## Between Two Nothingnesses

Allah Allah Karim Allah. Allah Allah Allah Allah Allah Allah Subhan Allah. Allah Allah Allah Allah Allah Allah Sultan Allah. The only Sultan. He is the Sultan from pre-eternal up to eternal. Eternal/Sarmadi Sultan.

We are absent, He is present. Can fish survive without the ocean? Can fish survive without the sea? Fish live in the sea. Which one is first, the sea or the fish? Was there ever a fish without a sea or a sea without fish? Which one is first, the envelope or what you put in it? There has to be an envelope and then you put something inside it. The envelope is first. The First is Allah. The Last is Allah. The Apparent is Allah. The Hidden is Allah. He is The Existing One. We are the absent.

100 years ago there was no one from this assembly existing in dunya. And 100 years later there will be no one who is here today. Then how can you say "I exist" in between these two nonexistent states? We are the beings that do not have an existance. The existance, the being, the Absolute Being, the Self-Existing Being is the Being of Allah. Our being is the nonexistant being. Who you see in the mirror is you but the you who has no existance. It is you who appears in the mirror, but the you who has no existance. Beings who have no being, existers who have no existance.

There is a shaytan box there, look there. Do you see, the shaytan box? Do you see, look. It is sitting above. It is the shaytan's box. There is nothing now. When you press the button, all kinds of things appear. So many things, so many worlds that you cannot think of- Man appears, creatures appear. Stars appear, suns, moons.. But they are beings without an existance & our

story also is about this.

We are beings that have no being, we are inside the manifestation. Manifestation is an appearance. This world is like a ball. It is like a bomb. If it explodes what happens? When a full explosion happens it has to explode reaching all the way down to it's atoms & scatter. It is not about being big or small, alive or dead. When the world explodes with such an explosion in space, the space will destroy every single atom of it. Destroying, destroying.. finally there will be nothing left. What was it? How did it happen? How did it exist & how did it vanish now?

People are astonished how "We are calling ourselves 'absent'. How absent? There are all these mountains, rocks, oceans, houses, places.. How can you call this 'absent'?" I am saying this to you so that it makes more sense. If the moon explodes now what remains in it's place? Only darkness remains. It's atoms, pieces & everything, all get scattered. Therefore we are called "the beings that have no being". There is no existance, it has an appearance but no existance. Existance, the Absolute Existance is for Allah. And what does Allah ask from you? He asks: "Give Me this apparent being I granted you". "No" he says, "how can it be? What does this mean? I paid so much to buy this house, how can I give it to You?" How much did we pay for it, O Hajji?

G. Still paying.

Let's say we gave the houses, how can we give ourselves our own beings? It is said for our own beings, "mutu qabla anta mutu". Accept the nonexistance before the nonexistance comes to you, meaning "die before you die", acknowledge the nonexistance. Give to Allah, give your temporary being to Allah. A number is assigned to it by the heavenly computer and in return a new being is granted to you in the immortal world, in 'alam al baqa'. You don't have a claim on this being. You don't make any claims on this being, like "it is mine, yours.." From that time on, you wander around in these oceans from pre eternal up to eternal. It belongs to you & you to it. Be for Allah & Allah Becomes for you.

This temporary being; people are greedy for it, saying "We don't want to lose it." Yahu, it is already of no use. He (swt) gave you an imitated being, which has no existance. Why do you give so much importance to it? Give & be rid of it. "I won't give" he says, "I can't give. I want to

exist". And by this means of desire to exist, he goes into nonexistance. He (swt) annihilates him, annihilates & then he gives in. When He (swt) annihilates him, he lies flat like this. They call it tanashir (wooden bench), they make him lie there. He gave in: "I surrendered now, do as you like". And he is told: "Why did you not surrender when you were asked? Why did you not surrender when you were of use. Now your life is gone & your corpse remains. What to do with you now?"

Dunya, it has a reality. The people who live in dunya, they have a reality. Beyond dunya, there is akhirah. There is a world which is beyond the akhirah. All of them are under Allah's Will & you are in a position where you need to choose one of them. Either you think what is apparent is the real being & hold on to it firmly & you don't gain anything. Or you give in & you are given from the real existence. This is a being which is not valid, which is of no use, that has no foundation. Allah Almighty asks from you the imitated being so that "I will give you the real one." You say "No! I don't care if it is imitated or not. It is mine". If it is yours, then why don't you keep what belongs to you? If this being belongs to you, why can't you keep it?

Finally you surrender, leave it, get out of it & watch it. The dead one watches his body: "How is this? Was I this before? How is that?" What do they say for the dead bodies coming to mosque, "Who died? Whose janaza/corpse is this?" "This person's corpse". "Yahu, his corpse is here, but where is his self? Where is that man, or woman, or Bey? They say "this is this person's corpse". Where is the man himself? "We have never heard of such a question. Here is his corpse". "And I am asking, if his corpse is here, where is he, himself?" If he, himself is here his corpse can't be here. If he is here, he exists & his corpse is absent. His corpse is here because he, himself is absent. When a person, himself is present, his corpse can't exist. Like we are not corpses now. But when we die, our corpse remains, our self steps aside. It awaits one order. We are under the order of "kun"/"be".

Manifestation- there are 24 thousand manifestations in 24 hours. Who acknowledges these manifestations and surrenders to them.. Old ones would say "this is my manifestation.I will go through with it. My manifestation, Allah Almighty become manifest this way" & they would surrender. These people were better than us. Those who object & go against the manifestation

they can't gain anything, they remain empty. They even lose what is in their hand. They can't get anything in return because they couldn't give. They couldn't give, that they can get something in return. Most people won't be able to get anything in return. Very few people will. Because he gave & he received. Who didn't give, won't receive.

But GrandShaykh says like this, who now doesn't give with their own free will, they will surrender when that power which can chain his hands & feet, chains him. When he surrenders at that time he receives a second rate, can't receive from the first rate. He won't be paid from the first rate, but from the second rate. Because they say "when the iron is hot & when one is at a beautiful age". He lets that time pass. When he lets that period pass his value goes down. His value goes very down. Who made a deal with Allah when the time was right & gave his being, he receives fully. "No, why should I give my being? I have everything & I live in a nice way, go around & have fun. Why should I give?" when he says like this, Allah leaves him until he reaches his last breath. At that time he surrenders. But that submission does not bring him much of a profit. He is given the simplest place in the base. He has no rank, no title.

Therefore they are like these crabs- they live both in the land & also get into the sea. He keeps both sides. Fish never gets out of the water. Does the fish ever get out? Why should it? But crabs all the time get out & walk around crabwise like this. They build their nests outside also. They get in the sea as well. Who doesn't get out of the sea are fish. The meaning of "not getting out of the sea" is who never leaves the Presence of Allah, who gave themselves to Allah in this world. Who are half-way "we both swim in the sea & also wander around outside" they are crab, crab... What was that place? The crab & also the lobster, they also run around in many places. They keep both the land & the sea, saying "we don't lose the land either" - Meaning "we don't lose dunya also. No harm, we get into sea a bit, we walk outside a bit, we manage both". Therefore they cannot enter the Presence fully- stay outside as long as they stayed in land & stay in the Presence as long as they were in the sea. People are also the same. Small fish come close to the shore. They are still in the water, don't get out. Don't want to get out. There are big, huge fish (hud) they are in the middle of the sea.

Allah Allah Karim Allah. Allah Allah Allah Allah Allah Allah Subhan Allah. Allah Allah Allah

Allah Allah Allah Sultan Allah.

## Zwischen zwei Nichtheiten

---

Allah Allah, Karim Allah. Allah Allah, Allah Allah, Allah Allah, Subhan Allah. Allah Allah, Allah Allah, Allah Allah, Sultan Allah. Der einzige Sultan. Er ist der Sultan von Vorewigkeit bis Ewigkeit. Der Ewige, Sarmadi, Sultan. Wir sind abwesend, Er ist anwesend. Können Fische ohne den Ozean überleben? Können Fische ohne die See überleben? Fische leben in der See. Was ist zuerst da, die See oder der Fisch? Gab es je einen Fisch ohne eine See oder eine See ohne Fisch? Was ist zuerst da, der Umschlag oder das, was du hineintust? Es muß einen Umschlag geben, und dann kannst du etwas hineintun. Der Umschlag ist zuerst da. Das Erste ist Allah. Das Letzte ist Allah. Das Offensichtliche ist Allah. Das Verborgene ist Allah. Er ist Der Existierende Eine. Wir sind abwesend. Vor 100 Jahren existierte keiner von dieser Versammlung in der Dunya. Und in 100 Jahren wird es niemanden mehr geben, der heute hier ist. Wie kannst du dann sagen 'Ich existiere' zwischen diesen zwei nicht-existenten Zuständen?

Wir sind Seiende, die keine Existenz haben. Die Existenz, das Sein, das Absolute Sein, das Selbstexistierende Sein ist das Sein Allahs. Unser Sein ist das nicht-existente Sein. Wen du im Spiegel siehst, bist du, aber das Du, das keine Existenz hat. Du bist es, der im Spiegel erscheint, aber das Du, das keine Existenz hat. Seiende, die kein Sein haben, Existierende, die keine Existenz haben. Da ist eine Shaytan Box dort, seht. Seht ihr sie, die Shaytan Box? Seht ihr sie? Schaut. Sie ist da oben. Es ist die Box Shaytans. Es gibt jetzt nichts. Wenn ihr einen Knopf drückt, erscheinen alle Arten von Dingen. So viele Dinge, so viele Welten, die ihr euch nicht vorstellen könnt. Der Mensch erscheint, Geschöpfe erscheinen, Sterne erscheinen, Sonnen, Monde, aber sie sind Seiendes ohne Existenz, und unsere Geschichte geht auch darum.

Wir sind Seiende, die kein Sein haben. Wir sind innen in der Manifestation. Die Manifestation ist eine Erscheinung. Diese Welt ist wie ein Ball. Sie ist wie eine Bombe. Wenn sie explodiert, was geschieht? Wenn eine volle Explosion stattfindet, muß sie ganz bis in die Atome reichen und sie

auseinandersprengen. Es geht nicht darum, groß oder klein, lebendig oder tot zu sein. Wenn die Welt mit so einer Explosion im Weltraum explodiert, wird der Weltraum jedes einzelne Atom davon zerstören. Zerstören, zerstören... Am Ende wird nichts übrig bleiben. Was war es? Wie konnte das geschehen? Wie existierte es? Wie verschwand es? Die Menschen wundern sich: Wie können wir uns 'abwesend' nennen? Wieso abwesend? Es gibt all diese Berge, Felsen, Ozeane, Häuser, Orte... Wie kannst du das 'abwesend' nennen? Ich sage euch das, damit es einleuchtet. Wenn der Mond jetzt explodiert, was bleibt an seiner Stelle? Nur Dunkelheit bleibt. Seine Atome, Stücke und alles werden verstreut. Deshalb werden wir die 'Seienden, die kein Sein haben' genannt. Es gibt keine Existenz, es hat eine Erscheinung, aber keine Existenz. Existenz, die Absolute Existenz ist für Allah.

Und was verlangt Allah von euch? Er verlangt: 'Gib Mir dieses scheinbare Sein, das Ich dir gewährt habe.' 'Nein', sagt er, 'Wie kann das sein? Was bedeutet das? Ich habe so viel bezahlt, um dieses Haus zu kaufen, wie kann ich es Dir geben?' Wieviel hast du dafür bezahlt, Hadji? G: Ich bezahle immer noch. SN: Sagen wir mal, wir geben die Häuser, wie können wir uns selbst, unser eigenes Sein geben? Es heißt über unser eigenes Sein: "Mutu Qabla Anta Mutu". Nehmt die Nicht-Existenz an, bevor die Nicht-Existenz zu euch kommt, das bedeutet 'Stirb, bevor du stirbst', erkenne die Nicht-Existenz an. Gib dich Allah, gib dein zeitweiliges Sein Allah. Eine Nummer ist dafür bestimmt im Himmlischen Computer und im Gegenzug wird dir ein neues Sein in der unsterblichen Welt gewährt, im "Alamu l-Baqa". Du hast keinen Anspruch auf dieses Sein. Du erhebst keinen Anspruch auf dieses Sein, wie 'es ist meins, deins...'. Von dem Zeitpunkt an wanderst du in diesen Ozeanen herum von Vorewigkeit bis Ewigkeit. Es gehört dir und du gehörst ihm. Seid für Allah und Allah wird für euch.

Dieses zeitweilige Sein, die Menschen gieren danach und sagen: 'Wir dürfen es nicht verlieren.' 'Yahu, es ist schon nutzlos.' Er (swt) gab euch ein nachgeahmtes Sein, das keine Existenz hat. Warum gebt ihr ihm so große Wichtigkeit? Gebt es hin und werdet es los. 'Ich gebe es nicht', sagt er, ich kann es nicht geben. Ich möchte existieren. Und vermittels dieses Verlangens zu existieren, geht er in die Nicht-Existenz. Er (swt) löscht sie aus, löscht sie aus und dann gibt er nach. Wenn Er (swt) sie auslöscht, liegt er flach, so. Sie nennen es "Tanashir", Holzbank. Sie

heißen ihn sich hinlegen. Er gibt nach. 'Ich ergebe mich jetzt, mach, was du willst.' Und ihm wird gesagt: 'Warum hast du dich nicht ergeben, als Wir es forderten? Warum hast du dich nicht ergeben, als es von Nutzen war? Jetzt ist dein Leben vorbei und dein Leichnam bleibt. Was jetzt mit dir anfangen? Die Dunya hat eine Wirklichkeit. Die Menschen, die in der Dunya leben, haben eine Wirklichkeit. Jenseits der Dunya ist die Akhirah. Es gibt eine Welt, die jenseits der Akhirah ist.

Sie alle sind unter Allahs Willen, und du bist in einer Position, wo du eine von ihnen wählen mußt. Entweder denkst du, daß das, was sichtbar ist, das wahre Sein ist, und hältst daran fest, und damit gewinnst du gar nichts. Oder du gibst nach und dir wird von der Wahren Existenz gegeben. Dieses hier ist ein Sein, das nicht gültig ist, das keinen Nutzen, das keine Grundlage hat. Allah der Allmächtige fordert von euch das nachgeahmte Sein, damit 'Ich euch das Wahre gebe.' Ihr sagt: 'Nein! Es ist mir egal, ob es nachgeahmt ist oder nicht. Es gehört mir.' Wenn es euch gehört, warum behaltet ihr dann nicht, was euer ist? Wenn dieses Sein euch gehört, warum könnt ihr es dann nicht bewahren? Endlich gibst du nach, läßt es gehen, wirst frei davon und beobachtest es. Der Tote beobachtet seinen Körper: 'Wie geht das zu? War ich das vorher?

Wie ist das?' Was sagen sie über den toten Körper, wenn sie in die Moschee kommen? 'Wer ist gestorben? Wessen Janaza, Leichnam, ist das?' 'Dessen Leichnam.' 'Yahu, sein Leichnam ist hier, aber wo ist er selbst? Wo ist dieser Mann oder diese Frau oder dieser Bey?' Sie sagen: 'Der Leichnam dieser Person'. Wo ist der Mensch selbst? 'Wir haben so eine Frage noch nie gehört. Hier ist der Leichnam.' 'Und ich frage, wenn sein Körper hier ist, wo ist er selbst?' Wenn er selbst hier wäre, könnte sein Leichnam nicht hier sein. Wenn er hier wäre, existierte er und sein Leichnam wäre abwesend. Sein Leichnam ist hier, weil er selbst abwesend ist. Wenn eine Person selbst anwesend ist, kann ihr Leichnam nicht existieren. So wie wir jetzt kein Leichnam sind. Aber wenn wir sterben, bleibt unser Leichnam zurück, unser Selbst tritt beiseite. Es wartet auf einen Befehl.

Wir stehen unter dem Befehl "Kun", sei. Manifestation, es gibt 24.000 Manifestationen in 24 Stunden. Wer diese Manifestationen anerkennt und sich ihnen ergibt... Die Alten sagten: 'Dies ist meine Manifestation. Ich ziehe das durch. Meine Manifestation, Allah der Allmächtige

manifestiert sich auf diese Weise.' Und sie ergaben sich. Diese Leute waren besser als wir. Die widersprechen und gegen die Manifestation angehen, gewinnen damit nichts. Sie bleiben leer. Sie verlieren sogar, was sie in der Hand haben. Sie können nichts zurückbekommen, weil sie nicht geben konnten. Sie konnten nicht geben, damit sie etwas dafür zurückbekämen. Die meisten können nichts zurückbekommen. Sehr wenige Leute werden etwas zurückbekommen, weil er gab und er bekam. Wer nichts gab, wird nichts erhalten. Aber Großshaykh sagt es so, wer jetzt nicht aus eigenem freien Willen gibt, der wird sich ergeben, wenn diese Macht, die seine Hände und Füße binden kann, ihn bindet. Wenn er sich zu der Zeit ergibt, bekommt er einen zweiten Anteil. Er kann nicht vom ersten Anteil bekommen. Er wird nicht vom ersten Anteil bezahlt, sondern vom zweiten. Weil es heißt: Als das Eisen heiß war und er in einem schönen Alter war, ließ er die Zeit verstreichen. Als er diese Zeitspanne verstreichen ließ, nahm sein Wert ab. Sein Wert nahm sehr viel ab. Wer ein Abkommen mit Allah eingeht, wenn die Zeit richtig ist und sein Sein gibt, bekommt in vollem Umfang. 'Nein, warum sollte ich mein Sein geben? Ich habe alles und lebe auf angenehme Weise, gehe herum und habe Spaß. Warum sollte ich geben?' Wenn er so spricht, läßt Allah ihn sein, bis er seinen letzten Atemzug erreicht. Zu der Zeit ergibt er sich. Aber diese Ergebung bringt ihm nicht viel Nutzen. Ihm wird der einfachste Platz am Boden gegeben. Er hat keinen Rang, keinen Titel.

Deshalb sind sie so wie diese Krebse. Sie leben sowohl an Land also auch in der See. Er bewahrt beide Seiten. Fische kommen nie aus dem Wasser heraus. Kommt der Fisch je heraus? Warum sollte er? Aber Krebse kommen die ganze Zeit heraus und laufen herum wie Krebse.. Sie bauen auch ihre Nester draußen. Sie gehen auch in die See hinein. Wer nicht aus der See herauskommt, ist der Fisch. Die Bedeutung von 'nicht aus der See herauskommen' ist, wer nie die Gegenwart Allahs verläßt, wer sich selbst Allah ergibt in dieser Welt. Die halb und halb sind 'Wir schwimmen im Wasser und wandern auch draußen herum', sind Krebse, Krebse.. Was war dieser Ort? Der Krebs und auch der Hummer laufen an vielen Orten herum. Sie halten sich sowohl an Land als auch im Meer auf und sagen 'Wir wollen auch das Land nicht verlieren', d. h. 'wir wollen auch die Dunya nicht verlieren. Kein Schaden, wir gehen ein bißchen ins Meer, wir laufen etwas draußen herum, wir bewältigen beides.' Deshalb können sie nicht vollständig in die Gegenwart eintreten. Sie bleiben so lange draußen wie sie an Land blieben, und sie bleiben so

lange in der Gegenwart, wie sie im Meer waren. Die Menschen sind genauso. Kleine Fische kommen nahe ans Ufer. Sie sind immer noch im Wasser, sie kommen nicht heraus. Sie wollen nicht heraus. Es gibt große, gewaltige Fische, die inmitten des Meeres sind. Allah Allah, Karim

Allah. Allah Allah, Allah Allah, Allah Allah, Subhan Allah. Allah Allah, Allah Allah, Allah Allah, Sultan Allah.

Ort? Jahr?

## BEWACHE DEN THRON IN DEINEM HERZEN

Der Lohn, den Gott für eine halbe Stunde Gebet gibt, ist unzählbar. Doch wir geben dem nächsten Leben nicht annähernd den Wert, der ihm gebühren würde.
Ein Engel weckt jeden Menschen in der heiligen Zeit vor der Morgendämmerung, doch Shaitan ist schnell zur Stelle und sagt, schlaf noch eine halbe Stunde, dann bist du ausgeruht und ausgeschlafen, und bringt uns so um die wertvollste Zeit des Tages. Mögen uns Rasulallah (FSmi) und die Männer Gottes helfen mit ihrer Kraft, uns auf dem Weg des Erfolgs zu halten. Wir danken Gott dafür, daß wir Glauben bekommen haben, aber dieser Glaube braucht einen Schutz, um nicht zerstört zu werden. Es ist unsere Pflicht, den Glauben stark zu halten, ihn uns nicht stehlen zu lassen, und ihn vor Dingen zu schützen, die ihn angreifen und zerbröckeln. Allah der Allmächtige wird uns fragen: "Ich habe euch den Schlüssel für die Schätze dieser Welt und die des Ewigen Lebens anvertraut, was habt ihr mit dem Licht des Glaubens gemacht, das ich euch geschenkt habe?" Es gibt viele Feinde der Religion und des Glaubens, doch der Hauptfeind ist Shaitan. Gäbe es einen Ort, wohin dieser Verfluchte nicht gelangen könnte, so könnte man dorthin fliehen, um seinen Glauben zu bewahren, doch er ist überall schnell zur Stelle, selbst in die Herzen der Gläubigen findet er Zugang. Wenn man schlechte Gedanken hat, ist das das Zeichen, daß Shaitan ins Herz eingedrungen ist.

Während des Gebets kommen so viele nutzlose Gedanken ins Herz, und wenn das Herz mit etwas anderem als Allah beschäftigt ist, findet Shaitan sofort Zugang. Er setzt sich ins Herz und fängt an dir zu raten: Mach

das, tu dies; Männern wie Frauen, denn im Herzen jedes Menschen ist ein Thron. Wenn Allah nicht auf dem Thron ist, sieht dies Shaitan von weitem und sagt, ah, ich gehe hin und setze mich darauf. Wenn dein Kopf nicht mehr arbeitet, mußt du wissen, daß dein Herz von ihm beschäftigt worden war. Dein Feind sitzt dort und lenkt dich und leitet dich an. Du mußt darauf achten, in wessen Händen dein Herz ist; zu fasten, zu beten, Dhikr zu machen, ist gut, aber schau dabei, wer in deinem Herzen ist und wer die Befehle gibt.

Mache jeden Tag eine Kontrolle und schau, mit wem du gerade bist. Allah ist mit dir, aber mit wem bist du? Wer Allah nicht findet, findet gar nichts, doch wer ihn gefunden hat, dem wird nicht vorenthalten bleiben. Mach täglich 'Muraqaba' , : Schau von außen auf dich, als seist du von dir selbst getrennt. Schau in dein Herz, wen du dort findest. Wer es auch sei, wenn es nicht Allah ist, ist es nur ein vergänglicher Schatten. Suche das Original, warum läufst du Kopien hinterher? Wir Menschen sind in Achtlosigkeit gefangen und von vergänglichen Dingen verwirrt. Alle Dinge dieser Welt sind wie Schlangen und Skorpione, die einen beißen und vergiften. Wer sich dieser Welt zukehrt, findet in ihr jede Art von Ungeziefer, das ihn beißt.

Und Allah ruft uns auf: "Watakuni ya ulil albab." - "Oh Leute von Verstand, fürchtet nur Mich allein. Wenn Ich euch verlasse, könnt ihr nicht mehr existieren. Wenn ich es verlasse, löst sich das gesamte Universum in nichts auf. Das kleinste Teilchen wie die größte Galaxie bestehen nur durch ihr Tasbih . Es sagt 'Allah' und tritt damit ins Dasein. Ohne Tasbih löst ihr euch in Nichts auf. Wenn ihr Mich verlaßt, stürzt ihr in ein endloses Loch von Unglück und Zerstörung, als Strafe. Für den, der Mich sucht, gibt es dagegen in Meiner Nähe keine Krankheit, keine Sorge. Wer dagegen die Welt sucht, gerät unter einen Regen von Schwierigkeiten und Problemen. 'Fa firru il Allah.' - 'Vergesse Mich nicht.' Wenn du Mich vergißt, gerätst du in einem Dschungel voller Abgründe und wilder Bestien."

Früher gab es kaum solche Schwierigkeiten und Schrecken, und heute gibt es sie nur, weil die Menschen ohne die Probleme dieses Lebens leben wollen. Sie trinken, um sich selbst zu vergessen, denn nur ohne Schmerzempfinden ist das Gift dieser Schlangen und Skorpione zu ertragen. Wenn der Trunkene erwacht, merkt er, daß das Gift noch immer wirkt. Die Menschenkinder haben die Geduld verloren und Allah vergessen, doch wie soll man Ruhe finden, ohne sich an Allah zu erinnern? Wo kann man sich mit Allah treffen, wenn nicht im Herzen, das er auserwählt hat als Seinen Thron.

Wenn jemand die Shahada spricht und dann zu seinem Herrn sagt: "Oh mein Herr, meine Existenz ist Dein,

ich gehöre nur Dir." Glaubst du, daß seine Arbeit dann falsch laufen kann? Es ist unmöglich. Der Sultan unter deinem Hemd muß Allah sein, dann brauchst du dich nicht zu fürchten.
So sehr wie ein kleines Kind seinen Eltern vertraut, so mußt du Allah vertrauen. "Wa ufawithu il Allah." Verlassen die Eltern je das Kind? Glaubst du, Allah verläßt dich? Du bist verantwortlich für deinen Glauben. Wer Allah vergißt, dessen Glaube ist zu Ende. Ihr müßt euch mehrmals täglich prüfen, wie stark euer Glaube ist. Wer nachdenkt, ist mit Allah, wer seinen Verstand nicht benutzt, ist auf der Stufe der Tiere. Muraqaba ist wichtig, besonders wichtig für die Jugend, denn Shaitans stärkster Angriff gilt den Jungen. Sie müssen sich fragen, wem sie folgen. Hinter welchem Ding sie her sind. Allahs größte Gabe für uns ist der Glaube. Ihn zu bewahren ist das Wichtigste.

**BEWARE OF BAD FACES!**

Don't cheat! All prophets tell us that people who cheat do not belong to our nation. Jesus Christ said so, Moses said so. Abraham said so. Every prophet said so to their nation: don't cheat! The Seal of Prophets, Sayyidina Muhammad, may peace be upon him, said, "Who cheats people, does not belong to my nation." Remember this until the end of your life, and you will be happy. It will make you acceptable in the Divine Presence. You will then be shoulder to shoulder with the prophets, because prophets never cheat people, but shaitan does. Everyone knows that shaitan cheated the first man and his woman.

We believe in what heavens inform us of. We believe in heavenly news, and heavenly news, who we all know. Satan is mentioned in every Heavenly Book and that he cheated the first man and his woman. First he cheated the woman, then he cheated her man. They were in paradise and when shaitan cheated them the Lord of Heavens sent them on earth. What I am telling you is the same which you know from your religion. It comes from the same root. The Bible speaks about it. The Holy Bible, the Thora, the Holy Quran all say the same. Nevertheless people cheat each other. They say that it isn't said in the Holy Quran, or that it isn't mentioned in the Bible. The first cheaer is shaitan, and whoever cheats is a shaitan too. In our days you cannot find anyone who isn't cheated and there are very few people who do not cheat. That is why all problems increase from day to day. I have come to tell the people: fear Allah and don't cheat! Tell the truth.

What are you saying concerning the prophets? What do Buddists say about them? Have they still not understood about Moses? Or do they really not believe in Jesus Christ? Or do they not believe in Sayidina Muhammad? They think that they are still living in the time before Adam. Did they never get any news? They are living in the 20th century, but did they still not get any news about Moses, Jesus Christ or Muhammad, may peace be upon them. These people are now coming to advise us! I just ask them, "Where are you coming

from? From the moon? What is the news there about Moses, Jesus Christ or Muhammad?" Truth is one, it cannot be two, no! Until today they are covering themselves with something, they do not eat like men eat, but like animals, only grass! They tell us that they are vegetarians... I am not moving my feet from that point until they stop cheating. I can tell who is cheating. I know their secrets. As long as they are cheating people, there will be no more peace. At the same time everyone claims that they are going to make peace.

If I am wrong, then let them bring an evidence. How many sects are there in Christianity? Is his Holiness the Pope cheating the Patriarch in Constantinopel, or is the Patriarch cheating his nation saying that the Pope is not real? If this is really such a holy meeting, then why isn't the Patriarch here also? It means that someone is cheating, and cheating is the first thing which has been prohibited in all nations: mankind are not allowed to cheat each other. If they cheat, then they are on the same level as shaitan. There is no forgiveness. This is a very difficult point which Allah Almighty is making me to speak on. 800 people are coming to this conference. For what? To cheat each other, or to be hypocrites and praise each other?

I mustn't cheat! If I do, I will be like satan. Don't cheat and don't let anyone cheat you. You must also not be someone who is cheated. That is also not good. When this rule is being followed, then blessings will come by itself on earth. And until that happens you will not find satisfaction, happiness or peace in this world.

You are Italians, French, Germans, Turks, Ottomans, Pakistani, Malay, Portugese... but all of us still come from the same root and we have been ordered to protect each other and to support each other and to save each other and to help each other. Is this written in the Holy Bible, or not? On the day of Resurrection I have a responsiblity to protect you and advise you. You are young and satan is running after you. It could be that you will make one mistake now which you will regret the rest of your life. So my advice to you young ones is to look for good people, to make friendship with good ones. Don't walk with bad ones. Good ones have a sign on their foreheads, but bad ones show on their whole faces. So beware of bad faces and you will be happy until the end of your life. Bad friends always want to cheat you. I am asking forgiveness from the Lord of Heavens and for blessings for you.

**Kun m`a Allah, Be with Allah!**

(Mawlana Shaykh stands). Dastoor yaa Sayyidee, madad. Allahu akbar, Allahu akbar, laa ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillaahi ‘l-hamd! O our Lord! We are asking Your forgiveness and Your blessings, for the honor of the most honored one through Your Divine Presence, Sayyidina Muhammad (s). O Allah! Grant to him more blessings, more glory and all praisings! We love him and You love those who love him. O our Lord! Grant us from Your endless Mercy Oceans. (Mawlana Shaykh sits.)

O Our Listeners! Give your attention to what is important in the Divine Presence. O our master, who is controlling this planet and everything on Earth and through the oceans, you are looking for all Creation; they may be needy, and you are taking and giving, granting them what is necessary for them.

As-salaamu ` alaykum, O our listeners! Take your attention. Don’t think about anything else but this life and when it is going to end. Don’t think for tomorrow, and what is your work or business; they are nothing! But think, perhaps tomorrow you are going to be taken from this life to another life. Think on it. You may be taken from this life to another life so quickly that you will not know it; Laysa 'l-khabaru ka 'l-`ayaan, some knowledge that you are knowing, in reality is something else. O Salafi `ulama! You are understanding what that means? Laysa 'l-khabaru ka 'l-`ayaan. We are on the level of hearing now, not on the level of looking and seeing. Therefore, there are two levels for ‘living’ people. One of them is such news, not the BBC News; it is

heavenly news reaching people and only the prophets may understand and listen and be able to declare. Therefore, what you need now is news about the coming days, about the future. They are only reading or hearing, but not seeing and not touching or not yet entering in it. Until we are going to enter in it, you can't reach (the Station of) Haqqu 'l-Yaqeen.

There are three levels: `Ilmu'l-Yaqeen, `Aynu 'l-Yaqeen and Haqqu 'l-Yaqeen. Very few people have the level of `Ilmu 'l-Yaqeen. Yaqeen means something in which there is no doubt (certainty). We are trying to climb to that level. What we are living in now is known as `Ilmu 'l-Yaqeen (Station of Certainty); to have no doubt through our knowledge. We are only knowing this, but further than that level is `Aynu 'l-Yaqeen; like a person who knows there is the Pacific Ocean, not seeing it yet, but knowing only. The first level is to know and when you are knowing something, Shaytan is coming to make it upset, giving people some lies, cheating and making them doubt. Shaytan may say, "You ever see Pacific Ocean? No. I am min an-naasiheen, an advisor to people; look to me and don't run to such things or believe in anything you are not seeing."

That is the level of 21st century people! They are always in doubt because their teacher, Shaytan, is teaching them and saying, "Don't believe anything that you are not seeing, touching and reaching." A` oodhu billahi min ash-Shaytaani 'r-rajeem. May Allah protects us to not follow shaytanic teachings! All crises, suffering and terrible happenings through life on this planet are the result of shaytanic teachings. As much as a person is saying yes to Shaytan, he is falling into more troubles. Who is on the top point and the first one to be a troublemaker? It is Shaytan. As long as people are following that one, saying, "You are alright," na`oodhu billah, they are falling through more troubles and Trouble Oceans that are covering this whole planet. They are saying that now oceans going to be from five (to) four oceans, and one continent, less or more; that is their thinking. But Shaytan's Trouble Oceans cover continents and oceans! You can find Shaytan's Trouble Oceans everywhere: through your homes, streets, villages, mountains, fields and gardens, through big and gigantic cities, you can find Trouble Oceans for Mankind. Wherever you are putting your feet, you should find Shaytan's Trouble Oceans, always making trouble for you, not to be in rest. Therefore, it is common knowledge among awliyaa that Shaytan is the main troublemaker on this planet; you can find that one everywhere.

O Salafi `ulama! Do you think when you are addressing people, your assembly or meeting is safe from Shaytan and shaytanic troubles, tricks and traps? I am surprised, I must ask the Salafi `ulama. (laughter) Are

you fearing Shaytan? Never. Is he fearing from you? What do you think? Say! You can't say, "Yes." He is never fearing you, especially Salafi `ulama. When Salafi `ulama are sitting, Shaytan is coming with his group and sitting in the first circle. And when you open your mouth and don't say, a` oodhu billahi min ash-Shaytaani 'r-rajeem, he begins to throw something into your heart that gives you doubt or at least gives doubt for your attendees! But the attendees are fearing from Salafi `ulama! Therefore, are asking and saying nothing. Shaytan is never fearing from Salafi `ulama, only from such an `alim that Allah Almighty is describing:

**••••••••• ••••••• ••••••• •••• ••••••••• •••••••••••**

asta`eedhu billah, innama yakhsha 'Llaha min ` ibaadihi 'l-`ulamaah, Those truly fear Allah, among His servants who have knowledge. (35:28)

How are they? Those learned `ulama, whose hair is standing from khashiyah, the fear of their Lord? They are such a people! The Salafi `ulama are mostly objecting on tariqahs, (which is) just a training for common Muslims. We are in the Naqshbandi Order trying to follow them and it is so difficult, but we like to follow good ones and are asking forgiveness from Allah Almighty that we are not able to follow such selected ones through the Divine Presence. One, a gigantic personality, Abdul Khaliq al-Ghujdawani (q), was saying, nazar bar qadam. "O followers of our Way, don't glance to the far right or the far left side when walking; look at your footsteps." For what? You must be ashamed to look here and there, in front of Almighty Allah, your Lord. Just as a servant who is asking to enter a sultan's honorable presence is never looking to the right or the left, going like this (Mawlana glances down). Originally he was a man like you but his title is "Sultan." He had been dressed and given such an honor and you are giving your best adab, respect for that one.

I don't think that any Salafi `alim is coming in front of his jalaalatu 'l-malik Abdullah, ayyadahullah, because his face is a good face and he is saahib ma`roof. No one is going to him and coming out without reaching something from that malik. Anyone from the `ulama may go in front of him and look here and there? Is that adab?

Therefore, hudood Allah is to be with Allah (swt). That is a very important point, kun m`a Allah. Is it true or not? If it is true, keep yourself from bad actions. Kun m`a Allah! That is a holy command to all. You must try to be with your Lord, Allah Almighty, thumma tooboo ilayh, and when you are with Him, He will give you amaan, safety here and Hereafter.

Look at what tariqahs are teaching, and you are saying, “We are Salafi `ulama.” Do you ever say such a thing to your people? Look at how they walk, because they have some million riyals or dollars or euro or cups full of gold. You are so proud, you never are going like this (Mawlana lowers head and eyes). You are saying, “What Shaykh is saying, ‘we are not such a person,’ that is for servants. We are not servants, we are such and such a people!” Yes, if Allah has granted you something, through that grant you must be so humble towards your Lord! Kun m`a Allah! Be with Allah! Are you saying it to people or not? But the people of tariqahs are saying, “Kun.”

O our followers! We are following the Seal of Prophets (s), who was saying, “I am a servant, I am sitting like a servant and eating like a servant.”

O People! Take your good manners from the Seal of Prophets, Sayyidina Muhammad (s), who is saying, addabanee Rabbee fa ahsana taadeebee. Something I am trying to keep (this) with myself not as a verse, but to make it as a living way for everyone. You know Arabic. I am not Arab. And Sahaaba (alayhi ridwaan) were saying, addabanaa rasoolullah, tabi` een addaban as-sahaabi ’l-kiraam, tab`i taabi`een, saying, addabana at-taabi`een, ridwaanAllahi ajma`een.

That is the way that saves people from shaytanic bad manners. The fountain of bad manners is Shaytan. Ask forgiveness and ask protection from your Lord and say, a`oodhu billahi min ash-Shaytaani ‘r-rajeem, “O our Lord! Keep us from Shaytan and his bad works.”

Salafi `ulama! Marhaban, nasil yahu. Why are you not learning Turkish? You are learning English. Good. For what are you learning English and not Turkish? We were the nation carrying `alam a‘r-Rasool, the flag of Islam, up for 1000 years and finally khiyaanat came. Allah knows how the Flag of Rasool came down. You are learning English but not learning the Ottoman language. Who was leading and carrying the Flag of Rasool, salawaatullah was salaamu `alayh, for a thousand years? Why are you not understanding? You must try to learn Turkish. “Eh... it is difficult.” No, it is not difficult. You may marry a Turkish lady and she will teach you Turkish.

Allah Almighty is going to ask you, O Salafi `ulama, why you are not keeping the right way or teaching people the right way. O people, come and listen to that one who is the qutb, pole of this planet. Abdul Khaaliq al-

Ghudjwaani (q) was saying, “O my followers, for 37 years I am not looking anywhere that is forbidden for me and through the 37 years I am never stepping on a najas, dirtiness. So many years I am trying to be with my Lord, Almighty Allah.” Are you doing that? You are always saying bid`a for tariqah. If it is bid`a, what are your ways? Your ways are haraam! Don’t go, you and your wives and families to Europe! Allah gave you the most honored land and you are leaving and going to Europe! For what? Why are you not keeping to the holy lands; running to make your ego to be happy, enjoying? You should be asked:

••••••••••• •••••••• •••••••••••••

waqifoohum innahum mas’ooloon, But stop them, for they must be asked. (37:24)

Who is first in waqifoohum? You; those who are neighbors of the holy land. Angels have been ordered (to question), waqifoohum innahum masoolun, “What you did?” You were running away, leaving holy lands and going to Europe. For what, to make Shaytan happy with you? For what you are going? Too much money. Why not giving for Allah and for His most beloved one, Sayyidina Muhammad (s)? (Mawlana Shaykh stands.)

O our listeners! Think on it, so many things we must learn. We are coming here for learning. Therefore, the first question the angels have been ordered to ask, when we are getting to Yawm al-Mahshar, the Day of Resurrection, is, “What did you learn and what did you do?" They will ask what you did. If you are `ulama you should speak on that point. All the things that are coming to my heart to speak to you are coming from the Holy Qur’an. Don’t object on it. I am knowing nothing. Everything we are speaking here, you can find proof for.

O People! Ta-addabu, take your good manners! You are here today, tomorrow you may be taken away and you may be asked what you did with your life in dunya. Do everything for Allah and live for Allah. Live for the honor of the most honored one and his way, Sayyidina Muhammad (s)! (Mawlana Shaykh stands.) May Allah forgive us.

O People! Think about something for learning, and you should be safe here and Hereafter. If not, you are going to be punished here first. The punishment is going to take lights from your faces and you will be unhappy. If not, then on the Day of Resurrection that light will be taken away and you should be in such a bad darkness.

O our Lord! Protect us and give us a chance to follow Your good servants.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

HasbunAllahu wa n`imal wakeel, laa hawla wa laa quwatta illa billahi 'l-` Aliyyi 'l-` Azheem.

Dome dome dome dome 8x

Fatihah. All must listen, listen, listen. We are reaching the End!

(48 minutes)

Fatihah.

Lefke, 13.01.2010

**Be With Allah**

---

As-Salamun Alaikum Ay Jivan (youngsters, youth). Ay yaran Shah Mardan! How beautiful, how pleasant you are! Allahu Akbar, Allahu Akbar. Allahu Akbar wa Lillahi l-hamd. May salatu salams go to the Lord's Rasul al-Kibriya! May we be dressed with the robe of honour, a robe which gives tirelessness, so we are not getting tired of servanthood. As-salamu alaikum Ay yaran Shah Mardan. Welcome friends of Shah Mardan to our assembly. A new day, a new manifestation. A new day, a new robe of honour. To those who are present in the assembly of Shah Mardan, they are granted the gifts sent from heavens. His power and strength is not worldly but is heavenly, from the heavens. May Allah dress us with the honour of the heavens. Honour descends from Heaven. The world has no honour. Please Shah Mardan go on, your friends admire you, please go on.

May you dress us with the robes of strength, adab(good manners), faith, and the robe of honour. This is what we wish for. May we always wear the robe of honour in the Presence of the Lord. Since we ask for the robe of honour in the Presence of the Lord, then let's say Bismillahi r-Rahmani r-Rahim. With the Name of the Lord, Allah, may we begin every action with His Name. Then everything will go in order. Masha'Allah. May we mention the Name of Allah first. Let's say Bismillahi r-Rahmani r-Rahim. What a great honour we have been endowed with, O Shah Mardan. Your friends admire you. We want to perform the proper servanthood to the Lord. May we be refreshed with joy! Worldly affairs don't give refreshment. The world and worldly affairs are pain & grief to humans. The world and worldly affairs put burdens on humans. The world & worldly affairs finish the honour of humans. The honour of mankind lies with performing the servanthood of Janabi Haqq who is the Lord of Glory. O Shah Mardan, your friends admire you. Our new day has begun.

Our respected elders said, our way, "Tariqatuna as-sohba", is the way of sohbat (association). With sohbat our souls open up, our hearts refresh. After we mention the Name of the Lord, we are refreshed, our love and ardour increases, we become happy. If you ask for happiness in this world, mention the Name of the Lord; Allah! Please Shah Mardan go on. Let's say Allah! May the doors of happiness and honour open for us and the doors of Divine Mercy also. May our Lord's, Janabi Mawla's, doors of Ridwan (pleasure of the Lord with His servants) be opened! Allah Jalla Jalaluhu. He who doesn't live for Allah, is contemptible. Please Shah Mardan go on. Who doesn't live for Allah is dirt. Hasha min al hudur, he is a carcass. Don't be a carcass! Be honourable; an honoured one! Then you say Allahu Akbar, Allahu Akbar Allahu Akbar wa Lillahi l-hamd. May we open up to refresh O Shah Mardan! We ask from you, we appeal to you, May we open up! May we become happy!

Who is happy? O Shah Mardan! Who is content? The one who is with Allah. That one is happy and content. One who is occupied with Dunya (world), is not happy. One who is with garbage, dirt and carcasses has no value. Ay yaran Shah Mardan! You should know! "Kunu ma' Allah". "Be with Allah!" How beautiful! Our Shah Mardan is declaring! With whom are you going to be? May you be with the Lord. How can you be with the Lord? If you are with Shah Mardan, you can be with your Lord, Allah because inside the heart of Shah Mardan, the Sultan of his heart is Allah! One who doesn't have Allah in his heart, is dirt, a carcass. Ya Rabbi, for the sake of Shah Mardan, give joy to our souls and our hearts.
O Shah Mardan give us an order, "Kunu ma' Allah wa la tubali" Be with Allah, you will have no worries! Allah Allah Allah. Does the one who says Allah have worries? One who says Allah has no pain or grief! He opens up, O our Lord. May You join us with the ones who love You! How beautiful is Shah Mardan, Habibu r-Rahman. "Kunu ma' Allah wa la tubali" Be with Allah, you will have no worries. That one is always happy. His heart is always filled with joy! No distress in his heart, no pains. O the one who is with Allah, how could his heart be in grief? Please Shah Mardan go on. How could the one who is with you, remain in darkness or grief? He is happy! Allah says He wants us to be happy! "Kunu ma' Allah", be with Allah. Does the one who is with the Sultan, have grief? He has no grief or worries. Let's say then, please Shah Mardan go on, Bismillahi r-Rahmani r-Rahim. Now, you are with Allah. Since you recited Basmala, you are

with Allah!
"Kunu ma' Allah", one who is with Allah has no grief or sorrow. His heart is in happiness. They have no desires. They have no desires such as, give me this, give me that. "Allahi Anta Maqsudi", O our Lord, You are our aim, final destination (maqsud). All we want, is "You", ya Rabbi. You are our Lord, ya Rabbi! Anta Rabbuna Anta Hasbuna. You are our Lord, Who is sufficient for us. Please Shah Mardan go on! These people forgot Basmala. If Basmala is forgotten, people fall into the deep holes of persecution and evil. There is no way out of them except to say Allah, you will be saved. The wealth of this world is nothing. "Kunu ma' Allah", be with Allah. This is the honour. You can count the importance of being with the Sultan, compared to being with donkeys in the stable. Please Shah Mardan go on, masha'Allah. O Shah Mardan, you can show us the ways leading to the Lord. May you show us the ways of happiness. One who is with Allah has no distress. They have no demands like this or that.
"Allahi Anta Maqsudi", O our Lord, we want You, to be with You. Yunus (Emre) described this as: O my Lord, You are the One I need, -there is no aim and no desire for me other than You, You are the One I crave, ya Rabbi. Allah! Our Lord is saying," I created man for Myself. He is My deputy on Earth". "Wa ma khalaqtu l-jinna wa l-'insa illa liya'buduni"(51:56). I created man for My service, to show him My Magnificence, from My Jamal (Beauty) and My Majestic attributes. I am the Owner of Earths and Heavens! I created mankind so that he knows Me, worships Me, and I shall give him Honour and Glory. Those who have forgotten Allah, have no honour. Please Shah Mardan go on. One who struggles for a handful of straw is an animal. The main desire of humans is, "Allahi Anta Maqsudi" You, Ya Rabbi. You are the One I need, said Yunus. Nothing else do I want. What else shall I ask for? You are the One I want, ya Rabbi! Say this O jivan (youth)! You will become the one of the diwan (assembly council) You may become owner of a diwan. Divine Diwan. Allah Allah, Allahu akbar.
What a great honour, to stand by Allah's Diwan, to want "Him". What are you going to do in the world? If you want straw, there is plenty, take it with you. What have you brought with you? O My servant what have you brought? If Janab Allah asks this, would you say, I brought garbage? Garbage! Hasha! I brought love for You, ya Rabbi! I have loved You, Ya Rabbi. I have loved Your Habib Ya Rabbi. I have loved whom You loved ya Rabbi! I've loved those who loved You ya Rabbi! Ay yaran Shah Mardan. O Man! O Man! You have been dressed with the most

honourable title. Man received the Divine addressing from the Lord! Janab Haqq neither addressed a lion, nor a horse, nor any other creature! No! Janab Haqq addressed Man. He spoke to Man. The highest honour, "Wa laqad karramna bani Adama"(17:70), has been given to mankind, said the Lord. The Angels asked for it, they were told "no", "Human beings are to carry My Glory. No one else can carry it."

O our Lord! Nahnu 'abiduk, we are Your servants O Lord! Your servants O Lord! We want You O Lord! We aim for no one else. "Allahi Anta Maqsudi" O Lord, we want You. You are the One we need, the One we need, said Yunus. Allah Allah. The Divine Love has been given to Mankind. The station of Man, is that he was given Divine Love. To our Prophet (sws), the pride of the universe, He gave Divine love, He poured it into his (sws) heart. He who loves him, loves Allah. He who loves Allah is the highest. That one is accepted in the Presence of the Lord.

Harunu r-Rashid Alaihi Rahmatullah, he ordered his servants, his treasurer, who were present in his assembly: Bring my most precious treasures and put them in front of my loved ones here who are gathered here in my assembly. Scatter the treasures in front of my friends. Treasures, each worth a world, were scattered in front of them. Each one of them hurried to collect those valuable treasures, except one of them who ran to Harunu r-Rashid and hugged him. Harunu r-Rashid asked her, why didn't you collect the treasures, these are most valuable treasures? Other jariya (female slaves) ran to collect treasures. This one said, I am not after treasures but after the Sultan. I want the Sultan, not treasures. I am not interested with the treasures scattered here. Masha'Allah. Can you say this too? What is the world? What are the eight heavens, eight heavens when we can have the Lord. And when the Lord is accepting the ones who want to unite with Himself, what is the value of the one who runs after Dunya? Garbage!

That female slave said, these stones, treasures, are of no value to me. What I need is the Sultan. I want the Sultan! I don't want these treasures scattered in front of us. I want the owner of these treasures. So she hugged him. "Allahi Anta Maqsudi" O our Lord, You are the one we want, not anything or anyone else. O Shah Mardan, how beautifully do these words come to your friends! Those who are beloved friends of Shah Mardan, those who love and want to be with him, they don't ask for anything else. Whether from the world or the eight heavens, what value do they have without Him? "Allahi Anta Maqsudi". O Lord all I want is You! You are the One I need, said Yunus (Emre). What can I do without You in this world? What shall I do in heaven if You

are not present there? O Lord may You fill us with love and longing for You; load us with Your love and longing. Fill us with Your love and affection. May we love You and Your Habib.
Let's say Bismillahi r-Rahmani r-Rahim, all doors will open for us. Don't run after hay! Carcasses, ravens run after carcasses. A raven is a bird, a black bird who perches on a carcass. What shall I do with it? What we need is, Ay yaran Shah Mardan, Our Lord. O Lord, may our hearts open up. It is Rajab Shahrullah, may we be dressed with the blessings of this holy month! With Your love and longing, with Your Habib, from the love and longing of Your Habib. May You bestow upon us Your Divine Grant, ya Rabbi! Rajab Shahrullah is nearly finished. Let's not be from the carrion crows. Say, "Allahi Anta Maqsudi". O Lord, You are the One I want.
Do Shia or Alawi or others say like this? O Lord we want to be with You! Why do you keep on killing people? Killing people is not something giving benefit to humanity. Say, O Lord we want You! Why do you go on killing people? Is killing people the way of Allah? However they lost their minds, satan is riding them. They say, we are Shia, we are Alawi. You are neither Shia nor Alawi! If you are not able to ride your ego, you have no value. What will you achieve by killing people? What do you want? What do you aim for by killing people? "Wa la taqtulu anfusakum"(4:29). Do not kill each other. Don't kill the ones I created! Allahu akbar! Be merciful to those whom I created! Allahu Dhul Jalal is saying to be merciful to His creation. O Shia and Alawi! Did Allah say this or did He say to kill people? You left the true path of Allah! Shah Mardan will cut you off! Shah Mardan has drawn his sword, he is ready! The ones who deserve his sword, those who oppress the ones Allah created, burning, destroying the innocent, Shah Mardan is ready to give them a lesson to show them their limits.
Please Shah Mardan go on, the arena is yours! Keep us under your banner! Come under the banner of Shah Mardan, O Shia, and O Alawi and O Muslims. Allahu Akbar, Allahu Akbar Allahu Akbar wa Lillahi l-Hamd. May Allah forgive us! May Allah make us ready for the service of the owner of time, Sahib az-Zaman,(Hz Mahdi). May we be ready to finish satan and the followers of satan. Raise the banner of Islam! Don't say Persian banner, Saudi flag. Don't say Persian flag. Raise the banner of Allah and be under it. O Lord forgive us! We are tired ya Rabbi! May this tiredness leave us! Shahrullah was present, Shahru Rajabu Murajjab, make us the ones who keep the respect of the holy months, Ya Rabbi; the one who will show oppressors their limits. Send us the Sultan Ya Rabbi.

Al-Fatiha.

**Sei mit Allah**

---

As-Salamu `alaykum, Ay Jivan, Jugendliche. Ay Yaran Shah Mardans! Wie schön, wie angenehm du bist! Allahu Akbar, Allahu Akbar. Allahu Akbar wa Lillahi l-Hamd. Mögen Salatu s-Salams an des Herrn Rasulu l-Kibriya gehen! Mögen wir mit dem Ehrengewand bekleidet werden, einem Gewand, das Unermüdlichkeit gibt, so daß wir von der Dienerschaft nicht ermüden. As-Salamu `alaykum, Ay Yaran Shah Mardans. Willkommen, Freunde Shah Mardans, zu unserer Versammlung. Ein neuer Tag, eine neue Erscheinungsform. Ein neuer Tag, eine neues Ehrengewand. An jene, die in der Versammlung Shah Mardans anwesend sind, ihnen werden die Geschenke, die von den Himmeln gesandt werden, gewährt. Seine Macht und Stärke sind nicht weltlich, sondern himmlisch, von den Himmeln. Möge Allah uns mit der Ehre der Himmel bekleiden. Ehre kommt von den Himmeln herab. Die Welt hat keine Ehre. Bitte, Shah Mardan, mach weiter. Deine Freunde bewundern dich. Bitte, mach weiter. Mögest du uns mit dem Gewand der Stärke bekleiden, mit Adab, Glauben und dem Ehrengewand. Das ist, was wir uns wünschen. Mögen wir immer das Ehrengewand tragen in der Gegenwart des Herrn! Da wir um das Ehrengewand bitten in der Gegenwart des Herrn, sagen wir: Bismillahi r-Rahmani r-Rahim. Im Namen des Herrn, Allah, beginnen wir jede Handlung mit Seinem Namen. Dann wird alles gut gehen. Ma sha' Allah. Erwähnen wir den Namen Allahs zuerst! Sagen wir: Bismillahi r-Rahmani r-Rahim. Mit was für einer großen Ehre sind wir ausgestattet, o Shah Mardan! Deine Freunde bewundern dich. Wir wollen die angemessene Dienerschaft für den Herrn ausüben. Mögen wir mit Freude erfrischt werden! Weltliche Dinge geben keine Erfrischung. Die Welt und weltliche Dinge sind Schmerz und Gram für die Menschen. Die Welt und weltliche Dinge laden den Menschen Bürden auf. Die Welt und weltliche Dinge bringen die Ehre des Menschen zu einem Ende. Die Ehre des Menschen liegt in der Ausübung der Dienerschaft für Janabi Haqq, Der der Herr der Glorie ist. O Shah Mardan, deine Freunde bewundern dich. Unser neuer Tag hat begonnen. Unsere respektierten Ältesten sagten: Unser Weg "Tariqatuna s-

Sohbat" - ist der Weg des Sohbat, der Vereinigung. Mit Sohbat öffnen sich unsere Seelen, unsere Herzen werden erfrischt. Nachdem wir den Namen des Herrn genannt haben, sind wir erfrischt, unsere Liebe und Inbrunst nehmen zu, wir werden glücklich. Wenn du Glück in dieser Welt verlangst, nenne den Namen des Herrn, Allah!

Bitte, Shah Mardan, mach weiter. Sagen wir Allah! Mögen die Tore des Glückes und der Ehre sich für uns öffnen und auch die Tore der Göttlichen Gnade! Möge unseres Herrn, Janabi Mawlas Tore von Ridwan, dem Wohlgefallen Allahs mit Seinen Dienern, sich öffnen! Allah Jalla Jalaluhu. Er, der nicht für Allah lebt, ist verächtlich. Bitte, Shah Mardan, mach weiter. Wer nicht für Allah lebt, ist Dreck. Hasha mina l-Hudur. Er ist ein Kadaver! Seid kein Kadaver! Seid ehrenwert, ein Geehrter! Dann sagt Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Mögen wir uns öffnen und erfrischen, o Shah Mardan! Wir bitten dich, wir ersuchen dich: Mögen wir uns öffnen! Mögen wir glücklich werden. Wer ist glücklich? O Shah Mardan! Wer ist zufrieden? Der, der mit Allah ist. Der ist glücklich und zufrieden. Einer, der mit der Dunya beschäftigt ist, ist nicht glücklich. Einer, der mit Müll, Dreck und Kadavern ist, hat keinen Wert.

Ay Yaran, Shah Mardans! Ihr solltet das wissen. "Kunu ma` Allah". Sei mit Allah! Wie schön! Unser Shah Mardan erklärt. Mit wem wirst du sein? Mögest du mit dem Herrn sein. Wie kannst du mit dem Herrn sein? Wenn du mit Shah Mardan bist, kannst du mit deinem Herrn Allah sein, weil im Herzen Shah Mardans, der Sultan seines Herzen ist Allah! Einer, der nicht Allah im Herzen hat, ist Dreck, ein Kadaver. Ya Rabbi, um Shah Mardans willen, gib Freude in unsere Seelen und unsere Herzen.

O Shah Mardan, gib uns einen Befehl. "Kunu ma`Allah wa la Tubali." Sei mit Allah und du wirst keine Sorgen haben. Allah Allah Allah. Hat derjenige, der "Allah" sagt, Sorgen? Einer, der "Allah" sagt, hat keine Schmerzen und kein Leid. Er öffnet sich, o unser Herr. Mögest Du uns mit denen zusammenführen, die Dich lieben! Wie schön ist Shah Mardan, Habibu r-Rahman. "Kunu ma` Allah wa la Tubali." Sei mit Allah und du wirst keine Sorgen haben. Derjenige wird immer glücklich sein. Sein Herz ist immer mit Freude erfüllt. Keine Verzweiflung in seinem Herzen, kein Schmerz. O der, der mit Allah ist, wie könnte sein Herz in Trauer sein? Bitte, Shah Mardan, mach weiter. Wie könnte der, der mit dir ist, in Dunkelheit oder Trauer bleiben? Er ist glücklich! Allah sagt, Er will, daß wir glücklich sind. "Kunu ma` Allah" - Sei mit Allah! Hat derjenige, der mit dem Sultan ist, Trauer? Er hat keine Trauer und keine Sorgen. Sagen wir also,

bitte Shah Mardan, mach weiter. Bismillahi r-Rahmani r-Rahim. Jetzt bist du mit Allah. Da du die Basmala rezitiert hast, bist du mit Allah! "Kunu ma` Allah". Einer, der mit Allah ist, hat keine Trauer und kein Leid. Sein Herz ist im Glück. Sie haben keine Wünsche. Sie haben keine Wünsche, wie 'Gib mir dies', 'Gib mir das'. "Allahi Anta Maqsudi" - o unser Herr, Du bist unser Ziel, unsere letzte Bestimmung, Maqsud. Alles, was wir wollen, bist Du, ya Rabbi. Du bist unser Herr, ya Rabbi! Anta Rabbuna, Anta Hasbuna. Du bist unser Herr, Der genug für uns ist.
Bitte Shah Mardan, mach weiter!
Diese Menschen haben die Basmala vergessen. Wenn die Basmala vergessen ist, fallen die Menschen in tiefe Löcher der Verfolgung und des Bösen. Es gibt keinen Ausweg daraus, außer "Allah" zu sagen. Dann werdet ihr gerettet. Der Reichtum dieser Welt ist nichts. "Kunu ma` Allah" - Sei mit Allah! Das ist die Ehre. Du kannst die Wichtigkeit, mit dem Sultan zu sein, ermessen im Vergleich mit dem Aufenthalt im Stall mit den Eseln. Bitte, Shah Mardan, mach weiter.
Ma sha' Allah. O Shah Mardan, du kannst uns die Wege zeigen, die zum Herrn führen. Mögest du uns die Weg des Glückes zeigen. Einer, der mit Allah ist, hat keine Not. Sie haben kein Verlangen wie dies und das. "Allahi Anta Maqsudi", o unser Herr, wir wollen Dich, um mit Dir zu sein. Yunus (Emre) beschreibt das so: O mein Herr, Du bist der Eine, Den ich brauche, es gibt kein Ziel und keinen Wunsch für mich außer Dir. Du bist der Eine, Den ich ersehne, ya Rabbi. Allah! Unser Herr sagt: Ich erschuf den Menschen für Mich. Er ist Mein Stellvertreter auf Erden. "Wa ma Khalaqtu l-Jinna wa l-Insa illa Liya`buduni" (51:56). Ich erschuf den Menschen für Meinen Dienst, um ihm Meine Herrlichkeit zu zeigen von Meiner Schönheit (Jamal) und Meinen Majestätischen Attributen. Ich bin der Eigner von Erden und Himmeln! Ich erschuf den Menschen, damit er Mich kennt, Mich anbetet, und Ich werde ihm Ehre und Ruhm geben. Jene, die Allah vergessen haben, haben keine Ehre. Bitte, Shah Mardan, mach weiter.
Einer, der um eine Handvoll Stroh kämpft, ist ein Tier. Der Hauptwunsch der Menschen ist: "Allahi Anta Maqsudi". Du, ya Rabbi, Du bist der Eine, Den ich brauche, sagte Yunus. Nichts anderes will ich. Um was sonst soll ich bitten? Du bist der Eine, Den ich will, ya Rabbi! Sagt das, o Jivan, Jugendliche. Du wirst der des Diwans, der Ratsversammlung, werden. Du magst der Eigner eines Diwans werden, eines Göttlichen Diwans. Allah Allah, Allahu Akbar. Welch große Ehre, an Allahs Diwan festzuhalten, um Ihn zu wollen. Was werdet ihr tun in der Welt? Wenn ihr Stroh wollt, davon gibt es reichlich. Nehmt es! Was hast du mitgebracht? O Mein Diener,

was hast du gebracht? Wenn Janab Allah das fragt, würdest du sagen: Ich habe Müll gebracht? Müll! Hasha! Ich brachte Liebe für Dich, ya Rabbi. Ich habe Liebe für Dich, ya Rabbi. Ich habe Liebe für Deinen Habib, ya Rabbi. Ich liebe den, den Du liebst, ya Rabbi. Ich liebe die, die Dich lieben, ya Rabbi Ay Yaran Shah Mardans. O Mensch! O Mensch! Du wurdest mit dem ehrenwertesten Titel bekleidet. Der Mensch erhielt die Göttliche Ansprache des Herrn. Janab Haqq sprach weder einen Löwen, noch ein Pferd, noch irgendein anderes Geschöpf an. Nein Janab Haqq sprach den Menschen an. Er sprach zum Menschen. Die höchste Ehre, "Wa Laqad Karramna Bani Adam" (17:70), wurde der Menschheit gegeben, sagte der Herr. Die Engel verlangte danach. Ihnen wurde gesagt, nein. Die Menschen sollen Meinen Ruhm tragen. Niemand sonst kann ihn tragen.

O unser Herr. Nahnu `Abiduk - Wir sind Deine Diener, o Herr. Deine Diener, o Herr. Wir wollen Dich, o Herr. Wir zielen auf niemand sonst. "Allahi Anta Maqsudi" - O Herr, wir wollen Dich. Du bist der Eine, Den wir brauchen, der Eine, Den wir brauchen, sagte Yunus. Allah Allah. Die Göttliche Liebe wurde der Menschheit gegeben. Die Stufe des Menschen ist, daß ihm Göttliche Liebe gegeben wurde. Unserem Propheten (saws), dem Stolz des Universums, gab Er Göttliche Liebe. Er goß sie in sein (saws) Herz. Der, der ihn liebt, liebt Allah. Der, der Allah liebt, ist der höchste. Der ist in der Gegenwart des Herrn angenommen. Harunu r-Rashid, `alayhi Rahmatullah, befahl seinen Dienern, seinem Schatzmeister, die in seiner Versammlung anwesend waren: Bringt meinen kostbarsten Schatz und stellt ihn hier vor meine Geliebten, die in meiner Versammlung versammelt sind. Verstreut die Schätze vor meinen Freunden. Schätze, jeder im Wert einer Welt, wurden vor ihnen verstreut. Jeder von ihnen rannte hin, um diese wertvollen Schätze einzusammeln, außer einer von ihnen, die zu Harunu r-Rashid rannte und ihn umarmte. Harunu r-Rashid fragte sie: Warum hast du die Schätze nicht eingesammelt? Dies sind sehr wertvolle Schätze. Die anderen Jariya, Sklavinnen, liefen, um die Schätze einzusammeln. Diese sagte: Ich bin nicht hinter Schätzen her, sondern hinter dem Sultan. Ich will den Sultan, keine Schätze. Ich bin nicht an Schätzen interessiert, die hier herumliegen. Ma sha' Allah. Könnt ihr das auch sagen? Was ist die Welt? Was sind die acht Himmel, die acht Himmel, wenn wir den Herrn haben können? Und wenn der Herr diejenigen annimmt, die sich mit Ihm vereinigen wollen, was ist dann der Wert derer, die hinter der Dunya herlaufen? Müll! Diese Sklavin sagte: Diese Steine, Schätze, haben keinen Wert für mich. Was ich brauche, ist der Sultan. Ich

will den Sultan. Ich will diese Schätze nicht, die vor uns ausgebreitet sind. Ich will den Besitzer dieser Schätze. Also umarmte sie ihn. "Allahi Anta Maqsudi", o unser Herr, Du bist der Eine, Den wir wollen, nichts oder niemand anders. O Shah Mardan, wie schön kommen diese Worte zu deinen Freunden! Jene, die die geliebten Freunde Shah Mardans sind, jene, die ihn lieben und mit ihm sein wollen, verlangen nicht nach anderem. Ob von den Welten oder den acht Himmeln, welchen Wert haben sie ohne Ihn? "Allahi Anta Maqsudi". O Herr, alles, was ich will, bist Du! Du bist der Eine, Den ich brauche, sagte Yunus. Was kann ich ohne Dich machen in dieser Welt? Was soll ich im Himmel tun, wenn Du nicht dort bist? O Herr, mögest Du uns mit Liebe und Verlangen nach Dir erfüllen! Lade uns mit Deiner Liebe und Sehnsucht! Erfülle uns mit Deiner Liebe und Zuneigung! Mögen wir Dich und Deinen Habib lieben!

Sagen wir: Bismillahi r-Rahmani r-Rahim. Alle Türen werden sich für uns öffnen. Lauft nicht Heu hinterher! Kadaver, Raben laufen Kadavern hinterher. Ein Rabe ist ein Vogel, ein schwarzer Vogel, der auf einem Kadaver hockt. Was soll ich damit? Was wir brauchen, ist, Ay Yaran Shah Mardans, unseren Herrn. O Herr, mögen sich unsere Herzen öffnen. Es ist Rajab Shahrullah, mögen wir mit den Segnungen dieses heiligen Monats bekleidet werden! Mit Deiner Liebe und Sehnsucht, mit Deinem Habib, von der Liebe und Sehnsucht Deines Habibs. Mögest Du uns Deine Göttliche Gabe gewähren, ya Rabbi! Rajab Shahrullah ist fast zu Ende. Laßt uns nicht zu den Aaskrähen gehören! Sagt: "Allahi Anta Maqsudi". O Herr, Du bist der Eine, Den ich will. Sagen die Schiiten oder Alawiten oder andere das? O Herr, wir wollen mit Dir sein! Warum tötet ihr immer noch Menschen? Menschen zu töten, ist nichts, was der Menschheit nützt. Sagt: O Herr, wir wollen Dich! Warum tötet ihr weiterhin Menschen? Ist das Töten von Menschen der Weg Allahs? Sie haben jedoch den Verstand verloren. Shaytan reitet auf ihnen. Sie sagen, 'Wir sind Schiiten', 'Wir sind Alawiten'. Ihr seid weder Schiiten, noch Alawiten! Wenn ihr nicht fähig seid, euer Ego zu reiten, habt ihr keinen Wert. Was erreicht ihr mit dem Töten von Menschen? Was wollt ihr? Auf was zielt ihr ab mit dem Töten von Menschen?

"Wa la Taqtulu Anfusakum" (4:29). Tötet einander nicht! Tötet nicht diejenigen, die Ich erschuf! Allahu Akbar! Seid barmherzig mit denen, die Ich erschuf! Allahu Dhu l-Jalal sagt, barmherzig zu Seiner Schöpfung zu sein. O Schiiten und Alawiten! Sagte Allah das oder sagte Er, die Menschen zu töten? Ihr habt den wahren Weg Allahs verlassen! Shah Mardan wird euch abschneiden!

Shah Mardan hat sein Schwert gezogen. Er ist bereit. Denjenigen, die sein Schwert verdienen, denjenigen, die die unterdrücken, die Allah erschaffen hat, die die Unschuldigen verbrennen, vernichten, denen eine Lektion zu erteilen, ist Shah Mardan bereit, um ihnen ihre Grenzen zu weisen. Bitte Shah Mardan mach weiter, die Arena ist dein. Halte uns unter deinem Banner. Kommt unter das Banner Shah Mardans, o Schiiten und Alawiten und Muslime! Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Möge Allah uns vergeben! Möge Allah uns bereit machen für den Dienst an dem Eigner der Zeit, Sahibu z-Zaman, Hz. Mahdi. Seien wir bereit, Shaytan und die Anhänger Shaytans zu vernichten! Erhebt das Banner des Islam! Sagt nicht: persisches Banner, Saudi Fahne. Sagt nicht persische Fahne. Erhebt das Banner Allahs und seid darunter! O Herr, vergib uns. Wir sind müde, ya Rabbi! Möge diese Müdigkeit uns verlassen! Shahrullah war da, Shahru Rajabu Murrajab, mach uns zu denen, die den Respekt der heiligen Monate wahren, ya Rabbi, denjenigen, die den Unterdückern ihre Grenzen zeigen. Sende uns den Sultan, ya Rabbi. Al Fatiha.

## Always Be with Good People

(Baya`) Allah thaabitnaa `ala ‘l-Haqq. Fatihah.

You are happy with us? (Yes sir!) We are asking our Lord to be happy with us. Even though we are sinners, His Blessing covers everything of sin.

Fatihah.

Shaytan is asking to make people unhappy and to push everyone and cheat them into difficulties and miseries so they will not be happy or in pleasure. Therefore, anyone going with Shaytan always has trouble, miseries, and his life is unhappy here and Hereafter. Therefore, we must try to keep ourselves from Shaytan and its followers. Shaytan is calling people to the Fire and Allah Almighty is calling His servants to be in Paradise forever!

Always be with good people. Bad people are Shaytan’s agents. You know that, and when you look at their faces you will understand. Look at good people, run away from bad people! All prophets said, “O People! Follow good people and run away from bad people.” That is the advice of all prophets. It is so easy: if you follow bad people you will reach a bad end and if you follow a good one you will reach a sweet life, here and

Hereafter.

Allah is blessing you. Pray for me. I am weak and old. But even if you were going to live a thousand years you will still finish, just as one billion years are going to finish. Every number, as big as it may be, is going to end. Therefore, you must ask for eternal life. Eternity is never ending!

God bless you. Fatihah.

(A group from Spain visits and Mawlana stands as Spanish sisters sing Nur Muhammadi.)

Mureed: We are from Granada, Valencia, and Alhambra.

You like Alhambra?

Group: Yes.

(Mawlana Shaykh Muhammad Nazim al-Haqqani gives baya` to the group.)

May Allah grant Paradise, Firdaus, to you, your children and your ancestors. He granted heavenly blessings for your honor, because you are saying, “la ilaaha illa-Llah Muhammadan Rasoolullah.” It protects you and gives to you from His divine protection to be in safety here, and with blessed people until the Day of Resurrection.

Fatihah.

I hope that this year there will be hundreds of thousands running to Islam, because blessing is coming with Islam, when people say, “O our Lord! Forgive us and give us Your blessings.” I hope it will be this year that tens of millions will run through heavenly blessings, and you will be of the first people coming in front, and others will follow!

Pray for me. Allah knows how long I am going to be with you, but I hope that I am going to be with Mahdi (a) and `Isa (a). Pray for me.

Fatihah.

**Beyond Self**

---

Madad Ya Sultan, madad Ya Rijal Allah, dastur
Allah Allah Allah Allah Allah Allah Aziz Allah
Allah Allah Allah Allah Allah Allah Subhan Allah
Allah Allah Allah Allah Allah Allah Sultan Allah
O our Lord, our Creator, forgive us and give Your blessings for the honour of most honoured one through Your Divine Presence, Sayyidina Muhammad (sas). Zidhu Ya Rabb izzan wa sharafa nuran wa surura ridwanan wa sultana wa man tab`iahum ila yaum al qiyamah.
Madad Ya Sultan al Awliya, Ya Sayyidi, O Holy Ones, O Sultan of Holy Ones on this planet, on dunya, support us, grant us what is necessary for us to know, and to understand, and to do. Oh, we are such heedless ones. May Allah forgive us. Assalamu alaykum our Attenders, through east and west, who have been honoured to be deputies, for the Lord of this planet. We are speaking only about our planet. And we are saying: Audhu Billahi min as shaytani'r rajim because everywhere you are finding shaytan. If anything coming to you from heavenly lights, that enlightens us, coming and asking to put a dark veil on it, so that we can't see behind that, what is there. That is shaytan's mission, khazahullah, aman Ya Rabb, aman Ya Rabb.
As a protocol, we must say 'O our Lord' but, I am ashaming to say O our Lord protect ourselves from shaytan. What is that? Why? But Allah Almighty, that His Kingdom from pre-Eternal up to Eternal. Endless oceans for His territories. Endless universes, countless mulk, countless territories, dominions. Aha, I was thinking that word but, dominions, oh, oh! How? If a person fearing from something in front of a sultan's palace he is going 'O Your majesty, adrikni, reach to me, save me from this one'. Particularly shaytan that is ugliest one, ugliest creature that was created, from pre-Eternal up to Eternal. Can't be more ugly, or uglier than shaytan. Hmm. And asking, 'Come

come save me from this'. What is that?
But because our understanding as something through an atom. An atom. What it may include of something, can you imagine? Our understanding in such a way, therefore we are saying. But astaidh Billah, His Holy Command, as an order of our Lord we are saying or an ant may do, for destroying shaytan and its works so easily. An ant. As His Command, we are saying: Audhu Billahi min as shaytani'r rajim, ash-shaytan, O our Salafi ulamas, marhaban. Assalamu alaykum also, don't worry, I am only angry against our egos not your being. Your being is from Allah Almighty.
Kamil, perfect, mukammal Man, Adam.

What does it mean, 'Adam'? You know that meaning, O Salafi ulamas? Say to me, what does it mean 'Adam'? Adam showing Alif, it has a meaning. Daal it has another meaning, Meem it has another meaning. Alif.. Allah, Alif. Daal, `aada, Daal, pointing to continuous, Meem it is an ocean that it is impossible to approach that Meem, that muntaha yushir (indicates) muntaha/last point and last point is for you, for creatures, not for Creator, azaliyun-abadiyun. Alif, azali, Meem, mu'ammar, Eternal. Dal, dawam (continuous) of the Lord's hegemony on everything that was created for the honour of the Seal of Prophets Sayyidina Muhammad (sas). Creation is continuous. No one knowing beginning, or ending. No one can be able to approach for an understanding, less or even the least meaning of azali, Eternal and abadi, pre-Eternal and Eternal. Subhanallah, Subhanallah.
Most high honour that granted to dhawi'l uqul, those who have been granted enlightenment of aql/mind. Subhanallah, just granted and no one without that enlightenment can reach to pre-Eternal, azali and Eternal. And Allah Almighty granting mankind such an honour for an understanding. And, what is main aim of understanding the Lord of Heavens? All obedience that we are doing is giving us a heavenly enlightenment. There are 500 majabihi an-nabi that the Seal of Prophets taught to his nation. 500 kinds of honour and every honour belongs to one Order. If you are doing it, asking to reach that honour, that honour belongs to this level of enlightenment. Each one of heavy commands that the Seal of Prophets was granted and taught and declared, each one making that person to reach that `amal as-saleh, that obedience and you are getting closer to Divine Presence. Real meaning of all obedience is not for Paradise. Paradise people are on common level of ummah. Those who are asking more than those eight paradises are going to

disappear through That One's glory and lights.
Therefore hadith that our Salafi ulamas must know when the Seal of Prophets, Sayyidina Muhammad (sas) when he was asked, 'Ya Rasulullah, what is the best of actions, best one of all our good dealings, what is that that grants to people such an honour that with any other order you can't reach to that level?' and he was saying: al `ilmu Billah, al `ilmu Billah Subhanahu wa Ta`ala. And companions they were astonishing, they were saying, 'We are asking from good manners and obedience and Rasulullah (sas) was saying..' What was he saying? 'Al `ilmu Billah'. And it is not action/dealing, it is something else.
All `amal, actions and obedience that we are doing, their real aspect, to reach to an understanding level of the Lord of Heavens, Who He is. That 'Who He is' you can't understand until you are going to ifnah, annihilate. You have cars, you have trains, you have planes, your real aspect to have a car, to have a train, to have a plane or using those to reach to take you from your city to another city? Therefore all majabihi an-nabi that Prophet (pbuh) was teaching to his Nation it is not bi dhatihi matlub, it is not in itself the target. It is not only to pray or to fast and to go for Hajj and to give money, but beyond that we are asking to reach something. And that something, therefore Prophet was saying afdal ul `amaal. That concluded all good deeds to take you to a level so that you are not in need of any deeds there. There you are like a drop coming from clouds, reaching ocean and you are going to be ocean, fana'u fi'llah baqa'u bi'llah. Finished.
O People, therefore we must try to learn. To learn beyond ourselves. When we are going to be dust, what remaining and for what we are on this planet? For what we are living? For which purpose we are taken away? Why giving a limited life here and taken from us. What is real maqsad, aim? Yes? We must try. Now we are Subhan Allahi 'l Aliyyi'l Azim we are through darkness of ignorance. Darkness. People they never using what they have been granted as a heavenly honour.
What we have been granted, we are not using it. They are putting there and putting there, people to look and see, 'I have this'. No it is not for show, to make show, but you must use it to reach to that level that your identity just disappearing and appears really there identity of heavenly beings and after that divinely level that finishing through an ocean, through countless oceans and countless dominions.
May Allah forgive us. Allahu Akbar, Allahu Akbar, Allahu Akbar. O People, it is short time, O Salafi

ulamas say such a knowledge to people, balligh an naas, balligh an naas. Reach to people such a knowledge that they may stop their juhd, making down all their efforts and they are changing towards Divine Presence. That signalling why Allah Almighty putting baytullah, kabatullah, to leave everything and look there. To put all attention there, why you are not saying?

If not knowing you must ask someone who knows such things. They must be warithatu'l anbiya, must be those that are inheriting from prophets, must be among men, but it is not easy to find them or it is not as you like that, 'that one may come to me and teach me', no. You must run after them, to find someone so that you would be rabbani. It means you are going to be heavenly ones and you will be dressed in heavenly uniform, heavenly dressing.

O People, O Ulama, O Pope, O Patriarchs, Bishops and Rabbis, You are knowing from your books but you are not understanding. I am not understanding till they are granting to me to speak, (then) I am knowing something. May Allah forgive me, forgive you for the honour of most honoured one Sayyidina Muhammad (sas)

Fatiha.

**Beyond Time and Space**

If Allah wants to put the whole universe into a thimble, He can. If He wants to put it all into one atom, He can. If He wants He can ask the atom to give up its existence and be like before. It can all be dissolved in His endless power oceans anytime.

There are huge galaxies, which according to reports include billions of stars. Looking at it with the naked eye, it only looks like a spot. But if you were there, this whole universe might even be invisible, because we are smaller than that. You would be invisible, finished, not in existence! When you start approaching it, the world becomes clearer and clearer and by the time you land on it you will disappear.

Everything you see is not in its real position, especially in the sky. It is not the way it appears to be. The moon is not a circle with a diameter of 20 centimetres. That is not the real moon. The real moon is not a circle, but a ball. What you see is not real. If you get closer to it, you will notice. But if you are somewhere else, it will be different. We are cheated by our vision. If Allah the Almighty wanted to put all stars into one place, He can. If He wants to put the whole universe and all galaxies there too, He can. That is the greatness of Allah and His power oceans. He can do anything in perfection. If you look at yourself, it is not perfect. When He looks at you He does so in a perfect perfection, nothing is hidden from Him. It is difficult to speak about the limits of creatures and their connection to Allah the Almighty. No one can understand this connection. He knows them inside and outside, nothing is hidden from Him.

Everyone has been granted physical powers and spiritual powers. What you have been given as physical powers within your physical being is very narrow, but your spirituality is something else. It is beyond time and space. When people train themselves, they can get out of the prison of time and space. When you are beyond time and space a second can be a billion years without any difficulty. But it is not easy to reach such a

position. To be able to you must do exercises and train according to spiritual rules. These should enable you to take your soul from the prison of your physical body and free it into its spiritual world. Until that moment you are imprisoned on earth. When Allah opens up this ability you can look anywhere in a second of time without any hindrance. The Prophet* made his Mirage which in actual fact was a journey of billions of years, but when he returned, his bed was still warm. Everyone who wants to reach such Heavenly Positions must get help from someone who already has these powers, someone who can be here and there at the same time.

The wisdom people reach there is very different. You cannot find two holy people saying the same things, using the same words. The wisdom run from their hearts to their tongues and will give something from the universes to common people. Prophets came from Heaven to be such messengers. This is a deep and terribly dangerous ocean. We cannot move in it. We can only stand on the beach and look. Holy people and prophets can go inside and bring back pearls.

**Big City Atmosphere is Poisonous**

(Mawlana Shaykh stands)
Stand up for the honor of your Lord, Almighty Allah, as much as possible, to give most high praisings and glory! Say through our language, we are saying in Arabic language, Allahu akbar, Allahu akbar, Allahu akbar, la ilaha illAllah, Allahu akbar! AntaAllah! Subhan Allah! Sultan Allah!

Give us Your forgiveness and support us, O our Lord, against Satanas and its followers! I am ashaming to address directly to You, O our Lord. Even I am ashaming to ask from Your Most Glorious One, Your most Beloved One through Your Divinely Presence. I must ask from the Holy Ones, that they are Masters through Creation. And we are saying, may endless honor to be granted to Your Most Beloved One! And we are saying, Allahumma salli `ala Sayyidina Muhammadan Nabiyyul `ummi wa `ala `aalihi wa sahbihi wa sallim. Adkhilna fi rahmatika ya arhamar rahimeen!

(Mawlana sits)

As salamu alaykum. O our listeners, I must look to you. Even you are on far distances and for far distances, one of our followers he was saying, "O Shaykh, put eye glasses to look through east and west!" And I am listening here and to Shaykh Hisham, and saying I must put looking glasses to look around who is there. Therefore, I am putting and asking from our master, king of masters in our times, no lie, that he is qutb, pole granted some honor and some specialities to have a power for carrying responsibility as a master for this planet, dunya. Dunya, dunya. O people! and I am saying a'udhu billahi min ash-Shaytan' r-rajeem, Bismillahi 'r-Rahmani 'r-Raheem, alfu alfu salawat alfu alfu salaam ala sayyidi 'l awwaleen wal akhireen Sayyidina Muhammad wa ala aalihi wa sahbihi wa sallim.

I am trying to see all of you with my eyeglasses, but it is impossible. If the Lord of Heavens giving a power for

me to look through these glasses, to look through east and west, it can be possible. But, through these manmade eyeglass, I don't like it, because showing through a very short distance. But I am asking that, to be granted a little bit more lights to my heart to make through east and west, easy to be seen. Yes. Very important to be granted a Heavenly light, to be with a servant. That light may be as an atom's light.

What do you think, O my listeners from Adam's children. Welcome to you!!! Be happy, be proud also that you have been brought into existence by our Lords's order. He is saying only 'Be' and must be what He is asking to be in existence. O People, O Mankind, as salamu alaykum wa rahmatullahi wa barakatuh and sending Heavenly Salute! Heavenly Salute is important, more important than what you are saluting people; that is nothing. But prophets, they were saluting people and their saluting is Heavenly. That salute going to be full of heavenly, holy breathing. Therefore, I am giving that salute for whole living children of Adam Sallallahu Alayhi Wasallam!

As salamu alaykum, peace be on you, here and Hereafter, on earth and on heavens. O people! O my Lord's creatures! I am one of you, nothing else. And the Creator may grant His Heavenly Salutes to you, and Heavenly Salute may take from you every heavy burden. Therefore, the Seal of Prophets (s) was urging his nation and saying alfu's salaam! Make salaam between you, because that changing the atmosphere that you are in.

People running to smell a good breathing through mountains, through pine trees. They are saying, "Oh, we must go a little bit around, we must leave our cities. And, time by time, we must get up and we may breathe a good weather." For what? Because good weather is full with life. Therefore, it is forbidden (for) Man to (dwell) in big cities. Big cities, it is not preferred for Man's life; (it is) giving trouble but not taking troubles. SubhanAllah! Most Glory for our Lord! Giving a recipe for people, how they should be through this life, happy and peaceful. This recipe is never changing.

The atmosphere where you are living is mostly going to be poisoned, particularly in our days. I must look once again, if it is true or not? Yes, I think that what we are saying, it is written through Holy Books. You must think on this. You must be a VIP person also when they are putting (their eyeglasses) like this, "O Shaykh, don't put like this put like this (moves eyeglasses up). No, this is better (moves eyeglasses to tip of his nose, laughter) because I may see, it is changing. SubhanAllah. Dirtiness making trouble for people.

Therefore, the atmosphere that is poison, giving trouble to your physical being, go out from that atmosphere. That is, as we said, the knowledge reaching to learned people.

O people! Go around! Take yourself out of that poisoned atmosphere. Don't imprison yourselves through small places because that gives you trouble. Particularly people that are smoking, giving much more trouble to you and your circle, muheet (surrounding). People whom they should be with you, leave it; don't make your atmosphere poisoned. SubhanAllah! Endless Glory for our Lord, most High, most Praised, most Mighty, most Glorious and most Magnificent. The Lord of Creation has endless Names and endless Oceans belonging to each of those Holy Names.

Yes, everything, everyone just surrounded with something either giving benefit to you or giving trouble to you. Which, for material being of Man, that speaking on it. There is another one that is surrounding people, that is according to our actions. Bad actions bringing cursing, good actions bringing peace and beauty and pleasure and blessings. Therefore, O people! Wake up! Wake up! That is something strongly coming to my heart and I have been ordered to make a wake up for you. Leave to be a drunk. A drunk person just surrounded with a dirty circle.

(Maulana sneezes) Alhamdulillah! Shaheed al-Haqq! Everyone that they are doing something either must be surrounded with heaviness of their dirty, unliked actions, or there is another position, and through that Man can reach a cleanliness and they may reach a circle. They should be in a good circle that is giving to your real being, pleasure and peace and lights and hope and glory. What is that circle, O people? Don't think that night clubs, casinos, hotels or such a places giving to you pleasure! No, no, but poisoning you! A circle that just surrounding you is a circle of prohibited actions and prohibited efforts, making you through a very bad circle. Whole heaviness coming on you. And people are not knowing such secret realities. They are thinking that if they are drinking (alcohol), getting a pleasure circle. No. They are thinking that when they are dancing, singing, doing this and that, they are going to be happy and in pleasure. No! That is diseasing of Shaytan; urging people to do something that if you are going in it you are surrounded with a poison circle.

That is main point that people now are complaining and very, very few people say, "I am happy, I am in pleasure, I am in peace." No. 99% of people are through poison circle. How they should be happy? By drinking, by singing, by dancing, by making haram, forbidden and zina, adultery? Giving them pleasure, no,

no. It is poison circle! Therefore, you can find no one from east to west, people who are running into forbidden circles, to be happy, to come out saying, "I enjoyed it." No! They say, "O my head, O my back, O my stomach!" O people, we are speaking now through Heavenly Knowledge, and through Heavenly Knowledge, the Master of this world granting to you through a useless servant to make you wake up.

O People, believers or non-believers, Muslims or non-Muslims! There is a distinction between good and bad, as you say you have understood here something. You know you are liars. Heavens know what we talk about. The Pope must (listen and inform?). All the Patriarch (and religious leaders) want to make all the people, they want to find something to make humanity without any problems in life. Who's the Pope? I need to put (these eyeglasses back on to) start watching again, in order to look around for the Dalai Lama... to main rabbi again! (laughter) And also, put on eyeglasses in order to welcome circle to live, have feelings, and not to think that the religion's chief is happy and good. And they say, "We are in a good circle." Can they say (they are) not material people, (that) they make you never in a joyous circle, in a circle of joy? O people, I see from Shaykh Hisham happy? It now comes (...?...) and I see and read this is the introduction. Now the (?) is protected from their trailers. I want to put down Shaytanic powers to save people from Shaytanic circle, and bringing in a joyous circle.

I am looking and now coming a very important point. This is a preface, yes. Now coming heavy, heavy bombarding of Satan and its followers. I'm intending to make Satanic powers down, to save people from bad circles, to take them to happy circles, to enjoyment circles. Too much these eyeglasses. Going to be time by time, Shaykh Hisham is going to use it. I can't use it, is expensive, eyeglasses. I am looking to see me also, but you can't see.

O People! Now look, something coming. I know nothing. I am a weak servant and I can't address millions of people, but they are making me to speak realities. O People! Look and see what circles you are in. People are mostly complaining and they are mostly in a bad circle. You must get out. The Seal of Prophets (s), (Shaykh stands) everytime from getting up and sitting, I am taking much more power, alhamdulillah! That is making me to get so much more.

O People, someone saying as-salaam baynakum, speaking in such realities that men they are not thinking and asking to know. They are not asking which circle, if you enter into it, is good for yourself. They are not asking.

Always taking more and more (tablets (medicine), and saying, "Oh, my back. Oh, my stomach." So many people, millions of people, they are complaining. Try to listen and see what is the meaning of the Seal of Prophets (s), giving 100% proof for his messengerhood. He was saying, alfu's salaam baynakum.

O People, make a Heavenly Salute around yourself. If I am saying, as-salamu alaykum or saying wa alaykum salam it is making a good circle, going to be surrounded by a fresh Heavenly Power. the Seal of Prophets (s) is saying to say back (to those who greet you) wa alaykum as salam wa rahmatullahi wa barakatuh. Giving to yourself too much (benefit), changing your circle and coming Heavenly refreshment, Heavenly light, Heavenly enjoyment, Heavenly breathing, Heavenly pleasure!

Why aren't you asking, O People? Why are you getting in doubt? The prophecy of that one who spoke this, we are granted to make a base for that one only. He knows when you are entering a circle of salaamat (peacefulness). When you are saying, as-salamu alaykum you are entering a circle of peace. Give salaam. Give, as much as possible, for small one, for adults, for women. Give as much as possible and coming Heavenly satisfaction and pleasure, and coming from that enjoyment and happiness.

And whole nations, their mufakkir, biggest thinkers, professors or doctors, if they are finding some reality, they must come to Islam. It is such a huge building and giving endless peace to people! O People, come say la ilaha illAllah Muhammadur Rasulullah. You are entering into a safe circle here and Hereafter. Allahu akbar, Allahu akbar, Allahu akbar!

Only one word giving a circle we are saying now, even I don't know. They are never hearing such a thing, but now is the time to open some secret powers through the Holiest One of prophets. Alfu's salaam baynakum. O Arabs, don't say sabah al-khayr, are not in that happy circle, in that circle that salaam giving you.

(Mawlana Shaykh sings!)

Not beginning yet,
but time is over. (46 minutes)
It is okay then,
because I am happy.
I must say,
make people happy!

dome, dome, dome, dome,
dome, dome, dome, dome
dome, dome, dome, dome,
dome, dome, dome, dome
dome, dome, dome, dome,
dome, dome, dome, dome
dome, dome, dome, dome
dome, dome, dome, dome
My hobby is
to make people happy,
nothing else, nothing else.
The Lord of Heavens saying,
"Make My servants to be happy,
then I am going
to be happy with you."
I must make this musical, saying:
dome, dome, dome, dome,
dome, dome, dome, dome
dome, dome, dome, dome,
dome, dome, dome, dome
dome, dome, dome, dome,
dome, dome, dome, dome
dome, dome, dome, dome
dome, dome, dome, dome
Fatiha.

**(The) biggest danger for a person (is) to be heedless!**

Destur ya, Sayyidi, ya Rasulullah, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah... Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Allahumma alhimna rushdana wa aidna min sharri anfusuna...May Allah Almighty protect ourselves from (the tricks and traps of) Shaitan!

(The) biggest danger for a person (is) to be heedless! (A) heedless person may be caught by a trap or may be cheated by (the) tricks of Shaitan. And we are in need (for a protection), because Shaitan (is) always asking to cheat and steal your faith, Iman. As the Seal of Prophets, (the) most honoured Prophet in (the) divinely Presence, S.Muhammad sws, was saying: “No hope remained through Shaitan that people (who are) living in Mecca and Medina (will ever) come back to worship idols. Finished. But Shaitan is (still) happy. (He is) making people to do something that is not a worshipping to idols, it is not like that, (and) he is happy if people step on the wrong way.”

As now people in the Islamic world are just cheated. They are not saying: “We are Christians or Jewish or (of) an other religion”, but they are followers of (the) Western life routine. Shaitan (is) cheating them and (he is) insisting (and saying) that: “Muslims must try to be ‘Westernised’ Muslims, or Western people should (always) say to you: ‘You are not on our level. Always your level (is) under our level. You always should be backward. You can’t be like ourselves that we are representing modern civilization. You never reach, as long as you are Muslims.” (So) now they are not saying: “You are Muslims (and that is why we don’t accept you)”, but they are saying: “As long as you are not following ourselves you are not going to be on our level.”

“What we can do?” our first class square-head leaders and doctors (are) asking. They are saying: “You must renew (Islam), you must look after your religion, because your religion belongs to (the time of) 14 centuries ago, but now we are (already) living 14 centuries after S.Muhammad sws. Therefore you must think on it! If

you are asking to come on our level, you must try to leave your religion's principles." Islam (is) bringing some principles that (are) unchangeable, but they are saying: "You must change it. You must take some (of its) pillars (away)"- that they are principles (of Islam)- " and (then) you should be like ourselves, on our level."

Last Eid-ul-Adha in Turkey, in Konya, (on) the first day of Eid a building (of) eleven floors through seconds (was) coming down- all of them. How (it) happened? They are saying that (the) first floor was a big gallery to be used as a showroom for a big store or something like this and they were renting this place to one company. That company was looking and seeing (that) it was a big area, 8oo square meter. What they said? (This is something (that) happened to (be) put in front of the eyes of (the) Muslims, (so they understand) what they are doing. Subhanallah! Allah Almighty is saying: "You must tell some events for people to think on them." And just they are giving (this) to me to speak to you. It was (a) 8oo square meter hall and there were so many columns or pillars. Who was renting (that building), he was saying: "These columns (are) no good, we must take them (away) to make (a) big store, (so that) when people (are) coming these pillars (are) not giving any trouble to (them to) go right and left." And (so they were) taking (away) all (the) columns, that (the) building (was) on, and suddenly, after that happening, (because there were) no (more) pillars, (the) whole building (was) coming down. (That) 11 store big building (was) going down, and 11 stores (were) going to be 5 stores, all of them were coming down, one over the other...

Europeans (are) saying: "You must leave something from your religion. Take away some columns to be 'Modernised Muslims'. You must take some pillars from it like (the first one): to pray. For what prayer? (And the) second pillar? Fasting? No need! Others? Zakat? No need, everyone is working, no need. Hajj? For what Hajj? Take holiday, going, coming. Why you are going there?" This (originally) was holiday for people (in Islam): to go on Hajj, to (be able) to move... "And then you should be modernised Muslims. And- what you are saying? La ilaha ill-Allah, Muhammadur Rasulullah? Say: Father, Son and Holy Ghost. Come and say, (and) we shall draw also paintings"- their imaginated paintings. "Look! That is Father, that is Son, that is Holy Ghost. Look! You are saying: 'Allah'. Where is Allah? Show me Allah. Look, we can show you (god), look!" And our heedless people (are) saying: "Oh (yes), I think it may be better to look (to my god) and to make like this, like that (cross)." And (they are) making (a) theatre now for Jesus Christ (with that new film) that (the) whole world (is) going up and going down... And it is far away from reality, (it is an) imagination production.

They are teaching (those Muslims) whom they are going to Western countries; their educational systems (are) on that false. And making (that to come) also to Muslim countries and (they are) saying: “You people live yet (like) 14 and 15 centuries ago. You must change everything, you must be modernised-head people.” And (so they are) taking (these pillars away,) one after one, one after one... That is Shaitan! He (is) saying: “I am very happy if (I am) cheating people and they should be from outlooking (Muslims, but from inside not).” (And if you ask them:) “What is your belief?" They may say: "Islam." “What is your praying?” “No prayer.” “What is your way? (The) Islamic way?” “No, (the) modern way.” “Now you are coming to be like ourselves. If you are not doing this, you are always under our level.”

And this is (the) big cheating from Shaitan!

And I am sorry to say that (the) Islamic world (is) just falling in such a terrible position (that) they are destroying themselves by themselves. Everywhere! First in Arabia; Arab countries they are going to be enemies to each other and (also) inside (each country) Shaitan (is) making them to be Shia- so many parties- and to fight to each other. Here there is a Cypriot Turkish government and we are only a handful people and they are saying (that there are) ten parties, fighting to each other. And (Shaitan is) making them to worship to idols also.

Oh people, you must be awakened! Wake up, oh Muslims, wake up! Because dangerous and very terrible and horrible events (are) facing you! And you are looking what (is already) happening in (the) Islamic world: everywhere (people are) killing each other, (everywhere there are) explosions. If these people were real Muslims or real followers of Islam, Allah (was) never assaulting them (with) Christians, Non- Muslims.

Don’t think that Non-Muslims can be supporters for you, no! Don’t be heedless! That, to be heedless is bringing every kind of troubles on Muslims and Muslim countries and (the whole) Muslim world, until they are coming back to put (the) pillars (of Islam) (and) to make (the) pillars more stronger. Then they should be sheltered by Allah Almighty. If they are not taking care, Shaitan (is) carrying them under that building without columns and (then the) whole building (is) coming on them, and they are disappearing...

We are believing that Islam will be renewed, because Allah Almighty (was) promising (this) to His most beloved and most honoured servant, S.Muhammad sws. He was promising and also giving good tidings for

the future of Islam. Allah Almighty is saying: “I am the Protector for Islam! I am keeping Islam and no one can destroy (that) Islamic building. What they are doing, they may do- they are trying to make Islam to be taken away, (and) they are using every kind of tricks and traps- but I am keeping it, because Islam belongs to Me and I am the Protector, (the) Shelterer- I am sheltering. (I am the) armour for Islam - everything (is) coming (and) touching on Islam, (but it is) never touching (the) real Islam. I am (the) Guarantor for (the) Holy Quran and I am (the) Guarantor for Islam. They can’t touch it, no, no! They may do everything, but everything (is) finally coming on them and they should be repented. They are destroying themselves.”

As Egyptian people- they built a big dam to prevent the Nile to run freely, asking to make it under their control. A high dam. Nile mubarak (was) never saying anything: “Doesn’t matter. Put your hindrance on me. I am looking (for the) holy Command of my Lord to take (that) high dam and (those) who built it and their cities also, (and) to carry them to (the) sea as Allah Almighty (was) carrying Pharaoh and his soldiers through (the) Red Sea. Leave, they may do”... Their dam is so weak now (breaking down)... (And like this) they are trying to stop Islam, but their dam is so weak and the power of Islam is so big, but (still) they are trying to stop it. And Islam now is ‘sakin’, keeping quiet, never objecting: “Let them to be- Europeans, Christians, Jews, and ‘mesokotor’ people”- (‘mesokotorman’ means: never belonging to Islam or to Christianity, you can’t say this is a Christian or a Muslim- it is a Greek word.) They may build everything, they are trying to stop Islam. Yes, do it! (But) now (there is) coming a power, (that) not (only the building of) one Christian world’s, (but even) seventy Christian worlds’ buildings through one minute they should be taken away! Allahu akbar! Allahu akbar! Allahu akbar!

Therefore heedless people now are on the side of Christians; they are looking and claiming that their safety and their success and their future is to be with (the) Christian world. (They) should be taken away with (the) Christian world! Those people that they are running with Europeans and Non-Muslims and (the) Christian world, they should be taken away...

(There is a) handful people here, inside (our Dergah that) they are saying: “We are not following Christianity, we are not modernised Muslims. That is only a cheating word that they are saying ‘modernised’. ‘Modernised Muslim’ means: Christian Muslim. Same time Christian and Muslim can’t be, no! They are liars and they have been cheated and they are cheating also (the) Islamic world.” But the Lord of Heavens is looking now. (There is) coming (such) a power (that) their building, that hindrance for preventing Islam to run through

East and West, from North to South in a minute should be taken away. Allahu akbar! Allahu akbar! Allahu akbar!

Don't look what (is) happening now- everything that (is) happening and you are looking (that) it is against Muslims. If they were real Muslims, never were going to happen such sorrowful events (as they are) coming (on them). We must ask forgiveness from Allah and we must come to the safe side, to the Islamic side, not to be cheated.

May Allah forgive me and bless you, for the honour of the most honoured one in His divinely Presence, S. Muhammad sws, Fatiha.

**The Biggest Of Fitnas**

...(the Russians) For that reason they want to put their foot in the Mediterranean sea. They are also of Orthodox doctrine. For this reason they want to have control. They always out of the area. The Ottomans never let them fulfill this wish. He, Allah (swt) knows best. But.... the price to fulfill this is not cheap. To rule over Masjid Al-Aqsa...

The mistake the Arabs made since they got divided and they got rid of the Ottomans from the area. This curse came because of what they did then. All the fitna is caused because of this. To rule in the Arab lands they said "we shouldn't leave the Ottomans to rule here in our countries, never!" The Ottomans were respecting the Arabs. They were respecting the Arabs the most. They were glorifying the blessed Mecca & Madina, & Al-Aqsa Mosque, with the highest respect. The Arabs did not consider this and they stood up against the Ottomans And they threw away the governors of the Holy Land. They sent them to Halab/Aleppo and from Aleppo they kicked them out. This is the origin, the reason is hidden in the origin of the story.

This Nationalism pulled them into corruption that you cannot tell its beginning from its end. The Arabs didn't accept the Ottomans to be there ruling, No. They threw them out & made agreements with the British And.... Who denies Allah's (swt) grants, curses from Heavens come on them. May Allah keep us protected, O our Lord. May Allah forgive us, Ya Rabbi Ya Allah! Ya Rabbi Ya Allah!

And nowadays, Egypt has 80 million citizens. They cannot stop this fitna in the land of Sham? Iraq, Saudiarabia, they are not able to stop this fitna, corruption. The people.... a hand ful of people in Razkiya. But behind this handfull there are the people of the cross, the Christians. And the Christian world's intention is to take their revenge on the Sultan Salah ad-Din al-Ayubi. He, the Sultan, brought the crusaders down!! In other words, he dishonored them. Brought them down! The Turks, if they stood up, in one week they would finish

this corruption, but but they are upset from the Arabs, they are upset.

The Turks committed a mistake against the Kurds. The Kurds were loyal followers of the high Ottoman Empire but the new Turkish government did not keep respect for the Muslim Kurds. They dishonored them and kicked them out and they did to them what can never be accepted by Allah (jj) & His Prophet (saws). For this something came on the Turks. May Allah (swt) protect us.

O our Lord, "Appoint for us a king so we can fight in Your Way."(2:246) Therefore a Sultan must arrive, the Sultan that represents the Ottoman Empire, must appear & claim "I am the inheritor for all these states & I claim that I am Sultan over all these states." Yemen, thousands, thousands of soldiers they are going, and not one of them is returning. Allah (swt) now curses them, they are killing one another. Egypt the same. The Syrians, same. Iraq, also. May Allah (swt) never curse us with similar hardship. Ya Rabbi Ya Allah!

Allah (jwa) says, give to everyone their due rights. Finished! You must give the rights to whom they are due, otherwise you will not attain any results. Allah (swt) is not with you, shaytan is with you. In all the Arab states the kings & presidents shaytan is their consultant. As he orders they do, and they reached this level of corruption. And all these events will not end until the appearance of Sahib Al Zaman (as). May Allah (swt) protect us. Tawba Ya Rabbi astaghfirullah, Fatiha.

S.N.:At the beginning of the sohbat, you said, the main target for the Russians is to have a foot in the Mediterranean sea?
M: The Russians always wanted to have an outlet on the Mediterranean. Their target is to have their (orthodox) sect rule Masjid Al-Aqsa. The orthodox, they are not accepting the others, that is why. They were blocked by the high state of the Ottomans from entering the Masjid Al-Aqsa. The Arabs were supposed to be our Muslim brothers & be thankful to the high Ottoman Empire, because they blocked the Russians from attacking them. Aman Ya Rabbi, tawba. This... is the main point of this matter.

They think this old man is sleeping here; he doesn't know anything. But we can teach people, we can teach... "O Lord Appoint for us a King, so we may fight in Your Way" (2:246) A king will come, the inheritor of the Muslim Khilafa will come and he will pull the sword of Sayidina Omar (as) I think. The Sultan, instead of a crown, he had a sword. I think the sword of Sayyidina Omar (as) will be his sword. The swords of Allah (swt) are on the face of the earth, Ottoman swords. May Allah (swt) have mercy on them & increase their stations &

insha'Allah one from among their descendents will come & arrange all matters. Fatiha.

They supported the French, the Arabs. The British and the French and they kicked out the Muslim Ottomans. This is their punishment. Tawba Ya Rabbi, tawba astaghfirullah... Salam Allahu Allah alaikum. Alayna wa alaykum.

The soldiers, the Ottoman soldiers were going to Aden. By one push, they would've stopped. They had no fear, they only fear Allah (swt). "Allah will bring a people whom He will love and they will love Him" (5:54) "Fasawfa Ya'ti Allahu Biqawmin Yuhibbuhum Wa Yuhibbunahu" (5:54) And that nation is the Ottoman. The Holy Verse, I forgot it... May Allah (swt) keep us firm on Haqq, Allah Bismillah.

The blood of the innocent is on the neck of those nations who allied with the French & left the Ottomans who were servants of Islam & the Haramain Al Sharifain. Yallah, tam am.

## The Biggest Sin

As-Salamu Alaikum. La ilaha illa Allah Sayyidina Muhammadan Rasulullah (sas). We are Your servants O Lord, may You accept our servanthood. Grant us strength. May Allah Almighty accept our servanthood. As-Salamu Alaikum.
S.M. Wa Alaikum Salam.
May Allah's Salam (Peace) and Salamat (Safety) be upon us. Let us say Bismillahi r-Rahmani r- Rahim, remember the Holy Name of Allah Dhul Jalal. La ilaha illa Allah Sayyidina Muhammadan Rasulullah (sas). We said Bismillahi r-Rahmani r-Rahim. We said "O our Lord You created us. You created us for Your servanthood, grant us strength to fulfill Your servanthood". "Ok, so you want strength. Then say Bismillahi r-Rahmani r-Rahim and receive the strength you seek". How beautiful. How beautiful. When one says Bismillahi r-Rahmani r- Rahim if he kicks the earth, he can throw it out of its orbit which it rotates around. Look at the magnificence of the Bismillah. Wake up! We should wake up O people! Man, Man... Allah Almighty created so many kinds of creation. Who is afdal (the most superior) and who is appointed as the Caliph on earth is Man. And he said Bismillahi r-Rahmanir-Rahim. Bismillahi r-Rahmani r-Rahim. There is no Prophet without the Bismillah.
It is a light sohbat according to our assembly. Before they would say "hasbihal". There would be a talk to analyze the situation. In the hasbihal (sohbat), the beneficial things would be mentioned and the harmful things would be explained in detail as well. All of their title, their beginning was Bismillahi r-Rahmani r-Rahim. When you open your eyes in the morning, get up with Bismillahi r-Rahmanir-Rahim. Stamp your life with the seal of Bismillahi r-Rahmani r-Rahim so that strength comes on you. Weakness leaves you, no weakness left. These words of ours are a hasbihal, Shaykh Mehmet Effendi. But they are to wake up. We don't claim to have knowledge but to speak of what we know and to advise: this is our mission. Did the Prophet (sas) not say "Ad-dinu nasiha"? Religion is advice. What is advice? Advice is the knowledge that teaches you

the things that give you benefit as well as what teaches you the things that give you harm. When I advise, I want to teach you what is beneficial for you. I want to teach what gives you harm also. Every building has a foundation. If its foundation is strong it resists. A building whose foundation is not strong collapses, falls down and kills the ones in it.

Marhaban O attendant ones, O listeners. We should listen. Before they would say "All kinds of things happen on earth but very few of them are heard". So many things are happening, but very little of them are heard or seen. "All things happen but very little is heard". This is a... what can we do? Two believers, said the Sultan of the Awliyas (Shah-al Naqshband), when two believers meet, they should make a sohbat with each other for a time of milking a sheep; at the least for a time to milk two sheeps. It is maybe three minutes, maybe five minutes, maybe one minute: "As- Salamu Alaikum O believer, O my believer brother, how are you?" "O my believer brother, shukur our Lord Who created us. Our Lord makes us walk in very beautiful, very sweet ways". "How do you do this?" "I have the key to the door of happiness in my hand: The door of happiness, the door of safety, the door of honour, the door of wellness. I open that door & enter in it, that is how I do it. I am at rest the whole day. I am very comfortable. My works succeed. I have no problem. My provision is also enough, actually it is more than enough". "How do you open that door?" "The key to that door is Bismillahi r-Rahmani r-Rahim". How beautiful. Open it, open it with Bismillahi r-Rahmani r-Rahim and look what you will find there: what treasures you will find there, what happiness you will find, what comfort you will find. Astonishing "We don't know this" "Experience it then".

That person experienced it for a few days. Then he said "You said the truth. We forgot the Bismillah. We didn't forget but they made us to forget. They make us to start on with stupid, meaningless things. We say it everyday and we are getting worse, more corrupt every day". "Are you saying the Bismillah?" "No. What is Bismillah?" "Bismillah is the three Holy Names of the Almighty Wajib Al-Wujud Hz. (Inevitably Existing Allah Almighty) What opens the door of happiness is Bismillahi r-Rahmani r-Rahim. What opens the door of wellness is Bismillahi r- Rahmani r-Rahim. What opens the door of honour is Bismillahi r-Rahmani r-Rahim. Tawfiq door; the tawfiq (enabling grace) which forms, builds everything, the heavenly support comes to you through Bismillahi r-Rahmani r-Rahim". Once you forget it, can even the whole world help you? It can't.

So if we teach the Bismillah slowly like this, when two believers come together it will be a sohbat like this for a time of milking two sheep: "As-Salamu Alaikum. Marhaban, how are you?" "I am good with the blessings of Bismillahi r-Rahmani r-Rahim". "How is your work?" "With the blessings of Bismillahir-Rahmani r-Rahim our work succeeds". "How is your provision?" "With the blessings of Bismillahi r-Rahmani r-Rahim, I am in

prosperity". "How is your health and wellness?" "With the blessings of Bismillahi r-Rahmani r-Rahim, my health is good. I take no pills, nor do I go to see any doctor or stay in any hospital". "Is that so? But we are not able to save ourselves from the hospitals, from the medications. We can't stay away from the doctors and still we are collapsing, finishing". "Yes, you will collapse because your life style is shaytani (evil). The order of your life is according to the description of shaytan". "What about yours?" "Ours is Heavenly. Our life style is Heavenly. Therefore our Lord Whom we worship, to Whom we make service does not press us. Why should He (swt)? I make shukur to Him, I glorify Him, I try to keep His Orders. Why should He press me? Why should He make me sick?

When there is the Bismillahi r-Rahmani r-Rahim how can I fall into hardships? Can I ever fall into hardships when I remember the Holy Name of the Lord Almighty Allah Who has the treasures of earths & Heavens in His Hand?" "They did not teach us this" "What did they teach you?" "This person said like this 'O two-legged ones, O whose tail is missing ones'. That person, Napoleon said like this". "And who is this Napoleon? Just a crazy one. What else?" "Then another crazy one called Hitler showed up and made us even crazier". "What else?" "He also called. We raised our hands like this. But it didn't do any good. He drove us to death. He made our lives miserable. He made us fall into calamities that are impossible to get out. Our children were cursed and gone..." "Ok, what else?" "Then there was one called Stalin who is the shaytan of shaytans. He also killed the people. He destroyed millions of people". "What else?" "There is another no-good one called Mussolini. He also invented something according to his own donkey and forced people to eat it. He said 'You should remove the religion factor. There should be no religion factor in your life'".

This is the general instruction now for everything on earth. "There can't be a religion factor for the people in the 21st century. It is for the old-fashioned ones". "Is that so? Who are the new- fashion ones then?" "Us" "What good did you do? You killed millions of people. And today still everywhere you are building astonishing killing machines to finish mankind. Is this your honour, O no-honoured ones? They don't let the villagers be in their village. They don't leave the urban ones in their place. They gather people by force: "Your education should be like this. Your army should be like this...." If you remove from a country the people who operate the real resources of that country what is left behind? Its skeleton. Now nations' skeletons are left only. The villager should be settled in his village. Urban people should be settled in the city. Woman should be settled in her home. Man should be settled in his work. The system now is the system of ... (where men advertise their women). It's a heavy word but it won't feel heavy for them. They don't even care because their attribute is this. When it is like this, then they say "do whatever you want". And then? What can be after it?

There are so acts without the Bismillah. This news reached. From where did this news reach? One man tied a bomb around his waist. They made him drunk also. They told him "O our hero! You should go to this place and wear this belt. And then, when you get to the front door you hit the battery in your hand. And you will go up into a new world, you will make the world upside down". They put it in the news last night. It heated up the atmosphere: "One man went crazy. He tied a bomb to his belt. He exploded himself and the whole country arose 'What have we become?" What could you become? If you serve shaytan, if you don't say the Bismillah, if you don't accept Allah & His Prophet, can your life be a decent life? All people are trembling like this now. I said "Let them tremble. You will fall down like dry leaves. Since you don't say the Bismillah, you suffer in this dunya.

The man who tied that bomb around his waist and destroyed himself, his job is not finished yet. "You, come here". His physical being is finished. His spirituality is taken. "Come now. You did many things, you sacrificed yourself in dunya; you exploded the perfect body Allah granted you for shaytan. So come here now! You did this thing. How did it feel?" "Don't even ask, I got into pieces". "Ok now, He (swt) will revive your body again until the Day of Judgement and will tie that thing, which you called bomb and exploded, to your body again. Until the Day of

Judgement everyday, "explode yourself again. Explode yourself again!" Zabaniyya will whip "explode again, explode again". It won't finish with just this one time. Just because you don't believe, things don't change. They don't say these things, when one man go crazy and destroys himself... It is said the biggest sin is suicide. The biggest sin for man is to end his sweet life. Our lives are sacrificed in Allah's & the Prophet's way but for a person to kill himself for a foolish, meaningless thing is akbar al- kabair (the biggest sin). O Hojas, hajjis, who claim to be scholars, who teach in Ilahiyyat, etc... Why don't you say to the people what the punishment of suicide is? To destroy himself in the same way he committed suicide till the Day of Judgement. The poor ones, they were not taught. They don't teach anything other than "O Ata!" They don't let people say "O Allah!" Their turn will come. They will also fall into that crisis. Even if they don't do it to themselves, others will shoot through their hearts, will shoot through their brains.

Pull yourselves together. Pull yourselves and come, learn. Arabs should learn too. Shame on them that they run in the streets like wild animals. Why do you scream? Don't you have Allah? Why don't you say "O Lord, lift this calamity off us "Kama takunu yuwalla `alaykum. Kama takunu yuwalla `alaykum". However you are, the governor, the king or whoever your ruler is, all of them will be like you. All of you are the same. His turn

came and he did like this. Don't say "I wouldn't do like this". You can fall into such traps that you try to do as they did also. Finally he swallows a pill and kills himself. It is from the biggest sins to end one's sweet life. Our sweet lives can only be sacrificed in Allah's way.

We had 250 000 martyrs in Chanakkale, for Allah. We had 80 000 in Sarikamis, for Allah. In Galicia, in Canal (Suez), in Hijaz; for Allah. Their level is the level of Martyrdom. These ones' martyrdom is called the stinky martyrdom, they are not martyrs. Be decent. Or else, if this one whip does not suffice something comes in front of each one of your doors and we don't interfere, say the awliyas. Because these people forgot Allah. They don't say Allah and every kind of calamity will come down on them.

I don't know, they built a big square. They make ceremonies in it, they cry, they mourn... And there are lion statues, tiger statues on its right & left sides. They told me that "O Shaykh, one day it will fall over them as a block and all who are under it will be crushed". I trembled, I had goose pumps. They brought the people into this, they brought all mankind into this. O our Lord, may You forgive us. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r- Rahmani r-Rahim. Say this and make your soldiers march. The Ottomans feared the Russians or Russia feared the Ottomans? All people tremble and fear from Russia. We are the Ottomans. When you said "Ottomans", Russians' all 32 organs would tremble. Let them look into their history: what did they do in the Pruth river campaign? How did Sultan Murad make Baghdad upside down? And they should remain calm. There are endless servants Allah can grant the Sultanate, grant the flag of Islam. They should be careful. Greeks, Iranians; Arabs and Iranians, all of them should be careful. If not, a severe punishment is coming now. Allahu Akbar wa Lillah Al Hamd.

I am fearing when I say these words. I am fearing. Maybe you see that there will be people whose roof flies away in one night and they are left without a shelter. Hurricanes take away their roofs. Snow covers their houses. Their roads are blocked. They fall into chaos and fight each other. O people! Return to the servanthood of Allah. Return to the way of Prophet, Sayyidina Muhammad Mustafa (sas) and be saved. Recite the Bismillah and be saved. Or else you suffer what comes on your head. What has been ordered for us to declare is up to here. What is beyond it is up to them.

May Allah forgive us. As-Salamu Alaikum wa Rahmatullahu wa Barakatuhu. O Lord, may You send us a Sultan who will show us the right ways O Lord. At least send the Ottomans, that Russians were afraid of them. Germans, Iranians, Arabs were all afraid of them. Now they wander around fearless. Whom Allah appointed as Caliph on earth is our glorious ancestors, Ottomans. We are Ottomans! Who is not has suffering to come. America brought cannons to protect us. There is no need for their protection! If we say Bismillahi r-

Rahmani r-Rahim one wali of Allah can make all of them upside down, can tie all of them. Say Bismillahi r-Rahmani r- Rahim. Arabs, Greeks; know this, hear this. Our Muslim countries say "we know everything!" If you know why do you run after US, why do you run after Russia? What business do you have with them? If you can't defeat them with the Bismillah, where is your Islam? Tawba Ya Rabbi. Tawba Ya Rabbi.

Now, I am a weak servant. But there is the Qutub who is the Master of this earth, they call him the Qutb al-Mutasarrif. If he is given the sign, all the leaders will be found dead in the morning. The Qutb al-Mutasarrif will not distinguish any king, prince or ruler. They can't get up from their beds alive in the morning. They should fear. "I have money. I have lamp oil. I have gold". It will be useless. This is also a strong warning in the holy month of Mawlid al-Sharif. These words of ours come in the last Friday of the holy Mawlid month, be careful. Me...I have nothing. They make me speak like the blowing of a flute. And I speak. This is an advice. Because "Ad- dinu nasiha, religion is advice". Who listens to and accepts this advice is saved. If not, let them struggle. Let them bring cannons from the US, bombs from Germans, fleets from Iran...Bring and try to make it succeed. Do it if you can.

Now how many millions are ready to be destroyed. If they don't change their mentality, if they don't believe in the Bismillah, if they don't pray, etc... "Faja`alahum Ka`asfin Ma'kulin" (105:5) He (swt) will turn it into an empty field of stalks. Upon the Will of the Lord Almighty, one angel can do it like this, no need for a second angel. There is one Master who is appointed for the hurricanes, who is appointed for the tornadoes. If he orders, he can make the whole world on fire. If he orders, he can turn the whole world into an iceberg. Beware! Fear Allah, O Muslims first. Leave fighting in the streets and enter the mosques. Be busy with your worship and you will be saved. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Ya Muhawwil al-Hawl

wa al-Ahwal, hawwil halana ila ahsanil hal. Ya Rabbi. How can you be saved by shouting (in the streets)? Enter mosques. Say Bismillahi r-Rahmani r-Rahim.

May You grant us the sword of the Bismillah O Lord. Send us the Sultan who is the Master, O Lord. These ones make us dishonoured, disgraced. Shaytan made Man like himself. This is a general advice. I advised myself. You can listen to it or not, as you like. But I gave this advice for my own ego. Don't get offended, you suffer what comes on your head. May Allah forgive us. Fatiha.

We fell into the sultanate of shaytans. May Allah save the people of faith, save mankind. Who says "this is a lie" will suffer. Pity on that man, he exploded himself. They will tell him in the hereafter constantly "Go ahead and explode. Explode again. You enjoyed it too much? Explode yourself again. Explode yourself again". It is

not an easy thing for a person to kill himself. In whichever way he killed himself. Until the Day of Judgement it is said to him, "Come and do it again". Again he dies, then again... These young ones come to your senses and pay attention: There is Allah. There is His reckoning. You do your servanthood & don't fear. Stop fighting each other. Live like humans.
Al-Fatiha.

**Die größte Sünde**

---

As-Salamu Alaykum. La ilaha illa Allah, Sayyidina Muhammadun Rasulullah (saws). Wir sind Deine Diener, o Herr. Mögest Du unsere Dienerschaft annehmen. Gewähre uns Stärke. Möge Allah der Allmächtige unsere Dienerschaft annehmen. As-Salamu Alaykum. SM: Wa Alaykumu s-Salam. M: Mögen Allahs Salam, Frieden, und Salamat, Sicherheit, auf uns sein. Laßt uns sagen 'Bismillahi r-Rahmani r-Rahim', den heiligen Namen Allahs, Dhu l-Jalal, erinnern. La ilaha illa Allah, Sayyidina Muhammadun Rasulullah. Wir haben 'Bismillahi r-Rahmani r-Rahim' gesagt. Wir haben gesagt: O unser Herr, Du hast uns erschaffen. Du hast uns für Deine Dienerschaft geschaffen. Gewähre uns Kraft, um Deine Dienerschaft zu erfüllen. Okay, ihr wollt also Kraft. Dann sagt 'Bismillahi r-Rahmani r-Rahim und empfangt die Kraft, die ihr sucht. Wie schön. Wie schön. Wenn jemand sagt 'Bismillahi r-Rahmani r-Rahim', wenn er gegen die Erde stößt, kann er sie aus ihrer Umlaufbahn, um die sie sich dreht, hinauswerfen. Seht die Herrlichkeit des Bismillah. Wacht auf! Wir sollten aufwachen, Leute! Mensch, Mensch... Allah der Allmächtige hat so viele Arten von Schöpfung erschaffen. Wer Afdal, der höchste, und zum Kalifen auf der Erde bestimmt ist, ist der Mensch. Und er sagt: Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Es gibt keinen Propheten ohne das Bismillah. Es ist ein leichtes Sohbat in Übereinstimmung mit unserer Versammlung. Früher sagten sie "Hasbihal". Es gab ein Gespräch, um die Lage zu erörtern. Im Hasbihal Sohbat wurden die zuträglichen Dinge erwähnt, und die schädlichen Dinge wurden auch im einzelnen erklärt. Ihr Titel, ihr Beginn war 'Bismillahi r-Rahmani r-Rahim'. Wenn ihr am Morgen die Augen öffnet, steht auf mit Bismillahi r-Rahmani r-Rahim. Stempelt euer Leben mit dem Siegel von Bismillahi

r-Rahmani r-Rahim, damit Kraft auf euch kommt. Schwäche verläßt euch, es bleibt keine Schwäche. Diese unsere Worte sind ein Hasbihal, Shaykh Mehmet Effendi. Aber sie dienen dazu aufzuwachen. Wir beanspruchen nicht, Wissen zu haben, sondern von dem zu sprechen, was wir wissen und zu beraten. Das ist unsere Aufgabe. Hat der Prophet (saws) nicht gesagt: "Ad-Dinu Nasiha?" Religion ist guter Rat. Was ist guter Rat? Guter Rat ist das Wissen, das dich die Dinge lehrt, die dir guttun, und dich auch die Dinge lehrt, die dir Schaden zufügen. Wenn ich guten Rat gebe, will ich euch lehren, was gut für euch ist. Ich will euch auch lehren, was euch schadet. Jedes Gebäude hat ein Fundament. Wenn sein Fundament stark ist, hält es Stand. Ein Gebäude, dessen Fundament nicht stark ist, stürzt ein, fällt zusammen und tötet diejenigen, die darin sind. Marhaban, Teilnehmer, Zuhörer. Wir sollten zuhören. Früher sagten sie: Alle möglichen Dinge geschehen auf der Erde, aber sehr wenige von ihnen werden bekannt. So viele Dinge geschehen, aber sehr wenige von ihnen werden gehört oder gesehen. Alle Dinge geschehen, aber sehr wenig ist zu hören. Das ist... Was können wir tun? Zwei Gläubige, sagte der Sultan der Awliya (Shah Naqshband), wenn sich zwei Gläubige treffen, sollten sie Sohbat miteinander machen für die Dauer des Melkens eines Schafes, wenigstens für die Dauer des Melkens zweier Schafe. Das sind vielleicht drei Minuten, vielleicht fünf Minuten, vielleicht eine Minute: 'As-Salamu Alaykum, Gläubiger, o mein gläubiger Bruder, wie geht es dir?' 'O mein gläubiger Bruder, Shukur unserem Herrn, Der uns erschuf. Unser Herr läßt uns auf sehr schönen, sehr süßen Wegen wandern.' 'Wie machst du das?' 'Ich habe den Schlüssel zur Tür des Glücklichseins in der Hand, der Tür des Glückes, der Tür der Sicherheit, der Tür der Ehre, der Tür des Wohlergehens. Ich öffne diese Tür und trete ein. So mache ich es. Ich bin den ganzen Tag lang ruhig. Ich fühle mich sehr wohl. Meine Arbeit hat Erfolg. Ich habe kein Problem. Meine Versorgung ist auch ausreichend, tatsächlich ist sie mehr als genug.' 'Wie öffnest du diese Tür?' 'Der Schlüssel zu dieser Tür ist Bismillahi r-Rahmani r-Rahim.'

Wie schön! Öffnet sie, öffnet sie mit 'Bismillahi r-Rahmani r-Rahim' und seht, was ihr dort findet, welche Schätze ihr dort findet, welches Glück ihr dort findet, welchen Trost ihr dort findet. Erstaunlich. 'Wir wissen das nicht.' 'Dann erlebt es.' Diese Person hat es ein paar Tage lang erlebt. Dann sagte er: 'Du hast die Wahrheit gesagt. Wir haben das Bismillah vergessen. Wir haben es nicht vergessen, sondern sie ließen es uns vergessen. Sie sorgen dafür, daß wir mit dummen, bedeutungslosen Dingen beginnen. Wir sagen es jeden Tag, und wir werden

schlimmer, verdorbener jeden Tag.' 'Sagst du das Bismillah?' 'Nein, was ist das Bismillah?' 'Bismillah sind die drei Heiligen Namen des Allmächtigen Wajibu l-Wujud Hz. (Unausweichlich existierender Allmächtiger Allah) Was die Tür des Glücklichseins öffnet, ist das Bismillahi r-Rahmani r-Rahim. Was die Tür des Wohlergehens öffnet, ist Bismillahi r-Rahmani r-Rahim. Was die Tür der Ehre öffnet, ist Bismillahi r-Rahmani r-Rahim. Tawfiq Tür, das Tawfiq, die befähigende Gnade, die alles formt, baut, die himmlische Unterstützung kommt zu euch durch Bismillahi r-Rahmani r-Rahim. Wenn ihr es erst mal vergeßt, kann euch selbst die ganze Welt helfen? Nein. Also lehren wir das Bismillah langsam, so daß, wenn zwei Gläubige zusammenkommen, es ein Sohbat wird für die Dauer des Melkens von zwei Schafen.
'As-Salamu Alaykum. Marhaban, wie geht es?' 'Mir geht es gut mit den Segnungen des Bismillahi r-Rahmani r-Rahim.' 'Wie ist deine Arbeit?' 'Mit den Segnungen des Bismillahi r-Rahmani r-Rahim hat unsere Arbeit Erfolg.' 'Wie ist deine Versorgung?' 'Mit den Segnungen des Bismillahi r-Rahmani r-Rahim bin ich wohlhabend.' 'Wie ist deine Gesundheit und dein Wohlbefinden?' 'Mit den Segnungen des Bismillahi r-Rahmani r-Rahim ist meine Gesundheit gut. Ich nehme keine Tabletten, noch gehe ich zum Arzt oder muß ins Krankenhaus.' 'Ist das so? Aber wir können uns nicht vor den Krankenhäusern und Medikamenten schützen. Wir können den Ärzten nicht fern bleiben, und doch brechen wir zusammen, am Ende.' 'Ja, ihr brecht zusammen, weil euere Lebensweise shaytanisch ist. Die Ordnung eueres Lebens folgt der Beschreibung Shaytans.' 'Was ist mit deiner?' 'Unsere ist himmlisch. Unsere Lebensweise ist himmlisch. Deshalb bedrückt uns unser Herr, Den wir anbeten, Dem wir dienen, nicht. Warum sollte Er (swt)? Ich mache Shukur zu Ihm, Ich preise Ihn, ich versuche, Seine Befehle einzuhalten.Warum sollte Er mich bedrücken? Warum sollte Er mich krank machen? Wenn es das Bismillah gibt, wie kann ich in Bedrängnis kommen? Kann ich jemals in Bedrängnis kommen, wenn ich den Heiligen Namen unseres Herrn, des Allmächtigen Allah, erinnere, Der die Schätze der Erden und der Himmel in der Hand hat?'
'Sie lehrten uns das nicht.' 'Was lehrten sie euch?' 'Diese Person sagte so: Ihr Zweibeiner, deren Schwanz fehlt. Diese Person, Napoleon, sagte das.' 'Und wer ist dieser Napoleon? Einfach ein Verrückter. Was noch?' 'Dann ein anderer Verrückter mit Namen Hitler kam hervor und machte uns noch verrückter.' 'Was noch?' 'Er rief auch. Wir erhoben so die Hände. Aber es tat uns nicht gut. Er trieb uns in den Tod. Er machte unser Leben elend. Er ließ uns in Katastrophen fallen, aus

denen wir unmöglich herauskommen. Unsere Kinder wurden verflucht...' 'Okay, was noch?' 'Dann war da der mit Namen Stalin, der der Shaytan der Shaytane war. Er tötete auch Menschen. Er vernichtete Millionen von Menschen.' 'Was noch?' 'Es gibt einen anderen, der nichts taugt, mit Namen Mussolini. Auch er erfand etwas seinem eigenen Esel Entsprechendes und zwang die Menschen, es zu essen. Er sagte: Ihr solltet den Faktor Religion wegnehmen. Es sollte keinen Faktor Religion in euerem Leben geben.' Das ist jetzt die allgemeine Anweisung für alles auf der Erde. Es darf keinen Faktor Religion für die Menschen des 21. Jahrhunderts geben. Das ist für die Altmodischen. Ist das so? Wer sind denn die Neumodischen? Wir. Was habt ihr Gutes getan? Ihr habt Millionen von Menschen getötet. Und auch heute noch baut ihr erstaunliche Tötungsmaschinen, um die Menschheit zu erledigen. Ist das euere Ehre, ihr Unehrenhaften? Sie lassen die Dörfler nicht in ihrem Dorf bleiben. Sie lassen die Städter nicht an ihren Orten. Sie sammeln Leute mit Gewalt. Eure Ausbildung sollte so sein. Euere Armee sollte so sein.. Wenn ihr aus einem Land die Menschen abzieht, die die wahren Ressourcen dieses Landes betätigen, was bleibt übrig? Sein Skelett. Jetzt gibt es nur noch Skelette der Nationen. Der Dörfler sollte in seinem Dorf angesiedelt sein. Städter sollten in der Stadt angesiedelt sein. Frauen sollten sich in ihrem Haus niederlassen. Männer sollten in ihrer Arbeit gegründet sein. Das jetzige System ist das System des... (wo Männer ihre Frauen anbieten). Es ist ein schwerwiegendes Wort, aber für sie fühlt es sich nicht schwer an. Es kümmert sie nicht einmal, weil das ihr Attribut ist. Wenn es so ist, dann sagen sie: Tut, was immer ihr wollt.

Und dann? Was kann danach kommen? Es gibt so viele Handlungen ohne das Bismillah. Diese Nachrichten erreichten uns. Von wo erreichten uns diese Nachrichten? Ein Mann band sich eine Bombe um die Taille. Sie machten ihn auch betrunken. Sie sagten ihm: 'O unser Held! Geh zu dem Platz und trage diesen Gürtel. Und dann, wenn du am Haupttor bist, drück auf die Batterie in deiner Hand. Und du wirst in eine neue Welt hinaufgehen. Du wirst die Welt auf den Kopf stellen.' Sie brachten es in den Nachrichten letzte Nacht. Es erhitzte die Atmosphäre. Ein Mann wurde verrückt, band sich eine Bombe an den Gürtel, sprengte sich in die Luft und das ganze Land erhob sich. 'Was ist aus uns geworden?' Was konnten wir werden? Wenn ihr Shaytan dient, nicht das Bismillah sagt, Allah und Seinen Propheten nicht anerkennt, kann euer Leben anständig sein? Alle Leute zittern jetzt. Ich sage: Laßt sie zittern. Ihr werdet wie trockene Blätter fallen. Da ihr nicht das Bismillah sagt, leidet ihr in dieser Dunya. Der Mann, der sich diese

Bombe um den Bauch band und sich selbst zerstörte, seine Arbeit ist noch nicht getan. 'Du komm her!' Sein körperliches Sein ist zu Ende. Seine Geistigkeit ist genommen. 'Komm jetzt. Du hast viele Dinge getan, du hast dich selbst in der Dunya geopfert, du hast den vollkommenen Körper, den Allah dir gewährte, für Shaytan gesprengt Also komm jetzt her! Du hast diese Sache gemacht. Wie hat es sich angefühlt?' 'Frag nicht. Ich ging in Stücke.'
Okay, Er (swt) wird deinen Körper wiederbeleben bis zum Gerichtstag und dieses Ding, das du Bombe nennst und gesprengt hast, wieder an deinen Körper binden. Bis zum Gerichtstag wirst du dich jeden Tag wieder in die Luft jagen. Wieder in die Luft jagen! Zabaniyya wird peitschen: 'Explodiere noch mal, noch mal!' Es wird nicht mit diesem einen Mal zu Ende sein. Bloß weil du nicht glaubst, ändern sich die Dinge nicht. Sie sagen diese Dinge nicht. Wenn jemand verrückt wird und sich selbst zerstört.. Es heißt, die größte Sünde ist Selbstmord. Die größte Sünde für den Menschen ist, sein süßes Leben zu beenden. Unser Leben wird auf Allahs und des Propheten Weg geopfert. Aber für jemanden, sich selbst zu töten wegen einer dummen, bedeutungslosen Sache, ist die größte Sünde. Hodjas, Hadjis, die behaupten, Gelehrte zu sein, die in Ilahiyyat lehren..warum sagt ihr den Menschen nicht, was die Strafe für Selbstmord ist? Sich selbst auf dieselbe Art zu zerstören, mit der er Selbstmord beging, bis zum Gerichtstag. Die Armen, es wurde ihnen nicht beigebracht. Sie lehren nichts anderes als 'O Ata!' Sie lassen die Menschen nicht 'O Allah!' sagen. Sie werden an die Reihe kommen! Sie werden auch in diese Krise geraten. Auch wenn sie es nicht selbst tun, werden andere ihnen ins Herz schießen, werden ihnen ins Gehirn schießen.
Reißt euch zusammen! Reißt euch zusammen und kommt, lernt. Die Araber sollten auch lernen. Schande auf sie, daß sie auf die Straße rennen wie wilde Tiere. Warum schreien sie? Habt ihr nicht Allah? Warum sagen sie nicht: O unser Herr, hebe dieses Unglück von uns auf. "Kama Takunu Yuwalla `alaykum. Kama Takunu Yuwalla `alaykum." Jedoch, ihr seid.. der Gouverneur, der König oder wer immer euer Herrscher ist, sie alle werden wie ihr sein. Ihr seid alle gleich. Er kam an die Reihe und machte es so. Sagt nicht: Ich würde es nicht so machen. Ihr könnt in solche Fallen gehen, daß ihr versucht, es auch so zu machen wie sie. Schließlich schluckt er eine Pille und tötet sich selbst. Es gehört zu den größten Sünden, sein süßes Leben zu beenden. Unser süßes Leben kann nur auf Allahs Weg geopfert werden. Wir hatten 250.000

Märtyrer in Chanakkale, für Allah. Wir hatten 80.000 in Sarikamis, für Allah. In Galizien, am Suez Kanal, im Hijaz, für Allah. Ihre Stufe ist die Stufe des Märtyrertums. Das Märtyrertum dieser anderen heißt das stinkende. Sie sind keine Märtyrer. Seid anständig. Sonst kommt, wenn diese eine Peitsche nicht ausreicht, etwas vor die Tür von jedem von euch und wir mischen uns nicht ein, sagen die Awliya. Weil diese Leute Allah vergessen haben. Sie sagen nicht 'Allah', und alle möglichen Unglücke kommen auf sie herab. Ich weiß nicht, sie haben einen großen Platz gebaut. Sie machen Zeremonien dort. Sie weinen, trauern... Und es sind Löwenstatuen dort, Tigerstatuen, auf der rechten und linken Seite. Sie sagten mir: O Shaykh, eines Tages wird es auf sie fallen wie ein Block und alle, die darunter sind, werden zerquetscht werden. Ich zitterte. Ich hatte eine Gänsehaut.

Sie brachten die Leute in dies hinein. Sie brachten die ganze Menschheit in dies hinein. Unser Herr, mögest Du uns vergeben. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Sagt dies und laßt eure Soldaten marschieren. Die Osmanen fürchteten die Russen oder die Russen fürchteten die Osmanen? Alle Leute zitterten und fürchteten die Russen. Wir sind die Osmanen. Wenn du sagtest 'Osmanen', zitterten alle 32 Organe der Russen. Laßt sie in ihre Geschichte schauen. Was machten sie bei der Pruth Fluß Kampagne? Wie stellte Sultan Murad Baghdad auf den Kopf? Und sie sollten ruhig bleiben. Es gibt unendliche viele Diener, denen Allah das Sultanat, die Flagge des Islam gewähren kann. Sie sollten sich hüten. Griechen, Iraner, Araber und Iraner, sie alle sollten sich hüten. Sonst kommt eine schwere Strafe jetzt. Allahu Akbar wa Lillahi l-Hamd. Ich fürchte, wenn ich diese Worte sage. Ich fürchte. Vielleicht seht ihr, daß es Leute geben wird, deren Dach in einer Nacht davonfliegt, und sie bleiben ohne Schutz zurück. Hurrikane nehmen ihre Dächer weg. Schnee bedeckt ihre Häuser. Ihre Straßen sind blockiert. Sie fallen in ein Chaos und bekämpfen einander. Leute, kehrt zur Dienerschaft Allahs zurück. Kehrt zum Weg des Propheten, Sayyidina Muhammad Mustafa (saws) zurück und rettet euch. Sonst erleidet ihr das, was auf eueren Kopf kommt. Was uns befohlen wurde zu erklären, geht bis hier. Was darüberhinaus geht, liegt bei ihnen. Möge Allah uns vergeben.
As-Salamu Alaykum wa Rahmatullahu wa Barakatuhu. O Herr, mögest Du uns einen Sultan senden, der uns den rechten Weg weist. O Herr. Wenigstens sende die Osmanen, vor denen die

Russen sich fürchteten. Die Deutschen, Iraner, Araber hatten alle Angst vor ihnen. Jetzt wandern sie furchtlos herum. Wen Allah einsetzte als Kalifen auf Erden, sind unsere glorreichen Vorfahren, die Osmanen. Wir sind Osmanen. Wer es nicht ist, für den wird Leid kommen. Amerika brachte Kanonen, um uns zu schützen. Ihr Schutz ist nicht nötig. Wenn wir sagen 'Bismillahi r-Rahmani r-Rahim', kann ein Wali Allahs sie alle auf den Kopf stellen, sie alle anbinden. Sagt: Bismillahi r-Rahmani r-Rahim. Araber, Griechen, nehmt das zur Kenntnis. Unsere Muslimländer sagen 'Wir wissen alles'. Wenn ihr es wißt, warum lauft ihr dann hinter den USA, hinter Rußland her? Was habt ihr mit ihnen zu schaffen? Wenn ihr sie nicht schlagen könnt mit dem Bismillah, wo ist euer Islam? Tawba ya Rabbi. Tawba ya Rabbi. Nun, ich bin ein schwacher Diener. Aber es gibt den Qutub, der der Meister auf dieser Erde ist. Sie nennen ihn den Qutbu l-Mutasarrif. Wenn er das Zeichen gibt, werden alle Führer am Morgen tot aufgefunden werden. Der Qutbu l-Mutasarrif wird nicht unterscheiden zwischen König, Prinz oder Herrscher. Sie können nicht lebend aus ihren Betten kommen am Morgen. Sie sollten sich fürchten. 'Ich habe Geld. Ich habe Lampenöl. Ich habe Gold.' Es wird ohne Nutzen sein.
Dies ist auch eine starke Warnung im heiligen Monat des Mawlid ash-Sharif. Diese unsere Worte kommen am letzten Freitag des heiligen Mawlid Monats. Hütet euch. Ich habe nichts. Sie heißen mich reden wie das Blasen der Trompete. Und ich rede. Dies ist guter Rat, weil "Ad-Dinu Nasiha"- Religion ist guter Rat. Wer diesen Rat hört und annimmt, wird gerettet. Wer nicht, laßt sie sich quälen. Laßt sie Kanonen von den USA, Bomben von den Deutschen, Flotten aus dem Iran bringen. Bringt sie und versucht, erfolgreich zu sein. Tut es, wenn ihr könnt. Wieviele Millionen sind jetzt bereit, vernichtet zu werden. Wenn sie ihre Geisteshaltung nicht ändern, wenn sie nicht an das Bismillah glauben, wenn sie nicht beten, etc... "Faja`alahum Ka`asfin Ma'kulin" (105:5). Er (swt) wird es in ein leeres Stoppelfeld verwandeln. Auf den Willen des Allmächtigen Herrn hin kann ein Engel es so machen. Es braucht keinen zweiten Engel. Es gibt einen Meister, der für die Hurrikane eingesetzt ist, der für die Tornados eingesetzt ist. Wenn Er befiehlt, kann er die ganze Welt in Brand stecken. Wenn Er befiehlt, kann er die ganze Welt in einen Eisberg verwandeln. Hütet euch! Fürchtet Allah, ihr Muslime zuerst. Laßt das Kämpfen auf den Straßen und geht in die Moscheen. Beschäftigt euch mit Gottesdienst, und ihr werdet gerettet werden. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Ya Muhawwilu l-Hawl wa l-Ahwal, Hawwil Halana ila Ahsani l-Hal. Ya Rabbi. Wie könnt ihr gerettet werden

durch Schreien (auf der Straße)? Geht in die Moscheen. Sagt: Bismillahi r-Rahmani r-Rahim. Mögest Du uns das Schwert des Bismillah gewähren, o Herr. Sende uns den Sultan, der der Meister ist, o Herr. Diese entehren, bringen Schande über uns. Shaytan machte den Menschen wie sich selbst. Dies ist ein allgemeiner Rat. Ich rate mir selbst. Ihr könnt darauf hören oder nicht, wie ihr wollt. Aber ich gebe diesen Rat meinem eigenen Ego. Fühlt euch nicht angegriffen, ihr erleidet, was auf eueren Kopf kommt. Möge Allah uns vergeben. Fatiha. Wir sind in das Sultanat Shaytans geraten. Möge Allah die gläubigen Menschen retten, die Menschheit retten. Wer sagt, 'Das ist eine Lüge', wird leiden. Schade um den Mann, der sich selbst in die Luft sprengte. Sie werden ihm im Jenseits immer wieder sagen: 'Los, explodiere! Explodiere noch mal. Es gefiel dir so sehr? Spreng dich noch mal in die Luft. Spreng dich noch mal.' Es ist keine leichte Sache für eine Person, sich zu töten. Auf welche Weise er sich auch tötete, bis zum Gerichtstag wird ihm gesagt werden: 'Komm und mach es noch mal'. Wieder stirbt er und wieder.. Ihr Jugendlichen, kommt zur Vernunft und paßt auf: Allah existiert. Es gibt Seine Abrechnung. Tut eueren Dienst und fürchtet euch nicht. Hört auf, euch zu bekämpfen. Lebt wie Menschen. Al Fatiha.

Lefke, 02.02.2013

---

## The bigness of man and the Greatness of the Creator

As-salamu alaikum! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa billahi-l 'Aliyu-l 'Azim. By the Name of Allah Almighty, most Merciful, most Beneficent and most Magnificent.

May Allah forgive me and bless you!... O people, ask forgiveness from Allah Almighty and ask (Him) to look after you with His blessings!

We are humble people; physically we are so small. Sometimes (the) sun (is) shining, there are rays coming and in it you are looking small pieces lying in it that may be much more bigger than ourselves by comparing (ourselves) with the universe. Physically we are so small; through (the) universe you can't be seen (and) even our (whole) solar system (is) going to disappear. And our world, (the) planet that we have been landed on it, it is going to be also disappearing. And through (the) bigness of this planet our physical being (is) nothing, but' The Lord of Heavens created ourselves and we were not in existence; we are created ones and He is (the) Creator (and) every created one (is) going to be nothing, as much as you can imagine a bigness for this universe. You may say: '(What about) billion times such a universe. What do you think, o Sheikh?' (But) I am saying: 'Nothing.' 'What do you think if we (may) have a bigger universe than our universe trillion times. What do you think?' I am saying: 'Nothing.' You may say: 'O Sheikh, if we are making that universe bigger and bigger and bigger and saying quatrillion

times on it quatrillion times power- what do you think (about) that bigness?' I am (still) saying: 'Nothing.' Creatures, as much as your imagination (is) going and (you are) thinking (they may be) bigger and bigger and bigger, but (yet) we are on the level of creation and created; never, you can't make a comparison between creation's bigness and (the) Creator's Greatness!

We may say 'Allah the Great', but we can't say 'Big Allah'. He is big one (No), He is Great One. Greatness that is absolute, not (has not) an end; absolute Greatness for our Lord Almighty Allah. But everything that He created and run through your imagination, you may say bigger, bigger, bigger, but- that is big, but Allah is the Great. Allah is Great. (For) everything in creation you may say (for it) 'little', 'small one', 'big one', 'bigger one', 'biggest one', but by comparison with the Greatness (of Allah Almighty) it is nothing. And we have been granted from Allah Almighty not greatness, but to be big ones; (we may say) big stars, big worlds, big galaxies, big universes, but you can't say 'great galaxy', no!

You must understand this; new knowledge this (is)!

'Big ones' (you may say) for those that their existence (has) just granted from (the) Great Lord, the Lord of Creation. But, Subhanallah- through our physical being our bigness is nothing, (but,) Subhanallah, we have been granted something that your imagination can't reach to understand it, no, you can't understand. What is that' (It is) how Allah Almighty through His Greatness (is) addressing to you, saying: 'O my servants', and that means (that) He granted us something that it is not belonging to our physical being and our material universe, (it is) never going to belong to that ones, never granted from universes and galaxies and worlds and heavenly beings; (they are) never granted such a thing

that the Lord of Heavens granted to mankind and He is saying: 'You (are) My successor on earth!' And what is earth' What is (the) real earth and what is (the) real addressing' To whom the Lord of Heavens was addressing that we said: Through your material being (that) just disappeared, no more, and His addressing no more can carry our physical being that addressing.

As Sayyidina Musa was asking: 'O my Lord, let me to look You, to look to You!' (And Allah Almighty was) saying: 'Come!' He (S.Musa) was asking to see, to look to his Creator and Allah Almighty was saying: 'You can't see. With your material dressing and with your physical sifat, characteristics (attributes), you can't see!' You can't see, as long as you are dressed (a) material being; it is so small, that (even) if we may give it a bigness, to our physical being, (so that it) may be (big like) such a universe, yet the addressing of Allah Almighty should be (the same and He will say): 'You can't see Me. As long as you are in your material being, you can't see Me, but I may take (you) (when) you may be isolated from your physical body. You can't, as long as you are through (a) physical form, you can't see.' And (He Almighty was) giving an example to know Moses and everyone: He Almighty (was) sending one ray (on a huge mountain)- that you can't imagine (a) lessness for that appearance- (and) this huge mountain' Uhhhh'. (it) just finished!

Therefore- insan, man, is such an extraordinary being among creation; (the) biggest one among creation that is man. Man's creation, man's structure (is) most important and (but) even though they can't be able to see, to look.

Now you, as long as you are with your physical being and as long as you are interesting through your material being and (at the same time you are) asking something from spirituality, from heavenly positions, you

can't reach. Either you must leave that or you should be mahrum, deprived, you can't be able to reach (the) second one that (physical being is) never going to see Him, Almighty.

Therefore we are saying (that) we are so mall ones. Doesn't matter (if) our physical being, (even) if it can be billion times (as big as) such a universe, yet we are nothing. And on nothing can't be seen any appearance from heavenly Beings. Leave Allah Almighty, even (for) heavenly Beings you can't see. You can't see; we may fall down, as a thunder coming on a person, finished. But we have been granted such an important real being that (is) never going to be affected through divinely Appearances- according to their levels. But if (you have) not (reached to your heavenly position), your physical form can't carry anything from spirituality. Therefore we have been ordered to leave our material being.

Therefore- Sayyidina Abu Yazid, he came into (the) divinely Presence and (he was) asking: 'O my Lord, let me enter in it!' And the Lord (was) saying: 'Leave your nafs, leave your ego and come!' That means: Your ego that belongs to material world it is (the) biggest hindrance for a person to reach to his Lord's divinely Presence. And first the Seal of Prophets just left it; the Night of Journey he was not using his physical being, no. (He) just changed; and (the) first step from Haramu-l Mecca- sharafallah- (he was) rising on (the) Buraq, then (he was) coming and (the) Buraq that belongs to and representing our (spiritual or our) physical being, he left it and then (he was) getting in(to the divine Presence). He left his ride, (as it was said that:) 'You must leave it and then come!' (So) he left it (behind) and (then he was) coming.

That is (the) honour of mankind. May be bigger and bigger and bigger his

physical being (like) billions (of) such a universe, but (that bigness is) giving nothing to you or giving nothing, (no) any rights to you to stand up even one foot over the earth! You can fall down.

Who is asking to move towards Heavens that they are not belonging to material world, he must be able to stand up over the world even one foot. That time he is ready for getting up. If (you) can't do (that), yet you are on (the) same level, (the) level of animals. Who is not able to take up, to rise or to arise his feet from earth even one foot distance, that means yet he is belonging to (the) material world and he is wholly nafs; wholly his animal being just (is) appearing on himself and he can't get up. When (the) animal being just disappeared, then you should be ready.

(The) Prophet sws was coming from Mecca Mukarrama to Baitu-l Maqdis in Muwaqa Sharif. When (he was) reaching there, he was reached to a position that he may arise (to Heavens) by himself. Therefore (he was) leaving (the) Buraq Sharif, holy ride on earth and then he (was) becoming to get up.

O people, we are not yet understanding about ourselves! Therefore- (the) Prophet (was) saying that: 'Man arifa nafsa, fakad arifa Rabba.' If you are not knowing about yourself, you can't reach to your Creator. First you must be able to understand about yourself. That is a summary; I think from East and West (people are saying the same or) in such a way, but some precious stones you can find in it and they mean to say: 'O people, try (not) to run after bigness on earth. You are in need to reach a greatness through Heavens! As long as you are running after bigness, your and (the) animals level (is the) same (and) you can't reach up!' And (when the) Prophet was ready, instantly (he was) beginning to get up, up. And his bigness (on earth) just finished and

(then) it was only an order from (the) holy Orders of Allah Almighty (that He was) saying: 'Be!' and (it was) becoming and Allah Almighty (was) just putting on his (the Prophet's) existence (the) existence of heavenly Beings, dressing him from the Greatness of Heavens. Not from His (Own) Greatness, but from the greatness of Heavens, till he reached (further) up.

Therefore- now people are thinking that a religion, a belief, is something that without practicing you may reach some degrees or without trying yourself by some means of spirituality. They may think that: 'We reached to Allah', (but it) can't be! You may be (a) big one, but you can't be a great one.

May Allah forgive us and bless you, for the honor of the Seal of Prophets, S.Muhammad sws, and (may He) give us a good understanding. Peoples' understanding (is wrong), particularly in our days; they are understanding (a) wrong understanding for Islam and for religions, for spirituality, for heavenly matters or (for) heavenly levels or heavenly Beings. And only you can find your way through one Tariqat (, through a Sufi-Order); and now whole Tariqats just stopped down, only (the) Naqshibandi (Tariqat), (the) most distinguished Naqshibandi Order, (is) on. On, and you can reach with that (one) only to your real position. That means: when you are (when it is) going to be taken away from yourself everything that belongs to our material being, (when it is) taken away, then you should be dressed. You should be dressed (by a) heavenly Dressing for an understanding. Or (If not) your are understanding only (about the) level of animals- eating, drinking and making children, sexual works, nothing else. As now people just fall in it.

Allahumma, ya Allah, o our Lord, save ourselves from the hands of

satanic powers and make us to destroy (the) building of Batil, false, to make it down and its supporter and teacher shaitan also to fall down! And I hope that time now is over; coming, what we are asking, now (is) approaching and people should be taken away from themselves (those) that they are asking to be big ones and instead (to be) big ones (on earth) they (people) should reach a greatness in (the) divinely Presence of the holy Creator.

Bi hurmati man arsalta alayhi Suratu-l Fatiha. This is important!

## THE BILLIONS OF UNIVERSES in comparison to THE VALUE OF ONE MAN

We are listening to what is coming from our “Spiritual Central," our "Spiritual Headquarters.” Allah Allmighty has given us ears for listening, eyes for looking, and hearts for understanding, but we are using our ears in the wrong way, our eyes in the wrong way and our hearts in the wrong direction. Therefore, we look but do not see, we hear but do not understand, we know but do not feel. Without feeling, knowledge is nothing; knowledge, when it moves you with feelings – that is useful knowledge. And I am asking my Grandsheikh Abdullah to give us from the knowledge of the awliya, saints, to move our hearts towards our Lord’s direction.

While I was praying some inspirations were coming. This is important: inspirations concerning the value of man. This point just came; we shall see what comes to complete it. Grandsheikh is transmitting to me from the heart of Prophet Muhammad (sal), and I am translating to you from our Grandsheikh’s heart, may Allah bless him.

No other religion gives such value to mankind as Islam gives. Among tariqas, none gives that value to mankind that the Most Distinguished Naqshabandi order gives. And among Grandsheikhs, such value as our Grandsheikh Abdullah gives to the Sons of Adam and to mankind, I have never heard.

The most important thing for everyone belonging to mankind is to know what is the value of himself and of everyone who is created as a human being, as one of the Sons of Adam; that is the most important knowledge that must be acquired by everyone. If everyone knows the value of himself and of everyone else, this world is going to be like paradise.

But now they are losing that value and the whole world is like a hell. Throughout the East and West, no value for mankind. In the East, no value for the individual; in the West, they also consider the individual as a material being, regarding him as a robot. In the Western countries, which we call free countries, everyone can find everything he may be in need of for himself, like a robot, and Western Countries' systems steal the hearts of people and leave them without hearts. Throughout the East and West, the value of people has been lost, finished. That is the source of suffering, troubles and problems. While the East stole the individual – no more value for the individual person – the West took his heart and left him like a robot, both of them finishing the value of mankind.

Between the East and West, some countries are going after the East, camping in the Eastern camp. Some of them are camping in the Western camp. And the Muslim world is also divided into two camps, East and West; there is now no camp for Muslims to be under, to take a shelter for themselves, no. In the Muslim world they have also lost the value of man and of mankind.

Allah Almighty sent the Seal of the Prophets, the most valuable one, the most important and beloved one, Muhammad (sal), to teach mankind forever who they are and what their value is. Allah Almighty sent one verse in the Holy Quran stating the value of mankind, and that verse did not come from Heaven except to beloved Muhammad (sal). You may read or recite it among other verses, not paying too much attention to it, and our scholars have also given some meanings to that verse. It is just a part of a verse, not even a complete verse, it is only three or four or five words, "Wa laqad karramna Bani Adam," (And We have surely honoured the Sons of Adam). In this verse Allah Almighty gives perfect value to the Sons of Adam "Wa laqad karramna Bani Adam." It says "We have surely honoured the Sons of Adam."

If all the awliya (I am not speaking of scholars; scholars' knowledge stops now – I am speaking of awliyas' knowledge) were to give the knowledge that they have been given

concerning that one verse, it would not be sufficient to give the true value which Allah Almighty proclaims by the word “karramna,” We honoured, a word which is only one word among three or four or five words. That is the value which Allah Almighty gives to the Sons of Adam: “Karramna.” For forty years I heard about that word from my Grandsheikh, and with that ocean still in his heart, he went away from this world.

You must know about your Lord and about His prophets, and also about the Sultan of the Prophets, Muhammad (sal). Other prophets’ knowledges and all awliyas’ and all angels’ knowledge are like a little drop on a needle when a needle is taken from an ocean, but a limited ocean, and the Prophet’s knowledge is like a little drop in an endless ocean. The Prophet Muhammad (sal), gives such value to the Sons of Adam as no one can give except Allah Almighty and Allah Almighty gives such value to the Sons of Adam that no one can know the amount and measure of that value.

We may say something about the value of the Sons of Adam to give you an idea of that value. One human being is more valuable than the whole universe, not including man. For this world, we may kill a man even for one pound; we may kill a man for nothing. Now the East is intending to kill all Western people; Western people are taking precautions to kill all the people of Eastern countries, also. But the value of one human being is out of this world. If all computers were made to work to give a value, to give a figure or number it will fail. In comparison to the whole universe (without man), one human being is more valuable than that. If there is brought another universe like this one, also without man, one man is still more valuable when you compare them. If there are ten universes, still he is more valuable; if one thousand universes are compared to him even, he is more valuable than that too. Yes even if you bring millions and billions of universes yet that one person is more valuable than all these universes (without man) put together.

This is a piece of knowledge from the knowledge of the Saints. Therefore, for the one who is asking for the pleasure of his Lord, to the extent that he may give value to His servants, to the Sons of Adam, he gives pleasure to his Lord.

May Allah Almighty give us understanding. We are lacking that. No understanding; in the twentieth century, non-understanding people are living. They claim they understand everything, but not the value of man. You may understand everything except the value of man. If you understood, you would put on everyone's head a crown, coming from Heaven. The awliya look at that and they see that on everyone's head there is a crown, a heavenly crown, but a blind man does not see, will never see. Make light in your heart; little by little it is going to appear that everyone is bearing a heavenly crown. To the extent that you give value to the Sons of Adam, you acquire more value and advance in the Divine Presence.

Now we come to the opposite of this. Who is the guiltiest person, guilty of the biggest sin? What is the biggest sin in the Divine Presence? The biggest sin is not to give value to other people. You understand? Whoever does not give a person value, he is the biggest sinner.

We give value to people, firstly, if they are rich; secondly if they are powerful; thirdly, if they are young; fourthly, if they are beautiful or handsome or healthy. A bright one, we say. We do not make of value among the Sons of Adam an ugly one, an old one, a not-bright one, a black one, a yellow one, a red one, a poor one, a weak one, a sick one, also; throwing them away, not giving them value. That is a big sin for everyone, to look at their forms or their figures.

In our time we give value according to peoples' forms. Allah Almighty, the Guardian, is powerful enough, and artistic enough, also, to give everyone the most beautiful forms, but He is examining, trying His servants, to see whether they are looking at the meaning of the Sons of Adam or not. But our hearts' eyes are veiled. Therefore we do not look at the meaning that the Sons of Adam have been given by their Lord; we only look at their outward appearance, just as Satan looked at Adam from the outside and would not make sajda (prostrate) to him, would not bow down, to him. If he had looked at the meaning of Adam, at the reality of the meaning that he bore, Satan

would have been the first to make sajda. But he looked from the outside view and said, “You created Adam from clay. How can I make Sajda to him?”

That is foolishness, and that foolishness is going on most among people in the twentieth century. They look at forms, like Satan who looked at Adam as created from clay – how could I respect him? – Not looking at the meaning of Adam which made him respected by the entire universe, by all angels, all the angels made sajda to him.

Now Satan has established his sovereignty upon the whole world, causing people to look at each other through their forms, their figures. That is a big sin or the biggest sin, and all must be punished. Must be punished, and it is from the divine punishment that the East is now the greatest enemy to the West and the West is the greatest enemy to the East.

Here we are speaking about awliyas’ (saints) knowledge which they are granting us. Awliya are trying to take away enmity from among people; to take it away, to make people look at each other and see others as crowned, divinely crowned, totally crowned people, and to give their respect to everyone. This is why my Grandsheikh said, “The meaning of tariqat for me is to give respect to everyone. Keep to this, and you are going to be respected among creatures on earth and in the Heavens.

## Birth (37)

Islam says, make everything at home. In Islamic homes there should be enough room for parents, small children, older children; girls, boys, guests and patients. One important thing for Muslims is to help neighbours look after their ill persons and new babies. Births should always be at home in lslam, helped by midwifes. Without paying anything, neighbours were doing everything and they were happy to help one another with the birth of children. Now, everyone who has a baby is running to hospital.

Islam even has rules for the conception of children and a man who is married must keep those rules. When be sleeps with his wife, he must not be unclean, as unclean people are cursed. We believe and know that any generation conceived uncleanly will have something wrong with them - if not physically, something bad will affect their personality; particularly when a drunk person sleeps with his wife. That will have an effect on the characteristics of the coming generation, a bad effect on their personality. Perhaps a wilder, unmerciful, unjust generation will come which has no respect for parents or elders. As a punishment for people sleeping together when they are drunk, the children who are born will be against their parents, against the community and against humanity and against every rule of their Lord, Allah Almighty. They will not care about heavenly rules or take an interest in anything. We are in these times now. Therefore, it is important to be clean bodily and mentally, not to come to your wife in anger or in bad temper, hungry or sad. For either wife or husband

to be in such a condition is not a good thing. Each person must be pleased and happy and acceptable to one another.

Each time a man asks to sleep with his wife, it is good manners for Muslims to say: "O my lady! I accept you as my wife, as before in the divine presence. Any hurt I cause you, please forgive me, and I will forgive you if you hurt me. I am happy with you as my wife and you are happy with me as your husband. If Allah Almighty gives us a generation, may He bless him." Then, the person should give Sadaqa, i.e. a charity, before sleeping together and the lady should try to make herself very beautiful for her husband. Nowadays, ladies are only making themselves beautiful when they are in public, not in private or for their husbands at home. It is a divine order for ladies to make themselves beautiful for their husbands in their home, in their bedrooms. They must make themselves pretty with pleasure and with happiness, so that their husbands will not look at anyone else. Then, when they come together and sleep together, they are blessed. They must pray two rakats before and ask ... (tape switched off) ... given a present to make her happy. When she is happy and has been given her husband's love from his heart. then she may give her love from her heart. Allah Almighty then blesses that meeting and that marriage, and a good generation with excellent qualities will be born. That was the command for marriage in Islam, but people have forgotten it now.

There is no better (way) than Islam. It is such a beautiful arrangement which blesses families, because Islam hates dirtiness, outward and inner dirtiness. Cleanliness and coming together in these happy ways will bring a generation from Paradise. A generation which would make the world a Paradise - calm, gentle. Blessed people walking on earth, because Islam takes care of everything from conception.

At the time of the birth of children midwifes were used: We know that babies cannot be in their mother's womb for a year or more – some of them perhaps little more than nine months, but nine months and ten days is the normal length of a pregnancy. And when Almighty Allah (finishes) the baby's food in the womb of its mother, than the baby will be born. Islam is strongly against any interference which would hurt the child or the mother, particularly caesarean section. When a woman is ready to give birth and their friends would come to them and say: "Bismillah, Bismillah. Bismillah, O my Lord, let him come easily, safely, for him, for her. O our Lord, give way. Bismillah, Bismillah, Bismillah. Allahumma salla 'ala sayyiddina Muhammad. Allahumma salla 'ala sayyiddina Muhammad, for the sake of Your beloved one. O my Lord, give way. O my Lord, Bismillah." Then, as they would say this, the angels would bring the child out and the baby is born in

the position of sajdah on his hands. We do not believe that the baby should see knifes in front of his eyes. It is a big crime against the baby - to show it first thing a knife. A knife is a killer and should not be the child's first vision in this world. This is how the world will be destroyed. No one allows themselves to wait for the birth-pains to come nowadays, they can't bear them and people themselves are asking for caesarean.

On the day of the birth the family should give Sadaqa, i.e. charity, and all the people and neighbours will come, to look and be happy and to join and share in the happiness of the family, to help them, to bring gifts, help the mother, help the father.

Breast-milk should not be given to the baby until after three adhans have been called, i.e. for at least six hours. The baby must listen to three adhans being called. According to traditional custom pomegranate juice is first given to a child. One seed is placed between the child's lips and squeezed, so that the juice goes into his mouth. Then after the three adhans have been called, the mother is able to feed the child. This is like a fast, to make the new baby cry. As he cries, his lungs open and everything in his body start to work. A new baby is not yet accustomed to the atmosphere of the world and he must wait for the adhan to be called at least three times - perhaps ten hours, perhaps eight hours. Then, when he has breathed outside before and cried and his lungs are working and his blood is circulating and the digestive system starts to work, he may be fed. A new baby does not need milk very quickly. His digestive system is not yet ready. It is foolish of new methods to give the child to the mother to take milk immediately. It doesn't help anything, but is harming. A new baby must at least fast. Professors may think about this and they may say that it is allright. Islam brought the best method for the child to function and come in contact with a new atmosphere. Also, it is important to wait for the mother's breast milk to come, because her body is so tired. The baby should be given quickly to her to hold and then she must rest. At that time everything is upside down and abnormal for the baby and the mother. A new one is landing on the earth and it is important to give rest to both of them. Let the baby cry. Blessings come on crying. Mercy comes for him and his mother. In Islam, everything is perfect.

Caesarean section is prohibited and to induce the child to be born quickly by injection is also Haram in Islam. It is better until the divine order comes and the baby is ready to be born. Each child should be born on their forehead, bowing to their Lord. The devil teaches people to make caesarean section with knifes, not to allow the child to be born in Sajdah.

On the seventh day after the birth the Adhan is called in the child's right ear and the Iqamat in the left ear, and Surah "Qu huwallahu ahad" is recited and the child called and his name given - whatever name is inspired to the hearts of the parents. One of his seven names must be from the heart of the mother or father. After that, a sheep may be killed for a girl and two for a boy, but if they don't have enough money for this, one is enough even for a boy. This meal is then shared to neighbours, friends and relatives, and the poor. It is a traditional custom not to break the bones of the sheep, so that it must be cooked whole and people will eat it like that. Then, again according to our custom, the bones are taken and buried and we say "Bismillah ar Rahman ar Rahim": This is so that the jinn also take benefit from those bones. Allah Almighty is creating Risq, or provision, for them too. All the neighbours should come with their gifts and their charity and join in that happy occasion.

For forty days after the birth of the child, until her cleanliness returns, the mother should keep herself separate and not have a relationship with the father up to the end of that period. Then after that period she must take care not to feed her baby when she is unclean, i.e. when she has not got Wudhu. She must quickly make herself clean and then she is able to feed the child. This is so that nothing will go wrong with the personality of the child. The baby needs his mother’s milk, but when it is given clean, the child will be more peaceful and rested, the milk will be more satisfying and the child will enjoy it one hundred percent and not give trouble, One reason why babies give trouble to their mothers is because they are not given clean milk. Even if they were able to drink one big pot full, they would not be satisfied, but if they are saying "Bismillahir Rahmanir Rahim" and feeding the child when they have Wudhu, the milk will be blessed, the baby happy and it will sleep peacefully.

## BIRTH & DEATH (42)

Islam says make everything at home. Therefore, in Islamic homes we have enough rooms for parents, for small children, for older children, for girls, for boys and for guests and for patients. Even funeral services should be made quickly at home. We used to have a cemetery around the mosque areas for people to be buried there, not having bigger areas as a community function.

One important thing for Muslims is to help neighbours look after patients, look after funerals and look after new babies. Births must always be at home in Islam by midwives. Without paying anything neighbours were doing everything and they were happy to help each other with the birth. Or to help each other with weddings. Or to help each other with funerals. They were saying this is our honour and our obligation.

It was an obligation for families to look after patients and for funerals, for weddings, for births, in their homes. Now everyone who has a baby is running to hospitals.

**Bismillahi-r-Rahmani-r-Rahim... Audhu bi-llahi mina shaitani rajim.**

Bismillahi-r-Rahmani-r-Rahim... Audhu bi-llahi mina shaitani rajim. You must say this; it means you ask protection from Allah Almighty from the most dangerous enemy of the Children of Adam. He was the most dangerous enemy for Adam a.s., and his enmity and hatred continues from beginning up today. It is never going to be less, but getting more and more. He was never happy about the creation of Adam, and he was unhappy when he knew that Allah was creating Adam to be His deputy, which is the highest position for a person or a creature. The highest honour, over which there can be no other honour, is to be Khalifa, deputy of Allah. That honour was never granted to anyone but Bani Adam.

Allah created Shaitan before Adam. The importance or position of everyone that is created is to glorify Allah 'yusabbihun Allah'. Every creature created through Heavens and earth is glorifying Allah; that is their level. And Shaitan also was glorifying Allah Almighty; he was praying and making Sajdah, and he was taking more knowledge, learning and asking, and Allah Almighty granted to him more and more knowledge, and Shaitan was so happy.

Then Allah Almighty declared to all angels that He is going to create a new creature to be patron for the universe. To be given patronage means to be Khalifa, deputy of Allah, to be Number 1 through creatures, to be on top point, and that the highest honour has been given to that one. Shaitan expected that top point of honour to be given to him, the highest honour to be granted to him and to his generation, but Allah Almighty created man to be given the patronage and to be deputy, and Shaitan was so angry and envious, so proud and stubborn, you can't imagine. He said to the angels: 'If that one is going to be over me, if Allah Almighty is going to give to him that honour, I am never going to accept this from Allah, but I am going to refuse, not to accept, and I am not going to be obedient to that new creature. And if Allah Almighty is making that one

under my rank, I am going to destroy him and his generation.' Either way Shaitan was so unhappy about the new creation of Sayidina Adam a.s.

When Allah Almighty created Adam and ordered the angels: 'Bow to Adam, make Sajdah to him', all of them made Sajdah, but not Shaitan, and his anger was not coming down but getting up more and more, and his envy and pride were getting more and more, also. And he has so many tricks for cheating mankind, to make them to fall into depthless suffering and miseries here and hereafter. He is coming friendly to people, as he did for Adam, when he came to Adam and Hawa in Paradise, saying: 'Ohh, I am coming to you to make you much more happy, I am coming as an advisor to advise you. Now you are here in Paradise, but I am seeing that you are unhappy about that prohibited fruit, because your Lord gave to you everything through Paradise, only making you not to approach that tree, not to come closer and to eat from its fruits. I know something that you don't know and I am going to give an advice to you; I know about that tree. I am so friend to you, but I am crying that you are going to be out of Paradise because of that tree.' He was saying the truth, but he was asking to say something else. They were asking him: 'For what we are going away from Paradise?' He said: 'Because of that tree of eternity. If you eat from it, you are not getting out, you should be in Paradise forever up to eternity. But if you are not eating from it, after a while you may get out. Therefore Allah is preventing you not to eat from that tree. Listen to me only once!'

Sayiddina Adam was never listening, but Shaitan was coming to Hawa, saying: 'Look, your husband is never listening to me, and I am saying what is good for you. If you like to be here forever, you must taste; you must eat only one fruit, you eat half, Adam half. I am not saying to you to eat all the fruits from the tree. Only one; you should be here forever up to eternity.' That was his advice to Adam and Hawa a.s. Yes, he was saying the truth that for that tree they are going to be taken out from Paradise. But what he said: 'Eat and you should be here' was cheating, and he was so friendly and kind to Adam and Hawa. Hawa just believed and she took...

From that time he has been cheating mankind and his method of cheating is to come to people friendly, saying: 'O my darling X., no one can be like you. I am with you always, so friend of you. Your beard is so long, I like you too much. Do this and that, run, shout...' For everyone he is coming friendly, lovely. He is not keeping any orders, he is free. And he is cheating and cheating, up today. From the time that Adam landed on earth up today Shaitan is the chief-master of all trouble, wars, enmity, suffering, tragic events and every Fitna that happened. He is the first troublemaker, and every troublemaker graduated from him.

In the 20th century Shaitan did his worst for mankind, teaching them everything. Now he is looking and saying: 'I am ashaming to be with my successors; so many of them are graduated, but I have no graduation. Therefore I must learn from them and a ask a magister, doctorship.' Then he is gathering all his deputies, asking: 'Now I must have a title also, as you have, because people through the 21st century always ask from which university you have a graduation. If you say I am nothing, they will not give any importance to me. Therefore I am asking a title for me.' And his deputies dress him like a doctor, putting that black hat on his head, a black coat, giving him: 'Now you have also, after this meeting you should be called Dr. Shaitan, magistrate, doctor, professor Shaitan.'

Now he has a title and a card also, his name, and mentioned: Dr. Shaitan, and under it 28 letters to show that he understands about everything and to everything make up and down. Doctor Shaitan, PhD, magistrate, professor and doctor. Now he is well-known among his friends as being graduated from all the universities on earth, which granted to him the titles of magister, PhD, doctor, professor, etc.

He is so angry and anxious to make all living ones to be killed and destroyed, to make all nations against one another. 21st century's people only think to invent new weapons to kill people and to destroy cities and everything, nothing else. All nations give 99% of what they have from financial resources for armies' weapons. They make new weapons and after one year they say: 'This is finished we must have new weapons.' No one is saying that secret point why the economical situation is going from bad to worse and worst: it is because of weapons and armies. They waste billions and billions of Dollars only for one purpose: for the armies. You can't put a limit to them, because always they are asking new weapons and then there is no money left for civil purposes.

For one missile that they threw in Afghanistan they spent 1 million Dollar. They threw two, which makes 2 million Dollars, and trillions of Dollars all together they threw away in Afghanistan. How people can stand up and save themselves from the economic crisis? It is impossible, it is finished. But no one can say this. And all governments are going to be bankrupt like Argentina; everyone is going to fall down.

Impossible not to, because the greed is so dangerous that you cannot stop it. Armies ask all the financial sources to run to them, because they need to renew their weapons every time, because the other one invents new weapons and they say: 'We must also have new weapons every year.' Therefore it is impossible now for

the world to stand up on its feet, until that biggest war, Merhamet Kubra or Armageddon, should be; and that is the main target of Shaitan and devils: to destroy everything on earth, men and buildings. And Shaitan is going to sit on the ashes, when everything has burnt, and he is going to laugh and say: 'I am so happy now!'

That is coming now. Impossible, no way for the economy to stand up on its feet, finished. We are entering that tunnel, and day by day it is getting more narrow and more difficult, finishing, and from that side a few people will get out

Shaitan's anger, hatred and enmity for mankind reached the top point and he is waiting for the moment to see the whole world destroyed, and globally people killed. Running on it. No one can stop it, only Allah. He will order Mehdi to say: Allahu akbar, three times, then it will stop. Taking power from technology, killing it, it finishes and trouble finishes also. With technology trouble comes and it climbs and climbs and becomes more and more to the point of explosion; then it finishes.

Shaitan is coming to all nations now, saying to the Germans: 'I am so friendly to you, German people, you must be all together for the Euro.' To the Russians he says: 'Why you sleep here like a bear? Wake up and look; Europeans come on you, claiming to be boss of Europe. What about you? Wake up and stand up.' America is saying: 'When I am here, what is Europe, Russia or China?' China saying: 'What about me? I am gigantic state, so powerful. No on asking me anything?'

Shaitan is putting envy among nations, and technology is making all nations to be destroyed. From six people one will remain, five die, passing away. So friendly Shaitan! But people are happy with him, dancing with him, keeping his way so strictly. If they are happy to sleep with a dragon, a wolf, a bear- up to morning you will not find even their bones anymore.

There is one way to save people: To say: Allah, to call Allah, to be for Him. Live for Allah, you should be saved. Who is not for Allah should be killed, destroyed, taken away.
May Allah forgive us and bless believers the honour of the most highly honoured servant and Prophet S. Muhammad sws.

**Bismillahi-r-Rahmani-r-Rahim is the key of the holy land**

Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmanir-Rahim. Meded, ya Sultan-ul-Awliya. Bismillahi-r-Rahmani-r-Rahim is the key of the holy land. Bismillahi-r-Rahmani-r-Rahim is the crown of Islam on the heads of Muslims. You must try to keep it. Every closed door is opening through B.r.r., every treasure from earth and through Heavens is going to be opened through B.r.r. And that is the sign of sincerity or of obedience. An obedient person's sign is to say: Bismillahi-r-Rahmani-r-Rahim.

But Shaitan is making and trying to make it away, Muslims not to say B.r.r. If they say B.r.r., people blame them, and Muslims also blame each other when a person is saying it continuously, for every occasion and every work asking to say B.r.r.. Muslims blame Muslims and Muslims are going to be heedless. First class heedless people on earth now are Muslims. Why they are heedless? Christians are on their way, claiming to be Christians. It is well known that from the beginning they lost their way and their heedlessness began from their childhood and going on. But Muslims are on the right path, but through their heedlessness accuse Islam and its principles and try to change Islamic principles through Non-Muslims principles that are all artificial.

The whole world, Non-Muslim world, uses imitated mind productions instead of real principles that have been sent from heavens to mankind. But they insist and say "We can find or say or bring better principles than what Muslims use." No! And they make big advertisement on that point and our heedless Muslims and their leaders, Nr. Ones, heedless ones, have been cheated and say: "Western civilization reached through their civilization to a high technology and through it they are going up through space, travelling, looking around." And their balance for civilization or to be highest level of mankind is to reach more technological authority. Which country reached more authority from technology they say they are Nr. One. For example they say America's technology is much more powerful than Russia's technology; Russia not reaching level of America's technology. And European countries among themselves everyone claim to be on top level of

technology, but German people say: 'You can't reach to where we are now', French people say: 'No, we make Mirage hunter, going up straight, coming down straight', and going to be competition between French and German. Russia is saying: 'I don't care, my technology is better', and they are behind technology 5o years, but they say: 'We are first class.' If they shoot one, second one going to be harmed, damaged. If one going, sending ten more, or one hundred... Italians say: 'We are not taking too much care for technology, let them fight each other', and so on... European, western countries fight which one's technology is higher, and they think that the balance of civilization is on their technological level. No, that is their heedlessness.

And our Muslim leaders and cheated communities think: 'They have atom, nuclear power. Ah, we haven't, we must reach to nuclear bombs, nuclear power. But our principles don't give chance for us up today. We must change our principles to western principles. We must throw them away and take western principles to reach to their level.' And I am asking: 'To where they reach through their weapons?' You think that is civilization, nuclear weapons, not to make people to live happily and peacefully, enjoyfully communities? But nuclear weapons asking to destroy cities, farms, men, women, children, animals, forests- everything. That is their understanding of civilization. And that this is a real position? If to kill and destroy is the measure of civilization, may Allah curse them! If that is their measure of civilization as much as to make people to die and to be their cities, villages and farms destroyed, if we say that this is civilization, may Allah curse them and their technology!

But they make so wrong advertisement that technology and its principles are the Nr. One principles for humanity. Never going to be for humanity through technology a principle. Technology occupied through material world, or technology used by material world, and material world you cannot find on it good characteristics, because technology belongs to the material world and nothing from our five senses. Therefore can't be technology or high technology a measure for civilization, but what we shall do? Our heedless leaders leading Islamic countries think that technology is final means to reach civilization. And they cheat people, they are liars.

Now the whole world is on the line of technology, making competition, which one is going to be first, and for that purpose they quarrel and fight, and the final result is going to be against them, because technology should destroy everything. First their civilization. Western civilization is going to die or to be destroyed, which means to die, to be killed. But they are not thinking on it, neither Europeans, western countries, nor no

mind people from heedless Muslims, who ask principles of western countries that we are saying Europe or western civilization represents wildness, violence. Wild animals have wildness, but for mankind we don't say wild, we must say violent people. For animals it is normal to be wild, because they are not going to be educated. No schools, universities, academies for them. They are not educated, but you, o mankind. It is blame for mankind that is educated through so many schools, high education, and that graduates as a violent person. A violent one is worse than a wild animal. No blame for animals to be wild, but for man to be violent there is the biggest blame on them, and they are educated and graduated. Blame on them!

Violence is coming through technology. People are not going to be educated through spiritual values. No spirituality for mankind now. You think spirituality is for animals? In jungles? You are going to teach them spirituality? If you are not interested in spirituality it is for them? For mountains, jungles or the inhabitants there? Spirituality is not for them, it is for us. And 21st century's people are only interested in technology, never interested in spiritual values, to learn. And materialism makes their way to violence. Everywhere you are looking, 99% of the news is about violence among people, among communities, among nations, among races, among continents and among oceans... And look through their TV- only advertising and asking to teach youngsters violence, nothing else. To kill, to destroy, to burn- nothing else. That is their civilization. They must be blamed and be ashamed that they say to be civilized people.
And as long as people don't take care for their spiritual being, they should be much more violent. Now people run through streets, thousands of people saying: 'We are not asking war, we are asking peace.' I am asking: 'Did you bring peace to yourself first of all?' If you brought peace to yourself and everyone, then that country is going to be in peace. If you find they didn't reach to peace, that person makes the whole community unhappy and no peace for that community.

And people now are lying, and also leaders are lying, because every country is governed by politicians, and their capital is to cheat people; to say and to use lies to cheat people. That is politicians' importance, nothing else. Asking through that to reach to power. According to their minds and knowledge, if a person reaches power or the power point, he should be happy through his life- and they don't say: Next life- but that he should be so happy to reach one point of power.

In the 19th century up to the 2oth century the power point was only one. One person had the power point, but now countless people come and sit on power points, and they are asking to do everything through that power

that has been given, that is for them honour and peace. As much as people get more and more on power points, troubles and sufferings increase. As much as making it less and less, then troubles come down to the point of zero. But the biggest satanic teaching through democracy is to make a possibility for everyone to reach the power station, power point, and to do as he likes. And they never reach through their power a pleasure, because every time our authority for reaching to power station is going to be more and more, also our troubles and suffering increase more and more.

Therefore we are saying now that to say Bismillahi-r-Rahmani-r-Rahim is our honour, the honour of servanthood. But heedless people, ignorant and dishonoured people, don't use the holy Names of Allah Almighty. They ask to be said their names(instead), such in our countries, they are not making for people to say the Name of Allah Almighty, but for every occasion they say someone's name and: 'He said like this, he ordered like that.' They try to put a person who disappeared instead of the Lord of Heavens. And they are so proud not to declare His Name and His principles, but (others) that have no value.

And if you say Bismillahi-r-Rahmani-r-Rahim, they get to fight to you and say: 'For what you say this? Bismillahi-r-Rahmani-r-Rahim you can only say through mosques, not anywhere else. You cannot use it through social functions, but you must say: 'Our leader was saying this', you cannot say Bismillahi-r-Rahmani-r-Rahim.' If you say: 'That is Allah Almighty's order', they say: 'No, you must not be in our time and our century among ourselves. Your principles are not suitable for our communities and our community functions.' For community functions they prevent to be said or to begin with: 'Bismillahi-r-Rahmani-r-Rahim, we are working for His honour.' They are not saying this. They take it away to say: 'We do this work for the honour of our Lord', because, they say: 'Our leader once upon a time said like this and like that, and we are following him.' I am asking: 'Your leaders that do everything against heavenly principles, from whom graduated?' They are surprised and say: 'You don't know from which university graduated? And who is giving them these diplomas? What is that?' I am saying: 'From Shaitan.' All of them graduated through Shaitan, therefore they say for community functions: 'Our leader was saying like this.' I am saying: 'Your leader is (a man,) like yourself. If he passed away, go and open his grave and look what is there.' 'You can't say this. You are ordering us? What is that foolishness?'

Al of them graduated by Shaitan, who is giving to them their PhD to make them to loose the right path and to come to the wrong way. When you say Bismillahi-r-Rahmani-r-Rahim Allah Almighty sends to you angels to

keep you on His true way towards His direct pleasement. Therefore Shaitan is very angry if a person says Bismillahi-r-Rahmani-r-Rahim. And there is no way to the land of blessings except for who is saying Bismillahi-r-Rahmani-r-Rahim. Who says Bismillahi-r-Rahmani-r-Rahim may reach the holy land, the land of Paradise. Otherwise he doesn't come in it and he never smells its good smell also. The beautiful good smell from Paradise is coming from a distance of 5oo years. A Mu'min, a believer, is going to smell that beautiful smell of Paradise from a distance of 5oo years. Those who object on Paradise are not even going to smell...

## BISMILLAHIRRAHMANIRRAHIM und WISSEN GEBIERT GLAUBEN

Wir beginnen mit "Bismillahirrahmanirrahim". Ohne die Formel "Bismillahirrahmanirrahim" am Anfang einer Handlung gibt es für diese kein Gelingen. Das erste Wort, das Gott der Allmächtige niederschreiben ließ, war dies: "Bismillahirrahmanirrahim". Im Namen Allahs, des Allerbarmers, des Allbarmherzigen. Er befahl der erhabenen Schreibfeder, diesen Schriftzug niederzubringen, und sie brauchte siebenhundert Jahre dazu. Jeder, der dieses Wort einmal ausspricht, bekommt dafür den Lohn von siebenhundert Jahren Gottesdienst. Wer es nur einmal im Leben ausgesprochen hat, wird nicht als Ungläubiger sterben; es bewirkt, das materielle und spirituelle Unterstützung kommt, wann immer man es ausspricht.
Der Mensch ist wie ein wilder Baum, der sich völlig verändert, wenn er veredelt wird. Die Wurzel ist wild, aber der Kopf ist edel. Das Ego des Menschen ist wild und die Propheten wurden gesandt, um den Menschen schöne Köpfe aufzupfropfen. Die Propheten waren Menschen, die Malakut alamien (das Himmelreich) erreicht hatten und in Verbindung mit Allah waren. Um das ewige Leben zu erreichen, benötigt der Mensch eine vorherige Veredelung. In neun Monaten nimmt der Mensch die menschliche Körperform an. Mancher Mensch wird ohne Augen, ohne Arme und Beine oder stumm geboren und lebt dann so weiter. Wenn er im Mutterleib fehlerhaft gewachsen ist, wird er so auch weiter leben. Er stirbt aus dem Mutterleib und wird in ein neues Leben geboren. Wie das Leben im Mutterleib nicht mit dem Leben in der Welt vermischt wird, so fängt das ewige Leben erst dann an, wenn das Leben in dieser Welt aufgehört hat. Wie der Mutterleib im

Vergleich zur Welt eng ist, so ist das achirat endlos weit verglichen mit dem weltlichen Leben. In dieser Welt ist uns ein freier Wille gegeben worden, um Vollkommenheit erreichen zu können. Tiere haben keinen Willen, und deshalb sind sie den Menschen untertan. Wir müssen auf dieser Welt die Stufe der Vollkommenheit erreichen.

Bleib nicht so, wie du geboren wurdest, benutze deinen Willen, um Vollkommenheit zu erreichen. Mache es fünf Minuten, eine Stunde oder 24 Stunden am Tag, es ist nicht vergebens, und je mehr du dich anstrengst, desto höhere Stationen von Vollkommenheit kannst du erreichen. Schritt für Schritt kannst du aufsteigen, ohne Grenzen. Es gibt endlose Stufen von Heiligkeit und von göttlichem Wissen. Der Herr hat aus endloser Liebe zu Seinen Dienern für sie den Weg zu endlosem Fortschritt und Aufstieg in Seine Gegenwart geöffnet. Sei auf der Suche, denn wer sucht, der wird finden. Trachte danach, Vollkommenheit durch Kontrolle des Willens zu erreichen. Wer die Wahrheit nicht sieht, ist in dieser Welt blind und wird auch im nächsten Leben blind sein. Das Mindeste, was in dieser Welt an Wahrheit erkannt werden muß, ist die Existenz und die Einheit Gottes des Allmächtigen. Wer sie anerkennt, wird im nächsten Leben nicht blind auferstehen. 'La ilaha ill Allah' ist so klar, daß man blind sein muß, um es nicht zu erkennen. Wie viele Wissenschaftszweige es auch geben mag, alle bringen und führen letztendlich zu dem Schluß, daß eine einzige Kraft, ein einziges Wesen hinter allen Dingen steht und sie regiert. Ob Physik oder Chemie, Astronomie oder Physionomie, Geologie oder Psychologie, Mathematik oder Geographie, Philosophie oder Geschichte, in allen Wissenschaftszweigen wirst du die Wirklichkeit von 'La ilaha ill Allah' entdecken. Es ist unmöglich, nicht darauf zu stoßen.

Eine Gravur setzt den Graveur voraus, jedes Kunstwerk setzt seinen Schöpfer voraus. Rechtswissenschaft oder Architektur, welche Wissenssparte auch immer, sie führt letzendlich zum Tawhid (Bekenntnis der Einheit Gottes). Die Wissenschaft verwirft die Unwissenheit, die Ignoranz, denn die Ignoranz leugnet die Wahrheit. Die größte Wirklichkeit ist: 'Shahid annahu la ilaha illa hu wal malaikatu wa ulul ilmi gaiman bil qist'. Allah und Seine Engel und die Wissenden bezeugen Seine Einzigartigkeit. Ulul Ilm müssen den Beweis erbringen, denn ihre wichtigste Aufgabe ist, Allahs Existenz und Einheit mit Wissen zu bezeugen. Jeder Gelehrte muß danach streben, die leeren Köpfe mit Beweisen der Wissenschaft zurechtzurücken. Der Materialismus wird von den Teufeln mit bunten Farben und mit Werbung als lebensnotwendig hingestellt. Ihr Studenten und Gelehrte müßt ihn mit eurem Wissen zerstören. (aus dem Türkischen)

BookGenerelleAntwortaufalleFragen

## Bist du bereit?

Astaghfirullah... Meded ya Sultan al-awliya', meded ya Sultan al-awliya' Wir sind bedürftige Leute. Wir bedürfen etwas. Wir bedürfen etwas für unser physisches Sein, und wir bedürfen etwas für unser spirituelles Sein. Du kannst nicht leben ohne Sorgfalt, du kannst nicht sorglos sein in bezug auf die beiden Seiten unserer Person, die aus physischem Körper und spirituellem Reiter aufgebaut sind. Und du mußt für dich das Gleichgewicht halten in deinem physischen und im spirituellen Sein. Wenn du die Sorgfalt verlierst, sorglos bist um dein spirituelles Sein, wirst du deine wahre Identität verlieren bei allen Kreaturen und der Schöpfung. Deshalb mußt du versuchen, das Gleichgewicht in deinem physischen Sein und zugleich spirituellen Sein zu bewahren. Du mußt dies beherzigen, denn es läßt deine Identität auf einer starken Grundlage sein. Dann wirst du in den Himmeln wohlbekannt sein, eine wohlbekannte Person, die ihre wahre Persönlichkeit bewahrt. Und eine wahre Persönlichkeit benötigt Ausgewogenheit zwischen physischem Sein und spirituellem Sein.

Dies hier ist ein bescheidenes Zusammentreffen, ein bescheidenes Zusammensein; und wir sagen nur, daß diese Zeit eine sehr schwierige Zeit für die Leute ist, himmlische Positionen zu akzeptieren und ihre himmlische Identität zu akzeptieren. Denn solange du eine Identität auf der Erde hast, ist für jeden eine andere Staatsbürgerschaft geschrieben, sei es auf dieser Insel oder in London oder in Italien oder in Deutschland oder welchem Land auch immer auf dem Globus. Wir haben Identitäten. Es ist ... auf einer Seite

geschrieben, die bringt eine Beschreibung von deiner Identität. Die autorisierte Person kann sie kennen und deine Lage verstehen und eine Öffnung bringen. Und ebenso hast du eine himmlische Identität, und jeder hat eine Identitätskarte. Und für alle sieben Himmel gibt es unterschiedliche Identitäten. Du sagst vielleicht, du hättest auf der Universität einen akademischen Titel erworben, und wenn du diesen Weg fortsetzst, solltest du eine andere Position erreichen. Und deine Identität erreicht die zweite Stufe, „Doktor“, und den dritten Grad, sagen wir „Master“, den vierten, vielleicht „Professor“, dann den fünften, einen anderen Titel, den sechsten, einen anderen Titel, den siebenten, einen anderen Titel. Jeder auf der Erde hat eine Identität, aber in den Himmeln sieben! Es ist wichtig für einen jeden, nach seinen Identitäten zu streben, zuerst im ersten Himmel, dann im zweiten, dann im dritten, vierten, fünften, sechsten und so weiter.

Aber die Leute sind ... wie tot. Sie richten ihre Aufmerksamkeit nicht darauf, sich fortzubewegen und ihre erste Identität auf der Ebene des ersten Himmels zu erreichen. Die Leute sind so faul, und Faulheit kommt ebenso von der Sorglosigkeit über unsere Bestimmung. Die Leute heuzutage hegen keine Sorgfalt für etwas jenseits ihres physischen Seins. Sie sind so faul. Und ihr wißt, daß ihr für alles, was ihr fortbewegen wollt, eine Kraft braucht, eine schiebende oder ziehende Kraft. Ohne Kraft ist nichts im Begriff, sich zu bewegen. Und du, als ein Mensch, der du danach fragst, deine Stufen in den Himmeln zu erreichen, mußt dich einiger Kraft bedienen. Und das ist die Kraft von iman, die Kraft des Glaubens. Das sollte durch dein Herz gehen, und das Herz ist der Sultan, er schickt seine Kraft, und es geht aufwärts zu den Himmeln. Wenn du nicht solch eine Kraft bekommst, dann bist du so faul. Fragst niemals danach, dich zu bewegen oder etwas zu tun. Sagst: „Es kümmert mich nicht.“ Wie können wir sagen: „Es kümmert mich nicht?!“ Wir sind Wesen, die in der Existenz sind. Wie können wir sagen: „Es kümmert mich nicht!“ Du, du kümmerst dich nicht um dich selbst, es muß bei dir irgend etwas im Kopf falsch sein, daß du sagst: „Ich kümmere mich um gar nichts.“ Wie kann das sein? Und allein spirituelle Kraft läßt einen Menschen sich zu hohen Stationen und Positionen bewegen.

Ein Flugzeug, das unten auf der Erde ist und fliegen will, beginnt so, daß zuerst seine Kraftmaschinen zu arbeiten beginnen, aber es ist noch auf der Startbahn, und die Person, die darinnen sitzt, kommt so niemals hoch. Es ist nicht genug. Und der Kapitän schaut nach, wenn die Geschwindigkeit, die Geschwindigkeit am Boden, 200 Stundenkilometer und mehr beträgt, dann geht er hoch. Am Anfang, wenn seine Bodengeschwindigkeit nur 20 oder 30 oder 50 beträgt, da ist er niemals in der Lage zu starten. Wenn die

Maschinen starten und jene Geschwindigkeit von 200, 300 machen, kann er schnell hochsteigen, und wenn er aufsteigt, erhöht er auf 400, 500, 600, 700, 800 und steigt auf in den Himmel, über den Himmel. Das muß er bringen. Soviel du gibst, soviel nimmst du von der Kraft. Deshalb: Die, die sorglos sind um ihr spirituelles Sein, sie sind wie so viele Flüge im Flughafen, werden hierhin geschoben, dorthin geschoben, nach außerhalb der Startbahn gebracht. Nicht betriebsbereit, ja, nicht betriebsbereit, das bedeutet, diese Flüge können nicht starten. Und 99 Prozent sind jetzt wie diese ausgesetzten Flüge. Keine Chance auf lange Flüge oder sich auf der Startbahn zu bewegen. Sie machen nur zehn Kilometer in der Stunde. Und die meisten Leute sind jetzt in solch einer Lage.

Und jetzt fragen sie danach, das zweite Millennium zu erreichen, das endet und wonach eine Öffnung kommt, das dritte Jahrtausend, das beginnende Jahr 3.000. Die Leute denken, daß sie sich von diesem Jahrhundert, dem 20. Jahrhundert, zum 21. Jahrhundert hinüberbringen könnten, so wie sie jetzt sind. Und das ist unmöglich! Das 21. Jahrhundert akzeptiert niemals faule Leute, und diejenigen, deren Flugzeuge nicht flugbereit sind, sie können nicht akzeptiert werden. Deshalb müssen nicht Millionen, sondern Milliarden Menschen der Erde außer Betrieb gesetzt werden, sie werden weggeschickt. Nur die Leute, die in der Lage sein werden, sich durch das 21. Jahrundert zu bewegen, die werden leben, und die anderen werden im Barzaq sein, auf dem Friedhof.

Daher ist es wichtig, daß wir unsere spirituelle Kraft üben. Dies ist eine Versammlung mit dem Sheikh. Ein Sheikh tritt nicht entsprechend seiner Kraft auf, sondern entsprechend eurer Akzeptanz, der Akzeptanz, die euch gegeben ist. Der Sheikh kann euch keine Kraft geben, es sei denn, ihr gehört zu solchen Leuten, die sie gebrauchen und nach mehr fragen. Denn meistens benutzen unsere Leute nie spirituelle Kraft, deshalb wird ihnen von jener Kraft nicht gegeben. Sie werden bewegungslos auf der Erde sein und dort enden. Das ist jetzt wichtig für alle Nationen, für alle Rassen, für alle Religionen. Sehr wichtig. Glaubst du, daß du eine Kraft von dir selbst wirst nehmen können, um dich vom 20. zum 21. Jahrhundert zu bewegen? Wenn wir glauben, wir könnten durch diese Position vom 20. zum 21. Jahrhundert springen, wessen wir bedürfen, so sind wir Lügner. Das kann nicht sein, das kann nicht sein. Das bedeutet, sie denken, mit dieser Bodengeschwindigkeit von zehn Kilometern pro Stunde könnte jene gewaltige Boeing hochsteigen; wenn ihr das glaubt, dann mögt ihr denken, mit unserer jetzigen Position von diesem Jahrhundert ins zweite Jahrhundert, dem 21. Jahrhundert, zu gelangen. Nein! Es ist unmöglich!

Deshalb müssen wir alles lassen, das der Faulheit angehört und der Sorglosigkeit und der Unachtsamkeit. Du mußt all das hinter dir lassen! Du mußt sagen: Alle Sorgfalt gehört unserem spirituellen Sein! Dann gibt der Herr viel mehr. Sie geben eines, Er gibt dir mindestens Zehnfaches. Möge Allah uns vergeben und uns von Seinen Göttlichen Diensten gewähren, daß wir immer Diener für seine Göttlichen Dienste sind.

Und wir bitten um viel mehr Kraft und Ehre für Seinen meistgeliebten, meistrespektierten, meistgelobten Diener, Sayyidina Muhammad, Allah segne ihn und schenke ihm Heil. Bi hurmatil habib, fatiha.
Zypern - 13.09.1999

---

## Bittet um Schutz

Um beschützt zu sein während dieses Monats sprechen wir auf Geheiß unseres Großscheichs jeden Morgen dreimal die „Shahada“, dann siebzigmal „Astaghfirullah“, und wir geben „sadaqa“. So viele Flüche kommen während dieses Monats auf die Erde, insbesondere am letzten Mittwoch des Monats, der der schwerste Tag des gesamten Jahres ist. Möge Allah der Allmächtige Euch Schutz gewähren. Bittet um Schutz und seid auch Unterschlupf für andere.
Keiner erbittet etwas von Allah, und es würde ihm dann nicht gewährt. Er gibt, und wer würde nicht geben. Wenn jemand etwas nicht hat, kann er es nicht geben, und wenn er nicht weiß, was du brauchst, wird er es dir auch nicht geben. Doch Allah hört dich, und Er hat auch, was du brauchst. Wenn jemand von einer Not hört und er ist ein großzügiger Mensch, wird er das Benötigte nicht zurückbehalten, und keiner kann so großzügig sein, wie Allah ist. Niemand kann so wie Allah sein im Geben, keiner ist so reich wie Allah. Und keiner kann wissen und hören, auf welche Art Allah gibt.

Es ist schlechtes Benehmen eines Dieners zu sagen: „Ich habe um etwas gebeten, und Er hat es mir nicht gegeben.“ Das ist die Endstufe der Ignoranz. Wer so etwas sagt, ist sehr unwissend. Manchmal wünscht der Diener etwas, was ihm nicht zusteht oder nicht gut für ihn wäre, und so kann er es in diesem Leben nicht erhalten. Doch Allah hebt jeden Wunsch für ihn auf für den Jüngsten Tag, den Tag des Gerichts. Dann muß er ihm erfüllt werden, und Allah sagt zu ihm: „Jetzt gebe ich dir für immer. In der Welt hätte es ein Ende

gehabt, doch jetzt ist es für ewig mit Meinem Segen.“ An jenem Tag werden die Menschen wünschen: „Ach hätten wir es doch auch nicht schon zu Lebzeiten bekommen, sondern jetzt. Wenn du es uns nur für jetzt aufgehoben hättest, für den Tag der Auferstehung.“ Doch Allah wird sagen: „Ich habe euch damals schon gegeben, und jetzt ist das zu Ende.“

Bittet, bittet, und es wird euch gegeben. Doch Allah liebt es, wenn Seine Diener nach wertvollen Dingen verlangen. Bitte einen Sultan nicht um Stroh. Frag nicht nach so etwas, wenn du zum Palast des Sultans kommst. Wenn der Sultan sagt: „O mein Diener, was ist dein Wunsch, äußere ihn.“, und du sagst: „Ich möchte Stroh und Hafer für meinen Esel.“ so wird der Sultan wird dich zu den Eseln in den Stall bringen und dir Stroh und Hafer geben lassen. Frag nach Perlen, bitte um Gold anstatt um Haferstroh. Bitte um Pferde, nicht um Esel. Verlange nach Palästen, Allah ist Der, Der gibt, warum fragst du nicht danach?

Und wir streiten uns um Dunya, und dafür bekämpfen wir einander. Das vermindert den Glauben, und die Glaubenskraft erreicht den Nullpunkt. Jeden Tag und jeden Monat, jedes Jahr vermehren sich die Krisen, und immer mehr Kriege entstehen, und dabei geht es immer nur um Stroh und Hafer für Esel. Die Menschen kümmern sich nicht um die Seelen. Sie streiten und kämpfen nur um Gras und Stroh, um Hafer für ihre Esel. Das sind die Sehnsüchte der Leute des 20. Jahrhunderts, dafür fressen sie sich gegenseitig auf. Sie fahren so viele Waffen auf, um die Hindernisse aus ihrem Weg zu räumen und an mehr Gras und Hafer zu gelangen. Alle wollen nur mehr Stroh ergattern.

Sie haben keinen Glauben mehr, und weil sie solche Esel sind, bestraft sie Allah. Es regnet jetzt Fluch über die Erde. Fragt nicht nach Stroh für eure Esel, fragt für euch selbst! Diese höchst zivilisierte Welt kennt jetzt als einzig Wichtiges die Esel, nicht die Seelen. Sie machen sich jede erdenkliche Mühe für ihre Esel, was immer die Esel verlangen, versuchen sie aufs Wort genau auszuführen. Erbittet von Allah!

Allah hat Abu Yazid gefragt: „Was hast du für Mich getan?“ Er antwortete: „Ich habe die ganze Welt hinter mir gelassen um Deinetwillen, o mein Herr.“ Worauf ihm erwidert wurde: „Weißt du nicht, o Abu Yazid, daß sie nicht mal soviel Wert hat wie der Flügel eines Moskitos? Und der Moskito hat vier Flügel. Die Welt ist weniger wert als einer davon. Du hast nichts Wertvolles zurückgelassen, schäme dich.“

Diese Welt ist verflucht und wertlos, wenn du nach Dunya verlangst, hat dein Wunsch keinerlei Wert, selbst wenn du um die gesamte Welt bätest. Bitte um etwas, das Wert hat, um das nächste Leben, Akhirat, erbitte

permanenten Segen, dauerhafte Gnadengaben von Allah dem Allmächtigen. Verlange nicht nach vergänglichen Dingen, man muß verrückt oder ein Narr sein, vergängliche Dingen zu erbitten. Da die Chance gewährt wird, ewige Gnaden auszuwählen, wer würde sich da für vergängliche Dinge entscheiden. Jeder würde das Dauerhafte wählen. Allah möchte ewige Gnaden und Schätze und Segen gewähren, und Er hat dir anheimgestellt, dich für echte Perlen und Juwelen zu entscheiden oder dich mit nachgemachten Glasperlen und Plastiksteinen zu begnügen. Läßt du die Smaragde liegen und nimmst grünes Plastik – was ist deine Wahl? Dies ein Beispiel, um es klar zu machen. Strebt nicht nach Dunya, weil sie ein Ende hat. „Verlangt nach dem Ewigen Leben, und Ich gebe es euch, nachdem Ich es für euch aufbewahrt habe."

Gläubige müssen ihre Augen offen halten, sie dürfen nicht blind umherlaufen. Ihre Herzensaugen müssen offen sein, um zu schauen, wohin sie gehen. Sie gehen auf das Ende dieses Lebens zu. Es ist nur noch eine kurze Zeitspanne übrig für das Leben des Menschen auf diesem Planeten. Das Ende ist nahe, doch die Leute denken, sie hätten noch Tausende von Jahren vor sich. Es gibt keinen Glauben mehr, keinen Respekt, keine Rechte mehr für die Menschen. Die Welt ist für alle Menschen da. Für alle Nationen. Es ist größte Sünde, Menschen aus ihren Häusern und aus ihrer Heimat zu vertreiben, ihnen ihre Rechte wegzunehmen. Jeder hat das Recht, in Frieden zu leben bis zu seinem letzten Atemzug. Stört die Menschen nicht, seid keine Unruhestifter und Kämpfer. Die Teufel kämpfen gegen die Menschheit. Bittet um Schutz und Unterschlupf vor den Teufeln und vor den Flüchen, die vor allem während dieses Monats safar herabkommen. In den Nachrichten heißt es, daß nächsten Mittwoch ein seltenes Ereignis am Himmel zu sehen sein wird, und während dieses Monats bedeutet das kein gutes Zeichen. Wenn Allah es nicht verhindert, könnten diese Himmelskörper den Leuten auf die Köpfe fallen. Sie sind ein Zeichen dafür, daß Allah nicht zufrieden mit den Menschen ist. Er will sagen: „Haltet die Rechte der Menschen in Ehren, oder Ich werde auf euch kommen lassen, was Ich schon über Völker vor euch habe kommen lassen. Es mag euch durch die Atmosphäre hindurch treffen." Es sind Zeichen Göttlichen Zorns mit der Welt. Möge Allah uns vergeben und segnen.

