That is the sign of the Last Day, Qiyamat, that people should lose their balance and they are not going to be happy with heavenly balance and they are saying, "We are not in need of heavenly orders! We can do as we like and we can arrange our lives according to our minds. We are not in need to follow prophets or to listen to them or to obey them, we are free ones." Therefore freedom in Tamokracy, pocracy pasawanklar. Hypocrisy. (Everywhere there) is Tamocracy fighting. O people! Fight against Shaytaan! Keep holy balance that just had been sent before 15 centuries, you should be happy and honorable and glorified ones in the Divinely Present or you are going to be dirtiest one, more worse than Satan and its followers. May Allah forgives us.

O people! We are in a holy month, holy Ramadan. That it gives us a balance according to our maqdirah, ability. Keep it. Keep it. Put your power on your being to be our beings not from this world but you must ask heavenly beings in Paradise. Paradise is waiting for you and death is running after you.

May Allah forgives us. O our Lord forgive us. O our Lord send us someone's that they may do good shepherd on Your servants, to change their bad ways to good ways, from bad doings to best doings. You may understand, even my English is only little bit but you may understand what I am saying. O people! Come and listen to heavenly messages and try to follow it to be happy here and hereafter.

Allah, Allah, Allah Allah, Allah Allah `Azeez Allah
Allah, Allah, Allah Allah, Allah Allah Kareem Allah
Allah, Allah, Allah Allah, Allah Allah SubhanaAllah
Allah, Allah, Allah Allah, Allah Allah Sultan Allah

You are Sultan! And Your deputy Sultan on earth through creation, O our Lord, Sayyidina Muhammad (s)
(stand and all recite)
Allahuma salli `ala Sayyidina Muhammadin an-nabi al-umiyy wa `ala aalihi wa sahbihi wa sallam.
(some French people want to do a song for you.)
(Announcing: they are inspired by Quran from Alam nashrah laka sadrak, )

# O Mankind, Don’t be Troublemakers!

Suhbah after Salaat al-Jumu`ah

As-salaamu `alaykum. (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahuma salli `alaa Sayyidina Muhammad, Sayyidi 'l-Awwaleen wa ’l-akhireen wa `alaa alihi wa sahbihi ajma`een. As-salaatu wa-salaam `alaa jami` al-anbiyaa wal-mursaleen wa man tabi`ahum bi ihsaan ila Yawmi’d-Deen. (Mawlana Shaykh sits)

O People! As-salaamu `alaykum. Madad, yaa Sultan al-Awliya. Madad, yaa RijaalAllah. Amidoon bi madadikum. O People! Greetings to believers from heavenly people, for the honor of the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits) Allah Almighty has greeted him and his nation, particularly in this holy month and heavenly ones are also greeting the Seal of Prophets’ nation. If (anyone is) not accepting him as the Seal of Prophets, Sayyidi 'l-Awwaleen wa ’l-`Akhireen, Allah Almighty is never granting them to be prophets and every honored one in Creation is taking honor from his honor.

O People! We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.

This is a seating here in an unknown point on Earth and He, Allah Almighty, may do anything as He likes. We

can't reach a level to ask from Him directly; we are asking through His Only Representive (s), who is the crown prince. The Heavenly Kingdom is only for the Lord of Heavens (...) and the Seal of Prophets (s) is only one; there can't be two or three or more, no! He is only one in the known territories of the Lord of Heavens! When He is creating, the crown prince is knowing and (ascending in) the Night of Journey!

O People! We are speaking from spiritual points that we must believe, and we must try to make our belief more broad. In the Night of Journey, Laylat al-Mi`raaj, where the Seal of Prophets (s) reached, including that huge territory to where his power never reached, he, our crown prince, looked and saw himself! Allahu Akbar! (...) and they were running as a huge river.

He asked, "O Jibreel! Who are they?"

And he said, "O, Seal of Prophets! I have seen them, but since I was created running in such a way, I don't know the beginning or ending." A small spot in space that no one knows from where it is coming to where it is going. Allahu Akbar!

O People! We are ignorant. Mostly our lives never have any value.

O People! Try to stop troubles on Earth. What is the Lord's heavenly order for all of Mankind? I ask the Muslim world's `ulama, and rabbis, the Pope and all religious people the one question: what is the Lord's order for Mankind? “O My Creatures! Keep My orders and keep away from My forbidden things." That was the command from Allah to our people on this planet? It was, "O Human Beings! Try to be My servants, and say that I am the Creator Who created you! I am your Lord! Say this!"

First of all we must say, “O our Lord! We are Your servants!” That is the command for all of Mankind, "Be My servants and keep My oath that you will only be servants for Me." And what was the Lord of Heavens preventing? It was only one, also. The Lord of Heavens said, "O My servants! Take care, pay attention and keep it.” It is so easy and so short: “O My servants! First, say that I am your Lord and you are My servants, and second, that I am prohibiting (what is bad for you).”

Think on it. The Lord of Heavens said, "O My servants! Don't be troublemakers!" One word for all nations, "Don't be troublemakers!" Pttu on those nations whose citizens are troublemakers! What that person is

advising us I am not advising you. The Lord of Heavens is saying to the Seal of Prophets (s) and from his ocean, one small drop I am keeping, sending to advise all nations, "O People! O My Servants! I command you, don't be troublemakers!”

Shaytan says, "Don't listen; always be troublemakers to reach something from this life's treasures and imitated titles." Shaytan is saying this and the Lord of Heavens is ordering, "Don't be troublemakers." Did Moammar Ghaddafi listen to his Lord, Allah Almighty, or was he a troublemaker? Turkey, Egypt, Iran, Baghdad, and Afghanistan are the same, all troublemakers. No one among them is saying, "O People! We must keep holy orders and not be troublemakers!"

This is a very short advice, finished! Anyone who urges you to be troublemakers, kick them and take them away and don't leave them to be among you! Therefore, the Lord of Heavens said in His holy book, which is the last revealed holy book, said, "O My servants! Don’t be troublemakers! If you listen to Shaytan and obey him, you will disobey Me. Then I will send you to the the center of troubles and fire, taking you away to a hole of fire or to a black hole, finished!” Allah Almighty created them and will take them away from existence! Perhaps countless people that were not obeying their Creator by keeping His holy commands, who did everything against their Lord's orders, will be taken that way.

"O My creatures! Don't be troublemakers, but be good ones, as I keep good ones and bad ones I am throwing out and they disappear. However, you may do as you like: make a way for troublemakers’ schools, centers and academies; go there and I will bring you to a black hole, inside of which you will disappear!”

O Our Governors, Presidents and Leaders! Think on this short advice. If you are not listening and obeying, Allah Almighty has the power to send unseen armies to take you away.

O Mankind! Keep yourselves (clean) and leave being troublemakers, but be loyal and obedient to the Lord and keep your mercy for everything, even they may make me speak up to next week, next Ramadan, or up to the end of the world never finishing, but we are weak servants and I am a now a weak servant. I don't know if it is going to be my last Ramadan or more, only He knows.

May Allah grant you a strong a faith, to believe and follow orders, and to know they are holy orders; if not, you will be punished in a way that will make you unable, perhaps by cutting your head, hands, body, or

burning your body! May Allah forgive us and grant us, for the honor of His most beloved servant, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

I am weak and I am hungry, also. Therefore, I am tired, but as they are granting to me, I am speaking to you. May Allah forgive me, forgive you and grant you what He dressed His good servants, to be eternal ones in His Divine Presence, for the honor of the most honored one here and Hereafter, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

## Do Not Disobey and Blame It on the Will of Allah

Madad, O Seal of Prophets (s), Master of the First and Last Ones! A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. May Allah protect us from the whispers of the devil. Those are whispers, not realities; it is empty and corrupt talk.

Allah (swt) said:

••••••••••• ••••••••• •••••••• •••••••••••

Wa ’s-sama’a rafa`ahaa wa wada`aa ‘l-Meezaan. And the firmament has He raised high, and He has set up the Balance (of Justice). (Ar-Rahman, 55:7)

••••••• ••••••• ••••••• •••••••••• •••••••••• •••••••••••••

Allahu ‘l-ladhi anzala ‘l-kitaaba bil Haqqi wa ‘l-Meezaan. It is God Who has sent down the Book in Truth, and the Balance (by which to weigh conduct). (Ash-Shura 42:17)

There is a balance for the mind and a balance for the self. There is a divine balance and a devilish balance. Allah (swt) has put the balance to let people use it to distinguish between right and wrong. If the human being uses the balance of Islamic law that Allah (swt) sent down upon His Prophet (s), Prophet (s) says:

•••••• ••• ••••••• •••

Al-haraamu bayyinu wa 'l-halaalu bayyin. What is forbidden is clear and what is permitted is clear.

If the human being does not distinguish between right and wrong, then he is not sane and therefore not liable for divine judgment. If he can distinguish between right and wrong, then how can he blame his mistakes on Allah? May Allah protect us. This is not the balance of Truth.

Allah (swt) said:

•••• ••••••• ••••••• •••••••• ••••••• ••••••••• •••••• ••••••••• ••• ••••• •••••••••••• ••••••••••

Qul, “A`oodhu bi Rabbi ‘n-Naas, Maliki ‘n-Naas, `Ilaahi ‘n-Naas, min sharri ‘l-waswaasi ‘l-khannas.” Say, “I seek refuge with the Lord and Cherisher of Mankind, the King (or Ruler) of Mankind, the God (as Judge) of Mankind, from the mischief of the whisperer (of evil), who withdraws (after his whisper). (An-Nas, 114:1-4)

This Man, who claims to speak with the tongue of the devil, is free to take the road of evil whispers or the road of Truth. In this world there exists right and wrong. Can the human being distinguish between them? Yes. So why does he smoke and say that he has no choice? Did Allah Almighty say He left His servant to smoke? No. Man has will power like the steering wheel of the car: if you do not use it to direct the car, it is not right. Man says he is free. If you are free, use your freedom as you like, but Allah has given us responsibility and a mind. Any man who chooses to be like animals will not have will power like human beings. If there is no will power then humans are animals, but Allah has distinguished humans by granting them will power.

All this is devilish whispers! There are thousands and thousands of books and references in which people have written about devilish whispers. It makes people leave Truth and follow falsehood. Did Allah order you to smoke or forbid you to do so? Did Allah allow you to drink alcohol or forbid you to do so? However, you are arguing with Allah and going against His order. Those thoughts are not acceptable! Many no-mind people have spoken this way.

Allah (swt) said of them:

•••••••••••• •••••••••••••• •••• •••• ••••••• •••••••••••• •••• ••••••••••••••

Oolaa’ika ka ’l-an`ami bal hum ‘adallu, oolaa’ika humu ‘l-ghafiloon. They are like cattle; no, more misguided,

for they are heedless (of warning). (Al-A'raf, 7:179)

They are crossing the limits of Allah Almighty and that is not acceptable! Immediately the person is considered on the row of devils. I would give this man a cup of poison and ask him to drink it; since everything is from Allah (as this man claims), let him drink poison. If I give him honey, he drinks it. If I give him poison, he does not drink it. Why? What if I give him urine to drink? This man is naughty. Smoking is not allowed. Astaghfirullah.

O Allah! Have mercy on us and on our weakness. Please make us understand. Allah Almighty taught humanity.

••••••••••• • ••••••• •••••••••••

Ar-Rahmanu `allam a-Qur'an. (God) Most Gracious! It is He Who has taught the Qur'an. (Ar-Rahman 55:1-2)

For whom, for animals or humans? Who learned? Allah Almighty taught Prophet (s) and Prophet (s) taught humanity. There was one majdhoob (insane with Allah's love) scholar in Beirut; perhaps he has passed away. He used to read the holy hadith to those ignorant ones from Wahhabis and Salafis, and then started telling them, "Why you don't accept those ahadeeth? Did I bring them from my father's house? I am bringing them from the Qur'an and holy hadith. How you are refuting?"

The Qur'an and hadith are filled with trillions of oceans of knowledge that never ends! We ask that man, does he hear or not? He is saying that Allah Almighty ordered him to drown. Why do you throw yourself? Don't say Allah Almighty ordered you to throw yourself in the sea!

Wa min Allahi 't-tawfeeq. Tawbah. Many ignorant people destroy the faith of people. May Allah fight them!

•••••• •••• •••••••• •••••••• •••••••••• ••••• •••••••••• ••••• ••••••••

Wa qul, "Jaa al-Haqqu wa zahaqa 'l-baatilu inna 'l-baatila kana zahooqa." And say,"Truth has (now) arrived and falsehood perished, for falsehood is (by its nature) bound to perish." (Al-Isra`, 17:81)

We have the Truth and they have falsehood!

Fatihah.

May Allah cut the tongue of those who object so they cannot say a word! They are saying, “If Allah did not want me to do these actions, I would not be able to.” This is the talk of the devil, when he told Allah (swt):

••••• ••••••• •••••••••••••• •••••••••••• •••••• ••••••••• •••••••••••••••

Qaala, “Fabima ‘aghwaytani la’aq`udanna lahum Sirat al-Mustaqeem.” He said, “Because You have thrown me out of the way, lo! I will lie in wait for them on Your Straight Way.” (Al-`Araaf, 7:16)

The devil blamed Allah Almighty, astaghfirullah! No one can speak that way or their creed is the creed of the devil and tell them they are devils also, a`oodhu billah! The whole world understands this. Sayyidina Adam (a) did not say as the devil said. The devil said, “You have made me go wrong,” and Sayyidina Adam (a) said:

•••••• •••••••• ••••••••• •••••••••• ••••• ••••• •••••••• ••••• •••••••••••••• •••••••••••• •••• ••••••••••••••

Qaala, “Rabbana zhalamna anfusanaa wa in lam taghfir lanaa wa tarhamnaa lanakoonanna min ‘l-khaasireen.” They said, "Our Lord! We have wronged our own souls. If You forgive us not and bestow not upon us Your mercy, we shall certainly be lost." (Al-`Araaf, 7:23)

This is a very important distinction.

Fatihah.

## Don't Ignore Heavenly Warnings

(Mawlana Shaykh stands.)
Allahu akbar, Allahu akbar, laa ilaaha illa-Llah. Allahu akbar, Allahu akbar wa lillahi ‘l-hamd! Ilahi laka ‘l-hamd, hamdan dayman m`aa khuloodik, yaa Rabbi ‘ ghfirlana, w’arhamna, w’ansurna. waghfirlana ....yaa Rabbil-`alameen. Alfu salaat, alfu salaam.

Thousands and thousands of praisings and glory for Your, most glorified and honored one through Your Divine Presence, O our Lord, Sayyidina Muhammad (s). Zidhu yaa Rabbee `izzan wa sharafan wa nooran wa surooran wa sultana. Alhamdulillah w 'ash-shukru lillah from pre-Eternal up to Eternal. You are bringing us from nothing, to be in something in existence O our Lord! All Glory, all Praising only for You. (Mawlana Shaykh sits.)

As-salaamu `alaykum O our listeners. Listen for Allah (swt), not for me, no. Listen for His most glorified and honored deputy from pre-Eternal up to Eternal. O People, listen to him because that gives you honor. As-salaamu `alaykum, all Mankind, wa rahmatullahi wa barakaatuh.

We are beginning with the holy orders from heavens, which is ordering all Mankind to say, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. You must say this, mut`arrifan, admit that you are in need of heavenly

protection. Heavenly protection is coming to people on this planet through holy ones. It is a big grant from Allah Almighty to save His servants from falling into the traps of Shaytan. Therefore don't forget, first of all, to make the base you are standing on to be a strong one. Now this meeting is going to be under a heavenly protection. Therefore don't forget to say when you are going out of your home, so you may not to be cheated by Shaytan and its followers. When you are saying according to the holy command of Allah Almighty, a`oodhu billahi min ash-Shaytaani 'r-rajeem, "running to You, O our Lord." Running to you, means to run to those who are representing You. If a person is in need for petroleum, he is not running to wells in Arabia or Persia or America to take petrol. He is running to a petrol station. You can find a petrol station everywhere, there are more than enough. No need to reach oceans under the earth or oil fields, no. You can go quickly, putting what you are in need of.

Therefore when you are saying, "O our Lord, we are running to You," that gives to the Master who is directing this planet on its orbit, on its real limit. He is going to be there. Ask from Him, He is like a big depot of that heavenly power. Just as you are saying it, He must reach you. He has been ordered if anyone says "a`oodhu billahi min ash-Shaytaani 'r-rajeem," that One must reach you through His holy power. He must reach you, and support you, and protect you. Therefore, O Mankind, don't forget to ask protection and support against Shaytan and its armies.

We are following holy commands of heavens and that is our real target. That command only, "O Mankind, follow Heavenly command." Don't look at useless ways. Now in our days, people are asking some ways on this planet, but they (those ways) can't take you to your real target. Therefore, beware. Don't cut your relation with holy ones. Even if you are not seeing them or coming together (meeting them), you may come with them sometimes. But it is difficult to recognize that person, because they camouflage themselves. They are not showing that they have such a power. Therefore we are saying, a`oodhu billahi min ash-Shaytaani 'r-rajeem. We are also saying, bismillahi 'r-Rahmaani 'r-Raheem (Mawlana lengthens the recitation). An order is coming, "O Our servants, We are granting to you, bismillahi 'r-Rahmaani 'r- Raheem for defending yourself against Shaytan and its armies." That is a heavenly grant to you from the Lord of Heavens. It is granted when you ask protection to reach your real aim or target. You must use this, because on your way there are so many, qat`a tareeq, cutting ways, that Shaytan is coming.

Once Prophet (s), who had a stick in his hand, made a straight line on sand. He said to his companions:

“Look, this way (line), it is straight way; who follows this way should reach to his Lord’s Divine Presence with honor and glory.” Then he made such lines on right-hand side or left-hand side so many. The Seal of Prophets (s) is the teacher for Mankind. He was also teaching Adam (a) and all prophets. Chief master for all Creation, ins wa’l jinn, for Mankind and jinns also is Sayyidina Muhammad (s). (Mawlana stands.) In spite of Salafis and Wahabis, we are standing up for his honor, saying this straight line takes you to the Divine Presence. (Mawlana sits.)
You are looking and seeing so many exits. Exit, exit, exit, and through every exit there is one shaytan sitting and saying, “O our visitors, why are you going this way? Come this way, enjoy yourself and take a break.” That one is coming and taking a rest. There are so many stations for taking a break. Shaytan is calling, “O please come here, take a rest and enjoy yourself, such enjoyful centers here.” If you are saying, “I am in a hurry because I have a long way to go; my time is running and I must reach my real station before my time finishes,” then you are running and escaping from him. There is more decoration at another exit and Shaytan is saying, “O, break free, come and visit us and enjoy yourself with less price, cheaper. Come and sit one minute, then go.” When looking, that hook is carrying and tying that one and then quickly the manager of second break-center is saying, “Offer some drinks that he may change his mind, let him to drink.” When he is drinking they begin to say, “O we are very proud for you to be with us. Come a little bit more inside, you should find much more than this.” If he can save himself, more exits will come, one after another.

That is the biggest cursing that is coming on Mankind now. The teacher of prophets, of angels and of Mankind is Sayyidina Muhammad (s), and in spite of Wahabis and Salafis, we are standing up for his honor. Yaa Rabbee, O our Lord. The best teacher, n`aima 'l-mu`allim, teaching the straight way to Allah (swt). He is expecting His servants to come to His Divine Presence through these heavenly levels, to give them from His endless treasures, n`aimat, waiting for everyone to grant to them.

O People, where are you? Are you thinking of where you must go tonight to enjoy yourselves? Shaytan is waiting on so many exits to make you to drink from its urine. Tooba, good tidings for those who are not listening and staying out of the exits.

There is no rest, laa rahata fi’d-dunya; it is from prophecy, a knowledge that is thaabit, firm. Firm order or firm knowledge is given to people: “O People, don’t run after raahat, comfort, to take from this life’s enjoyments because this life is only based on trouble.” Therefore whoever is coming through this life must

use his mind. He must think, because thinking opens unknown meanings that comes from heavens to your heart.

The seal of Prophets (s) was teaching all of creation because all of creation is coming through his honor. He is coming to teach us lightenings, endless light oceans. O listeners, don't sleep and don't say, "We know this." You know nothing, as I am knowing nothing. Whoever is sleeping through such an association has been taken by a shaytanic hook, carrying that one to sleep aside. O People, it is a short time, it gives some power to your heavenly beings. Giving such a power from the Lord of Heavens so that you may be awake all the time and not asleep. Sleeping people are just carried away by Shaytan, who is giving injections to that one to sleep more and more. And he (Shaytan) is saying, "Sleep, sleep." It is mentioned through holy teachings from the Seal of Prophets (s), that a person was sleeping at night then awakening and asking to get up for night-praying, munajat, asking from the Lord. Shaytan is coming and covering that one with a blanket and saying, "We still have time for praying, sleep a little more then you can get up and pray." That one is listening to him, putting the blanket on. Later he awakens and looks, "O sunrise! What happened? I wanted to get up tonight for praying. Who covered me?" That is Shaytanic advise. And they are saying, "What happend to me? Tonight I had to get up. And who covered me?" And that Shaytanic is saying, "Oh my darling, I like that you take you rest. Now you may do. It doesn't matter."

Therefore, whoever is sitting and listening for a short time through 24 hours, some people beginning to sleep, and Shaytan looking to see which one is most heedless, saying, "This one is good for me, I must put my blanket on him." Someone saying, "Stand up, stand up! What is the Lord saying? Are you not sleeping all day?"

Look, listen. These are some living words that you cannot find through east and west because they are forbidden. Trembling and standing up. O People, beware of Shaytan! Allah (swt), yaa Rabbee! Give Your heavenly protection to Your weak servants. We are weak servants of our Lord (and this is a) warning, warning. We are loosing and we are going to be lost ones. What was he asking to reach through a short time? Therefore, Allah Almighty is always able to make our lives more than 70, 80 or more than 100 years or He may give us a thousand years (to live); it is not important. He only needs to say, "My order is that My servants may live on this planet 1,000 years."

The main purpose of heavens in making a short life for our physical beings is to reach something through our short life. It is reported through holy hadith of the Seal of Prophets (s), that when a person finishes his period on this planet, his soul and his body are taken to the cemetery, graveyard. On the Day of Resurrection the first question the Lord of Heavens will ask people is, “What did you learn?” The Lord of Heavens, who brings you from dust to a living one, will ask that on the Day of Resurrection, “As you lived on this planet, what did you learn?”

O People! We are coming here for learning, not to make enjoyment, no! The main purpose is to learn; that is the main target for Mankind. “What did you learn?” What are you going to say? “I learned nothing.” Blame on you at that time. Don’t sleep here!! Therefore, I am assigning to your ear: hear and look to the wisdoms through holy books and through Allah Almighty’s 124,000 special creatures, and look to all messengers from Heaven to Mankind what they are teaching you. You must learn this! Don’t run to learn something for this temporary life.

O People! Al-`ilmu bahrun. The Knowledge Ocean is endlessly deep and there are no beaches for it. Allah (swt) has granted to you such dominions. Try to learn something. May Allah (swt) forgive us! We were beginning to say, la raahata fi’d-dunya, “No one fully taking rest through this life.” It is such a short time. The straight way giving you a kind of rest, but if you are using exits on the straight way, you will be troubled. You will fall into such countless positions, countless crises, countless, unexpected and disliked things. Every day is passing on you and the main question is, are you running on exits or on the right path of Allah (swt)? All the trouble that Mankind are tasting is because they are running through exits. Therefore, more and more trouble, crisis, and suffering are coming on themselves.

O People! Hear, as I am trying to hear. Hear and obey! This is a heavenly warning, making such a weak servant to speak to you. The Lord of Heavens is able to make a stone or a tree or a donkey speak to you; it is not difficult. But He is making someone speak to you, so try to understand and think on it. As-salaamu `alaykum.

(Mawlana Shaykh sings.)

Dome, dome, dome, dome,

## Don't Leave the Dhikr (Remembrance)

(Mawlana Shaykh stands.) Dastoor yaa Sayyidee, madad. Madad ya RijaalAllah. La ilaaha illa-Llah. La ilaaha illa-Llah. La ilaaha illa-Llah, Sayyidina Muhammadun Rasoolullah. Alfu, alfu salaam. Alfu, alfu salaat `alayka, yaa Sayyidi 'l-awwaleen wa'l-aakhireen. Ishfa` lana yaa Sayyidi 'l-awwaleen wa'l-aakhireen. (Mawlana Shaykh sits.)

Dastoor. Thumma salaamu `alayka yaa Qutb az-Zamaan, yaa Qutb al-Mutassarif. We are giving our salaams on the Qutb az-Zamaan, Qutb al-Mutassarif, because he was looking for everything on this world and he must reach from everything to everything on this world, he must reach. How can he reach? Who is making or granting him to be the pole of this world, He is granting to him a power that he should be able to reach everything on this planet, and we are asking from him, humbly, for a heavenly support because we are in need. We are so needy for heavenly support now. We are saying a`oodhu billahi min ash-Shaytaani 'r-rajeem, that is destroying, kulla Shaytan!

When you are saying a`oodhu billahi min ash-Shaytaani 'r-rajeem that is a heavy bombarding on Shaytan's forts, making them down. Therefore, O people, if you are feeling some fear through yourself, say a`oodhu billahi min ash-Shaytaani 'r-rajeem, because the main purpose of Shaytan is to make everyone to have a bad way of thinking or bad feelings. Shaytan is reaching people to make them unhappy, to make people always

have sorrow and grief. Tawba, astaghfirullah. He is trying to make people fall into fear and bad thinking, bad conditions for people. Oh! Now we are saying a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem: that is our sword. We are taking it up! When you are one true one, when you are saying bismillahi ‘r-Rahmaani ‘r-Raheem, you can kill Shaytan and its followers and supporters. Therefore, say bismillahi ‘r-Rahmaani ‘r-Raheem!

There is a heavy knowledge that makes our hearts to come in a comfortable level. When we are saying bismillahi ‘r-Rahmaani ‘r-Raheem, it is taking and quickly putting us on a good level. Angels taking that person and putting on a plane, on a level, and when coming on it he is going to be in safety, and his feelings just changing. That is important for saving people. That is the Prophet’s (s) knowledge that he had been granted and he is the only one who can give some chosen ones or selected ones that knowledge, the Seal of Prophets (pbuh).

Oh! As-salaamu ` alaykum our listeners from whole nations! You may listen, and you can reach a safety here and Hereafter. If you are keeping what you are hearing, you may reach to a level and then another level, that from level to level you are going to find yourself in such a pleasure, through enlightenment. Yes, we are saying now.

O People! Listen, open not these ears, but open your heart’s ears. Let your hearts listen to some holy knowledge from holy people. Who are holy people? They are who have a relationship with heavenly people. O People! Then ismaa’, hear and listen and do what the holy command is ordering you to do. There is news from the Seal of Prophets that for everyone there is one Shaytan, waswaasi 'l-khan-naas, it is mentioned through the Holy Qur’an al-Kareem:

••• ••••• •••••••••••• •••••••••••

Min sharri 'l-waswaasi 'l-khan-naas, From the mischief of the whisperer (of evil), who withdraws (after his whisper). (114:4)

When a person is sitting and doing nothing, Shaytan is coming closer to that person and as there is the trunk that an elephant has, Shaytan’s trunk is coming like this when he is looking and seeing a person sitting like this. Shaytan is saying, “It is a very suitable time to carry that person to run after me.” He is coming and

looking, “Oh, he is doing nothing and he is thinking, saying to others that he is in a good condition, thinking to do something that gives honor to him here and Hereafter. But look! Now he is heedless. It is time. Come, my helpers, quickly each one of you put your trunk in that one’s heart.” And everyone begin to give that person different sounds and singing, and he is prepared to follow Shaytan because he is a heedless one. Shaytan is making his children and followers to speak or to throw through that one’s heart such a thing that never happened. He is running in it and enjoying.

If a person has a relationship to one holy one, he may say, “O my master, please reach to me. Now I am in a difficult position. My heart is just upset.” When a person who is an awakened one is feeling this and calling on some holy ones, “O my master, reach me quickly and save me from Shaytan’s attack. He is just putting his trunk through my heart. I don’t know what I am doing, or what I am thinking, making me forget Allah, making me forget His most glorified and honored one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.) I am in such a bad condition. O chosen ones, O awakened ones! Reach me with your spirituality, with your spiritual power and save me from Shaytan’s attacks!” Then they may come.

That is the Prophet’s (pbuh) meaning of his holy hadith, that if a person is going to be with his Lord, he is going to be with Allah, saying, Allah, Allah, Allah, Shaytan comes back, comes back, comes back, asking to escape. When saying, Allah, Allah, Allah, Allah, Shaytan can’t be able to come to that one’s heart and to make that one to be heedless and not knowing his Creator and giving the highest respects to his Creator. When saying, Allah, taking his trunk back and running away! When looking at a person who is not with his Lord, his Creator, Shaytan is coming again and making its trunk through the heart of people and they will forget everything and lose their feelings and good understanding; they are finishing from him.

But when that servant is saying, Allah, Allah, Allah, Allah, Allah, Allah `Azeez Allah, by tongue or through his heart, Shaytan is quickly taking its trunk and running away and looking, looking like this. If forgetting, not making dhikr for his Lord and his Lord’s much more respected and honored one, they are putting his trunk through that servant’s heart and throwing in it every dirtiness as garbage! With Shaytan, ohhh, countless garbage is being put in that heedless servant’s heart and he is getting to be in unrest saying, “What am I doing? Where am I now? What is this heaviness on my head and my shoulders?” But he is never thinking that Shaytan is putting that dirtiness or garbage on his heart. He is running from the east to the west to find something to save himself from such dirty thoughts, and asking to be a rested one, but he can’t do this.

He is going and running to a psychiatrist! They are giving him one handful of tablets to make it a much more difficult position. People who are going to psychiatrists, his or her situation getting worse, worse, worse. It is not something from material disturbing, no, it belongs to our hearts, it belongs to our souls. If you are asking to be treated with material things, this can't be, can't be! Therefore, there are some people who may reach you and give you something, saying, "Close your eyes and don't move for five minutes. Look to your heart and through your heart say, Allah, Allah, Allah. Try it. There is no other recipe. No, there can't be. Those who are taking a handful of tablets and such things, they are giving some benefit, but they are giving more trouble to that person.

Therefore, O Salafi `ulamas, why are you not saying to people, to say through their hearts to make dhikr and to say this, "My heart is working now, not my tongue. My heart is saying, Allah, Allah, Allah, Allah." If your heart is not saying Allah, it can't be tuk ,tuk, tuk, tuk, tuk (beating); no, that person will die. If it is not doing that dhikr through his heart, that person will die; finished. Therefore, Shari`ah is to say fadhkuroonee. (Allah is saying), "O People! Do the remembrance of My Holy Names. I am your guarantee. There will be no problem for your physical being or around yourself there should be no trouble." Kun ma` Allah wa tooboo 'ilayh, "Be with Allah and repent to Him."

What are you saying, O Salafi `ulama? We are saying to people, "Do dhikr," and you are saying, "Dhikr is bid'ah, you can't do it." How we can't do it? What is the reason, if there are coming together 10 or 100 or 1000 people, and we are saying, Allah, Allah, Allah, Allah. Allah, Allah, Allah, Allah. Allah, Allah, Allah, Allah? What is wrong if we are saying this alone or in jama'ah? What is the reason you are preventing it?

How many kinds of bid'ah are there, do you know? In Shari`ah there are two kinds of bid'ah. There is one bid'ah sayi'aat and one bid'aatu hasanaat. Why are you preventing dhikr? If people are sitting around Ka`aba Mu`azamah or Rawdah Shareef and saying, Allah, Allah, Allah, Allah. Allah, Allah, Allah, Allah. Allah, Allah, Allah, Allah. Allah, Allah, Allah, Allah. Huuuuuu, what is wrong? What is wrong? Look at your people through parliaments; beginning from morning up to evening they are speaking countless speeches! Why are you not preventing them and why are you not saying, "This is bid`ah wa haraam?" If a person is saying as-salaatu wa salaam `alayka, yaa Rasoolullah, you are saying it is bid'ah, haraam. Or if a group of people are sitting around Ka`aba Mu`azamah, why are you preventing that? From what book are you getting this? From

where are you learning this? It is not true knowledge.

In a Hadith Nabawi ash-Shareef, the Prophet (pbuh) is saying that if a person is saying through his heart, Allah, Allah, Allah, Shaytan is running away from his heart. If a person leaves saying, Allah, Allah Allah," Shaytan is coming and putting its trunk in his heart and he is beginning to call, "Shaytan, Shaytan, Shaytan, my Shaytan, my friend, O Shaytan best friend for me." They are accepting this and they are saying anything? But those who are saying, Allah, Allah, Allah, Allah. Allah, Allah, Allah, Allah. Allah, Allah, Allah, Allah SubhaanAllah, Huuuuu," why are they preventing this? The Prophet (s) is saying that if a person is going to be heedless, Shaytan is putting its trunk through that one's heart and making tawshish, cheating and putting another dirty thoughts through that one's heart, and that one is going to sink under the Oceans of Heedlessness.

O People! Hear, listen and obey! Try to give much more time for dhikr. Dhikr is one of 54 fard, obligations. When you are taking this away, there are only 53 remaining. When you are getting it to be down, getting it to be less, then your imaan, faith, is like a hole protecting who is in it, then you may fall under ruins when you leave saying, Allah, Allah. Whoever is saying, Allah, Allah, Allah, Allah, is going to be in safety here and Hereafter. Fire is never going to burn who is saying, Allah, Allah, Allah, Allah. Allah, Allah, Allah, Allah. Allah, Allah, Allah, Allah. Allah, Allah Aziz Allah. Fire is never approaching them. Nothing is disturbing that person. It can't disturb.

O People! O Listeners! Give time for dhikr of Allah, Allah, Allah. If you would like to live a happy and an honored life, through this life and the Next Life, do much more dhikr! Say:

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah

Make dhikr. Every heaviness that is just put on your shoulders through shaytanic thoughts and thinking, they are going to melt and give you your original creation. Our original creation that belongs, one of it is here for this life and another one, our real being, it will be dressed on those who were with their Lord the whole of this life, and they are coming to the Day of Resurrection with a dress that is honored; a dressing in which they will reach a high, respectful position here and Hereafter. If you are not doing, you know, you know!

This is only a short and humble association. You may reach up to morning or you may reach up to evening, or next week. This gives to you which thing that you are needy through this life and how you may reach a heavenly honor through this association.

May Allah forgives us.

O people, as-salaamu ` alaykum! O listeners, don't be heedless. Be awakened. That is your honor. As long as you are awakened, you are going to be dressed in the dress of honor, and as much as you are doing dhikr, also you are going to be dressed in honor in the Divine Presence. May Allah forgive us.

O People! Try to clean you hearts from this dunya's dirty aspects. What have you been granted from your Lord and have been given for your Lord's honor, for that you are going to be made happy here and Hereafter.

Dome Dome, Dome Dome, Dome Dome, Dome Dome 4x

O Allah! Forgive us for the honor of most distinguished one through the whole of Creation, Sayyidina Muhammad (s)!

Fatihah. (Mawlana Shaykh makes du`a.)

(45 minutes)

(Speaks with Mawlana Shaykh Hisham on phone.)

## Don’t leave your Lord’s Blessings for Dunya!

O people, we are saying: Audhu bi-llahi mina Shaitan rajim, Bismillahir Rahmanir Rahim.

Allah Almighty sharafana, (is) giving honour, endless honour, for us and (is) granting from His endless Mercy Oceans. That He granted us to say: “La ilaha ill-Allah, S. Muhammadun Rasulullah sws” and He is just granting us to be able to say: “Bismillahir Rahmanir Rahim.” Bismillahir Rahmanir Rahim. That is the key of whole Mercy Oceans: to say: “Bismillahir Rahmanir Rahim”. Bismillahir Rahmanir Rahim (is) opening all Mercy Oceans and (then there is) running on us divinely Blessings. We are asking forgiveness through these holy days, through this holy month Dhul Hijja, asking from our Lord to grant us to be visitors of His House of Lord, (the) House of (the) Lord, Baitullah. To be for a visiting even once through ourlife that is the key of Paradises. Who may visit that holy House, (the) House of (the) Lord, and finally he must reach Allah Almighty’s Blessings through eternal life.

O people, Dunya is nothing! Try to be honoured here and hereafter; don’t leave your Lords Blessings for Dunya! Dunya (is) nothing! Dunya it is not our final target, no! O people, I am sorry to say that now whole nations, whole mankind, (is) running after Dunya, asking to reach some more from Dunya. That is very sorrowful for mankind and we are looking and seeing

that mankind they are doing their worst; instead to do their best (they are) trying to do their worst for everyone. That is not a real position or real target for mankind. Allah Almighty He created mankind to be for Him obedient servants, not to leave Allah Almighty's divinely servanthood and (to) run after Shaitan. It is so simple for whole divinely Messages. Whole Messengers (were) coming only to teach mankind what is their missions through this life, what they must do, how they must live. Two things. One: Allah Almighty (is) asking from you, o mankind, to keep our promises that we should be His servants (that) we shall try to keep His servanthood.

Before everything you must think (on this) first target, (on this)first final asking, your final, what you are asking from Allah: to be His servants, to keep His servanthood. Before everything you must try to complete His servanthood first. And then, (there is the) second order for your mission that through whole Messages, through (all) Messengers (is) reaching to mankind. One (is) to be obedient servant for their Lord, and second to be, to do their best for everything. First for mankind: you must try to do your best for everyone, particularly for man. Then, that Allah Almighty created countless creatures and we have been ordered also to keep every creature, not to give or to make them unrest or to make a bad action. Allah created (them) and He knows for what He created (them), nothing (is) created without a wisdom. Everything (is) just created with some reason and everything (is) just created to do its best for mankind, so that mankind just had been ordered to do their best for every creature.

O people, it is so easy what heavenly Messages (are) giving to whole mankind. Names it is not important! To say: "I am Muslim" or "Christian" or "Catholic" or "Protestant" or "Orthodox" or "Jewish" - that title it is not important! All of us (are) from Adam and Eve and everyone must keep their honour as a man, Caliphs of the Lord of Heavens, Deputy. The highest honour (is) just granted to you and you must try to keep that honour with you, till (you are) reaching to (the) divinely Presence or your Lord, the Creator, (the) Lord of Heavens. (It is) so simple, but people (are) making so many things and they are not understanding, what they are doing and mostly they are trying to follow Shaitan and shaitanic ways. Or (else it was) so easy our creation, for what we have been created: to be servants and to do good ones

(actions) for every creature through creation. O people that is the ta'alim, heavenly Teaching through Prophets to everyone living that they are running on (the) wrong way. Who is going (the) wrong way, must be punished.

O people, try to keep your honour here and Hereafter, you should be honoured. Try to do, to make most important, most glorified works, (so) that you should be through (the) divinely Presence, to be a glorified servant. Don't forget your servanthood! If you are not forgetting your servanthood, you must try to know the Lord Almighty's Lordship. He is the Lord and you are servant. Don't try to pass in front of this limit! That is your limit, to stay on the level of servanthod. Don't try to claim that: "I am going (to be) something", no! Only Lordship (is) for Allah and servanthood (is) for you.

Don't claim (anything) with such a 'uydurma', imitated titles. Don't think that imitated titles (are) making you to get up to the level of Lordship! Ha sha, Astaghfirullah! Lordship (is) for only one! No one, (not) even Prophets, (are) saying: "Just I reached the level of Lordship." No, you can't say this, you are only (a) servant. Lordship is only for one: "Qul Huwa-llahu Ahad." No second one. That is making people to lose their ways, to lose their targets, to lose their honours. Try to understand! That is not my speech, but from heavenly Support, making a weak servant to address whole nations, whom they lost their ways. They lost that they are only servants. (A) Servant may be in (the) presence of a King or Sultan or Emperor, (he) may be closer to (the) Sultan, but he is never going to be Sultan (himself). Understand?
This is a 'tablig', declaration, (a) divinely Declaration for saving people from coming terrible terrible events. Who is asking to be save through dangerous and very terrible events, who is asking to be sheltered here and Hereafter, they (he) must try to leave imitated titles and he must try to know that he is only a simple servant and servanthood (is) never bringing a person to Lordship. (It is) only for Allah Lordship.

O our Lord, send us (someone) who may teach us who we are and for what we have been (brought) in existence and how we should be sheltered here and Hereafter! For the honour of (the) most honoured servant in Your divinely Presence S.Muhammad sws. Allahumma salli 'ala S.Muhammdin nabiyi-l ummihi wa 'ala alihi wa sahbihi wa sallim... (Don't try to get up?)

to Lordship. Just keep down! Who is not keeping his station, should be kicked down like Shaitan! Try to be like the Seal of Prophet S.Muhammad sws. That Shaitan wants (?) you to be like him, himself, and just he fell down. No honour for him here and hereafter.
May Allah forgive us and shelter us here and hereafter. For the honour of (the) most honoured one in His divinely Presence S.Muhammad.

Allahumma-sqina gaitha suq ya Rahmatan wa la taja'lna mina-l kanitin... fansura 'ala anfusina... ya Arhama Rahimin, ya Waliyu, ya Hamid, fa'alu li ma yurid, fansurna 'ala-l qaumi-l kafirin... Anta-l Karim, ya Rahim, Anta Rahim, ya Murith, Anta Murith, ya Ghiyatha-l Mustaghithin... ya Shafi al Ummah, ya Shafi al Ummah, ya Shafi al Ummah... Fatiha!

# Don't Let Yourself be Imprisoned

(Deutsch: LassDichNichtEinsperren)

Al-Fatiha!
Allah Allah Allah Allah
As-salamu `alaykum!

[Someone in audience says to Mawlana Shaykh "Mu'azzam" (honored one)]

Mu'azzam.

As-salamu `alaykum! How much times you are saying "As-salamu `alaykum," has a rahmah. Everytime that you are giving salaam, you are raining from Heavens blessings. Therefore, don't worry use to say As-salamu `alaykum.
O our Lord! O our Creator! [Mawlana Shaykh stands] You are the Lord of Heavens and we are giving our best salutes, all glory, whole praisings for You. O our Lord, our Creator, if You are not creating, no one creates these creatures. We are saying As-salaat was-salaamu `alayka ya Sayyidina Muhammad (s), Sayyidi' l-awwaleena wa'l-akhireen. Our best salutes to most beloved one in Divinely Presence. We asking intercession

from most beloved one in Divinely Presence.

O People! Listen and obey and try to be obedient servants for your Creator, for Allah Almighty. It is very important thing for you, for me, for everyone from mankind to say A`udhu billahi min ash-Shaytani'r-rajeem and then to say Bismillahi-r-Rahmani-r-Raheem. Everyone must learn just we have been created and then we have been sent on this planet. We are not created for earth, but imprisoned on this. Because every wrong thing [brings] its fruits, [for] every disobediency, its fruits is to imprison. And when you are imprisoned, you are in darkness and you can't taste anything, even [though] you have been created to be kings on earth, to be deputies for the Lord of Heavens.

When a free man imprisoned, a good person, happy person, an enjoyful person, when he is doing something wrong from disobediency, I am speaking some rules that people using on earth now. If a person making a mistake, making a criminal thing, government catching him and putting that one in jail. So many people coming and asking," O Shaykh, our relatives, our sons, our husbands, our children some of them just arrested and jailed in jail. Please ask forgiveness for them in Divinely Presence, not only Divinely Presence for ourselves, Heavenly levels." And they are saying, "O Shaykh, please ask forgiveness in Heavenly Stations whom they are looking after creation, ask forgiveness for our relatives because they are now in jail and jail it is a place that people getting in suffering and going to carry troubles that they have been granted." When they are giving their high respect and glorifying to Allah Almighty, that peace granted to everyone. When a person breaking that and going to be on wrong way, whole troubles raining on them as rain raining on earth.

O People! Beware not to be imprisoned, or making something wrong: must be imprisoned for our lives through on this planet. Governments holding that one and arresting and putting in a jail that he is never going to be happy there. So, if a person doing a wrong thing for humanity, making trouble to creatures of Allah Almighty, there is a court on Heavenly levels. They should punish that person who he is doing something wrong against the Heavenly law and coming an order, put him in a jail. Yes. Heavenly responsibility that makes people sometimes to do bad things because to do bad things it is not honor for mankind. Mankind they have been honored but if you are throwing away that honor and making something that it is not for such an honored one to do [so] that he had been taken to a jail and that jail not coming? There is an imprisonment through himself. Beware! If you like hayaatun tayyibah, good life, enjoyful life, honored life, glorified life, keep yourself, don't step for wrong things.

SubhanAllah. Allah Almighty sending so many deputies whom they are really followers [of] the steps of prophets and much more people whom they are following steps of the Prophet (s), Rasulullah (s), after Sahaba, after Salafu 's-Saliheen , but those who are claiming themselves Salaf, they are wrong ones. They are never following steps of Salafu 's-Saliheen whom they were following Sahaba, companions of Prophet (s) step by step. You may look after one of them. We are saying that one of the most careful to follow the steps of Sahaba kiram and after them Tabi`een and Tabi`i 't-Tabi`een whom they are following? In every step Sahaba were stepping, they are following after Sahaba and after them Salafu 's-Saliheen never losing steps of Sahaba, and after them, asking so many people to step on steps of Saliheen, good ones. Good ones, honored ones in Heavenly level.

Most careful ones they are Naqshbandi Tariqah people. Mostly they are taking steps of Sahaba and Tabi`een after of Tabi`i 't-Tabi`een. This is a tale to understand something. One of Golden Chain Imam that he was Abdal Khaliq al-Gujdawani, Allah gives him more honor and glory to be closer from Heavenly Presence of the Seal of Prophets. He was saying, "O my followers, just that I am remembering through 37 years, I never putting my foot on a dirty, or jumping ....." This is a deeply knowledge that granted to him and through him to real followers. "I am never putting my foot on a dirty or never I am jumping on it. I am so looking, for what? To be clean. To be clean." Sometimes you are putting your foot on dirtiness and making like this, like this, it is okay. I never giving for dirty ....35 years that they are taking so care not to put their foot on a dirtiness.

What is dirtiness? Dirtiness it is what Shaytan calling you, Shaytan calling you come and put your foot on that place. Yes, Allah Almighty forgiving but it is not good to make Allah Almighty to be occupied by such a thing for His awliyas, it is not from good adab. You must try yourself, not to step on dirtiness. What we were saying now? We were saying that when you are stepping on a dirty you should be a dirty one and dirty one just carried to a court and then court giving their judgment and saying that person he did so bad thing, put him in a prison. No need a building, or prison but they may - angels may - imprison that person even that one may be sitting on a throne. Yes. That is their imprisonment not to put through one room and to look on it, no. May give that punishment even to a king or queen or emperor or empress may give and they are sitting on their throne but they are feeling themself in imprisonment.

O People! Don't make yourself to be imprisoned and the real reason that making you to be put into prison, your dirtiness. Dirtiness. Allah created you clean [Mawlana Shaykh sneezes]. How you are making this, 'haaachooo'? Salman making like this "choo, choo, choo" [Mawlana Shaykh Nazim smiling]. That is for ladies, to say "achoo achoo"; say it, "Haaaaaachooooo!"

O People! O People! You must learn what is hayaatun tayyibah, a life full with pleasures. And taking you in front of the Lord of Heavens and you should be so happy and in pleasure. Try to know this and to follow this way. But people never looking, putting their feet, not only their feet, they are diving through an ocean giving something like sewagE. I am getting out....all this for rates, for channel, doesn't matter, so important for us. Mostly people like to dive into channels of ....sewage channel.
What you are saying to cheat me? [To someone in audience]. Sewage channels, not Swiss. Dirtiness channels that running in it. Don't throw yourself through switch channels, you should be dirty. Get away! That is nasihah, advice of all Holy Ones. O People! Beware to fall into sewage channels because if you are putting on yourself whole water channels you are not going to be clean one. Therefore, you must learn this, but now our leaders and our rulers they like to be through sewage channels and asking people also to follow them. But Heavenly sword coming to cut their heads. Heavenly sword cutting their heads because they are leading people through sewage channels, dirty channels.

O People! That is summary of meaning through Holy books. O People! I created you clean, come to Me, turn back to Me clean. May Allah forgives us. O People! We are approaching to leave this life, if not today, tomorrow. If not through this week, after this week. If we are not leaving this life this month, next month. If we are not leaving our life this year, next year. One day coming a Heavenly angel saying, "Give that one that we trusted on you to keep so cleanly, give it to us. We are getting it to his Creator."

O People! Try to be clean ones here, and when you are leaving this life you should be in enjoyful, in peace and in pleasure oceans. No fear for you, nothing, nothing hurting you. What we shall say O my listeners? My English so short but what we shall do? You must understand. You must understand. They are sending to me and I am speaking to you. I don't know. Only they knows! Allah gives you honor and lights to be known that you are good people and you are on your way to Paradise forever.

O our Lord! We are hoping from Your endless Mercy Oceans to clean ourselves and to grant us from Your

endless paradises to be for us a place and He is saying , "O my last servant who is entering to Paradise that you are looking and saying, "It is full my Lord," I am giving to you like dunya ten times, only for you."
Allah Allah Allah Allah Allah Allah Aziz Allah

# DON'T LOOK WITHOUT SEEING, HEAR WITHOUT LISTENING, KNOW WITHOUT UNDERSTANDING!

We are thanking Allah Almighty that He guided us to His Divine Presence. We ask for forgiveness for every wrong action and every wrong intention and ask that we may be cleaned from every wrong idea. I am the servant of the King of Aulias. This is according to his permission since he left the Holy Presence of the Prophet, which was 1973, 20 years ago during the Month of Ramadan. May Allah bless him and put his spiritual power all over us. When he was with us with his physical being it was so easy because he was carrying everything. Spiritually he is always with us but physically we now need much more power to be able to carry all the people of the Lord of Heavens.

It is a good sign that this way is getting bigger. More and more people are coming, so we need more and more spiritual power to be able to carry it physically and so that we can reach people in the East and in the West and in the North and in the South. Troubles on earth are growing because satan knows that his kingdom is going to be destroyed. When he now looks, he sees that he has established his kingdom and that he has made all people from the Muslim world and the non-Muslim world supporters for his kingdom. Even with one lie you support the kingdom of satan. Even with one wrong look you are supporting the kingdom of satan. Even with one cigarette you are supporting the kingdom of satan. Even with one wrong word you are supporting the kingdom of satan. Every wrong action of yours supports the kingdom of satan. Every wrong thought

supports the kingdom of satan. Every bad intention supports the kingdom of satan. Every wrong step supports the kingdom of satan. It means you are a supporter of devils.

When you take the news on TV, and they say that there are about 100 or more channels, are all supporting the kingdom of satan. When you are looking at it you are also supporting the kingdom of devils. Troubles are growing because the devils want to destroy humanity. They want to make mankind to go into endless miseries. Because of this some people are now awakening. Many people are too drunk to see, hear, understand or feel anything. Most people look without seeing, hear without listening and know without understanding.

That is the empire of devils under the kingdom of satan on earth who gives people everything to make them drunk and not to see or hear or understand. That is why we are living in most difficult times for humanity. Within millions of people only a handful of people will awaken. That is why we ask for more physical power supported by spirituality. Every activity in which you cannot find spirituality is a trick of the satanic kingdom. You can find so many activities in England and in Europe and in the US. But if there is no spirituality, it is a trick of the kingdom of satan. They want to damage even more. They do not want truth to come out. If you meet people from whom you do not get the feeling of spirituality then leave them. Run away from them! They are agents of devils, agents for the kingdom of satan. Don't believe them.

During this Holy Month you must ask every night to get more spirituality. I heard that some prisoners who had been captured in Bosnia had seen some people with turbans on horses in their vision. I ask from the Muslims who are going to fight in Bosnia: Are they going to keep the crown of Islam on their heads? If they do not, there will be no support for them.

Grandsheik is supporting us. I am only translating what I am getting from him to you. He is telling me, 'Once some followers of the Prophet had been sent for an operation. They saw that it was not going to be successful. So they tried to find out why they were not the winners. They went to get miswags to clean their teeth because that was the custom of the Prophet. While they were shining their teeth, the enemies saw them and they thought that they were preparing themselves to bite them! So they escaped.' Allah Almighty changes the hearts of the people. In this case He put fear into the hearts of those people who thought they were Christians, but who were not. No-one was able to make them stop fighting and not to kill or burn, only Allah

Almighty.

I would have been happy if volunteers would ask to go to Bosnia to fight, even if they were only going with their turbans and their swords. It would be enough and more than machine-guns and guns. For people here in Europe to make a show out of the fact that they belong to the Prophet Muhammad, peace be upon him, by dressing the way he did and to wear a turban, is like a jihad. May Allah forgive us and give us more courage to show our faith.

## Don't Lose Your Only Chance As It Will Not Return

(Mawlana Shaykh stands) Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullahi wa salaamuh. Thumma as-salaamu `alaykum yaa anbiya wa awliyaaullah a`eenoona bi `awnillah hatta nahda bi fadlillah. Allahuma thabitna `ala 'l-Haqq!

We are saying as-salaamu `alaykum to our attenders. Say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

O People! Heavenly blessings on you and on us; everyone is needy for heavenly blessings. As-salaamu `alaykum, our attenders!

As-salaamu `alaykum, Qutb az-Zamaan! As-salaamu `alaykum Qutb al-Mutasarrif, who is controlling everything on this planet and under oceans. Don't say, "It is impossible for a person to control everything on this planet." You must believe more than this! That is something from the Heavens; it is a heavenly grant for that one to look at everything and it is enough! If a heavenly order is coming, "Look after everything on this planet, in oceans and continents," finished!

O Salafi `ulamas! What about yourselves? Subhaan ad-Daaim. Subhaan al-`Aleem. Subhaan al-`Aleem, al-

Hakeem! Listen and try to understand! I am trying also to understand and to listen. Who is listening to waaridaat, heavenly inspirations, will be supported by heavenly powers. Therefore, try to learn and ask for more and more, because if a grant is coming from the Heavens, coming on it and the first one is never going to disappear, but coming on it more, and more, and more, it will come to Mankind.

Don't look at their physical being, which is nothing! We have a real being. There is a reality for Mankind. A heavenly order is making everything in existence, every Creation, to work, to ask, and to reach what they have been offered. Don't think that we are created suda, for nothing! Even an atom is not created for nothing, then how can you say Man was created for nothing? What is that foolish ignorance? Did the Lord of Heavens create all humanity for nothing?

O Salafi `ulamas! Why are you not making it clear to people? Your first important target is to make people to know and to understand, but if you are `ulamas, you must know first what you must teach them. Everything in existence knows for what it has been created. Nothing is going to be without knowing its mission or purpose, for what they have been created everything must know. If they do not know, how are they coming in existence and coming for what? If you are not knowing anything, how are you coming in existence? Even an atom must know for what it is in existence. Nothing is going to be jaahil, ignorant, for itself or himself. And everything has been directed to its purpose in this existence; it is oriented. And don't think that all atoms have the same orientation; no, it can't be. Every one must be or must represent the purpose for which it has been created. Ask for them, billions, trillions, quadrillion atoms are granted, and that second one is 100% different.

What about for Mankind? Generally we know something, but our real position, our orientation is different. We are now saying something for understanding. There may be a musical group, and everyone is carrying an instrument for playing, yes? The majesty that they may grant attenders, every instrument must give another sound, so that altogether they are in harmony. Therefore, everything in existence was created for some purpose and they are tasbeeh, glorifying Allah Almighty. Huuuu. Huuuu. Huuuu. Allah, Allah. Allah, Allah. Allahu Akbar! Yes, we are now sitting for learning. What is coming from waridaat, heavenly inspirations, is to address all people.

O our Attenders! How are you today, no working or filling your jars with gold? We are very sorry that you

can't fill your jar with gold in one week, as that makes you unhappy, but you are neglecting countless, endless treasures that the Lord of Creation is granting! Huuu. Huuu. You will regret so much, so much, so much that you wasted your precious time for nothing! You wasted it, you lost! Yes, some people are reaching an ear of wheat, but so many people are reaching straw. Straw is for animals and wheat is for Mankind. O People! Make yourself from human nature of those who will be granted from ears of wheat, not from those creatures who are choosing straw! Man is eating wheat and animals are eating straw. That is a balance, and you must keep it. You are free to choose, to make a choice between wheat and straw. But now common people are running for straw, they are not running for wheat. It is a waste for them and they are losing their honored target that they have been created for in this life, and they are not running after it, yes.

O Salafi `ulamas! There is a question now coming for you, also. You claim you are understanding everything. Someone is asking you, which thing is making the most damage and giving endless loss to everything? Who are they? Say now, answer this question! Which ones of Mankind are reaching beyond their targets, and which one is reaching and which one is losing? That is an important question from inspiration. We have just been ordered to ask you, which thing is giving endless loss for Mankind? They are saying to me one holy verse, also. Endlessly losing! It is impossible to take anything that you lost, because you are never taking care about that and you run behind something, on the back of some useless things, and you lost your chance!

O Salfi `ulamas! What is the biggest harm for Mankind, and what is your opinion about that? (Mawlana Shaykh stands) Allah (swt) is speaking about those who lost their chance, and it is impossible for it to come back to them once again after this life:

••••••• •••••• •••••••••••••

Nasoollah wa nasiyahum. They forgot Allah, and He forgot them. (9:67)

Nisyaan al-Haqq (forgetting the True One), nisyaan Rabbuna (forgetting our Lord), nisyaan Khaliquna, they forgot their Creator, nisyaan Allah Almighty! You are never going to make it once again to reach that chance. If you lost that chance, no chance after this life to you, never! You lost your chance. That is the biggest balaa, cursing for Mankind. Are you understanding, Salafi `ulamas? I am saying to you, why are you not saying this: nasoollah wa nasiyahum.

That is oceans for understanding! Why are you not reminding or advising people or teaching people about

that? Which thing is making Man to forget Allah Almighty? Say! Make it clear for your sultans, maliks, umaraas, rich ones and big ones that are claiming they are big ones! You must try to make them to understand everything that is making Man to forget their Lord. It is impossible to be corrected once again, finished! They will be in the graveyard crying, shouting and no benefit. On the Day of Ressurection they will cry but no benefit. They will cry in the fire but no benefit. They may pass on the bridge of Siraat and fall down, because they forgot their Lord, falling down, crying and shouting but no benefit for them. Why are you not making this as Allah Almighty is saying:

••••••••• ••••••• •••••••••• ••••••• •••••••••••••••

Wa dhakkir fa inna adh-dhikra tanfa`u 'l-mumineen. And remind, for verily the reminder will benefit the believers.

What are you doing? What are you doing with your `ilm? What is your knowledge? This is enough, these two words, nasoollah wa nasiyahum! The whole life's target is not to forget. Therefore, the hadeeth nabawi shareef is: kun ma` Allah, "Be with Allah." (Mawlana Shaykh stands) Rasoolullah is making it clear for his nation,
kun ma` allah, wa laa tubaalee, "Be with Allah and care not for anything else."

(Mawlana Shaykh sits) If you are going to speak on that waridaat, heavenly inspirations coming to my heart up to the end of this life it is not finishing. Everything that is making you forget Your Lord, Almighty Allah, you are finishing. As Layla, Majnoon, that is some asateer, stories, which thing was making Majnoon to forget Layla? It is a simple story but it is giving Mankind such a meaning you can't imagine. That is Majnoon and Layla, their positions are mujassam, physical. Just it is shown to people how a person is going to love someone, if he has a real love, day and night, he is sleeping with that one and awakening with that one, walking with that one, and coming with that one.

Our Salafi `ulamas may say, "Those are stories that people are making," yes we understand but look at the real love, how is it making a person? And that is one girl and second a young one, a young man, between them was such love that you can't imagine. How can you say we can't do that with our Lord, Almighty Allah? Allah Almighty is saying nasoollah wa nasiyahum. You may say, "We are working for our work, how are we going to be with our Lord every time?" And look at Layla and Majnoon, how were they?

Therefore, the Lord of Heavens is saying: (Mawlana Shaykh stands)

••••••••• ••••••••• •••••••••••• •••••••••••••••

Faqsusu 'l-qassasa la`alakum yadhakaroon. Relate to them stories in order they may be reminded. (70:176)

(Mawlana Shaykh sits) SadaqAllahu-'l-`Adheem. Don't say, "This is a fairytale," no. From everything you must take everything that is necessary for you, how you must be with your Lord, Almighty Allah. Those are two servants, one boy and one girl, they are getting to their love to one another and the love between them is going to be an ocean, never getting out. They are asking to swim in it and never get out.

O People! O our Attenders! Hear and try to understand. We are asking forgiveness from our Lord and a little bit of understanding from the Seal of Prophets' advising, to carry us not to run after this dirty life, but over that dirty life there is a noble life. O People! You are running after a dirty life but the Lord of Heavens is asking from you a noble life. Forgive us, O our Lord. Tawbah, yaa Rabbee. Tawbah, astaghfirullah. Forgive us our Lord for honor of Your most honored one, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits)

Fatihah.

(36 minutes) Mashaa-Allah. (1007) Alhamdulillah. Shukran lillah. Yaa Rabbee. Tawbah, yaa Rabbee, tawbah.

# Don't Lose Your Only Chance

(Deutsch unter MaterielleDingeSchmelzenDahin)

After Salaat al-Jumu`ah

As-salaamu `alaykum. Ash-hadu an laa ilaaha illa-Llah, wa ash-hadu anna Muhammadan `abduhu wa rasooluh.

In the Name of Allah, the Most Beneficent and the Most Munificent.

We are saying to our listeners, as-salaamu alaykum wa rahmatullahi wa barakatuh. This association is simple, but it is not from myself, no. It is from heavenly ones. I am also asking to hear and listen as it is not something we have prepared to speak to people, but it is a heavenly association from those who are sending their power to a weakest servant. I am calling myself a servant, but I am not a real servant. I am ashaming to say I am a servant, because I am not giving real service for the Lord of Heavens.

We gave our oath to our Lord Almighty Allah that we would be His servants, but when we came here, we were born into this planet we have shown such a weak servanthood. As I look throughout East and West, from north to south, I also see how people have forgotten their oath that have given in the Divine Presence on the

Day of Oath when we said, “O our Lord ! We are giving to Your Divinely Presence that we are Your servants and we should do only Your service.” That was our oath in the Divine Presence which our souls gave. However, now that we are here, we are not keeping our oath. We are occupying ourselves with materials, and materials for real beings of Mankind in the Divine Presence is nothing. But we are only working or acting for our material being that will be day-by-day going to yazool, melt. Melting.

Once I was on a ship that was for tourists. It was taking, showing them so many places. Once, after praying the morning prayer, I looked at main hall of that ship and saw a statue. You can say I saw a very beautiful figure as I was passing. Evening time, I passed again and I looked to find where was that beautiful figure that I saw morning time. One of the passengers were saying, “O Shaykh! It was not something from stone or from metal. No.” From what, I wondered, because I was looking from far away. It was only a piece of ice. Therefore it began to melt, melt, and kept melting slowly, slowly, slowly and by evening, it just melted away, becoming water.

Our Grandshaykh, Allah bless him, was saying, “O Nazim Effendi! Everything that what you are seeing is going to melt and finally everything is going to disappear, melting away. The figure you are looking at is not a stable figure, and everything on this planet is going to be melt, particularly Mankind; their figures are like that ice figure.”

Day-by-day, day-by-day, day-by-day it is going to melt and finally become water, without any figure left there, able to look, hear or speak. That was a man-made figure, but our beings, our material being that our Lord has created is also going to melt away as days go by, meaning melting away some instruments that are working by a battery.

Once there was a Bedouin, who was on his camel going from one place to another. At night time he reached to a full water well. He then took his rest and slept. Early morning he stood up and asked whether he should continue on his way or complete his journey. However, he looked at his camel who was no longer moving. He tried to make like this, to open its eyes, but its head fell down. Then he fell down on one side and went round saying, “O, what happened to my camel? I was riding on it and it was running through deserts as fast as the wind. What happened now? It is no longer looking, nor standing, nor carrying me. What happened? Which thing finished? What is now missing? Everything I am seeing seems okay, so what happened?”

As he was crying and going around, another passenger reached him and saw that Arab Bedouin crying and shouting, “What happened to my windy camel? Yesterday it was running like the wind. What happened?”
That one told him, “O, you never met a death of someone?”
“What is that?”
“Yes, yesterday it was alive, and today it is a dead body.”
“O my brother! But I am looking and seeing nothing missing.”
“Yes, that is not from material world, that was something coming from heavens making that one to move, to run like wind.”
“Haaa. Now I’m understanding that it is not our bodies that we are taking so care for its needy things. We are taking so much care for our physical being, and that one passed away from its heavenly connection and just finished and dying. You also, O Man, you are looking and seeing that you are taking much more care, making now new modern people, asking to be like cars with every year new-fashion. Old fashion finishing and putting in cemetery for cars. And you are finishing. You can bring new-fashion car, but you can’t bring new-fashion body for this life. Now people are very careful, particularly rich people from Arabia are saying, “I must go to make a checkup, because sometimes that sleeping not standing. I must go to make a checkup, to look at every organ, if working as before, particularly that one. And that one is dead one, finishing. No, we must make a checkup to make our physical being to be as before.”

Finished! Don’t run for checkup. Doctors making for you a quick namar, a quick passing to cemetery. Therefore now people are so, so keskin, sharp looking.

“O my brother, where is ikhtiyaar, old one, like Abdul Ra`uf?”
Abdul Ra`uf is saying, “O shaykh! I am going for a check-up.”
“For what Abdul Ra`uf?”
“Because they are saying there is a new virus.”

This virus does not differentiate between young or old ones. I must go and check if the pig flu has infected/reached me. If I did catch it, then I would ask to have like my bodyguard here. I must take bodyguard against pig flu. That virus, second one saying, “Ya Hu! You are going to be a foolish, idiot one. What are you saying? Doctors are not seeing (the virus to be able to eradicate it). Don’t make like this. People are learning yet

running on them the pig flu.

I am saying it is not so dangerous, but you must beware from dog flu. If dog flu coming to you, finishing you. Many people are going to pass away, because they are so lovely with dogs. If doctors say that you must kill dogs, some super-mind people would refuse to do so, saying, “If my dog is going to be killed, no.” They would prefer their dogs to be taken away, rather than killing them. “I must be with my dog. Put me with my dog in same grave.” This is now a new fashion. New fashion people of the twenty-first century’s civilization, are leaving Man and asking to live with animals. I am sorry to say that western civilization has just reached to that point. Yes, yes sir. They are so afraid; afraid of passing away. How passing away? They must take care. No matter how much they are taking care, death is reaching them, because their bodies will be melting, melting, melting and finishing.

O People! We are all surrounded by death everywhere, any time, in any condition, death is reaching us. You must care for a never-ending life. One that is never finishing. Eternity. Eternity. Try to reach that one. That it is a grant from our Creator. He is granting us because we are giving our oath that, “We are Your servants.” Those who are going to be His servants here, the Lord of Creation is going to grant them endless life, eternal life. However, people have lost it. Now the whole world is running after something, but never understanding where they are going, what they are doing, and never asking to learn about their coming future. Yes, now perhaps seven billion people. I don’t know if you can find 70,000 people who are really asking to reach Eternity.

O People! Give some time for your Lord to whom you gave your oath of servanthood (when you said,) “O our Lord! You are our Lord and we are your servants.” Try to be His servants and not servant for your ego, dunya or Shaytan. We are as all prophets were saying, warners. It is not an obligation to do so and for everyone to accept by force. No, you are free (to accept or reject). Use your good mind. Think on it and follow in the real direction that the Lord of Heavens asking from you! He is inviting you, “Come to Me, O My Servants! Come to me!”

Unfortunately, they are not hearing that. They are hearing Shaytan, who is calling them from early morning up to late at night, to do this and that for him. They are wasting their chance; that chance is only granted once to us. There won’t be another chance for us. O People! "ad-deenu naseeha - Religion is advice.” Prophet (s)

was saying that religion means to ask goodness for people, and prevent them from falling into fire, here and in the Hereafter.

May Allah make us hear, learn and try to be our Lord's servants. May Allah forgive us for the sake of the most honored one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands.)

Fatihah.

(Mawlana Shaykh sings.)
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

Be happy that you are listeners!
Fatihah.

## Don't Make Ceasarean needlessly!

Allahu akbar, la ilaha iliallah, Allahu akbar, Allahu akbar wa lilah' il-hamd.

(MSN stands)

O our Lord! If we are standing up for Your glory endlessly, it is nothing. Please forgive us and send your heavenly blessings on us! Send us someone of your beloved servants, and Your real deputy and Your representative from eternal, pre-eternal up to eternal. Only one! O our Lord! Please forgive us!

(MSN sits)

O people! I am a weak servant and my master is making me for addressing whole mankind on this planet. And the Lord of Heavens, His territory endless, His dominions endless, His oceans endless. Endless oceans, endless territories. O people think on it. We must say bismillahi 'r-rahmani 'r-raheem. That is heavenly sword on the dragon Shaytan. Biggest dragon, and thinking himself that it is something. It is only serpentine. serpentine. Curling or turning around our earth, our dunya, our planet. And asking to take away that Shaytan, cursing it up to eternal. He is asking to take our planet from its orbit,it is claiming. But when we are saying a`udhu billahi mina 'sh-Shaytani 'r-rajeem, that is sign of servants. Servants, when they are

awakening they are saying a`udhu billahi mina 'sh-Shaytani 'r-rajeem. But Shaytan's representatives' egos, egos belonging to Shaytan, Shaytan only cursing on it, trying to teach to be a disobedient one to their Creator. Ptuuu (spit) on Shaytan and its followers!

I am making sometimes the master of this world to be angry, and I am angry today. Angry two kinds: our anger from our egos is worst anger. To be angry from his ego, for to make ego happy, that is anger; anger that is against everything from holiness and holy things. That anger. And if a person getting angry through his ego, his way directed to fire, because anger is a fire, and taking that angry person that he is angry from his ego, taking him to way of fire. The most terrible and dangerous thing for man is anger. Anger. When an anger coming from their egos for the sake or for making our ego happy, that anger burning, burning personality of man. Anger. Very important.

Once coming to Seal of Prophets (s), one person asking, "O beloved one, most beloved one and most honored one in Divinely Presence." Honored one! And no one else can be that one, only one! O Christians! From your holy book you must know, no one can put his steps there, only Muhammad!! (Mawlana Shaykh stands) You must know this!! (Mawlana Shaykh sits) That is a heavenly anger from our master today, sending me to speak! I know nothing, I know nothing, but teaching me to speak. Teaching inhabitants on this planet that they must know that Sayyidina Muhammad pbuh, is most glorified one, most honored one! Sayyidina Muhammad!! (Mawlana Shaykh stands) You must know this or black holes will swallow you to be nothing!! (Mawlana Shaykh sits)

How are you? salam `alaykum. I am fasting today and sunset approaching, and I am getting a little bit angry from being hungry. (smiles)

O our Lord's creatures, I am only one creature also, but the reason for being in existence just been granted to me from heavenly ones or I am going to be nothing. And to be nothing is better for you, and people are asking to be something. How many of you are asking to be something? And waiting in front of you, death approaching to you and waiting for you the Angel of Death, waiting to touch to you. They are saying, learned people who is learning from holy books, they are something? Otherwise, they are making me to lose everything... learned people they are learning through holy books' knowledge. O 'ulama (scholars). O Muslims, first from Arabs who they are claiming, "We are first ones." Yes you may be first ones here, but in

Divinely Presence, what is your place? You must know it. And it is written, well known in holy books, that a new generation, when approaching to come out to this life. If you are leaving me to speak on that subject, up to next week, never ending. Because people they are thinking that everything going to be according to their knowledge.

Therefore, now so many heedless doctors, they are never leaving a mom to bring her child. Asking, "Come and we must do (scan, checkup), where is your `aqal. Ceasarian, saying asking "Come and we must do a Caesarean." Saying, "You can't, you can't birth the baby. We must interfere. We must cut it, your womb, to take it."

O people! O pope! Why are you saying that? Since Allah is Creator He is sending that new generation without any mudaakhala, interference. No. Leave who created to bring it for this life.
Allah gave His order for this life, if that baby is going to live, it must come out. If no chance for that new generation it can't be coming by itself, may die inside and may come out.
Leave! That new creation not going to be forever through its mom! But now doctors saying "no!" Always "Caesarean."
I am asking you, "did your mother bring you by Caesarean?"
"No."
"Who bringing you?"
"Midwife."
"Why are you interfering for pregnant ladies?" Leave it!

Out going, when time coming, sending two angels from heavens by order, the Lord ordering, "bring My servant out for the life that he should be for a short time on earth, then comes to Me. Bring that new generation, new creation out." Two angels coming and they are trying to take it out and always escaping from one side to another side, from that side to another side. That giving pain to mom's for giving new generation and angels saying, "O our Lord! That servant never obeying ourselves to come out. You know." Then there is a tajalli, manifestation, or something else this, that boy, that new creation not obeying, then that one's Lord that the Creator creating man through the wombs of their moms. And that one that the Creator creating through wombs of their moms, showing a brilliant, brilliant appearance and falling down, that new baby, on sajda, bowing and coming. That is bowing and delivering, and midwife taking it out.

But now (medical doctors) they lost it, not believing in holy books, and their lives going to be worst life and their ends going to be worse than anyone else! I am warning whole doctors that are making Caesarean sections (for financial profit), their last moments when they are going to leave this life, they are going to be punished! And they shall, for that trouble they are loading on that new baby, they shall taste it. I am warning! Where is other 'ulama to say on this, where is other religious people to say this, that Caesarean is no good?! Why not saying bishops, that to cut is against order of the Lord of Heavens? They are not saying.

And we come to an important point, just that we reach to ourselves a knowledge, that when a new baby is getting from heavens, an arrow, an arrow just sent to it, an arrow of death. Some reaching to that one through womb of moms, or some coming after one month, two months, one year, two years. The distance that arrow sent on the Creation of Mankind this time coming, touching and finishing. That is best. How a person may be in safety and happiness and enjoyfulness in this life, that the arrow of death is approaching him?

O people, don't be no-mind people, stupid ones! Think on creation of this life. Enough. You are going to be like drunk ones. Come to yourself and think on yourself. O our Lord! Send us someone or someones to wake up Your servants! We are heedless. We need to wake up. First of all, my mission through holy people, it is to make people to wake up! To say to them that this life is not a real life, (it is) imitated life, because you may live even one-hundred years or more, but the arrow of death, when it is reaching to you, you don't know. And when you are taken from this life, to go where? To go where?
And bringing a person that he passed away, bringing to mosque or to church a person coming, asking, "This janaza, this funeral for whom?"
And this, the holy one that leading ceremony of death, he is saying that his janaza, "This is a dead body of Mr. George," or, "That is a dead, or dead body of late King George X."
Or they are saying, "That is the funeral of a most richest one, Mr. Stefan."
They are saying only a name about his dead body, but no one asking, "This dead body, where he is? Where he left?"
Only saying, "This is General Harrington," or, "This is body of Field Marshall Hindenburg!"
Or they ask, "Who is that one?"
"Oh, here dead body of Field Marshall Mannenheim who was fighting the Russians in Second World War and

stopping them to enter Finland.

(Mawlana laughs) See, I know something! That is from my time of knowledge. When I am learning something I am keeping it, I am not forgetting. So many people are forgetting. What about Field Marshall Hindenburg? But where is Field Marshall Hindenburg? They are surprising about my question. What question?
"And is so crowded."
"Yes, there is a funeral."
"But for whom this funeral cermony?"
"That is Pope's that passed away. Passed away.That is his dead body."
"He passed away and left his dead body here? Where he went? He went away and left his dead body here? Where he went?"
"That is Sultan's body."
"Sultan's body? Where he went? That is his body and he passed away, left his dead body for us? Why he left it here, that we have to put on shoulder and carry? Where he went?"
There is something wrong with me, you are looking. But yesterday he was addressing people. But today we are looking that people are saying he passed away. "And he left that dead body for us?"

People are never asking such a question. Never thinking why he left his dead body when he passed away. People never asking such a question. "Going to heavens? Really?" and also saying one day that, "Shaykh passed away and he left his dead body."
That is something that no one can answer. Say, that man's creation is something else. He shall pass through, his soul, and shall remain his physical being in hands of people. Therefore, leaving his soul and leaving his dead body there.

"Perhaps coming nighttime and entering there....coming nighttime and must put it on a bed so he can take his rest."
"No, O my brother. No, he was here yesterday but today he passed away and we are putting to rest in the graveyard. He is not in need to have a bed there because just he left and his body is left on earth."
O people! One day coming to all of you and saying, "The president just passed away."
Or a new title, "O, the first lady! She passed away! First lady!"

"What is that?"
"O Shaykh, that is, she was first lady! And today she just passed away and we are carrying first lady's dead body!"

O people! think on it. One day coming for you also that people shall say, "Just passed away." The interior minister did so many dhulm on people and today he just passed away and he was oppressor like Shaytan or Mussolini or Hitler. Can't say this one, should be difficult to say, but, "He passed away." Passed away? Doesn't matter, should be happy with his good deeds. But the Number One oppressors coming and fighting against the Lord of Heavens, angels, angels preparing from fire. When putting on the Earth, coming from them Hell's whips. "You were first one, hah, Number One? First person! Take! Take more!"

And making us to fear, arrow of death approaching to everyone. Beware last day of life. Beware last hour of life. Beware when the Angel of Death, Azra`eel, is approaching, asking to take your soul. O people! When the claws of Angel of Death coming on your chest, taking out, taking out your soul. And O people! Try to be true ones, try to be good ones. Good ones, their souls, they are coming so easy. But those that did their worst for people, they should taste the heavenly angers, bitterness!

O people! As-salamu `alaykum. Keep what we are saying, anyone saying that shaykh is speaking wrong, I hope that tomorrow he may leave his dead body and passing away.

(singing)

Allah Allah, Allah Allah, Allah Allah, Allah Allah, 'Aziz Allah

Allah Allah, Allah Allah, Allah Allah, Allah Allah, Kareem Allah

Allah Allah, Allah Allah, Allah Allah, Allah Allah, Subhan Allah

Allah Allah, Allah Allah, Allah Allah, Allah Allah, Sultan Allah

dome, dome, dome, dome

again, again

Dome, dome, dome, dome

Dome, dome, dome, dome
Dome, dome, dome, dome
Dome, dome, dome, dome

Fatiha

OK? (48 minutes)

Alhamdulillah! Alhamdulillah that Allah gives us an understanding. I am some simple person, but the Lord of Heavens making me to address to people. If anyone saying I am wrong, I hope tomorrow his body here and that he passed away!

(du'a) ya Rabbee!

**Don't move!**

*Z: Sheikh Nazim! As salaamu alaykum, how are you?*

SN: I am shaving.

*Z: You are shaving? Ma shaa'Allah! Please pray for us.*

SN: I will.

*Z: You know, Mr Page passed away. Tomorrow we are going to have a Christian-Muslim funeraljanaza, because he said that he is a Christian and a Muslim.*

SN: Better!

*Z: Yes, so we are having one priest, he is coming and will do a service for the Church of England and then Jafar is coming from London to wash his body and then we will put him in the Muslim cemetry in Bath. It is a very good place and I think it is the first time that we have a combination of Christian and Muslim funeral, al Hamdulillah! He was so peaceful when he passed away on Tuesday. Please pray for him.*

SN: I will. 90 years?

*Z: He was 89, yes!*

SN: 89 – ma sha'Allah. Very holy month, this month – holy month of Shaban.

*Z: Al Hamdulillah!*

SN: He is guest of the Prophet, sallalahu aleihi was salim. Any news?

*Z: Well Sheikh Nazim, tell me, when is Ramadan starting, on Friday?*

SN: Friday, must be Friday!

*Z: Friday! That is good news! So we start fasting next Friday, yes?*

SN: Eh, OK!

*Z: Insha'Allah. OK. Sheikh Nazim I wanted to ask something about this war: is it allowed in the Sharia to use any weapons of fire like guns and bombs – are these things allowed?*

SN: For who?

*Z: For anyone who is fighting. Are you allowed to use fire when you are fighting?*

SN: How they are fighting that person must fight, same weapons.

*Z: Yes, but someone said to me that in Islam you are not allowed to use any fire weapons. You are not allowed to use a gun or a bomb or anything like that. You are only allowed to use the sword.*

SN: We are not living in the time of the Prophet, sallalahu aleihi wa sallam. Before you are reaching with your sword, that one shooting you. How it can be? That is going to be in the time of Mehdi alehi salam, not now.

*Z: I see – But what you are saying now, is that when one person has one weapon, the other one must also have the same?*

SN: Yes, yes.

*Z: Aha.*

SN: Using aeroplanes, that must use same weapons.

*Z: So that means, what they are doing now, to throw these bombs on Afghanistan is not really halal?*

SN: Allowed? America is not a Muslim country to say halal or haram.

*Z: I see.*

SN: But Afghan people who are fighting and they haven't such a weapon it is like suicing themselves. And they are making a way to be killed children and innocent people and to be destroyed their homes and their fields. Their leaders carrying all the responsibility about that.

*Z: Yes – But tell me Sheik Nazim, this Osama Bin Laden, when you see him on television he has got so much nur (lights) coming out of his face!*

SN: Never!

*Z: Never?*

SN: Never!

*Z: You know what I thought, Sheikh Nazim: maybe his family is cursed because they were destroying all the cemetery of the Sahabas (companions of the Prophet) in Medina?*

SN: Yes, they destroyed everything!

*Z: That's it! So do you think that there is a curse on the whole family?*

SN: Yes!

*Z: Because of all the things they did in Medina and at the Kaaba?*

SN: Yes, yes – that is a punishment. The war reason is only one man. If that man surrendering himself no more fighting should continue. But as long as he is insisting not to surrender, or to leave Afghanistan, he makes people to be killed and destroyed their homes and fields.

*Z: But don't you think he has got a good intention?*

SN: Why he is not going to his home land? Why coming to Afghanistan? What is his good intention? For what going to a poor country? What he was doing there? Why? Why he left his country and coming there? That means his country is not happy with him and sending him away! Or he is an agent from his country to make Muslims Wahabis in Afghanistan! One or two!

*Z: What a pity that he doesn't have a Sheikh!*

SN: No Sheikh!

*Z: That's the problem, isn't it?*

SN: Yes – Shariat says that you must have a Sultan for Jihad. He is not a Sultan, he is not a Imam, he is not a Khalifa to say: I am declaring war against whole Americans and whole non-muslim world. He can do this? He must be a majnun (madman)!

*Z: Yes, yes – Ah, Sheikh Nazim! Sultana just came back. She was one month with her father in Rome and she is very sad and saying: please, please pray because it is so difficult to see all this happening to her country. So she is just saying to please pray for her father.*

SN: It is 25 years that people are killing each other. It was not a pity (officially considered to be a pity). Now Bin Laden is saying it is pity. 25 years Afghan people going to be so many parties and killing each other. No one was saying: it is haram, it is not good, you must come to the justice of Allah the Almighty. But now when this happened the whole world is coming and saying: oh Afghan people, they are such innocent people, just going to be killed by Americans. Why before they were not saying that each other 7 Emirs, 7 leaders, they were together until Russians they left Afghanistan and after that they are fighting each other and saying that: "I must be the governor, or president for Afghanistan, I must be number one!" For that reason they fought 25

years, until Bin Laden coming from Saudi Arabia and making himself there to be King, to be President.

*Z: The problem now, when they are asking Sultana's father to go back is that they don't want to give him any power, they don't even want to give him the title of being the Sultan. They just want him to sit there, that is why it is not working. Oh, Sheikh Nazim – one more question about the Sharia, please: is it allowed in Islam to use Secret Service? Because I thought that in Islam you are not allowed to spy on someone, so Secret Services are haram, aren't they?*

SN: Yes – every evil is prohibited in Islam, every satanic work is haram in Islam.

*Z: Sheikh Nazim when you are saying that Muhiddin Ibn Arabi was saying these things about what is going to happen, which book is that?*

SN: So many books mention.

*Z: But the one where he is talking about the Russians and the Japanese and, you know, all these stories – which book is that?*

SN: Hm, hm – oh – (long pause) There is some booklets in old libraries in Turkey, that mention about coming events.

*Z: And what is their name?*

SN: That is the, I think, I am not remembering but it is 'anqa', there is a strange word: 'tayr', or 'anqar'. Ask! So many people they know it.

*Z: Thank you, thank you, Sheikh Nazim! Now what about Ramadan? So many people they want to come and see you in Ramadan in Cyprus. Are they allowed to come?*

SN: No, no! No, no!

*Z: Nobody?*

SN: Nobody comes here. Everybody must keep themselves in their places.

## Don't Step in Dirtiness, Keep Yourself Clean for Your Lord

(Mawlana Shaykh stands)

Allahu Akbar, Allahu Akbar la ilaha ill'Llah Allahu Akbar Allahu Akbar wa li'Llahi 'l-hamd

Subhan Sensin Ya Allah Subhan Sensin Ya Allah Whole praising, whole glory for You O our Lord. We are so happy ones that You created ourselves, even weak ones You are dressing on our physical beings a dress of honour. Shukran lillah. Whole honour and whole glory for You O our Lord and we are saying A`udhu billahi min ash-Shaytan i`r-rajim. Bismi`lLahi `r-Rahmani `r-Rahim.

We are running away from Shaytan, that one who is trying to dress on Your servant the dressing of dishonour. O our Lord, protect us, shelter us and we are saying on Your most beloved and most honored one through Your Divine Presence, Sayyidina Muhammad (s), give him more and more and endlessly, honour and whole dominions You granting to him. Allah, Allah, Allah, alfu 's-salaat, alfu 's-salaam. Countless blessings and glory on Sayyidina Muhammad (s). Ya Rasulullah! Ya Rasulullah! We are asking for your intercession in spite of those no-mind people and jealous people, and Shaytan's followers. We are asking for your intercession!

Allah Allah, Allah Allah, Allah Allah, Subhanallah
Allah Allah, Allah Allah, Allah Allah, Sultanallah

(Mawlana Shaykh sits)

I may look, but some grandshayks are saying you must put eyeglasses on your eyes, because who is putting eyeglasses is going to be important one! (smiling) I am never finding anything to make me important one; only Shaykh Hisham giving me eyeglasses to make me important one! (Mawlana peers through eyeglasses) Yes, it is a donkey. I am using eyeglasses to see if it is cat or dog. Yes, I am using some eyeglasses, but it is not like this; this is artificial. I go like this (glancing through glasses), but I like to be granted from my Lord, for example, to see people which characteristic they have. Some people, their character is like wild cats and some people their character is seen just like dogs. Or showing some people that their real characteristic is a wild lion or some people, very tembel, some of them look like very much lazy. And some people, just I am looking and asking some characteristic of that man, and there is some heavenly shu`a, shiningness, showing that it looks like an ape, and some of them just going to look like a pig!

They are saying to me, "O shaykh, from where you are bringing such a things? You don't know anything else?" No, I don't know. What they are granting to me I must say. So many people are changing their real being that the Lord of Heavens created them with. Therefore, appearing through that one, characteristic like a pig or an ape. Ape is most strange creature, and pigs are dirtiest among the animal world. Therefore, O Holy Book-granted people, if anyone getting rebellion against Holy orders of heavens, the Lord of Heavens just punishing them, changing their out-looking or changing their inner characteristics. Millions of people look like apes. They taking the beauty that the Lord of Heavens granted them; that beauty and handsomeness just taken from them.

Look, O listeners, to someone that his value is nothing. O people, O listeners, Salaam `alaykum. I am giving to you heavenly salute for protection. Salaam, peace to you. Means in a translation through Old Testament, "peace be upon you", that means to be sheltered by a heavenly shelter. When you are saying this, the Lord of Heavens making that peace for that one, and for first one and second one. Therefore, the Lord of Heavens likes to be given the salute from the first one to the second one, to say "peace be upon you." And we are Muslims. We are using Qur'an’s holy words, saying Salaam `alaykum, peace be upon you! When you are

giving that holy salaam, asking for peace on your brother, saying, Salaam `alaykum, coming on them, dressing that person in satisfaction, tuma`neena. Therefore I am saying, O our listeners, use always good words. That is your honor. It is not your honor to use bad words and bad meanings for anyone. We are saying, the Children of Israel they have been forbidden to make fishing on Saturday, but the Lord of Heavens is saying, “I am trying (testing) all My servants, to show if they are on true way or wrong way. I must try.” And the benefit of His trying is that the Lord is going to be happy with that servant, giving an honor, a higher position, higher station, higher level.

O people, hear and take care! I am saying in English, so beautiful, "O people, hear and take care!" To reach a higher level, hear and take care. Allah! If people listen to this I think they will be happy because it is a short sentence. But I am not taking from Shakespeare’s Hamlet book. O people, hear what just had been said to you, and take care what you are hearing. Take a care. Particularly through holy books—every sentence, every holy verse through holy books, calling you -- "O my believers that I am your Lord, from the Lord of heavens, hear what the Lord of heavens saying to you.” Saying for example, "O my servants, try to be clean ones." And you must say to your Lord, “Oh, our Lord, we are trying to be clean ones.”

Because the Lord of Heavens only just sending Holy Books for what, to make his servants to be perfect in their outward-looking also. And if a person taking care for the holy orders of the Lord of heavens, you should be dressed dress of honor. O people, don’t be heedless, that you’re going to markets and saying, “This market most famous for dressing for men. I am going to dress which one is best for me.” Not asking this. O believers, through holy books. Old Testament, New Testament, Psalms, Ten Commandments— make a summary Allah Almighty for whole nations through His beloved one, that he was naming, giving name to Sayyidina Ibrahim — "O my friend. O my servant that I dressed to you an honored dressing, and saying to you that you are my friend, Khalilu 'r-Rahman."

O Wahhabi people, what are you saying?! O Salafi, what are you saying?! You are believing that Allah dressed Sayyidina Ibrahim in a dress of honor, dress of friendship, Khaleelullah? If Allah Almighty likes to make His servant happy and glorified here and Hereafter, He is dressing him! Every dress that you are running through markets, and you are saying, "It is most famous for dressing and I must go to buy something from them!” No, according to your economical level, you are running to Marks & Spencer (high-end department store in UK). Sometimes I am not seeing clearly (Mawlana puts on eyeglasses, jokingly.) They are going to take such

clothes; they are so happy and they have such a characteristic to show people such a clothes.

(Mawlana Shaykh imitates)

"O my lady!"

"Look darling, dressing from a shirt I just paid for."

"How much you paid for it?"

"Two-hundred pounds!"

"Doesn't look like 200 pounds!"

"Yes, always you are objecting to me, that I am buying very cheap things!"

"No, I bought this because it is so expensive, just for a big gala tonight, that people may look and say, 'This person bought something from Marks & Spencer, who I saw him in a flea market!'"

"No sir, just I bought this from Marks & Spencer; it is very expensive."

O people! Everyone is asking to dress in a perfect dressing, a most beautiful dressing, to make herself so beautiful, or to be seen as such a handsome, elegant one. Whole (all) people are always asking this, a hobby for people to dress like best one and to be seen through the crowd of people, most handsome one or most beautiful one. Yes, you may do that, that is yours. But I am surprising, why Man not trying to dress heavenly dressing that the Lord of Heavens dressing you for every occasion? Why you are not taking care? That is making me angry and surprised also! But people now mostly left their beliefs; they are not believing in the Day of Resurrection, or that people coming in Divine Presence! And people looking to their dressings, good or bad, beautiful or ugly. Why you are not trying? And you are saying you are Christians, you are Jewish people, and we are also Muslim. If you are Muslim, why are you not following holy orders of heavens, to try to be dressed in honorable dressings, daily? Why are you not running for this, when you are running every occasion to Marks & Spencer (high-end department store in UK) and market centers, asking to be much more attractive, so more beautiful for dressing. How you are a believer But if you are not a believer, you are going

to be dressed with the dirtiest dressing, and the dirtiest bad smelling going around from that person.

Or making zina (adultery). Those people are coming to the Day of Resurrection, and coming from front of them and back of them such dirtiest smelling and people running away from them. May Allah forgive us! Holy books only saying to you, live a clean life, don't be dirty ones. O people, try to be handsome and beautiful ones in the Divine Presence through heavenly stations. Try to be in such a way. Holy books asking from Mankind, come to clean life, leave dirty life; that is all. Oh our Lord, forgive us, forgive us, and send us from Your heavenly servants and angels to make ourselves clean ones, and to take away Satanic clothes, fashionable clothes that you are saying, "We are fashionable people." You must always be looking for new fashions! Never giving any benefit, particularly to ladies. Leave fashions, seek heavenly fashions with such a beautiful dressings from the Lord of Heavens! O people, run to Him, ask from Him forgiveness! And ask from your Lord to make you good servants, understanding the meaning of Mankind's origins, and for what they have been created, and for what birthday ceremony, and for what funeral ceremony. People are between their birth ceremony and funeral ceremony, nothing else. Think on it and you will be happy.

If not, you should fall down to a black hole that is only for you, and going down, down, down endlessly, going down, down, down, and down. O our Lord, please forgive us! We are weak servants! Send us from your good ones to show us the glory of heavens, and to make our wishes towards that honor levels, in honored dressings. One day more just passed from our lives. Tomorrow going to be two days or two months or two years, and you are running to the graveyard, or we are running to somewhere that is mentioned through holy books. O people, come and listen, and come and say:

(Mawlana sings)

## They Must Not Use Weapons!

(Mawlana Shaykh Muhammad Nazim Adil al-Haqqani speaks with someone on the phone:)

This is Allah's Shari`ah, Divine Law. If you do not hold on to Allah's Shari`ah, it will be of no use. We stand up for Allah's Shari`ah however much we can. There is a remedy for everything. Nowadays, all people are clashing with each other: in Turkey, in Damascus, Syria... it's a complete mess! By Allah (swt)'s permission, this is a sign for the coming of Mahdi (a).

The battle will occur! These battles, clashes, conflicts between the unbelievers and the mu'mins will undoubtedly take place. (...) Let them recite. Those who take to the streets must refrain from shouting in vain, but rather they should recite, "Yaa ghaaliban ghayra maghloob! Yaa ghaaliban ghayra maghloob! Yaa ghaaliban ghayra maghloob! (O Victorious One, Who is never defeated)

Let us see if their weapons are more powerful or ours; it will eventually be clear. These are new instructions that are coming down; our instructions for all Muslims. They must not use weapons; we do not need weapons! Instead, they should walk by reciting this zhikr. When they are ordered to stop (by the officials), they should stop and recite (from where they are standing) (...) They must not use weapons but they should recite this as they are walking: "Yaa ghaaliban ghayra maghloob! Yaa ghaaliban ghayra maghloob! Yaa

ghaaliban ghayra maghloob! Let them recite this. Do you understand? No one has a weapon more stronger and more powerful than this. Then afterwards, they should go on to recite, “RabbunAllah, HasbunAllah! RabbunAllah, HasbunAllah! RabbunAllah, HasbunAllah! RabbunAllah, HasbunAllah!” And see if any of their forces will remain! I will sort them out one by one! No need for weapons. When they (the officials) tell you to remain where you are, stop walking, then begin calling out, “Yaa ghaaliban ghayra maghloob! Yaa shaahidan ghayra ba`eed? waajid(3x) (Mawlana Shaykh Adnan Kabbani: Mashaa-Allah, futuhat!) Yaa qareeban, yaa mujeeban, yaa qareeban ghayra ba`eed! (O Close One, never far away). This will be enough to have their hearts explode.

Angels will surely descend on Sham. They must not use weapons! Grandshaykh (q) once told me that Sham will be surrounded by 700 angels, 700 jinn, and 700 Budala, Nujaba, Nuqaba, Awtaad, Akhyaar; they will descend on Sham and give them what they deserve. Our spiritual support is hazir, ready there! (Shaykh Hisham Kabbani and Shaykh Adnan Kabbani: Aamanna wa sadaqna! Allahu Akbar! Allahu Akbar!) (...) They invited us to be there too. Okay, so be patient.

## Don't Worry

The Seal of Prophets, Sayyidina Muhammad, peace be upon him, imparted this good advice to mankind: "If you awaken in the morning and find that you are lacking nothing in the way of material sustenance, and that you and your family are in good health, then don't burden yourself with worry".

The Holy Prophet advises us not to make problems for ourselves. If there are immediate and pressing problems, that is another story, but so many "problems" in people's minds are not problems at all except in their minds. They are only "projected problems" which may or may not ever materialize. This is the affliction of twentieth century man: anxiety, or suffering inflicted upon oneself over the possibility of future suffering. As a result of this neurotic anxiety people may suffer intensely over a long period of time, although none of what they fear ever materializes. This is the epitome of foolishness.

We are shouldering weekly, monthly and yearly burdens each day. Why carry such baggage when you may walk unburdened and find all that you need awaiting your arrival at each station of your journey? You only exist here and now. Tomorrow's "you" is only a fantasy, as you can't even know if you'll live that long. By inventing so many problems for yourself you are only making yourself ill. Is this advice of the Prophet not enough evidence of his adherence to a way that leads man to felicity?

Allah Almighty doesn't want His servants to suffer needless self-inflicted misery, and He says: "Oh My servants, don't load heavy burdens on yourselves by worrying about the future. Just bring yourselves in line with My will; accord with my purposes this moment, and then rest assured that I will help you keep your future moments similarly aligned with My will".

Perhaps you may understand my point from the following example. When a new railway track is laid, before a locomotive and train are ever sent over it, a two-wheeled cart is first drawn over it to check whether the tracks have been laid straight. In the same way, if you can align your will to that of your Lord even for one moment, without carrying a heavy burden, you may be sure that your way is right, and that, even should times get rough, and so many burdens be coupled to your locomotive, your track is straight and true and you will pass along it smoothly and safely. A solution to this moment's problem is the solution to next year's derailment.

When I am here in western countries I daily encounter people carrying the weight of anticipated problems, It is so difficult in the modern world to escape from having this perspective, and to concentrate on the moment in order to put it right. With tens of thousands of problems in front of you all at once how should a solution seem possible?

I often see people running into the mosque, saying the obligatory prayers quickly and running out. Sometimes I ask them: "What's the rush?" Then they nervously look at their watches and say: "We have tarried in the mosque too long already. We have so many things to do today!" I reply: "It is laudable to be industrious and to look after your affairs well, but who would look after your affairs were you to drop dead here and now?"

I am not encouraging people to spend their whole days in the mosque, but only trying to remind people who are not only running after their sustenance, but leaping, head over heels after ambitious all-encompassing undertakings that it is impossible to "master the world", and destructive to devote so much energy to their attempt, and with so much abandon. First of all, the world already has a Master, and addressing Him humbly and with presence of mind (not hurriedly) in your prayers is even more instrumental in attaining your sustenance than rushing through the city. Secondly, far from attending to your affairs more efficiently by running, you are only likely to have a heart attack and die young!

Don't live in a world of great big-time schemes, for such schemes will not save you from trouble, but entangle you in it even further. Simplify your problems so that the solutions may be simple, also don't regard your problems with a magnifying glass, so that they are out of perspective: that habit will destroy you physically and spiritually.

## The Downfall of Mankind Through Technology

Dastoor, yaa Sayyidee. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah!
Allah Allah, Allah Allah, Allah Allah, Kareem Allah!
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah, Sultaan Allah!
Rabbee zid habeebika `izzan wa sharafan nooran masrooran wa ridhwaana wa sultaana. Allahuma thabitna `ala al-Haqq! Allah, Allah. (Mawlana Shaykh sits)

Dastoor yaa RijaalAllah. Thumma ‘s-salaam `ala saa'iri 'l-anbiya wa 'l-awliya, rijaalAllahi as-saaliheen amidoona bi madadikum. O holy ones! Send us from your holy powers, that we may be victorious against evil and devils. If there is no support from heavenly ones, no one can save themselves from falling into dirty Evil Oceans. If we are not asking from the holy ones' power and support, then we won't be able to fight against Shaytan and shaytanic soldiers, shaytanic arms, and Shaytan's attack. We must ask! We are such people that only have a gun without bullets; we have guns but are ordered, "You must ask for bullets and shells." If we have artillery but no shells, what are we going to do? We have also been granted weapons and artillery from the material world, and now we may have gigantic planes, but if they are not carrying bombs, we can't do anything. Therefore, we must ask holy ones for bullets, bombs, and shells so we may fight against devils and

their armies.

This is an important point. The first and most powerful shell that we must use is to say, a`oodhu billahi min ash-Shaytaani 'r-rajeem. (Mawlana Shaykh stands) This means we are asking, "O our Lord! We are asking to fight against devils. Grant us from heavenly shells so that we can fight against devils and evil! (Mawlana Shaykh sits) Right now, the whole world is full with with devils, and we are saying, (Mawlana Shaykh stands) Bismillahi 'r-Rahmaani 'r-Raheem; then we are ready to fight devils! ( Mawlana Shaykh sits) Daily they are trying to give us some new shells or bullets or bombs, but we are saying, "It doesn't matter; yesterday we had, but today none." Everyday there devils attack Mankind and they will never give Mankind a chance to do his best servanthood! They are always fighting and attacking people so that they can't do good or defend themselves against evil.

Now, the whole world is surrounded with evil. You can't find any footstep where there is no evil. Everywhere you will find a trap put by shaytanic armies. That is the main reason the Lord of Heavens sends us His chosen, prepared ones from His Divinely Presence: to help us fight devils and evil. If you are not taking care, you will never be happy here or Hereafter, and you will never reach satisfaction or contentment if you are not taking care against evil and devils. Intasharr is now spreading fully everywhere, the power of sharr, evil. Evil power is now spread from the east to the west, from the north to the south.

O our Attenders! As-salaamu `alaykum. Listen a little bit. Now I am addressing Salafi `ulamas once again, because they must understand from holy books the holy words of the Seal of Prophets (s) in order to make clear our position now. We are saying that evil and devils qad intasharr, have spread throughout the whole world. It is not my claim. I am asking Salafi `ulamas, which holy verse is a witness of what we are saying? Say! Asta'eedhu billah. (Mawlana Shaykh stands) Allah Almighty says:

•••••• •••••••••• ••• •••••••• •••••••••••• ••••• •••••••• ••••••• ••••••••

Dhahar al-fasaadu fi 'l-barri wa 'l-bahr bimaa kasabat aydee 'n-naas. Corruption has appeared in the land and sea, by what the hands of people have earned. (30:41)

That is a heavenly support we are going on now! (Mawlana Shaykh sits) Why you are not saying this? That is an explanation, a commentary of those holy words. And they are making me say that evil and devils have spread from the east to the west, from the north to the south, and our proof is that ayatul-kareemah. Fasaad

is "corruption", but really fasaad means "Shaytan and shaytanic powers, devils and evil" that has spread everywhere, such that you can't find a saleem place where you might keep yourself from evil and devils touching you! Devils are making sure that evil has spread everywhere now, throughout oceans and continents.

O `ulamas! Why are you not making clear that this crisis is touching people, making them unhappy? Although in their mindly production they have everything, Shaytan is saying to all people, "We are bringing you so many things that will make your life a sweet, high-level life!" People do not understand, they are spreading that evil with their own hands to reach everywhere! Now Mankind is occupied with spreading that sharr, evil, everywhere; they think it is not evil, but a benefit for Mankind! That is one-hundred percent the wrong idea, but people are running after it, thinking technology is the best means to make Mankind's life on Earth happy, when really it is against their happiness. Technology represents evil. If there was no technology, people would be living humble, sweet lives with nature, and they were happy then. But now technology is the biggest source of Mankind falling into endless trouble, corruption, and evil.

O Salafi `ulamas! Allah Almighty says, fa dhakkir, "So remind!" Why you are not reminding people that technology is the worst thing damaging humanity and giving them the most dangerous, endless troubles and problems, and that devils are bringing it? And now people are astonished, saying, "We will never be able to change our lives. We thought technology would give us something to make us happier and that our lives would be more tasteful, and that our lives would be so easy with technology." Technology's appearance from the outside is one thing, but its real position is evil. Evil. What are you saying, O Salafi `ulamas? Why are you not making a commentary on holy verses? That holy verse just makes clear the troubles people are falling into, thinking that it is a pure water, but it is going to be pure acid, and when they are falling into Acid Oceans, what will they do? How can they save themselves? No one can!

O People! Materialism is making an infinite field for Mankind, saying, "Come on this wide field! Use what we are giving you and you will be happy here and Hereafter!" They are liars and agents of devils. People are finally becoming devils, spreading evil from the east to the west. You may start with houses, then you may reach to entire villages, towns, cities, countries, and continents. You may reach but you are finding so much more trouble, and you may fall into evil that you never fell into before. And our `ulamas are sleeping! They are saying, “That it is bida`.” What is bida`? "To make a headstone on a graveyard is bida`! To come and say salaatu salaam to the Holy Prophet (s) is bida`!” Leave that, come and speak on devils and evil. Say to them,

“O People! Wake up! If you know the true way that you are running on, come to a safe way, because now you are running on a dangerous way, after devils! You will fall into Evil Oceans. Come and follow in the Prophet's footsteps!”

And people now are stepping in the footsteps of western countries, which have fallen into Evil Oceans. And they have lost control of themselves and have given up their control to devils! Devils are carrying Mankind now, like this or like that, and all nations are astonished. Allah Almighty granted Mankind everything pure and good, but they are never going to be happy or satisfied with what they have been granted. So now they are asking for more and more evil, and for more devils to be against people! Particularly, they are attacking those who claim, "We are warning people!" But what are we warning you about? Your lives! The Muslim world’s lives are now only an imitation of western countries.

O Salafi `ulamas! How are you saying that you are trying to save the Muslim community from falling into Evil Oceans as slaves of devils? Why are you not making it clear? Say to mulook, say to umaara’, say to presidents, and say to fashion makers that they should leave the fashions of devils and come back to our Muslim fashions. The Lord of Heavens is going to be happy with our uniform!

O `ulamas! Try to bring back the Islamic uniform and leave the devil's uniforms. Come and bring Muslims’ characteristics and Muslims’ adabs and leave shaytanic forms, shaytanic models and their representatives. Leave them! Come and follow Islamic fashions, Islamic models, and Islamic beauty. Bring it! Tell people to come back to the real appearance of the Muslim world; then Allah Almighty will help you and support you, as He is saying, "If you keep Me, I am keeping you. •••• •••• ••••• , Ahfazhallah yahfazhak, "Be mindful of Allah, Allah will protect you." That is one of Prophet's famous ahadeeth.

O Salafi `ulamas! I never heard this hadeeth ash-shareef from you, that he gave as his wasiya, advice, to `AbdAllah Ibn Abbas (r) when he was making ready behind his ride, saying, "U`allimuka ya ghulam, O my son, I shall teach you something that gives you benefit here and Hereafter? Ahfazhallah yahfazhak! Be mindful of Allah, Allah will protect you."

Is there anything else? Why are you not saying this to people at any time? I am not hearing. Naseeha, this is advice the Seal of Prophets (s) gave to a young one from his tribe, and with it he was addressing all nations of

Mankind. "O People! If you are asking to be protected here and Hereafter, keep your Lord's holy respect and you will be a respected one. Keep His Holy Orders at the highest level, then the Lord of Heavens will take you to the highest levels of Mankind, here and Hereafter."

O People! Leave that democracy or parliament; it is such foolishness! It is not from Allah Almighty, but from devils and Evil Oceans! Leave them, and keep the holy orders of Allah Almighty so that He is protecting you and saving you here and Hereafter. May Allah forgive us.

Fatihah.

## Do You Have a Clean or a Dirty Face?

A part of secret knowledge is to be able to distinguish a clean face from a dirty one. It is a Divine Service to give your best to other people. That will clean your face. Some faces show wildness and violence. When a person has a dirty face he must try to clean it. Everyone has been given a clean face by Allah. We are the ones who make it dirty. Everybody must learn what makes a face dirty and what will clean it. These two facts should be well-known. Some actions clean you, others make you dirty.

Islam calls people to unity, it calls people to come together without being jealous, envious or bad-tempered. It prevents its followers to be hard, difficult or lazy... You must try to come and ask what it is in Islam that gives peace to people and what it is that takes peace away from people and from their homes.

It is good if you are working. Men should not take any social benefits. When you are established by working, look for a marriage. In every religion marriage is a top point which people must ask to reach. It is the highest degree, even though compared to the Divine Presence it is so small.

When you give up bad actions He will forgive you. As long as you are doing bad actions you will be blamed.

## The Dress of Honor Is from Heavens

Madad ya Sayyidee!

(Mawlana stands)

As-salaamu `alaykum `ala `ibaadillah. Hasbunallah, rabbunallah. Hasbunallah rabbunallah. Hasbunallah rabbunallah. Hasbunallahu wa ni`ma 'l-wakeel... anta mawlana. Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! alfu salaat, alfu salaam wa'l-aakhireen! Highest respect and glory to most honored and glorified one in Divinely Presence, Sayyidina Muhammad (s) (du'a Arabic). Ya Rabb! To follow enlightened road, direct road, for reaching Allah Almighty's heavenly dominions. And we are saying a`oodhu billahi min ash-Shaytaani 'r-rajeem, bismillahi 'r-Rahmaani 'r-Raheem. We are asking from the honor of the most honored one Sayyidina Muhammad (s), to follow enlightened road, the direct road for reaching Allah Almighty's heavenly dominions. (Mawlana sits.)

Just today, O our listeners, I lost my eyeglasses but today I found it. (Mawlana puts on eyeglasses.) And this also making me to look down, not to look forward. Doesn't matter. As-salaamu `alaykum to our respected listeners, that you are giving a time for listening. You are not listening to me, no. I know nothing, I am but a weak servant. What my master granting and ordering to me to address to you, it is only my mission. I am not

expecting from you any material aspect, no. What my Lord granted to me is more than enough, more than enough. Why I am asking anything from creatures or from Mankind? What should they give to me? If the Lord of Heavens asking to grant to me something, may some ones (...sound cut)...and they are bringing to me mindly or bodily aspects as His commands.

O My listeners, I am not joking. We must take every event seriously. When not taking seriously we are losing, here and Hereafter. O people, through my master, to whom masterhood of this world granted to him (s), because there must be someone looking after this world from heavenly centers and to control. Longerly or widerly (the master) must look. And he may do his mission through command of the Lord of Heavens. And his Lord, Allah Almighty, ordering something. It is suitable that Allah is not giving a heavy burden on His servants, but His orders are only so light and so easily and so useful. Every heavenly command is making people to be strong ones, to carry heavenly orders and to fulfill it as much as possible. Therefore, if Allah Almighty dressing on one person in this world, he may do everything according to commands of Allah Almighty, fulfilling it.

As we are looking and seeing a huge aircraft carrier, one person commanding it and that gigantic carrier is fulfilling it. That huge, gigantic carrier is running in that direction, which the small captain is ordering it. That gigantic aircraft carrier is obeying to a man, and that man looks like a finger beside his bigness. Yes, when Lord of Heavens giving an authority and dressing masterhood for this planet, it is enough. “Do!” He says. “I am ready, O my Lord,” (that one answers). What He is asking to do, through His holy command, I may move this planet in different directions; it is not difficult for me.

SubhaanAllah, sultaan Allah maa `adhama shaanak Ya Rabb! You are so great one, (there is) no measure for Your Greatness, Ya Rabb, and that is what I am saying. What my master is sending to me according to heavenly commands I must obey. I don't know anything, but if he is sending to me I may speak and my speech is going to have an affect on the souls and their physical beings. If that person's intention is good, it will bring good results and will give more heavenly support as well, as heavenly lights coming through his heart. That light showing to that person from east to west from earth up to heavens, so powerful!

Biggest telescope is in America under command of one astronomer, moving, and every direction that it is directed, showing this, this, this. What about holy ones’ position, whom they have been granted heavenly

powers to show people what it is right and what it is wrong? Therefore, we are in need of such a master. Without masterhood, you can't reach to anything. I am a simple person and I know nothing, but they are ordering to me to address people. And I am never thinking if I can do that or not, because it is not my capacity. You by your common knowledge can't address to the whole of humanity. It is so difficult. But it is... I am here as a translator only; what they are giving to me, I am translating. Therefore, I am not carrying any burden, and I am not getting hamm (worry); I am not worrying about what I am saying today. But Shaytan saying, "Oh shaykh, finished for you today. Finished what you know. Tomorrow finishing. Why you are sitting and addressing people?" I am saying "Get out! Get out! I am only a tap, not pub."

Same form, but so long distance. I am not pub, but I am a very humble tap. Even drops coming, it is enough. One drop from them feeds the whole world. What I am saying, or what they are making me to speak, one day's speech may be enough for those who are thirsty for learning realities of this Creation, and I may give a low dosage. I am sitting here as a person sitting through any gathering and speaking. Anyone who likes to speak may speak. I may say to His Holiness the Pope, "You may speak." I may say Chief Rabbi, "You may speak." I may say to Dalai Lama, "Come, address people daily without reading books. What it is inside, say to people. What you are knowing teach to people, make them understand." Because people are asking for someone to teach them something that they are thirsty for. I am saying "thirsty," and I am remembering that I must drink a little bit because I am thirsty. (Mawlana sips water.) Bismillah, shukr alhamdulillah!

Therefore my listeners, as-salaamu `alaykum! If you don't like what I am saying, come and you may speak. I am listening. I am not getting angry. I don't like people who are seeking truth to object and refuse what I am saying, because my heart is connected with heavenly masters' hearts!

As-salaamu `alaykum, O our listeners! Yes, as Allah Almighty is asking, you must listen and you must try to be intelligent ones. People on this world going to be into two classes. One class of mankind are intelligent ones, but very few, and second class are idiot ones - countless, countless idiot ones!! Whom are not asking for truth, they are all idiot ones! But intelligent ones, they are clever ones, enlightened ones. But mostly people their identity is idiot ones. There is a place on your identity card for identity, it is written, "engineer," or "captain," or "businessman," or "Minister of Parliament (MP)," or WC member (joke). When you are looking at people, they should find this, such an identity point to give a description for that one. Now people, intelligent ones and idiot ones, means "stupid ones," and stupid ones means they are rubbish ones! Look

what is good for you; which side going to give you an honor here and Hereafter? So easy. Look at yourself. If you are intelligent, you must hear, you must listen to heavenly addressings. And intelligent ones, looking, hearing, and walking. But stupid ones, or idiot ones, they never taking any care. Their importance is only to eat and drink, and to ride on their female ones and nothing else. They are not thinking anything except what they are eating or enjoying, or to enjoy through sexual actions. They are on the level of animals, not same level, but their levels coming lower. Animals' level is going to be higher than them, yes.

Therefore, O our listeners, you are welcome here to make a show from myself. But I am not trying to show people something that gives me for some days or for some months a pleasure, no. Therefore, we must be sincere. Sincerity is most acceptable characteristic from servants. Sincere servants, they should reach high stations. Whom they are not sincere, they are munaafiq, hypocrites who should be thrown down.

Welcome to you! You think that if you are giving a short time for listening such a thing and you may say, "Doesn't matter, we know what he is saying." Yes, but this saying is more strong, more powerful, that you are running after it. From this you can take a heavenly respect and honor by giving a short time for listening. The Lord of Heavens ordering angels, "Dress them in the Dress of Honor." The Dress of Honor is not the Marks & Spencer shirts, trousers and jackets (from famous UK dept. store). No, it is not dress of honor.

O people! Try to dress in the Dress of Honor. Mankind in this world always following new fashions. For what? Because they think if they are using new fashion clothes, that clothes giving them an honor, that it is Dress of Honor. "Honor" as you understand in this world is among people looking to your clothes and saying, "Oh, that is such an honored one." Particularly high-ranked person, they are using (a worldly) dress of honor. If they have been granted from kings or queens or sultans, they are thinking that it is giving them honor on their clothes. But we are trying to make people understand that the real Dress of Honor, you can't find it on Earth, but it is coming from heavens. Is it true or not, O Your Holiness, Pope? Is it not true what we are saying, O Chief Rabbi? What do you think? They are saying "Yes, yes sir." No one can refuse (what I am saying), that Dress of Honor is not coming from Earth. Holy people know the Dress of Honor coming from heavens, not from Earth.

I was, once upon a time, first traveling to London. Someone took me to the Tower Castle, where they are showing so many things that belongs to passed-away kings and queens as their crown and their royal clothes.

And I was standing and looking at one of the tour guides, asking him, “You are saying this belongs to Her Majesty, Queen Victoria, and this crown belongs to His Majesty King George V.” I reached to his reign and also his Silver Jubilee. I was an elementary school student and always first in my class, and granted to me was a medal for the occasion of the Silver Jubilee of late King George V, may Allah (swt) from His endless oceans give them.

We are asking for everyone happiness. We are asking for everyone through this life and after this life for eternal life, to be happy, to reach peace, and to reach endless enjoyments and lights in their Lord’s Divinely or heavenly levels! Yes! O people, give a time (to listen to these live broadcasts) and don’t run away! Today we learned something. It is enough, may be enough, but when you are planting a plant you must give water. You must also try to water your minds, your understandings, and your feelings.

O people, it is not an ordinary words what I am saying, and I am requiring from the chiefs of nations and the chiefs of holy ones, to address people daily. But they are addressing. Don’t think the Lord of Heavens closing down for them if they are addressing every day!

May Allah (swt) forgive me and thank you, my listeners! I am not asking for any rank, for any honor in this life, no. I am asking honor for heavenly levels of the Lord of Heavens. May Allah (swt) forgive me and you, and make us to live according to His holy commands, (then we will be in) endless satisfaction and honor and pleasure and enjoyment and lights forever! Allah (swt) is The Great, and His most beloved one is most praised, and His holy prophets are on their ranks and glorifying Him! Ameen.

Fatihah.

44 minutes Sayyidee.

(Mawlana smiles and sings)

Dome dome dome dome 5x
Let us to listen and let us to hear
heavenly singing of my Lord's angels,
here and Hereafter.

O my Lord, whole praising for You,
whole glory for You only.
Give us Your pleasure,
give us honor from Your generosity.
O our Lord, and forgive us!

Fatihah.

# A DROP FROM THE OCEANS is ALL THAT YOU CAN TAKE

Everyone and everything is powerless in relation to Allah Almighty, and no one has any power without his Lord's giving it to him. If the Lord Almighty gives power to servants, they may become powerful, but their original state is one of total powerlessness. If a servant declares his powerlessness in front of his Lord, it is an honour for that servant, and as a result of his humility his Lord will grant him power and support in every situation.

The Prophet Muhammad (sal), was the first to declare his powerlessness in the Divine presence; therefore, Allah Almighty has granted him more power than He ever gave to anyone. This is a very good lesson for mankind: if we are seeking more Divine Support and spiritual power, we should first admit oyur own powerlessness.

Now Grandsheikh is explaining more upon this point: Allah Almighty gives of His Power to His beloved servants so that they may swim in those Oceans of Knowledge and Wisdom. What they take, they take eternally; they ask endlessly and are endlessly bestowed upon by their Lord. Neither servant nor Lord is ever going to say 'enough'; rather, the Lord will say, "My servant, ask for as much as you can because I am always giving more and more. Ask ten and I will give a hundred, ask a hundred and I will give a thousand, etc.; if you don't

ask, I shall become angry with you." It is one of Allah Almighty's attributes that He always wants to give more to His servants – if you can recognize this attribute, it will give you satisfaction.

If Allah were to say, "That is enough, don't ask more," it would mean that He doesn't have any more to give to His servants, and if it were so the hearts of mankind would explode. But Allah Almighty says, "Oh My servants, ask more and more, and I will bestow more than you can possibly imagine." We must thank Allah for this and be happy that we have such a Creator, such a Lord. Our Grandsheikh says that although you may take more and more from Allah's Wisdom and Knowledge oceans, don't think that you can take all, for in reality you can take but one drop, not a bit more.

Perhaps that drop may even be a huge drop, but it is still only a drop, and no matter how large it is, it still has bounds, whereas His Oceans know no boundaries. In this is real pleasure for us: Everything that Allah Almighty is giving us grows within bounds. If we could go beyond the realm of boundaries we would become partners to Allah, and that is an impossibility. Now my Grandsheikh was saying that there are two kinds of knowledge. One kind belongs only to the Almighty Himself, and the other kind Allah Almighty gives to His servants. We are speaking about that second kind only, for the first kind, the knowledge belonging to His Essence (Dhat), is impossible to behold, even for the Angels, Prophets and Saints – off limits. The endless oceans which He bestows upon His servants are nothing compared to His Essential Knowledge, which He is keeping to Himself. Look at this point also: When Allah Almighty called His Prophet on the Night of the Ascension (Laylatul-mi'raj) and spoke to him without intermediary; He imparted unto Muhammed three types, or areas of knowledge. One part of this Knowledge, He ordered the Prophet Muhammad (sal) to keep for himself only: "No one can know that; it is private between Me and you." The second part, He allowed the Prophe Muhammad (sal), to share with a selected elite (Khawas) of the Nation (Ummah), and the third part He ordered to be opened to everyone.

The accounts we read in books about the mi'raj are from the third part of this knowledge, and further knowledge of it is given to people according to their individual ranks. The palm

tree has knowledge that it may produce dates; the orange tree has a different knowledge, as it learned from its Lord to make oranges. Apple trees produce apples, olive trees olives, and just so everything in the universe is producing according to its rank and position. You have also been taught knowledge from your Lord, but now in our position it is covered. You are yet like a seed which hasn't even been planted. You must plant yourself in seclusion (Khalwa). As the seed must be covered from this world – then you can know yourself. When a seed is in the ground for ten days, it will sprout, but our seed has not yet been planted and thus we cannot yet see whether we are orange trees or olive trees. This is the reason why the Prophet relates from Allah Almighty: "As long as you don't know yourself you can't know your Lord."

## Those Who Are Drunk with Dunya Lost the Heavenly Balance

(Mawlana Shaykh stands)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Qadeer Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Subhaan Sensin, salli wa sallim yaa rabbana `ala habeebik al-mustafa maa daamat as-samawaatu wa 'l-ard. Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, rwaanan wa sultaana. Yaa rabbana yaa rabbee 'ghfir w 'arham wa Anta khayru 'r-raahimeen. Yaa Rabbee, yaa Allah! asqina 'l-ghayth wa laa taja`lnaa mina 'l-qaaniteen. Ija`lnaa yaa Rabbee ma` `ibaadika as-saaliheen, thumma as-salaamu `alaykum yaa anbiyaa Allah wa yaa awliyaaullah yaa `ibaadAllahi 's-saaliheen.

Look after your weak servants, yaa Saahib az-Zamaan, yaa RijaalAllah, Ameen. And we are saying, all of our attenders and all Salafi `ulamas, a`oodhu billahi min ash-Shaytani 'r-rajeem, and Bismillahi 'r-Rahmani 'r-Raheem! Who carries that sword of Bismillahi 'r-Rahmani 'r-Raheem, his head will be always up. Allah Almighty will never give him sorrow. Say, Bismillahi 'r-Rahmani 'r-Raheem!

O People! Every time when you are feeling something wrong with yourself, say Bismillahi 'r-Rahmani 'r-Raheem at least seven times. (Mawlana Shaykh sits) I am a weak servant, and by the holy ones' order, when I am saying Bismillahi 'r-Rahmani 'r-Raheem I feel power and joy. Whoever is saying Bismillahi 'r-Rahmani 'r-Raheem will drink from nahru 'l-asal, nahru 'l-laban, nahru 'l-haleeb, nahru 'sh-shrabb, rivers of honey, rivers of milk. Yes, yes, yaa Rabbana, yaa Rabbana. Yaa Rabbee 'ghfir w 'arham wa Anta khayru 'r-raahimeen!

O our Attenders! Welcome to you! How are you today? So many of you are filling your bags. Today only one bag? Must be two bags today, I think. You must be careful about that point. You say to me, “O our master! We are running and working so hard.” But if Allah Almighty is not giving, how are we asking to fill our bags by ourselves? You must be a drunk one; you forget that Allah Almighty, your Creator, gives or prevents and we are asking to learn.

O People! Don't read a holy book as if you are reading a newspaper. It will give you nothing if you read the Holy Qur’an like a magazine, newspaper, or a book of tales! You must read it for understanding; it is Holy Qur’an, bringing oceans, oceans, oceans, and every moment there come new, endless oceans, and in every heavenly dominion Holy Qur’an appears with yet another heavenly appearance!

O our Attenders! Beware of Shaytan, making you to be greedy. What the Lord gives you must give for your Lord’s honor, and that gives you honor. If you are granted something from heavenly treasures, give, and Allah will give you much more. You ask, “O Shaykh! You are saying ‘heavenly treasures’ and we do not understand that; we only understand treasures on Earth." That is because you are not trying to learn about Heavens, but only for business, business, business. You may make heaps of gold or diamonds or pearls, but you can only look at them; they can't really give you anything! This is earthly treasure, but heavenly treasures are in heavenly dominions that contain countless oceans of treasures! That happiness is never granted to those who run after this world’s useless treasures. When your treasures are useful, you are making a way from here to Heavens, then you will reach heavenly treasures!

(Mawlana addresses an Egyptian.) You are from the country of Pharaoh, where they collected heaps of gold. If a command is issued, it is because there are some selected or chosen ones. Twenty chosen ones look after khazaa'in al-ard, treasures of the Earth. Jinns are also under their command, who they can order, "Collect all the gold from the time of Pharaoh," and it will be like a thousand of your pyramids! (Mawlana Shaykh

laughs) I am laughing. For what? If a weak one orders to carry all the gold and all the treasures of the Saudi people and the Arabian peninsula's kings and imams and put them there, it will be like a big pyramid. And in the morning they will ask, “Where is our gold?” (Mawlana Shaykh claps his hands) Allahumma arham! They will run to mental houses, where one weak guardian may carry them, making this gold under one pyramid. But their holders will lose their minds and become crazy ones, running like this and like that. They may collect all of them that are so proud with their treasures, bringing them under a tent, and they will say, “What happened? What happened? What happened?” I am saying, "Play now, as they took all of that from you and now you have no responsibility on Day of Resurrection, so be happy!"

I am playing; I am happy with my Lord, and happy with all anbiya and Sultan al-Anbiya (s), and with all holy ones. But now we are living in a time when people are not happy with holy ones; they don't like them because holy ones are not happy with their treasures. They say, “No-mind ones are not collecting as we are, and there is going to be for it a guardian.”

O People! Use your minds!

O Salafi `ulamas! Why are you not awakening your kings and princes, and scholars? Wake them up because they are sleeping and more, they are drunk! And the worst drunk is drunk with dunya. What they are drinking--whiskey, champagne, vodka, spirits--is nothing. But people now in our days are drunk with dunya. That is the biggest curse on people! They are sleeping with and waking up with dunya. What is that? Why be drunk with dunya? Those people who are making heaps of gold or pearls or diamonds are really sakraan, drunk ones. Now men and women are asking for a treasure. Is it not true?

O Salafi `ulamas! Where are you (what is your position)? Is it true or not? They are making me address you on Haqq. They are making me speak about reality and truth, because people are drunk with dunya. Why dunya and nothing else? But dunya is such a magic one that never says to one individual only, "I am for you," but it says to everyone, "I am for you, I am for you! I love you, I love you, I love you!" Kadhib `alaa kadhib, "lies on lies." And people, from early morning up to evening and late night, are thinking, "O, such a beautiful one!" They even dream and imagine about that beautiful dunya and its treasures. They sleep and awaken with dunya! That is the lifestyle or life philosophy for 21st century people. They are not saying, "We can do more and more for the benefit of Mankind, and for the honor of the Seal of Prophets (s), and for the honor of the

Lord of Heavens, Allah Almighty, (Mawlana Shaykh stands) that He granted us and we may grant for Him!" (Mawlana Shaykh sits) But people are now understanding everything wrongly, and wrong works are never giving pleasure to people. Always they are under the heavy pressure of dunya and sometimes people kill themselves because of that; they can't carry it and their minds are exploding.

What shall we do now? Say, Salafi `ulamas! Do you know Holy Qu'ran? Part of a holy verse they are giving to me to say to you, particularly for Salafi `ulamas, Allah Almighty is saying: (Mawlana Shaykh stands)

•••••••• ••••••••••••

Wa wada`a l-meezaan. And He has set up the Balance. (ar-Rahman, 55:7)

Do you know it or not? Is it the Turkish language or English, or is it the original from Holy Qur'an?

Wa anzala 'l-meezan. And He brought down a Heavenly Scale.

(Mawlana Shaykh sits) Yes, He put a Heavenly Scale, a Heavenly Balance. Allah Almighty is saying, "I have put a Balance in front of you in this life. For what? I am not using balance; it is for you, to arrange your lifestyle." And you lost it, 21st century people, as you are not taking care for the Heavenly Scale, the Balance!

O Salafi `ulamas! Why are you not teaching people? Teach people instead of quarreling with people, saying, "You are wrong, you are right, you are Muslim, you are mushrik, you are haraam maker, you are sahib bid'a, innovator." Leave that and bring the balance of life that Allah (swt) is sending! Why are you not saying? Teach your mulook first, your imams, your princes, your leaders, first of all teach them what is the heavenly balance that Allah Almighty is putting. And you are Arabs, saying, "We are understanding." If you understand, what does it mean, wa wada'a l-meezaan, wa anzala 'l-meezaan? For what? Allah (swt) will ask you. You are only claiming, "We are Salafi `ulamas." Your real Salafi `ulamas were using that Scale, that Balance. What is that Scale of Balance that the Lord of Heavens sent you, O Mankind? Firstly, to the Arabs, that they used it at the beginning of Islam and then they began to lose it, and then were changing it with some other balances.

Why are you using democracy? Does it have a balance? Everywhere, they are saying, "Democracy, democracy." What is that? Why aren't you calling people and saying, "If you are not enough, where are Azhar

ash-Shareef `ulamas? Why are they not putting that balance that Allah Almighty (swt) put? Azhar ash-Shareef `ulamas, why are you not saying and showing? You are living in Egypt. Is Egypt putting an Islamic balance? Is Libya putting an Islamic balance? Heavenly balance in Turkey or Iran or Afghanistan or Pakistan? Where is the heavenly balance that Allah Almighty sent to you? Show me!

Don't swear at me! Shaytan swears at you. Bring that meezaan, that balance Allah (swt) put for Muslims and for believers. If you are not doing this you are always going to be humiliated. There is no honor for you; you lost your honor! That is the world's biggest crisis, because learned people are not putting this into action, particularly the Muslim world's `ulamas, who are not putting heavenly balance in Islamic countries. Where are you, `ulamas of Azhar ash-Shareef, who are so proud to have written in front of their names "Doctor Fulaan (so-and-so)." What is that? (Mawlana Shaykh laughs) Say, Salafi `ulamas! You shout at Azhar ash-Shareef `ulamas, Azhar ash-Shareef `ulamas may shout at some Shaam `ulamas and Shaam `ulamas shout at Baghdad `ulamas, "Who is ordering? Is Allah (swt) ordering to kill each other?" Allah Almighty is saying: asta`eedhu billah (Mawlana Shaykh stands)

••••• •••••••••••• ••••••••••••

Wa laa taqtuluu anfusakum. And do not kill each other. (an-Nisa, 4:29)

(Mawlana Shaykh sits) Why do you kill each other? Is that a heavenly balance ordered for you to keep? May Allah (swt) forgive us.

O our Attenders! Try to understand the mission of Islam, for what Islam was sent and for what the Seal of Prophets (s) was ordered with Shari`atullah. He brought heavenly orders and put them in action! If we do that, all dunya will be like Paradise! If not, this dunya is going to be like hells, everywhere fire, killing, and every curse. May Allah (swt) forgive us. Tawbah, yaa Rabbee!

Fatihah.

(38 minutes) Ameen. Yaa Rabbee, shukr yaa Rabbee.

(Mawlana Shaykh prays two raka'at Salaat ash-Shukr.)

(Mawlana Shaykh speaks with Mawlana Shaykh Hisham on the phone.)

## DU BIST NIE ALLEINE

Wenn einer mit einem schönen Mädchen 40 Tage auf einer Insel alleine ist und in sein Herz nicht ein Gedanke an etwas Verbotenes kommt, wenigstens 40 Tage lang - und es gibt keine Grenze für eine längere Zeit - dann ist er auf der ersten Stufe wahren Glaubens. Er mag für immer dort sein und nie kommt in sein Herz ein schlechter Gedanke über dieses Mädchen. Dieser Glaube gibt dem Mann eine Kraft, die ihn beschützt, so daß kein Gedanke über Haram zu ihm kommen kann. Denn selbst, wenn er über das Gesetz nachdenken würde, könnte ihn das zur Unzucht führen. Denn ohne Zeugen gibt es keine Erlaubnis dafür, über eine Heirat nachzudenken. Was beschützt ihn davor, daran zu denken? Wenn ein König mit seiner schönen Königin auf dem Thron sitzt, und du kommst herein und weißt, daß er sehr eifersüchtig ist, bist du dann frech genug, die Königin anzuschauen? Er kann dich sofort köpfen lassen. Nie wirst du hinschauen - aus Angst vor dem schrecklichen König. Allah ist eifersüchtiger, wenn es um Haram und Halal geht, als der König. Wenn ein Diener diese Ebene erreicht, fühlt er Allahs Gegenwart und seine Eifersucht. Dann - wenn dies möglich ist - sind wir bei wirklichem Glauben angekommen. Halal ist nie schmutzig, aber über Haram nachzudenken ist schmutzig. Ein Mann mit wirklichem Glauben weiß sich immer in Allahs Gegenwart.
Einst gab es einen Scheich, und ein neuer Schüler kam zu ihm, ein "Mustaid" - ein Bereiter. Der Scheich widmete sich ihm immer. Die anderen waren eifersüchtig, und der Scheich wußte davon. Er sagte eines Tages: "Morgen gehen wir zu einem Picknick. Jeder von euch bringt ein Huhn, und wir mögen es schlachten

und Picknick machen." Jeder brachte ein Huhn mit. Als sie zum Scheich kamen mit den Vögeln, befahl er ihnen: "Geht zu einem Platz, wo keiner euch sehen kann. Schlachtet das Huhn und bringt es zu mir." Nur der eine Schüler ging nicht und schlachtete nicht. Da freuten sich alle, daß der Neue nicht geschlachte hatte, daß er ungehorsam war. Der Scheich fragte ihn: "Warum, o mein Sohn, hast du nicht gehorcht?" "O mein Scheich, Allah und der Prophet (FSmi) und du, oh Meister, ihr habt mich beobachtet, wohin ich auch ging." Der Scheich sagte: "Schaut, Allah ist mit euch, wo ihr auch seid, aber wir sind nicht mit ihm." Und er erklärte den Schülern die hohe Stufe dieses Neuen und den Grund, daß er den Neuen über sie stellte, denn sie waren nicht mit ihrem Herrn, nicht einmal mit ihrem Scheich. Ein Schüler muß sich immer der Gegenwart seines Scheichs bewußt sein, darf sich niemals mit sich selbst allein wähnen.

In Damaskus gab mir einmal ein alter Mann ein Bonbon und bestellte meinem Großscheich viele Grüße. Als ich Großscheich die Grüße ausrichtete, fragte er mich: "Hast du auch ein Bonbon für mich? - O mein Sohn, du mußt sagen, das eine ist für mich, und noch eins für meinen Scheich." Selbst bei Millionen von Schülern muß der Scheich immer mit dir sein. Du mußt mit dem Scheich sein, dann kannst du mit Allah sein. Denn du kannst dir Allah nicht vorstellen, aber du kannst dir vorstellen, daß der Scheich mit dir ist. Dann gehst du voran und siehst später mit den eigenen Augen, daß der Scheich mit dir ist. Zuerst mußt du wissen und glauben, daß der Scheich bei dir ist, später wirst du seine Gegenwart fühlen, und schließlich wirst du mit den Augen sehen, daß der Scheich an deiner Seite ist. Einer unserer Brüder aus Ceylon fühlt immer den Scheich an seiner rechten Schulter. Später siehst du den Scheich immer mit dir. Das ist "Huzur" , du bist mit mir, und mit mir sind der Prophet (FSmi) und der Herr Allah. Diese Person auf der Insel, ist da niemand? Der Scheich, der Prophet (FSmi) und Allah sind dort, denn der Mensch braucht spirituelle Unterstützung vom Scheich. Böse Kräfte sind immer hinter dir her. Mein physischer Körper könnte nie all eure Probleme tragen, wenn ich nach hunderten von Leuten immer schauen würde. Aber spirituell bin ich mit allen von euch. Ich muß euch tragen und unterstützen. Wenn ich nicht autorisiert wäre, könnte ich das nicht. Das ist ein wichtiger Punkt, den Großscheich uns sagen will.

Jeder Scheich hat auch physische Kräfte, und eine sexuelle Beziehung ist auch für Propheten und Heilige wichtig. Die Vollkommenheit eines Menschen umfaßt auch die sexuellen Beziehungen. Wir sind keine Engel. Halal ist sauber, Haram ist schmutzig. Es gibt ein heiliges Kommando: "Wa ankiha" (Befehl zum Heiraten), und auch das ist notwendig für unsere Perfektion. Jedes Kommando bringt dich näher an die göttliche

Gegenwart, ebenso wie dich Haram weiter von ihr weg bringt.(aus dem Englischen)

## Dunya Is A Marketplace

As-Salamu Alaikum O Muslims. May peace be upon you. When believers come together, one should explain and the other take benefit. This is the method. Let us remember the Ism Al-Jalal of Allah Almighty: Allahu Akbar Allahu Akbar Allahu Akbar wa LiLlahi l-Hamd. Alfu Salat alfu Salam 'ala Sayyidina Muhammad Sayyidi-l Awwalin wa-l Akhirin wa Habibi Rabbi-l 'Alamin. Allahumma qawwi dha'fi fi Ridaq.

Welcome to you, welcome to you O our attending jama'at. May your day be nice. May your faith be strong. May your body be in health. May the dress you wear dress you with the faith and the honour of Islam. We are trying to keep the way of the great ones. Our religion is the religion of Islam. We are Muslims, shukur Allah that we are Muslims. Let us say it and our assembly be an enlightened assembly. So that Nur rains upon us. Then we may crown this sohbat of ours. We may put a crown on our assembly and on our sohbat. What is its crown? Bismillahi r-Rahmani r-Rahim. I want to stand up 100 times but our strength and power is enough to stand up for one time only. We may say Bismillahi r-Rahmani r-Rahim. Grant us power O Lord, and we will destroy unbelief.

Bismillahi r-Rahmani r-Rahim is the key of all treasures. What allows us to open the doors of all external and spiritual treasures is Bismillahi r-Rahmani r-Rahim. What is the value of treasures of earth? Only trash. It is a shame for a Muslim to say Bismillahi r-Rahmani r-Rahim to complete a goal that belongs to this dirty dunya. Let's say a man is going to the market to buy bread, or to buy an onion, or to buy garlic. A person who gives gold and gets onion has no mind at all. Because a copper coin can also buy it. Copper is worth whatever you need, whatever you want. We remember that when we were small ones, the daily wage of a worker was three kurush, or two kurush. It was like this. Two kurush, meaning the copper coins. These copper coins; when

a person went to the market he was able to get all he needed with three coppers, or two coppers, or five coppers. We would call it "five kurush". There was no person who took with him gold when he was going to the market place. Let's say a person goes to the market. He will buy his daily needs. He wouldn't go putting gold in his pocket. Why? It wasn't worth it: meaning he will buy onions, or garlic, or potatoes, that person does not go to the market with gold. He can buy all he needs with one copper, or two kurush, or three kurush. Or one shilling, or half shilling can buy all he needs. He can buy all that he needs with the three coppers, and come back.

There was no one who went to the market place putting gold in his pocket. No, why should he? They would not go to the market place putting gold in their pocket to buy vegetables or the daily foods needed. No. What will they do with gold? They wouldn't take silver either. It is still too much for it. Because you should receive something valuable for the money you give. Three kurush is enough for you in the vegetable market. They don't go there putting gold in their pockets. Gold has an honour. Since gold has honour no one takes it to the municipality market. Where do they take it to? They take it to the jewelery market. A person who enters the jewelery market to buy jewels. He does not go there with copper because he will buy jewels. Copper is for the municipality market place. We would call it Bandabuliya here, which means there would always be goods, vegetables there that the villagers brought. A person would go there and buy his needs with his copper money.

A person who wants to buy jewels, who wants to buy things for a ceremony, or to get married would go to the jewelery market. And he would have gold and silver money in his pocket. We would call the other one Bandabuliya, which is the one always open, which sells onions, garlic, bread, cucumbers... It is the market that sells onion, garlic, bread, green beans, dried beans, tomatos. Does a person who goes there take gold? Copper is enough. So depending on what you want you either put gold in your pocket, or silver or you put copper. You know the worth of what you will buy. A person who goes to a market place and exchanges his gold is a crazy one. He is a no mind one. You take gold to the jewelry store to buy its worth. You take copper with you and go to the market with that copper.

Mankind should think. Dunya is a market. Dunya is a trading place. Ad-dunya daniya: dunya is something which is trashy, which is filthy. No one goes to buy onions putting gold in his pocket. And the people of this time don't know what they are buying or selling. They have no idea about

they are doing. They just go recklessly without thinking. A dog doesn't go to a butcher and buy meat for itself. "The bones they throw are enough for me as my provision, it is free" it says. It catches the bone and runs away. If you consider yourself as a dog, do you have any value left? "Free" says the dog, "bone is for free". When they throw it at him, he immediately catches it and goes. What is the value of mankind then? If they don't know the value of what they buy and what they sell, what is his trading for? Nothing. Man strives in dunya to gain something. Man does not strive for dunya. He doesn't spend all his effort and power to collect from dunya, no.
A person takes with him gold to buy jewels. If you don't buy jewels, what will you do with gold? As we said, is there anyone who goes to buy onions, garlic from the market putting gold in his pocket? No. He goes putting copper. Man is like this now too. We woke up today. What is our job? What is it that we will do? What is it that we will gain? What is it that we will lose? Where is the place of a man who doesn't know this? His place is the line of animals. The line of a person who doesn't know the worth of gold is like the dog which runs after a bone. Shame on us. Shame on us, that we reached today and we don't know what we want, we don't know what we live for. We don't know what we will gain. This is not Man. Where is his line? The line of four-legged ones. Therefore Man, that he is honoured; Man, that Allah Almighty granted him, gave him a beauty; He (swt) dressed on him a dress of power and magnificence. "LiYa`buduni". They should worship Me, says Allah Almighty.

He (swt) wants us to dress in the dress of servanthood. "None of these people dress in the dress of servanthood". "And?" "They want the dress of four-legged ones: We eat, drink and finish by excretion". Shame on them to make the honour of Man zero. All shaytan's hatred and effort comes from his jealousy for mankind. There is no any other creature that is jealous of Man as shaytan is. What does he say? "They dressed in the rank that I was going to take. My Lord told me to make sajda to them and I said I won't". Hasha! The dress of honour, robe of honour (khil'at) Allah almighty dressed on Man, the crown He (swt) gave him... Allah Almighty created mankind and crowned them. He (swt) crowned the Master of Creation (sas) and all who are in his way have crowns also.
Shaytan is dying of jealousy: "Ah, this crown was going to be for me! He (swt) didn't give it to me but to Adam. And I won't keep His Order if Allah orders". Hasha. He (swt) said "Prostrate to

Adam! I crowned him with the crown of honour. They represent Me". Shaytan said "I won't". "If you don't then get out! Get out of My Presence!" Therefore Man's honour and glory, the crown he was crowned with as a grant of Allah Almighty, is Bismillahi r-Rahmani r-Rahim. How beautiful. Who puts other things on his head other than this crown has no value. What makes Man crowned is Bismillahi r-Rahmani r-Rahim. Innahu min Sulaiman wa Innahu Bismillahi r-Rahmani r-Rahim. Sulaiman has no value if there was no Bismillahi r-Rahmani r-Rahim. Masha Allah! Masha Allah!

O Arabs! O Turks! O Indians! Leave this, saying "I am Turkish, we are Arabs. We have democracy". Leave this. There is the crown that Allah granted you. Tawwajahu bi taj Bismillahi r-Rahmani r-Rahim. Say it and you become majestic. Whole creation runs after you. You look at the space with telescopes. The holy ones reach that distance that you observe with telescopes, in one step! Because the Caliph on earth is Man. The representative of Allah Almighty is the Sultan of the Prophets, our Prophet (sas). If his majesty was revealed, whole dunya would be upside down. Masha Allah to our Prophet (sas). He (swt) crowned him also: "Iqra' Bismi Rabbika Alladhi Khalaqa". Read with the Bismillah O My Beloved, He (swt) said. That your honour rises say "Bismillahi r-Rahmani r-Rahim. There is nothing with me. My Lord crowned me with this crown".

May you prostrate, prostrate to the Almighty Rabbu-l 'Izza' and say "Who granted us this crown of honour among all the creation is our Lord. For whose honour? For the honour of who is most beloved to Him, who He (swt) calls "Habibi", the Prophet of the End of Times, the Master of Creation. Know that it is in his name and you will be crowned. You will be given a sign. What is your sign? Bismillahir-Rahmani r-Rahim. Don't forget O Arabs! The others are already non-Arabs. They may say that "We don't know the language" but Ayyuhal Arabs! O Arabs, that Allah Almighty sent the Prophet of Islam from you! But you don't follow his way. You leave it. You leave what he brought, what came down from the Heavens: the Pure Shari'at Ahmadiyya and you fell to democracy, (...)racy!

What does democracy mean? This system is the rule of lazy ones. The real name of this system that they call democracy, I say it and whole world may hear: it belongs to the freeloader (...). Freeloaders. You understand what a freeloader is? It is the job of freeloaders: Let me also grasp

something in this crowd. No! This affliction, which is freeloading, but they call democracy made all world upside down. There is no rest anywhere. There is no peace. Why? There is no Bismillah in the democracy! Being without the Bismillah means that one is a freeloader. If he says the Bismillah, it won't be freeloading.

They can't say Bismillahi r-Rahmani r-Rahim, all of them are freeloaders. What is democracy?! What do you have to do with it? "We sent the Quran Azim-ush-Shan, to show your honour; to reveal the way you should walk, I sent My Shari'at" says Allah Almighty. But you leave it and play the clarion of shaytan? What is the clarion of shaytan? Democracy, democracy...No! It is not democracy "Freeloader, freeloader". O Arab scholars! Why don't you say that what they call democracy is freeloading? It is for those people who want to freeload and swallow this world by collecting foolish people like themselves to follow them. They have no value, democracy means the system of the freeloaders. They want to freeload! It is the system of those freeloaders who take so many men behind them, whose whatsoever areas are naked and who appear as two-legged ones but in reality are four-legged ones like themselves.

O scholars, why don't you say: Democracy is freeloading! "We got this many votes and got the control of the government". "'In Turidu 'Illa 'An Takuna Jabbaran Fi l-Ardi" (28:19). What they want is "Let no one be more powerful than us on earth. Let all the people be our animals. We got on their necks and execute the freeloading regime". And shame on the Muslims that they kept this freeloading system. They spread it all over the world and all the world became crazy, bewildered. For what? The freeloaders are not only one person, or five people, lots of them! All of them attack! They attack to swallow the world by freeloading. They want to swallow it in one bite. Therefore their fights never end. One comes down and another one goes up. This one is a freeloader, and that one is a freeloader too. What does democracy mean? Get accustomed to this O scholars, say: It is freeloading! Democracy is the way of freeloaders. Because they can't recite the Bismillah on it, if they do Allah strikes them! His mouth moves to another side, his one side gets paralyzed.

Because they come against Allah, they have no peace left, they have no comfort or no honour left. All of them are freeloaders. Who run after democracy are all freeloaders. "I catch it before you do and the freeload may be mine!" How come it is yours? Do you have four legs? Why do you show yourself in the public? You are two-legged and so is he. What makes you different?

What makes you different is your honour. Because you don't deign to freeload. You don't come out in front of the people and say: "We will rule you the best". You make a mess! O freeloaders! May you not reach tomorrow.

O who have no sincerity (ikhlas), may you not reach the evening! O who leave the Bismillah, may you fall dead wherever you are! This anger and severity is from the Heavens. Listen! You can't find power by building weapons. You build weapons so that you can keep the freeloading for yourselves. Shame on your humanity and your understandings! This is the shaytani understanding. Shaytan said: "I will form such a sect that the whole world's finger may always be in their mouths (asking to get more from dunya). Where did this come from? There was one Sultan before and he would rule, he was enough. Now everyone says "I am Sultan", everyone comes out claiming to be the chief of the freeloaders and says: "I will do this, I will do that". All of them are lies and deceits. They will fall into a very difficult era, a poisonous era that it is impossible for them to be saved.

O mankind! And especially the Muslims, and especially the Arab Muslims! If you still didn't understand this, where is your Islam? Where is your Islam? You are freeloaders too! Whichever nation there is that runs after this democracy all of them are freeloaders, you are no different. Because all your doings are the same: You eat, and then your greatest place of visit is the toilet. You go three times, five times, ten times... Who don't consider this speach, their places of excretion will be blocked. If the Wrath comes down on them they crack and start suffering the punishment of their doings from here.

Say Bismillahi r-Rahmani r-Rahim. Don't fear! You scare people. Where are you O scholars of Egypt? Egypt is under the rule of democracy? Where is the pure Shari'at Ahmadiyya? You make a constitution. Who gave you the authority to do it? Is the Book Allah sent not the constitution for you? Especially the Arabs! That each one you will be hanged on a pole, because they made insults to the Shari'ah. Such an illness will catch them that when they scream, they will shake the whole place. They will find no cure for their troubles. The cure to your trouble is Bismillahi r-Rahmani r-Rahim.

Say! You are Allah Almighty's Caliph on earth. Say! Say the Holy Quran. Holy Quran was not enough for you, that you say, we will make a constitution? Masha Allah! From where did you find this constitution? Who are you? Can a man who goes back and forth to the toilet make a

constitution? The constitution came down to you from the Heavens; it descended from the Heavens. O freeloaders, may you vanish! May you not survive tomorrow! They made corruption everywhere. Ok, we can understand what the aim of Europe is:the unbelieving world. The unbelieving world has been an enemy to Islam since Islam arrived. They have no respect for or faith in our Prophet (sas). Why do you keep their way? Europe did everything to destroy Islam. And our foolish people thought they are doing a good thing by following their way.

You followed their way and became humiliated! You open your hands for help. You fight each other. Did Islam order this? If Islam didn't have a spiritual power, could Islam stand? What you rely on is your cannons, your weapons. If one believer points at your cannons, your weapons, he can make it fall down! What did you think Islam is, O Arabs? Leave this freeloading doctrine. I am sorry that there are all these scholars in Egypt, in Al-Azhar, why don't you say it? Say! Say that "This weak servant of Allah is reminding us of this. Let us think on this". Why don't you say? O Al-Azhar scholars! Is there no constitution in Islam that these freeloader ones come out and make a constitution? What right do they have to make a constitution? Each one who makes a constitution sinks into the constitution. May Allah turn their evil back on them and give strength to the people of Islam.

Let us say Bismillahi r-Rahmani r-Rahim and not fear. Tawba Ya Rabbi, tawba Astaghfirullah. Forgive us O Lord. Ok, we are non-Arabs. Our language is Turkish or Farsi. "'Inna 'Anzalnahu Qur'anan `Arabiyan" (12:2). You are not able to understand that this democracy is freeloading? Shame on you that you wear the dress of Islam. O our Lord, send us the power which will take our rights from them. May they disappear! May they be left blind because they don't see the way they should. "Wa Man Kana Fi Hadhihi 'A`ma Fahuwa Fƒ´ l-'Akhirati 'A`ma Wa 'Adallu Sabilan" (17:72) Who look but don't see will suffer.

Let us also say Bismillahi r-Rahmani r-Rahim. O Lord, forgive us. Tawba Ya rabbi, tawba Ya Rabbi, tawba AstaghfiruLlah. O Allah, I am Your weak servant. I am Your weak servant O Lord. I am ashamed, I am offended by our doings towards my Lord. I'm ashamed of our attitude towards our Prophet who is the Sultan of Creation, that for his honour we came into existence, for his honour we find something to eat. O Lord, grant us repentance. O Lord, grant us to reach the intercession of Your Beloved. Send the Sahibu-l Waqt. Save us O Lord from these lazy ones, from these freeloaders. May those freeloaders fight each other and vanish. Amin Amin. Wa

Salamu ala l Mursalin. Wa l-HamduliLlahi Rabbu-l Alamin. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. Fatiha.
This is a whip for them! Good tidings for who are listening, and who say "we listen and obey". Tawba Ya Rabbi, tawba AstaghfiruLlah. Tawba Ya Sayyidi Ya RasuluLlah. Tubna wa raja'na ilayk. Send us Ya Rasulullah, send us the Sultan of Islam Ya Rabbi. Send us a Sultan from Your pure line who will save us from the freeloaders. O Lord, Fatiha.
Shame on the scholars of Al-Azhar, shame on the scholars of India and China and Arabs and non-Arabs. Tawba Ya Rabbi, tawba Astaghfirullah. O listeners, I am listening too. I want that Islam opens, its power reveals itself. We are not afraid of their cannons or weapons. We can discourage them. But because you deserve this, He (swt) left us in their hands. Tawba Ya Rabbi, tawba.
Fatiha.

**Die Dunya ist ein Marktplatz**

As-Salamu Alaykum, Muslime. Möge Frieden auf euch sein. Wenn Gläubige zusammenkommen, sollte einer erklären und der andere Nutzen ziehen. Das ist die Methode. Erinnern wir den Ismu l-Jalal Allahs des Allmächtigen! Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Alfu Salat Alfu Salam `ala Sayyidina Muhammad Sayyidi l-Awwalin wa l-Akhirin wa Habibi Rabbi l-Alamin. Allahumma Qawwi Dha' fi Ridaq. Willkommen euch, willkommen euch, unsere teilnehmende Jama'at. Möge euer Tag angenehm sein. Möge euer Glaube stark sein. Möge euer Körper gesund sein. Möge das Gewand, das ihr tragt, euch mit dem Glauben und der Ehre des Islam bedecken. Wir versuchen, den Weg der Großen einzuhalten. Unsere Religion ist die Religion des Islam. Wir sind Muslime. Shukur Allah, daß wir Muslime sind. Sagen wir es! Und unsere Versammlung sei eine erleuchtete Versammlung. So daß Licht auf uns herabregnet. Dann können wir dieses unser Sohbat krönen. Wir können unserer Versammlung und unserem Sohbat eine Krone aufsetzen. Was ist die Krone? Bismillahi r-Rahmani r-Rahim. Ich möchte 100x aufstehen, aber unsere Stärke und Kraft reicht nur, um

einmal aufzustehen.
Wir sagen Bismillahi r-Rahmani r-Rahim. Gewähre uns Macht, o Herr, und wir zerstören den Unglauben. Bismillahi r-Rahmani r-Rahim ist der Schlüssel aller Schätze. Was es uns erlaubt, die Türen aller äußeren und geistigen Schätze zu öffnen, ist Bismillahi r-Rahmani r-Rahim. Was ist der Wert der Schätze auf der Erde? Nur Müll. Es ist eine Schande für einen Muslim, Bismillahi r-Rahmani r-Rahim zu sagen, um ein Ziel zu erreichen, das zu dieser schmutzigen Dunya gehört. Sagen wir, ein Mann geht auf den Markt, um Brot zu kaufen oder um eine Zwiebel zu kaufen oder um Knoblauch zu kaufen. Jemand, der Gold gibt und eine Zwiebel bekommt, hat überhaupt keinen Verstand. Weil eine Kupfermünze auch ausreicht. Kupfer reicht für was immer du brauchst, was immer du willst. Wir erinnern uns, daß, als wir klein waren, der Tageslohn eines Arbeiters drei Kurusch oder zwei Kurusch war. Es war so. Zwei Kurusch, das bedeutet, die Kupfermünzen. Mit diesen Kupfermünzen, wenn jemand auf den Markt ging, konnte er alles bekommen, was er brauchte, mit drei Kupfermünzen oder zwei Kupfermünzen oder fünf Kupfermünzen. Wir nannten es 5 Kurusch. Es gab niemanden, der Gold mit sich herumtrug, wenn er auf den Marktplatz ging.
Sagen wir, jemand geht auf den Markt. Er kauft, was er alltäglich braucht. Er würde kein Gold in die Tasche stecken. Warum? Es entspricht nicht dem Wert. Das bedeutet, er will Zwiebeln oder Knoblauch oder Kartoffeln kaufen. Dieser Mensch geht nicht auf den Markt mit Gold. Er kann alles, was er braucht, mit einer Kupfermünze oder 2 oder 3 Kurusch kaufen, oder mit einem Shilling oder einem halben Shilling kann er alles, was er braucht, kaufen. Er kann alles mit 3 Kupfermünzen kaufen und zurückkommen. Es gab niemanden, der auf den Marktplatz ging und Gold in die Tasche steckte. Nein, warum sollte er? Sie gingen nicht auf den Marktplatz und steckten Gold in ihre Tasche, um Gemüse oder die täglichen Nahrungsmittel zu kaufen. Nein. Was würden sie mit Gold anfangen? Sie nahmen auch kein Silber. Es ist immer noch zu viel, weil du etwas Wertvolles erhalten solltest für das Geld, das du gibst. 3 Kurusch ist genug für dich auf dem Gemüsemarkt. Sie gehen nicht dahin mit Gold in der Tasche. Gold hat eine Ehre. Da Gold Ehre hat, nimmt es niemand mit auf den Wochenmarkt. Wohin nehmen sie es mit? Sie nehmen es mit zum Juwelenmarkt. Jemand, der auf den Juwelenmarkt geht, um Juwelen zu kaufen, geht nicht dorthin mit Kupfermünzen, weil er Juwelen kaufen will. Kupfer ist für den Wochenmarkt. Wir nennen es hier Bandabuliya. Das bedeutet, es waren immer Güter, Gemüse

dort, die die Dorfbewohner brachten. Jemand ging dorthin und kaufte, was er brauchte, mit seinen Kupfermünzen. Jemand, der Juwelen kaufen will, der Dinge kaufen will für eine Zeremonie oder um zu heiraten, ging auf den Juwelenmarkt. Und er hatte Gold und Silber in der Tasche. Wir nannten den anderen Markt Bandabuliya. Das ist der, der immer offen ist, wo Zwiebeln, Knoblauch, Brot, Gurken... verkauft wird. Es ist der Markt, wo Ziebeln, Knoblauch, Brot, grüne Bohnen, getrocknete Bohnen, Tomaten verkauft wird. Nimmt jemand, der dorthin geht, Gold mit? Kupfer reicht.

Also, je nachdem, was du willst, steckst du entweder Gold oder Silber oder Kupfer in die Tasche. Du kennst den Wert dessen, was du kaufen willst. Einer, der auf einen Markt geht und sein Gold wechselt, ist verrückt. Er hat keinen Verstand. Du nimmst Gold zum Juwelierladen, um etwas Wertvolles zu kaufen. Du nimmst Kupfer mit und gehst zum Markt mit diesem Kupfer. Die Menschheit sollte denken. Dunya ist ein Markt. Dunya ist ein Handelsplatz. "Ad-Dunya Daniya" - Dunya ist etwas, das wertlos, schmutzig ist. Niemand geht, um Ziebeln zu kaufen, mit Gold in der Tasche. Und die Menschen dieser Zeit wissen nicht, was sie kaufen oder verkaufen. Sie haben keine Ahnung, was sie machen. Sie gehen einfach leichtfertig, ohne zu denken. Ein Hund geht nicht zum Schlachter und kauft Fleisch für sich selbst. 'Die Knochen, die sie mir hinwerfen, reichen mir als meine Versorgung. Sie sind umsonst', sagt er. Er fängt die Knochen und läuft weg. Wenn ihr euch selbst als Hunde betrachtet, habt ihr noch irgendeinen Wert? 'Umsonst', sagt der Hund, 'Knochen sind umsonst.' Wenn sie sie nach ihm werfen, fängt er sie sofort und geht. Was ist der Wert der Menschheit dann? Wenn sie den Wert dessen, was sie kaufen und verkaufen, nicht wissen, wozu dient dann der Handel? Zu nichts.

Der Mensch ist in der Dunya bestrebt, etwas zu gewinnen. Der Mensch strebt nicht nach der Dunya. Er wendet nicht seine ganze Anstrengung darauf, von der Dunya zu nehmen. Nein. Eine Person nimmt Gold mit, um Juwelen zu kaufen. Wenn du keine Juwelen kaufst, was willst du dann mit Gold? Wie gesagt, gibt es jemanden, der geht, um Zwiebeln und Knoblauch auf dem Markt zu kaufen, und Gold in die Tasche steckt? Nein. Er steckt Kupfer ein. Der Mensch ist jetzt auch so. Wir sind heute aufgewacht. Was ist unsere Aufgabe? Was ist es, was wir tun werden? Was ist es, was wir gewinnen werden? Was ist es, was wir verlieren werden? Wo ist der Platz eines Menschen, der das nicht weiß? Sein Platz ist in der Reihe der Tiere, die Reihe dessen, der den Wert des Goldes nicht kennt. Er ist wie ein Hund, der hinter einem Knochen herläuft.

Schande auf uns. Schande auf uns, daß wir das Heute erreicht haben und nicht wissen, was wir wollen. Wir wissen nicht, wofür wir leben. Wir wissen nicht, was wir gewinnen. Das ist nicht der Mensch. Wo ist seine Reihe? Die Reihe der Vierbeiner. Deshalb, der Mensch, der geehrt wurde, der Mensch, dem Allah der Allmächtige gab, dem er Schönheit gab, den Er (swt) mit einem Gewand der Macht und Herrlichkeit bekleidete, "Liya`buduni" - sie sollten Mich anbeten, sagt Allah der Allmächtige. Er (swt) will uns in das Gewand der Dienerschaft kleiden. Keiner dieser Leute kleidet sich in das Gewand der Dienerschaft. Und? Sie wollen das Gewand der Vierbeiner: Wir essen, trinken und enden mit Ausscheidung. Schande auf sie dafür, daß sie die Ehre des Menschen auf den Nullpunkt bringen.

Der ganze Haß Shaytans und seine Anstrengung kommen von seiner Eifersucht auf die Menschheit. Es gibt kein anderes Geschöpf, das eifersüchtig auf den Menschen ist wie Shaytan. Was sagt er? Sie wurden mit dem Rang bekleidet, den ich haben wollte. Mein Herr forderte mich auf, Sajda vor ihnen zu machen und ich sagte 'Nein'. Hasha! Das Ehrenkleid, die Ehrenrobe, Khil'at, legte Allah der Allmächtige dem Menschen an, die Krone gab Er (swt) ihm... Allah der Allmächtige erschuf die Menschheit und krönte sie. Er (swt) krönte den Meister der Schöpfung (saws) und alle, die auf seinem Weg sind, haben auch Kronen. Shaytan vergeht vor Eifersucht. 'Ah, diese Krone war für mich bestimmt! Er (swt) gab sie mir nicht, sondern Adam. Und ich werde Seinen Befehl nicht befolgen, wenn Allah befiehlt.' Hasha. Er (swt) sagte: 'Wirf dich vor Adam nieder! Ich gab ihm die Krone der Ehre. Sie vertreten Mich.' Shaytan sagte: Nein. 'Dann hinaus mit dir! Verschwinde aus Meiner Gegenwart!' Deshalb ist die Ehre und der Lobpreis des Menschen, die Krone, mit der er gekrönt wurde als Geschenk Allahs des Allmächtigen, Bismillahi r-Rahmani r-Rahim. Wie schön. Wer andere Dinge auf den Kopf setzt, anderes als diese Krone, hat keinen Wert. Was den Menschen krönt, ist Bismillahi r-Rahmani r-Rahim. "Innahu min Sulayman wa Innahu Bismillahi r-Rahmani r-Rahim." Sulayman hat keinen Wert, gäbe es nicht Bismillahi r-Rahmani r-Rahim. Masha'Allah! Masha'Allah!

Araber, Türken, Inder, laßt das zu sagen: Ich bin Türke. Wir sind Araber. Wir haben Demokratie. Laßt das. Da ist die Krone, die Allah euch gab. "Tawwajahu bi Taj Bismillahi r-Rahmani r-Rahim." Sagt es und werdet majestätisch. Die ganze Schöpfung läuft hinter euch her. Ihr schaut in den Weltraum mit Teleskopen. Die Heiligen reichen in diese Entfernung, die ihr mit Teleskopen beobachtet, in einem Schritt! Weil der Kalif auf Erden der Mensch ist. Der

Stellvertreter Allahs des Allmächtigen ist der Sultan der Propheten, unser Prophet (saws). Würde seine Majestät enthüllt, würde die ganze Dunya auf dem Kopf stehen. Masha'Allah unserem Propheten (saws). Er (swt) krönte ihn auch: "Iqra' Bismi Rabbika Lladhi Khalaqa". Lies mit dem Bismillah, Mein Geliebter, sagte Er (swt). Damit deine Ehre zunimmt, sage Bismillahi r-Rahmani r-Rahim. Es ist nichts bei mir, mein Herr krönte mich mit dieser Krone. Möget ihr euch niederwerfen, niederwerfen vor dem Allmächtigen Rabbu l-'Izza' und sagen: Der uns diese Krone der Ehre gewährte unter all der Schöpfung, ist unser Herr. Zu wessen Ehre? Zu Ehren dessen, der Ihm der Meistgeliebte ist, den Er (swt) Habibi nennt, der Prophet des Zeitenendes, der Meister der Schöpfung. Wisset, daß es in seinem Namen ist, und ihr werdet gekrönt. Euch wird ein Zeichen gegeben werden. Was ist das Zeichen? Bismillahi r-Rahmani r-Rahim. Vergeßt es nicht, Araber! Die anderen sind Nicht-Araber. Sie können sagen, 'Wir können die Sprache nicht', aber "Ayyuh l-Arab"! Araber, denen Allah der Allmächtige den Propheten des Islam sandte von euch! Aber ihr folgt nicht seinem Weg. Ihr habt verlassen, was er brachte, was von den Himmeln herabkam, die Reine Shari'at Ahmadiyya, und seid auf die Demokratie, (...)kratie hereingefallen. Was bedeutet Demokratie? Dieses System ist die Herrschaft der Faulen. Der wahre Name dieses Systems, das sie Demokratie nennen, ich sage es, und die ganze Welt kann es hören, es gehört den Schmarotzern.. Schmarotzer. Versteht ihr, was ein Schmarotzer ist? Es ist der Job der Schmarotzer: Laßt mich auch etwas raffen in dieser Menge. Nein! Diese Heimsuchung, die Schmarotzertum ist, was sie aber Demokratie nennen, brachte die ganze Welt durcheinander. Es gibt nirgendwo Ruhe. Es gibt keinen Frieden. Warum? Es gibt kein Bismillah in der Demokratie! Ohne das Bismillah zu sein, bedeutet, dieser ist ein Schmarotzer. Wenn er das Bismillah sagt, ist es kein Schmarotzen. Sie können nicht Bismillahi r-Rahmani r-Rahim sagen. Sie alle sind Schmarotzer.

Was ist Demokratie? Was habt ihr damit zu tun? 'Wir sandten den Quran Azimu sh-Shan, um euch Ehre zu erweisen. Um den Weg zu zeigen, den ihr gehen sollt, sandte Ich Meine Shari'at', sagt Allah der Allmächtige. Aber ihr laßt das und spielt die Fanfare Shaytans? Was ist die Fanfare Shaytans? Demokratie, Demokratie.. Nein! Es ist nicht Demokratie, 'Schmarotzer, Schmarotzer'. Arabische Gelehrte, warum sagt ihr nicht, daß das, was sie Demokratie nennen, Schmarotzertum ist. Sie dient den Leuten, die schmarotzen und die Welt verschlingen wollen,

indem sie Dummköpfe wie sie selbst sammeln, damit sie ihnen folgen. Sie haben keinen Wert. Demokratie ist das System des Schmarotzens. Sie wollen schmarotzen! Es ist das System dieser Schmarotzer, die so viele hinter sich sammeln, deren verschiedene Zonen nackt sind und die als Zweibeiner erscheinen, aber in Wirklichkeit Vierbeiner sind wie sie selbst. Gelehrte, warum sagt ihr nicht: Demokratie ist Schmarotzertum? 'Wir haben so viele Stimmen und kontrollieren die Regierung.' "In Turidu illa an Takuna Jabbaran fi l-Ard" (28:19). Was sie wollen, ist: 'Niemand soll mächtiger sein als wir auf der Erde. Alle Menschen sollen unsere Tiere sein. Wir sitzen ihnen im Nacken und führen das Schmarotzer-Regime durch.' Und Schande auf die Muslime, die dieses Schmarotzer-System bewahren. Sie haben es über die ganze Welt verbreitet, und die ganze Welt wurde irre, konfus. Wozu? Die Schmarotzer sind nicht nur einer oder 5, viele von ihnen! Sie greifen alle an! Sie greifen an, um die Welt zu verschlingen durch Schmarotzen. Sie wollen sie mit einem Bissen verschlingen. Deshalb enden ihre Kämpfe nie. Einer kommt herunter, ein andere geht hoch. Dieser ist ein Schmarotzer, und jener ist auch ein Schmarotzer. Was bedeutet Demokratie? Gewöhnt euch daran, Gelehrte, sagt: Es ist Schmarotzertum! Die Demokratie ist der Weg der Schmarotzer. Weil sie darüber das Bismillah nicht rezitieren können, sonst schlägt Allah sie! Sein Mund verzieht sich auf die andere Seite, seine eine Seite ist gelähmt. Weil sie gegen Allah stehen, haben sie keinen Frieden mehr. Sie haben keinen Trost und keine Ehre mehr. Sie sind alle Schmarotzer. Die hinter der Demokratie herlaufen, sind alle Schmarotzer. 'Ich ergreife es, bevor du es tust, und die Beute ist mein!' Wieso ist sie dein? Hast du vier Beine? Warum zeigt ihr euch in der Öffentlichkeit? Du hast zwei Beine und er auch. Was macht euch verschieden? Was euch verschieden macht, ist euere Ehre. Weil du dich nicht zum Schmarotzen herabläßt. Du kommst nicht heraus vor allen Leuten und sagst: 'Wir werden euch am besten regieren.' Ihr macht eine Sauerei! Schmarotzer, möget ihr morgen nicht erreichen. O die keine Aufrichtigkeit, Ikhlas, haben, mögt ihr den Abend nicht erreichen. O die das Bismillah sein lassen, möget ihr tot umfallen, wo immer ihr seid! Dieser Zorn und diese Strenge ist von den Himmeln. Hört! Ihr könnt keine Macht finden durch das Bauen von Waffen. Ihr baut Waffen, damit ihr das Schmarotzen für euch weiter betreiben könnt. Schande auf euere Menschlichkeit und euer Verständnis! Das ist das shaytanische Verständnis. Shaytan sagt: 'Ich forme so eine Sekte, bei der der Finger der ganzen Welt immer in ihren Mündern ist', um mehr von der Dunya zu bekommen.

Woher kam das? Es gab früher einen Sultan und er herrschte, er war genug. Jetzt sagt jeder 'Ich bin Sultan'. Jeder kommt hervor und beansprucht, der Chef der Schmarotzer zu sein, und sagt: 'Ich tue das, ich tue dies'. Alles davon sind Lügen und Betrug. Sie werden in eine sehr schwierige Ära fallen, eine giftige Ära, vor der gerettet zu werden, unmöglich für sie ist. O Menschheit und besonders Muslime und besonders arabische Muslime, wenn ihr das immer noch nicht versteht, wo ist euer Islam? Wo ist euer Islam? Ihr seid auch Schmarotzer. Welche Nation auch immer es gibt, die hinter dieser Demokratie herläuft, sie sind alle Schmarotzer. Ihr unterscheidet euch nicht. Weil all euere Taten dieselben sind: Ihr eßt und dann ist euer größter Ort, den ihr besucht, die Toilette. Ihr geht 3x, 5x, 10x... Wer diese Rede nicht in Betracht zieht, dessen Orte der Ausscheidung werden blockiert. Wenn der Zorn auf sie herabkommt, brechen sie und beginnen, die Strafe ihrer Taten hier zu erleiden. Sagt Bismillahi r-Rahmani r-Rahim. Fürchtet euch nicht. Ihr erschreckt die Menschen.
Wo seid ihr, Gelehrte Ägyptens? Ägypten ist unter der Herrschaft der Demokratie? Wo ist die Reine Shari'at Ahmadiyya? Ihr macht eine Verfassung. Wer gab euch die Autorität, das zu tun? Ist das Buch, das Allah sandte, nicht die Verfassung für euch? Besonders die Araber, jeder von euch wird an einem Mast aufgehängt, weil ihr die Shari'ah beleidigt. Solche Krankheit wird sie befallen, daß ihre Schreie den ganzen Ort erschüttern werden. Sie werden keine Heilung für ihre Probleme finden. Die Heilung euerer Probleme ist Bismillahi r-Rahmani r-Rahim. Sagt es! Ihr seid Allahs des Allmächtigen Kalif auf Erden. Sagt es! Sagt den Heiligen Quran. Der Heilige Quran war nicht genug für euch, daß ihr sagt, ihr macht eine Verfassung? Masha'Allah! Wo fandet ihr diese Verfassung? Wer seid ihr? Kann ein Mensch, der immer wieder zur Toilette geht, eine Verfassung machen? Die Verfassung kam herab zu euch von den Himmeln. Sie kam herab von den Himmeln. Ihr Schmarotzer, möget ihr verschwinden! Möget ihr morgen nicht überleben! Sie brachten Verderbtheit überallhin.

Okay, wir können verstehen, was das Ziel Europas ist: die ungläubige Welt. Die ungläubige Welt war dem Islam feind, seit der Islam erschien. Sie haben keinen Respekt für oder Glauben an unseren Propheten (saws). Warum haltet ihr euch an ihren Weg? Europa tat alles, um den Islam zu zerstören! Und unsere dummen Leute dachten, sie täten etwas Gutes, indem sie ihrem Weg folgten. Ihr folgtet ihrem Weg und wurdet erniedrigt! Ihr öffnet euere Hände um Hilfe. Ihr

bekämpft einander. Befahl der Islam das? Hätte der Islam keine geistige Macht, könnte der Islam standhalten? Auf was ihr euch verlaßt, sind euere Kanonen, euere Waffen. Wenn ein Gläubiger auf euere Kanonen deutet, kann er euere Waffen zu Fall bringen. Was habt ihr geglaubt, ist der Islam, Araber? Laßt diese Schmarotzer-Doktrin. Es tut mir leid, daß es all diese Gelehrten in Ägypten gibt, in der Azhar. Warum sagt ihr es nicht? Sagt es! Sagt, daß 'dieser schwache Diener Allahs uns daran erinnert. Denken wir daran.' Warum sagt ihr es nicht? O Azhar Gelehrte! Gibt es keine Verfassung im Islam, daß diese Schmarotzer hervorkommen und eine Verfassung machen? Welches Recht haben sie, eine Verfassung zu machen? Jeder, der eine Verfassung macht, versinkt in der Verfassung.

Möge Allah ihr Übel auf sie zurückwenden und den Menschen des Islam Stärke geben. Sagen wir Bismillahi r-Rahmani r-Rahim und fürchten uns nicht. Tawba ya Rabbi, Tawba Astaghfirullah. Vergib uns, o Herr. Okay, wir sind Nicht-Araber. Unsere Sprache ist Türkisch oder Farsi. "Inna Anzalnahu Qur'anan `Arabiyan" (12:2). Ihr seid nicht in der Lage zu verstehen, daß diese Demokratie Schmarotzertum ist? Schande auf euch, daß ihr das Gewand des Islam tragt. Unser Herr, sende uns die Macht, die unsere Rechte von ihnen nimmt. Mögen sie verschwinden! Mögen sie blind werden, weil sie den Weg nicht sehen, den sie sehen sollten. "Wa Man Kana fi Hadhihi 'A`ma Fahuwa fi l-Akhirati 'A`ma wa 'Adallu Sabilan". (17:72). Die gucken, aber nicht sehen, werden leiden. Sagen wir auch Bismillahi r-Rahmani r-Rahim. O Herr, vergib uns. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. O Allah, ich bin Dein schwacher Diener. Ich bin Dein schwacher Diener, o Herr. Ich schäme mich, ich bin betroffen von unseren Taten gegenüber meinem Herrn. Ich bin beschämt über unsere Haltung gegenüber unserem Propheten, der der Sultan der Schöpfung ist, dem zu Ehren wir in die Existenz kamen, dem zu Ehren wir etwas zu essen finden. O Herr, gewähre uns Reue. O Herr, gewähre uns, die Fürsprache Deines Geliebten zu erlangen. Sende den Sahibu l-Waqt. Rette uns, o Herr vor diesen Faulpelzen, vor diesen Schmarotzern. Mögen diese Schmarotzer gegeneinander kämpfen und verschwinden. Amin. Amin. Wa Salamu `ala l-Mursalin. Wa l-Hamdulillahi Rabbu l-Alamin. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Fatiha.

Das ist eine Peitsche für sie! Gute Nachrichten für die, die zuhören, und die sagen, 'wir hören und gehorchen'. Tawba ya Rabbi, Tawba Astaghfirullah. Tawba ya Sayyidi ya Rasulullah. Tubna wa Raja'na ilayk. Sende uns, ya Rasulullah, sende uns den Sultan des Islam, ya Rabbi. Sende uns

einen Sultan von Deiner reinen Linie, der uns vor den Schmarotzern rettet. O Herr, Fatiha. Schande auf die Gelehrten der Azhar, Schande auf die Gelehrten von Indien und China und Arabern und Nicht-Arabern. Tawba ya Rabbi, Tawba Astaghfirullah. Zuhörer, ich höre auch zu. Ich will, daß der Islam sich öffnet, daß sich seine Macht enthüllt. Wir fürchten uns nicht vor ihren Kanonen oder Waffen. Wir können sie entmutigen, aber weil ihr es verdient, ließ Er (swt) uns in ihren Händen. Tawba ya Rabbi, Tawba. Fatiha.

## Dunya Is Moving to Its End

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.

From beginning up to today, so many things happened from the days of Adam, peace be upon him. Now dunya is getting older, older, older, and finishing, just reaching its last station. 124,000 prophets came and have passed. Now it is the period of the Seal of Prophets, the Last One; no more are coming. Prophet (s) said his period is going to be fifteen hundred years. Now the Islamic calendar is 1432 years; only sixty-five years are remaining to the End. Therefore, so many troubles are beginning to be seen. May Allah (swt) protect you.

This is the crescent of the month of Safar. It is a heavy month, now coming speedfully. Now is the third day, and after the twentieth day of Muharram such strange things began to happen, and trouble is speedfully coming on people now. Unexpected happenings are coming daily. No one could imagine that Australia could be under twelve meters of water! This never happened before, or no one would be living there; if they had known they would have run away from Australia. In the US, Europe, Iceland, South America, in South Asia, unexpected events are coming daily.

Half the inhabitants on Earth will perish; if there are five billion, three billion must go away. So many things are coming. Birds are falling down from the sky dead; fish are dying in the seas; floods, fires, earthquakes,

heavy rains, heavy snows, and people are now so fearful!

## Dunya (is) running to its end

Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded...Audhu bi-llahu mina shaitani rajim
Inna li-llah wa inna ilayhi rajiun, fa-l hukmu li-llahi ‘Aliyu-l Kabir...

Our Dunya (is) running to its end. It is not stable, because everything that belongs (to the time) before (the) Last Day, everything must finish in fana, finishing. And Allah Almighty (is) ordering to Archangel Israfil...

(Someone is interrupting, there are people asking to see the Sheikh)

Shaitan ready to make a trouble everywhere and it has countless agents, countless supporters in our days everywhere you can find it and its supporters...and this is the time that Shaitan just reached to his last limit, top limit that it was asking to reach, thinking that now whole world under my command, I can do everything! But I am making that Shaitan and everyone supporting it under my feet! I shall show Shaitan and its supporters what is the power of servant for Allah. I am weakest servant! Dog of this world, Shaitan, thinking that it has power- therefore I am not saying he, (but) ‘it’- thinking that everything under its command. No!... Astaghfirullah...

Till Allah Almighty (is) ordering Archangel Israfil (for) blowing (the) trumpet, everything up to that time is

going to die and everything, every living ones (are) going to be passed away, dead, (and) Dunya (is) going to be empty for 4o years. That is the limit of this life. And whole angels also (are) dying, falling down ... And after 4o years Allah Almighty (is) ordering to Archangel Israfil- making Israfil to stand up and (he is) coming and blowing by His Allah Almighty's holy Command- (making him) to blow (a) second blowing of (that) trumpet, and every living ones from (the) beginning of our period up to that time, they are standing up. Every living one (is) coming once again into life.

That is (the) second stage or (a) new beginning after (the) ending (of the) first period that people were coming, generations after generations and ending. Then (is) coming a new beginning. That new beginning- (the) first (blow of the) trumpet (is) taking life from every living one- Shaitan also (is) going to die. (And the) second blowing (of the trumpet is)giving life. (The) first trumpet (blow is) taking life from living one and (the) second trumpet (blow is) giving life. When standing every living one, they should be forever alive. They are passing to (the) eternal world, passing to eternal life either through Paradise or through Hells- everything (is) going to be up to eternal after (that) second trumpet (blow). (The) first trumpet (blow is) for everyone, must take their shares; should be taken from them their imitated or periodic lives. (It is) just taken from them and (then the) second blowing (is) giving eternal life for every living one from man and from jinn and (from) angels.

Therefore now we are running and struggling, because people they are drunk, they are heedless. They are looking every day what (is) happening around themselves or through East and West: that people (are) always taken away, but they are heedless to look and to understand, because they are drunk through Dunya. Because their main target is Dunya and everything in it (is) their targets. And they are not looking to understand to where they are running. They are thinking that they may live or they are going to live eternally and our belief is 'ba'thu ba'dal maut'- (resurrection after death)- no one can reach eternal life until he should taste to be dead, to die, and then (only he is) coming (to the) eternal life. If not passing that bridge, no one can reach eternal life.

And Shaitan (is) making to drink people as much as possible from (the) dirty love or imitated love of this life and making people to give every chance that they have been granted (for this dirty life)- to put everything (for Dunya). As a person who is gambling: (Shaitan is) coming to them and saying: "Oh, don't put one Pound, two Pounds, ten Pounds, hundred Pounds or one thousand Dollars, no! Put everything and you should be so...

because you have a chance for gambling, put everything and I am guarantor for you!" Allah, Allah, what a guarantor! Shaitan (is) saying: "I am guarantor. O my people, you don't believe in me? I am training you and I am teaching you and looking that you have such a chance. If you put all, you take everything. They must put also everything (and) you are going to collect everything and I am guarantor for you..." Good guarantor? (Shaitan is) for whole people guarantor! We are also asking, Cypriots (are) also asking (a) guarantor... asking Arabs also... and Shaitan (is) saying: "I am first guarantor, why you are asking anyone else? What is that? Put everything and take! (You) must be (succesful), how many people (are) there, all of you put everything... and I am saying, I am giving to you guarantee that you collect everything... ." Then (Shaitan is) coming to (the) second one and saying: "Don't worry, I am guarantor for you. Put everything. Look, they are putting everything at once. Quickly, you are taking everything! Therefore don't worry, put!"

And whole foolish people now living on earth they are believing (in the) guarantee of Shaitan and (they are) putting everything, every effort for Dunya and (they are) saying for Akhirat (nothing)- they are not interesting in Akhirat anything, saying: "Oh, I am putting everything and taking everything" and just that moment (when they are taking their last breath)...coming Shaitan in front of him (in his) last moment. (And the person is) saying: "Ya Hu, I am passing, I (thought that) am going to be something, (that it is) going to be with me something- what is that?" (And Shaitan is coming to them at that moment also, saying:) "Don't worry, just now you are reaching your last point. I am your guarantor. Now you are changing (from) this life and taking everything! You are accepting me? Quickly say: 'Yes, I am trusting.' You are trusting to me, my guarantee?" "Yes." "Make your head down for me that you are accepting me as your guarantor." And (that person is) making like this (Sajdah), his soul (is) taken away and he made Sajdah to Shaitan and lost everything... That is (the) general view of mankind under the guarantee of Shaitan. "(I am) guarantor" he is saying...

Even I am asking and saying: "O people, o believers! You have not (even such) a short time to make two Sajdas through 24 hours. You are unable to make two Sajdas for your Lord, saying: 'No, no, we are busy...'" - busy, because Shaitan gives guarantee to them and they are gambling and everyone less or more they are believing or trusting Shaitan's guarantee and (they are) going to be repented finally. If (someone is) making two Rakaats daily he should be repented: "Why I am not making it 2o?" Who (is) making (prayer) from Cuma to Cuma they should be repented: "Why I am not giving my good deals with my Lord every day?" And

everyone should be repented, because they have been given or granted a chance to do more and more, but laziness, atale, (the) laziness of our egos and Shaitanic urging (is) making them not to do anything!

And people, some Awliyas they are saying (that people) they are like a caravan. It is written through traditional Books through traditional knowledge from Prophets and Saints that people are like a caravan people: they are going from one country to another country and night time they reach to a valley and (there are) no lights. They are landing and asking to sleep there and when (the) day (light is) shining they may move. And one of caravan people (is) saying: “O people, this is a valley (that) whole stones (here) they are jewels! Collect! As much as possible try to collect, to take. And some people (are) saying: “Ehhhh stones, so many stones, I am not listening, I am so tired. I am not listening to such a things”... Some of them (are) saying: “Eh, I may take some to put (in) my pocket”... Some of them (are) taking as a sample: “I may take some, a handful I may carry”... Some of them they are believing that person who said it is true and they are making their sacks empty and filling (their sacks), instead (of) their goods putting in it from that stones (and loading) on their camels... And then the trumpet for leaving this valley (is blown)- it was darkness of night (and) they were taking a rest- and (then they are) beginning to go. They are passing through a bridge and reaching to a place and then (the) sun (is) shining, (the) day (is) opening... When (the) day (is) opening they are looking that really that stones (are) sparkling (and they are) so beautiful jewels. Beginning those people that (were) never taking anything to hit their heads and other people that (were) taking for a sample they are also repented and others that they are only taking for their pockets they are also repented. Only those people that (were) making empty their sacks and filling (with these stones)... Ohhhh, they reached (the) top of their happiness and pleasure, wealth... But (there is) no way to come back to that valley. It was only once, one way, that you are passing through that. It is impossible to come back, because (the) way (is) just blocked with other people (and) you must move...

And this life- people whom they are believing in Prophets, they may reach, as much as they have from effort, to take more for Akhirat: Prophets, Saints and strong believers. Other people: Oh! They are coming and landing, (then) people (are) burying them into their graveyards and (they are) looking (that there is)- nothing. Not nothing, but (their grave is) full with snakes and scorpions and poisoned spiders, and such terrible insects they should find them in it. They should be in fire from inside, from outside. (But) those (other) people Allah Almighty (is) ordering to be for them a Paradise garden...

Therefore, o people, even take for samples! Don't go (from this life) empty hands, no! As much as possible do for your eternal life! And eternal life's levels (are) countless...And most pleasure (should be) for servants whom should be on (the) first row (there) and behind and behind and behind (that pleasure is) coming less, coming less...Therefore Prophets they were urging servants to run to reach a seat from (the) first row that (there are) countless seats also in (the) first row, and (they were) urging people (and saying): "Run and take!" But people they are so lazy, they are saying: "It is enough what we are reaching"- but (they) should be repented that time!

May Allah forgive me and give ourselves good understanding not to be cheated through this short life, tasteless life. Look what (is) happening everywhere! And (the) Prophet was saying: "If fitna, trouble (is) reaching to Damascus, Sham, if that trouble that (is) coming through unbelievers (is also) reaching to Damascus, Sham, you can't find any place safe on earth!" Now we are hearing that that fitna, that trouble (is) reaching to the center of Damascus and people (are) running after some useless and imagined titles. They are not saying: "We are the nation of Muhammad sws", but they are saying: "We are Kurdish", or: "We are Turkish", or: "We are Arabs", or: "We are American", or: "We are Iranian", or: "We are Egyptian", "Libyan people", "Palestinian"- they are not coming to say: "We are Ummati Muhammad, the nation of Muhammad sws", and trouble (is) coming on them. To kill Muqmin one Muqmin its punishment (is) to be in fire forever! For the name (of) imitated honours! Every tribe they are claiming and saying: "Oh, we are Kurds", "Turks", "Arabs"- all those people they are running after imitated honours, that (have) no value in divinely Presence. Therefore Allah Almighty (is) saying: "Ya ayyuhal ladhina amanu", not saying: "Ya ayyuhal Arabs"," ya ayyuhal atrak"... no!

Everything Shaitan (is) making for cheating people! But insha Allah should be under my feet everything that it did against the Children of Adam! May Allah give us much more power! I am the weakest and the strongest ones they are occupied in (the) divine Presence. For this dirty Dunya I am enough, insha Allah. Weakest... May Allah forgive me and support His believers against Shaitan and his supporters, for the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

## DUNYA WERBUNG

'Meded ya Rical Allah.' Zuhören ist wichtiger als sprechen. Sprechen ist leicht, aber zuhören können ist schwer. Allah und der Prophet (FSmi) wollen aber von uns, daß wir zuhören. Wenn einer zuhören kann, ist das ein Zeichen dafür, daß er ein guter Mensch ist.
Allah breitet Seine schützende und segnende Hand über jede Versammlung, die einen guten Zweck hat. Die Welt hat uns alle als Sklaven eingekauft und sagt: "Ihr dürft keinem dienen außer mir allein." Zu diesem Treffen hier seid ihr nur schnell aus dem Sklavendienst ausgetreten, so wie man schnell auf die Toilette geht, die Gebete sind nur ein schnelles Beiseitetreten, und die Welt fragt nach euch und erwartet euch sofort wieder. Die Gebete zu bestimmten Zeiten sind den Gläubigen angeordnet worden. Gott sei's gedankt, bis heute hat noch keiner die Welt mit sich genommen, dann wären wir auf dem Feuer sitzengeblieben.

Immer wieder werden alte Gräber geöffnet, weil deren Bewohner Dinge dieser Welt mit sich genommen haben. Pharao hat Pyramiden groß wie Berge bauen und sich darunter verstecken lassen, doch auch ihn haben sie gefunden mit seinem Gold. Nach so vielen tausend Jahren nahmen sie seine Schätze und dazu ihn selbst heraus. Allah hat den Gläubigen ihren Preis mit dem Paradies bezahlt und sie so für Sich gekauft. Wir haben schon den besten Besitzer und verkaufen die schon verkaufte Ware noch einmal einem anderen Käufer. Unser Nafs, das niedere Selbst, Shaitan, diese Welt und unsere eitlen Begierden (Hawa), diese unsere vier Erzfeinde lösen sich ab und wetteifern darin, uns von Allah und dem Weg Seines Propheten (FSmi)

abzubringen. Sie sagen, wir haben euch gekauft und betrügen euch, um euch von Allah und Rasul (FSmi) zu entfernen.

