saws). O unser Herr, mögest Du es leicht für uns machen, den Weg Deines schönen Propheten einzuhalten. Mögen die Lasten auf uns aufgehoben werden. Mögen die Segnungen dieses Monats herabkommen. Mögest Du uns Deine Diener senden, die die Wege unseres Propheten einhalten, des Fürsprechers der Nationen. Mögest Du Deine heiligen Diener senden, die uns Deine schöne Dienerschaft lehren. Unsere Umm Hiram Sultan ist hier, Alhamdulillah. Wir sind behaglich in diesem Land mit ihrer Barakah, Shukur Allah. Aber wir schämen uns vor Allah dem Allmächtigen, daß wir Dienerschaft auf den letzten Platz werfen und zur Dunya eilen. Und es sieht so aus, als wollten wir die himmlischen Gaben Allahs des Allmächtigen nicht.

Wenn Allahs des Allmächtigen Gaben kommen, sind Himmel und Erde mit Nur erfüllt, mit Glück erfüllt. Trauer verschwindet. Wenn wir sagen Bismillahi r-Rahmani r-Rahim, öffnen sich unsere Körper, Schwierigkeiten und Trauer verschwinden. Wir haben keine Probleme oder Ängste mehr. Die Gaben und die Großzügigkeit unseres Herrn steigen zu uns herab. O Herr, zu Ehren Deines Geliebten, den Du zur Barmherzigkeit für die Schöpfung gemacht hast, mögest Du uns auch Deine schönen Diener senden, die uns die rechten Wege lehren. Wir sind unwissend. Wir wurden ungezogen in unserer Dienerschaft. Wir fielen in ein verwirrtes Leben. O unser Herr, mögest Du uns von Deinen heiligen Dienern senden, die uns davor bewahren, von Shaytan verhöhnt zu werden und seine Tiere und Sklaven zu sein. O unser Herr, sende uns, sende uns.

Mögen wir davor bewahrt werden, ein Leben zu führen, dessen wir uns schämen müssen, weil unser Leben in diesem Land sowie auch in der ganzen Welt ein schändliches ist. Diese Leute streben ein Leben an, das Allah dem Allmächtigen nicht gefällt. Nein.

Wir sollten unser Leben ordnen, berichtigen. Womit? Mit Bismillahi r-Rahmani r-Rahim. Sagt das Bismillah, findet die Ordnung und Regel eueres Lebens, seht den Weg, den ihr gehen solltet, und ihr tut Gutes, findet Gutes. Laß uns nicht Sklaven Shaytans sein. Shaytan betrügt uns und drängt uns zu den schmutzigsten Lebenswegen, treibt uns auf solche Wege. Es ist eine Schande. Wer ist der Mensch? Der Mensch ist derjenige, der seinen Herrn kennt. Eine Person, die ihrem Herrn und Seinen Befehlen Respekt erweist und versucht, ihren Herrn zu erfreuen, ist eine reine Person. Sie erleidet keine Schwierigkeiten. Ihr Leben ist ein reines, glückliches Leben. Sie leidet kein Elend, leidet nicht in der Dunya. Und danach geht es ins Grab. Sie erleidet auch keine Bestrafung im Grab. Dann ist da der Mahshar. Er leidet auch nicht auf dem Mahshar und geht über den Sirat, die Brücke. Das ist unser Glauben. Und er geht ins Paradies ein. Wer den Sirat nicht überqueren kann.. Sirat ist die Brücke über das Höllenfeuer. Wer ihn überquert, findet das Paradies. Wer ihn nicht überqueren kann, fällt. Er fällt ins Feuer. Wir sollten das wissen. Wir sollten daran denken und Vorkehrungen treffen.

Wir flehen Allah den Allmächtigen an: O unser Herr, mögest Du uns Deine reinen Diener senden, die uns das lehren, o Herr. Es gibt niemanden mehr, der diese Wege kennt. Alle folgen ihren eigenen Begierden. Sie wollen ein Leben führen, wie es ihnen gefällt gemäß ihren Begierden. Sie erkennen kein Gesetz und keine Ordnung an. Sie sagen: Ich lebe, wie ich will. Niemand soll sich einmischen. Nein, das kann nicht sein. Der, Der euch erschuf, erschuf euch für einen Dienst. Er erschuf euch für einen Dienst, Allah der Allmächtige. Allah der Allmächtige erschuf euch zum Dienst. Ihr solltet den Dienst leisten. Ihr seid Diener. Ihr seid Diener. Ihr solltet eueren Dienst leisten, und Allah der Allmächtige wird euch bezahlen. Lebt ein sauberes Leben, und euer Leben wird schön sein. Lebt ein sauberes Leben, und euer Grab wird voller Nur sein, und ihr werdet den Sirat überqueren. Lebt ein reines Leben, ihr werdet ein reines Konto haben am Gerichtstag und ins Paradies eingehen, ins Ewige Leben. Sie lehren es nicht. Sie sinken selbst und verunreinigten auch die Welt. Die schlimmste Zeitspanne des Dunyalebens ist

das Leben dieser Zeit. Hütet euch! Bleibt sauber! Sucht ein sauberes Leben.

Das schmutzige Leben ließ die Menschen ihre Menschlichkeit verlieren und warf sie in den Ozean der Unterdrückung. Immer Kämpfe und Kriege, und niemand akzeptiert einen anderen. Sie wissen nicht, was sie tun, aus welchem Grund sie leben. Sie sind gierig nach der Dunya. 'Mein Reichtum sollte mehr sein, ich erkenne dich nicht an. Ich erkenne dich nicht an. Ich bin Nr. Eins in der Welt.' Nein,das kann nicht sein. Es gibt so viele Billionen Menschen auf der Erde Jeder hat ein Recht. Bis der Mensch nicht das Recht eines jeden anerkennt, ist er kein Mensch. Würdigt jeden und gebt jedem seine Rechte. Sagt nicht: Alles für mich! Es kann nicht alles für euch sein. Gebt jedem sein Recht. "Ati Qulli Dhi Haqqin Haqqa". Wenn ihr den Menschen ihre Rechte gebt, wird die Dunya im Frieden sein. Ihr gebt sie nicht, ihr mischt euch ein, ihr sagt: Alles ist für mich. Und jetzt ist die Dunya in einem Zustand, wo sie keinen Ausweg finden können. Warum? Ihre Nationen sind so, ihre Oberhäupter sind so, ihre Füße sind so. Wonach streben sie? 'Alles für mich'? Es kann nicht 'Alles für mich' sein. Was gewinnt ihr, wenn ihr alles bekommt? Warum sagt ihr 'Alles für mich'? All diese Menschen haben keine Rechte? Doch. Dann 'gebt allen die ihnen zustehenden Rechte'.

Sie fielen in diese Unterdrückung, und weil sie den Menschen ihre Rechte nicht geben, ist kein Land im Frieden. Alle sind in einem verwirrten, betrunkenen Zustand und sind in solche Schwierigkeiten geraten, daß sie keinen Ausweg finden können. 'Ich bin Nr. 1, und du bist Nr. 2'. Der große Kampf geht darum: 'Ich bin der Kopf, und du bist die Füße'. Yahu, nicht jeder kann ein Kopf sein. Jeder sollte die Menschen würdigen und ihnen Respekt erweisen, weil sie Menschen sind. Dieser ist ein Mensch wie ich auch. Er hat auch ein Recht auf dieser Welt, genau wie ich. Er hat das Recht zu leben. Vielleicht lebt er so viele Jahre oder so viele Jahre.. Niemand trägt die Welt auf den Schultern mit sich. Oder? Habt ihr jemals davon gehört? Dieser Mann tat die Welt in eine Tasche und warf sie sich über die Schulter und verließ die Dunya damit. Hat man so etwas je gehört? Dann, wonach strebt ihr? Ihr hortet Millionen, Billionen in den Banken, oder ihr hortet Gold, Diamanten in eueren eigenen Schatzkammern. Also hortet ihr diese und tut sie in euere Tasche. Werdet ihr sie mit in die Akhirah nehmen können? Werdet ihr sie dorthin mitnehmen können? Aber wenn ihr sterbt, wird es eine Berechnung eueres Reichtums geben.

Wer gab euch diesen Reichtum? Sie werden fragen: Wie hast du ihn erworben? Wie hast du ihn erworben? Mal sehen, Ich gab dir so viel. Was tatest du an Gutem, Wohltätigkeit damit? Du tatest nichts Gutes, sondern Böses damit. Du stelltest die Welt auf den Kopf, weil du sagtest 'Alles für mich' in dieser Welt.

Die Dunya gehört nicht nur einer Person. Billionen von Menschen kommen und gehen. Sie alle haben Rechte. Gebt ihnen ihre Rechte, und ihr seid im Frieden. Sonst... In der Dunya erkennt jetzt niemand die Rechte anderer an, gibt anderen ihre Rechte. Alle Arten von Problemen, Leid, Krieg, Schlachten, Unterdrückung, aus denen es keinen Ausweg gibt, stellten die Dunya auf den Kopf. Das ist eine Sache, die alle Menschen wissen sollten, daß der Prophet des Zeitenendes (saws) sagte: "Ati Qulli Dhi Haqqin Haqqa" - Gebt allen die ihnen gebührenden Rechte. Es ist nicht so, daß du, wenn du anderer Rechte nimmst, dann der Besitzer aller Rechte bist. Nein, jeder hat Rechte. Das ist wichtig. Das sollte vermerkt werden. "Ati Qulli Dhi Haqqin Haqqa." Gebt jedem die ihm zustehenden Rechte. Die Dunya wird im Frieden sein. 'Nein, das tue ich nicht. Ich nehme die Rechte dieser Person, und dieser auch..' Die Nationen verwickeln sich miteinander Die Nationen verwickeln sich miteinander. Warum? Sie sind nicht zufrieden mit ihren Rechten, und sie geben den Menschen auch nicht die ihnen zustehenden Rechte. Wenn ihr jedem die ihm zustehenden Rechte gebt, ist die Dunya wie auf Rosen gebettet. Der große Prophet, der Prophet des Zeitenendes, der Stolz der Schöpfung (saws) sagt: 'Bezahle dem Arbeiter seinen Lohn, bevor der Schweiß trocknet.' Er schwitzte, arbeitete. Bezahle ihm sein Recht sofort. Stelle es nicht zurück, schiebe es nicht auf. Ihr solltet jedem seine Rechte geben. Sie taten es nicht, und die Dunya ist jetzt zur Hölle geworden. Sie töten, zerstören, verbrennen sich gegenseitig und sagen: 'Alles für mich'. Dann müssen sie leiden in ihren Gräbern. Sie werden auf dem Mahshar leiden. Sie werden auf dem Sirat leiden. Und schließlich fallen sie ins Feuer... Möge Allah uns schützen. O Menschheit, gebt jedem die ihm zustehenden Rechte. Stehlt nicht. Betrügt nicht. Stehlt nicht. Betrügt nicht. "Man Ghashana fa laisa minna". "Ghash" bedeutet 'etwas stehlen, auf das eine Person ein Recht hat'. Wer von dem stiehlt, das zu besitzen die Menschen ein Recht haben, gehört nicht zu uns, sagt der Prophet (saws). Wie schön uns der Geliebte Allahs lehrt. Gibt es jemanden, der das in den Maktabs lehrt? Nein. Sie haben Schulen. Es gibt keine Maktab, es gibt Schulen. Okay, lehrt das in eueren Schulen. 'Nein, wir brauchen sie nicht. Wir haben ein

Lebensgesetz, wie es uns gefällt. Also machen wir so weiter.' Okay, macht weiter, und die Dunya wurde so. Leute, reißt euch zusammen! Denn das Schlimmste kommt noch. Das Schlimmste kommt noch, das, was "Qadsara" genannt wird, die trockenen Zweige der Bäume. Kennt ihr das Wort? Sie werden so brennen, wie die trockenen Zweige der Bäume. Möge Allah uns vor dem Feuer schützen, vor dem Feuer in der Dunya und dem Feuer der Akhirah. Wir sollten uns zusammenreißen. Laßt diese Worte nicht umsonst sein. Ihr braucht Maktabs, um das zu lehren. Lehrt sie, und es wird euere Sicherheit sein.

Mögest du ein anständiger Mensch sein, nicht wie die wilden Tiere, die in den Dschungeln Afrikas leben. Die wilden Tiere töten das, wofür sie genug Kraft haben, und fressen es. Nein. Du bist ein Mensch. Ein Mensch ist der, der die Rechte anderer würdigt und anerkennt und diese Rechte erfüllt. Das ist ein Mensch. Sonst werden sie schlimmer als die Tiere im Dschungel. Ya Rabbi, zu Ehren dieses Monats, in dem Du unseren Propheten (saws) sandtest, lehre die Menschheit ihre Menschlichkeit. Zu Ehren dieses glorreichen Propheten mögest Du uns Deine Löwen senden, die uns die rechten Wege zeigen. Zu Ehren Deines Geliebten mögen sie kommen und den Menschen seine Menschlichkeit lehren. O Herr, mögest Du uns vergeben. Gib uns Stärke und Kraft, Deine Heiligen Befehle und den Weg Deines Geliebten einzuhalten. Mögest Du uns Gesundheit und Wohlergehen geben. Mögen wir gerade gehen.

Seid aufrichtig, und ihr werdet gerettet. Das ist alles, worum es geht. Seid aufrichtig und werdet gerettet, in der Dunya wie auch in der Akhirah. Allah der Allmächtige sagt zu Seinem Propheten (s): "Fastaqim kama 'Umirta" - 'Steh fest und gerade, wie dir befohlen wird' (11:112). "Shayyabatni Hud" - Die Sure Hud hat mich grau gemacht, sagte der Prophet (saws), wegen der Majestät dieses Befehls. 'Steh aufrecht, wie dir befohlen wird'. Hier, das ist der Befehl der Religion: Sei aufrecht! Sonst bist du ein wildes Tier!Möge Allah uns nicht zu den wilden Tieren gehören lassen. Möge Er uns auch nicht zu denen gehören lassen, die vor den wilden Tieren fallen. Ya Rabbi Tawba. Ya Rabbi Tawba. Ya Rabbi Tawba. Mögest Du uns einen Meister, einen Sultan senden, o Herr, zu Ehren Deines Geliebten. Seht, dieser heilige Monat hat begonnen und Barmherzigkeit ist auf uns herabgekommen. Salams und Lobpreis auf den Geliebten! Sendet Salatu Salam auf den Propheten (saws), sagt "Allahumma salli `ala Sayyidina Muhammad" und

ihr werdet euch öffnen. Ihr werdet erleichtert sein, euere Probleme werden verschwinden. O Allah, laß uns den Geliebten lieben, den Du liebst, und laß uns seinen Weg einhalten. Hilf uns. Unsere Umm Hiram Sultan ist der Sultan dieses Landes. Wir präsentieren ihr diese unsere Worte. Wenn ein Fehler darin ist, möge unser Sultan ihn berichtigen. Wenn sie richtig sind, möge Allah uns die guten Diener senden, die sie erfüllen. Fatiha. Es dreht sich alles darum. Möge dein Tag khayr sein. Bewahre nichts im Herzen gegen irgendjemand. Jeder geht auf seinem eigenen Weg durchs Leben. Was können wir tun? Wir sollten aufrichtig sein, und auf diese Weise werden wir gerettet. As-Salamu Alaykum. Diese verderbte Welt machte die Menschen auch verdorben. Aman ya Rabbi, Tawba ya Rabbi, Tawba. Seid aufrichtig und habt keine Furcht. Fatiha.

## ALLGEMEINE ANTWORT AUF ALLE FRAGEN

Im Namen Allahs, des Allmächtigen, des Barmherzigen, des Wohltätigsten. So viele Leute kommen mit so vielen Fragen und so vielen Klagen. Und nun möchte ich sprechen und eine Antwort geben auf jedermanns Klagen. Jeder möchte mit mir privat reden. Ich sage nun allgemeine Dinge, und jeder kann für sich etwas davon nehmen.

Halte deine Frage im Herzen. Die Propheten sagen, daß die Arbeit eines mu'min, eines wahrhaft Glaubenden, immer gut und brauchbar ist. Jede Situation ist für einen Muslim gut: Entweder ist er oder sie durch göttliche Gunst in glücklichen Lebensumständen, und wenn sie glücklich sind, empfinden sie Dankbarkeit gegenüber ihrem Herrn, und dafür wird Allah der Allmächtige sie belohnen. Oder sie sind in einer unglücklichen Situation, denn dieses Leben ist nicht nur ein freudiges Ereignis. Manchmal bist du glücklich, manchmal bist du unglücklich. Und wenn schwierige Situationen kommen, sind wir unglücklich. Du kannst keinen dritten Weg gehen: entweder glücklich oder unglücklich. Ja, das ist die allgemeine Situation. Die niedrigste Stufe der Menschen ist, glücklich machende Dinge zu tun und unglücklich machende Dinge zu tun. Wenn du glücklich bist, mußt du dem Herrn der Himmel und Erde danken. Und wenn du unglücklich wirst, mußt du geduldig sein, du mußt geduldig sein. Das ist der niedrigste Standard der Gläubigen, der auch für Nicht-Glaubende zutrifft. Wenn sie glücklich sind, zeigen sie ihre Freude, wenn sie unglücklich sind, zeigen sie keine Freude, dann sind sie traurig. Die Traurigkeit wird eine Person nie verlassen, wenn sie nicht

geduldig ist. Geduldig zu sein macht, daß die Traurigkeit verschwindet. Du kannst keinen anderen Weg finden, um die Traurigkeit von dir hinwegzunehmen, außer geduldig zu sein. Nur Geduld kann sie beseitigen, kein anderer Weg, keine andere Methode. Du kannst diese benutzen, und die Traurigkeit wird dich verlassen.

Denk nicht so wie die meisten Leute heutzutage. Wenn sie in unglückliche Lebensumstände fallen, wollen sie aus diesen Umständen herauskommen. Dann gebrauchen sie schreckliche und gefährliche Methoden. Sie versuchen, von den Umständen loszukommen, um vor sich selbst zu fliehen. Dafür benutzen sie gefährliche Dinge, mit deren Hilfe sie ihre Persönlichkeit verlassen und in eine Vorstellungswelt gehen, um dort eine Weile zu sein. Deshalb sagen Leute, die auf dem niedrigsten Stand sind, wenn sie in Schwierigkeiten geraten und traurig werden: "Komm und trink ein paar Flaschen, um zu vergessen." Das ist die niedrigste Handlung für Leute, die auf dem niedrigsten Stand sind, die vergessen und ihre Erinnerung verlieren wollen. Sie wollen die Erinnnerung ausschalten, sie versuchen ihre Erinnerung zu vergessen, und dabei verlieren sie den Stab der Kraft. Für eine Weile vergessen sie, und wenn die Erinnerung wiederkehrt, befinden sie sich in noch tieferen Depressionen.

Wir sagen etwas über Geduld. Nur die Geduld nimmt die Traurigkeit von dir. Du weißt, dieses Leben ist nicht für immer - für niemanden. Es ist nur für eine Weile. Und unsere physische Form ist so beschaffen, daß wir meistens sechzig bis siebzig Jahre alt werden. Wenn eine schwierige Situation zu dir kommt, mußt du versuchen, geduldig zu sein und dir sagen: "Da ist etwas, und ich trage diese Last. Doch ich weiß nicht, für wie lange, vielleicht nur eine Nacht, vielleicht bis morgen, vielleicht eine Woche, vielleicht einen Monat, vielleicht ein Jahr. Aber es ist nicht für ewig." Wenn du dir die Zeitspanne kleiner machst, dann gibst du dir damit eine Stütze, um geduldig zu sein. Sei geduldig. Ein neuer Wechsel kann kommen.

O Menschheit, in jedem Moment können neue Veränderungen kommen. Nur der Glaube, ein starker Glaube kann dir Hoffnung geben und dich lehren, die Hoffnung nicht zu verlieren. In einem Moment kann sich die ganze Welt und alles auf ihr verändern. Eine Veränderung für einzelne Menschen oder für alle zu bewirken, ist nicht zu viel für den Schöpfer. So viele haben Probleme, einige wegen ihrer Kinder, einige wegen ihrer Seele, einige wegen ihrer Krankheit, einige wegen Heirat, einige wegen Scheidung, einige wegen Geschäften, einige wegen Gesundheit, einige wegen Reichtum, einige wegen Erziehung. Alle müssen wir sie unter den gleichen Schirm stecken: Sei geduldig und schau nach der Öffnung deines Herrn. Und du kannst die Sure der Öffnung, Al-Fatiha, die erste Sure des heiligen Koran, gebrauchen. Wenn die Türen für dich verschlossen

sind, dann kannst du die Sure der Öffnung lesen, von vierzigmal bis hundertmal, von hundertmal bis siebenhundertmal, von siebenhundertmal bis tausendmal. Wenn sich dann nichts öffnet, dann komm zu mir, ich nehme dann etwas zum Öffnen. Und mach es in der Nacht, wenn die Leute schlafen gegangen sind und niemand gegen Allah aufsässig ist. In dieser Zeit kannst du schnell zur göttlichen Gegenwart kommen. Ja, mach es um diese Zeit, steh auf und wasch dich, dann mach eine sajda (Niederwerfung), so wie du es kennst, in Liebe und Respekt zu Ihm, Er akzeptiert es. Wenn du sagst: Ya Rabb, ist Er so zufrieden mit dir; wenn du sagst: O mein Herr, dann ist Er glücklich.

Aber komm nicht ohne eine Waschung, d.h. eine Dusche oder einfache rituelle Gebetswaschung. Vom ersten bis zum letzten Menschen ist das ein Befehl. Diese Sauberkeit muß sein. Wenn du dich setzt, muß dein Platz sauber sein. Dann muß deine Kleidung sauber sein, und auch du mußt sauber sein in deinem Herzen, um dein Herz in die Richtung der göttlichen Gegenwart wenden zu können. Dann schaut Er nach dir. Und lies die Sure der Öffnung. Wenn du eine andere, ebenso machtvolle Sure im Alten oder Neuen Testament finden kannst, dann benutze sie, ich habe nichts dagegen. Wenn du etwas Machtvolleres findest, dann wende es an und sieh, was dadurch in dein Herz kommt, und folge ihm. Sei geduldig, du kannst es vierzig Tage lang ausüben. Wenn sich deine Lage dann nicht öffnet, dann komm zu mir. Ich suche dann nach einem anderen Weg, stecke dich in eine Rakete und sende dich zum Mond. Vielleicht bist du dann deinem Herrn näher.

Dies ist die allgemeine Behandlung für jeden, der private Fragen hat, oder auch für allgemeine Fragen, die die ganze Menschheit betreffen, für alles und für immer. Wenn dein Herr eine Öffnung schafft, dann sagt Er: Was macht mein Diener? Vergißt er mich oder dankt er mir? Hält er noch an mir fest oder nicht?“ Ich kenne einige Leute in meinem Heimatland, die nur zu mir kommen, um sich zu beklagen. Wenn Allah der Allmächtige durch mich einige Lösungen für sie bringt, kommen sie nie mehr wieder und vergessen mich. Wenn sie dann wieder in Schwierigkeiten sind, erinnern sie sich schnell wieder und kommen zu mir gelaufen: O Scheich, was sollen wir tun? Und ich schaue und denke, es muß wohl ein neues Problem sein, denn wenn sie keine Probleme haben, dann kennen sie mich nicht.

Allah der Allmächtige fragt, wenn Sein Diener durch Probleme geht: "Schreit er, schimpft er, oder wendet er sich an mich? Und wenn ich ihm oder ihr gebe, was sie brauchen, sehe ich, ob sie mir danken oder nicht." Deshalb mußt du für jede Gunst, die von deinem Herrn kommt, dankbar sein. Bei den Menschen aus dem Westen liebe ich ein Attribut: Wenn du ihnen ein kleines Ding gibst, sagen sie Oh, dankeschön. So viele Male

dankeschön, dankeschön. Ich sage bitteschön, bitteschön. Sehr gescheit. Ich mag das. Das ist eine sehr gute Sitte, und ich liebe es, wenn sie das gleiche für ihren Herrn tun. Aber ich denke nicht, daß sie das tun. Sie tun es nur untereinander, aber nicht für ihren Herrn, denn wenn sie es für ihren Herrn täten, würde sich dieses Leben verändern. Und Er kann es in einem Moment verändern, kann Herzen durch Seine kraftvolle Hand in einem Moment wenden, so schnell wie deine Augen sich drehen; denn Er ist es auch, der deinen Blick zu Sich wendet. Und so sind auch die Herzen in Seinen Händen, in den Händen von Allah dem Allmächtigen. Er kann alles verändern.

Und ich achte auf eine Veränderung vom Schlechten zum Guten. Ich sage nicht, daß Er Gutes in Schlechtes verändert, nein. Wenn Er Gutes gewährt, halte das Gute im Herzen. Nur wenn du deinem Herrn für Gutes nicht von Herzen dankst, dann kommen schwarze Flecken auf das Licht, das dein Herz hell gemacht hat, und sie werden immer zahlreicher, bis das Herz ganz von ihnen bedeckt ist und sich schließlich verschließt. Deshalb, wenn Allah dich mit Seiner endlosen Gunst unterstützt, sei dankbar und preise Ihn, denn Er liebt es, gepriesen zu werden. Allah der Allmächtige befiehlt: "O ihr Menschen, o meine Diener, wenn ich euch etwas gebe, dann sagt: ‘Mein Herr gibt mir diese Gunst und unterstützt mich da und dort’, denn ich liebe es, wenn mein Diener dies sagt." Ja, alles gibt Er uns, solange du das sagst und Ihn preist. Er liebt es, gepriesen zu werden. Und Er ist gepriesen vom Anfang bis in Ewigkeit. Wenn du Ihn preist, respektierst du dich auch selbst. Du bist dann auf dem Weg dahin, in der göttlichen Gegenwart auch gepriesen zu werden. Dagegen liebt Allah der Allmächtige es nicht, wenn man nicht geduldig ist und sich bei Ihm beklagt. Er liebt es gepriesen zu werden, weil Er dich für deine Geduld mit ewigem Leben bezahlt. Er beschäftigt Seine Diener nicht für nichts, nein. Er bezahlt immer; endloses Bezahlen für Geduld. Sei ein bißchen geduldig.

Imam Ghazzali, Allah segne ihn, ist ein berühmter Mann im Osten und im Westen. Und nun gibt es einige Verbohrte, die diesen genialen Gelehrten kritisieren. Er lehrte die gesamte umma (Gemeinschaft der Gläubigen), und er erklärte an einem Beispiel, wie wichtig es ist, geduldig zu sein: "O ihr Menschen, wenn jemand krank wird, sagt der Doktor zu ihm: ‘Mein Freund, wenn du gesund werden willst, darfst du drei Tage lang nichts trinken. Wenn du nur drei Tage geduldig bist, wirst du wieder dein ganzes Leben in Freude und Sicherheit verbringen können.’" Sei mit den Schwierigkeiten dieses Lebens geduldig, und du wirst von Allah dafür mit dem ewigen Leben belohnt werden.

**All mankind must come to Islam!**

Welcome to you! From where you are coming? Coming from (the) moon, from (the) stars, from (the) sun- from where you are coming?
Two persons, they (were) just coming together on their way and: “As-salamu alaikum”- “Wa alaikum salam.” One (was) asking from (the) second one: “From where you are coming?” and he is saying: “From here.” “To where you are going?” “To here.” “Where is your homeland?” “Here...”

True or not true? Don’t say: “I am coming from Germany, from London, from UK, from Africa”- no, no! Our real homeland (is) here! We are going to there- (we are) coming from there also! But people they are not thinking now. People they have been occupied by Shaitan. Shaitan (is) making contract with you that: “You are going to work for me only! If you are not working for me, you can’t reach anything through our life!” Okay? Everyone (is) just making that contract, taking and you are signing that: “I am your worker up to (the) end of my life!” Signing. Now- who is that one? Shaitan! Shaitan (is) making (a) contract with everyone. Very few (rarely) you can find a person (that is) not making (a) contract with Shaitan and (that is) not (going) to be his workers! Everyone! As-salamu alaikum! Welcome to you and we hope that you should be happy here! This is our humble... I am ashaming to say that it is a center, no, a humble place. We are making two rooms, one and sitting here, as (a) spider (is) sitting on the corner of (the) walls, waiting... (If there is) coming one mosquito or fly, (it is) looking... (And) we are sitting here and you are coming or not coming... yes? Okay? And sometimes (there are) coming big flies like Doctor...

no mind people from America coming here...

Some people (are) saying: “We are coming from (the) last point of Africa, I am looking, but that (one) is not like Americans... American flies, South Africans mosquito... all bigger, smaller than mosquito ... and I am trying to make an oil from flies to be... I am making some bottles oil and people (are) asking. “This is fly oil- for what?” “That is (a) famous oil, famous medicine, to keep you young!” “Hmmmm. And that is mosquitoes oil. For what?” “To make ladies without making diet... to be slim... !” “How much it is?” “This is... for men it is a little bit cheap, but for ladies it is very expensive! I am tiring to bring that oil from mosquito and from flies...” “Eh, doesn’t matter...”

Why you are saying... They are saying that I am sitting here (in an) unknown place, unknown place and we are saying first: Audhu bi-llahi mina shaitani rajim, We must say daily! At least say: Audhu bi-llahi mina Shaitan rajim. On every step (he is) coming to you and saying something here and another thing here and we are surprising: “I must do this or that?” Both of them (are) Shaitans revelation on you! Therefore you must say daily 40 x : Audhu bi-llahi mina shaitani rajim. Ask protection from your Lord Allah Almighty! If you are not asking, Shaitan may carry you and (he is) making you its donkey, riding on you and taking you between East and West. (There is) no more rest for that person, who (is) making Shaitan his rider! Never! Therefore, Ahlu-l Dunya, people whom they are not believing (that) after Dunya (there is an) eternal life, they are just 100 % donkeys of Shaitan!

Therefore we are saying: Audhu bi-llahi mina shaitani rajim... Audhu bi-llahi mina shaitani rajim!... Ask heavenly Protection! That is (a) holy Command from Allah Almighty from (the) beginning of mankind on earth up to (the) end! And say also: Bismillahir Rahmanir Rahim! Bismillahir Rahmanir Rahim, that is your sword against dragons , dragons that they may forming themselves as they like- as a man or as a woman, but they are Shaitans... and they are asking to

make some trap for you, to make you to fall in it. When you are falling in it- finished, (they are) covering you!

Therefore Allah Almighty (is) giving (a) sword to believers. That is- what is that sword? Bismillahir Rahmanir Rahim! Catch it always! For every occasion, for every doing, for every effort, for every action you must keep with you their sword from Heavens: Bismillahir Rahmanir Rahim. If anyone (is) asking: “What is that Bismillahir Rahmanir Rahim?” you must say that: “That is our heavenly Sword, granted (to) us, we are carrying this!”

May Allah forgive us!... Welcome to you! And we are saying: As-salamu alaikum! Now (it is) coming to me to say ‘As-salamu alaikum’. So many things we must prepare, (so) that we can walk and we are reaching to: As-salamu alaikum, my Lords humble servants, whom you are asking something, to make your Lord happy with you! If a person (is) not asking this, (a) donkey is better than them! If anyone (is) not asking to make his Lord to be happy with him, Allah Almighty (is) saying (about them): “Ulaika kam... those people, they are like animals. (They are) not (even on) animals level, but lower, under the level of animals level!” May Allah forgive us!

Therefore- we are coming from East and West, from different countries, far countries... I am surprising that our island Cyprus it is so small, like a spot on (the) world map, and this place on it... how (people are) coming, reaching? From Far East, from Far West, from North, from South- how?
I was in London, so many years ago, and we are doing some association with our listeners and just reached a person and saying to me: “I am coming on behalf of London Television.” Yes. He was making with people interview. He heard (about me) and (he was) coming and saying to me: “O Sheikh, I am looking here since one hour and looking your listeners; they are so different kind of people- from every kind, from every colour, from every race.”

“But”, I am saying, “Even their colours (are) different, (their) races (are) different, but they are from (the) same father and mother, from (the) same family that they are from Paradise coming, Adam and Eves generation. Yes. Therefore no. Why (you are) surprising? You are looking peoples outlooking or their languages or their races- it is not important. Important (is) that all of them, even (they are of) different colours, different countries, different languages, but (they have the) same senses!” All of us we have how many senses? Say! 5 senses; this is a common thing for every mankind, even their colours (are) different, (and their) languages, but they are on (the) same level (in that) they are all, they have 5 senses. (In that) they are equal.

“I am surprising”, he is saying to me, “how those people (are) coming to you and sitting here and hearing, listening to you. What you are making with those people? Are you a wizard?”
“If I am (a) wizard, I may take you, hanging you up to fall on people. I am not (a) wizard!” “You are black magic making people?” “If you are saying (this), I may take you from here up to (the) Seychelles Islands in (the) Indian Ocean. I am not that one!”
“How you are making people to come to you and to listen to you?”
“Yes, easy, (it is an) easy question. I am asking to you now one question. When you are asking to me, I am asking to you one question.”
“Yes, Sir, I am listening to you.”
“Look, o my Lords servant, Abdu Rabbi! I am asking you: If I am putting here one plate, do you think that... (if it is) empty, do you think that anything (is) coming on it?”
He is saying: “No.”
“Look! If I am bringing a plate full with honey, what do you think? Just (after) a while you can’t find that plate, but you can see only on it countless bees and flies, coming on it. What is (the) difference between this and that? Why (to the) second (one bees are) coming and (to the) different (one they are) not

coming?"
"It is easy", he is saying, "because you are putting honey and when they are smelling honey, they are coming from far distances."
"So that perhaps our association (is) giving them something; they are tasting (something) through their spirituality, so that they are coming! If (there is) no spirituality there, they are not coming... And we are (such a) center- if you are saying center- (that) it is free; we are not making people to pay something to enter, no, it is free and they are coming. Freely coming. That is." And he said: "Just o Sheikh, just I understand now!"

Therefore I am not surprising that through this holy month (there is) coming as oceans waves people, running, rushing and coming her. (It is) an unknown place, but their feeling (is) showing them that there is some honey. If not, they are not coming. If I am sending them away, as I am making for bees: 'Go away', and (then they are) coming back... Therefore!...

And Allah Almighty, He is going to show (the) real faith for mankind, (to those,) whom they are following Shaitan, not following heavenly Orders! He is asking to do that with a weakest servant that (has) no value and this crowd (is) going to cover through East and West! As (in) the time of (the) Prophet- peace be upon him. He was alone, then 1, 2, 3, 4 (people were) coming, coming and through 25 years that (the) Prophet (was) coming, (Islam was) reaching from East to West, from North to South. No anyone can do that through historical periods except S.Muhammd sws- alfu salat, alfu salam alaika S.Muhammad, sahibu Miraj, sahibi Isra wa-l Miraj! No one can do that, but Shaitan and its followers (are) asking to make his message out of reality and they are trying to make this that his message had been sent from Heaven.

Who can do this? Where is their powers? I am making their dirty powers under my feet- bi idhni-llah. Enough, I am more than enough for them! They are not using anyone else, I am enough for them to make them, to bring their Batil under this

earth!

Islam (is) high! Must get up through East and West, from North and South- (the) whole world (is) coming to run to Islam! Some people (are) asking: “Eh, o Sheikh, you are Sufi and we like to be Sufi, but we like not to be Islam.” I am saying: “Go away, Shaitan (is) teaching you that way! (There is) no way to real life and Heavens without surrendering. That is Islam- (it is an) Arabic word that means: to surrender. You must say: ‘You are my Lord, I am Your servant, You order, I am obeying’!”

O people, time is over and Qiyama, (the) Last Day, (is) approaching. And so many signs of Qiyama, Last Day, (are) just appearing. Keep your faith, try to be with Allah Almighty! And that means you can’t be with Allah by yourself, but you may be with Almighty’s Friends. If you can find a friend of Allah, you may reach to Allah! Without, you can’t!

Eh. “I am going to America without using (an) aeroplane!” Yallah, you may go! You are asking: ‘I am denying aeroplane, flights, but I like to be in America.’ Take that flight, you can go. When (you are) reaching there, come down, leave (that) flight... May Allah forgive us!

O people, try to be with Allah! If you are not trying, Shaitan (is) coming and putting on your mouth its reins. Reins (are) making you its donkey, (and he is) riding on it through East and West and you can’t find any way to save yourself, as mankind now just fall under shaitanic hegemony. Shaitan (is) making them like this, like that, like this, like that... saying: “Democracy” , saying ... What is that? Yet not putting your mind, not using your mind? In (the) Holy Quran, where you are finding Democracy? Democracy means: “Take away (the) holy Rules that (are) coming from Heavens and we may do our (own) rules!” You do, (and) come, look, what happening!

Think on it! Keep yourself to be obedient ones for Allah Almighty! What we are

saying that is real truth! Real Truth, who can speak, follow him! VIP clothes (are) never giving to you anything. You must find a real one that he can give to you what you are in need!

Oh, ma sha Allah, every religion (is) using so many brilliant clothes on their heads! I am looking someone going to make people to... putting on his head... “We are giving plastic! Plastic orange, plastic grapes, plastic apples, plastic pearls, plastic figs, plastic grapes”... and people (are saying) first: “Oh...! We shall take fig...” 2000 years people and more, they are going to be cheated by plastic. Plastic, giving... big buildings, high buildings, but inside you can’t give anything! They tried it and finding... “Oh! 1ooo of years we tried this- what is going to be? You can’t give us heavenly fruits, we are fed up from your plastic fruits, plastic fruits- fed up! We like real ones, even not to be seen as like you can see bananas and apples- but... small, but they are... O people, come and think on it, for your future! 100 years ago no one in existence, those people, after 100 years, no one here. You must ask who bringing us in existence, who is taking us from existence once again? And look. Go to (the) cemetery, ask them how they are underground...

May Allah forgive us! For the honour of the most honoured and glorified servant of Allah Almighty S.Muhammad ...

Allahumma salli ‘ala Sayidina Muhammadin Nabi-l ummiyi wa ‘ala alihi wa sahbihi wa sallim...

Zid Habibika ya Rabbi izzan wa sharafa, wa nuran wa sururan, wa ridwanan wa sultanan, ya Rabbi! Adkhilna, ya Rabbi, fi ummatihi, fi shafatihi, huna wa hunak, bi jahi man arsalta alayhi Suratu-l Fatiha...

## All Prophets Taught Goodness

Dastoor yaa Sayyidee, madad yaa Sultan al-Awliya. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah! Alfu salaat, alfu salaam `alayka wa `ala aalika yaa Sayyidi 'l-awwaleen wa 'l-aakhireen. Zidhu yaa Rabbee `izzan wa sharafan wa nooran wa surooran wa ridwaanan wa sultaana. (Mawlana Shaykh sits.)

As-salamu `alaykum, Our Attenders! And we are beginning by saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.. O our Lord, grant us from your heavenly support to fight against Shaytan and its followers! Yes, all `ulamas through east and west, including Christian's learned people, including Jewish learned people, what is our mission? We must know it. Dastoor, yaa Sultan 'l-Awliya, madad!

A question; what are you teaching people? Christians or Jewish people, and Islamic `ulamas, including Salafia `ulamas, a question: what you are teaching people? What was the mission of Jesus Christ? His followers were saying, “our teacher.” People are running to prophets for what? For learning and then knowing and then understanding, and then they are standing up. What is their mission? And they are standing up and they are trying to fulfill their missions.

This addressing is from east to west, from north to south. I'm a weak person. I am asking in front of all nations to holy people, from Christianity and Judaism, and I am asking Muslim authorities for teaching people, I am asking, what was the teachings of prophets to people? Just making it clear, the Seal of Prophets (s), (Mawlana Shaykh stands and sits) and saying one word, that he has been sent to teach people, mu`allimun-naasu 'l-khayr (goodness)!

This one word including all teachings from all prophets. Allah Almighty is sending 124,000 prophets, all of them were calling people and saying, "O my Lord's servants, come to me! Come to me! And listen to me! And try to understand me! O People, I am coming to you to teach you al-khayr, goodness. What is opposite of goodness? Badness." That means on this world people are learning and practicing good things and some of the people are not trying to learn and they are doing their worst badness, and asking to follow badness. What is goodness, al-khayr? Every kind from goodness, Man must know, because Man is born not knowing anything and his parents are teaching him something first.

O People, our Attenders! Look to me and try to keep through your minds, it is our whole adab, good manners. When a new child growing up and beginning to ask to say something, our good manners is to say to that baby, say "Al-Lah, Al-Lah, Al-Lah." It is the top point of khayr to teach that new baby to open his mouth and to speak first and to learn to say "Al-Lah." And through our traditional knowledge, if a person from the beginning must go on it, when you are teaching a small one to say, "Al-Lah." The last moment that one is passing away and he stands to say, "Al-Lah, Al-Lah, Al- ..."(draws his last breath). The opening (of his life) and finishing (death) is going to be on saying, "Al-Lah, Al-Lah." From Allah (swt) we come and to Him is our return. Salafi `ulamas, say, is this baatil? ••••• ••••• Ad-deenu naseeha, "Religion is advice." is making me to sit down here and to speak to people, to advise to people. If anything is wrong, say to me that, "You are wrong one." I am sitting here emptying that heavenly madad, support, making me to be full for addressing.

O Salafi `ulamas! There is some new instruments like a finger, there is a part (coughs) and they are saying to me that this small-like finger part, they may contain perhaps 20 hours speaking or more? Much more. Yes. SubhaanAllahu Mu`alim (salawat) very important point they are giving sometimes. That just granted to common people and there is an important reality. What is that, I am asking to `ulamas?

O People! On the Day of Promising, Allah Almighty (swt) jala jalaalahu subhaanAllah, sultaan Allah.

(Mawlana Shaykh stands and sits.) addressing to our real beings, not this body, but to our real beings. It is beyond our ruh, souls, zarrah, atoms, and beyond atoms there is another reality that only this knowledge you can find through heavenly people. Allah Almighty was addressing,

•••••••• •••••••••••

alastu bi rabbikum! “O My creatures from Mankind! Are you accepting Me as your Lord and Creator?”

•••••••• •••••

qaaloo bala, "They said, 'Yes, O our Lord!'" (7:172)

"You are our Lord and You are our Creator." This part of the holy verse is what we are understanding, three, four words. But the Lord’s addressing, kalaamullah, (Allah's Divine Words), is from pre-Eternal up to Eternal, and through that question, believe that countless secret Knowledge Oceans appeared! Allah Almighty said, alastu bi rabbikum, all the souls answered, qaaloo bala, admitting His lordship and that they are His servants. Through that addressing, oceans of knowledge come. Therefore, anbiya (prophets) are taking knowledge from that divinely addressing. Which oceans are coming through alastu bi rabbikum? Oceans that you can’t find a shore or a bigness for it!

Therefore, when He Almighty was addressing, don’t think that addressing should be for everyone same addressing, the same zahir, appearance. It is the same, but don’t think that His addressing to prophets is the same as to their followers. There is a general addressing for all, but everyone is taking from that ocean what is for them, private knowledge from endless oceans, and through that they are coming to say, mu`allimu nassu 'l-khayr. That holy word that Seal of Prophets (s) declared to nations, he knows the meaning of khayr, goodness, he knows it is such an ocean and he is saying, “I am coming to teach people goodness.” And, what is goodness? One, two three, four, five, six, seven; how many goodnesses? There are five hundred goodnesses that the Seal of Prophets (s) was saying to his nation. Teaching them every kind of goodness. The Seal of Prophets (s) (Mawlana Shaykh stands) just taught them (Mawlana Shaykh sits) and others, every kind, that it is mentioned and just they have been taught to his nation.

First of them, what is? First, the beginning of khayr is to say, Allahu Rabbee, Allahu Rabbee, Allahu Rabbee! khalaqani razaqani ahjani amatani thumma yuhyini. The first of khayr, goodness is to know Who created him or her, they must learn.

All `ulamas, what you are saying every Jumu`ah on minbars? Why are you not saying such things? So many people are using the minbar to speak on political aspects, it is haraam! `Ulamas can't speak on political subjects. You are only authorized to teach people al-khayr, goodness. That is your mission. If you are going, giving that direction and you are going like this, left or right, you are getting out from Siraat al-Mustaqeem. Therefore Allah Almighty, ordering us everyday to stop and ask from His Majestic and most glorious existence, "O our Lord, give me Siraat al-Mustaqeem." Who is going through that siraat just direct way, they are falling into traps of Shaytan.

Therefore, O People! O `ulamas from Muslim world, or Christian world `ulamas and Jewish nations `ulamas, you must say what we are saying now! It is a heavenly announcement for everyone from Mankind that they will know what is rightness! What is goodness, top point of goodness and rightness that people must learn this. Then they may walk on it, or they are coming down, cant move, can't do anything that people may say to them, "capital to you," or when they are passing through Judgment Day in the Divine Presence for Divine Judgment, all of them will be thrown away!

O Holy People for Christianity, from Judaism, and our `ulamas! You must say from early morning up to evening as the command of the Lord of Heavens, wa dhakkir, because when you are saying it you may keep your ways in safety, coming in Divine Presence and shining.

O People! I am addressing to learned people tonight, according to inspiration coming to me from heavenly ones, I am addressing to you. Try to keep it and run after goodness, to do goodness and try to make badness less, less, less, until you are leaving it. When you leave badness it means you are leaving Shaytan. When you try to complete goodness, it means you are approaching Seal of Prophets (s). (Mawlana Shaykh stands and sits.)

Fatihah.

(Mawlana Shaykh speaks to Shaykh Hisham Effendi on the phone.)

Shaykh Hisham: Mawlana's suhbat is being translated into 12 languages on the fly and this is a total now of 300 suhbahs translated.

Mawlana Shaykh Nazim: That is the result of madad of awliya and they want to erase kufr and establish imaan. And there is a hadith, “Whoever is sincere to Allah for 40 days, then fountains of wisdom will spring from his heart.” There are oceans coming and never ending.

## Sheik Nazim, What is your Greatest Wish'?

All we want is peace for the whole of mankind. Every year we look out for a general peace all over the world, one that will enter everyone's home. Don't think that peace will only be amongst nations. The smallest cell of the community is the family. Sadly throughout this century family problems are increasing and chaos is spreading in all homes. You cannot find any home where family members are living peacefully with each other. That is the biggest problem occupying people's conscience, heart and mind. They want a solution.
I heard it is written that nations are spending 5 million dollars every day on weapons. How can there be peace in this year, or in the next like that? We know that weapons are for killing and destroying. As long as nations are running after that, you will not find a general solution for peace.

Good people are not in power in our world now. Kind people are not in power. If some people have a good heart they will always be on a second level, not on the point of being able to give orders. That is the problem. Within governments you can find good ones, but the important decisions will be made by others.

This is why we are looking for a merciful solution to be sent to us through a Heavenly Intervention. Someone who will be able to stop devils from harming mankind. If someone like that doesn't come, it will be very difficult. We Muslims are waiting for someone called Mehdi a.s.. He has been authorised by Heavens. He has miraculous powers to take away evils and devils. Christians are expecting Jesus Christ to come back from

Heavens and to give his last decision for the nations. Jewish people are also preparing for the Messiah to come and to arrange every wrong thing on earth.

We are pleading with Heavens to send us someone with miraculous powers. Otherwise those dangerous atomic weapons will remove the whole civilisation from East to West and kill billions of people. We cannot stop it. Only the Lord of Heavens can bless and send some power to his weak servant. Earthly power cannot give any result. It is finished. No tariqats can control anything now. We need spiritual power to stop every evil and devil.

Naqshbandis are only a peaceful group consisting of so many different nationalities asking for peace for all nations. We are on a ship and wherever the captain wants to take us, we have to go. There is nothing you can do. We will never be against anything except evil and devils. That is all. Everyone should be against devils and evil.

**Al Namus Al Akbar**

(Dt.: AlNamusAlAkbarDt)

Assalam Alaykum, O people! Keep your Namus/True Heavenly Nature. When a person does not respect his true Heavenly Nature he has no value. The Great Angel, used to be sent to the Prophets, Sayyidina Jibril (as). This is an important matter. The honour of human beings is according to his Namus/ Heavenly Revealed Nature. When they loose this Nature, they have no value. The honour of a person is according to his keeping his Nature, in the world & in the Hereafter. Dastur Ya Sayyidi, Madad Ya Sultan Al Awliya'.

The Great Angel was sent to the Prophets (as). The Great Angel that represents the Heavenly Revealed Nature. He used to come down to the Prophets (as). He was not sent to just anyone, no. The Great Angel represented by Sayyidina Jibril (as) was sent to the Prophets (as). The greatest honour for humanbeings is their Heavenly Nature. If they loose it, they have no value.

Today, we are saying Audhu Billahi min al shaytan al rajim Bismillah Al Rahman Al Rahim La Ilaha illa Allah Sayyidina Muhammad Rasulullah... was granted the hightest revelation - La Ilaha illa Allah Muhammad Rasulullah. This is the greatest Namus/Revelation. Subhana Allah! The great Namus has been granted to him from among all Prophets (as), to Sayyidina Muhammad (saws). Allahumma zid'hu Izzan wa Sharafan, Nuran

wa Sururan, Ridwanan wa Sultanan. The greatest revelation from Heavens was to the Prophets (as). They are chosen to carry Al Namus, and the honour of human beings is according to their Heavenly Nature.

O scholars, explain this to people. What is the Namus? From where it is coming and from what it is? The duty of scholars is to explain what is the Namus that was sent to the Prophets (as), the Great Namus from Heavens, Jibril (as) And the great Namus was granted to the people with Heavenly Trust not to just anyone, no. The great revelation was granted to The Master of the beginning & the end. He (saws) is granted the Namus Al Akbar, because he has the greatest honour; the great honour for humanity is his (saws) Namus. But who looses his Heavenly Nature has no value.

Subhana Allah, all Prophets (as) came & advised their nations to keep their Namus/Heavenly Nature because your honour is with keeping your Heavenly Nature. If it is wasted, you have no value, finish! Subhana Allah! The first lesson that is obligatory on the scholars is to teach people, what is their Namus/Heavenly Nature. The Namus is what gives human beings the greatest honour. And his value is according to his keeping respect for his Heavenly Nature. Who has Namus has the highest station with Allah (swt). Who lost it, they have no value.

O people! Look for the people of Heavenly Nature. Do not look for names of people who became famous, with titles that have no value. But we are asking about the honour of human beings according to their Heavenly Nature. If a person does not keep his Namus/Heavenly Nature, with respect, then that person has no value here or in the Hereafter. Therefore O Egyptian people & all the others, look for the people of Namus, they can save you. Otherwise with all the votings/election a person does not gain honour, no! The value of a person is according to his keeping respect for his Heavenly Nature. That Heavenly Nature that was granted to and honoured the children of Adam (as). Namus! Look for people of Namus, you will be saved here & in the hereafter & be honoured, O children of Adam (as).

All the Prophets (as) carry the great Namus from Heavens. The greatest Namus was carried by the Master from beginning to end, Sayyidina Muhammad (saws). And his (saws) Namus is from Allah (swt) by means of the Archangel Jibril (as). Honour is according to his Namus, the greatest Heavenly Revealed Nature is with the Master of beginning to end. So hold to him. He is the one who has the greatest Namus. You will be saved in this world & in the hereafter. Otherwise you will have no way out, neither in this world nor in the hereafter.

Instead you will be dishonoured people.

The Holy Quran made everything clear. "Hum 'Aradhiluna" (11:27) (the lowest among us). The past nations when their Prophets (as) came and offered the Namus/Heavenly Nature from Heavens, people used to call them "Hum 'Aradhiluna" (11:27). (the meanest among us) "the meanest among us" (11:27) How can we obey them? The dishonoured ones are the ones who deny the Namus. Namus/Heavenly Nature that is coming from Heavens. Take your share O people, especially you believers take your share from Namus Al Malakut/ Heavenly Nature. This grants you your value here & in the hereafter. If you loose it you will have no honour here or in the Hereafter.
Do not think that collecting votes from people gives honour. No! The honour of a person is in respecting his Heavenly Nature. And the Namus is from Al Namus Al Akbar which comes from Heavens to people who are the chosen ones, specialized ones who can carry Namus/Heavenly virtues. The rest are the dishonoured ones. O Egyptian people & the rest, pay attention and try to understand what is Namus/ heavenly Nature, what it means. Namus came down on the Master of beginning & end, Sayyidina Muhammad (saws) from The Lord of The Great Throne. Take your share from the Namus, you will be saved & honoured in this world & in the hereafter. Otherwise you have no way out in this life & in the Hereafter.

Astaghfirullah for me & for you. O believers! Believe in Allah (swt) & in His Prophet & what was sent with His Prophet (saws). You will be saved... you will be saved. Expend all your efforts and learn. Aman Allah Ya Rabbi! Tawba Ya Rabbi, tawba astaghfirullah.

The biggest traitor is the one who looses his Trust. And the Namus/Heavenly Nature is a Trust from Heavens; who looses it, looses his honour in this world & in the Hereafter, they have no value!

Tawba Ya Rabbi. Repent to your Lord. Astaghfirullah Al Azim wa atubu Ilayh. Tawba Ya Rabbi, tawba Ya Rabbi. Tawba Ya Rabbi send us the people of Namus, to teach the people from Your favors for the sake of who You sent as a mercy to humanity & honour to the children of Adam (as), the holder of the highest Namus/heavenly Nature, the Master of beginning to end, Sayyidina Muhammad (saws). Fatiha.

This is not from mind productions. This does not develop at the level of thoughts, but this is coming from Heavens. So keep your Namus/Heavenly Nature, you will be saved here & in the hereafter. Otherwise people will perish.

Astaghfirullah! Astaghfirullah! Astaghfirullah, tawba Ya Rabb. Fatiha.

This may shake the whole world. This addressing is not coming from looking in books but it is an inspiration from Heavenly inspirations. Fatiha.

This is the peak of humanity. These words indicate how to reach the peak of humanity. Allahu Akbar! Allahu Akbar! Namus Al Akbar! Therefore Archangel Jibril (as) was called by this because he was sent to the Prophet (as), Al Namus Al Akbar. These words are not from thinking. The greatest lesson for humanity is this, from a weak servant who does not know anything. We are asking forgiveness... We are asking forgiveness...

Fatiha.

O Lord Forgive us.

**An-Namusu l-Akbar**

(Engl.: AlNamusAlAkbar)

As-salamu alaykum, ihr Leute! Bewahrt eueren Namus, euer wahres Himmlisches Wesen. Wenn jemand sein wahres Himmlisches Wesen nicht achtet, hat er keinen Wert. Der Große Engel wurde für gewöhnlich zu den Propheten gesandt, Sayyidina Jibril (as). Dies ist eine wichtige Sache. Die Ehre der Menschen bemißt sich nach seinem Namus, nach seinem Himmlisch Geoffenbarten Wesen. Wenn sie ihr Wesen verlieren, haben sie keinen Wert. Die Ehre einer Person bemißt sich nach der Bewahrung seines Wesens in der Welt und im Jenseits. Dastur ya Sayyidi, Madad ya Sultanu l-Awliya'. Der Große Engel wurde zu den Propheten (as) gesandt. Der Große Engel, der das Himmlisch Geoffenbarte Wesen vertritt. Er pflegte zu den Propheten (as) herabzukommen. Er wurde nicht zu irgendjemandem geschickt. Nein. Der Große Engel, von Sayyidina Jibril (as) repräsentiert, wurde zu den Propheten (as) gesandt. Die größte Ehre für die Menschen ist ihr Himmlisches Wesen. Wenn sie es verlieren, haben sie keinen Wert.
Heute sagen wir: Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. La ilaha illa Allah. Sayyidina Muhammad Rasulullah wurde die größte Offenbarung gewährt: La ilaha illa Allah, Muhammad Rasulullah. Das ist der größte Namus, die größte Offenbarung. Subhana Allah! Der große Namus wurde unter allen Propheten (as) ihm, Sayyidina Muhammad (saws) gewährt. Allahumma zidhu Izzan wa Sharafan,

Nuran wa Sururan, Ridwanan wa Sultanan. Die größte Offenbarung von den Himmeln richtete sich an die Propheten (as). Sie sind erwählt, Al Namus zu tragen. Und die Ehre des Menschen bemißt sich nach seinem Himmlischen Wesen. Ihr Gelehrten, erklärt dies den Leuten. Was ist der Namus? Woher kommt er und worin besteht er? Die Pflicht der Gelehrten ist es, zu erklären, was der Namus ist, der den Propheten (as) geschickt wurde, der Große Namus von den Himmeln. Und der große Namus wurde den Menschen gewährt als Himmlisches Unterpfand. Nicht irgendjemandem, nein. Die große Offenbarung wurde dem Meister von Anfang und Ende gewährt. Ihm (saws) wurde der Namus Al Akbar gewährt, weil er die größte Ehre besitzt. Die große Ehre für die Menschheit ist sein (saws) Namus. Aber wer sein Himmlisches Wesen verliert, hat keinen Wert. Subhanallah, alle Propheten (as) kamen und rieten ihren Nationen, ihren Namus, ihr Himmlisches Wesen zu bewahren. Weil euere Ehre in der Bewahrung eueres Himmlischen Wesens liegt. Wenn es verschwendet wird, habt ihr keinen Wert. Schluß! Subhanallah!

Die erste Lehrstunde, die den Leuten zu geben verpflichtend ist für die Gelehrten, ist, was ihr Namus, ihr Himmlisches Wesen ist. Namus ist das, was den Menschen die größte Ehre gibt. Und sein Wert erschließt sich aus der Achtung seines Himmlischen Wesens. Wer Namus hat, hat die höchste Stufe bei Allah (swt). Wer ihn verloren hat, hat keinen Wert. Ihr Leute, haltet Ausschau nach Menschen von Himmlischem Wesen. Schaut nicht auf Namen von Leuten, die berühmt sind mit Titeln, die keinen Wert haben. Aber wir fragen hier nach der Ehre des Menschen in Übereinstimmung mit ihrem Namus, ihrem Himmlischen Wesen. Wenn jemand seinen Namus nicht bewahrt, mit Achtung, dann hat der Mensch keinen Wert hier oder im Jenseits. Deshalb, Ägypter und alle anderen, sucht nach Leuten des Namus. Sie können euch retten. Andernfalls, mit all den Stimmabgaben und Wahlen gewinnt ein Mensch doch keine Ehre. Nein. Der Wert eines Menschen bemißt sich nach der Achtung seines Himmlischen Wesens. Dieses Himmlische Wesen, das den Kinder Adams (as) gewährt wurde und sie ehrt. Namus! Haltet Ausschau nach Menschen des Namus, und ihr werdet gerettet und geehrt werden hier und im Jenseits. Ihr Kinder Adams (as). Alle Propheten (as) tragen den großen Namus von den Himmeln. Der größte Namus wurde vom Meister des Anfangs und Endes getragen, Sayyidina Muhammad (as). Und sein (saws) Namus ist von Allah (swt), vermittelt durch den Erzengel Jibril (as). Die Ehre bemißt sich nach seinem Namus, das größte Himmlisch Geoffenbarte Wesen gehört dem Meister von Anfang und Ende. Also haltet an ihm fest. Er ist der, der den größten Namus hat. Ihr werdet gerettet in dieser Welt und im Jenseits. Sonst habt ihr keinen Ausweg, weder in dieser Welt, noch im Jenseits. Stattdessen werdet ihr Entehrte sein.

Der Heilige Quran hat alles deutlich gemacht. "Hum 'Aradhiluna" (11:27) - der Niedrigste unter uns. Die

vergangenen Nationen pflegten, wenn ihre Propheten (as) zu ihnen kamen und ihnen den Namus, ihr Himmlisches Wesen, von den Himmeln anboten, sie "Hum 'Aradhiluna" (11:27) zu nennen, die Niedrigsten unter uns. Wie können wir ihnen gehorchen? Die Entehrten sind jene, die den Namus leugnen. Namus, das Himmlische Wesen, das von den Himmeln kommt. Nehmt eueren Anteil, ihr Leute, besonders ihr Gläubigen, nehmt eueren Anteil vom Namus Al Malakut, dem Himmlischen Wesen. Das gibt euch eueren Wert hier und im Jenseits. Wenn ihr ihn verliert, habt ihr keine Ehre mehr hier und im Jenseits. Glaubt nicht, daß das Sammeln von Wählerstimmen den Leuten Ehre gibt! Die Ehre eines Menschen liegt in der Achtung seines Himmlischen Wesens. Und der Namus ist von Al Namus Al Akbar, der von den Himmeln kommt zu den Leuten, die auserwählt sind, besonders Ausgestattete, die den Namus, das Himmlische Wesen, tragen können. Der Rest sind die Entehrten. Ägypter und der Rest, paßt auf und versucht zu verstehen, was Namus, Himmlisches Wesen, bedeutet. Namus kam auf den Meister von Anfang und Ende, Sayyidina Muhammad (saws) herab vom Herrn des Großen Thrones. Nehmt eueren Anteil von dem Namus, und ihr werdet gerettet und geehrt werden in dieser Welt und im Jenseits. Sonst habt ihr keinen Ausweg in diesem Leben und im Jenseits.
Astaghfirullah für mich und für euch. Ihr Gläubigen! Glaubt an Allah (swt) und an Seinen Propheten (saws) und an das, was Seinem Propheten gesandt wurde, und ihr werdet gerettet, ihr werdet gerettet. Richtet all euere Anstrengungen darauf und lernt. Aman Allah ya Rabbi! Tawba ya Rabbi, Tawba Astaghfirullah. Der größte Verräter ist derjenige, der sein Unterpfand verliert. Und der Namus, das Himmlische Wesen, ist ein Unterpfand von den Himmeln. Wer es verliert, verliert seine Ehre in dieser Welt und im Jenseits. Sie haben keinen Wert! Tawba ya Rabbi.

Wendet euch in Reue an eueren Herrn. Astaghfirullahu l-Azim wa Atubu Ilayh. Tawba ya Rabbi, Tawba ya Rabbi. Tawba ya Rabbi. Sende uns Leute des Namus, um die Menschen zu lehren über Deine Wohltaten um dessenwillen, den Du gesandt hast als eine Gnade für die Menschheit und Ehre für die Kinder Adams (as), den Besitzer des höchsten Namus, den Meister von Anfang und Ende, Sayyidina Muhammad (saws). Fatiha. Das kommt nicht aus dem Verstand. Dies entwickelt sich nicht auf der Ebene der Gedanken, sondern dies kommt von den Himmeln. Also bewahrt euren Namus, euer Himmlisches Wesen, und ihr werdet gerettet hier und im Jenseits. Sonst werden die Leute untergehen. Astaghfirullah. Astaghfirullah. Astaghfirullah. Tawba ya Rabb. Fatiha. Dies kann die ganze Welt erschüttern. Diese Ansprache kommt nicht von Bücherwissen, sondern ist eine Eingebung von Himmlischen Eingebungen. Fatiha. Dies ist der Gipfel der

menschlichen Situation. Diese Worte weisen darauf hin, wie der Gipfel der menschlichen Situation zu erreichen ist. Allahu Akbar! Allahu Akbar! Namus Al Akbar! Deshalb wurde der Erzengel Jibril (as) damit gerufen, weil er zum Propheten (saws) gesandt worden war, Al Namus Al Akbar. Diese Worte kommen nicht vom Denken. Die größte Lektion für die Menschheit ist dies, von einem schwachen Diener, der nichts weiß. Wir bitten um Vergebung. Wir bitten um Vergebung. Fatiha. O Herr, vergib uns.

## Tafsir of the Divine Beautiful Attribute, “Al-Qahhar”

Suhbah before Jumu’ah

Allahu Akbar, Allahu Akbar, Allahu Akbar, Allahu Akbar, Allahu Akbar, Allahu Akbar. Azaamatu lillah, allahu-Akbaru’l-Akbar! Sultan sen, Subhaan sen, Amaan Yaa Rabb! Allahu Allah, Allah Allah, Allah Allah, `Azeez Allah!

Marhaban, Hisham Effendi! ... nahnu nusalli wa nusallim `ala Sayyidi ‘l-Awaleen wa ‘l-Akhireen Sayyidina Muhammad (s). Zidhu yaa Rabb `izzan wa sharafan wa nooran wa suroora. SubhaanAllah, alhamdulillah, wa laa ilaaha illa-Llah wa ‘l-Allahu Akbar,, wa la hawla wa la quwatta illa billahi ‘l-`Aliyyi ‘l`Azheem.

A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem. Tariqatuna as-suhbah wa ‘l-khayru fi ‘l-jami`yya, “Our way is suhbah and the good is in the gathering.”

Suhbat is what raises up and disciplines the children of Sayyidina Adam (a), who are normally like wild animals; there are not found more wild animals than Bani Adam! The angels said, “Our Lord, Most Glorious and High, are You putting in the Earth someone who will sow corruption and shed blood?" Rabbana, our Lord Most Glorious and High, said, "I know what you know not."

Madad, yaa RijaalAllah. SubhaanAllah! In our outer form, Bani Adam are all wild beasts.

There is the earth, there is the stone, and our Lord Most High wanted to give the sultanate of His Kingdom to Bani Adam, and said:

•••••• ••••••• ••• •••••••• •••••••••

innee ja`ilun fi 'l-`ardi khalifah. Verily, I am making in the Earth a deputy. (Surat ‘l-Baqara: 2:30)

Angels looked at the outer shell of Bani Adam and saw that he will shed blood (in the outer form), however, Allah Almighty created Bani Adam as the His khalifah on Earth. Laa ilaaha illa-Llah! Huwa! In the World of Jabaroot, there appears in Bani Adam something special, “jabbareen.” Mankind are oppressors, tyrants, and that is one of the attributes of human beings. In the ancient past, far beyond time as we know it, Allah (swt) chose Sayyidina Adam (a) to be His khalifah on Earth. Allah (swt) is Ancient, Ever-Lasting, “Qidam.” Ancientness is the Divine Attribute of al-Haqq, Allah (swt), and in that pre-Eternity He wished for a khalifah to be on Earth, a Creation that had never before existed. He Almighty knows the character of human beings; we are His servants, ordered to know that our realities are something chosen in the World of Jabaroot. Therefore, Mankind must know his own reality that appears also in this life, dunya, and by the divine law Allah will erase that character present under stress in Bani Adam, and He will send prophets to make clear to them and train them that He, The Most High, wants to dress the reality of khulafah, deputyship, on Bani Adam!

Allah Almighty gives the power and ability for Mankind to sit in the station that our Lord, The Glorious and Most High, made: that Bani Adam is His khalifah on Earth. Which Earth and which khalifah? Know that time does not encompass the Lord. We were in that station between pre-Eternity and Eternity; it was granted to Bani Adam to be eternal, otherwise human beings would not be khalifah! And then bit by bit the reality appeared, revealing the wisdom of Allah, that He wished to bestow on His khalifah. SubhaanAllah. In that time, Hisham Effendi, there was perfect obedience to the Lord.

••• •• •••••• •••••• ••• •••••• •••••• •••••• : " ••••• •••• ••••• •••• •••••••• ••• •••• • •••• •••••• ••• •••• •••• •••• •• • ••••• •••• •••• •• • •••• •••• •••• ••• • ••••• •••• •••• ••• ... •••• •••••••.

Ma zaala `abdee yataqaraba ilayya bi ’n-nawaafil hatta uhibah. Fa idha ahbabtahu kuntu sam`ahulladhee

yasma`u bihi wa basarahulladhee yubsiru bihi, wa yadahulladhee yubtishu bihi wa rijlahulladhee yabtishu bih. My servant does not cease to approach Me through voluntary worship until I will love him. When I love him, I will become the ears with which he hears, the eyes with which he sees, the hand with which he acts, and the leg with which he acts.

That is the honor granted to Bani Adam, to be khalifatullah! Finished, that is present in the Ocean of Oneness. “If my servant approaches Me through voluntary worship ...until he says to a thing, “Be!” and it will be.” He is rabbaani, lordly, at that time. So we say don’t say, “I am wahabi, salafi or sufi.” Don’t say this, but instead be rabbaaniyoon, those are lordly (who implement what the Lord asked). Be rabbaani, as in that state there is no “servant.” Then be baaqibillah, subsistent in Allah's Divine Presence!

Then we say, we in dunya are here for a short time and Allah does with us whatever He likes; every movement and stillness is by His Knowledge and Power. We have reached to be servants until the Judgment Day, and things will appear that never appeared before from stress and testing between human beings, as our Lord Most High likes and wishes. That is to build from fresh what will be strong, to carry from the Heavenly Kingdom, Malakoot, what Allah has dressed us in His address that He is creating a khalifah on Earth. (In this state one knows) everything is allowed and must be as He is The Most High, The Most Knowledgeable.

In our days, difficulties have begun to appear that prophets predicted and there is wisdom in them, for us to correct our manners when we see these events occur, which are terrible and difficult in the Last Days. How are we to behave? The Prophet (s) on the day of the conquest of Mecca, stood on the minbar and said, “This house and this house (family), whoever enters their home and closes the door is safe.”

We are ordered to remind Bani Adam:

• ••••••• •••••••• ••• •••••••• ••••••••• ••••••••• •••••••••••••• ••• •••••••••••••••• •••••••••••• •••••••••••• •••••• ••• •••••••••••

qaalat namlatun yaa ayyuha 'n-namlu 'dkhulu masaakinakum laa yahtimannakum sulaymaanu wa junooduhu wa hum laa yash`uroon. An ant exclaimed, "O ants! Enter your dwellings unless Solomon and his armies crush you, unknowingly." (an-Naml, 27:18)

We are in days of fitan, confusion and tribulation, about which Shari`ah states, “do not to come out, stay in

your homes," which is safety and protection. Adkhuloo masaakinakum, "enter your homes." There will appear or before, there appeared the government that is present, and enter your home. What will the government do in that time? It is necessary to appear, subhaanAllah. Hisham Effendi, Allahu Akbar.

••••• ••••••••• ••••• ••••••

waman dakhalahu kaanaa aaminan. Whoever enters there will be in safety. (Aali-`Imraan, 3:97)

Now we are in a time in which Allah ordered, as the Prophet (s) addressed the people, as they say, "As the people are, so shall their ruler be." It means correct yourselves, and your leaders will be correct. We use the methods of going out in the streets shouting and crying, "Remove yourself!" "Get out!" That is not right. Go to the mosque and ask Allah, "O the Changer of Conditions, change our condition! The hearts of the servants are between the two fingers of the Most Merciful." Do that instead of going on the streets. The Prophet (s) informed us that people in the Last Days are behaving like wild animals!

There is another order from Allah Almighty:

•••••••••••• ••••• •••• •••••••••••• •••• •••••••••

wa a'idda lahum mastataa`tum min quwattin. Against them make ready your strength to the utmost of your power. (al-Anfaal, 8:60)

What power do they have? Instead say, "We repent and turn back! O our Lord, correct us and our leaders. We are Your servants in Your Hands! O Our Lord! Have mercy on us in our weakness!" (...audio cut...)

Mawlana Shaykh Hisham: We never heard such an explanation as you just gave on the meaning of the verse, "I am putting a khalifah on Earth," that the meaning of "Allah" is al-Qahhar, "the Destroyer" who destroys sins and wrong deeds!

Mawlana Shaykh Nazim: I am a weak servant. He is Doer of what He likes, and He wished to bring out realities on the tongue of the one who is the weakest of servants, and whose Arabic is very slight. If that khutbah came from one of the `ulama, they would say, "He brought that information from the tafseer (commentary)."

Mawlana Shaykh Hisham: That is a very high explanation!

Mawlana Shaykh Nazim : That is to who can understand.

Mawlana Shaykh Hisham: Your address indicates the one speaking is the sultan, son of the sultan, son of the sultan, son of the sultan, up to the Prophet (s)! I read many books on this subject and this explanation you gave on the Divine Attributes "Al-Jabbar" and "al-Qahhar" is very unusual, and I never heard it before.

Mawlana Shaykh Nazim: We speak as Allah makes us speak; the inspirations come and we speak.

Mawlana Shaykh Hisham: These inspirations are from a very high station and my hair was standing on end from the depth of that explanation!

Mawlana Shaykh Nazim: My Arabic is very slight. Allahu Akbar. Fatihah.

## Always Ask for More in the Divine Presence

(Mawlana Shaykh stands.)
Allahu akbar, Allahu akbar, la ilaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd!
Alfu salaat, alfu salaam `ala sayyidi ‘l-awwaleen wa ‘l-aakhireen habeeb Rabbi ‘l-`alameen Sayyidina Muhammad!

We have been honored to be from his nation and we must say daily alhamdulillah, thanks to the Lord of Heavens, that He Almighty granted us from His endless blessings to be His most honored and glorified nation. O people, be thankful to our Lord! O our master, master in our days, master for this world, for this planet, for Adam’s children! He is now one of the most blessed ones. The pole of this world is looking after everything up to ants. Ants, never left to themselves, no. Who created them is taking care of the whole Creation. Allah Almighty, `azheemu ‘s-shaan, He is Almighty! No one knows the real being of the Lord of Heavens and the Creator of creatures. No one knowing, but He is granting whole creatures a being to be something in existence. He is creating! An atom can’t be in existence by itself. No one can create himself by himself. Impossible! How? Because we are creatures, we are not Creator. Creator is only One. Therefore, for whole of Creation in existence, their Creator is Allah Almighty (swt.)
(Mawlana Shaykh sits.)

We can't say He is responsible; no, the responsibility is for creatures. You may be responsible for yourself or for others, and your responsibility going to be in Divine Presence. You are going to be questioned about your responsibility. But no one can ask Allah Almighty, because He is the Creator and He is not responsible to anyone. That is our Lord's Attribute. He is never responsible for anything, because no one can ask Him, "What did You do or what are You doing?" No. The last level is reaching to Him. He may ask everything about their responsibility, because everything is responsible to their Creator in the Divine Presence. An ant is responsible according to the main wisdom for its creation. An atom also has a responsibility; they are living ones also. No one in creation is dead, no. Every creature through Heavens, through endless dominions of Allah and through His endless oceans is full with creatures. Everything is responsible, yes.

We are saying, dastoor yaa Sayyidee, yaa Sultan al-Awliyaa. We are asking a heavenly support for our understanding, our capacity, our ability. We are in need for a support; everything in existence needs a support as without heavenly support, nothing is going to appear in existence. This big globe has a responsibility through itself and on itself and inside itself. No one knows what is inside that globe, and no one can understand what is on it, what is through its oceans, or what is in it. No one can reach it, and it is such a small thing through Heavenly Oceans!

O people, As-salaamu `alaykum wa rahmutullahi wa barakaatuh. Welcome to you. What shall we do? I am a weak servant and I have been offered for addressing to people as much as my words reaching to them. I am responsible; they are putting that responsibility on me. Therefore, I am sitting here and addressing to you for your benefit. If you are trying to take some benefit, you are lucky and you are winning! If you are not taking care, you are losing. I am not losing, I am paid. If you are taking care or not taking care, I am paid. I am a weak servant. The Lord of this world giving heavenly authority to one man, one; it is enough, even more than enough. That one can take care of everything through oceans, under oceans, over oceans, on continents, from east to west, from west to east, from north to south, from south to north. Okay!

Allah Almighty appointing one servant whose important duty to look after everything on this planet. Finished! He has such a complete power. The order of the Lord of Heavens giving something to that person, this heavenly authority just loaded on him, even may be just one atom. If loaded from the Lord of Heavens for a mission, he can carry and this is not difficult. To carry an atom, how can it be? You can't do it, but the

Creator can do it. If He is willing something to be, He is saying only “Be” and going to be. If saying to an atom, “Carry this globe,” it easily carried. This is a preface for understanding our Creator’s Attributes. How many attributes are we saying, 4, 8, 12? But He Almighty grants His servants to know 4, 8, or 12 that they can carry. If He likes, He may give a thousand attributes; He has more than one-thousand. If He grants to His exceptional servants, He may give one-billion or more or less. He may give; it is not difficult for the Lord, if He is saying, “Be.”

Such associations making our understanding to be much more wide. As much as our understanding is getting wider, according to the capacity of understanding in our minds, we are getting much more brightened. According to our brightness, coming lights from Enlightened Dominions, and you are going to be such a Creation that you can’t understand about yourself, what is happening to you. What about for the Creator? This is making a wider entrance as much as He likes, making it wider for understanding

O people, as-salaamu `alaykum! I am asking from the Lord of Heavens to give us much more wideness through our hearts and through our understanding. This gives us a pleasure you can’t imagine. That brightening and enlightening reaching to our real being, getting such pleasure, you can’t imagine it. SubhanAllah, Glory for the Lord, for Allah Almighty and all prophets that are coming and asking to carry our understanding from stock market to take it away. Dunya is a stock market and the Lord of Heavens never likes His servants to stay in stock market, no.

(Allah says,) “Leave that and come to Me. O my Servants, leave that and come to see what I have prepared for you for Eternity. I am that One Who is honoring you.” Allah (swt) is addressing to His servants, “O My Servants, I am that One Who created you and asking to honor you more and more.” Therefore, our real being is asking from its Lord, hal min mazid, “Is there any more?” O our Lord, we are asking more and more like a fish, as it is our physical beings’ attribute, never saying “enough”. The Lord of Heavens saying, “Here (in dunya) it is enough for you only for a short time. Ask more and more in My Divine Presence (where) I am preparing for everyone a present.”

Allahu akbar! O my Lord’s servants, try to make your work day and night to be for servanthood!

(Allah says), “You can’t find anything through your life, only what you are doing for Me. Physically or financially or through your thinking, for every occasion through your temporary life, ask Me and I shall give

you more. What I am giving, use it for Me. Everything that is for you, make for Me, use it for My servanthood and not for anyone else, no. I shall grant you pleasure here for a short time but after this life, those who are reaching to My real life, I am giving oceans through My endless dominions. You will find and you are asking hal min mazeed, 'Is there more, O our Lord?'"

Giving an example, a small fish or big fish, their mouth always open as if they are asking to swallow whole ocean. That is a sign teaching people. O People, (regarding Allah's Favors) don't say, "enough"! Say, hal min mazeed, "Is there more, O our Lord?" Look that fish is running and asking to drink a whole ocean and giving a lesson that Man cannot forget. O people, the end of this world approaching and the main reason that making troubles for Man is everyone asking to reach everything on this globe. It is false or true? Take your share of what is written for you! It is enough, because when you are leaving this life you are not taking anything with yourself to graveyard.

It is a big chance from Allah Almighty that we have been created as Man, who is glorified by being the deputy of the Lord of Heavens. One just granted such an honor. O people, look, listen, and run on it. Everything helping you in this life to reach to endless Glory Oceans, leading you to endless Pleasure Oceans leading you to endless Wisdom Oceans, leading you to endless Beauty Oceans, unlimited oceans through unlimited dominions of the Lord of divinely levels.

May Allah forgive us. As-salamu `alaykum.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, SubhanAllah
Allah Allah, Allah Allah, Allah Allah, Sultan Allah

Dome, dome, dome, dome 4x
Subhan Allah, Dome, dome, dome, dome
Sultan Allah, Dome, dome, dome, dome
Dome, dome, dome, dome 4x
Allah Allah, Allah Allah, Allah Allah, Allah Allah

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah

Time is over and the main purpose for this association just reached to its last point. Therefore, if they are closing this, it is going to be for some wisdoms that giving our real being such an enjoyment. They are going to be like drunk ones and that is the why sometimes they are cutting it down before 45 minutes or more (to end the suhbah quicker).

O People, as-salaamu `alaykum! We changed the time to the night here, because in our country day time going to be very short now. We changed it to be after `Isha praying so that we have enough distance for working on it. May Allah forgive us and give us a good understanding to be his favored, blessed, brightened, enlightened and glorified servants for the honor of that most glorified one, Sayyidina Muhammad (s). (Mawlana stands for honor of Prophet and sits.)

(39 minutes)
Okay, they may sit down now, our listeners. And some of them saying, “Ahhh, rest. O my brother, open your eyes.”
“What is Shaykh saying there? What happened? What happened to flea market or stock market? What is happening?”
“O my brother, always you are thinking on stock market. Look what he said about stock market.”
“Going up or going down?”

Tawbah, astaghfirullah. Be happy, our listeners! We are simple person. We are not speaking high English or we haven’t such a knowledge that making people to sleep more. I am making little bit sleepy, doesn’t matter!

Fatihah. (41 minutes)
Okay. (smiling and making du’a)

Allah gives whoever is listening such a declaration, to be happy here and Hereafter. We are asking from the Lord of Heavens to give them pleasure, to give them health and wealth and contentment here and Hereafter. What we shall do? Yes sir. I am trying to buy a horse carriage and I am speaking on this carriage much better! (Mawlana mimics holding reins of a horse.) People should be very happy; for 2010 I am bringing a new-fashion car with horses, yes sir. And I am preparing one of our followers to use whip on them! (Mawlana

laughs.) What shall we do? We must be happy, always for our Lord's endless ata, favors. Countless thanks to you, O our Lord, Almighty Allah!

(45 minutes)
Enough, because after this they are asking me from where they can buy it. I can't find. Allahu akbar. (343 watching) Allahu shukr. For whole America, this time better for them. Allahu akbar. Allah gives happiness to our listeners and from His holy lights to be healthy and wealthy here and in His Divine Presence. Let them make du`a for me. I am weak.

## HOW TO BE ALWAYS IN WORSHIP and to REACH THE DIVINE PRESENCE

We have been asked to think deeply about what we are doing, at every moment. This responsibility gives us honour. You must know what you are doing and for whom or what you are moving, running and asking. Think about it. What is your target? What you do for your ego, or this life, is false and will disappear. It is temporary, therefore it has no value. But what you do for Allah will be endless.

If I am sitting then also my resting is for Allah. My movement, or rest, is for Allah. And I am surrendering to my Lord. What He is ordering me to do, I am running to fulfill it. The responsibility begins the moment you awaken. You must then look for what and whom you are doing whay you do and what is the benefit. And if there is no benefit for yourself, or another, then leave it, as that moment will call a cursing upon you. Everything for is Allah, and you make everything for Allah. (important point and rule). Everything that belongs to Allah must be for Allah. That is real faith and you have been ordered to keep that rule perfectly.

As you know that everything is for Allah, then you must do everything for Allah. If living, then live for Allah, die for Allah, eat for Allah. If you are drinking then drink for Allah. If you are building, do it for Allah. If you are speaking you must speak for Allah. In this way everything is going to be worship. If every action and moment were to be for Allah, then Allah Almighty would carry that servant and support him, as he lives for Allah, and does everything for Allah. He must support him. People are falling like dead leaves from a tree. No longer wanting to do anything for their mother (tree). They only do everything for themselves and not considering about their Lord or doing anything for their

Creator. They are fooled by the world (dunya). Only living for material things and not thinking of their spirituality.

We must take care of this twenty-four hours a day, but we are not even thinking about it for twenty four seconds. Everything is for Allah and you also are for Allah. So you must do everything for Allah. Allah is looking at your intention and if you intend Him, you will not be left in the hands of shaitan. No! Allah will keep you, and support you. He looks to your heart and if He sees that you are working for your ego, or physical desires, He will be cutting the support. He is looking as to whether you are keeping to His way and orders, or not. If not, He may then leave you for a while, so that you will come back to yourself. If acting for Allah, your work is blessed, honoured and acceptable. If an action is not for Allah you are wasting yourself and destroying your personality. Countless troubles should surround you.

Look at your actions always. Is it for Allah or not? Look and check everyday, as to how many hours you have been for Allah, for how long were you in connection with the Divine Presence, or for how many hours were you present with your ego. Be careful to be for Allah, when eating, drinking, working, praying and for every moment. This will leave you strong and happy, and life will be sweet. Allah gave this life to believers to be sweet and nice, not to be hard and tasteless. Life is hard and tasteless for those who do not believe and for those doing bad deeds. Be for Allah. Live for Allah. Die for Allah. Nothing else matters. Leave them to take the whole world. They want to enjoy from the things of this world and to eat and to drink.

However enjoyment is from Allah Almighty, and our hearts are for His endless blessings. By working for Allah, and through your obedience, He dresses you with Divine Lights. After that, you have only to protect and keep it. You must make a sacrifice of your physical beings desires, so that spiritual power can quickly and easily reach to your soul. Don’t lose your trust in your Creator who is saying, “I am your guarantor for your eating and drinking.” “If you are for me, I will make everything easy for you.” “If you trust me I will never make you to tire.” This gives to you contentment and you won't think of

anything except servant hood. He says, “Trust me, I will make it easy.” (most important principle in Islam). Who is for Allah knows that Allah is enough? He is more than enough. We are believing and trusting Allah, and trying to be for His Divine Service. Keep that line. It is the safe way.

Look for this honour and don’t look for honour from anything else. A building not built for Allah Almighty’s honour, and for the respect of Rasulullah (sal) will fall down. If it is built for Him you will be happy, and there will be no burdens on you. Do something for Allah everyday. Know His rights. Work for Him and no one else. You may do everything, but you must try to do everything for Allah Almighty only. Do something so that Allah Almighty is going to be happy with you. If not you will fall into a deep ocean, so deep that no one may be able to pull you up. The way you live, will be the way you die, and the way that you will be resurrected. Live for Allah. Who follows what Prophets said, obeys Allah.

Live for Him and you have nothing to fear. Some people say that we must learn, or we must do something else. No. Our whole life is for Islam, and Islam is for Allah. When you are stepping, make it a step for Allah. That is your practicing Islam. You must look to where you are stepping and to where you are looking. Are you looking for Allah, or for your ego? When spread your hand and catch something you must look for whom you are carrying or touching. You must look to what you are hearing is it for Allah, or for your ego? When you are speaking you must see as to what you are speaking whether it is for you ego or for Allah? You are sitting or thinking for whom? You are sleeping for what? You are eating for strength or because of your Lords command? For whom is our every moment of every day, and our every breath?

He who has reached to the station of a ‘Real Deputy,’ (we are all now candidates) must control every breath. Every breath of Allah will be Hu, Hu, Hu, Hu, (silently, inside). He who controls every moment, action and breath of his is the one who is a ‘Real Deputy’ of Allah. We must try to bring ourselves into that line. Don’t be alone. With every breath, don’t forget with Whom you are in existence. That is enough. That is practicing. If you

do not forget, then every moment is a worshipping of Allah, or it is a service, for the Divine Presence. With every moment and every breath, you are serving and reaching to the Divine presence, then your name will be written to be a Divine Service Servant. Try it. It is a following. Don't Waste Your Life.

## Am Ende wirst du nichts mitnehmen

Tariqatuna sohbet wa khairun mina l-auliya'. Großsheikh Shah Naqshiband sagte immer, daß die Leute der Gemeinschaft mit dem Sheikh folgen sollen. Die Zusammenkunft ist der Hauptpfeiler unserer tariqat. Manchmal ist es Erklärung und Empfehlung, manchmal Gebet und manchmal, nicht immer, Lobpreis Allahs. Ihr müßt Allah preisen. Er mag es! Ihn lobpreisen und sagen: „subhanallahi aliyyi l-azim. ... subbuhu l-quddus, rabbuna wa rabbu l-mala'ikatu wa r-ruh. (Gelobt sei der Allerheiligste, unser Herr, der Herr der Engel und des Geistes.) subhanallahi wa lhamdulillahi wa la illaha illa llah wa llahu akbar wa la haula wa la quwwata illa bi-llahi aliyyi l-azim. Wir sind schwache Diener. Wir müssen Allah um Vergebung für unsere Seelen bitten. Und jeder, der seinen Herrn, Allah den Allmächtigen, um Reinigung bittet, soll um Allahs des Allmächtigen Vergebung bitten. Bitte, bitte jedes Mal darum! Bitte jedes Mal um Seine Barmherzigkeit. Bitte jedes Mal um Seinen Segen.

Du erreichst vielleicht in diesem Leben alles an Grundbesitz, Häusern, Palästen, Tieren, Autos ... Du hast vielleicht Banken, du hast vielleicht so viele Dinge, du kannst darum bitten. So viele Dinge von Allah dem Allmächtigen. Aber das wichtigste, um das ihr bitten könnt, ist Vergebung und Sein Segen. Du wirst vielleicht so viele Dinge von der Dunya haben, aber alles, um das du von der Dunya für dieses Leben bittest, ist im Begriff, in seinem eigenen Mittelpunkt zu stehen, aber du wirst alles verlassen. Sie werden dich fragen, was du brachtest. Du wirst sagen: „Mir wurde nichts mitgegeben, ich bewahrte alles für mich in diesem Leben,

diesem vergänglichen Leben...“ Du besitzt so viele Dinge in deinem Leben, und wenn der Mensch dieses Leben verläßt, glaubst du, er kann sein Land, Banken, goldenen Schmuckstücke,Paläste, Pferde, Schiffe, Gärten, Autos, Bäume, Flugzeuge, Frauen, Kinder, irgend etwas, mitnehmen? Du kannst sie nicht von diesem mit ins nächste Leben nehmen. Das geht nicht. Mag Technologie auch noch so hervortreten in ihrer Bedeutung, sie bietet, vom ersten bis zum allerletzten, doch niemandem die Möglichkeit, von diesem Leben etwas mitzunehmen. Wenn der Engel des Todes kommt und befiehlt: „Komm mit mir! Komm mit mir!“, wenn er ruft und sagt: „Komm mit mir!“, kannst du nicht sagen: „Ich komme nicht.“ Du mußt dieser Stimme folgen, und vielleicht wird er sagen: „Schau, was du jetzt von hier zum Friedhof mitnehmen kannst.“ Und dieser Mensch schaut herum. Schaut überall herum. Und er schaut auf sein Grab und sieht, daß es nur für einen Körper ist, für niemanden sonst. Selbst von den Menschen kann nur ein einziger dorthin kommen, und er ist doch einer, der riesige Gebäude kennt und schöne Möbel, sehr angenehme Plätze, ausgezeichnete Behaglichkeit, berühmte Autos, Mercedes oder Rolls Royce. Doch du denkst in diesem Augenblick: „Welches von meinen Autos könnte ich mitnehmen?“ Und eine Stimme vom Himmel sagt: „Berühre es nicht! Es ist nicht für dich.“

Von diesem Zeitpunkt an ist es nicht mehr für dich. Ende! Und er sagt: „Öffne deine Hände. Nichts ist dieses Mal in deinen Händen.“ Du kannst Allah den Allmächtigen um alles bitten, und du magst so viele Dinge haben, aber wenn du aus diesem Leben gehst, kannst du all diese Dinge nicht mitnehmen. Aber noch bedürfen wir etwas. Das wichtigste, was du von Allah dem Allmächtigen erbitten kannst und dessen du bedarfst, das ist Sein Segen. Seinen Segen. Shaitan macht aus dieser ganzen schmutzigen Welt, dem Materiellen, überall nur ein WC. Und dann bringt er es zu den Leuten: „Schau, riech, welch wunderbarer Duft!“ Und die Leute laufen dorthin. Die wichtigste Sache, um die du bitten kannst, das ist Sein Erbarmen. Und Seine Barmherzigkeit kann dich durch Seinen Segen erreichen. Er segnet dich, und Seine Barmherzigkeit erreicht dich. Wenn die Meere der Barmherzigkeit sich dir öffnen, dann hast du alles erreicht. Für immer. Niemals endend. Es ist für dich. Niemand nimmt es dir weg. Niemand sagt zu dir: „Berühre es nicht!“ Es ist für dich.

Und täglich vergrößern sich Seine Segnungen und werden mehr und mehr. Sind dir beispielsweise tausend Hektar Land gegeben worden, danach zu sehen, und du wirst der täglichen Ansicht tausender Hektar überdrüssig, so wird dir Tag um Tag mehr Land gegeben werden, ein noch schöneres Stück Land, ein noch

attraktiveres Stück. Und Paläste, Mädchen, Schönheit öffnen sich dir. Es wird nicht nur das sein, bis in die Ewigkeit, nein: Dann wird es so sein, dann wird es so sein, dann wird es so sein, dann wird es so sein, niemals endend. Allah läßt Seine Göttlichen Ozeane niemals weniger werden. Wenn es auch nur um ein ganz kleines Teilchen weniger würde, um das kleinste Stückchen oder Atom, wäre es eines Tages beendet. Aber Er gibt, und Seine Schätze ändern sich niemals. Seine Schätze werden niemals weniger, nicht einmal um ein Atom oder Elektron oder Proton. Denn wenn es weniger würde, sähe es aus wie deren Reichtümer. Er ist Allah. Es kann nicht weniger sein, es kann nicht weniger sein. Denn ließe er es nur um ein bißchen weniger werden, ein klein wenig, ein klein wenig über Milliarden und Trillionen von Jahren, würde es die Sonne auffressen, die Welt auffressen und sie zu Ende gehen lassen. Deshalb werden Allahs des Allmächtigen Schätze und Meere nicht auch nur um das geringste Teilchen weniger, das kann nicht sein. Allahu akbar.

Deshalb, o ihr, bittet um Seinen Segen. Wenn Er dir dies gegeben hat, sag nicht: „Es ist genug.“ Sage: „O mein Herr, ich brauche viel mehr.“ Der Diener kann sagen: „O mein Herr, Du bist mein Herr, Du bist der Allergroßzügigste, karim. Von endloser Großzügigkeit, bitte, gib mir!“ Und dann bittet der Diener: „O mein Herr, ich bedarf mehr, über das erfreut zu sein, was du mir gewährst. Mehr und mehr bekommend, bitte ich um mehr Erfreuung für mich!“ Dann bitte Ihn, Er gibt das Doppelte, das Doppelte, das Doppelte und das Doppelte, endlos. Er gibt, und Seine Diener sind glücklich, und Seine Reichtümer werden niemals weniger, nicht einmal um weniger als ein Atom. Wir sind achtlose Leute. Tariqat läßt der Menschen Herz sich von der Dunya zur Maula wenden. Tariqat hilft dir. Tariqat arbeitet für dich, damit du mit Allah sein kannst, zu Allah kommen kannst. Wer Allah findet, der erreichte alles. Ein kleiner Fisch im Ozean, was wird mit ihm sein? Keine Gefahr von Allah, und er wird dick und wächst und wächst und wächst, bis dieser Fisch so groß wird wie diese Insel, aber auch wenn er das ausfüllt, ist es nicht genug für mich. Ich muß mehr von meinem Herrn haben.

Und ein himmlischer Klang erreicht die Leute und sagt: „Wenn du mehr willst, gib Mir mehr, so werde Ich dir mehr geben.“ Versuche, Ihm viel mehr zu geben, und nimm viel mehr. Die Leute beschweren sich darüber, daß ihr Geld weniger wird; sie sind sehr verärgert darüber. Und ich sage: Gehe zu Allah. Anstatt zu Banken zu gehen, geh zu Allah. Erbitte seinen Schutz und sage: Ich habe solch eine Menge, und ich bitte um Schutz, bewahre mein Gold, hier, und jenes Gebäude hier... Dieses Mal werden so viele Leute aus riesigen Städten herauskommen und weglaufen und einen Staudamm von Wasser bei sich finden. Möge Allah uns

vergeben und euch segnen. Allah, allah, allah, allah, allah allah, ‘aziz allah Allah, allah, allah, allah, allah allah, karim allah Allah, allah, allah, allah, allah allah, subhan allah Allah, allah, allah, allah, allah allah, sultan allah.

## The Enormity of Understanding, "Am I Not Your Lord?"

Allahu Akbar. (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar wa lillaahi 'l-hamd. Allahuma zid habeebika `izzan wa sharafa noorun wa surooran ridwaanan wa sultaanan. As-salaat wa 's-salaamu `alayka yaa Sayyidi 'l-Awwaleen wa ’l-Akhireen. Ishfa` lanaa yaa Sayyidi 'r-Rusulu 'l-kiram. Thumma salaamu `alaa Sayyid al-Anbiya wa 'l-mursaleen wa mala`ikatil mukarrameen, wa awliyaa as-saaliheen!

Thumma as-salaamu `alayk, yaa Saahib az-Zamaan wa khulafaaihi, thumma as-salaamu `alaykum yaa `ibaadAllahi 's-saaliheen, min ahlu 'l-araadeen! O, O, O thumma as-salaamu `alaykum yaa Qutb az-Zamaan wa 'l-Aqtaab, Awtaad, Budalaa, Nujabaa, Nuqabaa, Akhyaar! Ija`lna yaa Rabbana, tahta liwaa'ihi. O our Lord! May we be under their domes! And we are saying, a'oodhu billahi min ash-Shaytani 'r-rajeem. O our Lord, we are asking for protection. One of your true servants is enough to protect all your weak servants!

O Salafi `ulamas! Do you know what is barq, lightning? It is the glorifying of only one angel! When that angel opens his mouth for glorifying, ra`d, thunder, comes out from his teeth, with such a lightning. If that power is going to reach from east to west, it may take everyone away. And therefore, if one angel's glorifying is opening to all the people of the world, they would fall down, all of them! (Mawlana Shaykh stands)

•••••••••••• ••••••••• •••••••••• ••••••••••••••••• •••• •••••••••

wa yusabbihu r-ra`du bi-hamdihi wa 'l-malaa'ikatuhu min kheefatih. The thunder and all angels glorify Him with His Praise from fear of Him. (13:13)

O People! Fear from Allah Almighty! (Mawlana Shaykh sits) And we are saying, (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem. O our Lord, give us honor from the oceans of Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh sits) Bismillahi 'r-Rahmani 'r-Raheem. Oceans, oceans, Allah, Allah! All of them are Unknown Oceans. What we know is like an atom in a huge ocean. We know nothing.

O People! We must keep the fear of Allah in our hearts!

O our Attenders! Marhaban! Come and attend the heavenly declaration which is coming through a weak servant. But if Allah Almighty is ordering, even one ant can make all the people fear and tremble. (Mawlana Shaykh stands) He is the Lord of Heavens, Allah Almighty! Stand up a million, a billion, a trillion times for the Lord of Heavens! That is what we are asking for us. (Mawlana Shaykh sits) Everyone is now looking into a miraculous mirror that is showing an atom as a big globe like this dunya. People are running to that mirror and are not asking about their real personalities, but they are always looking for something deceiving. Whoever is looking in that mirror is saying, "The whole universe is so small, and we are such big ones!" They like it, Shaytan's trick, and because of that we are not running after reality. The whole world and whatever is on it is imagination. In a second or less, it is opening and closing and it is finished.

O People! Try to learn. Don't be heedless; try to be ones with good understanding. Our physical being is so small. SubhaanAllah! All Glory to our Lord, Who granted us an understanding in front of which this huge universe is going to be so small.

O Salafi `ulamas! Marhaban. I am bombarding your useless fortress. The understanding that we have been granted is bigger than this world. `Ajaa'ib, wonders! For what? Because, O `ulamas, what is the first pillar of imaan? Say! Aamantu billah, “I believe in Allah.” If the Heavens do not grant that understanding, it will be impossible to say amantu billah. `Ajaa'ib, wonders! If there will be no understanding, then how will we know and say, amantu billah? That means that we have been granted such a big understanding, due to which we say, “I am believing in the Lord, the Creator of this world, all Creation, and universes.” Therefore, the biggest grant from Allah Almighty to us is understanding. Yes? Say this to people and try to understand. You must try

to open khazaa'inu ‘l-fahm, “The treasure troves of understanding,” the ability or capacity that we were granted on the Day of Promises.

•••••• •••••• ••••••• ••• ••••• ••••• ••• •••••••••••• •••••••••••••• •••••••••••••• ••••• •••••••••••• •••••••• •••••••••••• •••••••• ••••• ••••••••• ••• •••••••••• •••••• •••••••••••• •••••• •••••• •••• ••••• ••••••••••

Wa idh aakhadha rabbuka min banee aadama min zhuhoorihim dhurriyyatahum wa ashhadahum `alaa anfusihim alastu birabbikum qaaloo balaa shahidnaa an taqooloo yawma 'l-qiyamati innaa kunna `an haadha ghaafileen. When thy Lord drew forth from the Children of Adam - from their loins - their descendants, and made them testify concerning themselves, (saying): "Am I not your Lord (who cherishes and sustains you)?"- They said: "Yea! We do testify!" (This), lest ye should say on the Day of Judgment: "Of this we were never mindful" (al-`Aaraaf, 7:172)

Are you understanding and believing the heavenly address, Alastu bi-rabbikum, "Am I am not your Lord?" If you are not understanding, then how are we saying, "Balaa! Indeed You are our Lord!”

O `Ulamas! O Azhar ash-Shareef `ulamas and those who are claiming, "We are Salafi `ulamas." What did you learn from Salafi `ulamas? Say, so that people can hear. Did you learn what we have been granted to address people? If I am sitting here for a thousand years, still there will be never-ending knowledge, which needs never-ending understanding. Allahu Akbar! (Mawlana Shaykh stands) Allahu Akbaru 'l-Akbar! Subhaan Allah! (Mawlana Shaykh sits) Qaalat namlatun, “An ant said.” If an ant was not granted an understanding, then how was it warning all the ants, saying:

How was a small ant granted an understanding? Finally, it will be the Day of Resurrection and the holy order will come, “Your mission is finished. Come back to the endless oceans of disappearing,” and they are coming in it. From where are they are coming, entering and finishing? Their limit to exist is up to there. The holy command is, "Get back to the ground from where you are coming as your mission is finished. You appeared, now go in Disappearing Oceans, finished." But Man is addressed with heavenly khitaab, addressing from the Lord of Heavens. If you are not granted understanding, how is the Lord of Heavens asking, “Alastu bi Rabbikum”? And if they are not understanding, then how were they saying, Qaalu balaa, “They said, 'Indeed you are (our Lord).'” Allahu Akbar!

O People! We know nothing! Ask to reach your full limits of understanding, as the Lord of Heavens is granting to mu`mins and unexpected dominions are opening, and there are no limits for it! It is granted to our rooh, soul, our real being.

O Salafi `ulamas! We have been granted a real being. Don't think that our real being is on this planet, dressed as a human being, no. We have been granted hawiyyah, a heavenly identity. Try to understand your heavenly identity, hawiyyah! Those glorified servants are saying that on the Day of Promises, the Lord of Heavens called upon everyone, saying, Alastu anaa Rabbak, in mufrad, "Am I not your Lord (singular form)?'" Qaal, Balaa, yaa Rabbee! Anta Rabbee, Anta hasbih, "O my Lord! I am Your servant! You created me!" And the heavenly addressing from the Lord of Heavens on that day opened an understanding for their real beings. He Almighty has heavenly ones who are saints, awliyaa, who say the Lord of Heavens addressed everyone there with seven different names to make them reach an understanding, first in themselves and then in their Creator.

O Salafi `ulamas! Do you understand something? What is your knowledge? Say, what are the secrets of the Day of Promises? You know it, now open it and say to people so they may understand. But first you must understand, and you can only understand if you reach to such people who have understood it. Who are they, do you know? Why is the Lord of Heavens saying: (Mawlana Shaykh stands):

••• ••••••••• ••••••••• ••••••••• ••••••••• •••••• •••••••••• •••• •••••••••••••

Yaa ayyuhal-ladheena aamanu ittaqullah wa koonu ma` as-saadiqeen. O you who believe! Fear Allah and be with those who are trustworthy (in word and deed). (9:119)

(Mawlana Shaykh sits) They have been granted an understanding. If you are asking to know about yourself, to understand about your real being, you must look at those who have been granted the secret of alastu bi-Rabbukum, “Are you accepting Me as your Lord?” These are ocean, oceans, oceans! Therefore, understanding is one of the biggest heavenly grants for Mankind. What is your understanding of this world? All this world's secrets may be opened to you in moments! But if you haven't been granted an understanding about Creation, how are you going to reach an understanding about the Lord of Heavens, the Creator of all Creation?

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah

Allah Allah, `Aleem Allah, Allah Allah, Qadeer Allah
Allah Allah, Subhaan Allah, Allah Allah, Sultaan Allah

That is the glory granted to the Children of Adam and all prophets were sent to teach the Children of Adam. All prophets have taken their understanding from the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) O our glorified Prophet (s)! May Allah Almighty grant you more and more! And don't say, "It is getting too big, too much, too much." Your capacity and your ability is well known by your Creator, and He is giving that to you. Never giving more, never giving less, but ‘iyaar, perfect measure of heavenly balance is "perfect upon perfect." May Allah forgive us!

O People! Marhaban! Come and listen and try to understand. Don't try always to run for dunya and its useless pleasures; they will give you nothing. We are such important ones in Creation, only because we are deputies for the Lord of Heavens, of which the real meaning is impossible to understand. Leave this dunya and listen, and you will reach countless treasures! But we are asking for damaged treasures, that if fire is coming on a diamond, it will burn and turn to coal. We must ask for some heavenly jewels on which lights are coming, like lightning appears. From Heavens, lights come on those jewels and it is reflected back as lightning as bright as a sun! Allahu Akbar. (Mawlana Shaykh stands) Allahu Akbar wa lillaahi ‘l-hamd. Allahu Akbaru 'l-Akbar. SubhaanAllah, Sultaan Allah! (Mawlana Shaykh sits)

May Allah forgive us, for the honor of His most honored servant and deputy, Sayyidina Muhammad (s)!

Fatihah.

(Mawlana Shaykh speaks to Hajjah Naziha on the phone.)

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

Dastur Ya Sayyidi Allah Allah, Allah Allah Allah Allah, Aziz Allah Allah Allah, Allah Allah Allah Allah, Subhan Allah Allah Allah, Allah Allah Allah Allah, Sultan Allah salli wa sallim wa barik ala Habibika Sayyid al Awwalin wal Akhirin, Ya Rabbana Ya Rabb'ighfir w'arham wa Anta Khayrur Rahimin bi barakat Habibika Mustafa, irham da`afana, irham dhul Ya Rabb.
Assalamau alaykum al hadireen (Attenders), w'ar raghibeen (Interested Ones), w'al ashiqeen (Lovers), w'al mushtaqeen (Earnest Ones). By his blessings, have mercy on our weakness, our mistakes. Ya Rabbu'l Izzati w'al Azamati wa'l Jabarut, Audhu Billahi min as-shaytan ar-rajim Bismillah ar-Rahman ar- Rahim. La hawla wa la quwwata illa Billahi'l Alliyi'l Azim
O People, ayyuha'n-naas. Everyone that is living on this planet give your attention because your attention is going to be like a ladder. When you are giving much more attention then more and more heavenly presence is sent to our very poor, very weak meeting. It likes to make all mankind give their attention. And we are saying, O our Responsible One for this world, for everything happening on it we are asking from your heavenly power, to make us to be ready for understanding what is necessary to be understood. Yeah?
Correction! Correction! To correct. Arabic? (SN: tasheeh, t`adeel) Correction. Most important action for everyone, what is that? Eh, Salafi ulamas, marhaban. What we shall do? We must say what (they are) sending to me, I must say.
balligh ma unzila alayk
Proclaim everything sent down to you (5:67).
It is ayat-ul-karima? What do you think, Salafi ulamas? "Balligh! Say, say what We are sending to you. O our Most Beloved One. What We are sending to you, saying to you, ordering you, commanding you, showing to you, making it to you to love it, to keep it, say to people".
O Salafi ulamas, marhaban! What you are understanding from this? What is a little bit of the meaning, or

what Allah Almighty means with that ayat-ul-karima, balligh ma unzila ilayk. Is this ayat- ul-karima? What we are going to proclaim, to let reach to people. First, reach people's Real Being because we have a being that is not so important. Our physical being is not so important. If it was important, then this important being couldn't be changed into earth. Therefore, a proclamation of Truth, Allah Almighty is addressing. To whom? To you? Or to me? No! He is addressing only one. Understanding or not? Use your minds. And that order, ‘balligh’, deliver, translate it, let it reach people. With which thing? It is strange and so glorious addressing, “O My Habib, O My Beloved One, let it reach to people what I am sending to you, tanzil kitabi”.

Tanzil, what has been sent through Holy Quran. Six thousand, six hundred sixty six. Yes? "Balligh! Let them reach My servant". How He is reaching? English, that opening this? (Screwdriver) For nail. Screwdriver. Use and open it. O our mudda`i, claiming ones, you are followers of Salaf as-Saleh, what you are understanding from that heavenly addressing, balligh? What He is going to let reach to people? With which thing he had been ordered to reach people?

And you! You have two standards of being. One, material being, one, spiritual being. You have a heavenly identity, and one earthly identity. And you have through the Heavens, 7 names. I am asking, have you heard about that, O Salaf as-Saleh? A simple question: When Allah Almighty was addressing to people, on the Day of Promises, ayat-ul-karima, idh qala rabbuka alastu birabbikum? You know. Allah Almighty's first meeting, His Divine meeting with our Real Beings through the Heavens. The Lord of Heavens was asking for everyone, wa'idh akhadha rabbuka min bani adama min zuhurihim dhurriyyatahum waashhadahum ala anfusihim alastu birabbikum qalu bala

[Prophet], when your Lord took out the offspring from the loins of the Children of Adam and made them bear witness about themselves, He said, ‘Am I not your Lord?’ and they said, ‘Yes, we bear witness’ (7:172).

Allah Almighty was bringing everyone that would come (from the beginning) of this planet, up to end of this planet, wa’idh akhadha rabbuka min bani adama min zuhurihim dhurriyyatahum waashhadahum `ala anfusihim alastu birabbikum qalu bala. That is addressing. What is your knowledge about that mashhad? That view? What is your understanding? Where they were? You know? Why you are not knowing? That is a question. And you are claiming 'We are Salafi ulamas'. You know but your teachers with whom you say you are related, ‘We are related with Salaf as-Saleh’, what they were saying about that mashhad an-azim, Great Meeting? Adam (as) and all his descendents. Yes.

It is important what Allah Almighty was saying to everyone, commonly or one after one. That question is important and no one can say anything about that through their elementary knowledge. Through elementary

knowing you can't be able to say. This level is only for those people whose knowledge is reaching to that level and their eyes are open. That means they reached halat al kashf. Veils opened.

Another, if they are coming I may come next, there. When opening this mashhad an-azim, very glorious panorama, how was Allah Almighty's addressing to people? Was it commonly, or one after one? Allah Almighty's glorious addressing was to our souls, not to our physical being. That addressing by Allah Almighty was to our souls. Addressing souls one after one, or commonly? You know about this? "We don't know". You must say 'We don't know'. Yes, if Allah Almighty •was speaking, His glorious addressing was for all, it was only to say Ya Ibadi commonly, 'O My servants, are you accepting I created you and you are My servants?' qalu bala.

Important thing here that is from secret knowledge is that the Lord of Heavens specialised some who are saying that you can think that His addressing is for all people. But through that there was a divine happening that you can't understand. That Allah Almighty at the same time, nafs al waqt, No time there and no space. Allah Allah, Allah Allah, Allah Allah, Azim Allah. No Time, no Space! If no space, what is the position of souls? O Salafi ulamas, say, don't worry. Say 'We don't know', but someone must know. If you are not knowing ask Salafi ulamas what they are saying about mashhad an-azim.

It was an opening from great greatness, great Glory Oceans, one opening. And another question, How many Adams Allah Almighty created? Only one Adam? What do you think? Perhaps you are denying when Muhyiddin Ibn al Arabi saying that there were 124,000 Adams and our Adam is the last one. Mostly, are saying this, 'No understanding'. No, you are not understanding. Some who are in relationship with heavenly ones might understand. They may understand. But as yet you are not opening your wings. Your wings are only as signs, those wings if going, you may go up and look and see. Muhyiddin Ibn al Arabi, Allah blesses him (qs), was not lying. He was not lying or cheating or asking any benefit from people. His importance was only with his Lord.

O Salafi ulamas, marhaban. Don't claim that 'We know something'. No. Someone comes and makes you and your knowledge in unseen corners. That is Allah Almighty. We know that you know also that divine attributes are continuous. Yeah? Neverending. Do you think that divine addressing is finished? Allah (swt) with His endless glory is only addressing a handful people and finishing or continuously? Another question. Mustamirrun, what does it mean? You know! Continuous. In Arabic you are understanding mustamirrun, t`atin. Any divine attribute you can't stop it or you can't take it away. You can't take it away, it is continuous because our Lord’s heavenly attributes are azaliyyun-abadiyyun. From pre-Eternity up to Eternity.

Understanding? O Salafi ulamas.
I know nothing! But you also know nothing. We are speaking something on the point that Allah Almighty was addressing commonly, so that when, for example we are saying that if there is an instrument, there is a satellite, it is one. Yes? But that reaches everywhere where there is a connection. How Allah Almighty knows that Creation without any connection with their Creator? Must be, because if no relationship with their creation they will not come into existence. Can't be able to appear. Yeah? And Allah Almighty is not waiting, azali-abadi. No one knows its real meaning, real understanding.
Marhaban, Salafi ulamas. Don't think that what Allah Almighty is sending to His most beloved servant Sayyidina Muhammad (sas), the Quran Karim is like reading a book in school. It is ummu'l kitab and from the Lord of Heavens, the Lord of Mankind, that addressing is continuous. And, what do you think O our Salafi ulamas, what about Allah Almighty? Do you think that He •is not recognising His servants? And you, among hundreds of children, you can know your children. Allah Almighty creating dhurriyat Adam, descendents of Adam, and He is not knowing who is that or that one? And you also, you know, "Hakh thoo" on shaytan. On shaytan I am “Thoo!" On shaytan and his followers also. Once again "Hakh thoo" on shaytan and its followers. Good, say also you, "Thoo". Tawba Astaghfirullah. You among a hundred children, you know your children? You know their names also? Or without knowing? How? How? That is important also. Our Salafi ulamas, marhaban. Marhaban ya marhaban. You know your children? "Yes". You know their names? "Yes". Allah Almighty created our atoms, Real Beings of mankind. In that mashhad, through that big mashhad, (scenery) scenery? (SM: panorama, meeting). Panorama. "Thoo" on shaytan once again. Shaytan also angry with me. Perhaps, who is going to be angry with me, shaytan is happy with him. Therefore, warning you Salaf as-Saleh, la taghdab alayh, don't be angry with me. No, shaytan is very angry with me. Who is going man tashshabbah bi qawmin fa huwa minhum. Shaytan is swearing and I am swearing and making "Thoo" on shaytan.
Therefore Salaf as-Saleh beware! Arabic? (hazar al hazar), ahzar, don't be angry with me. Be angry with shaytan. That is true. Then another question that is coming, now in it. You have children, you know their numbers, "Yes". If your children are among a hundred children you may find them and you can call them by their names. Okay? "Okay". That Day, when Allah Almighty was saying alastu bi rabbikum to the descendents of Adam, was it common addressing or special? Private? Awliya who are reaching that level know that Allah Almighty addressed everyone through that panorama with seven names. You never heard such a thing, I

know and the first one that addressed to people is running, running, running. That ‘Adam’ is continuously running. New Adam, new generation. New Adams, new generations. And (awliya are) knowing their names and saying that the first name from seven was Abdullah.
Wa min Allahi tawfiq. We stop here. Closing down, because this is an ocean, if they are entering in it, we can't know how to get out. Don't claim that you are ulama but kun taliban. As seekers you may know more and more and more.
May Allah forgive us for the honour of the Seal of Prophets (sas).
Fatiha.

La Hawla wa la Quwwata illa Billahi l-Alliyi l-Azim.
Leute, Ayyuha n-Naas. Jeder, der auf diesem Planeten lebt, gebt euere Aufmerksamkeit, weil euere Aufmerksamkeit wie eine Leiter ist. Wenn ihr viel mehr Aufmerksamkeit gebt, dann wird mehr und mehr himmlische Gegenwart unserem sehr, sehr armen, sehr schwachen Treffen gesandt. Es möchte die gesamte Menschheit ihre Aufmerksamkeit schenken. Und wir sagen, o Verantwortlicher für diese Welt für alles, was

auf ihr geschieht, wir erbitten deine himmlische Macht, um uns bereit zu machen für das Verständnis dessen, was zu verstehen notwendig ist. Ja? Berichtigung! Berichtigung! Berichtigen. Arabisch? (Tasdih, T`adil) Berichtigung. Die wichtigste Handlung für jeden, was ist das? Eh, Salafi Ulama, Marhaban. Was sollen wir tun? Wir müssen sagen, was sie mir senden. Das muß ich sagen.
"Balligh ma Unzila ilayk" (5:67). Tu kund alles, was dir herabgesandt wurde. Ist es Ayatu l- Karima? Was glaubt ihr, Salafi Ulama? "Baligh" - Sag, sag, was Wir dir herabsenden. O unser Meistgeliebter. Was Wir dir senden, dir sagen, dir befehlen, dir gebieten, dir zeigen, dich lieben lassen, bewahren lassen, sag es den Menschen. Salafi Ulama, Marhaban! Was versteht ihr davon? Was ist ein wenig von der Bedeutung oder was meint Allah der Allmächtige mit diesem Ayatu l-Karima. "Baligh ma Unzila ilayk." Ist das ein Ayatu l-Karima? Balligh. Was sollen wir "balligh" - verkünden, um die Menschen zu erreichen? Um der Menschen wahres Wesen zu erreichen zuerst einmal, weil wir auch ein Wesen haben, das nicht so wichtig ist. Unser körperliches Wesen ist nicht so wichtig. Wäre es wichtig, dann könnte dieses wichtige Wesen nicht in Erde verwandelt werden. Deshalb bringt Allah der Allmächtige eine Verkündung der Wahrheit zur Sprache. Für wen? Für euch? Oder für mich? Nein! Er wendet sich nur an einen. Versteht ihr oder nicht? Benutzt eueren Verstand.
Und dieser Befehl "Baligh", übermittle, oder übersetze es, laß es die Menschen erreichen. Welche Sache? Es ist eine außergewöhnliche und so wunderbare Anrede. 'O Mein Habib, o Mein •Geliebter, reiche weiter an die Menschen, was Ich dir sende, "Tanzil Kitabi". "Tanzil"•
- was •
•
•
durch den Heiligen Quran herabgesandt wurde, sechs tausend, sechs tausen sechsundsechzig. Ja? "Baligh"! Sie sollen Meine Diener erreichen. Wie erreicht Er sie? Auf Englisch, das, was das aufmacht? (Schraubenzieher) Für Nägel. Schraubenzieher. Benutze und öffne es. Unsere Mudda`i, Fordernden, die ihr Anhänger von Salafu s-Saleh seid, was versteht ihr von dieser himmlischen Ansprache "Baligh"? Was will Er die Menschen erreichen lassen? Mit welcher Sache die Leute zu erreichen, war ihm befohlen worden? Und ihr! Ihr habt zwei Seinsformen. Die eine, das materielle Sein, die andere, das geistige Sein. Eine himmlische, ihr habt eine Identität, und eine irdische. Und ihr habt in den Himmeln sieben Namen. Ich frage, habt ihr davon gehört, Salafu s-Saleh?
Eine einfache Frage: Als Allah der Allmächtige sich an die Menschen wandte am Tag des Versprechens, Ayatu

l-Karima: "Idh Qala Rabbuka Alastu Birabbikum?" Ihr wißt. Allahs des Allmächtigen erste Versammlung, Seine Göttliche Versammlung unserer wahren Wesen in den Himmeln. Der Herr der Himmel fragte jeden, Ayatu l-Karima: "Alastu Birabbikum?" "Wa'idh Akhadha Rabbuka min Bani Adama min Zuhurihim Dhurriyyatahum Waash'hadahum `ala Anfusihim Alastu Birabbikum Qalu Bala" (7:172). Rabbuna Jalla wa Aala, brachte die Nachkommen von Sayyidina Adam (as) hervor, Allah der Allmächtige brachte jeden, der auf diesen Planeten kommen würde bis zum Ende dieses Planeten. "Wa'idh Akhadha Rabbuka min Bani Adama min Zuhurihim Dhurriyyatahum Wa Ash'hadahum `ala Anfusihim Alastu Birabbikum Qalu Bala." Das ist die Ansprache. Was ist euer Wissen über diese Mash'had? Diese Aussicht. Was ist euer Verständnis? Wo waren sie? Wißt ihr das? Warum wißt ihr das nicht? Das ist eine Frage. Und ihr beansprucht: 'Wir sind Salafi Ulama'. Ihr wißt, aber euere Lehrer, mit denen ihr behauptet, in Beziehung zu stehen, 'wir stehen in Beziehung zu Salafu s-Saleh', was sagen sie über diese Mash'hadan Adhim, die große Versammlung? Adam (as) und all seine Nachkommen. Ja.

Es ist wichtig, ob Allah der Allmächtige mit allen nur zusammen sprach oder mit einem nach dem anderen. Eine Frage, die wichtig ist, und niemand ist in der Lage, etwas darüber zu sagen aus seinem Grundwissen heraus. Durch euere Grundkenntnisse könnt ihr nichts darüber sagen. Diese Ebene ist nur für Menschen, deren Wissen bis zu der Stufe reicht und deren Augen offen sind. Das bedeutet, sie erreichten "Halatu l-Kashf". Die Schleier öffneten sich. Noch einer, wenn sie kommen, kann ich als nächster dorthin kommen. Als Allah der Allmächtige diese Mash'hadan Adhim eröffnete, ein herrliches Panorama, wie sprach Allah der Allmächtige die Menschen an? War es zusammen oder einer nach dem anderen? Allahs des Allmächtigen glorreiche Ansprache an unsere Seelen, nicht unser physisches Sein, diese Ansprache von Allah dem Allmächtigen richtete sich an unsere Seelen. Sprach er die Seelen eine nach der anderen an oder alle zusammen? Wißt ihr etwas darüber? 'Wir wissen es nicht.' Ihr müßt sagen: 'Wir wissen es nicht.'

•Ja, wenn Allah der Allmächtige Seine glorreiche Ansprache an alle richtete, ist nur zu•

sagen "Ya •

•

•

Ibadi", allgemein: 'Meine Diener, erkennt ihr an, daß Ich euch geschaffen habe, und ihr Meine Diener seid?' "Qalu Bala". Es ist eine wichtige Sache da, daß es vom geheimen Wissen ist, daß

der Herr der Himmel einige spezialisierte, die sagen, daß Allah der Allmächtige eine Ansprache hielt. Man kann denken, daß Seine Ansprache für alle Menschen ist. Aber darin war ein

Göttliches Geschehen, das ihr nicht verstehen könnt. Daß Allah der Allmächtige zur gleichen Zeit, Nafsu l-Waqt, keine Zeit und kein Raum. Allah Allah, Allah Allah, Allah Allah, Azim Allah. Keine Zeit, kein Raum! Wenn kein Raum, was ist dann die Position der Seelen? Salafi Ulama, sprecht, keine Sorge. Sagt: 'Wir wissen es nicht.' Aber jemand muß es wissen. Wenn ihr es nicht wißt, fragt die Salafi Ulama, was sie sagen über Mash'hadan Azim. Es war eine Öffnung von gewaltiger Größe, große Herrlichkeitsozeane, eine Öffnung.
Und eine andere Frage: Wieviele Adams erschuf Allah der Allmächtige? Nur einen Adam? Was glaubt ihr? Vielleicht leugnet ihr, wenn Muhyiddin Ibn al Arabi sagt, daß es 124.000 Adams gab und unser Adam der letzte ist. Die meisten sagen dies: 'kein Verstehen'. Nein, ihr versteht nicht. Manche mögen verstehen, die in Verbindung stehen mit Himmlischen. Sie mögen verstehen. Aber bislang habt ihr euere Flügel noch nicht aufgespannt. Euere Flügel sind nur Zeichen, wenn diese Flügel loslegen, könnt ihr hochsteigen und schauen. Muhyiddin Ibn al Arabi, Allah segne ihn (qs), hat nicht gelogen. Er hat nicht gelogen oder betrogen oder einen Vorteil von den Leuten verlangt. Seine Bedeutung war nur mit seinem Herrn.
Salafi Ulama, Marhaban. Behauptet nicht: 'Wir wissen etwas'. Nein. Jemand kommt und stellt euch und euer Wissen in unsichtbare Winkel. Das ist Allah der Allmächtige. Was ist mit... Wir wissen, ihr wißt auch, daß Göttliche Attribute fortdauernd sind. Ja? Ohne Ende. Was glaubt ihr? Diese Göttliche Ansprache ist zu Ende? Allah (swt) mit Seiner unendlichen Glorie spricht nur eine Handvoll Leute an und beendet es, oder geht es weiter? Eine andere Frage: "Mustamirrun", was bedeutet das? Ihr wißt es! "Mustamirr" - fortdauernd. Auf Arabisch versteht ihr es. "Mustamirrun, T`atin". Ein Göttliches Attribut kann man nicht aufhalten oder wegnehmen. Man kann es nicht wegnehmen, es ist fortdauernd, weil die Attribute unseres Herrn "Azaliyyun - Abadiyyun" sind. Von Vorewigkeit bis Ewigkeit. Versteht ihr?
Salafi Ulama, ich weiß nichts. Aber ihr wißt auch nichts. Wir sagen etwas über den Punkt, daß Allah der Allmächtige die Ansprache an alle zusammen richtete, so daß wenn wir z. B. sagen, daß es ein Instrument gibt, einen Satelliten, er ist nur einer, ja? Aber er reicht überall hin, wo es eine Verbindung gibt. Wie kennt Allah der Allmächtige diese Schöpfung ohne Verbindung mit ihrem Schöpfer? Das muß sein, muß sein, weil wenn es keine Verbindung gibt bei ihrer Schöpfung, kommen sie nicht in die Existenz. Sie können nicht erscheinen. Ja? Und Allah der Allmächtige wartet nicht. Azali - Abadi. Niemand kennt die wirkliche Bedeutung, das wirkliche Verständnis.
••

Marhaban, Salafi Ulama. Glaubt nicht, daß das, was Allah der Allmächtige herabsendet an Seinen Meistgeliebten Diener, Sayyidina Muhammad (saws), der Quran Karim, wie ein Lesebuch in der Schule ist. Er ist Ummu l-Kitab. Und vom Herrn der Himmel, dem Herrn der Menschheit, ist diese Ansprache fortdauernd. Und was glaubt ihr, unsere Salafi Ulama, was ist mit Allah dem Allmächtigen? Glaubt ihr, daß Er Seine Diener nicht erkennt? Und ihr, unter hundert Kindern könnt ihr euere Kinder erkennen. Allah der Allmächtige erschuf Dhurriyat Adam, die Nachkommen Adams, und Er weiß nicht, wer dieser oder jener ist? Und ihr auch, ihr wißt. 'Ptu' (spuckt) auf Shaytan, Shaytan, der die Leute dazu bringt... Auf Shaytan mache ich 'Ptu', auf Shaytan und seine Anhänger auch. Noch einmal 'Ptu' auf Shaytan und seine Anhänger. Gut, sagt ihr auch, 'Ptu'. Tawba Astaghfirullah. Ihr, unter 100 Kindern erkennt ihr euere Kinder? Kennt ihr auch ihre Namen? Oder kennt ihr sie nicht? Wie? Wie? Das ist auch wichtig. Unsere Salafi Ulama, Marhaban. Marhaban, ya Marhaban. Kennt ihr euere Kinder? 'Ja'. Kennt ihr ihre Namen? 'Ja'.
Allah der Allmächtige erschuf unsere Atome, das wahre Sein der Menschheit auf diesem Mash'had. Auf diesem großen Mash'had, Landschaft, Panorama, Versammlungsort. 'Ptu' auf Shaytan noch einmal. Shaytan ist auch böse auf mich. Vielleicht mit dem, der böse auf mich ist, ist Shaytan zufrieden. Deshalb warne ich euch, Salafu s-Saleh, "la taghdab `alay" - seid nicht böse mit mir. Nein, Shaytan ist sehr böse mit mir. "Man tashshabbah bi qawmin fa huwa minhum". Shaytan schimpft und ich schimpfe und mache 'Ptu' auf Shaytan. Deshalb Salafu s- Saleh hütet euch! Arabisch? (Hazar al hazar) Ahzar, seid nicht böse mit mir. Seid böse mit Shaytan. Das ist wahr. Dann eine andere Frage, die kommt: Ihr habt Kinder, ihr kennt ihre Anzahl? 'Ja.' Wenn euere Kinder unter hundert Kindern sind, könnt ihr sie finden und könnt sie mit Namen rufen. Okay? 'Okay'. An diesem Tag, als Allah der Allmächtige sagte: "Alastu BiRabbikum?" zu den Nachkommen von Adam, war es eine allgemeine Ansprache oder eine private?
Die Awliya, die auf diese Stufe reichen, wissen, daß Allah der Allmächtige jeden in diesem Panorama mit sieben Namen ansprach. Ihr habt so etwas noch nie gehört, ich weiß. Sieben Namen. Und der erste, der angesprochen wurde von den Leuten läuft, läuft, läuft. Er läuft fortdauernd, dieser Adam. Der neue Adam, eine neue Generation. Neue Adams, neue Generationen. Und die Awliya kennen ihre Namen und sagen, der erste von den sieben war Abdullah. Wa min Allahi t-Tawfiq. Wir hören hier auf. Wir machen Schluß, weil dies ein Ozean ist. Wenn wir hineingehen, wissen wir nicht, wie wir wieder herauskommen. Behauptet nicht, ihr seid Ulama, sondern "Kun Taliban". Als Suchende könnt ihr mehr und mehr und mehr lernen. Möge Allah uns vergeben zu Ehren des Siegels der Propheten (saws). Fatiha.

## A New Spiritual Century

Since 70 years Muslims have left the foundation of Heavenly Rules and are trying to arrange their lives by following western 'isms': socialism, communism, capitalism, liberalism... How can a Muslim consider to lead their life without the guidance of the Holy Quran? Oh believers, you must be examples for this heedless Muslim world which has chosen to follow the western world! All solutions for the problems of the world today are in the Holy Quran. All doors are locked if people don't follow the Holy Commands. Their period will be finished by the beginning of the 21st century.
I am happy to see that the Crown-Prince of this country has realised and is saying aloud that the 21st century must be a spiritual century. Nothing of the foolishness of this century will remain. Allah has inspired the Crown-Prince to say to his people to be interested in Heavenly Orders! He understands more than most Muslims, who only want to be followers of modern life.

Ask forgiveness and ask Allah to send us His Holy People to defeat all evil. When Mehdi a.s. and Jesus a.s. come, the whole world will be ruled under Islamic Order and no unbelievers will be left. Those are good tidings.

## Angels of Protection

There is no protection, except from Allah. Sayyidina Ali r.a. appeared one night to a group of his followers in their tent. It was on a battlefield and he had crossed the enemy's side without any bodyguards. They asked him in surprise why he was doing something as risky as that. "Don't you believe that Allah the Almighty puts Angels of Hafasa to protect you? He puts one in the front and one behind. If it is the will of Allah the Almighty for something to come on a servant, the angels will not prevent it. If Allah has not given permission for anything harmful to reach a servant, the angels will cover you from front to back. Don't worry, you are companions!"

**Angels Warning comes to your conscience!**

As-salamu alaikum!... If you are sitting a little bit (like this)... to look everyone, because it is
better to hear and to look... (Then you are) taking much more share from our speech, everywhere also...

Destur, ya Sultanu-l Awliya, Meded! Ya Rijalallah, Meded!

As-salamu alaikum! It is (an) order from Rasulullah sws to make among ourselves more to say:
»As-salamu alaikum«, because with 'Salam' (is) coming much more blessings. 'Salam' (is) carrying blessings. Or standing up, not coming. Such, some clouds (are) coming (and) going, but not giving, not raining. Some of them (are) approaching and giving rain.

Therefore, who (is) asking heavenly Rains with Blessings of Allah Almighty, say much more: » As-salamu alaikum!« It is so important that Allah Almighty (is) ordering: »Idha dakhaltum buyut, fa sallimu 'ala ahliha... When you are entering to a place, to one home or house, say: 'As-salamu alaikum'!« Therefore, before, it is our good manner, if (someone was) coming and knocking (the) door, from inside someone (was) asking: »Who is there?« (And:) »As-salamu alaikum«, (was) saying that coming person.

Even- (it is) so important to say: »Salam«- even when you are getting in a place, in a home, (and) no one (is) there: »Fa sallimu 'ala ahliha...« If no one (is) there also, you must (still) say: » As-salamu alaikum! As-salamu alaikum wa 'ala 'ibadi-llahi salihin!« It is so important and it is 'bi shailillah (?)', from the signs of or (a) symbol of Islam, to say: »As-salamu alaikum!« (If)

anyone (is) not saying ('Salam'), you may understand that he is not (a) Muslim!

Therefore we are saying to our attenders- may Allah bless you with, from His endless Blessings Oceans- : As much as possible try to take much more blessings from Allah Almighty! But people, they are running to reach something from (the) material world, but (they are) not thinking to save much more blessings. So greedy people now! Even (the) Muslim World people, they are so greedy, to ask much more blessings.

For what you are living? For Allah or for your ego? For what you are living? You are trying to make your ego happy or you are trying to enjoy your ego... People (are) asking enjoyment for themselves, (they are) not asking to make their Lord enjoyful with them. As much as you can do anything for yourself, (it is) going to be disappearing, finishing... finishing! But what you are doing for Allah Almighty, will remain: » 'Amalu salih yabqa, good deeds (are) remaining«, but bad deeds (are) never remaining- for what!

I am sorry to say that (the) whole Muslim World they are going on a wrong direction! Their idea, their target, is not to ask blessings from Heavens, but they are asking (something) for themselves: to make their egos much more (to be) enjoying and (to be) much more getting to be happy. But it is (a) big false, (the) wrong way, wrong way!

I looked a new instrument, teaching small ones letters and words also. I am only remembering from that small instrument (that) sometimes (you are) pressing (a button) and (there is) coming (a voice), saying: »Wrong! Wrong way! Wrong!« That (is) in my memory. Yes.

How many times (are) Angels addressing to your souls: »Wrong! Wrong stepping! Wrong action«? How many times (they are) saying (this)?

When that instrument (is) saying: »Wrong«, that boy is correcting, quickly correcting! But so... billions of people, just (the) heavenly »Attention« (is) coming to them, (the heavenly) Warning (is) coming to their souls, but never (they are) correcting! So many (warnings)! For everything (it is): Wrong or right. Heavens (are) not leaving anyone on earth alone! Always that Warning (is) coming from Heavens to our conscience, saying: »Wrong!« But people (are) saying: »I

don't care! I don't care!«

Like Pharaoh. How many times Moses (was) saying: »Come to your Lord and surrender«, Pharaoh was saying: »I don't care!« So many times Abraham (was) calling Nimrod: »Come and surrender to your Creator, (the) Lord of Heavens« and he was saying: »I don't care! I don't care! I don't care!«

And therefore (the) Prophet was saying sws: »O people! If Allah Almighty (was) leaving everyone with his ego, and giving (them) a chance to be (a) Pharaoh or Nimrod, I don't think that anyone (was) going to be Muslim! Everyone (is) going to say: 'I am the Lord of Heavens!'- Astaghfirullah! - or to say: 'I am (the) owner of whole continents! Whole countries that I am on it, belong to me!' Everyone should claim that he is (the) owner of Heavens and earth!«

But Allah Almighty (is) not giving (to them a) full opportunity. Not giving! If (He was) giving, everyone (is) going to claim: »I am (the) Lord! I am your Lord!« Not (only an) ordinary lord, but (he is) saying: »Ana Rabbukum al 'ala!« (He is) not accepting to be an ordinary idol for people, but (he is) saying: »I am most important! I am on top! Even you are serving, worshipping, so many 'ilah', gods, but I am the greatest one!« That is Nimrod! Therefore everyone (is) going to say this!