- 01.01.1993

---

## The Black Cloud over Iraq and Iran

Turkey, Russia, Iraq, Yemen, Iran, Afghanistan, Egypt, Libya, Tunisia, Algeria... all these countries which have kicked out their sultans, have been cursed. There are some foolish people who live in England, but who are not suitable for this country, who also want this country to be a republic. Republics are the worst systems which has ever been on earth. Every country which has thrown out their sultans have been followed by tyrants. This was the case in Turkey, Iraq, Germany, Yemen, Afghanistan, Iran, Libya, Russia, France, China... These tyrants have no mercy in their hearts. They kill and destroy without any mercy.
In Iraq they killed the Ahlil Bait in one night, the whole family was killed, the old ones and the young. May all those satans who did that be below the seven hells. Why didn't the people in Iraq try to prevent it? Why didn't they stand up and shoot them? Why did they surrender to one person? Why didn't they protect the family of Ahlil Bait? That is why all saints in Iraq are unhappy with their people. All the calamities happening to that country now, are a result of this. Until they repent and bring back a sultan, Allah will not remove the curse from them. But they are not even thinking about it!

Iran is another completely heedless country. They did not defend their sultan, so Allah sent them such tyrants who have now killed millions of people. Then they started fighting Iraq and again millions of people were killed. Now Baghdad is destroyed and Iran too. Thousands of years of civilisation has been destroyed in both countries without a reason. It is because they treated their sultans in such a way, that they are now

cursed.

There is a very thick black cloud over Iraq, Iran and Afghanistan. It will not go until Mehdi* comes.

## The Nature of Black Magic and Its Antidote

(Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah!
Allah Allah, Allah Allah, Allah Allah, Rabbun Allah!
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah!
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah!

Wa la qad hamd yaa Rabb wa shukr. mila 's-samawaatil mila 'l-ard wa mila maa shi'ta min shayin ba`ad. O our Lord! Give Your most high praisings than what You are granting to anyone in Creation, to whom You created all Creation for his honor, Sayyidina Muhammad (s)! Zidhu yaa Rabbee `izzan wa sharafan nooran wa suroora, wa ridwaanan wa sultaanan wa haybatan wa ghafaaran. (Mawlana Shaykh sits) Wa `ala sai'ira 'l-anbiya wa 'l-awliya wa man tabi`ahum bi ihsaan il-yawmi 'd-deen wa ila 'l-abad.

As-salaamu `alaykum, yaa Saahib az-Zamaan. As-salaamu `alaykum, yaa Qutb al-Mutasarrif, who is making everything under his heavenly authority; that is Qutb al-Mutasarrif. A person can't do something on this planet without an authority from the Heavens. As-salaamu `alayk, yaa Qutb al-Mutasarrif! We are humbly asking support, as mush as we can carry. Your support can carry this world! We are asking only a small spot from your heavenly authority, a small drop from one ocean. Hafizhna, please look after weak servants of the

Lord of Heavens!

We are all weak servants, but our egos are using a mirror that if you look in it you may see your being as one-hundred or one-thousand times bigger, or in such a way. Shaytan has a magic mirror, bringing in front of anyone and showing, "Look," then that one sees, "I am such an important one, a big one, and no one can approach me. I am such a big and gigantic one in Creation. Ohhh, ohhh, Mankind, you must respect me with your full respect because I am such a huge being. Look at me!" People see him as he is seeing himself, like such a gigantic one. That is magic! SubhaanAllah. Shaytan is the biggest magic maker! No one can be like Shaytan to show magic to people.

O our Attenders! As -salaamu `alaykum. We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem from his magic. (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem. We are taking our heavenly sword to destroy Shaytan's magic. Use it, Mankind! (Mawlana Shaykh sits) As-salaamu `alaykum, our attenders! All people from the east and the west are attending. You must attend; for everything that belongs to the Lord of Heavens, you must listen and obey or you will be punished and vanish!

O Salafi `ulamas! As-salaamu `alaykum also to those who are giving titles by themselves, to themselves. It is not coming to you that you are Salaaf as-Saalih or you are followers of Salaaf as-Saalih? Do you have any evidence? Show us or you are giving that title to yourself. I am saying a "title," which may be true or untrue. Yes, a title that people are giving is imitated. (...) Marhaban, Salafi `ulamas! Where are you? Allah likes His servants to be happy, therefore I am joking with you sometimes. Your faces are always very solemn. A smile for the sake of Allah (is good). (Mawlana Shaykh stands) Is Allah smiling, I am asking you. If Allah is not smiling, how are we going to smile? Is Allah always angry or showing His anger? Never! Why are you doing the opposite? (Mawlana Shaykh sits) Shaytan always makes you solemn or angry towards other people, because you are thinking they are on the wrong way and you are on the true, right way.

Our teacher, the Seal of Prophets (s), taught people everything. Therefore, you must teach people everything that has been taught by the Seal of Prophets, Sayyidina ‘l-Awwaleen wa ’l-Akhireen! Yes, that title you are giving to yourself, saying to people, “We are Salafiyoon,” who is making a seal on it? Is it from common people or from government people? Are they putting a seal? Both of them have no value! They are asking for a heavenly seal that confirms you are Salafiyoon. You must know that for everyone who is asking a title or a

higher level, he must come and prove he is on that level and then comes a heavenly seal and saying, "This one Salafi and this one is Salaaf as-Saalih." If not, don’t claim something that is not sealed by a heavenly seal.

What are you saying about magic? Is there magic? You can't say no, because there is magic. Now in our days, Mankind never fears from anything except magic. And people are running to some for relief, thinking they are under a magic stress or magic pressure, that magic is never allowing them to reach something they are asking, or they fear from magic they will be unable to keep the level they are on. Is there magic? What is your answer? You must say, "Yes, there is magic." Magic means quwwat ash-sharr, power of evil combined in a small spot of an atom. That magic is making people to be in unrest. Magic is a fitnah, corruption for all of Mankind.

I am a weak servant. Daily every kind of Mankind is coming to me: Turks, Arabs, Iranians, Russians, Europeans, Americans, from Arabs, from Egypt. From everywhere people complain, "O Shaykh! There is black magic on me." What is that? How can it be? A person can't be under a magical effect if it is not coming from a sharr, point.

Who is controlling evil on Earth? Say! That is knowledge you must know, because Allah (swt) yaqul Haaroot wa Maaroot, the two angels. In the Holy Qur'an is written about, `ala 'l-malakayni, two angels, one is "Haaroot", and the other, "Maaroot". (cf. Al-Baqara, 2:102) That means there is magic and people are saying mostly that it is black magic. They fear that, but they don't fear Allah because they are idiot, ignorant ones! Then Allah Almighty leads them through those unexpected Evil Oceans and they never taste the sweetness of life. They have been granted everything, they have everything, but for the sake of black magic, their lives are going to be tasteless, because they are believing in black magic.

And daily so many people are coming to me, calling me by phone and writing, "O Shaykh! There is black magic on me. What can I do?" The whole world now is under the darkness of black magic. There is no rest for Mankind. For what? Allah Almighty is sending those disobedient, disloyal people, giving their punishment here, because they do not fear their Creator! They are not giving full respect for their Creator, Allah Almighty! Then Allah Almighty assaults them with black magic, which is a cloud from the east to the west, from the north to the south. And people are running, “There is a shaykh.” Where? In Saudi Arabia, shaykhs say, "We do not believe in such a thing.” But some are then punished by black magic! Then they also write to me,

saying,

“O Shaykh! We think that we have been affected by black magic, please tell us what can we do! Show us a way to save ourselves."
I am saying, "Put one-billion dollars here and I shall tell you!"
"It is too much, O Shaykh! I am asking my master."
Second day, "Are you asking?"
"I am asking."
"Never coming down. Go think on it, then come."
They are going and never coming back. Some of them are going to the graveyard and some of them are in mental houses.

O People of the 21st century! Be clever ones, that the Lord of Heavens will not send on you an assault of black magic from ifreets and shaytans to make you in unrest! You may have everything, but from that assault you will be in unrest.

O People! Come here, I shall speak to them. I may teach you the way that you can be saved from black magic. I am saying, go to Salafi `ulamas, they know too much! (laughter) Some Salafi `ulamas are asking, “O my shaykh! What can you do for me? I know I am under heavy pressure of sihar, black magic. What can I do? We are not working on it, but we heard there is a shaykh on a small island and they are saying he may take away black magic from people." "Who is that one?” “Everyday swearing on us, go to that one, go.” We are fearing him also, if we are answering to him, sending to us black magic also."

I am not that one. I am not doing magic, but we have an authority for protecting and saving people from black magic! All servants that belong to a heavenly center have that authority, and black magic makers fear them! If they are not fearing, at the end of year they are going to be under the Earth!

O People! If you are asking to save yourselves from black magic, who is its teacher? Say, Salafi `ulamas! Who is that one? Say his name! Shaytan; it is true. You know that only Shaytan may do black magic. And if anyone is asking to learn it, he must leave his faith and follow Shaytan, then that person is going to be like Shaytan. Say, Allah Almighty protects us from Shaytan and shaytanic works and shaytanic actions.

O People! Come to the right way. If you are coming on the right way, if millions of Haaroot wa Maaroot are attacking on you, they can't do anything. But you are escaping from your Lord and His Servanthood, and that is your punishment here, and the punishment on the Last Day is going to be heavy.

O People! Come to this holy month and try to renew your faith! You must try to do everything as the Lord of Heavens is ordering, or that punishment is always going to be with you, and Shaytan and his followers will never stop making magic on you, and magic-making people will not get out from humanity. You are showing yourselves in a mirror a very bad and ugly show. They will see themselves and they will ask to run away, but they cannot.

O People! Leave black magic and come and follow reality with heavenly ones who may take black magic from the whole world and from all people, or that is going to be always a punishment for unbelievers and for disobedient people, so that they won't taste a sweet taste in this life. Come and say, "Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, astaghfirullah. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, astaghfirullah. For the honor of this month, we are leaving Shaytan and coming to Your Way! O our Lord, keep us on the best way or Your best one's way, the Seal of Prophets, Sayyidina Muhammad (s)!" (Mawlana Shaykh stands and sits)

O People! Come to Allah, and to His representatives. They are prophets, and all of them are representatives of the Seal of Prophets (s), who is a guarantee for all prophets, and all prophets' guarantees are for their nations. Those who are coming with prophets will be saved. If not, they will not find a safe place or guarantee from black magic and its dark tunnels. Their lives are going to pass up to the end in black magic tunnels.May Allah (swt) forgive us!

O People! As-salaamu `alaykum. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, astaghfirullah.

Fatihah.

(Mawlana Shaykh speaks to Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

(844) Mashaa-Allah. Shaykh Hisham, ooohhh, up, up, up, a million people. Yes, yes. Alhamdulillah,

subhaanAllah wa shukrulillah.

(Mawlana Shaykh prays two raka'at Salaat ash-Shukr)

**A blessed land is Paradise**

Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim. As-salamu alaikum, all of you welcome! We hope that you are bringing blessings and to be in a blessed land of Paradise, because a blessed land is Paradise. Cursed land is Hell. There are two kinds of places: blessed places and cursed places. Blessed are going to be in a blessed place, and cursed people in a cursed place. From the first man and prophet S.Adam, Allah bless him, on, and all prophets, especially our Seal of Prophets sws and a.s.- what is the way that reached to the blessed land? And what is the cursed way that leads people to the cursed land, to Hells? Everyone must know and must give his choice for one of these two lands.

First of all, who is asking blessed land, he must believe that there is a blessed land, and he must also believe that there is a cursed land. When he is believing in a holy and blessed land and a cursed land, that person must ask: 'Who prepared these two lands? They are going to be in existence by themselves, or someone is putting them in their own situation, their own prepared place in existence?' Blessings and curse never come from a blessed or a cursed land, no. No reason for these two lands to have such an authority or such a choice for themselves, no. They are two lands- just put in one of them blessings, and in the other one curse.

Maybe for example a dessert and a green valley. That greenness is just put in the valley and that difficult position is just put in the dessert. A person may live in a green valley, but through a dark and huge dessert he can't live. Through the green valley has been put the reason of life: water, springs, rain, but through the dessert the reason of life has not been granted. Therefore people may live in a green valley, but not in a dessert. Both places are on earth, but they are under different Tajallis, appearances. On the green valley the appearance is from Allah Almighty's favour oceans, life oceans, but the second one is from Allah's very heavy appearance of Qahar, the one who takes everything away from life. Two appearances appeared and through two different places on earth. It is not from the nature of earth, but belongs to Heavens. If not in such a way,

if it was only the nature of earth, it would be impossible to find oasis through huge desserts. That means someone's will may do this through this huge dessert a protected land that may be there life! People live there and it is not from the nature of earth, but that will belongs to someone who puts that oasis through a huge dessert.

Therefore who believes in a holy blessed land, must believe that it is not from the nature of the land, but that one who put His blessings on it makes the land a holy land and blessed land. And also for Hells: That is the land of Allah Almighty's divine Anger, the centre of divine Anger, which destroys, kills, takes away, takes His revenge. Therefore everyone who believes in a holy land, a blessed land, and a cursed land, must believe that someone is putting His blessings or curse in both of these two lands, and he must say that that one must be in existence and that He must be someone whose will covers everyone's will, so that no will may be over His will. And that He is that one who can do everything and no one can prevent Him to do anything as He likes. He is sending clouds to the green valley, and not to the dessert. As He likes. He is sending from His favour oceans, rain, through Paradises, and preventing it from cursed lands.

And first of all that is the way of Iman, faith, that just announced and declared to all mankind fro the first day that S.Adam landed on earth. He was in Paradise and his knowledge about Paradise is not as his children's knowledge, because he knew Paradise and lived in it. His knowledge was Ilm ul Yaqin, Ain ul Yaqin, Haqq ul Yaqin. He was in it, he saw it, he lived in it, and he knew its existence with full knowledge on these three degrees. Adam's knowledge was just Ilm, Ain and Haqq ul Yaqin, that no one can change his mind, because he was in Paradise, he lived in it and looked to it. No one can say to Adam: No Paradise. They can't cheat him. But he who never had been in Paradise can be cheated. Therefore the Lord of Heavens, the Creator of all creatures, said: 'You must believe.' That is first opening for people for an understanding of the holy land, the sacred, clean and blessed land, Paradise. And on another side also coming another opening that whom not reaching blessings, going to reach to curse.

Therefore when a person is going to believe in Allah Almighty as the Lord of the whole creation, as Creator, he will ask which thing carries and leads him to the land of Paradise, the land of blessings. Because man is doing so many things, so many works through his life from goodness and badness, and then he is asking which work is the work of blessed people, and which work is satanic work?

When you are asking about the works of blessed people you are touching prophets. Your belief reaches to the prophets, and when you are asking what was their works, then you can understand what they did for their works and how they were calling people to do their best for reaching the holy land of Paradise. That is the safe way. I was in England and I was surprised the first time when I saw a big supermarket, its name: Safeway. I was thinking: 'Perhaps it is an advertisement for people to come through Churches and religious people make this.' I thought it is an advertisement from religious centres, calling people to the safe way. Then I understood that it is for a market, it is a supermarket's name. Calling people, Safeway, and people go there, because very good name. I am sorry to say that people in the 21st century don't ask safe way. How they can ask? They are drunk people. Is it possible for a drunken person to ask safe way and by himself he fell in an unsafe way? How he can ask safe way?

People live on earth and everything, every means of blessings Allah Almighty granted to us, but we are drunk people mostly. The whole population on earth is drunk, not asking the means of a safe way, to reach to the safe way, because they are drunk and falling in an unsafe valley of cursed land. La haula wa la quwatta illa bi-llah. Their lives beginning here also to be the life of cursed land people. All unbelievers, all people who don't ask cursed or blessed land, are in fire now, and their fire is not like ordinary fire. Flames through their hearts burning them.

You think the President of Amerika feels himself in a blessed land? You think in Germany Chancelor Schroeder thinks that he is in a blessed land? Or that Turkey's President claims to be in a blessed land? The King of Saudi country, you think he is feeling that he is living in a blessed land through his palaces? Palestine, Russia, China or Japan? Which country's top people who claim that everything is under their control and about who people think that they are on the top point of happiness ad pleasure- ask them if they are in a blessed land, if where they live is a piece of blessed land? Never. Italia, Switzerland, East and West? No. Common people think that everything is for these people, that they must be so happy. But ask them, no one is going to say: 'We are on a holy land.' They never say. Therefore now the people of the whole world are on an unsafe way, leading them to the cursed land. They know that they are now on a cursed land and their ways to Hells.

Allah Almighty is saying and informing in the Holy Quran about those people who never think about the holy and the cursed land, and who say that everything is here and that there is no other life. Allah Almighty is

saying that blessed people on earth from now on are on holy land, because they reached peace through their hearts. They sleep peacefully and live peacefully, because they have been sheltered. Allah Almighty is saying: 'They are in Naim?????through every kind of pleasures, it is for them.' Thinking for common future and their hearts are going to fill with happiness and blessings and they say: 'When am I going to reach the blessed land, o my Lord?' They are so happy.

But who is not asking about the cursed land, never interesting in it, they are from now on falling in depthless sufferings and fear, unrest and discomfort, and no hope for them. They say: 'Tomorrow is going to be worse and after tomorrow worst', and they are going to melt physically and spiritually, finishing and vanishing. And that is their choice. They chose it and they have been given. Who choses the holy land and blessings follows the steps of blessed people and should reach. And he may smell and feel the blessings of Paradise, and day by day is going to come an opening and coming also a new breathing from the holy land of Paradises. Not coming any dark day, but going to come to them good tidings.

O people, this is important. You make your decision. You have been created and granted something through your heart to know that and to use your mentality and to choose one of two lands. These few words are enough for all mankind. It is a short association, just taken from the essence of the holy Books, that is granted to a weakest servant to speak on it. If people accept, their lives are going to be blessed and their end is a blessed end eternally. If not taking care on it, asking to continue on their unblessed and cursed way, they should reach to Hells and fire is burning on earth, day by day getting more and more and the situation worse and worse. Everyone is going to die, everyone must pass from this life. But don't think everyone is going to the same place, no. Everyone you see taken by undertakers to the cemeteries, but don't think their graves are same. When they close the tomb, an opening is coming for blessed people to the holy land, and for cursed people opening the entrance and the way to the cursed land. But we are burying all and think it is okay, that when they are buried they are all same. No, they are not going to be same.

May Allah forgive me and bless you. I was tired, but Alhamdulillah just came something to speak. They granted to you something and it is not only for you, but I am addressing all mankind. If people ask their happiness, pleasure and pleasement, they should take care through this advice. Or everyone is going to carry his responsibility for himself. We are here. Even we are living together, but everyone is alone. Don't be cheated that you live with people. Even it is crowded, but you are alone, and everyone should be taken alone,

lonely. Everyone is going to be buried in his grave alone, he should be alone. Everyone in his own is alone. Try that may be sent to you from heavenly beings, not to leave you lonely, when you leave this life. And that is for blessed land people; coming blessed beings from Heavens to be with him or with her. If a person is dying, everyone is asking to escape from him. Then he feels his loneliness, and Allah Almighty sends to that blessed servant from His blessed land beings to be with that one, not to leave him alone, but to be with him or her forever.

May Allah send us some miraculous servants to save us from unsafe ways to the safe way towards the blessed land for the honour of His most honoured servant S.Muhammad sws.
Lefke - 17.02.2002

## To Be Blessed with Heavenly Amber

Dastoor yaa Sayyidee, madad. (Mawlana Shaykh stands) Subhaan Allah. Sultan Allah. Subhaan Allah. Sultan Allah. Subhaan Allah. Sultan Allah. Rabbuna wa rabbu 'l-`Alameen thumma 's-salaatu wa 's-salaamu `alaa Sayyidi 'l-Awwaleen wa ’l-Akhireen, Sayyidina Muhammadi wa `alaa aalihi wa saahbihi wa man tabi`ahum. Rabbana taqabal minna. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

Thumma salaam `ala Qutb az-Zamaan, Saahib az-Zamaan, Qutb al-Mutassarif; we are asking for your holy support to fight against Shaytan and its followers. They are so many but it doesn't matter. We have a saying, "If there are one-hundred crows, as soon as a falcon attacks them, they all disappear quickly."

O Believers! Believe in holy knowledge which is a grant from the Lord of Heavens. You should fear only from your Lord, Allah Almighty (swt). (Mawlana Shaykh stands and sits) Yes, it doesn't matter, maybe Shaytan and its' followers are all over the east and west, from north to south, but if one falcon attacks them, no one will be able to stand before it. Therefore, try to be a falcon, not a crow. Don't say, "All the people are doing this and that, so I should also be one of them!" No! It is not a true mentality, that mentality is wrong.

O People! We must try as it is important to have a good mentality. We must ask, "Where we can reach a true

mentality?" Amber incense is very expensive because it may only be used by kings or sultans, yes. One kind of amber is found in great plains or deserts, where some deer have that very special amber. There is also a kind of fish, only some people are able to find it, and take the amber from these fish, but it is very difficult to hunt under the oceans and seas. And people are asking to have such a special thing that gives them extraordinary powers, that awakens them physically and mentally. People spend years and months searching for amber, because it has a speciality. Man is eager to find it, because sultans and kings like it, and they will get a big reward from sultans for that amber.

O our Attenders! Give your attention, don't come here and let your attention wander, or you can't take any benefit. You may take the smallest ikraam, reward, from Allah Almighty, but why you are not asking for more amber? Understand that this amber is so important that even sultans and kings are eager to have it because it has such a special quality that gives benefit to people, what ordinary ones can't reach. Therefore, they are running after it.

O our Attenders! We are sitting here daily and trying to follow the ways of the prophets and the Seal of Prophets (s). In order to follow and imitate them, we are sitting here. The reality that comes through heavenly messengers is of heavenly value. It is a heavenly valuable matter, something that you can find only in the association of the sultans and kings. They are using it, yes. But you are running after such cheap things that are for cheating people; a kidhib, lie. They want to cheat people to take money or some benefit from them. Therefore, there are so many people who are cheats, in east and west, hundreds and thousands of such associations. You may go there, and you are asking to learn something, or to find, or to have that valuable one. But now, real ones have disappeared, they are under heavy protection. That valuable, real amber can only be found in the treasuries of sultans, it is not like tomato paste which you can find everywhere! They are not tomatoes. Amber is not a thing which is easily available. No, it is under the protection of the kings' and sultans' treasure chests, storing it like gold.

O no-mind Attenders! This is a preface because you are not giving your attention. Your attention is only on tomato paste; you are running after tomato paste and not asking for amber paste. Bad tidings for you, because you are wasting your very valuable life running after tomato paste, not interested in heavenly paste or amber. Make yourself so simple ones, bring your high honor and come down. You are not asking about what the prophets brought, heavenly matters. Mashaa-Allah, you are saying, "We are so intelligent!" So

intelligent that you should be in a mental house where you can teach foolish people what amber is and what tomato paste is.

O our Attenders! You are so clever! I thought I was clever, but you are much more clever than me, but you are not understanding about this life. So many realities are coming through special and chosen ones, but you are thinking that prophecy is like the philosophers' level. Astaghfirullah, I am asking for forgiveness. Now 21st century people think they are on the level of philosophy, and that there is no other understanding. Philosophers are cheating you, saying, "This is real amber!" but in reality it is tomato paste. If it was not like this you would hear what we are saying, that the whole world's level is ignorant; there is no taste, there is no understanding for them. They think that what we are speaking here can be found in a flea market. Go and take from there! Anbiyaa and the Seal of Prophets (s) brought real amber from Heaven (Mawlana Shaykh stands and sits) Prophets are bringing heavenly amber. But those who are on the level of zoos are thinking it is an ordinary plant. Come and take what the prophets brought!

O Salafi `ulamas! Where are you? Why are you not making clear to people about heavenly amber brought by the prophets? Make people run after prophets' jewels from Heaven. Why are you not making clear what the prophets brought? Make it clear what prophets bring. What are they bringing? You say in your private meetings, "O Your Highness! Your Majesty! I just found such an amber that if you use it, you will never sleep for one week!" That is earthly amber, but if you are saying, "O Your Highness! We have such an extraordinary amber which gives you power physically and spiritually!" why are you not interested? Why are you not saying this, Salafi `ulamas? Leave Wahhabi `ulamas; understanding has been taken away from them. Their level of understanding is of animals; they are happy to be members of animals' world. Now people like to be members of animals' world. You can find perhaps a handful people who are trying to reach the level of real ones, realities, to reach heavenly amber. But common people are asking to reach animals' level and imitated amber.

We are living in the 21st century, but are not understanding that the 21st century's level is equal to the animals' world; there is no difference. Therefore, they are not running after real amber, and our `ulamas are not bringing real amber. "Where did you find that real amber, O Shaykh?" Look in your books at what the prophets are bringing; you can find it there. Run towards that and you can find it. But you are not running after that. Instead you are running after Shaytan's amber, everything from Shaytan's stores. The precious

amber that the prophets brought is very important, but Shaytan tells them, "Don’t believe that! Our amber is so good for you."

Yes, tomorrow is going to be Friday, yawm ul-Jumu`ah. Through khutbat ul-Jumu`ah, you must declare, "O People! There are two kinds of amber: one of them is earthly and the other one heavenly. You may find earthly amber everywhere! It is so easy and cheap, but if you are asking for heavenly amber, you must prepare yourself for getting up and going to heavenly stores of real amber. Those who use heavenly amber have such a good smell that you will know he is taking from heavenly amber and your heart will be connected to that one. The Wahabi-level people never understand about amber and its' levels. Their faces are full of hatred.

O People! Run and ask for real amber! Find out who is bringing it, who is selling it, who is using it, and how it is to be used. You must have such education centers to teach people about real amber and its benefits. Do you have such centers in Saudi Arabia, in Baghdad, in Sham or Egypt? Have you heard of such centers? Are you ever looking for such a center that is giving real amber to people, or teaching how they can reach real amber, and from whom?

May Allah forgive us and give us a good understanding. May Allah forgive you and bless you, and grant you to do your best to reach the people of heavenly amber, to be happy! May He send us one who shows us where we can find heavenly amber, to be happy here and Hereafter. Astaghfirullah, tubtoo il-Allah.

Fatihah.

(38 minutes) (722 people)

Our attenders are getting clever, mashaa-Allah. Alhamdulillah Rabbee, shukr.

(Mawlana Shaykh prays two raka`ats Salat ash-Shukr)

## Blessings

We ask for His Blessings. It gives us light, takes sadness away, gives refreshment, enjoyment, contentment and satisfaction to our hearts. Without His Blessings that is impossible. This is why you should ask at every occasions for His Blessings to make you happy and in peace. If blessings come on you, your dreams will also be pleasant. If not, they will be full of wolves, snakes, dragons and bad things. It is important to be said that all prophets came to advise mankind and to put them on the right way. Mostly people are running in the wrong direction and finally this will make them repent. Like on the motor way there are no U-turns. You have to wait until you come to an exit. On the motor way you may lose half an hour, but what about your life? You are only given one chance.

**BLESSINGS AND SAFETY for "ASSALAMU ALAIKUM"**

Audhu bi-llahi mina Shaitan rajim, Bismillair Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Adhim.

Assalamu Alaikum. It is a very holy sign of Islam to say Assalamu Alaikum. As much as you say Assalamu Alaikum, tanzilu-l Rahma, blessings come on people. Therefore always do it. Assalamu Alaikum. The Lord of heavens is answering and saying, "I am As-Salam". If I am sending my salaam and you are asking salaams for each other I am sending mercy and blessings on you. No other word or expression can have the same blessings as that of Salaams. For example, a person may say "Good Morning, "Bon Jour, Bon Bonido, Guten Morgen or Guten Tag," but non of these expressions can be as the greeting of Assalam. People are forgetting this and are using the expressions and greetings used by the non Muslims. But it is not the same as saying "Assalamu Alaikum". When you say "Assalamu Alaikum", Allah Almighty gives to your physical being refreshment and it also feeds your souls and your spirituality. This comes from hearts to hearts through those holy words "Assalamu Alaikum" and as I said it will give to you refreashment, pleasure and also safety.

"Assalamu Alaikum," also protects you from every bad thing which might reach you. It will be a shelter for yourself both here and in the hereafter. But sad to say people have lost it now. Therefore instead of blessings, cursings are coming on to people now. This is why Shaitan is urging people to refuse these holy words. Yes, and Holy Words are words that have come from the Heavens. They have a power and refreshment and they are and they have life, but Shaitan is asking mankind not to be in refreshment and in pleasure. Pleasure comes from heavens and not from earth.

Pleasure that's comes from the earth are like that of the animals who take from the earth for eating and drinking and other material reasons. These never give you pleasure as pleasure comes from the Heavens. People have lost this now. The people of today are asking for pleasure which is earthly. From east to west, Shaitan is busy making these pleasure centers which enables people to take pleasure from eating, drinking and from sex. But this is not real pleasure because these pleasures are in limits. You can only taste this for a short period of time. Then this is cut off from you.

For example if I give you honey in the quantity of one spoonful, you will say, "it is ok, thank you sir, danke." Then I will say, "please take one more spoon." You may take that also and then I will go on to say, "please take one more spoon for your pleasure, and if you say, "this spoon is too small, I shall bring a soup spoon for you". And you will say, "that soup spoon is too much for me". But I will say, "no, no, no. Very good. This is sweet honey, so sweet, it is not even artificial honey, it is natural, therefore you must eat". Then you scream at me, "enough! but I can't." But I'll say, "you must be drunk because you liked this so much before, yes you liked it too much, therefore I am trying to make you happy and for you to be in pleasure by giving you more." But he says to me, "enough, I cannot take any more." This is like the method of Shaitan. Shaitan is creating so many types of dirty centers for people to take pleasure in and to enjoy and to be pleased. But like I said before the first night is okay. Then the second night it becomes less of a pleasure and then on the third night it becomes even less than the second night and so on and so forth until finally they are saying, "we are fed up with this place, therefore we must look whether there is another center, yes we must change our atmosphere."

In this manner they are going from one place to another until they begin to say, "we want to now go to other countries where it might be much more pleasurable for us." These pleasures belong to our physical beings and finally at the end it is going to finish. But real pleasures come from the Heavens. Do you think that a person can be fed up of praying. No. This cannot be. A person may pray five times a day and still

he will find pleasure going through his soul. It is real pleasure coming from the heavens. But still people are behaving like animals and they do not taste anything except barley and green grass. They do not ask for the soul's pleasure. They run only after physical pleasure, and this gets lesser day by day and finally comes to a point that no pleasure is given to the body at all because the body has stopped responding and answering anymore. It is like the doctors saying, "we will give you medicine, please take it, and if it doesn't answer we will change it for you." In this manner everything that they are advertising today for your physical pleasure is making people think that they bring another new type of physical enjoyment. But this is not real pleasure as these things belong to our physical beings and the physical bodies are within limits and if you give it more of this material enjoyment it is going to become restless and unrest becomes their portion. They then say, "enough, enough I cannot take much more of this."

On the other hand the one who is asking for heavenly pleasures and who has tasted it is never going to say that he is fed up. No. A person may pray five times a day but you will never hear him say that he is fed up. The more the person prays the more is the confidence, refreshment and pleasure that he get through his soul. He will never say, "I am fed up with praying. No." A person may get up for praying during the night time when others are busy sleeping. He makes ablution and comes to pray but you will never hear this person saying, "I am fed up tonight and therefore I am not going to wake up to pray." Even if he intends to do this when the time for the night prayer is approaching- Subhanallah, it becomes impossible for that person to sleep and he says, "I must get up."

But the people of today are following satanic teachings and these teachings finally take them to drugs and other poisons because when the material and physical being comes to the point of zero it gives no more tasting for eating for drinking and for sex. When this happens Shaitan says, "now we must take you into another atmosphere that you will be happy in. You should be very happy in this new place. In this place

you will find never ending pleasure." When Shaitan has finished with his games that person also finishes physically and also spiritually he becomes empty. In this way the people of the present time are being constantly cheated by Shaitan. They are cheated by these teachings but still insist on following these satanic ways. They do not take the time to look at the direction of their souls. They say, "no, we are very happy with our material being and material enjoyment is enough for us." They begin to prepare for this during their youth and they run on it up to the end.

All the troubles that the world faces today is because of the satanic teachings that they follow asking for their enjoyment. They think that they have been only created to enjoy themselves, to play and to run after the physical and material aspects and in this way they enter into the wrong way. If they do not stop this, they will fall down. People are so foolish now.

Today people are so afraid of bird flu. They say, "that virus is terrible." They are only concentrating on this bird flu and millions of youngsters today are falling into dangerous situations. They are not being advised on this. People never seem to care about this and they are now opening even more pleasure centers and inviting the youngsters to come there. These youngsters are the customers of these pleasure centers and they are being milked like cows and the owners of these places are the ones milking them. They do not think of the future of these youngsters. Even the governments are not taking any care to prevent these youngsters from destroying themselves as the leaders in government are the representatives of Shaitan and are working for him. They give freedom to youngsters to do as they like. This is a very wrong thing to do, but still they are doing this and they tell their youngsters, "you are free and you may do anything." They are also saying to them, "you must not take care of heavenly orders or commands, instead just run after your egos and your egoistic pleasures." Nothing else. They never take care of their youngsters.

It is a sign of the Last Days that they are making people not to believe in Heavenly Ways. They don't want to hear anything from Holy Books. However there are

countless TV centers and internet centers but no one is approaching the most important aspect in life. This is like a roundabout going around and around. If mankind do not use their minds to ask for blessings from their Lord by saying "Assalamu Alaikum", then instead of blessings cursing shall come. The world is today under heavenly cursing. Even the ants are cursing mankind because a fire might even come on them because of mankind and burn them. They are also cursing those people who are following Shaitan and not saying, "Assalamu Alaikum."

Oh people, use our minds to understand and don't be always drunk. Leave the drinks that make you drunk and use heavenly advices and follow the ways of the Prophets, particularly the last Prophet Seyyadina Muhammed (sal) so that it will be able to carry people and lead them on to paradise. Keep His commands and keep His advice if you like to live with honour both here and in the hereafter. If not, even if you were to repent in your last moments it may not give any benefit to you. May Allah forgive us. Assalamu Alaikum, Assalamu Alaikum, Assalamu Alaikum, ya 'ibadullahi salihin!

When a peoples intentions are good, blessings come on them. But if they change their intentions to badness then cursings shall reached to them. May Allah forgive you and bless you for the honour of the most honoured one in His Divine Presence, Seyyadina Muhammed (sal). Fathiha.

**Blessings of Dhul Qa'dah**

(Mawlana Shaykh stands)

Dastoor ya Sayyidee. Allahu akbar, Allahu akbar, Allahu akbar, La ilaaha illa-Llah, Allahu akbar, Allahu akbar wa lillahi ‘l-hamd. You are our Lord! You are our Creator! O our Lord, we are beginning by giving the most honor and glory that we can give to Your real deputy through all of Creation, Sayyidina Muhammad (s). O our Lord, You are One and You have One real deputy. He is Sayyidina Muhammad (s). You have mentioned on the Holy Throne la ilaaha illa-Llah Muhammadun Rasoolullah (s). When la ilaaha illa-Llah is written or wherever it is written, in front of it must be written also that holy name of the Seal of Prophets, Sayyidina Muhammad (s.) We have said we are witnesses and are giving our oath to You that we are accepting You as our Lord, and Your representative, Sayyidina Muhammad (s).

Shukr, shukr, shukr, O our Lord, endless shukr for You. Please forgive us for the honor of the most honored one in the Divine Presence, Sayyidina Muhammad (s). F’aktub shahaadatak indak, write our names, as we are witnesses that You are only our Lord and Your representative is Sayyidina Muhammad (s). We are saying la ilaaha illa-Llah Muhammadun Rasoolullah (s)! That is our oath! Inshaa-Allah we are not going to change. O our master, master of our dunya; the authorized one for looking after everything on this globe, on this planet. He is responsible.

(Mawlana Shaykh sits.)

You must believe that every creature has a responsibility. Without responsibility nothing is coming into existence, because Allah Almighty is never making something useless. Everything was created with its responsibility; even an atom cannot be by itself. It is going to be incomplete, to stand up by itself is impossible. Who is in existence by himself? Only Allah (swt). Therefore, you can't say an atom is in existence by itself: impossible. It must be created and must be controlled and must know what it has been created for. Nothing is created without a wisdom or a necessity; you can't say that as it means you are making shirk.

The Lord of Heavens, the Creator, is only One. La yashbahoo shay, nothing can be like our Lord. Real existence is for Him Almighty and everyone's existence is through His order to say, "Be," and it is coming, appearing in existence, created.

O People! It is a Friday night, a more honored night through the week. Therefore, something is coming now which is not going to be like other addressings. The spirituality that is granted for Friday night is something else from the other days of the week. Laylatul Jum`uah, He created and honored this night. Therefore, O People, take care of Friday night and don't make it similar to other nights. Tajalli aazam (great manifestation)! When Heavenly appearance coming on Earth, the night of Jumu'ah is something else, covering honors and lights of seven days, and coming tonight. We are now in the holy month Dhul Qa`dah, which has been honored amongst others. Also, the Friday nights of this holy month are loaded with spiritual powers and heavenly treasures.

Therefore, O people, listen! Listen! I am trying to listen also. We must try to know where we are, where is our existence and what is our position through such a holy month, holy night of Friday of Dhul Qa`dah , night of Jumu'ah, Laylat ul-Jumu'ah. Allahu akbar! Everyone is created with responsibility. Everything has a different responsibility; one can't be the same as the second one. You may say hydrogen atoms are all the same; that is your understanding. but fawqa kulli `ilm `ilman `aleem, "Above every level of knowledge is another level of knowledge," much wider, much more brightened and enlightened, much more granted of responsibility and particularity. This night of Dhul Qa`dah. Allahu akbar!

The important thing is that our master is asking everyone to understand something, giving real knowledge

from endless Dominion Oceans of the Lord of Divine Levels, the Divine Presence. Allahu akbar, Allahu akbar. It is impossible to give, to understand and to say something for His greatness. We can only say Allahu akbar!

O People! Tonight's main point is for everyone to know that they have a responsibility. That responsibility is not from one to another one, given something for dunya. A prime minister is responsible, a president has a responsibility, but this is something that people are giving to each other on this planet. You must know, O Man, that you have been appointed to be your Lord's deputy and are the most honored one through creation. That is not the responsibility of prime ministers, kings, queens, presidents, generals or field marshals. Every responsibility that one person gives to another one is rubbish, because when that person is passing away he is going to be more than rubbish! Rubbish you may throw away. But the rubbish of Mankind who are not understanding their responsibilities, living without taking care, they are going to be more than rubbish, a carcass. Soon a bad smell coming from them and they are putting that bad-smelling body quickly in a coffin and burying it.

O our listeners, as-salaamu ` alaykum! You must give something for understanding. When you are listening to such words that are supported by heavenly ones, you must try to listen much more carefully. Once upon a time I was zero kilometers when I was coming from the womb of my mother, but days, weeks, months, years ran by, then I was not zero kilometers and I was getting old like an old car. O People! Take care to know something. Enough that you are fighting for a carcass. Everyone is running to reach more carcasses from dunya. No meaning! You must try to understand your mission in this world and in this life. That is high speed flying to holy Heavens. Think on it. Those thinking only about carcasses in this world are coming down.

Allah Allah, Allah Allah, Allah Allah, Allah Allah.

Sayyidina `Ibrahim (a) was calling Nimrod, "Come and believe you have a Creator; don't say 'I am your lord.' You are a creature and no more! The whole world is laying down under the mighty Power Oceans of the Lord of Heavens. Come and say la ilaaha illa-Llah Muhammadun Rasoolullah (s). If any prophet is not saying la ilaaha illa-Llah Muhammadun Rasoolullah, he can never be granted to be a prophet. Sayyidina `Ibrahim (a) was saying to Nimrod, "Come and say la ilaaha illa-Llah, Rabbul arshi'l-adheem, Sayyidina Muhammad (s) is His deputy. Believe in him!" And Nimrod was surprised, saying, "I never heard such a thing, only from you. Our idols making me god of this planet and you are speaking to me of a God that His sultanate, His kingdom

is in the heavens. I shall try!" According to the science of that time, his grand wazir Haman said to him, "I may make an instrument so that you can try to reach the Lord of Heavens. Look if anyone is there or not." He made a simple chair and bound to its four corners the biggest falcons. One, two, three, four. Those four big birds were left hungry for many days then Haman made four pillars and bound the carcasses, here and there. Then he said, "I am coming with you also and we shall try to get up." Nimrod and Haman sat in the chair and put the carcass up to lure the four hungry eagles who, smelling the carcass, began to go up higher and higher. Nimrod said, "What you are looking at, Haman?" The world is going to be like a small city. They reached there. "We reached now, our territory below and His territory up. Cast your arrow," and the arrow went up and struck a fish which the angels brought from Dominions Oceans. Blood fell into the chair and Haman said, "Now we have reached and finished, we are winners. Our arrow reached that One and came back with blood on it and now we may go down. They directed the birds down using the carcass, and came down. This is a story mentioned through holy books and the holy ones are knowing this. Nimrod and Haman were thinking, "We have just finished Ibrahim's God, now heavens and below is all our territory." Therefore, Allah Almighty did not give fish blood and never cut its head because it volunteered for cheating Nimrod to come there. Subhanallah!

People are of two kinds, some asking to reach up, up, up, but mostly people are asking to come down, down, down. All of the world running for what? To take the carcass of the Earth. Only a few asking to get up. They are like those half-eagles (buzzards) asking to eat carcass. Dunya is full with carcasses and everyone is running to take something from it. As much as they are taking, they are going to be unhappy because they can't finish it. But people are running and they are not asking to go up. Whoever has strong imaan their faith making them up, and those who lost their beliefs in front of the Lord of Heavens are coming down to eat the carcass.

O People! You are looking at what is happening in our times. People are killing themselves and asking to reach more carcasses. You are not finishing carcasses. Mankind is living on this planet for 7,000 years and we are reaching the seventh step. We are Believers.

Each morning after Fajr prayers, the Seal of Prophets, the most honored one, Sayyidina Muhammad (s) was asking, "Anyone has a good dream? Say it to make my nation happy." One day he asked the Sahaaba (r), his holy companions, "Anyone has a dream to make me and also my companions happy?" One saying, "Yes, O

Seal of Prophets, your Lord's most beloved one." "What is your dream? Say it so all your friends, my beloved companions, may hear."

When the Prophet was saying, "my beloved companions," do you think Sayyidina Abu Bakr (q) was there? Sayyidina `Umar (r) was there or absent? Say! Whoever is not happy with Sayyidina Abu Bakr (q) and Sayyidina `Umar (r), what is the reason? The Prophet (s) was asking, "Say, to make my companions happy." The Prophet (s) was accepting them to be his companions or not? How are some people attacking on them and swearing at them? It is no good. I may say only this and I am sending what they are doing to the divine presence of Sayyidina Mahdi (a). I may do that; it is easy for me! I am sending and asking what should be their punishments, and Sayyidina Mahdi (a) making like this (Mawlana gestures admonishment with his forefinger) and he (a) answers, "When I am coming, I am making judgment. We know; don't be worried," they are saying.

The Sahabi (r) said, "I dreamt that I am in a green field and I looked and saw that a mimbar was brought and put in the middle of that green field. Then, yaa Rasulullah, I saw that you came and climbed on the stairs of the minbar. You stepped on the first, second, third, fourth, fifth, sixth and seventh; you tried up to seven steps."

I shall ask Wahabi imaams and scholars and Salafi people, where they are getting this from and why they are not climbing more than three steps (on the minbar). It is wrong; they are wrong! As many steps as they were putting, the Prophet (s) was climbing them to make people look at him and to hear from him. That was wisdom. But those people, no wisdom with them! Why three steps for the Prophet (s), but 300 steps for your people making skyscapers? High buildings, how many stairs? How you are getting up? If the Prophet (s) was not getting more than three, how you are getting up to be more than Ka`aba Mu`azzam? Say to me! I shall ask you in the Divine Presence also!

The Sahabi (r) said, "Then you, O most beloved one, were getting up to the seventh step and you were sitting." The Prophet (s) said, "Yes, your dream was real. That means umr 'd-dunya, life on this world is 7,000 years and I am the Seal of Prophets, the Last One. I am coming at the beginning of the seventh thousand. Now we are in it and are looking to just pass 7,000 and beginning. After we are going through 7,000 and that means I am the Last One and the life on this planet going to finish on my time."

O People! We are believing in holy knowledge of the holy ones. They are reaching to the Seal of Prophets (s) and taking real knowledge from him. O People! We are reaching the end of dunya. Don't think that by destroying old buildings and making towers around Ka'aba, you are building a new world. No, can't be!

O People! Listen! This is something for this holy night and the honor of Shaykh Adnan Effendi. No one is knowing his level. We are knowing but we can't say, therefore, for his honor we are reaching something from his heart. I am nothing. I am asking forgiveness from my Lord, asking something from my Lord, Allah Almighty and His most beloved one's intercession.

Dome dome dome dome
Allah Allah, Allah Allah.
Dome dome dome dome
Allah Allah, Allah Allah.
Dome dome dome dome
SubhaanAllah
Dome dome dome dome
Dome dome dome dome
Allah Allah, Allah Allah, SubhaanAllah jalla jalaaluhu

Fatihah. Ya Rabbee sen bilirsen.

(55 minutes) For the honor of Shaykh Adnan Effendi I am not passing more than 45 minutes, (but added) ten minutes for his honor!

Allah, Allah.

## The Blessings of the Land of Sham

A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. La hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Azheem.

We don't know anything except what our honorable masters have taught us. We cannot claim that our Lord taught us anything. This station is only for prophets, particularly for the Master of the earlier and later creations (s). Allahu Akbar! Allahu Akbar! We are saying Bismillahi 'r-Rahmaani 'r-Raheem, so that our meeting would be enveloped with the blessings of the people of Allah Almighty.

Our beloved ones have come for a visit to this country in which, Umm Hiram bint Milhan (Hala Sultan), is buried; may Allah be pleased with her and grant her satisfaction. Her presence is a source of blessing here. Despite the sea (barrier), the blessings of Sham is also reaching this island. With Allah's care, no bridge is required to connect us to Sham. No, the blessings can still reach us.

Grandshaykh (q) used to say that Allah Almighty says that the heart of Sham is within the borders of Sham. You can detect the heart of Sham by looking in the morning, at the outskirt corners of Sham from the top of the Umayyad Mosque minaret. The heart of Sham is where the extent of your vision can reach.

This is what is mentioned in the noble Prophetic Traditions, that:

ash-shaam kinaanatee, aja`al feehaa khiyaar `ibaadee,

Sham is my sheath; I put in it the best of My servants.

Such merits of Sham had also been mentioned in previous books.

It was also mentioned that Ka`ab al-Ahbar (r) did not proclaim his Islam during the time of Prophet Muhammad (s), nor during the period of Abu Bakr's (r) (caliphate). However, during the caliphate rule of the Prince of Believers, `Umar ibn al-Khattab (r), (the latter) once asked, "O Ka`ab, you have witnessed the time of the best of all creations, Prophet of Allah (s). You are better and more privileged than me, but why did you not declare yourself to be a Muslim until now?" Ka`ab replied, "O khalifah of Allah's Messenger! I was observing, waiting and monitoring all the signs which should come with the Prophet of the end times. I have witnessed all of them, except for the last two signs, when two of the Prophet's wazirs, ministers become his nation's deputies, after him. I was waiting to see these last signs after having witnessed all the other signs of his prophethood. As soon as I witnessed (Abu Bakr [r] and `Umar [r] becoming his deputies), I declared my Islam."

This was Ka`ab al-Ahbar (r). He used to say, as also mentioned in previous books, that Allah (swt) says, "I have made the land of Sham a treasure trove where My servants dwell." Sham is a blessing, mashaa-Allah. Where your vision reaches while looking from the top of the eastern minaret of the Umayyad Mosque, that is where the heart of Sham can be found. You can reach all four sides of Sham's borders within six days travel by camel. We ask Allah to grant us one part of Sham's blessings, for the sake of the barakah of the presence of the female Companion (r) of the Messenger of Allah (s).

Now Jordan is included in the land of Sham. SubhaanAllahi 'l-`Azheem, Glory be to Allah the Almighty! May Allah never cut our appointed lot from the blessings of Sham! They are regarded by the scholars as the people of Maydan and Hamida. Neighboring the capital city of Sham are the people of Shaghur, some of whom fear some from this side, like Abu `Ubayda al-Khayyal, who used to laugh when such things were mentioned.

Now we are going to speak regarding Mustafa. Whoever is called “Mustafa” must be firm, not easy; he must be a rock. He shall be, if Allah wills, the one carrying the flag in the land of Jordan. He has permission from the noble shaykhs to teach people what is necessary for them and I also grant him permission (to teach) whatever also comes from our side. You can make review sessions on any suitable day, in such a way that may not deprive the people from the blessings of the Khatm ul-Khwajagan. Thanks to Allah, I have given him permission to preach to people and attain (...).

Bismillahi 'r-Rahmaani 'r-Raheem. I never heard the Master of the First and Last Creations (s) mentioned the word “tasawwuf.” People, however, have recently created this word. We turn to the Holy Qur’an and to the hadith of Prophet (s). Allah Almighty states in His Cherished Book:

•••••••• •••••••• •••••••••••••••

wa laakin koonoo rabbaniyyeen. But rather, "Be of the Lord” (Surat Aali `Imraan, 3:79)

No one can object to this speech. I cannot say to people there is such a thing as tassawuf, “Sufism,” but there are Rabbaniyeen, “lordly ones.” We seek to follow the path of Rabbaniyeen. One student came to me when perhaps Shaykh Mustafa was not yet born. I saw a young man like him and invited him to come in. He entered and said, “O Shaykh Nazim, I have completed my studies from the University of Damascus.”

I told him, “Congratulations to you.”

He said, “I would like to hear from you even one word that may benefit me.”

SubhaanAllah, he mentioned a Hadeeth Qudsee whereby Allah Almighty says:

yaa `abdee, ati`nee aj`aluka rabbaniyyan taqoolu li shayyin kun fayakoon.

O My Servant! Obey Me; you shall become lordly and you may say to anything “Be!” and it will be.

This means Allah Almighty likes His servants to be Rabbaniyeen, lordly. The key for such an honorable station is obedience to the Lord Almighty; there is nothing else and it is the key to all goodness! Therefore, don't say we make “Sufi meetings,” but rather, give them the title of “Rabbani Ones” or say we are making an effort to become “lordly ones” because the levels of Rabbaniyeen is not one level, but rather countless levels.

Rabbanis are countless and endless servants of Allah Almighty. Good tidings to those who are under the custody of Rabbaniyeen.

Did you understand? Thanks to Allah (swt). We summon people to become lordly and all nations are also invited to become Rabbaniyeen.

•••••••••••••••• •••••••••••••• ••• •••••••••••• •••••••••• •••••• ••••••••• ••••••••• ••••••• ••••• ••••••••• ••••• ••••••••••••

wa rahbaniyyatan ibtada`oohaa maa katabnaahaa `alayhim illa ’btighaa ridwaanAllah fa maa ra-awhaa haqqa ri’aayatiha. But the Monasticism which they invented for themselves, We did not prescribe for them. (We commanded) only the seeking for the good pleasure of Allah, but they did not foster that as they should have done. (Surat al-Hadeed, 57:27)

Asceticism is one way of reaching a Lordly Attribute. They innovated what they named as monasteries. This ayaah means they did not foster asceticism properly. Fa maa ra-awha haqqa ri’aayatihaa, “But they did not foster that as they should have done.” This is a strong response to the sects that do not have a good understanding of the concept of Rabbaniyyah; they developed an innovation regarding it. Bida`, “innovation,” is the term used by friends of devils to hurl accusations at other Muslims. Allah (swt) mentions they innovated Monasticism. This is an innovation from their side. However, there are good and bad innovations, but they have mixed everything altogether.

May Allah forgive us. You see the holy words: wa rahbaniyyatan ibtada`oohaafa maa ra-awhaa haqqa ri’aayatiha, had they fostered it properly, it would have been acceptable by Allah.

Visitor: He is in charge of inspecting preachers in mosques. If he ever comes in contact with Wahhabi imaams, should he argue with them or avoid that ?

Mawlana Shaykh Nazim: No, there should be no dispute in Islam. It is forbidden, but engaging in discussion sessions is acceptable. We don’t have arguments and disputes in our religion. We say, "You have a religion of your own, and we have our own religion." That's it.

Visitor: Bismillahi 'r-Rahmaani 'r-Raheem. Sayyidee, one of the mosque imaams who previously came here and took baya` with you, speaks publicly on the mosque pulpit about some of the instructions you mention

during associations. In his last sermon, he talked about political matters, democracy and the like, so he was captured (by officials). They called me and said he is recognized as one of your Naqshbandi group. I told him that he is Naqshbandi, but Mawlana Shaykh Nazim did not give him permission to speak on the pulpit about what he mentions in his association; there is no permission. The authorities said this person must curb his tongue on issues regarding politics when he stands on the pulpit, so I drew his attention to the fact that if Mawlana Shaykh wished that his instructions be declared on mosque pulpits, he would have mentioned to us to do so.

Mawlana Shaykh Nazim: There is no politics in Islam because politics is impurity.

Visitor: So he must leave it.

Mawlana Shaykh Nazim: What does he want from being defiled by it? He may infect himself, yatajanas, yatanajas.

Visitor: He may become defiled and yatajanas, naturalized (a play on words).

Mawlana Shaykh Nazim: He is highly intelligent, but playing with the minds of people. They have corrupted the minds of Arabs, who got confused by their speeches and left them puzzled about what should be done with the Palestinians, because some of them pull to the right and some to the left, and some shoot off to the far left, and some further back. They are clever, but as long as it is not devilish intelligence, rather if it is a Lordly intelligence, Rabbani, then it is merciful. Some of them are hooked by the devil and become corrupted.

May Allah protect us from the devilish evil and traps from our ego's evil!

Fatihah.

(Mawlana Shaykh Nazim gives baya`.)

May Allah grant you success and may He be pleased with you.

**Blind in This World will Be Blind in the Next**

La ilaha illa-Allah
La ilaha illa-Allah
La ilaha illa-Allah
Muhammad Rasulullah
`alahyhi salaatullah wa salaamuh
As-salaat was-salaamu `alaykum ya sayyidee, ...ya habeeb rabbil-`alameen
Allah Allah,
Beklece bunlar?
Sey yok.

[Shaykh Hisham: Kanoo mahtootun `ala suratik ya sayyidee]

A`udhu billah min ash-Shaytan ir-rajeem
Bismillahi 'r-Rahmani 'r-Raheem
Alhamdulillahi rabbil-`alameen was-salaat was-salaam `ala Sayyidina Muhammad sayyidi'l-awwaleen wa'l-akhireen... wa mustaghfiran lil-mudhnibeen,
As-salaam `alaykum,

Everyone that looking or listening to be under Divinely peace and blessings. Dastoor ya rijaalullah. I am asking heavenly support from holy ones that they are always asking to be with the Lord of Heavens. They are happy to be with Divinely servants. Therefore we may take pure support from those people whom they are asking closely from the lord of heavens. And no one can be able to come closer from the Divine Presence without trying to be closer to the Seal of Prophets, most glorified one in the Divine Present. And no one can

be able to be closer from the Seal of Prophets most glorified servant in the Divine Presence, Sayyidina Muhammad (s). May Allah forgives us for the honor of his most glorified servant most ? servant Sayyidina Muhammad (s).

If they are not asking to be closer from someones whom they are asking only jiwaarun-nabi (s) whom asking to be with seal of Prophets (s) Sayyidina Muhammad (s).

They are running away from dunya leaving dunya and its ladhat, its pleasures. They are wise ones, o people. Wise ones. Who is wise one? Who may be able to make a difference between stone and a ruby. Bothe of them they ar stones but if a person is going to be blind you may give through his hands one ruby and one piece of rock, he never making a difference between ruby and rock piece. Because He is not seeing .

Therefore people now they are on two different ways or different groups. One of them opened eyed. And another ones blind ones. blind person never making any difference a ruby and a piece of stone. Therefore we must look someone who may understand, tameez, difference between real being and imitated being. And everything that we are looking and seeing some of them carrying real being some of them carrying imitated being. And we have been ordered to run after a real being through this life. This life its main target, people to look and to run and to find reality. Reality - that means real being of everything. But I am sorry to say it is a reality now, people running after imitated beings. Or to make it much more clear, there are now so many things just look like a real diamond, but it is not diamond. Looks like a ruby but it is not ruby. Real ruby. But people they are not looking to understand which one is real ones. they are saying “I don’t care.” If you are saying “I don’t care” you are never reaching anything through reality through your whole life and you are coming here blind and going blind. And we have been sent here for an opening. People coming blind. But prophets coming that they are chosen ones, and granted a power over our material power, they have spiritual power. They are calling people to reality. Their whole prophets. And they are real followers also they are real ones whom they are going to reach real rubies, real diamonds, real emeralds, real sapphires, real inci, [pearls].

It is so difficult. It is so difficult to find a true one to show you or to give to you a real one through your whole life. People saying we are only created for eating, drinking and for our sexual pleasures. That is the level of animals. Whom their important only is eating, drinking and their sexual pleasures, their level is the level of animals.

And now we are living 21st century in the 21st century. It is a new calendar but real calendar beginning for mankind from first man, Sayyidina Adam Alayhissalam, the father of mankind. But they are not using that

and they are saying that we are using Christian calendar that we are believing it is beginning from the birth of Jesus Christ. But they are coming through the time that mankind just found on earth and putting a limit from that time we are adding years. It is wrong. You must say the beginning of calendar first man, when he put his feet on earth, that is the first day first month, first year, for real calendar. Who knows the lord knows. And also knowing those people who they have been taught by their Lord, they are knowing the beginning of our real calendar. And others it is for some occasions if they are saying calendar of west. Countries. We have Islamic calendar. We are suing that after beginning of mankind on earth that they are keeping as a beginning or as a new beginning for mankind they are using Islamic calendar. But Islamic calendar just absolutely changed everything. The day of beginning of Islamic calendar. Before what happened it is just closed through the papers of calendars – it is not important for us. We are knowing the first beginning with Adam Alayhissalam and eve, but most important one. Adam Alayhissalam was the first man and first prophet. Then Allah Almighty sending to mankind. And Sayyidina Muhammad (s) peace be upon him, he is the last one that has been sent through heavens to mankind on earth so that first man was the first prophet and coming after him hundreds and thousands of prophets, but the last halqa [chain] chain, is going to finish with Sayyidina Muhammad (s). therefore the beginning of the Islamic calendar, signing that the day of resurrection is just reaching and you must add the years to that to be prepared for the Judgment Day.

Yes, the seal of prophets his chain reaching and completing circle of prophets.

Now we are saying that through this calendar, that west. Countries or whole world using it, signing that the Judgment Day just approaching. And Islamic Calendar that based on a base it is not a imagination. It is a reality. A reality.

Reality. With the Seal of Prophets (s). And everything now you may use for balancing every happening you may balance with the Islamic calendar. And Islamic calendar now, as the Prophet (s) informed that it is going to be 1500 years. Now we are reaching 1430. One-thousand four hundred and thirty.

Giving a real knowledge about reality of this life on this planet. People – what they are doing now? They never interesting in anything beyond their material beings. They are leaving and finally coming to be dust. Taking nothing. Learning nothing. Finishing. But the lord of heavens, just sent us to know something about our lives; something about destination of mankind. That is important. But people never interesting about their destinations. Only saying they are born and finally we are going to be dust. No. it is not a true knowledge – never!

It is such a kimetsiz, no value, thought or idea. Don’t use your idea, "O people who they are living on earth

now, because your ideas, as much as you can find man on earth you can find different ideas. They are not following different ideas but we are following reality that coming from heavens to chosen people among mankind through holy books. You must look after that, but I am sorry to say that no one interesting through holy books that had been sent from heavens and particularly the seal of prophets just granted the last message, the last heavenly message. Everyone know that there is heavenly messages. I am asking them: if you are believing in heavenly messages what you are doing? Are you following heavenly messages? Never! But you are leaving heavenly messages and inventing so many wasikh, dirty ideas, saying that is ... theory. Theory. We are not running after theories. Whole theories are of no value because you may bring a theory and after a while another person bringing another theory and destroying your theory.

Golden is always golden. Tin is always tin. Copper always copper. Sliver always silver, gold always gold. Diamond is always diamond. But people they are not looking. People thinking that with their theories they can do something they may collect hearts of people.

No , theories perhaps can find some people to follow them, but not forever. Or cannot be for everyone. But heavenly revelations, heavenly messages no one can say this is wrong or this is not true.

Always golden is golden. Therefore people now living people on earth they are on wrong way.

Sahda, muzawar, false ideas. Hundreds, thousands, but can't be able to take people from downstairs to upstairs. Can't be able any idea to save people from a deep well, to take them up.

Because they are hopes like a spider's web. Can't be. You must use heavenly message for saving mankind now. As long as you are running away and asking we may hala, we may bring solution to that crisis. No, no one can bring. Today up to day of resurrection, people's ideas or theories cannot bring a solution for mankind and their problems. First of all Muslim world must learn this and must believe in it. As long as they are not believing and putting that heavenly orders in acting, no solution between Islamic Countries and between their people. That is mot important point.

Therefore we are refusing everything made by man's theories.

We are not believing, no it is impossible.

That is biggest crisis, [problem?] what is now whole world falling in it? [economical crisis] economical crisis and other things. No one can bring a solution through their mindly productions. Never! They may tiring, they may tire but never bringing any solution. Chaos. Chaos. No one can bring. Or no one can bring a peace to people through their physical beings and through their heartly beings. That is most important point that first of all responsibility for Muslim countries that they are claiming "we are Muslims and putting Holy Qur'an up

high and saying we are bringing solutions for every problems of our life." Therefore that troubles and wars and fightings and killings, everything should continue til they are coming and saying tawba Ya Rabbee. Tubna wa raji'na ilayk Ya Rabbee.

Therefore we are need for people to follow someone's that they may look heavenly realities that re mentioned through holy Qur'an. The last message through heavens if they are not doing they should be destroyed. There is no way for them. Every way is just closed. They will not be able to get out. O Muslim countries you must come back to the judgment of your Lord Allah Almighty. Until you are coming and taking a heavenly wasiya, advices you are going to finish and vanishing and you are going to be in troubles here and hereafter. Because to run away from holy Shari`at that is the reason of troubles and troublemakers are well known people. Troublemakers are Shaytan's Shaytanler. Deputies of Shaytan so many deputies of Shaytan. Prophet was saying before Judgment Day should come 30 dirty people. 30 dirty people, making people to lose their real ways and carrying them through mamaalik, through the values of trouble and miseries and every bad thing they should reach fire here because they are leaving real guides of mankind that Allah Almighty promising "O Adam Alayhissalam I am sending to your children someone's with my guidance. Anyone following my guides should be saved. If not they should be falling in fire, here and hereafter." May Allah forgive us.

O people I am nothing. But I am saying that I am calling you to accept reality. Leave to make troubles among yourselves. Come altogether under the flag of the unity of the Lord Almighty and accept his guidance through his guides. Don't say tavukcracy and hypocrisy. Leave that satanic ways and come and join to each other under holy flag of Sayyidina Muhammad (s). May Allah forgive us for the honor of that one. Bi jaahi suratul Fatiha ya rabb.

[Mash-Allah sayyidee, 51 minutes.]

Ok sir.

That is the reason according to command of Allah Almighty, "fa dhakkir - make them O My beloved one, make My servants to remember what I sent to them. That is My order."

According to that order we are doing only very simple words. I am only a weak servant as much as possible, or as much as heavenly support giving to me a chance for reminding you for realities. That is my mission. Nothing else.

Because... I am not asking anything from this life, finished. I am not asking to be a famous person a Shaykh ul-Islam or a king or something, finished. No. I am only a naasih, advisor. Who accepting, welcome. Who not

accepting they know “Laa ikraaha fi'd-deen - We are not forcing anyone to listen or to act.” No. they are free with their free irada, free wills they may do. I am not taking through my hand ...a stick. No! I am only trying to remind people what is necessary for them.

May Allah forgive us for the honor of the most highly honored one in Divine Presence . give all your respect to the one who is reason for the whole creation. [adhan sounds] Allahu Akbar, Allahu Akbar.

[Mawlana stands up out of respect for adhan]

[Masha-Allah sayyidee al-yawm tajalli tamam.]

Our people may pray in mosque.

**THE BLISS AND PLEASURE OF LOVE after the HEAVINESS OF STRUGGLE**

THE STORY OF RABIA AL ADAWIYA'S STRUGGLE

Rabia al Adawiyah is a famous lady in the Muslim world from the time of the tabi'in (The generation immediately following that of the Sahabah or Companions of the Prophet on whom be
peace) upto now; since the thirteenth century she has been a well-known personality in Islam.
She had the honour of being a beloved servant of her Lord, Allah Almighty, and we are honoured to mention her name here and we are asking for her barakah, her blessing, for us also.

Look at those who are asking to be with their Lord; How they were. I am saying this so that when ladies say, 'We are always in the background, men are always upfront' ? no; Allah Almighty gives you honour. Sometimes you may be upfront, also. That is Rabia, may Allah bless her. Every night, from sunset to sunrise, she would pray one thousand rak'ats. Yes, she had pleasure in being with her Lord Almighty always. But we say our prayers quickly, to run away, if we even come to pray. Now in our time more ladies pray than men; if you look, you can find that at this time they are more than men ' double. It is for this reason that the Prophet Muhammad (sal), said that when the time approaches for Qiyamah, the Last Day, you will be able to find more religious people among ladies and more among villagers than city people.

Rabia prayed every night, never becoming tired. The Prophet Muhammad (sal) said, 'My Lord made me love prayer, salat, as I love my eyes.' As he said, 'Prayer is Mihraj (that is, for each individual worshipper, salat, the Islamic prayer, has the significance of an ascension to the Divine Presence similar to the Holy Prophet's ascension to Heaven and to the Presence of his Lord

during his Mihraj) for Allah's servants. He gives them the honour of Mihraj when they pray.' These are such people as understand what honour is, the perfect honour, and perfect pleasure and perfect satisfaction and peace. When a person is with his Lord, he gives his whole life to be with Him. For this reason earlier people (among Christians more than among Jewish people) built monasteries on mountains. For what? To be with their Lord (that was at the beginning; later they enjoyed themselves and fell down). Therefore, the perfection of religions is in Islam and perfect pleasure for mankind is in praying. To the extent that people can pray, can worship, that way is going to open to them.

Rabia would sit in the desert and around her deer were sitting and listening, yes; as a cat comes and sits in front of you, in that way they were listening. They know the good people and also the bad people, and the cruel people as to who they are. She sat reciting the Holy Qur'an and they listened. Don't be surprised that those deer came and listened to Rabia al-Adawiah. Allah Almighty says in the Holy Qur'an that when David (alai) recited the psalms, the mountains and everything on those mountains and the birds would come and listen to his heavenly recitation. In such people there are examples for you, O Sons of Adam, O believers. The path is correct; you can go on it. But we do not go on it; we go after our egos. It is tasteful, going around after our egos!

Of what are we in need? We are in need to be patient. People have lost patience now; therefore they do not come to pray. Praying needs patience; if no patience, you can't pray. You must be patient so that you may pray and you may taste. Without being patient you can't reach that pleasure. Everything is going to be difficult at first, not tasteful, but afterwards it is going to be tasteful.

Hu Rabbi! Rabia al-Adawiyah said, 'At first, when my sheikh gave me the zikr 'Allah Allah Allah Allah Allah Allah Allah' it was so heavy. But I never gave up my wird and my dhikr, as my grandsheikh had ordered me. Allah Almighty sees when you are bearing that difficulty for the sake of the love of your Lord. He opened to my heart from His divine love. I left everything else when that pleasure came. Now no zikr can be tasteful to me except to say 'Allah Allah Allah.' '

What does it mean? 'O my Lord, I like to be with You, to be with You.' But people of no mind are objecting, 'What is dhikr'? Animals do not understand about dhikr. There is a well-known saying, 'The one who does not taste does not know.' The one who tastes it, knows. All of you are mature people except this boy. This boy does not understand what mature people taste; as yet he does not know. Therefore, those people who object to dhikr, to tariqats, are still like a little boy, children yet, not understanding. May Allah make us to know, to taste.

Now people are of two kinds. Some of them reach maturity and taste during this life. The second kind of people do not taste; they go, they die, before maturity. They can't get into the first group. The first kind of people are going to be with their Lord forever because they say, 'O my Lord, I want to be with You.' For this reason we say, 'Allah Allah Allah Allah Allah' or we say, 'La ilaha illallah, la ilaha illallah, la ilaha ill-allah,' and dunya calls us, our nafs calls us, 'Come to us,' and we refuse, saying, 'No! La ilaha illallah, la ilaha illallah. I am asking for no one else.' When we are victorious, we will say, 'Allah Allah Allah,' and everything will say with us, 'Allah Allah Allah,' the whole universe making dhikr. That is sultan adh-dhikr (The repetition of the holy Name 'Allah' is referred to here as the 'King' of dhikrs or litanies of remembrance of Allah Almighty). May Allah give us His dhikr's pleasure.

There was a lady, also, They are telling me to say for the pleasure of our daughters and sisters, Grandsheikh Abdullah's mother's sister-in-law. She was always saying, 'La ilaha ill-Allah. La ilaha Illallah. La ilaha illallah. La ilaha illallah. La ilaha illallah. La ilaha illallah,' and if anyone said something to her, she would say, 'O my son! O my daughter! May Allah also make as tasteful for you as He has made for me this 'La ilaha illallah.' Tasteful, sweet, La ilaha illallah. La ilaha illallah. La ilaha illallah. La ilaha illallah. La ilaha illallah, with the rosary- tasbih (The repetition of Allah's Name, generally using a string of one hundred beads (also called tasbih or subhah) to count or maintain concentration). Even at the time of sleeping, her fingers were moving, never stopping and still she is in her grave like this. May Allah make His dhikr, His remembrance, tasteful for us, also.

**BLOOD-CHARITY OF SHEIKH UL AKBAR for WHICH HE GAVE HIS LIFE**

A COLUMN OF LIGHT FROM THE TOMB TO THE SKY

I heard from our Grandsheikh Abdullah this tale describing the real powers of Awliya. He was speaking of the miracles of Sheikh Muhiyyudin Ibn al Arabi; Esh-Sheikh Al-Akbar. In his books he wrote many predictions for the future. He said: “If ‘sin’ is going into ‘shin’ then will appear the tomb of Sheikh Muhiyyudin.” After he was killed for saying to the people: “The God you worship is under my feet,” many years passed with his burial place in obscurity, until Sultan Selim captured Sham. Selim (initial letter ‘siin’) entered Sham (initial letter ‘shin’) as predicted.

On the first Friday Sultan Selim ordered a bath, and ordered that no one else be permitted inside. He took off his clothes, and was stepping into the bath-dome when he saw someone sitting there. He quickly became angry, “Who is that?” Came the reply, “Oh Sultan, just go and bring soap and a wash-cloth and wash my back.” The Sultan carried out the order, thinking: “This is no ordinary person.” This person asked, “Oh Sultan, do you know who I am?” “For the sake of Allah, tell me, who are you?” replied the Sultan. “I am Muhiyyudin Ibn al Arabi,” said this person. Then the Sultan kissed his hands and feet. The Sheikh then asked the Sultan to find his tomb and build a dome and mosque there. “How can I find the tomb?” asked the Sultan. The Sheikh answered,“Before fajr (the dawn prayer) go up a minaret and look toward Jebel Qasiyun. You will see a column of light reaching to the sky.”

The Sultan carried out this order and sent workers to dig at that spot. They found Sheikh Muhiyyudin intact in his shroud. Then the eldest living person in Sham was

brought to show the spot where he had stepped and said: ”The God you worship is under my feet.” Digging there they found two copper cauldrons filled with gold. It was used to build the mosque, and to provide three meals a day for all fuqara (the poor). He said: “If anyone eats and drinks from my charity, even if he is a hypocrite, he must be changed to real belief in the end.” Now even rich people come on Fridays to drink soup, hoping to reach that reward. The gold was his blood money. He gave his life for that charity.

So many miracles there are for the Awliya (saints)of this Ummah (nation), giving an indication for the proof and power of the Prophet Muhammad (sal). You can’t find Saints now in any religion except Islam. I am ready to meet with anyone; if someone says that there is a Saint with miracles from another religion. I am the weakest in this religion, but I am ready to destroy his miracles with the power of my Grandsheikh. I am saying this to the whole world.

## Bones And Straw

Assalamu alaykum wa Rahmatullahi wa barakatuhu. This assembly is for the friends of Shah Mardan who is Shah of the world. The honour of an assembly comes from the name it is called. Our assembly belongs to Shah Mardan, Habibu r-Rahman Sahibu Ferman, his Excellency, Shah Mardan. There is his holy baraka from east to west well regarded, in the presence of Janabul Haqq. He is the lion of Allah, who is loved by his uncle's son(Habibullah sas). Come to such an assembly! O confused Iranian, O confused Alawi, O fake Shia, O fake alawi, no work of our master Hz Ali(ra) was fake/made up. There was no showing-off in his actions. Never did he oppress or let anyone oppress people.

Alaihi salawatu r-Rahman Shah Mardan Sahibu Dawran, the lion of Allah. Those who choose his way, who love him, for them each day is a new day(beginning). The manifestation of each day is different. Yesterday was in yesterday, today is in today, tomorrow will be in tomorrow. Each day has its own character. For each day, he is responsible to give spiritual power to and advise, the nation of Habibullah. This adds honour to his honour, Shah Mardan, Sahibul Maydan. Habibu r-Rahman Sayyidina Ali Ibn Abi Talibin Radhi Allahu 'anhu alaihi s-Salam.

Ey yaran Shah Mardan Oh friends of Shah Mardan, there are many of them. Don’t think there are only the few here. There is not a single place in the universe where his name is not praised and he has been glorified, and he is still being glorified. We are the loving the assembly of Shah Mardan who is Sahibu Dawran, the owner of the world. May we be dressed with his nur/light. We ask that the virtue he has may come onto us too. We ask to be under his banner, to stand against shaytan. It is said that "good intention brings a happy ending". If your intention is good, you end up with goodness. If your intention is not good, you are like garbage. One day a sweeper comes to sweep you away. Have you ever seen the Sultan's treasures swept away with a broom?

No but his garden is being swept and the garbage collected is thrown away. But gold is not swept up to be thrown away. Be like gold. Be like gold that may you become precious.
Lets say Bismillahi r-Rahmani r-Rahim. The Divine Seal is stamped. May we stamp it on our hand and kiss it. What is the divine seal? It is Bismillahi r-Rahmani r-Rahim. Say it. Kiss it. Put it on your foreheads. MashaAllah! MashaAllah! HasbunAllah RabbunAllah. Say,Hasbuna Allah Rabbuna Allah. Oh Shah Mardan marhaba, Ey yaran Shah Mardan One who is imitating a fox is a fox. One who is imitating a dog is a dog. One who is imitating a bear is a bear. One who is imitating a snake is a snake. The ones among people whose stations are exceptional, and accepted in the presence of Allah if you imitate them you can be with them. Isn't it called hashiya/association? May you come oh Shah Mardan. Your friends are here, the ones who love you are here. May you open up for us. May your rejoicing come also to us. May grief leave our hearts, o Shah Mardan! Assalamu alaikum ya hadirun ya Shah Mardan.
It is said that the world is rubbish. Our Holy Prophet said, "Ad-dunya jeefatun". Shah Mardan is informing us from the knowledge of the Prophet. Ad-dunya jeefatun, the world is a carcass, "wa talibuha kilab" and the ones whose worries are about worldly things, what is their attribute? Who runs after carcass, hasha minal hudur, are dogs. The children of Adam should be far away from this, says Shah Mardan Habibu r-Rahman. My Lord's servants should be far away from this. Why should they? Hasha minal hudur, not to partake of the dog's attributes. My Lord's servants cannot have a dog's attribute. Our Lord Jalla wa 'Ala doesnt keep dogs. When we say he doesn’t keep dogs, we mean - no dog with two legs. Dogs have four legs. Why? So that they can run fast, to be able to run after carcass! The children of Adam, with their two legs, are created to be honorable.
All you are who are present, friends of Shah Mardan; May your assemblies be everywhere! Dont attend dirty assemblies. There are wicked assemblies, don't attend them! There are gatherings of dogs, keep away. There are centers for donkeys. Dont go there too! Attend the elevated assembly of Shah Mardan, the assembly of brave men, and listen! In the assembly of donkeys the attenders are braying. People nowadays, hasha minal hudur, are braying like donkeys. They are shouting everywhere, so it said about them - These people are barking like dogs. Man shouldn't bark like a dog, mankind has honor. Ey yaran Shah Mardan, may you listen. For this reason, their assembly is rare and precious. Who looks for it, may find it. Those who don't look for it, they unite in the

donkey's gathering. They run with dogs - one is barking, the other is braying. shaytan deceived people of our time to lead them into this situation. Some barking ,some braying - all the people in the world are like this, Some barking ,some braying. They have no value because who is barking is a dog, who is braying is a donkey. The human being does not bark or bray. The human being speaks and his words are valuable.

Oh Shah Mardan, Sahibul Maydan, Habibu r-Rahman, Here you are Shah Mardan! There is only one Shah Mardan, this title is given to him alone. Hasha minal hudur, those who are not dressed with this title, they bark and they bray. What is the attribute of the men of today? Some of them bark, some of them bray. Who are the ones that bark? They are the ones who had enough of bones. Who are the ones that bray? They are the ones who are tired of the load they carry. Dogs are barking, donkeys are braying. Why does a dog bark? When it has enough bones and so it is happy. What does a dog ask for? Bones. Donkey is braying, crying like aii, aii,aii... Why are you crying like this? I have no hay left, no hay left for me, I am crying because of this. Then you can have bones. Eat bones! I am not used to eating bones, it says. Bones are for dogs. Our kind is not dog. Dogs are biting and growling. There is nothing else a dog does but growl and look for bones. It doesn't eat hay, it wants bones. shaytan is chasing mankind.

Here you are Shah Mardan, may we listen to your advice. Oh yaran Shah Mardan, Listen all those who love him. Dogs are running after bones. Hasha minal hudur donkeys are looking for hay - they are after hay. The other one wants bones. When it finds bones, it is happy and it growls. When a donkey finds hay, it brays. shaytan made people into two categories nowadays. In one category they are dog-like, they want bones. They keep barking until they find bones. In the other category, they all are donkey-like, they look for hay. If they are given bones, they don't accept. They want hay. After eating hay they begin to bray.

shaytan divided the honorable mankind into two categories: One is running after bones, the other is after hay. Yahu, should man run after bones? Yahu should man run after hay? Who are there in the world? Either bone-eaters - they lick bones, or the ones braying for hay, donkeys. Allah Jalla Jalaluhu doesn't say to go after hay. Allah Jalla Jalaluhu doesn't say to go after bones either. You are highly regarded and honored. Your provision is assigned according to your honor. Lets say Bismillahi r-Rahmani r-Rahim. All the doors will open for you. If you don't say, you will either bray or bark. Those who forget Basmala, they either bark or bray. People

abandoned Basmala! Donkeys are not reciting Basmala either. Dogs also are not reciting Basmala when eating bones. Is this the honor of humanity? shaytan is the enemy of mankind, it will receive what it deserves.
But it (shaytan) is not set to be a good example for man, cannot be men's role model. Human imitates other humans. Animals imitate themselves. But if man imitates dogs, he will lose the honor of being human. If man, is braying to get hay,"I want hay,I want hay", then he loses his attribute of being human. Shah Mardan is saying - oh you people, alaihi ridwanu r-Rahman oh friends, who keep the way of Allah and the Prophet, and who have affection for us, know well what to ask for. Know the treasures you should ask for, Hasha minal hudur. If you give an animal two bowls - one with treasures, the other with hay. A donkey comes. It looks at the treasure, it thinks this is useless for me and turns to the other bowl. Its owner prepares a meal of hay. It rushes to eat its meal, leaving the other bowl. O you, mankind, do you want to be like a donkey? Why do you abandon the precious thing? The attribute that gives you honor, that Janabullah dressed you with, is the attribute of being a servant for the Lord. Why do you abondon this, to look for hay like an animal? Shame on you! Some of you bray. Some of you bark and shaytan laughs at you.
shaytan said, "I will make a mess of mankind. Then you will see their awful situation!" As it had said, now some are eating hay, some are eating bones. It made them into two categories! Dogs rush to bones, donkeys rush to hay. E what is there above all of these? There is the divine table spread/ma'ida which was asked for by the disciples of Isa (alaihi s-salatu was-salam). They found about the third kind of meal (ma'ida) which is divine. Ey Isa(as), may your Lord grant us a heavenly table spread? What they asked for was not the worldly table (a meal)! They are the honorable disciples who put their faith in the Prophet Isa. They didn't ask for hay or bones. There is an abundance of hay and bones on Earth! In their homes, on their tables they had worldly meals. What did they ask for?

Say this to your people, o Pope! Say that disciples asked for the table spread! Don’t get it wrong - thinking it was the meals and tables set with delicious food like in your homes. They were the disciples. Oh Pope, the disciples had great faith. They asked for a divine table spread from heavens, not like the one at home. What they asked for was not hay or bones which donkeys and

dogs eat. They didn't ask for a meal like the ones they have at home. How beautiful. Beware of this! Those honorable disciples who had faith in Prophet Isa, with their sincere faith they didn't ask for hay or bones from their Prophet. How beautiful! What did they ask for? Which meal? "Could we have a heavenly table spread?" Our lord al-Qadir al-Muqtadir is capable of everything but you are like little children. The best of provisions are meals cooked with meat and roast meat, meat balls... They didn't ask for such a table full of worldly meals, the holy Disciples, may their stations be high, and to make it easy to understand - they didn't ask for hay or bones. Beware of this oh Pope! Tell this to your people! That the 12 disciples asked for a heavenly/divine table spread! Not bones,not hay. They asked from those in the heavens! He said do you have time for that! You needed time to understand this and eat from this. You needed more time to be ready! There is no doubt that a divine table can be sent down! We believe this! Oh Prophet Isa(as),we understand and we don't ask for bones and hay. The table spread which comes from heavens, who eats from this table doesn't go to WC. It is not given to ones who visit WC. Tell all this to your people about what they are running after! Either bone or hay - all people are worried about these things! Some want bones, some want hay. Some are shouting because they ran out of hay, some because they don't have enough bones.

Oh Mankind! Think on it! Know this so that you may understand the glory prophets have. You cannot learn these things by ringing bells! You cannot sort it out by voting for your Pope! Teach the people humanity so that they may learn their station! A human doesn't eat hay or bone. Mankind needs spiritual provision - provision of Heaven that will revive the souls. This is what a divine table spread really is. Don't ask for bones and hay from heavens! But you are asking for bones and hay! Shaytan deceived today's people into being servants for worldly things. Some are making trouble saying they ran out of hay. This is not what humanity should be! This is not religion, not faith! This is not the ways of Prophets!

The Prophet of end of times alaihis salatu was-salam, his friends/ashab said to him: "Ya Rasulullah, our stomachs are hurting from hunger." We couldn't find a single date to eat, Ya Rasulullah! We had to bind stones to our stomachs. Then he, alaihi s-salatu was-salam, opened up his blessed coat to show them. I bound two stones. You bound one stone.I am trying to teach you to leave being a servant of the world's hay and bones. Everything is under his command. When he was (hungry) like this, he was visiting Uhud mountain, with the stones bound on his

belly. He heard a sound coming from behind him and he turned to see. Uhud Mountain had become gold and was streaming/flowing behind him. Our Prophet(saw)looked at it displeased. He didn't like it. He didn't want it. He said, "stop and be as you were before. I don't need these things. What I need is from above, from heavens. You cannot know what I really need. I am a weak servant of Allah(JJ). He dressed me with my station. He gives me whatever I ask for. Oh Uhud be as you were before!" Otherwise it would have been gold, all of it.

We are not living for gold. Why do they need gold? To get hay and bones. By eating bones you can't reach anything. By eating hay you can't move ahead. One has the attribute of a dog, the other has the attribute of a donkey. shaytan deceived mankind to make them like hay eaters, or bone eaters. Whereas Janabul Haqq gave honor to mankind. "Wa fis-samai rizqukum..."(51:22) I send your provision from heavens, He said but people are saying, no, we want bones, we want hay. Today they all fight for this reason. Nevertheless did the disciples not know what to ask for? Let the divine table spread from Heavens come to us! We have a table spread at our homes, but beyond this we want the divine, heavenly provisions. Prophet Isa(as) said: You are not ready yet. You are not ready for such a table spread, to be able to reach it. And he stopped it. Ala Nabina alaihi s-salatu was-salam.

Oh people, those who are running after hay, who fight for bones, leave such attributes. Prophets came to teach us attributes of Angels - Prophet Isa, Prophet Musa(Moses),and Shah of the Prophets(saw), beloved Habibullah. Habibullah too, MashaAllah! Those who are listening Shah Mardan is teaching, may you understand. Tawba ya Rabbi tawba astaghfirullah Shukran lillah. Fatiha.

Shame on people who are fighting for bones and hay. Poor fish they want neither hay nor bones. They call - we want oceans, oceans where we find glory. May we find the ocean, they say. We want nothing else. Oh people! Beware! Try to understand the Prophets who came for us! And the Holy Books came for us. In this way you will get out of the categories - bone or hay eaters. Otherwise you are going to eat each other as you are doing now! Tawba ya Rabbi tawba ya Rabbi tawba astaghfirullah.

Fatiha

## Knochen und Stroh

As-Salamu `alaykum wa Rahmatullahi wa Barakatuhu. Diese Versammlung ist für die Freunde Shah Mardans, der der Shah der Welt ist. Die Ehre einer Versammlung kommt von dem Namen, mit dem sie benannt wird. Unsere Versammlung gehört Shah Mardan. Habibu r-Rahman, Sahibu Ferman, seine Exzellenz Shah Mardan. Seine heilige Baraka wird von Ost bis West hoch geschätzt in der Gegenwart von Janabu l-Haqq. Er ist der Löwe Allahs, der von seines Onkels Sohn, Habibullah (saws) geliebt wird. Kommt zu so einer Versammlung! O wirre Iraner, o wirre Alawiten, o falsche Schiiten, o falsche Alawiten, kein Werk unseres Meisters, Hz Ali (ra) war gefälscht. Es gab keine Angeberei in seinen Taten. Nie unterdrückte er oder ließ jemanden Menschen unterdrücken. `Alayhi Salawatu r-Rahman Shah Mardan, Sahibu Dawran, der Löwe Allahs. Jene, die seinen Weg wählen, die ihn lieben, für die ist jeder Tag ein neuer Tag. Die Erscheinung jeden Tages ist anders. Gestern war gestern, heute ist heute. Morgen wird morgen sein. Jeder Tag hat seine eigenen Eigenschaften. An jedem Tag ist er verantwortlich, geistige Macht und guten Rat der Nation Habibullahs zu geben. Das fügt seiner Ehre Ehre hinzu, Shah Mardan, Sahibu l-Maydan. Habibu r-Rahmani, Sayyidina Ali ibn Abi Talib, Radhi Allahu `anhu `alayhi s-Salam.

Ay Yaran Shah Mardans, o Freunde Shah Mardans, es gibt viele von ihnen. Glaubt nicht, es gibt nur die wenigen hier. Es gibt nicht einen einzigen Ort im Universum, wo sein Name nicht gepriesen wird und er verehrt wurde und immer noch verehrt wird . Wir sind die liebende Versammlung Shah Mardans, der Sahibu Dawran ist, der Eigner der Welt. Mögen wir mit seinem Licht bekleidet werden. Wir bitten, daß die Tugend, die er hat, auch auf uns kommen möge. Wir bitten darum, unter seinem Banner zu sein, gegen Shaytan zu stehen. Es heißt, gute Absicht bringt einen glücklichen Ausgang. Wenn euere Absicht gut ist, endet ihr mit Gutem. Wenn euere Absicht nicht gut ist, seid ihr wie Abfall. Eines Tages kommt ein Kehrer und kehrt euch weg. Habt ihr je gesehen, daß die Schätze des Sultans mit einem Besen weggefegt wurden? Nein, aber sein Garten wird gefegt, und der eingesammelte Abfall wird weggeworfen. Aber Gold wird nicht zusammengefegt, um weggeworfen zu werden. Seid wie Gold. Seid wie Gold, damit ihr wertvoll werdet.

Sagen wir Bismillahi r-Rahmani r-Rahim. Das Göttliche Siegel ist geprägt. Mögen wir es auf unsere Hand stempeln und küssen. Was ist das Göttliche Siegel? Es ist Bismillahi r-Rahmani r-Rahim. Sagt es. Küßt es. Tut es euch auf die Stirn. Ma sha' Allah! Ma sha' Allah! Hasbun Allah, Rabbun Allah. Sagt: Hasbun Allah, Rabbun Allah. O Shah Mardan, Marhaba. Ay Yaran, Shah Mardans. Einer, der einen Fuchs nachahmt, ist ein Fuchs. Einer, der einen Hund nachahmt, ist ein Hund. Einer, der einen Bären nachahmt, ist ein Bär. Einer, der eine Schlange nachahmt, ist eine Schlange. Diejenigen unter den Menschen, deren Stufe außergewöhnlich und anerkannt ist in der Gegenwart Allahs, wenn ihr sie nachahmt, könnt ihr mit ihnen sein. Wird es nicht Hashiya, Versammlung genannt? Mögest du kommen, o Shah Mardan. Deine Freunde sind hier, die dich lieben, sind hier. Mögest du es für uns öffnen. Möge dein Jubel auch zu uns kommen. Möge Kummer unser Herz verlassen, o Shah Mardan! As-Salamu `alaykum, ya Hadirun, ya Shah Mardan. Es heißt, daß die Welt Abfall ist. Unser heiliger Prophet sagte: "Ad-Dunya Jifatun". Shah Mardan setzt uns in Kenntnis vom Wissen des Propheten. Ad-Dunya Jifatun, die Welt ist ein Kadaver. "Wa Talibuha Kilab" - und die, deren Sorgen sich um weltliche Dinge drehen, was ist ihr Attribut? Wer hinter Kadavern herläuft, Hasha mina l-Hudur, sind Hunde. Die Kinder Adams sollten weit entfernt davon sein, sagt Shah Mardan, Habibu r-Rahman. Die Diener meines Herrn sollten weit entfernt davon sein. Warum sollten sie? Hasha mina l-Hudur, um nicht an Hundeattributen teilzuhaben. Die Diener meines Herrn können keine Hundeattribute haben. Unser Herr, Jalla wa `Ala, hält keine Hunde. Wenn wir sagen, Er hält keine Hunde, meinen wir, keine Hunde mit zwei Beinen. Hunde haben vier Beine. Warum? Damit sie schnell rennen können, um hinter Kadavern herlaufen zu können. Die Kinder Adams mit ihren zwei Beinen, wurden geschaffen, um ehrbar zu sein.

Alle Anwesenden sind Freunde Shah Mardans. Mögen euere Versammlungen überall sein. Nehmt an keinen schmutzigen Versammlungen teil. Es gibt schändliche Versammlungen, nehmt nicht an ihnen teil. Es gibt Ansammlungen von Hunden. Haltet euch fern. Es gibt Zentren für Esel. Geht auch dort nicht hin! Nehmt an der erhabenen Versammlung Shah Mardans teil, der Versammlung der tapferen Menschen, und hört zu! In der Versammlung der Esel, machen die Teilnehmer "IA". Die Menschen heute, Hasha mina l-Hudur, machen IA wie die Esel. Sie schreien überall. So wird über sie gesagt: Diese Leute bellen wie Hunde. Der Mensch sollte nicht bellen wie ein Hund. Die Menschheit hat Ehre. Ay Yaran Shah Mardans, möget ihr hören. Aus diesem

Grund ist ihre Versammlung selten und kostbar. Wer nach ihr sucht, findet sie. Die, die nicht nach ihr suchen, vereinigen sich in den Ansammlungen der Esel. Sie laufen mit den Hunden, die einen bellen, die anderen machen IA. Shaytan täuschte die Menschen unserer Zeit, um sie in diese Lage zu bringen. Manche bellen, manche machen IA. Alle Menschen in der Welt sind so, manche bellen, manche machen IA. Sie haben keinen Wert, weil der, der bellt, ein Hund ist, und der der IA macht, ein Esel. Der Mensch bellt nicht und macht nicht IA. Der Mensch spricht, und seine Worte sind wertvoll. O Shah Mardan, Sahibu l-Maydan, Habibu r-Rahman, hier bist du, Shah Mardan! Es gibt nur einen Shah Mardan. Dieser Titel ist nur ihm allein gegeben. Hasha mina l-Hudur, jene, die nicht mit diesem Titel bekleidet sind, bellen und machen IA.

Was ist das Attribut der Menschen von heute? Manche bellen, manche machen IA. Wer sind die, die bellen? Sie sind die, die genug Knochen hatten. Wer sind die, die IA machen? Sie sind die, die der Last, die sie tragen, überdrüssig sind. Hunde bellen, Esel machen IA. Warum bellt ein Hund? Wenn er genug Knochen hat und also glücklich ist. Was fordert ein Hund? Knochen. Esel machen IA, sie schreien IA, IA, IA. Warum schreien sie so? 'Ich habe kein Heu mehr, kein Heu mehr für mich. Ich schreie deswegen.' Dann kannst du Knochen haben. Friß Knochen! Ich bin es nicht gewohnt, Knochen zu fressen, sagt er. Knochen sind für Hunde. Unsere Art ist kein Hund. Hunde beißen und knurren. Es gibt nichts anderes, was ein Hund tut, als knurren und nach Knochen suchen. Er frißt kein Heu, er will Knochen. Shaytan jagt die Menschheit. Hier bist du, Shah Mardan, mögen wir deinen Rat hören. O Yaran Shah Mardans, hört ihr alle, die ihn lieben. Hunde laufen hinter Knochen her. Hasha mina l-Hudur. Esel suchen Heu, sie sind hinter Heu her. Der andere will Knochen. Wenn er Knochen findet, ist er glücklich und knurrt. Wenn ein Esel Heu findet, macht er IA. Shaytan teilte die Menschen in zwei Kategorien heutzutage. In einer Kategorie sind sie wie Hunde, sie wollen Knochen. Sie bellen immerzu, bis sie Knochen finden. In der anderen Kategorie sind sie alle wie Esel. Sie suchen nach Heu. Wenn man ihnen Knochen gibt, nehmen sie es nicht an. Sie wollen Heu. Nachdem sie Heu gefressen haben, beginnen sie IA zu machen. Shaytan teilte die ehrenwerte Menschheit in zwei Kategorien: Eine läuft hinter Knochen her, die andere ist hinter Heu her. Yahu, sollte der Mensch hinter Knochen herlaufen? Yahu, sollte der Mensch hinter Heu herlaufen? Wen gibt es in der Welt? Entweder Knochenfresser, sie lecken Knochen, oder die, die nach Heu schreien, Esel.

Allah Jalla Jalaluhu sagt nicht, hinter Heu her zu sein. Allah Jalla Jalaluhu sagt auch nicht, hinter Knochen her zu sein. Ihr seid hoch geschätzt und geehrt. Euere Versorgung ist euch zugewiesen euerer Ehre entsprechend. Sagen wir Bismillahi r-Rahmani r-Rahim. Alle Türen werden offen sein für euch. Wenn ihr es nicht sagt, werdet ihr entweder IA machen oder bellen. Die, die die Basmala vergessen, bellen entweder oder machen IA. Die Menschen haben die Basmala aufgegeben. Esel rezitieren die Basmala auch nicht. Hunde rezitieren die Basmala auch nicht, wenn sie Knochen fressen. Ist das die Ehre der Menschheit? Shaytan ist der Feind der Menschheit. Er wird bekommen, was er verdient. Aber er ist nicht eingesetzt, um ein gutes Beispiel für den Menschen zu sein. Er kann kein Rollenmodell des Menschen sein. Ein Mensch ahmt andere Menschen nach. Tiere ahmen sich selbst nach. Aber wenn ein Mensch Hunde nachahmt, verliert er die Ehre des Mensch-Seins. Wenn ein Mensch IA macht, um Heu zu bekommen: Ich will Heu! Ich will Heu!, verliert er sein Attribut des Mensch-Seins.

Shah Mardan sagt: O ihr Menschen, `alayhi Ridwanu r-Rahman, o Freunde, die den Weg Allahs und des Propheten einhalten, und die Zuneigung für uns haben, wisset gut, worum ihr bittet. Lernt die Schätze, nach denen ihr verlangen solltet, kennen. Hasha mina l-Hudur. Wenn ihr einem Tier zwei Schüsseln gebt, eine mit Schätzen, die andere mit Heu, und ein Esel kommt, er sieht den Schatz, denkt, das ist nutzlos für mich, und wendet sich der anderen Schüssel zu. Sein Besitzer bereitet ein Mahl von Heu. Er eilt, um sein Mahl einzunehmen, und läßt die andere Schüssel unbeachtet. O Menschheit, wollt ihr wie Esel sein? Warum laßt ihr das kostbare Ding stehen? Das Attribut, das euch Ehre gibt, mit dem Janabullah euch bekleidet hat, ist das Attribut der Dienerschaft für den Herrn. Warum gebt ihr das auf, um nach Heu zu suchen wie ein Tier? Schande auf euch! Manche von euch machen IA, manche bellen, und Shaytan lacht, lacht euch aus und sagt: Ich bringe die Menschheit durcheinander. Dann seht ihr ihre schreckliche Lage. Wie er gesagt hatte, fressen jetzt manche Heu, manche fressen Knochen. Er teilte sie in zwei Kategorien. Hunde rennen zu Knochen, Esel rennen zu Heu. Was ist über all dem? Da ist der Göttliche gedeckte Tisch, Ma`ida, nach dem die Jünger Isas (as) gefragt hatten. Sie fanden die dritte Art von Mahl, die göttlich ist.

Ay Isa (as), kann dein Herr uns einen himmlischen gedeckten Tisch gewähren? Nach was sie verlangten, war nicht der weltliche Tisch, ein Mahl! Sie sind die ehrenwerten Jünger, die ihren Glauben in den Propheten Isa (as) setzen. Sie verlangten nicht Heu oder Knochen. Es gibt einen

Überfluß an Heu und Knochen auf der Erde. In ihren Häusern, auf ihren Tischen hatten sie weltliche Mahlzeiten. Worum baten sie? Sage das den Leuten, o Papst. Sage, daß die Jünger um einen gedeckten Tisch baten. Versteht mich nicht falsch, und denkt, es waren die Mahlzeiten und der Tisch, gedeckt mit köstlichem Essen wie bei euch zu Hause. Sie waren die Jünger. O Papst, die Jünger hatten großen Glauben. Sie baten um einen Göttlich gedeckten Tisch von den Himmeln, nicht wie der zu Hause. Sie verlangten nicht Heu oder Knochen, was Esel und Hunde fressen. Sie baten nicht um ein Mahl wie die, die sie zu Hause hatten. Wie schön. Hütet euch davor! Diese ehrenwerten Jünger, die Glauben hatten an den Propheten Isa, in ihrem aufrichtigen Glauben baten sie nicht um Heu oder Knochen von ihrem Propheten. Wie schön! Um was baten sie? Welches Mahl? Könnten wir einen himmlischen gedeckten Tisch bekommen? Unser Herr al-Qadir al-Muqtadir kann alles, aber ihr seid wie kleine Kinder. Die beste Versorgung sind gekochte Mahlzeiten mit Fleisch und Braten, Fleischbällchen... Sie baten nicht um so einen Tisch voller weltlicher Mahlzeiten, die heiligen Jünger, mögen ihre Stufen hoch sein, und um es leichter verständlich zu machen, sie baten nicht um Heu oder Knochen.

Achte darauf, o Papst! Sag das deinen Leuten! Daß die zwölf Jünger um einen himmlischen gedeckten Tisch baten! Keine Knochen, kein Heu. Sie baten um das in den Himmeln! Er sagte, habt ihr Zeit dafür! Man brauchte Zeit, um das zu verstehen und davon zu essen. Man brauchte mehr Zeit, um bereit zu sein! Ohne Zweifel kann ein göttlicher Tisch herabgesandt werden! Wir glauben das! O Prophet Isa (as), wir verstehen und bitten nicht um Knochen und Heu. Der gedeckte Tisch, der von den Himmeln kommt, wer von diesem Tisch ißt, geht nicht zum WC. Es wird nicht denen gegeben, die das WC aufsuchen. Sag all das deinen Leuten über das, dem sie hinterherlaufen. Entweder Knochen oder Heu, alle Leute sorgen sich um diese Dinge. Manche wollen Knochen, manche wollen Heu. Manche schreien, weil sie kein Heu mehr haben, manche, weil sie nicht genug Knochen haben. O Menschheit! Denkt darüber nach! Wisset das, so daß ihr die Glorie versteht, die Propheten haben. Ihr könnt diese Dinge nicht lernen durch das Läuten von Glocken! Ihr könnt das nicht klären durch das Wählen eines Papstes! Lehre die Menschen Mensch-Sein, so daß sie ihre Stufe kennenlernen können! Ein Mensch ißt kein Heu oder Knochen. Die Menschheit braucht geistige Versorgung, Versorgung der Himmel, die ihre Seele wiederbelebt. Das ist, was ein göttlich gedeckter Tisch wirklich ist. Bittet nicht um Knochen und

Heu von den Himmeln. Ihr aber bittet um Knochen und Heu! Shaytan verleitete die heutigen Leute, Diener für weltliche Dinge zu sein. Manche machen Probleme und sagen, sie haben kein Heu mehr. Das ist nicht, was Mensch-Sein sein sollte! Das ist keine Religion, kein Glaube. Das ist nicht die Art und Weise der Propheten!

Der Prophet des Zeitenendes (saws), seine Freunde sagten ihm: Ya Rasulullah, unsere Mägen schmerzen vor Hunger. Wir konnten keine einzige Dattel zu essen finden, ya Rasulullah! Wir mußten uns Steine um den Bauch binden. Da öffnete er (saws) seinen gesegneten Mantel, um ihnen zu zeigen: Ich habe zwei Steine umgebunden. Ihr habt einen Stein umgebunden. Ich versuche, euch zu lehren, nicht mehr Diener von Heu und Knochen dieser Welt zu sein. Alles ist unter seinem Oberbefehl. Als es ihm so ging, besuchte er den Uhud Berg mit den Steinen um seinen Bauch gebunden. Er hörte einen Laut hinter sich und drehte sich um, um zu sehen. Der Uhud Berg war zu Gold geworden und strömte hinter ihm. Unser Prophet (saws) sah es ungehalten an. Es gefiel ihm nicht. Er wollte es nicht. Er sagte: Hör auf und sei wieder so wie vorher. Ich brauche diese Dinge nicht. Was ich brauche, ist von oben, von den Himmeln. Du kannst nicht wissen, was ich wirklich brauche. Ich bin ein schwacher Diener Allahs (jj). Er bekleidete mich mit meiner Stufe. Er gibt mir, was immer ich verlange. O Uhud, sei wieder so wie vorher! Sonst wäre er Gold gewesen, ganz und gar.
Wir leben nicht für Gold. Warum brauchen wir Gold? Um Heu und Knochen zu bekommen. Durch das Essen von Knochen könnt ihr nichts erreichen. Durch das Essen von Heu könnt ihr nicht vorwärts kommen. Einer hat die Attribute eines Hundes, der andere hat die Attribute eines Esels. Shaytan hat die Menschheit betrogen, um sie wie Heufresser zu machen oder wie Knochenfresser. Wohingegen Janabu l-Haqq der Menschheit Ehre gab. "Wa fi s-Samai Rizqukum" (51:22). Ich sende euch Versorgung von den Himmeln, sagte Er. Aber die Menschen sagen nein. Wir wollen Knochen, wir wollen Heu. Heute kämpfen alle aus diesem Grund. Trotzdem wußten die Jünger nicht, um was sie bitten sollten? Laß den Göttlichen, von den Himmeln gedeckten Tisch zu uns kommen! Wir haben einen gedeckten Tisch zu Hause, aber darüber hinaus wollen wir Göttliche, Himmlische Versorgung. Der Prophet Isa (as) sagte: Ihr seid noch nicht bereit. Ihr seid noch nicht bereit für so einen gedeckten Tisch, um ihn erreichen zu können. Und er hielt es auf. `Ala Nabina `alayhi s-Salatu wa s-Salam. O Leute, die hinter Heu herlaufen, die um Knochen

kämpfen, laßt solche Attribute. Die Propheten kamen, um uns die Attribute der Engel zu lehren, der Prophet Isa, der Prophet Musa und der Shah der Propheten (saws), der geliebte Habibullah, Habibullah auch, ma sha' Allah! Die, die zuhören, Shah Mardan unterrichtet. Möget ihr verstehen. Tawba ya Rabbi, Tawba Astaghfirullah. Shukran Lillah. Fatiha. Schande auf die Leute, die für Knochen und Heu kämpfen. Arme Fische, sie wollen weder Heu, noch Knochen. Sie rufen: Wir wollen Ozeane, Ozeane, wo wir Herrlichkeit finden. Mögen wir den Ozean finden, sagen sie. Wir wollen nichts anderes. O Leute, hütet euch! Versucht, die Propheten zu verstehen, die für uns kamen. Und die Heiligen Bücher kamen für uns. Auf diese Weise werdet ihr aus den Kategorien Knochen- oder Heufresser herauskommen. Sonst werdet ihr euch gegenseitig fressen, wie ihr es gerade tut! Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Fatiha.

## Bosnia: At the Time of the Ottomans there was Peace in this region!

This area used to be under Ottoman rule. It took more than military know-how to be able to conquer such a place, it took spiritual power. On the eve of the conquest in 1463 Sultan Mehmed Fatih was very worried, because he was not sure that Islam would be able to stay there forever. The next morning, however, he was full of certainty. When asked why, he told his people that Prophet Muhammad* had appeared in front of him and reassured him of success. Wherever you go here you see Muslim cemeteries, which is a proof of this being a Muslim area. The Ottomans ruled here for 500 years, and this was only possible because they were just. We have to be aware of this even though neither the Europeans, nor the Turks want it to be Muslim. The Bosnians themselves lean on their Ottoman tradition and show the Ottoman flag everywhere! If they did that in Turkey, they would be arrested. The Muslim countries which are being ruled by the Wahabis also do not want Islam here, nor does Iran. Libya doesn't know what it wants. During the time of Ottoman rule, this area was peaceful.

In the course of centuries the Jewish people were longing for their own state. Within this plan the Sultan, as was monarchy, was in their way, because Palestine was a part of the Ottoman Empire. So democracy was invented: "Why should only one rule? That is not just! Power is for everyone!" Parties were formed: the party of the jackals, the party of the wolves, the party of the foxes, the party of the scorpions... a party of the rats was also formed, which was especially dangerous because it attacked from underneath. The different groups

of people were incited against each other: "You are someone better because you are a Serb. You are Croatian. You are Pomak..." Where people had been living peacefully they were now starting to say, "This is my mountain, here is the border..."

Until then nationalism had not existed in the Ottoman Empire. The different groups were self administrated and had different tasks within the running of the Empire. The majority of the Wezirs, the ministers, came from Bosnia. But the more nationalism increased and the Ottoman Empire started to collapse, the more the hate between the different people increased. The wolves, rats, scorpions and foxes all started to demand claims on different areas and to use military force to achieve their goals. This resulted in civilian wars and struggles in which much blood was spilt and whole peoples were extinguished, for example the Pomaks. Until then there had been peace in the Balkans.

The jackals, wolves and other beasts wanted to have power for themselves, and the lion, who had ruled as their king until then, was in their way. They advised him to change his outer appearance completely and to modernise. He agreed. First they removed his beard. Then they wanted to give him new teeth, to make his face more beautiful. "Maybe you will not be able to chew for some time," he was told, "but don't worry, we will bring you soup!". The result of the operation was that the inside of his mouth resembled an empty cave. He was served the promised soup of snails which were filled with heroin and opium. He fell into a deep sleep during which his claws were cut. When he woke up a mirror was held up and he was told, "See how good you look. You are now a modern lion!" The poor lion was put out on show in the market square. Soon afterwards he died of shame and grief. Instead of burying him, he was just left to lie there. When the vultures were finished with him, only the bones remained and these can now be seen for a fee in a museum.

The Jews are now also divided. The discord they spread they now have in their own land. The Conservatives are against the progressives. Some American Jews do not even want to recognise the State of Israel.

It is impossible to drive Islam out of Bosnia. Muslims are not only here in Bosnia, but in Sancak, Makedonia, Kosova, Bulgaria and Greece. They will unite and be stronger than before. They will call the Sultan and go with him to Istanbul. He will win and there will not be many losses on the side of the Bosnians. By the end of this century the Sultanate will have strong roots. Monarchy is on its way, oligarchy is finished. What is sown will bear fruits. No-one can change that. Monarchy brings people together, democracy makes people ill and

envious. The devil wants to divide us. Parties divide people and create chaos. A Sultan unites the community.

## BOUNDLESS INTENTIONS ARE ALSO WRITTEN AS ACCOMPLISHED

Our Grandsheikh Abdullah is speaking (sending to my heart) on a very important point in every religion, about the Day of Promises. All the sons and daughters of Adam, all mankind, were present in the heavens on the Day of Promises. Allah Almighty took from everyone firstly the promise that we accept Him as our Lord and that we are His humble servants. Our Grandsheikh says another promise we made was to worship Him sincerely. “Oh people,” the Quran says, “you must know that pure worship in sincerity is to Allah.” This goes for everyone from the beginning up to the end, all mankind.

What is purity and sincerity, and, when can we be successful? Our Grandsheikh says when a person finishes his purification, then he may do pure worship. As long as he has bad character, his worship is not sincere; there are always some dirty doings, as he is unhealthy because of his ego; because of bad character, a person puts into a clean meal some dirty thing, like dirt in a cup of honey, then no one may eat. As long as there are bad characters from our ego, we can’t be safe from dirtiness. The first step to pure worship is fighting the ego until nothing of bad character is left.

There are 80,000 bad characteristics, but some, like anger, envy, and pride are like a sea with so many others living inside. If we cut the head of these, the body cannot live. Once a person asked the Prophet to give him some advice. He said: “Leave anger.” Who controls his anger can do pure worship. Our first duty is to purify our heart, and then Allah may put in pure faith and light. Then you succeed in the promise made to the Lord for pure and sincere worship.

The very struggle to leave bad character is the loveliest service to Allah. He likes to look on His servant working to purify himself, and even if he does not complete it, Allah will complete it for him on the last day. The beginning is in our hands, but the completion is only by Divine help. We must intend for every good thing, it is our duty. Don't be afraid about good intentions; you're Lord promised to help, so intend as much as you can. If it is written for you in this life, you will accomplish it. If it is not written for you, your Lord will reward you as if it were accomplished.

For example, I am asking my Lord that I may put in every town and village one mosque with an Imam and a Muezzin and also give endowment to keep it working. This is my intent, perhaps it is impossible, but it is written, accomplished or not. We are asking for purification. Perhaps we have not enough time to accomplish it, but on the last day, we will be with those who completed it in this life. Every lesson of our Grandsheikh is for purification; as he is he telling us of a good manner or cautioning us of a bad character. As much as we understand we must act upon it. Whoever is asking for the Divine Presence must think about these good aspects and follow a guide, so that he may reach to his Lord's pleasure.

## Bow To the Lord, By His Command - Bow to whom?

(Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah `Azeez Allah
Allah Allah, Allah Allah, Allah Allah Kareem Allah
Allah Allah, Allah Allah, Allah Allah Subhaan Allah
Allah Allah, Allah Allah, Allah Allah Sultaan Allah

Subhaanallah, SULTAANALLAH!! Subhaanallah, SULTAANALLAH!!

Allahuma salli `alaa Sayyidina Muhammadan nabiyyi 'l-ummiyy wa `alaa aalihi wa Saahbihi wa sallam. Yaa Rabbee zid habeebaka `izzan wa sharafan wa nooran wa surooran wa ridwaanan wa sultaana. Anta Sultaan li' l-khalaaiqu jamiyy`an yaa Rabbana, yaa Rabbi 'ghfir wa 'rham wa anta khayru 'r-Raahimeen. Thumma 's-salaamu `alayka, yaa Saahibu 'z-Zamaan. Thumma 's-salaamu `alayka yaa Sayyidi 'l-Awwaleen wa'l-Akhireen. (Mawlana Shaykh sits.)

Madad, madad yaa RijaalAllah. Madad yaa Saahibu 'z-Zamaan. Madad yaa Sultaanu 'l-Awliyaa.

As-salaamu `alaykum wa rahmatullahi wa barakaatuh. They are saying, a`oodhu billahi mina 'sh-Shaytan ar-

rajeem. Bismillahi Rahman ar-Raheem; it must be. Now I am not in myself. My will and my whole being is under the holy arranging through heavenly people on Earth. Therefore, what I am saying is not from me but what is sent to me. I am only speaking; I don't know anything, I am only a transmitter. That is something from the Day of Promises, when Allah Almighty is saying (Mawlana Shaykh stands) nahnu qasamna, “We say: By Allah!" (Mawlana Shaykh sits.)

O our `ulamas, teachers! We are beginning and saying, a`oodhu billahi minash Shaytan ar-rajeem, running away from Shaytan and its soldiers. I am running away and all of you must run away, and don't leave it to come closer to you. Don't make friendship with Shaytan. The worst friendship a person may make is friendship to Shaytan and its followers! And we are saying, Bismillahi Rahman ar-Raheem! (Mawlana Shaykh stands) Bismillahi Rahman ar-Raheem! O our Lord, You granted us such an endless treasury from pre-Eternal to Eternal. We are bowing to you from pre-Eternal to Eternal, O our Lord! (Mawlana Shaykh sits.)

O People! O people, don't do ruk`oo, don't bow yourself to anyone except Allah Almighty, yes.

O our Salafi `ulamas! Perhaps also tonight there is coming another bombarding on all `ulamas claiming to be Salafi, or not to be Wahabi teachers! From east to west, from far east to far west, all over the world this is a sharpened sword! The Lord of Heavens is ordering, "Bow only to the Lord of Heavens!" and we are doing. (Mawlana Shaykh bows in ruk`oo.)

O `ulamas, (...) I am never hearing you say, "O our listeners, O our people, O our Muslims! Stand up and bow to your Lord Almighty!” (Mawlana Shaykh stands and bows.) Allahu akbar! (Mawlana Shaykh sits.) You are saying this? I am asking. This is what they are saying to me, and that is what only I am asking to you. You are understanding Arabic, and you must be much more, your understanding horizon must be so wide. You are saying that in the Holy Qur'an you are finding in 14 places to bow. Mashaa-Allah, you are such `ulama, learned people. What does it mean if Allah Almighty is making 14 places where you must bow? That means that even for every holy verse you can do one bowing. How many holy verses are in the entire Holy Qur'an? You must know it. 4,444. Yes? That showing 16: 4,4,4,4 if you are calculating, it is going to be 16. Fourteen in Holy Qur'an; one at the beginning you must make sajdah to Who sent us the Holy Qur'an and you must do when you are finishing, khatm, completion, making 16.

From where we are bringing (this knowledge)? I don't know; it is coming to me. I am not preparing something to address people, no. I am a finished person. But as you know, O `ulamas, kullun muyassarun lima khuliqa lah, “Everyone is created for what he has been created.” Everyone is suitable for his heavenly identity, because everyone has been made responsible with something. When everyone leaves Mankind, they all look at adhamatu 'l-Haqq, the Absolute, Glorious Greatness.

O those claiming they are doctors, or saying, "We are `ulamas." That is a reality that perhaps is never coming to your minds because it is not from a mindly production. Such things belongs to the heart of the Seal of Prophets (s), and hearts are an unknown piece of Mankind, impossible to know except who is saying,

•• ••••• ••••• ••• •••• •••• ••••• ••• •••• ••••••

Maa wasi`anee samawaaee wa laa ardi innama wasia`nee qalbee `abdee 'l-mu'min, Heavens and Earth could not contain Me, but the heart of My believer contains Me.

You must know it if you are `ulamas. That means no one is knowing the real identity of the heart. That means everyone from Mankind has a special personality, as Allah Almighty is never making two persons from Mankind to be the same in existence; each one has a special personality. That means the identity of everyone from Mankind is 100% different!

Is anything wrong, `ulamas? This is `azheem, glorifying our Lord! You must say yes, as only a reminder. Don't think we are knowing; no, what they are saying, only I am transmitting to you. Are you accepting? Why they are not accepting? Because their hearts just closed down, locked down and therefore, they are not listening. Open your hearts and you shall find another, another, another ocean for understanding! In every one there is a special identity. Allah! Special. That is showing adhaamatu 'l-Haqq, Glorified Greatness of Allah Almighty! Therefore, saying this through your hearts, I am granting to you. From where coming? From Him (swt) coming, and through Him there is some relationship without means.

The Lord of Heavens, the Creator of Mankind, is sometimes using for His servants, to make them understand through prophets. But prophets are not in need of a means; they have means from heavenly beings to earthly material beings. That must be, because without that means we may burn! This lamp is running on electricity, but without wires (to conduct the electricity), if you touch it, it is taking you away (you will die). Therefore, we are using (these wires). And from heavenly beings, from heavens all of them have a special creation

prepared, not to be touched by this power and their physical being destroyed. Now they are coming through Archangel Gabriel (a). He is taking wires from heavens to the heart of the Seal of Prophets (s). Without his coming, there can't be anyone here from the special beings of heavens for the special people on Earth.

Holy command. Are you saying, O `ulama, "O people, when you are hearing or reciting Holy Qur'an, you are coming in touch with a heavenly declaration to bow." (Mawlana Shaykh bows.) To bow! BOW!! To bow is only for Allah jala jalaalahu. (Mawlana Shaykh stands and sits.)

Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Sayyidina Muhammad, Rasoolullah, Habeebullah, Nooru `Arshillah (s). (Mawlana Shaykh stands and sits.)

So many secrets through the holy command, "Bow! Bow!" To whom? To that One Who created you, bow to Him!" (Mawlana Shaykh bows.) Teach people not to bow to just anything! Salafi `ulama, Shafi'i `ulama, Qadiri `ulama, in this Islamic world, why you are not teaching people to bow? Yes, you are mostly people praying and bowing and making sajdah, but we must try to make them understand for what we are bowing and to Whom! Allah Almighty is saying, Wa dhakkir, “Remind Them!”

O `ulamas, look east and west. Who is the worst friend of people? Say! Say by Allah's command! Say! Mankind, to whom they are bowing? Ask them. 24, to whom bowing, to whom working, to whom serving, this Mankind? You taught them, Muslim scholars, Christian scholars, Jewish scholars. Did you teach them to bow to Allah Almighty only? No, bowing for dunya. Ad-dunya djeefa, this life, this world is dirty! You must try to take away from the dirtiness of this world, because people are just like pikan?? (Mawlana Shaykh gestures like a plane coming down). People now are asking from far distance to come and leave that dirtiness. Why you are not preventing dirtiness, in 24 hours? What all of us are doing?

Are you are bowing to Allah Almighty? Don't think that bowing is only through praying, no. In 24 hours, you must bow by holy command to the Lord of Heavens.

Heavenly declaration from the first prophet to Sayyidina Muhammad (Mawlana Shaykh stands), the Seal of Prophets (s), that he delivered the whole Truth (Mawlana Shaykh sits.).

O People! O `ulamas! We are not fearing the Day of Resurrection, when Allah Almighty is going to ask you to

where you were directing people, to dunya? Or going to ask why we are not teaching to where you must direct yourselves, why you are bowing to dunya and everything in it? To the end of world, the Seal of Prophets (s) was saying to make sajdah. And you are saying, "We are `ulamas, we are doctors." One meaning I am giving to you; if you are saying that I am giving a wrong meaning, then you may say we are wrong about signs of Yawmu 'l-Qiyyamah, and what they may say at that time from the Seal of Prophets (s)! (Mawlana Shaykh stands and sits.)

O `ulamas! You may think on it. On the Last Days, where is the ummah's qiblah? Muslims are turning to Ka`aba, (but others), •••••• ••••••• qiblatahum nisa'ahum, “Their prayer direction is their women.” What you think, Wahabi `ulamas, is the shaykh is saying wrong? You are saying, “The shaykh is saying something I never heard of,” but yes, the shaykh is saying something to address the whole Earth, and it is something I am never knowing before now.

Marhaban! There is a flute from bamboo. There are two kinds: bamboo for sugar (sugar cane) and the second kind it is empty. Empty bamboo is for flutes, but sugar cane can't be, no. I am such a person that I am for flute, I am shouting, but full one you must give what you have for yourself for sweetness and pleasure and lights, you must give to people, you must give for people to taste from Holy Qur'an! Who is reciting Holy Qur'an and getting in pleasure, look from around the world how many people are getting pleasure from Holy Qur'an? But all people run after the empty bamboo cane, the flutes, all of them. Why you are not directing people to say, “Your life is not a good life because you are against Shari`atullah. We are not good servants." Why you are not saying? Say up to the end!

O People! Don't fear, for if Allah Almighty protects a person, all nations can't do anything to that one. But if Allah Almighty asks to give to Nimrod one mosquito, it is enough! May Allah forgives us.

O People! We must try to bow to Allah (swt) only and every one that represents the Lord of Heavens on Earth, we may bow to them. The worst one to bow to is Shaytan, next is dunya, then hawaa, endless desires, and your ego. A`oodhu billahi min ash-Shaytani 'r-rajeem.

Fatihah.

Alhamdulillah wa 'sh-shukrulillah, alhamdulillah wa 'sh-shukrulillah, astaghfirullah!

(Mawlana Shaykh speaks with Shaykh Hisham Effendi on the phone.)

## Today People Speak Like the Braying of a Donkey

Dastoor yaa Sayyidee, madad. (Mawlana Shaykh stands.) Allahu Akbar, Allahu Akbar, Allahu Akbar laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Subhaan sensin! Sultaan sensin! Subhaan sensin! Sultaan sensin, yaa Allah! You are Sultan! You are Subhaan! Anta Subhaan! Anta Sultaan! Yaa Rabbi 'l-`Alameen, forgive us.

Salli yaa Rabbee wa salim `ala habeebika Sayyidi 'l-Awwaleen wa 'l-`Akhireen, Sayyidina wa Nabiyyina, Sayyidu 'l-Khalaa'iq, Imaamu 'r-Rusuli 'l-Kiraam. Sharaftahu bi Laylat al-Mi`raj. Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, min al-azali ila 'l-abad. Subhaan sen. (Mawlana Shaykh sits.)

Thumma 's-salaamu `alayk yaa man huwa mutasarrifun fi 'd-dunya fee haadha 'z-zaman. Our salutes also to that one who is responsible for everything happening on this planet, dunya. Astaghfirullah, astaghfirullah, ataghfirullah. He is one authorized person through holy ones that he is well known to be Qutb al-Mutasarrif. Yatasarraf `andu quwwah haa'ila. He has such power that he may change oriental countries to western countries, and bring western countries' people to oriental countries. SubhaanAllah that Allah Almighty is giving such authority to some one!

O People! Hear, listen, and obey. You must know your mission, and for what you are on this planet. You must

ask that point. Rabbuna wa Rabbu 'l-`Alameen, The Lord of Every Creation, for every creature is saying: (Mawlana Shaykh stands)

••••••••• ••• ••••••••• •••• ••••••••• •••••••••••• ••••••• ••••••• •••••••••

Rabbanaa maa khalaqta haadha baatila subhaanaka faqinaa `adhab an-naar, Our Lord! Not for naught have you created (all) this! Glory to You! Give us salvation from the penalty of the Fire. (3:191)

(Mawlana Shaykh sits) That is a teaching from the Lord of Heavens, the Lord of all Creation.

O People! Say, a'oodhu billahi min ash-Shaytaani r-Rajeem. Hear, listen, and think on it. What does it mean? For what are you in existence? You must ask and you must try to learn. Say, a'oodhu billahi min ash-Shaytaani r-Rajeem! O Mankind, run away from the dirtiest creature in Creation! If you are not running away, you are going to be like that one, dirty. Therefore, Allah Almighty is saying: (Mawlana Shaykh stands)

••••••••• ••••••••••••••• ••••••

innama 'l-mushrikoona najas, Verily the idolaters are impure. (9:28)

(Mawlana Shaykh sits.) SadaqAllahu 'l-`Azheem. Najas, not najis. That is a meaning they are granting to a weak servant; najas is as an ocean, and anyone diving in it is getting out najis. (Mawlana Shaykh laughs) SubhaanAllah. Najas is an ocean for dirtiness. Innama 'l-mushrikoona najas. Those running in shirk are diving in that dirty ocean, and getting out and going to be najas. Muhur, a seal is put on them, "Najis wa najas, najasun." SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. Najasun, mushrik, are those who follow Shaytan. Who is diving in the ocean of najas, dirtiness, is coming out najis, dirty. Tawbah, astaghfirullah! Tawbah, astaghfirullah.

O People! Say, astaghfirullah. O our Lord, don't leave us to dive into that dirty, dirty ocean. We like to be clean ones, and cleanliness comes from being in the ocean of unity. On the contrary, who is running away from Unity Oceans is falling in oceans of dirtiness for Shaytan and its followers. Perhaps, as they are saying, the representative of dirtiness Oceans is fully with Shaytan. Shaytan is an ocean of dirtiness! Whoever is following it is falling in it and going to be dirty.

O our attenders! As-salaamu `alaykum. Hear, listen, and try to understand; if not, your level is going to be on

the level of non-understanding creatures. We may say something better, that they are on the level of donkeys! Who is not understanding or not thinking of understanding, their levels are the levels of donkeys. Don't come from a high-level presence to the level of donkeys. But I am sorry that the majority of living people are on a donkey's level. Whether you like it or don't like it, you should know! Idha anjal al-ghubaaru afarasu tahtuka aw himaaru, “After the clouds settle, you will see if there is a horse under you or a donkey.”

O our Listeners! Don't be angry; accept what is true! Truth is muqaddas, sacred. You must accept this.

O our Salafi `ulamas, marhaban! There is a question concerning them. There is one question, perhaps you will be surprised, but it is a question of what is Allah Almighty, Jalla Jalaaluh is saying: (Mawlana Shaykh stands.) asta`eedhu billah.

••••• ••••••• •••••••••••• •••••••• ••••••••••

Inna ankari 'l-aswaat la-sawtu 'l-hameer, Verily the worst of sounds is the braying of the donkey. (31:19)

(Mawlana Shaykh sits) O Salafi `ulamas! Are you reciting this aayatu 'l-kareemah or not? That is a very important point that is coming to me to ask you. I never heard one of you on the minbar reciting that holy verse. Yes? If anyone may recite that holy verse on the minbar, I am giving a medal to that one to be happy! Why is Allah Almighty saying, inna ankari 'l-aswaat la-sawtu 'l-hameer? Are you ever thinking on it, or not? I don't think that you are thinking on it, and you are passing your efforts over it. You are only concerning to make more khatm ash-shareef of the Holy Qur'an. Perhaps daily you may make khatm, every day, or every two days doing khatm, weekly or every 15 days and you are saying, “Alhamdulillah, I am making khatm on Holy Qur'an daily and at night.” That is your effort.

Are you ever thinking why Allah Almighty is saying this aayatu 'l-kareemah? Qur'an is `azheem ash-shaan, how is Allah Almighty saying, inna ankari 'l-aswaat la-sawtu 'l-hameer? What does it mean? Or what is the divinely maqsad, purpose, that Allah Almighty is saying, inna ankari 'l-aswaat la-sawtu 'l-hameer? Why? I am asking this also to doctors of Shari`ah, and also to `ulamas of Azhar ash-Shareef, why? It is very clear that the shouting of donkeys is not so good; why then, is the Holy Qur'an saying this? O mulook, jalalatu 'l-maalik, east and west and in the Islamic world! Please, you collect your `ulamas, particularly those who are claiming, “We are Salafi `ulamas,” and ask them please, jalaalatu 'l anu. What were Salaaf as-Salih saying on that verse? What was the reason Allah Almighty said that verse, inna ankari 'l-aswaat la-sawtu 'l-hameer?

That is part of the holy verse, it is not a full verse, but one part of one holy verse. What was the divine purpose of saying this, for sending revelation from `Arsh to the Seal of Prophets? Say to me! You know nothing, or you are fearing to say the truth! You are going up on the minbar and saying this and that, why are you not reminding people every Jumu`ah? You must say also, inna ankari 'l-aswaat la-sawtu 'l-hameer. That is a part of a holy verse, inna ankari 'l-aswaat la-sawtu 'l-hameer, five words showing a pure panorama of future people's identities. SubhaanAllah, five words! Because the Holy Qur'an is:

•••• •••• ••• ••• •• ••••• • •••• •• •••••

KitaabAllah feehi khabaru maa qablakum wa naba'u maa ba`dakum, The Book of Allah: in it is the history of those before you and what shall come after you.

O Salafi `ulamas! Is it not so? Say! You are saying, "We are `ulamas and Salafi." It is so easy to claim, “We are this," or, "We are that.” You know that the Seal of Prophets, Sayyidina Muhammad (s), said, "O my ummah!" Particularly it has been said, one of the famous Sahaabah (r) who was asking about holy books before the Holy Qur'an, and the Seal of Prophets (s) was saying in that hadeeth ash-shareef, "O this one, O that one, you must know that the Holy Qur'an yahtabi, contains every happening from before, from the beginning up to today. Everything from real histories of nations, you can find it in the Holy Qur'an." And also, wa naba'u maa ba`dakum. Naba, nubuwwah, nabee, that means who is saying for future events; meaning, "That was for past times and this is future times, you can find it in the Holy Qur'an."

Everything from the beginning of Man's life here up to today, you can find the most true one about passing nations, in histories of ancient Greece, ancient Rome, ancient Russia, ancient China, ancient India, ancient east and ancient west. You can find all of it if you look truly. And if you like, Holy Qur'an can also show you their lives. Look at the Holy Qur'an! People think it is an ordinary book!! Ptuu (spit) on those people who are not taking care of the Holy Qur'an! Sayyidi 'l-Awwaleen wa ’l-Akhireen is saying, Feehi khabaru maa qablakum! Even one ant is saying to Sayyidina Sulayman (a), if you are asking for a witness. Sayyidina Sulayman (a) was passing through the Valley of Ants, and one ant spoke. Who was able to make an ant speak in the Valley of Ants? And Sayyidina Sulayman (a), a holy prophet with the whole world of Mankind and jinn under his power, and he was surprised! If you can find that simple thing in the Holy Qur'an, what about others?

O Salafi `ulamas! Where are you? Who are you? What are you claiming? Khabaru maa qablakum wa naba'u maa ba`dakum. Holy Qur'an is saying everything for the coming days. That ayatu 'l-kareemah is giving the real personality that we are in now, and it is enough. If we are going in it, it is an ocean! We must stop it here. May Allah forgive us.

Fatihah.

Shukrulillah, shukrulillah, Allahu Akbar.

(Mawlana Shaykh prays two raka`at Salat ash-Shukr)

Fatihah.

(35 minutes)

**BREAK OUT OF PRISON and SOAR ACROSS THE UNIVERSE**

Experience beyond what you cannot even imagine

Destur, ya Sayyiduna, ya Sultanu-l Awliya, Destur Ya Sultanu-l Anbiya Meded, ya Sayyidi Meded, ya Sayyidi Meded, ya Sultanu-l Awliya!

As-salamu alaikum!
Audhubi-llahi mina shaytani rajim
Bismillahi r-Rahmani r-Rahim
La haula wa la quwatta illa bi-llahi-l Aliyu-l Azim.

May Allah bless this humble meeting and this humble association with our Grandsheikh. If a person is with a 'Big One' that honour comes on him too. According to the knowledge that has reached to me people are now going in two different directions. Some of them are following the 'Big Ones.' The 'Big Ones' are those who carry greatness from Allah Almighty. When Allah Almighty dresses Heavenly Greatness on a person, then that person is a 'Big One' or a great man. If however Allah Almighty does not give this however much people are trying to make this person a 'Big One' they will not be successful. Even if all the people in the world call such a person a 'Big One' he is not going to be a 'Big One' or a great person. These are the two ways that people are now going on. Even if all the nations say that such a one is a 'Big One' or a big man he is not going to be a 'Big One.' What is that tower in London called? It is called the Big Ben. If a person is near this will he become a big man or a person near the parliament will he be a 'Big One' – big bang. People may say that so and so is a 'Big One,' but he is really not a big man because he is really nothing.

Jesus Christ was a big man and so was Ibrahim (alai). They were both great ones. The Seal of Prophets, Seyyadina Muhammed (sal) was the greatest one. It may be that certain people may not accept this. These people are ignorant. Why is that they do not accept the greatness of Seyyadina Muhammed (sal). If he was not a great personality how is it that he was able to make billions of people say, “Ashadu an la ilaha illallah wa ashadu anna Muhammad ur Rasoolullah.” Yes, billions of people are saying this five times daily. Are people paying money to the muezzin (the person who calls for prayer) so that he is forced to say this? Jesus Christ was a great one, but can people say this of him? This is because Muhammed (sal) is the greatest one and Jesus Christ cannot reach to the greatness level of Seyyadina Muhammed (sal), the Seal of Prophets. Seyyadina Muhammed (sal) is over the greatness of everyone throughout all creation. There is no one in the Divine Presence like him and he is the only one with such greatness. Seyyadina Muhammed (sal) grew up in an unknown desert and he was also an orphan. He had no armies nor did he have any treasures. Yet he was elected and selected in the Divine Presence to be the greatest one among the whole of creation.

Today, people are all asking to be ‘Big Ones’. They think that they are as big as Big Ben. This is all. Their bigness level reach up to the size of the Big Ben and no more and then they say, “Oh Sheikh we are making rockets to reach beyond the skies and into space and this is how we try to be great ones.” This is like writing a script for the cinema. First they write the script and then they make the film. They make the rocket and according to their imagination they think that they are big ones. They put this man on a rocket and send him into space and they think that they are ‘Big Ones’ or great ones, because they think that now that they have reached to very high levels. This is not real greatness to get up from earth into space. No this is not real greatness. This is only shaitanic teaching, which turns away people from right understanding to wrong understanding. The Seal of Prophets, Seyyadina Muhammed (sal), who is the greatest one throughout all creation reached to the highest point on the Night Journey (Mihraj) without using rockets. He reached to a level above which there were no other levels.

In these times people think that they are great ones if they dress up in uniforms and think they are great by taking power over their nations. They say, “I am your Lord” as Pharaoh said, “I am your greatest Lord, the greatest God.” It is only something that they say with their mouths. Pharaoh never reached to greatness. In the same way Nimrod too tried to reach to greatness, but in truth he never reached greatness. During the Prophet’s (sal) time Abu Jahl too tried to be greater than the Prophet (sal). He wanted to be number one. He wanted to be the first one. But what happened to him, he became zero, a person of no value.

Oh people you must try to be honoured through something that is a grant from the Lord of Heavens. But people think differently now. People are now mostly materialistic and they judge everything with materialistic values and aspects. They try to give greatness to a person because of his richness, or because of his power or because of his positions. This is a wrong way. They are asking to be a ‘Big One’ through the wrong way and searching to be ‘Big ones’ through the wrong way.

Greatness is a grant from the Heavens. It is not granted to a person who is looking for richness, for power or to be a ruler of nations. This is the wrong way. Everyone wants to be a ‘Big One’ because this gives them honour among people. This is why everybody wants to be a VIP (very important person). They want to be VIPs through material aspects and this is wrong. Materially a person cannot become great nor can he get honour. If honour had been given for material aspects, Pharaoh and Nimrod would have been great ones, but they never reached to greatness on earth. They were happy to be on earth and to belong to earth and this is material. Materially one may be able to move perhaps to a very small distance – from earth to some place, but after that he won’t be able to move because materially you cannot move in space.

This grant is given to the real servants of Allah Almighty. They are dressed in honour and they will be able to move through the stars, through the galaxies and through the sun due to a power and capacity given to them. No harm shall come to them. When they are

dressed with that Heavenly Dress nothing can touch them or harm them. They may move everywhere because they do not belong to the material aspects.

Now people are tied down by material things. They think that if they are rich that they may move through space and Allah Almighty says, “I have created this huge universe and you can reach, yes, you can reach through this universe but you cannot do so with material means. When you become my sincere servants I shall dress you with honoured dressings and you shall have Heavenly Honour by these dressings so that you will be able to move in every direction of my creation and also you will be saluted by everything.” The salutation will be when they say, “Oh our Lord’s servant, merhaba, honour to you! Oh our Lord’s real servant, we have been ordered to obey your commands and to give you anything that you may ask and to help you to reach to higher and higher levels in our creators Divine Presence.”

Everything helps this person to reach to high levels and still above this level to a higher level in reaching to the Divine Presence and there are never ending levels for these people who are asking to be real sincere servants and who do not look to the material world. What is important for them is to be more obedient to their Lord and they are always asking for more authority to come even more close to the Heavens and to the Divine Presence.

Mankind is now closed up within materiality. They have been imprisoned by the heavy walls of materialism and they cannot move. They are now looking and not seeing, touching and not understanding, knowing but never reaching because they are imprisoned. The Lord of heavens sent us to take away these material walls that are now surrounding us, to break them and to be in space which belongs to our spirituality and we have been granted Divine Greatness there. However imprisoned people cannot reach to this and yet they are happy to be in this prison and they say, “It is enough for us to be as we are. We do not believe that beyond this material being there is another dimension.” So they remain there and become people without any value. They will be taken away as there is no value for them.

Oh people you are sitting here with me now and for your honour we are receiving some inspirations from Heavenly People and we are speaking to you on this. I am hearing also some very important points concerning the life of mankind and I am trying to explain to you about the real 'greatness dressing' that the Lord of Heavens is going to dress you in. We are trying to call people, "Come out from your prisons. Come and look beyond your five senses and you should find another distance, another land and more stations which do not belong to materiality. Come out of your prisons! Come out and you shall be happy forever." You should reach to this if you destroy your prison and get out. Now you are like a chick inside the egg and you are so happy to be there and now you are hearing from your Lord, "Oh my creature touch the walls that surrounds you and get out and you shall find that which is beyond what you can even imagine." So they should break the walls and come out and if you tell them after coming out of their prison or egg shell, "Come in again" they would shout out "no, no never." Therefore those who break down their material selves should find a space of eternity and eternal life.

Oh people come and listen to the Prophets' announcements and declaration which is brought from the heavens that they have broken down their material walls and have got out and are calling out to you, "Come and follow us." Shaitan says, "Don't believe them, come with me and enjoy all the many material things." This is the real crisis. It is not an economic crisis but a spiritual crisis, which makes people to be in prison. If people are to be granted all the treasures of this world still they will not be happy because they will still be in prison, in the prison of materiality. It shall then be written on their forehead "materialist" and beyond this "atheist." They shall then fall down into a deep well through which they will not be able to find happiness through themselves and everything else. Today people have been granted everything from material things but this does not make them happy. Yet they are unhappy.

May Allah forgive me and bless you. May Allah give us an understanding to prevent our egos from running after the material world and instead make us to try to get Wings of Heavens and to go higher and higher. Shaitan is making a scenario for you of material

things and aspects. I was asking from you for a word, and the word is ‘scenario,’ but none of you gave me this word and all of you are ghafilun – heedless people. You are only looking at me but not understanding what I say. Oh Lord give us good understanding to follow the way of the Prophets, more particularly the way of the Seal of Prophets in order to reach to the Heavens and not towards dunya (the world). Dunya is under our feet and the Heavens is towards your head. Don’t put your head down and your feet up. Allah Almighty created you in a perfect form and your head is above and your feet below. But today people are changing it and they are trying to put the feet up and the heads down.

May Allah send us from his sultans the one who is going to destroy all the satanic schools, the satanic teachings and to save the people. May Allah bless you and forgive me for the honour of the most honoured one in the Divine Presence Seyyidina Muhammed (Sal). Fathiha.

## Breaths are counted - can't be more or less, and prepared to be in different places

Breaths are counted - can't be more or less, and prepared to be in different places. When breaths finish here, we must look to move where going to be. We are in Damascus. When finishing, we are moving to X., when finishing there, we are going to Aleppo, Baghdad, Hijaz...in such a way. In this room, when finishing, we must get up and go.
Everything is fixed and we must follow it. We think we do as we like, but you never do as you like. Can't be. Only His will covering everything and no one's will may be able to cover Allah Almighty's Will and Judgment.

When your breathings finish, it is impossible to make an artificial breathing. It is cheating of people. A person may die, but they put a tube with oxygen in nose, showing that he is breathing. It is cheating, finished. Believers must take care not to be cheated. Now treatment of ill people is going to be as a big business, and physicians and medicine factories so big mafia, only thinking to get much more money from patients, not thinking to give a good treatment for patients. Not leaving them to die and rest, but giving so many troubles till person passing away and several days putting under...(?) that should take much more money. Now in our days treatment is going to be for the benefit of the mafia and doctors and medicine factories.

May Allah give to us, His servants, from His endless mercy oceans not to be disturbed in this life, but to live happily and to die happily, restfully.

Adam was always longing for his origin, Paradise...Unless one comes home, one doesn't find real rest. And the soul of a believer finds rest only in Paradise in the Presence of Allah's rest and the angels greet him: 'As-salamu alaikum tibtun...'

## Brilliant Heavenly Currents of Light

There are so many invisible untouchable powers surrounding us from the outside and the inside. If you can reach some of them you will be guided to an Honourable Presence which can take you to His Holy Presence. You can reach it, touch it. If you lose this opportunity, you will be stuck on this earth, unable to move beyond it. There are some occasions in which mankind can reach such currents in their hearts. Which is why it is important for everyone to look after their hearts more than their physical beings. Only hearts can reach a connection with Heavenly Currents which will make you happy here and in the hereafter. This is why the Seal of Prophets*, the most praised one, Sayyidina Muhammad* was ordering mankind to take care of their hearts.
Your heart is like a fist, maybe 1/2 or 1 pound of flesh. That is what you can see. There is a real part, without which this flesh would never work. When the power from the real heart starts, you will function. You cannot imagine this engine, which sometimes works for 50, 60, 70, 80 or 90 years without getting tired. Did you think that the heart was doing this on its own? You must be foolish! It is the connection to your real heart which makes it work according to the time programmed for your existence. When that time is over, it will be taken away.

You must believe in realities beyond the material world. People living in the 20th century only look for the material world. They do not want to look behind it and see the spiritual world, not realising that the material

world cannot function without the spiritual world. The spiritual world brings the material world into existence.

When you cut yourself off from the spiritual world your problems will increase and there will be no solutions. Everything will be contrary to what you want them to be. It will not make you happy. Everything will be coming against you. Your desires will make you unhappy. Everything will attack you, harm you and make you unhappy. You will be surrounded by endless sufferings and fall into endless deep oceans of misery.

That is the point which mankind is not being careful about. This is why we need to touch those currents of power which surround ourselves inside and outside throughout our physical and spiritual being. You must use your will power, once, twice or more daily and get in touch. If you do not use your will power you cannot reach it.

Don't think that your natural desires are your will. No! Physical desires which you feel have nothing to do with your will power. Physically you ask for so many things for your physical body. Eating, drinking and sexual desires keep your body alive. This is not your will, animals also have it, but they have no willpower.

Willpower is an honourable attribute which has only been granted to mankind. It is a grant from Allah the Almighty to you, the most honourable one. It has only been granted to mankind. Even angels did not get it. They have no free will, only you do. Your will can be used to make contacts with Heavenly Currents running around yourself. But most of you don't. You can only achieve such powers by fasting. It is a practice using your free will. This is why it has been a command since the first man for people to fast. All Prophets were told to order their people to fast. By fasting you can come closer to the Currents of Heaven and touch them. A fasting person will be closest just before breaking the fast. If it was not ordered for you to break the fast, you would reach a level on which angels could touch you. But when you start eating you get back to normal. It is a practice and also a training in which you learn how to use your will power.

After this Holy Month you must try not to cut yourself away from Heavenly Beings and Heavens. Try to continue. The most important time in which you can reach these Heavenly Currents is when people are sleeping. Get up, stand in the Divine Presence and ask to reach the Divine Presence. The currents will surround you and bring one hook to take you up. Try it after Holy Ramadan. Don't cut your relationship to Heavens, the spiritual worlds beyond our material world. This is nothing. You belong to the spiritual world,

to Heavens.

Finally you will be called to your special station to be there. Try to be there, to reach it. If you are able to within this life you will be a brilliant star in Heavens. If not, a dead star without any lights, becoming smaller and heavier, falling down. Bring yourself up. Don't make yourself heavy by falling into the worlds of darkness. Make your way towards brilliant Heavenly Stations. Don't follow the worlds of darkness. Use your free will, your will power and you will be happy. You will find happiness running around yourself. You will be swimming in endless oceans of happiness, endless tasteful love oceans, oceans of light. You will be in endless oceans of life which death can never reach. This is an endless grant from Allah the Almighty to you. May Allah grant this to you and forgive us. Ask Him for His Pleasure and you will be happy forever.

## Bring People Good News to Make Them Happy

Madad, yaa rijalAllah. (Mawlana Shaykh stands.) Allahu akbar, Allahu akbar, Allahu akbar. La ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! Anta Rabbuna, anta hasbuna, anta waliyyuna, n`ima 'l-mawla wa n`ima 'n-naseer, ghufraanaka Rabbuna wa ilayka 'l-maseer, yaa Rabbana salli `ala habeebika 'l-Mustafa mila 's-samawaati wa mila 'l-araadeen wa mila maa shi'ta min shayyin b`ad, Subhaanak! Subhaanak! Subhaanak Allahumma wa bi hamdik, narju rahmatik, nakhsha `adhaabik inna `adhaabika jiddan bil kuffar mulhaq. Aamaan, yaa Rabbee. (Mawlana Shaykh sits.)

Dastoor, yaa Sultaanu 'l-Awliya, madad. Madad yaa rijaalAllah, madad. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. Say every time, bismillahi 'r-Rahmaani 'r-Raheem; this cleans you from dirtiness that Shaytan is throwing at you. Say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Rabbee zidnee `ilma, Allahumma inna nasaluka `ilman nafi`an, are all teachings of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) Say!! Bismillahi 'r-Rahmaani 'r-Raheem. Say always, bismillahi 'r-Rahmaani 'r-Raheem until people are saying, "Ohhh our friend, ohhh our brother, is coming in another personality. He wasn’t before in such a way. What happened to him that he is always saying, bismillahi 'r-Rahmaani 'r-Raheem, bismillahi 'r-Rahmaani 'r-Raheem, bismillahi 'r-Rahmaani 'r-Raheem?"

That is ignorant thinking. Who is ignorant? Ignorant is a drunken one. With what is he going to be drunk? He

is drunk with shaytanic imaginings. Shaytan making him to think something that is never going to happen. There is a special term for such people, what is that? Dreamers! Yes? Dreamers! Now people, all of them going to be dreamers! What does it mean, "dreamer", our Salafi `ulamas? Marhaban! You are always angry, for what? Ama sami`tum, O Salafi `ulamas, you are not reciting Holy Qur'an? Yes, you are not reciting ayatul kareemah that Allah Almighty is saying, (Mawlana Shaykh stands)

•••• •••••••• •••••• •••••••••••••• •••••••••• •••••••••••••••• •••• •••••• ••••••• •••••••••••

qul bifadlillaahi wa bi rahmatihi fa-bidhaalika fa 'l-yafrahoo, Say: "In the bounty of Allah. And in His Mercy,- in that let them rejoice": that is better than the (wealth) they hoard. (10:58)

Ayatu 'l-kareema, Allah Almighty saying, "fa bi rahmatillahi fa 'l-yafrahoo," Okay? (Mawlana Shaykh sits.) Tawbah, astaghfirullah. (Mawlana is very angry!) Shaytan is coming to do something that is useless! Aman samee'aa tun Ama sami`atum, you are not hearing or reciting?

And Allah Almighty likes His servants to be happy, yes! Why is your face like this (Mawlana makes his face down), for what? For what are you so sorrowful? Do you think your Lord created you as donkey? You must be happy that the Lord of Heavens created you from Man, from human nature! Why is your face like this farah, unhappy, always (down)? You must show your joy and happiness to people so they may ask, "Why are you so happy?" And you must recite Holy Qur'an bi rahmatillahi, from our Lord's endless Happiness Oceans we are happy. That is `ilm or jahl, anything wrong that you are always so serious, strict, for what? Because I am reciting from the Holy Qur'an? And I am nothing, and only making tadhkeer, reminding you to be happy!

Say to people, "Be enjoyful, because of our Lord's endless Blessing Oceans that He prepared for you, O Mankind, to be happy!" Say to people! Bashshir wa la tunaffir, "Bring them good news," it is a hadith also? What are you saying? Always your face is like this (Mawlana makes his face serious.). Any vessel just drawn for you through the Red Sea? Therefore, you are so unhappy, like this (frowns), for what? Allah Almighty is saying, fal yafrahu, we are happy, raghman `ala anfikum, inspite of your will! Alhamdulillah! Be farhaan, fully joyful, not just a little bit! Yes. Bashshiri 'l-mu'mineen, raghman `ala anf wahaabiyyeen raghman `ala anf Salafi `ulamas.

We are happy with our Lord's tassaruf, what He is doing, yes! Bashshir! That is a holy command from Allah

Almighty to those people who are saying, "We are representatives of the Seal of Prophets (s)." Mashaa-Allah. What do you think about that one who all Creation is created for his honor, Sayyidina Muhammad (s)? (Mawlana Shaykh stands.) Making people to be in sorrow, sorrow, sorrow, through his majlis or his assemblies, meetings, no! (Mawlana Shaykh sits.) And Wahabi people are taking from Salafi `ulamas, never even smiling, (saying to) leave laughing, smiling is forbidden, because laughing is haram, smiling is bidaa`. "Don't smile, be serious." What, are you sitting in a big court, to be so serious? Tabassum, smiling! Allah (swt) is happy when His servants are happy!

Therefore, I am shouting on Kerim also, always coming like this, never smiling. Abdel Kerim doesn't show smiling, he is a bandit (thief)! Yes, make people to be happy, happy with their Lord! Real happiness is with our Lord, not with dunya! Whoever is going to be happy with dunya, they are losing, they are falling in an endless sorrowfulness. And who are they? They are millionaires and billionaires, but they are fearing that the prices are coming down, they are going to be very, very sorrowful!

"Ohhh my brother, ohhh what do you think about oil prices? It was going up and we were very happy, but now it is going down very quickly and that is making me not to sleep well or not to enjoy eating, not to enjoy with our wives also. What we shall do?"

"Ohhh, don't worry, today coming down, tomorrow may go up. What are we going to do? One day down, one day up. I don't like such a thing. What we shall do?"

That is sorrow of rich people, millionaires, billionaires or trillionaires; that is sorrow. Be happy that one plate you may eat and not giving trouble to your stomach, not making a headache to your head! Say, alhamdulillah, shukrulillah. People are making such nonsense points, to make them sorrowful and it is nothing! Therefore, always coming to me for addressing people, "O People! Don't forget that hadith of the Seal of Prophets (s):

•• •••• •••••• ••• ••• •••• •••• ••••• •• ••• •••••• •••• •••• •••

bismillahi 'r-Rahmaani 'r-Raheem, law kanatid dunya tazin `indallahi janaaha ba`ooda maa saqaa kaafirun shurbata ma, If this dunya weighed in Allah's Sight the weight of a mosquito's wing, Allah (swt) would not have given a disbeliever a drop to drink!"

Write this with golden letters and put it everywhere so that people may reach a peace through themselves!

They will be peaceful, never going to be sorrowful. If all oil wells are finishing, you must not be sorrowful. You may say, "It is okay, alhamdulillah. He Almighty is granting and He is taking, I may make it fee sabeelillah." Everything you must try to do fee sabeelillah. You will be so happy! What are we saying? We are saying we must always be happy, we must not show that we are sorrowful, or sorry, no.

Always you must say, "O our Lord, O our Lord, You are to be happy with us, that is our capital! To be in Your Divinely Presence on the Day of Resurrection!"

And the Lord of Heavens is saying, "O My servant, I am happy with you!" Anything else such a person saying? If a person is saying, "O my Lord I am happy with You! ... I have been thrown through seven hells, and those seven hells going to extinguish. I was so joyful with refreshment and pleasure and happiness. Allahu akbar!"

O People! Think such things! O Salafi `ulamas! Change your ways! O Wahabi People! Don't swear to anyone! We are speaking the truth, to be happy that we have been created from human nature, and Allah Almighty granted us from His endless mercy to be His servants. Be happy; don't swear at anyone! Make Him happy! When you are swearing, that is turning up and you are going to be lost! That is heavenly inspiration that they are making people to hear through east and west. And you, because you are so hard people, Salafi `ulamas--very serious, never smiling or laughing, you don't even like to speak to common people--you are making for yourself a special level. If you are going to be on that special level, you will be there alone! No one is going to be there, one, two, three, four, ten people will sit on that place, nothing else. Bashiri 'l-mu'mineen! We are mu'mins! You can't say who is saying, laa ilaaha illa-Llah, (Mawlana Shaykh stands) Muhammadun Rasoolullah that it is kafir, (Mawlana Shaykh sits.) Beware from Allah Almighty's divinely anger!

And He was ordering to His most beloved, most honored, most glorified one in His Divinely Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) Say, "O My most beloved one, say good tidings to My servants, particularly who they are thinking themselves on high levels, and it is My order to everyone to know and to do: O My most beloved one, say to them, ••••• ••• •••••• bashshiroo wa laa tunafiroo, 'Give good tidings and do not repel people.'" Yes, hadith?

O Wahabi People! What are you saying? Making every way closed on believers, saying, "That is bidaa`, that is haraam!" Al-halaalu bayyin wa 'l-haraamu bayyin, "What is permitted is clear, what is forbidden is clear."

From your pockets bringing, "That is haraam, that is kufr"? Who is giving to you? Are you representatives of the Seal of Prophets (s)? Keep yourself! I am nothing, but Who is making me to address all nations, from east to west, north to south; you address also, if you have authority! Stand up and warn people, say to them what you know!

I am nothing, but heavenly powers are asking me to address all people through east and west, to all nations, Christians and Jewish people, all non-Muslim world, to say, to know, what is the reality that Allah Almighty sent to his 124,000 prophets. What are they saying? We are saying here, may Allah forgive us! That is important. Say, tawbah yaa Rabbee, tawbah yaa Rabbee! Bashshiroo wa laa tunafiroo, Don't make people to run away from Islam by saying, bida`, kufr, haraam, shirk. They are running from you--not from you, from Islam--and that is the biggest crime in the Divinely Presence, you can't do that!!

Wa la tunaffiru, another hadith just joining the first line, yassiru wa laa tu`assiru. That is hadith-i-shareef or kalaamu 'n-naass? Who said this? That one said this who never speaking from himself:

••••• ••••••• •••• •••••••••

wa maa yantiq `ani 'l-hawaa, Nor does he say (aught) of (his own) Desire. (53:3)

It is not your word or my word, but Who granted heavenly wahee, revelation, He was speaking! Not `an-nafsee, not from himself. Why are you not yassiru (make this easy)? And everywhere, every Islamic country is also making as much as possible trouble for their citizens! They are making everything that is difficult, never giving an easy way, putting for everything a difficulty. Allah (swt) will ask mulook, kingdoms, and their representatives, presidents, and governments--everyone that is making and giving trouble to Muslim people or to Mankind! They will be asked! They will be judged on the Day of Resurrection and will be punished. Yassiru, you can't find anywhere that official people are making (life) easy for citizens, what they are asking to do. Allah (swt) is looking and seeing and writing!! May Allah (swt) forgive us!

O People! Beware of Shaytan! Shaytan is using thousands of tricks, bringing in ma`dharaat excuses, because you are doing "this for this." In Holy Qur'an it is written this, or that? Follow Holy Qur'an, follow Holy Shari`ah, heavenly orders, give everyone's rights!! You are appointed to look at who is oppressor, and (look after) oppressed people everywhere! Through all Arab countries, Turkish, Egyptian, Maghribi (Morocco), Libya, Iraq, Pakistan, ....Allah (swt) will ask their heads. Those people will be brought on the Day of

Resurrection and their hands will be bound with iron chains to here (Mawlana points to his neck), and they will be asked about their nations! If their nations are saying, "He did for us what is best for us," then their hands are opening and Allah Almighty then is looking after His judgment. It is not easy to be malik, sultan, shah, raa'ees jumhooriyya, presidents; they are not here (in dunya) something useless, but there (in Akhirah) they will be under heavy responsibility for everyone.

Therefore, Sayyidina `Umar, may Allah (swt) bless him, was crying and (people were) saying, "Why are you crying?" Woe to `Umar, oh so sorry for `Umar, because `Umar will be asked on the Day of Resurrection, (as he said), "Even if one wolf is eating one sheep, I will be asked." SubhaanAllah. Therefore, through his khilafah, Ameeru 'l-Mu'mineen, through his being, no one from wild animals is making such an attack. One day, one shepherd was seeing that one wolf just catching one lamb and running away and he said, "Why?" Ameeru 'l-Mu'mineen just passed away .... oh just passed away Khalifatu 'l-Mu'mineen, really he passed and then a wolf was catching a sheep. He was keeping such a perfect justice! Hellfire for the zhaalim (oppressors), shahs, presidents and others!

May Allah (swt) forgive us. Tawbah yaa Rabbee, yaa Rabbee. Astaghfirullah.

Dome dome dome dome, Dome dome dome dome 4x

You only, our Lord, forgive us.

Fatihah!

Tawbah yaa Rabbee. Tawbah astaghfirullah.

(41 minutes)

Shaykh Hisham is on the phone, leave that to be seen, yes sir!!! (Do not close the broadcast!)

(Mawlana Shaykh speaks with Shaykh Hisham on the phone.)

## Buddha Was Closing His Eyes from Everything but His Lord

Dastoor ya Sayyidee, madad! Allahu akbar. Yaa Fattah. Ya Allah. Ya Rabbana rabbi 'ghfir w 'arham. Laa ilaaha illa-Llah anta khayru raahimeen. Allahu akbar, Allahu akbar. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. La ilaaha illa-Llah Muhammadun Rasoolullah (s), Sayyidi 'l-awwaleen wa'l-aakhireen. Madad yaa saahib 'l waqt, madad yaa rijaalAllah, yaa sahib 'l imdaad, madad! As-salaamu `alaykum wa rahmatullahi wa barakaatuh.

You are poor listeners and I am a weak servant! We are really in need of heavenly support. We are going to finish and vanish.

Laa hawla wa laa quwatta illa billahi 'l-`Aliyyi 'l-`Adheem 3x

O People! Don't trust yourselves, you are weak ones; trust only a representative of our Lord. He is the only one in the Divine Presence and he is over the whole Creation, authorized to order or to prevent according to the will of the Lord of Heavens.

O People! As-salaamu `alaykum wa rahmatullahi wa barakaatuh. This salaam is a heavenly support to you and to everyone. Therefore, Allah Almighty is ordering His servants to give us those holy words and to

address to each other with as-salaamu `alaykum. That is not a material thing, but it is a heavenly gift that has been granted to weak servants. Therefore we are saying, as-salaamu `alaykum wa rahmatullahi wa barakaatuh.

Listen and obey; listen and follow; listen and learn; listen and try to be honored ones. Salaam gives to all Mankind heavenly support, heavenly honor, heavenly pleasure, and heavenly satisfaction. We may speak on salaam from now up to next week, it is never ending. O People! Give salaam to each other. Therefore, we are saying as-salaamu `alaykum. I am a weak one but when you are saying, wa`alaykum as-salaam, I am taking a support because the Lord of Heavens is giving support for His chosen people through salaams, coming and making it to go up.

O people, after salaam we are making a familiarity between ourselves. You are my Lords' servants and I am also a weak servant. I am one from your crowd and you are giving me through your wa`alaykum as-salaam a kind of support to address you; there is coming heavenly support. We are saying first of all to take away, as we can't pray without ablution; we must be clean for praying. Also, when you are saying to me as-salaamu `alaykum, an ablution, a cleanliness is coming on me and on you. We are in need of an ablution. When you are saying a`oodhu billahi min ash-Shaytaani 'r-rajeem, it is a cleaning of ourselves. Then we may say, bismillahi 'r-Rahmaani 'r-Raheem, "By the Name of Allah Almighty, All Merciful, Munificent and Beneficent," and we are beginning and at full speed we may go on. That means the way is open, go on!

O People! `ilmu 'l bahru laa yudraku, "Knowledge is an unreachable ocean," that you can't find an end and you can't find a depth. I am sitting here and from those endless, heavenly knowledge oceans, looking at something that is prepared for us now. I was trying to prepare myself for speaking and addressing people, but they are saying, "No need, finished. Trust on our heavenly power, and you should be in rest." Today I am looking at what is coming and we may speak on it. Endless oceans of knowledge, Allah, Allah. O our Lord, O our Lord, we are ashaming. I am ashaming to ask anything because You are giving and giving, (and saying,) "Take as much as you like."

Once upon a time, a sultan was inspecting his capital to see the position of his people. He saw one person, a blind beggar. He ordered his servants, "Take him to my treasure, give him a shovel and let him take how much he can carry on the shovel to be for him."

That person was bringing a heap of gold and saying to him, “Take the shovel and take how much you can carry on it.” He may take it; it is for him.
That blind person is coming, saying, “What am I doing now?”
“Take the shovel and in front of you is a heap of gold.”
Yes. He was trying to take it, but he was using the shovel upside down. Nothing. He was coming a second time and trying once again. He was carrying that shovel, but nothing on it three times, and the sultan was saying, “What can I do if the Lord of Heavens is not happy to give to you? What can I do? But give something to him and send him away.”

Now so many people are coming and asking to hear, yes. Some of them are bringing shovels and their eyes are open, taking. Some of them are looking here, looking there and taking nothing; perhaps one or two words they may keep. But who is the looking-one, coming with a shovel to take from a heap of gold, to reach something from heavenly knowledge oceans, who is taking care to take? Some of them are bringing a little cup and taking from that ocean, some of them are bringing big cups and taking much more.

O People! O my listeners, you are listening to heavenly knowledge! Therefore, be careful! Such a message now, very, very, very rare! It is a grant from the Lord of Heavens to His servants because they lost the ways of Heavens. The Lord of Heavens is asking to show them real ways. I don’t know how many through east and west making naseehat (advise), such a declaration and advising people. Subhaanallah. That instrument in front of me, what is its name? Camera. The camera is listening more than people! It has much more care not to lose any word from me! This man-made instrument is taking and giving to you. How are you sitting there, hearing and taking nothing? What is that? Why is even one not taking? Perhaps one seed may be a big gigantic tree and grow quickly through your real being. Take care. Don’t say, “I don’t care.” If you are saying, “I don’t care,” heavens are saying, “We are also not taking care for that idiot one, ghafil, or heedless person. Even one word keep it, write it down. (You must be thinking,) “I heard today something that may be useful for me for a lifetime.” Therefore, please give a little bit of attention; that makes me speak much more clearly and easily.

O People! Marhaba (welcome) to who is listening and saying, “Well done!” and knowing that reality is speaking. I hope the Lord of Heavens and His representatives never giving wrong things. So many kinds of jewels are coming to you, that you may take just one or two and it is okay if you are not taking all. Everyone

likes to have a treasure, yes it is true, but use your mind. Which treasure do you like for yourselves, a temporary or permanent one? You should say, “No doubt I like a permanent treasure.” Okay, what do you think if you are going to be mukhayyar (to have the choice), to leave it up to your will, O our Lord’s servant? For your life, are you asking to be granted a temporary life full of enjoyment, or a permanent life? Which of you will say, “I like temporary and not permanent?” Why you are not using your minds? All of you are running after temporary treasures! Why are you not running after permanent treasures? How are you using your minds? If a person is not using his mind, their level is under the level of animals. Yes, this is important. You must have a choice, to choose this or that. For everything, you must give that measure. (Ask yourselves,) “Am I prefering a temporary capital or permanent? If I am doing this, is it only for a temporary time or forever?” Use your mind, O Mankind!

I know nothing, but they are making me to address to you. No one can object on these words, even holy ones from popes, bishops, rabbis and other religious people. No one can be able to object on such a reality! Their objection coming on realities, not coming on me, no! I am someone who is only transferring to you from heavenly realities. Use your mind, and choose which one for you: permanent or temporary? (Mawlana claps his hands.) Mashaa-Allah. Where are our shaykhs? Where are our proud Salafi people? Where are our Azhari (al-Azhar University) people? Where are our Wahhabi `ulama?

Where are our Buddhists, proud chiefs, who are asking Tibet only to be for themselves? Make yourself independent first, then the whole world is going to be independent for you. So many people making their clothes like this. (Mawlana gestures sparse clothing.) Before 5000 years ago, giving nothing to them. I am asking Dalai Lama, I know his name; I am calling, “Come and speak, what is your aim to be a Buddhist one? Why you are saying that your lord is Buddha? Which benefit is coming to you from him?” Ask to them if that very small, unknown person, “What do you think about him?” Ask him, “What do you think about that servant?” Everyday, with a hammer hitting our heads, we can’t find any answer.

Now he is beginning to ask Dalai Lama, then he may ask Buddha. I don’t think Buddha may give to them an answer because every statue of Buddha is sleeping. I am asking, why sleeping? They are saying, “He is doing meditation.” Sleeping people making meditation, what is that? For whom Buddha was making meditation, to himself or to someone else? Say, “Come to reality.” You must come or the power going on them. Don’t ask Tibet to be a free canton, through China or over India, no. You are not going to be changed if you are going to

be under command of the Chinese government or Indian government. When you are going to be a free, Tibetan, Buddhist republic, what will happen? You are changing your clothes, changing your minds? No. Why you are objecting? You are asking Buddha if you are living in our ways, are you happy or not? You may ask Buddha. What is your opinion if you are asking a free Buddhistan, like Hindustan, like Turkistan, like `Ajemistan, like Afghanistan? What happened (when they became independent)? Nothing happened.

O People! This is a (spiritual) "whip" coming from the heavens. If you are not thinking on it, then coming on you. I am, therefore, giving a warning to you. Change your minds! You may dress any dress, it doesn't matter, but you must change your mind and your understanding in front of real realities! Real realities coming from prophets and from heavens. If you are saying Buddha was a chosen one from heavens, he warned you, but you are not understanding. He was closing his eyes from everything occupying man away from his Lord. Therefore, making to teach you and you, Dalai Lama, are asking a Tibet Republic for Buddhist people? In which book is Buddha speaking this to you? He did it? No, never! May Allah forgive us.

Dome dome dome dome

(37 minutes)

Yes, O people, that they are making a weakest servant to speak. No one can object or face these real realities. No one can refuse or bring an objection. You can bring an objection, yes, but what is your point, I may ask? I made their proofs to be ashes! Someone bringing to me ashes and I am asking, "For what these ashes you are bringing to me?" I was keeping here, but some people bringing ashes for me. (Mawlana displays an urn.) What is the benefit of this, but I am keeping this to show people and their understanding level. Yes, look. You can't eat it, if putting on eyes going to be blind, if throwing, ants running away! For what, this? People just lost their ways, lost realities!

Shaytan in countless ways making people to run after his false and wrong ideas. The leader of falsehood, Shaytan, asking to carry all people after his false ideas. Wrong ideas, never happened right ideas but touching imagination of people. So many schools of different ideas you can find. (Mawlana Shaykh mimics) "If you like to learn, pay some money, we shall take you inside to teach you something. First, how you are going to sit to make meditation." Yes, they are saying this. Making people to leave reality, but people mostly they are heedless, only asking for delights of this life and nothing else. Leaving real treasure and running after

temporary pleasure.

O People! You must come; time is over and the Last Day is coming. The Day of Judgment is coming. Day of Resurrection is coming. Beware, take your honor. Try to learn for what you have been in existence, or you should be regretting. O People! I am only a weak one, but the Lord of Heavens giving to you such an authority, speaking here! Through east and west people may listen, yes sir!

(Mawlana sings)
Allah Allah, Allah Allah 4x
Dome dome dome dome 8x

Fatihah. (43 minutes)

Okay, enough. Thank you for our listeners. Allah gives them holy power from heavens, for understanding such holy words. It is not from me but they are making me to speak and to address you. O Mankind, I am a very weak servant! Thank you for your listening. May Allah grants you from His endless Mercy Oceans and blessings come to you.

Fatihah. (45 minutes now, 326.000 viewers!) Okay. Should listen whole world bi'amrillah, by His holy order of heavens.

**Building for Islam**

Wintertime you can't live here, difficult. But we are looking another land downstairs. We are intending to built like old houses style. So many kinds, styles. Two people, four, six, ten people in a house, or which style, they may look what X. is drawing. We are not going to build palaces, we are in need to build as Shariat saying, we are not going to build buildings that are going to be 100 years, no. Time is over now. We are only asking simple and humble places to be there for a short time, because when Mehdi alayki salam is coming, people must run to Damascus till Dajjal is going away, just killed, and Isa alayhi salaam is coming.

After that, people are going according to their destination; they may go through East and West, Dunya is empty, and moving is easy- we are not in need to have cars, trains or planes, no, not even ships, because the time of Mehdi a.s. is just opposite to what we are in now. Now everything is going to happen through, 'Adatullah, natural laws, natural rules, you must follow them. 'Adatullah- Sunnatullah, that Allah put rules for the life of mankind, but mankind now they are so foolish ones, leaving the rules that give to people pleasure and contentment and that make their lives easy and in pleasure. People left them and follow the ways of shaitan, satanic teaching, they are building such buildings that they think as long as these concrete buildings are standing up they think that they may live with them. That is the main purpose; they think that concrete buildings may give to them long life, because buildings are suitable for a long time, and they

think that simple buildings, Arabic buildings, old style Islamic buildings, quickly come in ruins. They think that this is a reason for their lives to be a short life. Therefore they destroy old buildings, even on the top of mountains, and you see that concrete buildings just reached from the highest points of living centres on earth up to lowest places on earth; it is only for concrete buildings. If not from concrete, the buildings are blocks, just made with cement. Even simple buildings through countryside people try to build them from cement. Cities- concrete buildings, like cities of 'Kaum ul Ad', strong buildings.

Therefore, in our days now, everything is opposite to the natural rules. Natural rules, as we said, were an easy way for our lives, but we left it, we destroyed everything from past time and build on it concrete buildings. Those foolish people even reach to the mosques, they even destroy the mosques that are historical monuments for Islam and they say: 'We are rebuilding them with concrete'. Old mosques attract people to pray in it, those new buildings make people not to enter them. Such disliked buildings for our souls; no life, no attraction, no spirituality in them - nothing. But we must pray. Where we may go?

This is the time everything is opposite to the natural rules that Allah Almighty put for His servants to live easily, easy life, not to be their lives difficult. 'Allah yuridu bikum yussir, ma yuridu bikum 'usr.' Allah Almighty likes for His servants an easy life, not a difficult life. This is a difficult building and makes difficulty for our lives. But people follow satanic teachings and leave heavenly directions, heavenly advices for them. And everything is going to come in existence with so many difficult conditions. This building- it is not easy to build such a building. So many months or years you must give your life to build such a building. When you enter in it, going to be unhappy also.

Even people if they are doing as Allah Almighty ordering to them or advising to them- sometimes Allah Almighty ordering, sometimes advising, leaving to our minds to think on it- advising ourselves and saying: 'I like for you easy life, follow My natural laws and rules. Use it for yourself, it is easy.'
When you get against the rules of natural laws, going to be our lives more and more difficult. Even if you are going now as before easy life, according Sunnatullah, natural laws, that is going to stop the time of Mehdi a.s. And instead of Sunnatullah going to be in act Kudratullah. Kudratullah also taken for servants of Allah Almighty, another way of power.

Now whole modern life is depending on one source of power. One ray from the power oceans is reaching on earth and giving authority to mankind to use it, and that is electricity. If taken away, modern life like twin buildings in New York coming down, finishing. One ray from power oceans is authorized for mankind to use, and modern life came on it: Finished. Therefore when Mehdi a.s. saying: 'Allahu akbar, Allahu akbar, Allahu akbar', it is going to be off. On, quickly coming to off, just cut off, finished.

Kudratullah- that is miraculous powers. From Holy Quran coming also. Miraculous powers coming that time, because all people are believers; no more dirty people on earth. Now the earth is full with dirty people. Therefore these wars and troubles are coming to clean mankind. Must be, because they are not cleaning themselves by themselves, and coming that- cleaning of earth from dirty people. The time of Mehdi no dirty one, no, clean ones, and clean ones. As Allah Almighty said to Sayidina Musa, Moses peace be upon him: 'Kuni kama urid, wa akun laka ma turid': 'O Moses, try to be as I like you to be. When you are going to be as I like, I am going to be for you as you like'. Balance. But people only asking now to be everything as they like, no one thinking that we must also ask the pleasure of our Lord, if He likes or not. That is main troubles, that you can't find a way

to take away. No way to be taken away troubles, because people are only asking to be everything as they like and no one is asking if our Lord He likes this or not. No solution for mankind now for their problems, no solution. And solution must be both sides, this equal that. If you are giving your will to Allah, He is going to make everything as you like. If you are keeping your will, not taking care, not asking the Will of Allah Almighty, you can't reach anything.

And it is just finished the time that Allah Almighty gave to mankind as a chance to do everything, to make everything. And they try to reach everything as they like and it is so difficult. Now just cut- no more chance for mankind, for states, for statesmen, for big man, businessmen, rich men, to live as they like or to do something as they like, no, finished.

One month just finished from 1423. First month Muharram just began cleaning of earth from dirty people and it should continue. Then coming a time people going to be clean, and Allah Almighty giving to them an authority from His miraculous Power Oceans, so that if he may ask to be in a moment from Damascus to Mecca Mukarrama, he may be there in a blink of an eye, to reach to East or to West. Everything with miraculous powers is going to appear. The life style is excellent, because the obedience of people going to be on a high level in the time of Mehdi a.s. and Jesus Christ.

Now we are preparing ourselves for that time, and ask to reach to those most enlightened days, most enlightened life for mankind. We are asking from Allah Almighty to reach. Up to that time it is going to be a very short time, but we are in need of some places for ourselves, for one years, or two years, or three years. And we have been advised by the holy Prophet, the Seal of Prophets, most honoured servant of Allah Almighty S.Muhammad sws, to be in Damascus. Therefore our hearts begin to run to Damascus.

And it is not easy to live as people live under tents. We must use some buildings, simple buildings, suitable for Islamic style, till reaching the time of Mehdi a.s., then should be buildings. Dunya rebuild by Jinns. They may do quickly Islamic buildings: from out looking and inside decoration should be 100% Islamic. Anyone entering to his home, never asking to get out to enjoy himself through these dirty places.

Now people never like to be through their homes, because so difficult. They are asking to run away from their homes. That is a biggest cursing reason or curse on people, that they are not happy, when they are through their homes. And happy one, lucky one, is who may be happy through his home. Those who are not happy through their home, they are not happy ones or lucky ones, no. Wa min Allah at-taufiq, Fatiha.
Damaskus, Rankus - 20.04.2002

## BUILDINGS

When the last days approach, the signs of the End of Time will come. One of them, is that people will be occupied by buildings. They will not take care of their real life, their life after death, they will spend all their time building skyscrapers that look as if a person would be living for 1000 years. They never think about their real life, their eternal life, even though they are so close to death. There are so many reasons for dying. In spite of all that, these people make buildings as if they would live for 1000 years or more.
That is a sign of the End of Time, and the Prophet sws. is unhappy with that kind of umma, because their faith is getting weaker and weaker, and every time our faith gets weaker, our care for eternity gets less and less... The faith of the whole world is decreasing. It is normal for the world of unbelievers, but not for Muslims. And now the Muslim world is competing with the non-muslim world. They want to be like the unbelievers. Even in Hijas, in Saudi-Arabia, in Mekka they are building like this. It is against the warning of the Prophet sws. he never liked such buildings. Nevertheless they continue to build these buildings in Mekka and in Medina. On top of that they even blame the Muslims who are faithful to the ways of the Prophet. They say it is bida and haram.

People who want to separate themselves from this nowadays need strong faith. And even if they do have that, it doesn't mean that their children will have the same and will want to do the same. Even their husband or their wife might not want to agree to live in that way. So they might have to be patient and say 'Astaphirullah'.

It is not necessary to build high buildings and to be crowded in such a way that you need high buildings. Allah Almighty said, "The world is big enough for your accomodation." All these things are against the rules of heavens. Those who are crowded in huge cities make endless problems. Maybe all problems of mankind at the moment are created by these crowds in the huge cities. You can't control them.

## And When The Girl Buried Alive Is Asked (81:8)

Bismillahi r-Rahmani r-Rahim Dastur, ya Rijalullah. As-Salamu alaikum, o attendees. o lovers of Shahu Mardan As-Salamu alaikum. Say Salam: As-Salamu alaikum so that our actions may be safe and our situations and conditions beautiful How beautiful are the words and the advice of Shahu Mardan. Let us learn the ways of servanthood. Janabul Haqq Jallahul 'ala is ordering this to all mankind. It is written also in the Bible, the Torah and the Psalms. And there is an Ayat in the Holy Quran that says it also.

Speak oh Shahu Mardan. Your lovers are listening to you. May our Lord give us an ear that can listen. May He give us the strength to keep it. Let us present our servanthood. For what reason have we been created? For servanthood. Let us say: Bismillahi r-Rahmani r-Rahim. It is the key to all earthly and heavenly treasures (Mulk and Malakut) so don't forget the Basmala: Bismillahi r-Rahmani r-Rahaim. Say and spread the honoured name of Janabi Haqq all over your body. No illness, nor sorrow will remain. You will find health, Shahu Mardan is saying. Listen! "Isma'u wau wa idha waraytun fantafiu". Listen and keep it! When you keep it you will gain benefit from it.

They use petrol for cars. Does the car move if you don't put petrol in the tank? Without it it is wasted. They put petrol in the gas tanks. The secret in that petrol makes the car move. So let us say: Bismillahi r-Rahmani r-Rahim. Listen, o lovers of Shahu Mardan, does a car move without petrol? No. What is it that moves a human being? Man is not like a car. Cars need petrol and move with petrol. Why don't you ask, oh stupid ones: A car moves with petrol but what is it that makes a man move? I am asking. Shahu Mardan says: Let me ask all the people; the Muslims

first, being the crown, but we are asking also the Christian world and the Jews: What makes a man move? They call it the power to move, the driving force (Quwwa muharrak). Is it through our food or is it through the secret in the food that we take that power?

If it was only by what we eat, all animals would die. How does a huge animal move with the straw it eats? That is strange. If an animals eats it gets fat. Why? Through straw? How strange that there is such a power in straw. Goats and sheep eat grass and it becomes meat. There is a secret in grass also so that by eating grass the animals grow. They eat straw, herbs or grass that nourishes them and becomes meat. O you people, you became like animals. Look animals eat grass and it becomes meat. That grass makes them strong. What is the secret? Go on, Shahu Mardan, tell us because man now has forgotten his humanity. When animals eat they don't think of anything else. When a dog -hasha mina l-hudur- eats a bone it thinks of nothing else. Are you the same? Are you also of the same nature, like those who eat bones and straw? Are you on the same level?

What a pity. Those who don't know their level fall under the level of animals. Go on, o Shahu Mardan. Talib Ridu r-Rahman. How beautiful you speak. O lovers of Shahu Mardan, especially Muslims, what is suitable for human beings is to listen to Shahu Mardan. So it is obligatory, Fard. Because Shahu Mardan tells us such beautiful truths that you remain amazed. Learn and leave the level of animals. Don't be on the level of bone-lickers and straw-eaters. Get out of there! Make an effort to reach Shahu Mardan's level. You must learn. Animals know what to do and they do it. Man who stands up on two feet doesn't know for what purpose he is a human being. What a shame. Man doesn't know for what purpose he is a man, and that makes him under the level of animals. Because the straw eating animals know what to do, for what they were created. The bone eaters know it, too. Only the human being doesn't know for what he was created!

Man is really strange. He has come on Earth for a certain service and he doesn't know what it is and doesn't try to find out. He is like a drunkard. What a pity for humankind. He should know for what reason he is a human being and what a human being is supposed to do. They call this the 21st century -Allah knows which century it really is. Do the people of this time know for what the were created? And does he make it known? What do people of today look for? What are they

searching for? What do they want? What is their aim? To become employees, soldiers, businessmen, captains, football players or tennis players? Is this the purpose of the creation of man? Is this their purpose - to pass their time and life playing tennis, playing football? Is this the aim of humankind? 11 players here, 11 players there... 22 people whose minds are only fit for football and nothing else, 22 people.

They prepare an area and, without stopping, they kick a ball around. It is a huge building and inside there are these 22 people. In order to see them kick a ball 100.000 or 200.000 people or even 50.000 people are shouting, standing up. What shame for human beings. Go on o Shahu Mardan. Let us ask them: Has man been created for playing football or for watching football? How strange that no one is asking this. Fenerbahce (Turkish sport club) has won. No. Which one is the English one? Liverpool has won. This American team, that Russian team... Yahu, Have you been created for that? Are you never thinking? "Hal min mudhakkir?"

Yahu, is there no one among you who thinks and reflects? Allah Almighty, the Creator of Heavens and Earth, Jalla Jalalahu, is asking: Is there nobody among you who reflects and asks for the wisdom of man's being on Earth? For what have we been brought into this life? Because we have been brought here, we haven't brought ourselves here. Why don't they ask? Why don't they teach? People today say: I am important, you are important, I am strong, I am powerful... with that claim they go around and with whatever power they have in their hands. What are you doing with your power? Let's crush our enemies, they say. Let's get stronger. Who is your enemy? Eh, this or that nation. And why are they your enemies? Because they want to control the world and we also want to control it. If he says, I am Russian, the other says, I am American. If he says, I am Chinese, the other says, I am American or Japanese. I will crush China and turn everything upside down - they say. Is it this what you have learned about Humanity?

Are those human, who dress like wild animals in order to finish humankind? Have you ever seen a creature in the jungle that makes its own kind extinct; that eats its own children? No lion, no tiger does that. The jungle is full with wild animals but no wild animal ever tries to make its own kind to vanish. But people nowadays are worse than the wild animals in the jungles. They are more evil and more low. Why? Because they want to make humankind extinct. What right do

you have, what authority do you have to finish mankind? Before they used to make war with arrows - now they are making such accursed weapons that with one blow they wipe out a whole country.

O man, has the human being been created for this? Say, oh Ahuntlar (Shia Mullahs), oh Popes, oh Cardinals, oh philosophers: Has man been created to finish off humankind? Say! Let them give the answer to this: Has man been created to finish off mankind? Shame on them! And still they call this civilization, western civilization? They are not ashamed Masha Allah! 'Western civilization'. Their whole efforts are to finish mankind. What is the kind of human civilization they have been given? All their efforts are go into making weapons. All their works! Yahu, a stone already can kill a man. But they are making so many weapons! For what? Where are their Popes, where are their religious scholars? Say: Has Allah created you to eliminate the human race on Earth? Has He ordered you to finish one another? What is this shamelessness, this ignorance, this cruelty?

Animals know why they have been created. Goats eat herbs, donkeys carry burdens, horses carry their riders. They know. But man has the shape of a human & the spirituality of an animal - a wild animal. Do the lions of the jungle group together and fight each other? Even though they are animals, they don't do this. Go on, o Shahu Mardan, Habibur Rahman. What Shahu Mardan is saying are the words of a man. Let them answer, the heads of the world, those who claim to be "Alims, who claim to be something because of the special clothes they wear. Say!

Allah Dhul Jalal, He who creates the Heavens, He who makes the clouds wander in the skies, who lets it rain blessings, who turns everything upside down with whirlwinds - He Whom no power nor strength can oppose, for which purpose has He created you on Earth? A donkey -hasha mina l-hudur- knows that it has been created to carry loads. A horse knows that it has been created to let a man ride & to carry him around. A camel knows that it is the transport for man as well as for his loads.

O man, how is it you don't know for what you have been created? Why don't Popes say it? Why don't scholars say it? Let them say it. The super powers, as they call them, what do they think,

what do they say, what is their work? It is: I want to be the strongest one. I want to make my enemies dust and smoke. Yahu, dunya is not only for you. Allah DhulJalal says: Innal'ardi wasiatun fa iyyaya fa'budun!(29:56) Allah is saying: This earth is so wide. I created it. "Fa iyyaya fa'budun", therefore serve Me alone! Take your share. Keep My Orders. Know Me. I am the One giving you your honour. It is not for human beings to give honor to each other. Go on o Shah Mardan, Habibur Rahman, Sahibu Maydan, Mubarak Shah Mardan. O lovers of Shahu Mardan, listen and understand - If Janabul Haqq wishes He can educate all of you by means of 1 servant.

If you don't let yourself be trained, Janabi Haqq doesn't need to use a human being to teach you a lesson.. Once an illness came to Basra. Listen, o lovers of Shah Mardan and all people - an illness came to Basra and in one day 70.000 people died, not by cannons or rifles. 70.000 in one day! On the second day 71.000 people. And on the third day there was nobody left to return to his house or get out of it. He sent one illness. It was an unknown illness that finished them. So how you don't fear (Allah)? What power do you have? If He sends an illness to those armed with weapons, neither your fleet, nor your armour, nor your army will be of use. Fear Allah!

O Pope, o those who believe in 'Isa (as), say: What did the Prophet 'Isa(as) say? He said: If someone slaps you on one side don't react but turn your other side and let him hit that also. What is this kind of Christianity (now)? America is Christian. Russia is Christian. China - it is not clear; they are Gog and Magog. Japan has its own religion. America has its own religion. What is your belief? What is your aim? What is the reason for your existence on earth? To kill people? Go to the jungle and observe! Does a lion live to finish the other lions? What a shame for you! And they call it 21st century civilisation. It is a lie! It is an invention of shaytan and its incitement. It provokes. For what? To make us forget our humanity and unfortunately people now have forgotten their humanity.

Is that tall one with a small mind who makes Syria upside down forced to do it or not? He is someone who doesn't know. He put fire everywhere, burnt and destroyed. For what? "Wa idha lmawudatu suilat, bi ayyi thanbin qutilat" (81:8,9) Bashar understands Arabic. Let him hear this Ayat. Read it to him. Allah Dhul Jalal informs in the Holy Quran: "Wa idha l-mawudatu suilat,

bi ayyi thanbin qutilat." The innocent one will ask: For what reason have they killed me? Fear Allah, Bashar! What shame for you. May what you eat be Haram for you. May what you drink be Haram for you. May your being human also be haram for you, Allah is saying, and let your Muftis tell you if you are a Muslim. "Wa idha l-mawudatu suilat, bi ayyi thanbin qutilat." How many hundred of thousands of people and innocent children have you killed? You will be told on the Day of Resurrection, in the Presence of Haqq. They will ask: What sin did we do that this man killed us?

He made them into pieces, burnt, destroyed. Is this humanity? Is this Islam? Is this the way of Alawis? And the Shia especially - they are a group of liars. They love neither Ali (ra), nor anything else, because Ali's(ra) justice and was exact; Turkish Phrase "Thinner than hair, sharper than a sword." What is these people's duty? To get out of Iran and kill people in Sham? Is this their duty? But they will be asked: "Wa idha l-mawudatu suilat bi ayyi thanbin qutilat". Why, o my Lord, have they killed me? O Ahuntlar (Shia Mullahs), don't you read the Quran?

Say! What answer will you give? Is this the way of Shia to come all the way from Iran to Sham to kill, to abuse people, to burn, destroy their houses? What shame for you who call yourself Shia. Allah will ask you "Wa idha l-mawudatu suilat bi ayyi thanbin qutilat". Then answer!

It is Haram for a Muslim to kill a Muslim and make war against him. Muslims don't make war against Muslims. The heads of those who get up will fall by the sword of Shahu Mardan. Now it is left to Shahu Mardan to sort this out, the matter of the Iranians, the Alawis, the Shia - all of them. When this Rajab comes the sword of Shahu Mardan will be drawn. What does the Holy Ayat say? "Wa idha l-mawudatu suilat, bi ayyi thanbin qutilat" (81:8,9) That day it (the innocent soul) will ask: Why did they kill me? Hazrat Mahdi will come and you will see your accounting.

O my Allah, forgive us! O my Allah, don't make us from the cruel ones. O my Allah, don't leave us in the hands of cruel ones. O my Allah, make cruel ones fall on cruel ones. We want the armies that will raise the banner of Your Beloved one. What are they called? Asakir-i Mansurai Muhammadiyah.(The Victorious Soldiers of Muhammad s.a.w.) Write this! Write this. It is a name that is written in the Diwan of Haqq. In Islam there is one army called Asakir-i Mansurai

Muhammadia. This banner had been carried by our honourable ancestors for one thousand years. It was written on it. It reached the middle of Europe. The Adhan Muhammadi was being called in front of the city walls of Vienna. At the end, it was said: "Your permission is up to here. Now return. Go back." But the meaning of this turning back was not - You will never again conquer up to here, but - You will conquer.

The honour of Islam is great! Let them fear, those who fight Islam. Rajab, the month of Allah, is coming. Right ones became wrong ones. O Allah forgive us. O Allah forgive us. O Allah, send us the Sahib. O Shahu Mardan, you said it so beautifully, so nicely. Who can understand will understand and the work of those who don't understand is finished. Ya Rabbi ya Rabbi "Allahu akbar, Allahu akbar, May our armies always be victorious" Read the Gulbanq-i Muhammadi (Ottoman army song). O Turks, you left being Ottoman and say 'I am Turkish'. In what did the Turks succeed? The Ottomans succeeded. And we are Ottoman. May the one who doesn't accept that carry what will come on him. "Kulli amrin yarjiu ila asli". Everything returns to its origin.

Now Rajab, the month of Allah, is coming. Let's see which place Shahu Mardan will fly over. From the side of Khurosan alone 70.000 riders will come, riding their horses. On their heads will be turbans like the crowns angels wear, green or red, or black or white. Allahu akbar, Allahu akbar, Allahu akbar wa li-Llahi l-hamd. May our day be blessed. Our Shahu Mardan makes our hearts shine. It is shining and our strength increases. Let those who do cruelty, injustice to us finally fear. Rajab is coming. They will not find a place to flee. Wherever they hide themselves those who have a right on them will find them.

As-Salatu wa s-salamu 'alaika, ya Sayyidu l-Awwalina wa l-Akhirin. As-Salatu wa s-salamu 'alaika, ya Shahu Mardan, Sahibul Maydan. We join you. Don't make us from those expelled from your association. We are with you!
Fatiha

**Lebendig begraben**

---

Bismillahi r-Rahmani r-Rahim Dastur, ya Rijalullah. As-Salamu alaikum, Oh Teilnehmer. Oh Liebende Shahu Mardans, As-Salamu Alaikum. Sagt Salam: As-Salamu Alaikum, so dass unsere Taten sicher sein können und unsere Situation und unsere Umstände schön. Wie schön die Worte und der Ratschlag Shah Mardans sind. Lasst uns den Weg der Dienerschaft lernen. Janabul Haqq Jallahul 'ala befiehlt das der ganzen Menschheit. Es steht auch in der Bibel geschrieben, in der Thora und den Psalmen. Und es gibt eine Ayat im heiligen Koran die es auch sagt. Sprich, oh Shahu Mardan. Die dich Liebenden hören dir zu. Möge unser Herr uns ein Ohr geben, das zuhören kann. Möge Er uns die Kraft geben, es zu behalten. Lasst uns unsere Dienerschaft zeigen. Aus welchem Grund wurden wir erschaffen? Zur Dienerschaft. Lasst uns Bismillahi r-Rahmani r-Rahim sagen. Es ist der Schlüssel zu allen irdischen und himmlischen Schätzen (Mulk und Malakut). Also vergesst nicht das Basmala: Bismillahi r-Rahmani r-Rahim. Sagt es und verbreitet den geehrten Namen von Janabi Haqq über euren ganzen Körper. Keine Krankheit, keine Sorge wird bleiben. Ihr werdet Gesundheit erlangen, sagt Shah Mardan. Hört zu! "Isma'u wau wa idha waraytun fantafiu". Hört und haltet euch daran! Wenn ihr euch daran haltet werdet ihr davon Nutzen haben. Sie benutzen Benzin für die Autos. Fährt das Auto, wenn du kein Benzin in den Tank tust? Ohne ist es es nutzlos. Sie füllen Benzin in die Benzintanks. Das Geheimnis in diesem Benzin lässt das Auto sich bewegen. Also lasst uns Bismillahi r-Rahmani r-Rahim sagen. Hört zu, oh Liebende Shah Mardans, fährt ein Auto ohne Benzin? Nein. Was ist es das ein menschliches Wesen sich bewegen lässt? Der Mensch ist nicht wie ein Auto. Autos brauchen Benzin und fahren mit Benzin. Warum fragt ihr nicht, oh Dummköpfe: Ein Auto fährt mit Benzin aber was ist es, das den Menschen sich bewegen lässt? Ich frage das. Shah Mardan sagt: Lass mich all die Leute fragen; die Muslime zuerst, die die Krönung sind, aber wir fragen auch die Christenheit und die Juden: Was lässt den Menschen sich bewegen? Sie nennen es Kraft der Bewegung, die treibende Kraft (Quwwa muharrak). Kommt sie durch die Nahrung oder durch das Geheimnis in der Nahrung, dass wir diese Kraft bekommen? Wenn es nur durch unsere Nahrung käme, würden alle Tiere sterben. Wie bewegt sich ein großes Tier durch das Stroh, das es frisst? Das ist merkwürdig. Wenn ein Tier frisst wird es dick. Warum? Durch Stroh? Wie seltsam dass in Stroh eine solche Kraft ist. Ziegen und Schafe essen Gras und daraus wird Fleisch. Es ist ein Geheimnis im Gras so dass die Tiere wachsen, indem sie das Gras essen. Sie essen Stroh, Pflanzen oder Gras das sie ernährt und zu Fleisch wird. Oh ihr Leute, ihr seid wie Tiere geworden. Schaut, Tiere essen Gras und es wird zu Fleisch. Das Gras macht sie stark. Was ist das Geheimnis? Mach weiter, Shah Mardan, erzähle es uns, denn der Mensch heute hat seine Menschlichkeit vergessen. Wenn Tiere essen denken sie an nichts anderes. Wenn

ein Hund - hasha mina l-hudur - einen Knochen frisst, denkt er an nichts anderes Seid ihr genauso? Seid ihr von der gleichen Art, wie die die Knochen und Stroh fressen? Seid ihr auf dem gleichen Niveau? Wie schade. Die, die ihr Niveau nicht kennen, fallen unter die Stufe der Tiere. Mach weiter, oh Shah Mardan. Talib Ridu r-Rahman. Wie schön du sprichst. Oh Liebende Shah Mardans, besonders Muslime, was für menschliche Wesen angemessen ist, ist, Shah Mardan zuzuhören. Es ist also verpflichtend, Fard. Denn Shah Mardan erzählt und solch schöne Wahrheiten, dass ihr erstaunt werdet. Lernt und verlasst die Stufe der Tiere. Seid nicht auf dem Niveau der Knochenlecker und Strohesser. Verlasst es! Macht eine Anstrengung, um das Niveau Shah Mardans zu erreichen. Ihr müsst lernen. Tiere wissen was sie tun müssen, und sie tun es. Der Mensch, der auf zwei Beinen steht, weiß nicht aus welchem Grund er ein Mensch ist. Was für eine Schande. Der Mensch weiß nicht, aus welchem Grund er ein Mensch ist, und das lässt ihn unter die Stufe der Tiere sinken. Denn die strohfressenden Tiere wissen was sie tun, weshalb sie erschaffen wurden. Die Knochenfresser wissen es auch. Nur die Menschen wissen nicht, wozu sie erschaffen wurden! Der Mensch ist wirklich seltsam. Er ist zu einem bestimmten Dienst auf die Erde gekommen und weiß nicht, was das ist und er versucht nicht, es herauszufinden. Er ist wie ein Betrunkener. Wie schade für die Menschheit. Er sollte wissen, aus welchem Grund er ein Mensch ist und was ein Mensch tun sollte. Sie nennen dies das 21. Jahrhundert - Allah weiß welches Jahrhundert es tatsächlich ist. Wissen die Leute dieser Zeit, warum sie erschaffen wurden? Und machen sie er bekannt? Wonach suchen die Leute heute? Wonach suchen sie? Was wollen sie? Was ist ihr Ziel? Arbeiter, Soldaten, Geschäftsmänner, Kapitäne zu werden, Fußballspieler oder Tennisspieler? Ist das der Grund der Erschaffung des Menschen? Ist das der Grund - ihr Leben und ihre Zeit damit zu verbringen, Tennis, Fußball zu spielen? Ist das das Ziel der Menschheit? 11 Spieler hier, 11 Spieler dort... 22 Leute deren Verstande nur für Fußball geeignet sind und nichts anderes, 22 Leute. Sie bereiten eine Fläche und ohne aufzuhören treten sie einen Ball herum. Es ist ein großes Gebäude und darin sind diese 22 Leute. Um sie einen Ball treten zu sehen, schreien 100.000 oder 200.000 Leute, selbst 50.000 Leute, und stehen auf. Was für eine Schande für die Menschen. Mach weiter oh Shah Mardan. Lasst sie uns fragen: Wurde der Mensch dazu erschaffen, Fußball zu spielen oder Fußball zu schauen? Wie seltsam dass niemand das fragt. Fenerbahce (Türkischer Sportclub) hat gewonnen. Nein. Wie heißt der Englische? Liverpool hat gewonnen. Dieses Amerikanische Team, dieses Russische Team... Yahu, wurdet ihr dazu erschaffen? Denkt ihr nie nach? "Hal min mudhakkir?" Yahu, ist da niemand unter euch der nachdenkt und reflektiert? Allah der Allmächtige, der Schöpfer von Himmel und Erde, Jalla Jalalahu, fragt: Ist da niemand unter euch, der reflektiert und nach der Weisheit des Daseins der Menschheit auf Erden fragt? Wozu wurden wir in dieses

Leben gebracht? Denn wir wurden hergebracht, wir haben uns nicht selbst hergebracht. Warum fragen sie nicht? Warum lehren sie es nicht? Die Leute heute sagen: Ich bin wichtig, du bist wichtig, ich bin stark, ich bin mächtig... mit diesen Behauptungen gehen sie herum und mit welcher Macht sie auch immer in ihren Händen haben. Was tut ihr mit eurer Macht? Lasst uns unsere Feinde zerschmettern, sagen sie. Lasst uns stärker werden. Wer ist euer Feind? Äh, diese oder jene Nation. Und warum sind sie eure Feinde? Weil sie die Welt kontrollieren wollen, und wir wollen sie auch kontrollieren. Wenn er sagt, ich bin Russe, sagen die anderen, ich bin Amerikaner. Wenn er sagt, ich bin Chinese, sagt der andere, ich bin Amerikaner oder Japaner. Ich werde China vernichten und alles auf den Kopf stellen - sagen sie. Ist es das was ihr über die Menschlichkeit gelernt habt? Sind dies Menschen die sich wie wilde Tiere kleiden mit der Absicht, die Menschheit zu vernichten? Habt ihr jemals eine Kreatur im Dschungel gesehen, die ihre eigene Art ausrottet; die ihre eigenen Kinder isst? Kein Löwe, kein Tiger tut das. Der Dschungel ist voll von wilden Tieren, aber kein wildes Tier versucht jemals, seine eigene Art verschwinden zu lassen. Aber die Leute heutzutage sind schlimmer als die wilden Tiere des Dschungels. Sie sind böser und niedriger. Warum? Denn sie wollen die Menschheit ausrotten. Welches Recht habt ihr, welche Autorität habt ihr, die Menschheit zu vernichte? Früher führten sie Kriege mit Bogen - nun machen sie solche verfluchten Waffen, die mit einem Schlag ein ganzes Land auslöschen. Oh Mensch, wurde das menschliche Wesen dafür erschaffen? Sagt, oh Ahuntlar (Shia Mullahs), oh Päpste, oh Kardinäle, oh Philosophen: Wurde der Mensch erschaffen, um die Menschheit zu vernichten? Sagt es! Lasst sie darauf eine Antwort geben: Wurde der Mensch erschaffen, um die Menschheit zu vernichten? Schande über sie! Und sie nennen das immer noch Zivilisation, westliche Zivilisation. Sie schämen sich nicht, MashaAllah! "Westliche Zivilisation". Ihr ganzes Streben dient dem Vernichten der Menschheit. Welche menschliche Zivilisation wurde ihnen gegeben? Alle ihre Bemühungen stecken sie darin, Waffen zu produzieren. All ihre Mühen! Yahu, schon ein Stein kann einen Mann töten. Aber sie machen so viele Waffen! Wofür? Wo sind ihre Päpste, wo sind ihre religiösen Gelehrten? Sagt: Hat Allah euch erschaffen, um die menschliche Rasse von der Erde auszulöschen? Hat Er euch befohlen, einander zu vernichten? Was ist diese Schamlosigkeit, diese Unwissenheit, diese Grausamkeit? Tiere wissen, wofür sie erschaffen wurden. Ziegen fressen Unkraut, Esel tragen Lasten, Pferde tragen ihren Reiter. Sie wissen es. Aber der Mensch hat die Gestalt eines Menschen und den Geist eines Tiers - eines wilden Tiers. Versammeln sich die Löwen des Dschungels und bekämpfen einander? Selbst obwohl sie Tiere sind, tun sie das nicht. Mach weiter, oh Shah Mardan, Habibur Rahman. Was Shah Mardan sagt, sind die Worte eines Mannes. Lasst sie antworten, die Köpfe dieser Welt, diese, die behaupten, "Alims" zu sein, die behaupten etwas zu sein

aufgrund der besonderen Kleidung, die sie tragen. Sagt! Allah Dhul Jalal, Er der die Himmel erschaffen hat, Er der die Wolken am Himmel ziehen lässt, Der es Segen regnen lässt, Der alles mit Wirbelstürmen durcheinander bringt - Er Dem sich keine Kraft noch Stärke entgegenstellen kann, zu welchem Zweck erschuf Er euch auf der Erde? Ein Esel - hasha mina l-hudur - weiß, dass er erschaffen wurde um Lasten zu tragen. Ein Pferd weiß, dass es erschaffen wurde, um einen Mann reiten zu lassen und ihn herumzutragen. Ein Kamel weiß dass es ein Transportmittel sowohl für Menschen als auch für ihre Lasten ist. Oh Mensch, wie kann es sein dass du nicht weißt, wozu du erschaffen wurdest? Warum sagen die Päpste es nicht? Warum sagen die Gelehrten es nicht? Lasst sie es sagen. Die Supermächte, wie sie sie nennen, was denken sie, was sagen sie, was ist ihr Werk? Es ist: Ich will der Stärkste sein. Ich will meine Feinde zu Rauch und Asche machen. Yahu, die Dunya ist nicht nur für euch. Allah Dhul Jalal sagt: Innal'ardi wasiatun fa iyyaya fa'budun! (29:56). Allah sagt: Die Erde ist so weit. Ich erschuf sie. "Fa iyyaya fa'budun". Deshalb dient Mir allein! Nehmt euren Anteil. Haltet euch an Meine Befehle. Ich bin Derjenige der euch eure Ehre gibt. Es steht dem Menschen nicht zu, einander Ehre zu geben. Mach weiter, Shah Mardan, Habibur Rahman, Sahibu Maydan, Mubarak Shah Mardan. Oh Liebende Shah Mardans, hört zu und versteht - wenn Janabul Haqq es wünscht, kann Er euch alle durch einen Diener lehren. Wenn ihr euch nicht trainieren lasst, braucht Janabi Haqq keinen Menschen zu benutzen um euch eine Lektion zu erteilen... Einmal kam eine Krankheit nach Basra. Hört zu, oh Liebende Shah Mardans und alle Leute - eine Krankheit kam nach Basra und an einem Tag starben 70.000 Menschen, nicht durch Kanonen oder Gewehre. 70.000 an einem Tag! Am zweiten Tag 71.000 Leute. Und am dritten Tag war niemand mehr übrig um zu seinem Haus zurückzukehren oder hinauszugehen. Er schickte eine Krankheit. Es war eine unbekannte Krankheit, die sie vernichtete. Also warum fürchtet ihr (Allah) nicht? Welche Macht habt ihr? Wenn Er eine Krankheit zu denen schickt, die mit Waffen bewaffnet sind, wird weder eure Flotte, noch eure Rüstung, noch eure Armee von Nutzen sein. Fürchtet Allah! Oh Papst, oh die die an 'Isa (as) glauben, sagt: Was sagte der Prophet 'Isa (as)? Er sagte: Wenn jemand euch auf der einen Seite schlägt, dann reagiert nicht sonder haltet ihm die andere Seite hin und lasst ihn auch dort schlagen. Was ist diese Art von Christenheit (jetzt)? Amerika ist christlich. Russland ist christlich. China - es ist unklar; sie sind Gog und Magog. Japan hat seine eigene Religion. Amerika hat seine eigene Religion. Was ist euer Glaube? Was ist euer Ziel? Was ist der Grund für euer Dasein auf der Erde? Leute zu töten? Geht in den Dschungel und beobachtet! Lebt ein Löwe, um andere Löwen zu vernichten? Was für eine Schande für euch! Und sie nennen es die Zivilisation des 21. Jahrhunderts. Es ist eine Lüge! Es ist eine Erfindung von Shaytan und seinen Verhetzungen. Es provoziert. Warum? Um uns

unsere Menschlichkeit vergessen zu lassen, und unglücklicherweise haben die Menschen nun ihre Menschlichkeit vergessen. Wird dieser große mit geringem Verstand, der Syrien auf den Kopf stellt, gezwungen, es zu tun, oder nicht? Er ist jemand der es nicht weiß. Er legte Feuer überall, verbrannte und zerstörte. Wozu? "Wa idha l-mawudatu suilat, bi ayyi thanbin qutilat" (81:8,9). Bashar versteht Arabisch. Lasst ihn diese Ayat hören. Lest sie für ihn. Allah Dhul Jalal informiert im Heiligen Koran: "Wa idha l-mawudatu suilat, bi ayyi thanbin qutilat." Die Unschuldigen werden fragen: Aus welchem Grund haben sie mich getötet? Fürchte Allah, Bashar! Welch eine Schande für dich. Möge was du isst Haram für dich sein. Möge was du trinkst Haram für dich sein. Möge dein Menschein auch Haram für dich sein, sagt Allah, und lass es dir von deinen Muftis sagen, wenn du ein Muslim bist. "Wa idha l-mawudatu suilat, bi ayyi thanbin qutilat." Wieviele hunderte und tausende von Menschen und unschuldige Kinder hast du getötet? Am Tag der Auferstehtung, in Anwesenheit von Haqq, wird es dir gesagt werden. Sie werden fragen: Welche Sünde haben wir begangen, dass dieser Mann uns tötete? Er zerstückelte sie, verbrannte, zerstörte. Ist das Menschlichkeit? Ist das Islam? Ist das der Weg der Alawis? Und die Shia besonders - sie sind eine Gruppe von Lügnern. Sie lieben weder Ali (ra), noch irgendetwas anderes, denn Alis (ra) Gerechtigkeit war exakt; ein türkisches Sprichwort sage "Dünner als Haar, schärfer als Schwert". Was ist die Pflicht dieser Leute? Aus dem Iran zu kommen und Leute in Sham zu töten? Ist das ihre Pflicht? Aber sie werden gefragt werden: "Wa idha l-mawudatu suilat bi ayyi thanbin qutilat". Warum, oh mein Herr, haben sie mich getötet? Oh Ahuntlar (Shia Mullahs), lest ihr nicht den Koran? Sagt! Welche Antwort werdet ihr geben? Ist es der Weg der Shia, den ganzen Weg von Iran nach Sham zu kommen, um zu töten, Leute zu misshandeln, zu verbrennen, ihre Häuser zu zerstören? Was für eine Schande für euch, die ihr euch Shia nennt. Allah wird euch fragen "Wa idha l-mawudatu suilat bi ayyi thanbin qutilat". Dann antwortet! Es ist Haram für einen Muslim, einen Muslim zu töten und Krieg gegen ihn zu führen. Muslime führen keinen Krieg gegen Muslime. Die Köpfe derer, die sich erheben, werden fallen durch das Schwert Shah Mardans. Nun ist es an Shah Mardan, das zu regeln, die Angelegenheit der Iraner, der Alawis, der Shia - von ihnen allen. Wenn dieser Rajab kommt, wird das Schwert Shah Mardans gezogen werden. Was sagt die Heilige Ayat? "Wa idha l-mawudatu suilat, bi ayyi thanbin qutilat" (81:8,9) An diesem Tag wird es (die unschuldige Seele) fragen: Warum haben sie mich umgebracht? Hazrat Mahdi wird kommen und ihr werdet eure Abrechnung sehen. Oh mein Allah, vergib uns! Oh mein Allah, lass uns nicht von den Grausamen sein. Oh mein Allah, lasse uns nicht in den Händen der Grausamen sein. Oh mein Allah, mögen die Grausamen mit dem Grausamen falle. Wir wollen die

Armeen die die Flagge Deines Geliebten hissen werden. Wie werden sie genannt? Asakir-i Mansurai Muhammadiyah.(Die siegreichen Soldaten Muhammads (saw). Schreibt das! Schreibt das. Es ist ein Name der im Diwan von Haqq geschrieben steht. Im Islam gibt es eine Armee, die Asakir-i Mansurai Muhammadia heißt. Diese Flagge wurde von unseren ehrenwerten Vorfahren getragen für eintausend Jahre. Es stand darauf geschrieben. Sie erreichten die Mitte Europas. Der Adhan Muhammadi wurde gerufen vor der Stadtmauer Wiens. Am Ende sagten sie: "Eure Erlaubnis geht bis hier. Nun kehrt zurück. Kehrt um." Aber die Bedeutung von dieser Umkehr war nicht - Ihr werdet nie wieder bis hierher erobern, sondern - Ihr werdet erobern. Die Ehre des Islam ist groß! Lasst sie fürchten, die die den Islam bekämpfen. Rajab, der Monat Allahs kommt. Die Richtigen wurden zu Falschen. Oh Allah vergib uns. Oh Allah vergib uns. Oh Allah, sende uns den Sahib. Oh Shahu Mardan, Du hast es so schön gesagt, so wunderbar. Wer verstehen kann, wird verstehen und die Werke derer, die nicht verstehen, sind zuende. Ya Rabbi Ya Rabbi, "Allahu akbar, Allahu akbar, Mögen unsere Armeen stets siegreich sein". Lest das Gulbanq-i Muhammadi (osmanisches Truppenlied). Oh Türken, ihr habt es gelassen, Osmanen zu sein, und sagt "ich bin Türke". Worin waren die Türken erfolgreich? Die Osmanen waren erfolgreich. Und wir sind Osmanen. Möge derjenige, der das nicht akzeptiert, tragen, was auf ihn kommt. "Kulli amrin yarjiu ila asli". Alles kehrt zu seinem Ursprung zurück. Nun kommt Rajab, der Monat Allahs. Lasst uns sehen, welche Orte Shah Mardan überfliegen wird. Von der Seite von Khurosan werden allein 70.000 Reiter kommen, auf ihren Pferden reitend. Auf ihren Köpfen werden Turbane sein wie sie die Engel als Kronen tragen, grün oder rot, oder schwarz oder weiß. Allahu akbar, Allahu akbar, Allahu akbar wa li-Llahi l-hamd. Möge unser Tag gesegnet sein. Unser Shahu Mardan lässt unsere Herzen strahlen. Sie scheinen und unsere Kraft nimmt zu. Lasst uns die die uns Grausamkeit und Ungerechtigkeit zufügen endlich Furcht lehren. Rajab kommt. Es wird keinen Ort geben zum Flüchten. Wo immer sie sich verstecken, die die ein Recht an ihnen haben werden sie finden. As-Salatu wa s-salamu 'alaika, ya Sayyidu l-Awwalina wa l-Akhirin. As-Salatu wa s-salamu 'alaika, ya Shahu Mardan, Sahibul Maydan. Wir schließen uns dir an. Lass uns nicht von denen sein, die von deiner Versammlung ausgeschlossen sind. Wir sind mit dir! Fatiha.