Wohin du auch gehst, zeig mir einen Platz, der an Allah erinnert. Ost und West, alles, was man sieht, verleitet dazu, Allah zu vergessen. Sie wollen nur dieses Leben wahrnehmen. Wer über ein anderes Leben spricht, ist unerwünscht. O Glaubender, ohne es zu merken und manchmal auch bewußt fällst du auf ihre Reklame herein, die nur dieses Leben anpreist. Der Tag hat 24 Stunden, doch das Nafs hält uns so beschäftigt, daß wir für Gebet und Gottesdienst keine Zeit finden. Was hat man geschafft am Ende des Tages, daß man keine fünf Minuten sich Zeit nehmen konnte für den Gottesdienst. Was hat man gewonnen außer dem, das sowieso für einen bestimmt gewesen war. Kann man mehr essen und trinken oder länger leben als Gott für einen vorbestimmt hat!?

Die Menschen vermehren nur die Nullen auf ihren Bankkonten und machen sich freiwillig zu Wächtern für Dinge, die für sie keinen Nutzen haben. Wer viel verdient, soll spenden und Zakat geben und nicht seinen Besitz einfrieren. Er soll säen; Samen sind nicht zum aufheben, sondern zum säen, um mehr zu gewinnen. Gold und Silber wird als glühendes Feuer denjenigen aufgedrückt werden, die ihren Reichtum nicht auf gutem Wege und für gute Zwecke verwendet haben. Solange man den Reichtum dieser Welt nur in den Händen hält und nicht ins Herz schließt, fügt er einem noch keinen Schaden zu. Man muß nur darauf achten, ihn auf Allahs Weg zu benutzen. Nimm dem Bedrückten seine Last, hilf dem Bedürftigen, sei wachsam und schau, wo was gebraucht wird. Gläubige sind immer wachsam und sind sich selbst und anderen nützlich. Achte nur darauf, ob du alles, was Allah erwünscht ist, ausgeführt hast, dann läßt dich Allah nicht die Last der Welt tragen.

Wenn du bequem leben willst, achte auf den Gottesdienst. Wenn du ungemütlich leben willst, dann laß den Gottesdienst sein. Allah ist es, der allen ihren Unterhalt gibt. Wer sich auf Ihn stützt, der wird immer gestützt werden. Jedes Gebäude muß einmal zusammenstürzen, nur das Gebäude aus Handlungen für Allah besteht für immer. Möge Allah uns diese Dinge annehmen und befolgen lassen.

## The Duty of Muslim Scholars Is to Guide Muslims to the Sunnah

As-salaamu `alaykum, yaa Asyaaduna. (Mawlana Shaykh stands.) Dastoor, madad. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah. Muhammadun Habeebullah, Muhammad Noor `Arsh-illah. Endless praisings and glorifying that You created everything for his honor, your deputy, Sayyidina Muhamad (s)! (Mawlana Shaykh sits.)

Madad ya RijaalAllah, madad, holy support, not material support. We are not asking for material support, no. We are asking for holy support; that gives us honor here and Hereafter. As-salaamu `alaykum, O representative of the Seal of Prophets, Sayyidina Muhammad (s) (Mawlana Shaykh stands and sits), who is controlling this world from six directions!

And, if it is an order from Allah Almighty, one atom also may control. An atom is like a stone in a building; it is not the directly-asked one. Understand? But human nature, Man, each one is prepared and preached and honored by their Lord, the Creator of all Creation. From the beginning of Creation to its end, can't be known. Allah Almighty has mulkun laa yablaa, His Kingdom is never-ending. No one knows from where it began or when it will end, because it is Eternal. That is something only the Lord of Heavens knows. Azaliyun, abadiyun, pre-Eternal and Eternal. We know only those word, but it is impossible for creatures to understand. Even other creatures may reach an atom's existence, but from where it is beginning and to where

going up, to where ending?

What about a Man, always an unknown one. And what the Creator gives to selected or chosen ones is never the same, but always something different. Not whole, but you may say something knowing. Everyone may know something that is a special expression just granted to people. People can't reach the Creator's Divinely Knowledge Oceans, to take from there. Man can reach to an atom, and from that atom may take what he can take. An atom gives to Man knowledge of his identity, hawiyyah. A second atom does not know the first atom's identity; it is different. If not, a single atom would cover from east to west, from north to south, and you would take from it what you are asking. But the Creator, through His mighty and majestic kingdom, and through His Most Majestic Being, grants something for creatures. Every creature gives something, and makes tasbeeh, glorifying their Creator, the Lord of Creation with another soorah, form. Yes. Mulkun laa yablaa, kingdom that never decays!

O Salafi `ulamas! As-salaamu alaykum. Kayf haalikum al-yawm? How are you today? Don’t say, “We are Salafi `ulama!” `Ulama is plural of `alim. You are `alim? If you can say, "I am `alim," that means you know everything!

Once upon a time, Shaykh Hisham Effendi, a Salafi `alim sat on a kursiyy, chair, teaching people, saying, "O my listeners! You can ask everything and I can answer to you. What you are asking, ask! I may give through my answer a light that you can understand.”

One person stood up and said, "O Salafi `alim! You claim that you know through east and west. Can you say to me, between east and west how many meters, for example?”
He said, “You are asking such a very important question, and I never tried to find out how long is the distance between east and west, such a big question you are asking! Ask another one!”
Another stood up saying, “O Salafi `alim! You say, ‘We know everything, we may teach everything, ask and I shall answer.’ Please Salafi `alim, can you tell me how many hairs are on in your beard?”
“Why you are asking such a question?”
“You said, ‘we know everything,’ so we are asking you.”
“Sit down and don’t ask such a question!”
“O! You said, ‘Ask everything and I shall answer!’”

“Leave these two foolish ones! Is there anyone else?”
Another Bedouin stood up and asked, “O Salafi `alim! You said you are knowing everything and giving a permission to ask; therefore, I am surprising.”
“For what you are surprising?”
“I am surprising every time I look at so many ants. I take one, it is big ant.”
And the Salafi `alim listened very carefully, and he is not knowing where the Bedouin is carrying himself, to fall down.

Allah Almighty never likes to be his servants proud on anything; He likes that everyone should be humble, obedient servants. He created Man not to claim that he is something. “I never created Mankind to be proud with anything. Just I created Mankind for My obediency. Therefore, everything that has yusheer, a sign of pride, I don't like.”

That Bedouin was saying, “O my master, every time ants running down, I am taking one of them and looking if it is big a ant and is the same manifestation for all ants?”
“What is that?”
“Their bodies are ibaraa, consist of two parts; head-side and back-side.”
“What is that, such a question?”
“What is coming to me I am asking you, an `alim. I am surprising this ant from head-side eating and coming in a point that is so weak, and second is its back-side; where do you think its intestine is, in the head-side or back-side?”
“Sit down!”
“If you know everything you must satisfy me, because this point is so fine.”
“What? Sit down. I will not answer such a question!”

Now, hal `alim yakun taalib? Scholar became student? That heavenly knowledge comes from your humbleness, to make you satisfied. Therefore, everyone must have a teacher, teaching what is necessary. Such a question may be not necessary, but there are some questions that are necessary and you must learn (their answers). You are coming in this life for learning, not for dancing, not for playing!

O Salafi `ulamas! Why you are not teaching people they have been created for an important mission? Why

you are not saying? Look around yourself! People think they have been created for dunya, to make themselves with ni`am ad-dunya, favors of this life. People are running after that, looking to Western countries that have so many waseelah, means, for tasting and enjoying themselves, and that is forbidden. Allah Almighty is not creating Man for enjoying themselves or for pleasure in this life! The Lord of Heavens created kings, sultans, shaykhs, rich ones, because they have the ability to help people live! But they are making pleasure for themselves, running after egoistic pleasures and enjoyment!

O Salafi `ulamas! Why you are not stopping them? Look at their dressings, at their eating and drinking. Look at their houses and homes. Look at their cars and their offices. Look at their ornaments they are using! They are making night time to be in pleasure and to enjoy themselves. And Allah Almighty is saying, “We made the day for your living program to look after rizq, provisions.” You may work in the daytime, and rest at night.”

Look in your countries, particularly at the lives of rich people; how are their lives? They are sleeping all day because they found so many sources of richness, they are not in need to work. When night comes, they wake up for enjoying. Prophet (s) said, ihbisoo awlaadakum, “O my ummah! Do not let your youngsters go out after maghrib (sunset).” Don't leave them because that is the time intishaar ash-shayaateen, devils spread, and Shaytan and its followers will be after that one who is outside. Why you are not making such a rule in kingdoms, preventing people in your kingdoms about daytime and nighttime? You are leaving people to do everything against heavenly orders. How you are looking and waiting for a heavenly support here and Hereafter?

O our Attenders! As-salaamu `alaykum. These are such fine and difficult points that doctors of Shari`ah or Salafi `ulamas are never speaking. Step by step, Prophet (s) was bringing heavenly rules for 23 years. Why you are not keeping this? Why you are leaving your youngsters outside at night? Why you are not taking care for youngsters not to be outside after Maghrib? Is it not Shari`ah? Shaykhs of Azhar Shareef and others, Allah (swt) will ask you, “Balaghtum, you declared?”

I am asking all `ulamas, including Salafi `ulamas, what heavenly powers are making me address to you. Is it wrong or right? If you say it is wrong, heavenly cursing will come on your head! If it is true, please come with me to prevent people from following Western lifestyles. Now that is important! Or your final situation will be like Iraqians or Iranians or Turkians or Yemenians or Egyptians. That must be. Amar bi ’l-ma`roof (calling to

goodness), begins from this point.

May Allah forgive us. I am not claiming I know something, but something just coming to my heart to caution the Muslim world, or death may fly on their heads anytime and they will be shot down.

O People! Come and accept that, then Allah (swt) will be with you, or Shaytan will be with you! Shaytan takes people to the Fire and the Seal of Prophets (s) takes his people to Jannatu ’l-Firdaus in Paradise. May Allah forgive us for everything that we are not keeping well. `Afwuu Yaa Rabb, Forgiveness, O my Lord, for the honor of Your most beloved one.

Fatihah.

# Each Creation Has Its Private Existence With Its Lord

Eternal... that is ebedi. Eternity. For the Lord of Heavens, and He created us. That declaration from servants to say "O our Creator! You are our Lord and we are Your servants." That declaration making our Lord Almighty Allah to be pleased with us. Madad ya Sultan al-Anbiya, O Most Glorified and most Honored, most Glorious Servant of Allah Almighty.

We are proud to be your nation. To be one from your countless nation. It is such a big prize, such a big honor, it is impossible to say anything for description [of] that honor. O people! Be believers. O people! Try to believe! O people! Try to take away your ego and give your most high respect and glorifying only to Your Creator, Haqq, Subhanahu wa ta`ala Allah Almighty. That is as a introduction, or you may say preface. If we are going to follow Preface, may take that speech on it, up to end of this world. And may finish if whole trees going to be pens or pencils it is so small for glorifying or trying our Lord's glorifying or our Lord's Glory.

Everything just granted from Allah, the Creator to creatures according to their understanding or according their maqdirah, possibilities for understanding. Because everything has a possibility according to their positions for understanding. Don't think that an ant's understanding going to be same as a bee. Don't think that understanding of a bird similar understanding of a bee. Don't think that falcons understanding is the same understanding of a pigeon. Everything in existence, they have a private position for understanding of

their Lord. Because everything in existence if we are looking in it, we are looking and seeing an appearance from their Creator. And everything they have special appearances in Divinely Mirrors. If no mirrors, no one can see himself or anything else. Therefore every creature just created they have special mirrors. If they are looking to that mirror, can understand about itself, herself or himself.

That is a deep ocean. Deep ocean. It is not enough for giving an explanation on that pre-appearances that coming as a reflection through minutes and less, and less and less, to ever-ending less. If you are looking up, that appearance going to appear endlessly up to endless, up to point of glorifying on the last point of being in existence through eternity. May Allah forgives us. We are very weak ones as well as we are weakest ones for understanding becuase every time our souls asking to know about the Lord of heavens, the Lord of spirits, the Lord of souls, the Lord of suret [picture, image] images of everyone. So different, so different. Countless differences among two ones. And this is an endless ocean. Allahu Akbar, Allahu akbar al-akbar, subhanallah.

And He is eternal, the Lord of Heavens. Eternity only for Him Almighty Allah, but from His Endless Sakhaawa, Karam [generosity] eh from His endless Generosity, giving to everyone from His Endless Mercy Oceans, that Mercy Oceans including countless kinds of creation. Countless.

That is Divinely Glory for our Lord's Glorious, Most glorious Being. And you must happy. We must be happy on our levels, because endless creation, endless creation and endless creatures, countless, countless, only belongs to our Lord and we are speaking only on our levels that it is different from every levels of creation. Because you can't find two levels similar, same time. And it such `Azhamat, Heybet, appearance of glorifying our Lord that He is creating, creating countless worlds, countless universes, countless `awaalim, [planets], countless creation and each one it is only in its position, only one. No a second one from creation going to be same or similar to anyone else. [mashaAllah] Even Ya Shaykh Hisham Effendi, even they say there is atoms, they are similar. They are saying, for example, Hydrogen atoms, they are similar. And I am saying that I am nothing, I am saying "If they are all similars, why they are not getting altogether to be one?" If I am similar to Sahib, why going to be one Sahib and another I am here? As whole mankind, they are similar, but not hundred percent similar, no. If they were 100% similar must be only one, many not. Or Hydrogen atoms, if every one they were the same why going to be millions, billions or quadrillions of atoms. Why not coming altogether? Which thing making them to make each one appear by itself as a private, private being in existence? Must be all of them one. That means each atoms has a special being and everyone, each one just

hareesan, they are so greedy to keep its personaltiy. Each atom, another personality it has. Therefore not saying, "O all are alike - you should be one block."

There should be just one block of Hydrogen atoms. That is coming to me so often, ...if Hydrogen atoms or other atoms if they are the same why they are going to be different that milions or billions or trillions of atoms. Why they are not coming to be one mass, only one atom only? Who making them to be different? That means every atom has its own and independent mustaqill, and iwanlik being in existence. So no one going to be happy to be with second one together.

Everyone asking to be independent in Divinely Presence to grant their glorifying of their Lord independently and freely. This point was coming to my heart. I would like to ask this point from scientists, which is coming to me such idea, that why atoms if they are all the same why not coming altogether to be one atom, one mass? If I am saying this, I may say if whole mankind are same, why they are going to be this one, that one, this one? They must all be in one qaalib, one form, one form, one man. Why making so [many] different billions and trillions people to be each one separated and independent? What is their independency that making them to be alone in its position, not accepting to be with that one? What is that?

That is secret of the Lord of Heavens. Secret of the Creator that He putting that He is not accepting to be in its independency. No that is independent and that is independent and that is independent and He is filling the world with mankind. If they are similar then there is only needed to be Adam and Eve. Why coming from Adam and Eve, billions and billions, for what that huge number of people? What is the reason? Why the Lord of Heavens not keeping them all in one man and one woman?[Rather] Making them to be countless independent beings.

Always I am thinking on that those atoms. Why all those atoms not going to be happy to be similar to silver atom? We must ask also which thing making silver atoms to be independent and never asking to be a golden atom? Why? Who making them to insist to keep their personality and everyone happy with their being with their existence, existent, they are happy. No one silver atom asking to be a golden atom or a golden atom never asking to be silver atom. Each one they are happy being silver, being golden, being copper, being hadeed, iron, being teneke, tin, why? That showing that the Lord of Heavens, Allah Almighty He is doing and granting them special name in the Divine Presence. SubhanAllah, Hisham Effendi.

I don’t think that a fish, shark, asking to be like usral, dolphin or dolphin asking to be like a balina, whale. No, everyone saying, even small ones, they never asking to be like gigantic fish and gigantic fish not asking to be like small fish. Everything in its position is happy with its Creator and... may Allah forgives us, Hisham Effendi. And O people don't waste your valuable times to be empty, because everyone running on their destination. That destination it is another endless ocean to be granted everything in different destination. Maybe one hundred whales but everyone's destination is so different. It may be one thousand small blue fish. No one asking to be, yumaththal, to be representing by another one.

No, everyone is saying "I am independent. I don't like anyone standing on behalf of me and he is saying 'my representative, I am giving to you because you are like me and I am like you.'" No, all different and we are speaking on atoms and no any atom is happy to say to second atom [saying] “you may represent myself in yourself.” No, [rather] saying "I am something else, you are something else. You are in Divinely Presence an independent being as well as I am myself an independent being in Divinely Presence.” “Why I am going to lose my independency through yourself? No. I am standing up and I am glorifying My Lord myself, not through yourself, no. To be, to grant my glorifying to My Lord it is honor for me independently.” “You also, granting your endless glorifying to Your Lord and it is all for you. No one asking to me mumaththal, represented by another, no.”

That is the Lord's Endless, Endless Power Oceans. Endless Knowledge Oceans. Endless Greatest Creation Oceans. Such a things, when you are hearing or listening or trying to understand something, giving to your from ma`rifatullah, from Holy Knowledge of Creator, Allah Almighty. O people look. Leave useless things and come and listen and accept real diamonds and pearls that granted to you through heavenly beings, through prophets, peace be upon them. One day you may be peshman olma [enemy] dushman deyil. One day you may be ya-rayt ma..., [wishing that I didn't do it] another one [regretting] regretting why I am not using what granted to me alone and I left this to that one, when the greatest opening coming to everyone on the Day of Resurrection, Resurrection making everything to wake up and understanding and that understanding beginning from the Day of tem... Trumpet. From [time of] Trumpet and on, you can’t imagine that people ask “Why, why, why, we wasted a chance to know such a things through our short life and may Allah forgive us !”

O Shaykh Hisham. It is a deep ocean coming today that I never thinking on it but suddenly coming to my

heart and going to my mind and opening through my speech. May Allah gives us maqdirah [ability] ability to understand something that [has] no scale, its amount. Bismillahi ’r-Rahmani ’r-Raheem. May Allah forgives us. Such a knowledge preparing people for big events, big visions that they are running on it and they are coming on them. But people now they are only khadaam [servants] servants of their stomachs and they were mostly they're servants of their rides [sexual desires], nothing else. Now we are living [in the] 21st century, but people they are occupied themselves with such a things that [have] no value, and leaving most precious things that canot be reached a person after death, after this life. They should be on their levels no more getting up. Therefore prophets asking, "O people, leave that muwaqqat, temporary life and come and ask permanent delights of your life that you are running on it.

May Allah forgives us.

## The ears of the heart

Knowledge comes in two ways. One is by listening from outside and using that in directing oneself on a way. But some knowledge comes from the heart, and this is more powerful in pushing one towards his target. In other words, if a command comes from outside, the ego doesn't take care to keep it, but when it comes from yourself, it has more effect. The ego never likes to be commanded, but if it is coming from the heart you see it as honourable. You may listen to so many lessons, but really you are waiting for that command to come from yourself. Correct and Divine Guidance come with the second way. The Awliya may speak, but they also send inspiration to hearts. The Murshid may teach by inspiration. Then one thinks about the knowledge coming: "I am thinking this." The more we are purified, the more Divine Wisdom waves can be caught by our hearts' ears. The Prophet said that if man can keep his heart pure, and worship sincerely for 4o days, then he may catch Divine Wisdom in his heart and may speak wisdom. Wisdom is the essence of knowledge.

## Allah is saying: This earth is enough for you! Or: Dunya is reaching its final station

As-salamu alaikum! As-salamu alaikum! Destur, ya Sayyidi,ya Sultanu-l Awliya, Meded, ya Rijalallah! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim!
La haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Adhim! La haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Adhim.

May Allah forgive us! Try to reach forgiveness from Allah Almighty! If you are not reaching forgiveness, (there will be) no blessings, no mercy, no Paradise, no peace, no pleasure, no life forever. Therefore (the) first aim must be, for mankind, to try: How I can do my Lord to be happy with me? How I can be able to make (the) Anger, (the) heavenly Anger, to run away from me? Because (the) divinely Anger now... there is a storm, going around, taking (everything) up and coming... that is the beginning of that storm, (a) terrible storm, so that man (is) going to run and to cry: “Aina-l mafar? Aina-l mafar? Aina-l mafar? To where I may run?”

And "...'Ardu-llahi wasi'a..."; this earth (is) so wide, so big, you can't imagine! No one can reach the last point of any continent; if he is running to find and to see the end of any continent, it is going to be impossible, you may run, you can't find. And: "...'Ardu-llahi wasi'a..." that means, Allah Almighty (is) making this world so big, so wide, but, o believers, who (are) believing in Allah Almighty that He is (the) Creator and He created (the) first man and He (is) giving accommodation for him on this planet Dunya- He is saying that this Dunya, this planet, (is) so big, if Allah (is) saying: "'Ardu-llahi wasi'a"- this earth that He created and (where He is) putting you on it to live up to a period- (He is) saying: "O My servants, just I made this planet so large, so big: Ardu-llahi wasi'a!"

Everything that belongs to Allah, you can't bring any measure for it! Which scientist you heard that he measured this world from one end to another end? Wasi'a- so big and wide! Not only (during) your short life, (even) if you can live 7o.ooo (years)- that you are living here now perhaps 5o years, 6o years, 8o years- (even) if He (was) making your life (to be) 5o.ooo times more, you can't reach (to measure it). If Allah (is) saying 'wasi'a', wasi'a (means): so big, so wide. People (are) saying that: "Just we reached the end of this world from (the) East", some of them are saying that: "Just we reached the last point of this earth from (the) sunset place, where (the) sun (is) setting down." Both of them they never can say with a no doubt (the) balance, no doubt (the) measure from East or from West. But, o people, Shaitan- Allah (is) cursing him- He is making so big world (small and he is) saying: "It is so narrow; you must get out from your borders inside, because your place (is) so small, narrow. You must look (a) larger country!"

That is Shaitan's advice to his friends. And I don't think that you can

find now on earth even one from 100% to reject Shaitan and saying: “You are wrong! Dunya is not narrow, it is so big, because our Lord (is) saying: ‘Ardu-llahi wasi’a’! You may measure it, you may find it 1oo.ooo kms; (but) I may say: ‘Measure it again’, you should find (it) 15o.ooo kms! He is the Lord, He can do everything!” You must believe or (the) whole Dunya (is) going to be like a prison for you!

Such a room (like this here), if you are imprisoned in it, you are going (to be) so unhappy and (there will be) no peace for you, because you are saying: “Just I am in a short place.“ And if I am making for you- this is a village- (if) I am saying: “You are... I know that you are not so happy and in peace through this hall, just I gave to you whole Lefke”, after a while, (the) teacher of foolish mankind, (the) teacher and friend for heedless people (is coming to them and) they should say: “For what Lefke? Lefke? There is some other place, I may reach there”, so that you may jump from (this) island (Cyprus) to Syrian beaches or to Turkey... You are looking: “This (is) finishing also”, they are saying: “Oh, we must look another, Greek beaches or Egypt beaches and then you must run in it” and reaching up to Japan, they should say: “Oh, we are in imprison!”

Shaitan (is) making people not to believe and Allah (is) saying: “Ardu-llahi wasi’a”; the earth that we are living on it, (is) so big (that) you can’t reach the end of this earth! But Shaitan (is saying): “No, you are imprisoned on earth! You must do some instruments, to take you from earth to Mars!” “Where is Mars?” I am saying, “That Mars, its name (is) written on it? Anyone can say that ‘This is (the) Mars’!” When you are coming to London, it is written- or (to) Larnaca, it is written ‘International Airport of Larnaca’... or ‘International Airport of Heathrow’ (and) you are understanding that just you reached London or

you reached to Larnaca, or you reached to Istanbul... (because it is) written! If (it is) not written, you are not knowing.

“What you are saying: ‘This is Mars’?” I am saying, “(Is there) written on it: ‘International Airport in (the) Solar System, you reached, welcome to you’? What is that?” Or reached: “(Give us) one bottle (of) water, we are so thirsty!”

“O people, this is (the) Mars, you can find (here) only just melted mineral rivers, nothing else!”, but people (are) running, asking to go much more inside through (the) universe, because their feelings (are) saying to them: “Ohhh, we are in prison in Lefke, in Larnaca, Geek side, Turkish side, Syria, Lebanon, Egypt... we are in prison, we are asking (a) bigger land!”

Why? Why you are claiming this and when Allah Almighty (is) saying: “Ardu-llahi wasi’a”, why you are running out of this world? (This) earth is not enough for you? But you are looking (to) your teacher and best friend Shaitan, (who is) saying to people: “It is (a) so narrow planet, you may look another planet. Perhaps you may bring water from earth to that planet with pipes, you may do on that planet gardens and forests and buildings... you should be there in such a good condition!”

All if it is (a) bigger lie, bigger than another lie!
This is the false and wrong of man not to believe; (it is) making man to fall in endless troubles and endless problems unsolved! Or Dunya, if now 5 billion (people) may live on it, (even) if (there were) now 5o billions, (they could live here), if Allah (is) saying: “Ardu-llahi wasi’a’, this earth (is) so big!”

And Shaitan (is) making people not to reach a peace. They are saying: “It is (a) small place, (a) small territory! Why (the) Turkish side is

only (a) very small piece?" (The) Greeks (are) saying: "Why we are living in a (only) little bit bigger place on this island?" No one (is) saying: "It is so big!"

Sometimes I am looking from one side of (the) mountains to another side of (the) mountains and (I am) saying: "Ohhh, if (there were) no cars, how I can reach from here to that mountain?" But- insan (is) like (a) small figure, but their eyes (are) never getting to be satisfied (with) the bigness of their land (that) they are living on it. That (is) giving trouble. Shaitan always is saying: "You have (a) very small territory; you must reach more..."

Russians, (they have) half of this world, but they are asking to reach another part also. Americans also, they are saying: "Why (the) Russians (are) coming? We may reach to (the) end of this world." No one of them (is) reaching to another end, because Allah (is) saying: 'Ardu-llahi wasi'a: The land of earth that Allah Almighty (is) landing you on it to live on it for a time, for a while, (He is) making it so wide, so big!

O people, if you are not happy here, move through East and West! You can find so big lands! That is the source of troubles and wars that people (are) killing themselves by themselves, because they are not believing; not believing in Allah Almighty, (but) believing in Shaitan, saying: "Shaitan is our best friend and his teachings (are the) best teachings! We are not in need (of) any (other) teachings, (any) heavenly Teachings, we are not taking care!" As long as you are not taking care (for) heavenly Teachings, you are going deeply, more and more (into) darkness; (it is) coming to your hearts, coming to your eyes, coming to your minds and never you are going to be happy!

O people, be pleased (with) what Allah Almighty granted to you! Believe

in Allah! When you are believing in Allah, you should reach satisfaction and happiness through yourself! That is Paradise for you, for your mind, for your heart, for your body. If not, you can't be able to reach a peace through your mind, through your heart, through your physical being. You can't reach to be a peaceful community and to give respect (to) others and you should find yourself surrounded by Hells!

O people, don't go to universities! Universities (are) changing your minds, because universities (are) against (the) Holy Knowledge (that is) coming through (the) Prophets from Heavens. Because universities, their teachings (are) shaitanic teachings; they are always fighting (the) heavenly Teachings that Prophets just brought it!

What I am saying? I am saying nothing! It is soo small point that you can understand: This Dunya (is) so big, "(Ardu-llahi wasi'a)...fa taharraju fiha..."! Allah Almighty is saying: "If you are finding yourself in a narrow situation, run to another part of this world; you should find some lands, some places, that give to you or should give to you pleasure and peace and pureness through your mind and through your heart!"

What we shall say? People they are not following Prophets, but (they are) following satanic teachings and (they are) going to be in a more worse situation (like the one) that just reached (the) Nation of Noah... Huuu!...O people, come and believe in your Creator, the Lord of Heavens, the Lord of Creation! Whole Prophets (were) coming to teach you that point. And you are not going to find any peace through East and West, as long as you are following shaitanic teachings!

"Salamu-llah alaikum!" Allah (is) giving His Salam, saluting you! O people, believe in your Lord Allah Almighty, then you should reach satisfaction through your heart, satisfaction and contentment through

your heart. You should be happy, when you are awakening, you should he happy, when you are sleeping- every goodness should run after you! But as long as you are running after every evil and devils, always troubles should run after you, to make you unhappy and no peace...
O people, come and believe through your Creator, Allah, Jalla Jalaluh, the Lord of Heavens!

It is... just some years only (Are) remaining to reach our land to its last station. O people, all of us (we are) going to (the) divinely Presence for (our) Judgment! That is the Day of Judgment- prepare yourself for that Day! If Allah Almighty (is) saying: “O men”, if you are not doing, what He is saying, He is not saying to you: “Abdi, My servant”, no! Who (is) following Shaitan, Allah Almighty (is) never calling them: “Come, My servant”, no, (but He is going to say): “Take this servant, (this) bad servant, (away)! Take him to Shaitan that he was following him! He is not My servant, take him away!”
It is enough for a man as a dishonour to be said for him: “Take this creature that I created him in (the) best form and (who) I just honoured him to be My caliph, representative on earth, but (who) he (was) never believing, never keeping that honour that I honoured him! Take this bad servant (away) with (the) bad servant Shaitan!”

O people! Dunya (is) running to its last station! Beware for Shaitan, not to cheat you and to take you (to) the way of Hells! If you like! If you like, take (the) satanic teachings, follow him!

May Allah forgive us! It is an important point to be known. You must try to teach your children first of all who they are, for what (they have been) created and who is their Lord and what is their missions on earth! O people, take your care! Think on it, because Dunya now (is) running after Shaitan and Shaitan (is) carrying them to Hells!

May Allah forgive us and bless you! For the honour of (the) most honoured servant, S.Muhammad sws, Fatiha.

## The Earth is your Mother

Everything which has a beginning has an ending. You are asking me to stay. But if I was here for 20 years instead of for 20 days and it would end today, it would be the same. In this life this is how it has to be. No-one is together forever, even children and families, neighbours, friends, relatives, murids and sheikhs, students and teachers, all go different ways one day.

We can continue in our hearts. We are always together in our souls, even if it is not physical. It tells us that we are servants of Allah the Almighty. All of us are creatures. Even if our clothes change, our original position never will. We are not giving a lecture, I am not a professor but a simple person, like all prophets were. They were sitting on the ground with poor people, slaves, women, children...

We have been created from earth and we must try to be closer to earth. This will give you a good character and make you more humble. If you sit on strange chairs, you think you are important. Being close to earth gives benefit to your body. Scientists tell us that there are so many bacteria there. The closer you come to earth the friendlier they will be with you. They will run after those who escape from them. Just like with dogs: if you are friendly with them, they will be too.

People nowadays are living in skyscrapers far away from earth. They are in concrete buildings surrounded by

plastic and metal. They are escaping from nature and all kinds of illnesses come to them. They want to know where cancer comes from. It is because people are running away from nature. Befriend the earth! You have been created from earth and you will return to earth. If not today, then tomorrow, after one week, one month, one year, or even after 100 years. You cannot escape, you will return to earth. Don't run away from earth, it is your mother. If you come closer to earth it will change your nature for the better. It will give your face more lights and take away the darkness. Disturbing bacteria will leave you and you will be more in peace and in comfort.

This is why all prophets used to sit on earth. But nowadays people want to be elegant. Physically you take benefit by sitting close to earth, spiritually even more so. Your spirituality will increase, because you will accept to be humble. No-one can develop spiritually without becoming humble. The most humble person is the highest one spiritually. The characteristic which prevents spirituality is pride. Satan was on the highest position when he was humble, but when he became proud he fell to the lowest. The best quality for a servant is to be humble.

Whoever wants to reach the high stations of Heavens must accept that they are nothing. If you want safety, you must throw your weight away. In the old days when ships were travelling through difficult straits, people would throw their luggage overboard. If you want to reach Heavenly Stations you must throw your burdens overboard. The heaviest part of you is your ego, asking to be something, never sacrificing itself. Sacrifice it! When you have done that, you will reach Heavens and be like lights without any physical body stopping you. It can carry you from earth to Heavens.

## The Earth Will Quake Until Nothing Remains

There is no going back, no way. Allah, Allah. Allah, Allah.

••••• •••••••••• •••••••••• •••••• •••••••

Inna zalzilati's-sa`atu shayyun `azheem. for the earthquake of the Hour (of Judgment) will be a thing terrible! (Surat al-Hajj, 22:1)

This gives us the meaning that zalzalati's-sa`ati, "the earthquake of the Last Day" will come before the start of Judgment Day. Slowly, slowly it (the earth quaking) will increase until it reaches perfection and then the whole world will be destroyed... and on Earth no trace will remain of mountains, human beings, animals, plants, seas, oceans! It will all turn to dust with the manifestation of Judgment Day!

If you look to the west you will see the east, because there will be nothing to block your view and no stone will remain. Everything will be destroyed and turned into dust! Allahu Akbar, Allahu Akbaru 'l-Akbar. Laa ilaaha illa-Llah! From the manifestation and glory of Judgment Day, yaa Lateef, yaa Lateef, yaa Lateef! amaan yaa Rabbee, tawbah yaa Rabbee! Bismillahi 'r-Rahmaani 'r-Raheem. (du`a)

Fatihah.

Shaykh Adnan Effendi: All the planets, or only Earth?

It specifies only this world; the rest have their own creatures and they say without limit, “laa ilaaha illa-Llah Muhammadun Rasoolullah.” They have Judgment Day and the Account of the Day of Reckoning, and Heaven and Hell, as this is His Kingdom. Does only one world belong to the Creator? No, His Creation is limitless and continuous, which means from Pre-Eternal up to Eternal! That is an Attribute of the Creator, Allah jala wa `ala. From the Day of Pre-Eternity up to Day of Eternity it is ongoing: Creation appears and the fulk al-Mashoon, the Loaded Ship is filled with Creations. They have their own Judgment Day, their own Day of Reckoning/Reward, and particularly Heaven and Hell for each of them.

Allahu Akbar wa lillahi ‘l-hamd! Allah Almighty is the Greatest and He is the Greatest Creator! From the day of Pre-Eternity up to day of Eternity, He is the Greatest Creator and the Creation is continuous! Allahu Akbar, Allahu Akbaru ‘l-Akbar. Lam yazal wala yazaal, “He is and will be as He always has been.” His Attributes are lam yazal wala yazaal. His Creations are continuous, never stopping, from pre-Eternity up to Eternity! Allah, Allah. O Shaykh! We don’t know anything, not even about ourselves. Who are you? There is no answer. From where did you come? No answer. Where are you going? No answer. Two RijaalAllah met at a place, greeted each other and asked, “From where did you come?” He said, “From there.” To where are you going? “To there.” Allah, Allah. Where are you from? “From here.” From where you came? “From there.” To where are you going? “To there.” It is continuous, from pre-Eternal up to Eternal! No one knows the reality of `Azaal, pre-Eternity, or Abaad, Eternity. No one ever understood except one, Sayyidi ‘l-Awwaleen wa ‘l-Akhireen (s)! He asked, “From which country did you come?” He said, “I came from here.” To where are you going? “I am going here.”

O Shaykh Adnan Effendi! It is astonishing! We cannot understand the reality of an atom. Our capacity to know cannot reach the reality of an atom: from where it came, to where it is going, what is its identity, what is written on it? There is a stamp on each atom, revealing its Creator. All atoms are sealed and stamped, according to whom they must return or to whom they belong. There is nothing in Creation that does not carry this Seal/Stamp, the Name of its Creator! It is impossible to come in existence without that Seal of the Creator and we cannot reach such realities, no! We cannot even come close to such realities. Allahu Akbar wa lillahi ‘l-hamd!

O Lord! Pardon us, forgive us, have mercy on us, and accept our repentance. Hal min muddakirin, can anyone remember or reflect? Hal min muddakirin, if the servant is not given (a mind), how he will know the meaning of muddakir, “one who reflects.” Allahu Akbar wa lillahi ‘l-hamd! All the worlds can drown, all of them can be put in an atom. When He says, “Put all the worlds in one atom,” the atom doesn’t become bigger or smaller, no! The world with its original size can be placed in the atom, which remains in its actual size, without the world becoming smaller or the atom becoming bigger! Subhaanahu wa Ta’ala!

Shaykh Adnan Effendi: Qadirun Muqtadir!

When Grandshaykh (q) taught me the meanings of the 99 Divine Names, he reached al-Muqtadir, “the Absolute Powerful.” and he stopped, because you can say something about the rest of the Names, but can you say something about al-Muqtadir? He is Muqtadir! What are the limits of His Absolute Power? There is no way to give meaning about it! I wrote the Names al-Muqtadir, “Absolute Power,” Qadir al-Muqtadir, “The Possessor of Power,” and Grandshaykh stopped. There is no way for anyone to understand the least level of `Ismullahi ‘l-`Azeem , the Great Divine Name of Allah (swt), al-Iqtidar, al-Muqtadir! Tawbah, yaa Rabbee!

Fatihah.

## Eating and Drinking Are Proof of Humanity

(Mawlana Shaykh stands.)
La ilaaha illa-Llaah, la ilaaha illa-Llaah, la ilaaha illa-Llaah, Sayyidina wa Nabiyyina wa Mawlana Muhammadun Rasulullah, `alayhi salaatu wa salaamuh. Madad ya RijaalAllah, madad yaa Sultan al-awliya, madad. (Mawlana Shaykh sits.)

As-salaamu `alaykum, our listeners through east and west, from north to south! Divinely orders coming to heavenly gathering. Tonight, Allah is granting our grandshaykh to look across two or three continents, and I am also giving five continents, subhaanallahi 'l-` aliyyi 'l-`azheem. In Holy Qur'an it is mentioned, Rabbu 'l-mashriqayni wa rabbu 'l-maghribayn, just mentioned east and west. I am surprised, north and south, I am never remembering to be mentioned in Holy Qur'an. SubhaanAllah! O People, our Grandshaykh is not like me. I am so serious. I am a serious person, but he is never going to be a serious one and therefore he is never even smiling. I am smiling, but I am serious. Subhaanallahi 'l-` aliyyi 'l-`azheem, what we shall say? I know nothing, he knows something, (laughing) and I am in my heart sending one line to his heart, to take something, stealing from his heart when he was busy with such a things.

Once upon a time there was a tailor, a very famous one. For what was he famous one? Our listeners, be ready for understanding because my English is between English and Arabic! I am also losing my Turkish language!

(Mawlana Shaykh laughs.) Therefore, be keenly looking to me and look to my eyes. Who is going to be through heavens is important one. On this Earth important people doesn't matter. I am asking important ones, are you not going to WC (bathroom)? Then how important are you? Important people, if never going to WC, that is important! (laughter)

Therefore, there is something we must say. We must say, beware our Christian brothers, be careful. Our Christian brothers were claiming that Jesus Christ, peace be upon him, is God or son of God or Holy Ghost. Holy Spirit with him. And our Christian brothers are making Jesus Christ so high, high, high, high and saying Jesus Christ sitting on the Right Hand of his Lord, who they say is, 'Father.' Allah Almighty is hearing what they are claiming. It is such a strange, astonishing claim, because they are never ready. No one of them is seeing that Allah Almighty sitting on a Throne, and at His Right Hand, Jesus Christ is sitting or Left Hand, Holy Ghost is sitting. They are never seeing mushaahadah, witnessing, but claiming this. And the Lord of Heavens is hearing and He is saying through Holy Qur'an; Allah is saying to, "Make them to shut up! Don't say such a thing!"

What saying to such a thing, Salafi ` ulamas? What is Allah saying, raddan `alayhim? (answer Him). The Christians are asking, 'What is our proof, to make them not to speak once again? I am asking Salafi `ulama and then I am asking through east and west to hundreds of doctors now, one doctor for man, or doctor for dog. What is their doctor-ship? This is a new invention. Why they are not saying that that word is bida`? Why the `ulama are not refusing? Salafi `ulama, why they are not saying to those people, that they are signing, 'dear' and then their names. Is it not a bida`? kullu muhdathin bida` wa kulli bida`atun dalaala wa kulu dalaalatun fi 'n-naar, bringing every new thing through Islam is the wrong way, and wrong way carrying people to Hellfire.

Madad yaa Sultan ul-Awliya. If you are saying, 'Sultan ul-Awliya,' they are saying it is bid'a. How are your learned people accepting their certification through your universities when they graduate? You are making a ceremony and giving those people, saying, 'Now you are Dr. Ramsi, Dr. Farhat, Dr. Raouf, Dr. No-Mind.' Why they are not saying that is bida`?

I am asking in front of the whole world now. Those objecting, if someone is calling to me, "Shaykh" or "Sultan ul-Awliya," they are very angry and saying, this was in the time of Prophet, now is bida`. What about your

(titles of) “doctors”? And they are also teaching young ladies with young men. This is so? Mixed (co-education), it is not haraam? And they are attacking on me because I am saying there is Sultan ul-Awliya! `ala inna awliya Allah wa la khawfun alayhim, madhkoor, is true? It is mentioned in Holy Qur’an or not? It is mentioned. Why they are saying this is bigger bidaa`? What is the matter? Why they are objecting? Allah Almighty is saluting, giving honor to his awliya, `ala inna awliya Allah, enough nisbatuhum, Allah `azza wa jall nisbuhum lahu subhaana wa ta`ala, awliyaullah.

And in the opposite there is also awliya ash-Shaytan. It is true? True. That means awliyaullah from beginning up to end must be among people; can’t be lost. No, every time must be awliyaullah. And awliyaullah are understanding from the Prophet’s commentary of Holy Qur’an. Therefore, I am asking them, what you are finding? Raddan, answer back?

Answer back to those people that are saying Jesus Christ is sitting on Right Hand of the Lord of Heavens. Their knowledge horizon is so low and Sultan al-Awliya’s knowledge covers across countless horizons. This is a grant for us! What is your evidence for refusing? Christians are claiming that Jesus Christ is God or son of God or Holy Spirit. Two words I am saying because they are saying to me that I know nothing, but I know more than you are knowing. I know nothing, but when I am leaving my heart in front of Allah’s awliya, they are granting to me to speak, they are showing how we can refuse their claiming!

What is that Salafi `ulama? Azhari Shareef `ulama, even Shaam `ulama, Arabs, Turks,`ulama through east and west? The Islamic world has so many `ulama, how you can defend yourself in refusing Christians’ claims that Jesus Christ is God? He is not God! Allah Almighty making their claiming down, saying, •••••• •••••••••••• •••••••••• kaana y’akulaani ‘t-t`aam, “They had both to eat their (daily) food.” (5:75) This is their answer, finished. It is not suitable to make an explanation on the Holy Qur’an.

O Salafi `ulama, learn! I am teaching you and you learn! If you are knowing it, why not saying! And refusing dawa baatila, false claiming, that Jesus is God or son of God. How you are refusing to do this? You are not knowing, but Who is teaching His Prophet (s)? Through his line, coming to a first-level person to speak on it. Allah (swt) is saying, •••••• •••••••••••• •••••••••• kaana y’akulaani ‘t-t`aam, "They had both to eat their (daily) food." (5:74) ma m`aana. What is the meaning? Not bringing behind that cleanliness, it is not suitable.

Who is eating and drinking must go to WC (bathroom). How can anyone going to WC, be God or son of God?

Finishing, coming down all of them! Three words making the whole of Christianity to come down. Whether they are liking or not, they can't refuse this because anyone eating and drinking must go to WC. How can he be God or son of God? A`oodhu billah! Allah Almighty cutting their proofs. Finishing. No one if he is God, can say, 'going to WC?' What is that? What is Allah eating?

Another point: Leave Jesus Christ! If Allah Almighty's son haasha, and his mother eating and drinking, what they were eating? Say Salafi `ulama! You must learn because the Teacher of Mankind, the Teacher of Heavens is explaining! He (swt) is giving such a knowledge!

Another question: Jesus Christ and his mother were eating, finished. What about Allah? If His son eating and drinking, how can Allah (swt) be without eating and drinking? How can it be?

Another question: Who is going to be His cook? And how many cows? Thousands, millions of cows and goats and sheep and whole animals? Is God eating food or nothing for him? (Shaykh Hisham says, "vegetarian.") A`oodhu billah, or fasting? Allah Almighty always fasting? What foolishness!

O Salafi`ulama, O `ulama Azhar ash-Shareef ! Why in Egypt you are not calling them for a debate? Why you are not calling them? Call and ask! If can't be able, send to me. I am the lowest one of creation, I may give because it is not for their `azhaamat, for their greatness and glory; it is not suitable to be discussing with such no-mind people. But my knowledge is enough for Salafi `ulama, my knowledge is enough for Azhari `ulama, for priests, bishops. More than enough my answer, because if whole of them coming together they can't be able to answer back on that point. This is so powerful, so powerful situation!

Therefore, O people, what we are saying about "eating and drinking", we are coming for that point. They were discussing on pride of Mankind, they are making me to begin from here and to go up. Because everyone so proud ones. We are saying for what are you so proud? Are you not going to WC? Who going to WC, how going to be proud one? Leave Allah Almighty (out of it). (If you are also saying) angels eating, drinking, going to WC, going to be coming on our heads like raining! Then to where you are escaping? What is that? That is muhkaamat (of established meaning), mutashaabihaat (ambiguous), in Holy Qur'an are such things. It is impossible to go on muhkamaat laa yumkin an yatakharraf, it is impossible (to change or corrupt the clear rulings) that is Divine ruling, Ilaahi ahkaam. We can't approach heavenly commands, to Holy Qur'an. There

is also mutashaabihaat, people coming and trying to give some explanation.

Leave that to us. Say to me, are the angels eating and drinking? Christian brothers are knowing that angels not eating or drinking. And Jesus Christ and his mother, you are saying, “He is God or son of God.” If angels have no need to eat, how are you saying, ‘Eating and drinking?’ Jesus Christ was eating and drinking with his disciples. How can he be eating and drinking and be Lord of Heavens? And angels’ lives going on as we understand, if eating and drinking, where they are running to find WC? WC on the heads of those people who are denying the existence of the Lord of Heavens! No one is knowing about Him Almighty, only He (swt)! And He was saying, “I was a hidden treasure, I created Man to know something about My existence and its way is passing through My most glorified and most honored and praised servant, Sayyidina Muhammad (s).” (Mawlana Shaykh stands.)

O Allah, they are knowing nothing!! Anyone can refuse this? Can’t be. If any one is refusing, they may write and defend on behalf of Jesus Christ. Come to me if any one can refuse. May write to me a defense that Jesus Christ was eating and drinking with his disciples and not going to WC? How you are making him God? Do you think that God’s divine attribute gives Him to eat and drink? What then, should be whole Creation? Creation must be what is through WC, they must be drowned in it!

O People, use your minds! We are approaching to Last Day. The Day of Resurrection is coming and don’t think that Allah Almighty calling you to discuss with you, No, because to be in Divine Presence is giving to one such an endless honor. But those people who are denying the existence of the Lord of Heavens are in such a bad position, as a person falling through a sewage channel. Do you think that that person can be taken in front of a king or sultan, to speak with him or ask him something? No, never. Don’t think that. Calling unbelievers to be in His Divinely Presence for such a speaking, no.

In that honor we may say one story. It is traditional knowledge about Sultan al-`Arifeen, Abayazid al-Bistami (q), saying, “O `ulama, O Muslims. Everyone is fearing to be questioned on the Day of Resurrection, but I am so eager for being in Divinely Presence, and He (swt) says only, ‘O Abayazid, come for your questioning.’ I am eager to hear from the beginning of my creation up to that day, this holy addressing, “Ya Abayazid,’ only to speak my name.” Shiddatu ‘l-farah, making for last point, enjoyment. “It was enough that my Lord says my name, ‘Ya Aba Yazid,’ even if He is sending me to Fire, I am never feeling anything! That sweetness and

honor that dressed me is enough to extinguish the Fire!”

O People, so many things. Don’t think that I know something; I know nothing. But sometimes they are making a weak servant to address, like an ant by Allah’s ordering, addressing whole ants and saying:
••• •••••••• ••••••••• ••••••••• •••••••••••••• ••• •••••••••••••••• •••••••••••• •••••••••••• •••••• ••• ••••••••••••
yaa ayyuhal namlu ‘dkhuloo masaakinakum la-yahtimannakum sulaymaanu wa junooduhoo wa hum laa yash`uroon.
One of the ants said, “O ants! Get into your habitations lest Soloman and his hosts crush you without knowing it.” ( 27:18)

That ant was hearing the holy command and became powerful and his sound was reaching through a huge valley where billions, trillions and quadrillion ants hearing it. Allah Almighty is Qaadirun Mutlaq; He can do everything or anything as He likes.

O People! Try to learn about your Lord and give His highest glorifying. Allah forgives us for the honor and praising of His most beloved and praised one, Sayyidina Muhammad (s). (Mawlana Shaykh stands.)

Dome Dome Dome Dome 4x

Haqq! Forgive us, O our Lord. Fatihah.

(50 minutes) Heavy bombarding. Heavy bombarding, shower! (Mawlana laughs.)

## Eating Plastic Cannot Fill You

If He wanted to make every person the same, He could. Like in a factory: all the same form, colour and size, and everyone speaking the same language. But Allah the Almighty didn't. You cannot find two identical people. Everyone is unique in their creation. Allah does not need to make copies of people. Everyone is different, but all belong to the same mankind.

Everything is created in a different way. Even a grain of corn is not identical to another, or a grain of wheat. You must try to get to know His greatness and power! Everything which is part of Him is without limit. His existence is unlimited from pre-eternity until eternity. He is the First and He is the Last. Do you think He was starting to feel old and therefore needed a son? He exists from pre-eternity to eternity. That does not mean that He was young during pre-eternity and then became old during eternity so that He felt a need to create a crown prince as a successor! It is impossible.

The people of the 20th century are not using their mentality and their mind, so they attack Islam. Even though Islam brought the perfect description of the Lord, Almighty Allah. I am angry. Why? Last week I was in the cathedral built in the grand mosque of Cordoba. It is full of imagination. They picture an old man sitting. To his right hand there is a young person, at the other a lady. That is a creation of their imagination. They want us to believe that the old one is the Lord, who has taken the young one from earth to sit next to

him. I feel so ashamed. The Christians are to blame for this. They have created it and they believe in it.

We are living in the 20th century. Within this huge universe we are like an atom. When we look amongst ourselves we see different kinds of people, of all sizes but never bigger than 3 meters. Do you think that even a huge person like that would be able to create such a huge universe, and then be able to die? How could Christianity develop in this way? Are these the teachings of Jesus Christ*?

All prophets, including Jesus Christ*, brought real descriptions of the Creator. But there are people who have changed the originality of Christianity. They exchanged every truth with plastic. This is why Christianity does not give satisfaction to the souls of people. It is impossible when you eat plastic food to be full. That is the real problem in this world at the moment. People are spiritually hungry, they want to be content and satisfied, but they cannot find it. If anyone asks for real food while they are being offered all this plastic, the sellers become very angry and will tell them, "Islam is not good!"

Have these people really tasted Islam before giving such a judgement? How can you judge something without knowing it or having tasted it? That is being prejudiced, which is a sin. It is a great lie to accuse someone of something without having proof. We look at the Old Testament and the New Testament, we are not afraid of doing that, but Christians are not allowed to read the Holy Quran in their churches. Why are they prevented from doing that? Read and comment! If you haven't read it, don't say anything. If you read and you don't understand, then ask those who do. A new millennium is approaching and still Christians believe that the 21st century will be Christian. They say that Islam is out of time and not suitable for this age. They should prove that Christianity is suitable!

Mankind has lost every value of being human. It has no value anymore, and Christians and Jews are inventing such terrible weapons which will destroy everything civilisation has built in thousands of years. Islam comes for peace, but the learned people within Christianity know very well that Islam is the last message which has come from Heavens to guide all nations.

## EDUCATION

For schools, for students also, Islam first offered to teach students a strong belief to make them believe in their Lord, their Creator, Almighty Allah. After that, to teach them any craft that they may need to help them to establish their life.

Man is in need of training. Without training, mankind would be wild, more wild than any other wild creature and man needs education - training is education. Therefore, we must educate mankind. Education must be based on something, some foundation, so that it may be built upon. Without a strong foundation, a strong building cannot be constructed. Therefore, education must be established on a strong foundation if it is to be successful. From the beginning until today, systematical education in Christian countries was established on Christianity and in Oriental countries, on Islam and every other community established their systems of education based on their beliefs.

If education were not based on beliefs, in the present day, it would mostly be based on atheism. No care is taken of religion and of religion's rules; only atheist philosophy is used for education. That is the main aim of education these days. No one pays attention to the life of the Hereafter because religious beliefs are not the first thing to be taught to students.

Therefore, these days, there is a large chasm between the young generation and the old generation because the young generation are educated with 'free' ideas, without any idea of beliefs. They are educated without any religious beliefs or rules. When they are educated without religious beliefs or rules they grow up not realising that they should be responsible for their lives. People who have been educated without religion do not recognise their responsibility. Only those whose education is based on religious rules and beliefs recognise their responsibilities and those of others. If not, they cannot be forced to carry responsibility because they may ask, "Why should I carry that responsibility?" If you answer, "For the last day" they will laugh at you. They will ask, "What is the last day? What is the second life? What is the Hereafter life? What is Paradise? What is Hell?" They will ask this because their education was not built on belief or on religious knowledge. The most dangerous and terrible generation is the one which does not take any care of its responsibilities in this life and no one can take care of responsibility if they do not hold religious beliefs.

You cannot expect good manners from the new generation, who were not educated religiously. You cannot expect to find good characteristics like honour for himself and the community; they cannot be forced to carry any responsibility. They may say, "I am only going to live a short while in this life" and their philosophy is that they were born into this life accidentally or coincidentally because this is what atheist philosophy teaches them - brain washing them. So they believe their existence in this life came about by accident and that that they must enjoy themselves by any possible means. That is their philosophy of life. Therefore, you cannot say "Take this, keep it please", they will say, "Why? You keep it. I don't need to do that. I am only looking after myself."

The new generation is growing up to be egoistic, envious, full of enmity, without expecting to be responsible for anyone. Not for their parents, their families, for their children, their neighbours, their nations or for humanity. They shave the sides of their heads and grow their hair like "Mohicans" and colour it, blue, red and green. What do you expect from this kind of person? How can you tell this kind of person what to do? He will kick you!

The responsibility for the religious education of children lies with the government. Why are they in power? To enjoy holding the positions of Prime Minister or Minister? Why are they in power if not to look after their people? Are they not Christians? Are they not believers? If they are not believers, they should not be in power. If they are Christians, believers, they should look after the growing generation. It is the government's

responsibility to prevent everything that is against belief. The majority of people believe in the Creator and the last day but some groups fight the Church, fight every religion.

It is important, particularly in European countries, we must have help from Muslim ladies, teachers from Muslim women and girls, teaching our students, even to teach every student about Islam. But people are not very interested in becoming a teacher.

Nowadays, people are asking to have more income, perhaps teaching not bringing too much money, therefore people are not interested and that is the weakness of faith. Faith ordering sacrifice. Muslims must think sacrifice for teaching, even monthly salaries may be less than others, but for the sake of Allah teaching students good manners, faith, good beliefs, preparing them for humanity, to gain them for humanity, to save them from the hands of devils - it is a very sacred job, lovely job, for the Lord Almighty Allah, for His prophets (peace be upon them). To be a doctor as well, lady doctors.

Muslims are not sending their daughters to higher schools for they are mixed and sometimes they do not like some jobs. As much as possible, if they have more teachers and more doctors to help Muslim ladies and children, it should be lovely to Allah Almighty and to His Prophet (peace be upon him).

## The ego is asking from everything a share for himself

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim... Meded ya Sultanu-l Awliya, Meded ya Rijalallah...(We are) asking forgiveness from Allah Almighty...

It is an association. Always our ego is asking from everything a share for himself. He is saying that: “I must have some share from every activity that you are doing. I like you to be for me only. Everything that you are doing must be for me. I don’t like (any) partner!” Everyone’s ego (is) saying this and therefore it is (the) most difficult struggle or fighting to make our egos to surrender. And when you are going to be a real Muslim? When you are going to be able to make your ego aside and to do everything (only) for your Lord, for your Creator!

Why our ego is asking to be everything for him? Our ego, which thing (it is) giving (to) ourselves and asking (you) to work for him? Why? The ego created us? No. He is our provider? You think our ego is providing for us? (So) why (our ego is always) asking (a share)?

Allah Almighty (is) asking from you, oh mankind, to be only for His divinely Service! He has 1oo% Rights to ask this, yes, (because) He is our Creator and His Favours (are) covering ourselves. He has Rights to ask thanks and praising and glorifying from you, because He has Rights on you! You were nothing and (He is)

bringing you to be something; He created you, bringing you in existence and honouring you to be from mankind, not making you from animals! And He has Rights (on you), 1oo%, to surrender to Him and to glorify Him and to praise Him Almighty.

He has Rights, but what about our ego? Why (it is) asking (a share)? Our ego is (only) running from one dirty place to another dirty place. It likes to be always through (the) channels of sewage, asking to be there and (it is) asking from you: “You just follow me, you must make for me more and more channels of sewage. You must try to make through your home more than (only) 1, (but) 2, 3, 4 channels of sewage, because I am making my morning pleasure in one sewage and lunchtime I am running to another channel of sewage, (then), (in the) afternoon- as English people have tea-time- tea-time you must prepare for me another channel of sewage, (so that) I may enjoy...(swimming in it:) lab, lub... I am practising myself... and Maghreb, sunset time, (there is) another channel of sewage... .”

(Your ego is) making you to prepare (this), oh man, your ego (is) asking to make you (a slave) for its pleasure through (the) dirty channels of sewage and (it is) saying: “I am not leaving you to look (after) anything else. You must prepare always for me new channels of sewage!” That is wholly (our) ego’s main target and pleasure; (it is) making you to be his servant through sewage channels, to keep (the) towel (for it), to follow his orders, to prepare everything through channels for it. Therefore (it is) saying: “I am not leaving you to do anything else except (to work) for me”, and foolish people (are) running to that sewage channels to prepare for their egos breakfast, lunch, tea-time (in the) afternoon, dinner and supper nighttime also...

And you are a perfect creation- Allah Almighty created you on a perfection (which is) not granted to any other creature. Your Lord, who created you on a perfect form (in your) outlooking and (in your) inner life, He is asking (from) you: “Come and fulfil your oath with Me (from the Day of Promises) that you should be only for My Divinely Service”, (but our) ego (is) saying: “No, I am not giving a chance to you, except (to be) for me!”

Look now through whole mankind- what they are doing? They are running after sewage channels, they (are) never thinking for their Lord’s divinely Service. He Almighty is calling (them saying): “You are My servants, because I granted to you everything, every goodness here and Hereafter- come and fulfil your oath with Me!”, (but our) nafs, (the) ego (is) saying: “No, I am never giving a chance to you (to do that). Even (there are) 24 hours, (but) I am not happy to give you (free for even) 24 minutes!” “What about 1o minutes?” “1o minutes

also I am never giving to you (to be) free for anyone else!”

What (a) bad position or situation for mankind without thinking on that point! 24 hours (you are) running to prepare new sewage channels and leaving our Lord who created us to be in existence and giving us (the) crown of being (the) most honoured creatures and also putting on our shoulders (a) most glorified dress from His divinely Presence. You are leaving that and you run to fulfil Shaitan’s, nafs, our egos’ desires that are all dirty desires.

How we can find a way to be clean? All Prophets are coming to show the ways of cleanliness from our egoistic desires that are all dirty things, and (they were) coming to teach us how our relationship with our Lord should be, how we can find a way to His divinely Presence. They were coming to teach that. Therefore it is not true even one moment to make (the) ego the partner for our Lords Divinely Service! (The) ego, nafs, can’t enter to Divinely Presence, because it is dirty. What is the dirtiness of egos?

Allah Almighty (is) saying: “Everyone who (is) leaving Me and leaving to be My servants, they are dirty ones!” Even (if) you are giving (only) one moment for your ego, (this is) making you to fall into dirtiness and therefore we are ordered to clean ourselves by saying: “La ilaha ill-Allah, Sayyidina Muhammadun Rasulullah sws.” This holy Word brings cleanliness for man, to be able to be Allah Almighty’s servants, to be in their Lord’s praising area and (to do) glorifying. But (our) nafs, (our) ego (is) saying: “You must work for me. Everything you must do for me, not (for) anyone else!”

All Prophets (were) coming to teach people (their) real situation, so that they may prefer and choose the right path, (the) honoured path and (to reach to be an) honoured creation, (in an) honoured situation, (with an) honoured dressing in (the) divinely Presence. As long as they are running away, they are (remaining) dirty ones.

Man (is) coming clean from his mother’s womb, but after their maturity age they are becoming to be dirty ones for (the reason of) their dirty desires that belong to our egos. Our egos (are) asking to enter through dirty channels, through sewage channels, and (especially the) new generation (is) thinking that to run through dirty channels of sewage is their target, and they are running on it, thinking nothing beyond that (aim) and their pleasure and pleasement is always to be through (these dirty) channels. Prophets (are) coming and (also) Awliya, Saints, to take them out (of these dirty channels) and to clean them, (and)

cleanliness (comes) with Divinely Service.

Everything that you are doing, through your intention (it) may be for Allah, only for Allah, or (it may) be only for (your) ego, or (it may) be for Allah and (also) for (your) ego- but (those) who (are) working only for Allah- they are (the) most near and most honoured ones in divinely Presence- they are Prophets and their inheritors. Then people, according to their efforts, (they are) coming slowly to be in a good position; slowly they are cleaning themselves to be ready for entering divinely Service. (But) some of them (are) never taking any care (to clean themselves) and (they are) happy to be through sewage channels...

Therefore we are asking forgiveness! You are praying- we are translating (now) from our headquarters, (saying) that: even you can pray, (but) your ego (is) asking a share for itself, (so that) if your are praying, (it is) saying that: “I am so important one for praying, no one can be like me.” And really (our ego is) asking to be said for him that: “You are someone that you are going to be glorified”- asking glorification for itself, ego, never asking glorifying for its Creator, for Allah Almighty. (The ego is) never declaring that every glorifying and praising and thanks (is due) only for Him Almighty, (but it is always) asking a share from that (glorifying) to say (about itself): “I am this one... (I am) that one... I am someone that no one can reach to my level for praying... No one can be like me an Imam... No one can be a perfect one for advising people... I am such a one!”

And through that way (the ego is) asking through glorifying to be for him a share. It makes him happy to look to himself and to say (that): “I am someone! No one can reach to me as I am praying, as I am making Dhikr, as I am knowing, as I am doing...” This (ego is) taking everything (and using it) to be for himself.

That is Kufr, that is partnership that Allah Almighty never likes! Therefore He is ordering to His servants, whom they are asking to come to His divinely Presence, to say: “La ilaha ill-Allah”, and your ego (is) saying, “No, you must not say this! You must say: La ilaha illa ana (Arabic, meaning: me), illa ana, illa ana...”. Instead to say: “La ilaha ill-Allah, ill-Allah, ill-Allah...”, asking to say: “La ilaha illa ana, illa ana, illa ana”, asking a share from everything, from every movement (it is) asking to take a share. When you are giving a share to it, (you are) making that one a partner for your Lord Allah Almighty, because every glory and praising, ever-ending glorifying, praising and thanks (is) only for Him, Allah Almighty!

May Allah give us an understanding to know (the) secret tricks of Shaitan and our ego, (that are) asking to put us in a big cage. Beware from your ego! Don't say: "I am this, I am that." When you are saying: "La ilaha illa ana", you are not on His service, you are working for Shaitan and your ego!

May Allah forgive us and give us that good feelings (inspirations) that we may know for whom we have been ordered to be servants. For the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

## The Ego Loves Dirtiness

(Mawlana stands.)

As-salamu `alaykum! By the name of Allah Almighty, Most Merciful, Most Beneficent, Most Munificent! May Allah grant you from His endless blessings to be His honored servants. All of us are servants who are living on Earth; if they are accepting or not, they are the Lord's servants.We are saying a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. Yaa Rabbana lakal hamd! May Allah grants us for the honor of the most beloved one in His Divinely Presence, Sayyidina Muhammad (s) (Mawlana sits.)

[ ...video cut...] Dhul Qa'adah that it has special honor for the Ummah, as Allah Almighty honoring months Dhul Qa`dah ... Muharram and also Rajab ... and all of us are servants. Some people they are accepting their servanthood, but most people they are not thinking on it. They are thinking that they are something. The Lord of Servanthood going to be a heaviness on their shoulders and it is opposite to be our Lord's servants. (There is) no any other high honor or glory for Mankind. But people now they are drunk. When a person going to be drunk, that level going to be under the level of animals. Animals are knowing they have been created for Mankind by the Lord of Heavens-- they know it! But mostly now on Earth they are never thinking, or they are thinking but not accepting to be servants of the Lord of Heavens.

Whoever is accepting they have been given honor, and whom they are not accepting, no honor for them; they are losing servanthood. Over everything, Lordship is only for Allah, for the Creator. Everything that is in existence, He is creating and giving them some work or something to do. Nothing is created without a meaning, without a responsibility, or without a wisdom. Nothing created. Every creature they are knowing this, only Man that they are drunk now, they are so proud and not accepting. Accepting or not, if they are accepting they are reaching an honor, if not accepting they are losing their honors and no value for them in the Divinely Presence.

Allah Almighty making a Preserved Tablet, Lawhi 'l-Mahfoozh. Written on it everything about this world and who is on it, what they are going to do or what they must do, and sending Man to be His deputies on this planet. Don't think Allah Almighty has only one dunya, one planet. Through His dominions there are countless creations. Creation is running, running and not stopping. He is Creator from pre-Eternal up to Eternal. No one is knowing what is pre-Eternal and no one knowing what is Eternal. And written this is only one spot through His endless territories. He is looking after His Creation, but He is looking is so high, can't carry His looking anything, only His deputy representing Him Almighty. That is knowledge reaching to whole prophets, messengers and their inheritors; no common people may understand. Whom they are running through sewage channels are not understanding, and people now mostly are running through sewage channels. Their lives are dirty. Dirty! But Shaytan making them believe that your their is the high life! Because our egos are dirty and it is in such a position that it likes only dirtiness. Inna 'n-nafsa la-ammaaratan bi 's-soow. Everything that it is doing is dirty, therefore our egos asking dirtiness.

Now look at people, where are they living, what are their levels? They are saying "this is high life," or they are saying they are most civilized people. What you will find when you are making a research is that their lives are through dirtiest channels. And they are like big rats that they are enjoying through sewage channels. If you are saying, "Come out," they are not coming. If you are coming outside our atmosphere is best one; come and clean yourself. We are only looking at our lives....that is the only common check up that I can do, that is for me to make a research and give my report to heavens then coming on them something!

Dirtiness is not an honor for honored deputies of the Lord of Heavens. A`oodhu billah! We are asking not to fall on same sewage channels. You can't take them out. Now from east to west or north to south, they are insisting to be in that dirty sewage channels. Therefore, we are asking democracy, for that reason they are

fighting to each other. Some of them are saying they are in small lake and you are in big oceans for what? Give our rights also, more dirtiness from your sewage channels comes on us a little bit more. (Mawlana laughs.) They are happy.

Therefore, the Prophet was saying, "O our Lord, don't leave beings to follow the ways of dirtiness sewage channels; keep us." One second you may fall in it, then falling in it you can't be able to save yourself. O People! Look where you are living 24 hours where you are living, a clean life or dirty life? Your Lord should punish you! And I am running to my Lord not to be of those people. May Allah forgive us and send us someone that can cut sewage channels from up, not to come through those channels. First going to be dried that channels, then they are asking, "Where?" and not finding, then they are asking to get out. As long as that sewage channels running, they are not getting out! Therefore, now we are looking that you can't find anyone that never touched from that dirtiness. If a heavy raining coming as much as we can carry an umbrella, but if something coming on you.... Shaytan making so many channels for men and for women. I am the weakest servant. In my old age, I have been appointed to address to people from east to west and I am running from my ego's dirtiness.

O People! We are calling you to a clean life. Accept it! It is good for you; if you are not accepting, not coming only pig flu but may come elephant flu also! What we shall do? (Laughter) May come chimpanzee flu! I hope to come dog's flu! I shall pray two rakats if coming that dog's flu because they are putting dogs (to their face). Man is now becoming slaves or servants to dogs--what is that? That is their top point of their civilization? Everyone after himself carrying small one, big one, black one, red one, green one...some people saying, "I am painting my dog to be seen green dog." And I am asking from my Lord, "O my Lord send to those people who they are going to be servants of dogs, send to them dog's flu! Ohhhh, I shall slaughter seven bulls (as qurban). (Laughter) They should be very angry! Eh angry-mangry, I am making du'a, "O Lord, send to those people who going to be servants to dogs, but not accepting to be Your servants, dog flu to come!" Pigs dirty.....but dogs dirty also. Tawbah, astagfirullah!

O People! Leave dirty life and dirty principles for your civilization. Come and accept to be clean servants for your Creator. If not, so many things coming that every injection, if dog's flu coming, no any injection to save people. No, only they should say, "We must kill dogs or we can't be able to stop this." Our ancestors, Allah blessing them, they were sending such a dogs into an island and they are living there, they are happy and

passing away. But now sometimes government shooting them. It is not true. No, take them a far distance and leave them there. They may be happy there hunting with other creatures.

O People! There are two kinds of servants: good servants and bad servants. Try to be written your name on the list of good servants, don't leave to be written your name under bad servants table. May Allah forgive us.

(Mawlana Shaykh sings.)

Dome dome dome dome 4x

Fatihah.

Music for you. (Mawlana smiles.) As-salamu `alaykum!

## The Ego Never Likes to Be Ruled

First Jumu`ah of Ramadan

Dastoor, yaa Sayyiddee. (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Alfu salaat, alfu salaam `alaa Sayyidi 'l-awwaleen wa 'l-akhireen habeebi Rabbi 'l-`alameen, Sayyidina Muhammadin wa `ala aalihi wa sahbihi ajma`een. Shafa`at, yaa Rasoolullah! Yaa `ibaadAllah as-Saaliheen! Yaa awliyaullah! Yaa RijaalAllah! Amidoona bi madadikum bi jaahi Nabiyyik al-kareem bi hurmati 'l-Fatihah. (Mawlana Shaykh sits)

As-salaamu `alaykum our humble attenders. You are humble; you are sitting, listening and hearing, and you like to be obedient servants. However, most people are not humble, they think that they are something and they are nothing! And we are saying, by the name of Allah Almighty, All Merciful, Most Beneficent and Most Munificent. Allahu Akbar al-Akbar!

O People! It is a humble association. It is a very small group here and some of them may look at such foolish machines, listening to the machines and not listening to me. I am more perfect than this but they are listening to such instruments of technology. I am from heavenly people. All of us are coming from Heavens, sent from Heavens and then kicked down. First we were disobedient.

Allah Jala wa `alaa is asking, "O My Servants! Do you accept that I created you and granted you such honor that no one can grant you such honor? I am making you My deputies on Earth." You can't measure this honor Allah Almighty gave us, but people are leaving it and running after nonsense things in dunya, and He is calling us, "O My Servants! Be obedient servants, not disobedient ones. I don't like disobediency, I like obedient ones."

Look throughout the east and west. Now we are living in the 21st century according to the western calendar, but its beginning is when our grandfather Adam (a) was sent 7000 years ago. If you say this, they say, "How do you know it has been seven thousand years that Man was here?" In nature museums they bring so many bones and write, "This is a giant dinosaur." Who told them they are dinosaurs? They get so angry but their heads are so small! They are not thinking and quickly forget.

Therefore, if anyone writes on those bones, "That is a huge dinosaur," that dinosaur may eat them!

They never know what is written on it but people say it is one million years old! You don't know calculation? Are you saying that bones may be in existence for one million years? They say, "Yes, it is okay, write it. We are fighting everything that belongs to people's beliefs and do not follow heavenly addressing, and we never pay any attention to heavenly inspirations!"

So many prophets said, "O People! You were created in Paradise as the first man and the first lady." Therefore, first ladies are always angry, saying, "Why are we the 'first lady'? What are our husbands' positions? They must be second creatures under their first ladies' command. Change all books and say that the queen of this world and its first lady is okay. It is never written in any book that we are 'first ladies,' holy books write that Adam was the first man and deputy, but what about us?" Shaytan is coming to ladies at that point, saying, "All of you are first ladies! Don't believe that on Earth there is only one; in every country there must be a first lady. No, you must try to make your husbands your servants and oblige them to say, 'O my first lady! I am your servant.'"

My English is like Shakespeare's; you must understand what I am saying! Therefore, the first man was Adam and the first lady was Eve, and they were ordered to be obedient servants. Allah Almighty said, "As long as you are obedient servants, I am dressing you with most honored dressings that I granted only to Mankind, to

be My deputies."

That is written in the Old Testament, the New Testament, the Psalms, and in the Holy Qur'an. It is clear, but people do not understand; they are running after shaytanic ideas that can't stand up. Therefore, “downstairs” they are making it a little bit wider so that it can stand. Now Shaytan is bringing such ideas that have no base to sit on and no legs to stand on. Also, philosophers are bringing such astonishing ideas that even they are not believing, and sometimes, particularly at night, they are looking and laughing at their ideas, saying, "Mankind has no mind and therefore we may say anything and they will follow us.”

Therefore, 21st century people are foolish, no-mind ones, never thinking; they are drunk people who lost the honor of being deputies of the Lord of Heavens to Creation. Therefore, every trouble is coming on Mankind for the sake of Shaytan, whose officers declare something in the morning and by the evening the declaration is changed: sometimes the head becomes the feet and sometimes the feet become the head! That is the trouble on Earth now, nothing else. People have forgotten that the Lord Who created all things is only One! He is the Creator, sending us His holy orders and we are disregarding those orders, bringing philosphers' and shaytanic ideas that are never accepted by clever or thinking ones, only drunk ones may accept, so that now all troubles on Earth are the result of shaytanic ideas.

Some of them say, "We must be free everywhere and we are not accepting rulers." Now people are running in the streets, saying, "We don't like that leader." If they ask for another one, (a similar one will come in his place) and then people will say, "This one is no good also, we must look for another one and another one."

They are confused. The reason for troubles on everywhere, not only in countries but also in every home, is because Man is never going to be an obedient one. Wives are disobedient, children are disobedient, there is no discipline in the smallest part of the community, and that is making troubles increase. There is no one commander or ruler of a house; the wife is saying, "No, I am also the ruler," and troubles are coming between men and women. Then children are saying, "We are not listening to you, we must be free to do everything and you must be our servants."

The main point is, people are never happy to have a ruler. They say, "This is the century of freedom and everyone must do as he likes!" With such thinking, how can can there be peace and love between members of a home, society or country, and how can there be respect for each other? If respect is finished there will be no

more rest or good understanding, and never-ending discussions and arguments between family members will be frequent. The same bad characteristics run through thousands, ten-thousand, a hundred thousand, millions, even ten-million homes, and people will not accept authority as they are saying, "I am the ruler!"

Allah (swt) (Mawlana Shaykh stands and sits) created our Creation with the nafs, ego, which comes against the soul. Souls belong to Heavens and our physical being belongs to Earth. Therefore, between them is never-ending fighting, quarrelling, discussing and arguments, because Allah Almighty created our ego with a personality, and said to it, "Come to Me!" and that ego went back. The Lord of Heavens said, "Go back," and it came forward. Then the Lord of Heavens asked, "Who am I and who are you?" The ego's answer was, "You are You and I am I." That is our egoistic personality! Therefore, the Lord of Heavens sent some people to teach others how they can make their egos under their authority, under their commands; otherwise we are finished!

Now people are under full control of their egos, what their egos ask of them they follow and beyond that, if there is anything heavenly or earthly, they are never accepting. Prophet (s) said:

••••• ••• •••• •• •••

wa innamaa li kulli imrin maa nawaa. The amount of reward is commensurate with the intention. (Bukhari)

Everyone will reach according to what he does: if he is doing goodness, he will reach goodness forever, and if he is running after badness and shaytanic ideas, then he is going to reach that shaytanic power that will take him up like a hurricane and then leave him to fall. Now all people are under that terrible situation. As long as they are not saying, "O our Lord! You are our Lord and we are Your weak servants," there is no hope for people here or Hereafter to reach a happy and sweet life here or an eternal life in Paradise! May Allah forgive us. It is enough.

Fatihah.

They might make me speak up to the end of Ramadan, but I am tired and so is the doctor. Alhamdulillah, he is a first class doctor, the doctor of Her Majesty, the Queen’s family. We are proud that such a person is coming from our country of Cyprus and that Her Majesty, the Queen, and the royal family are not trusting their pulse to anyone except him!

Doctor: It is because of your prayers.

Astaghfirullah. So many of you weren't born when I was with the doctor, even though he is only five years older than me, it doesn’t matter. (Laughter) I am happy he came unexpectedly. Mashaa-Allah, the doctor is a Cypriot and a very humble one, yes sir.

Doctor: It is because of your teachings.

Astaghfirullah. May Allah give him much more authority, power and also heavenly power in his heart that when he looks, he may distinguish between a clever one like me and a foolish one like that! (Laughter) I am very happy. Allah razi olsun, doctor.

Doctor: You are very lucky to have him as your teacher here. He is the best teacher in the world. He is the best preacher and teacher I ever met. He is not only a hodja, but also a university graduate. I have met many hodjas that are only hodjas, but he is a hodja and is educated as a chemical engineer. You are very lucky to have him.

But I do not know how to drive!

Doctor: The whole world is after him!

Audience sings:

We love you, we love you, we love you so much.
We love you, what else can we say?

Shaykh Nazim!
We love you, we love you,
we love you so much.
We love you, don’t throw us away.
Shaykh Nazim!

He was asking for a person from a mental house and I showed him that we have Ahmed. (Laughter) May

Allah give you happy days. This is the first Jumu'ah of Ramadan and we are happy. Alhamdulillah. Yaa Rabbee, shukr.

# DIE EHRE DER MENSCHHEIT

Der wichtigste Punkt für alle Geschöpfe ist die Ehre für die Menschen Allahs Kaliphas zu sein. "Wa lagad karramna bani Adam." - "Und wir haben die Kinder Adams geehrt." Allah liebt es, der Menschheit immer mehr Ehre zu geben. Er mag es nicht, wenn die Menschheit nicht geehrt wird. Er möchte sie immer auf einer ehrenvollen Stufe sehen. Das heißt für jeden, zuerst sich selbst anzuschauen. Er muß wissen und sehen, wo er steht. Ob er sich für ehrenvoll hält oder nicht, denn unsere Egos holen uns immer von den ehrenvollen auf unehrenvolle Ebenen herunter. Deshalb müssen wir auf uns selbst achtgeben, daß wir unsere ehrenvolle Position behalten. Der Imam Azam Abu Hanifa sagte über das Prophetenwort 'Zu lernen ist Pflicht für jeden Gläubigen, ob Mann oder Frau': "Afdal ul Ilm Ilm ul Hal" und "Afdal ul Amal Hifz ul Hal." "Das beste Wissen ist das Wissen über sich selbst", und "das beste Handeln ist es, den guten Zustand zu bewahren." Die allerwenigsten Leute wissen etwas über sich selbst. Keiner kann durch Nachdenken etwas über sich selbst herausfinden, außer wenn ihm vom reinen Wissen der Offenbarungen Allahs des Allmächtigen an die Propheten gegeben wird. Aber die Narren nehmen das Wissen von Allah jetzt nicht mehr an. Sie wollen alles mit Versuchen herausfinden. Durch Nachdenken kamen sie darauf, daß sie vom Affen abstammen, und daß nach dem Tod nichts ist. Ein Tier mit 50-70 kg Fleisch und Knochen. Ein Tier, das sprechen kann. Das ist alles, was die Gelehrten des 20.Jahrhunderts über die Menschheit sagen können. Tiere ohne Ehre. Das beste und wichtigste Wissen ist das, was du über dich selbst weißt. Du weißt, wofür dieses Glas, diese Flasche,

dieses Fell dient. Sie haben alle einen Zweck im Leben. Was ist mit dir? Du siehst den Mond, die Sterne, was ist mit den Menschen auf dem Planenten Erde? Nichts? Alle anderen Dinge haben einen Zweck und die Menschen nicht? Welche Dummheit! Alles, was wir kennen, hat einen Zweck und einen Nutzen. Doch auf sich selbst schauen die Menschen nicht. "Wer bist du?" - Das ist das beste Wissen. Das sollte man zuerst wissen. Sie wissen über alles um sich herum Bescheid, aber sich selbst kennen sie nicht. Wozu nützt ihnen dann dieses Wissen? Wozu dieser Kampf und diese Anstrengungen, wenn es mit dem Tod null und nichtig sein wird? Das macht das Leben dem Leben im Dschungel gleich. Wozu gibt es Magister und Doktoren? Lernt euch selbst kennen, ihr Menschen! Die Menschheit muß über sich selbst Bescheid wissen. Das ist Pflicht für jeden. Das erste, was einem Kind beigebracht werden muß, ist das Wissen über sich selbst: "Ilm ul Hal." Die Kleinen müssen alles über die Ehre der Menschheit lernen. Sie müssen wissen, daß sie geehrt sind. Lehrt eure Kinder, daß sie geehrt sind wie die Kinder eines Königs. Wenn sie über sich selbst Bescheid wissen, wird ihnen gesagt: "Ihr seid von der königlichen Familie." Man nennt sie Prinzen und Prinzessinnen. Oh Menschheit, ihr seid alle königlich! Warum wißt ihr nicht, daß ihr königlich seid?! Alle müssen zuerst wissen, daß sie zur königlichen Familie gehören. Sie sind Stellvertreter, göttlich autorisierte Personen. Wenn sie das lernen, daß sie Prinzen und Prinzessinnen sind, wird verhindert, daß sie wie gewöhnliche Leute unehrenvolle Dinge tun. Menschen, ihr müßt wissen, daß ihr zur königlichen Familie gehört! Alle Leute sind von der königlichen Familie Allahs. Ilm ul hal. Die beste Handlung, den Zustand zu halten, bedeutet, immer auf der ehrenvollen Ebene zu sein und nicht auf die unehrenhaften Stufen hernieder zu fallen. Safal heißt niedrig. Asfalu safilien sind die Untersten der Unteren. Die Botschaft aller Propheten war, die Menschheit vom tiefsten Punkt zum dem Stand höchster Ehre zu erheben, wo sie zuvor war. So wie euch befohlen wurde, jenen Zustand zu halten, so müßt ihr jeden ehren, wie Allah ihn geehrt hat. Alle Ebenen von Menschen gehören zur Menschheit, den Kindern Adams. Alle haben die gleiche Ehre, Allah macht keine Ausnahme. Alle Menschen sind geehrt. Ohne sie zu beantragen, wurde diese Ehre uns gegeben. Wußte er nicht, daß die Menschen ungehorsam sein würden? Er wußte es, und doch gab er ihnen allen diese Ehre. Keiner kann fragen: Warum? Der Teufel fragte: Warum?, und wurde aus der göttlichen Gegenwart verstoßen. Gott erwartet von uns, jeden zu ehren. Es ist so einfach, hätten die Leute keinen Verstand, die Welt wäre ein Paradies. Doch so versucht jeder, den anderen unterzukriegen. Möge Gott uns verzeihen.

## Die Ehre der Menschheit 2

Wenn es auf diesem Planeten keine Menschen gäbe, hätte er nicht den geringsten Wert. „Sharaf ul makân bil makîn.“ Die Ehre eines Platzes ist entsprechend dem, der dort lebt. Dieser Planet ist ausgezeichnet dadurch, daß er das Land der Stellvertreter Allâhs ist. Wenn alle Tiere getötet würden, würde sich kaum einer darum kümmern, doch wenn bei einem Unfall ein Mensch getötet wird, nehmen alle Regierungen Anteil und fragen: „Was ist passiert?“ Ein Mensch ist wertvoller als alle anderen Kreaturen auf diesem Planeten. Denn es ist der Mensch, der diesem Planeten seine Ehre verleiht.

Das sagen wir, damit die Menschen ihren Wert und ihre Ehre erkennen. Wenn der Mensch seine Ehre und die Ehre der anderen kennt, wird er Sorge dafür tragen, sowohl seine eigene als auch die der anderen zu bewahren. Wir leben jetzt am Ende des 20. Jahrhunderts, und die Leute behaupten, dieses Jahrhundert wäre das Jahrhundert der höchsten Zivilisation. Doch nichts als Lügner sind sie! Sie betrügen nur die Menschheit und sagen nicht die Wahrheit, nämlich daß es das schlimmste Jahrhundert von allen ist. Alle Werte, die die Menschheit bewahrte, sind verlorengegangen und wurden zu den billigsten Dingen, wertlos, und die Menschen wissen nichts mehr über sich selbst. Die Unwissenheit über den wahren Wert und die Ehre eines Menschen hat seinen Wert auf den einer 10-Pfennig-Bleikugel oder etwas noch geringeres heruntergebracht. Das ist das Verständnis der neuen Generation. Der Wert von Tausenden von Menschen ist der einer Bombe, und das ist der Grund für die grenzenlose Gewalt und tiefste Ignoranz in unseren Tagen. Die gesamte

Technologie ist nur darauf ausgerichtet, wie man möglichst viele Menschen auf einmal töten kann. Wie man viel mehr als früher zerstören kann.
Großsheikh hat über vierzig Jahre lang immer über die Ehre der Menschheit gesprochen. Ein Mensch ist viele Male wertvoller als diese gesamte Welt. Die Ehre kommt zu ihr nur durch die Anwesenheit von Anwärtern auf das Stellvertretertum Allâhs auf ihr. Physisch gesehen sind wir winzig klein, im riesigen Universum sind wir nicht viel größer als Atome. Und doch werden wir versuchen, den Verstand der Menschen zu ändern, indem wir ihre spirituellen Kräfte ansprechen. Wenn wir unentwegt nur mit unserem physischen Dasein beschäftigt sind, geht uns die Verbindung zu unserer wirklichen Existenz, unserem spirituellen Wesen, dabei verloren. Diese spirituelle Existenz ist selbst unveränderlich, sie wird nie verlorengehen oder verschwinden. Unsere Seelen existieren, seit Allâh existiert, unsere Seelen und die Seelen unserer Seelen, und die Seelen der Seelen unserer Seelen, die zu den Meeren der göttlichen Allma cht gehören. Sie kamen von dort und sind jetzt mit uns, doch sie hören nie auf zu existieren. Unser physischer Körper gerät schon nach kurzer Zeit aus dem Gleichgewicht.
Er hört mit fünfzig oder sechzig oder achtzig oder neunzig auf zu funktionieren. Der Körper kann uns nicht länger tragen, doch unsere Seelen hören nie auf zu funktionieren. Mag ein Stück Blech auch einige Jahre unter der Erde überdauern, so löst es sich dann in Staub auf, doch Gold löst sich niemals in Staub auf. Gold bleibt golden. Es verändert sich nie, verliert nie seine Eigenschaft, Blech verfällt, und ebenso unsere Körper nach einer Weile, doch unsere Seelen sind aus Gold, sie zerfallen niemals zu Staub. Sie haben eine Verbindung zu den Meeren der Einheit des Herrn, sie schwimmen in endlosen göttlichen Meeren, und wer dort schwimmt, wird niemals „außer Betrieb“ genommen. Versucht es; alle Heiligen und Propheten sind niemals „außer Betrieb“ genommen worden, sie werden am Tag der Wiederauferstehung mit demselben Leib auferstehen, mit dem sie ihr irdisches Leben gelebt haben. Sucht nach euren Seelen, versucht, mehr und mehr Kraft zu erlangen durch eure Seelen. Solange ihr mehr Kraft durch die Seelen bekommt, ist dieser Körper wie tot und in eurer Gewalt. Versucht, diesen Zustand zu erreichen, um hier und im nächsten Leben in Sicherheit zu sein. Die Leute in unserem Jahrhundert kümmern sich fast ausschließlich um ihre physischen Dinge. Sooft ihr eine Gelegenheit findet, eurer spirituelles Leben zu stärken, versucht es.

## Die noblen Eigenschaften unseres geehrten Propheten und sein erhabener Charakter

Welches sind seine Eigenschaften? Ihm zu eigen sind Freigie-bigkeit und Großzügigkeit. Unser Prophet -sall ´allahu alayhi wa sallam- wird als sehr großzügig und freigiebig beschrieben. Er war so großzügig wie der Wind, wenn er weht. Er hat nichts zurückgehalten. Von wessen Ummah sind die Leute heutzutage? Unverschämt sind sie. Sie haben die Eigenschaften von Qarun. Sie wollen immer nur sparen, sparen, sparen. Und was hast du erreicht durch das Sparen? Möge Allah uns vergeben. Die Eigenschaf-ten unseres Propheten -sall ´allahu alayhi wa sallam- waren Großzügigkeit und Freigiebigkeit. Er wurde nicht müde zu geben. Er war ein Prophet, den es mit Glück erfüllte, wenn er etwas geben konnte. Und Großzügigkeit ist eine Eigenschaft Allahs. Er sagt: Seid großzügig. Haltet nichts zurück. Wegen dieser Unverschämt-heit regnet es Feuer auf Gaddafis Kopf. In Damaskus werden sie angegriffen. Die kriegen den Hals nicht voll. Die im Jemen gaben dem Volk auch nichts. Das Volk litt unter Armut und die haben Reichtümer angehäuft. Sie sagen: „Genug! Wir wol-len auch etwas. Ihr habt eure Schätze angehäuft, eure Bank-konten gefüllt und wir leiden unter Armut. Warum bringt ihr alles zur Bank und gebt uns nichts? Ihr seht, dass wir arm sind. Unser Leben ist kümmerlich. Wir besitzen nicht viel und ha-ben wenig zu essen. Warum gebt ihr uns nichts sondern depo-niert alles im Ausland auf den Banken. Seid ihr nicht von der Ummah des Propheten -sall ´allahu alayhi wa sallam-? Er liebte es, von sich etwas zu geben und wenn er etwas gab, war unser Prophet -sall ´allahu alayhi wa sallam- großzügig. Würden sie dem Beispiel unseres Propheten -sall ´allahu alayhi wa sallam- folgen, wäre die ganze Welt wie ein Rosen-

garten. Aber Einer taucht auf und beansprucht alles für sich. Wenn du kleinen Kindern Spielzeug schenkst und ihnen dann sagst, sie sollen es mit anderen Kindern teilen, wollen sie alles für sich behalten. Diese Leute sind wie Kinder. Hört auf damit und werdet erwachsen! Wer ist ein Mann? Derjenige, der großzügig ist, der anderen Erleichterung verschafft. Derjenige der anderen auf die Beine hilft, ist ein Mann, nicht derjenige, der

sie tötet, der ihnen nach dem Leben trachtet, der sie zu Bettlern macht. Du sollst anderen abgeben von dem, was Allah dir gewährt hat. Die Leute sind doch keine Zigeuner. Gib! Gib! Scheikh Efendi rezi-tiert eine Ayat auf Arabisch. Die Araber sollen es verstehen! Oh ihr Menschen. Bevor ihr sagt, „ich habe nichts“, gebt etwas! Sag nicht: „Ich habe nichts“. Sag nicht: „Ich habe nichts mehr“. Sag nicht: „Geh weg“. Hab keine Angst. Allah ist der Besitzer der Himmel. Er wird dich nicht arm machen, weil du etwas gegeben hast. Aber die Leute haben keinen Glauben mehr. Sie sind alle ohne Glauben und hören auf Schaitan anstatt auf Allah zu hören. Früher waren die Leute großzügig. Sie haben etwas gegeben. Und an ihrer Stelle sind jetzt die Bären aus den Bergen, wild wie die Tiere. Wirfst du ihnen etwas hin und näherst dich dann, holen sie mit der Pranke nach dir aus. „Das soll alles für mich sein“, sagt er. Sei ein Mensch. Versuch perfekt zu sein. Das Volk soll es akzeptieren. Vor deinem Schöpfer soll dein Gesicht erhellt sein. Schade um sie. Er soll es wissen. Ein anderer hat gesagt: „Wer es nicht weiß, soll fragen“. Lehre das Volk! Bilde die Menschen aus. Die Republik ist so und so, die Demokratie ist so und so, die Führung ist so und so. Was soll das? Sie haben das ganze Volk betrogen, 90 Millionen Menschen. Ihnen ist nichts geblieben. Fünf oder zehn Leute haben alles einkassiert und die anderen gehen leer aus. In Zypern ist es so, in der Türkei ist es so, in den arabischen Ländern ist es auch so. „Portugal ist bankrott“. Wieso sollte Portugal bankrott ein? Papier ist doch angeblich Geld. Druckt es und gebt es ihnen! Falschgeld ist wie das, was die Regierung druckt. Sagt den Leu-ten: „Oh ihr Leute. Unser gedrucktes Geld ist aufgebraucht. Ihr könnt doch Geld drucken, dann kommen wir aus. Das ist sowieso beides Papier. Welchen Unterschied macht es? Das Geld welches wir drucken hat den Stempel der Regierung. Wir haben ja die Demokratie. Jeder ist frei. Deshalb kann jeder
Geld drucken. Das geht nicht. Die Leute würden sie fertig machen.
Sie würden bankrott gehen. Mit dem Papiergeld seid ihr
bankrott gegangen. Was machen sie, wenn die auch drucken?
„Wir drucken auch. Bisher habt ihr gedruckt, jetzt drucken
wir. Wir leben nämlich in einer Zeit der Freiheit. Wir sind frei.
Ihr konntet uns nicht regieren. Wir sind arbeitslos geworden,
haben kein Geld mehr. Wir wollen auch Geld drucken!
Hier geht es um Gleichheit. Freiheit, Gleichheit, Brüderlichkeit.
Ihr seid unsere Brüder und wir sind eure Brüder. Ihr
druckt. Wir drucken auch. Lasst uns unbegrenzt drucken, damit
wir so leben können wie wir es wollen. Keiner betrügt den

anderen. Dieses Geld habe ich gedruckt. Nimm! Das Geld, das
er nimmt ist sowieso nur Papier. Und der Gegenwert? Ach,
den gibt Allah. Denn wir haben Demokratie und Freiheit, eine
grenzenlose Freiheit. Da die Regierung kein Geld mehr hat,
werden wir auch Geld drukken.
Wir drucken. Wir werden
die ganze Welt mit Geld
füllen. Was soll schon passieren.
Unsere Angelegenheiten
sollen gut laufen.
Vor 100 Jahren gab es noch
kein Papiergeld. Jeder hatte
Gold, Silber und Kupfer. Ihr
habt das Papiergeld eingeführt
und gedruckt. Wir
werden auch Geld drucken“.
Aber die Leute sind betrunken
und können das nicht
sagen. „Wir haben die Demokratie
und deshalb können wir Geld drucken“. Freiheit,
Gleichheit, Brüderlichkeit haben sie gesagt und so das Osmanische
Reich gestürzt. Aber es ist eine Lüge. Diejenigen, welche
die Republik gegründet haben, zerstören sie auch wieder.
Papiergeld haben sie eingeführt. Wenn es so ist, dann seid ihr
am Ende. Jemand der Gold, Silber und Kupfer wieder einführt,
der soll euch regieren. Deshalb akzeptieren wir die Regierung
nicht. Denn jeder ist doch frei, Geld zu drucken. Jetzt gibt es
die Freiheit. Dom dom dom dom... Tanzt doch. Papiergeld!
Druckt es! Was die gemacht haben, macht ihr auch. Wir sind
auch frei. Ihr teilt es im Parlament unter euch auf. Jeder bekommt

eine Trillion.
Seid ihr etwa Tiere? Warum achten sie nicht auf die Menschenrechte?
Der Mensch ist ehrenvoll. Wer sich auf der Straße
herumtreibt ist ein Tier, hat keinen Verstand, kann nicht
Präsident werden, kann nicht der Anführer werden. Wir wollen
als Oberhaupt einen, der uns in jeder Notlage hilft. Wir
wollen einen Sultan. Bevor der Sultan kommt, wird es keine
Ordnung auf der Welt geben. Sie können sich ärgern, können
platzen. Zum Schluss wird es über ihren Köpfen zerplatzen.
Denn ihre Gesetze sind verlogen, ihre Angelegenheiten betrügerisch
und verlogen.
Unsere Vorfahren haben immer gesagt: „ Die Kerze des Lügners
brennt nur bis zum Nachtgebet“. Danach erlischt sie. Ihr
seid genau so. Die ganzen Regierungen sind so. Sie lügen, betrügen
und sind hinterhältig. Mit Betrügereien kann man
nichts ordnen. Frag nur,
dann wirst du es wissen.
Wenn er könnte, würde er
fragen. Wenn er nicht kann,
fragt er nicht. Hätte er gekonnt,
hätte er gefragt, sagt
man. „Sprich“. „Worüber
soll ich sprechen?“ „Ich
weiß es nicht“. Das ist alles,
was sie reden. Von früh bis
spät sehen sie in diesen Teufelskasten.
„Sprich doch, sag
etwas“. „Was soll ich denn
sagen“? So geht es die ganze
Zeit.

Man will die Leute irreführen. Du willst von dem Sessel auf dem du Platz genommen hast, nicht aufstehen. Aber du tust nichts solange du auf dem Sessel sitzt. Du pinkelst nur. Sie haben es gemacht, auf die Köpfe der Leute. Sie haben die Leute betrogen. Sie haben unser Sultanat gestürzt, das in der ganzen Welt geehrt war. Es gab keine Armen in diesen Ländern.
Jetzt sind alle arm. Die Leute werden wie Tiere behandelt. Sie konnten es nicht mehr flicken. Den kaputten Stoff kann man nicht mehr flicken. Das es so ist, werden sie lernen. Wenn sie es nicht lernen, wird es sie erwischen. Sie werden keine Ruhe haben, weder hier auf dieser Welt, noch im Grab. Die Engel werden ihnen Keulen auf den Kopf schlagen, bis zum Jüngsten Tag. Glaubt es, oder glaubt es nicht. Keiner kann aus seinem Grab fliehen! Fragt einmal wie es demjenigen geht, den ihr anbetet. Oh ihr Leute! Wisst ihr in welchem Zustand derjenige ist, den ihr anbetet und von dem ihr überall Statuen aufgestellt habt. Fragt ruhig. „Wie geht es dir“. Wir sind Menschen, Geschöpfe. Der Schöpfer ergreift ihn, verurteilt ihn, bestraft ihn.
Möge Allah uns nicht vom richtigen Weg abkommen lassen. Unser Prophet -sall ´allahu alayhi wa sallam- war großzügig und freigiebig. Lerne das! Sonst geschieht dir etwas. Aman Ya Rabbi Tauba. Warum lehren sie das nicht. „Es gibt doch Bücher in den Schulen. Die Republik ist die beste Regierungsform“.
Was ist denn daran so gut? Wem willst du das weismachen?
80 Millionen Menschen sollen kommen und bezeugen:
„Diese Republik ist die beste Regierungsform. Sie regiert uns sehr gut. Wir sind satt, haben Arbeit. Alle unsere Angelegenheiten sind gut“. Hat die Republik das geschafft? Sie fressen sich gegenseitig auf und sind alle Lügner. Allah wird sie richten

und wir sie wegschicken. Er lässt sie nicht da. Sie quälen
Allahs Diener. Allah wird sie strafen.
Sei kein Pharao. Der Pharao hat behauptet, ein Gott zu sein.
Ihr habt auch überall behauptet Gott zu sein. Jedem Pharao
hat Allah einen Musa geschickt. Es kommt immer ein Musa,
der dem Pharao Benehmen beibringt. Denk nicht, dass er
nicht kommen wird! Die Araber und die Türken und die Iraner
sollen nicht vergessen, dass ein Musa kommen wird! Vergiss
einmal Europa! Tauba Ya Rabbi, tauba astaghfirullah. Das
ist einhundert prozentig so. Das ist nichts ausgedachtes. Es ist
die Wahrheit. Aber sie lassen nicht zu, dass die Wahrheit gesprochen
wird. In dem Maß in dem sie das verhindern, wird
die Strafe sie treffen. Schau nach den Leuten! Unterdrücke sie
nicht! Schlag sie nicht. Das ist unverschämt. Es gibt auch so
eine Redensart. So haben sie es mit den Leuten gemacht. Sie
haben die Leute unverschämt gemacht. Dieses Volk war ehrenvoll.
Ihr müsst auf die Ehre achten. Wenn ihr das nicht tut,
schickt Allah euch einen Musa. Er soll euch allen Benehmen
beibringen.
Derjenige kommt morgen, vielleicht schon früher. Mit Wahlurnen,
Körben und Papiergeld klappt es nicht. Nein, nein! 90
Jahre lang waren sie an der Wahlurne. Präsidenten. „Dies mache
ich, jenes mache ich“. Was habt ihr denn schon gemacht,
das euch das Recht gibt zu den Leuten zu sagen, „folgt uns“!
Was habt ihr den Leuten Gutes getan in 90 Jahren? Wie habt
ihr sie erniedrigt, habt ihnen eins ausgewischt in Anatolien
und besonders den Muslimen!
Du bist Kurde. Ich bin Türke. Ich bin mehr als du! Ich bin
höher als du! Lasst das sein! Gebrauch deinen Verstand. Schau
auf Allahs Befehl, gemäß der Scharia.

Alles andere ist nichts wert! Oh Allah vergib uns!
Fatiha

# 80 Million Cannot Move One

(Translated from Turkish)

Allah Almighty said:

••••••••• ••• •• •••••••

fas'al bihi khabeera. Ask the expert (who knows). (al-Furqaan, 25:59)

You must ask an expert for everything. Do not do anything according to your own mind. These Egyptians, without consulting anyone, did as they like: they gathered in masses and ruined it. Everything has a way and a method.

There is a saying of the Prophet (s):

•• ••• ••••• ••• •••• •••• •• •••• •••• •••• •••• ••••••• •••••••

In amra `alaykum abdun habashiyyun majda`a maa aqaama feekum kitaab Allah arqaa'akum arqaa'akum. If an Abyssinian slave is appointed over you and he conducts your affairs according to the Book of Allah, you should listen to him and obey (his orders). (Sahih Muslim)

Don’t come against him. Either they rule you properly or they don’t rule you properly. When they don’t rule you properly, Allah Almighty will change them for His servants. Then you need to ask forgiveness.

The population of Egypt is 80 million. Every one of them is following his own mentality. None of them is asking for Shari`ah. What does Shari`ah want you to do? They think, if they attend Jumu`ah prayers, it’ll be enough; if they go for hajj and `umra, it’ll be enough. Don’t think it is enough to only attend Jumu`ah prayers. We have to adjust our lives to Shari`ah. Asta'eedhu billah:

•••••••••• ••••••• •••• ••••••• •••••••

wattabi` sabeela man anaaba ilayya. and follow the path of those who turn towards Me. (Luqmaan 31:15)

In the Holy Qur’an, Allah Almighty says, “Follow the one who is submitting his will to My Service and who doesn’t have any other goal except My servanthood.” Amongst 80 million people, you can’t even find 80 who are following. Their women are following the latest fashion. Their youngsters are worse than them: they don’t care about what they’re dressing, what they’re eating, what they are doing--they don’t observe the Shari`ah. At that time, they are not on the straight path and a whip will come on their heads!

80 million people couldn’t take down one man from power. And that man is given courage: “Stay there and don’t be afraid; they can’t do anything.” 80 million Egyptians couldn’t defeat one man. It means, the will power of 80 million Egyptians is at a zero point. He is still ruling them. There are some powerful ones who make him to insist on his position. Either you will correct yourselves, or you will suffer. It is not easy to take one down and bring another one.

One day a Sultan was passing from somewhere. He looked and saw people digging the road. He stopped his horse and asked, “What’s happening? What are these people doing?” They replied, “Because of your oppression, they’re digging and looking for just Sultans who came before you. They’re working to find and bring them back.” The Sultan said, “Give me a shovel too” and started digging. They asked: “What are you doing?” He said, “I’m looking for the people (citizens) who came before you.”

The Prophet (s) said:

••• •••••• •••• •••••

Kamaa takoonu yuwalla `alaykum: As you are so will your leaders be. (al-Daylami)

However you are, such will your leaders appointed over you be. When you squeeze lemon, you get sour. When you squeeze sweet orange, you get sweet. You've become sour; you've left Shari`ah. They left the orders of Allah Almighty and they're living as they like. The people of Egypt cannot live as they like! If you live according to Allah's Will, Allah will let you live according to yours.

Allah Almighty says:

•••••• •••••••• ••• ••••••• ••••••• •••• ••••••••• ••••••

wa man `arada `an dhikree fa inna lahu ma`eeshatan dankaa. But whosoever turns away from My remembrance, verily, for him is a life of hardship. (Ta-Ha, 20:124)

"Those who forget Me, I will order a troublesome life for them." They're reading the Holy Qur'an, but there is none who understands and speaks about it anymore. Even if they spoke, no one would listen. Now they've come to their senses and took to the streets. What are you doing on the streets? First correct yourself, then Allah will correct your leaders. Since you are not correcting yourself and living according to Allah's Will, Allah Almighty will not make your rulers to be as you like. The government is a reflection of who you are. But who is listening? Men and women are out on the streets sleeping. Young people are fighting with each other. What is this; women sleeping on the streets? Why are you leaving your homes? Why are you leaving your family at home to the men?

Women! What is your business on the streets? They're on the streets, standing, screaming, sleeping! Is this the Shari`ah of Islam? Does Shari`ah accept this? No. Why are you out on the streets? And afterwards, you are sleeping on the street. It is not possible! If you go against Shari`ah, you'll get a slap from every direction. How long has it been going on for now? For 15 days, 80 million Muslims stood up and they cannot remove one man. If Allah is not removing, no one can remove. Allah doesn't work according to your likings. When you act according to Allah's Will, Allah will do what is best for you.

Turks are like that too. Damascus people are like that, Iraqis are like that, the Arabian Peninsula is like that. Chad, Tunis, Libya and Algeria; all are the same. Others, the Christian countries, we don't interfere with them. There will be a time, however, when He will interfere with them. Wa min Allahi 't-tawfeeq. Amaan yaa

Rabbee! Tawbah yaa Rabbee, tawbah astaghfirullah.

Fatihah.

There is a lady here who's a teacher. Was anything wrong in what I said, Miss Teacher? What we are saying is Shari`ah; no one can come against it. For 15 days they couldn't make him move one step. He is still saying, "I'm sitting here. Come and kick me out." If 80 million spit, they can drown that one man, but they cannot do it. It's astonishing. Amaan yaa Rabbee! Tawbah yaa Rabbee.

(Du`a)

Fatihah.

Isn't what we said Shari`ah? Will you adjust yourself to Shari`ah or will they adjust Shari`ah to you? If you struggle to make it adjust to you, then it means you've left Allah's Shari`ah and have fallen to Shaytan's way. This situation is everywhere. Tawbah, astaghfirullah.

# Einheit

Die Tiefen der menschlichen Seele sind unergründlich. Sie unterliegen nicht den Begrenzungen durch Raum und Zeit. Es ist daher ein Irrtum zu glauben, unser Dasein sei mit unserer kurzen Lebensdauer von fünfzig, siebzig oder achtzig Jahren identisch oder unsere Wirklichkeit beschränke sich auf diese Formen aus Fleisch und Knochen. Wer solch ein Dasein für das seine hält, leugnet damit eben die Wirklichkeit dieses Daseins. Denn diese ist ewig und wandellos.

Das einzige, was sich in unserem Leben ändert, ist unsere äußere Form. Sie wurde erschaffen aus Staub und Wasser, dann ließ sie Einer wachsen, uns stark werden, dann schrumpfen und sterben. Diese Form lebt für die ihr bestimmte Lebensdauer mit Hilfe von Luft, Wasser und fester Nahrung und verwandelt sich dann in Staub und Wasser zurück, derart zu ihrer ursprünglichen Gestalt zurückkehrend, wenn sie ihre Aufgabe erfüllt hat. Die Seele war für eine kurze Zeit nach dem Willen ihres Herrn an jene Form gebunden, und wenn diese zu ihrer ursprünglichen Gestalt zurückkehrt, kehrt auch die Seele zu ihrer Wirklichkeit in Gottes Gegenwart zurück.

Wenn daher Allah der Allmächtige die Namen Seiner heiligen Propheten im Koran erwähnt, meint er nicht Formen aus Lehm, die feste und flüssige Nahrung zu sich nahmen, sondern die wirklichen Formen dieser Propheten in der Gegenwart Gottes. Wenn wir also in unserem Glaubensbekenntnis mit der Einheit des

Allmächtigen Gottes auch das Prophetentum des Siegels der Propheten, Muhammads, Friede sei mit ihm, bekennen, dann meinen wir jenes ewige Sein im Reiche Gottes. Das Sein Muhammads, Friede sei mit ihm, in der Gegenwart Gottes ist ein Aspekt der Einheit: Alles ist in der Gegenwart Gottes ewig und wirklich, daher gehört sein Dasein zu jenem Bereich des absoluten Seins. Es gibt in diesem Bereich keine Teilung. Alles ist in Meere der Einheit getaucht, ist eins in der Wirklichkeit des Seins Gottes. Glaubt also nicht, daß der Koran, der ein ewiges Buch in der Gegenwart Gottes ist, sich auf die physische, zeitliche, Existenz der Propheten Muhammad, Abraham, Moses usw. auf Erden bezieht. Nein, er meint ihr himmlisches Sein in der Gegenwart Gottes in den Meeren der Einheit, der Absolutheit.

*Frage: "Das ist schwer zu verstehen, denn wenn wir sagen >Allah<, >Muhammad<, >Abraham<, so sind dies einzelne, verschiedene Wesen für uns. Unser Verstand hat diese Abteilungen: eine für Muhammad, eine für Abraham. Es ist schwer, die Einheit zu begreifen und dennoch diese voneinander geschiedenen Kategorien zu behalten. Der Verstand kann das nicht fassen."*

Scheich Nazim: Solchen göttlichen Wirklichkeiten kann man sich nur langsam und nur mit dem Herzen nähern. Wenn Sie sagen, "der Atlantische Ozean", dann beinhaltet das alles, was in diesem Ozean lebt, aber wir sagen dennoch nicht, daß der Atlantische Ozean diese und jene Fische und Schiffe ist. Wir nennen ihn nur den Atlantischen Ozean. Was immer durch Allahs Willen erscheint, widerspricht keineswegs seiner Einheit und ist auch nicht von ihr geschieden. Sehen Sie einmal in diesen Spiegel. Sind Sie das, darinnen, oder nicht?

*"Nein, ich bin hier."*

Wer ist das dann?

*"Es ist eine Spiegelung."*

Aber wer ist das, jemand anderes oder Sie?

*"Ich."*

Sehen Sie, er spricht sogar zu Ihnen!

Und wenn Sie einen Spiegel vor sich und einen hinter sich stellen, so daß sich beide gegenüberstehen, können Sie von dieser Seite und von jener eine endlose Reihe von Bildern von sich sehen. In derselben Weise ist die Einheit Allahs absolut und sind alle Formen Spiegelungen, mit den Propheten als den vollkommensten Spiegelungen.

Die Existenz eines ungeheuren Universums wie dem unseren mit so vielen Geschöpfen widerspricht in keiner Weise der Einheit Allahs oder tut ihr gar Abbruch. Und zugleich hat ein jedes Geschöpf seine eigene Persönlichkeit, weil Allah der Allmächtige endlos verschiedene Manifestationen seiner göttlichen Namen durch Seine Geschöpfe erscheinen läßt.

*Frage: "Erscheint Allah der Allmächtige auch in schlechten Menschen oder nur in guten?"*

Scheich Nazim: In den Augen Allahs des Allmächtigen sind alle Wesen Seine Geschöpfe. Er, der Allmächtige, schuf das Gute und das Böse, um Seine Diener zu prüfen. Durch gute Menschen erscheinen Seine göttlichen Attribute der Barmherzigkeit und Mildtätigkeit, und durch böse Menschen und Tyrannen erscheinen die Spiegelungen Seiner Attribute der Kraft, der Macht und der Vergeltung. Beide Arten von Menschen sind also Manifestationen. Allah der Alllmächtige hat endlose göttliche Namen, und jeder Name ist ein Spiegel, der Spiegelbilder in die Schöpfung wirft.

*Frage: Dann gibt es weder Gut noch Böse?*

Scheich Nazim: In den Augen Allahs mag dies so sein, aber Sie müssen wissen, daß Allah der Allmächtige uns befohlen hat, dem Guten und nicht dem Bösen zu folgen. Er unterwirft uns in dieser Hinsicht einer Prüfung, und zwar einer äußerst wichtigen Prüfung, die im Herzen unseres Daseins in dieser Welt und in diesen Formen liegt: als Seine Geschöpfe, die sich inmitten einer Welt finden, welche Er geschaffen hat. Dies, um unsere Fähigkeit zur Unterscheidung von Gut und Böse zu prüfen und damit wir dem Guten folgen, trotz der Anziehung durch das Böse, die er in uns stark gemacht hat. Als diese Geschöpfe ist es unsere Pflicht, den Unterschied zwischen Gut und Böse zu verdeutlichen und nicht, ihn zu verringern oder zu verwischen. Sofern wir zu dieser Welt gehören, besteht unser Wesen in der Unterscheidung. Aber der Schöpfer befindet sich nie in dieser Lage. Er ist über alle Begrenzungen erhaben.

Wir können dem Strom zur Quelle folgen. Folgen wir der Schöpfung, so finden wir, aus einer und derselben Quelle hervorsprudelnd, einen Strom süßen frischen Wassers und einen anderen mit salzigem und bitterem. Wenn Sie also einem beliebigen Ding zu seiner Quelle folgen, so werden Sie Allah finden; aber gleich vor der Quelle teilen sich die beiden Ströme. Das heißt, daß die Menschheit, und dazu gehören wir, egal, wer wir sind, und egal, was wir vollbringen, den Unterschied zwischen dem Süßen und dem Salzigen kennt.

Er ist der Schöpfer. Es liegt in Seiner Hand, Seine Diener zu prüfen. Er ist frei. Niemand befiehlt Ihm, und Er tut, was Er will, nach Seinem weisen Ratschluß. Er befiehlt uns, Gutes zu tun und Böses zu meiden.

*Frage: Aber viele Menschen, vor allem Ungläubige, fragen, >Warum schafft Allah das Böse, wenn Er doch so gut ist?<"*

Scheich Nazim: Sie täten besser, viel besser daran, solche Fragen nicht zu stellen! Satan fragte »Warum?« und wurde Satan. Wie können die schwachen Menschen dem Allmächtigen Herrn eine solche Frage stellen! Welch eine Frechheit. Hören sie nicht schnell auf, ihre Vorgesetzten, ihre Chefs »Warum? « zu fragen, wenn sie fürchten, ihren Arbeitsplatz zu verlieren? Sie akzeptieren bereitwillig das Diktat der Mächtigen dieser Welt, aus Furcht, sie zu verärgern, aber sie wagen es, den Herrn der Welten auszufragen! Es zeugt von sehr schlechten Manieren, seinen Herrn zu fragen: »Warum schufst Du das Böse?< Ja, dieses Leben ist voll von jeder Art Gutem und Bösem, an jeder Straßenecke wartet eine Chance, seine Zugehörigkeit zum Guten zu zeigen oder der Versuchung zum Opfer zu fallen. Jeden Tag gibt es viele Prüfungen. Er, der Allmächtige, sagte: »Ich werde meine Diener prüfen. « - Das ist alles. Ihr braucht nicht zu fragen, warum, denn Er hat es klar gesagt: um Seine Diener zu prüfen. Wenn ihr nicht Gut von Böse unterscheiden könnt, dann befindet ihr euch auf der Ebene der Tiere und seid nicht für eure Taten verantwortlich. Aber wenn ihr beansprucht, intelligent, klug oder feinsinnig zu sein, so müßt ihr wissen, daß ihr verantwortlich seid und daß letztlich ihr die Frage beantworten müßt:

»Warum tatest du das Böse? «

*Frage: "Viele Leute fragen, wenn Allah der Allmächtige alles, was in dieser Welt geschieht, vom Schöpfungstag bis zum Tag der Auferstehung, vorherbestimmt hat, wie können wir dann für unsere Taten verantwortlich sein?"*

Scheich Nazim: Frag denjenigen, der eine solche Frage stellt, ob er die Stufe erreicht hat, von der aus er dies sehen kann, oder nicht. Falls er behauptet, die Stufe erreicht zu haben, von der aus er alles als von Allah dem Allmächtigen ausgehend sieht, dann bring ihn bitte hierher, und wir machen eine kleine Prüfung. Ich werde ihm zuerst ins Gesicht schlagen, dann ihm mit meinem Stock auf den Kopf hauen. Wenn er nicht reagiert, nicht zornig wird, werde ich die Gültigkeit seiner Behauptung bestätigen: nämlich daß er auf dieser Stufe lebt und alles als von seinem Herrn ausgehend sieht. Reagiert er aber und wird zornig oder bewegt sich, um sich zu verteidigen, werde ich bestätigen, daß er ein Lügner und Taschenspieler ist.

Als ich vor Jahren mit unserem Großscheich einmal durch Damaskus ging, traf mich ein Fußball am Kopf und warf meinen Turban herunter. Ich wurde sehr wütend, drehte mich um und schimpfte den Übeltäter an: "Du elende Kröte!" Großscheich, der dies hörte, sagte: "Oh, Nazim Effendi, soeben hast du deinen Glauben verloren. Wie kannst du behaupten, alles komme von Allah dem Allmächtigen, wenn es dir so leichtfällt, jemanden wegen etwas, das dich am Kopf trifft, zu tadeln. Weißt du nicht, daß Allah der Erstgrund dieses Ereignisses ist? Warum wirst du dann von Zweitgründen geblendet? Als dieser Ball dich traf, warum schautest du dich da um, um zu sehen, wer ihn warf? Damit du mit ihm streiten könntest? Weißt du nicht, daß das von Allah kommt?"

Ich sprach sofort das Glaubensbekenntnis, um meinen Glauben zu erneuern.

Die Glaubensstufe, auf die sich unser Großscheich bezog, ist die Stufe der Propheten und Heiligen. Wir versuchen, diese Stufe zu erlangen, und wenn die Menschen sie erreichen, wird Friede auf Erden herrschen. Der Grund für alles Elend auf Erden, für all die Kriege und all das Leid liegt darin, daß die Menschen den Willen ihres Herrn hinter allen Ereignissen nicht mehr gewärtigen. Sie haben die Hand des Einen, der sie mit diesen Ereignissen prüft, aus den Augen verloren. Sie sehen Ereignisse nicht mehr als Prüfungen von ihrem Herrn. Daher bestehen sie keine dieser Prüfungen.

## Ya Tilki Ya Yilan - Either a Fox or a Snake

Shukur, Shukur to Allah Almighty that He (swt) accepted us to stand in His Divine Presence. The greatest honour for a person is Allah Almighty accepting that person in His Divine Presence. This is the greatest honour, there is not any honour other than this. We may say Bismillahi r-Rahmani r-Rahim. Ya Rabbi, qawwi da'fana fi ridak. May You strengthen our weakness, O Lord. We are Your weak servants. O Lord, may You not leave us in this weakness. May You grant us strength. May You grant us joy. May You make us have himmat so that with this himmat of ours we may do & keep Your honourable servanthood.

The greatest honour for mankind is service to Allah Almighty. What is the meaning of doing any service other than this? Let's say, a man has a donkey. He keeps feeding his donkey, or his horse all the time. He takes care of it very well-wakes up to take care of it in the morning, wipes it, washes it.. What is it? An animal. He takes great care of it. Ok, what about yourself- cleaning yourself? You take great care of cleaning your horse. How do you arrange yourself? Where is your cleanliness, your purification for He Who is your Master, Who is your Creator, Who is your Lord? The people of this time in their society, high society life in their invented language now, do not use water either for their bottoms or for their upper parts. We would call the people who have no purification/tahara "the ones with dingleberries".

What is the meaning of dingleberry? Now in this season there is grass everywhere. And after some more time passes barley, wheat will grow. Sheep & goats eat these with great joy. They like the greenery very much. They eat from this side & from the other side they can't hold their thing (poop). We would call them "sheep with dingleberries". Meaning they eat & from the other side

defecate at the same time. The animals don't know about tahara/ purification. How can they know? They would call them "sheep with dingleberries". And now people also, they eat & don't clean their bottom parts. They don't do tahara/cleaning. What does it mean? They become "people with dingleberries."

Cleanliness is the base of our religion. Tahara is the pillar of religion. A person who has no tahara has no value. If one dies without tahara, he dies being far away from his religion & faith. May Allah not make us from those with dingleberries. We should be clean. Ad-Dinu Nadhafa, religion is cleanliness. You should be clean, your life should be clean. You, yourself should be honest. Your work should be honest. You should not have fights & disputes. You should be organized, you should have tahara. You should be skillful. You should not be evil. A person who has no tahara is like sheep with dingleberries.

A person who has no "religion factor" in his life, with their expression, has no value. It means maziyyat/merit, right? It is something that honours man. What is it that gives man the most honour in dunya? Is it the abundance of his wealth? Is it the abundance of his money? Is it his occupation- is it that he has a great job? None of these can give man the real honour. Because all of these are temporary & do not belong to him. A person who can't arrange himself, who has no merit, is considered in the 4-legged class. Or he leaves with the dingleberry ones. Astonishing.

Ad-Dinu Nadhafa. Religion means cleanliness. You should be clean - in your work, in your doings, eating, drinking, in your talking & dealings; you should be true & clean. What is the order of religion for us? It says "Be clean. Be true ones". But no, there is no one who pays attention to cleanliness. Whole world have become people with dingleberries. If you say "be true", there is no true one left. Let us tell a story so that our sohbat becomes cheerful.

A fox was friends with a snake. They hung out together, went to places together. Finally they reached a river. The fox was going into the water to cross to the other side. The snake said: "O My friend, We came all the way here together but now, I can't enter into this water. I am scared". "What can we do then?" "The water will carry me away. You are a fox. You can move fast & cross it. But the water will carry me away". "Then what can we do? How can we go

together?" The snake said "I may hold on to you like this & we cross together, then we can separate & each one of us go on his way". Fox being the fox, said "Ok, no harm. We can do like this". Then they crossed the water like this. After they got out of the water, the fox said: "Ok, you may get off me now & we walk together again". "No, I can't come loose. It is not my habit. I can't let go of my victim. La budda. Not possible I will overcome you, you are my provision".

The fox said "Ok, what can we do?", like "inna Lillahi wa inna ilayhi rajiun". The fox faked a cry. It said: "I accompanied you all this way.." & started crying. The fox said "Let us say goodbye for one last time, let me see your beautiful face. Come & show me your face". And the snake is stupid. The other one is the fox! So the snake came out & stood like this right across its face. It said "Let me look" cut its head off. Then the snake started to come off like this. It started to come loose. When it came loose, the fox didn't leave it of course- made it all straight like this. Then it said "O my friend, being a true one is like this- you have to be all straight like this to be a decent one. This is how you can be a true one, now you are all straight. You wanted to cheat me & eat me but it didn't turn out like this. Now you have become all straight. So come loose now" & it made the snake loose & laid it like this. "Now you became decent, how good you turn out to be now". Kicking it also with its back feet, it left. "Being a true, decent one is like this".

These people also, fell into this situation- there is no true man left. Everybody wants to be foxy, tricky. For this they run away from religion because religion does not accept foxiness! Religion accepts lion-ness! It doesn't accept to be foxy ones. You should be a lion if you want to have religion. On the other path, all the unbelievers have some kind of foxiness. Being foxy brings no result. The fox is describing to be all straight. It says "The right path is like this, all straight". The people now have no other job than planning foxiness to each other. Everyone is a fox in some way. Hey walk straight, walk right! "We can't walk right. Shaykh Effendi, what is the time we live in now? In this century it is the high society life. We live what we want in this high society life. We will do all kinds of foxiness". Then they make you as a snake. And the fox eats you & lay you down all straight. This is your end.

Snake, fox- Everywhere is filled with men with fox attributes, with snake attributes. Therefore they don't want, they don't want the truth, the religion because does a man of foxiness want

religion? He doesn't. Or a man who bites, does he want religion? He doesn't. Therefore the people of the 21th century have become miserable- Some are foxes, some are snakes. Islam will come & the man, our humanity will rise. Otherwise this world is finished. They will fight, crush, finish each other. May Allah make us far apart from them. Keep your religion! Be honourable & you will find honour in dunya as well as in akhirah. Aman Ya Rabbi, tawba Astaghfirullah. Tawba Astaghfirullah. Fatiha.

Is this good? This is good. Is it not so? It gave the exact photocopy of today's people. Is that what they call it? It showed their exact identity. The situation of people who live in this time is exactly like this. May our day be khair. May goodness/khair come to us. May Allah Almighty not expel us from His servanthood. Ya Rabbi, You know. May You make our end turn to be good. May Allah protect us from wars, battles, earthquakes. May our day be good, may our homes be joyous. May our hearts be happy with faith, O Lord. May He (swt) grant all of us His way. may You send servants who will gather to Your way, O Allah.

---

Shukur, Shukur Allah dem Allmächtigen, daß Er (swt) uns angenommen hat, in Seiner Göttlichten Gegenwart zu stehen. Die größte Ehre für einen Menschen ist, daß Allah der Allmächtige ihn in Seiner Göttlichen Gegenwart anerkennt. Das ist die größte Ehre. Es gibt keine andere Ehre als das. Wir sagen: Bismillahi r-Rahmani r-Rahim. Ya Rabbi, Qawwi Da'fana fi Ridak. Mögest Du unsere Schwäche stärken, o Herr. Wir sind Deine schwachen Diener. O Herr, mögest Du uns nicht in dieser Schwäche lassen. Mögest Du uns Stärke gewähren. Mögest Du uns Freude gewähren. Mögest Du uns Himmat haben lassen, so daß wir mit dieser unserer Himmat Deine ehrenwerte Dienerschaft ausüben und bewahren. Die größte Ehre für die Menschheit ist der Dienst an Allah dem Allmächtigen. Was bedeutet es, irgendeinen anderen Dienst als diesen auszuüben?
Sagen wir mal, ein Mann hat einen Esel. Er füttert seinen Esel oder sein Pferd die ganze Zeit. Er sorgt sehr gut für ihn, wacht morgens auf, um sich um ihn zu kümmern, wischt ihn ab, wäscht

ihn.. Was ist das? Es ist ein Tier. Er kümmert sich sehr um ihn. Okay, was ist mit dir selbst, deiner eigenen Reinigung? Die trägst große Sorge um die Reinigung deines Pferdes. Wie pflegst du dich selbst? Wo ist deine Sauberkeit, deine Reinigung für Den, Der dein Meister ist, Der dein Schöpfer ist, Der dein Herr ist? Die Menschen dieser Zeit, in ihrem gesellschaftlichen, High Society Leben, in ihrer erfundenen Sprache jetzt, benutzen Wasser weder für ihre Unterteile, noch für ihre oberen Teile. Wir nannten die Menschen, die keine Reinheit, Tahara, hatten 'diejenigen mit Klabusterbeeren'. Was ist die Bedeutung von Klabusterbeeren? Nun, in dieser Jahreszeit gibt es überall Gras. Und wenn einige Zeit vergangen ist, wachsen Gerste und Weizen. Schafe und Ziegen fressen das mit großer Freude. Sie mögen das Grünzeug sehr. Sie fressen von dieser Seite und von der anderen Seite. Sie können ihr Ding (Kot) nicht zurückhalten. Wir nannten sie 'Schafe mit Klabusterbeeren'. Das bedeutet, sie fressen und lassen auf der anderen Seite gleichzeitig ihren Kot fallen. Die Tiere wissen nichts über Tahara, Reinigung. Wie könnten sie? Sie nannten sie 'Schafe mit Klabusterbeeren'. Und jetzt die Menschen genauso. Sie essen und reinigen nicht ihr Unterteil. Sie machen keine Tahara, Säuberung. Was bedeutet das? Sie werden 'Menschen mit Klabusterbeeren'.

Sauberkeit ist die Basis unserer Religion. Tahara ist der Pfeiler der Relgion. Jemand, der keine Tahara hat, hat keinen Wert. Wenn man ohne Tahara stirbt, stirbt man weit weg von der Religion und dem Glauben. Möge Allah uns nicht einer von denen mit den Klabusterbeeren sein lassen. Ad-Dinu Nadhafa, Religion ist Sauberkeit. Ihr solltet sauber sein. Euer Leben sollte sauber sein. Ihr, ihr selbst solltet ehrlich sein. Eure Arbeit sollte ehrlich sein. Ihr solltet keine Kämpfe und Streiterein haben. Ihr solltet organisiert sein. Ihr solltet Tahara haben. Ihr solltet geschickt sein. Ihr sollet nicht böse sein. Ein Mensch, der keine Tahara hat, ist wie ein Schaf mit Klabusterbeeren. Ein Mensch, der nicht den 'Faktor Religion' in seinem Leben hat, in ihrer Ausdrucksweise, hat keinen Wert. Es bedeutet Maziyyat, Verdienst, oder? Es ist etwas, was den Menschen ehrt. Was ist es, das dem Menschen die meiste Ehre gibt in der Dunya? Ist es großer Reichtum? Ist es die Fülle seines Geldes? Ist es sein Beruf, ist es, daß er einen großartigen Job hat? Nichts davon kann dem Menschen die wahre Ehre geben, weil all dieses vorübergehend ist und ihm nicht gehört. Ein Mensch, der sich nicht selbst ordnen kann, der keinen Verdienst hat, wird als einer der vierbeinigen Klasse betrachtet. Oder er geht mit denen der Klabusterbeeren. Erstaunlich. Ad-Dinu Nadhafa. Religion bedeutet Sauberkeit. Ihr solltet sauber sein in euerer

Arbeit, in eueren Taten, Essen, Trinken, in euerer Rede und in eueren Übereinkünften. Ihr solltet wahrhaftig und sauber sein. Was ist der Befehl der Religion für uns? Es heißt: Seid sauber, seid aufrichtig. Aber nein, es gibt niemanden, der auf Sauberkeit achtet. Die ganze Welt besteht aus Menschen mit Klabusterbeeren. Wenn du sagst 'Sei wahrhaftig', so ist doch kein Wahrhaftiger mehr da. Wir wollen eine Geschichte erzählen, damit dieses Sohbat heiter wird.

Ein Fuchs war mit einer Schlange befreundet. Sie hingen zusammen herum, sie gingen zusammen zu Plätzen. Schließlich erreichten sie einen Fluß. Der Fuchs ging ins Wasser, um auf die andere Seite zu gelangen. Die Schlange sagte: O mein Freund, wir sind den ganzen Weg hierher zusammen gekommen, aber jetzt kann ich nicht ins Wasser gehen. Ich habe Angst. Was können wir denn tun? Das Wasser wird mich forttragen. Du bist ein Fuchs, du kannst dich schnell bewegen und ihn überqueren. Aber das Wasser wird mich forttragen. Was können wir also tun? Wie können wir zusammen gehen? Die Schlange sagte: Ich könnte mich so an dir festhalten und wir durchqueren ihn zusammen, dann können wir uns trennen und jeder geht seines Wegs. Der Fuchs war der Fuchs und sagte: Okay, kein Schaden. Wir können es so machen. Dann durchquerten sie das Wasser so.

Nachdem sie aus dem Wasser heraus waren, sagte der Fuchs: Okay, du kannst jetzt von mir heruntergehen, und wir gehen wieder zusammen. Nein, ich komme nicht los. Es ist nicht meine Gewohnheit. Ich kann mein Opfer nicht loslassen. La budda. Nicht möglich, ich werde dich überwältigen. Du bis meine Versorgung. Der Fuchs sagte: Okay, was können wir tun? Wie "Inna Lillahi wa inna ilayhi rajiun". Der Fuchs tat so, als weine er. Ich habe dich den ganzen Weg begleitet.. und er begann zu weinen. Der Fuchs sagte: Laß uns noch ein letztes Mal 'Auf Wiedersehen' sagen, laß mich dein schönes Gesicht sehen. Komm und zeig mir dein Gesicht. Und die Schlange ist dumm. Der andere ist der Fuchs! Also kam die Schlange heraus und stand so gerade über seinem Gesicht. Er sagte: 'Laß mich sehen' und biß den Kopf ab. Dann begann die Schlange so abzugehen. Sie löste sich. Als sie sich gelöst hatte, ließ der Fuchs sie nicht, natürlich, er machte sie ganz gerade, so. Dann sagte er: O mein Freund, ein Wahrhaftiger zu sein, ist so. Du mußt ganz gerade sein, so, um anständig zu sein. So kannst du ein Wahrhaftiger sein, jetzt bist du ganz gerade. Du wolltest mich betrügen und mich fressen, aber es ist nicht so gekommen. Jetzt bist du ganz gerade geworden. Also löse dich jetzt, und er löste die Schlange und legte sie so. Jetzt bist du anständig geworden, wie gut du doch bist jetzt. Mit einem Tritt

seiner Hinterbeine, ließ er sie zurück.
Ein wahrhafter, anständiger Mensch zu sein, ist so. Diese Leute sind in diese Situation geraten. Es gibt keinen aufrechten Menschen mehr. Alle wollen fuchsartig schlau und verschlagen sein. Deshalb laufen sie vor der Religion davon, weil die Religion Fuchsartigkeit nicht anerkennt. Die Religion erkennt Löwenartigkeit an. Sie erkennt nicht an, fuchsartig zu sein. Ihr müßt Löwen sein, wenn ihr eine Religion haben wollt. Auf dem anderen Weg haben alle Ungläubigen eine Art Füchsigkeit. Fuchsartig zu sein, bringt kein Resultat. Der Fuchs beschreibt, ganz gerade zu sein. Er sagt: Der rechte Weg ist so, ganz gerade. Die Menschen haben jetzt keine andere Beschäftigung, als Fuchsartigkeit gegeneinander zu planen. Jeder ist auf eine Weise ein Fuchs. Hey, geht gerade, geht recht! Wir können nicht recht gehen. Shaykh Effendi, was ist das für eine Zeit, in der wir leben? In diesem Jahrhundert ist das High Society Leben. Wir leben, was wir wollen in diesem High Society Leben. Wir werden alle möglichen von Fuchsartigkeiten machen. Dann machen sie dich zur Schlange, und der Fuchs frißt dich und legt dich ganz gerade hin. Das ist dein Ende. Schlange, Fuchs, überall ist alles voller Menschen mit Fuchs Attributen, mit Schlangen Attributen. Deshalb, sie wollen nicht, sie wollen die Wahrheit, die Religion nicht, denn will ein Mensch der Fuchsartigkeit Religion? Nein. Oder ein Mensch, der beißt, will er Religion? Nein. Deshalb sind die Menschen des 21. Jahrhunderts elend geworden. Manche sind Füchse, manche Schlangen. Der Islam wird kommen, und unsere Menschlichkeit wird auferstehen. Sonst ist diese Welt am Ende. Sie werden einander bekämpfen, zerschmettern, erledigen. Möge Allah uns weit entfernt von ihnen halten. Bewahrt euere Religion! Seid ehrenwert und ihr werdet Ehre finden in der Dunya wie auch in der Akhirah.
Aman ya Rabbi, Tawba Astaghfirullah. Tawba Astaghfirullah. Fatiha. Ist es gut? Es ist gut. Ist es nicht so? Ich habe die genaue Fotokopie der heutigen Leute gegeben. Nennen sie es so? Es zeigt ihre genaue Identität. Die Situation der Leute, die in dieser Zeit leben, ist genau so. Möge unser Tag khayr sein. Möge Gutes, khayr, zu uns kommen. Möge Allah der Allmächtige uns nicht aus Seiner Dienerschaft ausschließen. Ya Rabbi, Du weißt es. Mögest Du unser Ende zum Guten wenden. Möge Allah uns vor Kriegen, Schlachten und Erdbeben schützen. Möge unser Tag gut sein. Möge unser Heim freudevoll sein. Mögen unsere Herzen glücklich sein mit dem Glauben, o Herr. Möge Er (swt) uns allen Seinen Weg gewähren. Mögest Du uns Diener senden, die uns versammeln zu Deinem Weg, o Allah.

## Electricity - the Unknown Soul of Technology

Most important are our intentions. Our Lord looks into our hearts to see which intentions we have. Religions cannot be official. Anything official will take away the sincerity. The Lord wants his servants to be sincere. Mankind has been created for divine service, nothing else. No religion ever claims that mankind has been created for this world.

In the Last Testament Allah the Almighty says that He created us. There is only one Creator. Only He can create. But nowadays people use this word so carelessly. Mankind cannot create, they can only make. We must thank Allah for giving us control over technology. The power of electricity, which we need to use technology, is a mystery. Even professors at the Cambridge University cannot explain exactly what it is. It is only one ray of the endless power oceans of the Lord. He has given authority to his servants to use it in the last two centuries. Before that it was not necessary, but now the Last Days are approaching, so He has given us permission. It is an unknown power, even though the entire technology works with it. It is like the soul of technology. In the same way in which our souls are a special power given to us by the Lord. Without a soul our bodies would be nothing, we would be dead. The soul keeps us alive. When it is taken away, we die. With it we have the authority to live; to see, to hear, to catch, to walk, to know, to understand... When it is gone, all that is finished.

It is a hidden power. People sometimes ask where it is and what it is. But before you ask that, ask about electricity. You can see it, it works for you, but you will never be able to understand it. It is only one ray which has been authorised by the Lord of Heavens to be of service for mankind, to help them understand much more. What could be the main reason for Allah to have given us electricity? It is an authority which enables us to learn much more about everything. First of all to know about yourself. Secondly, to know everything around yourself. Thirdly, to make you think about the One who authorised you to use such power. Those are the main reasons for the Lord to give us the authority to use electricity.

It is such a huge power, it kills! If you touch it, it kills. Since mankind has been using it, their understanding has improved. But the question is whether they are using it for the benefit of mankind, or not. Are our scholars, scientists, professors and our statesmen using that huge power for the benefit of nations and mankind? Are they helping mankind to become more humane through the use of electricity? No! They are always trying to use it for bad purposes. Why? Aren't they thinking?

Technology is preparing nations for a huge battle. Mankind is preparing themselves for a terrible and horrible war. They want to reach the point where one nation will be able to destroy another nation completely. It is a pity that mankind has reached this kind of top point of civilisation. It is the top point of violence instead of the top point of civilisation. From day to day more and more good qualities are leaving mankind and are being replaced by the worst ones. The future of mankind is very dark. If nations will not change their directions, they will fall into the worst condition from which they will not be able to save themselves, nor will technology.

They are using nuclear power in hospitals to cure patients. That is one way of using such power, another one is to kill millions. There is no balance. On the one hand they only save a few lives, but at the same time they use it to kill millions. Do you think that makes the Lord of Heavens happy with us? He, who granted us such a huge power to be used for our benefit!

Oh, professors of Cambridge University, what do you think about it? You, the authority of science! What is your opinion about the future of humanity? You are such a famous university, you have full authority for science. You make so much research to improve your authority in using the Hidden Oceans of Power. What are you making this research for? Are you going to help or harm humanity?

Every student graduating from this university should ask such questions. They should be guided in how to use their knowledge. But wherever I go and raise such questions, I never hear that such information is given in the universities. On the contrary, students are prevented to think about it. They are being told that such thoughts are part of religion which belongs to temples, churches, cathedrals and mosques. That is where they can be raised, not in universities. Statesmen have the authority of universities, not of the Church of England. Religious people have no more authority, neither in Christianity, Judaism or even Islam. Governments do not want to hear any religious comments. Religion has to be private. That is terrible and horrible. As long as statesmen are ruling only with the authority of science, this world is approaching Armageddon. Everything will be destroyed. Statesmen are imprisoning the religions into buildings and are telling religious people not to speak, but science is allowed to do everything.

What can we do? These people are very well aware of their own satanic methods. They support the young generation, telling them that they are free to do anything and not to listen to religious people. They have been given freedom, which makes these youngsters very happy. Now they want more, they want to get rid of all rules. The government warns them of religions, telling them that religions would take their freedom away, give them discipline and make them lose their endless consumption of lust. The result is that young people do not accept a God. But if there is no God, where do we come from? Did you create yourself? Then keep your existence. When the Angel of Death comes, don't surrender, tell it that you will not die.

Scientists are aware of this, but still they insist on the non-existence of God. But which book, which science, which professor can claim that we have created ourselves? If I would say that a cassette-recorder created itself, you will tell me that I am an idiot. But if I say that you have been created by someone who is unseen, people don't like it. Do you see what is behind the sun? The moon always shows us one side, what about the other, have you seen it? So why do you object when I mention the Unseen-One? What is your proof that there is no God? Which science could prove that? It is such a dangerous current which people are reaching in the 21st century: scientists have still not woken up! They are still giving valium to people to make them sleep. But thanks to the Lord Almighty, people have taken so much valium that they have started to become allergic against it. They don't want to sleep anymore, one after another is waking up.

The best tidings, which give endless hope to believers is that Heavenly Knowledge will win. This was the

century of atheism and materialism, but every 'ism' is false and not for the benefit of humanity. Within Divine Knowledge you cannot find any 'isms'. Only man-made productions are 'isms'; atheism, materialism, feminism, socialism, liberalism, capitalism, communism... These mind-productions cannot bring solutions for the problems of mankind. It is finished! That is reality. This production of mankind has brought us into the deepest chaos which no professor or statesman can solve, individually or commonly. They were given so much authority from the Lord of Heavens, but it is not enough to get out of this narrow path and dark tunnel.

The 21st century is approaching. What I am saying is not an empty hope or an idea. It is part of Heavenly Knowledge. It is certain. Within science you cannot have certainty, because every day a new theory is born, nothing stays the same. With the certainty of Heavens we know that this century will end with everything which it contains. The worst ideas will be buried, a new opening will come. May Allah bring it quickly, and grant us to be able to reach and see the victory of Heavens, and witness the Heavenly Kingdom established on earth, instead of the kingdom of satan. May we have bright enlightened days!

## EMPIRES MUST COME BACK!

Every building which doesn't have a real architect or builder to look after it, must collapse. The strongest building is the building of empires. For so many centuries Russia was an empire. It was built on strong pillars. But when those red-ones came, Lenin, Trotzki and Stalin, they never knew how to build a building. They were not experienced in building. They built a state, but it was a foolish building. They tried to keep it together with full police power, but when that was taken away, it quickly fell down.

If you build a building with 7 stores and you do not put iron or a base, for how long will it last? Even one strong wind will put it down. A little earthquake will put it down. Until now everything hasn't even been taken away from that. It needs a complete renewal. A new foundation must be put. That is the trouble in Russia. They must take away everything which they built in that foolish building after 1917. A foolish, ugly and nonsense building. Now Jeltsin wants to take everything out and put in a new foundation, but that will take such a long time because inside Russia there are people who want to put a hook to make him fall down. There are still millions of people like that. But they cannot succeed.

Look at France now. They have become more clever. They now want to build a strong building because the 21st century cannot have such foolish buildings. It must be changed. There must be a big change before the year 2000 everywhere. There will be earthquakes from east to west. For strong buildings that is all right.

This country here used to be an empire and the rules were strong. Some people came into power who never should have. They had wrong ideas. But this is now finished. The foundation here is so strong. If the English people would give more power to the Kingdom, they would be much more successful. This is now being considered. Power should have no partner. Power must be in one hand. Power can never accept a partner. These systems that the people of the 20th century are now running after, the parliament system, is very wrong. The 21st century will never accept such a system. No opposition! If there is an opposition, it should be outside. Whoever has power must control the whole country. Now they are sitting in the parliament and speaking and speaking and speaking. For what? The government is not listening to them anyway. Take them away!

That is why everything must be changed back to what it was before. We do not want these new fashioned buildings. The old ones must come back.

Our day is good. If we start it with the good, it will end the good. If it starts with evil, all evil follows. Stop don't sleep! Oh Beloved Ones! If you wish for your Lord Almighty's Love, Benevolence and Devotion You who seek His love how can you sleep? Seeker of His Love! Don't sleep! Get up, Wake up! If you don't wake up, Shaytan will put a bridle! "My animal is ready, let me ride and go around with me on him so he can be my donkey, animal. My animal didn't say Basmala. If he says Basmala, I can't touch him. I can't meddle with him, he is protected! I cannot meddle with him." Shaytan trembles when it hears Basmala.

Marhaba O yaran Shah-i Mardan! When you say Marhaba the believers in Heavens say marhaba instead of Salamun Alaikum. They say Marhaba. Let them say Marhaba to us also Let's say Marhaba to each other O yaran Shah-i Mardan. Your associations are the best. Your

Sohbats are the best of sohbats. In Awliya's gatherings, awliya's spiritual power the highest rank of which, o Shah Mardan, is your gathering, assembly. How beautiful! Be with good people. Those with humans are humans. Those with donkeys are donkeys. Allah (jj)'s command is high, the one obeying is His servant.

O Shah-i Mardan welcome! Welcome! Let's be revived, let's be happy! & be majestic(haybat).Let's get filled up & satisfied with love & devotion! In some houses, nowadays, there are what they call "gas bottles". A gas bottle, what there's in it? they say, there is gas in it. They check one and say this is full. It can't be lifted, it is heavy. They check another, it's light. It can be lifted with one hand. They say, "It's empty." They are both cylinders What's the difference? It is the power they carry! The full one is useful. The empty one is of no use. They take it away. May our day be a good one Oh Shah-i Mardan please speak. Those who are devoted to you listen to you and become happy. They say, "empty cylinder." Do you throw it away? No! We fill it up Really? A cylinder can be filled up!

How about you? How about your spirituality? They say there is a gas in the bottle. The gas does the work. When empty, it's finished! Man! Man, too, if filled up with spiritual unseen power can conquer the whole world. An empty bottle is of no use. Man, too, unless filled up with spiritual power, is of no use. Oh foolish ones! Listen to Shah-i Mardan. In his Association you are filled up with Faith (Iman), and won't remain an empty cylinder. Today 99% of people are empty cylinders. They say, "we have no work! We can do nothing!" What are you going to do? You are an empty bottle. If you were a full one, you'd work, you'd do any work but you're empty. What you need is to be filled up everyday, newly, with spiritual power. Say Bismillahi r-Rahmani r-Rahim, and here you are: filled up! The cylinder is full.

Any action that has no Basmala at its beginning is empty, of no use. Now he whole world became empty cylinders. Those called Muslims are not aware of this. Muslims, there are so many Muslim states, from where they ask for power? "Our cylinders are empty, what shall we do?" They say, "Let's ask from Europe" Masha'Allah. The one who seeks power from Europe, what kind of is it? What is the power Europe can give you? (Hasha minal huzur) An animal when whipped, it goes purt purt, it farts! And that's what Europe is giving you! Then, you won't be able to dress with majesty and power of Islam. There is majesty and power in Islam. There are astonishing qualities. Islam is the honour of Mankind. Those, who are unaware of this honour,

get filled up with wind passed by kafirs (unbelievers), and come to say here we are! What is in it? The farting of kafirs/unbelievers! They are going purt purt all the time.
We need spiritual power. The Muslim states all became empty cylinders. Nothing inside! Empty bottles. When a bottle is empty, you know you need to take it and get it filled up. So why when your spiritaul power is empty, you're not looking around for a source to fill it with spiritual power? The one who has an empty bottle goes to the station. Our Faith is empty, it became zero. Why don't you look where you can fill it up? Why do you not look for that? We became empty bottles! The world is full of Muslims in milliars. Yet all are empty! All are empty because they were not filled.
To get filled up, there is a command from the honorable Prophet of Allah (sas). "If a sultan leaves, a new sultan has to replace him." If a khalifa leaves, a (new) khalifa must come. Because the khalifa will fill you with sipiritual power. He is a blessed one. This they don't know. They want money from Europe, and weapons from America, and wheat from Russia. How disgraceful! What happened to you Muslims? Has Allah (swt) closed His doors on you? Why do you not say Allah? Shame on you! Shame! That's why Shah-i Mardan is angry. Very angry! Because people lost their way. Heavenly power descends on one person (only). Do you understand? On one person! Islam has only one Sultan. There cannot be ten sultans. In Islam, there can only be one sultan. He is the Khalifah, the one representing the maqam of the Prophet (sas). His power is enough not only for one milliar, but for hundreds of milliars! He is full of power and the source of his power is not coming from Earth. It descends from Heavens. The others fill their bottles as they like from the gases of the dunya WC. The source that fills the khalifas and the sultans is Heavenly. We need a person filled from Heavens.
Therefore Prophet (sas) said: "When a Khalifa leaves, a new one must come." Otherwise the tap is closed. Only one reformer (muslih) can open it for us. It is not by declaring: "I'm the King of Hijaz." "I'm the Sultan of Persia." "I'm the Imam of Yemen." No! The permission is with one person, only If it is not for that person, no one can open it from above. Power descends from Heavens, not from Earth. Even the plants on earth need the support from up. They say we need the rain from heavens to help us grow. Earth does not give power. Heavens does.
Oh foolish Muslims! You became confused, disoriented, with no-mind. You have no sense left. Your faith is not based on anything. The source of faith is transmitted from khalifa to khalifa.

Khalifa (the caliph), a group of hundred people who did not know the right from the wrong, stood up and said we demolished Khilafat (Caliphate)! Who are you? What right could a hundred people have to be able to demolish the khilafat of the whole Muslim world. People followed them and till now they are still not accepting the Khilafat made mandatory on us by our religion. Neither Persians, nor Arabs; neither Turks nor Serbs nor Egyptians accept it. They're not searching for one. It is the power descending from Heavens. This bottle cannot be filled from earth. It can only be filled from Heavenly power. This is an important point. That's why there is an order in our Shari'at the order of the Sultan of Prophets (sas): when a Khalifa is gone, a new one must replace him. Without a new Khalifa assigned, the funeral prayer cannot take place for the deceased one. This is Islam, Islam and being a Muslim.

The West, they fear from that. What they have is wood, nothing resembling religion. They keep making cross and hang a man on it. This is no religion. This is shaytan's farce. Bring me religion. Bring me order. Shari'at is standing up for 1500 years. Oh Egyptian scholars, Oh scholars and kings of Hijaz, I'm nothing but sometimes they give me power. You have up to 40 days & before Ramadhan you'll be taken to the graveyard! I'm nothing, but now the one who is speaking, is Shah-i Mardan, the family of the Prophet (sas) and his representative. That's why I'm calling you. Terror is coming! You're on the wrong way.. The Assembly of Islamic States? In Islam, how many states are there?

Ya Akmaluddin, how did you miss the path? When our religion is "The Religion of Unity", how can you say, "there are 40 states? And I am their head?" There is an honour in the order to all Muslims: first say Bismillahi r-Rahmani r-Rahim then "A'ti Kulli Dhi Haqqin Haqqah". Give everyone their due rights. Give everyone their due rights.If you do not, then you are dhalim (opressor). Life is short. After these instructions, and starting in Rajab, and up till Ramadan. many people will be taken to the cemetery. Violence is coming. That's why, this Rajab is Rajabul Ajaib (full of marvels/strange). We expect nothing from anyone. What we want is that the cylinder of Islam be filled up. The bottle of Islam can only be filled from Heavens, not from Earth. It isn't by gold or silver.

The Magnificence of Islam comes from Heavens. And nobody can really oppose Islam. They say Europe isn't scared of Muslims. I can scare them! I'm nothing but I can scare them. Let them

jump out of their beds scared at night. And they ask, "what is happening to us?" There is that power. if given permission, even someone valueless like me, can make it. This is the power of Islam Allahu Akbar Allahu Akbar. Our army is always victorious, the armies of Islam. America has guns. The Russians have I don't know what. What impotent ones you are! You have nothing of your own? Shame on those following them. They don't deserve the name they carry, "Muslims"! Say, "Allah!" When you say "Allah" seven worlds tremble!

O our Lord, forgive us! Tawba Ya Rabbi. Oh Shah-i Mardan Come O Shah-i Mardan Yaran Shah-i Mardan. Those who love Shah-i Mardan, who love his way, those who accept the realities he is making known. What we are saying is not outside Islam. Our words vary. Why? Because "Kallimu-n Nasa 'Ala Qadri 'Uqulihim". Speak according to their level of understanding/mind. One said, "O blessed one, we've no mind left, for you to speak according to the level of our mind!" Oh! The blessed one asked, "Whom did you allow to steal your mind?" "We have no mind" means they left it to get stolen! But who did it? The one that steals the minds is shaytan. While putting the Muslims to sleep, they stole the essence of Islam from them, the unbelievers of Europe, the world's kafirs. But if permission is given, one (saint) is enough to make them upsidedown. You can't put Islam down! And we've the power to prevent those trying to do it. We need no guns and no cannons.

One darvish went to a shop. There was a honey pot there. He put his finger in and took a bit. The shopkeeper came and shouted, "what a cheeky person you are! why did you put your finger in there?" He insulted him a lot Poor darvish said, "I have no money to pay you!" "Get out!" said the shopkeeper. "If you think a bit of honey is too much for me, May Allah bring on you what you deserve!" he said and left. A customer came in and looked at the honey. Old people tell this story. It is from the stories of Awliya Shalabi. The darvish left crying because of a lick of honey. A customer came in and put his finger in honey and had a bit. "Very nice honey." But then purt purt came from his back! "Oh what happened? What kind of honey is this? O shopkeeper!" "What happened?", asked the shopkeeper. "I have eaten a bit of this honey and passed wind!" "How can this be?" "You try it yourself and see," he said. The shopkeeper tasted honey and went purt purt! Whoever ate from this honey, the same thing happened: purt purt! They all passed wind! They deserve it!

They said, "it's the darvish's work. He did this to us." A bit of honey was too much to give to him!

He did that. Today the same thing can also happen, With honey or anything else they put in their mouths. There are so many Awliyas. If one says, whoever eats this food from the ones who upset us, or those who don't love us, let the same thing happen to them! Now the whole world is with shaytan. People are following Shaytan. You have no place for Islam? No? No place for Muslims?! Where are the Egyptians? Where are those sitting proudly in power? Bears! Be careful, you Rulers of Egypt! Rulers of Persia! Rulers of Syria! Pull yourselves together! If a holy one says each time you speak you pass a wind, You'll fart! May be then you'll learn! There are many of them.

I said I will not interfere in such things. He said give me permission. I said I'm not the one to give permission! There're many holy ones to give permission. I don't interfere! If one orders, any meeting they enter, When they start giving their speech, they'll go purt purt! If Qutbu-l Mutasarrif orders let them fart none will be able to talk in any association! If make us angry, we can also do it! I'm not saying me, but our crowd can do it. While they're talking in their meetings, they'll go purt purt! Not only passing wind but even more! They'll wet themselves! Who are you? I am nothing but I can show the one who's asking, who I am! Empty cylinders!

There was a Hoja teaching. But his pupils didn't prepare their lessons and did not work. But they combed their hair nicely. Hoja Effendi said, "what shall we do? Well dressed good-looking empty heads!" Their hair was very nicely combed. And the head? Empty! Nothing Inside! The punishment these ones deserve, they'll make it to them. Wait & see, Rajab is coming! In the name of al-'Alim Allah(swt) and for the sake of Rasullullah(sas), and the religion The Beloved (sas) brought, we'll bring this punishment on all those opposing and not respecting Islam. I am nothing! But a mosquito comes on your body and puts a microbe which they find no cure for! A mosquito! And I am not a mosquito! I'm nothing but if a permission is given, holy ones can do million times more than a mosquito. How many of them are going around now. They'll bring the people back into the circle of Adab.

Oh Ekmeluddin bey! Speak about this. You understand Turkish. If you don't, I will make it to you too. In the meeting while talking..... Let it be a king or a prince or whatever, will do to all! How many of those ones are present in holy places. They keep quite but we have permission to speak up! Oh our Lord, forgive us. Accept us as Your servants. Our goal is to be a servant to You, O Our Lord! It's not for this world. The one who runs after this world runs after a carcass.

We've no desire Insha'Allah for world. O Muslims come together & call,"O You Who Own the Earths & the Heavens, Our Lord Almighty" We are servants so don't be proud of your greatness and power. Greatness is only for the Glory of Al-Haqq Almighty(JJ).

Never dare sit in this position. Do not imagine yourself something. Toady they put you high in power, tomorrow they'll throw you in the WC! Watch out! Those who are against Islam watch out! Shah-i Mardan when he says Bismillahi r-Rahmani r-Rahim and hit with Dhul Fiqqar No head will remain in its place. All will fall down! Fear! Rajabu-l Sharif is coming! Aman Ya Rabbi! Tawbah Ya Rabbi!Tawbah Ya Rabbi! The one who fears from Europe, America or Russia has no Iman (faith). One person is enough to stop them! Those and their heads, I'll let their pants drip! Tawbah Ya Rabbi, Tawbah! We're calling and He is making us speak. If they don't return to their sanity, Alim Allah, many saints can make this to them. They've gone to far in their disobedience. They don't want Heavenly orders any more. The order of Shah-i Mardan is at their (these saints') hands. Yet they do not use a sword like Shah Mardan. What I am talking about is a big curse. Let this one make his preparation and go to the meeting to speak. If I do not make his pants drip, I will not be a human being!

Tawbah Ya Rabbi! I am calling for Faith and Religion, because of my fear of Allah, & my shame in front of His Glorious Prophet(sas). Oh Egyptian scholars, watch out! I'll do the same to you! Let your pants drip! The pen that writes my sins, is not writing any more (because of my age). Oh our Lord forgive us. send us the one, the sultan who will show us the right way. This shaytan made a fool of everyone. Let's destroy its kingdom! Let's destroy it on its head! Oh our Lord! forgive us. We are all sinners. Send us the holy ones who'll show us Your Beautiful Ways. Let's surrender to them! Let's have beautiful days! May our nights be good, and our days honorable. May we have no sadnesses, let's be happy, let's be full of Nur. Let's be majestic. You're Rabbun Jalil Ya Rabbi. And the servants of the Glorified Lord can never be disgraced. You're Subhan. You're Sultan Forgive us. For the sake of the Most Beloved (sas). He(sas) is also laughing! Shah-i MArdan and all the Blessed High ones are laughing at this sohbat. What shall we do? We are no good for anything else! But if they dress us with awesomeness, we'll do everything!

Allahu Allah Allahu Allah Allahu Allah Allahu Allah Allahu Allah Allahu Allah Rabbun Dhul Jalal, Allahu Allah Rabbi Dhul Jalal. You are Subhan Ya Rabbi. Fatiha.

## Leere Gasflaschen

---

Assalamu Alaikum O geliebter Shah-i Mardan. Lass unseren Tag einen guten sein, unsere Arbeit gut sein. Unser Ende sei gut und unser Glaube stark. Möge das Paradies unser Platz sein und möge unser Herr glücklich mit uns sein. Lass uns von denen sein, die unter dem Banner des Propheten (sas) auferweckt werden. Lasst uns von Kauthar trinken, MashaAllah. Oh geliebter Shah-i Mardan! Der Ritter der Arena, der Löwe der Arena, Shah-i Mardan. Zu allererst, Salawat und Salams zum Stolz aller Schöpfung (Prophet) sas. Und selbst davor, lasst uns unseren Herrn preisen indem wir sagen Bismillahi r-Rahmani r-Rahim. Wie schön! Wie schön, mit Basmala zu beginnen oh Dummköpfe! Was ihr mit Basmala gewinnt, ist 10 Mal besser als die Goldschätze dieser Welt. Sagt; Bismillahi r-Rahmani r-Rahim. Oh unser Herr; unser Subhan, unser Sultan. Du hast uns Islam gegeben. Du hast uns den höchsten Rang gegeben und dennoch fallen wir nicht in sie Sajda! Oh was können wir tun? Unwissenheit ist weit verbreitet. Oh unser Herr vergib uns! Sende uns Shah-i Mardan. Shah-i Mardan, Sultan der Löwen. Assalamu Alaikum Ayyuhal Hadirun- diese die anwesend sind und teilnehmen. Salams zu euch. Wie schön! Unser Tag ist gut. Wenn wir mit dem Guten beginnen, wird es gut enden. Wenn es mit Bösem beginnt, folgt alles Böse. Stop, schlaft nicht! Oh Geliebte! Wenn ihr euch die Liebe Allahs des Allmächtigen wünscht, Sein Wohlwollen und Seine Zuwendung, ihr die ihr euch nach Seiner Liebe sehnt, wie könnt ihr schlafen? Sucher Seiner Liebe! Schlaft nicht! Steht auf, wacht auf! Wenn ihr nicht aufwacht, wird Shaytan euch Zaumzeug anlegen! "Mein Tier ist bereit, lasst mich reiten und mit mir auf ihm herumgehen, so dass er mein Esel, mein Tier sein kann." Mein Tier hat nicht Basmala gesagt. Wenn er Basmala sagt, kann ich ihn nicht berühren. Ich kann nicht mit ihm herumpfuschen, er ist geschützt! Ich kann mich nicht bei ihm einmischen. Shaytan zittert wenn es Basmala hört. Marhaba Oh yaran Shah-i Mardan! Wenn ihr Marhaba sagt, die Gläubigen im Himmel sagen Marhaba anstatt Salamun Alaykum. Sie sagen Marhaba. Lassst sie auch zu uns Marhaba sagen. Lasst uns Marhaba zueinander sagen. Oh yaran Shah-i Mardan. Deine Versammlungen sind die besten. Deine Sohbats sind die besten Sohbats. In den Versammlungen der Auliyas, hat die spirituelle Kraft der Auliya den höchsten Rang, oh Shah Mardan, welche deine Versammlung, dein Treffen ist. Wie schön! Seid mit guten Leuten. Die mit Menschen sind sind Menschen. Die mit Eseln sind, sind Esel. Allah (jj)s Befehl ist hoch, derjenige der gehorcht ist Sein Diener. Oh Shah-i Mardan, willkommen! Willkommen! Lasst uns wiederbelebt sein, lasst uns glücklich sein und

majestätisch (haybat). Lasst uns auffüllen und befriedigen mit Liebe und Zuwendung! In manchen Häusern sind heutzutage was sie "Gasflaschen" nennen. Eine Gasflasche, was ist darin? Sie sagen, es ist Gas darin. Sie kontrollieren eine und sagen, sie ist voll. Sie kann nicht gehoben werden, sie ist schwer. Sie kontrollieren eine andere, sie ist leicht. Sie kann mit einer Hand gehoben werden. Sie sagen "Sie ist leer." Sie beide sind Zylinder. Was ist der Unterschied? Es ist die Kraft die sie tragen! Die volle ist nützlich. Die leere ist nutzlos. Sie bringen sie weg. Möge unser Tag ein guter sein. Oh Shah-i Mardan, bitte sprich. Die die dir ergeben sind hören dir zu und werden glücklich. Sie sagen "leerer Zylinder". Werft ihr sie weg? Nein! Wir füllen sie auf. Wirklich? Ein Zylinder kann aufgefüllt werden! Und was ist mit dir? Was ist mit deiner Spiritualität? Sie sagen es ist Gas in der Flasche. Das Gas funktioniert nicht. Wenn es leer ist, ist es zuende! Menschen! Auch der Mensch, aufgefüllt mit unsichtbarer spiritueller Kraft, kann die ganze Welt erobern. Eine leere Flasche ist nutzlos. Der Mensch ist ebenfalls, es sei denn er ist mit spiritueller Kraft gefüllt, nutzlos. Oh Dummköpfe! Hört Shah-i Mardan zu. In seiner Versammlung werdet ihr mit Glaube (Iman) gefüllt, und ihr werdet keine leeren Zylinder bleiben. Heute sind 99% der Leute leere Zylinder. Sie sagen "Wir haben keine Arbeit! Wir können nichts tun!" Was werdet ihr tun? Ihr seid eine leere Flasche. Wenn ihr eine volle wärt, würdet ihr arbeiten, ihr würdet jede Arbeit tun aber ihr seid leer. Was ihr braucht ist, aufgefüllt zu werden, jeden Tag aufs Neue, mit spiritueller Kraft. Sag Bismillahi r-Rahmani r-Rahim, und hier seid ihr: aufgefüllt! Der Zylinder ist voll. Jede Tat, die kein Basmala an ihrem Anfang hat, ist leer, ohne Nutzen. Nun ist die ganze Welt voller leerer Zylinder geworden. Diese sogenannten Muslime sind sich dessen nicht bewusst. Muslime, es gibt so viele muslimische Staaten, woher bitten sie um Kraft? "Unsere Zylinder sind leer, was sollen wir tun?" Sie sagen, "Lasst Europa bitten". MashaAllah. Diejenigen, die Kraft aus Europa erbitten, was für eine Art ist das? Was ist die Kraft, die euch Europa geben kann? (Hasha minal huzur) Ein Tier wenn es gepeitscht wird, macht es pfft pfft, es furzt! Und das ist es was Europa euch gibt! Dann werdet ihr nicht in der Lage sein, euch mit Majestät und Kraft des Islam zu kleiden. Es ist Majestät und Kraft im Islam. Es gibt erstaunliche Eigenschaften. Islam ist die Ehre der Menschheit. Diese, die dieser Ehre nicht gewahr sind werden aufgefüllt mit Winden die die Kafirs (Ungläubigen) lassen, und kommen um zu sagen, hier sind wir! Was ist darin? Die Fürze der Kafirs/Ungläubigen! Sie machen die ganze Zeit pfft pfft. Wir brauchen spirituelle Kraft. Die muslimischen Staaten sind alle zu leeren Zylindern geworden. Nichts darin! Leere Flaschen. Wenn eine Flasche leer ist, weißt du dass du sie nehmen musst und auffüllen lassen musst. Also warum gehst du nicht wenn deine spirituelle Kraft leer ist und suchst nach einer Quelle, um sie mit spiritueller Kraft aufzufüllen? Wer eine leere Flasche hat geht zur Station. Unser Glaube ist leer, ist Null geworden. Warum sucht ihr nicht,

wo ihr ihn auffüllen könnt? Warum sucht ihr nicht danach? Wir sind zu leeren Flaschen geworden! Die Welt ist voll von Milliarden Muslimen. Jedoch sind sie alle leer! Alle sind leer denn sie wurden nicht aufgefüllt. Um aufgefüllt zu werden gibt es einen Befehl des ehrenvollen Propheten Allahs (sas). "Wenn ein Sultan geht, muss ihn ein neuer Sultan ersetzen." Wenn ein Khalifa geht, muss ein (neuer) Khalifa kommen. Denn der Khalifa füllt euch mit spiritueller Kraft auf. Er ist ein Gesegneter. Das wissen sie nicht. Sie wollen mehr Geld von Europa, und Waffen aus Amerika, und Weizen aus Russland. Wie schmachvoll! Was ist mit euch geschehen, ihr Muslime? Hat Allah (swt) euch Seine Türen verschlossen? Warum sagt ihr nicht Allah? Schande über euch! Schande! Deshalb ist Shah-i Mardan wütend. Sehr wütend! Denn die Leute haben ihren Weg verloren. Himmlische Kraft kommt nur auf eine Person herab. Versteht ihr?

Auf eine Person! Islam hat nur einen Sultan. Es kann keine zehn Sultane geben. Im Islam kann es nur einen Sultan geben. Er ist der Khalifa, derjenige der das Maqam des Propheten (sas) repräsentiert. Seine Kraft reicht nicht nur für eine Milliarde, sondern für hundert Milliarden! Er ist voller Kraft und die Quelle seiner Kraft ist nicht von dieser Welt. Sie kommt vom Himmel herunter. Die anderen füllen ihre Flaschen wie sie wollen, mit den Gasen vom WC der Dunya. Die Quelle die die Khalifas und die Sultans auffüllt ist Himmlisch. Wir brauchen eine Person, die von den Himmeln aufgefüllt wird. Deshalb sagte der Prophet (sas): "Wenn ein Khalifa geht, muss ein neuer kommen." Sonst ist der Hahn zugedreht. Nur ein Reformer (Muslih) kann ihn für uns öffnen. Das geht nicht indem man erklärt "Ich bin der König von Hijaz". "Ich bin der Sultan von Persien." "Ich bin der Imam von Yemen". Nein! Die Erlaubnis gilt nur für eine Person. Wenn es nicht diese Person ist, kann niemand anders es von oben öffnen. Kraft kommt vom Himmel herab, nicht von der Erde. Selbst die Pflanzen auf der Erde brauchen die Unterstützung von oben. Sie sagen wir brauchen den Regen aus den Himmeln, um zu wachsen. Die Erde gibt keine Kraft. Der Himmel tut das. Oh dumme Muslime! Ihr seid verwirrt geworden, orientierungslos, ohne Verstand. Ihr habt keine Sinne mehr. Euer Glaube basiert auf nichts. Die Quelle des Glaubens wird von Khalifa zu Khalifa weitergegeben. Khalifa, eine Gruppe von hundert Leuten die nicht richtig von falsch unterscheiden konnten, erhob sich und sagten wir zerstören das Khalifat! Wer seid ihr? Welches Recht können hundert Leute haben, um in der Lage zu sein, das Khalifat der gesamten Muslimischen Welt zu zerstören. Die Leute folgten ihnen und bis heute akzeptieren sie noch nicht das Khalifat, das uns von unser Religion verpflichtend vorgeschrieben ist. Weder die Perser, noch die Araber; weder Türken noch Serben noch Ägypter akzeptieren es. Sie suchen nicht nach jemandem. Es ist die Kraft, die vom Himmel herab kommt. Diese Flasche kann nicht von der Erde aufgefüllt werden. Sie kann nur durch

Himmlische Kraft aufgefüllt werden. Das ist ein wichtiger Punkt. Das ist es wo es einen Befehl in unserer Shari'at gibt, den Befehl des Sultans der Propheten (sas): Wenn ein Khalifa gegangen ist, muss ihn ein neuer ersetzen. Ohne einen neuen bestimmten Khalifa, kann das Totengebet für den Verstorbenen nicht stattfinden. Das ist Islam, Islam und Muslim sein. Der Westen, sie fürchten sich davor. Was sie haben ist Holz, nichts was einer Religion ähnelt. Sie machen weiter ihre Kreuze und hängen Menschen daran. Das ist keine Religion. Das ist Shaytans Farce. Bringt mir Religion. Bringt mir Ordnung. Shari'at steht seit 1500 Jahren aufrecht. Oh Ägyptische Gelehrte, oh Gelehrte und Könige von Hijaz, ich bin nichts aber manchmal geben sie mir Kraft. Ihr habt bis zu 40 Tage und vor dem Ramadan werdet ihr zu Grabe getragen werden! Ich bin nichts, aber nun ist derjenige der spricht, Shah-i Mardan, die Familie des Propheten (sas) und sein Repräsentant. Deshalb rufe ich euch an. Terror wird kommen! Ihr seid auf dem falschen Weg... Die Versammlung der Islamischen Staaten? Wieviele Staaten gibt es im Islam? Ya Akmaluddin, wie hast du den Pfad verlassen? Wenn unsere Religion "Die Religion der Einheit" ist, wie kannst du sagen, "Es gibt 40 Staaten? Und ich bin ihr Anführer?" Es liegt Ehre in dem Befehl an alle Muslime: sagt zuerst Bismillahi r-Rahmani r-Rahim, dann "A'ti Kulli Dhi Haqqin Haqqah". Gebt jedem das Recht was ihm zusteht. Gebt jedem das Recht, was ihm zusteht. Wenn ihr das nicht tut, seid ihr Dhalim (Unterdrücker). Das Leben ist kurz. Nach diesen Anweisungen, mit Beginn des Rajab und bis zum Ramadan werden viele Leute auf den Friedhof gebracht werden. Gewalt kommt. Deshalb ist dieser Rajab Rajab-ul Ajaib (merkwürdig, wundervoll). Wir erwarten nichts von niemandem. Was wir wollen ist, dass die Zylinder des Islam aufgefüllt werden. Die Flasche des Islam kann nur von den Himmeln aufgefüllt werden, nicht von Erden. Es geht nicht mit Gold oder Silber. Die Großartigkeit des Islam kommt von den Himmeln. Und niemand kann sich wirklich dem Islam entgegenstellen. Sie sagen, Europa fürchtet die Muslime nicht. Ich kann sie sich fürchten lassen! Ich bin nichts aber ich kann ihnen Angst machen. Lasst sie vor Angst nachts aus ihren Betten springen. Und sie fragen, "Was passiert mit uns?" Dort ist diese Kraft. Wenn es Erlaubnis gibt, kann selbst jemand Wertloses wie ich es tun. Das ist die Kraft des Islam, Allahu Akbar, Allahu Akbar. Unsere Armeen sind immer siegreich, die Armeen des Islam. Amerika hat Gewehre. Die Russen haben, was weiß ich. Was für Impotente ihr seid! Habt ihr nichts eigenes? Schande über die, die ihnen folgen. Sie verdienen den Namen nicht, den sie tragen, "Muslime"! Sagt "Allah!" Wenn ihr "Allah" sagt, erzittern sieben Welten! Oh unser Herr, vergib uns! Tawba Ya Rabbi. Oh Shah-i Mardan, komm oh Shah-i Mardan. Yaran Shah-i Mardan. Diejenigen, die Shah-i Mardan lieben, die seinen Weg lieben, die die Wirklichkeiten akzeptieren, die er bekannt macht. Was wir sagen ist nicht außerhalb des Islam. Unsere Worte variieren. Warum? Denn "Kallimu-n Nasa 'Ala Qadri

'Uqulihim". Sprich gemäß des Niveaus des Verstehens/Verstandes. Einer sagte "Oh Gesegneter, wir haben keinen Verstand mehr, mit dem du auf unserem Niveau zu uns sprechen kannst!" Oh! Der Gesegnete fragte, "Wer hat euch erlaubt, euren Verstand zu stehlen?" "Wir haben keinen Verstand" bedeutet dass sie es stehlen haben lassen! Aber wer hat das getan? Derjenige der den Verstand stiehlt ist Shaytan. Während sie die Muslime einschläfern, haben sie die Essenz des Islam von ihnen gestohlen, die Ungläubigen Europas, die Kafirs der Welt. Aber wenn Erlaubnis gegeben wird, ist einer (Heiliger) genug, um sie auf den Kopf zu stellen. Ihr könnt den Islam nicht unterkriegen! Und wir haben die Kraft, diejenigen die es versuchen, daran zu hindern. Wir brauchen keine Gewehre und keine Kanonen. Ein Derwisch ging zu einem Geschäft. Dort war ein Honigtopf. Er steckte seinen Finger hinein und nahm etwas davon. Der Ladenbesitzer kam und schrie, "Was bist du für eine unverschämte Person! Warum hast du deinen Finger dort hineingesteckt?" Er beleidigte ihn auf viele Arten. Der arme Derwisch sagte "Ich habe kein Geld, um dich zu bezahlen!" "Hinaus!" sagte der Ladenbesitzer. "Wenn du denkst, dass ein bisschen Honig zu viel für mich ist, dann möge Allah dir das bringen was du verdienst!" sagte er und ging. Ein Kunde kam herein und schaute den Honig an. Alte Leute erzählen diese Geschichte. Es ist eine der Geschichten von Auliya Shalabi. Der Derwisch ging weinend wegen einem Lecken des Honigs. Ein Kunde kam herein, steckte seinen Finger in den Honig und nahm etwas. "Sehr guter Honig". Aber dann kam es pfft pfft hinten aus ihm! "Oh was ist passiert? Was für ein Honig ist das? Oh Ladenbesitzer!" "Was ist passiert?" fragte der Ladenbesitzer. "Ich habe ein bisschen von diesem Honig gegessen und einen Wind gelassen!" "Wie kann das sein?" "Versuch ihn selbst und du wirst sehen" sagte er. Der Ladenbesitzer kostete den Honig und machte pffft pffft! Wer immer von diesem Honig aß, das gleiche passierte: pfft pfft! Sie alle hatten Winde! Sie verdienten es! Sie sagten "Es ist das Werk des Derwischs. Er hat uns das angetan." Ein bisschen Honig war zu viel, um ihm zu geben! Er tat das. Heute kann das gleiche auch passieren, mit Honig oder etwas anderem, das sie in ihren Mund stecken. Es gibt so viele Auliyas. Wenn einer sagt, wer immer dieses Essen von diesen die uns traurig machen isst, oder diesen die uns nicht lieben, lasst ihnen das gleiche passieren! Nun ist die ganze Welt mit Shaytan. Die Leute folgen Shaytan. Habt ihr keinen Platz für Islam? Nein? Keinen Platz für Muslime?! Wo sind die Ägypter? Wo sind diejenigen, die stolz an der Macht sitzen? Bären! Seid vorsichtig, ihr Herrscher von Ägypten! Herrscher von Persien! Herrscher von Syrien! Reißt euch zusammen! Wenn ein Heiliger sagt jedes Mal wenn ihr sprecht, werdet ihr einen Wind lassen, werdet ihr furzen! Vielleicht werdet ihr dann lernen! Es gibt viele von ihnen. Ich sagte, ich werde mich in solche Dinge nicht einmischen. Er sagte gebt mir Erlaubnis. Ich sagte, ich bin nicht derjenige ihm Erlaubnis zu geben! Es gibt viele Heilige die Erlaubnis geben. Ich mische mich nicht ein! Wenn einer

befiehlt, bei jedem Treffen dass sie betreten, werden sie wenn sie ihre Rede beginnen, pfft pfft machen! Wenn Qutbu-l Mutasarrif befiehlt, lasst sie furzen, wird niemand in irgendeiner Organisation reden können! Wenn man uns wütend macht, können wir das auch tun! Ich sage nicht ich, aber unsere Menge kann es tun. Während sie in ihren Treffen reden, machen sie pfft pfft! Nicht nur Winde lassen, sondern sogar mehr! Sie werden sich nass machen! Wer seid ihr? Ich bin nichts aber ich kann denjenigen die fragen, zeigen, wer ich bin! Leere Zylinder! Es gab einen Hoja der lehrte. Aber seine Schüler bereiteten ihre Stunden nicht vor und arbeiteten nicht. Aber sie kämmten schön ihr Haar. Hoja Efendi sagte, "was sollen wir tun? Gut gekleidete, gut aussehende leere Köpfe!" Ihr Haar war sehr schön gekämmt. Und der Kopf? Leer! Nichts darin! Die Strafe die diese verdienen, sie wird zu ihnen kommen. Wartet und seht, Rajab kommt! Im Namen von al-'Alim Allah (swt) und und um Rasulullahs (sas) willen, und der Religion, die der Geliebte (sas) brachte, werden wir diese Strafe über alle diese bringen, die dem Islam entgegen treten und ihn nicht respektieren. Ich bin nichts! Aber eine Moskito kommt zu deinem Körper und lässt eine Mikrobe dort, wofür sie keine Heilung finden! Eine Moskito! Und ich bin kein Moskito! Ich bin nichts, aber wenn die Erlaubnis gegeben wird, können Heilige Millionen mal mehr tun als eine Moskito. Wie viele von ihnen gehen nun umher. Sie werden die Leute zurück in den Kreis des Adab bringen. Oh Ekmeluddin Bey! Sprich darüber. Du verstehst Türkisch. Wenn nicht, werde ich es auch für dich machen. Im Treffen, während du sprichst... Lasst es Könige oder Prinzen oder was immer sein, alle werden es tun! Wie viele von denen sind in heiligen Plätzen. Sie sind still, aber wir haben Erlaubnis, laut zu sprechen! Oh unser Herr, vergib uns. Akzeptiere uns als Deine Diener. Unser Ziel ist es, ein Diener für Dich zu sein, oh unser Herr! Es ist nicht für diese Welt. Derjenige der dieser Welt nachrennt, rennt einem Gerippe hinterher. Wir haben kein Begehren inshaAllah für die Welt. Oh Muslime, kommt zusammen und ruft, "Oh Du Der die Erde und die Himmel besitzt, oh unser Allmächtiger Herr." Wir sind Diener, also seid nicht stolz auf eure Größe und Macht. Größe gibt es nur für die Glorie von Al-Haqq den Allmächtigen (jj). Wagt es nie, in seiner Position zu sitzen. Bildet euch nichts auf euch ein. Heute setzen sie euch an die Macht, morgen werfen sie euch ins WC! Seid vorsichtig! Die die gegen Islam sind, seid vorsichtig! Wenn Shah-i Mardan Bismillahi r-Rahmani r-Rahim sagt und mit Dhul Fiqqar schlägt, wird kein Kopf an seinem Platz bleiben. Alle werden fallen! Fürchtet euch! Rajabul Sharif kommt! Aman Ya Rabbi! Tawbah Ya Rabbi!Tawbah Ya Rabbi! Wer sich vor Europa, Amerika oder Russland fürchtet hat keinen Iman (Glauben). Eine Person ist genug, um sie zu stoppen! Diese und ihre Köpfe, ich werden ihre Hosen tropfen lassen! Tawba Ya Rabbi, Tawba! Wir rufen und Er lässt uns sprechen. Wenn sie nicht zu ihrem Verstand kommen, Alim Allah, viele Heilige können das mit ihnen machen. Sie sind weit gegangen in

Ungehorsam. Sie wollen keine Himmlischen Befehle mehr. Der Befehl Shah-i Mardans ist in ihren (die Heiligen) Händen. Jedoch benutzen sie kein Schwert wie Shah-i Mardan. Wovon ich spreche ist ein großer Fluch. Lasst diesen Vorkehrungen treffen und zu dem Treffen gehen um zu sprechen. Wenn ich nicht seine Hosen tropfen lasse, bin ich kein Mensch! Tawba Ya Rabbi! Ich rufe nach Glauben und Religion, wegen meiner Furcht vor Allah und meiner Scham vor Seinem Glorreichen Propheten (sas). Oh Ägyptische Gelehrte, seid vorsichtig! Ich werde das gleiche mit euch machen! Lasst eure Hosen tropfen! Der Stift der meine Sünden aufschreibt, schreibt nicht mehr (wegen meines Alters). Oh unser Herr vergib uns. Schicke uns denjenigen, den Sultan der uns den Weg zeigen wird. Dieser Shaytan macht aus jedem einen Dummkopf. Lasst uns sein Königreich zerstören! Lasst es auf seinem Kopf zerstören! Oh unser Herr! Vergib uns. Wir sind alle Sünder. Schicke uns die Heiligen, die uns Deine Schönen Wege zeigen werden. Lasst uns uns ihnen unterwerfen! Lasst uns schöne Tage haben! Mögen unsere Nächte gut sein, und unsere Tage ehrenvoll. Mögen wir keine Traurigkeit haben, lasst uns glücklich sein, lasst uns voll von Nur sein. Lasst uns majestätisch sein. Du bist Rabbun Jalil Ya Rabbi. Und die Diener des Ruhmreichen Herrn können nie Schande über sich bringen. Du bist Subhan. Du bist Sultan. Vergib uns. Um des Meistgeliebten (sas) willen. Auch er (sas) lacht! Shah-i Mardan und die Gesegneten Hohen lachen über diese Sohbat. Was sollen wir tun? Wir sind zu nichts anderem gut! Aber wenn sie uns in Ehrfurcht kleiden, tun wir alles! Allahu Allah Allahu Allah Allahu Allah Allahu Allah Allahu Allah Allahu Allah Rabbun Dhul Jalal, Allahu Allah Rabbi Dhul Jalal. Du bist Subhan Ya Rabbi. Fatiha.

## Empty proudness

The devil is making you big. Those who are ignorant, the devil makes use of their ignorance and then that one is going to be in trouble. Benefit comes from Allah, but, if you are keeping that advice, the devil is saying; “You’re keeping that advice? You are going to be small. This is not for us - we are big, great people. We don’t need any advice.” And that one is saying; “ I am an exception. I don’t need any advice. I am a great person, I know everything. What we need, we know.”

If you are keeping the advice that we are giving you here, the advice of the Prophet (peace be upon him) and the holy people, then ego is going to be low, they keep themselves small, they are ready to take advice. Then Allah is going to open a door for him to take advice. Allah is not leaving (him or her) without any gift.

Most 20th century people, they like themselves. They think they are great... nobody is accepting any other position than to be number one. - in every meeting, everywhere they want to be number one. There is no number 2, 3,4, or 5. But in this world, there is not (just) one number; everyone cannot be number one. Everybody going to university to be number one. If they finish at high school they are not going to be number one, that’s why they are going to the university after high school. They finish university, they are not satisfied with it. There are so many people around us who are also graduates. They are not number one. Afterwards

they are going to have an MSc or PhD. There is nothing in their study. The only reason they are doing this is to be number one.

Religion comes to show man his proper size. People look at what prophets do. They think that prophets are going to put them down, but people want to be great, so they reject prophets. And, in religion, there are so many people who are proud because they followed religion. They like themselves, they don't like others although they are in religion. The sufi way (tariqat) takes away the pride of the shariat people so that they can find their true size.

There was a Sheikh in Islam who had the highest position in the religion and in the Ottoman Empire. He came to (one of the) Naqshbandi Sheikhs and was asking what kind of service (he should do). The Naqshbandi Sheikh said to him - "You should clean the toilets at the big mosque. " If you're saying "No!" - his pride is not yet finished. The way to cure this illness is to clean toilets.

Our aim is to take away empty pride from human beings. This empty pride is destroying them. Pride makes the human away from other humans. The one who has empty pride must be alone. Number one is the only person. Everyone wants to be number one. If everyone wants to be number one it is impossible There are millions of people in the world it is impossible for all of them to be number one. There is going to be a crowd of people. No pride. If you destroy pride, he is not going to have any aim to be number one – then every title suits him.

**Das Ende des technologischen Zeitalters**

Im Namen Allahs, des Gnädigen, des Allbarmherzigen.
Die sich immer weiter entwickelnde Technologie in den westlichen Ländern Und in anderen, wo sie ebenfalls fortschreitet, will die Menschen zu Robotern machen, die unter ihrem Befehl stehen.

Die Menschen hier sind sich noch immer nicht dieser unglaublichen Tatsache bewusst. Sie sind immer noch nicht aufgewacht. Sie verstehen nicht, daß die Technologie Sklaven aus ihnen macht und sich selbst zum Gott erhebt, zum Gott der in Roboter verwandelten Menschen. Jeden Tag verlieren die Menschen in den zivilisierten industriellen Ländern ihre Fähigkeiten der Sinneswahrnehmung mehr und mehr. Ganz allmählich und kontinuierlich geschieht dies, daß die Menschen Robotern ähnlich werden, indem ihre Sinne abstumpfen. Ihre spirituellen Eigenschaften haben sie fast völlig verloren. Der zweite Schritt ist jetzt der, daß sie die Wahrnehmung ihrer Sinne verlieren und ihre Gefühle so verarmen, bis nichts mehr bleibt.

Die Technologie nimmt den Menschen alle guten Eigenschaften, sie nimmt den Segen hinweg.

Deshalb wird, wenn die erwartete Intervention der Himmel kommt und Al Mehdi erscheint, mit seinem Ruf ‚Allahu Akbar', als erstes der Technologie ein Ende gesetzt werden. — Das darauffolgende Jahrhundert wird ein Zeitalter voller Wunder werden und das technologische Zeit-

alter wird beendet sein.

Alhamdulillah, ich selbst habe nie gelernt wie man Autos fährt und weiß auch nicht wie so ein Kassettenrecorder funktioniert. Nichts verstehe ich von der ganzen Technik.

Die Technologie vereinzelt so, daß jeder wie in einem Betonkasten eingesperrt ist. Man sitzt zusammen, aber du sitzt in einem Betonkasten und ich sitze in einem Betonkasten. — Selbst bei Mann und Frau ist es nicht anders, sie sind zusammen, aber sie sind sich verschlossen, öffnen sich nicht einander.

Das ist der Grund, weshalb man heute unverbindliche Freundschaften vorzieht. Wenn man ihnen sagt, sie sollen heiraten, sagen sie: ,,Nein. wir möchten jeder in unserem Kasten bleiben. Wir wollen diesen nicht aufgeben und zusammen in einem Kasten sitzen! Später kann ich mich dann wieder mit einem anderen Kasten zusammentun.“

Es gibt keine Aufrichtigkeit mehr aus diesem Grund. Wenn man dies noch nicht einmal zwischen Mann und Frau findet, wo soll man es sonst noch finden. Wenn man keine Aufrichtigkeit zwischen Geschwistern findet, wo soll man sie sonst noch finden. Wo soll man noch Aufrichtigkeit finden, wenn sie nicht einmal mehr zwischen Eltern und Kindern existiert!

Der Prophet — Friede sei mit ihm — nannte es als Zeichen der letzten Tage, daß die Beziehungen zwischen Eltern und Kindern aus Eis sind, Bergen von Eis, Die Kinder können nicht mehr zu ihren Eltern gehen mit ihren Anliegen; sie empfinden nur noch Kälte ihnen gegenüber und so laufen sie zu fremden Menschen, um mit ihnen Nähe zu erleben. Aber niemals gehen sie zu ihren Eltern, um liebevoll, nah und aufrichtig mit ihnen zusammen zu sein.

In früherer Zeit, als unser Glaube noch stark war in den islamischen Ländern, gab es große Häuser überall, Und die zehn Kinder, fünf Töchter, fünf Söhne oder auch mehr, wuchsen in diesem Haus auf. Nach der Heirat blieben die Söhne mit ihren Ehefrauen dort. Ein Paar bezog einen Raum. Alle zusammen lebten sie im gleichen Haus, alle waren freundlich und liebevoll miteinander; alle zusammen saßen am gleichen Tisch und aßen miteinander und niemand dachte daran zu flüchten und das Elternhaus zu verlassen.

Wenn heutzutage jemand ein Schloß mit 40 Zimmern hat, dann ist es ihm oft noch unzumutbar, diese mit seinen Eltern zu teilen. Es erscheint ihm eine zu große Belastung und sie werden fortgeschickt, woanders zu wohnen.

Der Glaube gab den Menschen untereinander Aufrichtigkeit, Liebe und Respekt. Geht er verloren, geht der Respekt, die Freundlichkeit und die Liebe mitverloren. Alles Leid, alles menschliche Elend entsteht aus dem Unglauben. Der Unglaube lässt alle guten Eigenschaften in den Menschen vertrocknen.

Und so sitzt jeder in seinem Betonkasten oder seiner Stahlkiste und auch wenn sie nahe beieinander sitzen, so können sie sich doch nicht erreichen, fürchten sich voreinander, hören sich niemals zu, gehen niemals aufeinander ein.

So wie Allah sagt — ‚taubstumm und blind'. Sie haben Augen, Ohren und eine Zunge, aber wie willst du sehen, hören, oder mit jemandem sprechen, wenn du in einem Betonblock sitzt. Es ist völlig unmöglich.
Wir haben nur kleine Spielzeughammer aus Plastik zur Verfügung, wie können wir damit eine Betonwand brechen?