Now that it's title (is) this time, they are saying: »We are (the) most civilized people, (the) most perfect people that (ever) passed before our time!« You can't find even a small ones (not) to say: »I am this one!« Everyone (is) just taking a condition or... to be like a Nimrod. Everyone (is) asking that: »What I am asking, must be! What I am asking, you must give to me!« (They are) fighting to their parents, fighting to their teachers, fighting to (the) government.. . fighting to everything, saying: »What I am saying, what I am asking, you must give to me!«

The title and famous 'tabiat', (attribute). .. they are on that way, no difference between Nimrod that passed away and (everyone) who is now living on earth!

Therefore Allah Almighty (is) making among themselves 'nufur', hatred. Hating; everyone (is) hating from others: Children (are) hating from their parents, men and women (are) hating from

each other, children (are) hating among themselves, neighbours (are) hating between themselves, nations (are) hating other nations... Subhanallah! That hatred (is) just planted through peoples hearts. Who is (the) planter, 'sari'? Who is (the) farmer that (is) farming through people that hatred?

Hatred!

Now (the) Love that Allah Almighty (had) granted to nations, to people, (is) just taken up. Not taken up, but people they are kicking that out and people (are) running after hatred. Therefore, they are saying: »(We are the) most civilized people now«, (but) they are cursed people, whom they are saying such a things!

How? You are kiling, destroying, burning- how you are saying: »We are most civilized people«? What is that foolishness? And you are killing innocent people and you are not believing that (on) the Day of Resurrection you should be asked, when Allah Almighty (is) asking: »...Bi ayi thanbin kutilat? O murderer! How you killed that small one? How, what was its mistake that you killed her, killed him, (that) small one?« Allah (is) going to ask! How they are saying: »We are (the) most civilized people«?

They are liars, more than Shaitan! Shaitan, it has more honour than those people living now, 21st century people! Jehannamiyun! Shaitan should be (on the) first level of fire, (but) those people should be (on the) 7th, (on the) lowest level of Jehannam, (of) fire, (of) Hells!

That is (the) panorama that I am not thinking to speak to you on it, but when my heart (is) just (getting) in connection with heavenly Power, they are making me to say (this). But it is real truth what we are saying!

We are not accepting those people! Killers should be punished through (the) lowest level of fire! It is too suitable for them!

O people, beware from Shaitan! Beware, (not) to follow your egos! Allah created you and (He is) giving through your creation from His heavenly Love, putting. You are not using that Love,

(you are) kicking it down and taking from Shaitan hatred and enmity and killing people, innocent people, burning them, shooting them- what is that!

I am calling to whole nations! We are here only (a) handful people- (it) doesn't matter! Allah Almighty (is) making something to reach to East and West!

I am nothing! I am nothing, but they are making my language (tongue?) to speak truth! No one can say: »You are wrong!« I may kick him!

May Allah forgive us! O people, beware from your ego! Beware from Shaitan, because (he is) carrying you to fire- (the) fire of Dunya, (the) fire of eternal life. Try to reach Eternity with your Lords Pleasure! Beware, not to be through (the) worst conditions: misery through fire!

O Lord, forgive us!...

It is enough... We are not reaching to say: Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, but (it is) coming such a powerful oceans, warnings, to whole mankind! They must come (to accept) what our Lord (is) sending and they must try to keep whole ones rights!

Animals rights! Ehhh, animals rights! »What are you doing?« »I am keeping dogs. We like so much dogs, therefore we are defenders of the rights of animals.«

Tu on you! Astaghfirullah! You are not thinking (about) the rights of mankind, you are running to make dogs...

»Sheikh Effendi!« »What is?«

»There is berber shops...« »Hah? For what berber? To shave my head?«

»No, there is... because now we are so improved people that we are trying to keep (the) rights of animals...« »Eh? For what?«

»And we are keeping some dogs... some of them (named) 'Churchill' also...« »Who is that?

From where bringing this 'Churchill'?« Tauba, Astaghfirullah. ..

»I mean to say, Sheikh Efendi, we are very very very late people... You must not be in our days, because you don't know (about the) rights of animals...« »How old are you! In my place there is 40 cats!«

»Eh, you are taking your cats to berber shop?« »Hah?«

»They are making like this, like this, like this... they are making themselves so (nice)...« »No need!«

»No, we are keeping our dogs and bringing (them) to (the) berber shop and we are coming... some of them must be, when (we are) bringing that dog« - ajallahuhumullah- »our staff (must be) 7 staffs!« »For what?«

»To keep (the) dog, our dog, because we are bringing (him) to (the) berber shop, to give (him) a good view, therefore... but sometimes (he is) coming (and biting)... therefore two persons must keep their head, some of them from (the) tail we must keep, and (we need) two people for (the) legs and hands so that... sometimes (he is) shouting also... therefore we are bringing, sometimes one of them (is) putting a bone to their mouth to be occupied, when they are making (the shaving) ... We are keeping (the) rights of animals!«

»What about mankind?«

»I don't care! I don't care, my dogs is much more important for me and our cats (are) much more. Others doesn't matter. We like to be written our names (as a) 'first class animals rights keeper' and we hope that maybe (the) government gives us a medal. And when we are passing away, they may put on (our) coffin that: 'This person, he was such a animals rights keeper'.« » What about mankind?«

»Eh, what is that mankind! Everyone must have from mankind even (a) cat to give their rights!«

Now the meaning of their highest civilization level for them (is) to be on the just level of

animals. And (the) worst thing (is): Some municipality (is) ordering: »Who is carrying their dogs, also must carry a bag and also a shovel!« If anything (the dog is) doing on (the) way, that person must take (it) and carry (it away)... What is (this)? This is (the) honour of mankind? They are proud in such a way? I am sorry, so sorry, whom (is) making mankind to fall (on) the lowest level of creation...

May Allah forgive us!

For the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha...

Allah Allah, Allah Allah, Allah Allah, Aziz Allah,

Allah Allah, Allah Allah, Allah Allah, Karim Allah,

Allah Allah, Allah Allah, Allah Allah, Subhan Allah,

Allah Allah, Allah Allah, Allah Allah, Sultan Allah... Sultan Sensin, ya Allah!...

## Annihilate in Allah Before Shaytan Traps You in False Pride

Dastoor yaa Sayyidee. Allahu Akbar, Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, Allahu Akbar, wa lillaahi ‘l-hamd! Alfu salaat, alfu salaam `ala Sayyidi ’l-awaleena wa ‘l-akhireen, Sayyidina Muhammad wa `alaa aalihi wa sahbihi ajma’een. Dastoor yaa Rijaalullah, madad.

As-salaamu `alaykum, our salute, to everyone who believes; it gives them honor. That salute is only for believers as unbelievers are not understanding and their level is under that of animals. Therefore, we are saying, “As-salaamu `alaykum;” a salute for those who believe!

This is a short association. Associations are necessary and obligatory. We are weak servants, weak in our physical being, but with our spiritual being we are the most important creatures in Creation. That is something granted to Mankind!

I am saying, A`oodhu billahi min ash-Shaytani ‘r-rajeem. O my Lord! I am running to you from the traps of the first enemy of Creation, Shaytan, the most dangerous and terrible enemy! We may say its nature is dressed in hasad, envy, making it the most envious one among all Creation that you can’t find anyone else comparable in badness: it is the worst! Shaytan was so envious when Allah Almighty created Man and dressed him in such high honor that was never granted to any other creature. He was so angry, thinking that

honor granted to Adam (a) would be for him, but Allah Almighty created Adam (a) with His Heavenly Hands and gave him such beauty and high understanding.

Shaytan was so angry, he said to his Lord Almighty, Allah, ...(Mawlana Shaykh stands) SultaanAllah! SubhaanAllah! (Mawlana Shaykh sits), (he said,) “Why are You doing that? I am the most perfect one among all Creation and suitable for that rank. I anticipated that honor would be granted to one creature, me, although it was a hidden secret. So I tried my best to be better than every other creature, to do more than what is expected of everyone, and I was in front of all of them. So I anticipated receiving the honor You mentioned in the Divine Presence; it should be for me!”

Shaytan had performed so much worship to reach to that honor, but he was only one creature created by his Lord Almighty, Allah, and was so ignorant that he did not understand that no one’s order is higher than the order of his Creator! That can’t be, as He is the Lord and the Creator, and no one may understand Who He is; it is impossible!! He must say only (Mawlana Shaykh stands), Allahu Akbar, Allahu Akbar, Allahu Akbar, wa lillaahi ‘l-hamd! (Mawlana Shaykh sits)

Shaytan said to himself that he was something precious and valuable, what no one can say! Allah Almighty is the Lord! Shaytan’s ego became so gigantic among the Creation, when actually in one second or less he can be reduced to the size of an unseen virus; the Lord, Almighty Allah, can easily do that! Shaytan thought he was great, so big, as he saw himself in a mirror (like a magnifying glass) that makes things appear as bigger than they are. The Lord of Creatures allowed him to think, “I am so big!” but if that lens is taken away, he will not even exist!

No one knows the size, weight, or value of the honor granted to Mankind. People look at themselves, but when a person reaches the level of fanaa fillah, annihilation in Allah’s Oneness, they are lost in Oceans of Unity and no longer see themselves. Shaytan looks in another mirror and sees himself as big. What a great difference between Sayyidina Adam (a) and Shaytan, and yet he had the audacity to address his Creator, “How are You granting this honor for a new one? I expected I will be that one!”

O People! O Holy Ones! What we are saying now was mentioned in all holy books from the time of Adam (a) up to the end with the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits) Why are you not studying the beginning of Creation with Sayyidina Adam, when the Lord of Heavens ordered all

angels to fall down in sajda? That account is written in all holy books.

O Holy Ones in Christianity and Judaism! This is written in the Old and New Testaments; why are you not saying to people how Shaytan fell, and came to be thrown away? What is the reason? Although it is mentioned in their holy books they are not teaching it, which is why people now have such heavy responsibility, because they are not able to take the reins of their egos! How do they say, “We are good and true ones, but they are bad and worse ones!”

Shaytan gave an oath, “O Lord of Creation! I am going to make Your servants the opposite of what You like, even worse than me, so that no one obeys Your heavenly orders! I will open academies, universities, high schools and colleges to give them degrees and certificates in my teachings. They will all become my followers and will keep what I teach them in their hearts, minds and areas of carnal desire. I will not leave them to follow the honor You granted them, and will lead them on different ways so they will reject it! I will grant them certificates, scholarships and other honors so they will follow me!”

Now throughout the world, people are running after the worst targets, leaving the holy commands of Heavens to acquire scholarships and certificates from Shaytan! They are looking in holy books, but are only following Shaytan. Now all nations are in a worse situation from which it is impossible to find a way out, and Shaytan is saying, “Oh! I reached my final goal.” People are killing each other, and dunya has fallen in the worst situation from which they cannot save themselves until they say (Mawlana Shaykh stands), “Allahu Akbar, Allahu Akbar, Allahu Akbar, wa lillaahi ‘l-hamd,” and call on His Last Prophet, His Deputy, the Crown Prince on Earth, Sayyidina Muhammad (s)! (Mawlana Shaykh sits) That will save them; if they are asking to save themselves that is the way, otherwise they will only eat each other!

Glory is for believers! Finally there is glory and heavenly honor for true ones. The Lord of Heavens is saying, “O My servants, follow true ones!”

••• •••••••• ••••••••• •••••••• ••••••••• •••••• •••••••••• •••• •••••••••••••

yaa ayyuhalladheena aamanoo ittaqoollah wa koonoo ma` as-saadiqeen. O you who believe! Fear Allah and be with those who are pious (in word and deed). (Surat at-Tawbah, 9:119)

Now no one is true, everywhere there are liars certificated by Shaytan and no one is on the right way. They

will never reach anything good; some kill others and nations will be bankrupt until they come to their Creator, Allah Almighty (and repent)! May Allah forgive us and send us some ones to call us to right way, to save us. Anyone who is not following true ones will be taken away.

O religious people! Some of you have been honored by people but you are not dressed from Heavens, as divine honor is granted to very few. Follow those dressed in heavenly honor and you will reach endless blessings here and Hereafter, for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits).

Fatihah.

## ANSPRACHE VOR STUDENTEN IN FAMAGUSTA

Ein Baum, der für Allah gepflanzt wird, wird gewiß wachsen, denn Er selbst wird dessen Pfleger sein. Für die Leute in diesem Land ist es wichtig, in wessen Händen sie sein werden.
Die Regierenden sind heutzutage fast alles Menschen, die nur für das Heute leben und auf das Morgen nicht achten. Sie sagen sich, wenn wir weg sind, kann die Achse der Welt ruhig brechen. Doch wir Gläubigen tragen Verantwortung vor Allah für unsere Zukunft, für unseren spirituellen Zustand und für die Gemeinschaft. Wir müssen mit starken Schritten, auf Allah uns stützend und vertrauend, vorangehen. Die Jugend spielt eine wichtige Rolle für den Fortbestand der Gesellschaft, deshalb sind drei oder fünf kluge und aufgeweckte Leute besser in meinen Augen als ein paar Milliarden, die schlafen. Wenn einer aufgewacht ist, kann er hundert andere aufwecken. Deshalb können sogar nur fünf oder zehn Leute die anderen aufwecken. Es genügen für den Anfang eine Handvoll von fünf oder zehn, um die anderen aufzuwecken. Damit sie die anderen aufwecken können, müssen wir ihnen helfen soviel wir können.

Ihr müßt eine Liste zusammenstellen und alle Dinge notieren, die ihr verändern wollt, was ihr wollt und was ihr nicht wollt, damit alle zusammen Schritt für Schritt an die Durchführung gehen können. Geht bis an die Grenzen, die das Gesetz euch setzt. Nutzt die Freiheit, die euch das Gesetz gibt, bis an seine Grenzen aus und verschenkt keinen Fußbreit an Möglichkeiten. Hierzulande gibt es Religionsfreiheit. Wer diese Freiheit einengen will, gegen den müßt ihr, wenn notwendig, mit dem Gericht bis zur Grenze des Gesetzes angehen

und so eure Religionsfreiheit erzwingen. Allah läßt die Feinde fallen, uns nicht. Zeigt euch ein wenig, seid nicht zurückhaltend und passiv.

**O Ant! What is Your Destination?**

O our Lord! You grant your incredible countless blessings because we are the servants who are alway disobedient. We ask Your forgiveness and Your blessings. For the honor, the greatest honor that You have given to Your Most Honored and Glorified Servant Sayyidina Muhammad (s). So many days we are thinking on something.

But you must say first A`udhu billah min ash-Shaytaan ir-rajeem.

We must run to our Creator Allah Almighty from Shaytaan that Shaytaan is our most dangerous and terrible enemy. He never likes mankind, hating from mankind. Anyone free to hate or to respect and to love. There is good things there is bad things. You may choose good ones or bad ones. But you must know that last day coming. Impossible not to come. Last Day. Must come. And also who sending you on this planet collecting you in his Divinely Presence. We must say Audhu billah min ash-Shaytaan ir-rajeem. O our Lord, we are running away to You from that most difficult terrible violent enemy, Shaytaan. Protect ourselves, O our Lord! And if you are asking really to be in safety, you must say Audhu billah min ash-Shaytaan ir-rajeem and to say Bismillahi 'r-Rahmani 'r-Raheem.

O our Lord! Give us a power from your Heavenly Presence to protect ourselves. That is Divinely Sword against Shaytaan and its followers. If you are not keeping that you are through Shaytaan's cage, inside. And it is we must know it and we are saying also, dastoor ya RijalAllah , O holy ones, we know nothing but you are closer from heavenly presence O the Lord of Heavens. Look ourselves, keep ourselves, hide ourselves and protect ourselves because we can't do with our power, it is impossible. Ach. Yeah!

Welcome, welcome angels saying, welcoming you that you are running to Divinely Presence. You are running to be under Divinely Protection. And you must be thankful to Allah Almighty, the Lord of heavens, Allah, whole Majesty, whole Glory, whole Majesty, endless Honor for His Divinely Presence. We must try to learn.

so many times coming to my O my listeners, I am nothing. don't think that I am something, no.

I am weakest servant, but heavenly centers sending to my heart something for your benefit. I was thinking, now, several times, coming to my mind and asking to myself, "O Shaykh! Do you , do you think that an ant not knowing for what or for which purpose it had been created?" This coming to me. What do you think, O learned people, scientists, doctors, what do you think? I am only asking a question. Do you think that an ant knowing its creation or not, or in another way we may say, "O professors and doctors, what you are saying, an ant knowing the reason or knowing the wisdom of its creation?" What do you think? hehe they may say, that "O shaykh! Ants they have a living plate or living level we can't come closers to an ant to ask it: O ant! What do you think for what you are in creation?'"

Do you think that your creation is through your will. Once upon a time you are not in existence. Yesterday or before yesterday or before one month ago or one year ago or one century ago or 1000 years ago, you have been in existence O ant? What do you think it may say, "I never knowing such a things. I wasn't there; I wasn’t in existence, I am only I have been granted one week life or one month life or half year life or one year life. But I don't know for what I have been crated. But now yesterday I wasn't inexistence but today I am in existence and I don’t know about my existence for what? Or I don't know what I going to be my destination. Because everything they have a destination in that small creature saying, "O man! I don't know about my destination.”

I don't know because for everything there is a destination, yes or not. O professors, what do you think for destination. Do you think that for everything in existence just it had been found and no destination for it? You can say this? Yes. That means leave other creatures. They are speaking on our destination. Do you think that you can find a man, from mankind without destination? You can find someone? No. Anyone knowing his destination? No. But everyone from mankind they have a destination. but no one knowing that destination, but they have. that is an important point. therefore I am asking to professors, ordinarios or doctors, scientists and this and that one, what about mankind. What about mankind? they have a destination or not? Destination means what should be for him through this life.

Billions of people, they have different destinations. You can't find two ones that they have the same destination, no. Billions, billions of man and for each one there is a different destination. Subhanallah, glory

to the Lord of heavens, His majesty, Allah.

O man come and think don’t run away. you are coming to know something, not to waste your life bosuna, don't waste. Don’t waste. You must learn. That is a question, I am asking to whole learned people. What is your destination? Can say "I know" ? I am asking, if you are knowing, what is going to be for you tomorrow? Even you, you are not knowing what is going to happen for you tomorrow because it is destination. And who is that one preparing or tertib etmek, (arranging) arranging your destination for tomorrow? Why you are saying no god"? what is that foolishness? What is that ugliness? What is that ignorance. How you can say. I am only asking a question, a very simple question. Do you have a destination? Yes. Tomorrow: What is your destination? Say. And who is that one preparing your destination for tomorrow. Say to me. How you are saying “there is no god”? Shaytaan for those atheist people. Masters of Satan, atheist people.

Now coming such a powerful waves from heavens to reach to our planet. People fearing hehe, for what fearing? From ...yesterday they were giving to m a newspaper and they are saying: "Look O Shaykh!" "What is there?" "There is a photograph." "What is that?" "They are saying that glaciers, from poles, quickly beginning to melt and that is a sign that something approaching to our world; something approaching to our lives from an unknown center." Do you think that that glaciers through themselves melting and coming to be like rivers and running on continents? No. For everything you must accept that there is destination. They are huge buz, ice mountain , icebergs, huge mountains of ice. You ar thinking on it but you are not knowing what is going to happen tomorrow. Their destination, if you can know it you may escape but you are not escaping. You are not escaping. You are only saying that huge icebergs coming to be melt and running on continents and I am saying it is a destination for that icebergs. That means for everything there is a destination. And their destination thousand years but now it is going to be ended. To be ended and going to disappear. Why you are not thinking about your destination? Today you are living, so many people that they were living today early morning but early evening they are disappeared. That means their destination just ending in a point for today or for tomorrow or next week or next month or next year or next century.

That is very important point. They are not looking what is reality for destination. They must accept destination for everything.

Yes, an ant, you can ask it you knowing its language, hehe, because every creature it has also a language for

tasbeeh etmek, glorifying. Glorifying. Everything must glorify their Lord. They have a tongue; they have a understanding, they have a suitable position for understanding from heavenly power oceans to know their destination. People wasting their times, wasting their lives. Not understanding. leave this is one thing on earth that you may be closer it and you may ask, but so many days coming to me, to ask, to ask. For what to ask?

O professors! O researchers! O philosophers! O doctors! O high degree representatives! I am asking, I am asking to you, please if you are saying you are knowing everything, please ask our planet, we are jumping from ant to our planet. Because you are not brining me an answer about an ant's destination. I am saying leave it, perhaps you may say it is too small. And we can't say, we can't know anything on such a small one's destination. ey, leave it there, tell me.... I am saying to our proud ones that they are saying "we know everything and we know now that the beginning of this creation it was one atom and that exploded and coming everything." Ay very good. Do you think that our world, one of that pieces that exploded and coming and sitting on its orbit?

bunlar bizi sersem ediyor

After that explosion our planet just sit on its orbit. yes, please ask to our planet "what is your destination?" from where you are coming and to where you are going? say to me what is your beginning and ending? Say to me about that and give me some lights for understanding about our planet. Leave that Big Bang and speak to me about our planet, how it has been ay, in existence? Ask to our planet and bring a news from it to me. They are saying “we can' do.” How you are saying then “no god"? Who putting solar system in space ? Who giving that name “solar system"? Who giving that name? And then ask, through that solar system, seven planets. One of the seven is our earth. Ask our earth, "O earth, tell me your secret. What is your secret? Only tell to my ears, not to listen others."

They may ask. How it happened? They are in existence. About your destination. That means to where your existence is going to reach? Tell me. Then I am telling to you something else. Those people unbelievers and atheist people, are no mind people. So many things they can't give any answer but they are insisting on their false, false ideas.

bu shayin paladir? O kadar seylere cevap veremezler

That is important today. I may ask, I may ask to an atom also, I may ask to our plant also, I may ask to our sun also: “what is your destination?" They must give me an answer about their destination because they have a beginning and when they have a beginning they must know what is real purpose or what is their real destination to be in space to say, "I am here."

If they are saying "I am here" they must say also, "subhanallah, subhanAllah, sultanAllah" they must glorify their Creator. O people, leave ignorance and come and learn and train people through reality, say to people, "Your destination that is or this is or this is or that is, this one or that one is your destination." if you are not saying this that means you are knowing nothing. You must come, you must come to someone's whom they are a fortified, by heavenly powers. You must ask them. Don't try to deny realities. Run after realities to know reality. If not, you are carrying heavy responsibility here and hereafter, may Allah forgives us.

Allah Allah, Allah Allah, Allah Allah, Kareem Allah

dumm, dumm, dumm, dumm, dumm, dumm, dumm, dumm, dumm, dumm, dumm,

## ANTWORT AUF EINEN BRIEF, SO DICK WIE EINE ZEITUNG

Wenn eine Person nur ihrem Ego folgt, ist ihr einziger Ratgeber Shaitan. Heutzutage repräsentieren so viele Leute um uns herum Shaitan, sie sehen aus wie Menschen, aber in Wirklichkeit sind sie eine Verkörperung von Shaitan. Noch seid ihr weit davon entfernt, einem Sufiorden zu folgen, deshalb ist es sehr schwierig für euch, die Situation eines Scheichs zu verstehen, der zur gleichen Zeit mit allen seinen Schülern gegenwärtig ist und alle seine Schüler vor sich hat.
Zuerst solltet ihr die Shariat studieren, um eurem Glauben ein starkes Fundament zugrunde zu legen. Die erste Säule des Glaubens ist es, zu sagen: "Amantu billah", zu glauben an einen Herrn, an Allah den Allmächtigen, dann an Seine Bücher, an die Engel und die Propheten. Es ist so überaus wichtig, an die Propheten zu glauben, denn ohne die Propheten kann keiner die heiligen Bücher verstehen. Wenn wir einem Propheten begegnet wären, hätten wir ihm gehorchen müssen, denn jeder Prophet war ein Stellvertreter seines Herrn. Aber was ist nach den Propheten? Die Gefährten des Propheten (FSmi) gehorchten ihm bedingungslos, und es war kein Shirk, keine Beigesellung von Partnern neben Allah. Die Wahabis werden das nie verstehen! Es ist gleich, ob sie dem Propheten (FSmi) gehorchten oder ob sie Allah gehorcht hätten.

Um Koran und Hadith zu verstehen, brauchst du jemanden, der dich lehrt, und der dir die Bedeutung von Versen und Hadithen, die dich betreffen, klar macht. Du kannst dir kein Urteil bilden und keine heiligen Verse auslegen, bis du dazu von jemandem autorisiert worden bist, der selbst autorisiert ist. Was bedeutet es,

dem Scheich zu gehorchen? Er ist kein Götze. Die Wahabis glauben, daß die Leute die Scheichs anbeten und ihnen wie Götzen dienen würden. So wie jemand in der Armee dem Hauptmann gehorchen muß, um dem General zu gehorchen, so muß man dem Scheich gehorchen, um dem Propheten (FSmi) zu gehorchen. Fragt die Gelehrten, was der Vers in der Sure 'Luqman' bedeutet: "Wattabia' sabiala man anaba ileyy...".

Allah befiehlt mit jenen Worten: "Ihr müßt Meinen Dienern, die alles verlassen haben und nur noch Mich sehen, gehorchen. Sie haben alles hinter sich gelassen und Mich zu ihrer einzigen Sehnsucht und ihrem endgültigem Ziel gemacht." Was bedeutet 'zu folgen'? - Dem zu gehorchen, was er sagt. Jemand, der dir sagt, mach diese oder jene Übung, muß noch lange kein Scheich sein. Wenn du dich bei ihm glücklich und zufrieden fühlst wie ein Fisch im Wasser, dann hast du einen wirklichen Meister gefunden. Wenn du dich bei ihm fühlst wie ein Vogel im Käfig, suche nach einem anderen. Ein Scheich ist derjenige, der dir Zufriedenheit gibt. Der Prophet (FSmi) sagt: "Folge dem, der Allahs Weg kennt." Suche im Osten und im Westen, und wenn du jemanden gefunden hast, gib mir Nachricht. Wenn du keinen findest, dann komm zu mir, ich bin von höchster Instanz autorisiert und kann dich alles lehren, was du brauchst, und ebenso deine Lehrer.

## Are we building or destroying?

The spirit of all acts of worship consists of three points:

1. To keep your tongue from all prohibited speaking, speaking only good words, not bad.
2. To keep your eyes from looking at prohibited things, dirty places, and actions.
3. To keep all your organs from prohibited actions; listening, walking, touching, thinking bad things, having bad intentions.

Without keeping your eyes, your tongues, and your organs from what is prohibited, you cannot take any benefit from your good actions. Like when you are planting something, you must keep it safe and protect it from harm. We must know what we are doing. Are we building or destroying? Every prohibited action destroys our building, destroys our physical and spiritual bodies.

## Are We Here as a Sultan or as a Merchant?

A story was told about a king, a sultan whose minister rushed to him one day, saying, “O Your Highness! Today a ship arrived, whose owner brought with him all sorts of astonishing things! I gave him a hundred-thousand dirhams on your behalf and bought those items, and I also gave him another hundred-thousand dirhams.”

The sultan said, "I thought you had a sound mind, but you turned out to be mindless. O my minister! Are we here to be a sultan, or are we merchants?"

This story is the key for all the problems in the world: “Are we here as a sultan or as a merchant?” Truly, all the problems in the world are for this reason. Leaders leave management of the nation’s affairs and all its responsibilities to run after money! Why were there all the curses on Gadhafi, Hosni Mubarak, Bashar al-Assad and Abdullah al-Salih, in Hijaaz, then Bahrain, Baghdad, the Turks; what is all of this for? Greeks, the French, the aim of leaders of all countries is only money!

The sultan gave them a lesson and after a month he punished them. Kings of the ancient times spoke what was appropriate to the situation. “O my minister! Are we sitting here for trade or for the sultanate? Answer! We are here as the sultan, not as a merchant!”

Ask the whole world to tell you which president doesn't have great wealth? They are greedy for this world and it brought the worst curses on their heads. Na`oodhu billah! Is it not true? Tell them..

(Shaykh Hisham Effendi: Yes, Sayyidee.)

The love of this world; these are the sultan's words.

(Shaykh Hisham Effendi: He warned them.)

Yes. "Am I here to be a sultan or a merchant? Answer!" They are greedy for this world, all the presidents and all the people. Tawbah yaa Rabbee, tawba astaghfirullah! Allah, Allah. "Am I going to be a sultan, or busy myself with trade? Am I a merchant?" Allah! What good manners that sultan had. Now all the presidents became like people of the lowest levels.

(Shaykh Hisham Effendi: They plant grass, Sayyidee!)

Amaan, yaa Rabbee! Tawbah, yaa Rabbee! O our Lord! Don't leave us to our egos for the blink of an eye.

They collect treasures of the Earth, for what? Everything they collected is finished now! Ask the Pharaohs what happened to all their heaps of gold! They became mummies and you cannot even look at them. They collected the gold of the world, for what benefit? May Allah never give us such a test with dunya, O Shaykh! Tawbah, yaa Rabbee. Tawbah, yaa Rabbee! Tawbah, astaghfirullah. Ya Mawlana! Amman, yaa Rabbee! Tawbah, yaa Rabbee! Tawbah, astaghfirullah. (du`a) For the sake of the Prophet (s), his Family and Companions (r), and our shaykhs (q), and the believers.

Fatihah.

"Are we here as a sultan or as a merchant?" If they were not greedy for all the things of this world, these troubles would not have happened. Amaan yaa Rabbee, grant us safety, and do not leave us to our egos for a blink of an eye, O Lord! Amaan yaa Rabbee, tawbah!

## ARE YOU AN ANIMAL OR AN ANGEL?

The main characteristic of our ego is that it likes to be lazy, it doesn't want to move. Allah Almighty can do anything. He may create man in a way that to eat once a week or once a month could be enough. He can create a creature which can eat once a year. He can even create mankind to only eat once and for that to be enough for a whole life. He would have been able to create man in a way, that when he had drunk milk from his mother until he is two years old, it would not have been necessary to eat anymore after that. Instead Allah Almighty created man to eat daily. It is enough, really, to eat once a day. But instead of eating once, people would like to eat ten times, or even all day long. This is one of the important characteristics of the civilization of the 20th century: people eat and drink all day long, even in the night. They are like the cattle on the pasteure eating without end. Even when they lie down to rest, they keep on chewing. If others would look at them, they could get the impression that these people are only created to eat and to drink, nothing else. What a civilization! They have come very close to the animal kingdom. They think that the more they eat and drink, the more important they will be.

That is westernized life, high life. Our foolish and heedless Muslim communities are running after them to be the same, so that they can have westernized lives. The Arabs, Turks, Pakistanis, Malaysians, Asians... all kinds of Muslim people are trying to become westernized, trying to come closer to animals. Whoever tries to imitate someone, will be like them. Oh, people, don't think that all that eating and drinking will give you

honour. No! It will make you closer to the kingdom of animals. To eat less and drink less will make you closer to the Heavenly Kingdom, to the angels. It is up to you to choose one of the two.

On the Last Day, on Judgement Day, you will find yourself either with animals or with angels. Use your mind, oh man! It is so simple! I am told to use simple words, so that you may understand. Every level of people should understand. Whatever Allah Almighty asks of you is not hidden from you. He is asking of you to be closer to Him and to come to the Heavenly Kingdom, to be a member of the Heavenly Kingdom. He is offering that membership to you but you are not using it. You even tell Him, that you don't need it. You prefer the membership of the animal world.

And this we call a civilization, the civilization of the 20th century! But it is only a title, it doesn't give any benefit. So many people have the title of being a Muslim, or a Jew, or a Christian. Then there are many Christian Sects, Jewish Sects, Muslim Sects and everyone is claiming to be the first. But that is not important. I just want people to show me their membership. Are they part of Heaven or part of the animal world? When you leave this world angels will want to see your passport. If not today, then tomorrow. If not this year, then the next, at some point you will have to leave and you will be asked where you have belonged to all your life.

Think about it! What is your position, what is your membership? Are you with the Heavenly Beings, or with the animals? Don't think that too much eating and drinking is an honour for you and will bring you to Heavenly Positions. May Allah forgive us.

## Are You a Lion or a Donkey?

As-salaamu `alaykum! Yaa Rabbee. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah!
Allah Allah, Allah Allah, Allah Allah, Kareem Allah!
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah!
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah!
Allah!!! Zid mubarak, yaa Rabbee! Zidhu `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana.
(Mawlana Shaykh sits)

Allah Allah, Allah Allah, Allah Allah, Allah Allah,
Allah Allah, Allah Allah, Allah Allah, Allah Allah,
Allah Allah, Allah Allah, Allah Allah, Allah Allah,
Allah Allah, Allah Allah, Allah Allah, SubhaanAllah! 2x

Subhaanak yaa Rabbana. Nahnu `abeeduk yaa Rabbana khalaqtana wa ..... ataytana min kulli shay'in wa ma kuna mawjoodin anta awjadtana wa khalaqtana. Yaa Rabbana...waslih shaanana wa shaan al muslimoon! Yaa ayyuha 'l- ghafiloon! Mashaa-Allah, subhanAllah, just they have been sent from up.

O our Attenders! As-salaamu `alaykum. They are hoping for something, therefore, they are coming and we are welcoming them. And I am asking, for what are you coming? "We are coming for visiting, shum al-hawaa, to smell the air." So many people are coming for enjoying; they heard there is some person at the end of the world sitting on an island, saying, “He is the weakest servant on Earth; we must go, because if he is the weakest one, he is giving what he has been granted from heavenly powers, giving so that he is becoming weak.” As you like: payment or no payment, it is free! People asking for freedom come here. If anyone is asking for freedom, they may find freedom in the jungle, not in the cities. But now it is changed and people are saying, "We must be free ones, like jungle people." If you are asking to be free like jungle people, go to the jungle, why are you coming here?! Go to Africa! Yes, America is also a jungle! "We are asking for another kind freedom." When you get your free will in your hands, then you shall be free. As long as your ego is making you its ride, you can't be a free one.

One waliullah said to me, "O Shaykh! Do you know how many kinds of people are living on Earth?"
I answered, “So many kinds."
He said, "No, two kinds! You must know what I am saying."

A big saint said, "Mankind are from two kinds: one is under the flag of Mankind riding on their rides (egos); and the second kind is not like the first group, although they are both like animals, but one is not harming anything, and the second group are wild ones, harming others. Those in the first group are very tame, very soft and good ones, and the second kind are so wild and terrible, always attacking each other and aggressive! Mostly if you are coming from the front they bite you, and if you are coming from behind, they kick you. Be far away from them!” SubhaanAllah! He continued, "In general, Mankind has been granted a ride to ride on, according to their Creation's hikmat, wisdom. Everyone is just created by some wisdom and you can't find everyone in nature to the same. But generally, some peoples' characteristics are different from another group. One group of Mankind is very, very soft. Everyone is representing one from the animals’ world. Mostly people are of two kinds, and of them some are the level of donkeys, and people ride on them. And now the whole world is in such a way because people left Shari`atullah, the holy orders of Allah Almighty that He granted them to be honored ones. Now they are falling down, behaving like donkeys, and people are riding on them.”

That waliullah said that classification of people represent donkeys' group among animals. Understanding? There are always donkeys riding on them and they are unhappy. They are Shaytan's donkeys because they are

followers of Shaytan and its group! Shaytan is from the wild kind, because when Allah Almighty ordered angels to bow to Adam and all angels fell into sajdah, only Shaytan refused, saying, "No! I am not making sajdah for that one. O Lord of Creation (not, 'O my Lord')! You are making them more honorable than me, when, for thousands and thousands of years, I made sajdah to You! But You are not granting me that honor; rather, You are giving it to that new one who is not making sajdah like me! Therefore, I will not obey that order!"

Allah Almighty is not in need to address such a dirty creature, haasha! Angels were saying, "Bow! Go away dirty one!" And Shaytan said, "I will make (Mankind) my donkeys. I am not leaving one of them to be free but I will ride on him!"

“How are you going to make people your donkeys?”

"I will teach some (in my ways) and graduate them, then I will give them titles, and through those titles I will make a group of people to ride on others. Therefore, when the Last Days approach, you will find my graduates are riding on more than 99% of Mankind like donkeys!”

And the Seal of Prophets (s) advised, (Mawlana Shaykh stands and sits) "O my ummah! All nations are going to be either a rider or a ride. O my nation! Don't be rides, but try to be riders.” Don't be donkeys, be lions!"

Can anyone ride a lion? But 21st century people are happy to be Shaytan's donkeys! Why are you not trying to be lions, that will never allow someone to ride them? Everyone fears lions! That is the honor of Mankind. But Shaytan did his worst for 21st century people and made the majority its donkeys. You now may find only a handful of people who are created like lions; no one can approach to ride them!

O People! Now awliya are saying, why are you not going to be lions, why are you going to be donkeys? Donkeys never give you honor, but to be a lion gives you honor. That is the last summary for people from Heavens. O People! Don't be donkeys, be lions, and you will reach the highest level of Heavens! Otherwise, if you are not lions, Shaytan will ride on you and you will go wherever it takes you! May Allah forgive us. Astaghfirullah, astaghfirullah.

Fatihah.

You never heard such a thing? It is an unchangeable situation now, everyone is riding not only one, but some of them are taking two also. Some of them are riding on it and one also taking it from its tail. Allahu Akbar.

Fatihah.

(36 minutes) (797 viewers) Today is Jumu`ah. As-salaamu alaykum. Say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.

## Are You Not Ashamed to Say "No God"?

(Mawlana Shaykh stands.)
Dastoor ya Sayyidee, madad yaa Rasulullah! Stand up for our Lord, for our Creator! All praisings and all glory for our Lord, Allah Almighty, from pre-Eternal up to Eternal! O People! Try to be in the Divine Presence, as much as you can do from praisings and glory to be happy here and Hereafter. Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! Allahu akbar kabeera, w'alhamdulillahi katheera, wa subhaanAllahi bukratan wa `aseela, la ilaaha illa-Llah, wa wahdahu la shareek lah, yuhiyy wa yumeet wa huwa `ala kulli shayin qadeer. Subhaansen yaa Rabb sultaansen yaa Rabb mutlaq sultaan sensin. And we are asking humbly from Your Divine Presence to be granted to our most beloved Prophet, our Messenger Rasulullah, to grant him more and more from Your Glory and Praising. After Allah (swt), who is that one to whom we may grant our endless glorifying and honoring and praising, is only Sayyidina Muhammad (s)! (Mawlana Shaykh sits.)

As salaamu `alaykum, O our listeners! O human nature, hear and listen, listen and obey, come and listen, don’t escape, what you can like take it, if you don’t like it leave it. This is such a big market—not flea market, flea market for me (laughter)—but for you, you are asking something more because you like to make show. Therefore you are looking for everything to be best one, but I am a weak poor dervish, looking what from

heavens running on Mankind freely. Whole people likes may take and go away; what remaining, I am going to carry them to collect.

O People! Try to collect what it will be for you forever! Don't run after something that all of them imitated one of no value and no existence. It may be that their existence may be continuous up to Day of Resurrection and after it finished. A`oodhu billahi min ash-Shaytaani 'r-rajeem. O People! Run away from Shaytan and try to be good ones; if you're going to be bad ones you will be punished.

Allah (swt) may ask, "O My servant, did you do your best, or not? O My servant, you did your worst or nothing? O My servant, did you bring your good things granted to you by your Lord? What you did them? Leaving and coming? Or sending to My heavenly levels for My majestic and glorified lordship? you sent them to me or you sent to Shaytanic way? What you did, say to Me! I grant to you so many things, everything to be under your command, to be under your demand, to be under your wishing, under your willing! What you did? Did you use them in a best way and sending to My Divine Presence, or not?"

The Lord of Heavens, when He is going to be angry, divine anger will come and people beginning to trembling, even anbiya, even prophets and messengers are falling on their knees for the haybat, for His divine anger! They're falling on their knees and trembling.

O People! That day is coming. Think on it! Send to your heavenly level what you will have there, that is just granted to you. (So) send from now for that Day, so you will be granted by your Lord to be for you forever like a paradise. Send that first. The Lord of Heavens asking, "O My servant, what you sent to My Divine Presence, tell me? Do you think that I created you like animals that they can't think anything, or do you think that just I did My best for you? Of whole Creation, I did My best to YOU, O My servant! Did you do, or are you sending me your best one? Say to me! I did My best to you, but you are not doing your best for Me! Take this Shaytan's followers (to be) with Shaytan!"

Yes, it is enough if Allah Almighty is saying, "O My servant! The Day of Resurrection the same questioning," (or) saying to you, "O My servant! Enough, no need any other question." Think on it! If your Creator asking you, "O My servant! I did My best to you! Do you think I did My worst to you? What are you thinking? I did My best to you, but do you think that you did your best for Me?"

That is the question! O pope, say to your followers! O chief rabbi, warn your people! O Muslim world that they're trying to be non-Muslims, running after western countries everywhere, and Muslim countries' people are saying, "We are asking to be westernized people." Ptuuh (spit) on you! Who asking to be westernized people and Allah granting to you highest honor, and you are saying, "We are leaving this and getting to be westernized people," what is their honor in the Divine Presence? If you are going to be a westernized people, what is your honor, what is your value in the Divine Presence? O pope, O patriarchies, O chief rabbis, whole rabbis, whole bishops, and particularly those Muslim `ulama! I am shouting to them, they're not opening their mouth to say, "We are Muslims, and we are only asking our Lord's pleasure with us, and His pleasure is only when we are following His holy orders!"

Where is Muslim `ulama? Where is Salafi `ulama? Where is Wahabi people (leaders)? Where is Afghani leaders? Where is Pakistan leaders? Where is Turkish `ulama? Why you are not warning your people? Allah likes us to be His servants, not democrats or capitalist or socialist or Shaytanist? Say! Coming some days now, after a few weeks coming something that going to be beginning of Armageddon! That means: ••••• •••••• ••••••• ••••••••• - inna batsha rabbika la-shadeed - Verily, thy Sustainer's grip is exceedingly strong! (85:22) Your Lord's anger coming on people; first on Muslim ones whom asking to be westernized people. They are leaving everything from Islam and bringing everything from non-Muslims or westernized people. We are not accepting! We are not accepting! Hah! Keep what we are saying now, O Muslims listeners, and also whole Mankind. What Allah Almighty calling you and will ask to you, "O My servant, do you think that I did My best for you?" What it will be your answer to your Lord, for your Creator??! ARE YOU NOT ASHAMING TO SAY, "We are saying that 'no god'! We are not going to be ashamed to say, 'We are atheist!'"
Are you not ashaming to say, 'We are atheists'?" What is that? O Muslim World, for what you are going to be 70 and more branches (according to hadith) saying of Sayyidina Muhammad (s), "My nation going to leave my way and they will be in (73) groups. The Lord of Heavens sending His holy orders through myself, and from my way only one going to be on right way."

When Allah Almighty asking them, 'Do you think that I did for you My best?' only one from 73 branches going to answer, 'Yes,' because all others leaving real way, that the Seal of Prophets (s) just had been ordered to declare that declaration of heavens to whole nations! Do you think that he was mentioning that one who will be acceptable? Paradise people—do you ink that they are going to be democratic people or liberal people

or socialist people or communist people or Marxist people or ape-ist... there is ape-ist also? (laughter)
O shaykh, there is new news, that people running after pig flu! They are occupied with pig flu and asking how to save themselves from pig flu. And one philosopher saying, “O People, try to be pigs, then you will be in safety because that virus knowing that you are pigs and never touching to you, no need vaccination!”
O my listeners, don’t listen to Shaytan! Shaytan saying, “We like pigs, you should be in safety!” Therefore, heavenly anger approaching. Approaching when Nimrod was waiting for fighting the armies of heavens, and he was asking from Sayyidina `Ibrahim (a), “Say where are the armies of your Lord! I am here!”
Sayyidina `Ibrahim (a) saying, “Be patient a little, another word... look, now coming. where they are coming?”

Then just appeared from horizon a small black shape, like black clouds, small one. Sayyidina `Ibrahim (a) saying, “My Lord’s armies coming so beware, keep yourself!” And Nimrod was very trembling and didn’t know what to do, looking, looking and surprising! (He was thinking,) “How is that armies of your Lord?” andafter a while he was asking again, “Where is armies of your Lord?” And when he looked, beginning sounds coming from the horizon, “Huuuuuuuuuuuuuuuuuuuuuu,” getting up more and more and more (louder), coming, now arriving to (Nimrod). First the sound was “Hu hu hu hu hu hu hu hu hu hu hu,” making their nervous system finishing! Then a trembling coming on his soldiers dressed in iron armors with their swords and arrows. Then coming this sound “Hu hu hu hu hu hu hu hu hu hu hu,” coming and filling everywhere. They were falling down without that reaching to them!

O People! I am a weak servant, but making Lord of Heavens to come to my ear the sound of Armageddon; that taking six (people) from seven and one remaining and six going away. wa maa dhaalika `ala Allahi bi-`azeez - and for Allah that is not difficult at all. (14:20)

O `ulama al-Azhar, O `ulama Hijaaz, O `ulama Madinah al-Munawwara, O Iraqi people, don’t do that explosions! Be quiet! Prepare yourself and try to make tawbah, repent to our Lord, O our Lord, say, O pope, that your Christian nations are inventing so many terrible weapons, and warn them don’t do this! O People! the Lord of Heavens never created you to be worst ones to each other, but He ordered to you to be best ones! Is it true? I am a weak servant; I am nothing and I am shouting! You must hear, you must listen, you must obey! Or coming, coming, coming Armageddon more than worst!

O People! Don’t think that I am shouting to you, no; to my ego, to my nafs I am shouting and warning, and

everyone may warn their egos because egos always with Shaytan and Shaytan always against Lord's heavenly orders. O People! Try what they are making me to say through this holy night, that from your Lord is written in Old Testament, New Testament, Psalms and Holy Qur'an, and whole prophets that have been granted heavenly orders, it is written (for them), and everyone knows that Allah Almighty will ask you:

"O My servant, I did My best to you, what do you think?"
(Answering,) "Yes, O our Lord, You did your best."
(And He will ask,) "You did your best for Me, or not?"

(If there is) nothing else through whole religions, only this enough! This enough only, to know from religions, from holy books, try to learn this and follow that command, that one day you will be in His Divine Presence and He is going to ask you, "O My servant, I did My best to you, or not?" Who can say, "No"?
(They must say,) "You did Your best for us."
"O My servant, tell Me, do you think that you did your best for Me?"
My listeners, where you are escaping you must listen this or heavenly anger approaching and taking away from every seven (people), six passing away and one remaining. You know! You know! You know! You know!

(Mawlana Shaykh sings.)

Dome, dome, dome, dome
Dome, dome, dome, dome
Dome, dome, dome, dome
Dome, dome, dome, dome
Dome, dome, dome, dome
Dome, dome, dome, dome
Dome, dome, dome, dome

O Muslims, you are never going to be saved in Divine Presence that when He asking you, "Do you think you did your best for me?" and you are saying, "O our Lord, we were making high buildings, skyscrapers and we did everything that western people did in their life; we are doing much more than them."

Through `ulama of Salafi, where is your amir? O mulook, O kings, O sultans, where is your nasihat, advising to hujjaaj and your people? And whole Muslim world, stop killing and try to prepare an answer when Allah Almighty asking to you, “O My servant, I did for you My best. Do you think that you did your best for Me?” no, nothing
1000s 100 books, no benefit if you cant say, “O My Lord, I tried to make my best for You!”
If you are not learned this, your life going to be suda, wasted, wasted, O People! This is a holy night and holy anger approaching and making me such a volcano, and I am so fearing from Allah Almighty’s blaming! O our Lord, forgive us, forgive us, forgive us!!!

Dome, dome, dome, dome
Dome, dome, dome, dome
Dome, dome, dome, dome
Dome, dome, dome, dome

I am reaching to 100, I am not asking anything from dunya, from kings or sultans, or other people, no no. My days going to finish, as well as your days going to finish. I am shouting and warning whole world people. No one can say against our word that granted tonight to speak to you. Allah Almighty will ask to you, “O My servant, I did My best to you. Do you think you did your best for Me?”

Finished! Write this down and learn it, or heavenly whip approaching and Armageddon on the doors. Tawbah yaa Rabbi, tawbah yaa Rabbi, tawbah astaghfirullah, tawbah astaghfirullah! For the honor of Your best one, forgive us and send us who can keep ourselves, your weak servants, on Your brightened way to make You happy with us, for the honor of most honored one (s).

Fatihah.
(45 minutes) It is OK. Subhanallah, astaghfirullah.

## Are You on True Steps?

Yaa Mawlay. Dastoor yaa Sayyiddee. (Mawlana Shaykh stands) Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah, `alayhi salaatullah wa salaamu `ala jami` al... As-salamu `alaykum, yaa Qutb az-Zamaan. As-salaamu `alayka, yaa Qutb al-Mutasarrif. As-salaamu `alayka, yaa `ibaadAllah as-saaliheen. We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.

O our Attenders! As-salaamu `alaykum! Fahimna yaa RijaalAllah. Fahimna warzuqna yaa Rabbana husnu 'l-adab, good manners.

O Salafi `ulamas! For what anbiya were sent? What was the real aim of prophets to be sent to people, to Mankind? So many people instead of asking for fahim, "understanding", people are asking for faham, "coal". We are trying, and our holy ones who are looking after us are trying to make Mankind understand.

O Salafi `ulamas! Marhaban! Today you are dressing in another coat and you are changing your eyeglasses today also, saying, "We must always follow new fashions. Old fashions just passed away, now we must follow new fashions." Congratulations to you that you are only understanding to look or to be seen as elegant. For what? For your ladies, but more important than your ladies, ladies that are `aaridoon wa `aaridaat, showing

their beauties to Mankind, to Man and you are following them to show yourself as so elegant. Even if you are dressing in an aabaa, cloak, you like that your very fashionable ladies look at you and see you in an appearance that you are followers of western society's high-life. You are not people living in deserts, because people in deserts, in the eyes of western people, are always downstairs, their levels are the lowest levels. Therefore, you are trying to change that understanding from western people that Arabs are also followers of every new fashion, daily.

Is it not true? Are you not looking to your people? Everyone is trying to be much more fashionable than others where you are living. Because the Lord, Allah Almighty, (Mawlana Shaykh stands) is opening to you khazaa'inu 'l-ard, treasurestores of the earth. What is khazaa'inu 'l-ard? Oil! Not olive oil, no, dirty oil! Opening dirty oil to you. Why opening dirty oil to some people? I am asking, that is a question. Because people like money, gold, and diamonds. Everywhere they are trying to put diamonds, rubies and every ornament to make their lives like the lives of Paradise people. Leave that bad understanding! The Lord of Heavens is not looking to your dressings or to your homes, or not looking at your tents that belong to mulook. They are trying to make everything a new fashion, because Allah Almighty granted to them that dirty oil. You are selling it and taking money and making high life with western fashions that they are saying, "High life," or they are saying, "Most fashionable life," and you are trying to follow daily fashions of western people whose aims are only to reach to material aspects. They are never interested in spirituality!

You are followers also, because Allah Almighty is giving to you that dirty water, dirty oil. And as long as that dirty oil is increasing, as much as it coming more and more, they are going to be more and more happy with that dirty oil. The punishment for those whose only interest is for oil, as holy ones are saying, when sakaraat ul-mawt, death throes are coming and they are looking and seeing themselves drawn towards an ocean that is only from that dirty oil. They are crying and shouting, and when their last breath is finishing, they are just falling in that dirty Oil Ocean. Amaan yaa Rabbee! That belongs to our spirituality and such people are blamed because they are Sufi people. Some of them, their veils are just opened and they are looking and seeing some of their last hours or last minutes when they are leaving this life, seeing that they are trying to save themselves from that dirty Oil Ocean.

O Salafi `ulamas! Beware, hadhir, warn mulook and shaykhs who have so many wells of that dirty oil! In the last moment they are going to be drowned in those dirty Oil Oceans up to the Day of Resurrection. O men and

women who have so much richness from Earth, dirty oil wells, you are only thinking what is the latest, new fashion to dress, new fashion cars, new fashion buildings, new fashion planes, new fashion eating, and new fashion lives. Beware! Allah Almighty is not giving you that for your egos' pleasure, no, as it is not a real pleasure. Real pleasure is when you are taking that dirty oil and not wasting it for shaytanic purposes!

O Salafi `ulamas! Why are you not warning people? I am never hearing such things that you are warning your people. You are living in a desert but under that Allah Almighty is making dirty oil oceans. Therefore, I am speaking to shaykhs who are asking to wear the best dressings, most fashionable dressings that people may look at them. One pair of clothes for one poor one may be enough for one year's living. Allah Almighty is saying every time, la`allahum yatafakkaroon, "That perchance they may reflect." (Al-A`araaf 7:176) You must think on what they are making me to speak. That means the Lord of Heavens is giving you a chance for understanding and that chance you can only reach with your thinking.

O rich ones, shaykhs, mulook, and other ones who have billions or trillions! You must know that today you are approaching your lives' end by one more day, and death is not looking if you are malik, or if you are minister, or if you are shaykh, or if you are wives of mulook, or you are the richest ones' wife, no! Today is coming to be one day less. You approached now, and your life is going to end and it is just an appointed number that you will be in this life, only one year, ten years, twenty years, eighty or ninety years, then finishing. Therefore, everything that a person is going to eat, drink, breathe, and the time that they will be living ones on this planet is just prepared. So why are you not saying such things to people, O Salafi `ulamas, and warning them that when a person's last moment is reaching, according to heavenly knowledge from holy ones, there are four angels coming before that one is prepared to leave this imitated or temporary life, and that one's last moment is like a drunk one for preparing for death, to leave this life, because it is going to be finished and to be taken for aakhirah, the Next Life.

First of all, such knowledge is reaching me that this veil is going to open and that one's eyes are going to be fixed to one point, not looking at his wife, at his children, his gold, or his business, no! Never looking to his dunya, only looking upwards, and one angel is appearing to him saying, "O `AbdAllah! I am one angel ordered to bring everything that you ate in your whole life and I am looking now in the east and west, and nothing is remaining for your sustenance; finishing, no more sustenance remains for you," then passing. Then a second one is coming, "As-salaamu `alayka yaa `AbdAllah! I am the angel appointed for drinking,

but no drop remains for you to drink. Try to be ready to leave this life." He leaves and another one comes, saying, "As-salamu `alayka, yaa `AbdAllah! I am appointed for your breathing, but no more breath remains for you." Doctors may put medical instruments inside you to make you breathe, but that is false! That angel leaves and a fourth angel comes, saying, "As-salaamu `alayka yaa `AbdAllah! I am that one looking after your ajal, life span, and your life is just finishing; there is no more time for you to be alive on this planet." Then they are leaving, and the Angel of Death, Azra`eel (a) comes and takes you away!

O rich ones, majestic ones, ministers, and shaykhs! Beware! That moment is approaching to everyone. Therefore, you must try to do something good to make your Lord pleased with you. Don't try to make your egos to be pleased with you but try to make your Lord pleased with you. If you are making your Lord pleased with you, you are going to be welcome on the last moment, "Welcome!" If not, you are never going to be welcome. What are you going to do? Salafi `ulamas, why are you not saying in Jumu`ah khutbah to Mankind? You are only saying, kullu muhdathatin bida` wa kullu bida` tun dalaala wa kullu dalaalatan fi 'n-naar, "every newly-invented thing is an innovation and every innovation is misguidance and every misguidance is in the fire."

Why are you not saying this, for people to take their care, for their Lord be happy with them and pleased with them? Leave that and say this! Who is understanding this is never running to do something against heavenly orders! Why are you not saying, "Peoples' buildings, peoples' titles, airplanes, eating, dressing, understanding, lives, and all of them are against Shari`atullah," why are you not saying? You are only saying, "It is bida` to say laa ilaaha illa-Llah, laa ilaaha illa-Llah in dhikr." Wahhabi people are never understanding anything, and light is also taken from their faces!

May Allah forgive us and send us someone to make clear our ways to Allah and to make us to be prepared for our Eternal lives! Try to reach Eternity! Eternity, Eternity! Such a beautiful word, Eternity, Eternity! If you are losing that, you are never going to be granted another chance for Eternity, you are going to be thrown away! May Allah forgive us. May Allah correct our steps.

O People! O Salafi `ulamas! Why are you not saying that Allah Almighty is saying, "O My servants, use qadama sidqin, true steps." Which one of you claims to use true steps?

O Salafi `ulamas! khif Allah! O gigantic appearance ones, Wahhabi people! Are you claiming your steps are

true? Say, and I may follow you! Astaghfirullah. yuassir ahwaalanaa, May Allah make our affairs easy.

Fatihah.

Dome, dome, dome, dome 12x

(40 minutes) Because today they are playing, no-mind people! From our attenders there are so many no-mind people who prefer to go and enjoy themselves for weekend pleasures and a few ones are leaving, but we hope that they are looking when they are coming back from shaytanic pleasures. They may look and they will be repented. Astaghfirullah. Allah, Allah. Tubtu wa raja'tu ila Allah, "I repented and turned again to Allah."

(Mawlana Shaykh prays two rakaats Salat ash-Shukr)

## Armageddon

Grandsheikh said that before Mahdi, aleyhi salam, comes Armageddon should come. Armageddon. It is the last and biggest battle in history. After that there will be no more war. Mahdi, aleyhi salam, is coming. And Dajjal, the Anti-Christ, the Anti-Christ is coming, and for forty days he and his followers will run from East to West; they are going to be in every city or town. He is going to pass through every place where mankind lives and call them to be his servants, and he is going to claim that he is their Lord. Forty days. The first day is going to be like one year. The second day is going to be like one month, the third day is going to be like one week, and after these three days the remaining thirty-seven days will be normal days. Then Dajjal is going to have been all around the world, and finally he will come to Damascus, outside Damascus; towards the north-east, in the direction of Aleppo where there is a huge mountain. He arrives there, after going around the whole world, and Archangel Gabriel puts his wing in front of him when he comes, and he will look up and it will be without end, and he will look down and he can't see. He will see it as a wall in front of him, a huge hinderance, and he is going to say to his armies: We have reached the end of this world. Beyond this there is no more mankind. Now the whole world is under my Command, and I am your Lord!

Then Allah Almighty orders Sayyidina Isa, Jesus Christ, to come down. And Jesus Christ has one Angel on this side, and one Angel on the other side, and he descends to the east minaret of the Ummayyad Mosque. It is the time for fajr, and Mehdi, aleyhi salam, peace be upon him, is going to the mihrab to be imam. And just

at this time Sayyidina Isa comes down and walks; Sayyidina Isa is a very handsome one, so handsome that you can't look at him. White and red turban, he has a turban on his head, and he is carrying a sword. And he is sweating because, Sayyidina Isa, masha'allah, he has just come from the Heavens. And Sayyidina Mehdi, aleyhi salam, comes back and asks him to be the imam. But Sayyidina Isa says...he is going to say: No. The Seal of Prophets, your Prophet, and our Prophet, said on the day I come from the Heavens to earth, that you should be the imam. Therefore you are the imam today. I will pray behind you. So Mehdi will pray, fajr prayer, and Isa, aleyhi salam, prays with him. I hope to be with those people. I am asking Allah Almighty that I may be with them for this. After finishing they leave the mosque, and the armies of Islam run from the east entrance of the mosque, and go from there, to the St. Thomas Arch. They will pass through that entrance from the time of the Romans, and go to fight the Anti-Christ. And when Dajjal smells the scent of Sayyidina Isa, he is going to melt, to melt. Melting. As sugar melts, he is going to melt. And Isa, aleyhi salam, when he reaches him, he never killed anyone, Sayyidina Isa, not even an ant, but he will kill him, he will run to him, attack him, and with his sword he kills him, cutting him in two pieces. And everyone of his followers will be killed, to be cleaned.

The time is approaching. The time now approaching is a preparation for Mehdi, aleyhi salam, and for the Anti-Christ and for Sayyidina Isa, peace be upon him. It is approaching. Therefore the authority that Allah Almighty granted to people to carry them more to their Lord, but which they use for opposite purposes, they use technology against the Lord of Heavens, and they fight against Allah Almighty's orders; therefore now, first of all that authority that was granted to them, this electricity will be taken from them. It is not only taken from earth, through computers, but from the sun, waves, magnetic waves will come and, like a hoover take away all electricity, and I fear that it is going to affect our bodies, that there will also be some electric waves on our bodies. So many people are going to die from that, because it is taken away. Only those who are protected, people with heavenly protection, those who are under protection, will not be harmed, no harm can come on them.

Therefore days are running so quickly and approaching this time. Subhanallah. Tonight is the eighth night of Ramadan, so quickly passed, and there are only fifteen days to the Millennium. Millenium, fifteen days...And you should find yourself in another world. In other unknown conditions. Such conditions that no-one now can anticipate. But everything that is against Heavenly Laws must come down, must finish. Don't hope that

someone is going to correct these things (computer problems?). No. And even if they are corrected, these waves are coming and will never leave anything on earth.

And I heard from our Grandsheikh that Mehdi, aleyhi salam, will say: Allahu Akbar! Allahu Akbar! Allahu Akbar! Then everything of technology, if something remains, will be finished. Nothing. And with the second takbir comes another power, that has never been used on earth from the beginning up to today. Nature is going to be under that new authority and working for believers and the followers of Mahdi, aleyhi salam, and Sayyidina Isa. That is going to be like paradise. But this time into which we are now coming, is most terrible, a dangerous, horrible time. Perhaps it will be after Ramadan, in Shawwal, or Dhul Qada, or Dhul Hijja, or Muharram. Perhaps in four months, perhaps six months, but I don't think that it will wait for next Ramadan. It is so close now.

We hope that Allah Almighty grants us a good faith. Everyone harming mankind should die. Everything hurting people must be taken away. No weapons will work. They will be finished. Only swords that will come from heavens. Heavenly swords, not from the earth, no.

Allah, allah, allah, allah, allah allah, 'aziz allah, ... karim allah, ... subhan allah, sultan allah.

Let us, oh our Lord, be for You only, for Your Divine Service. To be in Your Divine Service. Let us to be from them.

Amin. Dua, Fatiha.

# Armageddon

Großsheikh sagte, daß bevor Mahdî, der Friede sei auf ihm, käme, Armageddon sein wird. Das ist die letzte und größte Schlacht, über die in der Geschichte berichtet wird. Nach diesem wird es keinen Krieg mehr geben. Denn Mahdî, der Friede sei auf ihm, kommt, und Dajjâl, der Antichrist. Der Antichrist kommt: Und sie sollen von Osten nach Westen laufen, werden in jeder Stadt und in jedem Dorf und überall dort sein, wo Menschen siedeln. Er wird vorbeikommen und die Menschen aufrufen, seine Diener zu sein. Und er wird behaupten, ihr Herr zu sein. Vierzig Tage lang.
Der erste Tag wird sein wie ein Jahr. Der zweite wie ein Monat, der dritte Tag wird wie eine Woche sein, und nach drei Tagen ... sind es siebenunddreißig Tage, normale Tage. Dann wird Dajjâl überall in der Welt sein und schließlich nach Damaskus kommen, aber außerhalb von Damaskus, gegen Nord-Osten hin, auf dem Weg von Aleppo. Dort ist ein gewaltiger Berg, er wird bis dahin kommen, nachdem er durch die ganze Welt gegangen war. Und wenn er kommt, stellt der Erzengel Gabriel seinen Flügel vor ihm auf. Schaut man an ihm hoch, sieht man kein Ende, schaut man nach unten, kein Ende.

Es ist wie eine Wand vor ihm, ein gewaltiges Hindernis. Und er wird seinen Armeen sagen: „Wir haben gerade das Ende dieser Welt erreicht. Jenseits gibt es keine Menschheit mehr. Wir haben die ganze Welt unter meinen Befehl gebracht, und ich bin euer Herr."

Dann wird Allâh der Allmächtige Sayyidinâ 'Îsâ, Jesus Christus, befehlen, hinabzukommen. Und Jesus Christ, ein Engel von dieser und ein Engel von jener Seite, kommt auf das östliche Minarett der Omayyaden-Moschee.

Es war die Zeit des Fajr-Gebets, und Mahdî æ, der Friede sei auf ihm, ging gerade zum Mihrâb, um Imâm zu sein. Und gerade zu dieser Zeit kommt Sayyidinâ 'Isâ herab und geht herum. Sayyidinâ 'Isâ ist so schön, man kann ihn nicht ansehen. Rot und weiß, mit einem Turban, einem Turban auf dem Kopf, und auch einem Schwert. Und er schwitzt, Sayyidinâ 'Îsâ, mâshâ'llâh, er kommt gerade von den Himmeln. Und Sayyidinâ Mahdî, der Friede sei auf ihm, tritt zurück und fordert ihn auf, Imâm zu sein. Aber Sayyidinâ 'Isâ sagt: „Nein."

Er sagte: „An dem Tag, da ich von den Himmeln auf die Erde komme, soll Imâm einer von euch sein, vom Siegel des Propheten, eurem Propheten und unserem Propheten. Deshalb bist du heute Imâm. Ich bete hinter dir."

Und er geht zum Gebet, dem Fajr-Gebet, und 'Isâ, der Friede sei mit ihm, betet mit ihm.

Ich hoffe, mit diesen Leuten zusammen zu sein. Ich bitte Allâh den Allmächtigen, mit ihnen zu sein, für dies.

Und wenn sie, da sie geendet haben, von der Moschee weggehen, laufen die Armeen des Islam vom Ost-Eingang der Moschee los, und sie gehen von dort, dort ist der St. Thomas Bogen. Es ist ein Eingang aus der Zeit der Römer. Sie passieren dieses Tor und gehen auf den Antichristen los, um ihn zu bekämpfen. Und der Antichrist wird, sobald er den Duft von Sayyidinâ 'Îsâ riecht, geschmolzen werden. Er schmilzt. Er schmilzt. Wie Zucker schmilzt, so ist er im Begriff zu schmilzen. Und 'Îsâ, der Friede sei auf ihm, Sayyidinâ 'Îsâ, erreicht ihn. Niemals tötete er irgend jemanden, nicht einmal eine Ameise &endash; aber er tötet jetzt: Er läuft auf ihn zu, greift ihn an und tötet ihn mit seinem Speer, macht aus ihm zwei Teile. Und alle, die ihm gefolgt waren, werden getötet werden, gereinigt werden.

Jetzt kommt die Zeit näher, die Zeit kommt näher, es ist eine Vorbereitung auf Mahdî,der Friede sei auf ihm, und den Antichristen, und Sayyidinâ 'Îsâ, der Friede sei auf ihm. Die Zeit kommt näher, daher wird die Autorität, die den Menschen von Allâh dem Allmächtigen gewährt wurde, damit sie sich ihrem Herrn nähern, weggenommen, denn sie benutzen sie zu gegenteiligen Zwecken. Sie benutzen die Technologie gegen den

Herrn der Himmel, und sie kämpften gegen die Befehle Allâhs des Allmächtigen. Deshalb wird jetzt zuallererst jene Autorität genommen, die ihnen gegeben wurde, diese Elektrizität.

Es ist nicht nur von der Erde, Computer betreffend, sondern von der Sonne geschickt: „waves", Strahlungen, „magnetica". Strahlen kommen und nehmen, wie ein Staubsauger, die gesamte Elektrizität, und ich fürchte, daß sie auch auf unsere Körper einwirken, daß einige elektrische Wellen auch auf unsere Körper kommen.

So viele Menschen werden daran sterben, denn sie werden hinweggenommen werden. Nur die, die beschützt sind, vom Himmel beschützt werden, sie werden unter Schutz stehen, und kein Schade kann auf sie kommen.

Therefore: Die Tage gehen so schnell vorbei und kommen näher. Subªânallâh. Bis heute nacht ist schon der achte Tag des Rama¡ân so schnell vergangen, und es sind nur noch fünfzehn Tage bis zum Millennium. Millennium ist in fünfzehn Tagen.

Und ihr werdet euch in einer anderen Welt wiederfinden. Unter anderen, unbekannten Bedingungen. So daß niemand jetzt erwarten kann, was geschehen wird. Aber alles muß untergehen, was gegen Göttliche Gesetze ist, es muß untergehen, muß enden.

Hofft nicht, daß jemand diese Dinge korrigieren wird. Nein. Und selbst wenn sie korrigiert werden, so werden diese kommenden Strahlen nichts auf der Erde zurücklassen.

Und ich hörte unseren Großsheikh sagen, daß Mahdî, der Friede sei auf ihm, sagt: „Allâhu akbar, allâhu akbar, allâhu akbar." Genau dann wird, selbst wenn etwas von der Technologie übriggeblieben wäre, es beendet sein. Nichts mehr. Und beim zweiten Tekbir kommt eine neue Kraft, die niemals zuvor auf der Erde benutzt wurde, von Anbeginn bis jetzt. Diese Natur wird unter dieser neuen Autorität sein und für Gläubige und die Anhänger Mahdîs, der Friede sei auf ihm, und Sayyidinâ 'Isâs, arbeiten.

Das wird wie das Paradies sein. Aber diese Zeit, in die wir jetzt kommen, ist die schrecklichste, gefährlichste, furchtbarste Zeit. Vielleicht wird es nach Rama¡ân sein, Shawwal, Dhul Quada, Dhul Óijja, Muªarram, vielleicht in vier Monaten, vielleicht in sechs Monaten, aber ich glaube nicht, daß es bis zum nächsten Rama¡ân dauern wird. So viel näher ist es jetzt.

Wir hoffen, daß Allâh der Allmächtige uns guten Glauben gewährt. Alle, die der Menschheit schaden, werden

sterben. Alles, was Menschen verletzt, muß hinfortgenommen werden. Keine Waffen werden mehr funktionieren. Ende. Nur Schwerter, die vom Himmel kommen. Himmlische Schwerter, nicht von der Erde, nein.

Allâh allâh, allâh allâh, allâh allâh, 'a

## The Great War, Armageddon

(..weak audio...) A`oodhu billahi min ash-Shaytaani 'r-rajeem. Allah, Allah ... yaa RijaalAllah. He is coming from Africa to meet Grandshaykh (q), but he passed away. I am inheriting his cape. ... come down ... he was signing to ... Kenya. Kenya, yes. O yaa Rabbee, madad yaa Sultan al-Awliya. Tariqatuna as-suhbah. Grandshaykh said the main pillar of most-distinguished Sufi Order is Sayyidina Shah Naqshband (q). May Allah bless you! The Naqshbandi Order is standing up like a staff, and our Grandshaykh (q) is the last and complete, Allah's blessings on him. We hope that we will meet him here, before the Hereafter.

Coming is `asrul-ajaa'ib wal-gharaa'ib, the time of mysteries and wonders; ghufran, Sayyidina Muhammad (s). This is up to the time of Mahdi (a) and will be on sunnatullah, natural laws or rules. It was only for prophets and saints, saying time-by-time they were cutting that and showing qudratullah, the Heavenly Power. Ordinarily no one was using it except prophets when they called people to believe in them. People asked them, “What is your proof that you have been sent by Allah Almighty?” And then Allah Almighty authorized them with miraculous power that belong to Heavens, khaariqan lil-`adaat, "breaking the usual." But in the 20th century awliya were enabled and they were using that miraculous power. After the second World War, it is finished; only one, Grandshaykh (q), was using it.

One must be always trying not to be hopeless; one must be clear. Sayyidina Mahdi (a) is Saahib al-Karamaat,

"Master of Miracles." He will use all miraculous powers; natural rules will end, all the usual rules will break, and unusual powers will come. The first to break will be technology, making it rubbish and throwing it in the ocean because Mankind is too proud with technology and trembling! Huuuuu. That time now is reaching, and when a great war begins it will carry up to Mahdi (a), known as "Armageddon" in other holy books. When it begins that miraculous power, all authorized awliya will begin to use that power. I was there and Grandshaykh said something about that power and good tidings for people. Everyone who wears a turban, nothing (bad) will come on him, finished!

O People with heavenly turbans! It is impossible, even if bombs fall like rain, they will never come on him! No one can be touched by Armageddon if he is wearing a turban. Angels and jinn will give directions to destroy huge weapons. They are saying the Patriarch is bringing it down, and second will be Russians, (then) the Scots. Yes, it is true. Understanding? It will be protected, everyone. If you fear, a beard is not enough, shalwar is not enough, but the turban, the crown of Prophet (s) is enough! For ladies, hijab will protect them, but women and men with uncovered heads will go away. Who wears a turban can't be touched, not by a bullet or anything (to injure him). He will be protected and surrounded with heavenly powers, because heavenly powers will be enabled from the beginning of Armageddon. Qudratullah will be enabled at the time of Mahdi, (a), may Allah grant to you at this time. All sahaabah (r) were asking, and after them all awliyas are asking to be in the time of Mahdi (a), but it is passing through a very difficult tunnel. You can't imagine the fear and the terribleness of that tunnel through which people pass to reach the time of Mahdi (a)!

Now step by step, the whole world is approaching what Grandshaykh refers to as "the Great War of Armageddon." It will happen suddenly when people are speaking of peace, and I was wondering, when will be the time of peace? If we are saying our time is in peace, nothing happens. So many things are going on, but how will it be? Now I understand, before the Iraqi Gulf War started, people were talking about and hoping for peace, but that big war came suddenly and no one could prevent it. Suddenly, every balance is going to be changed. Suddenly, every idea for peace is going to be changed into war. Suddenly, people's minds are going to be changed towards war. Suddenly, the hearts of people are going to be prepared for war! Muqallib al-quloob, who is looking after the hearts of servants, in a second changes the hearts of all people, and it will be what the Seal of Prophets (s) said about it; this world will be changed and people will be renewed. Everything needs renewment and that renewment will come with Mahdi (a)!

Soon all things are going to be prepared. Therefore, I am looking after `Eid to the month of Shawwal, at what will happen in Shawwal, Dhul Qa`dah, Dhul Hijjah, up to 10th Muharram. If the Divine Order is coming on 10th Muharram, Sayyidina Mahdi (a) must come! And so many people are just delivered from here to the Hereafter, billions will be transferred and a new generation is coming. Once Grandshaykh showed me at night a view he was attending for a ceremony somewhere. And in front of him was passing someone new, with a short beard, young people by the millions. He said to me, "O my son! These are those whom you will reach, to look after them, mostly from Russia." They are blond people, and I watched them. "They will be saved, blessed, and protected. They are coming to be for Mahdi (a)." Then I understood that those growing up to twenty years old, mostly they will be protected. After that, up to thirty years old will be half protected; up to forty years old a lot of people will be protected; after reaching forty years of age, mostly men will be taken from that generation, not women.

What I mean to say is, renewment is coming and all people after forty years, mostly their minds and their hearts are occupied by shaytanic ideas and they have no more good attributes or characteristics, which is difficult to change. Therefore, they will be transferred to akhirah, to the Next Life. Only who have been changed, and who keeps the ways of tariqahs will be protected and will be with Sayyidina Mahdi (a)! But mostly new ones and youngsters will be protected, as no account is written for them up to twenty years; they remain clean.

May Allah forgive us and clean us! Cleanliness is a main condition for being protected. Dirty ones will never be protected as they are put in the dustbin and taken away. Try to be clean ones with clean minds, hearts, bodies, tongues, work, and clean intention! If not, like garbage, you will be taken away. Who becomes unclean cannot be at the time of Mahdi (a), when there will be no more unclean people; only there will be Paradise people at the time of Mahdi (a) and no more Hell's people, finished! May Allah grant you to be Paradise people, and forgive me.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Ilaa sharafan Nabi...

## The Armies Of Islam

O beloved brethren of Shah Mardan. Greetings of peace should proceed any speech. Peace be upon you! Greetings of peace are a dress of honor granted to the believers by Allah Most High who bears the majestic Name as-Salam. "As-salamu 'alaykum" dresses the believers the moment they say it in a robe of safety. For that reason, to offer one another abundant greetings of peace provides strength to our physical being, strengthens our faith and increases our love and affection.

As-salamu 'alaykum, o attendees. Who is present in this assembly? O beloved brethren of Shah Mardan. It is the one, who serves as the ideal blueprint for all believers, it is Shah Mardan. His path is the general path of believers. His path, Shah Mardan's path, is the path suitable for all believers. The beginning of this path is "Bismi-Llahi r-Rahmani r-Rahim". Pronounce the noble Basmalah and every action becomes effortless and easy. Let us listen to the wonderful sayings of Shah Mardan! Those who love him, those, who want to be his close companions, are lions keeping the company of a lion. Who runs with the foxes is a fox. Who runs with the wolves is a wolf. Who runs with the foxes is a fox. Who runs with the dogs is a dog. What befits man is the company of lions. The one representing the lion in the age of our distinguished Master, the Prophet, was the noble 'Ali, Shah Mardan. And this is valid for all times. His attribute of being a lion remains unaffected by age, he is a young, youthful lion.

If he attacks, setting his foot on the ground, Shah Mardan's footstep reaches from the place of sunrise in the Hijaz to where the sun sets in the West. Such an ocean of spiritual power. Where does he take it from? "Bismi-Llahi r-Rahmani r-Rahim", which Allah, the Majestic, presented to our noble Master. "Bismi-Llahi r-Rahmani r-Rahim", that's where he takes it from. We belong to his beloved brethren, we are among his lovers and love his way. Welcome, Shah Mardan, the

realm is all yours. From the beginning of this world til its end, this realm is all yours. Ma sha' Allah, la quwwata illa bi-Llahi l-‘Aliyyu l-‘Azim. Let's say "Bismi-Llahi r-Rahmani r-Rahim". Opening everything, unlocking every treasure: "Bismi-Llahi r-Rahmani r-Rahim". Who is a true believer? The one, who says, "Bismi-Llahi r-Rahmani r-Rahim". Who doesn't say it is no true believer.

Of this life, there are two kinds. Madad, o Shah Mardan. For mankind in this world there is a good life or a bad life. There is a good life or a detestable life. O human being, endowed with intelligence, o beloved brethren of Shah Mardan, Listen, understand and put it into practice. Listen well, o foolish ones! Those staying far from the circle of Shah Mardan's assembly outwardly appear to be human beings but in reality they have turned into animals. Become a human being! When you came into this world, the Lord of Might clad you in a robe of highest honor. The dress in which man was clad, no other creation was dressed in it. All other creatures walk on four legs, except for man who walks upright. Man represents in his stature the shape of the arabic letter "Alif". Man is like the letter "Alif". What does this point to? It points towards heavens as well as bearing witness to the majestic Lord of Might's absolute Singularity and Oneness. With our upright posture we continuously bear witness.

With every step our stature of standing upright on our feet bears witness. But the heedless ones can't understand this. They quarrel without end, demanding to be counted among the category of quadrupeds; heedless people who quarrel over this world to be accepted in the category of quadrupeds. Don't be a four-legged animal! You possess an honor. "Wa fi s-sama’i rizqukum wa ma tu’adun" (and in the heaven is your provision and that which you are promised) (51:22) Isn't it? "Your provision", He says, "is in the heaven." He sends it down. While the provision of animals comes out of the ground. Part of the perfection of man is that his provision is sent down from heaven. Who is addressed with "and in the heaven is your provision"? The son of man. Don't rush about, "how will I make a living"? Don't fall into despair, "What shall I eat?" "Wa ma khalaqtu l-jinna wa l-insa illa li-ya’abudun" (and I created the jinn and mankind only that they may worship Me) (51:56)

"Ma uridu minhum min rizqin wa ma uridu ‘an yut’imun" (I seek no provision from them, nor do I ask that they feed Me.) (51:57) "I have created the sons of man as well as the jinn for My servanthood, to engage in service to Me, to gain honor. "In heaven is your provision and that

which you are promised. "Don't sleep! O beloved brethren listening to Shah Mardan, how beautiful you are! How clean you are! How intelligent you are! They are the ones, who are intelligent. Who is intelligent? The ones who believe in Allah. Who is stupid and disreputable? Those who are in denial. They are below the level of animals. "Ula'ika ka l-an'am bal hum adall "Those are like cattle; they are even worse (7:179) "they are even worse!"

O human being, "Iqtarabati s-sa'atu wa-nshaqqa l-qamar" (The hour is drawing near and the moon has been cleft in two.) (54:1) O people, Judgment Day has come near, the moon has been split. Does the moon split? By the order of Allah it splits. These little men, these midgets of our age, don't appreciate any spiritual power. They don't use their comprehension in a way that befits their rank. The people of this age tread the path of the lowest of creatures. Chasing after carcasses they are eager to grab a bone or some kind of fodder. O human being! Allah, the Majestic, invested man with such lofty appearance that the noble angels were baffled. "I will make him My representative on earth", He said. Such a beautiful appearance He awarded Adam and his children, that all creation was baffled. Even the angels were baffled.

O adherents to previous scriptures! Is this not written in your books? It's written, read it! According to your beliefs, o you, who believe in the prophet 'Isa (Jesus), he, the prophet 'Isa, called you to Allah. How did he call you? "He rang the church bells." Allah Allah! Did the prophet 'Isa ring the church bells? Did prophet 'Isa ever in his lifetime ring the church bells? Where did these church bells come from? Tell me! Let his Excellency, the Pope, explain it. What is religion? What is faith? Who is a legally accountable person? Amongst all beings created by Allah, man holds a rank even higher than the angels. Such is the value of man. Are you declaring this? "Yes, we declare the sanctity of the human being." But declaring the sanctity of the human being does not belong to those things man is authorized to do. Granting the human being sanctity is something that comes from heavens. A man we have appointed cannot grant us sanctity. Who granted him sanctity? Meaning, "who made him sacred?" Sacredness comes from heaven. Man on earth cannot award sacredness. Only those exceptional personalities who receive heavenly orders can declare the sanctity of man, invest him with sacredness. Our fake titles cannot award sacredness to people, nor does ringing church bells lead mankind into an ambience of spirituality. Say it, o his Excellency, the Pope! So many people look up to you. Can you only chat about petty things every day? Let him say it.

Today is a new day. If there are any possessors of power, holding sanctity and sacredness in their hands, let them address the people. What will be the first words of their address? "O man, say 'La ilaha illa-Llah' and give to the King of Messengers, the one holding the highest rank among all prophets, Allah's Beloved, the right he deserves, which is 'Muhammadu r-Rasulu-Llah' (may Allah bless him and grant him peace), he, who was an orphaned child, a boy who had no parents, an orphan who had lost his mother as well as his father. He had never even seen his father, and in his early childhood, at the age of seven, his honorable mother, the blessed Lady Amina, who had given birth to Muhammad (Allah bless him and grant him peace) left him also. Think about it, o western people! In the Arabian deserts 1500 years ago an orphan boy appeared in this world, came forth into the public view. "Come on, are there no other people in this world?" Those great men, who think they are great or struggle to be considered great, are nothing but fools. They themselves are fools, who in their foolishness are trying to fool other fools by showing off how great they are. Idiots! Well, real greatness is sent down from heaven. Greatness does not come out of the ground. The robe of real greatness descends from heaven and Allah, the Majestic Exalted, dresses whom He wants with it. O people of this world, O you, immersed in confusion! From the middle of the Arabian desert - just think about it - deep inside the Arabian desert appears an orphan boy, an orphan, and he grows up. His honorable mother and his father even earlier had been taken up into the realm of the divine dominion. His honorable mother was taken when he was six years old, wasn't she? And he remained an orphan child.

Watch out! O mankind, confused by Shaytan puffing you up with pride! There was this child, left behind as an orphan, who grew up and became known among his own people as Muhammad as-Sadiq (the truthful) (upon him be peace). Until he reached the age of forty (everyone said,) "O truthful youth", about this man who never spoke a lie, Sayyidina Muhammad (may Allah bless him and grant him peace). "So what's the news?" "Did he possess sacredness?", we ask. I am asking the Christian world, those who say, "we believe in the prophet ‘Isa." Prophet ‘Isa said "wa mubashshiram bi- rasulin ya’ti min ba’di" (I am bringing good news of a messenger who will come after me) (61:6) He, the prophet ‘Isa, came to bring the good tidings of "a prophet who will come after me". Yes. That child in the desert, who at seven years became an orphan, having lost

both his parents. Think about it, o mankind! If he did not possess sacredness, could his words and the Majestic Qur'an, which was revealed to him have shaken the whole world?
Tell us, his Excellency, the Pope! Show us the right way! If you don't show it, we'll help you into your shoes. Sacredness is not something distributed by popes. This gesture does not award sacredness, nor does ringing the church bells. He should give sincere advice every day. If there is a man on this earth, he should give advice to these people daily It is from the Sultan of the path of Allah's Beloved, Shah Mardan. He is authorized to speak. He is able to address and on his behalf I am admonishing mankind. "Be careful!" "Does the Shaykh know English?" Well, he does. Is it something, to know English? Does it earn one any rank? If he knows seven languages, maybe you know seventy languages. If you don't know the language of the Qur’an, all this has no value. There is the barking of the dogs, the dogs have their language. Cats have their language. Wolves have their language. Elephants have their language, even snakes have their language. There is no creature without a language, because everything praises Allah.
"Wa in min shay’in illa yusabbihu bi- hamdih" (There is not a single thing that does not proclaim His praise) (17:44) Isn't that the verse? Each creature praises the One who created it and expects divine favours from Him. So don't put yourself in the place of God! Shaytan put forward his demand, "I want to be master of all creation." He was told, "You can't, you can't be that one. He is to be the sultan of the descendants of Adam, whom I have made My representative. From where does this honor of being representative come? From the Master of all creation (may Allah bless him and grant him peace). "Wa idh qala Rabbuka li l-mala’ikati (When your Lord told the angels) inna ja’ilun fil-ardi khalifa" (verily, I am setting on the earth a khalifa)(2:30). These are eternal words.
O scholars of al-Azhar, don't doze! Ayqaz! (Wake up!) Don't doze, say it! Allah didn't say "khulafa’a - viceregents but "inna ja’ilun fi l-ardi khalifa." "Ardu-Llahi wasi’a" (Allah's earth is spacious) (39:10) There is a "harfu t-ta’rif" which generalizes, and there is also one, which makes definite, particular. He mentions "khalifa" with "alif lam", making him particular, one person. Not all people are "khalifa", no. "I am setting on earth a vice regent." "fi l-ardi - ardi", what is the earth which Allah, the Majestic, mentions? Is it this world? That one, whom Allah, the Majestic created with His power and who was made Allah's representative for however many creatures there may be, that seven year old child from the unknown deserts. He explained it. O

people, say, "La ilaha illa-Llah", jalla Jalaluhu, as well as, "Muhammadu r-Rasulu-Llah" "O My beloved servant, O my beloved, say it. Your saying 'La ilaha illa-Llah' is perfect, I will perfect it for you - you should say, wa Muhammadu r-Rasulu-Llah, wa Muhammadun Habibu-Llah, Muhammadun Safiyyu-Llah, Muhammadun Karimu-Llah'", At your service, O Sayyidiyi Rasula-Llah (may Allah bless him & grant him peace) O scholars of al-Azhar, explain to us "Inna ja'ilun fi l-ardi khalifa". Explain to us its meaning.

Inform those headless people and the ones ruling over them. You've made bad blood, claiming "you are great" and "I am great", but there can be no greatness for you. Greatness belongs to the one, whom Allah Almighty dressed with greatness and who is able to carry it, our most honorable and excellent Master (blessings and peace be upon him), the Master of all creation. That Master of all creation is not only the master of this world, but the master and sultan of all and everything that was created.

Welcome, o Shah Mardan, how wonderful is your explanation! O you, who standing upright on his legs resembles the letter "alif", don't forget, that you represent the initial letter of the beautiful Name of Allah, the Supreme, exalted in His Highness! It is not fitting for you to be like animals. What befits you is to be like angels. You were created between the two, animal as well as angel. The animal side is our egotistic aspect. Sacredness lies in the spirituality of our souls. You must know, that complying with your ego will turn you into an animal. While by adhering to your spirituality, your spiritual side will lift you up to the realm of divine dominion. You'll reach the realm of divine dominion, where you'll realize the true rank of humankind and comprehend your honor.

Religion does not work by ringing bells! Lift up the soul and call out, "Allahu akbar, Allahu akbar! La ilaha illa-Llah, wa-Lllahu akbar, Allahu akbar, wa li-Llahi l-hamd." Say it! If you don't say it, persisting in your religion, an affliction will appear. They'll cut your faculty of speech, until, on the day you die, you'll leave this world with your tongue cut completely. If you want to keep your tongue, say "La ilaha illa-Llah Muhammadu r-Rasulu-Llah". Say it! "I am setting on the earth a khalifa", He said. He didn't say "khulafa'a". O scholars of al-Azhar, o scholars of Damascus, o scholars of east and west, listen, understand and enter the path of Allah's vice regent, the Sultan of all prophets. Allah Most High, exalted in His Majesty, declared, "wa mA ana bi-zallimin li l-'abid."- and I am not unjust to My servants. (50:29) "I am not oppressing the

servants. Far from it! I am not like those gods or lords of yours who oppress; I have ordered justice." For that reason, what is the first fundamental rule in Islam? But those idiots don't know it and think they must look for a constitution.
"Inna-Llaha ya'muru bi l-'adl" (Verily, Allah enjoins justice) (16:90) This is the constitution of Islam. But these bandits say, "We will make a constitution." Well, for what you are 'making'? You'd better tie your trouser ends tight! Who are you to lay down a constitution? Indeed, they read Allah's divine constitution for all mankind every week from the pulpits. Our 'ulama'u (scholars) have also become hollow like pumpkins, while the rulers don't listen any more. But Allah's constitution is read every Friday, ordering: Asta'idhu bi-Llah "Inna-Llaha ya'muru bil-'adli wal-ihsani wa ita'i dhi l-qurba" (Verily, Allah enjoins justice, excellence and charity to kinsfolk) "wa yanha 'ani l-fahsha'i wa l-munkari wa l-baghyi."(and forbids indecency, wickedness and oppression.) (16:90) That's it. This is what the whole world is in need of, and to follow it is obligatory. It is read every Friday on the pulpits, addressing the rulers in particular.

"Verily, Allah enjoins justice, excellence and charity to kinsfolk", That's it! They must say it and explain it's meaning.
Allah orders: "Justice is indispensable", He ordered justice which forbids oppression and prohibits every kind of oppression. He orders justice. So which of you, o Shias, o 'Alawis, or Turks or Kurds, which one of you is listening to Allah's words? O scholars, o you, who pass for scholars, you have to make it clear, this is the constitution of Islam, we read it every week."
"Verily, Allah enjoins justice and excellence", justice is indispensable! Justice! Is there any nation left which still has this kind of Islam? Is there anyone among the Muslims nowadays guarding justice? The Persians are running from their country. In Syria people are being slaughtered. Is that justice? This is the kind of justice that suits them.
One group calls itself authoritatively "Lashghar-i Yazdan" (army of God). Lashghar-i Yazdan? If Allah's soldiers are like this, if Allah's soldiers kill, burn and blow up whatever is in front of them, what kind of soldiers of Allah are these? They are soldiers of shaytan. They are not Lashghar-i Yazdan, they've turned into Lashghar-i shaytan. But they will be destroyed. "Azzulmu la yadim wa in dama dammar." Oppression cannot last. If it continues, it will be destroyed. He will destroy it. The blessed fortunate one will come. First of all he will take to

account these liars who violently oppress and murder people, taking revenge on them. Rajab is approaching, let them beware. Allhu ‘ala ma naqulu Wakil (Allah is the One overseeing what we say), hasbuna-Llahu wa ni’ma l-Wakil (Allah suffices us and He is the best Guardian).

O my Lord, forgive us! Send us a Sultan, the one who fulfills the prophecy of your most noble Beloved. Send us a Sultan, o my Lord! Send al-Mahdi (‘alayhi s-salam), o my Lord! Send Your Ottoman Sultans, o my Lord, who for a thousand years carried the banner of Islam, until in the end the apostates of Saloniki, collaborating with the Jews destroyed their Sultanate. But they blew up the world on top of their heads. Who destroyed the Ottomans who held high the banner of Islam for a thousand years who, with the sacrifice of 1,000s of martyrs brought the azan to central Europe, calling the Muhammadan battle cry? Let the Turkish nation know it! Let the Turkish ulema open their mouths! Who brought down the Ottomans?, The Ottomans, who upheld Allah’s rights and showed reverence for the religion, who brought down the Ottomans? The apostates of Saloniki brought them down. The instigation starting from Saloniki destroyed the mighty Ottomans. All nations were afflicted by their evil.

But soon the wondrous events of Rajab will appear. The month of Rajab is drawing near. Beware, o rulers, if you want to stay alive! But there is someone telling us that there are seven amongst these kings, emirs, and presidents who won't live to see the coming Ramadan, because "az-zulmu la yadim", oppression cannot last. Lashghar-i Yazdan, instead of being the army of God, have turned into Lashghar-i shaytan, coming to the blessed land of Sham al-sharif to slaughter people, in spite of Allah’s words "ash-Sham Kinanati", meaning, "Sham is My beloved land. Those who burn, destroy and bombard Sham will be shown their limits. I will send My lion." Welcome, o Shah Mardan. He will be coming from your pure progeny. That lion, who will teach those who are attacking Sham their limits, so be careful! Rajab is approaching. Rajabun ‘aja’ibun.

We've been told that seven leaders will not reach this Ramadan. That is the news we have. They didn’t mention names, but they will be seven of the kings, emirs, presidents, or maybe ulama. Seven people from each group, seventy people's worlds will be changed. "You were good for nothing. You wanted to write a constitution, leaving the divine constitution. O Turks, you too have to obey the divine constitution! "Verily, Allah enjoins justice, excellence and charity to kinsfolk and forbids indecency, wickedness and oppression." He ordered every kind of goodness

and He forbade every kind of evil, but you forbade every kind of goodness and excellence and opened the door to every kind of filth without caring what will happen to the youth. What a shame for them. You're continuing on the way of those who destroyed the great Ottoman empire. But probably amongst you, maybe from the top-figures, maybe from the ministers, seventy of those, who work towards the destruction of the Ottomans and seven hundred of those who agree with them, will not reach the feast of fast-breaking.

Allah knows. O our Lord, forgive us. You are the All-Powerful and the One Able to Act. Let's say - "Huuu" - O believers, don't use this or that name! Don't split up. Don't fabricate new names. For Islam call it, "the Army of Islam". All these different kinds of names bring nothing good. The order from above is: Call it 'Army of Islam'! If you can't appreciate its glory, the graveyard waits for you. You will not reach the holiday. Let the Army of Islam come forth. On their heads the turban, which Sahibu z-Zaman (the master of the age) will wear, the turban of Islam. It’s color may be black. It may be green or white. It may be red. Behave appropriately, don't run around bareheaded! Let one of these be always on your head. Don't lay hands on one of them or the angels will smite your necks from above.

O our Lord, You are the All-Powerful and the One Able to Act. O Shah Mardan, how wonderfully you spoke. O beloved brethren, enter onto his path, be part of the Army of Islam, don't fear! Stand against oppression, don't fear! That is it. The oppressor can't enter paradise. The place for oppressors is in hell. Beware! Arabs, Persians, Turks beware! Huuuuu Rabbi la yazal (He doesn’t cease to exist) Lam yazal wa la yazal-He never perishes & doesn’t cease to be. You are exalted. O Lord. You are the absolute Sovereign, o my Lord, Subhansin, Ya Rabbi, Sultansin Ya Rabbi! You do whatever You want to do. Count us amongst the Army of Islam.

Let them record us as belonging to the Army of Islam, let them register us. "Army of Islam" is an expression, which makes the hearts of the unbelievers tremble and it is an expression, which has been confirmed by the friends of Allah. Be from the Army of Islam! "Turkish army", "Kurdish army", "Arab army" is not acceptable. "Persian army" is not acceptable. Army of Islam - let's be the soldiers of Islam.

Don't go bare-headed. Don't exhibit your backsides wearing the of trousers of the infidel! Don't forget to gird your dagger. Don't carry any pistol mistol! Say "Allah!" and move! You can tear down the whole world. Allah, the Exalted, dresses you in robes of awe-inspiring majesty. Ma

sha' Allah, o Shah Mardan. O Shah Mardan, award your grace to your beloved brethren. Who dislikes you is an unbeliever. O Allah, forgive us!
Fatiha.

O geliebte Brüder Shah Mardans, Friedensgrüße sollten jeder Rede vorausgehen. Friede sei mit euch! Friedensgrüße sind ein Ehrenkleid, das den Gläubigen von Allah dem Höchsten gewährt wurde, Der den Majestätischen Namen as-Salam trägt. "As-Salamu `alaykum" kleidet die Gläubigen in dem Moment, in dem sie es sagen, in ein Gewand der Sicherheit. Aus dem Grund verhilft, einem anderen reichliche Friedensgrüße zu entbieten, zur Stärkung unseres körperlichen Seins, zur Stärkung unseres Glaubens und zur Zunahme unserer Liebe und Zuneigung. As-Salamu `alaykum, Anwesende. Wer ist in dieser Versammlung anwesend, o geliebte Brüder Shah Mardans? Es ist der, der als ideale Blaupause für alle Gläubigen dient. Es ist Shah Mardan. Sein Weg ist der allgemeine Weg der Gläubigen. Sein Weg, Shah Mardans Weg, ist der Weg, der für alle Gläubigen geeignet ist. Der Anfang dieses Weges ist Bismillahi r-Rahmani r-Rahim. Sprecht die edle Basmala aus, und jede Tat wird mühelos und leicht. Hören wir die wunderbaren Aussprüche Shah Mardans!
Jene, die ihn lieben, jene, die seine engen Gefährten sein wollen, sind Löwen, die in Gesellschaft eines Löwen sind. Wer mit Füchsen herumläuft, ist ein Fuchs. Wer mit Wölfen herumläuft, ist ein Wolf. Wer mit Füchsen herumläuft, ist ein Fuchs. Wer mit Hunden herumläuft, ist ein Hund. Was dem Menschen angemessen ist, ist die Gesellschaft von Löwen. Derjenige, der den Löwen darstellte im Zeitalter unseres ausgezeichneten Meisters, des Propheten (saws), war der edle `Ali, Shah Mardan. Und das ist gültig für alle Zeiten. Sein Attribut des Löwen-Seins bleibt unbeeinträchtigt zom Alter. Er ist ein junger, jugendlicher Löwe. Wenn er angreift, seinen Fuß auf den Boden setzt, reicht Shah Mardans Fußstapfen vom Ort des Sonnenaufgangs im Hijaz bis dahin, wo die Sonne im Westen untergeht. So ein Ozean geistiger Macht. Woher nimmt er es? "Bismi Llahi r-Rahmani r-Rahim", das Allah, der Majestätische, unserem edlen Meister präsentierte.

Bismillahi r-Rahmani r-Rahim. Das ist, woher er es nimmt. Wir gehören zu den geliebten Brüdern, wir sind unter seinen Liebenden und lieben seinen Weg. Willkommen, Shah Mardan, der Bereich ist ganz dein. Vom Beginn dieser Welt bis zu ihrem Ende, dieser Bereich ist ganz dein. Ma sha' Allah, la Quwwata illa Billahi l-`Aliyyi l-`Azim. Sagen wir Bismillahi r-Rahmani r-Rahim. Es öffnet alles, schließt jeden Schatz auf: Bismillahi r-Rahmani r-Rahim. Wer ist ein wahrhaft Gläubiger? Derjenige, der sagt Bismillahi r-Rahmani r-Rahim. Wer es nicht sagt, ist kein wahrhaft Gläubiger.

Von diesem Leben gibt es zwei Arten. Madad, o Shah Mardan. Für die Menschheit in dieser Welt gibt es ein gutes Leben und ein schlechtes Leben. Es gibt ein gutes Leben oder ein widerwärtiges Leben. O Mensch, der mit Intelligenz ausgestattet ist, o geliebte Brüder Shah Mardans, hört, versteht, setzt es in die Tat um. Hört gut zu, ihr Dummköpfe! Diejenigen, die sich von dem

Kreis von Shah Mardans Versammlung fernhalten, erscheinen äußerlich als Menschen, aber in Wirklichkeit sind sie zu Tieren geworden. Werdet ein Mensch! Als ihr auf diese Welt kamt, hüllte der Herr der Macht euch in ein Gewand der höchsten Ehre. Das Gewand, in das der Mensch gehüllt wurde, in das wurde keine andere Schöpfung gekleidet. Alle anderen Geschöpfe gehen auf vier Beinen, außer der Mensch, der aufrecht geht. Der Mensch stellt in seiner Statur die Form des arabischen Buchstabens "Alif" dar. Der Mensch ist wie der Buchstabe "Alif". Auf was deutet das hin? Es deutet auf die Himmel hin und bezeugt des majestätischen Herrn der Macht Absolute Einzigartigkeit und Einheit. Mit unserer aufrechten Haltung bezeugen wir ständig. Mit jedem Schritt unserer aufrecht stehenden Haltung legen wir Zeugnis ab. Aber die Achtlosen können das nicht verstehen. Sie streiten ohne Ende und fordern, zur Kategorie der Vierbeiner gezählt zu werden. Achtlose Menschen, die über diese Welt streiten, um in die Kategorie der Vierbeiner aufgenommen zu werden. Seid kein vierbeiniges Tier. Ihr besitzt Ehre.

"Wa fi s-Sama'i Rizqukum wa ma Tu'adun" - Und in den Himmeln ist euere Versorgung und das, was euch versprochen wurde (51:22). Nicht wahr? Euere Versorgung, sagt Er, ist in den Himmeln. Er sendet sie herab. Während die Versorgung der Tiere aus der Erde kommt. Teil der Vollkommenheit des Menschen ist, daß seine Versorgung von den Himmeln herabgesandt wird. Wer wird mit 'und in den Himmeln ist deine Versorgung' angesprochen? Der Sohn des Menschen. Rennt nicht herum 'Wovon soll ich leben?' Verfallt nicht in Verzweiflung. 'Was soll ich essen?'

"Wa ma Khalaqtu l-Jinna wa l-Insa illa li Ya`abudun" -Und Ich erschuf die Djinn und Menschen nur, damit sie Mir dienen (51:56). "Ma Uridu Minhum Min Rizqin wa ma Uridu an Yut`imun" - Ich suche keine Versorgung von ihnen, noch bitte ich darum, daß sie Mich speisen (51:57). 'Ich habe die Söhne des Menschen sowie die Djinn geschaffen für Meinen Dienst, um sie in Meinem Dienst einzusetzen, damit sie Ehre erlangen.' 'Im Himmel ist euere Versorgung und das, was euch versprochen wurde'. Schlaft nicht! O geliebte Brüder, die Shah Mardan zuhören, wie schön ihr seid! Wie rein ihr seid! Wie intelligent ihr seid! Sie sind diejenigen, die intelligent sind. Wer ist intelligent? Diejenigen, die an Allah glauben. Wer ist dumm und unehrenhaft? Jene, die leugnen. Sie sind unter der Stufe der Tiere. "Ula'ika ka l-An'am bal hum Adall" - Jene, die wie Vieh sind. Sie sind sogar schlimmer (7:179). Sie sind sogar schlimmer!

O Mensch, "Iqtarabati s-Sa`atu wanshaqqa l-Qamar" - die Stunde naht, und der Mond ist in zwei Teile gespalten (54:1). O Leute, der Gerichtstag nähert sich, der Mond ist gespalten. Spaltet sich der Mond? Auf Befehl Allahs hin spaltet er sich. Diese kleinen Menschen, diese Zwerge unseres Zeitalters, wissen geistige Macht nicht zu schätzen. Sie benutzen ihren Verstand nicht in der Weise, wie es ihrem Rang entspricht. Die Menschen dieses Zeitalters beschreiten den Weg der niedrigsten Geschöpfe. Sie jagen hinter Kadavern her und bemühen sich, einen Knochen oder irgendwelches Futter zu greifen. O Mensch! Allah, der Majestätische stattete den Menschen mit so erhabener Erscheinung aus, daß die edlen Engel verblüfft waren. 'Ich werde ihn zu Meinem Stellvertreter auf Erden machen', sagte Er. So eine schöne Erscheinung gewährte Er Adam und seinen Kindern, daß die ganze Schöpfung verblüfft war. Selbst die Engel waren verblüfft. O Anhänger früherer Schriften, steht es nicht in eueren Büchern? Es steht geschrieben, lest es! Nach euerem Glauben, o ihr, die an den Propheten Isa glauben, rief er, der Prophet Isa, euch zu Allah. Wie rief er euch? Er läutete die Kirchenglocken. Allah Allah! Läutete der Prophet Isa die Kirchenglocken? Läutete der Prophet Isa in seinem Leben je die Kirchenglocken? Woher kamen diese Kirchenglocken? Sagt es mir! Seine Exzellenz, der Papst, soll es mir erklären. Was ist Religion? Was ist Glauben? Wer ist eine rechtlich rechenschaftspflichtige Person?

Unter allen Wesen, die Allah geschaffen hat, hält der Mensch den höchsten Rang, sogar höher als die Engel. So ist der Wert des Menschen. Erklärt ihr das? Ja, wir erklären die Heiligkeit des Menschen. Aber die Heiligkeit des Menschen zu erklären, gehört nicht zu den Dingen, die der Mensch autorisiert ist zu tun. Dem Menschen Heiligkeit zu gewähren, ist etwas, das von den

Himmeln kommt. Ein Mensch, den wir eingesetzt haben, kann uns keine Heiligkeit gewähren. Wer gewährte ihm Heiligkeit? Das bedeutet, wer machte ihn heilig? Heiligkeit kommt von den Himmeln. Der Mensch auf Erden kann keine Heiligkeit verleihen. Nur jene außergewöhnlichen Persönlichkeiten, die himmlische Befehle erhalten, können die Heiligkeit eines Menschen erklären, ihn mit Heiligkeit ausstatten. Unsere gefälschten Titel können die Menschen nicht mit Heiligkeit ausstatten, noch kann das Läuten von Kirchenglocken die Menschheit in eine Umgebung von Geistigkeit führen. Sag es, o seine Exzellenz, der Papst! So viele Menschen schauen auf zu dir. Kannst du nur über belanglose Dinge schwatzen jeden Tag? Er soll es sagen. Heute ist ein neuer Tag. Wenn es irgendwelche Besitzer von Macht gibt, die Heiligkeit in der Hand halten, laßt sie die Menschen ansprechen. Was werden die ersten Worte ihrer Ansprache sein? 'O Mensch, sag "La ilaha illa Allah" und gib dem König der Gesandten, der den höchsten Rang unter allen Propheten hält, Allahs Geliebtem, die Rechte, die ihm gebühren, welches ist "Muhammadu r-Rasulullah", möge Allah ihn segnen und ihm Frieden geben, ihm, der ein Waisenkind war, ein Junge, der keine Eltern hatte, ein Waise, der seine Mutter und seinen Vater verloren hatte. Er hatte seinen Vater nie gesehen, und in seiner frühen Kindheit, im Alter von sieben Jahren, verließ ihn seine ehrenwerte Mutter, die gesegnete Dame Amina, die Muhammad (saws) geboren hatte, auch.

Denkt darüber nach, o westliche Leute! In den Arabischen Wüsten vor 1500 Jahren erschien ein Waisenjunge in dieser Welt, kam hervor ins öffentliche Blickfeld. 'Jetzt komm aber, gibt es keine anderen Menschen auf dieser Welt?' Diese großen Männer, die denken, sie sind groß, oder die darum ringen, als groß betrachtet zu werden, sind nichts als Dummköpfe. Sie sind selbst Narren, die in ihrer Narrheit versuchen, andere für dumm zu verkaufen, indem sie sich aufspielen, wie groß sie doch sind. Dummköpfe! Nun, wahre Größe wird von den Himmeln herabgesandt. Größe kommt nicht aus der Erde. Das Gewand wahrer Größe kommt von den Himmeln herab und Allah, der Majestätische, Gepriesene, bekleidet damit, wen Er will. O Menschen dieser Welt, o ihr, eingetaucht in Verwirrung: Inmitten der Arabischen Wüste -denkt darüber nach!- tief im Inneren der Arabischen Wüste, erscheint ein Waisenjunge, ein Waise, und er wächst auf. Seine ehrenwerte Mutter und sein Vater sogar noch früher waren hinaufgenommen worden in den Bereich der Göttlichen Herrschaft. Seine ehrenwerte Mutter wurde genommen, als er sechs Jahre alt war, nicht wahr? Und er blieb als Waisenkind zurück. Paßt auf! O Menschheit, verwirrt von

Shaytan, der euch mit Stolz aufbläst! Da war dieses Kind, das als Waisenkind zurückgelassen wurde, das aufwuchs und bekannt wurde unter seinen eigenen Leuten als Muhammad as-Sadiq, der Wahrhaftige. Bis er das Alter von 40 Jahren erreichte, sagte jeder: O aufrichtiger junger Mann! über diesen Mann, der nie log, Sayyidina Muhammad (saws).
Das sind also die Nachrichten? Hatte er Heiligkeit? fragen wir. Ich frage die christliche Welt, jene, die sagen: Wir glauben an den Propheten Isa. Der Prophet Isa sagte: "Wa Mubashshiram bi-Rasulin Ya'ti min Ba`di" - Ich bringe gute Nachrichten eines Gesandten, der nach mir kommt (61:6). Er, der Prophet Isa, kam, um die guten Nachrichten zu bringen von einem 'Propheten, der nach mir kommen wird'. Ja. Dieses Kind in der Wüste, das im Alter von sieben Jahren zum Waisen wurde, weil es beide Eltern verloren hatte. Denkt darüber nach, o Menschen. Wenn er keine Heiligkeit besaß, hätten seine Worte und der Majestätische Quran, der ihm offenbart wurde, die ganze Welt erschüttern können? Sag uns, seine Exzellenz, der Papst! Zeig uns den rechten Weg. Wenn du ihn nicht zeigst, werden wir dir Beine machen. Heiligkeit ist nicht etwas, was durch Päpste verteilt wird. Diese Geste verleiht keine Heiligkeit, noch das Läuten der Kirchenglocken. Er sollte aufrichten guten Rat geben jeden Tag. Wenn es einen Menschen auf dieser Erde gibt, sollte er diesen Leuten guten Rat geben jeden Tag. Es ist von dem Sultan des Weges von Allahs Geliebtem, Shah Mardan. Er ist autorisiert zu sprechen. Er ist fähig zu sprechen, und in seinem Namen, ermahne ich die Menschheit. Paßt auf! Versteht der Shaykh Englisch? Nun, ja. Ist es ein große Sache, Englisch zu können? Gibt es einem einen Rang? Wenn er sieben Sprachen kann, vielleicht kannst du siebzig Sprachen. Wenn du die Sprache des Quran nicht kannst, hat all das keinen Wert. Es gibt auch das Bellen der Hunde. Die Hunde haben ihre eigene Sprache. Katzen haben ihre Sprache. Wölfe haben ihre Sprache. Elefanten haben ihre Sprache, selbst Schlangen haben ihre Sprache. Es gibt kein Geschöpf ohne Sprache, weil alles Allah preist. "Wa in min Shay'in illa Yusabbihu bi-Hamdih" - Es gibt nicht ein einziges Ding, das nicht Seinen Preis ausruft (17:44). Ist das nicht der Vers? Jedes Geschöpf preist den Einen, Der es erschuf, und erwartet Göttliche Wohltaten von Ihm. Also stellt euch nicht an die Stelle Gottes!
Shaytan legte seine Forderung vor: Ich will der Meister der ganzen Schöpfung sein. Ihm wurde gesagt: Du kannst nicht derjenige sein. Er muß der Sultan der Nachfahren Adams sein, den Ich zu Meinem Stellvertreter gemacht habe. Woher kommt diese Ehre, der Stellvertreter zu sein? Vom Meister der ganzen Schöpfung (saws). "Wa idh Qala Rabbuka li l-Mala'ikati" - Als dein

Herr den Engeln sagte - "Inni Ja`ilun fi l-Ardi Khalifa" - Wahrlich, Ich setze auf der Erde einen Khalifa ein (2:30). Dieses sind die ewigen Worte. O Gelehrte der Azhar, döst nicht! Ayqaz - Wacht auf! Döst nicht, sagt es! Allah sagte nicht "Khulafa" - (Plural) - sondern "Inni Ja`ilun fi l-Ardi Khalifa". "ArduLlahi Wasi`a - Allahs Erde ist weit (39:10). Es gibt auch "Harfu t-Ta`rif", Buchstaben, die generalisieren, und es gibt auch einen, der es definitiv macht, speziell macht. Er nennt "Khalifa", mit "Alif Lam", was es speziell macht, eine Person. Nicht alle Menschen sind "Khalifa". Nein. 'Ich setze auf der Erde einen Stellvertreter ein'. "Fi l-Ardi" - was ist die Erde, die Allah, der Majestätische, erwähnt? Ist es diese Welt? Der, den Allah, der Majestätische, mit Seiner Macht erschuf und der zu Allahs Vertreter gemacht wurde für so viele Geschöpfe wie es geben mag, dieses siebenjährige Kind aus den unbekannten Wüsten, Er erklärte es.

O Leute, sagt: La ilaha illa Allah, jalla Jalaluhu, sowie Muhammadu r-Rasulullah. O Mein geliebter Diener, o Mein Geliebter, sag es. Deine Worte "La ilaha illa Allah" sind perfekt. Ich werde es für dich vervollkommnen. Du solltest sagen: "Wa Muhammadu r-Rasulullah wa Muhammadun Habibullah, Muhammadun Safiyyullah, Muhammadun Karimullah". Zu Diensten, o Sayyidi, ya Rasulullah (saws). O Gelehrte der Azhar, erklärt uns "Inni Ja`ilun fi l-Ardi Khalifa". Erklärt uns die Bedeutung. Informiert diese kopflosen Leute und die, die über sie herrschen.

Ihr habt böses Blut geschaffen mit der Behauptung 'Du bist groß' und 'Ich bin groß', aber es kann keine Größe für euch geben. Größe gehört dem einen, den Allah der Allmächtige mit Größe bekleidet hat und der fähig ist, sie zu tragen, unser meistgeehrter und ausgezeichneter Meister (saws), der Meister der ganzen Schöpfung. Dieser Meister der ganzen Schöpfung ist nicht nur der Meister dieser Welt, sondern der Meister und Sultan von allem und jedem, was geschaffen wurde. Willkommen, o Shah Mardan, wie wunderbar ist deine Erklärung! O du, der aufrecht steht auf seinen Beinen, ähnlich wie der Buchstabe "Alif", vergiß nicht, daß du den Anfangsbuchstaben des schönen Namens von Allah, dem Höchsten, verherrlicht in Seiner Höhe, darstellst!

Es geziemt sich nicht für euch, wie Tiere zu sein. Was sich geziemt für euch, ist, wie Engel zu sein. Ihr wurdet zwischen den beiden geschaffen, Tier sowohl als auch Engel. Die tierische Seite ist unser egotistischer Aspekt. Heiligkeit liegt in der Geistigkeit unserer Seele.

Ihr müßt wissen, daß euerem Ego nachzugeben, euch in ein Tier verwandelt. Während das Festhalten an euerer Geistigkeit, euerer geistigen Seite euch erheben wird in das Reich Göttlicher

Herrschaft. Ihr erreicht das Reich Göttlicher Herrschaft, wo ihr den wahren Rang der Menschheit und euere Ehre erkennt. Religion funktioniert nicht durch das Läuten von Glocken! Erhebt euere Seele und ruft aus: Allahu Akbar, Allahu Akbar, La ilaha illa Allah wa Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Sagt es! Wenn ihr es nicht sagt und auf euerer Religion besteht, wird eine Heimsuchung erscheinen. Sie schneiden euere Fakultät des Sprechens, bis, an euerem Todestag, ihr diese Welt verlaßt mit völlig geschnittener Zunge. Wenn ihr euere Zunge behalten wollt, sagt: La ilaha illa Allah, Muhammadu r-Rasulullah". Sagt es! Ich setze auf die Erde einen Khalifa, sagte Er. Er sagte nicht "Khulafa". O Gelehrte der Azhar, o Gelehrte von Damaskus, o Gelehrte von Ost und West, hört, versteht und betretet den Weg von Allahs Stellvertreter, dem Sultan aller Propheten. Allah der Höchste, verherrlicht in Seiner Majestät, erklärte: "Wa ma Ana bi-Zallamin li l-`Abid" - und Ich bin nicht ungerecht zu Meinen Dienern (50:29). Ich unterdrücke die Diener nicht. Weit gefehlt! Ich bin nicht wie jene Götter oder Herren, die unterdrücken. Ich habe Gerechtigkeit befohlen.

Was ist deshalb die erste grundlegende Regel im Islam? Aber diese Dummköpfe wissen es nicht und denken, sie müßten nach einer Verfassung suchen. "Inna Llaha Ya'muru bi l-`Adl" - Wahrlich, Allah mahnt zur Gerechtigkeit (16:90). Das ist die Verfassung des Islam. Aber diese Banditen sagen: Wir werden eine Verfassung machen. Nun, wozu 'macht' ihr? Ihr solltet besser die Enden euerer Hosen zubinden! Wer seid ihr, eine Verfassung niederzulegen? Tatsächlich lesen sie Allahs Göttliche Verfassung für die ganze Menschheit jede Woche von der Kanzel herab. Unsere Ulama sind auch hohl wie Kürbisse geworden, während die Herrscher nicht mehr zuhören. Aber Allahs Verfassung wird jeden Freitag gelesen, die befiehlt: Asta'idhu biLlah "Inna Llaha Ya'muru bi l-Adli wa l-Ihsani wa Ita'i Dhi l-Qurba" - Wahrlich Allah mahnt zur Gerechtigkeit, Exzellenz und zur Wohltätigkeit für die Verwandschaft. "Wa Yanha `ani l-Fahsha'i wa l-Munkari wa l-Baghyi" - und verbietet Schamlosigkeit, Bosheit und Unterdrückung (16:90). Das ist es. Das ist, was die ganze Welt braucht, und dem zu folgen ist Pflicht. Es wird jeden Freitag auf den Kanzeln gelesen, sich besonders an die Herrscher richtend. Wahrlich, Allah mahnt zu Gerechtigkeit, Exzellenz und Wohltätigkeit für die Verwandten. Das ist es! Sie müssen es sagen und die Bedeutung erklären. Allah befiehlt: Gerechtigkeit ist unverzichtbar. Er befiehlt Gerechtigkeit, die Unterdrückung verbietet und jedwede Unterdrückung unterbindet. Er befiehlt Gerechtigkeit. Also, wer von euch, Schiiten, Alawiten, Türken, Kurden, wer von euch hört auf Allahs Worte? O

Gelehrte, ihr, die als Gelehrte gelten, ihr müßt es deutlich machen, dies ist die Verfassung des Islam. Wir lesen es jede Woche. Wahrlich, Allah mahnt Gerechtigkeit an und Exzellenz. Gerechtigkeit ist unverzichtbar! Gerechtigkeit!

Gibt es noch eine Nation, die diese Art von Islam hat? Gibt es jemanden unter den Muslimen heutzutage, der Gerechtigkeit wahrt? Die Perser laufen weg aus ihrem Land. In Syrien werden die Menschen abgeschlachtet. Ist das Gerechtigkeit? Das ist die Art Gerechtigkeit, die ihnen gelegen kommt. Eine Gruppe nennt sich herrisch "Lashghari Yazdan" - Armee Gottes. Lashghari Yazdan? Wenn Allahs Soldaten so sind, wenn Allahs Soldaten töten, brennen und in die Luft jagen, was immer vor ihnen ist, was für Soldaten Allahs sind das? Sie sind Soldaten Shaytans. Sie sind nicht Lashghari Yazdan, sie sind zu Lashghari Shaytan geworden. Aber sie werden vernichtet werden. "Adh-Dhulmu la Yadum wa in Dama Dammar." Unterdrückung kann nicht andauern. Wenn sie andauert, wird sie zerstört werden. Er wird sie zerstören. Der gesegnete Glückliche wird kommen. Zuerst einmal wird er mit diesen Lügnern abrechnen, die die Menschen gewaltsam unterdrücken und ermorden, und Rache an ihnen nehmen. Rajab nähert sich. Sie sollen sich hüten! Allahu `ala ma Naqulu Wakil - Allah ist der Eine, Der übersieht, was wir sagen - HasbunaLlahu wa Ni`ma l-Wakil - Allah ist genug für uns, und Er ist der beste Hüter. O mein Herr, vergib uns! Sende uns einen Sultan, der die Prophezeiung unseres edelsten Geliebten erfüllt. Sende uns einen Sultan, o mein Herr! Sende uns al-Mahdi (as), o mein Herr!

Sende Deine Osmanischen Sultane, o mein Herr, die tausend Jahre lang das Banner des Islam trugen, bis am Ende die Apostaten von Saloniki in Zusammenarbeit mit den Juden ihr Sultanat zerstörten. Aber sie jagten die Welt in die Luft auf ihren Köpfen. Wer vernichtete die Osmanen, die tausend Jahre lang das Banner des Islam hochhielten, die unter Aufopferung von Tausenden von Märtyrern den Adhan nach Mitteleuropa brachten, wobei sie den Muslimischen Schlachtruf riefen? Laßt es die Türkische Nation wissen. Die türkischen Ulama sollen den Mund aufmachen! Wer brachte die Osmanen zu Fall, die Allahs Recht hochhielten und die Religion in Ehren hielten. Wer erledigte die Osmanen? Die Apostaten von Saloniki, erledigten sie. Die Aufwiegelung begann von Saloniki aus und zerstörte die mächtigen Osmanen. Alle Nationen wurden von ihrem Übel heimgesucht. Aber bald werden die wunderbaren Geschehnisse des Rajab erscheinen. Der Monat Rajab nähert sich. Hütet euch, o Herrscher, wenn ihr am Leben bleiben wollt! Aber es gibt jemanden, der uns sagt, daß sieben unter diesen Königen, Emiren und Präsidenten nicht leben

werden, um den kommenden Ramadan zu sehen, weil "adh-Dhulmu la Yadum", Unterdrückung nicht andauern kann.
Lashghari Yazdan, statt die Armee Gottes zu sein, sind sie zu Lash-ghari Shaytan geworden und kommen zu dem gesegneten Land von Shamu sh-Sharif, um die Leute abzuschlachten, trotz Allahs Worten "ash-Sham Kinanati", das bedeutet, Sham ist Mein geliebtes Land. Jenen, die Sham niederbrennen, zerstören und bombardieren, werden ihre Grenzen gezeigt werden. Ich werde Meinen Löwen schicken. Willkommen, o Shah Mardan. Er wird von deiner reinen Nachkommenschaft kommen. Dieser Löwe, der denen, die Sham angreifen, ihre Grenzen zeigen wird.
Also hütet euch! Rajab nähert sich. Rajabun `Aja`ibun. Uns wurde gesagt, daß sieben Führer diesen Ramadan nicht erreichen werden. Das sind die Nachrichten, die wir haben. Sie sagten keine Namen, aber es werden sieben von den Königen, Emiren, Präsidenten oder vielleicht Ulama sein. Sieben Leute von jeder Gruppe, die Welten von 70 Leuten werden geändert werden. Ihr wart für nichts gut. Ihr wolltet eine Verfassung schreiben und ließet die Göttliche Verfassung. O Türken, ihr müßt auch der Göttlichen Verfassung gehorchen. Wahrlich, Allah mahnt zu Gerechtigkeit, Exzellenz und Wohltätigkeit für die Verwandtschaft und verbietet Schamlosigkeit, Bosheit und Unterdrückung. Er befahl alle Arten von Gutem und verbot alle Arten von Bösem, aber ihr verbotet jede Art von Gutem und Exzellenz und öffnetet die Tür für jede Art von Schmutz, ohne euch darum zu kümmern, was mit der Jugend passiert. Was für eine Schande für sie. Ihr macht weiter auf dem Weg jener, die das große Osmanische Reich zerstörten. Aber wahrscheinlich unter euch, vielleicht von den Topfiguren, vielleicht von den Ministern, werden 70 von denen, die auf die Zerstörung der Osmanen hingearbeitet haben und siebenhundert von denen, die mit ihnen einverstanden waren, das Fest des Fastenbrechens nicht erreichen. Allah weiß.
O unser Herr, vergib uns. Du bist der Allmächtige und der Eine, Fähig zu Handeln. Sagen wir "Huuuuu". O Gläubige, benutzt nicht diesen und jenen Namen! Spaltet euch nicht. Fabriziert keine neuen Namen. Für den Islam nennt es 'Die Armee des Islam'. All diese verschiedenen Arten von Namen bringen nichts Gutes. Der Befehl von oben ist: Nennt es 'Armee des Islam'! Wenn ihr seine Herrlichkeit nicht würdigen könnt, wartet der Friedhof auf euch. Ihr werdet den Festtag nicht erreichen. Laßt die Armee des Islam hervorkommen. Auf dem Kopf der Turban, den Sahibu z-Zaman, der Meister der Zeit, tragen wird, den Turban des Islam. Seine Farbe kann schwarz sein. Er kann grün oder weiß sein. Er kann rot sein. Benehmt euch angemessen. Lauft

nicht ohne Kopfbedeckung herum! Einer dieser sollte immer auf euerem Kopf sein. Vergreift euch nicht an einem von ihnen, oder die Engel schlagen eueren Nacken von oben. O unser Herr, Du bist der Allmächtige und der Eine, Fähig zu handeln. O Shah Mardan, wie wunderbar du gesprochen hast. O geliebte Brüder, betretet den Weg, seid Teil der Armee des Islam. Fürchtet euch nicht. Steht auf gegen Unterdrückung. Fürchtet euch nicht. Das ist es.

Der Unterdrücker kann das Paradies nicht betreten. Der Ort der Unterdrücker ist in der Hölle. Hütet euch! Araber, Perser, Türken, hütet euch! Huuuu Rabbi, la Yazal - Er hört nicht auf zu existieren. Lam Yazal wa la Yazal - Er geht nie unter und hört nicht auf zu sein. Du bist erhaben, o Herr. Du bist der Absolute Herrscher, o mein Herr. Subhansin ya Rabbi. Sultansin ya Rabbi! Du tu, was immer Du tun willst. Zähle uns zu der Armee des Islam. Laßt sie uns zur Armee des Islam zählen, laßt sie uns registrieren. 'Armee des Islam' ist ein Ausdruck, der die Herzen der Ungläubigen erzittern läßt, und es ist ein Ausdruck, der von den Freunden Allahs bestätigt wurde. Seid von der Armee des Islam! Türkische Armee, Kurdische Armee, Arabische Armee ist nicht annehmbar. Persische Armee ist nicht annehmbar. Armee des Islam, seien wir die Soldaten des Islam. Geht nicht mit bloßem Kopf. Zeigt nicht eueren Hintern, indem ihr die Hosen der Ungläubigen tragt. Vergeßt nicht, eueren Dolch zu gürten. Tragt keine Pistole, Mistole! Sagt "Allah!" und marschiert! Ihr könnt die ganze Welt herunterreißen. Allah, der Erhabene, bekleidet euch mit Gewändern ehr-furchtgebietender Majestät. Ma sha' Allah, o Shah Mardan. O Shah Mardan, erteile deine Gnade deinen geliebten Brüdern. Wer dich nicht mag, ist ein Ungläubiger. O Allah, vergib uns! Fatiha.

## Ar Rahman...Divine Attributes

La ilaha illa Anta, subhanak, inni kuntu mina dhalimin...wa Anta khairu Rahimin... Every day has a special vision; every day's appearance is just different from other days. Every day is coming only once, and its personality is just 100% different from yesterday, and going to be just different from tomorrow's. Everything we speak on days and through days in 24 hours, is different, and every hour also carries a new vision, new appearance, new news, new happenings, bringing new events. No one can be able to reach one of them, because this is a big Dunya, and through every hour on every point of this earth going to happen something different from neighbours...And the full control is in the hands of Allah Almighty...
Then every hour has 60 minutes, every minute being different from others, and what is given to be in that moment is different, can't be same. And the whole control on moments is only for Allah Almighty. Impossible for anyone to control it. And minutes come to seconds, and a second is the 60th part of a minute, it must carry some happenings, new visions, new creations; and their control also under Allah Almighty's control. Can't be anything that happens through a second to be out of His control. How it can be- He is the Creator and the Manifestator, manifesting everything.

We are speaking- they make me to speak- on such points to give to me and to you also, to make your vision more and more for an understanding of Allah Almighty's manifestation. And no way or no possibility for ourselves to dive into even the ocean that belongs to a second, a unit of time. And it is coming also smaller

than that; one second is going to be divided into 60 parts, and that is also going to be divided in another 60 parts... The Attribute of continuity is only for Allah, not for us, we can't reach. I am reading in the Dalai-l-ul Khayrat what they prepared at the end of it...a Dua, making me to laugh, asking to know Allah Almighty's Essence, His real Existence. It is so far, because from the Essence come countless divine Attributes. They give signs about the Divine Essence. If no signs, you can't know anything from His Existence.
So there are these Divine Attributes that are also countless, endless and hidden oceans...If the divine Names that belong to the divine Attributes didn't come, we would not reach any knowledge about the divine Attributes. But the divine Names, the holy Names of Allah, give signs.

And then from the holy Name comes the creation, activities, ta'fal, and they are countless and endless appearances. Every activity is such a huge and endless ocean of knowledge. From Allah's activities come all appearances on earth and there is only one earth. And everything that appears is only from one name: 'Ar Rahman'...Rahman belongs to the Allah's endless mercy oceans' Attribute. From the Attribute to the Essence it is just closed...That is His absolute unknown Existence, exalted... So that we have no time really to occupy ourselves with anything except the appearances of the holy Name of Allah Almighty 'Ar Rahman', to look, to be able to look and to see the countless visions and endless appearances coming...

And therefore there are so many degrees for Saints, and also for prophets so many degrees, according to their views, their horizon of understanding. That makes them to get up towards Heavens...We have 60 programs, or 90, or 100- doesn't matter, it is nothing. If the whole world is in us with its weight, this power may take us up...But we are occupied with nonsense activities and works, and our vision is only like one small part of the mass of an atom, no more...and we are not reaching...All Anbiya and Awliya take that power from the appearances of the holy Name 'Ar Rahman' and according to their understanding level, carrying them in the blink of an eye.

This is an opening to make Dunya in the sight of your eyes nothing. We are wasting our very precious life and take nothing. Therefore we need guidance towards Heavens, but people like to be like lizards or crocodiles, people are going to be like crocodiles. They are very happy to be on earth like crocodiles- eating, and then sleeping, not even closing their eyes, not to loose anything coming. Most people on that way now, and they are so much in connection with earth, never looking up. And they take nothing through their life- wasting and going away, maybe for Hells... maybe through Hells some other creations, some other appearances and

universes...They should be happy there; there are some creatures living through fire. Allah Almighty is Qadir and Muqtadir- endless ability for Allah only. Making for them universes through Hells, then they should continue there, according to their abilities, to be in fire, and finally they should be satisfied to be through fire, never asking to come out, because their level going to be on that level...If they can be able to make their head even once up and to say: 'O our Lord', they should be saved, but they never put their head down (in humbleness) and say: 'My Lord.' Therefore their level is going to be the fire level.

As long as you can reach here an understanding- it is endless and the (levels of) nearness (to Allah) also is (are) endless...as much as you are asking, you are granted. And you can find in front of you endlessly nearness to be closer, to be on a high position. There is a verse, Ayat-ul-Kursi, saying that these people who begin to look up, asking nearness to Allah Almighty, up to eternity ask and they have been granted. As much as asking should be granted more and more. Ask more, I may give more and most to you; it is a chance.

Therefore those people who belong to, who make themselves to belong to fire, who are happy with material aspects, they are asking more fire and should be given more. Who asks more Nur, more light, should be granted more light and more nearness. The people of this time who reached to a second period of ignorance should reach to their fire aspects, they should ask more fire and should be granted more fire. Most people go on that way now, towards fire, and finally they should be satisfied to be there, because they never asked more than fire. People ask fire now. Everyone is working for fire- every invention belongs to fire. They try to bring new power from fire. That is the profession of 21st century's people: they make competition which nation may bring more fire. Laser in fire, who invented it? A German? Must be...our people only look which food is more tasteful. Europeans- put in front of them straw, they never say: 'What is this?', because their minds are occupied to find a more powerful fire than fire. And they found it through the laser, laser rays.

The competition through superpower nations is which one of them may bring much more fire on people, to throw on them, to make them ashes. I heard America uses a bomb, killing and sending some other rays of fire, burning bodies, making them ashes, and then coming an artificial wind, taking them away...That is what they are proud with, technology, it is their guide to do this and all is satanic teaching. Everything that is against humanity is from Shaitan, satanic teaching. We should try to understand Beware of Hells, don't be lizards or crocodiles, snakes or scorpions, or you should find yourself through oceans of fire. And for some time they should be there and then going to be prepared for them other fire centres, that they should run in,

also. They should say: 'We found our ocean now.' Day by day fire getting more for them and they should be happy with more fire...Allahu akbar!

What we said here is from secret meanings of holy Verses of the Quran; and it should be clear when Mehdi (aleyhi salam) comes, putting his approval on this association...May Allah forgive me and bless you. People in fire should think: 'We are also blessed,' on their levels. Try to raise your head up to Heavens. Seven Heavens belong to divine light, the seven Hells are darkness. Darkness is also from Allah Almighty's power oceans, but not giving light. Everything is created from light, but what belongs to Heavens is shining, and what belongs to earth is darkness.

Keep your heart with the enlightened hearts of prophets and saints, to be with them through heavenly salutations, through eternal appearance up to eternity...eternity is such a sweet word...If not, day by day you are melting, finishing. Only those people that turn their faces and their hearts towards Heavens are not going to be melted, destroyed or changed, but may be forever...and after they pass from this life they should find what Allah Almighty promised to them. This is something granted from Sayidinna Mehdi aleyhi salam...You can't find anyone to speak on these subjects now...Prohibited...But when he comes, there will be someones to address people and to take them up...Alhamdulillah wa Shukrulillah!

**Ar-Rahmans endless Knowledge Oceans**

As-salamu alaikum!
Audhu bi-llahi mina shaitani rajim,
Bismillahir Rahmanir Rahim,
La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Adhim
Ya 'Aliyu, ya 'Adhim! 3x
Allah Allah!
Ehhh... Meded, ya Sultanu-l Anbiya, alaika alfu salatu, alfu salam
As-salamu alaikum ya Rijalallah, alaikum ridwanallah alfu alfa marra!