**But our nafs is still sleeping**

In the Name of God, the Merciful, the Compassionate, the Lord of the heavens, the Creator of all existence. Everything in existence He created. Anytime He wants to take it all away, He can. Therefore, He is the Mighty (al-Aziz), the Glorious. No one can stand in front of Him. No one can be victorious against Him. Yes? No power can stop Him. All power originates with Him, Don't suppose that something He gave to you works for you. No. All works for Him. He is absolutely victorious.

When is religion alive? This must be an important point for everyone to know. We are living in a time of different ways of thinking. There are so many different ideas and schools of thought, because our egos make themselves out to be a prophet or to be a most important person, or to be the first of those who may be pointed out by people, "This is the one." This is a great, heavy thing that is put upon a person. It is sufficient as a test or an examination from God Almighty for a person to be pointed out by people that is such-and-such a person. But our ego, our animal soul (nafs) now wants to be pointed to by hands, by fingers, that that is that person. This is the hobby of our egos. But our ego, our animal soul is still sleeping. If it can find a chance, it wants to be the first. Truly, each an ego is waiting to find a chance to be Pharaoh or a Nimrod or a Nero or any tyrant from among tyrants. Don't imagine that our egos are now very quiet, sitting. No! They may deceive you; that is the characteristic, the well-known characteristic, of egos.

God Almighty says, "Truly the animal soul (nafs) impels toward evil" (13:53) (inna-n-nafsa la-ammaratun bis-sou). When he says, "ammaratun," it is exaggeration - so much! You can never imagine what your ego may command, may order you to do - such bad, such bad, such bad things! Everyone's ego!

That is how, from the time of Prophet Joseph (as) from his mouth, through his sayings, God Almighty speaks and teaches. God Almighty, in His Divine way, is still teaching people, speaking of the past and instructing

future people, listening people. Joseph (as) was a prophet and he had an ego. All the prophets, peace be upon them all, have an ego, but they can command it. They are kings of their egos and their egos are slaves to them. That is the difference between ourselves and prophets and saints. We are slaves to our egos. The king's Throne, our hearts, we leave to our ego, saying to it, "You should be here. You can command us," and we say to it, "I am your slave." God Almighty is warning people, because if you put your ego on the throne of your territory, your body, no doubt its orders will be the worst. What is it going to say to you? If it can find the chance to sit on the throne of Pharaoh, then it is going to order you the worst things, saying, "Oh people, you are my slaves, you are My servants, and I am your Lord!" Yes? Anything incorrect in this? It is correct. God Almighty says that our egos order us to do the worst things.

Therefore, in our time, in this 20th century whose end we are reaching (the last quarter is passing away and we are going through to the 21st century), now people have found such freedom that before no one could dream of such a thing, of such freedom. If your ancestors, O Londoners, were to awaken, coming from cemeteries, they would first cut off your heads. They would say, "What is this?" People with no shame, living in this country? Who are these people? Where have they come from?" Yes - they would fight the people living in our time, in London, and also everywhere else, not only in London. Because we are in London now we are saying this, but even in Turkey, if the Ottomans came, they would fight the people living in Turkey now; in Arabia they would fight them, also. In every kind of a country, from East to West, if the previous inhabitants of those territories came, they would fight the people who are now living on earth because they would say, "What is this? What is this ignorance among people, what is this immodesty?"

We are so proud that civilization has reached the peak of freedom. Still people are asking for more freedom. What is that freedom? To make a throne for everyone and to put him on it, making him sit and say, "I am your Lord. Come to me," everyone declaring that he is the Lord of this world and of the worlds. That is what people now want of freedom, so that no one can command them - the Lord of the heavens cannot command them. They can order anything, they can do anything.

Yet if I say that now everyone claims to be like a prophet, it is still a lower position. But our egos never want to be lower; they want to be higher. Someone told me a story which shows our time's characteristics, how our egos go on. A person went to look around a mental hospital. One patient said, "I am a prophet. I am unknown but still I am a prophet." Then, when he began shouting so much, there was another one sitting in a high

place, with a long beard, calling, "What's the matter? What are you quarreling about?" The person who was visiting said, "This one claims that he is a prophet." "One minute" - a big book in front of him; turning pages, turning, and then he said, "He is a liar because I never sent such a prophet."

That is the characteristic of our egos. Don't imagine that now they are calm. When they find the chance, they are going to do everything. Therefore, throughout his life the Prophet (saws) proclaimed or warned by saying, "Oh my Lord, don't leave me in the hands of my ego." And all the Companions, all the saints, were afraid of their egos. The Prophet (saws) had Divine protection. His animal soul or ego (nafs) was never commander over him, never, but he taught us. "Oh people, you must be very careful. I am warning you about your egos. Too dangerous, too powerful wrestlers, yes? You don't know at what time they may throw you down. You must be very careful." He was asking, "Oh my Lord, don't leave me in the hands of my ego." We put it on the throne of our territories, of our bodies, and say, "Enjoy yourself. As you like. This is London."

This is faith. This is a religion. It is not a game. We must be serious about our faith and our religion. Now we will say something important on that point. In our time, there are so many thoughts because everyone claims to be something. No one agrees to be nothing, and the highest honor in the Divine Presence is to declare that I am nothing, O my Lord. But our ego is never going to agree to be nothing. No. How can it be? I had printed, also, a card, writing on it that I am such and such a person, with letters after my name (a visiting card). Yes, I am registering my personality. Then you are telling me to be nothing?!!!

That is important, because when God Almighty created the ego, He ordered it, "Come forward," but it went back. Ordering, "Go back," and it came forward, doing the opposite. He asked it, "Who am I and who are you." It claimed to be something, saying, "I am myself and You are You. You are You and I am myself in front of You, I am something." It means to say, "I seek God's forgiveness," that if You are something, then I am something, also. If You are in existence, I am in existence, also. I am something. I must prove my existence, it claimed. Never saying that You created me; You are everything, I am nothing, not saying that.

That is a battle, going on from the beginning up to the end. Therefore, how is your ego, your nafs, going to agree with you without making a visiting card? You have one, also. Everyone must make a visiting, writing on it, "I am something!" The ego never wants to be something, never agrees to be something. Rather, it can find a chance, it says, "I am everything!"

"Beware!" is written in certain places - "Beware of the dog." It is written within ourselves, also. What kind? A mad dog may bite you, but this is a dragon - a dragon with 70,000 heads, poisoned heads. If the real form of their egos were to appear to people, everyone would fall down and die. Therefore, we must be very careful of our ego, of our nafs. How can we be careful? How can we be able to protect ourselves, if we have such a terrible companion? It is the companion, the partner, with us, with our personality. Then how may we be able to be victorious over our ego (nafs)?

Yes, we are living in a time in which that useless but harmful freedom gives more power, more authority, to our egos, and everyone says, "I am a prophet," or "I could be a prophet," or "I can speak as a prophet speaks," or "I can think as they thought," and want people to follow his way, each one more than the other. For this reason, religions are now only something looked at from outside. People look at that church, that synagogue, that mosque, and pass through it to the pub. Yes! No need for us. What was this church? What is that mosque? What is that synagogue? We must go to bars, pubs.

Who is commanding those people? What thing commands them except their egos? Their egos are saying this because the ego never finds enjoyment in a mosque or in a synagogue or in a church. For this reason, now in our time religions are simply forms, even though God Almighty never leaves His servants without shelter against their egos, against satans. There must always be a shelter for those who are asking a protection from devils in every time. That is Divine Justice. Divine Justice makes that shelter for everyone, so that if anyone is running away from satans, he may be under protection.

Now, we may say that there are three heavenly religions on earth: Judaism, Christianity and Islam. Then, whoever feels fear of satans may run into one of these three shelters. Yes, I may say to people who are asking for a shelter that they can run into any one of these three shelters. If one of them keeps them or protects them, it is all right. If anyone finds a shelter in Christianity, asking for a shelter and finding a shelter from the hands of satans and from the hands of his ego, that is alright. No discussion, no argument with him. I am saying: Stay in that shelter. However, you must be very careful. If you can find a strong entrance, you may go in and you may lock it, but be careful about the back. There may be holes in the back. Satans may enter. You must look all around to see if it is all right. Don't be like a heedless person, escaping from the enemy and entering a fortress. It has only a strong door, but the back is all destroyed. Yes, because we look and we see

that every religion except Islam is like a show. It is all right outwardly, as people claim in their writings, but the back is full of so many holes, so many destroyed walls, so that a thief may easily enter it. Therefore, we are advising any person who is asking for a shelter from satans to take care, inspecting everywhere. If it is all right, then he can stay. Otherwise he must look for a strong and safe shelter.

Then, we should speak about Islam and about two others, both of them claiming to be partners in shelters for people in our time. If you can find two things in any religions, it is alright. It means that it has a living power, that it is alive and can protect you, One thing is if a religion gives you fear of God, it is young, it is powerful. If it can give you love of God, then that is also a sign that it is alright.

If you can find both of them anywhere except in Islam, continue. Go, no need for a new shelter. However, you must not lie about it, because liars are accursed. If that power was with that shelter, God Almighty would never have sent Jesus Christ (as), the Messiah, after Moses (as), and if that shelter, also, was sufficient and strong, He would not have sent the Seal of the Prophets (saws) six centuries after Jesus Christ (as). You must think about it. Now you can find only in Islam the fear in God Almighty and the love of God Almighty. I met a famous scholar who lived in western countries, in England. He was saying, "I visited the tomb of a saint in Damascus. When I first stood before the grave, I was trembling and I couldn't stop trembling. That was Muhiyuddin, Muhiyuddin ibn al-Arabi's tomb. A fear came on me and I was trembling. I couldn't stop. Then after that, a deep love fell on my heart," he was saying.

A saint represents the life of a religion. No one can now take me to a Christian saint's tomb, although they have so many saints, and make me feel fear or feel hope or make me feel love. However, I can bring anyone to such a place, making him tremble and feel fear, and at the same time love, deep love, for his Lord Almighty.

Thus, we have people, people alive now, who in no other religion except Islam represent such Divine Attributes, making people fear, making people love, through himself or herself; this is specific to the living religion of Islam. You may find in the presence of such a saintly fear, and at the same time love, for your Lord Almighty. These are important signs that we are speaking of, "Praise belongs to God," (al-hamdullillah), we are in a strong shelter.

**By ourselves we are weak ones. You can't do anything**

A'uzubillahi mina-sh-shaitan-ir-rajim, Bismillah-ir-Rahman-ir-Rahim. Tariqatun-as-suhbat wal khairu fi jami'a,. Meded ya Sultan-ul-Aulia meded! Meded, meded!

By ourselves we are weak ones. You can't do anything. This is an association, even if it is going to be a short one, but every association makes a new connection between attendees and Heavens, through the one who is authorized to make associations. Therefore, in the most distinguished Naqshbandi order, it is important to make association with the Sheikh. In an association with the Sheikh, murids must open their hearts to their Sheikh, or the Sheikh is ready to open a way from his heart to attendees, so that heavenly power can run from the Heavens through the heart of the Sheikh, to the attendees. Therefore, it is important, perhaps, it is a pillar of this Tariqat. As the pole in a tent, if it is not standing up, the tent can't stand. In our Tariqat, the Imam of our Tariqat, the most distinguished Tariqat's most distinguished Imam, Shah Naqshband, he was saying that you must keep association with the Sheikh, because the Sheikh's heart, is going to be in connection with heavenly stations, and then he may give to you.

And we are always in need of support, according to our needs. There are some plants, you must give water to them daily. Some plants, maybe day by day, some you may give once in three days, or once a week, or once a month. OK! Therefore, according to the positions of murids, followers of most distinguished Naqshbandi order, the more you are in need, the more you must

ask for association that is connecting your hearts with an authorized person, who is in connection with heavenly stations. Therefore, it is important.

Tariqatun as-Suhbat, Shah Naqshband was saying. Our Tariqat is our way. What is your way and for what is your way? He means to say, we are looking for a way leading us to the Divine Presence. For what are we running to Tartiqats? For Dunya? No! You know the way to Nicosia, the way to Kyrenia, the way to Lebanon, the way to Istanbul, the way to Europe, and to east and west. You know it. In this Tariqat, that means way, we are asking to reach the Divine Presence of Allah Almighty. That way we are looking. Because time is short, if you reach, you reach. If you don't reach, you are lost. No other chance for you to once again come here and to ask for the way. No! It is important for our souls, our souls are asking for the way to Heavens, and from the Heavens to the Divine Presence and in the Divine Presence, to keep their divine servanthood.

We are losing our time. We are losing our time, we are like a person who leaves diamonds and runs after filth (manure). Leaving diamonds, valuable jewels and precious stones, and running after filth. Whole world! For what? To enjoy our physical being. And our physical being, day by day, grows to a limit and then starts coming down, down. Down to become zero. What you are collecting? The ways to Allah, endless treasures! Aql-e-kamil, perfect mind people, most clever ones among people, they are the prophets. No prophet ever lived a high life. They did not make even one building for themselves. If they built something, they built it for the honour of Allah. Sayyedina Sulaiman (a.s), King Solomon, he built a huge temple, the like of it you can't find on earth, and he used to sleep on a mat! When he was sitting for his kingdom, he was keeping his greatness. Kings are dressed by greatness by Allah Almighty. Must be! They must not be like you and me. No!

These 21st century people make their No.1 person like themselves. They even throw bad eggs on him! No respect! When respect is taken away, the life of people falls into chaos, and no one is able to control anything. He used to sit on his royal throne and everyone used to tremble in front of him. He was dressed (with greatness), must be! Everything has been made dirty since 1789, the French revolution, making everything in the community upside down. From that time till today, finished. No control on people. No fear, no respect. And we have been ordered to respect our rulers, but now, no respect! 'Democracy' they are saying. It is the dirtiest system for holy countries, governing people. No Holy Book accepts this. No! Old testament, new testament, never accept this. I am asking Jewish people, I am asking Christians, through their holy books, old testament and new testament, is there democracy, or republics or parliaments? I am asking them, how they are keeping their religions? They are cheating! Why do they not speak? There are Bishops, Pope and Archbishops and priests. Why they are not saying that our books never accept this? But they are also banned to speak the truth. Democracy has banned religion to speak the truth. No, it is prohibited, you must not say.

King Solomon sat on his throne, and people paid full respect to him. They did not build for themselves. If they were building, putting one stone on another stone, it was for Allah. For the honour of Allah. You must be for Allah. You must do for Allah, you must live for Allah, you must die for Allah, for His honour. For His honour only. There is no honour except the Lord's honour that dresses His servants. (Recites a hadith in Arabic). The seal of prophets, he was saying, "Those in the community, who don't give respect to respected people and are not merciful to the weak ones, they are not from my nation!" He is throwing them away!

'Kabir' means, that Allah Almighty dressed them with greatness. Not like your

friend, no, you can't be like friends with a Sultan, with a King, no, you must keep your respect. You must keep your respect among yourselves according to their levels. (Gives example of a jahil, ignorant person without beard or head covering, standing behind the Imam in a disrespectful way). This is an example. You must look where your station is, to be there. Everyone must know where he should be. Everyone must try to put his ego in the last row.

There is a traditional story, that there was a person, a good one, he always used to wait outside the masjid till all the people came. And when the Imam said 'Allahu Akbar' for praying, he fearfully entered the mosque as last and stood in the last row. And before the people came out, he left before them. He just made du'a and escaped. Someone asked him, oh you, why you are doing this, what for do you wait so long? Why you are coming last and leaving first? He replied, "I fear that the people might know my badness and when I appear, they might throw me out. You are not a good one to enter the mosque, get out! Therefore, I am quickly praying as the last one and the first one to escape"'.

But we, we must come to sit first behind the Imam! If we ask him alif, ba, (abc) he does not know! Alif, ba, ta, doesn't know anything, but comes (and sits behind the Imam). Therefore, I am giving this example, I am asking to hit them. You must keep your station! Make yourself the last one, not the first one. The first ones always carry a heavy responsibility, the last ones don't carry it. Hisham Efendi (Sheikh Hisham) knows me and he is also escaping. He has the right, he is a Khalifa, deputy of Grand Shaikh. And he escapes, leaving me with the heavy responsibility. I am saying I can't stand up on my will; but he never listens to me and just escapes. No! You must keep yourself here. If I am saying come, then come.

None of the prophets .... it is an ocean. If we were to open this, it would take many days to speak on it, but we are speaking of only a sign from the

Sultan's attributes. Now there are no more Sultans, finished. Everyone thinks he is a Sultan. No one tries to learn to put himself in the last row. Sit in the last row, and if you are not one for the last row, then Allah will send someone to take you, protocol people may take you, "'Please, your Excellence, your Highness, your place is not here, please come". Let people bring you first, don't come. If you come yourself, someone will come and carry you out.

Ya Rabbi, Ya Allah! Send us from your precious and sincere servants to give us good training for good habits. We have lost everything from goodness and people are running after every badness. Oh people! Run to Allah, run to eternity! No eternity in this life. As much as you are trying, it is a very, very short time that you will be enjoying yourselves and nothing remains of that enjoyment, because it is such a short time. No eternity for your egos, for your physical being, but eternity for your real personality, which is represented by your souls. Look after your souls to reach eternity, for eternal servanthood for your Lord, Almighty Allah. May Allah bless you and forgive me. For the honour of the seal of prophets - bihurmatil Fatiha.

**Caliphatu'l Lah**

Muhammad-ul-Mehdi a.s. is a descendant of the Holy Prophet S.Muhammad sws through his daughter Fatima-tu-Zahra and her sons S.Hassan and S.Hussein r.a. in the 4oth generation. So he is Sayid- Hassani and Husseini. His parents live near Jeddah. He was born between 193o and 194o in the Wadi Fatima, a green valley on the way from Jeddah to Medina. When he was growing up, miraculous looks started to come out of him. He had such lights. The lookings of people started to come very much on him because his growth was miraculous. He has a spot of ashes on his right cheek, like a star, and his arms reach to his knees.

By the order of the Prophet sws he was taken away from people by the Awliya- Nuqaba, Nujaba, Budala, Autad and Ahyar, whose Imam is Shahabu'din- to a place behind the Mountain of Qaf. Then he was ordered to remain in the empty quarters, the Ruba Qali, a desert between Saudi Arabia and Yemen. No one can go there, because there is quick-sand, moving sands. He is not living with ordinary people now because he has such heavy power, that people can't be able to look to him. He is living in that desert with His 99 Caliphs- highly spiritual, powerful people. There is a huge cave; its entrance is 4o meters wide. In that cave is the 'Dome of Happiness', which has been built by the Angels. No one can approach that cave because it is protected by Jinns, who send out electricity that may kill anyone and throw them away. Mehdi a.s. and his Caliphs are there, waiting for and expecting the holy command of Allah Almighty to appear. S.Mehdi a.s. is the most spiritual person on earth now, and all Awliya are under his command.

When he appears, he will say: "Allahu akbar, Allahu akbar, Allahu akbar..." , three times, in Damascus, and this will be heard from East to West. And the Archangel Gibrail a.s. will shout: "Caliphatu'llah! Allah Almighty's Caliph has just appeared! Join his army, oh believers!" Everything will be clear. S.Mehdi will appear with such a power that all technology will stop...

Each man in his army will be worth an army. 12.ooo soldiers from five countries of the West (known only to the Awliya) will come. They are always in contact with Divine Powers, which is a sign of real faith. They are steadfast, never turning their face from the Face of Allah Almighty under any circumstances. Armies turn to ashes under their gaze. They are descendants of Sayidina Ali r.a.wa k.A.w. When S.Mehdi says: “Allahu akbar!” they will be ready at the South gate of Damascus, from Amman. S. Mehdi is coming as a Saviour before S.Isa a.s. to stop Armageddon, the 3rd World War, with Divine Power, because no one and nothing except Divine Power can stop it. No country will remain neutral in this war.

All the bombs are under the control of Jinns, and the Jinn are under the command of S.Mehdi a.s. So nothing will be by chance; it will be only as much as Allah is asking. Everything is just arranged. There is a group of Saints, the 5 Qutubs, that look after everything according to the Will of Allah. Nothing on this earth happens by chance or accident. And nothing happens without a reason... Armageddon is the War between East and West, and it is written that the West will win and the East will vanish. This biggest of all wars is between the believers, followers of Jesus Christ, people who have prepared themselves for the Saviour, and the followers of the Anti-Christ, unbelievers, who are running after this life’s pleasures, following materialistic thoughts, seeking pleasures which their egos are asking for, asking for every freedom. They are people who always come into contact with the devil, falling under his control, and supporting the kingdom of Shaitan. They will be with the Anti-Christ because they are evil in themselves. The devils will carry them to the source of evil and devils: The Anti-Christ.

Mankind is now following satanic teachings, supporting the kingdom of devils on earth, and that is why a storm of fire will come as a punishment, blowing from East to West, North to South. The supporters of the devils will die, but the supporters of the Saviours S.Mehdi and S.Isa a.s. will be saved. There is no shelter for cruel people who harm others, or disobedient people who do prohibited things. Therefore everybody must try to prevent his ego from doing bad things and from having bad intentions... There is no shelter for unbelievers; nothing and no one can protect them. There is always the danger that Divine Revenge will reach them, even underground or in the skies... Therefore to believe is the first shelter. Wrong beliefs are also dangerous. For these people it will be like they have a shield with holes around themselves, so that Divine Revenge arrows may reach them. Therefore another shelter is to believe in the right way.

For some people their good character will be a shelter; people with good intentions who are pityful, helpful, just and respectful towards others, loving them. And another shelter is to give charity and to pray and make Sajda. Allah Almighty is promising to shelter good servants. Everybody must ask how he can be a good one.

Now everything is mixed up; Truth with untruth, goodness with badness, purity with dirtiness. Until the last World War comes, the times will get worse and worse. When Jesus a.s. comes he will put everything in its place, and no one will be able to object... The 21st century will be the century of truth. In the last days so many men will be killed. There will be 40 times more women than men. This is because men are mostly cruel. So many of them will die, and most of the women will stay. And in that War from seven people six will die and one will remain... For those women who don't have a husband anymore Allah will send people from behind the Mountain of Qaf, so that no one will be alone in that time. When S.Mehdi a.s. comes, he will bring with him so many people from unknown worlds around this earth- Nuqaba, Nujaba, Budala, Autad and Ahyar...

The world will be empty after that War...everywhere will be open for the believers. According to their Kismet, which is written on the 'Lauh-ul-Mahfuth', the Preserved Tablet, S. Mehdi a.s. will show everyone their place... After this big War people will be like a candle ready for the match. S.Mehdi a.s. will open the seed of faith in their hearts, opening the hearts of the believers who lived through that War. Common people will be dressed sainthood and will be granted miraculous powers and lights from Allah Almighty. Awliya will be love-springs... People will be perfect servants of Allah, living on prayer and Dhikr, and swimming in love-oceans... Everywhere you will find the Love of the Lord... creatures will take from you that Divine Love. We are created for that. The perfection of creation should appear in those days... No one will be interested in eating or drinking. And if they should ask to eat something, light quality natural food should come from the skies. Everyone will take his share and Dhikr should burn it, so there will be no need for toilets... May Allah make us reach those days...

Bi hurmati'l Habib, Fatiha

## CAN YOU LEARN TO PRACTISE WITHOUT A TEACHER?

It is very important for Muslims to follow Tariqats so that they can be shown the way to practise Islam. It is not enough to learn many things from books, but it is essential to know how to practise what you know. A person may learn everything concerning surgery from books, but does it mean that he can make an operation? He will probably be more of a butcher than a surgeon if he doesn't practise with an authorised surgeon! To learn from books is nothing without practice. People keep big books in their librares. They have 100 or 1000 books, and there is nothing in it! Islam needs practice!

What are we going to practise? We will practise servanthood, because Islam has brought the perfect method of servanthood to mankind. That is why Allah Almighty has sent the Holy Quran and His Praised Servant to teach us how to practise the Holy Quran. There are so many ignorant and foolish people who deny Muslims their right of having teachers. There must be two kinds of teachers: learned-ones and Sheiks. The learned-ones can teach the knowledge and the Sheiks how to use it.

New Muslims nowadays get an allergy when you speak to them about Sheiks. They start to tremble. Their egos cannot accept it, because they have already made their own ego into their idol. They are so foolish and ignorant. They do not look at the life of the Prophet and his companions. If it was enough with a book alone, Allah Almighty could have sent papers down on people telling them how to administer their life. But that is not what Allah Almighty did. He sent His Book to His Prophet and His Prophet taught them of how to practise. All this means that it is not enough to read the Holy Quran. You cannot understand it.

But new Muslims are denying all this. They are so ignorant and foolish. Allah Almighty sent the Archangel Gabriel to His Praised one, to Sayidina Muhammad, may peace be upon him. And the Angel said to him, "Oh, Muhammad, look at me, I am making wudu." He then stood infront of Muhammad and prayed 2 rakaats and

the Prophet followed his example. If the Prophet hadn't showed us, how would we have known how to pray? Had the explanations in the Holy Quran or in the Hadith been enough? Can anyone claim such a thing? If the companions had to follow someone, how can it be possible that we in our time should leave the Muslims without a trainer to teach them?

These new-fashioned people are trying to take away the mazabs, the imams of the tariqat. They say, "Look at the Quran and find your way!" Oh, foolish person, it is as if you have a motorway and you will tell me not to go, but to open another way through the mountains. At the same time these people think that they are so intellectual and very important, because they are doctors, doctors of ignorance.

That is why I am giving everyone who denies these things a broom to clean the mosque and the places for wudu, because they will never keep anything in their head. This is a training-centre, for women and men and for all Muslims and all mankind. It is to teach them the way of servanthood of Allah Almighty. We must try to become better from day to day. Our actions should be better, better than yesterday. If you feel that you are getting better, the question is of course, how you know this? One way is to see that the importance of this world gets smaller in your heart and the love for Allah grows. The sign that this love is growing, is that you will feel refreshment, enjoyment and satisfaction. Sadness will leave you, because that is only connected to this world. This world makes you sad, but whoever believes in the world hereafter, will be happy and sadness will leave you. It will make you pleased because you are believing in eternal life. It means that you are believing in Allah Almighty and in his neverending existence. Whoever believes in eternal life must be pleased, but who denies it, who can be? This life is coming to an end, more and more from day to day. How can it make you happy?

So if you ask yourself from day to day if you are improving, then ask yourself if you are feeling pleasure in your heart. That is a good sign that you are improving and getting better. If sadness comes, then you must cry for yourself because sadness is a bad sign. If pleasure grows through your heart, then that is a good sign of your goodness. We are trying to give that to people from day to day. It is the beginning of good servanthood to be happy with Allah, to be pleased with Allah. Those are good signs. It means that your soul is covering your personality and not leaving you in darkness. The ego always carries people into darkness. Whoever follows his ego will finally have such bad feelings. Your soul carries you to lights and your ego carries you to darkness. You may follow your ego or your soul. If you feel a sadness, then look quickly why you are sad. If

you believe in Allah Almighty and in eternal life, then how can you be sad? If you believe in paradise and that goodness will be rewarded, then why will you be sad? It means that your ego is carrying you to darkness to be sad. Stop it quickly and change your direction to the direction of your soul. In every moment blessings are coming to your soul and if you follow your soul you will reach blessings all the time from Allah Almighty and those blessings will give you refreshments and deep pleasures in your heart.

Imagine two people in the evening. One is fasting, the other one isn't. They are sitting at the same table. One had followed the way of his soul and had fasted. The second followed his ego, and didn't. The person who has fasted feels a refreshment throughout his heart which the other person cannot imagine. One of them will be in pleasure, the other one in sadness. Whoever follows his soul follows the Prophet and the way to heavens and the way to Divine Presence. That is why he will be in pleasure. But the ego follows satan and satan takes him to darkness.

Oh people, try to become better from day to day. As long as you are with Allah, you will always be pleased because blessings are coming on you. When you are with your ego you will always be sad. If a person goes to the mosque, his heart will be full of pleasure, but if he goes to the pub, there will be no pleasure. He will have a stomach-ache and head-ache. He will ache everywhere. Even more than that someone might even beat him up when he comes out. All of this because people are members of satanic centres. Every pub belongs to that category. Oh people, try to be good-ones! It is suitable to be a member of humanity. Whoever claims to be that, must try to be good. That is suitable. If not you will belong to the four-legged or six-legged people of the jungle.

May Allah forgive us. He is great, so great, endless great. And we are endlessly small. But nevertheless He lets us find out about Him. He makes it possible for us to believe in Him, to worship Him, to love Him, to love his endless beauty oceans. What a greatness! We thank Him and He hears us, He has perfect hearing. We are so small, and yet He hears us, He is listening, He is with us!

Italy - 01.03.1994

## CARE OF THE SICK

Islam is merciful. In Islam it is good manners that we look after our patients, ill people, in our homes, not give them over to the government as is done nowadays in Western countries, and in eastern countries too - huge hospitals, endless hospitals, endless wards. What is that? In Islam everyone must look after patients in their homes. Doctors must come to look after them. There is no need for nurses and sisters and thousands and thousands of workers to be a burden on the government. And no pity from those hospitals workers either.

There is a news now, saying three nurses in Vienna killed seventy patients and the government minister says that those old people were bad ones and you must trust your nurses. That declaration coming from civilised western countries! We don't like this, because they are going to be like robots - no more pity, always they are getting fed up. Therefore, in Islam patients must be looked after by their families. In the atmosphere of their families patients will get treated more quickly. If humanity may practise Islam, this world will be a Paradise.

When a person is dying they are not allowing him to remain at home but he is taken quickly to hospital, even not allowing a person to die at his home. So many people are crying not to be in hospital, but pitiless family members are carrying them by force to hospital and the hospital gives them something quickly to make them go and then puts them in the morgue to be frozen.

**Nimrod**

All lectures on Nimrod.

**Glossary**

According to Wikipedia:Nimrod, Nimrod is a Mesopotamian monarch mentioned in the Thora, the Bible, and the Qur'an. He is depicted as a mighty ruler and nation builder who founded many cities, including Babylon and the Tower of Babel. In the Bible, he is described as the son of Cush, grandson of Ham, great-grandson of Noah. Nimrod is said to be the founder and king of the first empire after the Flood. Several Sumerian ruins preserve Nimrod's name.

## The Century in which Knowledge Leads to Ignorance

The Ottoman Sultans carried the flag of the Prophet* for 700 years. I don't want anyone to object to my growing involvement with the Ottomans. I know what I am doing, I am not asleep. Through the grace of the Prophet* I am aware of whatever is going to happen between Heavens and earth. Shah Naqshband told us that our tariqat is the way of association. It removes the hindrances which our ego puts up between us. The egos want to be alone. They do not want to come in touch with anyone else. That is their characteristic. We want to remove that hindrance and become like one body in the same way we were in the spiritual world. There our souls were friendly with each other. Here we fight, because of our egos. Our egos are like horses which we have been ordered to ride. Instead the egos are treating us like donkeys and are riding on us. That is not a normal situation. Which is why we have no peace.

In this century there has been a permanent struggle, two big world wars, and still there is no peace. Another world war will maybe come before the 21st century and destroy everything which civilisation has built up for centuries. Everything on earth will be destroyed during this biggest war of all which is approaching. The main reason is the ego. One ego is fighting against the other. Yesterday I was informed that Turkey wants to fight the Greeks. For what? For some rocks in the sea! One of them says it belongs to them, the other one says its theirs. No-one is even living on that island and no-one has been looking after it. But now they want to fight over it! Such useless stupid reasons cause nations to fight against each other. The value of one man killed during such a struggle would be much higher than the whole island. In the Divine Presence a man is more valuable than this whole world. To kill one man brings such a curse. But the world is ignorant nowadays.

The Prophet* used to say that there is some knowledge which the umma will learn, but that this knowledge will take them to ignorance. This was said 15 centuries ago. Now look! In those days his words were not understood, people did not know that he was referring to this time. When we were living in Cyprus, the

English gave independence to the island in 1960. So they gave us a new citizenship. I did not accept it, but they said that it was automatically. We were now Cypriots. In the same way, when the Seal of Prophets* was born, the time of Jesus* and Moses* was finished. There was only a Nation of Muhammad*. Every believer belongs to that, whether they are aware of it, or not.

Time is coming closer to the end of this millennium. Judgement Day is approaching and everything will be changed. You must try to preserve the way of the Prophet*. Like a miracle, he already proclaimed 15 centuries ago, that his nation would be learning, but that the knowledge would bring them to ignorance. And look! No university, academy and school, even within the Islamic community, is using the Name of Allah. They call it nature. They do not accept the words of the Creator, they do not want the Creator to enter the university. In the same way the United Nations told me in the USA, that their building had no room for Allah. That is why there is a curse raining on that place. I am sorry to say that 15 Muslim countries are under that curse.

They are so ignorant. They put ants under the microscope to see how they function. Allah gave the ant two parts. They want to see the intestine and wonder whether it is on this side or that. Those are the kind of questions they are asking themselves, not the main question, which is: who created them. It is the century of ignorance. They are running away from the eternal reality, which is: there is a Lord, Who is the Lord of Heavens and earth, the Lord of all creation, the Lord of universes... They teach how they should be able to save more money. They are concerned with economy. They have a new tesbih, "money, money, money... Marks, Marks, Marks... Dollar, Dollar, Dollar..." instead of "Allah, Allah, Allah..." That is the century we are living in. That is why I call them 'square-headed people', they can't get out of it. It is the main reason for fighting. Our egos can never accept equality, it always wants to be a bit more. Like the pharaoh, he did not want to be an ordinary god, he wanted to be first.

Allah said to His most beloved praised servant, "Oh Muhammad, if I would give every human-being a chance, men or women, don't think they wouldn't be like a pharaoh. Every one of them would! If I gave the power I gave to pharaoh, the same throne, they would all be like him. But most of them are not given that chance." Now there is a new fashion and most people have become Nimrods. Nimrod used to say, "I am the god of the earth. I don't want your Lord to get involved with my work here on earth." Everyone has that characteristic now, small people and great nations. All of them! You can find them as miniature sized or king-sized, all kinds.

One great Holy Person asked me once, "Are you becoming smaller today?" Our egos want to grow all the time, but Holy People want to bring our ego down. Try to make your ego happy by becoming smaller. It is the main purpose of all worshipping, to make you smaller until you finish. Your ego wants the opposite, to grow and grow and grow until it is a lord. But it is impossible for servants to be sultans. There can only be one King. In our days people become proud of their worshipping, of their ideas, of their actions. They see themselves in the kind of mirror there is in amusement parks, where your head looks bigger than it is. It is abnormal. People today, especially Muslims, are so proud. If they don't undergo a training with a master, they will become like dinosaurs.

Come down to your normal size. Don't claim to be big. When your ego has finished you will receive an opening to Heavens. If you come to Heaven with your ego, you will have to turn back. If you come without, every Heaven will open up for you. That is why it is important for everyone to fight their ego during Ramadan. Make it smaller and to keep it in that normal size even after the Holy Month. Don't let it come out of your control and turn you into an ugly creature.

Ay Yaran Shah Mardan Let's say: Bismillahir Rahmanir Rahim Let's say: Allahu Akbar Allahu Akbar Allahu Akbar wa lillah al-hamd. Let's say: Alfu Alfu Salat... Alfu Alfu Salam, ala habibillah Sayyid al-Awwalin wal Akhirin, to our Master (sws) and (salat and salam) to those following his way and to Shah Mardan. Mashallah, MashaAllahu kan wa ma lam yasha' lam yakun Know - what Allah wants will happen, and what He doesn't want won't happen.
This new day...welcome to Shah Mardan's... beloved ones, Ay Yaran, Marhaba. Marhaba to you. You are attending a very beautiful assembly. With your blessings, we'll listen to Shah Mardan's beautiful words... That will take us to way of Haqq (truth) and make us love the way of Haqq. Let's listen to these words in his holy gathering. Who is holy? The ones who sit in blessed assemblies... they are all blessed and holy. Assalamu Alaykum, Ay Yaran Shah Mardan O Lion, Shah Mardan. The Lion... who stands in the presence of the Habib (sws) and is Habib ur-Rahman. Habibullah (sws) is the Sultan of Prophets. Habib ur-Rahman is his uncle's son, Shah Mardan. Draw your sword and speak. A blade is needed for these people. We hope Allah (jj) does not let us to be from those who will be left to the blade Let's say: La ilaha illallah Sayyidina Muhammad Rasulullah (sws) Allahumma Thabbitna ala al-Haqq.
How nice. A new day, a new provision Ay Yaran Shah Mardan, what a nice saying. O Shah Mardan's beloved ones Marhaba. Marhaba to you. Let's say words of truth. Today... what did we come with? The hoopoe bird... said: "Ji'tuka Min Saba'iin Binaba'iin Yaqinin" (27:22) Look, the hoopoe bird is saying, "I came from Saba/Sheba" I am coming from the Queen of Sheba with important news. "I will tell you that news", it was saying. Ayyuhal Ghafilun O heedless people! O people who are not attending the assembly of Shah Mardan... they are losing. Listen, what did the hoopoe bird say to Prophet Solomon: "Ji'tuka Min Saba'iin Binaba'iin Yaqinin"

(27:22) Allah Allah, Allah Allah Now, Shah Mardan is speaking. Pay attention. The hoopoe bird is saying: "I came with big news, important news," said the hoopoe bird.
The Great Prophet Solomon said to the bird,"what news did you bring, tell me?" "Ji'tuka Min Saba'iin Binaba'iin Yaqinin" (27:22) Allah Allah, the Great Prophet Solomon is listening to a liitle bird. ala Nabina alayhi salatu wa salam Prophet Solomon, a Great Prophet... he listened to the bird. "What did you bring?" he said. "Ji'tuka Min Saba'iin Binaba'iin Yaqinin" (27:22) and Prophet Solomon listened to it, "what did you bring?" if your news is true, your rank will be raised. If you speak truth, you'll be accepted & appreciated in the presence of Sultan. O Shah Mardan, how nice he is saying: you will be accepted & appreciated in our presence or else, "La'u adhdhibannahu" (27:21) I'll staughter you or I'll imprison you or torture you because in our presence there is only the straight & true way, no crooked way. Learn from this. Look, Shah Mardan is speaking now... from the words of Prophet Solomon. The hoopoe bird... what did it say to the Great Solomon? "I made a patrol," it said. to see what is going on around us. Search & inspect... to find a treasure or find nice news. O Solomon, we are servants in your presence. He didn't say, slave/prisoner. He didn't say- I am a slave/prisoner. We are at your service, because you are a Great Sultan and Prophet. We are at your service, what do we want?
It was speaking and addressing Solomon- most people don't know this. We are honored with your service. All our actions, whether seen or not... all our actions are for you, O Solomon. We can't decide for ourselves. We are servants under our Sultan's orders. We're not slave/prisoner. We're honored with your service. And for your service, I disappeared for a while. I left your assembly. I was absent, but... I found something, I found a strange country. You are a Prophet, even if you know... I am mentioning this so the people will understand. Behind your country, there is another country that... it is called, Sheba. Our soldiers have not gone there yet. While I was inspecting around, I... found a country like this, it's called Sheba. Who is its Sultan? A Queen. A lady is ruling that place. "Ji'tuka Min Saba'iin Binaba'iin Yaqinin" (27:22) I saw it, and instead of reporting rumors... I saw it myself and then came to tell you the news. Wajadtuhum. I saw that Sheba is a strange country. O Solomon, O Allah's (jj) Glorious Prophet. Whose right is it to be glorious? It is the right of Allah's (jj) prophets to be glorious.
O Glorious Prophet. O Allah's (swt) beloved one, Habibullah. Are Muslims glorifying him? Everyday, Gulbanki Muhammad... in your palaces? O kings, in your palaces... when you wake

up, are you hitting the drums? Tabli Basharat (drums), O kings... the one who's offering you this mulk (property), who's giving it to you for the sake of glorifying Allah's Beloved, in your palaces... with Tabli Basharat, mention his name... with muzika, now they say Mizika. The Kings & Sultans had... drums to greet the Sultans. A Sultan...Sultans are the Sultans of heavens Our Master, Sarwari Kainat (sws), He is worthy of it... Everyday in your palaces, O King of Saudi Arabia... O Iran's false ones, O honorable people of Damascus, O Baghdad, Yemen, India, China... o people o kings. For his glory, in the heavens.... tabli basharat is being played for Shahi Risalah (sws)... Are you doing anything (for him) on earth? Let him say, his Majesty, King of Saudi Arabia, ruler of Mekkah, when you wake up, for the sake of the Glorious Prophet... o people of Egypt, Baghdad, Damascus, o muslims in Indian and China, the ones who put being Turkish ahead, and throw Islam behind, is there anyone among you, when you wake up... tabli basharat for the glorification of our Prophet of Mercy... are you playing the drums? Good tidings, with the blessings of... Allah's beloved one, we awoke. His glory is great. We can't reach it,but... we are declaring it. Tabli Basharat, for his glory... let's play a trumpet, let's recite gulbank Muhammadi.

Ya Rabbi, may the glory and honor of your Habib increase. Is there anyone saying this? No. Well, by whose blessings... did you become prince or king? Why don't you make this glorification? O Egypt's drunk leader, O Iran's mindless leader, O leader of those who threw the Ottomans behind, are you accepting, every morning, Gulbanki Muhammadi... to beat the drums and call out, Allahu Allah Allahu Rabbi, Allahu Allah Allahu Allah, Muhammad Habibullah; to say Gulbanki Muhammad, la ilaha illallah Muhammadur Rasulullah (sws). Do you have respect, o kings? o leaders, o princes? Your only interest, is to say that you are something. When you come, you want a band to play for you. You want soldiers to line up and salute you. Who are you? Why should they salute you? Can you salute a tyrant? Those who salute tyrants become disbelievers. "Wa min ba'di Muluki Jababira" (hadith) o scholars of Egypt, Damascus scholars of Arabian peninsula, Baghdad, don't you know...

"Wa min ba'di Muluki Jababira" After kings, tyrants will come. That means, satan's men will come. They are satan's. Obedience to them is sin. To give them the right to speak is big sin. The divine whip from heavens is coming to hit them first. Look what is being said now,"Ji'tuka Min Saba'iin Binaba'iin Yaqinin" (27:22) O Glorious Prophet, our duty comes first. You appointed

us. On our heads is your crown, what your Lord has granted to us. Too look around and search... that is what we are ordered to do. O Allah's Glorious Prophet, O Prophet Solomon, who is the ruler of humans and jinn, you didn't see this place. Which country did you see? I saw Sheba. I saw that there is a lady ruling over them. A lady is ruling? They have a queen? Yes, a queen. If there is no King, what authority does a Queen have? "How can this be", he asked. "Go and research well". Ladies...we have a right to speak in the assembly (parliament) also. Ladies should know their place (limit). Ladies cannot do the job of men. But satan mixed up everything. Go and see what this is, he (S.Solomon) said. He made a patrol and came to give his statement. There is a Queen ruling her sultanate. Strange and the country is strangely flourishing. Her throne is solid gold. Even though she is a queen, everyone trembles from her majesty. That is what I found there, a queen, it said She is ruling over men. What kind of men are these? Can a lady have power over a man? O Nabi Allah. This is Shah Mardan's addressing, Shah Mardan's. at the door of the Sultan, tabli basharat is being played. No one can go near because her throne is such that you can't look at it; your eyes can't look from the glare. Even though she is a lady... she rules a country. It can't be, he said. She has a throne... no one has seen that throne. Every morning and evening... tabli basharat is played. According to their religion, they play... to glorify their queen. They had tabli basharat. These are nothing next to the Greatness of Prophet Solomon.

However, woe to you o princes, o kings, o presidents. You forget our Prophet and make yourselves to be glorified. Which one of you has tabli basharat at his door... to make a morning ceremony to glorify our Glorious Prophet? Which one of you throws a cannon, or raises his banner? Which one of you stands up with manners & respect to say salat and salam? Let the king of Saudi Arabia tell me. Let all the other kings and princes tell me. Who dressed you with that rank? Prophet (sws). Without his signature, can king of S.Arabia sit there? No, they'll bury him next day. Which one of you thinks about this? O kings, today we woke up. The Prophet of last days... with his compassion and intercession we stood up. Does it come to your mind... to play tabli basharat (drums), to say... La ilaha illallah, la ilaha illallah la ilaha illallah, Muhammadur Rasulullah (sws)? Tabli basharat, play the drums of good tidings, stand up at the door of the palace or go on the balcony... and say Gulbanki Muhammedi, salat and salam... to

our Prophet (sws).
Ay Rabbul Alamin you sent your Beloved (sws) to us as a Prophet, our honor is from that Prophet. Zidhu Ya Rabbi izzan wa sharafa nuran wa surura wa ridwanan wa sultana. Are there any kings saying this? Mr. Akmaluddin should say it. You claim to be leader of Arab and Turk muslims. You wear ironed trousers and walk around with nothing on your head. At the assembly (parliament) you don't say Salawat ash-Sharifa. What blessings does that have? Man tashabbaha bi Qawmin fa huwa minhum. Whoever imitates someones, he is from his nation. Europe? What is Europe? They are unclean disbelievers. Why try to follow them? Why not put the crown of Prophet (sws) on your head. The hoopoe bird glorified Prophet Solomon... and Allah (swt) gave him a crown. Those birds have crowns. The hoopoe bird has a crown on its head and Prophet Solomon stroked its head. It has a crown. Well, if you don't glorify the Prophet of last days... what honor do you have? what value? what dignity do you have? Nothing. "Ji'tuka Min Saba'iin Binaba'iin Yaqinin" (27:22) Allahu Akbar.
O Sultan, King of Saudi Arabia, o princes, every morning, go on the balcony of honor and ... La ilaha illallah, Sayyidina Muhammedur Rasulullah. Sallu alayhi, sallu aleyhi wa sallimu taslima. Are you saying salat and salam along with your soldiers? Shame on those kings and princes who are... given that rank from our Master (sws) and... they are not performing worthy service. They're not saying salat and salam and in fact, one country has forbidden the calling of salat and salam. What is this disgrace? What is this? How will they answer in the presence of Prophet (sws)? Say: "Ji'tuka Min Saba'iin Binaba'iin Yaqinin" (27:22) Look at Prophet Solomon's... Majesty...oh...hay...Sayyidina Sulayman I wish I was at your feet to kiss them. Allahu Akbar Allahu Akbar Allahu Akbar wa lillahil hamd.
All prophets are kissing the feet of our Master (sws). And you are not standing up. What value do you have? O owners of palaces, in the morning go out to the balcony of honor when your soldiers are saluting you, first... make them say takbir (Allahu Akbar) for Allah (swt), after that... make them glorify Khaliqi Lam Yazid's Beloved (sws), say: alfu alfu salat, alfu alfu salam alayka ya sayyidal awwalina wal'akhirin. Zidhu ya Rabbi izzan wa sharafan nuran wa surura wa ridwana wa sultana. Do any of you say this? Is this in your ceremonies? I am asking kings, I am asking princes. Shame on all of you because you are not making this glorification. But, if it's taken from your hands, don't cry because it won't be returned. It's taken from those not giving thanks

to Allah. Honor is not given back. If it's taken from you, no king or... no prince will be left. Don't claim to be something. Go on your balcony of honor with your soldiers below you, and make takbir and say salat and salam. Say Shukr and Hamd to our Mawla, who granted us these blessings. For the sake of His Habib... give us good health, dress us with the dress of majesty, Ya Rabbi and to spend what you gave us for Your way... Dress us with .... Let's spend in your way, because Habib said: "ati (anfiq) bilaa laa wa laa takhaaf min dhal arshi iqlaalan" Is this Arabic or Turkish? Akmalluddin, why don't you tell the kings? Is this a hadith or is it made-up? Tell me, they are looking at you from above. many people, if they don't follow this order, they won't make it to Ramadan and this is just to pull their ears (warn you).

40 countries when they start govt meetings, do they stand & say salat & salam? If the parliament members do not, then it is not a parliament. Allah (jj) Ya Rabbi, He sees and looks. Allah (jj) has glorified... His Beloved (sws), Come O My Habib... and wander in My Magnificence & Beauty. Who can be above that? Why aren't you making this glorification? O kings and princes. Start right away, start from tomorrow, Monday... which is the day the world was given honor. Start tabli basharat, play the music and say salat and salam, Glorify our Master (sws). If not, you'll be taken. They won't reach Ramadan. O Akmalluddin, say these things to people. If you don't, they don't care if you say you are president, they'll take you. Don't think that they'll just bury you, no. Who knows where they'll throw you. This is a harsh addressing, today's addressing.

Find someone who will give you certain news, that is the meaning... The hoopoe said: "Ji'tuka Min Saba'iin Binaba'iin Yaqinin" (27:22) You listen also. Prophet Solomon listened to the hoopoe bird. And I am a weak servant, but Shah Mardan is speaking to us. O Shah Mardan, O Shah Mardan Have mercy on us, oh Sultan of the arenas, Shah Mardan. We are watching your sword. With your double-pointed sword... sweep away all the bad people who come against Islam. Ay Yaran Shah Mardan, Mashallah, La Quwwata illa billah. I am not the one saying this. This is a direct... inspiration, or you can call it whatever you want. These words are words of Haqq (truth). Start from tomorrow... to say Gulbanki Muhammad and Salawat Sharifia in your palaces. Say salat and salam from the minarets. If you don't... you won't reach Ramadan. None of you, neither kings nor princes. Don't even ask about presidents - presidents are... low, the lowest of people. They are the lowest. The people at the bottom will me made the head, feet will become the head... Those who overthrow kings and come to power are the feet (lowest people).

Whether you like it or not.
If not, Shah Mardan's sword... is drawn. It isn't afraid of America, or Russia... or China. The Chinese who are the nation of Makruh - they eat mice, they eat centipedes, they eat lizards, they eat impure things.These people... are not worthy of addressing. Do not get offended. I am neither afraid of China, nor Japan, nor America. But I will make them afraid. When I say "I", it is refering to Shah Mardan. O Shah Mardan, let there be love. Let's say, Marhaba. Marhaba Ay Yaran Shah Mardan. Beauty is with you, good understanding and ideas are from you. Prophet's satisfaction is for you, Allah's (swt) happiness is with you... and will reach to you. Ay Yaran Shah Mardan. Listen O Iranians, O Alawis, If you don't listen, something terrible will happen to you! There are 700 of those with horses waiting in heavens. There are 7000 angels being kept waiting who didn't come down on day of Humayn, They are in front of Sahib az-Zaman. There'll be 7 heads on each spear. They are like dragons, beware.
O scholars of Azhar, why are you afraid? Speak truth; authority belongs to Shariah (Allah's divine laws) but because of ignorance, Kama Takunun Yuqalla Alaykum let's correct ourselves- When you're righteous,crooked ones can't rule you. Allahu Allah, Allahu Allah Allahu Rabbi Allahu Allah Allahu Rabbi Allahu Hasbi Allahu Allah Ya Rabbi. Your holy servant... Your Victorious Lion, Asadullah al-Ghalib, Shah Mardan, for his sake,for the sake of your Habib, in order to destroy satan's sultanate... send us a Sultan Ya Rabbi. We are left without a Sultan. These sinful disbelievers are playing with us. We do not fear anyone other than Allah (jj). No! Why should we be afraid? They should fear us! However, we have a strange cannon that they made. They control us with that- it shouldn't be! Don't put it at the borders. Say Allahu Akbar and walk. Why are you throwing these on people's heads? Why do you throw fire on people's heads from those airplanes, O oppressors. Aren't you going to die? Yes you will, you will die. But in the grave, you will suffer. Aman Ya Rabbi, Tawba Ya Rabbi.
Let's repent. O kings, especially the king ruling in Saudi Arabia. He is respectable. He is respectful and does good things. Unfortunately he gives most of it to rocks & dirt. His service to people is little. It is necessary, every year for the poor people... not a billion, but to say, "I give 1 trillion to the poor" for the sake of Allah. "anfiq bilaa laa wa laa takhaaf min dhal arshi iqlaalan." Don't forget o kings. Why are you hoarding? This bank is mine... This chest is mine, this country is mine...Don't say this! Say: My Lord gave this to me. Why? Anfiq (spend). Spend...Bilala...this

has 2 meanings. First, Hz Bilal al-Habashi. Second, without saying no. Don't send people away from your door. Don't kick them out. When you give, don't think that... the Owner of the Throne, our Lord will reduce what you have. Man Zada Lillah Zadahullah. Ya Rabbi tawba Ya Rabbi tawba. Shah Mardan is saying: Ya Rabbi tawba. Ay Yaran Shah Mardan. O Iranians... Don't make weapons that kill people.
This is the news. "May Ahya Wahidan, Kama Ahya Ummah" (if you give life)... it's as if you brought them all to life. How many people are brought to life? Why are you accumulating? Be careful, the coming month of Rajab... the awliya call it, Terrifying Rajab. Scary Rajab. It will start with oppressors, their heads will be cut. Protect yourselves. Spend (for Allah), give, save yourself. If not, your head will go in this world. and in the hereafter and they won't allow you into paradise. This is a threat. I'm not one to look and read from books... This is from Shah Mardan and it is always from him.He is sultan. It's his speech. Who listens, wins. Who doesn't suffers what befalls him. Don't be an oppressor. Keep justice. Don't be stingy. Be generous. Generous ones are accepted on earth... and accepted in heavens. Why are you accumulating? Don't hoard, give. Shah Mardan is saying: Don't save, give.
Habib ur-Rahman, Ay Shah Mardan. Your advice is gold & silver. It's gold. It's more precious than jewels.Dress us also with the dress of Majesty. So those who hear the name of Islam will be in fear. If not, they will bring down the one in Egypt too. They will bring down the oppressors in Syria too. They will bring down the oppressors in Turkey and Russia... and China. Whichever country has oppressors... And they'll bring down America too. Hey, Divine Anger... if it just stirs a little, they'll be finished! On earth only 1 out of 5 will remain. Out of 5 people, 1 will remain... The rest will go.

This is news, it's near. "Ji'tuka Min Saba'iin Binaba'iin Yaqinin" This news is similar. It is from Shah Mardan. Iran, get your head straight. You call him... the 10th imam. He's not an easy imam, he will strike those who are crooked! He is Sahib az-Zaman, Mahdi (as). You also believe in him. You say... many nonsense things. There will be Qisas (punishment). Whoever... kills an innocent person, they will be punished according to Qisas. Punishment on earth and in the grave. Protect yourselves. Wal Hadharul Hadhar ya ibadallah. Tawba Ya Rabbi. Tawba Ya Rabbi, Tawba Astaghfirullah. Shukr Ya Rabbi, Shukr Ya Rabbi Shukr Alhamdulillah. Yaran

Shah Mardan... they are not the Baktashi, nor Alawi, nor Shia. They're the ones on his way. Don't make empty claims. Your chair... don't think it's sturdy. One day they'll break it on your head. They'll throw you and run over you. I am speaking words of Haqq (truth). I'm not saying names, whoever stands against shariah(divine law) and Islam... whoever oppresses for people... all their heads will be on spears. A strange situation is coming. Rajabun Ajayibun. Be careful. Kings, every morning say Gulbanki Muhammad, arrange your soldiers in front of you in the room of honor... Make them say Takbir - Allahu Akbar Allahu Akbar wa lillahil hamd. Then say salawat to our Master and make dua. The king's supplications are granted. Then order for dinner tables to be given to the poor. Wa min Allah at-Tawfiq May Allah (swt) forgive me and you. Fatiha.

Azhar scholars can give their comments. They are respected, they shouldn't fear. The pillars are in egypt, they shouldn't fear. Speak truth, you are dragons. Those who don't listen to Haqq... crocodiles will eat them in Egypt. Crocodiles will wander the streets. They'll eat some people and not others. People of Egypt should be careful. Don't say: I am president, ikhwan, this and that. Does Allah (swt) like what you are doing? If not, your work is rotten. Crocodiles will eat them, they won't be killed by people. Crocodiles will catch them all of a sudden, a crocodile will be found inside their home & eat them. Tell them this also, it is also from Shah Mardan. How can a crocodile be inside the house? They are found in the Nile. Allah (swt) will send them wherever he wants. Crocodiles will eat them inside their homes. And those in Egypt who are ruling... and not implementing Shariah, claiming to be this and that... these words have been said to teach them, Alim Allah. Inside their homes, crocodiles will eat them. Otherwise, there's a poisonous little animal... that animal, if it bites them... neither their manhood nor their life will remain. This is an announcement & order from the pillars in Egypt,what I am saying Tawba Ya Rabbi, Tawba Ya Rabbi, Tawba Astaghfirullah. Say, O Azhar scholars, don't fear. There are pillars there. There are holy ones in Egypt, a sultan. Sayyidina Hussain. Ya Rabbi Tawba, Ya Rabbi Tawba. Don't let us follow bad ones. Those who have minds, don't follow. If they do, crocodiles will eat so many. The Nile will overflow, it will flood & countless crocodiles will come out. In other countries, there are floods but without crocodiles. In Egypt, when there's flood, there are crocodiles, coming out in armies. They can't be killed with guns, or tanks, or cannon. Beware. Tawba Ya Rabbi, Tawba Astaghfirullah. Fatiha.

Shah Mardan has announced this. Who accepts, will be saved. Who doesn't accept, their work will turn to dust. People of Egypt shouldn't go out at night. Because strange... creatures wander outside and will swallow them. Especially if they find ladies, they have no chance. Don't make meetings. If the leaders are oppressors, there is a crocodile... that will swallow them. Tawba Ya Rabbi. Let's repent and say Aman Ya Rabbi Bismillahir Rahmanir Rahim.

**Certificates are Granted to Evolutionists from Satan**

(partial Sohbat)

(cut off) ...saying "no, no, no, no," They never learned to say, "yes, yes, yes." Always saying "no,It is not true. no, it can't be. no, it never happened.
they learned, Shaytaan teaching them only to say "no, no, no." For every knowledge, for every thing that written through holy books, and coming from heavens, they learn only to say "no not true, no, no, no" because Shaytaan giving to them certificiate. Certificate.And tying on their tails "doctor". Written on their tails "doctor".
They have tail? Because they are saying they are coming from gorillas. Ay, gorilla it has a tail, (imitates someone speaking in high voice) "but its tail is small one, this one must be taller, because what saying, tekamun it is something else. Evolution. First they were gorilla, now coming on."
"Evolution coming and before their tail from here up to there, but now because going to be much more elegant, and their tales coming smaller, smaller and smaller and then they are saying, "O, o my brother. I am thinking that it is a wrong theory, that Darwin saying, because at the time of Darwin it has 2 metres tail. Now we finished (that time) and saying, "because Shaytaan's making circumcision making you from background. Very elegant creature! Creature."
Ah! after a while, because you may be in need, because you are too much running, humm, and you may be in need more than two legs, four legs to run.That is much more elegant for you and Darwin should be so happy with you that your evolution going on. Perhaps after one century you should be kayak gibi, soyler, you need more than 2, up to 40 legs."
People's thinking is wrong because Shaytaan is giving its certificate to those idiot ones. Shaytaan, Satan, Devil, electing and selecting. Like Tamocracy, because people they are saying that everyone must, people running. "What happened" "There is election." "Yesterday there was election". "Yes. Today there is election."

You must bring much more animal-looking people. Not understanding my English?
Say thanks to Allah that they are not such a certificated people from Shaytaan. That is teaching.
I may say. If anyone may do a reject on it, may come and I shall bring another new jihaz, instrument, come here. You too much running and no understanding reality from Darwin's theory. haaah!
Therefore we must do a checkup on you. Really you are coming from your ancestors gorilla or not?
Ay, for this we are in need two witnesses. From where we are bringing two witnesses? We must bring from animals world. Eh. One must be gorilla; second must be chimpanzee; another one to be orangutan.
Yes? (from Indonesia?) From everywhere you can bring to make ape, to be witness that "that person he is from our level but he is running much more than ourselves, then he changed and never looking ourselves, but only their minds changed, their bodies, throw it away. Useless, their bodies."
May Allah correct our beliefs. O people! You have been created to be deputies of the Lord of heavens. That means you have an honor over every creature.
Even angels they were hoping to be deputies of the Lord, Almighty Allah. but He said, "no, I am creating." But those animal-looking ones they are not accepting this and they are saying "we are coming from jungles of Africa or coming from gigantic forest of Argentina or another where, your continent you have also."
(Indonesian has orangutans) Orangutan. A`udhu billah, a`udhu billah.
O people! correct your minds. you cannot correct your minds til you are finding a shey, oncu, measure to measure yourself and to make a temiz, differentiate, defrenchate, among Egyptian people, Kurdish people, yeah.
Yes.
(Mawlana...)
You must bring a measure, measuring. Not your physical being but we are in need a shey, meezan ni derler, balance, sometimes they are saying for cars you must do balance, you must look the balance is true or not. Before cars they must look to people's minds, how they are. Yes! Use balance for mankind first. Hear what they are saying. Listen.
Now whole mankind without balance they are living and no-mind people, getting, coming, coming.
All troubles for mankind now because of this, because they haven't any balance.
But we are not going like cars to a making an instrument to look that balance, your balance must...now whole mankind without balance. They are living and no-mind people getting, coming, coming. All troubles for mankind now for the cause of this, because they haven't any balance.

But they are not going like cars to a makinist, mechanic, to look balance. Your balance must be heavenly. The Lord of Heavens is sending some elected selected honored glorified servants, from heavens, to look and to see and to show people that your balance is wrong.

Therefore now people they never like to be balanced. They are saying, "Everything we know. We are not in need heavenly blanace. We can do our balance."

(If) You can do your balance then you are going to be like jungle people. Whole trouble on earth now is on that point.

Heavenly balance is in Old Testament, New Testament, Pslams. And now these aside 15 centuries and coming with the Holy Quran, the most glorified one, the most majestic one in the Divinely Presence. He is the chief for looking people's balances.

Use Shari`atAllah. Shari`atAllah, you know? The Holy orders of Lord of heavens to know about your balance, good or bad. Who are you? You may know that time. That is important.

O people! Come and follow holy Shari`at, Holy Rules, Holy Commands coming from heavens through heavenly ones to save yourselves here and hereafter. If not cursing should continue til no one remaining on this planet, all of them going to kill each other and finished.

That is the sign of the Last Day, Qiyamat, that people should lose their balance and they are not going to be happy with heavenly balance and they are saying, "We are not in need of heavenly orders! We can do as we like and we can arrange our lives according to our minds. We are not in need to follow prophets or to listen to them or to obey them, we are free ones." Therefore freedom in Tamokracy, pocracy pasawanklar. Hypocrisy. (Everywhere there) is Tamocracy, (there is) fighting. O people! Fight against Shaytaan! Keep holy balance that just had been sent before 15 centuries, you should be happy and honorable and glorified ones in the Divinely Present or you are going to be dirtiest one, more worse than Satan and its followers. May Allah forgives us.

O people! We are in a holy month, holy Ramadan. That it gives us a balance according to our maqdirah, ability. Keep it. Keep it. Put your power on your being to be our beings not from this world but you must ask heavenly beings in Paradise. Paradise is waiting for you and death is running after you.

May Allah forgives us. O our Lord forgive us. O our Lord send us someone's that they may do good shepherd on Your servants, to change their bad ways to good ways, from bad doings to best doings.

You may understand, even my English is only little bit but you may understand what I am saying.

O people! Come and listen to heavenly messages and try to follow it to be happy here and hereafter.

Allah, Allah, Allah Allah, Allah Allah `Azeez Allah
Allah, Allah, Allah Allah, Allah Allah Kareem Allah
Allah, Allah, Allah Allah, Allah Allah SubhanaAllah
Allah, Allah, Allah Allah, Allah Allah Sultan Allah
You are Sultan! And Your deputy Sultan on earth through creation, O our Lord, Sayyidina Muhammad (s)
(stand and all recite)
Allahuma salli `ala Sayyidina Muhammadin an-nabi al-umiyy wa `ala aalihi wa sahbihi wa sallam.
(some French people want to do a song for you.)
(Announcing: they are inspired by Quran from Alam nashrah laka sadrak, )

## The Holy Command: Change Your Lives!

As-salaamu `alaykum yaa Bani Adam maa bayna mashaariq wa maghaarib. O Mankind, Children of Adam! As-salaamu `alaykum! Dastoor yaa Sayyidee, yaa Rasoolullah. (Mawlana Shaykh stands) Madad yaa RijaalAllah amidoona bi madadikum. (Mawlana Shaykh sits)

O our Attenders! May Allah forgive us, for the honor of His most beloved, honored, and glorified one in His Divinely Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) Huuuuu. Say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh stands and sits) May Allah Almighty forgive us and send to his weak servants heavenly, holy ones who are protecting ummat al-Habeeb, the nation of Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits) Now we are saying something from heavenly ones. They are saying, people living in this dunya face a great danger of cursing, and that is the reason that throughout the east and west, north to south, all nations are like wild creatures asking to do their worst. People are thinking to do good things, but are trying to injure, kill, and harm each other, and that is not the honor of Mankind! The Lord of Heavens is asking to dress them in honor and glory, but they are running after Shaytan, who is trying to dress them in wildness, which is so harmful!

O Salafi `ulamas! Where are you? SubhaanAllah, glory for the Lord of Heavens! Why did Allah Almighty just send khabar, news, about those who passed away or of past nations that were punished? Because they

did so many bad things that angered Allah Almighty and He sent on them cursing that took them away. For what did Allah Almighty mention so many qissas, stories in the Holy Qur'an about all nations? I am addressing those who are so proud to say, "We are Salafi `ulamas." What is your knowledge? What are you teaching people? Why are you not saying this? I am asking a question. Although I am an ordinary one, a servant, I am asking forgiveness from the Lord of Heavens, our Creator, saying, "O my Lord! Yaa Rabb! I am not arranging my life as You like; please forgive me." That is a very important point, to arrange our lifestyles according to heavenly orders, because that makes the Lord of Heavens pleased with us. That is the most important point for Mankind now.

O Salafi `ulamas! Why are you not making this clear, first for Muslims, how they must arrange their lifestyles to make them acceptable and honored in the Divinely Presence? So many nations passed away, and for every nation Allah Almighty sent a prophet to arrange the lifestyles of His servants! When servants are getting out from those commands, cursing comes on them!

And Allah Almighty said about the Children of Israel, when they became disobedient and refused to arrange their lives as the Lord of Heavens asked, cursing came on them! What happened? So many nations passed away, but we shall speak on it for Salafi `ulamas. Allah Almighty cursed some tribes of the Children of Israel, as was written in the Holy Qur'an, because they did not accept to arrange their lives as the Lord of Heavens asked! Who does not obey, punishment must come on them! Where are you (that is your position), Salafi `ulamas? Where are Azhar ash-Shareef `ulamas? Where are the doctors? I am asking them first, if they are arranging their lives as the Lord of Heavens is asking? Only then they may say to others. If they are not arranging their lifestyles, cursing must come on them! And now because nations are refusing to arrange their lives as the Lord of Heavens is asking, He is going to take all of them!

Why is the story of Noah (a) mentioned, about a flood taking them away? If nations, including the Muslim world, are not arranging their lives according to the Lord of Heavens' order to Sayyidina Muhammad (s), (Mawlana Shaykh stands and sits) floods will be sent; not merely flood waters, but fire and blood will come with it! Therefore, they are making me shout to those who are claiming, "We are Salafi `ulamas of the whole Islamic world." They are not given honor from the Heavens. Why are you not calling people to arrange their lives as the Seal of Prophets (s) brought through Shari`atullah? What is "parliament"? Nations that follow that political system of governance will be punished! Say to umarras and mulook that they will be punished

with fire and blood. Allah! Tawbah, yaa Rabbee. Tawbah, astaghfirullah. Tawbah, astaghfirullah.

Now throughout this world, people are living for their pleasures and everyone is trying to arrange a special standard of life for themselves, and they will be taken away! Whoever is asking to arrange their lives according to the standard of Islam will be saved and others will be taken away. May Allah forgive us.

O People! It is the first day of Dhul-Qa`dah, the most glorified of holy months. Take care! Try to not arrange your lives as unbelievers are offering. Leave that; even you must change the shirt you are wearing. In your homes, out of your homes, everywhere, you must arrange heavenly commands for your lives, and be as the Lord of Heavens is asking us to be. Try! Even change your shirt. Change yourselves and your out-looking (appearance). Out-looking is important now! Arrange yourselves, men and women. If not, cursing will come on you and no one can save you. May Allah forgive us.

O People! It is enough to know and take respect for Dhul-Qa`dah, Dhul-Hijjah, and Muharram. I don't know what is going to happen in Muharram, but black clouds are appearing from the horizons. We are only mundhir, warners. Hear this warning and think on it! If not, if any curse comes on you no one will give you mercy!

May Allah forgive us. Yaa Rabb. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, astaghfirullah.

Fatihah.

**CHANGE YOUR PHYSICAL BEING to receive DIVINE APPEARANCES**

The physical body cannot bear Divine Appearances

As-salamu alaikum! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa billahi-l ‘Aliyu-l ‘Azim.

Oh people ask forgiveness from Allah Almighty and ask him to bless you and to look after you. We are very humble people. Physically we are so small. When you look at the rays of the sun when the sun is shining you may see within it small particles and they are so very small but relatively when we compare ourselves with the Universe we are even smaller. Physically we are so small in comparison to the Universe and it is as if we can’t even be seen.

The entire solar system is going to disappear and also the planet in which we are now living is also going to disappear. In comparison to this planet our physical beings are so small. It is as if we are nothing. The Lord of Heavens has created us and also created every created thing. We were not in existence and He created us. He is the creator and we are the created and all these created things are nothing when you compare it to the Creator. However much that you imagine the Universe to be in bigness still it is nothing. You may say, “ then what about billion times in bigness as the Universe.” And I will still say it is nothing. If you say, “what would you say if it was trillion times the size of the Universe.” I would still reply it is nothing. If you say, “what if we make the Universe quadrillion times bigger then what it is” I would still say it is nothing. However much your imagination makes the created things bigger and bigger still they are on the level of creation and is created. You can never make a comparison between the

hugeness of the Universe which is the created and the Creator's Greatness.

We may say, "Allah is Great." But we cannot say, "Big Allah." You cannot call him a big one because He is a Great one and Greatness is absolute and does not have an end or limit and Allah is the Great. As regards to everything in the Universe you may say that it is a small one, a big one, a bigger one or the biggest one. But in comparison with the Greatness of Allah Almighty it is nothing. We have been granted from Allah Almighty to be big ones and not Greatness. You can call the stars as big stars, the world as big worlds, the galaxies as big galaxies and the Universes as big Universes but you cannot call them great stars, great worlds, great galaxies and great universes. You must understand this and this is new knowledge.

You can call them big ones because their existence has been granted by the Great Lord the Lord of creation. But Subhanallah our bigness through our physical beings is nothing. Subhanallah, we have been granted something that our imaginations can't even reach to understand. No you cannot understand. What is that which we have been granted? It is when Allah Almighty through His greatness addresses you saying, "Oh my servants." This means that He has granted to us something that does not belong to our physical beings and our material Universe. This has not been granted to the worlds or the Universes or the Galaxies. This has only been granted by the Lord of Heavens to Mankind. This is why Allah Almighty says, "You are my successor on earth." And what is earth? What is the real earth and what is this real addressing? To whom was the Lord of Heavens addressing. Our physical being cannot carry His addressing and the material being has disappeared. It is not possible for our physical being to carry His addressing.

As an example Moosa (alai) was asking, "Oh my Lord let me look at You," and Allah Almighty was saying, "You cannot see with your material being and your physical attributes and characteristics. You cannot see as long as you are in your material dressing. Even if your physical or material being is as big as the Universe you will still not be able to see. However I may isolate you from your physical being. You cannot

see when you are in your physical body or physical form. Allah Almighty sent only one ray (and this is the smallest and least quantity) and the huge mountain on which this ray was sent disappeared. The mountain was finished. This is why man is the most important in creation; he is the most extraordinary in creation. Even though man cannot look and see with his material body his structure is so very important. As long as you are still asking interested in the material aspect and also at the same time you are asking also from spirituality, from heavenly positions, you still won't be able to reach to it. You must leave the material aspect or you will be deprived of this. Through the physical being you will never be able to see and to look at Him who is Allah Almighty.

What we were saying is that even if your physical body is in size bigger than a billion universes still it will be nothing and on nothing there cannot be an appearance from heavenly beings. Leave alone Allah Almighty, even heavenly beings, cannot be seen by them. Yes, they cannot see and it shall be like thunder falling down on them and they will be finished.

We have however been granted a 'Real Being', which is so important that it will not be effected by Divine Appearances. This 'Real Being' will be according to different levels. Therefore if you do not reach to your 'heavenly positions' your physical body cannot carry anything from spirituality. This is why we have been ordered to leave our material being.

This is why, when Seyyadina Abu Yazid was entering the Divine Presence he was asking, "Oh my Lord, let me enter." The Lord answered saying, "Leave your ego, leave your nafs and come." This means that your ego belongs to the material world and is the biggest hindrance for your person to reach to the Divine Presence. In the same manner the Seal of Prophets (sal) also was not using his physical being during the 'Night Journey.' He changed it. His first step was from Mecca and he was riding on the Buraq, and the Buraq belongs to and represents our physical being. He left it and then he journeyed to the Divine Presence. He left his ride, which is the Buraq, as it was told to him, "You must leave it and then come." So he left it and he arrived. This is the

honour of Mankind. The physical being of a man even if it grows to be the size of billions of Universes will also be nothing and it won't be given the right to be even one foot above the earth. Yes! You will fall down. As for the one who is asking to move towards the heavens does not belong to the material world and he must stand above the earth at least even one foot. He is ready to go up. If you cannot do this you are still on the level of animals. If a person cannot even rise up one foot above the earth he still belongs to the material world. He is totally nafs and his animal being appears and this is why he cannot go up. When the animal being disappears then he becomes ready.

The Prophet (sal) came from Mecca to Bait ul muqaddis on the Burak Sheriff. When he reached there he was in a position to rise up to the heavens by himself. Therefore he left behind the 'holy ride' (Burak) on earth and rose up to the heavens.

Oh people you do not understand about yourselves, yet. This is why the Prophet (sal) said, "Know yourself and you shall know your Lord." If you do not know about yourself you cannot reach to your Creator. The first condition is that you must understand yourself. This is a summary and from east to west people may find precious stones in this. Oh people do not run after bigness on earth. You need to reach to greatness through the Heavens. As long as you try to run after bigness on earth you shall be on the level of animals and you will not be able to reach to the Heavens.

When the Prophet (sal) was ready, he instantly began to rise up higher and higher. The bigness of the Prophet (sal) on earth finished and from then on it was only an order from the Holy Orders of Allah Almighty with the saying "Be" and it became. Then Allah Almighty put on the existence of the Prophet (sal), the existence of Heavenly Being and dressed him from the greatness of the Heavens. This was not from the greatness of the prophet (sal), it was from the greatness of Heavens and he reached upwards. Today people think that religion is just a belief and that without practicing or without being tested spiritually that they would be able to reach to some degree or level. They may think that they have reached to Allah Almighty and this just cannot

be. They may be big ones but they cannot be a great one.

May Allah forgive us and bless you for the honour of the Seal of Prophets, Seyyadina Muhammed (sal) and may He give us good understanding. The understanding of people particularly in our days are wrong and they have a wrong understanding of Islam and of religion and of spirituality and of Heavenly Matters, Heavenly Levels and Heavenly Beings.

Today you can only find your way through one tariqat (Sufi Order). You can only find your way through one Sufi Order. This tariqat or way is the most distinguished Naqshbandi Sufi Order. All other tariqats or Sufi Orders have ended or stopped. Therefore during this time you can reach to your 'real position' only through the Most Distinguished Naqshabandi Order. This means that when everything is taken away from you it is then that you will be dressed by Heavenly Dressings so that you can understand. If not you will only understand the level of animals and you will be only eating and drinking and indulging in sexual pleasures and making children, nothing else. Now people have fallen into this type of understanding. Oh Allah, Oh our Lord! Save us from the hands of satanic power and help us to destroy the building of falsehood (batil). Help us to bring falsehood down and also bring down the supporter of falsehood who is Shaitan. I hope that the time of falsehood is over now. What we are asking for is now approaching. People should instead of asking to become big ones on earth should ask to reach to greatness in the Divine Presence of our Holy Creator. This is important. Bi hurmati man arsalta alayhi Surath-l Fathiha.

## Changing Gold and Silver Money for Paper Money is Against Allah's Command

Ya Kareem, ya Hayy, ya Allah
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhan Allah
Allah Allah, Allah Allah, Allah Allah, Sultan Allah!

Subhanak, subhanak, subhanak. We are Your servants, Oh our Lord! Ya Sayyidi, ya Rasulallah, salat and salam on you, Oh most beloved servant of our Lord! Send us from your Holy breathing to destroy Shaytan and Shaytan's sultanate. Day by day I am asking a power to make sultanate of Shaytan under my feet. Fatiha.

Welcome, Oh people! Oh mankind! May Allah send us from Heavenly Support, Heavenly breathing to take away Shaytanic traps and tricks, to clean this world from Shaytan and its supporters!

O people! You must say A`udhu billahi mina 'sh-shaytanir-rajeem. That means, "Oh our Lord! We are running to You from Shaytan and its traps and tricks." We are saying, we are weak ones and we are asking Heavenly help that just granted from Heavens to most honored nation, the nation of Sayyidina Muhammad (s). We are asking support and whole awliyas are asking for Heavenly support because so weak, so weak, and

those people and mostly every nation including Arabs and Turks and Pakistan and Afghani people, Iranian people, everyone they are fearing from Shaytan and its tricks and traps.

And I am asking from my master that masterhood (is) given on earth and on Heavens also masterhood. People running now for masterhood. They are trying, giving everything, for what? To reach a title, Master of Science, yes? Master of mathematics, master of astronomy, master of literature. So many masterhood, they are running after it and they are not asking from real masters. They are running after imitated masters, whole masters that their masterhood, from man to man, from man to women on earth, all of them, they are not real masterhood. Real masterhood must be granted from Heavens; if not they are imitated, no value, no value.

As we have money. It is paper money, paper money never seen before, but Shaytan making people to use paper as money! And when coming a crisis, economy that they are saying economical crisis, saying "Ooooh, we are bankrupt!" What we shall do? But they are not asking what is real reason that whole nations now falling in a deep valley, trying to save themselves, and they are saying, "(This) never happened through history of mankind, from beginning up to today, such a big economical crisis." Ahhh! And they are coming and asking, "Oh Shaykh, what is your opinion? Do you know any way according to your knowledge, what do you think, how we can save ourselves from such a big economical crisis?" They are coming and asking to me.

I am saying, Oh people! You are dealing through each other, people and governments, governments to governments, working people, no working people, it is just based on a wrong base. It is not true, because you are changing the pillars of economical powers. And I am saying to them, Oh people! What is your opinion if I am saying to you, I'm asking you. For example, there was a castle for a person and he intended because we are living through 20th century or 19th century or 21st century, according to principles of economy they are putting on now, some people they are coming and saying, "Oh Shaykh, I have a big castle just built with stones. Very strong building, that it had been used as a castle for kings or queens or prince, but now I am thinking to destroy that huge castle and taking everything in it and putting a flea market to take much more money, and instead everything in that castle to be from cartons, cartons. I may do same, build same building but not from stones, taking stones keeping and putting this cartons or like cartons, something. And it can be easy for building if you are building such a castle on its model may take years and years but if we are building from cartons, we may finish it through days or weeks or months."

And people coming and hearing the lecturer say, “Oh people! Don't worry, we may take this huge castle down. Taking its stones and putting on every stone a number and we are going to keep them and instead that we are bringing carton and building same building from cartons. If we are going to do a wrong thing then we may bring that number stones and putting everything as it was before, then we have same castle.”

Some of Shaytan’s angels saying, “Don't worry, very good idea to keep stones and to put cartons, it is okay.” And they are building, taking that huge castle and building from carton a castle, it looks like much more gigantic because they are using so many colors and writings and decorating. Really that is so easy to be built and so magnificent view if anyone looking, forgetting if it is from carton or not they are running in it and saying, “oh, so beautiful, so magnificent castle!” and putting soul (?) there. What do you think? And after a while coming a storm taking away that castle that built by cartons and flying away, throwing castle into sea, into lake, through jungles, each part on different direction. And people saying, “What happened?” And I’m sorry to say, big crisis coming, taking new carton castle and now you are looking where is that castle?

Those people through this century are trying to do what I am saying now. They are asking to take from people gold and silver and putting instead of it a piece of paper written on some of it 5 Turkish pounds, on another I am looking and seeing in another color and big numbers and it is writing 100 Turkish pounds. It is only three times bigger from 5 pounds. Then there is some of them also written on it, same size of paper, written on it 200 million pounds. And I am asking, oh economist people, what do you think? You are laughing to people, you are cheating people, you are saying, “We are economist people, bringing a new system to be useful to you and ourselves. Bring your gold and take this paper that it is so easy for carrying. Where I may keep my gold? Bring to us; we have a safe that no one can touch it because just controlled by electricity; if anyone touching may fall down dead. Don’t worry, bring and take one. The people saying, “OK, sir.” Bringing gold and silver, giving to bank and economist people, and taking papers, and then now they are making, what? Saying, tricks, tricks, and traps!

Now saying, “Oh, we are bankrupt, we have now 700 billion debts. We are bankrupt.” US, may be bankrupt? Yes why not? Why not? Our 700 billion dollars, oh Shaykh, if it is not being billion, trillion finished because it is only written on paper 700 trillion dollars. Where going? On paper! On paper! And now they are crying, crying. We may say, doesn't matter.

Ooooh, ooooh, ooooh. What is that sound? That is sound of wolves coming on sheep flock. Coming, coming, coming and what they are coming, they are coming and crying, crying, they are saying all sheeps just disappeared and now we are so angry ones, what we can do? We can't eat trees like sheeps, like cows, like asses, like donkeys. Where is our sheeps? Don't ask sheeps, sheeps passed away. Huh? They must cry, small ones beginning. What happened? Sheeps went away. What we are going to eat? Eat grass. We are not sheep to eat grass, our custom to eat meat. Our provision, our provision if they are not sheep they are wolves, bears also are even lucky than ourselves because bears may eat also pears and apples and everything may eat, animals also, and they are not asking animals, if it is going to be dead one or living ones. Eating. But they are wolves never eating, we can't eat dead animals, what happened ourselves, oooh, finished, finished.

(Mawlana singing)
Dumm, dumm, dumm, dumm,
Dumm, dumm, dumm, dumm,
Dumm, dumm, dumm, dumm.

(Mawlana speaks very playfully) What is that sound we are hearing? That is sound of dead people, they are taking dead animals to cemetery wah wah wah wah wah wah beginning to cry, they are after those people coming to you, to take you to your cemetery!

rum bom rom bom rom bom

Because our king's order is, we are taking you to your cemetery because you are so troublemakers we must take you away. And now first Americans wolves crying, secondly French wolves they are laughing. So many times I am giving to you nasiha, advising to you. England saying so many times, Bank of England was saying to you, don't take gold from you, don't use paper money. So many times that ever happening, such a thing, even first times of mankind that they are on earth, but you are not listening to me.

Then, then, then, then, I take my pipe (Mawlana puts miswak in his hand, like smoking) because I am keeping whole gold, to say, Oh Bank of England. We are not listening to kings of jungles, we are lions. We are not listening. Eat carcass of people. We are very happy when we are eating carcass. Yes sir.

That is history of crisis. Which clever one giving gold and taking paper? Never thinking what is finally what is

coming because the Lord's Heavenly Orders, Heavenly Orders of Heaven. Lord of Heavens ordering, Oh people! If you are doing trading, give gold and buy it, give copper and buy it. Never the Lord of Heavens was happy to be changed gold and silver into paper. That is a warning, Heavenly warning that one day all of you going to die for that wrong way. You can't find anything to buy or to sell by papers.

O people! Come and listen Heavenly Order of the Lord of Heavens. If you like to save yourselves, don't try to do so many conferences and saying what we are doing now? And all of them they have fields of gold but laughing to people and saying, what we are going to do, our paper monies just finishing. What we can do, Oh people? Oh people! What is your opinion, sir, for saving people? Oh Your Excellency, knowing that we are thinking on it since crisis beginning, yes sir, but crisis was beginning at the beginning of this century when you changed gold into paper monies. Yes sir, but to do everything according to our ideas, new ideas, because we were thinking to build a new life system on earth, therefore useless. But I am sorry to say it is like a sila, gun, not going forward, coming back as we now knowing nothing to do to save ourselves. Oh our brother, don’t say that we don’t know, we are knowing so many things, but if we are doing that... new economical system, yes sir.

(Sound cuts out)

Don’t worry sir, our cases full with gold and give to people so many promising that, Oh people! Don’t worry after two months we are giving to you what you lost 10 times more. All of you agree? Yes sir, we want 20 times more, no sir we can give our people 100 times more. Yes sir, yes sir. All of you agree? Yes sir. We find it that after 100 years we are giving to people 1000 times, don’t say 1000 times. Too much. Doesn’t matter, we are only writing, even you can write this. After 100 you are coming and saying where is 1000 times more? Huh? Who is living in that time? We are in cemetery and they are also in another cemetery.

That is true, hip hip hurray, hip hip hurray, hip hip hurray! Salute to all of you, finished. He he he.

What we are saying today? I forget, because I am not preparing something but I am only transmitting. Therefore, what coming I must say. It is like theater. Two theatres. One theatre there is like drumming a person he said he is lucky, another saying crying. Therefore, we are under Heavenly control now as they are saying, I must say. Because I am blaming whole nations, for what? Oh Shaykh, for not sending me even paper money to make advertisement for their paper money. If not sending, I am making X on their big oak tree.

May Allah forgive us and send us a Holy One to correct everything, because everything now through the life of mankind on wrong way. The Lord never happy with their ways and He is going to punish them, then to send someone, Holy One from Heavens, to correct every wrong thing.

O people! Think on it. Think on it. This world... (adhan is called) It is okay? Happy or not? Hearing and happy.

(Sultan is singing)
Dumm, dumm, dumm, dumm,
Dumm, dumm, dumm, dumm,
Dumm, dumm, dumm, dumm.

O people! Come and listen to me. I am with you listening. The Holy Ones of Heavens coming for you. Such Holy Ones that they should guide you to the ways of Paradises. If not, whole responsibility should be on your shoulders, should be, and nothing can save you from your wrong steps. You may cry here, and through cemetery and the second world that the Lord of Heavens calling you for your judgment. May Allah forgive us.

Dumm, dumm, dumm, dumm,
Dumm, dumm, dumm, dumm,
Dumm, dumm, dumm, dumm.

“Dumm” means continue on to true way, you should be happy. Be true ones (and) you should be saved here and Hereafter. Ameen. Fatiha. La illaha illAllah, tawbah ya Rabbi, tawbah astaghfirullah, tawbah astaghfirullah! Fatiha.

## THE CHANGING OF MASTERS and the CONSENSUS OF THE TRUE SHEIKHS

Insha'allah, we are about to speak on a very important subject. We are going to talk on Tariqa Orders (Sufi Orders). So many people come to Damascus from different countries in order to visit us. Some of them already belong to a sheikh and a Tariqat order. They are now asking for new Bayyat from us. One of them, Sheikh Salahuddin, is finding conflict in himself about this. This is why we have to make clear to everyone all over the world so they may know as to what is Tariqat, who is a sheikh, how many Sheikhs may one follow, and what the relation of Sheikhs to each other is.

Allah Almighty will ask from everyone on the Last Day, "What did you bring today, oh My servant? Did you bring Qalb-us-Saleem, a pure heart, a golden, precious heart?" Allah Almighty is asking from everyone to have a clean heart. You may make it pure only through tariqat orders. Those without tariqat are only occupying themselves with the outer life and leaving out the heart.

There are 41 tariqats (Sufi Orders). Forty (40) of them springing from the heart of Imam Ali, and one (1), the Naqshabandi order, coming from the heart of Abu Bakr as-Siddiq, (may Allah be pleased with them). The Prophet had 124,000 companions. Who was the Grand companion? It was Abu Bakr. The Prophet said, "The whole of what Allah entrusted to me on the Night Journey I put into the heart of Abu Bakr." Sayyidina Ali was connected to Abu Bakr in such a way as to make Ali the entrance of the City of Knowledge. This is well known among

the real tariqat Sheikhs. They respect the Naqshbandi Order as the first one. I am talking about the real Sheikhs, not of those giving titles to themselves.

All of the Great Sheikhs, Jilani, Rumi, Darqawi, Rifai, knew the real station of the Naqshabandi order. If a person is following one of these other tariqats, they may take Tariqat Naqshabandiya also and remain free to follow those exercises or follow the Naqshabandiya exercises. If also they only follow the Naqshabandi exercises it is enough. It doesn't matter whether you are coming from another Tariqat into the Naqsahbandi Order. Some fear that their first Sheikh will hear they have taken a second tariqat and be angry with them. If he is a real Sheikh, how can he be angry? A real Sheikh must know if his mureed was given to him on the Day of Promises or not. A shepherd knows his sheep, even one from a thousand and even if they are all white. He has light in his eyes and recognizes them without mistake.

In Tariqat there is no sorrow or anger if any mureed goes to another Sheikh. We are thankful to the first Sheikh for training him until he reaches his real Sheikh. Abu Yazid al Bistami said, "During my search, I met 99 sheikhs before reaching my Grandsheikh." You may meet so many Sheikhs and take exercises, but you may not find satisfaction until you find your Grandsheikh and then it is like a river meeting the Ocean. So many Sheikhs are only trainers, but finally a Grandsheikh must call you. Not by letters but from heart to heart. There are ways. If a Naqshabandi Sheikh is giving tariqat, he must tell the mureed who the Grandsheikh for the Naqshbandi Order is in this time. He must point out to him.

So many people from the West are coming now invited by the way of hearts, to our Grandsheikh. The chain of Sheikhs ends in one. Our Grandsheikh is the last link in the Golden Chain and he is holding that position. I am only his servant. As for the other Naqshabandi Sheikhs, we are waiting for them to renew their Bayyat with us or else they are only putting on titles for themselves.

Seyyadina Muhammad Mahdi alaihi salam and his seven (7) Grand Wazirs, his ninety nine (99) Caliphas and the three hundred and thirteen (313) Grand Murshids are all from the Naqshabandi Tariqat. In this time, there is no power for other tariqats to carry people all the way to the

ultimate goal. All are invited to renew Bayyat to our Grandsheikh and then they may observe their improvement. In our time, there may be one thousand (1000) Naqsahbandi Sheikhs, but there is only one Grandsheikh bringing them all together and he is the Imam. If you bring the 124,000 Sahaba together, who is the Imam? It is Abu Bakr as Siddique (ral).

Each Sheikh must appoint one Deputy. Mevlana Khalid Baghdadi appointed Sheikh Ismail, but so many Naqshbandi Orders lost him in their Silsila (Chain of Spiritual Transmission) and lost also the secret of our Grandsheikh. Now there are so many Naqshabandi Sheikhs in Damacus, Aleppo and Homs who can't find a successor. Except for our Grandsheikh, no one has pointed to a Deputy. This is because we have Sheikh Ismail in our Silsila.

If my Grandsheikh's power would fully appear, no one could be sitting here; but that tremendous guiding and directing power (Irshad) is being stored up for the time of Sayyidina Al-Mahdi. At that time, al other Tariqats will be engulfed by the huge irshad – power carried through the Naqshbandiyya Tariqat – they will be engulfed like inland seas being absorbed into a great ocean. Other Tariqats are already all slowly grinding to a halt, not moving forward. Since no Grandsheikhs are appearing among them, all that is left of them is their saying, "Follow this Tariqat or that one." Since no Grandsheikhs are now appearing among them, they are only imitating what they found their predecessors practicing, without being able to improve – like soldiers marching in place.

(A person in attendance commented) : *"Some of the Sheikhs of the other Tariqats are angry at you for your making such statements; they think that you are making Naqshbandi politics, trying to take away their disciples."*

(Sheikh Nazim replied): Don't speak foolish words. They may scream, "Politics!" and they may be angry, but they must know that what we are saying is reality, not politics; for we hate politics. If they have real spiritual knowledge (Maanawi Ulum), then they may see the reality of what we are saying; if not, they may be angry – but their anger is useless. Now, the Last Prophet, Muhammad (sal), is present in the spiritual realm and for the Awliya there is an assembly with the Prophet's Presence every night. If they are there, they may realize and

know; if not, then they are only with us – not seeing what will happen and not seeing the reality of what happens now. If the latter is the case, then they are only looking at books and talking, and you can't know these things like that – no, that knowledge is distinct, it comes by way of the hearts.

When you are mentioning the names of persons, we may know whether they are inside or outside. In the time of Abdul-Qadir Al-Jilani, a great Grandsheikh, there was another sheikh who heard about him and said to his pupils : "I have heard so much about this Sheikh Abdul-Qadir, but I have been waiting at the entrance of Allah Almighty's Power Castle for thirty years, and up until now I haven't seen him entering or leaving, so how is it that they are saying he is such a huge Sheikh?" When Abdul-Qadir heard this, he laughed and said: "How can a doorkeeper know who sits in the presence of the King, in the proximity of the Majestic Lord?"

And so, you may find so many Tariqat Sheikhs, but their levels are different. So why are they angry? Do they claim to know everything? What we have stated we know from the Heavenly Assembly, and that knowledge is coming to us from the 'central power station', so that if they bring forward a statement, claim or knowledge, we know from where they are bringing it. If anyone is angry because of these things, he is providing proof that he is not from the Assembly of Awliya; but he who says, "I believe in this and more," you must know that he is from within.

Al Tariqats teach people humbleness and to accept the truth. Who accompanied the Prophet when he made his migration (Hijra) from Mecca to Medina? – Abu Bakr. And what did the Prophet say about Abu Bakr? – "Everything My Lord put into my heart, I have put into the heart of Abu Bakr." Which Sheikh can come to argue with us saying, "Abu Bakr is our father in Tariqat"? (1) Grandsheikh is the inheritor of Abu Bakr – only ignorant people can deny this.

---

WebSheikNazim2Com, CategoryNaqshbandi, CategoryGuidance

Notes:
(1) Only the Naqshbandiyya Tariqat traces its lineage back to the Prophet through Abu Bakr, the rest of the Tariqats came through Sayyidina Ali

## Der Charakter eines Menschen bestimmt seine Umgebung

Unser Großscheich erzählte uns die folgende Geschichte über seinen Großscheich, Abu Ahmad as-Sughuri, möge Allah mit ihm zufrieden sein: « Mein Großscheich lebte in einem Dorf in Kaukasien. Als er eines Tages in der Nähe seines Hauses spazieren ging, sah er, wie eine Katze des Nachbarn Huhn einfing und mit ihm im Maul davonlief. Sofort sagte Abu Ahmad, möge Allah zufrieden mit ihm sein: „Inna lillahi wa inna ilayhi raji'un!“ Dies ist ein Vers aus dem Qur'an (Baqara, 156), und es ist Sunna, ihn zu sagen, wenn uns eine schlechte Sache oder Betrübnis begegnet. Es bedeutet: Zu Allah gehören wir, und zu Ihm kehren wir zurück! „Seit wie vielen Jahre lebe ich schon in diesem Dorf ?“ dachte er, „bis jetzt sah ich niemals zuvor eine Katze ein Huhn angreifen. Ich muß dieses Dorf und diese Leute verlassen. Es kommt keine Barmherzigkeit hier herab.“ Er wanderte in ein anderes Dorf aus, das einen halbstündigen Fußmarsch entfernt war, und lebte dort für den Rest seines Lebens. Er sagte: „Wenn es in den Menschen keinen schlechten Charakter gäbe, würden alle Blüten an den Bäumen Früchte tragen, und keine einzige würde zu Boden fallen.“ »
Was hat diese Geschichte zu bedeuten? Warum verließ Abu Ahmad, möge Allah mit ihm zufrieden sein, sein Haus, als eine Katze ein Huhn fraß? Er tat es, weil er wußte, daß der wilde und schlechte Charakter der Menschen eine Wirkung auf ihre Tiere hat. Die schlechten Eigenschaften der Menschen in jenem Dorf zeigten sich an ihren Tieren. Man konnte sehen, wie sie sich bei dieser Katze auswirkten, die bis dahin niemals je Hühner angegriffen hatte. Es ist ein wichtiges Zeichen; wenn der Charakter der Menschen gut

sind, zeigt es sich in ihren Tieren. Wenn ihr Charkter schlecht sind, ist auch in ihren Tieren Schlechtes und Wildheit.

Salomon, der Friede sei auf ihm, traf eines Tages auf zwei kämpfende Hunde. Da ihm die Macht gegeben war, mit allen Geschöpfen zu sprechen, fragte er sie: „Warum kämpft ihr? Ihr seid Hunde, keine Menschen! Was von dieser Welt kann euch Grund sein, darüber zu streiten?“ „Ja, o Prophet“, antworteten die Hunde, „es ist, wie du sagst. Wir haben nichts von dieser Welt. Es sind die schlechten Eigenschaften unserer Besitzer, die du hier kämpfen siehst!“

Ihr könnt diese Qualität ebenso in Kindern sehen. Harte Leute werden wilde Kinder haben, wohingegen sanfte, freundliche Leute freundliche Kinder haben werden. Deshalb: Unsere guten und schlechten Eigenschaften haben eine ausdrückliche Wirkung auf alle, die um uns herum sind – unsere Familien, unsere Nachbarn und unsere Tiere. Wir müssen einen guten Anblick auf unsere Umgebung hinaustragen, nicht Dunkelheit. Als Abu Ahmad, möge Allah mit ihm zufrieden sein, diese Katze in wilder Art agieren sah, wußte er, daß die Charaktere der Menschen im Dorf nicht gut waren und daß es für ihn Zeit war, fortzugehen. Es liegt auch an dem schlechten Charakter der Leute, daß die Blüten verwelken und absterben, ohne Frucht zu tragen, und Insekten sie befallen.

Wie viele Medikamente und Chemikalien sind in diesen Zeiten notwendig, um etwas wachsen zu lassen! Wäre der Charakter der Menschen gut, bedürfte es nicht all jener Dinge. Jetzt haben wir das 20. Jahrhundert. Die Menschen sind stolz auf ihr Gelehrtsein und ihre Technologie. Aber ursprünglich, vor all den modernen sogenannten Verbesserungen, empfanden die Menschen das Leben als leichter. All die Dinge, die das Leben leicht machen, waren griffbereit.

Diese Zufriedenstellung ist jetzt verloren. Heute ist es unmöglich, irgendwelche guten Leute zu finden. Überall wächst der schlechte Charakter. Deshalb müssen wir darum kämpfen, unseren schlechten Charakter auszulöschen, auszuwischen (mahw). Je mehr wir unseren schlechten Charakter auswischen, um so mehr Glück wird an diesen Ort kommen. Heutzutage kommt keine Glückseligkeit herab. Solch schmutzige Orte! Überall ist Grausamkeit. Du kannst nicht einen Platz finden, auf den du hintreten könntest! Diese Welt ist mit wilden Charakteren angefüllt, die eine Kraft sucht, alle Menschen zu entfachen. Solche schreckliche Waffen. Es ist ein Zeichen! Wenn keine Barmherzigkeit herabkommt, bedeutet das, daß es dort keine guten

Charaktere gibt. Gute Charaktere leben in Meeren der Barmherzigkeit Allahs des Allmächtigen. Ohne Glauben an unseren Herrn gibt es keinen guten Charakter oder Barmherzigkeit bei den Menschen. In den Herzen der Ungläubigen ist nicht die geringste Barmherzigkeit zu finden. Heute erhielt ich einen Brief.

In ihm war ein Zeitungsausschnitt, vielleicht vom London Daily Telegraph. Darin steht, wie der Marxismus 143 Millionen Menschen getötet hat: 65 Millionen in Rußland von 1917 bis 1959, 63 Millionen in China! An anderen Orten, insgesamt 143 Millionen! Denn der Marxismus leugnet alle Propheten, alle Religionen und alle heiligen Dinge, in ihnen ist keine Barmherzigkeit zu finden. Marxisten haben keine Barmherzigkeit für andere Menschen, nicht einmal sich selbst gegenüber. Keine Barmherzigkeit gibt es im Marxismus! Wie wir sagten, gute Charaktere leben nur in Meeren der Barmherzigkeit, wo es Glauben an Allah den Allmächtigen gibt. Deshalb müssen wir darauf achten, daß die Barmherzigkeit in unseren Herzen wächst. In dem Maße wie deine Barmherzigkeit wächst, näherst du dich Allah.

Abu Yazid al-Bistami, möge Allah seine Ehre vermehren, betete zu seinem Herrn: „O mein Herr! Du hast Macht, Du kannst alles tun! Ich bitte Dich, meinen Körper größer und größer werden zu lassen, bis er Deine Hölle zur Gänze ausfüllt, so daß dort kein Platz mehr bleibt, irgend jemand anderen noch dort hineinzuwerfen! Nimm sie ins Paradies und gib mir die Strafe!“ Wenn dein Glaube wächst, wächst deine Barmherzigkeit. Alle Heiligen haben in ihren Herzen Meere der Barmherzigkeit. Ein anderer sagte: „O mein Herr! Mache mich zu einer Brücke über die Hölle, daß Deine Leute über mich das Paradies erreichen mögen!“ Derart ist es. Sollte einem von ihnen Erlaubnis zur Fürsprache, shafa’a’, am Tag des Jüngsten Gerichts gegeben worden sein, werden sie nicht einen Menschen in die Hölle gehen lassen! Dies ist die Bedeutung von iman, Glauben.

Wenn einer sagt: „Ich bin ein Gläubiger“, und hat keine Barmherzigkeit, ist er ein Lügner. Ohne Barmherzigkeit kein iman. Das größte Meer der Barmherzigkeit ist für unseren Propheten, der Friede sei auf ihm. Er wurde als eine Barmherzigkeit für alle Wesen, für das gesamte Universum, gesandt. Ein jeder wird seine Taten am Tag des Gerichts sehen, ob sie in den Himmel oder in die Hölle gehen. Dann wird Allah entscheiden. Er kann tun, wie Er will. Der Allmächtige ist nicht verpflichtet, zu verzeihen oder zu bestrafen. Er kann, wenn Er will, einem jeden verzeihen.

<b>„Wie sieht es mit dem Mann aus dem Qur’an, Abu Lahab, und seiner Frau aus?“ fragte einer der Brüder.

„Verspricht Allah nicht Bestrafung für sie?“ 

Diese Verse (Sure Lahab) wurde nur als eine Warnung geschickt, so daß die Leute nicht handeln mögen wie Abu Lahab. Allah der Allmächtige will jedem Seiner Diener am Tag des Jüngsten Gerichts zeigen, was er mit seinem Leben getan hat. Aber Er, der Allmächtige, ist frei, Barmherzigkeit zu geben, wie es Ihm beliebt. Die Umma, die Gemeinde, eines Propheten, ist diesem Propheten näher als Kinder ihren Eltern nah sind. Angenommen, du hast einhundert Jungen, neunundneunzig wären bei dir, einer aber wäre im Gefängnis, wärest du glücklich? Nein! Denn einer von ihnen erleidet Bestrafung. Selbst wenn einer von eintausend leidet, ist dein Herz mit dem, der leidet. Daher wird unser Prophet, der Friede sei auf ihm, beim Eingang zum Paradiese stehen. Wie könnte er Freude haben im Paradies, wenn seine Gemeinde in der Hölle ist! Wie?! Er wird beim Eingang stehen, und wenn Allah der Allmächtige spricht: „Tritt ein, o Muhammad!“, so wird er sagen: „O mein Herr! Ich kann nicht eintreten, bevor nicht meine Gemeinde eintritt.“ Er wird dann schauen: „Eins, zwei, drei, vier ...“, und sollten irgendeinige fehlen, wird er sagen: „O mein Herr! Ich kann nicht eintreten!“

„Maulana, wer ist die Umma? Wer wird zu ihnen gezählt werden am Tag des Gerichts?“ 

Er, der Allmächtige, weiß. Seid nicht beunruhigt, Europäer zählen ebenso zu seiner Gemeinde. Amerikaner ebenso, Russen ebenso, Chinesen ebenso, Hindus ebenso, Schwarze ebenso; alle sind von seiner Gemeinde! Der Prophet, der Friede sei auf ihm, sagt: „Wenn mir Erlaubnis gegeben wird, werde ich nicht einen zurücklassen!“ Versteht ihr? Du kommst nach Hause mit deiner Hundertschaft Jungen, auf ihren Pferden reitend, den Palasttoren entgegenkommend. Du hältst an und zählst: „Dreißig, fünfzig, einhundert Jungen.“ Wenn du siehst, daß sie alle sicher darinnen sind, wirst du die Brücke überqueren und hinter dir zuschließen. Nicht einen, zwei oder zehn wirst du draußen lassen. Nein! Besonders wenn sie kleine Jungen sind. Vater wird kommen und die kleinen Jungen zuerst hereinholen, dann wird er eintreten. Ja? Sehr viele gute Nachrichten für uns. Wir sind wie kleine Jungen. Wir brauchen keine Sorge zu haben. – Ihr seid große Jungen? Masha’llah!

- 01.01.1979

## The place of Charity in Islam

In Islam rich ones must look after poor ones, powerful ones must look after weak ones. That is important. In Islam there are no big mouths eating the provisions of the poor. Islam is against big business like supermarkets. Supermarkets kill or destroy small business people. Islam is against that. Big companies take the provisions of all the people for themselves. Those companies must allow ordinary people to make small business for everyone, not make people slaves to a handful of people. Therefore, the Islamic economy is the best one and looks after all poor and weak people. Poor people must be protected and weak people also must be looked after, must be taken care of.

Muslim community must respect each other, must extend help to each other, must try to establish in their neighbourhood charity purposes, WAKF, charitable foundations or trusts for the benefit of the community. Everyone must try. In earlier times we had that good traditional custom - even peasants were giving one olive tree or one carob tree or a piece of land for the benefit of the community (to revere?). They were trying to make charity. That is most important for everyone to do. The beauty of Islam is charming, the perfection of Islam is so magnificent, but ignorant people do not understand. The Islamic world is full of charitable foundations, thousands or ten thousands or hundred thousand of foudations or million foundations for charity, living now. That is also our relationship with each other and towards the government. You must be obedient and you must try to do something - leaving charities for every.

Overtime work should be for the purposes of charity, for the sake of Allah, to support his religion, to support Muslims and to support humanity, not himself. After eight hours work, overtime should be in Islam for the Ummah or for humanity, for the sake of Allah - it is not for yourself. But this has stopped now - everyone is working only for himself. Overtime, undertime - it is for themselves. Islam is bringing perfect rules for the life of mankind. Therefore, I say overtime should be for the Ummah, for the nation, for humanity. Islam is the most perfect humanitarian - you can't find a more humanitarian system than Islam. If we can practise that, this world will be changed into Paradise. Because, everyone can think about it, if one million people are giving one hour, that comes to one million hours, at least one million hours daily you could give for the charity of mankind, for the nation - how would this world be? Who can bring more than this, more perfect than Islam?

Whatever a person does after his eight hours - it is for Allah. We are saying - eight for you, eight hours for Allah. During that you may give one hour, two hours, three hours, for worship in these hours, you may dig your garden in these hours (because it is going to be charity for the nation), you may read books for the sake of Allah - to learn, to teach or to practise - it is for Allah, you may sit with people, making association, you are looking after guests for the sake of Allah, it is for Allah, looking after your children, teaching them for the sake of Allah, it is for Allah.

## Cheating and Dishonesty Will Destroy You

Prelude to holy suhbah:

So many people are occupying our time, occupying these cameras also, but most important is that people must imagine only who is speaking when other things are making them to lose something else, because their attention is going for other things also. Therefore, when finishing Fatihah (at the end of the live broadcast) close all things; that is coming to me tonight; it is official for people to hear. It is not good with whom you are speaking, no need, even as-salaat w 'as-salaam is taking perhaps ten minutes. Some people are busy and they are shy to leave and go; therefore, after the broadcast you may do as-salaat w 'as-salaam and any people also if they are giving salaam and going, no need. We are official. We must do this and it is not true to force people to wait for as-salaat w 'as-salaam. It may be they are in a hurry to go. Inshaa-Allah, inshaa-Allah.

Amaan yaa Rabbee, bismillah. Dastoor yaa Rabbee. (Mawlana Shaykh stands.) Dastoor yaa Sayyidee. Madad yaa rijaalAllah.
Allah Allah, Allah Allah, Allah Allah,`Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Wa nashahadu, we are testifying that the Seal of Prophets, Sayyidina Muhammad (s) is the most glorified, most honored one in Divine Presence. Allahumma salli wa sallim wa baarik`alayh. (Mawlana Shaykh sits.) Astaghfirullah. Madad.

As-salaamu `alaykum attenders! Happiness to you and honor to you, for attending a heavenly meeting that now is very rare to find heavenly meetings for the sake of Allah Almighty. Yes, you may find official centers where official people may do some meetings or discussions. We don't like discussions, or using arguments because Shaytan is ordering to them to be arguing ones. You speak, your understanding is correct, yes. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. As Islamic adab, good manners, we must address first to Allah Almighty with His Holy Name, then this addressing runs to whole Creation, particularly on our planet, and everyone is going to be ready for defeating Shaytan and its works!

To say, a`oodhu billahi min ash-Shaytani 'r-rajeem is Allah Almighty's order and we must use it. But when we are asking that, it is quickly running for guardians of Mankind in the east and west who are hearing from where it comes, and in which meeting people are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem, then they are running there and defeating Shaytan and its soldiers away! Yes! Therefore, it is important to say, a`oodhu billahi min ash-Shaytani 'r-rajeem as a special protection comes on that meeting. Now there are so many meetings, but they are not using, a`oodhu billahi min ash-Shaytani 'r-rajeem. They are thinking they are enough to protect themselves but it is wrong, because Man is created weak and we are always needy for a connection with Unseen Territories that may reach us. Without that, we are going to be on Earth like an animals' world. No, you must do a tameez, differentiate, you must do that. We are belonging to Mankind, the Children of Adam that has been honored to be deputies for the Lord of Heavens! SubhaanAllah!

And we are saying, bismillahi 'r-Rahmaani 'r-Raheem. Now we are taking heavenly sword in our hands. Who is forgetting to take his sword may be easily falling into tricks of Shaytan, or may be easily caught in shaytanic traps. Therefore, people in our days are so strange; to find such a meeting it is so rare, rare, rare! And people mostly are official ones and rasmiyaat, officiality is taking away familiarity from people. Officials are not opening to each other in their hearts, but they are using their official identities and leaving their real beings (as Muslims) and taking an imitated personality that has no value. Do you think (a synthetic) diamond is the same as a real diamond? But from far away you may say both of them are diamonds, but no, never!

So that officiality is making people leave their real beings and dress in imitated identities, and that is a shaytanic order. Therefore, one of the biggest awliya in the Islamic world, Mawlana Jalaluddin Rumi (q), was saying, "O People! Be as you are showing yourself to people; don't cheat them, don't use two personalities. Use one personality and your real person is going to be in your spirituality. But you are not using; you are hiding your real being and showing yourself (opposite to) that. That is haraam. Be as you are!" Don't use two personalities you may cheat people but you can't cheat the Lord of Heavens, you can't cheat heavenly beings, no! About those who cheat people, the Seal of Prophets (s) is saying, "That one is not from my nation." That is a very heavy warning from Prophet (s)!

O Our Salafi `ulamas! You must know this hadeeth shareef, the holy words of the Seal of Prophets (s)! This is a very important warning and caution also for whole Nation of Muhammad (s)! (Mawlana Shaykh stands.) Zidhu yaa Rabb, nooran wa suroora wa ridwaanan wa sultanan. (Mawlana Shaykh sits.)

This is giving full fear, because (in that state) you can't change your direction to righteousness and leave that way because you are using something for your egoistic wishings. That is a very important warning. Where can we find such people now? Old people now are trying to show themselves not as their real personality, but they are asking to cheat people using two personalities: one keeping for themselves (private behavior), and one when they are dealing with people. They are using their second personality for the sake of Shaytan. That person may show, "I am so trustworthy. I am like good," but when reaching his target he removes his mask and shows who he really is, taking power from people and cheating them. That is the worst shaytanic characteristic that all prophets warned against, saying, "Beware of Shaytan, because he is trying to make people use two faces!" Cheating people caused the whole world to fall into such a crisis. It is not really an economical crisis; it is a crisis of our characteristic, (that changed good character to bad). •as-sukoot min dhahab, "Silence is gold."

Our characteristics have now been taken under a shaytanic hegemony in the east and west, in the Muslim world and non-Muslim world. All of them are following shaytanic ways and leaving heavenly advices for them, and the Seal of Prophets (s) taught people the highest good manners. •• •••• •••• ••• Man ghashanaa falaysa minna, "Those who are not on the Right Path are not from us." (This warning may address) Christians to Christians, Jewish to Jews, Muslims to Muslims: when they were glorified with honor, why was that taken from them? And now they are ugly, as heavenly lights were taken from their faces and they are finished!

Therefore, it is an important point that we must now follow heavenly advices for `islah, correction! If we are not correcting our characteristics, even seventy kings' treasures and the (massive) treasures of Qaroon will never save people from an economical crisis, no! Allahu akbar! Therefore, we are saying now, we are a handful of people who the Lord of Heavens sends from His servants to wake up people.

O People! Leave ghaafil, heedlessness and think on it. Now this is declared in the east and west. I am not thinking, but I am knowing what we are saying, it has reached from all prophets to their nations. That was the declaration of Sayyidina Ibrahim (a), Sayyidina Nuh (a), Sayyidina Adam (a), Sayyidina Yaqub (a) and twelve tribes of the Children of Israel, up to Sayyidina Moses (a), after to Sayyidina Dawud (a), after Sayyidina Sulayman (a)! All of them were warning what we are saying now. No one may say that anyone from the Seal of Prophets is not speaking the truth, no one! And reaching to Sayyidina Zakariya (a), Sayyidina Yahya (a), reaching to Sayyidina `Isa (a). Sayyidina `Isa, a prophet and ruhullah, "the spirit of Allah (swt)," is mumayyaz, distinguished. No one can say that one, from the nation of the Seal of Prophets, is lying, no!

Therefore, I am addressing to His Holiness, the pope, is my declaration to all nations true or not? And I am asking the chief rabbi, is it true or not? They can’t say it is not true! Who are cheating their prophet have been thrown away, and their (false) books are also thrown away! And up to today, anyone in the Muslim world who is not using written and inspired heavenly values can’t truthfully say, "That servant (Shaykh Nazim) is not speaking the truth!" No one can find a way to save the whole world from a crisis if they are not doing what we are saying now:

••••••• •••• ••••• •••••••• •••• •••••

al-amaanatu tajlibu ar-rizq, wal khiyaanatu tajlibu 'l-faqr, Honesty brings good tidings, just as dishonesty/ betrayal brings (all aspects of) poverty.

O Salafi `ulamas! Don't you know that hadith? Speak and warn all nations what heavenly inspirations are ordering. Is it not true what the Seal of Prophets (s) said? Be honest, as honesty brings heavenly treasures! But if you are khiyaanah, betraying, that carries faqr, poverty. That weakness scares people to be dishonored ones.

O People! Everything is so clear! If we may use one of Prophet's (s) holy words, it is enough to save all nations, but Shaytan is saying, "Don’t hear, don’t listen. Do as I say, use your mentality!" Why are you

cheating? Why are you not a righteous one? Why are you not running to be an honored one? Perhaps some people are giving you honor, but their intention is to take some manaf`iya, benefits for their lives. They are not real ones. Why are you not running to reach heavenly honor? If you are running for people on Earth, they will be like your servants and giving you their high respect; if not, they are swearing on you because you are changing the way to be deputies of Allah.

O People! Come and listen to reach honor here and Hereafter. Don’t think imitated honor is giving to you something; it is giving to you nothing. But real honor you will find in your Eternal Life! Prefer one of them. One is only for your short lifetime on this planet, and when you are leaving you will be taken to another world, to Allah Almighty's territory. You will be nadmaan, regretful, but it will be too late. Before coming our last breathing you make your tadaarik, preparation. You may prepare yourself for that day when you are leaving this unofficial being and coming to your official beings for heavens, and your regrets will not be useful for you then!

May Allah forgive us for the honor of His most beloved one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) Therefore, we are asking Allah Almighty to send someone to change our characteristics, to change our bad habits to good habits, from good to better.

O People! Just dunya after a while is reaching its last station, and its daftar, registration book, will finish and the heavenly seal comes on it, and it will be sent to the Day of Resurrection. O our Lord, forgive us! O our Lord, we are weak ones! Send to us from Your special servants to teach us and lead us, Your weak servants, from wrong ways to right ways.

O Salafi `ulamas! Try to be one of them. We must call people to truth, and we must teach them what is truth. Holy Qur’an is full with truth and leads people to truth, and guides people to the right ways (that will benefit them) on Day of Resurrection. O our Lord, forgive us!

Bi hurmati 'l-habeeb, bi hurmati 'l-Fatihah.

## Childish Theories of 21st Century Drunken Scientists

Dastoor ya Sayyidee madad. O people, as-salaam `alaykum wa rahmatullahi wa barakatuh,

We are standing in the Divinely Presence saying (standing up) Allahu akbar, Allahu akbar...wa lillahil-hamd. He is Creator, we are His weak servants. I Allah said "I created man weak" You may imagine how weakness just put on you. Dressed on you. O people we are so weak ones, weak ones, if Allah Almighty saying "I created man and dressed them power then you may be a little bit to say we are something." But the Lord of heavens who created man, saying, “wa khuliqal-insaanu da`eefa - Just mankind created weak. “ Keep your edeb, o mankind! Keep your good manner with Your Creator. Don't try to be a proud one, no! Absolute Pride for Your Lord, for Our Lord.

And then we are saying as-salaatu was-salaamu `alayk Ya Sayyid al-awaleen wal-akhireen. Whole honor and glory just granted for creature granted to Seal of Prophets (s), just granted to that one whom (Allah) created whole creation for his honor. Allah Almighty saying, "O My Beloved one, I am dressing to you from My Mercy Oceans and for your honor what I created from pre-eternal up to Eternal. Salla Allahu `alayk Ya sayyid al-awaleen wal-akhireen, sall Allahu `alayk Ya Sayyidina Muhammad... Allahuma zidhu nurun wa sharafan wa karam wa majaadan wa `adhama. We are asking forgiveness from Our Lord. I am ashaming, but through Holy Ones' Order I am sitting here as a weak servant and I say, "O My Masters! I am knowing nothing. Please

grant to me O My Master, grant to me, something.

Our Masters, Masters of Creation, whole prophets, first of all the Seal of Prophet Sayyidina Muhammad (s) (stands up) that all creation for his honor coming from invisible worlds to visible side. Yes. Holy Ones They have powers. they are powerful ones. But their power not power like power that you are understanding. What technology using power that is another kind power. And the Lord of Heavens He has endless Power Oceans. And His Power Oceans, one just different from second one. Allahu Akbar! We are trying to say something or to show something to understanding people.

Yes, an ant, it has a kind of understanding. Every creature they have an understanding. And the Majestic Glory of Almighty Allah giving everything a kind of understanding. Not only here we are sitting 10 people, (there) maybe hundred people, (there) maybe 1000 people, (there) maybe million people, (there) maybe billion people, (there) maybe trillion people, (there) maybe pentillion people, (there) maybe more and more people. Endless, look His Glory and Majestic Mighty Being that He is giving everything in existence a kind of understanding, that you have been granted some kind of understanding. Abdus Salam just granted another understanding, but whole understandings may join to each other and all of them going to be through the Lord's Majestic Power Oceans as a atom or less.

Now we are living in 21st century and people they are hayraan, [amazed] amay? [confused] confusing. Now people confusing. About this appearance that we are living on it, (and that is) only our global sayyarah, planet. And our planet is is nothing, as well as the solar system, according to our galaxy it is going to be a little spot, and our galaxy going to be in front or [qiyasan] comparing with gigantic galaxies, our galaxy also is going to disappear, to remain a little spot, and that gigantic galaxies, you can't find their numbers. And as saying now people, whom they are looking and patrolling space, they are saying that galaxies are running like a river with different galaxies. And they can't say that we reached the beginning of that running [flow] of galaxies, from where beginning and running. And what is their beginning and to where they are appointed [destination] destination? Where their destination? And when that running of galaxies from one direction to another direction is it like running everywhere? No [...] There is a iltizaam, there is a rule and order. Rule; through a rule they are running. And for every rule there must be one ruler.

Who is that Ruler? I am asking now, whole scientists. Who is that Ruler that ordering galaxies to run on same

direction? No one coming in the opposite direction. For one's direction running to another direction and no one coming from that direction against his direction. That means as a river, running from one direction to another, but when a river running I dont know if any other nahir, river, running in opposite side.

And I am sorry to say that those people who are claiming that they reached to a theory, theory? Big Bang. That is like small children playing. If a five-years old child you may say to that child that there was a big egg and then this egg exploded and coming this universe in existence. That is, I am sorry to say that they must be ashamed to say (this) to people - that is a clearly cheating people. Why are you saying this? Why making people not to think on truth. And they are saying such a foolish ideas to make the beginning of this `alam, universe? I am sorry, really.

They are knowing that those galaxies, all of them are coming in our sights, they are looking and they are saying that running that galaxies on a direction that it is impossible for ourselves to know the begining of that [flow, stream, river] river, how coming and how running. They must say, "O our Lord!" But they are so proud ones and they are insisting on nonsense; insisting for cheating people. Even ants (are) laughing to them; even ants saying "you are foolish ones. How you are saying this and you can teftish etme, investigate? [points up] You are looking and searching beginning of galaxies and their running. Even that also is something just mixed with imaginations. Because that distances no time and no zemeen, [foundation] no foundation. They know it.. They know it. They can't say there was a big bang and that explosion and becoming to become rivers of galaxies, no.

It is so important to say to people, instead to say that one atom [i.e. Big Bang “egg”] it was in existence. And I am saying "where was that existence that one atom, big atom, where it was standing? He wasn't need to be sit down around that mukhayyal, imaginated atom, where it was sitting. Sitting or standing? And it was so restful. (Then) who bringing that match? It needs a big match for making Boom! Heh. No answer. No reply, because they are speaking on imagination and mostly they are people whole lives passing through imagining. And finally that river of galaxies from where coming and to where running? Who is that One Who is that One that sending them, making them to run from one direction to another direction?

Therefore we may say they are coming from pre-eternal and running to eternity. Eternity. Say to me, O scientists, that you are so proud to tell theory stories to people, to make the whole creation in a one egg, in a

one atom and making it such and such. That is foolishness. I think all of them were drunk when they were signing that declaration and also tez, thesis. That is a famous thesis. I don't think any one of them was not drunk. Every one was drunk to sign and to say to people that the beginning of this ka'inaat, beings, in such a way. They must be drunk and fully drunk.

Once upon a time there was a kellar, cellar for a person. And that person was keeping through that cellar old drinks, old whiskies, old vodkas, old champagnes, old cognac, he was keeping. One day that person hearing some sounds. It was a sound but abnormal sound. And he is saying, "Must be something, some happening or something wrong. I must go and to look after my cellar." And he was running and looking that one barrel, one barrel, from wood, (they like it wood barrels, they never like other cases). He was looking and looking where coming this loudly shouting. He was looking and seeing one wooden barrel its ghata, kapit, cover. No cover on it. And he was looking and hearing that sound coming from there. He was looking that a small mouse just falling in it, in that barrel and drinking so much, so much, whiskey or vodka or champagne and his head turning like this, like this and saying, "where is that one against me, keeping against ourselves a cat? where is that cat?" His eyes like this (makes his eyes wide) becuase he was full of cognac. Thinking itself, "I am lion here. Where is that man who putting barrels in front of me without cover? Must come." Or "where is that cat that is against ourselves and we are like gigantic beings here. Where is that?" Shouting like that.

Ma`dhoor, they are excused. Exception. And its owner he was so happy to see that small mouse shouting in such a way, and thinking that it is a lion (singing):

"I am lion here, rrrrr.
Where is that cat
that is running after our people?"
We are...
dumm, dumm, dummm, dummm,

We are all mice or wice,
mice or mouse,
against that Satan harming of cats.
Where is that cat? We are here, a mouse,

it may come to me now,
to show that cat
where is its post.

Now our scientists, so much drinking and then saying "Whole universe just happened from one atom and coming in such a way." Same way ayniyor, same method of that mouse, our scientists and proud learned people, saying that (singing):

Where that One who threatening ourselves
with someonethat created this creation.
We are looking for that one,
dumm, dumm, dumm, dumm,

O priests,
O where is that cardinals?
That they are threatening with
Someone that He is gathering ourselves.
dumm, dumm, dumm, dumm,

and putting ourselves in Hells.
We never beliveing in them.
the reality is that we are saying,
it was only one atom,
then explodes and coming everything.

but cardinal
or bishops
or archbishops,
or popes
or patriarchs,
never understanding what we are saying,
because they are no-mind people

and we are we are so big ones,
as that mouse, that falling into a barrel.

(Adhan sounds)

That mouse, I am ordering to Shaykh Sha`eer to find and bring to me. I am ordering to Shaykh Sha`eer to catch that mouse and bring him to me and I am hanging that one on roof and they should be very happy. My listeneeers, you like it? That is tamtheel [representing, acting] acting ones. Every day I am playing with those scientists and every day I am getting another thing and getting a proof that they are like that mouse, falling into a barrel of spirits, cognac, because daily they are falling in another barrel of wines. They are laughing to people, they are trying to cheat people, they are trying to say "No God." They are trying to make people to believe "no God, no Creator," that are such a Shaytan people. I shall show them where it is their opinions, to make them like that mouse that just fall into a wine barrel.

Yes, whole religions, they are source of whole religions is One. From heavens. Their source from heavens and prophets they are not drunk people. But drunk ones are those people who say, "We are scientists and we know everything, and we say this world just created from Big Bang explosion.'" They are just laughing to people and if you are saying why "you are not bringing holy books to teach people reality?" Because you are not understanding real realities. We must know the need to establish a strong buildings, esas, foundation.

I hope and I am weakest one living on earth, but I have been granted some mummayyizaat, some exceptions, to make their wrong ideas and wrong knowledge - that they can't say wrong knowledge - because knowledge can't be wrong, but their imagining just it is wrong. Wrong. I hope to make them to say, la ilaha ill-Allah Sayyidina Muhammadun Rasulullah or they should pass away quickly, quickly the Angel of Death Azraeel running after them to take their souls one after one. No need to use, for Archangel Azraeel to use amot bombs or weapons, no. If (he is) looking (at them) like this falling down, those people.

Yes, O people! Whole books declaring that when Last Days approaching coming Renewer. Mujaddid. Reviver. Reviver must come. I hope that we are to be belonging to that Reviver to be on his service and to be against atheism and we are ready to fight against every wrong idea that Shaytan putting in the minds of people and our fighting should be the biggest from the beginning of this world up to its end to take away everything that

Satan giving wrong ideas to people to make and to show, tasheer, to make a show.

Everything wrong from them, Satanic ideas and practices to be under our feet and to show that haqq, reality of this universes, makhlookaat, creation, just built on reality, not built on imagination.

May Allah forgives me and helps His sameemi, [friendly, sincere, honest] no, Allah Almighty's sincere servants to give ourselves, to teach ourselves and to come in existence and to take away every wrong way and every wrong idea and every wrong theory, to brush (sweep), and to throw away and to come and to appear - reality. May Allah forgives me, forgives you, forgives whole wrong ones to be right ones. Therefore the Lord of Heavens, ordering ourselves, "O My believers, O My servants, try to be always with True ones,"

And we are saying,
dumm, dumm, dumm.
for those who are happy
to be with True Ones
Here and Hereafter
they should be happy, happy, happy
and enlightened
through Paradises
through eternity
with eternal lives
should be their Lord happy with them
and they should be happy with their Lord Almighty.
ok, tamam, enough.

(To Ladies:) Should pray quickly and then going to do dhikr quickly.

## And We Have Certainly Honoured The Children of Adam (as)

O people say Allahu Akbar! Allahu Akbar, Allahu Akbar, La Ilaha illa Allah, Allahu Akbar, Allahu Akbar wa Lillahi Al Hamd. Say & you will be in peace. Say it & your hearts will be in peace. Your bodies & hearts will be peaceful & in Heavens in the Hereafter & forever. Thumma al Salat wa al Salam 'ala Sayidi al awwalin wa al akhirin Sayidina Muhammadin (saws) wa 'ala alihi wa sahbihi ajma'in. He taught people what is of benefit to them and made them taste or made them seek a good life. The Prophet (saws) O Master of beginning & end.

O mankind! You are the apex of the creatures of the Lord, to whom He gave honour. Allah (jwa) gave you honour, an honour that He gave no other creation. O honourable scholars, O people who know something from the Holy Quran, Allah (swt) said and it is enough for us this Holy Verse. Haqq (swt) said "Wa Laqad Karramna Bani Adama" (17:70) You understand? Who doesn't understand his level falls from the levels of humanity.

Allah Is Magnificent! Allah (swt) Glorified human beings."indeed We have honoured the Children of Adam" (17:70) A Divine honour. Human beings are honoured among all the created creatures. They were dressed with honour that no one else can give to anyone, except the Lord of Bounty. He (swt) dressed you with a dress of generosity, a Divine honour, Allah, Allah!

Why you do not teach this to people? O Muslims! And I am addressing specifically the Princes because they are rulers of nations. And all the sons, descendents of the children of Adam (as), his children, are in your hands & you have the responsibility to educate the children of humanity, the children of Adam (as). This is the first order, O people! O scholars! O believers, you must know first of all what are your attributes, what did your Lord dress you with. "Wa Laqad Karramna.." The letter "Lam" as an oath "qad" is giving His oath. Haqq (swt) says "Wa Laqad Karramna Bani Adama" (17:70) The most sweet words are of Al Haqq (swt). With what honour Allah (swt) says to the children of Adam (as) "indeed We have honoured the Children of Adam" (17:70) An honour that no one can ever describe. And the Prophet (saws) more than anyone else knows about the honour of Al Haqq (swt) to the children of Adam (as). And according to their levels, all the Prophets (as) & the people of knowledge, know.

This is important, it is the first order that needs to be repeated in the schools, to teach the children: what are their attributes, what are the attributes of the children of Adam (as). Takrim/ to honour, this word that no one knows its beginning or end. The greatness of this honour, no creature knows it. Except according to their levels. Allah (swt) gave to His Beloved something so he (saws) knows the Truth about the honour of humanity. And this knowledge is given to Prophets (as) according to their level & the scholars also are given some knowledge, like a drop from an ocean. Is the teaching of Al Haqq (swt) for humanity or not?

I am asking the Arab Muslim, first of all. Have you understood something, when Allah (awj) says "indeed We have honoured the Children of Adam" (17:70)? Have you thought about it? It means that every person has his honour with their Lord. First of all, the Prophet (saws) of the end of times, to whom descended the Holy Quran. It was opened for him oceans of meanings of honour. And he tasted it. It is according to their levels who learnt have tasted..... a true taste or an artificial one. They tasted the meaning of the honour from Al Haqq (swt).

Huu, Subhana Allah! "Hal `Alimtum Ma Fa`altum Biyusufa" (12:89) Subhana Allah! From where this is coming.....? "Do you know what you did with Yusuf (as) and his brother" (12:89) SayYidina Yacub (as) said like this correct? Yes. And his brother... "Do you know what you did

with Yusuf (as) and his brother" (12:89)? What did they learn? Knowledge about Sayidina Yusuf (as) & his brother first it was opened for Saydina Yacub (as). S. Yacub (as) his yearning for S. Yusuf (as) was not as a physical appearance, his face was like the moon, full moon. No! Sayidina Yusuf (as) it was not for his face (beauty) he was loved & yearned for by Sayidina Yacub (as) his father. No no. Subhana Allah! Allahu Akbar! What do you think O scholars of Al Az'har Al Sharif & of Al Haramain Al Sharifayn? What do you think? About S. Yacub (as) he was yearning to look at the beauty of Sayidina Yusuf (as)? Never!

Sayidina Yusuf (as), his beauty was like the full moon, but this is what you say as a final thing. But from the beginning to the end, Sayidina Yusuf (as) his beauty, masha'Allah! On his face appeared traces of the honour of Al Haqq (swt) to the children of Adam (as), visibly not veiled. It appeared on him, on the face of Sayidina Yusuf (as). This door opened a little bit with Saydina Yacub (as) & it appeared to him the honour of his son. Not for the rest of his children, but it appeared only in him. The honour that was not shown on anyone else. Sayidina Yacub (as) was yearning not for looking at the beauty of S. Yusuf (as) but it appeared to him the honouring of Al Haqq (as). And he could not carry, he could not carry it.

La Ilaha illa Allah, Sayidina Yacub (as). "Do you know what you did with Yusuf (as) and his brother?" (12:89) Do you know what you did? They were 11 brothers & they were also longing for their brother. But what was opened for their father to see, was not opened for them. For this reason they lost their minds. They went crazy, "We want to see him, we want to see him!" Then what happened, happened. "Qala Hal `Alimtum Ma Fa`altum Biyusufa Wa Akhihi" (12:89) At that time according to their station they were longing for the honouring of Al Haqq (swt) to His special servants, from among them S. Yacub (as) because he was able to see his son Yusuf (as). From what appeared on Sayidina Yusuf (as) from the ocean of honours, it was the highest level so that it was not possible for any person to carry looking at him. La Hawla wa la quwwata illa Billah.

Human beings are honoured. "Indeed we have honoured the children of Adam" (17:70) Who met Sayidina Rasulullah, Sayidina Muhammad (saws) from the honouring that was granted among the creation, no one, no one knows it. Never! And it is not possible to be able to reach the

Divine honouring of Sayidina Yusuf (as) that Sayidina Yacub (as) saw, & the honour of Sayidina Muhammad (saws). And he (saws) has an honour that is different from the one of S. Yusuf (as). And every person has an honour from Al Haqq (swt). "Indeed we have honoured the children of Adam" (17:70) With what? With what? With things that they do in this world? This, never! O people, may Allah (swt) forgive me & forgive you. The brothers of Sayidina Yusuf (as) stood up from extreme eagerness to see, to see the signs of honouring on him. They went crazy & said,"we would give our souls just to see him." Until what happened, happened up to the end of the Holy Surah.

A little bit their hearts became peaceful & they made sajda. Sayidina Yacub (as) made sajda and his mother, then all his brothers, his 11 brothers made sajda. They were longing for his honouring, the honouring of S. Yusuf (as) & so they went into sajda at the end. It was not easy for a person to see him & not long for him, no, never!

O scholars, you are scholars you know something, but Allah (swt) grants His servants as He likes & pleases. This is a simple thing. If we speak longer about this matter, up until the morning, up until next Jumaa, we will not finish. And so we shall stop and we hope that what was inspired to my heart today, Wednesday, the day where some regretful things happened in the area of Sham & this is not suitable what is happening in the land of Sham. The land of Sham is Kinanat-Allah. And this may take a long time but I like to remind every person that they are honoured by their Lord (swt) and nobody can touch except the pure ones.

The physical & the soul of mankind is clean. It is pure, right? And from the extreme envy of shaytan this fitna happened with the brothers of Yusuf (as). And continuously the devil, the cursed one, wants to make fitna between the children of Adam (as) who are honoured by their Lord. And he pulled them into war and made them fall in troubles with his lies and human beings left honouring each other, like Allah (awj) honoured the children of Adam (as).

But the events that happened today, that cannot be accepted in the area of Sham. I am sorry, I am sorry! But there are deep meanings with clarity, with full clarity. We hope from our Lord (swt) to correct mankind; their ideas & their steps towards each other and each one should

honour the other one that our Lord (jwa) honoured us with and Alf alf salat, alf alf salam 'ala Rasulihi. The Prophet (saws) of Allah (swt) the Prophet (saws) The Throne of Allah. Salla Allahu Aleihi wa Sallim. Wa min Allah Al Tawfiq. May Allah correct all situations. We hope from Allah (swt) that it is very soon.

Fatiha.

## The Children Of The Prophet (sas)

Dastur Ya Sayidi, Alf wa alf Salat, alf wa alf Salam 'ala Habibi Sayidina Muhammad (saws) zid'hu Ya Rabbi Izzan wa Sharafan, Nuran wa Sururan, Ridwanan wa Sultanan. And also to his (saws) household.

Although I am weak, insha'Allah with your baraka I will get stronger. And I would like to speak to the Arab people especially. Audhu Billah min al shaytan al rajim, Bismillah Al Rahman Al Rahim. O Arabs! O Arab nations since you are from the nation of the Prophet (saws) I have wanted for a few days it was inspired to my heart & I wanted to speak a few words especially to the Arab people.

Audhu Billah min al shaytan al rajim. Naudhu Billah min al shaytan al rajim! Bismillah Al Rahman Al Rahim, Bismillah Al Rahman Al Rahim. Bismillah Al Rahman Al Rahim! O men of Allah (swt) support my tongue so I can speak a few words that are especially... especially for the Arab people. The Prophet (saws), Sayyidina Muhammad (saws)... O Arabs! O Arab Muslims, the Prophet (saws) said " Akrimu karima Qawm" honour the most noble people. This is an important matter for the Arab people. Karima Qawmin/The most noble people. O Arab Muslims! You understand what the Prophet (saws) says. "Honour the most noble people." (Hadith) Who are they now? Now who are the noble of the nation? The ones who are related to the Prophet (saws)? His children, and his grandchildren and those who are related to the Prophet (saws).

Wake up! The Prophet (saws) says "honour the most noble people." Who are they now? And forever they are the household of the Prophet (saws). It is an order to you O Arabs! "Honour the most noble people!" Who are they? Not the ones whom you are electing, this president & that

one, no they have no value. Value & respect are for those who are descendents of the Holder of the absolute Message (saws), who is praised, honoured & glorified in the Divine Presence. To whom it was told... His Lord Allah (swt) told him, "if not for you, I would not have created creation! O My Beloved Ya Muhammad Ya Mustafa!" Our Lord (jwa) appreciates him (saws) with highest appreciation, greatest appreciation O Arabs!

"Honour the most noble people. "Who are they now? The family of the Prophet(saws), they are here, honour them, bestow honour on them. With what right, O Arabs do you run after those who have titles with no value? No! Not one of them is noble. And especially the noble people among Arabs, they are the family of the Prophet(saws) honour them, bestow honour on them. Allah (swt) will honour you. Honour your Prophet (saws) and his descendents & those related to the Prophet (saws), Ahl Al Bait. I want this answer from the Arab world - Who from the nation of the Prophet (saws) is suitable to be honoured and respected & to have homour bestowed on him? That's it! Descendents, children of the Prophet (saws). Their line is noble. These people, they are in the land...the land of Jordan.

They took, the Arab leaders from the Arab countries, all that are rich with minerals, especially petrol. They value petrol more than the children of the Prophet (saws). Hasha! No way! They were not supposed to leave the descendents of the Prophet (saws), the children of the Prophet (saws), in the middle of the desert. This is what they did and the Prophet (saws) says "honour the most noble people." Honour the most noble people, O Arabs! You left them in the middle in the desert, with no water or anything with them. Is this how you understand of the teaching of the Prophet (saws) "honour the most noble people"? Who is more honourable than the descendents of the Prophet (saws)?

Woe to you! Woe to you. All the fitna/corruption is from this because you left the banner of the Prophet (saws) and his (saws) children in the middle of the desert & then you are proud of this Prince & that King and this Imam. Where is that honour? "Verily, the most honourable of you to Allah, are the pious ones." (49:13) Is it not like this! Subhana Allah. You must honour him (saws) because the beginning is with him (saws) & the end of Religion is with them. It ends with them also. The first banner, the banner of the Prophet (saws), was raised and then they changed, and

changed it, and now the banner of the Prophet (saws) must be raised so Allah (swt) may put in the hearts of the non-believers the fear of Islam, the glory of Islam. Masha'Allah!

Another Hadith, you understand it, I don't know... or have you forgotten Arabic like me? "Put people in their rightful place." This also is a Hadith. Why they do not honour the family of the Prophet (saws)? O Arab people, "honour the most noble people." They are the ones who are connected to the Noble Messenger (saws) who is to Allah (swt) at the greatest station, as an honour for him (saws). Until you understand and leave the falsehood that is of shaytans & jinn and the rest of the religions you will not be successful. You will not be successful otherwise. O Arabs this addressing is for you. "Put people in their right places." (Hadith) Honour them & Allah (jwa) Subhanahu wa Ta'ala will honour you. He (swt) Will honour you O Arabs! There is no victory except with them. With them you will be victorious. With them you will be proided for, with them you will be honoured.

It was inspired to my heart to speak to his Highness the Prince. His face is like the sun. Honour them, Allah (swt) honours you. They are His (swt) guests. The guest of Allah (swt) on earth. They are related to the Prophet (saws). O honourable King do not fear, you are on truth. If you move, the support of Al Haqq is with you. No fear for you & no sorrow.

The ones who honoured the family of the Prophet (saws) the most were the Ottomans. Ottoman Sultans in the times of feasts/Eid they would first greet the Naqib Al Ashraf/head of the family of the Prophet (saws). He used to come to the Sultan who would kiss his hand. This is honoring.

The Sultan honored him and Allah (swt)gave him power & respect. Subhana Allah. The last Sultan was Sultan Abdul Hamid May Allah (swt) grant him a place in the Paradise of Firdaws with the Master of beginning and end (sas). He used to honor the Prophet (saws) & the land of Hijaz. The land of Hijaz honored him. O you Arabs you don't have this honoring & glorifying, and so you came into a very bad condition. And if you don't give to everyone their due rights - it is an order to give to everyone their due rights - O Arabs! O Arabs, give...give the family of the Prophet (saws) their due rights. Honor them, bestow honor on them, praise them and Allah (swt) will honor you. Otherwise you will eat one another and not only will you be unsuccessful, but

you will never be successful!

And so, I apologize to the Sultan... Sultan Abdullah, they say King Abdullah, but it should be Sultan AbduAllah. He is a Sultan. And no matter where he places his foot, he will be victorious. Until the Arabs unite under the banner of Sultan King Abdullah, son of Hussein, son of Abdullah, son of Sharif Hussein. These words are important Masha Allah. Light is coming from their faces. Its a duty on me to tell the inspirations coming to my heart from our Masters (saws). A strong one among the Awliya is Sayyidina AbdulQadir Al Jilani the one with powerful language. Nobody goes to him to say, "O Sultan, put an end to these problems." Nobody in Egypt goes to Sayyidina Al Hussein (as) and says "Save us from the problems." He (as) will advise you to go to the most noble of people, the ones you left in the middle of the desert in Jordan.

Pity, pity on them. I think the days will turn around and their turn will come. And they are the servants of Mahdi (as). And Sultan, His Highness King Abdullah, has three banners. One banner for Prophet (asws), a second banner for Mahdi (as), and a third banner for him, as he is the King of the time. Let him walk forward without fear. We don't fear, not from Syrians, nor from Iraqis, nor from Turks, nor from the peopls of the West, nor China, nor Russians. We have power. Power... Finished! Masha Allah! The time has come.

I have declared what I was told. And now, you know best O Arabs, honor the most noble of people, those who are related to the Prophet (saws). Their lineage is honored. Honor them so Allah (swt) honors you. Their station is high. It is a duty to praise them, honour their station, insha'Allah. I would like to give Bayat to the King, and then Mahdi (as) - Insha Allah he is from the ministers, owner of the sword. No fear for them nor shall they be sad.
Fatiha.

**Die Kinder des Propheten (saws)**

---

Dastur ya Sayyidi. Alf wa Alfu Salat, Alf wa Alfu Salam `ala Habibi Sayyidina Muhammad (saws) Zid'hu ya Rabbi Izzan wa Sharafan Nuran wa Sururan, Ridwanan wa Sultanan. Und auch

für seinen (saws) Haushalt. Obwohl ich schwach bin, insha'Allah mit euerer Barakah werde ich stärker werden. Und ich würde gerne besonders zu den Arabern sprechen. Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. Araber! Arabische Nationen, da ihr von der Nation des Propheten (saws) seid, wollte ich schon seit ein paar Tagen, war es in mein Herz gegeben worden und ich wollte ein paar Worte besonders an die arabischen Menschen richten. Audhu Billahi mina sh-shaytani r-rajim. Naudhu Billahi mina shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim! Menschen Allahs (swt), helft meiner Zunge, damit ich ein paar Worte sprechen kann, die besonders, besonders für die arabischen Menschen sind.

Der Prophet (saws), Sayyidina Muhammad (saws)... Araber! Arabische Muslime, der Prophet (saws) sagte: "Akrimu Karima Qawm" - ehrt die edelsten Menschen. Das ist eine wichtige Sache für die Araber. "Karima Qawmin" - die edelsten Menschen. Arabische Muslime, ihr versteht, was der Prophet (saws) sagt. 'Ehrt die edelsten Menschen'. (Hadith) Wer sind sie jetzt? Wer sind jetzt die Edlen der Nation? Diejenigen, die verwandt sind mit dem Propheten (saws). Seine Kinder und seine Enkel und jene, die verwandt mit dem Propheten (saws) sind. Wacht auf! Der Prophet (saws) sagt: 'Ehrt die edelsten Menschen.' Wer sind sie jetzt? Und für immer ist es der Haushalt des Propheten (saws). Es ist ein Befehl an euch, Araber! 'Ehrt die edelsten Menschen!' Wer sind sie? Nicht diejenigen, die ihr wählt, dieser Präsident und jener. Nein, sie haben keinen Wert. Wertschätzung und Respekt gilt jenen, die die Nachkommen des Halters der absoluten Botschaft (saws) sind, der gepriesen, geehrt und gerühmt wird in der Göttlichen Gegenwart, dem mitgeteilt wurde, sein Herr Allah (swt) erzählte ihm, 'Wenn nicht für dich, hätte ich die Schöpfung nicht geschaffen! Mein Geliebter ya Muhammad ya Mustafa!' Unser Herr (jwa) würdigt ihn (saws) mit den höchsten Würdigungen, den höchsten Würdigungen, Araber!

'Ehrt die edelsten Menschen.' Wer sind sie jetzt? Die Familie des Propheten (saws) ist hier, ehrt sie, erweist ihnen Ehre. Mit welchem Recht, ihr Araber, lauft ihr hinter jenen her, die Titel ohne Wert besitzen. Nein, nicht einer von ihnen ist edel. Und besonders die Adligen unter den Arabern gehören zur Familie des Propheten (saws), ehrt sie, erweist ihnen Ehre. Allah (swt) wird euch ehren. Ehrt eueren Propheten (saws) und seine Nachkommen und jene, die verwandt mit dem

Propheten (saws) sind, Ahlu l-Bayt. Ich will diese Antwort von der arabischen Welt - Wer von der Nation des Propheten (saws) ist angemessen für die Ehre und den Respekt und die Ehrerweisung? Das ist es! Die Nachkommen, die Kinder des Propheten (saws). Ihre Abstammungslinie ist edel. Diese Menschen sind in dem Land... dem Land Jordanien. Sie nahmen die arabischen Führer von den arabischen Ländern, die reich an Mineralien sind, besonders Erdöl. Sie geben Erdöl mehr Wert als den Kindern des Propheten (saws). Hasha! Auf keinen Fall! Sie durften die Nachfahren des Propheten (saws), die Kinder des Propheten (saws) nicht inmitten der Wüste lassen. Das ist, was sie taten. Und der Prophet (saws) sagt: 'Ehrt die edelsten Menschen.' Ehrt die edelsten Menschen, Araber! Ihr habt sie inmitten der Wüste gelassen ohne Wasser oder irgendetwas bei ihnen. Ist das, wie ihr die Lehre des Propheten (saws) 'Ehrt die edelsten Menschen' versteht? Wer ist ehrenwerter als die Nachfahren des Propheten (saws)?

Wehe euch! Wehe euch! Die ganze Fitna -Verderbtheit- kommt daher, weil ihr das Banner des Propheten (saws) und seiner (saws) Kinder inmitten der Wüste zurückließt, und dann seid ihr stolz auf diesen Prinzen und jenen König und diesen Imam. Wo ist diese Ehre? 'Wahrlich, der Geehrteste von euch bei Allah ist der Gottesfürchtigste' (49:13) Ist es nicht so? Subhanallah. Ihr müßt ihn (saws) ehren, weil der Anfang mit ihm (saws) ist, und das Ende der Religion ist mit ihnen. Es endet mit ihnen. Das erste Banner, das Banner des Propheten (saws), wurde erhoben und dann änderten sie es und änderten es und jetzt muß das Banner des Propheten (saws) erhoben werden, damit Allah (swt) in die Herzen der Ungläubigen die Furcht vor dem Islam, die Glorie des Islam gibt. Masha'Allah! Noch ein Hadith. Ihr versteht es. Ich weiß nicht... oder habt ihr das Arabische vergessen wie ich? 'Stellt die Menschen auf ihren rechtmäßigen Platz.' Das ist auch ein Hadith. Warum ehren sie die Familie des Propheten (saws) nicht? Araber, 'ehrt die edelsten Menschen.' Es sind die, die mit dem Edlen Gesandten (saws) verbunden sind, der für Allah (swt) auf der höchsten Stufe ist als Ehre für ihn (saws). Bis ihr versteht und das Falsche sein laßt, das von Shaytanen und Djinnen und den übrigen Religionen kommt, werdet ihr keinen Erfolg haben. Ihr werdet keinen Erfolg haben sonst.

Araber, diese Ansprache ist für euch. 'Stellt die Menschen auf ihren rechtmäßigen Platz.' Ehrt sie

und Allah (jwa), Subhanahu wa Ta'ala, wird euch ehren. Er (swt) wird euch ehren, Araber! Es gibt keinen Sieg außer mit ihnen. Mit ihnen werdet ihr siegreich sein. Mit ihnen werdet ihr versorgt sein, mit ihnen werdet ihr geehrt werden. Es war mir ins Herz gegeben zu Seiner Hoheit dem Prinzen zu sprechen. Sein Gesicht ist wie die Sonne. Ehrt sie, Allah (swt) wird euch ehren. Sie sind Seine (swt) Gäste. Die Gäste Allahs (swt) auf Erden. Sie sind verwandt mit dem Propheten (saws). O ehrenwerter König, fürchte dich nicht, du bist mit der Wahrheit. Wenn du dich bewegst, wird die Unterstützung von Al Haqq mit dir sein. Keine Furcht für dich und keine Trauer.

Diejenigen, die die Familie des Propheten (saws) am meisten ehrten, waren die Osmanen. Die Osmanen Sultanen grüßten zur Zeit der Feste, der Eids, zuerst den Naqibu l-Ashraf, das Oberhaupt der Familie des Propheten (saws). Er kam für gewöhnlich zum Sultan, der ihm die Hand küßte. Das ist Ehrung. Der Sultan ehrte ihn und Allah (swt) gab ihm Macht und Respekt. Subhanallah. Der letzte Sultan war Sultan Abdul Hamid, möge Allah (swt) ihm einen Platz im Paradies von Firdaws gewähren mit dem Meister von Anfang und Ende (saws). Er pflegte den Propheten (saws) und das Land des Hijaz zu ehren. Das Land des Hijaz ehrte ihn. O ihr Araber, ihr habt diese Ehrung und Verherrlichung nicht, und so kamt in einen sehr schlechten Zustand. Und wenn ihr nicht jedem die ihm gebührenden Rechte gebt - es ist ein Befehl, jedem die ihm gebührenden Rechte zu geben - O Araber, gebt... gebt der Familie des Propheten (saws) die ihr gebührenden Rechte. Ehrt sie, erweist ihnen Ehre, preist sie und Allah (swt) wird euch ehren. Sonst werdet ihr einander essen und ihr werdet nicht nur nicht erfolgreich sein, sondern ihr werdet niemals erfolgreich sein.

Und so, entschuldige ich mich beim Sultan, Sultan Abdullah, sie sagen König Abdullah, aber es sollte Sultan Abdullah sein. Er ist ein Sultan. Und egal, wohin er seinen Fuß setzt, er wird siegreich sein. Bis die Araber unter dem Banner von Sultan König Abdullah vereint sind, dem Sohn Husseins, Sohn Abdullahs, Sohn des Sharif Hussein. Diese Worte sind wichtig, masha'Allah. Licht kommt von ihren Gesichtern. Es ist meine Pflicht, die Eingebungen, die in mein Herz kommen von unseren Meistern mitzuteilen. Ein starker unter den Awliya ist Sayyidina Abdulqadir al Jilani, einer mit machtvoller Sprache. Niemand geht zu ihm und sagt: 'O

Sultan, setze diesen Problemen ein Ende.' Niemand in Ägypten geht zu Sayyidina Hussein (as) und sagt: 'Rette uns vor diesen Problemen.' Er (as) wird euch den Rat geben, zu den edelsten Menschen zu gehen, denen, die ihr inmitten der Wüste in Jordanien zurückgelassen habt. Erbarmen, Erbarmen für sie. Ich glaube die Tage werden sich wenden und ihre Zeit wird kommen. Und sie sind die Diener Mahdis (as).

Und Sultan, Seine Hoheit König Abdullah, hat drei Banner, ein Banner für den Propheten (saws), ein zweites Banner für Mahdi (as) und ein drittes Banner für sich, da er der König der Zeit ist. Er soll vorangehen ohne Furcht. Wir fürchten uns nicht, nicht vor den Syrern, noch vor den Irakern, noch vor den Türken, noch vor den Leuten des Westens, noch vor China, noch vor den Russen. Wir haben Macht, Macht... Schluß! Masha'Allah! Die Zeit ist da. Ich habe erklärt, was mir gesagt wurde. Und jetzt, ihr wißt es am besten, Araber. Ehrt die edelsten der Menschen, jene, die mit dem Propheten (saws) verwandt sind. Ihre Abstammungslinie ist geehrt. Ehrt sie, so wird Allah (swt) euch ehren. Ihre Stufe ist hoch. Es ist Pflicht, sie zu preisen, ihre Stufe zu ehren, insha'Allah. Ich würde dem König gern Bayat geben und dann Mahdi (as). Insha'Allah gehört er zu den Ministern, der Eigner des Schwertes. Keine Furcht für sie, noch werden sie trauern. Fatiha.

## CHOOSE THE RIGHT WAY

During this life, people will either reach goodness or badness. If a person wants to have goodness, the Lord of Heavens will give the way free to goodness. If a person wants to have the wrong way, the bad way, the satanic way, it will open up. It is like a railway station, different tracks open up according to the demand. So Allah Almighty looks to see which way the servant is asking for: the good way or the bad way. Does he want the right way, or the wrong way? It is up to you. You may choose. Then you cannot blame anyone. If it is necessary to blame someone, whatever comes on him or on her, they can only blame themselves.

The right way is the good way, the wrong way is the bad way. Everyone who has common-sense may know which is the right way and which is the wrong way. The ones who don't know it don't have any responsibility. You cannot blame that person. The main problem of mankind nowadays is that they choose the wrong way. And as they have chosen the wrong way, they must meet disliked things. On the wrong way everything can hurt, disturb, cause sufferings and troubles. The wrong way is full of bad and disliked things. If you choose that way, you must see for yourself what comes to you. Then you can blame yourself. If you just turn back one single step, you will already find a better atmosphere. Coming from the bad atmosphere you will all of a sudden find yourself surrounded by a good atmosphere. Because if a person is following the wrong way, the atmosphere is full with dirty things, with harmful things. But the atmosphere of the right way is enjoyful and will give you pleasure. Enjoyment will come through your heart. Blessings will come from Allah Almighty. He will make you happy. He will make your future like an open rose. He will show you a bright future. That is the kind of atmosphere of the right way.

1400 years ago Muhammad sws. said that days would come that would be like these. Because the Last Day is coming closer, it is approaching, approaching... And people are changing their ways from a good direction to

a bad direction. From a right direction to a wrong direction. This has covered the whole world with darkness. Whoever breathes through their heart will feel a heaviness. You may breathe, but still you are not relaxing with that breath, because something else is in the air to make you feel suffocated. You have the feeling that you cannot breathe enough. That is the time that we are in.

This is described like a smoke, it will also really be a smoke that will cover the whole world, but another meaning is that people of this time will be like people who are sick. It is a heavy smoke. You cannot breathe. In this time people are mostly on the wrong way. They have left all the teachings of heavens. They are following the teachings of the devil. So as a punishment that is coming to them, they are creating that atmosphere through their actions.

Within all nations there will be a few people who will be like stars in the sky. Darkness cannot change their brightness. Darkness cannot take away their light. The darker it gets, the more they are filled with light. These people will be amongst people. They still have not changed their direction from a good direction to a bad direction. They are on the right path and the Lord is giving them lights. Their atmosphere will be different than the atmosphere of most people. It is up to you to have that atmosphere or the other one. The Lord opens whichever atmosphere you want. That is why the Prophet sws. mentions that there will be some servants of Allah Almighty who will be beyond that atmosphere.

A rocket reaches beyond this atmosphere with great difficulties. When it has cut the atmosphere, there is another atmosphere, but it will not be heavy and it will let the rocket fly around freely. But before it reaches that easy atmosphere, it needs a mighty power. Mighty engines make it to reach out. When it has succeeded, it will move so smoothly. The bad, dangerous and tiring atmosphere is finished. It is another kind of atmosphere. Oh, people, as long as you are following the wrong direction, your atmosphere will never change.!
There is no advantage for me to say this to you. You are notgiving me money or anything from this world, but in the hereafter I will get a commission. I will get a commission from everyone who is listening to the truth. The only commission that is worth anything, is the one from the Lord. The Prophet sws. was saying that if you can change the way of a person from the wrong way to the right way, from the bad way to the good way, Allah Almighty's commission to you will be more than if you had been given all the treasures of the whole world.

I am fighting Shaitan. You must help me. Yes, when I am coming to get you, Shaitan gets very angry and he says, "They are my servants, how can you come and catch them? Go away!". In the same way, you are also running after Shaitan and saying, "Oh, Sheik, don't catch me!". But I'm catching you! May Allah put us on the right direction. That is our position. If you have a mind, then it is very clear. That is, if your mind hasn't been stolen by Shaitan. What can we do then? You will be Shaitan's donkey. He will steal your mind, and you will become a donkey. Don't be a donkey! Who told you to be a donkey? Shaitan? Don't do that. Be free to be the servant of Allah, the Lord Almighty. He will dress you with the honour of being his servant. He will place the crown of servanthood on your head. Why aren't you coming. Why? Do you want to be a donkey for Shaitan?

This association is enough for everyone living in East or in West. Because the Seal of the Prophets was addressing all nations. This is a part of his oceans and whatever he says, your common-sense will agree to. Everyone with a mind must accept it. The Jews must accept it, the Christians must accept it as well as all Muslims. Buddhists must accept it. Sikhs must accept it. Hindus must accept it. Everyone must accept this. Everyone knows the Devil, Shaitan. Everyone knows what is wrong, which is the wrong direction. If they don't change their direction, they will always be under the hegemony of Shaitan. Shaitan will ride on them and make them his donkeys and will enjoy himself with them. Because he will be happy when they are falling into sufferings. Every trouble which reaches mankind, makes Shaitan happy.

Don't think that troubles make Allah and His Beloved Servant happy. No! Do you think that any father or mother will be happy when their children have difficulties, or miseries, or sufferings? So how can Allah Almighty be happy if his servants are falling into sufferings? No! Sufferings only make Shaitan happy, very happy! He will laugh even more than Germans...

Germans never laugh, but Shaitan does. His laugh reaches the ears of holy-people, and with each laugh, the holy-people understand that a new suffering is coming to a person, or to a group of people. Just like when you hear a smash on the street, you know that there has been an accident. When Shaitan is laughing, then the holy-people understand that a new disaster has happened by mankind using the wrong way, by having listened to Shaitan. Just like if you are on the motorway and you want to make a U-turn. How many cars do you think will crash into you. If you go the wrong way, a big accident will happen quickly. When Shaitan is laughing, then the holy-people understand that there has been a big crash, a big accident, in which so many

people are mixed-up.

Don't go in the wrong direction. That is the last word of all prophets. The last advice to their nation, "Oh, our nation! Don't go in the wrong direction. Anytime you may have a big accident that can catch up with you and finish you."

May Allah protect us and bless you.

## Circle of Evil around every Good One

Every prophet and every saint has a circle of satans around them. You cannot find someone who is following the way of prophets without having enemies. They use so many kinds of enemies pretending to be one of us. Satan uses his agents against all people who are spreading the teachings of prophets. Allah the Almighty never sent His Deputies to good and perfect people. His prophets were sent when communities were declining, when its inhabitants were becoming slaves of their egos and servants of the devil. When people started making wrong instead of right steps, Allah would send His prophets to correct them, to clean their minds, bodies and hearts: to clean their actions and intentions.

This is the most difficult and dangerous job a person can have, because satan will come and object. Satan is very keen to preserve his kingdom on earth, so he defends it in a serious way. His way of doing that is to attack, because that is the way of winning. When people try to become good Satan will attack them. He wants to prevent any development of goodness, because it is a threat to his own sultanate. If you want to do something here, the satan in America will quickly send his agents to destroy it. Wherever a light appears, he will send someone to extinguish it. Now the whole world is in darkness. Even if just a candle is lit, he will rush to blow it out.

This is a place in which we are defending the steps of the Prophet*. It is the command my Grandsheik* for me to call people to the right path and to look after them until Mehdi* comes to clean everything. He will remove everything which has to do with kufr, shirk, or anything else against Islam, by its roots. It is a command for Naqshbandis to clean people internally, in their hearts. Whoever comes here must understand our mission. Some people come here and criticise me and the ones who are around me. But they are ill people. If anyone thinks that they can do the job better than I do, they are very welcome to come and take over. Let them teach all these people who come from all directions of the world. Teach them, train them and direct them! Come!

They think it is easy. They think all they have to do is to have a mosque and let people pray behind you. They think that is all in Islam. Or to go out and shout. They are fully wrong. They are ill, but they do not want to admit it. They think they are above Heavens, but they are less than underground, because some of the animals there are at least clean. They are part of the sewage system. They accuse people and put themselves in an exceptional position.

This is a centre which Allah has put in a country where there are headquarters of satan. It is a secret kingdom, not the official United Kingdom. The centre here could not be in a more suitable location than in London, the headquarters of satan. We could mention America, but they are learning from here. Germans are learning from here and so are the French and the Russians. The Greeks, Turks, Arabs... all come here to learn. The Jews are the professors, they do not have to learn.

Allah has put his weakest servant here in London. The satans know very well who I am and they are trying to destroy these gatherings. They do everything to go against me. Even my own people come to criticise me. They say that I am not taking care of what is happening here. If anyone thinks that they can do the job, let them come! But they must write 'Mental House' at the door. Then no one here will be criticised anymore. Because this is a mental house. If anyone thinks that they are perfect in their mind and in their actions, they should not come here. Those who think that something could still be wrong with them are welcome. Welcome to our mental house! We don't need people who are unhappy here. There are enough satanic houses waiting in this huge city for them. You can join any group of thinkers there.

If you are happy, welcome! Don't criticise this place. It is a mental house and people from a mental house must be trained and be happy with their training and try to take away their egoistic characteristics. We do not promise people anything else than to take away satan from their ego, to be free from their ego. Whoever is not happy, because satan is blowing into them so much that they resemble a balloon, may go to him. My aim is to put your ego on the level of zero, to kill it. Then it will not be able to command you, or to control your soul. That is our job. Those who are happy with this, welcome! May Allah forgive and correct our steps through his aulias. I am ashamed to tell Allah what to do, I am asking Him humbly to send us His servants to clean us and to bring satan down.

This is not advice for common people. They are already very humble. But those who have degrees think that

they are someone, just because of their education. Satan blows through them. We are not playing with people, but are showing their egos the way they are. These people think that they are important, VIPs. You cannot be a VIP if you still have an ego, you belong to the people of the sewage. Don't let your ego control you. If it does, it will call satan and both of them will control you.

Please use your spiritual power to give me support. People come like the waves of the ocean to attack me wherever I go. I hope that Holy People will support me. May the spiritual support give more and more power to take away evil and devils. I am declaring to be the one whose intention it is not to leave evil or any devils on earth. This is why devils are chasing me. This is a peaceful place, not official like the Central Mosque. It is a centre for Islam and Iman and Ihsan. People like the atmosphere because it is blessed. But don't think that everyone who comes here has good intentions. Beware of them. Don't be cheated. All prophets fought against satan and his agents. This will continue until the time when Mehdi* will come. When Jesus* comes it will be completed and everything belonging to satan will be ended. There will be absolute peace on earth.

**The Circle of the World**

The chance which has been given to devils will end before the beginning of the next century. It must be destroyed by then. After the year 2000 there will be no more tyrants, devils, Mafia or any bad people. Those who are cheating mankind will not have the chance to be alive.

The circle of the world brings different people to the top in different times; some come down, others go up. Until recently tyrants and all their bad followers have been climbing up. When they reached the top point they were so happy, thinking they would stay there forever. They are unaware of the Divine Wisdom of change: that they will come down again. We have reached the lowest point and are now on our way up to bring the moon back to the top, while they are declining. Even though they insist on staying there, they will have to come down. We don't even have to do anything to make it happen, the Divine Will is bringing them down. Until the end of this century they will come to the lowest point.

Even if you do not belong to the chosen true ones, you must try to be with them. Allah knows that we are usually weak, which is why He orders us to be with them. It is difficult to be one of them, but we must try to be with them. They are the ones who have kept their promise to be with Him since the Day of Promises. They never follow their ego, they never follow satan and they are never slaves of their ego. Because He knows how hard this is, He is not expecting everyone to be able to do it, but He wants us to be with those who do. Don't be on the side of those who are denying religion and denying Islam, or on the side of those who are not making sadjda, or who are drinking. But instead of listening to His Advice, we usually do the opposite.

The next century will only be for True Ones. It will start with the coming of Jesus*. No one can change that. He will follow the Sharia of Muhammad* and for 40 years this world will be like Paradise: with justice, respect, worshipping, love, mercy, blessings, lights... All nations begged to reach that period and so do we. I

don't know. Since I was young I have been asking Allah the Almighty to give me a chance to be with those True Ones.

**The City Of Knowledge**

---

Marhaba O our glorious son! May you give Nur to Islam. May your Nur increase. Let us trade. We need to trade. Let us say Marhaba. O Shah-e Mardan, marhaban. O beloved ones, O beloved friends of Shah-e Mardan, marhaba. How beautiful; Allah Almighty accepted the fajr prayer from us. He (swt) made us get up and we prayed, shukur Allah. Allah is Who makes us to pray. Wa bi shukri tadumu ni'amm. With what the blessings continue? Wa bi shukri tadumu ni'am. Blessings continue with shukur. When one is not thankful, blessings don't last. "La'in Shakartum La'azidannakum" (14:7). The conclusive and clear Verse is in the Holy Quran.
Dastur Ya Rijal Allah.
Dastur Ya Shah-e Mardan. We don't know anything but these few beloved friends, the lovers of the Prophet (sas), the lovers of Shah-e Mardan Sayyidina Ali (ra)... We love our Prophet, the Master of the Creation. Shah-e Mardan is who is the Shah of this way, Hz Ali Ibn Abu Talib is Shah-e Mardan. Maydan-e Mardana, who is the shah of the field of bravery, the field of men, the real brave man is only our Sayyidina Ali who is the Shah-e Mardan. Be careful about this. The Maydan (field) belongs to Shah-e Mardan. AlHamdulillah. We have love for him. We hope that we have a nisbah (connection) with him. Shah-e Mardan... Shah-e Mardan, he is the son of the Beloved's uncle. Shah-e Mardan, Sayyidina Ali Ibn Abi Talib. Oh foolish ones! When you wake up in the morning your assembly should open with Shah-e Mardan. Allahu Akbar.
Today is a new day. Yawm al-jadid, rizq al-jadid, Shaykh Muhammad Effendi. A lion came to our assembly today. Whatever they make us say with his barakah, we will say. It is not that we know and say these words, but the words open themselves. The honour of an assembly is according to the most honoured one present there. The assembly of the Prophet (sas) is different. The assembly of the Companions, or the Nur of Khulafa-ir Rashideen assemblies is different.

The assemblies of Sahabas are different, it is according to their levels. And after them, every person depending on which Sahaba's way he keeps and how strongly he keeps it, he also receives from that honour. For us now, the most honoured one is Shah-e Mardan, after the Prophet alayhi Salatu was-Salam. Although the order goes Abu Baqr as-Siddiq, Sayyidina Umar and Sayyidina Uthman but the seal is with Sayyidina Ali. He is the Shah-e Mardan!

When Sayyidina Ali cried at the top of his voice, the walls of the castle of Khaibar collapsed. With his majesty, with the power of his bravery, Sayyidina Ali drew his sword and hit once the Khaibar castle and the walls of the castle collapsed and a water came out from its place. And I passed from there and saw it, shukur Allah. That water still flows, in the middle of the desert. The sword of Shah-e Mardan touched and the water came out. The castle of Khaibar surrendered to the lion of Allah, Shah-e Mardan, Hz Ali, Sayyidina Ali. Ibn Abi Talib. O Shah-e Mardan, I may speak on your behalf. You are who make me speak. Who keep the way of Shah-e Mardan are those who are beloved to Shah-e Mardan. Who leave his way are the ones who are trash. They are trash, they have no value. Shah-e Mardan; when we are also opening our assemblies, say, Shaykh Muhammad: O Shah-e Mardan! Send us your heavenly support. Let us say then; Shah-e Mardan said Bismillahi r-Rahmani r-Rahim.

He drew his Dhul Fiqqar with Bismillahi r-Rahmani r-Rahim. The sword of Shah-e Mardan is double-edged. He is a dragon, if he hits with it, he can cut the earth into two! No doubt! Don't doubt, he is the Shah-e Mardan, Sayyidina Ali Ibn Abu Talib. O who lie, claiming "We are Alawis"! You are not even anything close to him. Be true ones or the sword of Shah-e Mardan will make all your heads cut off and fall down. Shukur Allah that He (swt) gives our hearts the barakah, the love, the yearning for Shah-e Mardan and we are able to speak. If we speak till the Day of Judgement, it wouldn't finish.

"What do you know?" I don't know anything but our Prophet (sas) said: Ana Madinatul 'ilm wa 'Aliyyun babuha, Shah-e Mardan. "I am the city of knowledge. Every knowledge is with me. The knowledge of Heavens and earths is with me. I am that city. And the gate of that city is Sayyidina Ali." "And Ali is its gate". One can't enter inside without Hz Ali's love. Subhan Allah. It means the time is near, Mahdi (as) will come from his pure line, that because it is near, this (inspiration) comes to me so strongly. I am nothing. "And Ali is its gate". Shah-e Mardan has all kinds of knowledge. Ask from it, ask from it.

La ilaha illa Allah hasni. Wa man dakhala hasni, amin min adhabi. The knowledge is coming is from Shah-e Mardan; Shah-e Mardan is the gate of the knowledge. The city of the knowledge is the Prophet. Our Prophet, who is the Master of the Creation. The knowledge that comes from him... Allah Almighty (jj) says, La ilaha illa Allah hasni. La ilaha illa Allah is My castle. Wa man dakhala hasni, amin min adhabi. Be strong, speak like a man! Don't look at who is around when you are speaking. Give the right of what you speak. Shaykh Mehmet Effendi, may your level be high. May the barakah of this grandson of mine be plenty, his father's also. Allahu Akbar. Allahu Akbar Allahu Akbar Allahu Akbar Allahu Akbar. What a magnifincence it dresses on people. It is coming from S. Ali. O imitated Alawis, be careful!

It is said that when Shah-e Mardan mounts his horse he would not move at all. He would stand as still as a statue from steel. There was no one who could stand in his way. All liars who claim to be Alawis should beware! They should beware of Shah-e Mardan's Dhul Fiqqar. Dhul Fiqqar was given to him, Dhul Fiqqar was given to Shah-e Mardan on the night of Mi'raj. If he hits with it from here, he can make the heads of the unbelievers in the West fall down in one swing. If he looks at the East and swings his Dhul fiqar, the heads of all the imitated Alawis will fall down. Beware! Don't look at who speaks but look to who makes us speak. O Shah-e Mardan, may you accept us. May our souls, our lives be sacrificed for you O beloved Companion of the Master of the Creation and the son of his uncle. O lion of Allah who stands in the Presence of Allah. AsaduLlahu Ghalib, Ali Ibn Abu Talib. AsaduLlahu Ghalib, Ali Ibn Abu Talib. Masha Allah. Show high respect for him, Shaykh Mehmed Effendi. Man 'azza 'uzza. Have you heard of this saying? Man 'azza 'uzza. When you show high respect for who is worthy of it, you also are respected. It is not showing respect for men that are of no value, it is showing respect for Shah-e Mardan. He (sas) was informed from the Divine Presence of Allah and he informed us about it also, he made him stand in the door. "I am the city of knowledge and in the gate is the son of my uncle, Ali Ibn Abu Talib, he stands there with his sword". "O My Beloved" said Allah Almighty (jj). "You saw, inspected all these realms. You looked at all of them. This is the Night of Mi'raj. "Was there anything among them that dressed on you majesty?"

The angels are so magnificent like this, S. Mehmet Effendi. "O My Lord Who knows everything. Nothing scared me among them" he said. "Meaning none of them dressed on me a magnificence, a majesty" he said. "That if there was something like this in them, I would tremble also. Only

when You called this weak servant to Your Divine Presence, when You called Your servant to Your Presence I saw a lion at the door and I trembled inside from his glance" said the Prophet (sas). "Did you recognize who he was, O My Beloved, O Muhammad Mustafa! That one who stands at the door is AsaduLlahu Ghalib, Ali ibn Abu Talib. He is Ali, the son of your uncle" said Allah Almighty. Look at the majesty of our Sayyidina Ali! All the awliyas, if they don't receive a majesty from him, they can't be a wali, Shaykh Mehmet Effendi. A small drop reaches them. He is an ocean, if a drop from it comes on them, they look like a dragon!

O imitated Alawis! Pay attention to these words spoken. If you don't pay attention, Dhul fiqar will cut off your heads; can cut off 1000 heads in one swing. Can cut off 10 000 of you, in one swing. When he swings that Dhul fiqar, he will destroy all the imitated Alawis. Beware! Beware! Fear from this! And glorify the Prophet, and know and glorify the Shah-e Mardan who is the son of his uncle. Other Sahabas would collect themselves when S. Ali entered an assembly. The Prophet (sas) would welcome him standing up, would kiss him. They don't write this in the books either. All Sahaba would stand up. AsaduLlahi Ghalib, Ali ibn Abu Talib! O Ahlu Sunnah wa-l Jama'at! If you respect him less than this, it means there is doubt in your iman.

What those who do dabke call "love for Hz Ali" is all wrong, imitated! These things are not worthy of the glory of our Sayyidina Ali, Shah-e Mardan. If he hits with his sword once... When he was fighting at the battle of Khaibar, in one hit with his sword, he cut the head of the strongest man of that castle. The edge of his sword touched the ground and where it touched the ground a water came out pouring. A water come out. AlHamdulillah I passed through Khaibar and drank from that water of Shah-e Mardan too, with the permission of Allah!

O Shah-e Mardan, we love you. O Shah-e Mardan, we are waiting for Mahdi (as) who will come from your pure line. The power and majesty of Mahdi (as) is also the same as S. Ali. He also belongs to the line of Shah-e Mardan, he also dressed his dress. Therefore Mahdi (as) will say "Allahu Akbar Allahu Akbar Allahu Akbar", Takbir when entering Sham. Mahdi (as) comes by the side of Jordan and enters into Sham; enters with Takbir. With one swing of his sword, the heads of all liars will fall down. Be straight! Fastaqim! Allah Almighty said to the Prophet: "Kama 'Umirta". "Stand firm and straight as you are commanded". O Kings, O leaders, O chiefs! Islam is not a toy. The pure Shari'atu-l Ahmadiyya is not a toy. It requires high respect. If you show high respect for it, a power, a majesty comes to you from a place you never expected. If not...You

hope, expect help from the unbelievers who have no tahara! You filled the country with weapons, this is fired into the air, this you throw into water"...If one of the holy ones breaks wind, all of them break down and can't move. Say Allah! Fastaqim Kama 'Umirta.
Don't play, don't dance! They say Khidirellez, they say other things and dance together with women. Don't make religion as a game, or you will be taken and you can't even tell where the sword came from. Beware O you, who claim and say "We are Alawis"! You are as far from being Alawi as the east is from the west. Keep quiet! We can't even be like the dog waiting at his door. But we have a connection with him. Therefore beware. Don't say anything to me! If what you say reaches my Sultan, he will kick out all of you. I am a weak servant. Allahu Akbar Allahu Akbar Allahu Akbar. O Shah-e Mardan, marhaba!
O beloved ones! O beloved friends. May you be the ones who are beloved to Shah-e Mardan, who are his lovers and don't fear. Don't fear in dunya or in akhirah. No earthquakes, no floods, no snows, no hurricanes can reach you. You live all clean. They have no prayers, no worship, only dancing and fun. They do all kinds of dirty things and then ask "Why did this come to us?" May Allah forgive us. It comes from following your dirty ego. May Allah protect us from following our dirty ego. If a horse is going right and straight, does his master whip it? No. If a donkey is going the right way, carrying its load... All have the attribute of donkeys now, there is no Man left. All make their egos ride them. They make their egos ride them. Shaytan rides on their egos now and says "There is no one better than us, stronger than us".
Ok, unbelievers may speak like this. But why do Muslims speak this way? Do the people in Syria, in Iraq, in Turkey, in Iran, say "we are the soldiers of Shah-e Mardan, we came for him"? Do they say this? No, they don't. They drop bombs from air on people. Why do you drop bombs on people? You want to make Shah-e Mardan all angry, wrathful with you so that he cuts you off from your roots? For what do you strive? What did Sayyidina Ali say? Did he ever do what you are doing? Aren't you ashamed to say "We are Alawi"? "O who keeps our way" says Shah-e Mardan. "You say the truth, you say the truth. You haven't yet spoken one word from the 1000 words that should be spoken". But it will appear; the magnificence of Islam will appear. Who will manifest the magnificence of Islam is Shah-e Mardan, Sayyidina Ali and who is from his grandsons, Sahibu-l Zaman Mahdi (as). He will be like the wind. Which plane, which cannon, what can stand against it? Allahu Akbar Allahu Akbar Allahu Akbar. He doesn't need bombs or

cannons, all of them will fall down. Be aware of the magnificence of Islam. Know, acknowledge our Sayyidina Ali who is the Shah-e Mardan and who are dressed with this magnificence.

Keep his way and don't fear. No hurricanes, no snows, no floods, no earthquakes can touch you. O Lord! What can we do? Today these words came from Shah-e Mardan. Who says it is wrong may not be able to survive tonight. There is also this: may he not survive tonight and they bury him in his grave. And if someone speaks ill of us, may his tongue be tied. We are a weak servant of Allah. We are delivering you what is given to us. Today here there are from the men who are only a few on earth. There is the powerful one here that he is absorbing it like a hose; the one who is the Qutub, from the Ishraqiyyun: there is Adnan Effendi, there is Shaykh Mehmed Effendi. They are full with power, they are full with magnificence. If they make them angry, their situation will be very bad. O Shah-e Mardan! We are waiting for the Master to whom you will deliver the Dhul fiqar. We are waiting for those days. May Sham open. May the tyrants who oppress the people finish each other. They will come! An army from the side of Sham will come. And in it, there will be Mahdi (as). He will come and conquer. Wait for him!
You say "US will do this"... Let US and Russia watch over what will run through their legs before they do it! And especially the Iranians, they have so many claims. Let me see what they will do. What they wear will run through their legs! Siti Zainab and Siti Ruqayya are very angry with them! The Sahaba, the holy grand-daughters of our Prophet are very angry! Let us wait and see what will come on them. "Retreat!" she said. She said to the commander of the Iranian army "Retreat! There is no permission for you to enter here, neither for you nor for your soldiers. If you don't retreat, you will see what I'll do!" and he didn't enter. She made them retreat. There are people who know about this. There are holy ones among them. They don't reveal themselves but do what they are supposed to do. O Lord, don't leave us in the hands of the dirty ego. May You not give any chance for shaytan's deceits, traps, O Lord. We are Your weak servants O Lord. We love You, we love Your Beloved and want to keep Your ways. May You dress on us the dress of power, majesty, the dress of Islam. May You dress on us the dress of Sayyidina Ali's soldiers O Lord. He will clean this dirty word.
Shah-e Mardan! Alfu Salat Alfu Salam ala Sayyidi-l Awwalin wa-l akhirin. Thumma ala Sayyidina Ali Ibn Abu Talib, RadiAllahu anhum wa KarramaLlahu wajhahu. I ask for their

intercession. We spoke in a little tasteless way but they tolerate it. My heart is at peace, the beloved ones of Allah are present here. O Shah-e Mardan. He also laughed today. "Well said" he said. I said "What can we do? We are nothing but they don't deserve better than this". He said "Speak and don't fear". It is impossible to look at his face because of his majesty. Aman Ya Rabbi! Aman Ya Rabbi. Aman Ya Rabbi. Allah Allah. Let us say "Allah Allah", O people! O beloved friends, O beloved ones. Let us send Salam, say Marhaba to the Shah-e Mardan. May his love increase in our hearts. May we keep his way and our Lord and His Beloved be pleased with us.
Al-Fatiha.

**Die Stadt des Wissens**

---

Marhaba, unser glorreicher Sohn! Mögest du dein Licht dem Islam geben. Möge dein Licht zunehmen. Treiben wir Handel. Wir müssen Handel treiben. Sagen wir Marhaba. Shah-e Mardan, Marhaban. Geliebte, geliebte Freunde Shah-e Mardans, Marhaba. Wie schön! Allah der Allmächtige hat das Fajrgebet angenommen von uns. Er (swt) veranlaßte uns aufzustehen und wir beteten, Shukur Allah. Allah ist es, Der uns veranlaßt zu beten. Wa bi Shukri Tadumu Ni'amm. Womit bestehen die Segnungen weiter? Die Segnungen bestehen weiter mit Shukur. Wenn man nicht dankbar ist, dauern die Segnungen nicht an. "La'in Shakartum La'azidannakum" (14:7). Der überzeugende und deutliche Vers ist im Heiligen Quran. Dastur ya Rijal Allah. Dastur ya Shah-e Mardan. Wir wissen nichts, aber diese paar geliebten Freunde, die Liebenden des Propheten (saws), die Liebenden Shah-e Mardans, Sayyidina Ali (ra)..
Wir lieben unseren Propheten, den Meister der Schöpfung. Shah-e Mardan ist der Shah dieses Weges. Hz Ali ibn Abi Talib ist Shah-e Mardan. Maydan-e Mardana, der der Shah des Feldes der Tapferkeit ist, des Feldes der Männer, der wahrhaftig tapferen Männer, ist nur unser Sayyidina Ali, der der Shah-e Mardan ist. Seid vorsichtig damit. Das Maydan Feld gehört Shah-e Mardan an. Alhamdulillah. Wir haben Liebe für ihn. Wir hoffen, wir haben eine Nisbah, Verbindung, mit ihm. Shah-e Mardan.. Shah-e Mardan ist der Sohn des Onkels des Geliebten. Shah-e Mardan, Sayyidina Ali ibn Abi Talib. Ihr Dummköpfe! Wenn ihr am Morgen aufwacht,

sollte euere Versammlung mit Shah-e Mardan eröffnen. Allahu Akbar. Heute ist ein neuer Tag. Yawmu l-Jadid, Rizqu l-Jadid, Shaykh Muhammad Effendi. Ein Löwe kam heute in unsere Versammlung. Was immer sie uns zu sagen veranlassen mit seiner Barakah, werden wir sagen. Es ist nicht so, daß wir diese Worte wissen und sagen, sondern sie öffnen sich selbst.
Die Ehre einer Versammlung richtet sich nach dem Geehrtesten, der dort anwesend ist. Die Versammlung des Propheten (saws) ist anders. Die Versammlung der Gefährten oder das Licht der Khulafai r-Rashidin Versammlung ist anders. Die Versammlungen der Sahaba sind anders. Es hängt von ihren Stufen ab. Und nach ihnen empfängt jeder, je nachdem welchem Weg welchen Sahabas er folgt und wie stark er ihm folgt, von dieser Ehre. Für uns ist der Geehrteste Shah-e Mardan, nach dem Propheten, `alayhi Salatu wa s-Salam. Obwohl die Ordnung geht über Abu Bakr as-Siddiq, Sayyidina Umar und Sayyidina Uthman, aber das Siegel ist mit Sayyidina Ali. Er ist der Shah-e Mardan! Als Sayyidina Ali mit lauter Stimme rief, fielen die Mauern der Festung von Khaybar zusammen. Mit seiner Majestät, mit der Macht seiner Tapferkeit, zog Sayyidina Ali sein Schwert und schlug einmal zu, und die Festung von Khaybar und die Mauern der Festung fielen ein, und Wasser kam hervor an ihrer Stelle, und ich ging dort vorbei und sah es, Shukur Allah. Dieses Wasser fließt immer noch mitten in der Wüste. Das Schwert Shah-e Mardans berührte, und das Wasser kam hervor. Die Festung von Khaybar ergab sich dem Löwen Allahs, Shah-e Mardans, Hz Ali, Sayyidina Ali ibn Abi Talib.
O Shah-e Mardan, ich spreche in deinem Namen. Du veranlaßt mich zu sprechen. Die den Weg Shah-e Mardans einhalten, sind jene, die geliebt werden von Shah-e Mardan. Die seinen Weg verlassen, sind diejenigen, die Müll sind. Sie sind Müll, sie haben keinen Wert. Shah-e Mardan, auch wenn wir unsere Versammlung eröffnen, sage, S. Muhammad: O Shah-e Mardan, sende uns deine himmlische Unterstützung! Sagen wir denn, Shah-e Mardan sagte, Bismillahi r-Rahmani r-Rahim. Er zog sein Dhu l-Fiqqar mit Bismillahi r-Rahmani r-Rahim. Das Schwert Shah-e Mardans hat zwei Schneiden. Er ist ein Drachen, wenn er damit zuschlägt, kann er die Erde in zwei Teile schneiden. Ohne Zweifel! Zweifelt nicht, er ist der Shah-e Mardan, S. Ali ibn Abi Talib. O ihr Lügner, die behaupten, 'Wir sind Alawiten'! Ihr seid nicht einmal dicht daran. Seid aufrichtig oder das Schwert Shah-e Mardans wird all euere Köpfe abschlagen und herunterfallen lassen. Shukur Allah, daß Er (swt) unseren Herzen die Barakah gibt, die Liebe,

das Sehnen nach Shah-e Mardan, und wir können sprechen. Wenn wir auch bis zum Gerichtstag sprächen, könnten wir nicht enden.
'Was weißt du?' Ich weiß nichts, aber unser Prophet (saws) sagte: "Ana Madinatu l-`Ilm wa `Aliyyun Babuha, Shah-e Mardan." Ich bin die Stadt des Wissens. Alles Wissen ist mein. Das Wissen der Himmel und Erden ist mein. Ich bin diese Stadt. Und das Tor dieser Stadt ist Sayyidina Ali. 'Und Ali ist ihr Tor.' Man kann nicht eintreten ohne Hz Alis Liebe. Subhan Allah. Es bedeutet, die Zeit naht, Mahdi (as) wird kommen von seiner reinen Linie, so daß, weil es nahe ist, diese Eingebung so stark zu mir kommt. Ich bin nichts. 'Und Ali ist ihr Tor.' Shah-e Mardan hat alle Arten von Wissen. Erbittet davon, erbittet davon. La ilaha illa Allah Hasni. Wa man Dakhala Hasni, Amin min Adhabi. Das Wissen, das kommt, ist von Shah-e Mardan. Shah-e Mardan ist das Tor des Wissens. Die Stadt des Wissens ist der Prophet. Unser Prophet, der der Meister der Schöpfung ist. Das Wissen, das von ihm kommt.. Allah der Allmächtige (jj) sagt: La ilaha illa Allah Hasni. La ilaha illa Allah ist Meine Burg. Wa man Dakhala Hasni, Amin min Adhabi. Sei stark, sprich wie ein Mann! Guck nicht, wer da ist, wenn du sprichst. Gib das Rechte dessen, was du sagst. Shaykh Mehmet Effendi, möge deine Stufe hoch sein. Möge die Baraka dieses meines Enkels reichlich sein, seines Vaters auch. Allahu Akbar, Allahu Akbar, Allahu Akbar Allahu Akbar, Allahu Akbar. Mit was für einer Herrlichkeit sind die Menschen bekleidet. Es kommt von S. Ali.
Ihr gefälschten Alawiten, seht euch vor! Es heißt, wenn Shah-e Mardan sein Pferd bestieg, bewegte er sich gar nicht. Er stand still wie eine Statue aus Stahl. Es gab niemanden, der sich ihm in den Weg stellen konnte. Alle Lügner, die behaupten, Alawiten zu sein, sollen sich hüten! Sie sollten sich hüten vor Shah-e Mardans Dhu l-Fiqqar. Dhu l-Fiqqar wurde ihm gegeben, Dhu l-Fiqqar wurde Shah-e Mardan in der Nacht der Mi'raj gegeben. Wenn er von hier aus zuschlägt, kann er die Köpfe der Ungläubigen im Westen fallen lassen mit einem Schwung. Wenn er nach Osten schaut und sein Dhu l-Fiqqar schwingt, werden die Köpfe aller gefälschten Alawiten fallen. Hütet euch! Guckt nicht auf den, der spricht, sondern guckt auf Den, Der uns veranlaßt zu sprechen. O Shah-e Mardan, mögest du uns annehmen. Mögen unsere Seele, unser Leben für dich geopfert werden, geliebter Gefährte des Meisters der Schöpfung und Sohn seines Onkels. O Löwe Allahs, der in der Gegenwart Allahs steht. Asadullah Ghalib, Ali ibn Abi Talib. Asadullahu Ghalib, Ali ibn Abi Talib. Masha'Allah. Erweist ihm hohen Respekt, Shaykh

Mehmet Effendi. Man 'Azza 'Uzza. Habt ihr von diesem Spruch gehört? Man 'Azza 'Uzza. Wenn ihr dem, der es wert ist, hohen Respekt erweist, werdet ihr auch respektiert. Es heißt nicht, Menschen Respekt zu erweisen, die wertlos sind. Es heißt, Shah-e Mardan Respekt zu erweisen. Ihm (saws) wurde es von der Göttlichen Gegenwart Allahs mitgeteilt, und er teilte es uns mit. Er ließ ihn an der Tür stehen. 'Ich bin die Stadt des Wissens, und am Tor ist der Sohn meines Onkels, Ali ibn Abi Talib. Er steht dort mit seinem Schwert.' 'O Mein Geliebter', sagte Allah der Allmächtige (jj). 'Du sahst, prüftest all diese Bereiche. Du hast sie alle angesehen. Dies ist die Nacht der Mi'raj. Gab es irgendetwas unter ihnen, das dich mit Majestät bekleidete?' Die Engel sind so herrlich, Shaykh Mehmet Effendi. 'O Mein Herr, Der alles weiß. Nichts erschreckte mich unter ihnen', sagte er. 'Das heißt, nichts bekleidete mich mit Herrlichkeit, Majestät', sagte er. 'So daß, wenn so etwas in ihnen war, ich auch gezittert hätte. Nur als Du diesen schwachen Diener in Deine Göttliche Gegenwart riefst, als Du Deinen Diener in Deine Gegenwart riefst, sah ich einen Löwen an der Tür und erzitterte innerlich von seinem Blick', sagte der Prophet (saws). 'Erkanntest du, wer es war, Mein Geliebter, Muhammad Mustafa? Dieser, der an der Tür steht, ist Asadullahu Ghalib, Ali ibn Abi Talib. Er ist Ali, der Sohn deines Onkels', sagte Allah der Allmächtige. Seht die Majestät unseres Sayyidina Ali! Alle Awliya, wenn sie keine Majestät von ihm bekommen, können kein Wali sein. Shaykh Mehmet Effendi, ein kleiner Tropfen gelangt zu ihnen. Er ist ein Ozean. Wenn ein Tropfen davon auf sie kommt, sehen sie wie Drachen aus!
Ihr gefälschten Alawiten! Achtet auf diese Worte! Wenn ihr sie nicht beachtet, wird Dhu l-Fiqqar euere Köpfe abschlagen. Es kann 1000 Köpfe mit einem Schwung abschlagen. Es kann 10.000 von euch in einem Schwung abschlagen. Wenn er dieses Dhu l-Fiqqar schwingt, wird er all die gefälschten Alawiten vernichten! Hütet euch! Hütet euch! Fürchtet das! Und preist den Propheten und wisset und preist den Shah-e Mardan, der der Sohn seines Onkels ist. Andere Sahabas sammelten sich, wenn S. Ali eine Versammlung betrat. Der Prophet (saws) hieß ihn im Stehen willkommen und küßte ihn. Sie schreiben das nicht in den Büchern. Alle Sahabas standen auf. Asadullahi Ghalib, Ali ibn Abi Talib! O Ahlu s-Sunna wa l-Jama'at! Wenn ihr ihn weniger als das respektiert, heißt das, es ist Zweifel in euerem Iman. Was die, die Dabke machen, 'Liebe für Hz Ali' nennen, ist alles falsch! Diese Dinge sind des Ruhmes unseres S. Ali, Shah-e Mardans nicht würdig. Wenn er mit seinem Schwert auch nur einmal zuschlägt..
Als er in der Schlacht von Khaybar kämpfte, schlug er mit einem Schlag seines Schwertes dem

stärksten Mann dieser Burg den Kopf ab. Die Schneide seines Schwertes berührte den Boden, und wo sie ihn berührt hatte, kam Wasser hervorgeströmt. Wasser kam heraus. Alhamdulillah ich kam in Khaybar vorbei und trank auch von dem Wasser Shah-e Mardans mit der Erlaubnis Allahs. O Shah-e Mardan, wir lieben dich. O Shah-e Mardan, wir warten auf Mahdi (as), der von deiner reinen Linie kommen wird. Die Macht und Majestät Mahdis (as) ist auch die gleiche wie die S. Alis. Er gehört auch zur Linie von Shah-e Mardan, er trägt auch sein Gewand. Deshalb wird Mahdi (as) sagen, "Allahu Akbar, Allahu Akbar, Allahu Akbar', Takbir, wenn er Sham betritt. Mahdi (as) kommt von der Seite Jordaniens und betritt Sham. Er betritt es mit Takbir. Mit einem Schwung seines Schwertes fallen die Köpfe aller Lügner. Seid aufrichtig! Fastaqim! Allah der Allmächtige sagte zum Propheten (saws): "Kama 'Umirta." 'Steh fest und gerade, da du der Befehlshaber bist.'

Könige, Führer, Oberhäupter! Islam ist kein Spielzeug. Die reine Shari'atu l-Ahmadiyya ist kein Spielzeug. Sie ernötigt hohen Respekt. Wenn ihr ihr hohen Respekt erweist, kommt eine Macht, eine Majestät zu euch von einer Seite, von der ihr es nie erwartet habt. Wenn nicht.. Ihr erhofft, erwartet Hilfe von den Ungläubigen, die keine Tahara haben. Ihr fülltet das Land mit Waffen. Diese feuert man in die Luft, diese wirft man ins Wasser.. Wenn einer der Heiligen einen fahren läßt, brechen sie alle zusammen und können sich nicht mehr bewegen. Sagt Allah! "Fastaqim kama 'Umirta". Spielt nicht, tanzt nicht. Sie sagen Khidirellez. Sie sagen andere Dinge und tanzen mit Frauen zusammen. Macht die Religion nicht zu einem Spiel oder ihr werdet hinweggenommen und ihr wißt nicht einmal, woher das Schwert kam. Hütet euch, ihr, die behaupten, 'Wir sind Alawiten'. Ihr seid so weit entfernt davon, Alawiten zu sein, wie der Osten vom Westen ist. Verhaltet euch ruhig! Wir können nicht einmal sein wie der Hund, der an seiner Tür wacht. Aber wir haben eine Verbindung mit ihm. Deshalb hütet euch! Sagt mir nichts! Wenn das, was ihr sagt, meinen Sultan erreicht, wird er euch alle verstoßen. Ich bin ein schwacher Diener. Allahu Akbar. Allahu Akbar, Allahu Akbar.

O Shah-e Mardan, Marhaba! Ihr Geliebten, ihr geliebten Freunde. Möget ihr die sein, die Shah-e Mardan lieb sind, die seine Liebenden sind und sich nicht fürchten. Fürchtet euch nicht in Dunya oder Akhirah. Kein Erdbeben, keine Fluten, kein Schnee, keine Hurrikane können euch erreichen. Ihr lebt ganz rein. Sie haben keine Gebete, keinen Gottesdienst, nur Tanzen und Spaß. Sie tun alle möglichen schmutzigen Dinge und dann fragen sie, 'Warum ist das auf uns

gekommen?' Möge Allah uns vergeben. Es kommt davon, daß ihr euerem schmutzigen Ego folgt. Möge Allah uns davor schützen, unserem schmutzigen Ego zu folgen. Wenn ein Pferd recht und gerade geht, schlägt sein Herr es dann? Nein. Wenn ein Esel auf dem rechten Weg geht, seine Last trägt.. Alle haben jetzt die Attribute eines Esels. Es gibt keinen Menschen mehr. Alle lassen ihr Ego auf sich reiten. Sie lassen es zu, daß ihr Ego auf ihnen reitet. Shaytan reitet jetzt auf ihrem Ego und sagt: Es gibt niemanden, der besser ist als wir, stärker als wir. Okay, Ungläubige mögen so reden, aber warum sprechen Muslime so? Sagen die Menschen in Syrien, im Irak, in der Türkei, im Iran: Wir sind die Soldaten Shah-e Mardans, wir sind für ihn gekommen? Sagen sie das? Nein. Sie werfen aus der Luft Bomben auf die Leute. Warum werft ihr Bomben auf Leute? Wollt ihr Shah-e Mardan ganz zornig auf euch machen, so daß er euch an der Wurzel abschneidet? Wonach strebt ihr? Was hat Sayyidina Ali gesagt? Hat er je getan, was ihr tut? Schämt ihr euch nicht,zu sagen, 'Wir sind Alawiten?

'O wer unseren Weg einhält', sagt Shah-e Mardan. 'Ihr sagt die Wahrheit, ihr sagt die Wahrheit. Ihr habt noch kein Wort gesprochen von den 1000 Worten, die gesagt werden sollten.' Aber sie wird erscheinen, die Herrlichkeit des Islam wird erscheinen. Wer die Herrlichkeit des Islam zeigen wird, ist Shah-e Mardan, S. Ali, und wer zu seinen Enkeln gehört, Sahibu z-Zaman Mahdi (as). Er wird wie der Wind sein. Welches Flugzeug, welche Kanone kann gegen ihn Bestand haben? Allahu Akbar, Allahu Akbar, Allahu Akbar. Er braucht keine Bomben oder Kanonen. Sie werden alle fallen. Seid der Herrlichkeit des Islam gewahr. Würdigt unseren Sayyidina Ali, der Shah-e Mardan ist und die, die mit seiner Herrlichkeit bekleidet sind. Haltet seinen Weg ein und fürchtet euch nicht. Keine Hurrikane, kein Schnee, keine Fluten, kein Erdbeben kann euch berühren. Herr, was können wir tun? Heute kamen diese Worte von Shah-e Mardan. Wer sagt, daß es falsch ist, mag heute Nacht nicht überleben. Es gibt auch das: Möge er nicht heute Nacht überleben, und sie beerdigen ihn in seinem Grab. Und wenn jemand schlecht von uns spricht, möge er keinen Ton mehr herausbringen.
Wir sind ein schwacher Diener Allahs. Wir überbringen euch, was uns gegeben wird. Heute sind hier von den Menschen, von denen es nur wenige auf der Erde gibt. Es ist dieser Mächtige hier, der es aufsaugt wie ein Schlauch, derjenige, der der Qutub ist von den Ishraqiyyun: Es ist Adnan Effendi, es ist Shaykh Mehmet Effendi. Sie sind voller Macht, sie sind voller Herrlichkeit. Wenn

sie sie zornig machen, wird ihre Lage sehr schlecht werden. O Shah-e Mardan, wir warten auf den Meister, dem du das Dhu l-Fiqar übergeben wirst. Wir warten auf diese Tage. Möge Sham sich öffnen. Mögen die Tyrannen, die die Leute unterdrücken, sich gegenseitig erledigen. Sie werden kommen! Eine Armee von seiten von Sham wird kommen. Und darin wird Mahdi (as) sein. Er wird kommen und erobern. Wartet auf ihn! Ihr sagt, 'Die USA wird das tun'. Sollen die USA und Rußland doch darüber wachen, was an ihren Beinen herunterläuft, bevor sie es tun! Und besonders die Iraner, sie haben so viele Ansprüche. Sehen wir mal, was sie machen. Was sie tragen, läuft ihnen die Beine herunter.
Siti Zainab und Siti Ruqayya sind sehr zornig auf sie. Die Sahaba, die heiligen Enkelinnen unseres Propheten sind sehr zornig. Warten wir und sehen, was auf sie kommen wird. 'Zieht euch zurück!' sagte sie. Sie sagte dem Befehlshaber der iranischen Armee: 'Zieht euch zurück! Es gibt keine Erlaubnis für euch, einzumarschieren, weder für euch, noch für euere Soldaten. Wenn ihr euch nicht zurückzieht, werdet ihr sehen, was ich tue!' Und er marschierte nicht ein. Sie bewirkte seinen Rückzug. Es gibt Leute, die darüber Bescheid wissen. Es gibt Heilige unter ihnen. Sie geben sich nicht zu erkennen, aber sie tun, was sie sollen. O Herr, laß uns nicht in der Hand unseres schmutzigen Egos. Mögest Du Shaytans Betrug und Fallen keine Chance geben, o Herr. Wir sind Deine schwachen Diener, o Herr. Wir lieben Dich, wir lieben Deinen Geliebten und wollen Deine Wege einhalten. Mögest Du uns mit dem Gewand der Macht, Majestät, dem Kleid des Islam bekleiden. Mögest Du uns mit dem Gewand von S. Alis Soldaten bekleiden, o Herr. Er wird diese schmutzige Welt reinigen, Shah-e Mardan! Alfu Salat Alfu Salam `ala Sayyidi l-Awwalin wa l-Akhirin. Thumma `ala Sayyidina Ali ibn Abi Talib, Radi Allahu `anhum wa Karramallahu Wajhu. Ich bitte um deine Fürsprache.