Es bedarf eines größeren himmlischen Hammers, um das zu tun. Wir

sind viel zu schwach. Wir sind so schwach und daher hoffen wir auf eine himmlische Intervention auf diesem Planeten.

Uns ist durch die Überlieferung berichtet, daß bevor Mehdi aleyhi salam kommt, die Stimme des Erzengels Gabriel wie Donner ertönen wird der die Erde erzittern läßt, um diese Betonkästen und Blöcke aufzubrechen. Und die, die noch immer standhalten, die werden, wenn sie sein Takbir, sein Allahu Akbar hören, zerbrechen, spätestens beim dritten Mal. Dann werden alle Standbilder und Statuen und alle Falschheit fallen.

Es muß eine göttliche Intervention kommen, wir haben es nicht mehr in der Hand.

Wir bitte unseren Herrn, diese Tage erleben zu dürfen, und wer darum bittet , dem wird es gewährt werden.

Wa min Allah at — taufiq

# THE ENDLESS ARTISTRY in the ENCHANTING UNIVERSE

We live in a world and we are surrounded by a universe. We are in such a centre that from every direction we are surrounded by a universe; some part of it we can see and some of it we cannot. We say that there is space. In space we look at the lighted dots and we say that those are stars, suns, galaxies, and between each one there are huge distances. What do scholars and scientists say? Are the distances in between, huge distances, empty or full? What do they say?

We look and say, “It is empty.” Then I say, “Empty? If it is empty, is it something, or not?” We see only some dots of light and black darkness. Is it something or not? If it is empty, it means it is nothing; if it is nothing, how are so many galaxies and stars and suns standing or running or spinning in nothing? If it is nothing, everything in it must be nothing, also. Something in nothing – how can it be? I think about it so many times, but what is the answer? Thus it is a strange thing; a surprising universe, this universe. How are galaxies moving in nothing?

Allah Almighty, the Lord of the universes, calls people to believe in the Unseen. We must believe in unseen worlds, in unseen universes, in unseen creatures, and in an unseen Creator; otherwise we must leave our minds and go without mind, we must deny our mental faculties. As we have

been created, we must believe. Allah Almighty created this world to be a station for us; we may put our feet on it and go on.

The whole universe is swimming in the endless Power Oceans of Someone. Even if you do not accept to say “God” or “Allah,” you must know and you must accept this fact; to believe is one thing but to accept is something else. We must accept that the whole universe is swimming in an endless Power Ocean of Someone because those Power Oceans must belong to Someone since you can’t find the smallest part of a place in which there is no power. To the extent that matter is small, there is an immense power concentrated in it, huge power stations in the smallest particle of matter.

Now, there must be endless knowledge for that Someone. If He doesn’t have endless knowledge, nothing can appear in existence. We have a saying in Arabic, “Fa fi kulli shayin lahu ayah,” - that in everything in existence there are signs of Allah. Even if you look at the smallest particle of the universe – the atom, as we know – it has a very amazing structure in itself. You can fill a library with that atomic knowledge. That is the structure of the universe which we see. It is impossible for even the smallest particle of the universe to appear in existence without its carrying endless knowledge or pointing to its Creator’s endless knowledge.

Then, that universe which appears in existence also points to Someone’s endless artistry. That Someone must have endless art; without knowledge of endless art, He can never bring into existence even the smallest part of this universe. Yes. You look at this building and you say that the architect, who built such a building, is a powerful and great one. And the whole universe indicates the fact that Someone must possess the most perfect artistry. If you do not accept this, you must give up your mind or your mental faculties. You must give them up; only then can you deny this. Otherwise you must accept.

Then, also, we must accept that for that One, for that Someone, there must be endless will. If no will, if this vast universe exists without a will, how can there come from Power Oceans such a hashmah, greatness, in such a “charming” universe? Without will, how is it going to appear from endless Power Oceans? Therefore, for that Someone there must be endless Will Oceans,

and reason and logic, say that this must be so.

We must accept, if we are people with minds, that for that Someone there must also be vision. Who says that the one who made this instrument – tape recorder, was a blind man? Can a blind man do this? Never! The vision of that Someone must be endless because it is impossible for a blind someone to make such a charming universe. No, never! He is that someone who sees the inside of atoms and the outside of atoms, as He looks at the inside and at the outside of everything, because otherwise it is impossible.

Then, we must also accept that this Someone must be someone who hears. Without ears he is able to hear. From every part of creation, from every place in the universe, He must hear because everyone or everything in existence is calling out to Him and asking from Him. If He was not hearing, He would not be able to give everything what it may be in need of to exist; so He must have endless hearing so that He can meet everyone's needs.

That One, that Someone must be. And that Some one cannot be two or three because if there were two or three or more, one would order, and one cancel. Thus, firstly, philosophers, by the way of their minds, look and say concerning that Someone in the universe, that the most perfect coordination exists in everything. Such great order exists among all things that this universe would not be perfect if even one atom were to be out of existence. There is such tremendous ordering and coordination, throughout the entire universe. And they give a name to that Someone.

We are now using the way of minds to find an Owner of this universe because we are not its owners. No one can say this because Someone may take it away from us and it will be gone. Who can claim that this universe is his? But then we must ask, as to whom does it belong?

That is a question for everyone who has a brain in his head to think on. Therefore, we are asking for that Someone. There must be an Owner, and we are using the way of minds now to find Him. The mind has now realized that there must be an Owner with such attributes and that He must have endless Power Oceans, He must have endless Knowledge Oceans, He must have endless vision, He must have endless learning, He must have endless vision, He must have

endless art, He must have endless will. You may use any name for that Someone, but we say that He is Allah Almighty, that Someone – God Almighty, our Lord, the Lord of the universes, the Lord of the Sons of Adam, the Lord of every human being, past, present and those that are to come in the future.

## Endless Dimensions Interwoven

(Mawlana Shaykh stands)

Allahu akbar, Allahu akbar, Allahu akbar la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd!

Alfu salaat, alfu salaam, thousands and thousands praising and glory on most honored and most beloved one in His Divine Presence, Sayyidina Muhammad (s). We have been honored to be his nation. O our Lord! Forgive us, and grant us from Your endless blessings so that we can be good servants for You, for Your heavenly levels, servants.

(Mawlana Shaykh sits)

As-salaamu `alaykum our listeners through east and west, from north to south. Divinely orders coming to heavenly orders, and heavenly orders through prophets, messengers, are erreaching on this planet. Everything in the Divine Presence: •••••••••••••••• ••••• •••••••••••• - laa maqtu`atun wa la mamnu`a - Whose season is not limited, nor (supply) forbidden, Al-Waqi'a [56:33]

Nothing going to stop and then beginning. Everything from heavenly levels reaching on earth without stopping, coming never-ending, never-ending, because our Lord's Creation is never-ending. Non-stop. Never

stopping.

And we are calling a support from our master, master of our planet, dunya world, that this planet under his command is running. Did you see any car without a driver going? Can't be. How is your Lord accepting that this planet, that we are on it, is moving by itself and directing itself by itself? Impossible. Must be someone that is sending this planet up to its last limit. Yes, this world just appointed to reach to a limit, but limits never-ending. Reaching a limit and then starting a new direction appointed through heavenly masters. And heavenly masters they are using one from holy ones.

Who are holy ones? Holy ones, they are clean ones. If a person not going to be clean, can't be holy one. And without going to be a master, must be clean also. Because the darajat, stations, never-ending from one to the second one. That one, that master, must be prepared so that he may get up on another level of heavens. Heavenly levels, for levels also we are knowing only seven levels, but every level going to open to another level that can't be known until a person is reaching to that level, and there is not an end or limit to those heavenly levels. Up and up and up, getting more. Because the Lord of Heavens, He is that One that is giving and His giving is never-ending. For giving or for granting, Allah Almighty, He likes to grant. Therefore, never-ending grants from Allah Almighty to His new creations. Allahu akbar!

O our listeners! Try for an understanding. I know everyone has a level of understanding, but mostly people are not trying to reach their real level of understanding. Always they are downstairs. Leave that, to be down. Try to go up, up! Because your Lord's grants are never-ending. Now we are saying for our master, who is looking after this planet according to holy commands through heavens, making its way on that direction. How many directions? Countless. We know six directions: right, left, front and back, up and down. But, according to our levels, you can't be able to bring a number for directions. Now we are living on this planet through three dimensions. And we think that no fourth dimension? When Einstein was thinking on it, he was just going to be mad. Can't be able to bring an understanding on it because you are through dimensions. Oh, and he was looking and understanding a little bit and he was saying, "Why is it only three dimensions? Who is making them to be in prison through three dimensions?" It is not possible to be a fourth dimension and after fourth there is five, after five there is six, after six there is seven, after seven there is eight, and after eight there is nine? And after that there is going to be one and zero.

If reaching a person to that level and looking and seeing, there is only One, and in front of One, all zeroes. One is only for the Lord of Creation. In front of Him everything is zero! When you are going to be zero, you are taken to another level, that its dimensions just this and this. (Mawlana Shaykh puts his hands up, with palms facing his chest, fingertips to fingertips ) Mixing, opposites. Opposite dimensions going to be appeared. And therefore, our mindly understanding is in limits; perhaps it may be in limits of an atom. You will look through an atom and you may understand something about that levels. If you are not coming in it, you are never going to understand anything. Yes, when you are entering an atom's saha - spacious area - that atom is in it. Atom can't be in a circle surrounding it, but atom is never understanding what or which thing is covering it and circling it and catching it in its origin.

Therefore, now as long as we are getting up and getting higher from one level to another level, from that level to another level, our knowledge growing up. First we are looking our real being and we are looking and seeing that our real being is zero! Zero. But that real being only for that One. Not anyone has a being or real being in himself, in herself or in itself. No, never! Therefore, when a person is really getting up, is understanding that there is only One. And when they are looking that One they are understanding that they are zero! Zero. If not One, there is zero. Also, if that zero is going to be on left side of One it is zero. Nothing. But One in front, zero is getting a being, appearing as something. But it is zero. One in front of zero makes ten. Two zeroes going to be 100. Three zeros going to be in front of One, 1000. That zero getting higher and same time understanding its being not a real being. Coming and opening to that one an understanding, "I am zero but what is this beings around myself? I know I am zero." (Mawlana turns and asks, "But what is sky fires they are throwing up") Fireworks. Saying, "I know that I am zero, but same time I am knowing that I have been granted something. For honor of One, I am granted so many countless values and pleasures and knowledges and lightenings and so many grants coming to me endlessly. And I am nothing."

That one going to be holy one, not any other one going to be holy. Yes, that holy one must move as holy commands ordering that one. Therefore, they are not making any mistake. They are always on sirat ul mustaqeem, right path. Not like this, like that. No. And that is holy one. And the Lord of Heavens He is ordering to His straight ones, holy ones in His Divine Presence, "Let My servants to be right ones. I am giving to them from Holy Oceans something, something." No one can know what coming from that Grants Oceans to holy ones. Holy ones going to be through that oceans, disappearing, and ocean going to be with them and

they are going to be with ocean - not any separation there. No "I am" or "You are." No. Finished! And holy ones that had been sent from heavens, they are true ones. They are really reaching Holy Oceans beyond our universe. Beyond, they are saying. Beyond any limit they are coming to us.

Therefore, we are asking from our master a support and also a teaching and also to teach who is hearing. Who is hearing, taking something. Who not hearing, they are going to be deepest position of creations, rocks. Rocks and those ones going to be same. No honor. And you are now on a rock. Leave rock and try to arise. Arise. Arise.

Therefore prophets coming from heavens and their commands coming from heavens. And heavenly commands making for you a special path for reaching for your special being through that heavenly level. Allahu akbar! May Allah forgive us.

As-salaamu `alaykum once again! That salaam cleans you and cleans me also and taking from you dirtiness. Each time you are saying as-salaamu `alaykum that is taking your ugly being, taking from you and you are going to be seen through heavenly beings so bright, so enlightened, and so praised. SubhanAllah! And now we are speaking, they are making me to speak such a things to show you the level that you can easily reach. When you are reaching first level, you are going to be in that level ornaments. Heavenly addressing: •••••••••• ••••••••• - wa thiyaabaka fathahhir - "And your garments do purify." (74:4), Clean yourelf first to reach to the first level. And for the second level there is another order to change your clothes and prepare yourself for the second level. When reaching , another addressing coming, wa thiyaabaka fathahhir. Clean yourself, be ready for getting up on third level, fourth level, fifth level, sixth level, seventh level. That levels only we are speaking something on it, but it is impossible without reaching with our real being.

Because no one is reaching to heavens with this physical being; he must come in touch with his heavenly being. If not heavenly being, you may be like a plane with no motors in it, but only it has a small machine. It may go up and down on runway, go and come, go and come. But when coming heavenly being to you, then this power taking you up to second level. And when you are getting enough kamaal, perfection, coming another power, taking you up to the third level, fourth, fifth, sixth and seventh. Seventh level, that is for common people's last point; they should reach no more up. Because after this there is some special creation to pass from that to there, and up through seven levels. Heavenly levels you may move countless directions,

not only four directions or six directions, no. Countless directions!

You can reach on your level east and west, north and south, up and down. Oohhh, countless! Allahu akbar. You should be enjoyed there. Only for some ones, they have speciality. After seventh there are special beings that they are carrying reality of being deputies of the Lord of Heavens. If not, never getting up. May Allah forgive us.

O People! We are saying now a`oodhu billahi min ash-Shaytaani 'r-rajeem. It is time to say this, a`oodhu billahi min ash-Shaytaani 'r-rajeem because Shaytan asking to make people to come down to darkness territories, and he is so jealous for Mankind that he never asking anyone for Children of Adam to improve up. Therefore, he is asking to take them down and down and down and down through darkness territories of dominions. Allahu akbar. Therefore, O people, we came now to say a`oodhu billahi min ash-Shaytaani 'r-rajeem. Remember what you have heard of such a thing and try to understand. And what we are saying, it is very simple. If we are moving a little bit up, no one can understand. And Shaytan trying to make people to move through darkness territories of Creation, of dominions. And we may say bismillahi 'r-Rahmaani 'r-Raheem. That is the key or that is label written on it, "This one just appointed to reach first level of heavens. Give way!" Bismillahi 'r-Rahmaani 'r-Raheem. And as long as you are saying bismillahi 'r-Rahmaani 'r-Raheem, a new opening for you. Saying the door keeper from angels, "Open, a new one coming. Open for him the ways of second level of heavens or third, fourth, fifth, sixth or seventh."

Try. At least you may say, "We are listening and we are happy. Even if we are not understanding anything now, but we like an opening for us to go up, to rise to endless lightening levels of heavens." You should be granted. May Allah forgive us for the honor of the most honored one.

Dome dome dome dome 4x

O People! For every level of heavens there is an independent territory that never going to be first one. Second going up. Therefore we are here, saying a kind of music and the praising of angels through heavenly levels. Ohhh, ohhh SubhanAllah. You are saying, "What you are saying, some kind of nonsense," but people they are saying it is good for our souls. I know it.

Dome dome dome dome 4x

I like to be for me like David's song, that when he was reciting Psalms mountains was coming and singing with him. Trees singing with him, birds singing with him - so beautiful sound! And through that levels you should hear, inshaa-Allah. We may hear, but hear only through a full with dirtiness world what we are saying. We are saying only -

Sultan Shaykh Nazim: Allah Allah. Universe bihaalu.
Shaykh Hisham: Allah ya`ateek al-quwwah.
Sultan Shaykh Nazim: mithla maa taqool yakoon lakum kadhalika
Shaykh Hisham : maraja albahrayni yaltaqiyaani [55:19]. He has made the two seas to flow freely (so that) they meet together
Sultan Shaykh Nazim: maraj bahr al-wilayah wan-nubuwwah.
Shaykh Hisham: Mawlana, you didn't leave any ocean we didn't enter it. That is not an ocean, that is fada, universe of oceans.

# ENDLESS POWERS OF THE CREATOR OF THE UNIVERSES

May Allah make it possible for us to use our power for His Pleasure, to make every moment and every action for His Pleasure. To be able to do that is the biggest blessing from Allah Almighty to his servant. His servant should look at his actions and ask himself if it pleases Allah. It is like when you put a projector on an ant and you can see all its actions. In the same way Allah Almighty is looking at you. Wherever you are running or going, the Divine Projector is on you and will see everything. Allah is looking on everyone, not only on all of mankind, but on every living thing in existence. On everything! If the Gaze of Divinity wasn't on it, it couldn't be in existence. If it wasn't looked after and protected, how could it be in existence? Whenever you ask, "Does He really know all these things?" He must know! He knows the size and consistence of every atom, every electron and every nucleus. He knows the inside and the outside! That is the greatness of Allah Almighty. He also knows where everything is, in the third, fourth, fifth, sixth, and seventh dimension. You can't even imagine more than three, but He knows where every atom in the universe is and where it is running to.

What are those foolish scientists doing when they are comparing Allah to a man? They think that the Lord of Creation is a man who has been born! He was never born. You cannot even know where all the people in London are at this moment. How could you know the position of atoms in this huge space with its millions of galaxies, quatrillions of stars and suns? All of them consist of atoms. No-one is thinking about this. If you

think of His Greatness you will become humble and forget your pride and understand that you are nothing. Compared to the greatness of this universe our world is like an atom.

Even if you take all the imaginations of the world together, you can still not imagine greatness of this universe. Beyond three dimensions you cannot even understand the directions any more. So how can they even try to imagine the Lord? What kind of foolishness is that? Everything imagined concerning the Lord is false. You cannot even imagine the greatness of this universe, so how can you imagine the Creator? How should an atom be able to imagine anything about you? Maybe it can, but you cannot imagine the Lord of Creation, the Lord of the Universes! We must correct our belief, Muslims too! They think that there are Seven Heavens and that they then can find Allah. The Seven Heavens and the seven earths compared to the sight of the Divine Chair is like a ring on earth thrown into air. Can you find it? You might be able to find the Himmalayan Mountains, but not the ring.

The Seven Heavens are so small besides the Divine Chair. When the Chair is compared to the Divine Throne, it will just look like a candle amongst endless candles. If the Divine Throne would claim a greatness for itself, Allah would create an angel like a snake and that snake would cover the Divine Throne. The head would be up and the tail down, but the Divine Throne would be so small that it would be lost in the middle. This gigantic snake would be trembling from the greatness of Allah.

Oh people, you must understand something about the Greatness of Allah. You must say, "Oh, our Lord, we are so small, we are nothing. You have put us into existence for the only reason that we may praise you. We are nothing."

These are some new teachings concerning the Divine Knowledge of Allah. These are such deep oceans. It is enough honour for you to know this much. May Allah bless us and give us more understanding. Every time when we get more understanding your soul will be in pleasure and that makes your Lord pleased with you.

## Endless thanks to Him, Who created us

Alhamdulillah wa shukrulillah- endless thanks to Him, Who created us from the generation of Adam, the nation of Ibrahim and the Ummah of Muhammad sws. He has given us this mery and favour. Every creature has a value, and from the smallest seed to the biggest galaxy everything in creation is happy and joyful that they have been created, and they make Tesbih. Only man, for whose sake everything was created, is not praising the Creator when he should be the first one to give thanks. But people have no more sense for spirituality, they are only after eating and drinking and more amusement. But now every day their 'pleasures' will loose their taste...

People are eating one another, they want to kill each other. The only effort of all governments is to spend all their money for weapons to kill their ennemies. And actions are judged according to the intention behind them. But Islam came to guide people to the true life, to goodness. Islam makes the world like paradise, without Islam the world is like hell. In 24 hours so many things happen that make everything upside down. Evening time the

news are different from the morning. The 'big' ones at the top cannot sleep anymore, Allah has made sleep Haram to them.

There is a place that you can be in peace in the middle of fire- it is the heart of a believer. Who is not Muslim, will be hit by something. So many people will not reach to the next Ramadan. Allah is asking to make this world like a paradise, but people are refusing... Listen to my words, they are not empty words! We all need to listen to this. Who is asking Paradise- come to Islam!

Now it is decided- who wants to remove Islam, will himself be removed. The doors of hell are opened in Dunya. Now Shawwal is coming- and so many terrible and fearful events will happen. A big storm is coming... In the time of Noah a.s. there was a huge flood, and now, at the end of times, it is said that people will burn each other by their own hands. Has Allah created you to produce those weapon and kill each other? In Islam fighting is only to kill snakes. To kill harmful animals is a duty. Now Allah's will and order is coming on the world. People have become sadists, they enjoy to see others suffer. They are terrorists, and they are marked from up as an aim (for the divine arrows of revenge). The wolves among the people have increased, also the foxen, shakals and snakes... From the eyes and tongues of those people comes poison on others. They look like human beings, but inside they are like wild beasts.

You must ask: 'O Allah, don't write us from among them- we have no bad intentions against others.' People all have become like Nimrod- they claim to be gods on earth, they don't want Allah to interfere in their dealings. Show me one person that doesn't have this characteristic to say: 'I am god, and I can oppress those below me.' This is how people are dealing with each other and they will destroy one another.

But there are also some special servants of Allah- and these people will be shown to them as an aim...The world will be cleaned, and Islam will rule the world. Islam will conquer the hearts of people before the year 2003. All other religions are 'out of date'. And unbelievers are slaves of Dunya. The 21st century will not be completed- Quiyamat will happen during this century... Akhirat has come so close...

Look after yourself and your intentions, to have a good end of your life. Tomorrow is the last day of Ramadan, and tonight we will pray the last Terawih prayer. May Allah make you to reach many more Ramadans. But Allah does, what He wants... Look after yourself... What we say is from the Holy Quran, from the Hadith- we are in the last days of the world.

## The end of Technology

Rajab is a Holy Month and it is accompanied by Heavenly Powers. It brings us good news of Jesus*. He is requesting his declaration to be sent to the whole world: "The new millennium will be under my rule!" We have been informed of this by Muhammad* too. He told us that Jesus* will be on this earth for another 50 years. The time now until the year 2000 is a preparation for everyone to be woken up, for them to understand that the next millennium will belong to Jesus Christ*. He is informing us to pass this message on everywhere.

None of the rubbish of this century, all these 'isms', first of all democracy, will be thrown away. Kings will come back. Many kings are ready in their countries, but their tongues and hands are tied. They are not allowed to speak. They have been imprisoned, but they will be freed by the Royal Kingdom of Jesus Christ*. This is why a new group is evolving until the coming of Jesus Christ*. He has asked them to be called the 'Legion of the Royal Kingdom of Jesus on earth'. He wants every real believer of Muslims and Christians to be servants of his Royal Kingdom, because it will be the Kingdom of Heavens on earth.

This is a very, very important message. Spread it from east to west to every nation. His power is descending now. The powers of evil and of the devils will decrease until it reaches zero. It is a countdown. Be alert, the seeds of goodness are increasing. This is haqq. Evil will disappear. Up to the year 2040 and then 2050 Jesus Christ* will be here and rule his Heavenly Kingdom according to His Heavenly Commands. He will clean

everything on earth. Mehdi alehi salam will be with him for 7 years. Then he will pass on to Heavens. Jesus Christ* will pray the funeral prayer for him in Jerusalem.

Jesus Christ* will give the hidden powers of Heavens and of the Holy Quran to the people and spirituality will increase. People will be spiritual beings. Just like they are now mostly physical, they will be transformed 100% into spiritual beings. Luckiest are those who will be part of that time. Jesus Christ* will share his spirituality with all nations. Everyone will have miraculous powers.

Technology will be killed. The Anti Christ depends fully on technology with the aim of taking away all spirituality. That is why technology has to be stopped first. When that has been taken away, spirituality will appear. Now no-one can imagine the power of spirituality in comparison to technology. No-one will be interested in any technology! It will be put into the dustbin. Within one night all parts of technology will be collected by the jinn, put into a great sack and thrown out into space onto the heads of Gog and Magog! They will as usual expect it to be something to eat, because that is all they want. When they see the computers, TVs, fridges, washing machines, planes, cars and all that, even they will throw it away. They will be so upset by such a silly present, that they will want to come out of their prison to eat us raw. This is what is approaching. The whole world will be changed completely. Prepare yourselves! Don't waste your life!

I do not want to cheat you. I have been ordered to tell the truth. We are Haqqanis. If someone is happy with that, I am also happy. If someone is unhappy, we can put a saddle on him... The people of the 20th century are so pleased when satan takes them for a ride. May Allah forgive us and bless you!

## The End of Tyranny Is Near

(Translated from Turkish)

Mawlana Shaykh Nazim: Until Saahib uz-Zaman, Imam Mahdi (a) comes and takes ownership, we are keeping people busy. After his appearance, there will be a great opening, never seen before.

Guest: Are these days coming soon?

Mawlana Shaykh Nazim: Ooh, soon! There is only one war left, nothing else. They call it Malhamatu ‘l-Kubra, “the biggest Armageddon”. That has also been mentioned in all other holy books.

The Prophet (s) said:

La taqoomu as-sa`atu hatta taqtatila fi’ataani `azheemataani. Yakoonu baynahuma maqtalatun `azheematun da‘waahuma waahidah.

The Hour will not appear until there will be two enormous groups fighting each other in a colossal battle and their issue is one. (Bukhari)

The world will be divided into two: right and left, and between them will be a great war, maqtalatun `azheematun. Now the world is moving in that direction, preparing. We are now in the era of jabaabira, tyrants.

They asked our Prophet (s), “Yaa Rasoolullah! There is an ayaah in the Qur’an about you:

••••••• ••••••• •••••••••• ••••••••••••

Innaka mayyitun wa innahum mayyitoon. You are going to taste death, and they are going to taste death. (39:30)

It means all Mankind, those who have souls will taste death. “Yaa Rasoolullah,” said the Sahaabah (r),“Who will lead the ummah after you?” And he (s) replied, Sayaatee min ba`dee khulaafaun, “Caliphs will come after me.”

••••• •• •••• ••••• •• •• ••• ••••••• ••••• •• •• ••• ••••••• •••• •• •• ••• •••••• •••••• •• •••• ••• •• ••• •••• •••• ••••• •••• ••• •••• ••••

Sayakoonu min ba`dee khulafaun wa min ba`d al-khulafaun umarraun wa min b`ad al-umarau mulookan wa min ba`d al-mulook jabaabira thumma yakhruju rajulun min ahli baiti yamla'u al-ardh adlan kama muli'at jauran wa zhulma. There will come after me caliphs, and after caliphs will come princes, and after princes, kings, and after kings will come tyrants. Then a man comes out of my family who will fill the Earth with justice, just as it was filled with oppression. (al-Jami` al-Saghir)

Sayakoono, sayakoonu, sayakoonu: one-by-one he is giving news from the Unseen through nubuwwah, prophecy. He said, “After me will come khulafaa, caliphs.” Who are the caliphs? The four caliphs are Sayyidina Abu Bakr, Sayyidina `Umar, Sayyidina Usmaan, Sayyidina `Ali, and it finished with Sayyidina Husayn (r).

“Will the Day of Judgment come after them?” asked the Sahaabah (r) “There will still be some time,” said the Prophet (s). “Who will lead your ummah?” Sayakoonu wa min ba`d al-khulaafaun `umarraun, “And after caliphs there will come princes.”

After khalifahs, princes will come. The `umaraahs are the Umayyads in Shaam and the prince of the Abbasids

in Baghdad, `Amir ul-Mu'mineen Haroon ar-Rasheed, the Abbasids in Baghdad, and the Ummayyads in Shaam.

Then the Sahaabah (r) asked, “After that will the Day of Judgement come?” “There will still be some time,” said the Prophet (s).“Who will take leadership over the ummah?” Wa min b`ad al-`umarau mulookan, “And after princes will come kings.”

When he says “mulook,” it means Salataniyya Usmaaniyya; the Ottoman sultaans who have lead the ummah. “And who will come after them?” Wa min ba`d al-mulook jabaabira, “And after kings will come tyrants.” Those will come who reject Shari`ah, who reject Islam, and who will open a door for unbelief; they are the ‘tyrants’. Hence, the era of tyrants will come! When the Prophet (s) informed the Sahaabah (r) about what the Muslims will go through during those days, the Sahabaah (r) wept.

See what has befallen human beings in current events in Eygpt, Libya and other places! And we have opened a door for that as well. After Sultan `Abdul Hamid (was removed), cennet mekân, our people (Turks) have opened the door for tyrants!

There are two things in the Topkapi Palace; I don’t know if you have seen them. When you enter inside, there are two circles that look like the sun on the door. In one of them, the names of the Ottoman sultans were written, one after another. However, with Sultan `Abdul-Hamid’s name, the circle was full. So when it was Sultan Rashad’s turn to have his name written, they said there wasn’t any space left in the circle. He cried and said, “Put another circle,” and they did. He was the only sultan to rule under a constitutional monarchy system. After him, all doors were closed. Wa min ba`d al-mulook jabaabira, “And after kings will come tyrants.” The tyrants have certainly come! Now is the period of tyrants and dictators, because all of them are against religion and belief; they’re the enemies of Islam.

Our masters, the Sahaabah (r), cried for the Muslims of that period who will put up with so much cruelty and suffering, and asked, “Yaa Rasoolullah! Will the Hour fall upon them?” “No,” said the Prophet (s), thumma yakhruju rajulun min ahli baytee yamla'u al-ard `adlan kama muli'at jooran wa zhulma, “Then will come a man out of my family who will fill the Earth with justice just as it was filled with oppression.”

The Prophet (s) said, “No, the Hour will not come until a Man of great power, Saahib ul-Karamah, “the

Owner of Miracles," Saahib ul-Diyanah, "the Owner of Piety," and Saahib ul-`Adaalah, "the Owner of Justice," come from my pure lineage; he will be the Mahdi. He will come while the world is filled with zhulm, oppression, and he will destroy the oppressors and fill the world with justice."

Now the way belongs to him!

••••••• ••••• •••••••• •••••••

wa khaba kullin jabbara `aneed. ...and disappointed, (therefore he), was a very obstinate tyrant. (Ibrahim, 14:15)

"Every stubborn oppressor will be defeated." This is ayaatu 'l-kareemah. They are both tyrants and stubborn dogs; their end will come. Saahib uz-Zaman, who will appear after, will destroy them and raise the banner of Islam; from east to west, the whole world will become Muslim! Now it has reached to that point; one-by-one all tyrants are being pulled out (of their territories), wherever they may be, and soon it will be our people's turn too; it will come. Whatever rulers reject Shari`ah, they are tyrants and their works will not continue. Wa min Allahi 't-tawfeeq. We could speak up to morning. You were saying something before.

Guest: Effendim, is Mahdi (a) currently living?

Mawlana Shaykh Nazim: Of course he is living! He is only waiting for the order now.

Guest: Is he in Turkey?

Mawlana Shaykh Nazim: (Mawlana Shaykh looks surprised.) There aren't any awliya left in Turkey! Are there any awliya left in Turkey? You can't even find them in the cemeteries; they've all been transferred to Shaam due to the heaviness caused from tyranny. However, there are awliya in charge of guarding the ummah, and there are seven awliya in Turkey; no one knows who they are. These seven are kept there because there are people to be guarded, and for their sake those awliya remain there.

Now we are near. There is movement, but as it intensifies the approach of Mahdi's appearance comes closer. The whole world will be in chaos. They call it, "Armageddon," the Malhamatu 'l-Kubra. When that happens, as a result Mahdi (a) will takbeer, (Mawlana Shaykh stands) Allahu Akbar! Allahu Akbar! Allahu Akbar wa lillahi 'l-hamd! (Mawlana Shaykh sits) When he says that, all weapons and technology will stop, finished!

With only one takbeer he will end the technology they worship. That is what I am waiting for!

There is movement now. In the past, our mothers and grand-mothers used to pull out threads from old socks and recycle them for other things. Just like that, they will unravel like a ripped sock; they will finish and will not be given a second chance! Qaddafi keeps struggling; they call this, Hareket-i Mezbuhâne, like the kick of an animal upon being slaughtered. You would think that animal is alive, but no, his throat was slit. Now what Qaddafi is doing is an action of mezbuhâne, futile efforts. If he wants he may shoot half his people, but in the end he will get shot too, finished; he's convicted!

According to our knowledge or what we were informed, Mahdi (a) will emerge in the year of Hajj al-Akbar in Ka`bah-e-Mu`azzam. This year is Hajj al-Akbar. That's why they ask our permission to go for hajj, but we don't have the authority to say anything until Ramadan. Don't ask me until we reach Ramadan; I do not know. During Ramadan they will inform me whether to go or not. Therefore, now whoever asks, I haven't yet been given permission. If you want to go from your own (will), then go, but I cannot say anything now. In Ramadan, the world's situation and affairs will be clearer. Mahdi (a) will appear on `Arafat; as soon as he says takbeer, he will finish it!

So this is my hope. I've been waiting for Mahdi (a) since 1940, for 71 years. Thanks to Allah that He Almighty did not make me lose hope. I have hope to unite with him, for all of us to unite with him under his flag! What else is there to make du`a for? We couldn't achieve servitude yet, so then what is there above servanthood to ask for? To be beys and pashas, important ones? No, we want servanthood. Hopefully, inshaa-Allah, our hope is to be under the intercession of Prophet (s); there is no other way for us to be saved.

Amaan yaa Rabbee! Forgive us, yaa Rabbee, for the right of your most beloved and honored one, send us a saahib!

## The End of Tyrants and Beginning of Sultanate

Mawlana Shaykh Nazim: Allahuma yansuru! They strayed from the path, they went too far. They strayed from keeping divine orders, which is why it was sent upon them. Allah does not send (an affliction) upon anyone without a reason, and so much has befallen them! (...)

He shouldn't wait; let him come. Amna ’l-amaan, there is safety in Sham. On a tasbeeh, you can see that all beads are strung together. If you cut the string, they will fall off one by one. Similarly, these tyrants were all connected to each other, but he snapped it from one side and now all of them will fall off and there is no way to be strung another time, no. People, particularly Muslims, have learned their lesson that if they bring to power similar (disobedient) ones again, their punishment will double. After this, they will bring their kings, the sultans, and Mahdi (a) will accept them, as Grandshaykh (q) said, "Sultans will be the ministers of Mahdi (a).”

There is one sultan who will rule over the whole Muslim world as the khalifah of Mahdi (a). All other sultans will be in Turkey, Sham, Iraq, Egypt, Libya, Tunis, Jazaa’ir (Algeria), Pakistan... but Pakistanis are different. All will be under the rule of their own sultans, who will take permission from Mahdi (a) and move forward by his command. I am waiting for Sham now, their main castle. When Sham falls, they (oppressors) will all fall!

Hajjah Naziha: Inshaa-Allah. We are reciting, “HasbunAllah, RabbunAllah” everyday 100-1000 times.

Mawlana Shaykh Nazim: You are doing well. (Du`a)

•••• ••• •••• •••

Awwalahu sham aakhirahu sham, “The beginning of it is Sham and the end of it is Sham.”

Visitor: How can such a great power as the Ottomans end up being like this (present-day Turkey)?

Mawlana Shaykh Nazim: Because the time and Hour has approached. Inna Hu Hameedun Majeed! In Topkapi Palace, when you enter there is a kitabe, stone panel, with all Ottoman sultans' names inscribed. When the sultan went through the entrance, first he looked toward it (to show respect) and then entered. Its inscription begins with the name of Osman Gazi Sultan, and the name of each Ottoman sultan is inscribed. Sultan Abdul Hamid’s name was the last one to fill up the remaining space. When it was Sultan Reshad’s term to rule, our majestic sultan, they told him, "There is no more space left for your name." Sultan Reshad cried and said, "Then have them make a another one next to it." And in reality, Sultan Resshad was the only sultan who ruled under a constitutional monarchy system; therefore, his rule was not taken into consideration. He was excluded, and that was the end of the sultanate period.

(Prophet said) “After them, a time will come for the advent of jabaabira, tyrants,” the results of which we now see in Turkey, Russia (Stalin), Germany (Hitler), and finally it spread among the Arabs. All of them dethroned the sultans, which is to deny Allah Almighty, as sultans move in accordance with Qur'an `azeemu ’sh-shaan! These tyrants are all shaytaans who do not accept Qur’an al-Kareem and they are referred to as “the People of Hellfire.”

There is not a single act of outrage they haven't carried out. In this regard, leaders of Turks, Persians, Iraqis, Egyptians, Libyans and Hijazis are all the same: none of them implemented the law Islam came with and they all invented things according to their minds, saying, "By all means, we must be like western countries!" following ‘westernization.’

This is what they want and why they went after them, but when they did they became zero. Now people of the ummah are consuming one another. Why? Because they moved against the orders of Allah (swt) and his

Messenger (s)! He said, “Now they will intervene and will want to remove Qur’an al-Kareem. They will remove caliphate, sultanate, and Shari`ah, replacing them with the fabricated dirt of Shaytan! Therefore, all of them have plunged into the dirt of Shaytan: Egyptians, Libyans, Turks, Persians are all in it. They will not be eliminated until Mahdi (a) comes.”

Now time is very short. May Allah forgive us.

Fatihah.

They call it batililasma, "to be westernized," but in reality it is baatillasma, "to assimilate falsehood.' They have left haqq and are worshiping baatil, falsehood. There! They got what they deserved, first the Turks, then all others. May Allah keep us from being of them. We are not those who accept baatil, falsehood!

Fatihah.

## Enemies Of Islam

Before the appearing of Mahdi(as) there will be trouble among the Arab tribes. Troubles, fighting, wars, that is it. It took place already. All the Arab tribes are inflamed. Everyone is saying "me, me" and no one is thinking what our Lord has ordered. Most of the people they say, "the word of the nation is the highest & the words from Heavens are the lowest. Audhu Billah! This is the end result: Allah (swt) will wipe them away & will punish them and will teach them by means of one another, "or to confuse you (so you become) sects & make you taste the violence of one another."(6:65) - Words of the Almighty.

May Allah (swt) protect us. O people hold fast, hold fast to the rope of Allah (swt), the mighty rope of Allah (swt). "And hold fast all of you to the rope of Allah & do not be divided"(3:103). The rope of Allah is the Mighty Quran. Don't they understand Arabic, the Arabs? The rope of Allah (swt) The Magnificent Quran. Allah(swt) sent the Prophet(saws) of the end of times with the Magnificent Quran, which is the mighty rope of Allah (swt) so hold fast to it. If you do not hold fast to it, you cannot be saved in this world or in the Hereafter.

O my Lord You know best. All the Muslim world became drunk and are wrong for following the enemies of Islam. The whole world is the enemy of Islam and therefore we became enemies to the muslim people. What is this mischievousness? Is this Islam? Allah (swt) will beat them, will teach them a lesson. Aman Ya Rabbi.

All the Arab tribes, Turks, Indians, Chinese, Afghanis, all the Iranians, Yemen all of them became enemies to Islam. There is not one country supporting the word of Allah (swt) and following the Sharia' of Allah (swt). And the word of Allah (swt) is the highest. This means that

the word of the rest of the people is the lowest. They followed the lowest & left the highest. The word of Allah is the highest "& hold fast all of you together to the rope of Allah and do not be divided" (3:103) Allahu Akbar! Astaghfirullah...

Fatiha.

**Die Feinde des Islam**

---

Vor dem Erscheinen von Mahdi (as) wird es Probleme unter den Arabern geben. Schwierigkeiten, Kämpfe, Kriege, das ist es. Es findet schon statt. Alle arabischen Stämme sind entbrannt. Jeder sagt: 'Ich, ich', und niemand denkt daran, was unser Herr befohlen hat. Die meisten Leute sagen: 'Das Wort der Nation ist das höchste, und die Worte von den Himmeln sind die niedrigsten.' Audhu Billah! Das ist das Endergebnis: Allah (swt) wird sie wegwischen und sie bestrafen und die einen mittels der anderen belehren 'oder euch in Lagern durcheinanderbringen und die einen von euch die Gewalt der anderen kosten lassen' (6:65). Die Worte des Allmächtigen. Möge Allah (swt) uns schützen.
Leute, haltet fest, haltet fest am Seil Allahs (swt), dem mächtigen Seil Allahs (swt). 'Und haltet alle fest am Seil Allahs und seid nicht geteilt' (3:103). Das Seil Allahs ist der Mächtige Quran. Verstehen sie kein Arabisch, die Araber? Das Seil Allahs (swt), der Mächtige Quran. Allah (swt) sandte den Propheten des Zeitenendes (saws) mit dem Herrlichen Quran, der das mächtige Seil Allahs (swt) ist, also haltet daran fest. Wenn ihr nicht festhaltet daran, könnt ihr nicht gerettet werden in dieser Welt oder im Jenseits. O mein Herr, Du weißt es am besten. Die ganze Muslimwelt wurde betrunken und macht den Fehler, den Feinden des Islam zu folgen. Die ganze Welt ist der Feind des Islam, und deshalb wurden wir Feinde der Muslime. Was ist diese Bosheit? Ist das Islam? Allah (swt) wird sie schlagen, wird ihnen eine Lektion erteilen. Aman ya Rabbi. Alle arabischen Stämme, Türken, Inder, Chinesen, Afghanen, alle Iraner, Jemeniten, sie alle wurden Feinde des Islam. Es gibt nicht ein Land, das das Wort Allahs (swt) unterstützt und der Shariat Allahs (swt) folgt. Und das Wort Allahs (swt) ist das höchste. Das bedeutet, daß das Wort der restlichen Leute das niedrigste ist. Sie folgen dem Niedrigsten und lassen das Höchste. Das Wort Allahs ist das höchste. 'Und haltet alle fest am Seil Allahs und seid nicht geteilt'

(3:103). Allahu Akbar! Astaghfirullah... Fatiha.

## An Enlightened, Spiritually Powered 21st Century

Treasures are usually not found in beautiful buildings, they are hidden in old ruins. No-one ever finds anything valuable in skyscrapers, but if they dig in old ruins they will find it there. This here is a very humble place, but the people inside are like treasures. While I was praying, the inspiration came to me to speak to you about the symbol of the tree. A tree cannot be bad, only the conditions around the tree makes it bad. A tree never intends to produce a bad fruit. A tree tries to give good fruit to people, but sometimes the fruit will be bad because something came to the tree when it was in blossom. Maybe it was an insect which caused the fruit to turn bad.

Within their structure, mankind has the potential of being perfect. Just like a tree has perfection, everyone has that same capability. He who created man, created him to be perfect. Children are not bad from the beginning, but as they grow, their bad characteristics start forming. Some people keep the goodness in them, others lose it because they are affected by all the evil which surround them. No-one is created bad, but the circumstances and conditions will make people to be good or bad. Like mushrooms: some of them are poisonous, others you can eat. The poisonous grow in areas in which there is poison, like snakes or insects. Other areas are clean, there you can take the mushrooms, eat them and enjoy them.

London is a huge city. Do you think that it is clean everywhere for youngsters, or that there are poisoned

areas? No-one can claim that this, or other cities, are 100% clean. This is why most people are poisoned, it is the circumstances in which they are living.

Drugs are being offered to our young children. Who is protecting them? Even if you put 10 healers to cure those people, it will not help. It is the biggest problem. People are so proud of living in the 20th century and they claim that they have a great civilisation. In which way have those young people deserved to be poisoned like that? They are clean, but this is making them dirty. They are healthy, but this will poison them. Why doesn't the government catch those devils?

These are very terrible and horrible conditions. Is it under these circumstances that we are preparing for the coming of the 21st century? With drug dealers and drug addicts? What kind of century is that going to be? Where are your professors? Where are your doctors? Where are your statesmen? Where are your philosophers? Where are your psychiatrists? Where are your healers? Who can save these people?

There is no control over people. Are you happy with this situation? You send your children to school and there they are being tricked into taking drugs, sometimes they are even forced to do so. Every time when satanic powers are in charge like that, the holy powers remain silent, because people do not ask for them to help. If you do not ask for help, they are not permitted to help you. Whenever these things happen, people go to doctors or to psychiatrists or to this or to that. But then it is always too late and they cannot be helped. If you do not use Holy Power, if you do not call Holy People to help you, it is impossible for anyone to help you. No-one can help you; no psychiatrists, doctors, teachers, masters or armies... they cannot do anything. The only way for youngsters to be saved, is for them to look for holy powers.

Until today I have not met anyone in that position coming and asking for the horrible and terrible current to stop. They always only run after psychiatrists and if those psychiatrists cannot protect themselves properly, they will get the same problems themselves. Because the physical power will not be enough to protect him. If he doesn't have connection to the spiritual world, the disease will transfer to him. That is why I have always given the advice to psychiatrists never to see more than 7 patients a day, although 3 is the better number. Also it is best not to be a psychiatrist for more than 7 years, and again, it is better to make a break after 3 years. If he is not protected by spiritual power he will get infected in a way that no-one will be able to heal him. It is terrible.

You must try to join your powers with each other. Don't be alone. We know through traditional knowledge, that if a person is alone he will not be able to reach Holy Power, but if 40 persons join, they will reach it. Holy Power is more important than all of technology. It can move it back. It is like 40 taps. If each one runs by itself, it will never even make a mill stone turn, 40 will. So these good people who want to help and heal people must be at least 40 all together then their power will be joined by a Heavenly Power. Heavenly Power means, the power of a Holy Person. Men or women, but it has to be 40. If they move all together, their spiritual power will be able to help people.

I am happy to see good clean faces here. You are young people. This means that there is a new opening, a new horizon will open. Sometimes there are clouds that cover the horizon, but then after a while they will rise and you will have the sweet view of sunshine. Usually this happens when the sun is setting. You will get very good feelings when you look at that. It is an opening. When I am looking at you, I see such an opening, such an horizon for mankind in the 21st century. We hope that we will reach that new horizon and that it will be enlightened and brightened. This dark, dark century will be left behind and we hope to reach that enlightened century.

## O People of Egypt:Enter Your Houses!

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.

I was asked about events in Cairo and how to handle our beloved daughters and sons. The order has come to me to inform you of the truth. For each time and place and all conditions, there is an order and a sign. Going out to the streets is not allowed. Possibly those who have power or soldiers have permission to go out to the streets; otherwise, people should not.

Allah Jalla wa `alaa mentioned a relevant order in Surah an-Naml:

**••••••• •••••••• ••• •••••••• ••••••••• ••••••••• •••••••••••••• ••• •••••••••••••••• •••••••••••• •••••••••••• •••••• •••••••••••••**

qaalat namlatun yaa ayyuha 'n-namlu 'dkhuloo masaakinakum laa yahtimannakum Sulaymaanu wa junooduhoo wa hum la yash`uroon. One of the ants said, "O ants! Enter your homes unless Sulayman and his armies unknowingly trample you. (an-Naml, 27:18)

An ant has said, “O Ants! Enter your dwellings!” He did not say, “Go out to the streets,” rather he said, “Enter your dwellings, or you will be crushed by Sulayman and his soldiers.” Note that Allah sends orders that are

applicable from one time to another. If the people of Egypt had listened, they would be sheltered in safety and protected.

O People of Egypt! Do not mobilize in the streets, as going out to the streets is not enough. Allah (swt) orders this in His holy book in Surah an-Naml; that was the order. Now, if they would have appeared or gone out for one day or one hour, and said, “Allahu Akbar! Allahu Akbar! Allahu Akbar! Anta Rabbuna! Anta Hasbuna! Anta Rabbuna! Anta Hasbuna! Anta Rabbuna! Anta Hasbuna! Subhaanak!” Then those sayings would have sufficed, enough!

Now I am just a reporter, or an informer regarding recent events in Misr al-Mahrousa, “Egypt the Protected.” It is protected because in it there are the Awtaad, Aqtaab, Budalaa, Nujabaa, Nuqabaa, and Akhyaar, and descendants of the family of Prophet (s)! Thus, for any country where people fear to enter their houses, they should pray two raka`at, sit on their prayer rug, and recite the following until the situation gets resolved, “RabbunAllah, HasbunAllah. RabbunAllah, HasbunaAllah.”

We are Your weak, poor servants, O our Lord! You are our Lord, release us my Lord from the oppressors! You have forbidden oppression and injustice upon Yourself when you said:

•• ••••• ••• •••• ••••• ••• •••• •••••• ••••• ••••• ••• •••••••

Yaa `ibaadee, innee haramtu azh-zhulma `alaa nafsi, falaa tuzhaalamoo. O My servants! Truly I have forbidden oppression for Myself, so do not oppress (one another). (Hadith Qudsi)

If our Arab and Muslims brothers would listen to these words of Haqq they would be relieved, because Allah is capable of changing the whole situation in all of Egypt in one hour! We do not need tanks or planes, and we do not fear bombardments or nuclear weapons! One of the Awtaad is capable of pointing at a missile and it will return back to the direction from which it was fired! We have power that can encompass all the power of the people of the east and west, those who are all proud of their technology. Even one jinn is capable of taking all of their heads away and leaving them with nothing that is beneficial to them!

In the address of the ant, Man is addressed metaphorically as the ants, “O Ants!” The Tremendous Qur’an has orders that must be established for all times, places, and conditions, and those who disobey the Qur’an will be punished. We do not need planes, cars, or nuclear weapons; we do not fear! Allah says in the Qur’an to the

Muslims and believers:

••••••••••••• ••••• •••• ••••••••••••• •••• •••••••

wa a`idda lahum mastata`atum min quwattin. Prepare your strength against them to the utmost of your power. (al-Anfaal, 8:60)

However, if the Muslims and believers are incapable, Allah (swt) says:

••••• ••••••••• •••••••••••••• ••••• ••••••••••••••

Wa laa tulqoo bi aydikum ila ’t-tahluka. And make not your own hands contribute to (your) destruction. (Al-Baqarah, 2:195)

Are these ayaat for human beings or for animals? These are for the servants of Allah! What is happening today is deep ignorance. Where are the `ulama in Egypt ordering people to get back to their houses and shelters, so Allah will be responsible for their protection? This is Egypt al-Mahrousa, and its people are not to be afraid even if there are a thousand men like Mubarak, or if there are a thousand tanks or two thousand planes! Laa hawla wa laa quwatta illa billah.

O People! Recite, “Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem.” This is also an order.

O my Lord! For the sake of Your blessed Prophet, release us from the oppressors. O Allah!

Let their oppression and injustice be upon each other, not practiced upon us, but upon themselves.

Allah bestows mercy, and here it can mean rain. However, too much rain could cause floods, which is a calamity. The people of Hijaaz do not realize that is what is happening to them.

O People of Hijaaz! Why are you not saying, “O our Lord! Make the heavy rain around us not be a calamity upon us, for the sake of Your Prophet of the end of time.” Those people no longer have adab and they have crossed their boundaries!

Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee.

Allah, Allah. Allah, Allah. Allah, Allah.

Fatihah.

## Der Erfolg liegt im Gehorsam

Bismi llâhi r-rahmâni r-rahîm Jeder will glücklich sein, jeder will sich vergnügen. Niemand mag gerne unglücklich sein. Jeder verlangt nach Glück, keiner nimmt es hin, unglücklich zu sein. Und jeder Mensch will geehrt werden, niemand möchte entehrt werden. Sowohl glücklich zu sein als auch geehrt zu werden, gründet auf einem Wert, und ebenso sind Unglücklichsein und Unehrenhaftigkeit in einem Wert begründet. Wer glücklich sein möchte, vergnügt, siegreich und geehrt, dessen Erfolg gründet im Gehorsam, Gehorsam macht die Leute glücklich, fröhlich, geehrt und erfolgreich, und wer gehorsam ist, mag alles erreichen, was er anstrebt, im Diesseits wie im Jenseits.

Der Weg, der die Menschen zu allen guten Zielen bringt, die sie anstreben, ist der Gehorsam. Und Unglück, Ehrlosigkeit, Mißerfolg ist die Folge von Ungehorsam. Ein gehorsamer Diener Gottes zu sein bringt den Menschen zu Glück, Ehre und Erfolg. Und jeder Ungehorsam veranlaßt ihn dazu, unglücklich zu sein, seine Ehre zu verlieren und in Schwierigkeiten zu fallen. Jedes Problem ist die Folge von Ungehorsam. Deshalb hat Allah der Allmächtige Propheten gesandt, damit sie die Menschen zum Gehorsam ihrem Herrn gegenüber aufriefen. Du bist frei, das eine oder das andere für dich zu wählen. Sei ein gehorsamer Diener des Allmächtigen und gehorche nicht deinem Ego. Sei nicht dem Herrn gegenüber ungehorsam, sondern dem Ego gegenüber. Alle Krisen und Schwierigkeiten, die zwischen den Menschen auf der Erde auftreten, sind eine Folge des Ungehorsams. Wenn jemand Allâhs Wohlgefallen erwecken will, muß er den Weg des

Gehorsams zu Allâh wählen. Jeder Mensch ist entweder ein guter oder ein schlechter Diener. Mit guten Dienern ist Allâh wohlzufrieden, doch mit schlechten Dienern ist er unzufrieden und unglücklich. Und ununterbrochen kämpft unser Ego mit uns und versucht, uns in seinen Gehorsam zu zwingen und auf niemand sonst zu hören.

Jedesmal, wenn jemand etwas Falsches tut, welches ein Akt des Ungehorsams ist, wird bald darauf eine Strafe über ihn kommen. Manchmal kommt sie schnell, manchmal schiebt Allâh sie aus weisen Gründen hinaus. Wenn Allâh die Strafe verzögert, bedeutet das, Er schaut, ob der Diener bereut und um Vergebung bittet. Er gibt ihm eine Gelegenheit, dafür um Vergebung zu bitten. Wenn jemand um Verzeiung bittet, wird Allâh ihn niemals ohne Vergebung lassen. Allâh vergibt ihm schnell, und Segen kommt über ihn. Unser Großsheikh hat immer gesagt, daß manchmal auf eine Person Schwierigkeiten und unliebsame Dinge zukommen. Manche davon sind eine Strafe, andere dienen dem Zwecke der Vervollkommnung, um einen näher zu Allâh zu bringen. Manchmal gibt Allâh eine Strafe hier, um damit eine Strafe im Jenseits aufzuheben, und manchmal wird eine Strafe hier vollzogen, um nicht aufgeschoben zu werden. Für andere wiederum wird die gleiche Strafe auf das ewige Leben verschoben. Laßt euch nicht täuschen, wenn ihr eine ungehorsame Person seht, und Allâh gibt ihr eine Chance, daß es so aussieht, als würde Allâh sie gewähren lassen. Er schiebt die Bestrafung nur auf und wartet auf des Dieners Reue. Bereut er nicht, kommt doppelte Strafe auf ihn.

Es wäre so leicht für die Menschheit, wenn sie daran denken würde, was Allâh für sie wünscht. Wenn das Ego ihnen ein vergnügliches Leben anpreist, wird sie schnell eine Strafe erreichen, denn was das Ego rät, ist ähnlich dem, was Satan Adam und Eva geraten hatte. Auch er behauptete, ein guter Ratgeber zu sein, doch wirklich hatte er nur im Sinn, sie in Schwierigkeiten zu bringen und aus dem Paradies zu entfernen. Was er ihnen riet, klang sehr lieblich in den Ohren ihrer Egos. Sie waren so begierig danach, jene Frucht zu probieren. Von allem, was du hier unbedingt machen willst, mußt du wissen, daß es ein Rat von Satan an dich ist und daß dich dein Ego weit von deinem Paradies wegbringen wird. Doch die Leute tun gerne, was ihr Ego ihnen befiehlt. Die Quraish haben Rasulullâh, Allâh segne ihn und schenke ihm Heil, verstoßen, weil ihr Ego sagte, nehmt bloß seine Einladung nicht an. Nehmt nur nicht den Islam an, so wie er jetzt allen Nicht-Muslimen dasselbe rät. Denn wenn du den Islam annimmst, bedeutet das, daß du nicht mehr alles genießen darfst, wie es dir gefällt.

Der Islam erlaubt und verbietet, er hindert deiner Wünsche freien Lauf. Sie sagen: „Nehmt das nicht an!“ Und deshalb stellt sich die ganze Welt gegen den Islam. Weil der Islam sagt: „Tu dies nicht und das nicht“, sagt das Ego: „Hüte dich vor dem Islam! Er hindert dich daran, alles, was du willst, zu genießen.“Und die Menschen dürstet es danach, sich um jeden Preis und mit jedem Mittel Genuß zu verschaffen, und sie sehen nicht gerne ein Hindernis vor ihren Wünschen. Sie wollen keinesfalls das Verbot, haram, als Schranke vor sich sehen. Und so haben unsere Urgroßeltern hingehört und den schlechten Rat befolgt, und als Ergebnis wurden sie aus dem Paradies verbannt.

Alles, was wir tun mögen, was den Regeln des Islam widerspricht, zieht eine Strafe nach sich, so daß wir selbst unsere erlaubten Genüsse und Gaben dabei verlieren. Wenn jemand Unerlaubtes tut, sich ins haram begibt, bestraft Allâh und macht das Erlaubte ebenfalls verboten für ihn, so daß er selbst durch halal geschädigt wird. Er sucht ihn heim mit einer Krankheit, und die Ärzte sagen zu ihm: „Iß keinen Zucker, kein Fleisch, kein Brot, kein Obst“ usw...., und Er schließt für ihn damit auch die Türen des Erlaubten. Deshalb muß, wer nicht die Grenzen von halal und haram einhält, mit baldiger Bestrafung rechnen. Was das Ego für ein Vergnügen und einen Genuß hält, entpuppt sich bald als Strafe. Das gesamte Leben eines Menschen ist entweder süß oder bitter und geschmacklos, und alles im Leben dreht sich um Gehorsam und Ungehorsam. Wenn jemand die von Allâh befohlenen Grenzen einhält, erhält Allâh den Körper für ihn gesund, so daß ihm sein Körper bis zum Ende seines Lebens dient, ohne sich zu verändern, ohne daß der Verstand nachläßt oder das Herz oder die Organe sich verändern. Allâh schenkt ihm von Seiner ewigen Lebenskraft, und wenn wirkliche Lebenskraft die Zellen durchdringt, wird der Körper selbst im Grab erhalten davon. Dann bleibt selbst im Grab der Körper so, wie er hier war, und man wird auch am Tag der Wiederauferstehung mit dem Körper auferweckt, mit dem man hier gelebt hat. Die meisten Menschen zerfallen zu Staub, und nur eine Körperzelle bleibt erhalten, und dann wächst in der Erde ein neuer Körper darauf für den Tag der Auferstehung. Doch die Leute, die das Licht des wahren Lebens erreicht haben, werden im Körper ihres diesseitigen Lebens erscheinen, und der Unterschied zwischen den neugeschaffenen Körpern und den von hier mitgebrachten nie zu Staub zerfallenen ist, daß diese mit Licht herauskommen, das blendet wie Blitze, während jene neuen ohne eigenes Licht sein werden. Lichter werden nur die Propheten und Heiligen haben, ihre Körper werden strahlen wie die Sonne, und sie werden wohlbekannt sein als Propheten und Awliyâ’.

Deshalb seid gehorsame Diener und kommt in die göttliche Gegenwart erleuchtet, um geehrt zu werden,

denn Allâh der Allmächtige wird sie anreden und ihnen Ehren erweisen. Und alle anderen werden gefragt werden: „Warum habt ihr Meine göttlichen Lichter nicht angenommen?“ Ihr müßt euch anstrengen, gehorsame gute Diener Gottes zu sein.

**Oh, Diener versucht immer euch daran zu erinnern, dass ihr Diener seid**

(Engl.: ServanthoodAchievedThroughHumility)

La ilaha ilallah 3x muhammadur rasulallah alahi salaatullah sits. as salaamu alaykum ya ibadallah

Oh Diener unseres Herrn. Es ist eine Ehre für euch hierher zu kommen und am Jumagebet teilzunehmen. Das Jumagebet wird – subhanallah aliyul 'adzeem - kontinuierlich in dieser welt gehalten und kontinuierlich auch hier (in der Dergah) beten wir am heiligen Freitag, dem Tag, dem der Herr der Himmeln unter den 7 Tagen Ehre gegeben hat. Der Freitag ist der meistgeehrte Tag – Juma. Wir sind dankbar, dass Allah uns gewährt hat, an diesem heiligsten Tag der Woche anwesend zu sein. Und wir versuchen soviel wie möglich zu tun, soviel wir können entsprechend unseren Möglichkeiten.

Shukrulillah, alle Preisungen und Danksagungen und Ehren und Ruhm auf Seinem meistgeliebten und geehrten Stellvertreter - ich schäme mich das Siegel der Propheten als Diener zu bezeichnen - Diener ist passend für uns, aber das Siegel der Propheten, Sayydina Muhammad, ist der Repräsentant von Allah dem Allmächtigen von Vorewigkeit zu Ewigkeit, nicht nur für diese Welt und diese Schöpfung, sondern für jede Schöpfung, die Allah erschaffen hat. Wer repräsentiert Ihn? Jesus Christus? Sayidina Moses? Sayidina Ibrahim? Noah? Adam? Nein. Wenn Adam sein Repräsentant gewesen wäre, würde er es nicht angenommen

haben. Wenn er Ihn nicht repräsentiert, Adam, wer repräsentiert dann den Herrn aller Schöpfung in Wirklichkeit? Ihr müsst das wissen.

Und sagt audhu billahi mina shaytan ir rajeem bismillahi rahman ir raheem, ihr müsst das sagen, es ist das Zeichen von Dienerschaft, audhu billahi mina shaytan ir rajeem zu sagen und ebenso bismillahi rahman ir raheem zu sagen. Meded ya rijaAllah, oh unser Meister, unser Großscheich, - der Kontrolleur dieses Planeten, auf dem wir sind. Denkt nicht, dass Allah nur diese eine Welt erschaffen hat. Er ist Allah! Und die Schöpfung hört nie auf, sie geht immer weiter, von Vorewigkeit zu Ewigkeit. Keiner weiss die wahre Bedeutung von Vorewigkeit oder Ewigkeit. (arabisch) Allahu Akbar! (steht auf). Oh unser Herr!

As salaamu alaykum. Seid ihr hier? He, seid ihr hier? (lacht) So viele hijal, Denkvorstellungen beschäftigen uns. Ihr sagt: „Oh, wann wird der Scheich mit diesen ganzen endlosen Geschichten zu Ende sein. Wir wollen davon, weil wir langsam hungrig werden, und vielleicht können wir kein Kebab mehr finden. In Scheich's Dergah kocht täglich ein Koch, ein berühmter Koch, Suppe, Suppe, Suppe und nochmal Suppe. Und der Scheich denkt auch: „Wenn meine Rede beendet ist, kann ich schnell wegrennen, zum Kebab.“ Meine Zähne sind am Ende und ich habe eine Prothese. Ich kann essen. Ich mag es deswegen. Andere denken (aber), er hat keine Zähne mehr und kann, den ganzen Tag nur Suppe trinken. Wie viele Zähne gibt es - 43? 43 Zähne? 50? Morgensuppe, Mittagssuppe, Abendsuppe. Da kommt einer sehr antiquierte Person vom Schwarzen Meer: „Heute muss du Suppe trinken, aber wir haben auch einige Bohnen hinein getan, damit es mehr ist." Wir brauchen jeden Tag, gib' uns Fleisch zu essen. Macht hier eine Dönerbude, um glücklich zu sein. Keiner hört zu, aber dann kommt das Jumagebet und jeder schaut mich an und sagt, Scheich, wann ist die Sohbat aus, wir haben Hunger, wir hatten kein Mittagessen, wir mögen keine Suppe mehr." Wir sind nicht wie ihr 20 Jahre alt, sondern 90 Jahre alt. Neue Zähne kommen und wir verlangen nach Kebab.

Jeder hat soviel Dinge in seinem Kopf, geistige Produkte, die in seiner Erinnerung sind, an die er sich erinnert: Dies und das, dies und das. Oh Leute, versucht für Allah zu sein - Jalal Jalaluhu. Oh, Diener versucht immer euch daran zu erinnern, dass ihr Diener seid. Wir sind erschaffen worden für Dienerschaft! Ja! Nicht erschaffen für Essen und Trinken. Nein! Aber die Leute denken, sie sind erschaffen worden, um Süßigkeiten zu essen. Von morgens bis abends. Nein. Das ist eine Eigenschaft der Tierwelt. Tiere, wenn ihr sie Grasen laßt, haben nie ihren Kopf oben, sondern immer unten. Habt ihr jemals eine Kuh gesehen, die so grast (Scheich guckt nach oben).

Und jetzt sagen die Leute, sie hätten die Spitze der Zivilisation erreicht. Wenn die Zivilisation wie die Kühe oder Bullen ist, das ist keine Zivisilation. Kühe oder Bullen schauen immer darauf, was sie essen. Und die Leute rennen heute immer nach ihrem egoistischen Vergnügen, um köstliche Nahrung zu essen oder sich in den Pelz von Füchsen zu kleiden. Einige sagen, wir mögen es, uns in Bärenpelz zu kleiden, das ist besser. Magst du Kurden? Sie mögen es sehr viel mehr Schaf zu essen. Schaf, dass aus dem Ofen kommt. Und der Scheich der Kurden sitzt so da, dann bringt man ihm die grosse Terrine, und sie bringen die Hauptseite zu ihm und er rafft sich die Ärmel und sagt: "Nun ist die Zeit zu kämpfen, mit dem Hunger zu kämpfen. Habt keinen Ärger! Aber Hunger zu haben - das ist egal." Ja, das ist die Eigenschaft aller Leute: Was essen wir? Was trinken wir? Was kleiden wir uns? Was reiten wir?

"Oh my darling, wir müssen unser Auto wechseln, weil gerade eine neue Mode kam." Der Mann ist sehr ärgerlich und sagt: "Puh! Sprich' nicht so einen Mist, unser Auto ist noch gut." "Wenn du kein neues Auto kaufst ... wenn du heute abend an die Tür klopfst, schliesse ich mich ein. Ich hole mir kleine Jungs, dreckig, und setze die auf dich drauf, damit sie dich aufwecken."

Ja. Seid nicht beschäftigt mit solchen Sachen, die nur die Tierwelt beschäftigen wie Essen und Trinken. Alhamdulillah benötigen sie keine Kleider, so wie wir. Nein. Oh Leute, sie sind alle Diener des Herrn der Himmel, und wir müssen die Kleidung von Dienern benutzen, das Essen von Dienern benutzen, die Getränke von Dienern benutzen. Der Prophet a.s. sagte: "Oh meine Nation, ich sitze so, wie ein Diener sitzt. Und ich esse so, wie ein Diener isst."

Kein Stolz. Seid demütig, denn Dienerschaft ohne Demut wird nie akzeptiert. Ein Diener, der sich selbst zu einer stolzen Person macht, ist kein Diener. Shaitan rennt immer hinter der achtlosen Generation, die heutzutage leben, hinterher und sagt: "Oh Youngsters, soweit es eben geht, müsst ihr stolz sein, seid nicht demütig, es ist passend für euch, stolz zu sein." Deswegen wollen im 21.Jhdt. alle Leute stolz sein, nicht demütig. In der Welt sind alle Leute nun in einer sehr schwierigen Situation. Warum, was ist der Grund? Weil jeder danach verlangt, eine stolze Person zu sein. Keiner akzeptiert, demütig zu sein.

Stolze Leute gibt es von Ost bis West. Selbst in diesem Land, in Cyprus. So viele Universitäten? Wofür? Um aus den Jungen stolz zu machen!? Wenn sie stolz geworden sind, akzeptieren sie nicht mehr jeden Job. Sie

sagen: Nein, wir können nicht arbeiten, wir können das nicht tun. Wir haben einen PhD, ein Zertifikat. Sie arbeiten nicht. Sie leben hier in Lefke, einer kleinen Stadt. Vor 50 Jahren haben die Leute hier gelebt und darauf geachtet, was ihnen Allah gewährt hat... *Videoübertragung unterbrochen*

# ERKENNE DICH SELBST !

Heute ist der erste Rabiul Awwal. Die, die den Muslim-Weg nicht einhalten, und selbst wir Muslime kümmern uns nicht weiter darum, daß das der Monat ist, der mit der Geburt unseres Herrn geehrt wurde. Diese Welt und die Menschen sollten den Propheten (FSmi) und seinen Herrn ehren, sind aber weit davon entfernt. Dieser Prophet (FSmi) ist der letzte und größte Prophet, und die Religion, die er brachte, ist die vollkommenste, sein Weg der geradeste, sein Recht kennt kein Unrecht. Kein Recht kann sein wie Allah's Rechtssystem. Wer kann ein gerechterer Richter sein als Allah? Alle glauben, daß sie Verstand haben, aber sie benutzen ihn nicht. Wer hält Allahs Recht nicht für das vollkommenste Recht? Weiß der Schöpfer nicht, wer was braucht? Jedes Gerät hat eine Gebrauchsanweisung. Ein einfacher Schnellkochtopf braucht eine Gebrauchsanweisung. Allah, der euch erschaffen hat, weiß es besser als du, der du dein eigenes Inneres nicht kennst. In unserer Zeit sind die Leute sehr stolz geworden. Sie glauben, sich selbst zu kennen, dabei sehen sie sich nur wie von außen als eine Statur, aber was in ihnen und über ihnen und um sie herum ist, wissen sie nicht. Ihr Gleichnis ist wie das der Blinden in der folgenden Geschichte:
Man fing einmal einen Elefanten und brachte einige blinde Menschen herbei, um sie zu fragen, was das denn sei. Einer faßte den Fuß des Tieres an und sagte: Das ist eine Säule. Ein anderer faßte den Stoßzahn an und sagte: Das ist ein Knochen. Einer faßte den Rüssel an und sagte: Das ist ein riesiger Schlauch. Wieder ein anderer bekam das Ohr des Elefanten in die Hände und sagte: Es ist ein Fächer. So hatte jeder eine andere

Meinung über den Elefanten. Wenn die Menschen nur eine Aussenseite hätten, könnten sie es vielleicht beurteilen, aber sie haben eine Innenwelt, und die hat keine Grenzen. Zudem fällt er falsche Urteile über das Innere. Deshalb brachte der Islam das erste wahre Urteil: Die Arbeit wird bewertet gemäß dem Ziel: Die Absicht wird beurteilt, nicht die Handlung. Jemand handelt entweder für Allah oder für das eigene Ego. Für Achirat oder für Dunya . Für Allah oder für weltlichen Prunk. Die Beurteilung des Innneren der Menschen liegt bei Allah und sie ist gemäß den Absichten der Menschen. Allah's Urteil irrt niemals. Entweder gibt er Lohn für Gutes oder er straft Schlechtes. Er sandte uns durch den Propheten (FSmi) eine Rechtsform, die für die Menschen bis zum Ende der Zeiten das ideale System ist. Wenn sich die Menschen in Engel verwandeln würden, bräuchten sie kein solches Recht mehr, wenn sie kein Ego mehr hätten, nicht mehr heiraten, nicht mehr essen bräuchten. Sie hätten dann keinen Stolz und Neid mehr, keinen Grund zum Streit und würden nur noch Allah preisen. Wer sich vor dem Nafs rettet, tritt auf die Stufe der Engel, doch solange die Menschen essende und trinkende Weltenwesen bleiben, ist ihnen mit der Schariat der einzuhaltende Weg befohlen. Jetzt wollen die Menschen sich nicht daran halten, denn sie wollen gemäß ihrem eigenen Willen leben. Niemand will sich dem Gesetz fügen. Jeder betrügt, wenn er die Möglichkeit dazu hat, das Gesetz, wie er will, ohne religiöse Disziplin. Denn die Religion verbietet und erlaubt, doch sie wollen ohne Grenzen leben.

Allahs Schariat befiehlt jedem, den Nacken zu beugen. Den Menschen dieser Zeit gefällt das nicht, aber Gott hat immer noch den letzten Rechtsspruch in seiner Hand. Keiner kann sich vor Gottes Gericht retten, nur ist dieses Urteil nicht wie die irdischen Justiz-Mächte, Allah läßt die Leinen lange, und sie glauben, sie wären frei und ohne Kontrolle. Aber an der Grenze hält er sie auf, und keiner kann weiter, wenn Allah "Halt" sagt. Und keiner kann halten, wenn Allah zu gehen befiehlt. Wie viele dankbare Menschen gibt es noch? "Menschlein" muß man sagen, denn sie sind alle dem Teufel und ihrem Nafs, der Welt und den Begierden verfallen wie kleine Kinder, sie sind keine wirklichen Menschen. Mensch ist, wer sich selbst befehlen kann. Leute ohne Selbstkontrolle haben keinen Wert. Wenn dir eine gute Tat möglich ist, zu sagen: "Tu es!", und wenn dir eine schlechte Handlung in den Sinn kommt, "Laß es sein!" zu sagen, das ist Selbstkontrolle. Die Menschen sind jetzt auf dem Tiefpunkt angekommen. Keine Macht der Welt kann die Menschheit mehr aus dem Sumpf ziehen. Dieser Prophet (FSmi) wurde gesandt, um die "Menschlein" zu Menschen zu machen. Die westlichen Menschen halten sich für so klug, daß sie ihm keinerlei Beachtung schenken, und auch die Orientalen vergessen aus Dummheit, was sie haben, und laufen den Europäern nach, die selbst alle Werte verloren haben. Und so werden auch sie zu Menschlein. Sayyidina Ali (Fmi), der wußte, daß seine eigene

Wirklichkeit größer als das Universum ist, sagte: "O Mensch, du bist größer als das Universum." Doch die Menschen sind zu sinnlosen, unkontrollierten Miniatur-Menschlein geworden, die kein Gebot und kein Verbot mehr kennen. Laßt sie. Wann werden die Menschlein wieder nach dem Menschsein verlangen? Die Propheten wären zum letzten Propheten (FSmi) gekommen und hätten gesagt: "Wir unterwerfen uns freiwillig deinem Willen. Deinem Befehl zu folgen ist unsere Pflicht." (aus dem Türkischen)

## Errettung von Neid und Eifersucht

Wenn du nach dem salâtu lnajat sajda machst, mußt du in erster Linie bitten darum, von Neid gerettet und gereinigt zu werden. Von Neid und Eifersucht und von den schlechten Charaktereigenschaften unseres Egos, und gerettet zu werden von der Liebe zur Welt, gerettet zu werden davor, unter der Kontrolle deiner sexuellen Begierden zu sein. Dann magst du fähig sein, sie zu kontrollieren. Du mußt um Unterstützung bitten von Allâh dem Allmächtigen. Und du mußt bitten, vom Zorn gereinigt zu werden, so daß du keinen Zorn in dir trägst, und darum, fähig zu sein, dein Ego zu kontrollieren, und darum, daß deine spirituelle Kraft wächst, um Verbesserung in der Reinheit deiner Seele, und darum, den sâhib az-Zamân, den Herrn der Zeit, Mahdî, ‘alaihi ssalâm, zu treffen und sein Helfer und Unterstützer zu sein, darum, ein Erhalter der Sunna des gepriesenen und geliebten Dieners Allâhs, Sayyidinâ Muhammad, salla llâhu ‘alaihi wa sallam, zu sein. Und darum, daß von dir die Angst vor den Leuten weggenommen wird, so daß nur noch die Furcht vor Gott übrigbleibt in deinem Inneren. Und beschützt zu sein davor, Fehler zu machen, sich zu irren und dann bereuen zu müssen. Und verlange nach der Göttlichen Gegenwart Allâhs des Allmächtigen und Seiner Propheten, der Göttlichen Gegenwart und der Gegenwart der Heiligen und der Gegenwart unseres Großsheikhs. Muhab batu-llâh, Liebe zu Allâh, Liebe zum Propheten, Liebe der mashaikhinâ, der Sheikhs, dann Liebe zu unserem Großsheikh, Liebe zu unseren ikhwân, den Brüdern und Schwestern in der ‡arîqa, unseren Freunden, die zu den Muriden unseres Großsheikhs gehören, zu jedem. Everyone! Mit ihnen in

Respekt und Liebe zu sein für immer.

Und bitte um fanâ‘ fi llâh, fanâ‘ fi lrasûl, fanâ‘ fi l-mashaikh, fanâ‘ fi lustâdh, fanâ‘ fi l-ikhwân. Mit Allâh zu sein, nicht mit dem eigenen Ego. Mit dem Propheten, Allâh segne ihn und schenke ihm Heil, zu sein, nicht mit dem eigenen Ego. Mit dem eigenen Sheikh zu sein oder mit anderen Sheikhs, nicht mit dem eigenen Selbst zu sein. Mit Mahdî zu sein, nicht mit sich selbst.
Mit den ikhwân zu sein, mit den Muriden unseres Großsheikhs und mit jedem, der unserem Großsheikh folgt, mit ihnen zu sein, nicht mit den eigenen Egos. Und dann magst du darum bitten, daß Allâh für deine Familie, deine Nachbarn, für alle, eine Veränderung bringt und diese Länder in islamische Länder umwandelt, daß Er den Menschen die Lichter des Islam gibt, die Lichter des Glaubens in ihre Herzen und in ihre Seelen Frieden bringt. Daß Er sie zu Guten macht, die Seinem geliebten und gepriesenen Diener folgen.

Auf diese Weise mögt ihr um alles bitten, und Allâh weiß, was für euch geeignet ist, es hier zu bekommen. Wenn ihr es nicht hier erlangt, hebt Er es für euch auf für das Ewige Leben. Möge Allâh uns vergeben. Bittet um Vergebung für alles Falsche, das eine Schande für den Diener ist, es mit sich zu tragen. O unser Herr, wir kommen zu Deiner Göttlichen Pforte, schicke uns nicht mit leeren Händen zurück. Du schickst nie jemanden, der zu Deinen Göttlichen Türen kommt, mit leeren Händen zurück, und du weist niemanden von Dir ohne Hoffnung. O unser Herr, schicke uns nicht weg mit leeren Händen und hoffnungslos.
Auf solche Weise mögt ihr bitten, was in euer Herz kommt. Und ihr müßt um Segen für eure Kinder und eure Familie bitten, eure Arbeit, für jeden, mit dem ihr zu tun habt, für alle, die euch grüßen und euch etwas geben, darum, in Sicherheit und guter Gesundheit zu sein. Möge Allâh uns vergeben.

## Erste Schritte auf dem Weg in die Göttliche Gegenwart

Im Namen Allahs, des All-Gnädigen, des All-Barmherzigen

Einer unserer neuen Brüder fragt nach dem Weg und einer Methode, so schnell wie möglich sein Ziel in der göttlichen Gegenwart zu erreichen und wir antworten ihm so, wie es uns aufgetragen ist: Zuerst soll derjenige, der unsen Weg - unseren himmlischen Weg zur göttlichen Gegenwart - akzeptiert, sich einen Führer suchen und er soll versuchen, innerlich und äußerlich rein zu sein. Deshalb ist die erste Aufgabe, sich täglich zu duschen, das ist wichtig für die Menschen im Allgemeinen, denn Wasser ist der Ursprung des irdischen Lebens und ohne Wasser gäbe es kein Leben auf diesem Planeten, außerdem nimmt das Wasser die negativen Schwingungen hinweg, die meist unseren physischen Körpern anhaften, und das ist sehr wichtig. Deshalb wurden dem Propheten - Gottes Segen und Friede über ihn - die fünf täglichen Waschungen befohlen, eine Dusche oder ein Vollbad wird ebenso akzeptiert . Da wir jedoch nicht bereit sind, fünfmal täglich zu duschen oder ein Bad zu nehmen, hat Allah der Allmächtige die Waschungen auf diese Körperteile beschränkt (Hände waschen, Mund und Nase ausspülen, Gesicht und Unterarme waschen, mit feuchten Händen über die Haare, Ohren und den Nacken wischen und die Füße waschen). Wären die Menschen nicht so träge, wäre sicher der Befehl gekommen, vor jedem Gebet ein Bad zu nehmen. Für diejenigen, die genügend starke Glaubenskraft besitzen, lautet die Anordnung in unserer Tarîqa, für jedes Gebet eine neue

Waschung durchzuführen, selbst wenn sie noch in Wudhu` (im Zustand ritueller Reinheit) sind, so daß es "Nûrun ´alâ Nûr" (Licht über Licht) ist. Allah gibt "Nûr" (Licht) und wieder "Nûr". Speziell in unserer Zeit sind die Blicke der Menschen voller Gift. Glaubt nicht, daß die Vergiftung der Atmosphäre durch die Strahlung dieses Atomreaktors (Tschernobyl) annähernd so gefährlich ist, wie die Vergiftung der Atmosphäre durch die Blicke der Menschen, die jeden in schrecklicher Weise vergiften, so daß wir in einer vergifteten Atmosphäre leben. Die spirituelle Atmosphäre ist vergiftet. Deshalb nehmt, selbst wenn ihr am Morgen ein Bad genommen habt, am Abend noch ein Bad, wenn ihr mit vielen Menschen zusammen wart und ihr von negativen, giftigen Strahlungen bedeckt seid, stärker als von der giftigen Strahlung dieses Reaktors.

Die Menschen und ihre Blicke sind vergiftet: von Mann zu Mann, von Mann zu Frau, von Frau zu Mann, von Frau zu Frau, von Jung zu Alt, von Alt zu Jung, es ist eine unbeschreibliche Gefahr für die gesamte lebende Menschheit. Die einzige Möglichkeit, sich von diesen giftigen Schwingungen zu befreien, ist ein Vollbad zu nehmen, wobei ihr sagen müßt: "Oh mein Herr, ich beabsichtige, das Schlechte, das von meinen Blicken ausgeht (und durch die Blicke anderer zu mir kommt), diese Dunkelheit und schlechten Schwingungen mit diesem Bade abzuwaschen!" Dann könnt ihr körperlich Ruhe finden. Dies gilt für jeden, auch für Kinder, denn auch zu ihnen kommen die giftigen Blicke von überall und wirken auf ihre physischen Körper und zerstören die spirituelle Struktur.

Einmal kam jemand zum Propheten - Friede und Segen Gottes über ihn - und brachte ihm ein Neugeborenes, damit er es segne. Das Stück Stoff, in das das Baby gewickelt war, war zu kurz, um dessen Blöße zu bedecken, so daß es zum größten Teil nackt war. Der Prophet - der Segen Allahs und Sein Friede sei über ihm - befahl, seine Blöße zu bedecken, genau wie bei einem Erwachsenen, vom Nabel bis unter die Knie. So etwas hatten die Leute noch nicht gehört. Doch was an negativen Energien auf Kinder übertragen wird, kommt in gleichem Maße über deren Eltern; und sie fragen sich , woher diese Depressionen kommen. All die giftigen Blicke, die die kleinen Kinder aufnehmen, werden von ihnen an die Eltern weitergegeben. Depressionen kommen zum größten Teil über die Augen, ohne spezielle Ursache oder Grund. Solange die Augen nicht unter Kontrolle sind, gehen diese negativen Schwingungen hin und her, es ist ein ständiges Geben und Nehmen.

Wie gesagt, auch die Kinder sollten vor dem Schlafengehen geduscht werden, damit sie ruhig schlafen. Auch

gehen vom Fernsehen große Finsternis und negative Schwingungen aus, die bei den Menschen verheerenden Schaden anrichten. Deshalb sollte man besonders die Kinder nach dem Fernsehen duschen, bevor sie schlafen gehen. Das gleiche gilt für euch Erwachsene. Und wenn ihr Depressionen spürt, geht und nehmt eine Dusche. Dies gilt auch nicht nur für Muslime oder diejenigen, die unserem ehrwürdigen Naqschbandi-Orden folgen, sondern für jedermann und unser Großscheich sagt, daß, wenn jemand täglich duscht, sich seine Lebenserwartung verdoppelt. Denn wenn man von diesen negativen Schwingungen befreit ist, wird man von himmlischen Schwingungen umgeben. Dies gilt für jeden und ist zugleich ein Anfang für unsere neuen Brüder, die ihrem Ziel zustreben wollen und der erste Schritt einer Methode, die sie praktizieren können, um ihren Bestimmungsort zu erreichen.

Dann sollten sie 40 Tage lang täglich die Bewegungen von zwei Rak´a (Gebetseinheiten) vollziehen, ohne dabei irgendetwas zu sagen, - nur die Bewegungen, denn sie wissen noch nicht, was man im Gebet sagt, doch die Bewegungen sind wichtig (siehe unten). In der Scharî´a (dem göttlich-offenbarten Gesetz) gilt auch für diejenigen, die taub und stumm sind, das Gebot zu Beten, doch da sie nicht sprechen können, brauchen sie nur die Bewegungen des Gebetes zu vollführen. So empfehlen wir auch den Anfängern, 40 Tage lang täglich die Bewegungsabläufe von zwei Rak´a zu vollziehen, ohne dabei irgendetwas zu sagen. Wenn man, nachdem man ein Bad genommen hat, die Gebetsrichtung (Qibla) in Richtung der Kâ´ba in Mekka finden kann, ist es gut, wenn nicht, so ist für die ersten 40 Tage jede Richtung recht.

In der zweiten 40-tägigen Phase soll man zu Anfang des Gebetes (beim Takbir al-Ihrâm) die Worte: "Allahu Akbar" (Allah ist am größten) sagen, dann wärend des Stehens (Qiyyâm) dreimal: "Bismillahi-Rahmâni-Rahîm" (im Namen Allahs, des Gnädigen, des Barmherzigen), dann, während man sich vorbeugt wieder "Allahu Akbar", in der Verbeugung (Ruku´) dreimal "Subhân-Allah" (gepiesen sei Allah in seiner Erhabenheit). Beim Wiederaufrichten aus der Verbeugung sagt man wieder : "Allahu Akbar", dann, während man sich niederwirft nochmals: "Allahu Akbar" und in der Niederwerfung dreimal: "Subhân-Allah". Während man sich zum Sitzen (Jalsa) wiederaufrichtet sagt man wieder: "Allahu Akbar", ebenso während man sich wieder in Sajda (Niederwerfung) begibt. In der zweiten Sajda sagt man genau wie in der ersten dreimal "Subhân-Allah". Damit ist eine Rak´a vollständig. Die zweite Rak´a entspricht der ersten. Am Ende, nach der zweiten Sajda bleibt man jedoch sitzen und sagt: "Aschhaddu an la ilaha ill-Allah wa aschhaddu anna Muhammadan ´abduhu wa rasuluh". Falls das noch zu schwierig ist, sagt man: "La ilaha ill-Allah

Muhammadu-Rasulullah", danach dreimal: "Allahumma salli ´alâ sayyidinâ Muhammad". Dann, den Kopf nach rechts gewandt: "As-salâmu ´alaykum" und nach links gewandt: "As-salâmu ´alaykum" (Taslîm). Auf diese Art soll der Anfänger 40 Tage lang beten, jeden Tag zwei Rak´a, zu jeder beliebigen Tageszeit. Die Zahl von 40 Tagen gibt jeder Handlung, die innerhalb dieses Zeitraumes regelmäßig vollführt wird, eine Art Perfektion. Nach 40 Tagen ist jede Handlung vollkommen, auf einem festen Fundament gegründet. Deshalb sage ich nicht beispielsweise 30 Tage, es müssen mindestens 40 Tage sein. Danach ist Schaitân (Satan) nicht mehr in der Lage, den Menschen wieder zurückzulocken. Er wird von göttlichem Schutz umgeben.

Die dritten 40 Tage soll er, nachdem er ein Bad genommen hat, die Qibla,d.h. die Richtung der Kâ´ba in Mekka, finden. Nachdem er im Stehen beim Heben der Hände "Allahu Akbar" gesagt hat (Takbir al-Ihrâm) und die rechte Hand über die linke gelegt hat, soll er sagen (Sure "Al-IKhlâs"): "Bismillahi-Rahmâni-Rahîm, Qul Huw-Allahu Ahad, Allahu Samad, lam yalid wa lam yûlad, wa lam yakun lahu kuffuwan Ahad." Dann, während er sich vorbeugt: "Allahu Akbar", in der Verbeugung dreimal "Subhân-Allah", beim Wiederaufrichten "Sami´ Allahu liman hamida", dann beim sich-Niederwerfen "Allahu Akbar", in der Niederwerfung dreimal "Subhân-Allah", in der zweiten Niederwerfung ebenso. Die zweite Rak´a entspricht der ersten, nach der zweiten Sajda spricht man dann im Sitzen: "As-salâmu ´alaykum yâ ayyuha nabiyyu wa rahmatullahi wa barakatuh. Aschhaddu an la ilaha ill-Allahu wa aschhaddu anna Muhammadan ´abduhu wa rasuluh" und dreimal: "Allahumma salli ´alâ sayyidinâ Muhammad". Dann, nach rechts gewandt:"As-salâmu ´alaykum wa rahhmatullah" und nach links gewandt: "As-salâmu ´alaykum wa rahmatullah".

Auf die darauf folgenden 40 Tage sollte er sich bereits während der ersten drei mal 40 Tage vorbereiten, indem er die Sure "Al-Fâtiha" lernt, so daß er am Anfang der vierten 40 Tage in der Lage ist, die Sure "Al-Fatiha" zu rezitieren. Dann soll er nach dem "Allahu Akbar" beim Takbir al-Ihrâm im Qiyyâm (Stehen) die Sure "Al-Fâtiha" rezitieren: "Bismillahi-Rahmâni-Rahîm, Al-hamdulillahi rabbil ´âlamîn, ar-Rahmâni-Rahîm, Maliki yaumi-dîn, iyyaka na´budu wa iyyaka nasta´în, ihdina sirât al-mustaqîm, sirat alladhîna an ´amta ´alayhim, ghayril maghdhûbi ´alayhim wa la dhâallîn." Dann, während er sich vorbeugt, sagt er: "Allahu Akbar" und in der Verbeugung: "Subhâna rabbiyyal-´Azîm" dreimal. Beim Wiederaufrichten: "Sami´ Allahu liman hamida", im Stehen dann "Rabbanâ laka-l-hamd". Beim Sich-Niederwerfen: "Allahu Akbar" und in der Niederwerfung: "Subhâna rabbiyyal-A´lâ" dreimal. In der Sitzstellung nach zwei Rak´a soll er sagen: "At-Tahiyyatu lillah as-Salawâtu at-Tayyibât as-salâmu ´alayka yâ ayyuha nabiyyu wa rahmatullahi wa

barakatuh, as-salâmu ´alaynâ wa ´alâ ´ibâdillahi salihîn. Aschhaddu an la ilaha illa-Allah wa aschhaddu anna Muhammadan ´abduhu wa rasuluh. Allahumma alli ´alâ sayyidinâ Muhammadin wa ´alâ alihi wa sahbihi wa sallim." Dann, nach rechts gewandt : "As-salâmu ´alaykum wa rahmatullah" und ebenso nach links gewandt. Auf der fünften Stufe soll er nach dem Takbir al-Ihrâm im Stehen sagen: "A´ûzu billahi minna-Schaytâni-rajîm, - dann Sure "Al-Fâtiha" und anschließend die Sure "Al-Ikhlâs" rezitieren". Während des Vorbeugens: "Allahu Akbar", in der Verbeugung (Ruku´): "Subhâna rabbiyyal-´Azîm" dreimal, beim Wiederaufrichten: "Sami´ Allahu liman hamida" und im Stehen: "Rabbanâ laka-l-hamd", dann, während er in Sajda geht, wieder: "Allahu Akbar". In der Sajda: "Subhâna rabbiyyal -A´lâ" dreimal. In der Sitzstellung zwischen zwei Sajdas wird nun gesagt: "Rabbighfirlî wa li-walidayy". In der Sitzstellung am Ende von zwei Rak´a soll er sagen: "At-Tahiyyatu lillah as-Salawâtu at-Tayyibât as-salâmu ´alayka yâ ayyuha nabiyyu wa rahmatullahi wa barakatuh, as-salâmu ´alaynâ wa ´alâ ´ibâdillahi salihîn. Aschhaddu an la ilaha illa-Allah wa aschhaddu anna Muhammadan ´abduhu wa rasuluh. Allahumma salli ´alâ sayyidinâ Muhammadin wa ´alâ ali sayyidinâ Muhammad kama sallayta ´alâ sayyidinâ Ibrâhîma wa ´alâ ali sayyidinâ Ibrâhîma innaka Hamîdun Majîd." Dann zum Abschluß wieder nach rechts gewandt: "As-salâmu ´alaykum wa rahmatullah" und ebenso nach links. Fertig!

Dies mag ihm bis ans Ende seines Lebens genügen. Wenn er nach mehr verlangt, mag er mehr lernen um seinem Herrn mehr Lob, Preis und Respekt zu erweisen. Es steht ihm frei, zu lernen und voranzuschreiten zur göttlichen Gegenwart, denn je mehr er hinzufügt, desto mehr wird das göttliche Licht, das auf ihn herabkommt. Mit jedem zusätzlichen Buchstaben kommt mehr göttliches himmlisches Licht auf euch herab und nichts kann einen Menschen so von negativen Schwingungen befreien, wie zwei Rak´a Gebet, denn der Prophet - Friede und Segen Gottes seien über ihm - sagte, daß, wenn ein Diener sich anschickt, zwei Rak´a zu beten, Allah den Engeln befiehlt, von diesem Diener jede Last zu nehmen, körperlich und geistig. Alle Schlechten Schwingungen werden diesem Diener abgenommen und er betet zu seinem Herrn mit erleichtertem Körper. Die Auliyyâ, die Heiligen, sehen einen Menschen der betet umgeben von Licht, so wie die Christen manche Köpfe von Heiligenscheinen umgeben darstellen. Nach diesen zwei Rak´a fragen die Engel dann Allah, ob sie dem Diener diese Bürde wieder auferlegen sollen und Allah der Allmächtige spricht zu ihnen: "Nein, werft sie (die Bürde) hinab in die Höllen!" Wenn also jemand diese zwei Rak´a, und sei es nur deren Bewegungsablauf, praktiziert, so ist dies das hervorragendste Heilmittel gegen Depressionen. Nichts kann jemandem, der unter Depressionen leidet, soviel helfen wie diese zwei Rak´a.

wa min Allahi-taufîq

Beschreibung des Gebetsablaufes:

1.) Nachdem man die Absicht (Niyyat) gefaßt hat, das Gebet zu verrichten,
2.) Stelle man sich aufrecht hin (Qiyyâm).
3.) Hebe die Hände, Männer in Kopfhöhe, mit den Daumen bis an die Ohrläppchen, Frauen bis in Schulterhöhe. (Takbîr al-Ihrâm)
4.) Lege die rechte Hand über die linke, Männer oberhalb des Nabels, Frauen in Brusthöhe. (Qabdh)
5.) Mit gestrecktem Rücken nach vorne beugen, die Hände auf die Knie. (Ruku´)
6.) Richtet man sich wieder auf, wobei man die Arme lose herunterhängen läßt. (Raf´â min ar-Ruku´)
7.) Wirft man sich vor Allah nieder, wobei in der Niederwerfung (Sajda) die Stirn, die Nase, die beiden Handflächen in Kopfhöhe, die Knie und die Zehen den Boden berühren sollten.
8.) Richtet man sich aus der Niederwerfung zum Sitzen (Jalsa) auf, wobei das Gesäß auf dem nach innen gedrehten linken Fuß ruht, während der rechte Fuß aufrecht steht, wobei der große Zeh nach vorne zeigt. (Diese Sitzhaltung ist für den Ungeübten oft schwierig, so daß man eine langsame Annäherung daran versuchen sollte).
9.) Aus der Sitzhaltung (Jalsa) heraus folgt die zweite Niederwerfung (Sajda) genau wie die erste (siehe 7.) - Damit ist eine Gebetseinheit (Rak´a) vollendet. Die zweite Rak´a unterscheidet sich nur durch die Auslasssung des Takbir al-Ihrâm (siehe 3.) und
10.) am Ende der zweiten Rak´a kehrt man nach der zweiten Sajda (Niederwerfung) in die Sitzstellung (Jalsa) zurück, verharrt einige Augenblicke und
11.) beendet das Gebet durch Drehung des Kopfes zuerst nach rechts und dann nach links. (Taslîm)
Die Augen bleiben während des Stehens (Qiyyâm) auf den Punkt fixiert, auf dem die Stirn während der Niederwerfung zu ruhen kommt (siehe 2).

## Escaping from Shaytan

A short Association, because now our egoes are pleased that we just had a delicious dinner with every kind of Allah Almighty's favors, so many n'imat [favors] granted us through the doctor's generosity. And we are first thanking Dr. Akmal Khan; we must first say "Thank you" to you, to your family, and as you are giving your generosity to me and to my followers, Allah Almighty should reward you and your ancestors, blessing them and giving hidayat [guidance] for your descendants. May Allah bless everyone that is coming here, from far distances or near ones, and Allah Almighty rewards everyone according to their intentions. Allah Almighty is always looking at our hearts, what are our intentions.

And we are saying, "'Audhu bil-Lah min ash-Shaytani-r-Rajeem, bismillahi-r-Rahmani-r-Raheem."(1) We are escaping from Shaytan to Allah, to hide us. We are asking His divine shelter and His divine protection because it is so difficult for us to defeat Shaytan, because our egoes are also always going with Shaytan. If our egoes were not going with Shaytan, it would be easy, but our egoes and Shaytan are from the same characteristic. Shaytan was the first rebellious one toward Allah; in the Divine Presence, the first one who was rebellious was Shaytan, not anyone else before him. And he did his worst for his Lord, while it was right to do his best for his Lord, Allah Almighty, and Shaytan was cursed and kicked out of Heaven to earth.

And our egoes are also never accepting to be servants. Our nafs -- that means ego -- is never happy to be a

servant to Allah Almighty. Therefore, the same characteristic in Shaytan is with our egoes. And when our egoes are with Shaytan, it is like a man and woman coming together and bringing forth a baby; nafs, our ego and Shaytan, when coming together, must give a birth to an evil, there must be an evil born.

Therefore, Allah Almighty, through His first Message to mankind, through the first man and first prophet, Sayyidina Adam, was advising His servants, "Don't give a chance that Shaytan approaches you." If you are giving that chance to him, sharr, evil, must come; a sin must must be there. A sin is born; when Shaytan and our ego go together, a sin quickly comes. Therefore, Allah Almighty is teaching, from the first prophet up today, that you must ask a shelter from Him from Shaytan. Therefore we have been ordered to say "Audhu bil-Lahi min ash-Shaytani-r- Rajeem."

"Audhu bil-Lahi min ash-Shaytani-r-Rajeem" -- that means we are weak ones. We aren't able, by ourselves, to defeat him, to throw him away. Therefore we must ask divine help: "O our Lord, give us a shelter from Shaytan." And Shaytan is everywhere and with everyone. No one is going to be without Shaytan; not any place, even holy places, where Shaytan is not there -- everywhere. Only one place that no Shaytan is in; the only place that Shaytan is forbidden to be there, that is in K'abah. Shaytan can't enter inside it -- no. He can't be there, or quickly he will be burned. Instantly he will be turned to be ashes; he can't come inside it -- prohibited. And also at the grave of the Prophet, turbatu-Rasool, (SAWS (2)), inside it, he can't be there, instantly burning and turning to ashes. But in every other place you can find so many shaytans, and also with you, coming with you, even sleeping with you, eating with you, walking with you.

When you are sleeping, he is sitting, not sleeping. Not sleeping and he is waiting for you, so that he may see you when you are waking up. If he sleeps, you may make wudhu and pray, but he is looking at you, if you are waking up and says, "Sleep, sleep. It is still dark. Don't get up. You must sleep. Still a long time to morning." Every time you are begin to wake up he says, "There is still a long time before adhan. (3) Sleep, sleep well." Yes? Is it not so? Therefore, every time a person is waking up, Shaytan is saying to him, "Don't get up. Sleep. It is so beautiful to sleep. Rest. Even now you are not resting; you are working too much and not resting, taking no pity on your own self. Sleep!"

Therefore, Shaytan is everywhere and with everyone. Never leaving you, always coming, saying to you, "I am your bodyguard; trust in me. I am guiding you to an excellent situation. Come with me, follow me." "Follow

me"; writing on his back and saying to everyone, "Follow me, follow me." Just as it is written on some cars in an airport, "Follow me," similarly Shaytan is going in front of everyone, man and women, writing and saying, "Follow me" -- and not only writing "Follow me" but also with a microphone in his hand saying, "Please follow me! Follow me! Don't look right and left but just follow me. I am with you always," and people are running after him, day and night.

Therefore we must say, "'Audhu bil-Lah min ash-Shaytani-r-Rajeem. O our Lord, we can't do anything with Shaytan if You do not help us." When you are saying "'Audhu bil-Lah min ash-Shaytani-r-Rajeem," he is jumping from here to a distance, but then, slowly, slowly, slowly running, approaching you. When you are saying "'Audhu bil-Lah min ash-Shaytani-r-Rajeem," it is like kicking a football, kicking him, "'Audhu bil-Lah min ash-Shaytani-r-Rajeem" and throwing him away. Therefore, any time that you are feeling yourself in a bad situation and not able to take control of yourself, you must say "'Audhu bil-Lah min ash-Shaytani-r-Rajeem, 'audhu bil-Lah. . . . " At least seven times you can say it, and he is going to be tired, running away.

Yes. And we are saying "Bismillahi-r-Rahmani-r-Raheem." If Allah Almighty does not help us, we can't do anything. "Bismillahi-r-Rahmani-r-Raheem" means, "O my Lord, I am helpless, I am weak, and I am asking Your support, divine support. I am in need of Your blessings, I am in need of Your mercy, I am in need of Your favors. O my Lord, please grant me, please support me, to be able to do something, something for You." Not something for anyone else. If you are doing something for anyone else, it is going to finish and vanish, but everything that you are doing for Allah, it is for you forever. It is impossible for it to be taken away, Allah Almighty keeping it in His treasures. When you are in need, at that time of most need for ourselves on the Day of Resurrection, we should ask help and He should give it to us.

Therefore, you must try to be with Allah, and whoever is with Allah, Allah Almighty, in every second, every minute, every hour, every day, every week, every month, every year, He will be supporting, and no one will come to Sheikh Nazim to say, "O Sheikh, pray for me because my business is getting bad, getting no more profit. Please pray to Allah for me." Ya hu, I am saying, "Allah is closer to you than I am. Why are you not saying it to Him?" Allah is closer to His servants than themselves. "Wa 'alamu anna Llahu yahulu baina-l-marri wa qalbihi" (4) -- this holy verse is saying that Allah Almighty is coming in yourself and coming in your heart. And you can't reach your heart; Allah is closer than you to your heart. No one can imagine how close He is to you. It must be so, because He is the Creator.

He is the Creator, and He creates what you are thinking and for what you are thinking and for what you are working and what is your purpose and what is your aim; He knows before you know it. I am saying, "Why are you not asking from Allah, coming to me and saying to me that 'Pray for me,' while between you and Allah Almighty there is nothing." You can say, "O my Lord"; you can say, "Ya Rabb, ya Rabb, ya Rabbi," and He is just reaching to you or He is just with you, because you can't stand up without Allah's Power; if His power does not go through your whole body, even through cells then you cannot function, cannot be alive. Cells must be alive with Allah Almighty's power or even the smallest cell can't be alive in your blood, in your brain, in your skin, in your flesh, in your organs. Every cell must be with its Lord and must glorify its Lord.

Therefore, we must try to reach a state that by praying we are able to reach Allah Almighty's Will -- that means, what He is asking for me, for you, for anyone else, and if you understand what is His will for you, then not to object to it, not to reject or object to Allah Almighty's Will, and then you should be happy.

Try to be with Allah Almight's Will. Don't put your will in the place of your Lord's Will, or don't put your will against the Will of your Lord. Whoever puts his will in opposition to the Will of Allah, he is going to fall into an endless depression. Mostly depression is coming from that point, because you want something and Allah Almighty wants something else. And even if all mankind is going to insist on one purpose, they can't change it, they can't make their will to precede or subjugate Allah's Will. If Allah Almighty says "No", no one can make it "Yes". If He says "Yes" for something, even if all nations say "No", it must transpire as He wills.

Therefore, that is the most keen knowledge, keen treatment for depressed people. Depressed people must know that what they are saying "Yes" to is not going to be or what they are saying "No" to is not going to be. They must learn that only Allah Almighty can say "Yes;" in spite of all mankind saying "No!" If He says "Yes," that must be. If all mankind says "Yes" and Allah Almighty says "No", it is going not to be. That must be taught to everyone, because depression is increasing day-by-day, and it is a kind of punishment from Allah Almighty that His servants are not using their will and their minds for their actions; they are acting without using their minds and wills, and every time they are making mistakes.

Even a simple mistake harms people. What if you make an mistake, every time, every moment, every hour, every day coming against the Will of Allah, and your will makes mistakes? But now it is the time of atheist people; they are saying "No God." Astaghfirullah(5) -- no God but Allah! Allah is God. And they are not

teaching about God in schools -- it is forbidden in schools to be taught about Allah, and they are saying, "If anyone wants to know something about their Lord, there is the church. Go in and learn there."

They are so proud of not putting it into the curriculum of students; they are saying, "If you want to ask about God, go. There is a church. This is something that you can believe or not believe -- it doesn't matter." Put a symbol there -- in the midst of universities, as a symbol, a symbol of mystery. I saw in Cambridge and Oxford, in universities, huge cathedrals, but they are not putting at the beginning of every knowledge the knowledge that leads us to Allah, to God. Therefore, their teachings are harmful and with no result, making people depressed, because if a person says "There is No Allah, no God", that means he is in a situation where there is no any support from any direction and then he can fall down. Therefore, governments must change their educational policies, to put knowledge about Allah as the first lesson for little children all the way up to academic studies. They must say first, "In the name of Allah, All-mighty, All-Merciful, who created us, who granted us to be His servants." As long as they do not put this, they are going to be in suffering, with no peace, and fighting continuing.

May Allah forgive us. Therefore, O people, listen and try to act, try to believe, try to act according to your beliefs. Don't let Shaytan come to you so you can follow him. Shaytan is in Hell, and anyone following Shaytan is just going to fall into Hell. And the Prophet is in Paradise; whoever wants to follow him, he should reach the Prophet in Paradise. May Allah cause us to be in Paradise with His prophets, with His awliya (saints) and anbiya (prophets) and with pure ones, and may He change this world to take away devils and to make us among His sincere servants so that we should reach happiness and contentment and pleasure from Allah Almighty.

## Es gab mehrere Adams

(English: ThereWereManyAdams)

Oh ihr Menschen, sagt (steht) Allahu Akbar, Allahu Akbar, la ilaha ill-Allah, Allahu Akbar, Allahu Akbar, wa lillahi'l-hamd! Allahumma salli `ala Sayyidina Muhammadan Nabiyyina wa Habeebuhu... Medded. (sitzt) Oh ihr Menschen sagt a`udhu billahi min ash-Shaytani'r-Rajeem. Bismillahi'r-Rahmani'r-Raheem.

Der Teufel ist der größte, schrecklichste und gefährlichste Feind der Menschheit, bittet deshalb immer um göttlichen Schutz. Wenn Allah der Allmächtige jemanden beschützt, ist es unmöglich ihn zu verletzen. Selbst Millionen von Teufeln können ihnen dann nichts anhaben, wenn Allah der Allmächtige ihm Schutz gewährt, einem seiner Diener, Millionen und Billionen von Teufeln können diesem kein Leid zufügen. Oh Menschen, flüchtet euch deshalb unter den Schutz von Allah dem Allmächtigen, dort seid ihr in Sicherheit im dies- und im jenseits. Ich bin ein schwacher Diener, schwach und alt, aber mein Meister, auf Arabisch "Qutub ... " genannt, macht einen solch schwachen Diener (aus mir), der ohne Hilfe durch zwei Leute noch nicht einmal laufen kann. Ich bin schwach und ich sehne mich danach, dass meine Tage zu Ende gehen und ich tue überhaupt nichts, um meinen Herrn glücklich mit mir zu machen. Ich flüchte mich nur zu Sayyidina Muhammad saws, seinem meist geliebten, meist gerühmten in seiner göttlichen Gegenwart, um für seinen Fürsprache (zu bitten), sein shafa'ah und ich kann diesen meist gerühmten nicht erreichen. Aber sie helfen

mir, den Pol dieser Welt zu erreichen, der alles tun kann, wie es auf der Schicksaltafel geschrieben steht. Ich flüchte mich zu ihm, er war mein, unserer Grosssheikh - er hat noch seine volle Macht, er hat die Kraft, dieser eine, der nur danach verlangt einer zu sein, einer. Er ist der Sultan der Welt.

Die Großzügigkeit (ikram) Allahs des Allmächtigen gewährte mir, sein nutzloser und schwacher Diener zu sein, so nutzlos, aber wir suchen immer nach der wahren Botschaft (Bestimmung), dem wahren Rang, der Wahrheit der Schöpfung, und das ist etwas, das (mir) durch meine Existenz gegeben wurde, durch mich selber - so wie sie es wollen, das ist das größte Geschenk, das solch einem schwachen Diener gewährt worden ist. O hoho, und (obwohl) ich so nutzlos und faul bin - spielt keine Rolle. Mit nutzlosen kann alles gemacht werden, wie sie gerade wollen - alles. Ihr kommt von weither, Allah möge euch segnen. Ihr sehnt euch nach seinem Segen und sein Segen kommt zu dem Diener, nachdem Allah ihm vergeben hat. Sobald mein Herr mir vergeben hat, öffnet sein Segen die Türen zu mir selber.

Ich sitze ihr voller Scham, aber mein Grosssheikh hat es mir befohlen, mich hierhin zu setzen und die Diener Allahs des Allmächtigen zu unterrichten. Oh ihr Leute, helft mir; oh Leute, ich helfe euch so viel wie möglich. Ihr müsst versuchen euch gegenseitig zu helfen gemäß seines göttlichen Auftrags: "Oh ihr Menschen, helft euch untereinander, helft euch gute Dinge zu tun - ich habe euch (dafür) erschaffen."

(Scheich niest und die Schüler wünschen Gottes Segen) Wisst ihr, wie man Hatschi macht? Ihr macht Hatschi, aber ihr habt keine Ahnung! Das ist jenseits unserer Willenskraft. Ob du es magst oder nicht, es kommt ein Hatschi. Die Kraft ist bei unserem Grosssheikh. Ich erklimme keine (göttlichen) Stufen, sondern ich nähere mich nur demjenigen an, der Adam repräsentiert auf der Erde. Adam wurde als Stellvertreter erschaffen und Millionen seiner Nachkommen sind ebenso Kandidaten für die Stellvertreterschaft Allahs des Allmächtigen - das ist der höchste Rang in der gesamten Schöpfung und genau dies ist uns gewährt worden. Uns Menschen.

Was denkt ihr? Wann begann die Erschaffung des Menschen? Wann erschien Adam aus unbekannten, nie gesehenen Welten? Wie er kam, erschien und sich selbst versorgte und sagte: „Ich bin der Eine, der von seinem Herr erschaffen wurde. Er erschuf und krönte mich, indem er mich zu seinem Stellvertreter auf diesem Planeten, auf dieser Erde, in der Dunya machte.“ Muhiuddin ibn-Arabi, einer der tiefsten Ozeane (des Wissens), wurde einmal gefragt: „Wie viele Adams sind eigentlich erschaffen worden und welche Nummer

hat der jetzige Adam?“ Oh ihr Menschen, ihr seid großartige Geschöpfe, euch wurde eine Ehre gewährt von Vorewigkeit zu Ewigkeit kommen immer wieder Schöpfungen und verschwinden wieder: Einer kommt und geht, der andere kommt und geht, kommen und gehen. Wenn Allah nur eine Dunya (erschaffen) hätte, das wäre doch armselig? Nein, er ist nicht arm ... (im Gegensatz zu den) Wahabis, ja die (sind es). Oh Menschen, was ich sage, kann nicht jeder verstehen; was Muhiuddin ibn-Arabi sagte, kann nicht jeder verstehen. Welches Grundschulkind kann schon dem Unterricht an Gymnasien oder Universitäten folgen?

Allah der Allmächtige hat hier einige Hintergründe und geheime Zeichnen versteckt und die Menschheit durch Zahlen auf einige bestimmte Geheimnisse hingewiesen Ich frage die Leute, warum beginnen die Zahlen nach der Null mit 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 dann stoppt es und beginnt mit 11 von vorne bis 19, 21, 22, 30, 31, 32, 40, 41, 42. der Herr der Himmel hat in den neun Zahlen einige himmlische Geheimnisse versteckt Und du musst eingestehen, dass es mindestens neun Zeichen in den Zahlen gibt, sie sind wie neun endlose Ozeane. Oh ihr Menschen, lasst die Jahiliya (Zeit der Unwissenheit), verlasst die Ignoranz und kommt und bittet (euren Herrn) um etwas.

Ihr müsst in den heiligen Quran schauen und ihn (korrekt) rezitieren, so wie er geschrieben ist. der Sultan der Zeit, wo ihr den Quran lest, spricht über die Zeichen der tiefsten Ozeane: „bismillah irrahman irraheem alif lam meeem“. Drei arabische Buchstaben, und jeder (enthält) boden- und endlose Ozeane. Ich hörte von solchen Sultanen, den Sultanen von Alim, von Wissen, sie sind keine Doktoren aber Allah der Allmächtige hat ihnen solche Ränge gewährt und gesagt subhanallhil aliyul adzeem, wer Wissen aus den Geheimnissen der Zahlen nimmt und den Geheimnissen der Buchstaben... Huuuuuuuuuuu. Wem es gewährt wurde, solch kleine Dinge ... Allah ehrte sie dadurch, dass er sagte "ista'idh billah, inamaa yaksha` Allah min `ibaadihi 'l-`ulama". Allah subhana wa ta'ala ehrte diese Wissenden mit einer rutba, mit dem Titel "Ulema", aber nun, in unserer zeit, suchen diejenigen, die etwas lernen wollen nach alaman kafaratu`l-fajara – in den Fußstapfen von Ungläubigen, Unwissenden und Verstandeslosen. Sie bevorzugen es Doktoren zu sein. "Doktoren" woher? Von Sorbonne oder von Oxford, Toronto, Mexiko, Rom, sie kehren diesem ehrenvollen Titel (Ulema) den Rücken und nennen sich selber "Doktoren".

Esel lachen diese Leute aus, beschimpfen sie (mit den Worten): "Euer Niveau ist ja noch niedriger als das unserige! Euer Schöpfer hat euch solch eine Ehre gegeben, sagte über euch: ‚inamaa yaksha` Allah min `ibaadihi 'l-`ulama, taqshair quloobahum’. (Wenn sie den heiligen Quran zitieren und das göttliche Wissen

in ihr Herz kommen, fängt ihr Herz an zu zittern und ihre Haare stellen sich auf)“. Das ist Kalamullah - die himmlischen Worte unseres Herrn, weil keiner fähig ist, die göttliche Gegenwart zu erreichen, keiner außer einem. aber die Leute haben es verloren, sie haben ihren Glauben verloren, ihre Einstellungen, sie haben keine Balance mehr und fallen unter das Niveau der Tiere, und die Tiere lachen über diese Leute und sagen: "Du bist ein Mensch? Spreche. Ich bin ein Esel. Ich bin sehr stolz auf mein IaIaIa. Wir machen genau das, was uns unser Herr (der diese geheime Kraft gegeben hat, die niemals jemand anderem gewährt wurde) befohlen hat." Das macht Esel so glücklich mit ihren Lautäußerungen. Aber wir Menschen machen kein Takbir (Allahu Akbar) und wissen das nicht zu schätzen, was uns Allah gewährt hat. Aber die Leute heutzutage sind so ignorant; sie glauben an der Spitze des Wissens zu stehen aber (in Wirklichkeit) stehen sie unter dem Niveau der Esel. Esel wissen mehr, sie wissen, wer sie erschaffen hat! Aber so viele Leute, die ihre Ränge vom Teufel haben, wissen es nicht, sagen nein! Esel sind den himmlischen stufen näher! Oh, ihr Menschen, eure Stufe entspricht eurer Einstellung und eurem Verständnis. Solange euer Verständnis mehr wird, kommst du den himmlischen Stufen näher, und wir sagen nicht, es gäbe keine göttliche Gegenwart!

Versucht zu lernen. Verschwendet eure Zeit nicht mit Dingen, die euch keine Ehre im dies- und jenseits geben. als der Prophet schlief, als er schlief, das Siegel der Propheten, wurde er gefragt afdalu 'l-`amaal, wurde er gefragt nach Dienerschaft, bester Dienerschaft und er antwortete: al’ilmu billah. Das war die höchste Ehre für die Menschheit: etwas über göttlichen Wesen zu wissen. Aber unsere Stufe (Bestimmung) unter den himmlischen Stufen ist es, immer mehr über den Herrn der Schöpfung zu wissen. al 'ilmu billah. Die Menschen versuchen immer nutzlose Sachen zu lernen, rennen hinter ihnen her, aber dadurch verlassen sie die Aneignung eines höheren Niveau des Verständnisses des Propheten und Allahs auf einer himmlischen Stufe.

Beweis dafür ist schon (vor uns) genannt worden: Wenn 2 Rakats des Propheten auf die eine schale der Waage gelegt würden und der gesamte Gottesdienst der Menschheit auf die andere Waage wäre, die 2 Rakats des Propheten würden schwerer wiegen – gegenüber dem Gottesdienst der gesamten Menschheit. Warum? Weil er zu Allah dem Allmächtigen, zu seinem Herrn entsprechend seinem Wissen betete, wurden seinen 2 Rakats gewährt mehr wert zu sein als alle Gebete der gesamten Menschheit. Ein Beispiel: Du setzt auf die eine Waagschale eine echte Krone und auf die andere eine Plastikkrone für uns selber. Was ist der Wert einer Plastikkrone neben der echten? Genau das wurde ihm von seinem Herrn gewährt: eine göttliche Krone!

Die Menschen beten zwar, aber das ist kein wirkliches beten, sondern nur Imitation, imitiertes Gebet. Kann das das gleiche sein wie das echte? Nein; Ich frage mal diesen Murid hier: wenn hier eine wunderschöne, lebende Frau wäre und daneben eine Plastikfrau hingestellt würde. zu welcher würdest du dann hinlaufen? Er lacht, oh er ist so glücklich! Ohhhhh, ja. Versucht die Wirklichkeit zu erreichen und wirkliche uboodiyya, Gottesdienst. versucht himmlische Dienerschaft zu erreichen, die euch entsprechend eurem Niveau gewährt werden wird, ein Geschenk von Herrn der Schöpfung.

Keiner kümmert sich um eine Plastikfrau (Plastikmannequin), aber ständig kommen und gehen Plastik Mannequins, kommen und gehen (wie auf einem Laufsteg):

„Oh mein Liebling, wie sieht die da aus, oder diese?
„Welche, oh mein Liebling?“
„Diese dort.“
„Oh, ihre Kleidung ist so wunderschön! Kann ich das auch anziehen?“
„Welche, mein Darling?“

10 laufen vorbei, hin und her und sie verpassen die richtige... Dieser Murid hier ist sehr glücklich mit dieser Modeschau, ..ehhhhhh ohhhhhh eehhh ohhhh, er vergisst (alles um sich herum) es sind alle so wunderschöne Frauen. Ehhhhh, ehhhh, mmmmmm, ehhhh...

Versteht ihr mein Englisch, oh ihr Leute? Verlasst das Plastik und beeilt euch, die wirklichen Dinge zu erreichen. Es gibt imitiertes Paradies, und auch höhere Stufen des Paradieses. Es gibt auch das Paradies der Tiere, das ist haiwaniya - für diejenigen, die auf der Stufe der Tiere sind. Sie sollen auch ein Paradies haben. Aber sie laufen dort mit den Tieren und kommen nicht weiter.

Oh ihr Menschen, lernt etwas über die himmlischen Geschöpfe. versucht zu lernen, wer den Himmel erschaffen hat und seine ebenen und wie viele es sind. Seid nicht ignorant, seid nicht rücksichtslos, wacht auf! Denkt ihr, ihr könnt mit solch imitierten Sachen glücklich werden? Nur dieser Murid hier mag mit solchen dingen glücklich sein. Oh ihr Menschen: Das beinhaltet auch mich (zeigt auf sich selber): ich bin auch glücklich!

Möge Allah uns vergeben. dies ist der letzte Tag des ID, nun ist ID beendet. versucht ein Level zu erreichen,

so dass jeder Tag ID ist und jeder Tag in einer weiteren Erscheinung von jalal wal jamal (göttlichen Schönheit) kommt. Möge Allah uns vergeben. Fatiha.

Etwas was sie meinem Herzen eingeben, bringt mich dazu, euch etwas entsprechend eurem Verständnisniveau zu lehren. Aber es gibt so viele Ebenen, so viele Stufen, auf denen wir sprechen könnten. Aber für gemeine Leute (ist das nichts), sie sind auf Niveau der Tiere. Fatiha.

Allahumma salli wa sallim `alaa Nabiyyina Muhammad `alayhi's-salaam
Salaatan tadoomu wahtuhda ilayh ma marra'l-layaali wa toola 'd-dawaam!
Allahumma salli wa sallim `alaa Nabiyyina Muhammad `alayhi's-salaam
Salaatan tadoomu wahtuhda ilayh ma marra'l-layaali wa toola 'd-dawaam!
Allahumma salli wa sallim `alaa Nabiyyina Muhammad `alayhi's-salaam
Salaatan tadoomu wahtuhda ilayh ma marra'l-layaali wa toola 'd-dawaam!

Fatiha.

**Es kommt ein Sturm!**

Unsere Nahrung und unsere Versorgung entsprechen dem, was Allah der Allmächtige für uns vorgesehen hat. Alles, was wir genießen, ist göttlicherseits vorbereitet und vom Schöpfer zugeteilt. Wenn unsere Versorgung aufgebraucht ist, ist es mit uns zu Ende, und unsere Weg führt zum Friedhof. Sofern es noch nicht beendet ist, befinden wir uns noch hier. Auch unsere geistige Versorgung ist vorbereitet, und jedem wird sein Anteil gegeben werden. Dies hier ist eine heilige Versammlung, und jeder wird seinen Anteil an geistiger Zuwendung erhalten. Und was für uns geschrieben ist und uns gewährt wird, müßt ihr bewahren! Sayyidina ‘Ali sagte: „Ihr müßt versuchen zuzuhören, zu hören und zu behalten!“ Dies ist eine Unterstützung für euch in diesem Leben, und dieses Leben ist schwierig. Audhu billahi mina sh-shaitani rrajim bismi llahi r-rahmani r-rahim Es ist ein Weg von mir zu euch, um euch zu geben, was mir gegeben wird. Ihr müßt vorbereitet sein, zu akzeptieren und zu nehmen. Diese geistige Versorgung ist frisch, neu und direkt – sie ist für Männer und für Frauen. Wenn ihr sie in eurem Herzen bewahrt, könnt ihr sie anwenden. So wie ein Auto Benzin als separaten Antrieb benötigt – zehn oder hundert Liter davon braucht es, um von einem Punkt zu einem anderen zu gelangen –, wie kann es da ohne diesen Stoff fahren? Ja, du magst dich fortbewegen wie ein Pferd oder ein Esel, die Gerste fressen, aber sie bedürfen nicht der spirituellen Kraft, sie sind da, um euch zu dienen. Allah erschuf jene Wesen, damit sie euch helfen, sie brauchen keine geistigen Kräfte, die sie unterstützen, sie leben in diesem Leben eine Zeitlang, tragen eure Lasten oder fressen. Ihr aber, o

Menschheit des 21. Jahrhunderts! So viele Jahre sind vergangen in dieser Welt und die Menschen denken immer noch, die Welt würde jünger werden. In dieser Einstellung verehren sie das „Neue Jahr“ und sagen nicht „Altes Jahr“. Und in diesem Jahrhundert erreichte die Menschheit die höchste Stufe der Ermächtigung, Allahs des Allmächtigen geheime Kraftquellen zu benutzen, die Er in die Natur legte. Seit nun wohl zweihundert Jahren hat Allah der Allmächtige von Seinen geheimen Kraftmeeren die Kraftquelle der Strahlen geöffnet, die wir „Elektrizität“ nennen. Bis heute kann es niemand beschreiben, man kann es nur arbeiten sehen, aber die Kraft ist nicht sichtbar. Und sie ist die Grundlage aller Technologie vom Osten bis zum Westen, sie ist ihre Seele. Euer physisches Sein gehört allein der Erde. Als Allah den ersten Menschen erschuf, konnte dieser weder sehen noch riechen. Sobald Allah des Allmächtigen Befehl kommt und die Menschen belebt, sagen sie: „Wer bin ich? Wohin soll meine Kraft reichen?“ Eine Figur aus Lehm? Wie kann sie sich bewegen, aufstehen und leben?! Es war nur ein Befehl Allahs des Allmächtigen, den Er an alle Atome gab: „Steht auf! Seid lebendig!“ Am Anfang war der Mensch eine Figur aus Ton, dann begann er, sich zu bewegen, lebendig zu sein. Wir sind wie der arabische Buchstabe „Alif“, wie ein Stock. Es ist für uns so schwierig, aufzustehen. Wir sind der vollkommenste Entwurf unter allen Geschöpfen der Erde, aber einige sagen, wir stammten von Gorillas ab! Wir alle sind das Beste des Erschaffenen. Sagt nicht, wie seien häßlich. Glaubt ihr, Er, der Herr der Himmel, wäre es nicht wert, daß Ihm gedankt und daß Er gepriesen werde? Dank, Preis und Gebet ohne Zahl seien Ihm! Die Menschen des 21. Jahrhunderts denken nicht. Wie kann der Mensch beanspruchen, die höchste Stufe des Menschseins erreicht zu haben, wenn er auf die Stufe der Tiere heruntergekommen ist? Die Letzten Tage kommen näher. Ihr müßt mit größerer Sorgfalt darauf achten, Allah den Allmächtigen zu schätzen und Ihm dankbar zu sein. Mehr Achtung, mehr Preis, mehr Lob für Ihn, Allah. Nicht gebt ihr, sonder ihr nehmt. Denn – falsch!, nein! – durch eure Ehrbezeugung werdet ihr geehrt, durch euer Preisen werdet ihr gepriesen, durch euer Verherrlichen werdet ihr gerühmt. Es kommt ein Sturm! Er wird die Achtlosen hinfortnehmen. Niemand wird wissen, wo sie hingeworfen werden. Dunya, diese Welt, wird nur für diejenigen Diener sein, die Sorgfalt pflegen in der Dienerschaft Göttlichen Dienstes. So ich hier sitze, bat ich um ein Meer, doch ist es nicht mehr als eine Einführung, nur das, was ich brauche. Behaltet es für euch, ob ihr glücklich seid oder unglücklich, geehrt oder entehrt, geachtet oder verachtet, lebend oder beiseite gefegter Abfall. Das Paradies ist für Diamanten, für Gute. Wählt selbst, Diamanten oder Abfall. Wir kommen nicht mit einem Stock. Dies ist ein Göttlicher Rat. Möge Allah mir vergeben und euch segnen. Es gibt nur einen Sultan. Al-Fatiha

## Essence of the teachings of Prophets

Destur ya Sultanu-l Anbiya, Meded ya Rijalallah, Destur, ya ‘Ibadu-llahi salihien...Without the Awliya the world would be finished long time, they are keeping it...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...By the Name of Allah, All Mighty, All Merciful, most Beneficent and most Magnificent...

It is an association and the essence of association, essence of the teachings of Prophets, is to glorify our Lord Almighty Allah. Glorifying Allah! We must learn that before everything must learn people. Therefore when we were small ones, first out parents were trying to make that baby first childhood that beginning asking to speak to make his first word the Holy Name of Allah Almighty, to say: “Allah!” and to teach him also a little bit further: “Hu, Hu, Hu...”, after a while to make that new one to say: “La ilaha ill-Allah, la ilaha ill-Allah, la ilaha ill-Allah...” First teaching must be glorifying of our Lord Almighty Allah. That is most and most and most important point that mankind now never taking any care either for small one or big ones. They are not trying to teach new ones to say: “Allah”, to say: “La ilaha ill-Allah”, to say: “Muhammadur Rasulullah” sws. First step that must be- glorifying who created that one and who granted to you, oh heedless man. That is a grant to you from your Lord Almighty Allah that new baby. Therefore you must try to open his words his speech her speech by saying: “Allah, Allah, Allah..., la ilaha ill-Allah”, to begin with holy words, to speak. Who

may be on that way, that is in our authority to do that, we can do this. But we can't do anything when a person going to die to make him to say "Allah", or to say: "La ilaha ill-Allah", it is out of our authority. Therefore at the end of our lives...it is out of our order, out of our authority to make a person to say, to make his last words to say: "Allah", to say: "La ilaha ill-Allah", but we hope if we are trying to make little one small one to begin to say his first words holy words holy Name of Allah Almighty we hope that it is going to be granted the last word of that one when he is passing away from this life to be last words: "Allah" and: "La ilaha ill-Allah".

People now are heedless from the most important point of our lives. That is our foundation of our lives. If our lives just built on that strong foundation, your life building never going to fall down. You can be in it in safety here and Hereafter. If not, those people going to be under any kind of danger, danger must be through his life, following him. Because whom never thinking for holy aspects that they have been offered, always they are under danger, danger following them, no balance for them. They don't know if they are going like this it is danger for them or going like that, going to be in safety. Therefore everyone who cut off themselves from heavenly orders, through every moment, every second, they may be attacked by dangerous things from right side or from left side or from their front or from their behind or from their heads side or from under their feet. Six directions may fall on them some dangerous things making them if he is going to complete this what it is destroyed for example from right hand, till that going to be complete, coming another attack form his left direction. He is trying to save himself and to be as an original one, till he is doing that, coming another attack from in front of them a danger, making another damage on them so that those people who are not taking any care saying: "I don't care for heavenly orders, I am a free one. I can do everything, because I am powerful, because I am rich one, or because I am such an important VIP person"...Ehhh, if not coming from outside, coming danger one day saying: "Oh, my stomach", or may say: "Oh my head", or one day may say: "Oh my heart" or may say: "Oh my back"...from inside coming...If not from outside, from inside coming- what are you doing? If you are President, if you are King, if you are VIP person, richest one, and you can't move from your chair, saying: "I can't walk, I can't move", bringing this bed that they are putting sick one on it and carrying quickly, coming from ambulance emergency, quickly coming and taking him from where? From fire stairs. Fire stairs is easy, because can't be in lift. "Oh my friend. What about... how are you?" "Don't ask." "How? You are chief one, what happened to you, why you are not keeping yourself?" "I don't know, it was such a unseen spear coming on my back and just touching on my back I finished..."

Man just created weak, very weak, but they are not thinking on it, they are saying that: “We can do everything, without we are not in need to be a relationship through Heavens, we are not accepting such things.” Eh- now look after yourself. Therefore people, if they are not arranging their lives according to heavenly Commands, always through every moment may touch to him something that he is not going to be happy. May be billionaire, may be Kings, may be President, may be anyone that may claim: “I am this one or that one”, no. Therefore heavenly teachings (are) asking to wake up nations, to wake up people to think on it. Heavenly Commands (are) making people to think, but Shaitan (is) making people and saying to them: “Don’t think on anything.” Heavenly Order is ordering for thinking, shaitanic teaching is saying: “No, you must not think on such things.“ That is biggest cursing now on people.

One person was asking me for some country that it was richest country, but now (is) going to be (a) poorest country and the governors of that country (is) thinking, asking: “How we can save ourselves from coming down economically?” And there was an answer: “(It is happening) because your involved in heavenly Orders; you tried to change nature. When you tried to change nature the Lord of Nature (is) punishing you. The Creator of this planet, (who is) giving its rules to nature, He is not happy what you are doing against nature. You are trying to change nature, He is not happy, the Lord of this planet, the Lord of Heavens is not happy with you, therefore He is asking you...

Therefore, first of all, what you did wrongly, you must come back, you must try to correct what you did wrongly. Wrong things must be corrected. As long as you are insisting on wrong attempts and leaving (the) real rules of nature, you are fighting nature and its rules, you (are) never going to be as you like. Your life (is) going to be (the) life of people of Hells. You are going to taste every badness, you are going to taste every bad thing. You can’t be able to taste the pleasure of this life.

Even this world is such prison for believers also, but Allah Almighty (is) never leaving them to taste as a prisoner (is) tasting, no, because they have been granted a hope, not (a) hope only, (but) a real Favour from Allah Almighty, saying to them: “Oh My servants, this place is going to be seclusion for you and after seclusion I am taking you to unlimited Paradises and endless pleasure.” This one is something else, another group that they are never believing in such things they are grinding under the mill stones every second. This is a prisoner, that is a prisoner, on same planet, but they are looking for Paradises at the end of their

seclusion and other ones are waiting to open the doors of Hells to them. Oh people keep yourself, don't try to change nature! Nature is under its Creators Command and Rules!

Therefore those countries they are making against the Rules of Nature and they fall down and if they are asking to save themselves, (they) must come back and to live heavenly rules (of) nature and they must follow this. And for whole mankind- they are trying to change the rules for life of mankind. The nature of mankind they are trying to change it. When they are trying to change our natures, (they are) coming and falling in endless troubles and sufferings.

Therefore one way for all nations to save themselves, (is) to take away, to throw away artificial ideas that are teachings of Shaitan and shaitanic ideas (are) making people to go wrong and to change the Rules of nature. When they are doing this, when they are changing this, that commanding nature, they are fighting against you and never giving a chance to you to be rest.
People are thinking: "Oh, when we are coming from Cyprus to Turkey it is going to be changed our situation", or some people are thinking that if we are going from Pakistan to England, we are passing over this dam and we are reaching to a best life." No! Where Allah (is) making you to be and giving to you and making your destination, don't change! You are going to be cursed people through that country. You are not people that you have been honoured in England, Germany, Russia, France, Italy, no! Those people that (are) running to Europe to find a better life, but they are not understanding that they are giving from their honour, making their honour under the feet of that nations and that nations (are) saying: "Why you are coming? Go away!"

Why? Allah granted us so many countries, lands, why (you are) not working on it, keeping nature as Allah Almighty said to you and (you are) running away to find an easy life? Euro! "Oh my friend, every hour 1o Euro." "What you are taking in Turkey? 3 Euro? Why you are sitting in Turkey? Go to Germany, go to England, go to France and take every hour 1o Euro. If you are working 1o hours, 1oo Euro, in one month 3ooo Euro. Why you are sitting here? Go there!" Oh heedless people! You are taking 3ooo Euro, but you are putting your honour under the feet of Germans or English of French people or Europeans! What is the benefit? But no mind! They are asking to go there to make much more Euros, much more Pounds, much more Dollars- but what is the price to take that amount? The price is to put your honour under their feet. They are saying: "Why you are coming? Who is saying to you to come? Why fighting?" And now (such a) big territory (is) asking to and crying an shouting: "Please accept ourselves" and they are saying: "No!" One word was enough

not to ask second time to be with them, but they are putting their honours under the feet of Europeans. But we have honour! Eat dry bread, but don't go to them! You are fighting against nature. When you make this, you must be under their feet. No one going to enjoy through this life and when they are coming to next life Angels (are) taking them: "You, that one, who not keeping honour of Muslims, going to be servants to those people for Dunya?"

Till they are taking away that idea from themselves and to believe that Allah Almighty is that One who is giving our Rizq, provision, and provision is a grant from Allah Almighty, but our honour that we have been honoured to be Muslims is a much more high grant from Allah Almighty and you are putting that under that to take some money that it is nothing. (Even) if they are opening their treasures, you must not put your honour under their feet.

May Allah forgive me and give us a good understanding to make us to keep our honour every time. Don't change your honour for some pieces of food- that it is nothing. The sweet food (is) what it is good for you and suitable for your honour. Don't think that what you eat and drink in European countries is good for you, no. Be patient (with) what Allah Almighty (is) granting to you. Keep your country and make that dam, take it away to come what Allah (is) sending to you. That (is) preventing what Allah (is) sending to nature, to Muslims, believers, because they are running from their homelands to unknown lands, unknown people who are never happy with us. Keep yourself with dry bread and keep your honour!

May Allah give us good understanding and to keep His servanthood. First of all, (before) everything you must think (of) His servanthood and He is (the) only One reaching to you with a sweet life. No one is saying to me up today: "We are living a sweet life in European countries or western countries." No one (is) saying (this). But we, Alhamdulillah- in our countries we have sweet food that Allah granted us, we are happy. We are thanking to Allah Almighty, we are not making objection (on) what He (is) sending to us, no, everything we have! Give your praising and glorifying to Allah Almighty and teach your children to glorify their Lord Almighty Allah and if you like to save yourself and your children!

May Allah forgive me and grant to you blessings for His pleasure and to keep His Commands and Orders and to keep His Favours by praising. May Allah bless you and His weak servants that believe in Him and in His endless Favours. For the honour of the most honoured one in His divine Presence, S.Muhammad sws, Fatiha.

## Establish your connection to Heavens!

Destur, ya Sayyidi, Meded
A´udhu bi-Llahi mina shaytani rajim,
Bismillahi r-Rahmani r-Rahim
La hawla wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...

Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah!

O our Lord, we are asking forgiveness (for) what (is) happening! Our dirty egos (are) making a company with shaytanic territory and (they are) asking to fight believers. Really shaytan (is) asking to fight more and our egos also (are) just cheated by shaytanic groups and our egos (are) following shaytanic ways.

A´udhu bi-llahi mina shaytani rajim
Bismillahi r-Rahmani r-Rahim

O our Lord, we are asking Your forgiveness, we are asking Your protection, we are asking Your blessings! All of us we are from mankind; Allah Almighty granted to mankind that which He never granted (to) other creatures. Through creation on earth, on Heavens, the highest level (is) just granted to mankind. That is an honour that Angels were asking to be granted to them that honour (and) He said no.

They (the angels) were saying: “O our Lord, You are creating a new creature and we are looking and seeing that they are going to be fighters. We are doing our best for You, we are glorifying You, we are not making any trouble, we are not fighting to each other and (we are) not looking to anyone else, only to You. And You created, You are going to create as You are giving that it is heavenly announcement, declaration, saying: “O My angels, O everyone who (is) listening to Me, hearing and understanding!” - He is Lord of Heavens, Lord of creation, when He is giving His declaration, everything must understand His declaration. Even atoms must hear and understand, but their understanding (is) on their levels for that declaration. Angels were on the highest level from other creatures; and other creatures (they are) on earth, (but) angels (are) on Heavens. They are honoured, they have been honoured to be ‘Sultânu s-Samawât‘. Their residence is Heavens, (but) they (creatures) are on earth, (so) angels understanding is something else and (they were) saying: “O our Lord, why You don’t give that honour (to us), that You are going to grant that highest honour to be caliph (to that new creature)?“ - (it) means: if that one (is) my caliph, (that) means he is doing on behalf of me. That is a level that can’t be over that level any level more, no, biggest level! - And their understanding (is) going to be according to their levels.

And Allah Almighty (was) saying: “I know what you are not knowing! My Knowledge is unlimited Oceans. What you are knowing, everything you know, it is nothing, nothing, nothing! ‘...wa mâ utîtum min al -´ilmi illa qalîlan‘... O mankind, you have been granted (a) knowledge that (is) making you to be over the level of angels!” Knowledge

(is) giving honour to people. No knowledge, no honour. And knowledge (is) going to be (of) two kinds: knowledge from creatures, (and) another level: the knowledge for the Creator (ma´rifatuLlah).

Some people (are) asking that knowledge that belongs to the level of Heavens; mostly people (are) asking knowledge that (concerns) around themselves, of creation. That knowledge, every knowledge, (is) taking them to a knowledge about the Creator. If that knowledge is not leading people to their Lord, it is also false, useless, no value! And only few ones on their levels (are) asking heavenly Knowledge to reach to Divine Knowledge. Heavenly Knowledge is a step that from there you may try to reach to Divine Knowledge and Divine Knowledge also is Muhitât, Oceans!

And Heavenly Knowledge Oceans also are endless; you can't reach to an end, or you can't reach to a deep point. As much as you may go down, you can't catch that deepest point of that knowledge Oceans. No depth, no ends around!

People (are) saying: "We are learning." "What you are learning?" (They are) saying: "I am Doctor", "I am PHD", "I am Professor", "I am academical... member of the highest academical center..." May be those titles (are) for you, but what is your real capital from knowledge, where it is? And if you are not learning about Heavenly Knowledge, if you are not reaching and remaining (on the) level of (the) material world (this is what is going to happen to you. An example:)

This is a wood. There is an insect (that is) coming in(to) it and after a while... it is going inside, making it dust. Once in England, in London, just appeared a kind of insect, no one can see or be

able to kill that; they (the insects) were entering through huge trees and through short time - I also was witness - so many century old trees, big ones, 100, 200 years, (were) going down...

And (so), if our knowledge (is) never reaching to heavenly knowledge, then an ‘insect’ (is) coming through our minds, that Prophet- sallaLlahu ´alayhi wa sallam - was saying: “Afatu l-´ilmi an-nisyân”, (the) biggest dangerous insect (for the tree of knowledge) that makes people not to remember or not to understand anything is ‘nisyân‘, to forget/forgetfulness; (that ’insect’ is) making people to be on zero, because (they are) not related or not trying to relate their knowledge to Heavens. When heavenly Meded, support, (is) not coming, it (knowledge) after a while (is) going to be forgotten, finished. (And people are) saying: “(That) Dr., Bachelor or...butcher?...”what happened to that person? What he is saying? Something he is saying, we think he is not knowing what he is saying! What happened to that person, he was so big learned person, scientist, what happened to him?” That insect (nisyân was) coming to him, finishing...

Therefore - everything (for which) that mankind (is) not asking to make a relationship to Heavens, is going to finish and now in our 21st century they cut every relationship through Heavens. Their relationship (with Heavens is) only: “Christmas Night, Christmas Night, Christmas Night, we like it, we are happy with this...” (This is) their relationship to Heavens, ma sha Allah...and (the) whole world - that is Christian world - for all world people, no mind Muslim people also, they are (saying now): “Happy New Year!”

There were 12 stars. Every star was a shape, (a) symbol; now no one I am looking, only Scorpion star people or new stars: Apes stars,

and also Bear stars and also Wolf stars or also Fox star...just changed! People becoming on same characteristics like bears, donkeys, wolves, foxen, dragons, scorpions - in such a way now full!

I am saying: “O our Lord, those people (are) not following Your 12 stars; they are dressing (the) same characteristics (like)... all of them going to be like apes, like bears, like donkeys, like scorpions, like snakes, like wolves, like jackals...

There is also - we forgot it - foxen.“ They said to me - in London when I was there - that fox only after midnight were going around London city. But now they are saying that daytime also they are jumping from fence to another fence and making their things behind gardens...I am asking: “What happened to you, (that you are) coming to people?” “O Sheikh, we are happy that most peoples’ stars (are now) going to be Fox stars; therefore we are very happy to be friendly (with them), we are signing a treatment between foxen and mankind. Therefore we are never fearing to go around daytime also...”

No relationship for Heavens! They cut it and they should be cut down (also) like trees, big trees. Big countries they are so proud to say: “We are such a countries, so powerful,” all of them, but inside... that insect just in it, making them to fall down. I don’t think they should reach another New Year Night. I don’t think, because (they are) beginning to make like this...(shaking) and perhaps (they are) falling down...

And we are looking for this - to fall, because they are on bâtil, false, and we are looking (for) that Haqq, truth, truth from Heavens. True ones should appear! Wrong people must be taken away!

Therefore, o people, try to make you relationship with Heavens, even with 2 Raka´at!

Don’t forget Your Creator, don’t forget Your Protector, don’t forget Who (is) giving to you that honour, don’t forget that One who honoured and blessed you here and Hereafter!

May Allah bless us for the honour of the most honoured one in His Divine Presence, Sayyidinâ Muhammad sallaLlahu ´alayhi wa sallam,

Fatiha...

O Allah, forgive us!

## Europeans: We are first class people

Destur, ya Sayyidi, ya Rasulullah, ya Sultanu-l Anbiya...Allahumma salli wa sallim wa barik alayh, alaika ya Sayyidi ya Rasullullah. Alfu salat wa alfu salam alayka wa ‘ala alika wa sahabatika ya khairi khalqi-llahi ajmain...Destur ya Sultanu-l Awliya, Meded... Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l Aliyu-l ‘Azim...

We are coming now to our proud people Europeans that they are looking from up and saying: “We are first class people and Oriental people are tail. We are head, Oriental people tail”...

I was speaking on Black Holes, but no one (is) understanding what I am saying... Every day is a hole, (a) Black Hole...swallowing...From morning up to evening, what happened today, when (the) sun (is) setting, (the) Black Hole (is) just swallowing (it)... Where is yesterday now? (the) Black Hole (is) taking (it) and today also, when (the) sun (is) setting, swallowing today also (and) everything in it. La haula wa la quwatta! People (are) looking to see Black Holes through skies. Ya Hu, look here! What is there, you may find here! Some of them (are) escaping from Black Hole, but some (others) of them (are) falling in it and (are) disappearing. Today so many million people (are) falling in that Black Hole, (and) tomorrow they are not in existence, finished...Black Hole is important!...Thousands of years, thousands of years, people from every level (were) just falling in (that) Black Hole and passed away. Where they are? Finished. In cemetery. (But the) cemetery

(Also) it is dust, earth, finished. Their personality (is) disappearing and also their material (is) disappearing- why you are fighting?

O people, you are saying: “We are (the) most developed nations.” We know, but- you can’t save yourself to fall in Black Hole on earth. (So) why you are saying: “Oriental people, their level (is) under our level”? What is the difference between you, Western people and Eastern people? Both of you (are) coming and falling one day into (the) Black Hole and you are disappearing. If you are first class people, if you are most high-level people, keep yourself, don’t fall into (the) Black Hole, save yourself. Why you are not using your technology to prevent you not to fall into (the) Black Hole, every day’s Black Hole? How many days you have, you have also through days (a) new Black Hole. (the) Black Hole that belongs to yesterday, it passed away, taking everything and disappearing. Today a new Black Hole (is) coming and beginning to take everyone ‘ahyanan wa amwatan’, either living- also they are falling in it- or dying people that they are disappearing; swallowing (them) a new Black Hole every day.

Where is your science, where is your technology, o Western people? First class Germans, second English, third French, fourth Italians... Americans (are) saying: “We are the first one...because we have so many green banknotes, Dollars...” “Eh, but you can’t prevent yourself to fall into Black Holes! Give bribe to (the) Black Hole and say: “No, you must not take us. As much as you like, we may print green banknotes to give you every day billions or trillions. Don’t swallow from our people, because we are claiming we are first level, first class people!”...(The) Black Hole (is) saying: “I am not doing anything with our Dollars or Euros or Yens or Turkish Pounds! I must take my share. My share (is the) whole world that (the) sun (is) shining on them and then setting- I must take them, I must swallow them!”

Ush ibn Unuq, that gigantic man- (it is) coming through traditional knowledge that he was (a) giant or (a) gigantic being. When he was entering through (the) sea, (the) sea (was) not coming up to his belt, and he was taking fish from (the) ocean and putting (them near the) sun and eating. Such traditional man. Allah Almighty He can do everything! Don’t use your mind- your mind (is) only a spot! You can’t balance your Lord’s, your Creator’s Power (with your mind), therefore, if we are saying such things say: “Yes”.

And he was living from old times, even he was with Noah a.s. And Noah, that Prophet (he is) high level, supreme council Prophet. S.Muhamamd sws, S.Nuh, S.Ibrahim, S.Musa and S.Isa- five supreme (Prophets).

S:Noah was ordered by Allah Almighty to make an Arch and he was in need for timber, wood. And he was saying to Ush ibn Unuq: “Bring to me some wood, I am making and Arch, because (the) flood (is) coming.” And Ush was saying. “If I am bringing (it) to you, what you are going to give to me?” Noah is saying: “I am making you to be full, no hunger.” And Ush was saying. “I am beginning from early morning, going around bakeries. What they are baking from breads I am eating and I am not getting full!” This Ush ibn Unuq (was) also like a Black Hole- eating everything from bakeries... Noah was saying: “I am making you to be full.” And (he was) bringing a big amount of wood from (the) forest, putting there, (saying to him): “Come!” And just he brought and S.Noah (was) putting in front of Ush three breads and he was saying: “Say ‘Bismillahir Rahmanir Rahim’ and eat.” And he was looking: “I am eating whole day from whole bakeries (and) I am not getting full- what you are doing this?” “I am saying to you say ‘Bismillahir Rahmanir Rahim’ and eat!“ “I am not saying! I am not going to say (this)!” Prophets power must be over those ignorant ones: “Oh Ush, what you are not going to say?” “I am not going to say ‘Bismillahir Rahmanir Rahim’.” “Eat now!” And he was eating one (bread), and second, half of it, saying: “Oh, I am full! You are a big wizard, you making for me trick? (Nothing in my stomach) but I am full! You made something! Even I am eating from bakeries (and) I am not getting full, (and eating) one bread, (and the) second I can’t finish? No, I am taking all this!” He was very angry; what bringing from wood, (he was) taking (it) and throwing (it) away. What (was) remaining (and falling) that he was not taking care, from that woods S.Noah (was) making (the) Arch...

Now Black Holes every day (are) going to work, to swallow every day’s people with their everything, until the Lord of Heavens (is) ordering to that Black Hole: “Now say ‘Bismillahir Rahmanir Rahim’” and finished, no more sun rising, no more sun setting, finishing.

That time (the) Black Hole that (was) appointed by divinely Order to swallow everything every day from (the) earth, that time (it is) going to be full and saying: “Enough for me now, I am full”...That is our Black Hole that every day (is) working now and taking everything from earth and never getting to be full, until (the) last moment that Allah Almighty (is) ordering to Archangel Israfil for (blowing the) trumpet. Blowing, and then time (is) stopping, finishing.

O people, use your minds! Every day (has) just (been) swallowed since thousands of years. The daily Black Hole (is) swallowing people. Now today you are here, and everyone (is) waiting their fixed time to be swallowed. You should be swallowed also, you and what you have, or what you are keeping. Before (the)

Black Hole (is) swallowing you, try to be for the Lord servant in His divinely Presence to be saved! Because some people (are) going to be through Black Holes ground and disappeared and their way (is) going to be into Hells. But some of them, whom they are servants of their Lord, (the) Black Hole (is) taking them, swallowing, but (there is a) lightening Hole... (the) Black Hole (is) making them to reach to lightening Hole and they should find the way through lightening worlds. They should find themselves in (the) divinely Presence forever, for eternity, for eternal life.

May Allah bless you and forgive me for the honour of the most honoured one in His divinely Presence, S. Muhammad sws, Fatiha.

## Even If After Some Time

Let me pray 2 rakats, for madad. May Ummukhan Sultan send us madad, Allah (jj). Salamun kawlan mirrabbirrahim... Sayyidil Awwalin wal Akhirin, Sultan. Endless salams to our Prophet (saw). May Barakat come to those following his ways, May Allah (jj) keep us on his way. Fatiha. Dastur. Ya Rijalallah dastur. If it is not your dastur, we can't do anything. Dastur ya Rijalallah. Oh beloved servants of Allah (jj). If you do not help us, we can't do anything. Help us.

Today is Thursday. Holy Day. Today is Thursday. May our day be a good one. May our actions, intentions, our end be good. Say, oh believers, Ay Friend Shah Mardan. Oh Shah Mardan's loved and respected ones. Oh those pure people following Allah's(jj) way. Shah Mardan says: Listen! May Allah(jj) make us friends of Shah Mardan. May Allah make us follow Shah Mardan's way. Allah, Allah, Allah Jallah Jallallahu. May our day and our end be a good one. Ismau wau. You heard and keep what you heard. Wa iza...Keep the good saying you heard, what Shah Mardan is advising, is good for you. There is no use of wordly benefits, but it will be an honour for you in the hereafter. Associate with honoured people. you'll be honoured. If you sit with donkeys you become donkeys. If you sit with a Sultan you become a Sultan.

Wake up Oh son of Adam! Give up vain ideas, look out for the truth. "Rikab-i astara mardana bas" (Turkish poetry) Oh, ride tight. Draw your sword, run to shaytan (to enemy) It then can't touch you,when it hears your foot steps, it looks for a place to hide. Be one of those people. May our day and our actions be good. May we be happy,our faith in abundance. May our face be noor & our hearts noor. Assalamu alaykum.

Oh friend Shah Mardan. Oh Friends of Shah Mardan.Come to our association, our association, is a garden from Paradise. Come. Gardens of Paradise have everything. It has every beauty.

Every day, join a a friend association as short as our association those that Shah Mardan accepted and loved. Today the world is in filth. People running after filth. They don't run for clean things. They run for all filthy things. Look for those doing good or have good intentions. No one left with clean actions or good intentions.Today, what evil thing will they do to fullfill their bad desires. He runs around to satisfy his desires. People running after their nafs, to satisfy their desires. No other job. How can we entertain our nafs? They become donkeys of their nafs. What are they doing? They are looking for a place to satisfy their bad nafs, bad intentions and actions. They are fighting with each other killing each other. Man, Ashrafu-l Makhluqat. Man the most Honourable of all creation. What you do is dishonourable. Dishonourable actions make you lose your level.

Assalamu alaykum. Oh Friend Shah Mardan. Come Oh sultan. MashaAllah La Quwwata illa billah. Yawmun Jadid, Rizqun Jadid. (A new day an new rizq - provision) Let's say Bismillahirrahmanirrahim. Say,basmala, say! Say Allah's (jj) name. May Barakat shower you. Today's people fell in a filth hole. None one to do good/clean actions. Come Oh Shah Mardan. Let's listen to his advice. Oh Shah Mardan. Come. Shah Mardan, the owner of assembly, the lion of Allah(jj) is Shah Mardan. How beautiful it is to be with Shah Mardan. Then let's startgood. Good actions start with Bismillahirrahmanirrahim. One who doesn't say Bismillahirrahmanirrahim is in a filth hole. Bismillahirrahmanirrahim. Come oh Shah Mardan, oh friend. Shah Mardan is saying "Oh our friends". Watch out! How he is starting. Bismillahirrahmanirrahim.

When Queen of Sheba received the letter from Prophet Sulaiman (a.s) by hud hud bird, his writing and order, shook the Queen of Sheba. It said on it "Declaration of his highness Sulaiman (a.s)" Innahu min Sulaiman wa innahu Bismillahirrahmanirrahim. Lightning stroke. Does you know this news/story? It is from Shahi Mardan. A lighnting stroke. Queen of Sheba fell down although she represented power and majesty of that time.Her kingdom. She shivered, fell down. Because "Innahu min Sulaiman". This is from Sulaiman. Wa Innahu Bismillahirrahmanirrahim. A lightning stroke from earth to heavens, no one left standing up, all fell down. Do you know this? Ohh! What grandness He has given to Men. They don't know. They run around. They run after Shaytan. A lightning stroke. Bismillahirrahmanirrahim. When saying; Innahu min Sulaiman wa Innahu Bismillahirrahmanirrahim, not a tree left standing up, every creature did

sajda.Oh our Lord, they performed sajda immediately. Bilqis, Queen of Sheba, fell from her throne. What grandness. It's easy to say Bismillahirrahmanirrahim Allah(jj) dress us with the almighty dress of Islam. Dress us in servanthood. Say the name of our Lord.
Say:Bismillahirrahmanirrahim Be straight. After saying Basmala be straight. Allah(jj) will not shame or leave alone those who are on the straight path. or dishonoured. The highest honourfor mankind, Bismillahirrahmanirrahim. Her throne also shaken. Bilqis. The Queen of Sheba who ruled the world! Women are weak. Doesn't matter how mighty dressed up, she is still a woman Women are weak. Women can't be like men. Their mistake, today, is they want to turn women into men. Not possible. Queen of Sheba, her kingdom ruled 7 nations. She ruled 7 kingdoms. She, fell down from the mightiness of Basmala. Basmala.
Oh the Jews of the Book and Christians. Those believing in Isa (a.s) also believing wrongly. Oh Isa Prophet (a.s), he's not an easy personality. Oh Christians, you show mighty Isa Prophet as a weak one. Weak, can't do anything. Isa (a.s) Prophet, what does he have in his hand? Isa (a.s) Prophet said Bismillahirrahmanirrahim. Stopped. Is there any one who can touch him? All Roman soldiers run to him. They were shaken, fell down from the mightiness of Isa Prophet (a.s). Because he said: Bismillahirrahmanirrahim. Subhanallah! Isa, son of Maryam al anabiyyin alayhissalatu wassalam He was holding Basmala in his hand. He was told to say Basmala and come to Me. He said Bismillahirrahmanirrahim. At that moment he was risen to heavens. How was he risen? by a ladder? by a plane? Risen by a rocket? Isa Prophet. Bal Rafa'ahullahu. 'Indahu. Allah (jj) says: I have taken him up to me. Taken him up to heavens. They put him on a cross. Shame. Allah's (jj), mighty Prophet, they nail him on a cross, make up a cross, this is not religion. Oh those who turned Christianity into this, be scared they will also put you on a cross when dying. You have slandered Isa Prophet (as). As he is nailed on a cross. Hasha summa kalla. Never, ever.
Come oh Shah Mardan. Sahib Maydan. Oh Allah(jj)'s lion. Come oh Shah Mardan. Wake up, those calling themselves Alawi and doing all bad things. those calling themselves Shi'ites, then do all bad things The life, Allah gave, is a trust. They take it away with swords from the servants of Allah, and consider themselves honourable! O Shi'ites and Alawis, as you leave this world, it will come back to you what you have done. Allah (jj) send Shah-i Mardan to mankind, to teach bravery, to train man to become honourable. Ya, innahu min Sulaiman, nothing happened, wa

innahu Bismillahirrahmanirrahim. A lightning stroke, from earth to heavens not like the ones we know. She (Q.Bilqis) fell from her throne. Basmala. Oh Shah Mardan, come to us, tell us, teach us Basmala's, value, magnitude and adab. One who says Basmala doesn't kill. one who says Basmala, doesn't harm, one who says Basmala doesn't follow Shaytan.
This is a message to all people. They say, we make such weapons, we have such power. oh even an ant can finish you off. To Allah (alone) belongs the dominion of the heavens and the earth. Allah (jj) has created everything from nothing. Watch out! "I have made Zulm (oppression) forbidden on Me," Allah (swt) says, "Fala ta zalamu," don't make zulm to each other. Where are Alawis? Where are shi'ites? Do they think they will not be judged? Shah Mardan will chase them! Those who do not respect Holy Places, killing innocent people, showing power to weak ones, one day, they will be disgraced, be despicable! Now its too late for them, they will have to be judged. "Falata zalamu" "I have made Zulm forbidden on Me." Do not make Zulm (oppress), oh Alawis, oh Sh'ites, don't kill. This is the order.You are coming to kill. To kill men. Oh twisted ones, angry ones, don't say no one can out smart us. There are! One in Heaven doesn't sleep! "La tahuzuhu sinatun wa la nawm" Allah Dhuljalal doesn't sleep. He sees what you are doing. He orders all to be written. How they killed, they will die the same way.
Oh Shah Mardan, oh friends of Shah Mardan. How beautiful. How beautiful things he is teaching Allah (jj)'s lion. Shah Mardan, showing how beautiful ways. You can't oppose his sayings. if you do, then get ready your shrouds. They will disappear before Rajab. Rajab is in a months time. It is the month of wonders. It is Rajabu Shahrullah. Have fear! Stop! Don't destroy Allah's creation. Killing people is destroying Allah's(jj) creation. Allah (jj) is their enemy. Oh Shah Mardan. Draw your Dhu al-Fiqqar, for these liars. Let's say Bismillahirrahmanirrahim. Rahman, and Rahim Allahu Dhuljalal You are Subhan. Ya Rabbi, You are Sultan. Ya Rabbi. Subhan'allah Sultan'allah Subhan'allah Say Sultan'allah. Oh,those running from oppressors.

This is your shelter. Say: Ya Subhan, Ya Sultan, Ya Subhan Ya Sultan, You are Sultan, You are Subhan. Oh our Lord. We are running towards you. "Fafirru'ilallah" When you have nothing left, Fafirru'ilallah, run towards Allah(jj). Allah (jj) will watch out for you. Don't worry about guns, canons. Leave them. They will fall on their heads. Canons and guns. All will be finished. This is advice from Shah Mardan to all Alawis and all shi'ites.When Allah says "How can you

take away the life you haven't given? "What are Shiites and Alawis going to say? How can you take away the life I have given? How can you kill? How can you kill My servant whom I gave life to? Did you not know he is Abdullah, My servant, My creation? How can you kill? Oh unbelievers, oh thoughtless, dishonourable one. servants of shaytan, animals of shaytan. How can you do this? "Walasawfa Yu'tika Rabbuka Fatarda" But Allah will give you until you are satisfied. Allah (swt) will protect the right of those innocent ones.

Oh Shah Mardan, Sahib Maydan, Allah's (jj) lion. We are waiting for your Dhu al-Faqar. to cut off the heads of oppressors. We are waiting for your Dhu al-Fiqqar. Weak ones, weak people, Allah's servants, how you kill them without any mercy? We are waiting for the order to give you what you deserve. Allahu Allah Allahu Allah, Allahu Rabbi Allahu Allah, Allahu Allah Allahu Rabbi Dhul Jalali walikram Allah Subhan'allah Sultan'allah! When they touch Gayratullah, they are finished. They have gone too far. Both Alawis and Shia gone too far. Al their talent is to kill people, not to improve them.

In reality their ancestors, Kings, Persian Shahs, were the first in generosity. Now it is left to rubbish people. But it is coming. Wait, a sultan is coming to rule Persians and Turks. To rule the world. Coming haa. Oh Persians. You cannot take away the life Allah (swt) gave. If you do, then you'll be destroyed. There're hidden soldiers to outpower you.They are in Heavens. The ones brought down to our Prophet (sas) were 1000, afterwards 3000, 5000, 7000 will come down to alter the whole world. Be afraid of Allah (swt) Oh Shah Mardan. Don't take us from your doorstep, from your adab. We are with you Oh Shah Mardan, with you. We do not hurt anyone. The life Allah (jj) gave, we do not try to take away. Those who do this are the oppressors. Rabbulizzat Alah (jj) will outsmart them. Be careful.

People became more wild nowadays. They are following shaytan. They neither follow the Prophet (saw), nor Shah Mardan. But if Shah Mardan, shouts out once, no one will be left standing up. no persian, no alawi will be left. Allahu Akbar Allahu Akbar Allahu Akbar walillahilhamd! Say Bismillahirrahmanirrahim. Against those coming, Oh weak believers. say to those attacking you, say Allahu Akbar and that will be enough. The gun in their hand will fall off, not blast. Oh believers, Listen to Shah Mardan. Say Allahu Akbar to those coming towards you. The gun in his hand will fall off. Bacause, now is the time... it is time. Many strange things will happen. Oppression will end with the order of Allah (jj). Those who are like Shah Mardan

on this world, will represent Shah Mardan. They will come down from heavens. Inna Fatahna Laka Fathan Mubina. He will send angels carrtying this. Islam is Great. Those understanding Islam wrong way, they will be taught correctly. There is the sultan of the future.

Oh our Lord, send us Shah Mardan to teach ways of good servanthood, May he be even more mighty. Oh Shah Mardan and oh friend Shah Mardan, accept us to your pure association We are not created to kill men. Shame on you. No Prophet, was send down to kill people. Neither Christians understand this, nor Shia. Muslims understand. Allah(jj) did not create us to kill others. Shame on you. Shame to Christian World, shame. To Persia and those following them. You follow Shah Mardan's way. Shah Mardan's way. Lion's way. Don't be a jackal, Be a lion. one who goes with lion, will be a lion. Walk with lions. Don't walk with jackals, wolves, bears. Walk with awliyas, Allah's (jj) beloved ones.

Oh those who make many stories about Isa Prophet (a.s), oh those who make many stories about people, ignorant ones kill then they say we are shia. They kill men they say we are alawi. Both are liars. Allah (jj) says Oh my servant: Walaw bade hin. I will take your revenge. if not today, one day from this oppressor, I will take your revenge. Be careful. Stop killing men, stop being a wolf, hyena. Enter the ways of Shah Mardan. Be strong. Ride tight on your horse.. Ride tight, for Allah(jj) sake so Allah(jj) can give you kingdom. If you ride an animal for Shaytan then you are an animal. You will have endless whippings, beaten up. Oh yaran, Shah Mardan. We accept Shah Mardan. If you say this is wrong, you may not reach Ramadan.

Oh rulers, say Basmala everyday and go out from the ceremonial palaces you will be greeted. Come out there everyday, and say Bismillahirrahmanirrahim and say: Allahu Akbar Allahu Akbar la ilaha illallah wallahu akbar Allahu Akbar wa lillahilhamd. Have this ceremony Oh King of Hijaz. Oh rulers, sultans watch this adab. If you don't, I don't know if you can reach Ramadan or not. but there are signs from Shah Mardan. Those who do not perform this ceremony will not reach Ramadan.

Oh our Lord,we are weak ones. Send us one to lead us YaRabbi. One who will save us from the oppression of those oppressors Sahibi imdad, Sahibi liwa, liwail Islam. Send us Sultan Oh our Lord. Huu, Huu. Those on earth and heaven shiver with this. Let's say Bismillahirrahmanirrahim. Nothing bad comes to you then. Goodness comes. Oh those who rule Egypt, don't look bewildered, oh those ruling Persia don't look bewildered. Oh those ruling

Turks don't be bewildered. If you don't say Basmala. Your world will fall over you. I don't know if in Rajab or later it will fall over. but it will fall over.. Oh our Lord. Allahu Allah Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi Allahu Allah. La ilaha illallah Sayyidina Muhammadun Rasulullah(saw). Oh Shah Mardan. Masha'allah. Our souls lightened up.
Those not listening to Shah Mardan's words, still holding onto their weapons they will miss out the help from Heavens. They will fall down and finish. They will die. Allahu Allah Allahu Hasbi Allahu Allah, Say Allahu Rabbi and don't fear. Oh Shah Mardan, oh friend Shah Mardan, how beautiful you say. Thanks to Allah (jj). May our day be a good one. May our actions be good. May our hearts be enlightened, our faith be abundant. Let's run after to be a servant to our Lord. Don't run after anything else.
Fatiha.

**Wenn auch erst nach einiger Zeit**

Wenn es nicht dein Dastur ist, können wir nichts tun. Dastur ya Rijalallah. O geliebte Diener Allahs (jj). Wenn ihr uns nicht helft, können wir nichts tun. Helft uns. Heute ist Donnerstag. Heiliger Tag. Heute ist Donnerstag. Möge unser Tag ein guter sein. Mögen unsere Taten, Absichten, unser Ende gut sein. Sagt, o Gläubige, Ay Freunde Shah Mardans. O Shah Mardans Geliebte und Geachtete. O reine Leute, die Allahs (jj) Weg folgen. Shah Mardan sagt: Hört! Möge Allah (jj) uns zu Freunden Shah Mardans machen. Möge Allah uns Shah Mardans Weg folgen lassen. Allah, Allah, Allah Jalla Jalaluhu. Möge unser Tag und unser Ende gut sein.
Ismau Wau. Hört und bewahrt, was ihr hört. Bewahrt die guten Worte, die ihr hört. Was Shah Mardan rät, ist gut für euch. Weltliche Wohltaten haben keinen Nutzen, aber es wird eine Ehre für euch sein im Jenseits. Verbindet euch mit ehrbaren Menschen. Ihr werdet geehrt sein. Wenn ihr mit Eseln sitzt, werdet ihr Esel. Wenn ihr mit einem Sultan sitzt, werdet ihr ein Sultan. Wach

auf, o Sohn Adams! Gebt sinnlose Ideen auf, haltet Ausschau nach der Wahrheit. "Rikabi Astara Mardana Bas" (Türkische Poesie). O, reitet stramm. Zieht euer Schwert, lauft auf Shaytan zu. Er kann euch dann nicht anrühren. Wenn er eure Schritte hört, sucht er nach einem Versteck. Seid einer dieser Leute. Mögen unser Tag und unsere Taten gut sein. Mögen wir glücklich sein, unser Glaube im Überfluß. Mögen unser Gesicht und unser Herz voller Licht sein. As-Salamu `alaykum, Freund Shah Mardans. O Freunde Shah Mardans, kommt zu unserer Versammlung. Unsere Versammlung ist ein Paradiesgarten. Kommt. Pardiesgärten haben alles. Er hat alle Schönheit. Jeden Tag verbindet euch mit einer Versammlung, so kurz wie unsere, jene, die Shah Mardan achtet und liebt.

Heute ist die Welt im Dreck. Die Menschen laufen hinter Dreck her. Sie laufen nicht zu reinen Dingen. Sie laufen zu dreckigen Dingen. Sucht nach denen, die Gutes tun oder gute Absichten haben. Es gibt niemanden mehr mit reinen Taten oder guten Absichten. Heute, was für üble Dinge werden sie tun, um ihre schlechten Wünsche zu erfüllen. Er läuft herum, um seine Begierden zu erfüllen. Die Menschen laufen hinter ihrem Nafs her, um ihre Begierden zu befriedigen. Keine andere Aufgabe. Wie können wir unser Nafs unterhalten? Sie wurden Esel ihres Nafs. Was tun sie? Sie suchen einen Ort, um ihr schlechtes Nafs zu befriedigen, ihre schlechten Absichten und Taten. Sie kämpfen miteinander und töten einander. Der Mensch, Ashrafu l-Makhluqat, der Mensch, der Ehrenwerteste der ganzen Schöpfung. Was ihr tut ist unehrenhaft. Unehrenhafte Taten lassen euch euere Stufe verlieren. As-Salamu `alaykum, o Freund Shah Mardan. Komm, o Sultan. Ma sha' Allah, La Quwwata illa Billah. "Yawmun Jadid, Rizqun Jadid" - Ein neuer Tag, eine neue Versorgung. Sagen wir Bismillahi r-Rahmani r-Rahim. Sagt die Basmala, sagt sie! Sagt Allahs (jj) Namen. Möge Barakat auf euch herabregnen. Die heutigen Leuten fielen in ein dreckiges Loch. Es gibt niemanden mehr, gute, reine Taten zu vollbringen. Komm, o Shah Mardan. Hören wir seinen guten Rat. O Shah Mardan, komm. Shah Mardan, der Eigner der Versammlung, der Löwe Allahs (jj) ist Shah Mardan. Wie schön ist es, mit Shah Mardan zu sein. Dann laßt uns gut beginnen. Gute Taten beginnen mit Bismillahi r-Rahmani r-Rahim. Einer, der nicht sagt Bismillahi r-Rahmani r-Rahim, ist in einem dreckigen Loch. Bismillahi r-Rahmani r-Rahim. Komm, o Shah Mardan, o Freund. Shah Mardan sagt: O unsere Freunde. Paßt auf, wie er beginnt.

Bismillahi r-Rahmani r-Rahim. Als die Königin von Saba den Brief vom Propheten Sulayman

(as) erhielt durch den Hudhud-Vogel, erschütterte sein Schreiben und sein Befehl die Königin von Saba. Es stand darauf: Erklärung Seiner Hoheit Sulayman (as) "Innahu min Sulayman wa Innahu Bismillahi r-Rahmani r-Rahim" (Quran). Ein Blitz schlug ein. Kennt ihr diese Geschichte? Sie ist von Shah Mardan. Ein Blitz schlug ein. Die Königin von Saba fiel nieder, obwohl sie Macht und Majestät jener Zeit verkörperte, ihr Königreich. Sie zitterte und fiel nieder. Wegen "Innahu min Sulayman" - Dies ist von Sulayman. "Wa Innahu Bismillahi r-Rahmani r-Rahim". Ein Blitz schlug von der Erde zu den Himmeln. Niemand blieb stehen, alle fielen um. Wußtet ihr das? Ohh! Welche Größe hat Er den Menschen gegeben. Sie wissen es nicht. Sie laufen herum. Sie laufen hinter Shaytan her. Ein Blitz schlug ein. Bismillahi r-Rahmani r-Rahim. Als es hieß: Innahu min Sulayman wa Innahu Bismillahi r-Rahmani r-Rahim, blieb nicht ein Baum stehen, jedes Geschöpf machte Sajda. Unser Herr, sie machten sofort Sajda. Bilqis, die Königin von Saba, fiel von ihrem Thron. Welche Größe. Es ist leicht, Bismillahi r-Rahmani r-Rahim zu sagen. Allah (jj), bekleide uns mit dem Allmächtigen Gewand des Islam. Kleide uns in Dienerschaft. Sagt den Namen unseres Herrn. Sagt: Bismillahi r-Rahmani r-Rahim. Seid gerade. Nach dem Aussprechen der Basmala seid gerade. Allah (jj) wird die, die auf dem geraden Weg sind, nicht beschämen oder allein lassen oder sie entehren. Die höchste Ehre für die Menschheit: Bismillahi r-Rahmani r-Rahim. Ihr Thron wurde auch erschüttert, Bilqis. Die Königin von Saba regierte die Welt! Frauen sind schwach. Es ist egal, wie mächtig sie herausgeputzt ist, sie ist doch eine Frau. Frauen sind schwach. Frauen können nicht wie Männer sein. Ihr Fehler heute ist, daß sie Frauen zu Männern machen wollen. Nicht möglich. Die Königin von Saba, ihr Königreich herrschte über sieben Nationen. Sie herrschte über sieben Nationen. Sie fiel nieder von der Mächtigkeit der Basmala. Basmala.

O die Juden des Buches und die Christen, diejenigen, die an Isa (as) glauben, glauben auch falsch. O der Prophet Isa (as) ist keine leichte Persönlichkeit. O Christen, ihr zeigt den mächtigen Propheten Isa als schwach. Schwach, er kann nichts tun. Der Prophet Isa (as), was hat er in der Hand? Bismillahi r-Rahmani r-Rahim. Der Prophet Isa (as) sagte es und alles hörte auf. Gibt es jemanden, der ihn berühren kann? Alle römischen Soldaten rennen zu ihm. Sie waren erschüttert, fielen nieder von der Mächtigkeit des Propheten Isa. Weil er sagte: Bismillahi r-Rahmani r-Rahim. Subhanallah! Isa, der Sohn Maryams, al Anabiyyin `alayhi s-Salatu wa s-Salam, hielt die Basmala in der Hand. Ihm wurde gesagt: Sag die Basmala und komm zu Mir. Er sagte:

Bismillahi r-Rahmani r-Rahim. In dem Moment wurde er in die Himmel erhoben. Wie wurde er erhoben? Mit einer Leiter? Mit einem Flugzeug? Erhoben mit einer Rakete? Der Prophet Isa (as), Bal Rafa'ahullahu Indahu (Quran). Allah (jj) sagt: Ich habe ihn zu Mir erhoben, erhoben in die Himmel. Sie hängten ihn an ein Kreuz. Schande. Allahs (jj) mächtiger Prophet, sie nageln ihn an ein Kreuz, erfinden ein Kreuz. Das ist keine Religion. O die, die das Christentum in das verwandelt haben, fürchtet, daß sie euch auch an ein Kreuz hängen, wenn ihr sterbt. Ihr habt schlecht über den Propheten Isa (as) geredet. Daß er an ein Kreuz genagelt worden sei. Hasha thumma Kalla. Niemals.

Komm, o Shah Mardan, Sahib Maydan, o Allahs (jj) Löwe. Komm, o Shah Mardan. Wacht auf, die, die sich Alawiten nennen und all die schlimmen Dinge tun, die, die sich Schiiten nennen und dann all die schlimmen Dinge tun. Das Leben, das Allah gab, ist ein Unterpfand. Sie nehmen es weg mit Schwertern von den Dienern Allahs und betrachten sich als ehrenwert! O Schiiten und Alawiten, wenn ihr diese Welt verlaßt, wird zu euch zurückkommen, was ihr getan habt. Allah (jj), sende Shah Mardan zur Menschheit, um Tapferkeit zu lehren, um den Menschen darin zu schulen, ehrenwert zu werden. "Ya Innahu min Sulayman", nichts geschah, "Wa Innahu Bismillahi r-Rahmani r-Rahim". Ein Blitz schlug ein von der Erde zu den Himmeln, nicht wie die, die wir kennen. Sie, Bilqis, fiel von ihrem Thron. Die Basmala. O Shah Mardan, komm zu uns, erzähle uns, lehre uns den Wert, die Größe und den Adab der Basmala. Einer, der die Basmala sagt, tötet nicht. Einer, der die Basmala sagt, fügt keinen Schaden zu. Einer, der die Basmala sagt, folgt nicht Shaytan. Das ist eine Botschaft an alle Menschen. Sie sagen, wir machen solche Waffen, wir haben solche Macht. O, selbst eine Ameise kann euch erledigen. Allah allein gehört die Herrschaft der Himmel und der Erde. Allah (jj) hat alles aus dem Nichts erschaffen. Paßt auf! 'Ich habe Zulm, Unterdrückung, für Mich Selbst verboten', sagt Allah (swt).

"Falata Zalamu", unterdrückt euch nicht gegenseitig. Wo sind die Alawiten? Wo sind die Schiiten? Glauben sie, sie werden nicht gerichtet? Shah Mardan wird sie jagen. Jene, die heilige Stätten nicht achten, unschuldige Menschen töten, den Schwachen Macht zeigen, eines Tages werden sie in Schande, verächtlich sein! Jetzt ist es zu spät für sie. Sie werden gerichtet werden müssen.

"Falata Zalamu" - Ich habe Zulm für Mich verboten gemacht. Unterdrückt nicht, o Alawiten, o Schiiten, tötet nicht. Dies ist ein Befehl. Ihr kommt, um zu töten, Menschen zu töten. O Verdrehte,

Zornige, sagt nicht: Keiner kann uns überlisten. Doch! Einer im Himmel schläft nicht! "La Ta'khuthuhu Sinatun wa la Nawm" (2:255). Allah Dhu l-Jalal schläft nicht. Er sieht, was ihr tut. Er befiehlt, alles aufzuschreiben. Wie sie töteten, sie werden auf dieselbe Weise sterben. O Shah Mardan, o Freunde Shah Mardans. Wie schön! Wie schöne Dinge lehrt er, Allahs (jj) Löwe. Shah Mardan zeigt so schöne Wege. Ihr könnt seine Rede nicht ablehnen. Sonst bereitet schon mal das Leichentuch vor. Sie werden vor Rajab verschwinden. Rajab ist in einem Monat. Es ist der Monat der Wunder. Es ist Rajabu Shahrullah. Fürchtet euch! Hört auf! Zerstört nicht Allahs Schöpfung. Menschen zu töten, bedeutet, Allahs (jj) Schöpfung zu zerstören. Allah (jj) ist ihr Feind. O Shah Mardan, zieh dein Dhu l-Fiqar für diese Lügner. Sagen wir Bismillahi r-Rahmani r-Rahim. Rahman und Rahim. Allah Dhu l-Jalal, Du bist Subhan, ya Rabbi. Du bist Sultan, ya Rabbi. Subhanallah, Sultanallah, Subhanallah. Sagt Sultanallah. O die, die vor Unterdrückung weglaufen, das ist euer Schutzraum. Sagt: Ya Subhan, ya Sultan, ya Subhan, ya Sultan. Du bist Sultan, Du bist Subhan. O unser Herr, wir laufen zu Dir. "Fafirru ila Allah" (Quran). Wenn ihr nichts mehr habt, "Fafirru ila Allah" - lauft zu Allah (jj). Allah (jj) wird über euch wachen. Sorgt euch nicht um Gewehre und Kanonen. Laßt sie. Sie werden auf ihre Köpfe fallen, Kanonen und Gewehre. Alles wird zu Ende gehen. Das ist ein Rat von Shah Mardan an alle Alawiten und alle Schiiten.

Wenn Allah sagt: Wie könnt ihr das Leben nehmen, das ihr nicht gegeben habt?, was werden die Schiiten und Alawiten antworten? Wie könnt ihr das Leben nehmen, das Ich gegeben habe? Wie könnt ihr töten? Wie könnt ihr Meine Diener töten, denen Ich das Leben gab? Wußtet ihr nicht, daß er Abdullah, Mein Diener, Meine Schöpfung ist? Wie könnt ihr töten? O Ungläubige, o Gedankenlose, Unehrenhafte. Diener Shaytans, Tiere Shaytans. Wie könnt ihr das tun? "Walasawfa Yu`tika Rabbuka Fatarda" (93:5). Aber Allah gibt euch, bis ihr zufrieden seid. Allah (swt) wird die Rechte jener Unschuldigen schützen. O Shah Mardan, Sahib Maydan, Allahs (jj) Löwe. Wir warten auf dein Dhu l-Fiqar, um die Köpfe der Unterdrücker abzuschlagen. Wir warten auf dein Dhu l-Fiqar. Die Schwachen, schwache Menschen, Allahs Diener, wie tötet ihr sie ohne Gnade? Wir warten auf den Befehl, euch zu geben, was ihr verdient. Allahu Allah, Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Allah, Allahu Rabbi Dhu l-Jalali wa l-Ikram. Allah Subhanallah Sultanallah! Wenn sie Gayratullah anrühren, sind sie erledigt. Sie sind zu weit gegangen. Sowohl

die Alawiten als auch die Schiiten sind zu weit gegangen. Ihr einziges Talent ist, Menschen zu töten, nicht sie zu verbessern. Tatsächlich waren ihre Vorfahren, die Könige, die persischen Shahs die ersten in Großzügigkeit. Jetzt ist es Drecksleuten überlassen.
Aber es ist im Anmarsch. Wartet nur, ein Sultan kommt, um die Perser und Türken zu regieren. Um die Welt zu regieren. Er kommt. Haa. O Perser, ihr könnt das Leben, das Allah (swt) gab, nicht wegnehmen. Wenn ihr das tut,werdet ihr vernichtet. Es gibt verborgene Soldaten, um euch zu überwältigen. Sie sind in den Himmeln. Die, die zu unserem Propheten (saws) herabkamen, waren 1000, dann 3000, 5000, 7000 werden herabkommen, um die ganze Welt zu ändern. Fürchtet Allah (swt). O Shah Mardan, nimm uns nicht von deiner Türschwelle, von deinem Adab. Wir sind mit dir, o Shah Mardan, mit dir. Wir tun niemandem weh. Das Leben, das Allah (jj) gab, versuchen wir nicht, wegzunehmen. Die das tun, sind Unterdrücker. Rabbu l-Izzah Allah (jj) wird sie überlisten. Paßt auf! Die Menschen sind wild geworden heutzutage. Sie folgen Shaytan. Sie folgen nie dem Propheten (saws), noch Shah Mardan. Aber wenn Shah Mardan einmal ruft, wird keiner stehen bleiben. Kein Perser, kein Alawit wird bleiben. Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Sagt Bismillahi r-Rahmani r-Rahim. Gegen jene, die kommen, o schwache Gläubige, sagt zu denen, die euch angreifen, sagt "Allahu Akbar", und das wird genug sein. Das Gewehr in ihrer Hand wird herunterfallen, nicht losgehen. O Gläubige, hört auf Shah Mardan. Sagt "Allahu Akbar" zu denen, die gegen euch kommen. Das Gewehr in seiner Hand wird herunterfallen. Weil jetzt die Zeit ist, es ist Zeit.
Viele merkwürdige Dinge werden geschehen. Die Unterdrückung wird enden auf Befehl Allahs (jj). Jene, die wie Shah Mardan sind in dieser Welt, werden Shah Mardan vertreten. Sie werden von den Himmeln herabkommen. "Inna Fatahna Laka Fathan Mubina" (48:1). Er wird Engel herabsenden, die das tragen. Der Islam ist Groß. Jene, die den Islam falsch verstehen, werden eines Besseren belehrt werden. Es gibt den Sultan der Zukunft. O unser Herr, sende uns Shah Mardan, um gute Weisen der Dienerschaft zu lehren. Möge er sogar noch mächtiger werden. O Shah Mardan und o Freund Shah Mardans, nehmt uns auf in euere reine Versammlung. Wir wurden nicht geschaffen, um Menschen zu töten. Schande auf euch. Kein Prophet wurde gesandt, um Menschen zu töten. Auch die Christen verstehen das nicht, noch die Schiiten. Die Muslime verstehen es. Allah (jj) erschuf uns nicht, um andere zu töten. Schande auf euch. Schande auf die christliche Welt. Schande auf Persien und denen, die ihnen folgen. Folgt Shah

Mardans Weg, Shah Mardans Weg, den Weg des Löwen. Seid keine Schakale, seid Löwen. Einer, der mit Löwen geht, wird ein Löwe. Geht mit Löwen. Geht nicht mit Schakalen, Wölfen, Bären. Geht mit Awliya, mit Allahs (jj) Geliebten. O jene, die viele Geschichten machen über den Propheten Isa (as), o jene, die viele Geschichten über Menschen machen. Ignoranten töten, dann sagen sie: Wir sind Schiiten. Sie töten Menschen und sagen: Wir sind Alawiten. Beides sind Lügner.

Walaw Bade Hin (Hadith Qudsi). Ich werde Rache üben. Wenn nicht heute, eines Tages werde Ich an diesem Unterdrücker Rache üben. Paßt auf! Hört auf, Menschen zu töten. Hört auf, Wölfe, Hyänen zu sein. Tretet ein in den Weg Shah Mardans. Seid stark. Reitet stramm auf eurem Pferd. Reitet stramm um Allahs (jj) willen, damit Allah(jj) euch euer Königreich geben kann. Wenn ihr ein Tier reitet für Shaytan, dann seid ihr ein Tier. Ihr werdet endlose Peitschenhiebe bekommen, werdet verprügelt. O Yaran Shah Mardans, wir achten Shah Mardan. Wenn ihr sagt, das ist falsch, erreicht ihr vielleicht Ramadan nicht. O Herrscher, sagt jeden Tag die Basmala. und geht hinaus aus den zeremoniellen Palästen. Ihr werdet begrüßt werden. Kommt jeden Tag heraus und sagt Bismillahi r-Rahmani r-Rahim und sagt Allahu Akbar, Allahu Akbar, La ilaha illa Allah wa Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Laß diese Zeremonien stattfinden, König des Hijaz. O Herrscher, Sultane, achtet auf diesen Adab. Sonst weiß ich nicht, ob ihr Ramadan erreichen könnt oder nicht. Aber es gibt Zeichen von Shah Mardan. Jene, die diese Zeremonien nicht durchführen, werden Ramadan nicht erreichen. O unser Herr, wir sind schwach. Sende uns einen, der uns führt, ya Rabbi, einen, der uns vor der Unterdrückung dieser Unterdrücker schützt. Sahib Imdad, Sahib Liwa, Liwail Islam. Sende uns einen Sultan, unser Herr Huu, Huu. Die auf Erden und im Himmel erzittern damit. Sagen wir Bismillahi r-Rahmani r-Rahim. Nichts Schlechtes kommt dann zu euch. Gutes kommt. O die, die in Ägypten regieren, guckt nicht fassungslos, o die, die in Persien regieren, guckt nicht fassungslos. O die, die die Türken regieren, seid nicht fassungslos. Wenn ihr die Basmala nicht sagt, wird euere Welt über euch zusammenfallen. Ich weiß nicht, ob sie im Rajab oder später fallen wird, aber sie wird fallen.. Unser Herr, Allahu Allah, Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi, Allahu Allah. La ilaha illa Allah, Sayyidina Muhammadun Rasulullah. O Shah Mardan, ma sha' Allah. Unsere Seelen leuchteten auf. Die, die nicht auf Shah Mardan hören, die noch an ihren Waffen festhalten, werden die Hilfe der Himmel missen. Sie werden fallen und enden. Sie werden sterben. Allahu Allah, Allahu

Hasbi, Allahu Allah. Sagt Allahu Rabbi und fürchtet euch nicht. O Shah Mardan, o Freund Shah Mardan, wie schön du sprichst. Dank sei Allah (jj). Möge unser Tag ein guter sein. Mögen unsere Taten gut sein. Möge unser Herz erleuchtet sein, unser Glaube reichlich. Laufen wir, um Diener unseres Herrn zu sein. Lauft hinter nichts anderem her. Fatiha.

# EVENTS LEADING TO THE THIRD WAR

Allah knows what is going to happen, and if Allah is teaching, or is giving from his Secret Knowledge to anyone, then that is alright. No-one may ask, "Why did You teach some people about secret knowledge?" Allah may teach anyone of his servants about the news of the future, the news of the coming days. This is never prohibited. Allah knows what is coming in future and if he likes to give these news, no-one can ask, "Why?" No-one!

All Prophets knew about the coming events, particularly the Seal of the Prophets, Sayidina Muhammad sws. He had been given the whole knowledge up to the Day of Resurrection of what is going to happen. The headlines of this is given to the prophets and the details to the holy-ones.

Our Grandsheik is giving us good tidings. He is telling us, that Muhiddin Ibn Arabi was one of the servants to whom Allah Almighty was giving exact knowledge about coming events. When Muhiddin Ibn Arabi wrote down something or said something, that must happen. But not everyone can understand the words of Muhiddin Ibn Arabi. It is so difficult. Our Grandsheik Abdullah Daghistani, may Allah bless him, spoke about Muhiddin Ibn Arabi and said that he was writing his books in 3 ways:
1. When he was in Divine Presence and he himself ceased to be in existence. At that point he entered the Divine Unity Oceans and was no more in existence. His existence was the Existence of the Lord Almighty

Allah. He was taking Divine Knowledges from the Divine Presence and writing it down in his books. That kind of knowledge was written down in that state. When he was himself again, he would read what he had written, but the meanings were secret, even to him. It was only Naqshibandi Sheiks, and even of those only the most distinguished ones, who were able to understand the meanings.
2. Muhiddin Ibn Arabi was often in the Presence of the Prophet. Here he listened and was ordered to write down. This all the Grandsheiks of the Naqshibandi and of the other tariqats can understand. Ulemas, learned-ones, can neither understand the first nor the second part.
3. He was also meeting holy-ones and living holy-ones in interspace. He was able to meet them in their assemblies. From there he also took knowledge and wrote it down in his books. Some scholars can understand this, but the ones who don't, are the ones who are always coming against him. Because that is a rule, if someone does not understand, he will attack. That is Grandsheik's report about Muhiddin Ibn Arabi. Everything that he has written, must appear.

When we take from his secret knowledge about coming days, then we know that there must be a war, a Third War. According to the Hadith of the Prophet, a Third War must be before the coming of Mehdi,as. According to that hadith, the biggest war of all must come. Muhiddin Ibn Arabi is also writing about that point:

The Russians must move over Turkey and that is going to be the reason for the Great War. At the same time they will rush into Berlin and East Germany into West Germany. But quickly the situation will change, East Germany will go with West Germany. Not like the Russians want it to be. No! And Muhiddin Ibn Arabi is saying, that when the Russians are moving towards Turkey and Iran up to the South, then there will be a Great War for 3 months. Allah Almighty has appointed two nations to directly revenge against Russia. From the European side Germany. They are appointed by Allah Almighty to go against Russia. It will not be the same which happened in 1941. No! They will not be broken. And Japan will come from Asia. These two countries. The third nation will be Turkey from the South. No more Soviet Union...