O people, welcome to you that you are coming and asking what it is last target for mankind, what is the last point that mankind going to reach? Now we are here and we may think and we may ask and we may learn something. There is a holy Hadith, Hadithu Sharif, that reaching to our time also and reaching to me also, that Prophet saying: "Rutbatu-l 'ilmi 'ala rutab!" Highest rank that a person asking to reach that is 'ilm. 'Ilm that opening that dark veils of ignorance and cutting it and showing something from reality. Therefore most important through our lives it is to learn.
First: „Man 'arifa nafsa, fakat 'arifa Rabba!" First of all you must look to yourself; you must try to learn about yourself and then you are reaching to another level of knowledge that it is just different from first level.
We may say: level of earth and level of Heavens. When you are learning

something on first level, then you can find a way to reach heavenly Level of Knowledge. Therefore first of all look yourself! Carry your care, full care, from any other creatures and look to yourself, to know 'you'. That is a knowledge that belongs to our physical being, and physical being it is not your identity, no. You have physical being and you have an identity. That is something, that another thing. Look to yourself and give your whole care on yourself. Try to learn something about your physical being.

Up today perhaps doctors that they are trying to reach the secrets of our physical being, but they are now so far away, (like the) earth, how much far (it is) from Heavens, yet they are so far for understanding our physical being and its secrets! Thousand of years trying so many learned people, doctors or scientists and now also they are making, trying to find some ways to reach identity of our structure.
Subhanallah, X.! Stand up! X. is our brother from Egypt. They have Pyramids. That is a building and they are built by Pharaohs. But they put such a secret ways, plans, on it, yet now mankind, through everything they have, they can't be able to bring a solution for secrets and opening for secrets of Pyramids. They are only looking, but they never be able, up today, to reach secrets of Pyramids! That is, what we are saying, if it is a man-production. Man building, Pharaoh, perhaps before 7.ooo years ago more or less, Allah knows. They are saying 7.ooo, but it is not true...
If a man built (a) building (that) whole science can't reach to its secrets, what about Allahs made- a man? How, who can say: "We reached the secrets of the body of mankind"? I am saying: Leave mankinds secrets- take a mosquito. Mosquito, do you think that science reached to bring an understanding about a mosquito? Leave Pyramids- that is a small creature, if you are blowing on it, you may destroy it.

What about mankind or a man? How they are in existence? Which mechanism making each one to be free to spread over this world, to go, to come, to do so many things- how it is going to be? Secrets through secrets! Therefore- you can understand something through your knowledge, but that knowledge never making you to be satisfied. Man, everyone is different being. You may say mankind all of them they have same mechanism, but never, never! Each one is independent being, signing the Unity of Allah Almighty! He is Creator! Therefore knowledge that we must try to learn, it is unlimited, because the limits of the knowledge of structure of a person, for their physical being, it is so complicated. But people, they are not running about their structure, only some people they are trying to learn something, but it is only a drop of an ocean. That is we are saying that Hadith: “Man ‘arifa nafsa, faqad ‘arifa Rabb!” Azamatu Rabb! Allah Almighty endless Power, absolute Power Oceans, absolute Knowledge Oceans, absolute winning oceans, endless endless Oceans...that coming on a man, giving from every ocean something to man, so that when you are trying to learn about yourself, then getting an opening about the Lord of Heavens, your Creator.

Therefore we have an order or report from our holy Books: „Talabu-l ‘ilm faridatun ‘ala kulli Muslimin wa Muslimaat!“ To learn, it is an obligatory for everyone, man or woman. They are saying what does it mean for themselves, ‘...talabu-l ‘ilm...’? It was that knowledge, ‘ilmu-l hal, about yourself- to know about yourself. And it has countless levels for reaching a real knowledge about yourself. Everyone... for everyone opening another ocean, to enter in it and to know, because each one is different. When you are... therefore it is so important Hadithu Sharif: “Man ‘arifa nafsa...”

Through his knowledge that belongs to his existence, a man can find a way to the Creator, to their Lord Almighty. If not knowing about themselves, it is closed down and they are in darkness. To take away

that darkness, Allah Almighty sending His chosen servants, that their lives belongs to Heavens. They are really heavenly beings, just dressed as a man. Therefore people they were asking: “Why not coming Angel to bring heavenly Orders to ourselves and just had been sent through mankind such a distinguished people to say?” and Allah Almighty refusing their claiming, saying: “If I am sending Angel, I was dressing them as a man dressed for understanding mankind, because Angels can’t know the secrets of mankind! Therefore, if coming such an Angels to bring My Orders to people, they must be dressed as a man!”

Beware of women! People trying to make women President! Bangladesh people also they have women President... Women good for kitchen only...nothing else, how they are going to be President! Must be there also their room kitchen, to fulfill their feelings, because their feeling always running to kitchen... They never like our cooking, our preparing houses... “Take away! Outside! We know, you don’t know...” Understand? It is important! Man... Prophets must be all of them men. Wilayet, Sainthood, can be granted to ladies also... not to women, ladies... Who is lady? Ladies, whom they are keeping their honours and they are: “...wa karna fi buyutikun...” not those that are running around cites, streets! No, they are not ladies, they are women! La haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Adhim!

It is a very big ocean and we may take only a little drop on an edge of a needle we can say. O people, ask how can be man and woman, or how can be male or female? Who is appointing someones through their wombs, mothers womb: “That must be man, male”, then: (“That) must be female”? From there we must begin... and who (is) giving through males special feelings, who giving, granting female special feeling or specialty? Who is that one, male, that one, female? Ask: your mum or your dad giving that feelings or specialty, through the womb of mum or your wife? O people they are not thinking on it, they are fighting! You are not

created to fight, no, you created to know!

“Bismillahir Rahmanir Rahim! Ar-Rahman, ’alama-l quran, khalaka-l insan, ’alamahu-l bayan...” His teaching just granted to man, it is a specialty only for mankind, living on earth: to be able to take knowledge from divinely Presence.
“Ar-Rahman”, that is endless Mercy Oceans, granted to every creature. If not reaching His endless Mercy Oceans, can’t be anything in existence. Therefore saying: “Ar-Rahman, ‘alama-l Quran, khalaka-l insane, ’alamahu-l bayan“...That is oceans, we are not entering in it... We can’t do, because only we can speak (according to) the level of our attenders, not too much, no...
Then you can find a way to your Lord, your Creator...that “Rahman, alama-l Quran”, teaching coming from Rahman to some people, that they have been granted such a special power through their understanding and special power that growing through our minds or through your hearts, as much as we are taking ourselves from physical being and its demands. Then you can reach to learn, what Ar-Rahman (is) teaching: “Alamahu-l Quran...” To whom? First to Nabi- alayhi salat wa salam-, then coming, coming, coming, everything taking their shares from the knowledge, holy Knowledge of Holy Quran... “khalaqa-l insan...”. He created man, then giving “...‘alamahu-l bayan”, giving such a specialty, that they may speak, what they are knowing. What they are learning, they may say. Not coming to be inside, they may say also, what they are knowing, and then that is endless Oceans... Therefore ‘Bahru-l Ma’rifa’, the Oceans of holy Knowledge for Allah Almighty, they are countless Oceans and endless Oceans...

May Allah bless you and forgive me and grant us to understand something!... We may speak on lowest level (only), we can’t reach even one millimeter up. May melt whole people, if they are not prepared for that

level! That level Nur, Lights of that level may burn their physical being, they can't be coming once again...
May Allah forgive us! For the honour of the most honoured one in His divine Presence S.Muhammad sws, Fatiha...

## An Arrogant Little Ant

Marhaba.

H.F: Marhaba.

M: Marhaba, marhaba. Ya marhaba, Ya marhaban bikum. Marhaba- it is the greeting of the angels to the inhabitants of paradise, they say marhaba. Allahu Akbar! You granted the believers "marhaba". It is the sign of believers. Bismillahi r-Rahmani r-Rahim is the sign of Islam. Any action without Bismillah is cut off.

There is a Hadith Sharif, There is a Hadith Sharif about this which says "Any act that does not begin with Bismillah is cut off". Meaning, a tree that is cut off from its root or a rose that is cut off from its mother & placed in water can survive for some time & after that it falls off. If it is not cut off the rose continues to grow but this also for a limited time but after it is cut off, only 1 or 2 days. "Kullu amrin lam yabda'a bi Bismillah, fa huwa abtar". Is the Hadith like this?

S.M. Yes.

M. How beautiful, how beautiful. Any action without Bismillah is abtar- unproductive, fruitless. Fruitless is what has nothing. "May we remember the Name of Allah first". Sulaiman Chalabi is teaching, how beautiful. "May we remember the name of Allah first". That is why I want Mawlid al-Sharif to be recited in every assembly. It strengthens our faith. Its beginning is beautiful. The holy ones teach this- the first thing to be taught is Bismillahi r-Rahmani r-Rahim. They would start with Bismillahi r-Rahmani r-Rahim first, would teach it first. Then, "Bismillahi r-Rahmani r-Rahim, Rabbi Yassir wa la tu'assir. Rabbi tammim bil khair". How beautiful, what a beautiful

teaching. The ones now are not teaching, they are all filthy. And they don't call it now "ta'lim" either, they say "education". Hey even if they are given all the graters in the world these men's heads (are so hard they) wouldn't be grated.

They call "education", what education yahu? "Kullu amrin lam yabda'a bi Bismillah, fa-huwa abtar". Allahu Akbar, what a beautiful Hadith. Every act that did not start with Bismillah it is cut off, it is fruitless, it has no result. So now the situation of today's people is this. Shaytan made it all messed up. All his effort & way of revenge is to make people forget Bismillah.

When a nation forgets Bismillah, it means they became zero. If the president of a country can't come out & say Bismillahi r-Rahmani r-Rahim on the podium, if they say "it is banned", can they ever find goodness O son? What kind of talking is this? Let our prime minister come up & say Bismillahi r-Rahmani r-Rahim. All those elected men in the parliament will shout "What is this, is it a mosque here? Here is not a mosque but it is our parliament". Allah Allah.. No act without Bismillah can succeed. And here it is, they couldn't succeed in 100 years. They went 100 years back, did not go forward. The Ottomans would mount the horse with Bismillah, like lions. And they would spur it on with Bismillah. Basmala al-Shariff. Its barakah is lost & the people are finished. They became zero, have no value. We have no value in the presence of Allah Almighty.

May Allah not make us from them. Therefore everywhere Bismillahir-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. They say "It is banned. You can't say Bismillah". Who put this ban? Who banned it? But they don't ban the making of statues. They allow statues which are banned in Islam but don't allow Allah's order. Masha Allah! Masha Allah, what a nice system you have. "Shaykh Effendi, they call this democracy. We removed it because we are a democracy". May Allah remove you. And Allah Dhul Jalal will remove you because you don't say Bismillah. A nation who has no respect for His Greatness & Glory can find no goodness. And they haven't for 100 years. They are in a blind fight. They turned into a herd which doesn't know what it wants or what it wants to do. There earthquake, here flood, there landslide, here fire.. they are being crushed by many kinds of disasters. They don't say "Tawba Ya Rabbi".

They have a huge portrait in the parliament, they respect that portrait but don't put Bismillah in respect to Allah Almighty. Shame on them! Their lives are in-between 3 & 5 now- I don't know. Maybe 3 months-5months, or 3 to 5 years. I can't say this. But it won't be a year, won't be a year. Who forgets Allah.. "Nasu Al-Laha Fanasiyahum" (9:67) They have forgotten Allah & Allah has left them- "Suffer what comes on you. You left Me & kept shaytan. And shaytan brought you into this. Shame on you. May you get no blessings from what you eat & drink. May you get no blessings from your lives, may you find no taste. May you never be loved in your lives. May you not be finished with worries & troubles in your lives. May the troubles & sorrows that come down on you increase day by day". Angels call from above like this. May Allah forgive us. Tubna wa raja'na ilayk Ya Rabbi. Tawba Ya Rabbi, Tawba Ya Rabbi. May who makes us forget this be away from us & may we be away from them too. Your Mercies.."Narju Rahmataka wa nakhsha adhabaka". We hope for Your Mercy & fear Your punishment. What are we? Aman Ya Rabbi. But we have a lot of nerve, a lot of nerve... Allah Allah.

Prophet Sulaiman, 'ala-l Nabiyyi alayhi salatu was-salam, he knew, could understand the language of the animals. When he was passing through a place, an ant, a small ant said "This son of Adam, I want to hold him & hit him on the ground upside down!" Prophet Sulaiman looked, it is one small ant- the one who says this is a small ant. He asked: "Why did you say this?" "O Prophet of Allah, please pardon me. "My wife was with me, I said it to show some masculinity" it says. How he wants to show masculinity for his wife. Prophet Sulaiman laughed. And now the people of today are even worse than ants- "We are this, we are that, we can do this, we can do that.." And I say "your dirt is running down between your legs". This is the masculinity we show.

They corrupted the whole country- didn't allow the Name of Allah, didn't allow the name of Islam. Why the name of "Islam" is not present? They say "Diyanet/Religious Affairs". What is diyanet, what does it mean? "President of Diyanet", what is diyanet? What is its meaning? Is the name "Islam" too heavy for you? 500 of you sit & decide in the parliament. Why don't you say "this country is a Muslim country?" "Have we become unbelievers?" "Hasha" Why do you not say? "Diyanet". Say "Mashihat ul-Islam/ Shaykhul Islam office"! They don't say. If they don't say, then your value will go down, down, down & you will become zero. Aman Ya Rabbi, Tawba

Ya Rabbi.

They get offended when you say these words. He may be offended, may he never find joy in his life- he who is offended by these words and may his life be short. Tawba Ya Rabbi. May Allah forgive us. May Allah send us the Master who will take us to His right path. I looked, it says college. Astonishing. They made it college, college of ilahiyyat/theology. What kind of a word is this? Is there anything called Ilahiyyat in Islam? No. And then, there is college. Are you ashamed to say madrasa? We call it madrasa for 1000 years. Now you turned madrasa into college.

What will come out from the college? It will look nice to Europeans. "Graduated from Ilahiyyat College". They call him "Ilahiyatchi". They didn't like the name 'alim, scholar. "Ilahiyyatchi, meaning ilahi/qasida. Ilahi.." "What ilahi Yahu? Did you want a qasida singer?" "No Shaykh Effendi, we are ilahiyyatchi" "Ok then, recite a qasida for us". He got surprised. "Since you are ilahiyyatchi, recite a qasida". "He is not from the mawlid reciters". "Then what is your title? You are ilahiyyatchi. When you say ilahi, in our language they sing ilahi, meaning they sing qasidas".

May Allah send us a Master. May He send us a Sultan who will straighten us. May a glorious Sultan come to us who will make His orders to be kept. We are waiting for this. "Ati qulli dhi haqqin haqqa" "Give everyone their due rights" says Allah Almighty. Tawba Ya Rabbi.. Aman Ya Rabbi, may You forgive us. Forgive us. Don't be offended with me. If you do, the grave waits for you after 40 days. I am not an easy man! I am smaller than an ant but certain matters that I speak are terrifying. Don't blame me. Don't dislike this word. Or else you are in the graveyard also in 40 days. We say this too, they made me say it. May Allah forgive me & forgive them also. Fatiha.

Read for me S. Mehmet Effendi. Is this Ok? They can object if they like. He can send them after 40 years. Mehmed Effendi has the power, I leave it to him. He is a dragon. If a person offends him, he can't live more than 40 days. We seek refuge in Allah.

Fatiha. Aman Ya Rabbi, Tawba Ya Rabbi.

Marhaba, Marhaba. Ya Marhaba, ya Marhaban bikum. Marhaba, es ist der Gruß der Engel für die Bewohner des Paradieses. Sie sagen Marhaba. Allahu Akbar! Du gewährtest den Gläubigen "Marhaba". Es ist das Zeichen der Gläubigen. Bismillahi r-Rahmani r-Rahim ist das Zeichen des Islam. Jede Tat ohne Bismillah ist abgeschnitten. Es gibt ein Hadith Sharif darüber, das lautet: 'Jede Tat, die nicht mit Bismillah beginnt, ist abgeschnitten.' Das bedeutet, ein Baum, der von seinen Wurzeln abgeschnitten ist, oder eine Rose, die von ihrer Mutter abgeschnitten ist und in Wasser gestellt wird, kann einige Zeit überleben, danach fällt sie ab. Wenn sie nicht abgeschnitten wird, wächst die Rose weiter, aber auch das für eine begrenzte Zeit. Aber nachdem sie abgeschnitten ist, nur 1 oder 2 Tage. "Kullu Amrin lam Yabda'a bi Bismillah, fa huwa Abtar". Ist das Hadith so? SM: Ja. M: Wie schön, wie schön. Jede Handlung ohne Bismillah ist abtar, unproduktiv, fruchtlos. Fruchtlos ist das, was nichts hat.

'Mögen wir den Namen Allahs zuerst erinnern.' Sulayman Chalabi lehrt das, wie schön! 'Mögen wir den Namen Allahs zuerst erinnern.' Deshalb möchte ich es beim Mawlidu sh-Sharif in jeder Versammlung rezitiert haben. Es stärkt unseren Glauben. Sein Anfang ist so schön. Die Heiligen lehren das. Das erste, das gelehrt werden muß, ist Bismillahi r-Rahmani r-Rahim. Sie würden zuerst mit Bismillahi r-Rahmani r-Rahim beginnen, es zuerst lehren. Dann "Bismillahi r-Rahmani r-Rahim, Rabbi Yassir wa la Tu'assir. Rabbi Tammim bi l-Khayr". Wie schön, was für eine schöne Lehre. Die Jetztigen lehren nicht. Sie sind schmutzig. Und sie nennen es jetzt auch nicht "Ta'lim". Sie sagen 'Erziehung'. Hey, selbst wenn ihnen alle Reiben der Welt gegeben würden, wären die Köpfe dieser Männer so hart, daß sie nicht gerieben würden. Sie nennen es 'Erziehung'. Welche Erziehung, yahu? "Kullu Amrin lam Yabda'a bi Bismillah, fa-huwa Abtar." Allahu Akbar, was für ein schönes Hadith.

Jede Tat, die nicht mit 'Bismillah' begann, ist abgeschnitten, fruchtlos, hat kein Ergebnis. Nun also, die Lage der heutigen Menschen ist das. Shaytan hat es alles verdorben gemacht. All seine Anstrengung und sein Weg der Rache ist es, die Leute 'Bismillah' vergessen zu lassen. Wenn eine Nation 'Bismillah' vergißt, bedeutet das, sie wurde zur Null. Wenn der Präsident eines Landes nicht herauskommen und auf dem Podium sagen kann 'Bismillahi r-Rahmani r-Rahim',

wenn sie sagen 'Es ist verboten', können sie jemals Gutes finden, Sohn? Was für eine Rede ist das? Laßt unseren Premierminister hervorkommen und 'Bismillahi r-Rahmani r-Rahim' sagen. All diese gewählten Männer im Parlament, werden rufen 'Was ist das, ist das eine Moschee hier? Hier ist keine Moschee, sondern es ist unser Parlament.' Allah Allah.. Keine Tat ohne Bismillah kann Erfolg haben. Und hier ist es, sie konnten nicht erfolgreich sein in 100 Jahren. Sie gingen 100 Jahre zurück, nicht vorwärts. Die Osmanen bestiegen das Pferd mit Bismillah, wie Löwen. Und sie spornten es an mit Bismillah. Basmala sh-Sharif. Ihre Barakah ist verloren und die Menschen sind erledigt. Sie wurden zu Nullen ohne Wert. Wir haben keinen Wert in der Gegenwart Allahs des Allmächtigen. Möge Allah uns nicht zu ihnen gehören lassen.
Deshalb überall 'Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim.' Sie sagen: Es ist verboten. Du kannst nicht 'Bismillah' sagen. Wer hat dieses Verbot ausgesprochen? Wer hat es verboten? Aber sie verbieten nicht das Machen von Statuen. Sie erlauben Statuen, die im Islam verboten sind, aber sie erlauben Allahs Ordnung nicht. Masha'Allah, was für ein schönes System ihr habt! Shaykh Effendi, sie nennen das Demokratie. Wir haben es entfernt, weil wir eine Demokratie sind. Möge Allah euch entfernen! Und Allah Dhul Jalal wird euch entfernen,weil ihr nicht Bismillah sagt. Eine Nation, die keinen Respekt vor Seiner Größe und Glorie hat, kann nichts Gutes finden. Und das haben sie nicht in 100 Jahren. Sie sind in einem blinden Kampf. Sie sind zu einer Herde geworden, die nicht weiß, was sie will oder was sie tun will. Dort Erdbeben, hier Überschwemmungen, dort Erdrutsche, hier Feuer... Sie werden vernichtet durch viele Arten von Unglücken.
Sie sagen nicht: Tawba ya Rabbi. Sie haben ein riesiges Porträt im Parlament. Sie respektieren dieses Porträt, aber hängen kein Bismillah auf in Respekt für Allah den Allmächtigen. Schande auf sie! Ihr Leben ist zwischen 3 und 5 jetzt. Ich weiß nicht, vielleicht 3 - 5 Monate oder 3 - 5 Jahre. Das kann ich nicht sagen. Aber es wird kein Jahr sein. Es wird kein Jahr sein. Wer Allah vergißt.. "Nasu Llaha Fanasiyahum" (9:67). Sie haben Allah vergessen, und Allah hat sie verlassen. 'Erleidet, was auf euch kommt. Ihr habt Mich verlassen und Shaytan behalten. Und Shaytan hat euch das eingebrockt. Schande auf euch. Möget ihr keinen Segen empfangen durch das, was ihr eßt und trinkt. Möget ihr keine Segnungen von euerem Leben bekommen. Möget ihr keinen Geschmack finden. Möget ihr nie geliebt werden in euerem Leben. Mögen die Sorgen und Schwierigkeiten in euerem Leben kein Ende finden. Mögen die Schwierigkeiten und das

Leid, das auf euch herabkommt, von Tag zu Tag zunehmen.' Die Engel rufen das von oben. Möge Allah uns vergeben. Tubna wa Raja'na ilayk ya Rabbi. Tawba ya Rabbi, Tawba ya Rabbi. Möge wer uns das vergessen läßt fern von uns sein und mögen wir auch fern von ihnen sein. Euere Gnaden.. "Narju Rahmataka wa Nakhsha Adhabaka". Wir hoffen auf Deine Gnade und fürchten Deine Strafe. Was sind wir? Aman ya Rabbi. Aber wir sind sehr mutig, sehr mutig. Allah Allah.

Der Prophet Sulayman, `ala n-Nabiyyi `alayhi Salatu wa s-Salam, wußte, konnte die Sprache der Tiere verstehen. Als er an einer Stelle vorbeikam, sagte eine Ameise, eine kleine Ameise: Dieser Sohn Adams, ich möchte ihn halten und zu Boden schlagen! Der Prophet Sulayman schaute, es war eine kleine Ameise, diejenige, die das sagte, war eine kleine Ameise. Er fragte: Warum hast du das gesagt? O Prophet Allahs, bitte vergib mir. Meine Frau war bei mir. Ich sagte das, um etwas Männlichkeit zu zeigen, sagte sie. Wie er Männlichkeit zeigen will für seine Frau. Der Prophet Sulayman lachte. Und jetzt sind die Menschen von heute noch schlimmer als Ameisen. Wir sind dies, wir sind das, wir können dies tun, wir können das tun.. Und ich sage: Euer Dreck läuft zwischen eueren Beinen herunter. Das ist die Männlichkeit, die wir zeigen. Sie verdarben das ganze Land. Sie erlaubten den Namen Allahs nicht, erlaubten den Namen des Islam nicht. Warum ist der Name 'Islam' nicht gegenwärtig? Sie sagen 'Diyanet', Religiöse Angelegenheiten. Was ist Diyanet? 'Präsident von Diyanet'. Was ist Diyanet? Was ist die Bedeutung? Ist der Name 'Islam' zu schwer für euch? 500 von euch sitzen und entscheiden im Parlament. Warum sagen sie nicht: Dieses Land ist ein muslimisches Land? Sind wir Ungläubige geworden? Hasha. Warum sagt ihr es nicht? Diyanet. Sagt: "Mashihatu l-Islam" - Shaykhu l-Islam Büro. Sie sagen es nicht. Wenn ihr es nicht sagt, wird euer Wert runter, runter, runter gehen und wird Null. Aman ya Rabbi, Tawba ya Rabbi.

Sie werden beleidigt, wenn man diese Worte sagt. Er soll ruhig beleidigt sein. Möge er nie Freude im Leben finden, er, der von diesen Worten beleidigt ist, und möge sein Leben kurz sein. Tawba ya Rabbi. Möge Allah uns vergeben. Möge Allah uns den Meister senden, der uns zu Seinem rechten Weg führt. Ich schaute. Es hieß 'College'. Erstaunlich. Sie machten es zum College, College für Ilahiyyat, Theologie. Was für ein Wort ist das? Gibt es irgendetwas, das "Ilahiyyat" heißt im Islam? Nein. Und dann ist da ein College. Schämt ihr euch, Madrasa zu sagen? Wir nennen es Madrasa seit 1000 Jahren. Jetzt machtet ihr aus der Madrasa ein College.

Was wird herauskommen bei dem College? Es wird hübsch aussehen für die Europäer: Abschluß vom Ilahiyyat College. Sie nennen ihn "Ilahiyatchi". Sie mochten das Wort 'Alim', Gelehrter nicht. Ilahiyatchi, bedeutet Ilahi, Qasida. Ilahi, welche Ilahi, Yahu? Wolltet ihr einen Qasida Sänger? Nein, Shaykh Effendi, wir sind Ilahiyatchi. Okay denn, rezitiere eine Qasida. Er war überrascht. Da ihr Ilahiyatchi seid, rezitiert eine Qasida. Er gehört nicht zu den Mawlid Rezitatoren. Dann, was ist dein Titel? Du bist Ilahiyatchi. Wenn du sagst 'Ilahi' in unserer Sprache, singen sie Ilahi, das heißt, sie singen Qasidas.
Möge Allah uns einen Meister senden. Möge Er uns einen Sultan senden, der uns geradebiegt. Möge ein glorreicher Sultan kommen, der uns Befehle gibt, die einzuhalten sind. Wir warten darauf. "Ati Kulli Dhi Haqqin Haqqa". Gib jedem seine gebührenden Rechte, sagt Allah der Allmächtige. Tawba ya Rabbi. Aman ya Rabbi, mögest Du uns vergeben. Vergib uns. Greift mich nicht an. Sonst wartet das Grab auf euch nach 40 Tagen. Ich bin kein leichter Mann! Ich bin kleiner als eine Ameise, aber bestimmte Dinge, die ich sage, sind entsetzlich. Macht mir keine Vorwürfe. Lehnt dieses Wort nicht ab. Sonst seid ihr in 40 Tagen auf dem Friedhof. Wir sagen das auch, sie bringen mich dazu, es zu sagen. Möge Allah mir und ihnen auch vergeben. Fatiha. Lies für mich, S. Mehmet Effendi. Ist das okay? Sie können widersprechen, wenn sie wollen. Er kann sie nach 40 Jahren senden. Mehmet Effendi hat die Macht. Ich überlasse es ihm. Er ist ein Drachen. Wenn jemand ihn angreift, kann er nicht mehr als 40 Tage leben. Wir suchen Zuflucht bei Allah. Fatiha. Aman ya Rabbi, Tawba ya Rabbi.

## `Arsh Above `Arsh

(Suhbah at breakfast with Shaykh Hisham Kabbani and Shaykh Adnan Kabbani.)

Mawlana Shaykh Nazim: He was selling the jewels one by one until he died.

Shaykh Hisham: Sultans of Ottomans, awliyaullah.

**..... ..... .....**

waqifoohum innahum masuloon. Stop them, for they will be asked. (37:24)

Mawlana Shaykh Nazim: “Put me in charge of the treasures of Egypt,” Sayyidina Yusuf said. Pharoah didn't give. That was a request, “Make me in charge of treasures of Earth...” The pharaohs had wisdom to manage a government. They put themselves forward from the station of low-level people, and ... “When the affairs are in the hands of those not qualified, expect the Judgment Day.” (Hadith)

When you don't know your right or your left, how do you expect to carry millions of human beings? How did you learn that? We are following voting, and who has the most votes is at the level of a donkey! Even if they have more votes or the most votes, bring one donkey, and if it is based on votes (a pun in Arabic), the donkey knows how to bray! (laughter) Who gets the most votes, crap on them!

Shaykh Hisham: Pearls! They (mureeds) ask you about the Last Hour, where is it moving, sadaqAllahu ’l-`Azheem.

Mawlana Shaykh Nazim: We await the Hour for removal of trials, they await the Hour for removal of trials; until they end that they will see how to avoid falling into troubles and until then there is no way out. Egyptians, Syrians, Yemenis, Libyans, Sudanis, Tunisians, Turks, Persians are all waiting for removal of troubles. They are all in traps; they want to get out of traps but outside are more, so they are waiting. What they are in now is bad, but what is outside is worse, waiting to eat them! They fell into a trap, but if they manage to get out worse will come. na`oodhu billah min shurruri anfusina wa min sayyiaati `amaalinaa “We seek refuge in Allah from the evil of our ego and the badness of our deeds.” That is what the khateeb recites every jumu`ah. (...) This is the religion of advice, to the common folk and to the leaders, as well. Take from advice of the Prophet (s)! They fall under the verse of Holy Qur’an:

•••••••••••• •••••••• •••••••••••••

Waqifoohum innahum masooloon. But stop them, for they are to be questioned. (As-Siffat, 37:24)

Those tyrants must be questioned! Where are mentioned “democracy” and “parliaments” mentioned? Show me in the Qur’an. waqifoohum innahum masuloon, stop them and ask them from where they brought these false concepts! (...)

Shaykh Hisham: You made our hearts happy! (...) Grandshaykh `AbdAllah al-Fa'iz ad-Daghestani (q) said, “You are like two halves of a beans, one half and one half.” We were in a room next to the bathroom. Mawlana Grandshaykh `AbdAllah made suhbat and said this is from the secrets. “You are two halves of a bean.” Therefore, he (Shaykh Adnan) is my shaykh; tea and jam together.

Mawlana Shaykh Nazim: Yes, that is a secret.

Shaykh Hisham: There was Shaykh Ahmad Israr in the conference in Los Angeles (International Islamic Unity Conference, 1996). They insisted to bring him. He was a Wahabi. He gave his speech in the bottom of the hotel, and we were on top (floors). He said, "Those above are on the wrong way." He was from Hizb at-Tahrir. He recently died. “He (Allah) is The One not encompassed by any place or time.”

Shaykh Hisham: That is from the Maturidi belief, but he is Hanafi. laa yuheetu bihi makaan wa laa yashtamil `alayhi zamaan, “He is The One not encompassed by any place or time; they are both created, so they cannot encompass Him.”

Shaykh Adnan: And the Throne is a place.

Shaykh Hisham: For the Prophet (s).

Mawlana Shaykh Nazim: “`Arsh: on it His Name is written; there is for it an `Arsh, for it an `Arsh, for it an `Arsh.” It is not possible for human beings to know their numbers. `Arshullah, ... malik al-mulook, King of Kings. There is `Arsh and Kursi, was`iya kursiyyuhu ’s-samawaati al-`ard.

Shaykh Hisham: Ibn Qayyim said that Allah created the `Arsh in order to seat the Prophet (s) on it, and he is a Wahabi.

Shaykh Adnan: No, the meaning he intended is that Allah is sitting on the `Arsh and will put the Prophet (s) with Himself on the `Arsh.

Shaykh Hisham: That is new tafsir never heard before, from you Sayyidee: `Arsh, above which is `Arsh, above which is `Arsh.

Mawlana Shaykh Nazim: There is appearing at every moment a new `Arsh. That is `Arsh of the world we are in. Sayyidina Ahmad ar-Rufa`i was in the Fourth Heaven and saw a huge sea, and he thought it is water, but when he came closer he saw it is made from sand, not water. He could not see its beginning, nor its end. The closer he got to each particle of sand, he found each grain in itself is an entire universe! And there he heard adhaan, calling absolutely, the Prophet is Sayyidina Muhammad (s).” He heard adhaan like our adhaan, and said this is a world and not a copy of any other one, and the Prophet (s) is the Prophet for each of these grains, which are worlds in themselves. That secret knowledge reached to Sayyidina Ahmad ar-Rufa`i (q). Allahu Akbar al-akbar!

Shaykh Hisham: May Allah grant you more and more.

Mawlana Shaykh Nazim: Rabbu 'l-`izzah, the Lord of Honor. “alif lam (i.e., “al-”) is to indicate His Absoluteness in a particular Name, istighraaq, to be submerged and drowned. (...)

He is the Knower of all from beginning to end, and He moves the Creation for the sake of His Beloved. ... the Creation of Allah moving ... “laa ilaha illa-Llah Muhammadun Rasoolullah” is always there. That is our grant, aja`ib, amazing, incredible. Tawbah, yaa Rabbee.

Fatihah.

Shaykh Hisham: Mashaa-Allah, wonderful manifestations.

Mawlana Shaykh Nazim: O Allah! Have mercy on our weakness, for you are our Lord!

Shaykh Adnan: Waves of knowledge coming!

## THE ART OF MEDITATION and its SEVERAL LEVELS

Most masters today present the method of meditation to you. But usually they do not base it on Christianity, or Judaism or Islam, so many people think that it is a method which originated within other religions. That is however not the case. Meditation was a method which was already given to the first man, within the first message, to the first Messenger.

What purpose does meditation serve, and how can we reach such a state? It is mentioned in all our Holy Books: the Torah, the Gospels and in the Holy Quran, as a method to reach the Divine Presence. When we come face to face with our Creator, we leave everything else behind. Nothing remains except your soul. Even if I tried to cut you with a sword, you would not be harmed. Nothing can touch you physically in such a state, because your physical body will have entered your spiritual being. Normally it is the opposite: our souls are imprisoned in the physical body. In a perfect state of meditation, your soul covers your physical body and you become a spirit. There was once a Grandsheikh, Sheik Abdul Qadir al Jilani. While he was meditating he kept saying, “I am the truth!” People around him were offended by this utterance and started attacking him with swords, but nothing happened to him. They could not touch him.

When Maulana Rumi was in real meditation, he would be whirling and take off from the ground. He had full connection with the Divine Presence. According to our traditional knowledge, meditation has so many steps before reaching to the top point. If you keep to those rules, real meditation can come to you at any time. Everyone must try within the rules which exist in their religion, to praise the Lord first, in the way the prophets

taught us. We can then sit in a silent place, preferably in the dark, cover ourselves and withdraw from everything around us. We should not hear or feel anything, only think that we are one within the existence of the Lord Almighty Allah in the Divine Presence. Even if it only lasts for 5 minutes, it will give us power. This will then increase and make peace-falcons out of peace-doves. If a terrorist even looks at you, he will fall down. With meditation you can attain ultra-power. Don't think that meditation is something easy. It is the most important power which has been given to mankind.

# ASHURA

For Ashura may Allah bless Mumin and Muslims, four rakats - after fatiha, eleven times ikhlas. Allah make this prayer for heavenly supprt for Muslims today, four rakats, tenth of Muharram.
Shukr ya rabbi, Shukr ya Rabbi, tawba ya Rabbi tawba ya rabbi. Thank Allah Almighty that we have reached before 2000 last tenth Muharram today, in second millenium, last Ashura that we reached. Who knows that next year we are going to be with Mahdi, aleyhi salam, Allah knows. We are looking and waiting for when Mahdi comes, aleyhi salam. We are waiting. This is second millenium and its' last Muharram, the last tenth of Muharram of the second millenium. It is very holy day that every Prophet and their umma respected, and from respect of this holy day, fasted. Prophet was saying, "If I reach next year I am going to fast this day." Jewish people were fasting for today, but only one day, and Rasul Allah, SAW, said that, "We must not do as Jewish people are doing, we must keep another kind of celebration, and another kind of worship to Allah Almighty - as they are fasting one day then we must fast two days or three days," either you may fast 9,10, and 11, or 9 and 10, or 10th with 11th. you may fast three days, you may fast [...] to follow any other religion and their worship. Islam is original, it is not taking from this, not taking from that, taking nothing from the Torah and taking nothing from the Bible. Taking nothing from Moses or taking nothing from Jesus Christ. No. Islam is in its full originality.

Everything is original in Islam. It is not necessary to imitate or to follow anything from other religions like

Judiasm and Christianity. No. They are in limits for their religion, but Muslims are not in limits. They are in limits because their Prophets were sent only for the Children of Israel, not to others. But the Seal of Prophets, Rasul Allah, sal Allahu aleyhi wa sallam, Sayyidina Muhammad, peace be upon him, has been sent for all nations, for all mankind. Therefore there must be originality in Islam and we are not taking anything from Moses or Jesus, peace be upon them. Sayyididna Muhammad,peace be upon him, his shari'a, his rules, are new ones. Original ones. We are not in need to take something from them or something from this. Therefore he never asked to follow book-given to people like Jewish people and Christians. "They are fasting one day," he said, "so we must fast two days or three days to keep our originality." And now we are following Christians, we are following Jewish ways, and we are leaving the originality of Islam.

It is a blame for those who are trying to change their Islamic ways and to follow fully Christainity or Judaism, and therefore I am saying that to be number one among people or in Divine Presence - if you have a chance to be number one, don't lose it and be number two - no. If you have been granted a chance to be number one, why you are going to lose it? Islam - that is number one - don't change it, don't change its rules and follow Christian's rules or Judaism, Jewish customs. No. We have full honour and full respect in the Divine Presence and we have fully original rules, but now people are accepting to be number one billion, not to be number one, number two, or three, they are saying there are so many people - we may be the last one, that is okay. That characteristic is from our ego. Ego, ego represents total laziness, total laziness. Ego - no-one can reach the limits of our ego's laziness - therefore they are saying it doesn't matter, no need to be number one, it is enough to be last, so that no-one is after us. We should be free as the last ones, no one following us, free to be sultan of lazy ones. That is giving dishonour to Muslims. Dishonour, dishonouring them, there is no more honour on those who say we are happy to be the last one. If they say they are happy to be the last one that means they are happy not to be glorious, they are saying there is no need for us to be glorious ones, we may be last and that is okay for us. That is the opinion of our egos. Therefore, 20th century Muslims are never following the rules of Islam because if they were follwing the rules of Islam they should be number one, but instead they are saying, "We are very humble people, we are happy to be to be last instead of first." And Allah Almighty making them dishonoured people. Everywhere Muslims now - the non-Muslim world never accepts them on their level, they are saying, "Those people must be last ones. We are first, those people must be last. We use them as we are using animals and they are very happy to be our animals."

Yes, it's sorrowful what I am saying, and I am sorry about it, but Muslims are very happy to be servants of non-Muslims, to work for them - and their work is perhaps the dirtiest work - but imitated people in Islam are very happy to follow Western ways even when they are the last ones, not the first one. And through that opinion there is no chance for the Muslim world to be number one on earth, The Christian world are always number one because the Muslim world is running after Western civilisation and are asking to be westernised Muslims. No. If you are going to be westernise then your Islam is finished. You must leave Islam there, if you are asking to be westernised people, you must leave Islam there and just jump to be with them. Therefore, the European Community, that is free market, they are saying to Turks, those who are very proud ones like Turkey - you know Turkey? Big bird. And our Turks are asking to come into the European Market, to join those people and they're saying, "No, you can't be with us because we are asking that the ones who are with us are from ourselves - you are Muslims, you can't be with us, and we can't trust you. We are number one and you are last so we will never accept you to sit on the same stage with us."

Therefore, Prophet said that you must not follow book-given people, either Christians or Jewish, because if you follow them you lose your honour and you also lose your respect in the Divine Presence. If you are following the Christian world or the non-Muslim world you will be dishonoured through nations and there will be no respect for you in the Divine Presence. And people are running after non-Muslim countries. Malaysia is asking for their government to be a westernised government - they are leaving sharia'at. Indonesia is the same. Pakistan - the same. Hindustan - the same, Ceylon - the same, Afghan - the same, Iran - the same, Saudia - the same, Turkey - the same, Syria - the same, Baghdad - the same, Egyptians - the same, Sudanese people - the same, Libya - the same, Tunis - the same, Algeria - the same, and Maghrib - the same. They are never happy to be number one Muslims. They are asking to be the last ones because they are preferring the non-Muslim world and they are asking to have westernised governments. They think that, "If we are not going to be westernised, Western governments and nations are never going to accept us." Yes, it is true, they are never going to accept you, but Allah may accept you. But nations, Muslim nations, are throwing that away and are saying that, "We prefer our honour to be with Western nations, we are not asking for our honour to be in the Divine Presence." Therefore the Prophet said, "Don't do what Jewish people or book-given people do - make it the opposite. They are fasting one day, you must fast two days or three days. You must change everything!" And we are going to change everything that we are imitating from Western countries, up to the end of this year we must change everything. A storm, a typhoon, should come that will

take away billions. May Allah bless you and forgive me.

Allah Allah, Allah Allah, Allah Allah, Aziz Allah,

Allah Allah, Allah Allah, Allah Allah, Karim Allah,

Allah Allah, Allah Allah, Allah Allah, Subhan Allah,

Allah Allah, Allah Allah, Allah Allah, Sultan Allah!

Real Sultan is Allah and He is granting that real ones will be on earth, sultans for shari'a - Muslims. Ya Rabbi, shari'at ul-sultan

**Ask, and I shall give to you...**

“Subhanaka, la ‘ilma lana illa ma ‘alamtana, innaka Anta’l ‘Alimu’l Hakim...” (Sura 2:32) Allahu akbar... Ya ‘Alimu, ya Hakim, ‘alimna ma yanfa’una wa zidna ‘ilman!
( (And the Angels said:) “Praise be to You, we have no knowledge except that which you taught us- You are the Knowing, the Wise One...” Allahu akbar... Oh Knowing One, oh Wise One, teach us what is beneficial for us and increase our knowledge always!)

This is the most distinguished Naqshibandi Order and its main pillar is Sohbet, association with the Sheikh. We are asking, and they are giving. If we don’t ask, they will not give... Allah Almighty is saying: “Ask, and I shall give to you. ” First you must know what you are asking for.

There was one person that Allah sent to a big Sultan, a great Sultan, and he came to him and brought something so that the Sultan was very happy with him and he said: “I am pleased with you. Ask, and whatever you ask for, I will grant to you. Immediately I will give it to you.” So that person was thinking: What may I ask for? My donkey is very hungry, and I have no straw... “Oh Sultan, give me a big bag of straw.”... Allah, Allah, such a clever one... Do you understand the foolishness of that person? The Sultan was wondering: That person, is he crazy, mad, no mind? "Give him, what he is asking for. Give him 1o bags of straw, and let him go."

The Lord of the Heavens, Allah Almighty, He is watching you when you are asking for something from Him, and most people ask for such nonsense things. So many people come to me and say: “Tomorrow I am going for an exam, pray for me to pass.” Or: “I am going to graduate, please pray for my graduation.“ Every day so many people are coming and saying: “Oh Sheikh, pray for my shop, no one is coming.” Another one is asking: “Look for a good job for me, I have no job.” Or: “Oh Sheikh, ask for me from Allah Almighty a little bit more money.” Every day one brother is coming and asking me: “Sheikh, pray for me to have 4 legs.”, which means:

he wants to get married... asking me from the beginning of the day until sleeping time. So many people come and ask me to pray for this and that- all of it is nonsense. No one is coming and saying: “Oh Sheikh, please make Dua for me to be an accepted servant in the Divine Presence.”

“Hallo, Sheikh, please pray for me, because there is an election. I am putting my name down also, let peoples’ hearts awake to give their vote to support me, oh Sheikh.”... No one is coming and saying: “Oh Sheikh, pray for me to be closer to Allah Almighty’s most Beloved Servant Sayidina Muhammad sws, to be his neighbour in Paradise.“... No one is coming and asking: “Oh my Master, pray for me to be closer to Allah Almighty.“...

Therefore, you must ask. But you must know what you are asking for, and from whom you are asking. If you are going to a village, you may ask for straw there, but it is not right, reaching a Sultan’s Palace, to ask straw from him. If you are using your mind it should show you what is true. If you are asking in your heart, your heart may accuse you and say: I am ashamed in front of the Lord of Heavens, that you are asking for something that has no value for Him.

Oh people, you must know about the life on this planet, and you must know about the next life of endless eternity. He likes His servants to ask for eternity... Such a sweet word- eternity. Even in your language I like it... Sermedi, endless eternity... Ask your Lord Allah Almighty for eternity. Never ending favours come from Him. Why are you not asking? What you are asking for? You are asking for something less than straw, much less...

Therefore sometimes I am ashamed to recite Fatiha only for one person’s demand and wish, and I am saying: “Oh my Lord, I am reciting Fatiha on behalf of him, and for what everyone of Your Habib’s Nation is asking for with this Fatiha. Grant it to them.” I don’t like to stop and make one Fatiha for one person only, no. Then it would be like a person asking to hunt, carrying a gun and finding a fly and saying: “I must shoot it!” “What are you shooting?“ “A fly.”... And it is a shame to shoot a fly and then try to find it. The fly either flew away or it is destroyed and finished...

You are making this temporary life your target, asking to reach something and shooting without reaching that target. And you are getting old, before you are granted from Allah Almighty what you were asking for: towers of Nimrod, one hundred houses, shops, businesses, companies... Finally, at the final point of your life, what you were shooting is going to disappear, and you run to look at what you were shooting- looking and finding

nothing...: ”Oh, my shooting was so powerful that the target was finished- no sign of it!”
Therefore it is important for everyone to ask something of value from Allah Almighty which He may grant to you. You must make Him pleased, and when He is pleased with you, He will say: “Oh My servant, everything is for you.”...

Why you are not trying to make Allah Almighty pleased with you? Try to make Him pleased, and then He will make you pleased. For every purpose you should be pleased.

## Ask And You Are Given

May our strength increase. May our love and longing expand. May our servanthood be beautiful by our own standards. May Allah give beauty to our face and may He bless our body with health and wholesomeness. Come, O Shah-i Mardan. O Shah-i Mardan, how lovely you are! O Lovers of Shah-i Mardan! "alhimna rushdana" - O our Lord, inspire us with states of goodness. Our Lord, "wa ‘idhna min shururi anfusina" - protect us from the evil of our lower soul. We are weak. ,’abdun da'if - a weak servant. Give us strength, O our Lord. Someone who wants power, if his car runs out of petrol, where does he go? He goes to the filling station in order to fill up the tank. "Allahumma, alhimna rushdana wa’izna min shururi anfusina".

May this day be bright for us. Ey Yaran Shah-i Mardan! O Friends of Shah-i Mardan who love him, who wish to learn Adab/good manner from him. Shah-i Mardan, teach us Adab! He teaches good manner, so let us learn it from him. Our Prophet said: "addabani Rabbi." The Holy Prophet, ‘alayhi s-salatu wa s-salam, spoke: "addabani Rabbi." "I was taught good manner, My Lord taught me Adab." Masha'Allah. That is what we too need to learn - "adab", good manner. May Allah not part us from the company of those possessing adab. O Lovers of Shah-i Mardan! O you seeking the company of the Lions of Allah! Listen! Today is a new day. Alhamdulillah. Allah Almighty brought us to a new day. O Lovers of Shah-i Mardan. Those who love Shah-i Mardan, why do they love him? "al-mar'u ma’ man ahab", a person will be together with the one he loves. He, Shah-i Mardan, he is one whom Allah Dhu l-Jalal loves, a person who is on the way of the one he loves.

You learn Adab from one who has it. Whoever wishes to become a jeweler, does not go to the shop of a farrier. By farrier we mean a blacksmith, a horseshoer, one who shoes animals' hooves. He doesn't go there. One who is looking for jewels goes to a jewel merchant. Come, O Shah-i

Mardan. You who are full of adoration for your Lord, O Lion of Allah! We love you, we wish to learn Adab from you. May this new day be full of blessings for you. "yawmun jadid, rizqun jadid." O our Lord, do not part us from the company of those who love You. What do we gain from it? Our gain is being together with people possessing good manner. Come to us, O Shah-i Mardan, O Lion of Allah! Teach us. O Friends of Shah-i Mardan, you who love Shah-i Mardan. Why do they love him? Because from him they learn good manners, with which to reach Rasulullah's holy presence. Man cannot enter Paradise without manners. Know this: people cannot enter Paradise if they are ill-mannered. Rude, unmannered people, their place is either the fire or this worthless world.

Those asking for carrion, the world is a carcass, he says, a dead body. The man chasing after it has no value. Allah Almighty has given us value. Asta'idhu bi-llah: "wa la-qad karramna Bani Adama" (17:70) [We have honoured the sons of Adam.] He did not say this to the angels. Come, O Shah-i Mardan. "tariqatuna as-sohba" - our path is association. Thus our Shaykhs have said. When two people meet in one place, one should speak, the other should benefit. Those taking part in the gathering of Shah-i Mardan should learn adab from him, they should take power and light. While there are jewels to be had, only a donkey will run after straw. It takes a jeweler to know the value of a jewel. A donkey does not know about it. But people today run after straw. Straw, he says, give us some straw. We want more straw. Now straw is not what is to be desired. You must know what is desirable. That is: Bismillahi r-Rahmani r-Rahim. Say the noble Basmala and your heart will be inspired with what is desirable. The Basmala is not spoken over a carcass. Don't be like the carrion crow. A crow is after carrion. The nightingale rests on the rose. Be a nightingale then, so that the rose may fall in love with you, and you with it. There are so many roses in the creation! Why then do you run after a cadaver? How is it that a man loses his worth? By not knowing what he wants, the value of man is brought down. What is the value of a crow? It is called a carrion crow. It is after carrion. The nightingale adores the rose and the rose adores it.

O our Lord. You have graced us with such boundless, innumerable blessings. Therefore, our way is the way of association. "Tariqatuna as-sohba". You must keep to sohba, attend associations. You must benefit from sohba. Please come, O Shah-i Mardan. Your loving friends adore you. What did he say, Shah-i Mardan, when speaking with Shah-i Jihan? What did he say when he

conversed with the Prince of Creation? Did they talk about dates? About camels? Did they talk about women? No. Those who attended the Holy Prophet's association, ‘alayhim ridwanu-llah, may Allah be pleased with them. They are of such rank that Allah is pleased with them and they are pleased with Him. Allah was pleased with them, what a great honour! So why don't you make some effort, so that Allah will be pleased with you! If Allah is pleased with you, what more can you possibly ask for?

"is'al, tu'ta" - ask and you will be given. O My servant, ask! You will be given what you asked for. Shall we ask for other than You? You are our Lord, O our Lord, You are all we wish for. You are all that we want. So, if it is Me whom you desire, give up your selves. Give up your self on My way. At that time: "is'al, tu'ta" Those who sacrifice themselves on Our way, are addressed in this way: "is'al, tu'ta" - O My servant, ask of Me, in an instant your wish will be fulfilled. Ma’rifatu-llah, Shaykh Mehmet Effendi, ma’rifatu-llah, the Knowledge of God. The touchstone for everything, all that is desired you will find it in the Knowledge of God, ma’rifatu-llah. "Is'al, tu'ta", ask and you will be given. Ask of Me. What you ask for will be given. Radiya-llahu ‘anhum, because their Lord was pleased with them, wa radu ‘anhu, they were pleased with their Lord.

Who is content, has the rank of Humankind. He has been dressed with the qualities of being Allah's deputy. Being Allah's deputy is a robe of honour granted by Allah Almighty. What else are you looking for? Haji Mehmet, Shaykh Mehmet Effendi, what? The robe of deputyship Allah Almighty dresses you in is Allah Almighty's gift of greatest honour to you. What else do you wish for after that? O, My servant. I have robed you in such a robe of honour, which nobody else can dress you in. My gift to you, My favour is boundless. Nobody else can give it. Only I can give it, I who am your Lord. I robe you in it, I who have created you. That is how it is, O mankind. Don't involve yourselves in the dung of this dunya. The world is a carcass. Do not go into it, come to Me! "id’uni, astajib la-kum" - turn to Me, I will respond to you. You must ask of Me, and I will answer you.

O Shah-i Mardan, please come and teach us! O you who are in awe of the Lord, who are beguiled by His Beloved, O Shah-i Mardan, Lion of Allah! Come please, so we may learn. "fas'al bi-hi khabira" - ask of one who knows; A farrier is one who nails horse shoes to horses' feet. Don't go to a farrier. Why would a person seeking jewels go to a farrier? Are you a beast? You

are of the honoured sons of Adam. You must find one who can give you what you seek. "f-as'al bi-hi khabira", ask of one who knows. That is our honour. Shaykh Mehmet Effendi, in this station of dignity there is beauty. Man is beautiful. Allah did not create man to be ugly. But there are countless people who make themselves ugly. O our Lord, "ahsin wujuhana, hassin akhlaqana", make us lovely of face and refine our moral character. Don't be rude or immoral. "innama bu'ithtu li-utammima makarima l-akhlaq." I have been sent to dress you in the robe of beauty. Listen to me, by my hand I will dress you in that robe of honour. The Lord gives it into the hand of His Beloved and by his hand, he dresses us in that robe of honour. No one else can approach this.

Wa la-qad karamna Bani Adama (17:70) A divine gift of honour given to the sons of man. There are many tales. In this way spoke the wise of old, those who possessed adab. What are you going to teach? Teach him what will benefit him, he says. It is not necessary to teach a man everything. However, it is knowledge that makes man human, which dresses him in dignity and the wise men who teach this knowledge, will dress you with these ranks. Ey Yaran Shah-i Mardan! Therefore, you must seek, he says. Seek out gatherings of sohba. Grandshaykh used to say: When two believers come together, engage in sohba, even if it lasts only as long as it takes to milk two goats. Let one of them say: La ilaha illa-llah, while the other one should say: Muhammadun rasulu-llah. That is enough for a sohba. What great honour Allah dresses upon that servant! From the Divine Presence a robe of dignity is given to the Holy Prophet, the Leader of the Here and the Hereafter. In that He dresses him. Therefore, sohba is the first and basic decree.

Our Prophet said: "innama bu'ithtu li-utammima makarima l-akhlaq". You will be entering the presence of a very great one, "makarima l-akhlaq". We will robe you with good qualities, in a robe of dignity, so that you may enter into that Presence: The Presence of Allah, the Presence of His Beloved, that of the great Shaykhs; finally our presence, the presence of the brothers, to have lovely meetings and good dealings with them. When one believer meets another, they should relate to each other. If the one says "La ilaha", let the other say "illa-llah". They are then dressed in a robe of honour. Man is created with honour. He has the most honour of all Creation. All his being is robed in honour. Ask. Behold, the friends of Shah-i Mardan, they are in love with him. They wish to dress in that robe of honour.

Nowadays people are keen on wearing a new suit of clothes every day. What is this? A shirt. That is not what they are looking for. Every day there is a robe of honour descending from heaven. But that is not what he wishes for, he is interested in dunya garments. Let me wear a nice dress. A nice dress - your dress is not worth a farthing. Every day there is a beautiful robe for you that comes down from heaven. O my Lord! O Shah-i Mardan! This is what you teach your beloved friends. We must know and make known what we should request, what we should wear, and wherein lies our honour. innama bu'ithtu li-utammima makarima l-akhlaq. The Holy Prophet says, "I have come to dress you in the lovely robe of servanthood, in the robe of honour that will suit you every day. Follow me, so that you may find honour. Who does not follow me has no honour." Not every stone is a ruby. No. There are plenty of stones beneath our feet. But a ruby is not to be thrown on the ground. Rubies, emeralds - these are jewels, they are not to be trampled underfoot.

"ad-dinu nasiha", religion means advice, counsel. A man who cannot distinguish good from evil is at the level of the beasts. Learn this, learn what is good, and what is not good. A person who cannot make this distinction, is not human, he falls in the animal category. Don't be animal, be human. Look at yourself, if you will. Look at yourself. Where will you see yourself? "al-mu'minu mir'atu l-mu'min" - is it not so? mir'at - a mirror. You are mirrors for one another. Look into it. There is a shining mirror, look into it, you will perceive your condition, your dignity, the robe of honour you are to wear. Do not run after the rubbish heap of dunya, or after foul carrion. Wrap yourself in the robe of honour coming to you from heaven above. This is the robe of servanthood.

But what shall we do? Nowadays people are overpowered by shaytan, shaytan deceives them. Moda, fashion, this is rubbish which has no value. People cannot differentiate between the real fashion, the honourable dress descending from heaven, and instead they follow the fashion the devil has invented for them here. What a pity! Look for the robe of honour descending on you from heaven, and ask for that. Ey Yaran Shah-i Mardan! Give us strength, so that our trust may increase. For our Lord let us dress in the robe of servanthood and know the Presence of our Lord. Let us dress in the robe of servanthood, that is honour -The robe of servanthood. It is the "libs ul-'afiyat", the robe of health. It gives health to man. You must know which robe you are going to wear. Recognize its beauty!

O brothers who are his Loving Friends, listen to Shah-i Mardan! Ey Shah-i Mardan, Sahib-i Maydan, Rabbisine hayran! [he who adores his Lord] How lovely to be of his Loving Friends. Mankind has sunk into the filth of dunya, deceived by shaytan. Every day something new appears, which distances people from their humanity. Come, it says, be like me. That is shaytan's goal, to make people into devils. Nowadays humanity takes its lessons from the devil. Shaytan says: Be like me! And people have indeed turned into devils. "wa la-qad karramna Bani Adama" (17:70) He leaves the beautiful dress his Lord Almighty Allah has honoured him with, and wears the devil's filthy dress, and he is proud of it, too! O man, seek to be honourable, seek to be like the angels! The honour of man lies in his becoming like the angels. Shaytan's intention is to make men into devils. A person who cannot distinguish between these two things, is not human. It is ignorance and darkness. Knowledge can dispel that darkness. And Knowledge is found with Shah-i Mardan and the blessed ones who attend his gathering.

O our Lord, You have dressed us in such fine robes - A mark of Divine honour. Let us take care of that. Let us try to become as angels. But instead of that, shaytan is turning people into devils. May it be far from us! Their houses and places, their food and drink are all from shaytan. We have no need of them. We are divinely honoured. We must realize Allah's Divine Favour in that everything is made to serve mankind. Every creature has a service to render to mankind, and an honour to give. Every created being, of plants or animals, is made to give honour to man. Do not forget this. O Lovers of Shah-i Mardan! Ask for strength from Allah, ask Him for assurance. O Shah-i Mardan! Teach us! May our force and power be strengthened. On the way that you have shown us, let us engage in the servanthood of our Lord! There is no higher rank than this.

O our Lord, forgive us, and send us a Sultan. We are without a Sultan. People are destroying one another, because they have no Sultans. The Sultan will come and teach people their humanity. May it be soon! Rajab Shahru-llah. Rajab is the month of Allah. We have hope that such ones, that such a Sultan will come. Be ready to render service to that Sultan. Success is from Allah. al-Fatiha

May Allah give you strength, dress you in grandeur and give you fervent love. May He give you knowledge and forbearance, and dress you in His Beauty From Allah Almighty's Perfection comes His Grace. O glorious Ka’ba! Allahumma zid baytaka hadha tashrifan wa ta'ziman wa takriman wa mahabbatan wa rif'atan wa birra. We are ordered to glorify the Ka’ba - a square

structure built by the sons of Adam. We are commanded to glorify it. Eh, and whose structure are we? We are what Allah Almighty created in His Creation. You glorify the Ka'ba, but you do not glorify man? What is that? "addabani Rabbi fa-ahsana ta'dibi." Learn good manner. Let us learn adab, so that our rank might be raised. al-Fatiha.
Allahu Allah, Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu hasbi, Allahu Allah, Allahu hasbi. Say: Hasbun Allah wa ni'ma l-wakil. Say this "hasbun Allah" at least 70 times a day; and even if the world were filled with devils, they could not touch you. May we have a day full of blessings. Shaykh Mehmet Effendi, he is my son. May your face glow like the sun and your wrist have the strength to bring down mountains. Amin. May all illness and pain be far from you. And were there as many devils as men, they couldn't harm you in any way. O our Lord, You are Sultan, You are Subhan. Subhan Allah, Sultan Allah.
al-Fatiha.

**Bittet und euch wird gegeben**

Möge unsere Kraft zunehmen. Möge unsere Liebe und Sehnsucht sich ausdehnen. Möge unsere Dienerschaft schön sein nach unseren eigenen Maßstäben. Möge Allah unserem Gesicht Schönheit geben, und möge Er unseren Körper segnen mit Gesundheit und Wohlbefinden. Komm, o Shah Mardan. O Shah Mardan, wie lieblich du bist! O Liebende Shah Mardans. "Al-Himna Rushdana" - O unser Herr, erwecke in uns Zustände der Güte. Unser Herr, "Wa Idhna min Shururi Anfusina" - schütze uns vor dem Bösen unserer niederen Seele. Wir sind schwach. `Abdun Da'i - ein schwacher Diener. Gib uns Kraft, unser Herr. Jemand, der Energie will, wenn seinem Auto das Benzin ausgeht, wohin geht er? Er geht zur Tankstelle, um den Tank zu füllen. "Allahumma, al-Himna Rushdana Wa`izna min shururi Anfusina." Möge dieser Tag hell für uns sein. Ay Yaran Shah Mardans! O Freunde Shah Mardans, die ihn lieben, die von ihm Adab lernen wollen. Shah Mardan, lehre uns Adab. Er lehrt gutes Benehmen, also laßt uns von ihm lernen. Unser Prophet sagte: "Addabani Rabbi". Der heilige Prophet, `alayhi s-Salatu wa s-Salam, sagte: "Addabani Rabbi." - Mir wurde gutes Benehmen beigebracht. Mein Herr lehrte mich Adab. Ma sha' Allah. Das ist, was wir auch lernen müssen, Adab, gutes Benehmen. Möge Allah

uns nicht vom Umgang mit denen, die Adab haben, trennen.
O Liebende Shah Mardans, o ihr, die die Gesellschaft der Löwen Allahs suchen. Hört! Heute ist ein neuer Tag. Alhamdulillah. Allah der Allmächtige brachte uns einen neuen Tag. O Liebende Shah Mardans. Jene, die Shah Mardan lieben, warum lieben sie ihn? "Al-Mar'u ma` man Ahab" - Ein Mensch ist mit dem zusammen, den er liebt. Er, Shah Mardan, ist einer, den Allah Dhu l-Jalal liebt, ein Mensch, der auf dem Weg dessen ist, den er liebt. Du lernst Adab von dem, der ihn hat. Wer immer Juwelier werden will, geht nicht in die Werkstatt eines Hufschmiedes. Mit Hufschmied meinen wir einen Grobschmied, einen, der die Hufe von Tieren beschlägt. Er geht nicht dorthin. Jemand, der Juwelen sucht, geht zu einem Juwelier. Komm, o Shah Mardan. Du, der voller Verehrung ist für seinen Herrn, o Löwe Allahs! Wir lieben dich, wir wollen Adab lernen von dir. Möge dieser neue Tag voller Segnungen sein für dich. "Yawmun Jadid, Rizqun Jadid". Unser Herr, trenne uns nicht vom Umgang mit denen, die Dich lieben. Was gewinnen wir daran? Unser Gewinn ist, mit Menschen zusammenzusein, die gutes Benehmen haben. Komm zu uns, Shah Mardan, Löwe Allahs! Lehre uns. O Freunde Shah Mardans, ihr, die Shah Mardan lieben. Warum lieben sie ihn? Weil sie von ihm gutes Benehmen lernen, mit dem sie in Rasulullahs heilige Gegenwart gelangen. Der Mensch kann das Paradies nicht ohne Benehmen betreten. Wisset das: Die Menschen können nicht ins Paradies gelangen mit schlechtem Benehmen.
Der Ort für grobe, unerzogene Leute ist entweder das Feuer oder die wertlose Welt. Die Aas wollen, die Welt ist ein Kadaver, sagt er, ein toter Körper. Der Mensch, der hinter dem her ist, hat keinen Wert. Allah der Allmächtige hat uns Wert gegeben. Asta'idhu Billah: "Wa Laqad Karramna Bani Adama" (17:70) - Wir haben die Söhne Adams geehrt. Er sagte das nicht zu den Engeln. Komm, o Shah Mardan. "Tariqatuna s-Sohbat" - unser Weg ist Vereinigung. So sagten es unsere Shaykhs. Wenn sich 2 Leute treffen, sollte einer sprechen, der andere Nutzen ziehen. Jene, die an den Treffen Shah Mardans teilnehmen, sollten Adab von ihm lernen. Sie sollten Kraft und Licht nehmen. Wenn Juwelen zu haben sind, läuft nur ein Esel hinter Stroh her. Es ernötigt einen Juwelier, um den Wert eines Juwelen zu erkennen. Ein Esel weiß darüber nicht Bescheid. Aber die Menschen heute laufen hinter Stroh her. Stroh, sagt er, gib uns Stroh! Wir wollen mehr Stroh. Nun, Stroh ist nicht, was gewünscht werden soll. Ihr müßt wissen, was wünschenswert ist. Das ist, Bismillahi r-Rahmani r-Rahim. Sagt die edle Basmala und euer Herz wird angeregt mit dem, was erstrebenswert ist. Die Basmala wird nicht über einem Kadaver gesprochen.

Seid nicht wie die Aaskrähe. Eine Krähe ist hinter Aas her. Die Nachtigall ruht auf einer Rose. Sei eine Nachtigall denn, so daß die Rose sich in dich verliebt und du dich in sie. Es gibt so viele Rosen in der Schöpfung! Warum lauft ihr dann hinter einem Kadaver her? Wie kommt es, daß ein Mensch seinen Wert verliert? Wenn er nicht weiß, was er will, sinkt der Wert eines Menschen. Was ist der Wert einer Krähe? Sie wird Aaskrähe genannt. Sie ist hinter Aas her. Die Nachtigall verehrt die Rose, und die Rose verehrt sie. O unser Herr. Du hast uns geschmückt mit solch grenzenlosen, zahllosen Segnungen. Deshalb ist unser Weg der Weg der Vereinigung. "Tariqatuna s-Sohbat". Ihr müßt an Sohbat festhalten, an Vereinigungen teilnehmen. Ihr müßt von Sohbats profitieren. Bitte komm, o Shah Mardan. Deine liebenden Freunde verehren dich. Was sagte er, Shah Mardan, als er mit Shah Jihan sprach? Was sagte er, als er sich mit dem Prinzen der Schöpfung unterhielt? Sprachen sie über Datteln? Über Kamele? Sprachen sie über Frauen? Nein. Jene, die an des heiligen Propheten Vereinigungen teilnahmen, `alayhim Ridwanullah, möge Allah mit ihnen zufrieden sein, haben so einen Rang, daß Allah mit ihnen zufrieden ist und sie mit Ihm. Allah war mit ihnen zufrieden. Was für eine große Ehre! Warum also unternehmt ihr keine Anstrengung, so daß Allah mit euch zufrieden sein wird? Wenn Allah mit euch zufrieden ist, was sonst könnt ihr wohl verlangen?

"Is'al, Tu'ta" - Bittet, und euch wird gegeben. O Meine Diener, bittet. Euch wird gegeben, um was ihr gebeten habt. Sollen wir um etwas anderes als Dich bitten? Du bist unser Herr, o unser Herr, Du bist alles, was wir uns wünschen. Du bist alles, was wir wollen. Wenn es also Ich bin, Den ihr ersehnt, gebt euer Selbst auf. Gebt euer Selbst auf auf Meinem Weg. Zu der Zeit: "Is'al, Tu'ta". Jene, die sich opfern auf Unserem Weg, werden in der Weise angesprochen: "Is'al, Tu'ta." O Mein Diener, erbitte von Mir, in einem Moment wird dein Wunsch erfüllt. Ma`rifatullah, Shaykh Mehmet Effendi, Ma`rifatullah, das Wissen von Allah. Der Prüfstein für alles, alles, was gewünscht wird, werdet ihr im Wissen von Allah finden, Ma`rifatullah. "Is'al, Tu'ta" - Bittet und euch wird gegeben. Erbittet von Mir. Um was ihr bittet, wird gegeben werden. Radiyallahu `anhum, weil ihr Herr mit ihnen zufrieden war, wa Radu `anhu, und sie waren zufrieden mit ihrem Herrn. Wer zufrieden ist, hat den Rang des Mensch-Seins. Er wurde bekleidet mit den Eigenschaften der Vertreterschaft Allahs. Allahs Vertreter zu sein, ist ein Gewand der Ehre, gewährt von Allah dem Allmächtigen. Nach was sucht ihr sonst? Hadji Mehmet, Shaykh Mehmet Effendi, was? Das Gewand der Stellvertreterschaft, mit dem Allah der Allmächtige euch

bekleidet, ist Sein Geschenk der größten Ehre für euch. Was anderes wünscht ihr euch danach? O Meine Diener, ich habe euch in so ein Ehrengewand gekleidet, in das sonst niemand anders euch kleiden kann. Mein Geschenk an euch, Meine Gunst ist grenzenlos. Niemand sonst kann es geben. Nur Ich kann es geben, Ich, Der euer Herr ist. Ich kleide euch darin, Ich, Der euch geschaffen hat. Das ist, wie es ist, o Menschheit.

Verstrickt euch nicht in den Mist der Dunya. Die Welt ist ein Kadaver. Geht nicht hinein, kommt zu Mir! "Id'uni, Astajib lakum" - Wendet euch Mir zu. Ich antworte euch. Ihr müßt Mich bitten, und Ich werde euch antworten. O Shah Mardan, bitte komm und lehre uns! O ihr, die Ehrfurcht vor dem Herrn haben, die betört sind von Seinem Geliebten. O Shah Mardan, Löwe Allahs! Komm bitte, damit wir lernen können. "Fas'al bihi Khabira" - Fragt einen, der weiß. Ein Hufschmied ist einer, der Hufeisen an die Füße der Pferde nagelt. Geht nicht zu einem Hufschmied.

Warum sollte einer, der Juwelen sucht, zu einem Hufschmied gehen? Bist du ein Tier? Du gehörst zu den geehrten Söhnen Adams. Du mußt einen finden, der dir geben kann, was du suchst. "Fas'al bihi Khabira" - frag einen, der weiß. Das ist unsere Ehre. Shaykh Mehmet Effendi, auf dieser Stufe der Würde ist Schönheit. Der Mensch ist schön. Allah erschuf den Menschen nicht, um häßlich zu sein. Aber es gibt unzählige Menschen, die sich selbst häßlich machen. O unser Herr, "Ahsin Wujuhana, Hassin Akhlaqana" - Mach uns von lieblichem Gesicht und verfeinere unseren moralischen Charakter. Seid nicht grob oder unmoralisch. Innama Bu'ithtu li'Utammima Makarima l-Akhlaq. Ich wurde gesandt, um euch in das Gewand der Schönheit zu kleiden. Hört mich an, mit meiner Hand werde ich euch in das Ehrengewand kleiden. Der Herr gibt es in die Hand Seines Geliebten und mit seiner Hand kleidet er uns in dieses Ehrengewand. Niemand sonst kann sich dem nähern.

"Wa Laqad Karramna Bani Adam" (17:70). Ein Göttliches Geschenk der Ehre für die Söhne des Menschen. Es gibt viele Geschichten. So sprachen die Weisen der Alten, jene, die Adab hatten. Was werdet ihr lehren? Lehrt ihn, was ihm nützt, sagt er. Es ist nicht nötig, einen Menschen alles zu lehren. Es ist jedoch Wissen, was den Menschen zum Menschen macht, was ihn mit Würde bekleidet. Und die Weisen, die dieses Wissen lehren, werden euch mit diesen Rangstufen bekleiden. Ay Yaran Shah Mardans! Deshalb müßt ihr suchen, sagt er. Sucht Versammlungen von Sohbat. Großshaykh pflegte zu sagen: Wenn zwei Gläubige zusammenkommen, beschäftigt euch mit Sohbat, auch wenn es nur solange ist wie das Melken von 2 Ziegen. Einer von ihnen soll sagen:

La ilaha illa Allah, während der andere sagt: Muhammadun Rasulullah. Das ist genug für ein Sohbat. Was für eine große Ehre kleidet Allah auf diesen Diener! Von der Göttlichen Gegenwart wird dem heiligen Propheten ein Gewand der Würde gegeben, dem Führer des Dies- und Jenseits. Darin kleidet Er ihn. Deshalb ist Sohbat die erste und grundlegende Verfügung. Unser Prophet sagt: "Innama Bu'ithtu li-Utammima Makarima l-Akhlaq." Du wirst in die Gegenwart eines sehr Großen eintreten, "Makarima l-Akhlaq". Wir werden dich mit guten Eigenschaften bekleiden, einem Gewand der Würde, so daß du in diese Gegenwart entrittst, in die Gegenwart Allahs, die Gegenwart Seines Geliebten, die der großen Shaykhs, endlich unsere Gegenwart, die Gegenwart der Brüder, um herrliche Treffen zu haben und guten Umgang mit ihnen. Wenn ein Gläubiger einen anderen trifft, sollten sie eine Beziehung herstellen. Wenn einer sagt, "La ilaha", soll der andere sagen "illa Allah". Sie sind dann in ein Ehrengewand gehüllt.

Der Mensch ist mit Ehre geschaffen. Er hat die höchste Ehre der ganzen Schöpfung. Sein ganzes Sein ist in Ehre gehüllt. Bittet! Seht, Freunde Shah Mardans, sie lieben ihn. Sie wollen in dieses Ehrengewand gekleidet sein. Heutzutage sind die Leute scharf darauf, jeden Tag einen neuen Anzug zu tragen. Was ist das? Ein Hemd. Das ist nicht das, was sie suchen. Jeden Tag kommt ein Ehrengewand von den Himmeln herab. Aber das ist nicht, was er sich wünscht. Er interessiert sich für Dunya-Kleidung. Laßt mich ein hübsches Kleid tragen. Ein hübsches Kleid! Dein Kleid ist keinen Furz wert! Jeden Tag kommt ein schönes Gewand für dich von den Himmeln herab. O mein Herr! O Shah Mardan! Das ist, was du deine geliebten Freunde lehrst. Wir müssen wissen und bekannt machen, was wir fordern sollten, was wir tragen sollten und worin unsere Ehre liegt. "Innama Bu'ithtu li-Utammima Makarima l-Akhlaq." Der heilige Prophet sagt: "Ich bin gekommen, um euch in das herrliche Gewand der Dienerschaft zu kleiden, das Gewand der Ehre, das euch jeden Tag paßt. Folgt mir, so daß ihr Ehre finden könnt. Wer mir nicht folgt, hat keine Ehre. Nicht jeder Stein ist ein Rubin. Nein. Es gibt eine Menge Steine unter unseren Füßen. Aber ein Rubin darf nicht auf die Erde geworfen werden. Rubine, Smaragde, das sind Juwelen. Auf sie soll man nicht mit Füßen treten.

"Ad-Dinu Nasiha", Religion bedeutet guter Rat, Beratung. Ein Mensch, der gut nicht von schlecht unterscheiden kann, ist auf der Stufe von Tieren. Lernt das. Lernt, was gut ist und was nicht gut ist. Jemand, der diese Unterscheidung nicht treffen kann, ist kein Mensch. Er fällt in die

Tier-Kategorie. Seid kein Tier, seid Mensch. Seht euch selbst an, seid so gut. Seht euch selbst an. Wo seht ihr euch? "Al-Mu'minu mir'atu l-Mu'min". Stimmt es nicht? Mir'at - Spiegel. Ihr seid Spiegel für einander. Schaut hinein. Es gibt einen leuchtenden Spiegel. Schau hinein, du wirst deinen Zustand sehen, deine Würde, dein Ehrengewand, das du trägst. Lauf nicht dem Müllhaufen der Dunya nach oder fauligem Aas. Wickel dich in das Ehrengewand, das zu dir kommt von den Himmeln oben. Das ist das Gewand der Dienerschaft. Aber was sollen wir tun? Heutzutage sind die Menschen überwältigt von Shaytan. Shaytan täuscht sie. Mode, das ist Unsinn, der keinen Wert hat. Die Menschen können nicht unterscheiden zwischen der wahren Mode, dem Ehrengewand, das von den Himmeln kommt. Stattdessen folgen sie der Mode, die Shaytan für sie hier erfunden hat. Schade! Sucht das Ehrengewand, das für euch von den Himmeln herabkommt, und strebt das an.

Ay Yaran Shah Mardans! Gib uns Kraft, damit unser Vertrauen wächst. Für unseren Herrn laßt uns das Gewand der Dienerschaft anlegen und die Gegenwart unseres Herrn kennenlernen. Legen wir das Gewand der Dienerschaft an. Das ist Ehre, das Gewand der Dienerschaft. Es ist "Libsu l-`Afiyat", das Gewand der Gesundheit. Es gibt dem Menschen Gesundheit. Du mußt wissen, welches Gewand du tragen wirst. Erkenne seine Schönheit! O Brüder, die seine liebenden Freunde sind, hört Shah Mardan. Ay Shah Mardan, Sahib Maydan, Rabbisine Hayran, er, der seinen Herrn verehrt! Wie herrlich, zu seinen liebenden Freunden zu gehören! Der Mensch ist in den Dreck der Dunya gesunken, getäuscht von Shaytan. Jeden Tag erscheint etwas Neues, das den Menschen von seinem Mensch-Sein entfernt. Kommt, sagt er, seid wie ich. Das ist Shaytans Ziel, die Menschen zu Shaytanen zu machen. Heutzutage nimmt die Menschheit ihren Unterricht von Shaytan. Shaytan sagt: Seid wie ich! Und die Menschen haben sich tatsächlich in Shaytane verwandelt. "Wa Laqad Karramna Bani Adam" (17:70). Er läßt das schöne Gewand, mit dem sein Herr, der Allmächtige Allah, ihn geehrt hat, und trägt Shaytans dreckiges Kleid und ist auch noch stolz darauf! O Mensch, versuche, ehrbar zu sein, versuche, wie die Engel zu sein! Die Ehre des Menschen liegt darin, wie die Engel zu werden. Shaytans Absicht ist, die Menschen zu Shaytanen zu machen. Jemand, der nicht zwischen diesen beiden Dingen unterscheiden kann, ist kein Mensch. Es ist Ignoranz und Dunkelheit. Wissen kann diese Dunkelheit vertreiben. Und Wissen findet sich bei Shah Mardan und den Gesegneten, die seine Versammlungen besuchen.

O unser Herr, Du hast uns in so feine Gewänder gekleidet! Ein Zeichen Göttlicher Ehre. Hüten

wir das! Versuchen wir, wie Engel zu werden! Aber stattdessen verwandelt Shaytan die Menschen in Shaytane. Möge es weit weg von uns sein! Ihre Häuser und Plätze, ihr Essen und Trinken sind alle von Shaytan. Wir brauchen sie nicht. Wir sind Göttlich geehrt. Wir müssen Allahs Göttliche Gnade erkennen, in der alles gemacht ist, um der Menschheit zu dienen. Jedes Geschöpf hat einen Dienst zu erbringen für die Menschheit und Ehre zu geben. Jedes erschaffene Wesen, ob Pflanze oder Tier, ist gemacht, den Menschen zu ehren. Vergeßt das nicht. O Liebende Shah Mardans! Bittet um Kraft von Allah, bittet Ihn um Zuversicht. O Shah Mardan! Lehre uns! Mögen unsere Kraft und Stärke zunehmen. Auf dem Weg, den du uns gezeigt hast, beschäftigen wir uns mit der Dienerschaft für unseren Herrn! Es gibt keinen höheren Rang als den. O unser Herr, vergib uns und sende uns einen Sultan. Wir sind ohne Sultan. Die Menschen vernichten einander, weil sie keine Sultane haben. Der Sultan wird kommen und die Menschen ihr Mensch-Sein lehren. Möge es bald sein! Rajab Shahrullah, Rajab ist der Monat Allahs. Wir haben Hoffnung, daß solche, daß so ein Sultan kommen wird. Seid bereit, diesem Sultan zu Diensten zu sein. Erfolg ist von Allah. Al-Fatiha.

Möge Allah uns stärken, uns mit Größe bekleiden und uns brennende Liebe geben. Möge Er euch Wissen und Geduld geben und euch in Seine Schönheit kleiden. Von Allahs des Allmächtigen Vollkommenheit kommt Seine Gnade. O glorreiche Ka`ba! Allahumma Zid Baytaka hadha Tashrifan wa Ta`ziman wa Takriman wa Mahabbatan wa Rif`atan wa Birra. Uns ist befohlen, die Ka`ba zu preisen, eine viereckige Struktur, gebaut von den Söhnen Adams. Uns ist befohlen, sie zu preisen. Eh, und wessen Struktur sind wir? Wir sind, was Allah der Allmächtige in Seiner Schöpfung geschaffen hat. Ihr preist die Ka`ba, aber ihr preist nicht den Menschen? Was ist das? "Addabani Rabbi fa-Ahsana Ta`dibi." Lernt gutes Benehmen. Lernen wir Adab, so daß unser Rang erhöht werde. Al-Fatiha. Allahu Allah, Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi, Allahu Allah, Allahu Hasbi Sagt: Hasbun Allah wa Ni`ma l-Wakil. Sagt dies "Hasbun Allah" wenigstens 70x am Tag. Und selbst wenn die Welt mit Shaytanen gefüllt wäre, könnten sie euch nicht berühren. Mögen wir einen Tag voller Segnungen haben. Shaykh Mehmet Effendi. Er ist mein Sohn. Möge dein Gesicht leuchten wie die Sonne und dein Handgelenk die Kraft haben, Berge zu versetzen. Amin. Möge jede Krankheit und Schmerzen fern von dir sein! Und gäbe es so viele Shaytane wie Menschen, sie könnten dir doch in keiner Weise schaden. O unser Herr, Du bist Sultan, Du bist Subhan. Subhan Allah, Sultan Allah. Al-Fatiha.

## The First Jumu`ah of Holy Muharram: Ask for a Sultan

Dastoor yaa Sayyiddee. Madad yaa RijaalAllah. (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahuma salli wa sallim wa baarik `alaa Sayyidi 'l-Awwaleen wa 'l-Akhireen, Sayyidina Muhammad wa man tabi`ahum bi ihsaan ila Yawm ad-Deen. Thumma as-salaat was-salaam `alaykum yaa anbiya-Allah, yaa `ibaadAllah as-saaliheen. (Mawlana Shaykh sits) Allahuma innee da`eefun fee maqaam ad-da`f, yaa Allah. I am a weak servant. O our Lord! Give me as You like. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands) Wa laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. (Mawlana Shaykh sits)

As-salaamu `alaykum, yaa `ibaadAllah! As-salaamu `alaykum, our attenders! This is an honored meeting or association. We are not asking for honor from people, no! You must ask for honor from the Lord of Heavens, Jalla Jalaaluh. Here there is a small group from the servants of the Lord of Heavens, and no doubt today is Friday, Yawm al-Jumu`ah, the most honored and glorified day in this life and in Paradise also! Millions of Muslims are running to mosques for Jumu`ah prayers, which are the most honored prayers, even more than the prayers of `Eid al-Fitr and `Eid al-Adha, the two days that Allah Almighty granted, and such is the honor of the day of Jumu`ah. Tooba, good tidings, that there the most honor is given to those who are looking after

and taking care of Jumu`ah.

SubhaanAllah! Now all Muslim nations are mostly not taking enough care for the honor of this most honored day, Yawm al-Jumu`ah. They are working, and millions of people are not taking care to give honor to Jumu`ah, Friday. Really we are not giving honor, but we are taking honor from the Lord of Heavens, because we are giving high respect for this holy day. Now you may go around and so many millions of people are working, but those who are working on Friday (without pausing to attend Jumu`ah prayer) are workers of Shaytan! Those who are coming for Jumu`ah prayers have been honored by Allah Almighty. Those who are not taking care and giving honor are followers of Shaytan, and Shaytan is making their faces ugly!

O People throughout the east and west! Leave false and untrue ways and beliefs! There is only one belief that the Seal of Prophets (s) brought and taught people, and it is honor for you to keep that. Beyond that, all of them are dishonoring. Shaytan is trying to make people's faces ugly here and Hereafter. There is coming from those who are praying Jumu`ah prayers such a uns (familiarity) from the Heavens. Those who are not coming from the Muslims communities, their faces are going to be ugly and more ugliness is a sign that their inner lives are in trouble. Before, people took care for Jumu`ah, particularly ummat al-Habeeb (s), the Prophet's nation, and now they left it, saying, "We have so much business to complete." No one before them completed this world's work or business; rather, all of them left it half complete and going away.

O People! Try to believe. If you like to reach a sweet life in this life, try to believe! Those who believe may taste sweetness. Who is asking for a sweet life must believe in holy aspects; if not, their lives are poisoned lives. Therefore, you see everywhere, in every house, people are using medicine, for what? To be in rest, because people are saying, "Oh my head!" "Oh my tooth!" Who is not working for Allah, his organs are never working!

People are not taking care, and never thinking, and the Holy Qur'an, perhaps more than a hundred times, is calling people for thinking. Do not think about what Shaytan is giving to you, but you must think about holy things. You must try to reach heavenly aspects, to be happy. Happiness comes from the Heavens! You can't find happiness, rest, comfort, pleasure, and sweetness from earthly aspects, no! All prophets came to make people live a sweet life. A sweet life is dressing them with heavenly pleasure. Why are you not running to take it? But people are going to be such foolish ones, thinking that sweetness or pleasure is only with gold, silver,

or millions or billions of pounds, dollars, or euros, no! You must think on it! If you are not thinking, your life is going to be such a dark life with no rest and no taste for what you eat, drink, dress, or ride with your ladies and children, no! There is no pleasure or sweet life for them, never!

We are saying this, but our egos are always asking to refuse. Our ego is the best friend of Shaytan, saying, "O my best friend, Diabolo" People are cheated by one Shaytan, cheating billions and billions of people. They never like to listen to or learn from the 124,000 prophets and the Seal of Prophets (s), who brought everything for the happiness of Mankind here and for Paradise, the Next Life! Astaghfirullah. Astaghfirullah.

We must ask for forgiveness from Allah Almighty and we must ask, "O our Lord! Send us the sultan!" If there is no sultan, there will be no peace on Earth. The whole world now is in endless troubles, and there is no rest. Everywhere you find people are unhappy and in khawf, fear. They don't know what is going to happen up to Maghrib, and if they reach nighttime, they do not know what will happen up to morning. Such darkness is coming on people because they sent away their sultans and kings, and they took Shaytan and its followers or agents as their rulers. How is Shaytan going to rule people? By directing them to Hell!

Now everywhere there are troubles, and every 24 hours the TV is showing that people in the east and west are not happy, quarreling, fighting, killing, destroying, and burning, and for what? Because they sent away sultans. The sultan is the head of the community; your feet are not going to be your sultan, no! They replaced the heads (leaders) with feet, and are trying to find a way to save themselves, but all of them are on the wrong way! It is impossible for there to be peace if they are not changing their ways and restoring the sultans! Everyday, every 24 hours, TV is broadcasting from east to west, from north to south, that all people are in trouble, but they do not know. We say the parliament system is bankrupt, finished, so bring a sultan and everything will be okay. If not, each one is going to kill the other. May Allah forgive us!

O People! O Muslim Territories! Allah Almighty ordered there should be one sultan. How many sultans are there and how many presidents are there? What we are speaking of is Holy Shari`ah, that there should be a khalifah on Earth (as the head). If you do not bring a sultan you will destroy everything on Earth through killing and fighting. (For those who participate in that) finally, their graves will be engulfed in fire, filled with snakes and every poisonous insect!

Allah, Allah. Today we are here, and tomorrow who knows if we will be here or not? Try to be servants of the

Lord, Almighty Allah. Yaa Rabb! This is shahr Muharram, an honored month, and today is the first Jumu`ah of holy Muharram. Ask Allah Almighty to send us a sultan, to take away shaytanic groups and parliaments and bring a sultan!

Bi jaahi man anzaltahu `alayhi Surat al-Fatihah.

## Ask For Divine Grants and Avoid Crises

Dastoor yaa Sayyidee, Mawlana. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Zid habbeebak wa baarik yaa Rabbana `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana min al-azali wal-abad! O our Lord! Give us Your blessings and forgive us, for the honor of your most beloved one, Sayyidina Muhammad (s)! (Mawlana Shaykh sits)

O our Attenders! As-salaamu `alaykum. Give some time for attending and hearing, even if you are only able to attend for a few minutes or seconds. To be in such a meeting is much more valuable than to have all the treasures of this life, because all the treasures of this life are not for you; you are leaving them when you go. But the seconds that you give for attending for the honor of the beloved one, the Seal of Prophets (s), are for you! You can't lose them; they are for you while all others are rubbish. But subhaanAllah, even if you attend for seconds, what you give for Sayyidina Muhammad (s) you will keep! But people are running after rubbish, while over here is a heap of treasures! How we are leaving them and running after rubbish? There must be

something wrong. SubhaanAllah, tawbah yaa Rabbee!

As-salaamu `alaykum yaa Sultan al-Awliya! Who is responsible for everything on this planet and also fully authorized for destroying shaytanic trips and traps, Qutb al-Mutasarrif. And we have also our heavenly teacher and we give our salutes to him too. SubhaanAllah, all glory is for Allah Almighty. And we say, A`oodhoo billahi min ash-Shaytani ‘r rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. It is a heavenly show on this planet, but people think that there is only one world and no more.

SubhaanAllah, Shaykh Hisham Effendi! We have been granted such understanding, power and honor that we are able to think or imagine that beyond this world are countless universes. This that we are in is one universe; behind this universe, Allah (swt) knows. And in front of this universe no one knows, only the Creator, Allah Almighty. And as much as we can use our imagination to improve our understanding, we will go up in heavenly levels, because as long as we are imprisoned in this shape, this form, we are not going to understand that physically we can't reach anything. We are only thinking, what is there beyond this dunya? At night time in these same skies, countless lights or galaxies or mawjudaat, Creations, come into existence. The creation is only for Allah Almighty (swt)! (Mawlana Shaykh stands and sits)

•••• •••• ••••••• •••••• •••••••

Hal min khaaliqin ghayrullah? Is there a Creator other than Allah? (al-Fatir, 35:3)

••••••• ••••• ••••••• A’ ilaahun ma`a Allah? (Can there be another) god besides Allah. (an-Naml, 27:60)

All beings belong to Allah, and Creation is a divine attribute no one can understand. No one! But now so many ignorant ones say, “This one created that one, and that one was created by that one.” It is so safeeh, how can you say this? You are between two breaths; you are so weak! Allah Almighty created Man in need of breathing (oxygen). He could have created Man without the need of eating and drinking, but He created Man weak so that he would understand that in every second he is in need of his Creator’s support; if there was no support he would fall down, lifeless. Allahu Akbar!!

“Creation” is too small a word to describe The Creator, of Creation and creatures. Hal min khaaliqin ghayrullah? Is there a Creator other than Allah? No one! And for what did He create? If you are thinking about this planet, it is only one, like an atom. For which purpose was this created? When was it created?

Where was it created? For what was it created? To whom was it granted? For what was it granted? Atom. Atom. Atom, for what was it created?

•••••••• ••• •••••••• •••• ••••••••

Rabbana maa khalaqta haadhaa baatila, O our Lord! You have not created this in vain! (Ali-Imraan, 3:191)

Nothing can be in existence without a purpose; it must be so. And He (swt) may put this whole world inside an atom!

••••• •••••• ••••• ••••••• •••••••••

wa ma dhaalika `ala 'Llahi bi `azeez, Nor is that a great matter for Allah! (al-Ibraheem, 14:20).

He (swt) may put this world in an atom and make the atom move as a camel moves with its loads. He may do this!!

•••••• ••••• ••••• •••••• •••••••

Wa huwa `ala kulli shay'in qadeer, And he has power over all things. (al-Maa'ida, 5:120)

`Azeezullah. We are losing our most precious grant from heavens to our physical being. We are losing it, we are wasting it, and we must take caution about our creation and about Who created us. But we are playing and not looking at such a reality and to know the reality gives you honor, and honor gives you power, and power takes you up, and when you are taken up, you are reaching and approaching the Divine Curtains! SubhaanAllah.

But people are cheated by Shaytan, and Shaytan also, Rabbana maa khalaqta haadhaa baatila, "was not created for nothing." It has some heavenly purpose; to make people go up. You have a plane and everything is okay, but if you are not putting fuel in it, it can't move. But the most important point is that we must learn how we can use Shaytan and shaytanic ideas to our benefit. The plane is not the main target, it is only for taking people from one destination to another.

Shaytan also has a purpose. Nothing was ever created without a purpose, without wisdom. But people are not thinking about that. They are coming on the Earth, staying at the first level, and they can't improve. Therefore, Allah Almighty sent prophets to make clear to us why we have been created. The main purpose,

yukallimoon Allah, “Allah is telling us,” is that everything helps honored creatures to be deputies of the Lord of Heavens. Everything must support and must give their last powers to carry them from one level to another.

The creatures of the first level are not at the other level, and we may go to the second station according to our understanding. According to our capacity, it has been said that there are seven heavens. But what is there beyond the seven heavens? Sayyidina Gabriel (a) stopped there, saying, "I am only up to here; beyond this I can't move. I am not authorized to pass beyond here." Who was authorized to pass that level and go up? Only one, the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits). We are speaking such things, but we are not able to make this action; it is impossible now. If you are not connected with a heavenly one you can't move, and it is pity for Men to lose their one chance in Eternity to improve! SubhaanAllah.

There are countless universes because the divine attributes are impossible to be known; we know only that Creation is from pre-Eternal up to Eternal. But:

••••• •••••• ••••• •••••••••• •••••••••

kullu hizbin bima ladayhim farihoon, each party rejoices in that which is with itself. (al-Muminoon, 23:53)

Through their creation, every Creation has been granted something to be happy about. And ••••••••• ••••••••• wa li kullun darajaat, To all are degrees (or ranks) according to their deeds: (6:132) for everyone has its stage/level, and Allah Almighty is not leaving everyone on the same level, no. Creation is an ocean that no one can imagine! Therefore, we are saying Allahu akbaru ’l-akbar!

This makes a servant speak; it is to make people keep their adab with their Lord, their Creator, so that when they ask •••• ••• •••••••• hal min mazeed, “Are there any more” (Qaf, 50:30) “Are there any more blessings, O our Lord? then Allah (swt) replies, •••••••••• ••••••• wa ladayna mazeed, “and more besides in Our Presence.” (Qaf, 50:35) “And we have much more!” Allahu akbar, Allahu akbar!

O Creation! Don’t think dunya just began yesterday and finishes tomorrow, with nothing remaining. Within His Territories and Majestic Dominions, Allahu akbar, we are only a spot, but He Almighty is granting. He likes to grant, and He will be angry with those who are not asking from their Lord's grants! That is making trouble on Earth now, because people forget to ask for heavenly grants. If they are asking for heavenly grants,

they may reach them in a second or less. But because they are forgetting to ask for their Lord's heavenly grants, instead asking for this or that, now we are in the worst situation, from the beginning of life on this planet up to today!

People want to eat and kill each other and destroy Mankind, and that is not humanity! Even when a tiger hunts, it goes away and does not destroy. But now Man is under levels of darkness and if he wants to save himself and reach a happy life here and Hereafter, he must ask for a heavenly grant from his Creator.

May Allah give us some understanding; if they have no understanding, they should be crushed! Allah Almighty is sending azh-zhaalim wa ’l-mazhloom, one oppressor over another. May Allah Almighty send someone to wake us up for something!

O our Attenders! O Salafi `ulamas! Come and listen, and if I am saying anything wrong, say, “It is wrong!” If it is true, then you must declare that this speech that is happening every day is true! It is suitable and translating reality for people to understand.

O `ulamas, doctors of Shari'ah,Azhar `ulamas and other `ulamas who are so happy to graduate with their certificates, we are not asking for this. We are asking you to make clear the ways of people. Rasoolullah, the Seal of Prophets (s), said,

••• •••• •••• •• ••• •••• ••• •• •• •••••• ••• ••••

Li an yahdee Allah bika rajulan waahidan khayran laka min ad-dunya wa ma feeha, “If Allah guides a man through you, it is better than the whole world and what is in it.”

Is this a hadith or not? You must correct everyone's thinking because people now are changing their thinking from haqq to baatil! What is your mission? Your mission is to correct! Take one (hadith) and it is enough for you to reach this whole world and what is in it of treasures. Say!

They are making me address all nations from east to west. If it is wrong, say! If it is correct, I am asking my rights from the Divine Presence to say that you are not giving me your support! I am catching you, bringing you in the Divine Presence, (demanding that you) say, “That servant is saying something not good; it is against Shari’ah!” (If you do that), it will be against the declaration of 124,000 prophets. (I dare you to) say it!

Which one of 124,000 prophets would say these speeches we are addressing to people are wrong??!

Correct your steps! Your steps are not on the Right Path. Correct your steps and Allah Almighty will correct your hearts until they are in the right direction. Make your hearts to look, to see, to feel that Allah Almighty is with you. I say this, but sometimes, they are making me be angry and to shout, but it is not for me, it is against my ego. All of you must also make jihaad against your egos, then heavenly support will come to you, and then you will not fear from the dirty powers of Shaytan and its representatives. Shaytan has power, but its power is the dirtiest. You can save yourself from the dirtiness of shaytanic guidance. Tawbah, yaa Rabbee!

O People! As-salaamu `alaykum.

••••• •••••••••••• ••••• •••••• •••• •••••••• •••••• ••••• ••••••

fa maa as'alakum `alayhi min ajrin, inn ajri illa `ala Allah, I am not asking a fee for it, truly my fee is with Allah. (al-Anbiya, 10:72)

All prophets were saying, “O People! We are not coming to ask for something from you. Our Lord is granting everything and we are not asking anything from you.” You may have abaaru ‘l-naft (barrels of oil), but fear Allah if you are not giving rights to poor people! What wealth comes in one week to America? They are saying 25 billion dollars in one week, and now they lost it [from the oil spill in the Gulf of Mexico] because they are not giving according to the rights of Allah (swt), so He slapped that disaster on them!

O shaykhs, kings, presidents who have hundreds of oil wells! Fear Allah! One day there may come on you a fire, burning everything and burning you. Give now, because needy people are countless!!! Why are you not giving money? Allah Almighty never fears from shaykhs, and He is asking, “Why you are not giving? I gave to you that you may give to others!” I hear oil wells are going down, not up, but daily what you give only for your enjoyment--for your children, your family, your friends--is more than enough for those in the most difficult positions!

As-salaamu `alaykum! What came today, what they made me say is for the honor of Mawlana Shaykh Hisham, because he is a professor! New news, a heavenly warning. Also, for a week there has been flooding in France.

Last night one of our masters said to me, “O Shaykh, do you know why that flood has come on the French people?"
I said, “You know, my Master, I don’t know.”
He said, “Because ten or seven days ago, the French government declared a new law preventing Muslim ladies to cover their faces. Therefore, punishment is coming on them.”
“That is My Order,” says Allah Almighty, “That is not your order. In one day, I could turn everything into an ocean!”

Making a law to prevent ladies from covering their faces! (see footnote) O Salafi `ulamas! Why you are not saying, “O Kings! How can you prescribe for ladies, but not in the name of Islam?” That is important, the veil. Their president has ordered this. That one in a short time is coming down. He is Allah (swt)! May our Lord forgive us. (Mawlana Shaykh stands and sits)

I am angry with Salafi `ulamas! Why you are not saying anything to the French government? Say that they are going over their limits! Is any Muslim government sending a warning, “If you are doing this, we are cutting everything from you!” Why not? And you are saying, “Every day, Shaykh is shouting.” Yes, I am and the Lord is ordering me! May Allah forgive us. Those same people question everything, “Why wearing a jubbah? Why wearing a turban?” They are enemies of the turban, which is the crown of the Arabs (Muslims)! They must keep their tongues and say it is haqq!

Fatihah.

(Note: May 20 1010, PARIS -- The French government decided Wednesday to impose a $185 fine on women who wear a full-face Islamic veil in public.)

**Come to the Way of Paradise and Ask for the Holy Ones!**

Bismillahirrahmanirrahim

O people, it is a short time for... I am trying to say something to make you to be awakened, because
people now are sleeping or drunk ones, too much drinking... even not knowing their tight hands from
left hand!

Our mission is to say: “O people, you are on wrong way! Don’t come this side! If (you are) not coming, you are going to fall down in Hells. Wake up! Wake up, come the way of Paradise!” Therefore (an) advisor must advise people on that way.

I am hearing that (the) Pope is speaking something about Islam. Why (is he) speaking against Islam? What Islam (is) saying? Islam (is) showing people (a) bad way? Islam (is) calling people to Hells or to Paradise? Why you are not advising your nation to accept (the) last Messenger with his last Message and (you are) saying (that) Islam (is like) this, (like) that! (He) who is bringing Islam, he is such a man (as you are saying)? What is that! But they (are) lost... even whom saying “We are religious people.” Only they are religious people, (but) we are not asking religious people, we are asking holy ones!

I was passing through Switzerland; there is St.Nicolaus, a big monastery. That person was really (a) believer in (the) last Prophet also, but he was hiding himself and running away from people and never getting out from his hut. I am coming down and looking that small hut. He was living there, without coming with people. He said: “I am only for Allah Almighty!” Always when I am coming, his spirituality (is) calling me; “Come and visit me!” and every time I am passing, (I am) coming and visiting his tomb.

Once I was passing and visiting (and) getting out. One person (was) coming, dressed (in a) black suit and here... (at the neck) they have a sign that they are priest... and I am saying: “Your holiness (is) looking after this place?” And he said: “O Sheikh, I am not (a) holy one, don’t address to me ‘holiness’.” I am asking: “(Not) even (the) Pope?” “Even (the) Pope is not a holy one. He is only (an) official person” (he was saying)...

Holiness (is) coming from Heavens to people, holinessness (is a) dressing to people from Heavens, you can’t give holiness to anyone, (even) if all people (are) saying: ‘X. is holiness’...

We are not in need (of) religious people, we are in need (of) holy people! You must understand, O mankind, or you are falling down through valleys of Hells... and beginning now!... Day by day (there is) getting (to be) much more trouble and cursing (is) coming on earth, because people (are) not asking (for) holy ones!

I am sorry to say that Muslims also (are) denying holy ones, not accepting Awliya! (They are) coming and destroying their holy places. (A) holy one and (those) around him (are) getting blessings from Allah Almighty - who (is) coming and destroying their holy places, they are very unhappy!

I am saying: “O Iraq people! Why you are killing yourself, each other?” “Because“, (they are) saying, “(there are) coming Americans or English or German or other nations (into our country) and we are fighting (them)!” You are not fighting, you can’t do anything! Why (you are) not going to Gilani Sultan, saying: “O, you are a big one, you are in Divine Presence! Please ask forgiveness for ourselves and ask our Lords blessings to save us from those people”? Because (it is) Allah (who is) sending them on people! Americans (are) never coming (a distance of) 20.000 kms and shooting them. Why (should they)? Who (is) making them to come there? Why (you are) not going to say, ask from that Sultan Gilani and (all the) thousands (of) Awliyas in Baghdad? Why (the Iraqis are) not going (there)? No one (is) going! (They are saying:) “We have missiles, rockets!” Hmmm! Rockets, Satan (is) urinating on your missiles and rockets!

O people, ask holy ones!...There is living ones also... and in Barzakh passed away (ones)... They are the sources of Divine Mercy Oceans! Why (you are) not going (to them)? You don’t go! Angels should bite you, should hit you, making you down! (There is) no honour for you! If (people were) knowing this,

Allah (was) never making them under (the) feet of kuffar! But they lost their ways. Muslims lost also (holy ones), because (they) have only religious people, (they are) not asking holy ones! (Un)til (they are) asking holy ones, (they) can't be able to save themselves!

Therefore we ask: "O Allah, send us Your holy ones! Even one (is) enough and this world (is) under Your Power! Give your Blessings to one friend of You, (one) friend of Your most beloved servant Sayyidina Muhammad - sallaLlahu alayhi wa sallam! Send us Sayyidina Mehdi - alayhi salam! If (he is) not coming, never (there is) going to be anything (good) on earth, only fighting, killing, destroying, burning, earthquakes and storms, hurricanes coming and taking up...

Before three years ago coming one wave from ocean... Tsunami - I never heard such a foolish word... - where is your technology to stop it?

O man, try to learn adab with your Lord Allah Almighty or you should be taken away! Angels (are) carrying you to Hells!

May Allah forgive us!...Alhamdulillah! I am a weak servant, asking to wake up nations, not only you! My addressing (is) to (the) whole world from East to West and someone... sometimes should be understood what we are saying... There is heavenly support for us! May Allah bless you!

Fatiha

## Ask for honour and respect in the Divine Presence

Shukr, ya Rabbi, Shukr, ya Rabbi, Shukr, Alhamdulillah, Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah...

We are thanking Allah Almighty, that we have reached the last Muharram of the 2nd millenium, and the last Ashura, the1oth of Muharram, before the year 2ooo. Who knows if next year we are going to be with Mehdi a. s.? Allah knows. We are looking and waiting for the time when Mehdi a.s. comes...

All the Prophets and their Ummahs respected this Holy Day by fasting. The Holy Prophet used to say: "If I reach next year, I am going to fast on this Day." Jewish people were fasting today particularly, for one day only, and Rasulu'llah said: "We must not do as Jewish people are doing. We must keep another kind of celebration and worship to Allah Almighty. If they fast one day, we must fast for two or three days."

So you may fast either on the 9th and 1oth, or on the 9th, 1oth and 11th, but not only one day, because the Holy Prophet wasn't happy fo follow any other religion and their way of worshipping. Everything in Islam is original; it is not taken from this or from that. Nothing is taken from the Taurah and Moses a.s., and nothing is taken from the Bible and Jesus a.s. It is not necessary to imitate anything or to follow other religions like Judaism or Christianity, because they are in limits. Their Prophets were sent to be Prophets for the Children of Israel only, not for others. But the Seal of Prophets sws was sent for all nations, for all mankind. Islam is

completely original, and unlimited. Sayidina Muhammad's rules, the Shariat, are new, original. Therefore he never liked to follow people of the book, like Jews and Christians...

And now Muslims are leaving the originality of Islam and following Christianity and Judaism, and it is a shame for those who change their way, the Islamic way. If you have a chance to be number one among people, or in the Divine Presence, don't lose it to be number two. Islam is number one. Don't change it, don't change its rules and follow Christian or Jewish customs. No. We have full honour and respect in the Divine Presence, and we have fully original rules.

But now people are accepting to be number one million, not number one, two or three, and that is the characteristic of our ego. The ego is representing full laziness... nobody can surpass our ego's laziness... Therefore we are saying: "Doesn't matter, it is okay for us, no need to be number one, and to be glorious. It is enough; we are happy to be the last number, so that no one is after us, no one is following us, and we are free to be the Sultans of the lazy ones."

That is the opinion of our ego, and to say that is bringing Muslims dishonour. There is no more honour for them. 20th century Muslims never follow the rules of Islam, because if they did, they would be number one. But they are saying: "We are very humble people, to be the last ones instead of the first ones." And Allah Almighty is making them to be dishonoured.

Everywhere now the Non-Muslim world is never accepting Muslims on their level. They are saying: "Those people must be the last ones, and we are the first ones. We may use them, as we use animals, and they are very happy to be our animals."

Yes, I am saying this, and I am sorry, but Muslims are very happy to be the servants of Non-Muslims, to work for them. And their jobs are perhaps the dirtiest jobs... Imitation people in Islam now are very happy to follow western people, even though they may be the last ones and not the first ones.

With this opinion there is no chance for the Muslim world to be number one on earth. Always the Christian world is number one, because Muslims run after the western civilization, asking to be westernized Muslims. Then their Islam is finished. You must leave Islam on this side, if you are asking to be westernized, and jump to that side to be with them. Therefore the European community is saying to Turks- who are very proud, like

turkeys- asking to come into the European market and join those people: "No, you can’t be with us, because we are asking for people who should be with us, and from us. You are Muslims, we can’t trust you. We are number one and you are last... we don't accept you to sit on the same stage with us."

The Holy Prophet indicated that you must not follow the Non-Muslim world- Christians or Jews, People of the Book- or you will lose your honour and respect in the Divine Presence. You will be dishonoured among nations and also in the Divine Presence. But people now run after western countries, leaving the Shariat and asking for their governments to be westernized: Malaysia, Indonesia, Pakistan, Hindistan, Ceylon, Afghanistan, Iran, Saudia, Turkey, Syria, Egypt, Sudan, Lybia, Tunisia, Algeria, Morocco... they never like to be number one Muslims, always asking to be the last ones, preferring the Non-Muslim world. They are thinking that if they are not westernized, western governments and nations are never going to accept them. Yes, it is true, but Allah may accept you... and Muslim nations throw away that honour and say: "We prefer our honour to be through western countries, not in the Divine Presence."

And the Prophet said: "Don’t do like the People of the Book, do the opposite. Everything you must change. If they fast one day, you must fast two or three days."

But we are changing everything in Islam, imitating western countries. But before the end of the year, it must change... If a big storm is coming, taking away everything...
May Allah forgive us and bless you... We are asking for a real one to be the Sultan of Shariat on earth for Muslims, and for us to be with him... Fatiha.

**Ask for our Grandsheikh's spiritual support**

Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim, Destur, ya Sayidi, ya Sultan-ul-Awliya.

Ask for our Grandsheikh's spiritual support. This recorder is working by batteries; when they finish, it never works. But if you use this electric centre, power is always coming without cut off. Therefore people who live on earth, it they are not running to reach a connection, or to make a relation to heavenly beings, they are going to get weaker day by day, loosing their power and going to be zero, finished.

Who may reach a relationship to heavenly positions is always going to be on full power, and first his heart. If the heart gets full power, then the mind is going to work full power also, the eyes and all senses will work with full power. And the physical body will work with full power, because real life is coming to man from Heavens as a grant from Allah Almighty. But people, out of ignorance and heedlessness, run away from the sources of real life, which are a grant from Allah Almighty to mankind, and they run after material sources, thinking that material sources may give them a support, keep them fresh and young and full of energy. They think so. And most doctors and scientists run after this: their real aim is to find a kind of source of energy for our physical body, to make man to be always in his youth and in full energy.

And Shaitan knows that it is impossible, but he urges scholars and scientists not to look for another source of energy to support our physical being. He is trying to make people not to ask for a spiritual support, heavenly support, because if he would leave them, when they are coming down, and scholars can't put in front of them so many kinds of pills; people are going to run and ask a new source of energy for their physical being. If people run in that direction, Shaitan says: 'I lost, I am going to loose everything', because his main target is to make people not to believe in something beyond this material, materialist world, to cut people from thinking

on it.

Therefore western people are mostly under satanic control; Shaitan is controlling western people fully, making scholars and scientists to be in the laboratories 24 hours a day, urging them: 'You must try to find this or that'. And they are finding so many nonsense things and occupy people.

Perhaps one or two months ago people said to me that scientists made a copy of a man; copy means looks just like you, same. Perhaps what they say is true, but what is the benefit? That is a copy- and you are the real one. They can't be able to change you when you get older, to transport yourself into your copy. No, you must die. Death is running after everyone. They may do a copy, but it is nonsense; no relationship between that strange being and you. No, nothing. But Shaitan is making them to work on that so hardly, saying: 'No, you must try to find a way for a renewment of yourself'; and it is impossible, because for ourselves, for our physical body, there is a unit of time, and after that it can't be in existence, it must be changed. And therefore our physical body's cells are continuously changing, but you cannot feel it. And when a changing comes from the first to the second, the power is coming down also. The new cells are not going to be on the same level. It is not same; the person is coming down and down and down, until it is finishing what may be put through those cells, the tension is becoming zero and then the person is going to die. This is for material. And Shaitan is urging people not to believe in spirituality, saying: 'No, there is nothing beyond the material world.' Cutting it.

That is the satanic control on western countries through science and technology, and they do nothing on the personality of man. If they don't accept spiritual support, they must finish, vanish and must be destroyed. All Prophets and Saints are alive even through their tombs; they may see, hear, smell, taste, touch and move. That is from spirituality, because they have been supported through spiritual powers. Spiritual powers never leave our material being to vanish and finish. Therefore, on the Day of Resurrection, those people, Prophets and Saints, will come with the same body they were in through this life. Other peoples are going to be dust, and Allah will create them again from dust, so that they come with a new body; only Prophets and Saints come with the body that they were granted through this life.

How are you going to know this one and that one? Those whose bodies were protected, supported and renewed by spiritual power will come shining like a sun, a moon or shining stars, and on other people there is

nothing, they are ordinary bodies. Who is coming with his body from this life will come shining, enlightened. According to their ranks of faith Allah will give them more lights; and they should be well known among the people on the Day of Resurrection and people may run to them.

Now mankind is suffering, everywhere, and Allah Almighty is not asking His servants to suffer, no, but people make themselves to suffer. They are not keeping the advices of Heavens and they don't listen, so they should suffer. This is the divine Justice: 'If you are not using, what we are saying to you, so you should suffer.' No doubt. The whole world is under the control of Shaitan, and therefore everyone is suffering, except those who keep divinely advices. Allah never likes His servants to suffer; which parents like their children to suffer? So what about Allah Almighty? He created man and is happy when they suffer? No, but people run after Shaitan and come under his control and he carries them to suffering. He is doing his worst for mankind and people run after him. Allah Almighty is asking the best for His servants, but people run away. Allah is calling people to Paradise, Shaitan calls them to Hells, and people run after Shaitan. If a person is going to be under the control of Shaitan, he must suffer; he must be burnt here and hereafter.

There are two fires: one that you can see and a second one that you cannot see, but it is burning. This fire is coming from inside, and that is worst for the people of Hell. They should suffer and complain most about that fire, which is inside of them, burning without flames. That is going to be much more a reason for suffering for them than the outside fire, which is burning them, but the inside fire is that all the time they think about what they lost from the eternal life and of every goodness up to eternity. That burns them more than the fire of Hell.

Now mankind must come back to their real positions, they must come to understand their missions, for what they have been created. They must know after whom they are running, whom they are following and they must look once again, until they find the reality of their existence and ask: 'Who created me and for what He created me? Today I am here, as millions and billions of other people were here yesterday or before, running over this world, and now they are no more on this earth but under it. From where they came on earth? And after a while they disappeared and we cannot find them, finished, their existence was only temporary.' You can look East and West, finished, you cannot find them; and if you dig the graveyard, you will not find the same person, he just changed. You may find his bones and flesh, but you cannot find the person that you see on the photograph. You can keep a king's picture and come and say that this king is buried here, but he never

looks like that.

Or you bury a king and his servant, and when you open the earth again, you will never reach to a decision and to recognize which one was the king, and which one the servant. You cannot differentiate king, emperor or worker, labourer, shepherd, anyone. Top-level people and lowest level people, if, after burying them, only one or two days or one week later you open their tombs, you cannot make any differentiation and say: This one is emperor, that one labourer'. And after one or two years you may open their tombs and you may bring out a skeleton; can you find a difference between them to say: 'This was the king, that was his servant?' And after 100 years you open and you find only dust. Now a scientist may say: 'We must look to the DNA, if this is for the king or his worker, the labourer, the shepherd.' How you can? It is finished. But people are cheated.

Shaitan is cheating them, asking to prove that you have an existence that should be with you forever. And he is the biggest liar. But I am sorry to say that the whole world is now under his control. He is controlling peoples' minds, or not the minds, but those people, who don't use their mind. If they would use their mind, they would never get under his control. But they don't use and Shaitan is controlling them. That is the source of suffering. And finally these people going to be unknown and no one will say: 'This was a king, living in a huge palace, that was a labourer, living in a tiny hut.' Finished.

Therefore on our way we try as much as possible to show people the coming days for them and the day that they leave this life, the Day of Resurrection, not to be cheated by satanic tricks.

O people, give much more time for yourself, to understand about yourself. Don't give your whole effort and energy only to what is surrounding you. No. Take your power and your lights, and put it on yourself, on your being. This is a short association to make people to look after and take care for themselves, not to look which thing is surrounding them. And the most important thing is that they may look by whom they are controlled, if he is rahmani or shaitani. If you surrender to the Will of Allah Almighty, there will be no more suffering for you here and hereafter. But if you don't keep yourself away from satanic control, you will fall into the hands of Shaitan, and you are never going to be happy here or hereafter.

May Allah forgive us and grant us from His servants that carry His divinely Lights to reach our extinguished candles and to give light to them. Everyone has a candle, but mostly no lights. If Allah sends someone whose candle is enlightened, one candle is enough for all other candles without coming less. Allahumma zidna

nuran!

## Be With Allah and Ask His Forgiveness

(Mawlana Shaykh stands) Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullah. As-salaamu `alaykum! As-salaamu `alaa jamee`i 'l-anbiyaa wa 'l-mursaleen wa man tabi`ahum bi-ihsaan ila yawmi 'd-deen. (Mawlana Shaykh sits)

Thumma salaamu `alayk yaa Saahib az-Zamaan. Thumma as-salaam `alakyum yaa Aqtaab, ya Awtaad, yaa Akhyaar, Budalaa, Nujabaa, Nuqabaa,, ya Awtaad, khassatan. As-salaamu `alayki yaa Sayyidee, wa Mawlay. Huuuw. That Rabbaani, and he is Rabbaani wa Rabbaani, SubhaanAllah!

If there is no teacher, no one can learn anything, and the teacher of all of Mankind on this planet is that one who Allah Almighty is saying to him, "O My beloved one! O My most honored one! O My most glorified one! O My most majestic one! I granted Dominion Oceans and all Creation under your feet!" Allahu Akbar wa lillaahi 'l-hamd! (Mawlana Shaykh stands) Say, a`oodhu billahi min ash-Shaytani 'r-rajeem and run away from Shaytan, and take this sword heavenly sword which is a heavenly grant to believers, and say, Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh sits)

O our Attenders! welcome to you! There is no welcoming for those who are coming, here or Hereafter. You must try to be welcomed ones, not to be like Shaytan and its followers, keeping out. No, you must try to be

among the welcomed ones! Whoever joins, who accepts ni`matullah, will be welcomed on Earth and in the Hereafter; they will reach reality and be welcome! If a person is asking to be welcome, they must try to run to such an association that makes people here or in any association, welcomed by angels! If they are losing (this opportunity), no welcoming for them.

O our Attenders! Are you losing your chance to be invited to a heavenly feast of the Lord of Heavens? Come and try to be true ones. That is our mission, as it was the main mission for prophets, to call people to be from true ones. That is the honor of Mankind, to be called "true one." If you are not reaching that level to that honor, you are losing and your whole life is going to be for nothing. This chance is to be a true one, and you will be happy here and Hereafter! Follow the friends of Allah, Jalla Jalaaluh. It is an endless honor granted to servants, as Allah Almighty is saying, "O People! Try to be with Me." Yes, a heavenly declaration for all Mankind is: kun ma` Allah, "Be with Allah, Be with your Lord." Don't leave Him as He never leaves you! Kun ma`Allah. Ask Salafi `ulamas, how can we be with Allah Almighty? Ask them and accept what they are saying, Kun ma`Allah. It is Arabic, for understanding. And for takmilah, completion, there is another word after Kun ma` Allah, it is, wa tooboo `ilayh. “If you are going to be with Allah Almighty, don't worry about here or Hereafter.” No one harms you, no. Everything that harms Mankind is because they are forgetting Almighty Allah, and everything is harming them. Therefore, kun ma` Allah.

And ask to Salafi people, who are you with? It is not easy to be with Allah Almighty. Yes, it is the highest level. But the way that is carrying people to be with Allah Almighty, kun ma` Allah. We are such weak ones, never understanding. Our understanding is so simple. What does it mean if you are saying, Kun ma`Allah? Where is Allah? Laa makaanin wa laa zamaan. There is no time and no space for Allah Almighty. There is only His existence, nothing else. Endless majesty for Him, endless honor for Him, endless glory for Him, and endless praising for Him. Only Him! Illa-Llah. Illa-Llah. Illa-Llah.

But it is an order, kun ma`Allah. It is an order that we must be with our Lord, Allah Almighty. How can it be? That means, first of all, who is that one who is with his Lord? He is that one whose holy name is written in front of the Lord of Heaven's glorious Name. (Mawlana Shaykh stands) Muhammad, Rasoolullah (s). (Mawlana Shaykh sits) Who is representing? Me or you? No. Glorious representing of the Day of (...), before that also, Eternity, beginning from pre-Eternal up to Eternal. Who can be by himself in the distance and there is no distance there? It is a grant from Allah Almighty to one, only according to his position, because no one

can be like Sayyidina Muhammad (s)! No one can be like him, in his position. There is no other Muhammad (s), there is only one, from that One, only one. The Creator may bring endlessly Muhammad (s). (Mawlana Shaykh stands and sits)

Therefore, O people, kun ma`Allah. Try to be with Allah. And it is so difficult for us, but it is a heavenly grant to Sayyidina Rasoolullah (s) that he is representing. He is One, Allah Almighty, and He has representatives in all Creation, but those representatives are coming and going to be with one mutlaq, the absolute existence of Muhammad, the Seal of Prophets (s)! (Mawlana Shaykh stands and sits)

O People! Marhaban, marhaban! Try to be from those who are living this short life and coming back to their real source, that it will be a divine grant for them that they will say, "O our representatives, we are taking everything from you and we are going to be your representatives." And to be representative of Allah Almighty, not any number can reach. And Creation is running Eternally and that Creation is never-ending. No one is able to know how many of them, no.

O People! We are in a life that is half enlightened, and the second part is not. And people who are in darkness and are asking to reach real enlightening lights, and who are saving themselves from the darkness of their egos, the darkness of Shaytan's territories, will reach heavenly lights that they are looking, changing. And they are changing, their physical being changing. What is going to happen with that changing? Allah Almighty is dressing them in some heavenly dress that you will be able to see those lights...coming to its Lord, saying (...buffering...) "Stand here and give your lights to My servants on that Earth." Why are you not trying to be light-giving ones? All prophets are bringing lights to Mankind. All prophets are asking to take away darkness, zulma from people and changing this whole Creation into lights. Now we are in the darkness of our physical beings. When those heavenly lights are reaching you, they are taking away every darkness from your being, changing your physical being and taking you to endless oceans that only you can find, Endless Oceans!

And you can look to Creation that Allah Almighty created, endless pleasure, endless glory, endless happiness, endless satisfaction, endless, endless, endless, countless grants of the Lord of Heaven are going to appear in your mirror, the real mirror that is in your heart. Therefore, Allah Almighty is saying, "I am in the heart of My servants." Qalba 'l-mu`min `Arshullah. Anything wrong, Salafi `ulamas? It can't be wrong; Allah Almighty is with us so no one can say this is wrong. If He is not with us, no one can be in existence! He created Man and

is endlessly making for him an enlightened spot, that may contain within it all Creation.

O People! Try to learn. We must learn something about our Lord and His most beloved servant, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) On Earth, Man is like stars in the skies. For every baby born, a star appears in a heavenly area. No one knows that star, they only know simple signs are appearing in us, but our real reality is in that star. That holy night of the birth of the Seal of Prophets, tasdeeqan hadha 'l-amr confirmed what is written in the books of the holy life of Prophet (s). (Mawlana Shaykh stands and sits) kutub al-siyaar. That night one Jewish person was shouting and running in the streets of Madinat al-Munawarra, ala sakinatal (...) shouting, "O People, the star of Ahmad just appeared!" meaning Sayyidina Rasoolullah was just born. That means every person appearing in his life, he or she has a star in heavens and his physical being appears on this planet. When that star disappears, his physical being is just falling down. For every person there is a star, and who is granted this secret knowledge can know it; not everyone can know.

That star of Prophet (s) is mentioned in holy books. He was saying, “Tonight, the star of the Seal of Prophets just appeared! O People! What we were expecting, now he is ready for us, so look after him!”

For everyone there is a star, and that star is containing the reality for you. And your real identity is there, your life story from beginning up to the end is contained there, for Paradise people and others, just written there. And those ahlu 'l-fen, not those scientists, they are such people that are granted such secret knowledge. That one from Ahlu 'l-Kitaab, People of the Book, that person. And he was always looking from where the Seal of Prophet's star was going to appear. And he was shouting, "O People! the Seal of Prophet's star just appeared!"

Beware of Shaytan and do not follow him. Who is not following him is taken to Paradise. Who is refusing, following Shaytan, will be taken to hells. Astaghfirullah. May Allah forgive us. Don't say, "From where coming? From where going?" It is a grant to some ones from the nation of the Seal of Prophets (s). (Mawlana Shaykh stands) Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. (Mawlana Shaykh sits)

O People! This is our honor. We must be thankful! Give time for respecting him daily, give much more salawaat, greetings to him. Say, as Allah Almighty is ordering you: (Mawlana Shaykh stands)

..... ..... ..... ..... ..... ..... ... ..... ..... ..... ..... ..... ..... .....

inna-Llaha wa malaa`ikatahu yusalloona `ala 'n-nabi, yaa ayyuha 'Lladheena aamanoo salloo `alayhi was sallimoo tasleemah. Verily, God and His angels bless the Prophet. Hence, O you who have attained to faith, bless him and give yourselves up (to his guidance) in utter self-surrender! (33:56)

(Mawlana Shaykh sits) It is a holy command, and people are giving an argument. If a mu`azzin is saying, "As-salaatu was salaamu `alayka, yaa Rasoolullah," no-mind and jahil, ignorant people are fighting about it. Order signs pointing, that every time you must say that ta`zheem, give that glorification on the Seal of Prophets, and you must say, Allahuma salli wa sallim wa baarik `alayh!

Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana fee sabeelillaahi, yaa Rabbana!

Fatihah.

**Asking to be a good servant - that is our aim**

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

It is an association. We are coming here, asking to be a good servant. That is our aim and (it) must be for everyone (his) target- to be a god servant for his Lord and to be a good one on earth to people. All holy books are coming on (the) same point- what I am saying now and the summary of all holy Books is what I am saying now: to make people (to become) a good servant for their Lord Almighty Allah and to do their best to each other. That is all.

But as long as Shaitan (is) living and he is not retired he is never getting to be tired and (he is) running after people to make each other enemies, someone to someone. Now people (are) never looking if they are from (the) same nation, from (the) same religion, from (the) same belief; they are only thinking about themselves, how they are going to be enjoyful with their physical desires. They are asking for their enjoyments to climb. (Their) main target is to fulfil their physical desires. That is all, and (what) they are knowing (is) that (the) fulfilment (of) physical desires is with money, with material.

But material is something and enjoyment is not a material aspect, (a) material thing, no! (Someone) may be billionaire- not (in) Turkish Lira, no, (he) may be (a) billionaire (of) Dollars, Rial, Euro, Pounds- but he (is) never enjoying, because (there are) so many reasons (that are) making people not to be in pleasure or enjoyful. A person may be trillionnaire and he may do everything for his pleasure, but there is something (happening) that it can’t be a reason for (them to reach to) their full pleasure. (For example:) One person just passed away last week in Turkey. He was billionaire by Dollars only and every chance was for him for enjoying himself. But there is a bad characteristic in people, a bad characteristic of our ego, (that it is) envy, ‘hasad’, or to be jealous. (So a) man may be trillionnaire, but he is looking: “There is another person. That one

(is) also trillionnaire. Why he is trillionnaire? I think he has more than me. How I can do that person to be taken away? I must think on it, I must prepare some traps to make than person to come down!" Therefore every day (he is looking in the newspaper where they are) showing (the) stock market: "This is that ones exchange. His shares (are) getting up, my shares (are) coming down!" (And he is cursing (him:) "Allah takes that person from our life!"...(There are) so many (people like this), it is not (only) one; so many people I am looking coming and running...This (thought) is enough to make that person unhappy and night times (he is) thinking on it, (and) daytime (he is also) always thinking on it: "How, what is happening? My exchange, my shares (are) coming down and his shares (are coming) up- what (is) happening?" This (only) is enough. That person is trillionnaire, but (he is) never happy, because (there are) so many people in (the) market, (in the) money-market, (in the) stock-market (and when he is worrying): "What I am going to do!"- finished. (Even) trillions (are) never giving any pleasure to that person, finished...

Therefore we are saying: Contentment, satisfaction, enjoyment, pleasure and peace through the heart is something else; it is not (a) material aspect and material aspects never bring a person to that line (of contentment). No. But people (are) thinking that if they have much more money, they should reach (the) top level of enjoyment! That is Shaitan's influence on them. (For) these people (that are) living everywhere on earth now that is their main aspect. But Shaitanic teachings (are only) cheating them and they are never going to be happy and in peace and enjoyment, finished!

(There) may be a person (who) daily has only a little bit (of) money, he is working (and) he is happy, but billionaires are not happy. Therefore religions that (are) coming from Heavens (are) teaching people true ways, but people (are) refusing and (they are) coming to wrong ways.(The) Prophet (was) saying: "Al kanaatu kanzun la yabna"...To be satisfied with a small amount is giving to people peace and also it is a never ending, never finishing treasure. It is a real treasure (for someone) to be satisfied in himself (with) what he has been given or granted. Because (it has) no meaning to collect billons or trillions, no meaning! Never (that money is) giving any enjoyment and never (it is) giving any benefit to these people here or Hereafter. This is an important point that people now left (the) real aspects, (the) real targets for their creation.

Therefore we are saying that (the) best position (is that) what the Prophets are bringing: they are teaching or calling people to be a good servant. Run after servanthood, don't run after Dunya, no. Run (and) try to be a good servant, an excellent servant in (the) divinely Presence. That gives to you contentment and peace. "Ala

bi dhikrillaha tatmainna qulub.” Allah Almighty is saying: “Everyone who is going to be with Me, never forgetting Me, keeping Me in his memory, I am giving to him (a) refreshment of life and peace and contentment and enjoyment.” They are so happy people, even they may dress only one shirt with a shalva, a trouser. They are happy.

Once our Grandsheikh was passing trough a market (and) I was with him in Damascus, in Shamu Sherif. We were passing through (that) market; so many people (were) selling, buying. And there was a pedestrian way, one person (was) sitting (there), on the floor, (and) in front of him there was a newspaper or such a thing that he was putting what he was selling, making show, display. Putting (his goods) and he was asking to sell and to buy for his provision. And what was on it, I was looking also... If I am giving to you 1oo Dollars or Pounds or Euro, you are not going to bring from (the) dustbin (and) to collect that pieces that he was selling: Old nails, old gillettes and boxes of medicine, then empty bottles of shoe polish...putting there and Sheikh Effendi (was) asking (him): “Nasil ticaret? How is today’s business?” And he was standing up and saying: “Oh excellent!” “Anyone (is) coming to look?” No one...if (he is) doctor, (he) must look (for) one bottle of alcohol for washing his hands, because so many bacteria on it...And old keys, so many things-if I am giving to you 1oo Pounds, (you are) never taking (them from the dustbin)...Doctor, 2oo? Never taking (these things even) to take to dustbin...”All microbes, bacteria! Leave it, put on it some alcohol!” “What alcohol? I am a merchant.” “How is it?” Ohhh, first class!” This person has contentment, but millionaires, trillionnaires (have) no contentment.

Subhanallahi-l ‘Aliyu-l ‘Azim! People (are never listening (to) heavenly advice, (but listen from Shaitan and Shaitan (is) never getting to make people happy and in contentment and we are looking that people (are) running to kill themselves by themselves to finish and all efforts are to invent new type weapons to kill people and Allah Almighty is saying: “Don’t kill! Don’t injure, don’t give harm!” Allah is saying, (but) Shaitan is saying: “No, don’t listen! Kill, injure, harm people”, so that (there is) no peace on earth.

May Allah forgive me and bless you and give us a good understanding that we may put a limit for our desires. Desires (are) going, running always in front of a person and (that) person (is) running after it and his death (is) always nearest to him, but he is running, asking to jump over death line to reach to such a nonsense targets.

May Allah give us good understanding that we may be good for His servanthood and good for mankind, for creatures and for creation. For the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

## Asking to be Cured

The first thing a patient must do, is to say, "I am Your servant. I have become weaker through this illness. I know it is a result of my bad actions, my sins. Please give me Your Forgiveness for the sake of your most beloved and precious servant." If you ask for the respect of His most respected one, shifa will be given to you. According to the level of your belief, it can be given to you instantly, after one hour, one day, 3 days, one week, or after one month. After 40 days it must be taken away from you!
Allah will ask you, "What do you want to use your health for?" If you ask for health and strength, you must do it with the intention to serve Him more, not to run even faster after this world. Everything is under His Will, no-one can go against it. It is the base of every building. With a strong foundation you can have a strong belief which will give you pleasure. You will never be sorrowful.

Once Hajaj ordered a companion to be killed. The companion was smiling all along, because he was accepting the Will of His Lord. That is the highest level of belief. You must know that Allah has given us endless levels of belief. A worshipper follows the orders of Allah, but a servant will also follow His Will.

Aziz Mahmud Hudaye was the Sheikh of Sultan Ahmed who built the Blue Mosque in Istanbul. When you enter it you have the feeling that you are entering paradise. The Sultan himself helped putting the stones and soil on the foundation, like a labourer. Every Sultan must have a Sheikh, because if a sultanate is not

supported by spiritual power it cannot exist, it must fall.

During his reign a heavy illness befell the people of the time. They fell ill in the morning and were dead by the evening. People were prayed on and buried all day long. A great fear spread over the land. The scholars decided to get together and to go to the Sheikh and ask him to make a prayer asking Allah the Almighty to remove this punishment from his people. The Sheikh opened his door and told them to come in. "Oh our master, you know which terrible illness has befallen us. We are in fear. Please make a dua which Allah will accept to remove this curse."

"I understand that you want this. But until now I have never asked to remove anything which Allah has ordered. I have never asked to change His Will. I am sorry, I cannot do what you are asking for."

The people were sorry and started to cry. But Allah doesn't want His servants to be hopeless, so the Sheikh continued, "Oh you servants, this is my way. But I can send you to someone who can do what you are asking for. I am sending you to a huge cemetery, so frightening that people normally do not even want to go there during the day. Deep in there you will find a meshtub, who is occupied with the love and the respect of his Lord. He is on another level all together, attracted to the Divine Level. Beware, it is not easy to come close to him! When he sees you coming, he will attack you with stones and words. Don't give up, tell him that I have sent you!"

It happened the way the Sheikh had told them, and when they mentioned the name of the Sheikh to the meshtub, he said, "Oh my brothers, give my respects to him. I will do what he asks of me. I am under his command. Go back to the mosque and pray for the illness to go away, and it will."

The people returned, and as he had said, the illness finished with their prayer.

Allah the Almighty has such servants, when they ask for something, it will happen at once. Keep your respect for everyone, they can be hidden ones. You may lose a big chance to get their prayers and duas.

**Asking to compete with Allah**

Destur ya Sayyidi, Meded, Audhu bi-llahi mina shaitani rajim, Destur ya Sultanu-l Anbiya, Destur ya Sadaatina Kiram, Destur, ya Sayyiduna Sultanu-l Awliya, Meded... Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...