Wir sprachen in einer etwas geschmacklosen Weise, aber sie tolerieren es. Mein Herz ist im Frieden, die Geliebten Allahs sind hier anwesend. O Shah-e Mardan. Er hat heute auch gelacht. 'Gut gesagt', sagte er. Ich sagte: 'Was können wir tun? Wir sind nichts, aber sie verdienen es nicht besser als so.' Er sagte: 'Sprich und fürchte dich nicht.' Es ist unmöglich, ihm ins Gesicht zu sehen wegen seiner Majestät. Aman ya Rabbi. Aman ya Rabbi. Aman ya Rabbi. Allah Allah. Sagen wir, "Allah", "Allah", Leute! Geliebte Freunde, Geliebte. Senden wir Salam, sagen wir Marhaba dem Shah-e Mardan. Möge seine Liebe in unserem Herzen zunehmen. Mögen wir

seinen Weg einhalten und unser Herr und Sein Geliebter sind zufrieden mit uns. Al-Fatiha.

**Cleaning Up**

Our aim is to clean people in their minds, thoughts, knowledge, intentions, intelligence, hearts, bodies, works, beliefs and in their lives. We want to remove hatred, harm and hurt, and make them give their best to everyone. The majority of people are used to being heedless. Their lives are like the lives of those living in hell.

We want to clean the villages, towns, cities, countries and oceans. People are concerned about cleaning the oceans, but they do not do the same for mankind. They give the greatest importance to rid the seas of dirt, without considering that the cause of that dirt is a result of a dirty mankind. They only want to clean the ocean. It is impossible! If mankind continues to make the oceans dirty, what use is it? Satan and his companions benefit from the dirt of mankind and never want mankind to be clean. Their priority is to make mankind dirty all the time. The headquarters of satan is based in western countries, just like the American fleet is based in Malta, Ibiza... They are very welcome in these countries. No-one asks them for a passport, no visas... "Welcome to you! We are under your command!" They are treated 70 times better than any other VIPs. "This is your country! You do not need any work permit. You can work wherever you want!" I am against them, and I hope to remove them. One day our dream will become reality.

## Cleanliness

A - Everytime that man suffering, that means they are doing something against the teachings of prophets. It is impossible for a person or a community to suffer if not doing something against heavenly orders. You see that sometime in Bangladesh floods or any other places - and prophet saying, don't build your homes on the way of waters, don't say that perhaps 100 years not coming this wali* It is wali and that is the way of floods. One year not coming, ten years maybe not coming, twenty years not coming, but after thirty years may come. You have responsibility because prophet says something, it is no good to build your homes on the way of rivers, even dry ones. Prophet says, keep yourself clean, no disease. So many illness comes through dirtiness and Islam fights dirtiness. For eating, for drinking, for sleeping, Islam just brought simple and perfect rules, that they are suitable for the nature of mankind and mankind changes those natural rules and usesunnatural rules instead of natural rules. If mankind keeping cleanliness, it is enough to prevent every illness. Do you think that European people are clean? Western people they are clean, perfect clean? No, I don't think. I do not see that.

When I was small and I know how our homes, all Muslim houses, were so clean. Everything was clean. Using things clean, houses clean, around houses clean, everything must be clean. But not now. Our people are escaping from water and Islam calling people to water, all people be friendly with water. Use water for every occasion and now people moaning not to be going where there is black things (llike make up on the face) or

white things or red things, never using water. No washing downstairs, no washing upstairs. Dirty. Our calling people - Use water! Some saying to people - Water for every occasion! Because water the main element, main point of life. Without water, no life. And as much as you can use it, some people saying to me, you are seventy years and your skin not looking as if you are that age. And I am saying I am not making like this (wipes his face as though with a paw - like a cat). And that is also relationship with nature, you must use as much as possible water... Drink water and wash yourself. It gives you life. Main pillar of life, water.

Everyone must be clean. Muslim towns must be clean. Everyone must keep the front and back of their homes very clean. Everywhere, inside and outside of our homes, must be clean, so that if anyone comes they must know that this is a Muslim town or Muslim village. Everywhere you must see something that makes you pleased to look at it. That is Islam. If you are keeping that, there is no need for municipality - Muslims must keep by themselves, not be a heavy burden on the municipality by themselves. They should look after cleaning, inside and outside.

## Cleanliness Is the First Order of Islam - The Command to be clean

Dastoor, yaa RijaalAllah. (Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Anta Subhaan Allah, Anta Sultaan Allah.
Yaa `Azeezu, yaa Allah, Yaa `Azeezu, yaa Allah.
Yaa Kareemu, yaa Allah, Yaa Kareemu, yaa Allah.
Yaa Latifu, yaa Allah! Yaa `Azeemu, yaa Allah! Yaa Akhreemu, yaa Allah!

Hasbun Allah wa ni`mal wakil. Laa hawla wa laa quwaata illa biLlah il-`Aliyyi'l-`Azheem. Ya Salli `ala Habeebika 'l-Mustafa khalifatullahi 'l-mutlaq. O our Lord, salli `alayhi, wa salimoo ayyuhal mu'minu `alaa Habeebullah, Sayyidina Muhammad! (Mawlana Shaykh sits.)

Thumma 's-salaam `alaa Saahibu' l-Imdaad `alaa 'l-Qutbu 'l-Mutassarif on this planet, dunya. As you like, O our masters, according to your order we are trying to sit here and speak to all Mankind, according to your high commands. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands and sits.)

O People! Our attenders, as-salaamu `alaykum! Listen and obey holy commands of heavens. We are now saying something that will be for your salvation here and Hereafter. Therefore, be careful and be attentive. This is a declaration from the heavens to make people wake up, because the Day of Resurrection is just approaching. Beware for yourself! Everyone for himself or herself must think on it, because every breathing is making people to approach their ends, to their last breathing.

O Salafi `ulamas, Sunni `ulamas, Shi`a `ulamas and others! Are you understanding what Allah Almighty is saying? You are claiming this Holy Qur'an is bahrun laa yudraka qaa'ruh, “An ocean whose depths cannot be reached.” The Holy Qur'an is such an ocean that no one can reach to a shore or depth. Allahu Akbar! (Mawlana Shaykh stands.) Allahu Akbar! Allahu Akbar! O People! Stand up and give your highest respect to your Creator, the Lord of Creation! (Mawlana Shaykh sits.)

O People! Everything must move on such a nizaam, heavenly order; they are not able go like this or like that, in chaos. Everything is clear for people living on this planet, and also for this planet and in it or in its oceans is just coming in existence with a very fine scale without chaos, because everything is under a command.

Wa kullu shay'in 'indahu bimiqdaarin, Everything with Him is in (perfect) proportion (devoid of chaos). (Ra'd 13:8)

You are looking at that and thinking that there is chaos on Earth--in oceans, in skies, on continents, in creatures, in Mankind--and you are wrong! Therefore, now we are going to make clear for proud people, even Nimrod was not such a proud one (as them)! Even pharaohs were not as proud as people living now on Earth!! Only one characteristic from Shaytan is making people to fall in endless chaos. `Ulamas, say, with which bad characteristic is Shaytan disobeying his Lord, Allah Almighty? (Mawlana Shaykh stands.) Stand up, don't fear, stand up!!! (Mawlana Shaykh sits.)

Do you know, O `ulamas, Ahlu 's-Sunnah, Ahlu 's-Shi`a, Ahlu 's-Salaf as-Saaliheen? We may ask the same question to Christians’ most-high assemblies that His Holiness the Pope heads, for all of them! And we are asking also the same question to rabbis of Judaism. Say, all of you! With which bad characteristics making Azaazeel? That was the name of Iblees, Shaytan before he disobeyed his Lord. That name was given to Iblees as an honor. When he went against the holy command of Allah Almighty, Azaazeel’s honorable rank was taken away and he was dressed as, “The Shaytan, Iblees,” the worst name in Creation! `Ulamas, Ahlu 's-

Sunnah, Ahlu 'sh-Shi`a, Ahlu 's-Salaf as-Saaliheen, say with which characteristic Iblees was kicked down? And he had before such a handsome and beautiful appearance, just taken away from him and dressed in the ugliest form. You know it? Now we are asking, because you are saying, "We are teaching people," so what are you teaching? About Americans, Russians, Afghanistan, Pakistan, Tajikistan, or about Arabs? Say what bad characteristic made Shaytan stand up in the Divine Presence and say, "I am not going to make sajdah to Adam!!"

Ptuu! (Mawlana Shaykh spits.) Shaytan and its followers must be happy when I am spitting, ptuu, ptuu! And shikhu `ala Shaytan, "Urinate on Shaytan!" I am saying in Arabic. Salafi `ulamas, why not ptuu at Iblees? Are you saying to people, “When you go to WC (toilet), say, ‘I must make my urine on the head of Iblees!’” Are you teaching that? Abool `ala raassa Iblees, “Urinate on the devil's head!” You heard someone saying this? Every action takes a value through intentions.

O Salafi `ulamas! How many times are you saying, Allahumma inne a`oodhu bika min Iblees wa junoodahu, “O Allah! I seek refuge and protection in You from Iblees and his representatives.” Salafi `ulamas, how many times? Because you are such proud ones saying, "Those people are no-mind people, some of them falling in kufr, some falling in haraam, some falling in bida`, some falling in shirk oceans!” This is your way. Why are you not cursing Shaytan, and you are saying such things? What is Allah Almighty saying? ••••• ••••••••• •••••••••• ••••••••• Inna an-nafsa la-ammaaratun bi 's-soow, “The self/ego orders us to commit evil deeds.” (12:53)

Is there a story book teaching you? Such a thing you are not knowing, but I must say this to you and no one can stand up and object! Inna an nafsa la-ammaaratun bi 's-soow. You are Arabs and you are `ulamas! Why are you not saying to people, “Keep yourself from shaytanic ways?” But you are saying, “No, stay on Siraat ul-Mustaqeem,” but why are you not on the Right Path?! Why are you not saying, “When you go to WC, urinate on Shaytan?” Because Shaytan is never taking ghusl or ablution, no. If you urinate on his head, that is going to be ablution for him. Yes. Very good!

And hadith shareef, before you go to WC you must say, Allahumma innee a`oodhu bika min ash-Shaytan wa junoodih, “O Allah, I seek refuge and protection in You from Shaytan and his soldiers/representatives.” And Shaytan and its followers and assistants are coming around that person in the WC. That is fursah sayyida for

them, good chance. You may say, "I am urinating on the head of Shaytan and its armies." You never learned such a knowledge up to today, because awliyas are keeping their tongues, they are using good words. But now people, all of them are WC people. Therefore, the order is coming, "Clean them!" And cleanliness is coming now on a heavenly order, every time for Iblees, for Shaytan and also •••• •••••••••• •• •••••••• mina 'l-jinnati wa 'n-naas, Of the jinn and of mankind. (114:6).

Iblees has countless supporters and volunteers to make Mankind to fall into najaasat, dirtiness. You must look (take care for your cleanliness). Now a majority of people have been thrown into the dirtiness of pride, which Shaytan fills daily so many times because people are running in it to take some share from the pride of Iblees. Say, a`oodhu bika min ash-Shaytan wa junoodih! To say such things, don't think that Allah Almighty is punishing you or that Prophet (s) is angry with you, no. They are making such a dirty one to speak to people, to make them wake up and listen!!!! You will be clean, yes!

• ••••• ••••

Wa thiyaabaka fatahir, "purify your clothes!" (74:4)

O `ulamas! Cleanliness is the first order of Islam, and don't think that cleanliness applies only to our clothing, no. Our whole spiritual being is dressed and with the holy order to clean this material being, when you are going to be in the Divine Presence you shall be accepted ones. If not, you are going to be thrown away as Iblees was thrown away! Therefore, in Islam tahaarah, cleanliness, is most important and Islam brings cleanliness. You must come (into this world) clean and you must get out clean!

May Allah forgive us, astaghfirullah, for the honor of the Prophet (s). (Mawlana Shaykh stands.) You must stand up! (Mawlana Shaykh sits.) Look, that cat (at Mawlana's feet) is cleaning itself, teaching us, but Man is running away from cleanliness.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Fatihah.

(Mawlana Shaykh Nazim speaks with Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

## Clean Yourself for the Divine Invitation

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Alfu salaat, alfu salaam `alayka wa ashaabika wa taabi`een, yaa Sayyidi 'l-Awwaleen wa'l-Akhireen. (Mawlana Shaykh sits)

Alhamdulillah wa 'sh-shukrulillah, and also, as-salaamu `alaykum yaa `ibaadallahi 's-Saaliheen ma bayn al-maqshariq wa 'l-magharib. antum lana muqadameen wa nahnu tabi`eena lakum insha-Allah. As-salaamu `alaykum, yaa Qutb az-Zamaan. As-salaamu 'alaykum, yaa Saahib az-Zamaan. man yunkirkum. Whom they are refusing you or your being on Earth, they are asharr, worse than other shayaateen! They have such a hasad, they are so jealous. Waaritheen also inherit jealousy from Shaytan, but shayaateen can't do anything because al-haqqu ya`alu, "Truth is always up and kizhb (falsehood), everything against Truth is under our feet!"

We are claiming to be followers of true ones. Raghman `ala anfihim "Despite their will." If shayaateen, diabolo, Shaytan's devils and their tails (Mawlana Shaykh gestures towards his back) going to be unhappy with us, there is coming on their heads cursing! O our Lord! We are running to You from every wrong thing and everyone who is asking to call people to baatil, falsehood, yes. We are running to representatives of the

Seal of Prophets (s), running to them!

O People! SubhaanAllahi 'l-`Aliyyu 'l-`Azheem, Allah is Glorified and Great! How nothing? I am asking to learn; not only to learn, but to live what I learn.

And our attenders, as-salaamu `alaykum.
"How are you today? How many euros you are dealing today?"
"O my brother, for the economic crisis I have only reached today five million. I was hoping it to be ten million, but I reached to five million."
"And how are you, o our brother, oh sir? You are chairman?"
"Yes."
"Who is putting you to be chairman on us? You know that our president is making you to be chairman. And our president, you know him very well, because there are people saying that it has three eyes, living one."
"What are you asking, what living one?"
"If it is not a living one, how can it be our chairman?"
"Yes, I know and we are trying to collect everything from east to west, and to collect heaps of gold. That is our aim because our king is saying so, and he is taking our oath that we must try to collect as much as possible from earthly treasures. And I am trying to do that. Then people, they are in miseries but we can collect from them and we can make them our slaves, to work for us, or to do as we like."
"And you know that, our chairman - "
"Don't say, 'O, my brother chairman.' Say, 'O, my king.' He has made it to make people our servants.'"
"O my friend, you know there are some who are refusing to be our servants."

"Yes, they are calling people to Someone in Whom they are believing, to be His servants. But our king is saying to us, 'Make people to not believe in anything except material aspects and make them to be occupied 24 hours working for us, to be our slaves and to never accept that there is Someone in heavens. Don't leave them to believe in Him. Make them bow in front of us, because we are keeping treasures for this world's treasures. You must try to make people our aseer, our president's, slaves. And try to do everything so that people don't believe in a Creator. And make them say, 'That is nature.' Make a big company through all countries, and you must be the director of such nonsense ideas. Bring people who are asking, 'How is this planet coming in existence?' You must try to teach them, 'That is nature, nature, nature.' They are coming up

to that level and don't leave them to ask, 'What is nature? What is nature?' They can't ask. You must make a limit for their understanding because they are drunk with this life's pleasures and they are not asking beyond nature. That is our advantage.'

"And then, O our brothers, we must try to reach everything from this world's treasures and we should be boss on this planet. Yes. And masterhood on this planet must be for us! And it must be that being masters, through us they must have countless treasures so that we may use people on the wrong way. And they are going to be out-faced ones, and they are going to follow our commands. And we are here."

That is Shaytan's teachings and it is everywhere in universities now, through east and west, and I am sorry to say that the Islamic world also is on the same way. They are never accepting holy books to be sources of reality because they know that if reality is going to appear, their sultanate is going to fall down. Therefore, they are trying to do everything in the name of nature. Beyond nature, there is no other way to control everything on this planet. And to be for their boss or to be for their kings, their sultanate, they stand up through east and west. And now, everyone is giving a support for shaytanic existence and shaytanic teachings, to make Shaytan to be obeyed and to refuse beyond it. I am sorry to say that all Islamic countries have universities, academies, high schools and colleges and they are never taking from holy books anything to be mentioned through their teaching systems. No! No! And Shaytan just established his sultanate. I am sorry that Islamic territories are on the same way.

O Salafi people! Marhaban! I am not saying marhaban to Wahabi people because they are ignorant ones. I haven't any time to make them mukhatab, addressed ones, because their minds are never understanding anything. A donkey's head, what it can carry, a Wahabi's head can't carry, no more. And Shaytan is making them its ride, to ride on their backs. And for what? They are a handful of people trying to control the big mass (majority) in Islam, saying, "We are on the right way, and the big crowding (majority) of Islam are on the wrong way." Oh, what is that? With which scale are you saying this? How are we using this?

•••• •••••••• •••••••••••••

Qul haattoo burhaanukum, "Say: Bring your proof!" (Surat al-Baqara, 2:111)

Give your proof for what you are saying. If you are not paying some people, no one opens their eyes or their

mouths to speak! But they are not fearing from Allah (swt); no fear for them.

O Attenders! As-salaamu `alaykum. Keep yourselves from being dirty.

•••••••••••• •••••••••

Wa thiyaabaka fatahhir, And your garments keep free from stain. (Surat al-Muddaththir, 74:4)

Allah Almighty is ordering, “O My servants, be careful not to let dirtiness reach you on your clothes, on your physical beings, on your mentalities also. Don’t let that dirtiness reach you.” Therefore, Allah Almighty is saying: (Mawlana Shaykh stands)

•••••••• •••••••••••••• ••••••

innama ‘l-mushrikoona najasun, Truly, the polytheists are impure. (Surat at-Tawbah, 9:28)

(Mawlana Shaykh sits) Mushrikoon (polytheists) are najas, dirty! They are a handful of people attacking and accusing the biggest crowd [majority] of Islam, saying, “They are not on the right way of Islam, they are on the wrong way.” They are accusing the big mass [majority] that they are in shirk [polytheism]. And they are making shirk and becoming mushrik. And the Lord of Heavens is saying, innama ‘l-mushrikoona najasun. Clean yourselves ! Tahhir thiyaabak. Taharah. Say!

O Salafi People! How many kinds of cleanliness are there in Islam? zhaahiran wa baatinan, out-looking (external apprearance) should be clean, and inside is the real personality; clean it. Allahumma tahir quloobana, “O our Lord! Purify our hearts.” That is Prophet’s (s) and all prophets’ prayer, “O our Lord! When our out-looking is dirty, it is easy to make it clean, but wa thiyaabaka fatahhir.” It is only Allah Almighty Who is sending aayaatun bayyinaat, heavenly inspirations about speaking on maa laa yaanee`, “that which does not concern you.”

Everyone knows that if your clothes are unclean, wash them. Allah Almighty is saying in Holy Qur’an, wa thiyaabaka fatahhir. Thiyaabak, thawb, your clothes dressed on your soul. It is not this clothes' washing you are understanding? You are Arabs, so you are understanding but not keeping that order, thiyaab, “purify.” It is not important in front of Allah Almighty (swt); He is not interested in washing our clothes. Wa dhakkir, “and mention to them.” Think on it. You know hal mim-muddakkirin, “Admonish them.”

O People! No one from you is looking and thinking on such a thing, wa thiyaabaka fatahhir. In Holy Qur'an, there is nothing to say as naseeha, advice that says, "O People, wash your clothes." What is the divine purpose Allah Almighty is asking us to keep that order? It is a big and heavy order, "You are coming to Me and you should be clean, not just washing your clothes and dressing and coming to Me, no." (Mawlana Shaykh stands)

O Salafi `ulamas! Allah Almighty is saying:

•••••••• ••••••• ••••• ••••• •••••••••••

wallahu yad`u ila dar as-salaam, But Allah does call to the Abode of Peace. (Suratu'l-Anbiya, 10:25)

Eh? We are washing our clothes and going to Dar as-Salaam? Mashaa-Allah! Are you understanding this, O Salafi `ulamas? We are doing to go to Dar as-Salaam? Yes? (Mawlana Shaykh touches his clothes) Washing and going to Dar as-Salaam? Allahu Akbar! (Mawlana Shaykh sits)

•••• ••• •••••••••••

Hal mim-muddakkir, Is there any that will receive admonition? (al-Qamar: 54:40)

Is no one understanding or thinking on Holy Qur'an verses? wa thiyaabaka fatahhir! We are cleaning this, we are dressing and we are going to Dar as-Salaam with washed clothes? Not even saying they are jadidoo thiyaabak, jadeed, new clothes. "Come to Me clean with new appearances on yourself. I am going to dress you when I am calling you to Dar as-Salaam; I am that One Who is dressing you. But first you must clean yourself, then I am dressing you!" Allahu Akbar! Holy Qur'an! Oceans! Oceans! Oceans!

Therefore, it is always addressed ones who claim, "We are Salafi 'ulamas." Do you think that any of you ever heard from Salafi `ulamas such a commentary? It is written under it when they are speaking, "No commentary." If there is no commentary, what are you understanding? Allah Almighty is asking from His servants to be clean because He is Quddoos, "The Holy One." What does it mean, "Quddoos"? That is an ocean. "Quddoos" means muqaddas, more than holy--sacred, and a meaning without limits. We are asking, "Yaa Quddoos!" Christians are using taqdees, "to be purified," and every nation is asking taqdees, to be clean, as our Lord is asking us to be. Huwa 'l-Quddoos! SubhaanAllahi 'l-`Aliyyu 'l-`Azheem! SubhaanAllahi 'l-`Aliyyu 'l-`Azheem! They are understanding only about these clothes.

Sahaabah `alayhim ar-ridwaan. Prophet's (s) Companions did not have soap at that time to clean their clothes, so they used something else, but they were not doing that every time and we would never be happy to use such clothes. But awliyaa and Sahaabah were saying also that their clothes had a good perfume, so lovely that you can't find like that beautiful smell.

That is because they were understanding what it means, wa thiyaabaka fatahhir. What they were dressing in, if we had such clothes, every day we would be washing; it is not that meaning. The meaning is that Allah Almighty is dressing your spiritual being! This is our body; make it clean. 360 organs must be cleaned. Sahaabah (r) reached that cleanliness. Therefore, when they were leaving this life they were buried, and after 1,000 years, when opening it, it is as the day they had been buried. You must understand this, Salafi `ulamas and doctors of Shari`ah (Islamic law), and Azhari ’sh-Shareef `ulamas.

I am not addressing to Wahabi people; they are not understanding anything. Donkeys are understanding more than them. And we are trying to understand how to be clean because no one can enter a mosque if he is not clean. How can that person be invited to Dar al-Jalaal, Allah Almighty’s divine feast? How are they coming when they are dirty? That is important. You must find someone to make you clean. The Seal of Prophets (s) came from Arab tribes and they were not clean, and he cleaned them, so all of them were prepared for that divine invitation. They were using as their teacher or their trainer only one: the Seal of Prophets (s)!

Now also, we must try to have someone who can clean us. And those Wahabi people are attacking us, saying, "Why are you following shaykhs, tariqats and`ulamas? You must be free!" The free way and free system is for Shaytan and its followers, not in Islam. Ittabi’. And Allah Almighty is saying, (Mawlana Shaykh stands)

••••••••••• ••••••• •••• ••••••• ••••••• ••••• •••••••

ittabi` sabeela man anaaba ilayy, Follow the path of he who turned to Me with love. (Surah Luqman, 31:15)

Sadaqallahu‘l-`Azheem (Mawlana sits)

May Allah forgive us for the honor of His most honored one, Sayyidi 'l-Awwaleen wa’l-Akhireen, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

(Sultan prays two raka`at Salaat ash-Shukr.)

Fatihah.

(45 minutes)

## Clean Yourself and Come to Me!

Dastoor ya Sayyidee, Bismillahi 'r-Rahmaani 'r-Raheem.
La hawla wa la quwatta illa billahi 'l-`Aliyyi 'l-`Adheem.
Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd!
SubhanAllah, Sultan Allah, Azeez Allah, Kareem Allah.
Nahnu `abeeduka ad-du`afa qawee d`afana bi ridaaka yaa Rabbana bi-jaahi nabiyyika 'l-kareem. Shukran laka yaa Rabbana bi laa hadd wa laa nihaayah.

And we are giving our salutes, all praising, and all glory for You to Your most honored servant through Your Divine Presence, Sayyidina Muhammad (s), Sayyidi 'l-awwaleen wa'l-aakhireen min al-azal il al-abad. We are also happy and proud to be from his nation, alhamdulillah.

We are saying a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. It is a holy order of heavens to say a`oodhu billahi min ash-Shaytaani 'r-rajeem. We have been ordered to run away from every dishonored action. Therefore we are saying a`oodhu billahi min ash-Shaytaani 'r-rajeem, Bismillahi 'r-Rahmaani 'r-Raheem. Whoever is asking to reach heavenly honors must use bismillahi 'r-Rahmaani 'r-Raheem for every movement, every action and for every effort. Everything that we are thinking about we must say bismillahi 'r-Rahmaani 'r-Raheem because we are nothing. If Allah is sending us from heavenly

powers, we will be able to do everything that gives us honor. We are going to be able to send away evil and devils because they are afraid when we are saying bismillahi 'r-Rahmaani 'r-Raheem.

We are now listening to what They are asking to teach us. The first thing we must try to learn, first teaching and first learning that is the title of tonight's association. We hope that it should be a mubarak, blessed association. They are giving us something that we can digest not through our stomachs, but through our understanding center.

O our master, O Sultan al-Awliya! You are responsible for everything on this planet! You are the commander and your commands are reaching to you from heavenly levels to make this planet to run to its ghaya, destination! O our master! We are weak through our physical being and also through our heavenly understanding. Help us, help us! Help those people who are giving their attentions to hear what is going to be said this night. SubhaanAllah.

New day, new provision, yes? Never bringing yesterday's (spiritual) food to put out now, no. That which is granted to deputies of the Lord of Heavens therefore is from heavenly attributes. If anyone visiting them, some guests coming, they are trying to put ikraam, to make their hospitality always new. They are trying to give their hospitality for their guest because it is a heavenly order; if a guest is coming to you, give to your guest the best. For your guest, must be best one.

I am speaking now Shakespeare, English-understanding people! You may learn something, but I am learning that for the guest, give best. Another, mashaa-Allah, Yaa Huu. I am going to be something, reaching for Shakespeare, yes. He was a faarigh (to have time to spare) person, nothing to do except write. Shakespeare was writing to make people to wake up because Allah Almighty giving to everyone a different quality. You can't find two-ones' understanding or names or their physical beings as well as their heavenly beings to be same for both of them. Heavenly beings like a space full of different colors of stars. We are knowing only seven colors as the main source for all colors. For everyone there is a special station through the heavens. Their heavenly beings have a samaa, sky or space that as we are looking now to skies and seeing countless stars same color, but they are same color and more: some of them a little bit less, some of them a little bit more.

O People, try to learn! Don’t be lazy ones like lazy students. Try to be a real student for understanding the secrets of Man and the universe, because everyone from Mankind has a special reaching (for) that space, but our physical being looking and seeing the same colors, same spots. Our real being is our spiritual being, our spirituality; everyone’s spirituality is different. When it is going to be different, going to appear this space on our heads. You are knowing seven colors as their umm, mothers. The main root is growing up through the seven colors and we are stopping on the seven colors, but our trees are never stopping; in every branch you should find another color. If one of them appearing to our real being we are falling down, giving our living power. What is living power, do you know? Our souls, living power spirituality. You can’t find two of them to be the same and according to our spiritual being they are real and not imitated beings.

We are now on this planet and our lives is imitated, imitated beings. Our reality is according to our creation: first level, second level, third level, fourth level, fifth level, sixth level, seventh level through seven heavenly stations and levels. Mankind is going to be under that tajalli, manifestation. Therefore, everyone's looking through their spirituality just appearing in this space with different colors. This manifestation that we are looking and seeing, such a simple thing, it is going to be seen through darkness. But really it is appearing on heavenly levels, appearing through lightenings and not through darkness. Their sky is not black. No black. Your skies are never going to be the same as his skies or that one’s skies. Different colors to give our spirituality something about heavenly stations. Through the seven stations which station, which level will be for you, through that station an appearance will just come.

O People! What is here? A stable of animals, and we are living around the dirt of animals. This whole world is full of dirtiness; everyone on it is making dirty, putting dirt on this planet. What are you going to understand? You are running through animal dirt in this world. Everyone’s work is to put dirt on it. How we are going to be happy? You are just surrounded everywhere, making your dirtiness and putting it there? Why are you going to love dunya? You must clean your clothes, you must try to change. Dress in a clean dress and for everyone clean dressing is just prepared in heavens. In heavens no dirtiness, dirtiness only on this planet. Wa theeyaabaka fatahhir. (74:4)

Try to clean your real being from dirtiness. Small child 'til growing and keeping dirtiness to put in special place, mums covering their bodies and keeping that dirtiness with that baby 'til taking it and cleaning and using another.

Therefore, holy order, O people, wa theeyaabaka fatahhir. We are dressing you in a dress of humanity. Clean it, then you will see and you will reach levels that no dirtiness, no ugliness, no darkness, no ignorance, no trouble, and no sufferings. Everything (hardship is) because your body is running in dirtiness, but when we are changing and cleaning, they are putting our real being according to our level, putting there nazheef, clean ones. Therefore, prophets coming to teach people how they should be clean and their messengerhood only for teaching the ways of cleanliness for Mankind. But small ones, when their mums running after them, they are escaping and they are not happy to their clothes changed, but mums catching them and cleaning them and dressing clean, taking inside. Heavens and our real being are looking after ourselves. When we are clean we are going to reach our real stations on our levels: may be first level, second, third, fourth, fifth, sixth or seventh level. According to our being we are going to be taken up.

Therefore, Allah Almighty has ordered through His most beloved and most honored one (s) to say to his nation, his tribe and to all Mankind, “O people, come and try to be clean ones. Clean yourself.” That is the main point of messengerhood. They are running away saying, “No, we like it.” You like to eat also. Why are you saying, “We like it?” That means you like to eat that also. They are so unhappy with prophets and are running away and also attacking them or killing them. But no prophet was killed by those people; they were quickly taken up and only their imitated beings remained on Earth. They cut the head of Sayyidina Yahya (a). Where is Sayyidina Yahya? What did they do? They said, “We cut his head.” No, he was just taken up and his clean body left there for people to see and to understand that if a person is clean, no one can give that one trouble or suffering or misery as they are quickly taken up!

As well for Jesus Christ (a). People said that the Romans caught him and put him on the cross. From the beginning to its end this is not true, because no one can touch a heavenly being. If all of Mankind came, they couldn't touch that one. Just a shape looking like Jesus Christ was put before them. Where was Jesus Christ? He had been taken up, but they were carrying that one and putting him on the cross. They said the Jewish people crucified Jesus Christ. Never, never! When he was ready to be taken up, there was such a transmission on his body, a heavenly transmission came and surrendered him. If anyone came to put him on the cross or to touch him, they just fell back. It is not an honor granted to Jesus Christ (a) by the Christians. The Lord of Heavens never left His beloved one to be put on a cross. We are not accepting!

That is the difference amongst ourselves and our Christian brothers, and I am leaving the judgment for the Lord of Heavens whether we are on the right way or Christians are on the right way. Muslims are on the right way because Islam just informed the honor of Jesus Christ and heavenly defense on him. That is his honor, but they are not believing what we are saying. If he was not from Mankind, as you are saying and believing, I don't think that the Lord of Heavens would leave His beloved one to be crossed. What is this? Yes, they (Allah's prophets [a]) are running up, taken up, they are clean ones. Dirtiness on those who are not accepting their cleanliness and never trying to understand between heavenly beings and human nature on Earth. No one whose body is dirty can step on heavenly stations! Therefore saying, wa theeyaabaka fatahhir, The Lord of Heavens saying, "You are coming to Me; clean yourself and come to Me." May Allah forgive us.

(Mawlana Shaykh sings.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Dome dome dome dome 4x
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah,Subhan Allah
Subhaan Allah, Sultaan Allah 3x
Dome dome dome dome 4x

This is our association that is opening for tonight. It is a special opening coming for our Lord's Heavenly Presence; it also belonging to His servants how they should be. His Divine Presence giving so many secrets! O Man, try to choose one color. It gives you honor when you are reaching to the heavens and the angels say, "O clean servant, marhaban, marhaban, welcome, welcome to you!"

Dome dome dome dome 4x

O Rabbuna! Anta Hasbuna! Anta Waliyuna! Anta Mawlana, Who makes ways reaching to Your Heavenly Presence to be easy for ourselves. We like to be clean ones, to not carry the dirtiness of our physical being. We are asking to be clean ones, when we are reaching to Divine and Heavenly Presence. Forgive us, O our Lord!

(43 minutes) They know it. Three minutes for them who are writing what we can carry, and to correct when I

am speaking my speech to people to give a new understanding about Mankind and about the soul, about their honors through heavenly levels to make people to wake up and to clean themselves and to be ready for flying up! May Allah forgive us. Alhamdulillah wa Shukrulillah

(45 minutes) He knows who are listening, and who are keeping. May Allah forgive us for the honor of the most beloved and most honored one Sayyidina Muhammad (s). Fatihah. What they are giving us we must say. May Allah forgive us.

(Mawlana Shaykh happily speaks with Shaykh Hisham on the phone.)

## Close Your Eyes and See

Yaa Rabbana! Yaa Rabbi 'ghfir wa 'rham wa anta khayru 'r-Rahimeen. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Zid yaa Rabbee, habeebik Sayyidi 'l-Awwaleen wa ’l-`Akhireen, Sayyidina Muhammad (s). Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, ridwaana wa sultaanan wa `alaa jami` il-anbiyaa wa awliyaa. Zidhum yaa Rabbee `izzan ma` habeebika al-Mustapha wa man tabi`ahum bi `ihsan `ila yawmi 'd-deen. (Mawlana Shaykh sits)

As-salaamu `alaykum to all our attenders. I am also a member of one big, human family. All of us are weak members and we have been loaded with a heavenly order to carry that order. That order was just offered to us; take from heavenly power or heavenly authority, then you can carry it. May Allah forgive us!

O People! We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Run away from Shaytan and say, Bismillahi 'r-Rahmani 'r-Raheem! (Mawlana Shaykh stands) When you are saying the Holy Name of Allah

Almighty, stand up! We are weak servants, we are standing only once, but if we can stand up in every minute it is also nothing. (Mawlana Shaykh sits) But it is good manners that we must try to keep at least once. Look, listen and take something from heavenly trainings that if you keep, you may be rewarded with heavenly grants.

O our Attenders! As-salaamu `alaykum. Leave a very short time for listening to heavenly khitaab, announcement to Earth. Try to keep that order even once.

O our Salaafiyoon! O no-mind Wahhabiyoon and Salafi `ulamas! You claim you are `ulamas, so I have one question for you. Perhaps you are going to object when I am standing up and making people to stand up when we are saying our Lord's Holy Name. You may say it is too much, and you may also say if you sit it is okay. If a person is asking to begin praying salaah, the first fard obligation is takbeer, to say, "Allahu Akbar." (Mawlana Shaykh stands) Do you think that if you are sitting and saying Allahu Akbar, it is acceptable? (Mawlana Shaykh sits) There are so many daleel, proofs, for everything they are granting to our humble association, yes. I stand up when I say, “Allahu Akbar.” (Mawlana Shaykh stands) Allah gives me much more power every time I am standing up! (Mawlana Shaykh sits)

Hal yajuuz takbeer fi 'l-khitaab. Is it permissible to glorify Allah? Takbeer is to say, “Allahu Akbar,” but official servanthood is what we have been ordered, that if we are coming to pray and we are sitting, we must stand up to say, “Allahu Akbar!” (Mawlana Shaykh stands) When you are sitting it is not acceptable. (Mawlana Shaykh sits) Is it permissible to glorify Allah when making an address? Therefore, our Salafi `ulamas are not accepting it when we are standing up. You are no-mind people! Look, when you are coming to pray, you must begin by saying, “Allahu Akbar!” (Mawlana Shaykh stands and sits) When you are sitting on the carpet, it can't be. Therefore, don't object to those who stand; it may bring you some punishment. I am nothing here, but my boss, Allahu Akbar, may touch them.

Yes, when you are saying takbeer, you must say it standing! That is ta`leem, training to servants, that when they are saying takbir they must stand up. In salaah it is obligatory, and out of salaah it is really obligatory, but Shari`ah is making that a little bit lighter because people are very lazy. They may run after dunya like dogs running after rabbits. Do you know rabbits? They are not tiring to run after dunya, but they are tiring when we are saying, “Allahu Akbar.” (Mawlana Shaykh stands) Say, "Don't worry! Is Allah very happy or

angry with us? That is our teaching." They are teaching me and I am asking to teach you, yes. (Mawlana Shaykh sits) Allahu Akbar. Laa ilaaha illa-Llah.

O People! Try to give your most high respect for your Lord, your Creator, Who is asking:

•••••••••••• •••••••••••• •••••••••

Wasjudoo wa a`budoo rabbakum, Bow down and prostrate yourself to your Lord! (22:77)

(Mawlana Shaykh bows in sajdah.) Allahu Akbar! Is it not fard? Ayatu 's-sajdah. That heavenly order is for always. If you are not raising your head, it is okay. Some may ask, "What about our dunya? We must do this and that." You are not created to run after dunya or to collect dunya, you are created for your Lord, to keep His orders! Where are our `ulamas to teach this to people? You are saying, you are Salaafiyoon, Salafi `ulamas, why are you not saying this in the king's presence? Do you say, "It doesn't matter if we stand up every time the king enters." You are never saying this, even if the sultan is coming one hundred times, it is not too much for you to stand! So what about for Allah (swt)?! Allahu Akbar! (Mawlana Shaykh stands and sits)

Tawbah, yaa Rabbee! We are asking from our Lord, forgive us and send us some ones who may teach us the best manners, and best adab.

O our Attenders! Don't be drunk ones. O People! There is a saying from holy ones, Ahlu ’l-Tasawwuf, the People of Sufism, a description of tariqah people. Mureed ibn waqtuh, “A mureed is a son of his time who observes what is coming.” And when they are ibn waqtih, people of time, they must try to keep heavenly protocols, tashreefaat, for our Lord. Allahu Akbar al-Akbar. Allah, Allah! At all times a mureed must be awakened, muraqabah, observing, always looking for heavenly tajalli, manifestations, so he may reach it. And Ahlu ’l-Tasawwuf are saying mureed ibn waqtuh observe as a cat in front of mice (with concentration). As much as you try to distract it, it never looks away from its potential food.

Every hour, every day, every minute, every second and third, the smallest part of time, always heavenly treasures are coming from the Heavens. Therefore, our know-nothing `ulamas object, "Why are mureeds sitting like this? Why are they not opening their eyes to look?" And we are saying. there are two eyes to look at what is around us, and there is another grant from Allah Almighty inside, and this power may observe

from east to west when they are sitting like this! Tasawwuf people say after muraqabah, meditation/ concentration, comes mushahadah, the witnessing or vision. They close their eyes and their hearts' eyes open and there must be some appearances, mushahadah. Therefore, they always like to make muraqabah! Do you think that they are sleeping? No! They are diving in Unseen Worlds!

O People! Try to reach some heavenly jewels that are just granted to Mankind. Don't run after dunya like a dog running after a rabbit, for then you are wasting your very precious lives! Make muraqabah and that screen will appear where you may see everything in it. They are trying not to lose it because in every second there is coming such unknown, unseen appearances that you can't imagine! Therefore, they like to sit like this. But others who think they are sleeping say, "Get up and sleep on your bed." There is such a far distance in their understanding and the real understanding of (those in meditation.)

O People! In this week we are reaching Holy Ramadan. What we are saying now is an ocean; up to the end of the world it is never ending! Inshaa-Allah we hope that hillaal, the moon's crescent of Holy Ramadan, is going to be first laylatu 'th-thulatha, Monday night reaching to Tuesday. The last day for Sha`baan Mu`azzam is Monday and the first of Ramadan is Tuesday. In the night you must pray Taraweeh and say, ahlan wa sahlan yaa shahru 'r-rahmah, yaa shahru 'l-barakah, yaa shahru 'l-ghufraan, yaa shahru 'r-rahmah! Ask for everything! Don't ask for stones that have no value, that you are walking on, ask from yaqoot, rubies, pearls, and emeralds! It is enough that we are running after fertilizing. Don't run after that, run after treasures, every day and every night, and you will be happy here and Hereafter! When you are going to be happy you are making your Lord, Allah Almighty, happy with you, and He makes you happy here and Hereafter!

O People! Say, astaghfirullah, astaghfirullah, astaghfirullah. Tubna wa rajana `ilayk yaa Rabbana, yaa Rabbana, yaa Rabbana 'ghfir lanaa maa madaa yaa wasi` al karami, “We have reformed our ways and have returned to You (O Allah); forgive us what preceded, O You, the Most Generous.”

You have endless Generosity Oceans! Ask them to be granted to you forever! We don't know if we have two or three days more. Only Allah knows who is going to live; millions of people are going to be carried away before reaching Ramadan and we must also think, “It may be this Ramadan is our last Ramadan, and we will not reach another.” Therefore, take as much as possible, much more heavenly treasures; you will be happy. May

Allah forgive us!

O People! Say, astaghfirullah, astaghfirullah, astaghfirullah. Tubna wa rajana `ilayk yaa Rabbana. Rabbi 'ghfir wa 'rham wa anta khayru 'r-Rahimeen. Bi jaahi man anzaltahu `alayhi Surat al-Fatihah.

(37 minutes)

Fatihah.

**The Cloud of cursing is approaching!**

...This is a holy day, perhaps (the) most holy, (the) holiest day of (the) whole month, (of the) birth month of (the) holy Prophet (Muhammad) sws. And we are coming from East and West, from Far East and Far West, from North and South, from (the) Middle East, and we are different nationalities and different languages- everything (is) different, only hearts are (the) same. Hearts (are the) same! Hearts' nationalities belong to Allah!

We are a humble and small group of people. I like to run away from people to be for my Lord and my (Creator?)... It is an honour of mankind to know our limits... and the most valuable target of mankind belongs to (Heavens?)...: to leave everything and to run to Allah Almighty. All Prophets were running to Allah and they were asking people to run after them to their Lord and Creator, but very few people are running to their Lord and Creator, reaching their positions. Very few people...

So many years we are looking to follow true ones that (they) are most acceptable servants, true ones. Honour here and Hereafter is for those people, not for others! Only true ones should be honoured here and Hereafter, other people are rubbish!

Rubbish- every day we are sweeping and throwing (it) away; we are not throwing valuable things outside, no! Rubbish, (we are) taking (it)

away. Where (we are) putting (it)? (Into the) dustbin! Put that rubbish ones (there)! Whom they are? Whom (they are) not true ones. (All people) except true ones, they are rubbish. “Take them away, put (them) in(to the) dustbin!... Welcome, o My servant, you are welcome!”

Why (you are) not trying to be welcomed in the divine Presence? Who can be more than your Lord that may grant you everything? But people coming and bowing for rubbish people. For what? (Because) they may carry many (banknotes)...Money (is) going to be rubbish! Never happened- paper-money, and 21st century people think “We are so civilized people“, because (they are) using paper money. “No, o Sheikh, you are sleeping! We are not using paper-money, we use credit card! Never looking, never seeing, never asking (for money)... Old fashion people use this (money), (but) we use credit card...” Written (something on it), I don’t know what. Some people say it is also different accounts on it: “This card you may only use for 1 million Turkish Lira” for example. Some others may say: “No, you may use it for 1oo Dollar, more than this, no.” (On) some (is) written: “You may use (it) for 1 million Dollar“...(on) some (others it is) written: “That person with this card may buy an amount for 1 billion Euro“... People (are) keeping their Tesbih (in their hand) and (they) say: “Dollar, Dollar, Dollar...(33x)”, then: “Euro, Euro, Euro...(33x)”, then: “Pound, Pound, Pound...(33x)”... their Tesbih, their glorifying is this, now people (are) worshipping that credit card. They are coming down in front of machines, they are falling, bowing for technology; (they are) saying: “Don’t speak about Heavens, no, now our God is technology, nothing else!” Tauba, Astaghfirullah! Those people, that (there is) no honour for them, they are not true ones; (they are) on the wrong way. (For) everything they do, Angels say: “Wrong way! You are not on (the) true way, you are not a true one!”

Once Ibrahim Adham- Allah bless him, who he was a big Saint- he was in Jerusalem, Mascid Aqsa, making his humble servanthood... In such a way (he is) giving to me to say, (because) he (only) knows that happening of him! When I was asking to speak on it, he said: “Say: That ‘humble servant’ that (is) claiming to be humble, but his ego (is) never happy to be humble.”

People (are) learning their doings from Shaitan; shaitanic teachings (are) making people not to be humble, because Shaitan was not a humble one. He was seeing himself (as something) and (he was) saying: “I am something, I am not (an) ordinary person or (an) ordinary being, I am something else!” When Allah Almighty was ordering: “Bow to Adam”, (he was) saying: “What? How You order to me? (He) who (is) claiming to be something, You make me now through Your Order to bow to Adam, (which) means to be earth under his feet? I am not accepting!” That is shaitanic teaching. Now (the) whole world (is) under that hegemony of shaitanic teachings!

“How many children (you have)?” “3.” “How old (they are)?” “One is 11, (the) second (is) 7, (and the) third (one is) 3 years old. “ “What you do for them?” “We send them to schools to learn. Now there is another new generation we hope coming soon, (he is) through his mum’s womb, and also we did his registration (already). Before (he is) born, we make (his) registration in (a) good school, (so that) when he is coming, quickly (he is) going there to be something...”

Everyone (is) trying to be something, no one is saying: “I am trying to be nothing”; and these troubles (are) coming after that: that everyone (is) asking to be something.

“In Iraq you fight for what?” “For Allah.” They are liars! Everyone is

asking to be something, to be Nr.1.

Subhanallah- Shaitan (is) teaching them, to be a title for ladies (also): to be ‘First Lady’. I am asking: “(Is there) no ‘First Gentleman’?” “All of us (we are) First Gentleman. We may cheat ladies, saying: ‘You are First Lady’. We say for our wives: ‘You are First Lady in my home’, but we are not saying (that) there are also a lot of First Ladies in other places“...

And ladies are coming and saying: “We have rights; you must grant us our rights! Those foolish men (are) never giving (us) our rights, women rights“, and people, men, are very clever, (saying): “We are doing you ‘First Lady‘, what you run after that? We don’t say (that) you are Second Lady, we are saying (that) you are First- but we have other First Ladies (also)- how we are not giving your rights?... Tomorrow I bring to you another robe...’

Everyone is asking to be First One, but men (are) clever, (they are) saying (to women): “You are First One!” Then they take the way to be something, trying to be First One- like Shaitan...

Shaitanic teaching (is) making that trouble that no one can bring any solution (for it), finished! I am that one who is making this on them, East and West, to close this, so that they can’t save themselves, until they are surrendering to heavenly Commands, to accept (them and to say): “I am nothing, I am Your servant!” We close it, no one can open (it)!

So- Ibrahim Adham was saying: “Say: ‘a humble Servant.’ Even my ego (is) never happy to be humble, but I am forcing it to be humble!... I was in Mascid Aqsa- sharafahu-llah- after midnight, Seher Wakit, at dawn. I was there, trying to make my ego under my feet and to stand up for my Lord’s divinely service, (for) servanthood, and I was looking, when

(they were) opening (a) way to me, (I was) looking Angels coming. Two Angels were coming and sitting further than me and one (of them) was keeping a book, written in it so many names. They were looking which one not written or just written."

Ibrahim Adham Hazretleri was saying: "O my Lord's Angels, my name also there?" (They were) looking (into the book and saying): "No, (it is) not written your name." (Then) he was making his head down and saying: "Please write my name that I love them! Even my name (is) not with them, but my heart (is) with them! I love them!" Then a declaration or announcement was coming from Heavens, saying: "O My Angels! Who is saying that he loves My beloved ones in My divinely Presence, write his name on the top of all of this list!"...

Ya Rabbi, don't separate us from the Salihin, don't leave us to run after those heedless peoples' ways, but keep us and our soul to be with Your beloved ones! Until people leave Shaitan and come with good people, true ones- all of them (on the list) were true ones- (there is) no chance for (the) whole world to be saved! They should burn themselves, they should destroy everything and they should die, only true ones should be saved, (be) protected and under divinely Protection they should be sheltered.
Now coming cursing on (the) world! Don't think (that) Blessings (are) coming, no, because Shaitan brought all nations under the Cloud of cursing. Cursing (is) raining on nations, raining on governments. Only who Allah Almighty is sheltering, should be saved, here and Hereafter.

O our Lord! Don't write our names with those Nimrods or Pharaohs, don't (let) be written our names under their list! We are on Your way, trying to come to You, and we are asking to follow Your true ones, Your beloved ones! Keep us, to be with them! For the honour of the most honoured one in Your divine Presence, S.Muhammad sws...

It is going to be his birthnight tomorrow night. May Allah forgive us and change everything quickly to make dirty Shaitans away, to come true ones and to establish (the) heavenly Sultanate, (the) heavenly Kingdom on earth!
For the honour of the most honoured one, S.Muhammad sws...
I am intending to run away, after those people, to disappear...

Lefke, 8.4.2006 for the Maulud-un-Nabi

**Collecting Hearts for the Oceans of Unity**

We are asking Allah the Almighty to send us His powerful servants to collect our hearts, not our bodies. Our bodies can be collected by anyone. Someone just has to come with a drum and hundreds and thousands will run after him. That is not a good thing. We are asking for collectors of hearts who will lead you to Allah. When we come to Allah with one heart we will be protected here and in the hereafter. Don't leave the unity! Don't be alone! Be with a group which is in unity for Allah and for His Prophet, may peace be upon him.

We meet in the same ocean, in the ocean of unity of Allah. We ask to enter it, to swim in it forever. We are like drops coming from the clouds, falling into the ocean and becoming the ocean. That is fana-ul-b'ilLah, fana-ul-fi-Rasul, fana-ul-fil-Sheikh. Melt your existence and give it. Finish it and Allah the Almighty will dress you in Wujud-ul-Haqqani, the appearance of Truth. When you have given this temporary being to Allah, He will grant you from His Divine Existence and will dress you in a body which is real and will be with you forever. You will enter the ocean of unity. There is the ocean of ahadiya, of oneness. That is impossible, it is unknown: 'Hu, Hu, Hu, Hu...' finishing... Then: 'Allah, Allah, Allah...' from Hu that is ghaib-ul-mutlaq, the absolute secret existence of Allah the Almighty. When He wants His servant to know something He will throw His Holy Name Allah. Prophet Sayyidina Muhammad* represents this Holy Name. We are trying to bring the hearts of people on that way. Our supporter is Allah, His Prophet* and all his Holy People.

**Come again and again, Whoever you are, From this Dergah of Splendour, None is ever turned away**

MEVLANA RUMI'S UNCONDITIONAL INVITATION

Today, as I was praying, an important point appeared in the mirror of my heart, a subject that needs to be addressed. What is the position of every single person towards the rest of humanity and the rest of creation in general? Each person, each being, is by nature self-centered, though constantly interacting with others in his surroundings. Everybody divides his fellow beings into distinct categories: those having more in common with himself and others more in opposition – and the less in common the more critical the question becomes. So as a follower of a certain religion, you must ask yourself, what your attitude towards members of other religions will be. As a man, what kind of attitude do you have towards women, or as a woman towards men? As an elderly person towards the young, or as a youth, towards the elderly? As a wealthy person towards the poor, or as a poor man towards the wealthy? As a literate person towards the illiterate? What is your attitude, as a human being, towards animals, plants, inanimate objects, everything in existence?

The Holy Prophet, Muhammad, upon whom be peace, gave guidance to mankind in this matter when he said: “My Lord has taught me to show respect to all, to maintain a high level of good manners, and my Lord has perfected His teaching”. Now we need to know what those best manners are, and how they help us to show respect to all creatures in accordance with their respective levels, for, while Allah Almighty has made all creatures worthy of respect, He has especially honored mankind. We are invited to realize the full potential of that honor by

perfecting our relations with all that surrounds us.

This perfection calls for a balance in our relations, along with the perception of the differences between beings and an ability to adjust our behavior according to those distinctions. This is because Allah's creatures, most especially men, are not factory productions, mass produced and cut out of the same mould. Each person has his own unique form, characteristics and capabilities – you can't find two exactly identical people even identical twins may differ drastically in character. Everyone carries something distinct, and we must observe these varying and distinguishing marks, that thereby we may receive Divine Wisdom, and marvel at the Power of our Lord, for who else could create such diversity? Whether you look around you at your fellow men, or at the stars in the sky, you will know, by their infinite variations that only Allah could have created the universe.

Human beings, the "Crown of Creation", are candidates for the honourable rank of "Deputy of Allah on Earth". We are beings who have been endowed with the potential for uncovering a great secret within ourselves. If in heedlessness we do not strive for it, it will remain deeply hidden within ourselves. What is the great secret within man that he must discover to attain this rank? It is to understand that you are a manifestation of one of our Lord's endless Divine Attributes. Each person manifests a distinct attribute, no matter how many billions of people appear and disappear from this Earth, each one manifests a unique aspect of the Divine Reality. Each Divine Attribute is distinct, and, when fully unveiled, equally Divine. Therefore, our Lord is oblivious to our outward forms but is always mindful of the states of our hearts, as the heart of each man is a throne from among the endless thrones of Allah Almighty. That heart is not the organ in or chests, it is only represented by it as a figure of speech. In your real heart, your "heart of hearts", there is a throne and He Almighty appears on that throne through a distinct attribute that manifests in you, and nowhere else in creation.

Therefore, you must respect everyone in existence, as, in reality, that respect is the respect for your Lord within him. That is the way our Prophet treated people, the way taught by real Islam: a deviance from this "Way of best manners" is a dangerous innovation (bid'a) of high degree. The respect that we must show towards our fellow human beings is such that, should a baby be

born, take three breaths and die, we must name him, wash his body and pray over him the funeral prayer; and if there is no one else to perform those rites, even the Sultan himself is required to do so, and even if it be that baby is born to the lowest class of his subjects.

And what if the living or the dead be of another religion or without religion, do we show them less respect? One day the Holy Prophet (sal) was sitting with his companions when a funeral procession passed by. The Holy Prophet (sal) stood up in a sign of respect to that departed soul. One of the companions said: “Oh Messenger of Allah, that is the body of one of the heathens. Are you showing respect to such people?” It was a sign of bad manners for that companion to say this, and he immediately regretted it. Does the Prophet (sal) not know whether that dead person and those of the procession are Muslims or idol-worshippers? If not, how can he be a Prophet? But as the companions were at different levels of understanding and manners, building gradually towards perfection, the Prophet Muhammad (sal) was always patient with those who showed such a challenging attitude; he explained his actions to that companion according to the level of his understanding – which was the common level.

How difficult for the common believer, whose human feelings are caught in the ebb and flow of daily events to understand how the Prophet gave this respect for people who were actively engaged in oppressing the Muslims – killing and boycotting them, and generally showing abominable qualities! How difficult for the common people to make a distinction between people’s bad actions and the Divine Realities hidden and veiled, yet present and untouched, in their heart of hearts, and in this way to understand why you must not hate your enemies! Such understanding makes a person eligible to receive Divine Secrets, and a category of knowledge the Holy Prophet (sal) was instructed to reveal only to initiates.

Therefore, to guide that companion in the general direction of this reality while not revealing to him that which he could not comprehend, the Holy Prophet (sal) told him: “Yes, these are unbelievers, but you must know that each one has Angels accompanying him, recording his good and bad deeds, and the Angel of Death, Azrail, is accompanying the dead man as well: I am standing out of respect for those Angels”. In this way the Holy Prophet instructed all Muslims to show respect to all people living and dead, no matter how terrible their actions might be.

Mevlana Jalauddin Rumi, an Islamic Saint known throughout East and West (and the author of the epic Sufi poem 'The Mathnawi') was once crossing a marketplace when a priest passed by and bowed his head in respect. Mevlana returned this gesture, bowing even lower, from the waist. The people asked him: “How is it that you bowed in front of that priest (who represents a religion that failed to recognize the Holy Prophet of Islam)?” In Islam, bowing is a gesture generally reserved for the worship of Allah, other signs of respect being used more commonly.

Then Mevlana answered them, on a level that accorded with their understanding: “That priest was humbling himself in front of us. He is Christian, we are Muslim; and Islam represents the completion of every goodness found in Christianity. Therefore, if he is humble we must strive to be even more humble”.

This explanation is true, but on a deeper level, this reciprocation may be understood as respect to the real personality, the Divine Personality of that priest – and it is only He Allah Almighty who dresses His servants in differing outward forms and predisposes them for different kinds of actions. Mevlana recognized that it was his Lord who dressed him as a Sheikh and dressed that man as a priest; and if He wills, He can cause them to change roles, for each of their hearts to cling to the other’s religion in the blink of an eye; and who can say what Allah will do? What is beneath all these clothes but the throne of Allah, in a unique personality manifestation?

In the Holy Qur’an it is related that, when Allah Almighty created Adam, He ordered all the Angels to prostrate in front of him. Do you think Allah Almighty was ordering them to worship other than Himself? All of the Angels were able to perceive that Divine Manifestation in Adam, and bowed down to their Lord by prostration in front of Adam. But also in attendance was Satan, who was veiled by envy, and said: “What is he that I should worship him: I worship God alone”. But Satan could not see what was inside of Adam: all the Holy Names of Allah that were to be manifested by all of his descendants. Were those veils of envy to be lifted, he would have been the first to obey. Envy blinds us to this vision, and, unhappily, it prevented many of those who represented earlier revealed religions from recognizing the Prophet Muhammad (sal) when he came, the veritable brother of the Prophets they venerate.

If we can remember that the presence of this Divine secret is in people's hearts, and look past their outward forms and actions, we may learn from everything and everyone and increase in wisdom. Only with this vision can we aspire to a magnanimity that will cause good actions to appear from people, for a ray of their Divine Essence to shine through and encourage the veils of ego to be lifted. Respect of the Divine Nature in man leads to familiarity between people, and familiarity opens the way to love, and all love belongs to our Lord.

Our main responsibility in life is this: to clean off the bad characteristics that cover our Divine Personalities, and once we have accomplished this to help others free themselves of that heavy burden. We must always remember the sacrosanct nature of souls. Look, Sayyidina Umar, who was to become the second Khalifa of Islam, came to the Holy Prophet (sal) with the intention of killing him, but left that meeting with a heart full of love and goodness. He was the same man, the essence of his being never changed, only his attitude did. So, we must always beware of saying: "So-and-so is a bad person". You can't say that of his real essence, no.

Although we regard the essences of people, we don't accept their bad actions, but "fire upon" them the same way that a surgeon removes a tumor from a patient and leaves healthy tissue inside of him: He knows to distinguish healthy tissue from cancerous tissue and removes only what is dangerous.

That is the method practiced by all the Prophets of all revealed religions from the beginning to the end. To help people purify themselves of destructive characteristics was the mission of Moses, of Jesus and also of the Seal of Prophets Muhammed (sal), who was ordered by his Lord: "Purify them". They all worked to this end and never despaired of success, as they had certainty that a treasure remained buried in people's hearts. Look, if you have a precious diamond and then it falls into the toilet, are you going to flush it down with the dirties? Would anyone suggest such a thing? Perhaps some proud or weak-stomached people might call for a servant to do it, but no one in his right mind would flush it away. Then, when you retrieve that diamond you are going to wash it with soap and water thoroughly, perhaps dip it in rose oil, and then return it to your finger. No one is then thinking that diamond is dirty. Diamonds do not

absorb the qualities of what they fall into – souls are the same.

In our time many people are searching for common ground upon which followers of all religions may stand, a school of thought which may trace its thread through all true inspiration. This is that common ground: aspire to a deeper understanding through your religion, an understanding that will open your eyes to the presence of the One in all things that will reveal to you the respectability of all creatures, especially human beings, and enable you to desist from hating evildoers even while opposing their plots. This view will distance us from such a strong identity with labels that evoke fervor or enmity, as: American, Russian, German, Turkish, Greek, Armenian, Jewish, Christian, Muslim, Buddhist, etc... and draw us closer to the realization that our Lord has honoured us all equally through the universal presence of His Divine Essence in our hearts. From that vantage point we will see that our Lord has given us through that Essence wonderful and unique characteristics, and made each and every one of us a manifestation of His Divine Attributes, of Himself.

Then it will be clear to us as well, that the veils of ego that cover our essence are as varied and subtle as the differences in the manifestation of the Essence; every one has unique “ego traps” designed to catch his own unique soul – and to avoid or escape these traps is at the heart of the knowledge of the Way. Only the one who approaches his Lord with sincere piety may discover that way, and that sincerity is what our Lord desires of us, what is of real value, as He says in His Holy Book: “The best (or most honourable) of you is the most sincerely pious and god-fearing”. In other words, our Lord has honored us all, but reserves His highest honors for those who strive towards Him.

The Prophet Muhammad, upon whom be peace, was endowed with the widest understanding of the significance of the Holy Verse: “We have honoured all the Children of Adam”, the understanding of the presence of the One in the many. Mevlana Jalaluddin Rumi was given the distinction of declaring these realities most openly to all Nations, inviting all people unconditionally through an open door, saying:

Come, come, whoever you may be,

Come again.
And be you non believer, Magian or idolater,
Come again.

Ours is not a Dergah of despair!
Though you may have broken
Your repentance a hundred times
Come again.

As Allah Almighty opens His doors to all His servants, so do we accept our Lord's servants. We are not fanatics who spend their lives interrogating those who seek to quench their thirst at the fountain. This is the way of our Grandsheikh, who declared: "I am an advocate for all the Children of Adam on the Last Day". When someone arrives at our doorstep, we know who sent him, so we can't refuse.

## O People, Come and Be Clean Ones!

As-salaamu `alaykum! Dastoor yaa RijaalAllah, madad. As-salaamu `alaykum, haadireen wa gha`ibeen, those who are attending here, and everyone throughout east and west who is attending to hear something. It is an honor to hear heavenly words and to ask from heavenly ones to correct our positions and to support weak Muslim servants against shaytanic groups. May Allah, as He likes, take them away to an unknown direction or bring them for hearing and listening from heavenly words that give them honor. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem! That is for our Lord's t`azheem wa takreem, most high respect to our Creator and our Lord, Allah Almighty, to stand and say, Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

O People! Keep that honor, don't forget! Who is forgetting, Allah Almighty is going to forget him. If a person is forgotten, there is no chance for that one here or Hereafter. O attenders throughout east and west, it is a humble meeting here, but technology is taking this humble association throughout east and west. Take care and be followers of the holy commands of Allah Almighty! All of us are servants. Don't be cheated by Shaytan and its agents, who say imitated titles give you more than what obediency gives, or that imitated titles never take away your honor from servanthood. Servanthood is the last horizon for Mankind! Lordship is only for the Creator Who created.

O our Attenders! Hear, listen and try to understand! We are on the last stage of Mankind, the last level, and other levels are going up, up, up and our addressing is to the most simple ones. And to be simple ones is better than to be complicated. Complication is giving nothing to you, but simpleness is always good for servants. Servants must try to be simple ones, but our egos are never happy to be simple ones. Our ego is a student of Shaytan and Shaytan is the teacher of everyone and everyone has an ego and egoistic desires. Now we are living in the 21st century, when all peoples' requests are egoistic desires. They are requesting egoistic requests, everyone, except that is mentioned in hadeeth nabawi ash-shareef, Sayyidina Muhammad (s). (Mawlana Shaykh stands) That standing up is making our egos very angry and more than our egos, Shaytan is going to be very, very, very angry. Ptuu (spit) on Shaytan and its followers! (Mawlana Shaykh sits)

Marhaban, marhaban! Try to be ahlan, suitable for accepting ahlan wa sahlan, that welcoming angels are saying for some ones when they are leaving this life, "Ahlan wa sahlan! Ahlan wa sahlan!" Try to be from those people that angels will welcome by saying, Ahlan wa sahlan, "Welcome good servants!" All of us are servants but some of us are good servants, some of us are bad servants. Try to be good servants! Who are good servants? Those who are following prophets, particularly the Seal of Prophets, the most glorified one and most honored one in the Divine Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) Those who are following him are good servants and others are bad servants. Who are they? They are followers of Shaytan and ifreet.

Look on which table is written your name, under good servants' table, or under bad servants' table? Both are servants. No one can get out from servanthood but some of them are accepting that they are servants and are trying to follow His divinely orders. Everyone that is following the orders of the Lord of Heavens is dressed in the dress of honor. But egoistic people that are always running to make their egos pleased and in pleasure, and those bad servants are coming on the Day of Resurrection and sent under the flag of Shaytan and its followers. Bad servants will be taken on that way, the left way. All leftists are bad servants under the dirty flag of Shaytan and on Judgment Day they will be taken from there and put in front of Shaytan and they will follow Shaytan, who represents bad servanthood. Now the whole world is running under Shaytan's dirty flag and thinking they are doing their best, but they are never doing their best! The best-doing people are those who are following good ones, who are followers of holy commands of Heavens.

O People! Try to hear, listen and understand! It is so easy and simple, and our missions are so simple. All of us are servants, but some of us are good servants and some are bad servants. Look, you are going to take your way as you were following in this life. Those who are following the worst way will be taken on the bad servanthood wing.

•••••• •••••••••••• ••••••••• •••••••••••• •••••••

Wa hum yahsaboona annahum yuhsinoona suna`a.
they reckon that they do good work. (Al-Kahf, 18:104)

O Salafi `ulamas! Now you must teach people. That is one part of a holy verse from the Holy Qur'an that is giving a full description of Shaytan's followers. Bad servants are thinking, yahsaboona annahum yuhsinoona suna`a, they are running in sewage channels, saying, "We are doing our best." Now this dirtiness is running in it, so how are you saying this? Therefore, there are two kinds of life for people now: some are asking for a clean life, honored and glorified life, and others are running after sewage channels, thinking that is the best. Therefore, now living ones are on two ways. The majority are sewage channels' followers, who like it and who never understand forbidden things, saying, "We are not taking any care for prohibited things, no! What is pleasurable for us, we are running in it. We are not looking if this is haraam, forbidden, no. What is making our egos happy and in pleasure, we are running in it." And on the Day of Resurrection, they are going to look, "Where are we? We are in sewage channels."

O People! If we are saying one percent are asking for a clean life, don't be surprised. We may say ninety-nine percent are never taking any care for haraam and halaal, never asking what is dirty or clean. They are only running after their egoistic desires, may be as a pig, if one of them is dead, others are coming on it and eating. Therefore, Allah Almighty is making it haraam, prohibited to eat pig meat. Pigs are dirty ones because they are eating dirty, they are even eating their dead ones. And people say, "O! What delicious food today." They are dirty and eating their dirtiness also, but Mankind is not thinking on it and saying, "Why did Allah Almighty prohibit His servants to eat pigs?" Now so many young ones who have been cheated by Shaytan's agents are saying, "Why are we not eating pigs' meat?" I am saying because pigs are eating dirty and eating other ones' dead also. Twenty-first century people are never trying to distinguish, tamiyyiz, between clean ones and dirty ones, halaal and haraam. They are saying, "Eat dirtiness!" Hasha! I am saying to those Shaytan followers, if you are saying, "It doesn't matter," we are saying one day you may fall in a dirty well,

then eat and drink there until you die! All prophets came to teach people cleanliness and Islam's first command is, be clean! But Shaytan never likes to be clean, and they are saying clean is dirty and dirty is clean.

O People! Use your minds! Now we are in the holy month of Ramadan Mubarak. Mubaarak for you! Mubaarak for those who are giving their high respects to this holy month, and we are asking from holy ones a protection from our egos and egoistic desires, to cut it in this holy month, and not to come back to that carcass. Someone may say that a carcass is dirty. Perhaps someone is leaving and going away, all of them are going away, but some of them after Ramadan are saying, "It doesn't matter, we must come back to our carcass." No, Ramadan is coming to clean the ummah, (Mawlana Shaykh stands) the nation of Sayyidina Muhammad (s)! (Mawlana Shaykh sits)

When you are going to be clean, don't come once again to walk in or to eat and drink from dirty sewage channels. We may say this now up to the next Jumu`ah, and it is never finishing, but the main point that we are reminding Mankind is, "O People! Come and be clean ones!" If not, you know what may happen.

May Allah forgive us, for the honor of the Seal of Prophets (s), for the honor of His full-honored month, fully ornamented with Laylat al-Qadr. Keep your high respect in this Ramadan Mubarak. Allah knows who can reach to the coming Ramadan. Don't say, "I am young." Yes, young people hope to live, but those who are like me or a little bit younger must not give a chance to their egos that, "Next year, you may live." This year is like an open market; you may take as you like, but next year this market may be closed or you can't reach to that second market. Beware of Shaytan! We are cleaning in this month and we are asking from the Lord of Heavens for the honor of His most honored one, not prevent us from falling into again in dirty sewage channels.

May Allah forgive us. Tawbah yaa Rabbee, tawbah astaghfirullah. Tawbah yaa Rabbee, tawbah astaghfirullah. La ilaaha illa-Llah. La ilaaha illa-Llah. La ilaaha illa-Llah Sayyidina Muhammadun Rasoolullah (s)! (Mawlana Shaykh stands and sits)

Fatihah.

**O people, come and make peace with your Lord!**

O people, whole people they are now heedless and ignorant and drunk; never thinking how they have been on this planet, who is sending them on this planet. Never thinking on it and Allah Almighty (is) saying: „O My servants, don't run after Shaitan, fire may reach to you! Come to me, accept My heavenly Orders, be obedient for My Orders or I am able to bring a fire from East to West!" As He was sending flood of Noah all over world and never left anyone, except whom in that Arch of Noah. He can do everything, you can do nothing!

O people, come and believe, come and respect holy Orders of Allah Almighty! And you are in very holy month Shaban and Allah Almighty giving honour that honoured moon. You, if you are asking to save yourself here and Hereafter, you must try to dress Dress of Honour and Angels looking, whom dressing Dress of Honour. Dress of Honour is obedience to your Lord Allah Almighty. He is Allah Almighty, if He is saying to fire: "Burn!", may burn, if saying: "Don't touch!", never touching!

Nimrod prepared (a fire) like hills, making big fire to burn S.Ibrahim, but Allah Almighty ordering fire: "Don't touch! He is My beloved servant, don't touch and be for him a rose-garden" and ordering earth: "Bring a spring" and ordering air to be so cool and so pleasant giving atmosphere. Ibrahim a.s., he was there ??? through fire and was so happy! If Allah saying: "Burn!", may burn, if saying: "Don't burn", no one touching. If

Allah protecting His servants, no one a harm bringing to them!
O people, come and make peace with your Lord! If not coming and surrendering and asking: “O our Lord, we come and surrender to Your heavenly Orders, accept our obedience, we are running to You here and Hereafter...”

And this is holy month that after 15th, Laylatu-l Bara’a, 15th Night of this month, just changed everything and should be changed much more after next year.

We hope enemy and much more friendly to Shaitan, Dajjal, Antichrist, should come and S.Mehdi, that Prophet he is giving good tidings about him, should come, Armageddon should come and then Jesus Christ may come!
We hope that through year from Night of Bara’a up to second Night of Bara’a so many things, so many unexpected events, coming.
O people, believe what heavenly Sources, what heavenly Books, what heavenly People, Angels and Prophets, (are) bringing: Messages to you.
Don’t run after Shaitan, or you should be also ashes... May Allah forgive us!
O people, after ten days coming holy Ramadan. Keep respect and keep your obedience for your Lord Allah Almighty, may protect you your Lord under His divinely Protection!

Khutba 31.8.2007, Transcribed by Khairiyah Siegel

**Come back to nature**

When Grandsheikh said that technology is going to finish, no one was believing him. But now they are saying the same, scientists and computer-specialists are speaking about it, that the life of mankind depending on technology is going to finish with the last day of 1999. Computers are going to finish, and all those technical inventions, that were intended to make the life of man easier, but really made his physical powers to come down to zero. Because everything that we did before with physical power is done by machines now. Allah Almighty is bringing an end to that period, and everything must have an end...

My advice to my followers is to come back to nature, and to begin to put into action, and to practice, their own physical powers, not to give commands to machines to do this and not to do that. Step by step we must try to save our freedom from technology, to bring ourselves to ourselves. It is important what we are saying now. You must try not to use these machines and instruments. Use them less and less... when the electricity is suddenly cut, billions are going to die. Who didn't prepare himself for a new period should die suddenly or go crazy. Depression, a very bad depression should come to people, which is impossible to treat, because medicine will be out of time. Factories and everything are going to stop... No more will doctors cut people, no more operations, no more caesarians...

Step by step try to come back to your natural position and to use man-power. Learn how to live without technology and how to act by yourself. Don't sleep! Don't build high buildings, make them only 2 floors. Don't use concrete, cement, iron, but use mud, timber, stones... and use wells, because there will be no more running water ... No more electricity, cars, telephones... Alhamdulillah...

Now, until Sayidina Mehdi a.s. is coming, for a period of three to six months, so many things are going to

happen. People are going to go crazy, kill themselves or die, so that from seven people only one will remain... Who is depending on technology, is never going to live... in only one night, from evening until the morning, billions of people are going to die... If it is a nuclear bomb, it will poison the earth. But I hope, insha Allah, there is no permission to do that. In every country there should be safe areas... like areas between two countries, passages that no one is using... Go according to your inspiration... and the first sign is for water to be near... five, ten, fifteen meters...

Believers should be in safety, worshippers much more, and servants for Allah's Divine Presence should be in full safety...

When the Anti-Christ is coming, there should be an opening for you to come quickly to Damascus. For 4o days every believer must be there, then the Anti-Christ should be killed by Jesus Christ, Isa a.s.... Then the whole world should be open...

When Mehdi a.s. is coming, at that time another power will open, so that no one is going to ask for technology. Allah Almighty is going to grant to common people the power of Islam- miraculous powers like those which He granted before to His Prophets and Saints. So that you are not in need to fly, but you will move with instant steps. You will look from here to that horizon, and with: "Bismillahir Rahmanir Rahim", as far as your eye is reaching, you may put your foot there...

For 6o years I have been waiting for that day... from 194o. There was one Grandsheikh in Istanbul who was saying: "I can foresee that spring is coming and Armageddon begins and Mehdi a.s. appears." They were expecting Mehdi a.s. to come at that time. But no, after 6o years he is coming... Next year, insha Allah... and we hope we shall be with him... Bi hurmati'l Habib, Fatiha.

**Come from yourself to Yourself**

Welcome to you! Shukr Allah! We are thanking to Allah, Shukr and we are saying: Ashadu an la ilaha ill-Allah wa ashadu ana S.Muhammadan ‘abduhu wa habibuhu wa rasuluh sws. We are now Muslims.

Now we are living in a time that ignorance just reaching to everyone and so many people they are not using their minds and objecting (on) subjects of Islam. We are asking from Allah Almighty not to be from those no mind people and we are saying: Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. That is the sign of Muslims.

We have been ordered to run away from most dangerous and difficult enemy of mankind, Shaitan. We must ask from Allah Almighty His Protection. If we are trying to fight or to defend yourself by yourself, it is impossible. But we must ask protection and we are asking Allah Almighty’s shelter to be in safety. You must not forget that you are servants of Allah Almighty. Who created you? Ask! Who designing you? O man, you must ask this and must try to teach yourself as well as your children. But Shaitan, he did his worst for whole mankind, using hundred and thousand tricks and putting countless traps for mankind to make them to forget who they are, how we are in existence, but... Shaitan (is) trying to make people not to remember, making them to forget. They are not asking. People they are not asking. People asking for a useless, tasteless question, but main question that man must ask: Who am I, how I am in existence, from where I am coming? No one (is) asking and people, universities, education systems, they (are) never taking any care to carry books, heavenly Books. They are not using

or asking- how people (are) going to learn?

They are teaching so many nonsense subjects through hundreds of books and they are teaching only to deny and they are teaching to students not to ask: “Who am I”? No! So many branches of their knowledge- it is really they are not knowledge, because real knowledge, if you are using it, every knowledge must take you to (the) divinely Presence of Allah Almighty! That is knowledge! So many branches, but if you are taking that, going to find books of knowledges, but now people they are using and looking only outlooking of trees; they (are) never interesting how that apple happened. How that tree that we are thinking it is (a) dry tree through winter time... we are thinking: “Oh, that finished, no more on it leaves or fruits, or, now we are looking that just that dried!” But when coming spring time, they are surprising, saying: “Oh, yesterday we were thinking that this tree just dried, how now it is beginning (and) brings fruits and leaves and getting in such a beautiful new, beautiful show from that tree, how happened?” They are not asking!

They are saying: “Eh, that is apple tree” or: “That is a, so many fruits, just awakening. We were thinking that it is dried one, but now we are looking that (there are) growing new leaves, new flowers and after flowers coming so many kinds of fruits!” They are not saying this, not thinking on it! I am asking: “Ya Hu, why (you are) not asking to (the) pine tree: ‘Where (are) your fruits, where is your flowers?’ They had also, but it is not well seen like other trees. Mankind now they are drunk ones and drunkenness (is) coming from their heedlessness, coming from their ignorance, coming from that those people are not using their minds. If they are using their minds they should find so many things- but they are not using, they are only looking (to the) outlooking of everything (?).

Then we are coming to mankind. Mankind how, how they are coming? What happening? Mum and dad sleeping and then coming a baby after 9 months and some days. They

are not thinking on it, who can be able to do that. No one (is) asking. That is all knowledge, they (are) never thinking or asking to learn anything, they are saying: “Nature, nature...” Their ways up to Hells with their nature! What (is) happening? (There is) dry earth and coming on it rains and that dry earth (is) beginning to bring so many plants, so many kinds of flowers and plants and trees- what (is) happening? It is only earth and (there is) coming on it rains from up- how (these flowers are) coming (up)?

Perhaps also you have never been born, when I was going to Medina Munawwara- ‘ala sakina afdala salat wa taslim- Prophets holy city, with my Grandsheikh, maybe now more than 5o years. I am going with my Grandsheikh for a seclusion through that holy land that Allah Almighty (is) giving holiness through that earth. We are coming from Damascus to (the) Prophets holy city. We are coming down, we are taking our car to reach to (the) holy city and we are passing through deserts. (It was) whole sand, sandy, nothing on it. We passed away and (we are) coming. Then, when we are making, as we have been ordered for seclusion... seclusion (is) taking people from outside to himself. Now people mostly their eyes (are on the) outside, around themselves. They are forgetting themselves, but their interest (is in) what is around themselves. No! Begin first from you! Look to you, then look what (is) around! Seclusion (is) taking man from outside to his real being inside. Therefore, no one can be a ‘Delil’, (a) guide, if no guide, no one (is) learning anything. You must find a guide for guidance, because you can’t find the way to you without a guide. Therefore seclusion, it is most important; (it is the) most important thing that makes ourselves to reach to ourselves. If you are not finding a guide and living 70 years, 80 years or 90 years or less, but you are going, knowing nothing about yourself.

Therefore Allah Almighty (is) sending His Prophets: to make you to know who are you. Making, taking you from outside to inside, taking you to yourself. Or you

are ignorant people, like so many kinds of animals...

Now people they are thinking: “Oh, doctor Z., doctor A., doctor S.”- so many doctors... and they are knowing nothing... you must... Therefore Allah Almighty (was) sending first Prophet, S.Adam, (the) first guide for his children and after himself (there were) coming from his grandsons, grandsons, grandsons... reaching up to the Seal of Prophets S.Muhammad sws and finally he is coming to take people to themselves, to make them to know who are you.

(The) last and biggest guide for mankind (was) S.Muhammad sws. (Even) if life on earth (is) going to be up to eternal, he is enough! He is enough to be a guide for billions, trillions people that may come. Therefore- his guidance (was) just granted to him through (the) Holy Quran. (The) Holy Quran is enough for every nation through centuries. Up to eternal! (There is) no need to come a new guide with a holy Book, no, (the) holy Quran (is) enough to take you to you! That is important!

Yes, we are going for that purpose, to make a way, my Gandsheikh (was) asking to make a way from me to me. I was in seclusion three months (then) coming back, coming back to Damascus when I finished and Grandsheikh was there. By his orders I am coming and I am looking that sandy plains, sandy lands: (there were) countless coloured flowers! How (it) happened? Because once that we were in seclusion, (there was) coming a rain. That rain (was) giving life with (the) holy Command of Heavens and it was like so beautiful, beautiful lands, with every kind of flowers! Subhanallah, (the) sun (was) giving different colours. In Europe you can find lands with flowers, but it is not so (many) different kinds; maybe 5 kinds, maybe 1o kinds, but (in) those countries (the) sun, by (the) holy Command of Allah (is) giving so many countless colours, so many plants. We looked. Then I was thinking that: “It is like a carpet just worked (walked) on it, so beautiful!” Therefore I am saying...

Why they are not asking: “How that happened? What is its secret power?” They are saying: “Nature”- what is nature? Nature (is) under the control of one Angel... I am ashaming to say that Allah Almighty (is looking)... If Allah Almighty (is) looking once (to this) earth, this earth (is) going to be Paradise. And His Territory, divinely Territory, (is) countless...

O people, come and learn before (it is) coming to you (the) Angel of Death to take you from this life to (the) graveyard! Try to learn something! But people only they learning how they can reach material aspects through this life and their only targets (are) how they may be, how they may give their physical beings pleasure. (They are) getting much more money- for what? To give their physical being much more pleasure. And it is going against.

If a person (is) not taking so much care for their physical being, they may live after 7o, 8o, 9o, 1oo! But those, whom they are asking to give much more pleasure to their physical being: Go and learn, go and look through (the) cemetery the day of their death! They are not getting up more than 6o years, or 5o years... O people, think on it!

May Allah forgive us... It is enough for anyone, who can think on it. If (he is) not using (his mind), he is like animals. Animals they are not thinking. The main part, difference, between man and animals (is that) man (is) thinking, animals (are) not thinking. And whom they are not thinking on such a subjects, their level (is) going to be (the) level of not thinking creatures, animals.
May Allah forgive us and grant us from His endless Blessings to follow Prophets and their inheritors. For the honour of the most honoured one, S.Muhammad- peace be upon him- sws, Fatiha.

Allahumma salli wa sallim ‘ala Nabiyina Muhammad alayhi salam,
Salatan tadumu wa tughda ilay, mamara layali wa tula dawam...

## Come to Allah in These Last Days of Holy Ramadan!

Rabbana taqabbal minna wa `afuw `anna w 'aghfir lana wa tub `alayna w'arzuqna w'aslih shaanana wa shaan al-muslimeen. w'ansur Sultanana, Sultan al-Muslimeen. As-salamu `alaykum ayyuha 'l-mu'minoon ayyuha 'l-muslimoon.
Ya Rabbana laka aslamna, Ijaab anna wa `alayka tawakkalna, wa ilayka annabna. Tubna wa raj'ana ilayk f`afu `anna w'aghfir lana w'arhamna wa tub `alayna w'ahdina w'asqina w'aslih shaanana wa shaan al-muslimeen w'ansurna `ala 'l-qawmi 'l-kaafireen
Ya Rabbana lakal hamd hamdan daiman ma` khuludik milla as-samaawaati wa milla al-ardi
Ya Rabbana ya rabbighfir w'arham wa anta khayru 'r-raahimeen w'ansurna `ala 'l-qawmi 'l-kafireen w'ansur Sultanana, Sultan al-Muslimeen Sayyidina al-Mahdi Alayhissalam
Bi jaahi man anzalta `alayhi Suratu 'l-Fatiha.

Destur Ya Sultan al Ambiyah Ya Sayiddina al Awwalin w 'al Akhireen Ya Sayiddina Ya RasulAllah (s)
O people! As-salaamu `alaykum wa rahmatullahi wa barakatuhu.

Just we reaching third part of Holy Ramadan, most Holy days through year 10 days and we are saying A`udhu billahi min ash-Shaytani'r-rajeem Bismillahi'r-Rahmani'r-Raheem. By the name of Allah Almighty All Merciful, most Beneficent, most Munificent. We are asking forgiveness from Allah Almighty. It was most

precious days, SubhanAllah, 10 days and RasulAllah (s) he was keeping that 10 days with such a, taking much more care for this 10 days and he was always with Allah Almighty but he was asking to teach his Ummah and to teach to whole Ummati Muhammad, his nation to be with Allah.

Who is going to be with Allah, he should be happy here and Hereafter. Who leaving Allah, he is falling in such a terrible position. No one can carry that one from darkness and from troubles and from miseries and from sufferings. Beware, O believers, not to fall into that darkness territories. Perhaps that dark worlds or heavy darkness may be black holes. Black holes. If entering, finishing. Should be forever through that darkness. May Allah protect us not to fall into black holes. But people now they are looking and saying oooh black holes, black holes through skies, black holes through sphere, black holes through space...space, perhaps they are looking and seeing one of them but everything that belongs to Allah, countless.

That black holes they are imagining, mostly they are imagining for black holes but black holes is not a imagination, it is a reality to show mankind about their Lord's Power Oceans. That black oceans just misbah, swimming, swimming through unknown territories that those unknown territories under the Dominion of the Lord of Heavens. Heavens under His Dominion, Dominion of Divinely Presence. Showing as an example to people that O people! Look, take care!

Warning always coming through prophets to mankind, but they never taking care for it. Till now, perhaps 20 years, or 25 years it is an appearance coming through space and they are looking with such a... instruments or such a telescopes, gigantic telescopes and looking and seeing something that it is not same stage or same level with other beings through space. They are astonishing. They are finishing. They can't say anything about that ones. No one ever knowing. They are so gigantic ones that billions or billions of galaxies may swallow, disappearing in it.
That is a spot, spot, very small spot for showing mankind, particularly no mind people, asking to show from His Majesty through His Dominions. Man they can't be able to think the Heavenly Kingdom first, beyond Heavenly visions, Heavenly beings...some appearance like a spot, a very small spot, and the Lord of Heavens He is showing those stubborn, atheist, no mind people, asking to show them some signs, maybe that sign smaller than an atom but the Lord of creation may do, able to make that small spot as a gigantic galaxy! And then putting in front of that gigantic galaxy a hole and saying “Beware not to go in it! You are going to be disappeared through that huge, huge black hole!”

Really it is that black hole or holes, they are not so, something to be mentioned in front of Allah Almighty, that it is nothing! But for mankind it is so big. That black hole may swallow whole space! Space and everything in it in a time that less than second, fourth, fifth down you may go and may swallow it. Even they are gigantic beings in front of man but it is so small - lamyuskar (trivial). He is asking to show people that huge, huge black holes in front of your sight it is gigantic but in Power Oceans of Heavenly levels belongs to the Lord of Heavens it is nothing, nothing, nothing and His Dominions, no one can expect, our minds can't carry.

That is very simple, very, very simple ta'zeem, very simple glorifying for Allah Almighty. Allah Jalla Jalaaluhu, whole glory and whole praise for Him only! We are nothing! Whole creation as something through an atom and that atoms, countless atoms, countless Sultanate, Kingdom of the Lord's Dominion. O people! To reach the secret power through that atom, that His Dominions through everything, particularly smallest part of maaddah, of material, smallest material that can be seen or can be understand. Hu Allah! We are nothing!

Keep your good manners with your Lord. His command only between two words, "BE and BEING!" If He is saying for something to be He says, "Be!" And it is in existence. O people! We are heedless ones and so drunk ones also, never taking care for our universe. Leave universe, but look this globe that you have been landed on it, ask yourself how I landed on it? From where? Someone saying, "O Shaykh, perhaps we have been landed on it." How you are landed on it? "By parachute." From where?? O you are such a learned one, Masha'Allah. How we are being on this planet? And his answer, "O Shaykh through parachute, a jet plane was passing through."

(Sultan speaking to someone in the audience:) I don't know I am saying must be jet not this volontor (propellers). He knows better than you. SubhanAllah!

People thinking in such a way they landed on it – parachute . I am asking from where coming that jet plane? "You don't know Shaykh?" From Heathrow. Heathrow from Mars, coming and landing here and living here. Donkey's logic. Taubah, Astaghfirullah! Allah, don't say. Allah, the Creator, people but say nature, nature, nature, so foolish ones! What is nature? Say what you are seeing and try to know something. If nature giving

to man an honour, also giving to donkey honour, also donkey going to be honoured one on our planet.

And we are saying these are the most Holiest days, the third Holy Ramadan's 10 days. Prophet (peace be upon him) was always getting to his Holy place and trying to be much more, much more for Allah. Not to be in contact with people. He would like to be even 10 days, even he was with his Lord always, but he was asking to teach his Ummah to try to be with their Creator only. Even for 10 days through whole year. And blessings coming now up to bayram (feast) Eid, say Eid. Everyone knows, what is tea? What is that tea? (Laughter) say ‘Eid al Fitr coming this 10 days to be with our Lord's Divinely Presence. Give as much as possible from yourself to your Lord Almighty that He likes His servant to be with Him! That is all a teaching, Heavenly teaching but servants they are not even one minute trying to be with their Creator.

O people! Make 10 days more precious days for your lives that Allah Almighty, you coming closer to Allah Almighty not He is coming closer to you but you may be more close to your Lord, Almighty Allah. Leave, O Muslim world, leave from your hands weapons, try to give your best to your Lord Allah Almighty and try to give your best the servants of your Lord! O Muslim world! Leave, leave, leave fighting; fighting is from Shaytan but Allah Almighty calling you to be in peace! Peace is the best ...where is Muslims? We are going (to be) happy for killing and destroying and burning. Shaytan baynahum. They are so far from Islam as earth far from skies. I am saying to them stop firing, stop killing, take away the clothes of killing clothes, and dress clothes of obediency, clothes of `ubodiya, dress servanthood dressings.

Through these 10 days then your Lord bringing to you everything that you are asking, taking away from you troubles and miseries. Don't listen to Shaytan, leave weapons, come and embrace each other O believers! Don't follow Shaytan and Shaytanic principles. Come to Allah and be all of you servants of your Lord, even 10 days through this Holy month. Whom those they are not hearing, I am thinking that, not thinking but my yaqeen, certainty for whom this reaching this declaration from a weak servant to them, no one going to live up to next year. Who making zhulm, who making oppression, they should be taken away. Heavenly revenge approaching. I am nothing but I am warning whole Muslims! Leave weapons, come to mosques, come to our Lord's obediency, you should be happy here and Hereafter.

May Allah forgives us, forgive them. O our Lord! Send us such a powerful Sultan to give rights for everyone and to take revenge of poor people from zhaalim, oppressors and I don't think that oppressors going to reach

next Ramadan. May Allah forgive us.

Allah Allah Allah Allah Allah Allah `Azeez Allah
Allah Allah Allah Allah Allah Allah SubhanAllah
Allah Allah Allah Allah Allah Allah Sultan Allah

He is asking to show who is Sultan! Tarbiyyah. He is going to train people to teach them how should be a servant, coming now. I am fearing that millions and millions of people taken away, swallowing millions, a black hole that it is just on earth.

A-salamu `alaykum!
O Allah, forgive us!
Fatiha!

## Come to Fellowship and Leave Jahiliyya

Welcome. Tariqatuna as-suhbah wa 'l-khayru fi 'l- jam`iyyah, “Our way is fellowship, and the goodness is in the gathering.”

Only with the blessings of the association with Prophet (s) and his honorable companions were we able to reach stations that most people could not reach. Our way is fellowship. There is no invention there or bid`a, no! Prophet (s) used to sit in any association he saw on the road, desert, oasis, or in any place where people were sitting. He used to sit without asking for a chair. Prophet (s) did not expect people to stand up for him or receive him, because at that time they were in Jahiliyya, the Age of Ignorance.

Prophet (s) came to teach people, al-naas. The Arabic definite article “al,” alif, lam denotes all humanity or the people. The article “al” is used for kind, duration, and promise. All humanity are under the flag of Prophet (s), from the first man until the last man. Prophet is not tied or limited with time, no! Ever since humanity existed on Earth, Prophet was their teacher. Who was the teacher of Sayyidina Adam (a)? Prophet was his teacher.

**••••••••• ••••• •••••••••• •••••••• ••••• •••••••••• ••••• •••••••••••••• ••••••• •••••••••••• •••••••••• •••••••• ••• ••••••• •••••••••• •••• ••••••**

Wa `allama Adama ‘al-asmaa kullahaa thumma `aradahum `ala al-malaika’ati fa qaala ‘anbi’oonee bi asmaa’i ha’oolaa’i in kuntum saadiqeen. And He imparted unto Adam the names of all things, then He brought them within the ken of the angels and said, "Declare unto Me the names of these [things], if what you say is true.” (al-Baqarah, 2:31)

Who was the teacher of people? Allah knows it was Prophet (s). It is in the world of divinity. Prophet (s) was there before Sayyidina Adam (a). Prophet has no beginning or end in both the physical as well as divine worlds. No one can enter the divine world or know its truth; there is no permission. It is an absolute and hidden reality, which cannot be described, “The World of Divinity,” Lahoot.

Kuntu, “I was,” is a sign of oldness, pre-Eternity, “Then I became (apparent) for all Creation.”

We do not know anything, but sometimes we get inspired, when there is an order or permission. You are Subhaan! You are Sultan, yaa Rabbee! Kuntu kanzan makhfiyyan, “I was a Hidden Treasure; I wanted to be known so I created Creation,” Allah says in a divine speech. It is more than one can carry, but whenever we sit, they open for us. The word “treasure” was not defined. Do you know what a treasure is? A metal box inside of which precious items are placed. Allah did not say “kanzun” but said “kanzan,” which implies greatness. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem.

Allah is still is a Hidden Treasure. “I wanted to be known,” shows Allah’s will and is a sign of His pre-Eternal Absolute Reality. We are trying to understand about Allah’s Absolute Eternity. Allah’s will to be known continues from pre-Eternity to post-Eternity. Allah is the Great Creator and He is Eternal. Without Creation how can Allah be a Great Creator? What is the reason Allah is creating Creation? For every creature there is a reason for existence. Glory be to Allah!

Allah says in a divine speech, “I created Creation so that they may know Me.” Allahu Akbar. The human being appreciates things according to his knowledge station. For example, you are a Sayyid. Who knows your reality and the origin of your ancestors? Allah says, “I have created Creation,” using the Arabic article “al” for Creation. Al-khalq which means all Creation from pre-Eternity to post-Eternity. Who was there before all Creation was created? Who created it? Allah is denoting His Eternal reality and power. Allahu Akbar!

O worshippers of Allah! How is it easy for ignorant people to accuse others of association with Allah, shirk,

what association? For who? Allah the pre-Eternal and post-Eternal has a partner? Who are we to exaggerate things and accuse each other of kufr and shirk? It is strange. Allah has no partners. All Creation is the creation of Allah. Allah says, “All Creation is Mine. I have created them and I have no partners.” O Sayyid! There are things that if you were to use pens (...) Allah's words are inexhaustible as per the Qur’anic verse in Surat al-Kahf:

••• ••••• ••••• ••••••••• •••••••• •••••••••••• •••••• •••••••• ••••••••• •••••• ••• ••••••• ••••••••• •••••• •••••• ••••••• ••••••••••• •••••••

Qul law kaana al-bahru midaadan li-kalimaati Rabbee la-nafida al-bahru qabla an tanfada kalimaatu Rabbee wa law ji’naa bi-mithlihi madadan.

Say, "If all the sea were ink for my Sustainer's Words, the sea would indeed be exhausted before my Sustainer's Words are exhausted! And [thus it would be] if we were to add to it sea upon sea." (al-Kahf, 18:109)

Even if we brought seven more seas, no matter how, the Creation of Allah is great, great, great, but with the greatness of Allah it can disappear from existence with no trace! We are at the lowest stations if we were to use the pen to write the words of Allah. Allahu Akbar! Allahu Akbar, yaa Sayyid! He has no end and no beginning and the human being is the wonder of Creation. Allah Almighty has put into the human being the most amazing of wonders, so that he can understand something. What do we understand? If we were to write what we understood, if we were to use seven seas for the words of Allah it would be as if nothing, not enough. Even if we were to bring seventy, seven hundred, seventy thousand, seventy million, or seventy billion seas, it would not be enough to use as ink to write Allah’s words. Allahu Akbar wa Jalla `Azaamatihi, He is most Great. La hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Adheem.

Where are these words and these instructions coming from? Everything that comes as divine inspiration does not end. Divine inspirations that come to the heart of believers do not end or finish and you will not be able to differentiate between the beginning and end. Allah’s gifts are never-ending. Allahu Akbar! If people were to hear one Divine Word, they would get drunk and drown in Unity Oceans. They would say, “O Shaykh! Do not open Unity Oceans.” Allahu Akbar.

O People! We have come to the second jahiliyya. People do not have understanding. Understanding is Allah's gift to people. If Allah does not give understanding to humans, they would understand nothing. Nowadays, people need an opening, fath.

•••••• ••••••••• •••• ••••••• •••••••••

Inna fatahnaa laka fathan mubeena. Verily We have given you (O Prophet) a manifest opening! (al-Fath, 48:1)

Who is the speaker and to whom is the speech addressed? Who is Allah speaking to? When Allah is saying "We," plural, it is a sign of His greatness and when He is saying "you," to whom does He refer? Allah means Prophet (s). Who is Prophet (s) so that Allah (swt) should speak to him in Eternal words? "We have given you an opening, O Muhammad!" A true opening! A true opening! Do you think it has ended? What ended? It is continuous. Its nature is continuous, non-stop, from pre-Eternity to post-Eternity!

What is pre-Eternity and what is post-Eternity? Are they one or two? There is no duality. What is this opening? O Shaykh! What is this opening? Do you understand? Allah (swt) is talking to His beloved in His Eternity. This verse was revealed to Prophet (s) in dunya. Do you think Allah was talking in Eternity or in this world of dunya? The glorious Qur'an is Eternal. Since Allah is talking in Eternity, then His beloved Prophet (s) must also be in Eternity.

When Sayyidina Ali (r) was asked, "How is your Lord?" by the Jewish scholars, he replied that, "Allah Who has created 'how,' how cannot be asked about Him." The Jewish scholars were silenced! What a question had they asked? Allah has His manifestations, and everyday there is a a new manifestation.

••••••••••• ••• ••• •••••••••••••• •••••••••••• ••••• •••••• •••• ••• ••••••

Yas'aluhu man fee as-samawati wa al-`ardi kulla yawmin huwa fee sha'nin. On Him depends all creatures in the Heavens and on Earth; [and] everyday He manifests Himself in yet another [wondrous] way. (Ar-Rahman, 55:29)

(Mawlana Shaykh commented that his guests' hearts were like a water pump pulling divine openings out of him.) They have their states. Allah has a multitude of manifestations from pre-Eternity to post-Eternity.

O Servants of Allah! We are asking for dunya things for ourselves, but Allah (swt) and His beloved Prophet

(s) have more mercy on us than ourselves. Since we are from holy lands and from his grandchildren and nation, he has opened to us this door. Do not ask about those things. Let Allah creation His reasons when He wants to.

O Sayyid! We have made you tired with this news. You cannot find this news, but there are only a few between the east and west who can speak or understand. SubhaanAllah! May Allah give you openings. Dunya is not for us. It is a wasteland for us. We have left dunya and they have directed our hearts to Eternity. May Allah give each one openings according to each one's ability. We are not kings or ministers, or princes or this or that. We only want to be Allah's servants. SubhaanAllah, Who says, "I was a Hidden Treasure and wished to be known, so I created Creation so that they may know Me. Work hard, O My servants to know Me."

The more divine knowledge you achieve, the more your stations will become higher. Allahu Akbar wa lillahi 'l-hamd.

We are nothing. May Allah (swt) forgive us and increase your knowledge and tolerance. People are in a place with four walls, but they are so small like microbes. They think that this four wall place has no limit. Allah (swt) has no limit. We are ready to listen and I like you to keep and record these words and do not let them evaporate.

What are the oceans of knowledge? May Allah forgive us as He likes and pleases. We have been thinking about dunya matters but they have directed our wills to knowledge of Allah. It may be found in books and may not be. Maybe nobody in dunya has never spoken or understood those matters. The end of time is near, O Sayyid! Work hard to reach heavenly stations. If we opened those stations of nearness there is not limit. as Allah (swt) mentioned that for each one there is a station.

••••••••• ••••••••• ••••••• •••••••• ••••••••••••••••• •••••••••••••• •••••• ••• •••••••••••

Wa li-kullin darajaatun mimma `amiloo wa li yuwaffiyahum `aamalahum wa hum laa yuzhlamoona. For, [in the life to come,] all shall have their degrees in accordance with whatever [good or evil] they did, and so He will repay them in full for their doings and none shall be wronged. (al-Ahqaf, 46:19)

Allah has expressed the verse in a linguistic way without alif, lam, which means "Eternity." He did not limit those stations. For each one there are Eternal stations. There is no limit to Eternal Divine Oceans. We must

work hard to be close to Allah (swt). Every human being likes to be close to the king or sultan and to be one of his special association, why not ask for more nearness to Allah? The fundamental of Truth is to ask for nearness. Allah has no limit. No matter how much we want to be near Allah, stations of nearness have no end.

Wa min Allahi't-tawfeeq.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

Sultan of pre-Eternity and post-Eternity; Azal and Abad.

We will lose our minds with those divine inspirations. It is not book knowledge but divine knowledge. May Allah give you more. It is good tidings to listen and accept from sincere servants and you will reach high stations, inshaa-Allah. May Allah give you openings. Astaghfirullah.

**Come to Islam!**

As-salamu alaikum!

Allah jalla jalaluhu He is is saying that man (is) created weak; we are weak, perhaps (the) weakest creatures. We are asking from our Lord, (the) Lord of Heavens, Lord of Universes, to make our minds to understand for what we have been created!

Allah created (us) and (He was) saying: “Follow this way, that is good for you. I sent to you (a) guide for guidance, follow him, you should reach happiness here and Hereafter, you should reach eternal life, eternity. Follow your guides, their guidance from Heavens! Don’t follow your enemy’s calling, because (it is) your worst enemy that (he was) coming and getting in front of, (becoming) disobedient, ‘asi’, rebellious one, that he (was) never listening (to) My Order, not keeping my divinely Respect and getting rebellious in My divinely Presenc. I am throwing that one away! Beware, don’t follow that one, the worst enemy for you!” He was Azazil, his name first was Azazil, that (it is) an honoured title among creatures. Allah granted (it) to that one. “Then (he was) coming and standing in My divine Presence, saying: ‘I am not accepting Your Order! I am not obeying what You are ordering: to make Sajdah. You said: ‘Bow to Adam’, I am not going to bow to Adam!’

Don’t follow him! If you are following him, you (are) never finding through your life on earth a pleasure and you (are) never finding a peace, you (are) never finding a goodness on earth and you are going to lose eternal life through My

endless Mercy Oceans!”

That is (it). Now (the) whole world (people,) they are never asking who created them and what is His divinely Orders. (They are) never taking any care! Mankind through (the) 21st century, all of them, they are disobedient ones and as they are representatives of Shaitan! Everyone now (is) calling people to obey to Shaitan, never showing the way to be obedient servants for our Creator. That is trouble!

Don’t think (that it is true,) what people (are) saying: ‘Economical crises’. That is a big lie! (But there is) no peace among people; no peace, because their teacher, Shaitan, (is) teaching them, making them to claim that: “We are best ones and we must follow our way. We are not accepting heavenly Orders and Invitation. We are saying they are ‘asatir’, fairy tales.” Therefore we are looking and seeing that (there is) fire, fire, fire... everywhere disturbed people, disturbed people, fighting people, people killing someones someone else and all their ‘jahl’, efforts, (are) to make (the) biggest weapons to kill people. To kill people and destroy their homes, their lands, not to leave them to live a peaceful life.

Peaceful life only to be when they are obedient servants to Allah.
O people, don’t listen to Shaitan, but keep what Prophets (were) bringing from Heavens. Keep them, you should be happy here and Hereafter. (The) Last Day (is) approaching and we are (the) last Ummah, (the) last Ummah... We are going to pass away, to pass away... We are a small (time here) or (for a) more long life – (but) all of them (are) just preparing for Akhirat or (for the) Last Day, for the Day of Resurrection.

O people, come (to) Islam! Leave Shaitan, you should be happy here and Hereafter. Don’t accept anything from shaitanic teachings and don’t follow shaitanic teachings! Don’t go on their ways, you should be happy here and

Hereafter.

Oh, ya Rabb! I am asking forgiveness for me and you, for believers, and I am calling people: Come and believe in the Lord of Heavens! Leave tyrants, leave Shaitans and their teachings, you should be happy here and Hereafter!
My Grandsheikh can do that I can speak to you from today up to (the) second week. It is not difficult, but who is using his mind, may understand (already). (People) may understand, if they are using their minds...

May Allah forgive us and grant to me His Forgiveness and Blessings for the honour of this holy month Muharram and (the) most glorified and honoured, (the) most honoured servant in His divinely Presence S. Muhammad sws, Fatiha... (What is happening is) their punishment... Non-Muslims, because they are not coming to believe (in the) last Prophet that (has been) mentioned from (the) first man (on); (from) S.Adam, (the) first Prophet, (on) up to (the) end, he has been 'mujtalandi', he was just...whole Prophets they were giving good tidings to their nations (about him) and (so the) Non-Muslim world, because they are not believing in him, just punishment (is) coming on them.

And (the) Muslim nations (are being punished), because they are leaving (the) holy Shariat that just had been sent from Heavens, (because they are) leaving that honour, (leaving the) honoured Orders, heavenly Orders, leaving to follow the Seal of Prophets and they are running after (the) Non-Muslim world, to be like them. They are trying, therefore (it is) coming on them also punishment.
O people, if you are asking to be saved here and Hereafter, come and follow (the) holy Orders of Heavens that we have been honoured... If anyone (is) running away, (he is only) running to punishment. (There will be) no saving for them or no Saviour for them!

O people, you are welcome here. From different distance, from different countries you are coming here. Keep, what it has been said to do, and try to

follow the sheltered and protected way of Rasul, (the) Seal of Prophets S.Muhammad sws, you should be sheltered here and Hereafter!

O people, keep (the) holy Shariat, keep (the) holy Orders! Keep your children from dirty ways. Try to be good servants for Allah Almighty, because (it is) just approaching the Last Day, (the) Day of Resurrection. We hope that it is going to be (in) 1500... that we have now 7o years. Other sign of Qiyamat, big ones and small ones, (are) going to appear, then the Day of Resurrection (is) just reaching.

Keep your faith, keep Islam, respect Islam, respect (the) holy Prophet.
May Allah forgive us for his honour, the honoured or most honoured and glorified servant in (His) divine Presence S.Muhammad sws, Fatiha.

## Come to Learn Holy Knowledge!

(Mawlana Shaykh Stands)

O people, stand up for your Lord Allah Almighty. The whole of creation is standing up in his Divine Presence. O people, give your most high respect and glorifying to your Lord, our creator. No one can be in existence if he is not creating.

Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd!
Allahu akbar Kabira wa 'l-hamdulillahi katheera wa subhanallahi 'l-`azheem wa bi hamdihi 'l-kareem bukratan wa aseela.

O Allah,for the honour of Your most honoured one, in Your Divine Presence, forgive us. We are asking your blessings, O our Lord. Give the most high honour that you are granting anyone through creation Sayiddina Muhammad (s). Give him much more glory and praising.

Madad Ya Sayyidee and we are asking a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. Try to learn what it means: a`oodhu billahi min ash-Shaytaani 'r-rajeem. Try to know what the power of bismillahi 'r-Rahmaani 'r-Raheem is. That is a Heavenly, official language that was granted to the

Seal of Prophets Sayyidina Muhammad (s). He is the King, the Emperor and no one can reach his level and his honour in the Divine Presence. An empire must have an emperor. There can't be an empire without an emperor. O People, as-salaamu ` alaykum, that is an honour to you; to be addressed to all of you, as-salaamu ` alaykum. It is the most high honour that man is granted through holy stations, to be addressed by holy name of Allah Almighty. He is as-Salaam, Jalla Jalaaluhu.

As-Salaam means that a person who is accepting and asking from his Creator, His holy name as-Salaam, must be through safety here and hereafter. As-salaam, so honoured addressing from Heavens to Mankind. Use that holy word. Leave to say "good morning", "good evening", "gunaydin". Other nations' people, Greeks saying "kalimeras" through their language. They are saying some words, but all of them are imitated words. No power in them. German people, what saying, "guten morgen"? Italian, what saying, "bon giorno"?

That is a saying that Shaytan is teaching people to use because it is such a plastic bone, for example. Nothing in it, only emptiness. They are using this as a salaam, greeting. Yes, it is a greeting, but Heavenly greeting is full with energy or power or lightening. If you are using, you may say an atom as a weapon, making a big destroying because it has something in it. It is not empty. Also salaam has such a Heavenly power. When you are saying as-salaamu ` alaykum, that is granting to you or it is a grant from Heavens to you. Heavens, they are living ones. Everything is living there. Nothing is going to be sleeping or heedless or like dead one. No death on Heavenly levels, no. Finished. Death is on this planet only; to take your imitated one from you and to grant to you a real life's lightening and power. It gives that to you.

••••• •••• ••••••••• ••••• - Kullu man `alayha faan - everything on earth will perish, (55:26), holy words from Holy Qu'ran. All of you are dead ones. In a blink of eye, you are coming and disappearing. That is the real position for this planet. When you are leaving this and getting "up," you should find there, forever, in Eternity. Eternity is through Heavens but temporary, is just the opposite of eternity. Whole creation on this planet is nothing; temporary. Like this coming in existence and quickly going down or up. O people, try to reach "up" worlds, "up" heavenly beings. Don't be stupid ones; don't be ignorant ones; don't be heedless ones. You may lose only one chance you have been granted. Only once you should be in existence on this and you may choose your way either Heavens or downs. "Up" levels, Heavenly levels; full with lightening and lightening getting more and more and more. Not like a lamp, you may put in it paraffin, when finishing, this finishing, no.

Heavenly beings are taking from Heavenly levels. They are going to be yamuddoon, providing from Divine levels, never ending. That is the meaning of Eternity. Eternity is never getting less; getting more. O people, therefore ask more and more and more. You should be granted. SubhaanAllah, Glory to our Creator. He is sending that salaam as a living atom. Either taking you up or sending you down. That salaam, we are making as an example, is like an atom, a living atom; living never getting to be un-living. Always living, because yamuddoon, each atom providing from Heavens. Every atom that we are asking to say, as-salaam. Salaam is such a living power. It is covered with Heavenly cover. When you are asking as-salaamu ` alaykum; when giving that salaam, touching to you and giving to you a refreshment and renewment for your physical being. Changing, because you have secret power. You are keeping that secret power, making you to move like this, like that. Every function that you have been granted is a grant form Heavens.

That is an atom. What I am asking to say, atom of salaam. As-salaamu ` alaykum, gives to you such a power, you can't imagine. That power, living power, never-ending power, taking you from the darkness of this planet up to lightening Heavenly levels. O people, something that we have been granted. Only Prophets have such a secret knowledge and coming to teach people their levels and their positions and their waziyat, missions.

Beware, don't lose that chance that you have been granted, to leave you. You are going to be a carcass. Therefore, as-salaam qabl al-kalaam. The teacher of whole creation Sayyidina Muhammad (s) was saying, "O People, first say salaam, then speak." That giving to you a power from salaam. Salaam giving to your real being a power, through which you may reach ma`arib, ma`arib, what you are asking here or Hereafter. Here nothing, but you must ask something that it should be for eternal (life). Always O people, ask Eternity, Eternity. Don't lose your chance for reaching Eternity. You can't find over that position to be an eternal one. Try to be eternal one. When you are going to be an eternal one, what kind of grant going to be granted to you, you can't understand now. But try to reach that.

Yes, they are making a declaration for anyone. I'm a simple one also, but they are making me to speak. I don't know but they are knowing and making to give such a mu`azhzham, magnificent positions, to people because time is now coming closer, closer, closer. Our planet is going to finish and how many people on it, are reaching their targets or to their limits. Some of them wasting their chance and reaching nothing. Some of them gaining or winning such a power that forever you are running through oceans of Eternity. Never going

to get out. You are not asking (for) original. If running through Eternity oceans, no one asking to come out. Never. Their real life through Eternity oceans and time is over now. Allah Almighty just sent 104 Heavenly messages, commands, orders and holy books and finally Holy Qur'an. All these holy books bringing holy knowledge. They are asking now, we are in need of holy knowledge. The knowledge that Shaytan teaching people is finished. It is like sewage channels material. Never giving any benefit, for when they are changing this life to another life.

Now we are in need of holy knowledge. O People! O Pope! O Bishops! O Chief Rabbis! O Patriarchs! O Dalai Lama! Do you know this or not? If knowing, say to people, order them: O People, enough that you occupied your most valuable beings for nothing, for imitated, dirty things. O People, you have been created to reach holy knowledge. Now we are in need of holy knowledge. We must try to learn holy knowledge. If not, we are going to be carcasses and thrown through sewage channels, like rats. Come and learn. Ask holy knowledge; taking you up and up, seven levels of Heavens. O People, enough you are going to be drunk, drinking whiskey, champagne, vodka, nabit. Don't drink cognac, don't drink whiskey, talky-walky, Johnny Walker. Finished. You are going to be through sewage channels. Come and try to learn holy knowledge.

O People from the East to the West from North to South. Seventy two kinds of nations; you must close your nonsense universities, academies and high schools. You must close them and open a new page for your life, to teach your youngsters. To teach them and to train them for holy knowledge. Allah Allah, Allahu Akbar. O People, that is important, that they are giving tonight. Tonight is very holy night for whole nations. Come and accept holiness of this night and come and accept the month of this Friday night. Holy night and holy month. Try to learn something. Leave everything and Allah Almighty grants to you everything - you can't think on it or you can't imagine. O People, come and listen. I am an old one, I am nothing, but they are making me to address to whole nations. Kings, queens and dictators, all of you! Come and learn holy knowledge. You should be saved and honoured through this life and real life through Heavens. You may reach real life through Eternity, through Eternal life.

May Allah forgive us. This is an endless ocean. Therefore, how many nights they are making my tongue to speak, I don't know. They are giving an order to speak, to address whole nations. I don't think that anyone may do any objection on this, when we are saying, 'O People try to learn Heavenly language and holy knowledge. It gives you honour, pleasure, lightnings and enjoyment, here and Hereafter. Forever.' May Allah

forgive us. Fatihan.

Tawbah ya Rabbee, tawbah astaghfirullah

Dome Dome Dome Dome
Dome Dome Dome Dome

Whom they have, they should reach holy knowledge. Should be parade for them when they are reaching to their real positions. Their singing Heavenly, not like my singing,

Dome Dome Dome Dome
Dome Dome Dome Dome
Dome Dome Dome Dome
Dome Dome Dome Dome
Dome Dome Dome Dome
Dome Dome Dome Dome
Dome Dome Dome Dome
Dome Dome Dome Dome

Fatihah.

Allah Allah.

50... how much? 38... 48 must be... 38 masha Allah, I am looking and seeing more than this. How you are saying 38?

It is okay, enough... enough...

Lefke, 03.12.2009

## Come to Islam! Come to Nature!

Mubarak Muharram! For the honor of Islam (...) we must come back to Islam. I am unhappy with everything in the name of technology, I am fed up! We must bring the civilization of original Islam. Everything from Islam, or there will be no way to save Mankind from technology and its instruments. We must come to nature, as technology is taking Man from his real personality.

Laa ilaaha illa-Llah. I am looking, I am taking. Laa ilaaha illa-Llah. I hope it will, beginning this year. Come to Islam! Save yourselves from technology, which is making everyone (run in circles). Come to nature! Technology is taking (a toll) on our physical being and changing our personalities, making us like machines. Yaa Allah! (Mawlana Shaykh stands and sits.)

I am nothing, but I like to be in this humble place with those who are coming to learn something of the real way of Islam. I like that you may try to learn Holy Qur'an, that one of you teach another if he is not knowing. Even if you give a half-hour to learn Holy Qur'an, that will be a real support for you from Heavens. Now, we haven't anything from technology to fight them, but our spiritual power of Islam should make technology under my feet!

O People! Don't say, "How can it be?" One orphan is making the whole world under his command, bringing

holy commands and carrying three-billion people under him up to today! We can do it by that beloved one's power. There is no need to ask from Allah Almighty or even from His most beloved one. The weakest servant of that chosen one, that most beloved one, most glorified one, may change this world from here up to there! Try to be on his way, the real way of the Seal of Prophets (s).

Enough. I am not coming to speak anything, but 'they' are making this for me. I don't know, but they know. I can't take except what they are granting.

O People! As-salaamu `alaykum.

Fatihah.

All of you are in my heart. I am taking up the holy flag of Islam!

**Come to Truth!**

You may belong to any religion, to any school of thought or to any nation, but you must follow Truth. You must accept truth. You must try to learn about Truth. You must try to know what Truth is, try to find out how Truth comes from Heavens to mankind.

Prophets, messengers and their successors, saints, know the Truth. None of them hide anything concerning Truth, because the honour of a person is based on keeping Truth as it is. If someone hides Truth or plays with it, he will be dishonoured, disrespected and thrown out of the Divine Presence. Allah the Almighty granted you Truth from His Divine Presence, absolute Truth, like a virgin. No one can play with it, or hide anything from it. Truth is protected from the hands of devils. If you think that Truth will be in the hands of devils, you are committing a great sin, because the source of Truth is the Divine Presence. It declares that all of us, without making any differences, are servants. You have been created to serve the Divine.

The biggest war is, that our egos will always oppose being servants. Say to the bishop that he is a servant. Tell the pope that he is a servant. Tell Jesus Christ* that he is a servant. They will be happy. If they are not, they are not on Truth. That is our war. Our egos never accept it: "I am an MP, how can you call me a servant?", "I am a minister, how can you call me a servant?", "I am a king, or a queen, how can you call me a servant?"... Satan cheats people with nonsense titles. This is why when we say the shahada, we are saying that we are witnessing the unity and the existence of Allah, that there is no god but Him and that Muhammad* is His servant and Prophet. Servanthood comes first, then Prophethood.

Who gave lordship to Jesus Christ*? Did Allah? Where is it written? He is saying that he is a servant. We must correct so many things. We must come to our real size. We are not only using king-size, but world-wide size. This world cannot carry our sizes, that is how big we are with our nonsense titles. This is why our

Prophet says, "Whoever has even less than an atom of pride, cannot enter Paradise!" It is forbidden for proud people to enter Paradise. They go to hell. Whoever accepts to be humble, will find the doors of Paradise open. Whoever has even the smallest pride will be stopped. Everyone wants to find something within themselves to be proud of. Come to yourself, to your servant hood-size and you can enter.

Everyone must accept Truth and be Defenders of Truth. If not, this world will be destroyed, fully destroyed, nothing will be left. Satan and his devils cause our egos to fight each other and make everyone enemies of each others, like two cats. Our egos cause all wars, our dirty egos. Come to Truth and say that you are a servant. You will find yourself being humble, easy and happy. There will be no more fighting, because you will be simple. Our Prophet* said that Muslims should be easy, not complicated. But we are like rocks, which is a sign of hell. Come and accept Truth.

We must come to Truth which is like honey, when you put it bees will come from all sides. All religions have declared Truth, only our egos have changed it all. Truth is so simple, it means servanthood, nothing else. Everything else is nonsense and wastes our precious lives.

The Lord is looking at us to see if we are doing the Divine Service He offered us to do. It is our honour to be able to do it. As long as we glorify Him, He will glorify us, He will dress us with blessings, with Divine Lights and He will prepare never-ending honours and blessings within Paradise for us. Don't think that there are only 8 Paradises. There are countless Paradises for those who accept Truth and accept to be His servants and not to fight and not to quarrel. Leave fighting and come to His servanthood, then peace and Divine Support will come.

Don't worry about the weapons of the devils. True ones can stop all that within a second. Satan and his agents are so weak. Don't fear their hydrogen bombs or nuclear bombs, it is nothing. For your honour, Allah can order one of His weakest servants to destroy all that within a second. If the secret power with which the nuclear bombs work is taken away, it will all be like toys for children. You have been honoured by being servants. Accept being His servant and you will be happy here and in the hereafter.

## Come to Your Real Being

(Mawlana Shaykh stands.) A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem. (...Tranmission cuts, one minute...) ...to live peacefully. Shaytan always asking people to live by quarreling, fighting, killing, suffering, through miseries.

Madad yaa Sultaan al-Awliya. madad yaa rijaalallah. Alfu alfu salaat, alfu alfu salaam yaa Sayyidina al-awaleen wa'l-akhireen, Sayyidina Muhammad, zidhu ya rabbee `izzan wa sharafan wa nooran wa salaaman, azhar shaanahu. (Mawlana Shaykh sits.)

That is the level of the birthday of the Seal of Prophets (s), tanzil rahmah coming. (Someone says, “Mercy,”) Mercy? I said birthday! (laughter) Coming blessings from heavens, coming mercy from heavens.

O People! Ask for your Lord to grant us from His Mercy Oceans and to forgive us and send us His divinely blessings. Be happy! Be happy that we are handsome people coming here. Now through East and West, raining from Mercy Oceans and we hope that we may reach even one drop on ourselves.

O People! Say, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Allah (swt) makes Shaytan go far away from ourselves. Allah Almighty leaving Shaytan and saying to him, “Go, do as you like, whatever you can do, do!"

One angel answering to Shaytan, saying, “O you, who is thrown away from the Divine Presence, it can be millions, billions, quadrillions of shaytans, can’t do anything!!” Because Mankind is under divine protection, that Allah Almighty granted that protection to Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.) Yes, Allah, Allah, Allah.

O People! Don't be heedless! Shaytan makes people heedless and trying to make people disobedient ones to their Lord, their Creator. But now people are not thinking. They love to think on such a very fine point but not thinking, how we are in existence, or how we came on this planet, or how Children of Adam are born and created? Then they are growing and coming back, getting older and older, weaker and weaker, and then falling on the Earth, then they are put under the Earth.

Twenty-first century people are drunks. Drunks! Everyone is drunk. They are never thinking about their realities. What is the reality of Mankind? No one is asking about their identity. “Who am I? Why am I here? To whom am I going to be taken?” No, running up and down from morning to evening. It is not for a person to think about himself, “Who am I, that I am speaking and thinking? How you came? Who are you? I must look in a mirror. I came here. I am not saying this is myself, I am saying this mirror is a liar, showing such an ugly one. That mirror is lying!" People are never thinking, never saying or asking about their identities. “How I was once upon a time a young one, now who made me an old one? Once upon a time I was a small baby, now I am ten-years-old, then older, and if I may put behind 100 one zero, and you are going to be 1000 years old like Prophet Noah (a). What is that? I am that one? Who is making me to be changed?"

O People! Don't think that you are a statue; statues are always looking, from the time of pharaohs they are sitting like this (Mawlana sits very still), never changing. How many years? Ten years? They are sitting like this, never saying, “I am tired.” If they are tired, must make them to stand up or must sit down, but never changing! But Man is not like statues, everyday changing, in past time, present time, future time. I know English, mashaa-Allah. (laughter) I forget this, but they are giving me powers. Past time, present time, future time. How am I going to be in ten years, and who is changing me, "nature"? They may go to Hell with nature! Whoever believes in nature (as a creator) does not believe in the Lord of Creation. They are saying, “We are living on the top point of civilization,” and saying, “Nature making me.” What is that, civilization? Nothing, finished. Ninety-nine percent of people believe in nature and not believing in the Creator of this universe! Forgetting who put them on this planet and how this planet is turning or how it is running (flawlessly), never

making a mistake through its turning and running. From where is it coming? To where is it going? People are never asking.

O People! Wake up, leave your drinks and come to yourself. Drinks are taking you from yourself and taking from your real being. O People! Come to your real being! Therefore, everything that prophets were saying, we must think on it. Thousands of prophets coming and, as we are informed by the Seal of Prophets (s), (they brought heavenly) instructions. 124,000 prophets saying to people, “Come to our Creator, come and listen and obey and be His servants.” Servanthood is the most high dress; servanthood dressing is the best dressing and the most honored dressing. You can not find any dressing better than servanthood. Be happy! Be proud by being servants to the Lord of Heavens, to be servants in Creation, from pre-Eternal to Eternal!

O People! Who created you and put you on this planet is asking to dress you in honored dressing of servanthood. Don't run away. People like to run away from servanthood, they like to be slaves to Shaytan. Slavery is something and servanthood is something else; slavery is making people on the lowest level, but servanthood is taking them up, up, up endlessly. That grant is from our Creator dressing us, from servanthood dressing, neverending. You are always going to be dressing in new lightening and new beauty comes on you. You are always going to be dressed in new beauty and receive new knowledge about the Lord's creatures. And always going to be granting new (dressing) to His creatures and granting to His servants, granting endlessly: “O My servant, ask and take, I am putting to your heart to ask. Ask, I am granting, neverending grants I have.”

O People! So quickly our lives are running, running, running, going to finish. We are like sticks, just fire on it and coming less, coming less, coming less and finishing. In the Divine Presence the first the light is going up, going up, going up endlessly. If a man can learn such wisdoms, it is reaching to ourselves through the heavenly levels coming to prophets and they are giving good tidings about our brightened future. No future there; there is eternity, eternity, eternity. They are wasting our chances, they are not going to be granted another chance. If asking to be on the lowest level, you will always be on that level, even if you have been granted. But to get up, Allah Almighty is saying, ”O Ummati Muhammad (s)!" (Mawlana Shaykh stands and sits.) "I am granting to you endlessly, endlessly, always, always. That is My pleasure.'”

We have a saying, kullu jadeedun ladheedh, “Every new thing is much more tasteful.” You are never asking to

reach your first level after you reach your second level. When you are reaching your third level, you are never asking for your second level. That is very high astonishing for people. Because the first level that you have been granted and then the second coming to you, and you are not losing the first. When you reach the third level, you are not losing the second level, because what Allah Almighty gives He is never taking back.

O People! That is a celebration of the Seal of Prophets (s), that everything is created for his honor, inspite of their will!

O hadrati `ulamas, Salafi `ulamas, they are not accepting and they are going to be fixed, no more going up.

O People! Keep the way of Ahlu 's-Sunnah wa 'l-Jama`ah and the Seal of Prophets (s). His level no one knows, no one can keep the divine lights, that is impossible. Only one, the Seal of Prophets (s) can carry, and giving more from divine lights. If not reaching to heavenly lights, heavenly lights are going to be black, nothing on it.

Allah (swt) gives us a good understanding. We are asking forgiveness of Allah Almighty and we are asking for celebration of Seal of Prophets (s), we are asking sixty years of celebration from East to West, that Allah (swt) gives us more lights!

Fatihah.

As-salaamu `alaykum.

Lefke, 26.02.2010

WebSufiLive, CategoryJumaSohbat, CategoryProphet, CategoryServanthood

**„Come with me to eternity!“**

Welcome to you! Welcome to those who people, whom they are coming from East, from West, asking something... We are saying: Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Adhim.

We are weak servants, coming from East, from West, and we are asking something- we are needy. Rasulullah sws, (the) Seal of Prophets, (was) saying: “Ad-dinu nasihat”; that the meaning of ‘din’ is advising. When a person (is) advising to you, that means, he is asking that you may be happy here and Hereafter. I am advising to you, to keep you from dangerous happenings that may be the final point of your physical being or (it) may be (that you are) loosing your faith That faith (is) giving to ourselves refreshment every time, therefore (a) Mu’min, (a) believer, always is fresh, powerful, hopeful, happy and enjoyful, but unbelievers, they are unhappy people. (A) believer day by day (is) getting much more enjoyment!

S.Bilal- Allah bless him... that is a good description about believers life, particularly their last moment, (when their) last day (is) coming, what is going to be their position. S.Bilal- Allah bless him- he was on his deathbed lying and he was so happy and enjoyful, it is difficult to bring a description for his enjoyment and his pleasure! They were asking: “O Bilal, o Companion of the Seal of Prophets! We are looking that every moment you are approaching to death. What is that- you are so

happy!" "Ohhh", he was saying, "my friends, how you are saying this and I am today with you, tomorrow I am going to be with My Habib, my beloved one, and his Companions! Today (I am) with you, tomorrow (I will be) with the Friend of Allah, (with the) friends of Allah. I am going to reach to them in Heavens, why, how you are surprising, that I am so showing you so pleasure and pleasement?"

That is Mu'min's, believer's position, when they are approaching to their end of their lives, but unbelievers- Allahumma (afina), o our Lord, protect us, not to fall in such a dark position, hopeless position, so difficult position, because they are saying: "No life after this life. No Akhirat- only here." They are saying and they are believing in such a way, therefore day by day they are going to come down, to come down and, as a glace (?) getting melted, day by day they are feeling that their physical being (is) going down, (is) going down and hopelessness (is) attacking on them and (the) darkness of being nothing, loosing everything that he was enjoying through this life. He is looking and seeing: "Ohhh, everyone, everything that it was an imagination, no reality, and I am going to be nothing, ohhh!"

(A) Mu'min, (a) believer, day by day (is) feeling himself closer to reach their heavenly Stations. They are asking to reach quickly to their heavenly Stations that you can't bring any description (for) the lights and (the) beauty and enjoyment and pleasure and happiness and satisfaction, what should be for him through heavenly Stations! One going to finish- therefore Mu'min, Iman, gives you refreshment. Mu'min always (is) fresh, hopeful, enjoyful, happy and they are waiting (for) their departure from this life to (the) second life. (A) Mu'min (is) believing and knowing that they have a second life, eternal life. Eternity! Ohhh- so beautiful word in European language- eternity, eternal!

O people, come and listen to Prophets advice! Therefore (the) Prophet was saying: “My mission”, the Seal of Prophets (was) saying,” is to call you to come with me to eternity. ...’wa-llahu yadau ila Dari-s-Salam...’ I am calling you for eternal life that it is impossible to make a description on it, how it should be, ohhh, ohhh, ohhh, ohhh!”
That is their main mission: to call people: “O people, don’t be cheated (by) what you are seeing and looking on this planet, no! You can have everything from this planet, but you can’t carry it (with you). It is not for you. You must leave it and another one must come and to say: ‘That belongs to me.’ “

Therefore (the) Prophet was saying: “The meaning of religion, the meaning of Islam, religion, (is) to call people to eternity!” Ohhh, so sweet word- eternity! What is (it) in German language?... (Ewigkeit)...so sweet word! But people they are like hens and cocks, cocks on the hills of rubbish. He is getting up and shouting: “Kukuriku, I am here, I am the King of this hill! This is for me! Anyone here? No!” Another one (is) saying: “Kukuriku, I am here also, on another heap of rubbish! I am here also!” Another ‘dik’ (is) shouting: “I am also here!” I am King, I am Queen, I am President, I am Prime Minister...yes, Sir! Anyone..?
...Understanding what I am saying? Don’t sleep! You have a heap of rubbish?...
And time by time I am going to (the) cemetery for burying some people.
(I am) asking: “Ohhh, so many people, lying under these rocks, and only (it is) written on your stone: ‘This (is) that one, this (is) this one...’
- what about- why you are leaving everything and coming (here), lying on this field, on that land of cemetery?”

I was visiting Spain, Madrid. I went, nearby Madrid there is a monastery (Scurial) that Kings (are buried there), they are carrying dead bodies of Kings underground. They were taking me also and there is a

photograph, saying... I am asking: “That is hospital?” They are saying like this, like that, pictures. “What about this?” “Not to be disturbed our Kings there.” Very, very curious. Then we went in it, I am saying: “O Kings!” Perhaps more than 1oo Kings are lying on- there was old bathtub, that people coming in it and washing themselves... like this, I am looking, ohhh, so many, I am looking perhaps 1oo or more! I am saying: “O Kings, how you are sleeping here? Everyone (of you) was saying: ‘This lands, this world belongs to be’ and now you are just imprisoned through underground, so many!”

And (in) England also, nearby Parliament, in Westminster Abbey, perhaps you may find 1oo and more Kings, Queens, under it also. I am saying: “Why you are imprisoning these people? Let them to come out to look where (are) their royal clothes, where (are) their royal crowns!” I was going looking, first time that I was going to England that no one (was) knowing me, I was going to look around- now I can’t, because people (are) running after me, it is impossible- and I was in London Tower. They were taking me and showing me so many clothes and crowns. I am calling one guard, saying: “Come- to whom this?” “His Majesty King James 7th.” “Where he is? This his clothes?” “Yes, this, he was dressing this and this crown.” “(To) where he left and go?” “They buried him (in) another place, this (is) their clothes...”

O people, use your mind, use your mentality! Those Kings and Emperors- their clothes (are) only going to be a show, as a showroom, and that (person) disappeared. If they are believing for eternal life, they are enjoying; if not, they are going to be... they are not happy, finishing, they are crying: “Why we lost real ones and we were looking, occupying ourselves (with) such things that we left them and now we are without clothes! No clothes, no dressing from Dunya or no dressing from Heavens-

we are naked people, and only our bones (are) lying here!”

O people, what (the) Prophets (were) calling to you, it was reality, but you (were) cheated by (something) temporary. “We lost everything for eternity and he have been cheated (by) such useless things (so) that our bones (are) only lying on earth!”

O people, come and accept Reality! Therefore (the) Prophet was saying: “I am advising to you, o people: Don’t be cheated with temporary materials! Leave that and ask real ones! Don’t run after (what is) no real, like plastic ones- plastic jewels you may find, but it is not a real one. Come and ask real ones. Everything through this life (is) like plastic materials- no value. I am calling you to reach real values through Heavens. O people, come!”

Yes, you may take a plane and (that) plane takes you from earth up to maybe 1o.ooo (meters) or less or more (of) height, but it is not a real arising! Come and use (the) secret power that Allah Almighty (has) granted to you! Make it correct through the hands of (the) Prophets and their inheritors, so that you can find yourself getting up, arising to Heavens, without any hindrance, (and the) doors of Heavens (are) opening to you and Heavens (is) welcoming you!

O people, keep the advises of (the) Prophets that they are on behalf of Allah, the Creator- jalla jalaluhu- (that they) had been sent to call people: “Come to Me! Come to Me, o My servants, I am your Lord, I created you, come to Me! Don’t run away from Me, you can find nothing!” May Allah forgive us! For the honour of the most honored one in His divine Presence, S.Muhammad sws, Fatiha!

## Coming from Allah and going to Allah...

"Shukr, ya Rabbi, Shukr, ya Rabbi, Shukr, Alhamdulillah, Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah..."
(Shukr and Alhamdulillah open the gates of Paradise,
Tauba and Astaghfirullah close the gates of Hell.)

Tariqatuna as-sohbet wa khairu fi jamiat... These are the words of Shah-u-Naqshiband, may Allah give him much more honour. He was, and still is, guiding the Ummat-i-Muhammadi sws to Allah Almighty. We are coming from the Heavens, from Allah, we are touching this planet, and then we are returning to Him. Nothing else...

When we touch this planet on our way, it is going to be perhaps for one hundred years, or eighty, forty, or maybe just eight years. The period of our lives is going to be different. Countless events are happening in Dunya, and so many things we are interested in which we give all our power to- and they are all Batil... Allah Almighty is saying in His Holy Quran: "Inna li'llahi wa inna ilayhi raji'un...We are coming from Allah and we are going to Allah..." And that is Haqq, the real truth.

The people of this century never take any interest to find out from where they are coming, and to where they are going. Their only interest is Dunya, what they are touching in this life up to until they leave. They think

that sixty or seventy years is a lot. And they think that they may enjoy themselves throughout this short life-time... sixty, seventy years, or more or less... ninty and one hundred year old people are so difficult to find...

Where were you before you came to this life? You were in Allah Almighty's Divine Presence. You are coming from Him- coming a long way.... You have forgotten it. What makes you to forget? It is that you are not believing. If you were believing, you would have to take an interest in yourself and ask: "What happened, and what is going to happen?" But people never use their mind... Their interest is only in that short time that they are living in.

And everything in this life is directed in such a way that man is never going to take an interest in his spiritual being and his spiritual life. Everything that has happened, or is happening now and is going to happen is only making you not take any interest in your original source, not to ask from where you are coming. And this is big trouble for mankind...
You see running water, and you are asking: "From where is this river coming? Is it pure or not?" For water you ask. But for yourself, although you are running day after day like rivers, you are not interested to ask: "Where I am coming from? Where am I going to?" The answer is just as we said: 'Coming from Allah, and going to Allah'...

Our time is very short and full of interests which never leave you to look after anything from your eternal life- and eternal life is to be with Allah Almighty. He is the Eternal One, and if His servant is asking for eternity, then He dresses him with such lights, with such powers, that his interests are going to change step by step. Then you finally reach a point that you understand where you are coming from and where you are going to. There is a plan. On it is written: 'From Allah Almighty'. And on another plan is written: 'To Allah Almighty'...

You must try to be for Allah. You must try to force your ego to live for Allah and to learn that you are coming from Allah and going to Him: "My interest is never in you for this life. My interest is only in my Lord. I came and stepped on this planet, and after a while my feet are taken from this earth and directed towards some directions... perhaps unknown directions... perhaps somewhere where there is no more directions..."

Oh people, he who is going opposite to Allah's calling is going in the wrong direction. That is why a punishment comes on a person, who understands this, but doesn't keep it. You must understand, in this

short life, everything that has happened, what is happening and what will happen forever. Be careful what you do here, what you plant here, so that you should be powerful, and full of enjoyment and satisfaction.

Oh people, try to make your ego say that we are coming from Allah Almighty, and we are changing crew, taking new fuel, and then leaving towards the Heavens in our space ships. Everyone has a vessel, like the Ark which was granted to Sayidina Nuh a.s.... You may enter it and go freely to your Lord's Divine Presence...

May Allah forgive us and make us understand. It is so clear- to come from Allah and to go to Allah. Oh people, live for Allah, do for Allah, go to Allah, be for Allah... Fatiha.

## The Coming Muharram - Take Precaution in the Month of Muharram

It was Hajj al-Akbar this year, but they (awliyaullah) delayed it by one day because there were saints on Arafat this year and they did not like the general public to be there this year. The first of Muharram will be on Saturday (November 26). This month Dhul Hijjah is 29 days, meaning Saturday is more correct.

Allah (swt) knows what will take place and what will happen during the month of Muharram; therefore, if there is no urgency or absolute necessity, there is no need to travel, not to America, not to Europe. You have to take precaution and be careful and attentive.

Maybe WWIII will start in the Middle East and the Russian army may reach to the plain of Amuq in Syria. The war will take place. Allah (swt) will make Islam victorious and support it and open the way to Turkey. Allah (swt) may open the way to Istanbul. From there, the sultan will come and enter Istanbul, and Imam Mahdi (a) is still present in the movement, but he is not appearing yet.

Maybe this event will take place in the month of Rajab or after, when Imam Mahdi (a) will enter Istanbul. This means that the region of the Middle East is on fire. The army will come from Damascus against the Russian army and the hand of Imam Mahdi (a) is with the army, but he himself is not present or appearing.

I am not afraid, but rather cautious of the occurence of Armageddon as the time is very near! Therefore, in the month of Muharram everyone must be careful and take precaution. They should not move like this, like that. Without absolute necessity, do not move! Everyone must remain in their areas and in their homes (stay where they are). Odhkhuloo masaakinakum, “Get into your dwellings!”

••••••• ••••••••• ••• ••••••••• ••••••••• ••••••••• •••••••••••••• ••• •••••••••••••••• •••••••••••• •••••••••••• •••••• •••
••••••••••••

Qaalat namlatun yaa ayyuha 'n-namlu 'dkhuloo masaakinakum laa yahtimannakum Sulaymaanu wa junooduhoo wa hum la yash`uroon.

One of the ants said, "O Ants! Enter your homes unless Sulayman and his armies unknowingly trample you. (an-Naml, 27:18)

It means do not go out of your homes unless absolutely necessary. Keep yourselves in your homes as the one who stays in his or her home is in safety and security, but he who goes out is in danger as something may hit him.

Therefore, every person according to their situation and possibility, should keep stocks (of food) in their homes so they may not be needy. And you do not know, the grocery shops may be closed and you may not find anything. You may then find something in your house, and from what you stocked for you and your family for twenty days by divine permission and blessing may last forty days. If a person may buy extra, more than his family’s needs, and he asks to grant to the poor people who come and knock at his door, he may also reach them. By the divine generosity of Allah (swt) and by His favor and blessing, if you spend something on the poor servants of Allah (swt) He will increase the provision in your home without you knowing it. Do you understand?

Bismillahi 'r-Rahmaani 'r-Raheem... (du`a). May what we ate and drank give power to our bodies, light to our hearts and cure to our chests for the honor of the Prophet (s), his Companions (r), our shaykhs, Um Hiram, Hajjah Amina (q) and those who are following, and the believers.

Fatihah.

(Are these instructions for everyone?) Yes, of course they are for everybody, for the general public and especially for those who are in the Middle East.

The time of Saahib uz-Zamaan has just arrived. There is no need to move outside the country. If it is possible, they should keep themselves. If anything happens come to your homes, make wudu, pray two raka`ats and then sit there: nothing will touch you. Alhamdulillah, barakat.

(When is this?) The whole month of Muharram, everywhere will be turned upside down!

## The Coming of Sayyidina Imam Mahdi (a) & the Secret of Imam Husayn (r)

Man lam yakun lahu imaam fa imaamahu 'sh-Shaytan, "Who doesn't have a guide, his imaam is Shaytan." Alhamdulillah, radiynaa kullu 'l-ummam, we are accepting of all nations. Laa nufarriqu bayna ahadin, "We make no distinction between any" (al-Baqara, 2:285). Kalaamullah, Allah's Words.

Don't make khilaaf, dispute among imaams. Don't leave them to be unhappy from you. Make the imaam happy with you or else it is so difficult, all fitnah. Shaytan is running here and there saying, "O let me go here. O there's another one; let me go there. O and another one!" Now Shaytan is surprised; he's left in amazement.

May Allah protect us from falling into the hands of an oppressor. Don't be a zhaaliman, oppressor or mazhlooman, the oppressed. Soon inshaa-Allah the order will come down from Heavens, and as soon as He says, "Come out!" he will appear. Imam Mahdi (a) looks at the order coming from above. A command from Heavens given to him: "Come out! You've been dressed power on yourself; no one can touch you." If anything touches him, like this (he'll be taken away).

When he is making takbeer technology will be finished: ferries won't be able to move and every machine that gives so much courage to people for that reason will be closed down. Their airplanes won't fly, their tanks, artillery and rockets won't move! Only swords, and nothing else. Teknolojinin kafasini kesecek tekbir, his

takbeer will cut off the head of technology!

They are saying, for example, that Syria closed its sky so that no one can see or hear such things, finished. If technologists are using that very small power, when the time comes they won't be able to do anything with all that they know, finished; only swords.

Imam Sayyidina Mahdi (a) will come with one firqa, division, all on horses. Saahib az-Zamaan making his horse like this (Mawlana Shaykh gesturing take-off), and that will be enough--no need for taka tuka taka tuka (horses running), it will fly, and behind him will be 12,000 chosen ones! If looking at them with such look, that person may fall down dead. Havârik, wonders! Everything that operates with technology will finish: technology will be under the feet of his horse! Allahu, Allahu Akbaru 'l-Akbar.

Yaa Rabbee! We are asking to reach those holy days that no prophet was ever given such an authority. It should only be for Mahdi (a) to clean dunya and not leave anyone against Islam. Like take-off, then coming down; any place they land, they only make their horses fly up for one minute and come down in one minute. In black, they are shouting. If anyone hears them, they will say, "Thunder! The world is thundering but there aren't any clouds! How?" They will make woojjj, woojjj, woojjj with their swords, lightning, and finished. A miraculous power will be granted for him to use, a power which Rasoolullah (s) never used; it is for Sayyidina Mahdi (a). Allah yaa Rabbee, tawbah yaa Rabbee, amaan yaa Rabbee. This is coming! This is coming!

••••••• ••••• •••••••• •••••

wa khaaba kullu jabbarin `aneed. and disappointed, [therefore], was every obstinate tyrant. (Ibrahim, 14:15)

Everyone claiming that he is the first, or that he is the best or most powerful, his head will be thrown away! The fuqaraa, poor, and the du`afa, weak, will be with Mahdi (a). Jabaabira, tyrants, Allah Allah, Allah yudaafi`a, He will be defending the believers. If they aren't believing, they will be taken away also. "Hajji, come. All of those people have passed away with their homes and castles. What shall we do?"

I am looking to see which one should be for Saahib az-Zamaan. Ooooh (Mawlana Shaykh in amazement)! In Germany there was this one tower, a castle which belonged to an emperor. Just like it, but he is not in need for that. He may leave his own things in it, but in a split second, that night he will make a castle. It will be a building for Saahib al-`Asr--a castle, not a palace. Castle! If all Mankind tries to make such a castle, they can't

do it. Allahu Akbar! And Mahdi, Saahib az-Zamaan, he will be on his horse bayna ‘l-samaa wa ‘l-`ard, between Heavens and Earth. He will move (upward in ascension), then he will stop, jump to the castle and rule!

But now people are not interested in such things. All of them are occupied for dunya, for themselves. And dunya is saying, “I am not with anyone. I am here but you are going. Don’t try to reach to me, no, but try to be from those people whom on the Last Day, will be called as ‘Paradise People,’ entering jannat al-`aliyya, fee jannat al-firdaws, the highest Heaven, in Jannat al-Firdaws.” Allah jalla jalaaluhu, jallat `azhamatuhu.

We are not patient people; we are asking everything to be quickly. We are weak ones. And astaghfirullah, those tyrants are making zhulm, oppression, laa hadd wa laa yanal zhulm min an-naas kazaa, with no limits, and not including oppression from the people as well. We are waiting for that one who can take the hands of believers, Muslims, Ummatu Muhammad (s); to take them away, to save them and to destroy everything from kufr!

Sayyidina Hussayn (r) came there in the event of Karbala; the order came, “Stop! Now leave what is happening for Us.” He was there with the Holy Family (a), and a group of fadaaiyoon came, sacrificing themselves. Then the soldiers of Yazid approached. I am saying, what do you think? Ibnu Nabee (s), the Son of Prophet to be slaughtered? Do you think that he was slaughtered like a sacrificial ram? Seventy kings of jinns surrounded them, ever ready, so the moment they were touched, they immediately took him and replaced him with a duplicate. They slaughtered that one and people stood up!

O, Allah Almighty is trying His servants! Sayyidina Hussayn (r) was taken to his Grandfather’s (s) maqaam. There are so many things that no one knows now. Why did the jinn come there? To make a show? Hashaa!

••••••••• ••••••• ••••••

wa lakin shubbiha lahum. But [another] was made to resemble him to them. (an-Nisa, 4:157)

That is Holy Qur’an’s ayatul-kareemah. They were thinking that they slaughtered (him) just as they thought they had caught Jesus Christ, putting him on the cross. That never happened! Wahid, “one” was dressed in his outer appearance as Sayyidina `Isa (a) and another one also looking like Sayyidina Hussayn (r), so harm never touched them. Haasha! Haasha thumma kallaa!

But people must cry on him. They must cry for Sayyidina Hussayn (r). He is going to make intercession for everyone who is crying for him also. He is not asking to make divisions in the ummah, no. There is one! Such secret events (took place) that awliyaaullah were also ready there. But no one is speaking. Now waqt, time is over.

Therefore, we can only speak one drop from an ocean, no more. Inshaa-Allah we hope everything we are doing is for Allah, not for dunya. Whoever is making any action without thinking, without knowing, they are going to be taken away. Ooooh, thousands and thousands of people writing for Karbala. But if they are looking from outside, they can't look inside.

Inshaa-Allah you should be happy with Sayyidina al-Mahdi (a) and you must make du`a for a weak servant. For seventy years I am waiting, making myself ready to salute when he comes. For seventy years that I heard about him, my heart was filled with love and service to him!

For every century, some people have been granted that authority to meet him, alayhi' s-salaam. `Alaa nabiyyina wa `alayhi 's-salaati wa 's-salaam. Alfu alf salaatu salaam `alaa habibillah wa nasli paaki rasool hazrati Hussain, radiy 'Allahu`anhu wa yarda `alayhi s-salaam. Yaa Rabbee! Ij`alhum shufa`a lanaa yawma 'z-zihaam, to be a savior for us!

Fatihah.

## The Coming of Sayyidina `Isa (a)

(Mawlana Shaykh stands.) Dastoor yaa RijaalAllah. Bismillah, la hawla wa la quwwata illa billahi 'l-Aleeyu 'l-Azheem. Yaa Sayyidee, madad. Bismillahi 'r-Rahmaani 'r-Raheem. La ilaaha illa-Llah. La ilaaha illa-Llah. La ilaaha illa-Llah, Sayyidina Muhammadun Rasoolullah `alayhi salaatullah wa 's-salaam. Dastoor yaa RijaalAllah, dastoor yaa Sultanu 'l-Awliya, dastoor. (Mawlana Shaykh sits.)

Our Master! Master of this world, master of this planet, even it is too big for us, but really our planet is like a small atom, dharrah. We are saying, a`oodhu billahi min ash-Shaytaani 'r-rajeem, that we are asking protection from Allah Almighty against Shaytan's tricks and traps and not to fall in it. Who is falling in it, it is difficult to save himself or herself. Therefore, beware not to fall or not to be caught by Shaytan's trap.

O our Lord! We are weak servants. We are running to You and we are saying, bismillahi 'r-Rahmaani 'r-Raheem. Don't forget to say, bismillahi 'r-Rahmaani 'r-Raheem, because whoever is saying that holy word, is going to be under Divinely protection.

O People! As-salaamu `alaykum, servants of the Lord of Heavens, servants of whole Creator that is creating everything. O People! As-salaamu `alaykum. Come and listen. We don't know when our life is going to end, anytime. You may live for a hundred years or maybe your life is going to be as long as the life of Sayyidina

Nuh (a), one-thousand years or more and it just passed so quickly. Allah, Allah. And he had been asked, "O Nuh, what is your 'intibah, reflection about such a long time?" Only he was calling his people for 950 years, calling them to believe about their Creator, and before and after that, how long he was living, Allah knows. Just he has been asked, "What is your thinking about such a long life?" He was saying, "O People! I am going to say to you what is that long life through my eyes. I am looking and saying that I am such a person just entered from one gate of a big building and I am walking, walking, walking. Now I find another gate, I am just leaving this and coming to two doors of an entrance. Just I entered yesterday and today I am leaving. That is my `intibah, that I may say to you."

What do you think the Seal of Prophets, Sayyidina Muhammad (pbuh) was saying? He was saying, "Lives of the people of my nation going to be so short, between 60 or 70 years." Mostly they are living to reach only 60 or 70 years, in some exceptions they are passing that limit, but commonly their lives going to be between 60 years and 70 years. And people now, all of them just cheated. The biggest cheater, Shaytan, is saying to them, "O people, you have long years. Your life is long. Try to enjoy yourself. Don't listen to anyone else. You must try to take enjoyment and pleasure through this short period of your life. Now you are on your horse, whip your horse to run, to enjoy. To where? Run to let no one to reach to you." That is Shaytan's deceiving people, saying, "Don't worry! Long life yet for you." That is the source of every trouble because now people are only running to reach more naseeb, chance to reach more from dunya. That is their first aim. "We must try to reach more and more from dunya so we may be so happy from our dunya." And Shaytan whipping them, saying, "Run, run, more and more," until no one can live like Sayyidinna Nuh (a), one-thousand years. So people are just cheated because they are really drunk.

O Salafi `ulamas! Marhabam! What was Sayyidina `Ali karamullaha wajahu saying? We are respecting Sayyidina Ali (q) more than anyone else. We love him and respect him because he was following the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana stands and sits.) Allah, Allah. He was saying... I dont' know if you read it or saying, "We are not taking care." No! You must take care. No one can object on the declaration of Sayyidina Rasoolullah (s):

•••••• •••••••• •••••• ••••••• •••••••

Ashaabika 'n-nujoom bi ayyihim iqtadaytum, ihtadaytum, "My Companions are like stars. Whichever of them you use as a guide, you will be rightly guided."

What are you understanding, Salafi `ulamas, say!! What Prophet (s) saying, Ashaabika 'n-nujoom, is it true or not? Yes, it is true.

I am asking now our Shi'a brothers that they are not accepting Sayyidina Abu Bakr (r) or Sayyidina `Umar (r), even Sayyidina `Uthman (r); only they are saying Sayyidina 'Ali (q). I am asking what are they understanding from Prophet's hadeeth, Ashaabika 'n-nujoom. It is something we are writing through books. Salafi `ulamas, why are you not saying this to these people? Say to them! Don't hide Prophet's (s) words! It is written in the Holy Qur'an:

•••••••••••• •••••••••••••• •••• ••••••••••••

wa bin najmihum yahtadoon
And by the stars they (Mankind) guide themselves. (16:16)

Which najm? Who is najm? What do you think about najm? I am asking through east and west, everyone, what are you understanding from the Holy Qu'ran, bin naj'ami? Alif-laam fee with najm. Najm, is for whole najoom, but you must not think that what Prophet (s) saying, what the Holy Qur'an saying, wa bin najmihum yahtadoon, but what Allah Almighty (swt) is asking people to understand.

The Seal of Prophets (s) was speaking and giving meanings of the Holy Qur'an. The whole Sahaaba and `ulamas were taking commentary of the Holy Qur'an from the Seal of Prophets, Sayyidina Rasoolullah (s). Tafseer of wa bin najmuhum yahtadoon bin najm, commentary Rasoolullah (s) bringing. He was saying, "Ashaabika 'n-nujoom, maqsood. The real meaning the Lord of Heavens giving us through the Holy Qur'an, saying, 'O My beloved one, your companions, each one of them, they are like najm, star. Bi ayyihim iqtadaytum ihtadaytum. Any one of them, you can follow him, making you to reach ridwaanAllah, Allah Almighty's pleasure.' He shall be pleased with you if anyone following one Sahaba."

I am asking you, Sayyidina Abu Bakr (r) was not Sahaba? Sayyidina `Umar (r) was not Sahaba? What did they do wrong that so many million people are swearing and not giving their highest respect to them. There is something true, something wrong. Two ways always. True way what Prophet (s) saying, wrong way what Shaytan showing. I am asking forgiveness for me, for whole people. If you are doing something wrong, maghfirat, to be forgiven. We must follow the Holy Qur'an.

O Muslim world! You must follow the Holy Qur'an and the Seal of Prophets (s) was saying, "My nation going to come through 73 different groups. Only one of them is on right path. They will be saved. And 72 groups going on wrong way, taking people to Hells." Time is over that the Seal of Prophets (s) is giving good tidings that when the Last Days of this world approaching, Allah Almighty (swt) is going to send one imaam. That Prophet (s) saying al-Mahdi'u minna, Sayyidina Imaam Mahdi (a) is on the way of the Seal of Prophets (s). The Seal of Prophets (s) was saying that, "When the Last Days approaching, Allah Almighty sending to my nation to make clear right way and wrong way."

Now as much as `ulama saying this and saying that, but no power. Power going to be with Imam Mahdi (a). He is coming to correct every wrong action, every wrong thinking, every wrong practicing, yes. We are believing in the Holy Qur'an and are believing that the whole ahadeeth of Rasool (s) are holy,

••••• ••••••• •••• ••••••••

wa maa yantiqu `ani 'l-hawaa

he does not speak from his own desire. (An-Najm, 53:3)

The Seal of Prophets, Sayyidina Muhammad (s), (Mawlana Shaykh stands) what he is saying is Haqq. (Mawlana Shaykh sits.) He is going to correct his nation's beliefs and actions. Therefore, he is not coming but sending someone from his holy family, Ahlu 'l-Bayt, to correct every wrong thing on this Earth, and this world must be corrected.

Now people, no one accepting truth or true ones or true people! They are saying, "We know, and this is our beliefs." You may be patient until Sayyidina Mahdi (a) comes and saying to you what is happening. Perhaps so many thousands of people will say, "You are not Mahdi." But Mahdi's (s) sword reaching from east to west as Christians saying that Jesus Christ (a), "He is coming." It is one of the big signs of al-Qiyamah, Last Days. And he is not coming on a church; he is coming from heavens down but he is not going to land on Rome or a church or a Constantinople church or a Damascus church, no. He is coming from the heavens and landing on the minaret of the Ummawiyyah Mosque in Damascus. Prophet (s) will inform that Jesus Christ (a) is coming from heavens and coming from sharqi minara, east direction minaret. Alhamdulillah, alhamdulillah. Any group can't say that Jesus Christ (a) is coming through Switzerland or through Paris or through Rome or through Moscow or through east and west, no. He is coming though the holy land of Damascus.

You know such things, O our friends? Never speaking. You are Salafi `ulamas, why are you not making clear for Christians to say that Jesus Christ (a) is not coming to Rome or to Constantinople or to Egypt? No, but coming to Damascus. Why are you not saying, Salafi `ulamas? Why are you hiding such an important point that showing the glory of Islam? And Jesus Christ (a) coming on famous minaret through Damascus, Sham. He is coming.

First of all, Christians saying, "We are not accepting a person coming and landing on a minaret." In spite of their will he is coming, and when looking and seeing that he is crowned with the turban of Islam, they are saying, "We are not accepting. This is not Jesus Christ." O Salafi `ulama what are you saying when Jesus Christ coming like this (Sheikh removes all head covering)? Or like this (Sheikh puts on kufi)? Or coming like this (Sheikh puts scarf over kufi)? How coming? Or is he coming with taaj al-Islam, crown of Islam (Sheikh places turban on his head)? Why are you not saying? Why are you not using crown of Islam, taaj al-Arab? Why are you not saying? Why are you not using? What is your reason? Allah (swt) will ask you why you are keeping such realities and not saying. For dunya? `ala 'd-dunya kha raa. WC (bathroom), center of dunya. Therefore, I am speaking a very gentle word for understanding for Salafi people; always they are asking a very gentle word, therefore I said.

He is coming. Christians asking, "How?" Christians saying, "That is Jesus Christ." His hair, nothing on his head. Why always pope, bishops, cardinals, or other priests are using such a thing on their head if Jesus Christ (a) not putting anything on his head? Then take off and throw away and go without anything on your heads! Jesus Christ (a) coming with covering of holy people, because only holy people can use this crown of Islam, as well as whole nation. You must understand.

Yes? Sometimes I know something and I don't know nothing, but it is coming to me.

O Salafi `ulamas! So many things you have a responsibility for and you are not keeping that responsibility and you are not saying to ummah, keeping or hiding. I am nothing. I am not taking any salary. Therefore, if you are fearing for your salary and positions, high jobs, you will say in Divinely Presence why you are not carrying swords! May Allah forgive us.

O People! Keep yourselves on the Right Path. Who is going on the Right Path will be saved here and

Hereafter. Those whom are going and leaving Right Path, heavenly anger will be punishing them. Hear from your Lord, Salafi `ulamas! You must also be ashamed in front of the Seal of Prophets (s)!

O People! Listen and obey. Listen once again, once again, until real Muslims and their real identities may be seen and may be known. What we are saying was what Sayyidina `Ali (q) was saying, an naasu niyaamun fa idhaa maatoo 'ntabahoo, "People are sleeping, (and when they die they awaken)." Not only sleeping but people are drunk. From what? Shaytan making them to drink and making them to be drunk. Drunk Muslim world can't do anything. Therefore, we are asking from Allah Almighty to send to us a sultan who is never fearing from whole nations, his only fear is from his Lord Almighty!

May Allah forgives us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultan Allah

••••• •••• •••• ••••• •••••••

an-naasu niyaamun fa idhaa maatoo intabahoo (du`a).

Support us with heavenly armies that they are ready to make Islam up and to make every belief against Islam down!

Fatihah.

Dome, dome, dome, dome 12x

Fatihah.

(51 minutes, 497,000)

Alhamdulillah, alhamdulillah.

(Mawlana Shaykh Hisham calls on phone. Sultan is so happy!)

Alhamdulillah, alhamdulillah yaa Rabbee, yaa Rabbee, Allah shukr!

## The Heavenly Command, "Read!" Is for All of Us

(... initial audio cut...)

(Mawlana Shaykh stands.) Astaghfirullah. We are asking forgiveness from our Lord, Allah. Allah, Allah, subhaanAllah, sultaanAllah. O our Lord, we are asking (for You to) grant us such a grant that we may be coming on the Day of Resurrection and our faces are shining! (Mawlana Shaykh sits.)

O People! As-salaamu `alaykum wa rahmatullahi wa barakaatuh. Every time you are giving salaam, a heavenly grant is coming on you like a dressing is coming for a person, but those grants are not material things. Their value is beyond our visions or imagination; you can't imagine. Make as much as possible more salaams. "As-salaamu `alaykum." If anything good is coming from that person, if making salaams it is going to be doubled. If anything is coming from that person to hurt you, it is like a balloon, coming a needle and boom, it is gone! It is a grant from the Lord of Heavens. Jewish people were saying through their languages, not saying salaam, some of them were saying as-saamu `alaykum (death be upon you). It is swearing, a bad word. Prophet (s) was giving them an answer, wa `alaykum (and upon you). They were asking for something that may hurt the Seal of Prophets (s), but heavenly orders were coming to them saying, wa `alaykum.

O People! We are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Allah Almighty is ordering, Isma’a wa

`atee, "Listen and obey." Yaa Sultaan al-Awliya, give us something that we can understand, as people now are never understanding! The level of 21st century people is the level of animals. They are claiming, “We reached the top point of civilization.” This is your top point of civilization?

O People! As-salaamu `alaykum. Prophet (s) is ordering isma` wa atee`, “Listen and obey.” Khulasah, the summary of whole Shari`ah, whole heavenly orders, you can find in isma` wa `atee, listen and obey. Sami`na wa ata`na is the heavenly order coming through whole prophets and particularly the Seal of Prophets (s). (Mawlana Shaykh stands.) Isma', we are listening and trying to put into practice what He is ordering! (Mawlana Shaykh sits.) Saying any action that begins without bismillah is cut off. SubhaanAllah!

O People! Try to leave the level of animals; as much as you are leaving you are reaching a high position of civilization. If you are with animals, through themselves, how are you going to be on a high level of civilization? Take your animals with you or get in an animals’ place, a barn! Because of your level, you are very happy to be with animals' level. “Why are you saying this?” Yes, I am saying this because you are not understanding and you are not asking to understand. Anyone coming to that level is going to be on animals’ level!

••••••• ••••••• ••••••• ••••••• •••••• •••••• •••••••••••• •••• •••••• ••••••• ••••••••• •••••••••••• ••••••• ••••••• •••••••••••• ••••••• •••••••••••• ••• •••• •••••••••

Iqraa bismi rabbik alladhee khallaq. Khalaqa 'l-insaana min `alaq. Iqraa wa rabbuka 'l-akram. Alladhee `allama bi 'l-qalam. `Allama 'l-insaana maa lam ya`lam; Read! In the name of thy Lord and Cherisher, Who created. Created man, out of a clot of congealed blood. Read! And thy Lord is Most Bountiful, He Who taught (the use of) the pen, taught Man that which he knew not. (96: 1-5)

O Salafi `ulamas! Why are you getting angry (about this) and you are not getting angry for those who are not trying to understand? Do you think (speaking briefly on this topic) is enough to make people to understand? Never! Now people are trying everywhere to fill schools, yes, and you are sending your children to schools for learning what? For which aim are they learning? What are they learning?

O Salafi `ulamas! You are looking to the education system and taking dynamic learning programs to see what they are learning. What are they learning? I am looking sometimes at paper (certificates) to see. Smaller schools, certificate for smaller children for elementary schools. Are you looking? You, who are claiming Salafi

`ulamas' ways, are you never looking at what your children are learning in schools? Mamlika `Arabiyyah, Arabian kingdom, you are only looking to make objection on (tasawwuf) or on ihklaas or on (what you consider as) bida`! Leave that, and come to a real position that you will be asked on the Day of Resurrection!

O Salafi `ulamas! Your Lord of Heavens is asking you, did you ever ask which training or learning you are teaching your children in elementary schools? Yes, I am seeing. All of them are against Shari`ah! All of them are against heavenly rules! All of them are against teachings of Sayyidina Muhammad (s)! (Mawlana Shaykh stands.) Shame to you if you are not looking! (Mawlana Shaykh sits.) You must go and ask what are elementary schools' programs, and after high school, what is their program of lessons? And then you must ask what universities are teaching your young people; what are they teaching, sunnah through university? Jami`at, what are they teaching? You should be asked, that is most important point you must try to correct!

First, what is the heavenly wahiy, inspiration? How is Allah Almighty saying, first to His most beloved one and His absolute deputy, Sayyidina Muhammad (s), "Iqraa!" For what? Look what they are reading; bring their books.

O Salafi `ulamas! You are so proud ones over the whole ummah, as if you are not like us, seeing skies! I am not knowing, but you are claiming that you know everything. How was their understanding and what were they doing to be suitable for the Holy Qur'an? Allah Almighty is saying, "Iqra!" Salafi `ulamas, you are saying, "What does it mean,'Iqraa?'" Say! You must ask mulook al-mamlakah, kings of the kingdom, "What does it mean, iqra, read?" Prophet (s) was saying, maa anaa bi qaaree, "I don't know how to read. I am an illiterate servant." (Allah) is saying, Iqraa bismi rabbik alladhee khalaq. Khalaqa 'l-insaana min `alaq. Iqraa wa rabbuka al-akram. Alladhee `allama bi 'l-qalam. `Allama 'l-insaana maa lam ya`lam.

If you are trying to give explanations from the first day of dunya up to the end, you can't finish! What was Allah Almighty's order? SubhaanAllah! They are like oceans and you are speaking so briefly (on this topic)! The person hearing you should ask, what are they going to read? What do you think, O Salafi `ulamas? You are so proud of your knowledge; you have knowledge, but do you have understanding? I am not claiming to know something, but you are such proud ones. What shall we read? The first command of the Lord of Heavens is, "Read!" What should we read? SubhaanAllah, sultaanAllah, subhaanAllah.

O People! Use a little bit of your minds and look what the heavenly command is showing us. Pointing for

what? We think we must read. First of all, we may briefly say it (means we should read) Holy Qur'an, for is there anything else? It is ummal kitaab and whole knowledges coming from that ocean as a baby is coming from his mother. (Holt Qur'an contains) whole knowledge, yet you are indeed finding it is saying, “Iqraa!” The command of the Seal of Prophets to his nation is saying, “Listen and obey.”

O Salafi `ulamas! Do you think it is enough for our children to read the Holy Qur'an in a very simple way? Bismillahi ‘r-Rahmaani ‘r-Raheem, rabbi 'l-`alameen, simple (like this)? Do you think that when we are reading, that is finishing (our duty) and you are now following the holy command of Allah Almighty (swt), "Iqra! Iqra!” (This heavenly command is) for whole Muslims, for whole believers, for whole nation of Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) If we are not teaching this, cursing is coming, on Arabia, Libya, Turkey, Tunis, on ... India.... Everywhere there are mu'mins, if they are refusing to recite Holy Qur'an, then cursing coming! And qulama Qur'an al-kareem uqra, Anytime Holy Qur'an is recited, rahmat from heavenly mercy is coming on the nation. Why they are taking away Holy Qur'an and putting in front of children such dirty things for learning?!! Cursing coming on them like rains! Now the whole Islamic world is under that cursing (for abandoning the command), Iqra! (To fulfill that command) what shall we read?

Look at elementary schools, look at junior students--what are they reading? Then look at what they are going to read in universities! They are only in elementary school, trying to teach small ones Holy Qur'an, some small words, and finished; after that they don't touch it. Even in universities they are reading, discussing, giving some opinions on it. No. It is forbidden. They are saying, "No.” No more the holy order of the Lord of Heavens they are practicing after elementary school. What are you knowing of the teachings of those people? All shaytanic ideas, shaytanic teachings, you are filling it in schools, universities and high schools, and then the cursing of the Lord of Heavens is coming on you! The holy command is, Iqraa! “Recite!” Now we are only looking at such a book; we read it and finish (without understanding). The holy command, `ismaa, "listen," means make your whole self to listen, to hear and to obey. According to old `ulamas’ reports, everyone from Mankind has 360 organs; therefore, you must read and 360 organs must read with you. The holy command after, iqra, is, Isma`a wasi`a; revelation from heavens saying, “Read, and obey what you read." If you are not doing, cursing coming on you here and Hereafter!

Look, now every country is under heavy cursing. O our Lord, protect us, protect our children and our

youngsters! Send us someone who may train our children through the Holy Qur'an's direction.

O People! It is not enough that you are reciting. I am looking, people are reciting the Holy Qur'an. ... Where are they, your children through whole generation? Where you are sending your children for learning? There are people going against Islam in Europe, in America, in Israel. Syria is like them, Turkey is like them, Iran is like them. Iran is (calling itself) an Islamic Republic. "Islamic Republic" was never mentioned in Holy Qur'an. From where are they bringing the title, "republic"? It is against Islam. Say, "Sultanate of Islam." Sultanate, not republic! The last kingdom keeping Holy Qur'an in power was the Ottoman Empire, and taking away Ottoman Empire and bringing, "Turkish Republic." What honor is "republic" giving to Islam? Turkish and Iranian people are only saying, "Republic." A better saying is, "Islamic Republic." (However), that title is from people, and "Sultanate of Islam" is from Allah (swt). One from Haqq, one from Creation. Haqq for Islam is coming from Allah Almighty (swt), saying, "Sultanate of Islam" or "Sultanate of Heavenly Kingdoms." Why are you naming your countries that way?

O Salafi `ulamas! You may understand, and if not understanding today then you may understand tomorrow. If not tomorrow, you may understand another day. If not understanding, you are under a heavy heavenly order!

O our Lord! Please send us one to come and teach us. Sayyidina Muhammad (s) is the most honored one. (Mawlana Shaykh stands and sits.) Allahu akbar, Allahu akbar. Astaghfirullah, tawbah yaa Rabbee.

(45 minutes)

Coming now thundering; this is very simple thundering, coming heavy thundering after this month inshaa-Allah.

(535,000)

(Mawlana Shaykh speaks to Shaykh Hisham on the phone.)

**Communal Dhikr**

Our Grandsheikh has said that if a person does not do a daily dhikr (a daily meditation, usually pronounced “zicker”) it is not going to damage his relationship with our tariqat (sufi path), he will still be in connection with our tariqat, but one who stops going to the once a week communal dhikr, he will be thrown away from tariqat.

If being lazy – not doing the daily practice it doesn’t matter, the awliya (saints) and our Sheikh will keep him in the tariqat; but one who is not attending a weekly dhikr, it maybe Friday night, may be Sunday night, may be Thursday night – the night doesn’t matter, but if he is not present at the weekly dhikr, he’s going to be thrown away.

Dhikr is a pillar, a tent pole, which keeps up the tent. If you take it, it falls down. The communal dhikr is the main pillar of our tariqat. Everyone must be present. If he is not there, he is not present in that city, or he is ill, or any obligation that prevents him attending - (is ok). (But) Don’t say, “I was working” - take permission from your boss! Say, "Tonight I must be with my people for my Lord’s service. I can’t do anything else. If you are throwing me away – I am not staying here. It is the Lord’s service tonight and I must be there.” You must go. Understand?

## Compete in Goodness

A`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem
Allah Allah Allah, Allah Allah, Allah Allah, Subhaan Allah,
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Sayyidina Muhammadun Rasoolullah Habeebullah nooru `Arshillah. Allahuma zidhu sharafan, nooran wa suroora wa ridwaanan wa sultaana. (Mawlana Shaykh sits) Thumma 's-salaatu wa 's-salaam `ala jamee`i 'l-anbiyaa wa 'l-awliya wa man tabi`ahum bi-ihsaanin ila yawmi 'l-qiyamah. Allahuma alhimnaa rushdana. Yaa Rabbana, yaa Rabb ighfir w 'arham wa anta khayru 'r-Raahimeen, narju rahmatak wa nakhsha` `adhaabak inna adhaabaka bi 'l-kufaari mulhaq. Allah, Allah. Subhaan Sen, Sultaan Sen.

Thumma salaamu `alayk yaa Saahib az-Zamaan. Thumma salaamu `alayk yaa Qutb az-Zamaan. Thumma 's-salaamu `alayk yaa Qutb al-Mutasarrif, that everything is under his control. Nothing can be away from his control; he is controlling everything and leaving them to do what they are doing.

Everyone in existence is glorifying their Lord, Almighty Allah! Even if a kaafir is speaking something wrong,

still his tongue is glorifying Allah Almighty, the Creator. Huuu. We must try to understand something. That is an endless honor for Mankind, to try to learn more and more, because our knowledge is making our glorifying on a higher, higher, endlessly higher level.

O our Attenders! We are saying now, as-salaamu `alaykum! Don't be min junoodi Iblees, from the soldiers of Shaytan. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem and Bismillahi 'r-Rahmani 'r-Raheem, tazeeman for glorifying our Creator, Allah Almighty! For millions, billions or trillions of years, angels are standing up and glorifying their Lord. It is so difficult for lazy people to stand up for one minute when we are saying bismillahi 'r-Rahmaani 'r-Raheem. Give your most high praises to your Lord, to your Creator.

O our Attenders! We are saying it is easier to make you understand than those people who are claiming they are `ulamas or Salafi `ulamas! When they are saying they are Salafi `ulamas that means there should be khalafi `ulamas (latter times scholars) as well. Understanding? There must be two kind of `ulamas, khalafi and salafi. Which of them is going to be in power salif or khalif? Khalifah or salifah? "Salafi" means passed away. They must be some other `ulama because holy grants of Allah Almighty have no limits.

O Salafi `ulamas! What are you understanding?

•••••• •••••••••••• ••• •••••• ••••• •••••• •••••••••••• •••••• ••••••• ••••••• •••••••••

Yooti 'l-hikmata man yashaa wa man yoota'l-hikmata faqad ootiya khayran katheera. He grants wisdom to whom He pleases; and he to whom wisdom is granted receives indeed a benefit overflowing (al-Baqara, 2:269)

Al-khalq khalqullah wa 'l-`abd `abdullah wa 'l-karam karamullah. Yooti 'l-hikmata man yashaa! (the creation is Allah's creation and the servant is Allah's servant and the generosity is Allah's Generosity. He grants wisdom to whom He pleases.) Do you think there is a limit for giving wisdom or that Divine Wisdom is granted only to salaf? What about khalaf (later generations)? We are going to be empty? Is our generation living now on Earth prohibited to receive wisdom, and heavenly wisdom is only with Salafi `ulamas? Why you are not looking in our days, in our time, at those who reached that wisdom from Allah Almighty? Allah Almighty is speaking kaalamun qadeem, azaaliyyun, abadiyyun, sarmadiyyun (ancient words, pre-eternal, eternal and endless). His words from pre-Eternal up to Eternal!

Therefore, now there must be also like it was before, some chosen or special ones who understand those wisdoms; some just passed away and now there must be other granted heavenly wisdom, or do you think that heavenly wisdom of Allah Almighty is finished? Has what is written in books become nothing now? Knowing or writing or speaking, that is your wrong understanding! You are making inhisaar, doing some things only for one group of people and beyond them nothing. Why are you saying, "We are Salafi `ulamas." Beyond Salafi `ulamas are there no `ulamas? Beyond Salafi `ulamas is no one granted heavenly wisdom? What are you saying? And the holy verse is clear, Yooti 'l-hikamata man yashaa. Allah Almighty can grant to any of His servants! Wisdom is not under the control of a handful people granted wisdom and not anyone else. What is that foolishness?! Their understanding is in limits, and their limits are so small; make it wider. Up to the Day of Resurrection, Yawm al-Qiyaamah, whoever is coming from the Children of Adam, Allah Almighty has not forbidden them to be granted wisdom!

You may say, "From where is that person speaking?" Allah knows. Allah (swt) is asking to show everyone those who are proud with their knowledge, to know that Allah Almighty can bring such a simple person to address you with simple words, a short speech giving jewels to you. So don't ask, "Who is that one?" That one is a weak servant, but grants from Allah Almighty have no limits. As He likes, Yooti 'l-hikamata man yashaa. He grants wisdom, jewels that no one knows their value, only Who is granting to His servants knows! The value of wisdom in a person may be too many jewels, and first they see it is like an ordinary stone. But then experts say this, say this and take it, polish it, and that ruby, or white diamond, or a green emerald appears! Therefore, don't look at that one's appearance, or whose speech is in Arabic as the lowest, no. When you polish, you will see jewels!

That is a warning for everyone. Don't say, "This is a stone," oollu 'l-`ilm, expert ones are saying, "Bring it to us; we shall polish it now and make it a ruby that kings and sultans will run after it!"

Give value for everyone's speech; those who are addressing people may be granted a grant from Heavens; you don't know for sure. Don't ask, "Who is that one to speak daily?" I am not claiming that I am this one or that one. They are bringing to me some stones and I am saying, "O People! These are some jewels. Who is accepting, take it and polish it and you can find a jewel. It is free." We are not sitting here with our own will. It is His Will making a weak servant to call people! It is a competition! Anyone can come! SubhaanAllah!

Yooti 'l-hikamata man yashaa, as He likes He gives!

O People come and take five minutes or ten minutes or 30 minutes and hear and then polish it, think on it. To think on such declarations it is like a polishing you should find under it a jewel, ruby, emerald, diamond so many kinds of jewels. Our jewels may be of 10 kinds but through heavenly treasures there are countless jewels and each jewel has another quality making people happy, this, this, this. Don't say, "Who is that one?" I am nothing but as they are saying to me they may polish this world Which one is wrong take it away but must come a jewel that your eyes are going to be very happy.

O People! Knowledge Oceans of our Lord Almighty Allah are endless! Try to bring some jewels for the Day of Resurrection when the Lord of Heavens will ask you shu jibt, "What did you bring? Show Me, show Me." If you are bringing a stone that you are walking on it, they will throw it on your head and it will be said to you "O Children of Adam, why are you bringing that black stone? Why were you not asking about jewels, and you are bringing to Me an ordinary stones? Why are you not bringing to Me jewels?"

O our Attenders! Try to bring to your Lord's Divine Presence jewels, not to bring stones, and not to bring animals' fertilizer! Angels will say, "You are not shamed to bring into the Divine Presence these dirty things? Where are your jewels?"

••••••••• •••••••• •••• •••••••••••• ••••••••••••••• ••••••••••••

Wa li kulli wijhatun huwa muwalleehaa fa 'stabiqoo 'l-khayraat.
For everyone there is a direction to their goal; then strive together (as in a race) towards all that is good. (al-Baqarah, 2:148)

Ayatul-kareemah or not?

O People! O Muslim World! You are not keeping that order, fa 'stabiqoo 'l-khayraat. Where are your charities? On the Day of Resurrection, Allah Almighty will ask you, "O mulook, O umaras, O imaams, O sultaans! Where are your charities?" Therefore, our time is the time of tyrants. They are only saving billions, but not doing anything. Before tyrants, everyone was trying to give charity for ummat al-Habeeb, building mosques, building schools, building `amaraat, fuqaraa (the poor) eating and keeping themselves, making bridges, making roads, and bringing water. I heard yesterday, in a village in Turkey five people were killed for

drinking contaminated water, and I am ashamed! I will try to find a way to bring drinking water to that place.

O Kings! Where are your charities? And you may find now millions of people with floods coming on them, and they are waiting for some help! Why are you saving trillions? On the Day of Resurrection at least you are going to be ashamed, saying, "If this Earth could open and swallow me!" Amaan yaa Rabbee, O our Lord! fa 'stabiqoo 'l-khayraat.. That is a never-ending command. Try to be much more a charity maker for the ummah. In the time before in Mecca and Madinah when Hujaaj pilgrims were coming and the people of Meccatu 'l-Mukarrama were welcoming and giving them food and giving their charity to them, not taking money from them. Now you can't go there if you are not carrying thousands or millions of Euros or sterling or dollars. Why are you changing? That is maqaam muqaddas, sacred place. Why are you catching pilgrims and saying "Give money, give money." For what? if you are not bringing the days that Allah was happy with them our ancestors, you are not saving yourselves cursing coming on you! O People try to understand what Allah Almighty saying

(Mawlana Shaykh stands) Wa likullin wijhatun huwa muwalliha fa 'stabiqoo 'l-khayraat! Try to do much more charity! (Mawlana Shaykh sits)

O Muslim World! Where are you (what is your position)?! A person is saving much money in Libya, also. Why is he not giving, why is he not making charities? Why is he saving trillions, for what? Yes, Allah will ask! And they are Arabs and they understand, fa 'stabiqoo 'l-khayraat, "Compete in goodness." And Egypt must say, "I am the first for making charities," Hijaz may say, "I am asbak, I do more charity. Oman, Dubai, Qatar, Kuwait, money, money, money, for what is that money? Egyptian, Libyan, why are they not giving? They are Arabs, and they understand what Allah Almighty is saying, fa 'stabiqoo 'l-khayraat! Then Allah Almighty will ask them. May Allah forgive us.

O Salafi `ulamas! Give your nasiha, advice, to your mulook, to your "Number Ones" to understand or it will be the last year for them if they are not making charities, for their lives will be cut down! This is a heavenly warning!

May Allah forgive us, for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands) Zidhu yaa Rabbee, `izzan wa sharafa nooran wa suroorah, yaa Rabb! (Mawlana Shaykh sits)

Fatihah.

(35 minutes) (1012 viewers) O our Lord, forgive us! Shukr, yaa Rabb.

(Mawlana Shaykh makes du`a)

Fatihah.

Ameen, yaa Rabbee, Allah.

(Mawlana Shaykh speaks with Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

## THE CONCEPT OF ALLAH and THE OCEANS OF UNITY

Sultan ul Awliya Muhiyuddin Abdul Qadir Jilani's annihilation in the Divine Presence

Does anyone think that the ocean is only what appears on its surface? By observing its hue and motion the keen eye may perceive indications of that ocean's unfathomable depth. The Lord's mercy and compassion is an Ocean with no shore, providing endlessly varied vistas for those who sail its surface; but the greatest wonderment and fulfillment is reserved for those "creatures of the sea" for whom that mercy has become their own medium.

The Lord beckons us through a Divine love and attraction which has been implanted in our hearts, a love that may be understood and felt consciously as Divine by some and only indirectly as love for His creatures or creation by others. In either case the pull of our hearstrings draws us to those Mercy Oceans, just as our physical bodies feel drawn to a warm and gentle sea.

By means of the revelation of Holy Books and through the example set by Prophets and Saints, all human beings have been brought in contact with those Oceans. For humankind at large, these revelations serve as vessels, or as “instruction manuals” for building and maintaining vessels that ply those most spacious seas, but for those most spacious seas, but for those who have the means to read between the lines, a great revelation emerges: that we are of that sea, that our place, our home is in the depths of that sea, not on its surface.

The Holy Qur'an is an eminently unambiguous scripture, full of clear guidance for

mankind at large, but there is much more contained in it than immediately meets the untrained eye. The discrimination to see into its depths is not only a matter of training, however, but a bestowal attainable only through sincerity and faith. There are endless levels of knowledge and wisdom through the depths of the Holy Qura'n, as its states:

“You shall surely ride stage after stage”

and the attainment of each stage imparts great benefit, not only for the one who has attained it but also for those around him, for mankind and for all creation.

One may ask, “To what ends so many hidden meanings?” Understanding these meanings is the key to deriving their “wisdom essence”, and it is that essence that is an inexhaustible fountain, and elixir of eternal life. We may summarize the essence of the wisdom our Lord seeks to impart unto us through all His revelations in one word: Unity.

The dominating theme of the Holy Qur’an is the Uniqueness and Incomparability of Allah, and the weakness and utter dependence of all creatures upon Him. By thus stressing His omnipotence and our powerlessness He reminds us of our affinity with all creatures, and bestows upon us the humble but honorable cloak of servant hood. Realize that you are no better than anyone else and that self-improvement may be attained through serving Allah and His servants, and you will have grasped the tools with which to shatter your idol of conceit, your egoism. Having attained humility, the tribulations of life will propel you towards your goal, as they are a constant reminder of our weakness, and are received, if not with thankfulness, at least with patience, in the knowledge that they are drawing us ever closer to ultimate Unity.

Our journey towards that goal first brings us away from the illusion of multiplicity, the impenetrable veil of the common man. That is the vision of endless diversity, of apparently independent existences of billions of creatures each striving to improve its own condition and exert its willpower. The next stage is the realization of Allah’s

omnipotence and our weakness. This realization inspires awe in the face of the majesty and might of Allah (Jalal), and one feels himself a most humble servant of a Most Transcendent Lord. Beyond this is the stage of intimacy (uns) at which the immanence of the Lord is perceived:

“And I am closer to man than his jugular vein”

At this stage one perceives His aspects of love and beauty (Jamal). But the ultimate goal is beyond even the intimacy of “I and Thou”, a Unity beyond duality, for He is All in All. That is the meaning of, “There is no God but He”. As long as we cling to the separateness of our physical and spiritual existence, we are far from our goal. Why do we fear death? Because we are afraid of being non-existent; that is why the soul and body, which enable each other to exist in this realm, cling to each other so tenaciously. We may have to pay a high price to remain alive, but yet do we endure.

All of God’s Prophets had the same mission: to call people to Divine existence in the Lord and to a lifestyle conducive to the attainment of that end. What exactly does such a lifestyle entail, and what are its implications? Once the idol of egoism is shattered, fulfillment is no longer found in self aggrandizement. The emphasis shifts to seeking truth, purity and peace, to acquiring blessed attributes in the time allotted to us for preparing ourselves for that longed-for reunion. Worldly cravings and desires are drastically reduced, and the pursuit of a decent livelihood to support a simple lifestyle replaces voracious egoistic striving.

Rich and powerful people were often at the forefront of opposition to the Prophets, as, lacking the spiritual training that might have enabled them to handle power and wealth with detachment, they saw their power or their wealth as the essence and affirmation of their existence – and so vehemently opposed any change in the status quo. The poor and powerless were generally more receptive as they did not feel so threatened by the advent of a new spiritually oriented order. Certainly they also believed that money and power were the criteria of existence, but they figured, “We have nothing

and are nothing anyway, so what do we have to lose by going and listening in?" Then, when the Prophets called them to the Lord they could easily renounce attachment to worldly values, and said, "We have left behind everything but ourselves. As for those who really meant what they said, from the poor who renounced little and from the rich who had to struggle hard to renounce worldliness, the essence of the message was then imparted: "Now, leave yourselves behind and approach the Ocean of Unity".

Abu Yazid al-Bistami (one of the greatest Masters of the Khwajagan line) approached the Divine Presence and "knocked on the gate". He was asked, "Who is there?" "I have come, Oh my Lord", replied Abu Yazid. He was told: "There isn't any place here for two. Leave your ego behind and come". When Abu Yazid once again approached the Divine Presence and was asked who it was, he said: "You, oh Lord".

Once Abu Yazid was asked about acts of worship and devotion of two different categories: those indicated by the example of the Holy Prophet – Sunnah – and those made obligatory through Divine Revelation – Fard. He said: "Sunnah is the abandonment of worldliness and Fard is the abandonment of all but He Alone". So many people claim to follow the Sunnah but their hearts are awash in love of worldly pomp. As for what is obligatory, Fard (usually understood as the minimum acceptable level of religious observance), Abu Yazid has penetrated to the heart of the matter, as that total surrender is the ends to which all the means (acts of worship) are really directed. Obligatory, also, because at the time of death all must leave behind everything besides Him, whether they are ready or not.

The Lord is beckoning us to enter that Ocean of Unity while we are yet in this life, to dissolve as sugar dissolves in tea. When the sugar dissolves you can no longer say, "This is sugar and that is tea". Our Lord's invitation to join in His Unity is always extended, and it is our fate to suffer until we respond to that invitation. As long as we cling to our claim of autonomy we will have to bear the brunt of the hard lessons that this world has to offer us – and cry out in pain. Let go and nothing can harm you.

When Abdul Qadir Jilani used to address his followers his individuality would sometimes become completely veiled by a cloak of Divine attributes or of Prophetic attributes. When he was in such a state the Divine would manifest through him, and his speech would become awe-inspiring, but to those who had not yet attained a sufficiently high station, very disturbing and even shocking.

Perfection may only be understood by perfectly complete individuals, and not at all by the unregenerate man. As for those on the way of Truth, they understand perfection in accordance with their respective levels of development, and the followers of Abdul Qadir Jilani were not on a level to be able to receive those outpourings.

When Jilani came to himself his followers informed him of the nature of his utterances while in that state of absence from himself. Jilani then told them: “Oh my sons, if it is true that I say things contrary to the Shariah (Divine Law), then you must smite me with your swords”. What Jilani meant by “contrary to the Shariah” meant, in fact, “contrary to your understanding of the Shariah”, as people are not all on the same level of understanding Shariah.

At the next gathering Jilani again said something belonging to the realm of the knowledge of Allah Almighty. Then, in accordance with the Sheik’s instructions the followers drew their swords and began to strike – but their swords passed through the Sheik’s figure as readily as they would pass through thin air. They slashed and slashed, but it was as if his body was a mirage.

When Jilani came to himself again his followers told him: “Oh our Master, you again spoke such words:. “What did you do about it?” “As you instructed us, we struck you with our swords, but they passed through you as through thin air”. “Then I must not have been there. There was no more Jilani to be cut by your swords. Jilani was dissolved in the oneness of the Lord, Almighty Allah. It was He alone speaking to you”.

Certainly some people will raise objections, saying that there is no scriptural evidence

for the contention that Allah may speak through an intermediary other than a Prophet. Both the Qur'an and the Torah mention that Allah spoke to Moses through a burning bush, and every believer accepts that. In your opinion, which is a more noble vessel for Divine Light, a more noble instrument for Divine Wisdom, bush or man? Is man or bush the "crown of creation"? Are there any grounds upon which to reject this point?

When a person attains the station of Unity he leaves behind his own existence and is admitted o the Lord's existence, so that Divine Oneness overtakes him: you may see him as Jilani, but he is not Jilani.

We all stagger under the weight of the burden of this life, but we bear that burden only because we have not set it down. Some foolish people are not satisfied with carrying only their own loads but envy the loads of others. The result is this that as long as you carry that weight of the ego so many others attack you, and you are pierced by arrows and spears, slashed by swords of envy and enmity. Attaining the gate of Oneness with the Almighty is the only way to be released from the sufferings of this world, and all of God's Prophets have imparted methods for attaining this goal. However, man's resistance is very great, and, generally the larger our share of worldly fortune the tighter do we grasp it.

Once a Grandsheikh was addressing his followers from the pulpit of a mosque. He recited a verse of the Holy Qur'an and explained it a little. Then he said: "This explanation will help everyone here understand this verse on a level corresponding to his attainment, but its real meaning is not for you. You can't understand what I am saying. There is only one person in attendance who has been able to appreciate the deep meaning of this discourse – and he is hiding behind a pillar wearing a veil. My words have been directed to that person-not to you-understand this, and do not think of yourselves as the suitable receptacles of every piece of precious wisdom. If you hear something from me that you understand, then fine and well, make good use of it on your way, but if you hear something you do not understand, be careful not to reject

it. Whenever that occurs just hold your peace and be humble enough to accept that it may have been directed to someone else in the audience, someone who has attained a higher potential of understanding than you have”. Then that Grandsheikh proceeded to another even deeper level of meaning of that verse of the Quran, and said: "Now this is even beyond the level of the person behind that piller".

We all stagger under the weight of the burden of this life, but we bear that burden only because we have not set it down. Some foolish people are not satisfied with carrying only their own loads but envy the loads of others. The result of this that as long as you carry that weight of the ego so many others attack you, and you are pierced by arrows and spears, slashed by swords of envy and enmity. Attaining the gate of Oneness with the Almighty is the only way to be released from the sufferings of this world, and all of Allah?s Prophets have imparted methods for attaining this goal. However, man?s resistance is very great, and, generally the larger our share of worldly fortune the tighter do we grasp it.

That is one of the main, reasons why Divinely Revealed Law, throughout the ages, has required the rich to give charity to the poor. Besides the obvious benefits of relieving the poverty of the recipient and keeping envy away from the threshold of the donor, the charity or poor-due trains the well-to-do person to renounce some part of his wealth, and thus to purify it and himself. This is why the poor-due is called Zakat, or purification. Purification from what? From our attachment to separate existence.

Shayban ar-Rai was a simple shepherd, and also one of the great Sufi saints of the early Islamic era. He lived during the times when the four renowned Imams of the Sunni schools of canon law were busy compiling the canon of their respective schools. One of those great scholars, Imam Shafii, considered Shayban ar-Rai to be his spiritual mentor.

Another of the four great Imams, Ahmad Ibn Hanbal, being skeptical of such an illiterate Shaykh, decided to ask him a very elementary question to ascertain his level

of knowledge. Imam Shafii warned him: "Beware of thinking of him as a simpleton, for if you ask him a question with that preconceived notion, he will understand your hidden intention and put you to shame."

Imam Ahmad was, however, determined to pursue his course, so he asked him: "What is the rate of Zakat that all non - indigent Muslims must pay to the poor?". "Which Zakat are you inquiring about--your Zakat or ours? According to your variety of knowledge or according to our way?" Surprised and always suspicious of heresy, Imam Ahmad asked: "What? Do you claim that there are two rates of Zakat in Shariah (Divine Law)? I would like to know what they are, and on what evidence you base your claim". "According to Shariah as it applies to you and to those who are on your way, it is incumbent upon every person to give away one fortieth of his gold, silver, livestock and goods to the poor. According to the Shariah, as it applies to His slaves, the slave and all he possesses belong to the Master. So, on our way, from every forty, forty is for our Lord and nothing for us".

Then Imam Ahmad asked him: “On what authority do you base this? – Who is your Imam, and what is your chain of transmission back to the Prophet?” “Our Imam is Abu Bakr as-Siddiq (the first Khalipha of Islam): he gave all his wealth for the sake of his Lord”.

By thus requiring people to relinquish at least one-fortieth of their wealth every year, people are given a start on the path of renunciation – and renouncing even a few possessions is a struggle for man, who is born into this world with clenched fists, but must leave it open-handed. Nothing that you can collect from this world’s treasures will enable you to abide in it forever. So, open your hands while they are yet warm; this is better for your soul, for the practice of open-handedness will train you to lay your existence down in the sublime Oneness of Allah.

That is the highest level of Goodness in this world, and He Allah Almighty promises a bountiful recompense:

“Shall the recompense of goodness be other than goodness?”

The Lord Almighty will accept your existence and give of Himself. That is the meaning of “Fanafillah” (annihilation in Allah) and Baqabillah (permanence in Allah): real existence in the Ocean of Unity of Allah Almighty. No one can anticipate the boundlessness of that pleasure – may Allah grant us that pleasure! But it is expensive.

## Condolences On The Passing Of A Brother

As-Salamu Alaikum. O believers! May salam/peace be upon believers, in dunya & in akhirah. There is safety for them, there is peace for them. And in the end, there is Allah Almighty's salam- "Salamun Qawlaan Min Rabbin Rahim" (36:58).

Today a mu'min & Muslim brother of ours (Shaykh Abdul Kerim Effendi al-Kibrisi al-Naqshbandi) who was making service in the way of Tariqat & in the way of Allah, one of our sons who devoted himself to the way of Allah, was called from dunya to akhirah, and he is gone. May paradise be his abode. How beautiful, he is gone on such a beautiful day. He didn't let anyone be oppressed, carried everyone's burdens. This holy one was like a son to us. He was a countryman, he was a villager. He was a young Muslim from a village which no one heard of, or knew it's name. He knew as much as he had learned. But his heart was full of faith and he was a believer, a son of ours dressed with the attribute of a lion; one who rejected & did not accept whatever is done against Islam.

May Allah grant him his reward. May he reach the holy presence of the Prophet (sas). This is the holy month of our Prophet (sas), Shaban al Muazzam. He passed away in this holy month & reached to akhirah. They welcomed him there. Because in dunya, he stood out against the world of unbelief-kufr.

Then, he was sent to the United States. There also he showed & revealed Islam, and declared Islam. And Allah knows their numbers, he became a means/wasila for a lot of people who did not know the way to enter Islam. And he did service, aiming to keep the orders of Islam & to make them to be kept by others as well. May Allah grant him His Mercy.

It is not an easy thing to become a neighbor to the Prophet (sas) but we wish for him to be a neighbor to the Prophet(sas). He was a brother of mine, a son of mine who had great love, great effort & strength/courage. I am giving him my blessings and may he reach the Mercy & Intercession of the Great Prophet (sas).

Ya Rabbi Ya Allah. May You also reward us with a good end/akibat, O Lord. Dunya has no value. A person is shrouded & buried in a hole, leaving whatever he has gained here. O people, think on this! Leave fighting for dunya. Your Akhirah is eternal. Our dunya is temporary. We are here today, gone tomorrow. Because no one can stay here. Try in this dunya to gain the pleasure of our Lord and the pleasure of His Beloved (Sas). May Allah not deprive us of this & may He grant him Mercy as well. May his abode be paradise, Jannatul Firdaus. Allahu Akbar! Allahu Akbar. La ilaha illa Allah wa Allahu Akbar. Allahu Akbar wa lillah al Hamd.

O our Lord, may You not shame us. He didn't shame us till now, will not shame us from now on, either. May You not turn us away from Your Path, from Your Beloved's way. May You not let us fall into bewilderment, O Lord. We have fallen into bewilderment, also fallen into such a situation. O Lord, send us a Saviour. May You send us the one who will save us from the hands of the bewildered so that we can keep Your Orders. There can be no order higher than Your Orders. And who declares it, is Your Beloved, Muhammad Mustafa (sas). I send him endless salat & salam.

I sent my condolences to all the Muslim World who are close to him. Not only his villagers but I send my condolences to the whole Muslim World, that this believer who had such a great effort, did all he could do. And our hope is that he earned to be neighbors to the Prophet (sas) in this Holy Month.

May Allah grant him Mercy & give us a blessed life. May we not leave his place empty, we will hold on to it. Unbelief-kufr will be destroyed & the fortresses of faith will be high.

Ya Rabbi tawba ya Rabbi. Tawba Ya Rabbi tawba Astaghfirullah. Fatiha.

## The Confusion of Different Sects

(Mawlana Shaykh meets guests.) Are you from America? That is not Islam, even wild animals they are doing such things. Allah Almighty and His Prophet (s) saying, Man laa yarham laa yurham. Say translation for them: “who does not give mercy will receive no mercy”. This is not Islam. Islam is, Bismillahi 'r-Rahmaani 'r-Raheem, coming with full Mercy aslim taslam, but we are living in a time that no Islamic authority. Everyone does according to their egoistic desires. And we are saying only Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem.

The first command of Allah Almighty for the nation of the Seal of Prophets it is to be under the flag of Islam, shown in that picture. Asta`eedhu billah.

••••••••••••••• •••••••• •••••• •••••••• ••••• •••••••••••••

w `ataasimoo bi hablillahi jamee`an wa laa taffaraqoo. And hold fast, all together, by the rope which Allah (stretches out for you), and be not divided among yourselves. (3:103)

The Holy Qur'an says, "O Muslims! You must come and be holders for the holy flag of Islam.” Wa laa tafaraqoo, “Don't be different groups,” each one saying, ‘I am this one, I am that one.’ No, all of you must come under the holy flag of Islam. If you are coming all together, the Lord of Heavens helps you, and if not,

He is not accepting tafriqa, for you to have so many philosophies or to form different groups. Asta`eedhu billah.

•••••••••••••• •••••••• •••••• •••••••

w `atasimoo bi habb lillahi jamee`an. Hold fast to the Rope of Allah altogether. (Surat Aali-`Imraan, 3:103)

All of you must be under the holy flag of Islam, not under different groups with every group saying, "We are the first one and you must follow us!" and others saying, "Our ways are more true!" No! Shari`atullah, Allah Almighty's Holy Divinely Rules, are clear. Why you are thinking on it? It is so easy. Why you are bringing something from your egoistic understandings? No, Shari`atullah, holy rules of Allah, are so bright, so clear.

For twenty-three years the Seal of Prophets (s) taught and trained his Sahaabah (r) to be a model for Islamic life. After him, who made different ideas or mentalities? Why they are doing that? And he, peace be upon him, said, “My nation is also going to be seventy-three branches, sects, but all of them are not acceptable, only one.”

What is that? Prophet (s) is saying, “What I follow, so do my followers, my Companions.” Why are you changing it when Shari`atullah, the holy commands of Allah Almighty, are so clear? Why are you bringing egoistic ideas and making true ones wrong ones and wrong ones to be true ones? I am sorry to say such a thing, but we are living in it now.

That means ayamul fitan `ijaabu kullu dhi raayin bi raayatih..., a period that everyone says, "I think that is (right)", and another one says, "I think it means something else." No, it is clear, al-halaalu bayyin wa ’l-haraamu bayyin, “What is lawful is clear and what is forbidden is clear.” What Allah Almighty orders to be upheld and avoided are clear. It means a time is coming, in the Last Days, the Day of Resurrection and the Day of Judgment are approaching, and some will say, "I am on the right way," and others will say, "No, we are on right way."

I am sorry to say that now Arabs, to whom Allah Almighty sent Holy Qur'an in their language, and He also sent Seal of Prophets (s) from among them, and now they follow ways of the 21st century, which is no good. It is a big blame for Arabs to make different groups, each one thinking, "My group is true and we are on Haqq!" No, al-halaalu bayyin wa ’l-haraamu bayyin! Why you are saying, "My group." Shari`atullah is the holy rules

of Allah, which you must follow! hal min muddakkir is easy to understand!

O Arabs! O Muslims! Why you are changing running after your desires, asking to make haraam, halaal and halaal, haraam? O Allah! Send us such a person who will be supported by heavenly powers, and that is Mahdi (a)!

Imam Suyuti in his Jami`us-Sagheer collected holy words and teachings of the Seal of Prophets (s) and ordered them alphabetically, beginning with “alif,” then “ba,” “ ta,” “thaa,” “jeem,” and so on. The first hadith from Imam Suyuti was:

•••••• •••••••

`an an-nabi yaqool: abshiroo bi ’l-Mahdi. “Good tidings of the advent of al-Mahdi (as)!” (alhamdulillah).1

So many people see the Seal of Prophets (s) in their dream, but Imam Suyuti was from some very rare ones who met with the Seal of Prophets (s) when he was awake, not in a dream. Therefore, every hadith he cited was correct by risaalat abshiroo bi ’l-Mahdi.

O People! Come and follow orders of the Seal of Prophets! You will be happy and successful and acceptable through the Divinely Presence. If not, you are going to be thrown away; angels will throw you into fire. But al-Azhar `ulamas are not saying anything because they like to follow their own ideas.

May Allah forgive us.

Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah yaa Rabbee, shukr yaa Rabbee, shukr, alhamdulillah.

(Mawlana Shaykh displays a newspaper.)

•• ••• •••• •••••• ••• •••• ••• •• •••• •••• (•) •••: (•• ••• ••• ••••• •• ••••• •••• •••• ••• ••••• ••• •••• ••••) ••• ••••••: ••• •••• •••• ••••••• ••• ••• •••• ••• ••••••

In Islam, according to the Seal of the Prophets (s), laa darara wa laa diraara.

You can't harm anyone in revenge! If someone harms you, you must not harm him in retaliation.” (al-Haakim, sahih)

May Allah forgive us.

Fatihah.

(Baya`)

May Allah grant to you happiness and heavenly lights and paradises for you, forever. Ameen, yaa Rabbee. Allah Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridhwaana. Give more and more lights to Your most beloved one and most glorified one through Your Divinely Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits).

Fatihah.

•• ••• ••• ••

•••• •• ••••••

•• ••• •••• •••

••• •• ••••••

••••.

(•• •••••••••

- •• ••• ••••).

Good tidings of al-Mahdi, a man from the Quraysh from my descendants, who will appear during a great dissension

between the people and earthquakes and he will fill the earth with justice and fairness as much as it had been filled with harm and oppression. And the inhabitants of the sky and the inhabitants of the earth will be pleased

with him and he will divide wealth profusely, even-handedly, and he will fill the hearts of the Community of Muhammad (s) with wealth, and his justice will suffice them, until he will

order a caller to call out, “who is there with any need to be fulfilled?” and no one will respond except one man. He will be told to go to the treasurer and tell him the the Mahdi order you to give me some

wealth.

"Gather and take it," he will be told. He will begin to put it in his lap, but he will not be able to carry it and then he will discard what he gathered until he is able to carry it, and then he will go out but (when he

realizes that nobody else has come and he was the only one) he will regret it and say, "I was the greediest from amongst the Community of Muhammad (s). All of them were called to take from this wealth

and no one did but me." The narrator says, "He will return it but it will not be accepted and it will be said to him that we do not accept what we have given." And he will stay six or seven or eight or nine years.

And there will be no good in life after his passing.

## Congratulations To The Pope

---

His Holiness is prepared to be in the service of his Lord only, instead of being a servant of people. His Holiness just prepared himself to be only in his Lord's service instead of being at the service of the Catholic people. Congratulations to his Holiness from his friend Shaykh Nazim.