That is something which is signed by Muhiddin Ibn Arabi in his writings. It will be a huge and terrible fighting, but the Germans are full of revenge against Russia, just like Japan, both nations. When the Second War finished, the Russians harmed these two countries. If they had given their best to these nations, they would not want revenge. But Russia did its worst. Therefore they are full, and no-one else but Allah Almighty is filling their hearts with revenge towards Russia. Turks are also full with revenge against communist Russia.

In Damascus there will be a huge power, a gigantic army which ill come to the West of Aleppo where there is a big plain, Amuk, where there will be a great battle. The 'red-ones' will be broken there, and Mehdi as's hand will be with that army.

Those are a few of the news of coming events. Holy-people take it from the books of Muhiddin Ibn Arabi.

## Everlasting Peace is in your Heart

All praises belong to the One Who supports True Ones. One of the greatest attributes of Allah the Almighty is that He only supports trustworthy and true ones. Satan also supports, but he supports the dirty, untrustworthy and dishonest ones. You must know, that if you obey Allah in your actions, He will support you.

So many people come to me and complain about their situation. I can see that they are not getting any Divine Support. If He supports you, things will go smoothly. Anyone who complains must look once more at their habits. They must take a close look at their relationship to their Lord. Like a driver has to look at the engine of his car when it is not functioning properly anymore. When the car stops, there must be something wrong with the engine. It needs a check-up. If you do not find the mistake, it will not move. People need to check-up their spiritual beings. They need to see how their relationship with their Creator is. You must find out what is wrong and repair it. In this way Divine Support will come to you.

I am praising Allah the Almighty for supporting His true servants and never letting them down. He supports His trustworthy servants because they are inheritors of His prophets. They are always in Divine Service. If anyone wants to improve their situation they must make their Divine Service the priority of their daily lives. This will give you a best relationship with Allah. As long as you put this worldly life first, you are not

considered to be true and trustworthy.

It is the most important teaching for mankind. Without that responsibility no one can be respected. In a kingdom, or in an empire, the King and Queen have the highest respect, but they also have the greatest responsibility here and in the hereafter. Whoever has a responsibility will be asked by their Lord how they used it. Governments have much more responsibility than what they are doing today. They think that they only have to organise the economy and take the right tax. That is their main concern. They ask for human rights, but they never think about the rights of the Lord.

We are trying to change the minds of people. We need to make a U-turn, because we are heading towards the most dangerous direction. If we don't turn back, mankind will be destroyed. The day can come when there will be no more London or Paris or any western or oriental civilisation at all. The day can come when everything on this earth will be destroyed and the only remainder will be a laughing satan with his laughing devils.

Governments could make laws for people to obey. With their authority they could stop evil quickly. But they are not using it which is why Allah the Almighty will punish them. We cannot do anything for our children to save them from the hands of devils as along as we are not supported by the governments. They say that we have to be free. What foolishness is that? In which religion has Allah the Almighty told us to be free? They are under the control of devils and it will destroy them.

The first thing a government must do is Divine Service. Every department of the government must pray and give their highest respect to Allah before anything else. If not, there will be no blessings coming on earth from any direction.

People want to have peace through material aspects. But don't think that richness will bring peace to you. Don't think that jewels will bring you peace. Don't think that beauty or youth will give you peace. One day all that will be gone. The love for anything material will never give you satisfaction, enjoyment, peace or contentment. This you must know. You must ask for valuable aspects from the spiritual world which can never be taken away from you. If you want to have a happy life, feed your spirituality, feed your souls.

## Every acting for the honour of Rasulullah

Every acting for the honour of Rasulullah sws...and to give honour to Rasulullah sws the way to give honour for holy commands of Heavens. Holy commands of heavens that is holy commands of Allah Almighty, the Lord of Heavens.

Now we are sitting in a holy meeting, it is not a lecture hall or it is not a class room through university or through schools, but it is a humble place for common people and we are not claiming anything except to say that I am on first level of people that they are most simple people, most simple people are most humble people. And it is easy for me to sit with common people and with simple people and humbler people. And by a good fortune that the Lord of Heavens He sent to our meeting from America one of his servants with some questions. I hope that it is a good sign for awakening to be sent from a famous university in US up to lowest level of a group of people, and he is bringing some questions to ask.

And we are knowing through traditional books that Allah Almighty, the Creator, is giving is wisdoms as He likes. There is not a condition that forcing the Lord of heavens to give His wisdoms, if a person has such and such a condition. No. He may give from His wisdom to an uneducated person. He may grant from His wisdom to a simple pheasant. He may grant from His divinely wisdoms to an old person or to a woman, or to an unknown person, and it is from Prophet's teachings, that their teachings belong to Heavens, if a person

asking to know from wisdoms, the Lord of Heavens may give to anyone from His wisdoms and He may speak to that person, may give to him some wisdoms.

Therefore Mr. Daniel coming from... which university? Johnson university?... John is happy? Happy University?... (John Hopkins University) ...Doesn't matter, that is important university... I am making this important that he should be happy also Mr. Daniel... coming in famous suit... and my ego also very happy, that... Eh, we shall look... Now he is bringing so many questions, I am not claiming that I can answer or not... It is something belongs to our headquarters of spiritual world, if they are granting answers and they hope it should be beneficial for people, should give some answers according to our understanding level... Now we are saying Bismllahi Rahmani Rahim... He may ask now, what he prepared. You prepared these questions or university prepared?... Professor Daniel he prepared... Bismillah!

*How has been a religious leader affecting your life, your relationship with God and your ability to...(?) ?*

This is a question that up today no one asking me, and it is a good question, that university people they are radical people and they are searching the roots, not looking what is appearing on earth or on branches, but they are interesting to know about root, about body, that these branches taking what is necessary for them. Yes, if a person claiming to be from spiritual world member, his way, his line must reach to the lines of Prophets, who they are belonging to Heavens. Whole prophets, because prophecy means a connection from earth to Heavens, or from Heavens to earth. If a person claiming that I am a prophet, if a person claiming prophecy he must bring his proof that he is in connection from Heavens. Therefore anytime one prophet coming or a prophet had been sent to his nation, his nation first of all asking who are you? And he is saying: I am prophet, I am coming from divinely Presence of the Lord of Heavens. And people, his nation asking: What is your proof. And he is saying: I have proofs that signing to you that I am belonging... I am in connection with spiritual world or I am in connection with Heavens. And they are asking: Do this that whole prophets just brought some miracles, miracles are proofs of prophecy for a person. Without bringing a miracle we are saying No, you are like ourselves, you are not in connection with Heavens, because heavenly people can do something with their spiritual power, bringing miracles. If you can do this for us, we are believing that you have been sent by the Lord of Heavens.

Therefore everyone from prophets have lines through their nations as through Children of Israel, they have

12 tribes. One tribe only are from that line coming prophets, not form others. From other coming kings or someone else, but prophecy was only one line through 12 tribes, not another tribes. Just they have been granted and chosen fir that purpose to be in connection with Heavens. And whom reaching to those people taking also from the lights of Heavens, and we also now, we are living in 21st Century, yet the lines of prophets with their lights running through people, but just it is covered. Covered, that lights covered, as this wires, they have lights but if not putting this lamp, you can't see. But it has wires, carrying that power. If you are not putting lamp, not giving lights. If you are not putting a machine, engine, you can't see that it has such a power, and if you are not carrying any lamp or any engine, motor, we may say Try it. If you say it is ordinary wire, I am saying Catch it! You are saying tis and this same. No it is not same, Catch it, then you can know, Therefore every time who claiming that they have a connection from Heavens they are real ones for being in connection with Heavens, they are not claiming something without a proof. Now anyone if you are asking what is your way, that you are claiming a connection, we are saying: Just I am reaching to my Sheikh, and my Sheikh reaching to his Sheikh, and from me up to the Seal of Prophets, last prophet there is 40 Saints that all of them are Saints and Sufi-Masters, reaching to Sayidinna Muhammad sws, and from him, Bismllahi Rahmani Rahim., from Prophet: Nabi, Siddiq... (reciting the whole chain of Naqshbandi Grandsheikhs up to) Sayidi wa Maulayi Sultan-ul-Awliya Sheikh Abdullah ad Daghestani... 39 persons reaching to me, I am 40. That is... without cutting coming this line. Therefore my way, as I said to you, spiritual connection through these famous people all of them, coming up to me and I am their servant, nothing else, they are kings, I am servant, because servant is enough for these people, no need kings, If kings coming... must be so many kings...

*What does your daily regiment consist of and how do you incorporate discipline in your life?*

When I married?... I was 3o years old... Tell him to speak English... Which language he is speaking...

*What is your daily practice...?*

What mankind eating, I am eating...what you are asking once again? Religious diet belongs to Mufti, I am Tariqat person... that is for Mufti, for what you are asking about Shariat, about the rules of Islam, it is well known by scholars, and top of scholars there is Mufti, we are saying, he knows well. But my branch is Tariqat, the ways leading to Heavens. I know this. Schariat preparing people, as if someones going to be sent through

rockets, to space, these people prepared, but to send them and to look after them if they are okay, there is someone looking for that. If he is saying okay, come in, then they may go up. Schariat: heavenly rules, preparing people for the ways of Heavens. I am looking: prepared? Ready? Then we may send. As inspector in train station- if ticket, going. Ticket cut? Get in, get in. They may go... Understanding my English? Shakespeare English is not like your English...

*How do you comfort a person who is suffering?*

Now mostly their illnesses belong to mental house, they need mental house. 21st century people one after one everyone needs to come to me, because I am international mental house director, I must look, if he is okay, or she is okay, then I can deal with them according to their degrees of craziness... because so many kind craziness... 7o kind craziness... You heard about it? There is 7o kind at least craziness, you understand? I know 7o kinds... who coming, just I am looking... Now in our days... before it was 7o, in our days becoming 7oo kind so craziness, but I am bringing them in the roots, that growing up as branches of craziness, and we try to make, to bring them to their real sizes, because people now all of them getting out of their real sizes. There is a kind of craziness, that everyone looking and seeing himself as big as this world. Like balloon. I am making this opening... taking them out... This balloon coming, coming, coming... when coming in its real size, finished. But it is very bad illness from craziness. Everyone asking to be a big one, everyone asking to be Nr 1, to be one Nimrod, everyone saying that: I am the Lord. Therefore that is my order: if coming and seeing himself like giant, I am making every day... making him smaller, smaller, smaller, that is my duty, bringing people to their real sizes. And this craziness giving endless troubles for mankind.

*What do you say to someone who is sick, who is a mourner, to comfort them?*

It is according to their craziness. I am looking, and we have... we are not like doctors to make like this... open tour mouth... No, I am looking, and I am knowing and understanding on which level his craziness. Then little by little, step by step we are keeping out treatment on them... here coming so many learned people coming to me, nut when they are coming they must be as an ordinary person, on first level. He can't be able to raise his head up when I am here. When they are surrendering we may do our treatment on him, on her... finished... And it is 40 days enough for them, bringing them to their real sizes. 4o days it is enough.

*Throughout your life, whom have you particularly admired and what have you particularly admired about*

*them?*

My teacher... if my teacher not in existence, if he is not with me always, I am nothing, I am in existence with him, and my power running to me through himself. So many taps, but every tap reaches to some springs or water centres, everyone taking their water from different places, and also I am taking my spiritual power or ability or capacity form my Grandsheikh, I am on his line.

*What is the greatest spiritual adversity in your life and how did you respond to it? What was the greatest challenge in your life?*

The most difficult thing with my ego. And most difficult hindrance in front of mankind their egos. Ego never asking that it is in need for improvement, always claiming that I am perfect and they are not perfect. Therefore from beginning up to end you must fight to your ego, to surrender, to accept that he is not in perfection, but perfection is with our souls. Man's perfection is not according to their egos, because egos belong to animals world, belong to earth, and perfection of mankind is through their souls, and that souls belong to Heavens. But always our ego coming in front of our soul and saying: I am in perfection. Why you are in perfection? What is your perfection? To carry heavy things up, that is perfection? To run- that is perfection? To jump- that is perfection? To swim- that is perfection? To kill people- that is perfection? To eat too much, to drink too much, to ride on women too much- that is perfection? No, that is not perfection. But ego always saying: Oh, champion, carrying, wrestling or boxing... they are thinking. That all belongs to egos! What is that? That is perfection for man? But people run after such foolishness. It is not perfection. They are making perfection... perfection, real perfection for souls, and they run after the special... descriptions (qualities?) that belong to animals. Making Olympiads! What is Olympia, for what this? People going to be foolish now, crazy, 21st century people, running from one Olympia to another Olympia. What is that? That is perfection, giving medals... making like this, clapping hands... what is that foolishness? People lost real perfection that belongs to mankind that belongs through their souls, they run after egos, ego always coming and saying: I am perfect one. For what? Because I may run 1oo metres through... New record... Champion... this is foolish... what is that foolishness. How people going to be in peace through that foolishness. Peace needs perfection. Peace coming from perfection and people running another way. Therefore- biggest hindrance in front of people their egos. Egos always fighting to souls. Souls asking to go up, egos asking to come down... It is clear for you, you are understanding?

*What holy text of prayer holds the greatest spiritual meaning for you?*

As I said to him, we are trying to bring people to the ways of Heavens. And our real target is to save people from the hands of ego. Egos example (symbol) is octopus... You know octopus? In sea... so many hands... if catching like this, it is impossible to save someone that catching it, if you are not cutting everything, you can't save, and ego like octopus covering them, finished. If no one from outside helping them, they are finishing. Octopus eating them and our egos in such a way terrible, horrible.(Reading all chapters)... because we have Holy book, 3o chapters, and every chapter giving such a power for saving people from hands of octopus of their egos. Therefore we are using 3o chapters, every 3o days once again, once again, once again...

*What is the purpose of human existence, the goal of human life?*

You may ask to Creator. You may ask who created man. You can ask? Your ego should say: The purpose for creation is to enjoy myself by eating, drinking, by Olympics, with everything- that is purpose of creation. What about your soul? No soul, I am here? When I am here, you can't speak about soul. When I should speak? I don't know... You understand?

*What are the practical components of a holy life?*

The real life is with our souls. Egos going to finish and vanish by death, and our souls never vanishing and finishing. Therefore a happy life, eternal life, eternity for our souls, not our physical being. Therefore- people must run to their eternal lives, but biggest hindrance in front of them ego, because with ego never reaching to eternity.

*What makes a holy life?*

To save yourself from hands of ego. When you are save from ego and its hand, you are going to reach holy life. Holy life only through Heavens, not on earth, Therefore holy people in Heavens, other people on earth.

*What is the central message of Islam to Muslims and to others?*

As I said. We are not making a difference among mankind. All of them carry a body with ego and soul, and

even coming hundreds and thousands of prophets, they only asking to save people from hand of octopus of ego, and to make them free to arise to Heavens, to eternity, for their eternal station. Therefore- no difference between prophecy and prophets. Everyone's real target is to save people from hand of their egos, but people always facing them with badness, and saying: We are not making this, we are happy with our ego, our physical desires, we are happy. Why you call us to another way? Non-Muslims, Muslims- everyone on same creation. Non-Muslims have ego, Muslims have ego, Non-Muslim have soul, Muslims have soul. Everyone that makes their soul free just reached to their real target or titles never giving any authority to people, if not trying to save themselves. Therefore we are not fighting to Non-Muslims, we are fighting to egos that prevent mankind to reach to their heavenly stations, or eternal life base. No. We are not enemy to anyone, no, Our enemy, common enemy our egos. Why I am fighting to you? For what? It is foolishness, but I am asking to save you from hands of your ego to find your way to eternal life.

*Is there an essential virtue, positive qualities upon all others necessarily depend?*

Everything going to be bad and worse, if you are going with your ego. You must take it away, then, because egos poisoning our lives. If not taking your ego away, your life here and hereafter going to be poisoned. Therefore most important is fighting to our ego, to take it away and to be able to do as your soul asking.

*How do you fight your own ego?*

That is just heavenly teachings, you can't learn through universities. No. Universities only feeding our ego, giving titles- doctor, magister, professor...this and that, these titles only feeding our egos, making them to be more and more big size. We are asking to make their size down, down, down... until here...

*What are you certain of in this world?*

The Creator never changed, and Heavens never changed... that (which) belongs to the Creator, nothing changed, and everything now day by day, after hour, after every hour, it is changing. Only unchanged is realities, beyond realities everything going to change. Sea is same sea, but waves making it to be changed always its surface, but oceans as it is. No change. But surface you must look, winds changing every time, but ocean, its reality, sabit, fixed, certainty.

You are happy with answers? You may do a book, If anyone saying on it any objection, I am here... Welcome to you, good luck also to you to find a good lady, beautiful... You understand or sitting like monkeys?... Now you are going around to ask so many people these things?

*Leaders of many religious communities*

You may ask anyone- that is real balance, we are giving to you- to find if it is true or not. You may compare it, you are never going to fail, no. Use this metre, balance, measure, it is enough for you, don't worry... How old are you?

*21*

I am thinking you are 15 years old... You know him (Sheikh Hisham)? He is from headquarters people. I am nothing, but he is something... Thank you... Allah Almighty sending you to me to say something that before I am not speaking of.

## Every action we must begin by the Name of Allah

Meded, ya Sultanu-l Awliya, ya Sayyidi wa Maulayi... Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

It is an association. By the Name of Allah we must begin - for every action, for every function, for every effort, for every work. (It) must be for Him! You must not work for yourself! When you are working for yourself, you are not going to be His servants! You have been created for His Almighty’s service, nothing else! Therefore it is most important point to know what you are doing and for whom you are doing. Or, you must think on it: for whom you are living, (and) for what or for whom you are working!

But ignorance (is) just covering whole mankind. They are wasting their precious and valuable works, their valuable existence; you are wasting (it)! Everyone must know for whom he is working or for what he is working. This is an important question (that you must ask yourself): “For whom I am working? For whom I am living?” Everyone must know and learn (this).

But this time is a strange time and people are drunk ones! A drunk person (is) never thinking, (he) can’t think! A drunk person lost his mind, he lost his mentality, he lost himself, that (knowledge of) “Why I am in existence” and “Why I am running to do something? For what?” And everyone (is) knowing that he is going to

die, to pass away. If that is so clear, (there is really) no need to teach people that there is death and everyone is going to die. No need a teaching, because they are every day looking and seeing (and) hearing (about) someone's death. Sometimes one person, sometimes hundred persons, sometimes hundreds of people, sometimes thousands of people are passing away, (and) sometimes (even) millions of people are dying, that means: disappearing, finished. They are finished. No more they are going to be seen among their families, through their homes, through their people, through their nations- no more they are going to be seen. One or ten or hundreds or thousands (are) disappearing; they were with ourselves yesterday and today millions of people just disappeared. A drunk person is never thinking (about this). A drunk person can't think, because he lost his mind.

He lost also his balance. Therefore a drunk person on the name of pleasure (is) making himself no more thinking, no more knowing anything. Perhaps when they are drunk they never think or know (about the) problems for themselves, for their lives, or (they) can't be able to think about whole nations or worldwide problems of mankind. (He) can't think on it, because he lost his mind. Not knowing. Perhaps only (he) may shout like cocks; when he is getting drunk, (he is) beginning to sound like cocks or to bark like dogs or to kick like horses or to bite like donkeys or to make on himself... dirtying himself like jackals... making himself thorough a field of dirtiness like pigs, rolling on it and thinking that he is so happy and he thinks that he reached a pleasure.

That person just left his human attributes that (are) giving mankind honour; by using wines and drinks (he is) leaving (the) good attributes for mankind, good attributes that (are) making people on the level of humanity. They are thinking: "Oh, we reached to (the) top level of our pleasure and (the) top level for our happiness." That is their mentality, when they are going to be drunk ones. That means: who is using drinks, he is making himself to fall down on the level of different kinds of animals and he is happy to be through that zoo-garden people- every kind of animals are living there. And that person by his will is making himself (to become like that); by drinking drinks and becoming drunk they are thinking that they reached the top point of pleasure.

Pleasure is something that can be tasted through a perfect mind person (only)! If a person lost that perfection, how he can be able to say: "I enjoyed"? (He) never enjoyed, because enjoyment is something that can be tasted through our minds and mentalities! How a person that is drunk and who is loosing his

mentality, who lost that balance of his acting, loosing everything that he was knowing before and becoming an empty head person, (is coming) to say: “I reached the top point of pleasure through my life by using drinks”? That is (an) ignorant one and he is falling through (the) darkness of ignorance.

We are coming to this direction, because 21st century’s people are thinking wrong, their ways are wrong, their moving direction is wrong, (and) therefore we are speaking on that important point to prevent people to move on wrong directions. To know what is (the) true direction, what is (the) right direction and what is the real pleasure (of) to be in life, to be from mankind, not to be from animals world- to know this. We are moving on that direction, because people are drunk now and drunk ones can’t know anything. Therefore to use drinks that are taking away the minds of mankind and (that are) destroying their good wills, making them to forget their mentalities or to use their mentality that is forbidden through all Prophets.

(But always those) people, whom they are running after their egoistic or physical desires that are represented through their egos, they are fighting against the Rules that just have been put in front of them from Heavens. They are wholly denying (all) the Rules that are preventing them to follow their egos, because anyone who is following his ego is never reaching to the right point of their lives. They can’t enjoy here or Hereafter. Islam is saying (this).

People are fearing from the name of Islam and it is five letters: i, s, l, a, m. Five letters are threatening Shaitan and his followers! They are trembling when they are hearing ‘Islam’; even they can’t be able to hear the name of Islam, because Islam is the biggest hindrance against these people not to fall into Hells here and Hereafter, saying: ”(This is the) wrong way! Stop and get back!” They are never happy with Islam. And Islam is never harming them. Do you think that Islam harmed anyone except dragons?

Islam is only against Shaitan and his representatives,
Islam is only against wrong way followers,
Islam is only against shaitanic teachings,
Islam is only against bad works,
Islam is only against cruelty,
Islam is only against ignorance,
Islam is only against bad actings,

Islam is only against adultery,
Islam is only against bad actings that carry people to fall in endless trouble oceans, endless suffering oceans, and that are asking to prevent mankind to be in safety by Islam.

But I am sorry to say that so many hundreds and thousands of scientists or academic people or thousands of doctors- that they are claiming to be doctors of religion- I am sorry to say that even those people are against I, s, l, a, m. Why ? What Islam brought to mankind? Where Islam failed? 15 centuries- where Islam failed? Which Rule of Islam is against humanity? But beyond Islam everything is against humanity! But they are following Shaitan and they are trembling when they are hearing the name of Islam.

Don't fear (from Islam), (but) you must fear from Shaitan and his followers!

Last week I was invited to a conference in Greece, Athens and so many religions people were coming and attending. They were complaining (about)- or, more than complaining, they were hopeless and they were in full fear for the future of mankind. They were giving (their speech) or addressing to attenders what they are thinking and I was listening to them. They were giving a short time also for me for addressing but I used heavy bombarding for them and one word (is) enough for them. They said like this, like that.

"I am sorry" - I was saying - "that three days I am here, (but) I never heard from religious people even (mention the name of Shaitan). Leave others- philosophers or professors or teachers or representatives of so many foundations- but I am sorry to say that even religious people they never speak (and) declare the name of Shaitan and also (that) no one is cursing him! I am sorry, because (what) you did your beliefs (is that) you arranged your beliefs according to shaitanic teachings! They are taking from your religion it's essence and you are dealing without looking actings (acting blindly) and without (the) essence a person is going to be without soul- what benefit you can take from that body? Here even so many bishops, archbishops (are) coming and saying- why you are not accusing Shaitan? Why you are not accusing shaitanic teachings? Have you looked through your holy Books and (from there you) know that Shaitan is innocent? Or you are looking and seeing through every holy Book (that) Shaitan is cursed from Heavens? Why you are not saying? Every trouble is from Shaitan, because he is the first troublemaker and he continues and you are supporting his way, you are supporting shaitanic teachings and then you are asking a way to save people from sufferings and from violence, from wars, fightings- you are asking. (But) no, you can't find it. You must come to what the

Lord of Heavens is sending to you: that is Islam! You must say for Islam “yes”! Until you are saying for Islam “yes”, suffering can’t be ended and miseries (are) never going to be finished and violence (is) going to climb, not to come down and never (are) going to be ended wars and fightings!

But what we shall say? People are saying: “Oh, Shaitan (is) our best friend! How we are going to curse him? We reached the top of civilization through our best friend Shaitan.” And you know, you are looking now to where shaitanic teachings (are) bringing people now!

Therefore we are saying: finished. You, mankind, must learn first for whom you have been created and for whom you have been offered to do, to work, even when you are eating! That is a work and must be for a purpose. If you are walking, running, doing- (for) everything must be a purpose and beyond a purpose (there) must be a wisdom to be well known. What are you doing?

Subhanallah- Glory to Allah Almighty! One of our brother was saying to me (that) when I was shouting to bishops and archbishops and philosophers and attenders, he was seeing that scenario in TV (and) yesterday, when I was coming to the airport, he said: “Subhanallah, Glory to Allah! That night they were showing a movie in TV that (there were) people, some of them (were) with Americans, some others against Americans and they were fighting and fighting, so that no one was remaining from both sides.” And he was saying to me: “Oh Sheikh! What you said daytime, they made (it) so suitable. That movie (was) going to make a confirmation for your words.” Just that night.

Yes, what we are speaking it is not on behalf of me but it is on behalf of Saints and Prophets that Allah Almighty is ordering them to save His servant, to show them (the) true way through their lives, but people (are) running away and when they are running, they showed that movie that night. That is a wisdom from Allah Almighty also, to see that finally people are going to destroy themselves by themselves.

And that is the main target of Shaitan to destroy humanity on earth and to destroy every good thing that (was) just built for humanity. To destroy them and then not to remain even one man on earth, to be (the) earth (empty); when all nations are going to take away someones some others, going to be this world empty. (The) globe (is) going to be empty. They are asking (a) ‘global changing’, but Shaitan is unhappy (about that), (because) that global hegemony he is asking for himself. Therefore he is trying to finish mankind on earth and then to be on earth Khalifa- as he was dreaming and thinking to be- to be deputy of Allah Almighty on

earth. He is trying to take away whole mankind (so that) no one (is) living on it, then he is saying: “Now we are deputies on earth! Now it is for us, this globe belongs to us! Oh, we took our revenge from mankind and mankind just finished! Oh, hip hip, hurray!” Europeans, how (they are) saying? Hip hip, hurray! Shaitan is going to say to his followers, to his descendants: “Hip hip hurray! Now (the) whole world (is) for ourselves, we are deputies! Just mankind finished!” Astaghfirullah al ‘Azim, Astaghfirullah al ‘Azim, Astaghfirullah al ‘Azim!

But Allah Almighty’s divinely Order (is) to take away everyone who is following Shaitan and shaitanic groups and (to) leave (on it) only His servants. Noah a.s., when he had been ordered to make that Arch and to put in it believers, they were only 8o or 9o people. All others just through (that) flood (were) killed. Shaitan was so happy that (over the) whole world finished mankind, but the Lord of Heavens was saying: “I am not finished! What I said that is reality and true. I am not giving to you that chance, oh Shaitan and your descendants! I said that I am giving that honour to mankind only, not to you and your descendants. You are very happy that I made a flood and killed everyone, but I am keeping as a yeast for mankind (some) living people, among 8o or 9o, (and) once (again) I am bringing back (My) deputies that they should be My Prophets’ followers and they should be (My) deputies on earth. I am not giving (the earth and that honour) to you!”

And now secondly (there is) coming another (kind of) flood that mankind is going to kill each other, killing, killing- (so that there is) only remaining a handful people, but Shaitan can’t be happy finally, because Allah Almighty (is) giving power for everything on earth for these handful people from the nation of Muhammad sws. Bad ones (are) going and Shaitan also (is) going to be retired- chained and sent away. We should be ‘warithuun’, inheritors of this world and on earth should be (put) the flag of ‘La ilaha illa Allah, Muhammadur Rasulullah sws’!

May Allah forgive us and bless you and we are asking to reach to those good days! Good days! By the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

## Every Atom Carries a Divine Name from its Creator

Dastoor yaa Sayyidee. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah Sayyidina wa Nabiyina Muhammadun Rasoolullah (s), `alayhi afdalu salaatu was salaam.... (Mawlana Shaykh sits.)

As-salaamu `alaykum, attenders! As-salaamu `alaykum, O Muslim world! As-salaamu `alaykum, O Ahlu 'l-Kitaab, Book-Given People, (Christians and Jews) who are asking to know the ways of heavens and to follow those ways until they reach in the heavens to their Lord's Divine Presence!

Madad, yaa Sultanu 'l-Awliyaa, dastoor. We are also asking support from the responsible one for Mankind on this planet from east to west, north to south, who is controlling everyone from human nature. Those who are under the umbrella of the Children of Adam, and who have been honored to be deputies on this Earth, and they have given their oath in the Divine Presence of Allah Almighty, subhaanahu wa ta`ala! Give respect and take respect; if not giving respect, you will never be given respect. That is a heavenly scale declared from the first prophet up to the Seal of Prophets, Sayyidina Muhammad (s).

And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. We know that one more day of our lives has passed away and our calendars are only for one year, but everyone has a

different calendar, every one from Mankind has a private calendar that is beginning from their birth. The first breath is the first page for that new one. SubhaanAllah, endless glory is for our Lord Almighty, Allah. Allah, Allah. He is so high, no one knows the Real Being of the Lord of Heavens; it is impossible. No one knows about pre-Eternal and no one knows about Eternity or Eternal point, Allah (swt)! Absolute Greatness and Absolute Glory is for the Lord of Heavens; we are only saying one, two, or three words for explaining Allah Almighty's glory. O `ulamas from Ahlu 's-Sunnah wa'l-Jama`ah, and `ulamas who claim they are Salafi `ulamas, and also who claim they are Shi`a `ulamas! It is your responsibility to give much more knowledge about the Creator, Allah Almighty! (Mawlana Shaykh stands and sits.)

Allahu akbar, Allahu akbar! We are saying all praising, all honor, all greatness, all glory, and all majesty for our Lord, Almighty Allah. Yes, it is true, every one of the `ulamas may say this. Common people may say less than these five unexpected titles. We are saying only five, or may be six or seven, but O `ulamas, you must know about the Absolute Glory, Absolute Honor, Absolute Praising, Absolute Greatness, and Absolute Majesty of Allah Almighty! But really all numbers, if we use them for bringing something about His Greatness, are never going to be enough, whether they are five or whether they are endless. Endless titles we may use for creatures, but for our Lord's Divinely Attributes they are countless! Also, according to each Divinely Attributes there are Holy Names that belong to each divine or holy Attribute of Allah Almighty, from His Absolute Being, His Absolute Essence.

How many heavens are there? Every heaven, according to the levels of the heavens, has His Essence Attributes. And you can't count the levels of heavens. They have been sent according to our understanding or capacity, to be known that there are seven heavens. Are there no eight heavens, or no ten heavens? Is there a limit? His Existence is Unlimited, therefore everything that belongs to Him must be never-ending! Allahu Akbar! Allahu akbar!

O People! Everyone in existence is glorifying their Lord, their Creator, but don't think that everyone's glorification is the same! SubhaanAllah! Allah Almighty created for this world billions, trillions, or quadrillions of dharrah, atoms.

O `Ulamas! What is your opinion about those atoms? "Dharrah" is something else. For making an understanding, we are saying atoms from the knowledge of the Seal of Prophets (s) are reaching to his

inheritors, so that nothing in existence from Creation is without a name, everything has a special name. Ha! Another ajaa`ib, astonishing news, that is reaching us from Risaalat ul-Mutbaqah, the Absolute Messenger, the Last Messenger, Sayyidi 'l-Awwaleen wa 'l-Akhireen, reaching a secret knowledge that some awliya have been granted, a secret, that no atom can be in existence if there is not written on it a Holy Name of the Lord of Heavens! Allahu akbar!

Who created that atom has ordered to be written on every atom one of His Holy Names! That is ajaa`ib, strange. There can't be an atom if there is not written on it one Holy Name of its Creator. That is the `azaamat, greatness of Allah Almighty! Billions and trillions of atoms can't be in existence if it is not written on them one Holy Name of their Creator. Allahu Akbar!

What is your knowledge, O Salafi `ulamas? What are you knowing? For what did the Holy Qur'an come? Why is it begining after Fatihah? Bismillahi 'r-Rahmani 'r-Raheem. Alif. Laam. Meem. Say, if you are understanding! That gives you heavenly lights that are cannot be extinguished. Say! If you are not knowing, try to learn; (with knowledge you will know) you can't make an objection on this point. Because Allah Almighty is azaaliyun, abaadiyun, existing from pre-Eternal up to Eternal, and He has Absolute Eternity. Allahu akbar! Allahu akbar! Try to make people's understanding wider, make it much more enlightened. You must remember the holy hadith of Rasoolullah (s), saying you must learn to use holy knowledge from the Seal of Prophets (s). He was saying, bismillahi 'r-Rahmani 'r-Raheem.

••• •••• •••• ••• •••• •••• •••• ; •• ••• ••••• ••••• ••• •• •• •••••

min husn islam al-mara tark maa laa ya`neeh. You are occupying yourself with nonsense. This is a hadith, min husn islam al-mara tark maa laa ya`neeh. A good one, a perfect one, from believers is the one who tries to leave everything that never gives him honor here or Hereafter.

There are some issues or studies that are never giving you honor here or Hereafter. Leave arguments and come. People asking, "Who is our Lord?" You must not be maghloob (defeated) by shaytanic arguments; leave that! One of the nonsense theories that Shaytan is whispering to some heedless people is to say that the beginning of this Creation, this universe, began from one atom that just exploded and then came everything (Big Bang Theory). Most dirty, unacceptable, heedless, and ignorant people run after that and say, "Yes!" Why are you not refusing? Even such foolish theories are coming and reaching to Haramayn Sharifayn (the

two harams in Mecca and Madinah), Damascus, Baghdad, Egypt, or reaching to east to west and finding acceptance. Why? You must bombard such foolish ideas that some of Shaytan's representatives are throwing into no-mind peoples' heads and making such big sound through east and west, finding acceptance. And we have such a strong one, a strong heavenly knowledge, through Prophet's (s) knowledge, and you are not defending. They only know how to say, "We are Salafi `ulamas," "We are Azhari `ulamas," and from Shi'a `ulamas saying, "We are 'Hujjatullah' or 'Ayatullah,' they say that they are knowing everything. What you are knowing? Why you are not defending our Lord's addressing and declarations in holy book, destroying everything against Holy Qur'an and trying to destroy everything against Old Testament and New Testament!

Their real ones, why are you not defending, O His Holiness, the Pope, O Your Holiness, Jewish Chief Rabbi? Why are you not stopping that person who brings such foolish ideas to the minds of people? Why are you not destroying these ideas and spitting on Shaytan? Ptuu! Why are you not saying? What are you doing? You only know how to attack on such a weak servant. You only know to make arguments with such a weak person. I may be weak, but the declaration that comes to my heart is not weak.

May Allah forgive me, and forgive you, and guide us to the real way of the Seal of Prophets, Sayyidina Muhammad (s)!

I am asking you, O `ulamas, for the sake of the honor of the Seal of Prophets (s), to write an objection on these words they are making me speak as an address to all the people. I am asking this from all learned people and authorities that are saying they are authorities in Islam, in Christianity, and Judaism, to write and say that this weak servant is speaking wrong, and the next day they may finish! Beware! This weakest servant is only trying to give something for the understanding of our Lord's Greatness! It is impossible to understand, but according to our understanding level they are making me speak.

May Allah forgive me and forgive you.

Fatihah.

## Every Cell is in Enjoyment

(Sultan stands)

Allahu Akbar, Allahu Akbar, Allahu Akbar, Allahu Akbar, la ilaha ill-Llah, la ilaha ill-Llah, la ilaha ill-Llah.

Sayyidina Muhammad (s) by the Name of Allah, the Most Munificent, the Most Beneficent.

O Our Lord's Holy ones, Holy servants, give us from good manners to be closer from Heavens, to save from darkness of our egos and Satanic territories. We say, "Where can be Satan, and by whom he can be running and rushing and pulling them to follow him through darkness territories?" Darkness territories, that is Shaytanic territories.

Alfu's-salaat, alfu's-salaam. O you, our most beloved guide, ya Sayyidina Rasulullah! (Arabic) Wahabi, Salafi .....they are so jealous ones. We giving to you our most high respect, they are going to explode. (Mawlana Shaykh laughs) That is their punishment. And we are feeling an endless pleasure through ourselves, and that gives us pleasure and enjoyment and satisfaction and giving us lights. We are lightening.

(Sultan sits)

O People! O People! O Mankind! O our Lord's servants! I am a weak servant and you are trying to listen to know more and more. Ma barakli yawman wa 'zid fihi hidayah and we are saying A`udhu billahi min ash-shaytan ir-rajeem. Bismil-Lahi' r-Rahmani 'r-Raheem We are so proud and glorious by saying Bismil-Lahi' r-Rahmani 'r-Raheem; it is not easy for everyone to say Bismil-Lahi' r-Rahmani 'r-Raheem. O People! As-salamu alaykum wa rahmatallahi wa barakatuh!

(Sultan sings)

Dome dome dome dome
Dome dome dome dome
Dome dome dome dome
Dome dome dome dome

That music giving us so happiness and pleasure. O People! Because everything you are going to do for the Lord of Heavens and your Creator, you must feel. You must feel through yourself. Because I am not appointing only one place through your physical being; my aim, that my master who is the holiest one on this planet is saying, is not that only one part of your body getting to be in pleasure, but every part of your physical being dancing. The one who has billions of cells, all cells they are living ones; living means they are knowing something and they are getting happy. Every cell, or every organ going to be in pleasure and enjoyment. When we are saying Bismil-Lahi' r-Rahmani 'r-Raheem, that sending to every cell of our bodies a pleasure. They are so pleased, they are in such an enjoyment, you can't imagine. When the cells of a living one is happy it is running, or it runs to fulfil the wisdom or main purpose for their creation.

Understanding people?! Don't sleep! This is a warning as well as a teaching and we are only weak servants, and is our honor that we are asking to wake our body. Our body getting so pleasure when I am saying, hahchoo! hahchoo! (Mawlana sneezes). That is from Heavens. But when we are saying, "Aaaaw,haaw", (mimics prolonged yawning) that is from animals' level action. That means your organs unhappy and every cell through that organ is tired. But when they say, "hahchoo!" every cell, awakening.

O heedless people, look! I am saying from every Prophets' knowledge but they are giving to me and I don't know but I am saying gham (sadness) from east to west. And they must hear and take their care. (?Imagine) Shaykh Hisham to take their care that everything going to be in existence through enjoyment or to be

ghamm, tired and unhappy. This life, O People! It is so easy. No problem if you are keeping one word from the Seal of Prophets and following it, you should find yourself in end through a new level. You should find yourself and saying, "this is a level giving to me a satisfaction. I am breathing happily, I am thinking clearly, I am running without tiring, I am understanding not (with) wrong understanding. I am happy on this level.

O People! What are you doing Samsonite (suitcase) through your hands? Every morning with Samsonite, one side coming down like this (mimics being weighed down),Samsonite shoulder coming down on earth. I am saying 'O my friend, your shoulder coming down, make a balance, take another to be like this." La ilaha ill-Llah, Sayyidina Muhammad (s). O People! You have been created to take rides for your egos? What is that? What is that, running on your ride, for what? What is your last point? O People! You have been created and the Lord of Heavens Who created you giving every part of your being to be always active through its effort. The Lord of Heavens Who created you making you to be like a donkey, two sides carrying heavy bags? You are man! You are from human nature, and humanity they have a specialty through whole creation. Learn and teach. That is important. When a cell, may be cell of your brain or cell of your heart or cells of your stomach or digestive system, cells standing up for, to continue our message, generation. Every cells through every organs, they are in enjoyment, they are pleased. All of them are in pleasure from your eyes, from your head to your feet.

Look o people, before our time, people they never doing shikayat, to be complaining. Never can be seen people before our times to be in pains, they never suffering. Only for some; more than ten, under the 100. Now, today in our days, illnesses countless. Before, hear and listen! O clever one! O thinker one! Keep your head in cleanly area! Keep your mind in a good position! You can understand what we are saying. Only those people who they are drunk ones, they are not understanding. Now countless illnesses they are suffering. Before, only one time a doctor giving a receipt for a patient . Now when people are going to a doctor he saying:

"First you must go for analysis for your body, to make a general checkup. And you must bring to me results of your checkup and then I may look and do something. If you are not doing that, I can't do treatment for you."

"O my doctor, it is necessary also to go to 'timarhane' mental house for checkup?"

"Yes, you must go to checkup yourself; if you are on just perfection through your mind, then we shall do our

treatment. Yes, you must also go to mental house for checkup."

"O sir mental house doctors they are in need for checkup."

"That is true, that is true."

"They may give wrong receipt for me and making me more crazy."

"Doesn't matter, go to mental house for checkup and then I am putting you in here for tunnel, like barrel and going in one side and coming out other side then I may look for you and see what is happening."

"O my doctor til I am doing that ...
(The video transmission was lost, and the following is from a German translation, but is fragmented)

[It means your body cannot tolerate our treatment and are (...) but just do well to check up. This is a long history (...) we must at the beginning of the checkup, (...) or his returning of our master (...) everything in every organ, every cell, where they are (...) and look forward to, then they are at their best (...) human (...) yes. if our bodies are looking forward to (...) because their owners think about positive positions (...) that we are connected to our soul, with whom higher position (...) If this is connected okay, then you are not hurt. (...) never know because the cells are in their best positions and they]

...giving their best for that person, and then that man is living happily enjoyfully, sahat, healthy. Your health is coming from your cells. Your cells, they are living ones, and living ones, their life just related to heavens because life coming from heavens. And every cell is a living one and their lives coming from heavens. And their cells coming and getting enjoyful life from them.

Therefore, those people, their organs being harmony, the main `amood, pole that our world turning around it that is, harmony. There is a harmony in existence and that harmony in our understanding hayatan tayyibah, how happening? That harmony must be in every creation; if they have been sent on earth they have been created and they have a harmony through themselves and through others. Without harmony, what is against harmony? Chaos. Aferin. Chaos.. Now we have been learning some new thing, that I also learning that two

main appearances through this Creation, either to be through harmony or to be chaos. When you are reaching to be through yourself you are reaching to be through harmony. our life, as Allah Almighty saying, that is a hayaatan tayyibah a good and best and happy life.. Nothing may touch you or nothing disturbing you or nothing harming you. because your harmany through every creature. If harmony, scorpion may come and never touch you.

Once I heard from my master that a scorpion coming to one of our grand ones, Imam `Azham (Imam Abu Hanifa an-Nu`man), that he was one of guiding people to the ways of the Seal of Prophets (s). Coming on him a scorpion. People running to kill it and he was saying, "Leave it, it can't do anything. And let it to bite. Doesn't matter." Coming, biting and falling dead that scorpion. Can't do, can't harm, it is forbidden for every creature to harm it. Allah Almighty created so many countless, so many countless creation, not bringing them in existence without something. There is a harmony around our dunya, around our planet. Must be. If there is not a harmony,no one living. In one hour they should finish each other and no more life on earth.

Therefore, there is a harmony, particularly on Man that is Sultan of this planet. Can't be that can't be without a connection through heavens, but is not keeping that heavenly arrangement, that is that harmony cut off. When harmony cut off, everything coming on it, everything coming on him, everything coming on her to give a trouble to that one and giving a chaos to come on our bodies. I was remembering when I was my age through elementary school, before 100 yrs ago. "O Shaykh, you are so old one." You are only ten years younger than me! I am remembering myself 70, 80, 90 years ago but the Lord of Heavens giving me such a special being, as He is granting to everyone a special being also. Everyone has a special being that he is carrying, that no one else carrying such specialties. The Creator, He is not making photocopies and everyone has an appearance through this life.

Yes sir, I am speaking on orders. and so many people, organs not working. And so many people thirteen years organs not working. coming to me, "O my Shaykh! Anything wrong with me that everything is working, Only one organ is not working. I am swearing, keep yourself in harmony and I am saying then every organ will be in its real position, never getting to be elder or useless. O Pope, O Dalai Lama, O Patriarchy in Istanbul and every other patriarch, and chief rabbis! Do you understand what I say or do you think that I am speaking wrong? No one can say that I am speaking wrong. Yes, we are making an explanation for understanding, that every thing in this life in a most perfect harmony. Between earthly creation and through heavenly positions,

must be that harmony. If you are destroying that harmony, means that you are destroying yourself. And when that harmony just taken away, you are looking that whole nature, they are fighting to each other. And now people, Mankind, they are fighting to each other, harming and killing and destroying and burning. Because they lost real harmony between their spiritual being and heavenly harmony. That is very important.

O People! Keep and listen because anger coming to me! I am angry because they are not keeping harmony between themselves and heavens! And there is endless chaos on earth now because they are bringing this rule, that rule, this regime, that for the people all of them useless. Because they used to have kingdoms, it was the best ones, and now falling down, but coming worse ones now, and firstly they destroyed kingdoms, asking good life for them.

Trying to arrange their lives now, because Sultans they was best ones, but becoming to be falling down, falling down and going to the earth power among people going to the earth's tyrants. And tyrants no iman, no beliefs. And also no mind people, not knowing what is right hand from left hand. And now biggest cowards in this world, and people trembling, people burning, to destroy, from gigantic weapons. and their taleb (wish request) their last emel, (hope) another word, must be. (goal target?) Last point for them to kill. They are looking only for killing and destroying. Beyond that they are finished.That is biggest chaos for mankind in 21st Century they are making their last target to kill, to burn. to destroy. Now that is biggest chaos that is to appear from Mankind from beginning up to end.

(Mawlana Shaykh sings)

Dome dome dome dome

That is harmony
that making you
to be happy
and to make you
be good feelings
and to live with good feelings.

Therefore we are saying to give to people:

Send us O our Lord from Heavens
Who can take away troublemakers
and Shaytanic groups
and can send from Heavens

Don't say it is haraam,

## Everyday has a speciality

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Allah, Allah, Allah, Allah, Allah, Allah, Meded ya Sultanu-l Anbiya, Meded ya Rijalallah...

It is an association. Every day has a speciality, every day has a special personality. (The) days of week (are) seven days, and everyone feels through himself when (it is) going to be Friday and then Saturday, Sunday, Monday, Tuesday, Wednesday, Thursday. You have a feeling that today is Saturday, it is not Friday, and it is not Sunday. And coming another week and it has also seven days, but when we are speaking about today- it is Saturday- or we are speaking (about) past Saturday- we are saying: “That passed Saturday happened something”- this Saturday also is not same (like) that Saturday. And it is now March moon, March. This is a new March, it is not (the) same (like the one) that passed away, and coming April it is (also a) new April (that) belongs to 2004. It is not (the) same (April like the one) that passed through 2003.

You also you are not (the) same one that you have been last year in March, no. You are now in a new position, a new one. “Kulli yaumin Huwa fi sha’an” - every day (is) appearing another appearance that that appearances (are countless like as the waves on an ocean), if you can be able to calculate the waves on an ocean, you can reach the number of appearances that you are entering in it and (that are) passing. Subhanallah! People (are) thinking that they are stable, (that) nothing (is) changing, (they are saying): “I was

yesterday, and I am now (the) same one that (I was) yesterday." No, that finished, (and) tomorrow you are (again) another personality.

That belongs to (the) divinely Will that (has) programmed everyone, it is not only for mankind. Around mankind what (there is) from creation, from creatures, they are also through every second or through (every) unit of time, the less one (of that unit of time)- they are changing.

Changing (is written) for creation, (and) unchangeable Existence (is only) for (the) real Being- for the Lord of Heavens, for the Creator. If (a) changing (was) coming (to Him), (He) can't be the Creator. (The) Creator (is) creating through every creature according to our knowledge countless changings- but it is counted. He knows! He knows where is an atom or (a) nucleus, in (the) middle; how many pieces (it may have), each one has a personality, and (also) where it is He must know. "Ya yakhfa alayhi shayun fil ardi wa la fi samaa"- can't be anything to be hidden to the Creator. How it can be! And He is (the) Creator. If He is not creating that, it can't be in existence. He must know, but according to our capacity... Therefore Grandsheikh always he was saying, Allah bless him: "(The) biggest mistake from mankind is: for their understanding they are trying to bring the Existence of the Lord of Heavens, the Lord of whole Creation, to their understanding area." And look, if you are getting (up) and saying to people: "I am asking to know about (the) sun and I am trying to bring it to my understanding area, to bring it here- (Sheikh is looking to a flower) (saying:) It is like this (flower), that is sun", ma sha Allah, he understands. As long as they are trying to understand about (the) sun, their knowledge (is) never going (to be) more than that flower. They should say only: "It looks like this"... They can't approach and enter in it and to see and to look what is that. From far away (they are looking and) saying: "Oh, (the) sun just looks like (a) sunflower." For creation, for (the) understanding of creation, if you are using your understanding, it is impossible for you. What it is in our seeing, in our vision, you can't reach a real understanding (of) what it is in our vision- what about if we are saying (about what is) beyond (the) sun, beyond (the) stars, beyond (the) galaxies?

But people try to know about such a creation according to their mindly capacity and it is making them to give a judgment about creation. (It is) wrong knowledge, and they are saying 'positive knowledge'. Positive knowledge that is the new fashion through (the) 17th century or (the) 16th century, (when) they were trying to make everything through positive knowledge area. They are trying to bring everything under (the) microscope. If they can't bring it, they are saying: "No." That is (the) biggest mistake, (and) also biggest (the)

foolishness for those people whom they are claiming: “We are learned people”, “we are scientists”, “we are professors”... Biggest mistake and biggest ignorance from them, because you can’t bring everything under (a) microscope to look what it is, it is impossible.

So that when we are speaking for Allah Almighty that that is the beginning of some knowledge for our Creator. We are asking to step (the) first step, that (there are) countless steps, (and) countless attempts should be after it- and (even if) you are reaching a knowledge for the Lord of Heavens, He is going to be beyond that knowledge. And we are speaking something now as they are making me to speak on some points that from His mainly Attributes (is) to be unchangeable Existence. Never changing. What was written in Sri Lanka on the entrance (of that holy one’s place)? It was written: “Allah- Huwa ‘al an kama kan”- Allah, He is now as He was through eternity. Allah (is) in His Eternity; through eternal and eternal (He is the) same, (He) never changed: “Huwa-l ‘an kama kan”. Subhanallah! Kelam Awliya, the words of Awliyas, they are saying on that point. Subhanallah! Unchangeable. We are changing.

Therefore I said to you: Everything (is) going to be changed. Haci X (is also) changing, because he was awakened, now becoming to sleep, just (he) changed... and therefore: “Al idraku an darki-l idraki idraku”; that means: If you are asking to understand (something about the) real Being of Allah Almighty’s Essence (and) you are reaching (up) to a (certain) point and (then) you are saying: “Impossible”- just (in that moment) you reached real Knowledge about Him Almighty. Finally you are saying: “Impossible”, because- a simple example: Do you think that an ant can bring to his understanding (knowledge about the) real being of a man? Perhaps it can be possible, but it is impossible for any creature to reach (a) real understanding of their Creator. They are saying finally: “It is impossible.” An ant, when it is running on earth, may say: “Oh, if I can have wings, I was reaching to Heavens.” And the Creator (is) giving it wings and it is trying to fly and flies, but its distance that it may reach and fly it is maybe one meter or less or a little bit more- (it is) nothing. Do you think that it may reach to Heavens? Impossible! Therefore: “Al idraku an darki-l idraki idraku.”

That is- Subhanallahi-l ‘Aliyu-l ‘Azim- we must put our knowledge on a safe base; if not, it is going to be nonsense and people (are) falling down. That is (the) biggest mistake for living people and whom they are claiming: “We are learned people, we are experts, we are professors, we are scientists, we are academic people, we must know who is that Creator! We must bring that one that you are saying (to Him) ‘Creator’ under our microscope...” Or (they are saying:) “We must look first through telescopes”, but then they are

saying: “We are just astonishing- which direction we must put our telescope? This direction, that direction? (Because there are) countless directions to bring that One through our telescopes first. Then, if we are catching that One, we must bring that One and to put (Him) under our microscope to look...” Haha, Subhanallah, so foolish people, no understanding and they are claiming (that) they are learned people, Alim... they are thinking that they know everything! That is their knowledge about the Creator. Their heads (are) big one, but nothing in it!

If a person (is) knowing about his Lord, his Creator, as much as (he is) knowing, (he is) getting much more respecting for Him. Therefore when (the) Prophet had been asked: “What is the most valuebale effort or work or study for a person to make as a servanthood to his Lord?” What it is, when they were asking (him), he was saying: “Al ‘ilmu bi-llah- to know about his Creator.” That means: to try to reach much more knowledge, that according to our knowledge of someone, of his perfection and power and glory we are taking much more respect. A servant or a simple employee, when (he is) getting in front of his director (he is) closing his buttons, yes. Not for everyone, but for his director (he is) taking much more respect, because (he is) knowing about him what he can do. And man also, according to his knowledge about his Creator, his Lord, (is) taking much more respect. Therefore two Rakaats from the Seal of Prophets, S.Muhammad sws, if put (on) one side of (a) balance and (on the) other side of (the) balance whole nations’ praying, two Rakaats from Rasulullah, (the) Seal of Prophets, (the) most beloved and most honoured one, (the weight of his) two Rakaats is getting (to be) much more, because no one can reach to his position and his knowledge about his Creator.

May Allah forgive me and forgive you and (grant His) blessing for the honour or of that most beloved and respected and honoured one, (the) most glorified one in (the) divine Presence despite of the Wahabis, Fatiha...It is not a prepared thing, but what they are sending we must speak on it. We don’t know, He knows...

**Every day (is) coming with new things**

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

‘Yaumun jadid, rizqun jadid’...Every day (is) coming ‘fi fulqin mashhuun’...Every (is) coming with new things. Every day (is) coming with unexpected events. No one can know what is bringing tomorrow. And today also now we are not knowing how (is) going to end today, up to evening there are 4 or 5 hours, countless events individually and commonly. That (is) showing the Greatness of Allah Almighty, because each one has a private destination; never going to be two people’s destination (the) same- (it) can’t be!

And that is the reason that the Creator, the Lord of Heavens, our Lord, Allah Almighty, it is impossible (for Him) to be understood, no. Impossible! We are so weak ones, we are so small ones! (And we are always weak and small, even if you may) let a person be not 1 ½ meter, or 2 metres height; (even) anyone or everyone from mankind, it may be their figures as (tall as) this huge universe- not to be 2 metres, but to be through that greatness that your mind (is) never carrying the greatness of universe. He Almighty may create everyone in such a way! He is able (to do that) and He is not in need to use material, no. Material is for you, for your understanding, but in divinely Presence there is no material and no existence for anything. Millions and billions and trillions (of universes) like this huge universe He may create with (only) an Order. He is only going to say: “Be!” that means: “Come in existence”, and it is ready. It is ready and its existence through our sight, through our knowledge, we have material, but in front of Him (it is) nothing, it is only an Order.

(There is) no need to use material for creation; He (is) never using material for (the creation of) universes or Heavens, no! If (he was) using material, that material must be from Him and He is never in need to have

material, because His Existence is never depending on material, but everything in existence their being depends on material. Therefore material is for creatures and the Creator (is) never using any material for (His) creation. He is only using (an) Order; no material, no projects, no! Projects to make Heavens, to make something and using? No! He Almighty (is) using His Order only, saying: “Be, come in existence”, (and) finished. Just that Order according to His Will (is) coming and (the creation is) appearing. But you can’t touch (it).

Abu Ahmad, Abdu Rahman Sughuri Hazretleri, one of our Golden Chain’s Grandsheikhs, he was saying: “Just I have been in Hijaz, on Hajj, 37 times: Seven times with my physical being and thirty times with my real being, spiritually.” People think that this physical being (is) more important, no. Important (is) your spiritual being. That is important, not this material being, no! And he was saying: “I have been in Hijaz on Arafat 37 times; seven times I was with my material existence and thirty times I was attending Arafat with my spiritual being”, that through (the) spiritual being (there is) no material. Your spirituality (has) no material, no. “And”, he was saying, “People sometimes were meeting me through Mecca Mukarrama or on Arafat, and (they were) saying: ‘O Sheikh, welcome to you! How? You were making Dua for Hajj people when they were asking to move to (the) Kaaba, (the) House of (the) Lord and (you were) sending ourselves- how you are here (now)? We left you in Daghestan, how you are here?’ And I was saying. ‘O my sons, after you (there was) coming another caravan and calling me also: ‘Come with us’, and (so) I am coming with them...”

When they were trying to take and kiss his hand, he was not giving (it to them), saying: “I have also excuse for my Wudhu, don’t touch my hand”, because if (they were) making like this... (touching him), finishing, nothing (there)... and people may fear. Therefore (he was) making his hands like this... (hiding them), not giving to them, because it was only an appearance without material.

Therefore: “Asalunaka ‘ani-l ruh. Quli: ar-ruh min amri Rabbi”. When people (were) asking from the Seal of Prophets to say (something) about our spirituality, our souls, Allah Almighty (was) saying: “O My Beloved one! Say to them that: ‘It is an Order from my Lord!.” It is an Order and you can ‘t understand. You may understand only (something about) material beings, but beyond that you (are) never going to understand (anything). The soul is only an Order through your physical being and all worlds and so many creations all of them they have materials; (and there are) different materials for their creation. They have (material) for their physical beings, but for their souls, no; Allah Almighty (is) not using for our souls (any) material.

Therefore (the) souls and our physical being (are) never going to be (the) same and never (it is) going to be ended (the) arguing between souls and material beings. (Our) material being (is) asking to be boss, and (our) spiritual being (is) saying: “No, you can’t be my boss, because what I am carrying from divinely Power, you haven’t.” You have not that power, because (the) material world, everything that belongs to materiality, it is in limits, but what we have been granted through our souls it is not going to be in limits.

Therefore our power through our souls (is) reaching to the ends of creation and (the) power of our souls in such a position may be present everywhere, because (our soul is) never going to be prevented by (our) material being. The area (of our souls), their field, (is) unlimited, but our physical beings’ field (is) only (a) very short and small area, which is making (people) to loose the essence for their real being. They are not understanding that we have a physical being that (is) never going to be in existence without material and (that) there is another existence through ourselves, that (it) is our spiritual being, which (is) never getting to be in need (of) material and never (it is) going to be in limits, because it is (an) Order from Allah Almighty.

Therefore no one can be reaching to (the) real knowledge about the Lord of Heavens, until they are reaching to a real understanding of their spirituality. Through spirituality you can touch- that means: you can reach- some knowledge from the Creator. But don’t think that your material being can think on it and can be able to bring any real information for the Creator! People now are asking: “How is Allah?” “Where He is?” And: “When He was?” And: ”Up to where He is going to be?” These are nonsense questions because it is not your responsible area to ask, as long as you are in prison through (the) material world. You must cut it out! When you are cutting this prison, you can find yourself in a world that (there is) no materiality, only spirituality. And spirituality, you can’t bring any description on it, no! Anything you can bring for an understanding of spirituality, (the) material being (is) never understanding. It is impossible, no! This is something, that is something else. With your material being you can’t understand your spiritual being.

Therefore you must try to melt it, to destroy your material being, either here or after death. Then you should find yourself in an Ocean of Spirituality that belongs to Allah Almighty’s Will. When He is going to say: “Come in existence” (it is) coming (in existence), and that existence of our souls may be understood through our spiritual being. And our spiritual being- as was saying our Grandsheikh- (it) is like a drop (that is) coming (down) from (the) clouds and reaching to (the) ocean: It is becoming an ocean- you can’t find it, you

can’t bring a limit for it- that (drop, our soul) just reached to an Ocean that never can be known.

Therefore man, when (he is) trying to reach to Allah Almighty’s divinely Presence, they are in need (of) some training, some practising, to break down their material being and (for) that drop (our soul)- that it is through your material being- to be free; as that drop (to be) coming and entering (the) ocean (and) going to be (the) ocean. But you need to break down that material being! For (the) material being (there is) no room in Existence! It is an imitated existence. But (our) soul, when (it is) coming (to be free), without (the) hindrance (of our physical being), (it is) reaching to the Oceans of Unity of Allah Almighty and (it is) going to disappear (in them)...

May Allah give us a good understanding for His Knowledge, to be able to understand (something from it). As long as you are surrounded by materiality, it is impossible to approach an understanding of our Lord’s divinely Position. Therefore we are asking and try to reach to that point and to save ourselves from the heaviness and darkness of materiality, to reach to peace and contentment and the Oceans of Lights of the Oceans of Power through His Almighty’s Unity Oceans.

May Allah grant us and bless you and forgive me. For the honour of the Seal of Prophets, S.Muhammad sws, Fatiha.

## Every day is new and has a spiritual Tajalli

Destur, ya Sultanu-l Awliya, destur, ya Rijalallah. Every day is new and has a spiritual Tajalli. Without help from above earthly people couldn't do anything: wa li-llahi junudu samawati wa-l 'ard...heavenly and earthly armies are under Allah's command...

Allah Almighty is making clear everything to be understood. If it is not understood; no wisdom. You must say something to the one you are addressing and that one must understand, men or women. They are equal only for being servants of the Lord of Heavens, never equal physically or never equal mindly, never going to be equal with their structure. One created strongly, second created gently... two different couple under the title of mankind. Some of them men, some of them women. Structure of men is different 100% from women's structure.

Audhu bi-llahi mina shaitani rajim- we are running from satanic teachings, because satanic teachings making man and woman equal. Biggest mistake, lies and cheating, and furthest from righteousness, not true to say equality for men and women. Biggest cheating, and that is main reason now that the whole world in endless unsolved difficulties, problems, troubles, sufferings, miseries, fightings. That is- to accept equality for men and women. Subhanallah, glory to Allah! Today they are saying is Women's Day. Biggest cheating from satanic people that represent satanic kingdom and support satanic kingdom on earth and they like this

standard of life to go on as now it is going. What is that Women's Day 8th of March every year? Suddenly I was looking today Turkish TV, making so many big lies and cheatings for women and saying: Oh, women! And so many women showing themselves, saying: 'Yes, we are like men, equality'. Those are no mind people and another group of men stir it up. Suddenly coming (to me) this channel from heavenly channel to make them down! But cheated people never take any good thought about their positions; women so quickly cheated and men who say 'Equality of women' are first class shaitan's representatives, and all of them just graduated from satanic academy as 'Doctors'. How it can be (equality)? Never thinking! They say equal, men and women, but never going to be a right statement. Say all are men or all are women, only one kind of creature then, men or women! No need to be a difference between men and women if they are equal. Put them together and make one creature and finished!

There is a knowledge, some statement about shaitan and the way of his generation (how it is coming): One side of satan represents men's side, second leg represents women's personality, and same time, in himself, coming together and coming shaitans. That is humiliation (for him). That is for satan to make that lowest way for generation. It is worst way that never happened through any (other) creature. Every creation have male and female, but the Lord of Heavens making Shaitan the lowest of all creatures, because that one was first coming disobedient to His Creator, the Lord. That is a very bad punishment: his generation coming through himself. One leg male, another leg female, and bringing... And when he is bringing (his generation) it is not so easy, but so painful to come new generation from him. Everything in creation has male and female except Shaitan. Therefore Shaitan is the most dangerous enemy for mankind. Every time he brings new generation through himself growing up much more revenge and hatred against mankind, that this humiliation because of mankind coming to him.

But Allah Almighty giving honour to mankind and making male and female, two figures- never same. If man to man, no attraction, only may be those wrong ones that have been thrown away from society. Society never accepting this, but through the signs of Last Days just all Prophets and same time the Seal of Prophets Sayiddina Muhammad sws was warning his nation that: When Last Days approaching it is going to be so many homosexual people going to appear through mankind. And it is very wrong and carrying heavenly Anger on earth. A perfect man never accepting such a wrong way. That is imperfection and it is forbidden through all heavenly books, heavenly orders, but now so running through nations, through people. They are

not throwing away such people that Allah Almighty never accepting them to be alive also. All heavenly orders ordering to be taken away that.

This is a sign of the Last Days that the Seal of Prophets sws was informing and warning his nation: When Last Days approaching, men going to be satisfied with men and women by women and it is so wrong. Man is created for woman and woman created for man, not woman for woman and man for man. Very wrong! But never any government taking care and they say: 'This is democracy, people may do as they like. They may do everything as they like, may enjoy themselves, we don't accept wrong way or right way, we accept that freedom for mankind is unlimited. A person is free; man free to be with men or women free to be with women.' And that carrying heavenly Anger to reach earth and Allah Almighty asking to burn them.

Once Jesus Christ through his travellings he saw fire in a silent place. Approaching, looking and seeing two persons: one burning second one and going to be ashes, then that ashes coming as a man and burning the first one and that one going to be ashes, and in such a way (continuing). And he was surprised, asking his Lord: 'What is the meaning (of this)? I never understand.' The divine addressing was coming from Heavens: 'O Jesus, they are two people that their works are of the nation of Lot. They are two men, making this and therefore their punishment is this. Up to the Day of Resurrection they should be punished in such a way.' Now they never tell such things in Churches or Synagogues or Muslim Ulema. Finished! And today, Subhanallah, Allah Almighty through His heavenly Mercy sending us this. This is a statement for all mankind. They are asking: 'For what war?' And I am saying: 'Without a reason war not coming. Their sins carry fire on them'. That is the reason and never going to give them any benefit even millions of people if running in streets that their minds wrong, their actions and movements are wrong, their ideas and thoughts are wrong. That war can't be taken away. That fireflood coming on earth to burn it. It is going to be burnt, finished! Ata amrullah... the heavenly command just arrived; it is impossible to be taken away. Don't think it is Iraq crises, no! It is something nonsense, but behind that veil something else that carries fire on earth to make it clean. Ya Allah! We are running to You from Shaitan and his bad, worst teaching! Protect us, put us under Your shelter.

Just East and West, North and South, everywhere advertising satanic advertisement, every wrong thing, and from biggest satanic advertisement is today's 'Day of Women'. Saying this and cheating women, making them down; not giving to them honour, but taking their honour. And I saw on that stage (on TV) some women

being granted some cups, awards, either copper or silver or sometimes some gold on it, because of their good manners, ideas or service. Four or five women on stage granted and in front of them hundreds of women looking to them... Nonsense reached its limits from satanic teachings, and I am asking forgiveness from Allah Almighty that we do nothing. We can't stop it, but we only say:

'O our Lord, we are not accepting their wrong ideas, satanic teachings and representatives. Please don't write our name with those people. We are with Your Prophets, with Your good servants, even we are not good servants ourselves, but we like to be with them. Their love is through our heart. Keep us from a bad end, destination, and keep us on the way of Paradise, not to fall into the ways of Hells that are everywhere advertised.'

May Allah through His divine Mercy accept and send us from His lions to save His weak servants from the hands of shaitans and their representatives, wolves, for the honour of the most honoured servant in the divine Presence Sayiddina Muhammad salallahu alayhi wa sallim. Fatiha.

## Every hour must be loaded with something

Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

It is important for everyone to look with which importance he is doing every day. It is 24 hours, a day. 24 hours, every hour must be loaded with something, as a wardrobe (that has) 24 drawers, according to our traditional knowledge that we are believing in it and depending on.

We are not depending on other knowledge, because other knowledge is mind productions. Mind productions (are) going to be so many different kinds, perhaps everyone’s mind production (is) going to be different from others. Therefore you can’t be able to trust on individual mind production, because they are not using a balance. No balance, that is just prepared for balancing every mind production as well as physical activities, something that man may think on or try to bring from himself and most people are so proud ones, they are saying: “My idea, my opinion, or my sight it is (the) best one and (there is) no need to use balance, no!” That is the pride of mankind that Shaitan (is) injecting to them to be proud. Shaitans injection. Shaitan mostly (is) running after mankind to make them proud ones and (he is) injecting to them pride.

Therefore everyone (is) sitting in a meeting, through people, through university, academy or everywhere and

they are saying: “My opinion, my theory is the best and I am not accepting others, I am following myself.” But not using a balance, because he is so proud to say: “Who is going to control or look after my mind production, who can do this! All of them their level is under my level. I am top level!” He is so foolish one that through that claming he means to say that: “Over my level (there is) no level, (the) last level is for me. Last level. Over my level (there) can’t be another level. I am the limit of people’s levels, no one can reach that.” Coming and finding this ceiling and saying: “Beyond this finished, I am the last one.” Therefore he is not asking to make a check-up with any other ones understanding level, saying: “No. I am that last one and finishing (there on my level).” That Shaitan (is) making people to think everyone an independent idea and then to come and fight each other and remaining only ashes, burning their ideas by themselves and remaining only ashes. Ashes giving nothing, but it is suitable for Shaitan, satanic teaching that to be proud. May Allah forgive us!

We were saying (about) mind productions. How many billions of people (are) living on earth, but they have no balance or they are not accepting a balance and billions of peoples’ ideas and theories and understanding is coming and pouring in the same place and beginning to fight each other and no any balance for all ones to give them (a measure for) what is right, what is wrong. And that is the trouble that people now are falling on it; they are asking to fulfil that pride through themselves and they are bringing so many kinds of ranks about themselves, saying: “This is assistant, that is assistant professor, that is professor, that is international professor”... (all of this is only) to fulfil themselves. But they are not accepting a control on their limits of understanding, and if (there is) no control, all of them (are) going to be wrong!

(The) main balance- therefore we are saying- (is coming through) traditional knowledge. I am not trusting their knowledge that they say: “Positive knowledge and technology”; I am not trusting on it or taking any care for that knowledge, no, I am trusting (in the) Heavenly Balance: Heavenly Knowledge (is) balancing your knowledge, your mind productions. Every day TV (is) giving for watches (a) time balance, correcting. Looking and correcting. Every day daily you are in need a correction- what about your knowledge, what do you think? You are using same materials, everyone’s capital (is) from (the) same material, everyone is using (the) same diversion and (the) same methods, so how you are coming to refuse one another one to say: “That is better, that is true”? If you are saying: “That is true”, one billion people (are) saying: “Why? What about ourselves?”

Therefore one balance that every believer must believe and must follow (that) balance (is): “Wa wa’ada al mizan”, the Lord of Heavens (is) saying: “I am putting balance, oh people, you can’t put balance on your

knowledge, on your actings or activities or on your lives, you can't bring a balance. I am bringing, just I put it. If you are happy to keep My Balance, you should be really happy. If not, you can't reach any good end, full pleasure or a full honoured final. You can't reach. You must use My Balance."

What about our people now? What we are saying is real reality and truth. Take truth from true ones! Whom they are? Whom they are using Heavenly Balance, they are true only. Other people (are the) slaves of their ego and slaves and servants of Shaitan. Therefore people finished.

We are saying according to Heavenly Knowledge. You ever hear this through TV, through broadcasting, from government people? You can hear such things (that they say): "According to our Lords Balance that is mentioned through traditional knowledge"? And Shaitan (is) cheating people and making them to throw (Heavenly Knowledge) away, not to put (it) in their teaching centers, not to put in it traditional knowledge, they are saying: "No value. Value what we are putting." Eh- what you are putting! And we were on that point: People are proud ones. Proud ones with which (thing)? With nothing!

And today is a new day and it has 24 hours. That is what we are coming on it from traditional Heavenly Knowledge. That these foolish people, drunk people, no mind people, never understanding people, square head people, the members of animal world people, are not understanding, they are not accepting what we are saying- traditional knowledge. "No", they are saying, "We are not accepting." "Bring what you are bringing from truth, from reality for this planet and through this space. Bring us a solid knowledge, unchangeable knowledge, bring and teach us!" No...

Traditional knowledge (is) saying that every day has 24 hours and every hour is like a wardrobes drawer. We have been offered to put something; not to leave that drawers empty, (but) to put in it something. Believers are trying to put through their drawers some precious jewels, (they are) trying to fill it, because (according to) traditional knowledge that (is) reaching to mankind through Prophets- heavenly chosen ones- they are saying that: "Coming once again every day on the Day of Resurrection for everyone- everyone's wardrobe and drawers through all his life." And what they put in it? (The) first hour of your whole life, of your life's days (is) in one drawer going. You are going to look what is in it, what you put in it. You are not seeing now, it is going to appear to you (on) the Day of Resurrection and you are looking.

People are going to be repented. For what? Because some people (are) leaving (their) drawers empty.

Someones (are) filling it with dirtiness, someone (are) filling it with scorpions or snakes, some people (are) filling it with straw, some of them (with) no value things, some of them (are) filling it with stones, but not precious stones. Some of them (are) filling with precious stones... People (are) looking and saying: “Oh! What we were saving? What we were putting on our days and hours through our life?” They should be there repented, but they lost their chance, because it was biggest grant that the Lord of Heavens who created man to be His deputies on this planet just granted to them such precious jewels that (He) never granted to others, (not) even (to) Angels.

And you should say: “Ohhh- what we shall do now?” You were not using divinely Balance, oh man, you were not using (the) heavenly balance.” To look (the) measure of some golden- you are going to jeweller to understand its value. Some (are) 4, some (are) 24... You never used that balance, now (you are) saying: “Why, what happened to me?”

Your foolishness (is) making you to be in (the) divine Presence in such a shame, to be ashamed. (When) Allah Almighty (is) asking: “Oh my servant, that is your collection! You like it? Look what you collected through your life. Look now. If you like, I like it. If you say: “No”, I am never happy with this” - what you are going to answer? Dunya, Dunya, Dunya, to save Dunya, running after Dunya through our mind productions we are running after it, but finally it is nothing, going to be blame for (the) owner of that wardrobe and (its) drawers.

Oh people, don’t forget to use (the) Heavenly Balance. Don’t say like those foolish people that: “We have only balance according to our mindly productions and we are not in need (of) another balance (like the one) that you are believing.” Don’t be from those foolish people, they are drunk ones, they are on (the) wrong way, (they are) mistaken ones.

That is... people running. whole life of people- look what (they are) gaining, to where they are reaching. I was asking someone- now so many people (are) coming and complaining, I am asking: “Where is your husband?” And she is answering: “Working.” “Working? Long time I am not seeing him.” “Yes”, she is saying, “he is working.” “Even I don’t think I met him since years.” And he lives really ¼ hour from our place, but I am not seeing him. But she is repeating, saying: “Working.” “Good. I think he is so hard working one, he bought half of your village?” And she is saying: “We have more and more debts on ourselves. Not taking, but we are falling under huge debts, banks are asking to take everything from us, therefore we are trying so hard to cover

or debts and to be free from debts. Therefore we are working." "You are working for your ego, for Shaitan, and Shaitan (is) making you under such heavy burden. If you are going to work for your Lord, He never makes you under heavy burden, (He is) taking from you every burden, (and) you should be so light, like Angels."

People (are) cheated. What is reason? Because they are not using their mind, they are not using their willpower and mind to change their ways from mistaken to true direction, to be happy here and Hereafter. They are not asking. They are doing, as they like, never interesting (in) what the Lord of Heavens sending to us, (a) balance for every movement, for every activity that we are in and people are going to be punished, beginning from here up to (the) Day of Resurrection.

May Allah make us to awake and to understand and to follow (the) steps of (the) servants of (the) Lord. If you are not stepping on their steps, you are loosing and you are running to Hells.
May Allah forgive me and bless you, for the honour of the most honoured one in His divine Presence, S. Muhammad sws, Fatiha... La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim!

## Every Mu'min must try to destroy Kufr

Audhu bilahi minesh shaitana rajim...Bismillahi Rahmani Rahim....I will destroy Kufr! One of the 54 Fard is that every Mu'min must try to destroy Kufr on the surface of the earth, to make it clean. Everyone's intention must be that, with the holy ones' blessings, holy ones' intention. Therefore every time we repeat: 'Meded, ya Sayidi'. Every holy one is or was an enemy of Shaitan, because Awliya, saints, are friends of Allah and enemies of Shaitan.

And we say: 'Audhu bi-llahu mina shaitani rajim', which means: 'We run to You, o our Lord from Shaitan and his friends; Audhu bi-llahi min Iblis wa junudih', 'we are asking protection from Allah against Iblis and his soldiers'. Iblis is Shaitan, and there is no hope that blessings from Allah Almighty will reach to him, because the position that he is in prevents that. Until he moves from that point, blessings will never come, but cursing. Yet he is insisting to be there and he says to Allah: 'You are wrong, I am right.'

Even in the hereafter. Allah is sending him to Hells, and every 5o.ooo years He is ordering the angels to take him out of the fire and to bring him to the entrance of Paradise. They bring him, and Allah is ordering the angels to address him, because He is never addressing Shaitan after he did that bad behaviour. Shaitan did his worst in the divine Presence, accusing Allah. Therefore Allah never speaks to him. He orders the angels to bring Adam a.s. in front of Him to the entrance of Paradise, and on behalf of Allah they say: 'O Iblis, make

Sajdah to Adam and enter Paradise.' But he says the same worst words: 'I am never going to make Sajdah to that one, no.' That means: I am right, and who is ordering me, is wrong. And he is taken away to Hell once again, once again he goes into the fire.

Stubbornness is one of the worst characteristics of the nafs, of the ego. To be stubborn, to be proud, to be angry and to be envious, are the four characteristics that prevent a person to enter Paradise. Even with only one of these four characteristics, which are from Shaitan, a person represents Shaitan, and he is from the people of Shaitan. Anger, envy, pride and stubbornness are four characteristics that belong to Shaitan and to the nafs. Who has them, never enters Paradise. Envious people can't enter Paradise. Proud people can't enter Paradise. Stubborn people can't enter Paradise. Angry people can't enter Paradise. These dirtiest characteristics of Shaitan come on man and they are the characteristics of man's ego.

Therefore it is important for a Muslim to try a treatment for himself to save himself from these four bad characteristics. Even one of them prevents a person to come into Paradise; it must be taken from him. He may do this by himself? No one can, even a doctor can't treat himself, but he is calling another doctor saying: 'I can't treat myself.' Don't think that a person may read books and may be able to treat or cure himself; it is impossible. There must be someone, a doctor, to make that one to be clean, to be treated and cured, to be healthy. People run to doctors for a check-up. Useless! Big queue in Harley Street in London. 'Why you come?' 'I am coming for check-up, because the doctor says that I must come yearly for check-up.' The doctors there are milking those people once a year, fill their bags and say: 'Go and come back after one year.'

If you are not curing yourself, you should be cured before you die, or through your grave, or on Yaum-ul-Mahscher; if it is not enough, through the fire of Hells. You must be cleaned, and then you enter Paradise. Therefore Allah says in the Holy Quran: '...qad aflaha man tazakka, fa dhakkir ismi rabbihi fa salla', and that cleanliness is for our egos. Allah is saying that cleaning the nafs is an obligation, Fard, one of the 54 Fard. You must try to be clean from these four satanic characteristics, and from them come so many branches, harming you and other people, destroying your faith, iman, as well as Islam.

Shaitan through these four characteristics was proud, very bad tempered, and that means, never getting into Paradise. And if the smallest amount, what we call dharra, of pride remains with a person, he can't enter, this dharra prevents him. It must be taken from him, and then he may enter Paradise. Allah Almighty is saying

that every bad characteristic that belongs to Shaitan and the ego is taken from Paradise people, and then they come in.

And these four characteristics stand on hubb-ul-dunya; they are fed through the love of Dunya. Who is giving himself to Dunya or making it his last target, last aim, these four bad characteristics never leave him; they must be with him. Who likes Dunya, must be through him stubbornness, pride, envy and anger.

The whole world is in it now, because mankind has nothing in its sight and no aim, except the material world. People ask to reach material aims; they have no aims beyond that Dunya. The last point of mankind now is Dunya, and therefore they have these four bad characteristics. Most people are ill, sick with such bad characteristics- the whole world. You may find through 100.000 people one person, or through 1 billion people 3 or 4 persons who are not ill, but the majority of people, 100% or 99%, has as their last aim Dunya, nothing beyond that. They should be very happy here... Imagine a group of people all asking to reach the same- how you can find among them harmony for a good life, love, respect, kindness, humbleness? Finished. Therefore the whole world is now in chaos for the sake of Dunya. Like ten dogs that find a bone and all jump on it. The one who can catch it, the others will bite it to take that bone from its mouth.

Individually people are in such a position now, common people, nations, governments through themselves and outside, men, women, youngsters, old people- all run after Dunya like these 22 people in sport that run after the football who is going to reach it. All may fall and finish and that football is still there, asking: ‘Anyone else coming?’ Making check-up: these 22 passed away, but yet the ball is ready, asking for more foolish ones to come and kick it. They make its out looking like a globe, like our Dunya- everyone kicking it. Everyone is coming and saying: ’O Sheikh, economical crisis.’ Ya Hu- everyone is kicking Dunya like a football; how there can be a good position for economy?

Therefore the prophets first of all were teaching about the real position of Dunya, and they were talking about Akhirat, next life, taking care to make man to be satisfied through his knowledge about Dunya. When man understands, then his heart is going to be in satisfaction. What is making that satisfaction? Dhikrullah. Who is occupied with Dunya, forgets Allah and Dhikrullah, and no way for him to be saved. But if anyone makes the remembrance of Allah, Dhikrullah, then he may see what is Dunya and what should be its result and he should find satisfaction through himself and say: ’Even if I should reach to the whole world and its treasures,

finally, at the end, I am going to leave, and there is no satisfaction from it. Therefore I must be with someone that is never going to leave me. I must try to be for Him, Who is for me, and Who ordered me to be for Him.' They are so few people. The majority of people in our days are with Dunya; they have no ideas beyond Dunya, and the pressure of the material life and its heaviness is coming on them day by day more and more, until they are going to be like paper under it.

We said to escape from our egos to Allah, and to try to be for Allah. Who is going to be with Allah, reaches his never-ending purpose, never-ending happiness, eternal life, eternal pleasures and enjoyment through eternal beauty oceans, eternal wisdom oceans, eternal perfection oceans- oceans of oceans that belong to Allah Almighty's divine Attributes. Ma sha Allah!
May Allah open our hearts for an understanding. People now are in need of a new understanding. The old understanding just finished, it must be taken away. Therefore Mehdi a.s. is coming and he brings a new understanding, so that everyone should be happy with the holy Quran. There should be a divine feast through East and West, North and South! Every nation and everyone should find what he was asking, and he should say: 'Ohh, that was my last wish and target, thanks to the Lord of Heavens, just He granted to me.' When Mehdi comes, no one is going to complain, but everyone is going to say: 'I reached what I was asking to reach.'

Allah, Allah...Allah, Allah...Allah, Allah...Aziz Allah,
Allah, Allah...Allah, Allah...Allah, Allah...Karim Allah,
Allah, Allah...Allah, Allah...Allah, Allah...Subhan Allah,
Allah, Allah...Allah, Allah...Allah, Allah...Sultan Allah!

# EVERY NEWS IS IN THE QURAN

From beginning of time until now so many prophets arrived with Heavenly Messages where it was mentioned that the life on this planet would reach an end. It will not continue for ever. It is in limits and every day we get closer to that end. The Last Day will come. Just like there was a first day, there must be a last day. It is mentioned in all the Holy Books and by all the prophets.

It is also mentioned that the people living in those last days will be darker and more difficult and more oppressing and full of cruelty. There will be big events which will harm people and give them even more sufferings. This will increase. You will find that yesterday was better than today and that today is better than tomorrow. You will find that last year was better than this year and you will see that this year is better than next year. That is why you should not be hopeful concerning the general situation in this world and think that it will be better tomorrow.

All prophets warned their nations about these coming days and events. The last Prophet, Sayidina Muhammad, may peace be with him, completed all these news. In our traditional books we can find day by day what is coming. Allah Almighty sent his Last Message through the Holy Quran. People sometimes ask what is in it. What does it include? There is a very short hadith which tells us about this: 'Oh, living-ones, every news and information which has happened since the very beginning of creation right until today, can be

found in it, it includes everything about everything and everyone.' Even this meeting which we are holding here, is mentioned in it.

One day Grandsheik was entering a big mosque in Damascus and he saw some scholars sitting there. They had spread out a big newspaper and told him that they were looking for news. "Don't you read the Quran?" Grandsheik asked them. "If you want to know any Heavenly News, read the Quran! Even if you want to know news about the future, you will find it there in detail."

Some people are as stubborn as goats. I am telling them, "There were millions of books in your museums and you were protecting them so carefully. Where did all that knowledge come from which was written in handwriting? Were they written before the Holy Quran? Were they written before the Prophet Muhammad? Where did the people take that knowledge from?

So when we even say that daily events are written in the Holy Quran, don't object. You would just prove that you are a goat-head!

We have been informed through the Holy Quran which the Prophet commented during 23 years. Maybe there are around 23 or 25 million hadith. Prophet did not have a zip to close his mouth. No! He wasn't like a tap which only gives when you open it. He was like a river, running. And people were taking. So if I say there are 25 million hadith, then don't tell me that it is too much. It could even be 50 million! Just think of how many hadith there were within 24 hours. He was giving commentaries to the Holy Quran. Don't say that when you look at it you don't see it like that, because you are blind, or short-sighted. Prophet Muhammad, may peace be upon him, looked and saw. If the Prophet had been like you, what had been his prophecy? If he couldn't see that which we cannot see, and if he doesn't hear that which we cannot hear, and if he cannot do what we cannot do, then he would have been an ordinary person. Prophets are not ordinary people, Wahabis say that they are. When the revelations came, his level changed and he reached Divine Presence. No-one can reach that level. Don't ever compare your level to the level of the Prophet.

Today is better than tomorrow and yesterday was better than today. Last year was better than this year and this year is better than next year. That is the information which we received from the Prophet. More and more difficulties are coming every day until the Lord of Heavens Allah Almighty will send what He promised

to His Beloved and Praised Servant to save humanity. He is sending a saviour to humanity. Until he arrives every day will be worse and worse and worse. "Beware of satan!" the Prophet is warning his nation, and all of mankind is his nation. Some of them are accepting him and some of them are disobedient. But one day they will realise that he is the Last Prophet and that he is the Saviour and that all the saviours are under his wings. No-one can be a saviour without him. If people cannot accept this today, then they will tomorrow. If they cannot accept it here, they will accept it in the hereafter. They will accept it on the Day of Resurrection. People will run from one prophet to the next until they reach Prophet Muhammad and they will realise that he is the saviour. Jesus Christ will also send his people to Muhammad and tell them that he is the saviour, he is the praised-one. All prophets will be on their knees trembling for fear of God. Only Muhammad will be standing up in the Divine Presence. May Allah forgive us... Oh, Allah, send us the Sultan of Islam, the Sultan of the world to be with us. Send the Sultan with the Heavenly Sword!

## Everyone Has a Star

(Mawlana Shaykh stands)

Dastoor ya Sayyidee, madad.

Allahu akbar, Allahu akbar. Allahu akbar, la ilaha illa-Llah, Sayyidina Muhammadun Rasul Allah, radeena billahi rabban wa bi 'l-islami deenan wa bi Sayyidina Muhammad rasoolan wa nabiyyan, wa bi 'l-Qurani kitaban. Allahumma thabitna `ala 'l-haqq. O our Lord, Lord of Heavens, grant us from Your endless Mercy Oceans!

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem, wa laa hawla wa laa quwatta illa billahi 'l-`Aliyyi'l-`Adheem. Al-`azhaamatu lillah, al-`izzatu lillah. All praising and all glorifying is only for the Lord of Heavens!

(Mawlana Shaykh sits)

All of us are on the level of servanthood. We must know this; we must try to keep advices of heavenly messengers. If we are not following a guide, we may be just like a person found through a huge desert. If he is not asking for a guide he may lose everything, every chance for his life and he can't be able to reach his last

talab, request. He is going to disappear; he is going to die and to be dust. Wild animals may run on him, eating his flesh. If being buried and not knowing about himself, he is going to be eaten; he is going to be a carcass.

As-salamu `alaykum, our happy listeners! I am trying to see you, if I can be able to be with you. It is not possible now but some people, they have radars and they may see from far distances. Not everyone has a radar. I wish to have such a radar, yes. We can find it, but who is going to work on it? Who is going to use it? Therefore I am asking madad ya Saahib al-Waqt, O Master for this time on Earth, I am calling to you because you are the holiest in this world now and you can reach to heavens through your heavenly power. You are not cut off from the heavens. Whoever is cut off from heavens has no value. If a person is not reaching a station through heavens, then it means that he is a carcass.

He who may reach that point should be in a strong stage, able to stand on it. Therefore, I am asking from the master of this world now. If you are not knowing, learn! If you are not hearing, hear! Don't think that you can know everything through east and west, particularly if you are claiming that, "I may reach anywhere or everywhere with my phones."

(Mawlana mimics phone conversation)
"O sir, who is speaking"?
"Finance minister of WC on Earth." When he is speaking with that one, coming another call:
"Yes sir, what about. Ah-aha. You don't know me? You know me."
"How I can know, you are not in front of me?
"I am that one who is knowing you well from childhood. Ah, ha, ha, put that down. Yes sir, I am speaking to you from Far East, the prime minister of Korea, very proud president or chief minister, prime minister. Yes I am reaching east and west."
"No, it is not reaching. That everyone may do."
"We are asking who may reach to heavens, but we are never understanding about heavens."

You are so ignorant one when you are saying this, because you are not looking around yourself what happening here and there. You are using only your physical capacity. Through your physical will, you may reach only a distance of ants. But this space is so big. Look up, time after time, and you can find something

that you never thinking on it. You can find what you are asking through holy books and that one who is master of this world must open your heart and make your radar to work."

Prophets would sit with their companions and sometimes their out-looking (appearance) just changed. They are leaving that community and coming through himself (a heavenly manifestation), because it is at this time that he is in heavenly connection, then he may speak to you. They have a chief radar for the whole world and they may grant it every time for the master of this world, the pole. "Pole," not "pope." Star of the pole (polestar). Do you think anytime that there is star of pope? (laughter) No. But I may relate a tale that they are giving me through my radar and from that we must believe. We must believe that for everyone there is a star appearing through space, when that one is born. That is mentioned through the Old Testament, New Testament and in the Holy Qur'an. For everyone there is a star until that person leaves this life. That star is shining and when it is disappearing the person takes his last breathing, finished. For everyone there is a star. Don't say that is below everything and we are not finding. No, I am reminding you, O learned ones, chief rabbi, and the chief of Christianity, all holy ones living on Earth. The Lord of Heavens sent all the prophets as messengers to warn his servants and the last was Sayyidina Muhammad (s). He was the last Warner, who said that Judgment Day was approaching and that they should take care.

Accepting the reality of truth is only for truthful ones and most people are running away from the truth. Being truthful is the highest rank for Mankind! A very few people are coming to accept the heavenly revolution. It is important. As we said for everyone there is a star appearing for everyone who is born. O People, the Last Days are approaching! Everyone's star one day is going to finish! Take care of the one who has got the position to be the representative of the Seal of Prophets (s)!

Firaun’s, Nimrod’s and their followers were not accepting heavenly knowledge. They were saying, "We are lords on Earth and we are not accepting any other over our power." The Lord of Heavens drowned Pharaoh under the Red Sea. The second one who was claiming to be the Lord of the whole world, Nimrod, was killed by a mosquito. One mosquito killed Nimrod and his armies. Whoever says that he is powerful and he is your god, Allah is making them razeel, not only down, but worse--finished. Abraha and his army came to destroy the House of the Lord in Mecca al-Mukarramah. They were destroyed through a community of birds throwing on them very small stones, making them to explode and finishing.

O People! Take care on this point. Anything that has a beginning through Creation is going to end; it has a beginning and ending. Now this world and Mankind, for a time they should be here. Then they should be taken away because for every beginning there is an ending. That is an unchangeable rule. People believing, a whole billion people saying that the first man was Adam (a) and the first glorifying as a prophecy, that crown was put on Adam, peace be upon him. What did Adam (a) say for the Last One? All people saying that the first prophet was the first man, okay. Now we are asking, do you think that the last one was not mentioned through your holy books? I am asking the chief rabbi, I am asking His Holiness, the Pope. Everyone who claims, "We are religious leaders, we know more than others," I say to them that it is mentioned through holy books that when someone is born, his star must appear and when he passes away that star passes away also.

It is written and mentioned through the history of religions, that Sayyidina Ibrahim (a) was not the Last One. Sayyidina Ishaq (a), Isma`eel (a), and other prophets were not the last ones. Hundreds and thousands of prophets came from the line of Sayyidina Ishaq (a) and Sayyidina Yaqoob (a) The Bani Isra`eel were granted the Old Testament and the New Testament through Jesus, Sayyidina `Isa (a). Perhaps they never heard what I am saying now, but it needs to be said. It is a very strong base from which I am speaking; it was just mentioned that the Bani Isra`eel were knowing the Last One is going to come, to be sent from Arabia. Where was the House of the Lord that Sayyidina `Ibrahim (a) built? They know this, yes, and they were knowing also that the Seal of Prophets (s) must come from Arabia. Okay. Therefore they were migrating to the Khaybar and other places, but mostly they were in Madinat al-Munawwarah, `ala saakiniha afdal as-salaat wa 't-tasleem (upon its special inhabitant the best of praises and greetings of peace). If you are saying something you must say, "Give your proof, bi 'l-`arabi haatoo burhaanakum." Yes they were there, but for what? It was even mentioned that the Seal of Prophets (s) would come to Arabia and he should be from the Children of Isma`eel (a), but they were hoping that he may be with them, from the people living in Arabia, particularly the Jewish brothers. They were making centers there and were looking to see what was happening, searching.

On the night of the birth of Sayyidina Muhammad (s), a Jewish rabbi came running and was (happily) shouting, "O people of Madinah! The star of Muhammad has just appeared, it is just rising! Mujla. Good tidings for you! The star of the Seal of Prophets, Ahmad, has just appeared," and until morning he was running around the streets of Madinat al-Munawwarah. Anyone denying this? Wahabi people not knowing,

Salafi people not knowing, Egyptian `ulama not knowing. Why are they not saying that for everyone there is star that must rise, and when his life is finishing that star must set? Therefore, we are saying now what they are making me say, that there are stars for everyone! There is a star appearing for everyone and as a proof we are saying that Jewish rabbi running around Madinat al-Munawwarah, who said, "Tonight the star of the Seal of Prophets has just appeared." You must believe this, Children of Adam! You must believe this!

I am nothing. Even though I am nothing, through their powers, something. Who is going to refuse what they are saying? O my Christian and Jewish brothers, His Holiness, the Pope, and the Chief Rabbi, you must look to your books. What do you think? New gold and old gold. People running to the old one or to the new one? No-mind people are not understanding, saying, "Old books, you cannot reach it." What you are writing is muharrak, and giving meanings according to your hawa so many things.

O People! We are warning. I am under the Warner of Mankind! I am a very small servant and they are making me to speak and to address all people, who may understand. If they are not understanding they should run through sewage channels to Shaytan!

May Allah (swt) forgive us for the honor of the most honored one. Fatihah.

(46 minutes Sayyidee) SubhanAllah.

(Mawlana sings)

Dome, dome, dome, dome 8x

As-salamu `alaykum! (mu`azzam muhtasham!) Allahu akbar.

## I am seeing that who is present here are all coming from abroad

Astaghfirullah...Audhu bi-llahi mina shaitani rajim...Bismillahi-r-Rahmani-r-Rahim...Destur, ya Saiydi...I am seeing that who is present here are all coming from abroad. I never see anyone from this country, no one from our country, because our people are very busy; but like some kind of bee that never makes honey, only gives harm to people...

You are free to sit with me and to hear, and who is listening may reach some benefit. Who is only hearing, doesn't reach a perfect benefit, but to be in such a meeting even for ½ hour or one hour gives people honour, refreshment, hope, strength and enlightenment. No one sits in such a meeting and gets out without anything. This is a humble place; I don't think you may find such a humble place in East and West. Mostly people claim something, and to claim something means, they are feeding their ego; they are not doing for Allah. And that point is very important.

You may find perhaps one hundred centres, institutes, temples or even universities, but their directors, who make advertisement and call people to come to them, claim something. Who is claiming to be something, that claim is from the ego. This is the first illness that poisons people and makes them ill. Often I am hearing or it is written in the newspaper, that people go to the hospital and the doctor orders blood. Then they give that blood to the person with an injection, which is not clean, or something is wrong with that blood, and that

makes the person to be more ill, perhaps to die, because it is something unseen, and that makes the person to be more ill and to die.

What we say now is even more difficult and more dangerous. Everyone who makes advertisement, must be something that he claims: 'We are such and such people, we train people, we treat people, we teach people. And for our treatment we make a seminar. Three days= 3oo Dollars, everything in it. One week seminar= 1000 Dollars. One month 5ooo Dollars. If you like to be there more, to learn and to enjoy yourself physically, practising men and women practising= 1o.ooo Dollars... Okay.' So many. No control on them. They are under satanic control only, not heavenly control. There is nothing from spirituality, finished.

Therefore we are thankful to Allah Almighty; this is an unknown country here and our place is like a stable. And I am looking after some people. Every day there are so many people that come for the first time and I am surprising: 'How they are coming, and I am not writing'? Sometimes letters come to me, but I put it under the pillow. After one year I am looking: 'Ohh, this is from one year ago.' As a summary: We are not making any advertisement, but that means that from the spiritual headquarters they sent something to their hearts to move and to come here. And I am only a servant, a simple servant that can't claim anything. And what is a servant going to claim? Nothing.

Whom they send to me, I am welcoming. Welcome to you! They leave their work, their country and homeland and homes and come here to be given something. They are coming through a pure inspiration. This person here is chief engineer from Egypt. I send him away from the door and he comes through the window; sending from the window and he comes through the chimney. He is famous architect, first class; sitting here and his spirituality is happy to be here instead to run after this life's and material world's pleasures. He is not asking. He has a big office and under him were one hundred architects and engineers, but he left everything and came and now Egypt people say that he became a foolish one, madjnun, changing his mind, that he is now abnormal. But he says: 'It is my pleasure and also my honour to be here with these poor people.'

Not poor for money; everyone has what is necessary for him, but poor means that they feel that everything beyond their material never belongs to them. That is the meaning of being poor: If you sit on a peak of gold and you know that it is not belonging to you. Although they say this peak of gold belongs to you, you really know that it can't be for you, no, because it can't join to you. And you know: 'Everything that is for me is only

what I am carrying with me. Beyond my physical body it is not for me, even it is written on my name.'

You may be Sultan of Egypt and it is written that you are the Sultan and that all Egypt belongs to you. Who may enjoy? Only who has no mind, because it is not for you; mountains, fields, gardens, farms, rivers, homes, villages and cities can't be for you, only on paper. Don't be cheated. What is for you is only what you are carrying, and it is not clothes; they are not for you also. Only this body here now, and when you pass away, after three months you cannot find this body also. Finished.

It is a big foolishness of people that their aspect is to try and reach more from the material world. Cars, palaces, furniture, jewels, gold and everything around yourself is not for you. But people are cheated.

Therefore, first of all, who is going to be guides for people, they are Prophets and Saints. And the meaning of being Wali is that you can follow him safely and your heart is in satisfaction to follow him. He is not such a person that you follow him and you have a worry (disturbance) in your heart. 1oo% your heart must be in satisfaction, then that one is a Wali, a friend of Allah, whom you can follow with an open heart. Or, if anything happens through your heart, it means something is wrong with that person, or something is wrong with you.

Therefore the Sahaba, the Companions of S.Muhammad sws, said: 'First we believed, then we followed. If we were not believing, we were not following. First we believed in the Prophet's pureness, in his honour and righteousness, then the Holy Quran was coming. If we were not believing in the Prophet, Holy Quran was not coming.'

First they believed in S.Muhammad, then the Quran came. If I am not believing, how can I follow him? Impossible. And all prophets are 100 % pure ones, and with a full trust you can follow them. When you follow them, you may reach to Allah; they are guides to Allah. And they never carry from Dunya, they never call people to Dunya, because they give people from truth, they are righteous ones. They are not betraying, never. They say: 'This is Dunya; don't think if this or that material is written on your name that it is for you, no; only what you are carrying. But after a while that also disappears. Nothing belongs to you.'

Now people, who didn't reach that real knowledge about you and about what is around you, can't be guides to Allah, because you must be taken away from this area that you are in, you must be taken out; that atmosphere

carries you with it and it has a kind of attraction, which you must cut. If you can't cut it, you cannot reach a free area for moving.

Therefore all Anbiya and Awliya try to save people from the gravity of the physical world, the material world. When they get free from it, they are going to be free; like a missile: it goes up, cuts the gravity of the earth and begins to turn. Finished; it reached the real freedom. Under that it is just caught by the gravity of earth, and it needs a big power to cut it. Therefore a missile has something to push it up; one finishes, the second one finishes, and the third one comes. This huge power must push it up. When the missile is going up you can see how big power comes down for pushing it up. Must cut it, and then that power is taken away and only the head remains; no need for any other push or pull.

Try to follow Awliya! And it is a satanic trick that is commonly spreading among believers to deny Awliya. When you deny Awliya, it means that you deny Anbiya, because all Prophets were Saints, and then they were granted prophecy, so that prophecy is standing and based on sainthood. It is the foundation of prophethood. Therefore every prophet must be saint first, then they are granted prophethood. No one can be a prophet without being Saint first. Now there is no more prophecy, but sainthood is going on; sainthood must be. Sainthood is most important, it is like the pole for a tent; if there is no pole, the tent falls down. Shaitan knows this and he fights Muslims through the Wahabis not to believe in Awliya, and they destroy their Makams. That is not respect for them. The Awliya are respected in the divine Presence; how you come and destroy their tombs? With which right, from whom that order comes to you? For 15 centuries their Makams have been protected and you come to destroy? And they are making that Wali's respect down, and then people don't follow anymore. And if no one follows Awliya, Islam cannot stand up anymore. Therefore Islam is down now. No, Islam is up, but Muslims are down, they have no power. Allah is putting on them to be disrespected and disliked people, thrown away, sweared at and cursed.

May Allah forgive me and bless you and give you good understanding, first to me and then to you. May He make His Awliyas' honour to be seen in East and West, to be granted their honours through their miraculous powers. We hope that now a miraculous period is coming and that materiality is going to finish and vanish. We are asking from Allah to make it so quick, so that we may reach that time. We are thankful to Allah Almighty who makes us to hear such realities.

## Everyone's activity must be for Allah

Ya Rasulullah, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...

By the name of Allah Almighty, All Merciful, most Beneficent and most Magnificent. By the Name of Allah and for His Glory and Honour we must try to do everything- on behalf of Him Almighty, because we are His caliphs, His deputies or the representatives of Allah. Therefore everything that you are doing must be for Him Almighty, on behalf of Him Almighty. First you must live for Him, you must do for Him, you must work for Him Almighty. Anything that you are not intending with such intention is going to be dustbin, because it is rubbish, no value. Rubbish, you are taking it out, sending it away. Everyone's effort, everyone's activity must be for Allah Almighty. If you are not looking (after) and taking care (for this point), if you are doing for yourself, you are going to be out of His divinely Rule that He is calling you to be for His service only. If you are leaving His service and running for someone else's service, that is Shirk- you are going to be Mushrik!

(The) Prophet sws was saying, making everything clear for understanding and saying: "As shirkun fi ummati akhfa min dabati naml." He was saying that Shirk, to make a partner for Allah, is so hidden and secret, that (it is) so difficult to understand. That is- what the Prophet was saying sws- that is the meaning (of Shirk): To work for yourself!

(They are) calling Adhan, calling people to their Lord's servanthood, prayer service; you are saying some people (are) never thinking on it, (they are) saying: "No time for me for servanthood, no time for me for praying." Oh! How! To whom you are working? Who is commanding you and saying this that: "I have no time for my servanthood for Allah"? "To whom you are working? Ask him!" That means: He is working or acting or doing something for himself so that he is refusing praying and refusing servanthood to Allah Almighty, and he changed his oath that the was saying (on the Day of Promises in the divinely Presence): "Oh our Lord, we are Your servants, from pre-eternal up to eternal. We are keeping Your servanthood, because You are our Lord!" He forgot this, and then coming here, saying: "No time for praying."

A day- how many hours (it has)? 24 hours. If a person (is) working, they have rules and laws that are saying: "6 hours daily or 36 hours weekly (you must work). Or: 8 hours daily and 48 hours weekly (you must work)." If you are working daily 6 hours, weekly (it is) going to be 1½ day! If you are collecting 36 hours, (it) means: 1½ day. A week- how many hours (it has)? How many days? 7 days. Take 1½ day (from it)- what (is) remaining? 5½ days! What you are doing, oh donkeys? Those people that are not knowing anything about mathematics! Weekly your work (is) only 1½ days, remaining 5½ days- what are you doing? Why you are saying: "No time for me for obedience, for servanthood (to my Lord)"?

I am speaking to those people who are only (by) name Muslim, but their activities (are) not Islamic. I am not blaming Non-Muslims, because Non-Muslims have not (been) offered divinely servanthood, because (they are) not accepting the last Messenger and the last Message- leave them! But I am speaking on these people who say: "We are Muslims" and if you ask them: "Why not praying?" they are saying: "No time." I am blaming them, because they are not ashaming to say this!

5 ½ days- how (you are) passing (them)? And if you are taking 6 hours from 24 hours, remaining 16 hours. You are working 6 hours or 8 hours (and) remaining 16 hours or 18 hours- what you are doing 16 or 18 hours? Sleeping? No! What you are doing? Wasting time! You are not working and also you are not worshipping- what you are doing 16 or 18 hours daily? If you are employed through any work, (it) may be 6 hours daily or 8 hours- remaining 16 hours or 18 hours. What you are doing?

And all prayers, if you are collecting the time of 5 times prayers, (that are each let us) say: 1 hour- it is not 1

hour, but if you say 1 hour- take 5 hours from 16 hours- remaining 11 hours! You have yet much more time! (Even) if you are giving 1 hour for each praying time, worshipping time, it is remaining also 11 hours or 13 hours. What are you doing? How you are wasting your life? And your life- the Lord of Heavens (is) asking (that) your life-tree must be fruitful, but you are making your life-tree fruitless. Why? (For example): You are planting. There are some plants that even bees (are) not coming on them, through streets the government is planting so many, because they have different coloured flowers, but it is a poisoned plant, even bees (are) not coming on their flowers to take honey. I am not speaking about other trees- every tree has some benefit, giving benefit, even pine trees- they are not like that plants and even (they are) not giving fruit, but (they are) useful, its weather (is) giving refreshment for our lungs.

Why you are making your life-tree fruitless? Why? You are wasting 24 hours, that means you are working for someone else and its main characteristic is 'atalet', laziness. Laziness is (the) most well-known or (the) main characteristic of our ego. The ego is well-known to be accused by laziness. (It is) so heavy, never asking to move. You can't move it.

Allah Almighty is giving His guarantee for our provision, but He put (as a condition) that people may run or must run to find their provision daily with so many works or jobs, different jobs.

Allah Almighty (may) give the people that are living now as He gave to (the) Children of Israel through the dessert of Mount of Sinai- daily their provision (was) coming from Heavens. Without planting, without doing any work, Allah Almighty was feeding them, giving their provision, but He just occupied them with one thing, (so) that even everything was ready- daily (their) provision (was coming) without (them) moving their hands or feet- but (they were) not sitting. (He was) not giving them a chance to sit. They were by day getting up and walking to find a way to get out from that prison that (there were) no any guardians, no mine fields, no wires- nothing, it was (an) open area. And Allah Almighty (was) saying: "I am imprisoning them in that area (for) 4o years", but, because (of) their weak belief (they were) not coming to say: "Tauba, ya Rabbi", to ask their Lord's forgiveness. They were insisting and saying: "We are not going to that country. Allah and His Prophet may go and they may open that city, taking away our enemies (and then) we are entering." For that reason Allah (was) imprisoning them 4o years and (still) daily their provision (was) coming, (they were) eating and drinking, but yet they were not happy, they were asking to move. Even their egos liked to sleep, but, as a punishment, Allah Almighty (was) making them to run daily to find a tunnel or way to get out. If not, (they)

were sleeping like this, eating and like this... sleeping.

And Allah Almighty is Guarantor for every creature that He created; He is (the) Guarantor for their provision. Even an ants provision (is) just prepared and just reached to that one. Any creature that has a mouth must eat and must glorify their Lord, only heedless mankind their mouth (is) open to eat, but never (they are) asking to glorify their Lord Allah Almighty!

Therefore, if Allah Almighty (was) leaving people not to work, sending them their provision daily through (their) homes or in front of their doors, they should be happy (with) eating and sleeping, not moving. But Allah Almighty, by His divinely Wisdom, just related works, (like) farming, trading and crafts, making them the ways to reach to their provisions. People are knowing and believing that if they are not working, their provision (is) never reaching to them. That is wrong. But (it is) as a punishment Allah (is) giving (this) to them, because they are following their egos and egos are the essence of laziness. All of them you can find- if their provision was sent down from Heavens- they should eat quickly and then... sleeping. Then, second provision coming, eating... then sleeping... never standing up to work!

If Allah Almighty (was) not making this, all people were going to eat and to sleep, not to move. That is (the) main characteristic of our egos and people therefore are saying: “Oh, I am busy, no time for me to work, no time for me for prayer, no time for me for servanthood, I am busy.” Then they should be blamed (on) the Day of Resurrection: “How? (There are) 24 hours! You were working 3,4,6,8, hours and remaining 16 or 18 hours- what you were doing (in) that time?” “We were enjoying, we were trying to enjoy ourselves, our physical being, we were following its desires and we were running for the refreshment of our physical being and to reach to our physical desires.” That means: They are working, giving their whole efforts for their provision and then, after provision that we said the hours of their work is 6 or 8 hours, (during the) other (hours) they are trying to enjoy or to make their egos to be pleased and to be in pleasure with countless dirty works that (are) making them away from their Lord. Therefore they are saying: “No time for us!” “Why?” “I am busy.” “For what?” “I am going to do this, to do that, We have such meetings, such playing and occasions to make ourselves happy and no time for me to give for Allah and for His worshipping. I am just occupied 1oo% with my ego, with my physical being’s desires. My commander is my physical being, or my commander is my ego; what my ego (is) ordering, I am trying to fulfil it and therefore (I have) no time for Allah and His divinely Service!”

When people (are) coming on that way that it is wrong way and wrong life-philosophy, their life-philosophy (is that they are) saying only: “We are trying to make our egoistic desires to fulfil and to fulfil also our physical being’s desires and enjoyments. That is all worlds inhabitants’ life-system, life-philosophy. “If we can find a time from our egoistic refreshment and enjoyments, we may give a time to our Lord’s worshipping”, and it is so difficult. And so many times we are looking some people coming to pray and praying so quickly and running away, because these people (are) just tied through their necks with a rope and that rope (is) in the hands of Shaitan. If they are coming in (the) mosque, they should be hurry as much as possible, because Shaitan (is) pulling them and saying: “Enough! I am tired outside. Come! Oh my donkey, come quickly! My legs (are) so weak and I am tired! Finish it and come out, I shall ride on you.” The throne of Shaitan where it is, you know? Here... sitting on (the) shoulders of the Children of Adam! “My best throne, I am taking my revenge from them, making them my donkeys. Sending them as I like. I am enjoying and they are suffering. Their suffering is my enjoyment!” Shaitan saying.

Therefore so many foolish ones are praying and saying: “Long Khutba, long Namaz (prayer). Ohhh... if finishing, I may go out for a cigarette...” Incense...”Oh my donkey”, saying his Shaitan, I am here fed up and tired. I was looking after you. Quickly take a cigarette, put in your mouth that its smoke (is) making my head so pleased...Quickly!” Therefore so many smoking people are very angry if (the) Imam (is) reciting long Sura or making a little bit long Khutba. Therefore order (is) coming from up to Imam: “Don’t do long Khutba!” That means: they are under (the) control of Shaitan also. It is not for them to order Khatib, who (is) addressing and advising people (to say): “Make it short.” No! No any one has such (an) authority to say: “Imam, make short your prayer, make short your speech.” No! But Shaitan (is) making (the) head ones also to be under his control, and they are saying: “Yes, we are sending to you a page, half of (a) page. If you are happy to read all of it, it is okay. If you are asking to read (for) Khutba half of that, it is better. If you are making from it ¼, very good, very happy, you are first class Imam and Khatib!”

Everywhere you may see people hearing and obeying satanic representatives, whom they are making people to run away from their Lord, to run away from Paradise and to fall into (the) sufferings of Hells.

May Allah forgive us and send us someone to take away satanic people, satanic works, to be people in health and wealth! For the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

## Every problem, every trouble (is) making Shaitan happy

Destur ya Sayyidi, Meded, Meded ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...By the Name of Allah Almighty, most Merciful, most Beneficent and most Magnificent.

Every problem, every trouble (is) making Shaitan happy. His first aim or his main target is not to be Children of Adam happy, either here or Hereafter. He is thinking nothing else. He was (the) first troublemaker. His title through Heavens is ‘First Troublemaker’, ‘First Rebellious One in divinely Presence’, ‘(The) first one who refused the Lord’s Order in divinely Presence’. And he was giving his oath in (the) divinely Presence also, addressing to the Lord of Heavens, “You are making me to be cursed for (the reason) of that Adam and (also) through his Children, and I am also swearing that I shall try to make them to be cursed, not to be obedient ones to You! I shall give all my chance up to the Day of Resurrection, (and) I am going to use it and I am swearing on it, that I am never going to give a chance to them to follow Your Orders; to be all of them like me, to be rebellious and disobedient people and disrespectful ones for Your Heavenly Kingdom. You should find them always never respecting You (and) Your heavenly Sultanate. And I am going to give whole chance for me, I shall try to establish my kingdom on earth and I shall try to take Your Kingdom, Your Sultanate away, so that You are not going to find any obedient one, only few ones, but (the) majority (of the Children of

Adam) should follow me!”

That is what he was speaking- so dirty words in (the) divinely Presence, and he was kicked down. When he was speaking in such a way, arguing in (the) divinely Presence, Allah Almighty (was) ordering to be changed (his beauty and also his name) according to his bad intentions: “Take from him (his) outlooking, not to be as before! He was Azazil, his name was Azazil (and) just I granted to him honour and respect through himself and through his name also, but according to his bad intentions, bad actings, (that) just he passed over his limit in My divinely Presence, I change his name from Azazil to Iblis, that he (is) never going to hope (for) My Blessings, (but) forever to cut his hope. Change his name from Azazil to Iblis and Shaitan! And his outlooking was so beautiful, (such a) handsome looking. Just I granted (that) to him, but when he was doing this arguing in My divinely Presence and changing his intentions, his nature, (his) natural being just (was) becoming dirty, (the) dirtiest nature. And I change his beauty to ugliness and to be his outlooking worst looking, violent, most violent appearance for him to be seen that My Cursing (is) just falling on him.” And Allah Almighty was saying: ”Demon, go away from My divinely Presence!” And he was sent (away) and he ran away, because he had been granted also to be free for doing what his natural aspect (was) asking to make. That it is a grant for him to do (what he is asking to do). He is free and (he) had been permitted to go through East and West, from North to South, through continents, through mankind; where they may be, he may be there.

And he (was) first beginning to do what he was giving his oath (for), (and) beginning from Adam and Eve, and he was saying: “Oh Adam! I am not leaving you in Paradise! I have been thrown away from your Lord’s divinely Presence, (and) I am giving my oath that I am not leaving you to be in Paradise (either). Beware!” (This had been) saying also Allah Almighty. He was saying (it) first: “Oh Adam, beware for Shaitan! Try to protect yourself from that assaulted dog. Beware!” and Adam (was) forgetting (this); for one second, only one second, he forgot his Lord’s Warning, the divinely Warning for him from Shaitan and through that second he did what Shaitan was asking him to do.

That (one) second was giving a chance to Shaitan to be able to do his worst to Adam, and through that second that Adam was disobedient, he forgot his Lord’s Command, and through that second (that) he was disobedient servant, it had been declared a declaration through Heavens: “Adam (just) forgot his Lord’s Warning and he was falling through the trap of his enemy! Just the trap of his enemy was catching him and

he is now (a) disobedient servant! Take him out! This is My Territory! (It is) only for clean ones, only for obedient ones. Can't be here disobedient servants! Take him out, him and his wife also! Land him and his wife on earth, to be imprisoned on earth up to the Day of Resurrection and let them to fight with Shaitan on earth, he and his wife and their descendants. Let them to fight Shaitan and to save themselves. Whom they should be obedient to Me, I am choosing them for My Paradise, whom they are not listening and obeying to My divinely Orders, I am leaving them to be with Shaitan through the prison of Hells!"

And up today (with) everything (that is) happening on earth, Shaitan (is) trying to make tricks for mankind and to put traps. (His) tricks means: To make them to step on (something) as a person (is stepping on a) mine: A person may put his feet on it, and (it is) going (to explode), blowing up, finishing (him), and Shaitan is so happy. Either this or (he is) making traps: It is not to be killed and to be thrown away- traps mankind (is) putting to catch some hunts. And everywhere Shaitan is putting traps and (he is) making tricks and now, through the 21st century, (the) whole world (is) full with shaitanic tricks and traps. (Everywhere is) full!

And no one (is) warning mankind, beginning from religious people. No one (is) writing on the walls of churches or mosques or synagogues: 'Beware of Shaitan!' They are writing the names of cathedrals; they have a wooden board, (and it is) written on it (for example:) 'St George's Church' and (then they are) writing: this (or) that (is) going to be on Sunday, on Monday- but never (anyone is) writing on that board: "Beware of Shaitan! Oh people, don't follow Shaitan! Come to be your Lord's servants! Don't pass by cathedrals, without entering in it, don't pass by mosques without entering in it! Beware of Shaitan, he is preventing you not to come in mosques, in cathedrals, in synagogues. Beware of Shaitan." No one in East or West (is writing this)! If anyone (is) seeing (such a writing), let me know!

Shaitan is putting his full hegemony on the whole world now through East and West and no one is saying his name also. No! And mankind is so friendly for Shaitan. So friendly. Everyone is happy with him and saying: 'Our best friend.' Your best friend is taking you to Hells, as a butcher (is) carrying sheep behind him to (the) slaughterhouse. Mankind (is) running after Shaitan as sheep (are) running after (the) butcher- how you are going to find peace on earth? Every day making mankind to each other every kind of crimes that Allah Almighty never likes it. Daily they are showing so many dirty photographs, crimes that man doing to man. It is not the honour of man to kill!

Allah Almighty (was) ordering to His Prophets to call people and to say to them: “Oh people! Come! I am calling you to make man to live! Give life, but don’t take life.” (It is the) biggest sin to kill someone without a reason, and Islam is ordering not to kill, not to destroy, (and) Christianity and Judaism also- but through thousands of years up today you may see that everywhere people (are) running to kill, to destroy, not to make people to rest. And Allah Almighty in a quranic Verse He is saying (and) threatening people: “Should be (for) the people of Last Days coming a smoke, making people to be like drunk and they are not knowing what they are doing.” This smoke just now arrived on earth. Before (there was) coming another smoke that you can see, but this (kind of smoke) only you can understand through your good feelings, through your conscience, that (the) whole world (is) just veiled or covered, people (are) asking to kill, to burn, to destroy, not to be in peace, and fear just covered (the) whole world like a smoke and (there is) hopelessness; no on is hoping to live. The feeling of hope (is) changing to hopelessness, that people, no one can know, if they are living up to evening or from evening up to morning. They are not knowing. Fear just covered (everywhere) and hopelessness covered (the) whole world.

May Allah forgive me and send us someone to change our lives and to save people from the successors of Shaitan and his agents from devils and from evil.

For the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

## Every race has its valuable characteristics

If people around you are suffering, then you cannot be happy. Our happiness is connected to the happiness of everyone. That is why we are trying to make our surroundings happy. Holy People are like an oasis. In the huge deserts people run to the spring, to sit there and to be happy. In the same way people run to holy people to take some rest, find some satisfaction and a way to Heavens. I come here once a year, but people only come to me with their problems, sadness, miseries and sufferings. I do not see that people are happy. They are all unhappy. If I wouldn't tell them to go, everyone would sit with me from early morning until evening, wanting to tell me about it and to recharge their energies.

That is the real position of Holy People. Jesus Christ came and he was surrounded by ill, blind, dead and all kinds of miserable people. The ones without problems didn't come. Holy People have to carry others. Thanks to God English people smile, Germans never do. They are very serious, as if they were sitting in court. When we were a colony, we were told that England is our boss. We are happy with our boss. You, Indian people, are you also happy with them?

For thousands of years the English people have been mixed up with so many other nationalities. The more a people are mixed, the more clever they will become. When I am in this area here of London, I see the very orthodox Jews and everyone looks like the other, because they do not mix. Nature improves when someone

marries from another race, another nation, because the Lord created every race and every nation with a different characteristic. The English nation have one kind, the Irish another, the Scots another, the Welsh another, the Dutch another, the Germans another, the French another (how many kind of French do you have? 13? 14?). Every tribe and race have their particularities. They are like precious stones. The Lord gives every race something valuable. English people have one thing, Germans something else and French people something else. This is so that no-one can ask to be someone else. Like, "Oh, I wish I was English." or, "Oh, I wish I was French." Or if the Turks would say, "I wish I was Greek." or the Greeks would say, "I wish I was Turkish." Every kind of people have specialities with which they can be enough proud.

With the colours it is the same. We have specialities which the dark people do not have. And they have specialities which white people do not have. Yellow people have specialities which red people do not have. Red people have specialities which green-ones do not have. Are there green people? Here I see people with green hair, blue hair... All kinds of people have different characteristics, the way their Lord created them.

Rubies, sapphires, emeralds and diamonds each have a kind of beauty and value. All of them are alright. That is why all kinds of nations have been granted a valuable particularity by their Lord. For this we are grateful. Only our Turks say, "How happy I am to be a Turk!" I am not with them when it comes to that foolish saying.

Everyone has a speciality to be proud of. I am seeing that English people are very patient, more than others. They are also very careful when they do something. If they make a walkingstick, they will try to make it as straight as possible. And if they have to carry an egg from one place to the other, they will put wheels under it. They are very careful to follow rules. This is a very good characteristic. The Lord Almighty loves such people a lot. He wants His People to keep the rules. May Allah forgive us...

## NO SIMILAR IN CREATION and EVERY SINGLE ENTITY IS UNIQUE

Ask for knowledge of Allah. It is hidden knowledge. It is not of this world and what is in it, and not of this temporary life. It is eternal knowledge. The knowledge of Allah, that you have permission to know, is not of His Essence (Dhat). No. You are not granted that, and you cannot approach it. But of the knowledge of His names you may ask. Everything in existence belongs to one of them. Each Holy Name is an ocean, and through this you will be able to reach to Almighty Allah.

You may use your power to know about that which Allah creates, and then makes to appear in existence. From the creation of Allah Almighty you may reach until you find a way to know something and what you come to know will be an ocean that you may swim in up to eternity. Therefore we are asking for knowledge that brings us closer to the Divine Presence.

The main purpose of our existence is to reach to real life, and to the roots of our existence. To take power from the secrets of eternal life, so that leaves, flowers and fruits appear through us. It is knowledge to know that He is Subhan, and that He is Sultan.

Allah Almighty says that nothing is created without a purpose and a reason. Therefore no thing is useless. Everything in existence, even the smallest atom, is in the sight of the Creator, known, and given its destination. It is foolish to say otherwise. So what about you? Allah Almighty gives everything its form and design, then makes it to appear. Countless are the designs! Your mind can't carry it. It's impossible to reach to the perfection, wisdom, knowledge, power, and capacity of the Creator.

The Creator says, "Come into being." "Come and show yourself and say Subhan Allah." Even the smallest atom hears and obeys. Each and every atom or electron is given a different type of glorification, as each has its own special personality. As an example, you are different to another, and he is different to you. Likewise their glorification to their Lord is also unique and special.

It is ignorance not to use your mind to think about such things. We have been ordered to do so. As deep as you go, you will find greater Wisdom and Oceans of Power. May our Lord give us a chance to think on such things. It may lead us to His endless glory and Power Oceans.

The People of today are pathetic and to be pitied. They live today and think of only their stomachs and never give their minds a chance even to think on anything else. This is why their minds do not give a chance to their hearts, in order to be for their Lord, Allah Almighty. Most people are on the level of animals, or even less than that, because even animals are glorifying.

My Grandsheikh Abdullah (ral) said "The smallest piece of matter must have a name, if it is having a personality." This is like everyone in a particular town having a different telephone number. Likewise each atom has a special private name for its personality, with which it is glorifying its creator.We are however sleeping, drunk from dunya and our stomachs. This is why we do not think on these important things. He is now as He was. There is no before for Him, and no after.

Be happy and proud to be in existence. It is the biggest chance for us. If He did not bring us into existence, then we would not be able to know about being in existence, or not. Subhan Allah!

He ordered for our forms to be made from earth. You cannot even imagine how! We can make a statue, or a picture, of a man, a woman, or of an animal and that is easy. However to give to the form of a lion, the characteristics of a lion is impossible for us. It is only when it is given its specialty, may you say that it's a lion. You can't look at a lion and say that it is a donkey. He created the specialties for the form of a donkey, to be a donkey, so that you may call it is a donkey. This is why you cannot say of a donkey that it is a tiger. The Creator creates the form, and then gives that form its specialties. You cannot give the specialty of a tiger to a donkey. This is an important point and it is from the Greatness of Allah Almighty. He Creates, and then gives the characteristics and specialties. Thea lion, the dog, the bull, the fox, the bear, the tiger all have their specialties. Allah Almighty gives to each their specialties. If He does not give the specialty of a lion to a lion then it cannot be a lion. It will only be a mass of matter. You may see a form, but it is not a lion. Therefore to give that form the specialties of a lion, is for Him who is the Creator.

Allah Almighty also created man. He gives 'general' specialties to billions so that they are from mankind. Then He granted to everyone of mankind their different specialties. This is why that you are not Jamalludin, and you can't say that Jamalludin is Farhat, or that he is Nabil. Then He gives specialties and peculiarities to races. To the German race one type of specialty and to Arab race another. People from Indonesia say, "I am not Malaysian, I am an Indonesian." Australians will not accept to be from New Zealand. Each race has been granted its specialty, and they are all happy with it. This is to make us think about the Greatness of our Lord.

When ants are run towards the left or towards the right, they are directed. This must be so because it cannot take one step even without being directed to it, or towards its

destination. Therefore a perfect believer will say, “O our Lord,” “You are so Great.” “There cannot be another like you.” “There is only You.” “Oneness is for You.” “Every Greatness is for You.”

You can’t know how many specialties has an ant, and all of them come together to exist within one ant! You may find throughout the continents, countless kinds of ants and each one is different from the other.

There is a command from Rasoolullah (sal)

You must try and understand something about His creatures and about their characteristics and their specialties. Don’t try to understand the Essence of Allah. This is a command from Rasoolullah (sal) Every creature is granted characteristics and specialities, which they then come into existence with. Allahu Akbar! May Allah grant us something from His lights because if a person falls into darkness, he cannot know anything about what surrounds himself. With light it opens and he may see what is there. You must use your mind. You must understand that Allah Almighty’s Endless Power Oceans, Endless Ability, and Endless Will, to do everything, is as He likes.

Follow Him on His most beloved servant’s way. If we follow, the ‘honour of the worlds’, Seyyidina Mohammed (sal) we may understand something and an opening must come. The gifts of Allah are ever increasing and they are not for Him. No. It is for His servants. The creation is always continuing. His kingdom, which belongs to Himself, is a hidden treasure, and impossible to know about. Allah is now as He was before.

The creation is always asking, “Is there more?” And The Creator is answering, “We have more.”

I you were to split a second into four, or even thousands or millions of pieces, always between two parts there is a time. Your mind may accept that you may divide it into one hundred parts, and it may reach to say one million parts. That means that it can also be split into trillions or more. There is a secret there and no one knows, from pre-

eternity to eternity, every part which is between other parts, where within exists a time. Also each of these times has a duty, which is not similar to another.The mind is static and not able to move, but the soul is fluid and moving. It can enter. The soul may encapsulate, but not the mind. The mind is working on earth. and not for Malakut (the higher dimension).

There are very few who reach to the side of the soul where no worries exist. Don't think that one person's blood is the same as a second one's. No. Everything in everyone is unique. Doctors are saying, "Nearly the same," and "You may use it." But don't think that one person's blood is going to be one hundred percent suitable for another person. No this is impossible. Everyone is only one and unique. Allah Almighty never makes a copy. No, this is not so. One of His Holy names is l-Mubdi'u. He is creating and everyones creation is only one (unique). No similar. That Holy name is gives this huge meaning. Don't think that Allah Almighty is creating like production in a factory. This is not so.

The veins through our body and our nervous system. How is it sustained? Who arranged it? How am I in existence and living? How is this breathing system working? How is this digestion system! How are my eyes looking? Who designed our ears and placed them where there are, and not on the top of our head. How are you asking, "How is Allah?!" Ask "How am I?" Asking a thousand 'hows?' Shaitan is making people to ask what is not for them. You can't imagine eternity. People are using their mind in an un-safe way. You must know your limits and don't be proud. You are here to learn about something, which belongs to eternity.

Don't try and learn about what is around yourself. Learn about the designer. One hours contemplation is worth seventy years worship. Go even unto China in search of knowledge. (Hadith) By this Rasoolullah (sal) did not mean ordinary knowledge that you find everywhere. No. He meant secret and hidden knowledge, which are not for everyone. (at that time China was the furthest and most unknown of all lands). For such knowledge, you must ask from one who knows. You must go then.

## Everything Has Its Place

As-Salamu Alaikum, our listeners. What do they listen to? Some listen to music. Some watch dancing girls. Some are busy with unnecessary things. Some listen to unnecessary things. As- Salamu Alaikum O believers who listen to us. It is the holy Ramadan so we may say a few words, as our condition permits. May Allah give us health & wellness. May our lives be spent well. May our lives be spent in the way Allah is pleased, this is the gift. We may say, Allahu Akbar Allahu Akbar La ilaha illa Allahu wa Allahu Akbar Allahu Akbar wa lillah al Hamd. Allahumma salli ala Sayyidina Muhammad wa ala Ahlihi wa Sahbihi wa Sallim, crown of our heads, Our Prophet, the Beloved of Allah.

People now don't listen to long speeches. Only short. And what they listen to is only rubbish, nonsense things. Man - who is man? What is he? How come he is in this world? There is no one who searches & asks about this. Audhu Billahi min al shaytan al rajim. There is a creature that disturbs our mind & thoughts, that encourages us to do evil, that says "Enjoy yourselves. Do as you like, live as you like, eat, drink..." Ok. We are eating & drinking. What is the purpose then? What else is there in a palace? If there is no WC in a palace, does it have any value? Does it? No, it has no worth. The King in the palace can't just come & do it in the middle of the hall! It means for everything, there is be a place that is needed, a knowledge that it requires.

Yes, we are in dunya. In dunya.. Listen! O coffee shop regulars, listen! Don't spend your lives in vain in coffee

shops. What was told to us, taught us, since a long time ago are the matters of dunya & akhirah. There is dunya, & there is akhirah after dunya. There is life, & there is death after life. There are houses, & after the houses, there are graves. O little people who play cards on tables, in coffee shops! Do you not know this? Do you not think about this? Think. Who needs a toilet can't just do it in the middle of the coffee shop. He knows the place for it. There is a place for everything.

Ok, this is a huge world. O young ones, beware, listen. Don't waste your time. Man is created to learn something. All the Prophets, that are sent by Allah Almighty, what they told us? The last of them being our Prophet (sas)- what he (sas) told in the end is: "O people, there is Allah Who created you. Know Him & be servants to Him" "What is servanthood?" they are asking, today's youth.. Should we say for them, those who can't understand anything, or should we say for them no mind ones, or the careless ones- so many growing youth are asking. "Why are we in this world? What should we do? We don't know what we should do. When we don't know, we go to coffee shops, spend time in coffee shops, or look for other entertainment venues. We spend our time in such places".

O young ones, this dunya is not a place to spend time & have fun. Listen! Leave the card in your hand. Listen to this word. You will bang your head against the stone but you get no result. People have become like this. Why there is no one from you who asks: "Where did these people come from? How did it happen?" (Instead) "What does this newspaper say? What does that magazine write? What plays in this movie theatre or what is that movie about?" These are not the real matters. They don't satisfy your hunger nor do they teach you anything. On the contrary, they teach bad things; consume man's life and he lives in vain and finally they throw him into a hole, throw earth on top of him. His turn is to come. If anyone can escape it, let him do so!

If they can't escape it, who invented these graves? How will they put us in the grave? What is there & what is not there in grave? What will happen? They come to our head sides (in grave) & recite. What are they reciting, for what are they reciting, anyone asks? No one asks. No one asks. But one day, he will hit his head on that marble stone (where corpses are washed) & he will understand but what is the use of knowing after that point?

O young ones! You will learn that you are created to learn something. Leave aside men, we may say to our girls. Who told the girls to open up & expose all their bodies & walk out in the streets like this? Did they

create you for this? There is meat market, animal market. They don't cover or protect themselves. Is there no difference between you & animals? Why do you open up your awrah/private parts? Why do you show it to everybody? How do you not hide your private parts? Are you from the bad women who are put on display? Are you such bad creatures? Shame on you! You are studying, why do you study? What do they teach you? They teach you to go around with no underwear? They teach you to go out naked? Shame on you. You are displaying your valuable being to everybody. Shame on you. Leave aside sin, but shame on you. Man does not open up his private parts & show to everyone. Who open up their private parts, show everyone & go around like this, are animals.

Man, how can man show, display his private parts? Is this civilization? Is this, the advanced life, high life, or is this the purpose of life? And the men who encourage them are even lower than they. Today is holy Ramadan. I am ashamed to go out, for what? There are countless girls, women, who go around displaying their private parts in holy Ramadan. It is a shame. One day an illness comes on them, their beauty disappears. She becomes ugly, everybody runs away from her. You can't be sure of the future. Beware.

Today is the 20th of Ramadan, Masha Allah. Whoever fasted, fasted. They didn't lose even a pound. They are only happy & joyful because they kept the order of the Allah Almighty. They want the Worlds of Nur, they are tired of dunya. They know that dunya is temporary. They like to go beyond this world & live in the worlds of Nur. If you want to live there, you should teach yourself. You should know what to teach yourself. He says "What is this? Why are we here? How are we here?" There are people who explain these, from the beginning of dunya to its end. Now •if we were to say from the beginning of dunya, we can't finish till the end of dunya. But I said briefly so that you think on it a little bit.

Who doesn't think is an animal. Man thinks, animal doesn't think. You think of yourself like man or animal? Why do you not think? What is today, our day? What will happen to us tomorrow? What should we do? What actions should we take? Why do you not learn? Who doesn't teach this, will remain in cursed holes. This is a short word for our people who know Turkish. Whoever like, listens. Who doesn't listen will get rotten & consumed through his own ego. He becomes such that no one can look at his face & finally the earth covers him. As-Salamu Alaikum o people, who are like the grandchildren of my grandchildren. This is an advice for you. If you listen, listen. If you don't listen, you are to suffer its consequences.

This is enough for today. It is holy Ramadan & our strength is up to here. May Allah forgive us. May we not follow our ego. May we not run after shaytan. May we not be caught up in evil. May we be good ones. The good one's name is written through the Heavens. The bad ones' names are written under the earth. Take care of yourself, o mankind. As-Salamu Alaikum. Think on this & we may speak again tomorrow insha Allah.

Fatiha.

## Everything (is) in its time and its space

Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

„Kulli amrin fi waqtihi marhuun.“ Everything (is) in its time and its space, or his place. Nothing (is) happening every day in this world, (but that) for every happening (there is) a private time. (It) must come on that line and either it is going to finish or to begin. 24 hours 24.ooo appearances (are) coming, every day, and through (these) 24.ooo appearances everyone (is) taking their shares and each one (is) coming through its private line and time. No one (is) getting involved or coming and making an accident, no. Everything (is) in its private way and appointed time and prepared space or place; (it) must appear and must go on it, and when it is going to finish, a second happening must take its time. Therefore everything under heavenly Control (is) going to appear or to disappear. In (and) out.

Through time units billions of happenings (are) getting in, (and) billions of happenings (are) getting out and our world is seen as never before, it is changed. (Then) that is changing also, because it is going to be used- from that world something (is) taken and something (is) given (also)- and (so) every time (there is) going to be a changing. And nothing (is) going to happen before (its appointed time) or going to be delayed.

Everything that we are saying is just in one holy Verse: “La yastakhiruna saata wa la yastaqdimun”. (there is no delay for an event and no making it appear before its time). That (Verse) is not (only) for our last moment, (our) last breathing only, no, (but) it is for everything. Nothing (is) going to get out from its private line that it is their destination. For everything there is a destination; (there) must be a beginning, (and there) must be an end, and that beginning you can’t get it before and (also) you can’t expect it (to come) after its appointed time.

That is Allah Almighty’s Greatness that you can’t reach to understand anything, and what we are speaking on, it belongs (to the) ‘Af’al Allah’, (the actions of Allah). The Essence of Allah Almighty is darkness; no one is knowing the real Being of Allah Almighty’s Existence, His Essence. (For) His Name on that position we are saying only “Hu”, (and) Hu means ‘unknown’! Unknown. If (there are) no stars on (the) sky nighttimes, you can’t understand skies or space. When appearing those lights through darkness, you are understanding about that darkness. Without these lights you are not understanding anything from (that) darkness, because darkness means: you can’t see. Daytime you can see through (the light of the) sun. If (there is) no sun on (the) sky, you can’t see anything, and (so) nighttimes, when (the) sun (is) setting, you can’t see anything. These artificial lights (through electricity) never give anything to you; only you can understand (about darkness) by (the) lights of (the) stars on (the) sky (and then) you are knowing (that) something (is) there. You can understand that there is a dark darkness and that (light) is (the) sign (for it). If (that sign was) not (there), you can’t see anything. You can’t see, that means: you can’t know anything. If you are not seeing, you are not understanding anything. (There is) no understanding. Therefore daytime and nighttimes you are in need lights from Heavens to see. If you are not seeing you are understanding nothing. No. Think on it! These artificial lights (are) giving nothing to you. If daytime (there is) no sun or nighttimes there is no moon or no stars you can’t see. If you are not seeing, you never understand the existence (of) anything.

Therefore- Allah Almighty, for (an understanding of) His Essence (He) is giving to His deputies divinely Attributes that belong to Him. That divinely Attributes (are) making you to understand the existence (of) that One, Hu. If these (deputies) are not there, if Allah Almighty (is) not showing or sending His divinely Attributes, His Essence (is) unknown. From His divinely Essence may be known (something) only according to His divinely Attributes. That lights are making you to understand that their light is coming from somewhere. A candle without wax or oil in it, it is not going to shine, no, it is dark. When (you are) putting (wax) in it, that (is) showing you that candle. (And) Allah Almighty (is) putting some signs from His real

Essence, signs that are going to be seen as a light. That light (is) signing the existence (of) someone that He is Unknown.

You may see a candle lightening, no more; you can't see how it is in existence and how it is getting to be enlightened. These Attributes (are) signing and they are signs also (for) the real Existence of the Lord of Creation, the real Existence of the Lord of Heavens, the real Existence of Allah Almighty. (They are) only signs.

From that divinely Attributes (are) coming Names, written on it 'Names', appearing Names, and we are the first level selected ones or chosen ones, (because) we are knowing the Names of (these) lights. As everyone now (is) looking nighttimes (to the) sky; but you are not knowing the name of (the) stars, only chosen people know that (this) is Pole Star, that is Bear, that is Scorpion, that is Taurus, that is Balance, that is Fish...(There are) only twelve main signs to be understood our sky, 'sema'. Twelve- "wa samau wa dhatu-l buruj"- for (a) description this (is). And you are not knowing, but (there are) special people that they are knowing about it (and) only they may say their names.

And also divinely Attributes not everyone (is) knowing. (Only) chosen people from mankind that they have relationship to Heavens- one foot (is) on earth, one foot (is) on Heavens- they may understand; they may read: this is this, and they may tell us- not everyone (is) knowing about divinely Attributes- and they may say (for example): "'Hayy', that is (the) divinely Attribute (of) 'hayat', Life." His divinely Attribute 'Hayy'- alive- (it is a) Name; they may say to you the Name. Names (are) coming for (the) description of all divinely Attributes.

Then that Names also (are) going to be understood (only) by chosen people who are inheriting heavenly Knowledge through heavenly chosen servants of Allah Almighty, whom they are Prophets. (The Names are) coming and bringing 'Af'al', actings. Everything that is going to be (an) acting (it) belongs to them. Never ending (actings) are coming; actings for the Names that belong to (the) divinely Attributes which are signs of the unknown Essence of the Lord of Heavens.

And everything, even every atom, (is) just in (the) actings of that holy Name of Allah Almighty. Holy Names (are) arranging everything's actings; everything that (is) appearing here- when it is going to appear, (and) when it is going to finish its period and (it will be) finished. (Holy Names are) showing (the) real beginning of

everything and (the) real point of ending; in which area it is going to happen, (and) in which time they are going to appear. Subhanallah!

Therefore here now we must know only that. Sometimes- not sometimes, every time- we are asking to be everything so high, quickly. No, (we) must await its time, (its) beginning and (its) end. When (it is) coming to (its) end, no one (is) getting it back, no, (that) finished. But man (is) asking to be everything so quickly, (and it) can't be! Therefore the most important sign of servanthood is to be patient; to be with Allah and His divinely Will. Not to put our will on it, (but) to follow His Will. That is real respect for the holy Commands of Allah Almighty. "Be patient", (is) saying Allah. He knows when it is going to finish, He knows when it is going to (begin); because every finishing is bringing a new beginning. Ending and beginning- leave it for the Lord of Heavens! That is real sign of servanthood, that you are giving a kind of perfect servanthood to your Lord, to your Creator Allah Almighty.

Therefore Islam (is) coming to teach people their relationship as servants towards their Lord; as He is (the) Creator, how it is going to be our relationship as servants to our Lord. That is all and all Holy Books only (are) bringing that Essence. But people lost it and they are running to nonsense directions and they lost the way. And when they lose the way, they fall in troubles and problems and they are punishing themselves by themselves.

May Allah forgive me and bless you for the honour of the most honoured one in His divinely Presence, S. Muhammad sws, Fatiha.

# Everything in creation has been created because of a reason

Everything in creation has been created because of a reason. There is a reason behind everything. What is the reason for the present condition of the world? All people are suffering, they are in fear and confusion and don't know what will be tomorrow. They lost their inner peace and balance, because they built their life on an illusion, which they can't realize and therefore they get unhappy. The ways to reach to it are closed now. People are like in a tunnel, and their car is on fire, they cannot move back or forward and no technic can save them anymore. And the fire and smoke are spreading. People feel in such a tunnel and they are afraid. There is fear and confusion everywhere, even in America, the country that claims to be patron of the world. The president was so afraid when the message came that an airplane is coming towards the White House...

And Allah is informing about the condition of man in the Holy Quran. Darkness has covered everything, Fasad is everywhere...From outlooking man is a human being, but inside they are like wild animals...Nowadays even

Muslims are denying the Holy Quran, preventing it from being read in the mosques. May Allah not write us from them. We want Allah's Word to be highly respected. The Holy Quran has been the reason that some people were elevated, and some other people dishonoured and distroyed, disgraded to Asfala Safilien, to be the lowest of the low.

All people of the 21st century are against the Holy Quran-
and also the Muslims have become the victims of Batil (falsehood). They don't respect what is written in the Holy Quran. But Allah says: ‚I will not leave you for this disrespect- I will disgrade you and finish with you, because you don't respect My Word. I will throw you into fire and change your form from an Alif to a Dal. I will punish you for your disrespect. I am only waiting for the right time to come.' So the tension is climbing and it will reach the point of explosion.

The Afghans, the Chechens, the Cyriots, the Turks, and the Pakistanis all tasted it. The reason for all the dhulm and fasad is that people don't respect the Divine Word. And it will continue, the fire will not stop. People tell me that I should stay here or go to Damaskus, they invite me to Egypt, to Saudia. I may come, but the conscience is not accepting this kind of disrespectful behaviour anymore, and I am asking for things to happen, not for the situation to continue. We are asking that those disrespectful people may get their punishment. Even if we would have to go during the big cleaning, we will accept, because we are not in peace during this Ramadan. I want the flag of Islam to be opened, but still there is no one to take it up. We are asking for that one to be sent, may Allah send the Sahibu Zaman. I don't want things to continue the way they are. O Allah, You know better, but our wish is that the flag of Islam may be opened and the one who may carry it, be send. He will say ‚Allahu akbar' three times and he will gather the Ummah under the flag...This is inspired to our heart...We are ashamed of

the disrespect of the people for the Divine Word of Allah and that they kick it with their feet. We are asking for permission to finish with them. That is our request... And that Allah may make us to be with the good servants and to be from the good ones also...

## Everything is changing in each moment

Everything is changing in each moment, everything is constantly changing from one condition into another, from one appearence, tajalli, to the next. Who is doing that?

To stay in existence everything needs divine support. And there must be an exchange- who takes something, must give something. The creatures are thanking Allah for their existence and they are saying: 'Subhanallah!', making tesbih and giving shukr to Allah. Everything in existence has life- if not, it would die and vanish.

The leaves of a tree make sohbet with each other, the trees of a garden among themselves make sohbet- everything is in sohbet and communication. Man among themselves, trees among themselves, animals among themselves make sohbet- there are levels of communication. Who knows this will not say that he comes from apes... It increases up to eternity, wheras anything that is given to man is always in limits, is like a container in an ocean. A computer can only function, when man presses the buttons, and every child

can press a button. Allah is saying: 'We have submitted to you everything in Heavens and on earth. Use it!'

Arithmetics is the most honoured science, the mother of other sciences, the foundation of science... But people replace the original with plastic, with imitations. People are like actors...

The number 19 has many secrets. It is nine plus ten. With the nine there is a limit and the one comes, not any other number. You can substract one from nine, it makes eight, seven, six, five, four, three, two, one- but from one you cannot substract anything anymore, there is no other number... Not everyone can understand Arithmetics- it needs a special understanding. That is why in old times not every student was taught the same knowledge, not like nowadays... We are in the second period of ignorance, jahiliya. When the Prophet adressed his wives, he warned them not to return to the previous state of ignorance and not to expose their beauty.

## Everything Is Held by Allah Almighty

(Mawlana Shaykh stands). La ilaaha illa-Llah, La ilaaha illa-Llah, La ilaaha illa-Llah Sayyidina wa Nabiyyina, Mawlana Muhammad rasoolullah (s) zidhu ya Rabbee `izzan wa sharafan nooran wa masrooran ridwaanan wa sultaanan faktub haadha shahaadat `indaka ya Rabbana nahnu mu'mineen muslimeen mu`tiyyeen `abideen ija`alna zahideen ya Rabbi 'l-`alameen. (Mawlana Shaykh sits).

As-salaamu `alaykum, our listeners who are giving a short time for their eternal lives. You are given a short life and a short time, but from your 24 hours you are never taking care to give even a few moments, and you are claiming you are graduated, clever ones. Try to take your heavenly graduation; not to take graduation from this imitated life. They are asking from our grandmaster, who is responsible for everything that is happening on this planet. People may say, how can he be responsible for everything on this planet, it is so big? It is not a difficult matter to give an authority to one atom to guide this whole world. Allah Almighty is saying so many times, perhaps 70 times through the Holy Qur'an, la`llahum yatafakkaroon, la`llakum tatafakkaroon, "In order that they/you may consider."

If you are trying to think, that thinking is the way to real knowledge. If a person is not thinking, he can't find a way to true understanding. Enough! It is enough for Allah Almighty to grant very, very, very, very small; smaller than an atom to say to others. Allah Almighty addressing to everything. But what He is addressing to

a man is something else and to address any other creation is something else. To command an atom is something else, also. And His holy command is reaching everything. If He is bringing a creature into life in existence, He must say, “Come out! Be an atom.”

•••••••• •••••••• ••••• ••••••• ••••••• •••• ••••••• •••• •••• •••••••••

Innamaa amruhu idhaa araada shayan an yaqoola lahu kun fa yakoon.
Verily, when He intends a thing His command is, ‘Be’ and it is! (36:82)

“You be a planet, you be a galaxy, you be instantly a black hole. You ‘Be’ instantly; before My order finishing, you must be in existence.” (Mawlana stands). He is Allah Almighty, subhaanahu wa ta`ala. Allah, O my Lord, O our Lord.

Man’s honor is with his knowledge and an ignorant one, no value. And the honor of Man is with his knowledge and understanding. You are granted an honor according to your understanding, but when you are making it less, less, less, then you are going to be behind one. Now we are zero behind one, on right hand. Same zero going to take an honor when that zero is standing on the right side of one. When you are putting it in front of one, it is going to lose everything, no value.

Now they are trying to be someone or something, but they are not thinking that to be something also is either yakoon on right hand or yakoon on left hand. Something is granted from the Lord of Heavens, our Creator, on the right hand, given 10, 100, 1000, 10,000, 100,000 millions, billions, trillions, quadrillions. Going on, because that is grant from the Lord of Creatures. Who is asking to be something and is trying to give his highest glorifying, the Lord of Heavens is giving to that one something, something, something. That ‘something’ never belongs to the endless dominions of Allah Almighty. No, that is an appearance, as you are looking through a mirror, you are looking and finding yourself in it, but that is not a real one. No, real one is here, but what you are looking and seeing through a mirror is something you can see only, you can’t touch. That existence of yourself through the mirror is nothing, but your Lord is asking to give to you (an existence) not like that, what you ask to be ‘something.’ You are just granted something that you may look (see) in a mirror and out of the mirror you can’t be anything. May Allah forgives us.

O People! As-salaamu ‘ alaykum. I am a weak servant but what they are giving to me is for understanding,

because understanding is not material and if not material, it is going, going, going; no way or no beginning that you may run after it. But that beginning and ending is not like your Lord's, qidaam wa baqaa, continuous existence from pre-Eternal to Eternal. Therefore, no one is knowing what is pre-Eternal or Eternal.

O People! All of us must try to understand something that is suitable for our mentality and the largeness of our understanding. Therefore, we are saying, as-salaamu `alaykum, O our Lord's creatures! From one to one there is some connection; no one can be alone. Every atom is going to be in relation or through a connection to what it's right hand or left hand or front or back or up or down must know. And must know with which seeghah, style of glorifying of Allah, this one, this one, this one, or up and down? There must be harmony through everything. Our minds can't be able to understand that harmony between two atoms, four atoms, six atoms.

Hasaanati Qudrah, Greatness of the Creator that is only granted for Creation. It is not the glory of dhaat, essence, no. And harmony for an atom must be such a fine arrangement. One atom is just surrounded from six directions. That creation can't be there if one of those is lost or disappears, then finishing.

••••• ••••••• ••••••••• •••••••••••••• •••••••••••• ••• •••••••••

Innallaha yumsiku 's-samaawaati wa 'l-arda an tazoola.
It is Allah Who sustains the heavens and the Earth lest they cease (to function). (35:41)

That is Arabic. I am asking to doctors and Salafi `ulama or Christian learned people, what is your understanding for that holy verse? Give a meaning. How the Lord of Heavens is just holding? How? That one only, the Lord of Heavens, the Creator of Earth and heavens, how is He keeping them? Everything in it, even an atom, or less than an atom, must be held by the Creator's Mighty Hands. If His Mighty Hands not keeping, just running away from existence to non-existence, finished. Therefore, everything, an atom or less than an atom, must be kept in six directions. It must be protected and kept in existence by the mighty power of the Creator.

O `ulama! Hear and try to understand. If Allah Almighty is not keeping every creature in existence, nothing is going to be in existence. His heavenly Power Oceans must catch everything in existence, from six directions, to be in existence or seen in existence. Therefore, the meaning of la ilaaha illa-Llah; those people asking to run into Unknown Oceans of divine knowledge are saying that if Allah Almighty is not keeping everything in

its situation, just going to melt, or become ‘unseen,’ or reach endless Power Oceans and finished. When Allah (swt) is asking something to come in appearance, saying, “Come,” and everything is appearing!

O People! As- salaamu ’ alaykum. We are asking salaamat. Safety or good understanding about yourself, everything around yourself and everything around this planet.

••••• ••••••••• ••••••• ••••• •••••••••

Wamaa qadarullaha haqqa qadrih.
No just estimate have they made of Allah, such as is due to Him. (39:67)

No one is knowing. Therefore, Allah Almighty is ordering His Last, most-honored Messenger to ask from Him only:

••••• •••••• ••••••• •••••••

wa qul rabbee zidni `ilma
And say, “O my Lord, increase me in knowledge.” (20:114)

Where are our Muslims’ ways, where they are going, what Allah Almighty is saying to His most glorified servant, “O My most glorified servant, don’t ask from Me anything except to give to you more knowledge.” That knowledge is only for Creation. From Creation you may reach a level of knowing Allah Almighty’s existence!

There are so many knowledges now. Don’t ask, this for what or that for what. Every branch of heavenly knowledge must take you to the existence of the Lord of Heavens. You are teaching your students and every knowledge is taking you to know the Absolute Existence of the Lord of Creation. Are you teaching? No, you are just teaching, rawaa Anas ibnu Maalik (r), rawaa Muadh ibn Jabal (r), rawaa Abu Hurayrah (r), but what is in it? You know? For that knowledge they are speaking and asking to teach something. I am not haafizh of whole hadeeth as-shareef. I know ten or perhaps twenty declarations of Rasulullah (s), but everything that I am knowing from the Seal of Prophets (s) is such an endless ocean. And endless oceans of learning or knowledge are taking you to your Lord’s Divine Existence, muwajjahah. Taking you from you to Him. “Taking you,” means you are going to be nothing. Then, when you are going to be nothing, just appearing the signs of existence of your Lord, Allah Almighty.

If your knowledge is not taking you to a level, then you can't be able to understand anything from your Creator. That is also bahrun `ameeq, deepless ocean. Therefore, every atom or less than atom is leading you to the existence of the Creator of Creation, of creatures. You can't say, "I learned this or I learned that." But you must follow that way that is taking servants to their Lord's Divine Presence. Allah Allah.

O People! We are saying, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. O our Lord, protect us from Shaytan and his assistants, because they are making for our understanding to be upset or never leaving for anyone a good or perfect understanding. First for all, to know Allah (swt) is ma`rifatullah. You have been ordered to know about your Creator. Perhaps we are going to a level and saying, "It is enough for me." Behind every horizon is appearing another one. Therefore endless levels of ma`rifatullah, to know our Lord's Divinely Being, perhaps up to Eternal never going to end.

Therefore, it is so strange that you are looking and seeing and learning something else that never passed before, or never coming to you that answer. Every time, every moment, waridaat, inspirations every moment, never-ending heavenly inspirations; always you can find from heavenly inspirations and that is giving us a pleasure. Every time inspirations are opening and that person is looking and finding such a beauty and refreshment; a sweetness is coming that you never ask to leave and go back, but are always running after that inspiration to find much more happiness and refreshment and sweetness through yourself and to feel an honor that you can't be able to think on it.

Therefore, all prophets were ordering people, "O People! try to be more understanding ones from heavenly positions and there will be more pleasure for you, forever. You are not going to be fed up. In every moment and every second you can find a new view and inspirations and knowledge that never passed before."

O People! We must try to find more and more. Therefore we have been ordered to follow saahibu 'l-`ilm, who is knowing from knowledge about this life or next life. It gives everything to you; a new taste, a sweetness, a new glorifying and new mighty powers that belong to creatures. Not saying power for Allah (swt), Allah has no need, but that power through you is going to be only for you and for everyone on that same level.

That is why Allah Almighty ordering to his most beloved servant, Sayyidina Muhammad (s)! (Mawlana stands.) Yaa Rabb, wa qul rabbi zidnee` ilma. Zidnee yaa Rabb, zidna yaa Rabb. That knowledge cleans our

physical beings, cleans our mentalities, cleans our knowledge, giving us lights. Lightening appearing through your real beings, enlightened like sun, like moon and like stars. Try to reach like heavenly moons, suns and stars; that gives to you enjoyment here and Hereafter. May Allah forgive us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhan Allah
Allah Allah, Allah Allah, Allah Allah, Sultan Allah jalla jalaaluhu

Fatihah.

May Allah forgive us for the honor of the most honored one in His Divinely Presence, Sayyidina Muhammad (s). (Mawlana stands.)

O People! Before going to be repented, try at least to hear such speeches and hear something from such extraordinary Knowledge Oceans, that gives you so much honor and enlightening, inshaAllah. Shaykh Hisham Effendi is jewel; he knows such things and mostly when he is sleeping and speaking, and sleeping, dreaming. (Sweets) “I like to eat sweets, or sleep?” Yes sir, yes sir, yes sir.

(Shaykh Hisham: khalas?)

Never ending, when you come to a feast, not able to eat everything. What is granted for you from the Divine Presence, you must take it and you must understand it. Alive people, they may eat and drink, but dead people, they are never asking to eat or to drink. O our Lord, don’t make us to be dead ones, give us power from divine real life, to be forever in your Divine Presence, here and Hereafter!

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah

## Everything Is Making Dhikr

(Mawlana Shaykh stands.)
Dastoor yaa Sayyidee, madad. Madad yaa Sultan al-Awliyah. La ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah Muhammadun Rasoolullah. O our Lord, You are our Creator! Only You are saying Your holy order, "Be" and anything is coming into existence. You are asking anything You like to disappear from existence. If You say, "Go back, don't be in existence!" it's finished! Whole Creation, less than a third or down, down, down in a part of time, most smallest time, may disappear, everything.

O People! Give your most high glorifying and most high praises to our Lord, that His order is only between, "Be," and, "Don't be." O our Lord, forgive us! We are asking Your most high glorifying through Creation from pre-Eternal up to Eternal, Your most beloved servant for You, the king from pre-Eternal up to Eternal for Your creatures is Sayyidina Muhammad (s)! (Mawlana Shaykh sits.)

O People! We know nothing. We know nothing until the Lord of Heavens is asking for His creatures to know something. Everything in existence must know their Creator. Can't be atoms and less atoms; all of them must know Who created them and they must give their highest glorifying to their Creator.

O our Salafi `ulamas, what are you saying to this? What is your opinion? No opinion on dominions! You are

asking a proof for that and a`oodhu billahi min ash-Shaytani ‘r-rajeem. I am running from Shaytan's tricks and to fall in his traps. Therefore, I am asking for a support that is supporting my smallest being against Shaytan and Shaytanic works. I am saying also bismillahi ‘r-Rahmaani ‘r-Raheem. The sword of heavens was granted to Man, and I am asking from my master, master of this planet, qutub, the pole of this planet, and I am asking for a support from his holy power. If he is not giving a permission, I can't speak to you and I can't address anyone. I am going to be the most weakest one. I must ask, "O my master! Let us know something from what you are granting to our small group, and addressing from east to west and north to south, to declare a heavenly declaration for creatures." Yes.

In this discussion, we are beginning by asking Wahabi `ulama or Salafi `ulama, ma qawlukum, "What is your opinion?" No opinion. There is reality. Don't say according to my opinion, no. No opinion to you. We are not accepting (anyone who says) "my opinion," no. Your answer must come through heavenly beings, that they are speaking real truth to make our hearts find a full satisfaction. If they are not giving that satisfaction, nothing may give you a satisfaction through your heart. Therefore, don't say to me, "According to my knowledge," or, "According to my opinion," no.

It is such a wire without running in it power of electricity. If not running, what is that wire? Nothing? Yes. There is when you are clicking this lamp and you are cutting the power that running through wires to that lamp. Lamp by itself can't give a light; no, it is impossible. But it must be granted to give a light to ourselves. Light is also coming from that lamp. From where is it coming? To where is it going? How is it running through wires? Does anyone know? Scientists, do you know? You may say only positive pole and negative pole. That is their last horizon for understanding the power of electricity. They are asking, and we are looking and saying, that power just appearing through poles: one is negative and one is positive.

O scientists! What is negative and what is positive? To be a sign of positivity, and secondly, they are putting another line and you are saying that is negative pole and that is positive. What is positive and negative beings? From the same spring, source. Different sources, what are those sources? How is that going to be positive and second negative? Who is putting positive of being, that one negative being and that one positive? No one knowing? They are saying for understanding that Man just prepared and Man was just created in such a way to understand the reality of being positive or negative. Finally, we may come to a level that we may even look and we may say that is a positive one, and looking at the other one saying that is a negative

one. What does it mean? Positive one, every movement that one is bringing in existence, it is a useful being for the Creation. What about for the negative pole? The negative pole, also it has such a strange being. That is what happening from positive pole, that just going to be used, taken by negative pole and sending away (that energy).

As a person is eating, eating what it is giving benefit for person, the body is keeping in it, and what it is not suitable to be protected inside and taken away. That is positive and that is negative, and so on. This means they are under such a way. There is positive understanding and negative one. Positive understanding is granted to your spiritual being and negative side of Man that just taken from it. What it is that is going to be taken from that one, and is going to be empty and thrown out. Now we were saying Allah Almighty is creating and everything must know their Creator. If their understanding is positive, that is going to be forever. Real reality is granted to that one, and that means truth that belongs to heavens. There can't be in it any other element for changing it. It is pure power that is making people to understand from reality. Don't think that everything is not going to know Who created them and granted them to be in existence. Everything, even smallest part of matter, must know this and must say subhaanAllah, "Glory to our Creator," glory to our Creator, glory to our Creator.

What about you, O Mankind? Are you saying this even daily, "Glory to our Creator?" Endless Glory Oceans to our Creator, are you saying? You are drunk, drinking whiskey, drinking beer, and drinking vodka.

"Drinking my darling, what you are drinking?"
"Who is speaking to me?"
"You are not recognizing me?"
"O my darling, you are? I was just drinking so much tonight, I lost my memory. I even forgot that I am with you for 60 years."
"O thank you my darling. You are my darling." And bringing this looking (eyeglasses).
"You are my lady? Do you have any doubt that I am also tapa, full, full drunk? Therefore I must bring two witnesses to say that you are my darling."
"What happened? Come and look. That lady, my lady. My darling or another one? Who is that one? I am looking. My darling, she was not such an ugly one, that looks like a duck."
"Huh? Duck! O my darling, you lost your memory. No, come here..."

"You recognize me? Yes sir, from your ... now I understand."
"Now we are happy. O my darling, now, I am recognizing you and a person when he is losing his darling for a long time hen they are meeting and recognizing by force. I am so happy."
"O my darling... she was not in such a way, but what we shall do."

O People! That whiskey, champagne, or vodka is making people become so ugly, no-mind ones. Leave that, and come to learn to know about your Creator! Even ants are knowing their Creator; even atoms are recognizing and knowing their Creator, and they are glorifying their Creator saying, subhaanAllah, subhaanAllah, subhaanAllah, "Glory to my Creator! Glory to my Creator! Glory to my Creator!"

O People! Today, one day more went away from our lives. We don't know which day is going to be our last day. Sometimes use your mentality. Sometimes use the grant of heavens that you have been granted from the Lord of Heavens to know Him. Are you using it or not? People are drunk now. That atom is knowing it's Creator and what is the proof that they are knowing their Creator?

O Wahabi `ulama! Why are you not saying to people that everything is making dhikr, while you are against dhikr? Always saying, bid'ah, bid'ah, kufr. Say to ants also, because they are doing dhikr. Are you not reciting the Holy Qur'an? What is it saying?

••••• •••• •••••• •••••• ••••••••• •••••••••• •••••••• •••• •••••••••••• ••••••••••••••

wa in min shayyin illa yusabbihu bihamdihi, wa laakin la tafqahoona tasbeehahoom, "...and there is not a single thing but extols His limitless glory and praise: but you [O Man] fail to grasp the manner of their glorifying Him!" (17:44)
min shayin illa yusabbihu bihamdihi, "..there is not a single thing but extols His limitless glory and praise." (17:44) That is dhikr, or not? Go to ants and other creatures and say, "Don't do that, it is bid'ah." Why are you not saying this? You are coming to me saying, "O Shaykh, you are collecting people and making them to say Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah, Allah Allah. But you are rushing on people, saying, "If you are making dhikr, you are making shirk." From where are you bringing this? And you say, "We are `ulama." The Holy Qur'an is saying,

••••• •••• •••••• •••••• ••••••••• •••••••••• •••••••• •••• •••••••••••• ••••••••••••••

yusabbihu bihamdihi, walakin la tafqahoona tasbeehahoom, "...and there is not a single thing but extols His

limitless glory and praise: but you [O Man] fail to grasp the manner of their glorifying Him!" (17:44)

If I am collecting people, and making them say all together, SubhaanAllah, Sultan Allah, SubhaanAllah, Sultan Allah, SubhaanAllah, Sultan Allah," they are saying, "That is bid'ah." Dhikr is bid'ah? From where are you bringing this, so foolishly?! How? From where? What is your proof? Say! You can't say, because you are not using either your mentality or mind, and are never using your heart's power. You are going to be occupied only through your mind's production. If there is mind's production, much more important is the production of our hearts. Give your hearing for your heart, and try to hear what your heart is saying also! It is saying, Al-Lah, Al-Lah, Al-Lah, Al-Lah, Al-Lah, Al-Lah, Al-Lah!

You can't say to me, "No," because Allah Almighty is saying wa in min shayin illa yusabbihu bi-hamdihi. Our heart must say Allah, Allah, subhaanAllah. Allah, Allah, subhaanAllah. Allah, Allah, subhaanAllah: the whole world may fall on it. Yes, what we shall do? Allahu akbar! Allahu akbar!

You may say over the level of `ulamas, look and listen. Don't say, "We know everything." No, you know nothing as I know nothing, but I am giving my heart to hear and something coming to my ear through my heart, and we are saying something or else I am not knowing also. But such a meaning, it is a grant from the heavens that believers can understand more and more, because 'ilm is a heavenly light granted through heavenly beings to some selected ones of Mankind that are prepared to take that power, heavenly power for hearing and to give. As this, such as scientific instruments, they are hearing and giving. If I am saying a person may listen from heaven. Wahabi ulema may say it can't be. If I am saying that a man may say about heavens, you may say it can't be. It is possible for that instrument, and He who created our physical beings, no connection between a machine and between a man's manifestation. This manifesting is so easy, so easy, it is nothing. But people saying, "Ohhh! Technology has just reached the top level."

(O `ulamas!) Why are you not looking and seeing that endlessly powers have been granted to you from heavens? Why are you not saying this? If anyone is saying that, you are saying, "You are making shirk!" What is that shirk? Take away kufr from your books, according to your knowledge. It is not kufr! Those people related to heavenly knowledge are saying when a mu'min (believer) going to be (in a state of) kufr (unbelief), a person is going to be in kufr? Imam Sha`rani said qutubs are not accepting such a thing. But in spite of them (Wahabis), there is a qutub - people who have been granted heavenly powers. They are saying that if

you are going to call a person kafir, we must look from which doors coming in, until he is coming from that door out, then we can say kafir. Which door are you going and becoming Muslim? The doors of shahada, to say Ash-hadu an laa ilaaha illa-Llah, wa ash-hadu anna Muhammadan `abduhu wa rasooluh (s). According to Shari`atullah that is a mu'min. When does he become kafir? If he is coming out and saying, "I am not believing what I was saying before," then you may say that is a kafir.

Even Holy Qur'an saying about one companion of Rasoolullah (s), that he was once killing a person who was saying, As-salaamu alaykum, as-salaamu alaykum. Rasoolullah (s) was blaming him when he said this word because he was fearing that (the other) may kill him. Rasoolullah was saying,"Did you open his heart and looking that he is not Muslim?" Even if a person (is only) saying, As-salaamu alaykum, you must say that is a Muslim, that is mu'min. But Salafi `ulama using (accusing) for everything, "Bid'ah, kufr, shirk, haram."

You must know a new period coming and perhaps that period of this world is going to be the last period. Try to learn Shari'at Muhammadiya (law of Muhammad [s]). Beware of Shaytan carrying you to the Fire. Follow salafu as-saaliheen, the ways of Sahaaba (r) that they are taking from prophets.

O People! Hear and obey. Always blame your ego. Don't try to blame people, (as Salafis) saying, "That is (the way of) ahlu 'l-bid`ah, that is ahlu 'l-kufr, ahlu 'sh-shirk, ahlu 'l-haraam." Leave that for you (Salafis)! You take care for yourself, because you have not yet been granted a heavenly certificate that you are a real mu'min or Muslim on your way to Paradise. Don't do this, and leave people to their Lord. Allahu khayrun haafidhan wa arhamu-raahimeen wa ahkama'l-haakimeen. Don't give hukum, O Salafi `ulama. Allah Almighty is warning you and saying, alaysa 'Llahu bi ahkami 'l-haakimeen. What we have said, bela wa akhsah. Don't be hakim, judge on people's actions. Leave them and look after yourself. How it should be the Day of Resurrection? May Allah forgive us, O People!

dome dome dome dome
dome dome dome dome
dome dome dome dome
dome dome dome dome

Don't say, "Shaykh is singing, dome dome. That is bid'ah." Don't be judge for anyone! Allah knows. Because Allah's Prophet (s) was saying, innama `amala bi niyat, "Actions are according to their intentions." I am not

making dome dome dome dome, dome dome dome dome for my ego, no, but to make people happy! Coming a happiness and refreshment to people, to our listeners. Ka annahu min aswatil samawaat, "It is like a sound from Heaven."

Allah Almighty forgives us, forgive our Salafi `ulama, and forgive everyone as He likes.

(47 minutes)
Thank you for your listening, O my listeners. Forgive me also. You say, "At least Shaykh becoming kharfaan, too old one. He is not knowing what he is saying. He is not understanding. Therefore, it doesn't matter. We forgive him. It doesn't matter." All of Hadith Qudsee says, "When My servant is reaching 90 years, I am forgiving him and making him `ateeq, saved. I saved him and he is going to be `uttaqau 'r-rahman." We are on that level. Don't blame me, O young `ulama. No, forgive me, and Allah (will) forgive you.

Fatihah.

## Everything is running towards its last point

Audhu bi-llahi mineshaitana rajim. Bismillahi Rahmani Rahim. Everything is running towards its last point. For everything there is a last point, that is coming to there and then stopping or disappearing or finishing. 'Bismillahi Rahmani Rahim wa shamsu tadshri li mustakaril laha'.Allah Almighty informing His servants (about the) sun, that is main factor for life on earth. Without sun no life on earth, and Allah says about that sun that it is moving towards its last station, last point; approaching day by day, month after month year after year, century after century, thousand years and thousand years. Moving towards its last station, that when reaching to that point, going either to stop or to disappear or to be taken away from existence. Finishing.

And I am looking to myself and looking to all of you that I and you, all of us, what is appointed for everyone of us to be his last station, day by day (we are) approaching. I was thinking that in front of me years, so many years, and now I am reaching to 80 years. I am asking a further station,

maybe should be granted, but if going to be 90, it is going to be also the day that I must disappear, and I am looking here young people, all of you, that you hope to reach more life to be for you 80, 90, even 100 years. But we must reach that point, the limit that is appointed for us. That limit coming. Therefore they are giving to me that sign, information, about sun.

Sun- only Allah knows how many billions years rising- setting, rising-setting, rising-setting, but also moving like this. It is rising, setting. Second day it is not on same point rising and same point setting. 'Rabbu-l masharik wa-l magharib.' Therefore Allah Almighty is saying: 'Rabbu-l mashrikayni wa rabbu-l maghribayn'. Every day sun, if it is rising from its appointed place- and that is one point Allah Almighty saying about it- and then same day coming and setting down. This Allah Almighty is arranging. That is from Allah Almighty, not sun by itself making its rising and setting. Its Creator, Lord, making every day for sun one point to rise, one point to come down. And then 'Rabbu-l mashriqayni wa rabbu-l maghribayn' signing the farest point for rising and setting, and more closer place that sun rising and coming down, that means rising and setting points through summer time and winter time. Aqsa, most far point for rising. And Rabbu-l masharik wa-l magharib', because sun moving- every day coming another- from another rising point through universe. Rising and coming down. Next day coming another point; so that the sun is moving and it is doing its importance so exact, you can't find even second to be late or to be early.

And it is moving for its last point, when coming. 'Subhana man nauwarik, subhana man sadawarik, subhana man iza sha'a kauwarik'. The Prophet, salallahu alayhi wa sallim, was saying when looking sun rising, looking its lights, so beautiful and magnificent: 'Only Allah may give to you such a shape, so round, you can't find anything like this or that, full circle. Glory to your Creator that created you in such a perfect appearance and

giving to you such a beauty, such a light. You are magnificent through skies, and He is the only One that when He likes, to make your existence coming, coming. closing, closing and through darkness finishing. Sun going to finish: 'Isa shamsu quwirat'. sun going to be closed down, finishing, no more sun rising, no more sun in existence.

For everything there is a last point, reaching and then disappearing. From where coming, ending in it. 'Inna li-llahi wa inna ilayhi rajiun' does not mean you are coming from Allah, from His Essence, no. Only you are coming and appearing from Allah Almightys endless Power Oceans, 'bahru-l qudra'. Appearing, then turning back through that 'bahru-l qudra', oceans of Power, coming and disappearing. There are some fish, that salmon, I was going around in America and I saw them jumping from the ocean and then disappearing, jumping, disappearing. and everything in existence is coming and appearing then going to disappear. And what that one is reaching through that very short time- jumping, what it can take out of the Oceans of Power and then coming down in it- what it reached, taking it and coming down, so that it is not same when it was jumping and coming down also, no, not same, just changed. And we also- from endless Power Oceans we are appearing, and what we have been ordered to reach, we are taking and then coming down, disappearing. Therefore everything on earth is going to be change- not every day or every week, but every hour and every second and every less unit of time. That is 'Azamatu-l Haqq, the Greatness of Allah Almighty, that is impossible to think on. Only Abd, servant, may say: 'Allahu akbar!'
May Allah give us some understanding for our Lords Identity. And only we may reach the last point and we are taking something and going to disappear..
From pre eternal up to eternal. May Allah forgive me and bless you.

## Everything must be for His Glory

Allah, Allah...Meded, Ya Sultanu-l Awliya, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...
Everything must be for His Glory! Everything that (you are) going to do (must be) only for His Almighty’s Glory. Don’t do or don’t work for yourself, for your ego! That is Haram! “Al Haramu bayyun wa-l Halalu bayyun.“ The Seal of Prophets was saying: “What is forbidden is clear and what is permitted is also clear, well-known.” And, as a summary, if you are asking to say what is Haram, forbidden, and what is permitted, Halal, we can say: Everything that you are doing or working for your Lord Allah Almighty, that is the way of Paradise and it is (the) Halal way of our life. Everything that you are doing for yourself that is Haram. Everything that you are doing for yourself, for your ego, to make it happy, that is Haram. This is a balance that can ‘t be changed.

From beginning up today all Prophets (were) coming and asking people to know what is Halal (and) what is Haram; what is forbidden or what has been ordered. Orders from Heavens (are) either saying: “This don’t do, (it is) forbidden.” If heavenly Orders saying: “Do this”, that is (something) permitted and Halal.

Subhanaka! La ‘ilma lana illa ma ‘alamtana! Don’t look (in the) Holy Quran as you are looking (in) any book! Don’t read (the) Holy Quran as you are reading (the) newspaper! Don’t try to understand (the) Holy Quran

by yourself. (The) meanings of (the) Holy Quran (are) coming also from Heavens. The meanings of (the) Holy Quran can't be mindly production. Therefore who is putting his mindly production on it, (he is) making a big sin: Just he is putting his opinion about the meanings of (the) Holy Quran. And (the) Holy Quran (is) showing everything, if you are using heavenly Lights that are a Grant from Allah Almighty to you. If you are not putting that heavenly Lights, you can't understand anything from (the) Holy Quran.

Therefore 1oo's of people are saying: "We are translating (the) Holy Quran"; into English, into French, into Russian, into Latin, into Spanish and through so many languages. They are making a translation, but they are not believing. That means their translation (has) no value! It is only an imitation, not real understanding. If he was understanding really, (he) must say: "La ilaha ill-Allah, Muhammadur Rasulullah sws" and (that): "(That) the Holy Quran (is a) holy Message, (the) last Message from Heavens to mankind." Thousands of people (are) making translations according to their mindly productions, but mind productions always are always accused to be (there) some wrong views, or some wrong ideas, or some wrong thoughts or understandings in it, doubtful.

(The) Holy Quran (is) saying about (the) first man and his position and also the Lord of Heavens (Himself is) saying through (the) Holy Quran what Shaitan did finally and then what Adam did finally. Shaitan worked, he worshipped. He worked- not (a) work that we are working on earth now; he was working (for) what he was asking from his Lord: to reach levels and he was asking to reach (the) last level or (the) top level or (the) limit level.

Allah was knowing that his aim (was to reach something) for himself. He was working for himself (and) therefore all his efforts, thousands and thousand of years, even billions and trillions of years he was working, but the line for (the) final point (was that) he was working for himself and his real aim was to reach the top point of creation, to say: "I am after your Lord (the) first one!" That means he worked for himself, for his ego and all his efforts just finished. It was Haram, so that Allah Almighty (was) saying: "Take him away! Kick him away! Everything that he did (was) not for Me, (but) for himself! Kick that Shaitan down!"

Anything wrong through Ingil, Torah, Sabur, Quran? Anyone (is) saying from Prophets that Shaitan did his best? Yes, he did his best- for himself, not for Allah! Therefore: "Al Halalu bayyun wa-l Haramu bayyun." Shaitan and his efforts, it is so clear that he was working for himself, not for Allah. Finished, all works were

Haram and up today he is doing for himself, not for Allah. He is with us, running around, coming in ourselves, going around ourselves, running from East to West to make people democratical, (saying): “You must be democratical”, because democracy is not for Allah and (the) heedless Muslim world also (is) running after democracy. Democracy (is) for Allah? Bring your proofs! Shaitan’s biggest trap for mankind is democracy, to make them away from Halal, from (the) Holy Commands of Allah Almighty. He is saying to heedless people: “You may arrange yourself. Use your mind productions and you should be happy!”

Ma sha Allah! They are so happy now! Everywhere where (there is) democracy, (people are) eating themselves, someones each other. Shaitan saying: “I am so happy! You are now democratical people, listening to me. Yes, eat each other without cooking, don’t put in big pot, no, like this!” Like (a) snake (is) swallowing another creature, not asking to cook. No, only putting inside (its mouth)... and saying: “Oh my darling, how are you inside me now? Happy? I am doing democratical system for you to give everyone rights. You (are) my rights, I am swallowing you!” Now powerful one asking to swallow others and saying: “Ohhh. Now I am happy that I swallowed you!” That is democracy. Shaitan worked for himself and just (he was) kicked down, thrown away.

And then Adam- alayhi salat wa salam, peace be upon him- he was in Paradise and the Lord of Adam, the Lord of Heavens, the Lord of Paradises, the Lord of creation, (was) saying: “You are here in My Eden Garden. You can do everything, you can eat from everything, it is okay, but- I am your Lord and you are My servants and My right (is) to order My servants what I like.”

So many foolish ones (are) asking now: “Why 5 times prayings?” from heedless Muslims, “Why He is ordering to fast, why He is ordering not to drink wine?” So many foolish dirty ones asking: “Why (He is) preventing us from adultery?” So many dirty people that they are followers of Shaitan and cheated by Shaitan.

He is the Lord of Heavens, He is (the) Creator; He has only Lordship, lordshipness (is) only for Him, Almighty, not (for) anyone else. “You, Adam, (are) My servant, but now I granted to you all Paradises, you can go from East to West, everything (for you), but, as I am your Lord, I must show to you or I must teach you about My lordshipness and Your servanthood. I am putting you in My Paradise and (I am) dressing you (the) honour dress of Paradise and I am crowing (you, putting) on your head crown, but you must not think that with your honoured clothes and crown you are going to be something else from My servanthood. I am

that One who dressed you and crowned you, coronated you, therefore I may order and everything that you are dressing from honour I may order to you servanthood, therefore I am saying: Oh Adam, listen to Me and obey! Everything here in that Paradise is for you. But that tree I am putting there and, as I am your Lord, (I am) ordering to you: Don't eat! Don't approach!" Heybet, Azamet from Allah Almighty! He is Glorious! And that Command was so gentle yet, because if He is giving (even only a) 'nukta', a small point from His Greatness Oceans, just disappearing Paradise and everyone in it also. Adam also. Saying gently: "Don't come closer to that tree and don't eat!" That means: "Beyond this, if you are not obeying, it means that you are doing, you are working for yourself. If you are eating from that, it means (that) you are (the) servant of your ego, you are not My servant. You are doing Haram!"

Therefore it was not originally Haram, prevented, but that acting, that eating, that was Haram. Therefore, when he approached and (he was) eating, just whole works (were) going to be belonging to his ego. Not working for Allah, therefore Allah (was) saying: "Get out!" And (the) divinely Sound (was) coming from every direction, not only from one direction. Everything was saying: "Get out, get out, get out, you are becoming dirty! Get out!" Allah Almighty's Order! And when "Get out" Order (was) coming, he and Eve (were) looking that these honorable dressings (were) falling down and they were appearing with their nature, nothing on them, just disappeared. They were running like this, like that, like this, like that, to cover themselves, finished, only fig tree's leaves coming and giving this and getting out, coming down. Because he did, he worked for himself, everything becoming Haram.

Therefore, when (the) Prophet (was) saying: "Al Halalu bayyun wa-l Haramu bayyun", (it is) a big ocean. They are making me to speak only a little spot on it, to make you to understand what is Halal, what is Haram: Everything, every effort that you are doing for yourself is Haram, everything you are doing for Him, is Halal! Everything you are doing for your ego, finally (is) taking you to fire. Everything that you are making for your Lord Allah Almighty is taking you to Paradise.

People lost their ways now; you can't find anyone for working (for Allah). (They are only) saying: "My business, my company, my work..." "For whom?" "For myself; to make happy my children, to make a good future my children, to prepare for myself a good future." Anything else? No one (is) saying: "I am trying to be a good servant for my Lord." No, (but): "My business..." Making green bank notes- Dollars-, and different colours Euro and English Pounds, putting: "Take this (to) bank. This is my future's guarantee." People asking

their guarantee with those bank notes. Where is Allah for them? That is democratical teaching for people, shaitanic teachings for people!

Oh people, try to live for Allah, to do for Allah, you should be His servants. If not, you are doing Haram and you are servants of Shaitan; not servants, slaves! May Allah forgive us and change our hearts to Him only, to be His servants, to be glorified by being His servants. For the honour of the most honored one in His divine Presence, S.Muhammad sws, Fatiha.

## Evil, the Fruit of Unlimited Freedom

When you know that something is a sin, you must avoid to do it. But sometimes sins are committed by mistake. When that happens, you will feel a heavy repentance which can continue burning during your whole life, or even after, right until the Day of Judgement. Because of that, we must ask Allah for protection against doing such wrong actions. Sometimes you cannot forget and every time when you remember, a fire will burn and you will ask yourself why you did it. So every time you pray, ask for protection against making any wrong step.

Our egos always want to step on wrong steps. They do not want to follow the steps of the prophets. Especially youngsters in our time want to be free. Being free means to do want they want, whatever their egos ask them to. But every time you follow your ego, it is dangerous. Maybe there will be a kind of pleasure in the beginning, but finally it will be bad. Every bad thing can be enjoyed for people, but finally they reach a terrible end and they will repent.

It is a new fashion for people to ask for "Freedom, freedom, freedom!" Wherever there is freedom, there is no discipline. Take a school, for example: if there is no discipline, no student can be prepared for any job or for their future lives. If you leave students to be free in school, no-one will pass any exams, no-one will learn anything. We were all in school and were very happy if teachers came too late, or if they didn't come at all we

had a holiday.

If you leave people to do as they like, there will be no discipline. The biggest problem for governments and for communities is this freedom. Every day so many come and complain, "My son ran away, my daughter ran away, my wife left me, my husband disappeared, my mother never comes..." Those are the fruits of unlimited freedom. It is the biggest illness of this century and it is the main source of any problem. People want to blame it on economics, but that is a lie. With that they are hiding the real source. It is not economical. It is a problem of our characteristics. It is a problem resulting from our governing systems. It is a problem of our endless desires for freedom. That causes our problems and they cannot be solved by any means. Money can't solve it. When your daughter runs away, can money get her back?

This city should be closed down after sunset, because that is the time when evil comes 100%. Muhammad* told us, "Don't let your young ones to be outside after dark, because it is the time of the jinn." If you let them out, 7 shaitans will follow the male and 70 the female.

People are mislead today by wrong ideals. In western countries there are countless devils in human shape. They are in the magazines, newspapers, news broadcast, videos, cinemas... It is all misleading people. Even schools, colleges and universities are misleading people. Governments, all of them, are misleading their people. May Allah forgive them.

# EVOLUTION

Evolution in our days is introduced to students as a real thing, but it isn't, it is only theory and theory means a vision from someone and it may be changed by someone else's theories also. No theory is based on a fixed point. I wonder that science says this and scholars know that, but they insist on introducing Darwin's theory as it cannot be changed. Even though so many theories are bringing proof that that theory is false, not reality.

Now it is well-known that every kind of creature is carrying its particularities through centuries, through thousands of years or millions of years. If the theory of Darwin, or evolution, is saying the first living units were amoeba and still the same kind of amoeba are living in our days as the theory is saying amoeba improved and became another creature. According to the theory the amoeba must be finished - and the second kind of creature must have begun. If Darwin's theory is true, then there must not be in existence any kind of amoeba, they must be finished - when the new creature appears through evolution, the first one must finish and the second one must be in existence. When it is evolves to the third step, the second step before it must have vanished generally and totally and only the third step must be in existence, because evolution is going on. When evolution is reaches apes and apes become men, that kind of apes must be finished, so no more apes on earth - must be only mankind and no other type of creature. That is the meaning of Darwin's theory.

I don't know if they understand anything else. That is the wrongness of that theory - claiming evolution and yet we are finding every kind of creature that evolved one from the first one, just more and more kinds of that are living in our days. We also say: who stopped evolution at man? Why is man not still evolving? Which power is stopping man to evolve? If evolution is going on, what is the reason that no creature is evolving after man? Apes are becoming man, man perhaps may become more evolved - why stopping?

Therefore, it is a wholly wrong theory, but atheist people do not believe in the Holy Books and are fighting Holy Books. Therefore, they use as a weapon to fight that man coming from man, now proves science as a real knowledge that DNA, genes and chromosomes are carrying the specialities of every kind of creature, so that at the beginning every kind of creatures bringing their inheritors through DNA and genes and chromosomes. Therefore, amoeba should bring amoeba, apes should bring apes, man should bring man, wolves bringing wolves, oxen bringing oxen, donkeys bringing donkeys, geese bringing geese (not hens), hens not bringing turkeys, turkeys not bringing swans, cats never bringing mice and lions never bringing dogs, dogs never bring cats, elephants never bringing sheep, sheep never bringing rabbits, rabbits never bringing rats.

That is a big scandal for science in the 20th century and it is finishing. Yet, some fanatic atheist people are insisting on it as a reality, as a real science, and they are wrong. Therefore, I am sorry for every government, for every minister of education that is living to teach new generations atheist ideas through that foolish theory of Darwin, to try to put instead of the traditional knowledge from heavenly books that man is coming from man, not coming from apes. If they are accepting that their grandfathers are apes, they should be apes also according to the proofs of DNA and genes. Yes, I am sorry that all governments are carrying on atheist ideas through educational ministries, allowing such nonsense ideas to be taught to new generations and for new generations to grow up against religions, against faiths, against beliefs, against heavenly knowledge and information for creation, creatures and particularly for mankind.

Islam is saying that every creature in its kind is perfect: to be an ant is perfect - an ant is not going to be anything else; and lion on its line is perfect - a lion is not going to be an ox; and ox is perfect on its line - not going to be lion; or a horse is perfect on its line - not going to be an elephant; and an elephant is perfect on its line - not going to be a mammoth; dears are perfect on their lines - they are not going to be goats; or goats are

perfect on their lines - they are not going to be deer; sheep are perfect on their lines - they are not going to be dogs; and dogs are perfect on their lines - they are not going to be wolves. So that every kind on its line is perfect. What do you say for bees? Do you think that they are going to evolve? What are they going to be? Are they going to stop making honey? What is perfection evolution about bees?

That only destroying the whole theory of Darwin, that satanic theory of Darwin. It is satanic, useless - only fighting beliefs. What are bees going to be if you are accepting evolution? Bees should make poison after honey? What is that? Foolishness. And they are teaching it to youngsters as a real science, real knowledge! But atheist people are satan people, asking to destroy all beliefs that are living from the first day of this life up to today. What is a silk worm going to be instead? What is it going to do more than silk? What are they saying? Is it going to be a sparrow? Or is it going to be a butterfly? Or is a butterfly going to be a silk insect?

How are clever people, scholars, accepting such foolish theories, satanic theories of Darwin without thinking? They are to blame and anyone who is accepting such a satanic theory must be ashamed. I am asking those scholars who accept this: Who began the first amoeba on earth? Did amoebas just appear by themselves? How did the first amoeba happen? Who brought the first amoeba in existence? They may tell me. Who is making the second step from amoeba, from one cell to more cell creatures? Who improved the amoebas to be on the second step? Did the amoebas jump, were they high-jumpers - jumping to the second stage? Which scholar will tell me? Or was Darwin taking their hands to jump to the second stage and from the second stage to the third stage? And was Darwin taking from apes to the stage of mankind? That foolish, satanic theory person - was he that one? Why not say who was arranging evolution? Who is that one?

How are atheist people cheating scholars? But they are spending millions of pounds to change beliefs, to make people unbelievers, to make people communists, to make people lose all the values of humanity, to make human nature animal nature. We must fight against that. That is the real knowledge against them. They must bring their evidence. Because we know as a real rule that is with science now that an incomplete thing never brings a complete thing from it. Therefore, it is impossible for an incomplete or an imperfect creature to bring a perfect creature. How are apes bringing more perfect than apes, man? How is that evolution? What is that foolishness and nonsense? Instead of running after satanic verses, they must run after such foolish satanic theories. Why is science defending Darwin? A satanic person belong to Satan, cheating people. The church is against him, banishing him, throwing him away, because he tried to destroy

beliefs. He destroyed first the beliefs of Christians and now his foolish theory is going to destroy the beliefs of Muslims also. Heedless Muslims may be cheated, not awakened Muslims or awakened believers - in every religion they are not going to be cheated by satanic theories. So many satanic theories are atheist people bringing and this is the most famous one - the whole of knowledge is being supported on a nonsense satanic theory of Darwin.