Who is that one asking to make a competition with Allah? Must be a no-mind one! Who is that one? Shaitan! Shaitan (is) asking to make himself on (the) top point; (he is) even saying that: "No one (is) over my station!" (He is) trying to make people's attention to(wards) himself and (he is) trying to make people to accept that he is the last point that mankind may reach. And he is (the) first one who is camouflaging himself, so that no one can recognize him and his personality, and (in) this way he is trying to cheat people and to make their main target to reach to him.

And the main point and (the) main wisdom or reason that man (was) created is to reach to their Lord! But Shaitan is always trying to make himself in the sight of people and (he is) saying: "I am that one that you are asking (to reach to). I am that one- don't look to anyone else. I am your main target, come to me!" And he is the first cheater for the Children of Adam and (the) most terrible one (to) be followed. Who (is) following him, that follower can't reach to anything but 'khassira Dunya wa-l Akhirat' - that person, who (is) cheated by Shaitan, (is) loosing his life and his honour here and Hereafter! (Shaitan is) cheating them, putting an imitated one instead of the real One and saying: "Come to this!"

There are some diamonds that are artificial, not real- but its looking (is) so attractive that people are saying: "Why we are asking a real diamond? It can't be as this one, so bright and good looking. We may take this. And it is easy to reach, we may use this and people may think it is a real diamond and it is never!..."

Shaitan is a terrible decorator for mankind, ‘musayit’, decorating everything and bringing it to (the) market and calling: “Oh people, look what I am bringing to you! Come and take it!” (The) biggest mistake of mankind that they are falling in through shaitanic directing, through shaitanic teachings- what is that? To run after ‘ma siwa’- to run after (the) material world; that is, what has no real being. (Everything material) they are not real beings, but (Shaitan is) decorating ‘ma siwa’, everything is created, making (it) through the eyes of people (to appear) so attractive to run on it. (The) biggest mistake of mankind is to ask ‘ma siwa’, to ask unreal beings.

Reality no! Reality is not with creation. Creation (is) never reaching to be a real Existence, but Shaitan (is) making people to run after that creations that haven’t any value from Reality, cheating people not to look to (the) Creator, but to look to (His) creation.

Finished! (The) whole of mankind now is running after ‘ma siwa’, running after (the) unreal existence of worlds and material beings and urging people to run after their physical being and their pleasures and it is not (the) real aim, (the) real target for mankind, because finally mankind (is) going to reach nothing here or Hereafter and they are wasting their chance for reaching to (the) real Being of Allah Almighty. And very few people (are) asking what is the way for reaching His real Being. But it is so difficult!

As (it is for) a person who (is) asking a treasure; to find a treasure is so difficult and also most treasures have been protected by some powers that material powers can’t be able to defeat them to reach to those treasures.

And whom they are understanding the secret of creation- particularly for what Allah Almighty (is) dressing mankind an honour- they are understanding the cheating of Shaitan and (they are) leaving him and coming to a difficult way. And difficulties (are) making people to reach to their real aim, but people (are) asking now an easy style of life. 21st century people’s aims (are) only to enjoy through material beings, to enjoy themselves and to reach more and more pleasure through their physical being, even physical pleasures or material desires day-by-day (are) coming down, (are) coming less. (They are) not getting up, but coming to be less, less and less and when he is going to die, just finished- they lost every pleasure through their lives.

Jesus Christ- peace be upon him- was travelling to reach (to) people with heavenly Lights, because every time (those) people are very rare (and) it is (always) a very small group of people (only) who are interesting in heavenly Lights. Particularly in our times people are never interesting in heavenly Lights; they are only

asking for their material being and its pleasures, to fulfil their physical being's desires. S.Isa, a.s., Jesus Christ, was travelling, hoping that even one or two or more or less people may be interested, to come and ask: "Who are you? What is your mission? We are looking and seeing (that) you are someone that we never see as (being) from our people. You are a strange one or foreign one- who are you? What is your mission? Give us an explanation; give us (information) about your identity, (so) that we may know about you and what you are bringing, open (it for us)! We shall look, (if there is) anything suitable for us. We may ask and we may look."

Yes- such a person (like Sheikh X. is) coming- who is coming to ask: "This is a foreign person, coming from outside to Cyprus- who is this one, what he knows? He has something that we may take benefit from him?" No one is asking! People are going and coming to fulfil their physical desires only. "Who is that one?" "Eh- leave him"...

All Prophets in such a way (were) faced by their people, their nation. No one of them (was) welcomed from their nation to say: "Welcome to you, you are such a good one, such a glorious one, your looking (is) in such a way!" No one (is) saying (this); always Prophets (are) faced by shaitanic faces!

Jesus Christ was going, travelling and hoping to find someone for his diamonds to be interested for buying and looking. He was travelling and he was through a dessert through mountains, (and) suddenly a heavenly (Voice), a Sound from Heavens (was) saying (to him): "Ya Isa, follow me!" and that Announcement (was) walking in front of him and he was stepping (behind, following). He was not seeing who is that one, but (he was) following, following, and finally (they) reached (the) entrance of a huge cave and (the) same Announcement (was) beginning from inside, calling him: "Oh Isa, come, come, follow me, follow me..." Then he reached to a place that was shining. He stopped and (that) Announcement (was) just finishing and saying: "Look in front (of you), what you are seeing?" Isa a.s. was just in the presence of a tomb (that was all) from gold and shining, and it had a writing on the head of that tomb full with gold, saying: "Come and look and read what is written on that golden head!" He was looking and seeing and reading:

"Oh my visitor! Look! Look and take a lesson from me, from my life, from my situation." It is written (there). "I am that Emperor- King of the whole world and Emperor- who lived 17oo years. I was that one that I was always running for fulfilling my physical desires. Just I married 17oo maidens, just I built 17oo castles, palaces through towns, surrounded by walls- I reached everything from this life. I reached every pleasure and

I fulfilled myself with everything, according to my possibilities how it is written on this tomb.

But when my last moment was coming and I was lying on my royal bed and the Angel of Death was putting his paw on my chest, beginning to take away the secret of life from my material being- that it was standing and doing everything I did through that secret power- (when the) time (of my death) arrived and the Angel of Death was beginning to take it (that secret of life) back- that one breath gave to me the bitterness of death, the violence of death! (And this) just made me to forget everything (that I enjoyed in) that 17oo years: (my) whole Sultanate and royal life, making it all of them to be forgotten! Just I forgot and that bitterness is just with me now, never leaving me!

Oh my visitor, look and take a lesson from myself, from my lifestyle, from my target through this life that I wasted (it)! And that bitterness is yet with me. No one can be able to reach (the same) possibility as I had through this life, it is impossible; you are never reaching from (those possibilities) that I had (in these) 17oo years even one year. You are never reaching to that point. You must take your lesson! I have been cheated and just I wasted my most valuable grant (, my life), (that was given) to me as a chance to find Him, but I wasted it and I ran after material subjects and I lost my chance. I have been cheated, I am just deprived (to reach Him); all my chance (is) just finished for me. I was running in (the) contrary direction; instead to run to my Lord's direction, Shaitan (was) making me to run from Him to another direction. Oh, that one! Give my message to people, not to be cheated!"

It is a beautiful tale and full of wisdom and it is reality. And it is (the) same problem for mankind now, because people run after 'ma siwa'; they are running to reach (the) last point of material beings, the last point for fulfilling their physical desires and (there is) no reality there. They are passing away- but the real One that we have been ordered to go and find Him, our Lord, we are leaving Him and we are carrying a heavy burden here and Hereafter.

May Allah forgive us and bless you for the honour of the most honoured one in His divinely Presence, S. Muhammad sws, who is making people not to be cheated, calling them to their Lord. Instead to run after Shaitan S.Muhammad is calling us to Allah. Follow him, you should be happy here and Hereafter...May Allah forgive us! Bi hurmati-l Habib, bi hurmati-l Fatiha...

We are asking some drink that when we are drinking (from it) (we are never) getting to be satisfied, (but) to

ask more. This drink here we are drinking this, and then our pleasure is coming down, coming down and you are saying: “Enough.” That is ‘ma siwa’: everything that is going through this life and people are running on it. They may drink it and then they are saying: “It is okay for me, no more.” But through His divinely Presence no one is saying: “Enough”, but they are asking more and more and more. And Allah Almighty is saying: “I am giving to you more and more in My divinely Presence! Mazid, wa ladayna mazid”...Fatiha... People are deprived because they leave Allah and run after ‘ma siwa’- ‘ma siwa’ is like the shadow and Haqiqat (the Truth, Reality) is like the sun...

## ASK MORE OF ME AND I WILL BESTOW ON YOU MORE THAN YOU CAN IMAGINE OF THIS BOUNDLESS OCEAN

Everyone and everything is powerless in relation to Allah Almighty, and no one has any power without his Lord's giving it to him. If the Lord Almighty gives power to servants, they may become powerful, but their original state is one of total powerlessness. If a servant declares his powerlessness in front of his Lord, it is an honor for that servant, and as a result of his humility his Lord will grant him power and support in every situation. The Prophet, Peace be Upon Him, is the first to declare his powerlessness in the Divine Presence; therefore, Allah Almighty has granted him more power than He ever gave to anyone. This is a very good lesson for mankind: if we are seeking more Divine Support and spiritual power, we should first admit our own powerlessness.

Now Grandsheikh is explaining more upon this point: Allah Almighty gives of His Power to His beloved servants so that they may swim in those oceans of knowledge and wisdom. What they take, they take eternally; they ask endlessly and are endlessly bestowed upon by their Lord. Neither servant nor Lord is ever going to say 'enough'; rather, the Lord will say, "My servant, ask for as much as you can because I am always giving more and more. Ask ten and I will give a hundred, ask a hundred and I will give a thousand, etc.; if you don't ask, I shall become angry with you."

It is one of Allah Almighty's attributes that He always wants to give more to His servants—if you can

recognize this attribute, it will give you satisfaction. If Allah were to say, "That is enough don't ask more," it would mean that He doesn't have any more to give to His servants, and if it were so the treks of mankind would explode. But Allah Almighty says, "Oh My servants, ask more and more, and I will bestow more than you can possibly imagine." We must thank Allah for this and be happy that we have such a Creator, such a Lord.

Our Grandsheikh says that although you may take more and more from Allah's wisdom and knowledge oceans, don't think that you can take all, for in reality you can take but one drop, not a bit more. Perhaps that drop may even be a huge drop, but it is still only a drop, and no matter how large it is, it still has bounds, whereas His ocean knows no boundaries. In this is real pleasure for us: Everything that Allah Almighty is giving us grows within bounds. If we could go beyond the realm of boundaries we would become partners to Allah, and that is an impossibility.

Now my Grandsheikh was saying that there are two kinds of knowledge. One kind belongs only to the Almighty Himself, and the other kind Allah Almighty gives to His servants. We are speaking about that second kind only, for the first kind, the knowledge belonging to His Essence (Dhat), is impossible to behold, even for the Angels, Prophets and Saints—off limits. The endless oceans which He bestows upon His servants are nothing compared to His Essential Knowledge, which He is keeping to Himself.

Look at this point also: When Allah Almighty called His Prophet on the Night of the Ascension (Laylatul-mi`raj) and spoke to him without intermediary, He imparted unto Muhammed three types, or areas of knowledge. One part of that knowledge He ordered the Prophet to keep with himself only: "No one can know that; it is private between Me and you". The second part He allowed the Prophet to share with a selected elite (Khawas) of the Nation (Ummah), and the third part He ordered to be opened to everyone. The accounts we read in books about the mi'raj are from the third part of these knowledges, and further knowledge of it is given to people according to their individual ranks, The palm tree has a knowledge that it may produce dates, the orange tree has a different knowledge, as it learned from its Lord to make oranges. Apple trees produce apples, olive trees olives, and just so everything in the universe is producing according to its rank and position.

You have also been taught a knowledge from your Lord, but now in our position it is covered. You are yet like

a seed which hasn't even been planted. You must plant yourself in seclusion (Khalwa).). As the seed must be covered by earth, so you must be covered from this world—then you can know yourself. When a seed is in the ground for ten days, it Will sprout, but our seed has not yet been planted and thus we cannot yet see whether we are orange trees or olive trees. This is the reason why the Prophet relates from Allah Almighty: "As long as you don't know yourself you can't know your Lord."

Bees learn to make honey, snakes learn to bite you, and mules learn to kick you in the head.

**Ask perfection from a perfect one**

Now we are in this temporary life. Tomorrow, next week, next month, next year or next century we are going to leave. We must leave this life and move from this world to another world, which is only described to us by the Prophets. No one may open the veils from the coming days, and no one can know what will happen after tomorrow in the endless future. Only He Who created you, mankind, may know what is going to happen in the future, and He is the Only One who can remove the veils.

He is the Creator of the coming days and the Designer of every day's program. Don't think that any day may come by itself without a program, no. Every day must come by His Will, and everything, which is coming into existence, which will appear tomorrow, is programmed by Him with all the details, not only with the headlines. Yourself and every creature, everything, is representing our Creator's endless power, His endless perfection. It begins with the smallest representative of creatures, which is less than an atom, then continues to the atomic world, the solid world, the plant world, the animal world, the human nature world, mountains, oceans, the earth, stars, galaxies... Everything shows Allah's perfection, and He puts perfection in everything, never leaving any imperfection in any creature in any of these worlds.

And there is a perfect connection between everything, from the smallest unit in the atomic world, to the gigantic star systems in the world of the galaxies. Nothing and no one can be by itself, by himself. By that connection everything in existence knows its Creator. This is a common connection between everything in existence, that they know, or must know, their Creator- heavenly beings, earthly beings, the smallest creatures up to huge, gigantic galaxies. None among the countless creatures is going to deny the existence of their Creator. Only fully foolish, drunk people from mankind.

And the second common connection among everything in existence is that all creatures give their most high

and endless respect to their Lord, which is their glorification. Everything must glorify! They are saying that some things are not alive, but everything in existence has a life, and everything is alive with that glorification. If something is not glorifying the Lord, it is going to vanish, finish, it will lose its life. Everything that is coming in existence must glorify its Lord Allah Almighty... Oceans are glorifying, mountains, earths, skies, sun, moon, stars, galaxies, plants are glorifying, animals, your body is glorifying. But mankind, because they are heedless, are not using their tongues to say: "Subhanallah- Glory to Allah Almighty!"

Therefore the events which are going to happen tomorrow are in their most perfect position. You can't find any imperfection in anything in existence. Events are in their full perfection, because He, who created that event and that creature is in His endless perfection... So perfection may be taken from a perfect person. An imperfect person can't give perfection to someone else, because if he is imperfect, he must give from his imperfection. I can only give from what I have. If I haven't, what am I going to give to you? If I have perfection, I am giving perfection. If I have imperfection, I am giving imperfection... There is no imperfection with the Lord of the Heavens, and He gives to everything its perfection. He is asking His servants to ask for what they are in need of from Him: perfection. But people ask for this or that... No, ask from Him, from His perfection oceans, to give you perfection, so that you don't come to His Divine Presence in an imperfect condition.

He may ask: "Why you are coming in such a condition? Why are you not coming to My Divine Presence with perfection? Why are you coming imperfect?" If the servant says: "I never asked for more than this, I didn't know where perfection was", then Allah Almighty may say: "Oh My servant, why didn't you look for a perfect one among My servants? If you had asked, you would have found someone, but you never asked, so you never found anyone and you are coming to Me not perfect. If you were asking for perfection from Me, I would have granted it to you, but you didn't ask. You asked for this and that, although perfection was the best thing for you to ask for, and the highest honour was to come to My Divine Presence with perfection."

It is important. Ask, and you can find. There must be some people who have perfection. It is not for common people, but if you ask, you can find a perfect servant and he may give to you. But if you are not asking... This is the meaning of the Prophet's saying: "If knowledge is to be found in China, you must run after it..." At that time China was the last known place on earth, beyond which no country was heard of. The Prophet knew better, but he was addressing the people in front of him who knew only China as the furthest state. He meant

to say: ‘If you are asking for a knowledge, and the person who may teach you that knowedge is in China, run to him...’

What kind of knowledge? A knowledge which gives you perfection. Not a kind of knowledge which is only written down to make books, no. There are millions of books. But try yourself, can you take perfection from them? You can? Oh, very good; but you can’t find the perfection which belongs to you...

There may be a big warehouse full of keys, thousands of keys, and you are in need of a single key, and you are coming and saying: "Oh keeper of this warehouse of keys, I have lost my door key, give me the key." But he doesn’t ask what kind of key it was and what it looked like, he only says: "This is the key," and gives it to you. And you go and try the key, but you can’t open the door. You come back and ask: "Give me another key ."... But up to the end of the world the keys are never ending and they never open that door...

So there are millions of books full of knowledge, but which one is giving you perfection? You need maybe a million years of lifetime to try and find out which one is for you... Oh heedless people... Never ending... Even in one million years you will not finish... But that person, who is an expert, is saying to you: "What are you asking for? What kind of lock do you have, tell me." And then he is looking and saying: “Bring this key to him." Therefore that person must know the perfection that you need. And that knowledge may be found in China, but not in books. Real knowledge through our hearts is what we are asking for. So that is the wisdom of what the Prophet was saying. Knowledge is knowledge, here or in China. But if that person, who may give you that perfection is living there, run to him and take from him. He may give you the key to open your teasures.
May Allah forgive us and make us understand something from perfection... Look for His representatives on earth to reach Him. If you don’t find them, you can’t reach Him.

**Ask From the Expert**

(Mawlana Shaykh stands.)

Dastoor ya Sayyidee. Stand up for your Lord, for our Creator, Allah almighty, Most Beneficent and Most Magnificent. Allahu akbar, Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd!

O our Lord, forgive us! O our Lord, we are asking for Your blessings! O our Lord, don't leave us with our dirty egos. Give Your heavenly support for Your weak servants! We are asking humbly all raising and whole glory for Your most honored one through Your Divinely Presence, Sayyidina Muhammad (s). Raghman `ala anfun - Against those Shaytan people that they are not giving their high respect to You! You are respecting Sayyidina Muhammad (s) but so many no-mind people, no-honor people, and followers of Shaytan don't like that we are giving our high respect. And we are saying first of all, a`oodhu billahi min ash-Shaytaani 'r-rajeem, bismillahi 'r-Rahmaani 'r-Raheem, and the first lesson is that Man must learn to say this.

(Mawlana Shaykh sits.)

O our Lord, shelter us from evil and devils, and making people unhappy. People asking to be happy here and Hereafter, but they are not asking how they should reach to that pleasure and enjoyment and Divinely Presence, and they are not asking how heavenly grants will reach to them. O our Grandshaykh (q), the master of this world, in spite of Shaytans and their followers, (taught us to say) a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. That is heavenly sword that we must use! It is not only for show: Bismillahi 'r-Rahmaani 'r-Raheem is a real sword! Heavenly sword is not for show, but you must use it against your enemies. ••••• •••••••••••• •••••• ••••••• •••••••••••••• •••••••• - Inna Shaytaana lakum `adoowun fatakhidhu `adoowa - Verily Satan is an enemy to you: so treat him as an enemy. (35:6)

O `ulamas from Arab brothers, think on it, think on it, what Allah Almighty saying your language is Arabs and you may understand more and more but you are sleeping not asking what does it mean. O, I am entering Haramayn Sharifayn in Makkatu 'l-Mukarramah and in Madinatu 'l-Munawwarah. Yaa rabbee zidhuma, give more honor and more lights, more noor! Those two masjids that one of them the first one put on Earth to be prayer place. ••••• ••••••• •••••• •••••• ••••••••• •••••••• •••••••• •••••••••• ••••••• •••••••••••••••• - inna awwala baytin wudi`a lin-naasi lalladhee bi-bakkata mubaarakan wa hudan lil-`alameen - The first House (of worship) appointed for men was that at Bakkah: Full of blessing and of guidance for all kinds of beings..(3:96)

Listen and look to me and you may understand that I am blaming first those people from Arab Muslims who are claiming they are `ulamas, learned ones, that no one (else) can understand. I am asking, "What you are understanding, awwalu yawm (first day)? You are `AbdAllah, Subhanaallah for `AbdAllah, Allah Almighty putting a symbol, symbolising what? What is Allah Almighty symbolising with Baytullah? Baytullah is something that you must understand, because you have been ordered to go and pray there. First man, Adam; do yo think Allah Almighty has only one Adam and only one Baytullah? What do you think, O our `ulamas; what you are understanding? inna awwala baytin wudi`a lin-naasi lalladhee bi-bakkata mubaarakan wa hudan lil-`alameen. Where is that praying area honored for being place of worshipping the Lord of Creation? O Salafi `ulama, do you think that Allah (swt) has only one bayt, awwala baytin? Just it is for honoring that holy place, from pre-Eternal up to Eternal.

How many Abraham? ••••••••• •••• ••••• •••••••• •••••••• - "wa minhum man lam naqsus `alayka - and some whose story We have not related to thee."(40:78) Are you understanding Qur'ani 'l-Kareem O Salafi `ulama, are you understanding what our Lord Almighty Allah is saying about prophets? What is that? The Lord is saying that I have just sent anbiya, prophets. Some of them I am saying their names clearly and I am showing some of their lives clearly, but some others I am keeping. I am not saying their names or I am not saying what their missions were. I am not saying where they have been sent, I am not saying when the beginning of prophets was. And I am also saying that I am not speaking about their lives or their nations. Because that is a sign that when Allah Almighty says,"wa minhum man lam naqsus `alayka." I am not giving knowledge about their names for their ummah, their nations, for their worlds, where they have been said or what they did. That is closed. That means countless, because from pre-Eternal up to Eternal, (the amount/existence of ) anbiya's is never stopping. Coming, coming, running.

Awwala Baytin, (First House) which one? Before Awwala Baytin was there no place for praying? From where was that holy house, house of Lord, brought and put on that place? Who knows? Where was it before? Do you think that it is only a simple building or are you trying to understand about that holy One? When Allah Almighty is in existence He is Azaliyyun, no beginning and no ending. Do you think that He was also Rabbun y`ubad at that time? Before Sayyidina Ibrahim (a) placed that house on Makkah Mukarramah, wasn't there any bayt before for Allah (swt)? It is just put for His servants to pray and ta`abud, worship? What was before? Nothing?

Yes, O People, O `ulamas, if you are going to learn something, Allah Almighty is saying ••••••••• •••• •••••••• - F 'as'al bihi khabeera - ask thou, then, about Him of any acquainted (with such things). (25:59) If you can't reach haqeeqatu 'l-amr, reality of that one, you must ask someone who knows about that khabeer. Khabeer is mubaalagha - exaggerate. That means "no one is knowing." Who is not knowing, must ask such a person. Because someone may know. So many countless wisdoms and knowledges and news has just happened or should happen on the level of Creation.

F 'as'al bihi khabeera, don't ask those people whom are so proud and saying "We are doctors." What are you knowing? Do you think that you ask something from such a person who knows? Who knows what you are asking, first beginning or ending. You must ask must be one person khabeer, expert how many experts? only one expert? how you are asking O `ulamas, that you are asking we are Salafi `ulama, you know nothing cause you are not asking a khabeer, expert, to tell you some secret knowledge. There is no secret knowledge? All knowledge is open?

O Salafi `ulamas, what do yo think about Sayyidina Musa (a)? That addressing was also coming to him, because Sayyidina Musa (a) for everything he was thinking on it. But he was unable to finding treasures, and not finding the key to open. Therefore Allah Almighty sending him or all prophets. Allah Almighty is saying F 'as'al bihi khabeera, you must ask who is knowing what you are not knowing. And Sayyidina Musa (a) ran to find that person who has secrets about so many things. Countless knowledge oceans, the key was with him. Who was that? Sayyidina Khidr (a), he was khabeer, Sayyidina Musa (a) was not khabeer. Therefore Allah Almighty saying F 'as'al bihi khabeera.

Sahaba `alayhimu 'r-ridwaan were asking for Sayyidina Rasulullah (s). Anbiya were asking to whom? Who is the teacher of prophets? Sayyidina Muhammad (s) (Mawlana stands) teacher for everything in existence. He is that khabeer who knows that only Allah (swt) knows. But he is not knowing whole what Allah Almighty knowing (Mawlana sits). He was only knowing some knowledge granted to him for a handful of people or a handful of worlds or a handful hegemony. Oceans. Dominions endless endlessly if you need something through life, you must ask who knows F 'as'al bihi khabeera, you just understand

•••••• •••••• ••••••• ••• ••••••• •••••• •••• •••••••••••••••• •••••••••• ••••••••• ••••••••• •••••••••• ••• ••••••• •••••• •••• •••••••••• •••••••••• - Shahida Allahu annahu laa ilaaha illa huwa wa 'l-malaa'ikatu wa ooloo al-`ilmi qaa'imaan bil-qisti laa ilaaha illa huwa al-`azeezu ‘l-hakeem - There is no god but He: That is the witness of Allah, His angels, and those endued with knowledge, standing firm on justice. There is no god but He, the

Exalted in Power, the Wise. (3:18)

That they are all khabeer, knowing, knowing what no one knows. Why are you getting so much proud. Because you are asking "We are graduated from Makkah Mukarramah's university, Jaami`atu Islaamiyya fi 'l-Hijaaz" Those people who are teaching the students, are they knowing everything? Why are they stopping for asking utlubu 'l-`ilm? Don't say "We gradated, no more to learn for ourselves." That is your ignorance. You must learn that. A weak one going to teach you, a weak one that his Arabic is nothing, by holy command from heavens, F 'as'al bihi khabeera. You must understand. I am asking, awwala baytin wudi`a lin-naasi lalladhee bibakkata mubaarakan. Bakkata or Makkata? What is between Bakkata and Makkata? F 'as'al bihi khabeera.

For understanding we are going to libraries and looking after that. What does it mean? No, ilm a living grant from Allah Almighty to His servants. The Seal of Prophets (s) wasn't reading books and learning. But it is something, a heavenly grant that is granted to someones as our Lord is asking to grant. A little bit down, down to understand something.

Once Fakhruddin Razi (r), they know `ulama, one mashhoor (famous) commentator he was visiting Awwala Baytin that awwala baytin wudi`a lin-naasi and people running to him to hear and to take some benefit or to reach some lights from his knowledge. Because knowledge is not a material thing, it is a heavenly grant and a heavenly grant is noor - light, lightening. People were running to know and understand something about unknown oceans of knowledge. To understans something. He was sitting and people, o all of them giving him their high respect. Imam Razi (r) coming and speaking on front of Kaa'ba Awwala Baytin and we must run to him to take some light from his knowledge. They were looking at a khabeer who knows so many things that people are not knowing.

And he was sitting kursee on throne or on chair. All people were standing up to honor and for his respect. Only one person was sitting there, covering his head, sitting, never moving. And Fakhruddin Razi (r), Allah (swt) bless him, was looking around and everyone was standing up, and only that one in front of Ka`aba

never changed his face or never stood up. He was saying, “Who is that one like me, a person coming here and not giving his respect? At least (he should have) respect for my knowledge.” This passing was going through his heart.

After he was left that one. I must leave him, I must address to our listeners. He tried to speak but was not able to say anything. Like me, beginning to cough. I am really coughing but he was saying, people were looking, "O People, I can't address to you, something happening here now that I am not able to address to you." And he was showing that person who is that one. "Because of that one my heart is just locked and my tongue can't be able to say anything." He ran to that one and asking, "O our master, did I do something wrong? Please forgive me, I don't know what I am going to say to people, I knew so many things but now my tongue is just locked. I can't speak, please forgive me!" And he was kissing his hands saying. "O this is Baytullah for the honor for that Baytullah forgive me," and he was saying "O People, that one who looking from east to west, from north to south through oceans and continents, he is sitting here but looking from east to west, north to south and through oceans and continents. I am asking in front of you forgiveness." And he is saying, "Go and speak, enough for you what you said now, we are opening."

Khabeer was Sayyidina Muhyiuddin ibn Arabi (q), not Fakhruddin Razi (q), knew nothing front of that one. He was an ocean, Fakhruddin was a drop. A drop how swimming in it? That was ocean, oceans asking madad, support, asking some grants through heavens from that one. "How can I speak to you?" Now he opened I may speak to you.

O People, O `ulama that you are asking we are Salafi `ulama or Wahabi `ulama. They are bringing to me to speak to you khaasah, special addressing to Arab `ulama; who they are thinking they are becoming something and they are nothing till asking from that khabeer.

O People you must try to learn something. This planet is like a atom through bigness, greatness of existence

of Divinely Dominion. Through Divine Dominions our world, this planet, it is such a atom or less. Ask more! Ask more, F 'as'al bihi khabeera, ••••• •••••• ••••••• ••••••• - "wa-qul rabbee zidnee `ilma - and say (O Muhammad!), O my Lord increase me in knowledge." (20:114) - Khitaab, addressing Allah Almighty to His most beloved one and saying "Ask more knowledge!" That endless knowledge oceans, wisdom oceans, oceans and oceans, belongs to Me. Ask Me, wa-qul rabbee zidnee `ilma, ayatun kareemah?

Yes, why not asking? Why are saying that this one who putting turban on head and never knowing from `ilm..... No I know fa`il (subject) and maf`ool (object) also and f`il (verb) also I know. If you are getting to be proud with your ... . I know also what is f`il what is fa`il and what is maf`ool. You are understanding. Shaytan makes me you. Try to learn and keep your adab, don't say "This one." No, all of us on same level created as the children of Adam (a). Don't say that we are carrying this and thinking that you are going to be something. Some important thing. No, no, if you are asking to be important one, you will never be important one. You are always going to be on the level of ignorance. Try to learn and endless oceans of knowledge just put in an atom. May put, because •••• ••••• ••••• •••••• ••••••• - "Huwa `ala kulli shayin qadeer - He has power to do all things." (67:1)

O my Lord, forgive us, forgive us! Forgive Your servants and send us who may teach us and help us for understanding heavenly secrets, for understanding secrets of creating, for understanding the secretes granted from the Lord of Heavens to His creatures and particulary what mankind just granted from knowledge. He is giving to them, try to make it more such a knowledge, you are not going to forget such knowledge. Other knowledge that you are learning from this from that, you are going to forget. Real knowledge can't leave you, but artificial understanding and knowledge should leave you and you become a naked tree, nothing on it, no flowers, leaves or fruits.

May Allah (swt) forgive me and you!

**Ask the safe way to Paradise!**

Allah Hu, Allah Hu, Allah Hu, Allah Hu, Allah Hu, Allah Hu...
Allah, ya Daim, Allah ya Daim, Allah ya Daim, Allah ya Daim, Allah ya Daim...
Allah ya Subhan, Allah ya Subhan, Allah ya Subhan, Allah ya Subhan, Allah ya Subhan...
Allah ya Sultan, Allah ya Sultan, Allah ya Sultan, Allah ya Sultan, Allah ya Sultan...
Allahumma salli ‘ala Muhammadin wa ‘ala ali Muhammadin wa sallim...
Tasliman kathira... Huuu!

Meded, ya Sultanu-l Awliya! Meded, ya Rijalallah, ainuna bi aunullah...
Alayhi salat wa salam he was saying: “Ad-dinu nasihat”, that means: Ad-din means advice. Prophets Hadith. That knowledge that granted from Allah Subhana Hu wa ta’ala through His most beloved and glorified servant S.Muhammad, that knowledge belongs to Heavens, belongs up over Heavens also, up! Therefore its meaning you can’t bring a limit, no, no, that is like an ocean and you can’t reach its beach or you can’t reach its bottom. Now we are repeating this holy Hadith, as my Grandsheikh was always everyone sitting for addressing people: “Ad-dinu nasihat” and from that ocean Shah-u Naqshband was saying: “Tariqatuna as sohbet.”

Shahu Naqshband- Allah bless him. O people, we have been ordered to bring the names of holy people and to speak about themselves, because: “Inda-l dhikri sulahai tanzilu-l rahma”: When we are saying about a Saint, coming blessings and mercy. Mercy, blessings. Therefore, every time when we are speaking and when we were listening to our Grandsheikhs, mostly they were speaking about Awliya, to make blessings to come closer, closer. Blessings (are) endless mercy oceans. Endless

and gives us strength through our organs and coming power to our hearts. Coming much more urging power, as when spring coming, the weather bringing new life to trees. Therefore, when blessings coming to the hearts of people, giving, bringing also that secret power to make them to wake up. Subhanallah!

Now they are making me to speak, as they like. They are my leading power, they are carrying me like this, like that, like this, like that... Now it is a proper meaning; perhaps we repeated before or coming in a new way: What is the benefit of advice? When you are asking that question, you are asking: “O Sheikh, knowledge it is not something that we can touch it with our materiality. Blessings is something else. Advice, for what advice?” We are saying: “For what Prophets? Why Allah Almighty just sent us Prophets?” You must know it! Allah Almighty making clear for some servants that they have been granted heavenly powers to understand and to speak on it and to make peoples real being to be guided. Why Allah Almighty sent His Prophets? That is important question, then we can understand the meaning of advice, the meaning of religion.

Everyone knowing, but not everyone believing. Some of them knowing and believing, some of them they are learning, knowing, but not believing. Some others they are believing only. Some specialized people they are knowing and believing. To know and to believe is excellent, highest level.

Yes, Prophets, for what they are coming? What was their missions or what was missionary of prophecy?... You are English, don’t leave me in the hands of Pakistan people...

As we learnt and we are believing- and we are believers what we learnt-, we are believing in it also, that first man, Adam, he created and he had been put in Paradise. Then happened what happened and he had been landed on earth. First coming descendants of S.Adam, they were believing that their father just had been sent from Paradise to be on earth for a while and they were knowing that their father or grandfather just he did something wrong, then he had been landed on a land, no any relationship between our land and between Paradise. And they were knowing that their grandfather Adam- peace be upon him and upon every

prophet, particularly the Seal of Prophets- they were knowing that he was asking to get back to that level, heavenly level, to be there. They were appreciating.
Adam he was always crying and asking to be returned to Paradise, to that Paradise that you can't put any measure to make a description between earth, to be on earth and to be on that level. He was knowing and his sons and grandsons, descendants, they are not knowing, what he was knowing and Adam a.s. he was crying and asking forgiveness from Allah Almighty. And when forgiveness just granted to him, he was asking: "O my Lord, I like to be on first level that I have been granted from You to me to be there. This I am looking Dunya as a jail, prison, therefore, o my Lord, make me to reach to my first homeland. I am, Subhanallah, always my heart just drawn to be on my first home, my home that You granted to me. I like to be there, o my Lord!" But his sons they were not generation in Paradise, their generation on earth, therefore they are not understanding what their grandfather longing, longing, longing- to be in Paradise.
Out of Paradise it is like Hells or at least out of Paradise it is such a prison. Even prison it is good, but there is some people on earth they are through hospitals or through mental-houses or through prisons, they are longing to come out. And Adam was longing to come back to his first home, homeland, and he was crying. Then Allah Almighty accepting his Tauba, repentance, and He accepted: "O Adam, I am taking you back to your homeland. " He is not saying homeland, but: "I am calling you once again to your Paradise that you should be there up to eternity." Eternity that no any limit for that time. You understand this, insha Allah. And He Almighty was advising to Adam: "O Adam, I am sending"- because he was asking also about his descendants, he was asking also that his descendants to be in Paradise, and Allah Almighty saying:" O Adam, as I am going to grant to you, accepting your Tauba, repentance, I am making you to come back to Paradise, I am giving My divinely blessings on you and opening Paradise for you, I am sending to your descendants up to Day of Resurrection to follow some chosen servants of Me to call them to Paradise, Paradise way. Come and go through this way, you should find yourself finally through Paradise, because your grandfathers they are waiting for you!" Yes. That was Allah Almighty promising S.Adam: "I shall send some special chosen servants with my heavenly Messages, as they are my messengers, to call for your descendant

to come to Paradise.
Therefore, o our listeners, Subhanallah, Allah calling everyone to come and enter Paradise, but mostly his sons refusing, saying: “We are not in need, we are not believing in a eternal life, no.” Therefore, Allah Almighty sending His chosen servants, whom they are Prophets, to call people: “O people, come, come, come after Me, I am leading you to Paradise, that no ones eyes looking and seeing, no ones hears hearing and learning something. It is a grant from Me to them to believe that beliefs carrying them to Paradise back.” Therefore: Ad-dinu nasihat. What is the meaning of nasihat? They are making me to make a wider explanation. It is not something to say: “I am Muslim” or “I am Protestant” or “I am Pope” or “I am Christian”, “Jewish” or “Muslim”- important is to ask the way back to Paradise! Therefore Prophets coming and giving that advice: “O people, prepare yourself to come back to Paradise, to be with your grandfather, grandmother and to be thousands of Prophets, to be with their followers, muqmins, and to be sent your messages millions people, to take careand to come Paradise.”
Now we are living on a time that people just cut off, cut off, they are not asking anything about Paradise. And our scholars, I am sorry to say, scholars that their new title to be doctors, doctor Hussein, PhD. “What PhD?” “You are not understanding such a things.” “I am also I must understand.” “If you are asking to understand something about PhD, you must go at least you must spent at least 2o years to be a doctor... at least to be a doctor. Your head a little bit hard- you are in need 25 years to be a... not PhD, PhD (title is) up, (but an) assistant. Doesn’t matter, because after a while you are quickly forgetting half of it and assistant, we can’t cut him to pieces, therefore, eh, 3o years, doesn’t matter. Work on it, we shall give you assistant... half assistant, doesn’t matter... “
Like Pakistan people- all of them they are ¾ doctors... Yes?... Our Turks, eh, ¼... doesn’t matter... Arabs, they are saying: “We are not in need to be PhD. We are born from our mums and we have PhD...” If you are asking for Egyptian people, they are saying: “What about Lebanon people- half Maronite, half Muslim?

What is your knowledge? We have knowing from the time of Orthodox... “ People they are trying to learn, but not to believe. They are only giving their whole ability, capacity for to be PHD, not to be a believer. That they have that title PhD, professor, but if you are asking: “Are you believing?” “No, I am knowing only, not believing.”

Prophets asking to make people to believe! Scientists and scholars: “We are only asking to know, not to believe and not to practise. We like to be doctors.” And nasihat, that advice from Prophets, making people to believe and to use their capacity to come back the line of eternity, to be shauq, ashk, longing, there is another word also... appreciating... yes? Asking too much. Some of them, they are not interesting; interesting to learn, not interesting to practice and to reach the line of eternity. So sweet word through the western peoples language, I like that word most from everything: Eternity. Eternity, ebedi, sarmadi... abadi, sarmadi, eternity, eternity... so refreshment coming to me and power coming to me!... But people (are) dead people, people dead, they are not asking.

If through a donkey- ajallakum Allah-, through a donkey bringing Beirut sweet to a table, put there, and put here straw in front of a donkey, donkey... running to straw, leaving famous sweets of Lebanon. People now, what we are saying... therefore I am trying to mix up something. When people eating with straw this... tray remaining some sherbet. That sweet, people eating Baklawa, remaining syrup. I am making straw with this and let people eat... Happy, very happy!

If you are giving Curry to an ox, never looking. Eh, what he is doing then? Making what remaining, putting on it straw and giving to ox, ox... never knowing, eating... for the honour of straw donkeys and cows and oxen they are eating...

That is the way for some people. But if you are giving mujarrat, only, only curry, they are never eating, your donkey eats? Never eating! Buriani never eating, saying: “We don’t like.” Not interesting. But mankind interesting in Buriani, Chapatti, Tandoori and Curry... Salata and Turcu, Pickles, Chutney...

“Other things?” “Eh, we don’t like it...”
Therefore people(are) through 7o and more branches, according to their desires, and Prophets (are) bringing for every kind of people what they may be interested that eternity, eternity, the highest level that real people, when they have been glorified by their Lords, they are asking eternity. Eternity- so fresh word, making my heart to open. Eternal life, Eternity... Sermadi, Abadi, Sermadi, Sermadi, eternity.
Ya Rabbi, grant us, don’t leave us to be like animals! They are asking only material, plants and something growing on earth. We know that You are not created us for eating grass or leaves or so many things that You grant us on earth. But we are asking only eternity, eternal life, to be in Your divinely Presence, o our Lord, let us to be believers!
For the honour of most honoured servant and glorified one through Your divinely Presence, S.Muhammads honour, Fatiha..
That is something that it is not written through books of Ulemas, but it is suitable for living people now in our days. And every cursing coming on people now, because they lost to ask beyond this life an eternal life. That is the reason: They are believing (that there is) only that material life on earth, nothing else behind this and Allah Almighty asking to ask from Him eternity, eternity, eternal life! Fatiha...
We are not fanatic people, I am not fanatic people. Fanatic Muslims you can find, fanatic Christian you can find, fanatic Jewish you can find, fanatic Maronite you can find, fanatic Protestant you can find, fanatic Hindus or Buddhist you can find. I am not fanatic, I am realist and saying for every mankind, because I am one member of big mankind family and I have been granted something that it is different from the mentalities of whole religious people. Wrong ideas of religious people under my feet! Allahu akbar!

## Ask Those Possessed of Knowledge

(Mawlana Shaykh stands.)

Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi ‘l- hamd! You are our Lord, our Creator. O our Lord forgive us and give Your blessings to Your weak servants for the honor of the most honored one (Mawlana stands) in Your Divine Presence, Sayyidina Muhammad (s). Zidhu ya rabbee `izzan wa sharafan wa nooran wa masrooran wa ridwaanan wa sulataana. You are giving to Your most beloved servant. O our Lord, for his honor, forgive us. As-salaamu `alaykum, Ya `ibaadAllahi 's-saaliheen, yaa awliyaaullah, yaa holy ones on Earth, wa rahmatullahi wa baraakatuh!

(Mawlana Shaykh sits.)

As-salaamu `alaykum, O our listeners! You have been honored to be Your Lord’s deputies on this globe through dunya. Listen and obey and try to do what our Lord is ordering His deputies. He is only ordering servanthood; He is not asking anything else. He is offering Mankind to be His servants, to do best of servanthood. That is what Allah Almighty is asking from us. We must say according to His holy command, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. That is one of the divine orders to heavenly people. And heavenly people are declaring that servanthood to Mankind, to humanity living on this planet.

If we are needing a support from heavens and asking a capability for servanthood according to the high commands of heavens, we are saying, Bismillahi ‘r-Rahmaani ‘r-Raheem, by the name of Allah Almighty, all Merciful, most Beneficent and most Munificent. You must say Holy Names. How many Holy Names do you know, O Wahabi people? You are saying, “We are knowing 99 Holy Names.” We are also knowing as the Seal of Prophets (s) is bringing from the Divine Presence to heavenly levels people who have been honored through heavenly honors. And there are seven levels of heavens: first level and upon it second level, upon it third, fourth, fifth, sixth and then upon it, seventh level. O People, what are you thinking about levels? And you are reciting Holy Books given to people. So they are also knowing there are seven heavens in Old Testament, New Testament, Psalms and Holy Qur‘an mentioned sab`a samawaat, seven levels of heavens.

O those people who are thinking they are knowing everything, say to me the differences in the seven levels of heavens. “O Shaykh, why are you asking such a question?” Yes, I am not here speaking on behalf of myself, never; I am knowing nothing. I am not preparing myself to be here to speak to you. I am speaking according to their connections to my heart. “How this can be, O Shaykh?” I am not carrying these mobile phones. You are saying that with mobile, “We may reach from east to west, north to south, through oceans or through continents.” I am asking how? (Just) because you are keeping a mobile through your hand and saying it making you to reach east and west? If I am saying that the Lord of Heavens has granted me such an ability to reach to heavens, why are you saying, “We aren’t believing?” You may go to jahannam! Finished! Yes, you are using a small mobile and saying you are reaching east, west, north and south, and I am saying I am not using a man-made instrument. Who granted to me through my heart such a special power that I may reach a connection through first, second, third, fourth, fifth, sixth and seventh levels of heavens?

They are saying, “If not positive knowledge (Positivism) we are not accepting.” Shall I swear to them? How are you saying, “positive knowledge?” A mobile (phone) can reach east to west, north to south, and your positive knowledge saying “no” that my heart may reach to heavens? That is man-made. This Creator, Lord, made power here, but people are such ignorant ones now. They are never understanding anything from prophecy. They are not understanding anything from spirituality. They are going to be like rocks, no sense for them. If rock understanding, those people may understand what we are saying. You are using with your positive knowledge and instruments and saying, “Now I am listening chief of Dalai Lama.” Where is Dalai Lama, under skies? Where is skies? “Yes, I am looking but sometimes going to be black, sometimes blue. I am

surprised and astonished. What is happening?”

O representatives of positive knowledge, what are you saying? Do you know how to bring a full description about darkness of night, how it is changing? Can you give a description to me about the color of daytime, how is it changing to blue? What is your knowledge saying? You are painting day, blue color and night black? What are you doing? Because you are knowing only like an atom. All your knowledge can be in an atom and still you can find more space through that atom. Why are you so proud about heavenly levels and about your Lord Almighty?

There are some people looking at the sun saying, “What is sun? Where is it? What is it doing?” Don’t discuss on such a subject because you are blind. If you are not knowing something with full knowledge why are you speaking about it? You have no right to speak on it. If you have perfect knowledge about something, then it is your right to speak about it. You are saying there are atoms. You have a certainty of atoms? If you are saying yes, how are you knowing? (You may answer,) “Through mathematical formulas we are understanding.” I am saying it is not enough; you are imagining through mathematical calculations. Have you ever seen an atom? “No.” How are you saying that you have a complete or perfect knowledge about atoms? You have no authority to say this. Because you are saying, if we are not touching, not hearing, not looking, we are not accepting anything. What about atoms? Seeing? No. Touching? No. Tasting? No. Hearing? No. What? How are you saying, “We have positive knowledge.” I am asking some mathematical problems to tell me what is positive knowledge, and beyond your positive knowledge, what is there? Nothing but negative knowledge.

Mashaa-Allah. Congratulations for our scientists and academics and PhD doctors; you are knowing everything! Congratulations to you! Say "our knowledge on this point up to that point." But beyond that, you must keep yourself within your limits. There are endless oceans of knowledge. Keep your adab, keep to your size. Try to say something according to your mindly balance. Don’t say, “This is the only limit we are accepting and beyond, we are not accepting.” Don’t be like a judge. Don’t say, “I am reaching everywhere and nothing beyond it.” (Mawlana is coughing) Perhaps physicians are unhappy with me and asking for coughing so that I may stop speaking. It doesn’t matter. If my teacher or my master keeping me and granting to me, I may say and I may speak and I may understand and I may make people to understand. Perhaps a plane going through heavy clouds, but the captain is controlling it. If an ordinary person is controlling it, that plane will fall down. Therefore, ask fas’al bihee khabeera.

••••••• •••••• •••••••••••••• •••••••••••• ••••• •••••••••••• ••• ••••••• •••••••• ••••• •••••••• ••••• ••••••••• •••••••••••• ••••••••••• •••• ••••••••

Alladhee khalaqa ‘s-samaawaati wa’l-arda wa maa baynahumaa fee sittati ayyaamin thumm ’astawaa ` alal-` arsh. Ar- Rahman fas’al bihi khabeera.
He Who created the heavens and earth and all that is between in six days and is firmly established on the Throne: Allah, Most Gracious! (Therefore) ask about Him of any acquainted (with such things). Suratu ‘l-Furqaan (25:59)

O `ulama of Arabs and `ulama of Muslims. Where are you to understand these holy words from the Holy Qur‘an that Allah Almighty saying, fas’al bihi khabeera? It means that if you are not knowing something, don’t give your judgment on it. You must ask that there must be someone who knows, maybe knows everything on this planet. However, it is not only for one person. According to our capacity, we may know something and we may know nothing also. So many things, if you are reaching a point that you can’t jump over or can’t pass that limit, you must ask someone who may take you up, opening in front of you a new understanding-Ocean. Because understanding-Oceans are countless for the Lord of Heavens. Don’t say, “This is the last point that we are reaching and understanding; beyond this we are not accepting.” Those people are the most ignorant ones!

Once upon a time there was a person sitting on a chair, like me, saying, “O People, I am such a big learned one. I am knowing everything. You can ask me and I can answer you.”
“Our teacher, I am asking you one question please. I am looking for an answer until today and no one answering,” one simple listener says.
“Yes, you may ask. What is your question?”
“I am surprised always to ask you how many hairs on your face. How many thousands or millions? I was thinking on it and I was looking for a person who knows it. And you say, ‘I know everything, you can ask me.’“
“Anyone else to ask any questions?” said the academic, as this question made him to look down.
“O our master, you said that we can ask you everything and you will answer,” said a second one standing up.
“Yes, I will answer. Look, an ant has two parts, head-side and backside. Yes, I was thinking and I am almost going to be a mad one thinking like this.”
“What you are thinking?”

“These intestines of ant are in the head-side or backside? This finishing point is in the head-side or backside? If head-side, no need for this backside. If backside, tell me how reaching from zero point to there?”
“Such a question! Sit down! What kind of question is that? Ask how many flocks you have, I may tell you! What are you asking?” the academic yelled.
“Yes sir, you know our flocks number. I am always surprising.”
“What surprising? That is another foolish one.”
“You said to ask. We are asking foolish knowledge.”
“Ask. You also don’t be like those foolish people.”
“No, no, it is important knowledge. That it so not like this question or that question.”
“Yes. What is your question?” Academic getting angry.
“Don’t be angry with me, you are such a learned person.”
“Quickly ask! I am getting angry for those two idiot ones’ questions.” Academic getting even more angry.
“No, I am not idiot. I have a little bit something.”
“Ask!”
“O our master, at night time (I am) always looking (in the) sky and it is full with candles.”
“Not candles! They are stars!” shouts the angry academic.
“I was thinking that candles just hanging there.”
“No, what an idiotic one you are, also coming to ask!”
“Don’t be angry, O our master, I am looking and seeing so many candles!”
“Once again, not candles, they are stars!”
“O our master, mostly village people are sleeping on roof terrace of their houses and I was seeing so many candles.”
“Once again, yaa Huu, stars!”
“Yes stars. I was trying from beginning of Maghrib up to midnight.”
“What were you doing?”
“I was trying to count how many there are, but I always was making a mistake. Therefore, I am asking you first. How many this side, the stars to the right? And then I am coming from midnight up to morning, but I can’t reach their numbers. If we are counting an area, is the next night going to be less or more? How can I add them? You, our master, said, ‘I know everything,’ and I am asking how many stars?”
“Sit down, no-mind person! What is that?” shouted the very angry knowing-person, the scholar.

He was PhD scholar. (laughter) Tawbah astaghfirullah, very angry, our academics, PhD doctors and astronomers. They are very proud ones. I am asking, “You counted them?” No one telling me. Hundreds of thousands PhD people are claiming, “We know everything.” You don’t know; you are ignorant. Tell me, they are thinking they know everything and they know nothing.

O People, keep your adab and your limits. You must know your limits. Don’t ask something that your capacity is never reaching. Therefore, I am sitting here and a heavenly connection is coming to speak to you and make you enjoy it, so that on the Day of Resurrection, you may say, “O our Lord, we were coming to such a person and were listening to his speeches and reports of his heavenly knowledge. We were getting happier and our hearts were much more in peace and satisfaction.”

O People, as-salaamu ` alaykum. I know your minds are saying to you, “Leave that one and look into your books. What are you doing tomorrow and after tomorrow? Why waste time sitting and listening to that old person who knows nothing?” Yes I know nothing, but from what they are teaching me, I know everything!

O People, as-salaamu ` alaykum. I am trying to learn. Therefore, we are saying it is an endless ocean that the Lord of Heavens is ordering His servants. If you are not knowing, you must ask and learn. But you most not ask an ordinary person. Khabeera means knowing about this planet and the life on it and knowing about the second life, which is a permanent life. You must learn according to your capacity. We are speaking and they are making me to address you; to make you enjoyful, to give you some understanding and satisfaction through your hearts. We are asking a happy day for you and a comfortable sleep, not to be heedless. You are coming here for learning servanthood and we are trying to make some decoration on it for understanding something.

May Allah (swt) forgive us and keep our feet on the right way, not to step on wrong way, that is important!

## Ask to be closer to Allah

Shukr, ya Rabbi, Shukr, ya Rabbi, Shukr, Alhamdulillah, Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah...

Tariqatuna as-sohbet wa khairu fi jamiat... Meded, Meded, ya Sahibu'l Meded...

This is a new association with Sheikh which makes our friends or our followers improve; and improvement means to be closer to the Divine Presence. This is what we are asking. Only no-mind people are asking to be closer to Dunya, and no one is going to take any benefit from that. But those who are asking to be closer to Maula, Allah Almighty, are reaching what they are asking for from His goodness and blessings.

This is a humble meeting. What we are saying is going to be easily understood. You must ask from Allah Almighty to be closer to His Divine Presence. No matter how close you get to Dunya and its treasures, one day you are going to be far away from them- finally you are going to finish. And even if you carry all the keys to those treasures with you, you are not going to look at them. And if they bring the most beautiful lady to you, you are not going to look at her.

This means that when you are going to get ready to leave this life and to go back to where you just came from, you are never going to look or to ask for those treasures of Dunya that you were trying and working so hard to

reach. You are going to forget them. Therefore every Prophet and every Saint, particularly Sufi Orders, and among them the most distinguished Naqshibandi Order, are asking to make you run to your Lord and to get closer to Him, even if only by one foot. If you get the chance to come even one foot closer, you must take it. This is the main teaching of the Naqshibandi Order: to make people try and come closer to their Maula, the Lord of the Heavens.

When the physical body is becoming weaker and you are losing your physical senses, your spiritual being is becoming much more powerful, asking to be closer and to reach to the Divine Presence. But now people are heedless, out of balance. There is a scale: on one side you have a pearl or diamond, and on the other dung, dirt from animals... And people leave the diamond and run to take the dirt. That is heedlessness. Why are you trying to reach so much from Dunya, and you are not asking to be closer to the Divine Presence and to take much more from there? They have no balance, people have just lost their balance...

Anyone who prefers his temporary life, leaving permanent blessings, is a no-mind person. Therefore Allah Almighty says that these people are like animals. Not only like animals, but below animals. What is your judgement on a person who choses this temporary life and its pleasures instead of permanent life and its enjoyments? It means that he has no mind. He is like an animal. And Allah Almighty even says: “Their level is under the level of animals”...

We don’t know which day is going to be our last day. And it is enough for a person to know that for everyone there is going to be a last day in Dunya. On that day you are going to leave everything that you collected from the beginning up until that day, and you are getting out. As a person loading a huge lorry, putting everything on it, and driving to the border. And there is ‘Qaf’, a stop sign, and the guards come and say: ”From here onwards only you may pass.” He may say: “What about my lorry?” But the guards say: “There is no possibility for your lorry to move forward, no. You must come down and pass through. Leave everyhing there and you come...”

How did you come to this world? You came naked from your mother’s womb, and quickly they covered your naked body with something from Dunya, wrapping you up in clothes. When you are leaving, the guards of the border between Dunya and Akhirat should say to you: “Leave everything there and you come...” And you are coming with your white clothes only. You must leave everything there, and you should look: “Oh... Ah...- how

can I bring this lorry? What I did? My whole life I was running, I didn't rest or sleep, I gathered so many things and now they say that I can't take it... How can I come without them?" But the guards should say: "Come, come, it is finished. These things are for those people in that area. You can't bring them to this area."

Ya Latifu, lam tazzal... The last day is already appointed. Everyone has an appointment with the postman, the Angel of Death, who takes your soul to its Lord. He is looking in his diary, to see with whom his appointment is. When your name is appearing, your appointment with him should be on that day, in such and such a place, at such and such a time. And he is coming quickly... carrying a big, big book, in which is written the appointments for all mankind. He is looking and saying: "Now I am coming to you, it is our appointment." "How? I don't know about this appointment, I thought there was some more time." "No, it is written here. I am not coming one hour before or one hour after, I am so punctual, I come on time. It is finished, I am taking you now." "What about my Dunya, my lorry, so many things, what I shall do?" "Leave that and you come alone..."
Oh people, who is closer to Allah Almighty, will be dressed in heavenly dressings, to be taken to the Divine Presence of the Lord, Allah Almighty. But those who didn't prepare themselves for that heavenly dress should be taken away- they can't be taken to their Lord's Divine Presence. Everyone is waiting for their last day, looking for their last moment, their journey from this temporary life to a permanent life. Oh people, take much more care for your eternal life... Try to be welcomed in a good way at the last moment when you are leaving this life... May Allah bless you and forgive us... Fatiha.

## ASK TO BE TRAINED!

There are many different ways to make people reach Heavens. It is according to the different capacities, abilities and characteristics of people. We use methods depending on the understandings of people and their beliefs, also according to their willpower. What is most important is the will of the one who really wants. We must see on which level they are standing, so that we can move from that point and take them to their Heavenly Stations, either slowly or fast. So first we ask of the seekers of Sufi Ways that they should be willing to be trained towards their Heavenly Stations. That will must come from the seeker themselves. Then the Master of the Tariqat must give them something according to their level. Sometimes they do not give anything, because it is first necessary to take away the characteristics within them to make them free to start moving upward.

Sufi Masters must have spiritual powers so that when they look at someone they will know their capacity. It is important not to give anyone more than they can carry. If we would, the person overloaded can be lost. We are all on the level of being seekers, not yet beginners. We must prepare ourselves and try to command our egos not to oppose that which we are asking. The main hindrance for everyone is their ego. It never wants you to go towards Heavens because our ego is connected to the lowest level. It knows that if you leave your ego, you will leave it forever and it will not be able to control us anymore. That is the battle between our soul and our ego. It is the reason that we are going to trick our ego so that it will not object our need to reach Heavenly

Stations. When you are able to control your lowest level, your ego, then it should be easy to improve a little bit towards Heavens.

That is why masters give instructions, but you must practise. If you are intending to do something, you must ask me to help you and my spiritual support will be with you. Anyone who asks for Heavenly Ways, must look for a spiritual powerful person, must find a holy person who knows the capacities and abilities of people. When you have found him and your heart is 100% in confidence with him, then he will be your guide and he will take you up. As long as the hook of love is with that master, he will take you up. Just like a train only has one engine in the front and still it can carry 50 or 60 wagons with it. Sometimes a second engine will join from behind and it will be very easy.

The first step for everyone must be to find within themselves a demand for heavens. When that is ready, your Lord will assign someone for you. He will make you meet someone of those people who know the way. When you have found him, then put your hook to that person and you can relax. At every station, unless it is underground, you will find so many new views that you have never seen before. But until you have cut the tunnel of your ego, you will not have any vision, you will continue to move underground. When you have finished that, you will find new worlds and views that you have never seen before. That is why you must be patient. You mustn't say, "I am not feeling, I am not hearing or I am not seeing anything of those new visions, hearings or understandings." Don't say that. Maybe the tunnel of your ego is a short one and you can cut it easily and you can find yourself in endless distances designed with some beauties which you cannot imagine before. Some people continue in their tunnels until the end of their life. Still they must keep that way, because in the last moment they will finish the tunnel of their ego, cut it and find the opening.

We must now be patient to find someone who may be suitable for our path and in whom we can find confidence to follow. He will take us out of our egos. We will move from darkness to light. Beware and take your care to keep your station with that train and then one day, it could be in the morning or in the evening, it can be any time, you can cut it and come to a new life, new vision and a new world. Darkness will finish and you will find the light. But it is necessary that you have the desire in your heart, develop it with your guide and improve it. When your engine reaches the destination, you will also get there.

All masters are moving towards Heavens, through the Seven Heavens. Everyone is different, unseen before.

But first you must the tunnel of your ego. There are 41 different kinds of ways, all of them help us to cut the tunnel of our egos. When you reach out of that tunnel you will find that there are no more bad desires remaining with you. You will be pure. That moment you will taste the sweetness of lights, the sweetness of mercy, the sweetness of beauty, the sweetness of love, the sweetness of knowledge, the sweetness of wisdom, the sweetness of willpower and the sweetness of perfection. Until then you must be patient and you must follow. You mustn't say, "Oh, how long do I have to follow without seeing anything?" No, the tunnel is according to your ego long or short. May Allah grant you to reach your Heavenly Stations. You will be happy, absolutely happy .

*Q: "Is there an exercise by which you could get rid of the tunnel of the ego?"*

That is part of your life. The moment you come together with your guide, he will give you, just like a doctor gives you a prescription, the training necessary for you and your personality will be given. That is a secret between you and your guide. It could be suitable only for you and not for others.

*Q: "It is very difficult for us in the West to find that master. Or maybe the problem is to know which small steps we can take. The example of the rich young man is a frightening one because his intentions were wonderful, but when he was asked just to do that one thing, he couldn't do it."*

Jesus Christ said, and we are saying the same thing, "Follow me!" Even if we can only follow him with our eyes and wish to see him, he is able to lift us up. It is enough to even ask to have that one desire, to move up. The first is to look and to ask and say, "Oh, my Lord, give way and carry me from earth to heavens. And He will send something to send you up. There are also Divine Rockets...

## A Snake cannot be Pacified by Mercy

Jesus Christ* will not come like he came the last time. He will come to kill the dragon because the world is now full of evil. The first time he came he showed his mercy, with the result that people came against him, wanting to kill him. This time his mission is to correct everything. You may pacify a cat by stroking him, but not a snake!

**As-Siratu l-Mustaqim**

---

If they keep straight, Allah (swt) will correct their situation. If they do not keep straight, He (swt) will take revenge.

"Istaqimu"/keep straight the Prophet (saws) used to say. He was indicating to them to keep straight lines. Istiqamat. If there is no istiqamat/straightness there is no righteousness for anyone, never! There must be Istiqama/straightness "Fastaqim Kama Umirta" (11:112) Jalla Jalaluhu addressing the Prophet (saws): "So be straight as you have been commanded"(11:112)"Surat Hud made me gray" said the Prophet (saws). From the glory of the addressing, the holy verse from Surat Hud "Fastaqim Kama Umirta" (11:112) The earths & the heavens all of them tremble from this addressing.

Be straight Allah (swt) will correct your situation. If there is no straightness, never! May Allah (swt) protect us. Fatiha.

S.N.: Thank you for the news from Heavens, thank you.
Bismillah Al Rahman Al Rahim. Therefore Allah (swt) Jalla Jalalahu says.... "The Way of those on whom You have bestowed Your Grace. Not the way of those who earn Your anger nor of those who go astray."(1:7) Istiqamat. Our Lord wants a straight man in order to guide him. If he is not straight shaytan is guiding him. Istaqimu! Stand straight! Rasul Allah (saws) used to say. He used to address the sahabas to keep straight, it is the biggest miracle Rajulun Mustaqim/ a straight man it is the highest honour for them in this world & in the Hereafter. It is enough for all the worlds. Fatiha.

"Guide us to the Straight Way." (1:6) 40 times in 40 rakaats we recite "Ahdina As-Sirata Al-Mustaqima" (1:6) "Sirata Al-Ladhina An`amta Alayhim Ghayr al Maghdub Alayhim Wala Ad-Dallina"(1:7) Allahu Ya Rabbi.... What can we do, we are weak. Bismillahi Al Rahman Al Rahim "Ar-Rahman Ar-Rahim, Maliki Yawmi Ad-Dini"(1:3-4) "Iyaka Na`budu Wa Iyaka Nasta`inu" (1:5) "Ahdina As-Sirata Al-Mustaqima" (1:6) "Sirata Al-Ladhina An`amta Alayhim Ghayr al Maghdub Alayhim Wala Ad-Dallina"(1:7) Amin, amin. Istaqimu!

The highest miracle for the servant is to be straight. The biggest honour in this world & in the Hereafter is for whomever keeps straightness in all his matters, of this world or the Hereafter. Allahu Akbar! Istiqamat wa Astaqim/ Straightness & keep straightness. Be straight, it is enough. The ones who are not straight, are unbelievers. It pulls them towards unbelief & being lost, if there is no Istiqama.

May Allah (swt) protect us, protect us O Lord... We cannot do anything. If we recite 40 times "Nasta`inu Billah/ We ask help from Allah(swt), we will be from the straight ones. "Ahdina As-Sirata Al-Mustaqima" (1:6) "The Way of those on whom You have bestowed Your Grace. Not the way of those who earn Your anger nor of those who go astray."(1:7) "Guide us to the Straight Way."(1:6) This is a teaching to ask our Lord to be from the mustaqimin/straight ones.

There is no Istiqama/straightness in our days now. We have washed our hands from Istiqama/straightness and we placed our hands in everything that is impure. A straight man is free from every impurity from the physical & spiritual, of this world & the other. "Verily the polytheists are impure." (9:28) The polytheist, the ones who are not straight; it means that they are polytheist. Because he places himself in partnerhip to the orders of Allah (awj) by following his own personal orders and this makes him place himself in partnership to Allah (swt). Hasha!

La Ilah illa Allah La Sharika La Lahu Al Mulku Wa Lahu Al Hamd, Wa Huwa 'ala Kulli Shay'in Qadir. Protect us & forgive us & have mercy on us, if they believe in one God and are Muslims. Ya Rabbi as You like & accept from us Ya Rabbi.

Fatiha.

Wenn sie aufrecht bleiben, wird Allah (swt) ihre Situation zurechtrücken. Wenn sie nicht aufrecht bleiben, wird Er (swt) Rache nehmen. "Istaqimu" - bleibt aufrecht, pflegte der Prophet (saws) zu sagen. Er wies sie darauf hin, gerade Reihen zu bewahren. Istiqamat. Wenn es keine Istiqamat - Geradheit, gibt, gibt es für niemanden Rechtschaffenheit, niemals! Es muß Istiqamat - Geradheit - geben. "Fastaqim Kama Umirta" (11:112), sagte Jalla Jalaluhu zum Propheten (saws). 'So seid aufrecht, wie euch befohlen wurde' (11:112). Sure Hud ließ mich grau werden, sagte der Prophet (saws). Von der Glorie dieser Ansprache, der heiligen Verse von Sure Hud "Fastaqim Kama Umirta" (11:112), erzittern alle Erden und Himmel, von dieser Ansprache. Seid aufrecht und Allah (swt) wird euere Situation zurechtrücken. Wenn es keine Geradheit gibt, niemals! Möge Allah (swt) uns schützen. Fatiha. SN: Danke für die Neuigkeiten von den Himmeln, danke.

M: Bismillahi r-Rahmani r-Rahim. Deshalb sagt Allah (swt) Jalla Jalalahu: '..den Weg derer, denen Du Gnade erwiesen hast, und nicht derer, die Deinen Zorn erregt haben, und nicht der Irregehenden' (1:7). Istiqamat. Unser Herr will einen geraden Menschen, um ihn zu führen. Wenn er nicht gerade ist, führt ihn Shaytan. Istaqimu! Steht aufrecht! pflegte Rasulullah (saws) zu sagen. Er pflegte die Sahaba anzusprechen, Aufrichtigkeit zu wahren. Es ist das größte Wunder. Rajulun Mustaqim, ein aufrechter Mann, ist die höchste Ehre für sie auf dieser Welt und im Jenseits. Es ist genug für alle Welten. Fatiha. 'Führe uns auf den Geraden Weg' (1:6). 40x in 40 Rakats rezitieren wir "Ihdina s-Sirata l-Mustaqima" (1:6). "Sirata l-Ladhina An`amta Alayhim Ghayri l-Maghdubi Alayhim wa la d-Dalina" (1:7). Allahu ya Rabbi... Was können wir tun, wir sind schwach. Bismillahi r-Rahmani r-Rahim. "Ar-Rahmani r-Rahim, Maliki Yawmi d-Dini" (1:3-4). "Iyaka Na`budu wa Iyaka Nasta`inu" (1:5). "Ihdina s-Sirata l-Mustaqima" (1:6). "Sirata l-Ladhina An`amta Alayhim Ghayri l-Maghdubi Alayhim wala d-Dallina" (1:7) Amin, Amin.. Istaqimu!

Das größte Wunder für den Diener ist es, gerade zu sein. Die größte Ehre in dieser Welt und im Jenseits ist für wen auch immer, der aufrecht bleibt in allen Dingen dieser Welt und des Jenseits.

Allahu Akbar! Istiqamat wa Astaqim - Geradheit und das Bewahren der Geradheit. Seid aufrecht, es ist genug. Diejenigen, die nicht aufrecht sind, sind Ungläubige. Es zieht sie zum Unglauben und zum Verlust, wenn es kein Istiqama gibt. Möge Allah (swt) uns schützen.

Schütze uns, o Herr. Wir können nichts tun. Wenn wir 40x rezitieren "Nasta`inu Billah" - Wir bitten um Hilfe von Allah (swt), werden wir zu den Aufrechten gehören. "Ihdina s-Sirata l-Mustaqima" (1:6). Der Weg jener, denen Du Gnade erwiesen hast, nicht derer, die Deinen Zorn erregt haben, und nicht der Irregehenden' (1:7). 'Führe uns auf den Geraden Weg' (1:6). Das ist eine Lehre: Unser Herr fordert uns auf, zu den Mustaqimin, den Aufrechten, zu gehören.

Es gibt keine Istiqama, Aufrichtigkeit jetzt in unseren Tagen. Wir haben unsere Hände gewaschen von Istiqama, Geradheit, und sie in alles gesteckt, was unrein ist. Ein aufrechter Mensch ist frei von jeder Unreinheit im Physischen und Geistigen dieser Welt und der anderen.

'Die Götzendiener sind fürwahr unrein' (9:28). Die Götzendiener, diejenigen, die nicht aufrecht sind, das heißt, daß sie Götzendiener sind, weil sie sich selbst in Partnerschaft zu den Befehlen Allahs (awj) plaziert, indem sie ihren eigenen persönlichen Befehlen folgen, und das führt dazu, daß sie sich selbst in Partnerschaft mit Allah (swt) setzen. Hasha! La ilaha illa Allah, La Sharika La Lahu l-Mulku wa Lahu l-Hamd wa Huwa `ala Kulli Shay'in Qadir. Schütze uns und vergib uns und sei gnädig mit uns, wenn sie an einen Gott glauben und Muslime sind. Ya Rabbi, wie Du willst, und nimm von uns an, ya Rabbi. Fatiha.

## Do You Think Anyone Can be Associated with Allah's Greatness?

(Mawlana Shaykh makes dhikr.) Hay, Hay, Hay, Hay, Hay, Hay, Hay, Haay, Haaaaay, Haaay, Haaay, Haaaaay, Haaaay, Haaaaay. Huuuuu, Huuuuu, Huuuuu, Huuuu, Huuuuuuu

As-salaamu `alaykum! Alfu salaat, alfu salaam ala Sayyidi 'l-awwaleen wa'l-akhireen Sayyidina Muhammad. (Mawlana Shaykh stands and sits.) Allahu akbar, Allahu Akbar, Allahu akbar laa ilaaha illa-Llah, Allahu akbar wa lillahi'l-hamd. Allahu akbar al-akbar.

As-salaamu `alaykum attenders who are hearing; some of them we are seeing, some of them we can't see. Today is the last Friday of the holy month, Mawlidu 'n-Nabi (s), and just we have been appointed for addressing to all nations from east to west, from north to south, everywhere. Now we are hearing and this declaration is for all nations.

O People! Attenders who are giving time for hearing something for the coming events, the coming days, and the coming Judgment Day. We are saying, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi'r-Rahmaani'r-Raheem. That is the sign of believers and big adab for Muslims, to begin with bismillahi'r-Rahmaani'r-Raheem.

O People! Through east and west hear, listen, and obey. We are saying, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi'r-Rahmaani'r-Raheem, a sign of believers in their Lord, Almighty Allah, and His most beloved one, Sayyidu 'r-rusulu 'l-Kiraam, Master of the prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.)

O People! The Seal of Prophets (s) was the first Creation whom Allah Almighty created from His Divinely Lights, our beloved Prophet (s). He is the most glorified one on Earth, and in the heavens also! He was in his Lord's Divinely Presence before anything was in existence. Allah Almighty was addressing. Allah Almighty is not deaf or dumb, haasha (impossible!); Allah Almighty speaks from His Divinely Attribute.

Madad yaa Sultaanu'l-Anbiya, madad yaa Sultaanu 'l-Awliyaa, who is responsible for everything on this planet now.

Allah Almighty has countless universes, countless. He is the Creator, no one knows when the Creation came into existence, no one knows. We know that Allah Almighty has Divinely Attributes that only belong to Him, and one of it is to create. He is creating. When did He begin to create?

O Salafi `ulamas! Once again we are addressing to you because you are claiming that you know and understand everything. And we are asking from you, when did Allah Almighty begin to create? Do you know the time? Allah Almighty is timeless, no time for Him and no makaan, space, from pre-Eternal up to Eternal! No one can know, it is impossible! He is only One, la shareeka la, "He has no partner!"

O Salafi `ulamas! You are accusing others so many times of committing, shirk, shirk, shirk (polytheism), but who can be shareek (partner/associate) for Creator? That is very wrong and ugly claiming, yes. Who can be shareek (partner) for Allah (swt)? How can that be? No shareek, no partner for Allah (swt)! But Mankind is sometimes passing over his limits and claiming this and that, thinking that he is going to be second of the Lord of Heavens. Astaghfirullah! No prophet said such a thing, nor any of their followers and believers claimed that. But Salafi `ulamas always say, shirk, shirk. If a person is turning his face to the holy graveyard of the Seal of Prophets (s), you are saying, shirk, shirk. How can it be shirk? Why you are saying, this, if a person turning his face to Seal of Prophet's tomb and making du`a, “You are making shirk”? Why you are not saying, (the same) for the one who is turning his face to the Holy Ka`aba and making du`a there? Is that shirk also? But those people are never given an atom of wisdom! Yes, sir. Allah Almighty has no partner

because no one is with Him when He was First, and no one is with Him when He is Last. Azaliyun, Abadiyun (The Eternal, The Everlasting). How can it be?

But those people who are claiming to be Salafi `ulamas always say, “That is shirk.” (We say) come and teach people something that they will take benefit from their Creator! Why are you continuously accusing people of making shirk? Leave that! That is not heavenly knowledge! What are you saying for Creation? Allah Almighty is Creator and He was Creator from pre-Eternal up to Eternal also. What do you think that Divinely Attribute is, as a badge, laqab ad-dunya (titles of this life)? Allah Almighty has a badge that He is Creator? What is that foolishness? When Allah is in existence His Divinely Attributes are with Him. He was the Creator from pre-Eternal. Where are they? Don't ask! You can't reach to surrounding of His Creation, His creatures.

(And those `ulama are asking,) "Why you are saying, this, for what reason?" There is some reason. People think that Allah Almighty only has one world and He is waiting now for the Last Day, and He is ordering to Isra’fil (a) to blow the trumpet and to collect people and give His judgment. Waiting? We are waiting, He is not waiting! For what is He should wait?!! He is the Creator of countless territories through countless Power Oceans in which Creation is running. When Prophet (s) was in the Night Journey, Sayyidina Gabriel (a) brought the Seal of Prophets (s) to a point of honor where no one else can stand, and showed him a parade coming from one side, all with armored armies passing in front of the Seal of Prophet (s) and giving salute, and passing.

And the Seal of Prophets (s) asked, "O Archangel Gabriel (a), who are they? From where are they coming and to where are they going?"

(And Gabriel answers,) "O the most beloved, most glorified one, I am here fifty-thousand years, standing and looking, yet I am not understanding their beginning or ending. They are running in such a way that if we are looking we may fall down, faint. From where they are coming, and to where they are going, I never know this.”

That is an explanation, as a small example, to make people to know the Greatness of the Lord of Creation. He is the Creator! Yet those armies that are standing on the honor point of the Seal of Prophets (s) are giving salutes and passing. All of them are dressed in such an armor that no one can see. They are like lightening, making salutes and passing. Allahu akbar, Allahu akbar.

O People! Try to learn something (of value), not something that is useless. Useless is for this dirty world, dirty life. Make your life clean, and clean your body, clean your head (mind), clean your heart, so that something from heavenly realities may come to you for understanding according to your position. Allahu Akbar, Allahu akbar. But people are wasting the chance that they have been granted from heavens; that grant we are losing. They are wasting through their short lifetime, and as they are coming from dust and going to be dust. That is the biggest shame for Mankind that they are not trying to understand! They are trying to look into big telescopes to look at the stars at night. They are so keenly looking and what they are finding they are giving a name also, alpha not reaching to beta. Alpha is the first letter of the Greek language, Greek writing yet they are on Alpha 6, Alpha 9, giving names like that, and they are not knowing anything, only a spot of light coming and closing.

O People! We were never ordered to look into space and to say something according to our mind's production, “This is that, that is this.” Instead of spending or wasting your effort and capability, using your mind-production for nothing, look (and learn) about their Creator. Ask about their Creator, what is opened to you. But people are never looking at that. They are making the gigantic Hubble Telescope, and it is only like a matchstick. Leave that and look into the holy books, what are they saying, and open it!

O Salafi `ulamas! Look and say to be people about the greatness of Allah Almighty! (Mawlana Shaykh stands.) Allahu Akbar, Allahu akbar wa lillahi'l-hamd. (Mawlana Shaykh sits.) Don't run after something that is useless for you and for others! Leave that (condemning of others, saying) shirk, shirk, because there is no partner! Make it clear to people to understand the greatness of the Lord of Heavens! That is important. If going to be a partner, must have another space and he may write on it, “My kingdom.” Why are you not saying such a thing to wake up people? Enough for them to look at this dirty life and waste their abilities, and capabilities for nothing. They are coming dirty and going dirty. Coming with one dirtiness and going with a thousand-fold more dirt. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyi 'l-`Adheem.

O People! Among all nations, leave that research on this nature. Turn your faces to that One Who created that nature, that planet, that space. Who is He? According to holy books you may understand and when you are using your mind-productions, if you are using your mentality, you will open slowly. I am sorry, so many times we are addressing Salafi `ulamas. How can you be `ulamas if you are not teaching people such realities? How

can you be `ulamas? If you are `ulamas then say to people, to make their hearts be in satisfaction and to slowly reach to heavenly positions! You are not speaking against the Big Bang Theory; you are accepting that universities are teaching about the beginning of this universe, and finally they are coming and making such a huge universe. It is impossible with our capability or capacity! From where the universe is beginning and ending? And finally they are bringing those ignorant, jaahil people, saying, “The beginning of this universe began from one atom."

They are teaching that theory in universities in Saudi Arabia. The Salafi `ulamas are never opening their mouths to say that this is baatil, falsehood, from imagination, no reality, but they are putting it in their books to be taught to students! If you are bringing holy books in the universities, they are saying, "We are not accepting to teach or to be taught to people." Yes, why are they not saying? Where is their al-amr bi 'l-ma`ruf wa 'n-nahiy `ani 'l-munkar, "ordaining good and forbidding evil"? Where is there program for that? But they claim, "If you are saying, as-salaamu `alayka yaa Rasoolullah, that is shirk." Ants are laughing and cursing at them, saying, "That is not a full-mind person." Because there is one night weekly, Friday night, Laylat al-Jumu`ah, there is one hour that all creatures, even ants, are making their hands up towards `Arsh, the Holy Throne of the Lord of Heavens, but Man is not doing that! Why are you not teaching people?! That is a secret knowledge. Don't say. "That one is speaking." No, I am nothing, but every creature is making their hands like this (in prayer) towards the Holy Throne and we are quarreling for this dirty world.

May Allah (swt) forgive us, and send us for the honor of the Seal of Prophets (s). Enough, it is an ocean, we can't finish it, not up to end of this day, next year, up to end of the world, we can't finish. What is coming is waaridaat (heavenly inspirations, signals), very, very small. If that small one opening, they are going to be ghaariq (drowned).

May Allah (swt) forgives us. As-salaamu `alaykum!

Fatihah.

## Association

Once our Grandsheikh addressed me, saying; ”Oh Nazim Effendi, I want to speak to you on a very serious point for which you and all seekers must take the greatest care. Don’t worship your ego as a god beside Allah Almighty. You must be most careful, as this kind of polytheism is the kind you may be engaging in without even knowing it. Ego-worship is the most dangerous deviation from pure faith: hidden idolatry.”
All Prophets have spoken out strongly against such foolish notions in religions, against any kind of polytheism. But there is a kind of polytheism that is secret, not so easily detectable. And in reality, so many men are worshipping a god other than God Almighty without even knowing it. Even those who claim to worship only Him Alone usually persist in the worship of this secret idol in themselves And who or what is claiming to be a partner to Allah Almighty? - none other, of course, than our ego.

Your ego approaches you and says; “I am the Partner. Whether you like it or not I am the idol you worship, beside Allah. If you insist on worshipping Allah and claim that He is your Lord, and I cannot dissuade you from that folly, then at least you must recognise me as your second Lord and you will endeavour to please me too If you strive to be an obedient servant of you r Lord, you must also strive to be my servant; if you are obeying your Lord you must sometimes also obey me....
Grandsheikh warned us also that this ego–god is never really going to be satisfied with being number two. “No” it says, “I am first, second and third.. Worship none but me.” But when it perceives resistance it make a

sly calculation and says; “Alright, He is first, I am second,“ knowing that this is his chance to place himself in a position to sabotage our faith and eventually stage its coup.

Therefore our task is to dethrone the partner; and all of the prophets were sent to mankind in order to teach them how to go about that task. We are in need of training at the hand of someone who can be firm in the face of his ego’s demands, who, beyond that, has tamed his ego so that it never demands undue attention or pampering. Until you have reached that point you must be aware that you are a secret idolater, and so, your heart will be locked up and cut off from the blessings of Divine Knowledge.

By being in the company of a man who has, firstly, realised what a deadly game the ego plays, and secondly, rid himself of its domination, the seeker of truth may arrive at his goal. Therefore, the Seal of Prophets, Muhammad, peace be upon him, taught his companions, above all else, by taking them as his companions, by entering them into association with him.

Accordingly, the inheritors of the Prophet, the Naqshbandi Masters, stress the importance of “Sohbet,” association, with the sheikh, as the essential pillar in the training of seekers. Shah Naqshband, the illustrious imam of the line of masters we follow, the imam after whom the path is named and without whom there would be no Naqshbandiyya, always used to repeat in his assemblies; “Our Way is sohbet, association, and all good things result from congregation.” He furthermore stated that if anyone attended an assembly of this Way even for five or ten minutes, he would derive such immense spiritual benefit from that brief encounter as to outweigh the benefits that would be gained by seven years of supererogatory worship. That is the power of the assembly of the inheritors of the Prophet, and augmenting that power is the unanimity of the participants in that meeting, the joining of hearts in sincerity with the heart of the sheikh. In such a meeting such a power descends on the hearts of the participants that even the deep roots of hidden idolatry, of ego-worship, can be pulled out. You may observe that with every association the ego’s power is further undermined.

Our Grandsheikh explained that without association it is very difficult to catch the ego out in its game, to identify its tricks and escape from its clutches. We are in need of a guide to show us which paths lead over cliffs, as it is particularly those paths that our ego likes to point to, putting up very authoritative looking signs saying “Thru – way,” or “Short cut “ .... But when you are associating with the Sheikh, the ego and its doings

are quickly identified and become manifest. The ego's disguise is snatched off of it so that there, in front of you its stands, naked and exposed. Then you are surprised and exclaim "That is non other than my ego! ..... " In this manner association with the sheikh may help you to perceive your faults, and then, if you can take up the thread and work on those bad characteristics, improving yourself through applied effort, then you will undergo rapid improvement.

Another important point to understand is that whenever any group of our brothers or sisters meet for the sake of Allah Almighty, unanimously joining their hearts with the Masters of this Way, that meeting will attain to the level of an association with the kind of beneficial effects just described. Don't make the mistake of thinking that the only beneficial meeting is the one where the Sheikh is physically in attendance. When our brothers or sisters meet, one of them must be the channel for inspiration to come from the Sheikh; one must speak and the others listen; one must take from the Sheikh and the others through him from the Sheikh. The Naqshbandi Way is the Sufi path adhering most closely to the practices of the Holy Prophet, and association in this manner was his way and the way of his companions, as he always appointed a leader to preside in his absence. Yes, one must speak and the others must listen, this way all the meetings of our brothers are blessed. If more that one person speaks, or if there are arguments and contention, then there will be no spiritual power in that meeting and hearts will be left cold. Therefore if we indicate that one of our bothers should make association in any meeting, you must listen to him. When you listen to him, he will be able to receive the inspirations of our Grandsheikh whose heart is in connection with our Prophet, peace be upon him, whose heart is always with the Lord Almighty. In this manner, Allah Almighty is going to help that person and pour on him from His endless blessings, His endless Mercy, Knowledge, and Favour oceans, so that through his words the attenders of that meeting my be guided towards their destinations.

When a person is asked by the Sheikh to address people anywhere and anytime on the Sheikh's behalf, there may be one-hundred, one–thousand or one-million people listening to that person's address, and everyone of them will be able to take what he is in need of... It is impossible that someone should address a meeting on the Sheikh's behalf without anyone drawing any benefit from that association; on the contrary, everyone will take his share.

**Association to give refreshment to our souls**

Destur, ya Sayyidi, ya Sultanu-l Anbiya, Destur, ya Sayyidi, ya Sultanu-l Awliya, ya Rijalallah, aiduna bi madadikum...Oh Saints, beloved ones, we are asking support from you! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...By the Name of Allah Almighty, all Merciful, most Beneficent and most Magnificent...Allah Allah...

It is an association to give refreshment to our souls and when our souls (are) getting to be refreshed, then our bodies coming to open and a refreshment (is) coming to our physical being. Because (the) physical being depends on our spiritual being, When Allah Almighty created and formed (the) first man, Adam, (that form) was lying as a piece from mud. Its form was perfect, but can’t move, can’t stand up, can't see, can’t hear, can’t touch, can’t walk ... it was like a piece of rock, you may say, or a statue, nothing else. Then Allah Almighty (was) blowing in that one, sending His divinely Order, blowing means: sending His divinely Order that his souls comes and enters, occupies every part of that form, the form of that new creature, beginning from (his) heads, entering, running in it, when running, getting changing. The secret of life (was) running into that mud form, running, coming to his eyes and opening his eyes, beginning to look and to see, running down through his nose and he started to sneeze: “Haptschu!” Quickly running to his mouth, the secret was running through his tongue and it was getting live and his tongue was saying: “Alhamdulillah!” And then coming down, and then standing up. That means: Our physical being never going to be something or a living something, if that heavenly Support is not reaching to ourselves. When it is reaching, then we are standing up, our physical being is standing up. If not, if it is taken from it, falling down, falling down and coming back to his original elements, coming back to be dust. Therefore spirituality (is) making all people to stand up and to live. When spiritual power (is) reaching from the spiritual world, (it is) making you to be a living one on earth.

I was looking and seeing on some roads there are signs ‘Roadworks’. And I was looking there are some lights flashing. That lamps it is impossible to be stopped daytime and to beginning nighttime. They are flashing till what it is its capacity to flash. How many hours, how many days it must flash. No renewment that, must continue till finishing. And they are different sizes, different time just given for that lamps and can’t be stopped. When finishing, no renewment, you can’t put in it, you can’t use it second time, you must throw it.

You, oh mankind, everyone we have been granted that power and it is written on it that this should be worked, should be flashed three days, three months, three years, thirty years, fifty years, eighty years, ninety years...written on it. No one can stop it, no one renews it, no. Now our flash power, spiritual power according to divinely Wisdom or Will it is just given, granted to this to that, it continues, but you must know that every breathing is making it less, making your time that we are saying ‘Ajal’, the time of your living on earth, every breathing is making it less, less, less, less...perhaps one billons times flashing for someone, coming down, coming down, finishing, finishing, coming to the point of zero.

Our headquarters (are) warning people, warning every proud one that they are thinking they can do everything with their powers as they like and, instead to do their best to people, they are trying to do their worst to people, because their ego likes it. And (the) ego belongs to Shaitan and Shaitan has a revenge, it has a desire to make mankind to be down, to be suffered, to be finished, every moment not to be happy, (but) to be always in troubles, to live through endless problems. That is Shaitans main target. Why he asked from Allah Almighty to leave him up to the Day of Resurrection? Why he asked? To give trouble to give sufferings and miseries to mankind. His first aim, that up today never changed, is to make mankind to be ground under two mills stones, not to live freely and happily and peacefully. That is Shaitans first and last will. And Allah Almighty (was) saying: “Go. If you can do that, do everything. If mankind, if (the) children of Adam (are) not hearing My Orders and (they are) following you, just that is going to be (the) punishment for them. Because they are leaving My heavenly Orders and (they are) asking to follow you, I am saying (that) I am going to punish them here and Hereafter. Go!” Who was representative of Shaitan through a person? Ego! Your ego (is) representing Shaitan through yourself. If you can be able to use that ego, (the) ego is going to help you to reach higher positions, to make you to reach high levels in divinely Presence. But if you are not using it and leaving your ego to follow shaitanic commands, shaitanic tricks and putting for mankind shaitanic traps, they should be punished.

Don’t say. “Why Allah Almighty is giving us that ego!” The Prophet was saying: “Nafsu kama matiyatuka”: Oh people, (for) who is asking such a foolish question, there is an answer from the Seal of Prophets: “Oh people, you must know that it is your ride to ride on it and to reach to your targets here and Hereafter. For example if I am giving a ride to a person who hasn’t a ride and (who is) carrying his load on his shoulders, he is going to ask me: “Why giving this to me? Why you are giving? I don’t need.” Must be foolish, fully foolish one. “How! It is a grant from me to you, I am granting to you a ride, ride on it and put your load and go on your way. You are getting angry with me? What is that foolishness?” Mostly people (are) saying: “For what ego, nafs? Why giving to us? He knows that nafs, “inna nafsa amaratan bi su”, nafs is from Shaitan, Shaitans representative. Why giving to us? To make ourselves to fall into fire?” Oh, if it is given to you to take your heavy load and to make you to be rest, because you are using rides on earth, but your ego just going to be used for your heavenly Journey. As (the) Prophet was granted a Journey to Heavens and really he is not in need a Buraq to ride on it, but Allah Almighty (is) teaching everyone why; showing people how they should be able to reach heavenly Stations in His divinely Presence. That Buraq just had been sent to Rasulullah sws: “Ride on it and show (the) way to your nation that they can’t come to Me without riding on their horses, on their egos.” When egos (are) going to be rides for ourselves and making us to reach His divinely Presence, the (Presence of the) King of Kings, the Sultan of Sultans, Allah Almighty, (and) you are asking to come into His divinely Presence, just had been said by guardians (to him) who (is) reaching to that limit and he is only to come into divinely Presence- an announcement is coming: “Let My servant come to Me; leave his ride and come to Me.” You ever see a person coming to Kings Palace, to Sultans Palace riding and asking to come into His royal Presence on his ride? What is that! “Leave your ride and come!” That means: that is our ride. We must use it until we are reaching to our appointed level for ourselves in divinely Presence. Then that leaves you and you are free with your Lord Almighty Allah.

But (the) ego, nafs, who (is) representing Shaitan, it is not a true one; there is just a different structure for it. Mans ride, mans ego, it is just 1oo % different from every creature and its characteristic so bad! What is its aim? What was Shaitans aim? When Allah Almighty was ordering to make Sajdah and bow to Adam, everyone from Angels quickly was bowing, (but) he was saying: “I am not (bowing).” What was his purpose? To sit on the royal or glorious Throne and to be instead of his Lord; he was asking to be Lord on all creation. That was his thinking or intention, because that honour just going to be only for one that you are saying

‘Maqamu Mahmoud’(for it). “Maqamu Mahmoud”, Allah Almighty is saying: “(is the) most glorified Throne that anyone from creatures can reach.” But it is only for one, and it is for the Seal of Prophets, (the) most honoured one, S.Muhammad sws. It was so easy for Shaitan to bow, but he was asking to be that most glorified Maqamu Mahmoud and praised station through creation for him, to be there instead of Allah, Astaghfirullah! That was his struggling and arguing with Allah Almighty, not for Sajdah.

He was putting this (as a reason, saying:) “You created that one from earth I am created from the flame of fire”, (but it was) not that; it was so simple, no, (there was something) behind, behind, behind- Awliyas they are knowing. Without opening his mouth it was well known.” ‘Ala ya’lamu ma khalaq?” Allah Almighty (is) not knowing what He created, what that one is asking? No, He knows! Therefore his arguing in front of Angels (was) to save himself, to bring a proof, (when he was saying) that: “I am from the flames of fire, this (one is) from earth.” It is so simple this mentality, no need for arguing. Who (was) asking to him that he is created from flame of fire? Allah was not knowing? He knows! And (that) Adam (was) created from earth. He created him and not knowing? But (his) secret (intention was) that: to be on behalf of Allah Almighty- all Glory be for Him- over all creation! Therefore he was kicked out.

And Shaitan and ego they are on the same line. They are asking, (the) ego (is) asking to be (the) representative of Shaitan. And when Shaitan lost that (honour), because it was not of him, it was for Adam, a. s., he was arguing and beginning to make trouble. When he was beginning to make trouble, (the) divinely Order (was coming): “Kick him down! Kick him down, he can’t speak in My divinely Presence in such a way. Kick him down!” and He was saying: “Demon, devil! Take from him (his beautiful) outlooking that I (was) dressing on him (an) honoured dressing! Take (it) from him and let him to be the ugliest one through My creatures. “ And he was coming down...therefore he was asking to be given to be with mankind up to end, (up to) the Day of Resurrection. For what? To take his revenge from mankind through their egos, using egos of mankind and he is doing every time troubles. (The) first trouble maker up to end is Shaitan, and his representatives.

Now fully whole earth people on this planet, all of them (are) trouble makers! “I am not making trouble.” I am asking: “Are you praying?” “No.” “You are first one trouble maker. Your line Shaitans line because he had been ordered to bow and not moving- you also, five times Allah Almighty is ordering to you to bow in His divinely Presence and you are not doing- you are one of that trouble makers under the command of Shaitan

and you (are) never going to be happy here or Hereafter! Now everyone, through 21st century's people everyone (is a) trouble maker- how you are asking to be peace on earth with such foolish inhabitants? How! And everyone on their size (they are) trouble makers- from king size ones up to ant size ones, everyone (is) making trouble, to harm people, to give to people sorrow. Sorrow makers and trouble makers and they are wild people, horrible people, they are happy to hurt people, to kill people, to destroy people and their buildings, to destroy their cultures, to destroy their homes, to destroy their villages, to destroy their buildings- all of them (are) Shaitans representatives. Everyone now (they are) trouble makers!

Therefore everyone must be taken away! That divinely Order is just on act now; from the beginning of 1425 (it is) going on now. Impossible (to be) peace, until coming Mehdi a.s., (until) one of (the) biggest representatives of Shaitan, Antichrist, (is) coming and Jesus Christ (is) coming and killing that biggest trouble maker after Shaitan, and then peace is established on earth, if not finished this earth.

Keep yourself away from those Shaitans representatives, let them to eat each other! As long as they are not hearing from Allah Almighty let them to kill each other, to destroy each other! Never ending troubles and sufferings for them it is true for them!

May Allah forgive us and may He send us what you are hoping, (the) hoped one Mehdi a.s., to come quickly and to save even one handful believers. And it is enough even to stay on earth a handful believers and good ones. As just rode on (the) Arch of Noah 8o people and others all drowned, finished. Allah (was) giving (a) new generation from 8o people. Now it is going to be much more remaining people, but (the) majority should be drowned, should be burned, should be destroyed. No any system, no any state or states can stop it! It is a divinely Punishment of cause that earth people now they are making their leaders Shaitan and following him. As long as they are not changing their way, all of them (are) going to fall in Hells here and Hereafter:

May Allah forgive us and grant you from His endless Mercy Oceans, for the honour of the most honoured one in His divinely Presence S.Muhammad sws, Fatiha.

## This Association is a Fortress Against Shaytan

Dastoor. (Mawlana Shaykh stands.) Dastoor.
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah!

O our Lord, You are our Lord! Give much more glory, honor, and praisings for the honor of the Creation, Sayyidina Muhammad (s). Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. (Mawlana Shaykh sits.)

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Thumma salaam to the responsible one for this dunya who is arranging everything on it on behalf of the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.) Madad, yaa Sultanu 'l-Awliya.

Then, as-salaamu `alaykum our attenders. Do you think that Shaytan and its followers are attending what we are saying more than you? Because they are not knowing what I am going to speak, and I don't know also which thing I am going to say. But it is a blame for Muslims that they are not giving any importance or giving a short time in 24 hours to hear something that should be for them good here and Hereafter!

This is a holy meeting and therefore, Shaytan is just kicked out! But yet, from far away it is going to hear something. That something, it may use it on a wrong way for cheating people. As long as he is hearing this association from people, at least Shaytan is trying to make their numbers slowly to come down, to come down. What does it mean? That means that this bombarding is a heavenly bombarding! It is bombarding for the fortress of Shaytan or shaytanic fortresses. If not, Shaytan is not taking so much care. And it has such extraordinary instruments, but its instruments are not like our instruments, no! But it has such exceptions, subhaanAllah, not to use such things, no. Because that is teaching people, it is not using such a thing.

In a moment, it may run from west to east or from east to west or from north to south, and its aim--I am saying "it,", I am not saying "he," no, to make it down to the level of animals. Its aim is to make everything according to its mentality and asking to change realities and to change true ones, to make everything as it was. Changing and giving to people in such a way that they should be astonished. Showing something and giving another understanding! There are people astonishing. No, Truth is one, there can't be a contrary for truth. Truth is one, and Reality is one because the Lord of Heavens is One! And He is asking to examine or to try His servants' beliefs.

O `ulamas of Salafi! What does it mean? O Ansari `ulamas! What does it mean? O Shi`a `ulamas! What does it mean when you are reciting:

Wa lanabluwannakum bishay`in mina al-khawfi wa al-ju`i wa qaqsin mina al-'amwli wa al-'anfusi wa ath-thamarati wa bashshiri as-saabireen.

Be sure we shall test you with something of fear and hunger, some loss in goods or lives or the fruits (of your toil), but give glad tidings to the saabireen, those who patiently persevere. (2:155)

What are you saying when you are reciting this holy verse? What does it mean? What does it mean for the Seal of Prophets, or what does it mean for the inheritors of the Seal of Prophets (s), or what does it mean for learned people? “... hear to me and listen to me and learn through My holy verses. That is an opening I am granting to your Prophet (s). O People! Don't be in doubt, but qatee`an, certainly I am going to try you, or test you, or examine you.” Yes, and that heavenly addressing is never stopping. That means in our lives, every moment we have a test.

To prepare Mankind, our youngsters who are reaching the age of responsibility must know that every moment we are entering is a new test. Shaytan is saying, "Don't believe, it can't be." Ptuu! (spit) That is Shaytan's words. I am making Shaytan's words under my feet!!! Why is Allah Almighty swearing and saying, "No doubt. I am going to test you every moment, and every breath I may make a new test?" SubhaanAllah! Allah Almighty's words are oceans and oceans! But we are like a small fish opening its mouth, running and showing, "O people, I am running to drink the whole ocean!" and its mouth may only be a centimeter. Or like a whale, it may be as big as this room, but that is teaching people, "I am running for that whole ocean to be for me, and I have been honored to be an ocean!" Yes.

And Allah Almighty is making that test for what? To give a new understanding, and to make His servants prepared every moment for a new test. Therefore, for everyone that is passing a test, there is an honor. Therefore, the Lord of Heavens is testing His servants. For what? And that is a real point that we are understanding according to heavenly explanations. When Allah Almighty says things, is it easiness or hardness? Khayrihi wa sharrihi min Allah. "Destiny, good and bad, is from Allah." (An article of faith.) We have been ordered to believe everything is from Allah Almighty, but it is a simple understanding that Allah Almighty put a pillar of our faith that we must believe, khayrihi wa sharrihi min Allah. "Destiny, good and bad, is from Allah." That is coming now for a new understanding, Khayrihi wa sharrihi min Allah. What does that mean? Wa lanabluwan nakum bishay`, “I am going to test you and I am making an oath on My Greatness that I created you and landed you on this planet, and I am going to reward you!”

O `ulamas of Salafi! O Ansari `ulamas! O Shi`a `ulamas! So many titles. Do you teach common people that holy verse? I never heard if you are teaching, “O people, you are giving your oath and everything happening for this life is a test from our Lord, from our Creator,” then they should be happy. Happy and no more shakwa, complaining. Just today I heard, for example, in Egypt thousands and thousands of people are running in the streets and shouting, “Hundreds of dollars are too small an amount, we can't live with a hundred dollars!" That is wrong! Why are they saying this? Why are their `ulamas not saying to them, "Do you think Sahaabah (r), Companions of the Prophet (s) had a hundred dollars monthly?" Why are they not teaching that the Sahaabah (r) were sadiqeen was-saabireen, trustworthy people, thankful people, and patient ones? Even if they found one date daily, they were so happy, saying, “We found one date and we have something to drink, alhamdulillah." And even when they were not finding, they were putting stones on their

stomachs to relieve the bitterness of hunger.

(... ) So many people are asking to reach that honor, but they are saying, “No, we are asking to reach dunya.” If you are asking dunya, no dunya for you! The best teacher for all nations was the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

Then people coming from Pakistan, Afghanistan, or from Hindustan, or from "Arabistan" (Arab countries)--people are running from east to west, from west to east, for what? What are they asking for? To reach (food and eating). They may reach to ten dollars, if going to America they may reach ten dollars. Or some people running to Australia or Arabistan, forgetting their real honor that Allah Almighty granted to them, but they are not thinking because they have been left without heavenly knowledge.

Our doctors of Shari`ah, and Shi`a doctors everywhere are running after dunya to reach some high ranks. No, leave that, to show that Allah Almighty is testing you in every moment to reach goodness or badness, to teach khayrihi wa sharrihi min Allah. And you must say, “We are poor ones. Yaa Rabbee! You have honored us to create us!" ( .... audio cut...) Blame on those people! Allah Almighty is never going to be happy about it.

O People! Ask forgiveness and try to reach real obediency. O Holiness of Christians! O Holiness the Pope! You must teach people. O `ulamas of Egypt! You must teach people for such a point. O Rabbis! Don't fight for lands. O Palestine people! Don't fight for lands. O Iranian scholars! Teach people not to fight for Earth, but they must be for Allah Almighty! They must try to be always for Allah. That is the best, as it makes our Lord happy with us and pleased with us and to be in enjoyment with us, and He grants to you happiness and pleasure and everything you can ask!

O our Lord! Be pleased with us and send us someone to teach us good manners that are suitable for servanthood, for the honor of the most beloved one, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.)

Fatihah. Ameen, ameen , ameen.

(42 minutes) Today a little bit more.

How many people there? (632, Sayyidee) Getting up. It is true, it is true. Shaykh Hisham Effendi?

(Mawlana Shaykh speaks with Shaykh Hisham on the phone.)

**Association is like a market**

(Last day of Sheikh Adnan's visit)

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...No one clever one here to understand before I am speaking? ... (So) I may be rest?...Tauba, Astaghfirullah... Subhana man khalaqa sawa, wa shakka, wa sawa, sayyan...Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded, ya Rijalallah...

It is an association. It is like a market. May be mini-market, may be supermarket, maybe mega market, may be hypermarket- our market (is a) mini-market, poor people's market that they may reach to buy up to 5 Dollar or more, 1o Euro... (They are) coming, asking to buy something (for) may be 2o Euro, (and they are) saying: "Ten (Euro) write it down, 1o I am paying (now)"..."What we shall do- it is our customer, we must try to keep him"...

(This is a) mini-market, but it has a special position...This is a group of people, (a) handful (of) people, but it is a different group. Because you may find is some places to be there only one kind of people- from Turks or from Arabs or from French or from Greeks- this (market) is just different from other mini-markets, because here you can find perhaps (only) 4o people, but from 3o different countries, different nations, different languages, different cultures! Yes, it is small, but it is like Senate- from every kind of man may come here. That is the different position for our mini-market. And that is its speciality; it is not from me, but it belongs to heavenly sources that everyone may be interested in heavenly springs, to drink from it or to wash himself.

Here people are coming, (and) they are asking (to find) something. It is really difficult in our days to make a collection, to make people to come without asking them to come, and you can't find people (who are ready) to pay a lot of money to come and visit this place, (that) through the bigness of this world it is going to be an

unknown spot. Even (the whole) Cyprus Republic, (the) whole island, through the bigness of (the) huge map of this world, you may see it as a spot; very little place (is) given to it. And on it to find this place, it is so difficult; to look and to find (it) and to ask to come here is an extraordinary happening now on earth! It is impossible to make people to move from Moscow or from California, from Canada, from South Africa, from South America, from Europe, from England, from Japan, from China, from Malaysia, from Australia- to collect them, it is unseen or very rare; you may know, but you can't see...This is an introduction. We are making a way to reality now.

What is the position that it is (an) extra(ordinary) position for this small place and to be here (a) handful of people? Why? Everyone has different cultures, and there are people coming also from Ceylon, from Singapore, from Uzbekistan- why? What is the reason? And I am giving (a kind of) food to them, (that) if someone from other groups of people is coming to look and enter our kitchen, (he is making a disgusted face...). I am saying: "Give soup to that gentleman." He is saying: "I just had." "Give soup!" "I can't..." (he is saying,) because he is looking inside... But our people they are never escaping; they are very happy! If you are making a handful flies in it, making (food), (they are asking): "What is that!" I am saying: "Meat"... Eating... First Pakistan people saying: "Very good." Drinking... "Where they are sleeping?" "Here." Best place, more than prison. Prisons, Allah may make you away from such punishment places... You are free, you are sleeping here, eating (here), but you are free to go up and down.

Only I am angry with someones of our group that they are smoking. If I can catch that one, I am breaking his head, because (they are) smoking and throwing (that cigarette) on ways without thinking. May be a fire! Therefore I don't like anyone smoking here! If I am catching him, second day I am saying (to him): "You must leave! Either you leave smoking or you leave our place." This is a training center to make them to leave bad manners, to leave Kufr, to leave the ways of Shaitan, to kick out shaitanic teachings! This is the center's personality!

We are trying not to leave Shaitan to come in this place, we are asking to run away (from him) and people are fed up from Shaitan and shaitanic traps and tricks, and they are asking to save themselves from satanic traps and tricks! They are going around- they are not coming firstly to me; they are asking something, their feeling through their souls is making them to ask some safe place and clean place to save themselves, because Western countries (they) are not clean countries, no! Everything there (is) against humanity, against our

physical being, everything is against our spiritual being. All European countries, Western countries, including America, Russia, all countries! And our heedless Muslims, heedless Muslim countries are asking to be like them! I am sorry to say this, because our nation (also is) asking to follow them, to be member of that group of people who are making tricks and traps of Shaitan, making advertisement daily to make people to fall in it for their egoistic desires also.

Therefore this is a center against Shaitan, against everything that (is) harming humanity, hurting humanity, destroying humanity, destroying the rights of human nature! Shaitan is playing with people, cheating them, and they are asking to cheat people with which thing? With everything that may give a kind of pleasure to people. But really they are not tasting that pleasure, because a person may understand when his mind is working; (then he) may understand which thing is giving them pleasure or not. When they are drinking, they are loosing their minds, they are never understanding if they reached a pleasure what they are asking, because a drunk person- how he is understanding?

Someone was asking another one: “Sleeping- what is its taste?” And he was answering: “I never tasted the pleasure or taste of sleep, because when I am sleeping, I am knowing nothing. When I am awakening, sleep just left me- therefore I never know if sleeping is giving pleasure to me or not.” (A) drunk person, when he is drinking, his mind just stopped. Out of order minds of drunk people- how they are going to distinguish, if it is pleasure or not? No. Therefore- everything that they are making big advertisement (for) everywhere in Western countries, that is the biggest foolishness and biggest blame for mankind to run after these people. When they are drinking, they are tasting nothing, no, finished!

Therefore Shaitan and shaitanic methods (are) making biggest trouble for heedless mankind, and mankind lost their humanity that humanity it is honour for them, but they are leaving that humanity, (and) falling to the level of animals. That level, mankind level, when you are reaching up from the level of animals’ world, you should find humanity. Humanity is symbolising the perfection of mankind! If a person (is) going to be drunk and making every evil, every dirty thing- do you think that this is giving honour to mankind? Who (is) preventing himself to fall (on) the level of animals, that one is given honour and (it is) dressed on him (the) honour to be from human nature. But under the level of mankind people are (going to be) on the level of animals, either to be like flocks or to be like violent, wild animals.

We are fighting this. (It is a) small group, but our aim is to prevent mankind to be on animals level. We are trying to make them to be fixed and to reach to humanity, that it is honour among creation. No any animal, no any other creature reached that honour! That is our aim. We know that everything (that) belongs to Dunya and its treasures, is not for you, is not for me. No one reached or kept from Dunya something forever for himself. And people are not taking their lessons from Pharaohs- how they carried away the treasures of Dunya under that pyramids. What they reached? And they have been kept, protected as mummies- now, if you are looking to their faces, you can't eat 4o days, you can't sleep also, from such an ugly, and hating face... (you are) running away!

I don't think that anyone- not under pyramids, but if you are bringing that mummy to an ordinary place- I don't think, (even) if anyone was given 1 billion Dollars to him to sleep with him in that room up to morning, he is never accepting...Why? Their physical being is just coming in such an ugly form and its smell is so bad- they are saying: "We don't like it!" Perhaps they may say: "We are dying up to morning to be second to Pharaoh and we are going to leave 1 billon Dollars also..."

Oh people, you must think on it! Enough you are following satanic ways! Enough falling in tricks and traps of Satan! If you like! If you don't like- (there is) coming a windy weather, Taifun, carrying everything, those people. Never remaining on earth such foolish people, who are insisting to follow the ways of Satan. No, time is over!

Therefore these people are coming from different countries, to be ambassadors from here to their people, to their friends, to their families, to their nations. If they are clever ones. If (they are) not- if they can (only) save themselves, it is (also) okay. May Allah forgive us. That is the reason that the pure structure of people is carrying them to such humble but powerful meetings, which are very rare to find in the world, through East and West! May Allah forgive us and send us a powerful shepherd with heavenly powers to carry people (with him), when he is going!

There is a tale about a flute-player- German people are knowing better than me. Once upon a time there were many, many rats in a town in Germany, Hameln. They were terrible creatures; each one, if a hungry person was taking it, frying and eating, it was enough (for him). So fat (rats)- running everywhere... When people were sitting at the table to eat, they were jumping on tables, jumping on the heads of people, on their

shoulders... and (when) one person was taking (something) to eat, one rat was stealing (that food) from him and biting him... They were biting cats also- cats were fearing from these rats!

And then, one day there was coming and passing through that town a strange person with a flute. People were looking: “Who are you?” “I am s strange person, going around.” “How you are living?” “With my flute, I may play with my flute.“ “What is the benefit of your flute?” He was saying: “I have so many kinds of melodies; if I am playing (the flute), all animals may run after me.” “Oh, very good. Look, we are sitting now to eat and you look what is happening to us.” They were making him to sit and putting food to eat, and there were rushing on it so many rats; some of them were biting his ear, some were biting his hand.... he can’t be able to eat. He said: “It is for me to save you from these rats.” “Okay, if you are making this, we should pay you a lot of money to be happy.” “How much you are giving to me? I am asking”- no Euro at that time, perhaps Mark... (but) instead of Mark (also) there were golden coins for (the) Emperor, (the) Empire- “I am asking 1oo golden coins.” And they made a contract that they should give to him 1oo coins. “Okay.” And he was getting out, beginning to play his flute. All rats were running after that person. He was walking and they were running (after him), he was walking, and they were all running, and he entered to the river Rhein and all of them were coming (after him), falling in it and the water was taking them away...

Then he was coming back and asking: “Give me my money!” and the mayor of German people was so stingy, saying: “What we did? 1oo coins? What is that! Your flute is never going to be (worth) more than one coin.” “Look, I just made a contract. I like my payment here now. If not, I know what I am going to do for you!” Subhanallah- they were insisting not to give (that money) and he was saying: “Leave that one coin also for you.” And he was going and playing another melody and all the children were beginning to run after him. And all people were regretting, calling (after him): “Come (and) take your money!” “No! “ He was playing and all small ones were coming after him. Coming to a hill, going there and coming an opening and entering that strange person and all children were coming in it and disappeared...

This is a story that Allah Almighty is asking to collect His servants. He can do everything, but those who must be punished, they should be punished, (for the) others (He is) sending someone to follow him and (He is) saving them. We are looking (for) that one to make this- S.Mehdi a.s. and then Jesus Christ, S.Isa a.s.

For the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

**As You like, oh My Lord...**

As much as you believe in your Sheikh, you may give the reins over to his hands, and so find rest and satisfaction in your heart. As long as you are trying to catch the reins in your own hands, you are carrying a great burden on your shoulders. Sheikhs are the inheritors of the Prophets and are offering to carry your burdens, and you must give your burdens to them. Just put your desires in line with the Sheikh's; that is the way to open your heart to Heavenly Power. Then you may see or hear or know something which you cannot know now.

So many Murids have high spiritual aspiration, Himma, and they say: "Oh my Sheikh, I am asking for Himma in order that my soul may be activated." The Sheikh replies: “Oh my Murid, I am asking service from you, Khidma. You must be like me. When you are like me, my spiritual powers may come to you; but if we are not of the same kind of metal, the current cannot pass through you. I am copper, and you must not remain stone..."

Allah Almighty asked the Prophet to be with Him, and the Prophet asked the Sahaba to be with him. To be 'with him' meant for them to be as he wished them to be. The Sheikh also asks Murids to be 'with him'.

The Prophet sws. was saying about Abu Bakr r.a. that he was someone who had 'died before he died', because he had absolutely left all his desires behind, so that there was nothing left of them in the face of his Lord and his Prophet. He was a dead person with no desire for this life. When he had arrived at this state, he was like a shadow of the Prophet, entirely in agreement with him, never leaving his way. Because of this attribute, Abu Bakr became trustworthy in all respects, and thus the Prophet was able to plant many knowledges in his heart. Therefore, in spiritual rank, Abu Bakr was at the top of all companions of the Prophet. The Prophet praised him, saying that if his faith was balanced against the faith of the whole Ummah, his would be heavier.

On the Day of Promises, when everyone was asked by Allah Almighty: "Am I not your Lord?" and we replied: "Yes, You are our Lord", on that day, if it had not been for Abu Bakr teaching everyone with his spiritual power, no one could have said: "Yes".

Our Grandsheikh said that everyone has a share of Abu Bakr's faith, even the person of the lowest degree of faith. From that share, whether they pray or not, so many people will go to Paradise, because it keeps people from a bad ending in this life and the next. "La ilaha ill'Allah, Muhammad Rasulu'llah" is written in the heart; it only needs a chance to show itself... So many people have the seeds of faith in their hearts, deeply planted, only waiting for mercy rain. Mercy may be delayed up to the end; a person may be on his deathbed and begin to cry. This crying attracts that mercy, Allah Almighty says: "My servant is crying", and the seed of faith opens, filling the heart, green with the lights of real faith. He was like a desert, then death comes, and he begins to cry. That is the sign of mercy coming on him. Allah does not leave His servants. He has endless mercy. The Prophet said about Abu Bakr: "Whatever Allah has put in my heart I have poured into the heart of Abu Bakr." Sayyidina Ali r.a. also put his will and desires totally in line with the Prophet's desires. Therefore the Prophet said about him: "I am the City of Knowledge, and Ali is the Gate to that City."

There are 41 Tariqats to make our hearts pure. Forty spring from the heart of Imam Ali, and one, the Naqshibandi Order, is coming from Abu Bakr as-Siddiq, r.a. The Prophet had 124.ooo Companions, and Abu Bakr was the grand companion. This is well known among real Tariqat Sheikhs who don't give titles to themselves. They respect the Naqshibandi Order as the first one.

A real Sheikh must know if a Murid was with him on the Day of Promises or not. He has light in his eyes and recognizes his Murids without mistake. You may meet many Sheikhs and take exercises, but not find satisfaction until finding your Grandsheikh. So many Sheikhs are only trainers, but a Grandsheikh must finally call you. This does not happen through words; but there are ways from heart to heart. If a Naqshibandi Sheikh is giving Bayat, he must tell the Murid who the Grandsheikh is in his time for the Naqshibandi Order. He must point to him.

So many people from the West are coming now, invited by the way of hearts to our Grandsheikh. The Golden Chain of Grandsheikhs ends in our Grandsheikh, the last link in the chain. I am only his servant. We are waiting for the Naqshibandi Sheikhs to come and renew their Bayat with us. If not, they are just putting titles

on themselves. There may be a thousand Sheikhs, but only one Grandsheikh. If they come together, who will be the Imam? If all of the 124.ooo Sahaba are brought together, who is the Imam? Sayyidina Abu Bakr.

Sayyidina Mahdi a.s. and his seven Grand Wazirs, 99 Caliphas, and 313 Grand Murshids are all in the Naqshibandi Tariqat. In these times, there is no power for other Tariqats to carry people all the way to the ultimate goal. All are invited to renew their Bayat with our Grandsheikh, and they may observe their improvement.

Both Abu Bakr and Ali reached their divine positions and took their holy trusts from the Prophet during their lifetime. Because they desired and did what the Prophet desired and did, they reached a station where they were shown Sayidina Muhammad's real Prophetic Personality in the Divine Presence.

If we can use our willpower as we should, making it accord with our Lord's desires, carrying out our Lord's Will, then we may improve to reach the ranks of Saints and Prophets, approach the Divine Presence and be accepted there. Allah Almighty has said, through all of His Holy Prophets: "Oh My people, if you claim that you are servants, then put your desires in line with Mine, otherwise you are not servants... I am not in need of your worship; all I want from you is that you accord with My Desires."
We have to learn manners and keep a form of discipline, so we can say inside ourselves: "As You like, oh My Lord..."

# ATHEISTS TO THE MENTAL HOUSE!

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim.
Destur, ya Sayyidi, ya Sultanu-l Awliya!
By the Name of Allah Almighty most Merciful, most Beneficent and most Magnificent.

A question: what do you think? This planet, earth, just it had been in existence by itself?...Understanding?...If I am saying that this (recorder) by itself just found in existence, anyone believing in it? But so many foolish people saying that,"Solar system just it found in existence by itself." So many atheist people that they are representatives of Shaitan and materialist people, they are saying this, "Our earth just found in existence by itself." They are claiming this, because they are not saying, "Someone putting on its orbit this earth, before Mars, after Venus, after Neptune, after Saturn, after Jupiter". Must be something wrong with those people, but everyone now (is) following those foolish people and they are saying, "No God." How you can say?

Yesterday our cat just brought kids, five. I am asking those foolish people that they are claiming, "We are scientist people, we are learned people, we are professors"- what do you think? That kids of cat that making this through its womb? How? You are so foolish people! And no mind people following them, government following them, whole educational systems just based on atheist theories. Blame to them and cursing on

them! How! They are saying that kids of cat just it is from that cat. Cat making this inside by itself? And we are coming to our earth. We are asking: Do you think that earth by itself just found through space? Why people following those foolish people? Therefore nations and people falling in a cursed area; they (are) never finding the way, to take away from that narrow and terrible tunnel. Ask your teachers, what they are saying? Dunya, our earth, by itself just found through solar system?

"La tataharrak mutaharrikun wa la yaskun sakinun illa bi amri!" Nothing can move without a power making it to move. If something moving, must be a power, pushing it or pulling it. By itself nothing can move or nothing can be in itself, without moving, without a power making it to stop. This is a glass. It is now unmoving. That means: from this side, from that side, from this side, from that side, four directions, must be a power, same power, that making it to be in its place. If this side, coming like this; if this side powerful, coming like that. If equal powers coming from 4 directions, keeping it in its place, stable.

You can't say: No power. There is a power over ourselves, over everything, making them to move or to be stable, but you are not seeing that power. But your mind and mentality saying, "Yes, must be." That people (that) they are learning mathematics - so many rules in mathematics - saying, "This is true", but an ignorant person may insist, "No. No, because we are not looking and seeing that power, I am saying, No power." I am saying, "Take him to mental-house. "

Those whole professors, whole government people, you must take them to mental-house, because they are saying, "We are not looking and seeing (a) power, therefore by itself this stopping in its stable, this in its stable. No, we are not seeing anything, we are seeing only. But unseen powers keeping their stableness. Yes, but what they are teaching to people, to students? Not to believe, because Shaitan making them not to believe. Shaitan saying, "Don't believe! Follow me, because I was not believing in God"- Astaghfirullah - "and I ran away from Him, because He was not giving to me what I was asking. I left him and I am saying, No God"-Astaghfirullah!- "and you must follow me and say also 'No God!'". La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim!

That is the sources of crisis. And Allah Almighty, the Lord of Heavens just left them, "If you are leaving Me, I am leaving you. I am leaving you, look after yourself, save yourselves!" Now they are falling in a darkness and falling in a depthless hole and they are not knowing which way to save them. And they are trying every way

and looking no way for them to get out. But yet they are not saying, "O Allah, show us our ways!" And Allah saying, "I showed you! I showed you, I sent to you the Seal of Prophets. O last nation, last nation on earth before Last Day. You are last nation, but you are not using your minds and mentality and you fell in a dark and depthless hole and you are not following My ways, you are going to be punished yourself - by yourself." Running like this - Turkish governments. Running like that - Cypriot governments. Running in such a way - European Union. All asking a way, to take away. And you, you are making a UN, bringing all atheist people there. UN, atheist, they are saying, "We are not accepting anything on behalf of the Lord of Heavens; we are not dealing with Him, no! No, we are going to make a solution for our problems!" Eh. Allah saying, "Look- eating themselves!" Everywhere fire, everywhere troubles, everywhere with heavenly Punishments.

Tsunami. cinamo. cinema. they are saying, "Cinema coming from Indian Ocean". "What happened?" "Cinema taking millions of people" - but government saying, "Only 3oo.ooo people changed their lives from here to death"- and 3 million passed away!. And they are saying, "This is a natural event that happened, coming from nature and we are coming from nature; like grass growing up, some of us eaten by sheep, some of ourselves burning, some of ourselves going to be". Nature, nature, nature. Who is that nature? It is only an imagination or it has a reality?
"No", they are saying, "we can't say it is imagination or not. But mostly we are saying it is nature, and nature, we are trying to make people to believe in nature. And no one can ask, 'what is nature?' Or, 'Who are saying, Don't ask such a things. Nature! You must believe in nature. We are giving name nature, finished. Only you must believe in its name, you can't ask, 'what is that, who is that nature?'" Nature, nature. Let nature take them away. I am cursing to them!

Every trouble coming like that, yah. I am saying also here (to) whole governments, whole statesmen: You are making rules for your solution and people standing up, saying, "We are fed up from your rules! Your rules batil, false! We are fed up (of) your elections, we are fed up from your statesmen! Let ourselves to be free, let us to follow the Rules of Heavens!" They are saying, "We are shooting you! If you are shooting us, we are shooting you now!" "You may shoot? We may burn you!"

In middle of atheist countries, France, Allah putting a fire there. every night hundreds of cars shooting. "Shoot fire!" Putting fire. escaping. run after them! Till these people coming to say, "O our Lord, You are creating ourselves and we are your servants, give your forgiveness and favours and blessings and your mercy

on ourselves!" Till they are saying this, these elections all going to be nonsense. And terrible results coming now. Finished. Elections finished. Just bankrupt elections, finished. They must come and follow holy Orders coming from Heavens. For what Allah sent 124.ooo Prophets? Whom they are following the way of Prophets should be saved or they should be grinded. Now they are saying, 4o people, 5o people, 1oo people, 2oo people, 1ooo. Look, what coming now- taking not millions, billions should take! Billions!
It is Merhamatu-l Kubra, that in New Testament and Old Testament it is mentioned: When last days approaching should be a big War named Armageddon, taking billions- not millions! Keep yourself! Keep yourself! If a person trying to sleep on railway, and saying, "It is very safe place, I may put my head on that iron way, I may sleep here". but ...coming. coming that (train) taking his head and his body crushing. People now (on) wrong way, wrong way, wrong way.

They brought to my grandsons a kind of computer, teaching language and words. Pressing and saying. and so many times I am trying and I am hearing, "Wrong". Saying, "Wrong way, wrong". That small computer, if I am doing a wrong, saying to me, " Wrong. Wrong". Now 124.ooo Prophets, all of them, saying, "O people, you are on wrong way, come (to) true way!" and you are not listening? You should be punished!
Therefore, o people, if a ship drowned and people falling in sea, no one looking after another one; (everyone) looking (only) how they should save themselves. Now you must look after yourself everyone. Save yourself! If you are not saving yourself no one can come and save you! But that is the time of last days, that the signs of Last Day, Judgment Day, just appeared. Should be so many terrible things, and only shelter: to run to Allah! Run to Allah, He can shelter you, not anyone else!

May Allah forgive me and bless you. For the honour of the most honoured one in His divine Presence, SayiddinaMuhammad sws.
Fatiha.

**AT HIS COMMAND all the UNIVERSES APPEAR AND VANISH**

AFTER VANISHING THEY ARE STILL IN EXISTENCE IN HIS POWER OCEANS

Thank our Lord and Creator and pay our highest respect to Him Almighty. He is the Absolute Owner and Recipient of Absolute Respect and Praise. He Almighty says: “I alone am the Creator. I have created all that is in existence; from the building blocks of matter (the smallest particles in existence) right up to the gigantic swirling galaxies, all are My creation.” He alone is the Creator and Sustainer of the Universe, and it is He who directs everything on its individual and collective course. He drives all things to their destinations. He is the Cause of Causes, and as a sign for those who take heed He made secondary causes in the Universe by which things move. For example, have your ever seen a vehicle moving deliberately and accurately towards a specific destination without either having a driver or being driven by remote control?

Once, in the time of Imam Ghazzali (A king-sized scholar and Sufi master who so affected the Islamic World that he became known as “Hujjat Ul-Islam - The Proof of Islam), Allah Almighty sent a Divine trial on the people in the form of a person who espoused and propagated the belief that the Universe moves on its course by itself without any hand guiding it. By propounding this belief cleverly he succeeded in upsetting the convictions of some of his contemporaries as he traveled through the Islamic World propagating his false doctrines.

As he was very proud and ambitious, and thought himself to be clever enough to destroy people’s belief in Islam through his arguments, he asked where he could find the most learned of Islamic scholars in order to further his atheistic cause by defeating

the greatest Islamic authority in a debate. His followers informed him that there lived a man who was known far and wide as “The Proof of Islam” and was greatly renowned throughout he Muslim world. They also asserted that, should he be able to defeat him in a debate, the faith of Islam would certainly be destroyed and no faith in its teachings would remain in people’s hearts. So off he went seeking Imam Ghazzali.

Imam Ghazzali, like so many other Islamic saints, used to volunteer to be a watchman on the coasts of the Islamic lands; as this was a lovely from of worship to engage in, one by which Allah’s pleasure could be earned. To keep the Islamic lands safe from the attack of enemies by watching for enemy ships was a great service to the Muslims. Therefore, many of these holy men built watch towers on the coasts and at border areas, for if no one was on guard the country would be vulnerable to the attacks of crusaders who came to pillage burn and destroy the country, and to kill and enslave its inhabitants. So, while the people slept, the friends of God were awake in prayer and watchfulness to safeguard the lives, honor and property of the people.

When that man arrived at the near-by town asking for the Imam, the Imam was by the sea at his watchtower retreat on duty as a lookout. Presently he was led to Imam Ghazzali’s presence. When he arrived the Imam was absorbed in his duty and did not speak to him, so the visitor just sat down beside him and waited until the Imam could give him his attention.

The Imam’s eyes were fixed on the horizon, when suddenly he grabbed the arm of the philosopher and cried out excitedly: “Look, look over there on the horizon: a very, very strange thing has appeared and is coming our way!” The atheist-philosopher looked at the horizon and said: “Oh Imam of the Muslims, it is just a ship.” Imam Ghazzali answered: “No, you are wrong; it is not a ship at all, but a very strange thing that is approaching.” “No, I assure you it is just a ship,” said the philosopher, baffled by the strange behavior of the Imam.

The Imam insisted: “It is a very strange thing indeed that approaches: it is a ship that

moves of is own accord – propelled and directed by itself." The annoyed philosopher shook his head and thought: "People have led me to a man whom they consider to be learned, but he does not even recognize a ship when he sees one and knows not how a ship sails on the sea (with a captain and crew). Not to mention his claim that the ship moves by itself!"

"Let us go to the port," said the philosopher, "and see whether the ship is coming by itself or whether it carries a crew to steer it." Imam Ghazzali and that person went to the harbour and waited while the ship gradually moved toward the shore and was moored. When the gangplank was lowered and the sailors began to emerge, the philosopher triumphantly cried out: "Look, there they are, the sailors are disembarking – 1, 2, 3, 4...9...19 sailors. Now, how is it that you said it was sailing without a captain and crew?

Then Imam Ghazzali caught him firmly by the ear and said to him: "Now look, you fool: look at me, rascal, and listen. You are the most foolish person I have ever seen in all my days. Oh people, come here and look, for I have just caught the ear of the most foolish person in the whole wide world! Come and see him, the fool who argued with me that it is impossible for a ship to sail on the sea unless it has nineteen sailors aboard, while contending that this gigantic Universe and its vast firmament of stars, planets and galaxies are moving on their fixed orbits and exact courses without direction, by themselves!"

"Look, Oh people, open your eyes and behold a fool. He rejects any notion of a Creator or Guide of this vast, awesome Universe and claims that it moves so perfectly on its course by itself without no one leading it; then he quarrels with me and argues that this ship, this little wooden vessel, can't steer itself without no one leading it; then he quarrels with me and argues that this ship, this little wooden vessel, can't steer itself without nineteen sailors being aboard!"

Shamefacedly the philosopher admitted that he was trapped by the logical

dramatization of the Imam, saying: “You have proven the truth of Islam. I cannot refute your words.” Then he ran away and hid himself for a long time before he got up the courage to show his face again among people.

By this demonstration, Imam Ghazzali showed that foolish person and the world that nothing moves by its own power; everything in the Universe must be steered by someone. And everything in the Universe moves, though it may appear to be standing still, for the atoms and atomic particles are always in motion; and even as that ship is in need of a captain, so the smallest particles of matter must also be directed. Because of this, because everything that moves must be made to move, we can know that He Almighty, the Cause of Causes, is directing everything on its own individual course.

If He Almighty had not appointed ‘drivers’ to direct electrons, how could they move around the nucleus in such an orderly manner? Such a marvel would simply not be possible. And those drivers are “licensed and authorized drivers” not “learners”, for were they not granted full capabilities and expertise by their Lord there would be accidents and collisions. But nothing ever goes amiss, and the creation continues along its destined course in a most precise manner.

This is purport of the Holy Verse:

“"Glory be to Him in Whose Hand are the Higher Influences (that exercise control) over everything.”

Or, alternatively rendered:

"Glory be to Allah, the One who from His Divine Presence through His Heavenly Worlds directs everything and orders its movements.”

It is unimaginable how those galaxies can move in such harmony, or from where they come and to where they are headed. The galaxies cannot move on their own accord or by chance, never! The Lord Almighty appoints their ‘drivers’ from among the ranks

of the Angels, and He Almighty declares; “All authority is in my Divine Hand. It is I Alone who maintains everything, for were I to will their non-existence everything would instantly vanish. It is I, and I Alone, who initiates all creation and causes it to continue in existence.”

Allah Almighty again confirms His Omnipotence in the Holy Qur’an by stating:

“"Verily it is Allah who Holds the Heavens and the Earth lest they vanish.”

Look, although all things are moving they can only remain intact through the constancy of pressure on all sides. The water in this glass can only be claim and appear to be still (though its atoms are moving) if all the sides of the glass are firm and balanced. There has to be a certain balance of pressure between the inside of anything and what lies outside it or else that thing would either implode or explode. These are the secondary causes that enable the creation to have form, the original cause being He Almighty, who says: “I am the Maintainer of all creation. If I remove My Power everything will dissolve, will vanish.”

Therefore everything that exists in the Universe is only an appearance of His Power. Through the application of His Power everything is created and sustained, and when He wills, all returns to nothing. Endless Power Oceans – there is naught besides; when He Almighty issues an order, that Power takes form and appears as He pleases.

Now modern science has at last begun to admit such realities. The twentieth century has brought new discoveries and opened up horizons of knowledge that lead to the conclusion that this Universe must be maintained and directed by Higher Forces – that, at any rate, is the conclusion reached by thinking people. But this knowledge of the nature of things has been known to Muslims ever since the revelation of the Holy Qur’an fourteen-hundred years ago, from verses such as the ones we have mentioned and others. No one should be surprised at this, as, according to the Qur’an itself: “Nothing has been left out of this Qur’an.”

All of the absolute realities are mentioned therein, and as much as man's knowledge of science may improve, it is impossible for it to ever surpass Allah's knowledge of His Own creation as communicated to man in that Holy Book. The sky and space are endless, and no matter how far man may penetrate into it, he is still beneath and within it. In the same manner the knowledge of the Holy Qur'an always stretches out before and above him endlessly – no one can ever fathom it completely.

Look, the smallest particles of matter contained in the atom, the ones that scientists call "indivisible", can they really be indivisible? If they have a physical existence they must be divisible; only when something becomes nothing is it indivisible. But at that point we can't sense any particle at all: there is no longer a particle, only energy, only the Power of our Lord Almighty. The Power Oceans of our Lord – no one's mind can fathom their depths.

If Western people were really thinking, these proofs would be enough for them to accept Islam, to prostrate themselves before their Lord and surrender to His Irresistible Might. To try to understand and to ponder over these Qur'anic verses is incumbent on all scientists. I am only authorized to speak upon them up to a certain point, but scientists and scholars may study the implications of these verses deeply and expand upon their purport endlessly, as each verse is, in itself, an endless ocean. Thus they may gain understanding of the wisdom of their own existence and the existence of the whole creation.

Therefore, we may say that everything in existence is directed by means of the Angels, who carry out the orders of their Lord. They can only direct things, even the smallest particles' movements, as their Lord orders them, and He Almighty declares: "I am the Lord of the Worlds, the Lord of everything from the smallest particles to the gigantic galaxies, and other worlds beyond these – seen and unseen, visible and invisible worlds. I am the Lord."

Allah Almighty is aware of all that exists in its minutest detail. All things are built of His

Power, as the only indivisible is His Power. All Universes are in His Power Oceans; then, when their Lord calls them, saying: “Be! Come into existence!” they appear from those endless Power Oceans. When He orders them: “Vanish!” they disappear – but yet they are existent in His Power Oceans. He is the Lord of the Worlds, and if anyone should try to elaborate fully on this point he would have to speak forever.