---

His Holiness the Pope, he just prepared to be a good servant for his Lord only. Congratulations to him, long life with good deeds. His Holiness the Pope of Rome. The best one of the Catholic Church up to today, whom I met & found in a good way. And his good intentions are only to be a servant for his Lord. And just he be what I was intending for him to be. No any rank for a person more than to be his Lord's servant. Just he prepared, his Holiness, to be only for his Lord a humble servant without carrying any honour for anyone then to be his Lord's servanthood. Just he prepared to be only for his Lord's servant freely without carrying any other rank or honour. Congratulations and good life for him here & Hereafter, to be with good ones in Divinely Presence. Congratulations for his rank that anyone can't think such a things except who is understanding such a language of real servanthood. Just he met with a humble servant of The Lord of Heavens & we were happy to be with him & asking from my Lord to make him closer to His Divinely presence.
May Allah (swt) forgives me & forgives him also. He was a good fighter against satan, sadanas. We are also against sadanas. That is real way for believers to fight sadanas. And he his Holiness he did his best as he was thinking. May Allah (swt) forgives me & him, and other believers &.. real believers. To protect them from a big war that should be before the Day of Resurrection on earth.

May Allah (swt) blesses His blessed ones forever. From first man Adam (as) and whole Prophets (as) that we are believing in the last one also Sayyidina Muhammad (saws). That he...he (saws) has a majestic position in Divinely Presence through Heavens, as all Prophets (as) including Jesus Christ (as), Moses (as), & others, Abraham (as), Is'haq (as) Yaqub (as), Jacob, they were all in Divinely Presence. They are climbing, climbing to be humble servants for their Lord Almighty Allah (swt). Allahu Akbar! The Lord of Heavens all over forever.

It is a small presenting what happened for my friend Pope of Catholic Church. And I am asking a good... a good future for him here & The Day of Resurrection. May Allah (swt) forgives me.

Yes Sir. I shall speak from now up to end of day it is not enough. But it is enough for who may understand something. Don't run after dunya and its imitated titles. You must ask real title in Divinely Presence of The Lord of Heavens.

May Allah (swt) gives a good understanding to whole people particularly who they are running after sadanas not following Prophets (as). May Allah takes them away & brings Heavenly Justice on earth to be whole mankind happy here & happy in Divinely Presence. Keep servanthood of your Lord or His heavy.. His Mighty Power should take them away because they are following sadanas not following Holy Prophets & Holy Books. Beginning from Adam (as) and ending with the Seal of Prophets Sayyidina Muhammad (saws).

Thank you for your listening. Please whole mankind may think on it. I am very simple servant. I am saying Allahu Akbar! I am saying Allahu Akbar, La Ilaha illa Allah Allahu Akbar, Allahu Akbar wa Lillahi Al Hamd. Say it & you should be happy here & Hereafter.

Give your highest respect to your Lord and His servants. Merci beaucoup! I am embracing his Holiness and I am thinking for him a good future here & and good honour in The Day of Resurrection. Enough!

**Glückwünsche an den Papst**

---

Seine Heiligkeit der Papst bereitet sich darauf vor, ein guter Diener ausschließlich für seinen Herrn zu sein. Glückwünsche für ihn, ein langes Leben mit guten Taten. Seine Heiligkeit der

Papst von Rom, der beste der katholischen Kirche bis heute, den ich getroffen und auf einem guten Weg gefunden habe. Und seine gute Absicht ist es, ein Diener nur für seinen Herrn zu sein. Und er hat gerade getan, was ich für ihn beabsichtigte. Es gibt keinen Rang für einen Menschen, der höher ist, als seines Herrn Diener zu sein. Seine Heiligkeit bereitet sich gerade darauf vor, nur für seinen Herrn ein demütiger Diener zu sein, ohne andere Ehre zu tragen für irgendjemanden als die Dienerschaft für seinen Herrn. Er bereitet sich vor, nur seines Herrn Diener zu sein, frei, ohne irgendeinen anderen Rang zu besitzen oder eine andere Ehre. Glückwünsche und ein gutes Leben für ihn hier und im Jenseits, um mit den Guten zu sein in der Göttlichen Gegenwart. Glückwünsche von seinem Freund.

Nicht jeder kann solche Dinge denken, nur der, der solche Sprache der wahren Dienerschaft versteht. Wir trafen mit einem demütigen Diener des Herrn der Himmel zusammen und waren glücklich, mit ihm zu sein, und baten meinen Herrn, ihn näher zu Seiner Göttlichen Gegenwart zu bringen. Möge Allah (swt) mir und auch ihm vergeben. Er war ein guter Kämpfer gegen Satan, Satanas. Wir sind auch gegen Satanas. Das ist der wahre Weg der Gläubigen, gegen Satanas zu kämpfen. Und seine Heiligkeit tat sein Bestes, so wie er es dachte. Möge Allah (swt) mir und ihm vergeben und den anderen Gläubigen und.. den wahren Gläubigen. Um sie zu schützen vor einem großen Krieg, der stattfinden soll vor dem Tag der Auferstehung auf Erden. Möge Allah (swt) Seine Gesegneten für immer segnen.

Vom ersten Menschen Adam (as) an und wie alle Propheten (as), glauben wir an den letzten auch, Sayyidina Muhammad (saws). Daß er (saws) eine majestätische Stellung in der Göttlichen Gegenwart in den Himmeln hat, wie alle Propheten (as), einschließlich Jesus Christus (as), Moses (as) und andere, Abraham (as), Ishaq (as), Yaqub (as), Jakob, waren alle in der Göttlichen Gegenwart. Sie steigen, steigen, um ein demütiger Diener für ihren Herrn, den Allmächtigen Allah (swt) zu sein. Allahu Akbar! Der Herr der Himmel über alles für immer. Es ist eine kleine Präsentation, was für meinen Freund den Papst der katholischen Kirche geschah. Und ich bitte um eine gute Zukunkft für ihn hier und am Tag der Auferstehung. Möge Allah (swt) mir vergeben. Ja, Sir. Ich kann von jetzt bis zum Ende des Tages reden, es reicht nicht aus. Aber es reicht für den, der etwas versteht.

Lauft nicht der Dunya nach und ihren falschen Titeln. Ihr müßt nach einem wahren Titel verlangen in der Göttlichen Gegenwart des Herrn der Himmel. Möge Allah (swt) allen Menschen

ein gutes Verständnis geben, besonders denen, die Satanas nachlaufen, nicht den Propheten (as). Möge Allah sie hinwegnehmen und Himmlische Gerechtigkeit auf Erden bringen, damit die ganze Menschheit hier glücklich ist und glücklich in der Göttlichen Gegenwart ist. Bewahrt die Dienerschaft für eueren Herrn oder schwere.. Seine Mächtige Kraft wird sie hinwegnehmen, weil sie Satanas folgen und nicht den heiligen Propheten und den Heiligen Büchern, mit Adam (as) beginnend und endend mit dem Siegel der Propheten Sayyidina Muhammad (saws). Danke für's Zuhören.
Die ganze Menschheit soll bitte darüber nachdenken. Ich bin ein sehr einfacher Diener. Ich sage: Allahu Akbar! Ich sage: Allahu Akbar, La ilaha illa Allah, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Sagt es und ihr werdet glücklich hier und im Jenseits. Erweist euerem Herrn eueren höchsten Respekt und Seinen Dienern. Merci beaucoup! Ich umarme seine Heiligkeit und ich glaube, daß er eine gute Zukunft hat hier und große Ehre am Tag der Auferstehung. Genug!

**Connection is an obligation. If you have connection, everything going to be easy for you**

Audhubilahi minesh shaitana rajim...Bismillahi Rahmani Rahim, la haula wa la quwatta illa bi-llahi-l Aliyu-l Aziem...Destur, ya Sayidi Sultan-ul Awliya, Meded...

Connection is an obligation. If you have connection, everything going to be easy for you. Connection means an association, making connection our spirituality with heavenly positions. If you can reach a connection, it is for you. If no connection you are just like this case working by batteries. When battery finishing, this finishes. But there is a place through every tape, that you can us to make a connection with our electrical system, that we are in it now, and from the center of electrical area always running in it...it is not depending on batteries, no, always tis power running. And no need to use batteries that time. This instrument going to work as long as the power of electricity running through wires, it is working. We also, we are in need to have or to reach a connection to Heavens. If you have a connection to Heavens, you are easily going to do what you are asking to do, particularly what you are asking to do for your life here and hereafter. Therefore I am sitting here and I am asking a connection through my heart to my Grandsheikh that he is in connecting with Prophet's line salallahu alayhi wa sallim, and Prophet always in divinely Presence. Or we are going to look according to our batteries, to hear and trying to keep it, or trying to understand it and trying to live on it- it is so many complex going to come on our lives. And it is a teaching that they are saying our Tariqat, our way, is way to Heavens, and we must ask who is there to make a connection through our hearts, that we may be easily reaching a connection to heavenly stations for ourselves. When you are forgetting, you have been forgotten.

You are forgetting Allah, and His divinely Heavens and divinely Presence, when you are forgetting, Allah Almighty making you also as a forgotten one. That means you are only working with or you are a creature only living on your batteries, no connection with Heavens. And we must ask connection to Heaves, because

we are not created for earth. If we have been created for this life, it was continuous forever without a cut-off, always, continuously, of cause that we are not created for this world, we are only loving as much as you can say 1o years, 20, 40, 60, 80, 90 or 100...and you are living. You are finishing. You are not going to finish, and Allah Almighty saying : 'O My servants, I like for you that you may ask a real life, Haqqani life, for eternity. Come and ask how you can reach.' And first condition for reaching a servant eternity, he must try to make a connection for eternal worlds, for eternity. And when you are asking the ways of eternity, that you are in need to make a connection, you must ask whom authorized or whom their authorities for that purpose, authority to make people to reach to Heavens, to make a connection with their eternal life. But now people are not asking; they are saying: 'Only one life, we are born and live and die, passing away, coming and staying we are passing away.' Passing away means we are finishing. Sometimes we are appearing in existence as a creature, as a man, looking and seeing, smelling and tasting, hearing and listening, running, reaching, thinking, doing, making, for sometimes, then little by little you are losing, your power coming down, coming down, coming down and going to be zero, you are going to be behind one. We were in front of one, we have a personality, when we are coming back behind one, no value, finished.

Therefore, if you like to reach your eternal life, you must have connection. A person can't fly, but if he takes a plane, a flight, flying. With that instrument flying, but by himself can't fly. That flight going to be a means, wasil, to make a connection from here to South Africa, from here to London, from here to East, to West, your connection going to be with planes. If no plane, you can't reach. Therefore whom saying that no wasilat, no shafaa', they are so square-head people, mm-square-head people, they are knowing nothing, because their minds never reaching to that level for understanding what is wasilat. Wasilat in Arabic and in English it is connection. There is an engine in front of train, so many wagons behind it. There is a hook; if no hook, you can't reach anywhere, you are remaining at train station, finished. Those Wahabi people are no-mind-people, they are saying: 'Everyone can reach'. They are liars, they are destroying our beliefs, trying to destroy the biggest wasilat, biggest engine to carry people from lowest level to highest level, that is the Seal of Prophets Sayidinna Muhammad salallahu alayhi wasallim. And Allah Almighty showing to whole nations, to Arabs, believers from them and unbelievers, and through centuries, that He Almighty just called his most beloved servant to His divinely Presence. And He was saying to him, when he was asking for his nation, for his Ummah, Allah Almighty saying: 'O My most beloved servant, ask them to connect with you; I am making you engine, wasilat. Tawassul- anyone putting that hook with your engine, they should be taken. Where you

reached, they may reach.'

If not using that connection, if no connection, wagon only on station remaining, and engine going away. They are thinking that Prophet just finished and went away. No, it is a very wrong idea, and it is a satanic teaching, asking to destroy the beliefs of Ahl-ul Sunnah was Jamaat. They are making Rasul salallahu alayhi wasallim as an ordinary person or postman- he brought Quran and left and went away. For what this? Why he lived with his companions, with his nation? If it was only his mission to bring book, first time that Archangel Gabriel coming to him, bringing that Holy Quran to him and saying to him: 'Take this to your nation, put in a place, leave and go away.' That is postman-bringing letter and going away. No, Allah keeping him up to end, 23 years, for a completion of Holy Quran; for every occasion, for every reason, for every problem, for solutions for every trouble, to take it away. It is mentioned in it. Therefore he was remaining with his Ummah 23 years, teaching them and saying: 'Follow me! Fa tabiuni', means 'Follow me, follow me with your good will'. Allah Almighty never likes forcing His servants, no. Let them... with love you may follow a person. If you follow with stick, it is no value for you. No, a slave may follow a person, his owner by stick. No value. But who following a person through is love, that is valuable on divine Presence. Therefore saying: 'O My beloved one, say to My servants to follow you.' It is not only for Sahaba, but it is also for every period up to end of the world. It is a divine order through Holy Quran that everyone must follow him with love; and to follow means to make a connection. Without connecting to him, you can't follow.

So wrong ideas bringing Wahabi people, they are from satanic sects, no value. Therefore they are rotten, finished, no more their ideas going on, because everything that standing up with material no value. But everything that standing up through spirituality, it belongs to Allah, never falling down. And they are now living their last years, because their material support going to be ended now...

O people, you must come to understand a real understanding for prophecy and for Holy Quran and the mission of the Seal of Prophets alallahu alayhi wasallim, and the mission of Awliya, his caliphs, his successors up today. That means Allah Almighty is asking a connection to His divine Presence. You must try to find someone for that connection. If you go to Wahabi people, they deny everything about divinely or heavenly positions. They never accept to be a person a heavenly being; they never accept anyone to be in connection with Heavens, or to have spirituality. They are denying. They are material sect through Islam to destroy real essence of Islam, beware of them! But they are finishing now, coming down.

May Allah forgive me and bless you for the honour of the most honoured servant S.Muhammad alallahu alayhi wasallim. Fatiha.

## CONNECT TO HEAVENS AND DON'T LOSE IT AGAIN BY BEING HEEDLESS

We are very weak servants. If you appoint an ant to be your servant, what can it do for you? We think that we are doing so much. We are fasting and praying and we think that is so much. It is not as if we were fasting for 30 days without breaking our fast, like Adam did. When he touched and ate from the forbidden tree, it took exactly 30 days for his body to be cleaned and for the last piece of poison to leave his body. During this whole time he did not eat or drink anything. This period of fasting for 30 days has been kept and given to us by Allah Almighty. But because of His Mercy, He has granted us to break our fast every evening. If a person would fast for 30 days the way Adam Alehi Salam did, he would quickly be in connection with Heavenly Beings. But we can't do that.

Adam fasted to become clean again. That is the main purpose of fasting, to become clean. If you in this Holy Month can reach a connection to Heavens in the way that our soul will be in connection with Heavenly Beings, you are lucky. You can then say that you have fasted. No matter how close you have come to such a connection, try to keep the distance you have reached and then next year it can become less and less and less.

That is the reason why Allah Almighty is making the Night of Power. It is the chance for fasting people to touch and to reach Heavens. But only a handful of people in a million can reach that level and get the connection. This is when you have reached full cleanliness and your soul has come to your station in Heaven. It can be in the First, Second, Third, Fourth, Fifth, Sixth or Seventh Heaven. It is a chance which is given every year once, on the Night of Power, and it is hidden. Sometimes a person can sit all 30 nights waiting for this moment, but if he is not close to that level, he cannot understand. It happens within the blink of an eye. This night is now approaching. It can be tonight, the 21st. It can be the 23rd, 25th, 27th or 29th, and it is hidden.

It is important to make people to contact Heavens. The soul of whoever reaches that level will control him. His ego will be finished. Satan will have no more hope and will cry beause he has lost one more person. The ego cannot control that person anymore. He will now belong to Allah Almighty, he will be a servant of the Lord. But now in the age of part-time jobs many people want to be part-time with Allah and part-time with satan. Is there anyone here who is not working part-time for satan? Everyone here is! It is only the people who have given everything physically and spiritually for Allah who do not: they live for Him, work for Him and die for Him. They are not part-time workers.

If Allah Almighty trusts you, He will call you to the Night of Power. But these are very, very, very... I could sit here and say "very" until the next week, that is how few there are, few, who are trustworthy enough. But we have good news: whoever attends meetings like these and who sincerely want to reach that point, will finally do so. That means that we are lucky. Even if we are part-time workers for satan, we must repent every time and ask for forgiveness.

The door to repentance is always open. He knows that we will be cheated, but the point is to return to your good intentions. You will always be accepted. Satan is telling us that his job is to get us off the straight path and to make us do evil. But he also admits, that the moment we repent, his whole job is destroyed. The Lord of Heavens knows that we have not been created as angels. He knows that we have an ego and that satan is trying to attack and to cheat us. That is why He has left the door to repentance open for us. If we ask for forgiveness and say that we are sorry, and do not want to repeat it, He is always ready to forgive us.

But even if you know that Allah Almighty is ready to forgive, you must be ashamed to come to Him and to admit your sin. You must try to control yourself and not to run after satan. Don't be heedless, because you can then lose your faith. All your good deeds, worshippings and every precious thing which Allah Almighty granted to you may be lost. If someone will loose his faith, it is finished. If someone, for example, backbites on someone else, 7 years of good deeds will be wiped away from his book of good actions. Beware of heedlessness! You can lose too much. You can even lose everything. Wake-up believers!

Once upon a time someone put everything on his donkey to take from the village to the market in town. It was so full of things, that he did not have space for himself even, so he was leading the donkey with a rope

and walking infront of it. Two robbers saw him and came slowly with the intention to take everything from him. One of them took the lead from the mouth of the donkey and put it over his own head. The other one took the donkey and all the things and lead it away. The man did not notice anything, he was holding on to the rope, thinking that he was leading the donkey. After some time he turned around and saw that he was leading a man, and not a donkey. The thief started to sob and to throw himself on the ground, "Oh, Allah, you know that I am a big sinner and that is why you have changed me into a donkey! I am asking forgiveness!" The man was shocked, thinking that for all these years he had been using the donkey thinking it is a donkey, and now it has become clear that it is a punished man! He was so surprised that he just took the lead off the head of the other man. He was completely heedless. Even if a man has become a donkey and then again a man that can be understood. But where were the things? The thiefs brought everything to the market to be sold, even the donkey. When the donkey saw its owner arriving at the market, he made a big noise. The man looked at it and thought pitiful, "What did you do again to make Allah turn you into a donkey? May Allah protect me from your company!" So he was escaping from his own donkey! In this story the robbers were satan, the ego and the worldliness. They want to take everything from you. Beware of satan!

## Connect to the Lord of Lighted Dominions

(Mawlana stands)
Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! Whole praising and glory for the Lord of Heavens, and He is the only One Who is granting to servants honor and glory. May our Lord's blessings be on our humble meeting here and for the honor of His most honored one Sayyidina Muhammad (peace be upon him) grant us to hear and understand and to obey. Alfu salaat, alfu salaam, countless salutations of glory and honor on the most honored one in Allah's Divine Presence, Sayyidina Muhammad (s)! We are asking for your intercession. You are the only one who can speak in the Divinely Presence, no one else. Alfu salaat wa alfu salaam. (Mawlana sits)

(Mawlana sings)
Dome dome dome dome 4x

Whole singings are for the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana stands) Salutes to him. Allah never needs anything from His creatures, no! Everything He is granting to His most glorified servant, Sayyidina Muhammad (s), and giving to him. (Mawlana sits).

If anyone is asking for glory and honor, he must give salutes, praising, and glory to Allah Almighty's

representative through Creation, from pre-Eternal up to Eternal. Give honor and take honor. You can't give honor to a donkey. What honor you are giving to a donkey? If you are giving honor to a donkey, it is not honor for a donkey. A donkey is happy for its creation and to be in existence even a few years, it is going to be happy and honored through its levels.

O my master, master of this world, captain for this Creation! I am asking humbly from your heavenly position and honor and support because I know nothing. Please, O my master, pole of this planet, a little bit as you like, grant for me, because you are putting me to address the Children of Adam. Also I am asking some bullets, but not only empty bullets giving only empty sound of boom-boom-boom, no. So many people through east and west, they are claiming they are something or someone, or they are important ones, saying, "We are VIP ones among people." It is only an empty claim because if they have been granted a full bullet, it is giving a sound and reaching to its aim, touching that bullet from man to man and killing. But heavenly bullets are making dead people to stand up!

Therefore I am asking, O my master, grant to me, by your order I am sitting here, and I am nothing. I am asking some bullets to touch (hearts of people). We are saying millions of centers or billions of centers are hearing something from this humble association. Yes, maybe, and I like to touch to them, and to make something on their situation to touch their physical beings, and changing also their mentalities and their minds. That is real bullet! Others, we are not taking any care. No, no, no, no. (Mawlana singing)

Therefore, I am asking this from one, to second one, to third one, up to level of the master, reaching from my master to my heart, to speak and warning you for your future. Our future is going to be either in an enlightened world or through darkness dominions (where one) can't see, can't look, can't know, can't touch, can't taste, and can't enjoy. They are real dead people, because they killed their real being through this life, never taking care to reach and save themselves from darkness worlds through enlightened and brightened worlds.

O people! As-salaamu `alaykum our listeners! You must observe from where may come such a declaration. You are thinking on it, you may find a light to reach an enlightened world. If you are not recognizing, looking at this and that same, you can't reach and you can't take anything. O our listeners, as-salaamu `alaykum! It may be these heavenly salutes on you gives you honor. Therefore, come and listen! If you are not giving, you

go as you like. If you are preferring to be blind ones or ignorant ones, you must go and continue on your way. If you like to reach something from heavenly aspects, come and listen, and ask the ways for reaching divinely dominions oceans, where even our imagination can't reach!

O People! Give some time for your Creator, and we are on the last or first step. You are standing on it and day-by-day asking to step a second step, third step, fourth step, fifth step to heavens through our arithmetic or mathematics knowledge, a knowledge that can't say. Therefore, try to be with your Lord daily, even for some minutes (because) you are going to be honored ones. As much as you are trying to be with your Lord, you are taking much more honor. When you are staying with your Lord, you are reaching for impossible targets, impossible to reach, an end for those steps.

O People! Come and take a satisfaction through this humble meeting here, very humble. I am asking from my spiritual guide to make me to taste something very fine, a tasting from this association, to be stronger through our physical beings, and to be enlightened through our mindly being or our spiritual being, that no one knows what is the reality of spirits or souls. If anyone is asking, it is a free association! I am not asking you, "Pay me this, give me that," no. We are not running after that; we are running after realities of dominions of the Lord of Heavens. Therefore, we have been granted very short life to make a link from our physical beings to a heavenly being. That is real wisdom, of coming in existence in this world to make a link from our material being to our spiritual being, because our material being is going to finish and vanish.

We are on a ship and it is going to sink down, and coming from up a hook for linking. Who is reaching there is being saving and going up, not sinking down. Therefore, our material being one day must also sink down. Toba (good tidings)! Never-ending good tidings are for those who are asking and reaching through that links, and that links smoothly, smoothly taking him up, leaving physical being to sink but sending our souls up.

O people! We must try to learn something, that is our way. I think any religious leader can object on such realities. Maybe the holiest one in every country, the Pope and chief rabbi, I don't think can object on such realities, saying, "That servant's declaration is wrong." I am not claiming that I am a shaykh, nor that I am something, but I am trying to be nothing! We must take care. Perhaps we may find it through our holy books. (Mawlana sings) Huuuuuu.

It is true what we are saying, and addressing to our brothers and sisters from human nature. O People,

through east and west, billions of people! It is enough that you drank Satan's whiskey or champagne or vodkas. There are some using it and becoming drunk; that (affect) is for a short time. What Shaytan is giving people is (making) them not to awaken, and they will be taken by force to darkness worlds because they are not asking to link themselves for heavenly hooks.

O People! Listen and obey. Listen to what the Lord of Heavens is saying! We are coming from these endless life oceans, and you are going to come back to His life oceans. O People! Huuuuuu. Don't waste your very precious lives for nothing; come and hear! They are making me to speak to the servants of the Lord. I am a weak servant, perhaps the weakest servant. I am not asking anything from our listeners, because if each of our listeners gives to me one treasure, there is no value because my ship is as everyone's ship, it is going to sink down. And when it is going down, there will be no meaning to have treasures of this world. Therefore, come and be content with what Allah granted to you. Stand up with your physical being and try to work for your Lord! Then the Lord of Heavens will send to you when last moment coming, a link or a hook that will take you up to the Lord of Lighted Dominions!

O people, O people, may Allah blessing you! May Allah grant us an understanding through His elected or selected servants, and as it is mentioned through all holy books that when the Last Days approaching, going to be from east to west, from north to south, everyone running after no-value treasures that are not for them. And at that time the Lord of Heavens is going to send a heavenly being for His servants, to wake them up and to save themselves before their life-ship sinks down.

And we are coming in front of heavenly-selected ones (who are) making people to take care, to think, "What is that one speaking?" We think (what he is saying) is not from him, that it must be a spirituality through that one who may belong to heavenly powers, that they are going around as a patrol on this world. Perhaps he has a link with that and we must hear (what he is saying).

Give daily for your Lord a most honored servanthood. Try to be servants to the Lord of Heavens! You must try to reach to that servanthood. That is important. It is not important to collect the treasures of this world, or to reach highest degrees for this life's honor. When your ship sinks down honor of this world will finish. It will only be written on a stone, "That was majestic king, a majestic queen, His Highness, that was His Excellence, President (so-and-so), that was most high pope, most high chief rabbi". Only that stone and

nothing else will be with you.

O people! Hear and listen, and try to understand what the sound of heavens coming to ourselves, to our ears. Whoever is hearing and obeying, just he reached and saved himself. His real being just saved and reaching endless enlightened dominions of the Lord of Heavens.

O people, as-salaamu `alaykum. May Allah forgive us and bless us for the honor of the most honored one in the Divine Presence, Sayyidina Muhammad (s). (Mawlana stands for Prophet [s] and sits.)

Fatihah. (38 minutes)

(Mawlana sings)

Dome dome dome dome 8x

Everyone they are mushtaaq,
yearning to hear
heavenly singings of angels,
That giving us a real pleasure
through every part of our bodies
getting to be enjoyment
by hearing heavenly sounds of angels,
what we are only saying...

Dome dome dome dome 8x

Don’t cry, don’t shout
“ayyyyyy, ooooooo!”
My “dome dome”
is better than your “ayyyyyy”!
O People! Try to hear
heavenly music, heavenly singing.
I’m a very weak one

and I know only to say...

Dome dome dome dome 8x

Whole praisings
and whole glory
only for You,
O our Lord!
You are our Lord,
You are our Lord,
only You!

Dome dome dome dome 4x

(42 minutes Sayyidee)

Okay, may Allah forgives us. Fatihah.

Lefke, 26.10.2009

## Wear the Costume Designed in Heavens

(Mawlana Shaykh stands) Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Sayyidina wa Nabiyyina wa Mawlana Muhammadun Rasoolullah. Alfu alfu salaat, alfu alfu salaam `alaa Khaatim al-Anbiyaa'i wa 'l-Mursaleen, yaa Sayyidi 'l-Awwaleen wa ’l-`Akhireen. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

Thumma salaam `alaa Saahib az-Zamaan. Thumma salaam `alaa Qutb az-Zamaan. Thumma salaamu `alaykum Qutb al-Mutasarrif. Thumma salaamu `alaykum Qutb al-Aqtaab. Salaamullahi `alaykum wa rahmatahu wa ridwaanuh. Allah, Allah.

O our Attenders! As-salaamu `alaykum. How are you today? Happy? Happy! When you are happy, you are mu`ayyideen, happy, and `Eid is the most happy day for Mankind!

Thumma salaam `ala Salafi `ulamas! Say, "Wa `alaykum as-salaam." If you are not replying, something may reach you that makes you unhappy. The holy command from Heavens is, "Who is saying to you 'As-salamu `alaykum,' you must say, 'Wa `alaykum as-salaam,'" that if you are greeted, then greet like it or better.

(Mawlana Shaykh stands) Asta'eedhu billah.

••••••• ••••••••• •••••••••• ••••••••• ••••••••• ••••••• •••• •••••••••

Wa idhaa huyyeetum bi-tahiyyatin fa-haayyoo bi-ahsana minhaa aw ruddoohaa. When a (courteous) greeting is offered you, meet it with a greeting still more courteous, or (at least) of equal courtesy.(4:86)

You are `ulamas, and you know ayatul-kareemah. Must be salaam from one to the second one. (Mawlana Shaykh sits) fa-haayyoo bi ahsana minhaa. Yes it is a holy command, because tahiyyah is from the Heavens and if anyone gives you a heavenly greeting, saying, "As-salamu `alaykum," he is giving you a heavenly honor, and you must say, "Same to you also, wa `alaykum as-salaam." More than this, it is much more lovely if you are saying, "As-salaamu `alaykum," and the second one must say, "Wa `alaykum as-salaam wa rahmatullahi wa barakaatuh." Deen al-Islam, Islamic religion, Islamic honor is the highest level for Mankind and Allah Almighty is asking to grant to His servants more and more and more! You must understand what is Islam and which honor is brought to Mankind! If you do not know about that, your level is the level of animals who are not understanding. Islam is the highest level for servants! Therefore, you must know what you have been granted from heavenly beings, in what they are dressing you of honor from the Heavenly Presence.

Everyone now is asking to dress in a good dressing. That is the desire of everyone, to be granted the best things. The Lord of Heavens is asking to grant to you what is the best for you. Why are you escaping? What is the reason? Because you are saying, "We are following Moses, Jesus Christ, Abraham, Noah, Zakariyya, Sulayman, `alayhimu 's-salaam." They are also just granted heavenly grants to dress people. You are asking every day for new fashions, new pleasures, because you are running to be in much more pleasure. Therefore, prophets, beginning with Adam (a), were granted something and then coming after Adam, peace be upon him and all prophets, he brought people, accepting from him or not. Who was accepting what Adam (a) brought of heavenly dressing and called people, "O People! Come and dress in a heavenly fashion dress." Some people are saying, "Yes, we are very happy to dressing in a heavenly dressing because that dress is giving us a heavenly honor." Some of them are saying, "We are not in need to dress in heavenly dressing."

What is your dress? Ask, Salafi `ulamas, ask those people! They are saying, "We are not interested in what you are bringing; our dressing is okay." Say what was their dressing, make it clear! Their dressing was the dressing of animals. Why are you not saying? Those who are not accepting Islamic dressing and running away, what is their dressing? Say that their dressing is the dressing of animals! Now on this planet there are

perhaps more than seven billion people, and how many of them are accepting that honorable dressing that prophets were bringing? You may say 100%, or you may say 99% are preferring the dressing of animals. Don't look for their dressing from cashmere or silk clothes, no; that may be most fashionable clothes, but their dressing is still the dressing of animals!

Dressing honored from the Heavens is only that which is brought by prophets, who were saying, "O People! Come and dress in heavenly dressings honored in the Heavens."

O Salafi `ulamas! Say what the Seal of Prophets, Sayyidina Muhammad (s) brought! (Mawlana Shaykh stands) What kind was he bringing, cashmere, or dressing from heavenly dressing? (Mawlana Shaykh sits) Why are you not making that clear? Make it clear to your sultans, kings, umaraas (princes), which dressing is giving honor! Ask them to make it clear for their people. They are running after the dressing of animals.

A handful of the Children of Adam accepted what he brought from heavenly dressing, but mostly they were running away, saying, "Our dressing is okay!" Salafi `ulamas! Say what is their dressing, say to your kings, sultans, shaykhs, and umaraas, if what they are dressing is honored or not? Honored dressing is from who is bringing to Mankind, say it! The Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

O Salafi `ulamas, O Azhar ash-Shareef `ulamas and doctors of Shari`ah! That is such an important point that you must make clear for people: which clothes are honored clothes that the Seal of Prophets brought to people? (Mawlana Shaykh stands) What Sayyidina Muhammad (s) brought is the most honored clothes, yes. (Mawlana Shaykh sits) If it was so valuable or if it was much more honored clothes, the Seal of Prophets would say, "O People! use the form that you like." But no, the honored uniform for Mankind that prophets brought is the best, coming from the Heavens.

O Muslims! O you who are claiming you are mu`mins! Why are you not using it what the Seal of Prophets (s) brought to Mankind? Animals are very happy with their forms, saying, "We are not in need of another uniform, it is very good." The Seal of Prophets (s) brought a uniform for Mankind, but how many people from one-hundred are keeping that honored form or how many millions or billions of people are accepting the heavenly uniform brought by the Seal of Prophets, Sayyidina Muhammad (s)? (Mawlana Shaykh stands and sits) Ask them!

They are only claiming they are "Salafi `ulamas"! You are doctors and not knowing about Islamic uniforms. Everywhere, every state has honored uniforms and people are running to reach such uniforms because they give honor over others. What is the best uniform for Mankind? Say! You are always very angry, because Shaytan is attacking you. Why are you going to be angry on a person, because he is speaking truth? Say what is the heavenly uniform of Mankind and who is bringing that! Our dressing is heavenly and we are not running after new fashion clothes that Shaytan makes. How many from one-hundred people can you find using a heavenly uniform or real Islamic uniforms? Say! You are looking and saying, "This fashion is much more suitable for my rank, my position." You are looking for tailors and fashion designers.

"Please create a new design for me, for our national show. That day I must wear a very rare, new design, and look at myself to see how I will be with that new design."
People are running after designers! All designers and who are accepting them are also Shaytan's "labor party"!

"Don't bring that labor party's dressings, our position is just 100% different. Therefore, if you are making this button, it must be different from common people's fashion; our fashion must be one only for our level people."

O People! Don't waste your valuable time with such foolishness! Our most precious uniform from the Heavens just reached; take it and dress in it! Why are you using trousers, jackets and shirts, for what? That is an Islamic uniform? One day when your eyes and mouth are forced shut, you will know the truth about your useless fashion, and you will cry, "Why were we not using Islamic fashions, Islamic models that came from the Heavens? Why were we not using Islamic uniforms for men and women?"

And ladies are also much more fashionable. "Yes sir, your wife is much more fashionable than you. You are a little bit fashionable, but she is following new fashion clothes, modern clothes, very carefully following new fashions coming in so many magazines." They follow fashion magazines and instruct, "It must be like this, not like that."

"Make it much more like this, to be shown also."
"Yes sir, that is very good fashion, yes."

That is Islamic fashion or uniform? I am asking women and men, Muslims. What did the Seal of Prophets bring of heavenly uniform for Muslims? Look, I am asking Salafi `ulamas to make a kind of awakening for you and for all people. There is a hadeeth of Rasoolullah (s). (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem.

••••••• ••••• •••••• •••• ••••• ••••••• ••••• •••••.•

bismillahi 'r-Rahmaani 'r-Raheem al-ama'im tijaan al-`arab. man wada`ooha wada`Allahu `izzahum.
Turbans are the crowns of the Arabs (i.e. Muslims). Whoever took them off, Allah lowered their honor. (ad-Daylami in Musnad al-Firdaws)

And:
Al-amaa'imu tijaanu 'l-`Arab, man a`azzahu a`azzahullah wa man ahaanahu ahaahanhullah.
The turbans are crowns of Muslims, of Arabs. Whoever honors it Allah honors, and whoever dishonors it Allah will dishonor.

Yes, if you are not knowing, look at hadith books. This is from Islamic fashion and the Seal of Prophets distinguished Arabs, "O Arabs! Allah Almighty is making turbans as crowns for you from heavenly fashions. If you are leaving it and putting it down, then Allah Almighty is taking glory from you."

I am sorry to see in Meccatu 'l-Mukarrama and Madinatu 'l-Munawwara those soldiers put hats on their heads. Why? It is not heavenly fashion, but they are putting it and Allah Almighty is making their honor down, down, down.

O People! Use Islamic uniforms for men, women, and children, young and old ones, so that you will be supported by heavenly powers that no one may assault on you from nuclear weapons, nothing will touch you.

O People! Come and listen! That is an important speech to make people understand Islam and the Islamic uniform. That is new, perhaps all Muslims never heard about it, that there is an Islamic uniform. If you do not know about Islamic uniforms, what do you know about Islam? Don't follow non-Muslims' steps, but use qadami sidq and follow the steps of the Seal of Prophets (s) and you will be happy and honored here and Hereafter.

May Allah forgive us, for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh

stands and sits)

Fatihah.

(40 minutes) (981 viewers) Good, because today is `Eid and people are running to look for new fashion clothes! La hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Adheem.

(Mawlana Shaykh prays two raka`at Salat ash-Shukr.)

Fatihah.

As-salaamu `alaykum! Allah, Allah, Subhaan Allah.

## Countless Easts and Wests

Allah Allah, Allah Allah, Allah Allah, Allah Allah
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Alfu salaat, alfu salaam!

As-salaamu `alaykum, yaa `ibadallah (worshippers), who are just honored by a heavenly honor! As-salaamu `alaykum, who are just knowing that and are asking to keep that honor from pre-Eternal up to Eternal!

O People! As-salaamu `alaykum. We are asking for madad, heavenly support from that one who he is in charge of everything happening in this world from beginning up to end, and we are asking Huuuuuuu, heavenly support for addressing to everyone from the east through to the west. Where is the east? Where is the west?

O Salafi `ulamas! Do you know where is the east and where is the west? It is a difficult question because everywhere it may be the same time east and the same time west. For what? According to the sun's movement which is making countless easts and countless wests, what are you saying, O Salafi `ulamas? It is something that is mentioned in the Holy Qur'an:

••••• •••••••••••• •••••••••••••••

Rabbu 'l-mashaariq wal-maghaarib, Lord of the easts and wests. (70:40)

Do you need the proof? That means only the Creator is knowing the numbers of the rising and the setting of the sun. Daily, there are different and countless mashaariq (easts) and maghaarib (wests). Allahu akbar! They are saying to our grandshaykh that he may support us by any means, by so many means the east and every rising is bringing something to make some people arise. Also so many settings are making countless people to set down.

May Allah Almighty grant us an understanding, and we are saying a`oodhu billahi min ash-shaytan ir rajeem. We are running away from Shaytan and his wrong ideas and are saying, Bismillahi 'r Rahmani 'r-Raheem, Bismillahi 'r-Rahmani 'r-Raheem, Bismillahi 'r-Rahmani 'r-Raheem. That is the entrance for Mankind to enter and to see new views and there is a changing through every moment, or through every second or third.

O Salafi `ulamas! What is that proof on the last word? You must bring your proof, qul haatoo burhaanakum. If you are saying something, you must have proof that supports what you are saying. Which thing is supporting what you are saying now, that everything is going to be changed, countless risings, countless settings. According to the rising of the sun, this is happening; this world is carrying something and the rising sun is asking Earth for the sun to send us some new things.

Now we are getting older and we are in need of a new one, new ones, new visions. And what is the proof from Holy Qur'an for this point? The sun rising and the sun setting, that means nothing is going to be stable. It is changing countlessly because of renewal? A renewal is a grant reaching people from the heavens. Renewal, kullu jadeedin ladheedhun. Every new thing is tasty, delicious. Therefore, the Lord of Heavens has a countless 'renewment' in every minute or second, down to the shortest measure of time because renewal is giving people refreshment, enjoyment and pleasure. Every change is bringing new pleasure for Mankind.

Therefore, He knows our situation or our levels. Subhanallah. He knows the demands of His creatures and He is asking to grant to them kullu jadeedin ladheedhun, (every new thing is tasty). He is asking to give more different enjoyment and pleasure. He is asking to grant His deputies, who are 'deputy' by name and are never going to be a real deputy. Everyone has a limit. When Men are asking, their asking is always in limits, it can't be countless. Therefore, the Lord of the Heavens is granting everything for Mankind in limits. When we eat, we eat small pieces of food, we are not eating like giants. We eat little-by-little. Why is He making His servants taste from His endless tastement (flavors)? With each drink or bite they will have a kind of pleasure, an enjoyment. Man is not like a gigantic boa snake that may swallow without taste. He is making Man taste everything each time, to reach a new enjoyment and a new pleasure. The Almighty may do as He likes to arrange for our provision, but He is making it for chewing and drinking, so that we are getting much more enjoyment and pleasure. Also, Allah Almighty is making for Man some food that is salty, some that is sweet, some that is bitter, and some that is sour; a different taste for everything.

This life is an imitated life and it is signing (indicating) an example on this planet of Allah Almighty's endless grants to Man for eating, drinking and tasting, to be endlessly for them in Paradise. Every time you are eating and drinking you are finding another taste, another pleasure, another enjoyment. Why are you running away from that direction? This is coming as a simple understanding for Man's future pleasures, like a cook giving someone a sample to taste, to be pleased and in pleasure more and more each time.

O Salafi `ulamas! What are you saying for this? I think some of you when you come for a lunch or dinner or breakfast, like it to be different and not the same. The Lord of the Heavens is asking to grant His deputies a new taste with everything. When we are saying "deputy", it is never going to be a real deputy. He has dressed only one to be a deputy according to the level of Creation, not beyond Creation, and that is Sayyidina Muhammad, sall-Allahu `alayhi wa sallam. (Mawlana Shaykh stands and sits.)

Allah Almighty is saying through the Holy Qur'an, why He is making the sun rise, sun set countlessly and they are never going to be a hundred percent the same, they are a hundred percent different! He is asking to make His servants pleased! There are countless grants from Allah Almighty that are not a hundred percent the same. Today's pleasures are not the same as yesterdays or the pleasures of the coming days. New, new, new. What is the proof for the point that everything is changing? Allah Almighty is saying, kullu yawmin huwa fee sh'aan, kullu yawmin huwa fee sh'aan, kullu yawmin huwa fee sh'aan.

•••••••••• ••• ••• •••••••••••• •••••••••• ••••• •••••• •••• ••• ••••••

Yas'aluhoo fi 's-samawaati wal-ard, kullu yawmin huwa fee sh'aan, Of Him seeks (its need) every creature in the heavens and on Earth, every day in (new) splendor does He (shine)! (55:29)

This is an endless ocean for understanding or for explanation. Who is Huwa? Allah Almighty is never accepting to be changed. No, it can't be. Allah Almighty is the same as He was in Eternal and pre-Eternal. He is Eternal and Eternity is only for Him. He never accepts a changing when He says, kullu yawmin huwa fee shaan. Which day is He saying? Yawm. Who is Huwa? To where is He coming? To that point where our understanding is never reaching, but subhanallahi 'l-Muqtadir, the point of proof. Who is that One, Sh'aan? And Allah Almighty, laa yazaal wa lam yazaal, is never accepting a changing. Kullu yawmin huwa fee sh'aan. It means that One. The One, that Hu, you are never going to understand. Who is that, fee sh'aan? Not coming on Him because Allah Almighty never accepts a changing. That means for Mankind, Bani Adam, it is just granted to them. Either their ways are in a bad direction or their ways are in a good direction, both of them. So every day, there are going to be two different dressings appearing on Man: one makes him happy, another one makes him unhappy. Therefore, the whole responsibility is on Mankind. They may reach one (or the other). Every moment, every second you may look and you may reach a happiness and enjoyment and pleasure and understanding and new enlightenment. May Allah forgive us for the honor of the Seal of Prophets (s).

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah

Fatihah.

(43 minutes)

Dome Dome 4x

Be happy! Our Lord gives us some understanding, grants us some new understanding to be in pleasure, here and Hereafter.

Fatihah.

Yes sir.

(Many people sending salaams, Sayyidee.)

Happy?

(Yes, they are very happy, Sayyidee.)

May Allah make them happy forever!

(523 thousand.)

They are fearing to come down, if coming down from more than 500,000 they are making me not to speak to them. Yes, sir.

(Mawlana Shaykh speaks with Hajjah Naziha on the phone.)

**Created from the Four Elements: Fire, Earth, Water and Air**

Destur ya Sayiddi, meded. Meded!

(Sultan stands)

Subhanallah, Sultan Allah, Ant Allah

You are the Creator, O our Lord, Lord of creation. Whole praise for You, whole majesty for You, whole praise from pre-eternal to Eternal for You. Forgive us. We are always on wrong way. O our Lord! Make our ways True Ways.

Allahu Akbar, Ant Allah, Ant Allah, Ant Allah. Allahu Akbar wal Akbar, Subhan, Sultan, Subhanallah, Sultan Allah, Subhanallah, Sultan Allah

We like to stand up from pre-eternal up to Eternal in Your Heavenly Presence standing up and to look to Your Heavenly Majestic blessings. We like to stand up for Your endless glory. Forgive us and we are asking Your endless praises on Your most beloved servant and Your representative through whole creation. For his honor we are standing because he is representing to You and whole, whole honour and glory that can reach a servant only that one Sayyidina Muhammad (s). Everyone must know something for his honour.

Alfu salaat alfu salaam thousands and thousands blessings and praising on you O our most beloved representative, most beloved Prophet for ourselves, most beloved one in Divinely Presence. We love you. Your life giving us life! O Muhammad! Peace be upon you. Your lights lightening everything from pre-eternal up to Eternal and whole honour oceans, lightening oceans, glory oceans just granted to you that only may be given to a servant. No anyone else can reach your level, your position, your high level.

Allah! No one knows His real being, no one knowing if anyone knowing Allah as He knows Himself must be

two lords, two creators, two sultans, can't be two sultans of one throne.

(Sultan sits down)

O our master that through your graduated and honoured being may give something about that one, that special one through creation, most special one, most glorified one, most honoured one, most majestic one, Sayyidina Muhammad, peace be upon you O our Prophet!

(Sultan stands)

Only you, only you.
Huuuuuu
Huuuuuu

Destur. Your support, our master, through this life and also after this life - our master that means whom representing Holy Prophet. They are masters whom they have been granted a very small spot from that special one's oceans.

O people! As-salaamu `alaykum! O mankind! As-salaamu `alaykum!

O mankind! Beware from wrong ways, beware from wrong understandings. As much as you may give honour and you may give praising about the Seal of Prophets whom representing the Lord of creation it is nothing! O people! You are not coming here for eating and drinking and for your physical pleasure, no! Try to reach Heavenly ones and most closer one to the Lord of Heavens. That is the Seal of Prophets Sayyidina Rasulallah Muhammad (s).

(Sultan stands)

Destur ya Sayiddi! We are asking to give to your Holy Presence more and more and more love and honour and praising.

(Sultan sits)

So many masters from beginning up to end and no ones beginning for this planet and to where ending no one knows. We are landed on it. O people! Say A`udhubillahi mina 'sh-Shaytani 'r-Rajeem. Run to Allah Almighty and His most beloved representative from Sadanas from Shaytan that always calling you to wrong way and to wrong understanding and to wrong activities, Sadanas, Shaytan.

O our Lord! Protect ourselves from Sadanas. That one was asking top point for Divinely representing but its understanding so small, small, small and as an atom small or smaller than atom. He was in such a position and he was asking an understanding for whole creation. It was looking itself Sadanas saying I am so big, I am so big, I am so high level one, perhaps I am on highest level one. I am that one I must understand. I must understand Who is that One that creating me? Who is that One that created me? And I was trying from beginning of my existence through earth and its levels I was asking this to reach on a level that on that level I can understand Who created me.

Or Sadanas was asking and saying, "I am fire and fire as my knowledge and understanding fire is not a creation, no. No. Fire no need to be created and fire's existence it is not such an ordinary existence. I have a specialty through creation because I have been created from fire," when he was looking and seeing that the Lord of Heavens created a new creature.

We are saying Bismillahi 'r-Rahmani 'r-Raheem. O our Lord! Your representative let him to teach masters and masters can teach ourselves. We are so, so far away from understanding through ourselves. We are so far for understanding. We are in need someone to give us an understanding and Sadanas was saying "only I am not in need someone, some new one for making me to understand more than I am understanding. I am that one and my level top level and I am, I am a special being through creation."

Therefore, why addressing to Heavenly beings, Heavenly beings and saying, "I am creating someone, someone that that someone going to be My representative through Heavens" and Shaytan was very upset. When he was hearing this very upset suddenly saying, "For what? When I am here why the Almighty is saying 'I am creating someone, new one through heavenly beings. Why? And He is saying, 'I am creating that one from four kinds of elements. Four elements I am using for his creation: fire and earth and water and hawwaa, wind, and mixing that four elements and asking to create a new creature,' that I know most powerful one through four elements is fire and I am whole fire. I have been created from fire. That new one it should have

only one part from four, fire, and according to my knowledge I was, I am knowing that through four elements most powerful that is fire. That fire giving a power to that new creation but I am only fire."

He wasn't understanding that to be in a creation one element more giving much more, much more kamal, perfection. He was not understanding. He was saying, "I am fire, I am so powerful, the new one the Lord giving to him four elements and only one of four it is fire." Never understanding that every element giving another personality, identity to that new creation. Never thinking and saying, "I am here, I am not bowing to Adam" and Adam granted fire and besides fire earth, water and air. Each one giving another personality and power and new sight manifestation or new appearance. Not understanding. That making it to fall down because he was thinking that whole, to be created from fire and going to be same as granted to creation of Adam. He was thinking that he has whole qualifying with fire and fire through creation of Adam not reaching its fire, no! It was wrong. Same fire that was granted to Adam and granted on it water that its secret, secretness no one knowing!

Wa ja alna min al maee kula shaien hai

That sirr was with Sayyidina Adam but not with Sadanas. No life. Fire never giving life but water giving life. "Wa ja`alna min al-ma'i kulla shayyin hayy - Just We granted to every living creature life through water." That not granted Shaytan and also third one, air, granted to Adam (peace be upon him) that making water and heaviness of water and fire to get up and also fourth earth just carried up through air. If not air, not air that you are understanding this, that is Qudsi Sacred, Sacred air not that you are understanding from air, no. Only its name is air but its real position unknown from anyone. Only the Creator may know. Therefore, these four elements just arranged in a new creature that no any other creature granted that sacred elements.

Through one being, one creature. That is a secret of the creation of Adam and a secret or secrets that the Lord of Heavens granted to him to move through whole creation and Adam (peace be upon him) his majaal, his level can't be understand through other ones. Angels they are created from lights and Shaytan from fire. Adam created from four different elements and his being can't be known and Adam's level was Heavens, Heavenly level, Heavenly Presence that granted to him by his Creator that level Heavenly not Divinely. Divinely no one, no any creation may be there, no, never! Subhanallah! Whole glory for the Lord of creation!

(Sultan stands)

O ya Rabb! Subhaan glory to You, endless glory to You, endless, endless! That level that we know only its name Divinely, Divinely stage, Divinely level, no one there except Him Almighty.

(Sultan sits)

That is the Lord's, it is only our Lord's, that belongs only to Him no one else that is la shareeka lah. No any one else may be there, never! Who asking to reach to there that is shirk, can't be, can't carry any one. If asking whole creation and forcing to enter to Divinely Presence, from Divinely Presence coming a shahaab thunder, lightening, shahaab that running after stars and taking them away and that should be happen if whole coming and asking to be in that Divinely Presence a black hole coming and swallowing, finishing, disappearing, taken away from their existence.

That black hole they are saying, black hole taking its existence once again, once can't come those things, those creature in existence and there is also white holes. White holes coming new creation from pre-eternal up to Eternal on the level of Heavenly level. If we are saying that there is also red holes don't be surprised. If we are saying there is green holes don't be astonishing and if we are saying only seven colours through seven colours seven different holes that coming through them countless creation according on that level. They are all of them on Heavenly level and O people don't think that the Lord only He has seven colours! Countless colours and countless majarir, channels from Allah Almighty's high Siffaat High Attributes, attributes only you can't add it, coming, coming different colors and different creatures creating coming, coming, coming.

Allahu Akbar, Allahu Akbar, Allahu Akbar, Subhan sen ya Allah, Sultan sen ya Allah
You are Sultan, You are Subhan!
O our Lord! La ilaha illa Anta Subhanak innee kuntu min 'adh-dhaalimeen!

(Sultan stands)

Give Your most high honor to Your most honored servant Sayyidina Muhammad (s).

WebSufiLive, CategoryCreation, CategoryShaitan

**Created in Light but Living in Darkness**

Dastoor ya Rijaal-Allah,
Dastoor ya Sayyidee madad
Allahu akbar, Allahu akbar, la ilaha ill-Allah. Allahu akbar, Allahu akbar wa lillah al-hamd.

You are our Creator, You are our Lord. We are asking Your heavenly help and support . O our Lord, grant us, for the honor of your most honored one, the most honored and glorified and majestic one, Sayyidina Muhammad (s), we are asking heavenly help to destroy Every false, Every bad thing, from earth to take it away and to bring what is good, what is the best for mankind. How they should be in front of their Lord the Day of Ressurection. O people, as-salaam `alaykum wa rahmatullahi barakatuh. Hear and listen and say with me: alfu 's-salaat alfu 's-salaam `ala sayyid al-awwaleen wa 'l-akhireen Sayyidina Muhammad (s) and we are asking your intercession in this holy month and asking this holy month its baraka, its glorifying and from its honor. O people! Hear and listen and obey to your Lord, our Creator. Allah, Allah, Allahu Akbar wa lillahi 'l-hamd.

O people! Say `audhu billahi min ash-shaytani 'r-rajeem. Say we are repented from bad steps, we are repented from bad actions. We are sorry from our bad actings and activities. And saying `audhu billahi min ash-shaytani 'r-rajeem - O our Lord we are running to You from Satan and its helpers. And we are asking a heavenly sword Bismillahi 'r-Rahmaani 'r-Raheem to make a defense against Satan and its helpers. May Allah take them away. We are, O people, saying dastoor ya RijaalAllah. Madad Ya Sultan al-Awliya. We are asking from the master of this world, to help us, and to give us his heavenly support to us because we are weak ones and we are in need of heavenly support and heavenly support nEver coming, only through the master of this world. We must learn, we must try to give our best actings to our Lord's heavenly Present. Daily, daily we must try to be a little better than yesterday. Today we must be a little further, towards where?

Towards oceans of lightening. Oceans of lights, oceans of heavenly lightening. We must try to approach a little bit more to lightening worlds, lightening heavenly positions, to be lights. Enjoy! It is so important.

We are here living through darkness, the darkness of this life. We are living through darkness and dirtiness through this world. Darkness. We have been created through (n)Ever-ending lights of heavens. We have been created through lightening worlds,through enlighted dominions of the Lord of creation, the Lord for Every creature. Beware through that enlighted dominions of Allah Almighty and for some reasons that it is well-known and it is just a just tabayyun, well-known through holy books, the reason that we have been thrown away from enlighted worlds to darkness and now (we are) here through darkness. Yes. You are looking, seeing the sun shining and the moon also lightening, but really we are in darkness worlds. We are now, just we have been thrown from enlighted dominions to come down to this dark world, wild world, unknown world, (on which) we have been landed. And we must try to get out from these dark worlds, from this darkness dominion, to come back to enlighted dominioins of the Lord of Heavens. And His dominions (n) Ever-ending. And most important activity or most important work or effort, our effort must be to try to get out from the dark dominion to enlighted dominions.

We have been landed for some reasons and the reason that making our ancestors Adam and Eve, to come down from enlighted worlds to dark worlds, what was it? That must be well-known. That is very important. Find that we must learn firstly. Before learning so many useless things we must learn why we have been sent or why we have been thrown out from enlighted heavens. What was the reason? If you are not knowing reason you can't save yourself as a doctor if he is not knowing any reason of illness, he can't do any tadawi, treatment. Can't be treated, no. Because he (is) nEver knowing what is the reason. If Everyone knowing this, it was not necessary so many doctors for treatment – Everyone can treat himself. But not Everyone knowing. Some people knowing and some people granted to treat the illnesses of mankind.

And we also now, living creatures, living among so many creatures. Look O people! We have been in Paradise. We have been created there. And it was our homeland. Everything was beautiful; Everything giving its blessings to Eve and Adam and Eve. Nothing, hurting them. Eveything giving plesaure ot Adam and Eve. Then what was reason they have been thrown down from heavens to a wild world full with so many creatures, that each one, each one they are so angry for Eve, for Adam. They were unhappy from them. And no one saluting Adam and Eve here, no. In Paradise Everything saluting to Adam and Eve and giving pleasure to

them. Every kind of pleasure, eating, drinking, looking. But they just landed on this dark planet.they have been thrown away from enlighted Paradise and falling throughthis dunya, planet and it was the first muwajaha, first (that) they are coming in front of their eyes (is) a darkness. (They) landed on a unknown world and that world was in darkness. Dark darkness.

And crying Adam and Eve, they are crying because they have been thrown away from enlighted Paradise. And then the Lord of Heavens giving them a light, nur and sun riring and they fall on sajda to the Lord of Heavens (saying) “O our Lord! That is Your grant to disobedient servants. We did disobediency, O our Lord. But you granted us a light Even it is not like the lights of Paradise. But we are so happy through these lights that the sun rising and giving us lights, O our Lord.” They fall down in sajda, bowing to the Lord of Heavens.

But, O people! They were knowing the reason that they have been thrown down from enlighted Paradise – thrown down, and they are crying. Then, O people. Instead (of) Paradise that Everything they were so lovely to Adam and Eve, so friendly, so lovely, so respectful, Everywhere, but then they were coming here, instead Everything that were lovely and respectfully and honoring they find a wild world, in darkness, full with creatures. But Every creature was so angry with them. Instead Paradise beings in it, giving salute to them, here Everyone was so angry and giving cursing. Cursing. They are saying, “A disobedient one coming, landed among ourselves and they are going to make big trouble for us because they have been thrown and cursed ones” and they were trembling. No one saluting Adam and Eve, saying” welcome!”, no. Even ants saying, “go on.” Trees saying, “go on. Disobedient servants - go on!” And whole wild animals running away from them, not coming to make salute but running away and saying that “the cursing that coming on him may touch us. Leave him.” And they were running away.

And trees and fruits giving their fruits but no taste. No taste from fruits and they reached on that land dunya. Coming on dunya they were so so repentant, so sorry. And Adam, Sallallahu Alayhi Wasallam, he was crying, not eating, (not) drinking, crying only on top of (Mt.) Serendip, on one foot he was standing and crying and crying . He never eats (for) 30 days or drinks anything. It was his fasting. Fasting and crying til the Lord accepting their repent(ance) and giving His mercy and saying “O Adam! I have accepted your tawbah, repenting, repenting. And beginning to make this world for him and for his children to be here. Or we are going to be all of us nasl, generations, Paradise generation If not then Adam and Eve are not going all of us are going to be in Paradise without coming from it.

Therefore, O people look! First of all we must know what was the reason that we are on this planet. What was the reason that Adam and Eve landed on this dunya? That is the most important point through whole holy books to be known and to be taught. That is first teaching for Adam and Eve and their generation. What do you think now in our days? Who is asking why Adam and Eve landed here? And they are not asking also, what is cursing that coming on people through 21st century? People eating some one another ones. What is the reason? SubhanAllah it is written through old books, a teaching tale, not a fairy tale, but a teaching tale.

Once a person from masters, he was on a vessel on a ship, travelling and he was looking and seeing that sea and seeing that the fishes eating someones and some other among themselves and seeing a big muharaba (war), and saying, “O my master, you are knowing everything. I am so aja’ib. Aja’ib. I am wondering what is the reason?” And coming a sound from heavenly sounds saying “O my servant. Just passed through here a disobedient servant and making (in)to sea that spit. That (spit) making these fish to get in fighting.” What about if spit of a disobedient one is making that trouble, what about ourselves. That today is good history to teach people the reason of crisis, the reason of troubles, the reason of fights, fighting, the reason of making so many nuclear bombs. Everything, making mankind to be so enemys. That is the reason.

Now people! If that disobedient servant making giving trouble to fishes through oceans, what can we say now? Everyone of ourselves are disobedient ones and no repect to Holy Command from the Lord of Heavens. We are not giving our highest respect and glorifying to Allah Almighty. That is the reason for troubles. O people! Think on it and if not, (then) coming another cursing (that will cause) never living on earth any living man or animals or plants.

I am only a weak warning person. Warning? I am a weak one. I am saying to people, “Take your care!” That is warning.

Ey, that means that the reason Adam and Eve have been sent from Paradise and thrown out ending on this dunya deniye, this dunya that no any value for it in Divinely Presence. And people eating each other and killing and doing so many bad things. That is the reason. And what you are understanding from this is that the sources of troubles and crisis, we must ask “what is written in the Old Testament?” “What is written in the New Testament?” “And what is written in Holy Quran?” What is (it) saying? No one is looking to see what they are saying and running like this and like that to find a way to save ourselves.

You will not find a way to save yourself unil you look in holy books. You must understand where Adam and Eve were in Paradise. They we so honored and everything giving them pleasure. But what is the reason they have been thrown away? The reason to be rebellion, to refuse the holy orders, the Holy Command of Allah, He saying, “Don’t eat!” And they are not bowing to Allah Almighty to say “as you like, O our Lord!” They are not saying this and finally they are runnning and eating forbidden fruit and everything just changed and every troubles coming on Adam and Eve and their children. And til now cursing continuing because people not asking the reason. The reason is to be in rebellion to the Lord of Heavens. As long as you are in rebellion cursing coming, here and hereafter.

Think on it, O patriarchs, O churches, O synagouges, O mosques, O learned people, O religious leaders!

I don’t like religious leaders if they don’t know the reason for troubles of mankind. I am a simple servant weak servant of Allah and now making me to address to the whole world in this month from east to west and to change our ways to come on true way. And you can’t be on true way if you are not following true ones. Ask true ones, don’t ask that people giving to themselves empty titles. That is not important. Look and see a real believer and an obedient servant to his Lord and follow him. If not, this whole world going to be finished because the Day of Judgement is just on the door. O our Lord! Send us someone who can change our ways from bad ways to your direction!

O our Lord. Tawbah, tawbah, tawbah istaghfirullah. Nothing can save you, you may be Christian, Orthodox, Muslim, Shia, Wahabi or everything you can’t change. You can’t save yourselves if you are not changing your ways. O people! Don’t kill each other but try to remove the devils through yourselves! May Allah forgives me. Tawbah ya Rabbee, tawbah.

Fatiha.

(45 minutes)

Dumm, dumm , dumm
Damet senden sharaf sende iman senden
O our Lord

Lord of Heavens
Dumm, dumm , dumm, dumm , dumm
Shukran sarlar,
Shukran sana mennet sana

Allah, our Lord forgive us
Your weak servants,
Save ourselves
And send us
Who can destroy
The kingdom of devils on earth
O our Lord

Allah Hayy, Allah Hu
Allah Hayy, Allah Hu
Allah Hayy, Allah Hu
Thank you for your listening.
Thank you for listeners

Pray for me, O listeners not to be rebellion one. I am asking forgiveness from my Lord Allah Almighty,

O people.
Don't eat each other.
Be polite to each tother.
Try to be like angels,
not to be like shaytans!

Ok? (good)
As-salaam `alaykum, ok?
Istaghfirullah. Istaghfirullah ,Istaghfirullah,
O Istaghfirullah.

## Our Creator Does Not Make Photocopies

Bismillah yaa Sayyidee, yaa RijaalAllah. Dastoor yaa Sayyidee, yaa Sultan al-Awliya, madad, madad, madad.

(Mawlana Shaykh stands.) La ilaaha illa-Llah. La ilaaha illa-Llah. La ilaaha illa-Llah. Sayyidina wa nabiyyina Muhammadun Rasoolallah! Alfu alfu salaat, alfu alfu salaam `alayka wa `ala aalika wa sahaabatika 'l-kiraam yaa sayyidi 'l-awaleen wa 'l-aakhireen, yaa Habeebullah. (Mawlana Shaykh sits.)

As-salaamu ` alaykum, O our Lord's servants! And we are also saying for our master, who is the controller of this world and life on it; from the smallest one to the biggest one, every living one must be under his control. There can't be any one by its will, no. Nothing can be by itself to do as he likes. Who granted to everything to be in existence, must be under a control or it can't be in existence. And that power that is reaching them must come from one big channel that is going to spread to everything. For this electricity, it is not necessary for every house to have one electrical center, no; one is enough and sending. This is for understanding, they are making me to speak. You must understand; a donkey is understanding, but so many human beings are not understanding. An ant is understanding, but one man from human nature is not understanding. Then it is a blame, that an ant understands and a man is not understanding. What is that?

Salute to our master who is arranging everything on this world according to al-Lawh al-Mahfoozh, the Preserved Tablet. Every refined detail is there, and not everyone may look; only the wholly authorized may look, may understand and may send. We must try to hear and to obey and to follow; that is our mission, what is coming, yes.

O Salafi `ulamas? Now what you are thinking? You are thinking something, and it is not the same as our thinking. Everyone has a special being, and a special looking, and a special being through this existence, and a special understanding, because Allah Almighty is never using a photocopy. Mubdi`, what does it mean, O Salafi `ulamas? Al-Mubdi`, they are making it as a proof to bring to whole nations, to whole people on this world. Mubdi` as-samawaati wa 'l-`ard (Originator of the heaven and earth). Mubdi`, that means Allah Almighty, through His Heavenly Appearances, tajalli, manifestation, everything that He is bringing into existence, everyone must be in its being, must be only one. (He is) not looking at that one and taking this one, (or) looking at its creation and creating that one. “Mubdi`” means never appears or was never in existence; every new creation is only one.

You may look and see, “Oh, they are all the same.” No. “Ants, all of them are the same.” No. Each one, they have a personality, an identity. If you are going to a government office and they are asking, “Where is your identity?” are you saying, “I am son of Dr. Fualan.” No. This government is asking to know the identity. But Allah Almighty is creating everything in its original (form); there can’t be a second one similar, no. Therefore, that name, yudhishu 'l-`uqool, is astonishing our minds, astonishing our understanding, Mubdi`. Allahu akbar. We may come to atoms. You are saying hydrogen atoms, and you think that each atom is just the same as the second one? Each atom has an identity and its muhimmatuh, its mission is different. Even this hydrogen atom or oxygen atom does not have the same glorification. Everything in existence is also one. For what?

O Salafi `ulama! Do you know for what this is? We said Allah Almighty is not making photocopies, no. You can do that photocopy, but one of His Divine Attributes is mukhaalifatun li 'l-hawaadith. That means Allah Almighty is never going to be (the same as) the creation that He created. Never! There can’t be anything like Himself, never! Mukhaalifatun li 'l-hawaadith, (different from contingent beings) is that Divine Attribute that means mukhtas, especially for Him only; no nabi, no wali, no one can be on that plane.

(Mawlana Shaykh stands.) Allahu akbar! Allahu akbar! Allahu akbar! Allahu akbar! Mukhaalifatun li 'l-hawaadith. Allah, Allah. (Mawlana Shaykh sits.)

Therefore, atoms, that we are knowing are the smallest part of mawjoodaat, existence, they are saying there are about 90 kinds of atoms, billions, trillions, quadrillions. No, each atom has a special identity. How many people are here? We are Mankind, we come mixing all together. Is there a different identity or not? Why are you not accepting this for atoms? These sources of secret knowledge are just opening to Mankind who are interested in understanding about their Lord, about their Creator. And before we are asking and understanding about the Lord of Heavens, try to understand the secret through one atom. If we can say the secret that is just doldumush, full, for an atom, if you are going to open it, you may find hundred, hundred thousand, hundred millions, hundred trillions of knowledge in there, because each one is going to be a tajalli, a manifestation of their Creator! Each one is going to be on its level a representative!

A person's authority or his level of knowledge you can understand through his books. Each atom is a creature and through that creature you may reach ma`rifatullah, divine knowledge of your Lord. Ohhh. Endless, countless. Subhaanallah, Subhaanallah, SultaanAllah. Allahu akbaru 'l-akbar! You look at an atom and you understand, no use for other things. An atom, you are knowing its being in existence, so look to that and you can understand something from your Creator. One atom is something; the second atom is giving another type of knowledge carrying for its Creator. Every creation created by the Creator is carrying something about their Creator. Everything that is coming into existence is bringing something about ma`rifatullah, divine knowledge of your Lord. Allahu akbar, Allahu akbar, Allahu akbar! SubhaanAllah, Allahu akbar al-akbar! Sultaan sen ya rabb subhaan sen yaa rabb.

O People! We are saying now, a`oodhu billahi min ash-Shaytaani 'r-rajeem, because Shaytan is coming closer to anyone who is saying such things and (saying this) kicks him out. Say, a`oodhu billahi min ash-Shaytaani 'r-rajeem, "I am running to my Lord." But don't make your Lord to be your bodyguard or guardian to you. No, people think in such a way.

One atom can take away one-billion shaytans; it is enough, because Shaytan can't understand the secret power through an atom; only when touching it he can understand. Now people are fearing from pig flu, but they are never understanding what a dangerous thing that is until they are touching. Shaytan has just thrown

heavenly atoms. Atoms are going to be different types; atoms that belong to this world, atoms that belong to heavens. What belongs to our world, because for every world there is some different type of heaven. There are seven heavens according to our understanding, but for every being like our world, seven heavens belong to only for this world. Billions or trillions of worlds are coming into existence and everything is coming from existence, coming from a different situation or a different being; it is not the same. Like this universe may be our heavens. Another universe and its heavens are different also, and countless, countless worlds and countless heavens for each one seven, seven, seven. He is Allah Almighty and therefore we are saying a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Don’t make Allah to touch that, if He is touching it may take whole Creation to amar, putting all of them into miracles!

You may ask what is the point of defending people living on this planet, and he is also that one doing everything on behalf of his Creator. An official is coming and saying, “I am coming for an official declaration of our majesty, the king,” on behalf of his king or sultan. He is making a declaration, “O creatures, I am on behalf of my Creator and your Creator. Listen and obey!” We are not knowing anything of real adab, good manners. Allah Almighty didn’t make him an ordinary being, hasha, hasha, hasha thumma ka’alla. You must use protocol for everything, to make everything in its real position. Therefore, you must know tashreefaat; it is important through the heavenly kingdom and countless heavens and countless kingdoms. All of them are just granted that honor from the Lord of Creation from the beginning up to the end, without a beginning and without an ending.

Therefore, a holy command for insaan, ahfazh al-adab ma` al-kull, “Keep your good manners with everyone.” ahfazh al-adab, for everyone, you must keep it. Tashreefat, heavenly protocol and earthly protocol. For every creature there is a special protocol. Then they are coming into existence, and we are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Don’t make Allah a bodyguard for you to protect you from Shaytan, astaghfirullah, astaghfirullah! Do you think that a majestic king is coming to protect you in a place, is that a protocol? But on His behalf the sultan may be coming for protection.

Therefore, there is something they are asking to make clear, that Allah Almighty has just created Man, and He created Man through the wombs of women. When Allah Almighty is saying:

**•••• ••••••• •••••••••••••• ••• •••••••••••• •••••• ••••••**

huwa 'Lladhee yusawwirukum fi 'l-arhaam kayfa yashaa, He it is Who shapes you in the wombs as He pleases. (3:6)

Allah Almighty, He is that One Who is creating and giving a form for new creation through their mum's womb, and really Allah Almighty is not involving, but His angels are coming on behalf of Him, doing this.

O People! When you are asking to do something, do it for your Lord. Everything that you are asking to bring, to destroy, to do, you must know that you can do that on behalf of your Lord. If not saying that, you are doing it on behalf of Shaytan. Try to do everything on behalf of your Lord. That is the highest tashreefat, for tazeem, for making the highest respect and glorifying for Allah. On behalf of His Name, angels and authorized people, you may reach to them and they are doing everything on behalf of the heavens. People must understand, that is important. You must do everything on behalf of your Lord. Don't do anything this without this protocol.

You have been ordered to do everything on behalf of your Lord. It is taking you like a rocket to approach the Divinely Presence. If you are doing on behalf of your ego, that is on behalf of Shaytan. Now people are doing on behalf of Shaytan. They have been doing everything, breathing, living, and they forgot to do it on behalf of their Lord. That is the shaytanic protocol, to do everything on behalf of Shaytan. To do everything for the Lord, that is protocol. To do everything on behalf of His Name, that is an important protocol. People are forgetting to do that protocol on behalf of His Name.

Astaghfirullah, forgive us, O our Lord! Bless Your weak servants. You are the only One Who can change anything 100%. Those that are keeping heavenly protocol will reach to that level in the Divine Presence, but those who are running after shaytanic protocol, they will fall down into a black hole, never getting up, forever. Astaghfirullah, we are asking for the honor of that most blessed one, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.)

(45 minutes)

Dome Dome, Dome Dome 8x

There is heavenly singing. When Sayyidina Jibra'eel (a), Sayyidina Israfeel (a), Sayyidina Mika`eel (a), and Sayyidina Azra`eel (a), hamalatu 'l-`Arsh, those who are carrying the Holy Throne, are bringing on mui'kf,

Day of Resurrection. They are singing so beautifully, so beautifully, glorifying Allah Almighty. They are singing through the plain of people whom will be asked. When they are hearing such beautiful singing, they are going like this, like that, like this, like that. What happens after it, we can't say. Therefore, we are imitating it, saying:

Dome Dome, Dome Dome 8x

Fatihah. O Rabbee!

Thank you for your interest in listening, and Allah (swt) gives you much more honor and much more roohaniyyaat (fayd, spiritual energy) and nooraniyyaat (spiritual light) to make you much closer to the Presence of our Lord.

(Mawlana hums the tune, Dome Dome, Dome Dome. )

**The Creator is giving everything their creation**

Destur, ya Sayyidi, ya Sultanu- Awliya, Meded, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

By the Name of Allah Almighty, the All Merciful, most Beneficent and most Magnificent, the Creator, (who is) giving everything their creation. If He is not giving creation, nothing (is) going to appear in existence. From (the) smallest part of matter, everything’s existence is a grant from the Creator. Its creation is a grant that you can’t imagine its greatness. (Even) if all (the) imaginations from people (are) coming together, (they) can’t imagine. (The) greatness of (that) grant is according (to) the Greatness of the Creator, not according to (the) smallness of creatures, no. You must not look (to) that gift, that grant; (it) may be an atom- don’t look (to) the amount of that grant, but you must look from whom (it is) coming to you!

(A) Sultan may send one cent, one piaster, one penny to you. If you are in a perfect understanding, you are not going to look what has been sent to you, but you must be happy (and say) that: “It is a grant from Allah Almighty to me”, and you must make its value the value of a Paradise, (as) if you have been granted a Paradise. Because we are always (in an) imperfect position, (the) imperfection through mankind (is) making man to look (to) the bigness or the value, the amount of (a) grant. That is imperfection for man. Perfect people are looking from whom (it is) coming. They (are) ever looking to that gift and its amount, but (they are) looking: “From whom it is coming? From Allah Almighty (it is) coming” and he should be so happy! That is (signing the) perfection of a person: to look: “From whom that grant (is) coming to me?” Allah Allah, Allah Allah...

It is not similar- if a person (is) giving to you one orange (it is not) as (when) a Sultan (is) giving to you an

orange, no, can't be. It is same- this is an orange, that is an orange, but its value (is with) who sent (it) to you, from whom (it is) coming to you: from the Lord of Heavens (is) coming to you an orange. Or- I may give you, I am putting there boxes, I am giving. (If) anyone (is) coming, (I am) giving oranges (to him). But- because I am nothing (and) He is our Lord- if He is sending, that has another value, and (the) same orange that has been sent by the Lord, by (the) Sultan, its value (is) so high. And (if) from (a) common person (is) coming an orange, its value is something else.

I was in Turkey 194o, 65 years ago or 64...I went to a shop that they were selling some drinks, old style. That time (there was) no Coca-cola and such things... I saw in that shop a glass, written on it that he- that now people are making his bust and worshipping to him- he once came there and (he) was drinking with that glass from that drink and therefore they were putting that glass on a golden protection. And I was surprising. That was an ordinary glass, but (it was) going to be valuable for people, because that one just drank from it. Even (there is) such a little value for that glass, and they are keenly trying to keep it, to protect it.

Therefore anything (that is) coming from (a) Sultan is valuable and according to the Sultan's position it is getting much more valuable. A big Sultan's grant is much more valuable. (A grant) may be given from a high title person, but (a) King's grant is something else.

Therefore- the creation is a grant from the Lord of Heavens. Even if a creature is going to be (as small as) one atom, it can't be in existence by itself. Creation makes things to come in existence. Therefore existence really is the grant of the Creator. Therefore everything (is) knowing this and they are glorifying (Him) and their glorifying (is) never stopping.

"Kullu shayin yusabbihu bi hamdihi"...Everything (is) glorifying Allah Almighty, because He granted to that ones to be in existence. And existence can't be given from anyone else except Him only, He granted. They are knowing (this) and (they are) giving their high glorifying, highest glorifying to their Creator, Allah Almighty.

Mankind- we are heedless creatures, particularly in our times; we are (the) most heedless ones through all historical periods. From beginning up today (there has been) no any nation, no any people (that were) heedless like (these people that are) living now, not thinking for their Creator. Most heedless (people are the) ones now living, because they never give any time to think on their existence and to say: "Thanks to our Creator Allah, the Lord of Heavens!" They are so heedless ones!

From beginning up today every nation was (either) taking a little bit or more or most care to give their highest respects and highest glorifying to their Lord, but through (the) 2oth century and now- that we are in the 21st century- people are becoming so far away to think on it; they are so heedless, so ignorant ones and so dark heart people, perhaps their level is going to be under the level of rocks. Rocks (are) knowing and they (are) saying: “Subhanallah, Glory be to Allah!” but people living through the 21st century are never saying this. They are never taking care to say: “Thanks to our Lord” and “Glory to our Lord” and: “This existence just it is a grant from the Lord of Heavens to ourselves and our being is (the) most perfect being through creation, through creatures.” (They are) not even thinking on it.

People are running after computers. They are asking to leave their abilities to be out of order; they are trying to make every ability that Allah Almighty (has) granted to them (to be) out of work and they are trying to make some instruments to give every ability- that big grant from Allah Almighty to mankind- to that machines: computers, internet, fax... and they are so happy: “We have so many computers; we can count how many galaxies (there are), how many stars, how many suns, how many distances...” (and) all (of them) they are liars, all is imagination, their imagination.

They are trying to make themselves only for their egos, to feed their donkeys. They are asking not to give to their donkeys straw, but (they are) trying to give their egos baklava, sweet. If you are bringing and putting in front of a donkey a tray full with best sweets, and putting there straw, the donkey is coming and looking... (and it is) never eating from this, (but) eating straw... Particularly for old donkeys- that have no more teeth (and) its owner is making a soup from straw and ground barley and a little bit (of) flour, mixing (it) and putting- if you are putting this there and here a good Kebab, (the donkey is) looking, but (still it is) drinking (that) soup, (and it is) very happy...

Now 21st century people they are feeding their donkeys with soup, never tasting from these best foods...(and) therefore their level is going to be under the level of animals. Animals (are) not changing their natures, they are not eating that sweets, but they are asking to drink (that) soup of barley with water, without cooking also... If you are putting salt also, they should be very happy...(But) if you are asking to come and look, (they) may kick you (with) two legs, because you are disturbing it when it is drinking and you are coming from the back... I heard that it was written in the newspaper that one person was disturbing its donkey and the donkey

was biting his hand and breaking three bones...(Donkeys are) very angry when you are coming (near), because they are thinking (that) you are coming to be (their) partner for the soup and (therefore they are) kicking...

These 21st century people, everyone is coming to learn through universities. And there is here also now one (of these) foolish ones, coming to be student- no money, no food, no place to sleep...and I am saying: “Ya Hu, what you are doing? Finally, if you are finishing, what you are going to take?” (The) university should give to them a black hat as priests or rabbis (are) putting on their heads and finally a paper, (and) they are saying: “That is diploma for you. Take it. You learnt something.” And (when) I am asking: “What you learnt?” They are saying: “Nothing.”

“(You are) knowing Allah?” No. “No rights of Allah?" No (answer). “What are the rights of a person?” No (answer). “What is the aim and target of mankind?” Knowing nothing (about that). “What is the benefit of this world, this universe? From where (it is) beginning, to where (it is) ending?” (They are) not knowing. “And who is its Owner?” If you are asking (them), they don’t know... May Allah forgive us!

Oh people, give much more glorifying to your Lord Almighty Allah! He is not in need for your glorifying, but you are in need (and) you must give (your) high and highest respect to your Lord that He created you and granted to you to be in existence. This is the biggest grant from Allah Almighty, because His Kingdom is endless, His Dominion countless, His Power Oceans (have) no end. Try to take His pleasure, to (make Him) say to you: “Oh My servant, come, I am accepting you for My divinely service in My divinely Presence. I accepted you, come!” Where (they are) going these people? (They are) finishing. (The) 21st century people (are the) most heedless people, most ignorant people. May Allah take (their) ignorance away, because ignorant ones are in darkness and who is in darkness, they are full with fear. And if a person is full with fear he is never going to taste the goodness and pleasure and peace of this life or after this life. May Allah forgive us and bless you, for the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha...

I don’t know, but when His teaching is coming to me, I know to speak and address to you...

Lefke, 28.04.2004, transcribed by Khairiyah Siegel

BookKhairiyahSiegel, CategoryThankfulness

**The Creator is with you - be with your Creator! Or: You are asking for a drop or for the ocean?**

(For the occasion of the visit of a doctor from Germany accompanied by a film-team, with the project to make a film about Arabic Medicine, the Sufi way of healing)

As-salamu alaikum! Destur, ya Rijalallah! Fatiha... ziyadatan li sharfin Nabiyi sws... And we are saying: Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Adhim.
Allahumma alhimna rushdana wa aisna min sharri anfusuna... Meded, ya Rijalallah, Meded, ya Sultanu-l Awliya.

Welcome to you! Welcome to you! Welcome, our guests are coming from far distances. Sometimes I know for what they are coming, sometimes I am not interesting and not looking, not understanding. Now here (there are) four respectful visitors, coming with strange instruments- I am fearing!... So many times people (are) coming here with such an instruments; sometimes I am swearing (at) them and sending them away. If I am happy, I am sitting, speaking. When I am looking that those people (are) not so too much understanding- (that) their understanding level (is) like my understanding level- for what we are going to speak? No, nothing...

Welcome to you, our guests! They are hungry?... Angry?... Thirsty?... For what they are interesting and coming here? Anything they are interesting? They are thinking that this is a warehouse? Because (the) New Year (is) coming, (the) old

fashion (is) going to be (left) in warehouses...Perhaps they are coming to look our factory?... Now this is not (a) factory, but it is (a) mental-house... we are welcoming so many people (here)... I am looking their minds and mentalities, looking and saying: “Ma sha Allah, all of them they are much better than me... silent people, sitting, not speaking...” Good ones that means...

O our Lord, our Creator, You know, for what they are coming! O our Lord, our Creator, the Lord of Heavens, Sultan on His Throne, You know. We are all... we are creatures. If they are coming and asking from Truth, keep them, o our Lord, on their line, to be perfect. If they are not coming to understand something that may be good for them, You know them... Let us to speak and to listen such a things...

I am an ordinary servant, no more; I am not using (titles)... because no one (is) giving to me any title and I know that titles that (are) given from people, (are) nothing, (they have) no meaning, (they are) all imitated titles. Real titles (are those) which (are) coming from Heavens!

Once I was in Switzerland, passing through Switzerland to go Germany, Freiburg. On that way there is Santa Klaus?... Nikolaus... That was a real worker or real servant to his Creator! When he was living on earth with his physical being, people they are not giving enough respect to him.- And originally such a people they are not asking anything from people, because they are knowing that people can’t give anything. They may give some titles through themselves; but real servants in divinely Presence, they are asking to be servants of (the) real heavenly Service for their Lord. When they are looking and seeing that people they are not respecting the way of the Lord of Heavens...- (when he was seeing that), he escaped from them and (he was) coming in such a forest place, unknown place, and he was making seclusion. Seclusion means to leave people and to be with his Creator. That heavenly Lights may come to a person through seclusion. If no seclusion, no one can reach any high level or any heavenly Level- always

(he will be) here (on earth)...

People (are) trying to reach more up, up, and they are building huge buildings... perhaps it is some of them hundred floors or more... what they are saying?... (Sky-scrapers)... but they are looking: “Ohhh! That...” and they are saying: “We may use helicopters!” I am saying: “Helicopters? Hm...” Then they are saying: “We may use that...” (these) original flights...that turning motors...(Someone is saying: Propeller machines)... You (were) never using such a flights! I was going from here (Cyprus) to Beirut, from Beirut to Hijaz, so many times with that propeller (planes)... You (have) never been there... Then coming this, another kind... jet engine... and several times (I was using that)... Only I am not using comet?...(Rocket). Rockets I never like... If I am going in it, I may open (the) doors and (I am) getting out... and my speed (is) much more (than) that rocket...

Yes. People (are) asking to reach up, more high stations, to look, to come closer that they are thinking (that) the Lord of Heavens, the Creator of everything, He is up. (Once) one Angel (was) coming and (was) looking another Angel... Such a knowledge through our holy Books it is mentioned... One Angel (was) saying: “Oh my friend, from where you are coming?” ”I am coming from (the) last point of under earth and I am coming from my Lords divinely Presence. And you, from where (you are) coming?” “I am coming from up, from (the) holy Throne and up.” “And with whom (you are) there?” ”I am (there) with my Lord...”

The Lord of Creation, the Lord of Creatures, He is, He must be everywhere, because nothing can be in existence without being with its Creator! Therefore must be with you your Creator, as your Creator (is) going to be with an atom. (An) atom by itself can’t be in existence. Then, smaller than atoms, may be another some pieces- you are saying ‘electrons’ or ‘neutrons’ and ‘protons’ and such a names- each one must be with their Creator, because without (a) Creator they can’t be in creation!

I am passing there, and his spiritual power always (was) happy with my spirituality and (he was) saying: “O Sheikh Nazim, come! I like that you may be here; even one step stand on my tomb, I am happy with you!”... I am going, meeting them, people... our German people... perhaps you were there?... (I am) coming and going and visiting. He was so happy always...

The point that I like to say: I am coming out and on the stairs (there was) coming a person with his different clothes that I understand he must be priest (of) that monastery. He was welcoming me and I am welcoming him also. I am happy, I am asking: “You are here priest? Because...” “Yes.” And I am asking: “Your holiness, how many years you are dealing with people?” “O Sheikh, don’t say to me ‘holy’, ‘holiness’, because I am not a holy one!” He was speaking truth. “I am not a holy one!” “Why not?” “Yes, I am an ordinary person, only dressed to be priest.” “What do you think about (the) Pope? He is also is not a holy one?” “Even (the) Pope is not a holy one! Holy one (is he) that (is) lying there. That is (a) holy one, but... because his title (is) from Heavens (and) the title of Popes (is) from people...”

Therefore, whom they are understanding reality, they are not running after imitated titles given to people, no! No value. That is imitation, imitated. And I am trying really not to be said that: “This is a Sheikh.” People (are) saying to me: “You are a Sheikh!” I am saying: “For you I am Sheikh, but (the) real Sheikh (is) not here, (he is) up!” And people now they are running after imitated titles and they are wasting (their) whole lives for nothing! At the end of their lives (they are) looking that they are carrying nothing! Real ones (titles) that (are) granted from Heavens to you that is your real title, (your) real level, (your) real rank. Don’t look what people (are) saying to you, no, no! You are not... we are not interesting in such a things! And really we must be interested through heavenly Levels, heavenly Ranks, heavenly Grants! Don’t be cheated (by) that (what) people (are) saying to you from imitated titles, no!

You may put on your head a crown, like a King, but that crown (is) never making you a King! You are saying: “Why? What (the) King (is) putting on himself, I am putting!” “Yes, you are putting, but you are not a King, you are (an) ordinary person. This crown (is) suitable for Kings, not for common people! (Those), whom they are relations up to Adam, they have been granted from their Lord a title and a holiness to be King or Queen. If you are not coming from their line, you are not going to be a King or Queen, only (by) putting something on your head!” But people now they are cheated. They are trying to reach some imitated titles and (they are) fighting. Whole fightings (are coming) after that bad idea.
And we are asking a good understanding through whole religions. I don’t know if (in) Christianity they are happy with imitated titles? I am not thinking that through Judaism people may be happy (with) what people (are) giving to them (from) imitated titles! No! Real titles (are) coming from Heavens. And that makes you happy and honoured and glorified servants, because you are belonging to your Lords divinely Presence!

Welcome to you! Perhaps it is (a) well-known thing for them, and I am (only) repeating. Or they are hearing such a things (for the) first time... because everyone (is) just granted (a) special specialty that through their speciality they have been granted something from Heavens. Like seeds; if (you) may plant that seed, (it is) growing and coming a, any other kind (of) plant. And everyone (is), as you are looking and you can’t see two people to be same 100 %.
Therefore each one (is) granted through their outlooking to be one. And everyone also (is) granted some specialty that it is different also. Therefore billions or trillions or quadrillions or pentillions (of) people (are) granted each one a specialty. Leave yourself- you must believe and you must know that (the) Creator created every atom. It has a special being in existence; (a) special name and (a) speciality. But your mind can’t carry such a things, because they are belonging to heavenly Knowledge. You can understand only through your spirituality. You can’t know

such a things, when you are reading books, no! Therefore- each one (is) going to open their real being after death. The Day of Resurrection you should know your real position and specialty that your Lord created you to be one! One B., one Abdul T., one Dr.S., one Dr. Sahta... one donkey, one... so many donkeys... Don't be surprised when I am saying 'donkeys'. Every donkey has another speciality; some of them (are) biting, some of them (are) kicking... some of them (are) very slowly going, some of them (are) running... because they are looking and seeing horses, (they are) asking to be a horse... Don't try to be (a) horse, if you are created (a) donkey, no! You can't reach horses!

O my beloved visitors, welcome to you! I am nothing! I am nothing. If I am not nothing, but I like to be nothing, because to claim that: "I am something", then you are carrying a heavy responsibility. Say: "I am nothing" and (you have) no responsibility! Therefore whole religions (are) coming to make people to accept that they are nothing. But Shaitan (is) teaching them and saying to them: "Oh, you are something, you are not nothing, can't be! B., you are something, yes! Don't say: 'I am nothing', no! You are with (a) long beard and (a) big crown, (a) big turban... (With the) red turban you are something else, (with the) green turban (you are) something else... (With the) yellow turban you are going to be something else... look (into the) mirror: 'Now I am (with the) yellow turban- better... If I am smiling- better... I am laughing- better... or to be more serious...?" Whole German people, they are very serious... You understand? O people, welcome to you! Enough, I am tired!

Ohhh, ya Rabbi! Anta Rabbuna, Anta Hasbuna, Anta Waliyuna, Anta Khaliquna, Anta Raziquna. Ya Rabb, ajma qulubuna 'ala muhabbatika! Ij'alna, ya Rabbi, mina-l 'abidin, zahidin, qanitin! Ya Allah, Anta-llah, nahnu abiduk, irham dhulnana, irham dafana (?), bi jahi man arsalta alayhi Suratu-l Fatiha...
What it is necessary, I said to them... no need to ask (any) question! If question asking, you give (the answer)... Give (the) meaning of (the) red

turban, (the) green turban, (the) white turban, (the) blue turban... (the) long beard... and (the) short (beard) or moustache... or... you know that...

Q.: *Maulana, can you tell us about the Sufi way of healing!*

Never understanding, what I am saying... Alhamdulillah. Because their minds half, (they are) never understanding... What we are saying, you must look in it, to know, what I am saying! You may find your answer through our speaking!... What you are asking?... What you are asking?...

Q.: *I would like to know more about your way of healing.*

We opened for them an ocean, but (the) doctor (is) asking from a drop...

Allah Allah, Allah Allah, Allah Allah, Aziz Allah,
Allah Allah, Allah Allah, Allah Allah, Karim Allah,
Allah Allah, Allah Allah, Allah Allah, Subhan Allah,
Allah Allah, Allah Allah, Allah Allah, Sultan Allah...
Subhan Sensin, ya Rabb, Sultan Subhan Sensin, ya Allah!
Allahumma salli wa sallim ‘ala Nabiyina Muhammad alayhi salam, salatan tadumu wa tughda ilay, mamarra layali wa tula dawam... Fatiha.

## Crisis of Servanthood

As-salaamu `alaykum yaa ayyuha 'l-humaqaa! Heedless ones, idiotic ones, and mental house ones from east to west, from north to south. No-mind people, no-thinking people, not taking any wisdom! Allah Almighty is giving Mankind understanding and wisdom, but they are not using it.

O People! As-salaamu `alaykum. Don't be idiotic ones, try to be awakened people! We must try, because although we are weak servants, the Lord of Heavens is giving us such power to defend our real beings. Our real being is on the target of Shaytan and his followers; their real target is to keep Mankind from taking honor and their dressing the Creator granted them. We are asking for forgiveness from the Seal of Prophets (s)! (Mawlana Shaykh stands) Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran sultaanan wa ridwaana. (Mawlana Shaykh sits) Also for all prophets and heavenly ones on this planet, on Earth.

Shaytan's followers are running from east to west, from north to south, to make people fall into bad conditions and finally into a black hole. Any big, small, or medium sized star, even galaxies, that come near a black hole disappears and no one knows where they went to, finished. People are observing only black holes in space, but in this world you can find different sizes of black holes everywhere, attracting people to them although they are never apparent. Therefore, we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem (Mawlana Shaykh sits).

••••• •••••

Ad-deenu naseeha, "Islam is advice."

Islam is teaching people good ways and calling them to a good future here and Hereafter. Also, Islam is warning, "O People! Around you are countless black tunnels." They may see black holes in space, but here in this world they are not talking of black holes, although we may say "black tunnels", nafaq. They are making so many ornaments at the entrance of those black tunnels and Shaytan is calling, "O People! It is free, free, free!" People see so many ornaments there, and when they approach the magnetic power sends them inside and they are finished. All prophets came to wake people up and make everything around them clear.

We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. We must always say, a`oodhu billahi min ash-Shaytani 'r-rajeem, because Shaytan and those shaytanic groups are carrying people to such terrible ends that they are never seen in existence again. It is a chance that has been granted once; keep it well. If you lose it, there is no second chance for people to come to this life. They will ask, "O Rabbee, send us once again and we will be Your obedient servants, keeping Your orders!" But no, the answer comes, "You will be there for Eternity!" Allah Almighty creates and what He created is coming into existence and then leaving. Some of them are running into shining tunnels, and they will not be advertisers at the entrance of shaytanic or dark tunnels. There will be very few people coming there, according to prophets' advice. If one thousand, one million, one billion, or one trillion people are entering it, the outlook is so dark. But prophets' advice is to accept heavenly orders and they are defending the prophets' invitation. It appears so difficult, so people are running to the tunnel with the shining entrance, but after passing through they reach a dark tunnel such that no one knows where it will end.

But at that second tunnel no one is looking or interested, because it appears to be so difficult. Believers are running into it, passing through a passage, and then an opening to Eternity comes. And people in this life are going to be tested, but mostly people are not using their mentalities or good will, and they are following their egoistic pleasures and running in it and falling in endless dark tunnels.

O People! We must think on it because no one is living here forever. Billions of people are just coming on this planet, dunya, and disappearing. May Allah Almighty protect us! Don't think that everyday the same people

are running in the streets, no! Try to follow heavenly ones' advice. Holy ones are those who belong to the Lord of Heavens' servanthood. Try also to be servants of the Lord of Creation. Servanthood is the highest rank Man may reach. Follow the way of prophets. Try to follow their followers also; you will always find them in every time.

O Wahabi people and Salafi `ulamas! Allah Almighty is saying: (Mawlana Shaykh stands)

••••••• •••• •••••••••••••

Koonu ma` as-saadiqeen, Be with those who are true (in word and deed). (9:119)

(Mawlana Shaykh sits) I am asking them to follow that heavenly advice, Koonu ma` as-saadiqeen. It is not only for the time of Sahaabah (r), it is for all Mankind! Follow true ones, because mostly people have been cheated by shaytanic agents and are thinking they are on the true way, but they are on the wrong way. Humanity can't be saved in this century if they do not ask for true ones to follow. If Mankind does not follow true ones, their final station is going to be those black tunnels. Don't be cheated by Shaytan and it's countless representatives.

We are asking forgiveness from Allah Almighty!We are in the holy night of Sha`baan Mu`azzam and next week it will be Holy Ramadan. Try to take shaytanic dressing away from your body; try to dress in heavenly dress and put on the belt of service. Waiters and servants used this when they were in service. We must try to put servant's belts on for Allah! Leave that month for Allah Almighty's service. It is one month, and we gave our oath for our whole life! If we are not doing that, then we must try to keep that service for a limited number of days in Ramadan and He will accept it. But people are saying, "No we can't be saabireen, among the patient ones, that we are not eating or drinking in our houses!" And they are not trying to train their rides for heavenly service. That is from our egos' nafsuka matiyatuk.

O Salafiyoon and Wahhabiyoon! How are you dealing with your ego, nafs? You must deal with your ego as a person deals with his donkey, carrying a stick in his hand, so if that animal deviates he will hit it, making it go straight again. And so many strikes are warning, "O People! Come and do your best service for your Lord!" But people do not understand, saying, "We are trying to give our best service to our rides." Therefore, the whole world is under a heavy and terrible burden; no one knows what is coming to all people, all nations, and all tyrants from Heavens. Allah Almighty is not sleeping, haasha! He is saying, "We are not leaving them as

they think, with no one controlling. They think they are uncontrolled creatures. Uncontrolled creatures are animals, but you are controlled! We are looking at what you are doing and intending.”

And people are saying, "O Shaykh! We are in a very bad economical crisis." Ptuuh (spit) on you and your "economical crisis"! It is a crisis of servanthood, because they left it and therefore cursing is coming on them! There are countless kinds of cursing coming on people and only one of those is the economical crisis! It is not a money problem, it is something else. What they are eating is going to be like poison for them. Everything is poisoning them, because they are running away from their Creator and leaving their oaths! They are acting against their oaths and so many kinds of troubles are coming on them and poisoning them. Every forbidden work or action is a kind of curse, and cursing is the beginning or main reason not to be keeping their oath with their Lord. So many people's companies are now bankrupt, with no goodness, and they are running after Shaytan and then crying, "We are in such a bad condition!" You ran into it!

When you forget your oath to Allah Almighty, punishment is coming. Everything is reaching those who are not keeping their promises, even that virus. O our Lord, yaa Rabbana! (Mawlana Shaykh stands) Yaa Sayyidi 'l-awwaleen wa ’l-akhireen. (Mawlana Shaykh sits) Ishfa` lana yamlikoon thumma zaahiroon.

We are expecting that You are giving good tidings about the last khalifah, Sayyidina Mahdi (a), ajaabana'Llah.

Bi jaahihi `indak bi sirr Surat al-Fatihah.

(40 minutes)

Fatihah

## CRITICISM OF THE TRUE ONES and the ENVY FOR ISLAM

Everyday I ask my Lord to protect us from deviating from the Path of Truth, to keep us from tumbling into a deep abyss. We must constantly ask for such protection as we are living in a time which the Holy Prophet Muhammed (sal) has described: "...when good people will be thought of as bad people, and bad people as good: honest people as liars and liars as honest people; deceivers as trustworthy people and trustworthy people as deceivers."

These are the conditions prevalent in our time; every moral value is turned upside-down so that people can no longer distinguish between good and evil. We are asking our Lord Almighty to steady us on the Path of Truth and to help us adhere to it even if many people attack us and insist that we are misguided. And because we have been informed by the Holy Prophet Muhammed (sal) that true people will come under such heavy criticism in the last times we are heartened by such criticism and take it as verification of our being on a true way.

Whoever is asking about us must be told that we are following a Sufi Way, the Most Distinguished Naqshbandi Tariqah. This information alone is enough to touch off a torrent of heavy criticism from many people, especially Muslims. Upon hearing the word "Tariqah" they will automatically object and deny the validity of the Sufi Way. They will rant and rave on about how misguided we are, without even having inquired about us personally or about our practices. The bad assumptions about anything called "Sufi" will lead them to slander people they know nothing about. Should they not be ashamed to judge people they have never met on the basis of bigoted opinions? Of course they should be ashamed, but they are not: that is a sure sign that we are on the right way, in

accordance with that saying of our Holy Prophet Muhammed (sal).

The animosity that most Muslims show towards the followers of the Sufi Path is indeed a sign of the last times. Up until fifty years ago the Sufi Orders, and especially the Naqshbandiyya, were universally accepted by the scholars and Imams of most Muslim countries. No one of any rank or importance would show such antagonism towards Sufis: indeed, the Sufis were held in great esteem by religious scholars, many of whom submitted themselves to Sufi Sheikhs as their humble followers. Truth and purity were recognized as such, for those were times when some perspective still remained with people.

But nowadays we can observe so many “religious scholars” sprouting up like mushrooms – without roots – who object to the Sufi Way. Yes, in our time the Holy Prophet Muhammed’s (sal) prophecy is being fulfilled, and the viewpoints of a formerly isolated and condemned sects are being universally propagated through the power of unearned money. Quickly the beliefs that Sunni Muslims have held for fourteen hundred years, which recognized the necessity of the inner work of the Sufis, have been replaced by a dry externalist doctrine.

So many of today’s Muslims are embracing the beliefs and outlook of that externalist sect. Usually the ones who espouse those doctrines most ardently are people from a certain socio-economic class in the Muslim World. They are the rich, high-life people the highly “educated”, well-to-do, who have attained a luxurious standard of living. Why do such people deny Tariqas? As much as such people may try to reason out their opposition to the Sufi Way, the real reason for their opposition to Tariqas is that Tariqas stress the importance of preparation for eternal life, ranking it where it belongs – in first place; all concerns of this life are held secondary to that.

The opponents of Sufism try to justify their extreme love of this world and its pleasures by twisting Islamic teaching and ignoring the thousands of Qur’anic Verses and Prophetic Traditions which warn them: “The worldly life is but a game for you to play

among yourselves, seeing who can accumulate more riches and offspring, taking pleasure in it like the farmer who sees his crops flourishing, then suffering disappointment when it all turns yellow and dries up", and: "The love of the world is the origin of every sin", and: "The world is a cadaver and those who seek to devour it are dogs."

It enrages those people when they hear that we are practicing "Dhikr Allah", Remembrance of Allah, and repeating His Holy Name: "Allah, Allah, Allah..." They accuse us of making harmful innovations in the religion, when, in reality, there are over one-thousand Qur'anic Verses alone, not to mention Prophetic Traditions, in which our Lord Almighty orders us to "Remember Him", "Glorify Him", "Praise Him" and "Call upon Him". He has ordered this that we may approach His Divine Presence, as every repetition of our Lord's Name increases the love of Him in our hearts.

But the people who object to Tariqahs are in love with this life only, and demand that it be praised at least as much as Allah is praised. In reality they worship this world's pleasures as a partner to Allah, and no such association is ever acceptable to Him Almighty, as He has said: "We have not created two hearts in the breast of men." But in our Way we are taught to recognize that our love for this world is preventing us from attaining the true reality of worship, is keeping us from true monotheism, and therefore we are trying to downgrade worldliness from its present supreme position and are seeking to enthrone the love of God in our hearts.

We love our Lord, and we are asking Him to love us. Therefore, we try to occupy our whole hearts with the love of our Lord and are going to do our best to encourage others to occupy their hearts with that Divine Love as well. This we seek to accomplish through Dhikr, the remembrance of our Lord, despite the insistent efforts of Satan and his armies to dissuade us from following this way by making us drunk with this life's pleasures.

There is further proof that we are on a right way, apart from the criticism by Muslims of

other Muslims who follow Tariqahs. Nowadays more and more non Muslims are leveling criticism at Islam, and unbelievers are more and more vocally criticizing religion in general. Even to believe in God in our time means exposing oneself to ridicule; unbelief has become the dominant fashion, and, in large portions of the world, state policy.

Islam in particular is a target for such people: even people who call themselves Christians and Jews and profess belief in God are attacking Islam. Usually they center their attacks on “Islam’s stringent moral code”, although the original and authentic moral codes of their religions were once very similar to ours. But in our time the moral authority once exercised by those religions over their adherents has been eroded to such an extent that nothing remains of most people’s Christianity or Judaism except, perhaps, to say: “I am Christian” or “I am Jewish.”

Therefore, some adherents of those religions envy Islam for having preserved such pervasive influence over all aspects of people’s lives in the Islamic World. They envy Islam for its success in bringing spiritual dimensions into the everyday life and actions of the Muslim. The result of this envy is that they loudly criticize Islam for “not allowing enough personal freedom” and “being too severe.” They would, of course, like to see Muslims leave their religion altogether, but short of attaining that ultimate goal they would be satisfied to see Islam relegated to being a marginal force in the lives of Muslims just as Christianity has become in the lives of Christians; yes, they would have us suffer that same miserable fate.

The main reason for which all of these groups (materialistic Muslims, “reformed Christians and Jews”, as well as the outright unbelievers) criticize our Way is that we are seeking to purify ourselves by controlling our ego’s whims; that we are brave enough to stand up against the lower self and its desires. We recognize that the only way to approach God is to strengthen our souls sufficiently that they may gain control over our egos. By this the egos of those people feel threatened, as “the truth hurts.”

## The Crossroads Between Two Ways

We are reaching the end of this life, not our lives, but the period of our world is going to end. And now people have mostly changed; before they gave high respect to Allah Almighty, but now they run after Shaytan.

O My Followers! I am asking from you to keep the Right Way, not the wrong way. There are only two ways: the Right Way, which takes you to the Divinely Presence in Paradise, leading you to endless, Eternal Life, and the wrong way! I fear to step on the wrong way. Who steps on the wrong way are followers of Shaytan, who will be in hells along with his followers for Eternity!

There is an Eternity for good ones and another for bad ones. Try to make your names written on the tablet of believers and good ones, and beware that your names are not written on the tablets of Shaytan and his followers. Keep yourself! Try to keep holy orders of Allah Almighty or you will regret it! May Allah Almighty make you on the Right Way and thankful to Him. Don't follow the ways of Shaytan! Thank you.

(Bay`a)

O our Lord! Keep Your weak servants on the Right Way, which is Your biggest grant for weak servants, and we are trying to be even very weak servants for You, O our Lord! We never like to be shaytans, enemy of

Mankind, or to follow that one. Protect us and grant us Your forgiveness from You and Your endless blessings.

O People! Don't quarrel. Keep the Right Way you believe in, and if anyone says you are on wrong way, tell him, “We are on the way of the Seal of Prophets (s)!" May Allah Almighty forgive us for the honor of the Seal of Prophets (s) (Moawlana stands and sits) May Allah keep you and protect you! (...)

Yaa Qareeban ghayra ba`eed. Yaa Ghaaliban ghayra maghloob! Yaa Qareeban ghayra ba`eed! Yaa Shaahidan ghayra ba`eed! Ant Allah, Ant Allah, Ant Allah! Allah! O Who is Near and Never Far! O Who is Victorious and Never Defeated! You are Allah, You are Allah, You are Allah! Allahuma, yaa Rabbee, protect us from a bad end.

In Iran, Imam Ghazali (q) said, “This is the era where silence is necessary. (Stay in) the homes. Leave the matters of the (outside) public to their Lord.” Yaa Rabbee. What has to happen must happen...

Amaan yaa Rabbee, amaan yaa Rabbee, yaa Allah! Yaa Ghaaliban ghayra maghloob, yaa Ghaaliban ghayra maghloob, yaa Ghaaliban ghayra maghloob! O Who Defeats and is Never Defeated! You are Allah, Ant Allah!

Fatihah.

## The Crown Prince of All Creation

As-salaamu `alaykum (Mawlana Shaykh Nazim stands.) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! As-salaatu wa ’s-salaam `alaa Sayyidi 'l-Awwaleen wa ’l-akhireen, Sayyidina Muhammadin wa `alaa aalihi wa sahbihi ajma`een wa `alaa sa’ir al-anbiyaa wa ’l-mursaleen wa man tabi`ahum bi ihsaan ila Yawm ad-Deen. (Mawlana Shaykh Nazim sits.) Madad, yaa Sultan al-Anbiya!

O People! As-salaamu `alaykum! Greetings to the believers from heavenly peoplem for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh Nazim stands and sits.) Allah Almighty is greeting him (s) and his nation, particularly in this holy month of Ramadan. Heavenly ones are also greeting the nation of the Seal of Prophets (s), and if they hadn’t accepted Sayyidi 'l-Awwaleen wa ’l-akhireen as the Seal of Prophets, Allah Almighty would have never granted them to be prophets in the first place. Every honored one in Creation is taking honor solely for the honor of Prophet (s). Those who have been honored by their Lord, including prophets, could not have attained those stations if not for the honor of Prophet (s). All of Creation, including Mankind, jinn and angels, are asking to be granted honor for the sake of that honored one (s). Allah (swt) gives honor to those who honor His Prophet (s), so we must be happy that Allah Almighty has granted us to be from his nation. May Allah grant us to follow on the same steps, to honor that one (s)

who has been granted honor from pre-Eternal up to Eternity.

O People! O Mankind! You must try to learn something for your life. Why are we in Creation, in existence? The Lord of Heavens never creates something without a reason; anything that is granted must be for a reason. The Children of Adam were not created except that the Lord Almighty first created His most beloved one (s) and appointed him as muwassil, His representative and intermediary. When the Lord of Heavens created the Seal of Prophets (s) it was for a reason, and he was first created in the Divine Presence. Allah Almighty does not even create an atom without a reason, which is to give honor for His most beloved servant and honored representative (s).

The Seal of Prophets (s) was created to be the representative of The One Who created him and His Creation. No one knows when Creation came into existence. His representative has been dressed with such honor for Eternity with what no one else was granted before. For the Prophet's honor, the Lord of Heavens is giving honor to Mankind. Therefore, Mankind was created for his honor! All honor has been granted to the Seal of Prophets (s) the Lord's representative, or the "crown prince," if we may say that. Every king has a crown prince and Sayyidina Muhammad (s) is that one, as there can only be one crown prince! A king may have twenty princes, but the honor of being a crown prince is only for one, not others.

The Lord of Heavens! The Lord of Everything! No one knows Allah Almighty's position, as it is impossible to know. Allah Almighty was asking to be known, so He created the Seal of Prophets (s) and his nation, and no doubt all nations belong to him! So we have been honored to be the Lord's "representatives," who are in need to know their crown prince. People know Allah Almighty is Malik ul-Mulook, the King of Kings, but no one knows the beginning or the ending of His Kingdom. He asked to be known, so He brought the Seal of Prophets, Sayyidina Muhammad (s) in Creation. (Mawlana Shaykh Nazim stands and sits.) He created everything, and He wanted to be known and seen, so He made the Seal of Prophets (s). He brought him from His Divine Presence as a sign that he should be on behalf of his Creator for all Creation when they asked, "Where is our Lord?"

It is impossible to see Allah Almighty, as He is Malik ul-Mulook, Sultan of Sultans! However, He has a crown prince, who must have his Lord's attributes or otherwise He cannot be known. So from pre-Eternity to Eternity, Allah Almighty granted the Seal of Prophets (s) to be for all creatures who were asking about their

Lord's Existence. Regarding everything in Creation, people may ask, "To Whom does this existence belong?" and they may reach through that one whom the Lord of Heavens made Crown Prince (s) for all Creation! Allah Almighty is not in need of a crown prince, but creatures are in need, as they cannot reach the real existence of their Lord. Therefore, He brought one from His unknown Majestic Oceans to be His Crown Prince. This is a subject no one can enter into, finished!

We have been honored to be from his nation and to know something, and that knowledge is giving people honor, as without knowledge there is no honor! He Almighty is asking to give honor for His Creation, ma`arifatullah, to know about their Lord. Therefore, Allah Almighty sent 124,000 prophets representing the Seal of Prophets (s), the Crown Prince, throughout their nations. The more you know, the more you will reach glory and majesty from heavenly ones!

O People! We think we have been created by chance, but no! Everyone was created in a particular form and understanding. Man is the most important creature among all Creation, from pre-Eternity to Eternity. Try to learn this, that all prophets came to open a door for their nations to be honored with such heavenly honors! But people have no minds; they never use their understanding to know something about this life. I am sorry to say that peoples' understanding is only to kill each other and to sit on a seat that has no value. That is their main purpose or target, to sit on a chair that has no value, and they are leaving behind the real treasures, running to be donkeys for their egos or for Shaytan, and running after their donkeys' desires.

This is the reason why people in our days are preparing themselves to kill and destroy; that is their target. Now everyone is putting the power of technology in their hands, using nuclear missiles and atomic bombs as they like, but this is not the real identity for Mankind! People have now reached a level under that of animals, who are not trying to make such terrible weapons against each other. Through technology, Mankind is trying to reach a position in order to kill everyone and therefore, their levels are coming down, down, down. Mankind is approaching darkness and positions of the dark world, and the Lord of Heavens is showing them black holes, saying, "O People! If you are not accepting the honor I have granted you, you will be thrown in those black holes and there will be no more chance for you return to existence and reach honor!" May Allah forgive us.

O People! We are approaching the last days of Ramadan. Leave behind dunya, material aspects, and come to

reach heavenly aspects that you have been honored through him (s).

O People! Keep your honor and ask for much more honor. May Allah forgive us. I am weak; all of us are weak, and our weakness is taking us to unknown worlds and dominions. If you bring a key, it is going to open for you unknown treasures and territories. If not, you are going to be zero, zero, zero, and may lose your chance to be in existence, and that will be a pity.

May Allah forgive us for the honor of the Seal of Prophets (s), whom Allah Almighty created, from pre-Eternal to Eternal. Try to be Eternal ones; don't be cheated by Shaytan and your egos. May Allah forgive us. Tawbah, yaa Rabbee! Tawbah, yaa Rabbee! Tawbah, astaghfirullah. Forgive us, O our Lord! Give us an understanding of what it is to be Your servants and of the servanthood that was granted to us.

Fatihah.

## Cure the illness, don't just kill the pain

Turkish Cyprus has a population of about 150 000 people. Last week I read in one of their papers that 1/2 of their budget goes into importing medicine! People are wasting so much. The doctors give too much. The patients use one or two spoons of the bottle, and then they throw it away. With the tablets the same. So much medicine is being wasted. People are becoming more and more impatient. Patients have forgotten how to be patient.

The old medicines had two different effects: they killed the pain and treated the illnesses. Nowadays people only want to kill the pains thinking that when the pain has stopped, the illness is gone too. But sometimes the illness will just fall asleep an then attack you again. It is always better to be patient with pain, but use some cure for the illness. Every illness is a burden. That is why people run to escape from pain.

## LET THE CURRENCY OF PROTECTION AROUND HOLY-ONES PROTECT YOU TOO

I am asking forgiveness from Allah Almighty for every wrong step that we are stepping on. Every direction which is against or doesn't lead to the direction of Heavens, is the wrong direction. Nowadays people are usually going 100 % in the wrong direction.

'Auzubillah...' (May Allah protect me...) Already when you forget to say this, you are stepping in the wrong direction, because you will be misguided. We are trying to get rid of our mistakes. In the same way, if we do not say, 'Bismillah...'(In the name of Allah...) we are also mistaken, because then you are on your own. You must try to connect yourself with the spiritual world. It is a mistake if you are only by yourself. Correct it! If you are alone Satan can touch you, catch you and use you as his donkey. When you are in connection with Heavenly Holy-ones their spiritual powers will go through you and Satan can't touch you. It is like the currant of electricity running through your body and they can't touch you.

In our countries during Eid-celebrations a lot of sellers came. There was an old person sitting there with a box and a cup with a silver-coin of 3 piaster inside. He called the children and told them, that if they would give him 1/2 piaster they could take the silver-coin instead. The children came and looked very surprised. One child came forward, put 1/2 piaster inside and the box started to turn and water filled up inside the cup. We did not know what was happening, but when we tried to take out the coin we got an electric shock because of the combination of electricity and water.

In the same way Satan can not touch you, if you are connected to the currency of Holy People. But the people of the 20th century are very proud and they say that they do not need spirituality. They are only materialistic people. The only thing they understand is money. They are proud of their technology and computers. But the computers are sending out a bad current and impact on people and they think that computers are more

perfect than men. They are using computers and they think that they can reach some knowledge which men cannot. That is a struggle between spiritual powers and the powers of a mind-production like a computer.

By putting the computers there the atheist currency is fighting against beliefs because the minds of the people are made dirty. They are giving people the idea that the computers are much more advanced than they are. But that is impossible. We have a much more perfect organisation in our structure, but we are usually not using it in its originality. We are not looking after it. That is the illness of the 20th century: people are occupied with everything around themselves except themselves. They are seeing everything around themselves, but neglecting themselves. But every power is within ourself. If we didn't have all that power, we wouldn't have been able to produce a computer in the first place. But people with common standards are trembling with technology and they are coming on their knees infront of technology whereby it is such a simple thing. It is made by man, but you are made by Allah! We have perfection. There is no perfection for computers. At least we know that computers cannot work by themselves. They must be programmed, they cannot do anything beyond your will and without your command. That means we have the perfection, not the computers.

The mistake is that we are not looking after the power within ourself. We do not have the time to think about it. The biggest veil for mankind preventing him to reach to himself, is that foolish technology. It prevents you to reach you and you end up not knowing anything about yourself. To be a deputy of the Lord of Universes is something which is beyond your imagination. Your imagination cannot reach that point. So whoever can get a connection with spiritual holy people will always be connected to Heavens. Some of them were saying that if they even for a second would loose the connection to the Seal of Prophets, if they loose his Divine Presence within themselves, they would not consider themselves to be believers anymore.

Every Holy Presence must have a Divine Characteristic. That is why we call it Divine Presence. If it is not a Divine Presence, it cannot be a Holy Presence. Every Holy One must have a Divine Light with him. Otherwise he cannot be Holy and there cannot be a Holy Presence. If they get away from the Holy Presence, they loose everything. We are trying to make people to get in touch with that Divine Presence. If you do not find yourself how can you even get in touch with yourself? You are outside, far away from yourself. How can you then touch the Divine Presence? First come to yourself, find yourself and then you can be in touch with Holy People in their Divine Presence. We are doing so many wrong things and we end up being surrounded by

thousands of troubles. When you leave yourself and get out you must get in touch with a circle of troubles. When you leave yourself, when you run away from yourself, you are surrounded by troubles. When you come to yourself, you have no more troubles, because they cannot reach to you. If you leave yourself you are surrounded by them. That is why people have hundreds and thousands of troubles and miseries hurting them. As long as people are running away from themselves they are reaching unhappiness and no satisfaction and no peace. The troubles you find out there force you to come back to yourself, but your ego wants to take you out again and tells you to go. It tells you that it will take care of you. Your ego will order you to follow him. If you don't, it will be very angry with you and shout, "I am hungry and angry and thirsty. Why are you not following me?" But the more we follow it, the more we will fall into troubles. It wants to take you away from your real being.

May Allah guide us on the true way which is safe and peaceful!

## The Curse of Paper Currency

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahuma salli wa salim wa barik `alaa ashrafi 'l-anbiya wa 'l-mursaleen, habeeb ar-Rabbi 'l-`Alameen. Al-Fatihah. (Mawlana Shaykh sits)

The first month is the holiest month, Muharram al-Haram. In this month, (Mawlana Shaykh stands) Allah Almighty grants us from heavenly support for the honor of the most honored, most glorified, and most perfect servant and deputy of the Lord of Heavens. (Mawlana Shaykh sits) We are asking forgiveness as we are weak servants, and we are asking Grandshaykh (q) and all holy ones who belong to the Heavens to support us against Shaytan and its hegemony, and to make it fall down. We hope that Shaytan and its power gets down speedily, and we hope this year will be one of the holiest years and this month is also the most holiest month, and that is a holy promise for the believers. Believers now are weak, but really they are not weak because heavenly powers are supporting them and there is no support for Shaytan!

We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem; we are running away from Shaytan's trips and traps. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands) O our Lord! Dress us as mu`mins from the holiness of Bismillahi 'r-Rahmani 'r-Raheem, to be powerful, majestic, glorified ones from Heavens against Shaytan and its trips and traps! (Mawlana Shaykh sits)

Shaytan's time is going to finish. Now Shaytan and its followers are like slaughtered animals, still kicking, but their heads are cut! There is no more power for Shaytan to cheat people or call them to the wrong way, finished! Therefore, we see everywhere there are troubles from the slaughtered Shaytan, kicking everywhere, until people come to the Lord's command and try to be His weak servants. We have good tidings in this New Year, 1432, from the Holy Pilgrimage up to today, fourteen centuries and thirty-two years. We have been informed this 15th century is going to be the end of the world's time and the Day of Resurrection is going to be after these fifteen centuries.

O People! Come and listen! As-salaamu `alaykum to our attenders throughout the east and west! Use your mentalities, your minds, your understanding! Think on it, that for every beginning there must be an end, and this world has a beginning and there must be an end. That end is coming at the end of fifteen centuries. Allah Almighty knows. Troubles, miseries, and sufferings are now under the umbrella of shaytanic works. People are running after Shaytan to find a new system on Earth to make them happy or to bring them to a happy life, and that is finished! Shaytan has been given one opportunity or chance, and it is impossible for Shaytan to be given a new chance or opportunity to cheat people.

People now are saying, and it is an awakening to ask, "What is happening to us? What is wrong with us?" because people are seeing that there must be something wrong in themselves. If a car or train is not moving or a plane is not flying, there must be something wrong. Throughout the world you can't find any country now without troubles and suffering. Now they are beginning to say, "There must be something making us not to be successful." Yes, and we are saying that Shaytan just cheated you, bringing the whole world from a high point, making them get in its car or train, and from up, going down easily. Now they are coming to a deep point and there is nothing. Shaytan's method is to cheat people, taking them (from goodness). They think the best ruling is what Shaytan is bringing, and they say, "We must leave heavenly orders and find our chance to bring from our minds' production. We must look after ourselves." Shaytan is saying, "With your thinking, you must make so much technology, technology, technology."

Shaytan and those following Shaytan are demons. They are going up and taking people up (in space travel). If you are finding a better place in the clouds and stars, take people! Shaytan is saying, "Wait, I am teaching you something that you can carry an entire city's citizens in it and take them up." Now people are thinking on it,

"We can save ourselves if we go up, " and from up are some cars taking like this and like that. Shaytan is asking to take people up and then finish them!

Technology just reached the last point and will never giving to them a sweet life; that is finished. A sweet life is only for those who are tasting the sweetness of being servants! They have been granted a sweet life. If anyone is asking beyond spiritual sweetness, they can't find it. They may always have been given millions or billions worth of gold or treasure, but that treasure is never giving them a tasteful and sweet life!

O People throughout the east and west! A sweet life is only coming to you from Heavens. You can't bring it from under your feet, no, but from over your heads it may come. You must understand what is now finished. In every country, people are running like wild animals in the streets, saying, "We don't like that government. We don't like those people. We don't believe in that party. We are not happy with what you are giving us." Everywhere people are like this. Come to Allah Jalla Jalaaluh, Jalla `Azhaamatu, come to your Creator! (Mawlana Shaykh stands and sits)

O People! Use your minds! When you were a spasm coming from the womb of your mother, Who was looking after you there, keeping you, making that baby a happy being? All of us were happy in the wombs; only when we came out we were crying, and for what? We lost what Allah granted to us in our mothers' wombs. We were happy, but when we came out everything opened and we looked at the life of Man on Earth, and we saw more than ourselves, and cried for what was happening. Everyone was crying and said, "We were so happy, now we are falling into this bad life where so many shayaateen and its armies are making us unhappy!" Then the babies cry and are born into this world. Who was keeping you in your mother's wombs may also keep you in this life, as long as you are not following Shaytan! But as long as people follow Shaytan they will suffer, and punishment and cursing must come on them.

Now everywhere signs of heavenly cursing are making people run to the streets to fight their governments, and governments fight their people. What can governments do? Governing bodies are thinking that, "If we sit on this chair we can do everything, we can give our people a sweet life." But now they are in regret, saying, "We can't do it. We thought if we sit on this powerful chair, we could do everything." But now they are looking and saying, "We can't do anything." And the people are telling them to leave that chair, but they can't leave. They are saying so many statements on the streets in protest, and they are just hit, because that is one

person from the Children of Adam and you are making him a minister of finance, who says, "We think our stores are full with money and we can make our people restful." But how can it be? He says, "We are not giving people gold; we changed gold money to paper money and we were thinking that if anything happens, we can print new money."

They can't do this. Even if they have machines to print more currency, they can't (balance their economies now) because that is not gold. It is so easy for governments to order one billion dollars because people are asking for money and governments are saying, "You give us money!" Everyone is the government; you have money machines. You may go to His Holiness, the Pope, and ask what is his advice to you; if not, come to Shaykh Nazim also.
(laughter) I have something to say to them. I am not saying it from myself, I am going to speak a heavenly language. We are not speaking Shaytan's language, no. We must speak a holy language, and if the Holy Pope has this, he may speak. Chief rabbis that are saying, "We are sitting on golden chairs," why are you not printing (money)? What is your book's advice to you, to sell and buy with paper money? Why are you not printing it? What are they putting in it? It is like money made of newspaper. (Mawlana Shaykh throws currency to attenders, then coins.) Very happy! Very happy! (laughter) Holy rabbis, why are you not saying anything and ordering more money? No, Allah is saying, "You must deal with gold, silver and copper." Using paper money never happened from the beginning of Man's history. That is the main source of "troublemakers", to change gold and silver money to paper money.

These people (Chilean miners) are coming from 700 feet underground and they are not giving paper money to them also. Now print and give it, because Shaytan is making you to change gold and silver coins into paper, so print and give to them as now they have no money with them. But their government is saying, "We can't give." How? If you are the government, you must give! Print it!

You must hear the holy command. O Holy Pope, holy ones, holy rabbis, holy Buddhist people who are saying, "We are holy ones," and lastly we are saying to Muslim learned people, `ulamas: why are you not finding a way to make Muslims happy and enjoyful? Because you also changed gold and silver into paper and you can't do that! You are always against heavenly commands. Therefore, Muslim people also must taste what other people are tasting and it is a big blame for Muslim kings, amirs, and presidents to cheat people with paper money.

I am a weak servant, but I am authorized to speak truth throughout the east and west, and make people wake up! You must take away paper money and bring gold and silver. If not, there is never going to be change. You must try to follow the commands of Heavens. If not, you are going to finish. May Allah forgive us. (Mawlana Shaykh chants)

Allah Allah, Allah Allah, Allah Allah, Allah Allah.
Allah Allah, Allah Allah, Allah Allah, Allah Allah.
Allah Allah, Allah Allah, Allah Allah, Allah Allah.
HasbunAllah wa ni`am al-wakil ni`am al-mawla wa ni`am al-naseer.

Fatihah

Tawbah astaghfirullah. Tawbah, astaghfirullah.

## The Worldwide Curse of Modern Technology

As-salaamu `alaykum. (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Wa sallAllahu `alayhi wa salaam `alaa Sayyidina Muhammadin (s), Sayyidi 'l-Awwaleen wa 'l-Akhireen. Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridhwaana wa man tabi`ahum bi ihsaan ila Yawmi 'd-Deen. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

As-salaamu `alaykum. Dastoor yaa RijaalAllah, madad. Madad yaa Sultan al-Awliya, madad. Yaa awliyaaullah! Amiduna bi madadikum.

O People! As long as you are running away from Allah, astaghfirullah, astaghfirullah, cursing will come you from above and from under your feet also. Allah Jalla Jalaaluh!

O our Attenders! Ask for forgiveness, as He, the Lord of Heavens, likes it. He is Almighty! Do you think that He has only one Earth? It is the same (for Him) to create an atom or to create one world. If He is asking to put this world in an atom, it is so easy. He is Allah, Who has endless Power Oceans, endless Majesty Oceans, endless Dominions, and endless Creation from pre-Eternal to Eternal. As an example, from where is Niagara Falls coming and to where is it going? Only the Creator knows! No one knows all of His Divine Attributes;

that is impossible. He is Only One, there is no other. He is the Creator, and no one knows when Creation began and when it will end. It is impossible to find a beginning as it is eternal, from pre-Eternal up to Eternal. No one knows what is pre-Eternal, Eternal or Eternity! Allahu Akbar! (Mawlana Shaykh stands) Allahu Akbar! Allahu Akbar al-Akbar! (Mawlana Shaykh sits) Huuuuuu.

**•••• •••••• ••• •••••••••••**

Qad khalat min qablikum. Surely many passed before you. (Aali `Imraan, 3:137)

O People! An unknown Creation is coming from huge Dominion Oceans, appearing and disappearing, and no one knows. Allahu Akbar! Allahu Akbar! Allahu Akbar! (Mawlana Shaykh stands and sits) First of all, we must be ashamed before our Lord, but people are drunk ones, forgetting that we are in the sight of our Creator and we must not do anything that He never likes. People lost their minds and are drunk ones, for nothing, and they are also using drugs.

O our Attenders! Throughout the east and west, from north up to south, this is our temporary home and no one is going to be here forever, finished! Now we are on a very small planet, dunya, and the Lord of Heavens (swt) granted us to be in existence. When we are coming in existence, it is suitable to first ask, "Who brought us into existence? From where are we coming, and to where are we going? Yesterday we were not in existence, today we are in existence, and tomorrow also we are going to disappear. We were 'disappeared' ones, then we appeared, and tomorrow we are going to disappear also! Who is making it like this?"

But people are drunk, which is from Shaytan. May Allah Almighty protect us from its trips and protect us from falling into its traps. But people are not hearing; they are becoming more drunk and even our physical being beside the greatness of this planet is nothing! But we are not using what we have been granted from Heavens. Our physical being is from this world, but our real being is from Heavens. Because people are drunk. Even Muslim territories, I am sorry to say, are not thinking on it. And if a believer thinks about something, the Lord of Heavens, the Creator, gives a key. Thinking is like a key. If you are thinking, you have been granted a key, and if you are using that key another opening comes to you, making you ask, "What is this?" If you think on it further, you will be granted another heavenly key for a new opening. If you plant one seed a tree grows, and perhaps at the beginning it will give a few fruits, but eventually it yield more. That is like our thoughts: if you are thinking, you shall see this one tree may grow to cover from east to west, and if

you continue to think (expand your thoughts), more openings will come. However, no one can fully understand the holy words of the Seal of Prophets (s), who spoke and addressed people. What did he say?

•••• •••• ••• •• ••••• ••••• •••

Tafakkur sa`atin khayrun min `ibaadati saba`een sannah. Contemplation for one hour is better than 70 years of supererogatory worship. (Nuzhat al-Majalis)

To sit and think about realities, both within yourself and outside of yourself, is more important than to pray for 70 years, because that thinking opens endless Power Oceans. When you have been granted to reach those heavenly Power Oceans, you may receive more and more knowledge endlessly, and every time you receive more, you will behold the greatness of the Creator, and you will see yourself as so small. You will see you are becoming smaller and the Creator is becoming greater and greater in your sight! Allahu Akbar Jalla Jalaaluh! (Mawlana Shaykh stands) Allah Akbar Jalla Jalaaluh. Jalla `Azaamatuh wa laa ilaaha ghayruhu. (Mawlana Shaykh sits)

O our Attenders! If you are not using what is granted to you, you will be cursed, and cursing brings every trouble to people! Throughout the east and west, you will find there are endless troubles and no stability. People are fighting each other, asking to kill each other, which not from our heavenly being's wisdom, but it is from Shaytan. It is cheating people, running after them, taking them to wrong ways, bad works and bad activities, teaching people such foolishness, basing their entire capability on something that is not giving people happiness or honor or a sweet life! Shaytan is opening to people a door and saying, "O People! Come and see what is in it and what you can do with it! You must know your ability, capacity and power, which I am teaching you. O Mankind! Come, and I will show you so many ways that you will be so happy. I am teaching you technology so that you can do everything through it." That is the worst teaching from Shaytan to Mankind, and they think by doing everything with technology instead of manpower brings them happiness. Every trouble on Earth is coming through the expansion of technology!

Now people throughout east and west are making so many millions (of dollars), saying, "What can we do? We are hungry, thirsty people. We are without clothes." How can it be? And now they are asking their governments, "Give us work." Governments are saying, "We don't have work, we are doing everything with technology now, so go away (your jobs have been replaced)!" That is the reason countries are quarreling

among themselves and with others. Shaytan is spreading technology, taking every capacity and ability from Mankind, leaving them in a big place, saying, "There is no work because we are doing everything through technology." And now nations are running to kill other nations, but as long as they are not kicking away technology, these troubles will increase and will never diminish. People will kill themselves and others with technology, with nuclear bombs; not millions but billions, destroying this planet. People are dying, nature is dying also, oceans have no more life, mountains are bringing fires, and Mankind is going to be cursed on this planet, for the honor of their technology! Leave that, and come and be friendly to nature! Nature is enough for you!

O Mankind! O jaahil, ignorant ones! As long as you are against nature you will die, you will kill, you will suffer, and it will not diminish. Technology will never finish, but it will give more troubles because technology is against nature. When Man is against nature through technology, nature is also coming against Mankind. Therefore, governments and technical experts who teach people so many things through technology, it will kill you, and you will kill Mankind! The main purpose of Shaytan, the most terrible enemy for Mankind, is to take away Mankind from Earth through technology, because technology is against nature. When nature dies, Mankind is going to die, finished, and all nations are now running on technology.

O People! If we do not return to friendliness towards nature and Allah Almighty gives you what you like, you are not going to be saved, but you will face so many kinds of troubles and miseries, and you will cry, and you will die. I am not hearing this point from anyone, from east to west, from professors to doctors to technological people, and even the Muslim world is not saying, "Come and be friendly with nature; it will protect you from every trouble here, and will protect you from falling into the Lord's Cursing Oceans."

O People! You must understand. I am a weak servant, but they are making the weakest servant speak and address, to me and to everyone. If you are saying it is wrong you are going to be in fire, burning yourself, and the Lord of Heavens is never happy to burn even one ant, and He is not happy that you kill each other!

**••••• •••••••••••• ••••••••••••**

Wa laa taqtuloo anfusakum. Nor kill (or destroy) yourselves. (An-Nisa, 4:29)

Don't kill yourselves! So many people say, "O Shaykh! We are coming from London, bringing our sons and daughters; make du`a for them to be successful." Ptuu (spit) on you and your concept of success! They are

such jaahil, ignorant people, running to study in high schools where they teach to kill nature and make technology their flag! As much as technology is killing, they are like a virus, saying, "It doesn't matter, let them die. If there remains a handful of people, we will still be happy with technology." That is reality, but I am sorry to say eastern `ulamas and western technology experts are not making a balance to look at reality. We are just speaking about the real causes of troubles, miseries, and sufferings for Mankind.

O Mankind! If you like a happy, sweet, and good life here and Hereafter, leave technology and return to nature; be friendly with nature, which is like your mother who gives everything to you without tiring. Blessings from Heavens will never be exhausted or leave Man, but when they are imprisoned, there will always be troubles in this world.

May Allah forgive me, forgive you, and forgive His servants, for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

**The Curtain of Might and the Divine Mirror**

(Mawlana standing)

Allah, Allah, Allah, Allah, Allah, Allah
Allah, Allah, Allah Subhanallah
Allah, Allah, Allah, Allah, Allah, Allah
Allah, Allah, Allah, Allah, Allah, Subhanallah

Glory to You O our Lord, You are Creator. Whole glory mutlaq Glory, Absolute Glory from pre-eteranl up to eternal, for You, our Lord.

We are so in pleasure that You created us! And making mankind under the flag of Your most beloved and glorified servant of Your Divinely Presence only for Sayyidina Muhammad (s) from his nation endless, countless, absolute greatness granted by Yourself to Your most most glorified servant Sayyidina Muhammad (s) and making ourselves to be from his nation. Alhamdulillah.

O people, everything in existence they are proud, they are happy, they are in peace, the are in endless enjoyment. O people, we are saying: La ilaha illa-Allah Sayyidina Muhammad Rasulullah (s). That is our endless honor. And we are saying: A`udhu billah min ash-shaytan ir-rajeem. We are against Shaytaan, against whom they are following Shaytaan and we are against every satanic tricks or traps. We never accepting Satanic, Satan's ideas that trying to give to people and to cheat them. Beware O mankind that are living through your calendar, 21st century. Long time ago just this world created, no one knows.

But man, man created and Allah Almighty landing them on this planet. We are believing that mankind not created on this planet. No. Created in a place, no place, in a time, no time, by that One that place He is never going to need a place and He is never surrounded by units of time. No. He created. Where? He knows. When?

He knows. But we are not created on this planet. This planet, when it is created, He knows.

Also [they are] knowing [those] that they are granted a Heavenly Knowledge, Heavenly Knowledge. They can't say that anyone may reach Divinely Knowledge. No. Heavenly Knowledge it is more than enough to be honor for mankind. Divinely Knowledge, He knows. There is a hajib, (veil) curtain, that we can only say curtain. But only we can say that word, but no one can be able to bring a meaning and mahiyyet (description) and its Description. Only we know there is a curtain. Don't think it is a curtain on your windows; curtains, through your homes; curtains through yourselves and some weak ones, no. Only for to be understood this name we may say: Hujub al-`azhama. And then so many curtains and then hijabun `azheem. (Almightiness Veil) Almighty Majestic Curtain. Countless curtains.

But there is Hijab al-`azhama. Hijab al-`azhama, uff! Allahu Akbar, Allahu Akbar al-akbar. Allahu Akbar al-akbar. SubhanSen Ya Rabbee! Allahu Akbar al-akbar, Allahu Akbar al-akbar Allahu Akbar al-akbar.

Majestic Curtain, Eternal Majestic Curtain for You. No one knowing. And then countless curtains... He Almighty asked for, better to say “asked” He Willed, He Willed to create an mirror. Mirror, Divinely Mirror for His Majestic Being. We are not saying about His mutlaq Huwiyya, His Absolute Essence, we are not speaking on it, we cannot speak on His Divinely Siffaat. (Attributes) Attributes. No. We are coming down to His Divinely Names, Divinely Names. Divinely Names leading to a gorus, tajalli, Divinely Names leading to a Divinely Manifestation. No beginning or ending for Divinely Names. And each Name... (Adhan sounds, Mawlana stands up)

(Adhan ends)

Sayyidina Muhammad (s) ... Wahdahu ... as-salaatu was-salaamu `alayk... a`ti Muhammad al-waseelah...

SubhanAllah! Glory to Allah, from pre-eternal up to eternal. Majestic and Almighty Essence, only for Him Almighty. We are trying to say something but everyone from those people who have been granted Heavenly Knowledge and Heavenly Knowledge also unable for creatures to surround and to reach its end, SubhanAllah.

This time that we are in it showing that we are running to an end and the Lord of creation, our Lord, our

Creator, Almighty Allah, Almighty and Majestic, His Majesty - Shaykh Adnan Effendi - just can be seen through every creation as much as they may be small, as a mirror giving something about yourself, the smallest creature through creation (Turkish) reflecting, when you are looking that mirror you are seeing something. If no mirror you are seeing nothing.

And everything in existence that He Almighty created and if you are trying to speak on it a little bit more up to eternal, eternity, you are not finishing. Mirror reflecting to you something but you are looking in it and you are thinking that you are identity, shakhsiyya, in it, but you are not there. It is only a reflection from where? When you are standing and looking that reflects from where coming and entering in it. How entering and showing you there? And you can't touch it. Impossible. You may spread your hand (put hand forward) to it but you are unable to reach to that, there.

And you are looking yourself, "I am here" (points to himself) but who is that one (points to mirror)? “Who is that one?” If no mirror, if a person going to be only one on this earth, he may say "Who is that one?" If anyone not saying that “that is yours," You can’t believe, saying "no, how you are saying I am this one? I am here. But who is that one? What is your proof that this is myself? I am not believing. I can't believe that I may be inside in such a clear way. I am looking.” Yes, your eyes seeing everything except themselves. Our eyes looking seeing everything. Only can't see themselves, therefore looking that mirror and saying, "Who is that one? Who is that one?" And we may say, "you are seeing your eyes there, is it so my eyes, really?" This is a piece of glass. How you are saying that my eyes in it and look to yourself from there you are looking to yourself and making very... (looks up and down) Everything is ok, but my eyes, I can't see them. These eyes can’t see themselves but I am looking and seeing there. what is that one? Am I that one or another one? That is an appearance. (mazhar) mazhar, appearance, mazaahir. Everything there appearance, but how, from where coming their appearance, no one can say.

Therefore the Lord of heavens, He is creating from pre-eternal up to eternal, takhliq, to be able to create, endlessly going on. And it is impossible for a one, for a person to follow and to add numbers and their attributes from beginning up to end, because you can't be able to know beginning and ending. And the Lord of Heavens. How many heavens? Seven heavens. According to our capacity. A ant may look through it self around itself. And its understanding that area but he, it cannot be able to see whole world. It is only looking and seeing what it is possible for itself. And we are now looking a mirror and saying, "SubhanAllah who is

that one? Am I that one? You must bring witness that (testifies), “this, you are."

And everything in existence, the Lord of heavens, heavens, only we are, we have been granted seven heavens. Beyond that seven heavens how many countless heavens running? (amana wa sadaqna) running, running, running. What is their beginnings and where they are going and where are their ends, no. But everything now, O people, they are happy and proud about their creation, therefore they are saying, "SubhanAllah, SubhanAllah, SubhanAllah, SubhanAllah glory for our Lord only, Endlessly Glory, endless Majestic Glory for our Lord." Everything saying this tasbeeh, (amana wa sadaqna) and they are happy and proud that they are in creation. Only mughaafil, heedless man, that it is, it was ... ehaqqe, (deserving) deserving to look and to say “SubhanAllah,” but man they are heedless. They are heedless.

Someone saying to me Irish people good people and adding only they are drunk and I am saying now they are drunk by drinking whiskey, or such a wines. Wines that making them not to be able to collect their minds on such a realities. And now people are now drunk through this temporary (temporary muwaqqat) temporary life aspects, making people drunk and no time for them to ask, "Who is that One who placed everything in its place, who is that one?" Because drunk can't ask. Some awakening people whom they are taking from... “bal hum k’al-an`am bal adal - Those people who are not asking more from this life their levels under the level of animals.” Today Subhanallah... time is over.

••••••••• •••••• ••••• Wa li-kulli qawmin haad. Ar-Ra'd [13:7]

Two meanings. "For every nation there is a guide." Also naqul haad, as limit. (eg) "For everything there is a limit" and we are reaching to a limit that is appointed to ourselves on this plane. Then what is coming, no one knows. The only thing we have been asked by the Lord of Creation is to say “Absolute Glory, Majestic Being for our Lord Subhanallah. Only this the Lord of Creation asking His servant to say, "O our Lord, You are so mighty, endless mighty, endless beauty, endless essence, endlessly life from pre-eternal up to eternal. Eternity for You. We are proud You created us for You. Whole glory and absolute powerful to be powerful is for You, we are so Happy, O our Lord, to be Your servant.” Look O mankind, even every atom they are so proud because they have been created and just brought in creation, therefore .

••••• •••• •••••• •••••• ••••••••• •••••••••• •••••••• •••• •••••••••••• ••••••••••••• Wa in min shayin illa yusabihu bi-hamdih. Al-Isra [17:44]

"There is not a thing but celebrates His praise." Everything glorifying their creator except heedless people, that they are (maskhara) whom they are Shaytan's slaves, they are not thinking on that glory. They are in heedlessness. They are not saying we are so proud and happy our Lord created us. O people! Leave Satanic struggling and discussion and quarreling and fighting! Leave everything and turn your faces to Heavenly Presence of Your Lord to be happy here and hereafter forever through endless mercy oceans of your Lord, through eternal life. May Allah forgives us, Fatiha.

(bahrun `ameeq, Mawlana] `Ajabak? Hisham, Adnan Effendi?

how long now, (five weeks) about 30 majlis. Allah Allah.

(Masha-Allah)

(Allah, Allah SubhanAllah. ilee `indahu internet bishufu)

...

(masha-Allah, masha-Allah, shayyin `adheem min `uloom al-awaleen wal-akhireen)

how many people now?

(124,000)

mubashiratan. direct live. from beginning up today, how many.

(1.5 million. yantafi`u min weyn hadha al-`uloom.)

barakatak.

WebSufiLive, CategoryCreation, CategoryKnowledge

**We are making a check-up daily**

Ya Rabbi Shukr! Destur, ya Sultanu-l Anbiya, Meded, Destur ya Sultanu-l Awliya, Meded, Meded, ya Rijalallah, Meded, ya Sahibu Zaman! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

There is a machine (that) several times now for check-up they were putting me in front of that instrument, like x-rays and other so many kinds of technical works...They are saying to me: “You must rest. Don’t do anything. Lie down. Only stand up." Then (they are) saying: “You are free.”... “Do nothing.” And we are obeying and doing as they are saying- doing nothing...

Now this is a spiritual meeting, (an) authorized meeting, it is not an imitated meeting, no. And we are sitting here, we are making a check-up daily, looking where we reached, what we are in need. And when that instrument (is) showing that this or that must be for that person, (the) doctor (is) making some treatment on them...Now- how many people (are) sitting here- just on this table (up), it is shown what we are in need to make it to increase or something to make it down. For something for ourselves we are in need to push (it) back, some of them they are in need to be pulled...And we are sitting here as attenders; we are not asking from you anything and that heavenly treatment that (is) coming on earth to (the) Prophet sws and through Grandsheikh (it is) reaching to me, they are making what is necessary for you, and you are sitting, hearing, listening, sleeping- doesn’t matter- at least through this short time you are getting a treatment, a spiritual treatment.

There is these big tanks of water. Sometimes the tap on it is closed, rusted (and) it is difficult to open. And (you are) using a power, then quickly (the water is) coming, taking (that blockage) away... Now they are doing such a treatment for everyone here- a cleanliness. It is a cleanliness first that we are in need (of).

Your structure- as it is well-known through Prophets and their followers- (the) traditional knowledge that (is) coming through Heavens (is) saying for our physical being's structure (that there are) 4 elements: water, earth, air, fire. Beginning like this...ending like that...Living and dying point. These 4 elements- we have been ordered to keep each element on its real position, not to be mixed with something else that it is not suitable (for) that element's nature. (There must be a) balance. If you are leaving yourself without (a) balance, that 4 elements (are) going to mix up and finally each one (is) coming against another one and giving the sign of end of our physical being. (For) our physical being (it) is necessary to be on a balance through (these) 4 elements to continue through this life that it is our material being and physical being. Whole troubles that (are) coming to peoples' nature through their physical being that is (because) we are loosing balance. Someones (are) growing like this... too much, someones no chance to appear and going to disappear, some other (ones are) coming against another one without any rights and (the) 4 elements (are) getting in(to) a chaos. When (the) chaos (is) coming, (the) physical being (is) going to finish. Our physical being (is) going on earth to come down, down, down, and so many kinds of troubles and sufferings and pains (are) coming on the structure of man's physical being.

And all hospitals and doctors (are) trying to cure people, but they are not looking (to the) real points or (the) real beginning of our structure that it has been used by (the) Creator. They are not knowing this and they are trying to cure everything without balance.

Now doctors are knowing (that) so many kinds of medicines (are) just prepared, countless, so many medicines, tablets or injections, but they are saying: "We are using this. This (is) going to be useful for that illness, for that problem, but (it is) bringing another problem from another side." That (is) showing that (for) doctors (there is) no (such) balance; they are knowing nothing about the balance of (the 4) elements. Therefore (there are these) side effects! That means: doctors never knowing (about the) balance (of the elements). (They are) using (medicine) for this problem, but that (is) bringing another problem on that and on that, (the) elements (are) going to fight each other (and) therefore finally (they are) saying: "We can't do anything except we must use surgery. We must cut it and throw it away."

Ya Hu! This is a watch. When (it is) getting (to be) something wrong in it, and (they are) opening (it) and saying: "We must take one of it away"- it works? How they are cutting, saying: "We must take it away", sometimes kidneys, sometimes liver, sometimes lungs? Sometimes they are saying: "We must open, (make)

surgery for heart", sometimes they are saying: "Big problem, we must open head and to look what is in it..." They are using something that... and their intention (is) to save that person from troubles and problems, but when man (is) involving through our physical being, (that is) bringing another, countless problems behind it. And they are saying: "We must do an operation. It is necessary, no (other) way", and when they are doing this, involving (intervening in) our creation, a big hole (is) beginning to open. From a needle hole (it is) getting bigger, bigger, bigger and (they are) saying: "We did what is possible to do, but now we are sorry, we can't do anything: "We can't do anything." Making like this...(rubbing their hands), saying: "Put him under intensive care!" That means: finished. Or beginning?... "What we shall do? So many people coming, let him die... Only we may take money, let him die." That wheel must turn- taking...giving, taking, giving...

All trouble (is) that everything they are learning, but real area, real treatment what it is, they are not asking. (They are not asking) what is for such conditions heavenly knowledge, what saying, because they are denying that and everything they are looking through material eyes, nothing else. Therefore- when (the) 4 elements (are) loosing their balance, that person just finished.

And all religions first of all (were) bringing some rules, bringing something for doing and some other forbidden (things)- people think that it is a play. When heavenly Orders (are) coming and saying: "Do this, don't do that. Eat this, don't eat that", they are saying: "Why? Why they are preventing us (to do,) as we like? To live as we like, to use everything to eat and drink?" They are on the level of animals, no thinking for them, no, empty heads! All rules that (are) coming from Heavens are only to keep (the) balance among (the) 4 elements. Therefore- whom they are keeping heavenly Rules they are not going to be ill or to be under (the) control of their egos. (There is) no control that time (for those) who (are) refusing prevented things, (doing) forbidden orders. They are thinking that they are reaching a pleasure through their lives, (but) no!

Therefore people are beginning now from childhood, they are going to destroy or (it is) going to be destroyed the balance through their physical beings' elements. If (they are) keeping heavenly Orders, they are never going to be hurt or harmed, because each element (is) knowing its way; (they are) not coming against each other, (there is) no accident. This (is) for our physical being. For example: you are drinking. You may drink through when you are eating and after you must be patient until one hour. (But they are) saying: "No". (Or a Rule is) saying: You must drink and sit down. (People are) saying: "(It) doesn't matter." Everything that (is) concerning our physical being's life (is) under (heavenly) Orders, because Orders (are) keeping balance. If

you are refusing orders, you are out of balance and out of balance people soon (are) coming to be out of order. Finished.
But the more important thing- that we are on it now- is for our spiritual being's situation. Because our spiritual being asking a full balance among our 4 elements; to be pure. Therefore purification, tahliya, is (the) first step for our spiritual being's development or for their reaching to their heavenly positions.

Therefore we are using, all Tariqats (are) using different methods to keep (a) full balance through (the) 4 elements; to make each one (of it) on its private level, not one jumping to another. All seclusions that Tariqats (are) ordering are to make (the) 4 elements friendly to each other. When (they are) going to be friendly to each other, (there is) no harming (of) one (to) another one. When (there is) no harming and all of them (are) on (the) same direction, (they are) going to be prepared for their heavenly travelling, (for their) heavenly flying to their heavenly positions.

Therefore- this is a small group of people here, and our Grandsheikh (is) making us to be here (for) even 1 hour, 1/2 hour- (this) helps ourselves to arrange our nature's balance that (this) our nature (is) just combined through 4 elements. This (is) helping; even 1/2 hour we are sitting here, but that instruments- heavenly instruments that they are authorized people's instruments- (they are) coming through our real being to combine and prepare them, to bring them to (a) balance, (a) full balance for moving to Heavens.
They are sending time-by-time rockets (up). How many times the engineers (are) coming and trying, looking if anything- more or less- (there is) something wrong on it. When (they are) giving their report that: "1oo% according to our control it is ready to move up", then...ohhh...Therefore- don't think that you can move from earth to Heavens by yourself as you like, no! Grandsheikh (is) making (a) trying, then (he is) coming to (the) Prophet, sws, saying: "That one (is) ready to reach to his Amanat", what it is granted to him to reach, their heavenly positions. "That is okay." Then- ohhh...coming that spiritual power, dressed on him, then he can move.

We are thinking that (the) importance of religion (is) so simple and (the) majority of people (are) looking (to) it and (they are) saying: "Useless or needless", never interesting or never taking any care. Therefore quickly coming their elements to each other, fighting, and (they are going) underground... Oh people! Try to take more care for your physical being that it is (the) structure of our spiritual being. Just it is assembled. They are thinking that (there is) no need for a person (for) such a things and (really) our reality (is) assembled on our

physical being. As the base, foundation, (or) platform that (a) rocket (is) sitting on. It is going up, but that platform is always here. If anything (is) wrong on it, that (rocket) can't be sent.

Therefore our physical being (is) like (a) rocket's platform. Must be everything 1oo % perfect. If not, you can't go up. May go, going-coming...and coming... ohhhh...so many times these rockets (are) coming back, something wrong. It is important to be known what they are giving us to teach, to speak to all people. It is most important, perhaps 124.ooo Awliya (are) knowing this point and (they are) asking (for) an opening to mankind before Mehdi a.s. (is) coming and before Jesus Christ, Isa a.s., (is) coming (down), to prepare...
May Allah forgive us and give us much more attention to use it for such important points or we are going to be like (those) billions of people (that are) going to be carcass... and mostly people (are) becoming carcass... even through 1oo.ooo people not through (one) million you can find one or two, and their sign (is): (that) when (you are) opening their graves after thousands of years, they are same, never changed, and others (are) going to be carcass... Ya Allah, alimna ma yanfauna...You like to be in divine Presence like carcass? And you have a chance to be dressed with heavenly Dressings and to come to His divine Presence... or to come like (a) carcass...
For the honour of the most honoured one in His divine Presence S.Muhammad sws may Allah grant us Mehdi a.s. quickly, to arrange the life of mankind on earth, Fatiha

**Dala’ilu l-Khayrat**

---

They (ladies) should not cut their hair. They will look like unbelievers. Even the unbelievers, the old unbelievers would braid their hair- one braid for the Greeks & Muslims had two braids. And my grandmother would wear her scarf like this. But all the women now mess with their hair, they have gone bald. This is an instruction, an order- women should not cut their hair. If they do, they will not find any comfort in their graves. They should braid their hair; Muslims make two braids & the Christians, one braid. This is an instruction coming to me. I declare it. Whoever likes may keep it. May who doesn't keep it go bald.

I read Dala'ilu-l Khayrat. I have always read Dala'ilu-l Khayrat, for 70 years, but it has not opened to me like it did now when I read it, Dala'ilu-l Khayrat. Astonishing! May Allah sanctify his secret, Imam al-Jazuli Hz. Masha Allah, they are dragons. They are the ones who are formed by love & yearning for the Prophet(sas). These people now lost that respect & love for the Prophet (sas) & fell into troubles. The respect & love of the Prophet (sas) does not let troubles reach people. The respect & love for the Prophet (sas) protects in dunya & in akhirah, and grants them levels but people have lost this now. They read newspapers. They watch movies. It gives them no benefit. They are in great pain & suffering. Their misery reached a point where they can't take anymore & they started saying "may we die & be saved from it". May Allah not make us from them. Allahu Akbar.

Dala'ilu-l Khayrat has not opened to me before like it did this time I read it. Astonishing, astonishing.. They think of it as an ordinary book. The Imam wrote this with heavenly inspirations, Imam al-Jazuli Hz. What an astonishing book, collection, this is. Therefore all

mashayikhs order the reading of Dala'ilu - read the Dala'ilu & save yourself. Aman ya Rabbi, how beautiful is this Dala'ilu. We are not able to see its meanings yet. When we read Dala'ilu, we can't see, we don't know its meanings. But the one who knows enjoys the taste of it in a much different way. Astonishing. Are you reading Dala'ilu?
G. I am.
M. Read, be careful to read it. Astonishing, Imam al-Jazuli Hz. And his story is from your Haji Anne, how beautiful. And this Dala'ilu has this thick commentary book in Turkish, by Kara Dawood. It is a book like this, it is thick like this. But there is so much in it.. Allahu Akbar! We have wasted our life- not being aware of anything. We struggled with unnecessary things.. Aman ya Rabbi, tawba ya Rabbi, tawba.. It is opening in this holy month of Muharram. It is opening, opening.. I would like to see those holy ones, join their holy assemblies & listen to them, glorify them. But how can people like us reach them? Men like me, trash level..
G. Astaghfirullah.
Wa min Allah at-tawfiq, Al Fatiha. The holy ones, the awliyas, all of them read it. Who doesn't read Dala'ilu has no love, no passion, no perfection of faith. They are all dry, like kadid/dried meat. Therefore you should read the Dala'ilu. If a person reads Dala'ilu, no trouble comes on him. Definitely it does not come. Dala'ilu-l Khayrat, who knows how to read it should read & who doesn't know should listen in the gathering. Fatiha.

**Dala'ilul Khayrat**

---

Sie (die Frauen) sollten sich nicht die Haare schneiden. Sie werden wie Ungläubige aussehen. Selbst die Ungläubigen, die alten Ungläubigen, flochten ihr Haar - ein Zopf für die Griechen, und die Muslime hatten zwei Zöpfe. Und meine Großmutter trug ihr Kopftuch so. Aber alle Frauen jetzt pfuschen an ihrem Haar herum. Sie werden glatzköpfig werden. Dies ist eine Anweisung, ein Befehl: Frauen sollten ihr Haar nicht schneiden. Wenn sie es doch tun, werden sie keinen Trost im Grab finden. Sie sollten ihre Haare flechten. Muslime machen zwei Zöpfe und die Christen einen Zopf. Das ist eine Anweisung, die zu mir kommt. Ich tue sie kund. Wer will, hält sich daran. Möge wer sich nicht daran hält, kahlköpfig werden.

Ich lese Dala'ilu l-Khayrat, ich habe es seit 70 Jahren gelesen, aber es hat sich mir nicht geöffnet wie jetzt, wenn ich es lese, Dala'ilu l-Khayrat. Erstaunlich! Möge Allah sein Geheimnis heiligen, Imam al-Jazuli Hz. Masha'Allah, sie sind Drachen. Sie sind jene, die geformt werden durch Liebe und Sehnen nach dem Propheten (saws). Die Leute haben jetzt diesen Respekt und diese Liebe für den Propheten (saws) verloren und sind in Schwierigkeiten geraten. Respekt und Liebe für den Propheten (saws) läßt nicht zu, daß Schwierigkeiten die Leute erreichen. Respekt und Liebe für den Propheten (saws) schützt in Duny und Akhirah und gewährt ihnen Stufen, aber die Leute haben das jetzt verloren. Sie lesen Zeitung, gucken sich Filme an. Es bringt ihnen keinen Nutzen. Sie haben große Schmerzen und leiden. Ihr Elend hat einen Punkt erreicht, daß sie damit nicht mehr fertig werden. Sie sagen: Wären wir doch tot und davor bewahrt. Möge Allah uns nicht zu ihnen gehören lassen.

Dala'ilu l-Khayrat hat sich mir nicht so geöffnet wie jetzt, da ich es lese. Erstaunlich, erstaunlich.. Sie denken, es sei ein gewöhnliches Buch. Der Imam schrieb dies mit himmlischer Inspiration, Imam al-Jazuli Hz. Was für ein erstaunliches Buch, Sammlung, dies ist. Deshalb befehlen alle Mashayikhs das Lesen von Dala'ilu. Lest das Dala'ilu und rettet euch. Aman ya Rabbi. Wie schön ist dieses Dala'ilu. Wir sind noch nicht in der Lage, seine Bedeutung zu sehen. Wenn wir das Dala'ilu lesen, können wir seine Bedeutung nicht sehen, nicht wissen. Aber der, der es weiß, genießt den Geschmack auf ganz andere Weise. Erstaunlich. Lest ihr Dala'ilu? G: Ich ja. M: Lest es. Achtet darauf, es zu lesen. Erstaunlich, Imam al-Jazuli Hz. Und seine Geschichte ist von euerer Hadji Anne, wie schön. Und dieses Dala'ilu hat einen dicken Kommentar auf Türkisch von Kara Dawood. Es ist so ein Buch. Es ist so dick. Aber es gibt so viel darin... Allahu Akbar!

Wir haben unser Leben vergeudet, wir waren nicht aufmerksam. Wir rackerten uns ab mit unnötigen Dingen.. Aman ya Rabbi, Tawba ya Rabbi, Tawba.. Es öffnet sich in diesem heiligen Monat Muharram. Es öffnet sich. Ich würde diese Heiligen gern sehen, mich ihren Versammlungen anschließen und ihnen zuhören, sie preisen. Aber wie kann jemand wie wir sie erreichen? Menschen wie ich, auf der Stufe von Müll.. G: Astaghfirullah. Wa min Allaha t-Tawfiq. Al Fatiha. Die Heiligen, die Awliya, sie alle lasen es. Wer das Dala'ilu nicht liest, hat

keine Liebe, keine Leidenschaft, keine Vollkommenheit des Glaubens. Sie sind alle trocken, wie kadid, getrocknetes Fleisch. Deshalb wenn jemand Dala'ilu liest, berühren ihn keine Schwierigkeiten. Sie kommen auf keinen Fall. Dala'ilu l-Khayrat, wer es zu lesen weiß, sollte es lesen, und wer es nicht weiß, sollte in den Versammlungen zuhören. Fatiha.

## Dark Loneliness

...Always, always coming good things from Allah Almighty but people running after bad things. Without stopping mercy coming, but people running under cursing like this. Audhu Billah min al shaytan al rajim, Bismillah Al Rahman Al Rahim. La Hawla wa la Quwwata illa Billah Al Alyi' Al 'Azim. Madad Ya Rijal Allah, Madad Ya Sultan Al Awliya'. Madad Ya Rijal Allah, Madad Ya Sultan Al Awliya', take our hands to you O men of Allah (swt).

We are like small children always we are in need to catch hands of our parents. As a small child running to mom or dad and they are running after them to catch them. They are not at an age that...to be free. We are not on a level that we are knowing what we are doing. Even we are reaching the age of maturity and up, but yet people now they are like mongol type children. As much as they are growing, maybe 40 years I don't think that more than this they are going to live 45 or 50, but they are on same level of understanding as they were 7 years old. If reaching to 70 years they are on same level their understanding, same! Through 7 year when 70 years.

Now people on earth, billions of people from beginning of their maturity age up to their last year of their ages, all their lives, they are on same understanding level. Never change! What is their understanding? Their feelings when they are reaching to age of maturity, what is that? Under maturity they are pure, after maturity they are opening, coming an opening to them through their physical being. Changing their looking, their hearing, their tasting, their thinking, their doings, their force, their ideas changing! But if you are looking whole people on same level. No difference between 2 persons now on earth about their thoughts, about their ideas or about their understanding. They may be educated people or graduated people, but understanding or their

vision, never change. Everyone on that lowest level of life, looking there. No one asking to change or to reach another opening more than they are understanding, and...

For understanding countless levels. But we have been imprisoned on only the level of our animal being level. But people through their physical being they are on the level of animals and their understanding same understanding of animals. No more! They may dress so many fashions clothes, expensive or cheap. They may graduate from different universities but, their understanding for life, same. Because these teachings never change their understanding. Their teachings running around through this life, animals' life clatorum/obstacles. Nothing else! May be presidents, may be minister, prime minister, may be King, Queen. May be businessmen, may be professors, may be any kind of businessmen. Never changing their understanding! And they are not running to ask any other level for understanding.

There is Holy Quran. People trying to translate Holy Quran. That it is impossible but people trying to take meanings from that last Testament, The Holy Quran. And people according to their levels giving an understanding. So many translations coming to me. I am looking, quickly I am understanding the level of those people. That they never change their levels from physical animals' level, quickly. And another translations when you are tasting, the people of animals level they never interested in another commentary from Holy Quran. They are saying "we are not accepting this, from where they are bringing?" They are not looking & seeing. Yes!

How you see? You are yet on animals' level, most preliminary level of mankind. No any understanding above that level. Whole nations now, whole people on that level, insisting also - They are saying "it is ok for us, we are not asking anything else" because they are not believing that there is another level. Because on their understanding level preventing them to look to another level and they are thinking that "it is only our level. No more any other level for understanding." Ending there. And that level of understanding so cursed. It is not suitable for the nature of man. Nature of man is above that level calling them Isti'dad/getting ready their.... real creation that granted from Allah Almighty to them, it belongs to their souls asking to move up! But they are imprisoning their souls to be with their material being on the lowest level and lowest understanding.

"And whosoever strives, he strives only for himself." (29:6) Therefore we have been offered & ordered to try to save ourselves from the prison of material being & whole Prophets (as) coming as a saviour..people, to save people from the prison of darkness of material being. But people fighting to those enlightened heavenly ones. They are fighting to them. They are saying "No! Why you are coming we are so happy with our lives! Why you are coming? Go away or we shall kill you!" Therefore understanding now, whole world people on same level. They are not understanding who they are! Because they have been occupied with their physical beings' desires, nothing else! Therefore they are saying "for what is that? No! Don't involve to our lives. We are free ones, we like to live as we like!" Even small children say to their parents "I must live my life!" Hahaha.. Yalla! "You don't care for me, no! And I don't care for you.. you me, finish! No connection with you, no! You are individual through your world. I am going to live through my world also, as I like!"

Therefore people, Subhana Allah! That is negative loneliness, negative... asking to carry people through a dark loneliness. No any connections with anyone else. The most closer ones to a child their parents, they are trying to cut it to be alone. Alone that it is loneliness, asking loneliness. Therefore renting a flat, to be alone. They bring someone there, but yet he is not asking to be with that one forever, sending and maybe their connection with each other for a short time. Then everyone just thrown to their loneliness. That is a negative loneliness that destroying people through their spiritual being as well as destroying their physical beings, yes! They are alone.

We are coming alone to this life from our mother's womb, we are coming alone. Even we are living now with so many people but we are alone. When we are passing away we are in our coffin alone. When we are going to be buried in our grave, we are alone. But whom they are asking to leave their loneliness therefore the Lord of Heavens asking from the servants "Come to Me! I Am inviting you, I Am that One that I Am never leaving you alone. Go and be with My representative the Seal of Prophets, not to be alone. Jump into his (saws) ocean, but don't be... don't be as a stone that never melting, be as a cube sugar that falling in water going and melting & no more loneliness." Therefore we are, our souls running to reach the unity oceans of Allah Almighty because we are now as drops, and drops running to ocean, to be ocean. No more

loneliness for them. That is endless enjoyment for everyone in positive way.

And that understanding just finished now. Whole people never understanding. Every people asking to be alone, to be number one. Alone! President is number one, but he is alone. A King is number one, but he is alone. And loneliness we have been thrown on earth lonely.. but we are suffering from loneliness. Therefore people when they are coming together their feelings changing. When going to be lonely, sadness & darkness covering them. Therefore people running to people, that's our chance. But now no more people understanding that very important point for their beings. Or for their existence through this creation.

Therefore Sayyidina Ali (as) saying "whole universe just in you." Therefore if a person reaching to that level of understanding he is never going to be lonely, no. He is with that and everything in him also. He is in all as well as all is in him. He is in all and all in him. Its understanding giving honour to mankind & opening endless horizons of understanding. He (swt), that who Allah (swt) in all, and all in Him (swt). No more sadness, no more hopeless, no more fear, no more darkness for those people who reached to the oceans of unity. A drop coming from clouds falling into sea that is becoming sea. You can't find where it is. Finish! No more loneliness. From now people just imprisoned everyone through himself, through herself, and sadness & darkness & fear just dressed one after one all over themselves. That is ...that is terrible crisis for people, but they are not understanding.

No understanding for people! They are not understanding about themselves. They are understanding such before 7000 years ago, common people that they are saying their and animals world just nearby, only they can't speak. You only can speak, nothing else. What we are speaking animals without speaking doing. That is the difference, nothing else. Look to an ox. Ox, should be surprised "who are you? Why you are here? You are doing what I am doing! But you are too much after.... grow for what? Writing, reading for what? Anything else you are doing more than me? What is your honour on me? Si! Subhana Allah! Subhana Hu Malik Al Mulk Dhul Jalali Wa Al Ikram, Ya Fattah! Ya Mufattih Al Abwab, Subhana Allah.

And Prophets (as) coming to open that understanding level, calling people to them,"come! In the

level of animals, come & look O people! You are living basement, come & look what is on roof, come!" People saying "no, go away! Go away we are so happy here, in the basement. It is excellent place! Yes!" May Allah (swt) gives us understanding. People need, they are in need understanding and knowledege & science never giving anything, any new understanding for man. As much as technology getting more and more, developing but can't give any different understanding to mankind, same! Therefore we are in need to change our level, but technology never giving that what Allah Almighty sending, Heavenly people must come.

Therefore people mu'mins, Muslim world they are asking Mahdi (as) and Isa (as). Christian world they are hopeless now. From everyone they are asking Jesus Christ to come, preparing for arranging everything. Jewish people they are also fed up from adding money. Jewish people also they are thinking "we are fed up! Fed up! From paper money, from gold, from jewels, we must have someone else." And they are asking to be sent to them Messiah... Messiah that passed, but they are yet asking... May Allah gives us, they, you understanding. For an opening we are waiting, for the honour of the most honoured servant of Allah Almighty, Sayyidina Muhammad (saws) Bi Hurmat Al Fatiha.

And now our understanding level, western countries their understanding on technology, they are understanding from new weapons, new machines, new jihaz, instruments, their whole minds on it, to find a new one. Their understanding level on that level. Oriental people they are thinking "how we can cook, a better cook tandouri?" Chapati or what is that famous food they make? Tandouri, what else... curry eh. Pakistan people also not knowing? Sitting there eh! They are saying "Turkish kitchen, saying French kitchen, O Pakistan kitchen, or Tandouri chicken, or Uzbekistan pilau or Ajamistan rice, or Turkish muhallabi, or Arabs baklawa. Oriental people for their stomach they are working, using their understanding on that purpose.

Europeans for irons, working to make new instruments from morning up to evening. From evening up to morning, they are only thinking "how we can do this, how we can do that." How newer model Mercedes, or new model princess or new model, new fashion rolls royce. New fashion planes, new fashion washing powders. Their minds just occupied for that understanding. Oriental people for their eating, true or not?

Welcome to you! Happy Birthday to me! Fatiha.

## Über das Gebet

Der Prophet (s.a.s.) sagte: „Von dreien wird das Gebet nicht angenommen: vom entlaufenen Sklaven, von der Frau, die stirbt, während ihr Ehemann zornig mit ihr ist, und von dem Mann, der die Gebete leitet, aber von denen, die er führt, nicht gemocht wird.“ Aus diesem Grund ist es so, daß, wenn ich irgendwo zu Besuch bin und sehe, daß einer nach vorne geht, um die Gebete zu leiten, dem die Leute nicht gern folgen wollen und sie mich vorziehen, daß ich dann das Tarawih-Gebet leiten muß und ich die Leute dabei mit größter Geschwindigkeit führe. Nach dem Tarawih-Gebet sagte Maulana: Sind jenen, die acht Rakaʻat Tarawih beten, zwanzig zu viel für Allah? Zwanzigtausend wären noch zu wenig. Im Koran heißt es: Wa ma khalaqtu l-jinna wa l-insan illa liyaʻ budun – Und nicht erschuf ich die Jinn und die Menschen, als daß sie Mir dienten. (51:56) * Nach acht Rakaʻat sagen sie sich: Mehr nicht, das wäre zu viel. Sie werden müde. Müde. Aber vor ihrem Fernseher könnten sie Stunden um Stunden verbringen, ohne zu ermüden. Täglich widmen sie 23 Stunden ihrer Zeit ihrem Nafs, die Zeit aber, die sie dem Gebet tags und nachts über widmen, zusammengenommen, kommt auf vielleicht eine Stunde. Die letzte Ausrede derer, die acht Rakaʻat beten, ist, daß sie faul sind. Und sie haben eine Ähnlichkeit mit den Munafiqun aus dem Heiligen Qur’an (4:142): Inna l-munafiqin yukhadiʻuna llaha wa huwa jadiʻuhum wa idha qamu ila ss-ssalawati qamu kusala yura’una n-nasa wa la yadhkuruna llaha illa qalil Die Heuchler versuchen, Gott zu betrügen; Er ist es aber, der sie betrügt. Und wenn sie sich zum Gebet hinstellen, stellen sie sich nachlässig hin, wobei sie von den Menschen gesehen

werden wollen, und sie gedenken Gottes nur wenig. Wenn sie sich aufstellen zum Gebet, geben sie sich faul. Über Faulheit und Unwillen spricht der Qur'an (9:54): Wa ma mana'ahum an tuqbala minhum nafaqatuhum illa annahum kafaru bi-llahi wa bi-rasulihi wa la ya'tuna ss-ssalawata illa wa hum kusala wa la yunfiquna illa wa hum karihun Und nichts anderes verhindert, daß ihre Spenden von ihnen angenommen werden, als daß sie Gott und seinen Gesandten verleugnen, nur nachlässig zum Gebet hingehen und nur widerwillig spenden. Und ein Hadith schließlich lautet: Man tashabbaha bi qaumin fa huwa minhum – Wer immer ein Volk nachahmt, der ist von ihnen. Wie können sie es wagen, fünfzehn Jahrhunderte übereinstimmender Meinung der Umma über zwanzig Raka'at und die Sunna des Propheten (s.a.s.) aufzugeben, der sagte: „Ihr müßt meiner Sunna folgen und der Sunna der rechtgeleiteten Kalifen nach mir."? Ist dieses Hadith ssahih, richtig, oder nicht? Sie antworteten: sahih! Wenn sie Leute zwanzig Raka' at beten oder sie mehr Zeit im Gebet verbringen sehen, sagen sie: „Bid'a" (Neuerung), aber sie haben keinen Einwand dagegen, selber Stunden um Stunden mit Fernsehen zu verbringen – das ist ihnen keine bid'a. Sie haben kein Recht, so etwas zu sagen, wo der Prophet (s.a.s.) uns befahl, bei der größten Menge zu bleiben, der Sawad al- A'zam („das größte Schwarz"; die Mehrheit der Bevölkerung). Und der Sawad al-A'zam betet seit fünfzehn Jahrhunderten zwanzig Raka'at. Wie können sie es wagen, sich dem entgegenzustellen? Ich werde Allah bitten, sie alle zu entfernen, daß sie das nächste Jahr nicht erreichen. Sayyiduna 'Ubaydullah Ahrar – qaddasa llahu sirrah, möge Allah sein Geheimnis heiligen – sagte: „Wer auch immer ermüdet und aufhört, ist nicht von uns." Er bedeutet uns die Wegreisenden (as-salikun). Das Kennzeichen der Faulheit ist, daß sie müde werden. Wie auch immer, wir setzen unseren Weg zu unserem Herrn fort. Der Diener muß immer auf dem Weg zu seinem Herrn sein. La budda mina l-suluk. (Es ist unvermeidbar, zu folgen.) Allah erschuf die Menschheit in bester Weise, dann kehrte er sie zur niedrigsten Existenz – (thumma radnahu) asfala safilin (95:5) – dann haben Wir ihn in den niedrigsten der niedrigen Stände gebracht. Dies ist die weltliche Existenz. Es gibt keine niedrigere Existenz als die dieser Erde, diese wertlose Welt, ad-dunya ad-dani'a. Aber jenen, die glauben und gute Werke tun – falahum ajrun ghairu mamnun (95:6), für sie ist unermeßlicher Lohn bereit –, ihre Existenz ist süß. Jene aber, sie haben diese üble Welt vorgezogen. Ein Mensch mag Kammern voller Gold, Silver und kostbarer Edelsteine haben. Oder Häuser oder ganze Häuserblocks oder eine ganze Stadt damit angefüllt haben, was alles ihm gehört. Noch in derselben Nacht, da er gestorben ist, werden seine Erben ihm die Ringe von den Händen herunterziehen. Wenn es eine Frau ist, werden sie ihr die Armbänder, Halsketten und Ohrringe abnehmen. Sie können nichts von all dem behalten, was sie zuvor besessen haben. All das ist für die Lebenden. Die Erben werden selbst noch bedauern, daß sie die Laken wegwerfen müssen, in der die Person

gestorben ist. Sie werden sich gegenseitig vorwerfen: „Warum riefst du nicht früher den Krankenwagen, als du die Zeichen des bevorstehenden Todes sahst, damit er noch ins Krankenhaus gefahren worden wäre?“ Das ist dunya, die Welt. In den USA brachten sie mich in ein großes Hotel. Als ich danach fragte, wieviele Sterne das Hotel hätte, antworteten sie: „Für diesen Anlaß gibt es nicht Sterne genug, die Sterne sind für dich. Wenn es für dich fünf sind, so möchten es für uns fünfzehn sein. Uns reicht der Name.“ Und ich schaute auf die Müllsammler und die Gepäckträger des Hotels, die hereinkamen und hinausgingen. Sie waren willkommen, niemand störte sich an ihrem Kommen und Gehen. Dann dachte ich: Wenn der Eigner dieses riesigen Hotels in seinem Zimmer ganz oben sterben würde, was würden sie tun? Würden sie ihn dort lassen? Nicht einen Augenblick lang. Er wäre unwillkommen. Sie würden ihn umhüllen und hinunternehmen – durch den Fahrstuhl? Niemals. Nicht einmal durch den Treppenaufgang, sondern über die Feuerwehrleiter. Und wenn es die nicht gibt, würden sie ihn mit einem Seil oder Laken festbinden und ihn langsam vom Fenster aus herunterhieven, so daß es niemand sehen könnte. Und sähe es jemand, sie würden ihm sagen: Das sind Wassermelonen – batikh. Sie wollen nicht, daß man glaubt, irgend jemand sei dort gestorben, denn sie könnten sagen: „Vielleicht sterben wir ja auch hier“, und sie würden das Hotel verlassen. Sie wollen nicht, daß ihre Vergnügen vertrieben werden. „Erinnert euch des Vernichters der Vergnügen“, sagte der Prophet (s. a.s.), und meinte den Tod. Allah hat mir die Paläste der Sultane und der Könige gezeigt, er hat mich nah zu ihnen gebracht und mir erlaubt, ihre Lebensweise zu sehen. Aber, al- hamdu lillah, hat sich mein Herz nicht einen Augenblick lang dem zugeneigt. Alles, was ich empfand, war, daß das meiste davon nutzlos ist. Möge Allah die Liebe zur Dunya aus unseren Herzen nehmen und Sehnsucht nach den Reichtümern und Herrlichkeiten des Akhira, des Jenseits, erwecken. Allah allah, allah allah, allah allah, ‘aziz allah allah allah, allah allah, allah allah, karim allah allah allah, allah allah, allah allah, subhan allah allah allah, allah allah, allah allah, sultan allah. O Allah, wir sehnen uns nach Deinem Sultanat. Bitte um Sein endloses Sultanat, denn er ist der Sarmadi Sultan, ewiglich. Bi hurmati l-habib, bi hurmatil fatiha

## Über das Herz

Allah gebe uns das Wissen und die Eingebungen, die wir für dieses Leben brauchen, in unser Herz. Ohne Herzenswissen ist das Wissen, das man sich von außen aneignet, unbedeutend. Was wir sagen, nützt dir nichts, wenn es vom Herzen nicht angenommen wird, denn das Herz ist Sultan, ist Herrscher. Es folgt nur dem, was es annimmt. Das Herz muß meine Worte annehmen, dann wirst du aus diesem Rat und diesem Wissen einen Nutzen ziehen können. So viele haben studiert, und es gibt Leute, die enorm viel wissen, aber weil sie ihr Wissen nicht genau mit dem Herzen betrachtet und verstanden haben, ist es völlig unbrauchbar, und sie können weder für sich selbst noch für andere einen Nutzen daraus ziehen. Deshalb ist es wichtig, daß das Herz das gesagte Wissen oder den Ratschluß akzeptiert. Wenn es vom Herzen angenommen wird, wird dir dadurch eine Kraft gegeben, eine spirituelle Kraft, die dich bewegt und antreibt und dir von dauerndem Nutzen ist. Deshalb erstreben wir von unserem wahrhaftigen Herrn taufiq (Erfolg); d.h. wir wollen, daß unsere Herzen die vom erhabenen Herrn durch unseren geliebten Propheten* überbrachten Worte verstehen und annehmen und sie mit Bereitschaft, ohne Zweifel, aufnehmen mögen. Wenn man etwas akzeptiert, wird man auch einen Nutzen ziehen können.

## Das Licht kommt vom Himmel

Möge Allah unser Treffen segnen. Daraus entsteht Freude im Herrn. Darum muß der Mensch nach Segen streben und dem, was dahin führt. Glaubt nicht, Geld oder Juwelen oder Macht seien der Weg zum Segen Allahs des Allmächtigen. So viele reiche Menschen erreichen keine Freude in ihrem Reichtum. Freude und Zufriedenheit braucht der Mensch am meisten, nicht das Materielle. Friede ist ein Geschenk des Himmels, und man bekommt ihn nur mit dem Segen des Himmels. Darum muß jeder nach dem Weg zum Segen fragen. Leider muß ich sagen, daß dieses Jahrhundert im Erziehungswesen keine Lehre hat, die die Menschen den Weg zum Segen lehrt. Alles, was Menschen lernen, bezieht sich auf Materielles. Das materielle System kommt aus der Quelle des Atheismus. Wie können Menschen ohne Glauben Segen erlangen? Darum sehen wir von außen alles vollkommen. Der Herr der Himmel läßt die Menschen auch das Unsichtbare kontrollieren, z.B. die Elektrizität. Sie ist unbekannt und nicht begreifbar. Wenn man das Innere des Menschen öffnet, sieht man auch nichts. Die Menschen sind nur mit ihrem Verstand beschäftigt, und die Gedanken liegen im Krieg miteinander. Jeder hat andere Wünsche, die einander auch bekämpfen. Dann gibt es oft Unfälle. Niemand kann sein Leben nach seinen Wünschen ausrichten. Die "Unfälle" machen den Leuten Probleme, und sie geraten aus der Fassung, weil es nicht nach ihren Plänen geht und man keine Kontrolle über die Ereignisse hat. Ohne Kontrolle kein Friede. Man fragt mich: Soll ich Arzt werden, Geschäftsmann, Musiker, Schauspieler, Tänzer?

Die Menschen fragen mich, wie sie Zufriedenheit erlangen können. Das Problem von fünf Milliarden Menschen sind die kollidierenden Wünsche. Deshalb brauchen wir ein Licht. Ein Auto ohne Licht ist gefährlich. Die Menschen des 20. Jahrhunderts legen hierauf keinen Wert: auf Licht. Daher kommen die vielen "Unfälle": Mann gegen Frau, Kinder gegeneinander, Kinder gegen Eltern, Eltern gegen Kinder, Nachbarn gegen Nachbarn, Bürger gegen Regierungen. Es ist wie in einer großen Arena. Schwer zu ertragen. Niemand fragt nach Licht, dabei kommt es vom Himmel. Der Herr der Himmel zeigte uns, daß das Licht vom Himmel kommt. Es zeigt uns, wie wir unser Leben leben sollen.

Darum haben alle Propheten den Menschen göttliches Licht gebracht. Aber das 20. Jahrhundert will nur noch Neonlicht, das die Nacht zum Tag macht. Wir müssen nach himmlischem Licht fragen, sonst gibt es immer mehr Unfälle. Jeder Prophet war die Sonne seiner Zeit. Einige Sonnen oder Sterne werden zu schwarzen Löchern. Dann schickt Allah neue Sonnen, und die letzte Sonne kam vor eintausendfünfhundert Jahren und steht seitdem noch immer am Horizont. Wer nach Licht fragt, muß zu ihm schauen.

Vor einigen Nächten schaute ich auf den Neumond. Er gab kein Licht und war der Sonne zugewandt. Sein Licht kommt ja von der Sonne. Auch wir haben ursprünglich kein Licht. Aber wenn wir uns dem Herzen des Propheten zuwenden, erlangen wir Licht. Und auch die Heiligen haben Licht, das sie uns geben können. Das nennen wir spirituelle Verbindung (rabita). Licht kommt von ihnen zu uns und gibt uns Frieden. Im Dunkeln hat man Angst. Geht das Licht an, dann werden wir ruhig. Ohne Licht gibt es keine Zufriedenheit. Ihr kennt die großen Elektromasten. Wenn ihr zu ihnen kommt, habt ihr immer Licht. Sie werden Licht geben bis zum Tag der Auferstehung.

Das ist der Segen, um den wir bitten, mehr und mehr Licht vom Himmel zu bekommen. Unsere Zuhörer hier sind nicht sehr zahlreich. Ich erbitte Segen vom Herrn der Himmel für euch alle im Diesseits und Jenseits, und ich bitte Ihn, daß Er euch mehr Licht gibt und daß ihr mehr danach fragt als nach Materiellem. Mit dem Materiellen kommt die Schwere. Das Geistige macht leicht und kraftvoll. Der Herr der Himmel will nicht, daß wir wie Krokodile über die Erde kriechen, die einander beißen und fressen. Er will, daß wir aufstehen und zum Himmel aufsteigen. Der Weg zum Himmel ist klar beschrieben in den heiligen Büchern. Wenn ihr dies wollt, bekommt ihr himmlische Schwingen. In allen Kirchen werden Flügel dargestellt, denn der Herr der Himmel kann euch Flügel verleihen. Ihr könnt wie die himmlischen Wesen den Himmel erreichen. Jesus wartet dort auf euch, ihr könnt zu ihm, statt auf der Erde zu kriechen. Fragt nach himmlischen Flügeln. Auch

für Muslime gilt das. Jesus hatte einen Herrn, vor dem er sich verbeugte. Fragt nach himmlischen Flügeln und macht, daß euer Ego sich vor eurem Herrn verbeugt. Euer Leben wird sich dann verändern, es wird das Ende des Leidens sein, das Ende der Probleme. Ihr werdet dann im Ozean des Friedens sein. Wegen dieses Segens seid ihr hierher gekommen.

Danke für eure Aufmerksamkeit. Es ist Zeit fürs Nachmittagsgebet.

## DAS SIEGEL DES PROPHETEN (FSmi)

Als der heilige Prophet Muhammad (FSmi) etwa 12 Jahre alt war, nahm ihn sein Onkel auf eine Karawane nach Damaskus mit. Jeder Prophet hat einmal in seinem Leben Damaskus besucht. Auf dem Weg zwischen Mekka und Damaskus gab es eine kleine Einsiedelei, in der immer ein Mönch lebte und nach dem erwarteten Propheten Ausschau hielt, denn es war aus den alten Überlieferungen bekannt, daß er dort vorbeikommen würde. Der Mönch Buheira, der zu jener Zeit dort lebte, sah die Karawane von weitem heranziehen, während sie von einer Wolke begleitet wurde, die ständig einen Schatten auf sie warf. Buheira wußte aus den Versen die Beschreibung von Sayyidina Muhammad (FSmi). Als die Karawane des Onkels vor dem Kloster unter einem Baum haltmachte, wo noch nie eine Karawane gehalten hatte, lud er sie zum Essen ein und ließ Muhammad (FSmi) rufen. Dann bat er um Erlaubnis, auf seinen Rücken zu schauen. Er sah das Siegel des Propheten (FSmi), das aus kleinen Härchen gezeichnet und so groß wie ein Taubenei war, und küßte es. Er war ein sehr guter Maler, und da das Gesicht des Propheten (FSmi) nie mehr vor seinen Augen verschwand, fertigte er ein exzellentes Bild an, das jetzt im Schatz des Papstes ist. Zur Zeit des osmanischen Reiches machte ein Botschafter des Sultans heimlich ein Bild davon, während er Gast beim Papst war. Von dieser Photographie machte ein Bruder des Rifai-Ordens ein Bild, und Dawud, ein Naqshibandi-Ordensbruder aus England, machte davon wiederum ein Bild. Trotz dieses mehrfachen Abphotographierens hat das Bild noch eine solche Ausstrahlung von Schönheit und Anmut, daß man es fast für lebendig halten möchte. Der Mönch

empfahl den Reisenden, den Jungen nicht in die Stadt mitzunehmen, und als der Onkel nach Erledigung seiner Geschäfte zurückgekehrt war, folgte der Mönch der Karawane. Dann bat dieser Mönch Allah den Allmächtigen darum, daß Er ihn auch auch zu einem Mitglied der Gemeinschaft von Muhammad (FSmi) machen möge. Kurz nachdem die Karawane sich von Damaskus entfernt hatte, erschien eine Staubwolke am Horizont. Er schaute, und nach einiger Zeit wurde es deutlich, daß eine Gruppe von bewaffneten Reitern sich näherte. Dieses Regiment hielt am selben Platz, an dem die Karawane gehalten hatte. Sie riefen den Mönch Buheira und fragten, ob irgend jemand heute dort vorbeigekommen sei? - Die Juden hatten als Gabe Gottes Wissen bekommen, mehr als jeder andere. Deshalb sind überall die berühmtesten Gelehrten noch immer von den Kindern Israels. - Als sie ankamen, war die Karawane gerade verschwunden. Der Mönch fragte: "Warum seid ihr hier?" Sie sagten: "Durch unser heiliges Buch ist uns bekannt, daß ein Prophet geboren ist, und daß er jetzt etwa 13 Jahre alt ist, er muß heute hierherkommen, mit seinem Onkel. Weil er nicht von unserer Abstammungslinie ist, wollen wir ihn töten." Der Mönch sagte: "Ja, sie lagerten hier und sind wieder zur Rückreise aufgebrochen, doch wie dumm seid ihr! Wenn er ein Prophet ist, wie könnt ihr glauben, daß Allah es zuläßt, daß ihr ihn ermordet, wo Er selbst ihn doch auserwählt hat, Sein letzter Prophet zu sein! Selbst wenn alle Armeen kämen, sie könnten ihm nichts antun, geht zurück!" Und sie zitterten vor der erhabenen Rede des Mönchs und kehrten um.

Einige Sahabas gelangten ins oströmische Reich, in die Gegend von Urfa, wo es berühmte christliche Klöster gab. Sie kamen zu einem dieser Klöster, und der Klostervorsteher ließ diese drei Sahabas in seinen privaten Raum, die Schatzkammer des Klosters, rufen. Dann brachte er ein dekoriertes, mit Gold, Silber und Diamanten geschmücktes Kästchen und nahm ein Stück Stoff heraus, weiße Seide, worauf ein Bild gemalt war, und fragte: "Kennt ihr diesen?" - "Nein." Er sagte: "Das ist ein Prophet." Er legte es zurück und zeigte ein Bild nach dem anderen, bis er ein sehr attraktives Bild herausnahm, mit Purpur gemalt und sehr schön. Bevor der Mönch fragen konnte, sagten die drei Sahabas: "Das ist unser Prophet (FSmi)." Die Bilder davor waren Moses, von Saul, einem König, der kämpfen wollte, und kamen von der Bundeslade, einem wunderbaren Gefährt, von der die alten Gelehrten berichteten, sie wäre zur Zeit von Goliath herabgekommen. Andere Gelehrte sagten, sie wäre schon mit Adam gekommen, und daß mit ihr die Bilder von allen Propheten, allen Söhnen von Adam kamen. Es waren himmlische Bilder, nicht wie Buheira's Bild, doch jetzt sind sie verschwunden und nur wenige Leute wissen, wo diese Bilder sich jetzt befinden. Großscheich weiß den heiligen Ort, wo alle heiligen Gegenstände aufbewahrt und beschützt werden. Zur der Zeit, wenn Jesus Christus zurückkommt, werden sie alle gezeigt werden.

Es benötigt einige spirituelle Kraft, um ein Bild den Leuten so zu zeigen, daß es für sie lieblich ist. Aber die Gelehrten suchen nicht nach spirituellen Beschreibungen, sondern sie mögen Beschreibungen, die die wundersamsten Dinge auf die Ebene des Verstandes bringen. Unsere Gelehrten haben heutzutage Angst vor der Ablehnung der Leute und gehen auf einem Weg der Beweisführung mittels des Verstandes. Dadurch verlieren sie alle Aufrichtigkeit und Liebe zur Persönlichkeit des Propheten (FSmi). Sie machen nur eine Karikatur. Das Leben des Propheten (FSmi) ist - wie der Schein um den Vollmond - mit einem wunderbaren Heiligenschein umgeben. Wenn man ihn wegnimmt, wird aus seinem Wesen eine gewöhnliche Person mit normalem Leben. Die westlichen Gelehrten leugnen fast alle seine Sendung und können deshalb kein klares Bild des Propheten (FSmi) geben, und nun auch unsere Gelehrten nicht mehr. Jetzt sind die westlichen Gelehrten sogar verständiger als unsere eigenen. Okzidentale Leute, vor allem Christen, mögen es gerne, große Persönlichkeiten und Propheten mit einem Heiligenschein umgeben zu sehen. Unsere Versammlung ist deshalb auf solche Weise. Möge Allah den Heiligenschein Seines Propheten (FSmi) größer und größer machen.

- 01.01.1987

## Das Streben nach „Freiheit“

Wir haben immer wieder sohbet, Versammlung mit dem Sheikh oder einer von ihm autorisierten Person, nötig. Diese Zusammenkunft korrigiert den Menschen, wenn er sich auf einen falschen Weg begeben hat; sie läßt ihn nicht weiter auf dem falschen Weg gehen. Das ist ein ausgleichender Faktor für das Leben eines Menschen. Wer dieses Mittel zum Ausgleich und zur Korrektur nicht hat, dessen Leben ist ohne Disziplin, das heißt, er hält sich an keine Regeln. Dabei hat der Herr uns damit geehrt, daß wir Seine gesegneten Diener sind und daß er uns zu seinen Stellvertretern gemacht hat. Wenn jemandem Ehre gegeben wird, so wird ihm damit auch eine entsprechende Verantwortung aufgegeben. Solange er sich an seine Verantwortung hält, bleibt er in Ehren. Wenn er der Verantwortung aber nicht gerecht wird, wird ihm jene Ehre entzogen. Wenn man Allâhs Gebot einhält, so bewahrt man damit seine Ehre. Wenn jemand die von Gott gesetzten Grenzen verläßt und sich Seinen Geboten verweigert, bedeutet das, daß diese Person die Ehre ablehnt, die ihr durch das Einhalten jenes Befehls gewährt würde. Jeder Befehl, den man einhält, gibt einem eine gewisse Ehre. Göttliches Licht und Ehre trägt jeder Befehl in sich. Wer den Befehl nicht einhält, lehnt damit die Ehre und das Licht ab, die ihm vom Herrn gegeben würden.

Alle Propheten kamen zu dem Zweck, den Menschen die Bedeutung des Dienens verständlich zu machen und welche Ehre es mit sich bringt, gehorsam zu sein. Sie warnten die Menschen davor, ungehorsame Diener zu sein, da ihnen dadurch ihre Ehre und Licht weggenommen würden. Am Tage des Jüngsten Gerichts wird ein

Teil der Menschheit hell erleuchtet und mit Ehren bekleidet erscheinen, und die zweite Gruppe wird in Dunkelheit ohne Licht und ohne Ehre auftreten, sie werden so schlecht und häßlich aussehen, daß jeder, der sie ansieht, wünschen wird, er hätte niemals hingesehen. Die gesamte Menschheit wird in diese zwei Gruppen aufgeteilt sein: die einen erleuchtet und geehrt, die gehorsamen unter den Dienern, die die Ehre angenommen haben, die ihnen angeboten wurde, und die zweite Gruppe jener, die die Ehre und das Licht abgelehnt haben. Unser größter Feind versucht ohne Unterlaß, die Menschen dazu zu bewegen, daß sie jene Ehre verstoßen, die Allâh nur ihnen allein gewährt hat, und nicht einmal den Engeln. Als dieser unser Erzfeind selbst diese Ehre verloren hatte, beschloß er, auch die Menschheit daran zu hindern, zu dieser Ehre zu gelangen. Der größte Unruhestifter durch die Jahrhunderte auf diesem Planeten versucht von Anfang der Menschheit an bis zu ihrem letzten Tag auf Erden, sie zu veranlassen, ihre Ehre zu verlieren. Und viele von ihnen weigern sich, gehorsame Diener zu sein. Sie lehnen die Ehre ab, die die göttlichen Anordnungen mit sich bringen würden.

Alle Unruhen und Schwierigkeiten, Kriege und Kämpfe haben ihre Ursache in jenem Ungehorsam, daß sich die Menschen nicht an die göttlichen Befehle halten. Wenn sie die ihnen gesetzten Grenzen verlassen, bestraft Allâh sie mit Schwierigkeiten und Leiden. Jede Unruhe und Störung hat ihre Ursache in einer Partnerschaft, die das Ego mit Shaitân eingegangen ist. Das Ego ist niemals glücklich damit, sich an heilige Befehle zu halten. Es wird immer zu dir sagen: „Tu das nicht, gehorche nicht dem Befehl, sei frei!“ Das ist der Ratschlag, den Shaitân dem Ego zuflüstert, und das Ego sagt zu sich selbst: „Du mußt frei sein, so frei wie du nur kannst, sei frei!“ Das Ego verlangt unerläßlich nach mehr Freiheit und verursacht damit mehr und mehr Schwierigkeiten. Grenzenlose Freiheit verursacht endlose Probleme.

Jetzt in unserer Zeit verlangen die Leute nach mehr und mehr Freiheit, und doch ist es eine besondere Erscheinung unserer Tage, daß wir mehr Gesetze haben als es je zuvor gab. Tausende und aber Tausende von Gesetzen in Hunderten von Gesetzbüchern, die so groß und dick sind wie Kopfkissen. Je mehr die Menschen nach Freiheit streben, desto mehr Gesetze werden verfaßt. Welch göttliche Weisheit! Und dabei will Allâh selbst die Freiheit für die Menschen. Er will sie frei machen von ihren Egos. Wirkliche Freiheit ist es, frei vom Ego, seinem niederen Selbst, zu sein. Sobald das Ego dich packt und nach Freiheit schreit, ist es aus mit der wirklichen Freiheit, denn es macht dich zum Sklaven deiner niederen Begierden und von Shaitân. Wenn ein Mensch vom Ego und Shaitân gefangen worden ist und ein Sklave in ihren Händen ist, lassen sie ihn nach

mehr und mehr Freiheit schreien, und er fällt damit immer tiefer in ihre Fallgrube. Die zig Tausende von Gesetzen bezeugen die Sklaverei der Menschheit, sie sind keineswegs ein Zeichen der Befreiung. Jedes neue Gesetz ist eine neue Fessel.

Wenn ein kleines Insekt in die Nähe eines Ameisenloches gerät, kommen viele Ameisen und umzingeln es. Tausende von Gesetzen geben dem Ego keine Chance, frei zu sein. Es gibt keine Freiheit für Sklaven von Shaitân und dem Ego. Allâh hat die Freiheit nur für Seine Diener bestimmt, denn sie wollen nur für Ihn da sein, nicht für sich selbst. Entscheidet euch, ihr habt die Wahl, Diener von Allâh zu sein oder Sklaven von Shaitân. Es gibt nur die beiden Möglichkeiten. Der Hauptzweck einer jeden Versammlung, sohbet, ist immer, die Zuhörer aufzuwecken, sie aus dem schlaftrunkenen Zustand herauszuholen. Ihr müßt verstehen, wo die wirkliche Freiheit liegt und wie ihr sie erlangen könnt und wo die Sklaverei lauert und wie ihr euch davor schützen könnt.

Jedes heilige Buch und jeder Prophet lehrte, wie ihr euch vor eurem Ego schützen könnt, das immer versucht, euch zu erlegen. Seid sehr vorsichtig, denn der Teufel benutzt so viele Tricks und stellt so viele Fallen. Wenn ihr betrunken seid, mag er euch fangen. Die sohbet hilft uns und bringt immer neues und besseres Verständnis mit sich. Seid mit Allâh und haltet euch an Seine Gebote, dann werdet ihr wirkliches Glück und Wohlgefallen erreichen. Wer Allâhs Weg verläßt, findet kein Licht, nur Dunkelheit. Möge Allâh uns vergeben und uns bereit dafür machen, allen Seinen Befehlen ohne den geringsten Widerstand zu gehorchen. Er bietet uns durch Seine Anordnungen an, von Seinen Göttlichen Gnaden zu schöpfen. Strebt nach Seiner Gnade, lauft nicht den Teufeln hinterher.

## Über das Tragen des Turbans 2

Unser Großsheikh sagte zu mir: „O Nazim Efendi, in der Zeit des Propheten galt der Rang des Siddiq allein für Abu Bakr unter 124000 Gefährten. Siddiq ist die höchste Stufe für Heilige. Wir leben jetzt in der Endzeit. Allah öffnet Seine Meere der Barmherzigkeit, und gewaltige Wellen kommen auf die Nation Muhammads zu. Wenn ein Mann eine Windung des Turbans um seinen Kopf legt, wird ihm die Belohnung des Siddiq gegeben. Für jede weitere Windung wird die Belohnung vervielfacht.“ Unser Großsheikh Abu Ahmed as-Sughuri benutzte siebenunddreißig Armlängen Stoff in seinem Turban. Ich benutze fünfzehn. Jede Sunna ist gültig in unserer Zeit. Früher war es nicht so wichtig, weil alle Turbane trugen. Aller Preis sei Allah, Er gibt uns die Krone des Islam, damit wir sie auf unseren Köpfen tragen. Es gibt keine bessere Kopfbedeckung oder Zierde. Jeder Prophet trug sie in solch wunderschönen Formen, daß keine zwei gleich waren. Dank sei Allah für diese Gunst, einen Turban auf unseren Kopf zu setzen.

-

## Das Wasser setzt das Leben fort, ihr Anfang liegt im Wasser

Destur ya sayyidi, Madad ya Sultan ul Awwliya. Madad ya Rijal Allah. Audhu billahi mina shaitani-r-rajim. Bismillahi-r- Rahmani-r-Rahim.La hawla wa la quwata billahi l-azeem. Das Wasser setzt das Leben fort, ihr Anfang liegt im Wasser. Wen das Wasser aufhört zu fließen, wird das Leben überall austrocknen. Das Wasser ist aus den Ozeanen der Gnaden von Allah und es gibt jeder Materie seine Form. Jede Art von Lebewesen, wartet auf die Regenfälle die von den Himmeln kommen. Allen gibt es Leben auf dieser Erde, selbst die Erde braucht den Regen von den Ozeanen der Gnade. Es gibt zwei Arten von den Ozeans, die erste Art ist für die materielle Welt bestimmt und die zweite für unsere Seele. Wenn wir nur von der ersten Art nehmen und die zweite außer Acht lassen, verlieren wir die Verbindung zu den Ozeanen der Gnaden. Man verliert die Chance, in die Ewigkeit der göttlichen Gegenwart zu gelangen. Später wird uns keine Möglichkeit gegeben. Wir versuchen die zweite Art zu erlangen, die unserer Seele gehört. Aber die meisten sind achtlos danach zu fragen, sie sind mit dem begrenzten Leben und ihren Genüssen besetzt. Aber diese Genüsse sind keine wirklichen Vergnügen für ihre Körper. Aus einem unwichtigen Grund, kann der physische Körper plötzlich jeden Genuß an allem verlieren. Eines Tages reiste Sayyidina Isa.a.s., der Diener des Herrn des Himmels. Die Dienerschaft ist die meist geliebte Stufe, die gebraucht wird. Das wichtigste und meist geliebte Amt, dass vom Herrn des Himmels gewährt wurde. Denkt nicht das es eine höhere Position gibt, die die Menschheit auszeichnet. Ya ibadi. Oh meine Diener. Denkt ihr, er kann irgendeinem aus seiner Schöpfung als Sohn

bezeichnen. Das Christentum kann nirgendwo aufweisen, dass Christus den Herrn als sein Vater bezeichnet hat. Er hat das nie behauptet, denn der Herr ist einzig in seiner Existenz. Er hat niemals in der Vor- Ewigkeit einen Sohn erwähnt, den er durch die Familie Adams. a.s. schicken wollte. Er hat es nicht nötig einen Sohn zu haben. In Wahrheit sagte Isa a.s., daß er der Diener des Herrn des Himmel sei. Die Dienerschaft konnte durch jeden erreicht werden, aber die Herrschaft ist nur für den Allmächtigen. Was ist das für eine Dummheit. Niemals fragten die Leute nach der Wahrheit, deswegen sandte Allah den Koran. Oder habt ihr schon einmal gehört, dass sich zwei Könige den Thron teilten?

Er reiste durch Berge und Täler. Es erreichte ihm eine göttliche Leitung, die ihm auftrug alleine zu kommen. Er folgt dem Geräusch, bis er eine Höhle auffand. Er folgte dem Geräusch weiter in die Höhle. Er fand ein hell leuchtendes Grab aus Gold. Die Stimme holte ihn näher ran. Eine goldene Säule stoppte ihn und trug ihm auf zu lesen, was darauf stand. Dieses Grab gehörte einem ausgezeichneten Eroberer. Es wurde ihm gewährt alles zu erobern, von Ost durch West. Er hatte 1000 Städte mit prachtvollen Schlössern drum herum gebaut. Er hat über tausend Jahre leben dürfen und war mit über 1000 Prinzessin vermählt. Er hat jede Art von Kraft erfahren und alles erreicht was durch seinen Fähigkeiten gegeben wurde. Aber in dem Moment wo die Engel ihm die Seele aus dem Körper gerissen haben und ihm den Tod schmecken lassen haben, hat er alles vergessen was ihm je erfahren ist und je erlebt hatte. Wir sollen uns nicht durch das Vergnügen ablenken lassen, denn eines Tages wird auch unser Leben enden. Eines Tages dann werden wir das auch schmecken. Jeder der im Überfluss gelebt hat, der wird zum Schluß solche Schmerzen haben und sich Schluß aufgeben . Diejenigen die aber nach wirklichen Segen gefragt haben, werden sich wie fliegende Fische im Meer fühlen. Der hier in diesem Leben nach himmlischen Segen fragen, dem wird sein himmlischer Pool mit Schätzen gefüllt, die aber sich dafür sich nicht interessieren, werden ihren Pool leer wieder finden. Dies ist ein wichtiger Punkt für unser Verstehen. Solange wir hier der Welt hinterherlaufen, könnt ihr euren Pool nicht befüllen. Die Leute sind achtlos und bleiben lieber in den Pools dieser Welt stecken und denken nicht daran, dass sie eines Tages hinaufgeholt werden. Ihre Herzen sind alle vergiftet und dann sammeln sich auch in ihren Pools giftige Stoffe. Solche Leute werden nie ihre Ruhe finden. Die Leute meinen wenn eine Person ablebt, dass sie ihre letzte Ruhe gefunden haben, aber wenn sie den Pool der Welt verlassen, kommen sie in dem Pool des Jenseits. Alles was ihr tut, ist nur für euer Wohl. Denkt nicht das Allah der Allmächtige irgendwelche Lobpreisung von euch benötigt. Es ist nur für unser Segen und Wohl, wir haben die Möglichkeit es mit in die göttliche Gegenwart zu nehmen. Möge Allah mir vergeben und euch segnen, für die Ehre des Geehrtesten in göttlicher Gegenwart, Sayyidina Muhammad s.s.w.

Fatiha

- 09.09.2003

**The days are passing...may Allah protect us from Shaitan, so we are not becoming his aim**

The days are passing...may Allah protect us from Shaitan, so we are not becoming his aim... One day in Damascus Grandsheikh was sending me into town. When I asked him if he wanted something, he said: ‚Saglam git, saglam gel', 'go firm and come back firm.' This is an important advice. What does it depend on? On awareness. Who is not aware, cannot go and come back firm. Who is driving a car and he is heedless, will cause an accident or will be hit by something. Heedlessness will be the reason for his death.

Sayiddina Musa (Moses) alehi salam, was asking Allah if there was a time when His is sleeping. As an answer Allah in His wisdom asked him to take two jugs, fill them and to go to a certain place. Musa was about to take a step in a place where there was a hole in the ground, when Allah sent one moment of heedlessness over him. So Musa stepped into the hole and dropped the jugs and spilt the liquid... Like this Allah showed him what would happen, if He ws sleeping for one moment- all the creation would be upside down...