All pictures shown in books to illustrate this satanic theory are only imagination. They are doing it and introducing it to people as a real shape. Also, they are taking some bones - there was a scandal years ago that made it clear that they are cheating people taking some bones, mixing with some others to show that this is a real form of former man - but it was a cheating. They found out in Europe and it was a big scandal for them. Yet, the education system is not looking to deny such a satanic theory. They are showing coloured people, not white people, and making coloured people sad, because of evolution their colours did not evolve. We are not believing in such satanic theories and we know that only the Creator can give colours - they are not from evolution. Coloured people - black ones, white ones, red ones, yellow ones, all of them - they are kinds of the same human nature, there is no difference according to their colours. All of them are in perfection through their creation. Only the Creator, according to His Divine Will, is making so many colours and He knows His Divine Wisdom.

## Evolutionism Versus Perfect Creation

(Mawlana stands.)

Dastoor ya sayyidi ya sultan al-awliya, madad ya rijaalAllah. La ilaaha illa-Llah, La ilaaha illa-Llah, La ilaaha illa-Llah Muhammadun Rasoolullah. Dastoor ya rijaalAllah. As-salaamu `alaykum ya `ibaadAllah.

Don't be `abdu nafsak, dirtiest one is that one who going to be a slave of his ego; dirtiest one and thrown away from heavenly stations. Therefore, O people, beware on your egos; it is equal to beware of Shaytan. You are listeners, yes, we must listen.

O our master, who is controlling everything through east and west, from north to south, on skies and under oceans! You must know that there can't be two iraadah, wills, on one planet. Who may show his will and may do according to his will, not anyone else. That is important. That is a very important point. Now we are trying to understand something from our grandshaykh that he is pole, qutb for this world qutb fi 'd-dunya.

You must believe, O whole `ulamas, whom they are claiming they are `ulamas. I'm not addressing only Salafi `ulamas, but whole `ulamas from east to west who are saying they are learned people. You may say that, "I am a learned one, `alim. I am knowing so many holy verses through Holy Qur'an and I know also thousands

of hadith, knowledge that just arrived to us from heavens through heavenly messengers." Are you claiming that your whole knowledge keeping through your memory or through your heart?

You are knowing to a limit, but beyond that limit do you know? Don't say, "I am `alim (scholar)," but say, "I am taalib (student), I am asking to learn." And that is high honor for Mankind, to learn from holy knowledge. Don't think that what is on Earth, so many animals through animal world, so many plants through plants world, it is only that one or it is enough for you. Yes, all of them signing the existence for a creature. If no Creator no creatures, because never happened that a creature brings itself, herself or himself in existence by itself, by himself, by herself. Who may claim this?

But so many foolish ones saying Man coming from apes. How you are giving an evidence on it? What is your evidence? And is it so shining evidence they are using it for their knowledge to say that Man coming from apes? Any evidence? No evidence. But they are saying about their creation that, "This is our creation, that we are coming into existence from nothing in existence and being something." But they are not ashaming to say, "We are coming from apes in existence." Not ashaming and not believing also! This is a big blame from those people also, whom they are claiming they are coming from apes. This is your honor? That is an honor to say this and to be happy? Yes, you are apes! Oh, if it was what you are saying, you are going to be dust finally and you are not calling for a judgment and the Lord of Heavens giving animals. Also coming on the Day of Judgment and saying turn back as you were, turn back to your origin. What was their origin? It was dust! They are going to their origins, but can you, Man, come and say how you are claiming that if are coming from apes? And apes, on the Day of Resurrection, are going to turn back to their real being that was dust, going to be dust. But you are here now, I'm not commanding to your physical being, "turn back to be dust," no. Your physical being going to be on same creation of, lahm, flesh and bones.

But you have been granted something more, that giving to be an honor. They have been granted that grant. They are taken from earth and sending back to their real beings. But you, you were created, the Creator created you as He likes and you were only a Man's structure, or Man's shape, nothing. You were just bones and flesh, first creating you from Earth and you were a shape just appeared as a Man, but no any action through yourself, no. You were only like a dead body. Everything okay, as a person just fell into sea and getting out and putting in a place. You are looking, that is a Man and we are looking that nothing is absent from this body and they are saying coming from apes! If his life coming from apes, you may bring an ape to

give what it has to that drowned body to make it up, as sometimes there are two batteries and they are saying this one is empty not working; you must bring another battery that is working to bring from its charger to that one that is finished.

Do you see what was in it? Do you see what it lost or what was that full battery? They are saying one working but we must bring this one, to bring something from it. Anyone explaining? No. We are putting two wires and leaving and saying now it is okay, just full and charged, yes. And animals that they are claiming to be the ancestors of Mankind, what they were carrying from secrets that giving to them to stand up and to do so many things, unless they are apes? How happening? But people are not thinking, they are not thinking anything. That is a principle that putting empty battery with full battery, and no one looking and seeing finished this one, and what that another one giving to it. Never you can see.

Therefore, Man they are foolish and ignorant one (to believe) that Man coming from apes. What apes giving to a man? Who giving must be much more powerful then it is giving to that one a power. How apes are yet on their apes' level but Man standing up, living, making, building, destroying, killing - everything? Yet apes, they are apes! (laughter) But people thinking they are superior ones, they are claiming this because who said? One priest saying this and you are believing that one person and you are going to deny 124,000 holy ones that they are saying your Lord created you and your physical being it had no life in it. After that, what happened?

Allah Almighty ordering the soul, it is a being or a creation, but no one knows its identity. We are looking only it was a dead body and then something entering in it and first he was moving, his eyes opening and looking. Then that secret power that making eyes of that new creation looking, and that power running through that shape and coming down, and we are looking and seeing that first material that the Lord of Heavens created Man from Earth. Earth beginning to move! How it can be? That secret point that granted from the Lord of Heavens to Man and Man created as a Man and Man's creation is on top point. Others just created but they haven't been granted a secret power to think, to know and to do! Animals world, no mind for them. A small lamb may come from its mum and running after it's mum's breast. Who is teaching that one? But Man is something else.

But those people who are claiming they are professors are really knowing nothing because Man's creation, no one can know it except their Creator. Don't make your level the level of animals, or don't make it under the

level of animals. Where is your honor? As being from human nature, how you can say apes on same level with Man? If man coming from level of apes and there is level of mankind. If you don't have something you can't give.

How those people they are saying that Man coming from apes? Man has so many specialities that making Mankind on a level and making animals on different levels! Who doesn't have something can't give to Man as he has such a speciality. Speciality of Mankind, O professors, O scientists, O liars, O shaytans who are claiming Man coming from apes! Darwin said this, and you are not believing the declaration of 124,000 special beings, but believing one crazy one. How? First there is a rule through nature that something going to appear once it may appear also several times or endlessly may continue its being and its real being. Man is most honored one in existence on this world. How you are claiming Man coming form apes from animals? Who may accept to be said that my grandfather was an ape and I am coming as a man? If your grandfather was an ape, he was speaking? He was making something? No He was learning something? NO!!

How you are saying you are coming from something, that you are not keeping the attributes granted to Man, that was never granted to apes? Why you are claiming and making so much nonsense?! You are claiming that Man coming from apes, and you are not ashaming to say this? No brain for them? How you are saying if Man coming from apes, from where apes and cats came? Cats are very proud ones because they are saying, "Our uncle is lion," and saying meoww, meowww! They are so important ones, for what? What is that? Don't say this, "Our uncle is lions; therefore we are so proud." Someone saying to them, "If your uncle accepting you to be its child from its generation, from where you are coming to me? I am lion! When I roar, whole jungle trembling, so what you are saying, 'meowww'? Who listening to that from you? I am the king of jungles, no any relation between lions and cats!" Even cats look like lions, but small size. We are thinking that dogs not claiming to say, "Our ancestors was wolves," and wolves saying, "We are so proud that our grandfather was apes," and apes very angry, (saying), "Who are you to say to me (you are a) lion from my generation? Go away or I am killing you!!"

Another and another, so many kinds of Creation, everyone they are claiming and looking themselves as best creatures. They are not happy saying, "Cats coming from lions." Jaguars saying, "My grandfather was tiger." Tiger saying, "Who are you to be my grandson? Go away!" No one asking to be like another creature, but Mankind is so foolish, in such a mental house, never getting out with such a foolish ideas, bringing such a

foolish ones to make the understanding of Mankind in such a way that not to say. Our Creator just created us as a man.

Donkey saying, “I am thankful to my Lord that He created me.” So many saying that we are coming from this or from that academies. I am saying that if coming, make what donkey making "hee haw hee haw!" Make it, make how monkeys (are) shouting! I am asking those people whom they are believing their ancestors were apes, make like it and look its face and your face through mirror, how you are claiming this? And I’m sorry that through whole world, who is teaching that they are coming from apes, they should go not to Paradise, they are not smelling even its beautiful smell!

Use your mind and try to know Who created you and for what He created you, and which thing your Lord asking you to do! You are running after Shaytan and Shaytan carrying people to fire! Their life here is in miseries and sufferings and next-world fire waiting for them! May Allah forgive us!

It is so dangerous claiming and very shameful for Man to come from his high level to dirtiest level of animals! How they are doing this as a knowledge? Such things making the Lord of Heavens to be angry for them and opening door of technology to kill, to destroy each other’s cities and countries. That is the Lord’s punishment for those who are following Shaytan and Shaytan’s representatives! And then you are claiming, “Holy Qur’an saying like this,” and saying, “We are not believing this; we are so new ones, learning new knowledge!” What is your knowledge? Try to learn Holy Qur’an! Allah Almighty sending Holy Qur’an for you to learn about Who created you! Without learning this, you are on wrong way! If you are not knowing about yourself and what you have been created from, you are on wrong way! You must learn true way, O Mankind, or heavenly punishment coming on you daily and nightly.

May Allah forgive us! And bless us for the honor of the most honored one in His Divine Presence, Sayyidina Muhammad (s). (Mawlana stands.)

Allah Allah, Allah Allah, Allah Allah `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Allah Allah Subhaan Allah
Allah Allah Allah Allah, Allah Allah, Subhaan Allah
Allah Allah Allah Allah, Allah Allah, Sultaan Allah

This for those who understanding their positions, heavenly and earthly! There is a second dome, dome, dome, dome.

(Mawlana sings.)

Dome, dome, dome, dome 4x

That singing giving some spirituality through the hearts of people! May Allah forgive us. Fatihah.

44? (48 Sayyidee)

They are making themselves such a creatures that they are always asking to be friendly with an ox. They are very happy to be with oxen or donkeys, but they are under their tail coming there making shower also. (Mawlana laughs.) They are very clean ones because they are asking several times daily to make a shower, because they are very friendly with cows and sitting behind cows and cows making showers, shoooooo. (laughter) Now so many people they are leaving Holy Qur'an and following Darwin. Their example just this sitting there then suddenly shoooooo, shower for us!

O our Listeners! How are you? May laugh His Holiness, the pope, may laugh His Holiness (the) Patriarch, may laugh for this even kings, Muslim kings and Muslim presidents may laugh for this, Jewish rabbis also are so happy with what we are saying. Only you must clean yourselves, O Muslims. Only clean ones going to enter Paradise, and dirty ones will not.

Dome, dome, dome, dome 4x

May Allah forgives us. Good night this night, for new understanding because New Year coming, and people preparing themselves for Christmas and such a things. Therefore this is a preparation for their mindly productions. Thank you! (laughs) Thanks for Allah. Okay?

## To Follow the Excellent Example Builds Faith and Brings Heavenly Blessing

(Mawlana Shaykh stands) Laa ilaaha illa-Llah. Laa ilaha illa-Llah. Laa ilaaha illa-Llah Muhammad Rasoolullah `alayhi salaatullah wa-salaamu. Thumma salaamu `alayka yaa anbiyaa, yaa `ibaadAllah as-saaliheen wal mu`mineen jami`an. (Mawlana Shaykh sits)

Thumma salaamu `alayk, yaa Saahib az-Zamaan, was-salaamu `alaykum yaa Budalaa, yaa Nujabaa, yaa Nuqabaa, yaa Awtaad, yaa Akhyaar, min al-anbiya was-saaliheen. Salaamu `alaykum wa ala Saahib az-Zamaan. Wa `ala Qutb al-Mutasarrif wa sadaatina 'l-kiraam. Salaamu `alaykum wa `ala 'l-mu`mineen wa 'l-mu`minaat wa 'l-muslimeen wa 'l-muslimaat. `Ayeeyoonaa bi madadikum yaa Saahib al-Imdaad!

A`oodhu billahi min ash-Shaytani 'r-rajeem. (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem. Ta`zheeman wa tamjeedan li Rabbinaa jalla wa `ala. Stand up! (Mawlana Shaykh sits)

O our Attenders! Thumma salaamu `alaykum. How are you today? Happy? You must be very happy because day-by-day we are approaching to leave this tasteless, dirty life, coming nearer to leave this lowest level of life, to move up. We are getting closer to leave this body, our physical being, and going up. We hope that the last day for you, for me, for believers will be the best day, because we hope to reach our Lord's heavenly honor. Yes. Toobah, never-ending good tidings for those who know they are servants! When they leave this

life, angels descend from the Heavens and dress them with their real being, in a dress of honor. Try to be from them! If not today, tomorrow, and if not tomorrow, then next week, next month, next year we will leave our physical being here and angels will bring honored dressings for honored ones!.

Toobah! Such endless good tidings for those who will be dressed in the last moment of their lives, leaving this whole physical being here to be buried. But your real being, (...buffering...) if you have prepared yourself to be dressed in the dress of honor. Because you are leaving this dirty life and going up to our Lord's Heavenly Presence. Try for this.

O our Attenders! As-saalamu `alaykum. Try to understand.

O Salafi `ulamas! You are saying in the east and west, "We are Salafi." What is "Salafi" and what is that giving to you? Look at which dress you are going to be given in the last moment. Those titles you give yourself without any evidence are never going to give you anything. You may claim something for yourself, but you are not asking if you have been accepted in the Divinely Presence as a good servant, and that is important. Why are you quarreling with this and that? No! Look for yourselves and how you are going to be in that last moment. Ask if your name has been written, appointed, or shown on the table of good ones and honored ones. That is important, if your name is with honored ones or dishonored ones. Why are you claiming, “We are this or that.” Leave it! Think on that last moment when the Angel of Death, Azra`eel (a), will come to take your heavenly soul. Which dress has he been ordered to dress on you? Because the Angel of Death is coming with angels. For some people, angels of honor are coming, and for dishonored people angels of punishment are coming.

O Salafi `ulamas! What do you think about yourselves? Will you be dressed with honor? Islam is saying Muslims must be between two poles, khawfu and raja`, one wing to fear from the Lord's Mightiness, and the second will be hopeful of the Lord of Heaven's rahmah, mercy. That is important! Don't quarrel and accuse people of this and that; it is not for you, as the Holy Balance is in Heavens. Look for that and try to be from honored ones. People may ask you, "How can we be honored ones?" What is your answer? (Is it honorable) to be Muslims, Christians, Jewish, to be this or that? No. The question is, "How can we be from honored ones?" No answer? In every belief it is mentioned: Moses, Nuh, `Ibraheem, Adam, Sulayman, Dawud, Zakariyya, Yahya, Jesus Christ, and the Seal of Prophets, Sayyidina Muhammad (s) (Mawlana Shaykh stands)

mentioned this. How did he mention this? As Allah (swt) is saying to people, asta`eedhu billah:

•••••• ••••• •••••• ••• ••••••• ••••••• •••••••• ••••••• • •

laqad kaana lakum fee rasoolullahi 'uswatun hasanah. Indeed in the Messenger of Allah you have an excellent example. (al-Ahzab, 33:21)

(Mawlana Shaykh sits) That is the answer, if anyone is asking to be honored here and Hereafter in the Divine Presence. Then at the last moment when he is leaving this life, he must know how he is going to be an honored one. The answer is so clear when Allah Almighty is saying, laqad kaana lakum fee Rasoolullahi uswatun hasanah. Anything else? The Seal of Prophets (s) was giving the most honored symbol of an honored person because he was a symbol for all prophets, saints, and good ones from beginning up to the end.

O Salafi or Hanafi `ulamas! Make it clear for common people and for chiefs of other religions. There is no other religion; there is only one religion the Lord of Heavens is happy with! But we humans are giving so many names that give nothing to us! Therefore, every prophet brought a perfect model of good ones, and Shaytan brought the worst model of life for Mankind, to make them fall in its trap and become dishonored ones. Shaytan is never sleeping; day and night it runs after Mankind with countless tricks and traps. Why are you not standing up and calling, "O People! Your honor is to follow the Seal of Prophets' heavenly model." The Lord of Heavens is sending heavenly models, or Paradise people's fashion, and how it should be, and no prophet is saying a different declaration, all of them are saying, "O People! That is an honored dressing for you, to follow your prophet's way, as all of them are following the Seal of Prophets."

Therefore, in the Night Journey when the Seal of Prophets (s) came from Meccatu 'l-Mukarrama to Jerusalem, all prophets from Adam up to him were waiting for him and welcoming him, saying, "O Seal of Prophets! Welcome to you and your nation, who are asking for the heavenly honor you bring to them. They are giving their salutes to you and we are saluting you, also!"

Truth is only one, there can't be two different ones; Haqq is only one! But Shaytan is bringing hundreds and thousands of lies to cheat people not to follow good ones. That is Shaytan's mission, to cheat people and bring dishonor on their names. And now the whole world is not thinking about the true, honored way. Every day you are looking at shaytanic broadcasting. What is happening in all countries that people are going to be like cruel and wild animals? Is it not honor for an honored one to get out from his home to shout, quarrel and

swear at people, killing each other? That is not the honored way for Mankind! How can it be? That means the whole world now is following Shaytan and its ways, and Shaytan is very happy to make people quarrel and fight each other, to make problems and give miseries to people, and to bring in front of them unsolved, shaytanic projects. They think they are doing their best, but now, 21st century people from from east to west, from north to south are doing their worst. Shaytan pumps their egos and everyone is looking to their egos like a gigantic one, saying, "O People! You must follow me." As a strategy, Shaytan looks to small ones, and blows leaders into huge-sized models, so people say, "O, we must follow this one!" And you can pop that puffed-up one with one needle!

O Mankind! Come and use your minds! For what are you quarreling and fighting? Why are you not fighting your mushtarak, common enemy of all Mankind? Why are you not swearing at that one and throwing stones at it? Why are you following that one? Everywhere is fire, killing, blood, and earthquakes! That is not from heavenly mercy! No, people are bringing that on themselves!

They are saying, "Our chief, our leader."

What is the difference between you and him?

"O Shaykh! Our leaders are like donkeys with four legs, but we are two-legged ones. Therefore, we see these four-legged ones are more powerful than us. Also they have a tail, making like this, like that. Therefore, they are different."

If they are like donkeys they are going to be different because that is no-mind peoples' mentality! When they are seeing a four-legged donkey, they say, "O! We are two-legged and this is four-legged, his position must be higher than ours!" Put on yourself one donkey to look after you! Four legs, what is that? That is such a foolish mentality and people are running. "He is like you and like that one." The only ones different among Mankind are who are belonging to the Heavens: find them and follow them! Don't look at those people on Earth, some with four legs; they are not giving to you anything but only make more and more trouble on you!

O our Attenders! You must understand this, as we are not joking here, but we are saying something for understanding. Try to have good understanding, don't be like drunk ones, destroying your understanding and your mentality. Drinking has no value. Try to leave the level of animals and come to the level of humanity, so

you may reach to heavenly levels! May Allah forgive us.

O Salafi `ulamas! O Azhar ash-Shareef `ulamas! O Doctors! Make it clear. What we are saying now is not coming from me, but came to my heart to address people. Make an analysis of these words, and look if there is anything wrong, then say it is wrong. But because it is from Heavens, if you say it is wrong, cursing will come through you on your people!

May Allah forgive us. Tawbah, yaa Rabbee. Tawbah, astaghfirullah.

Fatihah.

Allahu Akbar. Dastoor, yaa Rabb. Tawbah, yaa Rabbee, tawbah, astaghfirullah.

(35 minutes) Yaa Rabbee. Yaa Rabbee, shukr.

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

**Except By Sultan**

(Dt.: NurMitEinemSultan)

as-Salamu alaykum O servants of the Lord, believers, Muslims and those who obey. This addressing is especially for the people of Egypt, for their scholars & all the others, the rest of the Egyptians.

Alhamdulillah the people of Egypt most of them are Muslims, believing in the Lord (jwa), in the Prophet (saws), & believing in the Holy Book that was sent to His Beloved, Mustafa. I am a weak & poor servant & my Arabic is little. It came to my heart, an inspiration to warn the people of Egypt, especially the learned people of Egypt, the scholars or the knowledgeable people. The general public are to themselves.

I heard, that... I am hearing that there is an argument about who should govern Egypt. And they are arguing among themselves & making the people of Egypt to be divided. Egypt divided! And our Lord (jwa) says in His Words "Wa A'tasimu Bihabli Allahi Jami'an Wa La Tafarraqu"(3:103) To be divided in Islam is haram-forbidden. "To hold fast, to the rope of Allah" (3:103) The rope of Allah - I think your Arabic is good, you understand Arabic. "The rope of Allah". The Mighty Quran is the powerful rope of Allah (swt). These people, they are not holding on to what their Lord (jwa) & His Prophet (saws) said. And a Heavenly inspiration was sent from the people of Allah (swt) to my heart, to a poor servant, to warn you. And I want to recite the Holy

Verse & you should pay attention, or you can think about what it means. My Arabic is little, but your Arabic is better. Allah (jwa) did not send these holy words except for the nation of the Beloved to be holding fast to them.

Haqq (swt) says in one of the Holy Verses - I will say what was sent to my heart it should be enough for them to think about it - In Surat Al Rahman, Allah (jwa) says - Let them think about this Holy Verse - Astaizzu Billah "Ya Ma'shara Al-Jinni Wa Al-Insi Ini Astata'tum An Tanfudhu Min Aqtari As-Samawati Wa Al-Ardi Fanfudhu..(55:33) This is a verse also referring to the future. And who now argues in the nation.. and people want to escape and be saved from.. from the present situation occuring in their countries & among the servants of the Lord.

"O assembly of jinn and men!" (55:33) This verse is only for the time of the Prophet (saws) or also for us? Think about it. "O assembly of jinn and men! If you have power to pass beyond the Heavens & the earth"(55:33) Among the nation...the people will be bewildered. They want to pass, save themselves, but they will not be able by themselves, with their mind, for this is not possible. What will arrange & correct your situation is what Allah (swt) says: "then pass!" (55:33) - Try hard, but there will be no result.

Let them think about this. "But you will never be able to pass..." "O assembly of jinn and men! If you have power to pass beyond the Heavens & the earth, then pass! But you will never be able to pass" (55:33) You understand? I am not speaking. "But you will never be able to pass them, except with a Sultan" (55:33)

If the scholars of Egypt understand or if they don't understand, let them be! Politicians or no politics, it does not exist in Islam. The Holy Quran is our constitution. "La Tanfudhuna Illa Bisultanin"(55:33) Bring a Sultan & you will be saved. Let them think about this Holy Verse.

Wa Min Allah Al Tawfiq. Sadaqa Allahu Al Azim. Fatiha.

This is a warning, some information. They may know it & it would save them. Fatiha.

That's it. After Egypt all the Muslim countries let them think about this. The Muslim world should think, finish! Sadaqa Allahu Al Azim. Let them think. They read the Quran & they do not understand, let them see. Fatiha.

O our honourable Masters! I have declared, what was given to me. Let them bring a Sultan &they will pass. If they do not, they will never pass. Sadaqa Allahu Al Azim.

Fatiha.

This is enough from the beginning to the end... from the beginning to the end. As-salamu alaykum.

## Expecting a Miraculous Servant

These times are very difficult for believers. Unbelievers have fallen into endless misery oceans of suffering. But the believers are following them and are getting the same curse. We are seeing the Islamic world and seeing in which terrible times they are.

Muhammad* used to say that Muslims are like one body. When any part of a body is in pain, it will be unable to be restful until the pain goes away. This is how the whole Muslim world is. If you don't take care of a wounded part, it may bleed to death. The Muslim world is bleeding from all sides: Bosnia, Chechenia, Palestine, Cashmere, Iraq... but the other Muslims are not doing anything. They keep their hands down, like robots.

These are dangerous days, because Muslims do not have a head. They have no common umbrella under which they can be protected. Until 1924 we had one, but then it was taken away. Now anything can fall on us.

We must ask for forgiveness from Allah the Almighty and we must try to come together to prevent attacks from unbelievers on us. We must bring the sultanate of satan down and ask Allah to send us an umbrella, to send us one of His miraculous servants. We need such a miraculous person to bring down technology. It is against humanity. It is killing every value of humanity. If not, humanity cannot be saved. Muslims are now

expecting that miraculous person, Mehdi alehi salam, just like Christians are expecting Jesus* to come and the Jews are expecting the Messiah to save them. But the Messiah already came and so did the Last Prophet. But they deny that.

Sayyidina Muhammad* was the prophet which Allah had promised the Jews to send from the lineage of Ismail*, from Arabia. This is why they rushed to Medina to be able to welcome the Last Prophet. But when he arrived most of them denied it. We believe that this miraculous person will come before the year 2000 and that the new century will be a century of belief and truth and peace: a century of the Heavenly Kingdom. The kingdom of satan will be defeated. May Allah make it possible for us to reach that happy and peaceful century.

## THE EYE OF THE HEART and the TUNNEL OF THE EGO

There are many different ways to make people to reach to Heavens. These ways are according to the different capacities abilities and characteristics of people. We use methods depending on the understanding of people and their beliefs. This is done according to their Will Power. What is most important is the Will Power of those who really want. Therefore we must see the level on which they are at that time so that we can take them from that point to their heavenly stations either slowly or quickly.

Therefore we first ask of the seekers whether they are willing to be trained for their heavenly stations. That will power must come from the seekers themselves. Then the master of the Tariqat will give them something according to that level. Sometimes they do not give anything as it become first necessary to change certain characteristics within them, which will make them free to start moving upward. Sufi masters must have the Spiritual Powers so that when they look at someone they will know their capacity. It is important not to give anyone more than what they can carry. If he is overloaded he can be lost.

We are on the level of being seekers and not even yet beginners. We must prepare ourselves and try to command our egos not to oppose what we ask. The main hindrance for each one is their

ego. It does not want you to go towards Heavens as the ego is connected to the lowest level. The ego knows that if you leave it that it would be left forever and it will not be able to control you anymore. Therefore this is a battle between our egos and our souls. This is why we are trying to trick our egos so that it will not object to our need to reach the Heavens. Therefore when you are able to control yourself at the lowest level, which is your ego, then it would become easy to improve little by little towards Heaven.

The Sufi masters give instructions, but then you must practice. If you are intending to do something you must ask me to help you and then my Spiritual Support will be with you. Anyone who asks for heavenly ways must find a Holy Person who knows his student's capacities and abilities. When you have found him and when your heart is hundred percent confident of him then he will be your guide and he will take you upwards. This is like a train engine that is in front and it can still carry fifty or sixty wagons with it. Sometimes a second engine will join from behind and then it will be very easy.

The first step for anyone must be to find within himself a demand for Heavens. When that is ready your Lord will assign someone for you. He will make you meet some of those people who know the way. When you have found him you can put your hook onto him and relax. At every station unless it is underground you will find so many different views that you have never seen before, but until you have cut the tunnel of your ego you will not have any visions but you will continue to travel underground. When you have conquered your ego, you will find new Worlds and new views that you have never seen before.

This is why you must be patient. You must not say, "I am not seeing, hearing or feeling, any of these new visions, hearings or understandings". Don't ever say that. Maybe the tunnel of your ego is a short one and you can cut it easily and find yourself in endless distances designed with beautiful things, which you did not ever imagine before. Some people however continue traveling within their tunnels until the very end of their lives, but still they must keep to that way because at least in the last moment they will finish the tunnel of their ego, cut it and find the opening.

We must now be patient to find someone who may be suitable for our path and in whom we can

find confidence to follow. He will take us out of our egos. We will then move from darkness to light. Beware and take care to keep your station with that train and then one day, it could be in the morning or in the evening, it can be anytime, you can cut it and enter into a new life, new vision and a new World. Darkness will vanish and you will find the light. It is necessary first to have the desire in your heart. Develop it with your guide and improve it. When the engine reaches the destination, you will also get there.

All masters are moving towards Heaven and through the Seven Heavens. But first you must cut the tunnel of your ego. There are forty-one different kinds of ways. All of them help us cut the tunnel of our egos. When you reach out of that tunnel you will find that there are no more bad desires remaining with you. You will be pure. At that moment you will taste the Sweetness of Lights, the Sweetness of Mercy, the Sweetness of Beauty, the Sweetness of Love, the Sweetness of Knowledge, the Sweetness of Wisdom, the Sweetness of Will Power and the Sweetness of Perfection.

Until then you must be patient and follow. You must not say, “Oh, how long do I have to follow without seeing anything?” No, the tunnel is according to your ego, long or short. May Allah grant you to reach your Heavenly Stations; you will then be happy, absolutely happy.

# FACTORS THAT LED TO THE RELATIVE DECLINE IN ISLAM

*In Western eyes, Islam declined. Why? What were the reasons?*

ANSWER - What are they saying about Christianity - always going up? Not coming down. Are they still going up?

*QUESTION - They think so - they went to the moon.*

ANSWER - For everything there is a perfection and after it reaches that, a decline takes place. I am asking Christians where and when they reached perfection and when they began to decline. Who will answer me? No-one. I have a right to ask Christianity when they reached perfection and when they began to decline. Not declining Christianity??

*QUESTION - Not reaching perfection??*

ANSWER - Ah ha! Yes. I am asking Christians that question and answering in favour of Islam. Islam did reach a perfection when Muslims were following heavenly orders. When they began to follow their desires it began to decline. Up to now, Muslims and the Muslim world are not following heavenly orders, so they are still declining. When they were perfect followers, they were rising; when they leave following the Holy Qur'an

and Prophet Muhammad (pbuh), they began to decline. That is the reason. Today, we are not saying that Muslims are following heavenly orders or the Holy Qur'an or the Holy Prophet. No. They left it and when they leave this they will be punished.

It is wrong for Christians to point to the bad conditions of present-day Muslims (ie Third World life styles), but the churches do this. They must not show Muslims to Christians, but they must show what is Islam and what Islam orders. Muslims are practising nothing from Islam today. Therefore, their decline continues.

If Muslims were keeping and following heavenly orders, neither the Russian or American superpowers would be able to exist. They must regard themselves as fortunate, because Muslims are not following heavenly orders. If they were, then no more Russia and no more America, no more Western technology. This is a chance for them to make a show of strength. It is only because Muslims are not following the right way. If Muslims were following, there would be no further demonstrations of power - all of them would be asking to escape from earth. No more Christianity, no more Judaism, no more Communism. They are lucky that Muslims are not following the Holy Qur'an. Astaghfirullah! That is true.

Viele Leute werden vernichtet

ein Anfang, eine Warnung

Fâtiªa. Das ist genug.

# FAITH

May Allah forgive us for our wrong actions and wrong intentions. Wrong actions are the fruit of bad intentions. Therefore we cannot be saved from bad actions until we can save ourselves from bad intentions. Intentions are in our heart and if we don't take care of our hearts, then bad intentions will be there. That is why the first step is that we must try to correct our hearts and then our intentions will be good intentions. After having good intentions you can do good actions.

What can correct our hearts? How can we correct our hearts? There is no doubt about it, a strong faith can correct our hearts. To believe in a correct way, that corrects our hearts. We need faith. Faith is the Sultan. Faith can command our hearts and through our hearts the command goes on to our body and through our body to our action. That is why we need a strong faith.

What should we believe in? We must believe in the existence and in the glory of the Lord of Heavens, the Lord of Universes, the Lord of the children of Adam. You must believe in that one. Adam, peace be upon him, believed in Him. Noa, peace be upon him, believed in Him. Abraham, peace be upon Him, believed in Him. Ismael and Isaq, peace be upon them, believed in Him. Jacob, peace be upon him, believed in Him. The twelve tribes of the children of Israel, peace be upon them, believed in Him. Moses, peace be upon him, believed in Him. David, peace be upon him, believed in Him. Solomon, peace be upon him, believed in Him.

Jesus Christ, peace be upon him, believed in Him. Muhammad, peace be upon him, believed in Him. You must also believe!

He is the only Creator. He is the Lord. This corrects everything when you believe in the One who created Jesus Christ, who created Muhammad, who created Abraham, who created the first man, Adam, peace be upon them. The One who created you, who created earth and heaven, who created paradise and hell. The One who gives life and takes it away. You must believe in Him. The One who created Gabriel, Michael, Israfil and Asrael. The One who created angels. The One who created jinns. The One who created mankind. You must believe in Him!

He is the first. There was no-one before Him. He is the last, there is no-one after Him. There are no partners. You must believe. He is the last on Judgment Day. He is the collector of all creatures on the Day of Resurrection. He will give His Judgment to everyone on Judgment Day. No-one can be absent, everyone must be present in His Divine Presence. Jesus Christ will come to His Divine Presence, as well as all the other Prophets, also Muhammad, peace be upon them. And all of mankind will come. Whether you believe, or not, you will come. After you have become dust, you will come. He will collect all of you. Your body will be dust, but your soul lives. And your soul is kept in His Divine Hand. Believe in That-one. That belief will correct your faith. What I am saying is the same as all Prophets were saying. It is written in all the Holy Books, in the Old Testament, in the New Testament, in the Psalms and in the Holy Quran.

Don't change your direction. All our directions are towards the Lord of Heavens. Turn your faces towards the Divine Presence. He created you to be his servants, not the servants of this dirty world. He created you to be his servants. Take care of your belief, take care of your belief.

The first man was cheated by Shaitan. That same Shaitan is still living with us since that day. Since the first man until Judgment Day that Shaitan is living. But he must also die. He will die. Shaitan will die, he must die. But when all of mankind dies, then Allah Almighty will order Asrail to take the soul of Shaitan also. Shaitan will run to the East and will find Asrail there to catch him. He will run to the West and there he will also find Asrail. He will run to the North and will find Asrail there. He will run to the South and find him there. He will not be able to escape. After all of mankind has died, Asrail will take his soul also. He will die. But as long as mankind is alive, Shaitan also lives.

He was created before Adam, and then Allah Almighty created Adam and Eve. And He crowned them to be his Divine Deputies in the universe. Shaitan was a jealous, envious and proud one, and also very stubborn. He could never accept the Divine Choice. He said, "No! I am never going to obey you or your command to prostrate in front of Adam. I must be the first-one. I should be the one to be crowned to be your deputy."

Allah Almighty just chose Adam to be his deputy, his Divine Deputy. We have been honoured. And the first and last enemy of mankind is Shaitan. He is our worst and biggest enemy. He cheated Adam and Eve and then he was swearing and saying, "I must run after you and after all your coming generations. I must run and do my worst for you, Adam and all your children." He did his worst for Adam. Adam was in Eden, in paradise and Shaitan did his worst for Adam and made him to be thrown out of paradise. Adam was warned by his Lord, "Oh, Adam, beware of Shaitan! Don't make him cause you to be thrown out of paradise!". Adam did something heedlessly. He tried to break the holy command and he listened to Shaitan and then he was thrown out.

All of his children who follow Shaitan are thrown out. They are lost. The general view now on earth now is, that people are very friendly with Shaitan. They are very, very friendly with Shaitan. They are respecting him. They say, "Oh, our best friend. What are your orders?". Nations are following Shaitan. They are saying, "Oh, our best friend, oh, our King, our Lord!". They are leaving the Lord of Heavens and they are saying to Shaitan, "You are our Lord, our best friend. You are our King. We must obey you. What are you ordering us to do?". And he answers, "I am ordering you to destroy everything and to kill each other and to drink the blood of each other." His advice is to be enemies of each other, "Oh, nations, kill each other as much as possible. With bombs, with bullets, with everything, just kill each other and destroy everything. Burn everything! And I will be happy. Because I am created of fire and I like fire. Fire must burn you, oh mankind!" Nations are now preparing fires to burn each other, to burn this world. They have prepared so many bombs, that if they would bring them all to explosion, the whole world would explode. Shaitan has ordered them and they obey Shaitan. They tell him, "You are our best friend, our Lord!"

This is the result of people's hearts being empty of real faith. They have no faith, no real faith in their hearts. So Shaitan can cheat them in their hearts and give them bad intentions. He teaches them bad intentions and after bad intentions bad actions follow.

These governments... None have any sense. They are saying, "Economy, economy, economy!". They never know the real reasons. They think that the biggest importance is with economy. The Labour Party will come and the Conservatives leave. The Conservatives will leave and the Labour Party will come... All of them say that they will give a good economy and that they will give much more money to the people. They say, "We will look after you much more and give you everything to enjoy yourself, to enjoy your physical body and to fulfil your physical desires."

No-one is saying, "Oh, nation! We are coming to correct your spiritual ways, to correct your heart, to fill your heart with faith and to correct your actions and to correct all wrong attributes in you." No-one is saying that. Everyone is saying so much nonsense and is making so much advertisement:economy, economy, economy... and nothing else. And all people and all nations are sinking. We need a real faith.

All nations need to correct their faith and to correct their intentions so that we can be friendly to each other. As long as we are keeping Shaitan as their friend, we cannot be friendly to each other. The Holy Prophet said 15 centuries ago, that when the Last Days are approaching nations will fight within themselves, not to other nations. And we are fighting with each other. We are enemies of each other.

The Conservatives are enemies of the Labour Party, and the Labour Party are enemies of the Conservatives. This is happening everywhere, not only in England, but in Turkey, in Greece, in Russia, in China, in Pakistan, in India, in Arabia, everywhere nations are fighting within themselves. You cannot find a nation that is not fighting with themselves. Because Shaitan is ordering to them to be enemies, not to be friends with each other. And we are dealing with enmity towards each other. We are not dealing with each other friendly. There is no more tolerance from people to each other. There is no more tolerance of governments towards their citizens. There is no more tolerance from the citizens towards their government.

May Allah forgive us. These are the most difficult times which have been mentioned in the Holy Books. We are living in them. Even darker days will be coming. The result of being friendly with Shaitan hasen't yet appeared, more are coming. They are on the way. They are loaded and they will be coming. The worst days in which all of mankind will cry, not crying tears, but tears of blood. This is not far away.

Oh, mankind, beware of Shaitan. Don't write on your doors, "Beware of dogs!". You must write, "Beware of

Shaitan!" In the churches there are so many writings on the boards, but they never write: "Oh, people, oh, believers, beware of Shaitan!". That is the most important writing that should be written everywhere, in the churches, in the mosques, or anywhere else. People must be warned of Shaitan! Allah Almighty is warning in all the Holy Books, "Beware of Shaitan, Beware of Shaitan! Oh, my servants!". But no-one is writing this. Because our boss, our best friend Shaitan is telling us not to.

May Allah forgive us. It is a long story, since the time of Adam until today. It still hasn't finished. You must be warned through all the Prophets, that Adam was the first one to be cheated. Noah, Abraham, Moses, Jesus Christ and Muhammad, peace be upon them, they are all warning you. They are warning people and they are warning nations, "Beware of Shaitan, your biggest enemy!". But we are not listening. May Allah forgive us and bless you...

## Familiarity Breeds Enlightenment

Shah Naqshband, the most important pillar of the Naqshbandi Tariqah, used always to say: "The essence of our Tariqah is to be found in gathering in the company of the Sheikh or of fellow aspirants. Such meetings generate pure goodness". This kind of gathering is referred to as "Sohbet", and may involve either the Sheikh (or an appointed deputy of the Sheikh) addressing the group (after having linked his heart with the chain of Sheikhs through which he is connected to the heart of the Holy Prophet), or simply an informal "get-together", a happy occasion for intimacy. (Often a Sohbet consists of both aspects, a discourse followed by familiar interchange).

Why does Shah Naqshband assign so much importance to such gatherings? Why does he stress this even more, seemingly, than prayer or Dhikr (prayer-meditation)? Why? Because the familiarity arising from such blessed gatherings opens our hearts to each other and to our Lord. Gathering people in such an intimate atmosphere was the method utilized by the Prophets to soften the hearts of their people, and soft hearts make our worship acceptable in the Divine Presence.

If people cannot bring themselves to defer to another, as when people gather with a Sheikh or a deputy of a Sheikh, they will grow to be ever more assertive, wild and egoistic. In our assemblies one person must be the symbolic leader and address the others. If he is a deputy of the Sheikh, he may be, on the level of everyday

life, just one of a group of brothers pursuing a common goal, or he may have already attained spiritual stations which enable him to take on a more comprehensive role in guiding the members of his group. Whether the former or the latter be the case, when any of our deputies puts his heart in connection with the spiritual transmission for the sake of leading Dhikr and delivering a Sohbet discourse, he should become the means for that spiritual power and blessings to pervade that assembly.

Divine blessings descend on meetings where one person is presiding humbly and the others are deferring humbly. Such blessings never rest on a group where each is vying to prove the superiority of his views. No, our assemblies should not be debate clubs. If we follow these guidelines, after one person addresses the group and the others defer both outwardly and inwardly, a special atmosphere of intimacy should settle on that meeting, so that everyone feels well inclined towards the other members of the group, and all are able to exchange ideas in a constructive, non-confrontational manner.

Our egos rebel against being on an equal footing with others, so how should they feel about showing deference! The ego is a wild creature, constantly seeking to assert its uniqueness and superiority and to belittle others. If we can manage to get the upper hand in the struggle with our egos, they may reluctantly accede to show deference, but they will never do it voluntarily.

Man is subject to conflicting impulses. He wants to be unique, but he is also a social animal. Uniqueness is an attribute of our Lord, and we have all been given a share of that Divine attribute in that we are all different physically and in the realm of personality. In fact, there is a unique Divine Name reflected in each and every one of us, a Divine Name which the Lord has bestowed us a share of to the exclusion of others. Because of this we have an intrinsic tendency to see ourselves as being unique-because we are - but the mistake is to see ourselves as being superior to others, for it is in unity with others that we fulfill our potential for completeness, as our unique name is made manifest through the act of joining it to the whole of Divine Attributes.

The way to the fulfillment of this great potential passes through familiarity with people. Whoso finds a way to the hearts of mankind finds his Lord's Divine Presence. This is why the Holy Prophet brought people together in such informal meetings. But don't think that this is an easy task! The power to draw people together is a gift of Heaven. The Prophets and their Inheritors have been granted the gift of addressing people's hearts

directly, so that all those whose hearts are not of stone, all open-hearted people and all those whose hearts are closed but not locked must be affected by their message.

Usually a humble class of people responded widely to the message of the Prophets, as being close to nature they were more easily able to distinguish something living from a fabrication. In general, women also were more open to the message of the prophets than men, because women's hearts are more easily opened. Men's hearts are often locked tightly. It is impossible for an open-hearted person to reject the guidance of a Prophet or one of their Inheritors. But as for people who are puffed up with their knowledge, and approach men of God in order to make them accept their ideas rather than accepting Divine teachings, such people are likely to lock their hearts to Tariqahs.

The sign of real spiritual transmission is that hearts are affected and softened so that real familiarity and affection grow among the recipients of that transmission. That is the first step towards real faith. You aren't a real believer until you want for others what you would like for yourself, until you can put yourself in the shoes even of those with whom you find yourself in conflict. Until you can feel affection and familiarity towards a group of fellow seekers, it is impossible to imagine sympathy for people inimical to yourself.

How is it possible to open up your heart to your fellow man? Your hearts must meet in the heart of one of Allah's Saints, for in their hearts is Divine Attraction, and it is that power which enables them to be a medium for the binding of hearts. If there is no connection to the Source of all love- the Lord of all beings-then no really durable familiarity can develop between people, only the commonplace surface familiarity that is so easily disregarded when self-interest intervenes.

If a person has not undergone training at the hands of an Inheritor of a Prophet it is impossible for him to bear with people who inflict trouble upon him. He will become like a thorn bush: unapproachable, always ready to prick whoever approaches, friend or foe. Usually, however, such people are unable to perceive that they are prickly, but attribute the thorniness to others. This is not surprising, as it is a common mechanism of the human psyche to put off on others our own objectionable characteristics. We are all mirrors, but we do not realize that it is our own ugliness we are abhorring in others.

The Lord sympathizes with His creatures, and whoso has received a ray of that attribute may find his heart inclining towards people. This familiarity is a transmission from heart to heart. Don't bother with my words,

just receive my transmission. Familiarity with our fellow men is only the first level upon which Divine familiarity is made manifest, for the truly loving soul evokes affection even from wild animals.

Once I was with my Grandsheikh in the countryside. As we approached the house of the person we had gone to visit, a yellow dog started to rush at us with his tail curved between his legs like a scorpion. I thought that we would be torn to shreds, but then, as the dog came within clear sight of us, his whole aspect changed (even though Grandsheikh had never been there before, and therefore, the dog did not recognize him in the ordinary sense of his being a frequent visitor) and he began to wag his tail. Then the dog approached and Grandsheikh rubbed his head. At this the vicious guard dog took on the aspect of a frolicking puppy, rolling on the ground and prancing about. Then Grandsheikh explained to me: "He recognized me. I am no stranger to anyone".

Even ferocious lions may become pussycats in the presence of the receptacles of Divine familiarity. Once, in the early days of Islam, a caravan of pilgrims were coming to visit the House of God in Mecca. All of a sudden the caravan stopped. Abdullah Ibn Umar was with the caravan and when it stopped he went forward to see what was the matter. Tpeople were in a state of great trepidation, for a lion was sitting in the middle of the road, and they were afraid he would attack the pilgrims. Abdullah Ibn Umar made his camel kneel and climbed off its back. He went over to the lion, lifted up its ear, and reprimanded him gently, saying: "Don't stay here. This is not the place for you: this is a road for the pilgrims bound for the House of God. You must be obedient and respectful, and not attack us, as we are under the Protection of the Almighty".

## Die Familie der guten Menschen

Wir sagen den heiligen Namen Allahs: Im Namen Allahs, des Allmächtigen, des All-Barmherzigen, des Wohltätigsten und des Freigiebigsten. Dies ist ein heiliges Treffen, zur Ehre des Herrn der Himmel. Wir sind alle Diener und tragen nur den einen Titel: Diener des Herrn. Diese Einladung ist eine Ehre, und zweifellos ist diese Versammlung heute Sein Wille, und ich denke, daß meine Brüder - gleichzeitig auch meine Gastgeber - ebenso wie ich der Auffassung sind, daß wir uns in der spirituellen Welt befanden, bevor wir in dieses Leben eintraten.
Unsere Seelen befanden sich in jener Welt, und von dort aus wurden wir hierher in den Leib der Mutter geschickt und blieben dort dreimal 40 Tage lang. Schon in dieser geistigen Welt waren wir zusammen, und es ist unmöglich, daß man hier jemandem begegnet, wenn man ihm nicht schon vorher in der spirituellen Welt begegnete, denn dies ist die Voraussetzung dafür, daß man sich in der materiellen Welt trifft.

Unsere Seelen sind die gleichen: wahrhaftige Diener ihres Herrn. In der spirituellen Welt sind alle gleich: Christen, Muslime, Juden, Buddhisten, alle Seelen sind gleich. Seine Heiligkeit hier trägt die Kleidung der Buddhisten und sieht aus wie ein buddhistischer Geistlicher. Seine Heiligkeit dort ist gekleidet wie ein protestantischer Priester, und euer Hochwürden trägt den Habit eines katholischen Priesters. Ich selbst habe das Aussehen eines muslimischen Scheichs. Diese Kleidung ist nur für eine kurze Zeit. Unsere wahre Kleidung ist in der Göttlichen Gegenwart. Dort gibt es keinen Streit zwischen den verschiedenen Gruppen,

Glaubensrichtungen, Religionen, nur noch die Einheit des Herrn der Himmel. Das ist reines Wissen, Wirklichkeit, niemand kann Einwände dagegen erheben, weder Gelehrte, Heilige, Priester, Scheichs, noch sonst irgend jemand. Ich glaube an das, was ich denke. Ich nehme an, daß alle der hier Anwesenden an die Existenz Satans glauben, und ich suche einen Ort, wo es ihn nicht gibt. Wenn es den Teufel hier in Katalonien nicht gibt, dann bleibe ich hier.

Einst suchte jemand nach einem Ort, an dem es keinen Tod gibt, und er erkundigte sich überall, ob jemand gestorben sei. Er bekam zur Antwort: "Siehst du nicht den Friedhof? Warum fragst du so etwas? Was willst du?" "Ich suche einen Ort, den der Tod nicht erreichen kann." Man sagte ihm, er sei nicht ganz richtig im Kopf, aber er forschte weiter nach dem Ort ohne Tod. Endlich fand er ein Dorf, in welchem er vergeblich nach einem Friedhof suchte, und er glaubte sich am Ziel. Seine Frage, ob dort jemand gestorben sei, wurde verneint. "Dies ist der richtige Ort für mich", sagte er, "aber wie ist es möglich, daß dieses Dorf immer gleich groß bleibt, wo hier doch niemand stirbt? Was geschieht mit den Menschen?"
"Dort drüben ist ein Hügel", antwortete man ihm, "und von Zeit zu Zeit hört man von dort einen Ruf: 'He Pedro, He Senora María, kommt!' Und wenn sie dann gehen, kommen sie nie mehr zurück." "Sollen sie nur rufen", erwiderte er. Und er war sehr froh.
Eines Tages - er hatte sich gerade beim Barbier zum Rasieren niedergelassen und die Rasur war gerade zur Hälfte beendet - hörte er, wie ihn jemand rief und er sagte: "Ich muß schnell weg, da drüben ruft mich jemand."
"Aber so bleiben Sie doch sitzen, wir sind doch noch gar nicht fertig."
"Lassen Sie mich, ich muß gehen."
Und auch er ging hinauf und kehrte nie mehr zurück.

Der Tod ist überall, er macht weder vor Palästen noch vor Hütten halt. Und Satan kommt viel leichter an Könige heran als an gewöhnliche Menschen. Man fürchtet ihn auch, wenn er sich den Kirchen nähert und schaut, ob jemand drin ist oder ob er sich vielleicht an den Priester heranmachen kann. Satan ist von Anfang bis Ende aktiv, und er ist ein erstklassiger Unruhestifter.

Ich habe seine Heiligkeit Bartolomäus, den Patriarchen von Konstantinopel besucht, das Oberhaupt der orthodoxen Kirche, der Papst der oströmischen Kirche sozusagen. Wir sind Freunde. Er spricht gut Türkisch und hat ein gutes Gesicht, und unsere Herzen sind einander nahe. Er ließ mich durch einen geheimen

Eingang herein, aus Achtung und Liebe zu mir, denn normalerweise wird man von Sicherheitskräften kontrolliert.
Als wir so beisammensaßen, sagte er zu mir: "Scheich Nazim, wie denken Sie über all die Krisen und Unruhen? (Wer hier schläft, muß rausgehen, oder er bekommt weder Tee noch Kuchen. Das Offizielle liegt mir nicht, darum rede ich so frei und offen. Das Offizielle überdeckt die Aufrichtigkeit. Wir müssen so bleiben, wie wir sind, und auch vor hochgestellten Personen bleibe ich so, wie ich bin und verstelle mich nicht.)
Als er mich fragte, wie ich über die immer zahlreicher werdenden Unruhen denke, sagte ich: "Eure Heiligkeit, glauben Sie denn, daß Satan in den Ruhestand getreten ist?" "Nein", sagte er, "das glaube ich nicht. Wenn er im Ruhestand wäre, dann hätten wir Ruhe." Aber noch ist er aktiv und an der Macht. Daran kann auch die Demokratie nichts ändern. Er ist König und hat die Macht in seinem Königreich.

Vorsicht vor dem Satan! - Schreibt dies anstatt "Vorsicht, bissiger Hund." Wenn man einem Hund den Stock zeigt, läuft er weg. Aber auch wenn man mit einem Gewehr auf Satan schießen würde, würde er nicht weglaufen. Und selbst wenn eine ganze Armee auf ihn feuern würde, würde er dies für einen Ehrensalut halten. Darum müssen wir uns, eure Heiligkeit, an den Händen halten und gegen Satan zusammenhalten, um sein Königreich zu zerstören. Wenn wir dies nicht schaffen, gibt es weder Frieden noch Gesundheit noch Glück, nur endloses Leid.

Ich versuche deshalb, eine Organisation der "Guten" zu schaffen, der Heiligen, damit wir zusammen, Hand in Hand, dem Angriff Satans und seiner Gefolgsleute entgegentreten. Vielleicht ist das eine schwere Arbeit, vielleicht finden einige das sehr schwierig. Aber ich glaube, daß der Herr der Himmel uns hilft, wenn wir gegen Satan zusammenhalten. Jesus Christus hatte auch nur zwölf Schüler, und sein Glaube hat sich in der ganzen Welt verbreitet. Darum müssen wir gegen Satan zusammenhalten, auch in kleinen Dingen, damit er nicht seine Ideen bei der Jugend verbreitet, und wir müssen uns gegen seine Angriffe und Fallen wehren, so gut wir es vermögen.

Ich hoffe und glaube, und mit mir die ganze muslimische Welt, daß das neue Jahrtausend das Königreich der Himmel bringt. Und wir glauben, daß Isa (Friede sei auf ihm), Jesus, der himmlische König auf Erden sein wird und daß unter seiner Königsherrschaft alle Königreiche an die Macht kommen werden, Satan und seinen Gefolgsleuten zum Trotz. Ich bin voller Hoffnung, daß die Erde endgültig für alle gereinigt wird, und

daß der Schmutz von ihr hinweggenommen wird. Dann wird wahre Gerechtigkeit und Achtung und echte Liebe und Barmherzigkeit zu den Menschen zurückkehren. Ich hoffe auf unerwartete Veränderungen in den nächsten Jahren, und daß Kraft vom Himmel auf die Erde kommt. Wir brauchen Hilfe im Kampf gegen Satan, weil die Mehrzahl der Menschen sein Königreich unterstützt. Darum erwarten und ersehnen wir Hilfe vom Herrn der Himmel für die Erde.

Ich halte meine Ansprache nicht gerne länger als die heutige. Mein Herz ist froh, daß ich heute mit seiner Heiligkeit und all diesen Vertretern verschiedener Religionen zusammensein konnte. Ich bin kein Fanatiker im Glauben, ich glaube vielmehr, daß die Rechtschaffenen zusammenhalten sollen, zum Nutzen der Menschheit, um die Menschheit zu retten, wie eine große Familie, damit die Menschen Brüder werden. In der Göttlichen Gegenwart wird derjenige am meisten geehrt, der für die Menschheit sein Bestes tut, und am schlimmsten sind die, die für Satan arbeiten und der Menschheit Schaden zufügen: sie gehören nicht zu uns. Dies ist meine Erklärung in ihrer heiligen Gegenwart.

Möge Allah uns vergeben, und ich bitte meinen Herrn um Verzeihung, weil wir so machtlos sind gegen die Angriffe Satans, und wir bitten Ihn demütig um Seine himmlische Hilfe. Möge Allah uns alle segnen, unsere Arbeit, unser Streben. Laßt uns einander an den Händen halten und auf immer für unseren Herrn sein. [Gemeinsames Gebet] Laßt uns so bleiben im Diesseits und im Jenseits. - Jetzt ist es an der Zeit, uns mit Tee zu stärken.

## OF FASHIONS AND THINGS

As-salamu alaikum! The sign of Muslims (is) to say: As-salamu alaikum! Therefore use it, as much as possible use it more, say: As-salamu alaikum!

Welcome to you, ayyuha-l ghafilun! Welcome to you, o famous mental-house visitors. Welcome to you!... That is Cavus, Sergeant... You are happy? Must be, must be!

Destur, ya Sultanu-l Anbiya, Destur, ya Sultanu-l Awliya, Destur, ya Rijalallah! We are knowing nothing! If knowing something, we are never practising! To learn and to know it is order to believers! And we are saying: Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. Say: Bismillahir Rahmanir Rahim... (small Dhikr)

O our Lord, You grant us a biggest favour to be able to say Your Holy Name and to say: Bismillahir Rahmanir Rahim!

We are very lucky and we are granted to say: Bismillahir Rahmanir Rahim. (It is)

one of biggest Favours of Allah Almighty that we are able to say: Bismillahir Rahmanir Rahim. And to say 'Bismillahir Rahmanir Rahim' saves you here and Hereafter. Fortunate people to be able to say 'Bismillahir Rahmanir Rahim'. When you are saying Bismillahir Rahmanir Rahim, you have been dressed an honoured dressing from (the) Glory Oceans of Allah Almighty. Everyone around yourself- from nature, from animals world- they are knowing that you are (an) accepted servant in (the) divinely Presence. Because if you are not accepted servant, you can't be able to say: Bismillahir Rahmanir Rahim! That is a sign and everything around yourself (is) knowing and understanding that you have been dressed from (the) endless Mercy and Favours of Allah Almighty. You have been dressed and then everything, everyone around yourself, (is) dealing (with) you in a different way that they are not dealing with other people, whom they are not saying: Bismillahir Rahmanir Rahim. And if you can be able to keep that honour, you should be finally (a) well-known one from servants. (Sheikh is drinking, saying: Bismillahir Rahmanir Rahim)... With Bismillahir Rahmanir Rahim you can taste Favours when you are drinking. It is never going to be same two persons: (if) one(is) saying: "Bismillahir Rahmanir Rahim" and drinking and eating, (he is) never going to be (the) same as a person who is not saying: Bismillahir Rahmanir Rahim. 1oo % it is just different and changed!

Yes, we are saying, asking forgiveness and blessings. The title of our association was: To learn and to know. That is obligatory for everyone: to learn and to know. Then you have been ordered, when you are learning and knowing, you have been ordered to practice, what you are knowing.

Now we are saying: You must know about 'Bismillahir Rahmanir Rahim'. If we are sitting and saying (about) the honour and the power of saying: 'Bismillahir Rahmanir Rahim' from (the) beginning of creation up to end, you can't finish it. So powerful! It is so powerful to say: Bismillahir Rahmanir Rahim. And mankind must say now, all of them: Bismillahir Rahmanir Rahim. Bismillahir Rahmanir

Rahim. Whom they are saying, they are going to be saved and others (are) taken away. Taken away. La haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Adhim!

Daily perhaps hundreds books (are) written through different languages, but they are not using (the) Holy Names of Allah Almighty to be the title of their book or their books, to write: Bismillahir Rahmanir Rahim! Bismillahir Rahmanir Rahim is like a crown on a King, giving to you such an honour and ‘heybet’, glory, and greatness. You must know it and you must practice on it! Your life- even you are living with so many kinds of people, but never (it is) going (to be the) same life with that one, who was knowing and saying: Bismillahir Rahmanir Rahim. We must, it is obligatory to learn.

Now people (are) building ohhh!, so huge buildings and (they are) making so big- what is that? Making for something through reklam, advertise(ment)... so many advertise... if a person (is) making every means for themselves as an advertise(ment), it is going to be like a small drop through a sea and through an ocean. So powerful! If people (are) learning and knowing about the real benefits or real blessing that (is) coming on a person when he is saying: Bismillahir Rahmanir Rahim, they should be (quiet), not to speak anything, except: Bismillahir Rahmanir Rahim. Try it! Free! Trying is free; make it for one day that: “I am going to say and to work on something today, to say: Bismillahir Rahmanir Rahim!” And finally look yourself at the end of the day and one day that you (are) never saying the holy Name of Allah, to say: Bismillahir Rahmanir Rahim. And that person (is) coming so tired and unsuccessful.

Success(is) just built on (the) holy Name of Allah Almighty: Bismillahir Rahmanir Rahim. Say! (That is) saving you here and Hereafter. Don’t forget it! When (you are) forgetting, you are going to be lost through endless oceans or endless sandy oceans... Bismillahir Rahmanir Rahim... Allah, Allah...!

How it can be? To say: Bismillahir Rahmanir Rahim is to make your ego under your

feet, to put your feet on the head of Shaitan! Shaitan (is) always blowing, blowing through your ego. Shaitan, that is its mission: to make (the) egos of people (big), to make them to think that each one is bigger from that globe. Even they say that you are much more important from whole heavenly beings! That is shaitanic ideas, asking to make people to say that you are most important ones and really they are “wa khuliqa insana daifa”... Allah Almighty (is) saying that man (is) created so weak, so weak, weaker than an ant!

“How it can be, Sheikh? We are much more weaker than an ant?” “Yes, o my no mind fellow! Do you think that an ant needs a blanket to put on it?” “No.” “To put winter clothes, summer-times to put summer clothes, season-times to put season clothes? It is so strong and (more) powerful than you! You are in need to change your clothes through difference of season, that means: that small ant (is) much more powerful than you. It (is) never asking something as you are in need, putting on yourself and to follow fashions, new fashions! New fashions always. Do you think that ants (are) worried (if) they have new fashion or they are using (the) same, same fashion from beginning up to end? But you are changing!”

And that is something coming to you from the side of Shaitan, because Shaitan (is) asking to find a way to you through your out-looking. And dressing (is) giving to you a different scene, appearance. Therefore- people, why they are using fashions? They like so much to be seen in a different position, (a) different appearance. Everyone likes this. Therefore so many people, particularly women, if they can be able... if men (are) asking to change themselves 5 times, women, ladies, they are asking to be seen in 500 kinds... that is their mission. And Shaitan therefore (is) playing through the minds of no mind people and (he is) saying: “Oh, my Darling, we must change our fashion, because now (it is) 2008... (A) new fashion (is) coming, (the) spring fashion, then (the) summer comes...” “Which one you like, o my Darling?” They are going also, this, what is that? Defile...

Sitting one 85-years (old) lady and that side, 99 years old, her husband. Every time (one model is) going, coming, (she is) saying: “O my Darling, how we are going to be... how beautiful do you think that if I am dressing like this...?” That habit (is) never leaving mankind. (It is a) habit! Yes, you must change everything, to be seen on another personality, to make shock on Abdul S... Yes... To be seen... Subhanallah! Subhanallah!

Therefore, in Paradise, you (are) never going to see your Paradise-lady and (she is the) same (like just) before one minute! Always changing! Kullu jadidin lazizin- everything new is sweet! Therefore, in Paradise you can’t see your lady always on same, no! Ohhh, so happiness for Paradise people! So happiness! That means we have such a speciality through our egos not to be (the) same, but (the) Tajalli, (the) manifestation of every time, to be changed. That is (a) hobby. For what? To be happy more and more Paradise people! But it can’t be through this life, no! (It) can’t be. That (is) the reason that Shaitan (is) throwing through (the desire into) your heart to be seen in different positions among people and people they say: “Who is that beautiful one? “ (They are) looking (to) her dressing and (then she is) coming: “Oh, (the) same lady (is) coming, but she is so fashionable lady... fashionable lady, (the) most fashionable lady through this Gala-Night!” Eh. Therefore Shaitan (is) making its most effort to make people to look on themselves to be seen in another position, to be said: “Oh this lady (is) like a Paradise lady- from where (she is) coming?” (Then she is) coming... that is the old one, but she dressed so heavy dressings that people (are) thinking: “That (is the) same lady?”... From this putting Shaitan its hook on men and women.

And you may look that now whole nations, men and women, they are running after to be seen (as) a new personality, nothing else. Therefore they are making fashion-makers to make such a strange things, to take other peoples lookings on them. And that is making economy to come (down), to sink on (the) last point,

never getting out. And that is the opening (of) the door of ‘israf’, wasting. They are wasting everything, only to be seen in another appearance. I don’t think that anyone (is) saying on that point now. (They) can’t say. We are saying on the worst demands of people.

Yesterday someone, they are asking to me: “O Sheikh, I am going to make a consulting with you for some important thing.” I am saying: “Yes, you may ask.” He was saying: “O my Sheikh! We have a car; it is in a good condition, very good condition, its motor, its tyres is excellent. But my wife (is) saying: ‘O my Darling, what do you think, that we can change our car, because it is just (the) new year, coming with (a) new fashion. We must change our old car in a new model car. What do you think, o my darling? You know, o my Darling, (it is) my hobby that I like to have a Mercedes car, because our car is Ford car and (the) Ford car- Ford (is) not like Mercedes. And I am looking, looking through magazines that new models of Mercedes cars (are) first class!” “O my Darling, what you are saying! (Even) if (there is a) new fashion of Mercedes cars- do you think that they are flying? Or they are also travelling on same Autobahns?” “O my Darling, don’t say this! Only we must put our new fashion Mercedes car, you and me to stand up in front of our new car, in front of our house, so that people may say: ‘Oh’- it is enough for me: to be seen in front of new fashion Mercedes car!” “O my Darling, I must look... I must look for that...” “O my Darling, I don’t like to say: ‘I must look’. You must follow what I am saying, what (is) making me happy! O my Darling, ohh, I am going to cry...!”

Hundreds and thousands (of) traps (is) putting for mankind, Shaitan, to occupy them from their real missions through this life! They are not going to think on (the) most important position that the Day of Resurrection Allah Almighty (is) calling them: “O My servant, come and show your real face! Show your real habits, show (your) real mission, what you did through your life!” To make them to forget it, (Shaitan is) engaging people with fashions.

Therefore you must learn and you must know and you must follow. (The) Holy Quran (is) coming for to be known, coming to be learnt and (for) knowing and practising. That gives to you an honour and glory along of your eternal life; (it) gives to you honour and over honour glorifying up to endless, up to eternity!

O people, don't waste yourselves, your efforts, for nothing, but try to use your efforts to reach eternity! Eternity, that you should find... through every moment or second you should find something that never happened before and you should take such a pleasure through your eternal life! Think on it! Don't waste your times with shaitanic things! And through that way Shaitan (is) just occupying people and catching them and doing what he is asking to do on people... Learn! Now so many people (are) speaking, speaking, speaking, speaking... we are not asking too much speaking- from (something) small you must understand an ocean!

May Allah forgive us! For the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

# FAST! HUNGER WILL BREAK THE PRIDE OF YOUR EGO!

You are the Sultan, the Sultan of Sultans. You are the Great, no-one can be great, only You, our Lord. Every greatness is nothing in front of your Divine Greatness. We are nothing. In this holy month Allah Almighty grants us from his Endless Blessings and we need his Blessings. Although we are nothing, we claim to be something by giving ourselves empty titles so that we can get a value. But even if you try to give this value to yourself, it is nothing. It is useless. As long as a person wants to give himself a value, he will be cheap, cheaper, cheapest... Because as long as someone is claiming to be something, he will be looking at his own power, his knowledge, his position, his business, his rank, his family, his race, his richness... With all this he will want to give himself a value, but in reality he is becoming cheaper and cheaper and he will fall down into the dustbin and become rubbish himself. If you try to be something, I will come and look at you when you are dying, and after death I will look to see how you are. You will probably be smelling badly! Is that your value? You, who are claiming to be such an important one! If you really think you are so valuable, let me take you to the market of dead bodies after you have died, and then let us see how valuable you are!

Yes, that is the value of all of those who are claiming to be something now. Some people put stars on their shoulders or badges. Even children are proud when they wear lions, or wolves or foxen on their pocket.

People are not using their mind and that is why they are becoming like small children. They are happy and

even proud with such useless things. Pride only belongs to the Lord of Heavens. He has the right to be proud, no-one else. No-one has the right to be proud. This century is the century of pride. Everyone are proud-ones. When they are proud they will be jealous, envious, merciless and injust people. All those characteristics come from pride. Of all creatures, the first proud-one was Satan. He claimed to be proud, and all the angels kicked him down. He was kicked from the highest position to the lowest.

We are fasting. We must fast, because we have been ordered to. Since the first man until today, it is a heavenly order: "Oh, mankind, you must fast!". Fasting makes you humble. When you are full, you will be proud and it is not for you, to be proud. That is why it is the most important worshipping, to fast. The Seal of Prophets mentioned to his nation and to all nations: "For everything there is an entrance, and the entrance of worshipping is fasting. Without fasting, you cannot be a worshipper. Why? Because your ego will not let you. It will first reject, object and refuse to be a servant. Your ego will tell Allah, "Come down and I will go up!" That is how dirty the characteristics of the ego is. It is the worst creature that has ever been created, your ego. But it is so powerful. It even asks Allah Almighty to come down! It will never accept to be a servant. Try it yourself. Everyone has an ego. Do you think that your ego is an obedient servant? Isn't it always rejecting and refusing to fast and pray and to do this or that? Isn't it always asking to do wrong things? It always wants to be against the rules of heavens. It wants to be free. What is that foolishness of the people of the 20th century? They want to be free-ones! That is the claim of their egos. They do not want to be under any control or command. They want to be absolutely free. That means they are saying, "You are there Allah, I am here!" May they be forgiven...

Nothing can be more effective to put the ego down, than hunger. When Allah Almighty created the ego, He asked, "Who are you and who am I?" The ego answered, "You are you and I am I." It did not say, "You are my Lord and I am your servant!" Allah then ordered the ego to be put 1000 years into hell-fire. After that the ego was asked the same question again and it gave the same answer. It was then ordered to be put into the cold hell for another 1000 years. Again it gave the same answer. It was then ordered to be put into the valley of hunger for 1000 years, hungry. When it was brought out and asked, "Who am I and who are you?", the ego answered, "You are my Lord, my powerful Lord and I am your weak servant." It was trembling.

Nothing except hunger can make the ego declare servanthood. That is why since the first man, we have been ordered to fast. It is in the Old Testament, New Testament and all other Heavenly Books. The fastings in

those books are very difficult. The easiest fasting has been given to the nation of Sayyidina Muhammad, may peace be upon him. Even for his nation, fasting was difficult in the beginning. During the first few years, the companions of the prophet were only allowed to have a break of the fast between maghrib and isha. After isha they had to fast again. So they has a fast of 22 hours. Then Allah Almighty made it easier for the nation. We can eat and drink and enjoy all night until dawn. Even if it is the easiest fasting, many people are not observing it. But it is the best treatment for our physical being and also the best treatment for our egos. It is also the best treatment for our souls, to enable them to go up to the heavens. While you are fasting, your soul is asking to reach higher levels in the heavens.

Try to keep this rule of fasting as much as possible. If you are new and you haven't been fasting before, try to fast, make the intention. That is the most important factor of obediency and worshipping. Allah Almighty will not accept any worship without the intention. You must intend to do a worshipping for the pleasure of Allah Almighty, intending to follow his Holy Command. If not, it is not a worshipping. Use your intention! "I am praying for the pleasure of my Lord! I am fasting to follow his Holy Command and to make him happy and pleased with me." Every action that a believer wants to do, should be done in the rememberance of Allah, to make Him pleased with us. If you want to do anything, and you know it is going to make Him pleased, then do it! If not, then don't do it, beware! Some punishment can come to you sooner or later. Don't be cheated, if the Lord Almighty Allah gives you your punishment later, it doesn't mean that He is not punishing. No! Don't be cheated if He is delaying his punishment. It only means that He is waiting to see if you are repenting, or not. He wants all his servants to ask for pardon.

When you intend, you will find the capacity to fast, to complete your fast. If you are a beginner and you do not reach that point, even though you have intended, and on the first day of fasting you realise at noon time that you cannot continue, then break your fast. Try the second day. You can then improve and add another hour, and so on you add one more every day. By the middle of Ramadan you will be able to complete your day. That is a way, step by step to reach our target. Don't say that you can't, and don't be too strict. Even our children are not too keen on worshipping. Teach them step by step. And with new Muslims be tolerant, oh Muslims! Don't say anyone is impossible. It is only a question of training.

## Fear Allah And You Will Be Raised High!

(Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Allahumma zidh wa baarik habeebika Sayyidina Muhammad (s,) zidhu yaa Rabbee `izzan wa sharafan, nooran wa surooran, ridwaana wa sultaana. Thumma 's-salaam `alayka yaa Saahib az-Zamaan, thumma as-salaatu wa 's-salaamu `alayka yaa Qutb az-Zamaan, thumma as-salaatu wa 's-salaamu `alayka yaa man huwa 'l-Mutasarrif `alaa `ibaadullah fi 'd-dunya, sharqan wa gharbaa, shimaal wa junooban, fi 'l-bawaari wal-bihaar.

And we are saying, as-salaamu `alaykum yaa `ibaadallah, throughout the east and west, north and south, who are occupying themselves only for the servanthood of their Lord. To make their Lord and their Creator happy. They are also trying to give their most high honor to the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands.) Zidhu yaa Rabbee `izzan wa sharafa, nooran wa suroora, sultaana wa ridwaana.

(Mawlana Shaykh sits.)

We are asking the Lord of Creation, thabbitna `ala al-Haqq, keep our feet fixed on the right path! And we saying to our attenders also, as-salaamu `alaykum, those who are giving some time for their Lord's pleasure and trying to make their Lord, Allah Almighty (Mawlana Shaykh stands.) happy and pleased with them and to be rejoicing in them. (Mawlana Shaykh sits.)

May Allah forgive us for the honor of His most honored one. O our Attenders who may be from common people, or `ulamas, or from learned people, or from those who are asking to not show that they are hearing such things, because Shaytan is threatening them, "You are `ulamas, and you are listening to such an unauthorized person?" Yes, I am not authorized by official centers and I am not an official. I am only a weak servant who has been appointed by that one who is controlling everything on Earth and they are trying to keep Believers from falling into bad conditions or dangerous situations. We have been controlled by that one, and the most important thing is that Shaytan is now going to be upset, very upset! Ptuu, and upset you, Shaytan! He is angry with me and I am angry with him also. (Mawlana Shaykh laughs.) My supporter is the one who appointed such a weak servant, perhaps the weakest servant on Earth! And I am not asking heavenly support through its last level, only here, and from him who is responsible for Believers, to not fall in Shaytan's traps.

This is an association. What they are causing me to speak, I may say. May Allah forgive me and forgive you. Ask His forgiveness, O people! Everyone in Creation is asking forgiveness from their Creator. Without forgiveness, no blessings are coming. If blessings are not coming, in a second or less this planet will disappear, finish, wa huwa `ala kulli shay'in qadeer, "He is able to do everything He wants."

O `ulamas, is this against `aqeedatu 'l-Islam, the belief of Muslims? Say! Do you think He is not able to take away this world and others like this world, thousands, billions, trillions, quadrillions, pentillions, before 'qaaf' reaches 'noon'? Are you believing this? You must believe in the Creator's Endless Power Oceans! You must believe in your Creator's Will Power, in His Divine Attributes. If He says, kun fayakoon, "Be! And it is," and if He says, "Finish," everything will disappear through His Power Oceans. You must say this so people so they may know their Lord, their Creator's power! Something la yudhkar, not to be mentioned, yet in a very short time everything may disappear. Wa huwa `alaa kulli shayin qadeer.

O doctors, O `ulamas, make it so wide that people may understand. Say! Where are they going to disappear to? That is beyond all your imaginations! He, Almighty may say, "Quickly! Everything in existence, inside a dharra, atom!" And all this will take its position in an atom. (Mawlana Shaykh laughs). Yes, `ala kulli shayin qadeer. Don't say, "It can't be." There is no argument on this. (Mawlana Shaykh stands.) Allah (swt), wa huwa `alaa kulli shayin qadeer. (Mawlana Shaykh sits.) He may take everything in existence and order it into an atom. Are you saying this, O Salafi `ulamas, O doctors? Is it true what this weak one is saying? Don't think these are a weak one's words. If it is just on the level of your understanding, it is the last level! Allahu akbar, wa lillahi 'l-hamd!

If a person is inquiring about a king's territory and power and we say one is a king of a small island, and the other is a King whose territory runs from east to west then you may understand the value of one against the other. You may say US, (is a donkey, but we have to say) its territory from north to south, is on a new continent, "oh, so powerful." And, "who is that one?" "That is the king of Malta." One spot. If you say, "that is the king of Siberia, his territory is from east to west," then you are understanding his power, so you try to give your best salute and obedience to that one. Therefore, `ulamas, Salafi or non-Salafi, doctors or others, as much as people give glory and greatness to the Lord of Heavens, they take more care, fearing that they can't do as they like, no! They are fearful (of their Lord.)

O Salafi `ulamas, do you know what the Seal of Prophets (s) said? He said, Raasu 'l-hikmata makhaafatu'Llah. "The head of wisdom is to fear Allah (swt)." (related by ibn Abi Shayba, al-Hakim at-Tirmidhi, Abu Na`eem in his Hilyah, al-Bayhaqi in Shu`ab al-Iman and others, authentic [sahih]). It is only four words, but it gives people such a huge maidaan, level, that they may understand something from makhaafatullah, (in order) to make them fear and tremble in front of the Lord's greatness and glory! Therefore, it is important, O `ulamas, to speak each time, everyday, about the greatness of our Lord, Almighty Allah. (Mawlana Shaykh stands and sits.) And according to your fear of your Lord, you are given such an ability; the capacity to give your most high respect and glory to your Lord, (because) you are trembling in front of His greatness, fearing, and keeping the right way!

Therefore, just four words, raasu 'l-hikmati makhaafatullah, covers the whole world and teaches them. If one is not in fear of his Lord, it means, that person is ignorant and does not have good manners. And if a person

does not have good manners there is no value for him in the Divine Presence. On the Day of Resurrection those who were giving ta`zheem, their highest glory and endless respect to their Lord, will be accepted and granted such a glory that others will not be given. Therefore, heavenly ranks granted to people will be according to their fear of their Lord! Fearless peoples' level is under the level of animals; not on the level of animals, but under it. And when we are saying, 'under the level of animals,' you can't find an end for these levels.

Marhaban, ayyuha 'l-mulook, ayyuha 'l-`ulamas! Who is a real malik? The one who may keep his ego on the level of ta`zheem, glorification of Allah Almighty. Those who are able to lower their levels as much as possible in front of their Lord's greatness, have been granted such greatness from the Lord of Heavens. Therefore, that hadith shareef, raasu 'l-hikmati makhaafatullah: the one who is honored in this life is in fear of his Lord, and then everyone will fear that one!

As an example, once upon a time, one of those who glorified their Lord Almighty, was riding through a jungle. It was so dark there and he was tired. He was keeping his horse there and sleeping. After a while a person came past and said, "O my Lord, who is this, here? 'Oh, stranger, have you never been here? This is the most dangerous place for wild animals and serpents? Quickly, go from here!'" He kept sleeping, and anyone looking at him was trembling! Whichever serpent, tiger or lion came to him was trembling, because of his 'halo,' as our Christian brothers say. They put this, so that it may be known that that is a heavenly one. He is not like ordinary people. Men, if looking, would see this. All wild animals also, when they approached, would see that circle, that halo around him and run away! Therefore, everyone fears those who keep makhaafatullah, the fear of Allah Almighty. Even if they were thrown in fire on the Day of Resurrection, fire would run away from their power. Makhafatullah! Allah Allah.

Now, you, O `ulamas, are you reminding people of such things? Reminding is the most important pillar for believing in your Lord Almighty. Therefore, all prophets have been ordered: an andhiri 'n-naas, "Warn Mankind," to make them take care to give their adab in the Divine Presence of their Creator, that is important, wa thiyaabaka fatahhir, "And keep your garments free of stain." You must clean yourself from every wrong belief and you must believe in the greatness of your Lord, Almighty Allah, that He is going to accept you or you are going to be rubbish, thrown away.

O People! How are you asking to reach those levels? You can't reach those levels with ordinary feet, no! O `ulamas? What is the Lord of Heavens saying? He is saying, qadama sidqin, "The lofty rank of Truth." Yes? I am not knowing the entire Holy Qur'an by heart, but something is coming to me, and I am speaking on it. Are you understanding? If you don't have qadama sidqin, true steps, you can't move up even a millimeter. You can't stand up (above) the earth, but it is easy to reach the heavens for the one who is able to stand up from Earth one millimeter. If you can't do it, it is impossible. Which one of you have this qadama sidqin? Muslim scholars, Christian holy ones, Jewish rabbis, are you trying, can you stand up? You know! I am not claiming that I am making this, no! But that reality is mentioned in the Old Testament, New Testament and the Holy Qur'an. The one who is asking to walk or to get up to the Divine Presence needs qadama sidqin.

Allah Almighty was ordering Sayyidina Musa:

•••••• ••••• ••••••• ••••••••• •••••••••• ••••••• •••••••••• •••••••••••• •••••

Innee ana Rabbuka fakhl`a n`alayk innaka bi 'l-waadi 'l-muqaddasi Tuwa, Verily, I am your Lord! So take off your shoes; you are in the sacred valley, Tuwa. (TaHa, 20:12)

You are Arab `ulamas, what does it mean? Hundreds of books you may write on it and finished. Allah Almighty was saying to Musa, fakhl`a n`alayk innaka bi 'l-waadi 'l-muqaddasi Tuwa. What is Tuwa? You are knowing nothing! Fakhl`a n`alayk: mostly, you do not see a difference between a clean place and a dirty place when you are walking with these shoes on Earth. You just step, and there may be dirtiness under. Allah Almighty's address to Sayyidina Musa (a), is some thing and to common people, another. If you do not leave your dirty steps, you can't move up! Or you can't be on a clean Earth so that the Lord of Heavens addresses you. May Allah forgive us.

O People! Try to understand, it is important. If you are not understanding, you can't step forward. May Allah forgive us for the honor of the most honored, beloved and glorified servant in the Divine Presence, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.)

(Mawlana Shaykh sings.)

Dome dome dome dome 15x

Fatihah.

(Mawlana prays two raka`ats shukr.)

(Mawlana speaks with Shaykh Hisham Effendi on the phone from Indonesia. Shaykh Hisham informs Mawlana Shaykh that he has just completed giving suhbat and Mawlid at a gathering of over 200,000 people in Central Java.)

**Fear Allah!**

---

Dastur, ya Rijal-Allah. Don't set out without "Destur". When you ask for "Destur", the holy ones will lead you to a good path. You will be inspired with whatever is good for you. It is very good. Ask for "Destur". O beloved servants of Allah, O pure ones, O beloved of the Holy Prophet, O lovers of Shah Mardan, Allah's pure servants, let us set out with your permission - saying Bismillahir-Rahmani r-Rahim. O how lovely, how very lovely. Ah, how beautiful, how very beautiful! There once was one "majzub", the meaning of "majzub" is to be in the grip of divine attraction, a person who is enraptured with the Majesty of Allah Almighty. What are we, in the face of the Majesty of the Almighty? We are Nothing. This man used to say: "Ah, how beautiful, how beautiful!" He said: "There is nothing ugly. Ah, how lovely!" He looked right, left, straight ahead, and always he said: "Ah, how lovely!"

O Shah Mardan, we ask you to give us of your beautiful wisdom which will gladden our hearts; we are wating for that. Yawmun jadid, rizqun jadid - A new day, new sustenance. He does not give us yesterday's provisions. The Sultan, in his kitchens they do not leave yesterday's meal. Yawmun jadid, rizqun jadid - With every day there is new provision. O Lovers of Shah Mardan! let there be love, let there be yearning! ask olsun! sevk olsun. Let it teach you/mesk olsun! to say: Bismillahi r-Rahmani r-Rahim. Speak and have no fear. Say Allah and don't be afraid, Jalla Jalaluhu. When you speak Bismillahi r-Rahmani r-Rahim completely, in perfection: Bismillahi r-Rahmani r-Rahim, we have opened our eyes, we have opened our eyes. May Your beloved servants open our hearts, o Lord. Allah, Allah...

How beautiful is this human condition. What a shame that there is no one left who is able to understand such beautiful things. That is why those who can explain them are now hidden. "wal-awliya-u ikhtafaw": a time will come when the Friends of Allah will be hidden. Why is that

so? Because nobody is looking or asking for them. Formerly, there were people who sought and asked for them. We had one brother in tariqa, who has since passed away, they showed somebody to him, - Allah have mercy on his soul - Who is this? they asked. He was in extraordinary clothes, an appearance commanding respect, reverence, a person in whose presence one would assume a respectful attitude.

Bismillahi r-Rahmani r-Rahim. O Shah-i Mardan. You are Shah-i Mardan, as well as the King of the Battle Fields. Masha'Allah, may our day be a good one. May our final end be a good one. Each day light descends, so that we may take our share of light. O Lovers of Shah-i Mardan! O Shah-i Mardan, o beloved ones of the Lion of the Arenas! It is Shah-i Mardan, masha'Allah, the world trembled before the grandeur of Shah-i Mardan. O Lovers, o Friends, Welcome to our assembly! May honour come to you from our assembly. This is the training of Shah-i Mardan, of his instruction. It is not acceptable to say, "I am Alawi, I am Shi'i". Be mindful of the command of Shah-i Mardan. Pay attention to what you do. Learn your manners from him. Learn to behave yourself, for a special mercy comes on those who learn their manners. A special light comes on their faces. Power comes to their bodies. Even one of them makes the earth tremble. Shah-i Mardan is such a blessed person who makes the earth tremble and quake, Shah-i Mardan, O Shah-i Mardan. Let us follow your way. Send your support to us. We have loved you. We ask to follow your way. Send to us from the treasure house of your favour. Let us learn good manners, o Shah-i Mardan! O lord of superior success and good fortune! O lion of the battlefields, Shah-i Mardan. Be brave and steadfast. Be a man of character, don't be rubbish. Don't be the beast of Shaytan. Be Shah-i Mardan's student. We are unworthy of being Shah-i Mardan's pupils, but we can try to serve him. Let us learn some good manner from him. Good manner, a certain blessed person once said: "I searched and applied to the assembly of spiritual knowledge. Knowledge came at the very end, only adab, only adab." Man is human only due to his adab (good manner). A man without manners is not human, he is an animal. We must know what we are saying, what we are speaking. Let us join the assemblies of the good. Let's attend the gatherings of the pure, of the Lovers of Shah-i Mardan. Let us search for his assemblies.

O Shah-i Mardan, Sahibqiran, (o fortunate one, blessed with success) O Lion of Allah, Shah-i Mardan. Lion of Lions, how very good! Remember and mention their names, so that a light

may come upon you; so that beauty might also come upon you. So that you too might be clothed in a robe of good manner. Those who have no manners, the doors of their hearts remain shut. Even in this world nobody opens his door to a person who has no manners. Who is without manners? The person who knows not what he says, what he talks. He who does not know what he says, what he talks about, he is an animal. Such people cannot be at the head. If they are, they make a mess of things. O Lovers of Shah-i Mardan, how beautiful.

O friends on the way of Shah-i Mardan. He who befriends the lion is himself a lion. He who makes friends with a donkey, he too is a donkey. He who befriends the dog is a dog himself. Who makes friends with a cavalryman, he is a fighter, wielder of a sword. They strike the world with fear; mention of their names makes everyone tremble. If Shah-i Mardan lets out a shout, people from East to West will tremble. Autumn leaves fall from the trees in the Fall of the year. In such a way they too fall to the ground - not because there is no power but it is not given to those who have no manners. Get your manners, have Adab. Those who go to bad places are bad ones. Who sits with the ignorant is ignorant. Who sits with the wise is enlightened. He who keeps company with the saints benefits from their blessings. Who sits with the Sultan, receives favours and gifts from the Sultan.

Know your road, know your own street. Don't be like a beast, they say. "Be as brothers, o servants of Allah!" O servants of Allah, that power, brotherhood, you must learn it! You can learn this in the assemblies of the generous, open-hearted. Be pure. This is an instruction because in this time people outwardly look like human beings, like Muslims, but their actions are even worse than what wild beasts will do. Wild beasts do not perform such actions as they do. A wild animal will hunt its prey, eat it up and stay in its place. When it has eaten its fill it asks no more. But these two-legged monsters - this is a suitable term for them - those who do not tire of spilling blood; nor feel shame; who commit injustice towards Allah's servants; they are lower than the wild beasts.

O Shah-i Mardan, please come, so that we may listen to your talk. Marhaban, welcome to you, o my Lovers, he says. The Lion of Allah bids those people who love him, welcome. To be welcomed by him, is worth more than if you were to give the whole world. I receive the welcome greeting of the Lion of Allah. Every day, do you say, "Marhaba, o Shah-i Mardan"? Every day? Do you say welcome to him? And then they say "I am Alawi, I am Shi'i". Those

are false claims. Do you say every day "Welcome, o Shah-i Mardan"? How lovely. Light comes upon them, light. Allahu akbar, Allahu akbar, Allahu akbar wa-lillahi l-hamd. Such a Lion as Shah-i Mardan, has been sent to us, the beloved cousin of the Holy Prophet (sas) is sent to us in order to set the world right and to train those looking like human beings but having the qualities of beasts; to train them, to teach them manners.

Their words have permanent meaning. Every day you hold in your hand sheets of newspaper. What happened today, I wonder? A lot of lies and nonsense. What's going on? What is the business of newspapers? Lies, fabrications! Every day from morning to evening you are reading every page. Do you ever read a single page of the Holy Qur'an? Because you don't, your eyes give out halfway through, your sight becomes dim. I am going blind, he says, - well, did you ever take in any light? Had you taken light, you would not have gone blind. So from where should we take this light? From the lovers of Shah-i Mardan. You may take light from their asemblies. For they have brought light. Shah-i Mardan, he grumbles. They have brought the light, you must ask it of him! O, I am going to the eye doctor. What is the eye doctor going to do for you? He will make even a seeing eye blind. Go to those blessed ones who will give you light so that both the eye in your head and the eye of your heart might open up. You must know who you are.

Do you know who you are? Eh, this is me here. No! Nobody will say - I am Allah's servant. Whoever does not say: I am Allah's servant, he is the beast of shaytan. Whoever forgets Bismillahi r-Rahmani r-Rahim is linked to shaytan. Shah-i Mardan does not talk to them. O our Lord, we thank You that we woke up healthy and strong. We awoke strong and healthy, without aches, without pain. We have no worries and no fear. And why is this so? We are under the protection of the Sultan. The Sultan looks after us. The Sultan is Shah-i Mardan. A person who is under his protection will not be brought low. He who keeps the company of a glorious one will partake of that glory. Who is with the honourable will have honour. Who is with a liar will be a liar Who associates with an unworthy person, will be unworthy himself. Who associates with the unclean, will himself be unclean. He who keeps the company of a dog, is himself a dog.

O Shah-i Mardan, how beautiful are your words! They are cleansing. ",ÄòInda dhikri s-sulaha'i

tanzil ur-rahma." This is a heavenly message, know this. The words of the prophets, the saints. The righteous, he says - The assembly in which the righteous are mentioned, mercy descends on it. Don't talk! Don't gossip about this fool, that fool. Listen to the words spoken in the assembly of the righteous. Listen, so that mercy might descend upon you; if you have any troubles, that they may go from you. Say, whose servant are you? I am the servant of Shah-i Mardan. I wish for him to accept me, that is my assertion, but only if that blessed Lion, Shah-i Mardan will accept me. Of course he will! The Sultan does not turn back those who love him. He regards them accordingly. He makes them wait for the right time. Therefore, by what does a person's worth become clear? It becomes clear through the ones whom he loves. A person's worth is measured by those whom he loves. Love good ones, and your name will be mentioned with those good ones. When you go to the grave rows of angels will greet you, as Sultans are received.

Allah, Allah. Allahu akbaru l-akbar. Allahu akbaru l-akbar. O my Lord who are Most Holy! what beautiful servants You have. Shah-i Mardan whom Your Beloved loved, may he conquer our hearts! Let us speak his words. O you Alawis! to hop and kick in a mixed gathering of men and women is not the way of Shah-i Mardan. Have you ever heard that Shah-i Mardan cavorts with women, belly-dancing with them? What kind of Alawi, what kind of Persian are you? Well, speak up. So learn then, learn from Shah-i Mardan. Were we to speak Shah-i Mardan's words until the Last Day, they would not end. He who wishes to become a human being, let him pay attention to his words. Where does he take them from? He takes them from the City of Knowledge, the Sultan of Prophets, the Beloved of Allah. Ah but you false Alawis, false Shi’is, if you drank from a pure source you would find life, pure. He who drinks of toilet water, what will happen to him? He will become as filthy as this. Leave off your empty claims. Enter the ring of true men. Don't go on saying I am this, I am that. Say: Bismillahi r-Rahmani r-Rahim. Jalla jalaluhu, jalla azamatuhu. Wa la ilaha ghayruhu. Allah akbar wa li-Llahi l-hamd. That should be your speech. That is what Shah- Mardan teaches.

O lovers of Shah-i Mardan! Insha'Allah I will fill the whole world with the love of Shah-i Mardan. With his love I want to conquer their hearts. I am nothing. But I want the hearts of Muslims to be inflamed with love for Shah-i Mardan. Let him go on the path that he went. Let him abandon cruelty, tyranny. Let him give up vulgar manners and disbelief. Let him stop

killing people. Let him give up his envy. Let him quit his bad ways. Let him not go to gaming and gambling casinos. Go to the assemblies of those beloved to Allah. O Shah-i Mardan! O Lovers, O you who love me, he says, Sayyidna Ali. The time is now coming, he says. Hear these words of Shah-i Mardan. My (sword) Dhu l-Fiqqar will strike the necks of many liars. I will not leave them - those who misunderstand Islam, who abuse Shah-i Mardan's way of Islam. How ever many of them there are, I will strike their necks - Shah-i Mardan has Dhu l-Fiqqar.

Take heed, the time is coming. This time is the time of Sayyidna al-Mahdi (as). He is the representative of that Lion on the face of this earth, al-Mahdi (alayhi salam). Do you think S. al-Mahdi is going to gather you, men and women, hand in hand, in order for you to jump about? Is that what he will order you to do? What is Allah's command? Asta'idhu billah: "Wa qarna fi-buyutikunna". Women should stay at home in their houses. If you don't listen, your faces will grow ugly. Your health will suffer, and all your endeavors will become messed up. A woman can't do a man's work. Who forces her to do will meet an evil end. He will strike them with his sword. O Shah-i Mardan. When they hear your name now, nothing happens; once you unsheath your sword, once Shah-i Mardan draws Dhu-l Fiqqar, there is no man who will not tremble. Allahu akbar! Allahu akbar! Allahu akbar wa li-llahi l-hamd.
Recite takbir, oh you heedless ones! In the morning, stand before the mosque and recite takbir! When leaving the mosque, in the square of the mosque, say: Allahu akbar, Allahu akbar, Allahu akbar wa li-Llahi l-hamd. It is Allah Who conducts our movement, our Lord Who calls us to worship. This is as much as we can do. Send us reinforcement, O Lord. Steer us away from the meetings of those who deny You. Let them have no say May they be driven apart. Those who have no respect for Shah-i Mardan, who neglect their prayers and other duties, will all go, all of them. Some of the believers who are Lovers of Shah-i Mardan will go to Paradise. Their graves will become paradise. But the graves of who denies him will become pits of hellfire. Allah protect us. Come to your senses.
If it is your job to kill people, you are not human. "La darar wa la dirar fi l-Islam." This is the message of Islam that Shah-i Mardan has brought us. "La darar wa la dirar fi l-Islam". It is forbidden to do harm in Islam. Especially"wa la taqtulu anfusakum"(4:29 A human being like yourself, but weak, don't kill him because he is weak. He is a servant of Allah. Give to him, be

generous. Shah-i Mardan never wrongfully struck anybody's neck. He is King, Shah-i Mardan. O Lovers of Shah-i Mardan, O Blessed One, O our Sultan accept us, so that we may learn good manner. I am Shah-i Mardan. I will not stand before the Throne of the Almighty before having cut off the heads of the unjust among men, he says. Have fear! Those who murder people, murder innocent people; who set their surroundings on fire - the sword of Sayyidna Ali, of Shah-i Mardan will strike them in the end. They will see. When they die, their heads will roll. Beware, do not be a tyrant! Don't be haughty! Commit no cruelty! For Allah Almighty says, Subhanahu wa ta'ala, jalla jalaluhu, our Lord says: ""Harramtu z-zulma ala nafsi, fa-la tazalamu". The command of Allah Almighty, His very first command. O you liars, who do shaytan's bidding - Shah-i Mardan is saying this - Allah Almighty speaks: I have forbidden Myself cruelty - there is no cruelty in Me. I do no injustice.Therefore, do not act cruelly. Do no injustice, I will seek revenge. Nowadays people have become ignorant. To spill the blood of Muslims, to murder innocent people, to burn and pillage, that is the cruelty which shaytan has taught people, ignorant people. shaytan says to them: "Be cruel tyrants!" Shah-i Mardan says:

"Be just!" shaytan says: "Don't give anything to anyone!" Shahi Mardan says: "The gates of my palace are open. Everybody is welcome at my table. We accept no injustice."
The Almighty says: I accept no injustice I have made cruelty unlawful to Myself so you also must not be cruel to anyone. What will happen to them? The tyrant Hajjaj in his cruelty, the tyrant Hajjaj murdered many people so that his name became synonymous with cruelty. They saw him in a dream, after his death, a saintly man saw him in a dream. He asked him: "How are you doing, Tyrant Hajjaj?" "Don't even ask", he replied. "As many people as I unjustly persecuted and handed over to the hangman, for each one of them, for each one's head", he said, - not to say to our head - to his head, "a sword strikes and knocks it off." Because he had killed people cruelly. For the vow of the innocent victim I killed, they cut my neck once. This he says in the dream. But he also killed one of the companions of the Holy Prophet (sas), Zubayr (ra), and for him they cut him 70 times, he said.
It is no small matter. To kill and destroy by sword what Allah Almighty has created and made to live, is no small matter. Let the Persians think on this! Let the Alawis think on it, and let the Kurds, Turks and Arabs think on it too. There is no escape from this; it will be counted.

Whatever injustice you did, whatever suffering you inflicted on Allah's innocent servants, up to the Day of Resurrection you will be punished in that same way. The legions of Hell will come and punish them. They will cut off their hands and feet. They will cut off their heads, and crush them all the time. Take heed, he says. O Shah-i Mardan, this is enough advice for us. Either you become a human being or you will suffer for it.

Man is the most highly honoured of creatures. A person who does dishonourable deeds, is not human. He is an animal. Wild animals have to suffer until they leave this world. Into which pit will you be thrown and what will you suffer? O Shah-i Mardan, O Lion of the Arenas! We follow you. You never harmed anyone unjustly. O cousin of the Holy Prophet, Lion of Allah, Sayyidna ‚ÄòAli! He never hurt anyone. He treated people well. He never inflicted suffering. He never disgraced or crushed a person. And you villains, you crush a weak one? Why do you murder defenseless women, children and feeble, disabled men? May you drop dead! This is what Shah-i Mardan says today. You have no shame! But with Dhu-l Fiqqar in my hand I will strike all of you. Al-Mahdi is coming. Sayyidna l-Mahdi (as), Sultan, the Sultan of Islam is coming.

The Day of Gathering - Oh, what events are about to take place in this world! There is a reckoning, and they will be called to account. The day after they are buried, angels come in the guise of wild beasts, dig them out and tear them to pieces. O cruel one, pull yourself together! Don't go on a wrong way! But they have gone and performed cruelties. The became tyrants. I am the enemy of tyrants, says Shah-i Mardan.

O Alawis, o Shi’is, take heed! O Turks, o Kurds! O Arabs! Watch out! Ha - al-Mahdi, who will pass judgement, is the Sultan form the line of Shah-i Mardan. He has sharpened his sword. Your guns and weaponry cannot withstand. He will call one takbir: Allahu Akbar! Allahu akbar! Allahu akbar! When he says this all the atom bombs and whatever else you have depended on will come to be zero! They will be of no use at all and turn to ashes. O Lord! For the sake of Your Greatness, if You command Your weakest servant he will turn them all upside down.

Where is he, Sayyidna l-Mahdi, who is from the lineage of Shah-i Mardan whom Allah's Beloved (sas) loved? He will introduce discipline. Correct your attitude, O Persian, O Alawi, O Kurd, O Turk! Leave that! Go on the path of Shah-i Mardan who never even hurt an ant. To harm not even an ant is the sacred ruling of our Sharia. How can you strike with such might?

Shall you be held to account? Yes, you shall be! May Allah grant us forgiveness O Shah-i Mardan! O Sultan! From your pure lineage send us Sahib uz-Zaman, the victorious al-Mahdi (as) who is to come, so that he may save these people from running after shaytan; so that the banner of Islam may be flown! Ey, hoist the banner of Islam! What is written on the banner of Islam? "Inna fatahna laka fathan mubina" (48:1) Write and fly it. That is what we are commanded. Write this and fly the flag. Write it on the red flag, write it on the green flag, and hoist it up!

Masha'Allah, O Shah-i Mardan. He relieved our hearts a bit, not only a little bit, but with complete relief. We have hope that we will see glorious al-Mahdi from that Lion's pure lineage. In Sham and in Islambol, we hope to see him, in Persia and in the Maghrib. He will dominate the whole world. O our Lord, we repent towards You. Who is ruled by his bad nafs cannot be good. Those who follow their lower soul are all tyrants. Let us not be of those tyrants and do not leave us in their power, O Lord. O glorious Messenger!! Rajab the month of Allah approaches. You give good news, we live by this. Dress us in the robe of awe, let them dress us in it. May they dress us with the quality of might and glory. Let us also follow the Lions who hold aloft the banner of Islam! This is what wish for. We are sickened by oppression, but we are powerless. But the time will come, the time will come for there to be Divine Judgment on these oppressors. Beware! Don't waste your efforts! Do not harm one who says Allah! Even an ant.

Do no injustice, not even to an ant! Do not harm it! Allah Almighty says, "I am not pleased with tyranny." Allah Almighty - jalla jalaluhu - says, "I am not pleased with disbelief." Allah Almighty says, "I am not pleased with those who follow shaytan." Allah Almighty says, "I am not pleased with tyrants, I shall destroy them." Allah Almighty can turn the whole universe upside down in one moment. With one single ant He sweeps them away. Fear Allah! Don't act with falsehood or cruelty, Allah is gracious, kind. Generosity is a characteristic of Allah Almighty, Allah karim, we say. His generosity has no limit. So take from Allah Almighty's quality of graciousness. Bring gifts to people instead of bringing them death. Why are you bringing them death? Throwing fire upon innocent people? You think you are a human being? In your grave you will be made to suffer.. You bring death. Bring them kindness! Bring kindness and gifts! Try to please them! They are Allah's servants! Don't oppress them! From where in hell do Iranians come all that way to shoot people in Sham! They are a class of people

who do not fear Allah. But He will avenge Himself.

Sayyidna l-Mahdi (as) is there. Those ones are branded on their foreheads. Even if they can't see, the Saints can. He is branded - off with his head! This is no joke. The time for jokes has passed. Heavenly Order is coming in Rajab. Tawba, ya Rabbi...O Shah-i Mardan, bless you for your words, masha'Allah. Masha'Allah, so fear Allah! You are in between two breaths. On which of your powers would you rely? On those worthless guns of yours? That gun is of no worth to you, not five, not even one cent - Go hide! Be human, otherwise monsters will tear you apart. In great numbers - this news is coming from Shah-i Mardan, he says: strange monsters will come out of the desert in great numbers. They will attack these heartless soldiers and tear them limb from limb. It needs no bombs, no guns. A strange creature will emerge from the desert. This is news from Shah-i Mardan. It will come, suddenly it will appear and attack them, and tear them to pieces. It will tear them apart and devour them. Allah protect us from our evil nafs.
O you who call yourselves Alawi, Shi'i, Turks or Kurds - be careful! This is the fatwa of Shah-i Mardan. "Man qatala qutil. Bashshiri l-qatila bi l-qatl." They will smash the killer. Don't go with the ignorant. Look to Shah-i Mardan. Once he draws DhulFiqar he will not stop. From the desert a beast will come. It will enter the houses, from where is not clear. It rips them apart. It rips up as many tyrants as there are. Out from their graves, in pieces. Take heed, o you who commit injustice and tyranny! Allah Almighty says: "I have forbidden Myself injustice. I am not a cruel one. You also, do no injustice." All of them act unjustly. You will get your just desserts.
O Lord make us not of the ignorant! Make us not of the unjust, o Lord. Let us be merciful with Your servants, and You with us. "irhamu man fi l-ardi yarhamukum man fi s-sama'i" Have mercy with those on earth, speaks the Lord, so that your Lord in Heaven will have mercy on you. Wa min Allahi t-tawfiq.
Let us rise to our feet for the sake of the Divine Glory of Allah Almighty. Let us stand for the honour of the Messenger of Divine Majesty. Let us rise for the honour of ShahMardan May Allah not part us from their flag. May Allah not let us be among those unjust ones. I am crying, I am crying for those innocent ones. "Wa umli la-hum inna kaydi matin" (7:183 "Umli la-hum" - I grant them respite. Let them do what they are going to do. But "kaydi matin" - My plan is strong, they will not escape from My trap. So, watch out for Allah, jalla jalaluhu. At the very

least fear Shah-i Mardan, for he wields Dhu l-Fiqqar. If he strikes, from East to West, not one tyrant's head will be left on his neck. He will destroy them all. Nobody has the power that is with us. We fear no Russians and no Chinese. Whoever fears the unbelievers, his faith is weak.
Fear Allah! Allahu Akbaru l-Akbar. You are beyond praise, O Lord, give us strength. Dress Islamic people with the robe of Grandeur, even 5 is enough.
Al-Fatiha.

**Fürchtet Allah!**

Dastur, ya Rijal-Allah. Beginnt nichts ohne "Destur". Wenn ihr um "Destur" bittet, werden euch die Heiligen auf einem guten Weg leiten. Ihr werdet inspiriert werden mit dem, was immer gut für euch ist. Es ist sehr gut. Bittet um "Destur". Oh geliebte Diener Allahs, oh Reine, oh geliebte des Heiligen Propheten, oh Liebende Shah Mardans, Allahs reine Diener, lasst uns mit eurer Erlaubnis beginnen - indem wir Bismillahir-Rahmani r-Rahim sagen. Oh wie schön, wie wunderschön. Ah, wie wunderbar, wie wundervoll! Es war einmal ein "Majzub", die Bedeutung von "majzub" ist sich Griff der göttlichen Anziehung befinden, eine Person die von der Majestät Allahs des Allmächtigen hingerissen ist. Was sind wir, im Angesicht der Majestät des Allmächtigen? Wir sind nichts. Dieser Mann pflegte zu sagen: "Ah, wie schön, wie schön!" Er sagte: "Es gibt nichts hässliches. Ah, wie hübsch!" Er schaute nach links, nach rechts, geradeaus, und immerzu sagte er "Ah, wie schön!" Oh Shah Mardan, wir bitten dich darum dass du uns von deiner schönen Weisheit gibst, die unsere Herzen erfreuen wird; wir warten darauf. Yawmun jadid, rizqun jadid - Ein neuer Tag, eine neue Versorgung. Er gibt uns nicht die Versorgung von gestern. Der Sultan, in seiner Küche lassen sie nicht das Gericht von gestern stehen. Yawmun jadid, rizqun jadid - Mit jedem Tag kommt neue Versorgung. Oh Liebende von Shah Mardan! Lasst Liebe sein, lasst Verlangen sein! a•k olsun! sevk olsun. Lasst es euch lehren/mesk olsun! Zu sagen: Bismillahi r-Rahmani r-Rahim. Sprecht und habt keine Angst. Sagt Allah und fürchtet euch nicht, Jalla Jalaluhu. Wenn ihr das Bismillahi r-Rahmani r- Rahim komplett aussprecht, in Perfektion: Bismillahi r-Rahmani r-Rahim., wir haben unsere Augen geöffnet, wir haben unsere Augen geöffnet. Mögen Deine geliebten Diener unsere Herzen öffnen, oh Herr. Allah, Allah... Wie schön ist dieser menschliche Zustand. Welche Schande, dass es niemanden mehr gibt, der in der Lage ist, solch schöne Dinge zu verstehen. Deshalb sind diejenigen die sie erklären können nun verborgen. "Wal-awliya-u ikhtafaw": eine

Zeit wird kommen, wenn die Freunde Allahs versteckt sein werden. Warum ist das so? Weil niemand nach ihnen sucht oder fragt. Früher gab es Menschen, die nach ihnen suchten und nach ihnen fragten. Wir hatten einen Bruder in der Tariqat, der seitdem verstorben ist, sie zeigten ihm jemanden - Möge Allah seiner Seele gnädig sein - Wer ist das? fragten sie. Er trug außergewöhnliche Kleidung, eine Erscheinung die Respekt hervorruft, Ehrerbietung, eine Person deren Gegenwart eine respektvolle Haltung voraussetzt. Bismillahi r-Rahmani r-Rahim. Oh Shah-i Mardan. Du bist Shah-i Mardan, und ebenso der König der Schlachtfelder. MashaAllah, möge unser Tag ein guter sein. Möge unser letztes Ende ein gutes sein. Jeden Tag kommt Licht herab, so dass wir unseren Anteil an Licht nehmen. Oh Liebende von Shah-i Mardan! Oh Shah-i Mardan, oh Geliebte des Löwen in den Arenen! Es ist Shah-i Mardan, mashaAllah, die Welt erzitterte vor der Größe Shah-i Mardans. Oh Liebende, oh Freunde, Willkommen bei unserer Versammlung! Möge Ehre zu euch kommen von unserer Versammlung. Das ist das Training Shah-i Mardans, von seiner Anweisung. Es ist nicht akzeptabel, zu sagen, "Ich bin Alawi, ich bin Shi'a". Sei achtsam gegenüber dem Kommando Shah-i Mardans. Seid achtsam mit dem, was ihr tut. Lernt euer Benehmen von ihm. Lernt, euch zu benehmen, denn eine besondere Gnade kommt auf diejenigen, die ihr Benehmen lernen. Ein spezielles Licht kommt auf ihre Gesichter. Kraft kommt in ihre Körper. Einer von ihnen kann sogar die Erde erzittern lassen. Shah-i Mardan ist solch eine gesegnete Person, die die Erde erzittern und beben lassen kann, Shah-i Mardan, oh Shah-i Mardan. Lass uns deinem Weg folgen. Schicke deine Unterstützung zu uns. Wir haben dich geliebt. Wir bitten darum, deinem Weg zu folgen. Schicke uns von dem Haus der Schätze deiner Gefallen. Lass uns das gute Benehmen lernen, oh Shah-i Mardan! Oh Herr von großem Erfolg und gutem Schicksal! Oh Löwe der Schlachtfelder, Shah-i Mardan. Sei tapfer und standhaft. Sei ein Mann von Charakter, sei kein Müll. Sei nicht das Biest Shaytans. Sei Shah-i Mardans Schüler. Wir sind nicht wert, Schüler Shah-i Mardans zu sein, aber wir können versuchen, ihm zu dienen. Lasst uns von ihm einige gute Verhaltensweisen lernen. Gutes Benehmen, eine gewisse gesegnete Person sagte einmal: "Ich suchte und richtete mein Bitten an die Versammlung des spirituellen Wissens. Wissen kam erst ganz am Schluss, nur Adab, nur Adab." Der Mensch ist Mensch nur wegen seines Adab (gutes Benehmens). Ein Mann ohne Benehmen ist kein Mensch, er ist ein Tier. Wir müssen wissen was wir sagen, was wir sprechen. Lass uns der Versammlung der Guten beitreten. Lasst uns an den Treffen der Reinen teilnehmen, der Liebenden Shah-i Mardans. Lasst uns nach seinen Versammlungen suchen. Oh Shah-i Mardan, Sahiqiran (oh glücklicher, mit Erfolg gesegneter), oh Löwe Allahs, Shah-i Mardan. Löwe der Löwen, wie exzellent! Erinnert euch und erwähnt ihre Namen, so dass Licht auf euch herabkomme, so dass auch auf euch Schönheit herabkommen möge. So dass ihr auch in ein Gewand

des guten Benehmens gekleidet werden möget. Die die kein Benehmen haben, die Türen ihrer Herzen bleiben verschlossen. Selbst in dieser Welt öffnet niemand sein Herz einer Person ohne Benehmen. Wer ist ohne Benehmen? Die Person, die nicht weiß, was sie sagt, was sie spricht. Er der nicht weiß, was er sagt, worüber er spricht, er ist ein Tier. Solche Leute können nicht an der Spitze stehen. Wenn sie es tun, bringen sie die Dinge durcheinander. oh Liebende Shah-i Mardans, wie schön. Oh Freunde des Weges Shah-i Mardans. Der der sich mit dem Löwen anfreundet, ist selbst ein Löwe. Der der sich mit Eseln anfreundet, der ist auch ein Esel. Wer sich mit dem Hund anfreundet ist selbst ein Hund. Wer sich mit dem Kavalleristen anfreundet, der ist ein Kämpfer, ein Schwertträger. Sie versetzen die Welt in Angst; die Erwähnung ihres Namens lässt jeden erzittern. Wenn Shah-i Mardan einen Schrei ausstößt, werden die Leute von Ost bis West erzittern. Herbstblätter fallen von den Bäumen in dem Herbst des Jahres. In solch einer Weise fallen sie zu Boden - nicht weil es keine Kraft gibt, sondern weil es denen, die kein Benehmen haben, nicht gegeben wird. Lernt euer Benehmen, habt Adab. Die die zu schlechten Plätzen gehen, sind schlecht. Wer mit den unwissenden sitzt ist unwissend. Wer mit den weisen sitzt ist erhellt. Der der die Nähe der Heiligen sucht profitiert von ihren Segnungen. Wer mit dem Sultan sitzt, erhält Gefallen und Geschenke vom Sultan. Kenne deine Straße, kenne deine eigene Straße. Sei nicht wie ein wildes Tier, sagen sie. "Seid Brüder, oh Diener Allahs!" Oh Diener Allahs, diese Kraft, Bruderschaft,
ihr müsst es lernen! Ihr könnt es lernen in den Versammlungen der großzügigen, offenherzigen. Seid rein. Das ist eine Anweisung denn manchmal in dieser Zeit sehen die Leute äußerlich aus wie Menschen, wie Muslime, aber ihre Taten sind noch schlimmer, als das was wilde Tiere tun würden. Wilde Tiere tun nicht solche Taten wie sie tun. Ein wildes Tier jagt seine Beute, isst sie auf und bleibt an seinem Ort. Wenn es gegessen hat, ist es satt, es verlangt nicht nach mehr. Aber diese zweibeinigen Monster - das ist ein angemessener Ausdruck für sie - die nicht müde werden, Blut zu vergießen; noch sich zu schämen; die Ungerechtigkeit verüben an Allahs Dienern, die sind niedriger als die wilden Tiere. Oh Shah-i Mardan, bitte komm so dass wir deinem Gespräch lauschen mögen. Marhaban, seid willkommen, oh meine Liebenden, sagt er. Der Löwe Allahs heißt die Leute, die ihn lieben, willkommen. Von ihm willkommen geheißen zu werden ist mehr wert als wenn dir die ganze Welt gegeben würde. Ich erhalte den Willkommensgruß des Löwen Allahs. Jeden Tag, sagt ihr "Marhaba, oh Shah-i Mardan?" Jeden Tag? Sagt ihr willkommen zu ihm? Und dann sagen sie, "Ich bin Alawi, ich bin Shi'i". Das sind falsche Behauptungen. Sagt ihr jeden Tag, "Willkommen, oh Shah-i Mardan"? Wie schön. Licht kommt auf sie, Licht. Allahu akbar, Allahu akbar,

Allahu akbar wa-lillahi l-hamd. Solch ein Löwe wie Shah-i Mardan wurde uns gesandt, der geliebte Cousin des Heiligen Propheten (sas) ist uns gesandt um die Welt in Ordnung zu bringen und die, die aussehen wie menschliche Wesen, aber die Eigenschaften von wilden Tieren haben, zu trainieren, ihnen Benehmen zu lehren. Ihre Worte haben ständige Bedeutung. Jeden Tag haltet ihr in eurer Hand die Bögen des Zeitungspapiers. Was ist heute passiert, frage ich mich? Viele Lügen und Nonsens. Was ist los? Was ist das Geschäft von Zeitungen? Lügen, Erfindungen! Jeden Tag von morgens bis abends lest ihr jede Seite. Lest ihr jemals eine einzige Seite vom Heiligen Koran? Weil ihr es nicht tut, versagen eure Augen auf halbem Weg, eure Sicht wird düster. Ich werde blind, sagt er - nun, hast du jemals Licht aufgenommen? Wenn du Licht genommen hättest, wärst du nicht blind geworden. Also woher soll ich dieses Licht nehmen? Von den Liebenden Shah-i Mardans. Du kannst Licht aus ihren Versammlungen bekommen. Denn sie haben Licht gebracht. Shah-i Mardan, er grummelt. Sie haben das Licht gebracht, du musst ihn danach fragen! Oh, ich gehe zum Augenarzt. Was wird der Augenarzt für dich tun? Er wird sogar ein sehendes Auge blind machen. Geh zu den gesegneten, die dir Licht geben werden so dass das Auge in deinem Kopf und das Auge in deinem Herzen sich öffnen mögen. Du musst wissen, wer du bist. Weißt du, wer du bist? Eh, das hier bin ich. Nein! Niemand wird sagen - ich bin Allahs Diener. Wer immer nicht sagt: Ich bin ein Diener Allahs, er ist das Tier Shaytans. Wer immer Bismillahi r-Rahmani r-Rahim vergisst, ist mit Shaytan verbunden. Shah-i Mardan spricht nicht mit ihnen. Oh unser Herr, wir danken Dir dass wir gesund und kräftig erwachten. Wir wachten stark und gesund auf, ohne Schmerzen, ohne Beschwerden. Wir haben keine Sorgen und keine Angst. Und warum ist das so? Wir stehen unter dem Schutz des Sultans. Der Sultan kümmert sich um uns. Der Sultan ist Shah-i Mardan. Eine Person unter seinem Schutz wird nicht erniedrigt werden. Wer die Gesellschaft eines Glorreichen pflegt der wird an der Glorie teilnehmen. Wer mit Ehrenvollen ist wird Ehre haben. Wer mit Lügnern ist wird ein Lügner sein. Wer mit sich einer wertlosen Person abgibt, der wird selbst wertlos werden. Wer sich mit den unreinen abgibt, wird selbst unrein sein.

Wer die Gesellschaft eines Hundes sucht, der ist selbst ein Hund. Oh Shah-i Mardan, wie schön sind deine Worte! Sie sind reinigend. "'Inda dhikri s-sulaha'i tanzil ur-rahma." Das ist eine himmlische Botschaft, wisset das. Die Worte des Propheten, der Heiligen. Die gerechten, sagt er - Die Versammlung, in der die gerechten erwähnt werden, auf sie kommt Gnade herab. Redet nicht! Tratscht nicht über diesen Dummkopf, jenen Dummkopf. Hört den Worten zu die in der Versammlung der Gerechten gesprochen werden. Hört zu, so dass Gnade auf euch herabkommen möge; wenn ihr Schwierigkeiten habt, dass sie von euch genommen werden

mögen. Sagt, wessen Diener seid ihr? Ich bin der Diener Shah-i Mardans. Ich wünsche von ihm dass er mich akzeptiert, das ist meine Erklärung, aber nur falls dieser gesegnete Löwe, Shah-i Mardan mich akzeptieren wird. Natürlich wird er! Der Sultan kehrt nicht denjenigen den Rücken zu, die ihn lieben. Er schaut dementsprechend auf sie. Er lässt sie auf die richtige Zeit warten. Deshalb, wodurch wird der Wert einer Person klar? Er wird klar durch diejenigen, die sie liebt. Der Wert einer Person wird gemessen von denjenigen, die sie liebt. Liebt die Guten, und euer Name wird mit den Guten erwähnt werden. Wenn ihr ins Grab kommt werden Reihen von Engeln euch grüßen, wie Sultane empfangen werden. Allah, Allah. Allahu akbaru l-akbar. Allahu akbaru l-akbar. Oh mein Herr, der Höchst Heilige! Welch wunderbare Diener Du hast. Shah-i Mardan, der von Deinem Geliebten geliebt wurde, möge er unsere Herzen erobern! Lass uns diese Worte sprechen: Oh ihr Alawis! In einem gemischten Treffen von Männern und Frauen zu hüpfen und zu treten ist nicht der Weg Shah-i Mardans. Habt ihr jemals gehört, dass Shah-i Mardan mit Frauen herumspringt, und Bauchtanz mit ihnen macht? Was für eine Art 'Alawi, was für eine Art Perser seid ihr? Nun, sprecht lauter. Also lernt, lernt von Shah-i Mardan. Wenn wir Shah-i Mardans Worte bis zum Letzten Tag sprechen würden, würden sie nicht enden. Der der wünscht, zu einem Menschen zu werden, lasst ihn auf diese Worte achten. Woher nimmt er sie? Er nimmt sie aus der Stadt des Wissens, dem Sultan der Propheten, dem Geliebten Allahs. Ah aber ihr falsche 'Alawis, falsche Shi'is, wenn ihr von solch einer puren Quelle trinken würdet, würdet ihr Leben finden, reines Leben. Wer Toilettenwasser trinkt, was wird mit dem passieren? Er wird so schmutzig werden wie das. Lasst eure leeren Behauptungen. Betretet den Ring der wahren Menschen. Macht nicht weiter damit, zu sagen ich bin dies, ich bin das. Sagt: Bismillahi r-Rahmani r-Rahim. Jalla jalaluhu, jalla ‘azamatuhu. Wa la ilaha ghayruhu. Allah akbar wa li-Llahi l-hamd. Das soll eure Rede sein. Das ist, was Shah-i Mardan lehrt. Oh Liebende Shah-i Mardans! InshaAllah werde ich die ganze Welt mit der Liebe Shah-i Mardans füllen. Mit dieser Liebe will ich ihre Herzen erobern. Ich bin nichts. Aber ich will die Herzen der Muslime entflammen lassen mit Liebe für Shah-i Mardan. Lass ihn auf dem Weg gehen den er ging. Lasst ihn Grausamkeit und Tyrannei verlassen. Lasst ihn seine vulgären Verhaltensweisen und seinen Unglauben aufgeben. Lasst ihn aufhören, Leute zu töten. Lasst ihn seinen Neid aufgeben. Lasst ihn seine schlechten Wege abbrechen. Lasst ihn nicht spielen und Glücksspiel in den Kasinos treiben. Geh zu den Versammlungen derer, die von Allah geliebt werden. Oh Shah-i Mardan! Oh Liebende, oh die ihr mich liebt, sagt er, Sayyidina 'Ali. Die Zeit kommt nun, sagt er. Hört diese Worte von Shah-i Mardan. Mein (Schwert) Dhu l-Fiqqar wird die Hälse vieler Lügner abschlagen. Ich werde sie nicht verlassen - die die den Islam missverstehen, die Shah-i Mardans Weg des Islam missbrauchen. Wieviele von ihnen es auch sind, ich

werde ihre Hälse abschlagen - Shah-i Mardan hat Dhu l-Fiqqar. Gebt Obacht, die Zeit kommt. Diese Zeit ist die Zeit von Sayyidina al-Mahdi (as). Er ist der Repräsentant dieses Löwen auf dem Angesicht dieser Erde, al-Mahdi ('alayhi salam). Glaubt ihr, S. Mahdi wird euch, Männer und Frauen, Hand in Hand versammeln damit ihr herumspringt? Ist es das, was er euch befehlen wird, zu tun? Was ist Allahs Befehl? Astaʻidhu billah:"Wa qarna fi-buyutikunna". Frauen sollten zu Hause in ihren Häusern bleiben. Wenn ihr nicht hört, werden eure Gesichter hässlich werden. Eure Gesundheit wird leiden, und all eure Bemühungen werden zunichte gemacht. Eine Frau kann nicht die Arbeit eines Mannes verrichten. Wer sie zwingt, es zu tun, wird ein schlimmes Ende finden. Er wird sie mit seinem Schwert schlagen. Oh Shah-i Mardan. Wenn sie nun deinen Namen hören, passiert nichts; wenn du einmal dein Schwert aus der Scheide ziehst, wenn Shah-i Mardan Dhu l-Fiqqar zieht, wird es keinen Mann geben der nicht zittert. Allahu Akbar! Allahu Akbar! Allahu akbar wa li-llahi l-hamd. Rezitiert Takbir, oh ihr Achtlosen! Am Morgen, steht vor der Moschee und rezitiert Takbir! Wenn ihr die Moschee verlasst, im Platz der Moschee, sagt: Allahu akbar, Allahu akbar, Allahu akbar wa li-Llahi l-hamd. Es ist Allah Der unsere Bewegung lenkt, unser Herr Der uns zum Gottesdienst ruft. Das ist alles was wir tun können. Schicke uns Verstärkung, oh Herr. Führe uns weg von den Treffen derer, die dich leugnen. Lasst sie kein Sagen haben. Mögen sie zerstreut werden. Die, die keinen Respekt für Shah-i Mardan haben, die die Gebete ablehnen und andere Pflichten, werden gehen, alle von ihnen. Manche der Gläubigen, die Liebende Shah-i Mardans sind, werden ins Paradies gehen. Ihre Gräber werden das Paradies sein. Aber die Gräber derjenigen, die ihn leugnen werden zu Gruben des Höllenfeuers. Allah beschützt uns. Kommt zu Sinnen. Wenn es euer Job ist, Leute zu töten, seid ihr nicht menschlich. "La darar wa la dirar fi l-Islam." Das ist die Botschaft des Islam, die Shah-i Mardan uns gebracht hat. "La darar wa la dirar fi l-Islam." Es ist verboten, im Islam Schaden zuzufügen. Vor allem "wa la taqtulu anfusakum"(4:29). Ein menschliches Wesen wie du, aber schwach, töte es nicht weil es schwach ist. Es ist ein Diener Allahs. Gib ihm, sei großzügig. Shah-i Mardan schlug nie fälschlicherweise jemandem den Kopf ab. Er ist König, Shah-i Mardan. Oh Liebende Shah-i Mardans, oh Gesegneter, oh unser Sultan, akzeptiere uns so dass wir gutes Benehmen lernen mögen. Ich bin Shah-i Mardan. Ich werde nicht vor dem Thron des Allmächtigen stehen bevor ich nicht die Köpfe der ungerechten unter den Menschen abgeschlagen habe, sagt er. Fürchtet euch! Diejenigen die Leute ermorden, unschuldige Leute ermorden; die ihre Umgebung in Brand stecken - das Schwert Sayyidina 'Alis, Shah-i Mardanas, wird sie am Ende zur Strecke bringen. Sie werden sehen. Wenn sie sterben werden ihre Köpfe rollen. Vorsicht, seid kein Tyrann! Seid nicht stolz! Begeht keine Grausamkeit! Denn Allah der Allmächtige sagt, Subhanahu wa taʻala, jalla jalaluhu, unser Herr sagt: "Harramtu z-zulma ʻala nafsi, fa-la

tazalamu". Der Befehl Allahs des Allmächtigen, Sein allererster Befehl. Oh ihr Lügner, die Shaytans Bitten erfüllen - Shah-i Mardan sagt das - Allah der Allmächtige spricht: Ich habe Mir Selbst Grausamkeit verboten - er ist keine Grausamkeit in Mir. Ich tue kein Unrecht. Deshalb, begeht keine Grausamkeiten. Tut kein Unrecht, ich werde Rache üben. Heutzutage sind die Leute unwissend geworden. Das Blut der Muslime zu vergießen, unschuldige Leute zu
ermorden, zu verbrennen und zu plündern, das ist die Grausamkeit die Shaytan die Menschen gelehrt hat, unwissende Menschen. Shaytan sagt zu ihnen: "Seid grausame Tyrannen!" Shah-i Mardan sagt: "Seid gerecht!" Shaytan sagt: "Gebt nichts zu niemandem!" Shah-i Mardan sagt: "Die Tore meines Palasts sind offen. Jeder ist willkommen, an meinem Tisch zu essen. Wir akzeptieren keine Ungerechtigkeit." Der Allmächtige sagt: Ich akzeptiere kein Unrecht. Ich habe für Mich Selbst Grausamkeit ungesetzlich gemacht, also dürft ihr auch nicht grausam zu irgenjemandem sein. Was wird mit ihnen passieren? Der Tyrann Hajjaj in seiner Grausamkeit, der Tyrann Hajjaj ermordete viele Leute und so wurde sein Name ein Synonym für Grausamkeit. Sie sahen ihn in einem Traum nach seinem Tod, ein heiliger Mann sah ihn im Traum. Er fragte ihn: "Wie geht es dir, Tyrann Hajjaj?" "Frag nicht", antwortete er. "So viele Leute die ich ungerecht hinrichtete und dem Henker übergab; für jeden von ihnen, für jeden Kopf", sagte er, - nicht um zu sagen unser Kopf - zu seinem Kopf, "kommt ein Schwert und schlägt ihn ab." Denn er hatte Leute grausam getötet. Für den Schwur des unschuldigen Opfers, das ich umbrachte, schlagen sie einmal meinen Kopf ab. Das sagt er in dem Traum. Aber er tötete auch die Gefährten des Heiligen Propheten (sas), Zubayr (ra), und für ihn köpfen sie ihn 70 mal, sagte er. Es ist keine kleine Sache. Zu töten und mit dem Schwert zu zerstören, was Allah der Allmächtige erschuf und leben ließ, is keine kleine Sache. Lasst die Perser darüber nachdenken! Lasst die 'Alawis darüber nachdenken und auch die Kurden, Türken und Araber. Es gibt keinen Ausweg; es wird gezählt werden. Was auch immer ihr an Unrecht getan habt, jedwedes Leiden was ihr über Allahs unschuldige Diener gebracht habt, bis zum Tag der Auferstehung werdet ihr in der gleichen Weise bestraft werden. Die Legionen der Hölle werden kommen und sie bestrafen. Sie werden ihre Hände und Füße abschneiden. Sie werden ihre Köpfe abschneiden, und sie immerzu zerschmettern. Gebt Obacht, sagt er. Oh Shah-i Mardan, das ist genug Ratschlag für uns. Entweder wirst du zu einem Menschen oder du wirst dafür leiden. Der Mensch ist das höchstgeehrteste aller Geschöpfe. Eine Person die unehrenhafte Taten tut, ist nicht menschlich. Sie ist ein Tier. Wilde Tiere müssen leiden bis sie diese Welt verlassen. In welche Grube werdet ihr geworfen, und was werdet ihr erleiden? Oh Shah-i Mardan, Oh Löwe der Arenas! Wir folgen dir. Du tatest niemandem ungerecht ein Leid. Oh Cousin des Heiligen Propheten, Löwe Allahs, Sayyidina 'Ali! Er

tat niemals jemandem weh. Er behandelte die Leute gut. Er fügte keinen Schaden zu. Er entehrte oder brach nie jemanden. Und ihr Schufte, ihr brecht einen Schwachen? Warum ermordet ihr wehrlose Frauen, Kinder und schwache, behinderte Männer? Möget ihr tot umfallen! Das ist was Shah-i Mardan heute sagt. Ihr habt keine Scham! Aber mit Dhu-l Fiqqar in meiner Hand werde ich euch alle erschlagen. Al-Madhi kommt. Sayyidina l-Mahdi (as), Sultan, der Sultan des Islam kommt. Der Tag der Versammlung - Oh, welche Ereignisse in dieser Welt passieren werden! Es gibt eine Abrechnung, und sie werden gerufen werden um abzurechnen. Am Tag danach werden sie begraben, Engel kommen in Gestalt von wilden Tieren, graben sie aus und reißen sie in Stücke. Oh Grausamer, reißt euch zusammen! Geht nicht den falschen Weg! Aber sie sind geganden und begingen Grausamkeiten. Sie wurden Tyrannen. Ich bin der Feind der Tyrannen, sagt Shah-i Mardan. Oh 'Alawis, oh Shi'is, gebt Obacht! Oh Türken, oh Kurden! Oh Araber! Seid vorsichtig! Ha - al-Mahdi, der das Gericht abhalten wird, ist der Sultan
von der Linie Shah-i Mardans. Er hat sein Schwert geschärft. Eure Gewehre und Waffen können standhalten. Er wird ein Takbir rufen: Allahu Akbar! Allahu akbar! Allahu akbar! Wenn er das sagt, werden alle Atombomben und wovon ihr noch abhängig seid, zu Null werden! Sie werden von keinerlei Nutzen sein und zu Asche werden. Oh Herr! Um Deiner Größe willen, wenn Du Deinem schwächsten Diener befiehlst, wird er alles umdrehen. Wo ist er, Sayyidina l-Mahdi, wo ist der von der Linie Shah-i Mardans, den Allahs Geliebter (sas) liebte? Er wird Disziplin einführen. Korrigiert eure Einstellung, oh Perser, oh 'Alawi, oh Kurde, oh Türke! Lasst das! Geht auf dem Weg Shah-i Mardans der nie einer Ameise weh getan hat. Nicht einmal einer Ameise etwas zuleide tun ist das heilige Herrschen unserer Shari'a. Wie kann man mit solcher Macht angreifen? Soll mit euch abgerechnet werden? Ja, es soll! Möge Allah uns Vergebung gewähren. Oh Shah-i Mardan! Oh Sultan! Von deiner reinen Linie sende uns Sahi uz-Zaman, den siegreichen al-Mahdi (as), der kommen wird so dass er diese Leute davor retten möge, Shaytan hinterherzulaufen; so dass die Banner des Islam flattern mögen! Ey, hisst das Banner des Islam! Was steht geschrieben auf dem Banner des Islam? "Inna fatahna laka fathan mubina" (48:1) Schreibt und lasst es fliegen. Das ist es was uns befohlen wird. Schreibt dies und hisst die Flagge. Schreibt es auf die rote Flagge, schreibt es auf die grüne Flagge, und zieht sie hoch! Masha'Allah, oh Shah-i Mardan. Er erleichterte unsere Herzen ein bisschen, nicht nur ein kleines bisschen, sondern mit vollkommener Erleichterung. Wir haben Hoffnung dass wir den glorreichen al-Mahdi von der reinen Linie des Löwen sehen werden. In Sham und in Islambol hoffen wir, ihn zu sehen, in Persien und im Maghrib. Er wird die ganze Welt beherrschen. Wer von seinem bösen Nafs beherrscht wird kann

nicht gut sein. Die die ihrer niederen Seele folgen sind alles Tyrannen. Lasst uns nicht von diesen Tyrannen sein und überlasse uns nicht ihrer Macht, oh Herr. Oh glorreicher Bote! Rajab, der Monat Allahs, nähert sich. Du bringst gute Nachrichten, davon leben wir. Kleide uns ins Gewand der Ehrfurcht, lasst sie uns darin kleiden. Mögen sie uns mit der Qualität von Macht und Glorie kleiden. Lass uns ebenfalls den Löwen folgen, die das Banner des Islam aufrecht halten! Das ist es was wir wünschen. Wir sind krank von Unterdrückung, aber wir sind machtlos. Aber die Zeit wird kommen, die Zeit wird kommen da es Göttliches Urteil für diese Unterdrücker geben wird. Gebt acht! Verschwendet nicht eure Kraft! Schadet nicht denen, die Allah sagen! Nicht einmal einer Ameise. Tut kein Unrecht, nicht einmal einer Ameise! Tut ihr nicht weh! Allah der Allmächtige sagt, "Ich bin nicht glücklich mit Tyrannei." Allah der Allmächtige - jalla jalaluhu sagt, "Ich bin nicht zufrieden mit Unglauben." Allah der Allmächtige sagt "Ich bin nicht erfreut mit denen, die Shaytan folgen." Allah der Allmächtige sagt "Ich bin nicht erfreut mit den Tyrannen, ich werde sie vernichten." Allah der Allmächtige kann das ganze Universum in einem Moment auf den Kopf stellen. Mit einer einzigen Ameise wischt er sie weg. Fürchtet Allah! Begeht keine Falschheit oder Grausamkeit, Allah ist gnädig, gütig. Großzügigkeit ist eine Charaktereigenschaft Allahs des Allmächtigen, Allah Karim sagen wir. Seine Großzügigkeit hat keine Grenzen. Also nehmt von Allahs des Allmächtigen Eigenschaft der Gnade. Bringt den Leuten Geschenke anstatt ihnen den Tod zu bringen. Warum bringt ihr ihnen den Tod? Feuer werfen auf unschuldige Leute? Ihr denkt ihr seid menschliche Wesen? Im Grab werdet ihr leiden gelassen werden... Ihr bringt Tod. Bringt
ihnen Güte! Bringt Güte und Geschenke! Versucht, ihnen Freude zu machen! Sie sind Allahs Diener! Unterdrückt sie nicht! Woher zur Hölle kommen Iraner den ganzen Weg, um Leute in Sham zu erschießen! Es gibt eine Klasse von Leuten die Allah nicht fürchten. Aber Er wird Sich rächen. Sayyidina l-Mahdi (as) ist da. Diese sind auf ihrer Stirn gebrandmarkt. Selbst wenn sie es nicht sehen können, die Heiligen können es. Er ist gebrandmarkt - ab mit seinem Kopf! Das ist kein Scherz. Die Zeit für Scherze ist vorbei. Himmlische Befehle kommen im Rajab. Tawba ya Rabbi... Oh Shah-i Mardan, gesegnet seist du für deine Worte, masha'Allah. Masha'Allah, also fürchtet Allah! Du bist zwischen zwei Atemzügen. Auf welcher deiner Kräfte würdest du dich verlassen? Auf deine wertlosen Gewehre? Das Gewehr ist von keinem Wert für dich, nicht fünf, nicht einmal ein Cent - Versteck dich! Sei ein Mensch, sonst werden dich Monster zerreißen. In großen Zahlen - diese Neuigkeiten kommen von Shah-i Mardan, er sagt: merkwürdige Monster werden aus der Wüste in großer Zahl kommen. Sie werden die herzlosen Soldaten angreifen und sie Stück für Stück zerreißen. Es braucht keine Bomben, keine Gewehre. Eine seltsame Kreatur wird aus der Wüste auftauchen.

Das ist die Nachricht von Shah-i Mardan. Sie wird kommen, plötzlich wird sie auftauchen und sie angreifen, und sie in Stücke reißen. Sie wird sie zerreißen und sie verschlingen. Allah beschütze uns vor unserem bösen Nafs. Ihr nennt euch selbst 'Alawi, Shi'i, Türken oder Kurden - seid vorsichtig! Das ist die Fatwa von Shah-i Mardan. "Man qatala qutil. Bashshiri l-qatila bi l-qatl." Sie werden die Mörder zerschmettern. Geht nicht mit den Unwissenden. Schaut zu Shah-i Mardan. Wenn er einmal Dul Fiqqar zieht wird er nicht aufhören! Aus der Wüste wird ein Biest kommen. Es wird in die Häuser gehen, woher ist unklar. Es reißt sie in Stücke. Es zerreißt soviele Tyrannen wie es gibt. Aus ihren Gräbern, in Stücke. Gebt Obacht, oh ihr die ihr Unrecht und Tyrannei begeht! Allah der Allmächtige sagt: "Ich habe Mir Selbst Ungerechtigkeit verboten. Ich bin kein Grausamer. Tut ihr auch kein Unrecht." Alle von ihnen verhalten sich ungerecht. Ihr werdet eure gerechten Desserts bekommen. Oh Herr, lass uns nicht von den unwissenden sein! Lass uns nicht von den Ungerechten sein, oh Herr. Lass uns gnädig mit Deinen Dienern sein, und Du mit uns. "Irhamu man fi l-ardi yarhamukum man fi s-sama'i". Habe Gnade mit denen auf Erden, spricht der Herr, so dass der Herr der Himmel Gnade mit euch haben wird. Wa min Allahi t-tawfiq. Lasst uns auf unsere Füße erheben zu Ehren der Göttlichen Glorie Allahs des Allmächtigen. Lass uns stehen zu Ehren des Boten der Heiligen Majestät. Lasst uns erheben zu Ehren Shah-i Mardans, möge Allah uns nicht von seiner Flagge entfernen. Möge Allah uns nicht von den Ungerechten sein lassen. Ich weine, ich weine um diese Unschuldigen. "Wa umli la-hum inna kaydi matin" (7:183). "Umli la-hum" - Ich gebe ihnen Bedenkzeit. Lasst sie tun was sie tun werden. Aber "kaydi matin" - Mein Plan ist stark, sie werden Meiner Falle nicht entgehen. Also nehmt euch in Acht vor Allah, jalla jalaluhu. Zumindest fürchtet Shah-i Mardan, denn er trägt Dhu l-Fiqqar. Wenn er schlägt, von Ost bis West wird nicht ein Kopf eines Tyrannen auf seinem Hals bleiben. Er wird sie alle vernichten. Niemand hat die Macht die mit uns ist. Wir fürchten keine Russen und keine Chinesen. Wer immer die Ungläubigen fürchtet, dessen Glaube ist schwach. Fürchtet Allah! Allahu Akbaru l-Akbar. Du bist jenseits jedes Lobpreises, oh Herr, gib uns Kraft. Kleide die Islamischen Leute ins Gewand der Größe, selbst 5 ist genug. Al-Fatiha.

## The Fear of Allah

O people! Allahu Akbar-ul Akbar! Allahu Akbar-ul Akbar! Allahu Akbar-ul Akbar! O people fear Allah (swt). Fear Allah (swt), fear Allah (swt)! This will save you in this world & in the Hereafter. O people! Allah (jwa) sent to the children of Adam (as) His Beloved (asws) to train you, to teach you & to honour you! The Master of the beginning & end, the Beloved of the Lord of the worlds, Saydina Muhammad (saws).

Good tidings for you, O people! Good tidings for you. You have been created for worshipping the Lord (jwa). As He (swt) says Jalla Jalahu "And I created not the jinn and mankind except that they should worship Me"(51:56) "I seek not any provision from them nor do I ask that they should feed Me " (51:57) O people do you think that Allah (jwa) created you for corruption? Did He (swt) create you for fighting against each other? Or for corrupting the world from East to West? Is this what you think? That Allah (awj) created you for corruption or for goodness?

O scholars! All honour is for the scholars and the scholars that deserve, they deserve to be honoured & glorified. Allah (awj) said, Subhana wa Ta'ala "It is those who have knowledge among His servants that fear Allah"(35:28) O scholars! You understand? "'Innama Yakhsha Allaha Min Ibadihi Al-Ulama'u" (35:28) Whom from among you fears Allah (swt), we are asking

you? We ask you, who fears Allah (swt)? Be for Allah (swt). Who has fear from Allah (swt)? O scholars! Allah (jwa) chose you to be scholars. Those who know the limits of humanity. The limits of mankind. From what point to what point. They know it & they teach Khashia-Allah/ fear of Allah (swt).

Allah (jwa) is Magnificent! Allahu Akbar-ul Akbar! Stand up for Allah (swt)! O people! Subhana Allah! Allah! "Wa Allahu La Yuhibbu Al-Fasada" (2:205) those who do corruption in the world. they are disliked and they are not accepted and they are deprived. "And Allah likes not corruption." (2:205) He (swt) does not like, Allah (jwa), that His servants are corrupted. But Allah (swt) likes the ones who do goodness. He (swt) does not like the corrupt.

O people! O scholars those who keep knowledge to themselves & do not share it they will be dressed on Judgement Day with a rain of fire. You understand? You know this also. You know. People are arguing and arguing brought corruption and corruption brought oppression & oppression brings the Wrath of Allah (swt) to come down on them.

O scholars! "Wa Aslihu Dhata Baynikum"(8:1) Says the holy verse "settle all matters among you" (8:1) Why you are not settling matters among you? O people! You are not scholars, but you Muslims who listen to the words of Haqq from the tongues of your scholars, so glorify your scholars! Get up O people! Take wisdom, if you do, you will gain benefit. These words of Haqq are an advice from Allah (swt). Advice from the Prophet (saws). So if you take wisdom you will gain benefit. If you do not listen curses are coming on you. May Allah (swt) take away from us curses.

O people of Egypt you are of different races & backgrounds but...most of the people in Egypt are Muslims, yes! Some people depending on what they believe they are free. "Faman Sha'a Falyu'umin Wa Man Sha'a Falyakfur" (18:29) "Inna A`tadna Lilzzalimina Naraan" (18:29) Hellfire, Naudhu Billah. A fire that .... "a fire whose walls will be surrounding..."(18:29) Subhana Allah!

Allah (swt) is Magnificent! Almighty! Allah (swt) forbade corruption & ordered to do goodness.

Yes! And now people in Egypt are in conflict. They left the non Muslims, but the Muslims are in conflict. They are arguing & raising flags that are not suitable for Muslims. In Egypt, Muslims should have raised the flag of Rasulllah, the flag of Islam. And if they were called for meeting and giving their opinions then they should have been gathering under the banner of Islam. Not getting all sorts of other flags that please them! And calling people, come with us! No! This matter is enough!

People of Egypt. Muslims of Egypt, if you are called to raise any flag like that of Muslims Brothers or that of those people Salafis, or those non-religious people, gather under the banner of Islam. O Muslims, leave Falsehood/Batil and return to the right path/ Haqq and the flag of Haqq/Truth. Gather under the flag of Islam. If you gather in squares where the banner of Islam is, then run to be under it! That is the honored banner! To be saved here and hereafter.

I think it is enough, this speech is to the people of Egypt and the rest of the Muslim countries. Don't take a God other than Allah (swt)! Your God is one. No God other than Him. Allah is the most Merciful & Beneficent. Come and gather under the banner of Allah(swt) that was raised by the Prophet(sas) of the end of times, Sayidina Muhammad (saws), and you will be saved in your lives and be honored Hereafter forever in Heavens, in lasting Heavens. This is enough for us.

Words are inspired sometimes in our hearts. I need to introduce to Muslims here and there, that they should gather under the banner of Haqq. La Ilaha Illa Allah, Sayidina Muhammad Rasulullah The Prophet (saws) brought it from the Throne to you, O belivers! Otherwise, the Wrath of Allah (swt) will be upon you here and in the Hereafter & nothing will save you no groups here or in Hereafter. No intercession for you and no passage, no shelter nor passage either.

As-salamu Alaykum Listen and understand, and if you understand then benefit. Listen to your scholars! And focus on the banners of Islam in the squares and gather under the banners of Islam in all countries. So that Allah (awj) supports you and pulls you together and supports you from Heavens, so nobody can be victorious over you! And Allah (swt) is witness on what we are saying. Hasbuna Allah Wa Ni'ma Al Wakil. Allah Zid Habibak Izzan wa Sharafan, Nuran wa

Sururan, Ridwanan wa Sultanan.

Enough for us these words today for the people of Egypt, and to all other Muslim countries. As Egypt is a center of knowledge. They have knowledge and... O believers, gather only under the banner of Islam. We don't want this law, this constitution. No! They are disbelievers! Those who take a constitution other than Holy Quran & the Sharia of Allah(swt) became disbelievers! "Wa Man Lam Yahkum Bima 'Anzala Allahu Fa'ula'ika Humu Al-Kafiruna"(5:44) "Wa Man Lam Yahkum Bima 'Anzala Allahu Fa'ula'ika Humu Al-Zalimuna"(5:45) "Wa Man Lam Yahkum Bima 'Anzala Allahu Fa'ula'ika Humu Al-Fasiquna"(5:47)

Beware because Allah (awj) judges fast! Tawba Ya Rabbi. Tawba Ya Rabbi, Tawba astaghfirullah. From our side, we respect scholars who believe in Haqq and inform people of it and accept Haqq. May Allah (swt) reward them all goodness. Wa salamu Alaykum Wa Rahmatullah Wa Barakatuhu. Fatiha.

Allah Shukur. Thanks our Lord. Thank you O our Lord. Grant us power O our Lord, power for your servants O our Lord....Ya Rabbi, Ya Rabbi, Ya Rabbi We are Your servants, simple ones, ignorant. Forgive us, pardon us and have mercy on us, inspire us. Subhana Allah. Fatiha.
I am not an Arab. I am a simple servant from non Arabs. May Allah (swt) forgive me & forgive you.

Bi Hurmat Al Habib, Fatiha.

## Fear Only Your Creator, Who Is The Protector

Dastoor yaa Sayyidee, madad yaa Sultanu 'l-Awliyaa. (Mawlana Shaykh stands)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

Rabbuna wa Rabbu 'l-`Alameen Khaaliquna wa Khaaliqu kulli shayi. Raziquna wa Raziqu kulli shayi, fi 'l-mulki wa 'l-malakoot. Yaa Maliku 'l-Mulk anta Maliku 'l-Muluk, zid Habeebika Sayyidi 'l-Awwaleen wa 'l-`Akhireen, sharraftahu an yakoona khalifata mina 'l-azal ila 'l-abad, Sayyidi 'l-Awwaleen wa 'l-`Akhireen, Sayyidina Muhammad (s), Yaa Rasoolullah shafa`atak, shafa`a! Yaa anbiya, shafa`at and your blessings and intercessions! Allah, Allah. (Mawlana Shaykh sits) Fatihah.

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits) Allah, Allah, `Azeez Allah.

As-salaamu `alaykum, our attenders from ins and jinn, who have been authorized to speak, to address

through holy people to everything that is giving its listening. They must listen, and they must hear. Only Shaytan and its followers are not taking any care, but I think that Shaytan is going to become like wind and holy ones are going to be victorious! We are victorious because we are running to keep the holy orders of Heavens. We are going to be victorious. All nations of Mankind that are never listening are, subhaanAllahi 'l-`Aliyyu 'l-`Adheem, they are going to be wind. They will be like a leaf in the wind. All of Shaytan's followers are going to be like leaves in front of strong, gusty wind, with no chance for them to be victorious. Victory is only for The One and His representative. (Mawlana Shaykh stands) Our Lord Allah Almighty is victorious from pre-Eternal up to Eternal, and the Eternal sultanate is only for Him! (Mawlana Shaykh sits)

O People! Don't be cheated by Shaytan and shaytanic tricks. Finished! Shaytan and its followers will be maghlook, defeated, with no chance. The chance to be victorious is for those following the Seal of Prophets (s)! (Mawlana Shaykh stands) Sayyidina Muhammad (s) is always victorious!! (Mawlana Shaykh sits) We are not fearing from Shaytan or shaytanic tricks or traps that make people run after that one. No, victorious is Allah, Jalla Jalaaluh.

O our Attenders! You must understand that point; if not, you will be swept away with a brush. Don't think that you can say the whole Earth is under our command, that everything is going to be as we like, no! You will see very soon who has real power and who has been cheated by shaytanic agents! We are warning everyone from Mankind and from jinns also, to come on the Right Way and leave wrong ways, to be under heavenly protection. There is no chance for those running on wrong ways to be saved here or Hereafter.

This is a humble meeting, but its power is such that it is surrounding the whole world! If the Lord of Heavens is asking to give power to an ant against the whole world, that ant is going to become a gigantic ant and swallow this world! Don't say it can't be. Yes, it can be! One small ant by the heavenly command, "Be!" can become 70 times bigger than this planet and swallow it!

••••••• ••••••••••••• •••••••••• ••••••• ••••• ••••••• •••••••••• ••••••• •••• ••• •••••••••

Wa idhaa qadaa amran fa innamaa yaqoolu lahu kun fayakoon, And when He decrees an affair, He but says to it ‘Be’ and becomes. (2:117)

This is Allah Almighty's command. If He says to a small ant, “Become so big that you can swallow this world with seven more,” it will happen, as that is the Lord of Creation, Who can do anything! Huwa `ala kulli

shayin qadeer.

O Salafi `Ulamas! Where are you, to make a commentary on the holy verse:

••••••••• ••••••• ••••••• ••••••••• •••••• ••••• ••••• •••••• •••••••

wa huwa `ala kulli shayin qadeer, And He has Power over all things. (67:1)

I never heard from those who claim they are Salafi `ulamas, or doctors of Shari`ah, or Azhari ash-Shareef `ulamas to speak on that ayatu 'l-kareema. And the missions of `ulamas, what is that? We ask from `ulamas to teach us! What are they teaching people? That is the most important thing we must know and believe, and to hear it in Khutbat al-Jumu`ah, the Friday speech: “O People! huwa `ala kulli shayin qadeer.” You `ulamas only know how to say, Kullu muhdath bida` tun wa kullu bida`tun dalaala, wa kullu dalaalata fi 'n-naar! For what are you speaking such things? Do you know the reality in Islam of muhdath, innovation? You are bringing so many things, saying they are "new innovations." Will you say a tree is not a real tree because it is not reaching by its roots to Earth? Why don't you leave that and say what is necessary now for Muslims and for mu`mins? Mu`mins now are trembling! What do they fear? Say! Why are you not reminding Muslims that nothing can be in this world without heavenly permission, without heavenly commands? And now Muslims everywhere fear western people's weapons, and they will do everything to be under this world!

O Salafi `ulamas! Also you fear nuclear weapons. Why? You think only when on Hajj people put their hands on the honored place of Nabi (s) and you say it is shirk! Why you are not saying to your commanders, your sultans, your governments and presidents that are trembling from nuclear powers, are those weapons more powerful than the Lord of Heavens? Why are you not saying? Allah Almighty is saying, wa dhakkir, "and remind," so say!

“My servants, fattaqoonee, fear only Me!” (Mawlana Shaykh stands) Asta`eedhu billah. Is it ayatul-kareemah? Why are you not saying? You are Arabs! fattaqoonee. (Mawlana Shaykh sits) Ittaqoo, from nuclear weapons. Why are you not saying? When people come and say something to Rasoolullah (s), you run after them and say they are mushrik! Why you don't know this, and you claim you are amr bi 'l-m`aroof wa nahiyy `ani 'l-munkar jama`at (group for calling to what is good and forbidding what is evil). Why are you leaving the most important things and running after some no-meaning subjects? Why are you not saying this

important reminder to people? Why are you not advising to heads of your nations that Allah Almighty is saying, fattaqooni? What is the meaning of fattaqoonee? But you are not going to fear from Allah Almighty, you are fearing from western nuclear weapons, making you full of fear and your life full of unhappiness.

And Allah Almighty promised His servants a hayyatun tayyibah. What is hayyatun tayyibah? You are Arabs; why are you not saying hayyatun tayyibah? That is a lifestyle of khawfun `alayhim, no fear for them. Wa laa hum yahzunoon, and also they are not going to be sad. Why are you not saying? You are quarreling with that shaykh who is speaking something daily and throwing it on our Salafi `ulamas and followers from no-mind, Wahabi people! Why aren't the Wahabi people saying this? Why the Salafi `ulamas go to America, to London, and to Europe? Why are they not going to established Islamic territories? We say, "We are here and not afraid of you. We fear our Lord, Who promises us a life where there is la khawfun `alayhim wa laa hum yahzanoon."

Those who keep the advises of the Holy Qur'an will be in safety and will be happy, here and Hereafter. I am a heavenly guarantor for you on this! The Lord of Heavens is saying to His most beloved one, Sayyidi 'l-Awwaleen wa 'l-`Akhireen (s), "Say to them to fear Me alone." Where are Islam's `ulamas? Allah is going to ask you! Ajaa`ib, it is astonishing that you fear that one from this one, but they are not reminding the Muslim world, "O Muslims! Don't fear anything except your Lord, Allah Almighty." (Mawlana Shaykh stands and sits) Why are you are not teaching? Chiefs of every religion and their holiest ones in the east and west are they not giving such a daily declaration, "O People! Don't fear from nuclear bombs. If the Lord of Heavens is asking to reach you with His heavenly punishment, no one can prevent it. But if He is asking to protect His servants, nothing can harm them."

O People! Are you understanding, or am I speaking to rocks? Don't think your money is enough for you. Some people are so proud of their billions, fearing nuclear bombs and looking to their wealth, "How can we keep it? If one nuclear bomb comes, our sultanate it is going to be nothing! It will disappear!" They are trembling from nuclear bombs but they are not trembling from their Lord, Almighty Allah, Who is saying, fattaqooni, fattaqooni, "Fear only Me, not anything else. I am the Protector, Hafiz, of everything. Why you are fearing? If I send you a small creature that you cannot see or hear, that is making glorification, because nothing is going to be alive without glorification of their Lord."

And if you do what your Lord is saying; glorifying Him, you will be under the holy wings of angels here and Hereafter. If you are not doing so, then why are you saying, “That is mushrik.” Why are you saying, “It is ignorant.” For what? And you are getting angry if someone is dhakkirhum, reminding of such things, you are never going to be happy. Why are you are not mentioning in khutbah every Jumu`ah that,“ O Believers, you must believe that Allah Almighty is wa huwa ‘ala kulli shay'in qadir (Mawlana Shaykh stands and sits) Don't be fearful except from your Creator, from your most Glorious and Majestic Lord of Creation! You must only fear for Him and nothing else. Nothing can harm you if your Creator is not giving permission! Why are you not saying, “Allah Almighty is saying, wa huwa ‘ala kulli shay'in qadir.”

If Allah Almighty is saying, “Make down ahl ash-shirk wal nifaq wal kufr,” then who can prevent Him? No one can prevent Him, for He will always be victorious, a winner! But you can't be victorious and winners if you are not believing in His endless Power Oceans. Make people fear only from their Creator! Every Jumu`ah you must say, “O People! Be in peace from everything, because our Lord, our Creator, is our Protector. If He says that He can protect everything, He can do it, because He is that One Who says, wa huwa ‘ala kulli shayiin qadir, "I can do everything as I like!” Why are you not teaching this? Teach what is the meaning of, wa huwa `ala kulli shay'in qadir. But you are you trembling from nuclear bombs and missiles of western countries? Don’t worry! They are not going to touch people whose belief is strong. But for those whose belief is not strong, or it is not real belief, they will be taken away by the worst weapons of western countries! They (the western countries) are also going to be destroyed, as the Islamic territories are being destroyed because they are not believing in the endless Power Oceans of their Lord, Allah Almighty. May Allah forgive us.

O People! As-salaamu `alaykum! Yaa Saahibu 'z-Zamaan! As-salaamu `alaykum yaa Qutbu 'l-Mutasarrif. If something is wrong, if someone is going to speak, my masters are responsible. I don't think they will be giving me a short time for tazkir, reminding all nations of ins and jinn, from Mankind. Be in peace in your heart of Allah Almighty's endless Power Oceans and run to Him. And He is the only One Who can protect you from Shaytan and shaytanic agents. O Shaytan and Shaytan's followers, you will be wind, defeated! If there are remaining on this planet only three people, even then victory will be for them, not for you. Don't be cheated by billions of people who are running after you and are using such foolish technology. Don’t think that is giving harm to the real ones from servants. May Allah forgive us.

Fatihah.

(40 minutes) SubhaanAllah, sometimes making them to fear. We must fear from Allah Almighty only, not from those people. We must not fear from Shaytan and shaytanic groups. Astaghfirullah.

Fatihah.

That is the barakah, blessings of the holy month of the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits) Shabaan Mu`azzam.

(Mawlana Shaykh prays two rakaats Salat ash-Shukr)

## Fight Your Ego and Stop Fighting Others

Bismillahi 'r-Rahmaani 'r-Raheem.

••••••••••• ••••••••• •••••••

Adkhuloohaa bi salaamin aamineena. (Having been received with the greeting,) Enter here in peace, secure. (Al-Hijr, 15:46)

••••••••••••• ••••• ••••••••• ••••• ••••••

wa man dakhalahu kaana aaminan. Whosoever enters it is in safety. (Aali-`Imran, 3:97)

Safety is in “Bismillahi 'r-Rahmaani 'r-Raheem.” Say, “Bismillahi 'r-Rahmaani 'r-Raheem,” and you will attain the highest safety from the Heavens. If the servants of The Lord are in difficulty, they should say, Bismillahi 'r-Rahmaani 'r-Raheem, and nothing bad will come on them either from the Heavens, or from the Earth.

O Arabs! Stop all these troubles! Don't say (to your leaders), "Leave!" Say it to yourselves instead. Every person must say, "leave"- to themselves. Because there is not only one Salih, one Mubarak, one Qadhafi or one Bashar, no. Everybody has his own enemy, an enemy within him personally; his ego.

••••• ••••••••• •••••••••••• •••••••••••

Inna an-nafsa la-ammaaratun bi ’s-soo’. Truly the self commands to evil. (Surah Yusuf, 12:53)

Everything that is happening in our times, is the result of the demands of the lowest part of the ego. Inna an-nafsa la-ammaaratun bi ’s-soo’. Every evil appearing in human beings is encouraged by the ego saying, "Do this, do that!" Whoever listens to his ego, his end will not be a good one. Finish! People listen and follow their ‘self that commands to evil.’

They do not follow the orders of Heavens. Till they submit to the orders of The Lord, the orders of Heavens, this corruption will not stop. Nobody can stop all these killings, no! Because all the people who have power, are following their deceiving egos, that is the ‘self that commands to evil.’ Finished!

All the Arab world, the East, and the Western world are following their lowest egoistic desire, ‘that commands them to evil.’ It commands! May Allah protect us. O servants of The Lord, listen and take wisdom. Obey the orders of your Lord. It will save you from a painful punishment, otherwise there is no way out. No escape. People will want to scream:

•••••• •••••••••••

Ayna al-mafarru? Where to escape? ( al-Qiyamah, 75:10)

This is the punishment for those who deny the laws of The Lord, who deny the orders of The Lord that were sent to His Prophets (s). Madad yaa Sayyidi, dastoor yaa Rabbee! And for this the Prophet (s) asked, "O Lord! Don't leave me to my ego, not even for the blink of an eye." But people are in the hands of their egos; they listen to it and follow their ego's lowest desires, not the Words of the Lord Almighty or of the Prophet (s), or the message that comes from Heavens. Na`oodhu billah, Yaa Rabbee! Forgive us! O Lord! Don't leave us to our egos, not for the blink of an eye, or less than that. Allah, Allah!

O People! Remember the hadith, "We came back from the smaller jihad to the greater one." They asked, "What is that, O Rasoolullah?" He said, "The battle of the ego."

Al-jihadu jihadayn: jihad an-nafs wa jihad al-`adoo.

Jihad is of two: first, the jihad against your ego, then the jihad against your enemy.

People run after the whims, demands or desires of their egos; they don't have any balance or self control over their egos and therefore, there must be a guide, alive or in his grave, to lead them. People deny guides, but without a guide how can matters improve? How can a sick person get cured without a doctor?

Allahu Akbar, amaan yaa Rabbee! O Lord! Don't leave us to our egos, not even for the blink of an eye! This is important. Amaan yaa Rabbee, tawbah yaa Rabbee! O Lord! Have mercy on our weaknesses and our faults.

Fatihah.

**Allah Almighty says: "Fikum Rasul-Allah"**

We are in need of our Lord's mercy. Without His mercy no one can save himself. The Prophet (saws) says, "God Almighty is asking me to worship Him according to His glory and greatness. But I can't. It is impossible. If God Almighty makes an accounting of my worshipping, it is nothing beside His glory and greatness."

Where is your praising Me according to My greatness? Two cycles of the Prophet (saws) if balanced against the whole worshipping of the children of Adam and jinn, and angels, also, is more valuable than all of them in the Divine Presence. Why? Because the value of our worshipping is according to our respect for our Lord. Our respect is going to be according to our knowledge of the Lord Almighty. The greater the respect you can give to God Almighty - and no one can reach the Divine knowledge of the Prophet, beloved Muhammad (saws). When he prayed two cycles, he gave such respect that no one can reach that point. Therefore, two cycles of prescribed prayer from him are more valuable than all the worship of humanity and of jinn and angels, even though he says, "All my worshipping is only a drop from an endless ocean. God Almighty has been respected from pre-eternity to post-eternity and my respect and worship is only a little drop from the endless ocean of respect and worship."

What about ourselves? Don't we have any right to raise our heads and say that we are worshippers? You must look at the whole universe. How many atoms are there? If you could count the atoms in a little drop, all the

people in this huge city would not be able to count that number, counting, "One, two, three, four..." like this, in one year. Then what about the whole universe? No one can know the number of atoms in it. You may consider that there may be a like number of servants of our Lord, worshipping, and you are only one of them. Then what is your position? What is the position of one atom in a huge number of atoms? We are so proud of fasting, of praying, and saying, "Those people not praying or not fasting. We are praying and fasting," and we become proud people.

Each time we must ask forgiveness for every action that we do. Rabi'ah al-Adawiyah was a saint (wali). She was only one lady among millions of women, but she has been well-known in the Islamic world for centuries. Everyone knows Rabi'ah Sultan, Rabi'at al-Adawiyah. What made her so well known? She was so simple, so sincere, so humble a person. She was only for her Lord Almighty, not for anyone else. All scholars came to her to solve difficult questions for which they couldn't find any answer. They came to visit her because she was always in the Prophet's presence; the Prophet (saws) was never veiled from her eyes.

The Prophet (saws) is living as God says, "Among you is the Messenger of God" (49:7) (fikum rasul Allah). He was not only for the Companions. God Almighty is addressing the whole world throughout the centuries, but if we deny it and we do not see him, what is the benefit of denying? If night denies the sun, it is nothing. If all blind people deny it, saying that there is no sun, their denials never change reality; the sun is shining. The Prophet, beloved Muhammad (saws) is living, hearing, seeing (hayun, sami'un, basirun). This our belief. We believe that he is with us. If you can't breathe his Holy scent, still you can't deny that Rabi'ah was always with her Prophet. If anyone asked a question, she would take her answer from the Prophet. She said openly among the people - not ordinary people, but scholars, saints who came to visit her, "Oh my brothers! our saying, 'I seek God's forgiveness,' needs another 'I seek God's forgiveness.' We are not sincere when we say, 'I seek God's forgiveness.' Our tongues say it but our organs never listen to obey." And that is the peak of humility. If our saying, "I seek God's forgiveness," needs another "I seek God's forgiveness," what about for other actions or other prayers? Therefore, the Prophet (saws) advises us that after praying we must say, "I seek God's forgiveness," "may God forgive me," "may God forgive me."

## To Fill Mosques in Prayer Is More Powerful than Public Protests

Yaa Qahhar! Yaa Qahhar! Yaa Qahhar! Yaa Qahhar! Yaa Qahhar!

Idha waqa`tum fee amrin `azheem fa qul hasbunallahu wa ni`m al-wakeel.

If you have fallen into difficult events, then recite: hasbunallahu wa ni'm al-wakeel.

(Hadeeth ash-Shareef)

O People! Our attenders from east to west! Hear, listen, and be obedient servants because heavenly blessings come on obedient ones, and cursing comes on those who are disobedient! Whether people see or not, something will reach them and they will fall down dead. Madad, yaa Sultan al-Awliyaa. Now in our time people on this planet are all disobedient. A curse is running after them and it is a most terrible time for Mankind as divine revenge is approaching.

We are running, and you must run to Allah to save yourself! If you are not running to Him, no one can protect you, save you, or keep you safe! Safety is only from Heavens. On Earth is the beginning of a new era; we reached the end of one and in Muharram 1432 we stepped into a new area after fourteen centuries of Islam. Now we are in a most terrible area. You may think of the Divine Revenge as an X-ray that covers people, because they never think about their Lord's holy commands, and now divine revenge is beginning to reach them! Therefore, they are making me warn you; a warning through a weakest servant, that throughout east and west you are on a field filled with landmines. You don't know where you are putting your feet and boom! boom! boom!

••• ••••••• ••••••••• •••• •••••• ••••••

Laa `asim al-yawm min amrillah, This day nothing can save, from the command of Allah. (Hud, 11:43)

Therefore, now in our days no one is able to keep or to protect you. Protection is only from Allah Almighty, and divine protection never reaches people who never think of their Lord's holy commands as they are followers of Shaytan. From east to west, from north to south, people are running to follow shaytanic orders, not taking caution to uphold the holy commands of Allah Almighty! Shaytan is making people run and fall, one after another, into such a bad condition that never passes away.

People only look outward, thinking, “That is a man.” When you really look at them, their faces are like the wildest beasts. Therefore, the angels reach those whose foreheads are stamped and their faces are changing, taking them to the worst condition in this life, from bad to the worst! If a situation is bad today, tomorrow it is going to be worse. Don't think we are currently on the worst steps, no! When a person reaches the worst

step, afterwards there comes an (even) worse situation. If he does not return and insists to remain there, a worse situation befalls him, then it doubles and doubles again!

The worst crises and sufferings are increasing because people from east to west, from north to south, are followers of shaytanic orders and they left the orders of the Lord of Heavens! Come to the Divine Presence and accept Him, as you promised your Lord on the Day of Promises, the Day of Oaths. Come, and you may be saved! If not, for all of them there will be only ashes. Perhaps their ashes are going to be burned, to become only smoke and then going, going, going. Allahu Akbar!

O People! For a little bit, leave the dunya and its pleasures! Crises are increasing because people feel today they can no longer yesterday's pleasures; their money is less and less, so they protest in the streets and are displeased with their governments, saying, "We are as not happy today as yesterday, so you must give us more (rights and money)!" Their characters and egos are now like a fire that says, "Feed us more wood to burn! Hal min mazeed, is there not more?”

•••••• ••••••• •••••••••••• •••• •••••••••••• ••••••••• •••• ••• ••••••••

Yawma naqoolu lijahannama hali imtalati wataqoolu hal min mazeed. On that Day We will ask Hell, “Are you filled?” and it will answer, “Is there more (for me)?” (Surat al-Qaf, 50:30)

"We are asking for more. You (our government) say there is no money, but we can’t understand this. You must give us more so we can enjoy ourselves like yesterday, and then increase our salary! What we have now we can finish in one night!" That is the the trouble, and Shaytan with its stick is making them run after their governments to fulfill their desires. Some of those desires, the halaal, permitted ones, are a grant from Allah Almighty. But the shaytanic government is saying, "No, ask for more, ask for more." People may have a heap of gold, but are saying, "Hal min mazeed, is there not more? I have a small heap, like a hill, while his is like a mountain," and so on.

The shaytanic states are causing this by saying to people, "Ask for more, ask for more." They are asking for more but haven't got anything in their hands (no result), while statesmen sit on their seats of power. The people are happy with their leaders as long as they encourage them to enjoy their egoistic desires. The top people in every country know that if people are happy they will never come against them and so they encourage people to have more. Shaytanic centers for eating, drinking, and fulfilling sexual desires are

everywhere, but now people are not content with it, like a raging fire that needs to consume more fuel, saying, "Hal min mazeed, Is there no more for me? I am hungry; give me more!" As much as you give, you are never going to satisfy their egos!

Now people say, "We are going to do this or that, and are giving you this ultimatum!" That is a mistake. Wa li kulli naqul haad, for everything there is a limit. They educate and train people in shaytanic ways, and I am sorry to say that Islamic states also have left youngsters to do as they like, giving them too much freedom, but up to what point? Wa li kulli naqul haad, for everything there is a limit, but the government says, “Do everything, there is no limit for you,” allowing their youth to run away too far and fall.

The whole world is in the hands of people using heroin. They are giving it and people are running after it, then the governments arrest them. The dealers of that poison say to their governments, “If you do not give us a chance to do business, we will give you every badness and then take you down." Then the government says, “Do as you like.” That is a fire governments are unable to stop as they are forced to follow the orders (of criminals). Therefore, the whole world is now on fire, in cities and towns, and that poison has reaches villages. On one side, governments use their whips to collect offending youngsters (and all unity is lost). People are going to be like a flock, not knowing what they are doing. May Allah forgive us.

Now we are asking for a way out through governments, but you can't stop what is happening. They have to use spiritual ways to save themselves and their children. With that, even within 24 hours they would stop it. If that is not enough, (implementing spiritual ways for) forty days would finish all their problems! But they say, "No, we must have the biggest trade (profits) for ourselves.” Therefore, they fight religion because it forbids every harmful thing. (If they submitted to religious law) there problems could be finished in 24 hours, but all the states are saying, "Leave them to do as they like and leave us to sit on our seats of power." For this reason, the greatest punishment will come to them both here and Hereafter!

O People! We are in the very holy month of Rajab, so ask, “O our Lord! Keep us in a protected area.” Ask and you may have protection. If you are not asking, then the mosques and holy places are empty. All people, even in the Muslim world, are destroying dargahs. Sharafu ’l-makaan bi’l-makeen, “The honor of a place is based on who is there.” People run to Meccatu ‘l-Mukarrama because the House of Allah is there, and they run to Madinatu 'l-Munawwara because the holy body of Prophet (s) is buried there; otherwise people would not go

there.

I am sorry to say that so many no-mind Salafis and Wahhabis prevent people from going to holy places, but never open their mouths about the poison affecting youngsters. Shaytanic words are destroying youngsters, causing them to never think about holiness. We must give our high respect for holy people and we must give our most high respect to holy places! Sharafu ’l-makaan biman fi ’l-makaan, “The honor of a place is based on who is there.” That is clear! The Wahhabi and Salafi people are so ignorant! What is coming from Heavens? Sharaful-makaan biman fi ’l-makaan, “The honor of a place is (measured) by the one present there.” None of them encourage people visit our holy places. Why deny this (benefit) because they are truly ignorant ones.

Madinatu 'l-Munawwara, zadaha’llahu `izzan wa sharafa. If the holy body of the Seal of Prophets (s) were not there, who would be going there? Whatever is for that one and holy ones is never going to finish, so people run to be there; their souls are attracted.

O People! Run after honored ones, even if you may find them amongst common people. You must ask, “Is there a holy, good, respected one here?” People are never respecting a cinema or nightclub, but they do respect a mosque. This is a building, as is that, but in a mosque people fear doing something with which Allah (swt) is not happy, and are never ashamed to do forbidden things in a nightclub because it has no honor. For example, people are afraid to enter a mosque and smoke, but they run to other places to do everything forbidden and think nothing of it because there is no honor for those places. If you have two rooms, one for praying and one for the bathroom, will you respect the bathroom more? Prayer brings respect.

Now people think only of pleasure and no longer consider who is holy or not. Wahhabis are fighting about what places Allah Almighty honored, and those are Arabs!

•••••••••••••• ••• •••••••• •••••••••••••• ••••••••

Wa attakhidhoo min maqaami Ibraaheema musallan. And take the Station of Abraham as a place of prayer (Surat al-Baqarah, 2:125)

But there is no tafseer for no-mind Wahhabi and Salafis. “Look at Maqaam al-Ibraheem!” That means Allah Almighty gave honor not for that piece of land, but because Sayyidina Ibraheem (a) was there!

•••••••••• ••••• •••••••••• ••••••• ••••• ••••• •••• ••• ••• •••••••••• •••••••••• •••••••••• ••••••• ••••••• ••••••••••

Hunaalika da`a zakariyya rabbahu qaala rabbee hablee milladunka thurriyyatan tayyibatan innaka samee`u al-ddu`a. There did Zakariyya pray to his Lord, saying, "O my Lord! Grant me from You a progeny that is pure, for You are He that hears prayer!" (Surat al-Imraan, 3:38)

Zakariyya visited Sayyidatina Maryam (a) due to the honor Allah Almighty granted her from karamat, miracles. That is why Allah (swt) said, hunaalika da`a zakariyya rabbahu. That means that place is honored for the miracles of Maryam (a), and because of that Zakariyya (a) did not pray elsewhere, but he prayed there, "O my Lord! Give me one child." That means the Holy Vision and mercy, fee hadhihi al-munaasaba, come to that suitable place for the honor of Maryam (a), and so Zakariyya prayed there.

O Wahhabi People! Why do you prevent people from going to a place made holy by who was there? You destroy holy places, when even Jewish people and Christians are not destroying them! From where are Wahhabia and Salafia coming to destroy these maqaams? Allahuma `alayka bihim!

My Arabic and English are weak, but you must understand, as He Almighty makes you to understand, alhamdulillah.

O People! Keep the ways of awliya and anbiya, and keep love for them in your hearts; keep their advice and their steps and you will be happy here and Hereafter. Alhamdulillah wa kafa raheemullah man da`. Thank Allah, and it is sufficient. May Allah grant mercy to those who call on Allah! Subhaana rabbeeka rabbee 'l-izzati ama yaasifoon, Surat al-Fatihah. (Mawlana Shaykh stands and sits)

## The final decision and sovereignty is for Allah- you are servant

The final decision and sovereignty is for Allah- you are servant. You cannot own anything, neither your body, nor what is surrounding you. In Shariat a slave can be bought and also sold, he has no own will. His owner orders him a work and he is the owner. All human beings are Allah's servants, they cannot govern themselves, cannot decide on themselves. All are servants; there is no lordship for people. Whatever you claim to be yours, will be taken from you when they wrap you in that white cloth. What people can give to a dead one is only a Fatiha.
So look after yourself, correct yourself, your opinions and points of view about yourself and your surrounding, your children, house, the world, Heavens and earth. Don't follow your ego. Don't say: 'They belong to me.' All the world is in the This-is-mine-illusion, but in the end they will be in the emptiness. No one is there to hold them, because they didn't hold on to a firm support. The Hand of Allah is over the hands of His Prophets, and the hands of the Prophets are over the hands of the Saints. If you don't catch their hand you will fall and be in the void.
I never met someone when sitting on a table for breakfast or dinner and sleeping... I never saw anyone sleeping. Here everyone sleeping... First class sleeper X... Wake up!...

Coming, sleeping there, making me to sleep also. Therefore I am sending him away. Who asking sleep, must

go. One person enough for me for listening, I may give. If not, no need. Go! Anyone else sleeping here? If sleeping, I am making you to stand up, so of sleeping, you fall down... Understanding? If not, I am sending you out also...

You are coming fort a short time and it is your right to hear something that may be for you an opportunity reaching to Allah Almighty's pleasure...

Destur, ya Sayidi, Meded. I am asking support for addressing you. Everyone is addressing, everyone may speak, but important is to make people to understand what you say, to keep it and to act. Or everyone may speak. I am asking from Grandsheikh to give me the spiritual support, so that what they make me to say to you may reach you and be a spiritual support for your spiritual being. If to a thirsty person I am giving water, but he is not giving it to his mouth, pouring into himself, he is never getting satisfied. Water must be given...

Therefore everyone may speak, but not everyone's speech gives benefit to people. I am asking from our Grandsheikh, they are closer to me, and I am closer to you, because my level is your level, to make you to reach something from spirituality, because people are in need more than anything spirituality, not materiality. The whole world is full with materiality, and materiality never gives a support to mankind now to stand up on its feet, because materiality is so heavy.

Each part... even divided among people and everyone is reaching a little bit from the material world, but that small mass represents the whole world and its heaviness. You may have 10 Pounds, you may have 1oo Pounds or 1ooo Pounds- but the one who has 1o Pounds from the material of this world has the same heaviness with him. Don't think that only millionaires have a heavy pressure, no. Who has something from Dunya, from the materiality of this life, he is under the whole heaviness and pressure of this world, because that amount prevents him to reach to Allah. It is same.

Therefore we are trying to save people from the materiality of this life; not to be a heavy burden on mankind. People now run after Dunya to reach even to the smallest part from that material. Who takes from materiality is with that, just mixed, and that pressure and darkness prevent that one to move towards Heavens.

That is the general view of mankind. Only who knows this is for Allah and says: 'I am using this for Allah' can reach to treasures, it is not a heavy thing, it is like the wing of a fly. But who makes it for himself, he is going

to be grinded under that heavy pressure. Even one gram material destroys that person, if he says: 'This is for me.' If he says: 'This is for Allah, and I am using it for Allah', then it is okay. Therefore Rasulullah sws was saying that prophets never left something from the material world to their relatives or the Ummah, no. Their inheritance was only heavenly, what coming from Heaven, not this material, no. They took nothing from the material world, they knew it is for Allah. Using... Because no one can claim: the material of this world is for me. One day you leave this, and that means it is not for you. Another one is comes and says: 'O, I reached to this, it is now for me', but no, it is only for a short time, then he leaves also and another one comes and says: 'This is for me.'

You must know about your mission, about your position, your situation and your efforts in divinely Presence. If you don't know, you may loose everything you reached; just taken from you, but the heaviness of the material that you were saying: 'This is for me or that is for me', and you didn't use it for Allah, it will all be put on you when you are buried like a hill. Not even a hill, but we know that a 1 square cm cube may carry the heaviness of this world.

They reminded me that there are some old stars. Once they were gigantic suns, but after a while they were getting smaller and smaller, and its material going to be perhaps to a diameter of one mile; but one spoonful of that material going to weigh one million tons. This is recorded in Astronomy, it is true. Therefore Allah Almighty may put on that buried person one spoonful of material carrying all the heaviness of this world. Some people, when they are buried, and the angels come and question them, don't give the right answers. Then the angels order the earth to squeeze him from both sides, to cover him, and his body becomes like a mass; all bones come together. That heaviness comes on him, and a small piece of the material world makes his body to be crushed.

Therefore it is important especially for believers to know to whom they belong and for whom they must use everything that is granted to them to use. If you know that you are for Allah and that what you have been granted is for Him, then you may use it for Allah, you are so happy one. If not, you will be under that heaviness of the whole world in your grave. May Allah forgive us.

And now people's interest is only for material, and you see that the whole world is in a crisis, which means, that the heaviness of materiality is crushing people everywhere. Poor ones and rich ones- everyone is crushed

from that crisis. The richest person may be bankrupt over night. No one can trust on his materiality now, no, finished. Big territories, powerful countries also begin to think on it, that you can't trust this paper money. Now they begin to remember what Shaitan did to them, that he put a big trap for mankind, using this paper money. This paper money is making the crisis, nothing else. It is not acceptable in the divine Law; Allah is not accepting this, but Shaitan has made all countries to use paper, and it is against the Law of Heavens. Paper can't be money! What they may write on it, but it is not a real thing, 1oo $, it is only a piece of paper.

Therefore richest people are in fear now from that crisis, that up to morning they may be bankrupt; richest countries like Japan, Germany, even America fear to become bankrupt over night like Argentina. That danger is not only for Argentina, no, it may run unto America also. Satanic mind people know this, and therefore they are bringing another kind of trick, which they think is going to be much more powerful: Therefore the European Union invented now the Euro. They say: No Franc, no Mark, or Pesetas, no, now: Euro. And I am looking that only the name changed; yet it is paper. But Shaitan is bringing another trick for mankind; his representatives are making this.

The only awakened nation and government is UK. They say: 'I am not going to be playboy for those Shaitans; I am not accepting this. My money is money, Pound, I am not changing the Pound.' Conservatives; keeping their old mind and their money and they say: 'If anything happens, I carry my responsibility, not anyone else. You do as you like. My Pound.' Euro! Turks also asking to make Euro, but they say: They are not putting this photograph, therefore we are not accepting. Europeans calling them: 'Come with us!' 'No', they say, 'what is on Euro? This photograph is going to be on it?' 'No.' And they refuse now...

Bankrupt. The crisis is running through the whole world now and there is danger until they bring those real values: gold and silver. Then that crisis finishes. Stock market. There are 1ooo and 1ooo tricks of Shaitan for the stock market; Shaitan is the Chief of the stock market, giving orders: 'Do this, do that', and the shaitanic control is on man. But this is finishing; soon even America and the European Union are going to finish...

Last month there was some news in the newspaper. Through the biggest telescope of Palmera in Amerika(?) they discovered through our galaxy a new star. You cannot see with eyes. Its material is gold instead of earth, dust. Shining. And I say: 'Oh, they must make a celebration for 4o days!' Now I am telling the people of the whole world to prepare strong cases to put the gold in it, not bags, because gold very heavy. Now after a while

the earth will run under it and from there it may rain gold on earth; we shall fill this earth with gold. No more crises. Be happy, good tidings for everyone now. Everyone must prepare a strong case to fill... But I am saying: 'O people, if you cannot stop that tap, and everywhere is going to be full with gold- where are you going to plough?' No more earth, what we shall do? Such news is sometimes through newspapers. Last month I spoke about it a little bit.

Don't worry. They say 1ooo.ooo light years... Eh, it is not one million, from here up to here we may reach.... Not even in your dream you can reach, but people are happy. Good tidings; don't worry... There will be a new business in all countries; they need cases to store that gold, everyone must have one strong case... Jews, Israelis, say: 'It is under our control. We must use underground, you use up. We will make like chimneys, the gold will fall, and we will save it in a case.'... So happy...

Anything if it is for Allah, gives to you happiness and pleasure and lights. Everything that is not for Him gives you only sadness and darkness, which comes on your heart and destroys it. O people, all treasures on earth and over skies, through Heavens, belong to Allah. If He is opening, no one is going to close it; and if He is closing, no one can open it...

Allah, Allah, Aziz Allah...Kerim Allah...Subhan Allah...Sultan Allah...Run to Him, to reach eternal life with endless enjoyment and countless pleasures, to be with Allah.

## Find the Field of Comfort, Goodness, Happiness, Success & Ability

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! As-salaatu wa salaamu `alayka yaa Sayyidi 'l-Awwaleen wa 'l-Akhireen. As-salaamu `alaykum yaa Sahib az-Zamaan! As-salaamu `alaykum yaa `ibaadAllah as-saaliheen. Yaa RijaalAllah! (...) Sultan al-Awliya (Mawlana Shaykh sits)

As-salaamu `alaykum, yaa `ibaadAllah. As-salaamu `alaykum wa rahmatullahi wa barakatuh.

(...)

O People! We are in need of rahmatullah, heavenly mercy, because Mankind has reached a point where they are asking to finish off everyone from the other side. That is the most important target for Shaytan. He is asking to bring down all of Mankind as from the time that Allah Almighty was ordering the angels to make sajda, to bow to Adam (a), Shaytan was the first one to say, "I am not bowing."

From that time until today, Allah Almighty has ordered the angels, "Keep that one from the Divine Presence; I don't like to see him or those from Mankind who will follow him." And Allah Almighty is not looking at them, but He is looking at heavenly mercy, saying, "I don't like to see those people who are following Shaytan

and not My holy orders that I send them through My prophets." (Mawlana Shaykh stands) He Almighty, all Glory and Majesty is for Him only! (Mawlana Shaykh sits)

O People! Look at what is happening now to all Mankind, which may be five billion or more, and yet you can't find two persons to love, help or support each other. Shaytan is ordering them, "Don't obey." Why? Shaytan was thrown away, taken away, kicked away from the Divine Presence, and he is asking for all of Mankind to also be kicked away. What is happening now is because people are all following Shaytan and leaving the guidance of their Lord, Allah Almighty. There is so much bad news every day, and as long as Mankind is with Shaytan and leaving their Lord's ways, what is coming will be worse than before. Today is worse than yesterday, and tomorrow is going to be worse than today.

O Mankind! You can't find a way to take you from bad conditions, to save you from crisis and bad actions, battles and killings that Mankind invented through technology! All Mankind is now supporting technology and through that a curse is raining on them. Today is better than tomorrow; yesterday was better than today. So many things will come, until four out of five people will be taken away. Allah! Tawbah, yaa Rabbee! We are asking for forgiveness!

The Seal of Prophets (s) gave us good tidings of when Jesus Christ (a) will come on Earth to take away technology. If people would choose to leave technology on their own, they would find the field of comfort, goodness, happiness, success, and ability, but they are not leaving it; they are stubborn like goats, refusing to leave their technology, and that is leading them to a terrible end, when billions will be killed through technology. There will come a poison and those who breathe it will fall down dead. It will not affect believers, but the others will be taken away. Yaa Rabbee!

O People! Come and listen to what your Lord is ordering you. In particular, I am giving my declaration to Muslims and to Muslim territories: if they are not keeping the holy orders of the Lord of Heavens, for every non-Muslim being whipped, there will be seven whippings for the Muslim world! If one punishment is coming for the non-Muslim world, seven times more will come on the Muslims because they left the way of Heavens and for that they will come to a terrible end. May Allah forgive us!

O People! You may live one-hundred years or more, but you will not become young again! Our bodies and organs are getting older. Sometimes men ask, "O my Lord! Take my soul because my physical being is not

giving me pleasure any longer." Don't think that when you reach seventy, eighty, or ninety years old you will take the same pleasure as when you were fifteen, twenty, twenty-five, or forty years old; pleasure decreases. Therefore, people are trying to reach a new one, but you can't renew your body as it is finished; however, men ask for a new body to make them happy.

Now people are drunk and think they are getting younger, that they are renewing themselves. That can't be as you are finished. You think you will to be able to do this with your physical being, but it is better to try to establish a good life here and Hereafter.

O People! Try to give more time in service of your Lord, because we were created for it, but the whole world lost this key: first the Muslim world, then Christianity and the Jewish faith. That command is for everyone, and if anyone says, “That shaykh is not speaking the truth,” they will die tonight, finished! Keep yourself for your Lord’s servanthood and don’t run after dunya; it is your purpose and honor to be your Lord’s servant.

O Allah! Send us a powerful one to teach us how to be servants of our Lord. If not, cursing and badness, darkness, hells and black holes will take them away to unknown territories. May Allah forgive us. It is your chance now to be for Allah Almighty, not to be for Shaytan! Astaghfirullah, may Allah forgive us.

Astaghfirullah, astaghfirullah, astaghfirullah. Yaa Rabbee! Anta Mawlana fansurna `alal qawmi ‘l-kafireen. Bi hurmati 'l-habeeb, bi hurmati 'l-Fatihah.

## Fire Is Breaking Out

As-Salamu Alaikum O believers. The believer is a clean person. Faith gives people cleanliness, beauty. Their dunya & akhirah becomes prosperous. Sometimes there is permission to speak a few words after the fajr prayer, so we make a sohbat. The first order is, we say Audhu Billahi min al shaytan al rajim. Shaytan runs away from assemblies where it is said "Audhu..", he doesn't like it. He doesn't like, he runs away. Therefore we say Audhu Billahi min al shaytan al rajim. May Allah protect us from the evil of shaytan. There is shaytan from the jinns, there is shaytan from men also. May Allah protect us from the evil of both of them.

"May we remember the Name of Allah in the first place. It is necessary for a servant in his every act. Whosoever remembers the Name of Allah first, Allah makes his every act easy for him". Look, how beautiful. How beautifully the holy ones, the believers say: "May we remember the Name of Allah first". After we remember the Holy Name of Allah Almighty, our assembly will be beautiful. It will be clean. Shaytan doesn't approach an assembly where there is the remembrance/dhikr of Allah. Therefore "May we remember the Name of Allah first". Mawlid al-Sharif teaches us. Say Bismillahi r-Rahmani r-Rahim.

Before the hojas would teach the children. And what would they teach? They would teach what needed to be known. They would teach the things which will give them benefit in their dunya life. The ones now teach what is no good for dunya or akhirah..They already refused the akhirah, removed it from their books & schools. For this reason they are not finding goodness. For what do we live? For Whom do we live? What should we do? How should we act? You should teach a person what is beneficial for him as well as for his parents, for his society & for the nation of

Islam. Before in the mosques, there was an Imam room in every mosque. And they would teach the students in that room what needs to be learned. Saying Bismillahi r-Rahmani r-Rahim was the first to be taught: Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim.

We remember the Name of our Lord. How beautiful. How beautiful, what an honour. Today's people have no honour left. Why? Because they leave Allah & seek honour in other places. If Allah doesn't grant a man honour what is the use of your study? Therefore they don't know what they should study nor do they (instructors) know what they should teach. They can't teach & the students can't learn. Now there are so many of them.. Before everyone sent his children to the mosques located in every neighborhood to be taught. A person cannot learn everything. It is not possible. What is obligatory on us to learn? To teach whatever it is necessary for us in this dunya life. Man asks "Who am I? Who created me? For what did He (swt) create me? What should I do?" he asks. Therefore they would take a kid to his first day in school with a ceremony. The children would start their education by singing qasidas with Quran in front of them on the bookstands. How beautiful is the spirituality. And what was taught the child in the first place was Bismillahi r-Rahmani r-Rahim. With this teaching of His Holy Name faith enters into this kid's heart, love (for spirituality) enters. He finds comfort & from the Heavens Nur comes down on him. Therefore our first word should be the name of Allah. "May we remember the Name of Allah first".