# Atomwaffen sind Kinderspielzeuge

(engl.: RabbunAllahHasbunAllah)

Oh, Leute, wir geben unseren höchsten Respekt unserem Herrn Allah dem Allmächtigen und seinem geliebten Stellvertreter, unserem Propheten Sayyidil Awaleen wal Akhireen, Sayyidina Muhammad. (Mawlana Shaykh steht und sitzt)

Alles muss unter der Überschrift Bismillahirrahmanirrahim geschehen, und wir sagen Bismillahirrahmanirrahim und Audhubillahi.. Oh Leute, rennt vor Shaitan weg! Es ist ein gesegneter Tag, der Juma, im Diesseits und im Jenseits. Oh Leute, bewahrt den Respekt vor dem Juma, wenn ihr nach Glückseligkeit im Diesseits und im Jenseits fragt. Oh, ich bin ein schwacher (Diener), heute bin ich hierhin zum Jumagebet gekommen, al-hamdullilah, und ich habe die Leute gesehen, die zum Juma rennen und zum Dhikr. Ich wollte heute nur etwas kurzes sagen, so wie sie es mir eingeben, ein kurzer Rat.

Zunächst sitze ich hier nur, weil mir zwei Worte gewährt wurden subhanallah: Dunya, die gesamte Welt ist nun unter einer schweren Last, einem schweren Druck; sowohl die Leute untereinander als auch vom Himmel kommen Zeichen, dass der Herr der Himmel zornig ist. Jus atharu ghadab - Zeichen von Zorn.

Oh ihr Menschen, wie können wir nur in Sicherheit kommen? Wie ich hier sitze, kommt es in mein Herz, dass es im Grunde sehr einfach ist. Es gibt ein hadith an-nabawi sharif, den alle Menschen und Kinder Adams hören müssen, weil alle unter diesem schwerem Druck leiden, unter diesem sehr schweren Druck. Unter ihren Füßen brechen (auf einmal) Vulkane aus, und es kommen Hurrikane. Denkt nicht, dass es nur für die Nordamerikaner ist - nein, alles wird so, wie (weil) es Sein himmlischer Befehl aufgetragen hat: „Geht dorthin und nehmt sie weg, geht dahin und nehmt sie weg," und die Leute zittern vor Angst. Warum? Es mag ein Erdbeben kommen oder eine Flut, die alles hinweg nimmt, keiner weiß es. Vielleicht ist der nächste Hurrikan noch größer und schrecklicher, und er kommt und nimmt alles hinweg und nun die Vulkane, sie sind überall! Allah hu Akbar, alle Leute fürchten sich zu Tode vor den Atomwaffen, dabei sind das (dem gegenüber) doch nur Kinderspielzeuge (Sheikh Effendi lacht). Diese Hurrikane mögen zu einem Atomreaktor kommen und ihn hinweg nehmen. Subhanallah. Allah hu Akbar! Allah hu Akbar! Rabbun Allah, Hasbun Allah (3x), La ilaha il Allah. Subhaan Sen, Sultaan Sen.

Ayyuhal `Ulemas, Oh ihr Gelehrte aus Arabien, Pakistan, dem Jemen, Damaskus, Bagdad, Ägypten, Lybien, ismau yaa Ulemas, ... ich sage nicht mehr "Salafi Ulemas", das ist vorbei. Gelehrte, ich versuche ein Rabbani zu sein, aber ich bin schwach. Ich versuche den Rabbaniyin zu folgen, ihr auch, ihr alle versucht den Rabbaniyin zu folgen, die zum Herrn der Himmel gehören, mashaa-Allah, mashaa-Allah. Oh, gewähre (es) uns, oh RiyaAllah.

Zwei Wörter spreche ich zu allen Menschen der Welt. Das ist der Wasiya, der Wille des Siegels der Propheten, was er sagte. Subhanallah, wie dies zu mir gekommen ist, ich habe nicht daran gedacht. Aber jeder fragt nach Schutz, und das Siegel der Propheten gibt dies den Leuten, wie kann das sein? Kaana rasool salat was salaam alay, ma nakatahu warahu imen ammu sayd Abbas... Hadith Sharif, den unsere Gelehrte sehr gut kennen. Rasulullah s.a.s war bereit und sagte: „Oh mein Vetter, wenn du danach fragst, unter göttlichen Schutz zu stehen - ahfizhillah yahfazhak – Halte an Allah fest und er hält an dir fest.

Kullul-`uloom hunaak - alles Wissen ist da drin. Göttlicher Schutz im Diesseits und im Jenseits! Bewahre den hohen Respekt Allahs sei Ihm gegenüber immer respektvoll und Er wird dich hier- und jenseits beschützen. Sorgt euch nicht - Schluss, Ende, Aus! Oh ihr Gelehrten, teilt dies euren Leuten mit, im Osten und Westen. Oh ihr Christen, sagt es auch eurem heiligen Papst, übersetzt es, so dass er beurteilen kann, ob es wahr ist oder nicht. Wenn es wahr ist, müssen sie ihren Völkern sagen: „Oh Leute, haltet den richtigen

Weg ein, den sauberen Weg, den sicheren Weg. Ihr müsst den Lebensstil verlassen, den ihr bisher habt, er ist der Schlimmste. Wenn ihr danach verlangt, in Sicherheit zu sein im Diesseits und im Jenseits, bewahrt immer den hohen Respekt vor eurem Herrn.“ Alla hu Akbar, ayyuhal Patriarch und heiliger Chefrabbi: Wenn ich falsch liege, sagt: „Der Sheikh spricht falsch.“ Was steht im Alten und Neuen Testament geschrieben? Was haben sie die Menschen gelehrt? Alle heiligen Bücher haben die Menschen immer gelehrt: „Seid in göttlicher Gegenwart respektvoll und gehorsam. Gehorsame Diener werden gerettet, für Ungehorsame ist Furcht (vorgesehen) im Diesseits und im Jenseits.“ Göttliche Eingebungen, nein mehr als Eingebungen, kommen gerade in mein Herz: Alle Religionen und ebenso alle Propheten rufen die Leute auf: „Oh ihr Leute, seid gehorsame Diener eurem Herrn der Himmel gegenüber, im Diesseits und im Jenseits: Für euch wird (dann sowohl) hier das Leben süß sein, (als auch) dort das Leben ewig sein. Bewahrt den Respekt eurem Herrn gegenüber und versucht gehorsame Diener zu sein. Passt auf, passt auf, nicht ungehorsam zu sein: Alles Schlechte, alle Schwierigkeiten und Bestrafungen werden auf diejenigen kommen, die ungehorsam sind!“

Oh ihr Gelehrte, ihr müsst das hören! Ihr müsst versuchen, eure Leute zu gehorsamen Dienern zu machen. Wenn sie (dann) aber darin verharren wollen, ungehorsam zu sein, werden sie ein furchtsames und kein süßes Leben leben und immer Furcht vor der Bestrafung haben! Die Gehorsamen (dagegen) haben einen seelenruhigen Schlaf und fürchten sich nie vor einem Erdbeben, einer Flut, einen Hurrikan: Nichts kann sie berühren. Leute, bewahrt diesen Rat! Ihr wisst bescheid, ihr wisst Bescheid.

Ich versuche gehorsam zu sein und ihr versucht (auch) gehorsam zu sein. Lasst nicht die Ungehorsamen eure Herrscher sein. Das ist am wichtigsten: Lasst euch nicht von den Ungehorsamen beherrschen! Tretet sie, fürchtet sie nicht und sagt: Rabbun Allah, Hasbun Allah (7-mal). Wenn z.B. alle Leute, die in Deutschland leben, sagen: Rabbun Allah, Hasbun Allah, dann müssen ihre Herrscher stürzen. Wenn die Leute von Sham (Damaskus) das sagen, sechsmal in 40 Tagen, dann werden diese Tyrannen ebenso stürzen. Wenn die Irakis das sagen in 40 Tagen, dann wird ein Wechsel kommen, und auch, wenn die Iranis das sagen, 40 Tage lang. Allah wird es innerhalb von 40 Tagen ändern – überall.

Leute, Allah hat euch eine solche Kraft und Macht gegeben, die keiner (von euch) erwartet, die höher ist als jede atomare Macht, ya Rabbi Shukr!

Auch wenn die Türken danach verlangen in Sicherheit zu sein und die Tyrannen weg haben wollen, müssen sie (die ganze Nation) sechsmal sagen: Rabbun Allah, Hasbun Allah. Ey Rabbi, bi jahi nabiyika nabi ar rahmah, sayyidal awaleen wal akhireen ... Bittgebet. Fatiha. Ay rabbimiz anta `alam bi haalana. Oh unser Herr, du kennst unseren Zustand genau. Ya musabib al-haal wal-ahwaal qawwiyy da`fana hatta nakoon mujtahideen fee ta`atika wa `ibadatik. Oh, Sender der Ursachen, stärke unsere Schwächen bis wir kräftige Arbeiter werden in Deiner Gehorsamkeit und Gottesdienst. Ya rabbil izzat wal-azhamat bi jaahi nabbiyina bi-hurmatil Fatiha.

## Who Does Not Attend the Live Broadcast Is Losing

(...transmission problems...)

...We are losing. I am asking from my representative, who is representing us, to give much more attention through the east and the west, to everyone. To reach more and more from the heavenly treasures. One heavenly diamond, one heavenly emerald, one heavenly ruby, one heavenly pearl, if you can reach these it is much more valuable than not only one of this dunya's treasures, but billions of this dunya's treasures are nothing in front of that heavenly jewel!

O People! Use your minds! This is a heavenly order from the Lord of the Heavens to his messengers, to make people ask for real values and heavenly jewels. O People! You are saying it doesn't matter, but you are losing where are you reaching if you are not attending for half-an-hour, which, among those who are attending and believing and keeping their respect, there is only one jewel, one diamond that has been granted to you! This dunya is so worthless! Therefore, O people through the east and the west, you must try and attend what we are in now. Heavenly centers are making an opening through heavenly knowledge to people living on this planet. Give that value and take much more countless jewels. Don't be heedless, O Mankind in the east and the west! One bird may suddenly speak and address who is in its presence. Oh never reminding in the east and west, all newspapers are making a very important news that, “In Africa they are finding a bird that is

speaking like a man."

All people are saying, "Did you hear, that bird was speaking like a man."
"Where is it??"
"Look tonight, they are showing!"

If they found a bird speaking like a man, that night they will make a show and you will be astonished. It is a mu`jizah, a miraculous thing. One bird is speaking, and the whole world is taking care, saying, "That bird is speaking."

"O my brother, I am telling you that at the same time that the whole world is looking to that bird that is speaking like a man, I had a donkey and I am hearing that it is saying, 'O People! O heedless ones! Why are you not listening to that one who is speaking to you heavenly news?' I am looking, from where is this coming? I am looking to my donkey with his ears like this, he is looking to me. 'You are also from those heedless ones. You are taking amusement to hear that one bird is speaking like a man. And a man is speaking to you and you are not giving him value? Ptuu!!'"

(Mawlana Shaykh laughs) That donkey making ptuuh (spits) on that person.

The donkey continues, “You are not hearing that declaration everyday of that one who is coming and speaking to you? Is it not valuable? But you are saying that a bird who is addressing people with their names also, that is miraculous, and a man is speaking, it is not miraculous.”

That is the meezaan, scale of all of you, 21st century-people’s mentality. They are giving a value because one bird is speaking like a man, but if a man is speaking they say it doesn't matter! There is no value. There's a value if the bird is speaking. Ptuu on such a mentality!! That is mu`amala, the treatment of nations for their prophets! I am not a prophet. But the custom of people is to deny all prophets and they are saying, “You are not speaking truth and we are not believing you.” That is the mentality of common people and their value is of animals and under them!!

We are saying now, A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. O People, run away from shaytanic mentalities! Countless numbers of Shaytan's agents are making people deny

prophets and their inheritors, yes. Those peoples' levels are going to be the level of the birds speaking to them. They will be very happy with birds speaking to them, and all around they are looking, saying, "Where are we living? Yes, birds are speaking to me. How am I a bird? I was a man." Yes, you were a man, but your mentality was at the level of birds, and therefore, you have been sent to the reality of animals, because when an animal or bird was speaking, you were surprised and astonished. So we are putting you in that level of animals so you can be happy. Because you weren't happy when one prophet was coming and saying, "O people, I have been sent from the heavens with a heavenly message, to make for you a way to the heavens!" But you are like animals, you were kicking him and running away! Therefore, you have been made to be on the level of animals, that kicks and bites every second one.

O People! This is a heavenly warning! Don't say you are busy, for your busy-ness is nothing. Your final point of busy-ness is reaching in the end to the WC (toilet). But who is asking from heavenly honors, their ways are to heavenly enlightening, enlightened dominions of Allah (swt)! Allahu akbar! (Mawlana Shaykh stands and sits).

O People! Yes, they are making this big servant to address people according to their understanding. O `Ulamas! O `Ulamas! Wahhabi `ulamas or Salafi `ulamas or Azhari 'sh-Shareef doctors and Persian ayatullah and hujatullah! Where are you from the Holy Qur'an? Don't blame me that I am speaking, as I am not speaking--they are making me to speak! Yes, one part of the holy verse I am asking. What is Allah (swt), the Lord of Heavens saying? (Mawlana Shaykh stands.) You are `ulamas who recite the holy verse,

••••••••• ••••• ••••••••

w 'adrib lahum mathalan, "Set forth to them, by way of a parable." (36:13)

(Mawlana Shaykh sits.) They are making me to make an example. Allah Almighty is ordering to prophets and their inheritors to address people, and their Lord's addressing is from pre-Eternal to Eternal. That is giving them the authority over learned people, to make examples for them, helping them understand. So don't say, “That one is speaking.” According to the Holy Qur'an, w 'adrib lahum mathalan, that holy verse addresses everyone that may speak to people, to make them help people understand by giving them an example or to tell some tales.

Look, that is a ring and its value is according to its stone. You are `ulamas, and that is a precious stone. It is

not so precious, but there may be a diamond here (Mawlana Shaykh points to the ring.) No one can carry that diamond in his hand, but putting here (bezel of the ring) and making a kursi, a throne, qa'ida, a base. Yes, if this is not here you can't show it to people. And darabul mathal, giving an example, making it clear to show this stone and to show people which thing is valuable. And now it is okay, people are knowing that I have a precious ring and the ring is precious because of its stone.

Therefore, the Holy Qur'an has precious jewels and precious stones, and you can't show them people alone, you may use this for showing people the value of those holy verses for understanding. Therefore, don't blame me when they are making me speak from the Earth up to the skies, no! We are using this according to the holy command of Allah Almighty, haythu yaa qul wadhrib lahum mathalan, "Where they say and present to them." For what? For everything, to teach people everything. But without an understanding base, that diamond can't be understood. Therefore, we are now speaking for half-an-hour and they are making me to speak to people, to show some jewels, because all people living now are heedless or drunk or bad ones! That is the value of the huge crowding of people on this planet. Either they are drunk or they are heedless or they are never understanding, and there is no value for them. Therefore, we are waking them up with such examples for understanding.

O People! You are not giving a quarter-of-an-hour for listening to this because you are saying, “I am busy. There is no time." What is this busy-ness? You are going daily, ten times to the WC and you are so busy? Make on your clothes if you are so busy! I am saying what they are saying to me. You are taking a bath daily two times, once or more, and you are not saying, "I am too busy to take that bath!" Why are you not saying, “I am so busy, I am not going to the toilet!” But for such an important thing you are saying you are busy! Your graveyard is open for you, waiting, waiting. Why are you not saying, “I am too busy to go to the graveyard”? Keep yourself and fear from Allah (swt)!!!

O `ulamas, baligh maa umirt, declare! You must do what you have been ordered, `ulamas! Don't make discussions, no! Come on a simple level to make people to understand. May Allah forgive us. Astaghfirullah. Astaghfirullah. That means you are not giving any value to be for Allah (swt). They are thinking I am making a show here. No I am tis`een, 90-years-old; I am not in need to make a show of me. For what? But you must think that perhaps your kafan, shroud, may be prepared after a few days.

May Allah forgive us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

This anger, O attenders, I am making for my dirty ego and I am attacking on Shaytan and his followers, not for good ones. First I am fighting for my dirty ego.

••••• ••••••••• •••••••••••• •••••••••••

Inna 'n-nafsa la-amaraatan bi 's-soow, the (human) soul is certainly prone to evil (12:53)

You must not forget, O `ulamas! `Ismah, divinely protection, is only for anbiyas (prophets) and those who are on their steps.

Fatihah.

(36 minutes) Enough, enough. Alhamdulillah.

(Mawlana Shaykh sings)

Dome, dome, dome, dome 8x

This miraculous sweet singing is only for people with cleans ears, they may hear. O People! Turning around our planet, but our ears are full with dirt. Open it and hear it is coming.

Dome, dome, dome, dome 8x

Never-ending. Allahu akbar, yaa Rabbee! Huuuuuuuuuuu. People are thinking that this is going to finish in one year, two years. From when are the prophets speaking?

(Mawlana Shaykh speaks on the phone with Shaykh Hisham Effendi).

**At The Door**

(Dt.: VorDerTür)

At the end of times, every person should put their affairs in order. We have been created for worshipping. Once they left worshipping many disasters fell on them from the heavens. May Allah (swt) protect us. Return to your Lord O people! so He (swt) may save you from the hardships of this world & the punishment of the Hereafter, or there is no hope to be saved either in this world or in the grave or in the Hereafter. Naudhu Billah!

O people. O people! And will be saved... Every person is for another a savior, this is important. The government is not important, but a person to save another is important. If this is not there, they will not benefit from democracy nor elections, nor money nor treasures.

O people! O people! We left the way of Haqq/Truth. The people left the straight path & what came upon them from Heavens is what they were not wishing for. It is not possible to undo it. We are living in summertime but it is as if what is coming on people are disasters that cannot be returned. Except for those asking from Allah (swt) forgiveness and returning to worship. If they do not worship, Heavenly revenge will be taken. Allah (swt) said "Qul Huwa Al-Qadiru `Al An Yab`atha Alaykum `Adhaban Min Fawqikum Aw Min Tahti

'Arjulikum Aw Yalbisakum Shiya`an Wa Yudhiqa Ba`dakum Ba'sa Ba`din.." (6:65)

And surely it is a Heavenly punishment on the criminals. Allah (swt) will take vengence. Because Allah (swt) is the Taker of Vengence. O people take Allah (awj) seriously and obey Divine orders. Take seriously & not lightly, the Heavenly Orders otherwise there is no one who will save you. "and make you to taste the violence of one another." (6:65)

We have come to this point. So, O people, return to your Lord, keep the limits of worshipping. So our Lord (jwa) may have mercy on us and save us from all disasters in this world and from the punishment of the Hereafter. Fatiha.

It's been mentioned by the Saints of Allah (swt) that Egypt shall be under flood waters. This is one of the Signs of the End of times. So beware O servants of the Lord, you have nowhere to run. You cannot arrange anything to save you once the signs of Divine Anger come upon you. The Nile river will flood and it will cover the whole country & the number of victims cannot be counted. Allah (swt) knows best. This is mentioned maybe by Imam Sha'rani. He mentioned that there is a sign on a minaret indicating the height of the flood waters in Egypt; the water will reach up to there. So beware O servants of the Lord, return to your Lord and He (swt) will remove curses from you and stop them from coming on you. Otherwise... May Allah (swt) protect us... Hundreds & thousands of people will be gone with the flood.

O Allah (swt) save us, tawba Ya Rabbi. O scholars of Egypt! Advise the servants of the Lord. Save them! You must save them from the disasters that are at the doors.
O people! It is not possible for a person to rule over another person. A person may rule over a donkey but cannot rule over another person. To rule over people is from Heavens, not from earth. And therefore from the beginning of the world servants of the Lord were ruled by Kings & Sultans. Like this were managed the matters of the servants. Once they left that they followed shaytan & shaytan led nations to the worse situation.

O Egyptian people, save yourselves. Do not busy yourselves with electing this one or that one, rather go back to your Lord, repent to Him (swt). He (swt) will save you. These are few words that came to my heart in the blessed evening of the Glorified month of Shaban, the evening of Juma. May Allah (swt) protect us Ya Rabb tubna wa rajana Ilayk Fatiha.

There are also a lot of (bad) things to come on the Turks. There will be a big battle in the Valley of Amuq. It is in Iskenderun, they call it "Amuq Valley". There will be a battle there. That battle is "al-malhama", the great battle. From Heavens, 80 banners will come down from above to that Amuq Valley. 80 banners will come from Sham. The meaning of one banner is 1 division, more than a division. It is more than one division. There will be war between the Muslim people. The soldiers will come from Damascus in three groups. Three groups from the Muslims, one third will be Shahids/martyrs. One third will escape and one third Allah (swt) will keep them firm & they will be victorious against the Banu Asfar/yellow nation. They will defeat Banu Asfar and reach all the way to Istanbul, Costantinople. Then Mahdi (as) will appear.

May Allah (swt) protect us. Ya Rabbi Ya Allah! Ya Rabbi Ya Allah! These things are mentioned in the books... From Egypt a man will come a mighty man and powerful man, his name is Ahmad and he will attack from the side of Egypt to Syria. And that man will cut the roots of these people who are denying Allah (jwa) & His Mightiness and they deny the glory of the King of Kings. He will take them all out. Then he will reach to Syria until they reach to the Valley of 'Amuq and there will be Armageddon.

It is said that the Muslims will remove those people who are denying Allah (swt) and His Prophet (saws) and they will cut their heads so not one of them will remain to escape anywhere. There is power coming from Sham. Wa Min Allah Al Tawfiq.

**The Prophet had informed that at the end of time people will not feel comfortable and in peace in their homes anymore**

The Prophet had informed that at the end of time people will not feel comfortable and in peace in their homes anymore, even it is like a castle, and they must leave, they must go out in the street. But they are not reaching peace there either, rather it is getting worse.

Before there used to be dergahs, tekkes, camis and misafirhanes of the 41 Tariqats, and people could go there. Nowadays they go to coffee-shops, kahvehanes... The Naqshibandi-gathering is heavy, that is why they are not coming. But in old times people used to find peace and happiness for their soul. But they brought people away from worshipping, and therefore the souls of people are in unrest. They go to cinema happily, but come out heavy.

In the dergahs people were trained and educated. They used to write over the door: Adab, ya Hu! ('Remember your manners..!') Nowadays no one is respecting the other one anymore, but now the angels will hit them! The soul of a believer is taken easily, but the soul of a disbeliever slowly and painfully.

To stay at home means safety, to go out in the street means danger. Don't walk around unnecessarily. You can be at peace even with many people in one room. With the electric fitna started. If everyone would stay in their home, fitna would reduced to half or even more. A believer finds happiness in his home. But Shaitan brought mankind down- may his Sultanate be destroyed! All coffee-houses are unnecessary- they are the source of hasad (jealousy).

Until they are closed, people will not find their peace, wasting of money will not stop, and the nation will not get up again. This is important to know.

Ya Muhauli hauli wa-l ahwal, hauli halina ila ahsani hal!

## The Attributes Of Dogs

Wa Alaikum Salam wa Rahmatullahu wa Barakatuhu. May our day start with khair & end with khair. May the flags of Islam rise & the banners of unbelief go down! We may say, Audhu Billahi min al shaytan al rajim. May Allah protect us from the evil of shaytan. "Fasta`idh Bil-Lahi" (16:98). Allah Jalla wa Ala orders "Seek refuge with Me from shaytan". We seek refuge, we seek refuge but still we are weak ones. Our egos don't let us walk straight. He keeps tripping us up all the time. Shaytan has many traps. Tawba Ya Rabbi, Tawba Ya Rabbi. Tawba Astaghfirullah. Shukur Ya Rabbi, Shukur Ya Rabbi. Shukur AlHamdulillah. May the khair of Safarul Khair be on us & its heaviness go to the mountains.

This world has reached the muntaha/ furthest boundary of dhulm/darkness. They have lost their "human" attribute, Allah Allah, they became wild. There are no animals of any species that fight with each other, except the dogs. It is the attribute of a dog, present company excepted, to fight each other. The other animals don't fight each other. They are at peace, on their own. They go on their own. Shaytan dressed the attribute of dogs on today's people; they are biting each other. They want to finish each other. Fights, wars, snarling, crying... Men have lost their humanity. Shame on them! Shame on them! The people of today's world have nothing to do other than going against the order of Allah & strangling each other in the 24 hours of every day. "How can we finish each other? How can we remove each other?" Yahu! Who created you created him also.

He (swt) said "Wa 'Ardu Allahi Wasi`atun" (39:10) The earth is spacious, go around. It is not a narrow space. If this world today is 3 billions or 5 billions, this world can feed 10 billion also. Even if you become 10 billion, more of it comes. "Wa 'Ardu Allahi Wasi`atun". Is it not so? He

(swt) opens, gives barakah, & provides for the world. He (swt) doesn't leave anyone out in the cold or hungry. "Wa Ma Min Dabbatin Fi Al-'Ardi 'Illa `Ala Allahi Rizquha" (11:6) "`Ala Al-Lahi Rizquha - Allah provides its provision". What is it that we are not able to share? What we eat is this much. What we eat everyday is a limited amount. Meaning, even if the whole world is given to a person, what is the benefit? What he will take is his share. One cup of soup is enough but Allah Almighty granted us all kinds of it.

There is no one who thinks on this. "Hal Min Mudhdhakirin" (54:17) Is the Holy Verse like this? "Mudhdhakirin". This means that thinking is different, Tafakkur/reflection is different. Tadabbur.. is it tadabbur? Mudhdhakirin. That is different. To think is different and above thinking; to reach its result, to reach its secret.. Who will reach this secret, "Hal Min Mudhdhakirin". Allah Dhul Jalal says: "Is there no one among you who thinks? Did I not grant you intellect? Yes, I did. Can you not think/understand this? You are here today & tomorrow you will be gone. Why do you crush each other?"

Allah Almighty says (jj): "Inni harramtu dh-dhulma 'ala nafsi, fala tadhalamu- "I have forbidden oppression for Myself & have made it forbidden to you. So do not oppress one another". "Wa 'Ahsinu" (2:195). "And do good" He (swt) says. "Don't oppress but do good. You are man, the most honoured creature I created". Aman Ya Rabbi, Tawba Ya Rabbi. Tawba Ya Rabbi. If you don't listen, "Qul Huwa Al-Qadiru `Ala 'An Yab`atha `Alaykum `Adhabaan Min Fawqikum 'Aw Min Tahti 'Arjulikum 'Aw Yalbisakum Shiya`aan Wa Yudhiqa Ba`ƒëakum Ba'sa Ba`din" (6:65). "If you don't keep My orders properly & don't listen to My advice, I let loose upon you from the Heavens". "Aman Ya Rabbi" said the Prophet (sas). "Your batsha/fist from the Heavens is severe. Don't crush my nation". Allah does not crush but disciplines. "Or from the Heavens I send.." & today the Heavens are Wrathful. The Heavens are wrathful. Tornadoes, hurricanes, floods.. are the signs of Heaven's Wrath. Aman Ya Rabbi. "I am capable of sending on you from the Heavens". The Prophet (sas) said "Aman Ya Rabbi". This is the least of what is to come.

"'Aw Min Tahti 'Arjulikum- Or I shake you from under your feet & you go down". In Erzincan, 30 000 people died in maybe less than 5 minutes. (1939 Erzincan Earthquake). I remember it. I

was maybe at the age of this Selim. May Allah protect all of them. With one shake. With one shake 30 0000 people died in Marmara (in 1999). Aman Ya Rabbi. "'Aw Min Tahti 'Arjulikum-I shake from under your feet or send upon you from above". He (s) said "Aman Ya Rabbi". "Aw", "or" if you still won't be decent; if you change your "human" attribute & are wild towards each other, "'Aw Yalbisakum Shiya`aan"- I make you divided into different parties or groups that "Wa Yudhiqa Ba`dakum Ba'sa Ba`din"- you, yourself punish each other. Now we are in this 3rd state. Our Prophet (sas) didn't say "No" because when wildness becomes excessive, it's definite that punishment will come. So now they fell into this punishment & now they will be destroyed. Aman Ya Rabbi. Tawba Ya Rabbi, tawba Astaghfirullah.

O people, may we turn to our Lord. May I turn also. May I turn also. May I beware also. May Allah forgive my sins. May He forgive our sins. O our Lord, You know. You are Subhan, Sultan. We are the weak ones. We are Your weak servants. Allah.. Allah Allah. Say "Allah" & be saved. Allah didn't create us to fight each other, He didn't create us to crush each other. "Fa'aslihu Bayna 'Akhawaykum- So make reconciliation between your brothers" (49:10) He says. "Wa As-Sulhu Khayrun- And making peace is better" (4:128) He (swt) didn't say "Qital", fighting is better for you. Making peace is good. He (swt) did not say "Al-harb khairun lakum" but "as-sulhu khairun lakum". He (swt) didn't say "Fighting is good". He (swt) said "Peace is good. Live in peace with each other. Live for Me". Tawba Ya Rabbi, tawba. Tawba Astaghfirullah.

O Lord, may You send us a Sultan. We are left without a Sultan & have become ill mannered ones. We have forgotten our humanity. May You send us a Sultan who will discipline us. "Sultan Dhillu Llah fi 'l-ard- He is the shadow of Allah on earth". Sultan! The countries with Sultan are at rest, all others are in a terrible situation. They will fight each other. He inflicted them upon one another now, in every country. He said "They may give punishment to each other themselves. Since they don't listen to "peace is better", let them fight until they finish each other.

O My Beloved, don't you interfere with this. Leave it". Aman Ya Rabbi. Tawba Ya Rabbi, tawba. I want that we won't be from them. May our children, brothers not be from them also. May our people also, all of us, not be like them-may we not be wild. May we be tamed. O Lord,

may You send us a Sultan who will discipline us. We are left without a Master, may You send a Master. Fatiha.

When a group of dogs, present company excepted, barks, the other group comes & they start to bark as well. What is this, why are you shouting? "I shout, then you shout..." The streets are filled, with strange creatures that are outside of "human" attributes. These people are putting the honour of humanity under their feet. They are not saying, "O Lord, may You send us a Muslih; may You send a Sultan; may You send one who will take us by the hand. We have no one left to take us by the hand, it is only our Sultan." "Sultan dhillu Llahi fil 'ard". What does it mean "the shadow of Allah on earth"? He is the one who has power & keeps the Orders of Allah. Sultan, even its name has a majesty. You are Subhan, You are Sultan. O Lord, may You send us a Sultan soon. Soon, O Lord. We are bewildered, our egos also. Aman Ya Rabbi, may You not leave us to our egos- "la takilna ila anfusina tarfata ayn". It is the word of the Prophet (sas)- May You not leave us to our dirty egos.

O Lord, what can we do? What can we do now? What should we do? We are left without a Master, without a Sultan. May You send us a Sultan soon. May You send the Ottomans, O Lord. They overpower all of them. There is a Holy Verse, that confirms what we said. "Bi Qawmin Yuhibbuhum wa Yuhibbunahu" (5:54) Find this Holy Verse. I am calling the Ottomans for this - that they loved Allah & Allah loved them. Subhan Allah. Fatiha.

"O you who believe! Whoever from among you turns back from his religion, Allah will bring a people whom He will love and they will love Him; humble towards the believers, stern towards the disbelievers, fighting in the Way of Allah, and never afraid of the blame of the blamers. That is the Grace of Allah that He bestows on whom He wills. And Allah is All-Sufficient for His creatures' needs, All-Knower" (5:54).

Wa Alaykumu s-Salam wa Rahmatullahu wa Barakatuhu. Möge unser Tag mit Khayr beginnen

und mit Khayr enden. Mögen die Flaggen des Islam sich erheben und die Banner des Unglaubens niedergehen. Wir sagen: Audhu Billahi mina sh-shaytani r-rajim. Möge Allah uns vor dem Übel Shaytans schützen. "Fasta`idh BiLlah" (16:98). Allah Jalla wa `Ala befiehlt: 'Sucht Zuflucht bei Mir vor Shaytan.' Wir suchen Zuflucht, wir suchen Zuflucht, aber wir sind immer noch schwach. Unser Ego läßt uns nicht geradeaus gehen. Er lockt uns immer wieder in seine Fallen. Shaytan hat viele Fallen. Tawba ya Rabbi, Tawba ya Rabbi. Tawba Astaghfirullah. Shukur ya Rabbi, Shukur ya Rabbi. Shukur Alhamdulillah. Möge das Khayr von Safaru l-Khayr auf uns sein und seine Schwere in die Berge gehen.

Diese Welt hat die Muntaha, die letzte Grenze von Dhulm, Dunkelheit, erreicht. Sie haben ihr 'humanes' Attribut verloren. Allah, Allah, sie wurden wild. Tiere einer Spezie kämpfen nicht gegeneinander, außer die Hunde. Es ist das Attribut eines Hundes, gegenwärtige Gesellschaft ausgenommen, gegeneinander zu kämpfen. Die anderen Tiere kämpfen nicht gegeneinander. Sie sind im Frieden, bei sich. Sie gehen allein. Shaytan bekleidete die heutigen Menschen mit den Attributen von Hunden. Sie beißen sich gegenseitig. Sie wollen einander erledigen. Kämpfe, Kriege, Zähnefletschen, Heulen.. Die Menschen haben ihre Menschlichkeit verloren. Schande auf sie! Schande auf sie! Die Menschen der heutigen Welt haben nichts anderes zu tun als gegen den Befehl Allahs vorzugehen und sich zu würgen in den 24 Stunden jeden Tages. "Wie können wir uns erledigen? Wie können wir uns gegenseitig beseitigen? Yahu! Der euch erschuf, hat auch ihn erschaffen.

Er (swt) sagte: "Wa 'Ardu Llahi Wasi`atun" (39:10). Die Erde ist geräumig, geht herum. Es ist kein enger Raum. Wenn diese Welt heute 3 Billionen oder 5 Billionen hat, so kann sie auch 10 Billionen ernähren. Selbst wenn ihr 10 Billionen werdet, kommt mehr davon. "Wa 'Ardu Llahi Wasi`atun". Ist es nicht so? Er (swt) öffnet, gibt Barakah und sorgt für die Welt. Er (swt) läßt niemanden in der Kälte stehen oder hungrig. "Wa Ma Min Dabbatin Fi l-'Ardi 'illa `ala Llahi Rizqahu" (11:6). "..`ala Llahi Rizqahu" - Allah gibt ihm seine Versorgung. Was ist es, was wir nicht teilen können? Was wir essen, ist so viel. Was wir jeden Tag essen, ist eine begrenzte Menge. Das bedeutet, selbst wenn die ganze Welt einer Person gegeben wird, was nützt es ihr? Was sie nehmen wird, ist, ihren Anteil. Eine Tasse Suppe ist genug, aber Allah der Allmächtige gab uns alle Arten davon. Es gibt niemanden, der darüber nachdenkt. "Hal Min Mudh'dhakirin" (54:17). Das bedeutet, Denken ist eine Sache, Tafakkur, Besinnung, eine andere. Tadabbur.. Ist

es Tadabbur? Mudh'dhakirin. Das ist etwas anderes. Zu denken ist etwas anderes, und über das Denken hinaus, seine Ergebnisse zu erreichen, sein Geheimnis. Wer wird dieses Geheimnis erreichen "Hal Min Mudh'dhakirin"? Allahu Dhul Jalal sagt: 'Gibt es niemanden unter euch, der denkt? Habe Ich euch keinen Intellekt gegeben? Doch. Könnt ihr nicht denken, das verstehen? Ihr seid heute hier und morgen werdet ihr weg sein. Warum vernichtet ihr euch gegenseitig?' Allah der Allmächtige (jj) sagt: "Inni Harramtu dh-Dhulma `ala Nafsi, Fala Tadhalamu" - 'Ich habe Mir Selbst Unterdrückung verboten und machte es für euch verboten. Also unterdrückt euch nicht gegenseitig.' "Wa 'Ahsinu" (2:195). 'Und tut Gutes', sagt Er (swt). 'Unterdrücke nicht, sondern tue Gutes. Du bist ein Mensch, das meistgeehrte Geschöpf, das Ich geschaffen habe.' Aman ya Rabbi. Tawba ya Rabbi. Tawba ya Rabbi. Wenn ihr nicht hört... "Qul Huwa l-Qadiru `ala 'an Yab`atha `alaykum `Adhaban min Fawqikum 'aw min tahti 'Arjulikum 'aw Yalbisakum Shiya`an wa Yudhiqa ba`dakum Ba'sa Ba`din" (6:65). 'Wenn ihr Meine Befehle nicht richtig einhaltet und nicht auf Meinen Rat hört, lasse Ich etwas los von den Himmeln.' "Aman ya Rabbi", sagte der Prophet (s). 'Deine Batsha, Faust, von den Himmeln ist schwerwiegend. Zertrümmere meine Nation nicht.' Allah zertrümmert nicht, sondern diszipliniert. 'Oder von den Himmeln sende Ich..', und heute sind die Himmel voller Zorn. Die Himmel sind voller Zorn. Tornados, Hurrikane, Überschwemmungen.. sind die Zeichen Himmlischen Zorns. Aman ya Rabbi. 'Ich bin fähig, euch von den Himmeln zu senden.'

Der Prophet (saws) sagte: "Aman ya Rabbi." Das ist das wenigste, was kommen wird. "'Aw min tahti 'Arjulikum" - Oder Ich rüttle euch von unter euren Füßen und ihr geht nieder.' In Erzincan starben 30.000 Leute in weniger als 5 Minuten. (1939 Erzincan Erdbeben). Ich erinnere mich daran. Ich war vielleicht so alt wie dieser Selim. Möge Allah sie alle beschützen. Mit einem Rütteln, mit einem Rütteln starben 30.000 Leute in Marmara (1999). Aman ya Rabbi. "'Aw min tahti 'Arjulikum" - Ich rüttle von unter eueren Füßen oder sende von etwas, was über euch ist.' Er (s) sagte: "Aman ya Rabbi" "'Aw" - 'oder', wenn ihr immer noch nicht anständig seid, wenn ihr euere menschlichen Attribute ändert und wie wilde Tiere zueinander werdet, "'aw Yalbisakum Shiya`an" - lasse Ich euch in verschiede Parteien oder Gruppen aufteilen, damit "wa Yudiqa Ba`dakum Ba'sa Ba`din" - ihr euch gegenseitig bestraft. Jetzt sind wir in diesem 3. Stadium. Unser Prophet (saws) sagte nicht 'Nein', denn wenn Wildheit überhand nimmt, kommt ganz bestimmt Bestrafung. So fielen sie jetzt in diese Strafe und werden vernichtet werden. Aman ya

Rabbi. Tawba ya Rabbi, Tawba Astaghfirullah.
Leute, mögen wir uns unserem Herrn zuwenden. Möge ich mich auch zuwenden. Möge ich mich auch zuwenden. Möge ich mich auch hüten. Möge Allah mir meine Sünden vergeben. Möge Er uns unsere Sünden vergeben. O unser Herr, Du weißt. Du bist Subhan, Sultan. Wir sind die Schwachen. Wir sind Deine schwachen Diener. Allah.. Allah Allah. Sprich "Allah" und sei gerettet. Allah (swt) hat uns nicht geschaffen, damit wir uns bekämpfen, damit wir uns gegenseitig vernichten. "Fa'aslihu bayna 'Akhawaykum" - Also schlichtet zwischen eueren Brüdern. (49:10) sagt Er. "Wa s-Sulhu Khayrun" - Und Friedenstiften ist besser (4:128). Er (swt) sagte nicht: "Qital" - 'Kämpfen' ist besser für euch. Friedenstiften ist gut. Er (swt) sagte nicht: "Al-Harb khayrun lakum", sondern "As-Sulhu khayrun lakum". Er (swt) sagte nicht: 'Kämpfen ist gut.' Er (swt) sagte: 'Frieden ist gut. Lebt in Frieden miteinander. Lebt für Mich.' Tawba ya Rabbi, Tawba. Tawba Astaghfirullah. O Herr, mögest Du uns einen Sultan schicken. Wir sind ohne Sultan geblieben und haben schlechtes Benehmen angenommen. Wir haben unsere Menschlichkeit vergessen. Mögest Du uns einen Sultan schicken, der uns diszipliniert. "Sultan Dhillu Llah fi l-'Ard" - Der Sultan ist der Schatten Allahs auf Erden. Sultan! Die Länder mit einem Sultan sind im Frieden, alle anderen in einer schlimmen Lage. Sie bekämpfen einander. Er läßt sie jetzt aufeinander los in jedem Land. Er sagte: 'Sie selbst sollen sich gegenseitig bestrafen. Da sie nicht hören auf 'Frieden ist besser', laßt sie kämpfen, bis sie sich gegenseitig erledigt haben. O Mein Geliebter, greife nicht ein. Laß es.' Aman ya Rabbi. Tawba ya Rabbi, Tawba.
Ich möchte, daß wir nicht zu ihnen gehören. Mögen unsere Kinder, Brüder auch nicht zu ihnen gehören. Mögen unsere Leute, wir alle, nicht wie sie sein, mögen wir nicht wild sein. Mögen wir zahm sein. O Herr, mögest Du uns einen Sultan senden, der uns diszipliniert. Wir sind ohne Meister geblieben, mögest Du uns einen senden. Fatiha. Wenn eine Gruppe Hunde, gegenwärtige Gesellschaft ausgenommen, bellt, kommt die andere Gruppe und beginnt auch zu bellen. Was ist das? Warum schreit ihr? 'Ich schreie, dann schreist du...' Die Straßen sind voll mit merkwürdigen Kreaturen, die außerhalb menschlicher Attribute sind. Diese Menschen treten die Ehre der Menschheit mit Füßen. Sie sagen nicht: 'O mein Herr, mögest Du uns einen Muslih senden, mögest Du einen Sultan senden, mögest Du einen senden, der uns bei der Hand nimmt. Wir haben niemanden mehr, der uns bei der Hand nimmt. Es ist nur unser Sultan.' "Sultan Dhillu

Llahi fi l-'Ard" Was bedeutet 'der Schatten Allahs auf Erden'? Er ist der, der Macht hat und die Ordnung Allahs erhält. Sultan, selbst sein Name hat Majestät. Du bist Subhan, Du bist Sultan. O Herr, mögest Du uns bald einen Sultan senden. Bald, o Herr.
Wir sind verwirrt, unsere Egos auch. Aman ya Rabbi, mögest Du uns nicht unserem Ego überlassen - "La Takilna ila Anfusina Tarfata Ayn". Es ist das Wort des Propheten (saws). Mögest Du uns nicht unserem schmutzigen Ego überlassen. O Herr, was können wir tun? Was können wir jetzt tun? Was sollen wir tun? Wir sind ohne Meister, ohne Sultan. Mögest Du uns bald einen Sultan senden. Mögest Du uns die Osmanen senden, o Herr. Sie überwältigen sie alle. Es gibt einen Heiligen Vers, der bestätigt, was wir sagen. "Bi Qawmin Yuhibbuhum wa Yuhibbunahu" (5:54). Ich rufe die Osmanen dazu auf, daß sie Allah lieben und Allah sie liebt. Subhan Allah. Fatiha. 'O die ihr glaubt, wer von euch sich abwendet von seiner Religion, Allah wird Leute bringen, die Er liebt und die Ihn lieben, bescheiden gegen die Gläubigen, streng gegen die Ungläubigen, kämpfend auf dem Weg Allahs und ohne Furcht vor dem Tadel der Tadelnden. Das ist die Gnade Allahs, die Er erweist, wem Er will. Und Allah ist Allumfassend und Allwissend.' (5:54)

**Aufsteigen wie ein Zeppelin**

As-salâmu ‘alaikum wa raªmatullâhi wa barakâtuh. Destûr yâ sayyidî, yâ sul†ân al-awliyâ’, medet. A‘udhu billâhi mina sh-shay†âni r-rajîm, bismi llâhi r-raªmâni r-raªîm, lâ haula wa lâ quwwata illâ billâhi l- ‘aliyyi l-‘a|îm.

Jeden Tag gib es eine neue Seite. Neue Seite. Heute gibt es eine neue Eröffnung. Es ist nicht wie gestern, nein. Jeder Tag hat seine spezielle Identität. Und jeder Tag ist nur einer. Niemals wird ein zweiter Tag wie der heutige sein. Die Woche hat sieben Tage, aber nur ihre Namen wiederholen sich: Samstag, Sonntag, Montag, Dienstag, Mittwoch, Donnerstag und Freitag. Diese sieben Namen wiederholen sich, aber denkt nicht, daß jeder Donnerstag oder Freitag gleich wäre. Unter demselben Titel kommen verschiedene, zahllose Tage daher, und der heutige Sonntag ist ein von Tausenden und aber Tausenden von Sonntagen verschiedener. Und wir sind jetzt in ihm. Wir versuchen, eine kleine Öffnung zu machen, um zu sehen, was in ihm ist, und wir versuchen, etwas zu erreichen, was gerade am heutigen Sonntag gewährt wurde.

Die heutigen Menschen sind vollkommene Materialisten. Ihnen ist allein wichtig, mehr materielle Aspekte zu erreichen. Und deshalb fragt jeder an jedem Tag, sobald es Abend wird – in großen Gesellschaften fragen deren Manager oder Direktoren oder Besitzer oder Vorsitzenden – sie fragen unverzüglich: „Wie geht es heute unserer Arbeit? Wie steht der Kurs heute? Geht er hoch, oder kommen wir nach unten?“ Wenn ihnen gesagt würde, daß der heutige Kurs in einer Grafik steigt, dann wären sie glücklich und sagten: „Bravo! Es ist so ein glücklicher Tag für uns!“ Die Grafik in diesem Computer zeigt, daß es aufwärts geht, und sie schauen. Wenn sie anzeigt, daß es runtergeht, werden sie sehr traurig. Ihre Bilanzen sind nur für materielle Aspekte. Ihr Glück oder ihr Unglück, ihre Freude oder ihre Trauer gehen mit diesen Linien graphischer Zeichen einher, so daß, wenn diese graphischen Linien hochgehen, dies der Grund für ihr Glück ist. Wenn sie runtergehen, ist das ihre Traurigkeit. Den Leuten des 21. Jahrhunderts, die beanspruchen, die Spitze der

Zivilisation erreicht zu haben, volle Autorität über die natürlichen Kräfte erreicht zu haben, ihnen sind die Linien, diese ungeraden Linien, Traurigkeit oder Vergnügen, sollten sie auch nicht so stabil sein, sondern einbrechen, oder sollten die eingebrochenen Linien hochsteigen. Sie haben ihren Ausgleich verloren. Sie sind geradewegs an diese Linien gebunden. Wenn du ein schwarzes Insekt auf einem Papier laufen lassen würdest, wäre es besser als diese Linien. Sie heften Glück und Traurigkeit, Vergnügen und Unglück an diese Sache – was ist das? Nasil?... Das ist ihre letzte Stellung, die man sich nicht vorstellen kann.

Auch wenn diese Welt 10.000 oder 100.000 oder eine Million Jahre länger bestehen würde, auch dann denke ich nicht, daß ihr Vergnügen oder Unglücklichsein sich in eine andere Richtung wenden würde. Nein. Denn es sind materielle Aspekte, die nur diesen Punkt erreichen. Nicht mehr. Und es ist keine echte Wirklichkeit, es ist kein wahrer Weg, nein. Ihr Denken und ihre endgültigen Aspekte, die sich auf diesen Linien bewegen, bedeuten für die Menschheit keine echte Vollkommenheit. Nein. Mögen wir dieses Leben auch aber Tausende von Jahren weiterführen, solange sie sich an diese Linien, die graphikartigen Linien über Vergnügen und Traurigkeit, binden, wird ihre Vollkommenheit unter der Stufe der Perfektion, unter der Stufe der Vollkommenheit sein. Niemals erreichen sie die Stufe der Vollkommenheit. Niemals erreichen sie sie. Und ich glaube nicht, daß jemand, von Ost bis West, an diesem Punkt jetzt etwas aussetzen kann. Und sie sagen: „Wir versuchen, der Liniengraphik zu entkommen.“ Nein. Man kann nicht ... Tausende von Leuten sitzen und schauen auf diesen Computer. Geht es so hoch oder kommt es herunter? Wie können sie vorgeben, daß sie es ändern werden? Man kann es nicht ändern. Erfolg durch das? Ungerade Linien: wie primitiv; sehr einfaches Ziel, ein sehr einfacher Zweck oder ein sehr einfacher Grund für ihr Leben.

Wir versuchen, diese falsche Idee zu zerschlagen. Dies ist eine bescheidene Versammlung, eine bescheidene Gruppe von Leuten. Aber mit dem, was wir sagen, versuchen wir die Menschen zu veranlassen, ihre unsinnigen Ziele aufzugeben und ihre Ideen zu ändern oder auf einige wahre Aspekte zu richten. Wir beanspruchen dies. Hier mögen 50 oder 60 Leute sein, aber das ist nicht wichtig. Wichtig ist die Idee, die wir den Leuten bringen, damit sie darüber nachdenken – das ist wichtig. Das ist wie das Himalaya Gebirge, aber ihre Ziele sind wie das einer Ameise, die ein Loch macht und Erde herausholt und Hügel um ihre Häuser errichtet: ihre Angelegenheiten, ihre Ziele sind so. Aber was wir sagen, ist wie das Himalaya Gebirge.

Schau, was die Angelegenheiten der im 21. Jahrhundert lebenden Menschen sind. Wonach streben sie? Kein Wert. Kein Wert. Sie verschwenden sich. Und sie vergeuden ihre „miraculas-Struktur“ physisch und

spirituell. Sie zerstören sie mit solch satanischen Aspekten. Diese graphischen Linien sind satanische Aspekte, nichts mehr. [...] Es ist keine Ehre für sie, wenn satanischer Stolz auf sie kommt, wenn Shaitan mit ihnen spielt oder Shaitan sie als seine Figuren benutzt, als shaitanische Figuren, und sie erreichen nichts. Ihr fragt nach Vollkommenheit von einem vollkommenen Geschöpf. Ja. Ich sage nicht von mir selbst, ich wäre ein Wichtiger. Ich sage dies nicht zu mir, denn es ist nicht richtig, wenn jemand von sich sagt, er oder sie bekleide „Wichtigkeit“. Wenn du dir das Kleid der Wichtigkeit selbst anziehst, ist es keine Ehre für dich. Aber insgesamt unter aller Schöpfung ist das Kleid des „IP“ nur den Kindern Adams gewährt. Und das ist die Menschheit. Die Menschlichkeit. Von der Menschheit wird ein jeder, jeder Mensch durch dieses Kleid zu einem Bevollmächtigten, der IP-Bekleidung. Aber meistens sind die Grenzen der Leute ... [Türkisch ...] Das schneidet es ab. Solche Dinge unterbrechen, oder es geschieht manchmal auf spirituellem Weg, daß die Sicherung herausspringt und es stoppt. Man muß es wieder anschließen. –

Deshalb ist, wer so etwas bringt, ein Dummkopf: Es ist nicht die Zeit, zu trinken oder zu essen, ihr müßt eure Aufmerksamkeit auf das richten (was ich sage) – So sehr wir Aufmerksamkeit schenken, um so mehr starke Weisheiten mögen ankommen, über die ich sprechen kann. Dies hier handelt von dem Gewand, das den „IP“ bekleidet.

Unser Herr, unser Schöpfer hat es vorbereitet: Wenn die Menschheit sich mit dem bekleidet, was den IP bekleidet – Menschlichkeit –, werden sie Vollkommene sein. Sie repräsentieren Menschlichkeit. Nicht jeder repräsentiert Menschlichkeit, nein; IP ist für jeden. Wenn du es dir selbst anlegst oder wenn du es nicht nutzt, gehört dein Leben der Tierwelt an, nicht mehr. Sie sind dann auch Tiere. Dem, der sich nicht mit dem IP Gewand kleidet, dem sagt der Herr: „Ich bekleidete euch mit der Ehre, Meine Diener zu sein.“ Aber wenn du nicht kommst und es bekleidest, bist du nur ein Mitglied der Tierwelt. Und du wirst das wildeste unter allen Geschöpfen sein.

Es gibt kein Tier wie einen Menschen, der nie mit der Ehre des Kleides der Menschlichkeit bekleidet war. Jetzt kann man sagen, daß die Leute zu hundert Prozent verweigern, das himmlische Gewand anzulegen, das ihren Rang über den der Engel hebt. Wenn sie diesen Punkt erreichen, wird die Erde ein Paradies sein. Ein Paradies. Aber jetzt ist die Erde wie eine Hölle. Paradies, nein, sie ist kein Paradies, sie besteht nur aus Höllen. Deshalb versuchen wir, Leute vor materiellen Aspekten zu retten, vor den seltsamen Linien, gekrümmten Graphik-Linien. Wenn die Menschheit nicht davor bewahrt wird, gibt es keinen Frieden auf

Erden; die Leute laufen nach Frieden. (Hahaha) Kann man im Dschungel von Afrika Frieden finden? Oder im Dschungel der Dschungel Indiens, kann man das? Oder im Amazonas Gebiet, kann man da Frieden finden unter den Geschöpfen? Kann man das? Niemals! Niemals. Wie könnte man! Die Menschen dieser Welt, die gebogenen Linien hinterherlaufen, wie sollten sie die Ebene der Vollkommenheit erreichen? Wir kämpfen jetzt um diesen Punkt.

Und sehr bald muß die Menschheit ihre kriminellen Anstrengungen schmecken. Sie sollten den Geschmack spüren, und sie sollten Zeugen sein, welches Ding der Menschheit diese ungeraden Graphiken brachte. Diese Graphik-Linien bringen das Ende der Menschheit auf Erden, aber sie sagen dies nicht, weil sie shaitanischen Lehren folgen. Sie folgen keinen himmlischen Lehren. Sie verleugnen und fluchen. Und sie kommen in einen Zustand, da kein Tier diesen Punkt der Wildheit erreicht.

Möge Allâh mir vergeben und uns neues Verstehen geben. Die ganze Welt muß verstehen, was wir sagen: Ihr müßt den Punkt eurer Traurigkeit und eures Glücks, die Ebene des Vergnügens, ändern, von der nachgemachten zur Ebene wahren Vergnügens, der Ebene der Vollkommenheit. Auf der Ebene der Vollkommenheit kann man das vollkommene Vergnügen seines Bemühens finden. Wenn du auf Erden gefangen bist, gehst du niemals hoch zu den Himmeln. Ihr müßt alle materiellen Aspekte abschneiden, so daß ihr frei werdet. Wenn ihr nicht frei seid – da gab es Zeppeline, die Deutschen machten in Deutschland Zeppeline, wenn sie herunterkommen, binden sie sie fest. Wenn es in Ordnung war, öffneten sie die Fesseln, und sie stiegen hoch. So lange materielle Aspekte die Menschen auf Erden binden, werden sie niemals auf die Ebene der Vollkommenheit und durch die Vollkommenheit zu Vergnügen und Ehre gelangen. Wir müssen es ändern, wir kommen, es auch zu ändern. Jetzt ist ein Augenblick in den Seelen der Menschen, da sie geschüttelt werden; oder so wie ein Seelendoktor oder ... einen Schock gibt, um manchmal dem Herzen, wenn es stoppt, einen Schock zu geben, um es wieder arbeiten zu lassen. Jetzt beginnen die spirituellen Leute oder die himmlischen Wesen [...] oder die Heiligen, Schocks zu geben, mit sehr schwacher Kraft; aber dies wird nicht enden, wenn der Schock mit weniger Kraft nicht ausreicht, dann geben sie mehr und mehr und mehr hinein, bis sie hochgehen.

Aber Millionen müssen vergangen sein. Gebt acht auf das, was die spirituellen Zentralen als Warnung für die ganze Menschheit bringen, für die, die etwas in ihren Köpfen haben, für jene, deren Kopf nicht wie ein Fußball ist. Sie sollten verstehen, und sie sollten aufstehen; und alle shaitanische Lehre und shaitanischen

Arbeiten müssen enden, und Frieden mag zu jener Zeit kommen. Durch diese Bedingungen kommt niemals Frieden, es kommen nur Tag für Tag schlimmere und schlimmere und schlimmere Bedingungen.

Möge Allâh Seine Diener beschützen, die dem Frieden zulaufen, wahrem Frieden, und sie vor den Höllen bewahren, hier und hiernach.
Zur Ehre des meistgeehrten Einen in der Göttlichen Gegenwart, Sayyidinâ Muªammad œ – Fâtiªa.

# AULIYA HABEN KEINE FURCHT

Möge Allah der Allmächtige unsere Gewißheit mehren, denn sie ist die Kraft, die wir brauchen. Wer nicht mit Yaqin betet, dessen Gebet ist wertlos. Wer keine Gewißheit besitzt, für den ist es besser, unter der Erde zu liegen, als auf ihr zu wandeln. Einmal kam der Erzengel Gabriel zum Propheten (FSmi), setzte sich ihm gegenüber und fragte ihn über Glauben, Islam und Ihsan. Der heilige Prophet (FSmi) antwortete darauf: "Wenn jemand betet, als würde er Allah vor sich sehen." Allah sieht uns und sieht, ob wir beten, als würden wir Ihn vor uns sehen. Allah liebt die Leute mit Ihsan. Bete und denke: Allah sieht dich. So sehr du das Herz sammeln kannst, so sehr wird deine Handlung annehmbar werden. Je mehr du dich im Herzen konzentrieren kannst, umso wertvoller werden deine Handlungen. Sich mit Allah zusammen zu wissen, macht jede Handlung besser. Lernt das Yaqin-Wissen. Wissen, das uns näher an Allah heranbringt.
Wenn der Mensch mit Allah ist, ist sein Zustand anders als ohne Allah. Weder in dieser Welt noch in der nächsten wird ihm ein Problem begegnen. Wenn er es aber wieder vergißt, fällt die Last der Welt auf seine Schultern, und sein Herz verkrampft sich. Die Auliya Allahs haben keine Furcht. Sie sind diejenigen, die Allah nicht verlassen und ihn nicht loslassen. Wer Allah verläßt, der ist mit seinem Nafs, und das wird depressiv. Mit Allah kann keiner Depressionen bekommen. Shaitan gibt die Depressionen. Shaitan und das Nafs sind die Feinde Allahs. Die größte Schwierigkeit für den Menschen ist die Welt, selbst Brüder werden wegen der Welt zu Feinden. Das Gebet wurde befohlen, um vor der Welt zum Lichte des Gebets zu fliehen,

denn die Welt ist in Dunkelheit. Der Freund Allahs hat Licht im Herzen, und seine Augen sehen Licht. Er ist ein von Allah erwählter Mensch, und jedem steht der Weg zur Heiligkeit offen. Allah zieht dem das Kleid der Wilayat an, der sich darum bemüht. Er schreibt sich ins Herz, was ihr in den Büchern stehen laßt. Und wem Allah keine Furcht einflößt, wer kann ihm dann Angst machen? Niemand, keine Monster, keine wilden Tiere.

Der Prophet Abraham (Fmi) wurde mit Ketten gefesselt, wie ein wilder Löwe, vor Nimrod gebracht, und doch zitterten Nimrod und all seine mächtigen Soldaten aus Angst vor ihm. Jemand, der mit Allah ist, kennt keine Angst, denn Allah gibt ihm von Seiner Liebe ins Herz. Keiner kann sich die Freude vorstellen, die die Liebe Allahs im Herzen eines Menschen hervorruft. Sieben Höllen werden durch diese Liebe ausgelöscht. Diese Liebe erfüllt die Herzen der Auliya und diese Welt bereitet ihnen keine Angst noch Sorge mehr. Seid mit Gewißheit vor eurem Herrn, schaut beim Gebet auf die Stelle der Niederwerfung, denn von dort aus schaut Allah auf den Betenden. Wenn dieser dreimal die Augen abwendet, nimmt Allah Seinen Blick weg, und der Betende wird verlassen von dieser Gnade. In der Nähe ist Vertrautheit. Warum bleibst du weg von mir? Komm näher. Nähere dich Allah. Wessen Nähe suchst du denn sonst?

## Aus der Dunkelheit ins Licht

(SunRisesInTheEast, english)

Tabarak Allah wa ta'alAllah. Hayyy, Hayyyyy, Hayyyy, Hayyyy, Hayyy, Hayyyy Hayyy, Hayyy, Hayyy, Hayy, Hayyy, Hayyyy, Hayyy Hayyy, Hayyy, Hayyyy, Hayyyy, Hayyyy, Hayyy, Hayyyy Hayyy, Hayyyy, Hayyyy, Hayyyyyy, Hayyyyy, Hayyyy. Huuuuuuuuu. As-salaamu' alaykum....

Marhaban bikum, Anwesende unter den Jinnen. Sie sind daran interessiert etwas heute Nacht zu hören und ebenso ihre anwesenden Könige. Heute Nacht sind 7 Jinnenkönige. Aleikum salam, Anwesende der Gemeinde von Muhammad s.a.s. , zidhuu yaa Rabee ... yaa habeeb.

Wir sind nie glücklich (wir sagen "wir", dastoor yaa rijaal Allah, „wir“ gläubigen) sind niemals glücklich, wenn das Siegel der Propheten nicht respektiert wird auf Erden. Wir sind sehr traurig, und alle Muslime muss dass traurig machen Allah der Allmächtige, subhanataallah, gib seine höchste Ehre seinem meistgeliebten und meistgeehrten Diener. Wenn er nicht respektiert und nicht geehrt wird auf diese Welt, macht das die 7 himmel wie yatak (geschüttelt) durch den Ärger der Engel. Wenn der meistrespektierte auf Erden nicht respektiert wird, ist das ein soo schlechtes Verhalten. Das ist der Grund, warum auf die Leute von Flüchen heimgesucht werden. Weil sie ihm ihren höchsten Respekt verweigern, ihre höchste Liebe, ihre

höchste Anerkennung, ihr höchstes taqdeer für das Siegel der Propheten – dem meistgeliebten in der göttlichen Gegenwart. La hawla wa la quwatta... möge Allah uns vergeben und uns einen senden, der alles wieder in seine richtige Stellung einsetzt.

Huuu und wir sagen salamu aleikum, ya Stellvertreter der Himmel auf dieser Welt, Qutb al-Mutassarif, wir sagen zu dir auch assalamu aleikum, ya ya. diesem Menschen wurde gewährt, nach allen Geschehnisse auf diesem planten zu schauen, du bist so mächtig. Wir geben dir unseren Respekt, weil du der Stellvertreter der Himmel auf Erden bist. Und dann bitten wir den Herrn der Himmel um Vergebung.

Oh ihr Menschen, sagt immer Bismillahirrahmanirrahim (und) audhubillahi... Sagt zumindest 7mal täglich audhubillahi.. Und wenn du nach mehr verlangst, kannst du es auch 40mal sagen; wenn du das Niveau der angenommen diener erlangen und vor der Dreckigkeit Shaitans gerettet werden willst, kannst du auch 70mal Audhu... sagen. Astaghfirullah, astaghfirullah, Allah, oh unser Großscheich, das ist ein Beginn.

Li kulli shay'in baad - Hadith sharif, Salafi Ulemas, hört ihr zu? Ich denke es ist arabisch, und ihr versteht es nicht. Li kulli shay'in baad. Wenn es keinen baab gibt, kannst du es nicht betreten, deswegen sagen wir Audhu... Für was? Um Shaitans Attacken durch diese Türe zu verhindern, es zu schließen. Denn Shaitan ist so eine schreckliche Kreatur, und du magst dir vorstellen, wenn Shaitan (selbst) einen Weg findet, das Paradies zu betreten, was ist denn (erst) mit dieser Welt? Ist es nicht so, Salafi Ulemas? Was ist dann? Denkt nicht, ihr könntet in Sicherheit vor Shaitans Finten und Fallen sein, nein, da gibt es keine Möglichkeit, seid immer auf der Hut vor Shaitan. Er fand einen Weg, ins Paradies einzudringen, wie ging das? Das bedeutet talab ana jadana ...

Wenn eine Person darum bittet etwas Gutes oder etwas Schlechtes zu erlangen, (arabisch) darum bittet die Freude und Zufriedenheit Allahs des Allmächtigen zu erreichen, dafür gibt es einen klaren und erleuchteten Weg. Er ist offen, du magst eintreten. Wenn eine Person nun einen anderen Weg verlangt, um Menschen glücklich zu machen, ihn auf dreckige Wege schickt, für was? Weil unser Ego dreckig ist, wird alles, was es anfasst, auch immer dreckig sein. Deshalb ist es so leicht für Shaitan, unser Ego in die Dreckigkeit zu bringen, auf dreckige Wege, (in) die Dunkelheit zu werfen.

Als eine Beispiel, hehe, Leute, Allahu akbar wa lillahil hamd. Sie bitten gewöhnliche Menschen darum, die auf dieser Erde leben, in die Dunkelheit einzutreten. Ja. Was bedeutet das, versteht ihr das, Salafi Ulemas?

Ihr kommt nie, eure Erinnerungen, was wir sagen. Schaut, Dunkelheit ist das letzte, schlussendliche Ziel der Menschheit. Wenn sie ihren Egos folgen, fragen diese danach, in die Dunkelheit zu erlangen. Dort zu sein, in der Dunkelheit, weil die Dunkelheit ihr Wesen verbirgt und keiner kann dich oder diesen mehr sehen. Es ist ein Beispiel, aber es ist die Realität: Der Mensch rennt in die Dunkelheit. Oh, Salafi Ulemas, versteht ihr, was wir sagen? Burhatu burhanukum, ihr mögt (mich) auffordern, meine Beweise vorzulegen, und was zu mir kommt (mir eingegeben wird), mag ich sagen. Subhanallah.

Vieleicht hat noch keiner über den (folgenden) Punkt nachgedacht. Kennt ihr Neujahr? Den Übergang von 2009 zu 2010? Was rennen sie in dieser Nacht, wenn die Uhr sagt: dumm, dumm, dongg, dongg, donngg - 12 Uhr und Shaitan befehlt, macht alle Lichter aus, lasse die Leute in die Dunkelheit eintreten, sie werden so glücklich sein! Habt ihr jemals über diese Sache nachgedacht? Ich glaube nicht. Das ist der Beweis, und sie sagen, wenn diese Dunkelheit weiter besteht, (jetzt) es ist nur (für) eine Minute, was ist dann? Und sie sind nicht zufrieden, nur eine Minute, lasst diese Dunkelheit bis zum morgen (andauern), wir sind so glücklich in dieser Dunkelheit zu bleiben. Das ist ein schlagender Beweis, dass unser Ego (immer) danach verlangt, in der Dunkelheit zu sein und zu bleiben. Und zu jeder zeit werden die Leute von ihren Egos in die Dunkelheit gezogen. Deshalb rennen sie von der erleuchteten Welten und erleuchteten Ozeanen davon. (stattdessen) verlangen sie nach Dunkelheit, um dort hin einzutauchen mit ihren Egos und Shaitan ruft ihnen zu: „Komm, komm, komm zu mir, komm zu deinen Welten der Dunkelheit, die auf dich warten, und du sollst hier alles als Dunkelheit (wieder)finden".

Shaitan ruft die Menschen zur Dunkelheit, das ist ein Beweis, keiner kann sagen: Nein, selbst der Papst, der Dalai-Lama, der Hauptrabbi kann es nicht leugnen, dass ihre Egos nach der Dunkelheit verlangen, ihre Egos in Dunkelheit sein wollen, dass keiner sieht, was sie tun. Sie sagen, der Gipfel des Vergnügens liegt in der Dunkelheit. Deshalb kommen die meisten Leuten auf dieser Erde nicht zu den erleuchteten Menschen, sondern flüchten vor ihnen, rennen vor ihnen weg. Deshalb (tun sie das) jede Nacht, tagsüber arbeiten sie wie die Esel und warten nur auf die Dunkelheit, darauf, dass die Nacht kommt. „Wir müssen die Nacht erreichen, die Nacht ist eine so nette zeit, um unsere egoistischen Bedürfnisse zu befriedigen, Ohh, die Nachtzeit, dunkle gebiete, keiner sieht was wir tun, oh, wir mögen es so sehr, wir mögen nie das erleuchtete Licht.“

Deshalb bringen alle Religionen göttliches Licht vom Himmel, erleuchten (die Welt). Wer sind sie? Die

Botschafter des Himmels, Botschafter des Herrn der Himmel, sie kommen und warum oh Salafi Ulemas, was ist eure Meinung, warum kommen die Nationen, die Nation von Noah, die Nation von Moses, die Nation von Abraham, die Nation von von Yunus, die Nation von Jesus Christus, die Nation von Zakaria, und der letzte, das Siegel der Propheten, (auch) sein Volk, warum kommen sie und rufen und streiten mit dem Siegel der Propheten, Sayiddina Muhammad. Er bringt (doch nur) himmlisches Licht und die sagen thuu (und spucken drauf) !! Oh, Salafi Ulema, ihr versteht, was das bedeutet (yud khiluna ...).

Ja, diese Leute, die Nachfolger Shaitans sind und Shaitan betrügt sie, er betrügt sie und sagt ihnen, geht nicht zu diesem, weil er (nur) Licht bringt und Licht über Licht, du kannst nicht mehr deinem Vergnügen folgen. Du musst (dagegen) in Dunkelheit sein und in der Dunkelheit kann dich keiner sehen und du kannst alles tun, keiner kann es verhindern, weil dich keiner sehen kann. deshalb, renne nicht diesem hinterher, denn er bringt Licht und wenn sich das Licht öffnet kannst du nichts mehr für dein egoistisches vergnügen tun, weil dein Ego (stets) danach verlangt, in Dunkelheit zu sein, alles dort machen zu können und nicht gesehen zu werden.“

Salafi Ulemas kümmern sich nicht darum, die Leute daran zu erinnern. Die westlichen Länder sind in Dunkelheit und sie wollen ihre Dunkelheit auch in die orientalischen Länder bringen, wo Muslime sind, sie verlangen danach, Dunkelheit in die erleuchteten Länder zu bringen, wo es erleuchtet Menschen gibt, Muslime, erleuchtete muslimische Menschen, Deshalb wollen die Stellvertreter Shaitans für die islamische Welt die Dunkelheit aus den westlichen Ländern (auch) in die orientalischen Länder bringen, so dass sich die Sonne verdunkelt. Benutzt euren Verstand, weshalb folgt ihr der Dunkelheit der westlichen Länder, alle dort mögen (doch) die Dunkelheit. Den ganzen Tag arbeiten sie dafür, die Vergnügungen der Nacht zu erlangen. Ihre egoistischen Bedürfnisse verlangen danach, ihr physisches Vergnügen in der Dunkelheit zu suchen. Deshalb sind sie nicht an wirklichem Glauben interessiert, an wirklichem Licht, das vom Himmel kommt.

Oh, Salafi Ulemas, warum sagt ihr nicht zu euren Königen, euren Gelehrten, warum rennt ihr (stattdessen) in den Westen? In die Länder, wo die westliche Sonne untergeht? Warum erinnert ihr eure eigenen Leute nicht? Oh Gläubige, warum sendet ihr eure Leute in die westlichen Länder, Ist das nicht genug (für euch), was der Prophet s.a.s. euch gebracht hat, immerzu sagt ihr nur "Das ist bida, dies ist Shirk, das ist Kufr," usw. anstatt ihnen zu sagen, schaut nicht auf westliche Länder, schaut dorthin, wo die Sonne aufgeht, du wirst alles viel klarer sehen, wenn die Sonne scheint. Es ist eine Sonne für die ganze Welt, sein materielles Aufgehen und

Untergehen, aber für die Menschheit, die wirkliche Sonne ist gerade aus dem Osten aufgegangen, aus dem sonnenreichen Gebiet und die wahre Sonne ist das Siegel der Propheten, Sayiddina Muhammad, kommt zu ihm, wenn ihr nach wirklicher Menschlichkeit verlangt, kommt und folgt, kommt von Ost und West, oh ihr Menschen.

Ahzirukum. Ich warne die gesamte muslimische Welt, wenn sie in den Westen laufen, ihre Dunkelheit, ihre herzen werden untergehen in der Dunkelheit. Die westlichen Länder geben den Muslimen kein Licht, ihre Herzen werden in Dunkelheit getaucht, wenn sie dorthin gehen, ihre Lichter gehen aus. Wenn die (Menschen aus den) westlichen Ländern in die orientalischen Länder kommen, verändern sich ihre Gefühle, sie fangen an, die Realität zu verstehen. Denkt nicht, dass Technologie irgendwas mit der Realität zu tun hat, es bringt die Menschen nur noch mehr in die Dunkelheit, und sie verlieren ihr wahres Wesen. Was ist das, Salafi Ulema, immer kämpft ihr gegen mich, dabei sind meine Worte 100% Realität und nur mutabiq - was der heilige Qur'an sagt, unsere Worte stehen genau in ihm drin. Wir möchten nur, dass die Menschen erleuchtete Welten erlangen und Erleuchtung in ihrem Leben im Diesseits und ihm jenseits. Wer der Technologie hinterher rennt, wird im Diesseits und Jenseits in Dunkelheit sein.

Oh ihr Menschen, Oh ihr Menschen, ich bekämpfe mein Ego, und ihr habt Verantwortung für euch selber. Wenn ich irgendetwas falsches sage, ist Allah der Allmächtige fähig, mich zu bestrafen oder mir zu vergeben, er weiß es am besten. Aber was uns gewährt wurde (wa thakir), der heilige Qur'an sagt es, sagt es den Leuten, macht, dass sie sich daran erinnern, wo die erleuchteten Länder und wo die Länder der Dunkelheit sind. Das Siegel der Propheten kam, um die Leute von Dunkelheit wegzunehmen und sie zu den erleuchteten Gebieten hin zu bringen. Aber Shaitan und unser Ego sagt: "Nein, wir sind glücklich und zufrieden mit der Dunkelheit." Astaghfirullah, Astaghfirullah, das ist eine wichtige Warnung für alle Nationen.

Möge Allah mir vergeben und euch vergeben. Wir müssen den Heiligen Qur'an verstehen, ich bin ein schwacher Diener, ich kann nicht in die Ozeane des Heiligen Qur'an eindringen, aber sie gewähren mir, am Strand zu stehen, wa thakir. Um die Leute daran zu erinnern, an ihr wahres Wesen, ihr wahren Sinne, und um sie zu lehren, was der beste Weg für sie ist, sie zu beschützen im Diesseits und ihm Jenseits, Sie gewähren uns nur einen himmlischen Schutz, mehr Licht in unseren Herzen, aber die Leute rennen davor weg, rennen vom Licht weg. Nur eine Handvoll Menschen verlangt nach den Lichtern, aber die Mehrheit rennt in die dunklen Ozeane, und sie werden dort bleiben bis in alle Ewigkeit, zu einem schrecklichen Ende. Oh ihr Leute

in Ost und West, inklusive meines Egos und das des Papstes, und des Bischofs, und des Rabbis, lasse sie (alle) und kommen zu den erleuchteten Welten, dessen Licht durch das Siegel der Propheten alle Menschen und Nationen erreicht hat.

Dos Muhammad jani, (türkisches Lied)

Hayyyyy, hayyyyy, hayyyy, oh unser Herr, lasse uns nicht in der Dunkelheit. Du hast uns schwachen Diener den Glauben, den wahren Glauben gewährt, und alle Propheten haben (nur) danach verlangt, die Leute aus den dunklen Ozeanen zu befreien und zu den erleuchteten Ozeanen zu bringen, das ist es - nichts sonst. Das ist die Zusammenfassung, die Essenz aller heiligen Bücher, das ist sonnenklar. Keiner sagte je was anderes, Adam, Noah, Abraham, Moses, Suleiman, John, David, Jesus a.s., Zakaria, Yahya, alle Propheten kamen (nur), um die Leute aus der Dunkelheit in erleuchtete Gebiete und Ozeane zu bringen.

Möge Allah uns vergeben, um der Ehre des Meistgeehrten willen, Sayydina Muhammad, s.a.s.,

Fatiha.

# AUTHORITY TO UNDERSTAND THE HOLY QURAN

Oh man, you were created weak! Don't try to balance big things within your small mind. Greatness belongs to Allah. One of his Divine Attributes is to be able to do whatever and forever what He asks to do. Everything concerning yourself He has put into the Quran. You must believe that.
What did Muhammad sws. do during 20 years? He was giving explanations about the Holy Quran, because we cannot enter the wisdoms of it. Even now, you may read a hadith and not be able to give its meaning. If you are not authorised, then you should not comment. But in our days everyone has so many books and they bring them and say, "I know about hadith, I can explain them." From where have they been authorised?

In the old days a learned one used to hand on the authorisation to his successor or to his student who would sit infront of him for 10, 15, 20, 25, 30 years and then the alim would say, "I am authorising you to speak to people about the hadith and about the Holy Quran." That is why I am ashamed to recite a verse out of the Holy Quran and then to say the meaning. Even if there is such an authority and if in the traditional way I learned from my teacher and he gave me permission 50 years ago. It is written, in the traditional way, "I am giving the authority to address and to talk to people to my student Muhammad Nazim Adil. I am giving that authority to him because my teacher gave that authority to me and my teacher was also authorised by his teacher and he was also authorised by his teacher... this reaches back to the Prophet sws."

If no such authority has been given to you reaching back to the Prophet sws., you will be made responsible whenever you teach the hadith or the Holy Quran. It is a very wrong thing when unauthorised people come and teach, they cannot do that. Allah Almighty is witnessing when we are saying something without authority, and we will carry all the responsibility of the people to whom we teach.

Muhammad sws. explained the Holy Quran in a period of 23 years. During this time millions of hadith came, but now Wahabi people have only made one book with a few hundred hadith and they say that it is all which is acceptable from the Prophet. For 23 years Muhammad sws. was addressing his nation and he knew that it was not only for his companions, it was meant for his future nation, for the Muslims to come through all times. He did not only sit with his companions, he was always speaking. If you take all the knowledge of all the learned ones it will only be like one spot compared to the ocean of wisdoms of the Prophet sws. How can anyone say that they know anything?

People were coming like rivers to listen to the Prophet sws. were are all these talks? I wonder... They have only put a few hundred hadith and they say that it is all. They accept his Prophethood, but they don't accept his hadith? These ignorant people, some of them even being doctors, are proud and think that they can decide according to their minds which hadith is true and which one isn't.

If you are not sure, then admit that you cannot know if it is a hadith or not, just leave it. But don't cut it away. In our traditional books millions of hadith were written. How is it possible to bring the whole Islamic culture into one book. How is it possible?

That is why our belief is losing its power from day to day and getting weaker and weaker. Then there will be no more power of faith and people will get into miseries and sufferings and neverending problems. There will not be enough power in our faith to bring the solutions to the Muslims. That is why the Muslim world is boiling like a pot. And here and there the enemies of Islam are making everything against Islam and the Muslim world cannot do anything.

I heard that many thousands of Muslims here in Sri Lanka were sent away from their homes. Where is the Islamic world? They are fighting and quarrelling with each other. Why is all this happening? Because our faith is getting less. Allah Almighty has ordered us to be together, but we are separated. There is no value. It is a pity for us. We are even fighting Islam within ourselves. Not only our enemies from the outside, no!

Foolish Muslims even fight inside.

## Avoid Fitna as for Imam Mahdi is Near!

Wherever there is a crowd, a certain man would always tag along behind them. He knew they were going to a feast, so he would follow behind and enter as soon as they entered. The doorkeepers or guards of that place would assume he's one of them and welcome him in. One time he saw a another crowd, only now they were surrounded by police officers, whereupon he said, "Let me follow these people around, they must be important ones," and went along. Subsequently, they all entered through a castle door with this man following behind.

Upon their arrival, the judge said, "Decapitate them!"

The man cried, "Aman! But I'm not one of them!"

"O, shameless one! Then why have you come with them? Bunu falakaya yatirin, beat him on the soles of his feet (bastinado)!" ordered the judge. "Have the rest decapitated, but this one, beat him on the soles of his feet and see if he will ever follow behind them again!"

This is how people are now: they tag along each other, thinking there's something important, and then they end up falling into problems and getting punished. May Allah keep it away from us!

Therefore, our Prophet (s) is saying, “Do not go to places that are crowded.” If there’s something happening somewhere and a sitting person stands to see what’s going on, he will fall into that fitna. He should stay sitting where he is and not get up! The one who stands up will be subject to punishment. If he says, “Let me go and see what’s happening,” he will fall into it as well. We are in the Last Days. Don’t say, “What’s happening?! What’s going on?!” Shut your doors and sit in your homes; don’t show yourselves.

Now all of what is happening is wrong. All of it is wrong! One person takes to the streets, shouting, then others tag along behind him, and others tag along them. They went walking (on the streets), saying, “What’s going on?” and they too fell in to the punishment. That other jabbar, tyrant, stood up in confusion, saying, “What’s happening around?” and he fell in to it as well. The ones in Damascus, Egypt, and Tunisia are also the same. Everywhere, people are saying, “What’s going on?” And in Cyprus, they go out to the saray meydani, Palace Square, saying, “What’s happening?”

What is there to happen, O shameless ones? Are they giving out money there? Is that what you are going and running after? What is there? They are consuming each other; they are beating, fighting, cursing each other. But this is not humane; neither cursing nor beating have anything to do with humanity. An effendi (dignified person) is he who does not swear, does not beat or harm anyone. An animal kicks, a dog bites; don’t be like them! You are a human being, but who to say this to? We’re speaking to the wall. May Allah forgive us.

Fatihah.

So this is how they are but their turn will come; they will all have their turn. When we were little, they used to tell us, “From each and every hair of Dajjal’s donkey a kind of sound comes out; you must refrain from going out the door (to run) after it. Whoever walks out will not be able to enter back into their homes; they will have horns coming out of their heads.” And they said, “In the time of Dajjal, when you enter in it, saying, ‘Ooo! There’s music and dancers here,’ you will also grow a horn and won’t be able to enter back into your home.”

He can’t go back in! How could he, when he is immersed in that revelry? Either he will lose his mind or his life. He will be crushed and gone!

Huseyin’s father, along with our Turkish people, were throwing rocks at the British soldiers by Girne’s

border. The Greeks attacked the British soldiers, but what is it for us to get up and throw rocks at them? As soon as the British started getting hit, from confusion they lost their direction of aim and shot at the Turks; our faqeer (Huseyin's father) died just like that!

Allah (swt) has shown the truth of it all, and our Prophet (s) has informed us, "This is right, this is wrong; this is good, this is evil." No one is using their minds. If they did, they would be in a relaxed situation in this world, but they keep running after Shaytan.

Everyone should put aside a week's, a month's or three month's supplies in their homes. Let him say, "These are not for me, but I shall also help the poor and destitute." So this is it, as things will not improve. I mean, once it starts, they will carry on the work, saying, "Now let this collapse, and let these intervene once more, and let the battles outburst once again so Mahdi (a) can come."

Our Prophet (s) said, "Before Mahdi's arrival, the Arab tribes will go against one another." He said, qabaa'il al-`Arab, the Arab tribes, and they were the first ones to begin. This means, Arabs are the first ones waiting for the coming of Mahdi (a), otherwise they would never submit. In any case, we are already under that heavenly command. And finally, also, our people will divide into two groups: one group will take the side of the Russians, the other will take the side of the Muslims. Then Mahdi (a) will arrive. They will abandon old politics and come to a new one. Whatever the case is, the time of Mahdi (a) has entered!

In the old days, they used to uproot dead trees in order to plant new ones that will grow. His uprooting of the old has now begun; all old trees will be uprooted, and he will plant a new one, whether you like it or not. He who gets angry at this should throw himself in the ocean! Therefore, I am telling you that Amik Ovasi, the Plain of Antioch (in Southern Turkey, close to Syria), will be swarmed with soldiers.

(We are weak, O my sultan! What will we do there [how to be safe]?)

Be on the side of Islam! Half the army will remain on our side, and the other half will remain on that side. It is connected to Sham; an army will come from Sham and the Muslims will win the battle. They will expel the opposition group all the way to Istanbul, and will enter "Islambol" with takbeers! Then afterwards, Mahdi (a) will come. It has drawn near now. Allah!

Fatihah.

Allah yuzunuzu ak, kalbinizi pâk eylesin, May Allah enlighten your faces and purify your hearts!

## AwliyauLlah

We hope to not go on the wrong way, we hope to love our Lord, to love and to respect, that is what our Lord wants. Respect Me, have love for Me, I don't want anything else. I don't want any water or food from you. I don't want you to bring me any gold or jewels, no. What I want from you, is to respect Me, love Me. This is Our destur (Our Orders), we should strive for this. Let's love our Lord, respect Him, make Him beloved, make Him revered Amin.
Strength for our bodies. May our day be blessed. We started content. We hope to finish content. We hope to not become from the confused ones, not to follow our bad ego, Fatiha. Bismillahi-r Rahmani-r Raheem O holy ones, the honorable dustur (orders) are yours. Assalamu Alaikum our beloved ones. Who should we have as a beloved friend? Those who respect and love Allah (swt). If you are to have a beloved friend, find those who love and respect Allah (swt). If you are looking for a beloved friend, those are the ones, those who love and respect Allah (swt).
MashaAllah La Quwata Illa Billah Ya Rabb, dress us with today's blessings. If that is so, then say, oh my servant, Bismillahi-r Rahmani-r Rahim if you want today's blessings and goodness, Say Bismillahi-r Rahmani-r Rahim it is the order of the Prophet (sws). Allah (swt) is teaching the Prophet(sws) Who is teaching the Prophet (sws)? "'Allamani Rabbi" (12:37) My Lord taught me. "Addabani Rabbi" My Lord gave me the best of manners.
Who can teach the manners that Allah (swt) taught? No one our Lord, Allah (swt) His, the one He called,"My beloved",His beloved Prophet (sws), take/learn from him. He taught him knowledge, wisdom, love, and yearning. He taught him good manners; how it should be between servant and Creator; how to behave - Addabani Rabbi. Ah. O Glorious Prophet (sws)! It is some strength for our bodies. Oh my beloved friends, where are you? Don't be upset, don't be offended. Do not choose the side of your ego. It is false. Follow the way of Allah's (swt) beloved,

because it is the truth. You will have honor on earth and in the hereafter. Our Beloved (sws) said. Oh our Beloved (sws)! Allah (swt) is asking S. Muhammad (sws), teach my servants how to address one another how to move about/work Teach them.
Dastur Ya Sayyidi, Ya Rasulullah. Dastur, O Holy ones who are following the way of Allah's Habib (sws). Look and find the holy ones. Take blessings from them, those who hold fast to Allah's (swt) way, they have blessings; those who are with them are blessed at a dinner table; if they put a pot of soup. They brought a bowl of milk for Allah's (swt) Beloved (sws) he drank and gave it to S. Abu Bakr (ra), from him to S. Omar (ra), then to S. Osman (ra), then S. Ali (ra) and then to the companions. We never had a feast more sweet, more pleasurable than this.

Shukr Ya Rabbi Marhaba oh beloved friends. Who are our beloved friends? Those who hold fast to the way of Prophet(sws) Who is our enemy? Those who follow satan's way. There is no salvation for them. We are saying, Aman Ya Rabbi for the sake of the honorable Habib (sws), do not allow satan and those who follow him to seperate us from the way that You ordered for us. An answer has come, Oh my Beloved (sws) tell us the ones who love you, who follow your way they are your companions and beloved friends. The companions are the ones who were present for Prophet's(sws) associations. The beloved friends are the ones who love them. How nice to befriend good people. Don't go to the stable, you will find donkeys. Go to the mosque, you will find people, those with good manners, those following Allah's (swt) way, those who hold fast to Allah's way "Faqad Faza Fauzan Adheema." (33:71) They are successful in everything they do. The angels above them will protect them, the ones who love Allah (swt).
Aman Ya Rabbi Oh our Lord, Subhan Allah Sultan Allah Oh beloved friends! Look for the beloved ones. The old people used to say, the heart doesn't want coffee nor a coffee shop. The heart wants a beloved friend, and coffee is just an excuse. We go for our beloved friends, not for drinking coffee. Why go to a coffee shop for coffee. I can drink coffee at home too. For one cup of coffee, why go to the coffee shop? They say, I go for my beloved friend. Who is the beloved friend? The one who holds fast to Allah's way and Prophet's sunnah/traditions. At the very least, if 3 people sit together if they talk just a little, they will find content and joy.
They will say, Ya Rabbi Shukr You allowed us to reach to this day. We woke up for the morning prayer, for the sake of the honorable Habib. Let's get some fresh air, sit outside the mosque or sit

at a coffee shop near the mosque. Let's meet with our beloved friends, because they want (love) Allah (swt). They want Allah (swt) to be pleased with them. They want to follow the way of Allah's (swt) Beloved Prophet (sws). They want to hear about his nature and characteristics. They want to learn something. They want spiritual pleasure. They do not want this world. They want their Lord's love. They want to follow the way of the Beloved (sws). They want the angels to dress them with nur (light) that's why they go to the mosque. Then if he sits at a coffee shop, he will find comfort.
Assalamu Alaikum Marhaba how are you, oh beloved friends? What would we do without you? You are the ones who want to follow Allah's Prophet's (sws) way. You are the ones who have love for him and we also want to take from your love also. Love is the 'taste of life'. It is with love, not with money or gold, not even with piles of jewels, love for Allah (swt) and Prophet (sws) give you life. You will open up. A special light will come to your face. Special power will come to your body. O our Lord, we are weak servants, with Your Generousity and Grace You gave to Your Habib (sws). From Your Habib's lights, You gave to whichever servant You like. We would like to take from those lights too. Let's search for a person, let's go to so and so dergah (zawiyah), let's go to so and so grave, let's go to so and so zawiyah, let's go to so and so dergah (zawiyah). Let's spread out because the holy person lying here followed the way of Allah (swt), made shukr (praise) to his Lord. The holy ones who loved Allah's (jwa) Habib and followed his way - look at the graves/tombs, take wisdom from them.

Prophet (sws) is saying - visit them, visit them. That is why, in the old days, they were full of lights when alive, and full of lights after leaving this world also. Search for Allah's awliya (saints) or those who are following their ways. Go to where they are. In this life, sit at their gatherings. If they are not here, they have moved on. They have their graves. Visit their graves so lights will come upon you, spiritual support, power, faith will come to you. Your lights will increase that is why they made graves/tombs.
In the last days, lousy people will come and destroy the graves. What right do you have to touch graves? This happened everywhere however, their world collapsed over their heads. It is prohibited to visit graves but to go in front of idols, and say you are this and that? That is allowed? satan is making himself to be worshiped by people, they have become disoriented. O

Ya Rabbi It is his noble Dastur. Be careful. It is now coming Dasturu Mukarram, right? Not Dustur, it is Destur. Destur means, an order coming from heavens. It has been given to certain servants. It is said - be cautious with them, they will devastate you. Do not try to come against them. They will turn you into nothing, crush you. Be cautious about speaking poorly about awliya (saints).

Well, we go to Konya and visit Mevlana, very good. What about in your own country? We don't know. Search so you can find. There are also ones that are walking among you and also those lying in their graves. There was once a person, one of our holy ikhwan. They said to him, who is this person? This person, it is Ottoman practise (to say 'zat'), he is from the ones in the grave who walks on earth; the ones who walk around. He said, most are in their graves. Only a few can be found walking among people. If you look you can recognize them from the lights on their face. Be careful, don't have bad intentions towards them, you will not make it to morning. Don't say, I am a gentleman, a pasha,No. Whoever looks at them in a wrong way, or has bad intentions towards them, he will not make it to morning. If it's morning, he will not make it to evening. They will drag your lifeless body to the grave and bury it. Get your head straight. That person is from the ones in the grave who walk among us.

It's not only the ones in the graves, there are also those outside the graves. So, he said, he is from the ones in the grave who walk among our nation. The man began to tremble: Let me kiss your hand. Kiss his hand, kiss his foot. If you don't follow their way, what you will receive is very small. Hold their hands because whoever holds their hands, will go wherever they will go. They are from the people of heaven, whoever holds their hand will go heaven. Whoever doesn't hold their hands, whoever doesn't respect them, whoever destroys their graves, the one who holds their hands is satan and the place satan will drag you to is hell.

Ya Rabbi Show us the beloved ones of Your Habib (sws) so we can be with them. They don't become sick. They don't fall into distress, they don't suffer difficulties because they are the ones standing at the Door of Allah (swt). Where is the Door of Allah (swt)? You know those saints you were asking about? It's at their graves. Allah (swt) is their door, they reach to the Prophet (sws), the Prophet (sws) reaches to Allah (swt). What nice manners, what nice sayings. How will someone know the value of someone else? O beloved ones, sometimes they get cross and make me to speak and other times we say joyful words. If you want joyful sayings, in the mornings, if

you have strength, pray at the honorable mosque then go out, and if there is a grave, go and visit. Read (Quran). After that, come and sit in the association of beloved ones. Allah (swt) will make them to say something nice, a nice saying. Allah's (swt) Prophet (sws) will make them speak. Prophet's inheritors, the holy ones, will make them say. They will say. You will take, you will take lights. The heaviness on your body will leave, you will be revived. Allah (swt) will not make you lie down, Hasha. You will be energetic if they bury you in the grave, until Judgment Day your body won't rot.

There are so many people, their grave is opened, and their body comes out unchanged. The people in Istanbul know. Hz. Ayyub Sultan, when they opened it (his grave) Hz. Akshamsaddin showed them. They found his body, they found his body pure and clean. Be like that, clean. Oh beloved ones, let's be clean. May our day be good/blessed Shukr for our Lord (swt). Peace and blessing on his Beloved (sws). Let us recite Gulbenk Muhammedi. Allahu Akbar Allahu Akbar Allahu Akbar Allahu Akbar La ilaha illa Allah Hu Allahu Akbar Allahu Akbar wa lillah-il Hamd La ilaha iIla Allah Sayyidina Muhammad Rasulullah (sws) May light come down on us from the sky. O our Lord, send us your servants who will teach us these beautiful ways. The first period of ignorance was during the time our Prophet came. The second period of ignorance has now come.

They ruined everything. Who are they following? They are following satan and they destroyed our holy ancestors. They ruined everything, but they will be ruined. Our holy ancestors are standing up. They can be found in every country, those who are loved and respected. Have faith, there are saints and tombs. There are special places for visiting at graveyards. O our Lord we are weak. For the sake of Your honorable Habib (sws), give us strength. Let us say, Bismillahir Rahmani-r Rahim. Let us befriend our beloved ones. Let's talk about Allah and the Prophet. Let's talk about Resurrection Day. We will be refreshed, our troubles will disappear. Oh our Lord "La ilaha illa Anta Subhanaka inni Kuntu Mina z-Zalimina: (21:87) Call out, O my Lord, we could not be worthy servants to You. We hope our faces will not be dark on Judgement Day. Ya Rabbi, let us be from the servants whose faces are white and shining.

Assalamu Alaikum O servants of Allah, may your day and work be good/blessed. Let's love Allah and His Prophet. Let's be with those who love them. Ya Rabbi tawba Ya Rabbi tawba Astaghfirullah Bismillahir Rahmanir Rahim Rabbi Yassir Wala Tuassir Rabbi Tammim Bil

Khayr Let us blow on our eyes and face so our troubles can go away, our illnesses will go away, to be revived in the way of Allah; to be swords ready and drawn in the way of Allah. Sayf ul Maslul Amin wa Salamun ala l Mursalin, Hususan ala Sayyid... Salamatun ala Hadirin wal Ghaibin wal Hamdu lillahi Rabbil Alamin. al Fatiha

Shukr Ya Rabb, we hope to carry the flag of our glorious Prophet (sws) to destroy the hegemony of satan, to close down his ways, so Your servants can face qiblah; so Your servants will go down in prostration to You; so Your servants can carry out Your orders; so the faces of Your servants will shine with faith and become stronger to become more majestic. Ya Rabbi, for the sake of Your honorable Habib, for the sake of Your honorable Habib (sws)! Allahu Allah Allahu Allah Allahu Allah Allahu Allah Allahu Allah Allahu Allah Allahu Allah Allahu Rabbi Allahu Allah Allahu Allah Allahu Allah Allahu Rabbi Allahu Allah Allahu Rabbi, Subhanahu wa Ta'ala Bismillahi-r Rahmani-r Rahim Bismillah. Say, whatever troubles I have, let them disappear.
Bismillahi-r Rahmani-r Rahim Allah (swt) doesn't allow the ones who call out to Him to be weak. He doesn't let them be weak or servile, Allah Almighty the Great. He doesn't allow those who recognize and accept Him to be servile (zalil) there are servants dressed with greatness. You can't look at their faces. If you look, you will be hit, as if lightening is striking you. There are many, but they are not making any noise. Why? No one is searching for them. People are fighting one another, they lost their human characteristics. If you lose your humanity, you have no value left.
O our Lord, send us Your holy servants, who will show us the right way. Send us our sahib. Send us a Sultan. We are without a Sultan. We are without a Sultan. People are killing each other. Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi Allahu Allah. Hasbun Allah wa Nimal Wakil. Say this all the time. Fatiha.
The lights of the new day are spreading out, praise your Lord. The sun is rising, its lights shining. It rises with Allah's Order. It sets with Allah's Order. O holy sun, do not burn us. It has divine blessings, it brightens our day. Without it, the world would be in darkness. Read, teach. O people, let's raise our children well. Let's raise them with good manners and humanity. If not, they will be wilder than animals. Allah (swt) will ask, why did you kill this servant of Mine? Did you give him life, and now you are killing him? What will they answer? Allah (swt) will ask, you

killed this servant of Mine, did you create him? Were you given an order to kill him? O people, get your heads straight! or else a whip will come to bring your senses back. But it will not benefit you, it will just be torture for you.
Ya Rabbi. People don't even have the small amount of feelings that animals have. Ya Rabbi We hope to be close to the good ones, good people. Traitors, bad ones, disobedient ones, killers, do not go close to them. Go close to clean servants. O our Lord forgive us. Tawba Ya Rabbi, Tawba Ya Rabbi, Tawba Astaghfirullah. Shukr Ya Rabbi, Shukr Ya Rabbi, Shukr Alhamdulillah. We began with goodness, let us finish with goodness Inshallah. Fatiha.
Diamonds, rubies, emeralds, don't search for these things. Search for Allah's beloved servants, so that you will be at ease on earth and in the hereafter; so you will stand under the Banner of Prophet. Don't forget! O beloved ones, Assalamu Alaykum, MashaAllah, MashaAllah Ya Rabbi Shukr. Old people say, don't look at who is talking, look to who is making him talk. I am a weak servant here, if they don't hold me, I can't stand up. However, Allah's Habib (sws) is telling me what to say; the saints are telling me what to say.
Ya Rabbi I want to see the collapse of kufr, and the collapse of the hegemony of satan, and the days that the idols will be destroyed. I want to see the flags of Islam being raised. I want a sultan, O Sultan of the World, the Absolute Sultan, send us a sultan, Ya Rabbi. Fatiha

**Die Awliya Allahs**

---

Wir hoffen, nicht auf dem falschen Weg zu gehen. Wir hoffen, unseren Herrn zu lieben, Ihn zu lieben und zu respektieren. Das ist, was unser Herr will. Respektiert Mich, habt Liebe für Mich, Ich will nichts anderes. Ich will kein Wasser oder kein Essen von euch. Ich will nicht, daß ihr mir Gold oder Juwelen bringt. Nein. Was Ich von euch will, ist, daß ihr Mich respektiert, Mich liebt. Das ist unser Befehl. Wir sollten danach streben. Lieben wir unseren Herrn, respektieren Ihn, lieben Ihn, verehren Ihn. Amin. Kraft für unsere Körper. Möge unser Tag gesegnet sein. Wir begannen zufrieden.Wir hoffen, zufrieden zu enden. Wir hoffen, nicht einer der Verwirrten zu werden, nicht unserem schlechten Ego zu folgen. Fatiha.
Bismillahi r-Rahmani r-Rahim. O Heilige, die ehrenwerten Befehle sind euere. As-Salamu

`alaykum, unsere Geliebten. Wen sollten wir als geliebten Freund haben? Jene, die Allah (swt) lieben und respektieren. Wenn ihr einen geliebten Freund haben wollt, findet jene, die Allah (swt) lieben und respektieren. Wenn ihr nach einem geliebten Freund sucht, sind es jene, die Allah (swt) lieben und respektieren. Masha'Allah La Quwwata illa Billah. Ya Rabb, bekleide uns mit den heutigen Segnungen. Wenn das so ist, dann sage, o Mein Diener, Bismillahi r-Rahmani r-Rahim. Wenn ihr die heutigen Segnungen und das Gute haben wollt, sagt Bismillahi r-Rahmani r-Rahim. Es ist der Befehl des Propheten (saws). Allah (swt) lehrt den Propheten (saws). Wer lehrt den Propheten (saws)? "`Allamani Rabbi" (12:37). Mein Herr lehrte mich. "Addabani Rabbi". Mein Herr gab mir das beste Benehmen. Wer kann das Benehmen lehren, das Allah (swt) lehrte? Niemand. Unser Herr, Allah (swt), ist Derjenige, Der ihn 'Meinen Geliebten' nannte. Sein geliebter Prophet (saws), nehmt von ihm. Er (swt) lehrte Kenntnisse, Weisheit, Liebe und Sehnen. Er (swt) lehrte ihn gutes Benehmen, wie es sein sollte zwischen Diener und Schöpfer, wie man sich benehmen sollte. "Addabani Rabbi".

O glorreicher Prophet (saws). Es ist Kraft für unseren Körper. O meine geliebten Freunde, wo seid ihr? Regt euch nicht auf, seid nicht gekränkt. Wählt nicht die Seite eueres Egos. Es ist falsch. Folgt dem Weg von Allahs (swt) Geliebtem, denn es ist die Wahrheit. Ihr werdet die Ehre haben auf Erden und im Jenseits. Unser Geliebter (saws) sagte es. O unser Geliebter (saws). Allah (swt) fordert S. Muhammad (saws) auf: Lehre Meine Diener, wie sie einander ansprechen sollen, wie sie sich bewegen, arbeiten sollen. Lehre sie. Dastur ya Sayyidi, ya Rasulullah. Dastur, o Heilige, die dem Weg von Allahs Habib folgen. Seht und findet die Heiligen. Nehmt Segnungen von ihnen, von denen, die an Allahs (swt) Weg festhalten. Sie haben Segnungen. Jene, die mit ihnen sind, sind gesegnet an einem Essenstisch, wenn sie einen Topf Suppe hinstellen. Sie brachten eine Schüssel Milch für Allahs (swt) Geliebten (saws). Er trank und gab es weiter an S. Abu Bakr (ra), von ihm an S. Omar (ra), dann an S. Osman (ra), dann an S. Ali (ra), und dann an die Gefährten. Wir hatten nie ein süßeres Festmahl, das vergnüglicher war als das. Shukr ya Rabbi.

Marhaba, geliebte Freunde. Wer sind unsere geliebten Freunde? Jene, die an dem Weg des Propheten (saws) festhalten. Wer ist unser Feind? Jene, die Satans Weg folgen. Es gibt keine Rettung für sie. Wir sagen: Aman ya Rabbi um des ehrenwerten Habibs (saws) willen. Erlaube nicht Satan und jenen, die ihm folgen, uns von dem Weg zu trennen, den Du uns befohlen hast.

Eine Antwort ist gekommen. O Mein Geliebter (saws), sag uns, denjenigen, die dich lieben, die deinem Weg folgen, sie sind deine Gefährten und geliebten Freunde. Die Gefährten sind die, die bei den Zusammenkünften des Propheten (saws) dabei waren. Die geliebten Freunde sind die, die sie lieben. Wie schön, mit guten Menschen befreundet zu sein. Geht nicht in den Stall, ihr findet nur Esel. Geht in die Moschee, ihr werdet Menschen finden, diejenigen mit gutem Benehmen, diejenigen, die Allahs (swt) Weg folgen, jene, die an Allahs Weg festhalten. "Faqad Faza Fauzan `Adhima" (33:71). Sie haben Erfolg mit allem, was sie tun. Die Engel über ihnen werden sie schützen, diejenigen, die Allah (swt) lieben. Aman ya Rabbi. O unser Herr, Subhanallah, Sultanallah.

O geliebte Freunde, sucht nach den Geliebten. Die Alten pflegten zu sagen, das Herz will keinen Kaffee und kein Kaffeehaus. Das Herz will einen geliebten Freund, und der Kaffee ist einfach ein Vorwand. Wir gehen zu unseren geliebten Freunden nicht, um Kaffee zu trinken. Warum ins Kaffeehaus gehen, um Kaffee zu trinken? Ich kann Kaffee auch zu Hause trinken. Für eine Tasse Kaffee, warum ins Kaffeehaus gehen? Sie sagen, ich gehe zu meinen geliebten Freunden. Wer ist der geliebte Freund? Derjenige, der festhält an Allahs Weg und der Sunnah des Propheten. Zumindest, wenn drei Leute zusammensitzen, wenn sie nur ein wenig reden, finden sie Zufriedenheit und Freude. Sie werden sagen: Ya Rabbi Shukr, Du hast uns erlaubt, diesen Tag zu erreichen. Wir sind zum Morgengebet aufgewacht zu Ehren des ehrenwerten Habib. Schnappen wir etwas frische Luft, setzen wir uns vor die Moschee oder setzen wir uns in ein Kaffeehaus bei der Moschee. Treffen wir unsere geliebten Freunde, weil sie Allah (swt) lieben. Sie wollen, daß Allah (swt) mit ihnen zufrieden ist. Sie wollen dem Weg von Allahs (swt) geliebtem Freund (saws) folgen. Sie wollen von seinem Wesen und seinen Eigenschaften hören. Sie wollen etwas lernen. Sie wollen geistige Zufriedenheit. Sie wollen nicht diese Welt. Sie wollen die Liebe ihres Herrn. Sie wollen dem Weg des Geliebten (saws) folgen. Sie wollen, daß die Engel sie mit Licht bekleiden. Deshalb gehen sie in die Moschee. Wenn er dann in einem Kaffeehaus sitzt, findet er Trost. As-Salamu `alaykum, Marhaba, wie geht es euch, geliebte Freunde? Was täten wir ohne euch? Ihr seid diejenigen, die dem Weg von Allahs Propheten (saws) folgen wollen. Ihr seid diejenigen, die Liebe für ihn haben. Und wir wollen auch von euerer Liebe nehmen.

Liebe ist der 'Geschmack des Lebens'. Er gehört der Liebe, nicht dem Geld oder Gold, nicht

einmal Haufen von Juwelen, Liebe für Allah (swt) und den Propheten (saws) geben euch Leben. Ihr werdet euch öffnen. Ein besonderes Licht wird auf euere Gesichter kommen. Eine besondere Kraft wir in euere Körper kommen. Unser Herr, wir sind schwache Diener. Mit Deiner Großzügigkeit und Huld gabst Du Deinem Habib (saws). Von den Lichtern Deines Habibs gabst Du welchem Diener Du willst. Wir würden auch gern von diesen Lichtern nehmen. Suchen wir einen Menschen, gehen wir zur Dergah von dem und dem. Gehen wir zum Grab von dem und dem, gehen wir zur Zawiyah von dem und dem, gehen wir zur Dergah von dem und dem. Schwärmen wir aus, weil hier ein Heiliger liegt, der dem Weg Allahs (swt) folgt, seinen Herrn preist. Die Heiligen, die Allahs (jwa) Habib liebten und seinem Weg folgten, besucht ihre Gräber, nehmt Weisheit von ihnen. Der Prophet (saws) sagt: Besucht sie, besucht sie. Deshalb waren sie in der alten Zeit voller Licht, als sie lebten, und auch voller Licht, nachdem sie diese Welt verlassen hatten. Sucht nach den Awliya Allahs oder nach denen, die ihren Wegen folgen. Geht dahin, wo sie sind. In diesem Leben, sitzt in ihren Versammlungen. Wenn sie nicht hier sind, sind sie weiter gegangen. Sie haben ihre Gräber. Besucht ihre Gräber, so daß Lichter auf euch kommen, geistige Unterstützung, Kraft, Glaube werden zu euch kommen. Euere Lichter werden zunehmen.

Deshalb machten sie Grabstätten. In den letzten Tagen werden miese Leute kommen und die Gräber zerstören. Welches Recht habt ihr, Gräber anzurühren? Das ist jedoch überall vorgekommen. Ihre Welt bricht über ihren Köpfen zusammen. Es ist verboten, Gräber zu besuchen, aber vor Götzen zu treten und dies und das zu sagen, das ist erlaubt? Satan läßt sich von den Menschen anbeten. Sie sind orientierungslos geworden. Ya Rabbi. Es ist sein edles Dastur. Seht euch vor! Es komm jetzt, Dasturu Mukarram, stimmt's? Nicht "Dustur", es ist "Dastur". Dastur bedeutet, ein Befehl kommt von den Himmeln. Es wurde bestimmten Dienern gegeben. Es heißt, seid vorsichtig mit ihnen. Sie werden euch vernichten. Versucht nicht, euch gegen sie zu stellen. Sie werden euch zu nichts machen, euch zerschmettern. Hütet euch, schlecht über Awliya zu sprechen. Nun, wir gehen nach Konya und besuchen Mevlana. Sehr gut! Was ist in unserem eigenen Land? Wir wissen es nicht. Sucht, damit ihr finden könnt. Es gibt auch welche, die unter euch herumgehen, und auch jene, die in ihren Gräbern liegen.

Es gab einmal einen, einen unserer heiligen Ikhwan, zu dem sagten sie: Wer ist dieser Mensch? Dieser Mensch, es ist osmanische Gepflogenheit ('zat' zu sagen), gehört zu denen im Grab, die

auf der Erde wandeln, diejenigen, die herumgehen. Er sagte: Die meisten sind in ihren Gräbern. Nur wenige können unter den Leuten gefunden werden. Wenn du guckst, kannst du sie erkennen an den Lichtern auf ihren Gesichtern. Hütet euch, habt keine schlechten Absichten ihnen gegenüber. Sonst werdet ihr es nicht bis zum Morgen machen. Sagt nicht, ich bin ein Gentleman ein Pascha. Nein. Wer immer sie falsch anguckt oder schlechte Absichten gegen sie hegt, wird es nicht bis zum Morgen schaffen. Wenn es am Morgen ist, wird er es nicht bis zum Abend schaffen. Sie werden deinen leblosen Körper zum Grab schleifen und begraben. Bringt eueren Kopf in Ordnung. Dieser Mensch gehört zu denen in den Gräbern, die unter uns spazieren. Es sind nicht nur die in den Gräbern, es gibt auch welche außerhalb der Gräber. Also, sagte er, ist er von denen im Grab, die unter unserer Nation spazieren. Der Mann begann zu zittern: Laß mich deine Hand küssen. Küßt seine Hand, seine Füße. Wenn ihr nicht ihrem Weg folgt, ist das, was ihr bekommt, sehr wenig. Haltet ihnen die Hand, weil wer immer ihre Hände hält, dorthin gehen wird, wo sie hingehen. Sie gehören zu den Menschen der Himmel. Wer immer ihre Hand hält, geht zum Himmel. Wer immer ihre Hände nicht hält, wer sie nicht respektiert, wer ihre Gräber zerstört, deren Hände hält Shaytan, und der Ort, zu dem Shaytan sie schleifen wird, ist die Hölle. Ya Rabbi. Zeige uns die Geliebten Deines Habibs (saws), damit wir mit ihnen sein können. Sie werden nicht krank. Sie erfahren kein Leid, sie erleiden keine Schwierigkeiten, weil sie diejenigen sind, die an der Tür Allahs (swt) stehen. Wo ist die Tür Allahs (swt)? Ihr wißt, diese Heiligen, nach denen ihr fragtet, sie ist bei ihren Gräbern. Allah (swt) ist ihre Tür, sie erreichen den Propheten (saws), der Prophet (saws) erreicht Allah (swt). Was für schönes Benehmen, was für schöne Rede. Wie weiß jemand den Wert eines anderen? O Geliebte, manchmal werden sie ärgerlich und veranlassen mich, zu sprechen. Und andere Male sagen wir freudige Worte. Wenn ihr freudige Rede hören wollt am Morgen, wenn ihr die Kraft habt, betet in der ehrenwerten Moschee, dann geht hinaus, und wenn es ein Grab gibt, geht es besuchen. Lest Quran. Danach kommt und sitzt in der Versammlung der Geliebten. Allah (swt) wird sie etwas Schönes sagen lassen, eine schöne Rede. Allahs Prophet (saws) wird sie sprechen lassen. Die Erben des Propheten, die Heiligen, werden sie sprechen lassen. Sie werden sprechen. Ihr werdet nehmen, ihr werdet Lichter nehmen. Die Schwere auf eurem Körper wird verschwinden, ihr werdet wiederbelebt. Allah (swt) wird euch nicht niederlegen lassen. Hasha! Ihr werdet energetisch sein. Wenn sie euch ins Grab legen, wird euer Körper bis zum Gerichtstag nicht verrotten. Es gibt so

viele Menschen, deren Gräber geöffnet werden, und ihre Körper kommen unverändert hervor. Die Menschen in Istanbul wissen es. Hz Ayyub Sultan, als sie sein Grab öffneten, Hz Shamsaddin zeigte ihnen. Sie fanden seinen Körper, sie fanden seinen Körper rein und sauber. Seid so, sauber. O Geliebte, seien wir sauber.

Möge unser Tag gut, gesegnet sein. Shukr unserem Herrn (swt). Frieden und Segen auf seinem Geliebten (saws). Rezitieren wir Gülbenk Muhammadi Allahu Akbar, Allahu Akbar, Allahu Akbar, Allahu Akbar, La ilaha illa Allahu Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. La ilaha illa Allah Sayyidina Muhammad Rasulullah (saws). Möge Licht vom Himmel auf uns herabkommen. Unser Herr, sende uns Deine Diener, die uns diese schönen Wege lehren. Die erste Zeit der Ignoranz war in der Zeit, als unser Prophet (saws) kam. Die zweite Zeit der Ignoranz ist jetzt gekommen. Sie haben alles ruiniert. Wem folgen sie? Sie folgen Shaytan und zerstören unsere heiligen Vorfahren. Sie haben alles ruiniert, aber sie werden ruiniert werden. Unsere heiligen Vorfahren stehen auf. Sie können in jedem Land gefunden werden, jene, die geliebt und respektiert werden. Habt Glauben, es gibt Heilige und Gräber. Es gibt besondere Orte für Besuche auf Friedhöfen. O unser Herr, wir sind schwach. Zu Ehren Deines ehrenwerten Habib (saws) gib uns Kraft.

Sagen wir Bismillahi r-Rahmani r-Rahim. Unterstützen wir unsere Geliebten. Sprechen wir über Allah und den Propheten (saws). Sprechen wir über den Tag der Auferstehung. Wir werden erfrischt, unsere Probleme verschwinden. O unser Herr! "La ilaha illa Anta Subhanaka inni Kuntu mina z-Zalimin" (21:87). Ruft aus: O mein Herr, wir konnten Dir keine würdigen Diener sein. Wir hoffen, daß unser Gesicht am Gerichtstag nicht dunkel sein wird. Ya Rabbi, laß uns zu den Dienern gehören, deren Gesichter weiß und leuchtend sind. As-Salamu `alaykum, Diener Allahs, möge euer Tag und euere Arbeit gesegnet sein. Lieben wir Allah und Seinen Propheten. Seien wir mit denen, die sie lieben. Ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah.

Bismillahi r-Rahmani r-Rahim. Rabbi Yassir wala Tuassir Tammim bi l-Khayr. Blasen wir auf unsere Augen und unser Gesicht, damit unsere Probleme weggehen können, unsere Krankheiten weggehen, um auf dem Weg Allahs wiederbelebt zu werden, die Schwerter bereit und gezogen auf dem Weg Allahs. Sayfu l-Maslul. Amin. Wa Salamun `ala l-Mursalin, Hususan `ala Sayyid.. Salamatun `ala Hadirin wa l-Ghaybin wa l-Hamdulillahi Rabbi l-`Alamin. Al Fatiha.

Shukr ya Rabb. Wir hoffen, die Flagge unseres glorreichen Propheten zu tragen, die

Vorherrschaft Shaytans zu zerstören, seine Wege stillzulegen, damit Deine Diener sich der Qibla zuwenden können, damit Deine Diener in die Niederwerfung vor Dir gehen, damit Deine Diener Deine Befehle ausführen können, damit die Gesichter Deiner Diener mit Glauben leuchten und sie stärker werden, majestätischer werden. Ya Rabbi, zu Ehren Deines ehrenwerten Habib, um Deines ehrenwerten Habib willen. Allahu Allah, Allahu Allah, Allahu Allah, Allahu Allah, Allahu Allah, Allahu Rabbi. Allahu Allah, Allahu Allah, Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Rabbi, Subhanahu wa Ta`ala. Bismillahi r-Rahmani r-Rahim. Bismillah. Sagt, welche Probleme ich auch immer habe, laß sie verschwinden. Bismillahi r-Rahmani r-Rahim. Allah (swt) erlaubt denen, die nach Ihm rufen, nicht, schwach zu sein. Er läßt sie nicht schwach oder unterwürfig sein. Allah der Allmächtige ist Groß. Er erlaubt denen, die Ihn erkennen und akzeptieren, nicht, unterwürfig zu sein. Es gibt Diener, die sind mit Größe bekleidet. Du kannst ihnen nicht ins Gesicht sehen. Wenn du guckst, wirst du geschlagen, als würde dich der Blitz treffen. Es gibt viele, aber sie machen keinen Lärm. Warum? Niemand sucht nach ihnen. Die Menschen kämpfen gegeneinander. Sie haben ihre menschlichen Eigenschaften verloren. Wenn ihr euere Menschlichkeit verliert, habt ihr keinen Wert mehr.
Unser Herr, sende uns Deine heiligen Diener, die uns den rechten Weg zeigen. Sende uns unseren Sahib. Sende uns einen Sultan. Wir sind ohne Sultan. Wir sind ohne Sultan. Die Menschen töten einander. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi, Allahu Allah. Hasbun Allahu wa Ni`mal Wakil. Sagt das die ganze Zeit. Fatiha. Die Lichter eines neuen Tages verbreiten sich, preist eueren Herrn. Die Sonne geht auf. Ihre Lichter leuchten. Sie geht mit Allahs Befehl auf. Sie geht mit Allahs Befehl unter. O heilige Sonne, verbrenne uns nicht. Sie hat Göttliche Segnungen. Sie erleuchtet unseren Tag. Ohne sie würde die Welt in Dunkelheit sein. Lest, lehrt. Leute, ziehen wir unsere Kinder gut auf. Ziehen wir sie mit gutem Benehmen und Menschlichkeit auf. Sonst werden sie wilder als Tiere. Allah (swt) wird fragen: Warum hast du diesen Meinen Diener getötet? Gabst du ihm Leben, und jetzt tötest du ihn? Was werden sie antworten? Allah (swt) wird fragen: Du hast diesen Meinen Diener getötet, erschufst du ihn? Wurde dir ein Befehl gegeben zu töten? Leute, bringt euere Köpfe in Ordnung! Sonst wird eine Peitsche kommen, um euch wieder zu Sinnen zu bringen. Aber es wird euch nichts nützen. Es wird nur eine Qual für euch sein. Ya Rabbi. Die Leute haben nicht mal das bißchen Gefühl, das

Tiere haben. Ya Rabbi.
Wir hoffen, den Guten nahe zu sein, den guten Menschen. Verrätern, Schlechten, Ungehorsamen, Mördern, kommt ihnen nicht nahe. Nähert euch den reinen Dienern. O unser Herr, vergib uns. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Shukr ya Rabbi, Shukr ya Rabbi, Shukr Alhamdulillah. Wir begannen mit Gutem, laß uns mit Gutem enden, insha'Allah. Fatiha. Diamanten, Rubine, Smaragde, sucht nicht nach diesen Dingen. Sucht nach Allahs geliebten Dienern, damit ihr gelassen seid auf Erden und im Jenseits, damit ihr unter dem Banner des Propheten steht. Vergeßt nicht! O Geliebte, As-Salamu `alaykum, masha'Allah, masha'Allah. Ya Rabbi Shukr. Alte Leute sagen: Guckt nicht auf den, der spricht, guckt auf Den, Der ihn zum Sprechen bringt. Ich bin ein schwacher Diener hier. Wenn sie mich nicht halten, kann ich nicht aufstehen. Jedoch Allahs Habib (saws) sagt mir, was ich sagen soll. Die Heiligen sagen mir, was ich sagen soll. Ya Rabbi. Ich will den Untergang des Kufr sehen und den Untergang der Vorherrschaft Shaytans und die Tage, wenn die Götzen zerstört werden. Ich will die Flaggen des Islam gehißt sehen. Ich will einen Sultan, o Sultan der Welten, der Absolute Sultan, sende uns einen Sultan, ya Rabbi. Fatiha

## A word about Sohbet

This is Hadith Qudsi, Arabs may understand: Allah Almighty is saying: 'I am only that One who should be praised and thanked and I am looking from My servants to give their thanks and praise to Me. I am not happy with those who don't give their praise and thanks to Me, and I am saying to them: 'Look another God for you, or Manifestor or Creator'. You may look.

'And also I am that One who is testing His servants, and I am free to test My servants as I like. They may be big tests or very simple tests- it is for Me. I may try My servants, their beliefs and their power through their beliefs. And I must try them. If they get angry and unhappy with Me, they may look for another Rabb, Manifestor, Creator for them, and they may run to Him.

And also I am that One who gives to everyone his destination. I am not asking any idea from anyone, no. I am that One who may arrange everyone's destination as I like. If anyone from My servants is getting unhappy with their destination, they may look another God, Manifestor, and may run to

him.'

Who is not happy with Him - get out of this world! Think for whom you are living, what you are doing 24 hours. This is an association, a sohbat. The Sheikh or his deputy opens a market, and who comes is free to choose and take and to buy. Some people come and look and don't take anything. The Sheikh sells, and you are free to take or not. This is a sohbat, an offering to you, but: No force in religion!

Sohbat is for training, to take you from the lowest to the highest, and so the Makam of the Sahaba comes after the Prophet. Not even the Awliya come before them.

A donkey always stays a donkey and he is praising Allah and thanking Him for his existence and his perfection- the perfection of a donkey. He is fulfilling his function. But man, whose duty is to serve Allah 24 hours a day, doesn't fulfil his duty; people don't work for Allah, but occupy themselves with malayani, the service for Dunya...

CategorySohbat,

## The Axis

Shukur Allah, shukur Allah Almighty. Let us have a nice sohbat, let us have a nice talk. As-Salam Alaikum ayyuhal hadhirun- we may greet those who are present, send them salams. Salam is the sign of Islam, giving salam is the indication of a Muslim. We say Salam Alaikum, Arabs say As-Salamu Alaikum. We say "Salam Alaikum, how are you Yahu?" Salam, how beautiful.
Dastur Ya Sultan al Awliya, madad our Umm Hiram Sultan. We may say a few words with your permission. We are in an astonishing time- A person speaks in a small place & the whole dunya from east to west hears it. Astonishing. There are a lot of astonishing things. As-Salamu Alaikum ayyuhal hadhirun, those who are present. Who wants to listen to a few words, who wants to find a spiritual relief, who wants his doings to succeed, who wants a wasila for all this, should be present in a sohbat assembly. There he can hear even if it is only few words.
According to the first order, "may we remember the name of Allah first. It is obligatory for a servant in his every act". Now they throw Mawlid al-Sharif aside, saying "how can we read it, it is so many volumes of books". We want to walk in the Nur/light of the Orders that descended from Heavens. We don't want the imitated ones. The words spoken descend from Heavens with Nur. Otherwise, it has no value. It is only a piece of wood given the shape of a cucumber. They painted it green & put it on the table saying "Go ahead, the cucumbers are fresh from the garden". That man took it in his hand & looked, "This is not a cucumber, this is.. This is wood! From where did you find this?" "Yahu, I saw it in the market. They were advertising it as..." Where is that place in Istanbul that is famous for its cucumbers? Yes, Cengelkoy. Famous. Sometimes they put wooden ones also among the real ones & shout "Come to the cucumbers of Cengelkoy, O people of Istanbul & you may see the cucumbers of Cengelkoy! They are very delicious" One man took one, tasted & said "Yahu this breaks our teeth. What is this?" "They are

the newly invented cucumbers of Cengelkoy sir. We threw away the old ones & now there is a new style factory. That factory brings us many cucumbers these days. We mix them with the other cucumbers & say "Come, cucumber of Cengelkoy". "May you find your punishment from Allah. How can you cheat people like this?" "What can we do? The time is like this now- half of it real & half of it imitated".

"Yahu, in this time there is nothing left whose half is original, all of them are imitated!" "Buy if you like & leave if you don't like sir! These are the cucumbers that the people of Cengelkoy eat. Who has a good taste may come & buy from them". "Ok then, but our teeth will get broken. How come this is the cucumber of Cengelkoy?" "This is the new invention. We brought innovation to our people. Because we brought innovation, now we give it the name of "hiyar" for our cucumbers (slang word used both as cucumber & stupid man) We removed its original name cucumber & say "hiyar". And we brought a new innovation to our country because our people are in love with innovation". Now we may stop here.

We greeted with Salam, Salam is the greeting of our ancestors. It is the order of Allah for the people to greet each other with Salam. When you see each other, greet with Salam. Call the one who greets with Salam a Muslim. Don't call who doesn't greet with Salam a Muslim. A Muslim is the one who has Salam on his lips. Who doesn't have Salam on his lips is not a Muslim. Allah Almighty does not accept him.

Nevertheless, let this be the entrance to our sohbat. We spoke a few words from the door of the entrance. We may greet all of you with Salam, that you are listening to these words- As-Salamu Alaikum wa Rahmatullahi wa Barakatuhu O believers who know the Salam, O believers who remember the Name of Allah in the first place, that it gives you Nur. It becomes a Nur for your faces & a joy for your hearts. For this we greeted with Salam "O believers, Salam on you". We greeted with Salam & made an entrance about Salam also. And as a permission to say a few words we say Bismillahi Rahmani Rahim. After we say Bismillahir Rahmanir Rahim there is no end for the words, knowledge & good manners to be spoken till the Day of Judgement. Bismillahir Rahmanir Rahim is the axis of man's life. Mihwar/axis, the earth spins around its own axis. It is the axis which it turns around. If it didn't exist, the earth would have no night or day. Because it spins around its axis it receives Nur & gives Nur. And the Nur of mankind's life is in Bismillahir Rahmanir Rahim. If we speak this word till the Day of Judgement- The Bismillah,

its beauty.. Nothing can give the spiritual power & the happiness it gives. So say the Bismillah. Forgetting the Bismillah means that he forgot himself too. Let us say, O believers! O Muslims! O who did not change their names! Let us say Bismillahir Rahmanir Rahim. The 3 Holy Names of the Almighty Lord- with His Ism-i Jalal (Allah), 2 of His Holy Names are mentioned. Bi Ismillah, Allah, Allah, Allah! Allah Who is Ar-Rahman & Ar-Rahim, Allah, Allah...Say!
And you will know Hanya (in Crete) & Konya (city where Rumi's turba is). Now they sell you Hanya saying it is Konya & Konya as Hanya. Meaning they change things. Hanya & Konya ryhme but where is Konya? "In the middle of the Mediteranean". "Where is Hanya?" "In the middle of Anatolia". "You are making it the exact opposite way, what is this?" "But it is like this, Shaykh Effendi, now everything is renewed. We will make everything upside down & down side up. We will invent a new life system & we will keep a way as we like". "Is this way going to take you anywhere? Do you have a map or compass?" Yahu Shaykhh Effendi, what map? What compass? Are you talking about the old tales?" Everyone says "I have my own opinion" & goes according to his opinion. They don't use any map or compass. "We go, we know, we invent! We can cheat everyone with a different trick. We don't say the Bismillah" they say. If you don't say, your heads are empty. Your hearts are like flea markets. Flea market. Your market, the goods you bring are all rubbish things.

Who says Bismillahi r-Rahmani r-Rahim, each time it comes to you with a new heavenly wisdom, with a new heavenly gift, with a new heavenly beauty. Each time you say the Bismillah, each time you say Bismillahir-Rahmani r-Rahim you are dressed with the dress of faith. When you say Bismillahir-Rahmani r-Rahim you get all the world's.. What do they call these beauty things? Each time they put makeup, they look like monkeys. But they look & say "it looks very beautiful. This is a new thing, we should use this". O mindless, empty-headed people! A person can't be beautiful with creams or makeup. Beauty comes down on people from the Heavens. With what? It comes down to who says Bismillahi r-Rahmani r-Rahim. It is our true makeup. With every Bismillah comes Nur on our faces, comes joy to our hearts. Your work goes right. "No, this is an old style thing". Since shaytan got on their necks & made them shaytan's animals, he says to them "Don't believe it. This is innovation. It is innovation- use this cream, use this makeup & your face, your skin will shine". The people of this time are the people of 2nd era of

ignorance. "Wa La Tabarrajna Tabarruja Al-Jahiliyati Al-'Ula" (33:33) O people, Allah Almighty says: Don't do like the people of that first time of ignorance. Tabarruj, don't go out dressing up. Don't present yourselves to the sight of strangers. Because each sight of a stranger takes from you, takes from your beauty- the beauty Allah granted. It won't come back with creams or makeup. Say O mankind, Bismillahi r-Rahmani r-Rahim. How beautiful. How nice. If he says Bismillahi r-Rahmani r-Rahim that person can lift a mountain! Who says Bismillahi r-Rahmani r-Rahim can carry a mountain. Now, man cannot even carry a rubbish.

They made all kinds of machines. Was it not snowing in the old times? It was. "With what would they clean the snow?" "With shovels Shaykh Effendi. It was very easy- people had shovels & would throw the snow with their shovels". "And now?" "What shovel now Shaykh Effendi? Now there are vehicles which are maybe 100 tons to clean the snow. Yet they can't succeed, they can't manage". Why? They don't say the Bismillah. Because they don't say it, shaytan piles up the snow on top of them. They say "We can't manage it". How could you manage it? It is the snow coming down from the skies..But before it could be removed with shovels. Because men at that time were believers. When he said Bismillahi r-Rahmani r-Rahim & threw, it would open & because he recited the Bismillah, it would not pile up there again. This is the miracle of the Bismillah. No one has this in mind now & huge machines that are 10 meters, 15 meters come but can't remove the snow. Of course you can't remove it! Because you have no faith, no spirituality, no Bismillah. You are without the Bismillah. You are afraid of getting stuck under that snow along with that machine that removes it.

Snow falls from mountains. I heard that sometimes rocks fall too. It makes rocks move too. But you can't remove the rocks with machines. Remembering the Lord Almighty Who keeps the rock still in its place, say "Bismillahi r-Rahmani r-Rahim. Remain in your place, don't harm us. We are believers". And they remain in their places. Why? Because of Bismillahi r-Rahmani r-Rahim. Special angels come down to protect them. But you don't believe. Ok, if you don't believe, make machines & manage it if you can. The machines as well as who are in them will be lost. These people should say Allah or all of them will get stuck under the snow. Allah Almighty leaves them there. They say "It is 10 degrees below zero". Really? "In Erzurum, it is -40 degrees". If Allah Almighty likes, He can make it 50 degrees below zero in Istanbul. What can you do against it? With what heater can you get warm? In which oven can you enter? Nothing! Say "Bismillahi r-

Rahmani r-Rahim. O our Lord, we remembered Your Holy Name. Make us secure from these snows O Lord. Send us the angels who will secure us, O Lord". "What angel Yahu? In which time are we living?" he says in reply, donkey man. "In which time does he live?" Ask your self, how come you became tailless? You are tailless. The word you spoke is like the word of 4-legged ones. What value does it have?

Why don't you say the right words, "Allah sends this snow" like in the old times they would say about the snow? Year of snow is the year of abundance. People would make shukur for snow. There would be no frost. Snow would come down & melt. It wouldn't pile up on earth. So the year of snow was the year of abundance. Now because of these ones' wildness, the year of snow turned into the year of disasters on them. Mountains collapsed, avalanches came. Houses couldn't take the snow & collapsed. And Allah knows what happened to those inside them because they couldn't say Bismillahi r-Rahmani r-Rahim. Say this & shield your house.

Put a sign inside your home- Bismillahi r-Rahmani r-Rahim. What avalanche can fall on your home to crush the Bismillah? Hasha! O imitators, O who are animals to shaytan! He will make you regret your life, your work, whatever it is you are doing. He will make it all corrupt. You won't be able to cope with it. They have no work, no jobs left anymore, it is all closed. They can't do anything. Why? "Because the snow reached 1 m" they say. "0.5 meter". It made the houses collapse & Allah knows about the ones in them. Why don't you say Bismillahi r-Rahmani r-Rahim? O our Lord, stop this calamity & make it far from us. Our homes are full with those who make sajda to our Lord, who recite the Holy Quran. Don't crush us!" Angels protect them. Those huge machines won't be able to save these ignorant people. Because what has our time become?

The old ones would say like this: "Ignorance covered the world. If you ask them, they don't know what faith is" People who have faith don't put the Bismillah inside their homes? "We put a portrait &show respect for the portrait".Do you have respect for Allah? What is this? "We also make statues". Then? "We also bow before it". "What?" "This is the new life, Shaykh Effendi. Don't you know?" "I know son, I know but it weighs it out for you so that you see it & use your mind, that you know the power of Bismillah. Even if all the skies came down (with all the disasters they bear) no harm will come to your house, family, to your children or crop. Never! Therefore say Bismillahi r-Rahmani r-Rahim. It is the black winter. They even suffer the worst of

the black winter. They say "below zero". It can be even 100 below zero. Angels warm up where he is, and the house remains protected in it (in the snow).
Ya Hafiz Ya Allah. "O Allah Who protects everything Protect us, we make sajda for You. We remember Your Holy Names O our Lord" They don't say this, they don't say.. With the shovel in their hand, they don't say the Bismillah. There are pipes in their hands, they can't drain away the flood water. They don't learn the lesson, they don't use their minds. Allah Almighty's big grant is Bismillahi r-Rahmani r-Rahim. "Hawalayna wa la 'alayna" Not on us should Your Wrath come, O our Lord but let it go on to the mountains. "We have faith O our Lord. Let it not come on us but go to the mountains, rocks around us. Bismillahi r-Rahmani r-Rahim". Bismillahi r-Rahmani r-Rahim. Even if we don't know anything else it is the greatness of the Bismillah. Say Bismillahi r-Rahmani r-Rahim.
They have so many schools & they teach the children all kinds of games. Everything they have is artifical & they don't make the children say Bismillahi r-Rahmani r-Rahim. If you don't make them say the Bismillah you can't educate decent men. You can't educate humans. You make them as wild herds that kill, destroy, burn each other. They invent & commit whatever evil, bad actions there are. O our Lord, we have faith in You. We have faith in Your Beloved. We are Muslims O Lord. You are our Lord. Your Beloved is our Beloved Prophet. For his honour may You make these disasters far away from us. May You protect us from floods, snow, avalanches O Lord.
Adhilna fi Rahmatika, hide us in Your Mercy O Lord. They don't say this. Let them say & they will be saved. They have become like rocks, their consciousness is darkened, they don't say Allah. They say other things. Mountains will fall on them. Rivers will overflow. Floods will take away the cities. This is nothing yet. There is more to come. While it snows on one side, fire comes from another. If this is not enough it starts quaking. You can't stop it. Say "O Lord, for the honour of Your Beloved, may You lift these calamities off us O Lord. We are believers O Lord". They don't say this. They don't teach our children anything other than games & silly talks. They don't make them say Bismillahi r-Rahmani r-Rahim. Teach it. What will save us is Bismillahi r-Rahmani r-Rahim. Nothing can harm You.
O Lord, forgive us. Tawba Ya Rabbi, tawba Ya Rabbi, tawba. Shukur Ya Rabbi, shukur.. O Allah, may You grant us to use our minds. We are not using our minds any more. There is a love

for innovation now, a storm of luxurious life infecting everywhere. Let us give up striving in the way of shaytan for more & more... Let us give up O Lord & say Allah. Allah! Allah! Allah! Subhan Allah. Tawba Ya rabbi, tawba Ya Rabbi. We may say Bismillahi r-Rahmani r-Rahim and our day will be good, our work will be good. Every work of ours get back on track. Our dunya & akhirah will be prosperous. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. Other than the floods & snows, there are tornadoes & hurricanes & also there are quakes that happen from under the oceans.
The Nimrod towers they built.. They are 10 floors, 15, 20 floors.. "What 20 Shaykh Effendi? We made 40 floor residences". They are rotten. If it quakes a little all 40 floors will fall on your heads. "We built them strong". I will see how strong you built. What you built is not stronger than an egg, an egg is stronger. Build with the Bismillah. Make the foundation with Bismillah. First build the mosque. O our Lord, tawba Ya Rabbi, tawba Ya Rabbi.. Tawba Astaghfirullah.