Don't trust those who are not on your way, who are not like you! Now the Muslims trust the Kafirs (nonbeliever) - so many things they did already to us; we will see, what else they are going to do to us. Don't trust the world of Kufr. They are cheating and lying. And who is not cheating like them, cannot be with them. No one will be a diplomate, who is not knowing to cheat and to lie. Be careful with things coming from the world of Kufr! Be happy and content with what Allah has given you in your country. Everything coming

from the Kafirs contains some harmful chemicals. Someone was telling me that the cigarettes that they send here, contain chemicals which destroy the manhood and the feminity. These goods they send especially here, they don't use them for themselves. This is because Kufr is the declared ennemy of Islam. What comes from there, is dangerous, harmful. The ennemy uses all his tricks. They make advertisement for so many things. That are all cheap things - gold and jewels don't need advertisement.

You must wake up! Who takes his enemy as a friend, will perish at the hands of his 'friend'. They are running after the world of Kufr, they say: 'We are modern Muslims.' Is a modern life an Islamic life? They are being cheated. It is the modern life, where there are no more limits of Haram and Halal. The whole islamic world accepts the modern life-style, and then they become the milk-cows of Kufr. They milk them, because the islamic countries are having all the precious resources...

Modern life makes people slaves of their ego. That is the modern slavery. The world of Kufr made the Muslims slaves, because of their heedlessness. You are slaves - they dictate what you should dress, how you should live. And the Islamic cities don't look like in old times anymore. I was in Malaysia, Kuala Lumpur. It is an Islamic country, but when you go there, you don't see this. Skyscrapers everywhere, and even if there are mosques, they are modern building and you don't recognize them as mosques...

Does Islam not have a personality? They say: ‚O Sheikh, you are old-fashioned.' I am like it was before, but you changed everything, because you don't like it. I have a human head, but your heads look like the heads of apes, wolves, snakes or oxen... New fashion heads.
In London I saw a shop full with plastic heads. Each of them has another hairstyle. The barber shows them to his customers and lets them choose, because they want a new head, a different style, to look like this or that

model. They want to change their outlook, and they also dye their hair. Women are worse than men, especially the elderly ladies. The wear wigs to look like 18 years old... Alhamdulillah, we are old-fashioned!

Modern life means a life without Haram and Halal. (forbidden and permissable) All fighting is about that. Therefore the government is against us. Either we will go or they will have to go, there is no other way. Don't think you are safe and you can do everything you want and our hands are tied.

Before the election they say: 'We can do everything.' They make promises, and it is all lies, propaganda, to cheat people. They think in the position of a president they may do everything. When they are elected, they find a red telephone on their desk. When he enters the office and sits down, it starts to ring. He gets up, because that is a call coming from the hidden government. 'What is you order?' 'We are those who brought you into this position. In the drawer of your desk you find a booklet with our conditions. If you are not fulfilling them to the letter no matter what people say, we will remove you from there.' They hang up the phone. And he was thinking he could do everything as he likes. No. Therefore I am saying: Our hands may be tied, but they are thinking, they can do everything. I am saying: You can't do. You cannot do anything to us, you are also tied in another way. And we have Allah as our support, you don't. Therefore you will fall down - you have come too far up - and you will not rise again.

This is our quarreling and the quarrel in all islamic countries; that is why the people fight their government. The rulers don't realize that they are nothing without people. Now they may still keep themselves in their position, but only a few weeks or a few months, and they will not be there anymore.

The world of Kufr wants to destroy Islam and make people into 'modern

Muslims', who don't know Haram and Halal anymore. Their business is lying and cheating, because they want to maintain their Sultanate. Don't make yourself an aim for Shaitan like those heedless people. They put themselves right in front of him and certainly they will be hit and destroyed. And he has so many tricks. Don't let yourself be cheated, keep yourself, be with Allah, then you will be protected. Therefore we are saying: 'Audhu bi-llahi mina shaitani rajim', to be protected and not to become an aim for Shaitan, not to die...This is an important information...

## The days are running fast and we approach the Bridge

The days are running fast and we approach the Bridge...For whom we are living?... We are starting with Bismillahi-r-Rahmani-r-Rahim and trust in Allah. Every day brings us further on the way we are on and we are not stopping... Everybody is running after something, trying to reach to it. Everybody has an illusion, a dream, an ideal. Only a few people are in peace, they are like children, never worrying or thinking about tomorrow, but from morning up to evening they are playing. And if you don't become like a child again, you will not find peace. But everybody is worrying about something, and Shaitan keeps everyone busy. He holds a picture in front of us, and you run after it. In the evening you return home, tired, but you didn't reach anything. And it is endless. One illusion follows the next. It is connected to the ego, Shaitan catches us with the wishes of our ego and uses us for his purposes. He is telling us: ‚This is your aim. If you can reach it, you will be in peace'. But never- whatever you may reach, there is always another aim.

And man who has been honoured by Allah serves his dishonourable ego. The most honoured creature lets himself be cheated and runs after illusions. You should run after Allah, not after Dunya, because you will never catch Dunya. But who is running after Allah, Dunya runs after him and he will never have to miss anything. Man is created to serve Haqq, Allah, and Allah created Dunya to serve man. But they say our aim is Dunya and that we should look to satisfy the ego. Like this they cheat us. And we are making plans for our

life, we want to progress, always to increase. No one is saying that there is death and we will have to die.

Rumi said about this: That everyone is running after an illusion and not two people have the same illusion in their heart. And it has no value. But we are supposed to find Haqq and get value through it. Without reaching Him, you have no value. And so many people die without any value. They are in Batil and vanish. But in the Divine Presence there is no Batil. Prophets came to save people from Batil, to seperate them from their ego and to take them up to Allah. That is why always those who served their ego were against Prophets, because they didn't want to let go of the service to their ego. Therefore the Wahabis are against Saints, who reached to Allah. They destroy their tombs and want people to forget about them. And so many stupid Muslims are following them...

You have to find someone who reached to Allah- otherwise how you want to reach to him? But they are the partners of Shaitan and they want his friends to be respected, not the Saints. And Allah informs in the Holy Quran about the Saints, saying that they are those who have no worries and no fears (... la khaufun alayhim wa la hum yahzanun). For them He gives good tidings. For what Allah sent this Ayat?! If Bin Laden was a Saint, he would be able to defeat the Americans without weapons. A Mutassarrif Sahib would finish them with his armies of Jinns... So many people are dying. Where is your power? Are you asking help from the Saints?

In Hijaz you only look for gold and business, you don't ask about Saints, where they are. If there were no Saints would Allah send this Ayat? But they deny everything in the Holy Book and so everything is finished for them. Now they call others for help for Bin Laden... Without the help of the Saints everything is in confusion, you are lost. The Sahabas were like stars, the Prophet said. After them- who is there to show the way? There are

someones, but people are not asking for them. And so they will vanish along with their illusion...

## Days of Tyrants Are Over

Allahu Akbaru kabeera, w'alhamdulillah katheeran wa subhanallahi 'l-kareem wa bi hamdihi 'l-`Adheem bukratan wa aseela!

O our Lord! All glory, praising only for You and we are giving our most high greetings, to Your most beloved one in Your Divinely Presence, Sayyidina Muhammad (s). His name so holy one that you are giving his name.

O our Lord! All glory, all praisings for You, from pre-Eternal up to Eternal, and we are humbly asking to be granted more and more honor and glory for Your best creation , best one, holiest one, most beautiful one, Ya Sayyidee, Ya Rasulallah. You are like sun shining through whole creation if you're getting in darkness everything is in darkness. Like black hole swallowing it. When you're appearing, you're rising, your lights rising, giving to everyone, giving from Heavenly lights. In light everything is in existence, in darkness nothing is in existence.

O our Lord! We are bowing to Your greatness. O our Lord! and we're saying by the name of Allah, most Mighty and Merciful, most Beneficent and most Munificent A`udhu Billahi min ash-Shaytani' r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. That is a new beginning, new beginning.

As-salaam `alaykum, O our listeners, wa rahmatullahi wa barakaatuhu!

O mankind! I'm addressing to first to last one. I am nothing but Allah Subhanahu wa Ta`ala may do me as power for destroying baatil, false(hood). They are making me to be, giving much more power through myself to take away false, false, baatil, from earth, from everywhere on this planet. O People! I am using very smart eyeglasses, because someone sending to me such a beautiful form also.

> Marhaban ya marhaban, marhaban ya marhaban,
> marhaban ya marhaban, O our most beloved one!
> Dome dome dome dome, dome dome dome dome
> Dome dome dome dome, dome dome dome dome
> Dome dome dome dome, dome dome dome dome
> Dome dome dome dome, dome dome dome dome

Two meanings; one a singing, second one "dum" - to be continuously ever praising and glory, on the most beloved one. Allah Almighty, only believing in His existence, and His Oneness, wahdaniyyatuh, no one can approach His Divinely Presence except that one.

O People! Hear and listen. Be obedient servants, that is an honor for you. If you are not listening, that makes you down, and down, and down, seven levels under my feet!

As-salaam `alaykum. O our listeners whom they are giving a short time for listening, for hearing. You must listen, O mankind! All of us must listen, and all of us must obey! All of us must be obedient ones. If not, you are being swallowed through a black hole. Don't say, "Today I can't reach to hear." You must hear. This is a song from Heavens that you must hear every time, because it is majestic music, for sultans only. There is a trumpet for sultans. The Lord of Heavens, every moment, every minute, every second, must be a heavenly greeting, salute. That music, salute for every moment, for every second, for every third and down and down and down you may come. O my listeners! I am nothing, don't say that that person speaking something, no! It is a Heavenly Support, taqwiyya (reinforcement, strengthening). It is for every second or third or fourth, this music making creation to stand up and say Subhan Allah, Sultan Allah, Allahu Akbar al-Akbar, Anta Sultan! You are Sultan, You are Subhan, O our Lord's trumpet, through kings palaces!

(Mawlana mimics trumpet)

Doot daroot doot doot doot doot
Doot daroot doot doot doot doot

then,

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

In such a way through the courts of kings. O mankind, take care and beware! Don't say, "That person is speaking." I am lowest one, but the Lord of Heavens giving for every creation something through its existence. Must be an appointed wisdom for that One. Therefore if a bulbul, small bird, singer, it is singing because the Lord of Creation created that small bird. What its name? (nightingale) night singer! Giving that secret. It can sing. Not chickens or hens or cocks may sing like this, no, or turkey. Turkey may do, gobble gobble gobble; that is turkey, that is his greetings, in such a way making its tasbeeh, glorifying its Creator.

Yes, everyone from mankind must have some purpose to be in existence. Everyone may have a speciality for their creation.

Yes! I am nothing. But making me for this purpose to shout, to warn, to threaten whole nations even though I am weakest one! But with His order, I am going to be like a black hole, to take inside, to take mankind among themselves whom they are not saying La ilaha illa-Llah, Muhammadan Rasulullah (s) to swallow them. I am so useless one, but specialty given to me to swallow, to swallow every badness, every evil, so when Jesus Christ comes to this place, finding it clean. Doesn't matter. I am even so old one, 90 years old, but when they are sending to me heavenly cereyan (current) coming to me, I am going like a lion, roaring, or I am nothing! But the Lord of Heavens may give to anyone to be like a lion to take away whole foxen and wolves. Because now it is the time that from east to west, whole world, this planet, filled with foxen and wolves and jackals and bears and snakes and dragons! I am that one running after them, to catch and to remove them. I am so weak, but through Heavenly order I am so powerful! I am warning everyone whom they are not taking care, who is saying, "Who is that one?" Tonight I might show them who am I! This authority also just granted from

my Lord to His weakest servant, useless servant! Yes!

The cane is a plant, but if cutting it and putting it to your mouth, it is beginning to speak. (There is) no value for it, and everywhere you can find a cane, but not every cane addressing to you or making a warning to you, no. But if cutting and preparing it, and some authorized one blowing in it, it is beginning to speak. As all people, you must have heard about Mawlana Jalaluddin Rumi, may Allah give to him higher ranks! And I am asking such a special beings, that their speciality through all Creation is by blowing that cane and listening from it. He wrote six big volumes of his Mathnawi, the well-known book in which he was speaking, "O my listeners, isma`, hear what this flute coming from a cane saying to you! Why it is singing? And why it is such a mahzoun, sad one, and crying, for what? Like this (a piece of cane), but that flute giving something to people, speaking to people, but they are hearing only some ones like Mawlana Jalaluddin Rumi, Allah blessings on him.

O grand master (s), you also help me! You can help, as my Grandshaykh helping me, and ordering me to address whole nations. I know nothing, but they are making me to speak, to address people. And everyone is like that cane: they may say, they may feel, they may cry, they may laugh. O people, whom they are looking, and everyone who is not looking. I don't like (only a) handful people (watching), but coming such a heavenly power on earth, and I am a weakest one, most weak one. Making me to trembling whole world. If one (becomes a) higher-position-servant, going to be a big trembling, zilzaal, earthquake!

Our addressing not for destroying but to take away (already) destroyed buildings, and soon coming another ones, for building new buildings, to correct everything that mankind is in it now, and all of them wrong and false! I know nothing, but whole world now is full with wolves and foxen and bears. They are coming through mankind, and they are only out-looking there for mankind. Innerly (inwardly) some of them they are scorpions, some of them they are dragons, some of them foxen, some of them are bears. But outwardly you may say they are mankind. But their real being according to their egos, they should be like a dangerous snake, dragon. It is so difficult to run after that dragon for killing it if that one is not experienced for killing egos' dragons. First authority granted is for removing dangerous dragons and wolves, and such most dangerous beings.

First knowing-people they are prophets. They are special creation, chosen ones, and dressed with such a

power. As if a person has a honey hive. When they are asking to take out honey, they are dressing to protect themselves (from stings). Yes, they are fearing from them but they are taking from the hive honey, (with special clothes) protecting them. And such a people that their number is 124,000 through east and west, they are not in need to put on themselves (special protection) for wild people; they are not fearing from them. And they have such a heavenly power, if looking like this, that one may fall dead, instantly! But they are not using now such a power. Now it is a beginning, because the period of wrongness and the period of lions, the period of tyrants, going to finish. Now, one after one, getting to be seen.

I am weakest one, I am weakest one! I am only ordered to address east to west, north to south, warning people. O people! Look after yourself! If you are not keeping the Lord of Heavens' glory, glorification, and most high respect to His orders, coming on you now wild ones, to take away; majority of people should be sent away. Those tyrants and those wahshi, beasts, they are coming to swallow you. Come after Haqq! Come and accept truth, to save yourself here and hereafter. I am one of weakest and weakest and weakest ones!

Don't say of that one, "shaykh." I am not shaykh. I am a simple person. Simple! Zero! Zero behind one! No value. But sometimes zero may be put in front of one, then zero giving a power. Behind a one, zero is zero. You may put hundred zeros, still zero. But after one, zero going to be ten, two zeros going to be 100, three zeros going to be 1000, four zeros going to be 10,000. Beware, I am zero now, but Who created this weak servant? If the Lord of Creation asking to give a power, we are not asking value, but we are under the holy command of heavens. If He is asking to give a value to nations, putting a zero in front of right hand of one, then beginning coming power, coming power, coming power, and that power may take away whole struggles for scientists that they were inventing so many terrible weapons, nuclear weapons, may take it all at once, so fast! Beware, don't say, "who is that one?" That one is zero. I am zero! But Who is making me zero, if He is using that zero to the right side of one, you may see who is that one!

I am nothing. I am nothing but a warner. That is holy order from heavens. And therefore I am saying - not I am saying, they are making me to say - such heavenly supported ones are 124,000. Weak one, weakest one of those, may take away dunya wa maa feeha - this world and everything in it, like football (soccer, sports). Haha! Shoot from east to west, from west to east.

O People! You must try to learn some new talents that you never heard before, but it is mentioned through all

holy books: Old Testament, New Testament, Psalms and Ten Order (of Sayyidina Ibrahim), and all of them just put through Holy Qur`an.

Tooba, highest good tidings whom they are happy from hearing and listening. Their hearts opening and they are finding a support against shaytans and their followers. They are feeling a support for weak people against tyrants.

O People, good tidings from east to west, from north to south. Whom they are adheeyat, harming you and making an honor under their feet, beginning their time to be taken away! If they are not fearing night-time, throw out the tyrants. That is heavenly anger that now just dressed whole heavenly ones.

I am not from those people. I am only from common people, but heavenly people now beginning to reach our close surface, atmosphere. The time is running, therefore beginning earthquakes, everywhere. Beginning heavenly revenge rays coming under oceans or coming from above. (Evil) countries coming down. Take care, O people! Why are you not asking who is sending this? Who is doing that? Why you are not believing? You must believe or you should be taken. May Allah forgives us. Huuu, Allah, Allah, Allah. O people, try to listen, give time! Don't say, "I was working, I just lost today's warning." This is a warning! Give time through 24 hours, half an hour to hear and to come to spirituality.

O people, prepare yourself for heavens. You are from heavenly stations and you have heavenly positions. Yes! Try to give even a short time for that purpose. O when a strong sail... sail... (current, stream) when coming up and taking everything, flooding. Are you sleeping?! You must give all your hearing, (because) every (suhbah) is like a heavenly warning. The Lord of Heavens saying to unbelievers and to tyrants, "O tyrants! O those whom they are inkaar, denying that through heavens nothing (comes)! I am here! I am approaching! I am sending my warnings to you!"

Don't say "hurricane coming to islands through Pacific Ocean, and coming an earthquake under Pacific Ocean and we are fearing that its waves may take away our cities and everything that we have." Hear and try to understand what has been said to you! That is a heavenly warning. O People! Beware and come and listen; daily listen. We are not asking money from you or to be commander of this world, no. Our last wish to leave this life and we are believers, last target. That only.

O people, as-salamu `alaykum wa rahmatallahi wa barakaatuh!

I am hearing also your baraka, I am hearing also heavenly warnings, and I am trembling, and I am asking, O my Lord, forgive us! Send us someone who can carry ourselves and may wake us up. O people, this is a warning to make you to come on safe side, not to be on dangerous side. Dangerous side has so many reklam, advertisements. Don't be cheated. We are making through a weak servant a whole warning for nations. (Mawlana mocking) "Where is Mussolini, where is Hitler, where is Stalin, where is Mao, Mao Mao, where is Abdul Nasser, where is Napoleon, where is Russians, where is Victoria, where is the kings of Spain, where is whole emperors or kings now?"

Just I had been once in Spain, near Madrid. They are taking me to an old monastery, and I went. And they said to me under that monastery, there is a huge graveyard and in that area just buried there kings and emperors and queens and empresses.

"You like to see them"?

"Yes, why not. If I am coming up to here, I may look and may take a lesson for myself."

And they are coming down seven steps and going. Perhaps Jamaluddin (a mureed) was there, coming and walking through a narrow path. There was a sign, a photograph. (Mawlana mimics gesture to keep quiet, sshhhh).

"Keep quiet, don't speak, don't shout! For what I am saying? Because inside it is graveyard of queens, kings, emperors and empresses."
"They are hearing"?

"Yes they are hearing, and they kindly are asking that no one speaks loudly."

I am going and I am looking through a big hall, like this big places, and in each one of these there was old-time people what they are using for bath. They are putting one over another, one over another, perhaps more than 200 places that they are lying and nothing for them in that place (mausoleum hall). And I am looking. Nothing. O my Lord, all of them they were so proud ones, so brave ones, so rich ones. What happened to them? And Heavenly answer, "Once upon a time, We are putting our secret power through them and they

were showing themselves in existence as such most powerful ones. But they were not knowing that We are putting through themselves a small battery. When battery finishing, they were falling down. Dead bodies. They were heedless people."

O everyone on earth now, everyone they have a small battery here (pointing to heart). Some of them one day, some of them only for one hour, some of them for 10 hours, some of them 10 years, some of them 100 years and finishing. When finishing, falling down (becoming) dead bodies, because heavenly power for them to be in existence just finished. Take your lessons. O my brothers in big human family. I am also now waiting when my battery is finishing, no any doctors can fill the batteries of people. If they can do, they can do for kings and emperors, but they can't. Finished.

(Mawlana Shaykh sings)

Oooh my Lord,
Oooh my Lord,
Oooh our Creator,
Dome dome dome dome,
Dome dome dome dome,
Dome dome dome dome,
Dome dome dome dome,
Dome dome dome dome,
Dome dome dome dome,
Dome dome dome dome,
Dome dome dome dome,
Huu, Huu

For the honor of our Lord, and most beloved representative for Him, we are giving our high respects and we are crying for whole humanity that shaytans making them to fight to each other, to kill each other, to destroy each other! And finally, whom they are giving that trouble and suffering to mankind, they are going just tomorrow, down and no one knows (if) their bodies buried or disappeared.

As-salaam `alaykum. Alfu' s-salaat was-salaam `ala Rasulullah, Sayyidi 'l-awwaleen wa 'l-akhireen!

al-Fatiha.

Thank you for listeners! May Allah gives them pleasure, a pleasement here and Hereafter.

**Death is written for everyone**

O believers, you who believe in Allah and His Prophet and respect them... Death is written for everyone. The Prophet was saying that you will leave everything behind and nothing will stay with you- not your goods nor your family. Today you are here, but tomorrow you will not. Even your name will not remain...But people are not thinking anymore in this century. This year so many things from the unseen will come on people. Shavval is strong, full of heybet and divine anger.

It is snowing very heavily, and if rain follows- to where you will escape from Allah's Anger? You can only run to Him. Now Christmas is coming and New Year. The Turks are celebrating, too. The toys are invented by the Jews. They want to destroy Islam. The whole world is trying to destroy Islam, and our people help them. They say the religion of toys is better for us than Islam...They say they have no money- but they are wasting so much money in the night of New Year... Watch out! Allah has punished people before you with hunger, so that they were searching the cemetery for fresh dead bodies to find something to eat!

People have to think, they have to believe! They believe that America is able to watch an ant walking on earth with their satellites. Do they think that Allah is not seeing them? You must know Allah and believe in Him, you must be His servants!

May Allah send us His servants to wake us up...Our heart is in peace, Alhamdulillah! The heart of a believer is in peace, mutma'in, because he

believes in Allah and depends on Him, trusts in Him. And Allah is not punishing them... Shaitan was refusing to make Sajdah and Allah drove him away from His Divine Presence. Those people (muslims), who are not praying, are like Shaitan.

**We are all servants**
**- Death of Pope Johannes Paul II**

Destur, ya Sayyidi, Meded...
Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim,
la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim.

What is obligatory for a servant? A servant must listen and must obey!

If you have a servant, he must listen to you and do and obey to you. That is the description of servanthood. If you have a worker (and he is) not listening to you, not working for you, he is not a worker or a servant. We- all of us- (are) servants. Servants to whom? To your Lord that created you and is giving life to you and granting to you everything before you are asking. The Lord of Heavens is One, because He is Sultan; (there) can't be on a throne two Kings. This seat (here)- can't sit two Kings on one chair.

In Europe in the time of Kings they were using two chairs for some occasions; for ceremonies they were using two chairs, thrones, putting one chair for the King, and one chair for the Queen. That was their customs. It is not a Christian, real Christian custom to put two chairs, no! Through the history of Kings, before Jesus Christ- peace be upon him- only the King was sitting on the throne, not the Queen. I never heard that King Solomon was sitting with his wife, his Queen. I never heard that King Solomon was sitting with his Queen. Even they were Kings and at the same time Prophets. And also it is a new custom that people were bringing their Queens to sit next to the King. No! It is not written or mentioned through Holy Books!
You know and everyone that the Pope or Patriarch has a throne, but never (there is) going to be next to the Pope a Chief Nun to sit after him and to say: "What do you think?" or to ask. For the Pope there is one throne up today. He passed away and he was keeping that old custom.

He just passed away, the last Pope, that the whole world was happy with him. So many people were happy with him and were loving him, respecting him. He passed away. Just his life is going to be such a scenario, a film; a 85 year old person passed and all his life is going to be like a dream. And they showed some parts of his life (on TV) that just became a dream:
Yesterday he was living, today his life just finished and he reached from where he is coming, there he is going. He was believing in the Old Testament, the New Testament, and I was informed that he was also respecting and saying from the Holy Quran that it is from Heavens. Because a Pope can't be Pope without accepting all Holy Books- he may say (it openly) or he may keep (it secret) through his heart, keeping that for his Lord.

That one I have been informed (by the late Mufti of Syria Ahmad Kuftaro who had a private meeting with the Pope) that he was respecting and accepting that the Holy Quran is from Heavens (he revealed in that meeting that he never goes to sleep without reciting parts of the Holy Quran). And he passed away. He was a person who never harmed anyone and he reached the age of 80 that Allah Almighty is looking and saying that: "Who passes over 8o they are My 'Atiks', I am making them free" (like you are setting free a slave). His face was a good face and I was asking from the Lord of Heavens, our Lord Allah Almighty, Friday night to be granted a mercy from Allah Almighty's endless Mercy Oceans. And that is accepted. And one of our spiritual powers was attending when he was leaving- his soul-, not to be touched with any bad soul. (He was) protected.

That is a good tiding for all mankind who may keep the respect of people. That is an Islamic attribute: to give respect to everyone and to be respected, and that one therefore was respected and no one is knowing for a person how he is leaving this life! Everyone is reaching up to a station that (he is) making his way to Paradise and someones last station is going to be on Hells, taking their ways to Hells. That is a secret part of the life if mankind. Only for some spiritual people that are Saints, Friends of Allah, they may be witness when their soul is taken where they are going to be- on Paradise way or the way of Hells. And some attributes that Allah Almighty likes to be seen on His servants and that attributes carrying that person to Paradise. The Prophet sws was saying that Iman, belief, comes in 7o layers. The highest is the belief of "La ilaha ill-Allah, Muhammadun Rasulullah (sws)" and the lowest is to remove an obstacle from the way. The Prophet was saying this sws, the last Prophet that he honoured the whole creation that was created for his honour, all universes. Just created Adam for his honour, Noah created for his honour, Abraham created for that one's honour and his sons Ismail and Ishaq and the son of Ishaq S.Yusuf was created for that one's honour, and the

12 tribes, that one tribe's line was only for Prophets that from that line was coming S.Musa, S.Daud, S. Solomon, S.Zakariya, S.Yahya, S.Isa a.s.- all of them created for that honoured one's honour. Anyone accepting this should be honoured! Anyone accepting Shaitan... he was refusing to accept that honour of that honoured one S.Muhammad sws. What happened to him (when he was) falling down? From Heavens (he was) falling down to the last level; just (was) taken from that one every good thing, (his) good appearance (as Azazil) and just it changed into a dirtiest and most ugly shape; just dressed on him (to be) Shaitan.

Yet that one is asking that people don't accept that honoured one. Doesn't matter! Allah Almighty is swaying that the Ahlu-l Kitab, Book given people must believe in him finally! That one (the Pope) he accepted. May Allah forgive us and that one that passed away. Now he is in his Lord's divine Presence and He knows what He is dealing with that servant.
We are servants, He is our Lord Allah Almighty. Lordship is for Allah Almighty- Meded, ya Sultanu-l Awliya- therefore there is one throne, not two. The only throne, the divine Throne, is for the Lord of Heavens. No one is sitting on His right or on his left hand, no, can't be! Do you think that the Pope, when he was sitting, there was someone on one side, and another sitting on the other side? And Allah Almighty is not a man! No one says that our Lord is like us! No, can't be! He is Lord, Sultan, and everyone they are servants. And your Lord, our Lord, is asking from you to keep His divine Service- that is our honour! Don't claim: I am this one or that one!

Yes... he (the Pope) was dressing so many dressings... magnificent clothes. When you are taking (them) from him, what is remaining? The late Pope was dressing and he was well-known through his dressings. If you are taking that clothes and leaving him with a short trousers and a shirt- who is saying that is the Pope? How! A Pope with a shorts and athlete, underwear? Or overwear? That is the Pope? I don't think. Oh my brother, they say this is the Pope. I don't think! (But) when he is dressed and coming, (they say): Oh, the Pope! That means: That robes dressing is the Pope, not himself. A person, if he is well-known through clothes (only), (has) no value, if this (clothes) is giving to you honour (and) people run (after) such nonsense honour with clothes, grand uniform...For some occasions generals dressing grand uniform, putting belt, putting sword... Who is that? If taking (that from him), going to be like an ox (?)...That is the field-marshal? How it can be! Look there! If these clothes giving to you honour, it means you are nothing!

Therefore when you are passing in the Islamic Law (Schariat), they take all clothes from you and that servant

that passed away is looking to himself and waiting, looking which kind of clothes are coming to him from Heavens. Angels are bringing dressings of Heavens- that is honour! An honoured dress (comes) from Heavens, not from people! But people are cheating themselves with such nonsense things, making decoration, putting and coming in front of the mirror: “I must be like this”- never smiling...Smile a little bit! I can’t ...

O people! Look which dress is coming to you on the last day that people take from you the dress of this world- honoured or dishonoured dressing (coming)? If you like to reach an honoured dressing, keep (your) servanthood (to your Lord) and then you should be dressed the honoured dressing of servanthood. That is your honour!

May Allah forgive us and bless you to reach from His endless Mercy Oceans forgiveness! We are asking pardon from our Lord Allah Almighty. Forgive us for the honour of the most honoured one in Your divine Presence, S.Muhammad sws, Fatiha!

## DECLARATION FOR A CONFERENCE IN ATHENS THAT DEALS WITH THE INCREASINGLY BAD WORLD SITUATION

First of all, this conference faces a very big obstacle like a gigantic mountain. And until they have moved that gigantic mountain it is impossible for them to reach to their goal. It is like asking an ant to carry a truck. This conference is a good sign that good feelings are still alive in some people, and these good feelings belong to Heavens. And I am happy for this because this is a sign that we can still save mankind. And that it is not wholly finished, no!

Mankind is running in the worst possible way and soon it will fall into a bottomless valley Anyone may see that day-by-day things are getting worse for mankind. And in reality what we are seeing is the degeneration of Adam and Eve. Still among the crowds of people there can be found representatives of goodness and people possessing heavenly characteristics. Through this conference the will of these good ones is evident. They are concerned about the future of mankind. I am happy, but it is the biggest, heaviest and most difficult goal that mankind can set itself. But those good people attending this conference are the weakest group among mankind. They are at the mercy of politicians and they come here to this conference full of hope, but also full of fear. Fearful because fear holds power over all nations, all contracts of mankind on this planet. And the enemies of mankind are monitoring what is happening here at this meeting. These enemies never like for this world to be changed into another more peaceful world, or for there to be a new contract for the whole world. That is because they have arranged their life-styles in order to benefit from the existing conditions.

What this conference is asking for is to completely stop crisis, poverty, violence, wars, troubles and sufferings. But the majority of mankind depends on those aspects. And if anyone were to try and take it away form them, billions would ask, “What we are going to do? How we are going to live if they prevent us form

wars, crisis, problem, poverty, from cruelty and violence" They will all quickly rise up against them and ask: "Who are you coming to stop our importance on earth? Who gives you that authority and who told you to do this? Do you have any power? Don't you know that you are the weakest ones? It is we who hold power in our hands! Don't think that we will give way to you. And if you insist we will get rid of you so easily!"

Therefore, people are coming to this conference, and I see that the first speakers are politicians. But politicians are also members of this world contract, and they are not happy for a new change to come on earth. Politicians with their tricks and traps are filling this world from East to West and North to South. I had thought that this conference was reserved only for religious pope and academics, representatives of culture, and was without the participation of politicians. But I see that this meeting has no power at all. As I said before, its position resembles that of an ant that has been asked to carry a big truck. If the ant is able to carry that truck, then a conference such as this and those attending, will actually be able to make changes beneficial for mankind.

Therefore it is going to be so difficult to bring a new contract by means of the weakest of people. I myself am pushing ninety and I see so many others here, bishops and archbishops whom are perhaps a little younger or older than me. And they are all thinking to themselves, "How long, until we enter into the Divine Presence? " We are coming near to our end and we are asking for some young people to awaken, to know who are those against humanity, and which ones are helping to establish real humanity and peace, giving everyone their rights.

Another point that I would like to address to this honourable gathering, all who belong to heavenly religions, is this. You all know what is written about the beginning of this world and about the first contract on earth. It is mentioned in the Holy Books. That first contract also entails believing that Adam was the first man and Eve the first woman. They lived together in the heavenly Garden of Eden and they were happy with their lives. According to the holy Command of the Lord of Heavens, their generations spread out over the earth. Eve always gave birth to twins, a boy and a girl, and they were given the divine Order to marry the first-born twin boy to the girl of the second couple of twins. And that one- who mankind is now most friendly to- Shaitan, the devil, who people now take for their most beloved friend, it was him who made Cain not to accept the heavenly Command and to refuse to give his sister to Abel. Shaitan was saying to him, "Don't accept this, because your own twin sister is more beautiful. So don't give her to Abel!" And so Satan made Cain to kill is

brother and he became the first murderer, thereby causing Adam and Eve to fall into deep oceans of sorrow and misery. Their lives were so sweet, and then they became bitter.

Attendants of this conference! Do you know this from your Holy Books or not? If you do not know, then you believe nothing! As Christians, Jews, Protestants, Catholics or Orthodox you must know this and we, as Muslims also believe in this. The first man fell into an endless ocean of misery and he tasted no more the good taste of life; it was finished for him. And from that day up to now, do you think that Satan has ever left mankind? No one can stand up and object to what I am saying, as I am speaking from the report of all holy Books.

Therefore I don't believe what is written about the aims of this conference. They propose to do something, and they list some reasons, but they never mention the name of Satan as the cause. They talk about the problems of technology, the fall of the Soviet Union and they say that poverty is the problem. But all of this is of no relevance. Satan the devil is making people be enemies to one another, but he is veiled, so people never curse Satan. Instead they say, "Satan is our best friend!" This is the time of devils and evil. The whole world is full of devils and evil. And we must know whom we are fighting. If we are good and well-intentioned people, we must show other people who our enemy is, so that the real enemy may be recognized.

The Lord of Heavens says, "Satan is your most dangerous enemy, try to know about him and to recognize him!" Don't say: technology, poverty, the Soviet Union breaking down- all of this, and (e)very movement against humanity, has been woven by Satan. If we do not know against whom we are fighting, we will lose the battle and we are never going to be victorious.

We must know that war is deception. If we attack the enemy directly, we will lose. But if we use tricks or traps, we can be winners. This conference is a good start and a sign that mankind is beginning to awaken, even if so slowly. Mankind is becoming fed up and beginning to stir. It has had enough of cruelty and of the worst of evil and devils. They say, "We must change", and that is a good sign. Throughout history, as we read in the classical books and Holy Scriptures, throughout the history of mankind, these problems have never ceased. As long as Shaitan is at work, problems, sufferings and cruelty will never end. The Holy Books say that people will (n)ever stop disagreeing. People are always fighting, bad ones against good ones. Sometimes the good ones reach to power, but mostly the cruel ones take over. Nowadays on our planet no one can say

that good, heavenly people are ruling the word. So peace cannot be established.

When we can expect that the world will be changed by a new contract? When the good ones come to power, then we know that cruelty will go away and the whole world is going to be saved. Therefore we look at the signs of awakening that are appearing now through such a conference. An awakening is coming to mankind now. They were drunk from devils and evil. Now, slowly, slowly, mankind is starting to ask, “Where we are now?” and “What are we doing?”, as a person awakening from a drugged sleep. This is a sign that people are waking up from their drunkenness (to sobriety).

This is my declaration. We are looking for some heavenly involvement, to change the direction of people, to not follow Shaitan, but to follow heavenly Commands. If they do not follow heavenly Commands, it is impossible for this world to attain peace through our own ides, conferences, or by any of our own efforts.

May Allah forgive me and bless you.

## Where Are the Deep Thinkers?

Yaa RijaalAllah. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands.) Dastoor, yaa Sayyidee.
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

Alfu alfu salaat, alfu alfu salaam `alayka yaa Sayyidi 'l-awwaleen wa'l-aakhireen. Allahumma zidhu `izzan wa sharafan wa nooran wa surooran wa ridwaanan wa sultaana. Habeebak! Habeebana, habeebi Rabbi 'l-`alameen, yaa Sayyidi 'l-Awwaleen wa'l-Akhireen, yaa Shafi`ee al-Mudhnibeen, yaa Habeebana wa Habeeb Allah. (Mawlana Shaykh sits.)

Yes, there must be one; there cannot be a king and a crown prince. You that are claiming, "We are `ulamas." O Salafiu 's-Saalih, you inherit from their knowledge, yes? Good. Can you (truly) say you are representatives of the Salafu 's-Saalih, who follow the Seal of Prophets (s) step-by-step? Can you tell me, who is Wali al-`Ahad, that Crown Prince or Sir (Knight) of Heaven? He (Allah) is ubiquitous - from pre-Eternal to Eternal, He is that One! But for His creatures, He has that one to represents His majesty, and has granted to him things that He did not grant anyone else, such majestic glory!

O `Ulamas! Say what was written on the Divine Throne, `Arshullah? Laa ilaaha illa-Llah Muhammadun Rasoolullah! (Allah Almighty is says,) "No one can reach the level of servanthood that I gave to My chosen and selected one."

O Salafi `ulamas! Tell me if you know. You are not only earthly creatures, but your creation is one hundred per cent different from others' creation, from the first prophet up to the second-to-last prophet. You are al-`anaasir al-arba`ah. You may say your bodies are of four elements: water, earth, fire, and air. But prophets' creation is not from the ordinary elements that Adam's (a) descendants are created from, no. They are special ones! You must learn.

(Mawlana Shaykh stands.) Don't say, "Muhammad (s) is like us." You are ignorant ones! He is not like us! Kallaa, never! (Mawlana Shaykh recites this verse from Imam Busayri's world-renowned poem, Burdah ash-Shareef, "The Mantle of Prophet (s)":

Muhammadun basharun
wa laysa ka 'l-bashri
huwa yaqootatun '
wa naasu ka 'l-hajari,

Muhammad is a man,
but not like other men;
Muhammad is a gem
and human beings are stones."

Allah Almighty says this about the Prophet's appearance, Qul innama `ana basharun mithlukum yooha ilayya. "Say (O Prophet), 'I am but a mortal man like all of you.'" (18:110) (Mawlana Shaykh sits.) So many ignorant ones say of Sayyidina Rasoolullah (s), "He is like us." Kaalla! The Seal of Prophets (s) could never be like you! You are on the level of animals, but no one knows his level except the One Who granted existence to animals. Never will he accept, because he is like Him Who granted him the honor for his name to be written after His Holiest Majestic Name. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah Muhammadun Rasoolullah! Say! Why are you saying he is like you? Say! Is your name written after laa ilaaha illa-Llah? O jaahil, stupid and ignorant ones!! Ptuuh (spit) on your beliefs!! (Mawlana Shaykh sits.)

Laa ilaaha illa-Llah Sayyidina Muhammadun Rasoolullah. (Mawlana Shaykh stands and sits.) Tawbah istaghfirullah, Tawbah yaa Rabbee.

Yes. Because the Day of Resurrection, Yawm ul-Qiyaamah is approaching, and there are some new understandings about Allah Almighty's divine deputy coming. He was with his Lord Who was asking to be known, and Who gave a dharra, an atom's worth of the treasures of His Divine Being. The whole Creation cannot carry more than that atom granted to the Seal of Prophets (s), (Mawlana Shaykh stands.) Sayyidina Muhammad (s). Once again, stand up! You are granted so many honors, every time you stand up and sit down. (Mawlana Shaykh sits.) Allah, Allah.

O People! We are saying, bismillahi 'r-Rahmani 'r-Raheem. Yes, you must try to understand something according to your capacity to understand,

••••••••• ••••••••• wa li kullin darajaat, "To each there are levels." (6:132)

You are granted from the Lord of Heavens, wa li kullin darajaat, never-ending in the existence of Creation, kulla yuhaat, that whole existence whose limits you cannot reach. Allah Almighty is granting everything to everything, wa li kul, kul, that exists in `Alam al-Insaan (Knowledge of Creation, of human beings and what comes with them), and in `Alam al-Malakoot (Knowledge of the Heavenly Kingdom); `Alam al-Jabaroot (the Powerful, Strong Knowledge), `Alam al-Lahoot (the Lordly Knowledge, above ma`arifatullah).

What do you know? Nothing. The whole Creation is saying in my ear, "You speak only truth," and that truth is according to the lowest level for Creation. (Mawlana Shaykh stands.) Allahu akbar, Allahu akbar! Yaa Jabbar! Yaa Ghaffaar! Yaa Sattaar! Yaa `Azheemu 'l-Uzhamaa! Yaa Rabbana, rabb 'ighfir w'arham wa Anta khayru 'r-raahimeen! (Mawlana Shaykh sits.) But always Shaytan puts ideas in front of those ignorant ones to lead them the wrong way, to give them the wrong beliefs and wrong imagining about the Lord of Heavens. Because they are saying that the Seal of Prophets (s) is on our level. No, no, that can't be. If he were on your level, or your level were the same as his level, then you must be like him, taking heavenly inspirations, and you too must bring heavenly books from the heavens. Think on it, O `ulamas Azhari shareef, O doctors!

How many times does Allah Almighty say in the Holy Qur'an, •••••••••• •••••••••••••

l`allahum yatafakkaroon, "perchance they may reflect" (7:176)

Thinking is a key for real realities. If you can look through that ayah, you may come and open your thinking. What are you thinking when you are reciting?

•••••• ••• •••••••••••

Hal min muddakir, "Is there any that will receive admonition?" (54:15, 54:40)

Not saying mudhdhakkir, but muddakir, deep thinking; where are the deep thinkers, those who may swim through Oceans of Holy Qur'an? Where are they? The Lord of Heavens is asking where you are. They are saying, "We are doctor fulaan." I am saying, "O Doctor of Tractors, all people of all nations from every belief, from every religion, think on it! Use the key of your thinking to gain knowledge.

As I look from here, they make me to look at the skies, and I am surprised and wonder why its color is light blue? Why, and we are sitting in an ocean of darkness, and the whole universe is in that dark ocean. From where is this color coming? And when Maghrib comes, the darkness, the black color covers everything. How is this coming in daytime? Say! Who is giving that color? The sun? Then who is taking this color and bringing this blackness to the planet? Are you thinking about this? Hal min muddakirin? Don't forget, when they are making this nothing one to speak, don't say, "That one is speaking." No, it is something from heavens, and if heavenly ones, lowest ones, were not speaking and addressing you, you would never understand. But they are using a very, very simple one, someone at your level, to address you. Whether you accept or not, attend or not, it doesn't matter for those who are not hearing and paying attention to those words that we are making ourselves run on. You are like people on a Boeing flight, looking only at what is inside, because you are inside. If you could lift it up, take it off, you should see, oohhh, oohhh! This is such an association; it is more than an association, it is a teaching that belongs to the heavens and Man must try to understand something!

O `ulamas Azhar, `ulamas hijaaz! You must know that when people rise from their graves on the Day of Resurrection, first of all they will be asked the question, "What did you learn?" Yes, you know this? What did you learn?
You may say, "We learned, we were seated, looking at which host or hostess was more handsome or more beautiful, what they brought us on trays. We were watching that and sometimes we were watching the TV, for scenarios."

"You learned this in dunya? Such things and nothing else?"
"No, we were occupied with so many things on this planet."

What will your answer be about what you learned?
"O Man, O humankind, what did you learn?"
"We learned about our safeenah, our vessel around us, we looked at this, tasted that, we were doing this, we were occupied with ourselves. Beyond that, we were not interested in anything because so many things occupied our interest, particularly beautiful ladies were our interest."

Ayyuhal an`aam, O cattle! Given their levels, a heavenly khitaab came to angels:

•••••••••••• •••••••••••••• •••• •••• ••••••• •••••••••••• •••• ••••••••••••••

ulaa'ika ka 'l-an`aami bal hum adalloo ulaa'ika humu 'l-ghaafiloon, Leave them! They are like cattle; no, even more astray (as) they are heedless. (7:179)

They never understood anything, so leave them and send them to their stables. Send them to enjoy themselves with animals!

O `ulamas! Are you like this? No one is interested in asking beyond that. Therefore, I was very sad, whether people were attending or not attending, I was sad. Now the heavenly directors are saying, “Leave those not attending as they like to be on the level of animals. Those who like to listen to someone are enough for you as their levels are above the levels of animals.” And I am asking forgiveness. O our Lord, don't leave us at the levels of animals, like those who follow their egos! O our Lord, forgive us! Don't leave me to be on the level of animals. I am not distinguishing myself, but I am asking, O our Lord send us someone who can teach us beyond our animal level, upward endlessly, bringing us to higher levels.

O Our Listeners! May Allah grant that you reach diamonds that you can’t find in this life. Those who reach such diamonds and keep them will be the most precious ones, and they should be under the holy flag of Sayyidina Muhammad (s)! (Mawlana Shaykh stands.) Zid habeebika `izzan wa sharafan wa surooran, yaa Rabb. Give Your beloved one more honor, ranks and pleasure, O our Lord! (Mawlana Shaykh sits.)

Fatihah.

Astaghfirullah. Allah, Allah.

(Mawlana Shaykh sings.)

Dome, dome, dome, dome 12x

Fatihah.

Alhamdulillah. Hisham Effendi? (Mawlana Shaykh speaks to Shaykh Hisham Effendi on the phone, very happy.)

Allah, Allah. Subhaan Allah.

## Defenders of Truth

Since the beginning of time people have been warned that satan is their number one enemy, but they don't want to know. They consider him to be their best friend. They help him and support the kingdom of satan, instead of helping the Kingdom of Allah. Billions of people are supporting satan and his kingdom. He has established his kingdom now and his wish is to destroy everything: all of Europe, all of America and the other continents. The fire is everywhere. Anytime it can explode and satan will come and sit on a hill of ashes and laugh, "Finally mankind is finished. It was because of them that I was thrown out of Heaven, now I got rid of them!"
This is what politics and all the programmes of education are about. They are designed according to the wishes of satan and his friends. But in spite of that we know that Allah's Will is over theirs and they will be defeated. Finally the truth will appear, which is why I ask you all to be defenders of truth.

Prince Charles says that he is the Defender of Faith, but a faith can be wrong or right. A person can believe that his belief is right, even though it isn't. You must be defenders of truth. Everyone believes in so many beliefs, but they are not all true just because you think so. There is a reality, only one, only one truth. It could be that you are living in an imagination. This world is full of wrong beliefs at the moment. But there is only one truth, one religion, which has been since the beginning of time, since the first man on earth.

May atheism and materialism be destroyed. May the satanic ways and beliefs be taken away. May the lights of real faith be established and everyone become sincere servants of the Lord Almighty.

**Defenders of Truth should be happy in this new year!**

Excerpt

Therefore, I am now just looking our new year (is) coming... on first... today, like today next week, it is going to be (the) first of our new year, Muharram, and before Muharram, the last day of Dhil-Hijja should be Tuesday, (the) first day Wednesday... 1428 (is) finishing, 1429 (is) beginning on Wednesday... and we are hoping (that) something, some power, (is) coming to Islam, to true ones! True ones! And you must try to be defenders of truth! Defenders of truth, Haqqani! Haqqanis should be happy through this year, we hope this, and their batil, false regimes, (should) all (be) down and the Truth Castles should get up and the flags of Truth, (the) flags of skies, should be put there!

And it is from Sunnah to be fasting (on the) last day of (the) passing year and at the beginning of (the) new year and the Prophet (is) giving good tidings that if anyone (is) fasting (on the) last day and (the) first day, (it is) going to be like a person (who is) fasting (the) whole year!

May Allah forgive us and send us what we are hoping (for)... Fatiha, for the honour of the Seal of Prophets - sallaLlahu alayhi wa sallam...

I was not thinking to speak anything, I was so weak, but they are making me to address (you) in such a way... I never... it is not something from my thinking, no, (it is) directly (coming), that is a channel from Heavens to our Grandsheikh and he is granting to me!...

Sheikh Adnan Effendi (is) sending his Salams. I was a little bit late (today), but just (as) I was coming (for prayer), he was phoning to me... That is Qutub, and Sheikh Hisham Effendi (also) Qutub... He said to me that just he is with me, therefore...

Sheikh Adnan Effendi was in Hajj, everyone (was) running and kissing his hands and saying: "O Sheikh Nazim!" "Ya Hu, Sheikh Nazim? No Sheikh Nazim!" "No, you are Sheikh, Grandsheikh!" kissing him, asking something from him... He is saying: "What I am giving to you? If (i am) giving (you) from my clothes small-small, I am going to be naked!" Thousands of people (were) coming on him, because he dressed more greatness (hayba)... Adnan Effendi, ma sha Allah!

There is 7 big ones, Ishraqiun, (and the) first (one is:) Sheikh Adnan Effendi... May Allah bless him... Aman, ya Rabbi... Fatiha.. .
In Lebanon, ohhh! Awasif, thuluj, rains and snowing and blowing, uhhh!.... Trablus, I like that place, (it is a) holy place, (a) powerful place, (with the) Barakat of Sham Sharif, Trablus Sham... I have been there 1944 first, I was that time 22 years old...

Allahu Akbar, Allahu Akbar, la ilaha ill-Allah, wa Allahu Akbar, Allahu Akbar wa li-llahi-l hamd!..

Ila hadrati Nabiyyi l-Mustafa wa ´ala niyyati l-shifa wa daf'i l-bala wa raf'i l-ghala, wa l-nasra ´ala l-a'da, ´ala niyyati l-futuh wa farij 'ani l-muslimin, wa li-amwatina wa amwati l-muslimin, bi niyati l-ghaith... for the appearance of the Sahibu Zaman and Sayyidina Isa -

alayhima salam -, for the fall of the tyrants, the victory of the Ahlu l-Islam and the opening of the world for Islam

Fatiha!

Allah Allah!

**Defend The Truth**

---

Dastur Ya Sayyidi Allah Allah Aziz Allah Allah Allah Jalil Allah Allah Allah Subhan Allah Allah Allah Sultan Allah Anta Sultan Ya Malik al Mulk Ya Dhu'l Jud wa'l Karam Ya Qadim al Ihsan salli ala Habibika'l Mustafa min as samawati min al aradayn min ma bayna wama min ma shi'ta min shayyin b`ad ij`alna Ya Rabbi muttabi`ayin as-shariatihi mutasabiqin bi sunnatih, raf`eyin aalam at-tawhid, raf`eyin aalamu al Islam, ma bayn al mashariq wal magharib. Ant Allah, Ant al Qadir al Muqtadir, Subhanak Subhanak Rabbana alayka 'l masir

O People. Assalamu alaykum Attenders who are asking defence (of), or defenders of Haqq. Haqq. Those who are attending are asking to be defenders of the Seal of Prophets (sas) and his Shariat. Defenders. Those who are attending one night, two nights, one week, one month and then leaving, that is the sign of being munafiq, hypocrite. Who is getting to be tired from listening and leaving and escaping are going to be workers of shaytan. Beware!

Those who are attending this humble association, that means advice from heavens coming through the Seal of Prophets, Sayyidina Muhammad (sas). You must keep your full respect for hearing that most honoured, most glorified one in Divine Presence. He is only one. The Lord of Heavens, la sharika lah, has no partner. Also His real deputy from pre-Eternal up to Eternal is only one. No partner. No. One to one. That is a warning for all people living on this planet. They must try to be happy with such a humble addressing to all nations.

If we are speaking the truth and you are accepting, tooba lakum, high good-tidings for you. Whom, their egos going to be in deyq, their egos not getting pleased, hunh, say? No pleasure. Those ones are servants of their egos and the ego is a servant of shaytan. Therefore I am saying assalamu alaykum O Attenders, from every level of people, level of kings, level of sultans, level of presidents, level of prime ministers, level of ministers and so on. All of you, you must give

your hearing and you must give a respect for a humble meeting. But what is coming? This humble meeting, for whom, you may ask?
We are saying use a scale, mizan. This meeting do you think that's making shaytan happy? Salafi ulamas, marhaban! Say? Don't fear from this humble meeting. Do you think that shaytan is happy? Yes, I am hearing, you are saying, 'Astaghfirullah, never'. Okay. If anyone is going to be unhappy with our association here, that means he is going from shaytan's group and he is never getting to be happy. That is a good scale that everyone may understand if this humble meeting is on Haqq, on Truth or not. Yes, anyone who is unhappy he is going with the side of shaytan because shaytan is never happy with me. Shaytan is never happy and very angry. I am saying your anger is on your head.

I am weak one, not big one. You are claiming that you are big ones, but I am claiming that I am weak one. So many people are thinking that they are powerful ones. No! I am not saying I am a powerful one, no. Yes, I am a weak one, I am saying. But shaytan and its followers are claiming that they are not in need to hear such a thing. Yah, they are such proud ones. The Lord of Heavens makes your head down and your feet up. Fear from your Lord. Don't say "I am powerful because I am king or sultan, or president, or commander-in-chief". Take off this uniform and look at mirror. Look at mirror and what you are going to see? Look at yourself. If you are getting out anyone saying to you marhaban? No one.
Yet you're dressing in such an imitated dress, that it is a show for people. And now people like a show, particularly top-level people, they like to make show with so many things... So your medals, you are like this, like that. Unexpected uniforms coming and saying 'I am that one'. And take off those clothes from you and even cats and dogs running away from you. Understand? True or not? You are thinking that your glory is with your dressing. What is that foolishness? Hunh? But people lost their mufakkirah. (Open your mouth). Mind, hanh. No-mind people. Cheated by whom? Who cheating them? Prophet or shaytan? Say? Why you are not saying? Salafi ulamas.
And Allah Almighty ordering (swt): wa dhakkir Arabic or Turkish language, this? Fa dhakkir, this kalamullah, kalamun qadimun lam yazal wa la yazaal, running. And you must say, you must remind people "O People don't be cheated by your high buildings". Why you are not warning umara in

Saudi Kingdom, not to build sky scrapers? For what? It is munkar or sunnah or mustahab or wajib or fard? What you are saying? Why you are not reminding? And you are ishtighal bimalay`anikum. Why you are occupying yourselves with something that is not for you? But what is for you, you are not announcing. Why you are not announcing?

Look around Baytullah, those buildings are sunnah? Or you know Hadith Nabawi Sharif that saying, 'last days my nation is going to be in competition, some with some others', and saying, yatatawaluna fi'l bunyan. This is true or not? Why you are not warning people? Why you are carrying book like this always going and putting eye glasses and making yorselves with expensive abaya and expensive eyeglasses. This fell down, look. One fall, one, I am looking for this... This fell down. Tawba Astaghfirullahi'l Azim, but you're using. Up-level people using such, one side falls down, one side not looking, hunh? Why? Enough for you, Allah Almighty not asking you and you know also that just reached khabar (news) from ulum un-Nabi Prophet's (sas) holy knowledge that when a person building one and putting another, second floor never speaking but if asking to build on 2 floors a 3rd floor, the angels shouting to them, "O Jahil, O ignorant people, to where are you asking to reach?"

Man tasshabbah bi qawmin fa huwa minhum. It is a true hadith or weak one? Sahih? Sahih hadith. Why you are taking everything from western countries, imitating them because they are building? Angels shouting at them, "Shame on you O our Lord's servant. To where are you asking to reach?" You like to be like Nimrud who built that tower for fighting Allah? Astaghfirullah. You are making Nimrud as your model? Why you are doing this? Why you are not saying? Which one giving fatwa for building around Baytullah such foolishly big buildings? Where is your 'amr bi'l m`aruf wa nahi ani'l munkar' people? Where? Sleeping or drunk? Why you are not saying? Yes, we are doing something that is all against Shariatallah But no one warning them and therefore shaytan is unhappy with me. And I am a weak servant. I am weak servant. But these warnings they never like. They never like. Why? Because such speeches making them to look at the next life after their death, and they don't like it. They like it not for one to remind them. Yes, they are very angry. Angry with this humble meeting. That means, it is on Haqq. Anyone who is not happy with our association and it is very simple words I am speaking as they are making me to speak. But we have also madad, heavenly support on every level. People may come and our words going to be up, their words to be under their feet.

My English so bad, but like an old gun but reaching to real aim, target. Maybe in their hands, tommy guns, tom-tom guns but never reaching to their target. Therefore Subhanallahi'l Alliyi'l Azim that is a warning for all people who are attending and then they are getting away, they are saying that once is enough. Once is enough if you are keeping. If you are not keeping, hundred times you may hear but no use, useless for you. Not bringing any use, good thing to you. Yes sir, this is Subhanallahi'l Alliyi'l Azim nuktatun khassasah, sensitive point. That you must do even a handful people with them to make associations defending for Haqq. If you are going to be defenders of Haqq all heavenly ones defending you and supporting you. But if you are not defending Haqq all shaytans coming on you and making you one of them.

O People, O People, you are not getting a beginning to say: Audhu Billahi min as shaytan ar rajim, but this heavy bombarding is on shaytan and its shaytanic fortress. O People, now main, most important advice to all of you to be defenders of Haqq. If you are trying to save yourselves here and Hereafter try to be defenders of Haqq. And Haqq defending you. Protecting you here, never leaving your honour to fall down. Your honour always up, here and you should be welcomed when people taking your dead body to graveyard. There angels welcoming you. Try to be from those people. Don't be maghroor. Don't be cheated by what shaytan is saying to you.

When you are passing away they are taking your uniforms that everywhere you are using and everyone parading for you but important when you are going to your grave is who is coming to welcome you. Angels or shaytans. Angels coming or Jahannum's workers, to take like this. Look, if not today, tomorrow. If not this month, next month. If you are not going this year, next year you shall go to graveyard. Think who is welcoming or capturing you. Dunya is going to finish. Dunya, its book just reaching its last pages is going to be closed down and trumpet will be blown and people will come for Divine Judgement.

May Allah make ourselves on Right Way. Defenders of Truth. Defenders of Truth are going to be saved and others will finish. May Allah forgive me.

dum dum dum dum, dum dum dum dum...

Defenders, be defenders for Truth and you should be saved here and Hereafter. Good luck for those who are defenders of Truth here and Hereafter dum dum dum dum... They should be welcome through heavens.

Tooba lahum tooba lahum Tooba lahum, tooba lahum
Fatiha

**Verteidigt die Wahrheit**

---

Dastur ya Sayyidi, Allah Allah, Aziz Allah. Allah Allah, Jalil Allah. Allah Allah, Subhan Allah. Allah Allah, Sultan Allah. Anta Sultan ya Maliku l-Mulk. Ya Dhu l-Jud wa l-Karam ya Qadimu l-Ihsan. Salli `ala Habibika l-Mustafa mina s-Samawati mina l-Aradayn mimma bayna wa ma mimma Shi'ta min Shayyin b`ad Ij`alna ya Rabbi Muttabi`ayinu sh-Shariatihi Mutasabiqin bi Sunnatih, Raf`ayin Aalamu t-Tawid, Raf`ayin Aalamu l-Islam, ma bayna l-Mashariq wa l-Magharib. Anta Allah, Anta l-Qadiru l-Muqtadir, Subhanak, Subhanak Rabbana `alayka l-Masir.
O Leute, As-Salamu `alaykum Anwesende, die Verteidigung wollen oder Verteidiger des Haqq sein wollen. Haqq. Die teilnehmen wollen Verteidiger des Siegels der Propheten (saw) und seiner Shariat sein. Verteidiger. Jene, die eine Nacht, zwei Nächte, eine Woche, einen Monat teilnehmen und dann gehen, das ist das Zeichen, Munafiq, Heuchler, zu sein. Die ermüden vom Zuhören und gehen und flüchten, sie werden Arbeiter Shaytans sein. Hütet euch! Jene, die teilnehmen an dieser bescheidenen Versammlung, das bedeutet, guter Rat kommt von den Himmeln durch das Siegel der Propheten, Sayyidina Muhammad (saws). Ihr müßt vollen Respekt erweisen dafür, diesen Meistgeehrten, Meistgepriesenen in der Göttlichen Gegenwart zu hören, der nur einer ist. Der Herr der Himmel, la Sharika Lah, kein Partner. Auch Sein wahrer Vertreter von Vorewigkeit bis Ewigkeit ist nur einer. Kein Partner. Nein. Einer für einen. Das ist eine Warnung für alle Menschen, die auf diesem Planeten leben. Sie müssen versuchen, glücklich zu sein mit so einer bescheidenen Ansprache an alle Nationen. Wenn wir die Wahrheit sagen und ihr sie annehmt, Tuba Lakum, hohe gute Nachrichten für euch. Diejenigen, deren Ego deyq ist, deren Ego nicht zufrieden ist, hmm, sag? kein Vergnügen, jene, sie sind Diener ihres Egos, und das Ego ist Diener Shaytans.
Deshalb sage ich, As-Salamu `alaykum, Anwesende, von jeder Stufe der Menschen, der Stufe der Könige, der Stufe der Sultane, der Stufe der Präsidenten, der Stufe der Premierminister, der Stufe der Minister und so weiter. Ihr alle müßt euer Gehör geben, und ihr müßt Respekt geben

für eine bescheidene Zusammenkunft. Aber was kommt? Dieses bescheidene Treffen, und für wen, mögt ihr fragen. Und wir sagen, benutzt einen Maßstab, Mizan. Dieses Treffen, glaubt ihr, daß es Shaytan glücklich macht? Salafi Ulama, Marhaban! Sagt! Fürchtet euch nicht vor diesem bescheidenen Treffen. Glaubt ihr, daß Shaytan glücklich ist? Ja, ich höre, ihr sagt: Astaghfirullah, nie. Okay. Wenn irgendjemand unglücklich ist mit unserer Vereinigung hier, das bedeutet er ist, er wird von Shaytans Gruppe sein, und er wird nie glücklich werden. Das ist ein guter Maßstab, den jederman verstehen kann, ob dieses bescheidene Treffen auf Haqq, auf der Wahrheit gründet oder nicht. Ja, jeder, der unglücklich ist, geht mit der Seite Shaytans, weil Shaytan nie glücklich mit mir ist. Shaytan ist nie glücklich. Und sehr böse. Ich sage, euer Ärger auf euerem Kopf.

Ich bin schwach, aber ich bin schwach, nicht groß. Ihr behauptet, groß zu sein, aber ich behaupte, ich bin schwach. Aber so viele Menschen denken, daß sie mächtig sind. Nein! Ich sage nicht, daß ich mächtig bin. Nein. Ja, ich bin schwach, sage ich. Aber Shaytan und seine Anhänger behaupten, daß sie solche Dinge nicht zu hören brauchen. Ja, sie sind so stolz. Der Herr der Himmel bringe eueren Kopf nach unten und die Füße hoch. Fürchtet eueren Herrn. Sagt nicht: Ich bin mächtig, weil ich König bin oder Sultan oder Präsident oder Oberbefehlshaber. Zieh diese Uniform aus und sieh in den Spiegel. Sieh in den Spiegel, was siehst du? Sie dich selbst an. Wenn du hinausgehst, sagt irgendjemand 'Marhaban' zu dir? Niemand. Und doch kleidest du dich in so ein gefälschtes Gewand, das eine Show für die Menschen ist. Und jetzt mögen die Menschen Shows, besonders die Top Leute. Es gefällt ihnen, eine Show zu machen mit so vielen Dingen.. Also, deine Orden, du bist so und so. Unerwartete Uniformen kommen und sagen, 'Ich bin dieser'. Und zieht diese Kleider aus, und selbst Katzen und Hunde laufen vor euch davon. Versteht ihr? Wahr oder nicht? Ihr glaubt, euer Ruhm ist mit euerer Kleidung. Was ist das für eine Dummheit? Was ist das für eine Dummheit? Hmm? Aber die Menschen haben ihre Mufakkirah verloren. Macht den Mund auf. Verstand, hmm. Leute ohne Verstand. Getäuscht von wem? Wer täuscht sie? Der Prophet oder Shaytan? Sagt! Warum sagt ihr es nicht? Salafi Ulama. Und Allah der Allmächtige befiehlt: "Wa Dhakkir". Ist das Arabisch oder Türkisch? "Fa Dhakkir", diese Kalamullah, Kalamun Qadimun lam Yazal wa la yazaal, läuft. Und ihr müßt sagen, ihr müßt die Menschen ermahnen: 'Ihr Leute laßt euch nicht täuschen von eueren hohen

Gebäuden.' Warum warnt ihr nicht die Umara im Saudi Königreich, keine Wolkenkratzer zu bauen. Wozu? Ist es Munkar oder Sunnah oder Mustahab oder Wajib oder Fard? Was sagt ihr? Warum ermahnt ihr nicht? Und ihr seid Ishtighal bima Lay`anikum. Warum beschäftigt ihr euch mit etwas, was nicht für euch ist? Aber was für euch ist, das macht ihr nicht bekannt. Warum verkündet ihr es nicht? Guckt um Baytullah herum. Dieses Bauen ist Sunnah. Oder ihr kennt das Hadith Nabawi Sharif, das sagt: 'In den letzten Tagen wird meine Nation im Wettstreit sein, die einen mit den anderen', und es heißt: "Yatatawaluna fi l-Bunyan". Stimmt das oder nicht? Warum warnt ihr die Leute nicht? Warum tragt ihr Bücher so und geht immer mit Brille und legt teuere Abayas an und teuere.. und teuere Brillen. Diese fiel herunter, seht. Eine fällt, eine, ich gucke danach.. Diese fiel herunter. Tawba Astaghfirullahi l-`Azim. Aber ihr benutzt.. Top Leute benutzen solche.. eine Seite fällt herunter, eine Seite sieht man nicht, hmm? Warum? Genug für euch, Allah der Allmächtige verlangt das nicht von euch, und ihr wißt auch, daß die Nachrichten, Khabar, vom Ulumu n-Nabi, von dem Wissen des Propheten (saws) kamen, daß wenn jemand ein Stockwerk baut und ein zweites Stockwerk darüber, sagen sie nichts, aber wenn sie auf den 2. Stock noch einen 3. Stock setzen wollen, rufen die Engel ihnen zu, 'O Jahil, ihr ignoranten Leute, bis wohin wollt ihr gelangen?' "Man Tashshabbah bi Qawmin fa Huwa Minhum." Es ist ein wahres Hadith oder ein schwaches? Sahih? Sahih Hadith.

Warum nehmt ihr alles von westlichen Ländern und imitiert sie? Weil sie bauen, rufen die Engel ihnen zu: 'Schande auf euch, ihr Diener unseres Herrn. Wohin wollt ihr gelangen?' Ihr möchtet wie Nimrod sein, der diesen Turm baute, um Allah zu bekämpfen? Astaghfirullah. Ihr nehmt euch Nimrod zum Vorbild? Warum tut ihr das? Warum sagt ihr nichts? Wer von euch gab das Fatwa dafür, um Baytullah herum solche töricht großen Gebäude zu bauen? Wo ist euer "Amr bi l-M`aruf wa Nahi ani l-Munkar" Leute? Wo? Schlafend oder betrunken? Warum sagt ihr es nicht? 'Ja, wir tun etwas, das ganz und gar gegen die Shariatullah gerichtet ist.' Aber niemand warnt sie, und deshalb ist Shaytan unglücklich mit mir. Und ich bin ein schwacher Diener. Ich bin ein schwacher Diener. Aber diese Warnungen mögen sie nie. Sie mögen sie nie. Warum? Weil solche Reden sie dazu veranlassen, auf das nächste Leben zu gucken, nach dem Tod, und sie mögen das nicht. Und sie mögen das nicht. Es gefällt ihnen nicht, daß jemand sie erinnert. Ja, sie sind sehr verärgert. Verärgert über dieses bescheidenen Treffen. Das bedeutet, es ist auf Haqq

gegründet. Jeder, der nicht glücklich ist mit unserer Vereinigung... und es sind sehr einfache Worte, die ich spreche, wie sie sie mir eingeben zu sprechen. Aber wir haben auch Madad, himmlische Unterstützung. Auf jeder Ebene können Leute kommen und unsere Worte werden erhöht, ihre Worte sind unter ihren Füßen.

Mein Englisch ist so schlecht, wie ein altes Gewehr, erreicht aber das wahre Ziel. Vielleicht sind in ihren Händen Maschinenpistolen, aber sie treffen ihr Ziel nie. Deshalb, Subhanallahi l-Aliyyi l-Azim, dies ist eine Warnung für alle Menschen, die teilnehmen und dann wegbleiben. Sie sagen, einmal ist genug. Einmal ist genug, wenn ihr euch daran haltet. Wenn ihr euch nicht daran haltet, könnt ihr es 100x hören, aber es ist nutzlos für euch. Es bringt keinen Gewinn, nichts Gutes für euch. Ja, Sir, das ist Subhanallahi l-Alliyi l-Azim Nuktatun Khassasah, ein sensibler Punkt. Ihr müßt, selbst eine Handvoll Leute, mit ihnen eine Versammlung machen, um Haqq zu verteidigen. Wenn ihr Verteidiger von Haqq seid, verteidigen und unterstützen euch alle Himmlischen. Aber wenn ihr Haqq nicht verteidigt, kommen alle Shaytane auf euch und machen euch zu einem von ihnen. Leute, Leute, ihr bekommt keinen Anfang zu sagen: Audhu Billahi mina sh-shaytani r-rajim, aber dieses schwere Bombardement ist auf Shaytan und seine shaytanische Festung gerichtet. Leute, jetzt ist der wichtigste Rat an euch alle, die Verteidiger von Haqq zu sein. Wenn ihr versucht, euch selbst zu retten hier und im Jenseits, versucht die Verteidiger von Haqq zu sein. Und Haqq verteidigt euch. Er verteidigt euch hier, läßt euere Ehre nie untergehen.

Euere Ehre ist immer hoch hier, und ihr werdet willkommen geheißen, wenn die Menschen eueren toten Körper zum Friedhof bringen, heißen die Engel dort euch willkommen. Versucht, zu diesen Menschen zu gehören. Seid nicht maghrur, laßt euch nicht täuschen durch das, was Shaytan euch sagt. Wenn ihr dahingeht, nehmen sie euch euere Uniformen, die ihr überall benutzt, und jeder stolziert für euch, aber es ist wichtig, wenn ihr zu euerem Grab geht, wer kommt, um euch willkommen zu heißen, Engel oder Shaytane. Engel, oder es kommen Jahannums Arbeiter, um euch so zu nehmen. Seht, wenn nicht heute, morgen. Wenn nicht diesen Monat, nächsten Monat. Wenn ihr nicht dieses Jahr geht, werdet ihr nächstes Jahr zum Friedhof gehen. Denkt daran, wer euch willkommen heißt oder euch einfängt. Die Dunya kommt zu einem Ende. Die Dunya, ihr Buch hat gerade die letzten Seiten erreicht. Sie wird stillgelegt, und es wird in die Trompete geblasen werden, und die Menschen werden für das Göttliche Gericht

kommen. Möge Allah uns auf den rechten Weg bringen. Verteidiger der Wahrheit. Verteidiger der Wahrheit werden gerettet, und die anderen werden erledigt. Möge Allah mir vergeben. Dum dum dum dum, dum dum dum dum.. Verteidiger, seid.. Verteidiger zu sein für die Wahrheit, und ihr werdet gerettet hier und im Jenseits. Viel Glück für jene, die Verteidiger der Wahrheit sind hier und im Jenseits. Dum dum dum dum.. Sie werden willkommen geheißen von den Himmeln. Tuba lahum, Tuba lahum, Tuba lahum, Tuba lahum. Fatiha.

## The Definition Of Man

Madad Madad Ya Rijal Allah Madad. A'udhu Billahi Mina sh-Shaitani r-Rajeem Bismillahi r-Rahmani r-Rahim. As-salamu Alaykum, Ay Yaran Shah Mardan. Salams to the beloved friends of Shah Mardan. To Shah Mardan's beloved friends, the ones who love him & follow his way, Marhaba. Say - Marhaba. Let's give Salam and say Marhaba. May our day and our work be good/blessed. May our end be a good one. May our dunya (this world) & akhira (hereafter) be good. Dastur, Madad O Shah Mardan. The field is yours, go ahead. We want to listen to you, you are Shah Mardan. And those who listen to you, are Yaran (beloved friends of) Shah Mardan. Bismillahi r-Rahmani r-Rahim - we said this and made the intention to listen to Shah Mardan. Now, the field belongs to him and he has the power and mightiness to punish those who have crossed their limits.

Let's say - Bismillahi r-Rahmani r-Rahim. Shah Mardan has said Basmala Sharifa. The field belongs to him. We are weak servants. We need a refuge. Weak ones search for strong ones to protect them so they won't be oppressed. Shah Mardan is the Sultan who protects weak ones. Dakhilak Ya Shah Mardan. Accept us, we are weak servants. For the sake of the sultanate that was given to you, shelter us under the wing of your sultanate.

People have become animals because they don't know themselves. Animals are aware of their animal state. People are not aware of their humanity. Go ahead O Shah Mardan, the field is yours. Today is the first day of Rajabul Murajjab... or the second or third day. Allah associated His Name with this month and called it - Rajab Shahrullah. Go ahead O Shah Mardan, the field is yours. What should people learn? They should learn about themselves. People today are

considered by ignorant ones as - talking animals. No other animals can talk. The ignorant, mindless, stupid people are describing humans as - talking animals. (Hasha) Go ahead O Shah Mardan, the field is yours. Not everyone can describe mankind. Allah (swt)...Dastur Dastur... Our Mawla... Subhansin Ya Rabbi. May this weakness be lifted from us. The philosophers of the 21st century... What are philosophers? The ones running after satan, not searching for truth, nonsense ones. Philosophers have described people as talking animals. What shame! Strike these foolish ones on their heads O Shah Mardan, because they could not describe mankind.

Mankind represents Allah (swt) on earth. They are the highest creation. They are an honorable creation. Mankind is created for their Lord, for the servanthood of their Lord and the whole world has been created to serve mankind. That is why people need to know for whom they were created. We were created to be servants of Allah(swt). Since we were created for the servanthood of Allah (swt), then everything in this world is created for mankind. Madad Ay Shah Mardan. The field is yours, go ahead. People have been created to be servants for the One who Created them. The rank of servanthood is the highest rank. You must know this. But now we are in such a time that people are ignorant about themselves. How do they describe themselves? As a talking animal that walks & runs on 2 feet. This is shameful, disgraceful. This isn't the honor of mankind. Allah said, I created jinn and man. I created them to be honored by My servanthood.

Go ahead O Shah Mardan, the field is yours. And the people of today are heedless of their nature, about who they are, heedless of their true identity. Bismillahi r-Rahmani r-Rahim. Go ahead O Shah Mardan. Now everyone has an identity card, what do they call it? Identity card. What is written there - This person is Hasan or Ali or Veli, and in other countries their names are written in their own language. It is called an identity card. Who are you? Give me your ID card so I can see. Let's look at the ID card. You are such and such... This identity card has no value. It doesn't say - I am the servant of the Creator of the worlds, the Lord. It says - Turkish citizen, Egyptian citizen, Russian citizen. This isn't an identity. Be ashamed! Mention your real identity, your real identity - I am the weak servant of the Creator of heavens and earth.

People of today don't know their own identity. Shame. And they are saying that people are talking animals. Whoever says this is worse than animals. Mankind has honor. One person is

more valuable than one world. The value of one person is more than all the treasures of this world. We have such an honor. People are not aware of this. However, the One who Created us has informed us about this. Go ahead O Shah Mardan. People who have forgotten their humanity have become strange creatures. They can't describe themselves. They have written thousands of books but they haven't been able to describe themselves. They can't because they are not the Creator, they are created. The famous cars, Volkswagen, Ford, Chevrolet... can they describe themselves? No, how can they? People cannot describe themselves, because they are created. The One who creates can describe.

O people, O sons of Adam, O mankind, I made you My deputy on earth. The most honorable rank. I made you My deputy. What a great honor. There is no honor above this. Well, teach this O foolish ones. For whom were you created? Ask why you were created, teach it, know it. There is no creation more honorable than man. Allah (swt) is the Creator. Go ahead O Shah Mardan, your words are like Dhul Fiqar (his sword). Your words explain the unchanging Truth. They describe mankind. Allah (swt) has given man a sultanate so you can rule on earth in My Name. Rule in the Name of Allah (swt). I made you My deputy on earth. People and jinn will follow you. This honor is for you.

What are our foolish people saying? They say - we are mankind, no one is ruling over us. There is a ruler. Who is it? The One who created you. Why don't you say this? Why don't you learn so you can teach it - "Wa 'allama adama l-asma'a kullaha" (2:31) Allah (swt) taught Adam (as) all the names of all creation. Adam (as) knew the names. But the Prophet (sas) knew everything with its wisdom. Adam (as) knew superficially. The Prophet (sws) is the absolute deputy of Allah on earth, not just on earth but Allah's deputy for all of creation... Hz. Sahib Risala, Risalatu Mutlaqa (the Absolute Messenger), the Master of Prophets, Hz. Muhammad al-Mustafa (sws). Go ahead O Shah Mardan. The value of mankind is the highest. The invocation of the Prophet, "Allahumma ahsanta khalqi fa ahsin khuluqi" "O my Lord, you created me the most beautiful, make my morals/ nature beautiful also." They aren't teaching this. They consider mankind at the level of animals.

Men are not animals. All animals were created for mankind, but mankind is not created for

animals. Animals know for whom they were created. Hasha min al huzur. A donkey knows its condition. A horse knows that it is a horse. A cat knows that it is a cat. It also knows what it's supposed to do; it knows to catch mice. Dogs know why they were created. A horse knows why it was created. A donkey knows why it was created. A camel knows why it was created and it follows that way. But the heedless ones who don't know why they were created, are men. Shame on them. They teach everything except teaching humans about humanity. " 'Ala ya'lamu man khalaqa" (67:14) - Allah (swt) said. Doesn't the Creator know? He knows and informs us. Men are the representatives of Allah (swt) on earth. Live and rule under My Name, then you will come to My Presence.

O Shah Mardan, your Yaran love you. Your request -Ridha ar-Rahman (satisfaction of the Lord). What you are teaching is where Allah's way will lead us. Why are we living? We are living to make Allah satisfied/pleased with us. O Shah Mardan, the world has become in such a way, people are not aware of their own creation... the nation of ignorant ones. The ignorant ones have been going around and turned this world into a shameful place. It wasn't like this before. The world was made disgraced by satan & the satanic people it teaches. Satans are of 2 types - those made of fire and those created from dirt. Those created from dirt weren't created to be satans. Those who follow the way of satan have become satans. What is satan teaching? It is teaching satanic things, every bad thing. It is teaching every dirty, shameful, wrong action. And for the training of people, Shah Mardan is witness, he is saying and we are listening.

Habibullah (sws) said - "Addabani Rabbi, Fa Ahsana Ta'dibi" O people - Innama bu'ithtu li'utammima makarimal akhlaq. Mankind has been created with a wild nature. Wild animals are taken and trained. Who is the teacher who will take away the wildness from mankind? Who was the teacher of all Prophets? It is Habibullah (sws). Listen, learn, and teach. We hope this world won't be afflicted by floods of blood, rains of trouble, and storms of disaster. The curse of today is that people are following satan. They followed it and we came to this situation. Despite the fact that all Prophets say - Aslam taslam. The Sultan of Prophets (sws) said - surrender, accept truth and find salvation. Satan says - "Don't listen, do whatever you want." No. The ones that do whatever they want are animals, bears in the jungle. Mankind must have Adab/good manners

towards his Lord, and Adab towards our Lord's Beloved One (sws).

O our Lord, for the sake of Rajab Shahrullah, which carries Your Great Name, may those who disgraced mankind be disgraced themselves. The spirituality of mankind has been disgraced. And now it's the time for finishing off mankind. Satan is saying - First I will corrupt them, then I will kill them off, until I can rule the whole world. It isn't saying "I want to be khalifa", it's saying, "I want to be ruler". Let dunya be a burden for you, O dirty satan. Do you think this world was given to you? "I don't think, I know" - says satan. "I will teach mankind, whom You made more honorable than me. And they should follow me. I will make them to be worse than me. I will teach them how to be low and despised like me." Go ahead O Shah Mardan, speak. It (satan) chose the low level although Allah (swt) had given it a high level. It didn't obey the order to prostrate. Satan disgraced itself. And now on earth it is saying - "I will rule the world" and "I want to be Sultan of the world." Take dunya and put it on your head. Dunya can be yours, akhira is for believers. You cannot enter. Take dunya and wear it on your head. La hawla wala quwwata illa Billahil Aliyyil adhim.

There are so many matters. Satan's vow - "I will make mankind satans." Did it do it? Yes it did. Everywhere is under fire and blood. Satan says - "it's almost finished, I will finish off all of mankind from earth, until I become Sultan of the world." Take it and wear it on your head. Say O Shah Mardan, your words are truth. Listen O Azhar scholars, scholars of Sham, India, China, Turk, Mongol, Tatar. Say O Iranian scholars. If this statement is false, you won't make it past the month of Rajab. All troubles affecting mankind are because they are running after satan and following its way. And this is the situation of today. But - "Al-Haqqu ya'lu wala yu'la alayh" Haqq (truth) is supreme. Falsehood cannot be above it. We have Haqq. Truth has reached us from Allah's Beloved Habibullah (sws). We are above, we cannot be below.

Sawfa tara itha-n jala l-ghubaru afarasun tahtaki am himaru. Azhar scholars know this from their literature books. And this saying is famous in Arabic literature. There are those who crossed the limits. This saying is for them. It has been said for those who are proud & arrogant. Sawfa tara idha l-jala l-ghubaru afarasun tahtaki am himaru. The world of today is under the sultanate of ladies. And they think they have all the power and are riding on horses. What did a wise person

say - Sawfa tara. Amidst the dust and dirt - "I am a cavalry on horse." Your claims will come to an end. You'll see once the dust has settled, if you are riding a horse or a donkey. Be honorable O mankind! Take care of the honor Allah (swt) gave you. Don't kill people. Killing is not honorable. Do goodness, be generous. This is your glory, not killing. The one teaching you to kill is satan who taught Cain to kill Abel. That satan is continuing his work. Let's learn.

Go ahead O Shah Mardan. The field is yours. We are hoping that in this holy month, with the blessings of this holy month, those people following satan, who turned into satans...we hope a manifestation will come to finish them. Beware. O our Lord, for the sake of Rajab that carries Your Name, for the sake & glory of Your Habib (sws), make us glorious. "Al-Haqqu ya'lu wala yu'la alayh" Haqq is above, never below. It will be apparent. It has started. It started from today and will continue. With the start of Rajab Shahrullah, the spring is starting to flow. Shah Mardan has given us this good news. Haqq is above, satan's falsehood is under our feet. Take care. Take care of your honor. What is our honor? Servanthood to the Lord. Allah's Beloved one (sws), for whom creation was created, when he was saying Shahada - Ashhadu an la ilaha ill'Allah wa ashhadu anna Sayyidina Muhammadun abduhu wa rasuluhu. Master of dunya and akhira, Sayyidul Kawnayn, he is Sultan. Accept his way. He said - "La Darar Wa La Dirar Fil Islam". O Muslims, where are you? You cannot harm anything in Islam. And you cannot counter harm with harm either. You shouldn't do harm nor should you harm those trying to harm you. Leave them. Sawfa tara - they will see. Alhamdulillah.

We have reached Rajab Shahrullah. Our hearts are content, because falsehood will be destroyed. The sultanate of satan will collapse. This new era has begun. Ya Rabbi, terrible satan has no say... what can we do? To mention satan to Allah (swt) is leaving Adab. No. With one ant He can defeat satan. Even one ant can defeat it. "Qalat Namlatun Ya 'Ayyuha An-Namlu Adkhulu Masakinakum" (27:18) Allah (swt) is telling a story from the Quran. Go ahead O Shah Mardan. The ants heard a sound when they were walking. One of the soldiers of Prophet Sulayman... the leader of the ants...it said - "quickly move away, enter your homes and hide, don't come out into the field, Sulayman's army will crush you." These days no one is telling this to people - Leave the field because satan's storm is coming to crush you. Don't enter the field. Allah Allah.

O our Lord, how nicely he is making us speak. There is also someone making Shah Mardan to speak. O Shah Mardan, give us your remarks. This holy month has been blessed for you too. We are asking from your blessings, from your mightiness. We want a manifestation of force/ power to destroy what satan and its followers have done. We are waiting. This month is Shahrullah (month of Allah). A force/ power will strike the head of falsehood. It will finish falsehood. O our Lord, don't let us be on the way of ignorant ones. You have many servants who can correct mankind. For the sake of your Beloved Habib (sws) and Shah Mardan, we are requesting Your protection and care. We are weak Ya Rabbi. Qawwi da'fana fi ridak. Ya Rabbi Ya Allah. We are waiting, it's Rajab Shahrullah. We are waiting for the salvation of Sham Sharif. We are waiting for the people whom You created, to be saved. We hope those who kill people unjustly will find their punishments. Don't let us be from them Ya Rabbi. Allow us to be with those who keep Your way.

For the sake of your Habib (sws)...dakhilak, dakhilak Ya Rasulullah (sws). Madad Ya Rasulullah (sws), Help us Ya Rasulullah (sws). Madad Ya Rijalullah. We have become helpless. The world has become the laughingstock of satan. Forgive us O our Lord. We are without a master, let the master come. Send us a master. Amin. Send us Hz. Mahdi (as) Ya Rabbi, for the sake of Your Habib (sws).

Wa Bi Hurmati l-Fatiha.

## The Delusions of Grandiosity (About Gaddafi)

(He will order) the jinn, “Throw away all the concrete buildings.” In one night, they will throw all of them into the sea! The next night he will order, “Construct new buildings according to the old methods, which are suitable for the honor of Islam. A new city appears, that you can't even imagine. The imaam who is coming, is Saahib al-Karamat, the Master of Miracles, can move east to west and west to east. He has such astonishing power!

These dishonorable ones think they can show power by using iron materials or electricity. He will cancel all of these in one night! None of them will operate. The time has come. Now they are on the border. The soldiers are waiting now to enter inside, just like they entered Iraq. They will conquer.

O our Lord, shukr, shukr, shukr! Alhamdulillah, amaan yaa Rabbee, tawbah yaa Rabbee.

May Allah protect us from a bad end! From what happened to that man (Gaddafi), we seek refuge in Allah. We seek refuge in Allah. He ruled for 42 years and did as he wanted, thinking he could do as he wanted forever, but he couldn't and he was stopped. They cut him into pieces and threw him away!

The pride of the tyrants does not let them leave; they are too proud to leave. We seek refuge in Allah from

that! May Allah protect us from a bad end. We don't want such an end. We may be an ordinary, simple servant and it is enough. Neither palaces nor treasures help in the end. He had everything. Was it of any use to him? No, it was not and he insisted to stay longer, saying, “Maybe I can make that 250 million into 300, 400, 500 million, maybe it will become billions!”

That wealth has no result. It can't be more than Qaroon's fortune. Compared to the treasures of Qaroon, these are like toys of children. Qaroon is gone (died). We seek refuge in Allah. Allah Almighty says:

•••••••••••• •••• •••••••••••• •••••••••

Fakhasafna bihi wa bidarihi al-ard. We caused the Earth to swallow him and his dwelling place. (al-Qasas, 28:81)

And the Earth keeps swallowing him one foot deeper everyday until the Last Day! Amaan yaa Rabbee. Tawbah yaa Rabbee, we are weak servants!

They don't accept their weakness. Shaytan teaches Mankind pride and arrogance, saying, “Claim to be great ones, run after fame.” This is the instruction of evil Shaytan. Amaan yaa Rabbee. Tawbah yaa Rabbee. May He not leave us in the hands of our dirty egos! May He not make us follow Shaytan! What can we do? We seek refuge in Allah. This palace, that palace, who is it's owner? Sabanci? (A rich trader who died.) Orakci? The tinsmith? (joking). Do you carry these huge buildings on your shoulders (to the Hereafter)? Is it Vankulu?

(...) The sickness of claiming greatness is it called “megalomania,” a personality disorder. Everybody claims to be great as they don't want to say, “I am only a servant, a weak servant.” They see their ego so big, as if it fills the whole universe, saying “it is all mine.” It is a lie and a wrong thing.

Amaan yaa Rabbee. May Allah not leave us in the hands of our dirty ego! La budda min murshideen, there must be a guide, who will show you what is ahead. (...) People come to me and say, “Take care of yourself, look after yourself.” Finally, I bought a mirror for myself and am looking at the mirror everyday, to see in what situation I am! laa hawla wa laa quwatta illa billah, tawbah yaa Rabbee. Don't leave us in the hands of our bad ego! Therefore, there must be a guide to teach people. No guide remains now; awliya are hidden, you can't see them.

Amaan yaa Rabbee. They are making us say this. We are not praising ourselves. We also look at ourselves through the mirror; you also look. That mirror shows our outer looking, but the mirror of the saints of Allah shows our reality.

(Should we feel embarrassed now about our unknown side and cover our faces with our hands?)

Yes, it is like this. Now the world has been left empty like this, from the saints, and we are left in the hands of tyrants that don't give people a chance to survive or let them speak. They say, “We know and do everything!” And I say, “Then do it by rolling up your trouser leg (as if urinating)!” Is it not suitable for them? Tawbah, astaghfirullah.

“Dr. This,” and “Dr. That;” there are so many titles in front of their names. There are so many doctors of Theology, they call it, ilaahiyaat. I asked one of them, “Sing a hymn (in Turkish ‘ilaahiyaat’ is similar to ‘hymn’ and ‘science’). What was wrong with madrasas? They said, “We will change everything.” You did and made everything ridiculous, until you Turks and Arabs have no honor anymore; all are after titles so that they may become a doctor, what they call, “higher education.” Show me the lower education and I may ask him, “What did you learn from lower education that you run to higher education? Tell me! What is ‘alif’?”

What can we do? May Allah make us reach good ways. We may try to make the Lord happy with us. May we not be hit by the wrath of our Lord. People do not gain any honor by building apartments. No. They don't know where honor comes from. Shaytan does not let them get accustomed to it but prevents it. We are not praising our egos. They make us say these things.

I say, “O our Lord,” and du`a comes (to my heart), “Make those disappear who cut the ways of religion. Send us from Your servants one who will teach us Your servanthood and save us from the animal attributes, and discipline us!

Tawbah yaa Rabbee, tawbah astaghfirullah, tawbah yaa Rabbee, tawbah astaghfirullah. Wa min Allahi ’t-tawfeeq.

Fatihah.

Bismillahi 'r-Rahmani 'r-Raheem. (Du`a)

Fatihah.

## Democracy Is The Dictatorship Of Shaytan

Bismillah Al Rahman Al Rahim. O Muslims! This night is the first night of Safar Al Khair.

Among the scholars & the good ones it is known that Safar Al Khair is the hardest month among 12 months. So every person must arrange his affairs because it is the most likely time, in Safar Al Khair, that the whip of Heavens comes down to Earth. So be warned & take heed O Muslims.

Beware of the Wrath of Allah (jwa) because you do things that are outside the mighty Sharia' of the honourable Muslim religion. All your doings are not compliant with the mighty Sharia' that was sent from Heavens to Earth with the last Prophet (saws), Master of beginning & end Sayyidina Muhammad (saws). So beware & take heed. They used to ask....and be cautious... and ask...they used to ask Allah (swt) to keep them from the sound of Safar, Safar Al Khair, the whip that is used to beat the animals. The whip. "Fastaqimu" (41:6) Allah (jwa) says, "Be Straight!" (41:6). And if you are not straight Allah (swt) will take revenge on you. That is it. Therefore take heed every believer & Muslim from the whip of Allah (swt) that comes from Heavens to Earth.

And I a poor weak servant warning the Ummah from East to West to stay in their homes like the Lord (swt) said in the magnificent Quran: "Qalat Namlatun Ya Ayyuha An-Namlu Adkhulu Masakinakum La Yahtimannakum Sulaymanu Wa Junuduhu Wa Hum La Yash`uruna" (27:18)

This addressing is not a story but it is to train people. Allah (jwa) never likes that the Ummah goes out from their homes & fills the markets & streets screaming and doing things that do not please Allah (jj) Subhanahu wa Taa'la and His Prophet (saws). He, Allah (swt) teaches in The Holy Quran for what is this story? O Muslims, in the time of corruption stay in your homes &

lock your doors. Turn off the lights in your homes. Do not make demonstrations in the streets this is the matter of shaytans & the assistants of shaytans, those democrats: The dictatorship of shaytan. Otherwise will come upon you the whip from Heavens that you will not be able to recognize its beginning from its end. Maybe the blood of people will run like rivers and nothing will remain on the face of the Earth but half of its people or less. They will die from fitnas.

Allah (swt) does not accept kufr/unbelief. This is clear unbelief what they are doing in the country of knowledge, Egypt the protected. They kicked out the King who ruled over the country and honoured the servants of the Lord. He used to "give everyone their due rights" (Hadith) After him, after the King..."After the Kings will come tyrants" (Hadith). The tyrants came and the matters reached to this point that we are seeing in the "Protected Egypt."
There are Saints, but they will not interfere because the people do not listen either to the words of Allah (jj) or His Prophet (saws). So let them be! They said As'habu Al Nawba/the pillar Saints of Egypt from the Budala, Nujaba', Nukhaba', Awtad, Akhiar they said "let them be!" Whosoever does not listen to the words of Al Haqq (swt) let them taste the torment in this world & at the end in the grave shall begin their torment since they went against the orders of Allah (jwa) Subhanahu wa Ta'ala.

O people! In the "protected Egypt" turn to your religion, your faith "and do not be divided" (3:103) Allah (jwa) says. "Wa A`tasimu Bihabli Allahi Jami'an Wa La Tafarraqu" (3:103) Are you Muslims or not? Shame on you! This is a group that calls themselves "Muslim brotherhood" and what are we? The brothers of shaytan! How could you keep this title to yourself as Muslims, "Muslims brotherhood" and the rest of servants what religion do they hold? Christianity or Iranians? what is this mischievousness! Allah (swt) will take His revenge on them.

"Qalat Namlatun" (27:18) As an advice to the Muslims, "enter your homes" lest Sulaiman & his army crush you, while they perceive not." (27:18) This is a warning... a Heavenly warning in the first evening of Safar Al Khair. This month that is considered out of the 12 months of the year to be known as the hardest month from the 12 months & they call it "Safar Al Khair". If you do not learn and repent & return, tears of blood will flow in the streets & the houses in every place no matter where. I am warning O people of Egypt, otherwise we are free from responsibility for you,

you are free.

There are Saints in Egypt that are not acting, because people are not listening to advice, they are divided. Against the words of Al Haqq (swt) "and do not be divided" (3:103). They became divided & call themselves "Muslim brotherhood". What is this name? What are we the brothers of shaytan? You have no manners at all! The thunderbolts will come down upon you revenge from Heavens on Earth. Your Lord will drown you between 2 seas, between a sea & a running river, the blessed Nile. He (swt) will drown most of the people in Egypt, drown. This is also a warning for them. I do not know if it is in this month of Safar or after it, but I cannot see that there is a lot of time left on this matter because people are divided. Allah (swt) says "and do not be divided" (3:103) & they are divided & said we are Muslim brotherhood. Who brought this name? If you are Muslim brotherhood what are we? The rest of the Muslims if they do not follow you what are we considered? Out of Islam? This is astonishing. This is astonishing, astonishing. This is really astonishing!

"Wa Man Lam Yahkum Bima Anzala Allahu Fa'ulaika Humu Al-Kafiruna" (5:44) They are the ones accused with kufr/unbelief & shirk/polytheism and injustice & hypocrisy. May Allah (swt) destroy them. Those who divided the Muslims they distinguished themselves with titles that Allah (swt) never sent. "We are brothers". You are not brothers. You do not have a religion, or power & or value. Masha'Allah! Masha'Allah! Be warned o servants of the Lord, you who call yourselves Muslim brotherhood. Be warned that thunderbolts will fall on you from a Heaven with no clouds. I do not know what will be in this Safar Al Khair, the hardest of the months among the 12 months. It is know & it is famous for its hardness.

And I invite you to be from the people staying in their homes, in the mosques of their Lord, in the Maqams, returning to their Lord and repenting. Saying "we repent & return to you O our Lord." 3 times repeat the Shahada to renew their faith. 70 times or more say astaghfirullah. And keeping the 5 prayers and stay away from what is haram/unlawful & the nightlife. The night, there is no need for a believer to be out in the streets after the isha/night prayer. Otherwise thunderbolts will come on them with nothing to save them from them. May Allah (swt) protect us. O Lord do not leave us to our egos not for a blink of an eye or less than that.

This advice is for their leaders, for all of them generally & for their chosen ones, to their men & women, to their children & their youth. If they take the advice they will be saved. Otherwise they have no good end, not a good final destination. Their end will be always worse, more & more. Astaghfirullah, astaghfirullah tubna wa raja'ana Ilayk Ya Rabbana. Tubna wa raja'ana Ya Rabbana! Allahumma... This month is heavy, the hardest of all months. Safar Al Khair, take heed & stay in your homes. "Enter your homes lest Sulaiman & his army crush you, while they perceive not" (27:18). There is not one Sulaiman. In every era there is a Sulaiman, and he may crush you! Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! Tubna wa raja'na Ya Rabbana Fatiha.

This warning is from Heavens at the beginning of this month Safar Al Khair. Recite 3 times the Shahada, 70 times astaghfirullah and keep the 5 prayers & keep... keep your children & your women at home so the country may be empty at night and leave it to the Ahl Al Nawba/Saints to protect the nation of the Beloved (saws). May Allah (swt) protect us, protect us O Generous One! Fa 'Afu 'anna Ya Karim. Fatiha.

Who does not listen will be sorry! These are not my words, I am a weak servant and have the duty to save the nation. I am a weak servant, but my words are stronger than a rocket! There is even stronger than this, I am warning you O Egyptian people! "Khudhu Hizrakum!" Says Allah (jwa) O believers take heed so you may be saved. My Arabic is weak, but it is understood, insha'Allah it is understood between East & West, among the Kings also. Do not think that the King is in safety. No. There are lightening bolts, thunderbolts this year will fall more & more and their target in majority are the presidents & the Kings. I am warning them because they are on the throne of Sultans. Maybe a thunderbolt comes down on them & it may become like charcoal.

Nobody can stand the Wrath of Allah (swt). Fear Allah (swt) O Kings! O people, do not call yourselves this or that, names that have no value....value. Otherwise even with no clouds in the sky thunderbolts will come down. I am warning you O Muslims & Kings also. On their thrones a lightning may come down & turn it to charcoal, on their thrones.

Religion is advice, religion is advice, religion is advice! They should ask if there is anything wrong

in these words. I would be the first on whom it would come down from Heavens. Insha'Allah we are on Haqq. I am 90 years old. I am an old servant. I am old, but you O Kings! O presidents, o people of fitna! Take heed, not the people, but the soldiers. The soldiers of Heavens will strike you with lightening bolts with no clouds in the sky. This hardness is from the first night of the blessed month of Safar Al Khair. So stay in your homes. Keep steady on your prayers, keep your honour & your children your youngest & your eldest. Let there be mercy in your hearts. Do goodness "Allah loves the good-doers" (2:195)

Wa Al Hamdulillah Rabbi Al 'Alamin. Salawat Allahi wa Salam... Sayyidi Al Awwalina wa Al Akhirina, Ya Sayyidi Ya Rasul Allah intercede for us. Fatiha.

**Demokratie, die Diktatur Shaytans**

---

Bismillahi r-Rahmani r-Rahim. Muslime! Diese Nacht ist die erste Nacht von Safar al Khayr. Bei den Gelehrten und den Guten ist es bekannt, daß Safar al Khayr der härteste Monat unter den 12 Monaten ist. Also muß jeder Mensch seine Angelegenheiten ordnen, weil es die wahrscheinlichste Zeit ist im Safar al Khayr, daß die Peitsche des Himmels auf die Erde herabkommt. Seid also gewarnt und nehmt es ernst, ihr Muslime. Hütet euch vor dem Zorn Allahs (jwa), weil ihr Dinge tut, die außerhalb der mächtigen Sharia' der ehrenwerten muslimischen Religion sind. All euere Taten sind nicht konform mit der mächtigen Sharia', die von den Himmeln zur Erde herabgesandt wurde mit dem letzten Propheten (saws), dem Meister von Anfang und Ende, Sayyidina Muhammad (saws). Also hütet euch und nehmt es ernst. Sie pflegten zu bitten... und vorsichtig zu sein... und zu bitten... sie pflegten zu bitten, daß Allah (swt) sie bewahre vor dem Schall von Safar, Safar al Khayr, der Peitsche, die benutzt wird, um die Tiere zu schlagen. Die Peitsche.
"Fastaqimu" (41:6), Allah (jwa) sagt: 'Seid aufrichtig!'. Und wenn ihr nicht aufrichtig seid, wird Allah Rache an euch nehmen. Das ist es. Deshalb nehmt das, all ihr Gläubigen und Muslime, nehmt die Peitsche Allahs (swt) ernst, die von den Himmeln zur Erde kommt. Und ich armer, schwacher Diener warne die Ummah von Ost bis West, zu Hause zu bleiben, wie der Herr (swt)

sagte im Glorreichen Quran: "Qalat Namlatun ya Ayyuha n-Namlu Adkhulu Masakinakum La Yahtimannakum Sulaymanu wa Junuduhu wa Hum La Yash`uruna" (27:18). Diese Ansprache ist keine Geschichte, sondern sie dient dazu, die Menschen zu erziehen. Allah (jwa) gefällt es nicht, daß die Ummah ihre Häuser verläßt und die Märkte und Straßen füllt mit Geschrei und anderen Handlungen, die Allah (jj) Subhanahu wa Ta'ala und Seinem Propheten (saws) nicht gefallen. Er, Allah (swt) lehrt im Heiligen Quran, wozu dient diese Geschichte? Muslime, in Zeiten der Verderbtheit bleibt in eueren Häusern und verschließt die Türen. Schaltet das Licht aus in eueren Häusern. Nehmt nicht Teil an Demonstrationen auf den Straßen. Das ist die Angelegenheit Shaytans und der Helfer Shaytans, dieser Demokraten. Die Diktatur Shaytans.
Sonst kommt auf euch die Peitsche von den Himmeln herab, so daß ihr nicht in der Lage sein werdet, ihr Ende vom Anfang zu unterscheiden. Vielleicht wird den Menschen das Blut herablaufen wie Flüsse und nichts wird bleiben auf dem Angesicht der Erde als die Hälfte der Leute oder weniger. Sie werden sterben von Fitnas. Allah (swt) akzeptiert kein Kufr, keinen Unglauben. Das ist deutlicher Unglaube, was sie tun im Land des Wissens, dem geschützten Ägypten. Sie verstießen den König, der über das Land herrschte und die Diener des Herrn ehrte. Er pflegte 'jedem das ihm gebührende Recht zu geben' (Hadith). Nach ihm, nach dem König... 'Nach den Königen kommen die Tyrannen' (Hadith). Die Tyrannen kamen und die Angelegenheit erreichte den Punkt, den wir im 'Geschützten Ägypten' sehen. Es gibt Heilige, aber sie greifen nicht ein, weil die Menschen weder auf die Worte Allahs (jj), noch Seines Propheten (saws) hören. Also kehrt ihnen den Rücken! Sie sagten: "As'habu n-Nawba" - die Säule der Heiligen Ägyptens von den Budala, Nujaba', Nukhaba', Awtad, Akhiar. Sie sagten: 'Laßt sie!' Wer auch immer nicht auf die Worte Al Haqqs (swt) hört, laßt sie die Qual in dieser Welt kosten und am Ende, im Grab, wird ihre Qual beginnen, da sie sich gegen die Befehle Allahs (jwa), Subhanahu wa Ta'ala, stellten.
Leute im 'Geschützten Ägypten', wendet euch wieder euerer Religion zu, euerem Glauben 'und laßt euch nicht entzweien' (3:103), sagt Allah (jwa). "Wa A`tasimu Bihabli Allahi Jami`an wa La Tafarraqu" (3:103). Seid ihr Muslime oder nicht? Schande auf euch! Das ist eine Gruppe, die nennt sich selbst 'Muslimbruderschaft'. Und was sind wir? Die Brüder Shaytans? Wie könnt ihr diesen Titel für euch als Muslime bestehen lassen? 'Muslimbruderschaft'! Und die restlichen Diener, welche Religion haben sie? Christentum oder Iraner? Was ist das für eine Boshaftigkeit!

Allah (swt) wird Seine Rache an ihnen nehmen. "Qalat Namlatun" (27:18) als Rat an die Muslime, 'geht in euere Wohnungen, damit euch Sulayman und seine Heerscharen ja nicht niederwalzen, ohne es zu merken' (27:18). Das ist eine Warnung... eine Himmlische Warnung am ersten Abend von Safar Al Khayr. Dieser Monat, der von den 12 Monaten des Jahres als der härteste Monat bekannt ist, von den 12 Monaten, und sie nennen ihn "Safar Al Khayr". Wenn ihr nicht lernt und bereut und umkehrt, werden Tränen von Blut auf den Straßen und in den Häusern fließen an jedem Ort, ganze egal wo. Ich warne euch, Ägypter, ansonsten sind wir frei von Verantwortung für euch. Ihr seid frei.

Es gibt Heilige in Ägypten, die nicht handeln, weil die Menschen keinen Rat annehmen. Sie sind gespalten. Gegen die Worte Al Haqqs (swt) 'und seid nicht geteilt' (3:103) wurden sie gespalten und nannten sich selbst 'Muslimbruderschaft'. Was ist das für ein Name? Was sind wir, die Brüder Shaytans? Ihr habt kein Benehmen! Blitze werden auf euch herabkommen als Rache von den Himmeln auf die Erde. Der Herr wird euch ertränken zwischen zwei Meeren, zwischen einem Meer und einem Fluß, dem gesegneten Nil. Er (swt) wird euch ertränken, die meisten des ägyptischen Volkes, ertränken. Dies ist auch eine Warnung für sie. Ich weiß nicht, ob es im Monat Safar sein wird oder danach. Aber ich kann nicht sehen, daß noch sehr viel Zeit bleibt in dieser Sache, weil die Menschen gespalten sind. Allah (swt) sagt 'und seid nicht geteilt' (3:103), und sie sind geteilt, und sie sagen, wir sind die Muslimbruderschaft. Wer brachte diesen Namen. Wenn ihr die Muslimbruderschaft seid, wer sind wir? Die restlichen Muslime, wenn sie euch nicht folgen, als was werden wir angesehen? Außerhalb des Islam? Das ist erstaunlich. Das ist erstaunlich, erstaunlich. Das ist wirklich erstaunlich.

"Wa Man Lam Yahkum Bima Anzala Allahu Fa'ulaika Humu l-Kafiruna" (5:44). Sie sind diejenigen, die des Kufr, des Unglaubens, bezichtigt werden und des Shirk und der Ungerechtigkeit und Heuchelei. Möge Allah (swt) sie vernichten. Jene, die die Muslime teilen, kennzeichneten sich mit Titeln, die Allah (swt) nie gesandt hat. 'Wir sind Brüder'. Ihr seid keine Brüder. Ihr habt keine Religion oder Macht oder Werte. Masha'Allah! Masha'Allah! Seid gewarnt, Diener des Herrn, ihr, die ihr euch Muslimbruderschaft nennt. Seid gewarnt, daß Blitze auf euch fallen werden aus einem Himmel ohne Wolken. Ich weiß nicht, was in diesem Safar al Khayr geschehen wird, dem härtesten Monat unter den 12 Monaten. Er ist bekannt und berühmt

für seine Härte. Und ich rufe euch dazu auf, zu denen zu gehören, die zu Hause bleiben, in den Moscheen ihres Herrn, in den Maqams, und zu ihrem Herrn zurückkehren und bereuen und sagen 'Wir bereuen und wenden uns Dir zu, o unser Herr.' Wiederholt 3x die Shahada und erneuert eueren Glauben. 70x oder mehr sagt "Astaghfirullah". Und haltet die 5 Gebete ein und haltet euch fern von dem, was haram, ungesetzlich, ist und vom Nachtleben. In der Nacht gibt es keine Notwendigkeit für einen Gläubigen, draußen auf der Straße zu sein nach dem Isha Gebet, dem Nachtgebet. Sonst werden Blitze auf sie herabkommen, und nichts wird sie vor ihnen retten können. Möge Allah (swt) uns schützen.
O Herr, überlaß uns nicht unserem Ego, nicht einmal für einen Augenblick oder weniger als das. Dieser Rat ist für die Führer, für alle von ihnen im allgemeinen und für ihre Erwählten, ihre Männer und Frauen, ihre Kinder und ihre Jugendlichen. Wenn sie den Rat annehmen, werden sie gerettet werden, sonst haben sie kein gutes Ende, kein gutes Endziel. Ihr Ende wird immer schlechter werden, mehr und mehr. Astaghfirullah, Astaghfirullah, Tubna wa Raja'ana Ilayk ya Rabbana. Tubna wa Raja'ana ya Rabbana! Allahumma... Dieser Monat ist schwer, der härteste aller Monate. Safar Al Khayr, beherzigt das und bleibt in eueren Wohnungen. 'Geht in euere Wohnungen, damit euch Sulayman und seine Heerscharen nicht niederwalzen, ohne es zu merken' (27:18). Es gibt nicht nur einen Sulayman. In jeder Epoche gibt es einen Sulayman, und er kann euch niederwalzen! Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Tubna wa Raja'na ya Rabbana. Fatiha.
Diese Warnung ist von den Himmeln am Beginn dieses Monats Safar Al Khayr. Rezitiert 3x die Shahada, 70x Astaghfirullah und haltet die 5 Gebete ein und behaltet euere Kinder und Frauen zu Hause, damit das Land in der Nacht leer ist, und überlaßt es den Ahlu n-Nawba, den Heiligen, die Nation des Geliebten (saws) zu beschützen. Möge Allah (swt) uns schützen. Schütze uns, o Großzügiger! Fa `Afu `Anna ya Karim. Fatiha. Wer nicht hört, wird es bereuen! Dies sind nicht meine Worte, ich bin ein schwacher Diener und habe die Pflicht, die Nation zu retten. Ich bin ein schwacher Diener, aber meine Worte sind stärker als eine Rakete! Es ist sogar stärker als das, ich warne euch, o Ägypter! "Khudhu Hizrakum!" sagt Allah (jwa). Ihr Gläubigen, beherzigt das, und ihr könnt gerettet werden. Mein Arabisch ist schwach, aber es wird verstanden. Insha'Allah wird es verstanden zwischen Ost und West, auch unter den Königen.
Glaubt nicht, daß der König in Sicherheit ist. Nein. Es gibt Blitze, Blitze werden dieses Jahr

mehr und mehr fallen und ihr Ziel sind in der Mehrzahl die Präsidenten und Könige. Ich warne sie, weil sie auf dem Thron der Sultane sind. Vielleicht kommt ein Blitz auf sie herab, und er kann wie Kohle werden. Niemand kann den Zorn Allahs (swt) aushalten. Fürchtet Allah (swt), ihr Könige! Ihr Leute, nennt euch nicht selbst dies oder das, Namen, die keinen Wert... Wert haben. Sonst kommen auch ohne Wolken Blitze vom Himmel herab. Ich warne euch, Muslime und Könige auch. Auf ihren Thronen kann ein Blitz herabkommen und ihn zu Kohle werden lassen. Auf ihren Thronen. Religion ist Ratgebung, Religion ist Ratgebung, Religion ist Ratgebung! Sie sollten fragen, ob es irgendeinen Fehler in diesen Worte gibt. Ich wäre der erste, auf den es von den Himmeln herabkäme. Insha'Allah sind wir auf Haqq. Ich bin 90 Jahre alt. Ich bin ein alter Diener. Ich bin alt, aber ihr, ihr Könige, Präsidenten, Leute der Fitna, Nehmt es ernst. Nicht die Leute, sondern die Soldaten, die Soldaten der Himmel werden euch mit Blitzen treffen ohne Wolken am Himmel. Diese Härte kommt von der ersten Nacht des gesegneten Monats Safar Al Khayr. Also bleibt zu Hause. Bleibt fest in eueren Gebeten, bewahrt euere Ehre und die euerer Kinder, euer jüngstes und euer ältestes. Laßt Barmherzigkeit in eueren Herzen sein. Tut Gutes. 'Allah (swt) liebt diejenigen, die Gutes tun.'(2:195). Wa l-Hamdulillah Rabbi l-Alamin. Salawat Allahi wa Salam... Sayyidi l-Awwalina wa l-Akhirina, ya Sayyidi ya Rasul Allah, interveniere für uns. Fatiha.

## Democracy, the Biggest Deception

We know that true, clean and honourable people are usually not accepted because the majority of people are dirty. Good people are being defeated. Since the beginning of mankind there are so many sufferings amongst people. Either they have never been given the rights which Allah ordained for them, or it has been taken away from them by force. These are the two reasons. People of Truth are not happy when people suffer. They want everyone to reach their rights. Then we will have peace.

But the devils, who are establishing the kingdom of satan never want common people to have any rights. They only want it for a group of people, not for everyone. They want to be shepherds and the rest to be the flock. A shepherd may do anything he wants with the flock. The flock has no rights except to eat, drink produce new lambs and get fat for the knife of the butcher. From the beginning until now common people have no rights.

Since the beginning of time mankind have been asking for their rights. Some people suffer a lot, others are satisfied. Until 1779 the governing system was monarchy. When a good person became king, emperor or sultan, the people were happy. If not, they were unhappy. Throughout the centuries mankind was always trying to get their rights. Devils come and disguise themselves as advisors, just like satan did with Adam in Paradise. But he has only had one interest all along, to take us from Paradise to hell.

He has been repeating this same line with people throughout time. He convinces them that there is a new method in which everyone will be a shepherd, everyone will be governing. The flock doesn't even think whether this is possible, or not, they just follow. When this was introduced in 1779 maybe people could not understand. But now? Do they have complete empty heads? They believe in democracy! It is the biggest fraud. There is a group of people seeing to that one shepherd eats everything. Then they say, "Why should it only be one person? We must form a company called democracy. Instead of having one person on the top, we must have 1000. We must cheat people and tell them that they have elections and that they are deciding." Democracy is a big company of devils. But until today people are not understanding. Electing people! What are you electing? Putting 500 people there and saying that this is power?

People were hoping that this new system would give them their rights. But they quickly recognised that in the time of monarchy they had many more rights, much more mercy and many more blessings. Monarchy had one person, now it is thousands of people. The rights of the masses are diminishing from day to day but they continue to talk about human rights!

These clever French people! They opened their prisons and let their criminals run their country. They killed all their good people. That was the opening. Because if you do not thank Allah, you will fall down. People were always complaining about their kings, so Allah punished them by giving them something worse. They thought they were getting good days, but it was the opposite. Since then they are removing one king after another, but still not finding what they were looking for.

People continue to ask for human rights. For this purpose they have established the UN in the USA, the place of the biggest lies. They claim to defend and give human rights! Monarchies are gone and the new system democracy never gives anything. Look at Turkey for example. The Prime Minister asked me to come and break the fast with him. Those satanic people, the media, got up and asked why he wanted to invite Holy People? Are those the rights that we have? People are more and more understanding the value of having a king or a sultan. Democracy is finished!

The more people ask for a monarchy, the sooner it will come. Allah is sending the news to our Grandsheks telling us that the monarchy will be back. We are seeing that people are fed up with being cheated. Every nation is now saying that the time has come for their sultans to return. The time has come to ask pardon from

them because we did not respect them. In Germany they did an opinion-poll and they found that 60% want their Kaiser back. After the worst system has fallen, communism, which is even worse than democracy. The people of Russia also want their Tsars. Rumanians want their kings. Even the Serbs want their king back, as well as the Ottomans in Turkey.

## Depend on Allah

A man always likes to depend on someone. The most powerful people that you know are rich people... they think that their richness supports them. But sometimes you see multi-millionnaires and their huge richness doesn't give them any enjoyment any more because old age came to them and that richness can't give them any defense. Therefore you must not ask for some kind of power that you are using, and that you invented, no. It is so difficult for technology to defend you. And also, a person who is asking for peace and satisfaction in his life must look for some land, some place, that is going to belong to him only, and does not have any partners...

Meded, Ya Sultan-ul-Awliya, Meded, Ya Rijalu'llah... We are asking forgiveness from Allah Almighty and we are also giving endless Shukr to Him. As much as we are giving more Shukr, more honour and lights, Nur, are coming to us... And if a person is not saying Shukr, even if he goes to the Jamaat for morning-prayer and sits up until Dhuhr, up until evening and night-prayer, it will not be easy for that person to keep his ego and try to fulfill his oath that he gave to Allah the Day of Promises. All of us gave our oath to Allah, saying: "We are promising to You that we shall be Your servants for Your Heavenly, Divine Service..."

Now everyone must look, what his intention is. For what and for whom is he working? For which purpose is he running from here to there? All of you must try to think about it. Everything that is not for the sake of

Allah is going to finish. Even if you spend millions of Dollars... Allah knows everything... He knows that the Children of Adam in the 2oth century never follow His Orders. No country is following the Orders of Heavens, meaning the Orders of Allah. Everyone is trying to make something according to his own thinking and his own knowledge. Everything that they are teaching in universities is nonsense; all the subjects. Everything is only based on materialism. They deny all spirituality, everything beyond this world, and everything after this life...

Anyone, who never thinks about Divine Service, must be brought down. Even if he is the richest person on earth it is not going to be of any benefit to him. Therefore try to depend on Allah Almighty. If you depend on Him and He supports you, no harm will come to you here or hereafter. But someone who is not following even the most simple commands of Islam should fall down, and be taken away quickly... One of those commands is to pray two Rakaats after making Wudhu or Ghussl, but people now have forgotten it.

In the 3rd millennium every shaitanic thing which they are using now should be destroyed. Shaitan is making everything horrible and terrible for mankind. His teachings cause people to think wrongly, to intend wrongly, and to do wrong things... Therefore there is a Divine Trap for those who think that there won't be any Heavenly Involvement on earth any more, and who are saying: "We just threw away the Kings and the Sultans. Now we are the owners of everything which we took from them; it is for us, not for them any more."

One intention may save people, and one word may cause mankind to fall down, so that if people are not paying attention to their Lord's teachings and orders, everything is going to be upset, the head will be at the bottom, and the feet will be at the top... And everything may be taken from you, so that you are not able to taste anything from all those kinds of Niamat, Divine Favours, like vegetables and fruits. You will ask to eat, but there will be no taste, nothing... trying the food, but nothing in your mouth is helping you to digest it...

Step by step we are approaching the Divine Presence... Some people through their love and respect for Allah Almighty even have a baby, to make Him happy and pleased with them... Ask in the new century for the best things, the best people from Allah Almighty. Anything that you are asking for must be the best, the most expensive, the most valuable. Don't ask for straw like that person. But you may ask for a horse instead, and then the Sultan may order: "Give that servant of Allah Almighty from my treasures... Whatever he is asking for, give him double, and give something for his horse also."

So if you depend on Allah you should be victorious here and hereafter. If you are asking to depend on a man, then one day he is going to die and your pillar is falling down. If a person depends on his money, one day that money is going to vanish and it may be lost in one night, and then he can't do anything with it any more. Ask from Allah Almighty for a safe place for the coming days with good ones around you, so wild animals won't be ale to touch you. You may keep yourself and Allah Almighty is protecting you also.

May Allah forgive us and bless you. From this holy month Muharram some unexpected events will begin to appear, and chaos will increase day by day... May Allah protect our souls, may He protect our families, our children, and make who is alive to be good servants... We are all servants, may Allah accept us... Wa min Allah at taufiq... Fatiha.

## Depressions

Take a bath or a shower every night, be in a silent dark place and shout, "Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah, Allah!" Then listen which message will come to you. It is a very simple way to make a connection with your heavenly position. Try it! You can also say, "Oh my Lord, oh my Lord..." or, "Ya Rabbi, ya Rabbi..." Also go and visit old people's homes, prisons, hospitals and mental institutions regularly.

**THE DEPUTY OF ALLAH and THE OCEANS OF POWER**

How is honour given to mankind. Yes! mankind has been given honour. Even the Angels were
asking for the honour that Allah Almighty gave to Adam (alai).

There are certain things in creation that is impossible to be seen with the naked eye. They are
atoms, Zarra, We cannot see them even through an electronic microscope. The light (Noor) in
our eyes cannot see them. There are large objects like the sun, moon and the stars which in their entirety cannot also be seen through the light of the naked eye. This is because of their immense largeness.

Yes! there are also very small atoms which cannot even be cut into two pieces. If the cutting takes place and the parts are separated they shall cease to be. Who brings these into existence, the small and the large? It is Allah Almighty who brings them into existence. Yes! the thing that was brought into existence must know who brought it into existence. Everything from the tiniest particle to the largest should have a knowledge of itself and a recognition of its Creator. They are not dead they are living.

Everything in existence is living and each of them has a different kind of light. The highest level of light through the entirety of creation is for mankind, thereafter the animals, then the plants and then what we call inanimate things, such as rocks, earth etc.

Those who do not know say that inanimate things do not have life. I ask them, if the earth has

no life, how do plants receive life from them. The earth feeds the plants with life, because without the earth there can be no life for plants. The earth looks to the commands of its Creator, when its Creator sends rain on it. Allah Almighty sends the Secret of Life through water to the earth and the combination of the earth and water give life to the plants.

Even the smallest particle belonging to the earth must know its Creator and must glorify Him. This means everything in existence has knowledge. The Knowledge that Allah Almighty gave the earth is not the same as that which He gave to the plants. The Knowledge given to the plants is inferior to the knowledge that is given to the animals. Animals have not been given the knowledge that has been given to mankind. Even the Angels have not been given the type of knowledge that has been given to mankind.

The Angels have been given a lot of knowledge, but Adam (alai) was given much more knowledge and is honoured thereby. This is why Allah Almighty has appointed Seyyadina Adam (alai) and his children to be His deputies. The word Deputy means to be able to control the whole World. Without knowledge however the World cannot be controlled. Therefore it follows that if they are to control they must be given knowledge.

Through knowledge comes authority, if there is no knowledge there can be no authority. The knowledge that was needed to control the World was first granted to Seyyadina Adam (alai), for Allah Almighty says that He taught Adam (alai) everything. When Allah Almighty used the word everything it meant that Adam (alai) was to know everything throughout creation. With this knowledge also was given the Secret Power to be able to control everything in the Universe.

Allah Almighty has endless Universes. When the potential Deputy or the candidate becomes a real Deputy, Allah Almighty shall give him a Universe to control. When such knowledge and control is given to a Deputy of Allah Almighty, he has only to say “BE” and the Universe is ready and comes into existence. He shall be like the sun to the earth. If there is no sun there shall be no life on earth. These deputies give life to the Universe like the sun gives light to the earth. This is done through their Secret Spiritual Power. They are given the capacity to control

the Universe when they are able to control their egos.

If a person is able to control himself he is granted by Allah Almighty to be a real Deputy of Allah Almighty, and he shall be invited to the Divine Holy Presence of Holy Prophet Muhammad Rasoolullah, on whom be peace. Then the Prophet shall dress him with the Crown of the real Deputy. He shall then be like the sun to the Universe. He shall give from the Divine Lights that has been granted to him to the Universe.

Even the sun shines through the Divine Lights of the one who is His Deputy. This Secret Power goes from his heart to the sun and the sun is made to shine. If this Deputy is not in control, then this sun shall not shine. This is because of the fact that the value and importance of His Deputy is more valuable in the Divine Presence than the Universe.

Who is he who can control himself? No one is able to control himself without being given authority. He must for this purpose join up with an authority. It is only then that he will be able to control himself. If a person wants to become a doctor, lawyer or an architect he must be under and learn from a doctor, lawyer or an architect. In similar fashion the one who is seeking to become a Deputy of Allah Almighty should be trained at the hands of an Authority or Deputy of Allah Almighty. This is how he would be able to control himself and thereafter to be able to control the Universe.

Shah Bahuddeen Naqshaband (ral),the Imam of the Naqshabandi Tariqa gives authority and prepares his followers through his associations to reach to their real Deputy stations. This is why Tariqas are necessary as they are the chain of authority. Tariqas therefore take people to their real Deputy positions. The ignorant ones do not however understand this. They teach that Tariqas are for the collecting of Dunya.

If a real Authority from a Tariqa looks at this dunya he would be thrown away and this Secret would be taken away from him. Therefore their looking is not like our looking. Their Secret Power shall with their looking give to the earth, to the flowers, to the plants, to the animals or to man according to their needs. This is given through their Secret Light.

This is why the Prophet, on whom be peace, said that the looking of a Moomin must be for wisdom. This is why the whole World is under the control of them and they are also able to be in so many places at the same time, They also have many eyes among people and also among nature. They do this with authority, and this authority is from Tariqa. Bringing people to their real Deputy positions is the way of real Tariqas.

We do not come here to eat, drink and enjoy ourselves. Even animals do that. We come here as the Prophets came. Every Prophet was asked to show their nations, Alamul Kubra, the Oceans of Power, the Oceans of Worlds. To show them these Oceans and to carry them to these Oceans. They showed to the people extraordinary miracles through their Power Oceans. The people wondered and marvelled at these miracles. The Saints too show people miracles (Karamath) through their extraordinary Power Oceans. What is the reason for them to show people miracles. This is to make people realise the power that has been given to the real deputies of Allah Almighty, and to make them become interested in the real Deputy positions that have been given to them.

The people are at wonderment at the miraculous feats of these real deputies of Allah Almighty. They should not think that the deputies of Allah Almighty are controlling the Universes with their physical powers. Physical powers are nothing and it is weaker than the ants when compared to the “Deputy Power” which is huge and gigantic. Therefore the Saints are huge and gigantic with the Secret Knowledge given to them by the Prophet, on whom be peace.

It is said that when a weak servant is adorned by the crown of the Deputy of Allah Almighty the light that comes from him shall make the light of the sun and stars be like candles in comparison to the sun when the sun is shining. Even if one were to put a million candles in the sunlight the light of the sun shall make these candles disappear. Such is the light of the sun and the stars compared to the light of the Deputy of Allah Almighty. Yes! it is a huge power that is to be granted to us through our hearts. We are in need for an opening of our hearts.

It is not possible for us to reach to that opening if we are not going in the way of Tariqas. If we do not follow this private way and the private training of the Holy Quran, we shall never

reach to that opening. We should then be of the common people and not of them. For example, it is like the sky with the sun and the stars which are the deputies and the millions and billions of lightless things going around space who are the common people

The common people are the unenlightened ones, They have no Noor and no opening. We are Tariqa people and we are trying for an opening. Allah Almighty will ask us “Why are you coming to me without an opening, what did you do for so many years, and I gave you everything for your opening, why didn’t you open up your hearts and. why is it that you did not reach to the level of real beings”.

May Allah Almighty give us good understanding so as to make us follow a person who will take us towards this direction, where there are the treasures of our Lord. When you follow such a person you may move towards it. Yes! if you are know and believe you must go in this direction but if you do not know and if you do not believe even if the whole World calls you, you will not go in this direction.

Therefore we are asking for good understanding from Allah Almighty. We are asking Him to let us know about ourselves and as to what we should do and as to how we should do it. We ask Allah Almighty to grant to our hearts a desire for such treasures. This association is only to make your hearts to desire these treasures and openings. If that desire comes into existence it is going to be so easy for you. Therefore you must ask to follow and you must reach. May Allah Almighty grant you success.

# DER DRITTE WELTKRIEG

Wenn jemand nach seinen Gefühlen handelt, handelt er nach seinem Ego. Heutzutage benutzt niemand mehr seinen Verstand. Dies bereitet uns Sorge für die Zukunft, denn die Völker geben ihren ganzen Reichtum aus, um immer mehr Waffen zu kaufen. Sie sind nicht fähig, darüber nachzudenken, daß jede Nation so wie sie selber ist, und daß sie auch das Recht auf Leben in dieser Welt haben. Sie sind nun alle fanatisch, jeder will alle Nationen kontrollieren, und das bewirkt, daß sich die Gefühle von Milliarden gegeneinander richten. Wenn es keine Kontrolle mehr gibt, erwartet uns eine sehr gefährliche und schreckliche Zukunft. Alle heiligen Bücher informieren uns über jenen kommenden schrecklichsten Krieg, den dritten Weltkrieg. Die Technologie wird von den Egos beherrscht, welche unberechenbar sind. Allah sagt, daß die Egos die Menschen immer dazu anhalten, das Schlechteste zu tun. Jederzeit kann ein Ego die ganze Welt verbrennen so wie Nero Rom verbrannte, zum Spaß und zum Vergnügen. Alle Egos sind so. Doch unser Herr, Allah, schaut auf seine Diener, und wir glauben an Seinen Schutz.

Ohne Glauben ist es so schwer, Frieden zu finden. Die Furcht kann die Menschen innerlich und äußerlich zerstören. Die Ungläubigen sind wie verrückt vor Angst, wenn sie über die Zukunft nachdenken. Deshalb benutzen sie Spirituosen, um zu vergessen, doch wenn sie wieder aufwachen, kommt die Dunkelheit wieder über sie. Es gibt mehr und mehr Trinker, die versuchen, die herannahenden Ereignisse zu vergessen, doch sie werden mit Furcht bestraft, denn Allah bestraft alle Ungläubigen mit Furcht. Der Glaube ist ein Schutz für

die Menschheit, und es gibt keine andere Zuflucht außer ihm. Je größer der Glaube ist, umso stärker wird der Schutz sein, habt keine Angst vor Bomben oder strategischen Waffen! Allah wird die Gläubigen beschützen. Wo ihr auch sein mögt, es ist genug göttlicher Schutz für euch da. Denkt Gutes, habt gute Absichten, tut gute Taten. Verrichtet eure Gebete, bewahrt Gerechtigkeit, Mitleid, Respekt und Liebe, und wenn ihr all das habt, braucht ihr keine Angst zu haben. Dies sind Allahs Eigenschaften, die durch die Propheten den Menschen angetragen wurden. Wer sie hat, steht unter göttlichem Schutz.

Noah rief 950 Jahre lang jeden Tag die Menschen zum Herrn auf, zum Gebet und Glauben. So viele Generationen weigerten sich und versuchten, ihn zu töten. Dann befahl Allah, sie durch die Flut zu töten. Noah baute auf Seinen Befehl eine Arche, und alle Gläubigen wurden in ihr gerettet. Es lebte damals eine alte Frau, die Noah von Zeit zu Zeit Milch von ihrer Kuh brachte. Sie bat ihn, ihr Bescheid zu geben, wenn die Flut kommen würde. Noah vergaß sie aber und eines Tages kam die Kuh mit den Füßen voller Schlamm zu der Frau zurück, und sie wunderte sich, denn es war kein einziges Wölkchen am Himmel. Nach der Flut traf sie Noah wieder, welcher ausrief: "Subhanallah! Wenn Allah jemanden beschützen will...". Die ganze Welt war unter der Flut begraben, doch diese alte Frau hatte das sonnigste Wetter. Wenn ihr glaubt und euer Bestes für die Leute tut, dann habt keine Sorgen. In unserer Zeit kommt eine Flut aus Blut, doch Gläubige müssen glauben, daß Allah fähig ist, selbst unter allen Atombomben jemanden zu beschützen.

Zur Zeit des ersten Krieges der Muslime gegen die Quraysh, als die Bogenschützen schossen, war die vorderste Linie der Gläubigen dicht aneinandergereiht, doch ein Pfeil flog über die erste Linie hinweg und traf in der letzten Reihe einen Jungen, der so zum ersten Märtyrer im Islam wurde. Hab keine Angst, wenn du in der ersten Reihe stehst, es ist überall gleich; wenn der Krieg kommt, ist es überall gefährlich. Es gibt keine Sicherheit außer unter Allahs Schutz. Versucht nicht von einem Platz zum anderen zu fliehen, bleibt im Haus und ihr seid beschützt. Wenn der große Krieg ausgebrochen ist, ist Damaskus der sicherste Ort. Wenn jemand einen Weg dorthin findet, mag er ihn nehmen, wenn nicht, soll er zu Hause bleiben. Allah beschützt ihn auch dort. Das Feuer auf der Erde ist nur der 70te Teil vom Feuer der Hölle. Als Gabriel aus der Hölle Feuer mitbrachte, tauchte er es 70 mal ins Meer ein und ließ es dann auf der Erde. Die Angst ist eine so schwere Last für die Ungläubigen, würde man sie auf einen Berg legen, so würde dieser zerbröckeln. Die Angst ändert nicht das Schicksal, die Bestimmung. Von hundert Menschen kann man nicht einen einzigen finden, der nicht in der Hand seines Egos gefangen ist. Die Gefahr ist nun so groß, weil kein Verstand mehr

die Egos kontrolliert, und wann eine der beiden Seiten auf den Knopf drückt, ist ungewiß. Für Ungläubige gibt es keinen Fleck auf der ganzen Welt, der Schutz gewährt, vielleicht werden sie mit ihren Bunkern begraben. Für alle Ungläubigen bedeutet dieser Krieg den Tod.

Jeder Gläubige soll sich da, wo er ist, waschen und zwei Rakats beten, Ayatul Kursi lesen und in alle sechs Richtungen blasen, dann wird er beschützt sein. Die Welt wird von der Feuerglut eingehüllt werden, doch wer Gutes im Herzen hat, wird überleben, alle anderen werden weggefegt.

BookGenerelleAntwortaufalleFragen

**Der geheime Pfad**

Im Namen Allahs, des Gnädigen, des Allbarmherzigen

Unser Schöpfer ist allmächtig und einzigartig. Er hat Macht über alle Dinge. Niemand kann erschaffen, was er erschafft. Seht euch ein Gesicht an und sucht, ob ihr ein ihm gleiches findet. Alle Gesichter haben zwei Augen, eine Nase, eine Zunge, Lippen, zwei Ohren. Zwei, vier, sechs Organe schaffen eine unendliche Zahl unterschiedlichster Gesichter. Schaut, ob ihr zwei identische findet: Zwei Augen mögen gleich sein, aber dann unter - scheidet sich die Nase, ist der Mund gleich, unterscheiden sich die Augen, oder die Form der Ohrmuscheln wird unterschiedlich sein. Der Schöpfer schuf die Menschheit im allgemeinen nach der gleichen Form, und dennoch hat jeder Mensch seine ganz eigene Erscheinung. Es gibt einen Ausspruch der Aulia: “Gelobt sei unser Herr, der die Herzen so schuf, dass ein jedes auf eine andere Weise für etwas schlägt.“

Nun sprechen wir über unsere äußere Erscheinungsform, die zeitlich und vergänglich ist, aber über unseren Körper hinaus besitzen wir unser spirituelles Wesen; denn ebenso wie wir eine äußere Erscheinung haben, gibt es unser inneres Wesen. So wie unser Schöpfer uns Menschen millionenfach unterschiedlich in der äußeren Erscheinung erschaffen hat, so unterscheiden sich unsere inneren Wesen in noch viel größerem Maß voneinander, Jeder trägt ein

anderes, ganz charakteristisches Sein in sich.

Der Schöpfer, der unser Herz geschaffen hat, sieht auf das Herz mehr als auf irgendein anderes Teil von uns. Man sagt nicht A und greift sich an den Kopf, wenn uns etwas trifft, sondern wir fassen uns ans Herz, denn unser Herz ist der wichtigste Teil unseres Körpers, soviel wichtiger als der Kopf. Das Herz ist der Sultan und alle anderen Körperteile sind ihm untergeordnet. Unsere wahre Persönlichkeit ist in unseren Herzen eingepflanzt und ein jeder besitzt in der göttlichen Gegenwart eine ganz eigene und spezielle Persönlichkeit.

Deshalb lässt der Schöpfer der Herzen die Herzen sich auf die unterschiedlichste Weise beschäftigen. Ein jeder sieht auf seine ganz eigene Weise zu seinem Herrn und ein jeder besitzt seinen eigenen, ganz speziellen Kanal zu seinem Herrn. Und glücklich sind diejenigen, die ihren Kanal reinigen können.

In unserer Zeit sind sich die Menschen dieses Kanals nicht mehr bewusst und er ist verschlossen, Wie ist das möglich? Was ist der Grund dafür?

Die Ursache sind die nicht endenden Wünsche und Verlangen unseres physischen Körpers, die nicht zulassen, dass wir uns um diesen Kanal bemühen.

Kaum haben wir morgens unsere Augen geöffnet, fangen wir an zu rennen bis zum Abend. Ich frage euch:“ Hinter was rennt ihr her?“ Fußballspieler rennen hinter einem Fußball her. Wofür rennt ihr den ganzen Tag? Es ist kein Fußball da. Und am nächsten Tag dasselbe von vorn. Wofür? Habt ihr irgendetwas erreicht? Ihr sagt:

‘Nein, morgen fangen wir an!‘ Und auf diese Weise rennen wir und unsere Hände bleiben leer. Bis schließlich ein Bescheid von oben kommt, dieser Mann wird pensioniert, er ist müde, erledigt und bekommt jetzt seine Pension. Und dann sitzt er in einem Sessel, und dann liegt er in einem großen Mercedes und wird zu jenem Stück Land unter die Bäume gebracht, wo er sich ausruhen kann.

Die Menschen wissen nicht, warum sie rennen, warum und wofür sie leben. Sie nehmen sich keine Zeit, sich hinzusetzen und nach sich selbst, nach innen zu schauen. Ein Jeder ist nur mit Allem um ihn herum beschäftigt. Damit beschäftigt und daran gekettet. Mit einem Wort: Wir sind alle Sklaven, nicht die geringste Willenskraft ist in unseren Händen. Wir sind nicht frei. Wir verlangen immer nach Freiheit. Das Verlangen nach der totalen Freiheit macht Sklaven aus uns, denn die grenzenlose Freiheit bedeutet, unseren nicht endenden, grenzenlosen Wünschen den Weg zu bahnen, Das ist der Punkt, weshalb die Menschen nach immer mehr Freiheit verlangen. Jedes Hindernis soll aus dem Weg geräumt werden, um sich möglichst jeden Wunsch erfüllen zu können. Aber die Regeln, die der Schöpfer den Menschen gegeben hat, sind ein Hindernis.

Die Jugend verlangt ihre grenzenlose Bedürfnisse und Wünsche zu befriedigen, aber der Schöpfer lässt ihre Hände nicht heranreichen. Ihre Pferde mögen laufen mit aller Kraft, aber die Ebene, auf der sie sich austoben können, ist klein, Kommt die Jugend ins reifere Alter, ist mehr Raum da für ihre Pferde, aber diese werden schwächer.

Dies ist das Gleichgewicht, das der Allmächtige für die Menschen Schuf. Wäre es nicht so, würde dieses Leben furchtbar sein. Die Jugend verlangt nach mehr und mehr Freiheit, um ihre endlosen

Bedürfnisse zu befriedigen, aber die Steigerung unserer Begierden und Wünsche beschneidet unsere Freiheit mehr und mehr.
Zeigt mir Einen, der von sich sagen kann: ‚ich bin am Ziel meiner Wünsche und Begierden angelangt. Ihr werdet keinen finden.
Glaubt nicht, dass jemand, der von Jugend an seinem Verlangen und dessen Befriedigung hinterherrennt, dieses aufgeben kann, wenn er alt ist. Er wird nicht sagen, ‚ich hatte alle Möglichkeiten, mich auszuleben, als ich jung war, nun brauche ich es nicht mehr.‘
Die Begierden versklaven euch. Hütet euch davor, ihre Sklaven zu werden. All eure Verlangen und Begierden gehören zu denen eures physischen Körpers und sie betrügen euch. Ein Mensch mag 80 oder 90 Jahre alt werden, er wird noch immer Hunger und Durst spüren und sein Körper wird noch immer nach Schlaf verlangen. Obwohl er nun schon so viele Jahre getrunken, gegessen und geschlafen hat, ist er nicht in der Lage, auch nur einen Tag die Geduld aufzubringen, seinen Durst, seinen Hunger und seine Müdigkeit zu bezähmen. So viele Jahre hat er die Liebe genossen, aber er sagt nicht: Ich habe so viel geliebt, jetzt ist die Zeit vorüber, es ist genug, ich bin zufrieden.‘ — Nein — er oder sie beklagen sich bitter, , jetzt ist mir alles genommen.‘

Das sind Beispiele, wie es um unsere physischen Verlangen steht. Essen, Trinken, Sexualität, all unser Handeln dreht sich um diese drei Dinge, und sie führen uns in die Irre, weil wir niemals auf diese Weise zufrieden werden können. Niemand kann sagen, erst werde ich meine physischen Bedürfnisse befriedigen und mich anschließend dem spirituellen Leben zuwenden; denn solange ihr lebt, werden euch eure physischen Verlangen nicht verlassen. Ihr werdet niemals frei sein von dem, wonach euer Körper verlangt. Wenn ihr bis zu dem Tag wartet, an dem ihr euer Leben verlasst, ist Schluss,

Ende; euer Geist verlässt dieses Leben und ihr habt eure einmalige Gelegenheit verpasst.

Euch ist eine Chance gegeben durch euer Herz. Durch diesen Kanal, der den Weg darstellt zur göttlichen Gegenwart eures Herrn.

Es ist ein geheimer Pfad, der nur dem allmächtigen König gehört, und denen, die ihm dienen. Und Er sagt zu Seinen Dienern: ‚Oh meine Diener, kommt zu Mir auf diesem geheimen Pfad.‘

Wie erfreut wären unsere jungen Männer hier, wenn ihre Märchenprinzessin zu ihnen sagen würde: ‘Ich habe einen geheimen Weg für dich, wie du jede Nacht zu mir kommen kannst.‘ Selbst ein 99jähriger würde sich aufmachen.
Sie würden nicht mehr ruhen und rasten und an nichts anderes mehr denken. Und meine Töchter? Wenn ihr Traumprinz ihnen erscheinen und ihnen von einem geheimen Pfad erzählen würde, den er für sie hat,— oder verspräche, über diesen zu ihnen zu kommen in der Nacht... Jede würde sich bereit halten, ihn zu empfangen.
Soweit die körperlichen Freuden.

Euer Herr ruft euch, ‘Ich habe einen geheimen Weg für euch, Meine göttliche Gegenwart zu erreichen.‘ Aber wir haben kein Interesse, weil wir versklavt sind. Er möchte, dass ihr Prinzen und Prinzessinnen seid und keine Sklaven. Ihr sollt geadelt sein und nicht ein unwürdiges Dasein führen. Edle sollt ihr sein, die ihr Ego befehlen.

Ein Mensch kann ein einfacher Arbeiter sein, ein Bauer. Er ist ein Edler, wenn er sein Pferd beherrscht. Dann ist er ein Prinz in der göttlichen Gegenwart. Aber wenn ein Prinz von Geblüt nicht in der Lage ist, sein Pferd, sein Ego zu beherrschen, so ist er

ohne Adel. Dann besitzt er nichts weiter als einen würdigen Titel, aber es ist kein wahrer Titel, der ihm zusteht.

Derjenige, der in der Lage ist, seine Bedürfnisse und Verlangen unter Kontrolle zu haben, der ist ein Edler, ein Adliger.
Und dies kann ein einfacher Mensch sein, ein Straßenkehrer.

Gott, der Allmächtige sieht nicht auf den Rang, den er in diesem Leben bekleidet. Er sieht auf eure Eigenschaften. Könnt ihr Selbstbeherrschung üben, habt ihr euch unter Kontrolle oder nicht.

Die Menschen befinden sich auf zwei verschiedenen Ebenen: Die einen kontrollieren sich selbst, ihre Verlangen und Begierden — diese sind Geehrte in der göttlichen Gegenwart —, die anderen werden von ihren Egos beherrscht, sie sind nicht in der Lage, ihre Bedürfnisse zu kontrollieren. Sie sind Sklaven, auch wenn sie Könige, Präsidenten oder Premierminister sind. Das ist ohne Bedeutung. In der göttlichen Gegenwart sind sie Sklaven, ohne Ehre und Würde.

Schaut euch selbst an, meine Töchter und Söhne, seid ihr Sklaven oder freie Prinzen und Prinzessinnen?

Wenn ihr weiterhin Sklaven sein wollt... es steht euch frei.
Wenn nicht, dann wendet eure Aufmerksamkeit eurem bedeutsamen inneren Wesen zu und bemüht euch, euren Kanal zu klären, der die Verbindung zur göttlichen Gegenwart eures Herrn darstellt.
Ich erbitte von meinem Herrn, dass die unendlichen Meere der Barmherzigkeit durch eure Herzen fließen mögen.

Ich erbitte von meinem Herrn, dass die endlosen Ozeane der Liebe durch eure Herzen fließen mögen.

Ich erbitte von meinem Herrn, dass die unendlichen Meere des Wissens meines Herrn durch eure Herzen fließen mögen.

Ich erbitte von meinem Herrn, dass die endlosen Meere der Weisheit sich in eure Herzen ergießen mögen.

Ich erbitte von meinem Herrn, dass die unendlichen Meere der Schönheit durch eure Herzen fließen mögen.

Ich erbitte von meinem Herrn, dass die unendlichen Meere von Nur, die endlosen Lichtmeere sich in eure Herzen ergießen mögen.

Ich erbitte von meinem Herrn, dass die unendliche Großzügigkeit meines Herrn durch eure Herzen fließen möge.

Ich erbitte, dass alle unendlichen Meere, die seiner göttlichen Gegenwart angehören durch eure Herzen fließen mögen.

Wa min Allah at — taufiq

## Fi Akhsani Taqwim - Der Mensch ist das beste Modell

(UnderstandningAhsaniTaqweem, Englisch)

As-salamu aleikum! Destur ya Seydi meded ya rijalallah la ilaha illallah 3x
Sayiddina wa nabiyuna wa maulana muhammadur rasulullah sws meded ya rijalallah und wir geben unser Salut unserem Grossscheich, der dafür verantwortlich ist, alles in dieser Welt zu arrangieren in unserer Zeit, möge Allah ihm noch viel mehr Glorie und Macht und Ehre gewähren und diese Ehre kommt über das Siegel der Propheten sws as-salamu aleikum!

O unsere Zuhörer, passt auf, dass ihr bei dieser Versammlung anwesend seid, schaut nicht danach, wer da spricht, sondern danach, wer es ist, der ihn zu allen Leuten sprechen macht. Wenn ihr denkt, das (was ich spreche) wäre falsch - schaut auf euch selber: Dann stimmt etwas nicht mit euch. Da ist ein Spiegel, wenn man hineinschaut und das Gesicht verzieht, dann zeigt euch das der Spiegel, ihr werdet wie ein Affe aussehen. Wenn ihr (aber) reinschaut und euch freut und sagt: O mein Herr, du hast mich als ein bestes Modell erschaffen, ich danke DIR dass DU mich fi akhsani taqwim erschaffen hast, nach dem besten Modell (Sheikh Effendi guckt in den Spiegel und strahlt).

Wenn wir so erschaffen wären, dass unser Mund von hier nach hier reicht (deutet einen überbreiten Mund

an), unsere Nase so (zeigt von der stirn bis zum Kinn) ... ist und wir so... aussehen ... ER kann uns nämlich auch nach einem hässlichen Modell erschaffen, aber ER hat gesagt: ICH habe euch fi akhsani taqwim erschaffen keiner kann sich ein Modell für euch ausdenken, das besser wäre. (Wenn ich jetzt vorschlagen würde), dass die Leute des 21 Jahrhunderts, die immer so viel rennen und die auf zwei Beinen laufen, vier Beine haben sollten? - Wie kann das sein, o Salafi Ulemas, was denkt ihr darüber? akhsani taqwim... man kann sich kein besseres Modell ausdenken als das, nach dem uns der Herr erschaffen hat. Dem Menschen sind (diejenigen) Eigenschaften gewährt, die für ihn geeignet sind: Alle seine Organe sind am besten Platz und in der schönsten oder geeignetsten Form.

Was sagt ihr dazu, o Salafi Ulemas, denkt ihr, der Herr der Himmel hätte den Menschen mit einem Bart erschaffen? Macht ein Bart einen Mann schön oder hässlich? Was denkt ihr? Ihr sagt: "Für einen Mann ist es in Ordnung, einen Bart zu haben." Was ist (dann) mit denen, die mit ihren Bärten spielen und sie so und so rasieren (deutet einen spitz rasierten Backenbart an) und merkwürdige Modelle (aus ihnen) machen, o Salafi Ulemas? Was soll dieser Unsinn? Warum sagt ihr nichts, o ihr Leute, die ihr dazu ernannt seid, die Leute zu lehren? amir bil maruf wa... anil munkar Warum sagt ihr den Leuten nichts? Lasst das mit dem "haram", erinnert sie, denn ihr seid dazu ernannt, die Menschen zu korrigieren wenn sie etwas Falsches tun. O ihr Saudis! Sehr wenige lassen ihren Bart so, wie er wächst, sie spielen damit und machen die Moden mit. Im Islam gibt diese Moden nicht.

Was sagt der heilige Qur'an: ... ? Warum erinnert ihr die Leute nicht? Allah wird euch fragen! ER hat gesagt: „Ich habe den Menschen mit Vollbart erschaffen, warum spielen sie damit? Denkt ihr, Ich habe euer Modell falsch erschaffen? ICH bin Ahsanu Khaliqin; alles was ICH tue ist 100 % vollkommen." Warum sagt ihr das nicht (o Ulema)? Sie sagen: unser Schnurrbart muss kurz sein, weil sonst die Frauen unzufrieden sind und unsere Bärte müssen wie Nadeln sein. Sie sagen dem Barbier, er soll den Schnurrbart (ab)schneiden.

Wir reden über die Wurzeln der Scharia und ihr habt (die) Verantwortung. Allah sagt: „fi akhsani taqwim, warum spielt ihr mit den Bärten?“ Solche Leute denken, wenn doch unsere Gesichter wie die von Frauen wären. Sie sind auf der untersten Stufe. Allah hat den Mann als Mann erschaffen, es gibt ein privates spezielles Modell für den Mann und eines für die Frau. Frauen versuchen wie Männer zu sein und Männer (versuchen) wie Frauen zu sein - das ist haram. Warum sagt ihr das nicht?

Schaut ihr nie in den Spiegel? Ich habe gerade einen gekauft und er war billig... ihr könnt (auch) einen teuren kaufen... Ich hörte, dass einige reiche Frauen sich ein privates Zimmer einrichten, das voll mit Spiegeln ist. Und sie kommen und schauen sich von allen Seiten an, (Sheikh erhebt sich, setzt eine eitle Miene auf und bewundert sich in den imaginären Spiegeln) wie sie da und da aussieht... und diese Spiegel machen das groß was klein ist und das klein was groß ist. Einige sehen (darin) wie eine Karikatur aus. Dann kommt der Mann und schaut rein und akzeptiert nicht, was er sieht und sie vertreibt ihn. Niemand, weder Frauen noch Männer, sind heutzutage zufrieden mit der Gestalt, in der sie der Herr erschaffen hat. So viele (türkische) Frauen wollen ihre Nasen verändern, so dass sie wie Falken ausschauen (Sheikh drückt seine Nase zu einer Stupsnase): „Wir müssen die Nasen ein bisschen so wie die europäischen Frauen machen, die sind so klein und schön, wir müssen eine Operation machen.“ Plastic surgery, und wenn (die nicht gelingt und) es (danach) noch hässlicher aussieht, mögen sie sich eine Plastiknase aufsetzen und (sagen) es ist so wunderschön!

O Leute, ich spiele hier kein Theater, es ist mir aufgetragen, euch zu sagen, was der richtige Weg ist und was der falsche ist. Und ich schimpfe mit den Salafi Ulemas, die immer sagen „Dhikr ist bida, warum tragt ihr Turbane, warum macht ihr Tasbih, warum macht ihr Salawat?“ Dass ist das einzige, was für sie wichtig ist, und sie sehen, wie tausende Jugendliche gegen den Herrn kämpfen: „Warum hat ER mich so erschaffen? Ich bin zu klein... schaut der da ist wie ein Kamel oder Zebra, eine Giraffe.“ Sie sitzen den ganzen Tag und reden darüber. O Leute, kämpft nicht gegen euren Schöpfer. ER ist der Schöpfer und erschafft jeden anders, nach einem anderen Modell, man kann keine zwei Leute finden, die 100 % gleich sind. wa dhakkir, Allah der Allmächtige sagt Seinem Geliebten: „O mein Geliebter, sage es, befehle, erkläre Meine himmlischen Befehle, dass Meine Diener den rechten Weg einhalten sollen und dankbar sein sollen, sie sollen al-hamdulillah sagen, dass sie nicht als Esel oder Kuh oder Giraffe oder Fuchs oder Schwein erschaffen (worden) sind.“ Das ist wichtig! Versteht ihr?

Wie sind wir hierhin gekommen? Wir sagen Audhubillah und Bismillahirrahmanirrahim. O unser Herr, schütze uns, dass Deine Geschöpfe keinen Schaden erleiden. Ich schäme mich dafür, dass alle Geschöpfe versuchen ihr Äußeres zu verändern, ihr Modell, und sagen: dieses Modell gefällt uns nicht, wir müssen so und so aussehen, und Allah der Allmächtige erinnert die Leute: ..wa ma yughairianna khalqillah ??? Schaitan schwor: "Oh, ich bin weggeschickt und verworfen worden wegen der Menschen, aber ich werde versuchen,

alles was ich nur tun kann zu tun, und sie davon abzubringen, die himmlischen Befehle ihres Herrn einzuhalten." Warum sagt ihr nichts? Das ist eine ayat karima, dass Schaitan sagte: "Ich werde ihnen nachlaufen, und sie dazu bringen gegen alle Deine Befehle anzugehen."

Du hast den Mann mit Bart erschaffen und dem himmlischen Wissen der Heiligen entsprechend gibt es eine Stufe im Himmel, wo Engel sind, deren Tasbih lautet: yusabbihullah halli ... Allah der Allmächtige hat der Menschheit, den Männern und den Frauen, je eine Schönheit verliehen: den einen mit ihren Bärten, den anderen mit ihrem Haar. Die Engel sind so froh, dass Allah seinen Stellvertretern eine äußere Vollkommenheit gewährt hat - akhsani taqwim. Wenn die Männer keinen Bart haben, wie hässlich sind sie? Und wenn die Frauen Bärte hätten, wie hässlich würden sie aussehen? Aber Allah der Allmächtige hat den Männern Vollkommenheit mit ihren Bärten gewährt und die Engel machen ein Tasbih dafür und eine andere Gruppe von Engeln sagt: subhana man... nisa min sawarib ??? Die Engel machen Tasbih, dass Allah der Allmächtige die Männer so hübsch aussehen lässt mit ihren Bärten, und dass Er den Frauen Schönheit gewährt mit ihren langen Haaren... Warum erinnert ihr sie nicht daran? Allah wird euch fragen! Euch ist immer nur wichtig, warum die ahlul sunnah wa jaamat Salawat machen, warum sie nach dem Adhan salat wa salam machen, warum sie dies und jenes tun. Ich erinnere euch daran, dass ihr eure Wege korrigieren müsst und die Leute lehren müsst, was Allah der Allmächtige sagt, was Sein Prophet sagt, was die Engel sagen, was die Bedeutung von akhsani taqwim ist: das beste Modell in der Schöpfung ist dem Menschen gewährt, und die Vollkommenheit der Männer ist mit ihren Bärten und der Frauen ist ihr langes Haar.

O Leute, möge Allah uns vergeben, die Zeit kommt an ihr Ende und der Tag der Auferstehung nähert sich, heute leben wir, aber morgen oder übermorgen gehen wir aus dem Leben und in die göttliche Gegenwart, hütet euch vor Schaitan, vor satanischen Ideen. Alle Männer heute versuchen, wie Frauen auszusehen und die Frauen wie Männer. Das ist falsch, ein Mann ist ein Mann, eine Frau eine Frau, das beste Modell ist das, und niemand kann etwas Besseres vorschlagen. Die Leute heute sind so beschäftigt - sollen sie vier Beine haben? Ist das akhsani taqwim? Nur Unverständige werden sagen: „Ich schlage vor, dass es für die Leute des 21 Jahrhunderts nicht mehr ausreicht zwei Beine zu haben - sie sollten vier haben und statt zwei Händen mindestens drei, denn zwei reichen nicht mehr, sie brauchen die (dritte Hand) zum Telefonieren. Und zwei Ohren reichen dazu nicht mehr, sie brauchen drei Ohren, damit sie alles hören.“ Jemand anderes schlägt vor: „Ich glaube ein Mund reicht nicht mehr, denn die Leute essen so viel. Ich schlage zwei Münder für die Leute

des 21 Jahrhunderts vor.“ Und ich schäme mich darüber zu reden, wie viele von den anderen Organen sie haben wollen, einige wollen 4o von einem bestimmten Organ.

O Ulemas, bleibt auf dem wahren Weg und folgt den Wahrhaftigen. Sagt wer von denen, denen ihr folgt, wahrhaftig ist. Zeigt mir einen Wahrhaftigen und ich folge. Aber ihr könnt keinen nennen. Möge Allah uns vergeben, so falsche Sachen... die Leute kämpfen gegen ihren Schöpfer, und niemand ist zufrieden mit dem, was sein Herr ihm gewährt hat, immerzu beschweren sie sich und danken nie. Allah der Allmächtige mag es nicht, wenn Seine Diener sich beschweren. Er, unser Schöpfer, möchte, dass Seine Diener dankbar sind, Ihm dankbar sind. Wenn man jemandem ein Zuckerstückchen gibt, sagt er: Danke. Und die Gaben Allah des Allmächtigen kann kein Computer zählen, aber wer sagt (schon): „O rabbi lakal hamd wa shukr - wir sind Dir dankbar bei Tag und bei Nacht"? Niemand, aber wenn man jemandem ein Bonbon gibt, dann sagt er: „Danke, mein Herr“, und die modischen Damen sagen: „Danke Danke Danke.“ Täglich sagt man bei verschiedenen Gelegenheiten danke, aber ich höre nicht, dass die Leute sagen: O unser Herr, tausendfach und millionenfach Dank an Dich. Aber sie wollen immer mehr Dollar... Sie sagen nicht: Millionenfach Dank Dir, o unser Herr. Einander sagen sie vielleicht hundertmal täglich "Danke Danke Danke, Danke mein Herr XY ... ich bin so froh... ich wollte rauchen und hatte kein Geld mehr und jetzt hast du mir etwas gegeben, danke mein Bruder.“

Versteht ihr mein Englisch, o Salafi Ulemas? Ich habe mein Englisch vergessen, als ich jung war... aber jetzt... und euer Verständnis ist so langsam - wenn wir nicht alles wiederholen, dann versteht ihr nicht. Ihr sagt: „Das ist Englisch? Ich hole das Wörterbuch... was sagt der Scheich?“ Ich sage: „Wenn jemand einen Esel hat, wie kann er ihn beruhigen?“ (Und sie fragen sich) „Was ist ein Esel?“ Ein Esel ist "ass"... "ass"? - Das ist ein kleiner Esel - so wie ihr ... das sind große Esel... Möge Allah uns vergeben. Schläft jemand? Nein. Wenn ihr schlaft, während ich rede, mache ich ein Dua, dass ihr heute die ganze Nacht nicht schlafen könnt. Möge Allah uns vergeben.

Allah Allah Allah Allah Allah Allah Aziz Allah Sultan Allah ... Aziz Allah...

Afwak wa ridaak ya rabb, vergib uns, o unser Herr und segne uns. Ich rieche den Duft des Segens hierher kommen, deshalb sage ich:

Dumdumdumdum 8x

Fatiha

Das reicht.

Fatiha (47 min Sayyidi)

Das muss so sein, denn ich habe DUMDUM angefügt. Gebt mir Wasser.

**Der Schatz**

Indien ist ein erstaunliches Land, voller seltsamer und ungewöhnlicher Gebräuche. In einer bestimmten Gegend Indiens war es Brauch, die Bevölkerung einmal pro Jahrhundert zu einer allgemeinen Versammlung zusammenzurufen. Nur einmal in hundert Jahren, aber dann mußte jeder, der zu dieser Zeit im Königreich lebte, ohne Ausnahme der Versammlung beiwohnen. Selbst Neugeborene mußten dabeisein. Auf dieser Versammlung sprach dann nur eine Person zu den versammelten Massen. Wer? Nur der, der das vorhergehende Treffen besucht hatte und noch immer am Leben war. Und dieser Alte sprach ungefähr diese Worte: "Oh, meine Söhne und meine Töchter, vor hundert Jahren war ich ein kleines Kind, und mein Großvater nahm mich bei der Hand und brachte mich hierher. Oh, meine Söhne und meine Töchter, außer mir lebt keiner mehr, der beim vorigen Treffen anwesend war. Und ihr seid jetzt zwar hier, lebendig und atmend, aber beim nächsten Treffen im nächsten Jahrhundert wird von euch außer einem oder zwei, die heute erst Säuglinge sind, niemand mehr da sein."

Das war ein seltsamer Brauch, aber kein nutzloser. Ein Brauch, durch den den Menschen verdeutlicht wurde, daß sie nicht für immer auf dieser Erde sein würden. Die

Lektion war sehr wirksam für die ganze Bevölkerung, sie erinnerte jeden daran, daß er nur Gast in einer Karawane ist. Vor allem junge Leute sollten durch diesen Brauch an die Flüchtigkeit des Lebens auf dieser Erde erinnert werden, was gerade sie in der Hitze jugendlicher Kraft leicht vergessen. Sie wurden mit der Tatsache vertraut gemacht, daß der Schatz, den sie noch im Augenblick besitzen, schnell zerrinnen wird. Im Rückblick auf ihr Leben sehen die Menschen die Jugend als die kostbarste und wundervollste Zeit an. Ist dieser Schatz aber einmal vergeudet, bringt ihn nichts zurück, und für den Rest ihres Lebens werden sie bedauern, wie sie jenen Schatz verschleuderten und nichts an seine Stelle zu setzen haben. Hätten sie nur mit Weisheit von ihm gezehrt und sich nicht durch den Besitz verrückt machen lassen, könnten sie sich ihrer

Jugend mit Freude und nicht mit Bedauern erinnern und würden sogar etwas von diesem Schatz durch ihr ganzes Leben tragen.

Aber heutzutage sind die Leute so zügellos, daß die Jugend nicht mehr wie früher bis zum Alter von dreiunddreißig Jahren dauert, sondern schon mit dreiundzwanzig vorüber ist. In der Zukunft wird es wohl schon mit dreizehn soweit sein. Dann werden die Jungen in diesem Alter bereits physisch und geistig verbraucht sein.

Wenn ein junger Mensch die Pubertät erreicht, entdeckt er, daß er in das große Meer gefallen ist und darin schwimmt. Kleine Kinder sind auch schon in diesem Meer, aber sie verstehen es noch nicht. Der Beginn der Pubertät ist wie ein Ansprung von Erstaunlichem und Verwirrendem. Sind die jungen Leute dann nicht vorbereitet zu verstehen, was vorgeht, so gleichen sie jemandem, der fröhlich im warmen Wasser planscht und nichts als sein Vergnügen will. Früher oder später wird er seiner Eskapaden überdrüssig werden und nach dem Ufer ausschauen. Aber leider trug ihn, ohne sein Wissen, eine Strömung vom Ufer hinweg. Wenn er entdeckt, daß ihn diese gefährliche Strömung erfaßt hat, mag er in Reichweite des Ufers sein oder schon zu weit hinaus, um sich noch selbst zu retten. Wer sich in dieser Strömung vergessen hat, muß mit doppelter Anstrengung versuchen, das Ufer zu erreichen. Er muß nämlich nicht nur die Entfernung zurücklegen, sondern auch doppelt schnell und unablässig schwimmen, damit er nicht von der Strömung zurückgetragen wird und dort endet, wo er begann.

Sein Leben wird nur noch aus dem Kampf um eine sichere Rückkehr an das Ufer bestehen. Alle jungen Menschen unserer Zeit sind in diesem Kampf befangen, denn sie wurden weder zu starken Schwimmern ausgebildet, noch macht sie jemand auf die starke Strömung aufmerksam. Wären sie auf diese Situation vorbereitet worden, könnten sie ohne Schwierigkeit ans Ufer schwimmen und dabei noch ihr Vergnügen haben. Statt blind im Kreis herumzuschwimmen, bewegten sie sich geradewegs auf das Ufer zu. Dies würde ihnen Vergnügen bereiten und die Kraft geben, ihr ganzes Leben lang gefahrlos in diesem Meer zu schwimmen, denn nun hätten sie seine Strömungen und das Ausmaß ihrer eigenen Kraft kennengelernt und wären so nie unachtsam.

Wer das Ufer der Ruhe und Sicherheit nicht erlangt, kann sich nicht darauf verlassen, unbegrenzt lang über Wasser zu bleiben. Selbst Maschinen aus hartem Stahl brauchen Ruhe, wie dann erst dieser Sack aus Fleisch

und Knochen? Geht lieber direkt auf das Ziel zu, statt zehnmal um den Hügel herumzulaufen! Die Energie der Jugend ist nicht erneuerbar, sie kann nicht nachgefüllt werden wie ein Autotank.

Göttliche Leitung setzt der Jugend Grenzen, damit junge Menschen ihre Schätze nicht verschleudern. Wenn sie die Weisheit göttlicher Leitung erkennen, mögen sie den Schatz der Jugend ihr Leben lang behalten, wenn nicht, werden sie schon in frühem Alter wie wandelnde Leichname sein.

Wer jedoch sein geistiges Leben zu erwecken sucht und selbst mit den vom göttlichen Gesetz erlaubten Vergnügungen Zurückhaltung übt, wird seine Jugendlichkeit länger als jeder andere bewahren. Sein Training für ein spirituelles Leben besteht unter anderem darin, ein einfaches Leben zu führen und nicht alles zu tun, was das Gesetz erlaubt. Unser Großscheich wurde über hundert Jahre alt und war so stark wie ein junger Mann. Als die Ärzte ihn einmal untersuchten, waren sie verblüfft, daß er den Blutdruck und den Puls eines viel jüngeren Mannes hatte.

Großscheich wies mich auf ein Wort des heiligen Propheten hin, in dem er dem Schäfer riet, etwas Milch im Euter des Mutterschafes übrigzulassen, statt es bis zum letzten Tropfen auszumelken. Der Prophet, Friede sei mit ihm, erklärte, wenn ein wenig Milch im Euter bleibt, werde leicht mehr Milch erzeugt, um es wieder aufzufüllen; aber wenn es bis zum letzten Tropfen ausgepreßt wird, füllt es sich nur schwer wieder. Wir müssen aus diesem Wort einen weitreichenden Schluß ziehen.

Die unbegrenzte Freiheit in unserer Zeit erweckt eine Art von Gier, die junge Leute dazu drängt, ihre Energien so sehr zu verschleudern, daß sie nicht mehr zu erneuern sind. Seht, welch weitreichende Bedeutungen die Lehren unseres Propheten, Friede sei mit ihm, haben: Er sprach zu einem Mann über das Melken von Schafen, aber darin sprach er etwas an, das im Herzen der Probleme unserer Zeit liegt.

Die Menschen des zwanzigsten Jahrhunderts brauchen nichts dringender als die Lehren des letzten Propheten, vor allem die jungen Leute; selbst Millionen von Psychiatern werden ihnen nicht helfen können, und weder Millionen von Ärzten noch Tonnen von Medikamenten werden ausreichen, ihre Krankheiten zu heilen. All diese Anstrengungen werden wie ein Tropfen im Munde eines Verdurstenden sein. Das ist das Läuten der Alarmglocke. Wenn niemand achtgibt und einschreitet, wird die Welt tiefer und tiefer in den Sumpf sinken.

## Der vollkommene Bildner

bismillahi r-rahmani r-rahim Gutes bringt gute Leute zum Guten. Jene, die auf dem Paradiesweg sind, sollten das Paradies erreichen, während solche, die auf dem Höllenweg sind, in der Hölle enden müssen. Wer nach Nikosia fährt, sollte Nikosia erreichen, und wer sich nach Kyrenia aufmacht, müßte Kyrenia erreichen. Es ist so einfach, aber die Menschen beweisen sich als Felsklötze und als Holzköpfe – aus nicht einmal frischem, ja aus ganz trockenem Holz. Nein! Auch wenn man trokkenes Holz im Wasser einweichen läßt – niemals wird ein frischer neuer Zweig daraus hervorsprießen. Die meisten Leute sind Trockenholz-Leute, sie sind Holzkopf-Leute, Quadratkopf- Leute, Mongoltyp-Leute. Wir wurden nicht mit Köpfen aus Holz erschaffen, istaghfirullah; es sind unsere Egos, die uns zu Holzköpfen machen. Niemals wurdet ihr mit einem Holzkopf erschaffen, ihr wurden vollkommen erschaffen. Die Vollkommenheit dieses Glases zeichnet seinen Hersteller, seinen Macher, aus, sie deutet die Vollkommenheit seines Bildners an. Und dein Designer, wer ist Er? Er ist Allah der Allmächtige, der Schöpfer. Huwa lladhi yusawwirukum fi l-arham – Er ist der „Designer“ eines jeden in den Schößen der Mütter. Kann irgend jemand außer Ihm Vollkommenheit besitzen? Es ist unmöglich, du kannst dieses Wort nicht aussprechen oder auf irgend jemanden anwenden, und niemand ist in der Existenz als Er. Unser Verständnis ist begrenzt, und alle Wirklichkeit gehört Allahs unbegrenzten Meeren an. Wir beschäftigen uns mit einigem, um Dinge in den begrenzten Horizont unseres Verstehens zu bringen. Beispielsweise können wir sagen: „Wir versuchen, dieses unserem begrenzten Verstehen

näherzubringen, indem wir ein Teleskop benutzen.“ Man kann den Mond nicht herabholen, um ihn anzusehen, aber dieses Teleskop läßt ihn uns näher erscheinen. Es ist ein Mittel, die wahre Lage des Mondes unserem Verständnis näherzubringen. Ein Teleskop kann dir den Mond nicht herbeibringen, das ist unmöglich. Sie mögen schauen, aber nicht mit dem bloßen Auge, sie benutzen statt dessen ein Radioteleskop. Du kannst es nicht aushalten, mit dem bloßen Auge zu schauen. Einmal hörte ich von einer großen, sehr berühmten Autorität auf dem Gebiet der Astronomie. Als dieses Radioteleskop in jenem Palomar Obervatorium aufgestellt wurde, brachten sie einen Hinweis an, daß es nicht erlaubt, ja strikt verboten sei, mit ungeschützten Augen in das Teleskop hineinzuschauen. Eines Tages machte das Ego des berühmten Sternforschers mit ihm ein Spiel und brachte ihn dazu, zu sich zu sagen: „Jetzt ist keiner hier, ich muß es versuchen! Warum steht hier geschrieben, man dürfe nicht mit dem bloßen Auge schauen? Er warf nur einen Blick hinein und fiel augenblicklich nieder, die Sinne waren ihm geschwunden. Was war es, dessen Augenzeuge er gerade geworden war, was hatte er beobachtet? Er hatte am Himmel die Herrlichkeit der Größe Allahs des Allmächtigen geschaut, das ist es, was er nicht hatte tragen können, so war der berühmte Astronomieprofessor zusammengeborchen, bewußtlos. Dieses Teleskop nimmt nur Fotographien vom Himmel auf, und man kann sich diese Fotographien ansehen, aber selbst dann kann man es nicht ertragen, durch jenes gewaltige Teleskop zu schauen. Es ragt in eine Höhe von vielleicht achtzig Metern, aber im Vergleich zu diesem Planeten erscheint es nur wie ein Streichholz, vielleicht weniger. Dieses riesige Teleskop, auf das Europäer und westliche Gelehrte so stolz sind, weil es ihnen so gigantisch erscheint, ist nicht mehr als ein Spielzeughölzchen, mit diesem ganzen Planeten wenigstens verglichen! Du kannst dem nicht standhalten, mit bloßem Auge durch jenes Teleskop zu schauen. Aber jenes Teleskop ist nicht vorgetäuscht, sondern bringt dir Fotos. Du schaust dir Fotos von Dingen an, die du mit bloßem Auge nicht erblicken kannst. Dann sagen sie: „Oh, Pferdekopf- Nebel ...“, und Angst und Ehrfurcht angesichts seiner Größe erfüllen die Herzen der Menschen. Und die Ehrfurcht, die das Bild jenes Teleskops einflößt, macht Menschen demütig. Selbst seine Fotographie, die nur ein kleiner Fleck ist, ein schieres Nichts in der gewaltigen Ausdehnung des Alls, allein dieses Bild läßt einen vor Ehrfurcht erzittern. Es bringt nur einen Eindruck jener Größe auf Papier, um eine Vorstellung von jenen gewaltigen Galaxien zu entwerfen und sie uns näherzubringen, damit wir mit ihnen durch unser Verständis Kontakt aufnehmen. Allah der Allmächtige gibt den Menschen jetzt die Möglichkeit zu solch einem Verständnis, jedoch nur durch das Mittel einer Fotographie. Näher als das kannst du nicht kommen. Selbst wenn du mehr wolltest, du könntest es nicht ertragen, würdest in Ohnmacht fallen oder sogar sterben. Yas’a – als wenn Blitze auf ihn herabkämen und ihn niederstreckten, ihn zu töten, denn

es ist mamnu‘, verboten, mit bloßem Auge zu schauen: Es ist verboten. Du kannst nicht näher herankommen. Es ist etwas, das wir jetzt nutzen und besprechen, um unserem Geist wenigstens ein Minimum an Verständnis zuzuführen, mehr als das können wir nicht tragen. Deshalb: Der „Designer“ ist Er, jener Eine. Niemand kann über Ihn denken, unendliches Lob sei Ihm, Almighty Allah! Ihr seid dabei, nichts zu werden, ganz und gar nichts! Die satanischen Lehren aber, die jetzt verbreitet werden, nähren nur die Egos der Leute, so daß sie denken, sie würden etwas werden. Aller Ärger und alle Probleme rühren daher, daß ein jeder Unterricht, in Gymnasien, Haupt- und Grundschulen, den Kollegien, Universitäten, Akademien und anderer Einrichtungen, nur der Leute Ego nährt. Sie lehren das Ego zu denken, es sei der erste und der letzte und daß es nach ihm keinen mehr gibt. Niemals lehren sie sie die Wirklichkeit, da der größte Bremser das Ego ist! Ewig kommt es und hindert Leute daran, über die Wirklichkeit zu lernen, indem es sagt: „Schau mich an, ich bin der erste, der größte, gewaltigste ...“ Wie wir schon sagten, sind die heutigen Menschen meistes Holzköpfige, die sich nicht von ihrem Ego lösen und das Drängen ihren Egos nicht verringen, damit sie in die Wirklichkeit laufen könnten. Was ihr seht, ist ein Aspekt, aber wenn ihr eintretet, mögt ihr euch vielleicht in einem Buckingham Palast wiederfinden. Ihr schaut von außen, aber wenn ihr hineingeht, seid ihr überrascht über das, was ihr innen vorfindet. Das gilt für jeden berühmten Palast, Versailles, den Louvre oder den Vatikan – (und man fragt sich:) Ist es dasselbe, was wir von außen gesehen haben? Du kannst nicht sagen, ob es dasselbe Gebäude ist. Die meisten Menschen sind mit dem Äußeren zufrieden, sie versuchen nicht, die Wirklichkeiten zu erreichen. Deshalb ist es jetzt mit den Menschen vorbei, sie stehen alle unter der Kontrolle ihrer Egos und wiederholen zu einhundert Prozent, was es ihnen sagt, akzeptieren, was immer ihr Ego akzeptiert, gehorchen dem, was immer es befiehlt. Solange sie auf diesem Weg bleiben, werden sie niemals irgendein Verständnis im Laufe ihres Lebens erreichen. Wir sagten, daß dich das „Design“ zur Vollkommenheit des „Designers“ leitet. Ihr spracht über die Größe Allahs des Allmächtigen. Wir können Ihn nicht mit irgend jemandem vergleichen, und alles, was wir in dieser Einführung sagen, führt zu diesem Punkt. Er ist der Große, der einzige in Existenz. Wir unterstellen nur die Existenz anderer Wesen, um unser Verständnis zu erweitern, so daß wir leichter verstehen können. Es gibt kein Dasein im Dasein für irgend jemanden außer Ihm, dem Allmächtigen. Das ist für den Menschen die schwierigste Sache, seit er ein erschaffenes Wesen ist; er wurde entworfen nach einem vollkommenen göttlichen Entwurf – ahsani taqwim – denn Er ist der Entwerfende. Huwa lladhi yusawwarikum fi larham kaifa yasha’. Er benutzt keine Offset-Druckmaschine, um Kopien anzufertigen, es gibt von alleim nur eines, in einmaliger Anzahl. Ein jedes Wirkliche hat eine unabhängige Personalität, dies ist absolut notwendig. Ein Bakterium ist nicht dasselbe wie

ein anderes Bakterium, es hat ein eigenes Sein mit seiner eigenen individuellen Persönlichkeit, ist es nicht so? Selbst die Atome sind nicht alle gleich. Ich meine nicht den Unterschied zwischen Atomen des Wasserstoffs und des Sauerstoffs – selbstverständlich sind sie verschieden –, nein, ich meine, daß selbst unter Atomen derselben Art, des Wasserstoffs beispielsweise, es individuelle Unterschiede gibt. Allahu akbar! Wa ma qadaru Allahu haqqa qadrihi – Er ist Allah! Was kann eine Ameise über dich verstehen? Das ist ein Beispiel, das wir euch geben können, um zu helfen, daß ihr vielleicht versteht, wie groß die Größe Allahs des Allmächtigen ist. – Es ist ein sehr schwaches Beispiel, ein milliardenfach, trillionenfach, ein quadrillionenfach schwaches Beispiel. Wie ich spreche, fühle ich mich bereits beschämt, diesen Vergleich überhaupt anzustellen ... Nein, es ist unmöglich zu verstehen zu versuchen. Allah, allah ... Sultan al-kull, der König der Könige ist Er. Heute verstehen wir, daß man nicht „König der Könige“ sagen kann, denn es gibt keinen König außer Ihm, dem Ewigen König, dem Ewigen Sultan, niemand kann Seine Ewigkeit betreten. Was denkt ihr, ya humaka, o dumme Menschen! Möge Allah mir vergeben und uns Verstehen gewähren. Allah zid habibaka izzan wa sharafan, es kommt von Rasulullah durch den Großscheich, den Naqshibandi Weg, in mein Herz zum Nutzen jenes Professors ... um ihr Wissen auf Null zu bringen ... al-Fatiha.

## Descriptions of Prophets of Allah

Hajjah Roqiya: What did Sayyidina Musa (a) ask?

Mawlana Shaykh: He asked (Allah), “Did you create any other servant like me?” He (swt) instantly filled the desert with countless servants exactly like Sayyidina Musa, all with the same appearance, height and majesty. The desert was not able to count them. Allahu Akbar! Sayyidina Musa (a) was a fierce, majestic and forceful prophet dressed with the Divine Attribute of al-Jalaal, “The Majestic.” Our Prophet (s) had both Divine Attributes, al-Jalaal and al-Jamaal, “The Beauty.” Allahu Akbar!

Hajjah Roqiya: Did Sayyidina Musa (a) ask this when he went to Mount Sinai?

Mawlana Shaykh: I think so. Look at the question; Hajjah Roqiya is like a professor! I sometimes remember it and say it. He is Allah Almighty! When our Prophet (s) passed through the Seventh Heaven, he saw all of the inhabitants were like him; there was no difference. If one of them would come down to Earth, even the Companions (r) would not notice. He saw that he was not alone. This is the Glory and Magnificence of Allah!

Everything is in him (s); what Sayyidina Musa (a) saw is very little, and only Allah knows the limit of what our Prophet (s) has seen. Allahu Akbar! O our Lord! Give us health, power and well-being, for the honor of

Your Beloved (s) and for the honor of Musa Kaleemullah (a), `Isa Ruhullah (a), Ibrahim Khaleelullah (a), and for the honor of all other prophets, to destroy this unbelief and the sultanate of Shaytan!

Fatihah.

Salaams to all prophets! Prophet `Isa (a) was not jalaali, fierce, not at all! SubhaanAllah. Allah, Allah! Prophet Ibrahim (a) was a jalaali prophet, was he not?

Hajjah Roqiya: Sometimes.

Mawlana Shaykh: Sometimes?

Hajjah Roqiya:

••••• •••••••••••• •••••••• •••••••

Inna Ibraheema la'awwahun haleemun. Behold, Abraham was most tender-hearted, most clement. (Surat at-Tawbah, 9:114)

Mawlana Shaykh: But he was majestic, it is true. Inna Ibraheema la'awwahun haleemun. Haleem, clement. He stood up against Nimrood, and did not show any kindness with him. He was fierce when he needed to be. Therefore, he was the one who kept both, jalaal and jamaal. Allah, Allah! His majesty was such that whoever looked at his face would fall down. Nimrood used to say, "I cannot bear to see him!" He was very scared of him.

Hajjah Roqiya: But he would still continue to act like Nimrood?

Mawlana Shaykh: Yes, he continued to enact his tyrany. Allah, Allah!

Fatihah.

## Desire for the Infinite

Es gibt viele verschiedene Wege, um Menschen zu den zu Himmeln zu bringen. Diese Wege müssen den Fähigkeiten und Eigenschaften der Menschen entsprechen. Wir benutzen Methoden die dem jeweiligen Verständnis der Menschen und ihrem Glauben entsprechen. Diese richten sich nach ihrer individuellen Willenskraft. Entscheidend ist für den, der etwas erreichen will die Willenskraft. Deshalb schauen wir zuerst, auf welcher Stufe jemand ist, so daß wir ihn von seinem Ausgangspunkt schneller oder weniger schnell zu seiner himmlischen Station führen können.
Aus diesem Grunde fragen wir die Suchenden, ob sie bereit sind, sich einem Programm zu unterziehen, das sie zu ihren himmlischen Stationen führt. Die dazu erforderliche Willenskraft muß der Suchende selbst aufbringen, dann kann ihm der Meister des Weges entsprechend seiner Stufe etwas geben. Manchen gibt er am Anfang erst einmal nichts, weil zuerst bestimmte Eigenschaften in ihrem Inneren verändert werden müssen, damit sie frei werden emporzusteigen. Sufi-Meister müssen die geistigen Kräfte besitzen, die sie in die Lage versetzen, die Möglichkeiten und Fähigkeiten eines Menschen einzuschätzen, wenn sie ihn anschauen um ihm nicht mehr zu geben als er tragen kann, denn wenn jemandem zu viel aufgebürdet wird, kann es passieren, daß er in die Irre geht.

Unsere Stufe ist die Stufe der Suchenden, noch nicht einmal die der Anfänger. Wir müssen uns vorbereiten und versuchen, unsere Egos dazu zu bringen, keinen Widerstand gegen das zu leisten was wir erreichen

möchten. Das größte Hindernis auf dem Weg ist für jeden sein Ego. Es will nicht, daß ihr nach den Himmeln strebt, weil es mit den niedrigsten Stufen verwachsen ist. Das Ego weiß, daß es, wenn ihr es hinter euch laßt, für immer zurückbleiben wird und nicht mehr in der Lage sein wird, euch zu kontrollieren. Deshalb ist dies ein Kampf zwischen unserem Ego und unserer Seele und deshalb versuchen wir unsere Egos zu überlisten, damit sie keinen Widerstand mehr gegen unser Verlangen zu den Himmeln zu gelangen leisten. Wenn Ihr fähig seid, euch auf der untersten Stufe, der Stufe des Egos zu kontrollieren, wird es leicht, sich Schritt für Schritt in Richtung der Himmel zu verbessern.

Die Sufi-Meister geben Instruktionen, doch dann müßt ihr sie selbst in die Tat umsetzen. Wenn ihr etwas zu tun beabsichtigt, müßt ihr um meinen Beistand bitten und meine geistige Unterstützung wird mit euch sein. Wer nach himmlischen Wegen sucht, muß einen heiligen Menschen finden, der die Möglichkeiten und Fähigkeiten seiner Schüler einschätzen kann. Wenn ihr ihn gefunden habt und euer Herz hundertprozentig auf ihn vertraut, wird er euer Führer sein und euch empor geleiten wie eine Lokomotive an der Spitze eines Zuges, die fünfzig oder sechzig Waggons zieht. Manchmal wird noch eine zweite Lokomotive dahinter gekoppelt und dann geht es noch leichter.

Der erste Schritt besteht jedoch darin, die innere Sehnsucht nach den Himmeln zu entdecken. Wenn dies geschehen ist, wird euer Herr euch jemanden zuweisen, Er wird euch einigen derjenigen begegnen lassen, die den Weg kennen. Wenn ihr einen davon getroffen habt, könnt ihr euch an ihn ankoppeln und entspannen. An jedem Haltepunkt – wenn es nicht gerade eine U-Bahn-Strecke ist – erwarten euch zahllose Ausblicke, die ihr nie zuvor gesehen habt. Solange ihr euch aber nicht aus dem Tunnel des Egos herausgegraben habt, werdet ihr keine Visionen haben sondern euch weiter im unterirdischen Bereich bewegen. Wenn ihr euer Ego besiegt habt, werdet ihr neue Welten und neue Aussichten entdecken, die ihr nie zuvor gesehen habt.

Deshalb müsst ihr geduldig sein! Sagt nicht: „Ich sehe nichts, ich höre oder spüre nichts von diesen neuen Visionen, diesen neuen Klängen oder diesen neuen Erkenntnissen.“ Sagt so etwas nie! Vielleicht ist der Tunnel eures Egos nur ein kurzer Weg den ihr leicht durchgraben könnt und an dessen Ende euch grenzenlose Weiten erwarten, angefüllt mit wundersamen Dingen die all eure Vorstellungen übertreffen. Manche Menschen jedoch reisen ihr ganzes Leben bis an ihr Ende durch ihre Tunnel und finden keinen Ausweg daraus. Schließlich müssen jedoch auch sie in ihrem letzten Moment das Ende dieses Tunnels ihres Egos erreichen und daraus hervorbrechen und eine Öffnung finden.

Wir müssen geduldig sein, bis wir jemanden finden, der für unseren Weg der Richtige ist und auf den wir ganz vertrauen können um ihm zu folgen. Er wird uns helfen, uns aus den Klauen unserer Egos zu befreien. Dann werden wir uns, heraus aus der Dunkelheit, hin zum Licht bewegen. Bemüht euch darum und achtet darauf, euren Platz in diesem Zug zu halten und der Tag wird kommen, an dem ihr - vielleicht morgens, vielleicht am Abend, es könnte jederzeit sein – hervorkommt, herausbrecht, zu einem neuen Leben, zu einer neuen Vision und zu einer neuen Welt. Das Dunkel wird verschwinden und ihr werdet das Licht finden. Zuerst müsst ihr die Sehnsucht in euren Herzen haben. Enwickelt sie und stärkt sie durch Zusammensein mit eurem geistigen Führer. Wenn die Lokomotive das Ziel erreicht, werdet auch ihr dort ankommen. Alle Meister bewegen sich in Richtung der Himmel und durch die sieben Himmel, doch zuerst müsst ihr den Tunnel eures Egos durchbrechen. Es gibt einundvierzig verschiedene Arten von Wegen. Sie alle sind Hilfsmittel um aus den Tunneln unserer Egos herauszubrechen. Wenn ihr die Tunnel verlaßt, werdet ihr feststellen, daß kein Verlangen nach Schlechtem mehr in euch ist, ihr werdet rein sein. In diesem Augenblick erlebt ihr die Süße des Lichtes, schmeckt ihr die Süße der Barmherzigkeit, die Süße der Schönheit, die Süße der Liebe, die Süße der Weisheit, die Süße der Willenskraft und die Süße der Vollkommenheit.

Bis dahin müßt ihr geduldig sein und folgen. Sagt nicht: „Oh wie lange soll ich noch folgen ohne irgendetwas zu sehen?“ Nein, der Tunnel ist entsprechend eurem jeweiligen Ego lang oder kurz. Möge Allah euch eure himmlischen Stationen erreichen lassen. Dann werdet ihr glücklich sein, vollkommen glücklich!

## Desire of Worldly Wealth Steals Your Faith

(Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Salli yaa Rabbee wa sallim `ala Habeebika 'l-Mustafa min al-azali ila 'l-abad. Zidhu yaa Rabbee,`izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Yaa Rabb ighfir lanaa yaa Rabb bi jaahi yaa nabiyyik al-kareem, yaa Rabbi 'l-`Alameen, ameen. (Mawlana Shaykh sits)

Iba`tha lanaa malakan yuqaatil fee sabeelillah `adaainaa, ya rabbi 'l-`alameen. Thumma as-salaat wa 's-salaam `ala jami`ee 'l-anbiyaa wa 'l-awliyaa wa `ala Qutb az-Zamaan, Sahib az-Zamaan. Zidhu yaa Rabbee, `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. O our Lord! Give much more power to Your obedient servants.

O our Attenders! As-salaamu `alaykum. How are you today, happy or unhappy? If you are asking to be happy, try to make our Lord happy with us. Without making our Lord happy, you can't be happy here or

Hereafter. And, we are saying now, a`oodhu billahi min ash-Shaytani 'r-rajeem. (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem. We are trying to give our most high respect to our Lord, Almighty Allah. (Mawlana Shaykh sits)

Hayyy, Hayyy, Hayyy, Hayyyy, Hayyyy, Hayyyyyyy.
Huuuu, Huuuuu, Huuuu, Huuuu, Huuuuu, Huuu,
only You, Huuuu, Huuu, Huuuu, Huuu, Huuuu, Huuuu, Huuuu.

That is for our Lord's representative from pre-Eternal up to Eternal. He is not changing representatives; there is only one representative, yes.

O our Attenders! As-salaamu `alaykum. Today is Sunday. You like to go please yourselves as today is a holiday and you are trying to be happy. How are you going to be happy, I am asking our attenders. First, to meet our wives' demands, because if you are speaking one, they are speaking ten. If you are speaking ten, they are speaking twenty. Always, mashaa-Allah, their tongues are like machine guns, dir, dir, dir, wir, wir, wir. For what? "Today is a holiday and we must enjoy." Who asks for enjoyment with material aspects are ignorant and no-mind people. Those who are asking pleasure by material aspect means they are such no-mind creatures! If a person is not making a difference between a real and an artificial diamond, that means they prefer to be on the level of animals' world. No!

O People! The Lord of Heavens Who created us is unhappy if you are making your aims for material aspects, then the Lord of Heavens is not happy with you. If the Lord of Heavens is unhappy with you, which thing may make you happy? Finished! If you will be in heaps of gold or diamonds, you are feeling unhappy and will never be pleased and in pleasure, here or Hereafter!

O common People, our Attenders! You must always think something about what we are trying to speak and make translation of heavenly ones' languages. Yes, my mission is only to teach common people from what heavenly ones are asking from you. What are heavenly beings asking from us? Because heavenly beings like that people may reach a real pleasure, but you are changing your ways and saying, "No! We are not following heavenly aspects; we always prefer material aspects!" That is wrong. But people think, "We must enjoy ourselves, we are not thinking about tomorrow. Today we must try as much as possible to reach pleasure on this day and it is a holiday for us." It is fully a wrong idea, but shaytanic teaching is, "O my followers, you

must always try to take your pleasure in every day. Don't think for coming days, but today you must try as much as possible to make yourself in pleasure." Pleasure and pleasement are all heavenly grants, they are not material aspects, no! You may reach material aspects; for example, you may make heaps of gold or jewels, but these can't give you something that belongs to heavenly aspects or to spirituality. Spirituality is never satisfied by material aspects. For what are we trying to make heaps of dollars, euros, pounds, gold, or jewels? That belongs to the material world, but what you are asking is beyond those material aspects; you are asking a pleasure, pleasement and happiness, but all of them are spiritual aspects.

You may find so many people with nothing to dress and a very small hut to live in, but they are more happy than those people who have skyline buildings. They can't understand what that hut-man is finding of pleasure. They have one, ten, or more skyscrapers, but no real pleasure. That person living in a hut and his humble life gives him pleasure. He has nothing from the material world for himself, but he is pleased. People have been granted millions, billions, trillions, quadrillions from material aspects, but they are not happy!

O our Attenders, common People! Don't be cheated, as common people must be much more clever. They are praising, "This one is such a rich one, this one has too much money, this one has too much business." What, can you eat business? Why are you saying this? "He has a gigantic business." What is it giving to its owner? He is only eating one cup of meal and some drinks, eating and finished. And you may say, "These ten skyline buildings are for me," and that one says, "No, it is for me." Can you take it and carry that high building to another place, away from that one? Impossible! Why are people running after the impossible?

O Salaafiyoon! O Salafi `ulamas! Marhaban! That is a question. Where are you, sleeping? Because everyone in the Arabian Peninsula is a rich one, and no one knows your richness, yes! What is happening to you? People are thinking that enjoyment, pleasure, pleasement, happiness, contentment, and satisfaction is with buildings or with billions of gold coins, or boxes full of jewels, no! Why are you not saying to Arabian shaykhs and mulook? Why are you not awakening people, eeqaadh, to say that it is not a real enjoyment for you to have such richness, as it is not a target for Mankind. The main target must be heavenly aspects. If you are not making this, that means you are wasting your life that is a grant from the Lord of Heavens for nothing. Your being is a grant from the Heavens and that One Who is giving to you a heavenly being is making for you heavenly aspects. The Lord of Heavens never likes that His servants are running after dunya, gold, jewels, buildings, after cars!

Allah Almighty is asking from His servants, "O My servants, I am only asking from you servanthood for your Creator. I am that One, the Most Glorified, Most Majestic, Most High, Most Mighty! That is for Me and you are running after nothing? You are not coming to Me! I am the Lord, I am the Creator, and I am the Most Generous to grant to you and you are running after nothing, something of no value? All that you are running after, if you reach all treasures on Earth or under Earth, it is not even worth the wing of a mosquito, it has no value! Endless valuable grants are in My majestic, glorified territories and dominions. Why are you not coming? My dominions are endless and you are wasting your lives for nothing, running after Shaytan, and Shaytan is teaching you to always ask for more material aspects. Leave that and ask for never-ending heavenly aspects!"

In this world everything is ending, but in heavenly levels your Lord, Almighty Allah, is granting to you never-ending grants! (Mawlana Shaykh stands and sits)

O People! Don't be cheated! I am a weak servant, and my mission, and there are countless ones who are giving and their missions will be the same as we are trying to do. Perhaps a million ones you can find, and their missions are only to warn, "Beware! Hear what is the mission of all prophets and after prophets, their inheritors, who must be in every time!"

Everyones' declarations are only one point? What is that? Say, Salafi `ulamas! Wahhabiyoon are no-mind people, so leave them because they are not understanding. They sold their understanding and now they are never understanding anything! But I am asking to Salafi `ulamas, what is that point for all warners? There is one point from every talk that they are giving to people; what is their real aim? What are they doing? They are saying, "O People! Follow us!" and people answer, "How can we follow you?"

Yes, you must follow those warners. Warners declared war on Shaytan! I`alaanu 'l-harb, declaration of war. Every day, every time they are addressing people, they mean to say, "O People! You must declare war against Shaytan and shaytanic agents and their followers!" i`alaanu 'l-harb, a war declaration. Every day we have been ordered to say to people, "O People! Beware, and you must declare war against evil powers and Shaytan and its agents!" That is the meaning. We may speak too much, but that is a summary for all warners. They are saying, "O People! We declared war since our first father, Adam (a) was taken out from Paradise. Adam

declared war against Shaytan and he advised his children, 'O my children, I declared war against Shaytan because he is the main reason that I have been taken out from Paradise. I am at war with Shaytan, O my children, O my descendants, and you must also declare war against Shaytan because he did his worst for me and for my children. We were in Paradise, but if he is there, that is the center of evil. He is never happy even for one person to be in Paradise, and I was one with my wife, Hawwa (a), and he was unhappy and he tried until we may be thrown out from Paradise.' And that is Shaytan's mission and our mission: all prophets, advisors, heavenly messengers and all holy books are declaring war against Shaytan and its followers and agents. Beware of Shaytan!'"

May Allah forgive us for the honor of the Seal of Prophets. (Mawlana Shaykh stands) Say, Allahuma salli ‘ala Sayyidina Muhammad wa `ala alihi wa sahbihi was sallim. (Mawlana Shaykh sits)

Fatihah.

(40 minutes) Mashaa-Allah. Even today is Sunday and attenders are playing. Shaytan is saying to them, "Today you must dance, you must enjoy yourself." Even now they are listening and Shaytan is exploding, getting very angry, and I am saying to Shaytan, ptuuh (spit)! Everyone must say, "Ptuuh! Get away!" I was tired inside, but here I am getting strong. I was very tired inside because so many of Shaytan's people were there, they belong to Shaytan.

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

## The Devil's Time

Allahu Akbar Allahu Akbar wa Lillah al Hamd. Allahu Akbar Kabira, wal Hamdulillah Kathira. Wa Subhana Allahi bukratan wa asila. La ilaha illa Allah wa Allahu Akbar. Allahu Akbar wa Lillah al Hamd. Do you make them recite this? Do you make them recite in this form? Get accustomed to doing this.

There are some important instructions, that I may tell you briefly. Now...Dastur ya Mawlay.. Fatiha.

I heard that... Bismillahi r-Rahmani r-Rahim. You go out at night to drive around in Lefke. Is it true? Are you going out, driving around after isha time? Why are you doing this? Prophet (sas) said about this: "Do not let your young ones, children go out after maghrib(sunset) prayer". "Ahbisuhum, lock them". For what? That time, li annu shayateen yantashirun baadal ghalas. What is "ghalas?" It is the time when it gets dark & shaytans spread out, scatter around. "Ahbisu shababakum". Keep your young ones after maghrib because it is the time when shaytans spread out in the streets. Darkness descends & in that darkness the heaviness of the night crushes you. Their heaviness harms you also. "It is the time shaytans disperse." Hold on to your young ones after sunset.

What a beautiful order. This is the reason for all troubles on earth. "We can't manage (with our salaries), we can't have fun, can't live our lives, we can't manage with our money". Well if you go out in the streets after the sunset... What about our children, grandchildren making dawriya after maghreb time? It is the dead time of the day. If you want to go out, at the time when the sun starts to rise like this it gives life. If you are going to make dawriya, pray ishraq & make a

dawriya. Then come & sleep in duha time (before noon). You don't suffer from any diseases or troubles nor do you suffer the evil of shaytans. These are great instructions. This is a great instruction.

When the darkness of the night falls, it crushes man. "Wa Ja`alna Al-Layla Libasaan" (78:10) It says I made the night as a cover for you, that you may cover & find comfort in it. "Wa Ja`alna An-Nahara Ma`ashaan" (78:11) Life opens to you in the day time. It is closed at night time. At night time, pray isha & take your rest. Subhana Allah. The shepherds know, the shepherds know Faridun. Subhana Allah. Those animals, when the sahar/dawn time enters the cattles stamp, they say. They don't sleep anymore. They stamp. Stamping means, they wake up & move.

No cattle graze in the mountains before dawn- they don't move, they sleep. The cattle stamp at dawn, they say. Meaning they stand up & walk. They had bells in old times also, would walk all together as a group. Because the most blessed time of the day is the dawn. A person receives all the blessings. Those holy animals know this. They stamp, stand up & start walking. The shepherd at that time follows them. The animals know the nighttime, its heaviness. They don't move, they sleep, to not draw that heaviness on to themselves. At dawn time they stamp, meaning they stand up & walk. Before they had jingles, bells on their necks. They would start walking all as a crowd. The shepherd would get up too then.

It is the dawn time. After the dawn time. Now we are in our homes at dawn, not in the mountains. But the expansion of the day- the sun rises with a new life. I watch from here. How beautiful does it rise, how beautifully it gives Nur. At night time the day sets like this, in a sad way. When it is rising, it rises in Nurs. It rises like a bride. Astonishing. People sleep at that time.

There is no shepherd left now, no farmer. Why? Because they are awake all night long. They go rotten in coffee shops or in other rubbish places like those. There is no spirituality left in them & illnesses walk all over them. "It is the dispersing time of the jinn" said the Prophet (sas). "Hold on to your youth after maghrib. Don't let them out" because it is the time shaytans disperse. They crush the people. It is like this in the apparent & awliyas also see it this way spiritually.

It is the word of the Prophet (sas). This word can correct this world. Don't go out at night

because at night shaytans run wild outside. They look for people, to hunt them. The crushed body, the body that got tired all day wants to sleep. They don't let it sleep by force! Don't look to us when we are up late. We are staying up late too. But we are not outside. We stand in service to our Lord. We don't go out in the streets. Therefore, the time to go out is when the sun rises like this, you may go out then. It gives fresh life.

O my son in-law, my honorable son in law, my honorable grandson, it is not good to go out after maghrib. It crushes the body. Take your rest after maghrib. Early in the morning, pray ishraq & make a dawriya. The new day dresses a new dress on the body. A new body comes- A new life comes into your body for a new breath. For this our ancestors would never sleep after dawn. In the late morning they would plow, take care of their gardens. They would take, collect & bring what they needed and take a nap for a while when they come home at noon time. It is qaylula'.

Our Prophet also would go to the gardens of Madina al-Munawwara in the late morning and would sleep this qaylula sleep. I heard of this "they are doing dawriya at night". There is no meaning in making dawriya at night, there is darkness in it. Heaviness descends, illnesses come on people. Even for me going out after asr time has no taste according to the Shariat because the day is setting. "If you are going to make dawriya, make it in day time" it says. I may go out when the day rises. It doesn't leave any illness or weakness in our bodies.

The trouble of whole world is this nightlife. What made the whole world foolish, light-headed? What made the whole world lose its peace, is their going out at night. If you close this, the world is a bed of roses. Is this true or not? It is like this. Now the body... Wake up by the night. Pray ishraq, walk even if it is only 10 steps. Walk in the direction of sunrise. "A new dress, O Lord, may You dress on us also from the thawb al-afiyah/the dress of wellness from the sun O Lord". If you watch the rising of the sun saying this, you will be like a lion! You will not need any pills or doctors.

I heard of this, heard of it yesterday. They said "They are outside, they are making dawriyah". I said "Yahu..", I didn't say anything but I was given instructions at night. They said "They walk around in vain & are crushed. They should sleep & wake up early. In the ishraq time, they

should walk 10 steps in the direction of sunrise." Do this & see, you don't suffer any groin or abdomen pain. But all people prepare for the night. They make preparations to go out at night. They cancelled the day time- Night. Therefore illnesses are abundant. Theft, shamelessness is abundant. Economic collapse- from the houses to the states, all of them have fallen into this trouble. One secret of the Prophet can save them. Subhan Allah al Aliyyil Azim. I heard of this, I said "I wish I had the power & strength to go & have a look".

Many times I was doing dervish work before, so called dervish. In the places, villages we went to, we would make dawriya after fajr prayer. If we were going to travel, we would travel at that timefresh air. You are satisfied with what you eat- don't need any pills or medication. If people did this, they would never need doctors, O son. You will be like a lion, walk in the sunrise direction for 5 minutes, or 5 steps. Walk around & make a dawriyah & come back. The night... "Wa Ja`alna Al-Layla Libasaan. Wa Ja`alna An-Nahara Ma`ashaan" (78:10-11) We made the night as a cover for you, so that you cover, sleep & rest. Allahu Akbarul Akbar. Allahu Akbar.

There is no one left who say, know or do these things. The whole world is out of joint- Why? Because of this nightlife, because of this night life. This is not the order of Islam, this is not the life style Allah Dhul Jalal wants. And because of this they suffer troubles. I want to say much more but this is enough. Now go to sleep & go out after the ishraq prayer, make a dawriyah. And the sun already comes fresh till 9 am, 10 am- until it comes all the way to here, they call it zenith, to the highest point in the sky. It gives life until this time, after this it starts to decrease. The lights/Nurs the sun brings, the zenith- when it comes to the highest point in the sky, it starts to lessen. It radiates, gives so much when it is rising from here. How is this? I have heard of this at night & didn't say anything. But in the morning came this warning to tell to the people. This can save the whole world. It can save the whole world.

There is no nightlife in Islam. No one can be found in the streets after isha. Everyone is in their homes & wakes up with fajr prayer, offers his service & come back to his home with maghrib prayer. O Lord, may You send us from Your sincere servants one who will teach us the order of Islam, who will show us this way. We are left bewildered, not knowing what to do. You are charged with energy at this time. After noontime, you finish your energy. People have no energy

& because of this they are all sick, troubled. The hospitals are full of patients. In every house, everyone in it is ill. If they could do this one thing, they would not need any doctors or judges.

Most of the events taken to court happen at nighttime. All murders, all dirtiness are inside the night. Therefore it says don't go into the night. Don't let your children into the streets after maghrib.

Allah. What a beautiful Prophet, O Rasulullah! May you send us the holy ones who will teach us these. How beautiful it is, this instruction. Do you like it? I said "How come?" They said "They make dawriya around Lefke". Astonishing, is that time the time to make dawriya? They say "It is like this. It is the fashion now- after maghrib, after isha everyone should go out into the streets.

This is the instruction of shaytan, so that people suffer, they get sick. So that they have no money left in their pockets. They have no peace left. They have no love for their families. There is no one left who has love for his family. Before everyone was in his home, would spend time with his family & sleep after praying isha. Now there are all kinds of shaytan instruments & and those who invent them are the followers of shaytan too. What can you do? Their darkness fall on us too.

Sometimes I sit there & watch to see if there is any happy news. But no good news comes O son, no good news. Always troubles, always murders, fights, killings.. This is not human life. These are not suitable doings for man. These men have lost their humanity & turned into shaytans.

Shaytan runs after the people to harm them. Now all the people are doing evil, shaytani things to each other. They wait for the nights. And at night the streets are full of women & men. O Lord, may You forgive us. Go out, a new day may come. A new life may come. A life may come. Go 5 minutes like this till the creek. If you have power, walk a little bit more in the direction of sunrise. Life comes on you.

I asked "Where are they at night? We have never heard of it" "Of course, you never hear. They make dawriya" they say. Even I, myself, don't find any taste in that night time dawriya. There is no taste when the sun is setting. I want to go out & walk when the sun is rising, that I go

downstairs & walk. Our bodies are refreshed, renewed, it feels good. The animals in the mountains know this. They sleep in the darkness of the night & wake up at dawn. We can't be like this! These people, all they suffer is because of the calamities shaytan taught them- it brought them into this. Technology, may their technology be destroyed! They will burn the world, will kill millions of people. Their civilization & technology is this- these traitors. It is the teaching of shaytan, it is killing of innocent people. Today's people, 20th century's so called civilization is this. Their doing is this. They didn't invent something that gives benefit to the people.

They went to China... My son-in-law may laugh a little bit. He sits very seriously, so I may say a little. Sometimes it comes to my heart. When they invented these trains, some open eyed ones went to China & were speaking about the benefits of trains. "We will build railways for you & this way you can travel 10 days distance in one day." That old Chinese man said "Ok. If we travel 10 days distance in 1 day, then what will we do the remaining 9 days?"