These people now throw Mawlid al-Sharif aside, like they know too much. Only these 2 lines of Mawlid al-Sharif are more than enough for the people. "May we remember the Name of Allah in the first place". May we remember the Holy Name of Allah Almighty, say Bismillahi r-Rahmani r-Rahim. What a child was first taught was this: Bismillahi r-Rahmani r-Rahim. "If your every act beings with the name of Allah, none of your acts will come out abtar/cut off" If the beginning of an act is with the Name of Allah Dhul Jalal- if you say Bismillahi r-Rahmani r-Rahim.. "May we say the Name of Allah in the first place, it is obligatory in..." "Whosoever remembers the Name of Allah may his work never be abtar". It means if that person remembers the Name of Allah & starts that work.. What it means with abtar is barren. It is fruitless. A person plants wheat

but its sheathes turn out to be empty. Meaning it won't give grain. Because the secret comes on them from Allah Almighty when His Holy Name is mentioned- and that wheat, or other plant, all of them, are filled (with grains) with the Holy Name of Allah. They become strong. If not, they will become straw.

If it is with the Bismillah, it is wheat grain. Allah Almighty fills it- the wheat, the barley, the vetch, the oat.. What is it that makes all of them mature? It is not the rain. It is not the sun. It is the Holy Name of Allah Dhul Jalal. When Bismillahir-Rahmanir-Rahim is said everything finds its perfection/maturity An act without the Bismillah brings no result. What it means by abtar, is barren, fruitless. A barren person can't have children. So whatever a person does, he will have no result. Therefore it is being focused on the Bismillah now because what gives man strength is the Bismillah. It is neither their cannons not their rifles. Make people get used to the Bismillah, load your weapon, it will hit the target Otherwise the target is somewhere & where the cannon fires is somewhere else The cannon fires somewhere else, it doesn't hit the target.

The person who takes aim at a target should say Bismillahi r-Rahmani r-Rahim. Even for hunting, when you go for hunting, say the Bismillah. Don't disturb the animals for no reason. Hunters- it is halal for the people who do not have any other life(job). But hunting for fun is haram/forbidden. One day they hit you in the head. One day it comes on your children. Quit it. Don't go hunting when you have food to feed yourself. Hunting has turned into an entertainment.

But we didn't come to dunya to play, no! The most honoured creation is man. Ashraf almahluqat- Among the creation Allah Almighty created, these ones say "creature", the most honoured one is man. What is he honoured with? Allah Almighty adressed him, made him prostrate before Him. Allahu Akbar. Make sajda for Allah Almighty. Don't fear, your honour will go up.

In this time shaytan corrupted everything, doesn't leave them. "On the name of this man.." "What happened to that man?" "He turned into earth, finished". What help can he do for you? If he could help himself, he wouldn't die. There is Who keeps him alive. Then? Then there is Who

makes him die. Man cannot survive by himself. There is Who keeps him alive. And he doesn't want to leave dunya by himself. But there is the Powerful One Who takes his soul. He (swt) takes the soul as He granted it before. You should glorify Allah. You should know Him. You should say Bismillahi r-Rahmani r-Rahim. Because they don't say Bismillahi r-Rahmani r-Rahim, all of them are empty- empty sheathes. There is nothing in it, only straw. Animals eat the straw, people need grains. There is no grain in today's people. Since they don't start with the Bismillah, none of their doings succeed. Abtar! They are left as fruitless, barren.

Say, make people get used to it- Bismillahi r-Rahmani r-Rahim. Every night, or every day, my son-in-law & my grandson, a fire breaks out every night. This came to me last night: Every night a fire breaks out in a place. And they said in the evening Galatasaray high school burned. Did you see it in the last news? It is the great building on the right side when entering Beyoglu. It became ashes, it said. Always fires come on Turks. At that time we were given a sign, & I want to speak of it. Who understands, understands. Who doesn't understand burns in the fire & does not realise it.

It was maybe from the time of Sultan Hamid, a 350 year old school, it is on your right when you turn for Beyoglu. Fire here, fire there... I asked "What is the wisdom in this?" for the fire that broke out last night. They told me this. They said that "In the old times these buildings were under protection. They were protected. There would be no fire, there was no fire for all these hundreds of years.For all these hundreds of years there was no fire in the palaces, there was no fire in the historic residences. But now it is burning because the evil ones came. What is the reason for it?" Be careful about this point. Allahu Akbar. "There was no place that", my grandson & son-in-law, “did not have a writing of Bismillahi r-Rahmani r-Rahim in it out of respect. Every building without the Bismillah will be burned! They took down the Bismillah & put the portrait. Because of that portrait, He (swt) will burn. Fire can't enter a house where there is Bismillahi r-Rahmani r-Rahim. It has a majesty- there is no fire that can burn Bismillahir-Rahmanir-Rahim.

They removed the Bismillah signs & placed the portrait. The portrait will be burned, the works they do will be burned & they themselves will be burned also". They gave me this secret last

night. I said "it is always fires everywhere.." They told me "O Shaykh!" I am not a Shaykh but the holy ones adressed me this way. "Inform these heedless Muslims that they removed the Bismillah signs from their homes & filled it with portraits. It was the Bismillah which protected these buildings". Was it ever heard before that a palace was burned? The Ciragan Palace was burned. They didn't put the Bismillah in it, for the Europeans. It was burned! Topkapi didn't burn. Yildiz Palace was not burned. Many other palaces were not burned. Why? Bismillahi r-Rahmani r-Rahim. Allahu Akbar wa Lillah al Hamd.

I was surprised last night & asked "Why all these fires?" They said "O Shaykh.." I am not Shaykh but I don't know if I am Shaykh to them. I am a helpless servant of Allah, they are making me to speak. They said "They took down the Bismillah, O son. They took down the Bismillah from its respected position. Because there are angels where there is the Bismillah, they protect. The Bismillah can never be burned! The Bismillah can never be burned. A person with the Bismillah cannot be burned either. Even bullets can't touch him". I said "So that is". For so many times this inspiration did not come to my heart but at night they told me that the Galatasaray building which was 100-150 years old burned to ashes. I asked "Why?". They later told me "This is the reason. They took down the Bismillah & put a portrait in its place. So now it's turn has come & it was burned.

They should be careful that whatever they build..the palaces they build, the residences they build, the high buildings that they are happy with.. They will be burned with them because they don't put the Bismillah. Warn them, give them a threat. If they don't listen, who doesn't put the Bismillah will be burned with their buildings. Say Bismillahi r-Rahmani r-Rahim! It gives strength to you. Neither these...coming from Europe.. What are they? The missiles. The missiles in rhyme with museum. Missiles that are in rhyme with museum. They are saying "The missiles have arrived" with pride. What is missile? What is a missile? You have in your hand the Bismillahi r-Rahmani r-Rahim missile which is better than all the missiles in the world. It came down to us from the Heavens. Why don't you say Bismillahi r-Rahmani r-Rahim? Why don't you hang it in your offices? What have you become? You put a portrait & take down the Bismillah, you will be burned. In one quake Istanbul will be gone. Ankara is already gone. Allah..Allahu

Akbar.

There are so many things in the power of Bismillahi r-Rahmani r-Rahim. Recite daily at least 40 times, Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Teach like this & you will need no missiles, no cannons, no planes. If you don't get used to this, it will make you ashes. The huge wooden palace is burned- Galatasaray. The Sultan built it & decorated it with Bismillah signs. They took them down. They took them down & put portraits in their places. "Wait. Wait" they say, "Wait for what will come on you". That huge building burned down last night- Galatasaray. The houses & cars which have no Bismillah in them will be burned also. The offices that have no Bismillah will be burned. The fire is coming & it will burn. What will distinguish between them is the Bismillah. "Ghaidh" is the severity coming from the Heavens & what stops it is Bismillahi r-Rahmani r-Rahim.

O people! Don't take these as empty words, one day the fire burns you too. We seek refuge in Allah. Ya Rabbi tawba. Ya Rabbi tawba. Ya Rabbi tawba. Tawba Ya Rabbi. May You send us servants who will teach us this. Send us power O our Lord. We are left in the hands of char chur/ rubbish people. We can't do anything. They say "This is against our laws, we can't do this". Ok.. If you can't do, one day it will catch you also&the parliament will be in fire. They are making me say this now. The parliament will be on fire, I don't say how many of its members will be burned. The parliament that they are proud of. Whichever assembly it is that they don't say the Bismillah, one day its doors will be locked too & they will be burned in it. They should be careful.

This poor one, he is an old person.. There come instructions to me from the holy ones. With their barakah, I am speaking for them to the world. But the first order is for the Muslims: make a Bismillah sign & put in your car. If you don't have in your home, put in your home. Put everywhere-the Bismillah. Bismillahi r-Rahmani r-Rahim. I have no strength for anything. I may stand up.. O Lord, grant me good health also. These words, the words of Your awliyas, may they reach from East to West. I don't need any radio or.. What is that other one? Is it inter-pod or whatever it is called, I don't need any of these. I can shake the world. When I say "Allah" I can

shake the world too! A man in zero level..Allahu Akbar wa Lillah al Hamd.

O people! O Turks especially, pull yourselves together. If not, they say "the forest took fire, it is burning". A forest is not burned. No fire comes to the forests. Because of your tasteless doings the forests are burning,the animals in them are burning. From all of them curses come on you. You can't find goodness. Don't expect from the Germans, what is that? Partona? It will come & protect you.. If Allah does not protect you, what are the missiles or museums for? What do you expect from them? Allahu Akbar! Allahu Akbar! Allahu Akbar! Say like this & march. Ya Ghaliban Ghayra Maghloub. Ya Ghaliban Ghayra Maghloub. March like this and there can be no missiles or museum that can stand in your way. O Lord, forgive us. Tawba Ya Rabbi, tawba Ya Rabbi. Tawba Astaghfirullah.

O Arabs! You are Muslims. Some of you trust the Russians, some trust the US, some trust Europe.. O Allah, forgive us.. May we return to You, O Allah. Tawba Ya Rabbi, tawba Ya Rabbi. For the honour of this holy night which is the Mawlid of Your Beloved send us a Sultan O Lord. Send us Mahdi (as) O Lord. May the majesty of Islam appear O Lord. O Muslims, have the Bismillah written & hang it. Don't fear. If not, you will be burned also. Fire does not only burn a building but burns many people in it also. Ya Rabbi tawba. Ya Rabbi tawba. Ya Rabbi tawba. For the honour of Your Beloved. I am crying. They ask "Why are you crying?" Here it is, we are left in the hands of no mind ones & we became no mind too. O Lord, forgive us. Send us a Master. Send us a Sultan.

Ya Allah.. May Allah close the graves of who closed our mosques. May Allah give long life to who opens them. The huge Ayasofya/Hagia Sophia. They captured it with their swords, turned it into a mosque & we turned it into a church, made it a museum. It is a big shame, big shame on the Muslims. May Allah send us a Master, send us a Sultan. Ya Rabbi, You know. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. Al-Fatiha.

Tell them, they should have it hand-written by the calligraphy art places in Istanbul. I don't want printout writing. The calligraphers should write & people take from them, paying their salary. They should not fear.

Fatiha.

As-Salamu Alaykum, Gläubige. Der Gläubige ist eine reine Person. Glaube gibt den Menschen Reinheit, Schönheit. Ihre Dunya und Akhirah wird erfolgreich. Manchmal gibt es die Erlaubnis, nach dem Fajr Gebet ein paar Worte zu sprechen. Also machen wir ein Sohbat. Der erste Befehl ist, wir sagen: Audhu Billahi mina sh-shaytani r-rajim. Shaytan läuft vor Versammlungen davon, in denen "Audhu.." gesagt wird. Er mag das nicht. Er mag es nicht und läuft weg. Deshalb sagen wir: Audhu Billahi mina shaytani r-rajim. Möge Allah uns vor dem Bösen Shaytans beschützen. Es gibt Shaytan von den Djinn, es gibt auch Shaytan von den Menschen. Möge Allah uns vor dem Bösen von beiden schützen. 'Mögen wir den Namen Allahs an erster Stelle erinnern. Es ist notwendig für einen Diener bei jeder Tat. Wer immer den Namen Allahs zuerst erinnert, für den macht Allah jede Tat leicht.' Seht, wie schön. Wie schön es die Heiligen, die Gläubigen sagen: 'Mögen wir den Namen Allahs zuerst erinnern.' Nachdem wir den heiligen Namen Allahs des Allmächtigen erinnert haben, wird unsere Versammlung schön werden. Sie wird rein sein. Shaytan nähert sich keiner Versammlung, wo es die die Erinnerung an Allah, den Dhikrullah gibt. Deshalb, 'Mögen wir den Namen Allahs zuerst erinnern.'
Mawlid ash-Sharif lehrt uns. Sagt: Bismillahi r-Rahmani r-Rahim. Früher unterrichteten die Hodjas die Kindern. Und was unterrichteten sie? Sie unterrichteten das, was gewußt werden mußte. Sie brachten ihnen die Dinge bei, die für sie in ihrem Dunya Leben von Nutzen waren. Die Jetzigen lehren, was nichts taugt für Dunya und Akhirah.. Sie lehnten schon die Akhirah ab, entfernten sie aus ihren Büchern und Schulen. Aus dem Grund finden sie nichts Gutes. Wofür leben wir? Für Wen leben wir? Was sollten wir tun? Wie sollten wir handeln? Ihr solltet einer Person beibringen, was nützlich für sie ist, genauso für ihre Eltern, für die Gesellschaft und für die Nation des Islam. Früher gab es in den Moscheen einen Imamraum. Und sie unterrichteten die Studenten in diesem Raum in allem, was gelernt werden muß. Zu sagen 'Bismillahi r-Rahmani r-Rahim' war das erste, was gelehrt wurde. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Wir erinnern den Namen unseres Herrn.

Wie schön! Wie schön! Welche Ehre!

Die heutigen Menschen haben keine Ehre mehr. Warum? Weil sie sich von Allah abwenden und Ehre an anderen Orten suchen. Wenn Allah einem Menschen keine Ehre gewährt, was ist der Sinn eueres Studiums? Deshalb wissen sie nicht, was sie studieren sollen, noch wissen ihre Lehrer, was sie unterrichten sollen. Sie können nicht lehren, und die Studenten können nicht lernen. Jetzt gibt es so viele von ihnen... Früher sandte jeder seine Kinder in die Moschee in seiner Nachbarschaft, um unterrichtet zu werden. Eine Person kann nicht alles lernen. Das ist nicht möglich. Was ist verpflichtend für uns zu lernen? Zu lehren, was immer notwendig ist für uns in diesem Dunyaleben. Der Mensch fragt: Wer bin ich? Wer hat mich erschaffen? Für was hat Er (swt) mich erschaffen? Was sollte ich tun? fragt er. Deshalb brachten sie ein Kind zu seinem ersten Schultag mit einer Zeremonie. Die Kinder begannen ihre Erziehung mit dem Singen von Qasidas mit dem Quran vor ihnen auf dem Bücherstand. Wie schön ist das im geistigen Sinn. Und was dem Kind an erster Stelle beigebracht wurde, war Bismillahi r-Rahmani r-Rahim. Mit dieser Lehre Seines heiligen Namens geht Glaube in das Herz des Kindes ein, Liebe für die Geistigkeit zieht ein. Es findet Trost und von den Himmeln kommt Nur herab auf es. Deshalb sollte unser erstes Wort der Name Allahs sein. 'Mögen wir den Namen Allahs zuerst erinnern.'

Diese Menschen schieben jetzt das Mawlid ash-Sharif beiseite, als wüßten sie zu viel. Nur diese 2 Zeilen des Mawlid ash-Sharif sind mehr als genug für die Menschen. 'Mögen wir den Namen Allahs zuerst erinnern.' Mögen wir den heiligen Namen Allahs des Allmächtigen erinnern. Sagt: Bismillahi r-Rahmani r-Rahim. Was einem Kind zuerst beigebracht wurde, war Bismillahi r-Rahmani r-Rahim. 'Wenn jede euerer Handlungen mit den Namen Allahs beginnt, wird keine euerer Handlungen abtar, abgeschnitten, herauskommen.' Wenn der Anfang einer Handlung mit dem Namen Allahs Dhu l-Jalal ist, wenn ihr sagt: Bismillahi r-Rahmani r-Rahim.. 'Mögen wir den Namen Allahs an erster Stelle nennen, es ist verpflichtend in..' 'Wer immer den Namen Allahs erinnert, möge sein Werk nie abtar sein'. Das bedeutet, wenn dieser Person den Namen Allahs erinnert und dieses Werk beginnt... Was mit 'abtar' gemeint ist, ist 'unfruchtbar'. Es ist fruchtlos.

Jemand pflanzt Weizen, aber seine Hülsen zeigen sich als leer. Das bedeutet, er wird keine Körner hervorbringen, weil das Geheimnis auf sie kommt von Allah dem Allmächtigen, wenn Sein heiliger Name erwähnt wird, und dieser Weizen oder andere Pflanze, sie alle, werden gefüllt mit dem heiligen Namen Allahs. Sie werden stark. Sonst werden sie Stroh. Wenn es mit Bismillah ist, sind es Weizenkörner. Allah der Allmächtige füllt sie, den Weizen, die Gerste, die Wicke, den Hafer. Was ist es, das sie alle reifen läßt? Es ist nicht der Regen. Es ist nicht die Sonne. Es ist der heilige Name von Allah Dhu l-Jalal. Wenn Bismillahi r-Rahmani r-Rahim gesagt wird, findet alles seine Vollkommenheit und Reife. Eine Tat ohne das Bismillah bringt kein Ergebnis. Was gemeint ist mit 'abtar', ist unfruchtbar, fruchtlos. Eine unfruchtbare Person kann keine Kinder haben. So was immer jemand tut, er wird kein Ergebnis erzielen.

Deshalb wird jetzt der Blick auf das Bismillah gerichtet, weil, was dem Menschen Stärke gibt, das Bismillah ist. Es sind weder ihre Kanonen, noch ihre Gewehre. Gewöhnt die Menschen an das Bismillah, ladet euere Waffe, sie wird das Ziel treffen. Sonst ist das Ziel irgendwo und wohin die Kanone feuert, ist woanders. Die Kanone feuert woanders hin. Sie trifft das Ziel nicht. Jemand, der auf ein Ziel anlegt, sollte Bismillahi r-Rahmani r-Rahim sagen. Selbst auf der Jagd, wenn ihr jagen geht, sagt das Bismillah. Stört die Tiere nicht ohne Grund. Jäger - Es ist halal für die Menschen, die kein anderes Leben (Job) haben. Aber Jagen zum Vergnügen ist haram, verboten. Eines Tages schlagen sie euch auf den Kopf. Eines Tages kommt es auf euere Kinder. Hört auf damit. Geht nicht zur Jagd, wenn ihr Essen habt, um euch zu ernähren. Jagen ist zu einer Unterhaltung geworden. Aber wir kamen nicht in die Dunya, um zu spielen. Nein! Die am meisten geehrte Schöpfung ist der Mensch. Ashrafu l-Mahluqat - Unter der Schöpfung, die Allah der Allmächtige erschuf, diese sagen 'Geschöpf', ist das am meisten geehrte der Mensch. Mit was ist er geehrt? Allah der Allmächtige sprach ihn an, hieß ihn, sich vor Ihm niederwerfen. Allahu Akbar. Macht Sajda für Allah den Allmächtigen. Fürchtet euch nicht, eure Ehre wird sich erhöhen.

In dieser Zeit hat Shaytan alles verdorben, läßt sie nicht. Im Namen dieses Mannes..' 'Was geschah mit diesem Mann?' 'Er wurde zu Erde, Schluß.' Welche Hilfe kann er euch geben? Wenn er sich selbst helfen könnte, würde er nicht sterben. Da ist Der, Der ihn am Leben erhält. Dann?

Da ist Der, Der ihn sterben läßt. Der Mensch kann nicht alleine überleben. Da ist Der, Der ihn am Leben erhält. Und er will die Dunya nicht von selbst verlassen. Aber da ist der Mächtige, Der seine Seele nimmt. Er (swt) nimmt die Seele, wie er sie vorher gab. Ihr solltet Allah preisen. Ihr solltet Ihn kennen. Ihr solltet sagen Bismillahi r-Rahmani r-Rahim. Weil die, die nicht sagen Bismillahi r-Rahmani r-Rahim, sie alle sind leer, leere Hülsen. Es ist nichts darin, nur Stroh. Tiere fressen Stroh, Menschen brauchen Körner. Es ist kein Korn in den heutigen Menschen. Da sie nicht mit dem Bismillah beginnen, hat keine ihrer Handlungen Erfolg. Abtar! Sie bleiben fruchtlos, unfruchtbar. Sagt, laßt die Menschen sich daran gewöhnen, Bismillahi r-Rahmani r-Rahim.

Jede Nacht oder jeden Tag, mein Schwiegersohn und mein Enkel, bricht ein Feuer aus, jede Nacht. Das kam zu mir letzte Nacht: Jede Nacht bricht ein Feuer aus an einem Platz. Und sie sagten am Abend, die Galatasaray Schule brannte. Habt ihr es in den letzten Nachrichten gesehen? Es ist das große Gebäude auf der rechten Seite, am Eingang von Beyoglu. Sie wurde zu Asche, heißt es. Immer kommen Feuer auf die Türken. Zu der Zeit wurde uns ein Zeichen gegeben, und ich möchte darüber sprechen. Wer versteht, versteht. Wer nicht versteht, brennt im Feuer und merkt es nicht. Sie war vielleicht aus der Zeit von Sultan Hamid, eine 350 Jahre alte Schule. Sie ist rechts, wenn du nach Beyoglu abbiegst. Feuer hier, Feuer dort.. Ich fragte: Was ist die Weisheit davon? Von dem Feuer, das letzte Nacht ausbrach. Sie sagten mir das. Sie sagten: 'In der alten Zeit standen diese Gebäude unter Schutz. Sie waren geschützt. Es gab kein Feuer. Es gab kein Feuer all diese Hunderte von Jahren. All diese Hunderte von Jahren gab es kein Feuer in den Palästen. Es gab kein Feuer in der historischen Residenz. Aber jetzt brennt es, weil die Bösen kamen. Was ist der Grund dafür?' Achtet auf diesen Punkt. Allahu Akbar. 'Es gab keinen Platz', mein Enkel und mein Schwiegersohn, 'der nicht einen Schriftzug von Bismillahi r-Rahmani r-Rahim hatte aus Respekt. Jedes Gebäude ohne das Bismillah wird verbrannt! Sie nahmen das Bismillah herunter und hängten das Porträt auf. Wegen dieses Porträts wird Er (swt) es brennen lassen. Feuer kann nicht in ein Haus, wo Bismillahi r-Rahmani r-Rahim ist. Es hat Majestät. Es gibt kein Feuer, das Bismillahi r-Rahmani r-Rahim verbrennen kann. Sie entfernten die Bismillah Zeichen und plazierten das Porträt. Das Porträt wird verbrannt, die Werke, die sie machen, werden verbrannt, und sie selbst werden auch verbrannt.'

Sie gaben mir dieses Geheimnis letzte Nacht. Ich sagte: 'Es gibt immer Feuer überall..' Sie sagten mir: 'O Shaykh!' Ich bin kein Shaykh, aber die Heiligen sprachen mich so an. 'Informiere diese achtlosen Muslime, daß sie die Bismillah Tafeln aus ihren Häusern entfernt und sie mit Porträts gefüllt haben. Es war das Bismillah, das diese Gebäude schützte. Hat man früher je gehört, daß ein Palast verbrannte? Der Ciragan Palast verbrannte. Sie hängten das Bismillah nicht auf darin wegen der Europäer. Er verbrannte! Topkapi verbrannte nicht. Yildiz Palast verbrannte nicht. Viele andere Paläste verbrannten nicht. Warum? Bismillahi r-Rahmani r-Rahim. Allahu Akbar wa Lillahi l-Hamd. Ich war überrascht letzte Nacht und fragte: Warum all diese Feuer? Sie sagten: 'O Shaykh.' Ich bin kein Shaykh, aber ich weiß nicht, ob ich Shaykh für sie bin. Ich bin ein hilfloser Diener Allahs. Sie bringen mich dazu, zu sprechen. Sie sagten: 'Sie nahmen das Bismillah herunter, Sohn. Sie nahmen das Bismillah herunter von seiner respektierten Position. Weil es Engel gibt, wo das Bismillah ist, die schützen, kann das Bismillah nie verbrannt werden. Das Bismillah kann nie verbrannt werden. Ein Mensch mit dem Bismillah kann auch nicht verbrannt werden. Selbst Kugeln können ihn nicht treffen.' Ich sagte: 'So ist das.'

Schon lange kam diese Inspiration nicht in mein Herz, aber in der Nacht sagten sie mir, daß das Galatasaray Gebäude, das 100 - 150 Jahre alt war, zu Asche verbrannte. Ich fragte: Warum? Später sagten sie mir: Das ist der Grund: Sie nahmen das Bismillah herunter und hängten ein Porträt an seine Stelle. So kam es jetzt an die Reihe und verbrannte. Sie sollten vorsichtig sein, daß was immer sie bauen, die Paläste, die sie bauen, die Residenzen, die sie bauen, die hohen Gebäude, mit denen sie glücklich sind... sie werden mit ihnen verbrannt werden, weil sie das Bismillah nicht aufhängen. Warne sie, sprich eine Drohung aus. Wenn sie nicht hören, wer das Bismillah nicht aufhängt, wird verbrannt mit seinen Gebäuden. Sagt Bismillahi r-Rahmani r-Rahim. Es gibt euch Kraft. Auch nicht diese... die aus Europa kommen... Was sind sie? Die Flugkörper. Die Flugkörper reimen sich mit Museum. Flugkörper, die mit Museum reimen. Sie sagen, 'Die Flugkörper sind angekommen', mit Stolz. Was ist ein Flugkörper? Was ist ein Flugkörper? Ihr habt in der Hand den Bismillahi r-Rahmani r-Rahim Flugkörper, der besser ist als alle Flugkörper der Welt. Er kam herunter zu uns von den Himmeln.

Warum sagt ihr nicht Bismillahi r-Rahmani r-Rahim? Warum hängt ihr es nicht in euere Büros?

Was seid ihr geworden? Ihr hängt ein Porträt auf und nehmt das Bismillah herunter. Ihr werdet verbrannt. In einem Beben wird Istanbul verschwinden. Ankara ist schon weg. Allah... Allahu Akbar. Es gibt so viele Dinge in der Macht von Bismillahi r-Rahmani r-Rahim. Rezitiert täglich mindestens 40x Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Lehrt das, und ihr werdet keine Flugkörper, keine Kanonen, keine Flugzeuge brauchen. Wenn ihr euch nicht daran gewöhnt, wird es euch zu Asche machen. Der riesige hölzerne Palast ist verbrannt - Galatasaray. Der Sultan baute ihn und dekorierte ihn mit Bismillah Tafeln. Sie nahmen sie herunter. Sie nahmen sie herunter und hängten Porträts an ihre Stelle. 'Wartet, wartet', sagen sie, 'wartet auf das, was auf euch kommen wird.' Dieses riesige Gebäude brannte herunter letzte Nacht - Galatasaray. Die Häuser und Autos, die kein Bismillah innen haben, werden auch verbrannt. Die Büros, die kein Bismillahi haben, werden verbrannt. Das Feuer kommt und wird verbrennen. Was zwischen ihnen unterscheiden wird, ist das Bismillah. "Ghaydh" ist die Härte, die von den Himmeln kommt, und was sie aufhält, ist Bismillahi r-Rahmani r-Rahim. Leute! Nehmt das nicht als leere Worte, eines Tages verbrennt das Feuer auch dich.

Wir suchen Zuflucht in Allah. Ya Rabbi Tawba. Ya Rabbi Tawba. Ya Rabbi Tawba. Tawba ya Rabbi. Mögest Du uns Diener senden, die uns das lehren. Sende uns Kraft, o unser Herr. Wir sind in den Händen von Char Chur, Drecksleuten. Wir können nichts tun. Sie sagen: Das ist gegen unsere Gesetze. Wir können das nicht tun. Okay..Wenn ihr das nicht tun könnt, wird es euch eines Tages auch erfassen, und das Parlament wird in Flammen stehen. Sie lassen mich das jetzt sagen. Das Parlament wird in Flammen stehen. Ich sage nicht, wieviele seiner Mitglieder verbrannt werden. Das Parlament, auf das sie stolz sind. Welche Gruppierung auch immer es ist, die nicht das Bismillah sagt, eines Tages sind ihre Türen auch verschlossen, und sie werden darin verbrennen. Sie sollten sich hüten. Dieser Arme, er ist alt.. Es kommen Anweisungen zu mir von den Heiligen. Mit ihrer Barakah spreche ich für sie zur Welt. Aber der erste Befehl ist für die Muslime: Macht ein Bismillah Zeichen und tut es in euer Auto. Wenn ihr es nicht im Haus habt, tut es in euer Haus. Tut es überall hin, das Bismillah. Bismillahi r-Rahmani r-Rahim. Ich habe keine Kraft für irgendetwas. Ich kann aufstehen... O Herr, gewähre mir auch gute Gesundheit.

Diese Worte, diese Worte Deiner Awliya, mögen sie von Ost nach West reichen. Ich brauche kein Radio oder.. was ist das andere? Ist es Inter-Pod? oder wie auch immer es genannt wird, ich brauche keins von diesen. Ich kann die Welt erschüttern. Wenn ich sage "Allah", kann ich die Welt erschüttern! Ein Mann auf Null Ebene.. Allahu Akbar wa Lillahi l-Hamd. Leute, besonders ihr Türken, reißt euch zusammen. Sonst sagen sie: Der Wald hat Feuer gefangen. Es brennt! Ein Wald wird nicht verbrannt. Kein Feuer kommt zu den Wäldern. Wegen euerer geschmacklosen Taten brennen die Wälder, die Tiere darin brennen. Von ihnen allen kommen Flüche auf euch. Ihr könnt nichts Gutes finden. Erwartet nicht von den Deutschen... was ist das? Partona? daß es kommen wird und euch schützt...Wenn Allah euch nicht schützt, wofür sind die Flugkörper oder Museen? Was erwartet ihr von ihnen? Allahu Akbar! Allahu Akbar! Allahu Akbar! Sagt das und marschiert. Ya Ghaliban Ghayra Maghlub. Ya Ghaliban Ghayra Maghlub. Marschiert so, und es kann keine Flugkörper oder Museen geben, die euch im Weg stehen. O Herr, vergib uns. Tawba ya Rabbi, Tawba ya Rabbi. Tawba Astaghfirullah.

Araber! Ihr seid Muslime. Manche von euch vertrauen den Russen, manche vertrauen den US, manche vertrauen Europa.. O Allah, vergib uns... Mögen wir zu Dir zurückkehren, o Allah. Tawba ya Rabbi, Tawba ya Rabbi. Zu Ehren dieser heiligen Nacht, die das Mawlid Deines Geliebten ist, sende uns einen Sultan, o Herr. Sende uns Mahdi (as), o Herr. Möge die Majestät des Islam erscheinen. O Muslime, laßt das Bismillah schreiben und hängt es auf. Fürchtet euch nicht. Sonst werdet ihr auch verbrannt. Feuer verbrennt nicht nur Gebäude, sondern auch viele Menschen darin. Ya Rabbi Tawba. Ya Rabbi Tawba. Ya Rabbi Tawba. Zu Ehren Deines Geliebten. Ich weine. Sie fragen: Warum weinst du? Hier ist es, wir sind in Händen von Leuten ohne Verstand, und wir sind auch solche ohne Verstand geworden. O Herr, vergib uns. Sende uns einen Meister. Sende uns einen Sultan. Ya Allah... Möge Allah die Gräber derer, die unsere Moscheen geschlossen haben, verschließen. Möge Allah denen ein langes Leben geben, die sie öffnen. Die riesige Hagia Sophia, sie eroberten sie mit dem Schwert, machten sie zu einer Moschee, und wir machten sie zur Kirche, machten sie zum Museum. Es ist eine große Schande, eine große Schande auf den Muslimen. Möge Allah uns einen Meister senden. Sende uns einen Sultan. Ya Rabbi, Du weißt. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Al Fatiha. Sagt ihnen, sie sollen es handgeschrieben von den Kalligraphiekunstplätzen in Istanbul holen.

Ich will keine gedruckte Schrift. Die Kalligraphen sollen schreiben und die Menschen von ihnen nehmen, ihnen Lohn bezahlen. Sie sollen keine Furcht haben. Fatiha.

## First Believe, Then Be Truthful

(Mawlana Shaykh stands.)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Yaa Rabbanaa ighfir lana. Yaa Rabbana salli `ala habeebika 'l Mustafa (s). Istafaytahu min al-azali ila 'l-`abadi an yakoon khalifatullah. Subhaan Allah. Subhaan Allah. Sultaan Allah. O yaa Rabbana zidhu `izzan wa sharafan, nooran wa surooran, ridwaana wa sultaana. Haadhihi 'l-laylati 'l-mubarakah, laylatu 'l-Jumu`ah.

Yaa Sayyidi 'l-Awwaleen wa'l-Akhireen ishfa` lana `inda 'l-Rabb `azza wa jall, nahnu naltamis min hadrati 'l-haqq an yaslih ahwaalana bi jaahika `indahu, ameen. Wa 's-salaatu wa 's-salaam `alayka sall-Allahu `alayhi wa `ala aalihi wa sahbihi wa sallim tasleeman katheera. (Mawlana Shaykh sits.)

Madad, yaa RijaalAllah. Yaa Sahibu'l-Imdaad, madad. Madad, yaa Qutb ul-Mutasarrif. Asking your heavenly support for addressing all nations in the east and west. Dastoor, yaa RijaalAllah. O holy ones,

whom they are asking always to be closer to the heavenly presence of the Lord of Heavens!

Yes, and we are saying to our attenders now, just cut off everything that belongs to myself, and just rabitaatu 'sh-shareefah (connect your heart to heavens.) This is also making Salafi `ulamas very angry. They are saying this is shirk, and shouting at me ... he must come back and continue!

O our attenders! Give half-an-hour or more (to listen); you are giving all day for dunya and Shaytan, also give half-an-hour or less or more for hearing something that belongs to heavens! And we are saying, as-salaamu `alaykum our attenders, who are attending that declaration, asking to know, asking to understand, and asking to fulfill some orders that have been said on the Day of Promises. We are doing Your orders.

O Ahlu'l-Sunnah wa'l-Jama`ah `ulamas! O Salafi `ulamas or teachers of Wahabi sect! Marhaban! What are you saying about this point that they are making me to address to you in particular? Leave Christianity and Judaism; if they are giving me an order, I'm discussing with them. Now it is important to discuss the beliefs of Muslims under the heavenly lights of the Holy Qur'an, because blind people are never seeing when they're opening the Holy Qur'an that each letter is giving light. You are looking and seeing or not? L`anatullahi kaadhibeen, l`anatullahi kaadhibeen (Allah's curse on those who lie [cf 3:61])! Say the truth! If you are not seeing don't say, "We are seeing." It is the worst characteristic of Shaytan, and also the worst characteristic of egos. Therefore, liars are thrown away, and thrown away the second one, our egos. Our egos and Shaytan have the worst characteristics on both sides: to speak lies, always speaking lies. Shaytan is never speaking truth, never being a shahid, witness for truth, never accepting true ones. If we are making our egos follow Shaytan, our worst egoistic characteristic is to say lies. Prophet (s) was saying, laa yajtami`aan al-imaan wa 'l-kadhib (two characteristics cannot come together: faith and lying). Impossible. Where there is true imaan, if there are lies there, can't be truth there.

O our `ulamas, I'm asking a question. All my life I ran after one true one, jadl min Allah (intertwined with Allah.) That is a favor from Allah Almighty. What about our `ulamas, were they following one? Say his name, because Allah Almighty is saying:

••• ••••••••• ••••••••• ••••••••• ••••••••• •••••• •••••••••• •••• •••••••••••••

Yaa ayyuha'l-ladheena amanu kunu ma`a as-saadiqeen, O believers, fear Allah and be with the trustworthy people (in word and deed). (9:119)

It is enough to follow that command of Allah Almighty; not just enough, it is more that enough! Who is carrying something in their jumjumah, skull, say the truth and try to be a true one: that is Islam, that is the real religion acceptable in the Divinely Presence! The pope must be a true one, and chief rabbi must be a true one, because they made me ask some questions. But heavy bombarding is coming on Christianity and heavier on Judaism! Now normal bombarding, what they are making me to bombard on Ahlu'l-Sunnah, and heavier on Shi`a, and coming after that other sects. Everyone is claiming, "We are on the true way." I hope that bombarding comes through the weakest servant, and (shakes up people) in the east and west.

Allah Almighty's first command is to be true ones, yes, istaqeemu, that is be true ones, holy command coming from heavens to prophets. Ahlu 's-Sunnah `ulamas, Salafi `ulamas and Wahabi teachers who are claiming to know everything. Do you remember hadith shareef an-nabawi? Ja'a yawman `arabiyun, to hadratu 'r-risala, holy hudoor, presence. And saying, "Yaa Rasoolullah, I am rajul, I am such a simple man, I'm not knowing how to read, or to write. I heard that you were sent as the Last Prophet to all nations. I'm believing in you and what you say! O beloved one, O most-honored one, I heard that you are speaking to people, giving so many orders and advices making people, "do this, don't do that." I'm a simple one, I don't think that a person is more simple than me. I accept you! You are Rasoolullah! Amantu bihaa, amantu wa bimaa b`athaka rasoolan bi 'l-haqq! But I like to learn something that may guide me to the end of my life, saving me here and Hereafter. O Prophet, our real rasool, ansah lee wa awjuz (advise me and summarize it for me.)

O Ahlu'l-Sunnah wa'l-Jama`ah `ulamas, Shi`a `ulamas and other sects! What was Rasool's (s) jawab, answer? Rasool (s) said, salawaatullahi `alayk, "O Arabi, qul amantu bi-Llah thumma 'staqim." Haqq or baatil? Say! Where is your Islam? Hadha 'lladhee yal`ab bikum ad-dunya (this is how dunya is playing with you), how you can tad`oona innakum `ala 'l-istiqaamah (how can you pretend you are on righteousnous?) How do you claim to be on istiqaamah?

Therefore, I'm swearing because laa`na 't-Allah `ala 'l-kaadhibeen, "Allah's curse is on the liars!" I'm asking `ulama Ahlu 's-Sunnah, `ulama Shi`a, `ulama of different sects, are you understanding what Prophet (s) said? You must understand. Are you keeping his advice? What do you think, `ulamas, enough or not enough or more than enough? To summarize, the Seal of Prophet (s) said, "O brother, Arabi, say, 'I'm believing in the Lord of Heavens, Allah.' Say, say, say! And then say, qul Rabbee Allah, 'Who created me, Who brought me

from Unknown Territories to this world, I'm believing in You, my Creator, my Lord, Allah!' And the second command, say this, 'thumma 'staqim.'"

What does it mean? Say! What was the tafseer of Muhmmad ibn `Abdul-Wahhab about this hadith? He spoke on it or not? Say to me, and bring a proof that he said this. Why not saying? We are so simple ones. You may say, like that Bedouin. We are also going to be addressed through Prophet's (s) answer, thumma 'staqim. What does it mean? "Say, 'My Lord, You, O Allah,' say this first, then try to believe that command, thumma 'staqim, O Bedouin, believe in your Lord and try to be a true one, a right one.'"

Why is the `alam al-Islam, Islamic world coming down? Because they lost keeping that advice of the Seal of Prophets (s). I am addressing to whole jalaalatu 'l-mulooku 'l-`arab wa `ulamakum mashaykh, addressing to all of them, why are they are not writing that hadith, kalaamu 'n-Nabi, holy words of Prophet (s) that he was never speaking an-nafsu, on behalf of himself? He was, 'wa maa yantiqu `ani 'l-hawa,' you know he was never speaking on behalf of his ego, he is always speaking what his Lord was speaking by words and by understanding! And why Arab kings are not writing that hadith shareef with golden letters everywhere, to say, "O Muslims! That is Prophet's (s) advice to you! If you are asking to save yourself from fitna, crisis, and to save yourself from hells, look, 'Qul amantu bi-Llah thumma 'staqim.'" Put everywhere with golden letters, silver letters, diamond letters! If not, with musahhah, ink, why not writing this in our calligraphy?

O people! Why are you not ordering the calligraphers to write this on hundreds and thousands of tablets and why are people not asking this? Because you are not reminding them!

O `ulamas Ahlu 's-Sunnah, `ulamas Ahlu 's-Salaf us-Saalih, `ulamas Shi`a! Why are you not following what Allah Almighty is making His most beloved, most honored, most glorified on to say, thumma 'staqim?

O People! If I am going to speak on it up to next year it will be never ending! I am asking who understands, and I am asking who is going to practice that?

May Allah forgive us for the honor of this holy night. Yaa Allah! Send us someone to wake up all of us who are sleeping, or all of us who are drunk! Tawbah yaa Rabbee. Tawbah yaa Rabbee. Tawbah yaa Rabbee, Tawbah Astaghfirullah. O our Lord! Forgive us. And we are looking for Your blessings for the honor of the most honored one, Sayyidina Muhammad (s)! ## The First Command is to Be Clean Ones

(Mawlana stands.)
Dastoor yaa rijaalAllah.
Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd!
Alfu salaat, alfu salaam `alayka wa `ala aalika yaa Sayyidina yaa RasoolAllah, yaa Habeebullah narju shafa`atak yaa sayyidi 'l-awwaleen wa 'l-akhireen
Ishfa` lana shafa`atan li-ummatik fi 'd-dunya wa 'l-akhira mina 'l-awwaleen wa 'l-akhireen.
A`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem
(Mawlana sits)

Welcome to you, O Mankind. Welcome and blessings on you, those that they are taking a care for hearing, for learning and for granting all their praises and glorification according to their possibility. Allah grants you from His endless blessing oceans. First of all, He is asking that we must be clean. Tahir thiyabaka.

•••••••••• •••••••••

wa thiyaabaka fattahir
And keep thy garment free from stain (74:4)

First of all the Lord of Heavens is sending His Holy command through His most holiest one, to all prophets and their nations. First, He is asking that His deputies must be clean ones. If they are not cleaning themselves then it is impossible to be granted to those people who are not coming cleanly. Cleanliness is the first command from the beginning up to the end. Allah Almighty is never accepting a dirty one. He is saying you must be clean. No one can go to a king's presence with dirty clothes nor can one ask to be seen in a king's presence with an ugly appearance, yes. Everyone is asking to be the most clean and good looking one in that assembly. Therefore, we must try to be clean ones.

O our listeners, don't listen to me, but the master of this planet, according to His holy commands is asking us to be clean ones. We were in school, school boys and our school master was making our hands like this on the desk. When he was looking at our nails which were not clean. He was making like this (hits) and looking also at our ears if they were clean or not. Look, what about that you are you asking to go to the Heavenly Presence of the Lord of the Heavens? Asta`idhu billah.

••••••••• ••••••• ••••• ••••• •••••••••••

wallahu yad`oo ilaa daari 's-salaam
But Allah doth call to the Home of Peace. (10:25)

O our Salafi ulemas, why are you not telling people to look at their nails, to look at their cleanliness? Why are you not ordering and I am asking his Holiness the Pope if he is ordering Christians, Catholics or Orthodox or Protestant to be clean? Why are they not giving this command? A clean one is going to be well known when his dead body is put in the kaffan. You may understand if he is clean or not. If a bad smell is coming from his dead body that means he is not clean.

Once, when I was in Damascus the government was asking to build a wider road to make transportation easier, because there were so many cars and it was impossible to move the traffic. They were asking to take away some buildings to make a large way, a wider boulevard for traffic. On that way there was a saint, who had been lying in his tomb for 600 years. They were forcing people to give permission so that they could take a grand wali's body from his maqaam, to a further place. That grand wali wasn't happy to be taken from his first tomb to another place, for two reasons. One reason was he wasn't asking for his body to be shown. Some people are in their graves, and their flesh is finishing. Awliya are never like this. They are not a skeleton and

they know this and are keen not to have their miraculous bodies be seen by anyone. The government was forcing that "we must take this."

Once before that event, perhaps 40 years ago, at the time of the French government, the High Commissioner in Syria was ordering that this tomb must be taken away. At night, Shaykh Hasan was coming to that one, the High Commissioner of the French government saying, "Are you saying that you must take my grave from here? Not you, not your country, the soldiers or all your people can come and take me from here!" In the morning, they were saying "No one is touching that one." Karaamatu 'l-awliya haqq, the miracles of saints are real. (an article of faith).

O Salafi ulema, you must believe this, karaamatu 'l-awliya haqq. You must say this. The miracles of awliya are a grant from Allah Almighty to them. You must believe that happened. The second time that French High Commissioner was leaving Syria in the hands of Syrians. Much more traffic was coming and they were asking the descendants of Shaykh Hasan Jibawi, hadrati `aala-Allahu ta`ala darajaatihi daa'iman, ya Sayyidee dastoor. Bi idhnAllah, you may hear. O Salafi `ulama you must believe in karaamatu 'l-awliya. If you are not believing I don't like to make anything for you but those who are appointed to keep the honor of anbiya and awliya may touch you. They are not sending you bombs or bullets, one small creature may touch you at night and by morning people are running and coming to take your dead body.

Fear Allah. Don't speak against awliya. Don't think that now you can find awliya, as before this time they were hiding themselves. Therefore, you ordered to destroy everything through Jannatu 'l-Mu`ala and Jannatu 'l-Baqee'. But now it is not the same time and you must fear. At least two jinns may take your body one from one ear and the other from the second ear and then they are putting you through a desert until you are passing away.

Fear Allah (swt) Allah Almighty, He is not looking at such a thing. But on behalf of the Seal of Prophets, there is another tajalli, a manifestation now, that may touch (you.) The manifesatations have just changed from the beginning of this Muharram. You are hearing that in Iran, there are so many troubles. Before, people were not doing anything and they were peaceful. But now, they are standing up and saying, "We are asking to do what we like, we are not people like our ancestors before us who were saying, 'O yes sir, we are not saying (anything) now.' If you are looking and seeing anything wrong, now we are coming in front of you. We are

asking our rights. We are not accepting your system, we want the system that the Lord of the Heavens sent to us. We are a hundred million Iranians here not just one person asking to do as he likes. You must listen to us. We are not happy with you because you are not going on the right way and the Lord of Heavens is looking and seeing what you are doing."

You are only through two breaths one up, one down. Fear Allah, O our leaders. Come to shari'atullah, Allah Almighty's order. Now, therefore, time has just changed from the beginning of this Muharram, 1431. It is never going to be same circumstances as before. Everything is going to be changed according to the holy command of the heavens. Allahu akbar, Awliya. Allah, Allah, keep their respect.

O Wahabis, it is not easy now to take people away form visiting tombs of awliya and anbiya. Take care on this point. Be careful. This is a warning coming from the heavens. They may send to you a small creature and in the morning people are finding your body, no soul. Don't look to me. You must think, who is warning you? All prophets are coming as warners. Those who are taking care will be saved and those who are not taking care will be taken away. Don't say who is that one? I am nothing. You may understand the power that runs through my heart after a while, but it should be too late.

At the time, the descendants of Shaykh Hasan Jibawi, a grand wali, were coming and they were praying for three days and three nights, night and day, on his minaret.

Salaamun `alayka yaa RasoolAllah
Salaat was salaam `alayka yaa HabeebAllah,
As-salaat wa salaam `alayka yaa NabeeAllah
As-salaat as-salaam `alayka yaa Noor al-Arshillah.

Then sakeena coming. Satisfaction and peacefulness was coming after three days and three nights. His last descendant understood that Grandshaykh was giving permission to be taken away. I was there that day and they were opening and finding his body. Allah and His Rasool are witnesses, the awliya are witnesses, buddalah of Sham are witnesses. When they were looking at what was happening and they opened his grave, there was a beautiful smell coming. The jewelery that Prophet (s) in Madinah Munawarrah, pink roses, this smell coming. The people around doing like this. (smells)

They were taking the marble cover and coming this more and more. They were opening and looking. The Shaykh was sleeping like this, his body was as it was before and his beard just like my beard now. (laughs) He was lying and his descendant was putting his hand under his head, surrendering and saying, "O my grandfather, O waliullah, that is oolu 'l-amr, their order." His coffin was white, not gray, just like wheat which is fully grown, and no longer green, but yellow. Taking and putting in a new coffin and taking. This place that just people saying (smells), People were just saying Allahumma salli `alaa Sayyidina Muhammad, Allahumma salli `alaa Sayyidina Muhammad. People were running to reach his coffin. Even with their fingers they couldn't reach. From this place up to the mosque it was two hours away. Crowds of Muslims were going around the coffin in crowds, and at `Asr time he was put in his new maqaam.

I was living there at that time, and after ten days, on Jabal Qasiyoon in the maidan in Damascus, I was taking something for a needy family. I was passing and some children came running after me with soil in their hands, bringing it, saying, "O Shaykh, smell, smell." I was smelling and there was just the perfume of rose. They were bringing it after 10 days from where he had been lying for 500 years. And SubhaanAllah, I am a witness. Inshaa-Allah, I am not lying to you, that is a clean one.

There are so many people that are dirty ones. I was burying some of them. When you are standing for praying, their dirty smell is coming. We were putting them in the grave, people were quickly covering the dirty smell. I was also witness. So many times I was burying people and when a dirty smell was coming, I am asking from where? It was coming from that grave, and that dirtiness, and dirty smell is not finishing. For some of them it is for 40 days, for some of them 40 years.

Look, O `ulama, you must teach people, the first command of Allah Almighty is to clean yourself and come. "First ablution and then come to Me." But now, people are not thinking on it and all `ulama or particularly doctors, they are never taking any care to wake people up. Mostly they are under the command of governments. No, governments must listen and obey real `ulama. That is the holy command and they are not doing and punishment is running on them.

O people, try to be clean. The first command of Allah Almighty is, "Be clean and come to Me clean. Come to My Divine Presence clean and you should be saved. Those who are dirty with dunya, they are thrown away from Divine Presence."

O people, it is a very important command that they are making me speak on. Dirtiness is making the biggest trouble for Mankind now because they are not clean. All trouble from east to west and from north to south because they are dirty ones. Be clean ones. Today you are here. Tomorrow you are not. Be clean. May Allah forgive us.

O people, O our Lord for the honor of this holy night from Shahr Muharram u'l-Haraam, for the honor of the most beloved one in Your Presence, forgive us and bless us and send us someone that may take us from dirtiness to cleanliness. O our Lord, send us someone who is going to destroy the Kingdom of Shaytan and Shaytans.

Fatihah.

## The First Divine Requirement: Good Manners

No rank is above the rank of adab, good manners. It is the first required attribute in the Divine Presence. No-one can enter the Divine Presence of Allah the Almighty without it. Not with gold, money, jewels, beauty, power, knowledge, ranks... It is adab which brings a servant closer to the Divine Presence. Divine Protocol demands those who have good manners to come first.

All Holy Books teach people good manners. Try to learn to be praised ones here and in the hereafter. It is not easy to be praised in the Divine Presence. It depends on your adab. Muhammad* said, "My Lord taught me good manners. He is my teacher!" We will never reach the perfection of humanity without reaching out to the traditions which he passed on to us.

People in this world are so happy when they are VIPs. They try so hard to become VIPs. It means nothing and will not give you any values. Try to be a VIP in the Divine Presence. Adab will make you a VIP in the Divine Presence.

Adab is something else than praying, fasting and reading the Holy Quran a lot. Tariqats teach people good manners and respect. If someone does not accept a teacher, he does not have any adab. The Prophet* accepted Gabriel as his teacher. He listened and obeyed him. Everyone must have a master to teach them.

They accept needing one when it comes to knowledge, but not to adab. Knowledge is not the most important. No-one can know more than satan. Science comes completely from knowledge. Satan has such great knowledge, but he has no adab. He told Allah, "You did a mistake by creating Adam* and honouring him. That rank should have been mine!" This is why he was cursed and kicked out of Heaven.

Don't think that adab is easy. Knowledge can be learned by everyone, adab only by very few. Oh believers, try to reach high adab. It will make you much more acceptable in the Divine Presence. It will put your ego down and mercy and blessings will rain on you. Be humble enough to come to someone who has been authorised to teach people good manners.

## First fight our own self

To be is able to put one's organs under one's will is the mark of a real servant of Allah. If a man can't do this, he is the servant of his ego, nafs. You must be able to advise yourself, before you may advise others. If your Self accepts being under your command, then other people may accept being under your command. This is the way of Prophets and Awliya. First they fight themselves, and then they look after other people. When they speak, their words have an effect upon those who listen. And if a person listens, it is impossible for him not to take benefit from the words of a Prophet or a Saint. He may take power to control his nafs and go on the right way.

It is not enough to say, "I am Muslim", and to say the Shahada. You must try to keep your organs far from all actions that are not Muslim, far from 'Haram', forbidden things.

## The First Minister of Mahdi (a)

That Sultan is Malik al-Maghrib, “King of the West.” He is the first wazeer, minister, for Sayyidina Mahdi (a). Twelve-thousand horsemen will come running to reach Mahdi (a) from the west. No one can come against that sultan and I am responsible for taking away anyone who comes against him. Anyone who is against the sultan should be taken away and will never able to reach Mahdi (a)! I am sending our message to ashaab an-nawba ahlu ‘l-Maghrib, (the saints of the West) those 12,000 people who are living in the west for hiraasatu ’s-sultan, guarding of the sultan. If the sultan goes, then Shaytan will come, finished!

You are Ahlu ’l-Bayt. From qabeela ismahu siba`iyoon, the tribe named Siba`iyoon of the Ahlu ’l-Bayt, will come 124,000 of them horsemen going in front of Mahdi (a). Don’t worry! On the right side of Mahdi (a) 70,000 people will come from Africa. On his left hand will be men who will not need to ride on horses as they will march. With the high speed that Mahdi (a) will be riding, they may have to run with him like horses.

They (Africans) have a little bit here (Mawlana Shaykh points to his head), but their bodies are too much (strong)!

Don’t worry; I am trying to find a donkey to ride on! (Laughs) I can’t ride a horse. May Allah make you happy!

ashadu an la ilaha ill ‘Llah was ashadu anna Muhammadan `abduhu wa rasoolahu...

## The First Order is to Marry

Wedding Khutbah

Shaykh Nazim's Grandson's Wedding

(inaudible) ...a chance to all our daughters and our sons to marry. Marriage is the first command of Allah Almighty and He Himself first ordered the marriage of Sayyidina Adam (a), and His command will continue up to end of the world! Now we are following Allah Almighty's holy command and we are trying to follow that holy order to marry.

This world would be like a paradise if people followed that order, but Shaytan, the biggest enemy of Mankind, is never happy about marriage as he likes adultery. So he creates problems between people and that is the main cause of problems among Mankind and all nations, because people left the first command of Allah Almighty and are following Shaytan. That opens all troubles, sufferings, wars and every badness, because people are running after haraam, adultery; not following the clean way and the holy command of Allah Almighty! Therefore, I am happy tonight that my grandson was asking to marry according to the holy commands of Allah Almighty, as today most young people are running to commit adultery and they will never be happy here or Hereafter.

O People! I am thanking my Lord and secondly our beloved Prophet, peace be upon him, and I am happy our attenders from long distances, such as His Highness, the Crown Prince of Malaysia, is giving honor to come to this humble marriage ceremony. I am praying for him that Allah Almighty gives him much more power. And we also asking for our daughters and sons to keep the honored way; not the dishonored ways of Shaytan. May Allah bless them. Ameen. I may speak to you up to morning or up to tomorrow or next Friday or to next year never ending, but I am tired and what we are saying is enough for you. I am asking forgiveness from Allah Almighty to give to you much more good luck and to be from Paradise people after this life.

O People! Give thanks to Allah Almighty and also to His beloved servant, Sayyidina Muhammad (s), that he taught us what are honorable ways. Follow honorable ways and don't follow the dishonorable ways of Shaytan! May Allah bless you through this holy night, Friday. I am asking the bride and groom to have good understanding toward each other, for the groom to respect his wife, and for the wife to respect her husband, and in so doing they will follow the holy orders of Allah Almighty, and bring good generations that are supported by heavenly powers, and from them shaytanic armies will be taken away!

May Allah bless you and forgive us. I am weak now, so understand what I say. ShukrAllah, countless thanks to our Lord, Allah Almighty, and countless respect to our Prophet, Sayyidina Muhammad (s)!

Fatihah.

**This is the first page of wars that informed and reported from traditional knowledge, from Heavens, to Prophets**

Meded, ya Sultanu-l Awlya. Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ’Azim.

This is the first page of wars that informed and reported from traditional knowledge, from Heavens, to Prophets. First of all people must know that for every beginning there must be an end. For every beginning must be an end, and that is also as a knowledge accepted, this is a reality, that positive knowledge and they are claiming to have positive knowledge, they know that for every beginning must be an end.

People in Paradise. When coming Judgment Day and the Lord of Heavens, the Lord of mankind, the Lord and Creator for every creature is giving His last decision for His Justice about living people on earth for a period, sending Paradise people to Paradise, and sending hells people to hells. If you are saying that should be a beginning for Paradise people, must come an end. That is your ‘mablara ilm ataat’, knowledge that reaching to that point. But when Paradise people entering Paradise, they are reaching to an absolute feeling about themselves: that they were in Paradise since Paradise created. They are never going to say that: ‘We entered Paradise yesterday’, or 1oo years ago or 1ooo years ago or 1 million years or 1 billion years ago. No! Their feelings should say to them that it is a reality that they have been in Paradise from timeless time: ‘This is our land, and we are in it since this Paradise lands are in existence. We are with Paradise, this is our real

homeland'. They are never going to think that they have been far away from their homeland even one second. Reaching to eternity and going to eternity, from pre eternal up to eternal.

Therefore the reality Heavens, reality through Paradise never going to be same as we are in it now. The conditions that should be for Paradise people no one now in it. When they should be there, they should understand, they should taste that and dress that conditions, conditions of eternity and dressings from eternity, from pre eternal up to eternal.
Nothing going to be there as we are in it now here, no. This is something like a spark through pre eternal and eternal. That is an appearance and quickly this coming to its real routine. An appearance just happened, but they are really on their line, going from pre eternal up to eternal, that means: 'Inna li-llahi wa inna ilayhi rajiun': We are coming from Allah and we are going to Allah. Coming from Allah- you can't understand with this creation. Our mind can't reach to anything, only through our beliefs we may reach some understanding, and it is also through our beliefs that can reach some realities that we are coming from Allah and going to Allah.

And as a simple saying: We are travelling from Allah to Allah. And nothing else, only Allah. And you have an appearance from pre eternal and reaching to another appearance through eternal, eternity. Azal, Abad, Azal- pre eternal, Abad, eternal. It is impossible for any creature to understand this reality of eternity, because it belongs to Allah Almighty's Existence. That is only for Him. And you are not in it, and you are not out of that pre eternal and eternal.

But in comparison to Dunya it is something else: Here we are nothing. What we are speaking on some realities as it is like unchangeable measures, muta'arifa, for every knowledge there is something that you must believe in, as a base, to build on it that knowledge, some principles. Principles you can't understand. If you are asking behind what it is you can't reach to anything. For example what is a nuqta, point, spot? Spot, if giving a description, it is something no length, no width. This is description for spot. What is a line? When you make so many spots, going to be a line. Your mind never accepting this, that a line is a continuation of spots and coming a line, that we said (for that spot) no length and no width. How it can be? (Putting spots) side by side and coming this line? But you must believe, you must not believe, but accept! Surface, when moving this line, going to be surface. That means also nothing, because really spot no existence. If something no length, no width, how it can be in existence?

Such things must be. And when we are saying that we are in existence, but our existence never going to be in the Existence, in the Essence of Allah, and also we are not out of the Essence of Allah, not in, not out. Because no existence for anything. No room in or out for anything, so that- we are coming from Allah and going to Allah- where are you? Like spot! But here we are using other measures. For every beginning must be an end, that we live through this life. You must accept this. Don't say that this world or this term or period going to be endless. That is dark ignorance. You can't say this, and people now say: 'Ah, if no war, our life so beautiful, we were going endlessly without troubles of wars. How? How happened this? For what this wars?'

Ya Hu- peace days, peaceful years are not going on endlessly and war also not going to be endlessly. Changing is the attribute, not attribute, but real characteristic of whole creation. You can't find any creature in existence without changing, to be on a stable position. In a unit of time that you may think 1 hour has 6o minutes, every minute coming to be 6o seconds, every second may be divided into 6o thirds and every third may be divided into 6o fourths. And every fourth you can imagine that if it is going to be one hour to be divided into 6o minutes and minutes to be 6o seconds, that there is a distance that you may divide it and that division in your imagination may go on endlessly. One can be divided by infinity. What is becoming? Zero. But your imagination saying to you, even if you are thinking endlessly, you may divide this into smaller units of time, you can never find in creation anything to be, to keep its stability as it was before that small time.

Everything is changing and unchangeable, no change only for Allah Jalla Jalaluhu. No distance, no room for Allah Almighty to be changed, no! Allah Qayyim bi dhat- Allah standing by Himself. No room for anyone else. Inside, in His Essence or out, no, you can't imagine something beyond the Essence of the Lord of Heavens. Therefore when we say: We are not in Allah Almighty's Essence or out of it. If out of it, any room? He must be there! No one else. Allahu akbar!

This is reality! On earth people think that not to come any change, and changing must come. Yesterday was something, one identity for yesterday, 19th of March. Today is the 2oth, its identity is another. Changed. What happened today wasn't happening yesterday and what is going to happen tomorrow is not happening today. Biggest ignorance of people is to think that everything must continue as before. No, changing coming. If you are not blind, you may observe, you may see, you may look and you may understand.
Therefore people are longing for yesterday, they are longing for last week, longing for last month, longing for

last year. They are longing and say: ‘Oh, it was so good, so happy, so happy days, peaceful days. Oh, we wished, we were asking not to change yesterday, but we were asking tomorrow to be changed. We were not thankful to our Lord for today and we were asking a changing for tomorrow’. When tomorrow coming, people say: ‘Oh, how it was so beautiful yesterday’. But we were not taking this, now we are looking for yesterday, but it changed. Its position or its term just passed, we lost it, and now we are looking for tomorrow to be better than today. We are not thanking Allah that today is best for us, we are looking for tomorrow to be much more pleasure for ourselves and we are loosing tomorrow what we have been in it for today.

That is biggest trouble, biggest stress, that is main source of distress. And people run into that dark ocean wholly now, whole world people running in it, falling in it. I heard that the Chinese government is saying: ‘Quickly stop, make cease fire’. These people are ahmaku-l humaka, the champions to be idiot ones! They are asking to stop war, to continue, same life style to continue as yesterday. That means that they are in such dark darkness of ignorance. They are so ignorant ones. Even (that war) may stop, but you can’t find same conditions that passed away. It is impossible! But people are not learning realities. Ever-changeable realities, they are not learning. That is biggest trouble sources for mankind on earth.

Yet our government, Turkish government saying: ‘Economical (crises’). We bring new sources for economy to make it better than yesterday’. What is that foolishness? This is reality? Whole world was so many years on top of economical improvement, they reached to top point and this world can’t be able to carry that heavy economical problems, and just moved one stone, and whole building coming down. Yet our government saying: ‘Our program is to look after economical sources. Extraordinary sources or miraculous sources we are going to bring to you. O people, support us’. What is that foolishness?

People live in the 21st century and claim that they are Muslims, believers, yet they are believing in economy, not in real reality. That changing must be and coming a changing according to our personalities. When we are changing, changing coming.

Childhood is something, then you reach to maturity and your personality is something else. You lost childhood period and you ask to come back to childhood? No, maturity. Then coming to perfection age and you ask teenage? No, finished, you passed that. And periods changing and running. No one learning from realities now. All just cheated by satanic teachings that are so far away from realities. Realities coming from

Heavens, and you must accept! If accepting, who is believing, no more trouble through his heart, finding satisfaction and peace. Without beliefs you can't reach a satisfaction, contentment and peace, pleasure and pleasement through your heart. It is impossible.

May Allah forgive us. This is a page for first day of new changing, new period, period of wars that should continue up to the time of Jesus Christ, (until he is) coming on earth, finishing dragons, devils and taking away evil. This just begun today 2oth of March, Thursday. Never going to finish till Mehdi a.s. comes, then coming Antichrist and after him coming real Christ and giving a new form to nations to follow holy commands of Heavens. This is a beginning and ending that all people should be worshippers to their Lord, trying to be best servants for His divinely service only.

Who is running away should be taken away through these terrible wars. May Allah give shelter to you, to me, to every believer, this is our praying. Who is running to Allah should be sheltered, who is running away from Him should be taken away. We are asking forgiveness and blessings through ever huge event, terrible wars, violent news. May Allah keep us away from such terrible events, for the honour of His most honoured one through creation S.Muhammad sws, Fatiha.

## First Is To Surrender, Then Comes Faith

Dastoor yaa rijaalAllah. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultan Allah.

Illaahi zidh Habeebika `izzan wa sharafaa, nooran wa suroora, wa ridhwaanan wa sultaana illaahi min shahr 'l-Sha`baan al-Mu`azzam. Thumma salaam `alayk yaa Saahib al-Waqt, yaa Qutb al-Mutasarrif fi 'd-dunya. O our holy ones! We are needy for your support to address people through east and west. We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands) O our Lord! We are weak ones; give us from heavenly support to take away everything that belongs to Shaytan. (Mawlana Shaykh sits) Allah, Allah.

As-salaamu `alaykum our attenders from ins and jinns, from Mankind and jinns. As-salaamu `alaykum wa `alayna wa `alaa man `ittaba al-hudaa.

O People! We are trying to learn much more about heavenly rights that belong to Allah Almighty which we have been ordered to fulfill. We are not living here to make our egos to be enjoyful and happy, or to play and

make our egos happy, no. Madad. We must know what is right and what is wrong. Originally, Man never knew what is right and wrong, and for that reason, Allah Almighty sent His prophets to teach them who a true one is, and what is right and what is wrong, nothing else. If we are not trying to know who a true one is and what is wrong, we will never be able to fulfill our oaths in the Divine Presence that we took on the Day of Oaths. And the Lord of Heavens has always sent His prophets, who are special beings; they are not ordinary or we would never know. But special ones have been authorized to show what is good and what is bad; what is true and what is wrong; what is an honor for Mankind and what is taking away honor from Mankind. Madad yaa Sultaanu 'l-Awliya. This is an important point.

O our Attenders, try to hear! And I am also trying to understand what is true and what is wrong. Yes, the Lord of Heavens ordered and is calling His servants to learn. And the Seal of Prophets (s) said:

••• ••••• ••••• ••• •• •••• • •••••

talab al-`ilmi fareedatan `ala kulli muslim wa muslimah, Seeking knowledge is an obligation on every Muslim man and Muslim woman.

O our Salafi `ulamas! Marhaban! Do you know this hadeeth shareef, or are you sleeping? Say, about that holy hadeeth. Everything that the Seal of Prophets (s) is speaking is holy; it is not ordinary words.

•••• •••• •••••• •••••• ••••••

In huwa illa wahyun yoohaa, It is not except revelation revealed to him. (53:4)

You are making the holy speeches of the Seal of Prophets (s) as if they are your speeches. No! He is a specialized one in the Divine Presence, and he was granted such a position that no one can reach, only that specialized or chosen one, Sayyidina Rasoolullah (s) can reach it! What was he saying? Talab al-`ilmi fareedatan `ala kulli muslim wa muslimah. He was not saying, "mu’min wa mu’minah"; there must be a difference between the two. The Seal of Prophets (s) was using "muslim wa muslimah" because Islam came as a base for imaan; if there is no faith there is no Islam. You must believe that you can stand on the base of imaan. And therefore he was saying, “alla kulli muslim wa muslimah.”

What is for talab al-`ilm, student of knowledge? Make it clear to your people: talab al-`ilm asks for heavenly knowledge, not what you know of Islamic knowledge. Yes, Muslim or muslimah. Allah gives us through His

most holy servant an understanding between imaan and Islam. Talab al `ilm. If a person is Muslim or muslimah, what are they asking to learn? You must try to understand why the Seal of Prophets (s) was saying, "Muslim or muslimah," and not saying, "mu'min wa mu'minah." Open it up if you are `ulamas! Qooloo aslaamnaa:

••••••• ••••••••••••• ••••••• ••• ••••• •••••••••• ••••••• ••••••• •••••••••••• •••••••• •••••••• •••••••••••• ••• ••••••••••••
••••• ••••••••• ••••••• •••••••••••• ••• ••••••••• ••••• •••••••••••••• ••••••• ••••• ••••••• ••••••• ••••••••

Qaalati 'l-A`araabu aamannaa qul lam tu'minoo wa laakin qooloo aslaamnaa wa lammaa yadkhuli 'l-imaanu fee quloobikum wa in tutee`oollaaha wa rasoolahu laa yalitkum min `aamaalikum shayan innallaaha ghafoorun raheem

The Arabs declare, "We believe." Say (to them), "You do not. Rather say, 'We submit,' because belief has not yet found its way into your hearts. If you obey Allah and His Messenger, He will not reduce a thing from your deeds. Allah is the Oft-Forgiving and the Most Merciful." (49:14)

Allah Almighty is saying, qaalati 'l-A`araab. When they were claiming that they are aamannaa, believing, He said, "You must say aslaamna, 'we submit'." That means, the level of imaan is higher than the level of Islam. But as the first step, you must come to Islam to say, "I am aslamtu." Aslamtu means, "I surrender to my Lord's orders." When you reach that level, you must ask for more knowledge to take you from the level of Islam to the level of imaan, which is the most important thing. Therefore, we must ask how we can reach the level of imaan. Who knows this? Prophets! Prophets called people to Islam. And when the people were saying aslaamna, prophets taught them how to be mu'mins, believers, because their Islam was only through their tongues, saying, "La ilaaha illa-Llah (Mawlana Shaykh stands), la ilaaha illa-Llah, la ilaaha illa-Llah, Muhammadan Rasoolullah." (Mawlana Shaykh sits) That is Islam, but what about imaan? When we are saying Kalimat ash-Shahaadatayn, the Declaration of Allah's Oneness, we are going to be Muslim, but then you need to be mu'min, the one who surrendered and is asking to walk on it to reach the level of imaan.

O our Salafi `ulamas! Is there anything wrong with this? Are you saying this hadeeth shareef? Open up your knowledge more and more and more. To say Kalimatu ash-Shahaadah is the first step. To what was Allah Almighty calling His people to say Kalimatu 'sh-Shahaadah, and what was the Seal of Prophets (s) saying? He was saying, (Mawlana Shaykh stands):

••••••• ••• ••••• •• ••• •••••• ••••• ••••••: •• ••• ••• ••••• •••••••: ••••• ••••• •• ••••••. ••••••• •••• •• •••••••

al-imaanu bid`a wa saba`oon shu`batan `aalaaha Kalimatu 'sh-Shahaadah adnaaha eemaatat al-adhaa min at-tareeq, “Imaan, faith, is composed of 70 and more branches, the highest of which is the shahaadah and the lowest of which is to remove what is harmful from the way, (and modesty is a branch of faith).” (the two Sahihs) (Mawlana Shaykh sits)

When you come into the state of imaan, `aalaaha an taqool, you are coming into Islam by saying, laa ilaaha illa-Llah, Muhammadan Rasoolullah," wa sharafaa wa karramah, Sayyidi’l-Awwaleen wa ‘l-Akhireen. (Mawlana Shaykh stands and sits) That hadeeth shareef, O Salafi `ulamas, carries people from adna, the lowest step of Islam, to `alaa, the highest step. Therefore, talab al-`ilmi, seeking knowledge, is to ask and to learn. It is an obligation from Allah Almighty to every man and woman who says, "We are Muslims." Yes. Are you teaching this or are you speaking of many things that can be maa laa ya`neeh, “What is of no concern.” Is it not? Why are you speaking from maa laa ya`neeh? Why are you speaking from academic knowledge to a standard level of school? What is that?

After elementary comes a higher level. From the lowest level, they have been offered `alaa, the top point of being Muslim and mu’min: one wing Islam, one wing imaan. You must use it to reach high levels of Heavens. Islam, yukhaatib, addressing to our physical beings, but imaan, addressing to our spiritual beings. You can't reach with your material being or physical being, you won't be able to go up, as it is heavy. Material things are heavy; you can’t use those to go up. But when you are going to be mu’min, believers, you are taking power through your spiritual being and may go up and up and up; endless horizons or endless horizons of imaan. Therefore, Allah Almighty is saying, (Mawlana Shaykh stands)

••••••••• •••••••••

wa li kullin darajaat, To everyone are levels from what they perform of deeds. (6:132)

(Mawlana Shaykh sits) Allah Almighty is saying, “In front of everyone are endless horizons that have endless goals." Try to reach one after one; there is no hindrance if you are asking for it. Therefore, saying, "For everyone there is a level." He may reach that level, and another one may reach another level. For everyone, wa li kullin darajaat. Your level can’t be the same as another’s level; you have a unique level for yourself. Allahu Akbar, Allahu Akbar! That means the Lord of Heavens is granting to everyone as He likes endless

oceans, endless levels. Maa fee zihaam, "There is no crowding there." Everyone is going up and up, while no one is preventing.

O our Salafi `ulamas! When have you been granted darajaat? Do you know or not? As long as people are following their rides' desires, there levels are always the levels of animals. When you leave that, an opening will come to you and only for you, not for anyone else. You don't know anyone's level and degree; it is only for himself or herself. No one knows what you have been granted through your Paradise and you never know what is granted to anyone else. Allahu Akbar, Allahu Akbar!

O our Salafi `ulamas! You must teach about Islam and imaan, to make peoples' feet fixed here and Hereafter. If you are not making people to put their feet on the right station, they can't get up. Then you should be like an airport, with some airplanes going up and some waiting. Waiting for what? Because there is no petrol, no power, and they are just sitting there. Therefore, we have been ordered to ask for more heavenly powers, to move from this airport up to our real target's levels or else you will remain here, never going up! All heavenly commands and heavenly orders provide petrol power to our spirituality, for us to go up. If people are not using this, they will always remain on the runway. Others who take their power from the Seal of Prophets (s), rise up and go to special directions, granted from the Lord of Heavens. And no one knows where they are going or what is in that level. You can't look there; if you are looking, you can't see. You can only see what belongs to you; no one else can look in that level. If someone else looks, your Paradise is veiled to him, and you can't look in his Paradise also, because it is veiled and belongs only to him.

May Allah forgive us, for the honor of His most honored one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits). Mashaa-Allah. Shukranlillah.

Fatihah.

(Mawlana Shaykh prays two rak`aat Salaat ash-Shukr.)

(Mawlana Shaykh sings.)

Dome, dome, dome, dome 12x

As-Salamu Alaikum wa Rahmatullahu wa Barakatuhu. Let us say Bismillahi r-Rahmani r-Rahim. La hawla wa la quwwata illa Billah Al Aliyyil Azim. Allah Allah... We woke up with goodness; Allah Almighty made us reach the morning with His sajda, with His glorifying. May He (swt) accept it from us. May Allah Almighty not take this joy of worship away from us but make it plenty. It is like this, it is like this... Masha Allah, la quwwata illa Billah. La hawla wa la quwwata illa Billah Al-Aliyyil Azim.
O Lord, may You forgive us. May You make us from Your servants who show respect for and glorify Your Beloved. We are weak. Qawwi dha'fana fi ridak. We are weak. May You strenghten us with Your acceptance. May the ego and desires, shaytan and dunya not crush us. No, we don't want it. We are not created to be crushed. Subhan Allah. Let us say Bismillahi r-Rahmani r-Rahim. Who says the Bismillah will not be crushed. He is alive. He is alive. Allahu Akbar. How beautiful. La hawla wa la quwwata illa Billahil Aliyyil Azim, Allah Almighty granted this; Allah Almighty SubhanaHu wa Ta'ala, Jalla Jalaluhu Jallat 'Azamatuhu wa la Ilaha Ghayruhu.
You are Subhan O Lord! You are Sultan O Lord. If we stood up for you till the Day of Judgement it is nothing, it is nothing. There are angels who are in qiyam (standing position) from the day they are created. There are angels who are in ruku (bowing position) from the moment they are created just like the angels that are standing. They remain in bowing position before the Magnificence of Allah Almighty. There is a group of angels in the Heavens, who are also according to the power of the manifestation in the Heavens; there is a group of angels among the angels in the seven levels of Heavens who fall in sajda (prostration) from the moment they are created. They are in sajda position. In the sajda, they make for Allah Almighty tahmid, tamjid, tasbih (praising, glorifying). Masha Allah. You are Subhan O Lord. Say "Subhan Allah Sultan

Allah Subhan Allah Sultan Allah" and Allah Almighty makes you a lion. If you don't say you become the lazy animal of shaytan. Hashakum, hashakum, hasha thumma kalla (May Allah save you from it).
Allah Almighty did not create us to be animals to shaytan. "Wa Ma Khalaqtu Al-Jinna Wa Al-'Insa 'Illa Li-Ya`buduni" (51:56). He (swt) says "I created the men & jinn only to be in My 'Ubudiyyah service (total submission and obedience)". "Ma 'Uridu Minhum Min Rizqin", I seek not any provision from them. "Wa Ma 'Uridu 'An Yut`imuni", nor do I ask that they should feed Me (51:57). "'Inna Allaha Huwa Ar-Razzaqu" I provide the food! I am Who provides your provision for your exterior & interior, for your spiritual & physical being. "'Inna Allaha Huwa Ar-Razzaqu Dhu Al- Quwati Al-Matinu" (51:58) Allahu Akbar! Allahu Akbar wa Lillah Al Hamd. We should say this & be opened, refreshed. We should not be like a lazy cat. We should not be like the scabies-infected four-legged ones. We should say Allah, Allah! Say Allah & you will be a lion. If you don't say, hashakum, you become an animal.
"Ma 'Uridu Minhum Min Rizqin Wa Ma 'Uridu 'An Yut`imuni" I seek not any provision from them nor do I ask that they should feed Me. He (swt) has no such claims. There is nothing like "Work and give Me provision"! Like this universe... Subhan Allah, there are so many specks in this universe. Let us say "atom" as they call in their language. Allah Who is the Qadir Al-Muqtadir, Who is the All-Capable of everything is Who has the Power to place a world on an atom. If Allah Almighty wants, He can make a hundred worlds, a thousand worlds sit on an atom because He (swt) is Al-Qadir Al-Muqtadir. He (swt) is not helpless, nor is He (swt) needy! Hasha, there is no helplessness for Allah Almighty but there is the Absolute Power; He (swt) does whatever He wants.
You are Subhan O Lord, You are Sultan O Lord. You created us. You created us for Your servanthood. This is the highest honour. Shaytan is jealous, he can't stand it; he can't stand the fact that this honour is granted to mankind. He says "I will make them fall down no matter what. I will not let them be servants to Allah but will make them animals to myself!" And unfortunately the people; instead of being servants to Allah Dhul Jalal, Who(swt) created them, shaytan says "I will not let them, I will make them animals to myself and ride on them like animals".
Yes. The situation of today's people is this. They call it panaroma, the general view: mankind has forgotten his Lord. He doesn't think. No, he doesn't think at all: "There is Allah, there is akhirah,

there is death, there is paradise, there is fire..." He doesn't think about such things. Only...In the old times they would put blinders on horses so they won't shy and walk straight ahead. Shaytan brought mankind to this. They say the 21. century. Even if it is the 1000. century who forgets his humanity is not human. What is he? Animal of shaytan. Who forgets about his servanthood to Allah is the animal of shaytan. Ok then, make your choice and choose Him (swt)! What does Allah say? Allah says "Be servants to Me. Keep My order. I grant you everything. I grant you unconditionally. Make My service, I am Who created You. Whatever you need, I grant you. I don't leave you empty-handed. I grant you everything you need. Your dunya life will be beautiful, will be at rest. Your akhirah also will be forever in pleasure and in joy in My paradises and wandering through the oceans of Ma'rifat (deep knowledge of Allah) . You will find honour in My Presence as people of Ma'rifat".

Shaytan says "No, don't believe. Don't believe it". What should he believe then? "Come with me. I will teach you so much". When he tells you to come, he says "come closer, come closer" and he rides people without reins or saddles. He tells people "You should be jealous of each other. You should claim and strive to say 'Me. I am better than everyone else. I am stronger than everyone. I am more beautiful than everyone'. You should go after this claim. You should say 'Me', not saying 'Ya Rabbi'. You should say 'Me'". Shaytan says "I am teaching you these ways, that your honour lies in this". The cursed one, shaytan is cheating people. And what is the claim of all people? What is the claim, the fight of today's people, Shaykh Mehmet Effendi? "I should be something too". The whole fight; the fight of the nations as well as the fight of the people, is all for "I want to be something too. But how will we do that?" "Come through the way I show you and fight each other, finish each other. Dunya will be all for you and then you become something. Say 'It is me only' and you rule the world". Who was able to rule till this day?

"You should not question", it is the instruction of shaytan. "O children of Adam, you should not think! You should say 'Me'. Look, I said 'Me' and am left on my own". You made a mess, pimp shaytan. He says "I am a pimp, I make you pimps too. I will make you advertise, sell your everything". The distinctive sign of the people of 21.st century is that, in reality they have no esteem or honour. Most of them are in a fight to show themselves, to show themselves beautiful. Shaytan has put their women, their children as well as themselves in a fight where they claim "I am the most beautiful, I am the smartest, I am the most powerful". Whole dunya is in a fight

because of this reason. There are all these millions or billions of people on earth. Shaytan made them invent an instrument, that it shows all night, all day for 24 hours the dishonoured things mankind does.

Men are not created to do dishonurable things. Men are created to show that they are virtuous ones; they are created to show their Lord their virtues to show how they make service for Him, what beautiful things they do, to show the goodnesses they do. Instead of showing these, everybody wants to finish each other with their bad actions in the exact opposite way. And shaytan claps. Clapping is from shaytan. Clapping is from shaytan. When shaytan gathers his followers, he makes a speech for them. And when he finishes the speech, he points at them "Go on, clap...". This clapping is from shaytan. He says "Clap". Therefore in every assembly when they like a person, they applaud him, they clap for him. They make some sounds that not even the animals in the forests make. A lion roars. It doesn't scream, it roars.

This shaytan has made mankind like a lazy cat or made him like his own animal. In other words his donkey. The poor donkey, does it have a chance to roar at all? Someone is riding on its neck. Donkey allows people to ride on it. But is there anyone who can ride a lion? There is no one. Is it possible to approach the lion? It has a majesty. Allah Almighty made it the king of animals. It is majestic, does not let anyone ride it. It does not let anyone ride it. Donkey allows but lion does not allow. Who is considered to be the Sultan in the animal world? Lion. Lion cannot be ridden. There is also donkey in that world. Poor donkey, it allows to be ridden. Don't be the donkey! Be the lion!

They don't teach these things. Shaytan says "Mind your own business. Don't listen to such things. Go on; eat, drink and enjoy. Make a mess all around, start fights". The servant of Allah is disciplined & well mannered. The animal of shaytan is not disciplined, he is ill mannered, shameless, greedy, dishonoured. They dress on themselves every bad thing. Here, the situation and reputation of the so called 21st century's people is all about this. They can't say "O our Lord! We should remember Your Holy Name, Bismillahi r-Rahmani r-Rahim". They can't say this. If they do, the life in dunya will become orderly. They are calling to shaytan, therefore he made the world upside down. There is no way, no street out of this.

O Turks, listen! O Arabs, listen! O Westerners, listen! The situation of people from east to west is

this. One person called to Confucius, "what do you say for this illustration?" "This illustration" said Confucius, the philosopher Chinese people worship, said "the illustration of this person, I seal not with my finger but I seal with my whole body that this person's words are true". What corrupted your humanity is you making yourselves animal to shaytan. Leave being animals and be Man. Man has honour. Animals' honour is not considered.

O our Lord, our Subhan, our Sultan! Accept us to Your servanthood. We are weak ones. You sent us Your Beloved to show us such ways of adab. But there is no one who keeps the way of Your Beloved. The Islamic World also got all divided following shaytan. Allah Almighty says "All of you be together" but no, every person among these ones want to have a position and say "I am this, I am that". They forget their servanthood & begin to say "I am also God". People want to bring themselves to the position of God. "Ana Rabbikum al-ala'". Pharaoh called like this, "I am your great god. Don't look for any other god. Don't listen to what Moses says. I am your god" Nimrod also said like this. But Alexander didn't say this. I had the picture of Alexander printed in these magazines and many people got surprised: "Why did he put it?" Because that man didn't say; he didn't say "I am your god". All other than him are Pharaohs. And in this time also, there are countless people like Pharaoh; small or big, some poisonous, some harmful, some dangerous. That person did not say "I am god". For this, he was called Alexander the Great. He (swt) opened the way for him. He said "I am Allah's servant" and He (swt) opened the way, he reached all the way to India. All world watched it. He was applauded, he didn't kill people. The doors opened and he went, came back. He submitted his soul in Islamic land. Don't say "Me"! Say "I am the weak servant, poor servant, needy servant of Allah. O Lord, accept my servanthood. O Lord to Whose Magnificence and Power there is no end, May You accept My servanthood. I don't want anything else". He became Alexander the Great but said this word. He said it to Diogenes. "What are you, O Diogenes?" he asked. "I am a weak servant of Who created me. I sit right here" he said. "Who are you?" Alexander was ashamed. He said "What you said is right. My claim was different and you straightened me". For this he became Alexander the Great. He (swt) said "March. You acknowledged your servanthood to Allah. May all doors open for you". Where is Macedonia and where is India?

There is no end to the matters that man can draw a lesson from. O my children, my friends who are listening to me, we should be human. We should know that we are servants. We should have

good manners. We should show that we are not animals. Who has no manners is an animal.
O our Lord, forgive us. Send us a Master O Lord. May You not leave us without being granted a share from the remembrance of Your Holy Name. We should say Allah, Allah, Allah, Allah. The pillar of earths and Heavens is La hawla wa la quwwata illa Billah Al Aliyyil Azim. I am ashaming, I am getting tired. We can't explain anything to my ego or others' egos. Everyone's claim is "Me, me..." Everybody loves shaytan's way but does not say about his servanthood to Rahman. He is ashamed to say "I am Allah's servant. I am this vizier, I am that King, I am the president, I am prince"..Leave this. Leave this! Don't say "Me" because you have some little money. Say "Bismillahi r-Rahmani r-Rahim. Who gives me from His grant is our Lord. You grant me to give for You, not to store up".
Shame on the Princes. The Islamic World is in such hardship. There are all these rich servants. "They are not helping", this complaint reached me. They don't even give a tent for the Muslims who are scattered everywhere. They don't give even a penny from their treasures for their food". This complaint reached me from Jordan. From Jordan where people are escaping from the hands of a tyrant. They are left outside in this cold winter. They have nothing to eat, to dress, to drink. They have no bed, no shelter. They say "Who sits in the palaces don't help". They don't reach to King Abdullah sitting there as the ruler who comes from the pure line of the Glorious Prophet (sas). They sit in the gold, in the treasures. "Sawfa Tarani; Tomorrow you will see what I will do to you, how I will treat you. I granted you not so that you make treasures but so that you spend, you do charity in My way. Fi Sabilillah! Fi Sabili.
Shaytan cheated you (by claiming), "I am richer than him, I have more than him". No, one day you see that he falls into the lamp oil, in petrol, and dies there. He gets drowned there. It is not certain so don't say "I step on solid ground". Fear Allah, O Muluk! Kings of Islam, reach to the aid of the oppressed ones or else you will be worse than them.
Tawba Ya Rabbi, tawba Astaghfirullah. Shukur Ya Rabbi, Shukur Al Hamdulillah. May You not leave us to our egos. May You not expel us from Your servanthood O Lord. Tawba Allah, Tawba Ya Rabbi. Disasters, hurricanes are shaking the world. There is no one who says "We should return to our Lord. O Lord, forgive us". They don't say this. They don't say this. If Allah Almighty wants, He (swt) can make whole world flattened under floods. Allah Almighty can make all fly away with hurricanes. Allah can make whole cities collapse on themselves in one

quake.. Allah Dhul Jalal is not do this. One angel can do this job. If He (swt) wants, one angel kicks our world and can throw our globe from one side to another. He throws it into the sun, saying "let them burn in its fire".
Fear Allah! O people, fear Allah. Repent. Perform your service for Him. Run away from shaytan & you will be at rest. Your life will be beautiful. May Allah grant eternal happiness in dunya and in akhirah. O our Lord, Tawba Ya Rabbi. Tawba Ya Rabbi. Tawba Astaghfirullah. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi alladhi la yadurru ma`a Ismihi shay'un fi al-ardi wa la fi as-sama'i wa Huwa as-Sami`u al-`Alim" we say. O Allah, forgive us. Wa min Allah at-tawfiq, Al Fatiha.

## Fish Eating One Another

For Islam, For the service of the Lord (jwa). Everyone is running after their desires. "If you find everyone following their desires and everyone wants to follow their own ideas, and follow greed. Leave them and keep yourself."(Hadith) People are like this, they have thoughts. There are 80 million people in Egypt, each one has an idea. Their thoughts are according to their desires. This one says "I like this" the other one says "no, I like this one." They follow greed, meaning they do not give for the sake of The Lord, Al Haqq to gain His (swt) acceptance. They do not give, they are not generous. Everyone wants to keep, why?

Because Allah (awj) tests His servants and these groups of people they think only of themselves. They never think about what Allah (awj) wants to send them & how is Al Haqq (swt) dealing with His creation. People are following their desires, so He (swt) left them in their tyranny to do as they like. They are tyrants, from their heads to their feet. Tyrants! Tyrants, they are following shaytan. The Shariat of Allah (swt) makes clear: what is permissible is clear & what is forbidden is clear. And the Prophet (saws) left the Shariat as clear as daylight. There are no doubts, he (saws) showed what is permissible & what is forbidden.

Don't they know that Allah (awj) sent the Shariat so His (swt) servants can rule with it? Yes they know! Then why do they deviate? They became crooked. They left The Shariat of Allah (swt) and want to follow shaytan. Beyond the powerful Shariat, there are only the ways of shaytan. This is clear. Just no scholars speak &

people do not think. Let them... drown in their tyranny. These tyrants, because they left The Shariat of Allah (swt). For what did Allah (swt) send the Shariat? For decoration? Or for it to be recited with a loud... with a magnificent voice, with a voice masha'Allah that may attract hearts.

Beyond It (The Quran) what else is there? Is this only for the reciters? The Holy Quran has been sent... Allah (swt) sent The Holy Quran for the voice of the reciters to recite & the people may say "Allah, Allah..." Is it only for this? Or to work with it?

Wa Man LamYahkum Bima Anzala Allahu Fa'ula'ika Hum Al Kafiruna"(5:44)
"Wa Man Lam Yahkum Bima Anzala Allahu Fa'ula'ika Humu Az-Zalimuna"(5:45)
"And whosoever does not rule by that which Allah has revealed such are the oppressors" (5:45)

Either they are unbelievers, or they are corrupt, or they are oppressors and whoever supports them. Every one of them who does not rule with The Shariat of Allah (swt), is an unbeliever, or oppressor, or corrupt. Who is there to help & support them.... support them..except shaytan. Until they return to The Shariat of Allah (jwa) they have no hope to be saved from everything in Dunya and in the Hereafter-Akhirat. And the Hereafter is harder. Naudhu Billah! O servants of The Lord you are the Arabs. You understand the words of The Holy Quran. Why are you acting in a crooked way?

Your way "Inna Hadha Siratun Alaya Mustaqimun" (15:41) (This way leads straight to Me)

Allah (swt) wants that the servants be on a straight way. Not this way or that way, no a straight way-Mustaqimah. If they do not straighten up, will come upon them the Wrath of Allah (swt). Naudhu Billah. The Wrath of Allah (swt) will be on them & His (swt) curses. Naudhu Billah, naudhu Billah. That Hadith, that says "If you find greed being followed, then desires are being followed." Every person is following his desires. For what they have a parliament? Don't we have a constitution (Shariat)? Best would have been to bring, O idiots O oppressors, O ignorants! Allah (swt) will teach you a lesson, so you learn "Bi'ayyikumu Al-Maftunu" (68:6) (Which of you is afflicted with madness)

May Allah (swt) protects us from following our ego.. ego, shaytan, this world. Aman Ya Rabbi, tawba Ya Rabbi astaghfirullah. Everyone does according to his desires... Allah..Ya Rabbi! And so the ummah needs Mahdi (as) to guide them to the path of Haqq, to the path of true guidance. All of them now are corrupted &

corrupting. They will not only be unsuccessful, but they will never succeed! After what happened in Egypt, those who insist to still have democracy & parliament these not only will be unsuccessful, but they will never succeed! Allah Allah, tawba Ya Rabbi. Astaghfirullah, Fatiha.

G: The Muslims Brotherhood (group) are bad?
M: Insha'Allah Audhu Billah from their evilness. All those who accuse Muslims of being unbelievers, they are unbelievers. They corrupt, they misguide. They will not only be unsuccessful, but they will never succeed! They will never succeed!
S.N.: Sayyid is saying that the whole world is ruling with the constitution & parliament.
M: There is no constitution there is Shariat. In the Shariat of Allah (swt) there is a parliament? What is this vileness? They are taking Allah (swt) lightly? Allah (swt) will dishonour them & leave them tyranny to do as they like. Leave them..leave them leave them..let them go. One saint on a ship, he can see the fish they were eating one another. So they asked him "who knows this secret?" And one of Allah's servants was there & said "the reason for this, is that one misguided & corrupt one he spit in the sea. And this is the reason why fish are eating one another." How many corrupt people are spitting? Don't they read the Book (Quran)? These doctors, people from Hums, the people of Azhar? What did they learn? They did not learn what it means Shariat of Allah (swt)? For what was it sent to the Prophet (saws)? To work with it or as an ornament? To work with it. Was parliament mentioned in the Holy Qur'an? No, this will be held against them. They will get what they deserve. Astaghfirullah, Alhamdulillah Hamdan...

(dua) Fatiha. And ask the people of Divine Remembrance if they know. Where they are let them ask.

S.N.: Sayyid is saying there is no parliament, yes, but there is Shura, to consult.
M: To consult about Shariat, not to consult about their own desires. Consult their personal desires. The Shura-consulting at the time of the Prophet (saws), was it outside the Holy Quran? No, to consult and to discuss amongst themselves only within the limits of the Holy Qur'an. What did you understand? What is the true understanding about Shura? They may the Prophet, (saws), he may explain to them. And then, the Blessed companions, deputies of the Prophet.

Is there is a Sultan that was ruling using a parliament system? No. This is the trick of the unbelievers, to destroy Islam. To destroy Islam & they brought the parliament to the Sultans, to the Ottoman Sultans, the

last Ottoman Sultan, Sultan Abdel Hamid, who ruled for 40 years alone in the Sultanate. But these shaytan people, that they are called new turks, such shaytans people, they came & in 7 years they destroyed the Islamic Khilafa and the Sultanate of the Muslims. The Ottoman Empire. What do they have now? Egyptian Empire? Or a Turkish Empire? Or an Iranian Empire? All of them came down. They claim that "We are a Republic". Take your republic. Take it. Take it They will see. People will die in endless numbers. May Allah keep us protected. O our Lord, O our Lord. "Wastaqimu" the Prophet (saws) was saying. When he was praying he was calling to the praying people behind him: "Fastaqimu" What does it mean to "Be straight"? Does it mean the parliament system? They are all liars, deceivers and devilish people. Straightness. Who from them is straight? All the tyrants, they are all claiming that they are straight. They brought Egypt to this point. 70 years or in 60 years they made Egypt to fall into a deep valley that they can never be saved except by The Divine Hand. They don't want to hold to The Divine Hand. No, they want to hold to the hand of shaytan. Let them be with shaytan. Eh..Astagfirullah. Isn't it true? My arabic is very little, but Sayyid Mardini, you know.

**Fische, die einander fressen**

Für den Islam, für den Dienst am Herrn (jwa). Jeder läuft seinen Begierden hinterher. "Wenn du siehst, daß jeder seinen Begierden folgt und jeder seinen eigenen Ideen nachgehen will und seiner Gier nachgibt, dann laß sie und halte dich zurück." (Hadith) Die Leute sind so. Sie haben Ideen. Es gibt 80 Millionen Leute in Ägypten, jeder hat eine Idee. Ihre Ideen sind in Übereinstimmung mit ihren Begierden. Dieser sagt: "Ich mag das." Der andere sagt: "Nein, ich mag jenes." Sie folgen ihrer Gier, das heißt, sie geben nicht um des Herrn, Al Haqq, willen, um Seine (swt) Anerkennung zu finden. Sie geben nicht, sie sind nicht großzügig. Jeder will für sich behalten. Warum? Weil Allah (awj) Seine Diener und diese Gruppen von Leuten auf die Probe stellt. Sie denken nur an sich. Sie denken nie daran, was Allah (awj) ihnen schicken will und wie Al Haqq (swt) mit Seiner Schöpfung umgeht. Die Leute folgen ihren Begierden. Also ließ Er (swt) sie in ihrer Tyrannei tun, was sie wollen. Sie sind Tyrannen von Kopf bis Fuß. Tyrannen! Tyrannen! Sie folgen Shaytan. Die Shariat Allahs (swt) ist klar, das Erlaubte ist klar und das Verbotene ist klar. Und der Prophet (saws) überbrachte die Shariat so klar wie das Tageslicht. Es gibt keine Zweifel, er (saws) zeigte, was erlaubt und was verboten ist. Wissen sie denn nicht, daß Allah (awj) Seinen Dienern die Shariat sandte, damit sie damit herrschen

können? Doch, sie wissen es! Warum weichen sie dann davon ab? Sie sind krumm geworden. Sie haben die Shariat Allahs (swt) verlassen und wollen Shaytan folgen. Jenseits der mächtigen Shariat gibt es nur die Wege Shaytans. Das ist klar. Die Gelehrten sprechen nur nicht darüber und die Leute denken nicht nach. Laßt sie... in ihrer Tyrannei ertrinken, diese Tyrannen, weil sie die Shariat Allahs (swt) verlassen haben. Wofür sandte Allah (swt) die Shariat? Als Dekoration? Oder um mit lauter Stimme rezitiert zu werden? Mit einer herrlichen Stimme, mit einer Stimme... Masha'Allah! die die Herzen anzieht. Jenseits dessen (des Quran), was gibt es noch? Ist das nur für die Rezitierenden? Der Heilige Quran wurde gesandt... Allah (swt) sandte den Heiligen Quran für die Stimme der Vortragenden, damit sie rezitieren und die Leute sagen: "Allah, Allah..."? Ist er nur dafür? Oder um damit zu arbeiten? "Wa Man Lam Yahkum Bima Anzala Allahu Fa'ula'ika Huma l-Kafiruna" (5:44) "Wa Man Lam Yahkum Bima Anzala Allahu Fa'ula'ika Humu z-Zalimuna." (5:45) "Und wer nicht mit dem herrscht, was Allah offenbart hat, solche sind die Unterdrücker." (5:45) Entweder sind sie Ungläubige, oder Verdorbene oder Unterdrücker, und wer immer sie unterstützt. Jeder von ihnen, der nicht mit der Shariat Allahs (swt) regiert, ist ein Ungläubiger oder ein Unterdrücker oder verdorben. Wen gibt es, um ihnen zu helfen und sie zu unterstützen, sie zu unterstützen außer Shaytan? Bis sie zur Shariat Allahs (jwa) zurückkehren, gibt es keine Hoffnung auf Rettung vor allem in der Dunya und im Jenseits, in der Akhirat. Und das Jenseits ist härter. Naudhu Billah!

Ihr Diener des Herrn, ihr seid Araber. Ihr versteht die Worte des Heiligen Quran. Warum handelt ihr auf krumme Weise? Euer Weg: "Inna Hadha... ...Siratun Alaya Mustaqimun" (15:41) (Dieser Weg führt geradewegs zu Mir). Allah (swt) will, daß die Diener auf einem geraden Weg sind. Nicht hierlang oder dalang, nein. Auf einem geraden Weg - mustaqimah. Wenn sie nicht gerade werden, wird der Zorn Allahs (swt) auf sie kommen. Naudhu Billah. Der Zorn Allahs (swt) wird auf ihnen sein und Seine (swt) Flüche. Naudhu Billah, naudhu Billah. Dieser Hadith, der lautet: Wenn du siehst, daß sie ihrer Gier folgen, daß sie ihren Begierden folgen.. Alle folgen ihren Begierden. Wozu haben sie ein Parlament? Haben wir keine Verfassung (Shariat)? Das beste wäre gewesen, ihr Idioten, ihr Unterdrücker, ihr Ignoranten... Allah (swt) wird euch eine Lektion erteilen, damit ihr lernt. "Bi'ayyikumu l-Maftunu" (68:6) Wer von euch mit Wahnsinn geschlagen ist. Möge Allah (swt) uns davor schützen, unserem Ego zu folgen... dem Ego, Shaytan, dieser Welt. Aman ya Rabbi, tawba ya Rabbi, Astaghfirullah. Jeder handelt in Übereinstimmung mit seinen Begierden... Allah.. ya Rabbi! Und also braucht die Ummah Mahdi (as), um sie zu führen auf den Pfad von Haqq, auf den Pfad der wahren Führung.

Alle sind jetzt verdorben und verderben. Sie werden nicht nur keinen Erfolg haben, sie werden auch in der Zukunft niemals Erfolg haben! Nach dem, was in Ägypten passiert ist, werden die, die immer noch darauf bestehen, Demokratie und Parlament zu haben, nicht nur keinen Erfolg haben, sondern auch in der Zukunft nie Erfolg haben. Allah Allah, Tawba ya Rabbi. Astaghfirullah. Fatiha. G: Die Muslimbruderschaft (Gruppe) ist schlecht? M: Insha'Allah Audhu Billah vor ihrer Bösartigkeit. Alle, die die Muslime beschuldigen, Ungläubige zu sein, sind selber Ungläubige. Sie sind verdorben. Sie führen in die Irre. Sie werden nicht nur keinen Erfolg haben, sondern auch in der Zukunft nie Erfolg haben. Sie werden nie erfolgreich sein! S. N: Sayyid sagt, daß die ganze Welt mit Verfassung und Parlament regiert. M: Es gibt keine Verfassung. Es gibt Shariat. In der Shariat Allahs (swt) gibt es ein Parlament? Was ist diese Schändlichkeit? Sie gehen mit Allah (swt) leichtfertig um? Allah (swt) wird sie entehren und sie ihrer Tyrannei überlassen, damit sie tun, was sie wollen. Laßt sie... laßt sie, laßt sie... laßt sie gehen.

Ein Heiliger auf einem Schiff, er kann Fische sehen, die sich gegenseitig auffressen. Also fragten sie ihn: Wer kennt dieses Geheimnis? Und einer von Allahs Dienern war dort und sagte: "Der Grund dafür ist, daß ein Fehlgeleiteter und Verdorbener ins Meer spuckte. Und das ist der Grund, warum die Fische sich gegenseitig auffressen. Wieviele verdorbene Leute spucken? Lesen sie nicht das Buch (Quran)? Dieser Doktoren, die Leute von Homs, die Leute von Azhar, was haben sie gelernt? Haben sie nicht gelernt, was die Shariat Allahs (swt) bedeutet? Wozu sie dem Propheten (saws) gesandt wurde? Um mit ihr zu arbeiten oder als Schmuck? Um mit ihr zu arbeiten. Wurde das Parlament im Heiligen Quran erwähnt? Nein. Das wird ihnen zur Last gelegt werden. Sie werden bekommen, was sie verdienen. Astahfirullah, Alhamdulillah Hamdan... (Dua) Fatiha. Und fragt die Leute Göttlicher Erinnerung, ob sie wissen. Wo sie sind, laßt sie fragen. S. N: Sayyid sagt, es gibt zwar kein Parlament, ja, aber es gibt Shura, Beratung. M: Beratung über die Shariat, nicht Beratung über ihre eigenen Begierden. Die Shura, Beratung, zur Zeit des Propheten (saws), war das außerhalb des Heiligen Quran? Nein, sie berieten und diskutierten untereinander nur innerhalb der Grenzen des Heiligen Quran. Was hast du verstanden? Was ist das wahre Verständnis der Shura? Der Prophet (saws) mag es ihnen erklären. Und dann die Gesegneten Gefährten, die Stellvertreter des Propheten. Gab es einen Sultan, der regierte mithilfe des parlamentarischen Systems? Nein. Dies ist ein Trick der Ungläubigen, um den Islam zu zerstören. Um den Islam zu zerstören, brachten sie den Sultanen das Parlament, den Osmanischen Sultanen. Der letzte Osmanische Sultan, Sultan Abdul Hamid, regierte 40 Jahre allein das Sultanat. Aber diese shaytanischen Leute, die sie die Jungtürken nennen, diese shaytanischen Leute kamen und in sieben Jahren zerstörten sie das islamische Khalifat und das Sultanat der Muslime, das Osmanische

Reich. Was haben sie jetzt? Ein Ägyptisches Reich? Oder ein Türkisches Reich? Oder ein Iranisches Reich? Sie sind alle heruntergekommen. Sie behaupten: Wir sind eine Republik. Nehmt euere Republik. Nehmt sie. Nehmt sie. Sie werden schon sehen. Die Leute werden in Scharen sterben.
Möge Allah uns unter Seinem Schutz halten. Unser Herr, unser Herr. "Wastaqimu", sagte der Prophet (saws). Wenn er betete, rief er den Betenden hinter sich zu: "Fastaqimu!" Was bedeutet "Seid gerade!"? Ist damit das parlamentarische System gemeint? Sie sind alle Lügner, Betrüger und teuflische Leute. Geradheit. Wer von ihnen ist gerade? Alle Tyrannen, sie alle behaupten, sie seien gerade. Sie brachten Ägypten an diesen Punkt. In 70 Jahren oder in 60 Jahren erreichten sie, daß Ägypten in ein tiefes Tal geriet, aus dem sie nicht gerettet werden können, außer durch die Göttliche Hand. Sie wollen die Göttliche Hand nicht ergreifen. Nein. Sie wollen die Hand Shaytans halten. Laßt sie mit Shaytan sein. Eh.. Astaghfirullah. Stimmt das nicht? Mein Arabisch ist gering, aber Sayyidi Mardini, du weißt.

**Flieht zu Allah!**

Bismillahi r-rahmani r-rahim Am Mittwoch, dem 1. Shaʻban al-Muʻzzam 1422, nach dem Mittagsgebet gab Maulana Sheikh Nazim al-Haqqani den folgenden Rat und schlug vor, es durch das Internet zu senden: 1. Sagt allen, nicht mit Bin Laden zu sein! Wir sind nicht erfreut von dem, was in New York und Washington geschah. Es gibt keinen Terrorismus oder Fundamentalismus im Islam. Allah und Sein Prophet, Segen und Friede seien auf ihm, sind niemals glücklich mit solchen Aktionen! Jeder, der so etwas begeht, folgt nicht wahrhaft dem Wege Allahs und Seines Gesandten, Allah segne ihn und schenke ihm Frieden! Wir, als Ahl sunnat wa l-jamaʻat, Leute der Sunna und der Gemeinschaft Muhammads (s.a.s.), erwarten jemanden, der von Allah autorisiert wurde, die Gemeinde Muhammads zu einen, die kopflos und in sich gespalten, unterdrückt und führerlos ist. Wir erwarten die Ankunft jenes einen Heiligen. Bevor er nicht erscheint, führt jede Art von Handlung, die sich selbst das Etikett „Jihad“ verleiht, dazu, Fitna hervorzurufen, sammelt Schwierigkeiten und zivilen Unfrieden auf den Häuptern der Muslime. Wir erwarten, von Allah geschickt, jenen heiligen Einen: al-Mahdi, der Friede sei auf ihm. Der Dajjal, der Antichrist, wird erscheinen und die Menschen zum Unglauben (kufr) aufrufen, daß sie satanischen Wegen folgen und das satanimit dem, was im Osten oder Westen, in Amerika und anderen Ortes getan wurde. Wir sind nicht glücklich damit, wir stimmen dem nicht zu. Es ist munkar, Schlechtes, und Allah und Sein Prophet, Friede und Segen auf ihn, sind niemals darüber erfreut! 2. Geht in diesen Tagen nicht ohne Notwendigkeit hinaus, bleibt zu Hause, selbst zur

Tagzeit, geht nicht hierhin und dorthin, haltet euch zuhause auf. Ich mag es nicht, wenn unsere Damen hinausgehen zur Arbeit, wenn es keine Notwendigkeit hat und sie eine Möglichkeit finden können, ihr Auskommen zu finden, ohne zur Arbeit zu gehen! Sie sollten zu Hause bleiben, den edlen Koran lesen, Dhikr (Gottesgedenken) üben, bis diese gefährlichen Tage vorüber sind. Und ich mag es nicht, wenn unsere Damen, Mädchen oder Töchter zur Universität gehen, um dort zu studieren, sie lernen dort nichts außer schlechten Dingen, und in der gegenwärtigen Situation ist es schwierig für sie, unter Nichtmuslimen zu sein. Wenn sie gehen, übernehme ich keine Verantwortung, die Verantwortung wird dann auf ihren Schultern sein. Männer sollten ebenso nicht zur Nachtzeit hinausgehen – niesche Königreich unterstützen. Aber wir erwarten, daß al-Mahdi kommt, der Friede sei auf ihm, und das himmlische Königreich errichtet. Und dann soll ‘Isa, Jesus, der Friede sei auf ihm, kommen, und wir werden in sha’allah, so Gott will, mit ihm sein. Das ist, woran wir glauben, und das ist unser Weg! Wir sind niemals glücklich allahu haqq – „Allah, die Wirklichkeit“ 2 mals. Auch wenn es eine große Entfernung bis zur Moschee ist, sollten sie nicht gehen, sondern lieber zu Hause beten und bei ihren Familien sein.Ihre Frauen und Kinder sollen nicht ohne den Schutz von Ehemann und Vater ihre Häuser verlassen. Diese müssen, wenn ihre Arbeit zu Ende ist, nach Hause kommen, um bei ihren Kindern und Frauen zu sein. Dies ist ein Befehl, der mir zu Beginn des Monats Shaʻban al-Muʻazzam übergeben wurde. Wenn ihr euch bedroht fühlt, weil ihr islamische Kleidung tragt, dann liegt kein Nachteil darin, wenn ihr westliche Kleidung tragt, damit ihr nicht als Muslime erkannt werdet. Damen können ebenso ihre Kleidung entsprechend verändern, indem sie ihren Kopf mit Kapuzen oder Mützen oder wollenen Hüten anstelle von Kopftüchern bedecken. Sie sollten niemals nachts hinausgehen, und selbst zur Tagzeit sollten sie zu ihrem Schutz mit ihren Männern, Brüdern oder anderen männlichen Verwandten hinausgehen, nicht allein! 3. Legt Vorräte an! Jeder Muslim sollte einen Vorratsraum haben. Mindestens eine Sorte von jedem Nahrungsmittel sollte er einlagern (z. B. Getreide, Bohnen usw.), um alles Grundlegende zu haben, was er zum täglichen Leben braucht, wie einen kleinen Laden. Alles, was ihr täglich vom Lebensmittelladen braucht, solltet ihr in einem Raum in eurem Haus haben. Angefangen von Nadel und Faden bis zu allem anderen, was ihr brauchen könntet, sollte dort sein. Dies bedeutet, entsprechend der Scharia vorzusorgen. In Zeiten wie diesen müßt ihr auch an andere Leute denken, daran, wer zu euch kommen könnte, wenn in den Märkten nichts mehr übriggeblieben ist, was man kaufen könnte. Also fügt euren eigenen Vorräten ein bestimmtes Maß für jene Leute hinzu, die zu euch kommen können und bedürftig sind. Alles kann sehr schnell zusammenbrechen. Wenn die Bäckereien geschlossen sind, wird nicht einmal ein halbes Laib Brot mehr dasein. Wo werdet ihr dann Brot herbekommen? Viele Leute werden in dieser Lage sein: kein Brot, nichts zu

essen für die Familien und die Kinder. Die Menschen heutzutage sind wie betrunken, sie denken nicht über diese Dinge nach, wie betrunkene Spieler. Der morgige Tag wird schlimmer sein als der heutige. Der nächste Monat wird schwerer sein als dieser. Hat es erst einmal begonnen, Steine und Feuer zu regnen, wird es außerhalb eurer Mittel sein, auch nur in einem Mauseloch Schutz zu finden. Sucht nach einem sicheren Platz! Ihr werdet nach einem sicheren Ort suchen, aber er wird unmöglich zu finden sein. Bleibt dann, wo ihr seid, denn wenn ihr versucht, dem zu entkommen, was für euch geschrieben steht, wird es euch auf dem Weg erwischen. Es wird also kein Nutzen darin liegen, zu versuchen zu entkommen. Flüchtet zu Allah! Das ist der Punkt. Schaut nach Wasser, das ist sehr wichtig sowie auch Heizmaterial. Trinkwasser, Wasser zum Waschen und Reinigen, Kleidung, Erste-Hilfe-Ausstattung, Arzneien, all das ist wichtig. Regelt das. Bringt euch nicht selbst in eine Lage, in der ihr hilflos seid und, wenn euer Nachbar zu euch kommt, weil er um Hilfe bittet, ihr sagen müßt: „Tut mir leid, ich kann dir nicht helfen.“ Zahllose Leben werden vernichtet werden, zahllose Menschen werden verdrängt werden. Möge Allah uns beschützen! Al-Fatiha

## Listen to the Ant and Be in Safety

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! As-salaatu wa salaam `alaa Sayyidi 'l-Awwaleen wa 'l-Akhireen, Rahmatan-'l-`Alameen, Sayyidina Muhammad (s) wa alihi wa sahbihi wa `alaa Saahib al-Anbiyaa wa 'l-Mursaleen salawatullah wa salaamu ajma`een. Ishfa` lana yaa Sayyidi 'l-Awwaleen wa 'l-akhireen. (Mawlana Shaykh sits)

As-salaamu `alaykum! Salaam `alayna wa `alaykum wa li 'l-mu`mineen as-salaam man `ittaba al huda.

O Our Attenders from every kind of people! As-salaamu `alaykum! Listen! Listen and keep the holy words of holy people. Try to keep your oath that you made with Allah Almighty when He said, "Who are you, and Who am I?" All of them said, "We are Your weak servants and You are our Creator, and our Lord, the Lord of all Creation. You granted us endless honor by granting us to be deputies on Earth, to make everything obedient in this world. We are accepting and giving our oath to You that we are going to obey Your holy orders that You sent from Heavens to us on Earth. We are accepting and giving our oath that we are Your servants and we are under Your heavenly laws and orders, and that we are going to keep them with high respect."

That is the oath we made on the Day of Promises. Those who are not keeping their promise are the worst Creatures on Earth!

O People! O People! We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Shaytan is always making people to be disobedient. That is Shaytan's mission and it is running from east to west, from north to south, and entering every place where the Children of Adam are, urging them not to be obedient ones, saying, "Don't listen to heavenly orders, don't even believe that there are heavenly orders! You may make your own orders and you may be lords on Earth by yourself!"

Now people everywhere are taking care to keep shaytanic advice. It is not advice, but people think that it is freedom when Shaytan makes them to be disobedient. Everywhere people are asking for, "Freedom, freedom." Who is teaching you that freedom? If you are going to be free through your actions, then what is the reason for sending prophets with holy books to you? Rather, Shaytan is saying, "Freedom, freedom," and everywhere people are asking for, “Freedom, freedom.” That is shaytanic work, to make people “free” and not to keep heavenly orders. (Shaytan is saying,) "Don't believe. You must be free to do everything."

Now all of the 21st century’s people are running after, “Freedom, freedom, freedom.” Therefore, even Muslim countries are refusing heavenly orders, Shari`atullah. They are saying, "We don't (want to) take care of Shari`at! We must make our own constitution. We are doing as we like, we are free ones, and we are never accepting something coming from Heavens," because Shaytan is saying, "Don't believe in something that comes from Heavens, no, you must make your constitution as you like.”

Therefore, O believers from Arabs! Who ordered you to make democracy? How is it like this?

Now troubles are growing in the Islamic world, and there is one group of people who are saying, "We are not accepting old rules that you call ‘Shari`at,’ we are not accepting that. We must make our constitution by ourselves through ourselves, as we like." They are giving “freedom” to people, men are free, and women are free. Rasoolullah (s) said, subhaanAllah:

Wa ’r-Rasool salawaatullah wa salaamahu `alayhi qaal: Sa-yatee zamaan yazhhar, subhaanAllah, kaasiaatin `ariyyaat. nisaauhum yalbis thiyaab, wa laakin.

The Prophet, may peace be upon him, said, “There will come a time when ladies will appear as clothed, but they will not wear clothes.”

Kaasiaatin `aariyyaat? Ladies are dressing in a dress but they are like naked people. Everywhere they are mumilaatin maa'ilat, swaying and swinging, asking for that new-fashion freedom. Are you not seeing fashion shows on that shaytanic TV? Ptuuh `alaykum, spit on them! First spit on men who are letting this happen.

Therefore, they are fighting, and saying, "We don't like Shari`ah. There is no freedom there. We must do everything and be free everywhere." That is freedom for them. They are asking to do every forbidden thing, but the Lord of Heavens (swt) is saying:

•••••••••• •••••••••••• ••••••••••••

asbiroo wa saabiroo wa raabitoo, be patient in adversity, and vie in patience with one another, and be ever ready (3:200)

"Be patient, O good people, honored people, be patient! I am leaving for them a chance to do as they like, to make their? Don't say anything about them, leave them and look at what is going to happen."

Now Egypt, Libya, Tunis, Algeria, all of Arabia, Turks, and all people in the east and west are the same and they doing as they like. Things are now boiling like a volcano, first fearful sounds are coming and then "ohhhhh," now those days are approaching. Symbolic ones in Islamic territories as well as the whole world can't do anything. Now it is beginning and the terrible noise of volcanoes is coming. They were thinking that their wrong way was going to continue as they liked, but, wa li-kulli naqul haad, "For everything there is a limit," it is not going to be forever. When a thing reaches its limit, it is taken away.

Beware, all nations, all people, and give your high respect for holy orders that 124,000 prophets brought to you from Heavens for teaching people. Shaytan is coming now, making its dirt in it and people are saying, "Oh, this is very wonderful." They are eating the dirt of Shaytan and saying, "So beautiful," because all of them are drunk. If they are drunk, they cannot know if something is good or bad, or if it is sweet or not, and all of Mankind now is drunk. If they do not come by themselves to follow holy orders of Allah Almighty, a heavenly whip is ready to come on them. Don't think that is something that Man can prevent.

You are now hearing about floods, volcanoes, earthquakes, and you are fearing tsunamis, but people are drunk, not thinking on it, and they are continuing on their wrong ways, and their wrong actions are making

Heavens to be angry with them. No one can be in safety. If the European continent is coming down like this (sinking), who can stop it, your technology? What technology? Some places now are becoming like this and this is Cyprus; they say that in the old times, in a historical period, this island came down (sank) and up again three times, (only because) Umm Haram, bint Haram (r), Prophet's companion, who is buried here fixed it! Alhamdulillah! However, people are not taking care and I fear another punishment may come on them.

O People! Think on it. O People! Take your care. If not, no one can save you. If a hurricane is sent on Cyprus, from the beginning up to the end, it may take everything along with Man also. It may take them, their homes, their animals, everything and throw it into the Mediterranean Sea. Beware, O Cypriots, Turkish or Greek, and keep heavenly orders. If not, I am fearing (for them). If I leave, maybe something will come on them. I am nothing but if I am going away from here, it will be a very dangerous place here. It is written on Preserved Tablets that this island will come down, and that there will be an earthquake to take it away. If you do not give respect for holy orders, and if you do not give rahmah to yourself, no one is going to give you mercy. May Allah forgive us.

Today will be something special that Shari`atullah, holy orders are coming to nations one after one, asking them to accept it. I don't know, from this Friday to the second Jum`uah which countries may be on fire. Something must come one the heads of everyone who is kicking out holy Shari`at and they will be in regret. That is a heavenly order. It is a heavenly system and warning from Heavens. Allah Almighty may use an ant to warn all people as it is mentioned in the Holy Qur'an. Asta'eedhu billah.

••••••• ••••••••• ••• ••••••••• ••••••••• ••••••••• •••••••••••••• ••• •••••••••••••••• •••••••••••• •••••••••••• •••••• •••
••••••••••••

Qaalat namlatun yaa ayyuha 'n-namlu 'dkhuloo masaakinakum laa yahtimannakum Sulaymaanu wa junooduhoo wa hum la yash`uroon. One of the ants said, "O ants! Enter your homes unless Sulayman and his armies unknowingly trample you." (an-Naml, 27:18)

Qaalat namlatun. One ant was warning all ants, "Udkhullo masaakinakum, enter and remain in your homes!"

Therefore, there is an important point here also that is mentioned in the Holy Prophet's warning, when the Last Day approaches, there will be so much fitna, corruption. (He is saying,)

“O my Nation! If you fear there is something happening there, the one who is sitting, not moving, is in safety. The one who stands up, (Mawlana Shaykh stands) to look at what is happening there, is in danger.” (Mawlana Shaykh sits)

Don't stand up to look at what this is, one bullet may reach to you! Thirdly, the one who is running to look what is there, will fall in endless troubles. They will be in danger, and they are not taking responsibility for those people. Therefore, it is not the Islamic way to make people crowd together and shout in the roads and public squares. That is forbidden. If you are asking to do something, get in the mosque and say, “O our Lord! Save the weak servants from giants," and He may put the hearts of giants in fear, and they may leave everything and run away.

Now everything is against Shari`at. Arabs know this. O Arabs! Where are you? Why are you not looking to the holy Shari`at? What is there? Then you are crying and shouting, this is not the way! You are responsible, leave them and come to your homes, put down your prayer rug, sit down and pray two raka`at. Allah is able to send angels to bring fear to those people who are against Muslims and Shari`atullah and they will run away without you coming and facing them. However, where is Islam? There are no scholars. They are also confused about what they should do. No one knows, and they are writing and looking at hadith ash-shareef about the days of danger for Muslims. They are not looking at what is the advice of Rasool (s); no one is doing this and I am asking forgiveness.

Say, Astaghfirullah, astaghfirullah, astaghfirullah, al-`Azheem, al-`Azheem, astaghfirullahi ‘l-`Azheem wa atoobu ilayh. Yaa Rabbee! Anta Waliyuna! Anta Mawlana! Anta Mawlana! Alhamdullahi Rabbi 'l-`Alameen.

Fatihah.

Qul, yaa mu`mineen, “HasbunAllah, RabbunAllah. HasbunAllah, RabbunAllah. HasbunAllah, RabbunAllah.” It is enough for you to always to say, HasbunAllah, RabbunAllah,” enough. If you do not know anything else, say, “RabbunAllah, HasbunAllah. RabbunAllah, HasbunAllah,” and it is enough.

Fatihah.

## Follow a Sheikh

Don’t bring shaitan (satan) with you. Leave shaitan outside. Don’t let him come with you to the mosque.

Shaitan entered paradise. How? - by cheating the guardians at the door. Saying "There is someone inside. I must go and look after him - advise him." He was cheating, lying.

And just as he cheated Adam ( peace be apon him ) so he is cheating the sons of Adam. The only ones not cheated are Prophets. Awliya (Saints) may be cheated before they assume their power, but when they have fought shaitan, they fought with their egos and there ( is now) no possibility that shaitan could cheat them. Allah Almighty protects them. They know shaitan. They can see him in his original form or in his disguise. And they know his deputies. And looking at a person, they know if he is with shaitan or not.

So many muslims, millions of them are cheated by shaitan because they are refusing to follow awliyas. They are saying it is not from the time of the Prophet. They are foolish – Therefore shaitan is carrying them. We are trying to make you friends of awliyas. Awliya are friends of Allah, they are friends of the Prophet. Those who are friends of the Prophet, they are friends of Allah, therefore we are asking to give you the love of awliyas. Allah Almighty was saying - “You must be with My friends”. Yes - So simple.

If we follow those people we are following Allah Almighty with protection .. when you are following them step by step you are reaching an area where there is “No entry” for shaitan and his servants No entry - Prohibited for Shaitan and his friends to enter. At a military zone there is the sign of a gun meaning that if entering you may be shot. Thus when a person enters that area and it says “No entry” for Shaitan – and shaitan is looking and seeing but can’t follow.

Prophets are infallible. But near to that - a protected area, - it may come up to its border. But before the infallible area, there are mines. One who is asking to make a good end here and hereafter may follow Awliya - the friends of Allah. You should be happy.

This is a short piece of advice that you should keep with you for ever, never forgetting. If you are asking for a good end here and hereafter, and a good station in the Divine Presence try to follow a wali, a friend of Allah. Then you should be happy and far away from troubles. Your life should be a sweet life. People say they are on honey moon. People are not asking for a honey life. Just a honey moon - going like honey – coming like vinegar. Allah Almighty is saying, “honey life is with My awliya. Be with them and your life will be honey life.” It is so easy. May Allah give you a honey life.

## Followers of Shaytan are Like Dirty Toilets, They Have No Value

(Deutsch: WerShaitanFolgtHatKeinenWert)

Fatiha.
Subhanak, Subhanak , Subhanak. Laa nuhsee thanaan `alayk kama athnayta `ala nafsik. Allahu Akbar, Allahu Akbar, Allahu Akbar al-Akbar, Allahu Akbar al-Akbar.
A' udhu Billahi min-as-Shaytani 'r-rajeem, Bismillahi 'r-Rahmani 'r-Raheem.

Whole Glory and whole praisings for You only O our Lord. We are asking Your forgiveness and blessings and we are asking humbly to give Your most high respects and Glory to your most beloved and holy servant in Your Divinely Presence Sayyidina Muhammad (s). O our Lord give your forgiveness. O people say A'udhu Billahi-min-as-Shaytan-ir-rajeem, Bismillah-ir-Rahman-ir-Rahim. That is biggest honor for us to say to declare Your holy name and we are asking from Holy ones that are living on this planet and particularly we are asking from Master of this planet, that he is Qutb, Pole of this dunya. We are asking from that one whom representing the Seal of the Prophets Sayyidina Muhammad (s). (Stands) O our Lord, we are asking not to be tired for standing up and giving our most high glorifying to You and Your representative Sayyidina Muhammad (s). Most of this world looking from east to west, from north to south.His power spreading on this planet and He is using a power that belongs to Bismillah-ir-Rahman-ir-Rahim and we are sayin.. we are

saying O our Lord protect and shelter us from Shaytan and its followers. We are weak ones. Shaytan also so weak but it claims that he is so powerful one. That is a claiming, idea, claiming this and he is saying, "O! I am such a one that behind me millions of people running but whole Prophets' followers they are handful but whom they are following me are millions and millions". And I am saying to Shaytan, cursing (palm forward) cursed one. Don't say this. That ones that following you the worst creations, worst ones that following you. Who following you they are dirtiest ones and worst ones. Why you are going to be proud that so many?

What is their quality? Their quality, no quality. No one paying even one pence for all of them, because they have no value.

As Shaytan no value for that one, no value, whom following him, also no value, dirty. Anyone paying money for dirty? Who may, so many, so many, eh.. shirket, companies you ever heard that so many things getting in a.. money master, bosa, stock market. Everything coming for sale you ever heard that some one bringing old 'tuvalets', introductions, tuvalet (toilet) that 1000s toilets full with dirty. Anyone bringing to black market, stock market to say "O people today I am opening our umm...What market? (stock market) stock market! I am bringing something that you never heard about that metal. Very, very cheap also I am giving and so big amounts that you can't load it on whole cargo ships. Can't be carried up to end of this world they may put in cargo ships and it is so cheap". "What saying?... which kind of stock market this? what is that material", 'O my friend. Hear,hear now what he is saying'. "What saying?" 'He is saying that biggest material on this world that (n)everending if you are using whole warehouses' and buyukkullunyar? (shipyard) and ship, ship and 'today we are coming here to make'.. black market? (stock market)..'stock market, but this belongs black market'. "Which kind material?" 'yes sir, everywhere we are finding, and(n)ever-ending, daily coming billions of that kind material'. "Hmm,this black market people", Black market? that material" all those stock market people saying ..come quickly come and "O my masters! that is so plenty and so valuable and also so cheap. We are not asking even half penny, half penny tonnes. "Hah! what is that? Hear now... ding ding, ding ding ding ding ding ding what happening?.."then it is very important thing, our chairman making this (bell) ring, ding ding ding ding "O look our" musabaka elan, (competitors), "compare people" ..someone putting eye glasses looking in front, "just coming to your about materials, details... (now Maulana finding some paper , puts on eye glasses, mimics).. It is written that that material that you can find everywhere and it is only so cheap and they are putting in market one penny for one ... eh...ton..material (shuffles paper).. putting material

everywhere you can find, really that material everywhere through every houses you can find easily and people never paying anything but sending away, what is that? (animal dung/ compost) tuvalet's material". 'Hah!? this is bringing this today, for what this?' "be patient, because it is only one penny," 'even half penny who is paying this?' "they are saying, O my brother be patient they are taking this and making .. give it much more for details ( Maulana scrutinizing the paper)... saying that from this material they are doing .. mamma for children and like you, old ones. Making mamma for eating so, so, so .. lezzeti, (tasty/ delicious) so delicious, you ever taste it? huh?" 'taste! taste! how tasting? how tasting this?'. "O our boss, don't be so quickly angry, you taste a little bit, night-time and morning-time go to tuvalet and taste it once again, you should be so happy". 'thup..thup..from where bringing such metal, material for me?'

For what we are saying this? Tawbah, astaghfirullah. That is what people running after it. O people! O our listeners, how this are.. whole nations, whole mankind they are so keenly running after that one? And Shaytan making a very good, very good, kambalesh, "don't speak too much, my stomach coming out". 'Better, this also may sold'. "Hah?!"

"O our stock market, respected members! I am going to speak to you a good story. Once upon a time there was a king. "Where is king, where is this material?" 'Please sir, listen to me.' "Once upon a time, cok acikgoz nederler, (clever).. bu soylesin,(sharp, clever, crook), very crook one he heard that the king of that country he has a hobby for.. for what? for good perfumes. One robber he is saying, 'O, I must go and I must try to take as much as possible for that king, cheating.' and just he prepared 2 leather sacks. Leather sacks, he prepared and fulling inside, I am not saying what he is filling in it. Leave my listeners to know such a things because mostly people getting heedless such a things. I am professor for such a thing,..professor Ben uzman böyle bir •ey için pm.. I am expert such a things. May listen this, his holiness, pope, may listen his holiness, anglican church bishop, may hear this patriarchy in Russia, in Constantinople, in east and west and particularly maybe Buddhist peoples chief chief, may be so cok sey diyorler ala qadar olmaz ... cok interesting. Therefore, listen to me that person he was chief of robbers, filling two leather cases. I am not saying what is in it. And then buying a perfume of rose, one bottle, ten bottles, making outside these sacks.

When he is passing, people saying 'O, O so beautiful. Ummm... so beautiful'. 'Give way, give way, he is entering from castle of king.' "Just I am coming for his majesty king, that no one can bring such a good perfume through east and west to our majesty king". People giving way and coming big entrance, entering to

castle inside. Mizak, (the guards) spear, this ..beksi derem.. guards saying 'where?' and saying "uff.. don't ask please. I am coming to our majesty king with such thing that no one can give to his majesty as a present". They are looking (sniffs) 'uff... so beautiful'. Quickly sending to palace and saying, 'such and such a person coming', 'quickly let that person come in, why waiting? O guardians. Opens and come. Coming, bringing and stopping. And king coming and (sniffs) 'O, o, what you are bringing?' "O our majesty, as you smelling, the best kind of rose perfume". 'Really?' "Only our majesty this is very important, and I am sending it through your private room, hall, you must sit there and you must bring super.. (Turkish)...staff, but high courtiers. Don't leave anyone else there and I am sending my animal, to that place, you are sitting. Don't leave anyone comes in, only high staff for empire should be there and you may open and looking and so ...., so... sweet and so beautiful perfume, outside it is going nothing, inside it i is so..ooh. Yes sir! I am going, please give to me from your generosity a little bit."
'Quickly give that person!' "And my second ..talab, request, I am requesting from his majesty a horse, even worst should be granted to me and I may go before sunset. Give, and we are impatient.' And that riding on it , lang ling, lang ling, lang ling, till getting out from gate of palace, when getting out making like this, then making like this (gestures whipping of a horse)... arrow can't reach to him. And king ordered, 'please open to look in it, bring big pots. not to be wasted.'Yes, bringing big pots and ordering, coming this waiter with his knife making like this from both sides and making possh. oossha...ok ! this! hay hay, good, very well! That material you bringing to stock market, stock market shey bu, product. All king's clothes, all people's clothes going to be like tuvalet on them and then people making like this (wiping). 'Quickly run after that shaytan'. That shaytan reached nearby to his village and saying people. 'Open home quickly. If anyone coming, say we haven't such a person but we heard that someone from second village bringing such a things to his majesty king, but they are far people.

Come and look ,come and look'. "No this is very expensive material. His majesty, king saying that very valuable product, we must look we must buy it"... look around and bringing to tuvalet and look, "and this house also?" 'Yes'. When entering to it, "It was worse than this that bringing some shaytan to our king". Now shaytan bringing that material to stock market and saying people, "put it on the desk of materials and it is free material, anyone asking. You can bring billions and trillions of Euros here"... saying and now Shaytan making this whole dirtiness for people, saying "this is best material for me. I'm bringing and putting this in stock market. You may pay half penny, I am happy also because we have ... (shipyard) boat bringing this ...

petrol, we have a tanker full. Pay me half penny, I shall give you whole ship give me, it doesn't matter you are giving me ten million, doesn't matter, I am happy. No we may bargain, we bring it down up to 1 million then it doesn't matter.

If saying no I may bring and putting it on your yard free". 'If putting it free, how many million pounds for cleaning that deck?' No sir, no sir. That is Shaytan's production you must put it in stock market and all of you should be so happy. As that king was so happy and then he was selling it and taking millions of pounds.

O people, O my listeners. What we shall do? Today it is Sunday. I am making last week of holy Ramadan, saying to people something to make them happy and also hopeful that one day they may be , they may be with that material richest billionaires. Take it freely for the honor of Sunday. Take it freely, Shaytan making this. O people! think on it. For every tale there is something to be learned. That is Shaytan and its market, it is not stock market; over-stock market, Shaytan making people to fall in it and not to find their ways east and west. And just he did this for whole nations and whole world just fall in a difficult position that they are saying "economical crisis!" Ask Shaytan, what he say to you? Make this bargaining and economical crisis quickly running away and all of you should be happy. That is dunya and its production. Who likes dunya never thinking for their Creator. All of them falling into that dirtiness channels and they should be in endless economical crisis. Till they are coming out and following Heavenly Way, they should reach happiness, here and Hereafter.

O people! Assalaam `alaykum. Thank you for visiting, and so many things to be said. You must be happy, you must laugh but you must think, if it is true or not. Make a jury group to give their last decision about economical crisis. I am a poor servant, I am showing you a very good way to save yourselves from economical crisis and I am showing to you a very good way to save you from economical crisis and I am giving whole channels production freely to you. Buy it and correct your economical crisis. Finish. Listen and think on it. If any other way, please phone to me I am bringing another kind material, so many kids of materials we have. You should be very happy and very rich ones. O nations and governments and religious people. Hear and listen!

Dumm, dumm, dumm, dumm, dumm,...
I am so happy with my materials

O, O people of stock market
Stock markets' bosses,
You should be very happy
And I am singing for u
Because you should be very
Happy when I am singing to you
You should find a good production
For selling and putting in
Stock markets everywhere
Dumm, dumm, dumm, dumm, dumm,...
Make this march for all of you
Because you reached finally what you are asking.
That is your asking and make music and sing:
Dumm, dumm, dumm, dumm, dumm,...
That you should be like that king, all of you should be kings
Because you are going to be bosses of a flea market
Or stock market, doesn't matter, we must sing

## Follow the Best Ways and Become Allah's Deputy on Earth

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! As-salaatu wa-salaam `alaa Sayyidi 'l-Awwaleen wa 'l-akhireen, Sayyidina Muhammadin wa `alaa aalihi wa sahbihi ajma'een wa `alaa sa'ir al-anbiyaa wa 'l-mursaleen wa man tabi`ahum bi ihsaan ila Yawm ad-Deen. As-salaamu `alaykum yaa `ibaadAllahi 's-saliheen. As-salaamu `alaykum yaa mu'mineen. Yaa Rabbana! Yaa Rabb ighfir warham wa Anta 'l Khayru 'r-Raahimeen. (Mawlana Shaykh sits)

O Our Attenders, from the east and west, who are happy with the holy month of Ramadan Mubarak. Madad, yaa RijaalAllah. Madad, yaa Sultan al-Awliya. Madad, yaa Saahib al-Imdad. Madad, yaa Qutb al-Mutasarrif. O our Lord! We are asking humbly, for we are weak servants and also disobedient ones. It is not true for Mankind to be disobedient to their Creator, the Lord of Heavens, the Lord of Everything in Existence. We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem. Lakal hamd, yaa Rabbana! As-salaatu wa 's-salaam `alaa habeebika 'l-Mustafa. (Mawlana Shaykh sits)

O People! Listen, as believers must follow their prophet's teachings and instructions. We must follow the Seal of Prophets (s) as he was sent to all nations! Other prophets were sent for one nation, but the Seal of Prophets (s) was sent for all Mankind, from beginning up to the end. And all prophets that have passed away took their

t`aleemaat, commands of Heavens, through the Seal of Prophets. But now, people are on the wrong way, with a wrong understanding and living a wrong life! The Seal of Prophets brought the way that reaches Paradise, which Mankind must follow. But now people are leaving heavenly commands and orders and are following the wrong way. What is the wrong way? The Lord of Heavens just created Adam and Eve (a) and they were in Paradise living the happiest and sweetest life!

The Lord of Heavens said, "O Adam, look! This is Paradise that I created and I am not putting anyone in it: you are the first one to enter and you will be happy here." They were happy, but Shaytan was so angry and never accepted that Adam could be a sultan over him or of the people. The Lord of Heavens is granting to you from His Divine Presence to be sultan! He created Man, as He said, asta`eedhu billah:

•••••• ••••• ••••••• •••••••••••••••• •••••• ••••••• ••• •••••••• •••••••••

Wa idh qaala Rabbuka li ’l-malaa'ikati innee ja`ilun fi 'l-ardi khaleefat. And (remember) when your Lord said to the angels, "Verily, I am going to place on Earth one who shall inherit it." (al-Baqara, 2:30)

Don't think of khalifah as a deputy, no, it is sultan! Really, Allah Almighty created Man to be sultan of his territory, of what He created, and He made Adam (a) a sultan. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. We now know that khalifah means “sultan,” the royal majestic one. Therefore, royalty and majesty are the highest levels for Mankind and Allah Almighty is making sultans from the Children of Adam. In our tradition, to be sultan is the highest level with which Allah Almighty dresses His servants. Allahu Akbar!

Therefore, the sultanate is the last and highest position for Mankind. There is a sultan for Mankind in this life granted to some chosen ones; they have the highest station among people and they arrange the lives of Mankind on Earth. There are some among Mankind who have been granted another sultanate or reality, and they are heavenly ones but they are physical beings on this planet. Under the flag of Sultan al-Anbiya, Sayyidina Muhammad (s) are 124,000 sultans who belong to Heavens. No one in Creation has been granted that honor and royal rank except the Children of Adam.

The one who objected, got angry, and wanted to discuss this matter and thus became disobedient to his Lord was Shaytan. He was looking for a chance to make Adam (a) to be thrown away from his royalty and his Paradise. SubhaanAllah! He tried and he found a way into Paradise in order to make Adam (a) fall down

from his high station, to make him as a servant thrown away. He was so eager to be Number One in Creation and to reach the throne of sultanate on Earth and Heavens. He was an envious one and he tried, not thinking of Allah Almighty's pleasure, but only of his own.

He was unhappy when Allah Almighty put the crown of sultanate on Adam (a), and said, “I am not accepting!” Hasha! He said to his Lord, "This is not justice! You are wrong!” Astaghfirullah, tawbah yaa Rabbee! Tawbah, yaa Rabbee. Tawbah, yaa Rabbee A`oodhu billah! Astaghfirullah. Tawbah, yaa Rabbee. Then Allah Almighty ordered, "Kick that Shaytan out of Paradise! Kick him from My Divine Presence! Change his name and change his creation to the ugliest one!" He was Shaytan, who asks people to be like him. He was never happy with anything that the Lord of Heavens created and ordered.

From that day up to today he has been working and directing his extreme efforts to change that divine honor to him and to make Adam (a) to be thrown away! We are asking forgiveness for ourselves that we also, time by time, are following shaytanic ways and using shaytanic rules instead of heavenly orders. Shaytan is saying, "Don't listen to that (heavenly teaching)! I am teaching you the best laws and if you follow them you will be happy.” Foolish Mankind is running after Shaytan and he is bringing them to the edge of fire, up to today.

Everyone in the 21st century is under his control, and taking commands from Shaytan's representatives, all of them! Two nights ago the armies of Shaytan ran to burn and destroy London, the biggest city in England. Prophet (s) said such things are from shaytanic teachings and everywhere, in Egypt, Libya, Sudan, Damascus, Iran, Iraq, Yemen, Somalia, Pakistan, Turkey, and in so many countries on Earth they are trying to destroy everything. That is the teaching of Shaytan.

Who on Earth is happy now? No one is happy! We are asking which country is following the holy orders of Heavens? As long as they are not following holy orders there will come a slap on them from Heavens and there will be a great war, Armageddon, taking four billion people away from five billion, from which only one billion to remain. Those who are hearing, following and obeying heavenly orders will be saved, but beyond this all of them are going to be destroyed! May Allah forgive us.

O People! This is a holy month. Follow holy ways and try to be in the line of Muslims. Follow the ways of Islam. Leave shaytanic rules and keep the rules of Heavens, and you will be happy here and Hereafter. Allahu ’l-Musta`an. Tawbah, yaa Rabbee. Tawbah, yaa Rabbee. Tawbah, astaghfirullah.

Fatihah.

It is an ocean, but I think it is enough. I am a little bit tired and it is a heavy burden on me; therefore, I hope it is enough for you. May Allah forgive me and forgive you and send us a sultan who will be really powerful and prepared to take away Shaytan and his followers! Try to be from the Seal of Prophet's (s) followers and you will be under divine shelter; if not, no one will be saved and they will go to the Fire! May Allah forgive me and forgive you, for the honor of the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits)

Fatihah.

**Follow the Majority!**

(Mawlana Shaykh stands.)

Dastoor ya rijaalAllah, madad. La ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah, Sayyidina wa Nabiyyuna Mawlana Muhammad Rasulullah (s)! Zidhu yaa Rabbee, give more blesssings and praisings to your most glorified servant, Sayyidina Muhammad (s.) We are his weak servants, we are a weak ummah. Forgive us, maadharatana! You know our weaknesses! Forgive us, O our Lord, for the honor of Sayyidina Muhammad (s)!

(Mawlana Shaykh sits.)

Thumma 's-salaamu `alayk yaa saahib al-imdaad, qutbu 'z-zamaan, Master of this World, mutasarrif! We are asking also humbly, from your power that you have been granted by the Seal of Prophets, peace be upon him. We are taalib, asking to know something.

Welcome to you, whole people through east and west, whom they are asking from some secret realities for Mankind, for ourselves, because we are not yet knowing ourselves. We only have an identity, a name such as "Shaykh Hisham", "Shaykh Bihar", "Shaykh Nabeel", and I am looking at each one; they are shaykhs also,

they are asking to know something, what is happening, because what is behind the veil is not open for ourselves yet. They are not able to look at what is behind the veil.

Welcome to you, O people from the nation of Sayyidina Muhammad (s)! (Mawlana Shaykh stands.) No (other) nation now, only the nation of Sayyidina Muhammad (s.) Now look and try to learn something from hidden treasures of knowledge through Knowledge Oceans. As-salaamu `alaykum. Everytime that salaam is dressing you in safety, dressing you and taking from you the heavy burden of your physical being. Therefore, the Seal of Prophets was advising his nation to say as-salaamu `alaykum, as-salaamu `alaykum. (Through these words) a heavy burden is taken up from people in this life and making them to be a light, not a heavy being. Everytime you are saying as-salaamu `alaykum, taking the heaviness of your physical being and at the same time dressing a dress that is so light, you can carry. But people are changing theses holy words and saying through their languages so many words for saluting each other. It is only an imitated word that is never giving to you anything.

O People, subhaanAllah! We must say what they are sending, and we are asking for an understanding of every word that we are speaking. Their position is either going to be a light thing or a heavy identity. Allah Almighty created Mankind and granted them speech so that they may speak to each other. That is a big grant from Allah Almighty for the Children of Adam. So many words coming for understanding and their identities are different also. Either they are going to be a heavy burden or going to be very light being for that person. Some of them are heavy, some of them are very light. If you like to know if it is a heavenly grant to you when you are speaking, for every one of them you are going to be surrounded through easiness, making you up, and some of our words are going to be so heavy that coming on the personality of that person a very heavy position. Therefore, it is important for everyone to know when they are speaking, when they are saying something, they must think on it, if what they are speaking is making them very light to reach upper stations or making a person's heart to fall in a dark ocean.

Therefore, wasiyya (advice) of the Prophet (s) is, "O my nation, look what you are speaking. When you are speaking something and you feel it giving to your heart a darkness, leave it." Because they are coming down, down, down and entering a darkness of Creation, what some of them saying, "black holes". Some words are carrying you into black holes. If black holes hunting you and catching you, it is difficult to get out. Therefore, peace be upon him, the Seal of Prophets was saying, "O people, don't think that only your movement through

your physical being is going to be action, but your words are also from your actions. And some words making you to fall down and some words making you to go up." That is the reason the Seal of Prophets was saying, "Beware what you are speaking."

(People ask,) "What is the matter with what we are speaking that we must try to change our speaking?" No, because each word represents something and is giving to people either from heaviness or from lightening. This is very important when you are speaking, you must know what you are saying and what your speech is bringing to you or to other people. Some words are a reason for bringing you pleasure, and some words for bringing you in darkness or bad luck. Look for your speech, it is the holy command of the Seal of Prophets (s). You must know what you are saying or what you are doing.

All doings are going to be in two kinds, speaking also; that is either making you lighter and to get up through your special power, to rise up. Therefore, some words giving to your spirituality a power and through that power your physical being and understanding are getting up, going to be so light. The opposite also, some words make you heavy, even in front of people you are going to be thrown away. You may say, "That person is not knowing how to speak, that one is hurting us, let him go away." Some words are making people to be thrown away from an honorable station, and some words are going to carry people to an enlightened world and an enlightened being and when you are speaking them, you are going to be taken in lights. And that is something that mostly people never hearing or knowing or thinking on it. So many people are speaking as they like and never differentiating, "What will happen if I say this? Yes, perhaps the out-looking is the same, but I am speaking of your inner being, your soul's being. Your spiritual being is quickly understanding and either it is falling down or rising up. Therefore, when the Prophet is giving an explanation for a believer, he is looking for what is hikmah; his looking brings to him wisdoms. And some of them taking you out from this important position that you are in, and then nothing is with you, finished.

O People, as-salaamu `alaykum once again! You may say it once, ten times, a hundred times, more or less; salaam gives you such a power to differentiate, to feel at least what is coming to you from spirituality. Therefore, we know what Allah Almighty is saying in the Holy Qur'an is dhikr, but everything that belongs to the reality of Holy Qur'an is also dhikr and is the reason the holy command is commanding Mankind, asta`idhu billah. And the Lord of Heavens is saying, fadhkuroonee - Remember Me!

Where are you, O Salafi `ulama? They are saying dhikr is bid`a. "We are not saying bid`a, but we are objecting on it to be crowded as a circle to say, la ilaaha illa-Llaah, la ilaaha illa-Llaah, la ilaaha illa-Llaah, la ilaaha illa-Llaah, la ilaaha illa-Llaah, la ilaaha illa-Llaah, la ilaaha illa-Llaah, la ilaaha illa-Llaah, la ilaaha illa-Llaah, la ilaaha illa-Llaah! And we are not making an objection on it, only we are saying when people say, la ilaaha illa-Llah Muhammadun Rasulullah, (Mawlana stands) alayhi salaatullah, la ilaha illa-Llah Muhammadun Rasulullah, alayhi salatullah, la ilaaha illa-Llah Muhammad nabiullah alayhi salaatullah." (Mawlana sits.)

Why you are objecting on it and saying it is bid`a. Is that against Shari`atullah, against the Holy Qur'an's commands? Is the Holy Qur'an preventing you from saying la ilaaha illa-Llah Muhammadun Rasulullah? (Mawlana stands.) Preventing you? If not preventing, why you are saying for people doing dhikr it is bid`a? It is not true! What is wrong with standing up and saying, la ilaha illa-Llah Muhammadun Rasulullah? What is the matter? Which one giving you that fatwa to make an objection on it. No! That is not for you, you are on the wrong way! You must do through Holy Ka`aba, you must do in Madinatu 'l-Munawarrah loudly, to say la ilaaha illa-Llah Muhammad Rasulullah. (Mawlana sits.)

So many people are reading books and thinking they are understanding, but they are understanding wrong. Wahhabi people are preventing believers from saying la ilaaha illa-Llah when they are coming to sit in a mosque saying, "This is bid`a." What is bid`a? There are seven actions, af `aal mukallafeen (levels of action for those who are considered responsible under the Divine Law) that a mu'min must know: fard (obligatory), waajib (required), sunnah, mustahhab (recommended), mubaah (permitted), haraam (forbidden) and mufsid (corrupt). That is Arabic, they should know. Which part you are going to say is haraam if a person is saying, la ilaaha illa-Llah Muhammadun Rasulullah. (Mawlana stands and sits.) You are going to be a kaafir. If it is makrooh, you are going to be makrooh, more than what you are saying. You are saying if people say, la ilaaha illa-Llah Muhammadun Rasulullah, it is going to become a harm. (Mawlana stands and sits.) What is the harm? What is your scale? That is the scale of Shari`ah we are learning and knowing. That knowledge is coming to us from you and now you are going to deny it? How? Every movement, action or effort that is coming from a person must be put in a scale, if it is fard, sunnah, waajib, mubaah, haraam, mufsid, makrooh. You are `alim also, from the nation of Arabs, Shaykh Hisham Effendi. You are fighting with such ignorant people always in America, asking from where they are bringing that. From hadith, from Holy Qur'an, or bringing from Shaytan? What is that foolishness? You (Wahabis) are trying to destroy Islam!

•••••• •••••• •••••••••• ••••••••• •••••••• •••• •••••••••••••

Inna nahnu nazzalna 'dh-dhikra wa inna lahu la hafizhoon.
Lo! We, even We, reveal the Reminder, and lo! We verily are its Guardian.(15:9)

How are you denying and making so many troubles for believers and dhaakireen? Very wrong! They are making dhikr.

I am nothing, but warning that if you are insisting on your baatil, perhaps up to next Muharram, no one is going to be in life. It can be, we are leaving `aalam al-imkaan, everything is possible. Don't say, "Can't be." No, it is possible. We must say, if we are wrong, punishment comes on ourselves, but if you are wrong, punishment and cursing comes on you also. It is a very important point for Muslims. They are going to be divided in two parts. One old-fashioned Muslims making dhikr as the Holy Qur'an says, and another group running away from the meanings of Holy Qur'an and Hadith and I am saying to them, our imaam is Sayyidi 'l-awwaleen wal-akhireen. Who is your imaam, say? (Shaykh Hisham says, "Muhammad ibn Abdul Wahab.")

After 1200 years you are making him into a new prophet, and are you saying that for twelve centuries mu'mins were on the wrong way and only Abdul Wahhab was on the right way? How can this be? It can't be, and we are not accepting you as long as you are in haramayn ash-shareefayn and saying things against Ahlu'l Sunnah wa'l-Jama`ah (The People of Sunnah and the Majority.) We are not going to Hajj or visiting the Prophet (s.) We are fearing from Allah, and we are not going to see your faces or hear such nonsense against the ummah of 1200 years being on the wrong way and Abdul Wahab being on the right way! How many people are going to follow Abdul Wahab? 1 million, 3, 5, 50, 100 million? How many? What about ummatu 'l-habeeb? One-billion-and-a-half are following you or following holy books? It is mentioned in Islam and in the holy books, you must look at them and accuse yourself. More clear to say, one-hundred million on one way, and ten-million people in other group, the question that some Sahaaba (r) were asking the Prophet (s,) "Which one must we follow?" And the Prophet (s) was saying:

••••• ••••••• ••••••

alaykum bi 's-sawaadi 'l-aazham
Keep with the majority (of Muslims). (Ibn Majah)

Wrong? Say it is wrong! InshaaAllah, you may not live up to the end of this year.

`Aqlan wa naqlan, two ways of using Islam, `aql what you are accepting, and naql, what you are admitting. One through the Seal of Prophets (s) was addressing people and saying, "O People! If anything happens, this is information for the ummah, that in future if the ummah is going to be in two parts (mainly there are some small parts but we are not speaking on that, but on the big crowding,) one of them is bigger than the other one and the first one is very a small group and the big one is in a multitude. And if a person is wondering to follow this one or that one, the Prophet is saying, `alaykum bi 's-sawaadi 'l-`adham, "Where the majority of ummah is, follow them." How many Wahhabi people are there now through east and west? Say you have 100 million, 200, 300, or maybe we may say 500 million, but those following the Prophet's way, sunnatan Rasool, salawaatullah wa salaam `alayh, they are a billion. You may be half-billion but you must follow the one-billion people. If you are not doing this, you are going to have a big responsibility for yourself and the people who are following you and cheated by you.

What is the value of Muhammad ibn Abdul Wahab in front of the Seal of Prophets (s)? What he was bringing to the ummah? Anything new? Except for destroying cemeteries and tombs, and I am astonished, if a building on a grave is munkar, haraam, that they destroyed everything through Jannat ul-Baqi`ee (cemetery of Companions in Madinah) and Jannat ul-Mu`alla (cemetery of Companions in Mecca), but are leaving the Prophet (s) under the tomb!!! If it is munkar, why are they leaving the Prophet to carry this heavy burden on himself? Why not destroy it? If anyone is trying to bring it down, they may come and do. Why should a big munkar be on the Prophet (s)? If the Prophet is saying it is haraam, why you are leaving the Prophet to live under a haraam place? And some of them, if anyone is in a tomb, are not visiting to pray there, going to pray in Madinat al-Munawarrah. Don't come and don't visit and don't pray! Allah is looking at them and a weak one like me to speak on their behalf, because an naasu niyaam, people are sleeping, because dunya making them to sleep, dunya making them to say halaal is haraam and haraam is halaal.

May Allah forgives us!

••• ••••••• ••••••• ••••••• ••••••• •••••• •••••••• •••• •••••••••••••

Yaa ayyuha ' lladheena aamanu taqullaaha wa koonoo ma` as-saadiqeen.
O ye who believe! Fear Allah and be with those who are true. (9:119)

"O People, be with true ones!" Allah Almighty is saying. I am humbly asking from Salafi `ulama, did you find any saadiq, truthful person to follow? Please give me his name, I will follow him also. If not, then you are on the wrong way and have lost your way, and are going to be a sinner. I am not asking someone that passed away some centuries ago. You are always advertising "Muhammad ibn Abdul Wahab" to me; he was in his time, now I may go to him who is representing Abdul Wahab and say, "If you are on the right way, accept us." Do you think you can find such a one? Perhaps you are never hearing such questions, but there is someone and the lowest one on that way, and I am asking for true ones. You are saying you are on top positions. Who is on top positions from saadiqeen? Show me and I may go to him. I would like to know if I am wrong or I am right. Show me one saadiq, and if you are saying no more saadiqs, how may Allah Almighty ask to follow one who is not in existence? I am asking may he put a statue there and say, "He is a saadiq one," and pray to him. Nonsense! (laughter)

Allah will ask them, Prophet will ask them, Sayyidina `Isa will ask them, Sayyidina Mahdi alayhi salaam will ask them, come and bring your proofs, evidence, qul hatoo burhanakum. This is from sadiqeen in Makkah, in Madinah, sharafuhumullah, or Riyadh, Najd, Shaam, Egypt, Libya, Maghrib. Where do you think the Lord of Heavens is ordering His servants to follow idols? If that one is not in existence, how is Allah Almighty ordering koonoo maa` as-sadiqeen. How is He ordering? Show me. I am going to make a case against you and you make a case against me. May Allah forgive me, forgive them, and give us a good understanding. That is deenullah. No one can play with it; Allah Almighty is never accepting that. Therefore, He is going to send someone as haakamun `adil, to give His last judgement between us and Najdiyoon, followers of Muhammad ibn Abdul Wahhab.

May Allah forgive us for the honor of the most honored one in His Divine Presence, (Mawlana stands) Sayyidina Muhammad (s)!

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah

Allah forgive us and make us not to be on wrong ways. As You promised when the Last Days are approaching, send someone to make clear to Your followers to show them which one is on the true way and which on the

wrong way. O our Lord, forgive us!

Dome, dome, dome, dome 12x

Fatihah.

[56 minutes] 56! O Allah, forgives us!

# FOLLOW THE TRUE ONES to BE IN SAFETY

BILLIONS SHALL DIE DURING THE EXPLOSION

Destur, ya Sultanu-l Awliya, Destur, ya Sultanu-l Anbiya, Mded, ya Rijalalah!
Don't leave us in the hands of our egos!... As-salamu alaikum!

Audhu bi-llahi maina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l'Aliyu-l 'Azim. Allahumma 'alimna ma yanfa-una wa zidna 'ilman!

What is the most precious thing for mankind? This is a question and this is also a humble meeting. We are now living in a time where the 'true ones' have disappeared. You cannot find trustworthy people now. From east to west and from north to south all you will find are mostly liars. Everything was created for the honour of the Seal of Prophets Seyyadina Muhammad (sal) and he has said that such a time shall come on the world and for the people. Every period has a limit. No period continues without a limit. When the period has finished another period begins and there are changes. Then will come another period and another time and this period will not be the same as the one before.

Historians are saying that there are four periods of time – the ancient period, the middle age, the new age and the modern age. I am therefore asking these historians “what have you got to say about the ancient period and the beginning of history?” They reply, “we haven’t any real knowledge of these times, but we have our theories.” These historians are for the most part unbelievers or atheists, and as such they do not believe in anything that belongs to the Heavens. They say that they believe in their theories and that they are living on it and trusting on it. These are their theories regarding the beginning of creation. They do not believing in Holy Books which has been sent by the Lord of Heavens. They only say that they believe in ‘positive knowledge.’ I am asking them, “What do you base your positive knowledge on?” They reply, “We have only theories.”

Theories are imaginations that come into their minds and these are put into their minds and inspired by Shaitanic inspirations. They believe these things to be true and they do not care about what the Prophets have brought through their prophecy. They even say that, “the knowledge found in Holy Books should not get into our universities or other education centers. We are not accepting it.” I am asking them “why is this so,” and they reply, “We don’t like it.” Then again I tell them, “I am saying to you that Heavenly knowledge is like the sun and when it appears your imaginings, your ignorance, your level and your existence will be made clear to you. When this huge pillar of knowledge appears your theories will get smaller and smaller and it will be like the kindergarten level. This is why you do not want to teach heavenly knowledge in your universities.” They only reply, “We do not want to deal with anything that belong to the Heavens because we have our theories.”

This is the type of ignorance that people are now caught up in. The knowledge of Heavens is so gigantic and reaches to the skies and their theories are so small in comparison and they will vanish and finish. This is the only reason that they are preventing these knowledges from being taught.

The people are now asking to be followers of Shaitanic theories and they are also forcing their governments not to teach the realities from the Holy Books to the new generation.

But subhanallahi –l ‘Aliyu-l ‘Azim, we have a saying that the candle of the liar will only reach up to Isha time then it will be finished because it cannot continue to burn and to give light upto morning time. In this manner the candle of the liars will finish quickly. It is only a very short time. The Sun however will not finish and the truth is like the sun. Do you think that it will ever finish. Another of their theories is that the sun will finish and there is no base to it.

If we tell them to stand up for their theories they have no feet to stand on and if we say sit down they have no downstairs to sit down on, but still they keenly defend their Shaitanic theories. More specifically they like to believe in the theory of Darwin and they have put this into their heads and they say, “This is the truth. Therefore put away your Holy Books. Leave them because the truth is with Davin.” What is this foolishness? I am very sorry to say that Muslim countries too are accepting these theories and they are not teaching their children Heavenly Knowledge about the beginning of life through their schools and universities.

Then another person comes and says, “Creation began with the Big Bang.” From where do they bring such foolish ideas. They say that in one fifty millionth unit of a second the explosion which is the Big Bang happened.” But we are asking them how did that explosion occur, and they reply that it was from inside. Then I ask them “how can that be, without something coming from outside, something that would make it explode.” Such are the foolish people in our days.

Therefore we see that liars are been respected today. They are the theoreticians, the theory people. The people say, “that person is a big scholar, and this person is a big alim, and they are trusting on them and not trusting on Heavenly Knowledge which is in the Holy Quran. The Quran says, “Bismillah-ir-Rahman-hir-Raheem” and teaches that everything was created by the order, kun - He said, “Be” and it came into appearance and Allah Almighty says, “Everything is created by My Order, the whole of creation is only by My Order. I do not need ‘the big bang.’ When I need to create anything I only say ‘be’ (kun) and my command happens and appears and I am your Lord. You are however

teaching such things like the ‘big bang’ ”. This is a very important point. La hawla wa la quwatta!...

They approve wrong ideas but never approve the realities. They approve the false and deny the ‘haqq’ – reality, and they are going on the wrong way, the wrong way, the wrong way. They are trusting on falsehood and denying the truth. Fifteen centuries ago the Holy Prophet (sal) said that there should come a time that people would trust on the false and deny the truth and also to find a person who is trusting on the truth is going to be so difficult that you may never be able to find him.

People may talk among themselves and say, “Oh brother, I hear that there is a trustworthy person in Canada” and another may say that there is one also in Milano. Someone else may say that you can find him in the Himalayan Mountains. Someone among the Tibetan people may say, “Oh my brother, I heard that there is someone who speaks on the realities in China.” Still another will say, “I am going in search of him and I went to America.” The one in America then says “Hmmm. If I talk the truth I would not be able to get my green papers and that is very important for me. If I talk the truth the green papers will be cut off from me. Therefore what I say is that all Americans are trustworthy people.” Finished.

Then what about Turkey. Yes once upon a time there used to be such people but now they are also American style. You may only find a small group of people and what about the others. Those others are trusting on Russian theories and there are no trustworthy people among them.

Then what about India? Oh! The people of India are fully occupied with cows and the whole day their business is looking after cows, even the policemen will stop you and say, “Stop. There is a cow coming.” They are such busy people.

The people of China are passing from one ocean to another. They are preparing opium and this is their specialty. They are mostly in this opium state and they say, “Oh my brother, which ocean are we swimming in now and I cannot see to where we have

reached." They are occupied with this.

In Israel their houses are filled with computers and they are looking to see what has happened to their shares in the share market, shares of petrol and petrol also for Saudi people. These people are only worried whether the shares have gone up in price or come down and also they occupied with this.

And the Israeli people like I said are occupied with the bourse (stock exchange) it comes up for one day and goes down on the other. This is like what they were doing during the time of Seyyadina Musa. They were digging wells and on the Sabbath (Saturday) day they were prevented from hunting fish. They were digging wells and on Saturday the fish came. They then said, "don't touch it. It is Sabbath - Saturday." Then they said, "It is Sunday today and rush to take out the fish." And now during our times they are making holes through the east and west sometimes coming up and sometimes going down and they say, "What is coming is for us. If it is not for us then it should go into the ocean."

Every nation is busy with some nonsense or the other. No one seems to be trustworthy. No one asks as to what is truth or what is reality. They are occupied with something or the other and Shaitan is making them to be occupied with such nonsensical things and making them to forget the next life which is the eternal life. They say that there is no life after this life. This is why during the times of the last days it is so difficult and so rare to find the 'trustworthy and true ones.' This is why they say, "We have heard that there is a person in Damascus." or they might say, "There is a person near the Victorian Lake in a small Island and this person is a 'true one' but it is so difficult to reach to him." This is the way people are today. We are living in a time in which people have lost every valuable diamond and they are instead running after carcasses.

Oh people this is a humble meeting and I am nothing. There are precious people who are not speaking but they are listening to what is being said at this meeting. We are in a Holy atmosphere and in numbers we are so small and throughout the east and the west the people who understand my language are catching this and they know that permission is

now coming to someone and that there is no value for him.

I am thanking Allah Almighty that the Doors of Wisdom have not been fully and completely closed. There is always at least a hole through which Divine Wisdoms are coming from, so that people do not become hopeless. If they are asking to find 'true ones' they may still find them. The Holy Ones are saying that maybe there are about fifty people gathered here and if there were to be fifty thousand people coming here some people may say, "All the things that I spoke through this meeting is being addressed to myself and to my ego, and my ego they will say is so wrong and that I am on the wrong steps and that I am asking to make my wrong steps into true steps." This is because the one who is asking to reach to Allah must use true steps. Wrong steps only take people to the fire.

Wrong steps lead people to Shaitan and Shaitan is leading them to the fire and we can see now that because of this, this planet is ready to explode. I do not know when this will be, whether it will be this month even or it might take upto Rajab or upto Shawwal or upto Muharram. All I can say is that it is so very near. There will be a big explosion on this planet and this explosion shall be on a magnitude like it has never happened before. This will be the last explosion and billions of people will die. In earlier times thousands or maybe millions were taken away, but now this fire is going to take away the people who are not asking for trustworthy people. Those who do not follow the 'true ones' shall be taken away like rubbish is carried out from homes. They shall be taken away from life to death centers. They are mostly going to be ashes and their buildings will be ground to dust.

Oh people take care and I am a weak warner for you. Those who accept shall be in safety and as for those who are not accepting they are doing their worst for themselves. Those who take these advices and keep it and use true steps, should be safe even if the whole world is on fire, just like Allah Almighty saved Ibrahim (alai) from the fire, by making that fire like a garden of roses for him. Therefore the Lord of Heavens, the Creator of Mankind who landed Mankind on this planet will look after them and He is going to save His believing and sincere servants. The others will be taken away as rubbish is taken to

be put into a dustbin. May Allah forgive me and bless you for the honour of the most honoured one in His Divine Presence, Seyyadina Muhammad (sal). Fathiha.

## Follow the Ways of Prophets and Be Safe

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands) Allah Allah, Allah Allah, Allah Allah `Azeez Allah
Subhaan Allah, Sultaan Allah. Subhaan Allah, Sultan Allah. As-salaamu `alaykum yaa ayyuha 'l-mu`minoon.

O Believers! As-salaamu `alaykum! Isma`u wa`izhan! Listen! Every word may give to you heavenly support and in our days Man is most in need of heavenly support. Say, Bismillahi 'r-Rahmani 'r-Raheem! That is our sword. It is not a plastic sword, it is a heavenly sword! If one wali were to use it, it will be strong throughout east to west and no one may raise up their head. Believe in Islam! Believe in our Lord, Almighty Allah! (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, Allahu Akbar wa lillahi 'l-hamd. Alfu salaam `alaa Sayyid 'l-awwaleen wa 'l-akhireen, Sayyidina Muhammad `AbdAllah. (Mawlana Shaykh sits) Allah, Allah.

O People! We are sitting here trying to be like all of prophets' listeners. All prophets were calling people, "Come and listen! Come and hear! Always obey your Creator." They did not say anything except what had been ordered to all prophets. In Arabic words we are going to say something for all of our attenders now, throughout east and west, particularly for Arabs who are saying, "Nahnu `Arab." Leave saying that you are Arab or Kurds: all of them are wrong! It is much better to say, "We are servants of our Lord!" Don't say you are Italian, English, Bangladeshi, Pakistani, Iranian, Syrian, or Egyptian; leave that! The most honored title

that we have been granted is, "Servant of our Lord." Say, "I am a weak servant."

Who is a real servant? Real servants are those ones who refuse to be servants of their egos. When you claim, "I am a servant," that may be accepted. If your ego is riding on you and you say, "I am a servant," how can it be? Then you are a donkey of your ego, and even a donkey is not accepting you! Say, "I am a servant of Allah!" (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llahu wa-Llahu Akbar, Allahu Akbar wa li-Llah `l-hamd! (Mawlana Shaykh sits) Take new refreshment! When you are saying takbeer, refreshment is coming to you, illnesses leave you, viruses run away from you, to those people who are not saying, "We are servants," and they are trembling.

O our Attenders! I am an attender. What is coming to me, I must say. I am not a lecturer, writing and then speaking or reading what I wrote. What is necessary comes to me, because prophets were speaking on the lowest level to make people understand. If you can't make people understand something from you, you are a useless one in too-high positions and common people on Earth are asking for someone to sit and advise them, to be with them on Earth, sitting on rocks, on trees, anywhere! They are not asking for chairs (of chairmen). I am not asking for a chair and no one even gives five pennies to come to me, but this chair is to make me a little bit restful. Therefore, I am sitting here, but if anyone is asking, "Come down Shaykh," we may come down and sit. Prophets came down to their people, and we may give an example. A helicopter may land everywhere but for a Concord it is impossible to land just anywhere.

Now our learned or religious people are sitting on very heavily ornamented chairs. No, it is the wrong way! How was Sayyidina `Isa, Jesus Christ, with people? Was he sitting on golden chairs or putting on his head a golden ornament, a crown? No! Why are they leaving the way of Jesus Christ? And I don't know how the Children of Israel are dressing in those round black hats. I am asking the chief rabbi, who is bringing that? Did Sayyidina Musa, Moses, peace be upon, dress as you are dressing? What is that? (Mawlana Shaykh laughs) Don't be angry! Is it better to say, "What shall we do, it is our custom." Custom is one thing, religious orders and the religious appearance of prophets is something else! Christians and Jewish chief rabbis must change their dress!

O our Salafi `ulamas! You must also change your dress because the Seal of Prophets (s) wasn't dressing as you are now. Mercy will rain on anyone using the Prophet's model! They are never going to get headaches,

which are always for people who are not keeping the model of prophets. Like this, (head uncovered), how am I looking, good? This (my head) should only be uncovered on the Day of Arafat. This is a middle-sized model (head covered with a kufi), but this amama, turban, is a crown!!! Why are you not putting crowns on your head? Why are you following your dirty egos' orders?

O Salafi `ulamas! What is Allah Almighty saying? Are you not knowing? (Mawlana Shaykh stands) Asta'eedhu billah.

•••••• ••••• •••••• ••• ••••••• ••••••• •••••••• ••••••••

Wa lakum fee Rasoolullahi uswatan hasana. There is for you in the Prophet of Allah an excellent example. (33:21)

(Mawlana Shaykh sits) The best model for Mankind in eating, drinking, sitting, dressing, and action is Sayyidina Muhammad (s)! You can take him as the best model for a happy, sweet life that you may find if you are following him! But people are not taking any care and cursing is coming on their heads. To avoid the problems coming now on so many people, follow that best model! If you like a happy, sweet life, follow the steps of the Seal of Prophets (s)! (Mawlana Shaykh stands and sits) If not, there is no value and cursing will come on their heads, on their families, and on their works. Now everywhere, east to west, north to south, there is no heavenly mercy, only cursing reaches so many nations that have refused their prophets' advice and their models of service, "Follow prophets," and now follow the Seal of Prophets (s). If not, everything will lose no more happiness, with no more pleasure or sweet life for nations; finished, it will be locked down.

Are you understanding or not? I am trying to understand. That is the biggest problem for Man's life troubles in our days. The troublemakers are agents of Shaytan, the biggest troublemaker! All Mankind must know that Shaytan is the most terrible troublemaker. Therefore, some people are eating and others are starving, everywhere is killing, burning, everyone is full of troubles. No place is in peace, and I am sorry to say that Muslim territories are also full of Shaytan's agents and their main target that Shaytan is teaching its agents in Islam's Muslim territories (...) (Aside to someone in audience) Leave this paper and look at me, it is not important! When you are going like this, then the heavenly connection is cut off, and they are looking at a kinderbook! Tawbah, astaghfirullah 'l-`Azheem. Shaytan never stops, he has thousands and thousands of tricks, trips and traps.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah,
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.

Why are Turks eating Turks? Why are Kurdish people eating each other? Why are Iranians doing this? Why are Baghdad people doing this? Why is Syria, Lebanon, Egypt, Islamic territories, the Europeans--and now I am hearing South American people--eating each other? What are they asking? They are not learning from whom they may ask, because they are on the zero point of belief and they do not believe in Islam, Christianity, or Judaism! No beliefs for them, as they are accepting Shaytan, and Shaytan is raining curses on them!

May Allah forgive us, for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits).

Fatihah.

## Follow Your River to Allah's Will

Dastoor yaa Sayyidee, madad. (Mawlana Shaykh stands.)

Allahu akbar, Allahu akbar, Allahu akbar la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! Huuuu, Huuuuu, Huuuuu.

All praises, and all glory to be on the most honored servant of the Lord of Heavens, Sayyidina Muhammad (s). Alfu salaat, alfu salaam `alayka wa `alaa aalika wa sahaabatik wa man tabi`ahum bi-ihsaan ila yawmi d-deen. Ishfa` lana ya sayyidi 'r-rusuli 'l-kiraam. Allah, Allah. Look at your weak ummah, in which condition you know. We are looking for your intercession in the Divinely Presence to send us someone to collect our hearts towards our Lord's Heavenly Presence. (Mawlana Shaykh sits)

Thumma as-salaamu `alayk, yaa Sayyidee, yaa Sultan al-Awliya who has been appointed for arranging everything on Earth, about our planet's surface as well as under it, as well as all of it! He is responsible for everything on this planet. And we are asking humbly from our master to help us, because we are on very dangerous conditions for Mankind on this planet. We are sending our application to our master. That is our humble and weak desire, for our master to look after ourselves so that we may be on the Right Path towards our real positions on this planet.

Our Listeners! As-salaamu `alaykum! I am trying to be a listener for what had just been sent to me from holy lands for awakening the whole of Mankind, whom are living on this Earth. And we are saying, as-salaamu `alaykum, O Mankind! We are all from Adam and Eve, from their generation. Allah Almighty is saying, “First I created Adam, and then I created Eve from Adam, to be a couple.” Allah Almighty first created Adam from earth, but his descendants are not created first time from earth and then their souls entering, no. First structure or manifestation of Man is from earth (Adam) then our creation comes between men and women. First creation was from four elements. Allah Almighty created that first one and then mechanism or manifestation of whole Mankind never going to be as the first one's creation, no. That first one was not created through the womb of a mum, no.

Allah Almighty created Earth, but after that his generation is not going to be like Adam's creation, no. The Lord of Heavens makes for a new generation a private place, and is granting that special place to be for a new generation to be in safety. First Man was created by the Hands of the Lord of Heavens, but after that their generation is just created through the wombs of mums. But Allah Almighty was not making that Creation by Himself; He appointed a wakeel, special angels, and angels are beginning the Creation of a new creature through the wombs of their mums. Only one Allah Almighty (created) by His Divinely Existence, not like the others which He is giving authority for new Creation, ordering to angels, “Make that new Creation from two cells.” And angels are working on it for nine months, or a little more or less. Angels are arranging it.

So many foolish ones were asking to make peoples minds to be lost through such a question. They are saying, “Oh, what do you think? Did the egg come from a hen or did the hen come from the egg?” and people never know what to answer. Yes, eggs from hens and also hens from chicken. They are asking such a foolish question, to make people understanding go far away. And Allah Almighty is cutting it and saying about the first Creation, “I created it from it Earth, but after it I am not using a Creation through a womb of a woman, to bring those elements there, no. I am making two cells, cells from man and cells from woman, to come together. You cannot see Earth or something else there. Then from this cell and that cell, I am creating.”

Once the Lord of Heavens created Man from Earth, but after that He is not creating as He created Adam and Eve. This is so clear and Allah Almighty appointed angels to give those cells from man and woman. They are working on it until it becomes a perfect appearance, or perfect personality; a human child. Therefore we are

saying as they are teaching ourselves. This is a big land, big planet, that one who has been ordered to look after new generations, he knows the secret for making for both cells from women and men to come as a human child, and that child is either going to be male or female, Allah (swt) knows.

O People! As-salaamu `alaykum! This life is full of secrets. That main reason to come in existence, even you are not knowing how it happened from two cells a perfect creation came out. What you put in it and what is coming out. That's our Lord's endless Power and maqdiarah (Ability) to do that. This world was empty in the beginning, nothing was on it. How did it happen that countless kinds creatures are on this planet, belonging to the plant world or relationship for animals world, how did it happen on Earth? Whom is giving that order to elements to come together and to be for example, an ant or a bee or a bird? Who is commanding that? He knows that. No one can understand what is the secret from heavens to be on this planet! Countless kinds of plants, and also countless figures that are dressed as a man or woman or animals, and no one can say this or that (about that heavenly secret).

But it is easy for people to say that everything is from nature. Leave that nonsense teaching, to make everything "from nature". Nature doing this and not doing that. Who is teaching "nature" to a planet, grasses or flowers? Who is teaching "nature" to countless trees in creation? Who is teaching to nature? Who is that "nature"? But Shaytan and shaytanic theories making people to loose their ways and to make their minds to close down. And they are saying, "We don't know, but it belongs to nature." What is nature? Heavenly anger coming on people more than anything else when people are saying, "Nature is bringing grass, nature is making flowers, nature is creating trees, nature is granting trees different forms, flowers and fruits." Who is making this?

O Our Listeners! At least you must understand when you are looking at nature, on this planet there is Someone's will power (iraadatullah). But don't think that that will power is coming from themselves. Are fruits are choosing, "I like to be an apple tree, grape tree, orange tree, this tree, that tree." This flower, these roses? No one can saying, "I did this or I did that." So different. That is giving the biggest proof to people who are denying the existence of the Creator. How are you are saying, "No creator." How is it that an apple tree is not going to be a fig tree, by their will power? Do you think that trees have a will power? Or do you think that the most perfect creature on Earth has a will power? If they can be authorized to make something, then they may say, "I like to be this or to be that." That means no one is making them a creature, that may command

and ask or prefer or may like a fig tree. May say, “I like to be grape tree.” An apple tree may say, “I may be a pear tree.” No. That means nothing on the surface of this planet, different kinds of plants, different kinds of flowers and roses and countless trees, countless fruits can be by themselves, but it’s not true.

A tree must follow a direction that it is directed, not through themselves, but from out of themselves. That will power is not from Earth, because it is not a material thing. Will power is something that no is one is knowing its reality or position. But people have some appearances of their will power and it is a grant from Lord of Heavens that He can do as He likes. Therefore, your will is something else, your wife’s will is something else, and your neighbor's will is something else. Don’t think that every plant, its will going to be same as the same tree. There are so many orange trees, but the will of the one is not 100% same as the second tree. That means Who is creating or Who created this planet, is using His Will Power. And Will Power belongs to the Creator only. We are thinking that we have a will power, but tt is only as an appearance. Not real reality with us, to be in this existence as a man or woman. Who can say, “I can do through my will, through my mom’s womb. I like to be male or female.” No one can say!

O our listeners, think on it! You can find `azhamat, Holy Greatness for creatures! He knows, no one can know. Because Absolute Will Power is for the Creator. Not for anything, not even an atom can say, “Oh My Lord! You changed my existence through this planet or universe, I’m going to change it or You change it.” If he can’t do anything by himself, as we said if he is asking to be a male or female child. No one can do that and can say, “This new coming generation, I like that one to be a male one or to say I like it to be a female one.” No! That means real existence, real Will Power only for One. Can’t be for two people!

Therefore from this point you can do Christians belief, they are so wrong. No you can’t do. You can’t use your will through this planet. You can’t change anything. And people saying that technology reaching to a place where there can’t be any change by Man’s power or by Man’s will power. Up to there, people are thinking, “We can do this, we can do that.” No, you can’t do anything. To do or to make or to create is only for One, the Lord of Heavens who created this. Therefore save way for Mankind is to follow steps of the Lord of Heavens to be in safety here and Hereafter. If you are not putting your will to be with Divinely Will, you will always be losing and you are going to be in a very bad condition here and Hereafter.

Therefore, the most important acting of a person, man or woman, is to be able to step on steps of Heavens. If

you are changing your steps, then you are falling in an endless trouble ocean. Who is in safety here and Hereafter? Who can following steps of anbiya and prophets and holy prophets and their holy successors. O People, please try to think on it. Don't say, "I can do as I like." Because if you are claiming this, sometimes some conditions are coming to prevent you from passing forward. Therefore, Mankind, if they are asking for happiness, safety and enjoyment and satisfaction here and Hereafter; they must look at these steps, heavenly steps of heavenly people whom are always stepping on heavenly steps. If you can follow them, you shall be able to reach your last wish, last demand, and last target.

O Believers! You must run as rivers are running through valleys. Don't try to change to streaming of a river in another way; you can loose. Now they are trying to make a dam. It's not true. That means, "We can change everything on Earth." You can't change. The beginning of that water (is going) to be dried, then what will you do with the dam? Now people are trying to change their real aspects for reaching on that and they are saying "We don't like this, we like that." The most dangerous claiming is from servants saying, "I like this, I don't like that." Follow your river towards where it is running and you will be in safety and satisfaction. If you are saying, "I may change (creation)," you can't change.

Therefore, most important point for Mankind to look after is to follow water through its valley. That is easy for them and most beneficial. This is important point that mostly people are denying, and they are asking to use their will power. That makes them fall down, to not stand up. Therefore ittiba`, following Holy Commands is safety for you here and Hereafter, and it is your paradise to follow a valley towards where it is running.

May Allah (swt) forgive us. All troubles on Earth today now, which they call "crisis," one reason for it is because people are asking to make their life-system as they are planning through their minds. No, it is not true, because He is your Creator. He's the Only One who can change your direction from there to there. Keep the right way. You will be happy here and Hereafter. May Allah (swt) forgive us.

Dome dome dome dome 4x

Therefore, in nature, through Creation, you can find such a beautiful harmony. When you are interfering with it, using your mind, you will fall into troubles. Follow the way and you will reach to your Lord's Divinely Presence. Every trouble, behind it there is ignorance. Ignorance is the most dangerous enemy for Mankind,

because ignorance is a shaytanic production. No need for a person to be ignorant. From everything he can take so many wisdoms and may learn countless teachings. That is safety for them here and Hereafter, but if you are opposing, you can't be in safety here and Hereafter.

May Allah (swt) forgive us.

Fatihah.

# ISLAMIC ATTITUDES TO FOOD AND DRINK & SLAUGHTER

You are asking about Islamic attitudes to food and drink. Bismillahir rahmanir rahim.

ANSWER - As a religion - a heavenly religion - Islam has a rule for eating and drinking according to the Holy Command of Allah Almighty. There are some things permitted to eat and drink and other things for which there is no permission. It is the Lord Allah Almighty's authority which makes something permitted or not. He may make something halal or haram. It is clear in Islam that Allah Almighty prohibits all animals from being eaten without slaughter.* Only pig is forbidden and everything from pig is forbidden. Cows, camels, sheep, goats, deer - those animals which are mentioned in the Holy Qur'an are halal and may be eaten. Only pig - no. And blood - no. All animals which eat the flesh of other creatures are forbidden. Everything from the sea may be eaten. Any creature which is revolting to look at, like scorpions, can't be eaten.

Drinking - everything which includes alcohol is forbidden. If there is no alcohol, you may drink. Even one percent of alcohol makes it forbidden. Islam may give permission and make every fresh juice halal. Only when it ferments it is forbidden. You may drink the juice of grapes, fresh is all right - but to ferment it and drink is forbidden. Everything fresh is halal, everything fermented is haram.

* For slaughter we must keep the rules. If we want to slaughter a sheep, we may cut only two veins and

windpipe and gullet. You are not allowed to cut the spinal cord until the animal is dead, because that would give more pain to the animal. If you cut the spinal cord, the animal will not die - only its movement ceases. If there is no movement, then the blood will not come out - and the blood is haram. The blood carries every bacteria, every dirtiness. The poisoned air would also remain inside and the flesh of that animal would turn blue. If you leave it to die naturally without cutting the spinal cord, its flesh will be white, because there is no more blood in the cells - it will all come out and the poisoned breath will come out. On the one hand it is to be merciful to the animal - it is bad enough to give the pain of one cut, you are not allowed to give a second pain to the animal by cutting its spinal cord. That mercy is not shown in other religions. Shooting is prohibited, giving electric shock is prohibited. You only are allowed to cut the throat. You are only allowed to hunt by saying Bismillah - In the name of Allah. Not Bismillahir rahmanir rahim. You must say only Bismillah, because e'rahman e'rahim means "most merciful and most compassionate" and these two meanings belong to Allah so you can't say when you cut. You must say only Bismillah, Allahu Akbar (God is great) and without saying this, the slaughter is haram.

If you cut your finger when working and suck it to stop the blood, you must not swallow that blood, because running blood is dirty. Until all the blood runs out from an animal it is dirty. When all the blood is out, then it is clean. We must use everything clean for cooking and eating. Before eating, hands and mouth must be washed. If possible, make wudu; if not - hands, mouth and nose. Do not eat if you need to go to the toilet. Make yourself comfortable, wash, and then come to eat - that is healthy for everyone. After eating, hands and mouth must be washed. If possible, the Prophet said - make wudu and pray two rakats. After every meal the Prophet (pbuh) prayed. This is a thanks to Allah Almighty.

We are entering it with new power, Inshallah! Madad. For 3 days...we were given a pause. Today, the permission to speak came. I am hoping that this... will help the world of Islam to conquer and the world of kufur to be shaken. The world of kufur is already built on top of rubbish. It is a nonsense establishment. The building of Islam... is a castle! A castle that cannot collapse belongs to Islam! If that is so...let's listen. Don't look at the one who's speaking. Listen to the one who's making me speak. Those who carry love for him, those who love and respect Shah Mardan, Ay Yaran Shah Mardan our assembly is the assembly of Shah Mardan. Listen... Say...Bismillahir Rahmanir Rahim. For what occasion were these 3 days delayed. There is an occasion/reason Allah (swt)...now Shah Mardan... we will speak from the addressing of Shah Mardan, pay attention! Be careful/ pay attention. The addressing of Shah Mardan is the addressing of Haqq. Don't make fun or by next week...or within 40 days, you will leave this world. Stand strong/ firm. Stand with Adab. Tawba Ya Rabbi, Tawba Ya Rabbi Tawba Astaghfirullah. Let us repent. That is what Shah Mardan wants.

Ay Yaran Shah Mardan. O people who love Shah Mardan, those who love his way, those who want to follow the footsteps and way of that Lion, Salam to you. Yaran Shah Mardan our assembly... is the assembly of beloved ones. Who are the beloved ones? Beloved ones...are the ones who love Shah Mardan... the ones who follow his way, Allah (swt) and His Prophet (sws)... the ones who love them and sacrifice themselves for their way. They are the holy ones. Take... Listen... What is the reason... why did they postpone this assembly? Bismillahir Rahmanir Rahim now... I have nothing to say from myself. Shah Mardan... like Dhul Fiqqar... his sword is in his hand. Dhul Fiqqar it is calling. What did Allah (swt) say? O Muslims... What did he mention? Listen, listen to Shah Mardan. "Wa antumul a'launa in kuntum mu'minin." (3:139) Understand? Is it right? "Wa antumul a'launa in kuntum mu'minin." (3:139) Allah (swt) is saying: O people who are claiming to be Muslims, O people who claim to be Mumin (believers), they should know... Wa antumul a'launa in kuntum mu'minin. (3:139) Allah (swt) - Greatness, Magnificence; the attribute of Magnificence... belongs to Allah (swt). Azamatu Kibriya is special only for Him. Oh believers, "wa antumul a'launa... in kuntum mu'minin" - you are believers... you are superior. Oh kings! Oh Princes! Oh people who put themselves in charge and claim to be leaders of the nation, Listen. When do you receive greatness? "Wa antumul a'launa in kuntum mu'minin". When is the crown of superiority dressed on your head? if you are believers, if you say, 'I am a believer', then you will be great; you will be high. Allah (swt) has given you greatness. "Antumul a'launa in kuntum mu'minin" if you are believers, you have been given greatness and honor and

Allah (swt)... let's come to a sensitive point because, Shah Mardan has now drawn his sword. He is saying, Allah (swt) is saying: "Wa antumul a'launa in kuntum mu'minin"- if you are believers, Allah (swt)... will give you greatness and honor above the greatness given by Allah (swt)... there is no greatness, finished. "Wa antumul a'launa in kuntum mu'minin." I am Iranian, I am Turk, I am Saudi Arabian, I am Egyptian, I am Sudani, I am Libyan, these aren't accepted. If you are believers, you are given greatness and honor, you are great, you are great...okay
"Wa antumul a'launa in kuntum mu'minin". If you are not believers, those who are faithless have no greatness; they are nothing, zero. Very well, the one who is running after people... and especially running after the Islamic world... and the one using all the armies, is satan. It is satan. Allah (swt) is saying: "Wa antumul a'launa in kuntum mu'minin". O believers, you will be given greatness if you are believers. Don't you dare say, I am... the leader of this country, its king, its prince. Where did you get your greatness from? Greatness is given... "Wa antumul a'launa in kuntum mu'minin". Other than this, other than iman (faith)... you have no honor. A man without faith is a man without honor. A man without faith is satan's servant, satan's donkey, an animal. What is satan calling for? To make people his animal. All his desire and revenge... is to make Islamic believers tied to him, to make them follow him. With the littlest thing, satan ties people to himself - that is his job. What did Allah (swt) say? "Wa antumul a'launa in kuntum mu'minin." You are believers and Allah (swt)... our Lord is saying... oh people of Islam, oh believers "Wa antumul a'launa in kuntum mu'minin" (3:139). For you, believers, Allah (swt)... gave superiority, greatness. There's no greatness for you from anything else O Shah Mardan, draw Dhul Fiqqar! so you can strike those leaving this way.