I am crying, I am crying that shaytan has ridiculed mankind. O Allah, Astaghfirullah. I repent for myself too. Forgive us for the honour of Your Beloved. May You send us holy servants who will show us Your beautiful ways. May You save us from those who are deputies of shaytan. Al-Fatiha.
May Allah grant everyone security, all the believers. Bismillahi r-Rahmani r-Rahim. May our day be good. Say Bismillahi r-Rahmani r-Rahim & have no fear. Even if all of dunya becomes upside down it can't touch the Bismillah. Therefore send word to Istanbul, I want hand written Bismillah scripts. The printed ones are no good. They have no power. The calligraphers write Bismillahi r-Rahmani r-Rahim with beautiful calligraphy. People buy from them & put in their homes with respect. We don't really want the printouts. They should write the Bismillah with beautiful calligraphy. And they should pay the salaries for those who write. They should pay who frame & arrange them also & have no fear. This is also an important order.
Bismillahi r-Rahmani r-Rahim.

Shukur Allah, Shukur Allah dem Allmächtigen. Laßt uns ein schönes Sohbat haben, laßt uns eine schöne Ansprache haben. As-Salamu Alaykum Ayyuha l-Hadhirun. Wir grüßen diejenigen, die anwesend sind. Wir senden ihnen Salams. Salam ist das Zeichen des Islam. Salam zu geben, ist Kennzeichen eines Muslim. Wir sagen Salam Alaykum. Araber sagen As-Salamu Alaykum. Wir sagen Salam Alaykum - Wie geht es, Yahu? Salam, wie schön! Dastur ya Sultanu l-Awliya, Madad, unsere Umm Hiram Sultan. Wir wollen ein paar Worte sagen mit deiner Erlaubnis. Wir leben in einer erstaunlichen Zeit. Jemand spricht an einem kleinen Ort, und die ganze Dunya von Ost bis West hört es. Erstaunlich. Es gibt eine Menge erstaunliche Dinge. As-Salamu Alaykum Ayyuha l-Hadhirun, jene, die anwesend sind. Wer ein paar Worte hören will, wer geistige Erleichterung finden will, wer will, daß seine Handlungen Erfolg haben, wer ein Wasila für all das will, sollte in einer Sohbat-Versammlung anwesend sein. Dort kann er etwas hören, auch wenn es nur wenige Worte sind. Was den ersten Befehl betrifft, 'Mögen wir den Namen Allahs zuerst erinnern. Das ist für einen Diener bei jeder Handlung verpflichtend', so schieben sie jetzt das Mawlid ash-Sharif beiseite und sagen: 'Wie können wir es lesen, es sind so viele Bände an Büchern.' Wir wollen im Nur, Licht, der Befehle wandern, die von den Himmeln herabkamen. Wir wollen nicht die gefälschten.

Die gesprochenen Worte sind von den Himmeln mit Nur herabgekommen. Sonst hat es keinen Wert. Es ist nur ein Stück Holz, dem die Form einer Gurke gegeben wurde. Sie malten es grün an und stellten es auf den Tisch mit den Worten: 'Na los, die Gurken sind frisch aus dem Garten.' Dieser Mann nahm es in die Hand und guckte: 'Das ist keine Gurke, das ist.. Das ist Holz! Wo habt ihr das gefunden?' 'Yahu, ich habe es auf dem Markt gesehen. Sie priesen es an als...' Wo ist dieser Platz in Istanbul, der berühmt ist für seine Gurken? Ja, Cengelkoy. Berühmt. Manchmal tun sie hölzerne zwischen die richtigen und rufen: 'Kommt, holt euch die Gurken von Cengelkoy, Leute von Istanbul. Und ihr könnt die Gurken von Cengelkoy sehen! Sie sind sehr schmackhaft.' Ein Mann nahme eine, kostete und sagte: 'Yahu, das macht unsere Zähne kaputt. Was ist das?' 'Das sind die neu erfundenen Gurken aus Cengelkoy, Sir. Wir haben die alten weggeworfen, und jetzt gibt es eine neue Art Fabrik. Diese Fabrik bringt uns viele Gurken dieser Tage. Wir mischen sie mit den anderen Gurken und sagen: Kommt, Gurken aus Cengelkoy. 'Mögt ihr eure Strafe von Allah finden. Wie könnt ihr die Menschen so betrügen?' 'Was können wir tun? Die Zeit ist

jetzt so, die Hälfte ist echt und die Hälfte ist gefälscht.' 'Yahu, in dieser Zeit gibt es nichts mehr, von dem die Hälfte echt ist, sie sind alle gefälscht.' 'Kaufen Sie sie, wenn Sie wollen, und lassen Sie es, wenn Sie nicht wollen, Sir! Dies sind die Gurken, die die Menschen von Cengelkoy essen. Wer guten Geschmack hat, kann kommen und welche kaufen.' 'Also gut, aber unsere Zähne werden kaputt gehen. Wie kommt es, daß dies die Gurken von Cengelkoy sind?' 'Das ist die neue Erfindung. Wir haben unseren Leuten eine Neuerung gebracht. Weil wir etwas Neues gebracht haben, nennen wir unsere Gurken jetzt "Hiyar" (Slang Wort für Gurke und dummer Mensch). Wir benutzen nicht mehr den ursprünglichen Namen 'Gurke' und sagen 'Hiyar'. Und wir brachten eine Neuerung für unser Land, weil unsere Leute eine Vorliebe für Neuerungen haben.' Wir hören hier auf.

Wir grüßten mit Salam. Salam ist der Gruß unserer Vorfahren. Es ist der Befehl Allahs für die Menschen, sich mit Salam zu grüßen. Wenn ihr euch trefft, grüßt mit Salam. Nennt den, der mit Salam grüßt, Muslim. Nennt den, der nicht mit Salam grüßt, nicht Muslim. Ein Muslim ist derjenige, der Salam auf den Lippen hat. Wer kein Salam auf den Lippen hat, ist kein Muslim. Allah der Allmächtige nimmt ihn nicht an. Gleichwohl soll dies die Einleitung unseres Sohbat sein. Wir sprachen ein paar Worte von der Eingangstür aus. Wir grüßen euch alle mit Salam, die diesen Worten zuhören. As-Salamu Alaykum wa Rahmatullahi wa Barakatuhu. Ihr Gläubigen, die das Salam kennen, ihr Gläubigen, die den Namen Allahs an erster Stelle erinnern, das gibt euch Nur. Es wird Nur für euer Gesicht und Freude für euer Herz. Deshalb haben wir mit Salam gegrüßt: 'Ihr Gläubigen, Salam auf euch.' Wir grüßten mit Salam und machten auch eine Einleitung über das Salam.

Und für die Erlaubnis, ein paar Worte zu sprechen, sagen wir Bismillahi r-Rahmani r-Rahim. Nach dem Bismillahi r-Rahmani r-Rahim gibt es kein Ende für die zu sprechenden Worte, das Wissen und das gute Benehmen bis zum Gerichtstag. Bismillahi r-Rahmani r-Rahim ist die Achse des menschlichen Lebens. Mihwar, Achse. Die Erde dreht sich um die eigene Achse. Es ist die Achse, um die sie sich dreht. Wenn sie nicht existierte, würde die Erde nicht Tag und Nacht haben. Weil sie um ihre Achse dreht, empfängt sie Licht und gibt Licht. Und das Licht des menschlichen Lebens ist im Bismillahi r-Rahmani r-Rahim. Wenn wir dieses Wort sprechen bis zum Gerichtstag, das Bismillah, seine Schönheit.. Nichts kann die geistige Macht geben und das Glück, das es gibt. Also sagt das Bismillah. Das Bismillah zu vergessen, bedeutet, auch sich

selbst zu vergessen. Laßt uns sagen, ihr Gläubigen, ihr Muslime, die ihren Namen nicht änderten, laßt uns sagen Bismillahi r-Rahmani r-Rahim. Die drei heiligen Namen des Allmächtigen Herrn,in Seinem Ismi Jalal, sind zwei Seiner heiligen Namen erwähnt. Bi Ismillah, Allah, Allah, Allah, Allah, Der r-Rahman und r-Rahim ist. Allah, Allah.... Sagt es!
Und ihr werdet Hanya (auf Kreta) und Konya (wo Rumis Türbe ist) kennenlernen. Jetzt verkaufen sie euch Hanya und sagen, es sei Konya, und Konya als Hanya. Das bedeutet, sie ändern die Dinge. Hanya und Konya reimen sich. Aber wo ist Konya? Mitten im Mittelmeer. Wo ist Hanya? Mitten von Anatolien. Ihr macht genau das Gegenteil daraus. Was ist das? Aber es ist so, Shaykh Effendi, jetzt wird alles erneuert. Wir werden das Oberste zuunterst und das Unterste zuoberst kehren. Wir werden ein neues Lebenssystem erfinden, und wir werden den Weg einhalten, der uns gefällt. Führt euch dieser Weg irgendwohin? Habt ihr eine Karte oder einen Kompaß? Yahu, Shaykh Effendi, welche Karte? Welcher Kompaß? Sprichst du von den alten Geschichten? Jeder sagt: Ich habe meine eigene Meinung, und folgt seiner eigenen Meinung. Sie benutzen weder Karte, noch Kompaß. Wir gehen, wir wissen, wir erfinden! Wir können jeden mit einem anderen Trick täuschen. Wir sagen das Bismillah nicht, sagen sie. Euere Herzen sind wie Flohmärkte. Flohmarkt. Euer Markt, die Güter, die ihr bringt, sind alle Müll.
Wer sagt Bismillahi r-Rahmani r-Rahim, zu dem kommt es jedes Mal mit einer neuen himmlischen Weisheit, mit einer neuen himmlischen Gabe, mit einer neuen Schönheit. Jedes Mal, wenn du sagst Bismillahi r-Rahmani r-Rahim, wirst du mit dem Kleid des Glaubens bekleidet. Wenn du sagst Bismillahi r-Rahmani r-Rahim, bekommst du.. Wie heißen diese Schönheitssachen? Jedes Mal tragen sie Make-up auf. Sie sehen wie Affen aus. Aber sie sehen sich an und sagen: 'Es sieht sehr schön aus. Das ist eine neue Sache. Wir sollten sie benutzen.' Ihr Leute ohne Verstand, mit leeren Köpfen! Ein Mensch kann nicht schön werden mit Cremes und Make-up. Schönheit kommt auf die Menschen herab von den Himmeln. Womit? Es kommt herab auf denjenigen, der sagt Bismillahi r-Rahmani r-Rahim. Es ist unser wahres Make-up. Mit jedem Bismillah kommt Nur auf euere Gesichter, kommt Freude in euere Herzen. Euere Arbeit geht gut. 'Nein, dies ist eine altmodische Sache.' Seit Shaytan ihnen im Nacken sitzt und sie zu seinen Tieren gemacht hat, sagt er ihnen: Glaubt es nicht. Das ist eine Neuerung. Benutzt diese Creme, benutzt dieses Make-up und euer Gesicht, euere Haut wird leuchten. Die Menschen dieser Zeit sind die Menschen der 2. Ära der Ignoranz. "Wa la Tabarrajna Tabarruja l-Jahiliyati l-

'Ula" (33:33). Leute, Allah der Allmächtige sagt: Macht es nicht so wie die Menschen der ersten Zeit der Ignoranz. "Tabarruj", geht nicht aus, schick zurechtgemacht. Zeigt euch nicht den Blicken von Fremden, weil jeder Blick eines Fremden etwas von euch wegnimmt, von euerer Schönheit, der Schönheit, die Allah gewährte, wegnimmt. Sie wird nicht zurückkommen mit Cremes oder Make-up.

O Menschheit, sagt Bismillahi r-Rahmani r-Rahim. Wie schön. Wie gut. Wenn er sagt Bismillahi r-Rahmani r-Rahim, kann diese Person Berge versetzen! Wer sagt Bismillahi r-Rahmani r-Rahim, kann einen Berg tragen. Jetzt kann der Mensch nicht einmal Müll tragen. Sie haben alle möglichen Maschinen gemacht. Hat es nicht geschneit in der alten Zeit? Doch. Womit räumten sie den Schnee? Mit Schaufeln, Shaykh Effendi. Es war sehr leicht. Die Menschen hatten Schaufeln und warfen den Schnee mit ihren Schaufeln. Und jetzt? Welche Schaufeln jetzt, Shaykh Effendi? Jetzt gibt es Fahrzeuge, die vielleicht 100 Tonnen wiegen, um den Schnee zu räumen. Doch sie haben keinen Erfolg, sie können es nicht bewältigen. Warum? Sie sagen nicht das Bismillah. Weil sie es nicht sagen, häuft Shaytan den Schnee über ihnen auf. Sie sagen: Wir können es nicht bewältigen. Wie könntet ihr es bewältigen? Es ist der Schnee, der vom Himmel herabkommt.. Aber früher konnte er mit Schaufeln geräumt werden, weil die Menschen zu der Zeit Gläubige waren. Wenn er sagte Bismillahi r-Rahmani r-Rahim und ihn warf, öffnete er sich, und weil er das Bismillah rezitierte, häufte er sich dort nicht wieder auf. Das ist das Wunder des Bismillah. Niemand hat das jetzt im Sinn, und riesige Maschinen, die 10 m, 15 m sind, kommen, können aber den Schnee nicht räumen. Natürlich könnt ihr ihn nicht räumen, weil ihr keinen Glauben habt, keine Geistigkeit, kein Bismillah. Ihr seid ohne Bismillah. Ihr habt Angst davor, steckenzubleiben unter diesem Schnee zusammen mit dieser Maschine, die ihn räumt. Schnee fällt von den Bergen. Ich habe gehört, daß manchmal auch Felsen fallen. Er bringt auch Felsen in Bewegung, aber ihr könnt Felsen nicht mit Maschinen wegbringen. Im Gedenken an den Allmächtigen Herrn, Der den Felsen an seinem Platz hält, sagt Bismillahi r-Rahmani r-Rahim. Bleib an deinem Platz, füge uns keinen Schaden zu. Wir sind Gläubige. Und sie bleiben an ihrem Platz. Warum? Wegen des Bismillahi r-Rahmani r-Rahim. Besondere Engel kommen herab, um sie zu schützen.

Aber ihr glaubt nicht. Okay wenn ihr nicht glaubt, macht Maschinen und bewältigt es, wenn ihr könnt. Die Maschinen wie auch die, die in ihnen sind, werden verloren sein. Diese Leute sollten

sagen 'Allah' oder sie bleiben alle unter dem Schnee stecken. Allah der Allmächtige läßt sie dort. Sie sagen: Es sind 10 Grad unter Null. Wirklich? In Erzurum sind es 40 Grad unter Null. Wenn Allah der Allmächtige es will, kann Er es 50 Grad unter Null machen in Istanbul. Was könnt ihr dagegen machen? Mit welchem Heizer könnt ihr warm werden? In welchen Ofen könnt ihr kriechen? Nichts!Sagt Bismillahi r-Rahmani r-Rahim. Unser Herr, wir erinnern Deinen Heiligen Namen. Gib uns Schutz vor diesem Schnee, o Herr. Sende uns die Engel, die uns Schutz geben, o Herr. Welchen Engel, Yahu? In welcher Zeit leben wir? sagt er als Antwort, Eselmensch. In welcher Zeit lebt er? Frag dich selbst, wie kommt es, daß du keinen Schwanz hast? Du hast keinen Schwanz. Das Wort, was du gesprochen hast, ist wie das Wort eines Vierbeiners. Welchen Wert hat es? Warum sagst du nicht die rechten Worte: Allah sendet diesen Schnee, wie sie in der alten Zeit über den Schnee sagten? Das Jahr mit Schnee ist das Jahr des Überflusses. Die Menschen machten Shukur für Schnee. Es gab keinen Frost. Schnee kam herunter und schmolz wieder. Er türmte sich nicht auf auf der Erde. So war das Jahr des Schnees das Jahr des Überflusses.

Jetzt wurde wegen der Wildheit dieser Leute das Jahr des Schnees zum Jahr der Katastrophen für sie. Berge rutschten ab, Lawinen kamen. Häuser konnten den Schnee nicht tragen und brachen zusammen. Und Allah weiß, was jenen drinnen zustieß, weil sie nicht sagen konnten Bismillahi r-Rahmani r-Rahim. Sagt dies und schützt euer Haus. Tut ein Schild in euer Haus - Bismillahi r-Rahmani r-Rahim. Welche Lawine kann auf euer Haus fallen, um das Bismillah zu zerstören? Hasha! Ihr Fälscher, ihr, die ihr Tiere Shaytans seid, Er wird euch euer Leben bedauern lassen, euere Arbeit, was immer es ist, was ihr tut. Er wird es alles verderben. Ihr werdet es nicht bewältigen können. Sie haben keine Arbeit, keine Jobs mehr, es ist alles verschlossen. Sie können nichts machen. Warum? Weil der Schnee 1 m hoch ist, sagen sie. 0,5 m. Er bewirkte, daß die Häuser zusammenbrachen, und Allah weiß von denen, die darin waren. Warum sagt ihr nicht Bismillahi r-Rahmani r-Rahim? O unser Herr, laß dieses Unheil ein Ende haben und halte es fern von uns. Unsere Häuser sind voll mit jenen, die Sajda machen vor unserem Herrn, die den Heiligen Quran rezitieren. Vernichte uns nicht! Engel schützen sie. Die riesigen Maschinen werden diese ignoranten Menschen nicht retten können. Weil, was ist unsere Zeit geworden? Die Alten sagten es so: Ignoranz bedeckte die Welt. Wenn ihr sie fragt, wissen sie nicht, was

Glauben ist. Menschen, die Glauben haben, tun nicht das Bismillah in ihre Häuser? Wir hängen ein Porträt auf und erweisen ihm Respekt. Habt ihr Respekt vor Allah? Was ist das? Wir machen auch Statuen. Und? Wir verbeugen uns auch davor. Was? Das ist das neue Leben, Shaykh Effendi. Weißt du das nicht? Ich weiß, Sohn, ich weiß, aber es wägt es ab für dich, so daß du es siehst und deinen Verstand benutzt und die Macht des Bismillah erkennst. Selbst wenn alle Himmel herabkämen (mit allen Katastrophen, die sie tragen) würde kein Unheil über dein Haus, deine Familie, Kinder oder Ernte kommen. Nie! Deshalb sagt Bismillahi r-Rahmani r-Rahim. Es ist der schwarze Winter. Sie erleiden sogar das Schlimmste des schwarzen Winters. Sie sagen 'unter Null'. Es kann auch 100 unter Null sein. Engel wärmen es, wo er ist, und das Haus bleibt geschützt im Schnee. Ya Hafiz ya Allah. O Allah, Der alles schützt, schütze uns. Wir machen Sajda für Dich. Wir erinnern Deinen Heiligen Namen, unser Herr. Sie sagen das nicht, sie sagen es nicht... Mit der Schaufel in der Hand, sie sagen das Bismillah nicht. Sie haben Rohre in der Hand und können das Flutwasser nicht ableiten. Sie lernen die Lektion nicht. Sie benutzen ihren Verstand nicht. Allahs des Allmächtigen große Gabe ist das Bismillahi r-Rahmani r-Rahim. "Hawalayna wa la 'alayna". Nicht auf uns sollte Dein Zorn kommen, unser Herr, sondern laß ihn auf die Bergen gehen. Wir haben Glauben, unser Herr. Laß ihn nicht auf uns kommen, sondern zu den Bergen, den Felsen um uns gehen. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Auch wenn wir nichts anderes wissen, es ist die Größe des Bismillah. Sagt Bismillahi r-Rahmani r-Rahim.

Sie haben so viele Schulen, und sie lehren die Kinder alle möglichen Spiele. Alles, was sie haben, ist künstlich, und sie achten nicht darauf, daß die Kinder sagen: Bismillahi r-Rahmani r-Rahim. Wenn ihr nicht dafür sorgt, daß sie das Bismillah sagen, könnt ihr keine anständigen Menschen aufziehen. Ihr könnt keine Menschen erziehen. Ihr bringt sie als wilde Herden hervor, die einander töten, zerstören, verbrennen. Sie erfinden und begehen, was es an bösen Taten gibt. Unser Herr, wir glauben an Dich. Wir glauben an Deinen Geliebten. Wir sind Muslime, Herr. Du bist unser Herr. Dein Geliebter ist unser geliebter Prophet (saws). Ihm zu Ehren mögest Du diese Katastrophen fern von uns halten. Mögest Du uns schützen vor Fluten, Schnee, Lawinen, Herr. Adhilna fi Rahmatika, birg uns in Deiner Gnade, o Herr. Sie sagen das nicht. Sie sollen es sagen, und sie werden gerettet werden. Sie sind wie Steine geworden. Ihr Bewußtsein ist dunkel. Sie sagen nicht 'Allah'. Sie sagen andere Dinge. Berge fallen auf sie. Flüsse werden überfließen.

Fluten werden Städte hinwegnehmen. Das ist noch gar nichts. Es wird mehr kommen. Während es auf einer Seite schneit, kommen Feuer auf der anderen. Wenn das nicht reicht, beginnt es zu beben. Ihr könnt es nicht aufhalten. Sagt: O Herr, zu Ehren Deines Geliebten mögest du diese Katastrophen von uns aufheben. Wir sind Gläubige, o Herr. Sie sagen das nicht. Sie bringen unseren Kindern nichts anderes bei als Spiele und dummes Gerede bei. Sie sorgen nicht dafür, daß sie Bismillahi r-Rahmani r-Rahim sagen. Lehrt es. Was uns retten wird, ist Bismillahi r-Rahmani r-Rahim. Nichts kann dir schaden.

O Herr, vergib uns. Tawba ya Rabbi, Tawba ya Rabbi, Tawba. Shukur ya Rabbi, Shukur.. O Allah, mögest Du uns gewähren, unseren Verstand zu benutzen. Wir benutzen unseren Verstand nicht mehr. Es gibt eine Vorliebe für Neuerung jetzt, einen Sturm auf ein Luxusleben, der alles überall infiziert. Laßt uns das Streben auf dem Weg Shaytans aufgeben. Laß es uns aufgeben, o Herr, und Allah sagen. Allah Allah Allah! Subhanallah. Tawba ya Rabbi, Tawba ya Rabbi. Wir sagen Bismillahi r-Rahmani r-Rahim, und unser Tag wird gut sein, unsere Arbeit wird gut sein. Jedes unserer Werke kommt wieder auf Kurs. Unsere Dunya und Akhirah werden erfolgreich. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Außer den Überflutungen und dem Schnee gibt es Tornados und Hurrikane und auch Erdbeben, die unter den Ozeanen stattfinden. Die Nimrodtürme, die sie gebaut haben.. Sie haben 10, 15, 20 Stockwerke.. Was heißt 20, Shaykh Effendi? Wir haben Häuser mit 40 Stockwerken gemacht. Sie sind verdorben. Wenn es ein wenig bebt, werden alle 40 Etagen euch auf den Kopf fallen! 'Wir haben sie stark gebaut.' Ich werde sehen, wie stark ihr sie gebaut habt. Was ihr gebaut habt, ist nicht stärker als ein Ei. Ein Ei ist stärker. Baut mit dem Bismillah. Macht das Fundament mit Bismillah. Baut zuerst die Moschee. O unser Herr, Tawba ya Rabbi, Tawba ya Rabbi.. Tawba Astaghfirullah.

Ich weine, ich weine darüber, daß Shaytan die Menschen verhöhnt. O Allah, Astaghfirullah. Ich bereue auch selbst. Vergib uns zu Ehren Deines Geliebten. Mögest Du uns heilige Diener senden, die uns Deine schönen Wege zeigen. Mögest Du uns vor jenen retten, die Stellvertreter Shaytans sind. Al Fatiha. Möge Allah jedem Schutz gewähren, allen Gläubigen. Bismillahi r-Rahmani r-Rahim. Möge unser Tag gut sein. Sagt Bismillahi r-Rahmani r-Rahim und habt keine Furcht. Selbst wenn die ganze Dunya Kopf steht, kann es das Bismillah nicht antasten. Deshalb gebt Nachricht nach Istanbul, ich will handgeschriebene Bismillah Schriften. Die gedruckten taugen nichts. Sie haben keine Macht. Die Kalligrafen schreiben Bismillahi r-Rahmani r-Rahim

mit schöner Kalligrafie. Menschen kaufen von ihnen und hängen es mit Respekt in ihren Häusern auf. Wir wollen die Drucke wirklich nicht. Sie sollten das Bismillah mit schöner Kalligrafie schreiben. Und sie sollten die Vergütung für jene bezahlen, die schreiben. Sie sollten auch den bezahlen, der sie rahmt und herrichtet. Habt keine Furcht. Dies ist auch ein wichtiger Befehl. Bismillahi r-Rahmani r-Rahim.

**BACK TO NATURE**

Every day Allah Almighty gives his servants new sustenance. He doesn't give stale food, but fresh! New day, new sustenance. Birds do not keep food and let it go stale, they take fresh food every day and don't use frigidaires. They trust Allah Almighty and they don't need businesses, they don't have any inflation. They are very happy... Often I watch pigeons and doves and they never complain that there is inflation. Animals don't have any inflation, but mankind do. Why? Animals have been created for the honour of man and they are so happy. They don't push prices up, and they are living wherever they want, even in London. No-one prevents them to be here or there. There are no writings like, "Out of bounds!" for birds. Dogs have these signs, but the foxes don't. After midnight foxes run everywhere. They are very free and late at night they run around very friendly everywhere. They have no business; no farming, no planting, no carpenting, no building, no governments... But they have rules! And they are keeping their rules, the rules that Allah Almighty has given to them. They never loose these rules. They are very strict in keeping these rules.

One rule is that early at night they must come to their home, to their nest. All night there is no work. They are only making tesbih, glorifying the Lord all night. Early in the morning, before sunrise, they get up. That is their rule. This is also offered to mankind: to use the night for resting and for praying. That is also the rule for mankind. But no-mind mankind changed it. They are spending the whole night against the rule of Allah. Instead of taking their rest, they force themselves to be awake all night. After sunset the physical powers of the body decrease. It will come to the point of zero. It gives its last strength for the Isha-Prayer, so when that is done, you must take your rest. Don't do anything, leave everything! The body will rest. It must rest. When it has taken its rest, it will awake in the early morning and breath a new life. Because the way your soul leaves your body depends on how obedient you have been. The Lord Almighty Allah makes a special place under the

Holy Throne where the soul can prostrate all night.
Until they awake these souls are making sadjda which is giving them mercy and their Lord will give them a new breath, a refreshment. When they awake they will come back with a new and refreshed soul.

So whoever keeps that rule will never be ill. They will have good health, because whoever awakes at dawn will be granted a Holy Wind, a Holy Breath that comes from the Throne to the Prophet sws. past his holy tomb, and then spreads all around the world. Whoever is awake will be refreshed. They cannot be ill. Everyday a new refreshment comes.

Our ancestors lived healthy but nowadays everything is damaged. First of all the minds of the people are damaged. They have filled their minds with rotten ideas. And a rotten mind will give a rotten body. That is why there are countless physicians and thousands of hospitals and thousands of clinics, pharmacies and chemists. People eat more medicine than food. No-one is asking why people are in such a position or situation.

Birds don't need medicine and they don't need doctors, no pharmacies and no hospitals. They eat everything, why are those microbes affecting us and not them? They can eat everything. They don't get ill. But those animals that come too close to mankind, they are also starting to loose their health. In civilised countries dogs and cats also need clinics, dog-clinics, vets... Yes, because they are so friendly with mankind they get infected. Rats run away from mankind, and they don't need any vet.

Whoever keeps the rules will be in safety. Mankind is destroying rules of nature which the Lord has given. Mankind has destroyed these, and therefore they will be destroyed. Keep the natural rules of Allah Almighty and you will be healthy. Everything will help you in nature. It is your servant, if you are keeping the rules of nature. If you don't keep them, everything will fight you... All the bacteria will ask themselves how to get into you. They are saying that cancer is a dangerous microbe which is fighting man. That is the result of disobedience! No-one can fight cancer. That person must surrender and must die.

There are so many very bad illnesses sent to fight disobedient servants. They are so small, Allah Almighty doesn't use huge armies, navies ... No need. He can order these small ones to attack and they will, quickly. How is it possible for them to reach everywhere. If we could see it, we would be crazy. If Allah Almighty would make it possible for mankind to look at those bacteria, they would be very astonished. How do they do

it? By car, by plane, by boat? You cannot find a place without a virus, without a microbe. Everywhere it is full. All computers cannot even count them. You can't see them to destroy them.

The Will of the Lord must continue. No-one can win against the Will of the Lord, Almighty Allah. Against the Lord everyone must be a loser. No-one can face the power of the Lord Almighty Allah. And He is not using the kind of armies that we are used to. Keep the Divine Rule on earth and you will be in safety and in happiness and your life will be full of enjoyments. If you go against it, then you must carry a heavy burden. If that was put on everyone, it couldn't be carried.That is how heavy the burden is, if you go against His Rule.

Governments never want you to be against their rule. They get very angry if someone gets against their rule. So what about the Lord of Heavens. Do you think that He wants anyone to be against His Rule? Never! He never wants anyone to be against His Rule.

All of nature; animals and birds, are keeping His Rule and they are living just like they did centuries ago, thousands of years ago, in the form which Allah Almighty appointed for them. They are safe. When we changed, everything just changed. You should be obedient and then everything will help you. If you are disobedient, problems will surround you quickly and you must then understand that something is wrong with you in connection to your Lord. That is the reason which makes you fall into difficulties. Correct yourself! Look what is wrong with yourself. When you are correcting it, you can move easily towards your destination. Everything around mankind teaches him, but mankind doesn't look to learn what everything is teaching them. Everything is created for man and everything teaches him and reminds him of how he should be. How he can reach his perfection. Because everything around him is in perfection. Everything which is created is perfect.

Once a donkey was braying and Abu Jazid was sitting with so many scholars and they were saying, "Auzubillah..." But he said, "Oh, creature of the Lord, you are just on your perfection!". Yes, everything is in its perfection except mankind. They are not on their perfection. They are not on their perfect line, and they are not trying to reach to their perfect level.

The only difference between man and other creatures is that the other creatures are under Divine Will which is controlling them and they have no will power. That is why they are perfect. A donkey is in its perfect level

by being a donkey. A cat is on its perfect level by being a cat. A dog is on its perfect level by being a dog. That is its perfection. It bites. That belongs to the perfection of a dog or a cat or a wolf or a fox. But not for a man.

Men are biting each other. For animals that is alright, but not for mankind. The Divine Will decides who is who; whether you are an animal or a human being, a lion or an elephant, a snake or a scorpion. According to their level, they are perfect. They have no will power. The Divine Will keeps them on their level. But mankind has been given will power, Allah has granted that to you. The Lord forces every creature to be on their perfect level, but He is not forcing man. He granted you that honour. Willpower is one of the Holy Attributes of Allah Almighty, and He has given it to you so that you may use it and by using it, reach your perfect levels. If mankind does not use his will power to reach the level of perfection, he will sink under the level of animals. That is the whole wisdom. May Allah forgive us and give us an understanding about that point. "You are the Sultan and we are your servants. Oh, help us to keep ourselves under Your Will and not to leave Your Will and to follow it". Perfection is to follow His Will

## The Bad Characteristic Most Difficult to Eliminate from the Ego

Yaa Rabbee! Free us from the tyrants, yaa Rabbee, yaa Allah! Bismillahi ‘r-Rahmani ‘r-Raheem.

Thank you very much; you have honored us, Sayyid. May Allah Almighty never test us with hardship for the love of leadership. To love leadership is the last of the worst characteristics that does not leave human beings. There are several bad characteristics that with effort will leave human beings, but the last one is the love of leadership is the first thing that sent Sayyidina Adam (as) to Earth. . SubhaanAllah!

(Guest: And after that his sons, Cain and Abel, one killed the other.)

Qabeel and Habeel. For the love of leadership, Qabeel killed his brother and that continues until the end of the world. The love for leadership is a bad character found in human beings and it is the last thing they leave. It is the worse of characteristics, na`oodhu billah, na`oodhu billah! May Allah (swt) never test us with hardship, yaa Rabbee! Amaan yaa Rabbee!

Love of leadership started from the time of the Pharaohs and also “Nimrods,” who are now in every country, love leadership. Now the love for leadership made people reach the point to kill each other, even their children and fathers! That caused what happened in Turkey, Iran, Iraq, Shaam, Libya, Tunisia, Algeria, and

Morocco. Even in Africa they generated the love for leadership, whereas before, Africans were accustomed to following their leaders, then they all became like their leaders, questioning, “Why is this one from among us now our leader? He must go out and we must come to power!”

This is the meaning of democracy, and Shaytan taught this to human beings. May he go to Hell! SubhaanAllahi 'l-`Aliyyu 'l-`Azheem! Love for leadership made him become Shaytan when Allah Almighty dressed heavenly honor on Adam (a), and Shaytan thought, “Why is Adam higher than me when I was created before him? That honor must be for me, not Adam, because I prayed all this time on Earth and in Heavens, so I am much more suitable to be the Lord’s deputy! So much so, I think everyone should make sajda to me! But now our Lord is commanding all the angels to make sajda to Adam? I will never accept this!” In this way, Shaytan became the enemy of all humankind.

Astaghfirullah! Astaghfirullah! Everywhere, the worst, most heinous of characters is love for leadership! Tawbah, astaghfirullah! Allah Almighty says, "I am the Lord! Huwa orders as He likes and does as He pleases." Then Shaytan said to Him, "You are wrong!" A`oodhu billah!Amaan, yaa Rabbee! As the Prophet (s) said:

allahuma laa takilnee ila nafsee tarfat `aynin wa laa aqal.

O Allah! Don't leave me to my ego for the blink of an eye or less.

O our Lord! Don’t leave us to our egos! Laa hawla wa laa quwwata illa billah.

## BAD NEWS

*Q: Why are people more attracted to bad news?*

Because the ego is a sadist. That is why it wants to look, see, hear and practise badness. It is no good for such bad news to be shown on TV and to be seen in any newspaper and advertised. Like this even little children are learning it and want to practise. That is why the governments should try to prevent all of that and not to show any bad news.

**The bad smell of people that go against the Shariat Or: O people, don't step on dirt!**

As-salamu alaikum! As-salamu alaikum!
Allah Allah... Meded, ya Sultanu-l Awliya. Meded, ya Rijalallah!
Ya Mufatiha-l Abwab, aftah lana khaira bab... Ya Rabb, open to Your weak servants the doors of good understanding for Your holy religion, for Your most beloved and praised Prophet S.Muhammad sws! Oh, we are knowing nothing and we are in need for learning!
Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.
By the Name of Allah Almighty, All-Merciful, Most Beneficent and Most Magnificent!

O our Lord, You created us, o our Lord, You are granting everything that it is best for us, but we are so ignorant ones, that we are not appreciating Your heavenly Grants! Forgive us, o our Lord, o our Creator, for the honour of most honoured one in Your divinely Presence, who you dressed him (the) Dress of Honour. No one (has been) dressed (with it) before or no one (is) going to be dressed after him, S.Muhammad sws- Allahumma salli wa sallim wa barik alayh! Give him much more honour, much more lights, much more grants that You have endlessly Oceans, give to him! And he is our ocean, that we may find everything in that ocean!

Meded, ya Sultanu-l Awliya! May Allah first forgive us! We are always dirty. For what?

Sometimes we are getting dirty through our thoughts and mostly we are getting dirty for our actions. Always either from mindly or either from physically, we are getting to be dirty and that dirtiness (is) coming from Shaitan. Never (he is) leaving a person to be clean in his Lords divinely Presences, always (he is) carrying mankind to dirty lands, never carrying them to clean lands. And you may imagine if a person (is) going through a rained (?) land and you may imagine if a person (is) going through sewages channels that (are) spread on a land: one (is going to be) clean, one (is going to be) dirty. Therefore we are asking from our Lord cleanliness, to protect ourselves from dirty lands.
O people, don't walk on dirty lands that it is wet through sewage waters! You must think on it!

And we are asking that from our Lord to
help us and (the) heavenly Answer (is) coming and saying: "If you are asking, We are reaching to you. If you are not asking, We are not reaching after you, no. What (is) happening, may happen to you!"
Therefore, (a) Muslim, who surrendered to Allah, he has a good smelling also, good smelling. We may differentiate a good smelling and also a bad smelling. It is some knowledge that (is) reaching to me from my Grandsheikh- Allah bless him and makes his honour more and more in His divinely Presence and in His most beloved servants heavenly Presence- I heard that if a person (is) making backbiting, (there is) coming so bad smelling from his mouth. Angels (are) carrying this to Hells, (and the) Hells (are) saying: "O our Lords Angels, please take that bad smelling from ourselves!" Carrying Angels that very bad smelling to mountains, they are saying: "We can't carry, take it from us!" (They are) carrying that bad smelling to lands and lands (are) shouting and crying: "Don't leave on ourselves that dirty smelling!" And (the Angels are) taking

(it) to (the) fire again and (the) fire (is) saying: “O our Lord, we can’t carry such a bad smelling! O our Lord, forgive us, we (are) never able to carry that bad smelling from backbiting people!” (And the Angels are) going whole around this world, (but) everything (is) saying: “O our Lord, for the honor of Your beloved one, S.Muhammad sws, for his honour, don’t leave that bad smelling on ourselves!” and then Allah Almighty (is) ordering: “Take this bad smelling, ‘nafes’, breath, take it back to that ones grave and put that bad smelling through that one that (it was) coming from him! Make it to pass to him once again; from where (it was) coming, make it to be there finally!” And that bad smelling Angels (are) leaving through that persons grave, through this nose...

Therefore- everything, that means, everything (that is) against Shariatullah, heavenly Orders of Allah, who (is) making his actions against (the) Shariatullah, against (the) heavenly Orders, against it, coming so many kinds of dirty smelling, but now people they are not smelling! Therefore they are running into it, like a fish (that is) diving in(to) an ocean and it is so natural, normal for (that) fish to go through that ocean. And that persons bad smellings (remains), even they are putting so many lotions, so many perfumes, but yet, (even) if anyone (is) lying in a lotion bath, if (he is) lying in it and getting out, (still the) same dirty smelling (is) coming from that person.
But Shaitan (is) making ourselves not to smell, saying: “No, good, good, drink a whiskey, you may forget it... no, no...if you are not drinking whiskey, you may drink a champagner...” - If (you are) giving(that) to apes, they are not drinking (it), but man (is) drinking! They may run away, man (is) running on(to) it! - “Drink and you are not feeling that bad smelling! Drink it, o Germans, beer...No, Sir, it is no good, but Vodka, Russians wines, is better, not to smell that dirty smelling...Drink, o my friend!” Shaitan (is) making countless traps to put

a person in that trap and he or she (is) never understanding that dirty smelling.

As the Seal of Prophets (is) teaching ourselves and he was adding every action against heavenly Orders; they are one trap and making people not to smell and they are running in it and they are, (it is) going (to come a) so bad smelling for them. And making people Shaitan not to smell: “Don’t listen, drink and be happy!” Astaghfirullah! Astaghfirullah ....

But (there is) coming a day for people, that that it is (their) last day, (and) it is going to be clear every action against (the) holy Orders of Heavens through their real beings. (The) real characteristics of bad actions (are) going to be clear (in that) last moment that from our eyes curtain, veils (are) taken away (and) we are looking.
But now we are in (the) examining area! The Lord of Heavens (is) examining His servants; if their feelings is good or bad, if their knowledge is good or bad, if their actions is good or bad (is) going to be clear from everyone (in his) last moment. But it should be too late, (there should be) no (more) time, no time to change it! (It) may be a grant from Allah Almighty to say: “La ilaha ill-Allah, S.Muhammadur Rasulullah sws”; if he is not granted that, just he (is) never going to know anything, but that moment (it is) going to be clear every moment that he did it and passed through his life.

Therefore they are saying now: “You must try to be clean! Walk on (a) clean area, walk on clean land, don’t walk on dirty land!” But people, because they are drunk, (are) never listening. “Ad-dinu nasihat”. Whole religions (are) advising people: “O people, be clean! Don’t walk on dirty lands, (you are also) going to be dirty!” Whole Prophets (are) saying this, their advice that is: “O people, walk on clean land that

its cleanliness (is) reaching to you!" That is the summary of (the) whole prophecy. It is summary to make people to be awakened: "Where I am putting my feet?" You must know it!

Our Grandsheikh- peace be upon him, Allah bless him- he was saying for Abdu-l Khaliq al Ghujdawani from our Golden Chain powerful ones. Abdul Khaliq Ghujdawani- Allah bless him- that he was saying: "O my friend or o my followers or o my Murids, listen to me! Just up today (it is) 37 years (that) I (am) never stepping on a dirty place or jumping on it also or going on that direction also!"

They are awakening people!
I don't think that a person (is) looking a dirty on earth and putting his foot on it or to step through his shoes on it! I don't think so, no one (is) doing this! May be a no mind person (is) making that. Or no mind people may (even) make under himself and putting on his face! O our Lord, protect ourselves! But finally should be that for those people, whom they are not using their good will and minds and mentality and (whom they are) stepping on dirtiness: finally they should make under themselves and putting on their faces. That is a punishment.

O people, beware of dirtiness. You must ashame yourself! How you are ashaming yourself? "O my existence, what do you think? Do you think that you can choose to step on a dirtiness or (on) a clean place? Say to me truly. Say to me! You are ashaming to step on a dirtiness- how you are making so many dirty things and making that dirtiness (on yourself), putting (it) on your face and on yourself? How it can be this? Are you not ashaming?" Blame to you o mankind, that the Lord of Heavens (has) granted to you mind and mentality, but you are not using (it) and (you are) stepping on dirtiness! What is that! O people, wake up! Open you eyes and look where are you stepping! 21st century people (are) stepping on dirtiness and just (they are) sinking

in it! Ever you heard (from) a person that (he is) asking to swim in a dirty beach? No!

There is a dirtiness in Izmir, Turkey, (that) you can't pass even on that way, because (there is) so dirty smelling! Do you think that anyone (is) taking (off his) clothes and divining in(to) it? No!
O 21st century people, you are not looking and seeing (the) dirtiness of Eastern people, Western people, Northern people, Southern people? In oceans, on continents- which place is clean? All of you (are) coming in it and making your dirtiness in it, then you are saying: "We are civilized people!" Are you not ashaming to say this?
And dirtiness (is) going to be material dirtyness and spiritual dirtyness. That thing should make them to be ashamed! (On the) Last Day, the Day of Resurrection, they should be so ashamed, because just (there is) falling from themselves such a dirty waters and dirty smelling, (that the) people (are) running away!

And just (it is) reaching to me
from (the) Prophet -peace be upon him- (a) heavenly Knowledge that (those) whom they are making 'zina', adultery people, (there is) coming through their secret places a kind of... running from their secret places so bad... so bad smelling water (is) coming from them, that the people of Judgment Day they should run away from them.

O people, what you are doing against heavenly Orders, that (is) making you to be ashamed through (The) Last Day in (the) divinely Presence and (there is) no peace and no pleasure for them here or Hereafter.
May Allah forgive us! Try to be clean, try to be with good people, try to feel what is bad smelling or good smelling, you should be honoured here and Hereafter!

May Allah forgive us. For the honour of the most honoured one in His divinely Presence S.Muhammad sws, Fatiha.
Allahumma salli wa salli ‘ala Nabiyina Muhammad alayhi salam,
Salatan tadumu wa tuhda ilayh, mamarra layali wa tula dawam...

## Physical and Spiritual Balance Comes with Fasting

Bismillahi 'r-Rahmani 'r-Raheem. I am intending to fast today to make my Lord and His most beloved servant, the Seal of Prophets, Sayyidina Muhammad (s), happy with me! Some unfortuante people never find anything to eat or drink. Those who train by fasting may become sabrun, patient, keeping oneself for the honor of the Lord of Heavens. That is our intention when we fast, and without an intention nothing is going to be accepted. Our intention is to make our Lord happy with us, then He will make us happy here and Hereafter.

We are ghanima (prosperous from battle), training our bodies through fasting and making a good physical balance for all our organs. And we are saying, “Bismillahi 'r-Rahmani 'r-Raheem. By the Name of Allah Almighty, All Merciful, I am intending not to eat or drink and to be patient, for the honor of the Lord of Heavens.”

We are also trying to be like angels that never eat or drink, but who only glorify their Lord, their Creator. We intend to try and make our Lord happy with us and we are trying to be, even for some time, like angels. That is hilye, characteristics of Sayyidina Muhammad (s): to have a diet, to achieve a balance in our physical being, and to save our bodies from so many useless matters. We use fasting to become healthy because when we fast our bodies save energy.

If you are fasting, our bodies are not like when we were young; we are fat now and some have become one that it is difficult for him to move, walk, run or do many things. He is always accustomed to save what he is eating and drinking (not burning calories), and his body changes. First we have youngsters' bodies, but after a while they will change into an ugly shape. The one who fasts has a balance with every organ in its original form, but the one who is eating and drinking without thinking, his body will become ugly. Nowadays women and men are ugly. While young one's body is nice, but after a while it becomes like a bull that overeats and becomes much bigger than its normal body.

Therefore, all orders of Allah Almighty have countless wisdom, but people are not taking care to follow them; they are mostly slaves of their egoistic desires, which makes a person's physical appearance ugly, and spiritually they get less until they no longer desire holy things. Therefore, it is very important for people to know such wisdom so they will always be lovely, up to the end of their lives. Do you understand?

Fatihah.

## Banks

We are in a tunnel, and until we pass through it, it will get more and more narrow. Then, when Jesus Christ is coming, it will get wider and wider. Only the one whose foundation is Haqq will stand on his feet. Every Batil will be torn down. If a building has even only one stone of Haram, this will be the reason for its destruction... This system, all the banks, will break down. It is a Jewish invention... Over night all paper-money will lose its value, and only those who have gold may save their wealth. Before, for one piece of gold we got 1 Turkish Lira. Now you must give 25 million Turkish Lira for one piece of Reshat-Gold. The paper is here, but its value is there, in the bank. That is how they are cheating people... And the Jews are buying all the gold that the banks put on the market...
But it is Allah's plan now that, day by day, Kufr should break down.

**Banu Israil**

(Dt.: KinderIsraels)

Madad Ya Rijal Allah! O Glorious people in Divinely Presence. Allahu Akbar, Allahu Akbar La Ilaha illa Allah wa Allahu Akbar Allahu Akbar wa Lillahi Al Hamd. Salam alaykum Ya Ibad Allah.

O people who they are living on Earth from the time of Adam (as)... I am a weak servant. I am not claiming that I know something. Or I am not also claiming that I can speak to people. No! But sometimes I am... I am thinking on something that we are saying in Arabic, Waridat/inspirations. Something, Heavenly feelings, inspirations coming to me & I like to speak sometime to people. Even I am a weak one, very weak one. And I am saying Allahu Akbar! Allahu Akbar! Allahu Akbar! Wa Lillahi Al Hamd.

O people! I am saying with the Holy Name of Lord of Heavens, Bismillah Al Rahman Al Rahim. Allahu Akbar Al Akbar! Something that is happening in our time now... In our days, very strange or another word, surprising happenings in our days. May Allah (swt) forgive us. For the honour of the Seal of Prophets, Sayyidina Muhammad (saws). For the honour of all holy

Prophets (as), including first Ibrahim (as), then his noble sons. Yaqub (as) & his 12 honoured sons, yes! I am very happy with those very very honourable people, that chosen... chosen by the Lord of Heavens. It is a grant from the Lord of Heavens to them, Banu Israil, they are saying.

And it is well known, Allahu Akbar! Their grandfather Sayidina Ibrahim (as), yes? Yes! From his way all Prophets (as) coming. Prophets (as) that they belong to Banu Israil & also they are ibn 'amm/cousins of Arabs, also. They have been honoured. Subhana Allah Al 'Aliy' Al Azim. I am very happy with all Holy Prophets (as). That their grandfather Sayyidina Ibrahim (as) and his generation (descendants) they have been granted honour not other people granted. They have been granted such a majestic characteristics. Ok?! Majestic. And... Even though shaytan - anyone may know that a thief never coming to a poor person. No! Not coming. Who they have a treasure, going there. Therefore more than any other nation shaytan.... Allah (swt) makes him away from everywhere - They are... that shaytan running after sahib/the owners of treasures. Sahib Al Khaza'in/ the owner of treasures. The owner of treasures, (shaytan is) coming there. Therefore more than other nations they are among themselves they are fighting. And then, they are fighting other nations.

Subhana Allah! Allah (jwa) granted to them Sultanate of Dawud (as), Sulayman (as), and on their ways, Subhana Allah! So honour, so honoured ones! We have been honoured, if we are knowing. Allahu Akbar! Sayyidina Yusuf (as), Sayyidina Yaqub (as), Allahu Akbar! Allahu Akbar! That is a preface, that key, not I am thinking on it but it is coming to me.

What is happening now, Subhana Allah! The Lord of Heavens. A question... Who can be able to direct everything on this Planet, dunya? Who can rule this world? Who can be able to keep the reins of this world? That is a question. Do you think that reins are through the hand of mankind on Earth? No! That is important. The reins of this world in the hands of Heavenly ones. Heavenly ones. Subhana Allah! From the time of Abraham (as) & coming. Noble people they were... they were... keeping Heavenly Sultanate on earth. Yes? Not common people. Reins of the world was in the hands of noble ones that they have been chosen from Heavens. And, important point now, dunya no one can be able to control dunya from ordinary people, no, No! Heavenly people controlling. And an important point that when the commanders or.. Allahu

Akbar! Allahu Akbar! whom they are controling dunya, noble ones. When noble ones loosing control of this world, the reins of this world becoming through the hands of those shaytanic people, worst people.

You understand? Fasad/corruption, corruption beginning through the hands of worst people. Then they are taking away good people whom they are controlling whole world & they are coming into power. Dunya going to be corrupted? Corrupted! I am... I am asking a question coming to me. There is a word, there is a Hadith, Hadith of the Honourable Prophet (saws): "If Sham became corrupt, then the whole world is corrupted." Coming to me last night. They are showing a show through TV, that in Israel people... coming to me, warid/inspiration, saying that, "if the Jews became corrupt the whole world is corrupt." If the Banu Israil coming & fighting to each other that means corruption just reached among themselves. No hope for dunya/this world. No more control! No more control for good people on Earth.

That coming to me: that if the Banu Israil through the Ard Al Muqaddis/Holy Lands... Holy Lands they are coming to each other, that means finshed! The order the world, this world is finished & is waiting for intervention of Heavens. No more control on Earth now, finished! Corruption coming to the Banu Israil - they have Prophets (as) & books - that means corruption just spread everywhere.

No more hope. Only when someone coming from Heavens on Earth to make everything in its right makan/place. Dunya/this world... People now, impossible from dunya someone may do something for people of the world, to make them to come islah/correct. Finished! Everywhere this! Now last night coming this. Everywhere finish; no anyone from Earth people may do anything for people to correct their ways for their lives. That is finished.

Now we are looking up who is coming, Musa (as) coming? Jesus (as) coming? The Seal of Prophets (saws) may coming or their representative may come. With such a person with Heavenly power or Heavenly sword with their hands may do anything. Now finished! That is, I can't say. I am tired. That is a huge ocean, but... Therefore I am saying: I look that in Israel happening; that means fasad/corrupted Israel, that means finished!

We are waiting now O our Lord! Send us men who may correct everything. We can't do anything now. Young people old people, religious people, other people, rich ones, poor ones, governments, revolutions, demolitions... Never can do anything. O people living on Earth from East to West, from North to South, that is a declaration, Heavenly declaration to all. You must ask someone from Heavens, Heavenly people who may correct everything, or you are going all of you finished!

May Allah (swt) forgive us. Everything people making wrong only True ones may do true things from Heavenly orders. Or people, every kind of nations, they are doing wrong things & finishing. May Allah (swt) forgive me, forgive you, forgive from every people. May Allah (swt) send us Heavenly... Heavenly protection for saving His (swt) good servants. May Allah (swt) give honour for honoured people. Ya Rabbi Wa Lillahi Al Hamd. That is an ocean. We can do more & more but it is enough. Who may be think on it. Allah! Allah! Allah (swt). Subhansin Ya Rabb, Sultansin Ya Rabb. You can do everything. Fatiha.

Ok? This specially came.. They are knowing the situation. You can understand my English? (Perfect)

I am...This is...I am not writing and speaking. Al Hamdulillah, but a command coming to me. I am nothing. May Allah (swt) forgive me, forgive you, forgive His servants and save ourselves with His Heavenly powerful people, Ya Rabb.

Fatiha.

## Barmherzigkeit

Mit einem an die weltlichen und religiösen Führer der Welt gerichteten leidenschaftlichen Einspruch rief Sheikh Nazim zu einem sofortigen Aussetzen von Massenschlachtungen und der Zerstörung des Viehbestandes im Vereinigten Königreich und in Europa als Antwort auf die derzeitige Krise infolge der Maul- und Klauenseuche auf. Sheikh Nazim, Führer des Naqshbandi-Haqqani Sufi-Ordens in der Welt, Experte der Islamischen Theologie und Hanefitischen Rechtsschule, stellte klar: Alle Religionen beruhen auf Barmherzigkeit. Auch wenn wir die Hintergründe für das gegenwärtige Schlachten verstehen, so möchten wir doch betonen, daß es weitaus humanere Mittel gibt, dieses Problem anzugehen. Wir weigern uns zu glauben, daß in der gesamten westlichen Welt keine Mittel gefunden worden sein sollen, eine Epidemie dieser Art zu verhindern. Und es ist mir von zahlreichen Experten der Land- und Viehwirtschaft berichtet worden, daß es Impfstoffe gibt, die die Ausbreitung der Krankheit verhindern oder eindämmen können. Die Massenschlachtung von Tieren, von denen die meisten nicht einmal infiziert sind, ist allen religiösen Sitten – seit der Zeit Adams bis zur Zeit des Propheten Muhammad, auf denen der Friede sei – schlicht entgegengesetzt. Sheikh Nazim richtete sich mit seinem Appell an die führenden Persönlichkeiten der christlichen und der jüdischen Religion und an die Führer anderer Glaubensrichtungen sowie an die gewählten Führer der Europäischen Nationen, die von der gegenwärtigen Krise betroffen sind, und rief sie dazu auf, ein Ende des Schlachtens anzustreben. Er sagte: Auch wenn es wahr sein mag, daß eine Impfung

teurer ist, so ist es doch ein positives Mittel, mit diesem Problem fertigzuwerden. Schließlich werden jährlich Milliarden von Geldern für Verteidigungssysteme und Massenvernichtungswaffen ausgegeben – Milliarden von Dollar. Ist es nicht möglich, Hunderte Millionen Dollar dafür zu verwenden, diese unschuldigen Tiere zu retten, deren Leben von unserem Mitgefühl abhängt? Islam ist die Religion des Friedens nicht nur für die Menschen, sondern für alle lebenden Wesen. Ich bin sicher, daß alle Religionen darin übereinstimmen, daß grundloses Schlachten und Verschwenden dieser Tiere in nichts anderem als Schmerz und nutzlosem Elend enden kann – nach Gottes Himmlischem Plan. In der Zwischenzeit könnte das Fleisch, das gerade vernichtet wird, Millionen von hungrigen Leuten in anderen Teilen der Welt nützlich sein, die an Hunger und Durst leiden. Wir bitten dringend alle Regierungen, die gegenwärtig darum bemüht sind, die Verbreitung der Maul- und Klauenseuche zu verhindern, Schritte zu tun, daß die Schlachtung von Tieren eingeschränkt und nach anderen Mitteln gesucht wird, in humanerer Weise der Krise Herr zu werden.

## The base of Faith

The base upon which faith is built, the spirit of faith(Ruh ul Iman) is to carry everything that you don't like, and to be patient with those you don't like. For as many people as there are on this earth, such is the number of different characters and abilities, and you must carry them all. Whenever you are carrying other people, you get more power, more strength for your faith. The real power of faith is to remain unchanged in the face of trials.
In our times, the sign of a good character, and the highest degree of Jihad-ul-Akbar, is to carry other people's bad characters and to tolerate them. We have not been ordered to refuse people, but to make them more pleased. We are living in a time when people may say anything and everything; you must be patient with them, and excuse them, always without fighting. You must know that people are ill with their egos. If you are claiming to be doctors, you must excuse them. If you are on the way of Prophets, you must help them and be tolerant of them. This is the highest degree of good manners.

You must not forget a goodness that has been done to you. If someone does a goodness for you, and afterwards you become displeased with that person over something he said or did, your displeasure, your forgetfulness of that person's good deed toward you is from bad character. You will be like a cat. You may give it meat one hundred times; but if you leave it just once, that cat will make objections and complaints to Allah, saying: "He left me hungry!" It is good manners not to argue with people, even if you know that you are in the

right. Arguing extinguishes the faith.

Who is a real Muslim? One who doesn't harm anyone, either with his hands or with his tongue. People are safe from him. This is a wide entrance to Islam, and it is for all people.

**The basis of true Servanthood Or: Bismillahir Rahmanir Rahim - the key for all problems**

As-salamu alaikum! As-salam qabla-l kalam! Rasulullah sws, Prophet, most honoured Prophet, most beloved, most praised Prophet, was saying: „Before you are speaking, say Salam!“ Therefore it is from Sunnah, from holy Way that leading people to Paradise, to keep that advice from Rasulullah sws and we are saying ’As-salamu alaikum’!
And you must say, you must ask support from holy people, whom they are governing anything here on earth and Heavens. We must know that we are weak people and we are in need support!

And we must say ‘Audhu bi-llahi mina shaitani rajim’; we must know who is that one that cutting our ways to reach Heavens! Man must know who is their enemy, who cutting their ways to reach to their Lord, their Creator Allah Almighty! Therefore we must say “Audhu bi-llahi mina shaitani rajim. O our Lord, we are running to You from Shaitan” , that he was first rebellious person, saying in divinely Presence: “I am not accepting, I am not taking care what You are ordering to me to do!” First rebellious person through Heavens was Shaitan and you must say: “Audhu bi-llahi mina shaitani rajim, o our Lord, we are running to You from Shaitan that he did his worst through Your divinely Presence!” First one; no one can say ‘No’ in divinely Presence, can’t be! Who is that one to argue with his Lord, with his Creator? How it can be? Must be worst one who arguing with its Creator or with his Creator, what is

that? How a creature may stand up and say: “O my Creator, what You are ordering to me it is not true, it is wrong! How You can order to me to make Sajdah to this one and I have been created before this new creature and I was thousands and thousands years I am always glorifying You and praying for You? And I was thinking that my obedience may be accepted through Your divinely Presence and I was thinking or I was hoping that You should accept what I did for You and I was expecting for You that You rewarding me! But now I am looking that You created a new creature that he never did anything for You, never even one Sajdah, I just filled earth and Heaven with my Sajdah to You and now You are saying to me that I was expecting a reward from You, instead reward You are saying to me: ‘Run, bow to Adam’!”

Heavenly Announcement coming: “Who are you to say that through My divinely Presence? Who are you to make argue with your Creator? Devil! Go away! Who are you to make argue? Quickly get away, get out from My divinely Presence! I was granted to you to be through My divinely Presence and now you are saying this in front of Me, the Lord of Heavens, the One who created everything including you also, to say to me: ‘I am not making Sajdah, I am not bowing to that one’? Demon! Go away!” Worst creature that one and that one he was such a bad person and he was not taking any care what the Lord of Heavens, the Creator of whole Existence including him also, (said); (he was) not taking care and saying to his Creator: “I am not bowing!”

This (is the) first lesson for the Children of Adam: To know that that creature is worst creature that created. And he was leaving the Creator and turning and coming to Adam and Eve and their generation, their children, saying: “I am giving my oath that, as You making me in that position for all this creatures, I am asking that You are giving me

a time, a period to run after those people whom they have been honoured by Yourself, to make them like me, not to listen to you, not to obey to You, not to bow to You! I am going to do my worst”- not best!- “(to the) whole (of) mankind, that You can’t find anyone from those people, the generation of Adam and Eve, to be obedient to You. I shall try , as much as possible to carry them to wrong ways and to make them, to make argument with You, to make argument about their destinations. I am going to do everything, every bad thing to make those people, not to be obedient servants to You and when they are getting disobedient servants, they never going to reach real honour that You granted to them, not giving to me!”

Therefore, o people, you must think on it, you must try to know who is your worst and most dangerous enemy! Therefore, before saying: “Bismillahir Rahmanir Rahim’ you must say: “Audhu bi-llahi mina shaitani rajim, o our Lord, we are running to You from those most dangerous enemies attacking on ourselves and taking us from the line of obedience to the line of disobedience!” Yes, you must say: “Audhu bi-llahi mina shaitani rajim, o our Lord, we are asking Your divinely Protection against that worst servant, (not) to put ourselves in a position that we never be able to reach to You or ourselves and we can be free to be Your servants without going to be cheated through that bad creature, perhaps worst creature! O our Lord, keep ourselves!”

We are speaking on obedience. That is the base of obedience towards to our Lord. Shaitan, devil, diabolo, that calling ourselves: “Come, come to me, come to my way, I am leading you to a very brightened life, to be free for your willings, for your pleasure. I am here, come to me!” Tu on that Shaitan! Tu! Make tu on him! Tu! Audhu bi-llah!

But- that cursed one saying: “I am happy to make you, I am trying to

make for you (a) trap" - and we are saying: "Your trap is nothing! We are running to our Lord and our Lords trap catching you! Whole traps, whole that ones whom they are running after you, obeying to you they are like yourself also, you are going to fall in heavenly Trap that just put on earth!"

May Allah forgive us! And we are saying now, if understanding this, you may say 'Bismillahir Rahmanir Rahim'. Ohhh, endless honour, endless honour to you, to me, to everyone to say 'Bismillahir Rahmanir Rahim'! X.! Understanding English? A little bit! He coming from X.stan, not to much understanding... Yes, o our Lord, You granted us, you honoured Your weak servants! So weak servants, we are so weak, but You are giving for ourselves a power Ocean! "O my servants", saying Allah Almighty, "if you are getting to be in a difficult position, if you are problems never going to reach a solution, call Me and say 'Bismillahir Rahmanir Rahim! That is My sword granted to you against Shaitan, diabolo and its followers!" Power! Bismillahir Rahmanir Rahim (Dhikr... about 2o times)! So sweet! So powerful! If dead person may say, standing up, if ill person saying this, may stand up, if weak person saying this, standing up- with power! Power reaching from Heavens to you, o mankind, but you are also idiot ones, following Shaitan! Leave him! Come and say: "Bismillahir Rahmanir Rahim!" Subhan Allah Sultan Allah! What honour Allah Almighty granted us! Therefore, at least 4o times daily say: Bismillahir Rahmanir Rahim! If you can do 1oo times, it is better. Through 24 hours make a time; (it) may take you 5 minutes to say 1oo times 'Bismillahir Rahmanir Rahim', but coming on you such a power, feeding your physical being as well as your soul!

Don't be heedless, o people! That is the key that granted from Heavens to you, to bring solution for every problem and also to open to you the

doors that shut down. You may say ‘Bismillahir Rahmanir Rahim’ and Allah Almighty granted to you opening, opening, endless, endless doors. Allah-jalla jalalahu- Almighty preparing His servants if they are using, treasures! Not treasures of earth, but heavenly treasures going to be opened to you! O people, come and listen! Enough your drinking and going to be drunk ones! No, you must be awakened! You must find a time that you can say at least 4o times ‘Bismillahir Rahmanir Rahim’. If you like to make it 1oo times, it is okay!

Some people coming and saying to me that: “O Sheikh, we are running to Tariqat, to ways of Heavens, heavenly Ways, and we are trying, but we are not reaching. What do you think on it?” I am saying: “I am giving to you something, if you can do, you are going to be prepared for a heavenly Opening!” “What is that?”

“After morning praying, till sun rising, make 1ooo x ‘Bismillahir Rahmanir Rahim’. Continue on it 4o days, then going to appear to you some rays of Nur, heavenly Lights. For every 4o days that rays going to be more stronger, till you can look and see what is in Malakut, Heavens!”

...When Adhan call coming, we are saying: “Yet we have time, we may sleep...” Ehhh! sun shining...! I am giving permission! Who can do may do, through 4o days, must appear
a ray from Heavens to his heart. If you are keeping along that way, you may reach the Fountain. You can reach Fountain of Lights. It is not from earth, but it belongs to Heavens. And we are not in need to take missile to be in it... no no no! You have such a power that you may destroy whole missiles in a less than one minute, through one second!

We are so powerful creatures, but we are not arranging the power station, to reach to our position that we have been granted from our

Lord Almighty Allah! We are not putting this in charge, therefore we are half way, (and then) we are sinking (back down) ...

Therefore, o people, we are beginning now to teach people something that it is real foundation, real base for servanthood. If you are not making that base, you can't be able to do your service in divinely Presence. Therefore we are trying to establish first to be on strong base, then we can build on it...

May Allah forgive us! It is enough; we are only beginning, we are saying only 'Bismillahir Rahmanir Rahim'. If we were speaking, if they were leaving to me to speak on it, may be (continue up to) next Sunday, may be next month, may be next year, may be next century, not finishing!... O people, you have been created for eternity! Eternity, try to reach eternal life! Allah Almighty (is) eternal, and (He) granted to real servants from His Eternity Oceans something to be forever in his divinely Presence.

May Allah forgive us and bless you! For the honour of the most honored one, S.Muhammad sws, Fatiha!

## Batsha Rabbika

Welcome, welcome to the Muslims, our Arab brothers. Dastur Ya Sultan Al Anbya'. Rasulullah (saws) Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Jalla Jalaluhu, Jallat 'Azamatuhu Wa La Ilaha Ghayrahu. O my Lord accept our apology, and lift from our hearts our worries. Correct our situation O our Lord. We ask blessings from the owner of the Maqam Umm Hiram Bint Milhan (Hala Sultan) may Allah (swt) bless her soul. I am a weak servant, May Allah (swt) strengthen us from our weakness. Our Shaykh, the Shaykh of Awliya' Sultan Al Awliya', gave me permission to speak, to address people. The important thing is to address people according to their understanding. I am a weak servant for this order & permission.

For the sake of the events that took place in the month of Shawwal, from East to West of the Muslim world, sorrowful events, painful... No believer can accept these events and the Muslims are sitting with their hands folded....with their hands folded. (not responding) O brothers! For a few days I was not able speak & address people, and it is an order to "speak to people according to their understanding." Subhana Allah and we are saying Audhu Billah min al shaytan al rajim, Bismillah Al Rahman Al Rahim. Allahu Akbar, Allahu Akbar, Allahu Akbar, 'ala man takabbar wa tajabbar!

Al Haqq (swt) says... Subhanahu Wa Ta'ala says, "I have forbidden injustice to Myself & declared it forbidden to you, so do not commit injustice!” (Hadith Qudsi) O Muslims from Arabs & non-Arabs, listen to what Al Haqq (swt) says. "I Am not unjust!" (hasha) "I have forbidden injustice to Myself" Al Haqq (swt) says this so people may understand, "I have forbidden injustice to Myself, so do not commit injustice!” (Hadith Qudsi) Allah (jwa) says "I Am not unjust!" And "I have

made injustice forbidden upon Myself" and declared it forbidden upon you as well, so do not commit injustice!” Is it understood? Yes.

Where are you? Where are you O Muslims? Where are you Arab Muslims? Al Haqq (swt) addresses & says, Jalla Jalalahu wa Jallah 'Azamatahu! "I have forbidden injustice upon Myself so do not commit injustice! "'Inna Ash-Shirka Lazulmun `Azimun" (31:13) So do not be oppressive. There is a Hadith of the Prophet (saws) saying "Oppression does not last, and if it does it is destructive." Is this not the truth? "Oppression does not last and if it does it is destructive." Therefore do not oppress one another. What is the Muslim world doing? The Muslim world is doing all kinds of injustice, many kinds of injustice. And the world of Allah (swt) is the highest.

Where are the Arab leaders? Where are the Arab kings? Where are the Arab scholars? Where are you O Muslim scholars, to act? Oppression does not last. How many times in the Holy Quran Allah (swt) curses the oppressors? To whom do we speak? Who may understand? They are acting & doing all kinds of oppression and they are not ashamed, and they are not fearing the Mightiness of The Lord, Jalla Jalalahu, His Mightiness. "Indeed, The Vengeance of Your Lord Is Severe"(85:12) There will be a day for you, O oppressors! Allah (swt) Will take His revenge. He (swt) Will take His revenge, and His revenge is severe.

O especially Arab Muslims, why are you not defending the truth? Why are you silent about the doings of the oppressors? And you are a means for oppressing the weak ones among the Muslims; the ones who are fighting, being killed & massacred for no reason, for no reason. Why? I am sorry for the people of Egypt. Because of one man, thousands or hundreds of thousands of people are spreading in the streets destroying & burning, shrieking like beasts. If this is meant for them, it means it is other than Islam then they are wrong. Why are they spreading into the streets? Because of one unbeliever millions of people are filling the streets.

For what reason are you silent about what they, the tyrants, are doing, to the Muslims in Sham? Where are you? How is this? If you have any manhood or virtue or courage, why are you not attacking? And why are you not marching in the streets about what is happening in Sham? That

man did something, (the unbeliever film-maker) and you are destroying and burning the whole world. For what? What is the benefit? Why are you silent about what they, the tyrants, are doing to the people of Sham? For what reason? "Oh that one is easy, O Shaykh! To be in the streets like monkeys running & jumping - this is playing O Shaykh!" But to carry weapons, no one dares to sacrifice his self. For what reason the tyrants destroy & burn the Muslim homes & kill them before & now.

And the Kings! The Arab Kings, why are they silent? Don't they have military power? For what are they reserving it? For the parades? Military parades? Is the military power for this? Is it meant to show off to people? For what are you keeping it? It is a duty upon the Kings to ask for the rights of even one believer who has been killed for no reason. They must ask about the oppressors, what are you doing O oppressors? What are they doing? Why are they killing? People who have nothing, they are dropping rockets on them, for what? What is their fault? You have no mind.

O Egyptian people, why are you destroying? Why are you attacking the buildings? For what? What is the benefit? If you have any manhood then go & stand up against the tyrants of Syria. Defend the poor and weak Muslims. Where are you? Allah (swt) will ask you & punish you. Aman Ya Rabbi! This is the point that encouraged me to speak. Because who is silent about Truth, is an accomplice of shaytan. For what reason? For no reason... "and kill not one another" (4:29) And the Muslim is killing another Muslim! How do they claim to be Muslims, these tyrants? But there is one who is keeping watch of their every step, hour by hour, until their time is up. And when their time is up, "Fa'akhadhnahum Akhdha Azizin Muqtadirin" (54:42) The Holy Verse. (They will be taken with the Grasp of the Mighty) When the time comes the Wrath of The Lord will come on them. Who He forbade to make oppression, "They will be taken with the grasp of the Mighty." (54:42) Be warned O Kings & leaders who are being silent about the oppression, one of these days you will become hostages. Your hands will be chained either here or in the Hereafter.

I am sorry that demonstrations of crowds of Egyptians are running in the streets as if they are not human beings. For what are they doing this? And especially the Egyptian women. Where are our

scholars to advise them about what Allah (swt) says for women? "Wa Qarna Fi Buyutikunna" (33:33) (And stay in your houses) Did Allah (swt) permit them to demonstrate? No! Where are your scholars, O Egyptian people you need to learn a lesson. You shall learn some of the best lessons!

There is a story that once the people of Basra became out of line and their Khalifa, Al Hajjaj Al Zalim/ "the unjust", ordered for the people to gather in the biggest mosque, the Mosque of Basra. He came alone, and stood up on the Minbar, and said O boy, read the letter of the Khalifa. The boy stood up, and started with greetings/Salams from Khalifa. There was no one in the crowd who answered the Khalifa's Salams. Hajjaj the Unjust was on the Minbar. Hajjaj was behind a veil, not visible. When the boy read the Khalifa's letter nobody returned his Salams! At that time Hajjaj the Unjust raised the veil and said "You don't answer the salams of the Khalifa?! I will teach you a lesson in such a way that that all people will talk about for all time." And he ordered the boy to repeat reading the letter of the Khalifa! This time the people of Basra answered the salams. All answered his salams, even the ants!

I will teach you a lesson. Allah (swt) is Almighty & The All-Capable. He will take His revenge! There is no shelter for the oppressed except in Him. No one except their Lord to take revenge for them. But tomorrow will come, the first day of Dhul Qi'ida! An inspiration came to my heart that things will appear, Dhul Qi'ida, Dhul Hijja, and the 10th of Muharram. The revenge of Heavens is coming upon them. Let them be careful, the silent kings and unjust presidents! Be warned, the ones who are being unjust and oppressive. Repent to Allah, stop the fight, and abide by Allah's (swt) ruling. Otherwise in these three holy months Allah (swt) will take revenge! and Muharram will be an Eid for Islam! God willing!

These are just words, O brothers. "Indeed, The Vengeance of Your Lord Is Severe" (85:12). O unjust ones, and those silent about injustice, there will come upon them from Heavens what they will not be able to run from. It will not be possible for you to defend yourselves. Whether you are a King or from the richest of people, or Sultans. I warn you! Be wary O people of Islam and people of Egypt in particular, the ones who are doing things. For what reason do women go out in the streets with ornaments with youth, boys and girls? For what? Allah made it Haram as Al

Haqq (jwa) says "And stay in your houses" (33:33) They will be punished. Our Lord (jwa). O scholars of Azhar Al Sharif, Wake up! Otherwise Allah's (swt) vengeance will come upon you also. Naudhu Billah from being a target of Allah's vengeance (swt). Aman Ya Rabbi!

O people of Sham, O people of Yemen, Libya, Egypt, Sudan, stay quite & keep your limits! Allah (swt) will avenge! There is no refuge from His (swt) revenge! I have informed about what I was ordered. O Muslims from East to West, keep your limits, or "Indeed, The Vengeance of Your Lord Is Severe" (85:12) And coming down soon. Like when Nimrud asked Sayyidina Ibrahim (as), "Where are your Lord's soldiers?" He said,"They're coming. They are coming, coming from the horizon. The soldiers are coming." How is an army coming? And the closer they got they were making, Whoooo! more & more like an earthquake. Mosquitos ate them.

Only their skeletons and clothes remained Be warned O tyrants! One of these days the Divine Vengeance will come upon them. "Indeed, The Vengeance of Your Lord Is Severe" (85:12) Repent to Allah. Stop fighting! This is the first warning! The first of Dhul Qi'ida, the warning will increase to the second & third warnings. They will come stronger till there will be no tyrants remaining, neither their names nor their bodies. So, be warned. Aman Ya Rabbi, Tawba Ya Rabbi, Tawba Ya Rabbi, Tawba Ya Rabbi, Tawba Astaghfirullah. We repent and return to You O our Lord! O Allah (swt) have mercy on us & on our leaders. Let them stop the fighting before Divine vengeance comes upon them from the Heavens! Aman Ya Rabbi, Tawba Ya Rabbi, Tawba. For the sake of the Beloved Prophet (saws) raise the banner of the Prophet (saws). Fatiha.

Willkommen, willkommen, Muslime, unsere arabischen Brüder. Dastur ya Sultanu l-Anbiya'. Rasulullah (saws). Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Jalla Jalaluhu, Jallat 'Azamatuhu Wa La Ilaha Ghayruhu. O mein Herr, nimm unsere Entschuldigung an und nimm von unseren Herzen die Sorgen. Stelle unsere Situation richtig, o unser Herr. Wir bitten um Segnungen vom Eigner des Maqam Umm Hiram Bint Milhan (Hala Sultan), möge Allah

(swt) ihre Seele segnen. Ich bin ein schwacher Diener. Möge Allah (swt) uns unsere Schwäche nehmen und uns stärken. Unser Shaykh, der Shaykh der Awliya', Sultanu l-Awliya', gab mir die Erlaubnis zu sprechen, mich an die Menschen zu wenden. Das Wichtige ist, die Menschen gemäß ihres Verständnisses anzusprechen. Ich bin ein schwacher Diener für diesen Befehl und die Erlaubnis. Um der Geschehnisse willen, die sich im Monat Shawwal zutrugen von Ost nach West in der Muslimwelt, traurige Geschehnisse, schmerzhafte... Kein Gläubiger kann diese Geschehnisse hinnehmen, und die Muslime sitzen mit verschränkten Armen, mit verschränkten Armen und reagieren nicht. Brüder! Einige Tage war ich nicht in der Lage zu sprechen und mich an die Menschen zu wenden. Und es ist ein Befehl, 'zu den Leuten gemäß ihres Verständnisses zu sprechen'. Subhana Allah. Und wir sagen: Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. Allahu Akbar, Allahu Akbar, Allahu Akbar 'ala Man Takabbar wa Tajabbar!

Al Haqq (swt) sagt, Subhanahu wa Ta'ala sagt: 'Ich habe Mir Selbst Ungerechtigkeit verboten und sie euch für verboten erklärt, also begeht keine Ungerechtigkeit.' (Hadith Qudsi) Muslime von Arabern und Nicht-Arabern! Hört auf das, was Al Haqq (swt) sagt. 'Ich bin nicht ungerecht!' Hasha! 'Ich habe Mir Selbst Ungerechtigkeit verboten', sagt Al Haqq (swt). Das, damit die Menschen verstehen. 'Ich habe Mir Selbst Ungerechtigkeit verboten, also begeht keine Ungerechtigkeit!' (Hadith Qudsi) Allah (jwa) sagt: 'Ich bin nicht ungerecht!' Und 'Ich habe Mir Selbst Ungerechtigkeit verboten und sie für euch auch als verboten erklärt, also begeht keine Ungerechtigkeit!' Ist es verstanden? Ja. Wo seid ihr? Wo seid ihr, Muslime? Wo seid ihr, arabische Muslime? Al Haqq (swt) spricht und sagt, Jalla Jalalahu wa Jallah 'Azamatahu! 'Ich habe Mir Selbst Ungerechtigkeit verboten, also begeht keine Ungerechtigkeit!' "Inna sh-Shirka Lazulmun `Azimun" (31:13). Also seid nicht unterdrückerisch. Es gibt ein Hadith des Propheten (saws), das lautet: 'Unterdrückung ist nicht von Bestand, und wenn doch, ist sie zerstörerisch.' Ist das nicht die Wahrheit? 'Unterdrückung ist nicht von Bestand, und wenn doch, ist sie zerstörerisch.' Deshalb unterdrückt einander nicht.

Was macht die Muslimwelt? Die Muslimwelt begeht alle Arten von Ungerechtigkeiten, viele Arten von Ungerechtigkeiten. Und die Welt Allahs (swt) ist die höchste. Wo sind die arabischen

Führer? Wo sind die arabischen Könige? Wo sind die arabischen Gelehrten? Wo seid ihr, muslimische Gelehrte, um zu handeln? Unterdrückung ist nicht von Bestand. Wie oft verflucht Allah (swt) im Heiligen Quran die Unterdrücker. Zu wem sprechen wir? Wer versteht? Sie handeln und begehen alle Arten von Unterdrückungen, und sie schämen sich nicht und fürchten nicht die Mächtigkeit des Herrn, Jalla Jalalahu, Seine Mächtigkeit. 'Wahrlich, die Rache eueres Herrn ist hart' (85:12). Es wird ein Tag für euch kommen, Unterdrücker. Allah (swt) wird Seine Rache nehmen. Er (swt) wird Seine Rache nehmen, und Seine Rache ist hart. Besonders ihr arabischen Muslime, warum verteidigt ihr nicht die Wahrheit? Warum schweigt ihr zu den Taten der Unterdrücker? Und ihr seid ein Mittel für die Unterdrückung der Schwachen unter den Muslimen, denjenigen, die kämpfen, getötet und massakriert werden ohne Grund, ohne Grund. Warum?

Es tut mir leid für die Menschen in Ägypten, weil wegen eines Mannes sich Tausende oder Hunderttausende von Menschen in den Straßen ausbreiten, zerstören und brandschatzen, kreischen wie die wilden Tiere. Wenn das für sie bestimmt ist, es bedeutet, es ist nicht islamisch. Sie irren sich. Warum strömen sie auf die Straßen? Wegen eines Ungläubigen, füllen Millionen von Menschen die Straßen. Aus welchem Grund schweigt ihr zu dem, was sie, die Tyrannen, den Muslimen in Sham antun? Wo seid ihr? Wie kann das sein? Wenn ihr auch nur einen Funken Männlichkeit oder Tugend oder Mut habt, warum greift ihr nicht an? Und warum marschiert ihr nicht auf der Straße wegen der Geschehnisse in Sham? Dieser Mann hat etwas getan (der ungläubige Filmemacher), und ihr zerstört und brandschatzt die ganze Welt. Wozu? Was ist der Nutzen? Warum schweigt ihr zu dem, was sie, die Tyrannen, den Menschen in Sham antun? Aus welchem Grund? 'Oh, das ist leicht, Shaykh! Auf der Straße zu sein wie die Affen, laufend und springend - das ist Spiel, o Shaykh!' Aber Waffen zu tragen... Niemand wagt es, seine Seele zu opfern. Aus welchem Grund zerstören und brandschatzen die Tyrannen die Häuser der Muslime und töten sie früher und jetzt?

Und die Könige! Die arabischen Könige, warum schweigen sie? Haben sie keine Militärmacht? Für was bewahren sie sie auf? Für die Paraden? Militärparaden? Ist Militärmacht dafür? Ist sie vorgesehen als Show für die Menschen? Wofür haltet ihr sie euch? Es ist die Pflicht des Königs,

sich um die Rechte auch nur eines Gläubigen zu kümmern, der ohne Grund getötet wurde. Sie müssen nach den Unterdrückern fragen: Was macht ihr, Unterdrücker? Was machen sie? Warum töten sie? Menschen, die nichts haben, werfen Raketen auf sie. Warum? Was ist ihr Fehler? Ihr habt keinen Verstand. Ägypter, warum zerstört ihr? Warum greift ihr Gebäude an? Wozu? Was ist der Nutzen? Wenn ihr einen Funken Männlichkeit habt, dann geht und steht auf gegen die Tyrannen in Syrien. Verteidigt die armen und schwachen Muslime. Wo seid ihr? Allah (swt) wird euch befragen und bestrafen. Aman ya Rabbi! Das ist der Punkt, der mich bestärkte zu sprechen. Denn wer schweigt über die Wahrheit, ist ein Komplize Shaytans. Aus welchem Grund? Ohne Grund...

'Und tötet einander nicht' (4:29). Und der Muslim tötet einen anderen Muslim. Wie können sie behaupten, Muslime zu sein, diese Tyrannen? Aber es gibt Einen, Der jeden ihrer Schritte überwacht, Stunde um Stunde, bis ihre Zeit um ist. Und wenn ihre Zeit um ist, "Fa'akhadhnahum Akhdha Azizin Muqtadirin" (54:42). Der Heilige Vers. 'Sie werden mit dem Griff des Mächtigen genommen werden.' Wenn die Zeit kommt, wird der Zorn des Herrn über die kommen, denen Er verbot zu unterdrücken. 'Sie werden mit dem Griff des Mächtigen genommen werden' (54:42). Seid gewarnt, Könige und Führer, die zu der Unterdrückung schweigen. An einem dieser Tage werdet ihr zu Geiseln werden. Euere Hände werden in Ketten sein entweder hier oder im Jenseits. Es tut mir leid, daß Demonstrationen von Horden von Ägyptern durch die Straßen laufen, als seien sie keine menschlichen Wesen. Warum tun sie das? Und besonders die ägyptischen Frauen. Wo sind unsere Gelehrten, um sie darin zu unterweisen, was Allah (swt) sagt für Frauen? "Wa Qarna Fi Buyutikunna" (33:33). Und bleibt in eueren Häusern. Hat Allah (swt) ihnen erlaubt zu demonstrieren? Nein! Wo sind euere Gelehrten, Ägypter? Ihr müßt eine Lektion lernen. Ihr werdet einige der besten Lektionen lernen.

Es gibt eine Geschichte, daß einmal die Leute von Basra aus der Reihe tanzten und ihr Khalifa, Al Hajjaj Al Zalim, der 'Ungerechte', den Leuten befahl, sich in der größten Moschee, der Moschee von Basra zu versammeln. Er kam allein, stellte sich auf die Mimbar und sagte: Junge, lies den Brief des Khalifa vor. Der Junge stand auf und begann mit Begrüßungen, Salams des Khalifa. Niemand aus der Menge beantwortete die Salams des Khalifa. Hajjaj der Ungerechte

war auf der Mimbar. Hajjaj war hinter einem Vorhang, nicht sichtbar. Als der Junge den Brief des Khalifa vorlas, erwiderte niemand seine Salams. In dem Moment hob Hajjaj der Ungerechte den Vorhang und sagte: Ihr erwidert nicht die Salams des Khalifa? Ich werde euch eine Lektion erteilen auf eine Weise, daß alle Menschen für alle Zeiten darüber sprechen werden. Und er befahl dem Jungen, den Brief des Khalifa noch einmal zu lesen. Dieses Mal erwiderten die Menschen von Basra die Salams. Alle erwiderten seine Salams, sogar die Ameisen. Ich werde euch eine Lektion erteilen. Allah (swt) ist Allmächtig, Allgewaltig. Er wird Seine Rache nehmen! Es gibt keinen Schutz für die Unterdrückten außer in Ihm. Niemand außer ihrem Herr, um Rache für sie zu nehmen.

Aber morgen wird kommen, der erste Tag von Dhul Qi'ida! Eine Eingebung kam in mein Herz, daß Dinge erscheinen werden, Dhul Qi'ida, Dhul Hijja und der 10. Muharram. Die Rache der Himmel kommt auf sie herab. Sie sollen vorsichtig sein, die schweigenden Könige und ungerechten Präsidenten. Seid gewarnt, diejenigen, die ungerecht und unterdrückend sind. Bereut vor Allah (swt), hört auf zu kämpfen und befolgt Allahs (swt) Vorschriften. Sonst wird in diesen drei heiligen Monaten Allah (swt) Rache nehmen! Und Muharram wird ein Eid für den Islam sein. So Allah will! Dies sind gerechte Worte, Brüder. 'Wahrlich, die Rache eueres Herrn ist streng' (85:12). Ihr Ungerechten und jene, die schweigen zu Ungerechtigkeit, es wird auf sie von den Himmeln herabkommen, vor dem sie nicht werden davonrennen können. Es wird euch nicht möglich sein, euch zu verteidigen. Ob ihr ein König oder von den reichsten Menschen oder Sultane seid. Ich warne euch! Seid auf der Hut, o Menschen des Islam und besonders die Menschen in Ägypten, diejenigen, die Dinge tun. Aus welchem Grund gehen Frauen hinaus auf die Straßen, geschmückt, jung, Jungen und Mädchen? Wozu? Allah (swt) machte das haram, wie Al Haqq (jwa) sagt: 'Und bleibt in eueren Häusern' (33:33). Sie werden bestraft werden. Unser Herr (jwa). Ihr Gelehrten der Azhar al Sharif, wacht auf! Sonst wird Allahs (swt) Rache auch auf euch herabkommen. Naudhu Billah davor, das Ziel von Allahs (swt) Rache zu sein. Aman ya Rabbi!

Leute von Sham, Leute des Jemen, aus Lybien, Ägypten, Sudan, bleibt ruhig und haltet euch im Rahmen! Allah (swt) wird vergelten! Es gibt keine Zuflucht vor seiner Vergeltung. Ich habe

darüber informiert, was mir befohlen wurde. Muslime von Ost bis West, haltet euch im Rahmen oder 'Wahrlich, die Rache eueres Herrn ist streng' (85:12). Und sie kommt bald. So wie, als Nimrod Sayyidina Ibrahim (as) fragte: Wo sind die Soldaten deines Herrn? Er sagte: Sie kommen. Sie kommen vom Horizont. Die Soldaten kommen. Wie kommt eine Armee? Und je näher sie kamen, desto mehr machten sie 'Whoooo!' Mehr und mehr, wie ein Erdbeben. Die Mücken fraßen sie. Nur ihre Skelette und Kleider blieben. Seid gewarnt, Tyrannen! An einem dieser Tage wird die Göttliche Rache auf sie herabkommen. 'Wahrlich, die Rache eueres Herrn ist streng' (85:12). Bereut vor Allah (swt). Hört auf zu kämpfen. Dies ist die erste Warnung. Am ersten Dhul Qi'ida wird die Warnung zunehmen, zur zweiten und dritten Warnung. Sie werden stärker werden, bis keine Tyrannen mehr übrig bleiben, weder ihre Namen, noch ihre Körper. Also seid gewarnt. Aman ya Rabbi, Tawba ya Rabbi, Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Wir bereuen und wenden uns Dir zu, unser Herr. O Allah (swt) sei gnädig mit uns und mit unseren Führern. Laß sie das Kämpfen beenden, bevor die Göttliche Rache über sie kommt von den Himmeln. Aman ya Rabbi, Tawba ya Rabbi, Tawba. Um des geliebten Propheten (saws) willen erhebt das Banner des Propheten (saws). Fatiha.

**Interview: Bayat, Kissing of Hands, Touching Women, Islamic Clothes...**

*Q: Many oppose to people taking bayat with you. If we have given our bayat to the Prophet*, why do we have to give it to you too?*

S.N: Who are we giving our bayat to? Like the Sahaba we have Muhammad* in front of us. We have been ordered to give our oath to true people, to a Sheikh.

*Q: Is it a necessity in Islam to give your bayat to a Sheikh, like the sahabas after the passing away of Muhammad* gave their bayat to Abu Bakr Siddiq?*

S.N: Yes! Until 1924 every Muslim would give their oath to the Sultan, who was representing the Prophet*.

*Q: Is this like when the Prophet* told us that when there are 3 or more of us we should elect an emir?*

S.N: No, an emir is something else. Not everyone we call an emir is an emir. A real emir must have power. Emir means a sultan, a shadow of Heavens on earth. You must give your oath to him. You must obey, that is what bayat means.

*Q: Who are the inheritors of the Prophet*? The people with Islamic knowledge?*

S.N: That is not enough. It has to do with spirituality.

*Q: Do the followers of the Sheikh have to follow him blindly?*

S.N: Never blindly! The Prophet* had open eyes and his followers must too!

*Q: Many people think that having bayat with is a Sheikh is like following a dictator.*

S.N: When you take a plane, you also put your trust into the pilot. You wouldn't think of telling him how to do it. The same with doctors, people do whatever the doctors tell them to. If you had eyes that could see everything, you wouldn't need a Sheikh. We want to open the eyes of our people, not make them blind.

*Q: People object on your hands being kissed.*

S.N: I am not a sultan. Let people go and kiss their hands! These people are envious, because they are not giving full respect to their Lord. If they were, people would respect them. Maybe I am respected in the Divine Presence and that is why people run up to me. I am not begging people to come up to me and to kiss my hands! They rush on me from all over the world and I do not tell them to go away. Why should I? Are my hands dirty? If they were I would prevent it.
But the hands of the people who oppose this are dirty with their dirty works. When people come close to a blessed person they feel familiarity and want to kiss and embrace. When a person wants to show their respect by kissing the hand it is not prohibited in the Islamic Shariah. No-one can bring any evidence that Muhammad* did not allow it.

*Q: But not only men are kissing your hand, but women too. Is that allowed in Islam?*

S.N: Do they have evidence on that? If that was prohibited we would not be allowed to approach our women. They have no fiqr. (Quran, Surat 4, Ayat 43 and Surat 5, Ayat 6). You may touch.

*Q: For the mahram, or...?*

S.N: ...an Nissa, is alif lam a sign for all women, or just for some? There is a secret reality there: You can touch a lady, but if your ego awakes with a bad desire it is prohibited. A person may touch his daughter or his mother and it is not prohibited. He may touch his wife and it could be prohibited. Nothing awakes in a person with his mahram, but if it is not a mahram it is dangerous. That is why the Shariah prevents you to touch without a reason. Otherwise a doctor couldn't touch the body of a woman. No-one objects to the millions of ladies who every day go to the doctor and show everything. It did not exist at the time of the Prophet*. When they give birth they show themselves completely! How can that be? Why do people not complain about that? Instead they come to me, a person who is 80 years old!
The Shariah does give the permission for the hands of prophets and their inheritors to be kissed. I do not tell

the ladies to come and kiss my hand. No! They come to give their respects. I cannot refuse it, because I am calling Europeans, non Muslims, into Islam. They are still new and if I would prevent them from kissing my hand their hearts would be broken. They would accuse Islam of having no gentleness. We are not living in Saudi Arabia, Libya, Algeria, Turkey, Iran or in Pakistan! I am calling people here, in Europe. This is why we can use the methods which the Prophet* was using at the beginning of Islam. People at that time were also not using scarves. For the first 13 years in Mecca, they were mixing freely with men and not wearing scarves. All that came in Medina. The people who are accusing me of these points have no understanding of Islam. They are scholars, but empty!

*Q: According to the Hanafi school what are the rules of a woman touching you without desires? Would you need an ablution?*

S.N: All the four schools of thought were going to agree on this point, but then Imam Shafi prevented it. He wanted to close the door of fitna which arises through young people touching each other. Abu Hanifa gave the permission under a condition: if your feelings do not change and become haram, it is all right. If they do, it is prohibited in the school of Abu Hanifa too. When feelings change, our body awakens and we discharge, making our wudu invalid.

*Q: Why are people so attracted to you?*

S.N: They are spiritually attracted because their souls are swimming in the same pool as my soul: in the ocean of mercy. Their souls are familiar to me. I have been with them since the Day of Promises, whether they are aware of it, or not. I am reaching to every sultan on earth now, because their time is approaching. All presidents will come down. In the 21st century presidents, democracy and parliaments will go. The sultans will come. This has been written in all the Holy Books: the Old Testament, the New Testament and the Holy Quran.

*Q: Many people say that Islam does not have to be demonstrated in your clothes, that it is better to have it in your heart.*

S.N: These people are fully foolish! They are making propaganda for the satanic school. Why do armies keep their uniform? If clothes were not important, tell the generals to start wearing civil clothing instead or the

Pope or the Patriarch. Do you think it has no meaning? Why are only Muslims getting these silly questions?

*Q: People say that if the Prophet* would come today, he would be wearing the clothes of today; jeans and a suit.*

S.N: Jeans are very unhealthy clothes. The traditional Muslim clothes are very healthy. But people do not understand such things. They want to follow fashion, and they want to prepare all other Muslims to do the same, to follow their ugly fashions! We do not need to follow any body's fashion. We have our own originality and our own tradition in our way of dressing and in everything else too. Only weak people need to follow powerful people. We are honoured to have our own way of dressing. If people have a job where it is necessary to wear another style, that is all right. At the time of the Sultan someone came and asked the Grand Mufti: "I just bought a cow, and every time I come to milk it, it refuses, because it was accustomed to the old owner who was always wearing a hat. Would you permit me to wear a hat during the time I milking?" "Yes, as long as you are milking, it is all right!" So this applies to all Muslims living in non Muslim countries.

*Q: Harvard University is making a research into the suggestion that the 21st century will be a century of spiritualism.*

S.N: Harvard University is a serious university. They are looking into a very important point. But how are they doing it? The target is like an island in the ocean. In front of them are Christianity, Judaism and Islam. All of them have vessels, but the vessel of Christianity is 2000 years old, the vessel of Judaism 4000 years old, the Islamic one is the newest one. If you had to choose for a long and dangerous travelling, would you use the oldest or the newest vessel? That is the question I would like to raise to the people of Harvard! They must accept the newest vessel which is most intact, powerful and strongest, not the rusty old ones.

## Bayazid's 24.000 Expansions

Our Grandsheikh was saying that whoever has real spiritual exercises, if he can complete them, there may appear from himself many forms like himself. Firstly there may be three then seven, having the same shape and bodily povers, but in seven different places, each independent, looking, acting and knowing. This power grows from one completing exercise under the supervision of a Perfect Master: Murshidun Kamil.
Abu Yazid once prayed one Juma'a prayer in 24.000 different places. He told the religious authorities in one place: "I was praying in 12.000 different houses of worship today." They asked: "How?" He said "by the power of the Lord Almighty. If you don't believe me, send people around to ask." The sat and waited until messengers returned saying that he was seen in so many places. Abu Yazid said later: "I was afraid to say 24.000 so only said half."

Allah says that when planting one grain of wheat, it disappears into the earth and becomes seven ears, each ear with a hundred grains, 700 grains coming from one. If a person gives his body to be nothing, Allah gives a body from His Divine Presence. Don't be surprised about Allah's actions; He is al-Qadir, The All-Powerful. But no one agrees to be nothing, everyone is asking to be something, to be, to be, to be, even in religion. In Tariqat also, people ask miracles and heavenly vision, no one likes to be nothing. When agreeing to be nothing, you will be all things. The Palace of Unity is not open to those saying 'we are something'. You must enter into Khalwat, seclusion, not thinking to come out, finished, addressing to your ego; "Don't think that

you are coming out and able to do miracles. I am going to bury you. My Sheikh will send the Angel to take your soul." Then it will be real seclusion, otherwise it is only training. For the first condition, the Sheikh looks to the disciple to see if desires of the ego are still running in his heart. Ego must be finished there; then to such a person ready for death, all keys to treasures can be trusted. This body must be taken. Everyone will die. Some may offer themselves to death with their willpower. This does not mean killing oneself, but killing the ego's desires. Then you are ready for Divine powers.

Abu Yazid was such a hard fighter to ego. People asked him what is the most difficult fighting. He replied: "You can't live up to it at all." And what is the lightest fighting? Maybe you may listen a little. I called my ego to come out to pray: It said, 'but I want to sleep'. I told it 'Enough, leave sleeping and get up!' 'But I like to sleep'. 'I swear by God won't give you any sleeping or drinking one year if you don't get up.' This is lightest fighting to my greatest enemy."

For twelve years he was in a dry well; he buried himself there to make his soul free for the whole Universe; free to wear any body. These are most expensive pearls, only Kings Queens may put on their heads. For them you must sacrifice your ego. We're now only listening but saints are also from mankind and perhaps they are weaker than us; but they know the Lord and He is All-Powerful. You must do everything for His sake. Say: "Oh Lord, we are needy."

**Be a defender of Truth! Or: S.Muhammad sws was not a lamb!**

Ya Rabbi, ya Allah! Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah. Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ´Aliyu-l ´Adhim.
As-salamu alaikum!... If I knew if I am giving Salam or not... therefore, to be ´mutmainu-l qalb´, I am saying another : As-salamu alaikum! Now I know that I am giving Salam. Then we shall say: Alfu salat, alfu salam ´ala Rasulillah sws .

Ya Sayyidi, ya Rasulullah, we are asking your shafa´at, intercession!
And we are saying: Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.

We are running away from Shaitan. And to where we must run? Allah, Subhana Hu wa ta´ala, (is) saying: “Fafiru ila-llah. Run away from Shaitan, run to Allah that created you and bringing you in existence.” Who (is) bringing you in existence? Ha? By basket, you are coming from Heavens on this, like parachute? Everyone (is) coming from up by parachute. Do you think so? Edebsizler, alcak kafirler! (It is) not for you, this (swearing), (but) for those that they are denying everything, beyond their minds they are denying everything. They are the level, under the level, of donkeys and animals! (Animals) they know, who created them, but those creatures, dirty creatures, they are not knowing or they are so proud to say that: “The Lord of Heavens He created us!” May Allah forgive us!
Till they are coming humbly and saying: “O our Lord, we are Your creatures; You created us, we are Your servants! You may order and we are going to listen and

obey", (there is) no way for their future, no way for their happiness or no way, generally no way to peace on earth!

Where are those proud people whom they are getting... they think that they are something? Where they are, those people whom they are claiming they are Chief of Christians, Chief of Protestant, Chief of Orthodox, Chief of Catholics, Chief of Anglican Church, Chief of Jerusalem? Ha, Hakam Bashi... Chief of Muslims... Where they are that they are so proud? Where are you that you are with your so ornaments dressings to be different a little bit different from another people? You are such a person, so proud! "O people come to peace, don´t quarrel, be silent, don't run through streets..." They are not saying this also, but they are so proud ones with their clothes that people do think that they are something, some another kind, not from common people. "We are up, up, up!" Who (is) making himself by himself up, high, high, higher... (is) coming down, down, down... X. You have also such a people (in Spain)? Big monasteries, big holy ones! No, holy ones never! Holy one- who is holy one? Holy one that is (he), who knows who created him and what He is asking from him or from them. That is (a) holy one. Not (those that) they are showing a show with their clothes and (are) making people to think about themselves (that) they are holy ones! They are liars! They are liars!

Jesus Christ... Our Christian brothers they are blaming (ourselves) that Muslims, Muhammad sws, say: "The boss of creation, (the) most honoured one, most glorified one!" They are saying: "He carried (a) sword and Islam just reached East and West through (the) sword." Hmmm! What about you, o Christians? Popes and... I am not saying for Jewish people, because they are fighters. They are fighters, they used (the) sword to make people to come to Allah, to say: "La ilaha illa-llah, Moses Rasulullah", to say: "No one´s Iman, faith, (is) going to be complete, if they are not saying: ´Moses (is the) Prophet of Allah´!" And Muhammad sws also Prophet of Allah to whole nations, as we are saying. We are

not making a separation, we are not saying: “Only S.Muhammad sws he is our Prophet. Prophecy (is) only for him!” We are saying that we are believing (in) whole Prophets, beginning from Adam, Noah, Abraham, Moses, Jesus Christ and (for) 124.000 Prophets we are saying “Yes” and we are not fighting to Prophets. Fighters to their Prophets they should be in Hells!

Now they are blaming Muslims and for whole creations Prophet, S.Muhammad sws, that: “He used (the) sword to make Islam to reach East and West!” What about you, o Christians? Jesus Christ, he used anytime even one knife? Who (is) inventing so many dangerous weapons, nuclear weapons, Jesus Christ (is) signing for them: “O Christians, you are on (the) right way, because you are making nuclear weapons”? Jesus Christ (is) signing: “You are okay”? I must ask (the) Pope, I must ask (the) Patriarch, I must ask whole Christian Bishops: “Jesus Christ (is) signing (that) you are on (the) right path? Why you are blaming S.Muhammad sws that he used (the sword)? He was not a lamb! S.Muhammad, he wasn’t a lamb like you are making Jesus Christ lamb! S.Muhammad sws he wasn´t a lamb to sit down and to give his neck: ‘Cut my neck!’ Haaaa! Be straight or you should be shot down!”

Understanding? Wrong? (Is) anything wrong? Eh! Yes... Allah (is the) Witness! Allah (is) looking! I don’t think that anyone through East and West may speak on that point except a very very weak or... I am someone that (is on the) lowest level. I am (a) lowest level person, I am speaking this. They are claiming they are highest level. They may say anything! If I am an old person, weak person, under every level- if I am saying (anything) wrong, if they are saying: “You are wrong”, they can´t reach up to tomorrow, they may go away...

This world is not empty! (The One) who (is) turning this world, just prepared everything in its most perfect position. They are saying: “This- who is that! (He is a) lowest person!” But (he) may keep a secret power from Heavens. That secret power may destroy everything that they invented and (that they are)

bringing to take away peace from earth! That one that you are saying: “This (one) is nothing”- (Allah) may keep that power though that person! Allah, Allah, Allah!

O people, we are only saying something that no one can be able to object on it. It is so clear, so clear! May Allah forgive me and forgive you also.
O people, who is (a) believer? Who (is) believing in truth. Who is a Muslim? (A) defender of Truth. Try to be defenders of Truth, o people, then Allah Almighty helps you and protect you and shelter you, if not...

May Allah forgive us! Allah, for the sake of the honoured Beloved one, habibi akram hurmati icin, for the sake of the Tajalli of this blessed month, bu mubarak ayin tajalli hurmati icin, forgive us, Sen bizi afet! Send the Sahib who is going to change everything, doenderecek Sabihi goender, ya Allah, Fatiha... Allahumma salli wa sallim ´ala Nabiyina Muhammad alayhi salam, Salatan tadumu wa tughda ilay, mamara layali wa tula dawam...

Zahir olsun, Senin dini zahir olsun, ya Rabbi! Zahir da, goermeyen goezler da goersun...

My anger only to my ego! You are free to be angry with your ego or not. You are free, but I am fighting with my ego and angry with my ego. May Allah help me!

Fatiha!

A Bean Split in Two Halves

Mawlana Shaykh Adnan: We are grateful, Mawlana. May Allah give you long life and protect you.

Mawlana Shaykh Nazim: (Asks cameraman to focus on Shaykh Adnan.)

Mawlana Shaykh Adnan: I am shy Mawlana, especially in the presence of Shaykh Hisham. Mawlana, you know that I am shy.

Cameraman: Astaghfirullah, my uncle. You are full of respect, adab.

Mawlana Shaykh Nazim: Both of you, twins.

Mawlana Shaykh Adnan: Twin. Yes, Mawlana. Like a nutshell, we are on top of each other.

Mawlana Shaykh Hisham: Mawlana Shaykh Abdullah (q) said, “You are like the bean that was split in two, one half here and one half here. You both complete and complement each other.” That day we both made a suhbah without a translator. Together we were in the room, not his (Grandshaykh’s) room, but he took us to the room near the bathroom; there was an old room there, Sayyidee. He gave a suhbah and said, “This is a suhbah from secrets.”

Mawlana Shaykh Nazim: Secrets?

Mawlana Shaykh Hisham: Yes, “secrets,” Sayyidee. I have it written. He said, “You are two, like the bean split into halves: one half is Adnan and one half is you, complementing each other.” That is why he (Shaykh Adnan) is my shaykh. I have kissed his hand, Mawlana, I have kissed his hand. (Shaykh Hisham kisses Shaykh Adnan’s hand.)

Mawlana Shaykh Nazim: Mubarak. Mubarak.

Mawlana Shaykh Nazim: Sure... secrets.

Mawlana Shaykh Adnan: Secrets. Mashaa-Allah, asrar moving all around you (Shaykh Hisham).

Mawlana Shaykh Hisham: There was one from Pakistan called “Ahmad Asrar” (secrets). Sayyidee, when you were at the conference in Los Angeles giving a sermon against Wahabism, his students wanted to bring him by force to give a sermon. We brought him downstairs in the building to give a sermon to five-hundred people. You were giving a sermon to ten-thousand people! He said, “The ones upstairs are religious innovators and the ones downstairs are the ones on the right path.” He was talking about us Sayyidee, that we are innovators, and that the ones downstairs--meaning himself--are on the right path and that he was a caliph. Then he died. He was Pakistani from the group Hezb ul-Tahrir.

Mawlana Shaykh Adnan: Hezb ul-Tableegh. Mawlana, may Allah give you long life and support you with health, safety, strength, inner spiritual knowledge and wisdom, in the presence of the most-distinguished stream in the Divine Kingdom.

Mawlana Shaykh Nazim: “He is The One Who cannot be limited or contained by place or bound by time.” •• •••• ••••••• •••• ••• ••••• •••• •••• This is important.

Mawlana Shaykh Hisham: Yes, Sayyidee. This is according to the Islamic madhab Maturidiyah. “He is The One who cannot be limited or contained by place or bound by time.”

Mawlana Shaykh Nazim: Time and space are created. Allah (swt) created time and space. He cannot be limited or contained by place or bound by time.

Mawlana Shaykh Adnan: And the Divine Throne is a place.

Mawlana Shaykh Nazim: For whom?

Mawlana Shaykh Adnan: For the Prophet (s).

Mawlana Shaykh Nazim: Haqq! It is written on the Throne of Allah. There is a throne on top of a throne on top of a throne on top of a throne.....

Mawlana Shaykh Hisham: Thrones.

Mawlana Shaykh Nazim: It is not possible for humans to know the number of thrones. The throne of Allah, King of Kings, is He going to be sitting on a chair?

•••••• •••••••••••• •••••••••••••• •••••••••• ••••• ••••••••• •••••••••••• •••••• •••••••••• ••••••••••

wasi`a kursiyyuhu ‘s-samawaati waa ‘l-arda wala yaooduhu hifthu huma wahuwa ‘l-`Aliyyu ‘l-`Azeem.

His eternal power spreads over the Heavens and the Earth, and their upholding wearies Him not, and He Alone is truly exalted, tremendous. (Al-Baqara, 2:255)

Mawlana Shaykh Nazim: It is too much for us, leave it.

Mawlana Shaykh Adnan: Yes, Sayyidee. Let us speak about the Throne of the Prophet (s).

Mawlana Shaykh Hisham: lbn Qayyim Al-Jawziyyah (r) said that Allah has created the Throne so he can let Prophet (s) sit on it.

Mawlana Shaykh Nazim: What?

Mawlana Shaykh Adnan: Ibn Qayyim said that Allah is sitting on the Throne and will also let Prophet (s) sit at the Throne.

Mawlana Shaykh Nazim: No minds! No one can know about the Throne of Allah.

Mawlana Shaykh Hisham: This is a new interpretation from you, Sayyidee, “Throne upon throne, upon throne, upon throne.”

Mawlana Shaykh Nazim: It is known to be true. Thrones will always appear in Eternity. We are speaking here

in this world. Sayyidina Rifa`i saw a sea in the Fourth Heaven and thought it was water, but it turned out to be sand with no beginning and no end. The closer he came to one grain of sand, he saw a world just like ours, filled with Allah's Creation, and he heard the call for prayer like our call for prayer, and saw a world like our world, but not an exact copy.

Mawlana Shaykh Hisham: And the Prophet (s) is the prophet for all these worlds.

Mawlana Shaykh Nazim: Yes, and each world is different, and each world has its own Day of Judgment. Prophet Muhammad (s) is the prophet for all worlds! This is the knowledge Sayyidina Rifa`i reached.

Mawlana Shaykh Hisham: May Allah give you more knowledge, Sayyidee.

Mawlana Shaykh Nazim: I am shy to speak before Allah (swt). He is the Lord of all worlds; Rabbi 'l-Alameen. "Al" is for "all": The One and Only, the Lord of all worlds! Do not talk about it; we are shy to talk about it. No one can bear the presence of Allah except His Beloved, Muhammad (s)! We can only reach Allah through His Beloved Prophet. He is our channel to Allah. Humans cannot bear the majesty of the Divine Presence: "La ilaaha illa-Llah Muhammadun Rasoolullah," this is what Allah gave us.

Mawlana Shaykh Adnan: Precious jewels.

Mawlana Shaykh Hisham: Mashaa-Allah Sayyidee, extraordinary manifestations.

Mawlana Shaykh Nazim: Allah's manifestations are extraordinary. O Allah, forgive our weakness!

Mawlana Shaykh Adnan: Waves of inner spiritual knowledge.

Mawlana Shaykh Nazim: When is `Asr prayer?

Mawlana Shaykh Hisham: After two hours.

Mawlana Shaykh Hisham: Sayyidee, you are full of lights and barakah.

Dastur ya Rijalullah Madad O Our Sheikh O RasulAllah Ya Rabbi Anta Rabbuna Anta Hasbuna Anta Waliyyuna Anta Mawlana Amiddana ya Rabbana Marhaba ya Hadirun, O lovers of Shah Mardan Assalamu alaikum wa rahmatullahi wa barakatuhu Welcome. We came to the assembly with khayr. May we stand up with khayr. May our assembly be a holy assembly. O lovers May it be the assembly of Allah's lion, this our gathering. Friends, those who love awliya and those who love to serve Shah Mardan. May help come to us from heavens. One drop of Hz Rasul's blessing turns the universe upside down. Sayyidul awwalin wal akhirin Sayyidina Muhammad sallallahu alayhi wa sallam Amidduna bi madadikum.
O lion of Allah and lions give us power from the madad given to you. We are weak. We want to keep your way. We want to keep the Shariah brought by the Beloved. Fa wajab, we want to learn and teach what is obligatory for us. Our assembly is an assembly of akhirah, an assembly of dunya is the wc. An assembly of akhirah is an assembly of paradise, garden of paradise Riyaduljannah, is a garden from the gardens of paradise. The assembly of our sohbah, Shah Mardan advises us. Talks about beauty, our honor; tells and teaches us how we'll worship and serve. Utlubul ilma minal mahdi ilal lahd. How beautiful is Islam, what a pure religion! Ask for knowledge from the cradle to the grave. What is there in knowledge? In knowledge there's a description of our servanthood to our Creator. There's the honor of Rasul Kibriya, who describes it to us. There's the adab of Shah Mardan, who keeps his way.
A man without adab is the donkey of shaitan. Adab. Shameless men will be kicked out from all assemblies. We want our assembly to be holy, according to our degree. Whatever is granted to us is from Shah Mardan. Whatever comes from those who follow his way we listen, we learn a little. We shouldn't abandon it, First of all say Bismillahir rahmanir rahim. What an honor.

Whoever stands under the shade of Basmala Sharifa, won't be deprived in this world or akhirah. Bismillahir rahmanir rahim. Say this. We've gone too far. We think 1 basmala is too much. Say, teach this, teach Basmala, teach so that they will know they are human beings. The servant of Allah is a human being. Whoever says 'Allah' is the servant of his Lord. Learn this. Whoever doesn't learn is a donkey. What kind of donkey? Who rides a donkey? Someone without Basmala. Shaitan rides him and uses him as a donkey. That's why he says What is Basmala? Remove these, ha! You carry shaitan on your back now say whatever you want. Makes us say. We are human beings. Say Bismillahir rahmanir rahim. Listen to Shah Mardan. Oh lovers of Shah Mardan, friends of Shah Mardan, clean servants, their faces are full of light, their hearts are full of light, their lives are clean and with light. Come and you won't have any distress. Know that those who don't accept Allah are donkeys. Whenever someone forgets Allah, he becomes the donkey of shaitan. Whenever he doesn't say Basmala, he forgets Allah. It is shaitan who makes him not say. Also it is shaitan who rides him. Be clean oh people! Janab Allah created you clean, keep cleanliness.

So, oh friend listen to what we will tell... in this sohbah; what are we saying. Oh people be clean. Is there anything wrong? Is there anything wrong with Shah Mardan's order? Master of Universe's order? Be clean it says, taharat, be clean. Is this wrong? Why do you quarrel with Islam? If there's a wrong order, if it is teaching something wrong then say it. In Islam it says go to sleep early, wake up early. So that our body relaxes. The day after if our soul is not taken while we are sleeping, it is returned, you wake up with strength, you wake up with love, enthusiasm, not like a beggar, like a soldier. Be a soldier, be a soldier.

Ya Rabbi we repent, we fell behind. They call it sociability, for the sake of civilization they became the donkeys of shaitan. All day Shaitan rides on them. Let's listen a story from Shah Mardan about this ; shaitan aleyhi ma yastahik; used to disguise himself but never wears Islamic dress. He doesn't dress like a muslim. He does not accept that, which means he does not come near to the turban, Ottoman clothes, the dress of Sultanate. He does not like them. In order to hide his ugly appearance he uses various kinds of tricks and follows people, to make these people lose their human side. He tries to make them lose their humanity, to make them like animals. He has no other aim. What is shaitan's aim? It is that people have animal attributes. Nothing else. The Creator of people, who also created me, gave them honor. I want to take this honor

from them. Shaitan's struggle is to make people like him. This is the summary.
What he struggles for - I lost my degree because of people, my honor is lost, my face turned ugly. I became the ugliest, he says. I'm going to take them out of human identity. Why changing their human attributes? To give them animal attributes. For what? I will ride on them, make them my donkey. Those, who are on the way of Shah Mardan heard this story. We heard this story. Someone from the enemies of shaitan visited our Master in Madinatul Munawwara. He went out. Note that story. While exiting the door, they used to call it Majidia - it's a door built by the Ottomans in the past, a door with honor. It has been destroyed. They built something else intead. No taste, no spirituality. Something without spirituality is rubbish. How ever much you decorate it it is worthless. A tomb with spirituality is a thousand times more worthy than a skyscraper with no spirituality, a hundred thousand times worthy.
That's why our ancestors, the holy ones, their provisions descended from where? Provisions descended from heavens not from this world, Prophets came from heavens. The books, Bible, Old Testament, Zabur sent by Allah. Quran descended from heavens, from skies. MashaAllah
For this reason you will meet Shah Mardan in the assembly of those who are empowered, are people who have power. Run after spirituality, that is the way of heavens. You ascend to 7 heavens from that way. if we have only physicality, they bury our physicality inside the grave. Our body is buried there.

What power carries our body for so many years? It is our spirit. Without that spirit we can't appear. The baby in the womb for 4 months, soul doesn't come, there is no motion. It is a piece of meat. But a moment comes, at that moment baby starts moving in the mother's womb. The doctors wanted to determine that moment. Impossible, that is divine secret, like a lightning coming from the skies. Comes like a lightning, baby wakes up in mother's womb, opens his eyes. Hears and sees. Sees what? He sees how he came from universes. He watches that inside, hears and sees. Look at the power and majesty of Allah.
Huuu. People whose eyes are open, both hear and see this. These doctors try to determine the time, they can't succeed. We want shaitan to stay away from us because he was disobedient to his Lord. His Lord Allah Jalla Jalaluhu ordered, "Prostrate." I won't he said. So, i will throw you and those who don't prostrate like you, into hell, He said. That's why man without prostration

there's no meymenet yoktur. There's an ugly attribute. May Allah increase the light in our faces. We want Allah to increase, so we'll be filled with light. People who see they say mashallah this is someone with light. Where do we find? I don't know but since he has this light if there's a market selling this light, let's go and buy from that light. Leave this.

We put on powder, blusher, mascara, this, that. We beautify Ok if that's your beauty, leave it on. In your last breath they will see you, and can't look into your face because you didn't take your beauty from heavens. It's fake. What do they call it, cosmetics. People, especially women there are so many kinds. They hope for support from those who paint their faces, eyes. Even if you put makeup your eyes, your face, you can't be pretty. But if you prayed 2 rakats , light shines on your face. You'll be beautiful. People of this age are ignorant to an extent that they can't differentiate beautiful from ugly. They don't know where beauty comes from. They don't know where ugliness is coming from. Ask this, search this. Allah Allah who should we ask? You don't have it in your schools? No. They teach this in schools? After we graduate, we get used to it. Everyday ads say put on this, that, put that on your head, on your (). We learn this later on. Otherwise we don't read things like this. Beauty is a spiritual light. You can't find it in this world, it comes from heavens. If you want beauty, real beauty, it comes from heavens.

Beauty that comes from the earth is shaitan's, beauty that descends from heavens is Divine, it is a gift from Janab ul Haqq to His servant. That My servant accepted Me, accepted to serve Me, agreed to be My servant. Agreed so that's why i dressed him with this beauty. The more you prostrate, the more you are dressed with light. They don't teach this. Learn, learn! That this world is not a place which only consists of stones, soil, trees, animals. This world is also loaded with spirituality. Who can give the best shape to objects, who can give the most beautiful shape? I'm asking. An object is either one line or 2 lines, or 3 lines, or 4 lines, 5 lines in the end it multiplies so much that it becomes a globe. There's no imperfection in a globe or a circle. The most beautiful shape is a circle or globe. That's why this world we live in is a globe. Like a ball.

Think who made this world like a ball. How beautifully done, think about it. Why don't you think? You also among other creation, there are two footed animals, four footed. Two footed and four footed. There may be more, maybe less. But a human has 2 feet. Beauty of mankind is a divine model, cannot be imitated. Mankind's beauty can not be imitated. It's clean, no one can

make the model of mankind. We make statues. May they fall on your head. Hasha minal huzur. Shah Mardan is angry. Those, who respect the statues, but don't respect their Creator, Shah Mardan's sword is ready. When they leave this world, worshippers of idols, statutes a sword hits their necks. Because punishment for worshipping a statue is to be slaughtered. He isn't slaughtered in this world. When leaving the angel of death hits his neck how many times, until it falls apart. But you can't see. What you see is he is laying down. Laying down on Teneshirde. His head is gone. Beware!

Run to the most beautiful. The most beautiful creation is human being. Know you are a human and know your Creator. Prostrate Him. Ya Rabbi I prostrate to You. In every sajda a light is dressed upon us. A man without sajda has no light. He is ugly. The highest respect to our Creator is sajda. Janabul Haqq says the closest maqam to Me is when My servant makes sajda for Me. Make sajda for Me. You may find Me. Qƒ±yam dur, you'll see. Bend to ruku so i will lift the burdens off you. How beautiful! Bismillahir rahmanir rahim. Say! Know the beauty and greatness in you. Shaitan is ugly, calls to his ugly way. There's nowhere he doesn't go. One day he came standing at the door of Haram Sharif. He isn't allowed to go inside, he can't. Someone who carries one of Shah Mardan's rutbelerinden tashiyan.

A holy one when exiting, saw that shaitan is at the door. He asked ya hu what are you doing here? Ya hu denmez. He asked what are you doing here? He said I have things to do. I can't enter, but I'm busy with people who go out. He looked, he has many things in his hand. Uyan they put it on animals mouth, walk them, isn't it uyan? His arm is full like this. He says I have things to do. I can't enter i have men inside, they come outside, I put this on, I ride them. That person asked, is there one for me? No, he said. Nothing for you. But i can ride you even without a bridle. I use this for some people, these bridles. Many people in this world maybe 90% or more they walk with my isharetimle. There's no need to put on them uyan. But some are objecting. I want to put on them so that I put them behind me. This is an evil deed. To make people shaitan. You teach this. Now, the whole world became the animal of shaitan yularsƒ±z. There's no Yular , no uyan in his mouth. There's no need for them. When I give them a sign i turn the world upside down. Now he does.

Those, who don't take light from Janabul Haqq, who don't dress the holy attributes , everyone is turning the world upside down without uyan. They burn, they destroy, they kill. They do all

kinds of bad things. Her fenalƒ±ƒüƒ±, her k√∂t√ºl√ºƒü√º, her ≈üeytanlƒ±ƒüƒ± yapƒ±yorlar For what? For nothing. Oh leaders beware! One day shaitan will also ride you not with yular, without yular. When he rides without, which cliff will he lead you over? Which sea will he throw you in? Which trouble will he put you into? You don't know. Suddenly you'll find yourselves in trouble. You won't know which door saves you. He'll make you this much drunk. People of today are from the 2 footed class; shaitan rides them without bridle .

Say Bismillahir rahmanir rahim He won't come close to you. Say Allahu Akbar! You'll find honor. Say ya Sayyidi ya Rasulullah Intercede for us. Light descends on your face. Prosperity descends on your body. Let's say oh lovers, oh friends of Shah Mardan, when we sit somewhere tell Shah Mardan's stories; stories of both him and those who are on his way. You'll find relief, make your day, your honor increase. Blessings increase, your home, your country may be in safety. May you defeat shaitan. Else, now the world has surrendered to shaitan. Shame on you. They asked if they have any clever man. They said we don't have. Our most clever one is tied to a direk. Someone visited a country. He checked what this country's men are. Who they are? Our mind is according to us. He saw that they are like idiots. Who commands you? Our commander is this general, let's not say pasha. He is the smartest of all. Where is he? We tied him to the tree, otherwise he is harmful.

We make laws, tie him to the tree, so we are carefree. But he is the head, strong head. Find Shah Mardan who shows Allah's way. His teacher was the Master of the Universe(sas). Find a way to him, you'll be human. May your world be honorable, May your akhirah be honorable. Ya Rabbi never keep us apart from Your Beloved's love and sunnah. Don't keep us apart from Shah Mardan's way. Increase the light in our faces. May our day be blessed. Say Bismillahir rahmanir rahim. When shaitan hears this, he escapes. So start with Bismillahi rrahmanir rahim. Try and find, he won't stay by you, no harm for you.

Today a couple of jewels from Shah Mardan are presented to us. We said a few wrods to the lovers. We had a chat. Marhaba to all of you. Angels will say marhaba to you. When leaving this world, they'll say marhaba o believer. In the grave angels will welcome you by saying marhaba. They will welcome you on the Day of Judgement saying marhaba. When entering Jannatu Aliya, you'll enter saying marhaba. Pull yourself together. Don't go to the way of unbelievers, thinking its the way of religion. We are saying the reality that is in every religion.

This is what Isa (as) says. This is what Musa(as) says. This is what Messenger of the End of Times, said. Say Bismillahir rahmanir rahim. Ya Rabbana ya Rabbighfir warham wa Anta khayrur rahimin Send us a Sultan our Lord. Fatiha.
I wish when they elected the Pope of the Christian world, their religion i would like to hear that Pope's advice. I didn't. What did he say? What advice did he give to millions, billions of people? What is his legacy? He did like this, that with his hand. He made his head like this. It isn't. That crowd isn't unbelievers. You speak with signs. You have a tongue What did you say with your tongue? Inshallah we'll say what sorts out Wahab. Fatiha. Shah Mardan. Server-i Ashkerim Yezdan Oh Arabs you also think. You've gone too far, too far. You crossed the line but there's a stick in heavens for each one of you. We only tell, if you don't listen something may happen to you. The stick is coming. That stick won't listen - I'm a king, I'm malik, I'm amir. It will hit those, who leave the road.

May Allah forgive us. Keep your prayers. Oh Muslims, be carefull with prayers and then call Ya GayratAllah adrikna, call Ya GayretAllah adrikna, we're mistaken ya Rabbana Ya GayretAllah adrikna, call. It will destroy shaitan and shaitan's sultanate. Alhamdulillah ya Rabbi shukur, this is a beautiful day. Let's say Bismillahir rahmanir rahim Nawzu billahi minash shaytanir rajim. Shaitan can't come closer. Thanks to Allah we are relieved today, there's sea. They make us say according to our hopes. Don't think I'm wrong. I'm not mistaken bi'iznillah. The One permitting us won't make us say. I have permission from Shah Mardan. I will destroy shaitan's sultanate. We'll show those who worship shaitan inshaAllah.
Janabul Haqq has lots of awliyas, but they are in His presence. We are sweepers. He'll make us sweep. We can't ah, now I'm very old. Can't hold a broom but we move it in this that direction. Oh Pope beware! Send a message every day to your nation from Isa (as). Talk about him, don't cross yourself constantly, it's meaningless. The arms, which put this world into chaos were invented by people, who say I'm protestant, I'm catholic I'm orthodox. We didn't invent. Didn't we have minds? We have. But there's no need. Needless. Cannot reach to our side. Spiritual power melts the iron, mirons from far, breaks, throws away.
We're muslims.La ilaha illaLlah Muhammadur RasuluLlah (saw) La ilaha illaLlah Isa NabiyuLlah. We accept him. La ilaha illaLlah Musa KalimuLlah. We accept him. Why don't

you say we accept Muhammad (sas). Let's make peace. What is this wildness? They're coming with whip. Allah Jalla Jalaluhu destroyed Nimrod's army with a mosquito. He will destroy you too, with a smaller creation. He will destroy you, unbelievers, worshippers of shaitan. Tawba ya Rabbi tawba. Fatiha. Ya Rabbi You know. Don't leave us to our bad ego, or make us an animal to shaitan. Be servants to ar-Rahman. People are divided into 2. Those, who make sajda to Rahman Those, who are the donkeys of shaitan Be on whichever side you like. The stick never stops hitting donkeys. They have honor, who serve ar-Rahman, they are beautiful, they are nice people. Oh Allah don't keep us apart from their assembly, Shah Mardan's assembly. Oh lovers, salams to you. Salamun qawlam mir Rabbir Rahim.
Fatiha

Dastur ya Rijalullah. Madad, unser Shaykh, Rasulullah, ya Rabbi Anta Rabbuna, Anta Hasbuna, Anta Waliyyuna, Anta Mawlana, Amiddana ya Rabbana. Marhaba ya Hadirun, Liebende Shah Mardans, as-Salamu `alaykum wa Rahmatullahi wa Barakatuhu. Willkommen. Wir kamen in die Versammlung mit Gutem. Mögen wir mit Gutem aufstehen. Möge unsere Versammlung eine heilige Versammlung sein. O Liebende, möge es die Versammlung von Allahs Löwen sein, diese unsere Versammlung. Freunde, die, die Awliya lieben und jene, die es lieben, Shah Mardan zu dienen. Möge Hilfe zu uns kommen von den Himmeln. Ein Tropfen von Hz Rasuls Segen stellt das Universum auf den Kopf. Sayyidu l-Awwalin wa l-Akhirin, Sayyidina Muhammad, Sallallahu `alayhi wa Sallam. Amidduna bi Madadikum. O Löwe Allahs, und Löwen geben uns Kraft von der Madad, die dir gegeben wurde. Wir sind schwach. Wir wollen deinen Weg einhalten. Wir wollen die Shari`at einhalten, die von dem Geliebten gebracht wurde. Fa Wajab, wir wollen lernen und lehren, was verpflichtend für uns ist.
Unsere Versammlung ist eine der Akhirah, eine Versammlung der Dunya ist das WC. Eine Versammlung der Akhirah ist eine des Paradieses, ein Garten des Paradieses. Riyadu l-Jannah ist ein Garten von den Gärten des Paradieses. Die Versammlung unseres Sohbah, Shah Mardan berät uns, spricht über Schönheit, unsere Ehre, spricht und lehrt uns, wie wir anbeten und dienen

sollen. Utlubu l-`Ilma mina l-Mahdi ila l-Lahd. Wie schön ist der Islam! Was für eine reine Religion! Verlangt Wissen von der Wiege bis zum Grab. Was gibt es an Wissen? Im Wissen gibt es eine Beschreibung unserer Dienerschaft für unseren Schöpfer. Da ist die Ehre des Rasul Kibriya, der sie uns beschreibt. Da ist der Adab Shah Mardans, der seinen Weg einhält. Ein Mensch ohne Adab ist der Esel Shaytans. Adab. Schamlose Menschen werden aus allen Versammlungen ausgestoßen. Wir wollen, daß unsere Versammlung heilig ist, gemäß unseres Ranges. Was immer uns gewährt wird von Shah Mardan, was immer von jenen kommt, die seinem Weg folgen, wir hören, wir lernen ein wenig. Wir sollten es nicht im Stich lassen.
Zuerst einmal sagen wir, Bismillahi r-Rahmani r-Rahim. Welche Ehre! Wer immer im Schatten der Basmala Sharifa steht, wird nicht beraubt in dieser Welt oder der Akhirah. Bismillahi r-Rahmani r-Rahim. Sagt das. Wir sind zu weit gegangen. Wir denken, eine Basmala ist zu viel. Sagt, lehrt das, lehrt die Basmala, lehrt sie, so daß sie wissen, daß sie Menschen sind. Der Diener Allahs ist ein Mensch. Wer immer sagt 'Allah', ist ein Diener seines Herrn. Lernt das. Wer nicht lernt, ist ein Esel. Welche Art von Esel? Wir reitet auf einem Esel? Einer ohne Basmala. Shaytan reitet auf ihm und benutzt ihn als Esel. Deshalb sagt er: Was ist die Basmala? Entfernt diese, ha! Ihr tragt Shaytan auf dem Rücken. Jetzt sagt, was immer ihr wollt. Er läßt uns sagen, wir sind Menschen. Sagt Bismillahi r-Rahmani r-Rahim. Hört auf Shah Mardan. O Liebende Shah Mardans, Freunde Shah Mardans, reine Diener, ihre Gesichter sind voller Licht, ihre Herzen sind voller Licht, ihr Leben ist rein und mit Licht. Kommt, und ihr werdet keine Bedrängnis erleben. Wisset, daß die, die Allah nicht anerkennen, Esel sind. Wenn immer jemand Allah vergißt, wird er der Esel Shaytans. Wenn immer er die Basmala nicht sagt, vergißt er Allah. Es ist Shaytan, der veranlaßt, daß sie es nicht sagen. Es ist auch Shaytan, der auf ihnen reitet.
Seid sauber, Leute! Janab, Allah erschuf euch sauber, bewahrt die Sauberkeit. Also, Freund, höre, was wir sagen in diesem Sohbah. Was sagen wir? Leute, seid sauber. Ist irgendetwas verkehrt? Stimmt etwas nicht mit Shah Mardans Befehl, dem Befehl des Meisters des Universums? Seid sauber, heißt es, Taharat, seid sauber. Ist das falsch? Warum streitet ihr mit dem Islam? Wenn es ein falscher Befehl ist, wenn er etwas Falsches lehrt, sagt es. Im Islam heißt es: Geht früh schlafen, wacht früh auf. Damit unser Körper sich entspannt. Am nächsten Tag, wenn unsere Seele nicht im Schlaf genommen wird, wird sie zurückgegeben, ihr wacht gestärkt auf, ihr wacht mit Liebe auf, mit Begeisterung, nicht wie ein Bettler, wie ein Soldat. Seid

Soldaten, seid Soldaten. Ya Rabbi, wir bereuen. Wir sind zurückgefallen. Sie nennen es Geselligkeit, um der Zivilisation willen wurden sie die Esel Shaytans. Den ganzen Tag reitet Shaytan auf ihnen. Hören wir eine Geschichte von Shah Mardan darüber.
Shaytan, `alayhi ma Yastahik, pflegte sich zu verkleiden, trug aber nie islamische Gewänder. Er zieht sich nicht wie ein Muslim an. Er erkennt das nicht an, das bedeutet, er kommt dem Turban, osmanischen Gewändern, der Kleidung der Sultane nicht nahe. Er mag sie nicht. Um seine häßliche Erscheinung zu verbergen, benutzt er alle möglichen Tricks, und er folgt Leuten, um diese Leute ihre menschliche Seite verlieren zu lassen. Er versucht, sie ihre Menschlichkeit verlieren zu lassen, sie wie Tiere sein zu lassen. Er hat kein anderes Ziel. Was ist Shaytans Ziel? Es ist, daß Tiere animalische Attribute haben. Sonst nichts. 'Der Schöpfer der Menschen, der auch mich erschuf, gab ihnen Ehre. Ich will ihnen diese Ehre nehmen.' Shaytans Kampf ist, die Menschen zu machen wie sich selbst. Das ist die Zusammenfassung. Worum er kämpft. 'Ich habe meine Rang verloren wegen der Leute, meine Ehre ist verloren, mein Gesicht ist häßlich geworden. Ich wurde der Häßlichste', sagt er. 'Ich werde ihnen die menschliche Identität nehmen.' Warum die menschlichen Attribute verändern? Um ihnen Tierattribute zu geben. Wozu? 'Ich werde auf ihnen reiten, sie zu meinen Eseln machen.'
Jene, die auf dem Weg Shah Mardans sind, haben diese Geschichte gehört. Wir haben diese Geschichte gehört. Einer von den Feinden Shaytans besuchte unseren Meister in Madinatu l-Munawwara. Er ging hinaus. Beachtet diese Geschichte! Während er durch die Tür ging, sie nannten sie Majidia, es ist eine Tür, die früher von den Osmanen gebaut wurde, eine Tür mit Ehre. Sie ist zerstört worden. Sie bauten etwas anderes stattdessen. Kein Geschmack, keine Geistigkeit. Etwas ohne Geistigkeit ist Müll. Wieviel du es auch schmückst, es ist wertlos. Ein Grabmal mit Geistigkeit ist 1000x mehr wert als ein Wolkenkratzer ohne Geistigkeit, 100.000x mehr wert. Deshalb kam die Versorgung unserer Vorfahren, der Heiligen, von wo herab? Die Versorgung kam von den Himmeln herab, nicht von dieser Welt. Die Propheten kamen von den Himmeln. Die Bücher, Bibel, Altes Testament, Psalmen wurden von Allah gesandt. Der Quran kam von den Himmeln herab, von den Himmeln. Masha'Allah. Deshalb trefft ihr Shah Mardan in der Versammlung jener an, die ermächtigt sind. Sie sind Leute, die Macht haben. Lauft hinter der Geistigkeit her, das ist der Weg der Himmel. Ihr steigt in die sieben Himmel auf in dieser Weise. Wenn wir nur Körperlichkeit haben, begraben sie unsere Körperlichkeit im Grab, unser Körper

wird dort begraben. Welche Kraft trägt unseren Körper so viele Jahre lang? Es ist unser Geist. Ohne diesen Geist können wir nicht erscheinen. Das Baby im Mutterleib, 4 Monate lang kommt die Seele nicht. Es gibt keine Bewegung. Es ist ein Stück Fleisch. Aber es kommt ein Moment, da beginnt das Baby sich im Mutterleib zu bewegen. Die Ärzte wollen diesen Moment festlegen. Unmöglich! Das ist ein Göttliches Geheimnis, wie ein Blitz vom Himmel kommt. Es kommt wie ein Blitz, das Baby erwacht im Mutterleib, öffnet die Augen. Hört und sieht. Sieht was? Es sieht, wie es ins Universum kam. Es sieht das innen drin, hört und sieht. Seht die Macht und Majestät Allahs. Huuu. Menschen, deren Augen offen sind, hören und sehen das. Diese Ärzte versuchen die Zeit zu bestimmen. Sie können keinen Erfolg haben.