And now the people are like this also. All of them are on fire. They rush, hurry! What is it for? This is all we eat & all we dress. Why are you rushing, struggling? If you don't make any good work- if you have no good work in your one day, how can you call yourself "a man"?! How much more can be said, volumes of books can be filled from this, O my sons. Therefore be careful with this. If you like now you can go & take your rest. When the ishraq time is over go out & make a dawriya. Even if you walk 10 steps only, a new life comes. Allahu Akbar. Allahu Akbar. "It is the dispersing time of jinns" it says. The night belongs to jinns. They don't come out daytime, night time belongs to jinns. If they touch once, they touch very badly.

May Allah forgive us. May He send us from His beloved servants who will show us our right paths. We are left without learning anything and whole word is walking to fire upon the instructions of shaytan. Aman ya Rabbi. Aman ya Rabbi. Tawba ya Rabbi. Tawba Astaghfirullah.

May Allah protect you. Don't go out at night. In the day time, in ishraq time- even if you walk until noon, before the sun reaches its zenith it is ok. After the noontime, its strength starts to decrease. The sun gives what it should give till here. They call it "the zenith", the center of the

sky. After that, it starts to decrease. You can't take. Fatiha.

May Allah send us His servants who will teach us these things. Allah Allah.. Allah bless you. May your hands be kissed. If the sun is rising, it is good. But the power that a walk will give after it has risen is totally different, it is new. He (swt) dressed the thawb al afiyah on the sun. Allah Almighty dressed the dress of health & wellness on the sun. O Lord, may You dress it on us also. Wa Lillah al Hamd. May your end be good. May you live according to Islam with your children.

Ok Mehmet, read for me. Shukur Allah, Alhamdulillah. May He show us good days. May we be granted to keep the way of the Prophet (sas), O Lord. O Lord, O Lord, Fatiha.

All are like stones, statues. You say, say.. but to whom are you speaking? There is no alive man left anymore. Allah Shukur. Ya Muhawwil al-Hawl wa al-Ahwal, hawwil halana ila ahsanil ahwal. How beautiful is the order of Islam. One word of it can save the whole world O Rukiye, just one word! "Don't let your children out after the sun sets" is the meaning of the Hadith. "Don't let them out" it says, don't let them out..

It is over now, it is of no benefit anymore.. What is to come is coming. It is coming. Aman ya Rabbi, may goodness come on us.

## Die Zeit des Teufels

---

Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Allahu Akbar Kabira wa l-Hamdulillahi Kathira wa Subhana Allahi Bukratan wa Asila. La ilaha illa Allah wa Allahu Akbar. Allahu Akbar wa Lillahi l-Hamd. Läßt du sie das rezitieren? Läßt du sie in dieser Form rezitieren? Gewöhne dich daran, das zu tun. Es gibt wichtige Anweisungen, die ich dir kurz mitteilen werde. Nun... Dastur ya Mawlay... Fatiha. Ich habe gehört, daß... Bismillahi r-Rahmani r-Rahim. Du gehst nachts hinaus, um in Lefke herumzufahren. Stimmt das? Gehst du hinaus und fährst herum nach Isha? Warum tust du das? Der Prophet (saws) sagte darüber: 'Laßt nicht euere Jugendlichen, Kinder hinausgehen nach dem Maghrib Gebet.' "Ahbisuhum" - Schließt sie ein. Wofür? In dieser Zeit,

"Li annu Shayatin Yantashirun baada l-Ghalas." Was ist "Ghalas"? Es ist die Zeit, wenn es dunkel wird und Shaytan sich breitmacht und ausschwärmt. "Ahbisu Shababakum". Haltet eure Jugendlichen nach Maghrib zurück, weil es die Zeit ist, wenn die Shaytane sich auf den Straßen breitmachen. Die Dunkelheit kommt herab, und in dieser Dunkelheit erdrückt dich die Schwere der Nacht. Ihre Schwere schadet euch auch. 'Es ist die Zeit, wenn die Shaytane sich verteilen.' Haltet euere Jugendlichen fest nach dem Sonnenuntergang. Was für ein schöner Befehl.
Das ist der Grund für alle Schwierigkeiten auf Erden.' 'Wir kommen mit unserem Gehalt nicht aus, können unser Leben nicht leben, wir kommen mit unserem Geld nicht aus.' Nun, wenn ihr nach Sonnenuntergang hinaus auf die Straße geht... Was ist mit unseren Kindern, Enkeln, die Dawriya machen nach Maghrib. Es ist die tote Zeit des Tages. Wenn du hinausgehen willst zu der Zeit, wenn die Sonne aufzugehen beginnt, gibt sie Leben. Wenn du Dawriya machen willst, bete Ishraq und mache Dawriya. Dann komm und schlafe bis zur Duha Zeit (vor Mittag). Du leidest nicht an irgendeiner Krankheit oder an Schwierigkeiten, noch erleidest du das Böse Shaytans. Dieses sind große Anweisungen. Dies ist eine große Anweisung. Wenn das Dunkel der Nacht fällt, erdrückt es den Menschen. "Wa Ja`alna l-Layla Libasan" (78:10). Es heißt: 'Ich machte die Nacht als Bedeckung für euch, auf daß ihr euch bedeckt und darin Trost findet. "Wa Ja`alna n-Nahara Ma`ashan" (78:11). Das Leben öffnet sich für euch am Tage, es verschließt sich in der Nacht. In der Nacht bete Isha und gehe zur Ruhe. Subhanallah.
Die Hirten wissen es, die Hirten wissen es, Faridun. Subhanallah. Diese Tiere, wenn Sahar, die Zeit der Dämmerung kommt, stampfen die Rinder, heißt es. Sie schlafen nicht mehr. Sie stampfen. Stampfen bedeutet, sie wachen auf und bewegen sich. Kein Rind grast in den Bergen vor der Dämmerung. Sie bewegen sich nicht, sie schlafen. Die Rinder stampfen in der Dämmerung, heißt es. Das bedeutet, sie stehen auf und gehen. Sie hatten Glocken in alter Zeit. Sie gingen zusammen als Herde, weil die gesegnetste Zeit des Tages die Morgendämmerung ist. Ein Mensch erhält alle Segnungen. Diese heiligen Tiere wissen das. Sie stampfen, stehen auf und beginnen zu gehen. Der Hirte zu der Zeit folgt ihnen. Die Tiere wissen um die Schwere der Nachtzeit. Sie bewegen sich nicht. Sie schlafen, um diese Schwere nicht auf sich zu ziehen. In der Morgendämmerung stampfen sie, das heißt, sie stehen auf und gehen. Früher hatten sie Glocken um den Hals. Sie begannen zu gehen als Herde. Der Hirte stand auch auf dann. Es ist die Zeit der Morgendämmerung. Nach der Dämmerung..

Jetzt sind wir zu Hause in der Dämmerung, nicht in den Bergen. Aber die Entfaltung des Tages, die Sonne geht auf mit einem neuen Leben, sehe ich von hier. Wie schön geht sie auf, wie schön gibt sie Nur, Licht. Zur Nachtzeit setzt sich der Tag so, auf traurige Weise. Wenn sie aufgeht, geht sie in Lichtern, Nur, auf. Sie geht wie ein Braut auf. Erstaunlich. Die Menschen schlafen zu der Zeit. Es gibt keine Hirten mehr, keine Bauern. Warum? Weil sie die ganze Nacht lang wach sind. Sie verrohen in Kaffeehäusern oder anderen Drecksorten wie diesen. Es gibt keine Geistigkeit mehr in ihnen, und Krankheiten laufen ganz über sie. 'Es ist die Zeit des Verteilens der Djinn', sagte der Prophet (saws). 'Haltet euere Jugend fest nach Maghrib. Laßt sie nicht hinaus', weil es die Zeit des Verteilens der Shaytane ist. Sie erdrücken die Menschen. Es ist so im Äußeren und die Awliya sehen es so im Geistigen. Es ist das Wort des Propheten (saws). Dieses Wort kann die Welt zurechtweisen.

Geh nicht hinaus in der Nacht, weil in der Nacht Shaytan freien Lauf hat draußen. Sie suchen Menschen, um sie zu jagen. Der zerschlagene Körper, der Körper, der am Tag müde wurde, will schlafen. Sie lassen ihn mit Gewalt nicht schlafen. Sieh nicht auf uns, wenn wir noch spät auf sind. Wir bleiben auch auf bis spät, aber wir sind nicht draußen. Wir stehen im Dienst unseres Herrn. Wir gehen nicht hinaus auf die Straße. Deshalb, die Zeit hinauszugehen ist, wenn die Sonne aufgeht. Dann magst du hinausgehen. Es gibt frisches Leben. Mein Schwiegersohn, mein ehrenwerter Schwiegersohn, mein ehrenwerter Enkel, es ist nicht gut, nach Maghrib hinauszugehen. Es erdrückt den Körper. Gönnt euch Ruhe nach Maghrib. Früh am Morgen betet Ishraq und macht Dawriya. Der neue Tag bekleidet den Körper mit einem neuen Gewand. Ein neuer Körper kommt, ein neues Leben kommt in deinen Körper für einen neuen Atemzug. Deshalb schliefen unsere Vorfahren nie nach der Morgendämmerung. Am späten Morgen pflügten sie und kümmerten sich um ihre Gärten. Sie nahmen, sammelten und brachten, was sie brauchten, und machten ein Nickerchen für eine Weile, wenn sie am Mittag nach Hause kamen. Es ist Qaylula'. Unser Prophet (saws) ging auch in die Gärten von Madina al-Munawwara am späten Morgen und und machte diesen Qaylula' Schlaf.

Ich hörte von diesem, 'sie machen Dawriya in der Nacht.' Es hat keinen Sinn, Dawriya in der Nacht zu machen. Darin ist Dunkelheit. Schwere kommt herab, Krankheiten überkommen die Leute. Auch mein Ausgehen nach Asr hat keinen Geschmack im Sinne der Shariat, weil der Tag zu Ende geht. 'Wenn du Dawriya machen willst, mache es während des Tages', heißt es. Ich gehe

vielleicht hinaus, wenn der Tag beginnt. Es hinterläßt keine Krankheit oder Schwäche in unserem Körper. Die Probleme der ganzen Welt liegen in diesem Nachtleben. Was machte die ganze Welt töricht, gedankenlos? Was die ganze Welt den Frieden verlieren läßt, ist ihr Ausgehen in der Nacht. Wenn ihr das beendet, wird die Welt ein Rosenbett. Stimmt das oder nicht? Es ist so. Nun der Körper... Wach auf in der Nacht. Bete Ishraq, gehe, auch wenn es nur 10 Schritte sind. Geh in die Richtung des Sonnenaufgangs. 'Ein neues Gewand, o Herr, mögest Du uns mit dem Thawbu l-Afiyah, dem Gewand des Wohlbefindens von die Sonne bekleiden.' Wenn du den Sonnenaufgang siehst, sage das und du wirst wie ein Löwe sein! Du wirst keine Tabletten oder Ärzte brauchen.

Ich habe davon gehört, ich hörte es gestern. Sie sagten: 'Sie sind draußen. Sie machen Dawriyah.' Ich sagte: 'Yahu.' Ich sagte nichts, aber mir wurden Anweisungen gegeben in der Nacht. Sie sagten: 'Sie gehen umsonst herum und werden bedrückt. Sie sollten schlafen und früh aufwachen. In der Zeit des Ishraq sollten sie 10 Schritte gehen in Richtung Sonnenaufgang.' Tu das und sieh. Du wirst keine Leisten- oder Bauchschmerzen mehr haben. Aber alle Menschen bereiten sich auf die Nacht vor. Sie treffen Vorbereitungen, um nachts auszugehen. Sie streichen die Tageszeit. Nacht. Deshalb gibt es Krankheiten im Überfluß. Diebstahl, Schamlosigkeit gibt es im Überfluß. Wirtschaftlicher Kollaps von den Haushalten bis zu den Staaten, alle sind befallen von diesem Problem. Ein Geheimnis des Propheten kann sie retten. Subhan Allaha l-Aliyyi l-Azim. Ich hörte davon und sagte: 'Ich wünschte, ich hätte die Kraft und Stärke, zu gehen und zu gucken. Viele Male machte ich früher Derwischarbeit, sogenannter Derwisch.. In den Orten, Dörfern, zu denen wir gingen, machten wir Dawriya nach dem Fajr-Gebet. Wenn wir reisten, reisten wir zu der Zeit, frische Luft. Du bist zufrieden mit dem, was du ißt, du brauchst keine Pillen oder Medizin. Täten die Menschen das, bräuchten sie nie irgendwelche Ärzte, mein Sohn. Du wirst wie ein Löwe sein. Geh in Richtung Sonnenaufgang 5 Minuten lang oder 5 Schritte. Geh herum und mache Dawriya und komme wieder.

Die Nacht... "Wa Ja`alna l-Layla Libasan. Wa Ja`alna n-Nahara Ma`ashan" (78:10-11). Wir machten die Nacht als Bedeckung für dich, damit du dich bedeckst, schläfst und ruhst. Allahu Akbaru l-Akbar. Allahu Akbar. Es gibt niemanden mehr, der das sagt, weiß oder diese Dinge tut. Die ganze Welt ist aus den Fugen. Warum? Wegen dieses Nachtlebens, wegen dieses Nachtlebens. Das ist nicht die Ordnung des Islam. Das ist nicht der Lebensstil, den Allah Dhul

Jalal will. Und deswegen haben sie Schwierigkeiten. Ich möchte viel mehr sagen, aber das ist genug. Jetzt geh schlafen und gehe aus nach dem Ishraq Gebet, mach eine Dawriyah. Und die Sonne kommt schon frisch bis 9, 10 Uhr, bis sie den ganzen Weg bis hier kommt, sie nennen es Zenit, bis zum höchsten Punkt am Himmel. Sie gibt Leben bis zu dieser Zeit, danach beginnt sie, abzunehmen. Die Lichter, Nur, bringt die Sonne im Zenit, wenn sie zum höchsten Punkt am Himmel kommt, dann nimmt sie ab. Sie strahlt, sie gibt so viel, wenn sie aufgeht von hier. Wie ist das?

Ich hörte davon in der Nacht und sagte nichts. Aber am Morgen kam diese Warnung, an die Menschen zu geben. Das kann die ganze Welt retten. Es kann die ganze Welt retten. Es gibt kein Nachtleben im Islam. Man trifft niemanden an auf der Straße nach Isha. Alle sind in ihren Häusern und wachen auf zum Fajr-Gebet, machen ihren Dienst und kommen zurück nach Hause mit dem Maghrib Gebet. O Herr, mögest Du uns von Deinen aufrichtigen Dienern einen senden, der uns die Ordnung des Islam lehrt, der uns diesen Weg zeigt. Wir sind durcheinander und wissen nicht, was tun. Du bist energiegeladen zu dieser Zeit. Am Nachmittag geht deine Energie zu Ende. Die Menschen haben keine Energie und deshalb sind sie alle krank und gestört. Die Krankenhäuser sind voller Patienten. In jedem Haus sind alle krank. Wenn sie diese eine Sache machen könnten, würden sie keine Ärzte oder Richter brauchen. Die meisten Vorfälle, die vor Gericht kommen, passieren in der Nacht. Alle Morde, aller Schmutz sind innerhalb der Nacht. Deshalb heißt es, geh nicht in die Nacht. Laßt euere Kinder nicht auf die Straße nach Maghrib. Allah. Was für ein schöner Prophet, o Rasulullah! Mögest Du uns die Heiligen schicken, die uns das lehren. Wie schön sie ist, diese Anweisung. Gefällt es euch?

Ich sagte: 'Wie kommt das?' Sie sagten: 'Sie machen Dawriya in Lefke.' Erstaunlich! Ist diese Zeit die Zeit, um Dawriya zu machen? Sie sagen: 'Es ist so. Es ist die Mode jetzt, nach Maghrib, nach Isha sollten alle auf die Straße gehen.' Das ist die Anweisung Shaytans, so daß die Menschen leiden, krank werden, so daß sie kein Geld mehr in der Tasche haben. Sie haben keinen Frieden mehr. Sie haben keine Liebe für ihre Familien. Es gibt niemanden mehr, der noch Liebe empfindet für Allah. Früher waren alle zu Hause, verbrachten Zeit mit ihrer Familie und schliefen nach dem Isha Gebet. Jetzt gibt es alle Arten von shaytanischen Instrumenten, und die sie erfinden, sind auch Anhänger Shaytans. Was kann man tun? Ihre Dunkelheit fällt auch auf

uns. Manchmal sitze ich da und sehe zu, ob es irgendwelche guten Nachrichten gibt. Aber es kommen keine guten Nachrichten, mein Sohn, keine guten Nachrichten, immer Schwierigkeiten, immer Morde, Kämpfe, Töten.. Das ist kein menschliches Leben. Dies sind keine angemessenen Taten für den Menschen. Diese Menschen haben ihre Menschlichkeit verloren und sind zu Shaytanen geworden. Shaytan läuft hinter den Menschen her, um ihnen zu schaden. Jetzt tun all die Menschen einander böse, shaytanische Dinge an. Sie warten auf die Nacht. Und in der Nacht sind die Straßen voller Frauen und Männer. O Herr, mögest Du uns vergeben.
Geh hinaus. Ein neuer Tag mag kommen, ein neues Leben mag kommen. Ein Leben mag kommen. Geh 5 Minuten so bis zum Bach. Wenn du Kraft hast, geh ein wenig weiter in Richtung Sonnenaufgang. Das Leben kommt zu dir. Ich fragte: 'Wo sind sie in der Nacht? Wir haben es nie gehört.' 'Natürlich hast du es nie gehört. Sie machen Dawriya', sagten sie. Auch ich selbst finde keinen Geschmack an dieser nächtlichen Dawriya. Es gibt keinen Geschmack, wenn die Sonne untergeht. Ich möchte hinaus und gehen, wenn die Sonne aufgeht, daß ich hinuntergehe und spazieren gehe. Unser Körper wird erfrischt, erneuert. Es fühlt sich gut an. Die Tiere in den Bergen wissen das. Sie schlafen in der Dunkelheit der Nacht und wachen in der Morgendämmerung auf. Wir können nicht so sein. Alles, was diese Menschen erleiden ist wegen der Unglücke, die Shaytan sie lehrte. Er brachte sie dahin. Möge ihre Technologie zerstört werden! Sie werden die Welt verbrennen. Sie werden Millionen von Menschen töten. Ihre Zivilisation und Technologie sind das, diese Verräter.. Es ist die Lehre Shaytans, sie tötet unschuldige Menschen. Die heutigen Menschen, die sogenannte Zivilisation des 20. Jahrhunderst ist das. Ihre Taten sind das. Sie haben nichts erfunden, das dem Wohl der Menschen dient. Sie gingen nach China... Mein Schwiegersohn mag ein wenig lachen. Er sitzt sehr ernst da, also werde ich ein wenig sagen. Manchmal kommt es in mein Herz.
Als sie diese Züge erfanden, gingen einige Weitsichtige nach China und sprachen über den Nutzen der Züge. 'Wir werden Schienen bauen für euch und so könnt ihr die Entfernung von 10 Tagen in einem Tag zurücklegen.' Dieser alte Chinese sagte: 'Okay. Wenn wir die Entfernung von 10 Tagen in einem Tag reisen, was tun wir dann in den übrigen 9 Tagen?' Und jetzt sind die Menschen auch so. Sie stehen alle in Flammen. Sie rennen, sie eilen. Wozu dient es? Das ist alles, was wir essen und anziehen. Warum rennt ihr und müht euch ab? Wenn ihr keine guten Werke tut, wenn ihr an euerem einen Tag keine guten Werke habt, wie könnt ihr euch 'Mensch'

nennen? Wieviel mehr kann dazu gesagt werden, Bücher vollgeschrieben damit, meine Söhne. Deshalb seid vorsichtig damit. Wenn ihr wollt, könnt ihr jetzt gehen und euch ausruhen. Wenn die Ishraq Zeit um ist, geht hinaus und macht eine Dawriya. Selbst wenn ihr nur 10 Schritte geht, kommt neues Leben. Allahu Akbar. Allahu Akbar.

'Es ist die Zeit des Ausschwärmens der Djinn', heißt es. Die Nacht gehört den Djinn. Sie kommen am Tag nicht hervor. Die Nacht gehört den Djinn. Wenn sie einmal berühren, berühren sie sehr schlimm. Möge Allah uns vergeben. Möge Er uns einen von Seinen geliebten Dienern senden, die uns unseren rechten Weg zeigen. Wir sind ohne etwas zu lernen geblieben, und die ganze Welt geht zum Feuer auf die Anweisungen Shaytans hin. Aman ya Rabbi. Aman ya Rabbi. Tawba ya Rabbi. Tawba Astaghfirullah. Möge Allah uns schützen. Geht nicht aus in der Nacht. Am Tag, in der Ishraq Zeit, wenn ihr auch bis mittags marschiert, bevor die Sonne ihren Zenit erreicht, ist es okay. Nach der Mittagszeit beginnt ihre Stärke abzunehmen. Die Sonne gibt, was sie sollte, bis hier. Sie nennen es Zenit, das Zentrum des Himmels. Danach beginnt sie abzunehmen. Ihr könnt es nicht aushalten. Fatiha.

Möge Allah uns Seine Diener senden, die uns diese Dinge lehren. Allah Allah... Allah segne euch. Mögen euere Hände geküßt werden. Wenn die Sonne steigt, ist es gut. Die Kraft, die ein Spaziergang gibt, nachdem sie aufgestiegen ist, ist völlig anders. Sie ist neu. Er (swt) bekleidete die Sonne mit Thawbu l-Afiyah. Allah der Allmächtige kleidete die Sonne mit dem Gewand der Gesundheit und des Wohlbefindens. O Herr, mögest Du auch uns damit bekleiden. Wa Lillahi l-Hamd. Möge euer Ende gut sein. Möget ihr mit eueren Kindern nach dem Islam leben. Okay, Mehmet, lies für mich. Shukur Allah, Alhamdulillah. Möge Er uns gute Tage zeigen. Möge uns gewährt werden, den Weg des Propheten (saws) einzuhalten. O Herr, o Herr, o Herr, Fatiha.

Alle sind wie Steine, Statuen. Ihr redet, aber zu wem sprecht ihr? Es gibt keine lebendigen Menschen mehr. Allah Shukur. Ya Muhawwilu l-Hawl wa l-Ahwal, Hawwil Halana ila Ahsanil Ahwal. Wie schön ist die Ordnung des Islam. Ein Wort davon kann die ganze Welt retten. O Rukiyye, nur ein Wort. 'Laßt euere Kinder nicht hinaus nach Sonnenuntergang', ist die Bedeutung des Hadith. 'Laßt sie nicht hinaus', heißt es. Laßt sie nicht hinaus. Es ist vorbei jetzt. Es hat keinen Nutzen mehr. Was kommen muß, kommt. Es kommt. Aman ya Rabbi. Möge Gutes auf uns kommen.

Lefke, 29.12.2012

# Dhakkir

Assalamu Alaikum. How are you Haji Mehmet? Leave if you're tired. He's not. In the way of Allah, inshaAllah we won't get tired. The way of Allah won't get us tired. Way of Shaitan exhausts, crushes. This is a sohbah assembly, a friendly chat. Friendly chat. What can we do? Our Shaykh Sultanul Awliya used to say like that Shaykh Abdullah Dagistani Hz. "When 2 believers come together, they should make sohbah." Like what? Even if he doesn't know anything "Oh our believing follower believing brother, how are you? Shukur Alhamdulillah, we're fine. We live with the beneficence. We thank our Lord, send salat & salam to His messenger. We send also salam to Shah Mardan" he should say. If there's enough time to milk 2 sheep if they talk, it bring closeness. Even the trees lean towards each other. So even though our meeting is short and small we hope that our Lord Jalla wa Ala for the honor of His beloved and Shah Mardan May forgive us and bring us together with His clean servants. "Al mar'u ma'a man ahabba." A person is with the ones he loves. On the day of judgement who do you find? The one you love.

Today is Thursday the day before the holy Friday. The eve of Friday. Let's start our meeting. Let us say "Bismillahir rahmanir rahim". He says " Anything without the Basmala is infertile." - meaning without solution or benefit. Like a weed it grows, it has a festival for 1 month or 2 months, in the third month dries, turns into straw, disappears. There are also the trees. When you plant a tree, the tree grows, grows. There's a command for it to reach a certain target.

May our meeting be Shah Mardan's honorable meeting. Shah Mardan made sohbah for Ashabi Kiram so that his honor may reach us. Because Shah Mardan Hz. Ali Karram Allahu wajahu AsaduLlahi min Ghalib. Our Master Hz. Ali is the undefeated lion. We remember his name because our Prophet (sas) said, "everything has a door. I'm the city of knowledge. Ali is the

doorkeeper." All wisdom, that comes from the Prophet, comes from Shah Mardan. We say as much as we receive from Shah Mardan. For this reason, the honorable Ashab of the Honorable Nabi, the fourth of C√¢riyarƒ± G√ºzin Shah Mardan Hz. Ali ibn Abi Talib Undefeated. Always victorious. Our master Hz. Ali Shah Mardan. Wherever he goes, he shakes, roars. He is victorious with his Dhu l Fiqqar. So, we are saying let's follow the way of the great ones. Our Shaykh is Sultanul Awliya. He also used to say this. If there's enough time to milk make a meeting" he said. Milking 2 cows; 5 minutes or 3 minutes or 7 minutes it takes that much time. Even this much, a believer should give and take with another believer. How nice!

This is good manners Shaykh Mehmet. When two believers meet, there may come a benefit. Marhaba Shah Mardan. Ali ibn Abu Talib. Shah Mardan, who shakes the ground Hz. Ali ibn Abi Talib, Radiy'Allahu Anh. Karram Allahu Wajahu Hazrat. Remember his name. He is the door of City of Knowledge. The City of Knowledge is the Prophet(sas) Nobody knows the limits of that city. Allah (swt) said: "Qul law kanal bahru midadal likalimati Rabbi. ma nafidel kalimatu Rabbi. walaw ji'na bimithlihi madadan" Deryadƒ±r. The words of my Lord - if the oceans, oceans followed and they were ink, it's not enough to write His Words. More comes afterwards. In our presence Janab-u Rabbul Izzet nothing diminishes. Nothing diminishes from our treasures, never. Yet Kalimatu Rabbi, from the wisdom of Allah Almighty if He speaks, in order to write that Shaykh Mehmet Law kanal bahru midadal likalimati Rabbi. ma nafidel kalimatu Rabbi, walaw ji'na Bimithlihi madadan. If the oceans were ink, the trees were pens they can't finish writing. There's a comparison between Pre-eternal& eternal my son. Pre- eternal, eternal, amazing. "If the oceans were ink, the trees were pens." won't finish writing."
You have to believe. The honor of mankind is belief. Believers have honor. Unbelievers don't have honor. Marhaba Shah Mardan. After fajr prayer a believer, the believers either in dargahs, takkas or mosques, used to gather around a holy person and say: "let's listen and learn something." So, we also want to follow the way of the great ones. We get permission from Shah Mardan he is the head of all tariqahs. Shah Mardan Hz. Ali Ibn Abi Talib Karram Allahu Wajah isn't it ? Allahu Akbarul Akbar, Allahu Akbarul Akbar. Allahu Akbarul Akbar.
So many things. How much can an ant carry? It's either a bit, a piece of wheat, barley, or a sesame. That's what an ant can carry. An ant can't carry all the grain in the world. It takes

according to its capacity, its ability. An ant takes its livelihood. It also hears the tasbih of the grain, which it brings. "Wa in min shay'in illa yusabbihu bi hamdihi" There's nothing that doesn't glorify Allah (swt) . "wa in min shay'in illa yusabbihu bi hamdihi" The whole body of an unbeliever also glorifies Allah. But because of neglicence he isn't aware of it. Every cell of us glorifies Allah. Subhan Allah, Subhan Allah, Subhan Allah Sultan Allah, there's nothing that doesn't say this. It makes Tahmidi tamjid. It glorifies and makes tasbih. May Allah not make us from those unaware. Negligence takes away the honor of mankind. If he loses his guard for one second, he loses honor. Shaitan also pursues him to make him forget. Wa ma insanihu illa shshaitan. Shaytan makes him forget, he says, shaitan.

What makes Shaitan flee? AudhubiLlahi min ash-shaytanir rajim. Audhu makes him flee. Also when he hears the name of Shah Mardan girrr he tries to find a place to escape. Because if Dhu l Fiqqar in Shah Mardan's hands once falls on him, he can't stand up again. Allahu Akbar. Allahu Akbar. Allahu Akbar. The sects are truth. But there's a group in particular, the group of Shah Mardan. There are other groups, which are made up by Shaytan. Follow the group and way of Shah Mardan. Keep his direction. Be at his service. Pay homage to him. This is a way leading to paradise. Those against him are the groups of people without any group. Made up by shaytan, unfortunately today all the world is running after Shaytan's inventions. They don't care about the wisdom sent by Shah Mardan, the Door of City of Knowledge. HazahumuLlah. May Allah make their faces dark. That's why people of this age have no light in their faces. Is there light on the faces of those who forget Shah Mardan? Is there light in their hearts? Is there love in their hearts? Do they have wisdom? No, no.

Open the door. How should i open? Say BismiLlahir rahmanir rahim. The door opens to you. How nice. Oh Shah Mardan be our witness. We said BismiLlahir rahmanir rahim, grant us. There's no limit to your wisdom. An ant can carry small things, If he grants us in that way, he turns the world upside down. But nobody wants. When is there an aspirant? When there is endearment. The one, who loves wants. Who doesn't love, doesn't want. Hungry wants, who is full doesn't want. Ignorant wants, who knows what is he going to do? People, who know are holy ones. The ones, who don't know, they don't seek this secret.

Oh friends! The friends of Shah Mardan, the ones, who wait for him and who carry his love and the ones who understand the honor of the Prophet, the power and majesty of Shah Mardan the

ones who know and try to know. Seek. "Utlubu l 'ilma walaw bis Sin" isn't it? The hadith of the Prophet, from Shah Mardan. Seek wisdom. Whoever has that wisdom even in China, go, get it, he says. Because wisdom gives you honor and saves you. You'll be Muqarramin. The ones, who are close to Allah. When he says the ones close to Allah they are anbiyas, awliyas, Shah Mardan. You'll be close to them. Light is dressed upon you. Power is dressed, majesty is dressed. So, start Shah Mardan Alfu salat Alfu Salam ala Sayyidil Awwalin wal Akhirin. Wa ala alihi wa Sahbihi ajma'in. Wa SalamuLlah kadhalik ala Shah Mardan Hz. Ali ibn Abi Talib KarramuLlahu Wajh. May Allah make his face white.

"Wa Dhakkir" Amri Llahi. "Wa Dhakkir fa inna Dh- dhikra tanfaul mu'minin" Remind he says. He didn't write "teach." He said "Wa dhakkir", he didn't say Allim. Wa Dhakkir. Quran Karim: "Wa dhakkir fa innadh- dhikra tanfaul mu'minin" Remind it says that mankind has honor. He has honor as much as he has wisdom. Animals don't have honor, because they don't have wisdom. The honor of mankind is how much he reveres Rabbul Izzet and Habibi Qibriya and Shah Mardan. He is given honor according to that. Take. It doesn't decrease. One of the lovers said that way. "I searched in the assembly of knowledge, I requested. Wisdom comes last, it's adab, it's adab that comes first." Take care of adab, they'll give it to you. Not to shameless ones. The ones, who don't respect elders or younger ones who don't know Shah Mardan, who don't follow the way of Sultan of Anbiya, the Beloved of Allah, nothing is given to them. They put straw infront of them. Take the straw and eat it. That's what you know. The jeweler knows jewelry.

So many things. What we say, what they make us say, is not even a drop in the sea. Gives us ease, gives us power. Our distress goes, we feel relieved. We become a lion, a horse. Our Master Hz. Ali is Shah Mardan. When he roared the hearts of the un- believers in the West and East trembled. Is it enough? How isn't it enough? Worthless, dirty unbelievers invented a machine. East and West hears it. You say it's enough. When I say, if our master Hz. Ali calls it reaches East and West, you are puzzled. What is your invention? It reaches East and West. Allahu Dhul Jalal with His Divine Reverence respected Shah Mardan how can his call not reach East & West? Reaches and exceeds.

Ooh Shah Mardan! Send us from your endearment. It's not sent, you will search he says. It's not sent. Seek so it will be given to you. Their door Awliyai tahtaki babi la ya'lamahum illa Ghayri.

Awliyas, who are on My way, Shah Mardan, and Him. That is the way of My Beloved. I have domes up in the sky. They don't see each other. They all have a different attribute. La ya'lamahum illa Ghayri. Nobody knows them except Me. My awliyas, Shah Mardan is one and only Shah Mardan educated countless ones. Tahtaki babi, Awliyai tahtaki babi. Beneath my domes. We say domes of sky. A dome. Who can count His domes? What is revered in each dome, the ones who revere Shah Mardan, who revere the Master of the Universe , who submit to Rabbul Izzet, they know. Try to be one of those.

Why do you walk on earth? Say BismiLlahir rahmanir rahim. Oh the owner of the Maydan! Ali ibn Abu Talib, ooh Shah Mardan! Don't set us apart from your endearment. Don't let us leave your way. Let us not part from your honored way. This, this, for this reason ooh friends! Listen to what Shah Mardan says. The Door of the City of Knowledge the one who is loved by the Beloved of Allah. How is Ali ibn Abi Talib? What is he going to tell you? Follow. Did Hz. Ali tell you to follow this dirty world?

Now so many people say they are Alawi, they are this, that. What do you have? What did you take from Shah Mardan? Fighting in this sewage called dunya. I'm going to take this carcass, you are going to take that carcass. There's nothing else you are interested in. Did Hz. Ali run after this world? You aren't ashamed to say we are Alawi, we are Shi'a? You all run after the carcass of this world. You say we are Alawi, we are Shi'a. You are neither this nor that.

Ya Shah Mardan. Dhul Fiqqar is flaming. He will tackle the liars, the owners of meaningless claims. He took out his sword. It's near. It's near. Don't play! Don't talk nonsense! Don't cross the border! What is our border? Servanthood. No claims other than servanthood. Say we are Abdullah. Don't claim we are Shii or Alawi. Who are you? I'm the weak servant of Allah. What do you want? What we want is the Allah's approval. Which way can we find it? The way of Shah Mardan. He takes from his uncle's son Sayyidil Awwalin wal Akhirin, Muhammad Mustafa. Beware!

This is a sohbah. It is for waking up. When 2 believers come together, even there's enough time to milk 2 cows, they should say marhaba, they should praise Shah Mardan. They should send salatu salam to Nabi of End of Times; should glorify Allah. Say "Bismillahir rahmanir rahim" and walk. That's our program. Who don't obey, they are all rubbish. They are worthless.

Ya Shah Mardan send us your help. Send Mahdi from your sons. Send us a Sultan. Send us a

sultan to destroy the Sultanate of Shaytan. Ya Sayyidil Awwalin wal Akhirin, Our Master for the honor of Shah Mardan. May he have permission. Damascus & East shall be saved. May all people be saved. May they live with honor. Now people have life without honor. May Allah not leave us without the honor of belief. Wa dhakkir, ooh Beloved, remind. fa inna dh- Dhikra tanfaul mu'minin. Everyday I say. It's not the same everyday. It's presented in a different way. We say Bismillahir rahmanir rahim. Even if we said until the end of time, it doesn't end. Say the Basmala, stand up in the morning. Wash your face & hands. Prostrate to your Lord. Open the door with Basmala. Everything flows. If not, the world won't reach you. No benefit for you. It turns into a low life. Honored life is the life starting with Basmala. Remember Shah Mardan,his (sas) uncle's son. Send salatu salam to the Master of the universe. Step out with Basmala. Everything is serene. Otherwise trouble after trouble comes. Ya Rabbi let us repent. Don't send us away from Your servanthood. We are weak Ya Rabbi. Nobody listens to us. Send us the holy ones to listen to.
For the honor of The Beloved. Wa bi hurmatil Fatiha.

**Dhakkir**

---

As-Salamu `alaykum. Wie geht es dir, Haji Mehmet? Geh, wenn du müde bist. Er ist nicht müde. Auf dem Weg Allahs werden wir inshallah nicht müde. Der Weg Allahs macht uns nicht müde. Der Weg Shaytans erschöpft, erdrückt. Dies ist eine Sohbah Versammlung, eine freundliche Unterhaltung. Eine freundliche Unterhaltung. Was können wir tun? Unser Shaykh, der Sultanu l-Awliya pflegte folgendes zu sagen, Shaykh Abdullah Daghestani Hz: 'Wenn zwei Gläubige zusammenkommen, sollten sie Sohbah machen.' Wie? Selbst wenn er nichts weiß. 'O unser gläubiger Anhänger, gläubiger Bruder, wie geht es dir? Shukur Alhamdulillah, uns geht es gut. Wir leben mit der Wohltätigkeit. Wir danken unserem Herrn, senden Salat und Salam Seinem Gesandten. Wir senden auch Salam an Shah Mardan', sollte er sagen. Wenn es genug Zeit gibt, um zwei Schafe zu melken, wenn sie sprechen, bringt das Nähe. Selbst die Bäume neigen sich einander zu. Wenn also unser Treffen auch kurz und klein ist, hoffen wir doch, daß unser Herr Jalla wa `Ala zu Ehren Seines Geliebten und Shah Mardans uns vergeben möge und uns mit

Seinen reinen Dienern zusammenbringt. "Al Mar'u ma`a man Ahabba." Ein Mensch ist mit denen, die er liebt. Am Tag des Gerichts, wen findest du? Den, den du liebst.
Heute ist Donnerstag, der Tag vor dem heiligen Freitag. Der Vorabend des Freitags. Beginnen wir unser Treffen. Sagen wir Bismillahi r-Rahmani r-Rahim. Er sagt: Alles ohne die Basmala ist unfruchtbar. Das bedeutet, ohne Lösung oder Nutzen. Wie ein Grashalm, er wächst, hat ein Fest einen oder zwei Monate lang, im dritten Monat vertrocknet er, wird zu Stroh, verschwindet. Es gibt auch die Bäume. Wenn du einen Baum pflanzt, wächst und wächst der Baum. Es gibt einen Befehl für ihn, eine bestimmte Vorgabe zu erreichen. Möge unser Treffen Shah Mardans ehrenwertes Treffen sein. Shah Mardan machte Sohbah für Ashab-i Kiram, damit seine Ehre uns erreicht. Weil Shah Mardan, Hz Ali Karram Allahu Wajahu, Asadullahi min Ghalib, unser Meister Hz Ali der unbesiegte Löwe ist. Wir erinnern seinen Namen, weil unser Prophet (saws) sagte: 'Alles hat eine Tür. Ich bin die Stadt des Wissens. Ali ist der Türhüter.' Alle Weisheit, die vom Propheten (saws) kommt, kommt von Shah Mardan. Wir sagen so viel, wie wir von Shah Mardan erhalten. Aus diesem Grund ist der ehrenwerte Ashab des ehrenwerten Nabi, des vierten der Cariyari Güzin, Shah Mardan Hz Ali ibn Abi Talib, unbesiegt. Immer siegreich. Unser Meister Hz Ali, Shah Mardan. Wo immer er hingeht, er erschüttert, brüllt. Er ist siegreich mit seinem Dhu l-Fiqqar.
Also sagen wir: Laßt uns den Wegen der Großen folgen. Unser Shaykh ist Sultanu l-Awliya. Er pflegte das auch zu sagen. Wenn genug Zeit ist, um zu melken, macht ein Treffen, sagte er. Das Melken von zwei Kühen, fünf Minuten oder drei Minuten oder sieben Minuten, es dauert so lange. Wenn auch nur so viel sollte ein Gläubiger geben und nehmen mit einem anderen Gläubigen. Wie schön! Das ist gutes Benehmen, Shaykh Mehmet. Wenn sich zwei Gläubige treffen, mag es einen Nutzen geben. Marhaba Shah Mardan. Alib ibn Abi Talib. Shah Mardan, der den Boden erschüttert, Hz Ali ibn Abi Talib, Radiy Allahu Anh. Karram Allahu Wajahu Hazrat. Erinnert seinen Namen. Er ist die Tür zur Stadt des Wissens. Die Stadt des Wissens ist der Prophet (saws). Niemand kennt die Grenzen dieser Stadt. Allah (swt) sagt: "Qul Law Kana l-Bahru Midadal Likalimati Rabbi. Ma Nafidel Kalimatu Rabbi. Walaw Ji'na Bimithlihi Madadan". Deryadir. Die Worte meines Herrn - wenn den Ozeanen Ozeane folgten, und sie wären Tinte, reichte es nicht aus, um Seine Worte zu schreiben. Mehr kommt danach. In unserer Gegenwart Janab-u Rabbu Izzet vermindert sich nichts. Nichts vermindert sich von unseren

Schätzen, niemals. Doch Kalimatu Rabbi, von der Weisheit Allahs des Allmächtigen, wenn Er spricht, um das zu schreiben, Shaykh Mehmet, Law Kana l-Bahru Midadal Likalimati Rabbi. Ma Nafidel Kalimatu Rabbi, Wala Ji'na Bimithlihi Madadan. Wenn die Ozeane Tinte wären, die Bäume Federn, könnten sie doch nicht fertig schreiben. Es gibt einen Vergleich zwischen Vorewigkeit und Ewigkeit, mein Sohn. Vorewig, ewig - erstaunlich. Wenn die Ozeane Tinte wären, die Bäume Federn, das Schreiben käme zu keinem Ende.

Du mußt glauben. Die Ehre der Menschheit ist im Glauben. Gläubige haben Ehre. Ungläubige haben keine Ehre. Marhaba Shah Mardan. Nach dem Fajr Gebet pflegte ein Gläubiger, die Gläubigen entweder in Dergahs, Tekkes oder Moscheen sich um einen Heiligen zu versammeln und zu sagen, 'Hören wir und lernen etwas.' So wollen wir auch dem Weg der Großen folgen. Wir bekommen die Erlaubnis von Shah Mardan. Er ist das Oberhaupt aller Tariqats. Shah Mardan Hz, Ali bin Abi Talib, Karram Allahu Wajah, nicht wahr? Allahu Akbaru l-Akbar, Allahu Akbaru l-Akbar. Allahu Akbaru l-Akbar. So viele Dinge. Wieviel kann ein Ameise tragen? Es ist entweder ein bißchen, ein Stück Weizen, Gerste oder Sesam. Das ist, was eine Ameise tragen kann. Eine Ameise kann nicht alle Körner der Welt tragen. Sie nimmt je nach ihrem Vermögen, ihrer Fähigkeit. Eine Ameise nimmt ihren Lebensunterhalt. Sie hört auch das Tasbih des Korns, das sie bringt. "Wa in min Shay'in illa Yusabbihu bi Hamdihi". Es gibt nichts, das nicht Allah (swt) preist. "Wa in min Shay'in illa Yusabbihu bi Hamdihi".

Der ganze Körper eines Ungläubigen preist Allah auch. Aber wegen seiner Nachlässigkeit ist er sich dessen nicht bewußt. Jede unserer Zellen preist Allah. Subhan Allah, Subhan Allah, Subhan Allah. Sultan Allah. Es gibt nichts, das das nicht sagt. Es macht Tahmidi Tamjid. Es preist und macht Tasbih. Möge Allah uns nicht zu diesen Unbewußten gehören lassen. Nachlässigkeit nimmt der Menschheit die Ehre. Wenn er seine Wachsamkeit für eine Sekunde verliert, verliert er die Ehre. Shaytan verfolgt ihn auch, um ihn vergessen zu machen. Wa ma Insanihu illa shshaytan. Shaytan läßt ihn vergessen, sagt er, Shaytan. Was läßt Shaytan fliehen? Audhu Billahi mina sh-shaytani r-rajim. Audhu läßt ihn fliehen. Auch wenn er den Namen Shah Mardans hört, girr, sucht er einen Ort, um zu entkommen. Weil wenn Dhu l-Fiqqar in Shah Mardans Hand einmal auf ihn fällt, kann er nicht wieder aufstehen. Allahu Akbar. Allahu Akbar. Allahu Akbar

Die Sekten sind Wahrheit. Aber es gibt eine Gruppe, im besonderen die Gruppe Shah Mardans. Es gibt andere Gruppen, die von Shaytan zusammengestellt sind. Folgt der Gruppe und dem Weg

Shah Mardans. Haltet seine Richtung ein. Seid ihm zu Diensten. Leistet ihm Tribut. Das ist ein Weg, der ins Paradies führt. Jene gegen ihn sind die Gruppen der Leute ohne Gruppe. Erfunden von Shaytan. Leider läuft heute die ganze Welt hinter Shaytans Erfindungen her. Sie machen sich nichts aus der Weisheit, die von Shah Mardan gesandt wurde, der Tür der Stadt des Wissens. Hazahumullah. Möge Allah ihre Gesichter dunkel machen. Deshalb haben die Menschen dieser Zeit kein Licht auf den Gesichtern. Ist Licht auf den Gesichtern jener, die Shah Mardan vergessen? Ist Licht in ihren Herzen. Ist Liebe in ihren Herzen? Haben sie Weisheit? Nein, nein.

Öffnet die Tür. Wie soll ich sie öffnen? Sagt Bismillahi r-Rahmani r-Rahim. Die Tür öffnet sich für euch. Wie schön. O Shah Mardan, sei unser Zeuge. Wir sagten Bismillahi r-Rahmani r-Rahim, gewähre uns. Es gibt keine Begrenzung deiner Weisheit. Eine Ameise kann kleine Dinge tragen, wenn er uns in dieser Weise gibt, stellt er die Welt auf den Kopf. Aber niemand will es. Wann gibt es einen Bewerber? Wenn es Liebe gibt. Wer liebt, will. Wer nicht liebt, will nicht. Der Hungrige will, wer voll ist, will nicht. Der Ignorante will, wer weiß, was er machen wird? Die Menschen, die wissen, sind Heilige. Die, die nicht wissen, suchen nicht dieses Geheimnis. Freunde! Die Freunde von Shah Mardan, diejenigen, die auf ihn warten und die seine Liebe tragen, und diejenigen, die die Ehre des Propheten verstehen, die Macht und Majestät Shah Mardans, diejenigen, die wissen und versuchen zu wissen. Sucht. "Utlubu l-`Ilma Walaw bi s-Sin", ist es nicht so? Das Hadith des Propheten, von Shah Mardan. Sucht Weisheit. Wer immer diese Weisheit hat, auch in China, geht, holt sie, sagt er. Weil euch Weisheit Ehre gibt und euch rettet. Ihr werdet Muqarramin, diejenigen, die Allah nahe sind. Wenn er sagt, diejenigen nah bei Allah sind Anbiya, Awliya, Shah Mardan. Ihr werdet ihnen nahe sein. Ihr werdet mit Licht bekleidet. Ihr werdet mit Macht bekleidet, mit Majestät bekleidet.

Also, beginne, Shah Mardan. Alfu Salat Alfu Salam `ala Sayyidi l-Awwalin wa l-Akhirin. Wa `ala Alihi wa Sahbihi Ajma`in. Wa Salamullah Kadhalik `ala Shah Mardan, Hz Ali ibn Abi Talib Karramullahu Wajh. Möge Allah sein Gesicht weiß machen. "Wa Dhakkir" Amri Llah. "Wa Dhakkir fa inna dh-Dhikra Tanfau l-Mu'minin". Erinnere, sagt er. Er schrieb nicht 'Lehre'. Er sagte, "Wa dhakkir", er sagte nicht "Allim". "Wa Dhakkir". Quran Karim: "Wa Dhakkir fa Inna dh-Dhikra Tanfaul Mu'minin". Erinnere, heißt es, daß die Menschheit Ehre hat. Sie hat Ehre in dem Maße, wie sie Weisheit hat. Tiere haben keine Ehre, weil sie keine Weisheit haben. Die

Ehre der Menschheit hängt davon ab, wie sehr er Rabbu l-Izzet und Habibi Qibriya und Shah Mardan verehrt. Ihm wird Ehre gegeben im Verhältnis dazu. Nimm. Es wird nicht weniger. Einer der Liebenden sagte es auf diese Weise. 'Ich suchte in der Versammlung des Wissens, ich verlangte. Weisheit kommt zuletzt, es ist Adab, es ist Adab, der zuerst kommt.' Achte auf Adab. Sie werden es dir geben, nicht den Schamlosen. Denjenigen, die die Älteren nicht respektieren, oder Jüngeren, die Shah Mardan nicht kennen, die nicht dem Weg des Sultans der Anbiya folgen, des Geliebten Allahs, wird nichts gegeben. Sie legen ihnen Stroh vor. Nehmt das Stroh und eßt es. Das ist, was ihr könnt.

Der Juwelier kennt Juwelen. So viele Dinge. Was wir sagen, was zu sagen sie uns auftragen, ist nicht einmal ein Tropfen des Meeres. Es gibt uns Erleichterung, es gibt uns Macht. Unsere Verzweiflung geht, wir fühlen uns erleichtert. Wir werden Löwen, Pferde. Unser Meister, Hz Ali, ist Shah Mardan. Wenn er brüllte, erzitterten die Herzen der Ungläubigen in West und Ost. Reicht es aus? Wie kann es nicht ausreichen? Wertlose, schmutzige Ungläubige erfanden eine Maschine. Ost und West hören es. Ihr sagt, es ist genug. Wenn ich sage, wenn unser Meister, Hz Ali, ruft, erreicht es Ost und West, seid ihr verwundert. Was ist euere Erfindung? Sie reicht von Ost nach West. Allahu Dhu l-Jalal mit Seiner Göttlichen Ehrerbietung respektierte Shah Mardan. Wie kann sein Ruf nicht Ost und West erreichen? Er erreicht und geht darüber hinaus. Ooh Shah Mardan, sende uns von deiner Liebe. Sie wird nicht gesandt, ihr müßt suchen, sagt er. Sie wird nicht gesandt. Sucht, dann wird sie euch gegeben. Ihre Tür, Awliyai Tahtaki Babi la Ya'lamahum illa Ghayri. Awliya, die auf Meinem Weg sind, Shah Mardan und Er, das ist der Weg Meines Geliebten.
Ich habe Kuppeln oben im Himmel. Sie sehen sich nicht. Sie haben alle verschiedene Attribute. "La Ya'lamahum illa Ghayri". Niemand kennt sie außer Mir. Meine Awliya, Shah Mardan ist einer von ihnen und nur Shah Mardan hat Unzählige unterrichtet. Tahtaki Babi, Awliyai Tahtaki Babi. Unterhalb meiner Kuppeln, wir sagen Himmelskuppeln, eine Kuppel. Wer kann Seine Kuppeln zählen? Was verehrt wird in jeder Kuppel, diejenigen, die Shah Mardan verehren, die den Meister des Universums verehren, die sich Rabbu l-Izzet unterwerfen, sie wissen es. Versucht, einer von ihnen zu sein. Warum geht ihr auf der Erde? Sagt Bismillahi r-Rahmani r-Rahim. O Eigner des Maydan! Ali ibn Abi Talib, ooh Shah Mardan! Sondere uns nicht ab von

deiner Liebe. Laß uns nicht deinen Weg verlassen. Laß uns nicht von deinem geehrten Weg abweichen. Das, das, aus diesem Grund, ooh Freunde! Hört, was Shah Mardan sagt. Die Tür der Stadt des Wissens, derjenige, der von dem Geliebten Allahs geliebt wird. Wie ist Ali ibn Abi Talib? Was wird er euch sagen? Folgt. Hat Hz Ali euch gesagt, ihr sollt dieser schmutzigen Welt folgen?
Jetzt sagen so viele Leute, sie seien Alawiten. Sie sind dies, das. Was habt ihr? Was habt ihr von Shah Mardan genommen? Kämpfen in diesen Abwasserkanälen, genannt Dunya. Ich nehme diesen Kadaver, du nimmst jenen Kadaver. Ihr seid an nichts anderem interessiert. War Hz Ali hinter dieser Welt her? Ihr schämt euch nicht zu sagen, wir sind Alawiten, wir sind Shi'a? Ihr lauft alle dem Kadaver dieser Welt her. Ihr sagt, ihr seid Alawiten, ihr seid Shi'a. Ihr seid weder dies noch das. Ya Shah Mardan. Dhu l-Fiqqar flammt auf. Er wird diese Lügner angreifen, die Besitzer bedeutungsloser Ansprüche. Er zog sein Schwert. Es ist nah. Es ist nah. Spielt nicht! Redet keinen Unsinn! Überschreitet nicht die Grenzen. Was ist unsere Grenze? Dienerschaft. Keine anderen Ansprüche als Dienerschaft. Sagt, wir sind Abdullah. Beansprucht nicht, Shiiten oder Alawiten zu sein. Wer bist du? Ich bin der schwache Diener Allahs. Was willst du? Was wir wollen, ist die Anerkennung Allahs. Auf welche Weise können wir sie finden? Auf dem Weg Shah Mardans. Er nimmt von dem Sohn seines Onkels, Sayyidi l-Awwalin wa l-Akhirin, Muhammad Mustafa. Hütet euch!

Das ist ein Sohbah. Es dient dem Aufwecken. Wenn zwei Gläubige zusammenkommen, wenn es genug Zeit gibt, um zwei Kühe zu melken, sollten sie sagen 'Marhaba', sollten sie Shah Mardan preisen. Sie sollten Salatu Salam an den Nabi des Zeitenendes senden. Sie sollten Allah preisen. Sagt Bismillahi r-Rahmani r-Rahim und geht. Das ist unser Programm. Wer nicht gehorcht, sind alle Müll. Sie sind wertlos. Ya Shah Mardan, sende uns deine Hilfe. Sende Mahdi von deinen Söhnen. Sende uns einen Sultan. Sende uns einen Sultan, um das Sultanat Shaytans zu zerstören. Ya Sayyidi l-Awwalin wa l-Akhirin, unser Meister, zu Ehren Shah Mardans. Mögen wir Erlaubnis haben. Damaskus und Osten werden gerettet. Mögen alle Leute gerettet werden. Mögen sie mit Ehre leben. Jetzt leben die Leute ohne Ehre. Möge Allah uns nicht ohne die Ehre des Glaubens lassen. Wa Dhakkir, ooh Geliebter, erinnere. Fa inna dh-Dhikra Tanfaul Mu'minin. Jeden Tag, sage ich, es ist nicht dasselbe jeden Tag. Es wir auf verschieden Weise dargestellt.

Wir sagen Bismillahi r-Rahmani r-Rahim. Selbst wenn wir es bis zum Ende der Zeit sagten, hört es nicht auf. Sagt die Basmala, steht auf am Morgen, wascht Gesicht und Hände, werft euch nieder vor euerem Herrn, öffnet die Tür mit der Basmala. Alles fließt. Wenn nicht, erreicht euch die Welt nicht. Kein Nutzen für euch. Es wird zu einem niederen Leben. Ein geehrtes Leben ist das Leben, das mit Basmala beginnt. Erinnert Shah Mardan. Der Sohn seines (saws) Onkels. Sendet Salatu Salam an den Meister des Universums. Tretet hinaus mit Basmala. Alles ist heiter. Sonst kommen Probleme über Probleme. Ya Rabbi, laßt uns bereuen. Sende uns nicht weg aus Deiner Dienerschaft. Wir sind schwach, ya Rabbi. Niemand hört auf uns. Sende uns die Heiligen zum Zuhören. Zu Ehren des Geliebten, wa bi Hurmati l-Fatiha.

## Dhikr bringt Kraft

Möge Allah uns den süßen Geschmack des d h i k r schmecken lassen. Alle Geschöpfe leben mit ihrem Lobpreis Gottes. Sobald ihr t a s b i h zu Ende geht, sterben sie. Jeder einzelne Körperteil sogar hat seinen eigenen Dhikr; so sagen wir mit unseren Atemzügen ohne Unterlaß „Hû, Hû, Hû...“, ohne uns dessen bewußt zu sein. Wir machen in vierundzwanzig Stunden vierundzwanzigtausend Atemzüge, und dieser Dhikr geht immer weiter, ohne unseren Willen. Doch wichtig ist, den eigenen Willen zu gebrauchen und „Allâh, Allâh...” zu sagen.

Das ist besser, als vor dem Fernsehgerät zu sitzen oder zu singen. Es gibt dem physischen Körper Kraft, und es bringt Erfrischung und Verjüngung mit sich, doch die Menschen sind sich dessen nicht bewußt. Sie verschwenden lieber ihre kostbare Lebenszeit. Benutze deine Willenskraft und widme mehr Zeit deines Tages dem dhikr! Benutze sie, und du wirst mehr Erfrischung erfahren, benutze die Willenskraft, wirf sie nicht weg! Wer sie nicht benutzt, ist auf der gleichen Stufe mit den Tieren. Und selbst die Tiere werden zu ihm sagen: „Du bist keiner von uns, du bist aufsässig, dumm und blöde, du kannst keiner von uns sein.“ Wir sollten uns immer im Dhikr befinden. Wir haben das größte Geschenk von unserem Herrn erhalten, eines Seiner eigenen Attribute, den freien Willen. Wer ihn nicht benutzt, wird selbst von den Tieren verstoßen: „Bal hum adhall.“ (Qurânvers: „Doch sie sind die Niedrigsten.“) Derjenige ist wie sie oder noch unter ihrer Stufe. Es hat nichts mit Willenskraft zu tun, wenn man hungrig ist und ißt oder trinkt, weil man Durst hat.

Willenskraft bedeutet, daß du dich selbst beherrschen und dein Reittier, dein Ego, im Zaum halten kannst. Allah hat es uns als Reittier geschenkt, doch wir ziehen es vor, unseren Esel auf uns reiten zu lassen. Wir machen uns zum Esel für unseren Esel. Die Heiligen sehen alle Menschen, wie sie ihre Esel auf dem Rücken herumtragen. Beinahe hundert Prozent der Bevölkerung der Erde trägt ihre Esel, und sie sind noch stolz darauf, sie auf den Schultern zu tragen. Wenn du deine Willenskraft benutzt, dann reitest du auf ihm, und dann kannst du ihn dorthin dirigieren, wohin der Herr der Himmel es befiehlt. Er befiehlt: „Steig auf dein Pferd und komm zu Mir!"

Die ganze Geschichte bis zum Ende dreht sich nur darum, daß man die Menschen dazu befähigt, auf ihren Pferden reiten zu können. Bis heute geht es nur darum, euch zu Kavallerie zu machen, zu Rittern. Allah möchte, daß die Menschen edle Ritter sind. Wer ein Ritter auf seinem Ego sein kann, mag die ganze Welt erobern. Und wir brauchen solche Eroberer. Um die Welt aus den Händen von Satan zurückzuerobern, brauchen wir solche Leute, und um das Königreich des Himmels auf der Erde zu errichten, brauchen wir solche Helden. Seid Ritter, seid keine Diener und Sklaven. Ihr habt die Möglichkeit bekommen, Sultane zu sein, zieht ihr es da vor, Diener zu sein? Was ist der Grund dafür? Wir alle haben die Gelegenheit, Sultane zu sein, und wir sind lieber Diener. Wie können wir behaupten, wir wären klug und intelligent, wir seien Doktoren, PHD, BMW, u. s. w.; wir beanspruchen so viele Titel und sind doch damit einverstanden, Diener und Sklaven zu sein anstelle von Sultanen.

Die Einladung und die Unterweisungen aller Tarîqats, Orden, zielt darauf hin, aus Gläubigen Sultane und Ritter über sich selbst zu machen. Dann bekommen sie von Allah dem Allmächtigen eine private Welt geschenkt. Er läßt sie nicht in dieser überfüllten Welt verweilen. Er öffnet dem, der Sultan über sich selbst geworden ist, eine eigene Welt, in der er Sultan ist, und er ist nur noch als Schatten hier in dieser Welt anwesend, doch wirklich ist er dort. Er ißt und betet mit euch, doch sein wirklicher privater Aufenthaltsort ist dort in den Himmeln.

## Dhikr Is a Heavenly Order

Yaa Rabbee! Dastoor yaa Sayyidee, madad yaa RijaalAllah. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

Sultaan sensin! Anta Sultaan! O our Lord! Give Your most high honor and glory for Your most honored one in Your Divinely Presence, Sayyidina Muhammad (s)! Zidhu yaa Rabbee `izzan wa sharafa nooran wa surooran, ridwaanan wa sultaana. And also for all prophets, for all anbiya and awliya that belong to the Heavens, those heavenly holy ones. And we are Your weak servants, O our Lord, asking for forgiveness and blessings. (Mawlana Shaykh sits) Salutes on you, O our protector on this planet, Qutb al-Mutasarrif and Saahib az-Zamaan, salaamullahi `alaykum!

We are saying as-salaamu `alaykum for all attenders who are asking for heavenly protection and heavenly blessings. May Allah (swt) grant it to us for the honor of His most honored one, from pre-Eternal up to Eternal.

O People! Say, a`oodhu billahi min ash-Shaytani 'r-rajeem, to run away from the accursed ones. Who are accursed ones? They are followers of the first cursed one, Shaytan! O our Lord, protect us. We ask for Your protection here and Hereafter, and we say, (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem. By the Name of Allah Almighty, All Merciful, Most Beneficent, Most Munificent, Almighty!! (Mawlana Shaykh sits) Accept that salute from here. That address is for all Mankind from east to west, from north to south. The Lord of Heavens is asking those heavenly blessings to be addressed to all Mankind. He Almighty granted us such an honor never granted to any other Creation, not even heavenly angels, whose main mission is to give their most high glorification for their Creator, tasbeeh. They are asking for such honor that the Lord of Heavens granted it for human nature!

Say, Bismillahi 'r-Rahmani 'r-Raheem, and give your attention for understanding. We are living on this planet, dunya, for what?

O Salafi `ulamas! As-salaamu `alaykum. If anyone also from Salaaf as-Salih is attending, those heavenly blessings are coming on them also. Everyone knows the Heavens are showing their pleasure. All of Creation are standing up, saying, "O our Lord! Allah Allah, Allah Allah, Allah Allah." No one is remaining in the Heavens, but all of them are making that glorification, which makes our Lord happy with us.

O Salaaf as-Salih! Say to us, what makes our Lord happy with us? You are reciting Holy Qur'an, and which verse shows you, yadul? Which holy verse makes people the happiest? Say, because you are `ulamas. I am asking to mulook ul-`ard and all `ulamas, which good deed that Mankind is keeping is quickly so acceptable? What is that? Ayatu 'l-kareema, yaduluna, or, taduluna `ala `amalin, (directing us to a good action). Which one is Allah Almighty quickly accepting? Heavenly people know it and are continual on that, asking for Mankind to also know it and keep it. What is that? We are saying maa ja'a bihi 'n-nabiy, what does Prophet (s) bring that must be acceptable without any discussion? He (s) knows and also he is teaching it to his nation, from the beginning up to the end. What is that maa ja'a bihi 'n-nabiy, holy order of Allah Almighty that is so quickly going to be accepted and will become a mukafa'a, quick reward? What is that? Say, `ulamas!

We must try to understand, not like a parrot or like a cassette tape, reciting but not understanding. You are not understanding. SubhaanAllah! The Lord of Heavens is asking that His servants understand from the Holy Qur'an as much as they can. Salafi `ulamas, which ayatul-kareemah, holy verse, is going to be shaahid,

witness for you? That is a very important point that perhaps very few people are going to understand, especially `ulamas. Which `amal, deed, is so quickly taking a reward from the Lord of Heavens? You are `ulamas, and doctors of Shari`ah, and Azhar ash-Shareef `ulamas! Ayya `amalin y`amal wa y`amaal filhaal, “Rewarding from the Lord of Heavens.” I am not knowing, but a reminder is coming to my heart to say to you, and perhaps you will be astonished. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands.) The Lord of Heavens is saying:

•••••••••••••• ••••••••••••

fadhkuroonee adhkurkum, Remember Me, I will remember you. (Surat al-Baqarah, 2:152)

(Mawlana Shaykh sits.) Allahu Akbar! From the east to the west, who is remembering this? From `ulamas who claim, “We are high level `ulamas,” who knows this? I am sifr, nothing, but it is coming suddenly to my heart to address you, O `ulamas. Which obediency is making Allah Almighty happy and is quickly rewarded? "Fadhkuroonee! O My servants! Fadhkuroonee!” Taaqibiyya. He is saying, "Don't waste your time with nonsense purposes. Don't waste your precious life. Fadhkuroonee! O My servants, make My remembrance, dhikr.”

When you look at people gathered in Haramayn Shareefayn (the two Noble Sanctuaries, Mecca and Madinah) and they are saying, "Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah," no-mind Wahabi people are saying that is bida`! How are they saying this? And the Holy Qur'an is a heavenly book with a message from the Heavens. Allah Almighty is ordering, fadhkuroonee! Fadhkuroonee! How are you coming to Haramayn Shareefayn, saying, “We are jama`at amar bi 'l-ma`roof, wa 'n-nahi `ani 'l-munkar (groups who call for the good and forbid what is wrong). That (dhikr) is munkar!” And you say to people, “Don’t sit here! Don’t say, laa ilaaha illa-Llah!” What is that, and Allah Almighty is ordering, fadhkuroonee?! Yusheer `ala 'd-dawaam (signing that is it continuous and unending). Where are they? Saying, “That is bida`.” And Allah Almighty is ordering, "Do dhikr. Don't forget Me. You must say My Holy Name.” It is a heavenly order!

Allah Almighty is ordering, fadhkuroonee, `ala ad-dawaam, continuously. If a person is leaving everything and making only, Laa ilaaha illa-Llah, laa ilaaha illa-Llah, that is OK. It makes His Creator, Allah Almighty, happy with him and reduces the distance between the dhikr and an answer from Allah Almighty. He (swt) is ordering, fadhkuroonee adhkur kum, such an endless honor for us to be remembered in the Divinely

Presence! Which of you, Salafi `ulamas and others, do not like to be mentioned in a king or sultan's presence? You like to be addressed and for your name to be in the diwaan, royal court. "Jalaalatu 'l-malik just mentioned my name!" Are you going to be like a bird?? You are asking to fly! Allah Almighty is saying, "If anyone is saying My Holy Name," adhkurkum fadhkuroonee adhkurkum, in His Divinely Presence. How is your Islamic understanding?

Oh new jaahil, ignorant ones! I am coming to say, laa ilaaha illa-Llah, laa ilaaha illa-Llah, and leaving everything. I am so weak, but He may make the weakest a more powerful one! Behind me are coming not thousands or hundreds of thousands, but perhaps millions to make people say, laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah raghman li 'sh-Shaytan ridan li 'r-rahmaan! Why are you going to the Hijaaz and throwing that stone on Shaytan (during Hajj)? Because Shaytan is saying, "Don't make dhikr." The Seal of Prophets (s) is saying by the holy command of His Lord, "Say ridan li 'r-rahmaan, raghman li 'sh-Shaytaan, For the pleasure of Allah and rejecting Shaytan."

Throw on Shaytan and shaytanic ideas that are trying to make mu'mins not make dhikr, not to remember their Lord, Almighty Allah. Allahu Akbar! Fadhkuroonee adhkurkum, (Remember Me and I remember you) and then say, washkuroo lee (and thank Me). If I am giving to you tawfeeq, If I am giving you a chance to make dhikr on My Holy Name. That is included in that they are making shukr thanking to the Lord, Almighty Allah that granted us such an endless, endless, endless grant from the divinely Presence and they are falling into sajdah. Say, Shukran lillah, shukran lillah, shukran lillah. Washkuroo lee. This is also threatening and warning foolish, ignorant ones who are trying to prevent dhikr, remembrance of the Holy Name of our Lord! Wa laa takfuroon. That khitaab is addressing those who prevent people from making dhikr:

•••••••••••• ••• ••••• •••••••••••

washkuroo lee wa laa takfuroon, Thank Me and do not be ungrateful. (Surat al-Baqara, 2:152)

"O My servants, that I granted you to remember Me, to make dhikr, My remembrance. Those who prevent you from saying My Holy Name everywhere are going to be kaafir, wa la takfuroon." That is Arabic, I am not speaking Turkish. I am reciting the Holy Qur'an in Arabic, so you are understanding.

O People! Don't claim to know something. Don't say, "We are doctors, `ulamas, mulook." Everything you are sitting on may change; in one second it may be on your heads, because Allah Almighty's Divine Attributes

that Allahu `azeezun dhuntiqaam, "for Allah is Exalted, and Lord of Retribution." (Mawlana Shaykh stands and sits) Fear from Allah Almighty, Who can make your heads down and your feet up! This is the barakah of the holy month, Shabaan Mu`azzam. If anyone is taking a share from holy ones who speak from holy speeches or holy books, follow them! Don't try to divide the Right Path into so many wrong ways. The Right Way is only one, but wrong ways are countless. Wa yuhadhirumkumullah. Allah Almighty is warning, "O My servants! I am warning you not to fall into Shaytan's tricks or that of his representatives!" May Allah forgive us.

O People! We must give time for thinking, because thinking opens locked treasures. Think on it and you will blame your egos and shaytanic groups that are asking to change the true way into wrong ways.

•••••••••••••••• •••••• ••••••••

Wa yuhadhirumkumullah, Allah is warning you! (3:23)

Allah Almighty is always warning you not to fall into Shaytan's traps. Alhamdulillah wa kafaa, "All praise be to Allah, and it is sufficient."

This is a long address today, but it is so important for all people who are authorized in governments, and such people are never authorized from Heavens. Heavenly authorized ones must say the truth and must be true ones. If not, they have never belonged to the heavenly true ones and their situation is going to be dangerous. The Angel of Death may reach them at any time and take them away. Be a true one and accept truth, don't make like this and like that. Go on the true way, the correct way, on which Prophet (s) was leading his nation. Don't make separation!

•• •••• •••• •• ••••• •••••

Man shadhdha shudhdha fi 'n-naari abada, Those who are leaving the majority are going to fall into Fire here and Hereafter!

I am asking forgiveness from Allah Almighty, and from His most beloved and glorified servant, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

(40 minutes) Mashaa-Allah. Shukr Allah, shukr Allah, shukr Allah, yaa Sultan!

(Mawlana Shaykh prays two rakaat Salaat ash-Shukr.)

## Zikr, the Security System for Your Heart

We thank, glorify and praise Allah for creating us as humans. We are surrounded by countless creatures on earth, in the oceans and in the skies, but we were the only ones to be honoured. Donkeys are happy to be donkeys. Do you think that any cat is objecting to being a cat? Do you think it would be jealous of a dog? Are oxen unhappy about not being horses? Only mankind is unhappy with their creation. If you could hear how many complaints I get every day! Endless complaints... Where are your manners? Put your head into prostration! Even if you would be in prostration from morning until evening, it would not be enough thanks to Him, the Allmighty Allah.
In our days most people are ignorant. Allah is teaching us in the Holy Quran, that whoever accepts Muhammad*, accepts that there is no prophet after him. Jesus* will come, but he will not be a prophet this time. He will be a follower, not a followed-one. The Holy Laws of Moses*, which Jesus* was also following, will be finished. The Sharia of the Christians will be finished, just like their religion. It is dead. People are sometimes more honoured when they have died, some are even immortalised in statues. But do you think that the statue can be compared to the one who died? Never! Christians and Jews are trying to introduce their religion as something which is alive. It is dead! It has no affect on people. They are giving so many names to their churches, but it is all in their imagination.

The religion which is alive is Islam. The Holy Quran addresses you: "Oh, the nation of David*, be grateful,

give your thanks." It doesn't only ask of you to say thanks, but to give thanks. Thanks belong to your tongue, to your organs, to your heart. Whoever wants to give thanks to the Lord, must first say it, give the thanks of the tongue. Then your body must give it. It means; keep your eyes from bad looks, don't let your ears listen to bad things, don't let your tongue speak badly, don't let your hands steal or reach anything which is forbidden, don't let your legs step into anything forbidden, don't let your stomach accept anything which is forbidden, don't let your hearts be ungrateful and don't let anything live there except your Lord. Your heart belongs to Allah.

That is the perfection of Islam, because it comes from Heaven: don't think bad thoughts, don't have bad ideas or bad intentions, don't open your heart to satan. Look after your heart! In which way can you protect your heart? Even buildings have security systems nowadays. So what about your heart? The protection you have is zikr. But so many square-headed people are denying the power of zikr, they are against the Ahlil Sunna wa Jamaat. If you remove the zikr from Islam nothing remains. It is like taking everything away from the body and leaving only the skeleton. Would that be of any use for you? Can you sleep with a skeleton? Can it make you happy? If you take away the zikr from Islam, nothing remains. But those square-headed people are telling us not to make zikr, even though Allah told us to. Our hearts are making zikr. We have a tongue, eyes and ears. Our heart also hears, sees and talks. All our feelings are there. If the heart does not work, a human is finished. We have a tongue in our heart which makes zikr. It says, "Allah, Allah, Allah...". Every breath we take says, "Hu, Hu, Hu...". Zikr is the protection we have for our heart. It is our security system.

Satan has a trunk. Whenever someone is not engaged in zikr, he will put his trunk into the heart of that person and whisper. If a servant says, "Allah", satan will quickly remove his trunk. You must be very careful that satan will not enter your thoughts, intentions and hearts. If you let him, he will take you with him. Wherever he goes, you will go. Do you think that he is going to Paradise? He is going to hell. If you leave your heart in his care, if you are not well protected, satan will take you with him to hell. No-one who follows satan is happy. No-one who follows him will have peace and reach paradise. If a person like that dies, the angels will take his soul to the first Paradise. The Angel of Death will ask them,

"Who is with you?"

"Kick him down, because he is coming with satan. He cannot enter Heavens."

That means that there is no way to Paradise for the followers of satan. Oh believers, you are living in a country in which satan has put his biggest headquarters. Beware of satan and of his followers. As I was coming here I saw a poster with a big boy offering drugs. The poster was saying, "Save us little boys from the big boy!". That is the kind of country we are living in: a country which is free for every satan, every devil and every evil. Protect yourself and follow the way of Allah, Who puts His people on your way for you to follow. Don't follow satan or his representatives. Time is over. Don't think that this world will last more than this century. According to the hadith, Muhammad*, who knew everything about his nation until the end, was telling us, that if his nation would keep the rules of the Sharia, He would grant them one day. If they would go against the Sharia, He would give them half a day. Muhammad* explained, that in the accounts of Allah, one day is equal to 1000 years. So it means that his nation, the people of Islam, would be on this earth for 1500 years. No more than that.

We believe in what the Prophet* said and the Last Days have started to appear. The 21st century of the Christian calendar is approaching, but I don't think that we will have a 21st century. Time is finishing. Prepare yourself! Everyone is being called back to the Creator. No-one comes here with a permanent residency, everyone is temporary. He knows if your time is short or long, only He knows. Everyone is on their way to reach their end. Take your care and keep the path of Muhammad* and his followers. That is your chance to be saved from the anger of Allah. If we follow good people Allah can grant us, for their honour, to be saved.

We know that it is a difficult situation in the western countries. Our advice for young people is to be outside in daytime, but keep your children inside after sunset in their homes. All young people should try never to be outside in the dark. These are dangerous times. No-one knows what is happening outside now. Whoever wants to keep their faith, dignity and honour must abstain from night life. Stay at home. These are dark and dangerous times. If something comes, you will repent. May Allah forgive and bless us. Only very few people give their thanks to Allah. Try to belong to the group of people who give their thanks to the Lord, the Almighty Allah. If you make Allah pleased with you, He will make you pleased. Whoever is not trying to please Allah, will not be pleased by anyone or anything. Even if gold rains on him day and night, he will not be pleased. Oh believers, give thanks! Don't complain. Let Allah write your name on the board of the ones who give thanks.

Oh Allah, send the Sultan of Islam, the Sultan of Sharia, send the Sultan of this world! Amen.

## Dhul Hijjah

The news that will make us happy will come. 1000 Salawat, 1000 Kalima al-Tawhid, for the dervishes. 100 Istighfar, 100 Surat al Ikhlas.
G.S. Mawlana says the people should do the qiyam al-layl/night prayer even if it is at least for 2 rakats. What dhikrs should they do?
M. 1000 Salawat, 1000 Kalima al-Tawhid, 100 Ikhlas al-Sharif.
G.S. And you also said 100 Istighfar?
M. Yes, 100 Istighfar. 100x Ya Latif. 100x Ya Jabbar Ya Ghaffar. Ya Mu'in al-ajeezin (O Helper of the helpless), 100x. I congratulate all of them, let all of them be straight/true! Let them be with the true ones or they will get beaten by the stick! No one should go to the wrong ways, even if it is his grandfather, he will still get the stick! They should take the straight way. As long as they continue on the wrong way, the stick will always be on their back. They will either be men or become a donkey for shaytan. May Allah protect us from this.
This month has started with great power. The 10th of Muharram comes after this. Insha Allah the Sultan of this time comes and after him will come Mahdi (as). Ya Rabbi may You make us reach it also. Be true & get saved! If you are untrue you will be beaten with the stick, in dunya & in akhirah. Aman ya Rabbi, tawba ya Rabbi.
Continue with the Istighfar. 100 Astaghfirullah. Be careful with your prayers. Prayers are important. There is so much that will befall those who don't pray. They can't be saved, can't be saved.. The broom is coming to dunya, the big broom is coming from upstairs. It will sweep. May Allah not make us from the rubbish it will sweep. May we go with the clean servants.
O Lord, You know. Tawba Ya Rabbi, tawba.. O Umm Hiram Sultan, may you look upon us with your glance of mercy, may you send us a power. These people are left to be ignorant ones.

They are left as ignorant ones, no one is left to teach. O Allah, may You send us from Your servants one who will teach us.
I am shy to ask from Allah Almighty, shy to ask from the Prophet (sas) also but I am asking from the awliyas. There is the Qutb al-Mutasarrif who is watching over us. He can reach from East to West. May he send us a power.
Fatiha.

**Dhul Hijjah**

---

Die Nachrichten, die uns glücklich machen, werden kommen. 1000 Salawat, 1000 Kalima t-Tawhid für die Derwische. 100 Istighfar, 100 Surat al Ikhlas.
G.S. Mawlana sagt, die Leute sollen Qiyam al-Layl, die Nachtgebete, machen, auch wenn es nur 2 Rakats sind. Welchen Dhikr sollen sie machen?
M: 1000 Salawat, 1000 Kalima t-Tawhid, 100 Ikhlas ash-Sharif.
G.S: Und du hast auch 100 Istighfar gesagt?
M: Ja, 100 Istighfar. 100x Ya Latif, 100x Ya Jabbar, Ya Ghaffar. Ya Mu'ina l-Ajizin, O Helfer der Hilflosen, 100x. Ich gratuliere ihnen allen. Sie alle sollen aufrichtig, wahrhaftig sein! Sie sollen mit den Aufrichtigen sein oder sie werden mit dem Stock geschlagen. Niemand sollte auf falschen Wegen gehen, selbst wenn es sein Großvater ist, wird er den Stock kosten. Sie sollten den geraden Weg nehmen. Solange sie auf dem falschen Weg weitergehen, wird der Stock immer auf ihrem Rücken sein. Sie werden entweder Männer sein oder Esel für Shaytan. Möge Allah uns vor diesem schützen.

Dieser Monat hat mit großer Macht begonnen. Der 10. Muharram kommt danach. Insha'Allah kommt der Sultan dieser Zeit und danach kommt Mahdi (as). Ya Rabbi, mögest Du es uns auch erreichen lassen. Seid wahrhaftig und rettet euch. Wenn ihr unaufrichtig seid, werdet ihr mit dem Stock geschlagen in Dunya und Akhira. Aman ya Rabbi, Tawba ya Rabbi. Macht weiter mit Istighfar. 100x Astaghfirulla. Seid achtsam mit eueren Gebeten. Gebete sind wichtig. Es gibt so vieles, daß jene ereilen wird, die nicht beten. Sie können nicht gerettet werden, können nicht gerettet werden.. Der Besen kommt zur Dunya, der große Besen kommt von oben. Er wird

kehren. Möge Allah uns nicht zu dem Müll gehören lassen, den er wegfegt. Mögen wir mit den reinen Dienern gehen. O Herr, Du weißt. Tawba ya Rabbi, Tawba... O Umm Hiram Sultan, mögest du auf uns schauen mit deinem Blick der Gnade, mögest du uns Macht senden. Diese Leute sind Unwissende geblieben. Sie sind als Unwissende zurückgeblieben, es gibt niemanden mehr zu lehren. O Allah, mögest Du uns einen Deiner Diener senden, der uns lehrt. Ich scheue mich, Allah den Allmächtigen zu bitten, ich scheue mich auch vor dem Propheten (saws), aber ich erbitte von den Awliya. Da ist der Qutbu l-Mutasarrif, der über uns wacht. Er kann von Ost bis West reichen. Möge er uns eine Macht senden. Fatiha.

## Did Nature Create Everything?

Allah Allah, Allah Allah, Allah Allah, Allah Allah 2x
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Allah Allah 2x
Allah Allah, Allah Allah, Allah Allah, `Kerim Allah
Allah Allah, Allah Allah, Allah Allah, Allah Allah 2x
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

(Mawlana Shaykh stands.)

We are Your servants. O our Lord! Forgive us through this holy month, forgive us for the honor of the most honored one in creation. Forgive us!

As-salaam `alaykum. Madad yaa Sultan al-Awliya. Welcome, welcome to you and everyone that is asking to be with good people and trying to be good ones. And we are saying as-salaamu alaykum and we are saying a`oodhu billahi min ash-Shaytaani ‘r-rajeem. If you like to reach an honorable life full with pleasures, full with enjoyment, full with lights, come and say a`oodhu billahi min ash-Shaytaani ‘rajeem. Shaytan is calling Mankind to fall into black holes and Allah Almighty is sending His prophets, particularly the Seal of Prophets

from the beginning up to the end, from pre-Eternal up to Eternal, Sayyidina Muhammad (s.) (Mawlana sits.)

We are saying Bismillahi ‘r-Rahmani ‘r-Raheem. You must say also, everyone must say Bismillahi ‘r-Rahmani ‘r-Raheem. It is a protection for servants here and Hereafter because when it was the period of Sultans the Muslims when they were sending their children to learn the Holy Qur’an and learn about Islam, the teacher would begin by saying, “O my son say, Bismillahi ‘r-Rahmani ‘r-Raheem, Rabbi yassir wa laa tu`assir, Rabbi w 'atammim bi 'l-khayr. That was the beginning of life for children. Their training began by knowing about themselves and their Creator, Allah Almighty, jalla jalaaluhu (Mawlana stands) and his most beloved servant Sayyidina Muhammad (s.) When they were beginning by saying Bismillahi ‘r-Rahmani ‘r-Raheem, they were under Divine Protection. Allah Almighty was sending angels to protect those new children, and at that time people were learning that they were servants of their Lord and the Lord of Heavens created this planet and the first man and his wife landed on it.

SubhaanAllah! Whole glory to Allah Almighty. He sent only one couple, man and woman, Sayyidina Adam and Ummuna Hawwa (a) from two only. Think on it. Billions of generations coming up to today and up to the end of the world their number is going to be 40 billion. That number must complete, that is a secret that no one knowing; Shaykh Hisham knowing!

Those no-mind, no-imaan, no-honor, no-mentality and no-knowledge people are trying to say everything happened by nature, ptuh! (spits) on them and their knowledge. Never ashaming. If I am saying the Creator is Allah they are saying, “No.” Astaghfirullah, nature? “Yes, nature.” Nature putting your globe on space and I am asking is space empty or full. Empty? Full? If full, no way for our globe to run in it. I am asking, “O drunk ones, is nature sitting on chair or standing up or carrying this (Mawlana makes as if conducting) music controller”? Like Beethoven and Mozart, like this and like that for commanding a lot of people as himself, no mind, empty head. They are only learning dome, dome, dome, dome, that is famous music from Mozart!

Do you think that nature is for controlling space? Where is That One that you are denying, Allah Almighty? You are saying, “For Allah no, for nature yes.” Where is that nature? Do you think it has a chair and is sitting on it or standing on it or is there a big book in front of it, writing here who is coming and who is going?

“I think they are going to stand up, I shall look to you who bringing you here.” And that person is saying, “I never knew such a thing.”

“Say that I am bringing you.”
“What is your name”?
“My name is Nature.”

New-fashion knowledge and teaching is to deny everything and say something that has no meaning and finally, to say, “We must make it smaller, smaller, smaller, and we must make an atom.” Then a new (theory), they are saying one explosion and coming (all life), “Big Bang”. I hope that those people who are saying Big Bang, Big Ben, that churches are using ‘dong dong’, yes. (laughter) I am cursing them, that a big bang falls on their heads! They are asking to make such a creation, and they are thinking that it is an enjoyment like a play, but all of them are drunk ones, thinking, thinking and they are not thinking. Shaytan saying, “Leave everything, say ‘Big Bang’ and everything coming in existence.”

They are saying this in the name of knowledge and science. They are saying this whole Creation happened from one atom, no-mind people! They are not saying Allah created it, but all this is in existence from nature, and I am asking what is your proof about nature? It is from material world, or it is from spiritual world? From which thing is that nature? No answer. They are so ignoramuses. All that following them, no honor, no noor, no mind and no understanding for them!

But it is a new fashion for Islamic countries also, they are trying to take away the name of Allah Almighty (Mawlana stands) and instead of Allah Almighty, to put nature. And that is the reason that coming cursing on people now, and beginning first those troubles through our imitated Muslim countries —Turkey, Middle-East, Iran, Afghanistan, Pakistan and whole Islamic states are under heavy, heavy pressure. None of them are in a good position. They are looking at themselves and saying, “We are so far away from civilization, look at western civilization, look western countries! They are first level people because they are using technology and believing in nature! We must change our minds also and find some ways through technology they are using, and change our beliefs, and instead of Allah Almighty to say ‘nature’.”

And they are teaching through universities that it is forbidden to bring the name of the Lord of Heavens, and Islamic world also following them, asking to be like western people. Western people lost their minds and their mentalities and everything that was granted to them from the heavens.

If you are asking a donkey, “Who created you?” donkey answering, “My Lord created me.” But those people are not saying, “Allah created me.” Now big punishment coming because we are reaching the end of the period on this planet. Finishing last period and just beginning this year 1431 AH and a big changing that no one is expecting going to appear, until they are coming to say, “Allah, O our Lord!” Allah protects us from wrong ideas, wrong teachings carrying people to a worse ending through this life. Their lives beginning trouble on Mankind; when they are through wombs of their mums beginning that trouble, and their whole lives going to be worse and worse, because they lost Asti`azubillah:

••••••• •••••• •••••••••••••

Nasoo Allaha fanasiyahum,

They have forgotten Allah, so He has forgotten them. (9:67)

They forgot their Creator and Allah Almighty left them to themselves as a person unknown. All troubles, they are saying this is new year and mentality never accepting a new year, no. Periods of planets running on (continuing). You can’t say a new measure, new year or past year, no running. But people just occupied by Shaytan through new year, new fashions.

Allah, Allah, Allah, O our Lord! Make us under Your divinely protection from Shaytan and its armies. People now are not 90 percent, but 100 percent they are not thinking about their Creator! Therefore, cursing coming, coming, coming through themselves and Earth that they are saying ‘nature’. Also very angry with people that they are denying the Creator of this universe!

O People! First come and say bismillahi ‘r-Rahmani ‘r-Raheem. Therefore, we are beginning with bismillahi ‘r-Rahmani ‘r-Raheem. Old time, our teachers were teaching us first say bismillahi 'r-Rahmaani 'r-Raheem. Wa man dakhallu kana li 'ahli. To say bismillahi 'r-Rahmaani 'r-Raheem is a protection for Mankind not to fall through troubles here and Hereafter.

Allah, yaa Rabbee! Forgive us and send us from Your elected or selected or chosen ones, to change our ways from Shaytan to come to the Lord’s way, to change peoples’ faces from fire to Paradise!!

May Allah forgives us! It is so simple words but they are making me address people. I know nothing, but

Divinely Will making me to speak to you through east and west such an instruments reaching to people to understand something, as well as I am trying to understand for myself daily more and more.

Allahumma salli `ala Sayyidina Muhammadi 'n-nabiyyi 'l-ummiyy wa `ala aalihi wa saahbihi wa sallim 3x Salli yaa Rabbee wa sallim `ala jami`yi ‘l-anbiyaa wa 'l-mursaleen, wa aali kulli ajm`aeen w 'alhamdu lillahi Rabbi ‘l-`alameen.

Fatihah!

## Die kleinen Dajjals - „Lifestyles“, Jugendkultur und der Antichrist

Schatz des Paradieses, der dem Volke Muhammads (s.a.s.) geschenkt wird ... Wenn etwas schwierig wird, etwas über deine Grenzen oder über deine Kraft geht, wenn du dich schwach fühlst, benutze jene heiligen Worte, die auf Arabisch folgendermaßen lauten: La haula wa la quwwata illa billahi l‘aliyyi l-‘azim. Dies sind heilige Worte, und wer sie in diesem Bewußtsein ausspricht, der kann dadurch Berge versetzen, ja sogar Kontinente, so groß ist ihre Kraft. Darum sagt sie jeden Tag hundertmal. Wenn du denkst, du schaffst es nicht, dann sag Bismillahi r-rahmani r-rahim, la haula wa la quwwata illa billahi l‘aliyyi l-‘azim. Wenn dir etwas zu schwierig erscheint oder du etwas nicht tragen kannst, sprich diese Worte.
Nun ist das Leben sehr schwer, schwieriger als jemals zuvor. Niemals zuvor hatte die Menschheit ein so schweres Leben, trotz all jener Erfindungen und Instrumente, die das Leben erleichtern sollen. Die Technik hat jetzt ihren Höhepunkt erreicht, und was früher der Mensch machte, machen jetzt Maschinen. Aber je mehr Maschinen es gibt, die das Leben leichter machen, um so zahlreicher werden die Schwierigkeiten des Lebens, denn wenn der physische Körper erschlafft, leidet der Mensch auf der spirituellen Ebene.

Wenn der Mensch keine Ruhe findet durch seine Spiritualität, wird ihm das Leben zur Hölle. Welche Technik oder Maschinen können ihm dann helfen? Wenn er in sich selbst keinen Frieden findet, was können ihm dann Autos oder Flugzeuge oder Schiffe oder Fernsehen oder Computer noch geben? Was hat er dann von Milliardensummen oder von Gold und Juwelen?! Nichts! Wenn eine Frau krank wird und der Arzt ihr sagt,

sie habe Krebs – Allah muhafida! – kann ihr dann die Technik helfen oder ihre Traurigkeit wegnehmen? Was hätte sie dann von Juwelen?

Der Mensch des 20.Jahrhunderts erreicht alles durch einen Knopfdruck – alles außer dem Geschmack, der Freude am Leben. Denn mit der Freude am Leben entfaltet sich der Geschmack. Die Menschen haben den Glauben aus ihrem Leben entfernt. Wie können sie sich dann ein „süßes“ Leben erhoffen, wenn sie statt Zucker Gift zu sich nehmen, das voller Bitterkeit ist? Das Leben ist nun für die Menschen bitterer als Gift, weil sie die Süße und den Honig des Glaubens nicht mehr nehmen. Sie haben ihn verloren, weggeworfen, bezeichnen ihn als nutzlos, und statt dessen nehmen sie Gift. Darum ist dies die schwierigste Zeit der Menschheit. Von gestern nacht bis heute morgen liefen die Menschen umher, um etwas von der Süße des Lebens zu finden – Glaubt ihr, es ist ihnen geglückt? Das, dem sie hinterherjagen, bekommen sie nicht; laßt euch durch sie nicht täuschen. Sie laufen durch die Straßen, durch die Nachtclubs, Diskos, Theater, Opern, Kinos, Kasinos ... Glaubt nicht, sie fänden dort irgendeinen Geschmack, außer dem Geschmack von Gift. Laßt euch nicht durch ihre Kleidung täuschen oder durch ihre Juwelen, ihre Autos, ihre Geschäfte, ihren Reichtum, ihren Status, ihre Paläste, ihr „Privatleben“, ihre Freundinnen. Laßt euch nicht täuschen; denn all dies stellt nur verschiedene Arten von Gift dar. Nach außen hin mag es den Anschein haben, als genössen sie das Leben, und für das Ego sieht es auch so aus. Aber in Wirklichkeit haben sie keine Freude.
Der Prophet, Friede sei auf ihm, sagte über den Antichristen (dajjal), er werde Beispiele aus Himmel und Hölle mit sich bringen: Sein Paradies ist in Wirklichkeit die Hölle, und seine Hölle ist in Wirklichkeit janna, das Paradies. All diese Dinge – Nachtklubs, Diskos, Bars, Kasinos, Theater, Oper usw. – gehören zu den kleinen dajjals, die dem eigentlichen Antichristen vorangehen und von denen es dreißig gibt. Sie haben den Menschen ihr Schlechtestes gegeben, und sie sind es, die diesen lifestyle geschaffen haben. Eine Gruppe von ihnen kreiert den Lifestyle der Jugendlichen, und sie programmieren jetzt das Leben der Menschen. Sie sagen: „Wenn ihr euch in unser Programm einklinkt, seid ihr wie im Paradies.“ Sie bestimmen das Programm der Jugendlichen. Seht euch an, wie die Jugendlichen über die Straße gehen. Das ist der lifestyle, den der Antichrist für die Jugendlichen programmiert hat, überall. Er ordnet auch an, wie man wohnen soll, was man benutzen soll, was man kochen und essen soll, was man anziehen soll ... Alles ist vom Antichristen programmiert. Er sagt: „Das ist janna, das Paradies für euch Jugendliche.“

Gestern besuchten wir eine Universität. Das Leben der Studenten ist auf die niedrigste Stufe programmiert.

Habt ihr dort so etwas wie Benehmen gesehen? An keiner Universität findet man das noch, sie machen die Leute zu Tieren wie im Dschungel. Das ist programmiert von Dajjal; der Antichrist sagt: „Eure Wohnungen und Häuser haben so und so auszusehen, müssen so und so ausgestattet sein, die und die Küche braucht ihr, und so und so muß man kochen, und so und so müßt ihr euch anziehen. Sie mögen keine leeren Wohnungen, alles muß voller Möbel sein. Sie wollen nicht, daß man die Mahlzeiten gemeinsam einnimmt; sie wollen, daß wir essen wie die Hunde: Sie essen nie gemeinsam; jeder schnappt sich einen Knochen und läuft damit weg. Schafe essen alle aus einer Schüssel. Der Dajjal macht die Menschen zu Hunden, und er programmiert und organisiert und befiehlt und verdreht alles, indem er sagt: „Dies ist euer Paradies, Leute, euer Paradies ist hier.“

Wenn ihr mit Jugendlichen über Paradies und Hölle redet, antworten sie: „Paradies und Hölle sind hier, in diesem Leben. Wenn du Geld hast, bist du im Paradies; ohne Geld bist du in der Hölle.“ Das ist ihre Lebensphilosophie. Die größte Zwietracht (fitna), die es je gegeben hat!

Im 19. Jahrhundert konnten sie noch nicht in den Wohnraum, die Privatsphäre eindringen, aber sie hatten damit begonnen. Nun ist die Invasion beendet, und innerhalb und außerhalb der Häuser läuft ihr Programm, dem alle folgen, in jeder Hinsicht. ‘Audhu billah... la haula wa la quwwata illa billahi l-‘aliyyi l-‘azim. Darum muß ein Gläubiger (mu’min) einhundertmal sagen: La haula wa la quwwata illa billahi l-‘aliyyi l-‘azim, damit er imstande ist, die schwere Bürde dieses Lebens zu tragen. Allah, Allah, karim Allah AIlah, AIlah, ‘aziz AIlah AIlah, AIlah, subhan AIlah AIlah, AIlah, sultan AIlah Nur Er ist Herr, und glücklich ist, wer dem Programm Allahs des Allmächtigen folgt. Allah programmiert unser Leben, aber wir weigern uns, und Schaitan und Dajjal programmieren den lifestyle der Menschen, und die Menschen strömen ihnen zu und verlassen den lifestyle der Himmel.

Was denkt ihr? Wie kann es für diese Menschen Hoffnung geben? Es ist zu Ende, sie müssen hinweggenommen werden. Wenn ein Baum vertrocknet ist, wird er heruntergeschnitten, damit er sich erneuern kann. Manchmal wird er auch ganz gefällt, so daß kein Blättchen mehr übrig bleibt. So wird es auch den Menschen gehen: sechs von sieben werden sterben, einer bleibt übrig. Ghafigu ill’Allah, ihr müßt zu Allah laufen. Das bedeutet: Folgt dem, was Er für euch programmiert hat. Wir müssen unser Leben ändern, wir müssen Sein Programm anwenden, überall. Das ist wichtig.

Was sollen wir tun? Wir sollen geduldig sein und sagen: La haula wa la quwwata illa billahi l-‘aliyyi l-‘azim. Warum befindet sich ein Schwert auf der Fahne des heiligen Propheten mit der Inschrift La ilaha ill’Allah, Muhammadun rasulallah? Wir akzeptieren die Fahne in dieser Form nicht; wir akzeptieren nur La ilaha ill’Allah, Muhammadun rasulallah. Mit dem Schwert will man den Leuten Angst machen, als wäre der Islam gekommen, um die Menschen umzubringen. Warum haben jene Narren ein Schwert daraufgemacht? Wir sind damit nicht einverstanden, wir akzeptieren La ilaha ill’Allah, Muhammadun rasulallah. Wenn es nötig scheint, etwas hinzuzufügen, warum dann nicht einen Halbmond oder einen Stern? Ein Schwert hat dort nichts verloren; es bewirkt, daß gesagt wird, wir seien mit dem Schwert [zum Islam] gezwungen worden und der Islam sei durch das Schwert verbreitet worden, wie immer behauptet wird. Das Christentum käme angeblich ohne Schwert aus, aber sie benutzten alle möglichen Waffen, unterstellen uns aber, wir benutzten das Schwert. Die ersten, die an Jesus Christus glaubten, führten kein Schwert, aber später haben sie alle Arten von Waffen zum Töten benutzt. Das ist wichtig.

[Scheich Nazim ordnet an, die Fahne so zu drapieren, daß das Schwert nicht mehr zu sehen ist. Ein Zuhörer bemerkt: „Eigentlich ist dies die Flagge von Saudi-Arabien.“ Der Scheich fährt fort:] Wir erkennen die Saudis nicht an, in ihren Augen sind wir keine mu’mins (Gläubigen), istaghfirullah. Wir sind nicht froh über die Wahhabis. Wa min Allah attaufiq, bi hurmati l-Fatiha.

## Über die Liebe

Jeder, der jemanden liebt, ist glücklich damit, seinen oder ihren Namen zu wiederholen. Wir lieben Allah, wir erfreuen uns daran, Seinen Heiligen Namen zu sagen und zu wiederholen: „Allah, Allah“. Einmal kam der Erzengel Gabriel zum Siegel der Propheten Sayyidina Muhammad, der Friede sei auf ihm, und brachte himmlische Nachrichten und sagte: „Dein Herr sendet dir Seine Grüße, o Muhammad, der Friede sei auf dir, und erlaubt dir, alles von diesem Leben zu lieben, was du möchtest.“ Alles – du magst eine Frau lieben, ein Mädchen, du magst Kinder lieben, dein Zuhause, deine Farm, dein Auto, deine Arbeit, dein Pferd. Du magst dies oder das lieben – alles. Du magst sogar das lieben, was in deiner Seitentasche ist (er holt seine Gebetsperlen hervor).

Aber du mußt wissen, daß du im Begriff bist, das, was du liebst, zu verlassen, oder es verläßt dich. M., du liebst deine Frau, deinen Schatz. Vielleicht verläßt sie dich aus einem Grund oder durch Tod, oder du verläßt sie aus einem Grund oder durch Tod. Du magst deine Kinder lieben, deine Söhne, deine Töchter; aber sie können dich aus einem Grund verlassen oder durch ihren Tod, oder du wirst sie verlassen aus einem Grund oder durch Tod. Du liebst dein Zuhause, aber vielleicht wird dieses Haus verkauft werden und du mußt es verlassen, oder du stirbst und verläßt es. Dein Auto, dein Pferd – bei allem, das du im Begriff bist zu lieben, mußt du wissen, daß du am Ende von ihm getrennt sein wirst. So daß es nicht von Weisheit zeugt, wenn der Mensch seine Liebe an etwas gibt, das nur eine zeitliche Liebe ermöglicht, und seine kostbare Liebe verliert,

indem er sie dorthin gibt, wo sie verloren sein wird.

Dies ist eine wichtige Lehre für die Menschheit. Das bedeutet, daß der Herr der Himmel meint: Wenn du deine Liebe gibst, mußt du sie dem geben, den du niemals verlassen wirst oder der dich niemals verlassen wird. Und das ist allein dein Herr. Er wird dich niemals verlassen, und du wirst Ihn niemals verlassen. Und alles andere, dem du deine kostbare Liebe schenkst, wird nutzlos, wertlos und am Ende nichts sein. Wir versuchen hier, die Leute etwas wacher zu machen. Selbst wenn es nur eine Handvoll Leute sind, es macht nichts. Aber wir sind glücklich, wenn wir eine Handvoll Leute gewinnen, um ihre Seelen zu retten und sie nicht verloren sein lassen, so daß sie ihre Liebe ihrem Herrn geben und viel mehr davon zurückerhalten.

Wenn du eines gibst, wirst du mindestens zehn dafür bekommen. Gibst du zehn, kommen mindestens hundert zu dir. Der Herr der Himmel gibt dir das Doppelte. Wir sind Kleine, und unsere Liebe ist sehr einfach. Aber die Liebe des Herrn – sie ist wie Ozeane. Und Er gewährt euch, in Seinen endlosen Ozeanen der Liebe zu sein. Ein einziger Tropfen Seiner Ozeane der Liebe fiel auf die Erde und verteilte sich auf alles auf Erden, auf die Geschöpfe, und von diesem einen Tropfen verteilte sich ein sehr kleiner Tropfen aus den Ozeanen der Liebe auf die Menschheit. Dann auch auf die Tiere, und dann nimmt auch die Natur von diesem kleinen Tropfen aus den Liebesozeanen des Herrn ihre Anteile. Durch diese Liebe ergrünt die Natur, werden Blumen und Bäume und Früchte. Das ist durch diesen Tropfen der Liebe aus den Ozeanen der Liebe Allahs des Allmächtigen. Alles, was in Existenz ist, nimmt seinen Anteil von diesem Spritzer Liebe aus diesem Tropfen der Ozeane der Liebe. Allah der Allmächtige stattet den Menschen mit der Fähigkeit, dem Vermögen oder Fassungsvermögen aus, endlos aus den Ozeanen der Liebe Allahs des Allmächtigen zu trinken, und niemals sagt er, es wäre genug. Jedesmal, wenn er aus den Liebesozeanen des Herrn Allah des Allmächtigen trinkt, wird er durstiger und wird niemals satt.

Aber sein Durst ist nicht wie unser Durst nach Wasser, denn wenn wir durstig sind, befinden wir uns in einer Art Elend. Eine Art von Unruhe kommt über uns, bis wir trinken; unser Empfinden ist schwer, wir bitten darum zu trinken. Aber jene, die aus den Ozeanen der Liebe Allahs des Allmächtigen trinken, wachsen mit vollem Geschmack und voller Freude auf und bitten um viel mehr Freude. Jeder Prophet vom Beginn bis zum Ende der Zeit kommt, um den Menschen von Göttlicher Liebe zu geben, sie kosten zu lassen. Aber unser Ego, das der Erde angehört – seine Wünsche gehören der Erde an –, ist seiner ursprünglichen Natur viel näher. Deswegen werden die Menschen leicht zu ihrer ursprünglichen Natur hingezogen, um Freude daraus zu

nehmen. Sie erfreuen sich physisch viel mehr als sie sich spirituell erfreuen. Das ist der Grund, warum die meisten Leute vor der spirituellen Freude davonlaufen. Sie finden physische Freude so leicht und schnell. Aber spirituelle Freude ist für sie schwierig zu erreichen. Das ist der Grund, warum die Leute weglaufen, wenn die Propheten kommen und sie aufrufen, an ihren Herrn und Seine Himmel zu glauben. Sie sagen nein. „Wir bitten nicht um solche Dinge. Es ist zu weit von uns entfernt, und wir sind der Natur so nahe, wir sind so daran gewöhnt, vom Gras zu essen, von allem, was die Natur uns zur Erfreuung gibt. Der Himmel ist so weit entfernt für uns."

Es ist so schwierig, eine Rakete zu nehmen, um den Mond zu erreichen, die Himmel zu erreichen. Es ist einfach, auf der Erde zu sein. Sie mögen es nicht, aufzusteigen, sondern gehen lieber auf der Erde und essen, um sich zu erfreuen. Und es ist nur eine sehr kurze Zeit, ein vorübergehender Geschmack, kein bleibender. Die Menschen bekämpfen immer die Propheten, von Anbeginn bis zum Ende. In dieser gegenwärtigen Zeit nach dem letzten Propheten, mehr als 1.400 Jahre später, glauben die Leute, daß ihr Leben nur in diesem vergänglichen Leben bestehe, und ihre Freude geschieht in der Erfüllung egoistischer Wünsche allein. Dann lassen sie sich nieder und erfüllen sich ihre egoistischen Wünsche. Das ist das Leben für sie. Das ist ihre Lebensphilosophie heute.

Jetzt leben sechs Milliarden Leute auf der Erde, aber ihr könnt nicht einmal sechstausend Leute finden, die sich an himmlischer Freude erfreuen, spiritueller Freude. Das ist der Grund für Not und Krisen, die Tag für Tag anwachsen, und sie werden anwachsen, bis die Leute dahin kommen, die göttliche Einladung zu spiritueller Freude anzunehmen. Dann kommt Frieden auf die Erde. Wenn nicht, wird es niemals kommen.

Was wir sagen, ist die Wahrheit. Aber wir bedürfen jetzt eines Eingreifens von den Himmeln, da es uns unmöglich ist, das Leben des Menschen auf Erden jetzt zu ändern, da wir das Ende des 20. Jahrhunderts erreichen. Es ist einem normalen Menschen nicht möglich, das Leben von sechs Milliarden Menschen zu ändern. Deshalb bedürfen wir einer himmlischen Person, die durch Wunderkräfte unterstützt wird, um das Leben der Menschen, die auf der Erde leben, zu ändern. Wenn er nicht kommt, kann man nichts machen. Ja, vielleicht kannst du in einer riesigen Wüste grüne Gebiete finden. Aber es sind so kleine Gebiete, Oasen. Dieser kleine Quell vermag nur einen kleinen Platz ergrünen zu lassen. Auf der Erde findet man heute kleine Gruppen wie Oasen, aber größtenteils ist die ganze Welt wie eine Wüste. Wenn der Herr deshalb befiehlt, die Wüste grün zu kleiden, schickt Er Wolken, und innerhalb einer Stunde schenkt Er dieser gewaltigen Wüste

Leben, und nach einer kurzen Zeit wird sie in grüne Kleider gekleidet sein. Es gehört zu den Himmeln.

Deshalb schaut jeder heutzutage nach einem himmlischen Eingreifen, die Bedingungen, in denen wir leben, zu ändern. Jemand muß kommen, dieses große Rad von der Falschheit zur Wahrheit umzudrehen. Es muß eine spirituell unterstützte Person sein. Wir warten auf Mahdi, der Friede sei auf ihm, die Christen warten auf Jesus Christus, und wir schauen auch nach ihm aus; und die Juden rufen nach dem Messias. Sie sollen das tun. Niemand anderes kann das Leben der Menschen ändern, andernfalls wird unser aller Leben über alle Maßen schmutzig sein, und wir haben niemals derartige Schmutzigkeit gesehen wie die, in der die Menschen heute leben, in der ganzen Welt. Unsere Macht ist nicht ausreichend, es zu ändern oder zu reinigen. Aber wir müssen so viel wie möglich versuchen, Leute zu erwecken, wäre es nur eine Handvoll Leute. Und es gibt uns Ehre. Möge Allah uns vergeben, und möge Er uns schnell Seinen Sultan auf die Erde schicken für die Menschheit. Amin. Al-hamdu lillahi wa shukru lillah, alhamdu lillah, astaghfirullah!

## Über die Liebe unseres Herrn

Der Herr - unser Herr, euer Herr, der Herr aller Geschöpfe - ist Einer. Er schuf diejenigen, mit denen ihr euch streitet, genauso wie euch, und Er pflanzte Seine Liebe in ihre Herzen wie in die euren. Sie mag zuweilen verdeckt sein, diese göttliche Liebe, dennoch fließt sie ohne Unterlaß durch euer Wesen, wie ein Fluß zum Meer fließt. Zuweilen mag sie als vergängliche, bloß menschliche Liebe erscheinen, und ein andermal mag es so aussehen, als sei sie ganz verschwunden. Aber laßt euch nicht täuschen. Der Fluß verschwindet nur unter einem Berg, um auf der anderen Seite wieder aufzutauchen. Unser Herr läßt durch jedes Herz einen Strom fließen, der unaufhaltsam den Meeren Seiner Liebe zufließt. Glaubt nur nicht, diejenigen, mit denen ihr euch streitet, seien von aller göttlichen Liebe verlassen. Sie ist mit ihnen, ob ihr es bemerkt oder nicht.

Die Liebe, die ihr anstreben sollt, ist nicht an körperliche Schönheit gebunden. Wir alle lieben die Natur, ihr Grün, ihre Bäche und Ströme, wir lieben die Jugend, lieben schöne Menschen. Und was ist mit all dem anderen, all dem, das nicht in dieses Schema paßt? Der Herr gab Seine Liebe allen Menschen, nicht bloß jungen und schönen. Der Eine, der Seine Liebe in unsere Herzen pflanzte, sagt. »Du, Mein Diener, wie Ich dir von Meiner göttlichen Liebe gab, so gab Ich allen. Schenke deine Liebe also allen.

In Wirklichkeit ist nicht nur dieses und jenes, sondern alles, das Seine Liebe enthält, grün und schön. Um dies zu sehen, um die Schönheit in aller Schöpfung wahrzunehmen, müßt ihr die Welt der Äußerlichkeiten lassen und in die Meere der Wahrheit eintauchen. Und ihr müßt die bloßen Formen hinter euch lassen, um zu den Bedeutungen zu gelangen. Formen sind begrenzt und setzen Grenzen, spirituelle Wirklichkeiten sind Meere, endlose Meere. Wer in diese Meere eintaucht, findet inneren Frieden und Genügen an allem, was ihm widerfährt.

Ich versuche, jeden zu lieben. Es fällt uns leicht, jemandem unsere Liebe zu bekennen, solange er uns nicht verletzt. Aber das ist in den Augen unseres Großscheichs nicht das Zeichen wirklicher Liebe. Wirkliche Liebe drückt sich aus in den Worten eines Sufi-Dichters aus Dagistan: »Solange ich die Liebe, die du angeblich für mich hegst, nicht auf die Probe gestellt habe, ist sie mir nichts wert. Antworte mir: Wenn ich dich durch einen Fleischwolf drehte und du kämst am anderen Ende als Hackfleisch heraus, wärst aber noch am Leben, und wenn ich dich dann in deine

ursprüngliche Gestalt zurückverwandelte, würdest du mich dann auch noch lieben?"

Wenn ich dir so weh tue, dich so sehr verletze, wie dich noch keiner verletzte, und du liebst mich noch immer, das ist wahre Liebe. Aber wenn du behauptest, mich zu lieben, und mich nach vierzig Jahren gemeinsamen Lebens wegen eines kränkenden Wortes, das unbedacht gesagt wurde, verläßt, wenn du so vierzig Jahre hinwegwischen kannst, dann ist das keine wirkliche Liebe.

Es gibt also Grade der Liebe, und diese bestimmen sich aus der Nähe zum eigentlichen Ziele aller Liebe, zur Liebe unseres Herrn. Wer dieses Ziel erreicht hat, nimmt jede Kränkung hin, ohne auch nur im geringsten in seiner Liebe beirrt zu sein. Denn er liebt nur um seines Herrn willen. Und diese Liebe wird sich nie ändern, was immer auch geschieht. In allem, was er tut, ist die Liebe seines Herrn anwesend, und er weiß, in allem, was ihm geschieht, ist sie auch. Nur die wenigsten Menschen erreichen diese Stufe. Wir versuchen es. Aber es ist sehr schwer.

Ihr müßt wissen, daß ihr euch jetzt in einer Prüfung befindet und, daß euch damit die Gelegenheit gegeben ist, spirituell voranzukommen. Ihr müßt Geduld üben mit Menschen, die sich vielleicht nicht nach euren Vorstellungen verhalten. Lernt vom Beispiel der Heiligen: Sie sind schlechten Menschen nicht ausgewichen, sind vielmehr freundlich mit ihnen gewesen, und das war zum Vorteil aller.

Alle Menschen, sie mögen schlecht sein oder gut, stehen unter dem Willen des Allmächtigen. Er ist ihrer aller Herr. Wenn wir Geduld üben, werden wir hinzugewinnen Das ist wie bei den Kirschbäumen, die erst bittere Frucht, dann aber langsam süße und wohlschmeckende Kirschen tragen.

Die heiligen Meister haben mir versprochen, daß ein jeder, der mit uns ist und uns mit ganzem Herzen zuhört, auf die Stufe gelangen wird, wo sich sein Herz der göttlichen Liebe öffnet. Und keiner braucht sich zu

beunruhigen, daß dieses Versprechen nicht eingelöst würde. Denn uns verbindet das stärkste Band, das Band der göttlichen Liebe, der stärksten Liebe, die es zwischen dem Schöpfer und seinen Geschöpfen gibt. Dieses Band ist das höchste Ziel des Daseins, und wir beten, daß es immer stärker werde.

Unser Treffen hier ist ein Zeichen, daß eure Zeit gekommen ist. Bald werdet ihr die Fesseln sprengen können, die euch an euer Ich ketten. Bald werdet ihr frei sein, um euch euren spirituellen Zielen zu widmen. Und weil ihr das schon wißt, seid ihr so tief betroffen und seid den Tränen nah.

Wäre die Liebe, die mit mir ist, nur flüchtig, dann würdet ihr keinen Augenblick mit mir zusammensein wollen. Sie ist jedoch wirklich, immerwährend und göttlich, und ich habe einen Strahl davon in eure Herzen gesandt, um sie in euren Herzen zu erwecken.

Meine hier anwesenden Töchter und Söhne haben mich heute zum ersten Mal getroffen, aber dieses erste Zusammentreffen hat wirkliche Liebe in unsere Herzen gesät. Sie werden diese Liebe nie vergessen, und bald wird sie in ihren Herzen aufgehen.

Ich bitte meinen Herrn, Seine immerwährende Liebe in die Herzen aller Menschen tragen zu dürfen, und bin gewiß, daß diese Bitte in nicht allzuferner Zeit erfüllt wird.

## Die Menschheit will sich umbringen

Dies ist eine heilige Nacht. Heilige Nacht. Allah der Allmächtige ruft Seine Diener, Sein heiliges Land und das Haus des Herrn zu besuchen, und wir hoffen, daß Arafat sein wird, die Pilger sollten in Arafat am Sonntag sein und ‘Id sollte am Montag sein. Wir bitten Allah den Allmächtigen zuallererst um Verzeihung, denn Milliarden von Leuten, die Mehrheit der Menschen, kümmern sich nicht um die heiligen Anweisungen ihres Herrn, und Er sendet doch seine heiligen Anweisungen zu unserem Glück. Am Ende des 20., Anfang des 21. Jahrhunderts kümmern sie sich nie darum, die heiligen Befehle zu beachten, die von den Himmeln kommen. Was denken sie?!! Mann, Mann, was denken sie? Ihre heiligen Anweisungen, für wen kommen sie? Kommen sie für die wilden Tiere im Dschungel? Für die Wesen der Wüste? Kommen sie für Vögel, Adler und andere fliegende Geschöpfe? Oder kommen sie, um das Leben in den Meeren zu ordnen? Wozu? Solche Narren werden die Menschen. Sie weigern sich. Warum? Wozu kommen sie? Das ist der Grund dafür, daß wir Tag für Tag mehr Schwierigkeiten sehen und wachsende Probleme und wachsende Leiden, und die Leute finden keinen Geschmack mehr an diesem Leben. Aus, Ende.Die Menschen finden gar keinen Geschmack mehr am Leben, und Allah der Allmächtige ist nicht froh darüber, daß seine Diener in diesem Leben unglücklich sind. Er möchte, daß seine Diener auf diesem Planeten und in diesem Leben glücklich und friedlich leben und daß ihr Leben gesegnet sei. Aber die Leute rennen weg, sie folgen Schaitan, sie folgen nicht Gott und Seinem Propheten, und Tag für Tag kommen sie in schlimmere Situationen, die in den Herzen der Menschen

Traurigkeit und Unglück mehren, schlechte Gedanken, schlechte Ideen, schlechte Absichten; und binnen kurzer Zeit, wenn diese sehr kurze Zeit vorüber ist, wird die Menschheit sich umbringen wollen. So schlimme Zustände, so schwierige und schreckliche Zustände umgeben die Menschen, und Tag für Tag kommen sie in größere Bedrängnis, und sie sind nicht mehr fähig, dieses Leben zu ertragen, weil sie fertig sind. Sie gehen zugrunde. Schon nach einer kurzen Lebenszeit verlieren sie den Geschmack am Leben, und danach gehen sie kaputt, sie werden leer. Leerer Kopf, leeres Herz, leerer Körper. Sie sagen: „Was leben wir überhaupt noch?“ Für was lebst du? Sie erreichen niemals ein Verständnis für den Sinn ihres Lebens. Wenn sie diesen verloren haben, sagen sie: „Wir wollen nicht länger leben, denn hiernach gibt es nichts.“ Für sie hat das Leben nach dieser Zeitspanne keine Bedeutung, und sie werden leer. Körperlich und geistig werden sie wie Abfall, den man wegwirft, jede Nacht kommt die Müllabfuhr und sammelt den Müll ein. Wozu? Um ihn wegzufahren. Und die Leute wenden sich ab und sagen: „Wir sind fertig, es gibt keinen Glauben mehr für uns.“ Denn Glaube kommt von unserer Seele, und sie haben ihre Seele getötet. Als sie ihre Seelen töteten, beraubten sie sich ihrer Gefühle, den guten Geschmack dieses Lebens zu schmecken. „Wir müssen eben warten,“ sagen sie sich, „bis unser Leben zuende ist, und wenn es nicht schnell kommt, dieses Ende, dann müssen wir selbst unserem Leben ein Ende machen, wir müssen uns fertigmachen.“ Und täglich bringen sich, ich möchte sagen Hunderte, du sagst vielleicht Tausende, von Menschen, bringen sich so viele selber um, aber es steht nicht in den Zeitungen geschrieben, in den Nachrichtenmagazinen, es kommt nicht im Fernsehen oder im Radio. Nein, das sagen sie nicht. Wenn sie das sagten, dann könnten sich die Leute ja fürchten und könnten über sich selbst nachdenken. Aber Teufel wollen nicht, daß junge Leute nachdenken. Sie wollen junge Leute bloß zu Milchkühen machen, indem sie ihnen Drogen geben; geben ihnen das Gift und nehmen Geld. Ihr Leben zergeht, die Teufel sagen: „Das kümmert uns nicht, ist uns doch egal. Wenn sie sterben, sollen sie doch sterben.“ Sie nehmen Geld, sie nehmen Geld. Das ist jetzt der Schlußpunkt, am Anfang des 21.Jahrhunderts, allgemein für alle Nationen. Sogar diese Republik hier, die von den U.N. nicht als unser Territorium anerkannt wird, die Republik Nordzypern – nicht offiziell als Republik anerkannt –, sogar in diesem vielleicht kleinsten Land sind die jungen Leute durch Drogen vergiftet, und die Regierung kann nichts machen. Denn die Teufel sind so mächtig. Wenn jemand die Drogen bekämpfen will, drohen sie: „Wir können dich töten!“ Oder sie sagen vielleicht: „Nimm diese Summe und schweig! – Nimm diese Million und sprich nicht darüber! Laß das! Wir können machen, was wir wollen.“ – Es ist ein endloser Markt für Drogen, die größte Mafia auf der Welt. Sie vergiften. Sie versuchen, junge Leute umzubringen. Und ich reise von Ost nach West, von Nord nach Süd, Allah der Allmächtige läßt mich schon sechzig Jahre lang reisen, und ich

beobachte und sehe, daß die Leute zu den Drogen hinrennen, sie geben alles her, was sie haben, Materielles, und sie geben auch ihre Ehre auf. Geben alles, um diese Droge zu erhalten, weil es so schrecklich ist, daran gewöhnt zu sein. Schlimmer als gewöhnt, es gibt keine Grenzen dafür, keiner erkennt eine Grenze an und sagt: „Das ist meine Grenze, genug, hier muß ich aufhören.“ Sondern es ist das grenzenlose Verlangen unserer Egos, immer mehr und mehr und mehr zu bekommen. Und es gibt so eine Person: Er hat Durst, und er sieht vor sich, und er trinkt von diesem Wasser, um seinen Durst zu stillen, und indem er trinkt, wird er noch durstiger. O ihr Menschen! O ihr jungen Leute! Wenn ihr nicht versucht, eure Willenskraft zu gebrauchen, wird dieser schreckliche Tyrann Tausende und Millionen, zehn und hundert Millionen, ja Milliarden dahinraffen und vernichten. In unseren Tagen jetzt am Anfang des 21.Jahrhundert ist alles gegen die Menschlichkeit. Denn Satan, Diavolo (es sind einige Italiener anwesend) hat vom Osten bis zum Westen, vom Norden bis zum Süden, durch die Kontinente, über die Ozeane, überall hat Diavolo sein Königreich errichtet. Und jeder unterstützt seine Herrschaft und sein Königreich. Deshalb müßt ihr sehr aufpassen, dem Teufel keine Unterstützung zu geben. Ihr solltet verantwortlich sein in der Gegenwart Gottes. Der Tag der Auferstehung, der Tag des Gerichts wird kommen. Versucht daher, Diavolo oder Schaitan keine Unterstützung zu geben. Er nimmt sich Unterstützung von euch, mögt ihr auch in Italia sein, in Rom, seid ihr in Istanbul, seid ihr gar in Isfahan, mögt ihr in Rußland sein oder in Damaskus, in Ägypten oder in Palästina, Diavolo arbeitet dort, er veranlaßt die Menschen, einander zu morden. Wozu? Der Herr der Himmel macht Jerusalem für alle Völker, nicht nur für eines. Jede Nation, alle haben sie ein Recht, da zu sein, den Herrn anzubeten und Allah dem Allmächtigen ihre höchsten Lobpreisungen darzubieten in jenem heiligen Land. Das Heilige Land ist nicht unter der Vorherrschaft einer Nation, nein, es ist für alle. Aber nun kämpfen die Leute dort. Diavolo läßt die Leute dort kämpfen. In Mekka läßt Diavolo die Leute zum Kampf aufrufen, er läßt sie etwas tun, das an solch einem heiligen Ort nicht getan werden darf. Überall stellt Schaitan seine Wachen auf und sein satanisches Reich. Eine Zigarette bedeutet: ihn unterstützen. Die Leute sagen: wieso? Das macht nichts, wenn wir rauchen ... Rauchen ..., ich spreche möglichst einfach. Daß die Leute Unterstützung geben, tägliche Unterstützung. Morgens Augen aufgemacht, ein Päckchen Tabak geraucht – der Teufel hat ihn zu seinem Helfer gemacht. Vom Morgen zum Abend: Du mußt dieses Päckchen aufbrauchen, diese Marlboro oder Camel oder andere – taubah astaghfirullah, Diavolo macht, daß du es leerrauchen mußt, vom Morgen bis zum Abend: Hör mal, das ist deine Aufgabe, das gehört zur Zivilisation, daß du das fertigkriegst. Und er macht die Leute zu seinen Anhängern und Helfern. Jeder, der das kauft und raucht – kein Iman (Glaube). Kein Iman. Auf dem Weg zur Hölle.Es ist schrecklich. Schreckliche Zustände in

unseren Tagen. Aber wer jetzt den richtigen Weg beibehalten kann, dem ist von einem Lohn gegeben worden, den nach den Gefährten des Propheten noch niemand jemals erreicht hat. Denn die Mehrheit folgt Schaitan, und eine sehr kleine Minderheit verlangt danach, dem richtigen Weg zu folgen. Die Mehrheit geht in die falsche Richtung. O Leute, diese Welt wird zuende gehen. Und der Tag der Auferstehung, der Tag des Gerichts, der Jüngste Tag, kommt näher. Jeder wird in Allahs des Allmächtigen Göttliche Gegenwart kommen. Versucht, reine Diener zu sein. Angenommene Diener, nicht ein Fluch, nicht ein Diener Schaitans. Allah der Allmächtige könnte sagen: „O mein Diener, warum hast du meine Dienerschaft verlassen und folgtest der Dienerschaft Schaitans? Ist er es etwa, der dich geschaffen hat? Denkst du, daß Schaitan dich geschaffen hat, meinst du, daß Schaitan dir alles gibt? Meinst du, daß Schaitan dir gute Dinge, gute Gedanken, gute Ideen gesagt hat? Warum bist du ihm gefolgt? Warum bist du sein Diener geworden, nicht mein Diener? Was ist deine Antwort?“ O Leute! Denkt darüber nach und haltet euch an die Guten. Gute Menschen, die gegen das Reich des Teufels kämpfen. Sie sind Gute. Folgt ihnen und ihr sollt gerettet sein hier und hiernach. Möge Allah uns verzeihen und uns seine Führung schicken. Bi Hurmatil Habib, bi Hurmatil Fatiha.

-

## Die Perfektion des Kadavers

Wir befinden uns jetzt im zweiten Monat des Jahres, dem safar, doch auch er läuft schnell dahin. Es ist schon fast Halbmond. Alles tritt so in Erscheinung, wie Allah es wünscht, auf vollkommene Weise. Jede Erscheinung ist vollkommen, sie mag zwar in unseren Augen unvollkommen aussehen, doch in der Realität ist alles vollkommen. Selbst in der Unvollkommenheit ist die Vollkommenheit verborgen.
Alles in der Welt ist von Allah geschaffen, und seine gesamte Schöpfung ist in Vollkommenheit. Die Vollkommenheit der Welt ist, daß sie eine Kugel ist und kein Würfel, und zu ihrer Vollkommenheit gehört, daß sie an den Polen etwas abgeflacht ist. Und alle Kontinente sind auf vollkommene Weise auf ihre Plätze gesetzt. Die Ozeane sind perfekt und auch die beiden Pole, und das ganze Leben auf dem Planeten mit all seiner mannigfachen Vielfalt an Geschöpfen ist von Vollkommenheit, sowie jedes Geschöpf für sich vollkommen geschaffen ist.

Jede Bewegung des Menschen ist perfekt in sich selbst. Alle Handlungen und Regungen an sich und in Beziehung zueinander sind vollkommen angelegt. Die absolute Vollkommenheit ist dem Schöpfer Selbst eigen. Wenn jemand perfekt ist, bedeutet das, daß alles, was von ihm kommt, in Vollkommenheit ist. Wenn von ihm etwas Unvollkommenes kommt, ist er selbst auch nicht vollkommen. Der Herr, Allah der Allmächtige, aber besitzt absolute Vollkommenheit, und somit muß alles, was er erschafft, vollkommen sein, und durch dessen scheinbare Unvollkommenheit zeigt Allah seine eigene Vollkommenheit. Die Awliya', die

Heiligen, sehen alles und sehen Seine Vollkommenheit. Sie sind der Top Level unter den Menschen. Und es ist die höchste Stufe von Adab des Dieners gegenüber seinem Herrn, die Vollkommenheit in allem anzunehmen, weil sein Schöpfer und Verursacher von absoluter Vollkommenheit ist. Wenn du diesen Punkt verstanden hast, wird sich deine Sicht der Dinge verändern, und du wirst selbst in den Ameisen Vollkommenheit erkennen können.

Jede Kreatur besitzt sie, doch es ist leichter, sie in einer Biene zu sehen als bei einer Fliege. Die Bienen sind auch nur eine Art von Fliegen, aber sie machen Honig, während die Fliege nichts offensichtlich Nützliches tut. Unsere Egos erklären immer leicht etwas für vollkommen, wenn es ihnen Freude bereitet. Man mag leicht die Vollkommenheit in einer Kamillenpflanze sehen, doch es ist Vollkommenheit für den Diener Gottes, alles als vollkommen zu erkennen. Wenn du in dir selbst die Vollkommenheit erlangst, dann wechselst du deine Brille und siehst alles als vollkommen. Solange sich die Welt dir nicht so zeigt, bist du selbst nicht perfekt. Das ist wahrer Glaube, fähig zu sein, in allem Perfektion zu erkennen, ein Zeichen dafür, daß du selbst von der Unvollkommenheit zur Vollkommenheit gelangt bist. Und das ist von größter Wichtigkeit für den generellen Frieden unter allen Menschen. Es kann keinen allgemeinen Frieden zwischen den Menschen geben, solange bis sie die Ebene der Vollkommenheit erreichen.

Unvollkommene Menschen kämpfen immer gegen die Vollkommenheit. Sie halten sich selbst für perfekt und bekämpfen die wirklich Perfekten. Warum wurden die Propheten so sehr bekämpft, und sie waren ausnahmslos alle vollkommene Menschen? Ihr Aussehen, ihr Verstand, ihre Stimme, ihr Körper, alles an ihnen war perfekt, doch die unvollkommenen Leute waren so aufgebracht über sie. Sie waren zu dumm, den Propheten Vollkommenheit zuzugestehen. Wenn sie sie nicht als Schwarzmagier bezeichnet hätten, hätten sie ihre Vollkommenheit akzeptieren müssen. Die Propheten hingegen sahen die Vollkommenheit in allen Menschen, die jeder in sich trägt.

Großscheich erzählte einmal die Geschichte von Jesus Christus, wie er mit seinen Jüngern an einem heißen Tag an einen toten Hund vorbeikam, dessen Kadaver an den Wegrand geworfen worden war. Von dem Kadaver ging ein starker Gestank aus, und jeder der Jünger hielt sich die Nase zu und sah zu, schnell daran vorbeizugehen. Nur Jesus Christus bückte sich zu dem toten Körper und öffnete dessen Schnauze. Er rief seine Jünger herbei und zeigte ihnen die schneeweißen scharfen Zähne des Tieres, die vollkommene Harmonie in ihrer Anordnung und Reihenfolge. Während sie das betrachteten, vergaßen sie den üblen

Geruch. Dies war eine Lehre für die gesamte Menschheit. Jesus Christus zeigte damit, daß, wer nach der Vollkommenheit sucht, sie selbst bei einem toten Hund finden kann.

Man kann so viele Aspekte von Perfektion entdekken, wenn man sorgfältig danach schaut; wenn man auf die Einzigartigkeit der Dinge sieht, findet man diese Vollkommenheit überall. Das ist ein sehr wichtiger Punkt für Gläubige, denn Allah befiehlt, daß man stets auf der Suche nach Vollkommenheit in allem und durch alles sein soll. Doch im Gegensatz dazu sind wir immer dabei, die unvollkommene Seite an allen Dingen aufzuspüren, und das ist nicht gut, es ist eine unerwünschte Charaktereigenschaft unseres Egos. Wenn wir uns nicht erziehen, fallen wir in die Oberhand des Egos, das die Perfektion für sich selbst in Anspruch nimmt und alle anderen als fehlerhaft abstempelt. Es verlangt danach, allein Nummer eins zu sein. Tariqat, der geistige Weg, verlangt, daß man nach der Perfektion in den Leuten sucht, um von einer Ebene von Vollkommenheit zur nächsten zu gelangen. Das Schauen auf die Vollkommenheit der Kreaturen bringt dich von einer Ebene zur anderen, und in jeder Sekunde bieten sich so viele Wege an, um dich zu ewiger Vollkommenheit zu führen. Ohne diese Methode zu benutzen, kannst du jenen Zustand nie erreichen. Die absolute Vollkommenheit besitzt Allah, und er gibt davon denen Seiner Diener, die immer mit Ihm sind. Wir müssen diesen Zustand der Vollkommenheit in uns bewahren und wissen, daß es auf einen selbst Fehlerhaftigkeit zurückwirft, wenn man in nichts dessen Vollkommenheit sieht.

## Die richtige Einstellung zu Koran und Hadith

Ihr müßt an die endlose Macht Allahs des Allmächtigen, kudratallah, glauben. Ihr seid schwach erschaffen worden, versucht deshalb nicht, mit eurem kleinen Verstand gewaltige Dinge zu beurteilen. Gewaltige Dinge stehen Allah dem Allmächtigen zu, und das ist Sein Attribut für immer. Er sagt, daß alles über euch im heiligen Koran steht. Ihr müßt daran glauben. Das ist der Grund, warum der Prophet, auf dem der Friede sei, Tafsir, Erklärung des heiligen Koran, über einen Zeitraum von über zwanzig Jahren gab. Ohne diese Gabe könnt ihr in die Meere nicht hineingelangen. Deshalb könnt ihr den edlen Koran und die Hadith nicht lesen und entsprechend ihrer Bedeutung deuten. Ihr seid nicht autorisiert, dies zu tun. Deshalb braucht ihr gar nicht zu versuchen, dort Bedeutungen zu finden. Heutzutage, wie auch immer, legen nichtautorisierte Leute alle Arten von Bedeutungen bei oder geben Auslegungen von Hadithen des Propheten, auf dem der Friede sei, und sagen: „Ich kann Tafsir machen, ich kenne die Erklärung.“ Die Gelehrten der vergangenen Tage (Ulema) bevollmächtigten ihre Nachfolger und ihre Studenten erst, nachdem sie sie eine Zeitlang unterrichtet hatten. Dieser Zeitraum mag mehr als zehn Jahre, fünfzehn Jahre, zwanzig, fünfundzwanzig, dreißig oder sogar vierzig Jahre umfaßt haben. Erst nach einer so langen Zeit des Unterrichts geschah es, daß sie ihre Studenten bevollmächtigten, zu Leuten über den heiligen Koran oder Hadith zu sprechen. Allah derAllmächtige sagt, daß alles, wonach eine Person fragen mag, im heiligen Koran zu finden ist. Er sagt: Qur’anu lkarim kitabu l-mubin – aber wir können in diese Meere des Wissens nicht hineingelangen, weil sie

für Sahib Makamu l-Muh- mud sind, Sayyidina Muhammad, der Friede sei auf ihm. Er ist es, der autorisiert worden ist, in diese Meere einzutreten und Perlen aus ihnen hervorzuholen. Er ist es, welcher den Prophetengefährten den Koran während einer Zeitspanne von 23 Jahren erläuterte. Alles muß im heiligen Koran zu finden sein. Deshalb muß auch alles, was jeglicher Mensch tut, im heiligen Koran enthalten sein. Wenn jemand sagt, daß dieses Treffen oder diese Zusammenkunft im heiligen Koran nicht erwähnt sei, dann besteht Gefahr für seinen Glauben, Iman. Ja, wenn Allah der Allmächtige sagt, daß alles im Koran enthalten ist, dann muß es so sein. Auch dieses Treffen hier sollte in ihm erwähnt sein. Der Vers des heiligen Koran Le Fee Hee Zikrukum ist der Beweis dafür. Allah der Allmächtige sagt: „O ihr Menschen! Ihr seid im heiligen Koran erwähnt worden.“ Ihr könnt nicht sagen: „Wie kann das sein?“, sondern ihr müßt daran glauben. Ich fühle mich deshalb beschämt, einen Vers(Ayah) des Korans oder ein Hadith zu deuten und zu sagen, dies sei seine Bedeutung. Ja, ich bin beschämt, dies zu tun, obwohl ich von meinem Lehrer bevollmächtigt wurde, unter dem ich gelernt habe. Vor fünfzig Jahren gab er mir die Bevollmächtigung. Er übertrug mir die Autorität auf traditionelle Weise, und ich wurde autorisiert, über den edlen Koran und Hadith zu sprechen. Es wurde mir schriftlich gegeben mit den Worten: „Ich bevollmächtige meinen Studenten Muhammad Nazim bin ‘Adil, Koran und Hadith zu lehren. Ich übertrage hiermit die Bevollmächtigung auf ihn.“ Mein Lehrer war ebenfalls ein Bevollmächtigter. Er wurde seinerseits durch seinen Lehrer bevollmächtigt, und so reicht die Reihe der Bevollmächtigung von Lehrer zu Lehrer zurück bis auf die Autorität des geliebten Rasulullah, auf dem der Friede sei. Wenn jemand also Bedeutung und Auslegung von Versen des Korans oder von Hadithen gibt und Leute damit anspricht und dabei nicht dazu autorisiert ist, wird er allein die Verantwortung vor Allah dem Allmächtigen dafür tragen müssen, den Leuten Bedeutungen nahegelegt zu haben. Ja, es ist falsch, sehr falsch für nicht autorisierte Leute, Bayan zu geben. Sie haben keine Erlaubnis dazu. Allah der Allmächtige ist ihr Zeuge, wenn sie ohne Bevollmächtigung Auslegungen vornehmen. Sie tragen die volle Verantwortung dafür. Rasulullah, auf dem der Friede sei, erklärte die Bedeutungen des Korans während eines Zeitraums von dreiundzwanzig Jahren. Der Prophet (s.a.s.) machte viele Aussagen während dieser Zeit (Hadith), vielleicht Millionen davon. Wahhabi-Leute nehmen nur ein paar hundert Aussprüche aus einem Buch oder einem anderen und sagen, dies seien alle Hadithe, die sie als Aussprüche des Propheten akzeptieren würden. Nein, das kann nicht so sein. Der Prophet sprach über einen Zeitraum von 23 Jahren, nachdem die Offenbarung zu ihm gekommen war. Er sprach nicht nur für die Sahaba, seine Gefährten, sondern für die gesamte Gemeinschaft (Umma). Er sprach, um die gesamte Welt zu lehren. Wie kann es da sein, daß er nur ein paar hundert Hadithe gesprochen hätte, die zu akzeptieren wären? Selbst wenn ich zu

Leuten spreche, erlauben sie nicht, daß ich aufhöre. Sie möchten, daß ich mehr sage. Und ich bin nichts, verglichen mit dem Propheten, auf dem der Friede sei. Wie steht es da erst um den Propheten (s.a.s.). Wie viel mehr würde er gesprochen haben. Rasulullah ist ein Meer des Wissens. Im Vergleich zum Wissen des Propheten, auf dem der Friede sei, würde das Wissen aller Gelehrten (Alims) zusammengenommen wie ein Tropfen Wasser im Verhältnis zu den gewaltigen Ozeanen sein. Wie können wir da sagen, wir wüßten etwas! Leute kamen von überall her und aus allen Richtungen, um mit dem Propheten (s.a.s.) zu sprechen, und er sprach mit ihnen allen. Sie kamen wie nicht endenwollende Flüsse, und er sprach zu ihnen. Deshalb wundere ich mich, warum, bei all den Dingen, die der Prophet sagte, nur ein paar hundert Hadith heutzutage von einigen Leuten akzeptiert werden. Ja, er sprach so viel, und die Leute wollen nur ein paar wenige Aussprüche gelten lassen! Als die Offenbarung des Koran (Wahi) zum Propheten kam, auf dem der Friede sei, sprach er zu ihnen darüber, und er sprach noch über so vieles mehr. Wenn Leute dies nicht gelten lassen wollen, dann lehnen sie damit die Gesandtschaft Sayyidina Muhammads ab (s.a.s.). Diese Leute beanspruchen, Doktoren zu sein, aber sie sind Unwissende. Ja, sie sagen, sie hätten ihre Doktorwürde in England oder Frankreich oder einem ähnlichen Ort erworben. Mit ihrem kleinen Verstand behaupten sie, dieses Hadith wäre wahr, jenes Hadith wäre falsch. Sie sagen, ein bestimmtes Hadith wäre schwach und würde deshalb nicht gelten. Wie können sie dies sagen! Es ist kein gutes Verhalten, so etwas zu sagen! Wenn jemand dir ein Hadith erzählt, ist es guter Anstand, Adab, es um dessentwillen anzunehmen, daß gesagt worden war, es wäre ein Hadith. Das bedeutet es, Rasulullah, Allah segne ihn und schenke ihm Heil, Respekt zu erweisen. Du kannst, wie auch immer, sagen, du hättest vorher noch nicht davon gehört, aber wirf es nicht weg und sage nicht, es sei ein „schwaches Hadith“. Ja, wir müssen diesen Respekt einfach aus dem Grund erweisen, daß es ein Hadith ist. Das ist gute Art und Weise, sich zu verhalten. Heutzutage ist die „Kultur des Islam“ in ein Buch oder einen Band gepackt worden. Ist die Kultur des Islam so klein, daß man das machen kann?! So sinkt unsere Glaubenskraft stufenweise hinab, und sie verliert langsam ihre Kraft. Unser Glaube wird schwächer und schwächer, bis die Kraft versiegt. Das ist der Grund dafür, daß die Leute große Not leiden und so viele Schwierigkeiten haben. Jetzt gibt es nicht genug Kraft für unseren Glauben, so daß es uns Lösungen bringen könnte. Die muslimische Welt ist aus diesem Grund in unseren Tagen wie ein kochender Topf. Die Feinde des Islam machen den Muslimen alles schwierig, und die christliche Welt hilft ihnen dabei. Ich habe kürzlich gehört, daß Tausende Muslime aus ihren Moscheen und ihren Häusern verjagt worden wären. Und die islamische Welt kämpft und streitet dabei noch gegen ihre eigenen Leute. Der Grund dafür ist, daß unsere Glaubensstufen heruntergekommen sind. Allah der Allmächtige hat uns aufgetragen, eine Einheit zu bilden,

dabei sind wir voneinander getrennt. Deshalb haben wir in den Augen der heutigen Menschen keinen Wert und keinen Nutzen. Wenn wir etwas sagen, zollt niemand Aufmerksamkeit. In Pakistan, Indien, Bangladesch, Malaysien, Thailand und Indonesien leben etwa eine Milliarde Muslime. Sie sind nicht einmal fähig, irgend etwas über das Elend der Muslime zu sagen. Das ist eine Schmach. Die Ursache liegt darin, daß die Muslime heute den Islam von innerhalb des Islam bekämpfen und die Nichtmuslime von außerhalb. Ja, unsere verdrehten Muslime versuchen, den Islam von innen zu zerstören. Möge Allah der Allmächtige uns helfen!

## Die Seele lebt vom Licht

Das Licht des Islam kommt durch tariqa, die Wege der Sufis. Der Sufi-Weg ist der Weg zum Himmel, und wer diesen leugnet, leugnet den Weg zum Himmel, welcher das Ziel jeder Religion ist. Der Glaube Moses, Adams, Jesu, Abrahams, Mohammeds, des Siegels der Propheten, war nur, den Menschen den Weg zum Himmel zu zeigen. Das ist der einzige Zweck ihres Kommens, diese Wege zu zeigen. Heute nennt man dies den Sufi-Weg, ein einfaches Wort und ein begrenzter Ausdruck für eine große Sache. Ich mag diesen Ausdruck nicht, es sind eigentlich die "Wege zum Himmel", "Wege zur Göttlichen Gegenwart", und hieran glaubten alle Propheten. Nach der Zeit des Propheten wurde dieser einengende Ausdruck benutzt wie auch der Ausdruck tassawwuf.
Unbestreitbar liegt im Islam der Weg zum Himmel, zur Göttlichen Gegenwart, zum Paradies. Dies muß richtiggestellt werden. Man ist allergisch gegen das Wort Islam, der doch eigentlich alle Richtungen zum Paradies enthält. Der Islam will, daß die Menschen den Weg zum Himmel gehen, will, daß sie nicht streiten, daß sie ihre schlechten Eigenschaften ablegen, daß sie gute Eigenschaften erwerben. Niemand kann ihm etwas vorwerfen, wohl aber denen, die dem Islam nicht folgen.

Seht den Islam nicht so, wie die Muslime ihn leben. Warum schaut ihr nicht auf die richtige Seite? Weil euer Ego euch dazu bringt und sich gerne mit Schlechten verschiedenen Namens befaßt, die gegen Islam sind. Islam ist reiner Glaube und die richtige Richtung. Diejenigen, die ihren schlechten Einfluß von den Gegnern

des Islam abgeschaut haben, sagen: „Schaut euch doch die Muslime an." Und wenn wir diese Leute zum Islam einladen, dann sagen sie: "Warum sollen wir Moslems werden? Die sind doch genauso wie wir." Dies ist stets ihre Entschuldigung. Und ich bete zu Allah: "Laß die neuen Muslime nicht so werden, wie die heutigen Muslime leben." Die Muslime heute sind nur noch dem Namen nach Muslime, imitieren alles aus der Welt der Nicht-Muslime, sind nur noch äußerlich. Werdet nicht so, folgt den Wegen zum Paradies. Seid gut. Ein Muslim muß gut sein und wahrhaftig, sauber, gelehrt, nicht mit akademischen Titeln.
Schleiden - 27.09.1993

## Die wahre Bedeutung des Islam

Es gab einmal einen großen Heiligen mit Namen Abu Yasid (Bayazid). Er trägt den Namen „Sultan al‘arifin“ – jener, die Göttliches Wissen besitzen. Einmal war er gerade dabei, etwa zu reinigen, als ein Mann zu ihm herantrat und ihn fragte: „Weißt du, wo Abu Yazid ist?“ Er antwortete: „O mein Sohn, ich verlor ihn vor dreißig Jahren, und noch suche ich nach ihm. Ich bitte meinen Herrn, ihn niemals zu mir zurückzubringen.“ Die Stufe Abu Yazids ist die höchste Hingabe an Allah den Allmächtigen. Kein fleischlicher Hunger bleibt in ihm zurück, und kein Wille blieb in ihm zurück außer dem Willen Allahs des Allmächtigen. Das genau bedeutet es, Diener Allahs des Allmächtigen zu sein – den Eigenwillen aufzugeben für Seinen Willen. Abu Yazid pflegte seinen Anhängern zu erzählen: „Die einzige Sache, um die ich bitte, ist die, daß ich nicht um etwas bitten möge.“

Das bedeutet, daß keiner seiner eigenen Wünsche und Verlangen übrigbliebe vor dem Willen des Herrn, Allahs des Allmächtigen. Es muß für jeden klar sein, daß allein der Wille Allahs sich durchsetzt. Niemandes Wille kann erfüllt werden, es sei denn es ist Sein Wille. Deswegen: Der Wille eines Menschen wird nur dann erfüllt, wenn er mit dem Willen Allahs übereinstimmt. Stimmt er nicht überein, wird er nicht erfüllt. Jedesmal, wenn unser Wille von Allah dem Allmächtigen zurückgewiesen wird, leiden wir, denn unser Wille ist nicht erfüllt worden. Der Heilige weiß dies. So läßt er seinen eigenen Willen fallen, damit dieser nicht von Allah dem Allmächtigen zurückgewiesen wird. So erlangt er Ruhe. Sein Herz ist zufrieden mit dem Willen

Allahs des Allmächtigen, denn er weiß, daß jener Wille vollkommen ist und am Ende das beste für ihn, wie sehr er ihm am Anfang auch als schlecht oder falsch erscheinen mag.

Am Ende wird es für ihn das passendste sein. Deshalb wählt der Heilige, was auch immer Allah der Allmächtige für ihn wählt. Das Leben eines jeden, der wählt, was Allah der Allmächtige für ihn gewählt hat, wird in Frieden sein, glücklich und voller Freude. Aber jeder, der selber viele Wünsche hat, leidet während seines Lebens, wenn sie nicht erfüllt werden, bis zum Tod, und nach dem Tod ebenso. Jeder, der zu viele Wünsche hat, leidet ständig, aber der, der keine Wünsche hat, ist ohne Leiden, vielmehr verweilt er stets in einem Zustand der Freude mit allem, was auch immer der Wille Allahs des Allmächtigen sein mag.

Das macht uns deutlich, was die wahre Bedeutung von Islam ist. Es ist, daß die Diener ihren eigenen Willen vor ihrem Herrn Allah dem Allmächtigen aufgeben und unter Seinem Willen sein sollen. Dies ist die Wirklichkeit des Islam. Demgemäß sind alle Religionen Islam, denn Religion hat ohne dies keine Bedeutung. Islam bedeutet, daß die Diener ihren eigenen Willen aufgeben und den Willen ihres Herrn, Allahs des Allmächtigen, beherzigen.

## Die Wirklichkeit des Lebens

An allen Plätzen auf der Erde, überall, ist Er der Sultan. Wir sind Sklaven. Aber Er sagt nicht: „Meine Sklaven“, Er sagt: „Meine Diener“! Dienerschaft verleiht uns Ehre, Sklaverei aber gibt sie uns nicht. Nein. Möge Allah euch und euer Dienen segnen. Medded ya Sultan al-awliya’ ... Gib uns Unterstützung! Deine Unterstützung ist die Unterstützung Rasulullahs, ssall allahu alaihi wa sallam. Und von ihm gelangt sie zu den Heiligen und von den Heiligen zu jenen, die ihre Ehre bewahren und die ihre Achtung bewahren und die sie mögen. Und Segen kommt. Wenn die Verbindung durch die Seelen nicht da ist, geschieht nichts. Jemand mag etwas beanspruchen, aber in Wirklichkeit ist er immer noch an seinem Platz, bewegt sich nicht von der Stelle. Und unsere Seelen sind mit den Himmeln verbunden, und Großscheich, unsere Segenswünsche auf ihn, sagte, daß wenn unsere Wesen hier in voller Verbindung mit unserem wahren Wesen stehen, daß dann diese Verbindung über unseren Großscheich zu uns läuft. Das ist der größte Segen, der zu euch kommt und desssen wir bedürfen hier und hiernach. Wir müssen hier stark genug sein angesichts unserer vier Feinde. Wenn jene himmlischen Kräfte nicht zu uns kommen, sind wir nicht in der Lage, schaitanischen Werken entgegenzutreten, sind wir nicht fähig, uns selbst zu verteidigen. Deshalb bitten wir darum, daß von den Himmeln etwas auf uns kommt, und das ist die Unterstützung Allahs des Allmächtigen an uns. Wenn nicht, werden wir Tag für Tag mehr geschmolzen, Tag für Tag, so wie eine Gestalt aus Eis kleiner und kleiner und kleiner wird, bis sie ganz geschmolzen ist. Wenn keine himmlische Unterstützung zu unseren physischen

Körpern kommt, werden sie schmilzen bis zum Ende. Soviel du um Dienerschaft bittest und himmlische Unterstützung für dich findest und bewahrst, eine in dem Maße wichtige Unterstützung wird es für dein physisches Wesen sein, zu Allah zu kommen. Aber die Menschen sind unachtsam – es ist wahr, wenn ich sage, daß 99 Prozent der lebenden Menschen unachtsam sind und ihrem Dienen keine Beachtung schenken. Deshalb schmilzen sie, sie schmilzen körperlich. Sie beginnen, wenn sie schmilzen – das bedeutet, daß sie schwächer und schwächer werden –, immer weniger in der Lage zu sein, ihr physisches Wesen zu tragen. Und ihr phyisches Wesen wird schwächer und bittet um Hilfe. Wenn die Menschen in ihrem physischen Wesen Schwäche empfinden und nichts tun, sind sie auf dem Weg, leere Muscheln, leere Fasser zu werden. Von außen mögen wir schauen: „In Ordnung“, aber von innen ist es zu Ende. Zu Ende. Dann laufen sie zu Ärzten, und niemals kommt ihnen die Idee, es könnte eine nicht gewöhnliche Schwäche sein. Vielmehr glauben sie, daß es einen stofflichen Grund hat und etwas in ihren Organen geschehen ist, weshalb sie Schwäche empfinden und nicht in der Lage sind, etwas zu tun. Denn sie alle sagen, daß allein stoffliche Gründe diese Schwäche in uns hervorrufen. Sie laufen zu Doktoren und nehmen so viele Arten von Medizin. Und sie nehmen eine Arznei, benutzen eine andere und wieder eine andere, die dem anderen Mittel wiederum schadet, und indem sie dem schadet, wird verhindert, daß die erste Medizin ihren Nutzen entfaltet. Das ist eine Strafe von Allah dem Allmächtigen über Seine Diener. Sie bewegen sich nur auf der materiellen Welt. Sie interessieren sich nicht für ihr materielles Sein; und deshalb sagt vielleicht einer unter tausend, der erwacht sein mag, um zu verstehen – daß das Wichtige, das Ziel der Existenz in dieser Welt in etwas begründet liegt. Sehr wenige mögen darüber nachdenken, aber die Mehrheit denkt nicht darüber nach, sondern läuft so schnell zu Ärzten und bittet die Ärzte um Unterstützung. Und sie bitten um Hilfe und denken über die vielen sonderbaren Namen, von so vielen künstlichen Arzneien, die die Ärzte ihnen aufschreiben, und sagen: „Dies macht, daß ich schlafe, dies macht, daß ich aufstehe, dies, o Scheich, läßt mich rennen wie ein Pferd, jenes läßt mich quieken wie eine Maus ...“ Fragt Pa., wieviele Tabletten er jeden Tag einnimmt, fragt Po., wieviele Tabletten er jeden Tag nimmt für seine Anstrengung. Und sie sind Arme, die ohne Bettdecke schlafen, ohne Bett im Regen, gestern auf den Bäumen: der Fuchs und die Hennen, aber sie sind stark genug und sehr glücklich. Jeden Morgen sprechen sie zum Herrn der Himmel: „Wir brauchen keine Tabletten zu nehmen.“ Ihre Verbindung zu den himmlischen Wesen sind viel mehr von den unseren. Die Verbindungen der Menschen des 20. Jahrhunderts sind in der Mehrzahl von den Himmeln abgeschnitten. Aber die Verbindungen der Füchse, Hennen und der anderen Tiere, sie sind noch so stark. Von den himmlischen Zentren aus wird nach ihnen geschaut. Die Menschen des 20. Jahrhunderts aber

schauen nicht nach oben. [...] Deshalb bitten wir in jeder Angelegenheit um himmlische Unterstützung, und himmlische Unterstützung kommt nicht durch essen oder trinken. Nein. Himmlische Unterstützung erreicht euch nur durch Dienerschaft, diese Dienerschaft ist die Wirklichkeit des Lebens. Niemand weiß das. Nicht einmal einer unter tausend kann auf die Frage antworten, wenn du fragst: „Welches ist die Wirklichkeit des Lebens?“ Sie können dir nicht antworten. Die Wirklichkeit unseres Wesens in der Existenz liegt in der Dienerschaft für unseren Allmächtigen Gott. Wirklichkeit dieses Lebens. Was ist das? Fragt Präsidenten, fragt den Premierminister, fragt Reiche, fragt Generäle, Professoren, fragt sie, was sie sagen. Die Wirklichkeit dieses Lebens ist die Dienerschaft für den Herrn der Welten. Das ist wahr! Und wenn der Mensch dies Leben verläßt, werden die Engel ihn einfangen und ihn nach der Wirklichkeit fragen und ihm die Frage stellen: „Fandest du sie? Hast du die Wirklichkeit erreicht? Die Wirklichkeit deines Lebens, die Wirklichkeit der Menschheit in Existenz auf Erden – fandest du sie?“ Was wirst du sagen? Was ist Wirklichkeit? – Die Wirklichkeit des Lebens! Es ist die Dienerschaft für Allah den Allmächtigen. Es ist so einfach. Und du wirst gefragt werden, was du mit dieser Wirklichkeit tatest: „Erfüllst du die Verantwortung der Wirklichkeit des Lebens? Erreichtest du sie? Fülltest du die Verantwortung in diesem Punkt aus oder nicht?“ Du wirst gefragt werden: „Wir wissen und fragen: ‚Was ist mit deiner Dienerschaft? Was tatest du? Sprich! Ist dein Leben wirklich?‘“ Versteht ihr? Das ist das Leben des Menschen. Das Leben eines Menschen, der die Wirklichkeit des Lebens versteht. – Astaghfirullah! Es ist ein wichtiger, vielleicht der wichtigste Punkt des Lebens der Menschheit. Unter tausend findest du einen, unter zehntausend zehn, unter hunderttausend hundert, die auf diese Frage, von der wir sprachen, antworten können; so schwierig ist es. Und das 20. Jahrhundert sagt: „Oh, das Jahrhundert der Wissenschaft, das Jahrhundert des Wissens, das Jahrundert der Wunder (ha, ha!).“ Sie sind so stolz, und sie sind so ignorant. Total ignorant, Quadratköpfe. Sie kommen aus ihrem Quadrat nicht heraus. Ihre Wissenschaft und ihr simples Wissen bewegt sich nur innerhalb ihres Quadrats. Ihr einfaches Wissen und ihre einfache Wissenschaft – sie denken, daß es außerhalb dessen nichts gäbe. Deshalb sage ich: „Die Quadratköpfe haben sich mit ihrer einfachen Wissenschaft und ihrem einfachen Wissen geradezu selbst in ein Quadrat eingesperrt. Außerhalb dieses Quadrats gibt es für sie nichts. Möge Allah uns vergeben. Allah, allah ... Fatiha.

- 21.02.2000

## Die Zeichen sind bereits da...

Jumada al-awwal, Jumada al-ahir, Rajab, Shaban, Ramadan., Shawwal... .... Allahu akbar
Mehdi ... Shawwal, Dhu'l Hijja..

Gibt es Zeichen? Es gibt Zeichen. Diese Ereignisse werden sich nicht noch einmal wiederholen. Dafür gibt es kein zweites Mal. Momentan ist alles wie im sechsten Monat. Sieben, acht, neun, dann ist es so weit. Darum schicken wir die Leute jetzt auch weg. Sie sollen nicht mehr kommen. Jeder soll an seinem Orten bleiben. Der Besuch soll höchstens bis Ende des Monats dauern, dann soll jeder in sein Haus zurückkehren und Vorsorge treffen. Man soll sich nicht in großen Städten aufhalten.

Ich werde alles verbrennen. Das Essen ist einzuteilen. Ich werde hier bleiben und wenn arme Leute kommen und bitten, werden wir geben. Es kommt näher. Es kommt näher. Seit 70 Jahren warte ich auf Mehdi. Seit 1941.
Wie lange ist das? 70 Jahre warte ich. Allah hat mir erlaubt zu warten.

Inshallah werde ich es sehen. Er soll kommen. Darüber gibt es Hadith.

Man braucht eiserne Männer, die es aushalten. Die großen Städte müssen geräumt werden. Keine Chance

für große Städte. Die werden auf einmal zu Asche. Millionen werden hinweggenommen. Ghadafis Tun wird die Welt völlig durcheinander bringen.

(Sheykh Efendi rezitiert eine Ayat aus dem Quran)

Lefke, 09.03.2011, aus dem Türkischen von Hediya

## Es beginnt die Zeit, dass sie die schlechten Menschen aussortieren

Destur ya sayyidi, Madad ya Sultan ul Awwliya. Madad ya Rijal Allah. Audhu billahi mina shaitani-r-rajim. Bismillahi-r- Rahmani-r-Rahim.La hawla wa la quwata billahi l-azeem. Subhanallah alilazeem. Es beginnt die Zeit, dass sie die schlechten Menschen aussortieren. Ich werde jeden unter meine Füße legen, entweder hier oder im Jenseits. Jeder will, dass man die Tariqats verbieten lässt. Wer sind sie, solche Verbindungen verbieten zu wollen. Allah der Allmächtige hat die heilige Kraft durch die Naqshbandi Tariqat geschickt. Wenn es keine Naqshbandi Tariqat gibt, gäbe es kein Islam. Wer kein Scheich als Führer hat, der hat Shaitan als seinen Führer. Wir versuchen die Leute von ihren Egos zu befreien, aus Shaitans Sklaverei. Die Leute bezeichnen dies als Freiheit. Wir fragen nach dem Schutz vor dem verfluchten Shaitan.
Überall finden wir die Teufel oder teuflische Werbung, Bewegungen oder teuflische Bundesländer sowie Propagandisten.
Die islamischen Länder, sie wollen das Leben des islamischen Königreiches leben aber fragen gleichzeitig nach einer Demokratie. Unter der Flagge des Islams, rufen sie hundert verschiedene Fahnen zusammen und wollen sich so als eine Nation ausweisen.
Welches Islamische Land wird noch von Westlichen Ländern Respektiert?
In den Anfängen des 20.Jahrhunderts versuchten die Juden das Osmanische Reich, welches sich durch Serbien, Arabien, Iran, Ägypten etc erstreckte, es versucht zu stürzen!

Sie haben Sultan Abdul-Hamid Hunderttausend Tonnen Gold für Palästina geboten, daraufhin ließ er sie aus seinem Palast schmeißen. Diese Juden haben Geschworen das Osmanische Reich zu stürzen und damit den Islam zu blamieren. Jetzt fragt Jeder Araber nach seiner Eigenen Nationalität, die Türken fragen jeden nach Geld. Jedes Islamische Land ist am Leiden, Serbien, Lybien, Kaukasien. Die Pakistanis und Inder wurden betrogen, sie teilten Sie auf zwei Teile auf, die eine für Pakistanis und die andere für die Anbeter der Kuh.
Die Pakistanis behaupten von sich die besten Muslime zu sein! Nein, sie sind am schlimmsten. Nur im Kricket sind sie die besten...Warum können sie kein Fußball spielen...?
Weil wenn sie eine Ecke bekommen würden sie dort sofort einen Laden aufmachen, anstatt zu schießen! Am Demütigsten sind die Menschen aus Sri-Lanka, sie geben sich mit einer Hand gekochtem Reis am Tag zufrieden, und legen sich auf dem Boden schlafen als lägen sie auf dem Bett. Sie werden fast nie ärgerlich, nur auf die Weißen Leute sind sie sauer. Denn sie sind mit dem Teufel in Ihr Land gekommen. Der Weiße Mann weckt all die Fitna auf dieser Welt, und züchtete die schlimmste Pflanze: Die Demokratie. Aber Jetzt haben die Leute die Nase Voll von der Demokratie und fragen nach etwas anderen. Der Prophet saw sagte dies für die Endzeit voraus. Er sagte das sich die Menschen am Ende der Zeit untereinander bekämpfen, und nicht mehr zusammen gegen andere Nationen! Und Jede Schwäche des Anderen wird gegen seinen Gunsten benutzt, um ihn so zu stürzen. Die dummen Muslime, laufen dem Westen hinterher und sind die ersten Unterstützer der Demokratie. Die Iraner die einst gegen den Schar kämpften und ihn stürzten, haben ihr Land danach zur Islamischen Republik ausgerufen. Wie geht das, wo steht dies im Quran al Hakim geschrieben? Es kann nur einen Sultan geben. Wie kann man ein Parlament bilden, wenn alle Befehle des Allmächtigen zu uns gesandt wurden? Ich werde alles Falsche unter meine Füße bringen! Ich sage nicht unter die Füße des Propheten saw, da ich nur Staub unter seinen Heiligem Fuß bin!
Möge Allah meine Seele bei mir behalten.
Möge Allah mir vergeben und euch segnen, für die Ehre des Geehrtesten in göttlicher Gegenwart, dem Propheten Rasulullah saw Al Fatiha!

- 10.09.2003

## Die Zeit ist um

Es ist der erste Freitag des heiligen Monats, des heiligen Monats Muharram, der Beginn des Neuen Jahres eintausendvierhundertundzwanzig – 1420. Shaitân ist in voller Bereitschaft, Islam hinfortzunehmen, aber der Islam steht wieder auf. Kann der Mensch irgend etwas ausrichten, das Himalayagebirge hinwegzunehmen? Möglich? Wenn das möglich ist, glaubst du, daß der Mensch den Mond anhalten kann? Wenn das geschieht, glaubst du, daß der Mensch das Aufgehen der Sonne anhalten kann, oder wenn sie aufgeht, sie stoppen kann, unterzugehen? Ist es möglich? Nein, niemals. Oder doch, vielleicht. Aber den Islam entfernen – das ist unmöglich. Oh, sie haben fünfzehn Jahrhunderte lang versucht, den Islam ein klein wenig hinwegzunehmen, aber der Islam steht auf. Allâhu akbar, allâhu akbar. Sie glauben, daß die serbischen Schweine die Muslime auslöschen können, sie stellen sich nicht einmal vor, daß nach diesen Schweinen Löwen kommen. Sie sind die Schweine Shaitâns, und die Löwen sind die Löwen des Barmherzigen, die Löwen Allâhs des Allmächtigen kommen, und alles, was geschieht, ist für das Wohl des Islam, allâhu akbar. In allem, was alle 24 Stunden passiert, kommen vierundzwanzigtausend Erscheinungen von der Göttlichen Gegenwart zur Erde und bringen Veränderungen, sie kommen und verändern alles. Alles mag verändert werden, aber der Islam wird sich niemals ändern. Shaitân benutzte seine Gelegenheiten, Mosis Buch zu ändern, die Thora, das Alte Testament, er änderte so viele Dinge, aber er war nicht in der Lage, es vollkommen zu ändern.

Die jüdischen Rabbiner versteckten etwas von der Thora, aber sie konnten es nicht entfernen. Sie versteckten so viele Dinge, und Allâh der Allmächtige machte es durch Seinen letzten Propheten Sayyidinâ Muhammad, Allâh segne ihn und schenke ihm Heil, deutlich. Er sagte: „Bring die Thora her und öffne diese Seite und zeige, was dort geschrieben steht, was sie versteckt haben, zeige, wie sie nicht die Wahrheit gesagt haben.“ Rasulullâh, der Friede sei auf ihm, hatte ihre Bücher niemals gelesen, und sie dachten, daß das Siegel der Propheten eine gewöhnliche Person ist, eine gewöhnliche, des Lesens und Schreibens unkundige Person, und sie benutzten Tricks, indem sie dies und das sagten, und der Erzengel Gabriel kam und sagte: „O Muhammad, Allâh segne dich und schenke Dir Heil, sie betrügen oder versuchen zu betrügen, sie verstecken die Wahrheit. Ruf sie, daß sie dir ihre Thora bringen.“ Und er rief sie, indem er sagte: „Bringt die Thora her.“ Die Thora ist kein arabisches Buch, es ist in hebräischer Sprache, und er sagte: „Öffnet diese Seite und lies es mir vor, trag es vor.“ Und sie waren beschämt, denn das, worüber Rasulallâh, auf dem der Friede sei, die Wahrheit gesagt hatte, wurde deutlich aufgedeckt, und Schande kam auf sie, sie waren beschämt.
Satan hatte mit ihren Büchern gespielt, sie versteckten so viele Dinge, sie änderten so viele Dinge. Wenn der Mensch in ein Heiliges Buch eingreift, dann verliert dieses Buch sofort seine Heiligkeit, es ist beendet. Alle Heiligen Bücher sind unberührt, rein, wenn der Mensch dann in es eingreift, ist die Unberührtheit beendet. Im Alten Testament und Neuen Testament griff der Mensch ein, sie nahmen etwas weg und fügten etwas anderes hinzu. Oder sie versteckten Dinge. Deshalb sind das Alte Testament und das Neue Testament keine unberührten Bücher mehr, jetzt sind sie keine ursprünglichen Bücher mehr, ihre Ursprünglichkeit ist beendet. Deshalb können sie die Leute nicht mehr tragen, mithilfe ihrer Kathedralen, ihrer Kirchen, ihrer Synagogen, die sind jetzt leer. Klöster sind jetzt leer; Leute kommen nur noch, um herumzuschauen, und die Plätze für den Gottesdienst sind wie Museen geworden. Gold, Silber, Statuen, Gemälde – Leute kommen niemals, um zu beten, sie halten nur Streichhölzer an Kerzen und gehen hinaus. Keine Christenheit mehr. Das Christentum ist beendet. Allâhu akbar, allâhu akbar, allâhu akbar. Die Christen sind am Ende. Jüdische Leute akzeptieren niemand anderen als sich selbst, nämlich jüdisch zu sein, deshalb schließen sie ihre Gemeinschaften ab. Niemand kann von ihrer Nation sein, außer denen, die in sie hineingeboren wurden. Sie sind geschlossen, sie sind in sich abgeschlossen, die Kinder Israels sind abgeschlossen. Sie nehmen niemals jemand anderen an. Nein. Und sie griffen auch in das Alte Testament ein, die Thora. Die Thora war solch ein umfangreiches Buch unter den Heiligen Büchern, ihr Umfang war größer als bei irgendeinem anderen Heiligen Buch. Sie verloren es, es ist zu Ende. Shaitân spielte mit ihnen und beendete es. Shaitân kam auch zum Islam, um den Heiligen Qur’ân zu verändern. Nein. Das kann nicht sein. Der Herr sagt: „Ich sende, Ich

schaue nach ihm.“ Niemand kann seine Hand daran legen, nicht einmal an einen Buchstaben. Ich bin sein Bewacher, Ich bin sein Beschützer, Ich bin der Oberste Bewahrer dieses Buches. Niemand kann nicht einmal einen einzigen Buchstaben ändern. Es ist ein Heiliger Qur’ân vom Osten bis zum Westen, vom Norden bis zum Süden.“ Allâh der Allmächtige ist immer siegreich. Wer mit Allâh dem Allmächtigen ist, wird auch immer siegreich sein.

Wer mit Shaitân ist, wird immer unten sein, unten, unten, am Ende. Der erste Muharram 1420 erreicht das christliche dritte Jahrtausend, es ist eine Brücke. Vielleicht werden sich im nächsten Jahr alle christlichen Kalender durch sich selbst vereinigen und diese Brücke überqueren und zum wahren Kalender übergehen, dem Islamischen Kalender, ihr Kalender geht zu Ende. Um nur noch ein Kalender zu sein, der Islamische Kalender, nächstes Jahr, 2000, das jetzt erreicht wird durch das Jahr 1420. Und Allâh weiß, was geschehen wird, niemand kann erwarten, niemand kann sich vorstellen, niemand von den gewöhnlichen Menschen kann auch nur erträumen, was in diesem Jahr geschehen wird. Sie sagen bloß etwas, was ihre Vorstellung ist, nicht mehr, nicht, was wirklich an großen Ereignissen geschehen wird, das alles umstülpen wird. Nur die, die mit dem Herrn Allâh dem Allmächtigen sind, werden aufstehen, die anderen fallen nieder. Batil-Shaitân wird wie ein Esel sein, und alles, das er brachte von batil – was ist batil, batil ist das Gegenteil von haqq, ist falsch, es sind Fehler. Jeder Fehler, den er bis heute machte – er wird wie ein Esel sein, und jeder Fehler, den er Leuten zeigte, mit dem er Leute ermutigte, den er die Leute lehrte und ihnen durch Technologie brachte, wird auf ihm landen, und er wird hinweggenommen werden, Ende. Ah! Die Zeit ist um. Die Zeit endet jetzt – 10, 9, 8, 7, 6, 5, 4, 3, 2, 1 bumm! Shaitân – alles batil, das Gegenteil von haqq, jeder Fehler, jede Falschheit, wird auf ihn geladen und hinweggenommen werden. Wenn Jesus Christus kommt: jahannam. Möge Allâh uns wahren Glauben gewähren, an diese Dinge zu glauben.

## Die Zukunft und das Jetzt

Wir gehören zu der Zeit, in der wir uns befinden. Wir leben nicht für die Zukunft, sondern wir gehören unserer Zeit an. Was sich in der Zukunft befindet, geht uns nichts an, bis wir jene Zeit erreicht haben. Wir müssen uns sorgfältig um die Zeit kümmern, in der wir uns gerade befinden, und nicht darum, was danach kommt. Wir müssen uns nur über die gegenwärtige Zeit Gedanken machen und dafür Sorge tragen, die jeweils anstehenden Pflichten und Gebote auszuführen, deren Einhaltung uns aufgetragen wurde. Wir müssen ausschließlich darauf schauen, was uns für das Jetzt befohlen worden ist. Wir werden niemals zur Rechenschaft gezogen für die Taten von morgen. Solange du das Morgen nicht erreicht hast, bist du nicht dafür verantwortlich. Du trägst nur die Verantwortung für „jetzt, jetzt, jetzt“... Bis die Zukunft eintritt und zum Jetzt wird, bist du in keiner Weise dafür verantwortlich. Es hat keinen Wert, darüber nachzudenken. Jeder ist nur verantwortlich für die Zeit, in der er sich befindet. Wenn du darüber nachdenkst, was in den kommenden Tagen passieren wird, wirst du davon nur müde werden, und es drückt wie eine schwere Last auf dich. Allâh macht es uns so leicht damit, daß wir nur für eine kurze Zeitspanne verantwortlich sind. Kümmere dich um das, was jetzt gerade wichtig ist. Wenn das vollendet ist, kommt der zweite Schritt. Auch der geht zu Ende, und dann kommt der dritte Schritt. Denke nicht an weitere Schritte, bis die Zeit für sie gekommen ist.

Wir haben ein Sprichwort, das lautet: „Ein Sufi ist der, der nur nach Allâh verlangt.“ Er will nur zu Ihm

gelangen. Doch die meisten Menschen verlangen nur nach dieser Welt. Sie sind beschäftigt mit so vielen Dingen, doch nicht so die Sufis. Der Sufi versucht, diese Welt abzulegen und zu verlassen und zu maula, zu Allâh zu gelangen. Ein arabisches Sprichwort sagt: „Sufî ibn waqtihi.“ „Der Sufi ist der Sohn seiner Zeit.“ Der nur danach verlangt, Allâh zu erreichen, Gott zu finden. Die Menschen haben ihren Gott verloren. Doch das macht ihnen nicht das geringste aus. Sie kümmern sich nicht weiter darum.

Es kam einmal jemand zu Maulânâ Jalaluddîn Rûmî, während dieser gerade mit seinen Schülern zur Unterweisung zusammensaß. Der Mann kam weinend und schreiend wie ein Verrückter auf Maulânâ zugestürzt, küßte ihm Hände und Füße, und auf die Frage, was denn geschehen sei, sagte er: „O Maulânâ, ich habe meinen Sohn verloren. Wir haben überall nach ihm gesucht und konnten ihn nirgends finden. Niemand außer dir kann mir zeigen, wo er ist, und mich zu ihm führen.“ Durch die Worte des Mannes geriet Maulânâ in Extase und fing an, sich zu drehen und sich vom Boden weg in die Luft zu erheben. Die göttliche Liebe, die durch sein Herz strömte, hob ihn empor. Er sagte: „O Diener meines Herrn, du weinst um deinen Sohn und wirst fast verrückt dabei, und diese Leute hier haben ihren Herrn verloren und weder fragen sie nach Ihm, noch weinen oder schreien sie nach Ihm. Was ist wertvoller, was du verloren hast oder was sie verloren haben? Die Menschen haben ihren Herrn verloren und verlangen und fragen nicht nach ihm!“

Der Sufi hat erkannt, was er verloren hat, und macht sich auf, danach zu suchen. Menschen ohne Verstand können nicht begreifen, was Tarîqa, der Sufiweg, ist. Ihr Köpfe sind leer wie Fußbälle. Sie haben Quadratköpfe. Wir versuchen, jene Wege zu praktizieren und die Menschen darauf aufmerksam zu machen, was sie verloren haben. Wir wollen sie dazu bringen, daß sie jenen Verlorenen suchen. Wir schicken die Leute nicht der Welt hinterher. Selbst der Flügel eines Moskitos ist mehr wert in der Göttlichen Gegenwart als diese ganze Welt. Trotzdem kämpfen die Menschen um sie und verlassen ihren Herren. Sie wollen nur dunya, nicht maula. Die gesamten Probleme der Menschheit haben ihren Ursprung in diesem Punkt. Wir wollen ihn näher beschreiben: Der Sufi lebt immer in der Zeit, in der er sich gerade befindet. Er denkt jeden Augenblick: „Das ist der letzte Moment meines Lebens. Ich habe keine Zeit mehr danach. Ich werde vor meinem Herrn erscheinen, es muß jeden Augenblick soweit sein...“ Deswegen wird für jemanden, der sein Leben auf einen Sufiweg einrichtet, diese Welt keine schwer zu tragende Last mehr sein. Shaitân findet keinen Zugang mehr zu ihm, und er wird dadurch von Shaitâns Einfluß befreit sein. Wenn jemand frei von dieser Welt geworden ist, verläßt ihn Shaitân. Er kann die Menschen nur mit Dunya verführen. Wenn Dunya verschwindet, kann er

dich nicht mehr betrügen. Deshalb bedrängt er die Menschen, ununterbrochen an diese Welt zu denken.

Jeden Tag hebt Shaitân die Welt in seiner Hand hoch und ruft aus: „O ihr Leute, wer will sie kaufen, diese Welt, die nur verletzt und zu nichts nutze ist?“ Und die Leute sagen: „Wir sollen sie kaufen, wir lieben sie über alles.“ Und Shaitân verkauft so diese eine Welt an Milliarden von Menschen. Er verkauft jedem dieselbe Welt, und er sagt: „Ich habe sie schon vor euch an andere verkauft. Sie kam immer wieder zu mir zurück. Ich verkaufe sie, und ihr kauft. Der Preis ist zwar etwas hoch, doch das macht euch sicher nichts aus: Ihr müßt nur euer ewiges Leben dafür hergeben, und schon könnt ihr sie nehmen.“

So hat Shaitân schon Milliarden betrogen, und immer noch hält er die Welt in seiner Hand: „Ich bin ihr Stiefvater, ich muß einen Gewinn daraus ziehen.“ Und Millionen Menschen reißen sich darum, sie ihm abzukaufen. Wer die Welt durchschaut hat, kann sie leicht ablegen, er klammert sich nicht mehr an sie. Wenn du etwas mit Gewalt festhalten willst, wird es dich verlassen.

Ein Sufi ist der, der Dunya verstanden hat und nur noch nach seinem verlorenen Herrn verlangt. Wer nach seinem Herrn verlangt, ist geehrt hier und im Jenseits. Nicht so die anderen. Die Sufis sind geehrt im Diesseits und im Jenseits. Versucht, nach Maula zu verlangen, Ihn zu finden und immer mit ihm zu sein. Andernfalls werdet ihr keinen Frieden finden, kein Glücklichsein hier oder im Jenseits, wenn ihr nicht den Herrn findet. Wer nach Ihm verlangt, dem wird alles Freude bereiten. Versuche, den Herrn zu finden, und Er wird dir Frieden und Licht und Gnade schenken. Suche Ihn, und wenn du Ihn findest, erreichst du alles im Diesseits und im Jenseits.

## THE DIFFERENCE between HOLY AND RELIGIOUS PEOPLE

I am trying to say something to people in order to wake them up because people are now either sleeping or appear to be drunk. They do not know their right hand from their left hand. Our mission is to warn people to stop going on the wrong way. If they go on this way they will fall into hell. Wake up and come into the way of paradise. This is why an advisor should advice in this manner.

I heard that the Pope has made certain remarks against Islam. Why is he speaking against Islam? Is Islam showing people to go on a bad way? Is Islam calling people to Paradise or is it calling people to Hell? Instead of asking people to accept the Last Messenger with his last message they are talking bad things about Islam and also saying this and that about the Messenger who brought Islam. This is why they are lost.

They say that they are religious people and that they are the only religious people. We are not asking religious people, we are asking holy people. In Switzerland there is a big monastery in which is St. Nicholas. This saint was a person who was a believer in the last Prophet. He was running away from people and was hiding himself in a hut. I was passing by Switzerland and I had a look at this hut. It was a very small place. This is the place in which he was living instead of mixing with people. He was saying that he was only for Allah Almighty. When I pass by this place he is always calling to me with his spirituality asking me to visit him. Therefore every time I pass his tomb I make it a point to visit in his tomb. On one occasion when I was visiting the tomb of St. Nicholas I met a person who was dressed in black with a sign on his neck, which meant that he was a priest. I addressed this person, “Is your Holiness looking after this place?” He replied, “Please do not call me or address me as his Holiness because I am not a holy

person.”

Even the Pope is not a holy person. He is only an official person. Holiness is something that comes from Heavens. Holiness is dressed on someone by the Heavens. You cannot give a person holiness and this is so even if all the people in the world call a person his holiness. As I said before we are not in need of religious people and we need holy people. You must understand, oh mankind that you are falling into the valleys of hell.

Starting from now, day-by-day, things are getting worse and cursings are coming on earth because people are not asking for holy ones. I am sorry to say that the Muslims of today are also not accepting the holy ones or the Awliyas. They are now even trying to destroy their holy places. If there is a holy one near us then blessings are around that person. As people are now trying to destroy the places of these holy ones, they are very unhappy.

I am asking the Iraqi people as to why they are killing each other and they say that the Americans or the Germans or the English have come into their country and that they are fighting them. I am saying you cannot fight them and that you should go to Gilani Sultan (the tomb of Sheikh Muhiyyuddin Abdul Qadir Jilani in Baghdad, Iraq) and ask him, “Oh Sultan, you are a big one in the Divine Presence. Please ask forgiveness for ourselves and ask our Lord’s blessings to save us from these people who have come into our country.” It is Allah who has sent these people into their country. Why should the Americans come from a distance of over 20,000 kilometers in order to shoot them? Why should they do this? Who is making them to come there? Why don’t the Iraqis go to Gilani Sultan in Baghdad or to the other thousands of saints who are in Baghdad and ask them for help? Why don’t they do this? Why aren’t the Iraqis doing this? No one is asking them for help. Instead they are saying that they have missiles, rockets and Shaitan is urinating on their missiles and rockets.

Oh people ask help from the Holy People. There are Holy People who are also living

on this earth today and there are Holy ones also in barzakh who have passed away. They are sources of Divine Mercy Oceans. Why don't you go and ask them to help you? Because you don't go to them the angels should bite and hit you and bring you down and there is no honour for you. If people knew about this and asked from these holy ones then Allah would never have made them be under the feet of the disbelievers (kufars). This is why they have lost their way.

The Muslims also have lost this because they have only religious people now and they do not ask from Holy people. Until they ask from the Holy people they will not be able to save themselves. Therefore we are asking Allah Almighty to send us His Holy ones. Even one of them will be enough. The world is under the power of Allah Almighty. Therefore we are asking "Oh Allah Almighty, give Your blessings to one friend of You, to one friend of Your most beloved servant Seyyadina Muhammed (sal). Send us Seyyadina Mahdi (alai) because if he does not come there will never be any good on earth and instead there will only be fighting, killing, destroying, burnings, earthquakes, storms and hurricanes. Three years ago there was a great disaster, which went by the name Tsunami. I have never heard of such a foolish word. Where was the technology to stop the disaster caused by the tsunami?!

Oh man, try to learn adab with your Lord, Allah Almighty or you shall be taken away. The angels shall then carry you away into hells. May Allah forgive us. Alhamdulillah, I am only a weak servant asking to wake up the nations and not only to wake up those of you who are now listening to my speech. My addressing is for the whole world and from east to west. Sometimes, some people might understand what I am saying and there is Heavenly support for us. May Allah bless you.

## The Difference Between Worship and Respect

(Mawlana Shaykh standing)

O our Lord! Forgive us and we are saying also a`udhu billahi min ash Shaytani 'r rajeem, running away from bad sounds, from Satan and its tricks and traps. Keep ourselves. I am ashaming to ask this from Your Heavenly Presence. I may ask from master of this world. O our master, Qutb az-Zaman, who looking after everything on this Earth, on this planet, to be much more honored by the intercession of the Seal of Prophets (s).

(Mawlana sits)

And I am saying Bismillahi 'r-Rahmani 'r-Raheem. Biggest honor that whole prophets were asking for them, Bismillahi 'r-Rahmani 'r-Raheem forever. Allah Almighty just granted that much more honor name for Ummati Muhammad (s). And we are saying so easily Bismillahi 'r-Rahmani 'r-Raheem. Endless honor, endless lightening coming from Bismillahi 'r-Rahmani 'r-Raheem.

O People! Don't lose your chance to say more and more and more Bismillahi 'r-Rahmani 'r-Raheem. That is a countless treasure for people, for creation. And now we are saying a` udhu billahi min ash-Shaytani 'r-

rajeem. Bismillahi 'r-Rahmani 'r-Raheem. And as a deeply adab, good manners, top point, we are saying, asking from that one who is the master of this Earth (s). What do you think, O people, about this world? You are thinking that the Lord of Heavens has only one Earth? If He has only one Earth and trying to keep it, it is not our Lord's Divinely Absolute Powers appearance.

O People! As-salaamu `alaykum wa rahmatullahi wa barakatuh! Don't be angry with me, no! I am such a weak one. Everyday such a person coming to a coffee shop and people surrounding that one, because he speaking so many things they like to hear from him and they should be happy. Our Grandshaykh, Allah blessings him with endless Glory Oceans, making such a weak servant to sit here and to address to whole people through east and west. I don't think that anyone preparing himself when he is going to coffee shop what I am going to speak, no. What coming I may speak and I am here in a little bit different position because it is not a coffee shop or it is not a coffee shop's meeting, no! We are a handful of people coming and listening and technology of our most proud ones...taking these words through east and west and from north to south.

We are saying, O my Lord! We are endlessly thankful to You for making technology under our command to reach a person from any point of this world to east, up to west. That is a grant from Allah Almighty; if He is not opening no one can find such a thing, but He is saying that, "So many things we are making them on Earth under your (....sound cut...). It is an electricity, it is an appearance from heavenly Power Oceans, such an atom and this atom preparing everything on Earth for the benefit of the children of Adam, giving much more chance for understanding, but they using it for their egoistic purposes. Not using it to find ...the beginning of that power, how appeared. It was in secret Oceans of Power from the Lord's heavenly oceans. Heaven's oceans. Subhanallah!

Yes, they are making me to speak on such a points that people never hearing it before, and the Lord of Heavens asking to give much more knowledge for His deputies whom they are the children of Adam. He is asking and giving. And it is such a thing that we are speaking on it, so strange! And people never thinking on it, one, line under it, infinity. What is its equal? Say your language, what is going one over infinity? What is it equal? Say! ZERO. One atom, may be changeable up to be zero and infinity with zero, how going to be one? One, if you are dividing that one through infinity, going to be zero, but when you are making one divided by two, it is going to be half or, you may say two. If you are dividing it by two, it is going to be two. That means if you are taking one dividing into infinity, going to be zero. How many zeros if you are calculating? Going to be

unknown, finished! One under one, dividing into two going to be half, and two half going to be one! But here one, if divided by infinity going to be zero! How zero going to adding to infinity and becoming something? That means everything in front of one, nothing! Nothing in existence except ONE. No anything else! That is tawheed, to understand the Unity of the Lord of Heavens!

Everything in existence including heavenly oceans, they are finally coming to be... .(Mawlana addresses a mureed who is falling asleep.) Open your eyes, don’t sleep! How many times I am looking if someone making like this in our association, power cutting. Therefore, reminding our listeners, don't be heedless or sleepy here, no! Open your eyes and give a value what we are saying; listen!!!

To understand some secrets of your being, this world's showing and proving to whole mindly creatures that you are on the point of zero! You can't be with One! One never accepting zero! But HE making zero, asking to show from His Endless Power Appearances. Don't think you are something. You are nothing! As, O our listeners, your level is for understanding such things preliminary, therefore they are making me to shout and to say something to make your understanding, to open, but you can't understand; impossible for zero to understand mahya, identity, of ONE.

I am asking professors of mathematics, what is your opinion if one divided to infinity coming only zero? You may putting one divided to four, coming to quarter, but divide it, coming to be zero. Zero means nothing. Standing up only one. People they are not understanding because they are so hard-head people!! Therefore, we are saying if you are making (touching) our heads on the walls of Prophet's holy grave, holy maqaam, they are saying, "Nooo, you are making shirk." What shirk? Who can be partner to One? No one! But people they are so ignorant ones. And I am saying if that is shirk, what about if you are putting your hands on Ka'bah-e-Mu'azzam, the Holy House of the Lord? What is the difference between this and that? That is material, this is material. Why this is going to be acceptable, but you never going to be saying, "Don't touch House of the Lord." But when you are coming to Holy Prophet’s maqaam, they are coming and rushing on people saying, "Don't put your hands on it." Why? This is material, that is material. Do you think that the House of the Lord, He is in it? In it or out of it? What do you think, O Salafi people? What you are saying?

They are so jealous people that they never like Sayyidina Muhammad (s). (Mawlana stands) I am standing up on his Holy Name! Yes, for Ka'bah okay, but for rasulu'th-thaqalayn it is haraam???? Who mentioned? Allah

Almighty is warning, don't make haraam what is halaal, haadha haraamun wa haadha halaalun. It is mentioned in Holy Qur'an and those people their language is Arabic, but they are not saying the Lord's understanding. To touch Ka'bah is halal, (but you say) to touch Prophet's windows or gates of his maqam is haram? Which verse giving that authority, to make much more haraam, to make haraam as you like? And Prophet (s) is saying al-haraamu bayyinu wa 'l-halaalu bayyin (what is forbidden is clear and wh

# The Heybet (dignity) of the servants of Allah Or: Let Allah reward you

(summary from Turkish part of the sohbet)

For what Allah created us? And what are we doing? Allah created us for His service, not to be slaves for our ego, servants of Shaitan and Dunya! I am looking: for whom are we working every day? For Allah or for our ego? We are thinking that Allah has created us for the service of our ego- how strange! Everybody is working for his ego. I don't see even one, who is working for Allah. If you see someone, tell me so that we can go to him and kiss his hands and feet! That is why everything we do is half-half and vanishes.

Allah wants Hayyatan tayyiban for us, a clean life. "How do you see yourself? Do you live a clean life?" "Everyone is dirty, so we also have fallen into the dirt", you say.

Who is working for his ego, doesn't find a clean life. La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Adhim! "Are you praying?" "No."

“Before yes, now no.” “Every Cuma.” “Every day?” “No, every now and then”... “One prayer for Allah- if you don’t take the time for Allah, how Allah is going to open a door for you?” (He is going to say:) “Because you are not working for Me, go, where you want, up to Hell!”
Why you only pray 2 Rakaat on Cuma, why not 2 Rakaat daily?
Therefore I am thinking: Ya Rabbi, You created us for Your service; we are not doing it, we are working for our ego. And our body is from earth, it lasts only for some time, then it finishes. 4o years is maximum, then it comes down, illnesses come and no Doctor can help you. “Go to the mosque and pray!” “No, I am not well, I am going to the Doctor”... no one can help you anymore. You are running from one Doctor to the next Doctor, you go to England, to America, where they shout at you... In America they have the ‘Greencard’, in Russia it is yellow, ours is pink... “What you do with the Greencard?” “She will make us strong!” “So put it in your tea and drink that, to be much stronger”...
Work for Akhirat!

There is the Berrat-Night in Shaban. The sincere servants are waiting for it, because in it the sins are forgiven, Khair is accepted.
They give their life, to gain the Greencard, but not, to gain Akhirat- what you are going to say, when Allah is going to ask you, for what he has created you? For His service, His Pleasure- but they are not thinking about it. Every day millions of people are leaving this world- they are not the same people every day that you see in the streets.

Use your mind and know for whom you are working! If for Shaitan, he will make you slave for your ego. He will give you ‘freedom’, so that you will not know Halal and Haram anymore. The Kufar could not do anything against the Muslims, until they gave them Haram to eat and convinced them to become ‘modern’. They told them “You are backwards”, and like

this Shaitan was catching them. “It is because of your faith”, they told them. If it was like this, since the time of the Prophet our faith would have died, but Islam has become stronger! It reaches from East to West, in all places of the world.

Once we had Heybet! (Dignity)

A story at the time of Harun Rashid, when the Greek Emperor of Byzanz wanted to conquer Konstantinople. The Prophet sws said that the capital of the Greeks, Konstantinople, would be taken. The Kafir have no mind, or else they would come into Islam. They make women their heads, they leave women to govern, they have Presidents and Queens. Is a King like a Queen? Allah is saying: “Ar rijal aqwa mina nisa- men are stronger than women. Rijalallah, the Men of Allah, that are on the way of Allah, they should govern the women.

Allah has given to women from His Attribute of Zahir Jamal, and to the men from Kemal with Kudra, to be representative. He has given women their job and men their job. In Islam women don’t govern. The head of the family also is the man. Can a women look after a man?
In London I saw police-forces. They make women also police. After the Terawih prayer, nighttime, I saw one police-women on patrol with two police-men. If a women could look after herself, then she could also look after men. Leave London to the police-women for one night and you will see what is happening to London and these women! They would be finished! They put the women with the men to amuse themselves. They are not really in need for women as police, but the men like to be with women, it is their nature. What are the women doing there! It is not good for you and for security!

Women are weak and cannot do what men can do. Their work is in the

house. On TV they talk about “Women’s Rights”. I am saying: “Men are cruel! How many MPs are women? 40-50 and 500 men! You women have to go on the streets and make a demonstration and ask for your own Parliament, your own President and your own government!”

Women should not govern. In Islam there are no women in government. At the time of Harun Rashid there was a Queen in Byzanz; she was the daughter and only child of a King who passed away. It doesn’t suit our belief to have a women at the top, we are asking a man! This Queen had a son who then became the King. He sent a letter to Harun Rashid, the head of the Muslims, saying: “You have taken treasures from my weak mother, because you made her afraid. But now I am on the throne and I am demanding the treasures back that you took without right. If not, I will do something against you!”

Harun Rashid said: “Write: O dog, son of a dog”- who dares to speak like this nowadays?- “What do you think about us? I will challenge you, come!” That King was trembling along with his throne! Allah dressed Muslims that time Heybet! What about us now! A man has to show himself as a man! Today we are in the last row, yesterday we were in the first row. The Ottoman Empire was first in the world, then England, then Germany, then Russia, then France, then Italy... We are working for ourselves, not for Allah, that is why! That time they took the sword, saying: “Allahu akbar, Allahu akbar, Allahu akbar”, fighting for Allah and to destroy the kingdom of Shaitan, and therefore Allah raised them up. They want to go to Europe- to clean the streets there. They think that with the money they earn there they have something good. Don’t work for yourself, for your ego, but for Allah, so that He gives to you!

O people! Think what Allah Almighty saying to you! O people, if He is going to ask you to whom you were serving, to whom you were servant

through your life on earth, (what you are going to say)? He should ask: “24 hours- for whom you were working? To whom you were giving your effort? For yourself or for your Lord?” You were working for your ego, for Dunya, not for Allah! Therefore as long as you are wasting, giving your effort for Dunya, you are coming down. As long as you are accepting your Lord and His heavenly Orders you are going to get up, up, up! That is the reason that whole world now in dangerous point, falling down, because not working for Allah, working for their egos.

O people, change that, your mind and put everything on its real position! Allah created you for His divine Service, not for Dunya. If you are working for Allah, you are happy; if working for your ego, you are falling down, down, down, as now we are 21st century and people on earth not knowing, they fall in chaos, never knowing a way to get out, to be free for their Lord. And they are falling on a stage, station, or level that it is under level of animals. Animals knowing their Lord and glorifying Him, but man not knowing and not glorifying their Lord. May Allah forgive us and bless you and His servants. For the honour of His most honoured servant in His divine Presence S.Muhammad sws, Fatiha.

## Dirty Democracy will be Removed

The German army will come from the west, the Japanese from the east and the Turkish from the south. Russia will be squeezed in the middle. All emperors, kings and sultans which were removed during this century will come back in the new century. During this last century devils were cheating people with the system of democracy, which is the very worst system of governing there has ever been. Before power used to be in one hand, now it is in the hands of thousands of people. Every day, every television station takes the opportunity to advertise for democracy. There is no need to advertise if you have gold for sale.
Here in Germany they love to advertise for washing powder. But I have never seen any advertisement for diamonds, pearls or gold. Democracy is like washing powder. People are fed up with democracy. The only ones still pleased are the Mafia. The 21st century will bring back the real rulers. It will be cleaned of this dirty democracy.

In the time of monarchy people had good manners. They respected each other and were respected. Now all that is finished. They call it equality, but in reality they have lost all respect for each other.

## Use Your Good Understanding to Discern Truth from Falsehoo

Yaa Rabbee! Allah, Allah. (Mawlana Shaykh stands) laa laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah, Sayyidina wa Nabiyyina wa Mawlana Muhammadun Rasoolullah sallallahu `alayhi wa sallam. Zidhu yaa Rabbee `izzan wa sharafan nooran wa suroora wa ridwaana wa sultaanan. Zid saa'iri 'l-anbiya wa 'l-awliya wa `ibaadika 's-saaliheen, yaa Rabbana. Ij`alnaa tahta ajnihatihim yaa Rabbana yaa Allah, nahnu `abeeduka ad-du`afa. Subhaan Sen, Sultaan Sen, `Aleem Sen, Haleem Sen, Ghafoor Sen, Raheem Sen. Yaa Rabbana, yaa rabb ighfir wa 'rham wa anta khayru 'r-raahimeen. A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh sits) Huuuuuuu, Huuuuuuu, Huuuuuu, Huuuuuuuu, Huuuuuuuuuuu, Huuuuuuuuu Allaaaah. Allaaaah Huuuuuuuuuuuuuu, Huuuu, Huuuuuuuuuuuuuu, Huuuuuuuuu, Huuuuuuuuuuuuuuu.

As-salaamu `alaykum, Saahib az-Zamaan. As salaamu `alaykum, yaa Qutb al-Mutasarrif. As salaamu `alaykum, yaa Saahib az-Zamaan. As-salaamu `alaykum yaa `ibaadAllah as-saaliheen! Who asks the pleasure of our Lord, Almighty Allah, as salaamu `alaykum, heavenly salute to you, that you are always asking ridwaanullah. You are running after the pleasure of your Creator, your Lord's pleasure. Huuuuu, Huuuuuu. To give our Lord pleasure, to make Him pleased with us. He is Allah, Jalla Jalaaluh `Adhaamatu . He is Allah (swt)! (Mawlana Shaykh stands) From pre-Eternal up to Eternal, He is never changing, nothing

affects Him! (Mawlana Shaykh sits) He is the Lord, The Unchangeable One, Allah! Laa yughayyiruhu 'l-hawaadith. What Mankind does has no affect on Him! He is Allah! Subhaan Sen. (Mawlana Shaykh stands and sits) And endless pleasures to Your most glorified one, Your absolute deputy, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits).

O Salafi `ulamas! What is your belief about Isra` wal Laylat al-Mi`raaj, the Night Journey and Ascension? The Seal of Prophets (s), the most beloved, most honored, most praised, most glorified one, went up. Who called him? What is your `aqeedah, belief about that very important point?

O Attenders! As-salaamu `alaykum. Keep quiet and give all your dikkat, full attention to what is coming now. Don't say, "We know everything," because We know nothing! I am now speaking and addressing those people who claim, "We are Salafi `ulamas." `Ulamas must know a lot of things. They say to a person who may know a few things, "You know something." We need to know and we live for knowing. What is your opinion, O Salafi `ulamas? What are we living for, to build Nimrod towers? Are we living to save millions or billions of paper money or heaps of gold? Are we living to have territories, or to have ships, to have planes, to have children? Say! For what are we living, O Wahhabi, no-mind people? We are speaking Truth, but your pride is so strong and you are never leaving it to say, "That servant is speaking the Truth." Say! For what have we been created? Say! Have we been created to collect this dirty life's aspects? Is that why we have been created? Say,"That shaykh is a liar, he is not speaking the truth." If you say that, a fire may come on your head tonight and in the morning you will be getting out as a burned, a dead body!

This is not coming from me, but this is the power and might of heavenly ones, because they are angry with Wahhabi people for going beyond limits! Their claims are not usual, and they pass their limits and attack weak ones, but in the Heavens those are powerful ones! Here they are very weak ones, such that you are looking at them and saying, “We are so powerful and he is so weak, and we can easily take him away." If you can take away that pig virus, then you can take this one away also. Can you do that? Which one of you can claim to stop that virus? You can’t do anything! You think I am an old man and it is easy to take me away. No, you can't. If I am protected, you can't do anything, and if you are intending to do something to harm me, you can't do it. Even your armies, air forces, your king's or sultan's dunya can't do anything to my weak body! If I am a liar, it would be easy for you. But if they are making me to speak the Truth, you can't do anything. They are making me sit here for a half-hour or one hour, making me address all people from east to west, from

north to south. Habbaytum, whether you are accepting it or not! Taqbalu aw lam taqbalu, whether you accept it or not, no harm will come on me!

O People! Be careful, and use your good face, your good understanding. Give a chance to a weak servant. Ask, "What is that weak servant's talab; what is he asking?" Why are they making me sit here? For what? Do you think I am asking to be shaykh ul-Islam? Do you think I am asking to be an amir or malik, or this or that? No. What is written for me reaches me, and not beyond that. I am 90 years old, so what am I asking? One cup of soup is enough for me now. I have lived long years. What happened; what has stayed with me? I may ask about all these years, what benefit came to me?

O People! You must be of those with good understanding. Bad understanding is ignorance, and ignorance is from Shaytan.

O Salafi `ulamas! Say, didn't Shaytan know about Adam (a)? He knew, but he was aneed, stubborn. He represents all shaytanic characters; that is what makes Shaytan. He knew about Adam, peace be upon him. Now Wahhabi people, do you not know about this weak servant? Don't be like Shaytan, proud and pretending you don't know. You know this servant is speaking the Truth! And Allah Almighty is saying: (Mawlana Shaykh stands)

••• ••••••• ••••••• ••••••• ••••••• •••••• •••••••• •••• ••••••••••

Yaa ayyuha 'Lladheena `aamanoo ittaqoollah wa koonoo ma` as-saadiqeen. O you who believe! Fear Allah and be with those who are true (in word and deed). (at-Tawbah, 9:119)

(Mawlana Shaykh sits) What is your opinion? Are you following that order of Allah, to be with saadiqeen, true ones? I am asking mulook also, which true one are you sitting with to take advice from? Who are your advisors? True ones? Even your conscience never accepts those whom you ask, because they are always asking for dunya, those greedy people surrounding kings and mulook, sultans and `umaraas. And you are accepting them as your advisors. No, you must find true ones to be your advisors! If not, some cursing may fall on you, and no one will be able to help you. Twenty-first century people's main advisor is Shaytan and its agents, as they are not asking for true ones. Therefore, cursing falls on them like rain!

O Listeners! This is an ummaan, ocean, coming daily in another type of speech, and it will never end, so don't

worry. It is not a mindly production, no; it is heavenly, never-ending. If dunya could be up to Eternity, daily you would fall into the nets of Shaytan and its agents!

May Allah forgive us for the honor of Sayyidina Muhammad (s) in this holy month. (Mawlana Shaykh stands and sits) Astaghfirullah.

(30 minutes) (874 viewers) Alhamdulillah, alhamdulillah, alhamdulillah, yaa Rabbee!

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

Fatihah.

(Mawlana Shaykh speaks with Shaykh Hisham Effendi on the phone.)

## Disciplining

As-Salamu Alaikum Ya hadhirun, O present ones. May we also be present. May our share from the Lord, from His Generous Grants, reach us through our Prophet (sas), Sultanu-l Anbiya. May it reach us through His awliyas. May we become awliyas also. What is suitable for everyone is to be an awliya. The destination of who leave dunya without becoming an awliya - what can we call it? - is the place of animals. A man who came to dunya and left without becoming an awliya, shame on him.

As-Salamu Alaikum O who are attending and listening to these few words; may Salams be upon you. Salam brings safety; when man greets with Salam, he dresses in the dress of safety. Salam is the protection of Man. How beautiful, how beautiful is the Salam. As-Salam Alaikum. May Salam and safety be upon you O servants of Allah. What should you ask from Allah Almight? Ask to be in safety. Allah Almighty (swt) says in the Holy Quran: "Salamun Qawlaam Mir Rabbir Rahim" (36:58). Allah! Allah! A Salam (greeting) from Allah Almighty will come. Allah Almighty will greet us with Salam. Allahu Akbarul Akbar! Allahu Akbarul Akbar! Allahu Akbarul Akbar. Our Lord is the Subhan. He (swt) greets us with Salam: "Salamun Qawlaam Mir Rabbir Rahim". A Salam comes to us from our Lord to Whose Mercy there is no end or limit. What is considered to be the heart of the Holy Quran is Yasin ash-Sharif. And in the Yasin Ash-Sharif also, its secret is in this Holy Verse: "Salamun Qawlaam Mir Rabbir Rahim". What Allah Almighty said for us: "Salamun Qawlaam Mir Rabbir Rahim".

May the Salam from our Lord, for Whose Mercy there is no end, be upon us. Allah Almighty will greet His servants with Salam on the Day of Mahshar. What an honour is it: "Salamun Qawlaam Mir Rabbir Rahim". Say "Salamun Qawlaam Mir Rabbir Rahim, Salamun Qawlaam Mir Rabbir Rahim" every day. It is very good if you can recite one Yasin Ash-Shariff everyday.

You can't do it? What is considered as its heart is "Salamun Qawlaam Mir Rabbir Rahim". Say it seven times, 40 times, 70 times or 100 times: Salamun Qawlaam Mir Rabbir Rahim". Who says it will tremble, will tremble: Salam from our Lord to us. Allah! Our Subhan, our Sultan. As-Salamu Alaikum O mu'mins, O who believe, O who call to Allah, O who say "Our Lord! Rabbunu Llah Hasbunu Llah. Rabbunu Llah Hasbunu Llah. Rabbunu Llah Hasbunu Llah". Whatever happens, say this. You won't face any troubles, it opens. For this, the teaching from Quran is "Rabbunu Llah Hasbunu Llah. Our Lord is Allah and He (swt) is sufficient for us". How beautiful.

As-Salamu Alaikum O believers who are listening. We may listen. The news: "Isma'u wa'ou FaItha Wa'itum Intafi'ou". (Listen and comprehend, and when you comprehend take benefit).

Isma'u, listen. Wa'ou: Listen to the good words, and keep the good words. The good words: The best of words are the words of Allah Almighty Who is the Rabbul 'Izza, and then the words of His Beloved. Isma'u! Listen O mankind! If you are human, pay attention to the Words of Who Created you. Listen to what Allah Almighty says, Fasma'u. Listen. Wa'ou, and keep. FaItha Wa'itum Intafi'ou. If you keep, it gives you benefit. If you don't keep, you stay like this. Who say the Bismillah, who say Bismillahi r-Rahmani r-Rahim are fresh leaves, fresh trees, fresh branches, fresh flowers, fresh fruits. When you say the Bismillah, you are fresh. The men who say it become gentle and the women who say it become beautiful. It is suitable for men.

When they listen to Allah Almighty, there is a beauty and gentleness that is appointed for mankind. Isma'u wa'ou O mankind! Listen and keep. When you keep "Intafi'ou", you get benefit from. What is in motion is Bismillahi r-Rahmani r-Rahim. Say and don't fear. Say and don't fear. You won't fall into hardships in dunya and you won't get insulted, humiliated in akhirah: You won't fall into torment nor will you fall into fire from the Sirat. You pass the Sirat and enter paradises which are adorned with beauties that are impossible to define. May Allah grant it to us also.