What is Allah (swt) saying, O Princes, O Kings, O leaders of Islam, those in charge, those wanting to be in charge? What is He saying? "Wa antumul a'launa in kuntum mu'minin". This greatness is given to you because you are believers! Apart from that, Allah (swt) is saying: Ya ayyuha llathina 'Amanu Latattabi'u Khutuwati-sh Shaytani (24:21). It is a holy verse? The countries of the Islamic world... the head writer, Mr. Akmaluddin, I am asking him too... Is it correct? "Wa antumul a'launa in kuntum mu'minin." Is that right? What is Allah (swt) saying? Ya ayyuha Llathina 'Amanu Latattabi'u Khutuwati-sh Shaytani (24:21) Is it okay?
Oh kings, listen! If you don't, within 40 days, you won't make it to Ramadan. This is an

addressing from Shah Mardan, It's not a joke. To Iranians, to Turks, to people of Sham, to those in Hijaz (arabian peninsula), India, China, this is for them too. Latattabi'u Khutuwati-sh Shaytani (24:21) - don't follow the footsteps of satan! Is that right? Yes it is. "Latattabi'u Khutuwati-sh Shaytani" (24:21) very well. For 3 days they delayed me, the Sultan Shah Mardan, stop and tell them later was the order. He gave permission to speak today. Now we will ask, pay attention! Latattabi'u Khutuwati-sh Shaytani (24:21) Hz. Rasul (sws)... said... What did he say? Listen from Shah Mardan Listen oh kings! The 'heavy cannon' is now coming! Latattabi'u Khutuwati-sh Shaytani (24:21) Despite this order... what I do and what comes to my heart... there's permission to speak from the words of Shah Mardan - we will speak. Shah Mardan heard from our Prophet (sws) SalawatuLlahi wa Salamu 'Alayh. Subhan Allah. Latattabi'u Khutuwatish Shaytani (24:21).

Despite this (verse), what did our Prophet (sws) say? Listen, Akmaluddin and kings and princes - Latattabi'unna Khutuwati-sh Shaytani. "you will follow step by step, the people/nations before you" even... if one of them enters the hole of a lizard...for sure... you will say, 'there is some wisdom' and you will enter also. (Hadeeth) oh scholars, of princes, oh kings, Listen! Allah's beloved - creation was created for his honor - what is he saying? "Latattabi'u Khutuwati-sh Shaytani". When it is in the Quran... What will you do, it is saying. What will they do? Latattabi'unna,the "Lam" is to make certain (Arabic grammar) . "Nun"is too for certainty(A. grammar) "Latattabi'unna Khutuwati-sh Shaytani" You will follow the steps of satan step by step. You will follow exactly every step of satan. You are taking all their satanic ways as a direction and path. To what extent? For everything, everything. There is even a small animal... it's home is a narrow hole, it only fits him and no other animal. It hides there. What will you do, it is asking? This is the saying of Prophet.

O kings,do not sleep!You won't make it to Ramadan. No king or prince (will make it). Prophet (sws) did not say anything useless and Shah Mardan is saying - don't follow him. They ride in cars. Don't ride in cars, ride on camels. Don't be like them. Shame on people!Now an important issue is going to be told. You will follow step by step. "Latattabi'unna sunan alladhina qablakum." You are following the steps of the old ignorant nations, following them carefully. Pay attention. Like what? Our prophet (sas) is explaining. If you see a small animal entering its hole will you follow it there? Shame on you, pity you. Shah Mardan the son of the uncle of the Holy

Prophet, What is the Pride of the universe, our Holy Prophet, saying? You think it is fashion to follow them step by step? "Wa antumul a'launa" But You are supreme. Oh kings! Allah gave you greatness. Oh! I have cars, I have airplanes, I have boats. Leave these things otherwise you may not reach to Ramadan. The Owner of the heavens, Jabbar Allah Qahhar Allah will sweep them all away. He won't do it Himself but one of His weak servants will deal them.

For what reason am I emphasizing this issue, Sadaqa RasuluLlah Sall'Allahu Alayhi wa Sallam? For what? Three nights ago what did the enemies of Islam do? The hours were turned forward. Ugh? Oh kings have you heard this? Of course you heard. Is it the command of Allah Almighty or The Holy Prophet? What is this? You have no shame, you have no faith.Dont you have religion? Where that small animal is, the leaders of my ummah will follow. The unbeliever Europe has taken the hours forward. O Kings this addressing is to you. The leaders of Islamic world are you leading or following? This is why I have paused for three days, because of this burden. Does Islam not have honor ? Why are you making yourself tails of animals? You are the head. Europe has taken the clock forward. Who gave you the authority to change the hours? Say! Akmaluddin! If not you will not reach Ramadan. I am angry because of this. All Awliyaullah are angry, why? These are the footsteps of shaytan.

Our time is different. Why do you change the time according to the footsteps of shaytan. Shame on our kings. What a shame on our government and on the Islamic world. Our world is different, their world is different. Shame on you! Be afraid of Allah. Be ashamed before the Prophet or you will not reach Ramadan. This is what makes me angry. For three days, with anger I am waiting permission to address the people. Our people immediately took the hours forward. By whose command? Unbeliever Europe's? We follow them, we get on very well with them. We get on well with Israel. What are you going to do? You are going astray. This is not the path of Allah Almighty. Does Islam not have honor? Is it under the tail ? Islam is the head. Do you have the right, Europe, to take the time forward? What's happening to our people? Are we their servants? Are we under their command? Shame on our kings, our scholars, our prime ministers. If they are not putting the hours back - till Ramadan - The angel of Death is waiting. Three times in a day the Angel of death is looking for your name. Now seven times he is looking, also for our kings. Rulers, princes, are responsible too.

What right does Europe have? Muslims invented the clock. Now they follow the footsteps of shaytan (24:21). Why do you follow them? Ride on a camel, do not drive their cars. Drive your car, don't get on their plane. Sail on your boat, don't get on their ships. We are Muslims! We have honor. Those ones calling themselves leaders, Beware! Your punishment is ready. For what reason are we changing our time? Are we the monkey of Europe? Are we the servant of Europe? Don't we have honor? Muslims invented the clock. Europe is moving the hours. I dont know whether the Jewish or Jesuits priests made this up. Lets unite the Islamic world. We will lead them. They will be the tails. Shame on our kings, our scholars, presidents of republics and leaders. If you don’t correct the hours, Ekmeleddin effendi, you will not reach Ramadan. Correct the time. We are not Europe's servant or monkey.

We are full, let Shah Mardan speak. Ey Shahi Mardan! Those who don't believe, experience is free. Their graves will be ready by Ramadan. Who is Ekmeluddin? Who is king? Who is sultan? Who is prince? doesnt matter. There is a Command from heavens. Correct the time! Watch the honor of Islam. Islam is not Europe's servant. Europe has taken the hours forward. What a job!! We have our time, why follow theirs? Do you like it? If not your grave is being prepared. Finish. This is the issue: moving the time. Whose command ? -Europe's. Are we donkeys of Europe? Where is the honor of Islam ? They must follow us! Our people immediately take the hours forward. Is the time under your command? Hours are as they come from heavens. Who is ordering to change the hours? They are unbelievers who don't know religion or faith. Where is your honor? The honor of Islam? Tell Ekmeluddin to answer this.
O Kings, the King of Hijaz, scholars, successors, all of you, instead of fighting each other defend Islam otherwise your graves will be ready by Ramadan. This command is severe. Shahi Merdan, Shahibul Maydan, those who are not afraid come to the arena(maydan), For three days I have been burdened, now I have permission to speak about it. About what? This hours issue. Our Holy Prophet (sas) didnt say for nothing:"Latattabi'unna Sunana Lladhina qablakum.(You will tread the same path as was trodden by those before you, inch by inch, step by step. If they entered the hole of lizard, you would follow also. Did he say this to praise? Scholars, answer this for Allah's sake - The scholars of Egypt, the scholars of Hijaz and the scholars of Turkey.
"Fa Man Tashabaha Bi Qawmin Fahuwa Minhum" Who makes himself like a people, he is one

of them. We are not unbelievers, why follow them? This is our time. Don't use the European style. Use Alaturka, Ottoman style watches, to be known. Don't put it on your wrist. Don't put it on your arm like a bracelet. Women are to put on jewelry, not men! Ehh! He has a gold watch. Bree! Gold is for women. Why does a man put it on their arm? He is saying it is a gold watch. No use, no value. Use our old watches,hanging from the pocket. The writing on it is also Islamic. Time - the day starts with sunset till the following day. Pay attention to this. Now,no one knows any boundaries. Even Akmaladdin doesn't say anything about this. Why don't you say anything? "Wa Antumu Al A`lawna In Kuntum Mu'uminina"(3:139) ..Allah (swt) is saying. As long as you are believers, you will be raised high, you will be high, great.Don't be afraid! "Inna Allaha Ma`ana(9:40)Allah is with us" said Allah(jj). He is informing his Prophet (sAws). When as-Siddiq (ra) was worried, Allah (swt) told His Habib (sAws)... tell your companion, "La Tahzan Inna Allaha Ma`ana "(9:40) Well this is us. We lost our personality our faith. We are wasting our religion. Shame. That is why this intensity came to me, I am holding it for 3 days. I am like a volcano. I feel like a volcano inside. I am poor, I am useless but...They put watches on their wrists. Don't put! Don't adorn yourself - decoration is for ladies, not men. Keep your rings simple. Don't put on the first (finger). Put instead of bracelets. no golden watches, different kinds of watches..

RasuluLlah (sAws) said... Shah Mardan is saying... "Man Tashabbaha Bi Qawmin Fa huwa Minhum" Don't look like women! Our Sharia' says SubhanAllah! A man, without a wife... Akmaluddin understands my language, if he doesn't have a wife &he's washing his laundry, they say don't do like this women do like this, a man without a wife... When he is doing his laundry, he should do it like a man. It is this sensitive; don't copy them, don't be like them. Men who listen to women lose their manhood; his manly honor is lost. When women control men, the world becomes terrible, & it is now terrible. Do not be like them and do not act like them. "Man Tashabbaha Bi Qawmin Fa huwa Minhum" What right do you have; Islamic countries are following Jewish & Christain priest's made-up... ...program. They put the time one hour ahead. Does Allah (swt) bring the sun forward or backward? What disgrace is this? What ignorance is this, shame!

I am giving fatwa for all of them. You are outside of Islam, because, "Man Tashabbaha Bi Qawmin Fa huwa Minhum"... There is power. I am nothing, but I am saying the rights of

Sharia'. Don't oppose! You will not make it to Rajab,Ramadan, or Eid. Change the time, quickly. Make an Islamic time. Let them follow you, not you follow them. The head does not follow the tail. The tail follows head . "My wife wants like this, to dress like this." No! There is no fashion in Islam. They still want, in the Holy Lands, the ladies want... May Allah (swt) increase the King's power -give us permission to drive cars- the king's rank will increase - I am not giving permission. If you shout, if you give me the whole world, I won't give ladies permission. Good for you, King! Take away the paper oh Muslims. Don't do any business with paper, No. Trade... is to be with gold and silver, valuable things "Man Tashabbaha Bi Qawmin Fahuwa Minhum" Europe's Jewish & Christian priests... that is what they ordered; they got rid of gold/silver and brought paper. Neither their trade, nor what they sell or buy is halal (permissible).

This is Islam, we have honor. Oh kings, listen. This bombardment is not from me. I am not interfering, I am just informing Fix the time and bring Islamic time. Use Islamic time which is according to sunset. Our day starts when the sun sets. These ones, their day starts in the middle of night, in pitch dark. Our day starts after Maghrib prayer, it opens, opens, opens. O Islam! Where are you? O Shah Mardan, where are you? What can I do? To say this they gave me a 3 day notice. Now, they said, bombard them, don't be afraid. Most of their souls will be taken if they don't fix their time. Islam has honor. Don't play with time. And your time... Islamic time, they call it Alaturka.

None of the Sultans used Western time but these ones have western watches on their arms, and the most expensive... fancy watches. Adornment is for women. Men don't adorn themselves! Men are men.What stupid people have we become. There is shiddah (intensity) now and now, what did Prophet (sAws) mention about this? "And you will follow the steps of the nations before you..."(Hadith) He mentioned, he knows their weaknesses, Prophet (sAws) Don't follow them! Rid your countries of the of the affliction called fashion. O ladies, don't follow fashion! The dress you wear following fashion... In the grave it will be fire & burn you. Dont pester your husband buy me this & that. Your beauty is only for your husband and mahrem (close relatives). Change it O Kings, change the watch on your hands. If you don't, there's a 40 day notice to go to the other side. O Shah Mardan draw Dhul Fiqqar. There is permission now. Let's see until Rajab. I am not from those asking for monthly salary. I am a weak, poor servant. I am weak, but

for 3 days I am holding on to this addressing. Allah says "Who imitates a people is one of them." (Hadith) Don't be like them, I am saying. Don't look like them. We sacrificed everything for Europe. Shame on Muslims, shame on princes, presidents, leaders. Democracy... what democracy? May Hz. Ali's (ra) sword cut the heads of... those believing in democracy. And then what did we do? O, let the Jewish priests come, let's beg them to give us weapons. What weapons do you need? say, Bismillahi r-Rahmani r-Rahim. It will destroy all of them, one majzub (attracted one) one who has power to attract. O Kings listen!Shah Mardan isn't reading stories He is Shah Mardan, Owner of the Arena, Shah Mardan, Ay Habib ar-Rahman! Ay Sultan! Sayyidina Ali ibni Abi Talib. Shah Mardan, Sultan of the arenas!

O holy ones, what can we do? In order to say this... they didn't give me permission for 3daysthey said, don't say. Now you can say. Now there is permission to speak. Happiness to the souls of thoselistening Those listening will save themselves; those not listening, by Ramadan... armies will make them go, O Akmalluddin effendi, don't wear pants one more time; don't wear jacket, tie. Understand? If not, you will go to the other side too. they will now bring those who understand Rajabun Ajayibun. Allahu akbar! Allahu Akbar! Allahu Akbar Wa Lillahi l-Hamd. Dhul Fiqqar is ready, it will take their heads off especially those leaders who say we are this and that and oppress the people. Maybe, they won't make it to Ramadan; their heads will fly. They should beware!

We are Ikhwan, Shia, we are this and that; those who say this... they should all be afraid, tremble. Those opposing Kings, most will go. And kings, as we said, should be kings of Islam, their heads will be at ease. They shouldn't listen to their ladies. If they do, they won't see paradise. Look at the sensitivity in Islam "Who imitates a people is one of them"(Hadith) Alayhi as-Salatu wa as-salam. Don't look like them or their western fashion. That is made-up by European priests; they ordered and time was put ahead 1 hour. What does this mean? They are holding me back for 3 days. Make a heavy bombardment about this, I was given permission last night. How is my talk? It's Astonishing!

I have no power. I am nothing; but, I will make this world a riot, an earthquake. I will raise the Banner of Islam. Let them follow us. We don't need to follow them. O kings, princes, presidents... don't touch the time - let your time be Islamic time or else, you'll leave without faith. We seek refuge in Allah, don't make empty claims. People don't get honor by killing. "Wa Man

Ahyaha Faka'annama Ahya An-Nasa Jami`aan" (5:32) Don't kill! Allah's order: "Wa La Taqtulu 'Anfusakum" (4:29) Don't kill! Without My order no one should kill. They are not listening, they will all be shredded. I am angry, I have anger on me. I don't have anything, but,Shah Mardan's power - If you put cigarette in your mouth ,in the grave you'll suffocate from smoke, come back to life...suffocate..come back. Those wearing fancy clothes... men and women will wear clothes of fire. Take care of the Sunnah, take care of Allah's Habib's way. Live like a Muslim, or else... Until Ramadan I'll have revenge on them.

A Divine Decree has come from S. Mardan they will all go. Ya Rabbi forgive us. We're asking for servants who'll show us our way, who understand the way of Islam For 3 days, they're saying we'll change the time 1 hour ahead. How can it be? It is revenge for this. They held me for 3 days because this bombardment.. never came before. This power never came before. Now, they won't leave anyone from Iranians, Turks, Saudis, from Sham, those not coming to right way will go to grave. women who are not listening either go to mental hospital or grave. listen O Kings take care of Islamic dress, put crown of Islam on your heads so nothing will harm you. Why are you running after them? Who is China, Russia? is China, Russia, Europe, or America going to defeat the armies of Allah? We are not making any noise, but the time has come and the sword will be drawn

"La Tattabi`Khutuwati sh-shaytani" (24:21) They are all satans. Don't follow them, Allah (swt) is saying. O Kings Mursi is sitting on the chair, the chair will sit on his head. This person, that person, leave these games, take care of Allah's servants, serve His servants. Don't make them servants to you. Parliament assembly. No! It is false. Don't we have Sharia'? When there is Sharia', why do you make a constitution?(spit) on your constiution. When there is Allah's Sharia, Astaizzu BiLlah "Inna Allaha Ya'muru Bil`Adli Wa Al Ihsani Wa Ita'i Dhil Qurba Wa Yanha Ani Al-Fahsha'i Wa Al-Munkari Wa Al-Baghyi Ya`izukum La`allakum Tadhakkaruna(16:90) This is our constitution, The Quran.

O scholars of Egypt why are you afraid? Why afraid of ignorant ones? Why don't you show the majesty of Islam? O Azhar, the ones in Turkey, Saudi Arabia, all of you, fear Allah! Enforce the Sharia' or else something will come on your heads. Don't kill people. Try to make them live. Take care of Adab. Allah... gave you the rank of Islam, don't use it in the worng way. You will say "hik" and die right there. Take off those ornaments your hand.Say Akmaluddin (Ihsan) son,

say: don't wear valuable watches. Let the chain of a watch be seen & Europe can follow our time if they want We are not obliged to follow their time. That is why I didn't change my clock. My watch is alaturka - it starts from sunset. This one is upside down, the day starts in the middle of night. Can the day start in the middle of night? Don't you have a sturdy meter? Daytime is between sunrise & sunset after that is night. Sharia' has appointed the day & night. No. We are making up this and that. Well, you will collapse if you don't listen to this advice, both Iran's leader, or Turk's leader or Egypt's drunk one, or in Saudi Arabia.. the ones who ride cars and airplanes with arrogance. Leave this. Ride on camels, it'll give you honor. Our master (sAws) rode (camels). Go out into the arena like that, with a sword. Don't fear, Islam is the highest! Muslims have honor. Don't change the time, you won't reach the end. O ignorant ones! We hope Allah (swt) doesn't make us from ignorant ones. How can you be Muslim if you don't even know the days or time? How can we deal with Muslims? We are the heads, they say. Aman Ya Rabbi Send us a Sultan who will unite Muslim world & make world of kufur tremble. Send us a Sultan Ya Rabbi! Allahu Akbar! Allahu Akbar! Allahu akbar Wa Lillahi'l Hamd. Fatiha.
O princes, O princes! You are responsible on Judgement Day. Prepare how you will answer. Who will be under the banner of Prophet(sas) You will see. Who will be sent away from the source of Kawthar? You will see. You will see who won't be able to pass Sirat. Aman Ya Rabbi! Tawba Ya Rabbi. I am a helpless servant. I am angry at my own ego. I am like a volcano. For all Islamic naitons these are the ways to save yourselves. Sharia' Garrawun Ahmadiyya. What constitution? When there is Sharia' Garrawun Ahmadiyya They are saying to make constitution. Who are you & your (...) inventions? Why are you meddling with the Constitution? Are you god? I am ashamed to say"Allah" We are making laws, constitutions. Make it and drown in it ! La Hawla Wa La Quwwata illa Billah.... Fatiha
So, for these 3 days,I wasn't given permssion to say...this talk. The one who likes can take, the one who doesn't like can get his grave ready. Fatiha.

Unsere Versammlung ist die Versammlung der Geliebten. Wer sind die Geliebten? Die Geliebten sind diejenigen, die Shah Mardan lieben, die seinem Weg folgen. Allah (swt) und Sein Prophet (saws), diejenigen, die sie lieben und sich auf ihrem Weg opfern. Sie sind die Heiligen. Nehmt. Hört.

Was ist der Grund, warum verschoben wir diese Versammlung? Bismillahi r-Rahmani r-Rahim. Nun, ich habe nichts zu sagen von mir selbst. Shah Mardan, wie Dhu l-Fiqqar, sein Schwert, ist in seiner Hand. Dhu l-Fiqqar ruft! Was sagte Allah (swt)? O Muslime, was erwähnte Er? Hört, hört Shah Mardan! "Wa Antumu l-A`launa in Kuntum Mu'minin" (3:139). Versteht ihr? Stimmt das? "Wa Antumu l-A`launa in Kuntum Mu'minin" (3:139). Allah (swt) sagt: O Leute, die beanspruchen, Muslime zu sein, o Leute, die beanspruchen, Mu'min zu sein, sie sollten wissen: "Wa Antumu l-A`launa in Kuntum Mu'minin" (3:139) - Ihr werdet die Oberhand haben, wenn ihr gläubig seid. Allah (swt) - Größe, Herrlichkeit, das Attribut der Herrlichkeit gehört Allah (swt). Azamatu Kibriya ist besonders nur für Ihn. O Gläubige, "Wa Antumu l-A`launa in Kuntum Mu'minin" - Ihr seid Gläubige, ihr seid überlegen. O Könige! O Prinzen! O Leute, die sich selbst zum Chef ernennen und beanspruchen, Führer der Nation zu sein, hört. Wann erhaltet ihr Größe? "Wa Antumu l-A`launa in Kuntum Mu'minin". Wann ist die Krone der Überlegenheit auf eueren Kopf gesetzt? Wenn ihr Gläubige seid, wenn ihr sagt: Ich bin ein Gläubiger, dann werdet ihr groß sein, werdet ihr hoch sein. Allah (swt) hat euch Größe gegeben. "Antumu l-A`launa in Kuntum Mu'minin", wenn ihr Gläubige seid, ist euch Größe und Ehre gegeben worden.

Wir kommen zu einem sensiblen Punkt, weil Shah Mardan jetzt sein Schwert gezogen hat. Er sagt, Allah (swt) sagt: "Wa Antumu l-A`launa in Kuntum Mu'minin" - Wenn ihr Gläubige seid, wird Allah (swt) euch Größe und Ehre geben. Über der Größe, die von Allah (swt) gegeben wird, gibt es keine Größe. Schluß! "Wa Antumu l-A`launa in Kuntum Mu'minin". Ich bin Iraner, ich bin Türke, ich bin Saudi, ich bin Ägypter, ich bin Sudanese, ich bin Lybier, diese werden nicht anerkannt. Wenn ihr Gläubige seid, wird euch Größe und Ehre gegeben. Ihr seid groß, ihr seid

groß, okay: "Wa Antumu l-A`launa in Kuntum Mu'minin". Wenn ihr keine Gläubigen seid, jene, die ohne Glauben sind, haben keine Größe. Sie sind nichts, null. Sehr gut. Derjenige, der hinter den Leuten herläuft und besonders hinter der islamischen Welt herläuft und der all die Armeen benutzt, ist Shaytan. Es ist Shaytan. Allah (swt) sagt: "Wa Antumu l-A`launa in Kuntum Mu'minin". O Gläubige, euch wird Größe gegeben, wenn ihr Gläubige seid. Wagt es ja nicht zu sagen, 'Ich bin der Führer dieses Landes, sein König, sein Prinz.' Woher habt ihr die Größe bekommen? Größe wird gegeben.. "Wa Antumu l-A`launa in Kuntum Mu'minin". Mit etwas anderem als das, mit etwas anderem als Iman, Glauben, habt ihr keine Ehre. Ein Mensch ohne Glauben ist ein Mensch ohne Ehre. Ein Mensch ohne Glauben, ist Shaytans Diener, Shaytans Esel, ein Tier. Zu was ruft Shaytan auf? Die Menschen zu seinen Tieren zu machen. Sein ganzes Streben und seine Rache ist, die islamischen Gläubigen an sich zu binden, sie dazu zu bringen, ihm zu folgen. Mit der kleinsten Sache bindet Shaytan die Menschen an sich. Das ist seine Aufgabe.

Was sagte Allah (swt)? "Wa Antumu l-A`launa in Kuntum Mu'minin". Ihr seid Gläubige, und Allah (swt), unser Herr, sagt, o Menschen des Islam, o Gläubige, "Wa Antumu l-A`launa in Kuntum Mu'minin" (3:139). Euch, ihr Gläubigen, gab Allah (swt) Überlegenheit, Größe. Es gibt keine Größe für euch durch irgendetwas anderes. O Shah Mardan, ziehe Dhu l-Fiqqar, damit du jene schlagen kannst, die diesen Weg verlassen. Was sagt Allah (swt), o Prinzen, o Könige, o Führer des Islam, jene, die die Verantwortung haben, jene, die die Verantwortung wollen? Was sagt Er? "Wa Antumu l-A`launa in Kuntum Mu'minin". Diese Größe wird euch gegeben, weil ihr Gläubige seid. Davon abgesehen, sagt Allah (swt): "Ya Ayyuha Lladhina Amanu Latattabi'u Khutuwati sh-Shaytani" (24:21). O die ihr glaubt, folgt nicht den Fußstapfen Shaytans. Ist es ein heiliger Vers? Die Länder der islamischen Welt.. der Oberschriftsteller, Herr Akmaluddin, ich frage ihn auch, ist es richtig? "Wa Antumu l-A`launa in Kuntum Mu'minin". Ist es richtig? Was sagt Allah (swt)? "Ya Ayyuha Lladhina Amanu Latattabi'u Khutuwati sh-Shaytani" (24:21). Ist es okay? O Könige, hört! Wenn nicht, innerhalb von 40 Tagen.. Ihr werdet es nicht bis Ramadan schaffen.
Diese ist eine Ansprache Shah Mardans. Es ist kein Scherz. An die Iraner, die Türken, die Menschen von Sham, an jene des Hijaz (Arab. Halbinsel), Indien, China, dies ist auch für sie.

"Latattabi'u Khutuwati sh-Shaytani" (24:21) - folgt nicht den Fußstapfen Shaytans! Ist das richtig? Ja! "Latattabi'u Khutuwati sh-Shaytani" (24:21). Sehr gut. 3 Tage lang hielten sie mich zurück, der Sultan Shah Mardan. Halt inne und sage es ihnen später, war der Befehl. Er gab die Erlaubnis zu sprechen heute. Jetzt fragen wir, paßt auf! "Latattabi'u Khutuwati sh-Shaytani" (24:21). Hz Rasul (saws) sagte.. Was sagte er? Hört es von Shah Mardan. Hört o Könige! Die 'schwere Kanone' kommt jetzt! "Latattabi'u Khutuwati sh-Shaytani". Trotz dieses Befehls.. Was ich tue und was in mein Herz kommt, es gibt Erlaubnis zu sprechen von den Worten Shah Mardans. Wir werden sprechen. Shah Mardan hörte von unserem Propheten (saws), Salawatullahi wa Salamu `alay. Subhanallah. "Latattabi'u Khutuwati sh-Shaytani". Trotz dieses Verses, was sagte unser Prophet (saws)? Hört, Akmaluddin und Könige und Prinzen, "Latattabi'unna Khutuwati sh-Shaytani"- 'Ihr werdet Schritt für Schritt den Nationen vor euch folgen.' Selbst wenn einer von ihnen in das Loch einer Eidechse kriecht, ganz bestimmt werdet ihr sagen, 'Darin ist Weisheit', und werdet auch hineinkriechen (Hadith).
O Gelehrte, Prinzen, Könige, hört! Allahs Geliebter - die Schöpfung wurde ihm zu Ehren geschaffen - was sagt er? "Latattabi'u Khutuwati sh-Shaytani". Wenn es im Quran steht, was werdet ihr tun, heißt es. Was werden sie tun? "Latattabi'unna", das "Lam" ist dafür, es gewiß zu machen (arab. Grammatik). "Nun" steht auch für Gewißheit. "Latattabi'unna Khutuwati sh-Shaytani". Ihr werdet den Fußstapfen Shaytans Schritt für Schritt folgen. Ihr werdet ganz genau den Schritten Shaytans folgen. Ihr nehmmt all ihre shaytanischen Wege als Richtung und Weg. In welchem Ausmaß? Für alles, für alles. Es gibt ein kleines Tier, sein Heim ist ein enges Loch, in das nur es selbst hineinpaßt und kein anderes Tier. Es versteckt sich dort. Was werdet ihr tun, ist die Frage? Das ist der Ausspruch des Propheten. O Könige, schlaft nicht. Ihr werdet es nicht bis Ramadan schaffen, kein König oder Prinz. Der Prophet (saws) sagte nichts Nutzloses, und Shah Mardan sagt: Folgt ihm nicht. Sie fahren Autos. Fahrt keine Autos, reitet auf Kamelen. Seid nicht so wie sie. Schande auf die Menschen. Jetzt wird ein wichtiger Punkt angesprochen! Ihr werdet Schritt für Schritt folgen. "Latattabi'unna Sunnan Alladhina Qablakum". Ihr folgt den Schritten der alten ignoranten Nationen, ihr folgt ihnen ganz genau. Paßt auf! Wie was? Unser Prophet (saws) erklärt. Wenn ihr ein kleines Tier seht, das in ein Loch kriecht, werdet ihr ihm dann dorthin folgen? Schande auf euch, schade für euch! Shah Mardan, der Sohn des Onkels des Heiligen Propheten, was sagt der Stolz des Universums, der heilige Prophet? Glaubt ihr, es ist

Mode, ihnen Schritt für Schritt zu folgen? "Wa Antumu l-A`launa" - aber ihr seid überlegen! O Könige, Allah gab euch Größe. 'Oh, ich habe Autos, ich habe Flugzeuge, ich habe Boote.' Laßt diese Dinge, sonst mögt ihr den Ramadan nicht erreichen. Der Eigner der Himmel, Jabbar Allah Qahhar Allah, wird sie alle hinwegfegen. Er wird es nicht Selbst machen, sondern einer Seiner schwachen Diener, wird sich um sie kümmern.
Aus welchem Grund betone ich diese Sache, Sadaqa Rasulullah, Sallallahu `alayhi wa Sallam? Wozu? Vor drei Nächten, was taten die Feinde des Islam? Die Uhr wurde vorgestellt. Hmm? O Könige, habt ihr das gehört? Natürlich habt ihr es gehört. Ist es der Befehl Allahs des Allmächtigen oder des heiligen Propheten? Was ist das? Ihr habt keine Scham, ihr habt keinen Glauben. Habt ihr keine Religion? Wo dieses kleine Tier ist, werden die Führer meiner Ummah folgen. Das ungläubige Europa hat die Uhr vorgestellt. O Könige, diese Ansprache ist für euch. Führer der islamischen Welt, führt ihr oder folgt ihr? Deshalb habe ich drei Tage lang pausiert wegen dieser Last. Hat der Islam keine Ehre? Warum macht ihr euch zum Schwanz von Tieren? Ihr seid der Kopf. Europa hat die Uhr vorgestellt. Wer gab euch die Autorität, die Uhr zu verändern? Sagt! Akmaluddin! Sonst werdet ihr den Ramadan nicht erreichen. Ich bin zornig deswegen. Alle Awliyaullah sind zornig. Warum? Dies sind die Fußstapfen Shaytans. Unsere Zeit ist anders. Warum ändert ihr die Zeit nach den Fußstapfen Shaytans? Schande auf unsere Könige. Was für eine Schande für unsere Regierung und für die Islamische Welt. Unsere Welt ist anders, ihre Welt ist anders. Schande auf euch! Fürchtet Allah. Schämt euch gegenüber dem Propheten oder ihr werdet den Ramadan nicht erreichen.
Das macht mich zornig. Seit drei Tagen warte ich mit Zorn auf die Erlaubnis, die Menschen anzusprechen. Unsere Leute stellten die Uhr sofort vor. Aufgrund von wessem Befehl? Des ungläubigen Europas? Wir folgen ihnen. Wir kommen sehr gut mit ihnen aus. Wir kommen gut mit Israel aus. Was werdet ihr tun? Ihr geht in die Irre. Dies ist nicht der Weg Allahs des Allmächtigen. Hat der Islam keine Ehre? Ist er unter dem Schwanz? Islam ist der Kopf! Habt ihr das Recht, Europa, die Zeit vorzustellen? Was geschieht mit unseren Leuten? Sind wir ihre Diener? Stehen wir unter ihrem Befehl? Schande auf unsere Könige, unsere Gelehrten, unsere Premierminister. Wenn sie die Zeit nicht zurückstellen bis Ramadan, der Todesengel wartet. Dreimal am Tag guckt der Todesengel nach deinem Namen. Jetzt guckt er siebenmal, auch nach unseren Königen. Herrscher, Prinzen sind auch verantwortlich. Welches Recht hat Europa? Die

Muslime haben die Uhr erfunden. Jetzt folgen sie den Fußstapfen Shaytans. Warum folgt ihr ihnen? Reitet auf Kamelen, fahrt nicht ihre Autos. Fahrt euer Auto, besteigt nicht ihre Flugzeuge.

Segelt in euerem Boot, betretet nicht ihre Schiffe. Wir sind Muslime. Wir haben Ehre. Jene, die sich Führer nennen, hütet euch! Euere Strafe ist bereit. Aus welchem Grund ändern wir unsere Zeit? Sind wir die Affen Europas? Sind wir die Diener Europas? Haben wir keine Ehre? Die Muslime haben die Uhr erfunden. Europa stellt die Uhren vor. Ich weiß nicht, ob die Juden oder die jesuitischen Priester das erdacht haben.
Vereinigen wir die Islamische Welt. Wir werden sie anführen. Sie werden der Schwanz sein. Schande auf unsere Könige, unsere Gelehrten, die Präsidenten von Republiken und Führer. Wenn ihr die Uhren nicht berichtigt, Akmaluddin Effendi, werdet ihr Ramadan nicht erreichen. Korrigiert die Zeit. Wir sind nicht die Diener oder Affen Europas. Wir sind voll, laßt Shah Mardan sprechen. Ay Shah Mardan! Jene, die nicht glauben, die Erfahrung ist umsonst. Ihr Grab wird bereit sein bis zum Ramadan. Wer ist Akmaluddin? Wer ist der König? Wer ist der Sultan? Wer ist der Prinz? Das ist egal. Es gibt einen Befehl von den Himmeln. Korrigiert die Zeit! Wacht über die Ehre des Islam! Islam ist nicht Diener Europas! Europa hat die Zeit vorgestellt. Was für eine Arbeit! Wir haben unsere Zeit. Warum der ihren folgen? Gefällt es euch? Wenn nicht, euer Grab ist schon in Vorbereitung. Schluß. Das ist das Thema: Die Umstellung der Zeit. Auf wessen Befehl? Europas. Sind wir die Esel Europas? Wo ist die Ehre des Islam? Sie müssen uns folgen! Unsere Leute stellen sofort die Zeit vor. Ist die Zeit unter ihrem Befehl? Die Stunden sind so, wie sie von den Himmeln kommen. Wer befiehlt, die Stunden zu ändern? Sie sind Ungläubige, die keine Religion, keinen Glauben kennen. Wo ist euere Ehre? Die Ehre des Islam? Sagt Akmaluddin, er soll das beantworten.
O Könige, König des Hijaz, Gelehrte, Erben, ihr alle, statt euch gegenseitig zu bekämpfen, verteidigt den Islam. Sonst werden euere Gräber bis zum Ramadan bereit sein. Dieser Befehl ist schwerwiegend. Shah Mardan, Shahibul Maydan, jene, die sich nicht fürchten, kommt zum Kampfplatz. Drei Tage lang trug ich die Last, jetzt habe ich die Erlaubnis darüber zu sprechen. Über was? Dieses Thema der Zeit. Unser heiliger Prophet (saws) sagte nicht umsonst: "Latattabi'unna Sunana Lladhina Qablakum" - Ihr werdet denselben Weg betreten wie den, den jene vor euch betraten, Zoll für Zoll, Schritt für Schritt. Beträten sie das Loch einer Eidechse,

folgtet ihr ihnen auch. Sagte er das als Lob? Gelehrte, beantwortet das um Allahs willen, Gelehrte Ägyptens, Gelehrte des Hijaz und Gelehrte der Türkei. "Fa Man Tashabaha bi Qawmin Fahuwa Minhum" - Wer sich so macht wie ein Volk, der gehört zu ihnen. Wir sind keine Ungläubigen, warum folgen wir ihnen? Dies ist unsere Zeit. Benutzt nicht den europäischen Stil. Benutzt Alaturka, die Osmanische Art Uhr, daß es bekannt wird. Tragt sie nicht am Handgelenk. Tut sie nicht an den Arm wie ein Armband. Frauen tragen Schmuck, Männer nicht! Ehh! Er hat eine goldene Uhr. Bri! Gold ist für Frauen. Warum bindet ein Mann sie sich um den Arm? Er sagt, es ist eine goldene Uhr. Nutzlos, ohne Wert. Benutzt unsere alten Uhren, die aus der Tasche hängen. Die Schrift darauf ist auch Islamisch. Die Zeit - der Tag beginnt mit dem Sonnenuntergang bis zum folgenden Tag. Achtet darauf. Jetzt hält sich niemand an irgendwelche Grenzen. Akmaluddin Bey sagt nichts darüber. Warum sagst du nichts?

"Wa Antumu l-A`launa in Kuntum Mu'minina" (3:139). Allah (swt) sagt, insofern ihr Gläubige seid, werdet ihr hoch erhoben, ihr werdet hoch, groß sein. Fürchtet euch nicht! "Inna Allaha Ma`ana" (9:40), Allah ist mit uns, sagte Allah (jj). Er informierte Seinen Propheten (saws), als as-Siddiq (ra) beunruhigt war. Allah (swt) sagte Seinem Habib (saws), sag deinem Gefährten "La Tahzan Inna Allah Ma`ana" (9:40). Nun, das sind wir, wir haben unsere Persönlichkeit, unseren Glauben verloren. Wir vertun unsere Religion. Schande. Deshalb kam diese Intensität über mich. Ich halte es seit drei Tagen. Ich bin wie ein Vulkan. Ich fühle mich innerlich wie ein Vulkan. Ich bin arm, nutzlos, aber.. Sie tun Uhren ans Handgelenk. Tut das nicht! Schmückt euch nicht, Schmuck ist für Damen, nicht für Männer. Haltet euere Ringe einfach, tut sie nicht auf den ersten Finger, statt Armbänder Golduhren, alle Arten von Uhren.. Rasulullah (saws) sagte, Shah Mardan sagt: "Man Tashabbaha bi Qawmin fa Huwa Minhum". Seht nicht wie Frauen aus! Unsere Shari`at sagt, Subhanallah!, ein Mann ohne Frau, Akmaluddin versteht meine Sprache.. Wenn er keine Frau hat und seine Wäsche wäscht, sagen sie, mach es nicht so, Frauen machen es so. Ein Mann ohne Frau, wenn er seine Wäsche macht, sollte er es machen wie ein Mann. Es ist so heikel. Ahmt sie nicht nach, seid nicht wie sie. Männer, die auf Frauen hören, verlieren ihre Männlichkeit. Seine männliche Ehre geht verloren. Wenn Frauen Männer kontrollieren, wird die Welt furchtbar, und sie ist jetzt furchtbar. Seid nicht wie sie und handelt nicht wie sie. "Man Tashabbaha bi Qawmin Fahuwa Minhum".

Welches Recht habt ihr, Islamische Länder, dem von Juden und christlichen Priestern erdachten Programm zu folgen. Sie stellen die Zeit eine Stunde vor. Bringt Allah (swt) die Sonne vorwärts oder rückwärts? Was für eine Schande ist das? Welche Ignoranz ist das? Schande. Ich gebe Fatwa für sie alle: Ihr seid außerhalb des Islam, weil "Man Tashabbaha bi Qawmin fa Huwa Minhum". Es ist Macht da. Ich bin nichts, aber ich sage die Rechte der Shari`at. Stellt euch nicht dagegen. Ihr werdet es nicht bis zum Rajab, Ramadan oder Eid schaffen. Ändert die Zeit, schnell. Macht eine Islamische Zeit. Sie sollen euch folgen, nicht ihr ihnen. Der Kopf folgt nicht dem Schwanz. Der Schwanz folgt dem Kopf. 'Meine Frau will es so, sich so kleiden.' Nein! Es gibt keine Mode im Islam. Sie wollen immer noch, im Heiligen Land, die Frauen wollen.. Möge Allah (swt) die Macht des Königs mehren, 'Gib uns Erlaubnis, Auto zu fahren'. Der Rang des Königs wird zunehmen, 'Ich gebe keine Erlaubnis, wenn ihr schreit, wenn ihr mir die ganze Welt gebt, ich gebe den Frauen keine Erlaubnis'. Gut für dich, König! Nehmt das Papier weg, o Muslime. Macht keine Geschäfte mit Papier. Nein. Handel muß mit Gold und Silber sein, mit werthaften Dingen. "Man Tashabbaha bi Qawmin Fahuwa Minhum". Europas Juden und christliche Priester, das ist, was sie befahlen. Sie schafften Gold und Silber ab und brachten Papier. Weder ihr Handel, noch was sie kaufen und verkaufen, ist halal. Das ist Islam.Wir haben Ehre.

O Könige, hört. Dieses Bombardement kommt nicht von mir. Ich mische mich nicht ein. Ich teile nur mit: Richtet die Zeit, bringt Islamische Zeit, benutzt Islamische Zeit, die sich nach dem Sonnenuntergang richtet. Unser Tag beginnt, wenn die Sonne sinkt. Diese beginnen den Tag mitten in der Nacht in Finsternis, unser Tag beginnt mit dem Maghribgebet. Öffnet, öffnet, öffnet sich. Islam! Wo bist du? Shah Mardan, wo bist du? Was kann ich tun? Um dies zu sagen, gaben sie mir drei Tage Vorankündigung. Jetzt, sagten sie, gib ihnen ein Bombardement. Fürchte dich nicht. Die meisten Seelen werden genommen werden, wenn sie ihre Zeit nicht richten. Islam hat Ehre. Spielt nicht mit der Zeit. Und euere Zeit, die Islamische Zeit, nennen sie Alaturka. Keiner der Sultane benutzte westliche Zeit, und diese haben westliche Uhren am Arm, und die teuersten modernen Uhren. Schmuck ist für Frauen, Männer schmücken sich nicht! Männer sind Männer. Was für Dummköpfe sind wir geworden! Es gibt jetzt Shiddah, Intensität, und was sagte der Prophet (saws) darüber? 'Und ihr werdet den Schritten der Nationen vor euch folgen..' (Hadith), sagte er. Er kennt ihre Schwächen, der Prophet (saws). Folgt ihnen nicht! Befreit euch von der

Heimsuchung, genannt Mode, in eueren Ländern. O Frauen, folgt nicht der Mode! Das modische Kleid, das ihr tragt, wird im Grab Feuer sein und euch verbrennen. Löchert nicht eueren Mann, 'Kauf mir dies und das'. Euere Schönheit ist nur für eueren Mann und Mahram (nahe Verwandte). Ändert es, o Könige, ändert die Uhren an eueren Handgelenken. Wenn nicht, gibt es eine 40 tägige Vorwarnung, auf die andere Seite zu gehen.
O Shah Mardan ziehe Dhu l-Fiqqar. Es gibt jetzt Erlaubnis. Sehen wir mal bis Rajab. Ich gehöre nicht zu denen, die monatliches Gehalt wollen. Ich bin ein schwacher, armer Diener. Ich bin schwach, aber seit 3 Tagen halte ich diese Ansprache fest. Allah: 'Wer ein Volk nachahmt, ist einer von ihnen.' (Hadith) Seid nicht wie sie, sage ich. Seht nicht wie sie aus. Wir opferten alles für Europa, Schande auf die Muslime, Schande auf die Prinzen, Präsidenten, Führer. Demokratie.. Welche Demokratie? Möge Hz Alis (ra) Schwert die Köpfe dieser abschlagen, die an Demokratie glauben. Und dann, was taten wir? O, laß die jüdischen Priester kommen, betteln wir, daß sie uns Waffen geben! Welche Waffen braucht ihr? Sagt: Bismillahi r-Rahmani r-Rahim. Es wird sie alle zerstören. Ein Madjzub (von Allah angezogener), einer, der die Macht hat anzuziehen, o Könige, hört. Shah Mardan liest keine Geschichten vor. Er ist Shah Mardan, Eigner des Kampfplatzes, Ay Habibu r-Rahman, Ay Sultan! Sayyidina Ali ibn Abi Talib, Shah Mardan, Sultan der Kampfplätze!
O Heilige, was können wir tun? Um das zu sagen, gaben sie mir 3 Tage keine Erlaubnis. Sie sagten: Sag es nicht. Jetzt kannst du es sagen: Jetzt gibt es Erlaubnis zu sprechen, Glück für die Seelen jener, die hören. Jene, die hören, werden sich retten. Jene, die nicht hören, bis zum Ramadan werden Armeen sie zum Gehen veranlassen. O Akmaluddin Effendi, trage nicht noch mal Hosen, trage kein Jackett, Schlips, verstehst du? Sonst wirst du auch auf die andere Seite gehen. Sie bringen jetzt die, die verstehen. Rajabun Ajayibun. Allahu Akbar! Allahu Akbar! Allahu Akbar wa Lillahi l-Hamd. Dhu l-Fiqqar ist bereit, es wird die Köpfe fliegen lassen, besonders jener, der Führer, die sagen, 'Wir sind dies und das', und die Leute unterdrücken. Vielleicht schaffen sie es nicht bis Ramadan. Ihre Köpfe fliegen weg. Sie sollten sich hüten. Wir sind Ikhwan, Shia, wir sind dies und das. Jene, die das sagen, sollten sich fürchten, zittern. Jene, die gegen Könige sind, die meisten gehen, und Könige, wie gesagt, sollten Könige des Islam sein, ihre Köpfe werden ruhig sein. Sie sollten nicht auf ihre Frauen hören. Wenn doch, werden sie das Paradies nicht sehen. Seht die Feinheit im Islam: 'Wer ein Volk nachahmt, ist einer von

ihnen.' `Alayhi s-Salatu wa s-Salam. Seht sie nicht an oder ihre westliche Mode. Das ist von europäischen Priestern ersonnen.
Sie befahlen, und die Zeit wurde eine Stunde vorgestellt. Was bedeutet das? Sie halten mich 3 Tage zurück, um dieses schwere Bombardement darüber zu machen. Ich bekam die Erlaubnis letzte Nacht. Wie ist meine Rede? Sie ist erstaunlich! Ich habe keine Macht. Ich bin nichts, aber ich bringe diese Welt in Aufruhr, ein Erdbeben.. Ich erhebe das Banner des Islam. Sie sollen uns folgen. Wir brauchen ihnen nicht zu folgen. Oh Könige, Prinzen, Präsidenten.. Rührt die Zeit nicht an! Eure Zeit sei die Islamische Zeit, sonst bleibt ihr ohne Glauben, wir suchen Zuflucht bei Allah. Stellt keine leeren Behauptungen auf. Die Menschen bekommen keine Ehre durch Töten. "Wa man Ahyaha Faka'annama Ahya n-Nasa Jami`aan" (5:32) - Und wer ihn am Leben erhält, so ist es, als ob er alle Menschen am Leben erhält. Tötet nicht! Allahs Befehl: "Wa la Taqtulu Anfusakum" (4:29). Tötet nicht! Ohne Meinen Befehl sollte keiner getötet werden. Sie hören nicht. Sie werden alle zerfetzt. Ich bin zornig, voller Zorn in mir. Ich habe nichts, aber Shah Mardans Macht, wenn ihr euch eine Zigarette ansteckt, werdet ihr im Grab vom Rauch ersticken, wiederbelebt werden.. ersticken.. wiederkommen.. Die schicke Kleider tragen, Männer und Frauen, werden Kleider aus Feuer tragen. Achtet auf die Sunnah, achtet auf den Weg von Allahs Habib. Lebt wie ein Muslim, sonst werde Ich bis Ramadan Rache an ihnen nehmen. Ein Göttlicher Befehl ist gekommen von Shah Mardan. Sie werden alle gehen.
Ya Rabbi, vergib uns. Wir bitten um Diener, die uns unseren Weg zeigen, die den Weg des Islam verstehen. 3 Tage lang.. Sie sagen, wir stellen die Zeit eine Stunde vor. Wie kann das sein? Es gibt Rache dafür. Sie hielten mich für 3 Tage, weil dieses Bombardement nicht vorher kam, diese Macht kam noch nie vorher. Jetzt werden sie niemanden von den Iranern, Türken, Saudis, von Sham übrig lassen. Jene, die nicht zum rechten Weg kommen, werden ins Grab gehen. Frauen, die nicht hören, gehen entweder ins Irrenhaus oder ins Grab. Hört, o Könige, kümmert euch um die Islamische Kleiderordnung. Setzt die Krone des Islam auf, damit euch nichts schaden kann. Warum lauft ihr hinter ihnen her? Wer ist China, Rußland? Werden China, Rußland, Europa oder Amerika die Armeen Allahs besiegen? Wir machen keinen Lärm, aber die Zeit ist da, und das Schwert ist gezogen. "La Tattabi` Khutuwati sh-Shaytan" (24:21). Sie sind alle Shaytane. Folgt ihnen nicht, sagt Allah (swt). O Könige, Mursi sitzt auf dem Stuhl, der Stuhl wird ihm auf dem Kopf sitzen. Diese Person, jene Person, laßt diese Spiele. Kümmert euch um

die Diener Allahs, dient Seinen Dienern. Macht sie nicht zu eueren Dienern.
Parlamentssitzungen, nein! Es ist falsch. Haben wir nicht die Shari`at? Wenn es die Shari`at gibt, warum macht ihr eine Verfassung? 'Ptu' auf euere Verfassung, wo es doch Allahs Shari`at gibt.
Astaizzu Billah: "Inna Allaha Ya'muru bi l-`Adli wa l-Ihsani wa Ita'i Dhi l-Qurba wa Yanha ani l-Fahsha'i wa l-Munkari wa l-Baghyi Ya`izukum La`allakum Tadhakkaruna" (16:90) - Allah gebietet Gerechtigkeit, gütig zu sein und den Verwandten zu geben. Er verbietet das Schändliche, das Verwerfliche und die Gewalttätigkeit. Er ermahnt euch, auf daß ihr bedenken möget.
Das ist unsere Verfassung, Der Quran. O Gelehrte Ägyptens, warum fürchtet ihr euch? Warum fürchtet ihr Ignoranten? Warum zeigt ihr nicht die Majestät des Islam? Ay Azhar, die in der Türkei, Saudi Arabien, ihr alle, fürchtet Allah! Setzt die Shari`at durch, sonst wird etwas auf euren Kopf kommen. Tötet Leute nicht. Versucht sie leben zu lassen. Achtet auf gutes Benehmen. Allah gab euch den Rang des Islam, nutzt ihn nicht auf falsche Weise. Ihr sagt 'hik' und sterbt genau dort. Nehmt diesen Schmuck ab von euerer Hand. Sag, Akmaluddin, Sohn, sag: Tragt keine wertvollen Uhren. Laßt eine Uhrenkette sichtbar werden, und Europa kann unserer Zeit folgen, wenn sie wollen. Wir sind nicht verpflichtet, ihrer Zeit zu folgen. Deshalb habe ich meine Uhr nicht verstellt. Meine Uhr ist Alaturka. Sie beginnt mit dem Sonnenuntergang. Diese stehen auf dem Kopf: Der Tag fängt mitten in der Nacht an. Kann der Tag mitten in der Nacht anfangen? Habt ihr kein stabiles Maß? Die Tageszeit ist zwischen Sonnenaufgang und -untergang, danach ist Nacht. Die Shari`at hat Tag und Nacht bestimmt. 'Nein, wir denken uns dies und das aus.' Nun, ihr werdet zusammenbrechen, wenn ihr nicht auf diesen Rat hört, Irans Führer oder der Führer der Türkei oder Ägyptens Betrunkener oder in Saudi Arabien.. Diejenigen, die Autos und Flugzeuge mit Arroganz fahren. Laßt das, reitet auf Kamelen. Es gibt euch Ehre. Unser Meister (saws) ritt Kamele.
Geht so hinaus in die Arena, mit einem Schwert. Fürchtet euch nicht. Islam ist das höchste. Muslime haben Ehre. Ändert nicht die Zeit, ihr werdet das Ende nicht erreichen, Ignoranten. Wir hoffen, Allah (swt) läßt uns nicht einer der Ignoranten sein. Wie könnt ihr Muslim sein, wenn ihr nicht mal die Tage oder die Zeit kennt? Wie können wir mit Muslimen umgehen? Wir sind die Köpfe, sagen sie. Sende uns einen Sultan, der die Muslimwelt zusammenbringt und die Welt des Kufr erzittern läßt. Sende uns einen Sultan, ya Rabbi! Allahu Akbar! Allahu Akbar! Allahu

Akbar wa Lillahi l-Hamd. Fatiha. O Prinzen, o Prinzen! Ihr seid verantwortlich am Gerichtstag. Bereitet vor, wie ihr antworten werdet. Wer unter dem Banner des Propheten (saws) sein wird, werdet ihr sehen. Wer weggeschickt wird von der Quelle Kawthar, werdet ihr sehen. Ihr werdet sehen, wer den Sirat nicht wird überqueren können. Aman ya Rabbi. Tawba ya Rabbi. Ich bin ein hilfloser Diener. Ich bin zornig auf mein eigenes Ego. Ich bin wie ein Vulkan für alle Islamischen Nationen. Dies sind die Wege, euch zu retten. Shari`at Garrawun Ahmadiyya. Welche Verfassung? Wenn es doch die Shari`at Garrawin Ahmadiyya gibt. Sie sagen: Wir machen eine Verfassung. Wer seid ihr und euere Erfindungen? Warum mischt ihr euch ein mit der Verfassung? Seid ihr Gott? Ich schäme mich zu sagen 'Allah'. Wir machen Gesetze, Verfassungen. Macht sie und ertrinkt darin! La Hawla wa la Quwwata illa Billah. Fatiha. Also, 3 Tage lang hatte ich keine Erlaubnis, diese Rede zu halten. Wer will, kann nehmen, wer nicht, kann sein Grab bereiten. Fatiha.

**For Twelve Months There Are Twelve Moons!**

(Mawlana Shaykh stands)
Bismillahi 'r-rahmani 'r-rahim. Ya Rabbana, we are saying a`udhu billahi min ash-Shaytani 'r-rajim. Bismillahi 'r-rahmani 'r-rahim. Ya Sayyidi, Ya Rasulullah! We can be on right path; you are our guide, you are guide for whole creation, Ya rabbi ziddhu sharafan! We are asking, Ya Rasulullah, your intercession and your heavenly support for your weak nation and are asking from the master of this world for the honor of this holy month to dress greatness, power, heavenly honour, we are asking Ya Rasulullah, shafa`ah Ya rasulAllah, Alfu 's-Salaat, Alfu 's-Salaam, Ya Sayyid al-awwaleen wal-akhireen. You are only one, representative. (Mawlana sits.)

Marhaban! Ahlan Wa Sahlan, Ya `Ahl al-Islam! Marhaba, Ya Shahrur-Rahmah! (A gracious and wide welcoming to you, O people of Islam! Welcome, oh month of Mercy.) Through this holy month, we are asking more and more power, ability, capacity to be more closer to heavenly presence of the Lord of Heavens. Oh people! Don't think that I am knowing something and asking to say to address to you. Oh people that living on this planet! Take my words (as a) heavenly addressing, bayaan.

Oh Muslim world! We are listening and obeying! Come and listen (to my) my Master, that belongs to heavenly presence, that granting us something (to) ourselves to be prepared for divinely invitation! Destoor, Ya rijalAllah! Through your permissions, we are asking heavenly support. Through yourselves, Oh masters of this world, Oh Beloved ones in Divinely Presence, we are asking humbly (for) a heavenly support because material support, it is nothing, material support; it is like barley to a donkey. What barley (is) giving to (a) donkey, material support gives us in such a way. We are not asking such a support; we are not asking support from material aspects, but people are running after material aspects or material wishes. Yes, we are not asking (for) material support; material support is for animals! Yes, if we are belonging also to animals world,

but we are not animals in real meaning. Real meaning for every living creatures you may use, but for ourselves to ask, what animals' world need if only we are living to reach we are going to be 100% animals world?!

Oh mankind, if you are belonging to animals' world but your mission is not of animals, your mission to something else from Earth up to Heavens. So long distance among animals' world and Man's human world. Both of them in need (of) something for eating and drinking, but our eating and drinking must not like be animals' world eating and drinking. We are human, and nature belonging to animals' world, but our mission is not same mission of donkey, mission of cat, mission of dog, mission of horse, mission of wolf, mission of fox.

Foxes (are now) very happy! They are saying, "Ohhhhhhh! Deputy of our Lord just speaking about ourselves and saying my name! That is a big honor, to be reminded by Deputy of our Lord, which high honour for us very happy running, so happy! Save your souls, honored ones, because our Lord's Deputy saying our name and we must run to find, to be fat, good fat, Ooohhh!"

Today, we are so happy! Therefore, we are asking from our Creator, the Lord of Heavens, for the honor of His Deputies, because they are saying our names. They are asking a fat chicken, we must run to find a chicken but not be on bones, no. Fat today! We are so happy because we have been honored to be mentioned (and) our names look (are seen?), that is a creature going to be so happy if a Man belongs to human nature to be declared, going so happy, honored you (who are mentioned)!

Oh Man, you are thinking on such a point, (and) they are so happy to be declared through Man's speech. Oh Mankind, why you not going to be honored one, to be your names declared in Heavenly Presence of the Seal of Prophets (s), to be (said), "From my nation (are) Ahmad, Hasan or Mahmaud". So good things today to be declared on the speech of the Seal of Prophet (s)! Why they are not trying to be declared in the Seal of Prophet's (s) holy presence? That wolf is so happy when we are saying its name, but Men now, mostly men, never trying to be declared or dictated in Heavenly Presence of the Lord of Creation. Who is thinking such a thing?

It is mentioned through holy books, all of them and last one, Holy Quran, (are) declaring, "Yaa Ayyuha'n-

Naas! Naas, Oh Mankind, the Lord of Creation giving such a high honor (and) you are in it!!! Oh Mankind, honor to you! I am calling you to give to you more honor! Why (you are) escaping, why running (away)? Angels (are) cursing (you, oh Man!)."

Men now living on this planet (are) not thinking; they are trying to be like an animal from countless animals. One kind, they are only thinking to enjoy with their physical beings and they are not thinking that honor coming for heavens, and its aim to address to you! Oh Man! You have been given big honour from heavens. You are not taking care; you are like fox stealing from other ones. Oh Mankind! This is holy month, not only holy month, holiest month! That Honor, Who created this world and created on this planet everything, and also appointed moon to run round our world and giving each moon, each month, different honor, (and it is) most honored one!

Through twelve months (there are) twelve moons. People thinking only one moon, new moon, getting up. The Lord of Heavens (is) not making photocopy, not using second new moon, new creations, new lighting. Therefore, heedless people are losing their minds, because every time they are not seeing second view, not I am asking what panorama, what does it mean? A new creation coming as they are saying that everyday, "Allah has one son." No!!! Sun rising, every morning a new sun rising, and moving, and giving its light (until) last hours of day coming down, coming down, and disappearing. And he (Sun) is saluting, saluting; its saluting giving its high glorifying to its Creator and coming on sajdah and running through endless Power Oceans, (and then) through the Lord of Heavens (a) second day coming, new one.

They are not understanding such a thing, subhanAllah, putting 360 rising places for a new day, beginning for a new sun and it is 365 daily coming, not using used ones! Allah Almighty is Creator and His creation neverending! People running after so many theories, saying one sun getting up and setting down. No, it is not something heedless man, doctors, heedless scientists as you are looking, no. You believe and you may understand. Before, they are not believing; for them, only one sun for believers, countless sun rising and setting, make research on it, if you can see a new one. New one, for where coming from white holes and running into black holes and creation working?

Oh people! Try to learn, to know something, if anyone (says), "No, give your proof, that (Rasulullah is the) most beloved and glorified and most majestic one in My (Lord's) Divinely Presence," to learn, say to them,

"Heavenly knowledge granted to heavenly ones. It's not the same (as your knowledge). They are like ants to find something, and you are finding nothing and you never reaching any understanding. Don't make heavenly beings as your thinking, it is not such a thinking, you are thinking and it is that one, you are like an ant and looking to space."

SubhanAllah. Endless glory for the Lord of Heavens' new moon! Therefore, we are saying (that a) new moon coming (every) twelve months. Don't think all of them all same, no. Perhaps being cheated through Shaytan. No, you must learn holy books' every secret knowledge, every secret wisdom in it, but you are not understanding. Leave that book written by Dr James or Dr Jameson or by George Thompson! Leave that book and look at holy book granted to you! We (Allah) never left anything out of our holy book sent to you. You can find oceans of knowledges and wisdoms, look there!

And mankind (is) running, running, running and reaching to nothing, only reaching to headache! Ha ha ha ha, giving to them headache! So many books: one book from pre-Eternal to Eternal, look to find everything in it, why running away?? ONE BOOK FOR MANKIND, OH WAHABI PEOPLE, TRY TO COME AND LISTEN! And most of your (followers') language is Arabic! Oh people, come and listen!

But they are making me to speak, they are making me to declare a declaration (from Allah): "Oh people, Oh My servants! Just sent to you My Holy Book for understanding, to be understood. LOOK IN IT! And take the holy book I granted to My servant; it is like a drop from oceans. (What) We are putting in it is only a drop. Space for understanding, and your Lord's wisdom and power oceans, no beach, no depth! Leave that and come and take from heavenly oceans! No depth and no beach for it! Oh people! COME AND BELIEVE! Come and taste for that millimeter cube, a taste you should also find for you an ocean! For you countless, your Lord granted to you! And angels never reaching and angels asking for that endless granted to them, and the Lord saying, "No, I am creating new ones to be My deputy!"

Oh people, how you are wasting your valuable life? Come and understand. Don't try to make Islam down, nor any of your beliefs. What you are saying now, which books will say to such an Oceans? OH UNBELEIVERS, OH NON-MUSLIMS! May Allah forgive us and grant us a good understanding (that) can't be through your mindly production. You can't understand such a thing through your mentality; you can only understand through your heavenly grant. You are in spirituality, which is biggest grant from Allah! And may Allah forgive

us.

## It is Forbidden for Pregnant Ladies to Have a Scan or to Go for a Check-Up

Most people today when they want to do something never ask if it is acceptable within the Sharia. That is why so many problems and sufferings are a result. No-one, for example, asks whether the Sharia allows a pregnant lady to have a control done, or not. It is haram, it is not allowed. It is terribly harmful and causes so much damage for the baby's organs and the rest of its body. This is well known, but our people have no mind! My own daughter-in-law went just once to have a scan done and my grandson was born with a harelip. The scan damages babies inside the womb of mothers.

I am calling all muftis to give a fatwa making it haram for mothers have a scan done. This should be announced in every mosque, because it is so important. So many mothers come and complain to me about various illnesses their children have; holes in their heart, damaged eyes, deafness, malfunctioning bladder, unstable feet...

You cannot imagine how many things can be wrong with a new-born baby which were never heard of before! In 90% of the cases the cause is the scan. Oh mothers, don't let your unborn babies be scanned!

## FOREVER TO BE FREE from the PRISON OF TIME AND SPACE

As long as we are within the limits of time and space we are forced to carry heavy burdens on ourselves. Therefore we must ask Allah Almighty to take these heavy burdens away. The Spiritual World is beyond time and space. Therefore we know that there is no time and no space in the Spiritual World.

Hence we must try to develop our Spiritual Bodies to escape from this burden that we are carrying. If we do not go beyond time and space our souls which has come from the Spiritual World to our bodies are going to be locked up like in prison, which is the prison of time and space. We must ask Allah Almighty to forgive us because we are trying to escape from His Will. We keep thinking that it is better for us to be in prison, living for Dunya, rather than be out of time and space.

All of the Prophets (peace be upon them), including the Seal of the Prophets Sayyidina Muhammed (on whom be peace), gave teachings and methods to mankind to save them from this prison and to give them their freedom. But mankind due to their desires are not following the teachings or the methods given to them because it may become a hindrance to their desires. Therefore anything that does not prevent them from their desires is what they seem to

be calling freedom. This is the understanding of the common people. They do not realise that they have become slaves to their desires. How can there be freedom when they are slaves to their desires.

Therefore when Prophets came and called Mankind to accept their good teachings and methods, which they brought from the Heavens in order to break the bondage of slavery on Earth and to make them free and to make them reach to Heaven, they run away saying, "No, you have come to make us slaves, and to take our freedom away. You are trying to put us in prison by bringing haram and halal to us." This is the understanding, today, of the common people of this heavenly message.

Abu Jahil and others refused to accept the teachings of Sayyidina Muhammed (on whom be peace), and went against the Prophet (on whom be peace), saying, "No, we do not believe in you and we cannot accept you and your discipline. Originally we never accepted any discipline, we want to be free of all what you are saying. You are telling us the wrong things, the things that we do not like to do. How could we have freedom if we listen to you because by listening to you we are becoming slaves". They did not realise that they became slaves of Shaitan and not of Allah Almighty.

Since they were slaves of Shaitan they did not want to accept. Shaitan was telling them not to accept these holy teachings because by accepting it they would have lost their freedom. The same mentality has been there throughout the centuries and particularly more so in this century. They are trying to run away from Islam because they think that in Islam man does not have his freedom and more particularly that there is no freedom for women. More than half the population thinks this way and they are wrong. Shaitan and his representatives are saying to women, "Do not accept Islam, by accepting Islam you are going to loose your freedom. You cannot be free as you wish to be." The mentality of women has become such today that they say, "we refuse to come to Islam. In our countries we do not want the government to have Islamic laws, Sharia, because we will then loose our freedom. We do not like to vote for the people who try to bring this law of Islam (Sharia) to our country."

Shaitan is teaching them not to accept Islam and that by accepting Islam they will be loosing their freedom. Women have reached to the lowest levels possible today. Yes, women of the 20th century have reached the lowest levels. Finished. Men are dealing with women today even as they deal with animals. They are degrading them by not giving them the honour that is due to them. They do not give them their rights. Are these the freedoms for which women are fighting Islam. They fight against Islam because it is preventing their animal desires, which they need so much. Islam does not agree to this.

Islam teaches discipline to save humanity from being on the level of animals, and to take people to the ranks of Heaven. This is the target of Islam. These are the views and teachings of Islam, which is to save people from the level of animals and to take them to the ranks of the Angels.

# There must be for every movement an engine or a force to push or to pull

Lanatu-llah ‘ala’l dhalimin wa kafirin...Rahmatu-llah ‘ala’l mu’minin, muhlisin, sadiqin...
Audhu billahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim.

There must be for every movement an engine or a force to push or to pull. Without using a power nothing is moving. Everything inexistence needs a power. If no power reaching, no work can be done or no movement may appear. Therefore- we are Muslims, we say that we surrendered to Allah Almighty and his commands, we say: ’O our Lord, You are our Lord, You created us and we are Your servants, accepting every order that You order to Your servants to keep, and, as we are servants, we are asking to keep Your high respect.’
When we hear an order, we must be so quick to stand up, to run and to fulfil or to do that command of Heavens, the command of the Lord of Heavens. So that we are in need a power. These associations are traditional power stations. Who is asking to do something for Allah Almighty must ask from the power station something to be given to him or to her. As you are in need for your physical body to eat and to drink; if not eating and drinking, you can’t move, but when you eat and drink you can do so many things.

But important is to work or to do something that makes Allah Almighty pleased with you. When you eat and drink. You are full with power, but where do you spend that power? You must know. Everyone who is eating and drinking feels a power through himself, but not everyone is doing what is good for himself. He may do so

many things that may be against himself. As a person doing something, putting a rope around his neck and tying it on a high place and leaving himself (to fall down). Then going to finish, going to die. It is a movement, an action, but that action is killing him. So that there are so many actions against mankind; harmful, dangerous. If not appearing today, tomorrow going to appear; if not tomorrow, going to appear next week, or next month, or next year. But must come. And what they are doing from harmful works, if not appearing here, but must appear, and then after death going to come in front of him what he did.

Therefore- for our physical being that asks power to move and to do something through this life on earth, we must eat and drink; that supports our physical being. But important after that is to be able to control oneself and to look: 'What am I doing?' If no control on himself, he is going to destroy himself, his personality, his physical being, his future here and hereafter.

To be able to make a control on our works we need such associations, so that when we get out from the real safe way, we may take ourselves back to the safe way. It may be enough for a person once a year, perhaps it may be enough for some others through several months, and for someone enough to control himself through one association, because associations give power to our souls, our spiritual being, for controlling our physical being.

Anyone who is going to be unable to control his physical being is finished. Your physical being must be controlled, and this association helps those who attend to be able to control it. As a person riding a horse- if he is not able to control it, it is dangerous. It is good to have a horse, you may use it and it may help you, but only if you can be able to control it. If not, the horse is going to be dangerous for you. And the ego- one ego is perhaps more powerful than 7o horses, and to control it is more difficult than to control 7o horses. Because the ego is like a dragon with 7o heads. No creature can be more powerful in sharr, evil, than our ego. Our ego is so powerful. No creature may do what our ego may do. At least 7o times more it may do evil and be a devil.

Therefore it is not a simple function. Don't think it is so easy for people to able to make a control on their egos. And most people walk under the command of their egos and are slaves of their egos. The ego never gives an honour to you, but makes you down, disrespected. It never respects you, never gives any respect, and it makes you disrespected. A servant through his service may be respected. If you are working for someone, he may respect you for your good service, but the ego never says to you: Thank you. No. To be able to control

the ego is most important. And you cannot take this power, because it doesn't need horse power- the ego only may bow on front of spiritual power and nothing else. Never bowing itself Even Sultans, Kings, and Emperors bow in front of their ego, but egos never bow in front of Sultans, Kings or Emperors. It always calls them: 'O my slaves, come here. Now I like this or that, I like you to do this or that for me.' Ordering. The ego orders Kings and Emperors like someone ordering his slave. And the ego never understands material force; it only bows in front of spiritual power.

One person was walking on his feet through a countryside, through mountains and desserts. He was seeing someone who just appeared at the horizon, riding some creature. Until he came closer he couldn't know what was that creature. When that person passed, he saw that it was a man riding a tiger and catching a snake in his hand like a whip. He ran away from that person and asked: 'O my Lord's servant, how you reached to that?' 'That is my ego, I am riding on it. I may make it a tiger, a lion, anything and anyone. Even a dragon I may ride, and this whip is my power to control my ego. It is the whip of Schariat. I am treating my ego like a tiger now and I am controlling it with this snake, the whip of the Schariat. If you can do this, you can ride a tiger also, no need for a saddle, no need to put irons on it. Through the blink of an eye I may reach from one horizon to another without tiring. If you can do as I am doing, you can make your ego like a tiger and ride on it; it is so easy. If not, your ego will ride on you, making you its donkey.'

To be able to control our ego is important. A person like that is going to be really surrendered to his Lord as a servant. And granted to that one the title of 'Servant of the Lord'. If not, he is going to be named: 'Slave of his ego', ego's slave. That is the title of common people now. No control. Even governments and states- everyone is under the slavery of his ego. No one is controlling, because no one takes care how he should be able to make that control on his ego. No one is asking: 'How we can save ourselves from our ego's slavery?' And really they are not looking and seeing, because they are drunk and heedless people, not understanding that they are donkeys of their egos. Instead to ride on it, they carry their ego.

Therefore- the life of uncontrolled people is a heavy burden, and especially in our days that people are accustomed to the very bad custom to be slaves of their ego 1oo%. When the material possibilities to give what their egos are asking are getting less, when that area to answer the ego is getting less, the whole world gets crazy. All people are like crazy ones now, because their egos ask something and order them to bring this and that immediately, but there is no more possibility to bring everything. That is crises. The main reason for

the crises is that point, and not anything else. Everything is as before, but the ego is asking more and the person can't be able to give what the ego is asking, and so the ego gets crazy and forces man; depression is coming on them and countless sufferings on earth now. This is the reason, one reason: People are not able as before to give what their egos are asking, and they are slaves for their egos.

You must try to reach freedom! People say: 'Freedom!' They are liars, not knowing what is real freedom: To save oneself from the hands of one's ego, becoming free. Those who are under the control of their egos are not free, they are slaves, and slaves can't be free. You may write everywhere: Free slave- what is that? Yet he is slave- you think he is free? No. Now people are only free by name, but really they are not free, because they are slaves. That is another cheating for people, another big trick for cheating people, that freedom. This nation is asking freedom, another nations is asking freedom- for what? What is the benefit? If by name going to be given to be free ones, but yet they are slaves. It is not going to be by name only.

At the beginning of the 2oth century there were colonies. Every colony asked freedom from the Europeans and Europe gave it to them. In Africa, when I was in elementary school, this big continent was only ten territories, no more. Now perhaps there are 65 or 75 new states under imitated names, and the Congo alone is divided into ten states, and every state has another name. This big dessert in Africa was only one, a French colony. Now perhaps there are ten or twenty new free countries, saying: 'We are free.' Never! Cyprus asking freedom- first Greek people asking freedom from the colonial government, and we asked also, both sides, but yet every side under their egos' control, not free. Only our name is free country, but people are yet slaves for their egos. The whole world is under the hegemony of the ego; there is no free country. America is saying, but never. More than other countries America is slave of the ego. Western countries are more than Eastern countries slaves of their egos, because they have much more possibilities to fulfil their physical beings', the ego's, desires.

And we are asking to be free from the slavery of our egos, so that we can be Abd-u-llah, servant of Allah Almighty. Therefore, as our Grandsheikh, the inheritor of Rasulullah, said: 'If anyone is asking to reach full control on his ego, he must attend such meetings.' They give to you some spiritual power, so you may be able to make a control on your ego, and you should be soon free. When you are going to be free, Allah Almighty accepts you to be His servant, but when you are occupied, no room for the service to Allah Almighty.

## For everything there is a protocol

Destur ya Sultanu-l Anbiya, Meded, ya Sultan-l Awliya, Meded a Rijalallah, Meded ya Sayyidi and Sultanu-l Awliya, Destur! Ya Rijalallah alhimna rushdana...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

For everything there is a protocol. Without protocol that means we are a group of creatures that belong to animals world. Through animals’ world (there is) no protocol. In jungle there is protocol? Do you think so? If a community (is) loosing (the) protocol, just they (are) falling from their human being level down and coming to be with animals’ world. Through animals’ world (there is) no protocol. (They are) free, (there is) freedom through desserts, freedom through jungles. And now Shaitan (is) urging people, particularly youngsters, not to have any protocol.

As when Allah created (the) ego, nafs, (He was) saying: “Come to Me” and it was turning back and going. And (when He was) saying to him: “Go away”, (it was) coming back. That means: (the) ego (is) never accepting a protocol, even from his Creator. And Allah Almighty is giving such knowledge to His honoured and chosen servants, (the) Prophets, through traditional knowledge that is heavenly Knowledge, to teach His servants (about the) protocol. And when He is informing His servants about their egos, (He is) making so clear its qualification or speciality or real characteristic. You must know! If you are asking to know about someone,

you must know his characteristics. If you are not knowing that one's characteristics, it is difficult to work together or to be with him or to leave him.

That was at the beginning of our ego's creation. The Lord of our egos (was) saying to him: "Come to Me" and it was turning back and running away. When He was ordering to him: "Run away", he was coming and facing to his Lord. That means: No protocol. Through protocols there are Rules and Commands and Orders. That is real protocol. And then Allah Almighty (was) asking to show His servants to give some knowledge about our egos why he did like this, ego? When He was ordering, his Lord (was) ordering: "Come", and (it was) coming back and (when He was) saying: "Go back", and (it was) coming forward. (To show) what is (the) reason, which thing (is) making our egos to do that, Allah Almighty (was) asking: "Who are you, who am I?" To make (it) clear and the ego was saying: "I am myself", and: "You are You and I am myself."

That means: he was declaring to be independent, for himself, and to do independently everything as he likes, that means: Never accepting any protocol: "I may do everything I like to do" or: "I must leave everything that I am not interesting to do that." Real point Allah Almighty (was) showing, (the) real point, (the) real reason why he was always coming against his Lord's Command: that he means or he was believing or asking to be his situation as his Creator's situation, (saying:) "You are You, and I am myself. If You are Commander, I am also commander and I am that one, (that), as You are not getting under anyone's command, I am also now, I am never accepting (anyone) to be commander on myself. I must be also like You independent!"

The Lord of Heavens (was) teaching the characteristic of our nafs, our egos. Everyone has this and their nafs- if you leave it- it is asking only to eat, to drink and to enjoy with his physical desires, as animals- they are interesting only for eating, drinking and their sexual activities. Anything (else) you (are) knowing for animals? Therefore they are not in need for protocol, they are free.

Now Shaitan (is) urging people to say: "We are free ones" and (the) most suitable area for our egos to live through their freedom (is) the field of democracy. (The) democratic system (is) saying to everyone: "You may take your freedom! We are not keeping any protocol from Heavens, originally we are not accepting, we are not believing (in) any involvement from Heavens. Heavens is in our sight like (the) tales of fairies, no more. Therefore we must be positive people, we must live imagination and dreams", as nations lived and spent their whole ability, capacity and energy through their imagination, through their wrong ideas, through their fairy

tales. They spent it and for the sake of their dreams and for their imaginated worlds that they are believing through some people that there is Paradise and Hells, they did a protocol that this protocol (is) always making them (to be) through a trap- never leaving them to do anything as they like. That means: They were keeping protocols and claiming (that) these protocols (are) from Heavens and they were making their freedom through that imaginated protocols, making trouble on themselves and they were not living as they like. And shaitanic teachings (are) for destroying humanity. (His) first aim (is) to take away heavenly protocols. Doesn't matter. They may do artificial protocols as they like, according to their egoistic desires they are doing something, but it is never going (to be) a real protocol. Therefore we are speaking on protocols that for everything there is a protocol. Man's life must be through protocols, what I said now that they are making me to say.

Asking from Allah to look after ourselves and to guide ourselves, it is too much, because to call Allah to do something individually for yourself is not a protocol, no. It is not protocol. (The) protocol is in another way. The Lord of Heavens created man on this planet and He was dressing (him) from His divinely Honoured dressings. (Adam), the first man, (and He was) making him to be (the) Qibla, (the direction) that our hearts have been asked to turn towards. That is what we are now turning to: (the) Kaaba, the House of Lord. It is for our materials Qibla, but it is not (the) Quibla for our spiritual being. (Our) spiritual beings' Qibla is S. Muhammad sws. You must turn to him! That is protocol, real protocol. Not as they are saying: "We are asking from Allah."

You know Allah? Who He is you know? Your representative, your ego, was saying: "Who? I don't know anything for You. You are You, and I am that one!" Our ego is never declaring Allah Almighty's Existence; (it is only) declaring existence for himself, therefore- how your ego (is) coming to declare the Existence of the Lord of Heavens?
Therefore- (the) first Qibla for mankind was Adam a.s. It is protocol. You must come to him and to look to him and to follow him, because his face (is turned) to His Face and your face must be to that Adam's face. Adam was Qibla.

And then every time- the world (was) never becoming empty from Qibla. Therefore (it is from the) Adab for Tariqas also: they are saying their Sheikh is Qibla. That is protocol also. Through that Qibly you may find your way to (the) real Qibla Rasulullah sws, that all (are) coming and joining in his divinely representation.

He is (the) only one representing the Lord of Heavens! Therefore we are saying, asking from Allah: “You know Allah?” If you know Allah, it is okay. But you don’t know!

Every Prophet (was) coming to teach people to know their Lord Allah Almighty and no any nation can pass, leaving their Prophets and pass forward to Allah- they must (all) pass on that bridge! If you are not accepting bridge and you are saying: “We are not in (of a) need bridge, we may walk on water”, water takes you away. You must use (the) bridge. No mind people (are) leaving (the) bridge and (they are) saying: “I must pass over water.” Yes, you may be able to pass over water, if you are a full keeper of (the) heavenly protocol. (Then) you have been granted such power to walk on water.

After the Seal of Prophets sws, (the) Sahaba, his disciples, Companions, they were moving towards East and West to reach people with heavenly Lights and Muslims armies were moving from the heart of Medina Munawwara through East and West; they were taking their powers from the heart of Medina Munawwara. And one of that armies (was) turning towards Iraq and Iran. Iranians were not Muslims and (the) Sahaba were running to take (the) Lights of Islam to Iranian people. They were making their roads (ready) for fighting and (the) army of Islam was coming, in front of them there was a river, Tigris or Euphrates- one of them. When army of Muslims (was) reaching to that huge river, one Sahaba that his name is not on my memory now, he was first on his horse rushing on (the) river and he was walking on it as a person (is) walking on earth and after him (the) whole army with their heavy equipment, everything that they carried for their army, was passing after him as they are walking on asphalt. When (the) Iranians (were) looking these people (are) running on that huge river, they were saying: “These people are not from mankind; may be they are Jinn, we can’t be able to fight them. Run away, because they are Jinn, you can’t be able to fight them!” Running away and leaving everything...

Yes- someones are not in need (of a) bridge, because they are bridge. Becoming bridge, because (they are) keeping (the) real protocol that I mean to say: heavenly protocol. They can do; (the) earth (is) under their command. But who (are) not accepting (the) heavenly protocol, (the) earth (is) never going to be under their commands, no, nature and world (are) fighting to them, never giving way to them and cursing them, (saying): “You are cursed people, never accepting heavenly protocol, go away, Demon you!”

May Allah forgive me and bless you! For the honour of the most honoured one in His divinely Presence, S.

Muhammad sws, Fatiha.

# FORGETTING ALLAH ALMIGHTY is worse than THE COMMITTING OF SINS

Assalamu alaikum. He is the only One who does everything as He likes. All power is with Him. He is Allah Almighty. We are nothing. Oh! Children of Adam, He has blessed you with the dressings of servanthood and this is the highest level and the highest honour for you by the decree of Allah Almighty the Most Merciful, the Most Beneficent and the Most Magnificent. Everything is in the hands of Allah Almighty.

Audhubillahimina shaytani rajim and we are running away from Shaitan to Allah Almighty and we are saying Bismillah ir rahman hir raheem and we are asking “Tawwaju.”

As the sun rays are falling on the earth Allah Almighty dresses His distinguished servants with lights. Divine light may shine on your heart. If such a light does not shine on one’s heart, heavenly blessings and honour never reaches to them.

People now do not ask for forgiveness from Allah Almighty. They must say, “Oh! Our Lord forgive us!” They should say this, but they are saying instead, “Why are we in need of forgiveness? What have we done that we should ask for such forgiveness? We are not doing so many bad things therefore we are clean people.” This is indeed a foolish

declaration. This is nonsensical thinking. Yet they say, “What wrong are we doing to ask for forgiveness from Allah.” Yes, they think that they are doing every good thing and they also think that they are sinless. This is why they say, “I did nothing wrong, why must I ask forgiveness from Allah. I have done nothing wrong.” This is a shaitanic idea and shaitan keep telling them, “You must say, ‘I did nothing wrong so then why should I ask for forgiveness? What wrong have I done and we are doing our best and everything is ok”

At least we must ask Allah for forgiveness for forgetting Him. There is a dua (prayer) of the Prophet (sal) when he was asking, “Oh! My Lord don’t make me to forget You – if I forget You I will be falling into darkness.” Such was the prayer of the Prophet (sal). Yes, the biggest sin is to forget your Creator. How can you forget Him when you are still breathing? But shaitan makes them say that they are not in need of forgiveness..

Asthafirullah! To forget him is the biggest sin. To forget Allah Almighty means that you are only with your ego. To forget Him means to take God away and to accept that there is no Creator. This is why they say, “there is no one controlling us.” The scientists are also saying this today.

But we say that even an atom which may perhaps be the smallest thing in existence cannot be without someone controlling it. Who created that atom? He created it and is also controlling it. Then what about yourselves? And you are thinking that you are not being controlled. If you claim that you are not being controlled, you are worse than the cattle in the meadows which think that it is under someone’s control. The cattle think in this manner because that is their level and because they have a different understanding and through this understanding they know that someone is controlling them. They never feel that someone is not controlling them and that they are existing by themselves. But foolish people are worse than these cattle as they think that they exist by themselves. This is the biggest ignorance.

These foolish people do not understand this. They are like meadow people. Give your attention to me. The biggest ignorance that has come over the 21st century people is

that they do not believe that someone is controlling them. Even an atom is under control and there can be no existence for that atom by itself. Is it there in being without any control from outside? Who is making the center of the atom? Who is making the electrons in the atom run round its nucleus or center? Who is making light travel at such speed. But people never think on these matters. They only say, “They are not being controlled.” But this is impossible. If an atom is under control what about yourself. You are a collection of atoms, millions and billions of atoms, trillions and quintillions of atoms. If this is the case how then are you not being controlled?

But people are drunk now and they say that, “there is no God.” How can they say this? But still they are even preventing in schools to say the name of the Creator, Allah. What is this foolishness? How can one claim that no one is controlling the sun, the seas and the continents. They say that this belongs to positive knowledge. What is positive in this knowledge? Even the apes will laugh at them. For example the donkey may say, “Oh! Professor, I know that I am under control and I know that I am being controlled by mankind”. You however say that you are not under control and you are lower than the level of this donkey. Finished and mankind has been cast into the dustbin like rubbish.

This is why the awliyas are saying that there will be so much of death. There will be storms of deaths and floods of blood. No! Not floods of water but floods of blood. This is because they say that they are not being controlled. At least say, “we are being controlled and He is our controller.” Can anyone else be our controller? But 21st century people are on the top level of ignorance. This is why they have begun to eat each other. They are undergoing punishment.

This punishment has just begun. Today will be better than tomorrow. Yesterday was much better than today. Everyday it gets worse and worse. This is because people today do not accept to learn the truth and reality. They are running around like people intoxicated by drinking. They do not want to ask as to how things happen. How does the sun, rise and set. How is the world rotating around itself and how is the earth going around the sun. The solar system is also moving in a certain direction and this is its

orbit. The solar system is in a galaxy and the galaxy also has an orbit, which has been set down for it. Who is organizing and arranging and controlling all this?

The people have come to an end, and they are finished. Allah Almighty says, “I am giving my oath and I am making them to be controlled by me and all the heedless people and all the ignorant people will be in a place where they should be forever punished and will be under the cursing of heavens upto eternity.”

Oh! People, our lives are very short. We have not been ordered to collect this world or dunya or money. No. We have been sent here to be the representative on this earth of that Heavenly Being. He granted us to be his representative or khaliph on this Earth. He ordered us to collect good and precious things and not to run after dirty things that have no value. But due to the shaitanic teaching and due to the shaitanic system people from east to west and north to south now are running after these dirty things. May Allah forgive us.

For everything there is a limit. Even in our lives we may come and go but still there are limits. When something reaches its limit it must finish. Do not think that the life of mankind is going to be forever. No. One day Allah Almighty shall collect their souls. Then they will be falling down as dead bodies. This is approaching nearer and nearer. This world is not a new world. Do not think that because of your high rise buildings and your technology that this world has been turned into a new world. No. He who created this world and this planet has put a limit on it. One day this planet shall disappear by His Holy Command. Then there should appear another land on this earth. Everything will be like sand and you will not be able to find a stone even of the size of your fist. You may not be able to find this because so many heavy earthquakes shall grind them into sand. Even the mountains will run against each other and will be like sandy land. Then Allah Almighty shall collect all the people to come to His judgment. Allah Almighty shall then give judgment for the whole of mankind. This is so near now because the signs have appeared.

And the Prophet (sal) was saying, “If my nation is going to be on a straight path and are going to be true ones Allah Almighty shall give them “one day.” If they run on shaitanic ways there life will be half a day. One day means a thousand years and half a day is five hundred years. They are first following shariah and then they are going to leave it. You cannot find a country that is following the holy command. Therefore five hundred years. Now we are in the year 1400, which means that there is only 100 years left. Then among the signs is that there is going to be a big war. This is the biggest war that the world will see. After this there shall be good days. And who is going to reach to these good days. They are the sincere servants who are living for their Lord. They will be under protection and they will be sheltered. As for the ones who are living for their ego’s physical desires they should be taken away.

May Allah forgive us. May He give us of His lights and understanding so that we will be able to understand what is going on around us. Everywhere today there is advertising being done against the Holy Command and while they are running to find a way they are falling down.

May Allah forgive us and bless you for the honour of the most honoured one in His Divine Presence, Seyyadina Muhammad (sal).Fathiha.

## They Have Forgotten Allah So He Has Forgotten Them

As-Salam Alaikum, ayyuhal hadirun. Those who are attending our assembly, may Salam be upon you. Dastur Ya Rijal Allah, with your dastur (heavenly permission) we ask something from you for these weak nations. You holy ones are full; O awliya, wali servants of Allah! O dear nations of the Beloved! O lions who watch the way of Allah! Grant us, look upon us with your heavenly glance. O our Umm Hiram Sultan, look upon us with your heavenly glance so that we won't be broken, won't be pressed, crushed and also we won't crush others. May they not separate us from the rank of servanthood. The best rank for mankind is servanthood. Shukur that there is permission to say this; they make us say this. O Holy ones! O beloved servants of Allah. We ask for your heavenly support. We don't know anything. You are the ones who know. May you teach us. May you whip who doesn't learn or who doesn't want to learn. May Allah not make us from those who are whipped or who deserve to be whipped. Shukur Allah, Al-Ghani Lord.

O our Lord! O our Lord, for the honour of Your Beloved... To show respect for Your Glory O Lord, we show high respect for Your Beloved. Man 'azza 'uzza. A person who values what Allah has created has value also. Allah Almighty created them. He (swt) created the servants through His Mightiness. Show high respect for whom Allah created. Who values is valued. If you keep them dear and honoured, you are kept dear and honoured too. If you don't keep them honoured and glorified, you also become as trash. Be the jewel. Be mighty. Be valuable. When do you become valuable? When you value who Allah created, when you make them honored and strong your value and honour also increase.

May Allah dress on us the honour and glory of faith. May He (swt) dress on us the glory and honour which comes through the honour of faith. Ask this. There can't be any honour greater

than this. No honour can be greater than this; no honour can be greater than dressing in the glory and honour dress of Allah Almighty, He (swt) dresses you with it. He (swt) orders His Angels: "Dress on this servant of Mine the dress of honour and glory so that he becomes azeez (honored). Because he valued My servants, kept them valued and honored. He didn't throw them away like trash, didn't crush them. And whosoever stands against the ones I created and I kept alive, the slap of My Wrath and Curse comes on him! Let alone the earths but even the whole creation cannot stand the slap of My Wrath. Aman Ya Rabbi! He (swt) says "Don't even crush an ant. I created it! Whatever I created, I created it to be a glory, an honour for the mankind. So that it gives them a benefit. I didn't create them in vain.

O My servants! Be valued ones! When do you become valued? Whenever you keep the ones I created honoured, you also became honoured in My Presence. If you don't value and honour the ones I created, if you crush them, I will not leave you. Especially I created the children of Adam and made them glorified ones. I made them honourable ones. The honour I granted them, I granted to no other creation. And who despises mankind, who doesn't look after the glory and honour of mankind is My foe! I created the children of Adam and granted them. The grant I bestowed on them, I didn't bestow on any other creation. Allahu Akbar! You are Subhan O Lord! Let us say then: Bismillahi r-Rahmani r-Rahim. O our Lord, shukur to You. O our Lord, we glorify You. We glorify Your Beloved and all that You created, for whichever purpose You created them. We try to appreciate their value and honour.
May You make us azeez, valued ones O Lord. May You make us honoured and glorified also O Lord. "If you keep the ones I created dear and honoured as I appreciate their value and honour, I will glorify you also. You will have a different station. If You don't honour, don't value what I created, what I made; who doesn't value My creation shows that they don't respect Me! I didn't create anything in vain! "Wa 'In Min Shay'in 'Illa Yusabbihu Bihamdihi" (17:44). At the very least, that creature glorifies Me! It says "Allahu Akbar, Subhan Allah, Sultan Allah". And where are you in this, O people? "Wa 'In Min Shay'in 'Illa Yusabbihu Bihamdihi" There is not a thing that does not recite His Praises. There is not a thing that does not say about His Magnificence: Subhan Allah, Sultan Allah, Rabbuna Llah Hasbuna Llah. No, every one of them says this. There is My tamjid: "'Innahu Hamidun Majidun" (11:73).

Allahu Dhul Jalal says "I am Who is Hamid, I am Who is Majid. Know Me, glorify Me. And I will make you attain to My Paradise.I put you in My Paradises because you glorified Me and valued, honoured the ones I created. There is no creature that does not say "Subhan Allah!". "'Innahu Hamidun Majidun". There is none which doesn't say "Ya Majid Ya Hamid. Ya Majid Ya Hamid. Ya Subhan Ya Sultan". Don't be heedless! Don't be heedless. Be aware of how high and great what I granted you is. If not I take it away from you. You will be humiliated in dunya and in akhirah no one will look at your face. The nar al-jaheem, hell fire will be your destination, they will throw you there.
"Nasa Llaha Fanasiyahum" (9:67). You forget Allah, Allah forgets you too. Where is the place of the forgotten ones? The nar al-jaheem, the fires of hell. O Lord, may You forgive us. "Then O My servant, glorify Me! The door of glorifying Me is Bismillahi r-Rahmani r-Rahim. Who wants to praise Me, who wants to glorify Me should say Bismillahi r-Rahmani r-Rahim. It is enough". Aman Ya Rabbi, shukur Ya Rabbi, shukur Allah. And for this ,we always open our assembly with Bismillahi r-Rahmani r-Rahim. This is an ocean. It is an ocean. Whosoever says Bismillahi r-Rahmani r-Rahim opens the door of that ocean. His dunya as well as his akhirah will be prosperous. He will be from those who respect Me and who are respected in My Presence. The dunya life of whom I respect... Dunya has no value but they are respected ones in dunya also. And on the day of Judgement, they will be from the respected ones".

This is a new thing: On the day of Judgement, on the foreheads of the people who are respected in the sight of Allah is written "Bismillah". It will shine so brightly: Bismillahi r-Rahmani r-Rahim. Nur, more light than the light of sun. "This servant of Mine said Bismillahi r-Rahmani r-Rahim. He glorified Me. He should be distinguished", so on their foreheads is written like this: Bismillahi r-Rahmani r-Rahim. The beauty of each one is more than the other. The elegance, the beauty, the majesty of each one is different from the other. Why? "I don't make copies". Hasha. I am Al-Mubdi'. I don't create in duplicate. I dress each of My servants with a different manifestation of My Holy Names so that when this one looks at him, he says "How beautiful". When he looks at this one, he says "How elegant". There are no end or limit to the manifestations of the Bismillah. Every day a person says it, he is dressed with a new dress of Nur. He is dressed with a new elegance, a new beauty.

Don't forget, say Bismillahi r-Rahmani r-Rahim. Tyrants don't say it. Pharaohs don't say it. Who always says "Me" doesn't say it. But they are humiliated in dunya and they are humiliated in akhirah also. Say Allah, say Bismillahi r-Rahmani r-Rahim, so that Allah Almighty says "My servant remembered My Ism Al-Jalal. Dress on him a new dress". Our Lord Almighty dresses us with a new beauty, a new Nur each time we say it. The people of Paradise will come with Bismillahi r-Rahmani r-Rahim written on their foreheads; they come like this, the Bismillah like a crescent on their foreheads and they enter Paradise without reckoning. Their dunya as well as their akhirah is prosperous. You forgot? Then you are forgetten.

How can Allah be forgotten? Aman Ya Rabbi. May You not make us from who forget, O Lord. Don't make us from the forgotten ones either, O Lord. "If you don't want to be forgotten, then don't forget Me and you won't be forgotten. If you forget Me, you will be forgotten also. You are trash. You are of no use. You will be expelled from the door". Who comes with the Bismillah on their foreheads in the shape of a crescent, their Mizan (balance) will be heavy and they enter paradise without reckoning. They will pass over the Sirat like lightening. Angels will welcome them: Salamun Alaykum Bima Sabartum Fadkhuluha Khalidina". How beautiful. Angels will welcome them: "O valued servants! Salam be upon you. The doors of Paradise are open, enter through whichever door you like. "Salamun Alaykum Bima Sabartum" (13:24). You didn't follow the wildness of your egos; you struggled against it, you were patient. For this "Fadkhuluha Khalidina" (39:73). Enter the Paradises of our Lord forever. There is no departure from it.

The Paradises are eternal, there is no eternal death but there is eternal life. What is its key? Bismillahi r-Rahmani r-Rahim. For this, the angels welcome. "Fadkhuluha Khalidina". O servants, beautiful servants who glorify our Lord. "Fadkhuluha Khalidina". Enter in it eternally. "Fadkhuluha". Here you are, enter. Bima Sabartum. You persevered in patience. You didn't listen to your dirty ego. Here you are, enter O dear servants of Allah, fadkhuluha. Enter My Paradises. Bima sabartum. Be patient ones. Say Bismillahi r-Rahmani r-Rahim, angels welcome you and you enter Paradise. Bismillahi r-Rahmani r-Rahim is an ocean. Angels welcome them in the door: "O dear servants of Allah, Fadkhuluha Khalidina". The doors of Paradise open for them. Angels greet them with Salam and say: "Come on in, eternally. There is no going out ever again. These Paradises are for you. Ilal abad, abadiyyu-l abad". Allah! Shukur our Lord who granted us to say the Bismillah.

Who wants to do goodness may say Bismillahi r-Rahmani r-Rahim. The life of who doesn't want is ruined and he is also humiliated in akhirah. Don't forget the Bismillah! Let us say Bismillahi r-Rahmani r-Rahim. Bismillahi lladhi la yadurru ma`a Ismihi shay'un fi l-ardi wa la fi s-sama'i wa Huwa s-Sami`u l-`Alim. Recite the Bismillah and blow it on yourself, nothing can harm you. You don't need any doctor or judge. "Fadkhuluha Khalidina". Angels welcome them. "Come on in, come on in to stay forever. Our Lord is pleased with you, come on in. His Paradises are for you eternally, come on in O Allah's pure servants, O believers". Dive into the Mercies of the Bismillah.

What should be the first thing you make children accustomed to? Make them accustomed to say Bismillahir-Rahmanir-Rahim and these children will be under guarantee. They won't get sick or won't be disobedient ones. They won't turn into ugly or tasteless creatures. Whoever sees them feels relieved and says "what a beautiful child". Caress your children with the Bismillah, say Bismillahi r-Rahmani r-Rahim and Nur comes down on them. Now dunya has become without the Bismillah and they are fighting each other, all of them are without the Bismillah. This world will not be corrected until these people say Bismillahir r-Rahmani r-Rahim. If they don't say, they will continue fighting each other. There will be no goodness in their dunya or akhirah.

Ya Rabbi Tubna wa Raja'na ilayh. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah.

May You not make us from the heedless ones O Lord. And He (swt) doesn't but it is us who fall into heedlessness. May Allah protect us for the honour of His Beloved. Who will be able to stay under the banner of the Prophet are who say Bismillahir-Rahmani r-Rahim. Who will drink from the pool of kawthar are who say Bismillahi r-Rahmani r-Rahim. The doors of eight Paradises will open to who say Bismillahi r-Rahmani r-Rahim. O people! Arabs and Turks, Muslims, hear and listen. The prosperity of dunya life is nothing, but listen so that you won't be deprived of the beauty of the eternal akhirah.

Fa la tahrimna Ya Rabbi, don't make us from the deprived ones O Lord. Don't make us from the heedless ones. Dress on us value, dress on us from the Nur of the Bismillah. Say everyday at least seven times Bismillahi r-Rahmani r-Rahim and wipe it over your face. Your face enlightens, your body revives. Your name is written with the names of beloved servants in the Divine Presence of Allah. Let us say Bismillahi r-Rahmani r-Rahim. Ya Rahman Ya Rahim. Ya Rahman Ya Rahim. Say Bismillahi r-Rahmani r-Rahim and then go out into the streets. And we see how the

situation of dunya will be. Now they scream in the streets like the animals that kick and stamp. Why do you scream? Why do you shout? Why don't you call to Who created you? Who do you call to in the streets? Be Man, don't be animal. Protect yourself, say "Aman Ya Rabbi". We should say "Allah Hu, Allah Haqq, Allah Hu Allah Haqq, Allah Hu Allah Haqq". Say this and march in the streets!

What is it that you seek - the goods of this three-day dunya life? Shame on you! Shame on them that they leave the jewel and seek the filth! "Dunya is a carcass" said the Prophet (sas), not something to be loved. Allah Almighty made ready for you what should be loved: Seek your Lord and say Bismillahi r-Rahmani r-Rahim. Make us not forget O Lord. He (swt) doesn't make us to forget. Angels also: "Salamun `Alaykum Bima Sabartum", you were patient in dunya. You make service for the servanthood of your Lord and Allah Almighty granted you to enter Paradise through His Generosity". "Fadkhuluha Khalidina". Enter eternally for there is no return from Paradise. There is no death in Paradise.
The paradises are for the handsome ones. You will be dressed with Nur, everyday you will dress new Nurs. Say Bismillahi r-Rahmani r-Rahim.O Lord, make us not to forget the Bismillah. Hasha, He (swt) doesn't make us forget but it is our dirty ego which does. Allah doesn't make you to forget. Tawba Ya Rabbi. Say Bismillahi r-Rahmani r-Rahim. Bi smika llahumma Ya Rabbi, wa bi Hamdika Ya Rabbi. We praise You with the Bismillah. We glorify You and show high respect for Your Order. We are Your weak servants. May You send us Your Divine Grants O Lord. May we not forget the Bismillah, remember Your Ism Al-Jalil and walk. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi lladhi layadurru ma`a Ismihi shay'un fi l-ardi wa la fi s-sama'i. There is nothing that can harm you in the Heavens or in earths after you say this Bismillah.
O Allah, may You lift this tiredness off us with the barakah of Bismillahi r-Rahmani r-Rahim. You are the Lord Al-Jalil. The servants of my Jalil Lord can't be wretched ones. The servants of our Jalil Lord can't be disgraced or humiliated, hasha! O Lord! O Lord, O Lord... In this three day dunya life, forgetting You is the biggest fault. To forget Allah for the dirty life of three days and fight after dunya is not the glory of Man. Say Bismillahi r-Rahmani r-Rahim and all doors open for you in dunya and in akhirah. If not, suffer. And they will suffer. Whips on top of whips

will come. Astaghfirullah. Astaghfirullah Tubna wa Raja'na Ilayk Ya Rabbi.
We should not forget or we will be forgotten. Our Lord is Allah Almighty. There is no end to His Grants and Generosity. O Lord, I seek refuge in You from being wretched. Hasha, servants of Rabbu-l Jalil can't be wretched. Can't be. O our Lord, Tubna wa Raja'na Ilayk. We are asking for all the people O Lord, for all the people. The Prophet of the End of Times came for all people. He (sas) came to save all the people, to protect us from the evil of shaytan and he came to save us from the fire of hell. Respect him. Love him and keep his way. Your dunya and akhirah will be prosperous.
Ya Rabbi Tubna wa Raja'na Ilayh. Ya Rabbi Tubna wa Raja'na Ilayh. We repent O Lord. O Allah, our Subhan, our Sultan, send us a Master for the honour of Your Beloved. O our Umm Hiram Sultan, may you look upon us with your heavenly glance. I have become weak. May we get strong. May we be strengthened in this life and run in the way of our Lord's servanthood Send us divine support. Amin wa Salamu 'ala l Mursalin. O scholars! Allah Almighty says "Wa Dhakkirhum". "Wa Dhakkirhum Bi'ayyami Llahi" (14:5). Remind these people of the good days and grants of Allah Almighty. Is there one person who comes out and says "This thing you do is wrong" You don't deserve to scream in the streets. Don't you have mosques? Why do you forget the invitation of Who created you? Is there no Creator for you? There is. If there is, turn to Him and ask from Him.
Ya Rabbi, may You forgive us. May You send us the Master, the Sultan who will show us the right ways O Allah. That Master will not need any weapons. He says Bismillahi r-Rahmani r-Rahim and his work succeeds. The work of who doesn't say Bismillahi r-Rahmani r-Rahim never, ever succeeds. Aman Ya Rabbi.
We seek refuge in You. May You not deprive us of remembering Your Ism Al-Jalil. He (swt) doesn't. We may say Bismillahi r-Rahmani r-Rahim. Wa bihi Nasta'in. We seek refuge in Allah. We may ask what we want for the honour of Bismillahi r-Rahmani r-Rahim, for the honour of His Beloved and our Lord will grant it. He is the Most Generous of the Generous.
Ya Rabbi tawba Ya Rabbi. May this tiredness be lifted off us. May we stand like lions in Your way, against shaytan and shaytan's armies. We may say Bismillahi r-Rahmani r-Rahim.
Fatiha.

## Sie haben Allah vergessen, also hat Er sie vergessen

As-Salamu Alaykum, Ayyuha l-Hadirun. Die, die an unserer Versammlung teilnehmen, auf ihnen möge Salam sein. Dastur ya Rijal Allah, mit euerer Dastur, himmlischen Erlaubnis, bitten wir um etwas von euch für diese schwachen Nationen. Deine Heiligen sind voll. O Awliya, Wali Diener Allahs! Liebe Nationen des Geliebten! Löwen, die den Weg Allahs bewachen! Gewährt uns, schaut auf uns mit euerem himmlischen Blick. O unsere Umm Hiram Sultan, sieh uns an mit deinem himmlischen Blick, damit wir nicht zerbrochen, nicht gedrückt, vernichtet werden und auch andere nicht vernichten. Mögen sie uns nicht vom Rang der Dienerschaft trennen. Der beste Rang für die Menschheit ist die Dienerschaft. Shukur, daß es Erlaubnis gibt, das zu sagen. Sie lassen uns das sagen. Ihr Heiligen, ihr geliebten Diener Allahs, wir bitten um euere himmlische Unterstützung. Wir wissen nichts. Ihr seid diejenigen, die wissen. Möget ihr uns lehren. Möget ihr schlagen, wer nicht lernt oder nicht lernen will. Möge Allah uns nicht zu denen gehören lassen, die geschlagen werden oder die es verdienen, geschlagen zu werden. Shukur Allah, Al-Ghani Herr.

Unser Herr! Unser Herr, zu Ehren Deines Geliebten.. Um Deinem Ruhm Respekt zu erweisen, Herr, zeigen wir Deinem Geliebten hohen Respekt. Man 'Azza 'Uzza. Jemand, der das, was Allah erschaffen hat, hoch schätzt, hat auch hohen Wert. Allah der Allmächtige hat sie geschaffen. Er (swt) erschuf die Diener durch Seine Gewaltigkeit. Erweist hohen Respekt dem, den Allah geschaffen hat. Wer schätzt, wird geschätzt. Wenn du sie lieb und geehrt hältst, wirst du auch lieb und geehrt gehalten. Wenn du sie nicht geehrt und gepriesen hältst, wirst du auch wie Müll. Sei der Juwel. Sei mächtig. Sei wertvoll. Wann wirst du wertvoll? Wenn du das schätzt, was Allah erschaffen hat, wenn du sie geehrt und stark machst, wird dein Wert und deine Ehre auch zunehmen. Möge Allah uns mit der Ehre und dem Ruhm des Glaubens bekleiden. Möge Er (swt) uns mit dem Ruhm und der Ehre bekleiden, die durch die Ehre des Glaubens kommt. Bittet darum. Es kann keine Ehre geben, die größer als das ist. Keine Ehre kann größer als das sein. Keine Ehre kann größer sein, als das Gewand des Ruhmes und der Ehre Allahs des Allmächtigen anzulegen. Er (swt) bekleidet euch damit. Er (swt) befiehlt Seinen Engeln: Kleidet diesen

Meinen Diener mit dem Gewand der Ehre und Glorie, so daß er `Aziz, geehrt, wird. Weil er Meine Diener schätzte und sie geschätzt und geehrt hielt. Er warf sie nicht weg wie Müll. Er vernichtete sie nicht.
Und wer immer gegen die steht, die Ich geschaffen und am Leben erhalten habe, auf den kommt der Schlag Meines Zorns und Mein Fluch! Abgesehen von den Erden, nicht einmal die gesamte Schöpfung kann den Schlag Meines Zorns aushalten. Aman ya Rabbi! Er (swt) sagt: Zerquetscht nicht einmal eine Ameise. Ich erschuf sie! Was immer Ich erschuf, erschuf Ich, Ruhm und Ehre für die Menschheit zu sein, damit sie davon Nutzen hat. Ich erschuf sie nicht umsonst. Meine Diener, seid Geschätzte! Wann werdet ihr geschätzt? Wann immer ihr die in Ehren haltet, die Ich erschaffen habe, werdet ihr auch geehrt in Meiner Gegenwart. Wenn ihr die, die Ich erschuf, nicht schätzt und ehrt, wenn ihr sie vernichtet, werde Ich euch nicht in Ruhe lassen. Besonders erschuf Ich die Kinder Adams und machte sie zu Gepriesenen. Ich machte sie geehrt. Die Ehre, die Ich ihnen gewährte, gewährte Ich keiner anderen Schöpfung. Und wer die Menschheit verachtet, wer nicht auf den Ruhm und die Ehre der Menschheit achtet, ist Mein Feind. Ich habe die Kinder Adams erschaffen und gewährte ihnen.. die Gabe, die Ich ihnen gab, gab Ich keiner anderen Schöpfung. Allahu Akbar!
Du bist Subhan, o Herr! Sagen wir denn: Bismillahi r-Rahmani r-Rahim. Unser Herr, Shukur Dir. Unser Herr, wir preisen Dich. Wir preisen Deinen Geliebten und all das, was Du geschaffen hast, zu welchem Zweck Du sie auch geschaffen hast. Wir versuchen, ihren Wert zu würdigen und zu ehren. Mögest Du uns `Aziz, wertgeschätzt, machen, o Herr. Mögest Du uns auch geehrt und gepriese machen, o Herr. 'Wenn ihr die, die Ich erschuf, lieb und teuer haltet, wie Ich ihren Wert und ihre Ehre würdige, werde Ich euch auch preisen. Ihr werdet eine andere Stufe haben. Wenn ihr nicht ehrt und schätzt, was Ich erschuf, was Ich machte, wer Meine Schöpfung nicht schätzt, zeigt, daß sie Mich nicht respektieren! Ich erschuf nichts ohne Grund! "Wa 'In Min Shay'in 'illa Yusabbihu Bihamdihi" (17:44). Zu allermindest preist Mich dieses Geschöpf. Es sagt, Allahu Akbar, Subhan Allah, Sultan Allah. Und wo seid ihr darin, ihr Leute? "Wa 'In Min Shay'in 'illa Yusabbihu Bihamdihi". Es gibt keine einzige Sache, die nicht Seinen Preis rezitiert. Es gibt keine einzige Sache, die nicht über Seine Herrlichkeit sagt: Subhan Allah, Sultan Allah, Rabbunallah Hasbunallah. Nein, jeder von ihnen sagt das.
Es gibt Mein Tamjid: "Innahu Hamidun Majidun" (11:73). Allahu Dhu l-Jalal sagt, 'Ich bin Der,

Der Hamid ist, Ich bin Der, Der Majid ist.' Kenne Mich, Preise Mich. Und Ich werde dich Mein Paradies erreichen lassen. Ich tue dich in Mein Paradies, weil du Mich gepriesen und die geschätzt und geehrt hast, die Ich erschuf. Es gibt kein Geschöpf, das nicht sagt: Subhan Allah! "Innahu Hamidun Majidun". Es gibt niemanden, der nicht sagt: "Ya Majid ya Hamid. Ya Majid ya Hamid. Ya Subhan, ya Sultan." Seid nicht achtlos! Seid nicht achtlos. Seid euch gewahr, wie hoch und groß ist, was Ich euch gewährte. Sonst nehme Ich es euch wieder weg. Ihr werdet erniedrigt in Dunya und Akhirah. Niemand wird euch ins Gesicht schauen. Das Naru l-Jahim, das Höllenfeuer, wird euer Bestimmungsort sein. Sie werden euch dorthin werfen. "Nasallaha Fanasiyahum" (9:67). Ihr vergeßt Allah, Allah vergißt euch auch. Wo ist der Ort der Vergessenen? Naru l-Jahim, die Feuer der Hölle. O Herr, mögest Du uns vergeben. Dann, o Mein Diener, preise Mich! Die Tür für Meinen Lobpreis ist Bismillahi r-Rahmani r-Rahim. Wer Mich preisen will, wer Mich rühmen will, sollte sagen Bismillahi r-Rahmani r-Rahim. Es ist genug. Aman ya Rabbi, Shukur ya Rabbi, Shukur Allah.

Und deshalb eröffnen wir unsere Versammlung immer mit Bismillahi r-Rahmani r-Rahim. Das ist ein Ozean. Es ist ein Ozean. Wer auch immer sagt Bismillahi r-Rahmani r-Rahim, öffnet die Tür dieses Ozeans. Seine Dunya sowie seine Akhirah werden erfolgreich sein. Er wird zu denen gehören, die Mich respektieren und die in Meiner Gegenwart respektiert werden. Das Dunya Leben dessen, den Ich respektiere.. Dunya hat keinen Wert, aber sie werden auch in der Dunya respektiert. Und am Gerichtstag werden sie zu den Respektierten gehören. Das ist eine neue Sache. Am Gerichtstag steht auf den Stirnen der Menschen, die im Angesicht Allahs respektiert sind "Bismillah". Es wird so hell leuchten: Bismillahi r-Rahmani r-Rahim. Licht, mehr Licht als das Licht der Sonne. 'Dieser Mein Diener sagte Bismillahi r-Rahmani r-Rahim. Er pries Mich. Er sollte gekennzeichnet werden, so ist auf ihrer Stirn geschrieben: Bismillahi r-Rahmani r-Rahim. Die Schönheit jedes einzelnen ist größer als die anderer. Die Eleganz, Schönheit, Majestät jedes einzelnen ist anders als die anderer. Warum? Ich mache keine Kopien. Hasha. Ich bin Al-Mubdi'. Ich erschaffe kein Duplikat. Ich kleide jeden Meiner Diener mit einer anderen Manifestation Meines Heiligen Namens, so daß er, wenn dieser ihn ansieht, sagt: Wie schön! Wenn er diesen anschaut, sagt er: Wie elegant! Es gibt kein Ende und keine Grenze für die Manifestationen des Bismillah. Jeden Tag, wenn jemand es sagt, wird er mit einem neuen Lichterkleid bekleidet. Er

wird bekleidet mit einer neuen Eleganz, einer neuen Schönheit.
Vergeßt es nicht. Sagt Bismillahi r-Rahmani r-Rahim. Tyrannen sagen es nicht. Pharaonen sagen es nicht. Wer immer sagt 'Ich', sagt es nicht. Aber sie sind erniedrigt in der Dunya und sie sind auch erniedrigt in der Akhirah. Sagt 'Allah', sagt Bismillahi r-Rahmani r-Rahim, damit Allah der Allmächtige sagt: Mein Diener erinnerte Meinen Ismu l-Jalal. Bekleide ihn mit einem neuen Gewand. Unser Allmächtiger Herr bekleidet uns mit neuer Schönheit, neuem Licht jedes Mal, wenn wir es sagen. Die Leute des Paradieses kommen mit Bismillahi r-Rahmani r-Rahim geschrieben auf ihrer Stirn. Sie kommen so, das Bismillah wie eine Mondsichel auf ihrer Stirn, und sie gehen ins Paradies ein ohne Abrechnung. Ihre Dunya sowie ihre Akhirah sind erfolgreich. Ihr habt vergessen? Dann seid ihr vergessen. Wie kann Allah vergessen werden? Aman ya Rabbi. Mögest Du uns nicht zu denen gehören lassen, die vergessen, o Herr. Laß uns auch nicht zu den Vergessenen gehören, o Herr. 'Wenn ihr nicht vergessen sein wollt, dann vergeßt Mich nicht und ihr werdet nicht vergessen. Wenn ihr Mich vergeßt, werdet ihr auch vergessen. Ihr seid Müll. Ihr seid nutzlos. Ihr werdet von der Tür verstoßen. Wer mit dem Bismillah auf der Stirn in Form eines Halbmonds kommt, deren Mizan, Waagschale, wird schwer sein, und sie gehen ins Paradies ein ohne Abrechnung. Sie werden den Sirat überqueren wie der Blitz.
Die Engel werden sie willkommen heißen: Salamun Alaykum Bima Sabartum Fadkhuluha Khalidina". Wie schön. Die Engel werden sie willkommen heißen: Ihr geschätzten Diener, Salam auf euch. Die Türen des Paradieses sind offen, kommt herein, durch welche Tür auch immer ihr wollt. "Salamun `Alaykum Bima Sabartum" (13:24). Ihr seid der Wildheit eueres Egos nicht gefolgt. Ihr habt gegen es gekämpft, ihr ward geduldig. Deshalb "Fadkhuluha Khalidina" (39:73). Geht ein in die Paradiese unseres Herrn für immer. Es gibt keine Rückkehr davon. Die Paradiese sind ewig. Es gibt keinen ewigen Tod, sondern ein ewiges Leben. Was ist sein Schlüssel? Bismillahi r-Rahmani r-Rahim. Deshalb heißen die Engel willkommen. "Fadkhuluha Khalidina". O Diener, schöne Diener, die unseren Herrn preisen, "Fadkhuluha Khalidina". Tretet dort ein auf ewig. "Fadkhuluha". Das ist für dich, tritt ein. Bima Sabartum. Ihr verharrtet in Geduld. Ihr habt nicht auf euer schmutziges Ego gehört. Hier bitte, tretet ein, ihr lieben Diener Allahs - fadkhuluha. Tretet ein in Mein Paradies. Bima Sabartum. Seid geduldig. Sagt Bismillahi r-Rahmani r-Rahim, Engel heißen euch willkommen und ihr tretet ins Paradies ein. Bismillahi r-

Rahmani r-Rahim ist ein Ozean. Engel heißen sie willkommen an der Tür: O ihr lieben Diener Allahs, Fadkhuluha Khalidina". Die Türen des Paradieses öffnen sich für sie. Die Engel grüßen sie mit Salam und sagen: 'Kommt herein auf ewig. Es gibt niemals mehr ein Hinausgehen. Diese Paradiese sind für euch "Ila l-Abad, Abadiyyu l-Abad". Allah!
Shukur unser Herr, der uns gewährt hat, das Bismillah zu sagen. Wer Gutes tun will, mag sagen Bismillahi r-Rahmani r-Rahim. Das Leben dessen, der es nicht will, ist ruiniert, und er ist auch erniedrigt in der Akhirah.Vergeßt nicht das Bismillah! Sagen wir Bismillahi r-Rahmani r-Rahim. Bismillahi Lladhi la Yadurru ma`a Ismihi Shay'un fi l-Ardi wa la fi s-Sama'i wa Huwa s-Sami`u l-`Alim. Rezitiert das Bismillah und blast es auf euch, nichts kann euch schaden. Ihr braucht keinen Arzt oder Richter. "Fadkhuluha Khalidina". Engel heißen sie willkommen. 'Kommt herein, kommt herein, um für immer zu bleiben. Unser Herr ist zufrieden mit euch, kommt herein. Seine Paradiese sind euer auf ewig, kommt herein, Allahs reine Diener, Gläubige.' Taucht ein in die Gnaden des Bismillah. Was sollte das erste sein, an das man Kinder gewöhnt? Gewöhnt sie daran zu sagen Bismillahi r-Rahmani r-Rahim, und diese Kinder werden unter Garantie sein. Sie werden nicht krank, noch werden sie ungehorsam sein. Sie werden nicht zu häßlichen oder geschmacklosen Geschöpfen. Wer immer sie sieht, fühlt sich erleichtert und sagt: Was für ein schönes Kind. Streichelt euere Kinder mit dem Bismillah, sagt Bismillahi r-Rahmani r-Rahim und Licht kommt auf sie herab.
Jetzt ist die Dunya ohne das Bismillah und sie bekämpfen einander, sie sind alle ohne das Bismillah. Diese Welt wird nicht berichtigt werden, bis diese Leute sagen Bismillahi r-Rahmani r-Rahim. Wenn sie es nicht sagen, werden sie weiter gegeneinander kämpfen. Es wird nichts Gutes in ihrer Dunya oder Akhirah geben. Ya Rabbi Tubna wa Raja'na ilayh. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Mögest Du uns nicht zu den Achtlosen gehören lassen, o Herr. Und Er (swt) tut das auch nicht, sondern wir sind es, die der Achtlosigkeit verfallen. Möge Allah uns schützen zu Ehren Seines Geliebten. Die unter dem Banner des Propheten bleiben können, sind die sagen Bismillahi r-Rahmani r-Rahim. Die vom Becken des Kawthar trinken, sind die sagen Bismillahi r-Rahmani r-Rahim. Die Tore von acht Paradiesen öffnen sich denen, die sagen Bismillahi r-Rahmani r-Rahim. Ihr Leute, Araber, Türken, Muslime, hört zu. Der Erfolg des Dunya-Lebens ist nichts, aber hört, damit euch nicht die Schönheit der ewigen Akhirah entzogen wird. Fa la Tahrimna ya Rabbi - Laß uns nicht zu den Beraubten gehören, o

Herr. Mach uns nicht von den Achtlosen. Bekleide uns mit Wert, bekleide uns mit dem Licht des Bismillah. Sagt jeden Tag wenigstens 7x Bismillahi r-Rahmani r-Rahim und wischt damit über das Gesicht. Euer Gesicht erleuchtet, euer Körper belebt sich. Euer Name wird mit den Namen der geliebten Diener in der Göttlichen Gegenwart Allahs geschrieben.
Sagen wir Bismillahi r-Rahmani r-Rahim. Ya Rahman ya Rahim. Ya Rahman ya Rahim. Sagt Bismillahi r-Rahmani r-Rahim, und dann geht hinaus auf die Straße. Und wir sehen, wie die Lage der Dunya sein wird. Jetzt schreien sie auf der Straße wie die Tiere, die stoßen und stampfen. Warum schreit ihr? Warum ruft ihr? Warum ruft ihr nicht Den an, Der euch erschuf? Wen ruft ihr an auf der Straße? Seid Mensch, seid nicht Tier. Schützt euch selbst, sagt Aman ya Rabbi Wir sollten sagen "Allah Hu, Allah Haqq, Allah Hu, Allah Haqq, Allah Hu, Allah Haqq". Sagt das und marschiert auf der Straße! Was ist es, das ihr sucht, die Güter dieses 3-Tage-Dunyalebens? Schande auf euch! Schande auf sie, daß sie das Juwel liegen lassen und den Dreck suchen. 'Die Dunya ist ein Kadaver', sagte der Prophet (saws), nichts, was man lieben sollte. Allah der Allmächtige bereitete für euch vor, was geliebt werden sollte: Sucht eueren Herrn und sagt Bismillahi r-Rahmani r-Rahim. Laß uns nicht vergessen, o Herr. Er (swt) läßt uns nicht vergessen. Die Engel auch: "Salamun `Alaykum bima Sabartum", ihr ward geduldig in der Dunya. Ihr leistetet Dienst für die Dienerschaft eueres Herrn und Allah der Allmächtige gewährte euch, ins Paradies einzugehen mit Seiner Großzügigkeit.' "Fadkhuluha Khalidina". Tretet ein auf ewig, denn es gibt keine Rückkehr aus dem Paradies. Es gibt keinen Tod im Paradies. Die Paradiese sind für die Hübschen. Ihr werdet mit Licht bekleidet. Jeden Tag tragt ihr neue Lichter. Sagt Bismillahi r-Rahmani r-Rahim. O Herr, laß uns nicht das Bismillah vergessen. Hasha. Er (swt) läßt uns nicht vergessen, sondern unser dreckiges Ego. Allah läßt euch nicht vergessen. Tawba ya Rabbi.
Sagt Bismillahi r-Rahmani r-Rahim. Bismikallahumma ya Rabbi wa bi Hamdika ya Rabbi. Wir preisen Dich mit dem Bismillah. Wir preisen Dich und zeigen hohen Respekt für Deinen Befehl. Wir sind Deine schwachen Diener. Mögest Du uns Deine Göttlichen Gaben senden. Mögen wir das Bismillah nicht vergessen und Deinen Ismu l-Jalil erinnern und gehen. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi Lladhi Layadurru ma`a Ismihi Shay'un fi l-Ardi wa la fi s-Sama'i. Es gibt nichts, das euch schaden kann in den Himmeln oder auf der Erde, nachdem ihr dieses Bismillah gesagt habt. O Allah, mögest

Du diese Müdigkeit von uns aufheben mit der Barakah des Bismillahi r-Rahmani r-Rahim. Du bist der Herr Al-Jalil. Die Diener meines Jalil Herrn können nicht elend sein. Die Diener unseres Jalil Herrn können nicht erniedrigt werden. Hasha! O Herr, o Herr, o Herr.. In diesem drei-Tage-Dunyaleben ist das Vergessen Deiner der größte Fehler. Allah zu vergessen für dieses dreckige Leben der drei Tage und um die Dunya zu kämpfen ist nicht der Ruhm des Menschen. Sagt Bismillahi r-Rahmani r-Rahim und alle Türen öffnen sich für euch in Dunya und Akhirah. Sonst, leidet. Und sie werden leiden. Hiebe über Hiebe werden kommen. Astaghfirullah. Astaghfirullah Tubna wa Raja'na ilayk ya Rabbi.

Wir sollten nicht vergessen, oder wir werden vergessen. Unser Herr ist Allah der Allmächtige. Es gibt kein Ende Seiner Gaben und Großzügigkeit. Herr, ich suche Zuflucht bei Dir davor, elend zu sein. Hasha. Diener von Rabbu l-Jalil können nicht elend sein. Kann nicht sein. Unser Herr, Tubna wa Raja'na ilayk. Wir bitten für alle Menschen, o Herr, für alle Menschen. Der Prophet des Zeitenendes kam für alle Menschen. Er (saws) kam, um alle Menschen zu retten, um uns vor dem Übel Shaytans zu schützen, und er kam, um uns vor dem Feuer der Hölle zu schützen. Respektiert ihn, liebt ihn und haltet seinen Weg ein. Euere Dunya und Akhirah werden erfolgreich sein. Ya Rabbi Tubna wa Raja'na ilayh. Ya Rabbi Tubna wa Raja'na ilayh. Wir bereuen, o Herr. O Allah, unser Subhan, unser Sultan, sende uns einen Meister zu Ehren Deines Geliebten. O unsere Umm Hiram Sultan, mögest du uns mit deinem himmlischen Blick ansehen. Ich bin schwach geworden. Mögen wir stark werden. Mögen wir gestärkt werden in diesem Leben und auf dem Weg der Dienerschaft unseres Herrn laufen. Sende uns Göttliche Unterstützung. Amin wa Salamun `ala l-Mursalin.

Gelehrte, Allah der Allmächtige sagt: "Wa Dhakkirhum". "Wa Dhakkirhum Bi'ayyamillahi" (14:5). Gemahnt diese Leute an die guten Tage und Gaben Allahs des Allmächtigen. Gibt es jemanden, der herauskommt und sagt: Das, was ihr tut, ist falsch? Es gehört sich nicht, daß ihr auf den Straßen schreit! Habt ihr keine Moscheen? Warum vergeßt ihr die Einladung Dessen, Der euch erschuf? Gibt es für euch keinen Schöpfer? Es gibt einen. Wenn es einen gibt, wendet euch Ihm zu und bittet Ihn. Ya Rabbi, mögest Du uns vergeben. Mögest Du uns den Meister senden, den Sultan, der uns die rechten Wege zeigt, o Allah. Dieser Meister wird keiner Waffen bedürfen. Er sagt Bismillahi r-Rahmani r-Rahim, und seine Arbeit ist erfolgreich. Die Arbeit

dessen, der nicht Bismillahi r-Rahmani r-Rahim sagt, hat niemals Erfolg. Aman ya Rabbi. Wir suchen Zuflucht bei Dir. Mögest Du uns die Erinnerung Deines Ismu l-Jalil nicht entziehen. Er (swt) tut das nicht. Wir dürfen sagen Bismillahi r-Rahmani r-Rahim. Wa bihi Nastan'in. Wir suchen Zuflucht bei Allah. Wir dürfen bitten um was wir wollen zu Ehren des Bismillahi r-Rahmani r-Rahim, zu Ehren Seines Geliebten, und unser Herr gewährt es uns. Er ist der Großzügigste der Großzügigen. Ya Rabbi Tawba, ya Rabbi. Möge diese Müdigkeit von uns aufgehoben werden. Mögen wir wie Löwen auf Deinem Weg gegen Shaytan und seine Armeen stehen. Wir sagen Bismillahi r-Rahmani r-Rahim. Fatiha.

## For my ego or for Allah?

O our Lord, keep us under Your shelter, we are weak ones; we need every moment, every second Your divine support... Everything that Allah Almighty is doing, is perfect, and His Judgment for everyone is perfect judgment. What He is preparing for ourselves is best. What we are preferring, something for us, it is so useless, harmful and has a bad result. If we can be able to accept without putting our will over His Will, that is perfection for us. But always our ego asks to make its will first and to take away the Will of Allah. And all troubles in the world through East and West, North and South have only one reason: People try to put their wills over the Will of their Creator, the Will of the Lord of Heavens, the Creator of the whole universe or universes, This is the reason. It must be this, because people don't get an introduction with their Lord. People mostly know nothing about their Lord, and all mankind is making an introduction only for Shaitan.

Every advertisement is only for what? It is only to make people understand or to know about Shaitan, and satanic works now running through East and West, North and South, and people mostly are under the command of Shaitan. He is asking to be well known by all mankind. People through their egos are only accepting the existence of someone they don't see, but they follow him so easily, so powerfully, so speedfully, so lovely. People follow Shaitan through this 21st century, because about himself countless advertisement everywhere. Everything is for his honour, the honour of Shaitan, and really no honour for him, but people

exalt him. They don't know anyone more exalted than Shaitan; they make him their Lord, they obey him, don't make any objection. This is the general view for the people of the 21st century.

People follow Shaitan, but they don't say 'Shaitan'; they think he is their Sultan, their highest supporter and beyond him people never accept anything or anyone. They call him: 'Our best friend', and: 'The most exalted one in our sight', 'The only one'. Beyond that they are not declaring anyone's existence. They follow Shaitan as their king, without objecting on his treatment, his activities. For each activity that Shaitan gives to people they say: 'Ohh, so perfect', for every new fashion through the life of mankind now, for women and men. The founder of new fashions may be so ugly, but they accept them and say: 'They are so perfect', because satanic advertisement is coming everywhere. If anyone says: 'This fashion is so bad', they may attack you and say: 'You are a dishonoured person for our king, our chief. We move through his inspiration that he is giving to us. How you refuse and don't accept? Why you say that this is ugly? It is perfect!'

This is what Allah Almighty is saying: Allah forgives every sin except to make for Him a partner; He doesn't forgive those people, and the partner is that one, whose details or description is just coming- Shaitan. And people don't think. If I make my hand on a holy place (like touching the Black Stone etc), I am going to be a Mushrik? Those things are nonsense from Wahabi people. But if partnership, is to make Shaitan partner. And people don't even make him a partner, but they say: 'No one except Shaitan.' Most people don't believe in God Almighty.

If they believe and also follow Shaitan, that means they make Shaitan partner to their Lord. Therefore Shaitan for some believers is going to be partner; those who believe in God and follow Shaitan are going to be accused to keep a partner to Allah. But now people fully deny the existence of God Almighty and only reach to Shaitan; beyond him they don't accept anything. So that there is no partnership, because Shaitan is going ot be their Lord and they say: 'Only Shaitan. No God but Shaitan', they say. A lot of people say: 'No God but Allah', but they follow Shaitan, and that is partnership to Allah. Allah is getting very angry with those who say: 'We believe in Allah', but they don't follow Him and who say: 'We are not accepting Shaitan', but they follow him. That makes Allah Almighty to be angry with them.

Now most people say: 'No God but Iblis', and Allah Almighty is very angry with those people who say: 'La ilaha illa Shaitan.' Those who move with their egos, the steps of those who follow their ego reach to Shaitan,

and either he is are going to be a partner of God Almighty for them, or they say: 'No God but Iblis, Shaitan.'

Now we see that all people believe in Shaitan. If they say: 'We are Christians', and they believe in Shaitan, they really make Iblis the partner of their Lord. But a lot of people, the majority of people that don't follow Christianity or Islam or Judaism, they say: 'No God but Shaitan', making him even more than a partner. The first group of people says: 'No God but Allah', but through their actings really they follow Shaitan and say: 'No God but Shaitan'.

Now it is such a difficult time to carry the partnership of Shaitan from the minds of people. Allah is very angry, and more than this he is angry with people who not only make Shaitan a partner, but who say: 'No God but Iblis.' Mankind now is in a very dangerous position. From both ways they must be taken away, because mankind is through two groups: One group makes Shaitan a partner to Allah, the other group says: 'No God but Shaitan.' And as long as they are on that way, people must be destroyed, taken away; they must be killed and die. The majority of people follows Shaitan. Some say: 'He is our Lord', some others say: 'We believe in God', but they follow Shaitan, making him partner to Allah, hearing and obeying to him, not to Allah. The ego belongs to Shaitan, and Allah never forgives those people who make Shaitan partner or Lord.

Look whom you are following, after whom you are going. If it is a satanic work, you must quickly leave it and come back; it means you lost your way, you are on wrong way, and you must correct it. A very dangerous time is coming on people, and very few people are going to be saved, because the majority of them keeps Shaitan as their Lord and some others use and keep him as their partner for their Lord. Both sides is worse.

For every activity you must ask: 'Is this for my ego or for Allah? Who is going to be happy with this activity?' If you know that your ego is going to be happy, it means, you are keeping a partner- your ego. The ego is saying: 'I am your Lord. On behalf of your Lord I am your Lord.' The nafs, the ego, is saying: 'You must obey me.' And what our physical being tastes from enjoyment, is very short and a very small amount; cheating people and they are asking to follow Shaitan. That is the reason.

I began with our association, and our target, our aim is to save people from false beliefs, false activities and bad movements. If Shaitan catches you from one side, he may carry you away. Don't give a chance to him to carry you away from the right path, because he is so fast to run after people, to follow and to catch them. It is a dangerous situation that people get in now. Day by day darkness and danger is climbing, and people fear

and don’t take taste from the physical life, because the heaviness from the soul is coming on them. And they escape from their souls, good dealing ones, and fall into the darkness of false, Batil.

This is what everyone must take care on, because it is so important: When one group of mankind says that Shaitan is a partner, and the other group says: ’No, he is Lord’, you must try to save your ego from both mistaken ways. If not, you should be carried away with the others to a bad result, very bad result...

May Allah forgive me and bless you for the honour of the most honoured Prophet Sayidinna Muhammad salallahu alayhi wasallim.

## For New Muslims: Be a Real Muslim

(On going to schools in Islamic countries to learn Qur'an and Arabic)

Our Grandsheikh says that most important for new Muslims is to try to be a real Muslim, not to be a learned person in Islam. Important is to live a real Muslim life. We see now so many learned people not living Islam. We are interested in keeping the principles of Islam. Learning is very easy but to be a real Muslim is too difficult. The whole world is Allah's kingdom and we are His servants. In every place, not only in Islamic countries, we may live and show to others His Kingdom by saying:

La illaha il Allah Muhammadan Rasulullah.

This is honour for you, making divine light on every foot of land. You can learn everywhere. Islamic books are translated into many languages. Be a right Muslim, a bright personality with your faith among people. I can teach you the principles of Islam in one meeting. Can you take it? Can you keep it? In one moment's looking to the Prophet (peace be upon him) a man

could take a bond with his heart, receiving what he needed for his life and others. We must follow an inheritor of the Prophet. A real Muslim lives for others, not himself. Take knowledge and give, don't take and keep for yourself.

## For Safety: respect His beloved-one!

This year more and more people are coming who are interested in the true way. It is a good sign that so many kinds of people are coming from so many parts of the world. The Lord of the universes is calling his servants to his Divine Service. We only here for that purpose only, to call people to the service of the Lord because people have stopped serving their Lord. Service to the Lord is worshipping. People have stopped doing that. They are running after satan and are making everlasting contracts with him promising to serve him. May Allah forgive us.

That is an important point. We are seeing that youngsters are trying to come and to accept to serve their Lord, Almighty Allah. Try to keep it that way. Say, 'I am the servant of the Lord only and of his prophets, peace be upon them.' Without being the servant of the prophets and of the Seal of Prophets, Sayidina Muhammad, the praised-one, Allah Almighty, the Lord of Heavens will not accept your service. We are calling you to worship Allah, that is the service and to give your most high respects to Sayidina Muhammad, because he is representing the Lord of Heavens in creation. It is important that you understand that point clearly.

My purpose is to make people have full respect for the Lord of Heavens, to worship Him and to also have full respect for his servant Muhammad, may peace be upon him. People may reach the highest stations in Divine

Presence if they follow his way. Whoever respects Allah must also respect His respected and praised-one. Just like we are saying, 'Ashaddu Allah illaha illalah, ashaddu anna Muhammad abduhu Rasul Allah.' No-one's faith can be complete without saying that. That is why you should keep highest respect for the beloved servant Muhammad, may peace be upon him.

The Command of Allah Almighty continues and any command that goes against the command of Allah Almighty or his servant Sayidina Muhammad, is the way of satan. If you want to be in safety here and hereafter. If you want to be in happiness, then respect the beloved-one of Allah and his way. If you want to be in the best condition here and hereafter so that you will have no fear of the coming days and no sadness concerning the past times, then respect him.

# For the believers we are asking an opening

Bismillahi-r-Rahmani-r-Rahim... For the believers we are asking an opening, for the unbelievers guidance, hidayat, but those who are misleading people will see the consequences and taste the divine punishment of Allah...Who is leaving the way of Allah will suffer in Dunya and in Akhirat...

Allah has given us mind and understanding... Daytime there is the sun. Who put it up there in the sky? And in the evening the light gets weak and everything sinks into darkness. Whose mind is working may ask: Who is it that makes the sun to rise in the morning until it stands over our head and who lets it set in the evening? The morning light is born, rises over our head and gets strong, and then looses its power and drowns in the evening light and then there is darkness...

It is the beginning of Ramadan. According to the solar year the twelve months are fixed. The lunar year consists also of twelve months, but they are changing through the seasons. There is a creator directing everything... It is Allah who teaches us knowledge- one cannot learn without

any teacher... The most honourable science is Ilmu hisab- Arithmetics. Man is a strange creature with his 1 1/2 meters of height and on it a head of 2o-3o cm length and a diameter of 15-2o cm. In it is the brain, a jewel, a cevher. Who put in in there and how? Anyone with a functioning mind comes to the conclusion that we didn't create ourselves. We are appearing and again disappearing. If we had created ourselves, we would also be able to keep ourselves in existence. But we have been granted existence from somewhere else. And we see people die- to where their existence leaves? Who is taking it from them? Something is leaving. So that there is an unseen world, and that is the first order: to believe in the unseen and in the existence of Allah.

Every animal knows about their Lord and makes Dhikr, tesbih. Only man doesn't. He makes statues from wood and metal and worships them. How crazy they are! You made this form, how you can worship it? In Sri Lanka there is so many of them. There is a bare tree that has neither fruits nor blossoms, and the Buddhists venerate it wherever they find it, because they say that Buddha slept under such a tree, a cobra next to him(?). And there are so many different Buddha statues. In Singapur there is one of 25 m hight. I touched it and immediately the guardian ran towards me. He said: You may only look at it... The action is valued according to the intention behind it.

I said: "These statues represent Buddha - but they are not Buddha himself. If I hit him, is he going to do anything? Can he see? Hear? Feel? Why you worship to this statue? From where you take this idea?" "I don't know", the man said... What is it, that dishonours man? That they worship something that has no soul, no life. They make it their idol, and for that reason Allah destroyed so many nations, because they attracted the divine anger. May Allah not let us be from them.

This Ramadan begins on a Friday, and it began with 'azamat, heybet, power. If everything continues like it is going on, then everything will be finished at Bayram... Ya Allah, we believe in You and Your Power, accept us as Your servants, dress us servanthood... It is over, wait and see what is going to happen after Ramadan! May Allah forgive us! Fatiha.

## For the honour of the most honoured one we are sitting here

You are ready?...Here or anywhere else?...Now we are trying to get up, we are on runway... Destur ya Sayyidi, ya Sultanu-l Anbiya, Meded, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

For the honour of the most honoured one we are sitting here. For the honour and glory of the most beloved one’s honour we are sitting here! You know it or not? Don’t forget, (or you are) going to be forgotten. Who (is) forgetting (the) most beloved one, (he) is going to be punished to be forgotten from Allah Almighty’ s Mercy, (and) if (His) Mercy (is) getting up, cursing (is) coming on them. Therefore for the honour of the most honoured one we are sitting here. Allahumma salli wa sallim wa barik alayh. Zidhu, ya Rabbi! Oh our Lord, give much more honour and Glory for Your most praised one in Your divine Presence from pre- eternal up to eternal, S.Muhammad sws!

(In) every meeting, (in) every gathering, (when you are) sitting anywhere, you must remember the Seal of Prophets, our Prophet, (the) most beloved one in divine Presence. You must know that you are living for his honour. The creation (was) just brought from unknown territories, (from the) unknown Dominions of Allah Almighty (it was) coming in appearance. If he (S.Muhammad sws) is not there, nothing (is) getting to be in existence. You must live for his honour! You must try to be his servants, because his servanthood is

servanthood of his Lord Almighty.

Alhamdulillah- we are thanking to Allah Almighty that He is granting us through 24 hours even (a) very short time to give our most high respect to that most glorified one. And you are coming here from East, from West, from Far East, from Far West, from North, from South- you are coming here to be honoured for his honour. I don't think that you can find such a meeting now on earth through East or West, through Islamic countries or (through) Non-Muslim countries. I don't think you can find. As (it is) my authority, I am looking through East and West, and I am not seeing. Therefore you have bee honoured and for your honour I have been honoured that you are coming and (you are) attending this humble meeting. If no one (was) here, I must speak to (the) columns of this building, to the walls of this building, to the ceiling of this building, to the roof of this building- Alhamdulillah you are here! And your level (is) over (the) level of donkeys- it is okay, I am putting your level over donkeys, it is enough. Happy? Understanding what I am saying?

Who is making his hand up and saying: "La ilaha ill-Allah, Muhammadur Rasulullah sws" never (is) going to be down! No one can stand on your shoulders! La ilaha ill-Allah, Sayyidina Muhammadur Rasulullah sws. Biggest honour, biggest glory for us, that we have been chosen people to be here. You should find this short time (on) the Day of Resurrection coming to you with heavenly Lights, and you should be dressed heavenly glorified dresses with heavenly crowns. Who (is) not attending, who (is) putting out from their hearts (the) glorifying of their Lord- and glorifying is (the) most beloved one's glory- they are dustbin, 'zibil', rubbish. (They) should be rubbish. It is not honour for you to live here several years and finally (you are) going to be rubbish. It is blame to mankind that (they are) going (and) living this life without dressing (the heavenly) dress of honour and going without (being) coronated by heavenly crowns. Big blame!

You must change your direction; you must change your face and your heart from Dunya to Maula, to Allah. Everything that you may ask, you can find (it) through His countless treasures. What you are taking? Or to which amount of this life's precious jewels or treasures you are reaching? Even Kings and Queens or Sultans; (they) have treasures, but in comparison to (the) bigness of this Dunya's treasures, a King's treasure is going to be nothing. And no one can reach (even) one Sultan's treasures now, no, because (in the) past time only one King was collecting and keeping treasures for his nation.

Now (there are) countless wolves, jackals, bears, foxes, running to take: "A little bit for me, a little bit for me",

putting for themselves, not for their nations. Kings were keeping treasures for their nation, because they were Sultans from beginning up to end. But through democracy, people who (are) coming on (the) power point, on treasures, (they are) saying: “As much as possible we must carry from these treasures for us, for our people, for our tribes, for our relatives”, (and) they never getting to be satisfied. Therefore even you have reached whole treasures here, it is going to be (of) no value. You should be asked: “Oh, that one, oh man! You just saved so many treasures, but it was not for you. Now you are looking (that) we are taking you away from your treasures and (we are) putting you under earth.”

One person’s beloved one to him died and (he) buried (him) and he was asking: “What I must write on his tomb stone?” One (other person) like Bahlul Dana was saying: “Write as that one that (is) buried (there) now (is) speaking to me (that) yesterday he was stepping on grass, (and) now over his grave grass (is) growing: 'You must write on my stone: Yesterday I was stepping on grass, but today that grass (is) growing on my graveyard and people (are) stepping on me now.' " That person (is) going to be rubbish.

If you are not using everything that He granted to you for his (S.Muhammad’s) honour- He has endless honour; for Allah Almighty glory (is) endless, but He is asking (it) to be used for the honour of that one who is most glorified one in His divine Presence- you lost everything! You and everything (that) you reached from Dunya is going, you and what you collected and saved, (is) going to be rubbish. You and those saved material treasures (are going to bi thrown) in(to the) dustbin.

Allah Almighty (is) asking: “Take this dirty one from My divine Presence that I granted to him a balance for balancing what is valuable, what is a jewel, a treasure, (a) real one, and also My balance was showing what is imitated and (of) no value. But I am looking that servant ran after no value, not valuable matters and he became also rubbish, and everything that he collected and saved (became) rubbish also.. Throw him and everything (that) he saved in fire! No value (for) that one except to be burnt and to be nothing.”

People now are in trouble, endless trouble. So many people (are) coming and asking to complain to me. I am saying: “Don’t speak! Say thanks to Allah! Don’t complain! You are in a good condition, but you are not giving your thanks and praisings to your Lord (and) therefore you are becoming to complain. No! What Allah granted to you is best for you and He is looking and asking from you for Him glorifying and praising from His servant. He likes it, but people like to complain: “My salary (is) coming down”, “My business (is) coming

down", "My company (is) going to be bankrupt" ... Why you are saying this?"

I was in South Africa, once upon a time, and some of our brothers were big business people. They (were) taking me to their store house. I saw a gigantic building, full with their stock. They are producing something for ladies... to make much more red (their lips), to put much more to be white (their face), to put on their heads much more paint not to be seen like this... (white hair)... cosmetics. I was looking like this, where is end of this? My turban (was) falling down, I can't reach. And in front if it big lorries (were) coming, from here up to (our) mosque, big, filling, and (the) smallest piece of that cosmetics: "How much it is?" "2o Dollars!" What is happening? Because when ladies (are) putting this, X. (is) falling down... For cheating men... Very good! And if 8o year old lady putting here also like this like that... saying her husband: "Oh my darling, you are so fashionable, so beautiful! From where you are taking this cosmetics?" "From South Africa..."

What you are doing! That one is native Imam, X. I said to them: Leave cities and city people, run through jungles, native people that they are yet with their origins, with nature. They have friendship (with nature). City people (have) no more friendship with nature. When people (are) going not (to be) friendly with nature, nature (is) coming against them and their lives (are) going to be poisoned. Those people are living in jungles and they are friendly with nature and Islam is just with nature. Islam (is) with nature, nothing you can find artificial Islam. Islam is original, with (the) origin of nature, therefore Islam so quickly may be acceptable. I am saying to them: "Go through these people, make centers there, collect them. Open big farms to work those people and this money (that) you are taking, not billons, (but) trillions of Dollars, give some of it to these people to stand up to know who they are, to know about Islam, about their Lord's servanthood. Teach them, support them!"

I don't think they are doing this. They are not doing this, only counting money... so many hundreds of Dollars, Euros, Pounds, Yens... Treasures! I said: "One storehouse only perhaps may be put to save whole Turkey from their debts and to buy all Turkey." One building only!

Doctor X. very happy... He is saying: I am not doing anything, but coming to me. It is alright... When people (are) sleeping, doctor (is) counting money... Euro, Dollar... Look, no Euros?... He likes now more than Dollars Euro...

Oh our people! Allah Almighty (is) giving a chance to you for using that treasures for His Glory! You should

find it in eternal life for you. Do it! Don't leave (it) here, because that one, when (he is) dying, quickly (they are) taking (him) to (the) graveyard and this gigantic store (is) staying (there), as it is, never helping to that one to be saved. No, finished.
Use your mentality and look what is good for you and do it! Don't save for nothing! What you are saving for yourself is rubbish and to be thrown in dustbin, in fire. What you are doing for the honour of that most honoured one, for the glory of Allah Almighty, you should be happy here and Hereafter.

May Allah bless you and forgive me. For the honour of that most honoured one in His divine Presence, S. Muhammad sws, Fatiha.

You owe a debt of gratitude to Your Creator. Make shukur, O son of Adam, to Who created you, that He (swt) created you in a beautiful form, make shukur. As-Salam alaikum O hadirun. Go ahead (and tell us) O Shah Mardan; the Sultan who is anamoured of his Creator, who is full of love for His (swt) Habib (sas), O Shah Mardan! Dastur, madad. What is there that we are in need to know. As-Salam alaikum O Yaran, Shah Mardan. What a beautiful Salam (greeting), from Shah Mardan. O Yaran, O our ahbab, O who love us, may Salam be upon you. May you be in salamat (safety). May your dunya and akhirah be happy. Go ahead O Shah Mardan, O Lion of Allah! Address the ones who love you. MashaAllah, la quwwata illa biLlah.
O Yaran, the ahbab of Shah Mardan, who love him - there is honour for them. There is happiness for them. How beautiful are those who love Shah Mardan. Madad O Shah Mardan. May the weakness on us leave us. May we not be like a bald cat next to the lions. No! A lion is a lion. It collects its own rizq/provision. A cat collects the leftovers of lions. Go ahead O Shah Mardan - Who is the Shah of rijal (men). O Sultan, O Shah Mardan. May you give us from that heavenly nafha, from that holy breath. May the heavenly nafha revive us. May it prepare us to carry iman, to carry Islam, to carry the servanthood of Allah Almighty, to carry the love of His Habib (sas). May it be a power for us so that we won't say "my body aches, I am tired...". Don't say like this! A lion doesn't say "My head aches", does it? Not even a cat says like this. A cat manages with the leftovers of the lion.
Go ahead O Shah Mardan, your Yaran admire you. We want power for our external body as well as for our spiritual being. We want a power from you for our spirituality also. We want the dress of honour from the ishq and shawq that you have (divine love and enthusiasm). Say, Bismillahi r-Rahmani r-Rahim. From the majesty of this Bismillah the Heavens were torn apart.

The Heavens opened when the Bismillah was descending. It is Azamat! What a magnificence! When Bismillahi r-Rahmani r-Rahim was descending, the Heavens opened like this, they got astonished! "Allahu Akbar, Allahu Akbar, Allahu Akbar, Wa liLlahi-l Hamd. What is happening?" they said. The earths and Heavens trembled. Allahu Akbar. Bismillahi r-Rahmani r-Rahim descended from the Arsh, to His servants so that they recite it. It is the thawb of izzah, the dress of honour. Say Bismillahi r-Rahmani r-Rahim. The heavens and earths started shaking, quaking and fell into sajdah: "Allahu Akbar! O our Lord! You are Subhan. You are Sultan. Is it possible to stand when Your Majestic Name is mentioned?"

The earths and Heavens shook, trembled. The whole universe started quaking, shaking. What was happening? The Bismillah was descending. Shukur Allah, it was presented to the Nation of Muhammad (sas). He said Bismillahi r-Rahmani r-Rahim, it descended for the Nation of Muhammad (sas). The Bismillah descended on each Prophet in a time of trouble. Prophet Adam recited one Bismillah, alaihi s-salatu wa s-salam, and set foot on earth in safety. When he reached safety, the Bismillah was taken from him. Prophet Noah recited the Bismillah once. He recited the Bismillah once and stopped the whole flood. He remained safe, it didn't touch him. Prophet Ibrahim also said Bismillahi r-Rahmani r-Rahim once and the fire of Nimrod extinguished. Allahu Akbar.

It descended on each Prophet once, and brought them into safety. He didn't leave it with them daima, permanently. The permanent Bismillah was granted to the Habib (sas) and he recited the Bismillah. Prophet Solomon said it once, Bismillahi r-Rahmani r-Rahim and the Queen of Sheba turned into a cat! She had thought of herself as a lion. She trembled along with her throne in front of the Majesty of the Bismillah! "'Innahu Min Sulaymana Wa 'Innahu BismiLlahi r-Rahmani r-Rahim"(27:30) She fell down with her throne. He (swt) granted us such a miracle - Allah Almighty granted to His Habib, to the Nation of His Beloved. Shame on the children of Adam that they don't know this. They say "Let us do this, do that". What can you do? What is it that you can do? Here, the children of Adam try to build cannons, weapons, try to generate electricity, to make planes fly...These have no value. Did you say BismiLlahi r-Rahmani r-Rahim? If you didn't, all that you did is rubbish.

The Bismillah is the dress of honor Janab-u Rabbu-l 'Izzat dressed on the servants of the Nation of Muhammad (sas). Say Bismillahi r-Rahmani r-Rahim. Whatever trouble there is on us may go

away from us. It is the Name of Janab-u Rabbu-l Izzat, Bismillahi r-Rahmani r-Rahim. We don't need any medicine or doctors, nor do we need any planes. Every miracle is in BismiLlahi r-Rahmani r-Rahim. Make people get accustomed to this. Listen, take this advice from Shah Mardan! Don't strive for something else. Janab-u Rabbu-l Izzat sent to His Habib, Bismillahi r-Rahmani r-Rahim, and to you through him so that you can succeed in everything. Neither technology nor any other thing has any value, it is all the power of the Bismillah. Shame, pity on the people who don't even say it once. Go ahead O Shah Mardan, the field belongs to you.
"Then say with me O my Yaran Bismillahi r-Rahmani r-Rahim and don't fear". Even if a person who says Bismillahi r-Rahmani r-Rahim goes to hell, the fire of hell extinguishes. Allahu Akbarul Akbar.
The zinat (adornment) of the eight paradises is Bismillahir-Rahmanir-Rahim. O Yaran, Shah Mardan. This way is the way of Shah Mardan. O our Lord, may You dress on us the dress of afiyah/health, the dress of honour. Say Bismillahi r-Rahmani r-Rahim and dress on us the dress of honour. "Ad-dinu nasihah." Religion is advice. It teaches man whatever benefits him. Shah Mardan teaches the Bismillah. "O my Yaran, let us say Bismillahi r-Rahmani r-Rahim. The troubles on us may be away from us." The Bismillah, which descended for the honour of Your Habib. Adam (as) recited the BismiLlah and set foot on earth. If he hadn't, the earth would have swallowed Adam. But he said "Bismillahi r-Rahmani r-Rahim. I recited the Bismillahi r-Rahmani r-Rahim, which Your Habib said, which You taught him Ya Rabbi. May You forgive us". Or the earth was going to swallow Adam. Because of his mistake the earth was going to swallow him. "Say Bismillahi r-Rahmani r-Rahim". He said it and managed to stand on earth or it was going to swallow him.
Even when he had been all the way up in Paradise Prophet Adam was going to sink into the deepest point when he hit the earth. But the Habib called to him, "O Adam, say Bismillahi r-Rahmani r-Rahim and stand firm". He said Bismillahi r-Rahmani r-Rahim and the earth didn't swallow him. Otherwise the earth was going to swallow Prophet Adam. Aman Ya Rabbi.
Prophet Adam made a mistake. He was expelled from Paradise. When he came down on earth, the earth was going to swallow him. "Say Bismillahi r-Rahmani r-Rahim". He said it and his feet stayed firm. Therefore no matter how many times they make us say the Bismillah, O Shah Mardan, the word you say is Haqq, the truth. O our Lord, it is Your Ism Al-Azam; Bismillahi r-

Rahmani r-Rahim.
May You dress on us the dress of afiyah, the dress of servanthood, the dress of honour O Lord. We should not look to other places. O Yaran, Shah Mardan, how majestic are you. "If I appeared with my full majesty" said Shah Mardan, "there would be no man who can stand on earth, all would faint". Shah Mardan has not yet appeared with his majesty. Masha Allah. O Yaran, Shah Mardan. I am weak. qawwi dha'fi fi ridak O our Lord. Strengthen my weakness to Your Pleasure. A lion can turn into a cat if you say Bismillahi r-Rahmani r-Rahim. It is called "tabasbus"- cats come and rub up against you purring like this; this is called tabasbus. If you say (the Bismillah), giving it its due right, whatever creature there is on earth, all would run to you, to your feet. Just as a cat runs after its owner, they all come running like this. Aman Ya Rabbi. Ma A'zuma Shanak Ya Rabbi.
It is Rajab ShahruLlah. May the sword of Shah Mardan appear and finish the ones who crush Your servants, finish the oppressors O Lord. May the Sultan, who will take back the rights of the oppressed ones, come. May You grant us the power O Lord. What can we do? What we want... "What do you want, O My servant?" "I want to be a doctor" "What about you?" "I want to be a trader". Shame on you! Did you ever say "I want to be a servant"? "I want to be a doctor. I want to be an engineer, I want to be a mayor..." You want straw in front of the Sultan. O nadan, foolish one! You want straw in front of a Sultan? Shame on you! Say Bismillahi r-Rahmani r-Rahim and all your doings advance, you become a lion. Qawwi dha'fana fi ridak. Say the Bismillah and you grow stronger. Qawwi dha'fana fi ridak.
O Lord, You dressed on us the dress of Islam, honour. "Everything is for you" said the Angels of the seven Heavens. "O children of Adam, everything is dressed on who says La ilaha illa Allah" Say "La ilaha illa Allah" and everything is yours. "Muhammadu-r RasuluLlah (sas)". The Beloved of the whole creation is dressing you with the greatest dress of honour. Say Bismillahi r-Rahmani r-Rahim. "Iqra' Bismi Rabbika lladhi Khalaq"(96:1) It says "Recite the Bismillah and read", doesn't it? Mankind cannot understand what a magnificence it is. They have become ignorant ones. Be a lion! Be a lion! You say Bismillahi r-Rahmani r-Rahim and you are no cat, you are a Sultan. Bismillahi r-Rahmani r-Rahim makes man, Sultan. Say it and don't fear. If not, you will be humiliated.
I am Your weak servant, O Lord. "Then listen to what Shah Mardan says." He says. O Yaran,

Shah Mardan. How beautiful is what you say. What happiness and relief it gives. It teaches in a moment what you couldn't learn by studying all these years. Say Bismillahi r-Rahmani r-Rahim. Ask for health, afiyah. For what? To make Your service, O Lord. Go ahead, O Shah Mardan. Why do we ask for afiyah? To make service for our Lord, not to run after dunya. May our hearts be purified. May our faces be enlightened. May we be dressed with Nur. Let us say Bismillahi r-Rahmani r-Rahim. Go ahead, O Shah Mardan. The whole world trembles from your majesty. The unbelievers built cannons and will fire them. The unbeliever's cannon will explode on his own head before it moves. They think we are easy.

I am a weak servant but Shah Mardan is our Sultan. A power comes on us, Nur comes on us. Honour comes on us. Dunya is under our feet. The sky is above our heads. O our Lord, we make sajda to You. We want to live for making sajda to You. Shame on the people who strive for dunya. What do you live for? Say, "I live for Allah. I live for the service of my Lord, not to collect straw". Ya Rabbi You sent us Shah Mardan. We should learn (from him). We wait, we want the Sahibu-l Waqt (s. Mahdi) who is from the line of Shah Mardan.

Once upon a time... In the old times they would travel by ship. Traders, passengers would all travel by ship. So a ship started its journey. It started its journey and was sailing before the wind. After a while something came out. An outcry broke out. "What happened?" "The Sultan's most valuable jewel is stolen". "How can this happen?" "Well, it happened". "What will we do now?" "Let us search everyone on the ship and take it back from whoever we catch with the jewel". They searched all of them but couldn't find it. Finally, there was a dervish man. He was sitting like a miskeen (helpless) person like this. They asked "Who is left that we didn't search?" "This one is left". "Let us search this one too". "Don't search me." he said. "We will search." they said. He said "Ok. Since you will search me, step back, open up". From the edge of the ship, he said Bismillahi r-Rahmani r-Rahim. Saying Bismillahi r-Rahmani r-Rahim, he disappeared walking over the sea as if it was a paved road. "You accused a poor man like me. I am not the man you are looking for. Bismillahi r-Rahmani r-Rahim, Bismillahi r-Rahmani r-Rahim". Reciting the Bismillah on the sea, he walked off.

The miracles of the Bismillah are endless. Say the Bismillah and don't fear. Treasures open for you. But we don't live for treasures. What is said for those who live for treasures? Wayhak. Wayhak! Shame on you. You run after the treasures of dunya but you don't turn toward Rabbu-l

'Izzat Who is the Owner of them. Shame on you. Wayhak. Pity on you. Here, the people fell down so low like this. Be Man, and be a Sultan. Rabbu-l 'Izzat dressed Man in the dress of Sultanate. Our Shah Mardan, go ahead and say. O Shah Mardan, all admire your speech. All admire your advices. Accept us O Sultan. Say this and march. You can walk on the sea. You can fly in the sky too. But people forgot the way. Shaytan cheated them, made them corrupted, dishonorable - saying, "you will be this, you will be that." Don't say "I will be this, I will be that". Say "I will be a servant to Allah". For what do you live? "To be a doctor". Spit on you and on your doctorship. Why don't you say, why don't you teach - "I will be a servant to Allah". For teaching, at the very beginning they would make the children say Bismillahi r-Rahmani r-Rahim. They would teach all the children like this.

Shame on the people of this time that they fell short of humanity; they even fell short of the animal level. "'Ula'ika Kal 'An'ami Bal Hum 'Adallu" (7:179) (Like cattle or even less.) Who runs after dunya is like an animal, maybe even less than them - they have become like trash. O our Lord, what can we do? We are weak, qawwi dha'fana fi ridak. O Shah Mardan, go ahead and speak. We ask for a cure for our every trouble. Even if you can't be, try to be like, so that you can be as "Man tashabbaha bi-qawmin fa-huwa minhum". (Who resembles a people is of them). Resemble the Sultans. Resemble the Sultans. But they can't do that either & they run after shaytan. May Allah make us far away from shaytan.

Go ahead O Shah Mardan. May we be your slaves. May we learn your good manners. Say Bismillahi r-Rahmani r-Rahim. Bismillahi lladhi la yadurru ma' ismihi shayun fil ardi wa la fissamaa-i wa Huwa s-Sami'ul 'Alim. (By His Name, nothing can harm you on earth or in heavens.)

May You not take Bismillahi r-Rahmani r-Rahim, the crown of Islam, off our heads. May it be a strength for our bodies. May we be in the caravan of Shah Mardan too. May we be enlightened with Nur. May we gain majesty. May we at least follow the tracks of Shah Mardan's horse. O our Lord, abdun daif. We are Your weak servants. May You forgive us for the honour of Shah Mardan. Shah Mardan, your yaran is your admirer. May our sohbat for today be this. May it open for us. May Allah Almighty grant us power and may we destroy the sultanate of shaytan. And we will, bi 'amriLlah, by the order of Allah.

O our Lord, may You forgive us. Forgive us. Let us say Bismillahi r-Rahmani r-Rahim. Fatiha.

That man stepped on the sea and walked. A man who has such a power does not ruin his honour for a jewel. He said, "Search somewhere else. It is not with me. I can walk on the sea." And he walked on the sea. Bismillahi r-Rahmani r-Rahim. Fatiha.
For the honour of the holy Rajab ShahruLlah may this heaviness on us be lifted. Even if we can't be a lion, we may be from those who follow the Lion. You become like this too. Don't go after dunya.
Fatiha.

## What is the Fortress from Shaytan?

Madad yaa RijaalAllah. Madad yaa Saahib az-Zamaan. Madad yaa Sultaanu 'l-Awliya.

As-salaamu `alaykum! Welcome to you! Shab`aneen, full or hungry? Hungry? Angry! As-salaamu `alaykum! Marhaban, marhaban, marhaban! As-salaamu `alaykum! How are your heads? The Germans are very angry because they do not understand and you understand only wie geht es, while the Pakistanis surrendered to their women without covering on their heads, while the Turks do not ask, (they) have the solution. The Arabs fight amongst themselves, and the Prophet (s) said, “Mahdi (a) will be among the Arab tribes and their opponents.” In Lebanon, most of our Lebanese brothers contradict and if one says “white” the other says “no,” and if one says “black” the other says “white.”

Dastoor yaa RijaalAllah. Madad yaa Sultanu 'l-Awliya. If there is no heavenly support, we are nothing and we know nothing, but much knowledge that benefits people do not know, and each one has a different understanding. We are asking (for knowledge), and saying we are knowing nothing. So many knowledges, but which one is giving benefit to people they are not understanding because each one has a different understanding.

As, once upon a time the raja, prince of an Indian tribe, brought an elephant and then brought a lot of blind

ones, and said to them, "What is in front of you, say."
One was reaching his trunk, saying, "This is a big pipe."
Another was catching the elephant's ear and saying, "This in front of me is a fan."
One was catching from its tail and looking and saying, "This is a brush."
Another one was catching his feet and saying, "This is a pillar of a building."
Another one was making like this (patting), "This looks like a wall of a castle."

Every understanding is going to be different, everyone is saying according to their senses and understanding because they are blind people. And we are saying now, a`oodhu billahi min ash-Shaytani 'r-rajeem, for Shaytan not to come here to make our people angry toward each other or to me. Yes, if coming, it is coming to make trouble, because the greatest troublemaker is Shaytan! And teaching how a person must be a troublemaker, saying to them, "Make trouble to others so that one is not going to make trouble for you." Therefore, everyone is a troublemaker now because they think, "If I make trouble for that one, he can't do anything against me, he can't trouble me!" So that whole nation is filled with troublemakers from their head up to their feet and everyone is trying, because that one may create trouble, and everyone is looking to a second one with bad ideas. Everyone is thinking, "That is against me; he may give me trouble now or in the future."

SubhaanAllahi 'l-`Aliyyu 'l-`Azheem! (Mawlana Shaykh stands and sits), Mawla-i-Kareem, He is warning, "O People! Mostly people are troublemakers." Only you can find a few people who are not troublemakers. Who are they, O Salafi `ulamas? Once again, O Salafi `ulamas, who they are that are not making trouble to servants of the Lord? We are saying, bismillahi 'r-Rahmaani 'r-Raheem. What is coming to me I shall speak, but I am asking Salafi `ulamas, who are safe from being troublemakers? Can't be, must be some ones that are not making trouble for people. First of all, bismillahi 'r-Rahmaani 'r-Raheem! Therefore, I am asking Salafi `ulamas, who are those that are making trouble for others, for servants of Allah? It is important to know them, yes. If you are not knowing them, they are kicking you out because they are representatives of Shaytan and they have been graduated by Shaytan.

Who are those people who are not troublemakers? I am asking now through mamlaka, kingdom, as they know in the Islamic world, much more powerful and greatness dressed on them. One country is sitting at the heart of Muslim countries, and `ulamas in that kingdom are thinking also that they are kings of `ulamas all

over the world and everywhere `ulamas must learn from them, must listen to them, must follow to them!!! But I am asking you to say to me, are you warning troublemakers daily or not? There are so many people, as we said, who are troublemakers.

Marhaban, O Salafu 's-Saliheen `ulamas! You are reciting Qur'an Kareem? "Oh yes sir, day and night, laylan wa nahaara." Very good, I like it. And one question I must ask you, because you are looking at yourself sitting on a tower and people are downstairs (beneath you). Say to me, who are the troublemakers and who are those not giving trouble? I think that this is a strange question, but it is important. Say! I am asking for an answer. You may say through your broadcasting or writing or any way you may send me an answer about troublemakers! You know who are troublemakers. How we can save ourselves from them? What is Allah Almighty saying and ordering for saving ourselves from troublemakers? Are you remembering ayatun kareema? Say, if you are remembering. It is never passing through your mind what we are reminding you. If you have some secret knowledge about holy verses of Holy Qur'an, you must understand. What they are saying to me here, they are pointing to an answer also, because I am not claiming I am knowing, but what they are saying to me I am knowing.

Say, you say! "We are `alims from Pakistan, from Turkestan, from Arabistan." Who is that one that can answer me? If you like to be safe from troublemakers, what must you do? Yes, in old times when there were battles between armies, when one side of true armies saw in front of them a much more powerful army and they must take them away, where were they running? Now I am saying, and in mamlakah, kingdom, there was one in Madinatu 'l-Munawwarah (Mawlana Shaykh stands.) `ala saakinaha afdal as-salaatu wa 's-salaam, (Mawlana Shaykh sits.) there was a fortress or castle against troublemakers, and when they asked to run in Madinatu 'l-Munawwarah to defeat them, people ran from those troublemakers to the fortress. Now we are saying, they are making me to say that, Allahu akbar, Allahu akbar, we are in need now of a fortress to run in it, to be there so we can be in safety from troublemakers! Yes? Bilaadikum mawjood, fortress, too much, everywhere. This is an example to make people wake up. They can make me to speak just like I am reading a book, but they are making such positions to make people wake up and think! If they are not thinking, not-thinking one are animals and now people leave thinking.

"O Shaykh, why we are going to think? We now have new technologia named 'Internet.'" We are not in need to think on it, we are making ... through foot or hands, small ones, we are making our fingers like this, like

that, and we are not in need for thinking. Just pressing a button and I am looking like this. Is Shaytan in it? Must be so many shaytans, yes sir. People are not thinking now, giving everything to machines and they are surrendering to Shaytan, saying, "We are under your orders."

Now they are making me to make a clarification. That is an important question that I am asking also, not only to Salafi `ulamas, but I am also asking from non-Muslim world's chiefs. I am asking to His Holiness the Pope, and he is going around but he is not speaking on such subjects. He is making like this, like this (nodding), it is not enough. Even one billion popes can't do anything for the Christian world. Rabbis also, a billion rabbis can't do anything for their nation, or other nations. I don't think that in Pakistan, or Hindustan `ulamas, Samarkand, Tashkent, Damascus `ulamas, in Egypt, very proud also to be Azhari 'sh-Shareef. Shaykhu 'l-Azhari 'sh-Shareef, I am asking to you, how can we can save ourselves from Shaytan and its troubles?

That is important for the whole world, and no one up to today is asking this. How can we save ourselves from the troubles of Shaytan? What is a fortress for Muslims to save themselves from Shaytan and its followers, jahanamiyyoon? If the Christian world's chief is not knowing the way for what we are saying, to save people from Shaytan and its tricks and traps and its troubles, all nations are in troubles on behalf of Shaytan, nothing else. That is an important speech! You must listen, you must say, "We are on the wrong way and (must change to) the right way to save ourselves from Shaytan's troubles."

Astiazubillah! (Mawlana Shaykh stands.)

••• ••••••• ••••••••• ••••••• ••••••••• •••••• •••••••••• •••• •••••••••••••

Yaa ayyuha 'l-ladheena aamanoo ittaqullaha wa koonu ma` as-saadiqeen, O you who believe! Fear Allah and be with those who are true (in word and deed). (9:119)

Salafi `ulamas, am I wrong? Saheeh, or ghalat (true or false)? Say! Idhaa fee kalamee ayyi khataa fa 'l-yadhabu ila jahannam. "That shaykh is speaking wrong." If the shaykh is speaking wrong, you must go to Jahannam! (Mawlana Shaykh sits.)

One aayatun kareemah, asking Shaykh ul-Azhar, if what I am understanding, I am not understanding but I have been supported with heavenly ones' support and authorized on lowest leveled one as who cleans streets,

true or not? Wa koonu ma` as-saadiqeen. Allah Almighty is saying, "If you are asking to be in a heavenly fortress, you will find the door through saadiqeen." Say to me now, you Salafu 's-Saalih, Salafi `ulamas, say with whom you are now! Don't say to me who passed away, no, say to me now. There are saadiqeen, so many. Even if they are a handful, yes, say to me, which one you are following that we may follow him also! We are not following you! But if you are saying saadiqeen, are saadiqeen only three people? You are wrong, no way for nations to be saved here and Hereafter, only if three are true ones! Yes. OK? OK? Anyone may come here and say! I am catching my stick here, if coming against ayatun kareemah, if I am hitting on his head, going to be like this (splits). Sometimes this may be a sword making from up to down. Believe in reality that prophets are bringing from heavens!

Wa min Allahi 't-tawfeeq. Fatihah.

True or not? Marhaban Salafi `ulamas, ha-ha! Fatihah.

Unexpected. I was not thinking to speak on this, but it is so important for the whole world!

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Fatihah.

## For Whom is the Holy Throne?

(Mawlana Shaykh stands.) Dastoor yaa Sayyidee. Tabaarakta Rabbana wa t`aalayt, `alayka 'l-hamdu alaa ma qadayt, nastaghfiruka Allahumma wa natoobu `ilayk. Allahumma wa 'ghfirlana wa 'r-hamna wa tub `alayna wa 'hdina wa 'sqina, laa ilaaha illa Anta Subhaanak, la nuhsee thanaan `alayk anta kamaa athnayta `ala nafsik. Wa zid habeebika Sayyidina Muhammad, Sayyid al-awwaleen wa 'l-akhireen `izzan wa sharafan nooran wa surooran wa ridwaanan wa sultaana.

Lakal-hamd, yaa Rabbee! Anta j`altanaa min ummati habeebika 'l-Mustafa. Irham d`afana. wa laka 'l-hamd `ala maa qadayt wa laka 'sh-shukr min awwal ad-dunya ila akhiriha, yaa Rabbana. (Mawlana Shaykh sits.)

Wa thumma salaamu `alayka yaa Sayyidee, yaa Sultaanu 'l-Awliyaa, Sultaan haadhihi 'd-dunya, representative of the Seal of Prophets (s) on this world, our Grandshaykh, dastoor. We are asking for your support for all of us and we are in need of what you are giving to us. We know nothing, but you know what is necessary for us, and what we do in front of devils and evil and the representative of devils, Shaytan. O our Grandmaster, Sultanu 'l-Awliya! We don't know how we can save ourselves from falling into the traps of the most dangerous enemy! You are our protector and we are asking humbly for a heavenly support, not to fall into the traps of Shaytan. We are all weak servants and we may ask protection from our protector on this world. You must ask! Don't trust your knowledge or your physical power, your treasures, or your worshiping:

all of them are useless. You must ask for heavenly support! Don't trust anything material that belongs to this world, it never gives you anything!

O People! As-salaamu `alaykum. I am looking that the majority of Mankind are running after dunya. Mostly, they are asking from material aspects a protection for themselves. Material aspects can't give you a protection, no! Protection for Mankind is coming only from heavens. Heavenly protection may protect you from every badness, from every evil and from every devil. This world is full of devils, from north to south and from east to west. If there are one-billion people from Mankind, there are seven times more of devils! They never leave anyone without running after them, to make them fall into their traps. They are using countless tricks everywhere. No doubt we are reaching the Last Days of our period, the period of Adam's children. We are just reaching the end of the period on this planet.

We shall be collected in the Divine Presence. Allah, Allah. What you are knowing as a very simple learning, that people are just going to be collected in the Divine Presence. SubhaanAllah! Glory to our Lord, Allah Almighty. Huuuuuu. Allah Almighty (swt), lahu `azheemu 'sh-shaan, endless greatness for Him. He is coming to the Plain of Judgment where, O Salafi `ulama, maa qawlakum. It is written through holy books that the Day of Resurrection will be carried on the `Arsh, the Holy Throne, and brought to the area of the Plain of Judgment.

What is maa qawlakum? What is your understanding of (Mawlana Shaykh stands.) ar-Rahman `ala al-`arsh istawa. (Mawlana Shaykh sits.) We are believing in the real belief, that Allah Almighty is la makaan wa la zamaan, no time and no space. What is this space, as we are saying? Do you think that it is makaan, a place on which something may be? Madad, yaa Sultanu 'l-Awliya. Anything in existence needs something on which it may be seated. What do you think about it? We are saying this whole universe is a space and in it is every galaxy. Nothing in existence can be without sitting on something; it is impossible, because there must be a place for the whole of Creation to be on, and also a time for it's beginning and another time for it's ending.

The Day of Resurrection, Judgment Day, subhaanAllah, our understanding about the Day of Resurrection is so weak! It is mentioned that angels will bring the Holy Throne to the Plain of Judgment, mashaa-Allah. For what? Now so many things are coming through my understanding. First of all, what do you think, Salafi `ulamas? Is Allah Almighty moving from one place to another place? How? Leave that. Then `Arshu 'r-

Rahman, the Holy Throne, is moving also. From where is it coming? No one knows, only the Creator of `Arsh knows, bringing it to the Judgment Plain. What do you think about that, Salafi `ulamas? That Holy Throne is coming to the place of mahshar, the Plain of Judgment, and angels bringing `Arshu 'r-Rahman? So big.

Just reaching some secret knowledge to anbiyaa (prophets), and after them to the representatives of anbiyaa, something about the greatness of this world. They are saying seven levels below and seven levels above, seven earths and seven skies. Their bigness is going to be in front of Kursiyy (the Holy Chair), not `Arsh; Kursiyy is something else. Seven earths and seven heavens in front of Kursiyy, like a ring. What is a ring? What can be its bigness in front of these huge existences? Seven levels down, seven levels up, and in front of Holy Kursiyy it is going to be like a ring. Kursiyy is so big and different from `Arsh. It is difficult to understand what is between Kursiyy and `Arsh, the Holy Chair and Holy Throne. Then seeing its bigness or greatness, Kursiyy is saying, "I am so big!" And Allah Almighty is making Kursiyy like a candle that may be put in mosques, and putting it on Holy Throne. So big, you are never understanding! And this is only a definition for our understanding, like a candle, and no one is knowing the number of candles of the Holy Throne's bigness.

On the Day of Resurrection, coming only something that representing `Arsh, as `Arsh can't move from its place to come to Judgment Plain. Something that by the holy order of our Lord, Allah Almighty, angels are bringing a figure (representing) `Arsh, and it is also so big! Bringing it to the Judgment Place and then if we are saying that angels can carry the reality of the Holy Throne, it is impossible! But as you may say a miniature, bringing there. And then if the Creator of `Arsh, if you are thinking that Jesus coming and sitting on it, that is against the beliefs of real Islam; it can't be. But for whom was it brought to the Plain of Judgment?

I am asking Salafi `ulamas, what are they saying? Who is coming to sit on `Arsh, Holy Throne, on Day of Resurrection? You are coming to me and claiming that you know everything, PhD doctors, Salafi `ulama. Tell me who is going to sit on the Holy Throne? And it is declared that Judgment Plain should be in Damascus. That Holy Throne brought to Judgment Place in Shaam, Damascus. Yes, finished. What is your answer? Who is going to be on that Throne? What throne can carry Allah (swt)? Who will sit on the Holy Throne? This is a most important question for Muslims, Christians and Jews. You may ask Christians and see what they are saying, but they are not going to accept (our answer of) who is going to sit on the Holy Throne.

That is a very important point for Salafi `ulamas and they must understand, because Allah Almighty is never leaving something without understanding. And we may ask, the Holy Throne is for whom? If you say it is for Allah (swt), you are going to be mushrik, (idol worshipper); it can't be. So that Holy Throne is for whom? I am asking and looking for an answer from Salafi `ulamas because they are blaming us, Ahlu 'l-Sunnah wal-Jama`ah; they are not accepting what we are saying. On the majestic and most glorified Holy Throne, sitting on it by holy command from the Lord of Heavens, saying, (Mawlana Shaykh stands.) "My most beloved one, My representative, Muhammad (s)! Sit on it, because no one can carry it, but niyaabatan, on behalf of Me, Muhammad (s) must sit on that Holy Throne on the Day of Resurrection!" (Mawlana Shaykh sits.)

We are asking that from Muslim `ulamas, to know this. And we are asking if there are any signs from the Old Testament or New Testament about the Holy Throne, going to be someone there? Christians' judgment (will be) on their heads, and just going to be on zero point, and it is great 'ayb, biggest shame for them to say Jesus Christ (a) hung on the cross!

Moses (pbuh) mentioned through the Old Testament (revealed) to him, who is going to sit on that Divinely Throne. Moses (pbuh) was asking, "O my Lord, show me Yourself." And the Lord of Heavens was saying, "O Moses, you can't carry. But I am showing to you My real deputy and representative for whole Creation, I am going to show you, to look to his lights, noor." And Moses (pbuh) looking through a short time, an opening coming on a huge mountain and that mountain became dust. (And Moses realized, "This is) not from Him (Allah); from Him, whole Creation disappears. Moses (pbuh) asking, "Show me Yourself," and the Lord of Heavens saying, "You can't see, but look to that mountain now that I am showing Myself on that huge mountain (Mt. Sinai)." But from that huge piece of time, (Allah's Manifestation) coming from Mt. Sinai as huge dust. What do you think, that Allah Almighty... is to be as His Attributes, or the attributes of creatures? No one (can carry). Therefore, the Lord of Heavens is asking to teach His prophets also, who is going to be on the Holy Throne on the Day of Judgment. Allah (swt) sent upon Moses one tajalli (divine manifestation) and that huge mountain became dust! How will Allah (swt) sit on that Throne? No! And on the Day of Resurrection, Allah Almighty (swt) is never moving His Existence. To move or not to move, that is an attribute of creatures. But Allah Almighty is never moving, never getting on from one type of being to another type of being; it can't be!

Therefore, we are coming and saying that Allah Almighty:

•••••••••••• ••••• ••••••••• ••••••••

ar-Rahman `ala 'l-`arsh istawaa, The Most Gracious is firmly established on the throne (of authority).(20:5)

(Throne) just coming in existence for showing His servants an understanding, and He means to say, "I am not that one who moves from this one to another one. I am not that one who sometimes coming from east or from west. No! I am Allah Almighty! I am the Lord of Heavens! But I am sending My representative, and he is the only one." What is his name? Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

What is the proof of that point, which Allah Almighty is saying for the honor of the Seal of Prophets? Say! “O My beloved one:

••••• ••• •••••••••• ••••••• •••••••• ••••••••••••

`asa an yaba`thak rabbuka maqaaman mahmoodan, soon will thy Lord raise thee to a Station of Praise and Glory!(17:79)

Whomever is asking to reach that place, Maqamu 'l-Mahmood (Station of Prophet [s] under the Holy Throne), our minds can't understand where it is, on Earth or on `Arsh? Allah Almighty is calling, "Yaa Muhammad (s)! Come and sit on that Throne on behalf of Me and give your judgment for your nation and for whole of Creation."

O People! You must try to understand. I am a weak one, never understanding, but my master making me and holy ones making me to speak from my heart. And my heart is granting to my tongue such things that it are so important and gives honor to people, even if they have been granted a very small understanding.

May Allah forgive us. O Allah forgive us!

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, SubhaanAllah.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.

Dome dome dome dome 4x

Bi hurmati 'l-Fatihah.

(51 minutes) Allah!

(571 thousand) Mashaa-Allah.

(Mawlana Shaykh speaks with Hajjah Naziha on phone.)

Mashaa-Allah, mashaa-Allah.

# The Foundation Of The Day

Bismika Allahu wab tada'ta... Washrah sudurana, wahfaz imanana. Zidna imana wa-l Islama, zidna Ya Rabbi takriman min 'indak Ya Allah. Shukur Allah. Allah Almighty granted us His great Favor. Shukur Allah. While the world is running away from worship, thanks to Allah Almighty who granted us love and yearning for His worship. Endless salat & salam on Your most Beloved Prophet (sas). We send salat & salam to our Umm Hiram Sultan also. May we see good days, may our days be good.

If you make the foundation strong, then the building will be strong also. What is the foundation of the day? It is the fajr prayer. Whosoever prays the fajr prayer, builds a strong foundation for that day. His day & his doings in this day will be upon a strong foundation. When he doesn't pray, shaytan knows. Shaytan knows it. He says "Go back to sleep, there is still time.." This is for the Muslims. But for the general, nothing! He covers them with one blanket, one more, one more.. Each worse than another.

Shaytan's whole sickness of heart is to make man dishonoured. Who teaches man all the sins is shaytan. Who teach man all goodness are the Prophets. When they left the Prophets & followed the deeds of shaytan the world has become all upside down like this. It is going now like a car whose axle is broken. It is going now. One can't stop it by braking and it doesn't stop when it is out of gas because it took the downhill path, & going downhill is easy for the people. Going downhill into this dirty world, they say "Please take me as a member too". They made up a new word for "member". It is also the invention of shaytan.

All the belief & struggle of today's people is to destroy the old & to bring a new world. And here

is the world they brought! "Leave the old" say the jon Turks. What does this mean? The new Turks. Jon Turk. Jon Turks say "we don't want the old. We will build a new world". What harm did you suffer from the old? What is the harm of old? Old castles remain but all old buildings are destroyed. Our state, the Ottoman state- The Sultanate of the Othman Dynasty- was the protector of Islam. It was the attribute of the Sultan- the guard of Islam. They wouldn't give any chance to shaytan. And what did shaytan do? Always trying & whispering to the people "let's bring change, reforms".

What is the reform? What is the innovation? It means "Let's break all the bonds that the religion binds us with and build a new world". They built & made it like a dirt hole! And they fell into what they made.. Everywhere is full of dirtiness, everywhere in the great countries is full of dirtiness. Russia is the same, China is the same, India is the same. German is the same, French is the same. The British are Sultanate & conservative. Our people lost their direction, going like a car with a broken axle. You know axle? It is moving. It goes, it is moving ahead. But how is it going? It was going downhill. Now it came to uphill & is not going! Now they can't make it move, saying "What should we do? "What should we do?" Don't insist still since you hit the uphill now. You can't make it work. You should return to the path that works. You are going on the wrong side. You should return to the right side so that it goes.

In this situation, what they call "innovation" is shaytan making them worship him. The trouble with all the innovations is that shaytan made the children of Adam worship him & forget their Lord. He made them forget their Lord- shaytan & made them worship him. And the situation today is the troubles that come on those who worship shaytan. They have no arrangement of their finances. They don't know anything. They have no knowledge nor do they have any softness.

They have no money in their pockets now either. Whole world now asks money from one another. Astonishing. Astonishing. Astonishing. The Great Sultan AbdulHamid may paradise be his abode, ruled the Empire of 7 million km square for 40 years. Everyone had gold & silver in their pockets. What have they become now? They are printing money. You can use that paper you print as toilet paper if you like. It has no value, no value.. There are so many machines that

print the same that you print & put on the market.

In this country, in this country that we live in, in 1930s, in the whole country there were 75 vehicles. We would call it "tamofil". There were 75 registered ones. When I was coming to Istanbul the latest number of these machines was 757. It was the car of the judge, I know. I reached this age but I know all of it. I remember them one by one. There was one car & it was the car of the judge. And my dad who was a worker in Awqaf/foundation would go on foot.

Now? Now the number of cars reached 1 million? Or did it reach 2 millions? Everywhere is full with cars in this country. This Lefke, there was one.. We would call it "bioforio" They would make an assembly on top of a big, tall machine. They would put benches on it so that it would become like a bus. It would move from here in the morning, calling "who is going to Nicosia?" 3 people, or 5 people would go. It would take & bring them back after noon time.

But now the wildness, madness is beyond bounds. Before they could manage with 3 gurush, very little money daily. Now even if you give them 3 million, they say "it is very little. We can't manage with it". Why can't you manage with it? Because they did not tell you the method of "management". You devoted your whole life to shaytan, you devoted yourself to the service of shaytan so shaytan doesn't leave you. He keeps that person in his service like a donkey. Keeping people like this; today, tonight shaytan will make the whole world mad.

Tonight will be the night when people go crazy. This doesn't exist in our religion nor does it exist in our customs. But the people will go crazy. And I say "May it be the end of it. May it be the last one". May our Lord send us a Sultan for the honour of His Beloved (sas). Sultan that he has spiritual power, majesty. It is said "Sultan is the shadow of Allah on earth". I am waiting for this. I want that there will not be another night that mankind will go crazy like tonight. They corrupted everything. Tomorrow, even our people say "Happy New Year" following the fashion.

What new year? It has become like this- shaytan made whole world accept his way, his system. May he be finished! Unless the people come to their senses, troubles & calamaties won't leave them. And they can't be saved from the torment of the grave when they die. Aman ya Rabbi, tawba ya Rabbi. May Allah protect us from the torment of the grave.

Religion is forgotten. Faith is forgotten. Worshipping is forgotten. Good manners are forgotten. Good character is forgotten. We turned into a herd- it is not obvious if we are men or animals. May Allah forgive us. Wa min Allah at-tawfiq, Al Fatiha.

Aman ya Rabbi. We reached the morning in safety, may we reach the evening in safety. May your hands be kissed. Stand firm. Stand firm. Do what these ones say "don't do" & don't do what they say "do", you will get saved. Good bye.

H.F. Allah bless you.

May Allah make our past & future days all khair. May He (swt) make us live with good works, with His worship. How beautiful, how beautiful is our Lord. Fatiha.

May your day be khair. The swords will be drawn. Allahu Akbar Allahu Akbar Allahu Akbar wa Lillah al Hamd. Alfu salat alfu salam on you O Beloved Prophet of Allah! I want power, strength for this, otherwise my grave is ready there too. They will lay me there also. Before this I want to execute the Heavenly command. Allah ya Rabbi, tawba. Fatiha.

How are you Hj Mehmet, are you good? May Allah increase your Nur. "Salamun Qawlaan Min Rabbi r Rahim" for all our children. O Lord, may You send the Master who will destroy the Sultanate of shaytan.

**Das Fundament des Tages**

---

Bismika Allahu wab tada'ta... Washrah sudurana, wahfaz imanana. Zidna imana wa l-Islama, zidna ya Rabbi takriman min `indak ya Allah. Shukur Allah. Allah der Allmächtige gewährte uns Seine große Gunst. Shukur Allah. Während die Welt vor dem Gottesdienst davonläuft, sei Allah dem Allmächtigen Dank, der uns Liebe und Sehnen für Seinen Dienst gewährte. Unendliche Salat und Salam auf Deinen geliebten Propheten (saws). Wir senden Salat und Salam auch an unsere Umm Hiram Sultan. Mögen wir gute Tage sehen, mögen unsere Tage gut sein.