Wir wollen, daß Shaytan uns fern bleibt, weil er seinem Herrn ungehorsam war. Sein Herr Allah Jalla Jalaluhu befahl: 'Wirf dich nieder!' 'Nein', sagte er. 'Also werde Ich dich und die, die wie du sich nicht niederwerfen, in die Hölle werfen', sagte Er. Deshalb gibt es für den Menschen ohne Niederwerfung kein meymenet yoktur. Es gibt ein häßliches Attribut. Möge Allah das Licht in unseren Gesichtern mehren. Wir wollen, daß Allah es mehrt, damit wir mit Licht erfüllt sind. Die Leute, die sie sehen, sagen, masha' Allah, das ist einer mit Licht. Wo finden wir es? Ich weiß nicht, aber da er dieses Licht hat, wenn es einen Markt gibt, der dieses Licht verkauft, gehen wir und kaufen von diesem Licht. Laßt das. Wir legen Puder, Rouge, Maskara, dies und das an. Wir verschönern uns. Okay, wenn das euere Schönheit ist, laßt es an. Bei euerem letzten Atemzug werden sie euch sehen und können euch nicht ins Gesicht schauen, weil ihr eure Schönheit nicht von den Himmeln genommen habt. Sie ist falsch. Wie nennen sie es? Kosmetik. Leute, besonders Frauen, es gibt so viele Arten. Sie hoffen auf Unterstützung von jenen, die ihre Gesichter, Augen anmalen. Auch wenn ihr Makeup auf euere Augen, euer Gesicht tut, könnt ihr nicht hübsch werden. Aber wenn ihr zwei Rakats betet, leuchtet Licht auf euerem Gesicht. Ihr werdet schön sein.

Die Menschen dieser Zeit sind ignorant in einem Ausmaß, daß sie nicht schön von häßlich unterscheiden können. Sie wissen nicht, woher Schönheit kommt. Sie wissen nicht, woher Häßlichkeit kommt. Fragt das, erforscht das. Allah Allah, wen sollen wir fragen? Ihr habt das nicht in der Schule? Nein. Sie lehren das in Schulen? Nachdem wir unseren Abschluß haben, gewöhnen wir uns daran. Jeden Tag sagt die Werbung: Legt das, jenes an, setzt das auf den Kopf auf euer.. Wir lernen das später. Sonst lesen wir Dinge wie das nicht. Schönheit ist geistiges

Licht. Ihr könnt das in dieser Welt nicht finden, es kommt von den Himmeln. Wenn ihr Schönheit wollt, wahre Schönheit, die kommt von den Himmeln. Schönheit, die von der Erde kommt, ist Shaytans. Schönheit, die von den Himmeln herabkommt, ist ein Geschenk von Janabu l-Haqq an Seinen Diener. Da Mein Diener Mich anerkannt hat, anerkannt hat, Mir zu dienen, anerkannt hat, Mein Diener zu sein, deshalb bekleidete Ich ihn mit dieser Schönheit. Je mehr ihr euch niederwerft, desto mehr werdet ihr mit Licht bekleidet. Sie lehren das nicht. Lernt, lernt! Daß diese Welt kein Ort ist, der nur aus Steinen, Erde, Bäumen, Tieren besteht. Diese Welt ist auch bis oben hin voller Geistigkeit.

Wer kann Objekten die beste Form geben? Wer kann die schönste Form geben? Ich frage. Ein Objekt hat entweder eine Linie oder 2 Linien oder 3 Linien oder 4 Linien, 5 Linien, am Ende vervielfältigt es sich so sehr, daß eine Kugel entsteht. Es gibt keine Unvollkommenheit bei einer Kugel oder einem Kreis. Die schönste Form ist ein Kreis oder eine Kugel. Deshalb ist diese Welt, in der wir leben, eine Kugel. Wie ein Ball. Denkt, wer diese Welt wie einen Ball gemacht hat. Wie schön gemacht, denkt darüber nach. Warum denkt ihr nicht? Ihr seid unter noch anderer Schöpfung. Es gibt zweibeinige Tiere, vierbeinige, zweibeinige und vierbeinige. Es mag mehr geben, vielleicht weniger. Aber ein Mensch hat zwei Beine. Die Schönheit des Menschen ist ein Göttliches Modell. Es kann nicht nachgeahmt werden. Die Schönheit der Menschheit kann nicht nachgemacht werden. Es ist rein. Niemand kann das Modell der Menschheit machen. Wir machen Statuen. Mögen sie euch auf den Kopf fallen. Hasha mina l-Huzur. Shah Mardan ist zornig. Für jene, die die Statuen respektieren, aber ihren Schöpfer nicht respektieren, ist Shah Mardans Schwert bereit! Wenn sie diese Welt verlassen, die Götzenanbeter, Statuenanbeter, schlägt ihnen ein Schwert auf den Nacken, weil die Strafe für die Anbetung einer Statue das Niedermetzeln ist. Er wird nicht in dieser Welt niedergemetzelt. Wenn er geht, schlägt ihm der Todesengel viele Male auf den Nacken, bis er auseinanderfällt. Aber ihr könnt es nicht sehen. Was ihr seht, ist nur, daß er sich niederlegt. Er legt sich nieder auf Teneshirde. Der Kopf ist weg. Hütet euch!

Lauft zum Schönsten. Die schönste Schöpfung ist der Mensch. Wisset, daß ihr ein Mensch seid und kennt eueren Schöpfer. Werft euch vor Ihm nieder. Ya Rabbi, ich werfe mich vor Dir nieder. In jeder Sajda werden wir mit einem Licht bekleidet. Ein Mensch ohne Sajda hat kein Licht. Er

ist häßlich. Der höchste Respekt für unseren Schöpfer ist Sajda. Janabu l-Haqq sagt: Der nächste Maqam zu Mir ist, wenn Mein Diener Sajda vor Mir macht. Macht Sajda vor Mir. Ihr könnt Mich finden. Qiyam Dur, ihr werdet sehen. Beugt euch in Ruku, dann nehme Ich die Lasten von euch. Wie schön! Bismillahi r-Rahmani r-Rahim. Sagt es! Lernt die Schönheit und Größe in euch kennen. Shaytan ist häßlich und ruft zu seinem häßlichen Weg. Es gibt keinen Ort, wo er nicht hingeht. Eines Tages kam er und stand am Tor des Haram Sharif. Es ist ihm nicht erlaubt, einzutreten. Er kann nicht. Einer, der eines von Shah Mardans rutbelerinden tashiyan trägt, ein Heiliger, sah, als er hinausging, daß Shaytan am Tor war. Er fragte: Ya Hu, was machst du hier? Ya Hu denmez. Er fragte: Was machst du hier? Er sagte: Ich habe Dinge zu tun. Ich kann nicht eintreten, aber ich beschäftige mich mit Leuten, die herauskommen. Er schaute, er hatte viele Dinge in der Hand. Uyan, sie tun es in das Maul von Tieren, um sie zu führen. Heißt es nicht uyan? Sein Arm war voll damit. Er sagt: Ich habe Dinge zu tun. Ich kann nicht eintreten, ich habe Menschen drinnen. Sie kommen heraus, ich lege ihnen das an und reite sie. Dieser Mensch fragte: Gibt es einen für mich? Nein, sagte er. Nichts für dich. Aber ich kann dich auch ohne Zaumzeug reiten. Ich benutze diese für manche Leute, dieses Zaumzeug. Viele Menschen auf dieser Welt, vielleicht 90 % oder mehr, gehen mit meiner Markierung. Es ist nicht notwendig, Zaumzeug anzulegen. Aber manche wehren sich. Ich will es ihnen anlegen, so daß ich sie hinter mich bekomme.

Das ist eine böse Tat, Menschen zu Shaytan zu machen. Ihr lehrt das. Jetzt ist die ganze Welt Tier Shaytans geworden. Sie haben kein Halfter, kein Zaumzeug im Mund. Es ist nicht nötig. Wenn ich ihnen ein Zeichen gebe, stelle ich die Welt auf den Kopf. Jetzt macht er das. Jene, die kein Licht nehmen von Janabu l-Haqq, die nicht mit den heiligen Attributen bekleidet sind, sie alle stellen die Welt auf den Kopf ohne Zaumzeug. Sie verbrennen, zerstören, töten. Sie tun alle möglichen schlechten Dinge. Sie machen alle Bösartigkeit, alles Schlechte, alles Teuflische. Wozu? Für nichts. O Führer, hütet euch! Eines Tages wird Shaytan auch auf euch reiten, nicht mit Halfter, ohne Halfter. Wenn er euch ohne reitet, über welches Kliff wird er euch führen? In welches Meer wird er euch werfen? In welche Schwierigkeiten wird er euch bringen? Ihr wißt es nicht. Plötzlich werdet ihr euch in Schwierigkeiten finden. Ihr wißt nicht, welche Tür euch retten wird. Er wird euch so betrunken machen. Die Menschen sind heute von der Zweibeinerklasse. Shaytan reitet sie ohne Zaumzeug. Sagt Bismillahi r-Rahmani r-Rahim. Er wird euch nicht

nahekommen. Sagt Allahu Akbar! Ihr findet Ehre. Sagt, ya Sayyidi, ya Rasulullah, halte Fürsprache für uns. Lichter kommen auf euer Gesicht herab. Gedeihen kommt auf eueren Körper herab.

Sagen wir, o Liebende, o Freunde Shah Mardans, wenn wir irgendwo sitzen, erzählen wir Shah Mardans Geschichten, Geschichten von ihm und von denen, die auf seinem Weg sind. Ihr werdet Erleichterung finden, es versüßt euch den Tag, mehrt euere Ehre, Segnungen nehmen zu, euer Heim, euer Land sind in Sicherheit. Möget ihr Shaytan besiegen. Jetzt hat die Welt sich Shaytan ergeben. Schande auf euch. Sie fragten, ob es einen klugen Menschen gebe. Sie sagten: Wir haben keinen. Unser klügster ist einer, der an einen Pol gebunden ist. Jemand bereiste ein Land. Er prüfte, wie die Menschen dieses Landes waren. Wer waren sie? Unser Verstand entspricht uns. Er sah, daß sie wie Idioten waren. Wer befiehlt euch? Unser Befehlshaber ist dieser General. Sagen wir nicht Pasha. Er ist der klügste von allen. Wo ist er? Wir haben ihn an den Baum gebunden, sonst richtet er Schaden an. Wir machen Gesetze, binden ihn an den Baum, damit wir sorglos sind. Aber er ist das Oberhaupt, ein starkes Oberhaupt. Findet Shah Mardan, der euch Allahs Weg zeigt. Sein Lehrer war der Meister des Universums (saws). Findet einen Weg zu ihm, und ihr werdet menschlich. Möge euere Welt ehrenwert sein. Möge euere Akhirah ehrenwert sein.

Ya Rabbi, halte uns nicht fern von der Liebe und Sunnah Deines Geliebten. Halte uns nicht fern von Shah Mardans Weg. Mehre das Licht auf unseren Gesichtern. Möge unser Tag gesegnet sein. Sagt Bismillahi r-Rahmani r-Rahim. Wenn Shaytan das hört, flieht er. Also beginnt mit Bismillahi r-Rahmani r-Rahim. Versucht es und findet ihn. Er wird nicht bei euch bleiben, kein Schaden für euch. Heute werden uns einige Juwelen von Shah Mardan präsentiert. Wir sagten ein paar Worte zu den Liebenden. Wir hatten ein Gespräch. Marhaba euch allen. Die Engel werden 'Marhaba' zu euch sagen. Wenn ihr diese Welt verlaßt, werden sie 'Marhaba, o Gläubiger' sagen. Im Grab werden die Engel euch willkommen heißen mit dem Wort 'Marhaba'. Sie werden euch am Gerichtstag willkommen heißen mit 'Marhaba'. Beim Betreten von Jannatu `Aliya, tretet ihr ein mit 'Marhaba'. Reißt euch zusammen. Geht nicht den Weg der Ungläubigen in der Meinung, es sei der Weg der Religion. Wir benennen die Wirklichkeit, die in jeder Religion ist. Das ist, was Isa (as) sagt. Das ist, was Musa (as) sagt. Das ist, was der Gesandte des Zeitenendes sagt. Sagt Bismillahi r-Rahmani r-Rahim. Ya Rabbana, ya Rabbighfir Warham wa Anta Khayru

r-Rahimin. Sende uns einen Sultan, unser Herr. Fatiha.
Ich wünschte, als sie den Papst der christlichen Welt, ihrer Religion, wählten, ich hätte den Rat des Papstes hören können. Ich hörte ihn nicht. Was sagte er? Welchen Rat gab er Millionen, Billionen Menschen? Was ist sein Vermächtnis? Er machte dies und das mit der Hand. Er machte seinen Kopf so. Die Menschenmenge sind keine Ungläubigen. Du sprichst mit Zeichen. Du hast eine Zunge. Was sagtest du mit der Zunge? Insha'Allah sagen wir welche Arten von Wahab. Fatiha. Shah Mardan. Server-i Ashkerim Yezdan. O Araber, denkt ihr auch. Ihr seid zu weit gegangen, zu weit. Ihr habt die Grenze überschritten, aber es gibt einen Stock in den Himmeln für jeden von euch. Wir reden nur, wenn ihr nicht hört, wird euch etwas geschehen. Der Stock ist im Anmarsch. Dieser Stock wird nicht hören. 'Ich bin König', 'Ich bin Malik', 'Ich bin Amir'. Er wird jene schlagen, die die Straße verlassen. Möge Allah uns vergeben. Behaltet euere Gebete bei. Muslime, seid sorgfältig mit den Gebeten, und dann ruft: Ya Gayrat Allah Adrikna. Ruft: Ya Gayrat Allah Adrikna. Wir haben uns falsch verhalten, ya Rabbana. Ya Gayrat Allah Adrikna. Ruft! Es wird Shaytan und Shaytans Sultanat vernichten.
Al-Hamdulillah, ya Rabbi Shukur, dies ist ein schöner Tag. Sagen wir Bismillahi r-Rahmani r-Rahim. Na`udhu Billahi mina sh-shaytani r-rajim. Shaytan kann nicht näherkommen. Dank sei Allah, wir sind erleichtert heute. Es gibt See. Sie lassen uns sprechen entsprechend unserer Hoffnungen. Glaubt nicht, ich habe unrecht. Ich habe nicht unrecht, bi 'Iznillah. Der Erlaubnisgebende läßt uns nicht sprechen. Ich habe Erlaubnis von Shah Mardan. Ich werde Shaytans Sultanat zerstören. Wir werden es denen zeigen, die Shaytan anbeten, insha'Allah. Janabu l-Haqq hat viele Awliya, aber sie sind in Seiner Gegenwart. Wir sind Straßenkehrer. Er veranlaßt uns zu kehren. Wir können nicht ah, jetzt bin ich sehr alt. Ich kann keinen Besen halten, sondern wir bewegen ihn in diese und jene Richtung. O Papst, hüte dich! Sende eine Botschaft jeden Tag an deine Nation von Isa (as). Sprich über ihn, bekreuzige dich nicht ständig. Es ist bedeutungslos. Die Waffen, die diese Welt ins Chaos stürzen, wurden erfunden von Leuten, die sagen 'Ich bin Protestant', 'Ich bin Katholik', 'Ich bin Orthodox'.
Wir haben sie nicht erfunden. Hatten wir nicht den Verstand dazu? Doch, aber es war nicht nötig. Unnötig. Sie können unsere Seite nicht erreichen. Geistige Macht schmilzt Eisen, mirons von weitem, bricht sie, wirft sie weg. Wir sind Muslime. La ilaha illa Allah, Muhammadu r Rasulullah (saws). La ilaha illa Allah, `Isa Nabiyullah. Wir erkennen ihn an. La ilaha illa Allah,

Musa Kalimullah. Wir erkennen ihn an. Warum sagt ihr nicht: Wir erkennen Muhammad (saws) an? Machen wir Frieden. Was ist diese Wildheit? Sie kommen mit der Peitsche. Allah Jalla Jalaluhu vernichtete Nimrods Armee mit Hilfe einer Mücke. Er wird euch auch vernichten mit einer kleineren Schöpfung. Er wird euch vernichten, Ungläubige, Anbeter Shaytans. Tawba ya Rabbi, Tawba. Fatiha. Ya Rabbi, Du weißt. Überlaß uns nicht unserem schlechten Ego oder mach uns zu einem Tier Shaytans. Seid Diener ar-Rahmans. Die Menschen sind in zwei gespalten, jene, die Sajda für Rahman machen, und jene, die die Esel Shaytans sind. Seid auf welcher Seite ihr wollt. Der Stock hört nicht auf die Esel zu schlagen. Sie haben Ehre, die ar-Rahman dienen. Sie sind schöne, sie sind nette Menschen. O Allah, halte uns nicht von ihrer Versammlung fern, von Shah Mardans Versammlung. O Liebende, Salams euch. Salamun Qawlam mir Rabbir Rahim.

**Beauty and Handsomeness Comes from Heaven**

...but according to our Creator we are reaching such an honor that no any scale may scale [weigh] that honor. Are you understanding? Not yet sleeping?

What we shall do O people!? Only coming to be sleeping people, they are thinking that I am doing dumm, dumm, dumm, duum, dumm, dumm, sleeping, sleep, never awake. Wake up O people! Listen what heavenly broadcasting saying to you, dumm, dumm. They like that I may sing. Once upon a time I was singing, ...

chifti dayu, chifti dayu...
dumm, dumm

How is it? [Shaykh Hisham: very nice]

Opera, must be.

People saying that when a person getting elder, elder, elder, finally they are going to be curious one, aja'ib. I was not thinking and I am sometimes looking mirror, and saying "anything curious for me?" and I am saying “no, it is ok.” Yessir. Now I am looking people saying "O shaykh he is so old one that what he is saying us is true but his actions looks like curious."

[beautiful actions]

Beautiful. (Mawlana Sings)

alif ba bee boo...

[Allahu akbar]

I am with myself saying, "O first class actor!" Yessir! Hahaha hheeehe. My teacher from heavenly teachers. Doesn't matter. We are saying, bismillahir-Rahman ir-raheem. They are making our Lord's Name first and we are asking His heavenly support. I am not saying Divinely support. Divinely support , Ya Shaykh, Divinely support, Oooooh. Oooooh, Oooooh, [waves hands], Huuuuu, Huuuuu, Huuuuuu. Huuuuuuuuuuuuuu. Never understanding, but we may speak on heavenly things, and heavenly things also they are countless and endless oceans and the Creator made of an atom an ocean. He can do... that, can do? Don't say "How it can be?"

That is your mentality but you cannot know Allah Almighty's Power Oceans, endless Power Pceans. Each atom signing from endless Power Oceans, an ocean. Each atom is an ocean through His endless oceans. Aja`ib, o man! You have been created to believe. Believe and you may go up. You may reach higher stations. Higher stations. Today is a holy day, through a holy month. Holiness never granted to dirty people. And dirtiness coming from our egoes, egoistic actions or egoistic demands making people dirty. Whole prophets coming to clean people from the dirtiness of their egos.

Dirtiness coming to people through their egoes. And prophets coming to clean people. And no one can enter Paradise and he is dirty, no. He must be cleaned. Because Paradise is only for clean people. And whom they are dirty they should be in some positions for to be clean ones, clean ones. From that coming to make people clean. But mankind they are insisting not to be clean. Because of their dirty egoes. Now... madad ya Sultan al-Awliya. Now it is important for all mankind to know that they are just getting dirty and dirtier and dirtiest ones on earth according to their mentalities and according to their bad desires. Bad desires... Bad desires carrying people to dirtiness and they are not accepting to be clean ones. Whole prophets coming and their missions their missions is only to clean people.

Because they have been invited to the Divinely daawet, azeemet [invitation], invitation and whole prophets coming to make people clean for the Day of Resurrection that we are going to be on ways: one way for clean ones and one another for dirty ones. Clean ones they are going to Divinely Feast, Divinely present; Divinely invitations. And second ones they should say, O just going to appear for them their dirtiness and they should ask to run away, to run away from themselves. As a person never seeing himself because he hasn't any mirror,

he was thinking that he is most beautiful one or most handsome one and when putting that mirror and looking, “who is that dirty one?" If you are saying "You are that one " they should fight to you.

And people now not looking. In middle of truth, haqiqat, our real beings going to appear on Day of Resurrection. Some people going to be so beautiful and some people going to be so ugly and so dirty. If you are looking in mirrors and saying, as Darwin saying, “People coming from monkeys.” ...but you are believing that you are coming from monkeys, apes.

Real situation of our real beings going to appear on Day of Resurrection. O people! What you are using to be seen beautiful or handsome that is nonsense, nonsense. To be beauty and to be handsome that is a grant for heavens. Not to put like this, like this, like this, no or to look new fashion clothes dressing and you are thinking that you are getting to be beautiful. Your dressing is beautiful but yourself, never. Never giving that clothes to you a beauty. You may use a fashionable dressing and you are saying "oooh" no, [hahah].

“Who is that ugly one?” “You are that ugly one.” “Yahu I am dressing fashionable clothes.” Yes, fashionable clothes they are beautiful, but yourself, some people now going to, they said to me I was looking and seeing some people coming for what say this? Uhhh. Going and coming, yeremaz, [raseef] [fashion show?] Fashion show. Sitting while one old person ninety years and his wife coming like this sitting. Then they look for ?? also, and that old lady saying,"O my darling. How I am going to be dressing that beautiful clothes?” “Which one o my darling?” “Just that one."

“Which one? Which one? I am not seeing.” “Just coming now, O look, O my darling!”
“O my darling, you should be so fashionable, but I am not making a differnce between one of them and the second one, because that clothes, I am mixing them.”
“O my darling it doesnt matter if you are mixing them, you may buy one clothes and I am dressing this and I should be so beautiful and clean for you.”

With clothes going to be, take such a way. yukseklik... People running heh, to dress beautiful fashionable dressings and it is giving them a beauty? Never! Never! Beauty is something and handsome, to be handsome, something heavenly grants to people.

No, for everyone if your Lord happy with you, you may be 90 years old, 100 years old, yet your are handsome,

as Shaykh Hisham is 95 and so handsome person; I am 40 years and I am not so handsome like Shaykh Hisham. [You are beautiful] Beautiful, not handsome [you are beautiful, very beautiful, heavenly beautiful!]

“Omy darling you should be so beautiful if dressing that one.”
Which one, ten of them coming and going in front of him - he forgets, “which one.”

O people! try to be beautiful in Divine Presence. That is for you that the Lord of heavens asking you to be handsome and beautiful on Day of Resurrection. Everyone should be dressed a dressing. Allah, Allah, Allah, Allah. O our Lord, al-`azhamatu lillah al-`izzatu lillah Ya Shaykh. [Absolute greatness is for Allah, O Shaykh] Now we are speaking here something to wake up [so] our egoes not claim something that it is not for them. Greatness for Allah, for Creator. And we are servants. Whole holy books trying to teach people that “you are servants." To whom? To your Creator. Why they are not asking “who created us?" Why they are not asking "who created Man as a man, ape as a ape, elephant as a elephant, snake as a snake?" Why they are not asking and [instead] they are saying, “man came from apes.” And apes from where coming; from who coming? What is that?

Al-`azhamatu lillah - the Absolute Greatness for Lord of heavens, O people!

Listen and obey! Try to be dressed heavenly handsomehood and beauty, you should be happy here and hereafter. If not, you can't find a way that makes you rest and happy. People running to be happy now everywhere and they are thinking that happiness coming through nightclubs or happiness coming through bars, pubs, or people thinking that beauty coming from theatres or people thinking that their beauty coming from TVs. No, no. Yes, you must be happy with your creation, and you must say O my Lord, give me from heavenly handsomehood! O My Lord! Please grant to me from heavenly beauty" and Allah gives you, your Creator grants to you.

Don't try to change your baroush, your, your, [appearance] appearance, no, don’t change. I heard that someone was unhappy from his outlooking and trying to change his looking to be more beautiful or handsome, man or woman that, who passed away? Man or woman? [man] He tried to change his appearance and every time that he is trying to make a changing getting more ugly more ugly, more ugly, then if someone looking to him, running away from him and finally he passed away. O people! Really beauty, handsomehood, heavenly grants of our Lord, and He is saying "who is coming to My Divinely Presence nighttime, I am

dressing them from My Beauty Oceans, men and women.” Therefore they are going to be daytime handsome ones and beautiful ones, peoples’ hearts running to them.

We are thanking our Lord Almighty Allah that created us and everyone must thank to their Lord that created them as a man, member of the great human family. For white people there is a kind of beauty. Black-colored people they have another kind of beauty. Yellow people there is another appearance of beauty. Red ones there is another appearance of beauty. O people! I am not, I never heard that there is green people. You ever heard green people? No. Every kind that Allah Almighty giving to you is a grant for you. Be happy! Because beauty is not a material. That is from a heavenly grant. Even may pass a person and appearing on his face or on her face a beauty. Beauty. If you are asking to be beautiful here and hereafter try to make your Lord pleased with you.

If your Lord is going to be pleased with you He grants to you much more that you cannot be able to think on it, such beauty. Because absolute Beauty Oceans for the Lord of heavens. You may enter in it and gettting out and you may swim finally in the Lord's heavenly Beauty Oceans and heavenly Handsomehood Oceans. You should be happy. The main, main, eh, goal for you, you are asking to be handsome or beautiful to be happy what Allah Almighty granted to you. Say, "My Lord just granted to me much more than others. O My Lord I am so happy with You and with Your grant." These are the ways of paradise and the Lord of heavens was asking that His creatures, His servants, to be in good condition. To be in rest, to be in peace, here and hereafter.

O people! you can't find this through universities or high schools or academies, no. You can't find it through clinics of doctors to change your outlooking, no. You can't find that handsomehood or beauty through your clothes if Allah not dressing you. Allahu Akbar, Allahu Akbar wa lillahi 'l-hamd. Today we are speaking something not too much high level knowledge. That is we are coming to the first level living people and their demands. They are translating their demands with simple words with my short English language I am trying to say to you about such high realities. And for speaking on such a subjects you can't find an end. ...Don’t tell me yes, because what Allah Almighty granting not taking. Take and don’t give back. Be happy what he granted to you and don’t cover up cleanliness. One day you are going to be in Divinely Presence.

Try to be in that Presence in a good position, not to be in a dirty position. For you, let angels dressing you

Paradise dressings; whole Paradise dressings. O Paradise dressings! O Paradise dressing! Daily you may change it, hundred times, thousand times and more. Not less. Try to dress heavenly dressings of beauty, you should be happy here and hereafter. May Allah forgives us. This is a little bit simple ocean for giving an understanding to people, not to make them hopeless. Yes for everyone should be dressed everyone a dress on Day of Resurrection. If loooking to himself and not happy that should be your faults. “You chose this, therefore we are dressing you that one.”

That one dresses much more brilliant much more beautify. Yes, he tried to reach that position. If you are not running to be like himself, you are a dunya, an imitated life, through dunya always occupying you. You were saying “O my business!” “O my business!” “O my credits!” “O my merchants!” “O my farms!” “O my ranks!” You have been occupied with nonsense things. Those people that just dressed heavenly dressings, their hearts was with Me, therefore I am giving My heavenly and Divinely Beauty Oceans to them to swim in it. To swim in it, O our Lord! You are our Lord. Please be pleased with us. We can't do, You pleased with us, til You are making us handsome or beautiful, to be accepted in Divinely Presence. May Allah forgives us.

O people! Give much more time for your Lord and His heavenly services, you should be happy. Or [otherwise] you are going and nothing through your hands. empty hands. Try to be like angels. Don't harm anyone. Holy books say "don't kill." Divinely Order is "dont' kill” but “make people to live.” “I am giving life, how you are taking which ones that I am giving to them life and you are asking to take their lives?” That is the biggest sin to kill innocent people.

Biggest crime. crime? [crime] But people running after shaytan now and asking to kill everyone so that no one remaining on earth except beasts to eat carcass of people. They are killing and throwing bodies of people and throwing them through deserts and wild birds and falcons coming and eating. That is not civilization. Civilization is to try to be beautiful ones and handsome ones and to be useful people to each other. Try to bring peace to you and to everyone living on this earth. May Allah forgives us. It is enough. Some people asking to leave. Allahu akbar, Allahu abkar wa lillahil-hamd. ...Sayyidina Muhammad. O Allah forgive us and send someone who may correct our steps to Allah - not to Shaytan.

[masha-Allah big ocean, bahrun `ameeq.] You are happy with our? ...

[dumm, dumm] dumm, dumm, dumm, dumm, dumm.

I was singing when I was seven eight years, seventy years ago. Our music teacher coming and bringing and putting up that oud, making [himself as a] very serious person, never smiling becuase he knows if he is smiling, students coming on his head. Therefore he was was beginning  dumm, dumm, dumm, dumm, dumm, dumm, [strums cane like a guitar], dumm, dumm, dumm.

...sings in Turkish.

Sometimes some efrit, crazy ones, trouble makers making wrong and ...sings lower voice.

chifchi dayu... talshu,... dumm, dumm, dumm, dumm,...

Dumm in Arabic is  “continue” therefore I am continuing always saying “continue” and our listeners they are happy when I am saying dumm, dumm, dumm...

Even you are pope,
Can't say this singing,
Singing what I am singing now.
eeeh, eehh, dumm, dumm, dumm,

Sometimes making heart and broken this and saying, "O for yourself just broken this." Doesn’t matter say with me all of you:

cifti dayu cifit...dayu....dagl cifshi dayu, with no son chifti dayu,....

[mashaAllah]

I am first class?? O my people, Listen my notes. Good? Welcome to you as salaam `alaykum.  shalom. we say shalom also. as-salaam `alaykum. And I heard that Dr. Who says something for people and Shaykh Hisham he was saying to me “we never heard of Dr. Who.” I am saying that I am seeing and reading magazines that there is Dr. Who. Ajaib very curious and he is ten years elder than me and I am younger than him 20 years and he is saying “never I heard there is such a thing as Dr. Who.” And I am saying that if Allah gives permission I may show that magazines that is written on it Dr. Who.

Dr. Who, Dr. Who. Huw-Allah huwaa. anta-Allah... anta-Allah huw Allah, huwa Allah, huw Allah. Allahu Allahu Allahu haq.

Nasil Hisham Effendi? [mukammal - complete] Understanding what I am saying? I am not understanding myself, how you are understanding? if Allah not making me to understand I will never understand, otherwise I never understand. Al-`azhamatu lillah - he was saying about greatness of sun [but] absolute greatness [is] for Allah Almighty. Therefore it is not if we are saying daily coming a new sun, it is normal. But for your understanding it is abnormal. Abnormal, but [that is] the glory of Allah Almighty.

What do you think? How many globes like our globe through space? Countless! And countless daily one sun coming raising and setting down, setting down. He is using for us we may say it is one sun but for the Lord of heavens, daily, according to His Glory, daily a new sun coming, then making sajda and getting up. O, O the holy knowledge that reaching to people! From heavens million years, Shaykh sha`eer never going to be hunta {barley never going to be wheat}, quloob, that Allah Almighty giving , granting if they are knowing aqal, minimum of minimum we may say, we may see, we may say His Greatness therefore daily new sun coming setting and going.

Wa ’sh-shamsu tajree li mustaqarrin laha.

Ash-shams, alif, lam [(al) lit-t`areef - for specification] signing countless suns and signing that sun we are looking daily, Every sun bringing new life with a new glory from the Lord of heavens to people and going away. Coming back to,... He is not using His Glory to make that sun. Countless suns daily rising and setting down and going, where going, mustaqarrin laha - its shelter, [niche] niche [mihrabuha] niche appearing from Bahr al-qudrah. Appearing from Allah Almighty's absolute Power Oceans and finishing and coming and making finishing, coming making sajda and getting in that ocean that it is also just appointed for that sun to be in in and going away, not same ocean also. Allahu Akbar, Fatiha.

[masha-Allah sayyidee, aghraqtamoona - our master you drowned us!]

Thank you for you listeners, whom they are listening, [adhan sounds, Mawlana stands up]

Allahu akbar, Allahu akbar, al-`azhamatu lillah.

## Beauty Is from Obedience and Ugliness Is from Sins

As-salaamu `alaykum. Dastoor yaa RijaalAllah. (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands and sits)

We are a handful of people here and we are trying to reach blessings, more blessings in this holy month, Shabaan Mu`azzam. It is just honored from other months and it is granted for the Seal of Prophets, Sayyidi 'l-Awwaleen wa 'l-`Akhireen, Sayyidina Muhammad (s). We are asking for barakah, blessings, and praisings from Allah Almighty.

O People! Say, a`oodhu billahi min ash-Shaytani 'r-rajeem and, Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands and sits) That gives us honor, when we stand for our Lord, our Creator, Allah Almighty. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. Endless Glorifying Oceans for Him, Almighty.

What we are saying is according to our capacities. If we are not going to be in such figures, in height reaching between 1.5 up to two meters, if going to be taller than two meters, it is not good, as, "The best of matters are the moderate/middle ones." Allah Almighty created Man in such a position, in such a form that is good, better, or best for human nature: not too tall and not too short. But Allah Almighty is granting to Mankind

such attributes that belong only to Mankind. What Mankind has just been granted, no creature has been granted. Huuuuuu.

O People! We are all sinners. And what is sin? We must ask Salafi `ulamas, because they are claiming they know everything. If they are asked, “Do you know this?” none of them are saying, "I don't know."

O Salafi `ulamas! What does "sin" and "sinners" mean, and what is the last step of sinners on this planet? They must answer what is "sin." Yes, say! I may hear and some ones may hear. They are looking to each other, asking, "What shall we say about sin?" You are `ulamas, so you must know what is sin, sinners, what will be sinners' final position. The first sinner was the father of human nature, Sayyidina Adam (a). What did he do that made him a sinner and then he was ordered to get out from Paradise? Paradise is not for sinners, no. To sin is the worst recognition that is given to Mankind, and it is the worst title or the worst shirt that a person may dress in.

Allah Almighty just dressed the first one and his wife with the most honored dressings. When he became a sinner, that most honored dressing fell down from his body and he was naked, running to cover his ugly appearance. That means sins make people in an ugly position and sinners are going to be known by their faces, which are always ugly, uglier, and ugliest! Animals may be small ones or big ones, but they are never changing their forms and never going to be in a hatred position, to be seen as ugly. But Mankind is quickly going to be known by their ugly faces. When they are getting ugly, Shaytan is saying, "Don't worry, use cosmetics and you will be so beautiful or handsome." Ugliness from Heavens’ ugliness sent on people can't be changed by artificial means, no; cosmetics cannot cover what is taken away from disobedient ones or sinners from their creation or forms!

Look at people now, particularly women who are running to sins more than men. And they are quickly getting to be ugly ones and no cosmetics may take that ugliness from their faces or their bodies. Because sinners are cursed; la`natullah, heavenly cursing, comes on those women who are not hearing the commands of Allah Almighty and running in Sin Oceans. Now the whole world's women are just swimming in Cursing Oceans! What do you think if a person is falling in a sewage channel and getting out, how can you look to that one? And now also those who are falling into sewage, sins channels, are like that. What they are using from cosmetic, artificial things are also shaytanic productions. And people now are mostly wasting every

possibility to make themselves to be seen as beautiful or handsome. They are asking on the wrong way, as a person who is asking for jewels from a grocery shop! No, you can't find that; it is a grant from Allah Almighty to Adam (a) and his wife, but when they were going against holy orders, getting into sin, just taken away that appearance that you can't look at them. They were so beautiful and handsome, but that sin was making them ugly and they were running to cover their ugliness, but they could not.

Paradise is never accepting ugliness because Beauty Oceans are just running in it. Therefore, sinners can't enter Paradise. They must be thrown from Paradise and thrown in ugliness, into Sewage Oceans. Look now, so many women who are younger than me by 10 years. When you are saying “younger,” they are very happy!

So many people are running uselessly, and they will be rides of their egos, because Shaytan cheated our grandfather and grandmother (Adam and Hawwa, alaihi salam). They are running after that one to be seen as beautiful, to be as they like, as they are thinking they are 18 years old, or 15 years old. They are so happy, looking in the mirror, with falling hair, their faces are going to be like rivers lines and they have no teeth, remembering, "Once upon a time, I was a queen of beauty in England, in Germany, and Turkish people were running after me saying, 'You are so beautiful,' and now I am still beautiful!" Allah Almighty punished sinners with madness, to be crazy.

O People! I am speaking to Salafi `ulamas because they are also going to be very unhappy when their ages go up and they are very unhappy, using so many things for their beards and giving so many new forms for their beards, moustaches, and eyes. For what are you decorating yourself?

"O Shaykh, we must try to look as handsome ones."
"For whom?"
"For our ladies, our maidens, we must show ourselves as handsome ones."

O People! Sins will never allow a man to remain handsome or a women to remain beautiful! Run away from sins! Don't leave yourself in a position that your name is registered under the title "sinner." Try for your names to be written under the "good ones" table, to be granted beauty. Don't be sinners! All nations are sinners now and no good tidings for them, but always angels are warning them with bad tidings. For what? All nations are trembling in anticipation of huge and terrible events on their doors now. Run to Allah (swt) and ask for His forgiveness and blessings! Try to be obedient servants; don't be the ride of your ego and of

Shaytan!

May Allah forgive us for the honor of this holy month, Sha`baan Mu`azham. And coming now in this week is a very, very important, holiest of nights, Laylat ul-Bara`ah, not tomorrow, after tomorrow, going to be Sunday evening up to Monday. Try to be from those servants who are forgiven and granted from the endless Mercy Oceans!

May Allah forgive me, forgive you and send us someone to collect our hearts, for the honor of the Seal of Prophets (s), and for our hearts to be prepared for our Lord's lights and lightenings. Ameen.

Fatihah.

**Beauty is a Heavenly Light from Allah granted to His good servants Or: Give more time for worshipping to be granted Heavenly Light and Happiness**

As-salamu alaikum, welcome to you!
Welcome to you, that Allah Almighty, His angels, (are) welcoming you!
Try to be from those people, whom they should be welcomed! When they are leaving this life for eternal life, angels (are) coming and opening the doors of Eternal Life and inviting them, welcoming (them): Welcome, good servant!

Audhu bi-llahi mina shaytani rajim
Bismillahir Rahmanir Rahim.
Ya Rabbana, laka-l hamd! Hamdan daima ma a khuludik!
Wa salatu wa salamu ala Sayyidina Muhammadin wa ala alihi wa sahbihi, haqqa qadrihi wa miqdarihi l- azim!

O people, ask forgiveness! Everyone needs to ask forgiveness from Allah Almighty, because we are doing something - Meded, ya Rijalallah - it is not so precious servanthood. We are doing servanthood on (the) last level of servant and we are giving our whole power or effort for dunya!

That is bala un azim, that is (the) biggest reason of cursing. If we can do, as we are doing for dunya, for Allah Almighty, this world (is) going to be like paradise! But believers, they are doing very weak obediency or servanthood, that is, (those,) whom they are saying: We

are good servants.

You can't say that: I am a good servant! No one can claim (this), (there is) no any authority for anyone to say: I am a good servant. Always you must look and you must say: O our Lord, we are never able to worship to You!

Once Jesus Christ, always (he was) traveling because Prophets, they have Heavenly Lights, (they are) enlightened from Heavens and that light or enlightening (is) just appearing on their faces. Also common people, whom they are trying to worship their Lord, it is going to appear on their faces lights or enlightening from Heavens.

People they are trying to be seen their faces beautiful or handsome or to be enlightened - for whom? For other people! Everybody likes to be seen by other people: Ohhhh, so handsome person, so beautiful lady! They are using material aspects to show themselves beautiful or handsome - never!

Beauty or whom handsome (they are) from Heavens and Allah Almighty He is granting to His servants Lights from Heavens and Allah Almighty (is) enlightening His servants!

He likes that His servants to be seen and on their faces beauty appearance, He likes that. Anyone from rich people or sultans or kings or emperors, you can't find among their soldiers or servants to be (someone) in an ugly face and dark face; you may see all of them so beautiful and handsome and their appearance (is) as an appearance of a hero and heavenly Light (is) just seen on their faces. They are using, a king around himself, staff; everyone that belongs to (a) king or sultan, to be their faces good face, enlightened, not to be hated. Not to be hated ones, no, everyone may look to them and may feel through

their hearts satisfaction and more love and loyalty to their kings. That is important. And Allah Almighty He likes that His servants to be seen as much as possible beautiful or handsome and to be seen on their faces beauty and lightening.

Therefore, now - such a people before our time, they were so many, but now those people they are all of them hidden, hidden so that (there are) so many ugly faces, dark faces, darkness through their faces, filling everywhere and they are saying: We are on Divinely service! Can't be! Can't be! Whom they are belonging (to the) Divinely service, must be enlightened, (and the) hearts of people (are) attracted by themselves.

Therefore, we as much as giving much more time, perhaps fully our time, for the Heavenly service of Allah Almighty and His Divinely service, you should be seen heybet , glory on themselves, and (their) faces (are) enlightening.

Jesus Christ was traveling whole Prophets (were) traveling, because people mostly they are ignorant. Ignorant ones, if they are hearing something advertised by Shaytan, they may run: Oh, coming a famous pianist, a famous professor (?), a famous that and this - (and they are) running to see, to meet them. But for Heavenly people even their hairs (are) not moving, saying: Eh!

Therefore you are looking, every day you may see in TV that some person, someone (is) coming, (that,) if you are looking (to) his face, (there is) nothing on his face, only (the) signs of shaytanic signs on that man or woman! They are beginning to sing or to play on their instruments ohhh - thousands of people (are) getting up and sitting down

That means, people commonly (are) going to be (for) Shaitan's service; they are only making everything for Shaitan, nothing for Allah, therefore they are so, so ugly faces and so bad voices they are shouting, and they are dancing, playing... such a dirty actions they are doing

Jesus Christ because people, from beginning up today, they like to be for Shaytan; it is lovely for common people to follow shaytanic people shaytanic people, whom they are belonging to Shaytan.

Jesus Christ - (Allah) dressing him dress of honor and dress of glory and he was protected in his secretness, Allah (was) protecting him- once he was traveling, to meet some people, (that) may be interested with him.

One day he reached to a place on (a) mountain and (he was) looking and seeing one abid; abid means, (some)one whom they are giving themselves only for their Lords service like monks; they are trying to imitate real one, but they are so far away far away He met a person, sitting on earth and praying.

Then Jesus Christ (was) asking to him: Who are you? and he was saying:
"O Jesus Christ! How you are asking my name? Why you are not asking that I am (not?) saying to you: How you are here, O Jesus Christ? Why you are not asking this and you are saying: How are you? I am saying about yourself that you are Jesus Christ - you are not knowing, who am I?"

He said: Yes, I know, but I don t like to show you something that without Heavenly Permission I can't do. Therefore I am asking you, who are you. And that monk or abid, praying person, was saying: "I am also a weak

servant of my Lord."

What are you doing here? Such a questions that Prophets (are) asking, it is for talim, (for) teaching and also (for) training

*I am here, trying to do something for my Lord, Allah Almighty.*

Ohhh! How many years you are here?

*I am here about 700 years.*

Where is your home?

He is saying: "I am here only, I am not in need to build a house, even (only) one room."

Asking Isa, Jesus Christ: You are not going to build a building for yourself. But for protection from (the) sun or protection from (the) cold, you may do at least one small hut! Here you are living so many years, there is seasons, changing, sometimes it is hot season, sometimes it is cold season, and sometimes (it is) raining, sometimes shining sun you are not in need?

(He was) saying: "No, no time for me! No time for me to build anything, because just I have (been) informed some of my Lords special servants, some Prophets, just met me and they are giving good tidings to me that I am going to live only 700 years and 700 years it is not so long life, therefore I am not enough time to build anything here... I am sitting here, day and night, under (the) sun shining, under (the) snowing - never changing I am happy, because (I have) no time to put one brick on another brick for a building."

Then Jesus Christ was saying: Oh, that is that person (is a) real

one, who (is) working or who (is) doing his best to make his Lord pleased with him!

That is (the) most important aim for people: to try to make pleased their Lord from him, but people (are) running away and (they are) asking to be pleased! If anyone (is) running away, not to make pleased their Lord, they (are) never going to be pleased through their lives! That is (the) Divinely Judgment: Who (is) trying to make Me happy, pleased with him, I am making that servant through this life to be happy and pleased! Who is trying to give Me pleasure, I am also granting to be that servant always in pleasure! That is (an) unchangeable balance to be known, to be worked on it!

Then Jesus Christ was saying: Ohhh, he was making like this. You are saying, O my Lords servant, you are saying (that) 700 years only you are living and you are not looking and seeing to build even a very simple hut I am wondering and thinking that when (the) Last Days (are) approaching, Allah Almighty (is) sending the Seal of Prophets, Sayyidina Muhammad sallaLlahu alayhi wa sallam, and his nations ages (are) never getting much more than 60 or 70 - very few ones (are) getting up - and they are building such a buildings, as Nimrod just built, a tower, they should try to make to build such a buildings

- Subhanallah! Before 2000 years ago that news (was) coming that (it is) reaching to me also such a knowledge Subhanallah! - Surprising Jesus Christ and saying. "You are saying this and the Seal of Prophet's umma, their lives, (is) going to be between 60 and 70 years - what was you are going to do, if your life between 60 and 70 years?
O Jesus Christ! O Jesus Christ! That time I was making Allahu akbar , putting my head, bowing in (the) Divinely Presence for His Endless

Glory, making one sajda and I was remaining there, till the Angel of Death (is) coming and taking my soul! Nothing else I am going to do, only one sajda and one bowing, (until) I am finishing
That ones that coming the Day of Resurrection and they are on sajda - Subhanallah!"

Now what people (are) doing? They are so greedy; greedy to give even very short time for their Lord, to bow and to make sajda for Him!

What is your feeling or opinion, what you can say, what a big event should face the people of 21st century people? What you are saying?... Only cursing! Only cursing! Only cursing till they are coming back, leaving Shaitan, then blessings (is) coming...

O people, keep yourself, give your Lords Rights through their times, don't fear from anyone! Keep your worshipping and complete your servanthood as much as possible, then you should find that you are through your Lords Divine Protection - nothing can touch, nothing can harm you, here or Hereafter!

For the honor of the Seal of Prophets Say: Astaghfirullah, Astaghfirullah! Tubna wa rajana ilayka, ya Rabbana!

Bi hurmati man anzaltahu alayhi Suratu l-Fatiha.

**Be Brothers & Sisters, Not Adversaries!**

(IhrMüßtEinanderKennenlernen, deutsch)

Bismillahi ‘r-Rahmani ‘r-Raheem. Dastoor yaa Sayyidi.

Ant Allah, anta Rabbuna, anta hasbuna, anta waliyuna, la ilaaha illa anta Subhaanak, Subhaanak, Subhaanak, subhaanAllahi ‘l-`azheem wa bi hamdihi ‘l-kareem, ighfir lana. Allahu akbar Allahu akbar, la ilaaha illa-Llah Allahu akbar, Allau akbar wa lillaahi ‘l-hamd! Allahu akbar kabeera wa ‘l-hamdulillahi katheera wa subhanAllahi ‘l-`azheem wa bihamdihi ‘l-kareem bukratan wa aseela Laa ilaaha illa-Llah, Allahu akbar, Allahu akbar wa lillaahi ‘l-hamd!

We must be so happy, so proud, that our Creator granting us such an honor. No one knows it’s beginning and ending. And all for the honor of the most praised and most glorified one in His Divine Presence, Sayyidina Muhammad (s.) Give more respect , take more blessings. Alhamdulillah, that our Lord granting us to be from His most beloved one’s nation. Alhamdulillah! Whole thanks and glory for our Lord, that He granted us such an honor.

O People, as-salaamu ` alaykum wa rahmatullahi wa barakatuh!

O the Seal of Prophets, alfu, alfu salaat, alfu, alfu salaam alaika wa `ala aalika wa sahabatika, Ya khayra ‘l-khalqi ajma`een. Ya Rabbi zidhu, `izzan wa sharafan, nooran wa masrooran, ridwaanan wa sultaana. He is Sultan and whole creation just is a grant to him. SubhaanAllah!

And we are saying, `aoodhu billahi min ash-Shaytaani ‘r-rajeem, Bismillahi ‘r-Rahmaani ‘r-Raheem.

O our Lord, we are so weak. So weak creatures! Even five minutes we are going to be tired for standing up. And it is not a maadhirah, excuse. We must stand up from beginning up to end, for His honor. O ma`ashara ‘n-naas! O whole Mankind! We are saluting you and saying: as-salaamu `alaykum, so beautiful words from heavens to Mankind, to be said: as-salaamu `alaykum. That salaam from your Lord, from your Creator, Allah, Jalla Jalaluh, as-saalamu ` alaykum. Rahmatullah also, Allah Almighty’s mercy on you. It is such a big grant and honor that the Lord of Heavens is ordering, to be said among his deputies, as-salaamu `alaykum. Say always for reaching such high levels. Going to be salaam and rahmatullah, taking you up and up and up. Every time you are saying you are getting higher, higher, higher stations in heavenly levels and heavenly stations. Therefore, the Seal of Prophets was urging his nation to say to each other: as-salaamu `alaykum wa rahmatullah. Also another ocean of blessings and wa barakaatuh, that is another ocean. That is a heavenly grant that we are using when we are giving salute to each other, as-salaam `alaykum wa rahmatullahi wa barakaatuh!

O People come and listen! We are using this as a beginning according to holy command of holy ones. When I am asking from our planets’ master, that he is responsible for everything on this planet and he is that one who is bringing heavenly mercy and blessings on people, on living creatures. As well that bringing to botanic level; trees and plants, because plants also just created to give people, to make them happy. To make them pleased, to give them pleasure, to give them enjoyment, to give them heavenly wisdoms. Everything through existence is created for Mankind. The Lord of Heavens just decorating this huge planet with countless plants.

Once I was in Lebanon, and people taking me for a touring to the big mountains, Urzu Lebnaan, and we went to a heap. It was like a hill and it was protected by our Druze brothers. I am saying “brothers,” some people may object on it. No, you can’t do! Allah Almighty created all Mankind to be brothers and sisters.

•••• •••• ••• •••• •••• •••• (••••••••• •••••••••• ••••••••• •••••• •••• •••• •••••• •••••• ••••• •• •••••••• ••• ••••

Laa tabaaghadoo, wa laa tadaabaroo, wa laa tahaasadoo wa laa tadaabaroo wa koonu `ibaadullahi ikhwaanan..., The Prophet (s) said, "Do not create hatred and do not envy and do not differ and be altogether servants of Allah, brothers."

Wa koonu ikhwaanan. Koonu ihwaanan. This is for whole nations. Allah Almighty's command: O People, you must try to be brothers and sisters, because all of you just created. The Lord of Heavens created you and he is that One Who giving everyone a speciality. Mankind they are not like a copy machine. Allah Almighty creating whole Mankind and granting to them a speciality.

••• ••••••••• ••••••••• •••••• •••••••••••• •••• •••••• ••••••••• •••••••••••••••• ••••••••• •••••••••••• ••••••••••••

Wa ja`alnaakum shu`ooban wa qabaa'ila li ta`arafoo, and We made you nations and tribes that Ye may know each other, (49:13.)

Allah Almighty created Man and granted to him specialities so that you are going to be some ones, Druze, some ones, Arabs, some ones, Jewish, some ones, Turk, some ones, Persian, some ones, Bangladesh, some ones, Russian, some ones, Pakistan, some ones, Hindustan. Everyone just granted a speciality as a group of Mankind. Their out-looking coming different and also their languages getting different. Also, their manifestations getting different and their inner capacity or abilities different. You can't find two ones the same, because Allah Almighty not making photocopy. No. When I am saying our 'Druze brothers,' yes, they are our bothers. Arabs, our brothers; Russians, our brothers; Chinese, our brothers; Americans, our brothers and Hungarians. We are saying that it is mentioned, 72 different groups of Mankind, and everyone just granted such a speciality. SubhaanAllah! As our out-looking different, also our inner being, inner situation, manifestation, just different.

Yes, li ta` arafoo. The Lord of Heavens saying: O People, I am granting to every nation, every group of people, a speciality. That speciality only for those ones, not for all. Arabs they have another speciality and Turks another speciality. As our languages different, our inner manifestations, our beings, just different. Allah Almighty saying: li ta`arafoo, I created so different tribes and nations, ummah to know each other with their special beings. What granted to English people not granted to French people. What Germans granted from their Lords blessings, different; they are not same as Russians. Russians have some speciality that Chinese people can't reach and Japanese they have such a speciality that Chinese people never reaching.

It is Holy Qur'an saying: li ta` arafoo. You must look and you must take a wisdom from everyone. Wisdoms, for what? Wisdoms open an understanding to your Creator. If no wisdoms, you are closed. Wisdoms opening to your Creator, for an understanding. Also saying, li ta` arafoo, you must know each other. That is Egyptian, that is Lebanese, that is Iraqi, that is Turkish, that is Kurdish. Don't make yourself over others to say, "We are Turks, no one reaching to our level," no! Kurdish people have been granted some specialities that Turkish people never reaching. Like a crown on the head of a king or sultan. On that crown you can find countless jewels; each one is only one, never using another. Only everyone... one, one, one. That is the perfection for that king. Allah Almighty creating Mankind and giving to everyone a special being. All of them going to be as a crown on the head of the Seal of Prophets, Sayyidina Muhammad (s.)

Don't make people down. You are saying, "We are highest nation," no! You have some speciality, Turks another speciality, Chinese another speciality and Kurdish another speciality. Don't make people muhaqqar (appear wretched.) Don't make people down. All of them on same level, on same crown, but they have special places, special positions on that crown. You can't say diamond is the most valuable on crown and other jewels are no good. "I am the first, you are not good like me." Can't be. Allah Almighty, He is Creator and He created every nation and giving to them a speciality that second one can't carry. Ruby is something else, pearl is something else, emerald is something else, diamond is something else, sapphire is something else. Jewels on a crown are not fighting each other, because they are looking; ruby looking at emerald and saying, "so beautiful." It is not saying, "I am much more beautiful than emerald." It has such a speciality that other not carrying. There are some pearls, white ones, some pearls pink. Pink not saying, "I am better than this." White, carrying another speciality, beauty and benefit. Giving to people, to everyone, something else. It is for the benefit of Mankind.

Therefore whole nations, li ta` arafoo, that means I created different nations and tribes and giving a speciality for everyone. To look, to know and to take benefit from that ones' special wisdom or special being. To take from that, something for you. But people not understanding now. Particularly Arabs, they are knowing Arabic but instead of reciting li ta` arafoo, they are understanding, li tahaaraboo. Not to be together to give a beauty for Creation instead they are fighting each other. This asking to destroy pearl; or diamond quarreling to destroy emerald and emerald running to destroy ruby. No! You must have a harmony. So beautiful - harmony. That no one can think on it. Allah subhaana wa Ta`ala.

O our listeners, ism`a! Listen and try to understand what Holy Qur'an saying. Any book can say through one holy verse such an end? Showing people their life styles? Can't be. Can't be. And people following Shaytan, not following Holy Qur'an therefore, I am what I am. Saying, our Druze brothers, yes, Druze brothers or Turkish brothers or Arab brothers or Jewish. They are brothers. Russian brothers, Chinese brothers and sisters, Japanese people. There is a harmony that you can't imagine. You can't imagine!

Therefore I was ashaming to use some word against creation and against their foundations. Druze people, I am ashaming, because the Lord of Heavens just granted me such a speciality. Keep that speciality and give your ihtiraam, respect to them. That is teachings of the Seal of Prophets. Don't touch anyone through your hands or through your tongue to give harming; by tongues, by mouth. Harming people also with your power, by speaking or by acting. Who giving these two things, is not honour of Mankind. Perhaps, it is the speciality of animals. If you are going in front of animals, they may bite your hand. Anyone biting second one, that one and that animal on same level. Or if you are going to back of an animal and it may be angry with you, these two legs kicking.

Who harming people through their tongues, he is not a real human being. Those giving trouble and harming people through their physical power; those ones and animals on same level. They are making me to speak this. I am not thinking something to say but they are opening for the lowest level; for teaching our people, because now through 21st Century whole nations, whole Mankind, lost their levels. They lost their level for being deputies of the Lord of Heavens; falling under that level. That is the level of animals. Now people in such a way. Therefore, they are giving such teachings. Some teachings to our people to understand, whom they are so proud saying we are PhD, we are academics, we are doctors, we are professors. Giving respect to everyone? No. We are not belonging to real human nature. We are falling down. We may stop here.

Once, as I said, we went on "Jabal Shaykh," (Mawlana says jokingly) Lebanon mountains and ante-Lebanon mountains. There was a hill, protected by our Druze brothers, because some mudeer, harmful people, harming the beauty on that hill therefore, taken under protection. I was entering and they were taking some money for visitors, but when they looked to me, they were not taking anything from me and saying, "Welcome, O Shaykh." They have such adab, respect. Then the guide saying to me, "O Shaykh, there are one thousand kinds of plants on this mountain."

What about through whole east and west, north and south? How many thousands? Who creating? And each one having a speciality. Nothing created suda, waste. If we are accepting and saying that each plant has a kind of speciality, what do you think about Mankind? Is our level under level of plants? If Allah Almighty granting to every plant a special wisdom, what about for man? They were asking, saying, “Don’t touch please; don’t cut anything; don’t step on it.”

O Mankind, O our listeners! What do you think? If Majestic command from heavens ordering: “O people, keep what I created; not to step on it and crush it.” You must look. You must give your respect for it’s Creator. So Creator of Man, giving to everyone a speciality. We said for nations, if you are taking wider, we may say that everyone has a speciality. Therefore O People, stop killing, stop harming, stop giving trouble. Take away those terrible nuclear ones. O Persians, O Russians, O Americans, O East and West people, leave that one. You are not giving life to people and you can’t take their souls. Grant them for the honor of their Creator and the creator grants to you. May Allah forgive us.

(Mawlana Shaykh sings.)

Dome, dome, dome, dome 8x

cifci dayi, cifci dayi, sen ekersen, su bugdayi (Turkish.)

Tawbah yaa Rabbee, astaghfirullah!

Fatihah.

(47 minutes) Allah, Allah. Are you understanding my English? (Mawlana Shaykh laughs.)

## Be Clean and Come to the Lord!

Dastoor ya Sayyidee, madad. (Mawlana Shaykh stands.) Allahu akbar, Allahu akbar, la ilaha illa-Llah Allahu akbar allahu akbar wa lillahi 'l-hamd!

He is our Lord and He is the Lord of whole creatures. He is Creator, not anyone else! And whole creation just coming in existence for the honor of His most honored and beloved and glorified servant, Sayyidina Muhammad (s). O our Lord, for his honor forgive us, and for his honor grant us from Your endless blessings.

O our master, master of this world, that he is appointed from heavens for controlling everything and preparing everything for our Lord's servants, may Allah bless him and give him much more lights and glory!

And we are saying as-salaamu 'alaykum, O our listeners, whole Mankind! Hear and listen and obey. That is our wasiyya, advice to everyone. First, my advice to my ego. We must try to order our egos. If a person not going to be able to order his ego, no any value for that person here or Hereafter.

O our listeners! O Mankind! We are all Mankind, but we have been honored by the Lord of Creation to be His special servants. That means to be His deputies. Deputies can't do anything by themselves, but they are going to be under holy command of heavens so that they can do what it is asked from them and (spread the

message), "O Mankind! Hear and listen and obey!" Every time we must say this:

•••••••••••• •••••••••••

wa tawaasaw bi 'l-haqq, And (join together) in the mutual teaching of truth. (103:3)

Allah Almighty is saying that for those who asking to save themselves and also everyone. Who is asking to save himself or herself and also to save whole creatures on this planet, one of them just honored on this planet. Mankind has been honored through heavens. And countless creatures through Creation of the Creator going to be with us on this planet, but honor only given for Mankind because they are deputies for their Creator.

O our Lord! Give us something for understanding. Allah (swt) says, "I just granted to you, but you are running after your egos."

O Mankind, what the Lord of Heavens granted to you, that heavenly grant, you are not using for your Creator, Who honored you to be His deputies. When you are using what you have been granted by Allah Almighty for yourself, your dirty egos and egoist demands, then your high value coming down! When a person's value falling from heavens to Earth, he lost whole value that granted by Allah Almighty for them, finished! There is a fruit, mushmush, apricot, as long as keeping itself on its position on branch, it is so good. As long as tree keeping that, it is okay; but if tree going to tire from it and leaving, coming on Earth, finished!

O People! Keep your positions, not to fall from heavens on Earth. Who is on heavens, his value just excellent. If falling down, then going to be no value and no way. Taking that apricot that just becoming dirty, taking and eating? No. That is important. Try to be clean to the end of your life and the One Who granted to you that cleanliness, taking you clean and putting you on a clean level, and you will be respected one! But whom they are not looking for their positions, and leaving themselves to fall on Earth, that bush taking it away.

O People! Try to be clean ones from every dirtiness on this planet. Try to be clean for whole life so that when the Angel of Death comes and asks, "Give what is granted to you from the Lord of Heavens, give it to me." Looking if it is clean, then just taken to the level of honor, the level of holiness, the level of lights, the level of oceans. Thank you! Why you are losing level of honor, making every dirtiness here in this short time. Why you are not keeping yourself clean, O Mankind? Therefore, every prophet, peace be upon them, and the Seal

of Prophets (s) was saying, "Believers must be clean. Unbelievers, they are not clean ones." What we must do? How we can do? What have we been granted from our Lord to ourselves? How we can deal with ourselves and how we are going to deal with our Creator? That is knowledge, `ilmun nafi`ah. That knowledge is giving you benefit because that knowledge keeping you clean. If not that knowledge, they are always in dirtiness.

The Seal of Prophets, peace be upon him, was saying, "Cleanliness is imaan." If a person not going to be clean, no belief in himself, he is not believing for his Creator and His holy commands. We must learn this. Therefore, Allah Almighty ordering to His most beloved one to teach people, "Be clean." Try to be clean. Cleanliness is not cleanliness of our suits or our clothes, but inside you must be clean. (Allah Almighty is saying,) "Don't come to Me dirty. Who is coming dirty, he is not accepted!" Anyone asking to be acceptable through heavens must be clean, as believers never coming for worshipping without ablution, or without shower. Therefore, main point for everyone to learn through his life is to be clean, and when they are clean, they must keep their Lord's most high glorifying. You must try that He grants to you heavenly glorifying. Who is not thinking on it, they are not granted any grant here or Hereafter. They are going to be dirty ones and dirty ones are outside, take them to be clean. Where? In fire, they may be clean there, O our Lord!

O People! Listen and obey, clean your ears for listening because our ears, our hearing, full with satanic singings and satanic speakings and satanic orders. It is not for you! O People! You must try to be clean ones. Don't think that to be doctors, scientists, PhDs, academics, or to be in high positions for your learned matters is making you clean! It is never giving any benefit to you, but if you are asking benefit for future life, here and Hereafter, then you must be clean ones. Therefore, coming whole prophets, particularly the Seal of Prophets, ordering to be, clean, clean, clean!

Clean in what you are dressing, eating and learning. If you are giving to you cleanliness, okay. If not, you are going to be in a well filled with dirtiness. We reached the Last Days for the life of Mankind, according to holy knowledge that granted to prophets. You can't know this through new books. They never showing or teaching you what is real knowledge that is making you to be clean ones. So many professors, so many learned people, so many doctors, so many academic peoples, only their titles something but their inner position is so dirty! If anyone's thinking is dirty, that means his production is dirty. That person is going to be like WC (bathroom) or sewage channels. If a person not giving to you a cleanliness, that person like WC. Who running through WC? Rats. They are very happy to go through sewage channels, and they are saying we are making shower

also, going freely through east and west, running, jumping, eating. We just asking to reach our last target. We reached there and we never asking anything beyond this. It is perfect target also for Man, to be able to think on it.

"What you are saying, to come out? We are finding everything through sewage channels. Look our bodies are so weak ones."

And those rats saying, "Some man may hunt you and making you barbecue. Beware, O our friends, run away from Mankind. If they are hunting you through fire you are going to be so tasteful meals for Mankind, run away! Don't show yourselves, keep yourselves, hide yourselves because they are running after you and we are here so happy. If we are unhappy we may call them, we may do weekly meeting making advertisement, 'O people, who asking a high life, they must join our group. We may take you to an unexpected high life that Mankind they can't dream or imagine our lives here.'"

Some of them asking for rats, "Who teaching you?"
"Our teacher asking to teach you but you are escaping from it. Our teacher is Shaytan, Diabolo. Our teacher, teaching us also to call everyone outside to come and to enter."

Glory to Allah Almighty! Now everywhere, particularly at night time, east and west, people running into sewage channels. "O Shaykh, what about preparing ourselves for Christmas? Christmas enjoyment; we were hoping and wishing to be every night Christmas, every day to be Christmas!"

(Rats saying:) "But those foolish Mankind not following us and making this big feast, they are making only once annually because no-mind, Mankind. If they are like ourselves they are understanding, because we are experts at such parties and we are doing parties that Mankind making it only once yearly, but we are preparing every night this feast and enjoyment. Therefore, we are calling them, 'Come, O Mankind, to be with us.'"

That is Shaytan’s declaration. Really Shaytan is teaching Mankind, "Come and join everyone Christmas day or night because it is so pleasure in it and you must come. You must try not to only do once yearly, but every night you must do this, come with us, to be like us!"

"I'm the chief of rats, so learned one, because our ancestors also they are teaching me and I am teaching to new ones for tasting a real taste and to be there every night, Christmas night, everyday Christmas day but they are not following us because they are saying, 'Oh we prepared some money only for one night. How we are going to be every night in sewage channel?' And that rat saying, "look you are dressing anything? .....take whole clothes and daily 7 times and nightly 10 times, go in it and get out, go in it and get out." Then what about our clothes?" "You are going after a while feathers coming out and .....no need for clothes.....??...no government, no national military, no schools, no factories, no government officials, no, come with us. Try to be with us here, free, never-ending enjoyment, never-ending eating and drinking through sewage channels."

That is the meaning that Shaytan making people targheeb, to encourage them, "Leave everything and come and enjoy yourself." That is top point of Shaytan's training for Mankind, "Leave everything and follow us."

O our Listeners! As whole prophets saying, that is going to be the end of this world. Dajjal, the Antichrist, coming and saying, "No work, no national service, nothing. Come with me and you can find what you are asking." Finally that Antichrist calling people and cheating them; now Antichrist has representatives through east and west and everywhere you can find people of foolish minds saying, everyday and every night, "No working and..."

O our Lord! Please forgive us and send us someone to clean ourselves and to teach ourselves what heavenly ones asking to be for ourselves. Heavens asking, "O My servants, try to be clean ones," and Shaytan and its rats saying, "Come with us, enjoy yourself." What is happening now, every kind of dirtiness through youngsters running, running, running, making them to dirtiness that if it is opening, no one living from its bad smelling!

O People! O our Listeners! The Lord of Heavens is calling you, me and everyone, "Be clean and come to Me." And cleanliness being through your mind, body, hearts. "Be clean and come to Me! If you are not clean, you are never coming in My Heavenly Presence." Prophets calling to cleanliness and Shaytan calling people to dirtiness. You are between two ways, one showing to cleanliness, second showing people the way of dirtiness.

This is whole world, they are saying, "happy, modern life." What happy, modern life? They never asking heavenly cleanliness. People left worshiping, left their holy places, their mosques, temples, cathedrals and also after that there is for kings, buildings. They never asking. Therefore, people now they are saying, "What

we can do in this bad economical crisis?" First clean yourself, then that cleanliness taking you out from dirtiness, but they are not coming. They are only making shikwah, complaining. Be clean and you will be saved here and Hereafter from every dirtiness, from every badness, every cruelty and every dirty thing but people never hearing. They are saying, 'modern life.' What is modern life? To live as rats? No differentiation between clean and dirty? That is modern life? They never liked the life of people who were living before this period of time. Everyone was trying to keep themselves clean and to be their Lords' servants, but now they lost their Creator and saying, 'No we must eat drink and enjoy.'

May Allah forgive us.

O People! Be clean, save yourself! If you are not going to be clean, no safety for you here or Hereafter and you are going to be unhappy with such people. I am sorry to say Muslim world is also following western life. And I'm surprised we have 'ulamas not saying anything, never saying and they are fearing from whom? They are not fearing from Allah but they are fearing from their children, their families, because they taught them through such institutes or universities. They are teaching their children and their children never listening to them. Even the sons of kings, queens, no one listening to them. Muslim world also, their sons and daughters looking, to reach the night of Christmas. What is your relationship with Christmas, O Muslim community? O Muslims! Why you are asking that? Not shaming from Allah Almighty to follow Shaytan and not listening to Allah? May come a heavenly punishment through this year that you will be regretting through whole year.

O People! Beware of Shaytan. If not, heavenly punishment is ready this year. It is a heavy year and it is very terrible events, like camel caravan following people one-after-one! Beware of Shaytan, leave Christmas. Leave western people to follow Christmas. Muslims, follow the way of the Lord of Heavens, so you will be happy here and Hereafter. May Allah forgive us!

Allah Allah, Allah Allah, Allah Allah `Azeez Allah
Allah Allah, Allah Allah, Allah Allah Kareem Allah
Allah Allah, Allah Allah, Allah Allah SubhaanAllah
Allah Allah Allah Allah Allah Allah Sultaan Allah

Dome dome dome dome, Dome dome dome dome 6x

Fatihah.

May Allah Almighty save us from dirtiness, make us clean ones to be in His Divine Presence.

Fatihah.

## Before the Year 2000?

I cannot say that I will establish the Kingdom of Allah. No! He will establish His Kingdom. His Kingdom is already in power, but He is giving satan a chance to establish his kingdom too, but it is in limits. We hope that until the year 2000 his kingdom will come down. Just like people say that the computers are programmed until the year 2000, no more. For 60 years Grandsheik used to tell me that technology will stop when Mehdi says, "Allahu akbar, Allahu akbar, Allahu akbar!" All the power from the western countries will stop to function. We hope that satan's kingdom will fall down before the year 2000.

# Before You Claim that You Know Allah, Ask if You Know Yourself

Dastoor ya rijalAllah...

And we are saying A`udhu billahi mina ’sh-shaytanir-rajeem, Bismillahi 'r-Rahmani 'r-Raheem
La hawla wa la quwatta illah billahi'l-`aliu'l-`adheem

Allahu Akbar Allahu Akbar Allahu Akbar la ilaha ill-Allah Allahu Akbar Allahu Akbar wa lillahil-hamd

Allahumma salli wa salim wa baarik `ala habeebika wa nabiyyika Sayyidina Muhammad (s).

May Allah blessing you o people, o our listeners.

As-salaam `alaykum our listeners! We are weak people and we are asking first forgiveness from our Lord Allah Almighty because we are sinners. Everytime we are making sins and we are in need Allah Almighty’s forgiveness because blessings coming when He is forgiving His servants, many blessings coming. And o people! If Allah Almighty, your Creator, our Creator, Creator of whole beings, if He is supporting His servants, servants can stand up on their steps. If He is not forgiving no one can stand up. And the main point for ourselves to reach Divinely Support to say O our Lord, You created us and through Your blessings we are reaching every goal or target through our lives here and Hereafter. O our Lord! If You are not helping us, we

can’t do anything. O our Lord! For the honour of Your most glorified and glorious servant Sayidinna Muhammad (s). For his honour we are asking forgiveness and Your Divinely Support.

Everything in exisistence without their Creator can’t be in existence. No, nothing. When He is ordering something to come in existence He is only saying “Be!” and coming in existence. And His orders without any hindrance going on. No any hindrance in front of our Lord's orders. You must know this O believer! You may be Muslims, you may be Jewish, you may be Christians you must know that with His Will, His Almighty's Will you can do, you can understand and you can be something in existence. That is most important knowledge that mankind must know.

He must know that he can’t do anything if his Creator not giving a way to that thing. He is only saying “Be!” and coming in existence a world, global world that we are on it. And He may say be a solar system and His Divinely order that He may say coming in existence a solar system and same time it should be ready as its Creator asking to be! If He is asking to be one sun, seven planets and they are followers through a endless space, just appearing! You must know that He is Creator and creation looking only His Holy Command that His will, Almighty's Will asking to do something in endless space and appearing.

Such a knowledge that we are saying now it is most important thing, most important knowledge that everyone must know it and must believe in it. That He may create such a galaxy, hundreds or thousands or millions or trillions or more and more galaxies. He may say only “Be!” one billion galaxies it is ready. He is the Lord of Heavens, He is Creator! He is not like a person that you are knowing, no, you can't ask how He is. How He is you can't ask! Before you are asking that question, Who are that One, you may ask to you who am I? Before you are asking Who is that One that you are speaking on Him and saying He is Creator and He is Lord of Heavens and he is Lord of everything in existence before that you must ask to yourself, who are you?

Don’t ask Who is that One that created these endless, endless space and countless galaxies, countless worlds, countless beings, countless systems! Before you are asking Who is that One, first ask to yourself, who are you? Ask who am I? My being coming from me? If my being coming from myself, I may keep my being forever. Why you are getting older? And after a while you are passing away and after a while going to be you going to be nothing. Who is that One making you to appear in existence then you are disappearing? Yes, you are appearing and after a while you are disappearing. Now you are seeing one day coming you can’t see. Now

you are moving, after a while coming a day that you can't move by yourself. Now you can catch through your hands, but after a while you can find that your hands catching nothing! Can't be able.

Now you may see that you are walking, after a while you are looking that you can't move, you can't walk, you can't talk, you can't see, you can't hear, you can't touch, you can't live. How? Ask for yourself before asking Who created this and don't say to me some, what saying, fairy stories. They are saying mystics that this world was not in existence and then suddenly just appeared and they are thinking something and imagining and then they are saying in the beginning of this galaxy we found it. How you find it we may ask? And they are saying we found it and we are saying for that Big Bang. Yes, Big Bang. That is an imagination. That is a theory and too far away from reality. It is imagination. Theories they are imagination no reality but last point that they are reaching no more they may step forward. They are saying that is last point of our knowledge that this creation just began with Big Bang. What is Big Bang? What is Big Bang?

They are thinking that once upon a time there was one cell, one egg through an endless space. Then what happened? Just happened that coming an explosion and this just getting in so many beings coming from that explosion. How it is, don't ask. They are reaching to that point and what is behind it we can't know. Only you may say to people Big Bang theory. They can't say Big Bang reality but they are saying Big Bang theory. It's a theory nothing else because no one was witnessing behind or in front of that one atom. No one was there out of it and looking that big atom just becoming a big explosion and coming after beings and down beings. That means it is imagination, no value for theory. But those people they are graduated from Shaytan's high school, ha ha ha. They have big certificate from Shaytanhood. They have a title from Shaytan and they are just claiming we have been graduated through our big ustaaz, big teacher. He granting us this certificate that we are graduated from that one's university and now we are becoming PhD. Where is that university? You can't see. Its universities and high schools you can find them everywhere and they are producing so many things. From where? From nothing.

Therefore knowledge and theories that 21st century's PhD doctors they are very proud. They knowing nothing. Their knowledge on nothing. You can write a writing on water and you should say no but one may say yes I may write on water some writings. How you are writing? I am writing on an ice, frozen water. I may write on it, therefore my knowledge writings on water but not water like we are knowing, just their water frozen water. And frozen water going to be like a rock and when it is going to be like a rock I can write.

Yes you can write but after a while no frozen material there and no water or no any writing on it, finished! But now whole people whom they are saying they are doctors, PhD and graduated from this from that universities their knowledge like a writing on ice. Day by day it is going to melt and then changing into water but they are so proud ones to believe, to believe in Creator! But they are insisting on baatil, wrong idea. Insisting on it and not coming to say reality is there is One Who His order brings everything in existence! As worlds, as systems, as galaxies, as endless spaces. May do that One because there is Someone, we are looking. We can't say that it becoming by itself, no! Just we spoke on it to come in existence by themselves, finally going to be water. If, I am asking, if coming and being that frozen water, coming to be a running water, where it is running? What do you think O Shaykh? You are not understanding anything? When frozen water going to be melted coming like rain outside, finished! No any mentality for themselves, they can't think on it. They are fearing from the haybat, they are fearing from the Greatness or Mighty power of that One they are fearing to say something and they are going running away and such a world finishing.

O people! Come before discussing on this universe and to say it was like this or like that, leave that and think on yourself! Who are you?! How your creation coming and joining to each other?! How your eyes coming? How your ears coming? How your nose coming, how your mouth coming? How your hands coming together? How your legs coming together by themselves? How they are joining and coming a being, man, or being woman, or being cat or being dogs? How it is?! Ask this and say to me! Why you are denying Unseen One that it is impossible to see Him and to know about Him? You are not knowing about yourself nothing! How are you are asking?

People must know what real message coming from Heavens to earth to teach people about realities!

And real reality now you can find it only through Islamic foundation, Islamic teachings. Islam is most magnificent, most majestic message from Heavens. Coming from Heavens to people living on this planet to teach them from real realities.

May Allah forgives us! May Allah gives us from His endless Lightening Oceans to be opened our, not only this eyes, but we are understanding with some, another power that just put on ourself. Because car, you can do car. Coming car from car factory, Shaykh Ali, but that car never running. You must bring something that it is never same the material of car. You must bring that one and putting in it then moving. If not it is only piece of

material! Never understanding, never moving, never coming under your command if not coming that spirituality that making a car to move. People they are now running after making a car. It is okay, you may do but then how will this, with which thing you can drive that car? How that car going to be under your command? Or as well as a plane. May be plane but sometimes what it is in it from oil finishing and coming down saying I can't move. I can't move. What is that one? The secret of planes through that black water coming under earth and putting in it and making that black oil to move and to fly from continent to continent.

O people! Think on it. You are nothing! When your oil finishing your physical being cut falling down, finish. Doctor saying just finished. O doctor, how finishing? His body is okay everything. If you are making a objecting on your body that it becoming old therefore can't move. So many people they are sink in ocean, in sea and can't move and everything is new with them. Think on it O mankind now! If you are not going to think on it, you should be regret. You may be regret finally because you are not saying that through one litre oil, a dirty oil also, how making a car to move? How making a gigantic plane to fly? What is the secret power through that black water? Say to me O scientists, O technology professors! Say, tell to me! No they are knowing nothing.

Only they are insisting because Shaytan saying to them you must insist on that point that this as you are looking don't ask more than this.

May Allah forgive us. O our Lord.

Dum dum dum dum

(Mawlana singing)

O scientists come and listen, come and listen and ask what it is real being, dum dum dum. Who is that One putting in an egg something in it then it is going to become a small bird. Come and listen and believe in that One that He may do everything but you can't do nothing.

Dum dum dum dum dum dum dum dum dum dum dum dum dum

All Glory and Majesty for You, O our Lord we are that one who knowing nothing can't be able to know Who

are You because they are never going to know about themselves whom they are in existence.

Dum dum dum dum dum dum dum dum dum

O our Lord forgive us. We are asking forgiveness only Your endless Power Oceans to support our understanding. You are the Lord from pre-eternal up to Eternal. You are so big. You are so beautiful. O our Lord forgive us for the honour the most honoured one in existence. Ameen.

Fatiha.

Okay? Good? People happy? (Someone says, people always happy ya Sayyiddee) Must be. If not happy we must send them to animals farm, he he. No mind people no mentality they can't be with people their levels, levels of four legs people.

Fatiha.

## Being Charitable is the Best Protection

On the way to Allah you must learn to be charitable. Try to be the one with the upper hand, who gives, not the one who takes. Give for His sake. Whatever you give in charity will not lessen your wealth, it will increase. It will protect you from accidents, your family and property will be protected from seen and unseen harm. Put up a charity box at the door and every time you come or go put something in there.

## Being Fully Present

Our Grandshaykh was saying that if you like to take benefit from listening or attending a meeting, you must be present in body and heart. But so many people are just like empty jars, sitting. Divine Knowledges pour out when the heart is present. It means when listening with the ears of your heart it gives you Divine Powers. Our Grandshaykh said that if one person in a meeting is scratching his head, the one speaking must come down seven degrees. He may lose that Divine outpouring. But some people are speaking with each other, some watching the door to see who is coming and going, some looking at the clock, and the power is going down. Grandshaykh was always annoyed about this. If you are giving care, my heart is in his hands, and he is in relationship with the Prophet, and the Prophet is in the Divine Presence.
Our Grandshaykh told of two mureeds in his homeland. One was in seclusion for spiritual practice. The second came one day by order of their shaykh to take the brother for a walk outside of the village. They were going on the road in conversation about important spiritual instructions when they reached to the fields of the one in seclusion. As they approached, his eyes wandered to those fields. The other said: "Oh my brother, turn back to your seclusion, you are leaving pearls and turning to fields."

Our attention span is very short, Psychologists say, first fifteen minutes, keen attention, afterwards decreasing. Our Grandshaykh says, not to make any meeting more then three hours, even though people may

be strong and interested. As much as you can make it shorter, more benefit comes, especially in our time.

## Clarification about Being Outdoors after Dark

Mawlana Shaykh Hisham: (This is the) last question, but requesting answer in English, if you please. You mentioned it yesterday about those who are working at night, and now you mentioned it last night, and people are afraid to go out.

Mawlana Shaykh Nazim: There is misunderstanding from western countries' people, from muslimeen, they are surprising or astonishing over what we have said about young people. First we are warning young people, that Seal of Prophets, Sayyidina Rasoolullah (s), said:

•••••• •••••• ••• •••• •••••

ahbisoo awlaadakum `inda ghuroobi 'sh-shams. At Maghrib, don't leave your children to be out of their homes.

Why? He (s) is giving a reason: because that is the time when shayateen are spreading everywhere, getting their freedom to be everywhere, to make every badness for the Children of Adam, particularly for youngsters. That is a holy command from Rasoolullah (s)! People who are working outside must be at least 25, 30, or forty years old, and their jobs are essential, so they are not going out just for enjoyment, as that is clearly forbidden.

(Non-Muslim) territories, European and western countries, are not following Holy Shari`ah. People are working in the day or night, men and women, which is against the holy orders of Heavens. But they bring much more money and they think more money brings more pleasure, but is never going to be that, never! You meet so many people rich ones, but they are not happy and they haven't reached (true) pleasure in their lives.

We can't use that as an excuse. Everyone in western countries must follow their rules. Islam by itself is as strong as it was the first day of Islam, but people are weak in understanding how to practice Islamic rules. Whoever is asking to practice Islamic rules, it is not necessary for them to go to unbelievers' countries, non-Muslim countries, no. If they go, they will carry the responsibility. If I am saying that, how we are going to work at nighttime? What we shall do? As the holy words of the Seal of Prophets (s), you must be (in the home) after `Isha, all men and youngsters must in their homes.

Mawlana Shaykh Hisham: What if there are nighttime jobs in hospitals, or with the police?

Mawlana Shaykh Nazim: Leave that. I am saying to you, if you are not understanding. European rules you must follow. You can't follow Islamic rules (in the west). But as much as possible you must keep (the order) not to be outside after Maghrib. We say only those who have responsibilities may work, but for women, we can't say anything. We are saying...

Mawlana Shaykh Hisham: There are nurses, Sayyidee; most hospitals have nurses...?

Mawlana Shaykh Nazim: They are not going to dancing places! Work is there. May Allah forgive us. All that we are attacking is Satanic life rules that are making people fall more and more into the traps of Shaytan, and leaving their beliefs, and (they are) going to be people of Hellfire! I can't give any fatwa to those people. We may say, Allah is giving to you people residing in western countries, and He may give you your provisions in your homeland, also. But people's faith is so weak that they think Allah is only giving provision in western countries.

Mawlana Shaykh Hisham: There are some people who go to dhikr after 9 o'clock, at night.

Mawlana Shaykh Nazim: They are not going to dancing places, a`oodhu billah min ash-Shaytani 'r-rajeem!

•••••• •••••••••• ••• •••••••• •••••••••••• ••••• •••••••• ••••••• •••••••• •••••••••••• •••••• ••••••• •••••••• •••••••••••• ••••••••••••

zhahara ’l-fasad fi ’l-barri wa 'l-bahr bimaa kasaabat aydin-naass li-yadheeqahum ba`d alladhee `amiloo la`alahum yarji`oon. Mischief has appeared on land and sea because of the evil that the hands of men have earned, that (Allah) may give them a taste of some of their deeds in order that they may turn back (from evil). (Surat ar-Rum, 30:41)

You understand this ayatu ’l-kareemah. Twenty-first century people are going 100% to the ways of Shaytan or a shaytanic life system. Nahnu mush raadeen bi (we are not accepting this) shaytanic life system, thinking, “There is no we may say eat (earn lawfully) in our homeland!” Don’t follow unbelievers' rules!

Fatihah.

## Belief; Reality; Judgement

Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim...Meded...
Allah Almighty keeps ourselves on His right path. So many exits, Ausfahrten...when I was going on the motorway I saw a writing: Ausfahrt. I was thinking it is the name of a city, but then I saw so many, I asked: 'How many cities there are with the name Ausfahrt? Must be bigger than Berlin.' X. saying: 'This means exit, it is not the name of a city.'

The right path is the safe way for reaching the real target. If a person is going right, left, leaving the main road, he cannot reach the main target. He may reach another target, but he may loose the main target. Allah Almighty created man. You can find two people to be similar or same? Must be a difference between the two, can't be 100% same, because Allah Almighty is not making a copy, no, you are not a copy. He gives to everyone an independent personality. Here there are so many people. Each one through his different personality appearing in existence, and our inner existence, which is our spiritual being, it is also not same. And really our out looking comes from our spiritual being's appearance.

So everyone is going to be in his own being independent and one. You can't find another one same, no. And Allah Almighty grants to everyone from mankind, man or woman, that their hearts are occupied with something. Everyone is thinking something, asking something, making for himself a Kiblah, a target, that he

is asking to reach. Kiblah (is the direction), that you are bowing (towards). If your heart is not bowing, your prayer is only a physical body's movement. If your heart is not going to bow to the Kiblah, prayer is only something belonging to your physical being; it is not a real prayer. Therefore everyone also has a different Kiblah that his heart is bowing to, asking to reach his desire, his last will, or to that point.

So that everyone is just occupied with so many things that we have been put after our maturity age. We have been protected on the true way. When we pass that limit from childhood to the age of maturity an opening is coming. Small ones are just closed. When they reach the age of maturity, opening... Then they are going... I open the chicken stable; they come out like this... running in so many different places, you cannot reach them... Some are jumping... In the stable... quiet. When an opening is coming, you cannot reach to them...

When that opening is coming, beginning to appear so many different desires, forcing them to reach to there. When they see the direct motorway and nothing on it, they look right and left, and when they see something they are very interested in, they begin to run this way or that way, finding so many exits. If they loose one, they take the next one and enter... Very few people remain on the right path. The majority of people runs right or left. The right path leads to Allah and the separated exits go to their egoistic targets. Who leaves the main road, runs after his egoistic desires, and after a while that is going to finish and they fall down. Those who go straight use their will power and also their mind. Those who leave the straight path, the right path, all follow satanic ways and their egoistic desires. And it is going to finish after a short while. Some of them, a few, may come slowly to the right path, but mostly people are going to lose the right path.

And this is the general view of mankind now in the 21st century: Very few people you can find on the straight path, and those who leave the straight path to right or left also swear at the people, who don't join them and call them: 'Retarded people, no mind people, foolish, crazy ones, that live through their imagination, leaving what is now in front of them and running after imaginations.' They say even for the existence of the Lord that it is man made imagination. Astaghfirullah! They don't accept a Creator and they are creatures, they know that they didn't create themselves. But yet they insist to say: 'No Creator.' If there is a creation and creatures, there must be a Creator! That is mentality that is forcing people to say: 'Yes.' But they don't use their mentality and they don't say. They know, but they are drunk.

And swearing. Those people running after imagination say: 'You should find at the end of this huge way what

should be for you forever', and they carry the heavy burden in walking towards that imaginated target. 'But we: Look, just we put one step and we find what we are asking, we reach pleasure, we reach our target so quickly. How we can leave this and continue on a dry way?' That is 21st century peoples' mentality and judgment about themselves. And they accuse believers to be crazy, no mind, funny, and they accuse them: 'They don't believe in this person and such things, but they believe in something they cannot bring a proof for us.'

Mostly these foolish people came in front of prophets and objected to the prophets' invitation. And when the prophets said to them: 'O people, you have a responsibility, you should be asked on the last Day, Judgment Day, what you did through all your life', they said: 'How it can be?' The prophets told them: 'After your life it should be', and they ask: 'How? Our bodies are going to be dust. How you say we come back to be as before and that a Judgment Day is coming? We cannot understand and reach satisfaction with what you say. Give us a proof.' That is what they say up today: 'Bring those, who passed away to come for us to see them, and then we may believe.' They want to see and then believe. But not everything is going to be in our sight to be seen. If we ask them: 'Do you believe in atoms?' They say: 'Yes. Do you believe in the existence of atoms?' I may say: 'No, because when we say that there is a Creator you say: Show me so I may believe. Now you ask me if I believe in the existence of atoms. Why? Show me, so I may believe.' Same mentality. If he may say: 'I can't, because it is so small that it cannot be through our sight, we can't catch it to see it', I may say: 'Our Lord also, He is so great that it is impossible to get in our sight.' But yet they insist to say: 'No'. And when they say: 'No', they remain in the darkness of their physical being, and the material world is going to grind them and finish them.

So many things we accept only through our minds and mentalities; not everything we are reaching. Through knowledge we may understand, and we are not able to ask: How prepared, how was before, how it can be? No, we say: Yes. And heavenly knowledge is coming to us through prophets- no discussion on it. No one can do any discussion on Holy Books; they are over our level, never belonging to earth, but coming from Heavens. And the Lord of Heavens is asking from you to believe only without discussion...

Therefore 'Muslim' means someone who accepts without discussion on their realities. Because our understanding level is so low for reaching to that level. If we use our spiritual power we may reach the first level of understanding. Under it we must say: 'Yes', like a small one beginning to recite Holy Quran. He must

say: 'Bismillahi-r-Rahmani-r-Rahim, Alif, Ba, Ta, Tha...' and he must believe that this is Alif without knowing if it is real or not. When he reaches to join letters and meanings of words come, then he understands that really this was Alif, Lam, Mim...

Therefore- the principles of beliefs just come from Heavens to people. You must say: 'I believe in God, His Existence and His Unity and in the existence of angels, of the Holy Books, the Prophets, Hells and Paradises, and that a Last Day is coming and a Judgment Day' without bargaining on it; no discussion, because your mentality can't reach to that point. But the people now are the same like the tribes in our Prophet's time that were objecting on the Prophet and said: 'We don't believe in your prophecy. If the Lord of Heavens is asking to send us a prophet, He must send us an angel. You are like us.' And the Prophet is not like ordinary people. His out looking was like a man, but his inner real being belonged to Heavens, only, he had been dressed the out looking of a man. If not- an angel can't do anything with mankind. Therefore Allah Almighty sent prophets from mankind for understanding them. He understand men and men may understand from him. But angels don't understand the real position of man, because they are a different creation.

We are in difficult days, as before. But from the beginning of life on earth with Adam and Hawa, Eve, that separation began to be there believers and unbelievers. And time by time ???? the believers were taking the power through the Ummah and defeated the unbelievers. Now it is a pity for believers that we live in a time that the whole world is against believers, thinking that their technology is more powerful than our belief in Him, Almighty, and that from our weakness we fear their weapons. No! But it is a big loss for believers. To believe in God or the principles of Heavens now, in our days, gives us big honour on Judgment Day. Because we are defending the prophets and the heavenly principles of faith, and Allah grants us a high honour that wasn't granted to people of past times. You must be thankful to Allah Almighty that you believe!

And now so many believers also run to the ways of western people, asking to be 'modern Muslims' or 'westernised Muslims'. There can't be a 'westernised Muslim'. It is Batil, false. 'Westernised Islam' means to be Christian. And Christians are all on false, Batil. If you like to be in safety here and hereafter keep that main road. If you don't ask and you are happy to follow your ego and to be its servant- you are free. But death is looking after you. Never leaving unbelievers at any time. Death, they say, is like a dog following a stranger. If a dog knows a man is not from his people, he may bark or not, but he follows him, and suddenly he bites him. But you can't know. Mostly dogs bark and bite, but some follow silently and any time may bite you... Death

follows everyone silently... You can't know which time may catch you... No safety. Young people say: 'Old people must look after death, we are so young.' No. Or rich people. They can't say: 'We are rich, death may come to poor people only.' Learned people- they can't say: 'No fear for us, because we are learned, but may be fear for illiterate people.' A General- he can't say: 'We have so many stars, swords, eagles, crowns on us, and here it is full with medals. When the angel of death sees us, he may fear from us, because we are Commander-in-Chief, under us may march 1oo.ooo's or millions of armies. We are so powerful.' No! No safety for anyone. Anytime may catch!

Beware of Shaitan! People write: Beware of dogs. They don't write: Beware of Shaitan, because 21st century's people are his friends. They are very friendly with him, saying: 'O my friend, my holy friend.' Not their girl-friend or boy-friend, but Shaitan is the holy friend of 21st century's people. They say: 'O, to be with you- you are so holy. We taste the sweetness of life with you, o our holy friend. If you are not in existence, what we can do?' Everyone is making Shaitan his holy friend. 21st century's people say: 'There is only one holy one, only Shaitan is holy, no one else is known on earth. The holy one of the 21st century is Iblis- our holy friend. We are proud to be with you!' 'Now it is the time for me', Shaitan says. He is happy when I say: Sheikh is tired...

Protect us, o Allah, from the evil of Shaitan, and don't leave us to our ego, because Shaitan is partner for our ego...We must ask forgiveness from Allah Almighty and His blessings also for the honour of the most honoured servant of Allah Almighty Sayidinna Muhammad, salallahu alayhi wasallim.

**Believe in the power of Islam! OR: We are following selected ones**

As-salamu alaikum! Welcome to you, ahlan wa sahlan. Destur, ya Sultanu-l Awliya, Meded, aiduna, ya Rijalallah Sahibu-l Imdad. Maal fukara wa duafa, asbana diara fi sahratin la naliku sharkan aw gharban, shimalan aw dunuban, dullana khaira dalil, ya Rijalallah (?).

A'udhu bi-llahi mina sh-shaitani rajim, Bismillahi r-Rahmani r-Rahim. Ya Rabbana, ya Rabbi-ghfir wa-rham wa Anta khairu Rahimin. Ya Latifan, lam tazzal, ultuf bina fima nazal. Innaka Latifan lam tazal. Bi lutfika awadtana, ya Rabbi, amin khaufana, ya Rabbi, amin khaufana, fa-fuanna, ya Karim.
And we are saying: A'udhu bi-llahi mina sh-shaitani rajim, Bismillahi r-Rahmani r-Rahim.

To speak is so easy; everyone is speaking. I am looking (that) everyone is speaking, but to listen (to) what he is hearing, that is important! That is important. Therefore I am asking humbly as a weak servant of my Lord Allah Almighty to make me and you "mina-l ladhina yastabiuna kaulan fa tabiuna ahsana " (?)... wa yakul: Bismillahi r-Rahmani r-Rahim, la haula wa la quwwata illa bi-llahi-l 'Aliyi-l 'Adhim.

It is a short speech, sohbet, association, because the Imam Shahu Naqshiband, (the) Imam of (the) most high Naqshbandi Order, he was always saying: "Tariqtuna as-sohba wa khairu fi jamiat." Therefore, we are following those selected ones. Selected ones, not elected ones! Selection is better than election, but people (are) running after elections and (they are) bringing one (person) dirty more

than others. Selection; that selection (is) coming from Heavens, election (is) coming from people. And people now they are following the way of election that that is the way of Shaitan. (It is) shaitanic teachings, election; no power, no honour for them, but selected ones, they have power and honour and heavenly Support. If you are following them, you may reach heavenly Support also. Therefore (the) Prophet was saying pbuh: “Ma ghaliban min ummati min 12.ooo alf min kullatin (?).” Kalamun adhim; it is a big word that the Seal of Prophets S.Muhammad sws (is) teaching mankind. (He is) teaching mankind and saying: “Oh people, 12.000 from my Ummah, from my nation, anywhere they are asking to fight for Non-Muslims or unbelievers, they (are) never going to be not victorious. Always (they will be) victorious.” Don’t say that 12.000 of Mu’mins (are) going to be winned, no! Because 12.000 people, (even) if (there are) coming on them 12 billion people, (it) doesn’t matter. 12.000 (are) going to destroy them, to make them away, because 12.000 they are holding and making up the Alemu-l Islam, (the) heavenly Flag, (the) holy Flag of Heavens. Allah Almighty (is) never leaving His holy Flag to fall down! But Muslims, where they are? (The) Muslim world, they are asking to eat each other, to kill each other, to destroy each other, because they are following elections. They are not asking selected ones. What you are electing? (People) like you. We are not in need (of) people like ourselves, no. (There) must be someones selected from Heavens and supported from Heavens, (someones that) heavenly Powers (are) coming to them and destroying everything. Don’t worry from their missiles, nuclear-muclear! But we are getting weaker, weaker. Technology (is) frightening Muslims and (the) Muslim World; they are saying: “Oh, Non-Muslims, they have such-and-such a powers.” Therefore they are trembling. Why? Allah (is) giving to you such a power, (that), if one of (the) weak ones from (the) Ashabu Nawba - those people whom they are looking for (after the) Ummah, not to touch them any ‘asa’, harm, they are looking - (even) if (there are) coming 7o missiles on a place, they may do like this... finished! Or, before they are making it fire, (they are) taking its heads, nuclear heads; taking and (it is) making bummm... “Oh, (it is) nothing doing, this (bomb)! What

is (happening)?" "Someone stole it." One Jinn (is) enough to take away (the) whole heads of their nuclear bombs. One Jinn! One Order! No need Awliya. Awliya may change this world from East to West, from North to South! They are not using such a power, but one Jinn may take (the nuclear heads) by an order from their commander in chief from Awliyas, and take all of them from everywhere and let them to fight. When they are making like this, like that... "What happened?" Believe! Believe in Islam! Believe in His beloved and most honoured glorious Rasul, (the) Prophet for the Lord of Heavens! (Of the) known Heavens and (of the) unknown Heavens, (of the) counted Heavens (and the) countless Heavens! (There is) no any limit for His territory, (the) divinely Territory. No limits, no one (is) knowing (any limit)! Believe in Islam, you should be up. (If you are) not believing, (you) should be under (unbelievers') feet.

And we are coming to a limit that Allah Almighty left unbelievers to move, to move (and) to do something. To do something, and they were thinking that they are (the) most powerful ones. Most powerful ones? Eh. Ghalatu-l namla, an ant (was) speaking and warning. One ant. What about one Wali, one Saint, one holy one, one beloved one in (the) divinely Presence or (the) holy Presence of Rasulullah sws? What he can do? He can to everything! But Allah Almighty (is) leaving them (the unbelievers) to do everything and to know, to think on something that they may reach that result what we are saying.

Allah Almighty (has) endless Power Ocean, endless Power Oceans. That He Almighty (is) saying:"I am ordering an ant to inform and warn (the ants in) one valley. One valley, (in) that valley of ants, to take their care, not to reach them any harm from the horses of S.Suleiman - pbuh and upon of our most beloved, most honoured Prophet in (the) divinely Presence.

O people, look what heavenly Orders (are) sending you through His Prophets. Follow Prophets, don't fear. Don't fear. He may, (the) Almighty may protect you or He may shelter you anywhere, (so that) nothing (is) touching you here or

Hereafter.

Try to be Muslims, try to understand Islam, try to understand the power of Islam. You must try to learn (about) the power of the Seal of Prophets. The Seal of Prophets, every creature that created... Allah Almighty (is) saying to His beloved one: “O My beloved one, o My most glorified servant, o Muhammad. For your honour I am created and creating. Say to your Ummah ‘Don’t fear’, but say to them to follow you. If anyone (is) following you, they should be under shelter. Shelter. Don’t run after Dunya, no, but try to fulfil (the) holy Orders of Heavens to you.”

What about if Allah Almighty (is) warning? (He was) warning ants through a huge valley with one weak ant - what about for his believers? Do you think that He is not able to warn and to make them to take their cares to keep themselves against those unbelievers? They are saying ‘toys’- that (the nuclear weapons) is toys. (Allah) may send, not sending one ant (even), but (He) may send a (creature that) those unbelievers (are) saying for some small creatures ‘virus’. Virus. (Allah is) ordering one regiment of virus: “Reach and make their missiles not to work.” And they may say: “What happened?” Someone (is) saying: “(A) virus (was) just entering in it, therefore we can’t do anything!” I am saying: You must catch that virus and to put poison on their mouth and kill them (and) you should be in safety.

Allah Almighty never needs to use big powers, no, (a) virus (is) enough. One virus may kill from East to West billions of people through three days, through two days, through one day, through one hour, through one minute, through one second. He may kill everything with a very, very, very, very weak virus. May kill and their weapons (are) sleeping there...

O people, believe (in) the power of the Seal of Prophets, what he had been granted by his Lord Almighty Allah and trust him. Believe and trust, give your

100 % trust for your beloved Rasul, you should be in safety here and Hereafter, through your graveyard, through the Day of Resurrection and through (the Day of Judgment,) when Allah Almighty (is) calling people for their court cases, to look after what they did or (what they are) not doing.

O people, come and listen! Come and obey, (so) that Allah makes you in safety here, through this life, (and) through your graveyard, through the Yaumu-l Mahshar, that He is making His divinely Judgment for His servants. Beware (of) Shaitan; Shaitan (is) asking to carry you, as he should be carried, to Hells.
O people, follow Prophets and their ways to Jannatu-l Firdaus. Don't follow Shaitan, its way is ways toward Hells.

May Allah forgive us, may Allah bless you. For the honour of the most honoured one in His divine Presence. Bi jahihi, ya Rabbi, irhamna, bi jahi man arsalta alayhi Suratu-l Fatiha. As-salamu alaikum!

## Believers listen to Allah and obey Him

O believers, listen to Allah and obey Him, it means safety and peace for you. If not, Allah will leave you alone. There is an Ayat in the Quran that says: 'If Allah opens the doors to His mercy, there is no one who could close them, and if He closes the doors to His mercy, there is no one who could open them.' Now it is snowing so much (in Turkey) that they can't open the doors of their own houses to get out. He is Allah, the Owner of His creation, Who does, what He wants. And all money of the world cannot open the doors.

People here have become strange. Long time there was no rain; now it rains so much that they fear to be swept away into the sea. We say the rain is a mercy. If you say this, it will be mercy for you. If you say it is lanet, or bela, or dhulm, it will be curse, bela and dhulm for you. I am saying: Alhamdulillah, it is raining mercy on us. Man is looking to everything in a wrong way. They are not realizing, that everything goes according to Allah's Will. How they are seeing Allah? As a blind and deaf statue, whose hands and feet are tied? Or like someone who is only governing the Heavens and you are

governing the earth?

Allah leaves man for a certain time. It was like this with Nimrod, who claimed to be God on earth. Allah said to Ibrahim: 'Invite and call him to be My servant, not to say that he is God. My anger is tremendous. He must make Sajdah, or I will deal with him, as I want.' Nimrod wanted to burn Ibrahim, because of his belief in Allah. One match is enough to burn a person, but he made all the people collect wood, telling them that with their contribution to the fire they will gain honour, because they are defending their Gods against Ibrahim. And the fire was so big, that it was seen from Basra up to Damascus, and that is a distance of 4o days. But by whose order is fire burning, water flooding, a knife cutting, a bird flying? They will see! They threw Ibrahim into the fire and Gibrail a.s. came to him and asked: 'I am ready, do you need anything from me?' Ibrahim said: 'No, I don't need anything from you. My Lord is seeing me.' 'So ask from Him.' 'No', said Ibrahim, 'He knows about me.' Then Allah ordered the fire: 'O fire, be cool for Ibrahim and turn into a rose-garden!'

That is Allah! You must believe in Him! There is nothing more beautiful than to believe. But disbelief burns yourself and those around you. With every day of their life passing, unbelievers get more and more sad, but believers are looking forward to their meeting with Allah day by day.

Without Allah's order the fire could not burn Ibrahim, the flood could not drown Noah, and the knife of Ibrahim couldn't cut the throat of his son Ismail. The knife said: 'I am cutting but the order of my Lord.' And it was so sharp that it cut a rock. Allah is Khaliq, the Creator, He is giving the orders. He does, what He wants. No power can oppose Him; no one can prevent His Mercy or force Him to send it.

This year Allah opened a lot of doors to His Mercy. Who is sending that

snow? Who is making it to move in the clouds above- millions of tons of ice water? Such a weight- if it was to fall down, it would make everything flat.Believe in His Power, respect Him!

He is giving chance to people, but He will take His revenge from the dhalims. You will see.

O believers, look after yourself and turn to Him, respect Him, and be with His friends. Ya Allah, hidayat, guidance, is from You. Let us say Taubah and Istighfar, that He may send His servants to guide us.

**Be like Stars in the Sky!**

*Q: Sheik Nazim, you are devoting a lot of time dealing with the Ottoman Empire, could you please explain the significance of this?*

The Ottoman Empire was the longest continuous Islamic empire. It lasted for about 7 centuries and was carrying the flag of Islam. Every Muslim should know that the Ottoman Empire was the most important state established after the Sahabas. They were living according to the Sharia of Islam, according to the Holy Rules, and they were serving the most holy places: Mecca and Medina. Until today the Caliphate is in their hands until Mehdi comes. He will then be the Caliph, the Deputy of Allah on earth. Whoever embraces Islam should know theses things and ask Allah to give them their right of having a caliph officially back to rule this world in His Name, following His Orders.

*Q: How would that effect the governments?*

It will have the greatest effect, the flag of Islam will be above any other flag. The Caliph will rule over all the other sultans.

*Q: There are other sects in Islam, how can you say that the Naqshibandis represent the highest mystical level?*

There really only should be one sect on the true path, the others are practising some different ways according to their opinions. A Muslim should follow that which Sayyidina Muhammad* brought us from Allah, which is what we are trying to do.

*Q: Your way of teaching Islam seems to please many Westerners because you teach them in degrees, step*

*by step.*

In the beginning I only expect those who come to Islam to accept the unity of Allah and His Last Messenger Sayyidina Muhammad*. When they have understood this and their hearts are content with it, they themselves want to know more about our forms of worship and how to serve our Lord. When they ask for that, we give them one practice after the next, from the very simplest to more complex forms. This will lead them to contentment and to the sincere service of their Lord. Just like a teacher starts off by teaching children in the kindergarten where they are free. They are there in the beginning to get accustomed to being far away from their homes and to get familiar with the school. They will then be taught step by step until higher education. Allah did not send Islam within one day or night. No! He sent the Sharia, the Holy Rules, within a period of 23 years. That is why we will not tell someone who has just come into Islam to do everything at once. They would not be able to carry it. It is enough that they just start off by accepting that there is only one God and that Muhammad* is His servant.

*Q: You have several centres in England and you have been coming here for the last 22 years. What is the significance of this? Does it have anything to do with the fact that the Royal Family are direct descendants of the Prophet Muhammad*?*

When I came to London for the first time 22 years ago, I lived in a basement alone. I was giving my life for the pleasure of Allah. The Lord of Heavens made me firm and then took me from that basement. He has now given me this magnificent old convent. My Lord was happy with me. That is why He gave me this centre in London, in this glorious city which has belonged to Kings and Emperors of Great Britain whose ancestral lineage reach all the way to Sayyidina Muhammad*.

Q: The media in the US are very occupied with the British Royal Family. What is your opinion on who will be King in England in future?

His Royal Highness Prince Charles will be King of Great Britain and of America in the 21st century. He will be a king with full authority, not like his mother, Her Majesty Queen Elizabeth.

*Q: Is there any message you would like to give to the American people, considering all the evil and sin which is in America at the time?*

Look after yourself by having a strong base. If you want to live happily and peacefully in America, be a good servant of the Lord, clean in yourself and around yourself. Like that you will enlightened where-ever you are. It is not necessary for you to all come to one place. Enlightened people are like stars in a dark night. Do you think that if we collect all stars in one place the sky would still be beautiful? It would be an ugly vision. We want enlightened, just, respected, respectful, learned and compassionate people to be everywhere, so that the US will be the most brilliant state from the east to the west.

*Q: There are many Muslim groups in the US that separate the races... Should Muslims unite?*

That comes from ignorance, to make separations of people according to the way they look, to deal with people according to their race and form. No! The Lord of Heavens created so many kinds. He created one man and one woman. Then came all the nations and races; red-ones, green-ones, yellow-ones... He can make all kinds. We must be happy with ourselves. To reject any colour is to be against the Will of Allah. He could have created everyone in one colour, but He did this according to Divine Wisdom. So what can we say? We welcome anyone of mankind. It is so foolish and so full of ignorance to create a reason of separation because of colour and to take any kind of superiority from it. The only way to distinguish people is through their behaviour. I do not accept anyone to say what they are, until they come to the Divine Presence. There we will have scales. The angels will make a check-up with everyone to see if they are good or bad. Don't ever claim that you are this or that! You will not be able to tell until you reach the Divine Presence. Then it will be clear who is a good servant. If you are a bad servant, you will be taken away. No-one will ask about your colour. The only thing that will matter are your deeds, your character, in which way you have been worshipping and how much respect you have been showing. Only that will be valuable. Your colour, weight, family or anything else that belongs to this life, will not be important, only your sincerity, the way you have been serving the Lord and your dealings with other creatures.

*Q: How important are women in Islam? How important is marriage? How should men respect women?*

I use the word lady, not woman, which is why I was happy that they used to write 'Ladies' and 'Gentlemen' on the toilets here in England. Then when the labour government came, the toilets got the signs 'men' and 'women'. The respect was gone. In Islam we use the word 'lady', because our mothers are ladies as well as our wives, aunts and daughters. We want them to be called 'ladies' and they should call their husbands

'gentlemen'. But in this 20th century this usually does not happen, people have no more respect. Without respect there can be no peace within the family. Our wives are ladies, queens in our homes. That is the order of Islam. The ladies must respect their husband as their king, in the same way a queen respects her king when he comes. That is real Islam. But now we are living in a time when all these good manners have been lost and people are doing their worst to each others. You must be respectful towards your wife and never do anything before you have consulted with her. It then belongs to the good manner of the wife to say, "As you like!" May Allah forgive us and grant us from His Mercy Oceans by sending us his sincere servant to collect people on this true way.

I also have a message for the African-American people: our Prophet* used to love the dark coloured people, especially Bilal, who was a commander of his army. So we love them very much too. In our countries there are so many African people who have settled there after coming back from Hijas. Since my childhood I have been living with them, therefore I like them very much. They are sincere people and they have been given some characteristics which other races haven't. The are the sons of Ham, may Allah put them under the flag of Islam forever. They will increase in America and my advice to them is not to get angry quickly and not to give in. They are humble and simple in their hearts. They cannot be proud, that is why satan always runs after them to make them angry with people. Don't think bad thoughts about others and be happy with your colour, your faith, your Lord and your prophets*.

**Be the Lord's Deputies!**

(Mawlana Shaykh stands.)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Alah, Allah Allah, Sultaan Allah.
Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. (Mawlana Shaykh sits.)

Madad yaa Saahibu `l-Imdaad. We are saying, as-salaamu `alaykum yaa rijaalAllah amiduna bi madadikum, please give Your servant Your heavenly attention and support. O our master, Sultanu 'l-Awliyaa! We are humbly asking for your support for this address, and you are responsible for making listeners understand something.

As-salaamu `alaykum yaa `ibaadAllah! As-salaamu `alaykum our attenders! Don't ask for any other honor after being accepted in the Heavenly Presence of the Lord of Heavens, Who is saying, "O My servant, servanthood is the highest honor that may reach anyone on this planet, or anywhere else. No other honor you may imagine is like that of being accepted as My servant, to be said to you in the Divine Presence, 'O My servant!'" If our Lord says, "O My servant," what more can you ask?!

O foolish ones, O no-mind ones, O followers of Shaytan! What are you asking from honor in this life? It is a very short time on this planet, what are you asking? They must be total fools who are running after worldly honors. What is that? They are living today, but tomorrow they will say, "That fulaan just passed away."
"To where?" you may ask.
"He passed away to an unknown territory. We are taking his dead body and burying it in the Earth, but beyond that we know nothing. Are heavenly ones that belong to the Presence of the Lord of Heavens? We heard of them but have never seen them."

Therefore, we say there are two worlds and two different beings for Mankind: that of dunya, this worldly life, and that being which is suitable for the Life after this, because we do not even know how we came to be on this planet. How did we come here? Our beginning is from one cell. We don't know anything and then we developed into "someone." We see ourselves and we never remember the first step of our creation. No one knows. That world which they call, "wombs of the mothers" is a complete `alam, not a world, but an unknown place. We never remember it. It is a private world in which the first stone of our creation is laid, then in that world we reach a time when we are going to be taken out, then we pass from our mother's wombs to the outside world, this dunya.

Who carries us outside? Who put you in the womb of your mother? That One orders, "Get out now!" and you come, and we never remember anything about that station, we remember nothing! And we come out for one hour, one day, one week, one year, ten years, twelve years, forty years, fifty, sixty, seventy, eighty, ninety, one-hundred years, we may be here and yet we do not remember our first step on this world. Who is doing that? It is unknown! And we must use our belief, we must believe in something! At least we must say, "I wasn't in existence, but now I am in existence. And I was in my mother's womb so happy and trouble-free! Then after coming out, day by day I was coming to sinn al-bulugh, the age of maturity, and my understanding changed, began to get wider, wider, wider until I reached maturity." Then when we reach maturity, we ask, "What happened? What changed from me? Who is changing me from childhood to maturity?" And they do not know what happens in themselves.

But ignorant people, Shaytan's students, are trying to make people deny that Who arranged our Creation, arranged that from one cell comes a man!!! Then they begin to look at the life of Man on this planet and step

by step they make more experiments, and they gather knowledge and understanding. But all of this is about our material beings, and then our mentality begins to open and people on that step, step to the next, and then there comes to light another step, and another, and another step. And on that step they begin to ask to learn something about their creation, about the beginning of their existence. How was it? And there people are coming face-to-face with some unseen beings, and with the ugliest face (of Shaytan), but people think that face is the most perfect face. They think that one's ideas are the most important key for learning about our beginning and for giving us some ideas about how we are living and coming to an end. But those opinions are against reality and they are the opinions of the worst creatures. Those opinions cause people in the age of maturity to lose their intellects, to lose their maturity and their real being.

And the negative one that is against all beliefs is trying to lead young people to step on wrong steps, to make them follow the wrong way, on the wrong steps. Therefore, the Lord of Heavens is sending some heavenly beings who may speak to the real beings of Mankind against the negative power that is representing baatil, falsehood. People are falling in doubt, and they are planting doubts in the minds of Mankind. They are trying to save themselves, but they can't. And they are coming face-to-face, looking here, looking there, and they are seeing something from reality, then they look there and Shaytan makes another show for them. This is a terrible and very dangerous time for people to follow right thinking and to walk on the right steps!

That argument began, between "positive knowledge" (a western philosophy) and "negative knowledge." (In fact) it is not knowledge, but falsehood, and negative falsehood is representing Shaytan, who is trying to give them wrong tawjeeh, direction. Therefore, people now in our days are jidaal, arguing. They reached to a point from falsehood that they are saying, "Nothing will come beyond our lives now." This means that person is just finished, just finished!!! And Shaytan is urging the new generation to fill themselves with falsehood and dirty thoughts, and to go in the dirtiest directions. He is making people follow the wrong way, so that once they have put their foot there, it is so difficult to take it back. That is so terrible for humanity!

This time we are in, everywhere you look, even in the Islamic world, we see that they are running after such foolish ideas, dirty intentions, falsehood and goals, making people to take away haraka, efforts, their humanity. And they are standing up very dirty and perhaps dressed in the wildest form and they are like beasts. They are asking to take away everything on Earth, to finish everything on this planet! That is their first aim, to destroy humanity. Mankind is fighting. For what are they fighting? To destroy humanity. And

any one person from Mankind is much more valuable than this whole world. But Shaytan is making Man to destroy all Mankind. Man is now in the hands of Shaytan, who wants to destroy humanity as it gives people an honor, and shaytanic people are asking to destroy this humanity. When humanity goes away, people are going to be like beasts, very terrible. And everywhere we look now, people are killing and they are thirsty to kill people. No government can stop them, because governments are also wearing the dress of beasts. They are happy to divide people into two parts, into different parties to kill each other. That is the peak of oppression on this planet. Now all nations are trying to destroy humanity because they are dressed in the dress of beasts. That is shaytanic teaching, to make people say, "Kill, don't care! Kill them!! Small ones, big ones, old ones, young ones, kill them!"

And now 21st-century people are thirsty for drinking the blood of Mankind! Laa ilaaha illa-Llah. O our Lord! Therefore, people now are running away from spirituality, running away from heavenly declarations, saying, "We are not believing, we are refusing and throwing it away! We must be as our master says!"
"Who is your master?"
"Shaytan!"

That is terrible, and everywhere. Therefore, some heavenly warnings are also coming and the Lord of Heavens is saying to address people, and say, "Look, O people, I can do everything, don't be encouraged to pass My limits that I set for you. If you are passing My limits, I may send on you My heavenly shi`dat, punishment for taking you away. Don't think the volcano that erupted in Iceland was an accident; I have kept it, but now I am letting it erupt. And beware! I may do that anywhere in unexpected places and then you may say, 'There was never a volcano seen here before!'"

Beware of heavenly anger. That is the sign of heavenly anger, because people are running to destroy humanity and the Lord of Heavens is not happy. May Allah forgive us.

O People! O Attenders! You are trying by elections to put some people and they are against someone else, which makes the whole world burn. Everywhere a new volcano may open and then you may fall in such a position that your minds will never work, your understanding will never give you an answer, and your experience will not help you. Until you are leaving tabiy`at, beast's characteristics, that dangerous order may come everywhere, so there will remain only a handful and most of humanity is going to be taken away!

O Listeners! O Our Attenders! Come and listen and keep yourself away from being beasts. Change your character from beastly to human! May Allah forgive us.

O People! I am sorry there was no time for addressing our Salafi us-Saalih `ulamas or Egyptian `ulamas, because they know what we are saying, and we are only reminding you. Come to leave bad characteristics and come to good characteristics, leave beasts' characteristics and come to reality. Ask forgiveness and teach people to be deputies of the Lord of Heavens. Astaghfirullah.

Fatihah.

Yaa Rabb.

(Mawlana Shaykh sings.)

Dome, dome, dome, dome 8x

This gives farraah, enjoyment to our souls. If you are not accepting this, the worst things are coming, taking away people! Say, astaghfirullah.

Fatihah.

(40 minutes) Forty, that is OK.

## Be Merciful to all Creation

Dastoor yaa Sayyidee, madad. (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahuma salli `ala Sayyidina Muhammad wa `ala aalihi wa sahbihi ajma`eena wa `ala sa'ir al-anbiya wa 'l-mursaleen.....wa salaamu `alaykum yaa ....(unclear) A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Subhaan Sen, yaa Rabb! Sultan Sen, yaa Rabb! ... (Mawlana Shaykh sits)

Allah, Allah. As-salaamu `alaykum, our attenders! To receive salaam, salutes and blessings from Heavens, is the biggest chance for a person. We our asking our Creator, the Lord of Heavens, to send His blessings to us as we are very weak ones both physically and in faith. Our beliefs are not enough to save us, and if Allah Almighty's beloved servants do not take our hands we can't save ourselves!

This is the first week of Sha`ban Mu`azhzham from the holy months Rajab, Sha`ban, and Ramadan. This past Jumu`ah night (Saturday) was the first of Sha`ban Mu`azhzham, which is honored by the Lord of Heavens, Who gave Sha`ban to His most beloved servant, Sayyidina Rasoolullah (s)! Tonight is going to be the first, second or third of Sha`ban Muazzam and this coming Saturday night will be half of the month, the 15th Sha`ban Mu`azhzham. In Sha`ban Mu`azhzham there is such an honored night, Laylatu 'l-Bara`ah, which after Laylat ul-Qadr is perhaps the most honored night. We are asking from Allah Almighty to send His blessings to all of us and to send His forgiveness for all people! Those who receive those blessings will be the happiest ones here and Hereafter.

O People! Ask, as our lives are running. Just this morning a new baby was born and his breathes are going to be counted: one, ten, one-hundred, one-thousand, one-million, or one-billion. However much is written for

that baby is mentioned, and everyone must complete what is written for them and when it is finished, no one can increase it. If our breathing is going to be a million times or ten-million times, that is fixed, and when it ends our being on this planet is finished and we must be taken away.

O People! We don't know if now, today or up to the next Jumu`ah, who is going to live and who is going die. He knows, and we are asking to be forgiven for the honor of that night, and beyond forgiveness, we are asking Allah Almighty for His blessings.

O People! Come and listen to what is going to be, as it is from heavenly news opening only to prophets, as the Seal of Prophets, Sayyidina Muhammad (s) (Mawlana Shaykh stands and sits) informed his nation, "You are reaching the end of life in dunya, so think on it." Before, no one was on this planet and after one-hundred years no one is going to be on this planet, perhaps it will end. When the end comes every living one must be taken away to heavenly places. Heaven is not like our world, it is different. Therefore, come and listen to the holy orders of the Lord of Heavens! It will be good for you here and Hereafter.

Don't be from Shaytan's people and their followers, who puts so many traps for Mankind; beware of the traps. Try to make your face shining in the Divinely Presence. That shining reaches all Mankind, even if their colors are different. Shining is a grant from Heavens that will be radiant on their faces. We must ask, "O our Lord! Make our faces shining!" We are not using a battery for that shining on your face, no! The shining face is from prophets who informed all nations that what we need is from Heavens.

That shining is not the same as some people have on their physical beings, no. We are asking that after our death there comes to us a heavenly shining, because you cannot use lamps to brighten your grave! We are asking for radiance from Heavens, as the holy prophets taught people how their faces and bodies are will shine. Try to reach that shining!

O People! In this month there will be a night that, after the Night of Power, Laylat ul-Qadr, is the holiest night. After half of Sha`ban is complete there is going to be the holiest, most precious, and most heavenly shining night! Try to reach next the Jumu`ah that joins to Saturday night (Friday night at Maghrib), to be awakened and to ask our Lord to make our last day a shining and most happiest day for us! People cry when someone dies, but a new opening comes to them, and they will find two doors: one takes you directly to Heavens and the second takes you directly to black holes. No one knows now what is the reality of a black

hole and I am asking scholars, what do you think? Why is it black and not blue, green, red, or purple? What is the reason? The reality of those black holes are going to be well known during our last breath.

We may be taken high up to an enlightened territory, and some people may be taken down to black holes. No one knows where they are going but everyone may understand and may know that the black holes are not a good place. A good place is to reach heavenly lights. Why are you not trying to reach heavenly lights, where we will be so happy, filled with the most enjoyful shining, and our body changed into lights? And yet you may be changed into light but your personality and feelings are going to be in the most perfect position for reaching heavenly Enlightened Dominions!

O People! Day-by-day we are approaching (those two doors), so look to where you are going to be taken. Leave the enjoyments of this dirty life and try to reach heavenly Enlightened Dominions, to be happy. People now are drunk, thinking, "We have been created to kill each other." That is the biggest blame on people from Heavens, to indulge in killing others. We are mu`mins, and believers never give any trouble around themselves: that is the character of the perfect mu`min.

Previously, we had a saying for some people of good character, "That person never gives trouble to anyone, not even to ants." Now people are killing other people, and I ask them, have you been ordered by heavenly commands to kill each other and innocent ones? They think they are granted heavenly honor when they kill someone, but it is the opposite: they have been given the worst position from the shaytanic world, the command center of Shaytan and its followers! Shaytan is teaching Mankind how to kill each other, while all prophets delivered the message, "O People! Be peaceful and useful ones." That is the holy command from Heavens, but now some defy this command and they will never be good ones as they will never stop giving trouble and killing people. They claim, "We reached the top point of civilization." To them I say, you reached the top point of wildness!

The Lord of Heavens is saying, "O My servants! Be merciful to My creatures, not harmful." All prophets brought this message to all nations, saying, "O People! Be good and merciful to My creatures! Give to them your good favors, don't be from those who are always giving trouble and suffering to people and killing them!” Those who give suffering to people will be taken to the Fire and those who give their favors to people will be happy here and Hereafter and Allah Almighty will grant them a happy and Eternal life."

O People! Try to reach Eternity! Eternity is for everyone, but a good Eternity is for those who are doing their best for all Creation, and they will reach the best spiritual life in Unseen Worlds, in Allah Almighty's Dominions. If not, they will be taken and they will be punished. Al-jazaa bi jins al-`amal, "The reward reflects the deeds." All prophets' teaching to people is, "O People! What you are reaching from goodness or badness is according to your actions. If you are doing good, you may reach rich and good ones."

Allah Almighty is never making zhulm, oppression. Therefore, people now on Earth are trying to do their worst for everyone and very few people are asking to make goodness for others. Whoever is doing bad, their destination will be bad! That is the summary of all holy books, "O People! You will reach goodness from your goodness and if you oppress anyone or act badly, you will reach that place where you will always suffer and be in punishment."

O People! We don't know what our destination is, but it is easy to know the destination, just look at yourself. If you are good in your actions and thoughts then you must know you are from good ones. If you are thinking only to harm others and give them trouble, or to make them suffer, you must know that your last destination is going to be like that. The Old Testament, the New Testament, the Psalms and the Holy Qur'an are all sealed on the principle that whoever is good here is going to reach goodness forever, and the last destination of those whose dealings here are bad will be the worst life where they will be harmed and punished. This is a summary.

May Allah grant us from His endless Mercy Oceans that everyone is merciful to all Creation and not harmful. However, some do not think about showing goodness for others; rather their aim is to make people suffer. May Allah forgive us. Don't follow Shaytan, but go with the Seal of Prophets, Sayyidi 'l-Awwaleen wa ’l-Akhireen, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

Allah, Allah. Inshaa-Allah yuaththir `ala quloobina, "If Allah so wills, that will affect our hearts."

**My advice for all: Be patient and grateful!**

Alhamdulillah ‘ala dinu-l Islam wa ‘ala taufiqi-l Iman wa ‘ala hidayati Rahman.
Alhamdulillahi Rabbi’l ‘Alamien wa salat wa salamu ‘ala Rasulillah Sayyidina Muhammad,
Sayydi-l Awwalina wa-l Akhirin wa ‘ala alihi wa sahbihi ajmain...
Ya Allah, Anta-llah... ya Allah, Anta-llah... ya Allah, Anta-llah...
Hu Allah... Hu Allah... Hu Allah...
Subhan Allah, Sultan Allah!
Allahumma salli ‘ala Muhammadin wa ‘ala ali S.Muhammadin wa sallim... wa barik! Ya Allah...

As-salamu alaikum! Ahlan wa sahlan, welcome to you! We are all His servants. We are saying, as the sign of servanthood we are saying: Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.

Don’t trust on yourself, no, you may trust Allah! But it is difficult for you to reach a trust from Allah Almighty. You may trust (the) most beloved and most respectful and most glorified servant of Allah Almighty, who he is (the) representative of Allah Almighty. (There) must be a representative; if (there is) no representative, how we are reaching to Allah Almighty? Therefore He was putting and making His representative S.Muhammad sws wa sharam wa karam wa jamadu wa azam wa jallama wa jammal (?)...

He is Allah Almighty’s representative. If you are not knowing His representative, how you are going to know Allah? It is impossible, impossible! Therefore, secondly we must give our most respect to Allah Almighty’s representative and His deputy that (he is) mentioned through: La ilaha ill-Allah, Muhammadur Rasulullah sws.

You can't find anyone's name to be written in front of His holy Name: La ilaha ill-Allah and another name, but it is written: La ilaha ill-Allah, Muhammadun Rasulullah. Therefore you must try to reach His representative, (the) most beloved and most glorified one that his name (is) Muhammad- peace be upon him- that Allah Almighty (is) respecting him. What about you?

Why you are not giving your respect to that one, who was respected by his Lord, the Lord of Heavens, the Lord of (the) holy Throne, the Lord of Heavens and (the) whole creation? What is the reason? What is the reason that you are not giving your most high respect to (the) most glorified servant of Allah Almighty?

He never said that: "I am your Lord"; S.Muhammad sws, he never claimed that: "I am your Lord", (he was) only saying: "I am His servant and I am under His Command; what He is saying, I am trying to fulfil it"- Allah- jalla jalaluh.

You must try, o people, living on earth and eating every kind of pleasures, Allah Almighty's Favours, endless Favours to you. Why you are not giving that respect (to the one) who (is) just respected from pre-eternal up to eternal- S.Muhammad sws?

Now people just forget spirituality. People they (are) never interesting (in) their spirituality. All man just their interest (is) for their physical being, no more after that- finished. They are saying: "When our physical being (is) disappeared, we disappeared." Nothing else. That is shaitanic teaching for man!

And the creation (is) going on, (it is) continuous, never stopping; (it is) from pre-eternal up to eternal. And you must be happy and you must be much more interested (to learn) about yourself: how you are in existence, how mankind (was) just found on earth. Their existence (is) from outside or from earth, what do you think?

You are not thinking and people are asking not to think! Therefore they are drinking, drinking, drinking... till they are going to be drunk ones. When they are getting to be drunk ones- drunk ones (are) never knowing their right hand from (their) left hand. Perhaps people (are) carrying

that drunk person to his home and he may say: “(To) where I am coming? This is my home? No! I was in Buckingham Palace, (to) where you are bringing (me)?” (He was) dreaming, dreaming! When drinking, then dreaming... You are coming from Patagonia (?)... “I am in Buckingham Palace, bring me to my Palace!” No mind, finished!

And people now they never asking, from where they are coming. If you are asking, he is saying: “I am coming from Buckingham Palace and my Grandfather was King George the 5th and my grandmother was (?) living here...(to) where you are bringing me?” “This is your palace!” “Where it is? Written on it WC? Bringing me to WC?” “That is your palace. When you are coming, morning (?), you may find your palace...” Astaghfirullah al ‘Azim wa atoubu ilayh!

People (are) drunk, drunk, Shaitan (is) making them not to accept anything, except their physical pleasures, about their physical bodies. Beyond that they are never accepting, because they are fully drunk. Fully drunk! People they are good ones, if they are not drunk. When they are getting drunk, (they are) no more good ones, finished. Because wine (is) making to stop their minds.

And they are running to drink through Pubs, for what? To forget (the) heavy burden of their material beings. That (is) making them to drink, so that they may forget. But when they are coming to themselves, they are saying: “Oh, why I am here? I am that one that last night I was in Buckingham Palace, tonight you are bringing me to WC center?” “Yes, come, we are going to write on yourself that ‘WC center of Victorian Park in London’; you may sit on a chair and you may collect from people, when they are coming, taking (from) big ones 1 Pound... you should be up tonight as you like, tonight you may go to your Buckingham Palace. Now work here, nighttime we shall take you...”

That is mans targets: To be in palaces and to fulfil their physical enjoyment, nothing else. What is this! Animals world they are much more honourable than mankind now that they are living in sewages. Rats that they are living in sewages, yes! But they are not saying: “This is sewage and it is (a) dirty place”, no, they are saying: “Oh, (this is) so good” and (they are) fighting each other like rats through sewages, dirty channels. They are very happy and (they are)

fighting: “Why you are coming here? This (is) my territory! If (you are) not going back, I am biting you, till you are dying!” That rat (is) very angry (with the) second rat, escaping...