Dunya is a toilet. A person who loves dunya is not different than what is in toilet. Not different at all! It is the same if one loves dunya or he loves a toilet. When Adam (as) didn't keep the Order of "Don't eat from this", our mother Eve said "Let us eat and taste" and she ate. Eating that fruit was forbidden. Why did He (swt) make it forbidden? Because who eats from that fruit will have

the need to excrete. He will need to go to toilet. So Allah Almighty said "Don't eat from this. Don't eat from this tree. Because who eats from this tree will have the need to excrete". Our mother Eve tempted our father Adam, "What can we do? Let us taste a little bit, this, that..." So she seduced him saying "Let us eat and taste once. What can happen?" And the moment they ate it, their stomachs started to gurgle and work. They had the need to excrete.
They were running to here, running to there; our father Adam and our mother Eve also. They kept looking but there is no toilet in the paradise to excrete! "What will we do now?" It was ordered to Jibril (as): "Send these ones to dunya. They have the need to excrete. There can't be any excretion in paradise. Paradise is not a toilet. Dunya is the toilet. Send them down to the toilet!" So they came down. They came down and wherever they like they can use as a toilet. Even if you build the biggest palace, if it doesn't have a toilet is the King going to sit and do it in the middle of the hall? "I am going to excrete, leave that place". No. It has a special place for it, it is the toilet. There is no toilet in paradise. What you eat becomes light, Nur. And what he eats here becomes what goes to the toilet. For this the Bismillah is not said when entering the toilet but it is said when entering mosque. This means wherever the Bismillah is not said it is a toilet. It is toilet! Can a person who enters brothels, pubs say the Bismillah? How can he say? They are dirty places! Can the Bismillah be said in dirty places? The Bismillah is recited in mosques, in dargahs. It is recited in the places, gatherings Allah accepts. Who keeps the places that He (swt) does not accept? Shaytan! Shaytan says: "Come eat, drink". Then? "They have toilets to excrete.

You go there and be relieved". Depending on how many times a person eats and drinks all day and all night he will need to excrete continuously and he says "I need to go to toilet".
A holy person came to me and said "You know what I think about O Shaykh?" "I am not a Shaykh, I am a weak servant of Allah". "It came to my mind; there are all these arrogant people, that sit on their thrones or sit on the highest places in an assembly. Just when they start to speak, it comes to my mind that I make a dua that they will have the need to urinate and they leave their speeches in the middle as well as the places they sit. They will say "O gentleman, we have an urgent call waiting. Because it is important, we have to stop our speech here". He will leave and go. To where? To the excretion place. He comes back. And that holy one is a strange one. "It comes to my mind, that right when they climb up to the pulpit and speak excitedly, I will

make it run through their legs. He won't even have time to run outside. It comes to my mind like this. I will punish these wild people in this way" he said.
I said "I don't interfere. I am not sitting on a seat or throne. I just go and come back here. But they are in the parliament. For example Kilicdaroglu (Tr left-wing leader), for example Bayraktaroglu, for example son of this, son of that.... There are such ones who are all proud. Right when they are speaking all so proudly, it comes to my mind that a movement (in his body) comes: "I am about to do it on my pants! O Gentlemen! I can't continue my words further. We have an urgent call from a very important place so we stop our speech and leave". "Where did Kilicdaroglu go?" "Well, he had a phone call". "Yahu he has the need for toilet. He needed to go to toilet that is why he said I need to go to an important place. And he did it all over himself until he went home. He said "straight to my house" but wetted himself on the way. When he went home, his wife at home asked: "What happened O Bey?" "Don't even ask, O Madam. Don't even ask. Look at my pants. I don't know how it happened. I had the urgent need for toilet. I couldn't hold it and let it go so I came home like this all wet".
This is a holy person. He told me "I will make them like this one day. When they are in the middle of the parliament, I will make them have the urgent need for toilet and wet their pants so that they won't stand there proud one more time. Because when they stand there, they claim is "I am your god. I can do this, I can do that...". If you can do this, that, may what you do come through your legs and it will. He will leave the parliament and his speech, go straight to his home. And when he reaches home "O Bey, what happened? You left the parliament?" his wife asks. "Don't even ask, O Madam, don't even ask". "Why?" "Right when it came to the most heated moment of my speech I had the need for toilet. I did like this, like that to hold it. I was trying to finish my speech quickly and made it all upside down. Astonishing, what happened to us today? What did we eat and drink today?" "O Bey, do we eat separately?" "We ate the same but I don't know if it is shaytan or not who made us have the urgent need for toilet andit started right in the middle of the parliament. What can we do? "We are finishing our speech today urgently. Because they called us from a very important place. Please you go on with your talks, I may see that person and then come back". And he wetted his pants.

This holy one who is a bit strange one told me like this "All these arrogant men that they go up

and make a speech, claiming" I am who created the hills" (idiom for arrogant people) Who are in such a manner, even if they don't have the need for toilet I will make them have it so that they won't go up there and speak arrogantly ever again! Whoever doesn't say the Bismillah, I will make it run through his pants". I said "I don't interfere. This is your job, do whatever you can to them". "I will" he says. "They are very arrogant. Some in the pulpit, some in other places claim "I am Me and you are you". I make them come to their senses in this way so that they won't speak big words again and know their adab in Allah's Presence". So strange matters like this come to me also. It comes to our heart and I said "I don't interfere".

There are holy ones who are Mutasarrif, who have the authority to act. If you order a majzub person, he makes all the people on earth who speak proudly do it all over themselves. "I am King, I am this, I am that..." Whoever has such a claim, he said, I will make them do all over themselves in the middle of the parliament!" I said "I don't interfere". They may do this but make me sign it also. They ask me "did you sign it?" "Why should I sign it? No. I don't interfere. There are the servants of Allah who are Mutasarrif. These ones overstepped their limits: Some kill the people. Some of them finish peoples' values. Some of them corrupt the world, some of them say "I am the deputy of shaytan" May who represent shaytan boil all the way to hellfire. They are all so arrogant. He said "I will teach them adab". I don't interfere. No. For this I say "I am sitting in the room. Whoever is proud, I do over their heads!" "Your job is easy". "Whoever are proud, carrying the attribute of Pharaoh, I do all over their heads" I say. All of them; the Kings, the presidents, prime ministers, ministers...All of them when they come to me, I will make all of them have urgent need for toilet. You know" he said. "I don't know!

There are the awliyas who're Mutasarrif. There are many majzub ones. When they want to tie someone, they do. Once upon a time... Mehmet Effendi, you never smile? You are serious also. Did you get this seriousness from him? A poor dervish entered a small shop. He looked, there was honey there. Being a majzub person, he stuck his finger in it. The owner of the shop reached and said "From where did you show up? Why do you lick our honey?" "I wanted to taste a little bit". They insulted the poor one in every way possible. And he said "Ok. You consider even this little honey too much for me? Ok, you will see what I do". Now, the customers who come... The customers who come... Evliya Chalabi says this, a strange holy one also. May Allah sanctify his secret. Whichever customer comes, when they put a piece from that honey to taste they

immediately "brtt brttt" (break wind).
The owner of the shop says "What happened?" "What kind of a honey is this?" "It is regular honey". The owner also tasted it. He also went after it, brttt. Whoever came and tasted it, "brtttt" they were breaking wind and running away. The owner got suprised. He said "Ok, it must be from that one. This man was a holy one". "Who came and tasted that honey was not an easy one. Because you insulted him for only taking a bit of honey he did this to you. You try also". "The owner also tasted. He also did brttt. Whoever came and tasted from that honey, brttt.

"What kind of a honey is this?" they ask. So there are a lot of men who can do such things. Now I am saying it.
There is a man who makes Syria upside down, saying "I do as I want". Ok... There are such holy ones as we mentioned. They are now instructing one of them: "When he comes up and says I do this, I do that" immediately he will have a need for toilet and he leaves in the middle and looks for a place to do it". There will be such an arrangement from now on. You claim to be great in the presence of Allah? Take your greatness now!" They would call to the Sultans like this, may Allah make their abode paradise. "Long live O our Sultan! Don't be proud O our Sultan! Don't be proud. There is Allah Who is Greater than you". When they say this, the Sultan would bow his head like this. The ones now don't accept Allah or the Prophet. They claim "Me".
They will do it now. Now one of the holy ones will be given this mission: Whoever comes up and says in the parliament "I do this, I do that, we do like this, we do that way..." I will make them wet their pants, he said. Let them come out now. Whether it is from Turks, or Arabs, or Egyptians, whoever comes up in the parliament, they will definitely make him do all over his pants. They are majzub ones. We can't interfere with them. "Yahu this one is a King!" "If he is a King, he should do his job. But I am dervish and I will do my job. He should say the Bismillah. If he starts speaking without Bismillah I will immediately make them do all over themselves". May this be a lesson for them. "What about the Europeans?" "For the Europeans, I will make them have the need to excrete feces, not urine! I will make them all humiliated! I will make it run through their pants, they won't even have the chance to ask "where is the toilet?"
Therefore adab, we should be upon adab. O our Lord, may You forgive us. Allah Almighty doesn't like His proud servants. He (swt) does not like His arrogant servants. Allah Almighty loves

who carry the attribute of servanthood, who has adab, who is calm, who has the "Effendi" character, who carries the Sunnah of our Prophet (sas). And also, who come to the mihrab without a mustache or beard, I will now bombard them in the mihrab. Whoever enters the mihrab but he has no mustache, no beard, I will make them have the need for toilet so that he will have to get out from the mihrab. They say "The Shaykh says strange things". And I say "It is easy to try. Enter the mihrab this way. Enter and I will do!" I am not the one to do it. There are so many holy ones like this. They may tie, and then release when he enters the mihrab. He unties and that one sits, then when he stands up, he releases. This mankind cannot be disciplined any other way. It can't be with cannons or weapons.

There are astonishing servants of Allah. Lillahi rijal. There are the awliyas who are upon the manifestation of Allah Dhul Jalal's Magnificence. Beware, beware. Beware! They can make you be buried alive! They bury you saying "he is dead". You open your eyes inside the grave but you are finished. They should avoid such things. Don't leave saying the Bismillah. Don't be proud! Don't speak without the Bismillah. There are things to come to you. You can be a King, a prime minister... It doesn't matter who you are. There are some people (soldiers) who walk with all their medals to Anitkabir (Ataturk's graveyard), they enter there in such an arrogant way like "it is us who created this nation". "Right when they are entering, I will make all of them do on themselves" said one of the holy ones. Beware! You can't deal with them. They make you do on yourself, if you still don't learn, they also tie it. That it is called imprisoning the urine and it can kill a man.

Aman Ya Rabbi tawba Ya Rabbi tawba Astaghfirullah. Aman Ya Rabbi. May He (swt) not leave us to our dirty ego. For this, accept your Lord! Say "My Lord is Allah. I make sajda for You". Don't enter the parliament without sajda. Don't say "I am the son of this one, I am the Kilicdar..." None of this matters to them. They will make you do it all over yourself. Let them enter the parliament now. That holy one told me "O Shaykh! You are a strange one too, you make them totally confused now. There will not be even one man left in the parliament. All of them will leave and wait in line to take a leak. Where? It is an important door. What is it? Which number? They call it No. 100. I will make them line up there. No matter what he is, whether the prime minister or the other ministers, I will make them wait there, I will line them up". So the manifestation of today was like this.

Don't forget the Bismillah. Don't forget the servanthood of Allah. Be upon adab. Don't be arrogant. Or they will break your arrogance. Tawba Ya Rabbi, tawba Astaghfirullah. Aman Ya Rabbi, may You not leave us in the hands of the dirty ego. I don't say claiming we are good but I only say because they are warning. He can be the president of the US or of Korea...The ones of Korea are very wild. They make people worship them. He said "Right when the people are about to worship, I'll make make them have the need for toilet and I will make them wet themselves that they will be humiliated. And next time they will know if there is Allah or not. Allahu Akbarul Akbar. Allahu Akbarul Akbar. Subhanim Allah. He will punish and discipline them. One person is enough. O Ladies! There is a majzuba lady, she will do it to the ladies also. Right when they are coming up to vote in the parliament, dressing up beautifully in lace dresses, etc. In the middle of the vote, "what is happening, I will do on myself". "Where are you going in this excited moment of the vote?" "Don't even ask. I don't know what is happening to me today. When I appear in the parliament, immediately I have the need for toilet". Don't be arrogant. Don't say "Is there anyone more beautiful, or who dresses better than I? Is there anyone who is higher than I?" They will arrange you too. "I will make those who go out naked do all over themselves". Tawba Ya Rabbi.
O those who are Kings; those holy ones whom Allah Almighty granted the Mulk. Be holy! Be upon adab and He (swt) protects you; there are angels to protect you. If not shaytan dumps on you, shaytan does not give you a chance in 24 hours: "We just went to the toilet, we just visited and lined up there. I just came back and sit, now again I need to go". "What happened to our King? Did he dress something he shouldn't have or did he drink too much? What did he do, that he says like this frequently "O attending ones. I got urgent news, I must go" and he leaves the assembly.

They can do this too, especially in the Islamic world there are many majzub ones who can do this. They will punish and discipline them now, the time of discipline has come. You will either be disciplined and know your Lord... You should be disciplined that you know your Lord and angels protect you. Don't say "Allah may protect me". Allah Almighty's Glory is the Most High. Allah (jj) doesn't do your guardianship. There are angels appointed for you. They can finish you and others. They don't need any weapons or cannons. There are astonishing servants of Allah.

"Bismillahi r-Rahmani r-Rahim" when they say this, a man appears out of nothing with a sword. All in black, holding the sword in his hand he asks that one "What is your order? Should I cut them like leeks or leave them?"

Put on the adab, wear the adab dress. Accept your servanthood. Don't forget the Bismillah and you'll be saved. Don't be without the Bismillah, or they will make you sink. This is an important warning for Muslims: For Turks, Arabs, presidents, Kings, this is for all of them. Ya Rabbi, ma A'dhama Shanak, You are Subhan, You are Sultan our Lord. Our Sultan. I became weak. O Lord, may You forgive us. Subhan Allah, Sultan Alllah. I am Your weak servant O Lord. What can I do? What can I do? I am striving to defeat shaytan. We have nothing against mankind but Allah Almighty will humiliate those who follow shaytan no matter what. It is not Allah Almighty's job, no. There are some holy ones, who they call majzub. There are such ones, they are from the majzubs. When he is given permission, he can make the world upside down.

Aman Ya Rabbi, tawba Ya Rabbi, tawba. Don't leave us to our dirty egos. May we also not fall in such situations. May we run to your servanthood, to Your service. You are our Lord. You are our Lord. We are Your weak servants. You have many servants who can displine and punish us as You like. May You send us servants who will discipline us without falling into such situations. We are left without a Master, send the Master O Lord. "What Master do you ask? The Prime minister is our Master". No, such a Mastership is not valid. President? Not valid either. King? Not valid. Malik? Not valid. We want the Sultan who will master us, who will make us walk when he says walk and stop when he says stop. Allah Allah. Wa hazeema Dawood Jalut. Is it not so? Jalut showed himself. Dawood hit him with a small stone and threw him to a distance of six months! Don't joke with Allah, don't underestimate or they don't even give you the chance to run outside (for toilet). All people speak proud in parliaments, claiming they will do something. Not one of them speaks the word of Allah or says Bismillahi r-Rahmani r-Rahim. "I will make them come to their senses" said that holy one "I will make them come to their senses with this method".

Allah Hu Allah, Allah Hu Allah Allah Hu Rabbi Allah Hu Allah. Allah Hu Rabbi Allah Hu Hasbi. Allah Hu Rabbi Allah Hu Hasbi. Rabbunu Llah Hasbunu Llah. Rabbunu Llah Hasbunu Llah. Say this and don't fear. Fatiha.

He never smiles but look, now he is smiling. This grandson of mine is very serious, never smiles.

He has adab, he is not like his grandfather. Don't touch, or I don't interfere. There are majzubs, I inform them: "Tie this one, or release this one". They release and it runs through their legs. O Lord, tawba Allah; we may repent also, all of us. O Allah's servants, we should be repentant ones, we should repent, should quit our bad habits, accept our Lord, appreciate the mosques, close the brothels and bars and troubles will be repelled off you. And your Lord is pleased with you. Amin. Fatiha.

## Disziplinierung

---

As-Salamu Alaykum, ya Hadhirun, o Anwesende. Mögen wir auch anwesend sein. Möge unser Anteil an den Großzügigen Gaben des Herrn uns erreichen durch unseren Propheten (saws), den Sultanu l-Anbiya. Möge er uns durch Seine Awliya erreichen. Mögen wir auch Awliya werden. Was angemessen wäre für jeden ist, Awliya zu sein. Der Bestimmungsort dessen, der die Dunya verläßt, ohne Awliya zu sein, wie können wir ihn nennen? ist der Platz der Tiere. Ein Mensch, der zur Dunya kam und sie verließ, ohne Awliya zu werden, Schande auf ihn! As-Salamu Alaykum denen, die anwesend sind und die diesen paar Worten zuhören. Mögen Salams auf ihnen sein. Salam bringt Sicherheit. Wenn der Mensch mit Salam grüßt, wird er mit dem Kleid des Schutzes bekleidet. Salam ist der Schutz des Menschen. Wie schön, wie schön ist das Salam. As-Salamu Alaykum. Mögen Salam und Schutz auf euch sein, Diener Allahs. Was solltet ihr von Allah dem Allmächtigen erbitten? Erbittet Schutz.
Allah der Allmächtige sagt im Heiligen Quran: "Salamun Qawlaam mi r-Rabbi r-Rahim" (36:58). Allah! Allah! Ein Salam von Allah dem Allmächtigen wird kommen. Allah der Allmächtige wird uns mit Salam grüßen. Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Unser Herr ist der Subhan. Er (swt) grüßt uns mit Salam: "Salamun Qawlaam mi r-Rabbi r-Rahim". Ein Salam kommt zu uns von unserem Herrn, Dessen Gnade ohne Ende oder Grenze ist. Was als das Herz des Heiligen Quran angesehen wird, ist Yasin ash-Sharif. Und im Yasin Ash-Sharif ist das Geheimnis in diesem Heiligen Vers: "Salamun Qawlaam mi r-Rabbi r-Rahim". Was Allah der Allmächtige für uns sagte: "Salamun Qawlaam

mi r-Rabbi r-Rahim". Möge das Salam unseres Herrn, Dessen Gnade ohne Ende ist, auf uns sein. Allah der Allmächtige wird Seine Diener mit Salam grüßen am Tag von Mahshar. Welch eine Ehre ist das: "Salamun Qawlaam mi r-Rabbi r-Rahim". Sagt: "Salamun Qawlaam mi r-Rabbi r-Rahim. Salamun Qawlaam mi r-Rabbi r-Rahim" jeden Tag. Es ist sehr gut, wenn ihr ein Yasin ash-Sharif rezitieren könnt jeden Tag. Ihr könnt es nicht? Was als das Herz angesehen wird, ist "Salamun Qawlaam mi r-Rabbi r-Rahim". Sagt es 7x, 40x, 70x oder 100x. "Salamun Qawlaam mi r-Rabbi r-Rahim". Wer es sagt, wird erzittern, erzittern. Salam von unserem Herrn an uns. Allah! Unser Subhan, unser Sultan.

As-Salamu Alaykum, ihr Mu'mins, o die ihr glaubt, o die ihr Allah anruft, o die ihr sagt 'Unser Herr, Rabbunullah Hasbunullah. Rabbunullah, Hasbunullah. Rabbunullah, Hasbunullah.' Was immer geschieht, sagt das. Ihr werdet keinen Problemen begegnen. Es eröffnet. Deshalb ist die Lehre des Quran "Rabbunullah, Hasbunullah." Unser Herr ist Allah, und Er (swt) ist genug für uns. Wie schön! As-Salamu Alaykum, Gläubige, die zuhören. Wir hören zu. Die Neuigkeiten: "Isma'u wa'ou Faltha Wa'itum Intafi'ou". Hört zu und versteht, und wenn ihr versteht, zieht Nutzen daraus. Isma'u - hört zu. Wa'ou: Hört auf die guten Worte, und bewahrt die guten Worte. Die guten Worte: Die besten Worte sind die Worte Allahs des Allmächtigen, Der der Rabbu l-Izza ist, und dann die Worte Seines Geliebten. Isma'u! Höre, o Menschheit! Wenn ihr menschlich seid, achtet auf die Worte Dessen, Der euch erschuf. Hört auf das, was Allah der Allmächtige sagt. Fasma'u. Hört. Wa'ou und haltet euch daran. Faltha Wa'itum Intafi'ou. Wenn ihr euch daran haltet, tut euch das gut. Wenn nicht, bleibt ihr so. Wer das Bismillah sagt, wer sagt Bismillahi r-Rahmani r-Rahim, sind frische Blätter, frische Bäume, frische Äste, frische Blumen, frische Früchte. Wenn ihr das Bismillah sagt, seid ihr frisch. Die Männer, die es sagen, werden sanft und die Frauen, die es sagen, schön. Es geziemt den Menschen. Wenn sie auf Allah den Allmächtigen hören, zeigt sich eine Schönheit und Sanftmut, die für die Menschheit bestimmt ist. Isma'u wa'ou, o Menschheit! Hört und haltet es ein. Wenn ihr es einhaltet, "intafi'ou", tut es euch gut.

Was in Bewegung ist, ist Bismillahi r-Rahmani r-Rahim. Sagt es und fürchtet euch nicht. Sagt es und fürchtet euch nicht. Ihr werdet nicht in Unbill geraten in der Dunya und nicht gedemütigt, erniedrigt in der Akhirah. Ihr werdet nicht in Qual geraten und nicht ins Feuer fallen vom Sirat aus. Ihr überquert den Sirat und geht ein in Paradiese, die mit Schönheiten geschmückt sind, die

unmöglich zu beschreiben sind. Möge Allah es uns auch gewähren. Die Dunya ist ein Klo. Jemand, der die Dunya liebt, sie unterscheidet sich nicht von dem, was im Klo ist. Es ist gar kein Unterschied! Es ist dasselbe, ob man Dunya oder Klo liebt. Als Adam (as) sich nicht an den Befehl, 'Iß nicht davon!', hielt, sagte unsere Mutter Eva 'Laß uns essen und kosten', und sie aß. Diese Frucht zu essen, war verboten. Warum machte Er (swt) sie verboten? Weil wer von dieser Frucht ißt, ausscheiden muß. Er wird zum Klo gehen müssen. So sagte Allah der Allmächtige: Eßt nicht davon. Eßt nicht von diesem Baum. Weil wer von diesem Baum ißt, wird ausscheiden müssen. Unsere Mutter Eva verleitete unseren Vater Adam. 'Was können wir tun? Laß uns ein wenig kosten, dies, das..' Also verführte sie ihn und sagte: Laß uns essen und einmal kosten. Was kann passieren? In dem Moment, als sie aßen, begann ihr Magen, zu gurgeln und zu arbeiten. Sie mußten ausscheiden. Sie rannten hierhin und rannten dorthin, unser Vater Adam und unsere Mutter Eva auch. Sie guckten überall, aber es gibt kein Klo im Paradies, um auszuscheiden! "Was sollen wir jetzt machen?'

Es wurde Jibril (as) befohlen: 'Sende diese zur Dunya. Sie müssen ausscheiden. Es kann keine Ausscheidung im Paradies geben. Das Paradies ist kein Klo, die Dunya ist das Klo. Sende sie hinunter zum Klo!' Also kamen sie herunter. Sie kamen herunter, und wo immer sie wollen, können sie als Klo benutzen. Selbst wenn du den größten Palast baust, wenn er kein Klo hat, soll der König sitzen und es mitten in der Halle machen? 'Ich will ausscheiden, verlaß diesen Platz.' Nein. Er hat einen besonderen Platz dafür, das ist das Klo. Es gibt kein Klo im Paradies. Was du ißt, wird Licht, Nur. Und was er hier ißt, wird zu dem, was ins Klo geht. Deshalb sagt man das Bismillah nicht, wenn man das Klo betritt, sondern es wird gesagt, wenn man die Moschee betritt. Das bedeutet, wo immer das Bismillah nicht gesagt wird, ist ein Klo. Es ist ein Klo! Kann jemand, der Bordelle oder Kneipen betritt, das Bismillah sagen? Wie kann er es sagen? Es sind schmutzige Orte! Kann das Bismillah an schmutzigen Orten gesagt werden? Das Bismillah wird in Moscheen, in Dergahs rezitiert. Es wird rezitiert an Orten, in Versammlungen, die Allah anerkennt. Wer verwaltet die Orte, die Er (swt) nicht anerkennt? Shaytan! Shaytan sagt: 'Kommt, eßt und trinkt!' Dann? 'Es gibt Klos zum Ausscheiden. Geht dorthin und erleichtert euch.' Je nachdem, wie oft jemand ißt und trinkt den ganzen Tag und die ganze Nacht, wird er unaufhörlich ausscheiden müssen und sagt: 'Ich muß mal.'

Ein Heiliger kam zu mir und sagte: 'Weißt du, über was ich nachdenke, o Shaykh?' 'Ich bin kein

Shaykh. Ich bin ein schwacher Diener Allahs.' 'Es kam mir in den Sinn, es gibt all diese arroganten Leute, die auf ihrem Thron oder an erhöhten Plätzen in einer Versammlung sitzen. Gerade wenn sie zu sprechen beginnen, so kommt mir in den Sinn, ein Dua zu machen, daß sie den Drang zum Pinkeln bekommen und ihre Reden mittendrin lassen müssen wie auch die Plätze,wo sie sitzen. Sie werden sagen: Meine Damen und Herren, wir haben einen dringenden Anruf, weil es wichtig ist, müssen wir unsere Rede hier unterbrechen. Er wird gehen. Wohin? Zum Ausscheidungsort. Er kommt zurück. Und dieser Heilige ist ein merkwürdiger Mensch. Es kommt mir in den Sinn, daß ich es, genau wenn sie zur Kanzel klettern und aufgeregt sprechen, ihnen die Beine herunterlaufen lasse. Er wird nicht einmal die Zeit haben, hinauszulaufen.Das kommt mir in den Sinn. Ich werde diese Wilden auf diese Weise bestrafen, sagte er. Ich sagte: Ich mische mich nicht ein. Ich sitze nicht auf einem Sitz oder Thron. Ich gehe einfach und komme wieder her.

Aber sie sind im Parlament. Zum Beispiel Kilicdaroglu (türkischer Linkspolitiker), zum Beispiel Bayraktaroglu, zum Beispiel der Sohn von diesem und jenem. Sie sind solche, die ganz stolz sind. Genau wenn sie so ganz stolz sprechen, so kommt mir in den Sinn, daß eine Bewegung kommt: Ich mache mir fast in die Hose! O meine Herren, ich kann nicht weitersprechen. Wir haben einen dringenden Anruf von einem sehr wichtigen Ort. Also hören wir mit unserer Rede auf und gehen! Wo ist Kilicdaroglu hin? Nun, er hatte einen Telefonanruf. Yahu, er mußte aufs Klo. Er mußte aufs Klo, deshalb sagte er, er müßte zu einem wichtigen Ort gehen. Und er hat sich ganz voll gemacht, bis er nach Hause ging. Er sagte: Direkt zu mir nach Hause! Aber er machte sich naß auf dem Weg. Als er nach Hause ging, fragte seine Frau: Was ist passiert, o Bey? Fragt bitte nicht, Madam. Fragt bitte nicht. Seht euch meine Hose an. Ich weiß nicht, wie es zugegangen ist. Ich mußte ganz dringend aufs Klo und konnte es nicht halten und ließ es laufen. Also bin ich nach Hause gekommen, ganz naß.

Dies ist ein Heiliger. Er sagte mir: Ich werde sie so machen eines Tages. Wenn sie mitten im Parlament sind, werde ich sie den Drang zum Klo haben lassen und sich in die Hose machen lassen, so daß sie nicht noch einmal so stolz dastehen. Denn wenn sie so dastehen, beanspruchen sie: Ich bin euer Gott. Ich kann dies, ich kann das.. Wenn ihr dies und das tun könnt, möge das, was ihr macht, euere Beine hinunterlaufen, und es wird. Er wird das Parlament und seine Rede verlassen und direkt nach Hause gehen. Und wenn er zu Hause ankommt: O Bey, was ist passiert?

Du hast das Parlament verlassen? fragt seine Frau. Fragt mich nicht, Madam, fragt mich nicht. Warum? Genau als der hitzigste Teil meiner Rede kam, mußte ich dringend aufs Klo. Ich machte so und so, um es zu halten. Ich versuchte, meine Rede schnell zu beenden, und brachte alles durcheinander. Erstaunlich, was ist heute mit uns los? Was haben wir gegessen und getrunken heute? O Bey, essen wir getrennt? Wir essen dasselbe, aber ich weiß nicht, ob es Shaytan ist oder nicht, der uns diesen Drang zum Klo gab, und es begann genau inmitten des Parlaments. Was können wir tun? Wir beenden unsere Rede heute sehr dringlich, weil sie uns von einem sehr wichtigen Ort anrufen. Bitte machen Sie weiter mit Ihren Reden. Ich treffe diese Person und komme wieder. Und er machte die Hose naß.

Dieser Heilige, der ein bißchen merkwürdig ist, sagte mir das: All diese arroganten Menschen, die hochgehen und Reden halten und behaupten: Ich bin der, der die Hügel geschaffen hat. (Redensart) Wer so ist, selbst wenn er keinen Drang zum Klo hat, werde ich bewirken, daß er einen hat, so daß sie nicht mehr dort hinaufgehen und jemals wieder arrogant reden! Wer immer das Bismillah nicht sagt, dem lasse ich es durch die Hosen laufen. Ich sagte: Ich mische mich nicht ein. Das ist dein Job, tu ihnen an, was immer du kannst. Das werde ich, sagte er. Sie sind sehr arrogant. Manche auf der Kanzel, manche an anderen Orten beanspruchen: Ich bin Ich, und du bist du. Ich lasse sie auf diese Weise zur Vernunft kommen, so daß sie keine großen Worte mehr machen und ihren Adab in Allahs Gegenwart kennen. So merkwürdige Dinge wie das kommen auch zu mir. Es kommt in unser Herz und ich sagte: Ich mische mich nicht ein. Es gibt Heilige, die sind Mutasarrif. Sie haben Autorität zu handeln. Wenn du einer Majzub Person befiehlst, läßt sie alle Menschen auf der Erde, die stolze Reden führen, sich vollpinkeln. Ich bin König, ich bin dies, ich bin das.. Wer immer so einen Anspruch hat, sagte er, den lasse ich sich vollpinkeln mitten im Parlament. Ich sagte: Ich mische mich nicht ein. Sie können das tun, aber sie wollen, daß ich es auch unterschreibe. Warum sollte ich es unterschreiben? Nein, ich mische mich nicht ein. Es gibt Diener Allahs, die Mutasarrif sind.

Diese überschritten ihre Grenzen: Manche töteten die Leute. Manche erledigen den Wert der Leute. Manche verderben die Welt, manche sagen: Ich bin Stellvertreter Shaytans. Möge wer Shaytan vertritt, den ganzen Weg bis zum Höllenfeuer kochen. Sie sind alle so arrogant. Er sagte: Ich lehre sie Adab. Ich mische mich nicht ein. Nein. Deshalb sage ich: Ich sitze im

Zimmer. Wer immer stolz ist, denen mache ich über ihre Köpfe. Dein Job ist leicht. Wer immer stolz ist, wer die Attribute Pharaos trägt, denen mache ich über ihre Köpfe, sage ich. Ihnen allen, den Königen, den Präsidenten, Premierministern, Ministern.. ihnen allen. Wenn sie zu mir kommen, lasse ich sie alle einen Drang zum Klo bekommen. Du weißt, sagte er. Ich weiß nicht! Es gibt Awliya, die Mutasarrif sind. Es gibt viele Majzub. Wenn sie jemanden binden wollen, tun sie es. Es war einmal.. Mehmet Effendi, lächelst du nie? Du bist so ernst. Hast du diese Ernsthaftigkeit von ihm?

Ein armer Derwisch betrat einen kleinen Laden. Er guckte. Es gab Honig dort. Da er ein Majzub war, steckte er den Finger hinein. Der Ladenbesitzer kam und sagte: Von woher kommst du? Warum leckst du unseren Honig? Ich wollte ein bißchen kosten. Sie beschimpften den Armen auf alle erdenkliche Weise. Und er sagte: Okay. Ihr betrachtet selbst dieses bißchen Honig als zu viel für mich? Okay, ihr werdet sehen, was ich tue. Nun, die Kunden, die kommen.. Die Kunden, die kommen.. Evliya Chalabi sagt das, auch ein merkwürdiger Heiliger. Möge Allah sein Geheimnis heiligen. Welcher Kunde auch immer kommt, wenn sie ein bißchen von diesem Honig kosten, machen sie sofort 'brtt brtt' (lassen einen fahren). Der Ladenbesitzer sagt: Was ist los? Was für ein Honig ist das? Es ist normaler Honig. Der Besitzer kostet ihn auch. Auch er machte danach 'brtt'. Wer immer kam und ihn kostete, 'brtt', sie ließen einen fahren und liefen davon. Der Besitzer wunderte sich. Er sagte: Okay, es muß von diesem da kommen. Dieser Mann war ein Heiliger. Der kam und den Honig kostete, war kein einfacher Mensch. Weil ihr ihn verärgert habt, nur wegen ein bißchen Honig, tat er euch das an. Du versuche ihn auch. Der Besitzer kostete auch. Er machte auch 'brtt'. Wer immer kam und von diesem Honig kostete, 'brtt'. Was für ein Honig ist das? fragten sie.

Es gibt also viele Menschen, die solche Dinge tun können. Jetzt sage ich es. Es gibt einen Mann, der stellt Syrien auf den Kopf und sagt: Ich mache, was ich will. Okay. Es gibt solche Heiligen, wie wir erwähnt haben. Sie leiten jetzt einen von ihnen an: Wenn er hochkommt und sagt, 'Ich mache dies, ich mache das', wird er sofort einen Drang zum Klo verspüren und mittendrin weglaufen und nach einem Ort suchen, es zu machen. Es wird von jetzt an so eine Regelung geben. Du beanspruchst, groß zu sein in der Gegenwart Allahs? Nimm deine Größe jetzt! Sie riefen den Sultanen, möge Allah das Paradies zu ihrem Aufenthalt machen, zu: Lang lebe unser Sultan! Sei nicht stolz, o unser Sultan! Sei nicht stolz. Es gibt Allah, Der Größer ist als du. Wenn

sie das sagten, beugte der Sultan den Kopf, so. Die Jetzigen erkennen Allah oder den Propheten nicht an. Sie beanspruchen 'Ich!'. Sie werden es jetzt machen. Jetzt wird einem der Heiligen diese Aufgabe gegeben werden: Wer immer hochkommt und im Parlament sagt: Ich tue dies, ich tue das, wir machen es so, wir machen es auf diese Weise.. werde ich sie die Hosen naß machen lassen, sagte er. Sie sollen jetzt hervorkommen. Ob sie Türken, Araber oder Ägypter sind, wer immer hochkommt im Parlament, den werden sie ganz bestimmt die Hosen voll machen lassen. Sie sind majzub. Wir können uns mit ihnen nicht anlegen. Yahu, dieser ist ein König! Wenn er König ist, sollte er seine Arbeit machen. Aber ich bin Derwisch, und ich tue meine Arbeit. Er sollte das Bismillah sagen. Wenn er ohne das Bismillah zu sprechen beginnt, werde ich ihn sofort sich ganz vollpinkeln lassen. Möge das eine Lektion für sie sein. Was ist mit den Europäern? Den Europäern werde ich den Drang geben, Kot auszuscheiden, nicht Urin! Ich werde sie alle ganz erniedrigen! Ich werde es aus ihren Hosen herauslaufen lassen. Sie werden nicht mal die Zeit haben zu fragen: Wo ist das Klo?

Deshalb Adab, wir sollten Adab haben. Unser Herr, mögest Du uns vergeben. Allah der Allmächtige mag Seine stolzen Diener nicht. Er (swt) mag Seine arroganten Diener nicht. Allah der Allmächtige liebt den, der das Attribut der Dienerschaft trägt, der Adab hat, der ruhig ist, der den Effendi-Charakter hat, der die Sunnah unseres Propheten (saws) trägt. Und auch, wer zur Mihrab kommt ohne Bart oder Schnurrbart, die werde ich jetzt in der Mihrab bombardieren. Wer immer die Mihrab betritt, aber keinen Bart hat, dem werde ich den Drang zum Klo geben, so daß er aus der Mihrab herausgehen muß. Sie sagen: Der Shaykh sagt merkwürdige Dinge. Und ich sage: Es ist leicht zu versuchen. Geht so in die Mihrab, und ich tue es! Ich bin nicht der, der es macht. Es gibt so viele solche Heiligen. Sie mögen es binden und dann loslassen, wenn er die Mihrab betritt. Er bindet es los, und dieser sitzt, dann, wenn er aufsteht, läßt er es los. Diese Menschheit kann nicht auf andere Weise diszipliniert werden. Es kann nicht mit Kanonen oder Waffen sein. Es gibt erstaunliche Diener Allahs. Lillahi Rijal. Es gibt die Awliya, die auf der Erscheinung von Allah Dhu l-Jalals Herrlichkeit gegründet sind. Hütet euch, hütet euch! Hütet euch! Sie können euch lebendig begraben lassen. Sie begraben euch und sagen: Er ist tot. Ihr öffnet die Augen im Grab, aber ihr seid erledigt. Sie sollten solche Dinge vermeiden.

Hört nicht auf, das Bismillah zu sagen. Seid nicht stolz! Sprecht nicht ohne das Bismillah. Es werden Dinge auf euch kommen. Ihr könnt König sein, Premierminister.. Es ist egal, wer ihr

seid. Es gibt manche Leute, Soldaten, die gehen herum mit ihren Orden nach Anitkabir, Atatürks Grab. Sie treten dort ein auf so arrogante Weise, wie 'Wir sind es, die die Nation geschaffen haben.' Genau, wenn sie eintreten, lasse ich sie sich alle vollmachen, sagte einer der Heiligen. Hütet euch! Ihr könnt nicht mit ihnen verhandeln. Sie lassen euch euch vollmachen, wenn ihr immer noch nichts lernt. Sie binden es auch. Das heißt Harnverhaltung, und es kann einen Menschen töten. Aman ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Aman ya Rabbi. Möge Er (swt) uns nicht unserem dreckigen Ego überlassen. Deshalb erkennt euren Herrn an! Sagt: Mein Herr ist Allah. Ich mache Sajda vor Ihm. Geht nicht ins Parlament ohne Sajda. Sagt nicht: Ich bin der Sohn von.. Ich bin.. Nichts davon ist wichtig. Sie werden euch euch vollmachen lassen. Sie sollen jetzt das Parlament betreten. Dieser Heilige sagte mir: O Shakyh, du bis auch so merkwürdig, du verwirrst sie jetzt vollkommen. Es wird keinen einzigen Menschen mehr im Parlament geben. Sie werden alle gehen und in der Reihe warten, um zu pinkeln. Wo? Es ist eine wichtige Tür. Was ist es? Welche Nummer? Sie nennen es Nr. 100. Ich werde sie sich dort aufstellen lassen. Egal, was er ist, ob Premierminister oder die anderen Minister, ich lasse sie dort warten, ich werde sie sich anstellen lassen.
Die Manifestation heute war so. Vergeßt nicht das Bismillah. Vergeßt nicht die Dienerschaft Allahs. Gründet euch auf Adab. Seid nicht arrogant, oder sie brechen euere Arroganz. Tawba ya Rabbi, Tawba Astaghfirullah. Aman ya Rabbi, mögest Du uns nicht in den Händen unseres dreckigen Egos lassen. Wir behaupten nicht, gut zu sein, ich spreche nur, weil sie warnen. Er kann der Präsident der US oder von Korea sein.. Die von Korea sind sehr wild. Sie lassen die Leute sie anbeten. Er sagte: Genau, wenn die Leute anbeten wollen, lasse ich sie den Drang zum Klo bekommen und sich naß machen, so daß sie erniedrigt werden. Und das nächste Mal wissen sie, ob es Allah gibt oder nicht. Allahu Akbaru l-Akbar. Allahu Akbaru l-Akbar. Subhanim Allah. Er wird sie strafen und disziplinieren. Ein Mensch ist genug. O Damen! Es gibt eine Majzuba Frau, die wird es auch mit den Frauen machen. Genau, wenn sie hochkommen im Parlament, um zu wählen, schick herausgeputzt mit Spitzenkleidern, etc. Mitten bei der Wahl: Was ist los? Ich werde mich vollpinkeln! Wohin gehen Sie in diesem aufregenden Moment der Wahl? Fragen Sie nicht! Ich weiß nicht, was heute mit mir los ist. Wenn ich im Parlament erscheine, muß ich sofort aufs Klo. Seid nicht arrogant. Sagt nicht: Gibt es jemand Schöneren oder besser Gekleideten als mich? Gibt es jemanden, der höher ist als ich? Sie werden dich auch

bearbeiten. Ich werde die, die nackt hinausgehen, sich ganz vollmachen lassen. Tawba ya Rabbi. O jene, die Könige sind, diese Heiligen, denen Allah der Allmächtige Mulk gewährte, seid heilig! Gründet euch auf Adab, und Er (swt) schützt euch. Es gibt Engel, um euch zu schützen. Sonst lädt Shaytan auf euch ab. Shaytan gibt euch keine Chance in 24 Stunden: Wir waren gerade auf dem Klo. Wir suchten es auf und stellten uns dort an. Ich bin gerade zurück und setzte mich, jetzt muß ich schon wieder. Was ist los mit unserem König? Hat er etwas an, was er nicht sollte, oder hat er zu viel getrunken? Was hat er getan, daß er immer wieder sagt: O Anwesende, ich habe dringende Nachrichten. Ich muß gehen. Und er verläßt die Versammlung. Sie können das auch erreichen. Besonders in der islamischen Welt gibt es viele Majzub, die das tun können. Sie werden sie jetzt strafen und disziplinieren, die Zeit der Disziplinierung ist gekommen. Ihr werdet diszipliniert und erkennt eueren Herrn... Ihr solltet diszipliniert werden, damit ihr eueren Herrn erkennt, und die Engel euch schützen. Sagt nicht: Allah möge mich schützen. Der Ruhm Allahs des Allmächtigen ist der höchste. Allah (jj) ist nicht euer Wächter. Es sind Engel für euch abgestellt.

Sie können euch und andere erledigen. Sie brauchen dazu keine Waffen oder Kanonen. Es gibt erstaunliche Diener Allahs. Bismillahi r-Rahmani r-Rahim. Wenn sie das sagen, erscheint aus dem Nichts ein Mann mit einem Schwert. Ganz in schwarz, hält er das Schwert in der Hand und fragt denjenigen: Was ist euer Befehl? Soll ich sie schneiden wie Lauch oder sie lassen? Kleidet euch in Adab, tragt das Adab Gewand. Nehmt euere Dienerschaft an. Vergeßt das Bismillah nicht, und ihr werdet gerettet werden. Seid nicht ohne das Bismillah oder sie versenken euch. Das ist eine wichtige Warnung für die Muslime, für Türken, Araber, Präsidenten, Könige. Das ist für sie alle. Ya Rabbi, ma A'dhama Shanak, Du bist Subhan, Du bist Sultan, unser Herr. Unser Sultan. Ich bin schwach geworden. O Herr, mögest Du uns vergeben. Subhanallah, Sultanallah. Ich bin Dein schwacher Diener, o Herr. Was kann ich tun? Was kann ich tun? Ich bemühe mich, Shaytan zu besiegen. Wir haben nichts gegen die Menschheit, aber Allah der Allmächtige wird jene erniedrigen, die Shaytan folgen, komme, was wolle. Es ist nicht Allahs Aufgabe. Nein.

Es gibt Heilige, die sie Majzub nennen. Es gibt solche, sie gehören zu den Majzub. Wenn ihm Erlaubnis gegeben wird, kann er die Welt auf den Kopf stellen. Aman ya Rabbi, Tawba ya Rabbi, Tawba. Überlaß uns nicht unserem dreckigen Ego. Mögen wir auch nicht in solche

Situationen kommen. Mögen wir zu Deiner Dienerschaft laufen, zu Deinem Dienst. Du bist unser Herr. Du bist unser Herr. Wir sind Deine schwachen Diener. Du hast viele Diener, die uns disziplinieren und strafen können, wie Du willst. Mögest Du uns Diener senden, die uns disziplinieren, ohne in solche Situationen zu kommen. Wir sind ohne Meister, sende uns den Meister, o Herr. Nach welchem Meister verlangst du? Der Premierminister ist unser Meister. Nein, solche Meisterschaft hat keinen Wert. Präsident? Auch nicht gültig. König? Nicht gültig. Malik? Nicht gültig. Wir wollen den Sultan, der uns meistert, der uns gehen läßt, wenn er sagt 'Geht', und anhalten, wenn er sagt 'Halt'. Allah Allah.
Wa Hazima Dawud Jalut. Ist es nicht so? Jalut zeigte sich. Dawud schlug ihn mit einem kleinen Stein und warf ihn die Entfernung von 6 Monaten! Spielt nicht mit Allah! Unterschätzt sie nicht oder sie geben euch nicht einmal die Chance, hinauszulaufen, zum Klo. Alle Menschen reden stolz in den Parlamenten und behaupten, etwas zu tun. Nicht einer von ihnen spricht das Wort Allah oder sagt Bismillahi r-Rahmani r-Rahim. Ich werde sie zur Vernunft bringen, sagte dieser Heilige. Ich werde sie zur Vernunft bringen mit dieser Methode. Allah Hu Allah, Allah Hu Allah, Allah Hu Rabbi, Allah Hu Allah. Allah Hu Rabbi, Allah Hu Hasbi. Allah Hu Rabbi, Allah Hu Hasbi. Rabbunullah, Hasbunullah. Rabbunullah, Hasbunullah. Sagt das und fürchtet euch nicht. Fatiha. Er lächelt nie, aber seht, jetzt lächelt er. Dieser mein Enkel ist sehr ernst, er lächelt nie. Er hat Adab. Er ist nicht wie sein Großvater. Berührt das nicht oder ich mische mich nicht ein. Sie sind Majzub. Ich sage ihnen: Bindet diesen oder laßt diesen los. Sie lassen los und es läuft ihm die Beine herunter. O Herr, Tawba Allah. Wir bereuen auch, wir alle. O Allahs Diener, wir sollten Reuevolle sein, wir sollten bereuen, unsere schlechten Gewohnheiten aufgeben, unseren Herrn annehmen, die Moscheen würdigen, die Bordelle und Bars schließen, und die Probleme werden von uns abgewehrt werden. Und euer Herr ist zufrieden mit euch. Amin. Fatiha.

Lefke, 15.02.2013

---

## Mankind’s Dishonor of the Lord of Heavens Brings Catastrophes

As-salaamu `alaykum. Allah, Allah, Allah. I think today is the second of Dhul-Hijjah, but people are saying it is the first day. Allah Almighty knows. We are happy and we are so pleased to reach another holy month, another pilgrimage to Hijaz, the Hajj! That is an honor for us, to reach it once again. Therefore, we are saying, (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahuma salli `alaa Sayyidina Muhammad wa `ala aali Sayyidi ‘l-Awwaleen wa ‘l-Akhireen, habeeb ‘l-Rabbi ’l-`Alameen, wa `ala ashaabihi ‘l-kiraam `ajma’een. Madad yaa RijaalAllah, salaamullah `alaa RijaalAllah, madad yaa Saahib az-Zaman, Imam al-Mahdi (a)! (Mawlana Shaykh sits) Allah, Allah.

O Our Attenders! As-salaamu `alaykum. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Madad yaa RijaalAllah, madad yaa Saahib al-Imdaad. We are reaching the Last Day and the world is running to its final destination, having run from the time of Adam (a) up to today, passing 7,000 years. Now the dunya is running quickly towards its last station. SubhaanAllah! We are the last nation of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) After him no other prophet or nation will come. We have now reached the last part of Mankind’s life in this world, as it is mentioned the limit of Mankind will be 7,000 years. SubhaanAllah 'l-`Aliyyu 'l-`Azheem, all Majesty and Glory is for our Lord, our Creator, Allah!

O People! We are created, as no one creates himself. If I say this instrument just came into existence by itself no one will accept that, but it has been arranged and organized to be an instrument, not that it can do something that its Maker can't; i.e., we can't reach with our powers from east to west, but this instrument does. This is from the Signs of the Last Day, the Day of Resurrection.

SubhaanAllah! Absolute Glory is for Allah Almighty for giving us authority to make suhbah so we may see and listen to what it sees and reach what it reaches! Allah Almighty (swt) has Absolute Majesty, and Absolute Power Oceans are for Him Almighty! He may do everything Himself, but He is giving us authority up to now. (An example is) Man is making such incredible instruments that do something we can't do by ourselves. We may give authority to that machine (camera); it may see and speak what we have been prohibited from seeing and reaching. SubhaanAllah 'l-`Aliyyu 'l-`Azheem! We are living the last part of Mankind's time on this Earth, when Allah Almighty is giving authority or power to Mankind so they may listen and learn something that informs them more than 4,000 years ago about what is going to happen.

These instruments are given such functions, but we are not reaching that point. However, Allah Almighty created and granted us someone from among Mankind whose creation was different than that of common people. He Who created Man also distinguished some of His servants to know something without using such instruments, and He granted them power and authority to speak in the coming Last Days. Ordinary people can't know of, speak about or do the incredible things that only some have been granted.

They are saying, "O People! We are approaching the Last Day and what we are doing on the planet is going to finish." Don't think that such incredible instruments are giving more power to you, no! Such distinguished servants of the Lord of Heavens say that the Last Day is approaching. Particularly, the Seal of Prophets (s) informed his nation what will happen when we approach the Last Day of this dunya: it will be like a book, opening and closing.

What is going to happen? The Holy Prophet, the most glorified prophet in the Divine Presence, Sayyidina Muhammad (s), (Mawlana Shaykh stands and sits) told his nation that when the Last Day approaches there will be some signs. Now we are in it, seeing those signs, but most people are not asking, "Who brought us to this planet? How we can be on it?" They say, "We are creatures who just happen to be on this planet." The Most Distinguished Prophet (s) in the Divine Presence informed us of the coming signs, and all the prophets

were sent to inform their people of what was going to happen.

Now everything is in the deepest levels of corruption. People are asking about black holes, looking at them in the skies saying, "We discovered black holes." They look in the skies, but why aren't they looking on Earth for black holes that swallow people's personalities? Now there are countless black holes, perhaps for each person there is one, and if people don't take care they will fall into them. Also, there are black holes in nighttime and blue holes in daytime that cover the whole world! But people are drunk and useless, running after their dirty desires, not taking care to avoid falling into those holes that make them drunk. That is the reason for all the troubles happening on this planet! The Seal of Prophets (s) said in the Last Days people will run after every dirty thing and will leave everything that gives them honor here and Hereafter, and will run after black holes that belong to Shaytan.

Everywhere they are seeing earthquakes. Why? They are not asking from where it is coming or why it is happening, claiming it is from nature, that under the Earth something is moving. Now, after so many years that people are living on Earth, what is happening? People's minds are only reaching something that belongs to nature, but beyond nature, Who is making the shaking of the Earth in different directions and how it is going to be? They are not asking, and now people are heedless; more than heedless, they are beyond drunk as they have no belief!

No-belief people never believe in anything, and from that unbelief signs come to them: earthquakes! How is this big Earth going to be shaken by someone, and, "Who is that Someone?" they are not asking. They claim, "Our buildings are not so good for an earthquake. We must destroy our homes and build another kind," but they are not asking Who is making this after thousands of years! What shaytani people, and they are giving countless reasons, saying, "We must redesign our buildings and construct them again." You can try every type (of prevention), but if the Lord orders it, all of them can be destroyed in seconds! They say in 25 seconds a big city can come down, but they are not saying Someone Whose Endless Power can make this, and they are not giving high respect and honor for their Lord, never thinking of their Creator! They only put forth this and that reason. The main reason is that they are not giving respect to their Creator, and He is going to destroy them!

There are sometimes tsunamis, sometimes cyclones or hurricanes. What is happening? They are not asking, but they are saying it is from nature. Who is commanding nature? Hurricanes and earthquakes do not occur

by themselves, but there is Someone (in control of them). People say, "Nature, nature, nature," but not, "The Lord of Creation." Now the Last Days of dunya are finishing. May Allah forgive us from our dirty egos, and not leave us to follow Shaytan. Now people are following Shaytan and he is carrying them to the worst station.

O People! Say, “Astaghfirullah, astaghfirullah, astaghfirullah.” O our Lord! Keep us from the bad steps of shaytanic works and send us some of Your clean servants to save us from bad people, from shaytans, so that we may be happy here and Hereafter.

If you speak on this topic until next week, it will not finish, but there are some Signs that these are the Last Days for Mankind.

O People! Come, listen, believe and run away from Shaytan! Run to the Lord's good servants! By following good ones, you will be saved here and Hereafter and if not, they will follow Shaytan and he will bring them to black holes.

O People! Come to your Lord's heavenly orders and you will be saved! If you leave that, every time cursing will come on Earth. I am asking for Allah's forgiveness, Allah (swt) (Mawlana Shaykh stands and sits).

Fatihah.

**O believers, this is a Khutba on the divine anger about rebellious people, who don't want to know Allah**

O believers, this is a Khutba on the divine anger about rebellious people, who don't want to know Allah. Punishment will come on them- Allah is not going to let them get away, even He delays, until it cannot get any worse. The Prophet sws was informing about this: 'Allah is giving chance to the people, but they cannot escape.' Our people have gone too far. They don't know about Jumma or Ramadan, Allah and his Prophet, Fard, Wajib, Haram or Halal anymore. Therefore soon the Bela is coming on them-at that time, don't shout! If a flood comes on this island, in a few minutes it will be taken away...Why are they against Islam? When the time comes, there will be no safety for dhalim people...

Today is a blessed day- Jumma. Alhamdulillah we have peace here- no British or Greek people, we can celebrate Cuma. But they want to celebrate New Year- it is not for Muslims, but they take it as an opportunity to amuse themselves. And they will be punished. Christmas and New Year is from their religion, not for Muslims. And their priests are still wearing religious clothes- what about our Hojas? Where are our Islamic

dresses? There is discipline in religion, there are rules. Our people want to be like them, they celebrate Christmas and New Year. Why you don't make your children used to going to the mosque for Cuma prayer? Don't make them get used to praying?

Everyone will be given his book either in his right or his left hand on the Day of Judgment- that is Haqq. The Day of Judgment also is Haqq. It is written in all holy books. They will ask you about your children, if you were obeying Allah's orders and taught them their religion. If not, your place is Hell. No more time for sleeping- you must wake up! Who is not praying from among the Muslims, will be sorted out. You will die and no one will intercede for you...Religion is not a joke. People are not thankful to Allah for His favours. Now the walls of their buildings are falling down- don't stand under them! Don't be cheated- things are going to happen soon. Be good- that means: be a good servant of Allah. Ask yourself, judge yourself by your conscience. You are not making Sajda, you are not thankful to Allah- turn back and ask for forgiveness! Nobody knows when his time has come. The souls of many will be refused entrance at the door of Heavens, they will not be accepted in the Divine Presence...

## THE DIVINE ARRANGMENT is a VERY FINE PROGRAM

Almighty Allah manifests everything in His servants. Nothing is going to be by chance. Everything manifested is prepared, arranged and programmed. The programming is very fine.
Al anfazul aalauda fe amakil mahloodah – the breathings of a person are numbered and it is
written as to how many breaths you should breathe throughout your life. That number never
changes. It is also written at which place you should breathe and at which time. For example, you are present here and you are breathing, those breaths have been written to be breathed at this place. When these breaths are finished you will go in another direction to find your breathings. Each one finishes his breathings in one place and then reaches on to a different place to find his breathings (for those breathings for this person have been written at that other place) Everyone is Sakalufee falakin yas fahoon. Everyone is programmed as to which way he should step. He cannot put even one step in another place for which he is not programmed.

For example one plane is programmed to fly at a certain height and on a certain route, and another at a different height and on a different route. Everyone puts his step at the place that he has been programmed to place his foot, not any where else. You have to place this foot at the exact place and it cannot be a little bit to the right, or a little bit to the left, not even slightly backward or slightly forward. A very fine arrangement.

Allah Almighty's Will has programmed everyone's life up to the finest point. You cannot even begin to imagine, how fine it is! No, never. That is absolute perfection for Allah Almighty and for his actions. Therefore we are not able to have everything that we may wish for as our

wishes are out of this program. Sometimes we may be able to change something which is programmed for us (by asking for Divine help) but this changing is also mentioned in our program. It has been programmed and through programming also you will ask for this to be changed. If you are asking it can change and if you are not it will not change. Yes absolute perfection is for Allah Almighty, and so are absolute wisdoms. The best way for the servants of Allah is to accept and to surrender to this Divine Programming. When man puts his will against this, he will not be happy. This trial by the Divine Will is to see if people are trying to change it, reject it or to object. Seyyadina Abdul Qadir Jeelani (qad) says that this is the death of faith. Real faith people surrender to that river (Divine Will) which takes them to the top-most level of humans and they leave out asking for anything. They say “why should we ask”, Yes this is true.

This is the way also of Seyyadina Ibrahim (alai). When Nimrod threw Ibrahim (alai) into a huge fire, all the angels said to Allah Almighty “Oh lord your Kaleel (friend) has been thrown into a fire by your enemy, Nimrod”. Then Allah Almighty said to Jibril (alai) “would you like to help him”. The angels also said to Jibril (alai) “he has always been a friend to you, therefore reach to him and help him.” Jibril (alai) came from Sidrathul Muhtaha (the heavens) faster than the speed of light. He stood in front of Seyyadina Ibrahim and asked him “do you need help because without your permission we will not be able to help you”. Seyyadina Ibrahim said “No I am not asking for your help.” Then Jibril (alai) said, “ask help from your Lord” then Ibrahim (alai) replied, “there is no need to ask Him. He is looking and He sees and knows where I am, therefore there is no need to ask Him”. That is the top level, not to ask. But till you reach to that level, you must ask for help. When you reach to the level of the station (maqam) of Seyyadina Ibrahim you are not able to ask because you will be ashamed to ask.

What I mean to say is that Allah Almighty orders His servants to ask Him for help till a person comes to this perfect station. When he arrives at this perfect station he would say there is nothing for me to ask now as I now belong to Him. He knows what I am in need of, therefore I need not ask. His knowledge about me is perfect knowledge and my knowledge about myself is nothing.

Therefore as beginners, we should ask. But when you reach to that perfect station you must keep Adab (a good manner) in the Divine Presence and not ask. The Adab in the Divine Presence is not to ask, but if you have been ordered to ask then you must ask. If there are no orders to ask then you should never ask. Rasoolullah (Sal) never asked until he had been ordered to ask. When the Divine Addressing came to Rasoolullah (Sal) saying “Ask and I shall give”, then he asked. Yes, those people on that level never asked for themselves. They were ashamed to do this. They only asked for their nations. All the Prophets ask for their nations and they may also ask for the nation of Muhammed (Sal), but for themselves they ask for nothing. They have nothing to ask for themselves because they are servants. A Curator knows where everyone is present. This Curator (Almighty Allah), knows all the needs of His servants because he has an absolute and perfect knowledge, and He is the creator of all creation. Leave it to Him.

Therefore the Prophet (Sal) was saying “Allah humma hilni wahtalni” – “Oh my Lord you choose for me, don’t let me choose my way, but you choose a way for me and lead me as you like”. This is a level over the level of Ibrahim (alai) to say “Choose for me as you like and make me to accept your choice.” That is important. To be able to choose what He chooses for you and not to quarrel with your Ego.

Seyyadina Ali (ral) was entering a mosque for his morning prayer, when he saw his murderer lying face down and he tapped him with his foot saying “Oh man, I know for what you have come here. You are sleeping like Shaitan on your face. Don’t sleep like this”. A person who sleeps on his face may be well known by his face. The slaves of Shaitan sleep on their faces so that people cannot see their faces and about what bad they are going to do. Don’t sleep like Shaitan is sleeping. Ali (ral) looked at this person’s face and knew that he was trying to kill him. He knew that, that was what Allah Almighty had chosen for him. So Ali (ral) was saying “You Allah Almighty are trying to test me, by showing me who is going to kill me, to see whether I am accepting your will or not”. Yes Seyyadina Ali was perfect through this test. He said to his killer ”You are going to kill me”. But that person fell on Ali’s (ral) fees saying “Oh Imam don’t let me do that. You kill me”. But Seyyadina Ali said to him “How can I do that.

If I kill you I will be killed under Islamic Law. I cannot tell as an excuse that because I knew that you will kill me one day that I I killed you. Shariat will not accept this defense. Therefore I cannot kill you". Ali (ral) knew what his Lord had chosen for him. He was not trying to change that for he said "No need, for what reason should I change it".

Seyyadina Ali was a person who destroyed armies by himself. It was not possible for a person to fight face to face with him and kill him. It was impossible. But when he was praying and when this person attacked him he never tried to defend himself. Qiyarath "Allah's act" – the killing flight of the arrow came to him and it was only like a mosquito touching him and he died because the Divine Command and Divine Choice made it that way for him.

During the battle of Hazrath Ali (ral) and Hazrath Muawiya, one sahaba reported that "after Magrib we were sitting on our tent and when it was dark, a person came to our tent and we found out as to who it was and that person gave salams to us saying Aslamu Alai Kum Ya Sahabil Kiram" and we replied "Wa Alaikum Salam Ya Ali" after recognizing him. We wondered as to how Hazrath Ali was going around the battle tents after dark all alone without even his bodyguards. When we questioned Hazrath Ali (ral) he replied that Allah Almighty had said that there were Angels protecting Allah's true servants from front and behind from any harm. They are protected unless harm comes with the "Arrow of Ajal" which is the "Arrow of Destiny" which finishes our lives and brings death to us.

When that arrow touches a person, his life finishes and since Allah's true servant knows when the Arrow of Ajal comes, and since he knows that he is protected by Allah's bodyguards or Angels, he will know when the Angels will open the protection for the arrow to pass. He knows that when that time comes nothing can be done to protect him or anyone else. Therefore Hazrath Ali was going about undeterred and making his patrol rounds. Yes Hazrath Ali had reached to a level of Kashf where the veils of the heart were taken away and he could look at the Preserved Tablet (lawhul mahfooz). In the same manner the Saints are looking and are likewise continuing on their path. If this is shown to common or ordinary people they may look at their Qadr (Destiny) and want to escape from it. Therefore Allah Almighty is not showing this to ordinary people, but only to the Awliyas (Saints). It is shown to them and they

always submit to the Will of the Almighty. Ordinary people will not submit to the Divine Will and they will always try to find a means of escape by taking more bodyguards or more state policemen in order to protect themselves from any harm. If Allah Almighty in that level (the level of Awliyas) sends any harm to these people they will always accept it and be willing to carry out the Divine Will.

Therefore, when Hazrath Ali (ral) was murdered, who do you think paid for his compensation (Deeyath), for one killed by mistake? Allah Almighty paid the compensation for Hazrath Ali's murder. He asked him to be patient and there was no objection from Seyyadina Ali (ral) with regard to his fate. Hazrath Ali (ral) accepted his fate because his teacher was a perfect teacher who was none other than Seyyadina Muhammed Rasoolullah (Sal). Seyyadina Rasoolullah (Sal) was his perfect teacher and he taught him everything.

## Divine Arrows of Revenge

The time we are expecting is coming closer. Everyone must believe. Those who believe will have a position, they will have a weight. Those who don't, will be like a dry leaf in the wind. People who believe cannot be blown away like a piece of paper. A huge storm will appear suddenly and unexpectedly. There is a big fuse which will go off any moment. No-one can escape, because it is in the middle of the world. Like a volcano, too powerful for man to control or prevent. Within minutes a big city can turn into ashes. It will be hotter than 500 degrees, terrible! No technology can save such a city. It will come suddenly and finally. Like it happened at the time of Pompeii.

So many unexpected things are approaching, because time is over. A Heavenly Command was issued on the 15th of Shaban which we will see coming into force before the next Ramadan. That is why we need protection. No-one can bring a protection to anyone, only Allah Almighty can protect, only through His order can we be protected. Otherwise it is impossible.

Normally people will seek shelter in their own homes. But when this happens they will run out filled with fear. The angels will ask them where they are running to, and tell them to go back home. There is no shelter if you run away. Your home will shelter you. People will run away. It is already happening in our days, like we are seeing on the television every night. People are grabbing their children and running away. It is a huge

punishment. But there is no shelter. Only Allah can give you a shelter. If you run to Him He will protect you. No-one else can.

We need to be careful. Don't place yourself as a target of Divine Revenge. There are billions of people who are living a life which will cause Divine Revenge to reach them. Don't use anything which Allah doesn't allow. Don't use forbidden things. Don't do forbidden actions. Don't use forbidden language. Keep Divine Discipline, otherwise you will become a target for Divine Revenge. Whoever does something forbidden will be hit by an arrow of revenge.

Nowadays there are cameras put up by the government to catch criminals. In the same way Allah is waiting with His arrows of revenge to catch you like in the old films, where there were scenes of arrows raining down on the enemy.

An advice to people in our days is not to use streets or markets when it is not necessary. If anything is needed, like having to go to work, you may go out. But especially at night, be careful. After sunset it is not good to be out of your homes. Parents in particular must try to keep their children indoors. Because the night is covered with the darkest darkness. Not only the natural darkness of the night, but a horrible darkness. Look after your youngsters and don't let them be outside. Adults who are accustomed to be out until midnight should train themselves to come home at 11 and then at 10 and then at 9... If it is not necessary to be outside, stay in! That will destroy the kingdom of satan, because their main contributions are at night. Their hegemony appears at night. From sunset until sunrise is the time of satans and jinn. Try to be inside. Make London, Paris, Chicago and Istanbul quiet by night, then blessings and protection will come. New York never sleeps!

You must learn to sleep at night time. That is normal. Allah has created the night for rest. All troubles come because this has been turned around. It affects all characteristics of people. It becomes worse and worse until it collapses.

The first command of Mehdi when he comes, will be to rest at night and to work during the day.

**DIVINE ATTRACTION and THE CONQUEST OF THE HEARTS**

WHY THE NAQSHIBANDI WAY IS THE MOST DISTINGUISHED

It is more important to be able to conquer hearts than to conquer the whole world. This is very important. The special attribute of Rasoolullah (sal) was to conquer the hearts of people. When hearts are conquered they come to surrender. Rasoolullah (sal) worked for thirteen years to establish faith. To establish Iman. When he established Iman he was able to conquer the hearts of people because the centre of Iman (Makkarun Iman) is the heart. This is how the Companions (Sahaba) of the Prophet Muhammad (sal) surrendered to Allah Almighty and were able to reach to the level of Rasoolullah (sal). This was the way by which they reached to the light of Iman (Noor ul Iman) and then this method reached out to the far east and far west and to all places.

Therefore today we are in need of “Conquerors of Hearts” and not Doctors of Law (Shariat). Yes, we need people who are able to conquer the hearts of people and thereafter to be able to control these hearts. If after conquering hearts they are not controlled, Shaitan can easily come back again to take control. There is no way of conquering hearts except by the methodology of zikr and by the way of tariqats- sufi Orders.

Today the spiritual power in all the other forty tariqats (all tariqats except Naqshabandi) have come to a standstill. Amongst the forty-one tariqats accepted by the Ahli Sunnat wa Jamaah, forty of them have now come to a halt. There is no more spiritual power. Only a temporarily renewed power may come sometimes to them. These forty tariqats were once like forty fountains or forty taps which were running with Divine Blessings. Today all of them have stopped and there are no more blessings coming from them, which can conquer the hearts of people and control them. This can only be done today by the naqshabandi tariqat because no other tariqat has Kamil ul Irshad (perfect spiritual attraction).

The people of the other tariqats who are keeping zikr have only been authorized previously (tabarukaah). They have been authorized to recite or to make zikr but as for Irshad (attraction) they have no power. When their Sheikhh dies or passes away they are not able to continue with at least someone equal to that previous Sheikhh's power. Therefore this power keeps gradually fading and declining. Today there is a need for much more power and for more authorized people to make Irshad (attraction) and to be able to conquer hearts, to open the hearts of people and to control them. If any of you know of such a person in these other tariqats please be good enough to inform me of them.

Through the East and through the West all these tariqats are now only officially functioning and you cannot find real power in them. As for the people who follow these tariqats, they only get a little bit of refreshment from zikr when they sit for these zikrs. When they get up and leave there is no more power to control them. This is the sign of the approaching of Mahdi (alai). It is also the same for the Ulema (Doctors of Law and learned men). Their spirituality is also failing. Today there are very few real Ulema to address people and to be able to teach them what they may be in need of. The Ulema also is declining.

All power today comes through the Naqshibandi Order because this power is growing and not decreasing, and it is able to affect the hearts of all people. The Naqshabandi

Tariqat also has Jaziba. Jazbat at Tariqat. Jaziba means attraction – Divine Attraction – it is the attraction that is to be able to carry the hearts of people and to control them. This only comes through the Naqshibandi Tariqat and to whoever having his heart connected to it. We hope that Allah Almighty makes His servants to connect their hearts. We are more than ever in need of that power today.

We hope that quarreling and fighting may not separate people and that they become attracted to the way of Allah Almighty. People need to have peace in their hearts by the way of zikr. All tariqats today use only the zikr that is done with their tongues. It is only the Naqshibandi Tariqat which uses zikr through the hearts and only this 'heart zikr' can control hearts. If zikr does not come through the heart of a person, Shaitan always reaches to that heart. When there is zikr in one's heart Shaitan must neccesarily escape and go away from that heart. Today the zikr of these other forty tariqats do not enter hearts. There is no authority for them to look into hearts and to control them. This is done today only by the way of the most distinguished Naqshibandi Tariqat.

All Imams are using their power now only through the Naqshibandi Tariqat including Seyyadi Abdul Qadir Jilani (qad). He is also dressed by this power so that he may control his murids (followers) from his time till today. There is only one Imam or main pillar in the Qadiriya Tariqat and that Imam is Muhiyadeen Abdul Qadir Jilani (qad). He is also now using Naqshibandi power for controlling hearts. His contact is the Sultan ul Awliya (the highest ranking saint of the time) who is in power today for the whole world. His heart is in contact with this Sultan ul Awliya. The Imams of the other forty tariqats are also reach to this power in the same way that Abdul Qadir Jilani (Qad) reaches this Naqshibandi Power and then they are controlling their murids through this way.

If zikr does not reach to the hearts, the body does not surrender. If the body does not surrender then our hearts are not yet prepared to carry real Iman (faith). zikr is what drives away Shaitan to go out from the hearts. Neither heavenly trusts nor heavenly blessings can come to the hearts of murids as long as Shaitan is able to approach their hearts. When Shaitan is in their hearts they will have no 'Openings,' (kashf). These

murids will not able to look to Malakut and to the Heavens, and to everything that is veiled from them. They will not be able to look at all this except through the power and lights of zikr (noor-ul-zikr) which should reach to their hearts. If this light of zikr reaches to their hearts they will be able to look in front of them and behind them. They will also be able to look into the past and into the future. When they reach to that hidden knowledge (kashf), in whichever direction that they send that light (noor), that direction shall become clear and open to them and they shall be able to see.

Therefore, the Naqshibandi Tariqat is the way for all non-Muslims as Iman (faith) for them is coming through that way now. The other tariqats are now not able to carry non-Muslims except for a short time. After this short time the non-Muslims will leave. I am looking into so many tariqats. In Europe they are only carrying non-Muslims for a short period of time. Then after this short period these non-Muslims leave these tariqats and in the process leave Islam also. When they come and meet with the Naqshabandi Order, this Order is able to carry everyone from East to West.

Mahdi (alai) shall come and we hope that he will come soon. The events that are happening today are carrying on to that big event of Dunya Zuhural -the last days. Mahdi (alai) should come after the great war. The war is to make preparation for his mission. Therefore, first there must be a war, and then Mahdi (alai) will come. There is no power on earth that will be able to stop this great war except the miraculous power of Mahdi (alai). It will cease only with the miraculous power of Islam. Almighty Allah will show this huge power which is Islam to the non-Muslims and to the unbelievers.

Only one power, the power of Takbir from an ocean of power will be used. Only the words “Allahu Akbar, Allahu Akbar, Allahu Akbar” will be used to stop all the technology that the non-Muslims and Kafirs (disbelievers) are trusting on to bring down Islam. Allah Almighty has given that authority to Mahdi (alai) to bring down non-believers. The power of technology shall be taken away from them and their weapons will stop working.

It is only for one Saint, who has been authorized, that there is the power to switch on and

off technology. He should switch it off. Mahdi (alai) is authorized for that. During the coming of Mahdi (alai) there shall also be with him the last Sheikhs of the Naqshabandi Order. The Naqshibandi Order has 7007 Imams and all of them are in the same rank. In the Qadiri Tariqat there is only one Imam, who is Sultan ul Awliya Seyyadi Muhiyadeen. In Naqshibandi 7007 have this power. Yes and the last one shall be with Mahdi (alai).

Mahdi (alai) shall look at the outward aspect, to arrange everything and every action according to shariat without leaving anything and anyone who are against it. He is not going to look to hearts. The hearts are left for the last Imam of the Naqshibandi Order. He would be able to look at the hearts of all the people and to bring them under Divine Control and Shaitan is will be prohibited to approach their hearts.

Therefore now little by little spiritual power is reaching to the East and West. This spiritual power is working on hearts. Our mission is within limits, physically, but spiritually it is most powerful, as unlike a physical body a spiritual body is not only one, but in number, they are as many as mankind may need.

It is preparation time now, for hearts to accept zikrullah (remembrance of Allah) and to accept also Noor (light) and to work on the lights of Iman (faith) so that they will be prepared to be in the Divine Presence and in the Holy Presence of Rasoolullah (sal). We are now only making some short practices and showing some signs on it so that it will be easy to build the real power of the Naqshibandi Order. May Allah Almighty bless you and light up your hearts and our hearts with His Holy Zikr.

**THE DIVINE FEAST that is TO BE TASTED IN THE QURAN**

O my Lord, we are asking from Your endless favors. Give us from Your endless favours so that
we may keep Your way, the path on which Your beloved people, Your beloved servants, are
walking, to come to You to be with You.

That is our aim – to find the ways to our Lord and to be with Him. And all prophets, peace be
upon them, came to show the way to Allah Almighty for His servants. They did not come to teach us how to get this life's pleasures, no; no need to teach everyone knows by birth. No one is ignorant about this life's pleasures. Children are born and cry to eat and drink; they take pleasure in eating and drinking. And so on. Every one of our physical body's pleasures is well-known; therefore, no need to teach. Rather they came, all the prophets, to teach the way to Allah Almighty and to show the way to be with Him.

That is the ultimate desire, or the most perfect or excellent thing that we can think of or we can want. And no one can imagine what he is going to find or to see or to feel or what pleasure he will be in when he is with his Lord, Almighty Allah. Therefore, those who know something about that – I mean to say, those who are with their Lord – left this life's pleasures and also the next life's pleasures. But we- our level has not yet improved from the level of the zoo. Every kind of animal you can find among people.

I was thinking about all kinds of animals, wild animals and also other animals, and my Grandsheikh explained to me that to the extent that animals are different, every kind of animals is

to be found among people, everyone's ego representing one kind of animal. You know what kind you ego is and must guard yourself from that kind of animal, guarding yourself and guarding people from your ego's harm.

Those whose interests throughout this life are only with eating, drinking and dancing – and playing (yes, to much!) – Their level is the first level. They never ask for the next life's pleasures. They can't control their egos. Therefore they are under their command; what their egos say, they do, and their pleasure is with this life's pleasures. And the second level is for those who are asking for, who believe, in the next life, believing in Hell, believing in Paradise. They are keeping themselves from falling into Hell and they are asking for Paradise's pleasures in the next and eternal life. But the highest level for the Sons of Adam is for those who are asking to be with their Lord forever. They are not interested in this life's pleasures or in the next life's pleasures, never asking. That is the level of the prophets and saints and angels, those angels who are always in the Divine Presence. The Divine Presence is going to be for the prophets and awliya and angels; they are asking only for their Lord Almighty.

And the holy books, particularly the last one, the Holy Qur'an show the way for all kinds of the Sons of Adam. Those who are going to take their pleasures from this life may find their ways through the Holy Qur'an, and those who are asking for Paradise and its pleasures can find their ways through the Holy Qur'an. And those who are asking for pleasure, endless pleasures, through being with their Lord, Almighty Allah – they can find their ways through the Holy Qur' an. Therefore, the Holy Qur'an is a divine feast for all the Sons of Adam. Through it, all of them can attain their desires, their aims, and their goals.

The perfect one asks to be with his Lord. We are humble people, not running after perfection; we are asking for a simple thing, for the simple life and simple pleasures which common people ask. Yet we must ask for more than this, and we are practicing through worshipping because worship opens in our hearts the doors of desire to be with our Lord Almighty. Every prayer, every worship, makes a way, closer, closer to our Lord, so that if you pray only once a year you may find a way to your Lord. If you pray only once a month, you may find a way to your Lord. You may pray once a week, as Christians and Jewish people do and Muslims also hold

Friday prayer each week; you may find a way through weekly prayers. But Allah Almighty is calling His servants to daily prayers, by day and by night.

You may pray once a day; that is a way to your Lord. You may pray five times a day, because Allah Almighty is calling you to be with Him five times. And you may also pray more than five times. During the Night of the Ascension, when the Holy Prophet, beloved Muhammad, P.b.u.h., was in the Divine Presence, Allah Almighty ordered prayers fifty times a day. That was an honor for us. And beloved Muhammad, p.b.u.h., accepted those fifty times of prayer with pleasure, with honor, because he was always asking for more honor and more pleasure for his ummah. But when he met with Moses, p.b.u.h., Moses asked, “What did your Lord offer to your nation?” and beloved Muhammad, p.b.u.h., said, “My Lord, Allah Almighty, honored my nation with fifty times of prayer during the twenty-four hours of the day and night.” And Prophet Moses, p.b.u.h., said, “That is the best thing. But your ummah is too weak to carry that. We know that you have been given the highest honor, but we are afraid that they can’t bear that honor, can’t bear such a responsibility. Because they are weak, ask Allah Almighty to make it lighter.” Therefore the Prophet, beloved Muhammad (sal), asked to have it made lighter and yet lighter. Then it became five times a day; otherwise it would have been fifty times. The chance was given, among other nations, to the nation of Muhammad, p.b.u.h., for his ummah to be with their Lord fifty times a day. But we love dunya so much, more than Maula, our Master, our Lord; we engage ourselves with dunya more than with our Lord. For this reason it was made only five times.

Therefore Islam is the perfect religion. No other religion can compare with it. What religion now can order people to be with their Lord five times a day? – and all the prophets came just to make people be with their Lord, Allah Almighty, as much as they can. Yes, we do not understand why Islam is the perfect one. Allah Almighty is asking His servants to be with Him as much as they are able, more than with this world’s troubles. To the extent that we leave Him, we fall into troubles and suffering, and suffering is going to reach the highest point after a little. We do not understand what is the honour that we have been given.

Therefore, prayers after fard (Obligatory - A certain number of rak’ats in each prayer are fard-

obligatory and others are sunnah, that is according to the Prophet's practice and recommendation but not obligatory) are a divine order, Allah Almighty giving permission to beloved Muhammad(sal), to make sunnah for prayers. We have a sunnah for every time: sunnah for the sun's shining (Ishraq); sunnah for Duha (Mid-morning); sunnah for wudu; sunnah for Awwabin between Maghrib and 'Isha; and Tahajjud, the night's sunnah, so that whoever wants to be with his Lord more, that is open.

## The Divine Honor of Having Been Given Existence

Only for You, not for anyone, not for anyone, nothing in existence except You, Allah Almighty, except You, Eternity....Your Divinely Attribute!

We are so happy ones, pleased ones, we are thankful to You from pre-eternal up to eternal. You are granting us to speak about Eternity, Eternity, Allah, Allah, Allah, what you are granting us for Eternal positions, Eternity without beginning without ending, Oh our Lord! We are so happy ones, so lucky ones, so proud ones, that we belong to Your Divinely Existence! If You are giving a chance for every creature, for heavenly ones or for earthly ones, to write or to know about your Eternal Being, no one reaching even using whole oceans as ink and whole trees to be pens or pencils—never reaching anything, because You have Real Existence, our Lord Almighty! Allah, Majestic, we are nothing! We are proud that our existence belongs to You, to Your Divinely Generosity, You are so, so generous! It is impossible to give even the smallest description about Your Generosity, Allahu Akbar! You are our Lord, most respected, majestic, glorious, Allahu Akbar! We are so happy to speak, even our most high respect, most high glorifying, most high majestic, it is nothing, nothing, nothing! Oh our Lord! Grant us the pureness from Your Divinely Oceans, never-ending Oceans from glorifying, never-ending from You, never-ending Almighty. But it is granting from pre-eternal to eternal, countless creatures, they're taking such pleasure, so honor, so glory (that) You created them!

We may look at some smallest creation, and we can know it's pleasure and its iftikhar (honor, glory) their happiness and looking so greatness, that they have been granted. If an ordinary man knows, may fall down unconscious....hmmm, falling down, from where, from what? Some people falling down and losing every feeling, is finishing. We can understand the pleasure (of) the smallest creatures in existence, and Who giving that existence to it? What glory, what Majestic for our Lord, they're so happy and proud and in plain pleasure, that it is in existence, and his existence from the Lord of Heavens, the Lord of Creation, that

Mankind may understand that the smallest thing in it has, the smallest pleasure, may fall down in the endless Ocean of Pleasure!

I'm sorry to say that people are far away to taste such majestic, such glorious pleasure; majestic also granted to smallest creatures, granted from endless Pleasure Oceans, majestic, Glory Ocean, that the smallest creatures feeling, that no one can stand up. I'm sorry that 21st century people are not interested through these subjects; they are running away, never tasting such a spirituality, such a holiness, such a pleasure, such an enjoyment, such a proud. The smallest things in existence are so proud, because they're saying, “We're belonging to our Lord’s Creation Oceans!”

Oh heedless ones, after you are running and wasting your whole life for nothing, and you're not coming to understand the secrets of your being, and you're not interested in that One who brings you in existence, oh Mankind! You're running after nuclear bombs! We are only, we are only, we are only, we are so happy to invent such instruments for killing, and the Lord of Heaven is saying, “Oh men don't kill, don't be oppressors! Oh men! Be respectful for every creature and for creation of the Lord of Heavens, sending thousands of his beloved ones from His Divinely Presence to teach you and grant you something, and you're giving your will to the hands of Satan. And Satan cheating you and making you enemies to each other, and Satan teaching you not to be respectful to everything. Everything in existence is respectful, everything from atoms, everything are respectful. Oh men! You're appointed by Divinely Will to be My deputies—deputies means they're respecting everything and keeping their eyes from smallest one to biggest one. You've been granted such a high respect and you're running after Shaytan, and he says “kill and destroy,” but don't give a chance for everything that is Shaytan teaching for 21st century people!

Oh Mankind! Come and listen from holy books; holy messengers coming to teach you how you should be, how you should do, and the Lord of Heavens is asking you, “Oh My deputies, try to be kindly to everything, try to be mercy for everything that I've created, try to be kindly to everything, I'm never oppressor, I'm granting, I’m making oppression forbidden for everything, and you must keep the way I am making for you, to be honored in My Presence and be elevated higher and higher.”

Oh people! Keep giving everything their rights and everything going to respect you and bring to you happiness here and Hereafter, oh Mankind! Shaykh Adnan Effendi, people they lost it; they only try to give

trouble to others, and main appearance for whole people living through 21st century, all of them, is written under the title of troublemakers. And then secondly they are written under the title of “troublemakers and oppressors,” no one carrying a real position, you may say, no one keeping their real mission, all of them changed. They've been created to be holy ones and instead their names just written to be not under the holy ones, but under Shaytan, oppressors and troublemakers!

I’m only a weak warner to whole nations. I’m translating to you something from heavenly thoughts through Old Testament, New Testament, Psalms and Holy Qur'an. I’m trying to translate something, (telling you) not to be oppressors or troublemakers. Everyone is asking to be dictators, everyone asking to be like a pharaoh. They were worshipping and now they're on same line. Our leaders are asking to lead mankind, all of them are oppressors, pharaohs with no mercy for people, no merciful people.

Oh troublemakers! Oh Shaytan! No inheritance! Come and listen, if not coming on your head, what just came on Pharaoh and Nimrod, all pharaohs; they've been sunk under seas and just disappearing and Nimrod sending on them mosquitoes, small ones, unseen ones, to take heavenly revenge. Oh nations, beware! Oh leaders of nations, beware! Be on right way, coming something on you that you may not be protected. Fatiha.

Dumm, dumm, dumm, dumm...
Oh no-mercy people!
Oh followers of pharaohs and Nimrod, beware!
Just approaching to you heavenly revenge,
you can't understand it till reaching to you.

(Singing)

Huuuuuuuuuu, Huuuuuuuuuuuuuu, only Youuuu Huuuu,
heavenly singing coming to you.
Dumm, dumm, dumm, dumm...
Follow the ways of heavens,
follow the ways to your Lord’s Divinely Presence.
Oh men, come and follow the ways of heavens
and you will find absolute pleasures.

Tomorrow you're going to be under this earth.
Oh men, keep your good manners,
come and obey to the Lord of Heavens.

Fatiha. Salam, Allahu `afuwan. Allahu Haqq, Allahu Haqq, Allahu Haqq, Allahu Haqq! Fatiha.

**Divine Love**

"...Force is for animals, I [Allah] granted mankind a mind, how are you going to force them?"

... And some people think that sweetness means fatness, and they are making sweets prohibited for them. But everyone naturally likes sweet things. And what is the sweetest thing for mankind? The sweetest thing for mankind, what is that?

Which thing is the sweetest even to mankind? You may reach to Allah through love. If you are not tasting how are you going to reach. If you are not tasting the sweetness of love, you are asking for Allah? I am saying to you which thing granted to you is the sweetest thing? And you are not understanding? The sweetest thing that is the biggest grant from Allah Almighty to his servants, that is love. (Pointing to a sign on the wall which read 'God is Love' and has since been erased) That is wrong. God is not love. But the greatest or biggest grant from Allah Almighty to his servants is love. God is not love.

Love is only one attribute from Allah Almighty's existence. If Allah Almighty is not granting to his servants love they never going to be interested with him never interested with his worshipping, and they never going to ask him. But that honey making people to ask for the hive. Therefore we must try to reach love springs. And we must try to taste more from love springs. And love springs coming as fountains from everlasting and

never ending love oceans of the Lord Allah Almighty. His love oceans are endless oceans and everlasting oceans. And springs of love coming from that ocean everywhere and the Lord Allah Almighty making the hearts of his servants to be a spring of love, a spring of divine love. And man created and his creation just arranged in that way. That their hearts are going to be fountains from love springs. But people they are not taking enough care for that love and not leaving to come out divine love springs from their hearts and they are running after some imitated love. For temporary love that is only for some occasions coming and going, coming and giving people that love which belongs to our physical desires. They are only temporary and quickly disappearing and quickly coming satisfaction only and going to be less and less and then finishing. But commonly the interest of mankind going to be on that love, which is going to be less and less and less then finishing. Drying up. Physical desires love is going to be less and finally to be dry.

Therefore, the Lord Allah Almighty addressing to his last Messenger through his least message, "O Beloved One, I am choosing you among other prophets with my divine love, you are my beloved one. I gave Holy Spirit to Jesus Christ, but I gave to you my love. I gave to Moses my Divine Word, Divine Speech, I granted to him, but I granted to you my divine love. I granted to Abraham my friendship, but I granted to you my love, my divine love. Allah addressing to beloved Prophet, peace be upon him. O my Beloved One, I granted to Abraham to be my Khalil, my friend, friendship, I granted to Moses to hear my divine words without Gabriel he was hearing. I granted to Jesus from my holy spirit, but I granted to you my Divine Love. Which is the more precious in the Divine Presence? That which I granted you. Therefore, Muhammad, peace be upon him, over all. You said that love was most precious. Muhammad, habib Allah, Moses, Kaleem Allah, Isa, ruh Allah, Ibrahim Khalil Allah, Adam, Safee Allah, Nuh, Najee Allah. You must try to understand from their names that Allah granted to every prophet from his blessings from his neverending favours, special favours, for everyone but love. Khalil Allah; friendship, habib Allah, beloved one.

O my Beloved One! Therefore I am writing your name in front of my name. When it is written 'La ilah illa Allah' (There is no god but Allah), written 'Muhammadun Rasul Allah (Muhammad is the Messenger of Allah). Why are you not writing here? On the Divine Throne (arsh Allah) it is written 'la ilah illa Allah Muhammadun Rasul Allah'. And some grand muslims they are building mosques now and I am going in and looking and where is it written 'la ilah illa Allah Muhammadun Rasul Allah'? I ask where is it? Is this a dancing hall? Why are you not writing this? But they are jealous of Muhammad, peace be upon him,

therefore they are not even writing 'la ilah illa Allah'! If they are writing 'la ilah illa Allah' they must also write 'Muhammadun Rasul Allah'. And they are jealous people to Muhammad. So foolish thought growing up amongst Muslims. And he said, Allah Almighty, 'O My Beloved One, just you say to my servants that 'there is no forcing on people for believing'. No.

Don't force my servants to believe, because I granted to them mind and if they are using their minds, there is no need to force. Force is for animals. I granted to mankind mind. How are you going to force them. You may force animals. Man no need to force them. When they are using their minds. Do you think that at the time of the beloved Muhammad, peace be upon him, they were forcing and prisons and such a thing? The highest level community on earth from the beginning until the end, the Companions of Muhammad, peace be upon him. Now you have rules and laws which may fill this place ten times. For what? All rules and laws forcing no mind mankind! That they are not using their minds and governments are making so many rules to force then to keep rules. Yes. This is not civilisation. Most wild people living on earth, against every rule, asking freedom, fighting rules, fighting laws. And Allah Almighty saying, 'O Beloved One, no need to force my servants. If they are using their minds, for what?' And I am saying to you now use your minds. If physical desires love which belongs to your physical desires, it is temporary, finishing. You may choose this one or you may choose the love that belongs to eternal love through your soul never getting less, even if you were 100 years old but getting that love grows up and you should find taste that you can't find in any physical desire. Choose this or that when you are using your mind no need to force you. It is so simple. But people they are not thinking because no time for mankind to think. Finish. We have been occupied like before we have well and we were using a mule closing its eyes and making it go round and water comes. Now mankind going to be like that mule. No time to sit down and to think anything up to finishing. And when their batteries are finishing falling down. Take to cemetery.

No time for thinking for 20th century people. Only some groups sitting and thinking only how they should kill mankind and how they can destroy mankind. And everything that's been built from beginning up to day. Only that Satanic thinking. That is their thinking. Yes. Therefore it is a very dangerous period now reaching we are coming close to 2000 and this period between 1990 and 2000 going to come out terrible events because people they are not thinking what they are doing, they are not thinking to where they are guided or led. And they are not thinking about who their guide is. And they are not thinking whom they are supporters.

Therefore a punishment coming for all mankind Muslims and non Muslims. For all. Therefore, if anyone asking to leave his soul because his physical body it is temporary, it is going, but who is asking to save his soul must look after his soul. And the soul is never going to be saved without Divine Love.

Try to feed your soul with Divine Love through Divine Love of Rasul Allah, Habib Allah, peace be upon him. And try to reach to that Divine Love of the beloved ones in the Prophet's Divine Presence, through awliya'. Save your souls O mankind! If not, you'll know, but maybe too late when you'll know. And we are asking forgiveness for you and blessed ones. And we are saying 'astaghfirullah...' (Oh Allah forgive us!)

The Sufi Centre Sheffield. - 01.05.1990

**The Divine Presence is Only for One**

Dastoor ya rijaal Allah, madad. Madad, ya rijaal Allah. Ash-shadu an la ilaha il-Llah wa ash-shadu anna Muhammadan `abduhu wa Rasuluh.
Allahuma thabitna `ala al haqqa Allahuma thabitna `ala al-imaan
Allahuma zidna yaqeenan.
i am looking myself useless
I am looking myself useless, Sen Sultan, ya Rabbee, ya Allah. Ya man lahu al-mulk wal malakoot wal jabaroot. zid habeebika sharafan wa `izzan wa nurun wa surooran wa sultana .

You make him Sultan al-Qawnayn. You appointed Your most beloved and glorious one to be Your deputy. Rahgman `ala al-wahabiyyeen `ala sa'ir al-milal.

Inspite (of) those whom they are not accepting the honor of the Seal of Prophets, Sayyidina Muhammad (s) that he created to be deputy of the Lord of creation. Absolute salute for him, absolute glory for You, O our Lord! Everything absolute for You, endlessly absolute honors, glories, majesties for You, O our Lord! We are nothing! We are so small creatures. Forgive us, for the honor of this holy day, that day of (the) most holy night through Islamic calendar after Laylat al-Qadr, the Night of Power, and that is Laylat al-Bara'ah. That honor You granted us, O our Lord, make it more and more for Your weak servants. Weak servants to be powerful servants over those unbelievers, to be most powerful on atheist people, to be most powerful ones through Creation, here and Hereafter. Alfu salaat, alfu salaam, endlessly salute, endlessly glory for you (s), O our Lord's representative, inspite of whole unbelievers and Wahhabi people!

(Sultan singing) Hayy, hayy, hayy, hayy, hayy, hayy...

We are asking to hear Heavenly singings that giving power to our beliefs (amana wa sadaqna)., giving lights to our real beings. Singing Heavenly singing we can't be able, Shaykh Adnan Effendi, to hear divinely singing, can't be, can't be. It is not for common ones—that is only specialty for the Seal of Prophets (s). No one can be able to hear divinely singing in Divinely Presence because Divinely Presence is only for One, not for anyone else, no second one, no. Allah is the Lord of Heavens, He is One and He is never accepting to be more than One in His Divinely Presence. Therefore, Allah Almighty qul Huwallahu Ahad, He is only One, and Ahad. The Oceans of Endless Oneness only for Him Almighty, and no one knows the reality of Real Oneness, Absolute Oneness of the Lord of Heavens and divinely beings; it is only for Him.

And making in front of... Majestic Oneness only for Him and glorified oneness only for the Seal of Prophets. Can't be another one reached to that level, and there is no level there, and we are only saying to understand something about that. We can't speak on that a little bit more or it is not suitable for Divinely Presence, and we can't say, we can't do under that level and it is also not suitable for an understanding of our Lord's Holy Oneness. Therefore, Allah Almighty in His Divinely Presence only accepting one, granting to him from pre-Eternal up to Eternal only one, can't be a second one. As we are believing no partner for Allah Almighty, also no partner for His most glorified servant, that is only one for Seal of Prophets (s).

Therefore, we are only speaking for heavenly stage or heavenly levels that you can't find, for that also, a beginning or an ending, but that is something else. That is the position of creatures understanding. Sidrat al-Muntaha, the last point for creatures to reach. After Sidrat al-Muntaha is only for the Lord of Creation; no one can enter there, no one can be there, except one. Therefore, when Allah Almighty called to the Seal of Prophets, "O My Habeeb, come and look to Me," not saying "see Me," to see something and to look is something else. And only he had been permitted to be called to that Divinely Presence, that one only, Sayyidina Muhammad (s).

And He Almighty asked, "Who are you?" (And Sayyidina Muhammad answered,) "You, my Lord." That is Absolute Oneness; there is no level there. ma anta anta "You, my Lord." "Who are you?" "You, my Lord." Allahu Akbar, Allahu Akbar, Allahu Akbar, Allahu Akbar, Subhan Allah.

We are, Mawlana Effendi, we are so small, not small... if you are making an atom into two parts, splitting, one part make it another two parts, one part make it another two ones. How many times you are going to and in

the end what it is going to be zero. If zero, how coming from zero, that means weighing an atom, if you are dividing it, one after infinity going to be zero. Yes? It is zero. No existence that we are looking and seeing without a measuring of its greatness from Creation, when making it dividing, dividing, coming to be zero. Subhanalladhee khalaq al-`alama min `adamin.

That is something that only huge ones, huge oceans of tastes, that they have been granted such an ocean, except those knowing about it, but others can't know it, can't understand what is that. (Arabic) Alhamdulillahi' ladhee khalaqa' l-khalq min `adamin. Perhaps they may understand it very well and that is such a big Ocean on the level of Heavens, because when reaching an elected one who prepared to be on Sidratu al-Muntaha, who may reach that level, he can say this not anyone else, can't say. Therefore, that is the word of Muhyideen, Allah blessing, ya Shaykh, when reaching to Sidrat al-Muntaha he looked and saw, he was looking and granted an understanding then he was saying Alhamdulillahi' ladhee khalaqa' l-khalq, just he was witnessing Haqiqat al-azaliyya, Eternal Reality. When looking and then saying alhamdulillah, whole thanks to our Creator, Who created everything from nothing! Giving everything to be something that they are going to appear, even they are nothing, but appearing by their Lord's, their Creator's command, as His Will ordering to appear!

Therefore, saying Muhyideen ibn al-`Arabi, Alhamdu lillahil-ladhi khalaqal khalq. He created whole creation from nothing, from nothing. Yes, it is nothing according to our mentality, according to our capacity of understanding, Muhyideen ibn al-`Arabi is saying. He created under that level, under the level of Sidrat al-Muntaha all of them, whole Creation under level of Sidrat al-Muntaha. They may be seen, may be touched, may be understood, but all of them, even now they are nothing. They are nothing, can't be, no, can't be!

When Muhiydeen ibn Arabi reached and looking, looking at the level of Sidrat al-Muntaha, that signing last point of our understanding, `aql, intellect, mind level. He is looking and seeing; through our minds and mentalities we are reaching and we are seeing what is there, but when reaching up to that point, directly he was looking and saying this something, but it is from nothing. But our minds looking and understanding that is dunya, that is planet, that is galaxy, that is space, that is comets, anything running in that space and what is space if you are asking our scientists, our most learned people, they are saying, space is a situation, but that space has nothing in it! A big emptiness, endless emptiness, and I am asking, how can be emptiness for space and billions of galaxies and so many creation in it, and you are saying space is an endless area? How it can be

endless, and also endless emptiness? How you can say? And so many millions, trillions, quadrillions galaxies running in it and taking their space. How you are saying (it's) empty? What does it mean to be empty? If (it is) empty, this galaxies and systems and world and gigantic stars, where they are settling? (Arabic)

Allah subhanahu wa ta'ala, the Lord of Heavens laa maqaam, no any place that He may be in it or cover it. That huge emptiness, what is that? Showing when reaching a special one, special selected mukhtaar, Chosen One, when reaching to Sidrat al-Muntaha he was looking and seeing, seeing and looking millions, trillions galaxies in existence, but their final report they are saying all of them nothing! We are seeing but no real being for them. They are nothing and glory, endless glory their Creator. Creation is an unknown Divinely Attribute. That is unknown, sirr, secret, secret for creating. Unknown situation and unknown Divinely Attribute to create. When reaching tat point, there just coming and opening to Muhiydeen ibn al-`Arabi.

[Adhan is called, Mawlana Shaykh stands up]

And, ya Shaykh Adnan Effendi, that appearance coming, and looking that wali on that level, saying alhamdulillah. But they are looking, there is countless creation, countless creatures, but no one they have a real being, position, no existence, no real existence, but their nouri existence, but no existence for them. That's why Muhiydeen ibn Arabi saying alhamdulillah khalaqal khalqa min `adamin fa `adamah. And He created countless creatures, but all of them are not going to be something; the real being is in Divinely Presence.

One whom he was looking and seeing countless creatures when he was using his real looking to things, he was looking, but really I am looking nothing there, nothing there. Now there is telephone. We are looking that a way, perhaps someone they have a picture also. He was thinking that it is something, but after a while it is disappearing, there is no existence.

Alhamdulillahi' ladhee khalq min `adamin. That is the sign that He never accepting any partner of countless creatures, if anyone standing up to claim "I am this one, that one," taking them away. Teaching them you are from Adam, from Adam you are going to be seen as `alam, `awaalim, nothing else. Then `adamahum, there is black holes. What black holes, you know? You understand black holes? Ha ha. Who is claiming, I am here putting in that black hole is disappearing. Gigantic galaxies just disappeared through these black holes reaching to its first position. Its first position was nothing, then coming and appearing as something, and

getting to be proud, saying, “I am here, taking that black hole, carrying that proud one inside,” finishing, adamu!

Qalamuhu Muhiydeen, Holy words of Muhiydeen ibn al-`Arabi, Alhamdulillahi’ ladhee khalaqa’ fa `adamah. When he is claiming they are something, making them through black holes `adamahum.Allahu Akbar, Allahu Akbar, Subhan Allah, Subhan Allah, Sultan Allah. Fatiha.

[Sultan singing]

dumm, dumm
dumm, dumm

That is only for those people whom their heads going to be like footballs. Because they are never understanding dom, dom except footballs, footballs, footballs.

dumm, dumm
dumm, dumm

because they are never understanding. Except that ball, that ball, that ball, dumm, dumm

Lefke, 06.08.2009

## Divine Service Is Higher than Earthly Royalty

Yaa Rabbee shukr, Yaa Rabbee shukr, Yaa Rabbee shukr! Madad yaa Sayyidee (Mawlana Shaykh stands) Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah Muhammadur Rasoolullah `alayhi salaatullah. As-salaamu mina 'l-azaal ila 'l-abad. Thumma salaamu 'alaykum yaa anbiyaaullah yaa `ibaadAllahi 's-saaliheen, yaa ashaabu 'n-nawba, yaa Saahib az-Zamaan, yaa Awtaad, yaa Aqtaab, yaa Budalaa, yaa Nujabaa, yaa Nuqabaa, yaa Akhyaar! Amidoonee bi madadikum, until we may reach blessings in this holy night!

We are saying a`oodhu billahi min ash-shaytani 'r-rajeem. Say! Bismillahi 'r-Rahmaani 'r-Raheem! Don't worry! (Mawlana Shaykh sits) Don't think that the one who is saying Bismillahi 'r-Rahmaani 'r-Raheem is going to be khaa'ib khaseer, losing. O People, our attenders, say Bismillahi 'r-Rahmaani 'r-Raheem! And be hopeful, be in contentment in your heart; the one who says Bismillahi 'r-Rahmaani 'r-Raheem (Mawlana Shaykh stands) is never going to the Fire! (Mawlana Shaykh sits) It is the biggest grant for the nation of the Seal of Prophets, Sayyidina Muhammad (s) (Mawlana Shaykh stands). Bismillahi 'r-Rahmaani 'r-Raheem! (Mawlana Shaykh sits)

What is Allah saying? (Mawlana Shaykh stands)

**••••••• ••• •••••••••••• ••••••••• •••••• ••••••• •••••••••••• •••••••••••**

innahu min sulaymaan wa innahu Bismillahi 'r-Rahmani 'r-Raheem. Verily it is from Sulayman and verily it begins with the Name of Allah, the Beneficent, the Merciful. (27:30)

O People! Say Bismillahi 'r-Rahmaani 'r-Raheem, and don't worry! (Mawlana Shaykh sits) Allah Allah, Allah Allah, Allah Allah. Yaa Rabbee, yaa Allah! Yaa Rabbee, yaa Allah! Qawwiyy d`afana li-ridaaka, bi barakati Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana is absorbed in brief dhikr.)

O our Attenders! O Salafi `ulamas! Say that the biggest grant from the Lord of Heavens is Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh stands) One thousand times, stand up and sit down! (Mawlana Shaykh sits) O, weak servants, ask to be powerful by saying that holy Name of Allah Almighty. We are weak ones, but if we are asking to be honored and powerful, and to be forgiven and to be the best ones, say daily at least 100 times, Bismillahi 'r-Rahmaani 'r-Raheem (Mawlana Shaykh stands and sings) Bismillahi 'r-Rahmaani 'r-Raheem! Bismillahi 'r-Rahmaani 'r-Raheem! Bismillahi 'r-Rahmaani 'r-Raheem! (Mawlana Shaykh sits) We are asking protection here and Hereafter and shelter, also. We are asking shelter here and Hereafter. For everything that weak servants think might touch them with trouble here or Hereafter, they must try to say Bismillahi 'r-Rahmaani 'r-Raheem! Don't worry.

O Salafi `ulamas! If you are speaking on the secret knowledges, secret powers, secret grants from the Heavens that are coming from Bismillahi 'r-Rahmaani 'r-Raheem, you can't finish. O Salafi `ulamas, marhaban! Sit down and say Bismillahi 'r-Rahmaani 'r-Raheem. Up to the end, say Bismillahi 'r-Rahmaani 'r-Raheem. Yaa Rabbee, shukr! Whoever is eating or drinking, begin with Bismillahi 'r-Rahmaani 'r-Raheem. By saying Bismillahi 'r-Rahmaani 'r-Raheem, whatever that one is drinking or eating is going to be noor, light, and is quickly transforming, changing, changing. First blessings are coming on him. Bismillahi 'r-Rahmaani 'r-Raheem, from the beginning of this world up to the end, you never finish. Allahu Akbar! It is a grant for Mankind, but people are heedless and they are forgetting. And what is the reason for forgetting? Because when say, Bismillahi 'r-Rahmaani 'r-Raheem, that is putting you in a safe position, and safety and pleasure are granted to you.

O Salafi `ulamas! Shaytan is never happy for Mankind to be in pleasure and happiness. Therefore, leave everything and only speak about the power of Bismillahi 'r-Rahmaani 'r-Raheem. Then call me and say, "O Shaykh! We hope we finished what you are giving to 'abeedullah, the servants of Allah (swt). We are

finished." That is the biggest ignorance. If we start at the beginning of Creation up to the end, we are never finishing those special grants coming to the nation of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Do you know hudhud, the hoopoe bird? Holy Qur'an is teaching everything; every holy verse, word and letter in it give Mankind countless lessons that grant them countless honors of Heavens. Subhaan Allah! Allah Almighty is sending Holy Qur'an to Mankind to teach them such things according to their capacity or ability. Why is Allah Almighty speaking on the sultanate of King Solomon, peace be upon him? There are so many wisdoms in every word. He sat on his holy throne, but don't think that every throne is holy, no.

O Salafi `ulamas! Look and try to understand! Don't think that every throne is holy and honored and blessed. No. Each throne is going to be according to the person who is sitting on it and how he is taking care for his servanthood. For that throne to be the best throne, to be an enlightened throne, to be a glorified throne, or to be a majestic throne, it is according to that one who is sitting on it. Allah Almighty is teaching all mulook and sultans. He is teaching everyone from east to west, from north to south. The Lord of Heavens is asking to teach people something. Subhaan Allah! And people think that Allah Almighty has only one throne for Sulayman (a). If Sulayman (a) is sitting on a throne, what about the Seal of Prophets, Sayyidina Muhammad (s)? (Mawlana Shaykh stands) Say, Salafi `ulamas! What is his throne? Say! Allah Almighty is saying:

••••• ••• •••••••••• ••••••• ••••••• ••••••••••••

`asaa an yab`athaka rabbuka maqaaman mahmoodah. (O Muhammad!) It maybe that your Lord will raise you to the Praised Station. (17:79)

It is only for the Seal of Prophets (s) and people are hasood, jealous of him because we are giving him so much honor! (Mawlana Shaykh sits) Yaa humaqa! "O idiots!" Allah Almighty is giving honor to His most glorified, honored, majestic servant. I am ashamed to say "servant," but he is Allah Almighty's deputy from pre-Eternal up to Eternal. And those no-mind Wahhabi people are getting so jealous and angry! Who are you to say this? If Allah Almighty is honoring him, why do you object to people honoring him? You say, "They are giving salaatu w 'as-salaam, standing up, giving `alaamat at-ta`zheem, a sign of glorification." They are such jealous people, and jealousy is a sign of no faith!

O Salafi `ulamas! Teach your mulook, on what basis are they sitting on their thrones? Do they have rights to

sit on it or not? If it is coming from the Heavens you have a right. Otherwise, you may put an ordinary chair next to it and say, "This throne is only for the Seal of Prophets (s)." That is adab for the most glorified and honored servant! (Mawlana Shaykh stands and sits)

There are so many things that if anyone could understand and apply, this world would be such a paradise, but they are not thinking about it. King Solomon (a) sat on his throne, a holy throne, not a throne from Mankind, which gives nothing to people but a big responsibility. King Solomon's throne was heavenly and, therefore, he was ordered to sit on it. His throne was such that a person looking at it would be mundhish `alayh, astonished and fall down when that heavenly appearance came on it. It was made of gold, but not earthly gold. `alayhi ar-ridwaan, jinns made it and brought it to him, and it was such a magnificent throne that no one could raise his head to look at it. That is how Allah Almighty (swt) dressed him, with such a heavenly glory. Allahu Akbar! Allahu Akbar! Some may ask, "Why wasn't the Seal of Prophets (s) granted with such a throne?" Because he was the Seal of Prophets, Sayyidina Muhammad (s), (Mawlana Shaykh stands) who preferred simpleness, saying:

**•••• ••• •••• ••••• • ••• ••• •••• •••••**

ajlis kamaa yajlis al-`abd wa aakul kama yaakul al-`abd. I sit as a servant sits and I eat as a servant eats.

(Mawlana Shaykh sits) That heavenly appearance that was coming on Sayyidina Sulayman (a) was something else, showing the heavenly glory and might on him. What he was granted was meant for ins wa 'l-jinn, Mankind and jinn, to bring just one small spot from the greatness, might, and glory of the Lord of Heavens, Who did not accept this for Sayyidina Muhammad (s). He was saying, "Alright, teach people, because in your time people will try to climb up and show themselves as glorified, majestic, or mighty ones." Therefore, he taught his nation, "O People! Don't ask for glory and majesty and mightiness through your furniture, your thrones. That is something granted to some servants of the Lord through heavenly wisdoms."

Sayyidina Muhammad (s) taught the highest level for servanthood is to say, "I am only a servant." If people open beyond that horizon, they are going to be much more dirty, and they will never let anyone live; they will do their worst for Mankind, making its condition come down. The Seal of Prophets (s) said, "O my nation! I am teaching you that the last nation is my nation and the Last Day is coming on them. Therefore, I must teach you how to be acceptable in the Divine Presence." But Shaytan is now teaching everyone kibr, to be

proud. Everyone is saying, "I am someone, now if I can just find a throne to sit on!" That can't be. That is their highest, egoistic, last demand and the main spring coming to people from east to west, from north to south, because everyone is asking to be a Nimrod, or a Pharaoh, or a tyrant.

The Seal of Prophets (s) said: (Mawlana Shaykh stands)

•••• ••• ••••• ••••••

adabanee Rabbee fa ahasana taadeebee. My Lord has taught me excellent manners and perfected my manners.

(Mawlana Shaykh sits) O People! Don't make any level higher than the level of servanthood, as the Lord of Heavens is never happy with that, saying, "I am not granting that to you here, but for Eternal Life. I am not granting that you should be a king or tyrant for three days, no. I am offering that you should be humble servants, and then when you come to Me, I will grant you real, never-ending honor."

O People! May Allah (swt) forgive us. They are making me begin with something that is most necessary for Mankind to reach: a peaceful, happy, sweet life here. But people of all nations, beginning with Arabs, Turks, Persians, Iranians, Pakistanis, Malaysians, and Afghanis, everywhere people are trying to reach the honor of being kings or queens, not the honor of being servants! The Seal of Prophets (s) was sent to teach Mankind how to be servants of the Lord of Heavens.

O Salafi `ulamas! Try it, and if anything is wrong tell me, "That one is speaking non-truth." Astaghfirullah, if I am speaking wrongly, I am asking forgiveness from our Lord, Allah Almighty. He is teaching us how to be in this life, in the positions for which we have been created. He wants to teach us and send us to Paradise, not to Hells.

O People! You may understand more than Salafi `ulamas, and Wahhabi people are never understanding! Therefore, they are making me to say, come back, and leave the western countries. We don't like anyone from Muslim countries to be there, because you are going to be the worst example for Islam. The fundamentalists do not belong to Islam, they have cut their lines from Islam! Therefore, we are not happy with them that they should be in western countries. They must come back to their homelands to learn Islam and keep it so people can look at their examples and say, “Okay, that is Islam.”

May Allah forgive us, for the honor of the Seal of Prophets (s)! (Mawlana Shaykh stands and sits)

Fatihah.

(41 minutes) Mashaa-Allah. (1,241 viewers) Allahu Akbar, Allahu Akbar! Mashaa-Allah, Allahu Akbar.

(Mawlana Shaykh speaks with Shaykh Hisham Effendi on the phone.)

(To Shaykh Hisham) May Allah bless you and open to you for your service, yaa Shaykh.

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

## A DIVINE TRAP

Audh billahi min ash-shaitan nir rajim, Bismillah hir-rahman nir-rahim, La hawla wa la quwwata ila billahil aleyhi adhim..Madad ya sultan al-awliya...

If you like to depend on, to entrust the protection of your back to a man ... a man, if we are saying a man that means any kind of creatures... if you like to depend on someone, the most powerful ones that you are know are the rich ones. Rich ones. You think that their richness makes you stand up. And there are some multi-millionaires, but such huge riches never give that person any more enjoyment. He may have perhaps one billion dollars, or more or less, but when old age comes to him it is finished for him. That huge richness can't give you any security, whenever you are using it as a timber to keep your roof up it is going to fall down, because it is powerless.

Madad ya sultan al-awliya, madad ya rijal-Allah. Therefore, you must ask for some power that is not from the same kind of power that you invented, that you are using, no. It is so difficult for technology to give you security, to make you safe. Whoever is asking for peace and satisfaction in his life, must look for some place, which belongs to that One only, do not to say so many partners for me on this place, no. Therefore, we are asking forgiveness from Allah Almighty, and we are also saying endless shukr for Allah Almighty. As much as you give more shukr, more honour and nur, lights, will come to you, and also if a person is not saying but is

going to Jama'at and they are sitting up to Doha prayers and up to midday prayers and then evening prayers and then night prayers. But it is not easy for that person to keep his ego away and to try to hold his oath to Allah from the Day of Promises.

All of us gave our oaths to Allah Almighty saying, "We are going to be Your servants, we promise ourselves to You for Your Divine Service, we promise that we shall be servants for the Heavenly Service of Allah Almighty." Now everyone must ask himself, what is his intention, or for what is he working, or for whom is he working, for what? For what purpose are we running from here to there? We must all try to think on it and know that everything that is not for Allah, even though you may spend millions of dollars on it, that it is going to be finished.

Allah knows everything, he knows that the Children of Adam throughout the 20th century were never following His Orders. Never. Never was any country following the Orders of Heavens. The Order of Heaven means the Orders of Allah. Everyone is trying to make something according to his thinking, according to his knowledge - and all that knowledge is the nonsense subjects they are reading in universities. Everything is only based on materialism , denying everything of spirituality, denying everything after this life, denying everything over this world! Any one who never thinks about his Divine Service must go down. He may even be the most powerful or richest person on earth, but it will be of no benefit to that person. Therefore try to depend on Allah Almighty. If Allah Almighty is supporting you, and you are depending on Him, no harm can reach you here and hereafter. But if you are not following even the most simple commands of Islam you should fall down, you should be taken away quickly(soon?). Allah Allah.

Perhaps these days you are finding that the taste of coffee is finished, you may see, or you may try, something and it has no taste for you. That will finish, this belongs to mankind through this millenium. In the third millenium, so many people gerbal(a turkish word?), it is a stone mill that you use by hand destroying everything, nothing is going to be used for Shaitan, because Shaitan is making every terrible and horrible thing for mankind. Satanic teachings make people think wrong, and to intend wrong, and to do wrong. Therefore it is a Divine Trap for all of mankind who think that there is no more Heavenly Involvement on earth. They are saying, "We have thrown away kings and sultans, now we are the owners of everything that we have taken from them, it is for us not for them!" So, only one intention may save people. And one word may make mankind fall down. Now his feet are down and his head is up, but mankind will fall with his head

down and feet up, everything is going to be upset if people are not taking care and attention for their Lord's teachings and orders. He may take everything from you. There is no more taste for people, there are so many kinds of fruits and vegetables that they are asking to eat but they are saying, "They have no taste - nothing. That is a banana but when we eat it it has no taste, there is nothing in our mouths helping us to taste these things."

And if a person is making wudu or making ghusl, he must try to pray two raka'ats, but people have lost it, people have lost it. And nearby, step by step, we are approaching, some people are approaching the Divine Presence through their love and through their respect, they are even having their baby to make Allah Almighty happy with them. Alhamdulillah ya Rabb. Ask Allah Almighty for the best things for the new century, ask for the best ones. Anything that you are asking must be the best, it must also be most expensive. Don't ask for straw, but you may ask for a horse instead of straw , you may ask for one horse and He is giving a horse, He may order, "Give that servant of Allah Almighty, as much as you give to him from My treasures make it double and give him his horse also!" So that if any one depends on Allah, jalla jallalu, they should be victorious here and hereafter. Anyone who is asking to depend on man - man is going to die and his pillar will fall down. If a person depends on his money, money is going to vanish and change in one night, then you can do nothing with that money. So you may ask from Allah Almighty for a safe place in the coming days, with good ones around you, not to be touched by any wild animal, where you may keep yourself safe, as well as Allah Almighty protecting you.

May Allah forgive us, forgiveness and blessings coming to you from Allah Almigthy. And in this holy month some unexpected events are going to appear, day by day, and chaos is going to climb day by day, more and more. May Allah protect you, ourselves, our families, and forgive and make them good servants, and our children and grandchildren. Amin.

Allah Allah, Allah Allah, Allah Allah, Aziz Allah,
Allah Allah, Allah Allah, Allah Allah, Karim Allah,
Allah Allah, Allah Allah, Allah Allah, Subhan Allah,
Allah Allah, Allah Allah, Allah Allah, Sultan Allah!

Sultan, only Sultan Allah, we are all servants. May Allah accept our service - bihurmatil habib fatiha

## Divine Warnings Falling on Mankind

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! .... Sayyidina Muhammad, Sayyidi 'l-Awwaleen wa ’l-Akhireen ... (Mawlana Shaykh sits) Dastoor, yaa Sayyidee, yaa Sultan al-Awliyaa. Madad, yaa Saahib al-Imdaad, madad. He (s) is the beloved one in the Divine Presence, with one foot on this world he may take this world from its orbit! Huuuu. Because Allah Almighty is dressing them from heavenly power, if he makes his hands like this at nighttime from east to west, he may grab all the stars and throw them away! Arabic. Because they are representing heavenly powers and that is a very simple power that for him (s) is like a marble.

O People! As-salaamu `alaykum! Try to give your Lord the highest ta`zheem, glorification. He is the Creator and no one knows His Power Oceans, of which there is no beginning and no ending. And He is dressing you to be His deputies in this world. It is such a big honor to you to wear the dress of deputy for Him, Almighty!

O People! All of us from east to west, from north to south, are becoming with no adab and no glorification for our Lord, Almighty Allah, and it is not good for the Children of Adam. Allah Almighty is dressing us with such endless honor and glory, making you His deputies, but you are not appreciating that and are running away from His Divine Presence. He is calling you five times daily to come to His Divine Presence!

We have been granted such an honor that He Almighty is calling us to His Divine Presence five times. If one simple king invites you, you will run to his royal invitation. Today in London there is a marriage ceremony and everyone was asking to be from those who are honored by an invitation from Her Majesty, the Queen. What about Allah Almighty, Who is asking five times with His endless glory, calling you, "O My Servant! Come to Me!" However, we are refusing. Such an honor no one can give except the Lord of Heavens! He Almighty (swt) is calling us five times, "Come to My Divine Presence! Leave everything and run to My invitation!"

If one sergeant says, "Come to me at 3 o'clock," you can't say, "I am going to another work;" you will quickly go to that person! Yet, your Lord is calling you, but you are not accepting His Divine invitation. La hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. Therefore, people of the whole world are going to be punished now because they are never giving any appreciation or glory to our Lord.

Now He is asking to punish people, and the signs of that punishment are like drops beginning to come on oceans or on continents. He Almighty may take everything in the oceans, which may rise up and carry away all the continents! Where is your technology to stop this, or to where can you escape? He may order continents to sink down, finished!

Some drops will come to people as a warning. Last month there was a tsunami that took Japan. Now we are hearing about a tornado coming from up, taking people and everything and throwing them away. What can Man's technology do to protect them? Nothing, finished! Those are just drops. Therefore, all awliya are fearing now, because if such a thing comes, not in moments but in seconds this whole world may be under oceans or everything may be taken up and thrown away!

O People! O Mankind! Try to keep full respect for your Lord; if not, a heavenly punishment will come under your feet or over your head, and you will be finished! Fear your Lord, your Creator, and try to keep His orders, and try to be a good servant for your Lord, to be in safety here and Hereafter.

This is a warning. I am sorry that throughout east and west, from north to south, no one is warning people in such a way as we are, but I am a weak one. Leaders from Christianity, Judaism, or from Islam also, who

claim, "We are so big and glorified," I never hear they are warning people in such a way.

O Learned People (`ulama)! If you are not making that warning to your people, you will be much more or the most heaviest responsibility is on you or you may be punishment more than others here and Hereafter.

O People! Keep servanthood for Allah Almighty; you will be happy here and Hereafter. I think it is enough. I am tired. But they are making me say this warning, to me and to people. Pray for me, and pray for yourselves. Ask Allah to send us a saviour to save people on Earth, as Judgment Day is approaching quickly. May Allah forgive us.

O People! Keep your obediency. Obedient ones will be saved and disobedient ones will be punished. May Allah forgive us and send us one who may collect our hearts and turn our faces to the Lord of Heavens. May Allah forgive me, you, and all Mankind for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

## Divine Wrath

Na'uthu biLlahi min ghadhabi-j Jabbar - We seek refuge in Allah from the Anger of Al Jabbar (The Compeller). Na'uthu biLlahi min ghadhabi-j Jabbar. Aman Ya Rabbi. Heavens and Earth tremble when the Divine Anger is mentioned. May Allah (swt) protect us from His Divine Anger. What can we do? We have become weak. O Changer of States, change our state to the best of states - Ya muhawwilal hawli wal ahwal hawwil haalana ila ahsanil hal.

Let's fulfill our servanthood. Let's fulfill our servanthood. We should know our identity. We should know our identity. These people don't know their identity. And that is why they are suffering. The whole world is suffering. What is the reason? Because they do not know their identity? Who are we? If they say - We are Allah's (swt) servants, the One who created them won't leave them on their own. And He won't leave them in the hands of satan either. Everything will go smoothly, their honor will be great.

Who are we? "We are Muslims". If they say that, they will be saved.
Fatiha.
Na'uthu biLlahi min ghadhabi-j Jabbar Aman Ya Rabbi. Na'uthu biLlahi min ghadhabi-j Jabbar
This... at least 7x a day. 70x, 100x they can say it.
Fatiha.

## Göttlicher Zorn

Na'uthu bilLahi min ghadhabi-j Jabbar Wir suchen Zuflucht bei Allahs vor dem Zorn von Al Jabbar (der

Gewaltige/Unterwerfer). Na'uthu bilLahi min ghadhabi-j Jabbar. Aman Ya Rabbi. Himmel und Erde erzittern, wenn der Göttliche Zorn erwähnt wird. Möge Allah (swt) uns vor Seinem Göttlichen Zorn schützen. Was können wir tun? Wir sind schwach geworden. Oh Änderer des Zustandes, ändere unseren Zustand in den besten aller Zustände - Ya muhawwilal hawli wal ahwal hawwil haalana ila ahsanil hal. Lasst uns unsere Dienerschaft erfüllen. Lasst uns unsere Dienerschaft erfüllen. Wir sollten unsere Identität kennen. Wir sollten unsere Identität kennen. Diese Leute kennen ihre Identität nicht. Und deshalb leiden sie. Die ganze Welt leidet. Was ist der Grund? Weil sie ihre Identität nicht kennen? Wer sind wir? Wenn sie sagen - Wir sind Allahs (swt) Diener, dann wird Derjenige, der sie erschaffen hat sie nicht allein lassen. Und Er wird sie auch nicht den Händen des Satans überlassen. Alles wird glatt gehen, ihre Ehre wird groß sein. Wer sind wir? "Wir sind Muslime". Wenn sie das sagen, werden sie sicher sein. Fatiha. Na'uthu bilLahi min ghadhabi-j Jabbar Aman Ya Rabbi. Na'uthu bilLahi min ghadhabi-j Jabbar Dies... mindestens 7 Mal am Tag. 70 Mal, 100 Mal können sie es sagen. Fatiha.

## O Doctors of Shari`ah, Cure Your Patients!

(Mawlana Shaykh stands) Dastoor yaa rijaalAllah, madad, madad. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah. Laa ilaaha illa Anta, Ant Allah, subhaanak, sultaanak. Lakaʻl-hamdu, hamdan daaiman ma` khuloodik. We are asking for Your blessings and for Your forgiveness, O our Lord! (Mawlana Shaykh sits) And we are saying our most high praisings that no one else can reach, only for the honor of Creation, the most honored one in the Divinely Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

••••• ••••• •• •••• •••••••

Law laak law laak maa khalaqtu 'l-aflaak, Were it not for you (O Muhammad!), I would not have created the heavenly bodies."

Where are you, Salafi `ulamas? You are going to say about this, "It is never mentioned in books." From where are those books came in which it is written? From a flea market? You must go to the flea market!!! No one can reach his manzila, his level. Raghman `ala anfusihim! That is Haqq, when the Lord of Heavens is saying, "O my most praised one! O my most honored one, for whom I created everything!" But people are thinking this Creation is created for nothing, no! It is created for someone's honor, for someone's glory, and for someone's majesty!

O Salafi `ulama! You must learn and you must say, or you will be under the feet of jinns and shaytans, here and there! And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. A`oodhu billahi min ash-Shaytani 'r-rajeem. We are running away from Shaytan and Shaytan's representatives. Shaytan is created as one, but its representatives are among everyone. You can't find anyone from Mankind saved from being Shaytan's representatives. Who is that one? Say!

O Salafi `ulamas! Say first, a`oodhu billahi min ash-Shaytani 'r-rajeem! I am also shouting to doctors of Shari`ah. Shari`ah is ill or just born handicapped? Do you think that Shari`ah was brought from Heavens as handicapped? How are you saying this? If handicapped, are you doctors for treating Shari`ah? O doctors of Shari`ah, you are like Salafi `ulamas or worse! Do you think that Shari`ah is ill or handicapped? Hisham Effendi, what do you think, are you a doctor also? (laughter)

All those who say, “We are doctors of Shari`ah” are not in need of a doctor, but all of them need a mental house! (laughter) If the power comes to this weakest servant, I am collecting all of you in a mental house! Yes, mental house is for all who claim so many things that are not true and will never be true!

You are like such a person, it is a funny story... Once a new majnun, idiot, was brought to a mental house and the doctor welcomed him, saying, "Welcome to our famous mental house."
"Yes sir, just I am coming to correct every wrong thing with some people claiming things that are not true. I am coming from Heavens as a new prophet and beginning from this place to correct everyone's ideas, to make them on the Right Way."
"Please tell me your identity."
"Yes, this is my identity. ‘To whom it may concern: Who is carrying this identity card is claiming that he has been sent as a new prophet for correcting everyone's wrong ideas.’”
The doctor says, "You are very welcome, sir! Please follow me."

He followed the doctor and came to a big hole with so many people inside, and one of them was sitting in the window, up high. His beard and his hair were like one running away from a jungle or coming from ta`ifat ul-jinn, jinns’ people, and he was sitting. When they were entering inside, that person said, "Welcome, O my servant, welcome! Who is that one coming with you?"

The doctor said, "He is a visitor."
"Thank you, our new visitor, yes. What is your profession?"
The doctor said, "O our lord (because that person was claiming lordship), this person is coming here as a prophet sent to the world's people to correct their steps and make them elegant and good ones for the Day of Resurrection."
"What is your name?"
He answered "Why are you asking my name?"
The doctor said, "O our master, I have not yet learned his name. He is hiding his real identity, saying that he is the last one sent from Heavens to correct their wrong steps. And what is your name?"
“My name is mount of Shaytan.”
“One moment, doctor.”
(Mawlana Shaykh puts on eyeglasses.) He is putting on his eyeglasses, and opening a big book, saying, "O Doctor! Say he is a liar! I never sent such a foolish messenger! He is a liar! Yes, go away! Don't make fitna for people, don’t make trouble for people! Take this ride of Shaytan to another hole, not to make our people to lose their good beliefs about me! Take him quickly! Look doctor, he is such an ugly looking one, from where? Take him quickly to another place!"

For what are we saying this? Because everyone now claims they are something or someone! They are thinking in such a way and quarrelling with each other, and that person is letting his ego to be a prophet. His ego was saying, “He is a wrong one, I never sent such a prophet. He is a foolish one. Take him away! I am the lord. Take this liar away!" And now all people are with their egos, thinking they are owner, commander and arranger for everything. They are getting up and there is a handful of people who are not accepting to be prophets, or messengers, but from up, up. Now from east to west, those Shaytani people who have been given power are thinking that under the Heavens they are the only ones for arranging everything on Earth. And now people are saying what is happening now never happened before, because everywhere there is blood, killing, and destruction. “If humanity is in such a way, we must run away to jungles; jungle people are better than those people!"

That is Shaytan making people think that about themselves, and they are never accepting to be the lowest people but they are asking to be the highest people of Heavens! And I am saying, if heavenly beings are like

you, what is the meaning of being a heavenly one? In the Heavens there are no shaytanic trips or traps; all trips and traps are on Earth! How are you saying, "Our levels are over the levels of Heavens." And their levels are downstairs in dark universes, where there is no light! They are blind dragons, saying to people, "We are bringing to you from Heavens to make you happy, enjoyful, and in pleasure."

That is their promise for people, but now in this world you can't find any place without killing, burning, crisis, and every kind of shaytanic trips and traps! But people say, "We are doctors of Shari`ah." If you are such doctors, or like that person who was claiming, "I am a prophet," what is the benefit? Do you like what is happening in Egypt, doctors of Shari`ah, or `ulamas of Azhar Shareef? That is Allah Almighty's command? Do you like, O Salafi `ulamas, what is happening in Haramayni ’sh-Shareefayn? Is it suitable for Shari`ah?

Rasoolullah (s) and Shari`ah are blaming them! After two stories (in building construction) angels are saying, "What are you doing? You are going more up and up, and fighting with the Lord of Heavens! Why are you building? Is dunya a narrow place? You are making towers like Nimrod." Don't fear from governments, but you must fear from the Lord of Heavens, that He will ask you, "Why were you keeping Truth from your sultans, mulook and governments?!”

Why are you not giving a fatwa that building in such a way is not true? Allah will ask! Even true treatment for Haramain Shareef`ain is good manners, as Allah Almighty said to Sayyidina Musa (a):

•••••• ••••• ••••••• ••••••••• •••••••••• ••••••• •••••••••• •••••••••••• •••••

Innee ana Rabbuka fakhl`a n`alayk innaka bi 'l-waadi 'l-muqaddasi Toowa, Verily, I am your Lord! So take off your shoes; you are in the sacred valley, Toowa. (TaHa, 20:12)

Where is it, O Salafi `ulamas, and Azhari `ulamas? Qur'an Kareem is Eternal. That is hukm `ilahi, Allah Almighty's order to Sayyidina Musa (a), fakhl`an`alayk. Why can the shoes carry some dirtiness? Where are you now, in a clean place? Don't step on it with your shoes, throw them away! This is a meaning that everyone may understand according to their levels. Why did Allah Almighty say this and mention it in the Holy Qur'an? Is there no hikmah, wisdom, for why Allah Almighty was saying this? What does He mean? Who is Musa (a)? “And Musa is representing Me." Who are representatives? Musa is one representative, and that means for every nation that had a prophet sent to them, the prophet was calling them to be clean ones. Fakhl`a n`alayk! You must take away every dirtiness that Shaytan is always throwing on you, also throwing

in your heart, and throwing in your mentalities, to change them from Truth to wrong ones.

Beware and keep yourself clean in front of the Lord of Heavens, in the Divinely Presence of your Lord! Don't come in front of your Lord with dirty thoughts or thinking, or don't come with wrong ideas. Everything wrong that Mankind is doing is dirtiness in front of the Lord of Heavens, your Creator! Leave this and come clean! Therefore, Allah Almighty is ordering to His servants, “If you are asking to come to Me, be clean. Fakhl`a n`alayk!"

And mu`mins, believers, are keeping their shoes outside and coming in with clean shoes. Really the shoes that we are walking on belong to our hearts. Therefore, it is wrong for Christianity or Judaism that they are not taking off their shoes in prayer places, going in and not taking a bath and not taking new clothes, not cleaning themselves as much as possible for coming in the Divinely Presence! Why? Why are you walking in that place that is holy? If your prayer places are holy, you must take away your shoes! You must come in it clean; everything must be clean, inside and outside. Leave your mentalities that you are learning or teaching. Come and listen, come and hear what your Lord is saying. Take your real knowledge, and you must direct your faces to true directions.

Don't think so many things to try to make heavenly orders according to your understandings, no! The meanings are just reaching up to today through prophets. Come to your prophets, and as Moses (a) was taking his shoes off, you must take your shoes off. Jesus Christ (a) was not putting shoes on his feet, and he was coming to his Lord on his knees. Where are those people, and also Muslims? We are saying to Salafi `ulamas, why? The holy command is, "Take away your shoes." Only they are writing a sign at the entrance, "Take away your shoes." Why? Because shoes are carrying dirtiness. Come clean, inside and out.

May Allah forgive us and give us something for understanding. We are shouting. For what are we shouting? Because people are following Shaytan's deputies; therefore, we are shouting. We are not shouting to their outlookings (external appreances), but at what they are doing. Same for Muslims as well as Christians, and in Judaism; you must take off your shoes because, bi 'l-waadi 'l-muqaddasi Toowa, “You are in the sacred valley, Toowa.” If there is a heavenly appearance on Earth, that is spreading throughout east and west. But people are leaving an enlightened direction, using a dark direction to hide themselves.

Therefore, people like darkness and they have a chance only in the New Year for one minute to be in darkness. That is their idea, and they are saying, "If only that darkness may continue for years and years , throughout our whole lives." Shaytan makes them run in dark areas, to leave enlightened areas that never accept dirtiness.

May Allah forgive us for the honor of the most honored one in the Divine Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

(Mawlana Shaykh prays two rakaats Salaat ash-Shukr.)

Tawbah, astaghfirullah.

(617) Mashaa-Allah. Allahu `Azheemu Shaan. SubhaanAllah, yaa Rabbee. (Mawlana Shaykh stands and sits.) Amaan yaa Rabbee, amaan.

How many minutes? (43) Barakatak, yaa Shaykh.

## Do Everything with the Intention to Please Him

People gather in hundreds and thousands nowadays without their meetings having any value. Here people do not come together for any desires of their physical being. Something in their souls is asking to be here.

Allah looks at our intentions more than at our actions. Actions come alive through our sincerity. Without sincerity our actions will not be alive. Most important in all religions is for people to have good intentions. They should have the intention to make the Lord pleased with them. That is all. All other intentions are useless. Whatever you do, you must do it with the intention to please your Lord. Whoever lives for his Lord is living a real life. Who doesn't, is like an animal and will have a bad smell when he dies. Who lives for his Lord will smell of roses and his face will smile with lights. People who never asked to please their Lord look so horrible once they are dead, that you would not want to look at them.

When you look at bad things it will weaken your memory, just like when you read gravestones in the cemetery, or if you do dirty things, your memory will decrease. Whoever has jealousy will get weaker in mind and body. This is why you must have the intention with whatever you do; running, sleeping, this, that... to do it with the intention to please Him. I am a teacher, from east to west and north to south. I am teaching from Heavens to all points of the earth.

The 20th century is closing down, and like when a shop closes down, people do not usually want to take their

old merchandise into the new shop. They want something new. Everything will be new in the Year 2000. Don't think that devils will be able to take their dirt from this century to the next. No! It is finished! I am asking Allah the Almighty to give me power to prevent satan and his helpers to carry their dirt from this century into the next. It is not only a new century, but a new millennium. We are expecting a Heavenly Appearance. The 20th century is denying everything concerning Heavenly Traditional Knowledge. They are putting it under their feet and bringing satanic technology to destroy everything. We want traditional knowledge.

It is a good sign that there are so many young people here. They are coming to listen to me, even though my English is so poor. When the year 2000 comes, I will try to learn Shakespeare English and La Martine French. In those days we will have the spiritual power to address people in their language. Sayyidina Solomon* knew all languages, even the language of animals and Jinn. When Allah the Almighty opens this spiritual power you will be able to do all that.

We know nothing about our real position and real location within this universe. Universities do not teach real knowledge about ourselves, because if we knew who we are, we would not be able to support any devils.

Anything official destroys faith. Everything which is official will take people away from the Divine Presence. All the Divine Presence asks for is that you are sincere in your Divine Service. In the Divine Presence the Lord made you is Deputy, which you accepted. When officiality comes, sincerity goes. When sincerity comes officiality runs away. Do you think that Prophets were paid by governments?

Look and take care of yourself and beware of the enemies of mankind. Try to be good ones within yourself and try to do your best for others. Take care to please Your Lord daily and to serve Him. Every religion has daily services, not only Sunday services, or Saturday services, but daily! You must keep that so that you are honoured and more and more enlightened.

## Doing nothing is also a profession

Doing nothing is also a profession. I will make x. head of those who do nothing. This rain is rahmet for believers, and niamat, a divine favour, but for the kafirs it is bela (trouble). Stay among the believers, then nothing can happen to you from bela, and rahmet will come on you. If you get out from the class of believers, bela will come on you. Allahumma zi wa barik, wa la tukhallil! O Allah, we are Your servants, we don't want to be servants of anyone else. Therefore leave your ego. All of those, who are fighting Allah and become proud, will be destroyed. Allah is dealing with them in different ways.

There is a kind of dragon in the jungles of Argentina and Brazil. It gets on trees and looks itself like a tree, so you can't see it. It is hitting so fast that none of its victims can escape it. Only a cat is faster, the dragon cannot do anything against a cat. It looks like a pine-tree and squeezes its victims, until they are so smashed, that you can't recognize them anymore, making them salami.

Now the unbelievers, who don't follow Allah's laws, will be hit by such a

bela, that they will become like salami, ready to be swallowed. That will be the end of all those, who are not listening to Allah. It is finished for them. It already started, but yet they are not saying 'Allah!'
That is the meaning of the crises. And they say: 'Fasten seat-belts.' No one of those, who say: 'Shaitan' will remain, and his Sultanate will vanish along with those, who support him. The future belongs to the believers.
You say the Heavens should not interfere on earth. Okay, I will put clouds in front of the sun and take away light and air, so you cannot see or breathe; they will not know anymore where they are. There will be a fog that makes Heavens and earth one. So many will die from that fog. Storms will make the electricity to break down, and in one year they will not be able to fix it. Water pipes will break, gas pipes will cause fires. Everything is coming on them, until they say: 'Taubah, ya Rabbi!' If not, it will get worse and worse, one blow will follow the other. The Bosphorus will be frozen. They should come to senses, but they are fighting Allah. Heavy clouds will come with lightening, hitting so many people. You cannot joke with Allah, don't go against Him. The dragon has started to squeeze. It will swallow those who are not making sajdah.

I was going to speak something in English, but this was coming in Turkish for our people, who became so proud. It is important for them.
Salvation will be only in the mosques. Who is not praying, will go. Don't look to me, but look to the One who is making me to speak. Believers will find air to breathe, food and drink and open ways for themselves. Who is going to the mosque and for prayer, should find his way open. Who is going anywhere else, to coffeehouses etc., will not return to his home.
We are at the end of time. Times like ours have never been before. We are only at the beginning of winter. Airplanes and cars will not be able to move anymore, the roads cannot be seen anymore.

Come to senses! O Allah, Don't leave us in the hands of our bad ego!
Now from the end of Shawwal next Saturday everyone will move at his own responsibility. I will not take responsibility for them. Everyone must look after himself. Nobody should wait here anymore, but be in his place and trust in Allah. Only those who are free, may stay, the others I am sending home. For those, who are with Allah, what is coming is rahmet, for the others it is bela.

The best thing is to try to carry people. Everyone has so many mistakes. Some people hold grudge for a long time, for years, never forgetting. And it is not good. When Allah looks to the heart, He should find it clean. Most heart illnesses are spiritual. Don't keep bad memories! What happened, after two hours don't mention it anymore, because it creates bad feelings. It is fitna. It is making the face ugly, because when the heart is in trouble, coming on the face, taking familiarity and coming wildness on the face. Don't look after what people did some time ago, to keep and to speak on it. But people have nothing to say, only this. But you should never forget the goodness, someone did to you.

Now divine revenge approaching people. For a few days now I am seeing the sky red. It signs either war or an earthquake.

Black holes- Allah is creating and creation appears through His Zahir-Name and disappears through His Batin-Name. Creation continues without stopping. Black holes are centres of gravity, high point, quickly taking it and changing it into power-ocean. From another side there are white holes, and new creation is coming from that way. Both kinds belong to Allah Almighty's endless power-oceans, never stopping. Coming, disappearing and appearing. We are saying Tajalli, manifestation. Never stopping. There is not only one black hole, there are countless of them, and also countless holes of another kind. Some of them coming, entering a tunnel, from one side coming with another way in

existence. Disappearing and appearing. Countless worlds, universes.

## Song of the Sultan: “Dom, Dom, Dom, Dom”

As salamu `alaykum wa rahmatullahi wa barakatuh. Audhu billahi min ash-Shaytan ir-rajeem. Bismillah ar-Rahman ar-Raheem. Don’t forget (to say) “Audhu billahi min ash-Shaytan ir-rajeem.” Shaytan always running after everyone, men or women, young or old, learned one or unlearned one. Shaytan never needing anyone way to second or third one or fourth one in people, Shaytan. Ya Rabbi! Please protect ourselves from most dangerous enemy of us, as you said, it is most terrible and dangerous creature against Mankind. But people are never taking care to say, “Audhu billahi min ash-Shaytan ir-rajeem.” Say it! You should find a Heavenly support against Shaytan. Allah protect you!

Don’t forget that you have been followed by Shaytan. .... Shaytan always, you must think that he is running around you. Our grandshaykh was saying that Shaytan is, (for) example, sometimes a small child he is given a piece of food and eating, and if a cat or dog (is) looking, the small one, always running around himself to find a small one occupying with something and up, pulling it (the food) and running away (the animal takes his food). Shaytan is always looking at people, if they are doing something according to Holy Command of Allah Almighty, or according to the Holy Sunnah of Sayyidina Muhammad, Ya Rasulallah (Mawlana stands, praises in Arabic, Ya Sayyidee.)

Therefore, don’t be his, O Man, O people, not his think that around yourself there are Shaytans, small ones or

big ones, to make a trick for you and to carry you into it's trap! That is Shaytan's importance, yes. Therefore, don't forget, O Muslims, to say A`udhu billahi min ash-Shaytan ir-rajeem. It is an obligatory follow on you to speak, I am a weak one, the weakest one in the Ummah, and I am giving that message to whole nations, specially I am shouting to Muslim communities, "WAKE UP! Beware of Shaytan!" Put everywhere. Don't put on your gardens or gates, "Beware of dog!" That is so simple thing to say, but you must warn people to say, "Beware of dog!" Why don't you say "Beware of Shaytan?" Even churches, synagogues and mosques, they must put, "Beware of Shaytan!" Because Shaytan is playing with people as he likes. I am saying for, I am saying and I am knowing that you must not say "it!" But "it", it is very lowest addressing to anything, you may use He, She, it. "It" has no life for animals you may say, "intentional, I am saying that 'it'!" And "it" in Turkish means, "dog".

You must warn people, O people beware of dog, because it is most dangerous creature, more than ... wolves, more than bears, more than fox, mostly people going to be like foxes.

(Mawlana begins to hum, then sing playfully and spontaneously for much of this suhbah!)

Dom, dom, dom, dom,
You are old, you are going to be like a foxen, foxen, and foxen.
Why? You are a man! Why you are going to be
to each other like a foxen.

Dom, dom, dom, dom,
They are everlast, they are rabbits,
You are rabbits, like are foxen.
Running (rapping style)
Who is like this,
why you are going to be foxen?

Because they are saying
"If we are not going to be a fox,
the hunting because so many fox.

99% peoples characteristics like fox!
Therefore, you can say we are living
at the time of foxen!”

Dom, dom, dom, dom,
We are always lying, foxen
Lying, foxen
Not like oxen, oxen they are very good,
better than them foxen.

People are happy because they know what I am saying.
Dom, dom, dom, dom,
You heard, “Come quickly
because they are running after rallies!”
Be lying, because oxen are not like foxen.

Yes, yes. Yeah, people are singing 24 hours,
but they are not singing what I am saying!
Dom, dom, dom, dom,
They are shouting without meaning.
Say something to make people happy

No, no, no one
They can’t do that because we are doing every age,
Oxen silly relation
They are for coming on people
So many crisis, crisis, create crisis
They are ohhhhhhhhh!

Marhaban, welcome our listeners! I know you are fed up from that situations, and you forget to laugh! If a person losing to smile at least, that means that one (is) just finished. Laughing people (are) showing a light, because laughing (is) from blessings of Heavens! Therefore people always their faces (are) like this (stiff

face). (Imitating people) “Oh my brother, what happened? (the other answered) “Don’t ask! O Shaykh, don’t ask! Crisis, crisis, crisiiis.” I am saying, don’t worry from crisis, eat treatment of crisis, then learn to smile at least, try to laugh, try to be sweet. O people, you have been honored, to be best of creatures! Why you are getting sorry for something that it is not for you or for him or for me?

(For) Hundreds of thousands of years, this world with its treasures (has been) passing from hand to hand and reaching to us yet. It is insane! Why you are thinking and getting angry and so full? No! You must think that the Lord of Heavens created you Alayhissalam the most honored creature and saying, “My deputy on Earth, and they must do everything in My Command.”

Dom, dom, dom, dom,
Because they are going to Me
and asses are better than foxen.
Asses, ah, O people

Dom, dom, dom, dom,
If I am saying to you, you are asses
But finally you are going to be ashes,
because you fashion people,
they never like to be buried with their bodies,

and they are asking
Dom, dom, dom, dom,
to be ashes, and they like to be burned through fire
and to be ashes, ashes, ashes!
Noah’s people going to be under ashes
Dom, dom, dom, dom,

(Mawlana is laughing so much!)
Audhu billah
Therefore, you must runaway from Shaytan from devils,

devils run after you to change your life
from good life to bad life
Dom, dom, dom, dom,

Oh people! You must know
Who is your dangerous enemy
Dom, dom, dom, dom,
And sometimes you must look
up to heavens or you are ahead
Allah, Allah
Dom, dom, dom, dom,

They don't know (that) heavens looking to you
Allah, Allah
Dom, dom, dom, dom,
Be happy that your Lord (is) looking to you,
oh stupid ones!

I am learning now, music, new music, to make people happy; they should be happy, yes! This singing is very good, (it) means that making people to wake up. Therefore, today the Heavenly Manifestation (tajalli) ... I am not preparing anything to whole people to speak to address to them, but when I am sitting here I am surrendering to my Lord, Huuuuuu, irada, His Will, I am surrendering to Allah jallajalaalah.

(Mawlana stands)

Dom, dom, dom, dom,
Everything fall down
You should be happy, oh people!
You are going to be ashes!

Allah forgives me, Allah, Allah. You must say, when you are knowing that Shaytan (is) running after you, you must use a very sharp weapon. Shaytan never fears from guns or from rifles or from artillery or from nuclear

bombs. He (is) never fearing, but you fear him. Why you are fearing? Fear from your Lord! That protects you. No one can play a protection or no one can be sheltered from here or Hereafter, only those who are running to their Lord's shelter. Everyone reached to Mankind, "O people, come shelter yourselves!" Shelter, nothing can shelter you except your Lord's shelter. You are free. The Lord of Heavens is never going to be happy when His servants are going to be sorry, and sorrowful. He likes mankind to always be happy and proud with their Lord's command, we are between heavenly beings and downstairs beings. They are just middle and Allah Almighty created Man by His Divinely Hands. That honor or any other honor can be granted to anyone after our Lord's respect to mankind. Divinely respect coming on you! You must be proud, saying that, "My Lord created me!" Endless honor, endless honor and glorifying to Allah Almighty to the children of Adam.

Why you are going to be sad? Why you are not going on the Right Path? To be (...) your Lord? Why you are running after (the) cursed one? O people, you are fighting each other, for what? If you are killing today, tomorrow you should be killed. No one going to be on Earth, and the Lord of Heavens (is) calling you, "O My servants!

Dom, dom, dom, dom,
O Mankind, asking eternity, eternity, eternity,
Dom, dom, dom, dom,

"Eternity," such a sweet word! Eternity, to be eternal, that is Heavenly promise to you! Why you are fighting, O man! To keep people to destroy civilization, ma'murat, why you are killing and destroying? Do you think you have been created for killing and destroying? Which holy book (has told you this)?

Calling you to kill or to destroy?
Oh Christians, Jewish, Arab, Muslim brothers,
which one calling you to kill and destroy and to harm people?
Lord of Heavens saying through
Old Testament, New Testament and Holy Qur`an
Dom, dom, dom, dom,

O my servants, be kindly be kindly
and generous and good ones to each other to you

because I like that from you and you are glorified through My creation
Dom, dom, dom, dom.

O our Lord, and us to take away Shaytan among ourselves, to be lovely to each other, to give our love to each other, to give our respect to each other, to give out health to each other.

Dom, dom, dom, dom,
Then angels coming to you, and looking,
and congratulations, Heavenly congratulations
coming, coming and angels giving to you
their congratulations to Mankind,
“You are so lovely, in Divinely Presence!”
Dom, dom, dom, dom,

You should hear so sweet singing and songs in the Divinely Presence, and then you should going to be like melted ones from the tasteful and sweetness of the Divinely Presence. Singings, whole angels coming the last day and they are singing, “Ooooohhh hhhuuuuuuuuuu, oh huuuuuuuuuu, huuuuuuu huuuuuu.” Allahu akbar, ya Rabbee! And we are saying Bismillah ar-Rahman ar-Raheem.

We are (...) entering Oceans, but people take
Dom, dom, dom, dom,
They are very happy! (Mawlana and Shaykh Hisham are laughing at the murids.)
Dom, dom, dom, dom,

(Looking up)

O our Lord! Send us Your blessing quickly, quickly, and save us from our egos. May Allah (be) dressing you. Bismillah ar-Rahman ar-Raheem. O Muslims, say by the Lord of Heavens, “ALLAH, ALLAH, ALLAHU AKBAR!” As salamu alaykum! O my brothers and sisters, who made you (the) human family. Be happy! Don’t worry, don’t be sorry, everything changing through your life or through life of Mankind on Earth, according to their treatments: for good treatments, bringing goodness, (and) bad treatments, bringing badness.

Dom, dom, dom, dom,
trying to be a holy servant, a holy servant
You should be happy for all eternity,
Eternity, eternity, eternity,
we are asking from Eternal One, Allah.

So sweet, love. I am never getting happy with European languages; only with that word, “eternity, eternity, eternity!” I am going to be melt with the sweetness of that word!

Eternity, eternity, eternity!
O people, come on us, eternity!
Dom, dom, dom, dom,
Ask from your Lord, “eternity, eternity, eternity!”
It is enough for you from pre-eternal to eternal!

So sweet (the word) “eternity.” No any other word affecting on my being. I‘m not saying only from my heart or my head or my physical body, but whole my being coming to be melted through an endless Ocean, that Ocean filled with sweetness! Pleasure. Therefore I am saying, “eternity, eternity, eternity!”

O our Lord! (We are) asking from You
to be eternal, to be eternal,
because You are Eternity,
You are an Eternal One, Eternal One!

Leave everything and sing with me (gestures to murids)
Dom, dom, dom, dom,
O our Lord! You are eternal,
and (we are) asking (for) us to be eternal,
But we are asses!
We are not sending,
We are understanding only to say,
“I like to be burned and to be ashes!”

Be careful! Wow! Wow!

(Mawlana asks Shaykh Hisham what “wow” means)

Therefore, all the beauties, Allah, Allah, Allah, Allah! All beauty, O Mankind, it is for you, through Eternity, Eternity. O our Lord, You are eternal, eternal, and love is eternal! SubhanAllah! We are going to change. I am weakest one, no value, but I am trying to put my ego under my feet, and to put Lord’s Orders on my head! O people, if you are asking to be happy, endless happiness, endless sweetness, endless honor, endless everything, please do (put) your egos under your feet! So that you should feed your real being that belongs to Heavens, O Man! Because you are a real being through Eternity! Try to, try to be to eternity. Leave destroying and leaving madness, leaving enmity and jealousy.
You should be like angels, angels flying by wings, but you are not in need to fly with wings, you are beings are going to fly through Eternity, O people! Come and ask the Ways of Eternity!

Dom, dom, dom, dom,
Dom, dom, dom, dom,
You should hear heavenly singing,
You should hear heavenly singing
Archangel Jibreel, Mikaeel, Israfeel, Archangel Azra`eel
And whole Heavenly Beings,
you should hear their singing!

O our Lord! O our Lord! You are blessing, only we are weak servants. Take away shaytans, their hands from Your servants, O our Lord! Ovoom, ovoom, ovoom, ovoom, ovoom, ovoom, ovoom! Seven times bombs are coming down on Shaytan, on his army. Heavenly attacks on Shaytan and his followers! Don’t worry, try to be good ones and you will be under Divinely Shelter. We didn’t speak anything! Half an hour (and) our association is dom, dom, dom, dom!

I am bombing
Dom, dom, dom, dom,
I am bombing

Dom, dom, dom, dom,
I am bombarding shaytans
and their followers' whole services!
As salumu `alaykum. Fatiha.

If (the) Pope hears this speech, he is also going to be astonished! If Shaykh al-Azhar hearing this he (will be) saying, "Subhanallah, subhanallah, subhanallah, subhanallah, subhanallah, subhanallah." We never heard this, don't think you know everything, or you know everything a weak servant is like .... Broadcasting on a radio. I'm not preparing anything to say to people, this is coming through Heavenly Ways. I'm going to make trembling, I hope that weakest servant of Allah when he says,

Dom, dom, dom, dom,
Iblis is coming like this, and coming like that
Don't be astonished, skyline Buyuk pilarlar.

Making high buildings to come down
to come on Earth, in prostration, and get up,
because of their Lord.
Allah, Allah, Allah, Allah, Allah, Allah, Allah!

Dom, dom, dom, dom,
Dom, dom, dom, dom,
O Beloved One,
O Glorified One,
All Your Honor,
we are happy and
all our hope is to Your Intercession!

O Sayyid al-awwaleen wal-akhireen.
Heavenly Master of creation,
O Beloved of our Lord,
O Sayyidina Muhammad!

(Mawlana stands)

## DOMESTIC ANIMALS

The animals that Muslims are using - either to help them. Helping animals that people need for themselves, particularly peasants in need, because cars do not go where animals may go. The Creator created animals - donkeys, mules, horses, camels, oxen - for such purposes. You can use all of them to help you. Some of them for eating, like hens, geese, turkeys and such domestic animals - you may keep them in Islam, you may eat their eggs, their meat. And those domestic animals may eat what we don't eat, so that never going to be waste - they may grow and it is a benefit for mankind. Everything from them is useful for the earth, for trees, giving more power to the earth. It should also be used instead of fertiliser.

But there is advertising against domestic animals that they shouldn't be kept. That is completely wrong. It is good to keep domestic animals. They support the economy of common people. They were happy with domestic animals - with their eggs, with their chickens. But now, everyone is asking to get everything from the market and because of the demand markets are going to be forced to prepare more chickens through using injections, by preparing food with poison. Therefore, I heard now that the flesh of thousands of bulls is thrown away, thousands of bulls and sheep are killed because they have some poison coming from their food. You know that in England recently millions of eggs were thrown away. What is the reason? One foolish rule prevents people from keeping domestic animals so then millions of eggs are wasted through organic

injections bringing hens to overproduction. That is harming people and the government is ordering the destruction of millions of hens or eggs.

Therefore, Islam is against such a thing and domestic animals must be given permission to be in every garden and English people may keep them cleaner than everyone, keep them all right. Every gardener must have a domestic family in their homes, but so many foolish people are saying they are being disturbed by the sound of cockerels - they are dancing until the morning and in the morning the hens are waking, the cockerel saying get up, and they are very angry with the cockerel. Keeping domestic animals will change the economic face and the health of countries.

Instead, do you think that dogs are cleaner than domestic animals? Now in Europe everyone has a dog, or two dogs, or three dogs, or four in his home - each family member has a dog. Are they cleaner than those animals? What are they saying? It is a kind of madness to keep such dogs and to look after them. Man is not created to be the servant of dogs. What is that civilisation in western countries. They are thinking that they are serving dogs, making themselves servants to dogs - what is the honour for mankind in western countries? Dog-servants - instead of being the Lord's servants they are going to be dog-servants. And they are saying they are the most civilised people. What is that foolishness? Is Jesus Christ saying, keep dogs and leave the Lord? "Keep dog, leave Lord!" - that is the slogan in western countries. Islam is against such foolish rules - preventing domestic animals and giving permits for dogs. Why? Dogs bring so many illnesses, dangerous illnesses. Why? Why is that mentality in western countries? Islam is preventing dogs, saying, don't let them approach your house, your home, your rooms, your place. If they are eating from a plate, you must clean it seven times, once with earth. And Islam is perfect.

Cats are all right, because cats keep away snakes, scorpions, spiders, mice. They are good guardians, but dogs never do anything, only shouting and biting. Shaitan is with dogs, always, but not with cats. Cats are good guardians and they are lovely for mankind, not dogs. You must keep cats. Every house must keep a cat, that is good - in the garden and in the home. But in our homes it is difficult for cats - you must give cats a chance to run away, through streets, in gardens, for hunting snakes, scorpions, centipedes. This hunting is important for cats, they are running after these harmful insects. And they look very nice, not ugly like dogs.

If you are looking at cats you are taking pleasure, but those dogs look terrible - leave them. I heard yesterday

that dogs are killing a little girl. Why are you keeping dogs? Twentieth century madness in Europe. And fish are good. It is all right to look after fish ponds. Birds are no good, it is no good to imprison birds. Islam is saying leave them, let them come to you by themselves. When you love birds, they will approach you by themselves - there is no need to imprison them in cages, it is no good. Islam does not accept to imprison any creature. You may keep parrots and from time to time you open the cage for them to have their freedom, going around and then coming and sitting backin the cage - parrots are happy then.

## Do Not Destroy Our Minbars!

Dastur, yaa Sayyidee. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Zid habeebika `izzan wa sharafan nooran wa suroora wa ridwaanan sultaana. Thumma as-salaamu `alaykum yaa anbiyaullah wal awliyaullah wa man tabiahum bil insaan 'ila yawm al-qiyamah. A`oodhu billahi min ash-Shaytani 'r-rajim. Bismillahi 'r-Rahmani 'r-Raheem! The Sword of Heavens, Bismillahi 'r-Rahmani 'r-Raheem, has been granted to us by the Lord of Heavens! Say it and don't fear, astaghfirullah! Thumma salaamu `alaykum yaa Saahib az-Zamaan! Thumma salaamu `alayk yaa Aqtaab, Awtaad, yaa Budalaa, yaa Nujabaa, yaa Nuqabaa, amidoona madadikum antum Saahib al-Imdaad.

This broadcast is to reach to everyone. It is not from Earth, but it is the broadcast from heavenly ones. Beware of being against this broadcast, or it may be your lives will be down or your life is going to be tasteless. Beware! Huuuu.

O People! Say, "We are weak servants." And I am an old and weak servant. The Lord of Heavens, by His Holy Command to His most beloved one, Sayyidina Muhammad (s), ordered that there must be successors in every time who are reaching something and giving something. It is a chance for addressing all Mankind on this planet.

O our Attenders! Marhaban bikum! As-salamu `alaykum. For this reason, try to be present and give a short time to attend. Perhaps a sign may come to you through this address, guiding you to a treasure of the Heavens that might lead you to be granted a heavenly crown.

O People! That chance has been granted to everyone; all may be crowned. Why are you losing that chance? In this world you may find only about forty people who have been crowned in this life, but the chance to attain those heavenly crowns is granted to everyone. There is not only one crown, they come daily. Those who will attend such heavenly markets may reach a different crown daily, and that is never going to be the same as yesterday's. Therefore, on the Day of Judgment, when the history of their life runs in front of them, people will see that for some days they were granted special crowns and for some days they were no, then they will be so regretful, saying, "Why? How did we lose it? We lost it for nothing!" but their chance is finished.

O People! Special crowns are coming from Heavens to Earth each day, looking to see if anyone deserves them; if not, those crowns are given to others. Also, these crowns are accompanied by heavenly keys that open heavenly treasures. Who are not present, those keys are not given to them and they will be regretful on the Day of Resurrection, saying, "Oh! We lost that treasure," but their regrets are useless. Those keys are not going back, but the holy order commands, "Give these keys to who are ready," then they will come to whoever are present for that sale, like buyers running to a sale in the market. Every day that opportunity comes. Why are you not attending?

O our Attenders! Be clever, open-minded, good-understanding ones, who daily give their most high glory to their Lord. You say, "I am so busy, there is no time for me to come to listen, to buy something." What is the value of the whole dunya? The Seal of Prophets (s) said in the Divine Presence, the value of all dunya and its treasures is not worth the wing of a mosquito! Why are you running, making excuses, "I am so busy, I have no time to sit and hear something." That means you are no-mind ones! Angels may say, "Ptuuh, spit on you, no-mind people, working with fertilizer and not looking that here there are treasures!" What is this? How are

you accepting to be such people who prepare fertilizer and leave diamonds, emeralds, rubies and jewels? How then are you saying, "We have a clever understanding." You are at such a low level of understanding!

O Salafi `ulamas! Don't blame a person or be angry with who is calling people to real, heavenly treasures. I am not speaking from myself, no! I know where my level is, but something that we are speaking on, you must say that. You are looking at yourself through a mirror that is showing man bigger than his actual size. Therefore, you are saying, "Oh! I am such a big one." You are not, so come to your real size. What is the real size of Man? Say! Wahhabi people are no-minded, never understanding, but you are saying you are `ulamas, so say what is the real position for Man to run after! Where is the honored throne of kings, why are you not saying? Who is going to reach a heavenly throne daily? Why are you not making them wake up? What are you teaching people? Are you teaching something, maa laa yaaneeh, useless?

People are asking what is going to be best for them, here and Hereafter. Here it doesn't matter, but Hereafter, which thing makes Man a glorified, honored and praised servant in the Divine Presence? Why are you not saying this, and you claim you are `ulamas! Wahhabi people are not knowing anything, except some useless opinions that never happened and which no one understands. They are against every good thing that has been granted to Mankind, which is being used for the honor of the Seal of Prophets (s)! Your enmity is on that point, and you are no-mind people! Do you think Allah Almighty needs something from His servants? No! But it is granted to the Seal of Prophets (s), and through him it is granted to his nation, ummat al-Habeeb (s)!

O People! Think about he Day of Resurrection, when so many people will be seated on thrones and the prophets will be on minbars! That is the honor of Islam, and no-mind Wahhabi people destroyed the symbol of the Jumu`ah khutbah in Haramayn al-Shareefayn, in Meccat al-Mukarramah! Why? It was an honor! They are no-mind people, turning endlessly in a circle but never getting out. Their understanding is at the point of zero! Now they are bringing a small chair, and the khateeb who is giving khutbah on the holy day of Jumu`ah stands and speaks. Why? What is the reason to destroy that minbar, which was five hundred years old? Manaabir, are mentioned in the holy hadeeth of the Seal of Prophets (s), that on the Day of Resurrection prophets will be on manaabir. Do you think that chair is a minbar? Why did you destroy it? You think you did your best, but you did your worst!

And `ulamas of other countries are silent on this issue, never speaking on it! Keep old things for reminding us of the `azhamat al-Islam, the Glory of Islam!. Everywhere throughout east and west there are manaabir, so how are you destroying this? If it is forbidden, then why are you not destroying Rawdah ash-Shareefah? Come and touch it! The first person to touch it (with ill intent) will fall down dead at that very moment, but they are afraid. Therefore, I am saying that minbars will be granted to prophets on the Day of Resurrection, and those who are following them will have chairs, thrones.

O Salafi `ulamas! Are thrones more honorable, or manaabir? Say it, for people to hear in the east and west! Thrones are for kings and sultans, but minbars are for prophets! On the Day of Resurrection you will find it, but for you there will be nothing! Salafi `ulamas will be made to stand, with no chairs for them to sit on, and that will be their punishment!

Now the Muslim world is sleeping! So many `ulamas in Egypt and throughout the east and west are silent, not reprimanding those Wahhabis in Hijaaz who are destroying the minbar and making the khateeb sit on a chair, so that they may push him and bring him like a handicapped person. There will come a time to build a minbar of gold, inshaa-Allah (swt)! You did so many wrong things, and Allah Almighty will give you punishment here and Hereafter, because you never protected the honor of Islam, of prophets, and of `ulamas! May Allah forgive us.

O People! Listen, think about what you hear and then obey! If not, you will be punished here and Hereafter. May Allah forgive us, for the honor of the Seal of Prophets, Sayyidina Muhammad (s).

Fatihah.

(38 minutes)

(Mawlana Shaykh speaks to Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

## Don't Ask How It Can Be

(Mawlana Shaykh stands.)

Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd!

This is our very humble glorifying for our Creator, the Lord of Heavens, Lord of Divinely Presence. If we may be standing up to the last day of our lives or up to end of dunya or from today up to eternal, it is nothing. We can't give any glorifying for the Lord of Heavens, but we are weak servants and we can only do this and He Almighty Allah is accepting. And we are giving glorifying and honors that He is giving to his Divinely Presence's servant Prophet Muhammad (s), alfu salaat, alfu salaam `ala sayyidi 'l-awaleena w 'al-akhireen. Raghman - in spite of those people who don't like to give to you glorifying and honor. We are against them; we are trying to give more glorifying to O our most beloved Prophet Rasulullah, Sayyidina Muhammad (s). There is a whole heavenly level where angels are giving their salutes to that most honored one in the Divine Presence, Sayyidina Muhammad (s). When he was passing that Night Journey, from that time up to eternal, angels giving to him much more salutes, saying alfu salaat, alfu salaam `ala sayyidi 'l-awaleena w 'al-akhireen. (Mawlana Shaykh sits.)

I am asking forgiveness from my Lord. the Lord of Heavens, not to be weaker up to the end of my life, to be

able to grant my most high respects to His most honored one in His Divinely Presence. And I am asking support from my master, my trainer. My trainer is teaching me, the master of this world, that is the line of adab - good manners. And I am saying, "O my master, support me!" Because I am knowing nothing. What it is necessary for me, servants... O Mankind, What it is necessary for him to say, he knows saraa'ir - the secrets of Mankind. He is the pole that is like the polestar, never changing. He also is never changing his positions. And for every time they are changing, but on same root. They are keeping the whole world and looking after everything. They have gigantic powers for looking out for this world and everything on it. They have gigantic powers, extraordinary capacity and ability for idaret etmek, managing everything on earth.

Someone may say, "How can it be?" It can be only by the command of the Lord of Heavens. He is dressing; if He is dressing even one atom, that atom may do. Authorized one. From whom authorized? From that one whom he is the most honored and glorified in Divinely Presence. Authority must be among nature, on this planet that we are on it now, but the dominions of the Lord of Heavens are countless. Dominions are always going to be according to the main center that is granted to Creation. Dominion. And through His dominions, countless creatures, never-ending.

Don't ask how it can be. Don't ask. As holy command, don't ask: ••• •••••••••• •••• ••••••• ••• •••••• •••••• •••••••••• - "laa tus'alu `an ashyaain in tubda lakum tasuuwakum - Ask not questions about things which, if made plain to you, may cause you trouble. (5:101)

That is an endless ocean, and no depth, no beach. Because it may be that you can't carry something that you are asking; it may give you some trouble through your minds and your minds can't carry. Then you should be harmed. Therefore, don't ask questions about something if it is not necessary. Don't ask. It may be terrible for you.

Therefore, when we are saying something, don't ask how it can be. You must believe that He is Almighty, al-Qaadir, al-Muqtadir. Qaadir is ability Almighty, endless. Endless. He can do everything. It may be that thing is impossible for you, but it is not impossible. Possibility is just a grant to Mankind on this planet. And countless worlds, countless creations, all of them are granted some possibility (they) may reach. But impossible things our minds can't carry, and they may give us harm, harming people.

Because the Lord of Heavens, you can't give a balance for Him and for His Divinely Attributes. They say for

something that may be, something a person can say and ask the Lord of Heavens, He can put this world through an atom's space. That is impossible for creatures, but for the Creator it is not something that is making Him unable. No. We are living in a world in which everything may be possible. But don't say, "Behind these possibilities, what is there?" Don't ask. No . That is giving you harm, harming you. Yes, one person may command this world from east to west, from north to south. Allah Almighty is dressing that one with such a power that you can't imagine. Such a small authority, to make this world under the command of one man.

Yes. I am always surprised when I am looking at a gigantic aircraft carrier. You may look and you are saying it is like an island under the command of a person. He is making his fingers like this (Mawlana gestures) and this huge aircraft carrier is making a landing. If we are thinking on it, we are saying, "Impossible!" if a person is never seeing such a big ship, a warship. And he may say, "Do you know that gigantic aircraft carrier, I am moving it myself?" He is saying "No, it can't be!" You are saying that he is only like you, a man. And like you, a man, one million can't reach the bigness of this carrier. Look how it is making its way to the right or to the left, under the command of that small creature. And they are saying, "He is captain of this ship, it is under his command."

If it is possible for a man to do that, what about the Creator? If He is dressing one person, he can be like an atom. And that smallest part of material is going to be like a man. And if I am saying this one is controlling this huge planet, you may say, "It can't be." Why can't it be? It must be! (Mawlana smiles)

Therefore, religious beliefs are giving Man always new horizons. They are giving to every smallest part of time, and they may give to that one such a knowledge and possibility for controlling this huge world. An atom can be able to control this huge world! Don't say it can't be; it can be possible. Possible! Impossible, no! In Divinely Presence, everything is possible. And beyond that possibility, we are knowing there are so many dominions of possibility. (Mawlana Shaykh raises his hands, breathes out) oh, oh, oh, Huuuuu.

(Mawlana Shaykh stands)
Therefore we are saying Allahu akbar, Allahu akbar, Allahu akbar, la ilaha illa Anta, Allahu akbar!!
(Mawlana Shaykh sits)

O People! Now we are reaching to the end of our period on this planet. Therefore, some new understandings

from heavenly ones are beginning to come on Earth like waves of power. And making even one weakest creature to give a warning. O People, we are reaching now, soon we are reaching to an end on this planet! Be prepared! Try to make your understanding wider, because in front of you there should be some happenings you are going to see, to hear, and to understand or not to understand. You must prepare yourselves, and it is not possible to know such a things from universities or high schools or academies.

No. Heavenly powers now preparing things. Urging people to stand up and look. Enough to be drunk with your material being. Prepare your heavenly beings. Stand up and look to see realities. Wake up! Such waves are now beginning to come. People may believe that a small instrument is speaking to them, some voices are coming and saying, "We are addressing to you, O Muslims from Western countries." They are saying, "Yes, it is possible." But they are not giving such a care that it is coming through the atmosphere. Such an instrument is giving a proof that this atmosphere is not empty. It is full with powers and countless lights ... of power reaching, coming up to this planet.

Widen your understanding that you may reach countless horizons of knowledge, heavenly knowledge through your spirituality. Your material being is going to be dust but we are taking from that secret, that through this secret earth going to be ... to do so many things, going to be something. But when you take that secret power, you are falling down, going to be earth. Therefore, there is no value, going to graveyard, finished. Waves are coming through our atmosphere, but beyond our atmosphere there are countless atmospheres. Don't think that this planet it is on emptiness. No. Emptiness, no. You cant find an empty point through space. It is not empty, but filled with strange waves, that one is never going to be the same as the second one.

This is all to prepare Mankind for the Day of Resurrection, or the Day of Judgment. How it should be dealt that day? It is going to open. Therefore, the Lord of Heavens is saying... Iqra kitabaka kafa binafsika alyawma AAalayka haseeban, (It will be said to him): ••••••• ••••••••• ••••• •••••••••• ••••••••• ••••••• ••••••• (17:14 - "Iqraa kitaabaka kafaa bi-nafsika'l-yawma `alayka haseeba - Read your book. You yourself are sufficient as a reckoner against you this Day." Al-Isra (17:14)

"Say what you are understanding through your whole life." What are you understanding? "O my Lord, I only tried to make my physical being to be happy. I was running for that only. I lived for my physical being. I left it

and I am coming to You." You are understanding nothing, you are ignorant. Time is over now. That is a preparation to all nations, to all religions, to whole Mankind. Listen and try to understand. And we are on the lowest level now, that is making me to speak. Don't think that it is too much, no. It is the lowest level of strange knowledge for the Creator's actions.

Actions, actions. O, this is an action from the Lord of Heavens, this world, and one day it is going to disappear and going through endless power oceans. As it was through endless Power Oceans from the Lord of Heavens, and He ordered '"Come and be ready for some creation of Mine to be on you and make them to live and to try to learn something for themselves." And the Reality that it should be opened for them, is going to be an entrance to reach another level of knowledge for understanding their Lord.

It is such a deep ocean. And as time is over now, (they are) making to make such a speech through one weak servant. Holy Qur'an is just giving every knowledge; everything that happened or should happen or should be happening.

•••••• ••••• ••••••• ••••• •••••• ••••••••• ••••••• •••••••• ••• •••••••• ••••••••• ••••••••• •••••••••••••• ••• •••••••••••••••
••••••••••• ••••••••••• •••••• ••• •••••••••••

hatta idha aataw `ala waadee 'n-namla qaalat namlatun yaa ayyuha 'n-namlu 'dkhuloo masaakinakum laa yahtimannakum sulaymaanu wa junooduhu wa hum la yash`uroona, "Till, when they reached the Valley of the Ants, an ant exclaimed: O ants! Enter your dwellings lest Solomon and his armies crush you, unperceiving." An-Naml (27:18)

The Lord of Heavens is saying that an ant is warning its tribe. Saying, "O ants take your care!" Take your caution because coming is the army of King Solomon, not to put his army's horses, their feet on you. Give way! And it is such a position now. The Holy Qur'an is giving an opening to some realities. That Holy Qur'an is an endless ocean. Endless oceans. Not one ocean, but endless oceans. Now is the time that a warning is coming from heavens. It was an ant speaking to its tribe. And this one that I am sitting here, the Lord of Heavens, not directly but through the pole of this world, is giving warning to people. O People! Hear that there is coming such strange and horrible, horrible actions. Beware! Keep yourselves! Keep yourselves away, not to make on you something that is coming to make you finished. Coming now fearful and horrible actions, wars coming....

And this is a warning to say, "Take care, take your protection, try to protect yourself." And you are looking and seeing that from east to west, from north to south, people are fighting among themselves. And this is a beginning, but very heavy actions, events, happenings are coming behind this. This is only like a windy air, but whole hurricanes are coming behind that. Take your care. Therefore, that instrument is making people to hear and to listen to some new understandings from the Holy Qur'an that Allah granted us. If not (listening), then they should be taken away. Hurricanes should take away. May Allah forgive us.

(Mawlana Shaykh sings)
Dome dome dome dome 8x

If you can hear beautiful singing,
your souls are directly running,
leaving your physical being
and running for that heavenly singing.

Dome dome dome dome 8x

You are our Lord! No doubt all praisings and whole honor and whole glory for You, the Lord of Heavens. (Arabic)? We are understanding on that level, but beyond that we are not granted yet. When we are reaching that last point of this level, another whole level is coming . Countless levels. O glorifying! O people come and listen! Enough running after that carcass. Carcass, carcass. We are only living to eat and drink and finally to see ... That is not honor for real being. O mankind take a little bit of care. O Pope, give morning and evening a declaration! O chief Rabbi, say about this issue morning and evening! O Muslims, once again you look at Holy Qur'an morning and evening, to appear to you such a powerful meaning and full of hope oceans and dominions!

(Mawlana Shaykh stands)
O our Lord! Allahu akbar, wa lillahi 'l-hamd! As-salaatu w 'as-salaam `ala Sayyidina Muhammad (s)! As-salaamu `alaykum O our listeners! Where are you? You are happy? You must be happy!
(Mawlana Shaykh sits)

Fatihah. (48 minutes) (Mawlana smiles)

Lefke, 21.10.2009

---

WebSufiLive, CategoryKnowledge

asks: I have this place for twelve years in the Naqshbandi energy, Shaykh `Abdul Wahid is making dhikr since two months. Do you have any idea how we can push the economy in this house?)

Fatihah.

(Translated from Turkish:) In the time of the Prophet (s), the Sahaabah (r) sometimes only ate three, five, or seven dates daily. They often had no money, but still worked to spread Islam. Inshaa-Allah, Allah will give you blessing and you will still do your job for Islam.

(English) Alhamdulillah we are not living for our stomachs or our physical beings, but we are living and working for Allah. If we are loving only who our Lord loves and we seek Eternal Life, we will not be cheated through this temporary life. Don't be cheated for this life! So many things cheat people in this world, but cheating is also from Shaytan.

We must try to be happy with our health, our worshipping, and our heavenly loves as today we are here, but tomorrow we may be under ground. No one will take anything from their gold, jewels, palaces or adornments; all will leave that and take only this body to their grave! Therefore, don't be cheated. Then our gardens, homes and palaces will finish. There is a time to be happy in them then no more, as that will end.

I was visiting Spain near Madrid, where Shaykh `Abdul Wahid and others of our brothers showed me a monastery from the time of Andalus. They later changed it to a monastery. As I recall, there was a big library of handwritten manuscripts, and they took me through that building and a bit further. The monastery was particularly established to provide a cemetery for Spanish kings. Underground we went, and there was a sign saying, "Be Silent," as we passed graves of emperors and kings. I said, "Allahu Akbar," then I entered.

It was a circular building and around it graves of marble of emperors and kings, all of them now sleeping in a marble grave. I asked our guide how they left their kingdoms or empires. Whereas yesterday they said, “We are kings, emperors!” today they are calling us, “Don’t speak! All of us were cheated by Shaytan! We forgot that at the end of our lives we are going to be in a marble grave!”

For what we are saying this to you, my Spanish sons and daughters? All of you are like my granddaughters and grandsons. Do not be cheated, and do not say, “This is for me, that is for me, I must claim this, I must buy this, I must take this.” No! Then you are like a dead person, finished. Put your hands here and renew your baya`.

Now one song for me; I am tired.

(Spanish sisters sing in Spanish.)

## Do Not Be Each Other's Enemy

As-Salamu Alaikum, O Muslims! May your day, month and year be blessed/mubarak. Pray/make dua for each other and you will find khayr/goodness. May you not treat each other as enemies, you will not find goodness. Those who divide people into two they don't find any comfort in dunya nor do they get saved in akhirat. Try to be a good one.
We are Muslims. And, our people are coming from Ertugrul Gazi- may paradise be his abode. Then, the factor that kept the Ottoman Empire up & standing was our people, under the title "Ottoman". The children, descendants of Ertugrul Bey, had been guided to Islam for 700 years. Therefore we had been a noble nation who raised the flag of the Prophet (sas) for 700 years- Nation of Islam, Ottomans. May Allah bless our ancestor's soul. Their fame & glory spread all over the world. They made the whole world respect Islam & they, themselves also respected Islam. They kept Islam high & up, and Allah Almighty kept them high & up. We built a victorious Sublime State/Dawlatul Aliya, everlastingly victorious! May Allah make it's glory high & may He (swt) not separate you & us from it's flag.

As-Salamu Alaikum, O servants of Allah! Our address to you is enough for today. Honour it & you shall be honoured also. Show respect to Islam & Allah makes you respected also. If you despise Islam, then you shall be despised & dishonoured also. Listen & keep the right path! We are Ottomans & followers, citizens of the

Caliphs who raised the flag of Islam- may paradise be their abode.

Be good ones. Wa Al Hamdulillahi Rabbi Al Alamin. Fatiha.

# Don't Be Like Animals

As-salaamu `alaykum. Ash-hadu an la ilaaha ilallah wa ash-hadu anna Muhammadan `abduhu wa habeebuhu wa rasooluh.

O People! Dastoor ya Sayyidee ya Sultaan al-Awliyaa. Welcome our brothers and sisters coming from long distances, from Far East, from Far west, from North, from South. All of us are coming here today for celebration one of most important holy days through the year. And its name is `Eid ul Adha, sacrificing `Eid today. Understanding? We are thanking our Lord that He created us and also giving His hidayat, guidance for us to know Him and to follow His holy commands.

We are living in a time that perhaps one percent, one through one-hundred, you can find perhaps one believing person in one-hundred. People running away to believe something. And people are occupied only for their stomachs and under their stomachs and nothing else; and that is animal's sifat, nature. Animals are living for two subjects, but we are over animals' level. We are animals from animals' world, but we have been honored to be deputies of Allah Almighty. Everything on this Earth, Allah Almighty is making under our command. Everything is just created to help or to serve Mankind.

But now, we are not thinking about that honor which the Lord of Heavens granted to Mankind. He never giving to any other creature (the station) deputies of Allah Almighty. Everything for Mankind, to help them and created for their service. Now people are saying, "We are living in 21st century." Yes, you may live in the 31st century, but if your whole characteristic is not changing, you are going to be an animal, animal, animal! When your character is going to be changed, there is a difference between you and animals. But if you are not making that difference between the animal world and human nature, you and animal's level are going to be similar. You are up and animals level is down. If you're not asking to reach your human level over, up towards Heavens and remaining as animals, you and the level of animals are going to be the same.

And that makes the Lord of Heavens, our Creator, to be angry with us. For example, if a king makes his son crown prince and that one is leaving his palace, leaving his honor and running on the level of common people, that king going to be happy with that one? Never. Allah Almighty created you and granting you a level that you can't find over it another level to be deputies! And now people are saying, "We are learned people." Spit on your reading and teachings of Shaytan. Shaytanic practices making people to come down to the level of animals. Why you are not knowing who created them? Who are you? If you ask a donkey, "Who are you, O my darling?" he will answer, "I am donkey." Ask, "For what have you been created?" and he will answer, "I was created for the service of Mankind."

Okay. Call one person now, from perhaps seven billions of people, and ask, "Who are you?" They will answer, "I am a man." Ask, "That is your knowledge about your identity?" He answers, "Yes. I am one member, my membership to be from human nature." Say, "Well done! What is your mission? For what you have been created? Say to me." He answers, "I don't know?" You say, "If I am asking a donkey, it is saying it is created to help Mankind, and you are not knowing for which purpose you are created? You are not knowing your identity? What is this foolishness? What you are learning from east to west, and north to south, at high schools and universities and academies? What are they teaching?"

That is their civilization. They are going to be so proud, thinking we reached top point of civilization! Animals are better than them. Allah Almighty is preparing a punishment for them. This century never going to be ended till such an unbeliever (is reckoned with)! Yes! Therefore, if you are beginning to sit until next Friday, my swearing never ending for those Shaytanic people.

Today it is `Eidu 'l-Adha. What we shall do? Sometimes I am making people to laugh! (Mawlana is very happy.) As-salaamu `alaykum. May Allah (swt) bless you and forgive us. Time is over and we must pray `Eid prayer. And some people among ourselves going to make slaughtering, qurbaan, sacrificing today. Alhamdulillah, today our imam is Shaykh Muhammad, and he is an honored shaykh, most quick for making people to listen and so you may move quickly.

May Allah (swt) forgive us and send us someone who can collect our hearts on real belief to Allah Almighty, and to be under his command and this world not too much time under it. O People, keep yourselves. Give your most high respect for our Lord Almighty Allah, so that He forgives us and blesses us!
Fatihah.

We are praying two raka'at, you must follow imam, then listen to the khutbah. Allahu akbar, Allahu akbar, la ilaha illa-Llah! Allahu akbar, Allahu akbar wa lillahi'l-hamd!

## Don't Be Like Stones or Rocks

(Mawlana Shaykh stands)

Allahu akbar, Allahu akbar, la ilaha illa-Llah. Allahu akbar, Allahu akbar, wa li' Llahi 'l Hamd! Dastur ya Rijal Allah! Madad ya Sultan al-Awliya!

This is our level to ask from holy ones. We can't reach the level of the Seal of Prophets; how we can reach Divinely Presence? Therefore, we must begin from first step then they may take us up. Alfu's-salaat alfu's-salaam. Countless salutes for you, O most blessed one, most honored one in Divinely Presence, only you Sayyidina Muhammad (s) up to Yawm al-Deen (Day of Resurrection).

Oh, we are weak servants. O holy Ones! Teach us that we can be able to destroy batil, false of Shaytan and those following its way. Shaytan down, Prophet (s) up. We are saying, a`udhu billahi min ash-Shaytani' r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Madad ya Sultan al-Awliya. O our master! Now the Holiest one who following the steps of the Seal of Prophets, we are asking your Heavenly support, spiritual support to make a weak servant to address whole mankind, doesn't matter.

(Mawlana Shaykh sits)

I must look (gestures with eyeglasses), where is Shaytan and his followers? When I am bombarding them, they are trembling. They are thinking that I have some power. I am powerless one, weak servant, but if we are using.... I am like an atomic bomb, atomic bomb!

As-salaamu `alaykum! Yes, and that is my mission...on Satanic forts and fortresses. Yes, O Mankind. How I can, swearing to you... and you have a perfection, no doubt. And I am saying a`udhu billahi min ash-Shaytani' r-rajeem.. I am trembling from the Day of Resurrection if my Lord, Allah Almighty, asks, “What you did with My servants?” If He asks me, I am trembling. Oh! That is the Day of Resurrection, that all prophets falling on their knees from the fear of our Lord’s anger! La hawla wa la quwatta illa billah, Allahu akbar.

Therefore, I am saying a`udhu billahi min ash-Shaytani' r-rajeem. I am also swearing at my ego, I am warning it, “Don’t run after Shaytan. Don’t ask Shaytanic works. Don’t accept Shaytanic ideas. Don’t ask, and don’t accept Satanic theories, and ideas!” (Mawlana Shaykh sneezes) O my listeners, I am sorry to make (sneeze), but it is out of our free will, you know. Not free will only on cars...now our cars going swimming; that means closing down engine and free will going. And also I am free will; (when I sneeze) I can’t stop it.

O my listeners, how are we today—happy? How much money, Mr. Jones? How much money, American people, you collected today? O bishop! How much money you collected or to where your steps stepping today your feet? Up and down. Which way you are doing something? You are thinking you are stepping. O religious people, including Wahhabis and Salafis (ha ha)! O, you are listening, and I am saying that I am a weak servant, but they are making someone to speak. Yes, I am nothing. I am nothing!

I am asking, O my listeners, from Christian brothers, and Jewish brothers and Wahhabi and Salafi people. I am not saying ... because they are not accepting me; they are making people to worship him. They are so ignorant ones. What is the differentiation between respect and obedience? Respect is to give worship. Worshipping is something else and respect is something else. But they’re mixing two things. They are saying if a person respecting second one, they are doing something wrong because respect only for Allah. No! Respect not only for Allah or Allah’s Lordship. You are not going to be most high respect; most high respect only may be creature. Cannot say most high respect. Respect is for creatures.

But they are not understanding, so stupid ones! That is mixing. If I am respecting someone, they say, “Don’t

respect!" What? Allah is respecting His servants, and ordering us to keep our respect to each other through holy commands and through all holy books. People of (other faiths) have been ordered to give their high respects to Sayyidina Dawud, to Sayyidina Sulayman. Are they doing wrong? That is Satanic way, making people now not to give respect one to another one. No, they are never giving glorification. Glorifying. No, they are not giving this. And the Lord of Heavens glorifying His most beloved one in the Divine Presence, "O My most high, most glorified, most honored, most blessed, most enlightened, and most beloved one, Sayyidina Muhammad (s)." (Mawlana Shaykh stands and sits)

They are no-mind people! My language is not Arabic, but their language is Arabic and they are not making a differentiation ta`abbud wa ta`dheem, takreem, between worship and between respect, because they never understanding from wisdoms. They are like trees growing through deserts, yes. O People! I am giving my respect to you. My respect to those whom they are giving their high glorifying to highest glorified one (s) in Divinely Presence. I must give to them my respect.

They think that this is munkar (evil doing?) That is their understanding. Through Knowledge Oceans, they are never taking anything. They are like stones in the oceans, never taking any drop of knowledge. They are inside. Big stones, they are not taking anything, even they are in the ocean. Not even (taking as much as a small creature) because those stones, no life. But who they are, they have life and secret of being a living creature, they are taking. So through whole Mankind, you can find millions of people, all of them now they are in Holy Qur'an Oceans, but there are 99%, they are like ... never taking anything from Holy Qur'an. To those people saying this, they are Satans, and followers of Satan. But there is something heavenly, heavenly, heavenly support for weakest servant, to speak, to address to them, with their machines. I am not trying to learn this also, never. But against them going to be witness. Ninety-nine percent of living people, they are not taking anything from the Ocean of Holy Qur'an, why?! Arabs, Turkish, Kurdish, Iranians! Why not taking? And whole people they are running after Western civilization, they are saying, "That is power, last target, to be one of Western people." What is Western people?

You are looking under their clothes and going to WC (bathroom)? How much you are following? And Islam is holy Order from heavens coming: be clean - dhaahiran wa baatinan - outward looking and inner looking. Now, like seven seas, seven oceans. Holy Qur'an (is) up! But people are not taking anything from Holy Qur'an because they are like stones, sakhrah, rocks and stones, never getting in it from Oceans. But because they are

dead bodies, they are not taking anything from Holy Qur'an; laa hayaata liman la tunaadee - they are dead materials, from stones and rocks. But living ones, they are taking from the Oceans of Holy Qur'an; taking and getting in existence. They are trying to do their best for their Creator, Allah Almighty, and giving most high glorifications for their Lord. (Their) tasbeeh is, "O our Lord."

Now, whole world's people are like stones and rocks, not taking. Islamic world, look from beginning up to end. Who taking orders from Holy Qur'an and saying that is orders from Holy Qur'an? Which country is doing this? Which countries? All of them asking to be (mimics), "tamocratical civilizations," and animals' dirt on their heads.

One person was very angry with second one, and unable to keep himself, sneezing on second one, "habshoo," and the second one saying, "Alhamdulillah, (it's) raining!" (joke) Everything they are saying also, "alhamdulillah, raining." (ignorance)

Come and listen what to Holy Qur'an teaching. Be alive! Only one condition for people to reach heavenly blessings is to be alive. And the sign of being alive is to take something from the Ocean of Holy Qur'an: if you are not taking anything, you are like rocks! No life for them. Laa hayaata liman la tunaadee. No life for them. Allahu akbar, O our Lord, You know best. Don't let our egos to be like rocks! We are asking our egos and to understand. And as Prophet (s) was saying, as he was writing his holy message to emperor of Byzantines, he was saying at the beginning, "aslim taslim -Come and accept Islam, open your heart to enter Islam; that gives you real life here and Hereafter."

That is Holy Qur'an's iqbal (informing). When Prophet (s) was calling them, "Come and accept holy life from Heavens," they are saying, "O Muhammad, (Mawlana Shaykh stands, sits) our hearts just locked. Nothing entering in it. What you are saying coming from here, going from there (in one ear out the other)...our hearts not accepting."

One of the best ones on earth, one day people looking and seeing him in the cemetery, and he was carrying a stick with him, and taking from the graves a skull, head of skeleton. Why listening if not understanding? Go away. People looking and seeing that is a blessed one. Always his heart with his Lord.

(Mawlana sings)

Allah Allah, Allah Allah
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Allah Allah, Allah Allah
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome, ya Allah!

Looking and seeing that, making a stick, taking that jumjuma, head of a skeleton and looking the place of the ear, putting stick inside. If not entering, throwing it away. Some of them, some other skeleton, trying also, making like this (mimics) and passing from one ear through other ear, throwing away also.

Some others, entering, but not passing through the other side. These taking with care and burying.

Some people asking "... what are you doing?" Don't ask.

"I am trying people."

"When they are dead?"

"When they are alive they are never coming to me, but I caught them through the graveyard."
"Ya `Abdu Rabbee, O servant of my Lord, I am trying what or which characteristic with that one. This stick I am making through skeleton's head, making through the side of the ear, and if not entering, I am throwing away. Some of them just entering and passing also second side, (and I am) throwing. Some of them I am putting, entering but not going out."

"But what does it mean?" they say.
"You are such a no-mind person, but (I will) explain to you. If not entering, ears were closed for listening to heavenly message. Leave it; throw it like in football (soccer)... SHOOT!"

"Second one that I am trying, entering fully, but getting out from second side. This also useless one, because he is hearing, and from one side entering, from other side running away."

"But SHOOT! Like in playing football. Shooting. Heavenly message getting inside but going away, useless."

"The third one whom I tried their ears, entering but not getting out. But heavenly message getting in, but not going out. Keeping holy messages from heavens and not getting out these are good ones. But how many like that?"

Pope and rabbis and Dalai Lama, the president of Buddhist people... I ask a question: how he (Buddha) was living, hearing, not hearing, keeping? Ask for them also. People never listening, or never asking to listen to heavenly messages, because satanic messages just filling everywhere, so how they are going to hear heavenly orders? fee quloobihim ghulfun (their ears are wrapped up).

O, so many people, their hearts just locked up. Nothing entering (and) nothing coming out also. Followers of Satan; mostly 99% of people are followers of Shaytan. Follow! Tomorrow look what is coming on your head! Saying, “O my head, O my stomach, O my heart.” You are closing your physical being for divinely message. Whom they are keeping their body in safety, and their understanding to be ...

O People! Whole world like stones and rocks through oceans. Don’t try to do anything, leave them. But I am sorry to say that Muslims being like those people, like rocks and stones, denying every spirituality in Islam, and Islam mixed up ... (cell phone ringing) Islam with spirituality. That making me to stop (phone), Shaytan ... because I am in connection with heavenly powers. Cutting line to come to me now, such a telephone. Shaytan making you to be trouble to me and trouble to people; don’t bring here such a thing! I am addressing to whole mankind, I am not playing here! (no cell phones in Mawlana Shaykh’s suhbah!)

You are not understanding that Islam full with spirituality. If not, (you) don’t belong to Lord of Heavens. Coming from heavens and Holy Qur’an full with spirituality to save people from the darkness of their material beings, and to take them to high positions in heavens. It is not for dunya, no! It is only for your spirituality, to make you (ascend) up, to be closer to heavenly levels!! O our Lord, forgive us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

Don't make us,
O our Lord,
like stones or rocks.
We like to reach
to Your Heavenly Presence
and Your strong support,
O Lord of Creation!

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

Once upon a time when I was in elementary school, they are teaching do, re, me, fusulye (beans), do, re, mi, fa, so, la, ti, do (voice scales in music), but now I am forgetting; don't blame me that I don't know music1 (smiling)

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

I am singing for my Lord only,

Allah Allah, Allah Allah
Allah Allah, Allah Allah

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

(47 minutes) Fatiha.

Allah bless whom they are listening, and give their respect to such a weak servant. Allah bless them. Who they are keeping through their hearts envy, they should be far away from me, here and Hereafter.

(Mawlana Shaykh speaks to Mawlana Shaykh Hisham and Hajjah Naziha on phone, extremely happy!)

## Do Not Be Proud for Man is Created Weak!

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.

As-salaamu `alaykum all Mankind from east to west, from north to south. Dastoor yaa RijaalAllah, madoona bi madadikoom. O chosen ones from Mankind on this planet, as-salaamu `alaykum! And we are requesting from your heavenly powers a support for addressing everyone who is asking to know something. Huuuuuuu.

We are saying a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. We are weak ones, but people are thinking they are powerful ones. That is their imagination, because Allah Almighty is saying, (Mawlana Shaykh stands), wa khuliq al-insaanu da`eefah, “For Man was created weak.” (an-Nisa` 4:28) (Mawlana Shaykh sits.) Allah Almighty is saying that Mankind is just created and they are weak ones. But Mankind is thinking they are much more powerful ones and they are such heedless ones. How can you claim, "I am a powerful one." How are you claiming you are powerful and running away from one virus that you can't see under a microscope? How are we saying we are powerful ones? But no-mind people are not thinking on it. We are maghloob, defeated in front of a virus. How are we claiming we are powerful? If you are powerful, catch the virus! (Mawlana Shaykh laughs.)

Once upon a time, Grandshaykh (q) told a story (that I will repeat now), because when we are saying something people are going to sleep. When I am saying a story, people are saying, "What is Shaykh saying? Sometimes he is speaking good stories, and we are pleased." Therefore I am saying, it is important, but our doctors are never going to be humble to say, "Once upon a time, there was an ant." (Mawlana Shaykh laughs.) Grandshaykh (q) was saying, once upon a time in Caucasus, one person who was selling clay pots was going to a village whose people were well-known that they are like idiot ones! (Mawlana Shaykh laughs.) Going on the way was that mule, and may be it was seeing something, making like this (jumping) and whole clay pots were broken, and saying, "Ohhh, what shall I do now? My whole capital is just finished!" He was beginning to think and cry, "Oh my capital is just finished and I am going to those idiot-ones." Then one shaytanic one was coming and saying, "Sit down and make it dust, fill sacks and go there."

He did that and went, reaching to those people. People were saying, "Oh welcome, what are you selling?"
"I am selling a medicine against fleas. I am bringing first class medicine against fleas."

And people were running, because there were so many fleas in that place and buying, buying, finishing. Then he was getting out and he was beginning to run as much as possible, but he was looking and seeing several people were also running after him and he was also much more running.

Then those people were saying, "O our fellow, don't run, we are tired, we are coming for you, don't worry."
Then he was stopping and coming down. "You, as-salaamu` alaykum."
"Wa `alaykum as-salaam. We bought that medicine that you are using against fleas but how can we use it? We are getting surprised, we bought it, but how can we use it?"
He was saying, "I am teaching you, yes. You may catch a flea, open its mouth and put this there, leaving and finishing."
"Very good way for using this. O thank you sir! Thank you sir!" and sending on doctors fleas, finished.

Now I am saying to our doctors, why do you fear from pig virus? Very easy, catch it, open its mouth, put poison and finished! Yes. But they are trembling, putting something like this, but from where going in virus? They do not know. Allahu akbar. Allahu akbar.

That is what we are saying and Allah Almighty is saying, "I created Man weak," but they are looking at

themselves and thinking they are such powerful ones. Where is your power? It is not power to have missiles or nuclear bombs, nuclear weapons, or nuclear navy. You have such power, why are you not fighting against the pig flu? We are weak. We are weak, but Shaytan always makes people to look and say, "We are such people that can do everything," giving them pride.

Therefore, everyone now is thinking that they are something, and they are nothing! And they are asking to fight the Lord of Heavens. They are saying that, "We are not listening to You. We are not following Your orders. We are free to do everything and we are not accepting Your commands." That is a shaytanic teaching, and the Seal of Prophets (s) was saying, "My honor is that I am a weak servant to my Lord."

But now people are growing up with shaytanic characteristics. They are so proud. They are so envious. They are so greedy for dunya and everything in it. And Shaytan is teaching them and saying to them, "If you are using such things, you will be forever in this life." And doctors are looking and making research, for what, to catch the secret power in Man. That is their main aim, to catch that secret power so that they are not going to die. That is also a shaytanic teaching, but we must try to understand that we are weak ones, because the Creator is saying, "I created Man weak." And when Allah Almighty is saying "weak," no one is reaching the limits of weakness that Man is carrying.

O People! Therefore, listen and obey, and follow heavenly orders. I am sorry to say that whole nations, whole religions, including Islamic religion’s people are running after dunya and asking to create a new dunya where no one is going to die in that new dunya. That is the limit of being proud and idiot ones. Yes, that is an important point.

We are sitting here, and they are making me to speak on such points that are pillars of our beliefs. We are trying to teach people to know something of Divinely Attributes and on which pillars our beliefs are sitting on. People now are building high buildings from concrete, and architects are looking, calculating that according to the height of a building they are using iron. For what? To carry that high building. They are not using one-centimeter diameter, looking and making it strong.

And we also, Mankind, must try to reach to such a strong base that he may build on it his beliefs. But people are not giving such things to people. They are speaking, speaking, speaking. Say! You are Azhar `ulamas, and

Salafi `ulamas, why are you not saying,

••••••• •••••••••• •••••••• wa khuliq al-insaanu da`eefah, "For man was created Weak" (4:28)?

Why are you not opening that holy verse, that you may fill hundreds and thousands of books with that holy verse? But they are not saying this. They are saying, "We have so many oil wells, we are not saying we are weak ones. We have gold, why are we saying we are weak ones? No, we are strong ones."

And that declaration is needed for Arabian Peninsula people. At the beginning of the 21st century, they had nothing with them, and through this they were humble people. And after Allah Almighty opened only a small way to think on it and to thank their Lord for what they have now been granted they are saying, "We are not weak ones." They are strong ones, mashaa-Allah, tomorrow you may see those wells are going to be dry and everything in the Arabian Peninsula is going to finish and then you will understand that the Lord of Heavens is able to do everything as He likes!!!

O mulook of Arabs, O rich ones from Arabian people, don't say, "We are strong ones because we have millions of timbers [bars] of gold and countless wells. No one can be able to make us down, we are always up and we are proud ones." Allah is looking, Allah is seeing, and Allah is giving His judgment on them, because Allah Almighty just granted to them so much richness, but they are not using it for the sake of Allah and they will be asked!!

Prophet (s) was saying, ••••• •• ••••• ••• •••••••• •••• ••• ••• ••• •• ••• Allahuma laa takilnaa ila anfusina tarfat `aynin, "O Allah! Don't leave us in the hands of our egos, and don't make a test."

We are weak ones, weak ones, forgive us and grant us from Your endless Mercy Oceans not to do something wrong that makes You angry with us, because heavenly anger is not easy, it may take everything.

May Allah forgive us.

As-salaamu `alaykum.

Lefke, 28.05.2010

**Don't be Proud of Your Worship Like Shaitan**

(not Full Suhbah)

(missing section)...saying "no,no,no,no," They never learned to say, "yes, yes, yes." Always saying "No! It is not true. No, it can't be. No, it never happened." They learned, Shaytaan teaching them only to say "no, no, no." For every knowledge, for every thing that written through holy books, and coming from heavens, they learn only to say "no, not true, no, no, no" because Shaytaan giving to them certificate. Certificate. And tying on their tails "doctor". Written on their tails "doctor". They have tail? Because they are saying they are coming from gorillas. Ay gorilla it has a tail, (imitates someone speaking in high voice) "but its tail is small one, this one must be taller, because what saying, tekamun it is something else. Evolution. First they were gorilla, now coming on." "Evolution coming and before their tail from here up to there, but now because going to be much more elegant, and their tales coming smaller, smaller and smaller and then they are saying, "O, o my brother. I am thinking that it is a wrong theory, that Darwin saying, because at the time of Darwin it has 2 metres tail. Now we finished (that time) and saying, "because Shaytaan's making circumcision making you from background. Very elegant creature! Creature. Ah! after a while, because you may be in need, because you are too much running, humm, and you may be in need more than two legs, four legs to run. That is much more elegant for you and Darwin should be so happy with you that your evolution going on. Perhaps after one century you should be kayak gibi, soyler, you need more than 2, up to 40 legs."

People's thinking is wrong because Shaytaan is giving its certificate to those idiot ones. Shaytaan, Satan, Devil, electing and selecting. Like Tamocracy, because people they are saying that everyone must, people running. "What happened?" "There is election." "Yesterday there was election". "Yes. Today there is election."

You must bring much more animal-looking people. Not understanding my English? Say thanks to Allah that

they are not such a certificated people from Shaytaan. That is teaching.
I may say. If anyone may do a reject on it, may come and I shall bring another new jihaz, instrument, come here. You too much running and no understanding reality from Darwin's theory, haaah! Therefore we must do a checkup on you. Really you are coming from your ancestors gorilla or not? Ay, for this we are in need two witnesses. From where we are bringing two witnesses? We must bring from animals world. Eh. One must be gorilla; second must be chimpanzee; another one to be orangutan. Yes? (from Indonesia?) From everywhere you can bring to make ape, to be witness that "that person he is from our level but he is running much more than ourselves, then he changed and never looking ourselves, but only their minds changed, their bodies, throw it away. Useless, their bodies."

May Allah correct our beliefs. O people! You have been created to be deputies of the Lord of heavens. That means you have an honor over every creature. Even angels they were hoping to be deputies of the Lord, Almighty Allah. but He said, "no, I am creating." But those animal-looking ones they are not accepting this and they are saying "we are coming from jungles of Africa or coming from gigantic forest of Argentina or another where, your continent you have also." (Indonesian has orangutans) Orangutan. A`udhu billah, a`udhu billah. O people! correct your minds. you cannot correct your minds til you are finding a shey, oncu, measure to measure yourself and to make a temiz, differentiate, defrenchate, among Egyptian people, Kurdish people, yeah. Yes. You must bring a measure, measuring. Not your physical being but we are in need a shey, meezan ni derler, balance, sometimes they are saying for cars you must do balance, you must look the balance is true or not. Before cars they must look to people's minds, how they are. Yes! Use balance for mankind first. Hear what they are saying. Listen. Now whole mankind without balance they are living and no-mind people, getting, coming, coming. All troubles for mankind now because of this, because they haven't any balance. But we are not going like cars to a making an instrument to look that balance, your balance must... now whole mankind without balance. They are living and no-mind people getting, coming, coming. All troubles for mankind now for the cause of this, because they haven't any balance. But they are not going like cars to a makinist, mechanic, to look balance. Your balance must be heavenly. The Lord of Heavens is sending some elected selected honored glorified servants, from heavens, to look and to see and to show people that your balance is wrong. Therefore now people they never like to be balanced. They are saying, "Everything we know. We are not in need heavenly blanace. We can do our balance." (If) You can do your balance then you are going to be like jungle people. Whole trouble on earth now is on that point. Heavenly

balance is in Old Testament, New Testament, Pslams. And now these aside 15 centuries and coming with the Holy Quran, the most glorified one, the most majestic one in the Divinely Presence. He is the chief for looking people's balances.

Use Shari`atAllah. Shari`atAllah, you know? The Holy orders of Lord of heavens to know about your balance, good or bad. Who are you? You may know that time. That is important.
O people! Come and follow holy Shari`at, Holy Rules, Holy Commands coming from heavens through heavenly ones to save yourselves here and hereafter. If not cursing should continue til no one remaining on this planet, all of them going to kill each other and finished.