People they are mostly now, you may say whole mankind (is) fighting for sewages, dirty channels of this life, no more. And the Lord of Heavens (is) saying: “O mankind, I am not creating you to be and to live through sewages, dirty channels! I created you to be in honoured places; to be there, to be always honoured and you are running away to sewages, dirty channels?”

We must try to understand something or people should go to find their graveyards so dirty smelling, dirty place, that if a living one (was) just put in it for one minute, he may die! But it should be for him up to (the) Last Day.

O people, you are not created for Dunya, for sewages of dirty channels, no, you have been honoured by your creation that your Lord created you and honoured you to be (the) most honoured creature on earth (and) on Heavens! Try to reach that level! Try to reach (it) or you should find your graveyard in such a dirty channel that even (for) one second no one can be able to live in it!

You are welcome; you are servants of my Lord coming here and I am welcoming you, because I have been ordered to welcome His servants. I am trying, but mostly it is going to be difficult to make everyone (happy) and to speak to them separately. And it is so difficult to fulfil their wishes!

Yes, I am trying to meet one after one of my guests, but when I am calling: “Come!” “O Sheikh, we are leaving today. We like to meet you!” “Yes!” Coming and sitting and some of them (are) saying to me: “O Sheikh, give me an advice!” “Ya Hu, how many days you are here? No any advice, you are asking now advice from me? You were sleeping, when I was with people, trying to say something?” “Doesn’t matter, ya Sheikh, we are Pakistani people, why you are... We are democratical people, therefore we are trying to bring democracy to your mental house...” Ya Hu, mental house (is) never accepting democracy... S., here can be democracy in our place? In mental house you saw there is democracy? “Must be!” And

coming, others coming, particularly ladies, sitting and most speakers- after some nations that they have medal also for speaking- if they are beginning, from morning up to evening, from evening up to morning- (are) Pakistani people... Never ending and saying this and that, this and that... : “My family, my daughter, my son, my husband escaping...making me...” and I am saying: “Quickly finish this and get out! I am fed up from this! And you are bringing also whole garbage to here! I can’t sleep nighttime, because you are making so many things and (that is) injuring my heart and I can’t sleep...” In such a way! They are thinking that only they must speak. It can’t be.

When we are saying something here, you must keep it! It is enough for whole nations! Don’t come and to say to me for Dunya this or that, no, it is no good! Therefore 24 hours, it is not enough for me for answering people! Sometimes I am swearing, I am getting angry. When I am getting angry, they are very happy: “Making Sheikh to be angry...”

O people, speak and give (a) short report (of) that you are in need. If you are not finding (an answer) through our meetings, then you may ask. But our meeting it is enough, (here is) no need to ask. They are saying: “You must be patient or you must be thankful. Everyone living on earth- some of them must be thankful, some of them must be patient. (There is) no middle. If anything (is) disturbing you, try to be patient, till Allah Almighty (is) changing (it). And ask (for the) reason and (the) reason (is) what we are speaking on it now. Keep it! They are saying: ‘O people, try to be with Allah! You should be happy! Don’t be with Shaitan or with Dunya- you should be sad always!’ “

That is (the) summary. But people (are) asking this, asking that... I am saying: “Be with Allah!” “How I can be?” “Find those servants, whom they are always with their Lords divinely Presence. Look (to) them and take, what you are in need, then you may be with Allah. Don’t say (a) long conversation, no! You must be thankful or you must be patient!” May Allah forgive us!

We are trying to teach or train ourselves, how we can be able to safe ourselves from the hands of Shaitan and its deputy, our egos. Try and ask from Allah Almighty a support in front of

Shaitan and your ego, you should be happy here and Hereafter! O Allah, forgive us!

And you just think on it that you are in need (of) forgiveness (in) every moment! O our Lord, forgive us and grant us from endless Blessings to make You, o our Lord, pleased with us!

Try to make your Lord pleased with you! That is! Whole Prophets (were) calling people on that point: “O people, come and try to make your Lord pleased with you!” Nothing else! If your Lord (is) not going to be pleased with you, what is the benefit to have whole treasures of this world? Nothing!

May Allah forgive us and bless you. For the honour of the most honoured servant, (the) glorified servant of Allah Almighty, S.Muhammad sws, Fatiha.

## `Eid ul-Adha Suhbah

As-salaamu `alaykum wa rahmatullahi wa barakaatuh!
Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! 7x

The time for `Eid salaah has entered and we shall pray it. `Eid Mubarak to everyone!

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. We are reaching the last part of the life of Man in this dunya. I don't know if it will be this year or next year that big Signs of Qiyaamah will start.

We are, alhamdulillah, in peace here. Only people who run after Shaytan leave their Lord's servanthood. Therefore, day by day more difficult positions appear, which make Shaytan happy and make our Creator, Allah Almighty, unhappy and sorrowful about us.

O People! Run to Allah and to His Beloved Rasool (s) and you will be happy here and Hereafter! So many advices you listen to but do not follow. Most people are running after Shaytan, while Allah Almighty is saying:

•••••••••••• ••••••
w 'as-sulhu khayr. Peace is good for you. (an-Nisa, 4:128)

O Man! Don’t be be enemies; try to be brothers and sisters. I like peace for you.” However, Shaytan is saying, “No! Fight each other!” but up to what point? So many kings and jabaabira, tyrants, are killing now, and what happened for them? Nothing.

O People! I don't know when I am going. I hope to go with a brilliant face and with my heart full of imaan. Everyone must try to do this: ask to reach that station and be peaceful, as Allah Almighty loves peaceful servants and not those who quarrel and fight.

O People! Keep haqqullah, the rights of Allah Almighty, and the advice of the Holy Prophet (s). Try to keep the rights for everyone; even an ant has rights, so give everyone their rights. Don't say this or that, as you will leave and go, and the end of this life just approached. This may be my last advice for `Eid for everyone, He knows. Yaa Rasoolullah, intercede for us! Yaa Rasoolullah, send us that one who will allow us to give everyone's right and to destroy the tyrants; send us a sultan!

I’m entrusting all of you to Allah’s care. I am giving all of you to the Seal of Prophets (s) and to his followers, awliyaullah. I am asking them to send us Mahdi (a) who is going to give everyone’s rights fully. Pray for me and for all nations to adapt their ways the the ways of Heavens, not the ways of Hell!

May Allah forgive me and forgive you and send us (what we ask)!

He is al-Qaadir al-Muqtadir! But when you are doing something against His holy laws it brings trouble and crisis to Man, so come follow the holy orders of Heavens. Don’t say you want democracy, but keep Shari`atullah because Allah Almighty sent it and if you are asking for something else, Allah Almighty's heavenly anger will befall you!

O Nations! Keep yourself from east to west! May Allah forgive us, for the honor of His Beloved, the Seal of Prophets, Sayyidina Muhammad (s)!

Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd!

For the love of Prophet (s) and Allah (swt) we intend to pray Salaat al-`Eid al-Adha. You may follow the imaam in takbeers. We may pray inshaa-Allah.

(Takbeerat)

## Be Proud of Your Prophet and Your Religion!

(Mawlana Shaykh stands.) Dastoor yaa RijaalAllah. Allahu akbar, Allahu akbar, Allahu akbar. La ilaaha illa-Llah, La ilaaha illa-Llah, La ilaaha illa-Llah, La ilaaha illa-Llah Sayyidina wa Nabiyyina wa Mawlana Muhammadan `abduhu wa Habeebuhu wa Rasooluhu. Zidhu yaa Rabbee `izzan wa sharafan noorun wa surooran. (Mawlana Shaykh sits.)

As-salaamu `alaykum, O our precious attenders! Hear, listen and obey, and you must remember always that we are servants of the Lord of Heavens, that is the first lesson to be taught for everyone, from childhood up to the end of their lives. Countless thanks to our most beloved Prophet (s), and we are asking humbly from the Divinely Presence to be granted for our most beloved one that we are proud to be from his nation, the last of nations! Be proud of Sayyidina Muhammad (s)! (Mawlana Shaykh stands.) Daily, countless times, for his honor trumpets are sounding and angels are giving their high respects, and from Allah Almighty divinely grants are coming for Sayyidina Muhammad (s)! Be proud! (Mawlana Shaykh sits.)

O People! We must say a`oodhu billahi min ash-Shaytaani 'r-rajeem. Without that balance we are not coming on a perfect position. Sometimes heavenly powers (are coming in such a way that) I can't control myself until I am saying, a`oodhu billahi min ash-Shaytaani 'r-rajeem. I never drove a car, but I see that when a person is driving, they are controlling the car with the steering wheel and, if not, the car goes (out of control).

Therefore, it is a heavenly order, istaidhubillah min ash-Shaytani 'r-rajeem. Saying this brings people on their real positions, because always our egos are asking to show themselves as bigger; as much as possible they are trying to be proud ones and they are so small, one-and-a-half meters to two meters.

But our egos are listening to Shaytan, who is saying, "As much as possible you must show yourself as bigger. You may sit on the seat of sultans or ministers, or you may be chairman of a huge company, but sometimes you look in the mirror and a small one is saying, 'Bring that one, bring this one.' (You must know,) 'Yes, I am a very huge, a very important one, ha!'"

Shaytan is always putting his magic mirror in front of people. "Look you are such a big one, from up and down also. Hmmmm."
"Really? I am that one?"
"You are in doubt, O my so big friend, but you are never looking in a magic mirror? I am carrying a magic mirror, showing that you are filling from east to west!"
"I must use this time-by-time."
"No sir! You must use it always, because you are such a majestic one."

That is Shaytan's most important mission: to make people believe that they are gigantic ones with their clothes, their seats (titles), or their palaces. As much as possible you may build palaces, but you are only like a finger. Once I was taken to the top of the Eiffel Tower and when I was looking down, I saw people were like a finger. But that finger-sized man downstairs was looking up at the Eiffel Tower, saying, "I am higher than this one," because Shaytan is making them drunk! Therefore, it is an order that every time we must use, fas ista`eedhu billah min ash-Shaytani 'r-rajeem.

Tonight you are not ready, our Salafi `ulamas? Marhaban! You can't find a limit for `ilm, Earthly knowledge and knowledge for heavenly stages and levels. On which stage are our Salafi `ulamas, or on which station on Earth are you going to be? "O Shaykh, we have doctors from Sorbonne, Cambridge, Boston..." Or from WC (bathroom); not WC, Washington, D.C.! Because I am an old one, sometimes I am forgetting and saying, "WC." Don't ask; in my language I am swearing, don't worry, you are `alims, when you are getting angry you are swearing also. I am hearing; if He makes me to hear, I may hear.

O Salafi `ulamas! You must know for whom Man has been created. For what have they been granted such an honor? Are you knowing this? Say, for all people to know! I am not only asking Salafi `ulamas, I am asking His Holiness the Pope, His Holiness the Chief Rabbi, I am asking also Dalai Lama. (...) Once I was in London and the chief of Buddhist people sent me one person, saying, "O Shaykh Nazim, I am coming on behalf of the Dalai Lama to make an interview with you." I said, "No, I am not speaking to you; I liked the first one and he may come here. Tell him, 'Don't send to me someone from his people to make an interview, that is not my level. The level of Islam is the highest level.'"

O People, O Muslims! You must be proud! Salafi `ulamas, why are you not saying to people morning and evening that Allah (swt) granted the highest honor to Muslims? Others have no honor in the Divinely Presence. Why are you not saying? Say! Don't swear on some people, saying they are making wrong things on Islam, always attacking them, saying, "Don't do this, it is kufr; don't do this, it is bidaa`; don't do this, it is haraam!!" Leave this!! Stand up and say who is the most honored servant on Earth! Why are you not saying? You have so much money to make broadcasting; you can easily do it, you are a famous kingdom now on Earth and you have every ability for making broadcasting, so why are you not doing that?

O Salafu 's-Salih! Why are you not saying to all people that the most honored ones from west to east in the Divinely Presence are Muslims? If there is no money with His Majesty, the King, I may pay you money to make broadcasting! (laughter) Say! Why are you not doing? You are saying, "We are doing `amr bi 'l-ma`roof, ordering the good." This is amr bi 'l-ma`roof from me to you! And you may do an-nahiy `ani 'l-munkar, forbid wrongdoing, because all nations are on munkar and you must try to correct them.

Yes, I know I am nothing, but you are saying, "We are Salafi `ulamas." I am not accepting such Salafi `ulamas if you are not doing what we are saying! They are not my words, they are words of Holy Qur'an. Bashir `ala an-nas, an-nadhir `ala an-nas. Why are you not warning Europeans? Why are you not giving good tidings for the Muslim nation? What is the reason? I know nothing. I am not preparing something for shouting to you, but I am shouting to your egos, your nafs. You are saying, "We are Salafi." Haatoo burhanakum, "Bring your proofs." Salafu 's-Saliheen were destroying kufr and building imaan for Mankind!

I am sorry I am asking to begin with, a`oodhu billahi min ash-Shaytaani 'r-rajeem, but no time. If they are making me to speak, up to end of the world I may shout to you for not first saying, bismillahi 'r-Rahmaani 'r-

Raheem. Bismillahi 'r-Rahmaani 'r-Raheem is a heavenly sword coming on unbelievers! (...) Inna ad-deen `indallahi 'l-Islam, "Verily, the religion with Allah is Islam." Why are you not broadcasting this message? I think if they are asking Jalaalatu `l-Malik, is he ready to support for that purpose, or is he fearing from kaffaratu 'l-fajara? Time is over! (Mawlana Shaykh stands.) Allah jala jalalahu is saying, bismillahi 'r-Rahmaani 'r-Raheem.

•••••••••••• •••••••••• ••••••••• •••••••••

Iqtarabati 's-sa`atu w 'anshaqqa 'l-qamar, The Hour (of Judgment) is nigh, and the moon is cleft asunder. (54:1)

Is this haqq or baatil? Fifteen centuries before, in Holy Qur'an Allah Almighty is ordering Muslims to know, Iqtarabati alssa`atu wainshaqqa al-qamaru. Why are you not saying this and opening your mouths, Salafi `ulamas? Where is your knowledge?

O our Lord, we are sinners! O our Lord, we are heedless! O our Lord, we are poisoned people through shaytanic ways! We are never accepting what they are saying for Muslims. They are working to change the understanding of Muslims from haqq to batil. They have so many universities through Mamlaka and other Muslim territories, but what are they teaching? Are they teaching Holy Qur'an? Why not? Why are you not saying this? Why are you not awakening responsible people that, "We must not follow Christians or Jews, because the Seal of Prophets, (Mawlana Shaykh stands.) Sayyidina Muhammad (s) is saying, man tashabbah bi qawmin fahuwa minhum, "Who imitates a people is from them."

O Salafi `ulamas! You are such young people, like my grandsons, so hear me. Imaan is noor, heavenly light. Use that heavenly light and look at all events going through east and west, and look at which way you are following. Look and try to understand. Don't make yourselves imprisoned through four boundaries; (come out from that) and look through east and west, look at what the Holy Qur'an is saying, what it is bringing. I am not claiming I am knowing something, but they are opening as a hole of a needle something to see, and that is making whole world up and down.

O Salafi `ulamas! As you are claiming, "We are `ulamas, followers of Salaf," the horizon of knowledge is not going to be one horizon; behind the horizon are countless horizons. You are saying, "We are following Salafu 's-Salih," Salafu 's-Salih's horizons were so simple, now they are so complex. Therefore, you must try to use

your capacity and ability through lights of Holy Qur'an, for looking and seeing. At the time of Salafu 's-Salih that you are saying, before 200 years ago, is something. There was no microscope, but there is now a microscope. Therefore, you must try to change your understanding methods. If, in earlier times, they were good or bad, they have been carried away, but now you are living in very difficult times for Mankind. People lost which way they can move. Why are you not bringing a light from the Holy Qur'an for people to follow it? Don't say, "We are Salafu 's-Salih;" you may be better, because you are going much wider and your horizon is much more far away.

I am sorry. I am asking forgiveness from Allah Almighty. Innamal `amaalu bin-niyaat, "Actions are according to intentions." Arabic? Ah ha! My intention is to take away batil, falsehood, and to show people what is haqq, truth! Look at your understanding from that point, and say to people. Don't wait for jalalatu 'l-malik's commands or orders to you, "Do this, do that." No, you must know your way because Allah Almighty is looking to you. Wallahu baseerun bi 'l -`ibaad wa huwa 's-Samee`u 'l-`Aleem, seeing, hearing and knowing with His Divinely Attributes, He knows everything and He looks. As you are looking at where an ant is going and moving, He Almighty is looking where our moving is going. Be a taalib (student). Try to know more and more and more. As much as you are asking more, the Lord of Heavens Who created you and everything, me and you, is sending from His divinely lights to make clear everything He sent through the Holy Qur'an!

May Allah forgive me.

Fatihah.

I am singing for jalaalat ul-malik.

Dome dome dome dome 4x

Don't worry jalaalat ul-malik, you may do a dance.

Dome dome dome dome 4x

Shaytan is getting very angry when I am saying, dome dome. Shaytan is saying, "What is dome dome? I am teaching people so many kinds of singing and that one coming and singing."

Dome dome dome dome 8x

We are only for You, O Allah, and You are our Lord from Azali ila 'l-Abaadi. That is holy music and angels are getting happy when they are hearing that.

Dome dome dome dome 4x

This dome dome is getting like a hammer on the head of Shaytan and its followers! They are getting angry, saying, "What is this shaykh saying?"

Dome dome dome dome 4x

We are happy with our Lord. O our Lord, O our Lord, O our Lord!

Fatihah.

If they are unhappy, don't listen. Anyone happy may listen. What we shall do? I am speaking freely. They may go to listen to shaytanic words, using money. Come, for free I may sing for you also! Sometimes I may say, oh oh oh oh, eh eh eh eh, and Shaytan is getting very angry when we are saying this! Oh oh, eh eh, oh oh, eh eh. Enough. Read Fatihah three times, because it is going to be 50 minutes! (Laughter)

(45 minutes)

Shaytan is very angry. Who is angry with my words, also they are escaping!

(Mawlana Shaykh Nazim speaks with Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

**Seid stolz darauf, Muslime zu sein**

Dastur ya Rijal Allah. Allahu Akbar, Allahu Akbar, Allahu Akbar, La ilaha illa Allah, La ilaha illa Allah, La ilaha illa Allah, La ilaha illa Allah, Sayyidina wa Nabiyyuna Mawlana Muhammadan Abduhu wa Habibuhu wa Rasuluhu, zidhu ya Rabb Izzan wa Sharafa Nuran wa

Surura Ridwanan wa Sultana. As-Salamu Alaykum, Anwesende. Unsere geschätzten Anwesenden, hört zu und gehorcht. Und ihr müßt immer daran denken, daß wir Diener des Herrn der Himmel sind. Das ist die erste Lektion, die alle von Kindheit an bis zum Ende ihres Lebens gelehrt werden muß. Unendlicher Dank unserem meistgeliebten Propheten (saws). Wir bitten demütig die Göttliche Gegenwart, daß unserem Meistgeliebten gewährt werde, daß wir stolz sind darauf, zu seiner Nation zu gehören. Seine Nation ist die letzte der Nationen. Seid stolz auf ihn. Auf wen? Auf Sayyidina Muhammad (saws), für den täglich unzählige Male ihm zu Ehren Trompeten ertönen und Engel ihren Respekt zollen. Desgleichen kommen von Allah dem Allmächtigen Göttliche Gaben zu ihm, zu Sayyidina Muhammad (saws). Seid stolz.
Und, ihr Leute, wir müssen sagen: Audhu Billahi mina sh-shaytani r-rajim. Ohne das kommt keine Macht in eine vollkommene Lage. Manchmal kommen solche himmlischen Kräfte, und ich kann mich nicht kontrollieren, bis ich sage: Audhu Billahi mina sh-shaytani r-rajim. Wie ich auch nie Auto fahre, aber sehe, daß wenn jemand fährt, er manchmal das Steuerrad kontrolliert. Sonst geht das Auto, deshalb ist es ein himmlischer Befehl, Astaidh Billah mina sh-shaytani rrajim. Das bringt die Menschen auf ihre wirkliche Position, weil unser Ego immer sich selbst als größer und größer zeigen will, so viel es geht. Sie versuchen, stolz zu sein, und dabei sind sie so klein, ein einhalb Meter bis zwei Meter, aber unser Ego hört auf Shaytan, und Shaytan sagt zu unserem Ego, du mußt dich, so viel es geht, größer zeigen, weil du auf dem Sitz des Sultans sitzen kannst oder dem Sitz des Ministers, oder du kannst Vorsitzender einer riesigen Gesellschaft sein.

Manchmal schaust du in den Spiegel und dann... Sieh, dies ist ein kleiner, bring jenen, bring jenen, riesigen, sehr wichtigen. Shaytan stellt immer seinen magischen Spiegel vor die Leute. Er stellt ihn vor ihnen auf: 'Seht, ihr seid so groß, von oben bis unten groß. ...jener? Zweifelt ihr? Mein Freund, das ist ein so großer. Hast du noch nie in einen magischen Spiegel geschaut? Ich trage einen magischen Spiegel bei mir und zeige dir, daß du Ost und West ausfüllst. Ich muß ihn immer wieder benutzen. Nein, Sir, du mußt ihn immer benutzen, weil du so majestätisch bist.' Das ist sehr wichtig.. Was eine wichtige Aufgabe genannt wird, das ist Shaytans wichtigste Aufgabe, die Menschen glauben zu machen, daß sie gigantisch sind. Mit ihrer Kleidung oder ihren Sitzen oder ihren Palästen. Ihre Paläste vielleicht, du kannst Paläste bauen, so viel du

willst, riesige Paläste, aber du bist nur wie ein Finger. Einmal wurde ich mitgenommen auf den Eiffelturm. Und sie nahmen mich mit hoch, hoch... Als ich hinunter schaute, sahen die Menschen wie Finger aus. Aber dieser fingergroße Mensch da unten sah auf den Eiffelturm und sagte: Ich bin größer als der da, weil Shaytan sie betrunken macht. Und deshalb müssen wir es immer benutzen, das ist ein Befehl: "Fa Astaidhu Billah mina sh-shaytani r-rajim."

Ja? Hmm? Seid ihr heute Nacht noch nicht so weit, unsere Salafi Ulama? Noch nicht so weit, ah, Marhaban. Wissen, ihr könnt keine Ende finden für das Wissen, das irdisch ist, und für das Wissen der himmlischen Stufen und Ebenen. Auf welcher Stufe sind unsere Salafi Ulama? Oder in welchem Stadium auf Erden seid ihr? 'O Shaykh, wir haben Doktoren, die sind von der Sorbonne oder von Cambridge oder von Boston oder von W?' Nicht WC. Wie ist amerikanisches DC (Washington DC)? Weil ich alt bin, vergesse ich manchmal und sage, wie ist das WC? Welches ist das? Jenes. Was ist das? Washington DC... Frag das nicht. Meine Sprache, ich schimpfe. Macht euch keine Sorgen, ihr seid Gelehrte. Dann werdet ihr auch wütend und schimpft, höre ich. 'Hörst du?' Ja, ich höre. Wenn Er mich hören läßt, höre ich. Und der Mensch, ihr müßt das wissen, Salafi Ulama, der Mensch, für wen wurde er erschaffen? Wofür wurde ihm solche Ehre gewährt? Wißt ihr das? Sprecht. Sprecht, damit alle Menschen es wissen.

Ich frage nicht nur Salafi Ulama, ich frage auch Seine Heiligkeit den Papst, ich frage Seine Heiligkeit den Oberrabbiner, ich frage auch den Dalai Lama. "Dali" bedeutet 'verrückt' in unserer Sprache. Dalai Lama. Lama, ich höre, das ist ein Tier, das in Amerika lebt. Sie machen aus zwei Worten eines und machen daraus einen merkwürdigen Namen und sagen 'Dalai Lama'. In unserer Sprache sagen wir nicht Dalai Lama. Dali Lama majnun. Lama ist ein Tier, das aussieht wie ein Kamel.. Und in unserer Sprache, in meiner Sprache, in der Osmanischen Sprache, Dali Lama, sie können das nicht sagen. Manchmal sagen sie Dalai Lama. Dalai Lama, früher benutzten die Menschen Kupfertassen und benutzten einen Weißmacher, das ist 'Dalai'. Einmal sprach ich darüber, daß diese Leute ihren Körper in etwas hüllten, ein Tuch, und sagen: Wir sind Buddhisten, und ich hörte den Namen ihres Oberhauptes, Dalai Lama. Wenn ich zu den Leuten, unserem türkischen Volk, sage, dalai Lama? Dalai Lama auf Türkisch ist das, was wir früher für Kupfertassen als Weißmacher benutzten, um sie zu weißen für den Gebrauch. Wie.. Dalai Lama,

diese Person Dalai Lama...? Ist das seine Arbeit, Kupfertassen weiß zu machen? Vielleicht. Ich weiß es nicht.

Einmal sandte er zu mir, dieser Dalai Lama, das Oberhaupt der Buddhisten, sandte zu mir, ich war in London, eines Tages kam jemand zu mir: 'O Shaykh Nazim, ich komme im Auftrag des Dalai Lama, um ein Interview mit dir zu machen.' Ich sagte: 'Nein. Ich spreche nicht mit dir, ich möchte, daß der erste, wer das ist, hierher kommt. Sag ihm: 'Schicke niemanden zu mir von deinen Leute, um ein Interview zu machen, das ist nicht meine Ebene. Die Ebene des Islam ist die höchste Ebene.' Ihr müßt stolz sein, ihr Leute, Muslime! Warum... was sagt ihr? Salafi Ulama, warum sagt ihr nicht morgens und abends allen Menschen, daß Allah (swt) die höchste Ehre den Muslimen gewährt hat? Die anderen - keine Ehre in der Göttlichen Gegenwart. Warum sagt ihr das nicht? Sprecht.

Schimpft nicht auf jemanden, der etwas falsch gemacht hat im Islam, und immer greift ihr sie an. 'Macht das nicht, das ist Kufr. Sagt das nicht, das ist Bida'. Macht das nicht, das ist Haram. Tut das nicht, das ist Bida'. Laßt das und steht auf und sagt, wer ist der meistgeehrte Diener? Schaut euch um auf der Erde. Warum geht ihr nicht? Ihr habt so viel Geld, so viele Türme zu machen. Ihr habt so viele neue Maschinen, Satelliten, aber wofür Satelliten? (Rundfunk) Hanh, Rundfunkausstrahlung. Das könnt ihr. Ihr habt euer berühmtes Königreich. Jetzt habt ihr auf der Erde jede Möglichkeit, Rundfunkausstrahlungen zu machen. Warum macht ihr diese Ausstrahlungen nicht, Salafu s-Saleh? Warum sagt ihr den Menschen nicht, daß die Meistgeehrten Muslime sind? Warum sagt ihr das nicht? Ich schimpfe nicht auf euch, ich fordere Haqqu l-Ilm. Wahrheit.. Haqqu l-Ilm - das Recht auf Wissen.. Nein. "Salahiyyah". Autorität Islamischen Wissens, die Islamische Shariah, ich fordere das. Ihr müßt das morgens und abends, vielleicht 24 Stunden lang sagen, diese Sendung von Ost nach West ausstrahlen, von West nach Ost, um den Menschen zu sagen, daß die Meistgeehrten in der Göttlichen Gegenwart nur die Muslime sind. Warum sagt ihr das nicht euerer Majestät, dem König? Wenn er kein Geld hat, um euch zu bezahlen, kann ich euch bezahlen, diese Sendung zu machen. Werdet ihr sie machen? Sprecht! Sprecht! Warum macht ihr es nicht?

Ihr sagt, wir machen: Wir mahnen zum Guten. Dies ist das Mahnen zum Guten von mir an euch.

Und ihr mögt das 'Verbieten des Falschen' machen. weil alle Nationen mit dem 'Verbotenen' sind. Ihr müßt versuchen, sie zu korrigieren. Ja, ich weiß, ich bin nichts, aber ihr sagt, ihr seid Salafi Ulama. Ich erkenne solche Salafi Ulama nicht an. Wenn ihr nicht tut, was wir sagen, es sind nicht meine Worte, es sind himmlische Quranische Worte. "Bashshiru n-Nas, Andhiru n-Nas". Das ist Türkisch? Oder Arabisch? Warum gebt ihr keine Warnung aus an die Europäer? Warum gebt ihr der Muslimnation keine guten Nachrichten? Was ist der Grund? Ich weiß nichts. Ich bereite nichts vor, um euch anzuschreien. Ich schreie euere Egos an, euere Nafs. Ihr sagt: Wir sind Salafi. Bringt eueren Beweis, "Hatu Burhanakum". Salafu s-Saleh.. Sie zerstörten Kufr und bauten Iman für die Menschheit. Doch es tut mir leid, ich wollte beginnen: Audhu Billahi mina sh-shaytani r-rajim, aber keine Zeit, keine Zeit. Wenn ich spreche, bringen sie mich zum Sprechen.

Bis zum Ende der Welt kann ich euch anschreien, doch ihr werdet nicht dazu kommen zu sagen "Bismillahi r-Rahmani r-Rahim". "Bismillahi r-Rahmani r-Rahim" ist das himmlische Schwert, das auf die Nacken der Ungläubigen herabkommt, das auf die Nacken der Nicht-Muslime herabkommt, das auf die Nacken der Christen oder der Juden oder der Leute des Dalai Lama, der Buddhisten, herabkommt. "Inna d-Dina `inda Llahi l-Islam" (3:19). Warum sagt ihr das nicht? Warum macht ihr diese Sendung nicht? Ich glaube, wenn sie die majestätische Hoheit fragen, wäre er bereit, sie zu diesem Zweck zu unterstützen. Oder fürchtet er sich, fürchtet seine Majestät "Al Kafaratu l-Fajarah"? Die Ungläubigen, die Unzüchtigen. Die Zeit ist um, die Zeit ist um. Und Allah (swt) Jalla Jalaluhu sagt: "Bismillahi r-Rahmani r-Rahim. Iqtarabati s-Sa`atu w' Anshaqqa l-Qamar" (54:1) Wahr oder falsch? Vor 15 Jahrhunderten befahl Allah (swt) den Muslimen, den Heiligen Quran zu lesen, um zu wissen, daß die Stunde naht, der Mond sich gespalten hat. Warum sagt ihr das nicht, Salafi Ulama? Warum macht ihr nicht den Mund auf? Wo ist euer Wissen? O unser Herr, wir sind Sünder, o unser Herr, wir sind achtlos, o unser Herr, wir sind von shaytanischen Wegen vergiftete Menschen. Wir sind ohne Arglist, (Unschuldig) nicht unschuldig.

Sie erkennen niemals an, was sie für die Muslime sind. Sie arbeiten daran, das Verständnis der Muslime zu ändern von Wahrheit zu Falschheit. Sie haben unzählige Universitäten, so viele

Universitäten in dem Königreich und in anderen Muslimgebieten. Was lehren sie? Lehren sie den Heiligen Quran? Was die Heiligen Bücher sagen, was geschrieben steht? Warum nicht? Warum sagt ihr das nicht? Warum erweckt ihr nicht "Ulul Amr", verantwortliche Menschen, daß wir den Christen und Juden nicht folgen dürfen, weil das Siegel der Propheten, Sayyidina Muhammad (saws) sagte: "Man Tashshabbah bi Qawmin fa Huwa Minhum". Salafi Ulama, ihr seid noch so jung, ihr seid wie meine Enkel. Hört, daß Glauben Licht ist, himmlisches Licht. Benutzt dieses himmlische Licht und schaut mit diesem himmlischen Licht auf alle Ereignisse, die in Ost und West vorkommen, und welcher Weg es ist, dem ihr folgt. Seht! Und versucht zu verstehen. Sperrt euch nicht selbst ein, eingepfercht in vier Begrenzungen. Geht hinaus und schaut in Ost und West, schaut im Heiligen Quran, was er sagt, was er bringt. Ich behaupte nicht, etwas zu wissen. Aber sie öffnen etwas wie das Loch einer Nadel, durch das man gucken kann, und das läßt die ganze Welt Kopf stehen.

Ihr, die ihr behauptet, Ulama zu sein und auch Anhänger der Salafi, Salafi Ulama, ihr müßt versuchen, euer Fassungsvermögen, eure Fähigkeiten zu nutzen, um durch die Lichter des Quran zu schauen und zu sehen. Zur Zeit der Salafu s-Saleh, wie ihr sagt, vor 1200 Jahren, gab es etwas. Kein Mikroskop, aber es gibt ein Mikroskop, durch das ihr seht. 'Was ist das?' Deshalb müßt ihr versuchen, euere Verständnismethoden zu ändern. Wenn sie waren, waren sie in jener Zeit, gut oder schlecht, sie wurden hinweggenommen. Aber jetzt lebt ihr in einer sehr schwierigen Zeit für die Menschheit. Die Menschheit hat den Weg, den sie gehen kann, verloren. Warum bringt ihr nicht ein Licht vom Heiligen Quran, damit die Menschen ihm folgen? Sagt nicht Salafu s-Saleh, ihr könnt besser sein, weil euer Blickwinkel viel weiter ist und euer Horizont viel weiter weg.

Es tut mir leid. Ich erbitte Vergebung von Allah dem Allmächtigen. "Innama l-Amalu Bi n-Niyat". Arabisch? Ja. Meine Absicht ist, Batil, das Falsche wegzunehmen und den Menschen zu zeigen, was Haqq, Wahrheit ist. Seht, wie ihr es versteht, und von diesem Punkt aus sprecht zu den Menschen. Wartet nicht darauf, daß seine Majestät befiehlt, dies oder das zu tun. Nein. Ihr müßt eueren Weg kennen, weil Allah der Allmächtige auf euch schaut. "Wa Llahu Basirun bi l-`Ibad Wa Huwa s-Sami`un `Alim." "Wa Huwa s-Sami`un `Alim" - Sehen, Hören, Wissen mit

Seinen Göttlichen Attributen. Er weiß alles und sieht. Und Er guckt, so wie ihr eine Ameise anguckt, wohin sie geht und sicht bewegt. Er guckt und sieht. Er guckt, wohin unsere Bewegungen uns führen. Seid Talib. Versucht, mehr und mehr und mehr zu wissen. Je mehr ihr verlangt, desto mehr sendet der Herr der Himmel, der euch und alles, mich und euch, erschuf, von Seinen Göttlichen Lichtern, um alles deutlich zu machen. Er sendet das durch den Heiligen Quran. Möge Allah (swt) mir vergeben. Fatiha.

Ich werde für seine majestätische Hoheit singen. Das ist heilige Musik. Wie die Engel glücklich werden, wenn sie dieses "Dum, dum..." hören. Dieses "Dum, dum" wird wie ein Hammer auf den Kopf Shaytans und seiner Anhänger. Deshalb werden sie wütend. Was sagt dieser Shaykh? Wir sind glücklich mit unserem Herrn. Wenn sie nicht glücklich sind, unglücklich, sollen sie nicht hinhören. Jeder, der glücklich ist, kann zuhören. Was sollen wir machen? Es wird umsonst gegeben. Sie sollen gehen und für Geld shaytanische Worte hören. Kommt, es ist umsonst. Ich singe auch für euch. Manchmal... Shaytan wird sehr wütend, wenn wir das sagen... Fatiha. Viele Male Fatiha heute Abend, weil es 50 Minuten sind. Shaytan ist sehr wütend. Wer wütend auf meine Worte ist, entzieht sich auch.

## Koonoo Rabbaniyeen, "Be Those Who Establish Lordly Worship"

(Mawlana Shaykh stands) Dastoor yaa Sayyidi, madad. Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah Muhammad Rasoolullah `alayhi salaatullah. wa salaamuh, mina 'l-azal ila 'l-abad. Madad yaa rijaalAllah (Mawlana Shaykh sits) Thumma as-salaatu wa 's-salaam, `alaa jamee` il-anbiyaa wa 'l-mursaleen, salawaatullah wa salaamu `alayhim ajmaa`een. Yaa Rabbee. Thumma as-salaamu `alayk, yaa Saahibu 'z-Zamaan, wa 's-salaamu `alaykum yaa rijaalAllah mutasarifoon fee hadha 'l-`alami 'd-dunya, jazakumullahu anaa, khayra 'l-jazaa....Allah Allah, `Azeez Allah, Kareem Allah! And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Allahuma qawwi da`fana fee ridaak. (Mawlana Shaykh sits)

Anta al-Rabb wa nahnu 'l-`abeed, anta 'l-Rabb wa anaa 'l-`abd, anta 'l-ma`bood wa anaa 'l-`abid.
You are the Lord and I am the servant, You are worth worshipping and I am the worshipper!
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah!
Huuuuu, Huuuuuuu, Huuuuuuu, Huuuuuuu, Huuuuuuuu, Huuuuuuu,
Hayyyyyyy, Hayyyyyyy, Hayyyyyyy, Hayyyyyyy, Hayyyyyyy, Huuuuuu

O our Attenders! As salaamu `alaykum! Koonoo. Try to be always thankful to the Lord of Heavens! (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar! laa ilaaha illa-Llah (Mawlana Shaykh sits)

O People! From east to west, from north to south, try to be thankful servants for your Creator, that He created us and granted us endless favors here and Hereafter. And Almighty Allah is asking to be honored. He Almighty honors dominions of honors with no limits and He likes that His servants honor their Creator. They are not going to give anything, but He likes His servant to say, shukr Yaa Rabbee, "Thanks O my Lord!" That is an honor from weak servants to the Lord of Heavens, but He likes it. If an ant says, subhaanAllah yaa Rabbee, "Glory for You, my Lord," He is happy and He likes it. That point we must learn, know, and teach, that every good word, good action, and good effort makes our Lord happy with us.

O People! Whole religions are based on this principle from the beginning of Mankind, from Adam, peace be upon him, who called Rabbuna, Rabbuna! Allah Almighty likes His servants to call on Him, Yaa Rabbana, "O our Lord, O our Creator!" Therefore, He likes to change every thing on Earth, that means Mankind in particular, for every other thing.

••••• •••• •••••• •••••• ••••••••• •••••••••••

wa in min shay'in illa yusabihu bihamdih. And there is not a thing but celebrates His praise! (17:44)

Wa in min shay'in illa yusabihu bihamdih. Allah Almighty likes this; it is His Glorious Attribute. He likes to be glorified and He is going to be happy with glorification. He is not asking anything else from His Creation. And tasbeeh is glorifying, yes? He created everything for glorifying, He Almighty, subhaanahu wa ta`ala! So simple! From the beginning, the first messenger Sayyidina Adam (a) was crying and saying, "Yaa Rabbana, yaa Rabbana, yaa Rabbana! Subhaanak yaa Rabbana, yaa Rabbana! O my Lord, O my Lord! Glory to You, my Lord" He taught his children to say, "Yaa Rabbana, yaa Rabbana! O our Glorified Lord." That were the first words with which Adam, peace be upon him, called his Lord. And after him, Seth (a); after Seth, Idrees (a); after Idrees (a) so many other prophets came in between, until reaching to Nuh (a), who also called out, "Yaa Rabbana!" Nabi Hud (a), nabi azami 'l-oolaa Lut (a),Yunus (a), Ibrahim (a), Isma'eel (a) and Ishaq (a), all of them were calling out, "Yaa Rabbana!" Moses (a) was calling out, "Yaa Rabbana!" Jesus (a) was saying, "Yaa Rabbana!" Sayyidina Muhammad (s) was calling and saying, (Mawlana Shaykh stands) "Yaa Rabbana, yaa Rabbee, yaa Allah!" (Mawlana Shaykh sits).

And what was Allah Almighty, rabbu 'l-`izzah, the Lord of Honor, saying to His servants? The Lord of

Heavens is not saying, "My servants." Allahu Akbar, Allahu Akbar!

O `ulamas, all `ulamas! Learned people, holy ones from Judaism and Christianity, and all prophets, and the Seal of Prophets, Sayyidi 'l-Awwaleen wa ’l-`Akhireen, Sayyidina Muhammad (s), (Mawlana Shaykh stands and sits) did not call and say to his ummah, "O my Lord's servants!"

O Salafi `ulamas and Azhar `ulamas! Hear and listen, holy people from Judaism and Christianity! No prophet said to Mankind, "O servants of my Lord!" Servanthood is something, perhaps it is the first-line of peoples' position. But He, the Lord of Heavens, is asking from His servants, from the Children of Adam, to arise in servanthood on this planet and to come up to His Divinely Presence. SubhaanAllah, SubhaanAllah. That is what Allah Almighty likes for His deputies. He was not saying, "I am going to create servants." Asta`eedhu billah:

•••••• ••••• ••••••• •••••••••••••••• •••••• ••••••• ••• •••••••• •••••••••

Wa idha qaala rabbuka lil-malaa`ikati innee ja`eelun fi'l-`ardi khalifah.
And when your Lord said to the angels, "Verily I am making in the Earth a deputy.” (al-Baqarah, 2:30)

Allah Almighty was not saying, innee ja`eelun fi'l-`ardi `ibaadee, "I am going to create servants." You must understand the title khalifah gives honor. He is saying: (Mawlana Shaykh stands)

•••••••• •••••••••• ••••• •••••

Wa laqad karamna bani adam. Verily, We have honored the Children of Adam. (an-Najm, 17:70)

He is granting them such an honor! Servanthood is not the same as takreem, honor. (Mawlana Shaykh sits). Allah, Allah. Subhaan Allah. Heavenly Knowledge Oceans! And we are saying to Jewish learned people, "rabbis", and to Christians' "holy ones, saints", and to Muslim "`ulamas." None of these titles make the Lord of Heavens, our Creator, happy. Tonight is a special declaration, different from others, in making the hearts of all nations to be in satisfaction. They are saying, sending some waves of inspiration, although I am nothing; but they are sending (these inspirations) to speak to the whole Islamic world. And I am now leaving speaking of Christianity or Judaism. They are saying to make clarity for the Islamic world, for Muslims. SubhaanAllahi 'l-`Aliyyu 'l-`Adheem! The Seal of Prophets (s) said: (Mawlana Shaykh stands)

•••••• •••• ••• •••• •••••• ••••

Sataftariqu ummatee `alaa thalaatha wa saba`een firqah. My nation will divide into 73 sects.

Tonight we must change those 73 firqah, sects, and make it one, because every sect was saying something about themselves, "We are this, we are that." And we are now leaving the book-given people (People of the Book); leave them aside for this matter. They are making me to speak on a famous point tonight, for the first time throughout the Islamic period. (Mawlana Shaykh stands) Subhaan Allah! Subhaan Allah! Subhaan Allah! Sultan Allah! Sultan Allah! (Mawlana Shaykh sits).Whoever may understand, may understand. If he is not granted an understanding, then his level is the same as the level of animals. But what they are asking me to speak about is suitable for the whole Muslim world! No one can say, "No, you are wrong." No! Throughout the Islamic world, from its beginning up to tonight, a wrong understanding had taken place among the servants of the Lord, Allah Almighty. Some of them were saying, "We are this," and some others were saying, "We are that." All of them tonight are going to be closed down. Yes!

Now, in the Hijri year 1431, and tonight is the 13th or 14th of Dhul-Qa`dah, the whole Islamic world, all `ulamas and all the people may look and may understand something! They are making me to speak about tasawwuf; they are now putting a line to stop tasawwuf. The Lord of Heavens never ordered His most beloved deputy, Sayyidina Muhammad (s), (Mawlana Shaykh stands and sits) "Say to your nation that you are Sufi people." You are never going to speak on tasawwuf (any more) and no more mutasawwif, followers of Sufism, from now up to the end of the world! Mutasawwif will never exist after this moment, because the Holy Prophet, peace be upon him, never spoke on it, nor did the Holy Qur'an.

We must come to a reality on which no one can make any discussions. Allah Almighty is not saying, "Koonoo mutasawwifeen, koonoo Naqshbandiyeen, koonoo Qaadireen, koonoo Mawlawiyeen, koonoo Shadhiliyeen, koonoo forty tareeqahs." It is stopping tonight!

Therefore, the name "Salafi" was also never mentioned in Prophet's (s) speech or in the Holy Qur'an; neither was "tasawwuf," nor "Salafi", no! Allah Almighty is not ordering, "O My servants! You must be Sufis!" The Lord of Heavens never said, "O My servants! You must follow Salafis and you must be Salaafiyoon." Allah Almighty never ordered His servants, "You must be Wahhabiyoon." Clear? He never told the Children of Israel to say, "We are chosen ones," and (for Shi`a people) to say, "We are following the twelve sects." No.

You may be twelve sects, which means twelve tribes, but there is no honor for their names! There is no honor also to be "Wahhabi", to be "Salafi", to be "Sufi"!

The whole Islamic world must accept tonight, that there is no more tasawwuf, because the Holy Qur'an is showing us what we must say, what we must iqrar, admit, to ourselves. This and that does not exist, NO! We must follow Holy Books; and the last Holy Book, what was it saying? What was the Lord of Heavens ordering the Christians and the Jewish people? He is not saying that servants may claim, "I am this one" or "I am that one," no. All of them are under my feet now! But the Lord of Heavens is saying, (Mawlana Shaykh stands) "O My servants! Koonoo Rabbaniyeen! Be those who establish Lordly worship.'" Be a Rabbani. No more tasawwuf. Never! From now on until the end of the world, you must say, "I am Rabbani! I am not stopping (in this way); I am Rabbani!" That is the highest honor for us.

This is for Christians, for Jewish people, and for the whole Islamic world, to take away nifaaq, hypocrisy, and shiqaaq, division. (Mawlana Shaykh sits) That order is coming tonight. Don't say, "(We are) Naqshbandi-Haqqani". It belongs to Rabbani!" Wa koonoo Rabbaniyeen! That is ayatu 'l-kareemah!

••• ••••• •••••••• ••• •••••••••• •••••• •••••••••• •••••••••• ••••••••••••••• ••••• ••••••• ••••••••• •••••••• •••••••• ••••
••• ••••• •••••• •••••••• •••••••• ••••••••••••••• ••••• ••••••• •••••••••••• •••••••••• ••••••• ••••••• ••••••••••••

Maa kaana li-basharin an yu'teeyahullahu al-kitaaba wa al-hukma wa 'n-nuboowwata thumma yaqoola li 'n-naasi koonoo `ibaadan lee min doonillahi wa laakin koonoo rabbaniyyeena bimaa kuntum tu`allimoona al-kitaba wa bimaa kuntum tadrusoona. No human to whom Allah has given the (Holy) Book, Judgment and prophethood would say to the people, "Be worshipers of me, other than Allah," but rather (they would say),"Be of the Lord, for that you teach the Book, and in that you have studied." (3:79)

O `ulamas! If anyone asks you what is your way, say, "I am trying to be Rabbaani," or "I am Rabbaani." Finished! Laa ilaaha illa-Llah. That is bombardment on the fortress of Shaytan. Finished! Don't say, "I am Christian," or, "I am Jewish," or, "I am Muslim." Rabbaani! Finished. No more "(I am) Naqshbandi," no more "tasawwuf" to be happy. "Salafis" also, take them away! These are Shaytan's titles that you are making up. Who is that order of the Lord of Heavens for? "You must be for all nations, you must be Rabbaani, belonging to Me only!" Finished!

(There must be) no more fighting between Salafis or mutasawwuf (followers of tasawwuf). First of all, I am

saying that I'm not mutasawwuf but I am trying to be Rabbaani. Then what is the Lord of Heavens saying in Hadeeth Qudsee, the highest, powerful speech of Prophet (s)? (Mawlana Shaykh stands) The Lord of Heavens, Allah Almighty, is telling you how you should be Rabbani. He is saying, ya `abdee at`ianee, "O my servant! Follow My orders," aja`luka rabbaani, "I am making you Rabbaani." (Mawlana Shaykh sits) "If you are keeping My orders, I am making you Rabbaani. Don't wait for people to say that you are Rabbaani; I am saying you are Rabbaani!"

If you are asking for evidence, the Lord of Heavens is saying: (Mawlana Shaykh stands)

•• •••• ••••• ••••• •••••• •••• ••• •• •••••

Yaa `abdee ati`anee aj`aluka rabbaaniyyan taqoolu li shay'in kun fayakoon. I will make you Rabbani, you say to a thing "Be!" and it will be.

Allah Almighty is saying, "That is My order and My Divine Sign on My servant, that he is Rabbani!" Try to reach that point and your level will be the highest level.

May Allah forgive us. Subhaan Allah, Sultan Allah. This is the limit to make the ummah on one level, finished! No more Shi`a, no more other sects, no more Christian sects, no more Jewish sects. May Allah forgive us, for the honor of the Seal of Prophets (s).

Fatihah.

This has never been heard before; you can't hear it a second time, finished. The Day of Resurrection is just at the door.

(Mawlana Shaykh speaks with Hajjah Naziha on the phone.)

## ÜBER DIE BEREITWILLIGKEIT

Unser Großscheikh hat uns etwas sehr Wichtiges erklärt, das jeden von uns angeht: „Wenn ein Mensch irgend etwas tut, eine gottesdienstliche Handlung oder irgend etwas anderes, so muß es bereitwillig und freudig geschehen.Wenn er es nicht gern tut, dann soll er es besser überhaupt nicht tun, denn dann wird daraus nichts Gutes kommen.“

Beten, essen, trinken, schlafen, arbeiten – alles sollte man freudig tun.Wenn ihr es nicht gern tut, dann wird Allah der Allmächtige kein Wohlgefallen daran haben.

Was das Beten anbelangt, so ist es wichtig, daß wir uns darüber klar sind, daß es zur Freude unserer Seele geschieht. Wenn wir beten, dann ist unser Nafs nicht erfreut darüber, unsere Seele aber schon. Wir müssen uns aber nur um die Zufriedenheit unserer Seele kümmern.

Was unsere gewöhnliche Arbeit und unsere Geschäfte betrifft so werden wir dann gute Ergebnisse erzielen, wenn wir wohl zufrieden sind mit dem, was wir tun oder was von uns verlangt wird. Das läßt sich ganz gut an zwei Schülern beobachten.Wenn der eine bereitwillig studiert, der andere aber nur, weil man ihn dazu zwingt, was wird das Ergebnis sein? So verhält es sich auch mit allen anderen Tätigkeiten; es gibt so große Unterschiede zwischen den Menschen (und den Ergebnissen ihrer Bemühungen).

Ihr müßt alles, was ihr tut, freudig tun.

Tätigkeiten können leicht oder schwierig sein – was für den einen leicht ist, mag für den anderen schwierig sein. Worin liegt das Geheimnis? Für denjenigen, dem die Tätigkeit leicht fällt, ist sie eben darum leicht, weil er sie mit Freuden verrichtet, während sie dem, für den sie schwierig ist, so schwer fällt, weil er zu ihr gezwungen wird.

Ein Diener Allahs des Allmächtigen zu sein ist leicht oder schwierig, je nach den unterschiedlichen Menschen, um die es sich handelt.

Darum sagt Allah: „Ihr müßt euren Dienst an Mir freudig verrichten. Wenn ihr es nicht gern tut, so bedarf Ich eures Dienstes nicht. Ich will den Dienst an Mir um eurer Freude willen.Wenn es euch leicht fällt, dann tut es!“ Was den Menschen leicht fällt, macht sie glücklicher, was ihnen schwer fällt, macht sie unglücklich.

## We Are Commanded to Be Soft with People

Dastoor yaa Sayyidi. Madad yaa Sultan (Mawlana Shaykh stands.)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Sultaansin, Sultaansin! O our Lord! Give from Your endless blessings for your most beloved one and honored one and glorified one, Sayyidina Muhammad (s)! Zidhu yaa Rabbi, `izzan wa sharafa nooran wa suroora, wa ridwaanan wa sultaana. Raghman `ala 'l-anf shayaateen and his followers! Thumma's-salaamu `alayk yaa Saahib az-Zamaan! Yaa sultan on this planet, Qutb al-Mutasarrif! Amiddoona bi madadak. (Mawlana Shaykh sits.)

O our Attenders! As-salaamu `alaykum wa rahmatullahi wa barakaatuhu. Come and hear. Leave following Shaytan and shaytanic ways. Try to be our Lord's servants. That gives you benefit. Dunya will never give you benefit, no. Millions and billions of people, you are walking on their graveyards and they are crying, crying, crying but you are not hearing. If you are hearing, you can fall dead.

This is a humble association and the main point, main ghaayah, main purpose or main aim is only to remind

you, to make you to ask a question: Who am I and from where I am coming? Who is bringing me from nothing to be in existence? And after awhile, my existence is going to be taken away and we are going to be taken away and we are going to be nasyan mansiyyaa, “forgotten, never remembered.” We are going to be forgotten, forgotten, forgotten!

Say, A`oodhu billahi min ash-Shaytaani 'r-rajeem! Give time for your Creator, for your Lord, Allah Almighty (Mawlana Shaykh stands.) Subhansen yaa Rabb! Sultansen yaa Rabb! (Mawlana Shaykh sits.) We are asking only Your pleasure. And the main aim from heavenly teachings, that is to make our Creator to be pleased with us. What do you want beyond that? Toobaa, good or best tidings for ourselves to make our Creator to be pleased with us.

What is beyond that, O foolish ones? What you are asking? You can't be pleased in this life and the Next Life if you are not making your Creator pleased with you! Never! That is a very important point, Shaykh Hisham Effendi. People are running to be pleased, yes. And what is the way for here and Hereafter also? We are asking to make our Lord pleased with us.

O Salafi `ulamas! Why you are not saying this to people? This is the most important point you must make. Don’t make too much like this, like that, but say only, "O People! If you are not making your Lord pleased with you, you can't reach a pleasure either here or after this life." And our lives are ayyaaman ma`doodaat, “A limited number of days.” In Qur’an al-Kareem, bahar, oceans, are flowing from part of this holy verse which is not only to be spoken!

••• •••••••• ••••••••• •••••••• •••••• •••••••••• •••••••••• ••••• •••••• ••••• ••••••••• ••• •••••••••• •••••••••••• ••••••••••. ••••••••• •••••••••••••

Ya ayyuhalladheena aamanoo kutiba `alaykum as-siyaamu kamaa kutiba `ala-’l-ladheena min qablikum ayyaman ma`doodaat, O you who believe! Fasting is prescribed to you as it was prescribed to those before you that ye may ward off (evil); (Fast) a certain number of days;(2:183,184)

Qur’an. Huuu! Oceans that are coming now in this part (of this ayah) give meaning for awakening people. Yusheer, signing to people, "O People! You are going to be here ayyaman ma`doodaat, in counted days. For some of you it may be only one day, for others ten days, and for others one year, 365 days. Some of you will have ten times one year and others may have 40 times one year. Some of you, fifty times. Some of you 100

times of 365 days. All of them ayyaman ma`doodaat, counted, then going to be finished.

Why you are not saying, O Salafi `ulamas and doctors of Shari`ah and `ulamas of Azhar ash-Shareef? And Allah Almighty is ordering (Mawlana Shaykh stands.)

••••••••• ••••••• •••••••••• ••••••• •••••••••••••• ••••• •••••••• •••••••• •••••••••• •••••• •••••••••••••

wa dhakkir fa inna 'dh-dhikra tanfa`u'l-mumineen, But remind (thy Message) for reminding benefits the Believers. (51:55)

(Mawlana Shaykh sits.)
Subhaan Allah. Laa hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Azheem.

••••••••• •••••••• ••••• •••••••••

Fa dhakkir inamaa anta mudhakkirun, Remind, for you are not but a remembrancer. (88:21)

Sifatu ’l-Anbiyaa, at-tadhkeer. A holy command from heavens, "Remind My servants they must not think they are going to live on this planet endlessly! They must know their lives are ayyaman ma`doodaat, in counted days, and when finished they will be taken away.” Qaabid al-arwaah, “Grasper of Souls,” the Archangel of Death, is coming at any time. When it is written for your life to end, you will be finding him in front of you, saying, `atee al-amaanah, “Give your trust." Angels will bring your soul from `Alam al-Arwaah, the spiritual world and put it there.

Doctors are so keenly looking, “How is the beginning of the heart of janeen, an embryo in its mom's womb? How does its heart begin to work?” (Mawlana Shaykh makes pumping motion with hand.) They never reaching that knowledge, to know the beginning of life of Man in their mom's womb. Who is making the first action? Who is giving the first command to the heart? How is a heart obedient, and beginning to pump? Allahu Akbar! Allahu Akbar!

Idiot people! People living now are idiots and more than idiots! They are not thinking on it. They are thinking only to make such a strange instruments. Well, look to yourself! How did your life begin in such a very tight place, in a bag full with water, and you were living there? SubhaanAllah. SubhaanAllah. SultaanAllah. (Mawlana Shaykh stands.) SubhaanAllah! Subhaanu ‘l-Khalaaqu’l `Azheem. Yaa Rabb! Yaa Rabb, forgive

us (Mawlana Shaykh sits.). La hawla wa la quwatta illa billah!

And on the day you are going to be taken out, the Lord of Heavens, the Creator, sends His angels to take the new one to dunya. People thinking same angels doing, but for every new birth new angels come, and they never go to another one. SubhaanAllah! Yawmi ‘l-ladhee wulid awwal yawm. Taking that baby outside the womb, opening and beginning to breath. And it is written how many days that one will live on this planet. Allahu Akbaru ’l Akbar! Ayyaman ma`doodaat.

O Wahabi and Salafi `ulamas! Why you are not saying these important points as a tadhkir, reminding for people? What you are doing? Where are your books? O Wahabi people! Where are your books, mentioning such things; bring them to me. You are only knowing to cover your heads and shoulders, putting hatta on your heads, and some of you have bare heads. It is not Islamic. You can’t open (uncover) your head except on the Day of Arafat! Other days, you must close (cover) your head, to give t`azheeman, most respect for Allah (swt)! You must put on your heads something. From where you are bringing trousers and jackets and ties? What sunnah is that?

O Wahabi people! Your end is coming. If you are insisting, some virus will come to your bodies and kill you. If coming to you at night, by morning you will pass away.
•••• •••••• •••••• ••••••• in ‘ana illa nadheer, “I am only a warner,” (7:188) Warning you! You are going too fast on wrong way and blaming Ahlu ’s-Sunnah wa ’l-Jama`ah. Who is giving that authority to you? Say! Where are your books to make people wake up? Why you are fighting Ahlu ’s-Sunnah wa ’l-Jama`ah, who is following sunnatu ‘r-Rasool (Mawlana Shaykh stands.) Salawaatullahu wa salaamuhu `alayk, Sayyid ‘l-Awwaleen wa ‘l-Akhireen! Stand up, or you may die tomorrow! (Mawlana Shaykh sits.)

I am the weakest one, and you may say, “That weak person can’t do anything.” Don’t you know one mosquito was took away Nimrod and his armies? Don’t say I am so weak; sometimes I am powerful. If my Lord is ordering, I may take all of you by morning, sending on you unseen soldiers, that you call “virus!” Keep your tongues! Keep your tongues! If you are not keeping your tongues, we may tie you from up or from downstairs. Don't rush on such a weak servant or on Ahlu’l-Sunnah people. You are on wrong ways! Those on the True Way are with true ones. Say! Who is your true one that you are following? Abdul Wahab Najdi? That is your way, your imaam? Where he is now, say to me!

O People! ••••••• ••••••••••• khudhoo hidhrakum, “Take your precautions” (4:71). SubhaanAllah, everything that Allah `azza wa jall is teaching, khudhoo hidhrakum. Take your most high care. Hidhr, pay more attention for yourself, because Shaytan is after you. One is behind you, pushing, and another one is in front of you, leading. And you are saying, “our leaders.” Who makes an imitation leadership, that one is going to the Fire first, and second those who follow them. They are tyrants, jabaabira! Allahu Akbar! Allahu Akbar `alaykum!

Those who assault Ahlu’l-Sunnah wa’l-Jama`ah, why you are not saying, “O People! Your lives are only ayyaaman ma`doodaat, numbered days; can’t be less, can’t be more. And through your lives, what you must do? Fight to each other or do something else?” Do something else. What is that? Why you are not teaching your followers, “How you are going to make your Lord, jalla jalallahu, your Creator, happy with you?” Allahu Akbar! (Mawlana Shaykh stands amd sits) Why you are not saying? Why you are not writing? Where is that book? Send it to me. Allah Almighty is ordering, SubhaanAllah, Allah jalla wa `aala:

••••• •••••••••••• •••••• ••••••••••• •••••• ••••••••• •••• ••••••••

Wa laa tujaadilu Ahlu ‘l-Kitaabi illa billatee hiya ahsan, And do not dispute with the People of the Book except in the best manner. (29:46)

Allah jalla jalaaluhu, is ordering this to be your discussion with Ahl al-Kitaab, the people of Injeel, Tauraat, Zaboor, to be hayyin layyin, “soft and tender,” and not to be hateful.

•••••• ••••• •••••• ••••••• ••••••••• •••••••••••• •••• ••••••••

Law kunta fazhan ghaleezh al-qalbi la-anfadoo min hawlik, If you (O Muhammad) had been harsh and hard-hearted, they would have run away from around you. (3:159)

Rasoolullah kaaan yuhaajimi ’n-naas, “Rasoolullah (s) was the most gentle one to his nation.” From where you are bringing that qabeeh, to be rough? You are such rough people, making people run away from you and your teachings which are against Holy Qur’an! Allah Almighty is ordering to His most beloved one, Sayyidina Muhammad (s): (Mawlana Shaykh stands.)

Wa laa tujaadilu Ahl al-Kitaabi illa billatee hiya ahsan. Laa am tahjumaa `alayna, shoo dhanbuna? Nahnu

naqool laa ilaaha illa-Llah Muhammadun Rasoolullah. After this, how you can attack us? What is our sin, what is our ghuna? (Mawlana Shaykh sits.) Laa hawla wa laa quwatta illa billah! Say and write in books, in speeches, and in broadcasting. Why you are so rough ones? And Allah Almighty is ordering to be hayyin wa layyin, to be gentle. Why you are not gentle men? Say! Leave us; we are only asking, “How we can we please our Lord, Almighty Allah?” Leave your arguments, jidaal, and teach people how they can please their Lord! We are not asking for anything, not your money or your imitated titles. Write books on this topic and send them to me. You are not (spreading this message) because you are not on the Right Way!

Say, “O people! Your lives are ayyaman ma`doodaat, in numbered days. One day you are going to be taken from this life to unknown worlds. How you will be there, that you will be taken in the Divinely Presence?” Teach them, teach them, and leave arguments! Keep people’s respect and be gentle with them, and as much as you can give your pleasure to them, to crowd people around you (seeking true knowledge).

May Allah forgive us. Tawbah yaa Rabbee.

Fatihah.

(Sultan prays two raka`at Salaat ash-Shukr.)

Fatihah.

(39 minutes)

Mawlana Shaykh sings:

Dome, dome, dome, dome 4x

Who runs from trumpets here (this singing) can't hear heavenly singings and trumpets. Let them go! May Allah forgive us. Allah, Allah.

Dastur Ya Rijal Allah support us with your madad O As'habu Al Nawba, keep your eyes over us. We ask our Lord & His Prophet (saws) to forgive us & intercede for us. Allahu Akbar, Allahu Akbar La Ilaha illa Allah, wa Allahu Akbar, Allahu Akbar wa Lillahi Al Hamd. Alf Salat wa alf salam 'ala Sayyidi Al Awwalin wa Al Akhirin, Sayyidina Muhammadin wa 'ala alihi wa Sah'bihi Aj'main.

Welcome to the believers, to the Muslims, to the faithful. Our Lord (jwa) sent Prophets (as) to give advice. He first of all advised Sayyidina Adam (as). Allah (jwa) gave advice to Sayyidina Adam (as). "but come not near this tree or you both will be of the wrong-doers" (2:35) This is the first advice Allah (awj) gave to Adam (as) and the children of Adam (as). "I have given you honourable stations, as long as you listen to My words and My advice and you keep My advice. You are dear to us. We love you & grant you, and your stations rise so you may be among the honoured ones. There is a group of angels, the ones who have nearness, the ones who never disobey Allah (swt) and do what they are ordered to do. This is a reason for the servant to want to obey his Lord (jwa) to listen. Listen & obey! To be listening and obeying. This is it. Rabbu Al 'Izza.

The Prophet (saws) said, "Religion is advice." The first advice from Allah (swt) to Adam & Hawa (as): "Listen & obey Me, you will be honoured ones. Otherwise your place will be far from the furthest, furthest, furthest..." Poor servant, I am poor servant.. I do not claim anything, or know or.. I do not claim to know everything and so I advise the servants of The Lord, hasha! I am a weak servant. We are non-Arabs, and the Holy Quran descended in an eloquent Arabic language that is not possible to reproduce or for any human being to make like it. Subhana

Allah! And therefore... no matter how much my heart longs to obey my Lord I also like for the children of Adam (as) to obey their Lord, be faithful to Him (swt) and His Beloved... following him (saws).

Masha'Allah Ya Sayyidi. How many days I've been wanting to speak, make a meeting, sohbah, the meeting of advice. And meeting of advice, teaching manners. Advising for what? Allahu Akbar! Advice to teach manners with The Lord Jalla Jalalu, Subhansin Ya Rabb! Sultansin Ya Rabb Subhansin! You have honoured us, You created us & honoured us. As our Lord (jwa) says "Wa Laqad Karramna Bani Adama" (17:70) -Indeed We honoured the children of Adam This honour has not been given to anyone else and it means "O children of Adam, keep your honour." "Keep Me, We keep you." Subhana Allah! And therefore "Religion is advice" said the Prophet (saws). O people, Allah (swt) honoured you, what else do you want? And He (swt) promised you "Inna Al-Ladhina Amanu Wa Amilu As-Salihati Kanat Lahum Jannatu Al-Firdawsi Nuzulan" (18:107) "Khalidina Fiha L Yabghuna Anha Hiwalan" (18:108) What do you want more O people!

And the addressing is specially for the Arab people because He (jwa) honoured them with an Arab Prophet (saws). I am weak O my Lord, O Rasulallah... Ummat a weak nation, my Arabic is also weak O Rasulallah! The Prophet (saws) laughs when I say my Arabic is weak. and he (saws) saying "we know, we know!" The Sultan of all Prophets (as) "but for you, but for you Ma Khalaqt Al Aflaq" (I would not have created the universes) All the angels in Laylatul Mi'raj in all the skies & Heavens & Angels they were standing glorifying & honouring the Prophet of the end of times who has been ordered to step on the Throne. Allah (jwa) said to Sayyidina Moses "Fakhla` Na`layka" (20:12) He (swt) said to His Beloved "Step! Step on My Throne, it will be honoured."

O you Arabs, where are you? Where are you? Where is your education? Where are your manners with the him (saws) who brought the absolute message? The Beloved of Allah (swt)! The one with the absolute intercession Karim Allah! Allah Allah! We are now in a time, a time where we are not listening to the words of Al Haqq. The advice of the Prophet (saws) "Listen & take wisdom. If you do you will take benefit. Let go of your egoistic desires. Follow my way." Then Al

Haqq says to Sayyidina Moses, and his brother Sayyidina Harun (as) "Fastaqima!" (10:89) (Be straight) Now who has straightness? Straightness.. the best of honours is granted by being straight. And the Prophet (saws) of the end of times said: "Surat Hud turned me gray, since in it there was a verse addressed to me." "Fastaqim Kama Umirta" (11:112) (Be straight as you are commanded.) Aman Ya Rabbi. Surat Hud turned me gray...

Where are the Arabs? Where are the Arabs? Where are the Arabs? It does not suit you this fighting, this arguing, dishonoured behaviour and fighting one another. And none of you is taking any steps to prevent one another from these killings that Allah (awj) forbade. Where are you Arabs? Where are the Egyptian people, the Moroccan people? The people of Hijaz, where are you? "Wa La Tuqtulu Anfusukum." (4:29) (Don't kill each other) Aman Ya Rabbi, religion is advice. I am ashamed from my Sayyidi & Mawlay (my master) Rasulullah. I am ashamed to address his (saws) nation in the presence of the great scholars from East to West of the Arab world. I am ashamed, ashamed.. I am a weak servant. I am crying for my sins. Mawlay and Master of the worlds, The Master of the honourable messengers. He (saws) said to me speak & don't feel ashamed.

O Muslims! Specially Arabs, make peace & do not be divided, "do not be divided" (3:103) "Wa A`tasimu Bihabli Allahi Jami`an Wa La Tafarraqu" (3:103) Is this Arabic or not? O Arab Muslims, "Wa La Taqtulu Anfusakum" (4:29) To kill one another is forbidden. Haram/Forbidden. And the worst punishment will be on the head of those who do not listen to the Orders of Allah (swt) and kill the servants of Allah (swt) unjustly. Whether you are young or old are you not afraid O men leading nations, Arab presidents? Don't you have any fear? One day you are here & the next you you will be in your graves, and how will your situation be then? Allahu Akbar, Allahu Akbar! La Ilaha illa Allah Wa Allahu Akbar, Allahu Akbar wa Lillahi Al Hamd. "'Inna Batsha Rabbika Lashadidun"(85:12) Addressing the Prophet (saws) "Verily, the Wrath of your Lord is severe"(85:12) Let them become straight, otherwise "the wrath of your Lord is severe" (85:12) He Will take revenge. He will take revenge, Al Muntaqim (jj).

Tawba Ya Rabbi, O people repent to Allah (swt). Say "we repent & turn to You." Let go of the weapons. Let go of the fighting otherwise He Who Orders from Heavens will not leave even an

ant size of you. He does not fear from chemical weapons or this weapons or that weapons, or chemical. You are proud of your chemical weapons over the servants of the Lord, and you use them with the worst possible actions. Fear Allah (swt) servants of Allah. Otherwise the month of Dhul Qa'da is coming, then Dhul Hijja then Muharram Al Haram is your limit. Then the 10th of Muharram, the order to someone will come from Heavens and he will clean the earth.

Suhbahanahu wa Ta'ala, Suhbahanahu wa Ta'ala, O people! Take your precautions, take your precautions. Leave injustice & listen to the words of the Lord. This is the advice and Allah (jwa) may send you armies from Heavens to kill the armies of the devil. Listen and take wisdom. If you do so you will benefit.

Tawba Ya Rabbi. Tawba Ya Rabbi, tawba Ya Sayyidi Ya Rasulallah, do not leave us to our egos not for a blink of an eye, or less than that. Do not let us be from those whose characters are like Qarun running after the treasures of the world. He collected all the treasures of the world then he and his treasures sank into the earth. We ask protection, we ask protection... Spend for the sake of Allah Almighty. You are our Sultan, "Appoint for us a King so we may fight in Allah's way" (2:246) So we may fight the devils & their armies. And Allah (swt) is the Victorious One and no other than Him.

Say, O servants of the Lord, do not go in the streets & protest, but say "Ya Ghaliban Ghaira Maghlub" "O Victorious One that can never be defeated". This is enough for you. "Ya Ghaliban Ghaira Maghlub, "Ya Ghaliban Ghaira Maghlub" "'Ati`u Allaha Wa Ati`u Ar-Rasula Wa Uli Al-'Amri Minkum" (4:59) Wa Al Hamdulillah I have declared what was sent to my heart. Tawba Ya Rabb Tawba Ya Rabb. My addressing is like the addressing of an ant, "Qalat Namlatun Ya Ayyuha An-Namlu Adkhulu Masakinakum La Yahtimannakum Sulaymanu Wa Junuduhu" (27:18) Enter your homes, that is the order. If there is corruption, do not go out in the streets. Safety is in your homes. Stay in your homes, close your doors with Bismillah Al Rahman Al Rahim & do not fear from anything coming from above or from outside. Nothing will come on you. The angels will protect you, Subhana Allah, Subhana Allah!

O believers, believe in Allah (swt) and His Prophet (saws). Allah! tawba Ya Rabbi, tawba Ya

Rabbi! Tawba Ya Rabbi, We ask our Lord that the 10th of Muharram may be the end of the armies of the devil, defeated by the armies of The Lord. And from East to West raise the banner of the Prophet (saws), the banner of Mahdi (as) the banner of the Sultan of Sham, may Allah (swt) support him. Allah! Gather us together with Sahib Al Zaman. Gather us together with Sayyidina Isa (as). Gather us in the days when the people of Islam will be from East to West over all the false religions. Islam is the highest. Hold to it and you will be saved in this world and in the Hereafter.

Wa min Allah Al Tawfiq. Tawba Ya Rabbi, Fatiha.

**Be Straight!**

---

As-salamu Alaykum Ay Yaran Shah Mardan. O those who love Shah Mardan, those who listen to him, those who are on his way, may you be in safety. Go ahead (speak) O Shah Mardan. Let's listen to you. Your Yaran are countless. Let's say, Bismillahi r-Rahmani r-Rahim - how nice, the key that opens the doors to all treasures - Miftahu r-Rahmah, the key to the doors of Rahmah (Mercy). Let's say - Bismillahi r-Rahmani r-Rahim. Go ahead O Shah Mardan, Sahib Dawran, Habibu r-Rahman. O Shah Mardan, go ahead (speak). Shah Mardan is saying - Let's say a few words, let's say a few words that will benefit these people. Go ahead O Shah Mardan, Sahib Kiran, (who smashes Kufr) Sahib Zaman. What are those words? A saying for all people - Be straight! Don't be crooked! He is saying - be straight.

MashaAllah, O Shah Mardan. This is giving all people such a power that you cannot know its limits. It's an order from heavens, Habibu r-Rahman, Sahib Dawran is saying to all people - Be straight! Don't be crooked. Snakes are crooked/ curved. Be straight! "Fastaqim Kama Umirta" (11:112) Prophet (sws) said - "Shayyabatni Surat Hud" The surah Hud aged me, it made me get older. Why? Such an order came - "Fastaqim Kama Umirta" (11:112) Be straight the way you were ordered to be! The meaning for all people - Be straight! Go ahead O Shah Mardan, I am waiting for your explanation. What a nice saying - Be straight! Don't be crooked! Don't be crooked, be straight. The order from heavens for the Prophet salawatullahi wa salamu alayhi - "Fastaqim Kama Umirta" (11:112), Be straight the way you were ordered, O My Habib. Allahu Akbar! This is enough and more than enough for all people: One saying, one advice, one order from heavens - be straight. Is there anything wrong in Islam? Islam is not crooked. Islam is ordering people to be straight. Don't be crooked! Snakes are curvy, not straight. They will crush

you. Be straight!

Go ahead O Shah Mardan. How nicely you said it. Ay Yaran Shah Mardan. Those listening to Shah Mardan, today a saying came for all mankind. If someone says it is wrong, they can boil in hell with satan. Islam has no faults. The order of Islam for all people - Be straight. MashaAllah. Is there anything wrong in Islam? This is the order of Islam. Shah Mardan is informing us. "Wa Dhakkir Fa'inna dh-Dhikra Tanfa'u l-Mu'uminina" (51:55) Remind, because to remind gives believers strength. They get power. Wa Dhakkir - Remind Fa'inna dh-Dhikra Tanfa'u Al-Mu'uminina - because reminding benefits believers. And so Shah Mardan is telling us. Shah Mardan, Sahibul Maydan, he is saying - O people be straight. It is one saying. If it's wrong, let one person stand up and say that this saying of Shah Mardan's is wrong. Let them say that this order of Islam is wrong. Let him come out into the open. Let the Christian world come out and say that Islam is wrong. Let the Jews say that Islam is the wrong way. Allah (swt) will ruin them. Islam is giving an order and Shah Mardan is repeating that order for us.

What is Islam ordering people? Be straight. Allah Allah! You can write many books, and talk about being straight, true, right. Don't be crooked. MashaAllah O Shah Mardan. Your saying is beautiful. With one saying you said the summary of all orders and teachings of Islam. Islam is telling people - be straight. If it's wrong, let the Christians & Jews & Indians & Chinese say. Let the Chinese people and their scholars say that this way is wrong. Every way other than this way is wrong. This is the order of Islam. Islam is not saying anything else to people. Be straight. What does straight mean? Be true! Don't twist and turn like a snake. Be like the arabic letter Alif - a straight line. What do we want? Why does the Christian world attack Islam? Or what didn't the Jews like about Islam that they refuse to accept it? Everything in Islam is straight. But those whose characteristics are to twist and turn like a snake, they are not accepting. Because everything they do is twisted/ crooked like a snake.

One order. Let the whole world say. Let their scholars say that Islam is wrong. What is Islam ordering you? The Prophet (sws) of the last days, the Beloved One of Allah (swt) said: "Innama bu'ithtu li'utammima makarimal akhlak" - I was sent to people to teach them to be straight. Islam says - be straight, don't be crooked. Crooked ones are satan and snakes. One saying. O Shah

Mardan, MashaAllah. You gathered all people; it is enough for all people. But those who follow satan they don't want to be straight. The world today has fallen into a tornado. They are looking for a way to be saved. Why are you looking? There is one way to be saved. What is it? It is Islam. What has Islam ordered? Be straight, be straight like the Alif. If this doesn't suit you, then you'll be crushed. No help will come to you from heavens. Storms and tornados will come. You will be afflicted with killing one another with oppression. Thousands of satans will come to make you lose your humanity.

Being straight didn't please satan. It said - I can't come, I won't accept. It said - I won't accept being straight. Then go to hell. Those who are not straight will go to hell. And people today are not appreciating this. There is one Creator. There is one Order. That is why the Prophet of last days said, because Allah (swt) said to the Prophet of the last days - "Fastaqim" - O My Habib, be straight. How beautiful. Be straight, I don't want anything else. Who is not straight? Satan. And people of today have become like satan. There are no people, no nations left who are straight. They all want to be crooked and because they are not keeping one order, the whole world has fallen into such a dead-end. They are bewildered. What is the reason? Why aren't they asking what the reason is? The whirlpool that people have fallen into today... they call it whirlpool... it turns like this in the sea... what is it? In the sea there is place that is turning, they call it whirlpool. The sea water is turning there. If it catches anyone, they sink & drown. They don't come back up.

And now the whole world has fallen into a whirlpool because of one reason. Go ahead O Shah Mardan, Sahib Dawran, your Yaran are listening to you. The whole world has to listen. They have fallen into a whirlpool. There is a place in the sea where water is turning, even if a big boat goes inside, it will be sunk. It's called a whirlpool. They have fallen into a whirlpool. Satan made people fall into a whirlpool. They are turning & turning, They are being pulled down and cannot go back up. One order will save mankind. Go ahead O Shah Mardan, Sahib Dawran, Asadullahi l-Ghalib, Allah's undefeated lion, go ahead speak. Give mankind some advice. This is the advice - one saying. What Islam wants from people is one thing - Be straight, don't be crooked. Snakes are twisting and turning. Be straight, what a beautiful saying.

Be straight so you will be saved. If you're not straight, the whirlpool will pull you down and you can't go back up again. This is the advice. O Shah Mardan, Sahibul Maydan, Habibur-Rahman, Ali Ibn Abi Talib (Karram Allahu wajhahu). Why has Islam reached to this day? Go ahead O Shah Mardan. Because Islam is straight/ true, it has continued until this day. Today half the population of the world is Muslim. If not, one third is Muslim. Why? Islam is giving you an Order. It says - Be straight, "Fastaqim". To be straight means to not be crooked. But this is not to satan's advantage. Satan says - follow me. I'll take you to such a place that you will love. And then it will bring you and throw you into a whirlpool. And people today have fallen into satan's whirlpool. Why? Because they weren't straight. They didn't accept to be straight. They each brought a made-up system - we will be saved with this. They brought disbelief in front of Islam. Can disbelief stand against Islam? What have you become? You became monkey people. Shame on you.

And those claiming to be Muslim have fallen into satan's whirlpool also. Satan said - you will be saved with this. All the people in charge say Democracy.. it is really Dirt-ocracy. Why do you say democracy? Was it sent from heavens? Or is it from satan? Satan's made-up system is democracy. Demos, in Greek means crazy. Craci, means ruling. Demos, in Greek means satan, means crazy. The crazy one's, oppressors', mindless peoples' made-up ruling system. It is a whirlpool, satan's whirlpool. They say - democracy. Even those claiming to be Muslim are saying democracy. Shame on them. May their degrees be ruined. One order that Allah (swt) sends is enough. Be straight. Every trick and every type of cheating that the fox doesn't know, you can find in democracy. Leave that!

Let's talk about Alexander The Great and how he became great. He kept the orders of Allah. Alexander the Great was following the order to be straight. He strived to keep this order. Alexander The Great tried as much as he could to keep the orders of Allah. And his teacher who taught him, Pokrat, Aristokrat the wise ones during his time, those who accepted their Lord said to him - Keep the orders of Allah and don't listen to ignorant people, or else the world will be upside down. That was Aristotle's advice to Alexander The Great. They (Democrats) give the right to speak to ignorant ones. Well, these people's democracy means crazy in Greek (demos). It

means jinn. Demos means afrit (satanic jinns). Afrit means the ones who are satan's representatives. How did satan enter among people? He entered by means of these mindless ones. According to their way, there is no straightness.

To be straight is an order from heavens. Allah (swt) gave one order to mankind. They have so many rules, this and that... they are occupied with constitutions...foolish ones! What do you know about constitution, didn't one come from heavens for you? Didn't the rules to show you your way come from heavens? Yes it did but... It is one order. The order coming from heavens that was given to all Prophets - Be straight. There were no Prophets that didn't tell their nations to be straight. People today are not accepting to be straight. They want democracy. Democracy is the sultanate of Afrit. Afrit means the sultanate of satans. Democracy is the sultanate of satans. The whole world today is under the sultanate of satans. They are making people suffer, because satan's sultanate means to be crooked... politics and democracy.

They cannot accept the one order, the order from heavens - Be straight. That means - Be true. Nothing else. Alexander The Great came from Macedonia. As a young man, 19 years old, he was taught by the wise ones of that time. He had teachers who knew the orders of the heavens. They said to him - O Alexander, be straight and go on your way. No force can stand against you. He went until the iron door. It was the iron door, right? He found a chain in the province of Van. They said - the road is closed, you cannot cross to that side. I can't cross? He had an order to be straight. To be straight. Be straight and don't fear. It is said that the one who cannot break this chain can't pass to the other side. Whoever can open this knot can pass. He drew his sword and with one blow he broke the chain open. Why? Because he walked straight.

Now the whole world has become satans. They can't keep even one order. The order from heavens to people - Be straight. Is there anything else? But people have become the students of satan. They continuously follow him. Leave him! The order is saying to be straight, to be true. Because he was straight, he went all the way to India. Where is Macedonia and where is India? And those places that he went, Allah (swt) allowed me to go and see those places. The countries he went to, neither cars nor horses can pass through those roads. He went there and stopped. He reached his goal. He followed what his teachers said and went. What did his teachers tell him? Be

straight. And all Prophets told their nations one order - to be straight. Don't be like a snake. Be straight like an arrow. This is history. That is what Alexander's teachers taught him. Be straight and true. And that is what Shah Mardan is saying.

O people, if you want to save yourselves, Islam has one order: Be straight. If not, whatever you do will collapse. It is like trying to hammer a post into hay. It won't hold. The foundation is this order. Shah Mardan, Mashallah, He gave such a lesson today that is sufficient & also a healing for us. Islam has one order - Be straight. Is it wrong? It is wrong for those who don't profit from it because they want to enter into every dirtiness. Islam is the religion for clean ones, the way of pure ones. It is the way of heavens. All other ways are satan's ways. And satan has thrown them into the troubles and afflictions of today, because they aren't keeping one order. The one order of Islam - O people be straight and don't fear. They didn't accept being straight and so they fell into this situation. They will finish each other off. Let them do that. They are greedy, shameless, rude, immodest, unashamed, and without virtue. They jump into every dirtiness that they call democracy, satan's trap. It isn't a system, it is satan's trap. And people today are in that trap. They can't escape.

There's only one solution. Shah Mardan (alayhi ridha r-Rahman) is telling us one thing: O people, be straight and be saved. Being straight doesn't work to the advantage of satan or its followers. That is why they fell in such a whirlpool, they can't get out. It will turn and pull them to the bottom of the sea and finish off mankind. Why? One Order of Islam, and all Prophets taught that also, Be straight! Leave tricks and cheating. Leave tricks. Satans are tricking people into traps and there is no chance to escape. Why? Because they are not straight. There are no straight people left. All of them follow satan's instructions - do all dirtiness, don't be straight. Shah Mardan is informing us - O people be straight and be saved. Since you are not straight, you won't be saved.

Democracy means the ruling of the crazy ones and afrit. They don't teach this in schools. Why not? Because it doesn't benefit satan. And it doesn't benefit those following satan. And no one is looking for a straight person. All the ones with tricks and cheating are gathering and attacking each other with claims of arrogance. This world has come to the edge of the cliff. "Wa Kuntum

'Ala Shafa Hufratin Mina An-Nari Fa'anqadhakum Minha" (3:103) Allah (swt) is saying - O ignorant people, you were right on the edge of the cliff, you were going to fall and Allah (swt)... Hablullahi l-Mateen...He sent down His unbreakable rope from heavens you held it and were saved. That is how you were saved. For 1500 years Islam is standing strong and firm because it has no tricks. Islam has one Order for people. O Shah Mardan, go ahead tell us what it is - Be straight! Finished, all problems are solved. All dead-ends open up. Like when Alexander struck with his sword and his way opened. Why? Because he said - I am going on the way of the Lord whom I believe in. Alexander had no tricks. That is why he became Alexander the Great.
All those who went crooked, fell into whirlpools. The whole world today is in a whirlpool.

Neither Obama, nor Europe, nor Putin can save you because they don't have principles. Because there is one Order - Be straight. Politics is the curse that drowns people in the river of every type of dirtiness. Get rid of politics and look to keep the order/system that Allah (swt) sent. To summarize - Be straight. These people didn't accept to be straight and fell into this whirlpool. Let them struggle to get out. Armageddon is coming for them to finish each other off. Wars are coming that will take away maybe half the world's population. Why? Because they weren't straight. If they were straight, they wouldn't fight. O our Lord, forgive us.

Go ahead O Shah Mardan. Your dua (prayers) are accepted and considered. May the good tidings of Habibu r-Rahman come to pass. May a Sultan come for us. A Sultan is shari'ah (islamic law). And the one who keeps the shari'ah is the Sultan. And the Sultan is the shadow of Allah (swt) on earth. Allahumma haqqiq. O our Lord, send us a Sultan soon. There is one saying that will save us from the whirlpool - Be straight. That's it. If you don't accept, you will be drowned and finished. Even if only 5 people are left in the world, they will be finished off. The order from heavens is - Be straight. All Prophets explained this, they also said to be straight. The order of the Prophet of the last days - Be straight. Be like the letter Alif, a straight line. O our Lord forgive us. Go ahead O Shah Mardan. Habibur-Rahman... please make dua for us, for your Yaran. Your dua is accepted, we are waiting. We are waiting for divine help/support. Be straight and be saved. If not, you'll be finished.

Allah Ya Rabbi, You are Al-Qadir Al-Muqtadir (All Powerful). For the sake of this holy month -

the month that is associated with Your Great Name, Shahrullah - send us help/support Ya Mawla. Ay Sahib Kiran, Shah Mardan, we are waiting for your prayers for Islam and for people. We want a Sultan who will protect us from satan's evil. Who is a Sultan? The one that is straight. The one that is curved is a snake. In all countries, snakes are ruling. And those they bite never succeed. Tawbah ya Rabbi, Tawbah ya Rabbi, Tawbah astagfirullah. And make us from Your straight servants. Islam has one Order - Be straight. That means - Be true, be straight. Allah (swt) won't humiliate you, just be straight in every thing you do. Be straight, your Lord won't humiliate you. Success is from Allah (swt).

Send us a Sultan who will save us from this weakness. Those who will destroy the armies of satan, who will come from heavens, Rahmani. We are waiting for those angels. They should rule according to Shari'ah Gharra'un Ahmadiyya (White Islamic Law). Let's be straight. This is Islam - be straight. The ones who are bent are snakes. And people are imitating snakes. Aman ya Rabbi Tawbah ya Rabbi, Tawbah astagfirullah. Ya Rabbi let the Master come who will raise the banners of Islam ya Rabbi. Let Your lions come, ya Rabbi. Go ahead O Shah Mardan, your prayers are never sent back unanswered, they are accepted. Please pray for us, so that we will be straight. One saying - Be straight. Everyone understands to 'be straight' in their own language. May the banners of Islam be raised. We want to see it, ya Rabbi. Grant us for the sake of Your beloved Habib (sws). Zid Habibaka izzan wa sharafa, nuran wa surura wa ridwanan wa Sultana. The sultanate of those who are with him (sas) is forever. They will come and rule. Let us be with them, to serve with them, ya Rabbi. Fatiha.

A very interesting sohbah. Be straight! So many interesting things. Those who are straight have been raised up like flags. Those who are not straight have sunk into the ground. And the sultanate of satan will also sink. The Sultanate of Haqq (truth) is forever. It is supreme, in heavens and earth.

Fatiha.

As-Salamu `alaykum, ay Yaran Shah Mardans. O jene, die Shah Mardan lieben, jene, die ihm zuhören, jene, die auf seinem Weg sind, möget ihr in Sicherheit sein. Mach weiter, o Shah Mardan. Hören wir dir zu. Deine Yaran sind unzählige. Sagen wir: Bismillahi r-Rahmani r-Rahim. Wie schön! Der Schlüssel, der die Türen öffnet zu allen Schätzen - Miftahu Rahman, der Schlüssel zu den Türen der Rahma, der Gnade. Sagen wir: Bismillahi r-Rahmani r-Rahim. Mach weiter, o Shah Mardan, Sahib Dawran, Habibu r-Rahman. O Shah Mardan, mach weiter. Shah Mardan sagt: Sagen wir ein paar Worte, sagen wir ein paar Worte, die diesen Menschen von Nutzen sein werden. Mach weiter, o Shah Mardan, Sahib Kiran, der den Kufr zerschmettert, Sahibu z-Zaman. Was sind diese Worte?

Ein Ausspruch für alle Menschen: Seid gerade! Seid nicht krumm! Er sagt: Seid gerade! Ma sha' Allah, o Shah Mardan. Das gibt allen Menschen solch eine Kraft, daß du nicht weißt, wo die Grenze ist. Es ist ein Befehl von den Himmeln. Habibu r-Rahman, Sahib Dawran sagt allen Menschen: Seid gerade! Seid nicht krumm! Schlangen sind gewunden. Seid gerade! "Fastaqim Kama Umirta" (11:112). Der Prophet (saws) sagte: "Shayyabatni Surat Hud" - die Sure Hud ließ mich altern, sie führte dazu, daß ich alterte. Warum? So ein Befehl kam: "Fastaqim Kama Umirta" (11:112). Sei gerade, wie dir befohlen worden ist! Die Bedeutung für alle Menschen: Seid gerade! Mach weiter, o Shah Mardan, ich warte auf deine Erklärung. Was für ein schöner Ausspruch: Seid gerade! Seid nicht krumm! Seid nicht krumm, seid gerade! Der Befehl von den Himmeln für den Propheten, Salawatullahi wa Salamu `alayhi, "Fastaqim Kama Umirta" - Sei gerade, wie dir befohlen worden ist, o Mein Habib. Allahu Akbar! Das ist genug und mehr als genug für alle Menschen. Ein Ausspruch, ein guter Rat, ein Befehl von den Himmeln: Seid gerade! Stimmt irgendetwas nicht im Islam? Der Islam ist nicht krumm! Der Islam befiehlt den Menschen, gerade zu sein. Seid nicht krumm! Schlangen sind gewunden, nicht gerade. Sie werden euch vernichten. Seid gerade!

Mach weiter, o Shah Mardan. Wie schön, du es gesagt hast! Ay Yaran Shah Mardans. Jene, die Shah Mardan zuhören, heute kam ein Ausspruch für die ganze Menschheit. Wenn jemand sagt, daß es falsch ist, kann er in der Hölle schmoren mit Shaytan. Der Islam hat keine Fehler. Der Befehl des Islam für alle Menschen: Seid gerade! Ma sha' Allah. Stimmt etwas nicht im Islam? Dies ist ein Befehl des Islam. Shah Mardan informiert uns. "Wa Dhakkir Fa'inna dh-Dhikra

Tanfa'u l-Mu'minin" (51:55). Erinnere, denn zu erinnern gibt den Gläubigen Stärke. Sie bekommen Macht. Wa Dhakkir - Ermahne - Fa'inna dh-Dhikra Tanfa'u l-Mu'minin - weil die Ermahnung den Gläubigen nützt. Und also erzählt es uns Shah Mardan. Shah Mardan, Sahibu l-Maydan sagt: O Leute, seid gerade. Es ist ein Spruch. Wenn es falsch ist, soll einer aufstehen und sagen, daß dieser Spruch Shah Mardans falsch ist. Sie sollen sagen, daß dieser Befehl des Islam falsch ist. Laßt sie hervorkommen! Laßt die christliche Welt hervorkommen und sagen, daß der Islam falsch ist. Laßt die Juden sagen, daß der Islam der falsche Weg ist. Allah (swt) wird sie vernichten. Der Islam gibt einen Befehl und Shah Mardan wiederholt diesen Befehl für uns. Was befiehlt der Islam den Menschen? Seid gerade! Allah Allah! Ihr könnt viele Bücher schreiben und darüber sprechen, gerade, wahr, recht zu sein. Seid nicht krumm. Ma sha' Allah, o Shah Mardan. Dein Spruch ist schön. Mit einem Spruch faßt du alle Befehle und Lehren des Islam zusammen. Der Islam sagt den Menschen: Seid gerade! Wenn es falsch ist, sollen die Christen, die Juden, die Inder und Chinesen es sagen. Die Chinesen und ihre Gelehrten sollen sagen, daß dieser Weg falsch ist.

Jeder Weg außer diesem Weg ist falsch. Dies ist der Befehl des Islam. Der Islam sagt nichts anderes zu den Menschen. Seid gerade. Was bedeutet 'gerade'? Seid aufrichtig! Dreht und windet euch nicht wie eine Schlange. Seid wie der arabische Buchstabe Alif, eine gerade Linie! Was wollen wir? Warum greift die christliche Welt den Islam an? Oder was gefiel den Juden nicht am Islam, daß sie sich weigerten, ihn anzuerkennen? Alles am Islam ist gerade. Aber jene, deren Eigenschaften sind, sich zu drehen und zu winden wie eine Schlange, erkennen es nicht an. Weil alles, was sie tun, ist, sich zu winden wie eine Schlange. Ein Befehl. Die ganze Welt soll sagen, ihre Gelehrten sollen sagen, daß der Islam verkehrt ist. Was befiehlt euch der Islam? Der Prophet (saws) der letzten Tage, der Geliebte Allahs (swt) sagte: "Innama Bu'ithtu Li'Utammima Makarima l-Akhlak" - Ich wurde zu den Menschen gesandt, um sie zu lehren, gerade zu sein. Der Islam sagt: Seid gerade, seid nicht krumm! Krumme sind Shaytan und Schlangen. Ein Spruch. O Shah Mardan, ma sha' Allah. Du hast alle Menschen versammelt. Es ist genug für alle Menschen. Aber jene, die Shaytan folgen, wollen nicht gerade sein. Die Welt heute ist in einen Tornado geraten. Sie suchen nach einem Weg, gerettet zu werden. Warum sucht ihr? Es gibt einen Weg, um gerettet zu werden. Was ist er? Es ist der Islam. Was hat der Islam befohlen? Seid gerade, seid gerade wie das Alif. Wenn euch das nicht paßt, dann werdet ihr vernichtet werden.

Keine Hilfe wird für euch von den Himmeln kommen. Stürme und Tornados werden kommen. Ihr werdet heimgesucht werden mit gegenseitigem Töten, mit Unterdrückung. Tausende von Shaytanen werden kommen, um euch euer Mensch-Sein verlieren zu lassen.

Gerade zu sein, gefiel Shaytan nicht. Er sagte: Ich kann nicht kommen. Ich werde es nicht anerkennen. Er sagte: Ich werde nicht anerkennen, gerade zu sein. Dann fahr zur Hölle! Jene, die nicht gerade sind, werden zur Hölle fahren. Und die Menschen heute würdigen das nicht. Es gibt einen Schöpfer. Es gibt einen Befehl. Deshalb sagte der Prophet der letzten Tage, weil Allah (swt) zu dem Propheten der letzten Tage sagte: "Fastaqim" - O Mein Habib, sei gerade. Wie schön. Sei gerade! Ich will nichts anderes. Wer ist nicht gerade? Shaytan. Und die Menschen von heute sind wie Shaytan geworden. Es gibt keine Menschen, keine Nationen mehr, die gerade sind. Sie wollen alle krumm sein und weil sie einen Befehl nicht einhalten, ist die ganze Welt in so eine Sackgasse geraten. Sie sind verwirrt. Was ist der Grund? Warum fragen sie nicht, was der Grund ist? Der Strudel, in den die Menschen heute geraten sind, sie nennen es Strudel, es dreht sich so im Meer. Was ist es? Im Meer gibt es eine Stelle, die dreht sich, sie nennen es Strudel. Das Meerwasser dreht sich dort. Wenn es jemanden erfaßt, versinken sie und ertrinken. Sie kommen nicht wieder hoch. Und jetzt ist die ganze Welt in einen Strudel gefallen, aus einem Grund. Mach weiter, o Shah Mardan, Sahib Dawran, deine Yaran hören dir zu. Die ganze Welt muß zuhören. Sie sind in einen Strudel geraten. Es gibt einen Ort im Meer, wo das Wasser sich dreht. Selbst ein großes Boot, wenn es hineingerät, wird versenkt. Es wird Strudel genannt. Sie sind in einen Strudel geraten. Shaytan sorgte dafür, daß die Menschen in einen Strudel gerieten. Sie drehen und drehen. Sie werden heruntergezogen und können nicht wieder hochkommen. Ein Befehl wird die Menschheit retten. Mach weiter, o Shah Mardan, Sahib Dawran, Asadullahi l-Ghalib, Allahs unbesiegter Löwe, mach weiter. Gib der Menschheit guten Rat. Dies ist der gute Rat, ein Spruch. Was der Islam von den Menschen will, ist eine Sache: Seid gerade, seid nicht krumm! Schlangen drehen und winden sich. Seid gerade! Was für ein schöner Ausspruch! Seid gerade, damit ihr gerettet werdet. Wenn ihr nicht gerade seid, wird euch der Strudel hinabziehen und ihr kommt nicht wieder hoch. Das ist der gute Rat. O Shah Mardan, Sahibu l-Maydan, Habibu r-Rahman, Ali ibn Abi Talib, Karram Allahu Wajhahu. Warum hat der Islam unsere Tage erreicht? Mach weiter, o Shah Mardan. Weil der Islam gerade, aufrichtig ist, hat er bis in unsere Tage fortbestanden. Heute ist die Hälft der Weltbevölkerung Muslim. Wenn nicht, dann ist

ein Drittel Muslim. Warum? Der Islam gibt euch einen Befehl. Es heißt: Seid gerade,"Fastaqim". Gerade zu sein, bedeutet, nicht krumm zu sein. Aber das ist für Shaytan kein Vorteil. Shaytan sagt: Folgt mir! Ich nehme euch zu einem Ort mit, den ihr lieben werdet. Und er wird euch dorthin bringen und in einen Strudel werfen. Und die Menschen heute sind in Shaytans Strudel geraten. Warum? Weil sie nicht gerade waren. Sie akzeptierten nicht, gerade zu sein. Jeder von ihnen brachte ein erfundenes System: Wir werden uns damit retten. Sie brachten Unglauben vor den Islam. Kann Unglauben gegen den Islam bestehen? Was ist aus euch geworden? Ihr wurdet Affen-Leute. Schande auf euch!

Und jene, die beanspruchen, Muslime zu sein, sind auch in Shaytans Strudel geraten. Shaytan sagte: Ihr werdet euch damit retten. All die Menschen in der Verantwortung sagen 'Demokratie'. Es ist tatsächlich Dreck-okratie! Warum sagt ihr Demokratie? Wurde sie von den Himmeln gesandt? Oder ist sie von Shaytan? Shaytans erfundenes System ist die Demokratie. 'Demos' auf Griechisch bedeutet 'verrückt'. 'Crasi' bedeutet 'Herrschaft'. 'Demos' auf Griechisch bedeutet 'Shaytan', bedeutet 'verrückt'. Der Verrückten, Unterdrücker, Hirnlosen erfundenes Herrschaftssystem. Es ist ein Strudel, Shaytans Strudel. Sie sagen 'Demokratie'. Auch die, die beanspruchen, Muslime zu sein, sagen 'Demokratie'. Schande auf sie. Mögen euere Rangstufen ruiniert sein. Ein Befehl, den Allah (swt) sendet, ist genug: Seid gerade! Jeder Trick und jede Art von Betrug, die der Fuchs nicht kennt, findet sich in der Demokratie. Laßt das! Sprechen wir über Alexander den Großen und wie er groß wurde. Er hielt die Befehle Allahs ein. Alexander der Große folgte dem Befehl, gerade zu sein. Er strebte danach, diesen Befehl einzuhalten. Alexander der Große versuchte, so sehr er konnte, die Befehle Allahs einzuhalten. Und sein Lehrer, der ihn unterrichtete, Pokrat, Aristokrat, die Weisen in seiner Zeit, jene, die anerkannten, daß ihr Herr zu ihm sagte: Halte die Befehle Allahs ein und höre nicht auf unwissende Leute, sonst wird die Welt auf dem Kopf stehen. Das war der Rat des Aristoteles an Alexander den Großen. Sie geben den Unwissenden Rederecht. Nun, die Demokratie dieser Leute bedeutet verrückt in Griechisch. Es bedeutet Djinn. Demos bedeutet 'Ifrit'. Ifrit meint diejenigen, die Shaytans Stellvertreter sind. Wie bekam Shaytan Zugang zu den Menschen? Er bekam Zugang mithilfe dieser Hirnlosen. Auf ihrem Weg gibt es keine Geradheit. Gerade zu sein, ist ein Befehl von den Himmeln. Allah (swt) gab der Menschheit einen Befehl. Sie haben so viele Regeln, dies und das.. Sie beschäftigen sich mit Verfassungen.. Dummköpfe! Was wißt ihr von Verfassungen? Kam nicht eine von den Himmeln

zu euch? Kamen die Regeln, die euch den Weg zeigen sollen, nicht von den Himmeln? Ja, aber.. Es ist ein Befehl. Der Befehl, der von den Himmeln kam, der allen Propheten gegeben wurde: Seid gerade! Es gab keine Propheten, die ihrer Nation nicht sagten, gerade zu sein. Die Menschen heute erkennen nicht an, gerade zu sein. Sie wollen Demokratie. Demokratie ist das Sultanat der Ifrit. Ifrit bedeutet das Sultanat von Shaytanen. Demokratie ist das Sultanat von Shaytanen. Die ganze Welt ist heute unter dem Sultanat von Shaytanen. Sie lassen die Menschen leiden, weil Shaytans Sultanat bedeutet, krumm zu sein, Politik und Demokratie. Sie können den einen Befehl nicht anerkennen, den Befehl von den Himmeln: Seid gerade! Das bedeutet: Seid aufrichtig. Nichts anderes. Alexander der Große kam aus Mazedonien. Als junger Mann, 19 Jahre alt, wurde er von den Weisen jener Zeit unterrichtet. Er hatte Lehrer, die die Befehle der Himmel kannten. Sie sagten zu ihn: O Alexander, sei gerade und geh deinen Weg. Keine Macht kann gegen dich bestehen. Er ging bis zur eisernen Tür. Es war die eiserne Tür, stimmt's? Er fand eine Kette in der Provinz Van. Sie sagten: Die Straße ist versperrt. Du kannst nicht auf die andere Seite. Ich kann nicht hinüber? Er hatte einen Befehl, gerade zu sein. Gerade zu sein. Sei gerade und fürchte dich nicht! Es heißt, daß der, der diese Kette nicht brechen kann, nicht auf die andere Seite hinüber kann. Wer immer diesen Knoten öffnen kann, kann hinüber. Er zog sein Schwert, und mit einem Schlag brach er die Kette auf. Warum? Weil er gerade ging.

Jetzt ist die ganze Welt Shaytan geworden. Sie können nicht einmal einen Befehl einhalten. Der Befehl von den Himmeln an die Menschen: Seid gerade! Gibt es irgendetwas anderes? Aber die Menschen sind die Schüler Shaytans geworden. Sie folgen ihm beständig. Laßt ihn! Der Befehl lautet, gerade zu sein, aufrichtig zu sein. Weil er gerade war, ging er den ganzen Weg bis nach Indien. Wo ist Mazedonien, und wo ist Indien? Und diese Orte, zu denen er ging, erlaubte Allah (swt) mir zu sehen. Die Länder, zu denen er ging, können weder Autos, noch Pferde durchqueren auf diesen Straßen. Er ging dorthin und machte Halt. Er erreichte sein Ziel. Er folgte dem, was seine Lehrer sagten, und ging. Was sagten ihm seine Lehrer? Sei gerade! Und alle Propheten sagten ihrer Nation einen Befehl: Seid gerade! Seid nicht wie eine Schlange. Seid gerade wie ein Pfeil! Das ist Geschichte. Das ist, was die Lehrer Alexanders ihn lehrten. Sei gerade und aufrichtig! Und das ist, was Shah Mardan sagt. O Leute, wenn ihr euch retten wollt, hat der Islam einen Befehl: Seid gerade! Wenn nicht, wird, was immer ihr tut, zusammenbrechen. Es ist wie der Versuch,

einen Pfosten in Heu zu schlagen. Er wird nicht halten. Das Fundament ist dieser Befehl.
Shah Mardan, ma sha' Allah, er gab so eine Lektion heute, die ausreicht und auch Heilung für uns ist.
Der Islam hat einen Befehl: Seid gerade! Ist es verkehrt? Es ist verkehrt für die, die davon nicht profitieren, weil sie in jeden Dreck treten wollen. Islam ist die Religion für die Sauberen, der Weg der Reinen. Es ist der Weg der Himmel. Alle anderen Wege sind Shaytans Wege. Und Shaytan hat sie in die Schwierigkeiten und Heimsuchungen von heute gebracht, weil sie einen Befehl nicht einhalten, den einen Befehl des Islam, O Leute, seid gerade und fürchtet euch nicht! Sie akezptierten nicht, gerade zu sein, und so gerieten sie in diese Lage. Sie werden sich gegenseitig erledigen. Laßt sie das tun! Sie sind gierig, schamlos, grob, unanständig, schamlos, ohne Tugend. Sie springen in jeden Dreck, den sie Demokratie nennen, Shaytans Falle. Es ist kein System. Es ist Shaytans Falle. Und die Menschen heute sind in dieser Falle. Sie können nicht entkommen. Es gibt nur eine Lösung. Shah Mardan, `alayhi ridha r-Rahman, sagt uns eine Sache: O Leute, seid gerade und werdet gerettet. Gerade zu sein, funktioniert nicht zum Vorteil Shaytans oder seiner Anhänger. Deshalb fallen sie in so einen Strudel, aus dem sie nicht herauskommen. Er wird sich drehen und sie auf den Meeresboden hinabziehen und die Menschheit erledigen. Warum? Ein Befehl des Islam und alle Propheten lehrten das auch: Seid gerade! Laßt die Tricks und den Betrug! Laßt die Tricks! Shaytane locken Menschen in Fallen, und es gibt keine Möglichkeit, daraus zu entkommen. Warum? Weil sie nicht gerade sind. Es gibt keine geraden Menschen mehr. Sie alle folgen Shaytans Anweisungen: Macht jeden Dreck, seid nicht gerade!
Shah Mardan informiert uns: O Leute, seid gerade und werdet gerettet! Da ihr nicht gerade seid, werdet ihr nicht gerettet. Demokratie bedeutet die Herrschaft der Verrückten und der Ifrit. Sie lehren das nicht in den Schulen. Warum nicht? Weil es für Shaytan keinen Nutzen bringt. Und es nützt denen, die Shaytan folgen, auch nicht. Und niemand hält nach einem geraden Menschen Ausschau. All jene mit Tricks und Betrügereien sammeln sich und greifen sich gegenseitig an mit Behauptungen und Arroganz. Diese Welt ist bis an den Rand der Klippen gekommen. "Wa Kuntum `ala Shafa Hufratin mina n-Nari fa'Anqadhakum minha" (3:103). Allah (swt) sagt: O Unwissende, ihr wart genau am Klippenrand und wart im Begriff zu fallen, und Allah (swt), Hablullahi l-Matin, sandte Sein unzerreißbares Seil herab von den Himmeln, ihr hieltet euch

daran fest und wart gerettet. So wurdet ihr gerettet. 1500 Jahre lang stand der Islam stark und fest, weil er keine Tricks hatte. Der Islam hat einen Befehl für die Menschen. O Shah Mardan, mach weiter, sag uns, was es ist: Seid gerade! Schluß, alle Probleme gelöst. Alle Sackgassen öffnen sich. So wie, als Alexander zuschlug mit seinem Schwert und sein Weg sich öffnete. Warum? Weil er sagte: Ich gehe den Weg des Herrn, an Den ich glaube. Alexander hatte keine Tricks. Deshalb wurde er Alexander der Große. All jene, die krumm wurden, fielen in die Strudel. Die ganze Welt ist heute in einem Strudel. Weder Obama, noch Europa, noch Putin können euch retten, weil sie keine Prinzipien haben, weil es einen Befehl gibt: Seid gerade! Die Politik ist ein Fluch, der die Menschen ertränkt in dem Fluß allen möglichen Drecks. Befreit euch von der Politik und seht zu, den Befehl einzuhalten, den Allah sandte, zusammengefaßt: Seid gerade. Diese Menschen akzeptierten nicht, gerade zu sein, und fielen in diesen Strudel. Sollen sie zappeln, um herauszukommen. Armageddon kommt für sie, damit sie sich gegenseitig beseitigen. Kriege kommen, die vielleicht die Hälfte der Weltbevölkerung hinwegnehmen. Warum?
Weil sie nicht gerade waren. Wären sie gerade, würden sie nicht kämpfen.
O unser Herr, vergib uns. Mach weiter, o Shah Mardan. Deine Duas werden angenommen und berücksichtigt. Mögen die guten Nachrichten Habibu r-Rahmans wahr werden. Möge ein Sultan für uns kommen, ein Sultan ist Shari`ah. Und derjenige, der die Shari`ah einhält, ist der Sultan. Und der Sultan ist der Schatten Allahs (swt) auf Erden. Allahumma Haqqiq. O unser Herr, sende uns bald einen Sultan. Es gibt einen Spruch, der uns vor dem Strudel retten wird, Seid gerade! Das ist es! Wenn ihr es nicht annehmt, werdet ihr ertrinken und Schluß! Selbst wenn nur noch fünf Menschen auf der Welt übrig sind, werden sie erledigt. Der Befehl der Himmel ist: Seid gerade! Alle Propheten erklärten das. Sie sagten auch, gerade zu sein. Der Befehl des Propheten der letzten Tage: Seid gerade! Seid wie der Buchstabe Alif, eine gerade Linie. O unser Herr, vergib uns. Mach weiter, o Shah Mardan. Habibu r-Rahman, bitte mach Dua für uns, für deine Yaran. Dein Dua wird angenommen. Wir warten. Wir warten auf Göttliche Unterstützung. Seid gerade und werdet gerettet. Wenn nicht, werdet ihr erledigt. Allah ya Rabbi, Du bist Al-Qadiru l-Muqtadir, der Allmächtige. Um dieses heiligen Monats willen, der mit Deinem Großen Namen verbunden wird, Shahrullah, sende uns Unterstützung, ya Mawla. Ay Sahib Kiran, Shah Mardan, wir warten auf deine Gebete für den Islam und für die Menschen. Wir wollen einen Sultan, der uns schützen wird vor dem Bösen Shaytans. Wer ist ein Sultan? Derjenige, der gerade ist. Derjenige,

der gewunden ist, ist eine Schlange. In allen Ländern herrschen Schlangen. Und jene, die sie beißen, haben niemals Erfolg. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Und mach uns zu Deinen geraden Dienern. Der Islam hat einen Befehl: Seid gerade! Das bedeutet: Seid aufrichtig, seid gerade! Allah (swt) wird euch nicht erniedrigen. Seid einfach gerade in allem,was ihr tut. Seid gerade, euer Herr wird euch nicht erniedrigen. Erfolg ist von Allah (swt). Sende uns einen Sultan, der uns von dieser Schwäche errettet. Jene, die die Armeen Shaytans zerstören, die von den Himmeln kommen werden, Rahmani, wir warten auf diese Engel. Sie sollten nach der Shari`ah Gharra'un Ahmadiyya, weißes Islamisches Gesetz, regieren. Seien wir gerade! Dies ist Islam, gerade zu sein! Diejenigen, die gebogen sind, sind Schlangen. Und die Menschen ahmen Schlangen nach. Aman ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Ya Rabbi, laß den Meister kommen, der die Banner des Islam aufrichten wird, ya Rabbi. Laß Deine Löwen kommen, ya Rabbi. Mach weiter, o Shah Mardan, deine Gebete werden nie unbeantwortet zurückgeschickt. Sie werden angenommen. Bitte, bete für uns, damit wir gerade sind. Ein Spruch: Seid gerade! Jeder versteht, 'Seid gerade!', in seiner eigenen Sprache. Mögen die Banner des Islam hochgehalten werden. Wir wollen es sehen, ya Rabbi. Gewähre es uns um Deines geliebten Habibs (saws) willen. Zid Habibaka `Izzan wa Sharafa, Nuran wa Surura wa Ridwanan wa Sultana. Das Sultanat jener, die mit ihm (saws) sind, ist für immer. Sie werden kommen und herrschen. Laß uns mit ihnen sein, um mit ihnen zu dienen, ya Rabbi. Fatiha. Ein sehr interessantes Sohbat. Seid gerade! So viele interessante Dinge. Jene, die gerade sind, sind wie Flaggen gehißt worden. Jene, die nicht gerade sind, sind im Boden versunken. Und das Sultanat Shaytans wird auch versinken. Das Sultanat von Haqq ist für immer. Es ist das Höchste in den Himmeln und auf Erden. Fatiha.

## Be Students of Heavenly Knowledge

Dastoor yaa Sayyidee, madad yaa RijaalAllah. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah, laa ilaaha illa-Llah wa Sayyidina wa Nabiyyina Muhammadan Rasoolullah!

As-salaamu `alaykum wa rahmatullahi wa barakatuh.

O Our Attenders! Our attenders for some most important points. When a hunter hunts, he puts all his attention on it, and he is asking to be occupied with something. For what? For a small bird, giving such effort, and such attention for hunting. That may be only once. Laa hawla wa laa quwatta illa billah. Laa hawla wa laa quwatta illa billah. And Mankind is not taking any care beyond their existence in this life. This is an existence for everyone, yes? But people are not taking any attention or care beyond this life, and this life is such a small bird beyond which, Allahu akbar, what Allah Almighty is granting no one knows.

O Our Attenders! Thumma as-salaamu `alaykum. Don't be heedless. Don't think that we are in this life continuously. One day it will stop, and we are not taking any attention for our being on this planet. We are here for what? And we are saying also, as-salaamu `alayk ya man huwa mas'oolun an kulli (peace upon you who is responsible for every) happening on this planet among Mankind first. Then for everyone living on this planet, their responsibility is on one who is appointed and dressed with such a heavenly power that he can

control from east to west, from north to south, from oceans, from top point up to deepest point. SubhaanAllah, the most glory is for the Lord of Creation!

How can it be? Do you think that sometimes I see a small ant running on this handkerchief, and I ask it, "Who created you?"
And he is answering, "Who created you, just created me."

Allahu akbar. Why are people not thinking? Because they are drunk and they are not thinking on it. Allahu akbar. This planet is nothing, so small that in terms of greatness it can't be seen, can't be known. But we are on it and we are doing so many efforts; we are running, we are working, we are asking, we are trying. For what are you trying, O Mankind? For what?

When Sayyidina Nuh (a) was asked, "O eldest one through prophets that no one lived as long as you lived, what is your intibah, impression in 1000 years? You are the second father of Mankind on Earth because the flood took them away, so you are the longest-living one on this planet, so what is your impression? What will you say to your descendants?"
And he said, "O my sons and my grandsons, now I see a vision. Just I am looking to that one caravan that just reached and entered an inn, and he is passing and now they are leaving. I am looking and seeing dunya as such a person that just entered in, that is written on it "inn". haythu ana minhum, "Where I am amongst them?" I am getting "inn" and now it is written "out" and I am going out; nothing else (happened) in 1000 years."

O Salafi `ulamas! Is that true or not? We are not going to discuss it, but it is realizing an unchangeable reality for Mankind, yes. Billions of Mankind, billions just entered from one entrance and they passed. Some were sitting a little bit longer or shorter time, and then they are standing up and getting out. That is my impression about the life of Mankind, as one of them, the longest lived on this planet, as Sayyidina Nuh (a) said, "and now I am passing on. What about other nations and other prophets' people going to be after me, coming their lives shorter, shorter, shorter." And now it is going to shortest life for Mankind, for the Seal of Prophets, Sayyidina Muhammad (s).

(Mawlana Shaykh stands.) And Sayyidina Nuh (a) was lying down, and he stood up on his bed giving t`azheem, highest respect to the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh sits.) And

were our "civil service `ulama," Salafi `ulama standing when we say his name? You must learn, Salafi `ulamas , to give your highest honor and respect to the Seal of all Prophets, the most beloved, most glorified, most majestic one amongst all Creation: you must learn to stand up when his name is mentioned!! It is for you to learn that if standing, the Lord Almighty is not getting angry, but He is getting angry when His most beloved, most glorified, and His most mutlaq, absolute, deputy from pre-Eternal up to Eternal (is disrespected)! Don't think another "Muhammad" is coming! (Mawlana Shaykh stands and sits.)

No one (can say his holy name) enough, no one, no one, no one! Yes, when his (s) name is mentioned, you must stand up! Don't say, "This is bida`, haraam, shirk!" No, that is showing the most respect to that one who Allah Almighty is saying is endlessly respected! Don't think that Allah Almighty will mu-aakhadha, punishing you because you are standing up, no! Because He Almighty respects that one, and for his (s) honor He created everything: no one knows the beginning, no one knows the ending. And our religion, Islam, just came on such strong pillars and the strongest one is, man huwa mas'ool `an kulli shay'in fee hadha 'l-`alam, (who is the one responsible for everything in this world)? The Creator of All Creation, Allah (swt)!

O our Salafi `ulamas! That is what our teachers are teaching me, and sending to me. That is hadith or not? Everything that has an honor belongs to the Seal of Prophets (s), and Allah Almighty just granted to His absolute deputy from pre-Eternal up to Eternal. Allah Almighty is not changing His deputy, no. He is One and His deputy is one. Absolute, yes. You must give your highest respect to that (one who is) respected in Divinely Presence. And our religion is based on respect and glorifying and honoring, yes? Just built on it. If you are not respecting someone that is respected in heavens, you are not on right way, but you are Shaytan's followers.

Because Shaytan is never happy that the real deputy of Allah Almighty is respected. Do you know, Salafi `ulamas, why Shaytan was angry and not making sajdah? Shaytan was so mujtahid, it was such an effortable (hard-working) one to make obediency for his Lord, because he thought that honor will be granted to himself, but no.

Then Allah Almighty did not bring Seal of Prophets, Sayyidina Muhammad (s), because that mashhadun `azheem, that scene can't carry (his light). Therefore, Allah Almighty sent Adam and putting on Adam's forehead a very, very, very, very small spot from the light of Muhammad (s). To be deputy was granted to

Adam and the whole world became lights; you can't imagine! Not bringing Sayyidi 'r-Rusulu 'l-Kiraam (s), (instead) coming Sayyidina Adam (s)! Allahu akbar, Allahu akbar, yafa`lu maa yureed wa yafa`lu maa yashaa. Jallahu ta`ala! The lights of Allah Almighty's deputy can't appear because all Creation is not able to carry it and may be burned and disappear!

O Salafi `ulamas! Where is your knowledge? What you are saying? Do you think it is fairy tales? No, they are opening up a little but from that knowledge you may say it is a spot in an ocean, and all Creation cannot carry more than that spot. Where is your knowledge? Why you are not looking in Islamic books but saying someone (else's) knowledge is not true, that it is not good and making like this and making like that. You cannot do this. Islam is so good, so high, with love you can't imagine. And you're not asking for this, you are taking your books, what use is that? What do you think? Millions of books are written, but the Holy Qur'an's knowledge, and it's only the first level. We are not going to the second, third, fourth, fifth, sixth, or seventh levels. We are not finishing the first level; how we are going to finish the second or third heavenly levels?! When it is reaching to the limits, that level is according to our capacity, but everything belonging to Allah Almighty is unlimited!

O People! Where we are? Take care. Do not say that you are "`ulamas" or you are "Salafi `ulamas." What was their opinion or their knowledge about the heavens? First, second, third, fourth, fifth, sixth, seventh levels. You can't say because you are not as yet entering into it. You are looking at the map, on it here, there is Prophet's holy tomb. Do you think that he is such a person, inside that photo? I am like him? No. Therefore, seven levels of heaven and we are looking at a picture and more than the picture, we are looking at their names. Even pictures, we are not looking at. How we are reaching and seeing that ocean is when we are diving in it.

O People! Ask for more and more and more knowledge and the Lord of Heavens saying, • ••••• •••• wa ladayna mazeed, as long as you are asking He may grant you more, endlessly.

May Allah forgive us. We are trying to wake up sleeping or frozen minds to understand something laa yudhkar, not to be mentioned. Yes! We are on a small planet, we are not reaching everywhere, up and down. What do you think? Heavens is a handful ocean, going to be small drops? Because our ocean is in limits but heavens and heavenly oceans, unlimited. Another secret knowledge we are leaving. Now Salafi `ulamas to

discuss among themselves, which of them we are saying is true or which you are not understanding or accepting. And if not accepting we may say to you, haatoo burhaanakum. If you are going to refuse what has been said now, bring over this knowledge another knowledge with a real proof, if not (then it is) useless.

O People! Try to learn. Therefore, the Lord of Heavens was saying to His most beloved one, "Tell your nation, kun taaliban, "Be students."

•••••• ••••• •• ••••• •••• ••••••

Utlubu 'l-`ilma mina 'l-mahdi ila 'l-lahad, Seek knowledge from the cradle to the grave.

O our Lord! We know nothing, only we know to eat, to drink and to enjoy ourselves with halaal or haraam. May Allah protect us. This is an association with our Grandshaykh. They are sending something; it is not from my thinking, not coming and I am writing. No, it is waridaat, inspirations from heavens, so be respectful. If you can't refute it, bi-daleelin qawiyyah; if you are not bringing real proofs through your real objections, it is something with no reality. Don't say, "I finished it." Don't say, "I have become doctor," or, "I shall look for your pulse." Yes, there is someone looking for this, someone who has been authorized for looking at your understanding, learning, and knowledge levels, then sending you there.

May Allah forgive us for the honor of the most honored one in His Divine Presence. ( Mawlana Shaykh stands and sits)

Fatihah.

(40 minutes.) What they are sending now is enough.

(Mawlana Shaykh speaks with Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

## Be the Water Drop with Discipline

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd. As-salaatu wa ’s-salaam `ala Sayyidina Muhammadin wa aalihi wa sahbihi ajma`een, ashfa` lanaa ya sayyid al-awaleen wa ’l-akhireen wa `ala saa’iral-anbiya wa ’l-mursaleen wa khudamaa’i shara`ihim ighfir lana bi-jaahi nabiyyika’l-kareem, an naqool audh Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

Dastoor, yaa Sultan al-Awliya, madad. Madad yaa RijaalAllah, madad yaa saahib al-imdad, ya sayyid al-awwaleen wa ’l-akhireen.

As salaamu `alaykum! For all Mankind from east to west, from north to south! Who may accept that salaam, we hope they will be in peace here and Hereafter. Who does not accept, Hellfire awaits them!

O People! We are all weak servants. No one knows the number of people and creatures living on this planet. I may ask, does anyone know the number of spaces in outer space? Some people make drawings and I was looking at them, but they are not made by looking through powerful telescopes. They also brought me an atlas. I was wondering if, through a small one, Man is reaching such distances, and they may speak about it? And taking ...

SubhaanAllah, endless glory is for our Lord! Through our physical beings we are so small. Even our planet is so small, our sun, solar system, and galaxy are so small, and they (scientists) are never reaching a number for it. The Milky Way has billions of stars, and not only stars, but each star may be in countless galaxies that collectively are like a spot, very little! They put in their atlas countless gigantic galaxies and they are reaching a point that they cannot go beyond; it is only seen as darkness. Allahu Akbar! What is that darkness?

The Creator, Allah Almighty (swt) (Mawlana Shaykh stands, sits) is continuously creating and His creation never stops, from pre-Eternal up to Eternity. SubhaanAllah, that wasilah is created for Him. Allah Almighty is not in need, but it is for the honor of the Seal of Prophets, Habibullah (s). For his honor that Creation is running from pre-Eternal up to Eternal. But Allah `azza wa jall is giving to Mankind so they may know who is Prophet (s) and that he is enlightened. That light reaches Mankind endlessly through the honor of the Seal of Prophets, Sayyidi 'l-Awwaleen wa ’l-Akhireen, Sayyidina Muhammad (s)! (Mawlana Shaykh stands, sits)

Our physical body is nothing, but our real personality is unknown. Our true identity is unknown; no one knows it, but He Who created it gives that identity to His deputy. The Lord of Heavens, the Creator, gives that honor that Prophet (s) may know something of the identity of everyone in Creation. It is only for one person, the most glorious and beloved one in His Divine Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands, sits)

O People! Don't think that this world is something. He is such a small one and he is going to be al-fulk al-mashhoon, “the Loaded Ship.” Allah Almighty is making this planet and we have landed on it and are honored to be Allah Almighty's representatives on it. Who is more than the deputy of the Lord of Creation, reaching beyond that? The Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands, sits)

O People! Laa yudhkar. Our material being is nothing, but there is something else granted to Mankind. Everything is only one spot or less on this galaxy, but our understanding can be so much wider. A new understanding for the Lord of Heavens, for His Divine Being, is coming. We must be thankful that we have been created as humans and that no other creature is as honored as Mankind.

O People of east of west! Try to understand something of what Allah Almighty granted you, to Mankind, for

understanding. You are not using that understanding for the private, intimate way given us, that we may continue and reach the Eternal, never-ending. This understanding is important. It is not our physical being, but rather our understanding that is granted to Mankind through the prophets. We have been called to try to reach some realities that bring much more honor and glory to us through endless Time Oceans.

O People! Come and use your mentalities for such an unchangeable reality, for which there are imitations. If you are trying to reach something with all your effort, there are stations, and each station will be more glorious and more enlightened for your enjoyment. If not, you are going to be, for example, like that water running to the ocean: some runs through tree trunks and gives life to fruits of so many kinds, and some runs to the ocean without going to any vegetation. Who nourishes fruits are reaching something. Now most people are like rivers that do not nourish a garden or its various trees, flowers, or fruits. Those who come will be honored. That drop coming to the fruit through the tree gives it not only a beautiful appearance, but also something from the Oceans of Life.

••••••••••• •••• ••••••• ••••• •••••• •••••

wa ja`alna min al-maa'i kulla shayin hayy, We made from water every living thing. (Al-Anbiya, 21:30)

That water reaches that position in which it gives everything life, and it is always different, with no limits. Therefore, the Lord of Heavens is calling, "O People! Come and and follow My ways, and I promise you such honor and glory!”

If you are coming, like water running through a tree, it needs authority and to follow limits assigned to it. Try to follow such a discipline, just as any drop that falls on a tree must keep the discipline that our Lord, the Heavenly Creator, made; then it takes honor.

Now so many rivers are only running to the ocean, but not keeping that discipline. The Lord of Heavens sent us prophets who brought discipline, the Shari`ah; if you are keeping that discipline you will take more and more honors. If not, you are not wasted, but only going to the ocean (without the benefit of producing fruit).

O People! They are making me speak to you so you may understand. So many people are not keeping the holy commands from Heaven, not keeping the discipline to make fruit, as all fruit needs discipline to thrive. Who is keeping discipline is honored and who are not are wasted, going to the ocean and not making anything.

Therefore, try to make that fruit, so you will be honored with a specialty, that people will behold and say, "Mashaa-Allah." If not, finished; you are not coming back to (again another chance to) reach any honor.

Therefore, so many people now are not accepting any discipline to be something. (Turkish) Who is not interested, it doesn't matter; the ocean takes and is not coming once again. That honor is for who accepts discipline, and for them those fruits are forever, for Eternity! So many people are running to Eternity, but as ordinary water falls, not receiving the benefit of what the Lord of Heavens preserves as a secret in water. (...)

O People! Come to accept divine discipline, to be happy here and Hereafter. If you are not accepting discipline you will eat others and you will be dirty and with no value. They kill others, and the murdered one, saying his position is going away.(??)

al-qaatil wa ’l-maqtool fi ’n-naari abadan
“The killer and the murdered are both in Hell forever.” (hadith)

Try to be a valued ones here and for all Eternity. If you are not accepting it doesn't matter; (you will be) taken to the oceans, never to return. They say, "May we come back?" No, and if you are coming a hundred times it will still be the same as before!

O People! Come to follow heavenly rules and leave what you are following of shaytanic rules. If not, you are going to end in the worst position! You know what you have been addressed to people everywhere; if they follow heavenly rules, they will be happy here and Hereafter and if not it doesn’t matter as they are going to lose every heavenly grant bestowed on them! Leave shaytanic ways and follow heavenly ways that have been given to you from the time of Adam (a) to Prophet Muhammad (s)! (Mawlana Shaykh stands, sits)

Fatihah.

## Be true and then don't fear

Don’t think that the fire of war is going to stop. It will grow... Europe is no exception... For the whole world it is going to be difficult. The safest place will be the Middle East: Damascus especially, Syria, Libanon, Jordan, Palestine...
The Holy Prophet was saying: "When that fire is going around the whole world, Armageddon, it will be so difficult, and billions of people are going to die. And safety will be only in the Middle East, and Damascus..." Any time that you may find a way, go there... The North of Europe, Northern Circle, Norway, is going to be more safe than the South, but fire should be in the Middle of Europe. Safe places will be in Western Norway... Damascus... Southern Chile, Southern Argentina... places, where there are no military bases...

Stay in the countryside, until Sayidina Mehdi a.s. stands up and calls people to come to Damascus. Then you may run there because the Anti-Christ will appear and go around the world, making big Fitna, making people Kafir, or killing them... Or you may stay in your house in the countryside, keep yourself there and don’t come out when you hear the armies of the Anti-Christ passing. Take ablution, close the doors, say: "Bismillahir Rahmanir Rahim", and sit inside until his armies pass by, and then you should be in safety... But now so many billions of people will suffer Divine Revenge. They must be killed, because they are fighting the Lord of the Heavens. Most people are going to be unbelievers, Non-Muslims who deny everything like the Serbs... and who supports them, they should all be killed...

Be true and don’t be afraid. Be pityful towards all creatures and you should be sheltered. And there is no shelter except with the Lord. Don’t trust in money, not even in gold. But keep food for yourself for at least one, two, or three months. In three months everything is going to be clear... But those missiles should fall from the skies, destroying so many countries and taking away so many people as a revenge from the Lord, like the flood in the time of Noah a.s. That was a flood of water, but this is fire now, carrying everything away...

Only when Sayidina Mehdi a.s. is saying: ”Allahu akbar, Allahu akbar, Allahu akbar...” , three times, the war is going to stop... the limit is up until 2ooo. On the New Years night, at midnight, the technology is going to be finished... Therefore they are preparing to use those weapons on people. But they can’t touch anyone unless he is under Divine Revenge. Then even a small piece of a bomb may touch and kill him or her... But if your name is not written on any bullet, don’t worry, you are sheltered. Who is asking to be sheltered must be Muslim, must pray, make Sajda, have no bad intentions and must not do Dhulm, cruelties... Who is cruel, must be killed. And no drinks, bad things, bad actions, bad thoughts or bad intentions against anyone. Those people are going to be taken away...

Those who are going to die carry a sign. It is like when you put a brand-mark on animals, who are marked for slaughter... Therefore from seven people six are passing away, one will remain on earth... You must take care to be true and trustworthy ones, to be ‘Amin’, so that you may meet Sayidina Mehdi a.s. Keep yourself, and ask shelter from Allah Almighty. There is no shelter except with Him. Mankind has been honoured; ”Laqad karramna Bani Adam”. Don’t let yourself be swept away like garbage... Honour is in Islam. Try to reach people with the light of Islam, to guide them out of their darkness to Divine Lights ... Fatiha.

**Better Servanthood**

The important thing is servanthood. It is the most important target for everyone's life. Everyone must try to be a good servant. If he thinks that he is a good servant, he must try to be the best servant or one of the best servants. And the mission of the Prophet (peace be upon him) and all the prophets, was to train people to be good servants. What is the way to good servanthood? You can never say "I have reached good servanthood." When you reach a point that is in the area of good servanthood you must not think that this is the final point of good servanthood. You must look beyond that point to another point. This is a good one – but there is a better one. Always you must think that there is a better servanthood than my servanthood. Or you may say, " There may be much better servants that me." That is an important good behaviour. (adab) Just like you can never find the last number - - you can always add more, - in the same way you can't reach a station of servanthood and say "This is the last station of servanthood." There may be one more than you. Therefore you must try to be a better servant and so you must always ask for much more, much better servanthood.

Because Allah Almighty's Glory is endless, and the meaning of servanthood, it is to glorify the Lord. However much you glorify Allah Almighty, it is only going to be a very small spot within His Endless oceans. Our galaxy may be gigantic our solar system is a spot within it. And even the gigantic one, beside all the greatness of space, you would see it as a small spot. It is going to be nothing – so small. Therefore all your worshipping as much as you can do it, is never going to be unlimited. Our glorifying is always going to be in limits. Everything is limited beside the Unlimited glory oceans of Allah Almighty.

There is no glorifying if you are going to do sins. If leaving sins – going to be glorifying Allah Almighty. Everything we are keeping from the shari'ah or from the way of the Prophet Muhammad,(peace be apon him) even the most simple thing is making you to be closer to Allah Almighty – and all sins are keeping you away.

To reach a high station you must leave haram – if not stopping and saying “No!” sins are making you fall down. So repent – and then he corrects his steps, and from those correct steps he may reach the Divine Presence.

Association with Sheikhs leads people to the best servanthood – but when they are showing you good servanthood and you do it you must say “God forgive me – it was not my doing – Allah Almighty is making me do it, so thanks to Allah.” So everyday at the end of the day you must say “Am I with the good ones or with the bad ones?” In our time there are too many bad ones, and our egos are asking to reach the bad ones. Try not to join the caravan of bad ones. Try to be with good ones.

May Allah Bless you and Forgive you.