Wenn du das Fundament stark machst, dann wird das Gebäude auch stark. Was ist das Fundament des Tages? Es ist das Fajr Gebet. Wer auch immer das Fajr Gebet betet, baut ein starkes Fundament für diesen Tag. Dieser Tag und sein Handeln darin werden auf einem starken Fundament stehen. Wenn er nicht betet, weiß Shaytan das. Shaytan weiß es. Er sagt: 'Schlaf weiter, es ist noch Zeit..' Das gilt für die Muslime. Aber für die Allgemeinheit, nichts! Er bedeckt sie mit einer Decke, noch einer, noch einer.. Jede schlechter als die andere. Shaytans ganze Krankheit des Herzens ist, den Menschen zu entehren. Wer den Menschen all die Sünden lehrt, ist Shaytan. Wer den Menschen alles Gute lehrt, sind die Propheten. Als sie den Propheten den Rücken kehrten und den Taten Shaytans folgten, wurde in der Welt das Unterste zuoberst gekehrt wie jetzt. Sie geht jetzt so wie ein Auto, dessen Achse gebrochen ist. So fährt es jetzt. Man kann es nicht anhalten durch Bremsen und es hält auch nicht an, wenn es kein Benzin mehr hat, weil es bergab fährt, und bergab zu fahren ist leicht für die Menschen. Während sie bergab in diese schmutzige Welt fahren, sagen sie: Bitte, nehmt mich auch als Mitglied. Sie erfanden ein neues Wort für 'Mitglied'. Es ist auch die Erfindung Shaytans.
Aller Glaube und alles Bemühen der heutigen Menschen ist, das Alte zu zerstören und eine neue Welt hervorzubringen. Und hier ist die Welt, die sie brachten. 'Laßt das Alte', sagten die Jungtürken. Was bedeutet das? Die neuen Türken. Jungtürken. Die Jungtürken sagten: 'Wir wollen das Alte nicht. Wir bauen eine neue Welt.' Welcher Schaden ist euch widerfahren vom Alten? Was ist der Schaden des Alten? Alte Burgen bleiben, aber alle alten Gebäude sind zerstört. Unser Staat, der Osmanische Staat, das Sultanat der Osmanischen Dynastie, war der Schutzherr des Islam. Es war das Attribut des Sultan: Hüter des Islam. Sie gaben Shaytan keine Chance. Und was machte Shaytan? Er versuchte es immer wieder und flüsterte den Menschen ein: 'Laßt uns Veränderungen bringen, Reformen.' Was ist Reform? Was ist Neuerung? Es bedeutet: Laßt uns alle Bindungen brechen, mit denen uns die Religion bindet und eine neue Welt bauen.' Sie bauten und machten ein Dreckloch daraus! Und sie fielen hinein in das, was sie machten.. Überall ist es voller Dreck, überall in den großen Ländern ist es voller Dreck. Rußland ist so, China ist auch so, Indien ist auch so. Die Deutschen sind so, Franzosen sind so. Die Briten sind Sultanat und konservativ.

Unsere Leute haben die Richtung verloren, gehen wie ein Auto mit gebrochener Achse. Kennt

ihr Achse? Es bewegt sich. Es geht, es fährt vorwärts. Aber wie geht es? Es ging bergab. Jetzt kommt es zu einem Berg, und es geht nicht! Jetzt können sie es nicht in Bewegung bringen. Sie sagen: Was sollen wir tun? Was sollen wir tun? Beharrt nicht noch, da euch jetzt das Bergauffahren trifft. Ihr könnt es nicht zum Funktionieren bringen. Ihr solltet zu dem Weg zurückkehren, der funktioniert. Ihr geht auf der falschen Seite. Ihr solltet zur rechten Seite zurückkehren, damit es geht. In dieser Lage, was sie 'Neuerung' nennen, ist Shaytan, der sie dazu bringt, ihm zu dienen. Das Problem mit all diesen Neuerungen ist, daß Shaytan die Kinder Adams dazu brachte, ihm zu dienen und ihren Herrn zu vergessen. Er ließ sie ihren Herrn vergessen und ihm dienen. Und die Situation heute sind die Probleme, die auf jene herabkommen, die Shaytan dienen.

Sie haben keine Regelung für ihre Finanzen. Sie wissen gar nichts. Sie haben kein Wissen, noch haben sie Mitgefühl. Sie haben auch kein Geld in der Tasche jetzt. Die ganze Welt erbittet Geld einer vom anderen. Erstaunlich. Erstaunlich. Erstaunlich. Der große Sultan Abdulhamid, möge das Paradies sein Aufenthalt sein, regierte das Reich von 7 Millionen Quadratkilometern 40 Jahre lang. Alle hatten Gold und Silber in der Tasche. Was ist jetzt aus ihnen geworden? Sie drucken Geld. Ihr könnt das Papier, das ihr druckt, als Klopapier benutzen, wenn ihr wollt. Es hat keinen Welt, keinen Wert.. Es gibt so viele Maschinen, die dasselbe drucken, was ihr druckt, und es auf den Markt werfen. In diesem Land, in dem wir leben, gab es in den 30er Jahren, im ganzen Land, 75 Fahrzeuge. Wir nannten es Tamofil. Es gab 75 angemeldete. Als ich nach Istanbul kam, war die letzte Zahl dieser Maschinen 757. Es war das Auto des Richters, ich weiß. Ich bin alt, aber ich weiß es alles. Ich erinnere mich an jeden einzelnen von ihnen. Es gab ein Auto, und es war das Auto des Richters. Und mein Vater, der ein Arbeiter beim Awqaf, der Stiftung, war, ging zu Fuß. Jetzt? Jetzt hat die Zahl der Autos 1 Million erreicht? Oder sind es 2 Millionen? Alles ist voller Autos in diesem Land. In Lefke gab es eins, wir nannten es Bioforio. Sie machten eine Versammlung oben auf einer großen Maschine. Sie taten Bänke darauf, so daß es wie ein Bus wurde. Es fuhr von hier am Morgen ab mit dem Ruf: 'Wer geht nach Nicosia?' 3 Leute oder 5 Leute gingen. Es nahm sie mit und brachte sie nachmittags zurück.

Aber jetzt ist die Wildheit, die Verrücktheit grenzenlos. Früher kamen sie mit 3 Kurush täglich,

sehr wenig Geld, aus. Jetzt, selbst wenn du ihnen 3 Millionen gibst, sagen sie 'Es ist sehr wenig. Wir kommen damit nicht aus.' Warum kommen sie damit nicht aus? Weil sie euch nicht die Methode der Bewirtschaftung beibrachten. Ihr habt euer ganzes Leben Shaytan verschrieben. Ihr habt euch dem Dienst Shaytans verschrieben, also läßt Shaytan euch nicht in Ruhe. Er behält diese Person in seinem Dienst wie einen Esel. Er behält die Leute so. Heute Nacht wird Shaytan die ganze Welt verrückt machen. Heute Nacht wird die Nacht sein, wenn die Leute durchdrehen werden. Das gibt es nicht in unserer Religion, noch gibt es das in unseren Bräuchen. Aber die Leute werden durchdrehen.

Und ich sage: Möge es das Ende davon sein. Möge es das letzte Mal sein. Möge unser Herr uns einen Sultan schicken zu Ehren Seines Geliebten (saws). Einen Sultan, der geistige Macht, Majestät hat. Es heißt: 'Der Sultan ist der Schatten Allahs auf Erden.' Ich warte darauf. Ich will, daß es nicht noch eine Nacht gibt, in der die Menschheit durchdreht so wie heute Nacht. Sie haben alles verdorben. Morgen sagen sogar unsere Leute 'Frohes Neues Jahr' und folgen der Mode. Welches neue Jahr? Es ist so geworden. Shaytan brachte die ganze Welt dazu, seinen Weg, sein System anzuerkennen. Möge er ausgespielt haben. Bis die Menschen nicht zu Sinnen gekommen sind, werden die Probleme und Katastrophen sie nicht verlassen. Und sie können nicht vor der Qual des Grabes gerettet werden, wenn sie sterben. Aman ya Rabbi, Tawba ya Rabbi. Möge Allah uns vor der Qual des Grabes schützen. Die Religion ist vergessen. Der Glaube ist vergessen. Dienst ist vergessen. Gutes Benehmen ist vergessen. Guter Charakter ist vergessen. Wir sind zu einer Herde geworden. Es ist nicht mehr erkennbar, ob wir Menschen oder Tiere sind. Möge Allah uns vergeben. Wa min Allaha t-Tawfiq. Al Fatiha.

Aman ya Rabbi. Wir erreichten den Morgen sicher, mögen wir auch den Abend sicher erreichen. Mögen euere Hände geküßt werden. Steht fest. Steht fest. Tut das, bei dem jene sagen 'Tut es nicht', und tut nicht das, bei dem sie sagen 'Tut es', und ihr werdet gerettet werden. Auf Wiedersehen. HF: Allah segne dich. M: Möge Allah unsere vergangenen und zukünftigen Tage alle khayr machen. Möge Er (swt) uns mit guten Werken, mit Seinem Dienst leben lassen. Wie schön, wie schön ist unser Herr. Fatiha. Möge euer Tag khayr sein. Die Schwerter werden gezückt werden. Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Alfu Salat, Alfu

Salam auf dich, o geliebter Prophet Allahs! Ich möchte Kraft, Stärke dafür, sonst ist mein Grab dort auch fertig. Sie werden mich dort hineinlegen. Vorher möchte ich den himmlischen Befehl durchführen. Allah ya Rabbi, Tawba. Fatiha. Wie geht es dir, Hj Mehmet, gut? Möge Allah dein Nur vermehren. "Salam Qawlan Min Rabbi r-Rahim" für all unsere Kinder. O Herr, sende den Meister, der das Sultanat Shaytans zerstören wird.

# The Fox and the Snake - Shaytan Only Brings Misery upon Mankind

Fatiha.

You are creating us , whole creation from You, You are our Creator fro m pre-Eternal up to Eternal and we are asking humbly O our Lord through this holy month a grant from your Heavenly grants to make our egos under our feet and to help Your servants and to call them to come to Your servanthood . You are Sultan. You are Subhan.

Give more glory to Your most glorious One, Sayyidina Muhammad (s). Whole Glory and whole praisings only for You O our Lord. Give us from Your endless forgiveness, from Your endless blessigns. As-salaatu was-saalamu `alayk, whole praisings that is is a countless, never ending, never ending praising on you O our beloved Prophet (s) and our most glorious messenger from Heavens to whole creation. Alfu 's-salaat, alfu 's-salaam whole glory and praising to you O most beloved One in Divinely Presence.

And we are saying, A'udhu Billahi min-as Shaytan-ir-rajeem, Bismillah-ir-Rahman-ir-Raheem. We must be awakened people, not to be heedless ones, No! We must try to be awakened servants and to try to give our best praising to our Lord. Shaytan, the worst creature that it is against mankind and we must run away from that one to Heavenly shelter. The Lord of Heavens just granted us Heavenly sword from Heavens : Bismillah-

ir-Rahman-ir-Rahim. That is biggest protection for mankind against Shaytan and Shaytanic ones. If you are asking a shelter, say: Bismillah-ir-Rahman-ir-Rahim. By the name of Allah Almighty, most Beneficent, most Munificent.

Then O our listeners, I am not making you to listen but you are very lucky ones because you may force your egos to sit down and to hear and listen and then to obey. Whole messages with whole messengers coming from heaven asking from people to listen and to obey and our honour according (to) our obediency and I am saying to whole listeners, As-salaamu`alaykum. (Wa alaykum salaam wa rahmatullahi wa barakutuh).

That is amaan, (safety-peace) that is Heavenly shelter for every man whom they are asking a shelter. Shaytan, Sadanas, reaching everywhere and asking to make people unhappy and his most important wazife, his main subject, that Sadanas running after it to make people unhappy. That is Sadanas' most important mission. He is asking to make people unhappy and to fall in miseries and sufferings and every badness, cursing coming on people. Because he is cursed from Heavenly Presence of the Lord of Heavens, just it was thrown away and cursed, and it has such a hatred against mankind.

He never likes a person to be happy, enjoyful and in pleasure. Asking to make people unhappy, not to be enjoyful, not to be happy, not to be in peace. That is Shaytan's, Sadanas' mission. Therefore from beginning, Sadanas began entering to Paradise and first man and first woman they were in Paradise, in best life with full enjoyment, happiness, for them. Everywhere they are going getting a pleasure, a enjoyment, looking and taking. No fear, no hopelessly, no enmity, no any suffering or misery there. They are so happy. Shaytan saying "I must try to make that man to fall in worst level that they never going to taste anything, even in Paradise or out of Paradise."

OH PEOPLE!! Beware and Shaytan. But people writing on their doors of their homes, "Beware Dog!"

Beware Dog! no one writing "Beware Shaytan" because Shaytan coming to them as a best friend, a best teacher, best trainer, claiming and saying people, "Follow me, you should be so happy, so in enjoyment. So pleasure for you." Asking to cheat people to make them to fall into its traps. When falling in its traps beginning to laugh, "O my friend! How you are feeling now yourself,what is your feelings now? Just I put you in that trap, now you should understand what should happen to you."

Once upon a time, when I am saying "once upon a time," people beginning to say "dumm, dumm, dumm, dumm, dumm,dumm." Once upon a time, Shaytan's friendship, how is it going to be? Once upon a time a fox, don't say fox. Don't say fox, fox very strong one for cheating people. Don't say that other creature name, the Lord of Heavens making a fox to be friend with a snake. A snake worse, fox worst, Snake idiot; fox very clever one.

They said "we may do, we may be with you friends, I am going, come we may travel together through gardens, through homes of hens and through jungles, we may be together to be much more happy, and enjoying."
Fox looking and saying, "we may do." and they were beginning to be friends. Understanding? "O my friend, you are so quick. I can't reach to you, Fox"
Snake, "I am tiring,"
"Don't worry because I like to move quickly,"
"but I like to move slowly" saying snake.
They are going and finally they are reaching to a water and fox, our friend the fox, so many people now they are like fox, learning from fox so many things. Look fox what doing, what it can do? Coming. When entering fox in water, the snake said, "O my friend! (you are) leaving me here and you are passing on water?"
"why not coming?"
"Because I am not a heavy animal like you, Water can't carry you but may carry me."
"Therefore come, together we must pass."
"How it can be?" Fox asking and snake saying, "Oh, I may come around yourself till passing. When done passing I am going down and we may continue."
"We may continue."
"We may continue."
Then fox hearing and saying, "yes, doesn't matter, come."
Then (snake) wrapping (around fox's neck) and passing to second beach.
Then asking fox, "Just we passed, are you not going to leave me and we may continue?"
Snake saying, "No! You are my hunt. I can't leave you. I am going to get in your mouth down and eating everything inside making for my small ones, a nest."
"It is not true. Up to here we are friendly and now you are saying this."
"Because my creation in such a way. I hunted you now and I am getting inside and I am getting rest, bringing

small ones and sitting there."
How many times fox raja etmek, begging. "O my friend don't do this for me. I am begging you."
"No cant' be."
When it was hopeless, fox saying, "O my friend. So long time we are having friendship. Now I like to come and to look to your beautiful eyes. Beautiful eyes. I must look to them, then I am just surrendered to you."
Snake, he is idiot. Coming like this, "Look, O my friend to my eyes."
"A little bit, come closer I like to kiss you." And idiot coming and HAAATT!! Fox biting, spitting, kapasi gitti, it's head went away.

And then beginning to open itself and then our friend the fox, so many people they are like fox, taking from one side, making on earth like a sey dened gibi, a stick. and saying, "Look O my friend, friendship must be like this straight. If you are making like that then you must end up like this." Now Shaytan making people for biting and to finish them. That is its mission, asking to ride on you through east and west and if you are saying come down saying, "I am not riding on you to come down. I found like you a donkey animal for riding on it. I found a ride like you. How am I getting down?" Yahuu! Leave this.

Making people in such a way, that is Shaytan's mentality and it's mission to make people in such a way to fall down through trap and then when falling in trap, going to be in miseries and sufferings saying, "ah,ha,ha,ha! I am so happy making you through this trap. Live there, live there." Shaytan's mission but people now heedless, never believing Heavenly orders or Heavenly wasiyya, advice, saying now "no." Now ask everyone, saying "Shaytan is our best friend. if not Shaytan we cannot be happy and we can't enjoy ourselves. How you are saying Shaytan enemy for us, look every kind enjoyment Shaytan preparing for us and we are so happy." And Allah saying "••••• •••••••••••• •••••• ••••••• •••••••••••••• •••••••• - inna ash-shaytaana lakum`aduwan fatakhidhoohu `adoowa - Verily Satan is an enemy to you: so treat him as an enemy." (35:6)

Oh my creatures, Shaytan is the worst one for you, leave him, don't follow him because that is worst one asking you to fall into crisis. Eh, comment cava? not comment cava? Not a good condition. French boss speaking to a English boss. I am saying, "Comment cava?" and second saying, "Monsieur. Why?"
"Because there is crisis and we never knowing how we can find a way, how we can get out from this crisis?"
"Oh monsieur you have little bit mind?"
"Yes, I am little bit clever one."

"Now, you also make against trap of Shaytan, another trap put for it."
"O monsieur, just I tried but getting worse."

Shaytan he is laughing, whole crisis on earth is heavenly punishment because they are following Shaytan not following Heavenly messages. OH PEOPLE!!! come and listen. So many foxen, so many dragons running around this world through continents and through oceans. OH PEOPLE!!! Beware and dog, What is dog? Dog is Shaytan.

You can't be in safety from dogs, you can't trust dog. Why? When Allah Almighty created Man, as creation, Satan coming and looking there. And he was going from up getting out, looking everywhere for new creation for Adam. Then it was so angry, making "spit", spitting on Sayyidina Adam Alayhissalam. Allah Almighty ordering Jibraeel Alayhissalam take this piece out, and Jibraeel Alayhissalam taking this out and this (w)hole from that and created from that dog. Therefore dog so closer to mankind but you can't trust dogs.

Going with man but sometimes may attack on you, therefore dog is dirty. Dirty one. Because coming with man also and then suddenly making khiyanet, betraying it. Don't trust Satan and its teachings. As long as man following Satanic ideas never going to be happy, here or Hereafter and always they should be under Divinely anger and they should be under Divinely cursing. Can't be in safety, mankind on earth until they are leaving Shaytan.

dumm, dumm, dumm, dumm, dumm, dumm,

That music singing. Two kinds. One kinds Heavenly singing giving refreshment to your soul. Another singing that belongs to Shaytan, hurting you. Giving you trouble.

We are trying to say, when I am saying, "dumm, dumm, dumm, dumm, dumm, dumm, ..

cifti dayi cifti dayi sen

(43 minutes)

Everything that coming a day may be heard heavenly listenings saying to people, dumm, dumm, dumm, dumm, dumm, dumm, dumm, dumm
whole people may say that at that time, dumm, dumm, dumm, dumm, dumm, Oh our Lord shukran sana
Dumm, dumm, dumm, dumm, dumm, dumm
Ok?

(45 minutes), tamam.

Thank you for our listeners. I hope they should hear Heavenly singings through their souls. My sound is not so singer sound, but it is something. Yessir! Welcome to you.

# Freedom

So many people in western countries everywhere are asking for more freedom, more freedom. what more freedom? Do you think that if you put a big cage, a lion in the will come and enter it, saying, "Shut the door, I will sit inside." Do you think this? It is so now to catch hold of people and to make them be a situation in which everything is in measure, with discipline.

Now it is, as they say, "the Age of Freedom." It began from the year 1789. You know that date? The French Revolution. Heads rolled, feet rose up. The turmoil (fitnah), of the whole world began from that time, the time when they put the noble people under their feet and the lowest level took their place. The door was opened at that time and it is still going on. It is impossible to close it except by God Almighty's will and power. No one can stop it. Now, each day, from those seeds, is coming terrorism. Finished. All governments are trembling from terrorism everywhere. They can't stop it, because they opened - they opened - the door for the wild nature to come out and to do everything under the title of "democracy." Yes.

There is the zoological garden here, the zoo. Have you seen it? I went eleven years ago. I saw a strong building, stronger than any other. On it was written "Lion House." I went through the passage. On both sides tigers and lions were sitting and looking, like this, very angry at the children of Adam, as if to say, "Why have you put us here? Let us have our freedom." Yes. Can you think, if they give freedom to those animals, what

they would do? I also saw poisonous snakes and lizards inside, well-protected. Why do they not leave them free? They must be free because we have democracy! Is democracy only for people? They must give it to animals, also. Yes. they must.

And I also went to Safari Park where they give more freedom to wild animals. They say, "Lions walk around here as they like," but I saw a wall, perhaps ten meters high, with iron bars all around. Then they say, "We gave them freedom," but it is not true. The animals are very angry, sitting by the walls, looking around. "What is this freedom?" they say. "It is not freedom." As so many people in our time are saying, they also say, "This is not yet freedom. We want more freedom." It means take down all the walls. Leave them. They will destroy anything that may come in front of them. That is their freedom, and they are asking for more. Very angry, because guards are waiting with rifles, and those big doors open by electric commands. If one of them rushes at a guard, a bullet will go through his head. This is freedom? They do not want such freedom!

So many people in western countries, everywhere are looking for more freedom. what "more freedom?" They mean to say, "We must be like lions in the jungle - African jungles or Indian jungles - where we can move everywhere without any hindrance. We may see, we may like a woman and we must ride her. We may like to eat; from anywhere we may take. We may take any car, any jewels, anything - we may do anything we feel like doing." That is their "freedom."

That freedom, that bad freedom - I mean to say, what we have of those wild animals within ourselves - wants more freedom. The first step was from that time, 1789, the French Revolution. They have opened that door and they are unable to shut it now. From there it spread to every place and now they are trembling from terrorism - the French government, the English government, the Turkish government. Only the Russian government is not trembling. Communist governments never tremble. But democratic countries, all of them, are trembling, like this. Yes it is good for them. May they continue with democracy! Then the dragon of terrorism will swallow all of them. That is coming now.

We are giving the Prophet's (saws) information. It is something which has to happen. No one can stop it because democracy is feeding them, and it must be. Therefore, from the time that we gave freedom to everyone - for good ones and for bad ones, and the bad ones have more courage, no shame to rule over others, but good people are ashamed, without courage. Therefore, bad people have covered the whole world.

That is why we say that governments are trembling from bad people, from terrorists. They do so many bad things, but governments still say, "There is a law, there is humanity. We must protect them not punish them. They may kill but we can't kill them."

Those who do not give their voice or vote for the execution of killers, they will be killed, also, because it is impossible to stop killers without killing. Everyone must know that whoever kills is going to be killed. Put a guillotine in the Champs Elysees, and every day put one murderer on it and cut of his head, all the people looking. Will they begin to tremble, or not? In the Tower of London there is a big wooden log with an ax. They used it to cut off the heads of kings and queens. Bring killers. Put one there with an ax on his head. Then see who becomes bold to do such things. But you are talking about dragons. "Oh, we must keep those. Democracy - we have democracy. what shall we do? Even if you eat us up, we must keep democracy!" They are swallowing people and yet they are saying, "May you be pleased with us! Eat as many as you like, but we must keep you in the same democracy." You understand?

No intelligence with people now. Finished. This is correct. This is the meaning of democracy - to give the good person and the bad person the same chance. You must know that bad people have courage. They quickly conceal everything, taking matters into their own hands. Then good people become like sheep under a shepherd. What mentality can accept this? If people are bad, you must give no chance for badness, for evil. That is the perfect government, not to give every bad one an opportunity to do as he likes. With democracy, everything is all right for bad people.

Then, how can a person in our time agree to come and say, "I agree to be in a cage?" They say that if they come into Islam, they must be under a discipline. There is a discipline in it, but they want freedom. That is the reason why people are running away from Islam, nothing else. Nothing else. What is wrong with Islam? Nothing. Something is wrong with them.

Who can agree to be in a cage without doing anything that his ego says to him? People want to make everything permissible (ibahiyah, religious libertinism), a kind of thought in which they say that everything is permissible (halal) for them. No harm. They do anything their egos dictate and then they say, "It is all right."

That is an old way of thinking. Now most people practice that school of thought. They say, "We must give our ego everything that we are able to give it. We must make our ego pleased with us by any means, without my

hindrance." Men can be women, women can be men. That is the worst thing. They are asking for this, making laws, also. You can understand from this what condition people are in now. This is one of the fruits of democracy, also. In democratic countries people are fighting against nature, changing nature. Therefore, the Prophet (saws) said that the time will come when men will be women and women will be men, and a curse will fall on them.

Once Jesus (as), was walking. He saw a man and a boy. The man was on fire, burning the boy, and the boy was on fire, burning the man. He was astonished. What was that punishment for the two of them? That is the worst action. Those people were making fire come on them. Therefore, God Almighty is punishing, His curse coming on earth by fire. It is impossible to stop World War III - Armageddon. They say this in all books. It must be. Don't suppose that the fire from nuclear weapons is without wisdom. No. It is by the Will of God Almighty, to burn them, to burn every dirtiness on earth. "I seek refuge in God from satan" (istighfar Allah).

Whoever comes to a Muslim teacher to listen and to say, "You are right," then his ego or her ego, like a dragon, catches him by his ear, taking him out. "I do not give you permission to do more than only go and see what is in this Regent's Park Mosque - to see how it is built; what is inside, what they are eating and drinking, what they are saying; to look at it as an exhibit, not to learn Islam from these teachers. I do not give that permission. You can just go and look around. Then it is like an exhibition in Alexander's Palace. Leave. it is enough. Who said you should sit down to learn what religion is, what Islam is, what it orders? What is this? Get out," it says.

Therefore, the one who may be able to put his ego under foot, he or she is a real hero / heroine. Without overcoming your egos, none of you can come to me from Germany, from America, from Sweden, from every part of the world. So many people are coming. You are overcoming your ego so that you can come. Yes. Your names have been written as heroes and heroines on the Guarded Tablet. It is not an easy thing to overcome your ego and almost all of you are young people with egos like spirited horses. All of you, all of you, you may fly - strong ones, your egos. That is the reason that you have been written as heroes and heroines on earth. Wherever you may go, there is light, lighting you as we look at the stars at night and heavenly people are looking on earth and seeing you also with light. Say, "Praise belongs to God, the Lord of the Worlds."

*Disciple: You were speaking yesterday about respect, and I would like to understand. How do we respect*

*those people who are like wild animals or people who are oppressors or who are really wicked?*

The Prophet (saws) said, "You must help your brother, whether he is an oppressor or oppressed" (unsur akhaka dhaliman au madluma). You must give your help because all people have been created for the manifestation of the Most Beautiful Names of God Almighty. They are candidates to be God Almighty's viceregents. That is their honor.

Now, we are fighting Satan or against egos. A surgeon performs an operation, but he does not cut a person to kill him. He is not a butcher. Butchers kill, and surgeons do the same kind of thing but they do it to preserve life. Thus, every one of the children of Adam has been honored originally, but our egos take people under their command. Egos are wild animals. We must help them or save them with any means possible. For this reason, the Prophet (saws) said, "Whether oppressor or oppressed, you must help your brother." Then people asked, "Oh Prophet, how can we help an oppressor?" He said, "You must catch hold of his hand." If you see one person beating another, catch his hand, or if there is a sword in his hand ready to kill, catch his hand. That is help to the oppressor. You can help the oppressed person by taking them from the hands of their oppressor.

Now, all people, even oppressors, like to be respected. Respect is a kind of protection for you. You are weak before an oppressor. You can't keep him away. Therefore, when you give him your respect, you may receive protection from him and by that means - because your respect works on him, also - you may be able to make him give at least something of respect for your life. Therefore, although oppressors may do bad deeds, they are not bad originally, but by the path of following their egos, they went towards bad ways. The human being is not bad originally. He or she is not dirty originally, but you may make yourself dirty by dirty actions, by following satanic ways and by following your ego. Therefore, we may give respect, particularly to oppressors, to protect ourselves through that respect. That is a wisdom that we may use in our time.

Our Grand Shaykh lived in a time when there were so many oppressors around, so many enemies for shaykhs and spiritual paths during his time. They would often come to visit him. They wanted to do some harm to him, also, but he had heavenly wisdom, keeping respect for them. When he gave respect to an official person, too much respect, too much praise, then his disciples, his students, would sit and look in amazement. They thought that it was alright. But his wife often said, "Oh my sons, when you hear your Grand Shaykh praising

someone too much, run away from him. It is only for protection from his evil so that no harm comes to you."

Therefore, respect takes away troubles and harms from you. There is no problem in giving your respect. Originally all people are respectable in the Divine Presence. According to your intention, you are going to apologize to God Almighty for what you did, but it is something God Almighty's tolerance covers. God Almighty never punishes a person because he showed respect towards His servants because respect keeps harm away from you.

*Disciple: So even if you meet Hitler or Stalin, for example, the worst of the worst, you should behave respectfully to him?*

What else can you do? You have no power to stand before him, to take his harm. No. Once a Shaykh was sitting at the entrance of the Umayyad Mosque in Damascus. A new general came by on a horse and all the people stood up to salute him. That Shaykh looked to see who he was. Then everyone stood up, saluting, except him. The Shaykh had a tiger skin in front of him. Then with his stick, he hit the tiger skin. A tiger - grr! - rushed at the people, at the general, also. If you can be such a person, no worry about facing Hitler or Stalin or any other one!

# FREEDOM: THE RESULT OF BEING AGAINST HEAVENLY RULES

We are servants, not slaves. To be a slave means it is by force and then, if you have a chance, you will escape. Therefore it is the highest honour for a human-being, or an angel, or a jinn to be called a servant. Every creature in existence wants to be a servant, but only mankind is allowed. They are all glorifying their Lord without stopping and without getting tired. Every part of our body is also glorifying Allah Almighty, but we have also been offered to do it with our will. That is our honour. Everything which has come into existence must glorify. If not, it wouldn't be in existence.

When we come together here, we ask for more power to be given to our souls against the attacks of our egos. Because our egos do attack us and they want to have all the control of our personality. The souls do not want to surrender, but the egos have their tricks to imprison the souls. A lot of blame comes on people because they are mostly represented by their egos. If a person lets his soul represent him, he will be a representative of prophets and saints and then it will be heavenly. Whoever is represented by their ego will be in hell.

Nowadays 999 out of 1000 people are representing satan and devils and their egos. That is why their lives are like in hell. Only a handful of people are represented through their souls and they are in Heaven on earth. Even if they are still on earth, their souls are in Paradise.

I heard a week ago, that there are 20 million criminal cases a year in England. 20 million! That is the civilisation in which we are living. What do you think about that? What does it mean? It means that people are burning in hell. They are burnig without flames. It means that they are represented by devils. One third of this country are represented by devils.
This is because they do not want a heavenly control over themselves. The rules and laws which are given by people on earth will never be effective. They cannot prevent it. It will even increase from day to day. That it the result of people fighting against religions. Even if they are not caring about Islam, if they were trying to be good Christians or good Jews, it would be effective on them. But they are not even doing that. Daily worshippings would control you. Just like Islam is ordering, so is Christianity, to pray daily. But people are escaping this rule, they want freedom from Heavenly Orders and Rules. They want to be free and to live everything which is forbidden. The people of the 20th century do not want anything to be forbidden. They want to be like people in the jungle. There shouldn't be anything forbidden. Everyone wants everything to be allowed for them. They are fighting against religions because religions bring people rules of what is allowed. But they never want to accept a control over their egos from Heaven. It is that which is bringing the troubles.

The governments are saying that it is an economical crisis. Let them all go to hell! They are cheating people and preventing them to see the real reason that people are falling into troubles. It is not an economical crisis. They are liars and devils! They say it is all economical, then they give them money and tell them to go to the pub and not to listen to any religion. They are offering them freedom. It is like telling the rabbits to run away and then telling the dogs to follow.

People are surrounded by devils and they have surrendered to them. So how can there be a bright future for mankind in the new century? If they do not change their direction it will be a worst end for them. Everything on earth may be destroyed and most people will be killed and those who survive will be on ruins. This will make satan very happy. Millions of people will be dead and their countries will be in ruins. Satan will be dancing and making music for them. He will have achieved what he planned.

If mankind will not change their direction, that is what will happen. So people, don't think or expect that these governments will help you out of this. All governments are against their own nations. We are a handful of people here and we are asking from the Lord of Heavens to help us. It is difficult to get a control over our egos by ourselves, so we ask the ones who are authorised from Heavens, the Holy-ones, to help us. That is the

cure for everyone: to ask for the help of a Holy-one and to be under his wings. Their wings can reach from East to West and no-one can reach those who are under the wings of Holy-ones, here or in the hereafter. From now until the Day of Resurrection no-one can touch them. That is the cure for the whole of mankind: to ask, to escape and to find a Holy-one. They are with us. The Prophet, may peace be upon him, gave good tidings to his nation. He said, that even in the darkest of times you will find stars all over the sky. From East to West there must be Holy-ones. But they will not sit infront of St Ann's and proclaim themselves to be a Holy-one. If you think that they will show themselves and advertise themselves, then you are wrong. They are hidden ones, they are hidden treasures. You must look for them carefully to find them. They may be in Mekka, Medina or Jerusalem, but they may also put their foot from East to West. They may reach you whenever you are in need and you ask with sincerity, they can be there with the blink of an eye. Allah Almighty has given that authority to them. That is the salvation of all mankind : to find a Holy-one and to follow. As long as they are following devils, they will be carried to hells. The Holy-ones will take the people to Paradise, to the Lord Almighty Allah.

We are asking to be pardoned and to be given a new chance by being sent the powerful Holy-ones to carry us to you and to be saved from the hands of devils. It is so easy for you, allpowerful Lord of Heavens!

## Freemassons, Prince Charles, Defenders of Truth

If you want to reach your targets easily and safely, use secrecy. Freemasons do everything secretly. Sometimes people find them out, but they are like cats. When cats get kittens, they hide them. If someone finds them, they will hide them in another place. Freemasons are like that. If someone finds out anything about them, they will change all circumstances and when you come again, you will not understand what they are doing.

Their secret power covers the whole world now. All top people are under their command or are one of them. Even if someone is number two in their hierarchy, he will not know what number one is up to. That is how strong their organisation is. The underground people are under their command as well as the people over the ground: governments, education, press, Mafia, armies, economy, banks, schools... They are everywhere! No one can do anything without them. You can do small things, but the big wheel is in their hands, and all small wheels have to follow the big one. They give the order.

This will continue until Mehdi* comes. Israel is under their control, as well as the USA. This country is under their control and so is Germany, China, Pakistan, Hindistan, Russia, Turkey, Hijas, Egypt, Libya, east, west, north, south... everything is under their control.

Troubles must continue and as long as Muslims continue to be heedless, it will go on. When Muslims awake, they cannot. That is why they give Muslims valium every day, not just in milligrams, but in grams, so that they will sleep heavily. The courts are under their control. The police, the military, the universities, the old people's homes, youth clubs, golf courses, kings, presidents, sultans... all is under their control.

Their plan is to have total hegemony over the whole world. They have been granted this, but now it is secretly. They are ruling the whole world from the underground. It is not apparent, but when Dajjal comes, it will be made clear within 40 days. All the rulers of the whole world will be with Dajjal for 40 days. Now they are in control of everything in a hidden way: taxes, telex, computers, satellites... everything! Even temples, churches, synagogues, mosques, religious associations and organisations must be controlled by someone who is with them. Amongst the rulers of the community, one of them have to belong to them. Amongst religious people, one of them must have that power. They will not be passive, but active, and they will move according to their directions. No one can go against their directions.

The stock-market is in their hands, the radio stations, the press... everything is under their control. Fashion is under their control. They dictate what you have to wear, how you sleep, which kind of beds you have, how your kitchen is, how your houses are, how you cut your beard, which hairstyle you have... everything they will tell you. Hippies are under their control. Punk rockers are under their control and so are all discotheques and pop music. They will tell you what to drink. Cigarettes are under their control, wine is under their control, casinos are under their control. The World Bank is under their control. Supermarkets and megamarkets are under their control. Antiques are under their control. Museums and libraries are under their control. Wars are under their control. Parties are under their control. The opposition is under their control. The ruling party is under their control. Everything! If you do not agree to what I am saying, make a research!

Only Prince Charles is fed up with their control and says, "I must be free!". Defenders of Truth are trying to be free from them. There is a growing group of people who are calling themselves 'Defenders of Truth'. Everyone should strive to have this title and to be a Defender of Truth, because if the Defenders of Truth do not come into existence, the sovereignty of evil will continue until the end. But I am hoping that it will be finished by the second millennium.

Every advertisement belongs to them. They do everything to cheat people and to distract them from the right

to the wrong direction. When someone wants to go on the right path, they will surround him, cheat him and cause him to go in the opposite direction.

Heedless Muslims are increasing, but we hope it will finish and people will awaken to how satan and his agents are dealing with them in such a horrible way: taking their honour, nobility, precious values and giving worthless things in return. People are leaving diamonds to chase after plastic.

Hormones are under their control. Eating and drinking is under their control. Planting is under their control. Medicine is under their control. Drugs are under their control. Doctors are under their control. Hospitals are under their control.

Their wives are under their control too, because they are sent to doctors to make controls, even though it is haram. No one has the right to control except Allah. There is no need to make such controls! But as they are controlling all of mankind, they want to control that too. Ladies are not using their mind, so they go to see what is happening. So what's happening? You are pregnant and will give birth! Starting with the first month these ladies run to the doctor and every month they are put under the scan giving such trouble to the baby, harming it in many ways. So many children are brought to me harmed by the rays of the scan. When it hits their eyes they become blind. When it comes on their ears they become deaf. Some babies have holes in their hearts! Do you think that a car-factory will make a car with a hole in the fuel-box? How can a baby come out of the womb of its mother with a hole in the heart? These people just don't want to consider that these rays can cause such holes! They make operations on babies who are only a week old! For their kidneys, heads, hands, mouth... They are controlling all this and our foolish people are coming under their control. I am very angry with women and their husbands who send their wives to such controls. But no one listens to advice, because the satanic control over them is increasing. They are listening to satan and not to Prophets. The result is that a curse is coming over all nations. May Allah forgive us...

## Free Spirits

Originally people are the same, but according to their actions people will differ in their levels. That is why it is not important if you are a man or a woman, white or black, English or Scottish, not even if you are educated or not. Important is what we do, our actions, our characteristics and attributes, how we are dealing with people and which divine service we give. That is important. It is mentioned in all Holy Books.

People try to claim something through their appearance, clothes, colour or business. All that is false. It has no value. The only thing which counts, are your deeds. Are they good or bad? If they are good, you have a value in heavens. You will then be considered to be a valuable servant here on earth and you will be greeted with peace from Heavens. If not, you will be a cheap throwaway servant, not to be greeted, but cursed.

Don't give value to yourself by yourself. Let Heavens give you value. Even if the whole world gives you value, but Heaven doesn't, it is worthless. Try to be genuine, not imitated. Try to be a valuable servant. Once you are getting value, don't look down on others. There is a word here: 'free-spirits'. When our spirit is released from our body in death, it will be free. It will be taken up to Heavens and the angels will look at it from all sides to see if it can enter. If not, if it is imitated, it will be taken down to hells. It has no value.

Oh youngsters, you are at the beginning of your life and we hope that you will live for a long time. Try to live

long, it gives you more honour. Life is an opportunity and a grant from the Lord, which you will not be given a second time.

Reincarnation is a foolish elementary idea which was used thousands of years ago for the purpose of giving people fear of doing something bad. It told them, that if you do something bad, you will come back here as a donkey and beaten every day. It was a religion for elementary tribes to be disciplined.

People of the 20th century are not supposed to believe in reincarnation and that a person can come back as a dog. What nonsense! Reincarnation has not been mentioned in any Holy Book, neither in the Old, New or Last Testament. If it was a fact, Adam* would come back as Noah*. Noah* would come as Abraham*. Abraham* would come as Isaac*. Isaac* as Jacob*, Jacob* as David*, David* as Moses*, Moses* as Jesus* and Jesus* as Muhammad*.

Try to live longer and try to reach the levels of perfection, because they are unlimited. You cannot say that there is a last step of perfection. Wherever you step, there is a higher step. That is why it is a grant of the Lord of Heavens for people to reach perfection step by step. With that perfection you can step from earth to Heavens. Heavenly Stations are fantastic stations. No-one goes up and ever wants to look down or go down one step. They always want to improve to the second which is even more brilliant, enlightened and enjoyful. Don't stick to earth like lizards who are uninterested in what is happening above their heads. The target of all religions is the same, but the methods have changed throughout time. No Heavenly Message ever told mankind to be lizards.

In the old days there were balloons, but they never rose, even though we tried to make them fly. Nowadays they are filled with gas and people try to keep them down. Our souls are tied in the same way to our physical bodies, and we are preventing them in the same way from rising. If you would cut the string, your soul would fly up quickly. Our body is like a lizard, but our soul wants to fly and we don't give it a chance to be free. At least you could try to give it a longer string! Free your soul!

There are so many ways to do that. In Islam they are called sufi ways. It will enable you to free your spirit and control it. When you can control it, it will be like a zeppelin, going up and down. If we are able to control our free spirit within this life, it will help us to take us up to heavens. Whenever we want to be with our physical body, we can come down. Until the order comes not to go back again. That is the moment when the

connection is broken off, our body falls dead and our souls go up. Our soul will then be questioned about its deeds and dealings. If it is purified, it will be accepted.

Try to prepare your spirit for the day on which everyone will rise to Heavens.

## Freier Durchgang zu den Himmeln

Jedesmal, wenn du Shaitan folgst, fällst du in Dunkelheit und Schwierigkeiten und tiefe Leiden. Jeder, der Shaitan folgt, muß leiden. Wer dem Propheten, der Friede sei auf ihm, folgt, oder seinen Erben, muß beschützt sein, er muß freudvoll sein, er mag freudvoll schlafen, mag friedvoll und mit Geschmack essen und trinken. Wenn wir dem Siegel der Propheten, Sayyidina Muhammad (s.a.s.) folgen, ist alles für uns. Für eine kurze Zeit. Eine vorübergehende Zeit. Es kann keinen bleibenden Geschmack hier geben, und der muß ein vollkommen verrückter Mensch sein, der beabsichtigt, in Frieden und Glück zu sein und dabei die Wege der Himmel verliert. Wer die Wege der Himmel verloren hat, kann nirgendwo mehr hin gelangen. Und die Wege der Himmel stehen allen offen: freier Durchgang, freie Wege. Wer danach fragt, in die Himmel aufzusteigen, der muß ernsthaft verstehen wollen. Wenn nicht, kann er nichts erreichen.

Und jede Nacht bitten wir darum, den Weg zu finden, aber dort ist es so einfach; überall kannst du zu jenen Wegen gelangen, und jedesmal magst du in den Himmeln ankommen. Tadel und Bedauern für die Leute, denen eine Gelegenheit für die Wege des Himmeln gewährt wird, die aber nicht danach fragen und ihnen nicht folgen. Deshalb, denk nach, wo du deinen Fuß hinsetzt. Ob du deinen Fuß auf die Erde oder auf die Himmel setzt. Jedesmal magst du schauen: Wohin setze ich meine Füße? Ihr schreitet vor in Richtung Ewigkeit, durch ewige Lichter, oder ihr bewegt euch dahin, endlose Ozeane von Weisheit zu erreichen. Wenn jemandem das kleinste Stück an Verständnis gewährt wurde, muß er über sich oder muß sie über sich ein

Verstehen haben. Niemand probiert Honig, wenn er keinen Honig findet, ihn zu probieren. Versuche, den Geschmack deines Mundes nicht zu verlieren. Wenn du ihn verloren hast, kannst du keinen neuen Geschmack erreichen, das ist beendet. Versuche es. Es ist eine kurze Zeit, eine kurze Zeit, in der wir sind. Eine kurze Zeit für die Dunya, denn Dunya, die Welt, bereitet sich gleichfalls auf den Abschied vor.

Alles auf Erden bereitet sich auf den Letzten Tag vor. Jede Art von Bäumen, alle Arten von Tieren, die Gefühle von all ihnen erreichen und zwingen die Göttlichen Tore. Um viel mehr über die letzten Tage, die Arbeit der letzten Tage zu wissen. Sie fragen danach, etwas zu finden, das sie so schnell in die Göttliche Gegenwart tragen mag. Und der wichtigste Zeitpunkt für einen Menschen ist der, wenn er dieses Leben verläßt und danach fragt, sich zu den Himmeln zu bewegen. Wenn er sich vorbereitet hat, sollte es so leicht für ihn sein, dieses Leben zu verlassen. Von Dunya zu Maula zum Allmächtigen Herrn zu springen.

Wacht auf! Wir alle, wir müssen aufwachen! Denn es gibt keine andere Ewigkeit für den Menschen nach diesem Leben noch einen Wechsel in ein anderes Leben auf diesem Planeten. Und niemand weiß, wann wir gehen, alle gehen zu Allah. Nicht jeder aber lebt für Allah; jeder wird Allahs wegen aus diesem Leben gehen, aber nicht jeder lebt für Allah auf diesem Planeten. Wer selbst vorbereitet ist auf den Moment des Verlassens, für Allah, der sollte der Glücklichste sein. Die Zeit läuft schnell, und es ist schwierig für die Menschheit, (sie) zu erreichen. So schnell einer auch laufen mag, er kann sie nicht erreichen. Die Geschwindigkeit der Zeit, die Zeit läuft mit Geschwindigkeit. Und wir sind auf ihr und eilen. Wir eilen auf ihr, und was immer Allah der Allmächtige dir an Seinem Gericht gibt, du solltest diesen Punkt erreichen. Der letzte Moment ist ein schwieriger Moment, vielleicht der schwierigste Augenblick im Leben eines Menschen auf Erden. Versuche, ihn in eine überaus friedvolle Zeit umzuwandeln, und du wirst zu deinem Herrn, dem Allmächtigen Gott, zurückkommen. Allah allah, allah allah, allah allah, ‘aziz allah Allah allah, allah allah, allah allah, karim allah Allah allah, allah allah, allah allah, subhan allah Allah allah, allah allah, allah allah, sultan allah. Sende uns von Deinen Himmeln! Sende uns von Deinen endlosen Ozeanen der Barmherzigkeit! O unser Herr, sie schauen nach Dir und schauen nach Deinen endlosen Ozeanen der Barmherzigkeit. Um der Ehre des Siegels der Propheten willen, Sayyidina Muhammad (s.a.s.): Verwandle unser Leben von der falschen Richtung in die Richtung Allahs des Allmächtigen. Möge Allah euch segnen. Bi hurmati l-habib al-fatiha.

## THE FRENCH REVOLUTION: FEET BECAME HEAD

Since the French Revolution there is a new fashion for communities to be running after the feet to be the head and the head to be the feet. That is the real problem. If you analyse today's problems with its endless sufferings and problems, that is the source of it. Because since the revolution the people want to put the heads down and the feet up. That must create trouble, because two feet will always quarrel, and so will two heads. If you have only one head it will be alright, but the moment you put two feet on top, they must quarrel. One will say, "I must be the first!" and the second will say the same. This is the fight of the feet, and it is continuing until today. France became the worst example for all nations.

I am sorry to say, that even now, after 200 years, the French people are still celebrating this worst of all events. They are still not understanding what is wrong and what is their mistake. The revolution was the biggest curse. They cut the heads of the best people and brought the people from the markets, from the street, to be the new heads. And still they are clapping their hands. That is why they will be even more punished by the Lord of Heavens.

It is not a heavenly order to cut the heads of royal people, but it happened everywhere. In Germany it happened, in Italy it happened, in Russia it happened, in the Ottoman Empire it happened, and in Spain, in Greece, in Bulgaria, in China, in Abbessinia, in the Arab countries... Everywhere they exchanged the heads for

feet. They took the feet to be the commanders. It is against nature. Like this nothing will improve. Never!

I hope that this century will bring the end of the Hegemony of the Feet. And I think that people will demand back their noble heads and ask for their royal people, the ones who are prepared to be royal, to be the head. It is impossible to shape the feet to look like a head, but that is what people want to do. They are replacing their hearts with their stomach.
The only blessed countries now are the ones with a king or a sultan. This must change. Even in Europe. Because when spring comes the trees will open. When autumn comes the trees get the order to leave their leaves. No tree can leave its leaves then. This is the winter of the world, and only some very few trees are keeping their leaves. That is why only some countries are keeping their kings or sultans. But all the trees without leaves are hoping for their life to come back. In winter the trees are like dry wood and no-one even hopes for the tree to be green again.

When the Divine Will wants to change people, their hearts can be changed within one day. They will all ask, "Where are our kings? We have been cheated!" That is what they will say. They will make a statistic of the time with the kings and the time with the tyrants and see what they lost and what they gained. They will see that one of the main interests of the tyrants have been to build motorways. Nothing else! All of them have cut fields, destroyed gardens and destroyed buildings just to make motorways.

Once upon a time there was a kingdom and a famous king. One day two strange persons came to the city of the king. You probably know the story, but I am telling it in another way so that you will get the point. The guardians stopped them and asked them where they were coming from and where they were going to. "We are just travellers!"
"What is your profession?" "We have a strange profession. We know how to make clothes which only people with a perfect mind can see. Imperfect people cannot see it. Only clever ones can. The idiots cannot." The guardians went to the King and told him about these two experts and asked him whether he was interested. "Yes, I am very interested. Bring them to me quickly! It is very important for me to know which ones of my generals are clever and which of my ministers are idiots, so that I can send them away." The two travellers got the job to make some very special clothes for the King. They said, that they needed lots of golden thread to weave the clothes. So the King ordered to give them a room in the palace to fulfil their task. They were given the best food and all the gold and silver which was meant for the clothes, was taken away secretly at night.

The next day they asked for more. This went on for many, many days. After some time the King was asking for his clothes. He took his Ministers, his Prime Minister and his Generals to see what had happened. The tailors jumped up and kissed the feet of the King. "Oh, your Majesty, look! What beautiful clothes with the best of designs. Look!" But there was nothing to see. The King couldn't say that he didn't see anything, because then the other people would say that he has no mind and that he must be taken away and replaced by a clever one. So the King said, "Really? Very good!" and he asked the Prime Minister for his opinion about the design. No one could see a thing, but they had to say that it is so beautiful. The crooks were asked to make everything ready in time for a big celebration. The day of the great feast arrived and the tailors said that the clothes were ready, but that they needed help to carry them. The servants came, pretended to lift the clothes, because they also wanted to give the impression that they were clever. They clothed the King and made him compliments even though he was as naked as on the day he was born. He marched through the crowds and everyone was congratulating him on his new clothes. In the crowds there was a small boy with his father, who called out, "The King is wearing nothing!". His father told him to be quiet. "How can you say such a thing?". Nevertheless the boy continued to shout. The crowds joined in, "He has got nothing on!". Then the King understood that those two super-crooks had cheated him. Because the young boy had said the truth, the whole crowd put back their mind to their head. They began to understand what truth is. They understood that they had been cheated by the two crooks.

Today there are not only two super-crooks, but endless crooks are with us. They advertise this bad system of government and they are against kingdoms. But soon it will be known that they are super-crooks, all of them. Because of that, the people will ask their kings and sultans to come back. They will ask, "Where are our royal people, where are our noble people? We are fed up with those other devils!" That will happen before the year 2000. The awakening is here very soon now. People will run after their royal people. They will ask where they are. Our traditional knowledge tells us that we are going to die. The bodies will become dust. Some people burn bodies and they will turn into ashes. Our body can be completely dissolved, but only one cell is protected. It cannot be burned. It is impossible to be destroyed. No acid can affect it. It is the cell which represents you. It is seated at the end of your backbone.

When the Lord wants to bring back the people to life once again, a rain will fall from heavens. The rain is the water of men, its sperms and the cell will behave like the egg of the female. The cell will open up like a seed

and out of it our new body will grow. This is an example that the Lord of Heavens, the Lord of the children of Adam has power to do such things. If He wants to keep someone, then no-one can be able to reach that protected one.

The Sultans and the Kings of the future are living with us today. Don't worry, when time is over those people will appear who will be on the throne of France, Spain, Hungary, Italy, Greece...everywhere... They will come quickly.They are living with us now. But the Lord is not letting their enemies reach them. Spiritually they are guarded by spiritual power. I hope that when His Highness is on the throne, that he will stand up and welcome me.

# FREUNDE: WICHTIG, DAß SIE GLAUBEN

Es ist nicht wichtig, in jeder Versammlung ein neues Thema vorzubringen. Wir haben eine endlose Zahl von Themen in unserem Leben, auf die wir zurückgreifen können. Manchmal ist auch eine Wiederholung nötig. Ein Arzt verabreicht eine Medizin, und wenn er sieht, daß es nicht genug war, gibt er sie noch einmal oder mehrmals. Bei den schier endlosen Themen unseres Lebens brauchen wir manchmal eine Wiederholung. Shah Naqshband wiederholte immer wieder den Satz: "Tariqatuna sohbet wal chairu fil camiyet", was bedeutet: Unser Weg ist der Weg des Zusammenseins mit dem Scheich, und alles Gute liegt in der Gemeinschaft. Das Zusammensein ist das Fundament unseres Ordens. Wenn jemand Güte und Erfolg wünscht und gute Dinge, die glücklich und zufrieden machen, muß er mit anderen Leuten zusammenkommen, deren Herzen auf denselben Punkt zielen. Sogar nur 5 oder 10 Minuten einer solchen Zusammenkunft geben ihm eine Kraft - wenn er ein Jahr beten würde, könnte er nicht dieselbe Kraft erlangen. Mit solchen Leuten zusammenzukommen, ist Großscheichs Anweisung. Täglich oder alle drei Tage oder alle 10, 15 oder einmal im Monat. Es dürfen nicht mehr als 40 Tage ohne ein Treffen mit den Brüdern in der Tariqat vergehen. Man soll nicht mehr als 40 Tage abwesend sein, denn das Treffen gibt Kraft und wir brauchen diese Kraft. Wir brauchen Kraftstationen, um unseren Glauben zu stärken.

Wenn unser Glaube schwächer wird, wird auch unser physischer Körper schwächer. Die Person fühlt sich dann passiv, und seine Hände und Füße sind wie mit Ketten oder Seilen gefesselt. Er fühlt sich unfähig

aufzustehen und hinter etwas herzulaufen. Deshalb brauchen wir diese Versammlungen, sie geben den Anwesenden Unterstützung, eine himmlische Kraft, die durch den Propheten (FSmi) über die Heiligen zu uns strömt. Es ist eine wichtige Anweisung in unserer Tariqat und von unserem Großscheich, überall, egal wo man ist, Leute aufzusuchen, deren Ideen diegleichen wie deine sind, die auch Allahs Segen wollen. Ihr müßt nach aufrichtigen Leuten jeder Religion fragen und von Zeit zu Zeit müßt ihr euch treffen. Sogar, wenn ihr Glaube ein anderer ist. Wenn ihr fühlt, daß sie mit euch sind, müßt ihr euch mit ihnen treffen.

Ein Mensch kann so viele Seiten haben, wie ein Haus Türen hat. Man muß sich an den gegenüberliegenden Türen treffen, auch wenn nur eine Seite 'gegenüberliegt'. Frage nicht danach, ob ein Freund von allen Seiten für dich geeignet sein mag. Wenn ihr auf einer oder zwei Seiten Berührung habt, ist es genug. Halte Freundschaft und treffe dich mit ihm. Ein Treffen gibt immer einen Nutzen, vor allem, wenn du dich um Allahs Willen mit ihm triffst. Denn diese Person ist auch ein Diener von Allah, ist auch geschaffen von Allah. Versuche in Berührung zu sein mit dieser Person. Versuche die geeignete Seite zu finden, um mit ihm zusammenzukommen. Er mag ein Christ sein oder anderen christlichen Gruppierungen angehören, wichtig ist nur, daß er glaubt, und daß wir Gläubige finden, die an Gottes heilge Bücher, an die Propheten, die Engel, den Jüngsten Tag, an Hölle und Paradies glauben. Wenn du so jemanden findest, besteht eine Art Partnerschaft zwischen euch.

Versuche gemäß deines Glaubens zu handeln, denn dein Glauben gibt dir Kraft zu handeln. Triff dich mit Gläubigen, es gibt dir und ihnen göttliche Unterstützung. Achte nicht auf ihre Handlungen, sondern frage nur nach ihrem Glauben. Wenn die Person glaubt, ist es leicht für sie, von einer Stufe auf die nächste zu kommen. Mit Gläubigen kannst du so viele gemeinsame Punkte finden, die einen spirituellen und physischen Nutzen bringen. Schnell kannst du erkennen, ob einer an Allah glaubt oder nicht.

Manche Leute sagen, daß sie an nichts glauben, nur an die Gerechtigkeit und daran, daß jeder sein Recht bekommen muß. Das mag ihr Hobby sein, ihr Ideal - Gerechtigkeit für alle auf Erden. Dieses Ideal ist weit verbreitet auf der Erde - Millionen von Menschen vertreten es. Du kanst ihnen sagen, daß auch jeder Gläubige absolute Gerechtigkeit will. Es gibt niemanden, der nicht für Gerechtigkeit ist. Dieses Ideal kannst du bei fast allen Menschen finden. Und du kannst sie dazu anspornen, die Gerechtigkeit für alle Menschen auch in die Tat umzusetzen. In unserer Zeit ist die Unterdrückung weit verbreitet, es gibt keine Gerechtigkeit, sondern nur Unrecht unter den Menschen. Tausende von Menschen sind auch unzufrieden mit der

Ungerechtigkeit hier auf Nordzypern. Frage sie: Glaubst du an Gerechtigkeit? - Ja. Wünschst du Gerechtigkeit? Versucht du, den Menschen Gerechtigkeit zu bringen? Welche Methode verwendest du dazu? Du kannst Gerechtigkeit nicht nur durch Reden bringen. Du mußt die Wege kennen, die Methoden, die uns dabei helfen. Eine nützliche Methode will ich für alle Nationen aufschreiben. Wenn sich die Menschen auf diesen Punkt einigen, ist es eine sanfte Gewalt. Wenn sie sich um Gerechtigkeit bemühen, werden die Regierungen dadurch bedrängt. Sie werden sagen: Das Volk erwacht, wir müssen die Unterdrückung zurücknehmen. Die Regierenden werden dadurch veranlaßt, auf ihre Taten zu schauen. Wir müssen versprechen, die Gerechtigkeit zu unterstützen. Wer Gerechtigkeit sucht, ist "Haqqani" und es ist eine große Ehre, diesen besten Namen zu tragen. Versuche, ein Unterstützer der Gerechtigkeit zu sein und das Unrecht von der Welt zu entfernen. Ohne auf die Religion zu schauen, magst du so viele Menschen finden, die in diesem Punkt übereinstimmen. Wir danken Allah dafür, daß er uns von Seinem endlosen Segen gegeben hat. (aus dem Englischen)

"Akrim tukram" - Honor and be honored, isn't it? Present and pay your respect; as much respect as you pay, that much you may receive in return. That is why Jumaa is, Sayyidu l-Ayyam , Sayyidu l-Ayyam. (lord of days) Today's manifestation the gift of Janabul Haqq to His servants. doesn't come on other days. If only these people revered Jumaa. Please Shah Mardan go on, may we listen to you! As much as you pay respect, show regard to the honor of Jumaa, as much as you can offer, "Akrim Tukram", that much you will be given in return. This is the manifestation of this Jumaa.

Every Jumaa Shah Mardan with a new manifestation is at the door of Rabbul Izzat. On the night of Ascension, he was the lion standing on the property of Allah. The lion quality of today's lion is different - the manifestation that will come next Friday is different. Continually changing. Janabul Haqq is not creating the same printouts. Mubdi'. Everything is only one, no copies. Take the virtue of today's Jumaa, it will be different next Jumaa. Divine Manifestation; everyone has his share according to his spiritual station. The manifestation/tajalli of the Prophet (sas), the Master of Creation, being in the Presence of his Lord Almighty, comes down (to us) on Friday and is different and new every Jumaa. Next Jumaa is again different, it is new, brand new.

How beautiful! What a beauty! If only people could understand even a bit of it, they would lose themselves from the pleasure and happiness it gives. The Manifestation of Jumaa has a strange appearance. Yawmu l-Jam'a, honored here and hereafter. If only these people could know the blessings of Jumaa, O Shah Mardan your friends admire you. We want something; What is it? One who doesn't know what he wants, cannot achieve a goal. What shall we want, yawmu ljum'ah,

yawmu l-jam'a? Please Shah Mardan go on, he is reading a sermon(khutba). Shah Mardan is giving Jumaa's khutba, reading Jumaa's khutba. That Khutba is admired by listeners so that they stare and stare. They stare with admire at the appearance of Janabul Haqq's Magnificence.

People are having holidays, setting some days as a holiday. In those days of holiday people are refreshing themselves, relaxing and having honor upon their state. He who seeks honor; on the day of Jumaa, continually such a manifestation is opening that, was not known by people before, because it is special for this Jumaa. Yawmu l-jam'a, on Friday, in the assembly of Allah, the already honored mankind is being hosted. The meaning of hosted is - servants are being gifted. Gift, Jumaa is also Yawmu l-ikram (honored day). Please Shah Mardan go on! Jumaa is the day of divine gifts offered by Janabul Haqq to His servants; Rabbu l-Izzat, who extended love and respect to His beloved Habib in the angelic realm. Rabbu l-'Izzat gifted Jumaa as as an honor to the ummah of Al Habib(sws). Know this day as a "Divine Gift". It is the day when Divine grants are flowing with unlimited divine gifts that are dressing the earth and the seas and especially mankind who is being granted the utmost of divine gifts. Pay respect, in order to be gifted. Please O Shah Mardan go on. Those who learn your teachings and apply them, are appreciated. Happiness is for them. He who appreciates the value of Jumaa, who can comprehend the honor of Jumaa, they leave their work/affairs, to gain the honor of this day. They get clean, wear clean clothes and run to the invitation of Rabbul-'Izzat - Jumaa Prayer. If only people in this world know the value of Jumaa, they would live in peace, in a world of salvation, no fighting. There would no be enmity or fighting. People every Jumaa "min tarafillah (from the side of Allah) Kabaa Muazzama", Sheikh Mehmed Effendi, Baytullah is called this, isn't it?

SM: Yes.

"Baytullah". Why are people running to Baytullah? Baytullah has four walls. If it was an empty building, no one would run to Baytullah. Who would visit an empty house? There are the gifts that are offered by the Owner of Baytullah, there. The servants who visit there receive the robes of honor, which are for them. Who is being dressed with that robe of honor? One who has faith is dressed. Kaaba is not empty. If it was empty no one would go there. People are taking something so that they are running to the Kaaba. If it were empty, only four walls, what is the glory of it? What is the glory? What can one get from an empty house? It is full, the Kaaba

Muazzama, a building with four walls that is glorified, it is not empty. Please Shah Mardan go on!
That building with four sides is full. What does it full with? There you will find everything that gives honor to the servants. "Wa laqad karramna bani adama" (17:70) says Janabul Haqq(jj). "We granted the children of Adam, a Divine grant. No one can imagine Our Divine grant."
"And specially on Friday those who visit My House, there are gifts from the divine treasury for them." Servants are not circumambulating the Kaaba for nothing. For each rotation around the Kaaba, comes a grant from Janabul Haqq that dresses the servants. That is why people used to pray, "May we step on the soil of the roads to Kaaba. May we visit the Kaaba Muazzama". There are divine treasures they would take from there.
The Manifestation of each day is different. The manifestation of this Jumaa has passed. What is given for today will be closed, another one will be opened. The religion of Islam is supreme. High heavenly ranks are in Islam. Every Friday Islam brings robes of honor to the Muslims. That is why, please Shah Mardan go on, you should wear clean and new clothes and put on fine perfume. That is Baytullah where the divine grants of Jumaa are being dressed to those who come with adab(good manners). Like the times of Eid people wear new and clean clothes so also you must prepare for Jumaa with new and clean clothes. Say: I am going to the Holy Presence, to the Kaaba, to Baytullah. May I be granted! This is Jumaa! Please Shah Mardan go on, the arena is yours.
Every Jumaa the armies of heaven come down to expel satan. These armies come for the majesty of Jumaa. Be clean, be ready, know whose Presence you attend. Then you will become an exalted human being. Ay yaran Shah Mardan, today's Jumaa is also the Jumaa of Rajab Sharif that is Shahrullah and because of this, with the new manifestation, Holy Angels descend for greetings. Those who can be there should go. If they can't, wherever they are, they should pray - "O our Lord, dress us in honor as You dressed the lovers of the Kaaba and the lovers of Shah Mardan. As You grant them, may You grant us too." All worries and sadness will fade away, and happiness fills our hearts. Worries fade away. Illnesses fade away. Distress leaves you. This is Jumaa!
Say: "I wish I could be there, in the presence of the Holy Baytullah." Then you deserve to be

dressed with the honor that descends from heavens to the Kaaba Muazzama. That robe of honor will be dressed on you. O our Lord accept us. This is the discourse of Shah Mardan. Humans should know humanity! A Human is the Exalted Human being. If only the human being knew the honor with which he has been dressed, the honor of being human, he would be very happy. He would reach the Kaaba like a bird - No need for a plane or a ship, or any other vehicle. They would have taken wing, the Muslims, to fly to the Kaaba. No need for planes to fly in the skies. The lovers of Baytullah don't need planes. They can fly. May Allah grant us such an honor! Please Shah Mardan go on, may we be with you! Our speech is from Shah Mardan. Take it, be dressed with it and make it your ornament. Take the ornament of Jumaa. There are robes of honor coming from heaven - Take them and be dressed, on yawmu l-jam'a. Run to the mosques. When you are there, troubles leave you, worries fade away. Happiness comes. O Shah Mardan this information is one that fascinates people when they hear it. May you accept us too, to be with you and with the ones who love you. "Al mar'u ma'a man ahab" One is with whom he loves. We love Shah Mardan. We love the ones who are like him. We love all Prophets. We love the Sultan of Prophets(sws), the Beloved of Allah. Love and respect that you may find honor in return.
Ay yaran Shah Mardan, Jumaa mubarak! May our breath be strong enough to stop the ways of oppressors. May Sham is opened. May the banners of Islam be raised for the sake of this holy month, ya Rabb! Allah, who is Jalil, dresses His Muslim servants with such a robe that cannot be described. Servants of Allah, who is Jalil, His servants cannot be contemptible. Know this and act accordingly. Please Shah Mardan go on: "stand with a firm step". Stand with a firm step. O Shah Mardan how beautifully you are describing! O Shah Mardan, may your words gives us strength. May our honor increase in the Presence of Janabul Haqq. Especially in the month of Rajab which is Shahrullah.

We are hoping that before Shahrullah is completed, the oppressors will be finished. "Az zulmu la yadum", Oppression cannot continue. "Wa in dama dammar", if it does continue, it will collapse in their hands. Our Prophet Sarvar-i Kainat (sws) came to remove oppression; in order to finish oppression. People who are Muhammadis, their honor can never be under the feet; can never be trampled. What brings disgrace is our bad egos, and satan. Fight against satan, not against

people.

Ay yaran Shah Mardan! We are hoping that the reality of the blessings of Jumaa which are like oceans, that we will catch a drop of it. We can listen from Shah Mardan. O our Lord send us the Sahib, send us the Sultan. For the sake of this holy month which carries Your Majestic Name, may our Sultan come. May the banners of Islam be raised! You have the Sultans who can raise the honor of Your Habib! May they come ya Rabbi! Amin. O Shah Mardan your words are beautiful! Not only do we wish but we believe that the banners of Islam will be raised - they will rise. Everything before them will be rubbish. Raise the banner of Islam! Say: I am Muslim! Prophet Noah (as) said, "Wa 'umirtu an akuna minal muslimina"(10:72) "I was ordered to be Muslim", said Prophet Noah(as). Who are you? Say: I am a Muslim, a servant of Janabul Haqq. Then you will receive honor.

Success is from Janabul Haqq, Ay Shah, Ay Shah Mardan. May you gaze upon us. May we dressed with the blessings of the holy Jumaa that will take away our weakness. Amin ya Rabbi ya Karim! It is not only our wish but we believe this. May we be dressed with the robe of health and honor, and the robe of faith and Islam. O Shah Mardan bring good tidings to your friends! Let's say Allah, Allah, Allah. Ya Hu! Ay Shah Mardan. Both your words and your tidings are good!

May we wear the robe of health and the robe of Islam. Let's crush the banners of unbelief under our feet! May the banners of Islam be raised, for the sake of Al-Habib(sws). For the sake of this holy month, may we live with health and happiness. May service to Allah be our only concern. Fatiha.

As-Salamu `alaykum, Ay Yaran Shah Mardans. Sagen wir Bismillahi r-Rahmani r-Rahim. Mögen wir Kraft bekommen. Möge Allah Seine Muslimdiener mit Mächtigkeit bekleiden. Möge Furcht in die Herzen der Ungläubigen einbrechen. Mögen ihre Taten gegen sie gewendet werden. Laßt das Banner des Islam erhoben werden. Dies ist Rajab Shahrullah! Der ehrenwerteste

Monat, der die Herrlichkeit Janabu l-Mawlas hat, das ist Shahrullah, der Monat Allahs. Alhamdulillah. As-Salatu wa s-Salamu `ala Rasulillah. Sallallahu `alayhi wa Sallam. Marhaban. Marhaban, o Shah Mardan. Ay Yaran Shah Mardans. Allah Allah. Heute ist Yawmu l-Jum`a, Freitag. Freitag ist der ehrenwerteste Tag dieser Welt und auch der ehrenwerteste Tag im Jenseits. Achten wir diesen Tag! Bitte, Shah Mardan, erkläre uns, damit wir Nutzen daraus ziehen können. Ay Yaran Shah Mardans, die Freunde Shah Mardans, möge Janab Allah uns mit den Segnungen dieses heiligen Tages bekleiden. Janab Allah kleidete unseren Propheten (saws) mit diesen Segnungen. Jeder Freitag hat eine andere Erscheinungsform. Deshalb ähnelt dieser Freitag dem vorherigen Freitag nicht. Dieser Freitag ist ein neuer Yawmu l-Jum`a. Möge derjenige, der in Allahs, Allah Jalla Jalaluhu, Diwan anwesend ist, der Meistgeliebte Allahs (jj), Habibullah, hoch sein. Es gibt einen unterschiedlichen Adel für jedes Juma`a. Bitte, Shah Mardan, erkläre uns, damit wir Nutzen daraus ziehen können. Heute ähnelt dem vorherigen Juma`a nicht. Dieses Juma`a hat seine eigene Besonderheit. Es ist eine neue Erscheinungsform in diesem Juma`a. Es gibt keine Kopien in der Schöpfung Janab Allahs. Al-Mubdi'u, der Erfinder, ist einer der herrlichen Namen Janab Allahs. Ibda' bedeutet, daß Allahu Dhu l-Jalal keine Kopien erschafft. Alles ist neu. Ein neuer Tag kommt mit einer neuen Erscheinungsform - Mubdi'. Gibt das keine Bedeutung? Alles ist einzigartig, hat Gleiches oder Ähnliches. Heute ist Juma`a mit seiner neuen Erscheinung. Es ist ein gesegneter Tag. Bitte, Shah Mardan, mach weiter. Hören wir zu! Yawmun Jadid, Rizqun Jadid. Bitte, Shah Mardan, mach weiter! Jeder Tag hat eine andere Erscheinungsform. Die Erscheinungsform dieses Juma`as ist auch anders. Azamati Hudara, die Größe Allahs des Allmächtigen, die unbegrenzte Größe Allahu Dhu l-Jalals, ist nicht bekannt. Niemand kann es wissen. Er ist Der Eine. Allah ist Einer. Wahidun Ahad. "Qul Huwa Allahu Ahad" (112:1). Bitte, Shah Mardan, mach weiter. Möge Kraft zu uns kommen aufgrund der heutigen Erscheinungsform. "Qul Huwa Allahu Ahad" (112:1). Allahu Akbar. Wenn wir sagen, Allah ist Einer, wird die Göttliche Einheit hervorgehoben. Das Attribut der Einheit, das Absolute Einssein, gehört Janabu l-Haqq (jj). Bitte, Shah Mardan, erkläre, mögen wir Nutzen daraus ziehen. Deshalb hören die Freunde Shah Mardans und ziehen Nutzen daraus. Hört und zieht Nutzen! Die unbegrenzte Größe Janabu l-Haqqs ist nicht bekannt. "Qul Huwa Allahu Ahad" (112:1), Seine unbegrenzte Größe und Seine Herrlichkeit können nicht gewußt werden.

O unser Herr, Du bist Subhan, Du bist Sultan. Juma`a ist der geehrte unter den Tagen. Erweist

eueren Respekt! "Akrim Tukram" - Ehrt und werdet geehrt, nicht wahr? Zeigt euch und erweist eueren Respekt. So viel Respekt wie ihr erweist, so viel mögt ihr zurückbekommen. Deshalb ist das Juma`a Sayyidu l-Ayyam, Sayyidu l-Ayyam, der Herr der Tage. Die heutige Erscheinungsform, das Geschenk Janabu l-Haqqs an Seine Diener, kommt nicht an anderen Tagen. Würden diese Leute bloß dem Juma`a huldigen! Bitte, Shah Mardan, mach weiter. Hören wir dir zu! So viel wie ihr Respekt erweist, der Ehre des Juma`a Beachtung schenkt, so viel wie ihr anbieten könnt, "Akram Tukram", so viel wird euch im Gegenzug gegeben. Das ist die Erscheinungsform dieses Juma`as. Jedes Juma`a ist Shah Mardan mit einer neuen Erscheinungsform am Tor von Rabbu l-`Izzat. In der Nacht der Himmelsreise war er der Löwe, der auf dem Eigentum Allahs stand. Die Löweneigenschaft des heutigen Löwen ist anders. Die Erscheinungsform, die am nächsten Freitag kommt, ist anders. Es verändert sich beständig. Janabu l-Haqq erschafft nicht dieselben Abzüge. Mubdi'. Alles ist nur einmal, keine Kopien. Nehmt die Eigenschaft des heutigen Juma`as, sie wird anders sein am nächsten Juma`a. Göttliche Erscheinungsform, jeder hat seinen Anteil je nach seiner geistigen Stufe. Die Erscheinungsform, Tajalli, des Propheten (saws), des Meisters der Schöpfung, der in der Gegenwart seines Allmächtigen Herrn ist, kommt zu uns herab am Freitag und ist anders und neu an jedem Juma`a. Am nächsten Juma`a ist sie wieder anders. Sie ist neu, brandneu.

Wie schön! Was für Schönheit! Könnten die Menschen nur ein wenig davon verstehen, würden sie sich verlieren durch die Freude und das Glück, das sie gibt. Die Erscheinungsform des Juma`a hat ein merkwürdiges Aussehen. Yawmu l-Jam`a, geehrt hier und im Jenseits. Wenn diese Menschen nur die Segnungen des Juma`a kennen würden! O Shah Mardan, deine Freunde bewundern dich. Wir wollen etwas. Was ist es? Einer, der nicht weiß, was er will, kann kein Ziel erreichen. Was sollen wir wollen, Yawmu l-Jum`a, Yawmu l-Jam`a? Bitte, Shah Mardan, mach weiter. Er liest eine Khutba, Predigt. Shah Mardan gibt die Juma`a-Khutba. Er liest die Juma`a-Khutba. Diese Khutba wird bewundert von den Zuhörern, so daß sie starren und starren. Sie starren voller Bewunderung auf die Erscheinung von Janabu l-Haqqs Herrlichkeit. Die Menschen haben Feiertage. Sie setzen manche Tage als Feiertage fest. An diesen Feiertagen erfrischen sich die Menschen, entspannen sich und haben Ehre aufgrund ihres Zustandes. Derjenige, der Ehre sucht, für den öffnet sich am Tag des Juma`a fortgesetzt so eine Erscheinungsform, die den

Menschen vorher nicht bekannt war, weil sie besonders für dieses Juma`a ist.
Yawmu l-Jam`a, am Freitag wird in der Versammlung Allahs die bereits geehrte Menschheit bewirtet. Die Bedeutung von 'bewirtet' ist, die Diener werden beschenkt, Geschenk. Das Juma`a ist auch Yawmu l-Ikram, ein geehrter Tag. Bitte, Shah Mardan, mach weiter! Juma`a ist der Tag der Göttlichen Geschenke, angeboten von Janabu l-Haqq für Seine Diener. Rabbu l-`Izzat, Der Liebe und Hochachtung auf Seinen geliebten Habib ausdehnte im Bereich der Engel. Rabbu l`Izzat stattet das Juma`a als eine Ehre aus für die Ummah Al Habibs (saws). Wisset, daß dieser Tag ein 'Göttliches Geschenk' ist. Es ist der Tag, wenn Göttliche Gaben fließen, mit unbegrenzten Göttlichen Gaben, die die Erde und die Meere bekleiden, und besonders die Menschheit, der das äußerste der Göttlichen Geschenke gewährt wird. Erweist Respekt, um beschenkt zu werden. Bitte, o Shah Mardan, mach weiter. Jene, die deine Lehren beherzigen und anwenden, werden geschätzt. Glück ist für sie. Er, der den Wert des Juma`a zu schätzen weiß, der die Ehre des Juma`a versteht, sie lassen ihre Angelegenheiten, um die Ehre dieses Tages zu gewinnen. Sie werden sauber, tragen saubere Kleidung und laufen zur Einladung Rabbu l-`Izzats, dem Juma`a Gebet. Wenn die Menschen in dieser Welt nur den Wert des Juma`a kennten, würden sie im Frieden leben, in einer Welt der Seligkeit, ohne Kämpfe. Es gäbe keine Feindschaft und keine Kämpfe.
Die Menschen, an jedem Juma`a "min Tarfillah" - von seiten Allahs - "Ka`aba Muazzama", Shaykh Mehmet Effendi, es wird Baytullah genannt, nicht wahr? SM: Ja, Baytullah. M: Warum laufen die Menschen zum Baytullah? Baytullah hat vier Wände. Wäre es ein leeres Gebäude, würde niemand zu Baytullah laufen. Wer würde ein leeres Haus besuchen? Es gibt dort Geschenke, die von dem Eigner Baytullahs angeboten werden. Die Diener, die dort einen Besuch machen, erhalten Ehrenkleider, die ihnen gehören. Wer wird mit diesem Ehrenkleid bekleidet? Einer, der Glauben hat, wird bekleidet. Die Ka`aba ist nicht leer. Wäre sie leer, würde niemand dorthin gehen. Die Menschen nehmen etwas, so daß sie zur Ka`aba eilen. Wäre sie leer, nur vier Wände, was wäre die Herrlichkeit davon? Was wäre die Herrlichkeit? Was kann man von einem leeren Haus bekommen? Es ist voll, die Ka`aba Muazzama, ein Gebäude mit vier Wänden, das gepriesen wird, ist nicht leer. Bitte, Shah Mardan, mach weiter! Dieses Gebäude mit vier Seiten ist voll. Womit ist es gefüllt? Du wirst dort alles finden, das den Dienern Ehre gibt. "Wa Laqad Karramna Bani Adama" (17:70), sagt Janabu l-Haqq (jj). Wir gewährten den Kindern Adams eine

Göttliche Gabe. Niemand kann sich Unsere Göttliche Gabe vorstellen. Und besonders am Freitag gibt es für die, die Mein Haus besuchen, Geschenke aus der Göttlichen Schatzkammer. Die Diener laufen nicht umsonst um die Ka`ab herum. Für jede Umrundung der Ka`aba kommt eine Gabe von Janabu l-Haqq, mit der die Diener bekleidet werden. Deshalb pflegten die Menschen zu beten: Mögen wir auf den Boden der Straßen zur Ka`aba treten. Mögen wir die Ka`aba Muazzama besuchen. Es gibt Göttliche Schätze, die sie von da mitnahmen.
Die Erscheinungsform jeden Tages ist anders. Die Erscheinungsform dieses Juma`a ist vorbei. Was für heute gegeben wird, wird geschlossen werden, eine andere geöffnet. Die Religion des Islam ist das Höchste. Hohe himmlische Ränge gibt es im Islam. Jeden Freitag bringt der Islam Ehrenkleider für die Muslime. Deshalb, bitte Shah Mardan, mach weiter, solltet ihr saubere und neue Kleider tragen und feines Parfüm anlegen. Das ist Baytullah, wo die Göttlichen Gaben des Juma`a denen angelegt werden, die mit Adab kommen. Wie zu Zeiten des `Id die Menschen neue und saubere Kleider tragen, so müßt ihr euch auch für das Juma`a vorbereiten mit neuen und sauberen Kleidern. Sagt: Ich gehe in die Heilige Gegenwart zur Ka`aba, zu Baytullah. Möge es gewährt werden! Das ist Juma`a! Bitte, Shah Mardan, mach weiter, die Arena ist dein. Jedes Juma`a kommen die Armeen der Himmel herab, um Shaytan auszustoßen. Diese Armeen kommen wegen der Majestät des Juma`a. Seid sauber, seid bereit, wisset, an wessen Gegenwart ihr teilnehmt. Dann werdet ihr ein erhabener Mensch werden. Ay Yaran Shah Mardans, heute ist auch Juma`a, das Juma`a des Rajab Sharif, der Shahrullah ist, und deshalb kommen mit den neuen Erscheinungsformen heilige Engel herab, um zu grüßen. Jene, die dort sein können, sollten gehen. Wenn sie nicht können, wo immer sie sind, sollten sie beten: O unser Herr, bekleide uns mit Ehre, so wie Du die Liebenden der Ka`aba und die Liebenden Shah Mardans bekleidet hast. Wie Du ihnen gibst, mögest Du auch uns geben! Alle Sorgen und Traurigkeit werden dahinschwinden, und Glück wird unsere Herzen füllen. Sorgen schwinden dahin. Krankheiten schwinden dahin. Leid verläßt euch. Dies ist Juma`a! Sagt: Ich wünschte, ich könnte dort sein in der Gegenwart des Heiligen Baytullah! Dann verdient ihr, mit der Ehre bekleidet zu sein, die von den Himmeln zur Ka`aba Muazzama herabkommt. Dieses Ehrenkleid wird euch angezogen. O unser Herr, nimm uns an! Dies ist der Vortrag Shah Mardans. Die Menschen sollten das Mensch-Sein kennen. Ein Mensch ist ein erhabenes Wesen. Wenn der Mensch nur die Ehre kennte, mit der er bekleidet wurde, die Ehre des Mensch-Seins, wäre er sehr glücklich. Er würde

die Ka`aba wie ein Vogel erreichen, kein Flugzeug oder Schiff oder irgendein anderes Transportmittel notwendig. Sie hätten Schwingen bekommen, die Muslime, um zur Ka`aba zu fliegen.
Keine Notwendigkeit für Flugzeuge, um am Himmel zu fliegen. Die Liebenden Baytullahs brauchen keine Flugzeuge. Sie können fliegen. Möge Allah uns solche Ehre gewähren! Bitte, Shah Mardan, mach weiter. Mögen wir mit dir sein! Unsere Rede ist von Shah Mardan. Nehmt sie, kleidet euch damit und macht es zu euerer Zierde. Nehmt die Zierde des Juma`a. Ehrenkleider kommen von den Himmeln. Nehmt sie und kleidet euch am Yawmu l-Jam`a. Lauft in die Moscheen! Wenn ihr dort seid, verlassen euch euere Probleme, Sorgen schwinden dahin. Glück kommt. Oh Shah Mardan, diese Information ist eine, die die Menschen fasziniert, wenn sie sie hören. Mögest du uns auch annehmen, um mit dir zu sein und mit denen, die dich lieben. "Al Mar'u ma`a man Ahab" - Einer ist mit dem, den er liebt. Wir lieben Shah Mardan. Wir lieben die, die so wie er sind. Wir lieben alle Propheten. Wir lieben den Sultan der Propheten (saws), den Geliebten Allahs. Liebt und achtet, so daß ihr Ehre zurückbekommt.
Ay Yaran Shah Mardans, Juma`a Mubarak! Möge unser Atem stark genug sein, die Wege der Unterdrücker aufzuhalten. Möge Sham geöffnet werden! Mögen die Banner des Islam erhoben werden um dieses heiligen Monats willen, ya Rabb! Allah, Der Jalil ist, bekleidet Seine Muslimdiener mit so einem Gewand, das unbeschreiblich ist. Diener Allahs, Der Jalil ist, Seine Diener können nicht verächtlich sein. Wisset das und handelt entsprechend. Bitte, Shah Mardan, mach weiter. 'Steht mit festem Tritt.' Steht mit festem Tritt. O Shah Mardan, wie schön beschreibst du es! O Shah Mardan, mögen deine Worte uns Kraft geben! Möge unsere Ehre zunehmen in der Gegenwart Janabu l-Haqqs. Besonders im Monat Rajab, der Shahrullah ist. Wir hoffen, daß, bevor Shahrullah vollendet ist, die Unterdrücker vernichtet sind. "Adh-Dhulmu la Yadum" - Unterdrückung kann nicht fortdauern. "Wa in Dama Dammar" - wenn sie fortdauert, wird sie zusammenbrechen in ihren Händen. Unser Prophet Sarvari Kainat (saws) kam, um Unterdrückung abzuschaffen, um Unterdrückung zu beenden. Menschen, die Muhammadis sind, ihre Ehre kann nie mit Füßen getreten werden, auf ihr kann nie herumgetrampelt werden. Was uns Schande bringt, ist unser schlechtes Ego und Shaytan. Kämpft gegen Shaytan, nicht gegen Menschen. Ay Yaran, Shah Mardan!

Wir hoffen, daß wir von der Wirklichkeit der Segnungen des Juma`a, die wie Ozeane sind, einen

Tropfen auffangen werden. Wir können Shah Mardan zuhören. O unser Herr, sende uns den Sahib, sende uns den Sultan. Um dieses heiligen Monats willen, der Deinen Majestätischen Namen trägt, möge unser Sultan kommen. Mögen die Banner des Islam erhoben werden! Du hast die Sultane, die die Ehre Deines Habibs mehren können! Mögen sie kommen, ya Rabbi! Amin. O Shah Mardan, deine Worte sind schön! Wir wünschen es nicht nur, sondern wir glauben, daß die Banner des Islam erhoben werden. Sie werden erhoben werden. Alles vor ihnen wird Abfall sein. Erhebt das Banner des Islam! Sagt: Ich bin Muslim! Der Prophet Nuh (as) sagte: "Wa Umirtu an Akuna mina l-Muslimin" (10:72). Mir wurde befohlen, Muslim zu sein, sagte der Prophet Nuh (as). Wer seid ihr? Sagt: Ich bin Muslim, ein Diener Janabu l-Haqqs. Dann werdet ihr Ehre empfangen. Erfolg kommt von Janabu l-Haqq. Ay Shah, ay Shah Mardan. Möge dein Blick auf uns sein! Mögen wir mit den Segnungen des heiligen Juma`a bekleidet sein, die unsere Schwäche wegnehmen. Amin ya Rabbi, ya Karim! Es ist nicht nur unser Wunsch, sondern wir glauben das auch. Mögen wir mit dem Gewand der Gesundheit und der Ehre bekleidet sein und dem Gewand des Glaubens und des Islam. O Shah Mardan, bringe deinen Freunden gute Nachrichten! Sagen wir: Allah, Allah, Allah. Ya Hu! Ay Shah Mardan. Sowohl deine Worte als auch deine Nachrichten sind gut! Mögen wir das Gewand der Gesundheit und das Gewand des Islam tragen! Laßt uns die Banner des Unglaubens unter unseren Füßen zertreten! Mögen die Banner des Islam erhoben werden um Al-Habibs (saws) willen. Um dieses heiligen Monats willen mögen wir in Gesundheit und Glück leben. Möge der Dienst an Allah unsere einzige Sorge sein!
Fatiha.

# Friede

Maulana Scheikh Nazim wurde gefragt: Scheikh Efendi, wir beten immer um Frieden. Wie können alle verschiedenen Völker in Frieden zusammenleben?
Bismillahi-Rahmani-Rahim

Deine Frage ist eine sehr wichtige, und ich danke dir, daß du sie gestellt hast. Es gibt bei uns ein Sprichwort: „Die Frage ist schon das halbe Wissen.“ Einer, der solche wichtigen Fragen stellt, gibt zu erkennen, daß er über ein reges geistiges Leben verfügt und einen gewissen Grad an Aufrichtigkeit besitzt. Natürlich gehören nicht alle Fragen in diese Kategorie: es gibt Fragen, die nur von Verschlossenheit und Unwahrhaftigkeit zeugen, die gewünschte Antwort oder ein vorgefaßtes Urteil sind schon in die Frage miteingebaut. Solche Fragen sind eigentlich gar keine Fragen, und sie überfallen uns mit Zentner-Schwere, sie engen die Perspektive unserer Erörterungen nur ein. Aufrichtige Fragen aber, so wie die eben hier gestellte, hören und beantworten wir gern.

Wir beten um Frieden, ihr betet um Frieden, und die Christen beten auch um Frieden. Aber weder individuell noch in der Gemeinschaft kommt es zu diesem Frieden. Warum nicht? Für ein jedes Ereignis, das sich in dieser Weise ereignen soll, müssen zuerst die richtigen Voraussetzungen bestehen. Friede ist keine Ausnahme von dieser Regel. Damit sich Friede einstellt, müssen zunächst bestimmte Bedingungen erfüllt

sein. Erst wenn diese erfüllt sind, erlangst du Frieden in dir selbst und Frieden mit deiner Umgebung. Solange aber diese Voraussetzungen nicht gegeben sind, wird Friede nur als eine unerreichbare Idealvorstellung bestehen.

Die erste Bedingung für den Frieden unter den Menschen ist, daß einer den anderen mit Wohlwollen und Toleranz ansieht. Man betrachte nur diese herrlichen Gärten: auf ein und demselben Stückchen Erde wachsen viele hundert verschiedene Bäume und Pflanzen. Keine dieser Pflanzen beschwert sich über die Nähe eines andersartigen Nachbargewächses. Pflanzen sind nicht fanatisch, sie bestehen nicht darauf, daß alle Bäume in ihrer Nachbarschaft von ihrer eigenen Art sein müssen

Wenn Leute verschiedener Herkunft oder Religion benachbart leben, und wenn jeder die Rechte des anderen respektiert, dann können Menschen ohne Probleme nebeneinander leben.

Unser heiliger Prophet Muhammad – Allah segne ihn und schenke ihm Frieden - hatte einen Juden zum Nachbarn. Niemals beschwerte er sich, niemals befahl er, daß man diesen Juden entfernen sollte und ihn unter seinesgleichen ansiedeln. Die Handlungen des Propheten sind für uns das beste Beispiel, und der Prophet –Segen und Friede seien mit ihm - betonte immer wieder die große Bedeutung guter nachbarschaftlicher Beziehungen. Im heiligen Qur'ân steht ausdrücklich, daß man an erster Stelle an seine Nachbarn Hilfe und Almosen verteilen soll. Daher ist im Islam die Pflege guter Beziehungen zur unmittelbaren Nachbarschaft ein wichtiges Konzept, denn das gutnachbarliche Zusammenleben von Menschen verschiedener Rassen und Herkunft läßt keinen Fanatismus aufkommen. Ihr seid aufgefordert, gute Nachbarn zu sein.

Ihr habt eure Religion, euren Lebensstil, eure Überzeugung und ein anderer hat die seinen. Was eure Unterschiede anbetrifft, so laßt den Herrn darüber entscheiden; auf jeden Fall aber respektiert euren Nachbarn, und tut ihm Gutes an. Das ist eure Pflicht. Wenn ihr eure Pflicht getan habt, dann könnt ihr auch von eurem Nachbarn Gutes erwarten. Schaut nicht auf dessen Fehler, und kritisiert nicht seine Ansichten und Überzeugungen, die von den euren abweichen, damit keine Feindschaft zwischen euch wächst. Laßt den Herrn Richter sein, Er ist der Richter aller Richter dann wird jeder Fanatismus absterben.

Ich sitze hier mit euch zusammen. Wenn ich euch alle als Geschöpfe meines Herrn betrachte, als einzigartige und vollkommene Ergebnisse Seiner unvergleichlichen Schöpfungskraft, so wie man eine Rose betrachtet

oder einen fruchttragenden Baum dann finde ich mich in einem Paradiesgarten, und von jedem Einzelnen geht ein innerer Friede aus, der auf mein Herz trifft. Wenn wir einander in dieser Weise betrachten können, kommt es nicht nur zu Toleranz und gegenseitigem Verstehen, sondern es entsteht auch Vertrautheit und Anerkennung, und schließlich stellen sich auch Liebe und Frieden ein.

Weil die Menschen einander aber nicht als des Herrn unübertroffene und wertvolle Geschöpfe betrachten, können sich Leute gegenseitig nicht einmal ertragen, wie denn gar voreinander Respekt haben oder größere Vertrautheit suchen. "Diese Welt ist für uns beide zu klein" sagt einer zum anderen, ein Staat zum nächsten. Jeder macht sich selbst so groß, plustert sich auf und gönnt dem Anderen keine Existenz. Wegen dieser Einstellung zueinander werden die Menschen immer schwerer, so daß die Erde die Menschheit bald nicht mehr wird tragen können. Die Menschheit wird der Erde zu schwer, und zwar nicht auf Grund von Überbevölkerung, sondern wegen dieser Einstellung und der Handlungen der Menschen aneinander.

Wir hindern uns selbst daran, im Anderen Liebenswertes zu sehen und miteinander vertraut zu werden. Wir betrachten jeden Anderen als eine potentielle Gefahr für uns selbst, und nicht ais Gottes Stellvertreter auf Erden. Und umgekehrt, sieht auch der Andere in uns nur die Gefahr, die ihm von uns droht, und verwehrt uns seine Zuneigung. Wildheit ist die sich am raschesten ausbreitende Eigenschaft unter den Menschen, und aus der ungezähmten Wildheit entsteht die Kälte und Feindseligkeit der Menschen gegeneinander.

Unser niederes Ich errichtet Mauern rund um uns, unbezwingbare Schanzen. Zerbrecht diese Schanzen, um auf den Anderen zuzugehen, um ihn anzuerkennen! Ihr werdet dann feststellen, daß eure Herzen vor Wonnegefühl überquellen, und die meisten Leute sich euch von einer besseren Seite zeigen werden. Solange ihr aber steitsüchtig und von eurem häßlichen, gierigen, niederen Ich besessen seid, kann keiner euch erreichen, und ihr könnt genauso wenig auf jemanden zugehen, ohne ihn zu verletzen. Der erste Schritt ist daher die Arbeit an sich selbst; es gilt, das niedere Ich in seine Gewalt zu bekommen, damit es zwischen dir und deinen Mitmensche eine liebenswürdige Beziehung geben kann.

Einer der großen Sufi-Meister pflegte auf dem Rücken eines Tigers in der Wüste umher zu reiten, in der Hand eine Schlange als Peitsche. Wie ist so etwas möglich? Was ist das Geheimnis?

Allah der Allmächtige gibt jedem Geschöpf Gefühl und Wahrnehmung. Wenn du dein Inneres öffnen kannst

und dich voll Freundlichkeit zeigst, wird selbst ein reißend wilder Tiger zahm, und läßt sich als Reittier benutzen. Und nicht nur der Tiger, sondern auch die Söhne Adams, denen der Herrgott das Potential verlieh, 'Krone der Schöpfung' und 'Gottes Stellvertreter auf Erden' zu sein, lassen sich durch Freundlichkeit zähmen.

Angesichts all der Bosheit und Wildheit in der Welt, dürfen wir dennoch nicht verzweifeln und klagen: "Was für ein Gott ist das, der so schrecklich schlimme Menschen geschafft hat, die einander soviel Schaden zufügen, massenhaft Gewalttaten verüben und Weltkriege auslösen?" Wir müssen großmütig sein und versuchen, diese Wilden zu zähmen. Wer sagt, in der Erschaffung von Tigern ur Schlangen läge keine göttliche Weisheit? Sagt lieber, daß Er, der Allmächtige, Tiger und Schlangen zu Reittieren und Reitpeitschen erschuf!

Es lebte einmal ein Mann, der wurde sehr von Kakerlaken geplagt. Wo immer er hinging, fand er diese unguten, schmutzigen Käfer vor. Was auch immer er unternahm, er wurde diese Plage nicht los. Er bezog in seiner Heimatstadt mehrmals neues Quartier, in der Hoffnung, daß seine neue Wohnung diesmal Kakerlakenfrei bleiben würde aber jedes Mal wurde er enttäuscht. Schließlich verließ er aus Verzweiflung über diese Heimsuchung sein Vaterland und siedelte in einem Land, in dem es weniger Kakerlaken gab.

Nach einiger Zeit erkrankte der Manne und ein schlimmes Geschwür brach an seinem Bein aus. Er suchte viele Ärzte auf, aber alle Medizin, die sie ihm verschrieben, verschlimmerte nur seine Beschwerden und reizte den Abszess mehr. Schließlich gab er alle Behandlungsversuche auf. So saß er denn eines Tages vor seinem Hause, das wunde Bein aufgestützt, und jammerte laut. "Ah! Oh! Ah! Oh!" Da zog ein wandernder Derwisch vorbei, vernahm die Klagelaute und fragte: “Warum sitzt du da und klagst 'Ah! Oh! Oh! Ah!'?" Der Leidende antwortete ihm: "Ich habe ein schlimmes Geschwür an meinem Bein, und nichts und niemand vermag es zu heilen! Von jeder Behandlung wird es nur schlimmer!"

Der Derwisch sprach: "Nichts leichter das! Hast du schon mal eine Kakerlake gesehen?" „Kakerlaken! Ob ich je eine Kakerlake gesehen habe? Der Fluch meines Lebens! In meinem Heimatlande gab es so viele, daß sie mich an den Rand des Wahnsinns brachten, und ich hierher floh, bloß um keine mehr sehen müssen!" Der Derwisch sagte: "Geh und fang dir eine Anzahl Kakerlaken, töte und verbrenne sie, dann sammle die Asche und lege sie auf deine Wunde so Gott will, wird sie schnell verheilen." Der Mann befolgte den Rat des Derwisches, und machte in jenem Lande Jagd auf Kakerlaken, welche er nur mit großen Schwierigkeiten

auftreiben konnte. Er tat, wie ihm der Derwisch empfohlen hatte, und bald war das Geschwür verheilt. Seit dieser Zeit hat er nie wieder auf die Existenz von Kakerlaken geflucht.

Was die hochgeehrte Nachkommenschaft Adams - Friede sei auf ihm - anbelangt, die Allah zu Seinen Stellvertretern auf Erden macht hat, so mußt du sie nicht wegen ihrer schlechten Handlungen hassen oder verfluchen, sondern du mußt versuchen, großmütig zu sein und dich daran zu erinnern, daß dein Herr auch diese Seine Geschöpfe liebt, denn im heiligen Qur'an steht geschrieben:

"Begegne Bosheit mit Güte, und siehe, wer jetzt dein Feind ist, wird dein enger Vertrauter werden. Und keiner kann dies erreichen, es sei denn der Geduldige; und keiner wird dies erreichen, es sei denn der, dem gewaltiges Glück zuteil wird"(1)

Wie schon erwähnt, wohnte der heilige Prophet in Medina neben dem Hause eines Juden. Der Prophet ertrug dessen Nachbarschaft, obwohl dieser Nachbar ihm täglich Abfall vor die Tür schüttete, um seiner Geringschätzung für den Propheten Ausdruck zu verleihen. Eines Tages bemerkte der Prophet Allahs Segen und Friede seien mit ihm - daß kein Müll vor seinem Hause lag. Auch am nächsten. Tag war kein Müll zu sehen. Er fragte nach dem Ergehen seines Nachbarn und erfuhr, daß dieser erkrankt war. Der heilige Prophet begab sich zum Hause seines kranken Nachbarn, um ihm einen Krankenbesuch abzustatten. Der Jude war höchst verwundert, den Propheten bei sich zu sehen und fragte: "Wie wußtest du von meiner Krankheit?" Der Prophet antwortete: "Als mir auffiel, daß deine tägliche Gabe vor meinem Hause ausblieb, dachte ich mir, daß dir womöglich etwas zugestoßen sei. Ich fragte nach, und man sagte mir du seiest krank."

Was reden wir aber von solcher Güte gegen Angehörige einer anderen Nation, wo die heutigen Menschen ja nicht einmal innerhalb ihrer eigenen Familien ein vertrautes und leutseliges Verhältnis zu Wege bringen! Frauen können an ihren Ehemännern keine guten Eigenschaften erkennen, und umgekehrt ebenso. Eine Familie lebt zwar unter einem Dach zusammen, aber es fehlt jede Spur von familiärem oder anheimelndem Gefühl. Die nächsten Verwandten sind einander fremd geworden, jeder ist verstrickt in die Welt seiner EgoWünsche; eine Welt, in der kein anderer geduldet wird, es sei denn zu einem egoistischen Zweck.

Wenn schon in den Familien keine Vertrautheit besteht, wie soll sie dann in der erweiterten Gesellschaft

auftreten? Es ist unmöglich. Noch zweckloser ist es, von weltweitem Frieden zu reden. Friede, Vertrauen und Liebe müssen erst zwischen Individuen bestehen, dann in den Familien, dem Freundeskreis, usw., bevor sie in der Gesamtgesellschaft manifest werden können. Friede wird von unten nach oben aufgebaut, von der kleinsten Einheit aufwärts, und nicht umgekehrt.

Gewiß, wir beten um eine friedliche Welt, um das Löschen aller Brände in Ost und West. Aber die Trennwände der Entfremdung zwischen den Menschen sind schon so verdickt, daß keine Nation eine wirkliche Freundschaft oder Zusammenarbeit mit einer anderen in Betracht ziehen kann. Freundschaftlichkeit ist eingekerkert, stattdessen verbreiten sich Wildheit und Entfremdung mit rasender Geschwindigkeit, und wenn dieser reißende Strom nicht sehr bald eingedämmt werden kann, wird er die ganze Welt davonschwemmen. Dieser wilde Strom stürzt dahin, und keiner der von uns errichteten Dämme kann ihn aufhalten. Der Mensch erntet, was er gesät hat: er sät Gewalt und erntet Gewalt, nicht Liebe und Freundschaft. Der Strom der Gewalt wälzt sich über die ganze, Erde, er hat alle Bereiche menschlichen Zusammenspiels bereits überschwemmt ,welches Ergebnis können wir davon erwarten? In unseren Überlieferungen steht geschrieben, daß sich die Menschheit in einer Orgie von Gewalttätigkeit zerstören wird, bis das Eingreifen höherer Gewalt himmlischer Intervention diesem Inferno Einhalt gebietet.

Frage: Maulana, was sagen Sie zu den Friedensmärschen und Demonstrationen für den Frieden? Fördern diese den Frieden, oder sind sie ihm eher abträglich?

Wenn diese Demonstranten in sich selbst innerlich befriedet sind, dann können ihre Bemühungen von Nutzen sein; wenn sie jedoch noch roh und voller Gewaltsamkeit sind, was kann schon daraus entstehen? Feindseligkeit und Wildheit werden dadurch nur vermehrt.

Man symbolisiert den Frieden gern als eine Taube, aber es gibt viele Raubvögel, die sich die Taube gern schnappen würden. Trifft man keine Vorkehrungen zum Schutze dieser Taube, so wird 'Friede' zu einem bedeutungslosen Wort. Dieser Tage marschiert eine große Zahl von schottischen Damen nach London um des Friedens Willen, ma scha' Allah! So viele Damen bringen den Frieden aus Schottland! Aber mehr als Stoff für Spott und schlechte Witze sind solche Demonstrationen leider nicht, denn in dieser Suche nach dem Frieden geht es nicht ohne göttlichen Beistand.

Ein Friede muß gestützt, werden, und, um einen Frieden zu stützen, bedarf es der Macht: ohne Macht kein

Friede. Die allerstärkste Unterstützung, die ein Friede haben kann, ist die eines vollerwachten geistigen Lebens: das allseitige Wohlwollen, das in unseren Herzen wächst und seine Äste über die ganze Welt hin ausbreitet. Von welcher, Bedeutung ist ein solcher 'Friedensmarsch', ohne ein fruchtbares, tragendes Herz? Dies sind nur Kindereien, die sowieso keiner ernstnehmen kann.

Wir beten um Frieden, ihr betet um Frieden, und die Christen beten auch um Frieden. Aber weder individuell noch in der Gemeinschaft kommt es zu diesem Frieden. Warum nicht? Für ein jedes Ereignis, das sich in dieser Weise ereignen soll, müssen zuerst die richtigen Voraussetzungen bestehen. Friede ist keine Ausnahme von dieser Regel. Damit sich Friede einstellt, müssen zunächst bestimmte Bedingungen erfüllt sein. Erst wenn diese erfüllt sind, erlangst du Frieden in dir selbst und Frieden mit deiner Umgebung. Solange aber diese Voraussetzungen nicht gegeben sind, wird Friede nur als eine unerreichbare Idealvorstellung bestehen.

Die erste Bedingung für den Frieden unter den Menschen ist, daß einer den anderen mit Wohlwollen und Toleranz ansieht. Man betrachte nur diese herrlichen Gärten: auf ein und demselben Stückchen Erde wachsen viele hundert verschiedene Bäume und Pflanzen. Keine dieser Pflanzen beschwert sich über die Nähe eines andersartigen Nachbargewächses. Pflanzen sind nicht fanatisch, sie bestehen nicht darauf, daß alle Bäume in ihrer Nachbarschaft von ihrer eigenen Art sein müssen

Wenn Leute verschiedener Herkunft oder Religion benachbart leben, und wenn jeder die Rechte des anderen respektiert, dann können Menschen ohne Probleme nebeneinander leben.

Unser heiliger Prophet Muhammad – Allah segne ihn und schenke ihm Frieden - hatte einen Juden zum Nachbarn. Niemals beschwerte er sich, niemals befahl er, daß man diesen Juden entfernen sollte und ihn

unter seinesgleichen ansiedeln. Die Handlungen des Propheten sind für uns das beste Beispiel, und der Prophet –Segen und Friede seien mit ihm - betonte immer wieder die große Bedeutung guter nachbarschaftlicher Beziehungen. Im heiligen Qur'ân steht ausdrücklich, daß man an erster Stelle an seine Nachbarn Hilfe und Almosen verteilen soll. Daher ist im Islam die Pflege guter Beziehungen zur unmittelbaren Nachbarschaft ein wichtiges Konzept, denn das gutnachbarliche Zusammenleben von Menschen verschiedener Rassen und Herkunft läßt keinen Fanatismus aufkommen. Ihr seid aufgefordert, gute Nachbarn zu sein.

Ihr habt eure Religion, euren Lebensstil, eure Überzeugung und ein anderer hat die seinen. Was eure Unterschiede anbetrifft, so laßt den Herrn darüber entscheiden; auf jeden Fall aber respektiert euren Nachbarn, und tut ihm Gutes an. Das ist eure Pflicht. Wenn ihr eure Pflicht getan habt, dann könnt ihr auch von eurem Nachbarn Gutes erwarten. Schaut nicht auf dessen Fehler, und kritisiert nicht seine Ansichten und Überzeugungen, die von den euren abweichen, damit keine Feindschaft zwischen euch wächst. Laßt den Herrn Richter sein, Er ist der Richter aller Richter dann wird jeder Fanatismus absterben.

Ich sitze hier mit euch zusammen. Wenn ich euch alle als Geschöpfe meines Herrn betrachte, als einzigartige und vollkommene Ergebnisse Seiner unvergleichlichen Schöpfungskraft, so wie man eine Rose betrachtet oder einen fruchttragenden Baum dann finde ich mich in einem Paradiesgarten, und von jedem Einzelnen geht ein innerer Friede aus, der auf mein Herz trifft. Wenn wir einander in dieser Weise betrachten können, kommt es nicht nur zu Toleranz und gegenseitigem Verstehen, sondern es entsteht auch Vertrautheit und Anerkennung, und schließlich stellen sich auch Liebe und Frieden ein.

Weil die Menschen einander aber nicht als des Herrn unübertroffene und wertvolle Geschöpfe betrachten, können sich Leute gegenseitig nicht einmal ertragen, wie denn gar voreinander Respekt haben oder größere Vertrautheit suchen. "Diese Welt ist für uns beide zu klein" sagt einer zum anderen, ein Staat zum nächsten. Jeder macht sich selbst so groß, plustert sich auf und gönnt dem Anderen keine Existenz. Wegen dieser Einstellung zueinander werden die Menschen immer schwerer, so daß die Erde die Menschheit bald nicht mehr wird tragen können. Die Menschheit wird der Erde zu schwer, und zwar nicht auf Grund von Überbevölkerung, sondern wegen dieser Einstellung und der Handlungen der Menschen aneinander.

Wir hindern uns selbst daran, im Anderen Liebenswertes zu sehen und miteinander vertraut zu werden. Wir

## Frieden auf Erden

Jeder muß an seinen Schöpfer glauben. Ich glaube an den Herrn der Himmel, den Schöpfer der Menschheit. Ich bin ein Diener des Herrn. Abdullah ist mein Name, obwohl die Leute mich Sheikh Nazim nennen. Ich glaube nicht, daß ein Muslim, ein Protestant, ein Katholik, ein Orthodoxer, ein Methodist, ein Buddhist, ein Hindu oder ein Jude es ablehnen würde, Diener seines Herrn genannt zu werden. Bischöfe sind Diener, Scheichs sind Diener, der Papst ist ein Diener, ein Kaiser ist ein Diener, Sultane und Könige sowie Königinnen sind Diener. Jeder ist ein Diener. Niemand kann vom Diener zum Herrn werden. Es gibt nur Einen, welcher der Herr ist. Das ist, was wir glauben. Außerdem glauben wir, daß dieses Leben nur begrenzt ist. Es gibt jedoch ein ewig andauerndes Leben. Wir glauben an die Ewigkeit des Herrn. Sein Königreich umfaßt alles. Es ist ohne Ende. So lange das satanische Königreich existiert, wird es keinen Frieden geben. Wir versuchen, es hinwegzunehmen und das Königreich der Himmel zu errichten. Wenn dieses aufgebaut ist, wird Frieden auf die Erde kommen. Ohne dieses wird es uns nicht möglich sein, gegen die Teufel zu kämpfen und über das Böse zu siegen. Wir versuchen, dieses Ziel innerhalb von allen Religionen zu erreichen.

# FRIENDSHIP

Friendship and loyalty and honesty are good characteristics which we have been ordered to teach our children through every religion. You will not find any religion that does not order friendship, loyalty and honesty and when people leave behind their beliefs, they leave behind friendship, loyalty and honesty. Therefore, these three good characteristics make a person of good quality. A good quality person will be friendly, loyal and honest with everyone. If someone does not have these characteristics, he is of bad quality; he cannot be trusted. If people cannot be trusted, what future is there for humanity?

Nothing can give youngsters these good characteristics except beliefs, real beliefs and real practice of those beliefs. We have been ordered, from the first Prophet Adam to the last Prophet Muhammad, p.b.u.h. and upon them, to keep friendship, to be loyal, to be honest. Each of these three things is a responsibility. Man is responsible for keeping friendship because we were not created to live alone, we were created to be together and so we must keep friendship with eachother. If a person lives with people but is an egoist, that person will never be friends with anyone; he is asking to be alone, never being loyal to anyone. We need to be friends because if good people are friends then we may prevent devils from coming between ourselves. Without friendship and loyalty then bad people, by this I mean to say devils, will be able to destroy every goodness on Earth. If a person is an egoist, he never likes to have friends around him, he prefers to be alone. Then, devils

may find a way to come between good people and to put enmity among then. Therefore, every religion orders believers to look after each other. If an army needs to cross through a river, they join hands so that no individual is swept away by strong currents. Believers should do the same so that they may be stronger. It is a heavenly order to mankind to keep friendship, be loyal and be honest.

Also, we have been ordered to forgive - this is another good characteristic. A person should be able to forgive. This gives people honour and kills enmity and hatred. Throughout all time, whole religions have advised people to forgive, particularly when we are in a position to be able to take revenge. When we are in a position to be able to take revenge, we should say, "Go, I forgive you". To take revenge causes the growth of enmity and hatred and envy and many bad things come from the taking of revenge. Therefore, revenge destroys communities, personal relationships, even nations.

You cannot say that there are no devils in English people and you cannot say that there are no devils in Turkish people, or Arabic people. Devils are eveywhere in every nation. If not, why are innocent people killed? Therefore, one of the first things religion does is fight devils. If communities do not remove devils from their presence, they will never find peace and happiness, satisfaction or pleasure. They will never be pleased with their lives. Therefore, every community must try not to give devils any opportunity to come between them. This is a most important point for mankind these days but, if we look at any community, it is full of devils. They are throwing away good people. Good people are not able to remove these devils. Government's cannot remove them and they blame organised crime and the Mafia. Mafia, what does it mean? The Headquarters of devils. That is the meaning. The dictionary does not give such a meaning but this is the meaning. Governments are afraid of them. Therefore they cannot march on them and revenge will bring another war, a great war. Revenge is prohibited through religions. I don't think that Christianity gives permission for revenge. Jesus Christ said that if you are slapped on the face, you must "turn the other cheek". That means to say, "don't take revenge. Forgive". And, in Islam, revenge is prohibited also, particularly in our Sufi ways, totally prohibited. If a person wishes to take revenge he is thrown away from Tariqat. Therefore, it is a strong pillar in every religion to train their followers not to take revenge but to excuse people and to forgive.

Muslims must do every best action in their dealings with family, children, neighbours, the community, the whole universe. A Muslim must do his best for everyone who is in relationship with him or her. First in the

family - the man must be best one for his family and women must be best for her husband and family; the man towards his wife and children must be the best one, so that none of the family members will say that another man's actions are better then our father's behaviour to us or my husband's dealings are not the best, but others are better. There must be best actions with family members and never hurting neighbours. There must be respect in the family. One must be more respected in the family - Islam accepts the man to be the most respected, because he has the biggest responsibility to carry for the family. Woman is weak and in need of protection. So, if a person carries more responsibility, he must be obeyed and respected in the family. From the man's side, Islam asks more mercy for his lady and his children to bear more and to be more patient and to be more merciful for them, not to eat himself without them eating, not getting home before his wife and children are at home, looking after everything they need, not to spend even one penny for himself, for his pleasure alone. If he wants something for himself, first he must ask for his family and children. He must behave as if he is a king at home in his family and he must deal with his wife as a queen for himself. He must say my lady and his wife must not say to him Peter, Umar, John. It is not good manners in Islam to say - both sides must keep respect to each other. You may use a respectful word for your husband, never saying by name. We never heard in previous times, our mothers, Muslim women, calling her husband by name or Muslim fathers calling wife by he name. He must never spent even one penny outside for his pleasure without making sure for his family. If he does not make sure he is a bad one, bad husband, bad father, in Islam. In Islam man must be the best man, women must be the best women.

Neighbours must be protected. We have a saying, if you want to know about a person, you must ask his neighbour. If the neighbours say he is good, you must accept him as a good man. Our neighbours are our juries. If they say he is a good one, that it is a good one. If he hurts his neighbour, making them complain, harming them, he is a bad one. Islam prohibits harming neighbours and orders people to look after their neighbours first from everyone, because they are the background for our homes, for our families. When we are absent, they must look after our homes. In this way there must be a very close, strong relationship and solidarity with neighbours. Islam says neighbours are forty houses - in all directions up to forty houses, this is your neighbourhood. You must look after all these people, you must be in relationship, you must say good-bye, good morning, good evening to them, you must visit them, you must ask how are you, what are you doing, what do you need? And you must take care that in these forty houses in four directions no bad person comes to live there. You must say no to a bad person coming to live in your neighbourhood. That community

must be united. If a bad person, bad family comes to the neighbourhood, that means a cancer cell is coming to the community. Therefore, Islam orders every Muslim to look after his neighbour up to forty houses around his home. All of them must be visited for good occasions, for sad occasions, for any occasion, for sickness, for death, for family weddings and other occasions and religious days and nights. They must visit each other and look after their needs and what they are going, who is coming and who is going.

A Muslim community with their good dealings is keeping its area free from bad ones, Muslim help security powers - each one must be a holder of security power and give support to them so that any bad thing which happens there, they will know and who did it. They must be with the security powers, the policy. That is the best community organisation in Islam, never giving a chance to a bad one to infiltrate the area, quickly catching him. Now in Western civilisation they claim that they reached top point of civilisations, but people do not know who is in front on their home, who is that one, and not saying good morning or good evening. What is that civilisation? Islam brought best community organisation and best for community. This is a sign of our relationship with each other at home and in the neighbourhood and also our relationship with governing powers, with the government.

Islam says, don't allow bad people among yourselves, isolate them. Bad ones must be isolated from the community. That is a most important thing in Islam. Never give a chance for a bad one to live in the community. The government has the most responsibility to look after those people. But Muslims also must not allow such bad ones to live in their neighbourhood.

## Someone was making friendship with Shaitan

Someone was making friendship with Shaitan. Fajr came- he didn't pray, he said: 'I will pray later'. Midday came- he postponed the prayer, afternoon, evening came, he said: 'Maybe before going to sleep I will pray'. In the end he didn't pray at all. The sleep of someone who doesn't pray is like the sleep of a dead body and he smells bad. The angels of mercy do not approach him. His soul doesn't go up, but stays imprisoned in the darkness of Dunya. One group of people goes to sleep after midnight and gets up at noon. Like this sleep causes illness. No one should sleep more than 8 hours, otherwise the body starts to eat up its own energy, and it will make the person unable to get up at all. Another group of people can't sleep at all, only if they use pills. And valium is pure poison- also eating up the energy of the body and finishing the nervous-system.

All troubles are coming on these people because they lead a life without discipline. And there is no discipline out of Islam. For all these people Dunya is Bela, they are cursed. No matter who they are and how 'important'

they are, their life is poisoned. Who is going away from discipline, falls from blessings into cursings. And there is discipline only in Islam, not in any other system or religion, because Islam is fighting the nafs, the ego. Others may show outwardly a discipline, but that is also from the ego, the ego wants to makes its own discipline. That is the bela that is finishing everyone, individually and commonly. Without discipline everything comes from the ego. People refuse the measures that Allah brought, His laws, and they want to make their own laws according to their desires and wishes. And all these laws are against humanity, because they are imitated, not real, not true.

People are asking freedom, everything must be, as they like. Who from those people that lead a life without discipline, can say that he can do everything he wants in his life? If they say, they are lying. They live like the wild animals in the jungle. And envy is eating them up- women are more envious towards other women. The people of Dunya never find peace and rest in their life. Always something is coming on them to disturb them, always something is happening to them. Be careful! Remember the end of Abu Jahil. He had everything, but he never was at rest during his life. He was so proud. And in the end he was thrown in a dry well, and others along with him, altogether 7o people. When the Prophet came to the well, he looked down and asked: 'Did you meet the end that you were promised by Allah?' The Sahabas were astonished and asked: 'But can they hear you?' 'Yes', the Prophet replied, 'they can hear me like you hear me now. And they are saying that they indeed found the end, that Allah promised to them.'

Look to the people who accepted discipline- they are all Akhirat-Sultans, and they are honoured and respected by people up today. There is heybet at their makams. They found even more than what they expected (as Allah promised to them a reward that no one has heard of and no one has seen).

There is the tomb of a holy man in Cyprus that has always been respected and honoured, even before the Ottomans came. And after them even the English were respecting him. They used to shoot Salut for Hala Sultan also. Who taught them to do this? This is for the honour of those Akhirat-Sultans.

All the Bela in the world now is because there is no more discipline- people are cursed... Ya Muhauli hauli wa-l akhwal, hauli halina ila ahsani hal... We are asking: Oh Allah, You change our state, You may do it in one moment. Send Rahmet, mercy, and let it rain also on the hearts of people, so the curse will go from them and they may come to discipline. If not, they will not find any goodness...Mankind is finished, people are like garbage, poisoned. May Allah send mercy on us, He is Qadir, Muqtadir, the All-Mighty, the Powerful... O Allah, send us the Sultan, the Padischah. We have no power to do that- You must bring him...

We say 'Audhu bi-llahi mina shaitani rajim' and 'Bismillahi-r-Rahmani-r-Rahim', to be dressed with the Baraka of the Besmela. By the Besmela a stone is turned into a living bird... This sohbet is important... Shaitan doesn't leave people to accept discipline.

# The friends of Allah look not only after one, but after thousands of worlds

Destur, ya Sayidi, ya Sultanu-l Awliya, Meded, ya Rijalallah... The friends of Allah look not only after one, but after thousands of worlds. And Allah does not burden them in looking after them, the Wilayet Sahibleri, the friends of Allah. They have been given a divine secret. People nowadays don't know their value. Especially the Islamic world is enemy to the holy ones, and therefore to Allah's Prophet, and therefore they will receive now what they did. There will be a big cleaning.

Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim, La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim. Allahumma thabitna 'ala-l Haqq! (3x) Yesterday as today as tomorrow it is the same- the only wish of a believer should be to stay on the straight path...

May Allah send us from His divinely support to make everything on its right path, or (if not,) people are running on wrong way. And who is taking wrong way anytime may be an accident that may harm himself or the vehicle that he is using; coming to him something, harming him materially, physically, through his physical being or those that belong to his physical being. May harm people some accident and he is going to be hurt, injured or wounded through his physical being or material aspect.

Therefore now we have been ordered to use one channel only- warning people, nothing else. Because people

now are in need more than anything to take their safe way. After taking safe way he can deal with what is necessary for him to be dealt. Now whole nations are on wrong way running. If no warning coming to them, there should be a big accident! Sometimes happening an accident for a car and behind it so many cars making accident also. For one careless driver, who is making an accident, behind him (those,) that they are not doing anything- for that careless person coming and making so many accidents, cars coming on each other.

Now warning coming from Heavens to speak on it only: That people must take their care not to make an accident or to be responsible with his bad driving; or his carelessness harming hundred's of people, thousands of people, or millions or billions of people may be harmed for one. And we are looking that for one person on earth that he is insisting, for that one person's reason may be taken away millions of people, hundred millions of people, even billions of people. For what? For one person! One person- he is careless person- he is saying: 'If I am going, I don't care; after me even billions of people may be killed, doesn't matter.'

It is today 17th of March 2003- people now on earth, all nations going to be into two parts, as it is mentioned through holy books and their reports from Heavens to people, (that): When last days approaching, whole world going to be into two parts. One part or party of people, one group, is saying: 'We don't like war, we don't want war.' The second group is saying: 'We don't want war, but we must do war! We also don't like war, but our minds showing us something that we must use that war.' Because if a person or engineers, who are going to make a tunnel (through a mountain), they may dig as much as they can, but when they are coming to a terrible rock, they say: 'Our instruments can't cut it. We must use something like TNT to break this what is closing our way to reach second side. We must use this!'

In such a way some people say: 'No, we don't like it, don't use TNT, leave it as it is.' 'Ya Hu- we must pass!' But some people say: 'No, leave it, as it is, we don't like it; we must live as we are living now, we don't like to pass through that.' But growing coming more and more and more (on one side of the tunnel) and it is necessary to break that rock and to pass through to a free land, because this land just full, and we must reach to a free land for all people. And people come and say: 'Don't break this rock, no, we don't give permission to you.'

Now the whole world's people are in same situation. What they are doing- someones knowing, and some other people, majority, not understanding anything. Their understanding level is the level of animals, their interest is only for eating and drinking and sexual desires, to fulfil. Look now through TV whole people for what they are running? They like only to live as (they are living) now up to the end of their lives. They haven't any target, they have no interest beyond their physical desires, and they are equal through their physical desires to the world of animals. World of animals never going to be interested in anything except eating, drinking and sexual works. Nothing else. And these people that run on streets, thousands or millions, if they may find a way, not millions but billions may run on streets to ask to stop wars, because wars going to prevent them from their animal world's life. They never ask more than this through their lives, their life's philosophy is only eating, drinking and sexual relationships, nothing else. When they are asking this, they are coming and saying: 'We don't like war.' But they are not going to think that it is impossible to continue their lives if not opening in front of them another land.

The land that they are on it now is just full, and they are in need to pass from this full land to another free land. That meadow that they are running on, is just finished. They must run to another new meadows to be free there. And they are not understanding that this war is taking them to that meadow, only they say: 'We are not asking this, we are happy through our meadow if it is going to finished also. We like to be here forever, not to ask any free land. Please stop war.' Can't be!

Therefore world now going to be into two parts, accusing each other. One part saying that this part who asking war is asking to reach to oil. But no one from accused people's group, never coming to their minds to ask those people: 'For what you are not asking war? If you are accusing one part of world's people that they run after oil and that they do that war for that oil, it is not true. But they are claiming.' But those people who are standing up to break down that country, they are not asking those people: 'Why you don't like war? If you accuse people that they ask to teach oil, but we ask you also: Why you don't like war? For whom you make this advertisements and demonstrations? For one person!' They are not saying: 'You are defending one person. You say: We like that person to sit on his chair forever, nothing else. This is (what) you are defending? You are defending the whole world or only one person? You defend that dictator in that country, in Iraq, you say for what? You like that that dictator continues on his chair and to do everything that his nation is never accepting and his neighbours are never accepting what he is doing? He did so many things

that his nation never accepts, and his neighbours never accept, because he assaulted also his neighbours Iran and Kuwait; they are not in safety from that person, from that state Iraq. They are not happy, they are not in safety, but you say: 'No, that person must be there'? And those against him say: 'We are asking to take him away and to bring someone that his heart is full with pity, justice and good wishes for his nation, that everyone may be happy with him. We are asking to change that one.' But they are not saying this.

And those oppositions like France, Germany and Russia accuse England and USA and other countries and they say: 'Why you are fighting? You fight for oil.' But they are not saying: 'Whom you are defending? That one? How? Why you are defending? His nation is not asking him and his neighbours are not in safety from him. We are asking to change that one only. You stay in your place and look what we are doing. If you are not happy with what our acting, you come and make another arrangement in Baghdad and Iraq.' They are not saying this.

They defend only that person, a dictator, to be on his chair and to do everything and they say: 'Yes Sir', and if someones say: 'No', they say: 'Take (shoot) this bullet on your mouth, on your head, on your heart.' No! There is divinely Justice! Allah is sending from the furthest place someones to come and to take revenge for what he did to his nation, to his relatives, to the holy people of the Prophet sws, and also for what he did to his neighbours. Allah is sending a superpower to take revenge from that one.

Therefore people now who never ask that war, they are fearing that through themselves there are millions of people like that one also, they are asking to do as he did before. Don't believe French government that they like peace, no! Germany, no, Russia, no, China, no! If they can be able, they are running and coming in the Middle East, because everyone knows that who is going to be in power in the Middle East- it is like the heart of the whole world-, and who may be able to control the Middle East may control every part of the world. This is mentioned through holy Books and also through their knowledge they know that the whole world can be controlled through the Middle East. Who can put his hand on the Middle East should be victorious every time. That is the reason, nothing else.

Therefore people are shouting, showing with their fingers (the symbol of) victory. To whom showing? Victory for the Lord of Heavens. Allah Almighty is saying: 'I am going to be Victorious and those who are with Me.' No one else. Who is running away from Allah they can't be victorious. Who is going with Allah should be

victorious, and which ones Allah is going to be with them, they should be victorious. And in a short time the whole world should know and should be witness from two parts of people. Allah Almighty, the Lord of Heavens, with which ones going to be? Which one going to be victorious means Allah with him. Who is failed and destroyed, everyone must know that Allah was not happy with them, finished!

May Allah forgive me and give His protection on believers and every good one from every nation and keep new generations not to be destroyed. And He knows how He can protect and shelter whom He likes to protected them! Don't worry! It is a bad advertisement/propaganda that they say: 'There are going to be killed innocent people.' If you know innocent people, the Creator not knowing who is innocent? If you try to save them, He can't save them? Yes, He can save! But only those who are running away from Allah, from believing in Him, they should be taken away- young or old.

May Allah give from His divinely Powers and send heavenly support for those people who run for the benefit of mankind on earth, and support them, for the honour of His most honoured servant in His divinely Presence S.Muhammad sws, Fatiha.

After the Evening Dhikr (1ooo x La ilaha ill-Allah, 100 x Salawat):

Ya Latifun lam tazzal, bi lutfika awadtana, ya Rabbi, amin khaufana,

Wa-nsur Sultanana Sultana-l Muslimin,

Ya Khaira Ma'mul wa Akrama Mas'ul...

Without His Will no bird can fly, no leave is falling from the tree. Dunya is limited, it is not eternal. People think that it will continue like this forever and that they can do as they like. They think that the stories of the Prophets and what they have brought are fairy tales, but the heavenly news will come true.

May Allah make us to be from Paradise people. Everyone according to their intentions and works- whose

intention and works are evil he will finish and vanish. Take care of your intentions. Allah has sent the Truth, let us keep the truth. But people insist on their wrong side and it comes on them accordingly. Big ones and small ones will die. Everyone is fearing now. But watch your intention and then don't fear. Good ones will remain. Let us be with the good ones, and not with the bad ones, dirty ones, cruel tyrants. May Allah let us be with the good ones, because we love them, even we may not be good ourselves. Who loves evil and badness attracts fire.

We are hoping for the intercession of the Prophet sws. We love him as well as all the Prophets and Saints and we try to follow them.

Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah- We have to say this at least 1oo x daily for Allah to accept our request for forgiveness. Who is coming to this side he will be saved.

## 1429 from 1500 days of this planets period have passed

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim,
La haula wa la quwatta illa bi-llahi-l Aliyu-l Adhim.
Kulli ale yazur (?)... time running! That Allah Almighty just giving a time for mankind to be on earth.

Once Prophet sws every time, when he was praying Salatu-l Fajr, and turning his holy face to Ashab, his Companion, he was asking: "Anyone dreaming a good dream?" And who was dreaming, saying and he was, sws, explaining, saying.

Once one Sahab was saying: "Ya Rasulullah, just I dreamt a dream it is really strange " "Say! Khair, insha Allah!" "I am dreaming that I have been on a land, green land, I am not seeing beginning or ending and in the middle of that field there was a Mimbar, and you are coming, ya Rasulullah, and going up one step, two, three, fourth, fifth, sixth, seventh step, you are sitting there. That is my dream." And Prophet saying sws: "That is a true dream, rahmani " - Rahmani-shaitani- "This

from Allah Almighty, it is a good tidings." Good dreams from Allah, bad dreams from Shaitan, therefore not for every dream you may ask what is the meaning, no! If you are dreaming a bad dream , Prophet saying, make on your left (spitting over the left shoulder) and say: Audhu bi-llahi mina shaitani rajim , Allah protects you! "This it was a good dream, heavenly dream, that is true. That means, Allah Almighty giving for the Children of Adam to be on this earth 7ooo years."

Not less, no more. We are not philosophers or naturalist or materialist or atheist people- ha sha- we are believing what coming from Heavens to chosen ones! Chosen ones they are Prophets, peace be upon them, and most beloved, most respected one in divinely Presence that is S.Muhammad sws; what he is saying, that is just true: "The period that should be Adam and his descendants on this planet, 7ooo years. And that dream signing that just I am coming at the beginning of 7th thousand. 6ooo just passed away, when remaining one, I am coming." That, what Prophet sws is saying, is true.

And he was saying also: "When 1ooo finishing, beginning a half thousand, 5oo years, to reach to Yaumu-l Qiyama, Last Day, Judgment Day. Coming." Now 7ooo just finished and we are in that 5oo. Passed away 1ooo and 428 years now. This must be finished at the end of this century- so that we are so approaching to Last Day and Last Day so quickly trying to reach to people and books just closed down.

And Prophet sws was explaining that after 7ooo coming days, they are half belonging Dunya, half belonging to Akhirat. When Akhirat is approaching, so many signs for Last Day just going to appear. Now we are in it. Every sign that mentioned through Holy Quran and also Prophet sws was saying, just now we are in it and going to finish.

There are some signs that it had been said to them small signs major signs and minor, we are in it, just going to finish, when finishing, ten more big signs coming and finishing. And it has been informed that when big signs going to approach, minor signs going to finish, should be a Melhametu-l Kubra, Armageddon. That mentioned through whole Holy Books, Armageddon and in Islamic Books that mentioned through Prophets Hadith it is Melhametu-l Kubra, Biggest War. Biggest War that should take majority of people. Never happened such a Big War before or never going to happen after it. Last War.

And we are looking and seeing that the conditions for that Armageddon just prepared. Nations, all of them, they are preparing themselves for that Biggest War. Everywhere giving whole their efforts to make such dangerous weapons, nuclear bombs, missiles, and such a terrible weapons! Just prepared to take away majority of people from earth. And what is the reason?

Because when Last Day approaching, people going to be like before the period of ignorance, once again. People should leave everything just reached to them from Heavens; they are going to throw away everything heavenly and they are asking to do something. But they are not knowing what they are doing, because their teacher is Shaitan. Shaitan teaching them, so that they should be destroyed- each one another one.

Allah Almighty saying: "O ya Muhammd sws! If My servants continue to be disobedient, I am going to punish them! And I am Muqtadier, able, to send My Punishment from Heavens!" Then Ayata-l Karima, Holy Verse, coming. Prophet saying: "O my Lord, don t send their punishment from up, from Heavens!" If coming, should be this mankind like the Qaumu-l Ad! Allah Almighty sending from Heavens a punishment to them; coming a wind, a wind making everything to be like sand, never remaining man or

their homes, finished. And Prophet saying: "O my Lord, please don t punish, don t give their punishment from Heavens! Allah Almighty repeating, saying: "If they are not coming to be obedient to Me, to My Prophets, to my Orders, I am going to punish them- either from Heavens or from under their feet!" And Prophet saying: "Under feet it is terrible also, earthquakes!" Allah Almighty saying: "O my beloved one! Just I am not giving punishment under their feet, but must be a punishment, if they are continue to be disobedient! I am the Lord of Heavens, I am going to punish them and I am making nations to be one nation against the second one and second the third one. Whole people living on earth going to be enemies to each other, so that man and his next-door, they are going to be enemies. Leave that- even through one house, through one home, you should find that women going to be enemy to her husband, husband enemy to his wife, children enemies to parents, parents enemies to children, children enemies to each other- what do you think about other nations!

Now they are reaching to that point that they should be punished. They should be punished And this mankind now on earth are like the nation of Noah: Never saying that Allah sending a Prophet and His Holy Orders. They were joking Holy Orders, never taking care. They are saying: "We are making laws, we are making democracy!" All nations saying: "Democracy, democracy", and they are going to be enemies to each other. Democracy people coming to kill each other. Look now!

Islamic countries also; they are leaving Holy Quran! Pakistan, Muslim country, asking to make Parliament and election. What election! How happened! Iran saying Cumhuriyat Islamiya - no Cumhuriya in Islam, Sultan! Turks democracy and they are worst position! Everywhere! Punishment should be from one to the second one, from one nation

another nation, that they should be one group on right hand, one group left hand. Rightist, leftist.

O people, you must believe in God, in Allah Almighty., and you must try to bring Holy Orders of Allah! Don t bring shaitanic teachings and making Allah to be angry with you! O people, look after yourself! If not, punishment approaching!... And then Mehdi as comes, then Islam should come! Should come! Ya Rabbi, ya Rabbi-jalna (make us) to be with Mehdi a.s., to be with Sultanu-l Islam, not to be with those Jababira!

Khudhhum afda azizin muqtadirin, ya Jabbar, ya Qahhar, ya Allah!
Khudhhum afda azizin muqtadirin, ya Jabbar, ya Qahhar, ya Allah!
Khudhhum- whom they are refusing to keep Your Holy Orders, ya Rabbi-l Arsh! -
afda azizin muqtadirin, ya Jabbar, ya Qahhar, ya Allah!
Tauba, ya Rabbi, Tauba, ya Rabbi, tauba Astaghfirullah!

Everything they are doing munkar, never Allah happy or Rasul happy! Say: "We are not with them," you should be under protection. If you are running with them, taken away... May Allah forgive us!

Ya Rabb! We are weak servants! Send us from Your holy ones, to train and to show our way to You and to defeat Shaitan and shaitanic ones, o our Lord!

For the honour of Your most beloved, and most glorified servant S.Muhammad sws! Ajalna fi hifdhiza wa amanika, ya Allah! Tubna wa rajana ilayka, ya Allah!

Subhan Sensin, Sultan, Sensin, Subhan Sensin, Sultan Sensin, ya Allah!

## From Chaos to Peace

By the name of Allah, Who created mankind, the Almighty. The absolute power oceans belong to Him. By the name of the One Who can do everything, Who can do anything. By the name of the One Who gave men a mind and will-power. Amongst countless others, only mankind has been granted a mind and will-power.

With our minds we can know about His Existence. I don't think that anyone who really uses his mind can say that there is no God. It is impossible! Everyone who uses their mind must realise that we have been created. Was anyone in this room in existence at the turn of the century? Do you think that you made an application to be born, to be born as a human and not as a wolf, fox or ox? How can anyone say that we have no been created? Just like no-one can say whether we will be in existence in the 21st century, or not. Maybe you will at the beginning, or in the middle, but finally, at the end of the century no-one will be in existence.

So who makes you grow from the minuteness of being in your mother's womb, then to grow, grow and finally stop growing? Your growing has a limit, otherwise you would be bigger than trees. Then you come down and down until you reach the underground. If you use your mind, you must admit, that there is someone who has given you this body, whose power is over your power and whose will is over your will. Whether you are Christian, Jewish, Muslim, Hindu or Buddhist, you must say this. It is a reality which you cannot object to.

We begin this in the name of the One Who created countless creatures and honoured mankind, men and women, to have a mind in their head and a heart in their chest.

You have a will-power, you can do as you like. You can use your mind in a good way with the help of your will-power. You will then be called a good, honourable, trustworthy, honest and noble person. You may be called a saint, if you use your will-power and mind. Heavens will greet you with Heavenly Greetings. But if you don't use your mind and your will-power and you do bad things, you will represent the devil and you will be a bad-one. You will belong to devils who do not get greetings from Heaven, but a cursing.

You can belong to whichever group you want. It is up to you. But whoever has been given a mind and will-power and do not use them, must be blamed. They fall down to the level of animals, but the animals also do not want to be with them. People who are against the messengers of God, the Almighty, Allah, and who are against the Heavenly Rules, against goodness and against humanity are lower than animals.

The freedom of the 20th century doesn't make you free, but slaves of your bad desires. The people of this century are slaves of their egos, of devils and of satan. They left the Divine Service for which they were created and which they were honoured with. I see so many churches for sale. It looks bad when a church, which has been built to honour the Creator, is for sale. It means that Christians are not taking their Divine Services serious. Muslims too, are getting western habits. Whatever people here do under the name of being modern, our heedless Muslims are adapting to. What does it mean to be westernised? If you look into Muslim households, you will see a western lifestyle. Most of them have given up their Divine Service and are eager to run after satanic ways by only enjoying their physical bodies' desires.

That is why people have fallen into a chaos. No government, no party is going to make it better. Until these people stop following satan they will not get peace. Peace comes from giving Divine Service. With it the Lord will bless you and you will be happy and in peace. If you run after satan, after your bad desires, a curse will come on this world and there can be no peace.

# FROM DEMOCRACY TO THEOCRACY: MANKIND MUST BE RULED BY HEAVENLY!RULES

We are happy that a priest is visiting us today. He is humble enough to come. We always want to hear good news, but in our days there are hardly any. The only real good news are Heavenly News. The worldly news are getting worse from day to day. Heavenly News make people happy.

Mankind is following satan and his devils. Every advertisement is announcing something which is false. Why are they advertising? To make people accept their lies. Everything which is being advertised is hiding something which is no good. Look at what is being advertised! It is always for something bad and it tries to show people that it is good. Newspapers, magazines, TVs and broadcastings are all advertising satanic words, not Heavenly Words. All nations, the whole world is following satan, satanic ways. From day to day they are becoming more and more miserable. There is no satisfaction, confidence, happiness and no peace. How can people have confidence or happiness without peace?

Everything which belongs to Prophets, Saints and Heavens is being destroyed. Common people are supporting the works of satan without thinking and even defending it. Very few people understand what is really happening, but what can they do? If a 100 people put salt into the water and then 10 people try to make it sweet, what will happen? It will not change. Nowadays you cannot even find 1% of people trying to make it sweet. More than 99% are doing their best to poison the life of mankind. There are endless devils trying to

poison life. The new generation is poisoned by a huge terrible Mafia. Only for the sake of making hundreds of millions of dollars in the bank, they try to destroy all youngsters by giving them poisons. No government can prevent them, because they are not real governments. A government should be able to prevent evil and to stop it. These governments are not governments. That is why there are advertisements everywhere trying to poison people. If there were real governments, they would be able to stop it.

How can it be stopped? In Malaysia I went to see the snakes exhibition. One of them was enormous, I was told that it is a huge boa and that it would only eat living animals. I suggest to put a big cage in the middle of Trafalgar Square and put a snake like that there. Every time the Mafia tries to poison our youngsters they should be put into the cage. Then look what will happen and whether anyone will dare to continue the next day. The government could do this, but these people are not real governments. Their advertisements are the opposite. They make people understand that they can do whatever they want to.

I am looking for a command from Heavens and then I will bring so many dragons here, open the cages and let them out on the streets. If there is not a real need, people can stay at home. Whoever works can get out, the others can stay at home. There would be no more night-life.

There are many ways to stop them. The governments are making prisons like hotels. Make prisons like prisons of Pharaoh, like the one in which our Prophet Joseph was. Then put scorpions, spiders and insects inside and it will be enough to be in there for one night to really repent. Prisons today are like rest houses, whoever of those devils become tired can go inside to have a rest. The government feeds them, then they get out, make trouble again and then they come back for a rest.

All of this is because we have human-rights. Are they human? They are people from the jungle! They are worse than wild animals. Why do you apply human-rights on them? Any religion which is not being supported by the government cannot do anything. Churches, cathedrals and mosques cannot do anything. When people come inside, they do not change and then they go out. Whatever you advise will not affect them. But the government puts a yellow line on the street and tells you not to go there and you won't. Because they are afraid that the traffic-warden will see it. It means that if anyone of us, whether in Christianity or in Islam, gives an order, there is no power to see that people will carry it out.

Instead of that the governments give such high penalty for nonsense offences. But for the sake of human safety and to ensure that they are kept safe, they are not doing anything. Unless the governments change from democracy to theocracy, everyday will become worse and worse and worse. That is why the 21st century cannot carry such people within democracy anymore. The system of democracy must come down. In the 21st century every state will be theocratic and will be ruled by Heavenly Rules.

## From heart to heart

What is the method of fighting the ego in our Tariqat? To become accustomed to doing everything with permission of the Sheikh, especially concerning marriage, divorce and long journeys; and it is best to consult him in every important matter.

We posses a 'walkie-talkie', and we can send waves from heart to heart. If you know the wavelength you can tune in, because a real Sheikh must send. According to a Murid's station, a real Sheikh can send him those waves: At the first station, the Sheikh's presence comes to the heart of the disciple. At a more advanced stage, the Murid may actually feel the Sheikh by his side and perceive his breathing. The final and most advanced stage is when the spiritual power of the Sheikh dresses itself on the Murid, so that he 'becomes' the Sheikh for a certain time.

## From Paradise

Let me pray two prayer cycles, so that our meeting may be blessed. Allahu akbar, Allahu akbar, Allahu akbar wa li-Llahi l-hamd. O Lord, you have sent us your Beloved. You have sent him to us with everything to teach these sons of men. Let's say Bismi-Llahi r-Rahmani r-Rahim Let us take some light from the Light of the Beloved (may Allah bless him and grant him peace).

O beloved brethren of Shah Mardan As-salamu alaykum. May peace be upon you. May you flourish here and hereafter. May our days and nights come laden with goodness. O my Lord, for the honor of this glorious Beloved one accept us to be in his service. O Shah Mardan, Master of the spiritual domain, endowed with the good pleasure of the All-Merciful, may those who are your dedicated lovers, who are full of affection towards you, be in bliss. May they find happiness. Those who listen to you, may their days and their nights be full of light. May their lifetimes pass in pleasure, full of joy.

O Shah Mardan, Master of the spiritual domain, welcome. We are your lovers, and following your ways. We are going to assemble through your blessings in the Presence of our Lord, under the banners of the possesors of eternal bliss. "Let's be attentive", says Shah Mardan, the master of this realm, who hastens to the pleasure of Allah, "let us move towards Allah's good pleasure following with all our strength the path of the Beloved created by our gracious Lord in such extraordinary fashion." O our Lord, You are our Lord! Our majestic Lord's servants won't be abased. This is the point!

Welcome, o beloved brethren of the master of this realm, Shah Mardan. This statement is what it's about. Those, who hasten towards Allah's good pleasure, how wonderful they are! For what is he sitting here? Why do people listen to these words? What shall he say? What he has to say has all been said, but it is necessary to repeat it every day. "Wa dhakkir, fa-inna adh-dhikra tanfa'u lmu'minin

(51:55)" (And constantly remind, for reminding profits the believers.) "Wa dhakkir", Shah Mardan says. So pay attention to it, these words are from the Noble Qur'an. They are from the blessed words of Allah's beloved, representing part of his noble Sunna. O you confused communities, you are searching for the way. Shah Mardan strikes those who are his brethren, "To whom are you connected so dearly? Whom are you taking as a close friend? Be the close friend of those whom Allah loves. Don't defy Allah's Beloved, the Sultan of all prophets, o son of man! The distinguished Master of mankind, the Master of humanity, is the Beloved of Allah Most High. If you know it to be otherwise, then say so."

Welcome to you, Shah Mardan. Your words are sharp like a sword. We ask support, O Shah Mardan, master of running affairs, beloved of the All-Merciful, what wonderful words you say. Be in bliss. Those, who follow their way are in bliss - meaning those, who with every action along the way earn the good pleasure of Allah and His messenger. They are the ones who know exactly for what they came into this world. Excuse my expression, Shah Mardan, master of running affairs, beloved of the All-Merciful, the distinguished Shah Mardan is speaking. Animals come into this world. Allah Most High has created them and He has put their provision in front of them. Mountains are full of animals' provision and there is not one animal saying, "I've been left hungry." Even ants have their provision, and so do those even smaller than them. "Inna-Llaha Huwa r-Razzaq" (51:58) (Verily, Allah is the Provider) Allah is the absolute Provider.
Man was sent to earth to be His representative, He sent him with the highest honor, dressing him with this honor. The noble angels said, "O our Lord, if only You had dressed us with this rank, we would have gladly been Your representatives." But who is a representative? The one appointed by the Supreme Eternal Being is His representative. So don't count yourself in this world amongst the quadrupeds like donkeys. No, you possess an honor. What man has lost nowadays and isn't looking for any longer, is the rank, the honor of being Allah's representative. Ma sha' Allah.
Welcome to you, Shah Mardan. Listen, beloved brethren of Shah Mardan. O beloved friends. O you, who use your mind to think about this point. They don't think. But Shah Mardan is giving them an answer. We're listening to you, O Shah Mardan, you are the gate of knowledge. You possess knowledge of every kind. We also want to know. Why, we may ask, why are we living?

Our Creator, why did he create us? However, let's first offer greetings of peace. As-salamu alaykum, O beloved brethren of Shah Mardan, peace be upon you. May Allah, the Majestic, send light onto your faces and joy into your hearts. Welcome into the realm, the realm of the assembly, in which the blessed Shah Mardan will grant you all the knowledge you desire. You'll find it in every place, just listen and understand.

First, prophet Adam did not come down to earth. Let's say, "Bismi-Llahi r-Rahmani r-Rahim". Prophet Adam was not heedless. The moment he came down to earth, he paused and said "Bismi-Llahi r-Rahmani r-Rahim". Although from paradise he was assigned to earth, he was not cast out. Far from it. Prophet Adam was not cast out. Who says so, he is wrong. He came down from paradise to earth. When prophet Adam, the forefather of mankind, set foot on earth he paused standing on one leg. What did he say? Please, O Shah Mardan, let's hear it from you. We don't know. He set down one foot and said, "Bismi-Llahi r-Rahmani r-Rahim". Aye, the darkness of this world lit up.

"O Adam, I have given this earth to you. There you may rule. According to My rules you may rule over your offspring." What did prophet Adam say? He said Bismi-Llahi r-Rahmani r-Rahim. He spoke the noble basmalah because the task he had been burdened with was not an easy one. "As a training ground for your coming offspring I have sent you down to this earth.

You will have children. You will teach your children." "O my Lord. With what shall I begin?" "O Adam, say, 'Bismi-Llahi r-Rahmani r-Rahim'. Say it and move on. There is nobody." But he didn't say, "There is nobody", "ƒa'inna-Llaha ma'ana" (9:40) (verily, Allah is with us), said our prophet, the prophet of the end of times (Allah bless him and grant him peace) migrating with Abu Bakr, when they were in the cave. O you adherents to previous scriptures, calling yourselves followers of Musa or followers of 'Isa: That prophet entered together with Abu Bakr, the leader of his companions, into that cave.

Shaytan gathered his agents and, following their tracks, reached the entrance of the cave. Looking around from the backs of their horses, they said, "These footprints end here. Either these people, whose footprints end here, must have flown away or they have entered this cave." "What nonsense you're talking", replied some others of the idol worshippers. "Look at the entrance of this cave! That dust covering the spider's web, only Allah knows, how many

hundreds of years it's been there, and in front of it is a pigeon sitting in its nest, hatching its eggs." "Well, but their footprints end here. They must have either gone up to the sky or vanished completely."

Welcome, o Shah Mardan. Listen, o adherents to previous scriptures. Those who accept the Torah, those who accept the Holy Gospel, come on, tell us: Did all that not take place? Those who follow the way of Musa claiming to adhere to his divine law, find him mentioned in their scripture. "That prophet promised, for the end of times is not ours", they know. ‘Isa knew that as well as Musa did. It's not that they don't know it, but the forces of their egos, shaytan's persuasiveness and his deception, have thrown them into confusion. Well, if you know the North Star in the sky, you'll say "This is the North Star". Then, looking at the moon, you'll say, "This is the moon, this is ours." Well, let it be yours! Well, this sun, whose is it? To whom does it belong? Some of you said, "The North Star is ours, he is our prophet." Others said, "Our prophet is the moon up in the sky." Well, to whom does the sun belong? He's mentioning all this as an example. The one saying all this is the distinguished Shah Mardan.

All right, we've understood. We've seen the North Star and said, "It is ‘Isa". We've seen the moon and said, "It is Musa". Then we look at the sun. So who is the sun? "Ya Ahlu l-kitab" (3:70) (O adherents to the previous scriptures) Allah, the Majestic, proclaims. Shah Mardan imparts the knowledge which he took from the Prophet of the end of times, through whom the divine declaration appeared. All right, we've learned that the North Star is 'Isa (peace be upon him), the moon, we said, is Musa (peace be upon him). So whose is the sun? Most probably the sun stands for the Prophet of the end of times. So why do you twist here and there? To make it clear, you did a lot of rubbish. Is it this, what they are proud of, these people called Ahlu l-kitab? Were they able to get ahead of us morally or spiritually? Is there anyone amongst them who could do what Shah Mardan, the nephew of the Prophet of the end of times, is doing? Let him come forward, let him come here.

Shah Mardan, ‘alayhi ridwan ar-Rahman (may the All-Merciful be well pleased with him), Shah Mardan has been clad in a robe of awe-inspiring dignity. He used to ride a duldul (mule). Listen well now, o listeners from Persia! Why did he ride a mule? Arab horses are famous. They are famous, but he refused to mount any of them. The animal they call duldul is considered a

humble animal, that is what he rode. "Why don't you ride a horse?" "I'm not in need of a horse. A horse runs very fast. But when I set forth onto the battlefield against those fighters opposing me I stand unmoved in steadfastness." Listen well, o Persians! Listen well, o Shia! "When we set forth on our noble way against those who attack us, who challenge us; against those", how does one call them, "attacking fighters", fighting them we mount a mule. A mule moves slowly, it moves very slowly. "I," he says "am not in need of a fast horse, because I am a soldier of the kingly Messenger, the most beloved of Allah, behind whom all the prophets stood in prayer during the Night of the ascension - a soldier of the Beloved of Allah. We are the kind of person who strikes a blow against the one attacking us to ward off his blow."

Our distinguished master ‘Ali, he rode a mule, a slow mule. An animal as slow as I am, such was the mule our noble Master ‘Ali rode. O Persians, listen well! O Shias, listen well! Come on, tell us: How did our noble master ‘Ali set forth to the battlefield? When he went out to the battleground on his mule, clad in a dress of divine wrath and strength, moving along with his blessed legs hanging down on both sides, his spurs would plough the earth, leaving deep furrows in the ground. That's how ferocious he was, the Master of running affairs, Commander of the battleground, Shah Mardan, ‘Ali ibn Abi Talib.

Does he belong solely to you, o Persians, our noble master ‘Ali? Where does this leave us then? What is this outrageous disgrace? "I", he says, "am going to attack. Whoever rises against me, I'll give him what he deserves. There is no man from whom I would run away, if he confronts me. And I am not riding around on a fast horse. I don't want it", he says. "Who wants to come, let him come in front of me." At the fortress of Khaybar - and this is written in the books of the Jews as well - when he reached the fortress of Khaybar, he drew his sword and called for someone bold enough - "Let one of your courageous fighters come out to the battleground!" This is what they call a duel. "Come out for a duel!", he called and one of them came out. When our noble master ‘Ali, Shah Mardan, commander of the battleground, the beloved of the All-Merciful, saw someone coming out towards him he struck that man coming out of Khaybar's fortress, with a single sword blow after which there was nothing left of the gate nor of that man. Then, with the sword Dhu l-Fiqar he held in his hand, he struck the earth and water started to gush forth.

"Al-hamdu li-Llah" (praise be to Allah), says the one making me relate all this to you, "I entered

that fortress and I drank from the water which sprang forth by that way in the middle of the desert and I performed my ablution." O Persians, O Shias, know this well! I am only a weak person, but when strength comes from Shah Mardan I can shatter the whole world. I myself am not worth ten cents, I don't possess any power, but Shah Mardan - O Shah Mardan, Commander of the realm, Beloved of the All-Merciful, kingdoms fall on your way. Look at the power of Islam. Look at the good manners it brought. This is not about showing off. The noble 'Ali did not oppress anyone, but those Shias consider it an honor to kill people, despite the fact that we also bear witness "La ilaha illa-Llah Muhammadu r-Rasulu-Llah" (There is no god except Allah, Muhammad is Allah's Messenger). How can you slaughter us? No hosts of angels are sent for those, but armies of devils will come to crush their heads.

Commander of the battleground Shah Mardan, peace be upon him, they are not letting us speak reading from a book. What you want to be understood you make us speak by the tongue. Our concerns are great and our load is heavy. Whoever oppresses will be taken to account. No matter if they are Persian, Shia or ‘Alawi - regarding everyone committing oppression Allah, our Majestic Protector, proclaims: "I have made oppression unacceptable for Myself, so don't oppress anyone!" Are these Shia, these ‘Alawi not ashamed of their oppression? First they slaughter Allah's servants, then they lament about Kerbala and start weeping. Oh, they have souls. Yes, Sir. No one can reach their high ranks. Do they have souls and we are vegetables? What's this? What's this supposed to be? Was the realm all granted to you?

"Wa-sbir, wa ma sabruka illa bi-Llah" (16:127) (So endure patiently; your endurance is only by Allah). "O My beloved, endure patiently. It is Me, Who grants you endurance. Be patient, be patient!" When they stopped in the cave, who was there in the cave with the Prophet? My goodness, that they are not ashamed... "Idh yaqulu li-sahibihi fi l-ghar"(9:40) When he said to his companion in the cave Allah, the Majestic, declares that the one next to him was his companion, his close friend, his representative, the first of the believers, as-Siddiq (the one holding fast to the truth), who was alarmed. So what happened? He said, "La tahzan!". Allah's Beloved said, "Don't worry and don't be sad. Look in this direction!" he said. And when he looked in that direction, he saw an ocean.

O ‘Alawi, O Shia, listen! If you don't listen, our noble master 'Ali’s, Shah Mardan's, sword Dhu l-Fiqar will come down upon your necks. Don't think that the news of what you are doing has not

reached to heavens, or do you think, o imam so and so, o imam such and such, that Allah, the Majestic, does not know, what you are doing? Does the One in the Heavens not know, what you are doing? "Do what you think you have to do", He says. "But, o tyrant", He says to the oppressor, "in the end you will be in My hand. 'Laka yaumun', for a day you can oppress, but I don't oppress." Allah, the Majestic, He says, "I am not an oppressor and I am the All-Powerful and the One Able to Act in holding the oppressor to account. I will appoint one of My servants, who will suddenly bring down the sword of vengeance upon all of you. Who is that? Sahibu z-Zaman (The master of the age), Mahdi (upon him be peace), the tenth imam, according to you. First of all that tenth imam will strike the murderers. So what's your business coming to Syria to kill people? O ‘Alawi, what type of ‘Alawi are you? Did our noble master ‘Ali murder anyone? Did he use his sword against innocent people? No matter if it's women or children, if it's mosques or shrines, you fire on them indiscriminately day and night. "Today may belong to you, tomorrow will be ours", the angels call.

Welcome, O Shah Mardan, he is teaching mankind. Shah Mardan, the beloved of the All-Merciful, welcome! "It's my pleasure", he says, "but if I release one scream, the world will be shaken by earthquakes, and laments and shouts will be everywhere. This world cannot bear my scream." Listen well, O Shia, O ‘Alawi: If Shah Mardan releases one scream, the world will be shaken by earthquakes and chaos will break out. That's it: We've had an earthquake over there and here we've got turmoil. So get your heads straight!
Now to you, who you believe in the prophet 'Isa: The way you're following is not the right way. You call him 'Son of God'. You've brought Him down from heavens to earth and nailed him to the cross. What kind of religion is this? Assuming Allah had a son, would Allah send His son down to earth to have him crucified so that day and night you make the sign of the cross? What type of religion is this? That's why afflictions keep befalling you unlike those who have true faith. May all afflictions stay far from us. We accept the Truth. We reject oppression. We are soldiers of Mahdi (peace be upon him). The Ottomans belong to them, too. He will surely come and their world's leaders will be destroyed. He will take revenge.
O our Lord, forgive us, Allah, You are All-Powerful and the One Able to Act, O our Lord. You are All-knowing, we don't know anything. He granted the opportunity. "I am not an oppressor",

He proclaimed in His first address. "I have forbidden oppression. I Myself don't oppress anyone, nor do I accept any oppression so don't oppress each other!" This is the first order from heavens to the people on earth, which was sent down to prophet Adam from heavens to earth. It said, "Rule over earth but, if you don't rule according to My divine justice, I will punish you. You shall neither oppress nor consent to oppression!" O Persians, O ‘Alawi. Did He say that? Or did Allah, the Majestic, tell prophet Adam to commit oppression? In the scripture which was sent down to prophet Adam, in the pages sent down, is there an order: "Commit oppression!"? In prophet 'Isa's scripture, the Holy Gospel does it say -Commit oppression? In prophet Musa's Holy Torah, is there any permission "Commit oppression!"? How could it be?
The queen of Sheba said, "I am baffled, baffled, because I received a letter, a letter which arrived at my palace and when it came into my presence I looked at it and it said: "Innahu min Sulayman wa innahu Bismi-Llahi r-Rahmani r-Rahim." (27:30) (Verily, it is from Sulayman, and verily, it is "In the name of Allah, the All-Merciful, the Compassionate".) Allahu akbar. Allahu akbar ‘ala man takabbar wa tajabbar. (Allah is greater than the one who, in his pride, claims greatness and compels by force.) Beware, o you, who call themselves Shia. Beware, o you, who call themselves ‘Alawi, Beware, o you, who call themselves Jews. Beware, o you, calling themselves followers of ‘Isa. Allah's Word is the Truth. In response to what you are doing a noble one will be sent, an invincible one, someone, whose sword could reach from west to east to come down on the necks of all unbelievers. Islam still has such a power. What you have invented of rockets and mockets are like toys. Real power belongs to us... Awe inspiring grandeur belongs to us and greatness belongs to the Prophet of the end of times, the representative of heavenly greatness.

At your command, ya Sayyid al-awwalina wa l-akhirin. (O master of the first and the last). If we could, we'd wipe the ground you stepped on with our faces. May you come, O Messenger of Allah. Your news - ya Mukhbir as-sadiq (o truthful informer) - all you informed of is true. What the Prophet of the end of time predicted, will happen. He also mentioned these oppressors, even them, ya wayl (o woe to you) - laka yaumun, ya zalim (your day will come, o oppressor). A heavenly address is ordering: "Immediately hold your fire!" If you don't stop unil Rajab, you will all be finished fifteen days after Rajab. That's what's coming. Don't think you can act with

impunity. You can't. The wonderous occurences of Rajab are drawing near. Speak about them, o scholars of Egypt! What are you afraid of?

They call themselves "Ikhwan al-Muslimin" (Muslim brothers) So what are all the others then? Ikhwan ash-Shayatin? (brothers of Shaytans) What kind of name is this? Have they got no shame? To call themselves "Ikhwan al-Muslimin" - What are we then? We bear witness "La ilaha illa-Llah Sayyiduna Muhammadu r-Rasulu-Llah" So what are we? Aren't we Muslims? According to these pumpkin heads we're not. They think, who is Muslim is only by their discretion. Let them just wait til Rajab! It will come with force. I am warning. "Aman, ya Rabbi!" (Mercy, O my Lord), I am saying O Shah Mardan, Master of the realm, how wonderfully you spoke to us, what marvelous discourse, pointing out the wrongs of mankind, mentioning their faults. The path of the Prophet of the end of times is finer than a hair and sharper than a sword.

Why don't you say it, o scholars of Azhar sharif, o scholars of Damascus, o scholars of Aleppo? "You did wrong things, so these troubles came down on our heads. You occupied yourselves too much with worldly matters, became absorbed in wordly pleasures. As a result of your heedlessness this is a blow in the face from the heavens for those who are on earth. You followed the latest fashion and left the Sunna but the fashion of Muslims is the Sunna of their Prophet and the Sunna of his Ahl al-Bayt (members of his household). You didn't listen, you followed the fashion. Now it's raining fire on our heads! These are rocks coming down from heavens. O our Lord, we repent, O my Lord! Repentance, o my Lord, repentance. I seek Allah's forgiveness!" Mercy, o my Lord, let us not belong to the oppressors!

"I am no oppressor and I am not pleased with oppression", Allah the Majestic says. Allahu akbar, Allahu akbar! Allahu akbar wa Huwa takabbar wa tajabbar. (Allah is greater and He is the One, who in His pride claims greatness and compels by force.) The absolute Compeller is Allah, the Majestic, the Possessor of absolute Greatness, the glorious Lord of Might. So know your limits. Hold your fire! If you don't stop until Rajab, so many heads will fall. "Where did they come from?", they will say. Even an ant will be boosted in seize and turn into a fighter by the Heavenly Will. Be careful, o Shia, o Persians, o ‘Alawi. Know your limits! And you, who you have left Allah to worship the cross and ring the church bells, know that religion is not a game and come to the way of truth. O our Lord, don't throw us amongst those who stray far from the

right path and toss them far away from our heads.

O Turks, o Kurds, o Arabs, o you who are in the east and in the west, listen well - Allah the Majestic does not play games. He doesn't play. He is Allah! He will send one servant, that is, when Shah Mardan comes drawing his sword, from that one's sword fear and beware! He will make an end to all oppression. If you have stopped until Rajab, you have stopped. If you have not stopped, another divine manifestation will appear, sweeping away everything, finishing at the plains of Amuk. The location of Amuk is where al-Malhama al-Kubra (the greatest of all battles) will take place. Many will be taken to account there. Damascus will be closed till then. Damascus won't be conquered until that happens. May Allah forgive us!
Repentance, o my Lord, repentance. I seek Allah's forgiveness! May Allah keep us far away from the swords of vengeance. Who does not show mercy, will not be shown mercy. Beware, O Shia, if you really are Muslims. We are not saying "You are not Muslims", so why are you showing us this enmity? We are Shia, we are Sunni, all of us we are Allah's servants. Be careful, wonderous occurences of Rajab are coming. If something comes down on your head, don't say you weren't forewarned in this world!
Wa min Allah at-Tawfiq (and from Allah is all success). Fatiha.

Laßt mich zwei Gebetszyklen beten, damit unser Treffen gesegnet ist. Allahu Akbar, Allahu Akabar, Allahu Akbar wa Lillahi l-Hamd. O Herr, Du hast uns Deinen Geliebten gesandt. Du hast ihn uns gesandt mit allem, was diesen Menschensöhnen zu lehren ist. Sagen wir Bismillahi r-Rahmani r-Rahim. Nehmen wir Licht vom Licht des Geliebten (saws). O geliebte Brüder Shah Mardans, as-Salamu `alaykum. Friede sei mit euch. Möget ihr hier und im Jenseits erfolgreich sein. Mögen unsere Tage und Nächte mit Gutem erfüllt sein. O mein Herr, zu Ehren dieses glorreichen Geliebten nimm uns in deinem Dienst an. O Shah Mardan, Meister des geistigen Bereiches, ausgestattet mit dem Wohlgefallen des Gnadenreichen, mögen jene, die deine hingebungsvollen Liebenden sind, die voller Zuneigung für dich sind, selig sein. Mögen sie glücklich

sein. Jene, die dir zuhören, mögen ihre Tage und Nächte voller Licht sein. Möge ihr Leben in Vergnügen dahingehen, voller Freude. O Shah Mardan, Meister des geistigen Bereichs, willkommen. Wir sind deine Liebenden und folgen deinen Wegen. Wir werden uns in der Gegenwart unseres Herrn versammeln durch deinen Segen, unter den Bannern der Besitzer unendlicher Seligkeit.

Seien wir aufmerksam, sagt Shah Mardan, der Meister dieses Bereichs, der zu Allahs Vergnügen eilt. Bewegen wir uns auf Allahs Wohlgefallen hin, folgen wir mit all unserer Kraft dem Weg des Geliebten, der von unserem gnadenreichen Herrn in so außergewöhnlicher Weise erschaffen wurde. O unser Herr, Du bist unser Herr! Unseres majestätischen Herrn Diener werden nicht erniedrigt. Das ist der Punkt! Willkommen, o geliebte Brüder des Meisters dieses Bereiches, Shah Mardan. Diese Aussage ist das, worum es geht. Jene, die zu Allahs Wohlgefallen eilen, wie wundervoll sind sie! Wozu sitzt er hier? Warum hören Leute diesen Worten zu? Was sollen wir sagen? Was er zu sagen hat, ist alles gesagt worden, aber es ist nötig, es jeden Tag zu wiederholen. "Wa Dhakkir, Fa'inna dh-Dhikra Tanfa'u l-Mu'minin" (51:55). Und ermahnt ständig, denn Ermahnen nützt den Gläubigen. "Wa Dhakkir", sagt Shah Mardan. Also paßt auf, diese Worte sind aus dem Edlen Quran. Sie gehören zu den gesegneten Worten von Allahs Geliebtem und stellen Teil seiner edlen Sunna dar. O ihr verwirrten Gemeinschaften, ihr sucht nach dem Weg. Shah Mardan trifft die, die seine Brüder sind. Mit wem bist du so innig verbunden? Wen nimmst du als engen Freund? Sei der enge Freund jener, die Allah liebt. Fordere nicht Allahs Geliebten heraus, den Sultan aller Propheten, o Menschenkind! Der herausragende Meister der Menschheit, der Meister der Menschen, ist der Geliebte Allahs des Höchsten. Wenn du es anders weißt, dann sage es.

Willkommen dir, Shah Mardan. Deine Worte sind scharf wie ein Schwert. Wir bitten um Unterstützung, o Shah Mardan, Meister der laufenden Dinge, Geliebter des Gnadenreichen, was für wunderbare Worte du sagst! Seid in Seligkeit. Jene, die ihren Wegen folgen, sind selig, das meint jene, die mit jeder Handlung auf dem Weg das Wohlgefallen Allahs und Seines Gesandten erwerben. Sie sind diejenigen, die genau wissen, wozu sie in diese Welt kamen. Entschuldigt meinen Ausdruck, Shah Mardan, Meister der laufenden Dinge, Geliebter des Allbarmherzigen, der herausragende Shah Mardan spricht. Tiere kamen in diese Welt. Allah der Höchste erschuf sie und stellte ihre Versorgung vor sie hin. Die Berge sind voller Versorgung der Tiere, und es

gibt nicht ein Tier, das sagt: Ich bin noch hungrig. Selbst Ameisen haben ihre Versorgung und auch die noch kleineren als sie. "Inna Allaha Huwa r-Razzaq" (51:58) Wahrlich, Allah ist der Versorger. Allah ist der Absolute Versorger. Der Mensch wurde herabgesandt, um Sein Vertreter zu sein. Er sandte ihn mit den höchsten Ehren, bekleidete ihn mit dieser Ehre. Die edlen Engel sagten: O unser Herr, hättest Du nur uns mit diesem Rang bekleidet, wir wären gerne Deine Stellvertreter gewesen.

Aber wer ist ein Stellvertreter? Derjenige, der vom Höchsten Ewigen Wesen bestimmt ist, ist Sein Vertreter. Also zählt euch nicht in dieser Welt unter die Vierbeiner wie die Esel. Nein, ihr besitzt Ehre. Was der Mensch heute verloren hat und wonach er nicht mehr sucht, ist der Rang, die Ehre, Allahs Stellvertreter zu sein. Ma sha' Allah. Willkommen, Shah Mardan. Hört, geliebte Brüder Shah Mardans, o geliebte Freunde, o ihr, die ihr eueren Verstand benutzt, um über diesen Punkt nachzudenken. Sie denken nicht. Aber Shah Mardan gibt ihnen eine Antwort. Wir hören dir zu, o Shah Mardan. Du bist das Tor des Wissens. Du besitzt Wissen aller Art. Wir wollen auch wissen. Warum, könnten wir fragen, warum leben wir? Unser Schöpfer, warum erschuf Er uns? Laßt uns jedoch zuerst Friedensgrüße geben. As-Salamu `alaykum, o geliebte Brüder Shah Mardans. Friede sei mit euch. Möge Allah, der Majestätische, Licht auf euere Gesichter und Freude in euere Herzen senden. Willkommen in dem Bereich, in dem Bereich der Versammlung, in dem der gesegnete Shah Mardan euch alles Wissen gewährt, das ihr begehrt. Ihr findet ihn an jedem Ort, hört einfach zu und versteht.

Zuerst kam der Prophet Adam nicht auf die Erde herab. Sagen wir Bismillahi r-Rahmani r-Rahim. Der Prophet Adam war nicht achtlos. In dem Moment, wo er auf die Erde kam, hielt er inne und sagte: Bismillahi r-Rahmani r-Rahim. Obwohl er vom Paradies der Erde zugeteilt wurde, wurde er nicht verstoßen. Weit gefehlt. Der Prophet Adam wurde nicht verstoßen. Wer das sagt, irrt sich. Er kam herab vom Paradies zur Erde. Als der Prophet Adam, der Urvater der Menschheit, den Fuß auf die Erde setzte, hielt er inne und stand auf einem Bein. Was sagte er? Bitte, Shah Mardan, laß es uns von dir hören. Wir wissen es nicht. Er setzte einen Fuß nieder und sagte: Bismillahi r-Rahmani r-Rahim. Ay, die Dunkelheit dieser Welt erhellte sich. O Adam, Ich hab dir diese Erde gegeben. Dort magst du herrschen. Nach Meinen Regeln magst du über deine Nachkommen herrschen. Was sagte der Prophet Adam? Er sagte Bismillahi r-Rahmani r-Rahim. Er sprach die edle Basmala, weil die Aufgabe, mit der er belastet worden war, keine leichte war.

'Als Übungsfeld für deine Nachkommen habe Ich dich auf diese Erde gesandt. Du wirst Kinder haben. Du wirst deine Kinder unterrichten.' 'O mein Herr, womit soll ich beginnen?' 'O Adam, sprich Bismillahi r-Rahmani r-Rahim. Sage es und geh weiter. Es ist niemand da.'

Aber er sagte nicht: Es ist niemand da. "Inna Allaha Ma`na" (9:40) - Wahrlich, Allah ist mit uns, sagte unser Prophet, der Prophet des Zeitenendes (saws), als er mit Abu Bakr auswanderte, als sie in der Höhle waren. O ihr Anhänger vorheriger Schriften, die ihr euch Anhänger von Musa nennt oder Anhänger von `Isa, dieser Prophet betrat zusammen mit Abu Bakr, dem Anführer seiner Gefährten, diese Höhle. Shaytan sammelte seine Agenten und erreichte, ihren Spuren folgend, den Eingang der Höhle. Während sie vom Rücken ihrer Pferde aus herumschauten, sagten sie: 'Diese Fußspuren enden hier. Entweder müssen diese Leute, deren Fußspuren hier enden, weggeflogen sein oder sie sind in diese Höhle gegangen.' 'Was ihr für einen Unsinn redet,' antworteten andere der Götzendiener. 'Seht den Eingang dieser Höhle! Diesen Staub, der das Spinnennetz bedeckt, nur Allah weiß, wieviele Hunderte von Jahren es schon dort ist. Und davor ist eine Taube, die auf ihrem Nest sitzt und ihre Eier ausbrütet.' 'Nun, aber ihre Fußspuren enden hier. Sie müssen entweder in den Himmel aufgestiegen oder völlig verschwunden sein. Willkommen, Shah Mardan. Hört, o Anhänger früherer Schriften, jene, die die Torah anerken-nen, jene, die das Heilige Evangelium anerkennen, nur zu, sagt uns: Hat das alles nicht statt-gefunden? Jene, die dem Weg Musas folgen, die behaupten, sich an sein Göttliches Gesetz zu halten, finden ihn in ihren Schriften erwähnt. Dieser Prophet, der für das Ende der Zeit versprochen wurde, ist nicht unserer. Das wissen sie. Isa wußte das genauso gut wie Musa. Es ist nicht, daß sie es nicht wissen, sondern die Macht ihres Egos, Shaytans Überzeugungskraft und seine Täuschung haben sie in Verwirrung gebracht.
Nun, wenn ihr den Nordstern am Himmel kennt, werdet ihr sagen: Das ist der Nordstern. Dann, wenn ihr den Mond anschaut, werdet ihr sagen: Das ist der Mond, der ist unser. Nun, soll er euer sein! Nun, diese Sonne, wessen ist sie? Wem gehört sie? Manche von euch sagen: Der Nordstern ist unser, er ist unser Prophet. Andere sagen: Unser Prophet ist der Mond oben am Himmel. Nun, wem gehört die Sonne? Er erwähnt all das als ein Beispiel. Derjenige, der all das sagt, ist der hervorragende Shah Mardan. Nun gut, wir haben verstanden. Wir haben den Nordstern gesehen und gesagt: Es ist Isa. Wir haben den Mond gesehen und gesagt: Es ist Musa. Dann schauten wir

auf die Sonne. Also, wer ist die Sonne? "Ya Ahlu l-Kitab" (3:70) - O Anhänger früherer Schriften, verkündet Allah, der Majestätische. Shah Mardan vermittelt Wissen, das er vom Propheten des Zeitenendes nahm, durch den die Göttliche Erklärung erschien. Nun gut, wir haben gelernt, daß der Nordstern Isa (as) ist. Der Mond, sagten wir, ist Musa (as). Also, wer ist die Sonne? Höchstwahrscheinlich steht die Sonne für den Propheten des Zeitenendes. Also, warum dreht ihr hier und dort? Um es klar zu machen, ihr habt viel Mist gebaut. Ist es das, worauf sie stolz sind, diese Leute, genannt Ahlu l-Kitab? Waren sie fähig, uns zu überflügeln moralisch und geistig? Gibt es jemanden unter ihnen, der tun könnte, was Shah Mardan, der Neffe des Propheten des Zeitenendes, tut? Möge er vortreten, möge er hierherkommen.

Shah Mardan, `alayhi Ridwanu r-Rahmani, möge der Allbarmherzige wohlzufrieden mit ihm sein, Shah Mardan wurde in das Gewand der ehrfurchtgebietenden Würde gehüllt. Er pflegte auf Duldul, seinem Maultier, zu reiten. Hört genau zu jetzt, Zuhörer aus Persien! Warum ritt er auf einem Maultier? Die arabischen Pferde sind berühmt. Sie sind berühmt, aber er weigerte sich, eins von ihnen zu besteigen. Das Tier, das ihr Duldul nennt, wird als ein geringes Tier betrachtet. Das ist, was er ritt. Warum reitest du nicht auf einem Pferd? Ich brauche kein Pferd. Ein Pferd läuft sehr schnell, aber wenn ich zum Schlachtfeld aufbreche gegen diese Kämpfer, die mir entgegentreten, stehe ich unbewegt in Standhaftigkeit. Hört genau zu, o Perser! Hört gut zu, o Schiiten!

'Wenn wir uns auf unseren edlen Weg machen gegen die, die uns angreifen, die uns herausfordern, gegen die', wie nennt man sie? 'angreifenden Kämpfer, wenn wir sie bekämpfen, besteigen wir ein Maultier.' Ein Maultier geht langsam, es geht sehr langsam. 'Ich', sagt er, 'brauche kein schnelles Pferd, weil ich ein Soldat des königlichen Gesandten bin, des Meistgeliebten Allahs, hinter dem all die Propheten im Gebet standen in der Nacht der Himmelsreise, ein Soldat des Geliebten Allahs. Wir sind so ein Mensch, der einen Schlag führt gegen den, der uns angreift, um seinen Schlag abzuwehren.' Unser herausragender Meister `Ali ritt auf einem Maultier, einem langsamen Maultier. Ein Tier, so langsam wie ich, so eines war das Maultier, das unser edler Meister `Ali ritt.

O Perser, hört gut zu O Schiiten, hört gut zu. Nur zu, erzählt uns: Wie machte sich unser edler Meister `Ali auf zum Schlachtfeld? Wenn er auszog zum Schlachtfeld auf seinem Maultier, gehüllt in ein Gewand Göttlichen Zorns und Stärke, sich fortbewegend mit seinen gesegneten Beinen auf beiden Seiten herabhängend, pflügten seine Sporen die Erde und hinterließen tiefe

Furchen in der Erde. So grimmig war er, der Meister der laufenden Dinge, Kommandeur des Schlachtfeldes, Shah Mardan, `Ali ibn Abi Talib. Gehört er nur euch, o Perser, unser edler Meister `Ali? Wo läßt das uns dann? Was ist das für eine unerhörte Schande? 'Ich', sagt er, 'gehe zum Angriff. Wer immer sich gegen mich erhebt, dem gebe ich, was er verdient. Es gibt keinen Mann, vor dem ich davonlaufen würde, wenn er mir entgegentritt. Und ich reite nicht herum auf einem schnellen Pferd. Ich will es nicht', sagt er. 'Wer kommen will, soll vor mich kommen.' Bei der Festung von Khaybar -und das steht auch in den Büchern der Juden- als er die Festung von Khaybar erreichte, zog er sein Schwert und rief nach jemandem, der mutig genug war: 'Laßt einen euerer mutigen Kämpfer herauskommen auf das Schlachtfeld!' Das ist, was sie ein Duell nennen. 'Kommt heraus für ein Duell!' rief er und einer von ihnen kam heraus. Als unser edler Meister `Ali, Shah Mardan, Befehlshaber des Schlachtfeldes, der Geliebte des Gnadenreichen, jemanden heraus- und auf ihn zukommen sah, schlug er diesen Mann, der aus der Festung von Khaybar herauskam, mit einem einzigen Schwertstreich, nach dem nichts mehr da war vom Tor, noch von diesem Mann. Dann schlug er mit dem Schwert Dhu l-Fiqar, das er in der Hand hatte, auf den Boden und Wasser begann hervorzusprudeln. 'Alhamdulillah', sagt der, der veranlaßt, daß ich euch all das erzähle, 'ich ging in diese Festung hinein und trank von dem Wasser das an diesem Weg mitten in der Wüste hervorquoll, und machte meine Waschung.'

O Perser, o Schiiten, nehmt das wohl zur Kenntnis! Ich bin nur ein schwacher Mensch, aber wenn Kraft kommt von Shah Mardan, kann ich die ganze Welt erschüttern. Ich selbst bin keine zehn Cent wert. Ich habe keine Macht, aber Shah Mardan, o Shah Mardan, Befehlshaber des Bereiches, Geliebter des Gnadenreichen, Königreiche fallen auf deinem Weg. Seht die Macht des Islam. Seht das gute Benehmen, das er brachte. Dies geht nicht um Angabe. Der edle `Ali unterdrückte niemanden, aber diese Schiiten betrachten es als Ehre, Menschen zu töten, trotz der Tatsache, daß wir auch bezeugen: La ilaha illa Allah, Muhammadu r-Rasulullah. Es gibt keinen Gott außer Allah, Muhammad ist Allahs Gesandter. Wie könnt ihr uns abschlachten? Keine große Zahl an Engeln werden jenen gesandt, sondern Armeen von Teufeln werden kommen, um ihre Köpfe zu zerdrücken. Befehlshaber des Schlachtfeldes Shah Mardan, Friede sei auf ihm, sie lassen uns nicht sprechen, indem wir aus einem Buch vorlesen. Was wir verstanden wissen wollen, ist, du läßt uns mit der Zunge sprechen. Unsere Sorgen sind groß, und unsere Last ist schwer. Wer immer unterdrückt, wird zur Rechenschaft gezogen. Egal, ob sie Perser, Schiiten

oder Alawiten sind, in bezug auf alle, die unterdrücken, verkündet Allah, unser Majestätischer Schutzherr: 'Ich habe Unterdrückung für Mich Selbst untragbar gemacht, also unterdrückt niemanden!' Schämen diese Schiiten, diese Alawiten sich nicht ihrer Unterdrückung? Zuerst schlachten sie Allahs Diener ab, dann lamentieren sie über Kerbala und fangen an zu weinen. Oh, sie haben Seelen. Ja, mein Herr. Niemand kann ihren hohen Rang erreichen. Haben sie Seelen, und wir sind Gemüse? Was ist das? Was soll das sein? Wurde der ganze Bereich euch gegeben?

"Wasbir wa ma Sabruka illa Billah" (16:127) Und harre in Geduld aus, deine Geduld aber kommt nur von Allah. O Mein Geliebter, harre in Geduld aus. Ich bin es, Der dir Geduld gewährt. Sei geduldig, sei geduldig. Als sie in der Höhle anhielten, wer war da in der Höhle mit dem Propheten? Meine Güte, daß sie sich nicht schämen! "Idh Yaqulu li-Sahibihi fi l-Ghar" (9:40) Als er zu seinem Gefährten in der Höhle sagte. Allah, der Majestätische, erklärt daß der ihm Nächste sein Gefährte war, sein enger Freund, sein Stellvertreter, der erste der Gläubigen, as-Siddiq, der an der Wahrheit festhielt, der alarmiert war. Also was geschah? Er sagte: "La Tahzan!" Allahs Geliebter sagte: 'Sorge dich nicht und sei nicht traurig. Sieh in diese Richtung, sagte er. Und als er in diese Richtung sah, sah er einen Ozean. O Alawiten, O Schiiten, hört zu! Wenn ihr nicht zuhört, wird das Schwert unseres edlen Meisters `Ali, Shah Mardan, auf euere Nacken herabkommen. Glaubt nicht, daß die Nachrichten davon, was ihr tut, nicht die Himmel erreicht haben. Oder denkt ihr, o Imam sowieso, o Imam dies und das, daß Allah, der Majestätische, nicht weiß, was ihr macht? Weiß Der Eine in den Himmeln nicht, was ihr macht? Tut, was ihr glaubt, tun zu müssen, sagt Er. Aber, o Tyrann, sagt Er zum Unterdrücker, am Ende wirst Du in Meiner Hand sein.

"Laka Yawmun", für einen Tag kannst du unterdrücken, aber Ich unterdrücke nicht. Allah, Der Majestätische, sagt: Ich bin kein Unterdrücker und Ich bin der Allmächtige und der Eine, Fähig zu Handeln in Abrechnung mit dem Unterdrücker. Ich bestimme einen Meiner Diener, der plötzlich das Schwert der Rache niederbringen wird auf euch alle. Wer ist das? Sahibu z-Zaman, der Meister des Zeitalters, Mahdi (as), der zehnte Imam laut euch. Zuerst wird dieser zehnte Imam die Mörder schlagen. Was ist also euere Angelegenheit, nach Syrien zu kommen und Leute zu töten? O Alawiten, was für Alawiten seid ihr? Hat unser edler Meister `Ali irgendjemand ermordet? Führte er sein Schwert gegen unschuldige Menschen? Egal, ob Frauen oder Kinder, ob Moscheen

oder Grabstätten, ihr feuert auf sie ohne Unterschied Tag und Nacht. Heute mag euer sein, morgen wird unser, rufen die Engel. Willkommen, o Shah Mardan, er lehrt die Menschheit. Shah Mardan, der Geliebte des Gnadenreichen, willkommen. 'Es ist mir ein Vergnügen', sagt er, 'aber wenn ich einen Schrei ausstoße, wird die Welt von Erdbeben erschüttert, und Klagen und Geschrei werden überall sein. Diese Welt kann meinen Schrei nicht ertragen.' Hört gut zu, o Schiiten, o Alawiten: Wenn Shah Mardan einen Schrei ausstößt, wird die Welt von Erdbeben erschüttert, und Chaos bricht aus. Das ist es: Wir hatten ein Erdbeben da drüben, und hier haben wir Aufruhr. Rückt euere Köpfe gerade!

Jetzt zu euch, die ihr an den Propheten Isa glaubt. Der Weg, dem ihr folgt, ist nicht der rechte Weg. Ihr nennt ihn 'Sohn Gottes'. Ihr habt ihn vom Himmel zur Erde heruntergebracht und ihn ans Kreuz genagelt. Was für eine Religion ist das? Angenommen, Allah hatte einen Sohn, würde Allah ihn zur Erde herabsenden, um ihn kreuzigen zu lassen, so daß ihr Tag und Nacht das Kreuzzeichen macht? Was für eine Religion ist das? Deshalb widerfährt euch immer wieder Leid, im Gegensatz zu denen, die wahren Glauben haben. Mögen alle Heimsuchungen uns fern bleiben. Wir erkennen die Wahrheit an. Wir weisen Unterdrückung zurück. Wir sind Soldaten Mahdis (as). Die Osmanen gehören auch zu ihnen. Er wird bestimmt kommen, und die Führer ihrer Welt werden vernichtet werden. Er wird Rache nehmen. O unser Herr, vergib uns. Allah, Du bist Allmächtig und der Eine, Fähig zu Handeln. O unser Herr, Du bist Allwissend. Wir wissen nichts. Er gewährte die Gelegenheit. Ich bin kein Unterdrücker, verkündete Er in Seiner ersten Ansprache. Ich habe Unterdrückung verboten. Ich Selbst unterdrücke niemanden, noch stimme Ich irgendeiner Unterdrückung zu, also unterdrückt euch nicht gegenseitig. Das ist der erste Befehl von den Himmeln an die Menschen auf Erden, der zum Propheten Adam von den Himmeln zur Erde herabgesandt wurde. Es heißt: Herrsche über die Erde, aber wenn du nicht nach Meiner Göttlichen Gerechtigkeit herrscht, werde Ich dich bestrafen. Du sollst weder unterdrücken, noch Unterdrückung zustimmen.

O Perser, o Alawiten. Sagte Er das? Oder sagte Allah, der Majestätische, dem Propheten Adam, Unterdrückung zu begehen? In der Schrift, die dem Propheten Adam herabgesandt wurde, auf den Seiten, die herabgesandt wurden, ist da ein Befehl: Unterdrücke!? In der Schrift Isas, dem Heiligen Evangelium, heißt es: Unterdrücke? In der Heiligen Torah des Propheten Musa gibt es

eine Erlaubnis: Unterdrücke!? Wie könnte es sein? Die Königin von Saba sagte: Ich bin verblüfft, weil ich einen Brief erhielt, ein Brief kam in meinem Palast an, und als er in meine Gegenwart kam, guckte ich darauf, und er lautete: "Innahu min Sulayman wa Innahu Bismillahi r-Rahmani r-Rahim" (27:30). Wahrlich, er ist von Sulayman und wahrlich, er lautet: Im Namen Allahs, des Allerbarmers, des Barmherzigen. Allahu Akbar. Allahu Akbar `ala man Takabbar wa Tajabbar - Allah ist größer als der, der in seinem Stolz Größe beansprucht und mit Gewalt erzwingt. Hütet euch, o ihr, die sich Schiiten nennen. Hütet euch, o ihr, die sich Alawiten nennen. Hütet euch, o ihr, die sich Juden nennen. Hütet euch, o ihr, die sich Anhänger Isas nennen. Allahs Wort ist die Wahrheit. Als Antwort auf das, was ihr tut, wird ein Edler gesandt werden, ein Unbesiegbarer, einer, dessen Schwert von West nach Ost reichen kann, damit es auf die Nacken aller Ungläubigen herabkomme. Islam hat noch solche Macht. Was ihr erfunden habt an Raketen und Maketen sind wie Spielzeuge. Die wirkliche Macht gehört uns.. Ehrfurcht einflößende Erhabenheit gehört uns und Größe gehört dem Propheten des Zeitenendes, dem Vertreter Himmlischer Größe.

Zu Befehl, ya Sayyidu l-Awwalin wa l-Akhirin, o Meister des Ersten und Letzten. Wenn wir könnten, würden wir den Boden, den du betrittst, mit unseren Gesichtern abwischen. Mögest du kommen, o Gesandter Allahs. Deine Nachrichten, ya Mukhbiru s-Sadiq, o wahrhaftiger Überbringer, alles, was du uns mitgeteilt hast, ist wahr. Was der Prophet des Zeitenendes voraussagte, wird geschehen. Er erwähnte auch diese Unterdrücker, auch für sie, ya wayl - wehe euch, laka yawmun ya zalim - euer Tag wird kommen, o Unterdrücker. Eine himmlische Ansprache befiehlt: Sofort, stellt das Feuer ein! Wenn ihr nicht bis Rajab aufhört, werdet ihr alle 15 Tage nach Rajab erledigt sein. Das ist, was kommt. Glaubt nicht, ihr könntet ungestraft handeln. Das könnt ihr nicht. Die wunderbaren Geschehnisse des Rajab nähern sich. Sprecht darüber, o Gelehrte Ägyptens! Wovor fürchtet ihr euch? Sie nennen sich selbst "Ikhwan al-Muslimin" - Muslimbrüder. Was sind dann alle anderen? Ikhwan ash-Shayatin - Brüder Shaytans? Was für ein Name ist das? Haben sie keine Scham, sich selbst "Ikhwan al-Muslimin" zu nennen? Was sind wir dann? Wir bezeugen: La ilaha illa Allah, Sayyiduna Muhammadu r-Rasulullah. Also, was sind wir? Sind wir nicht Muslime? Laut dieser Kürbisköpfe sind wir es nicht. Sie glauben, wer Muslim ist, liegt nur in ihrem Ermessen. Sie sollen nur warten bis Rajab! Es wird mit Macht kommen. Ich warne.

Aman ya Rabbi - Gnade, o mein Herr, sage ich. O Shah Mardan, Meister des Bereiches, wie wunderbar du zu uns gesprochen hast, was für ein herrlicher Vortrag, der auf das Falsche der Menschheit hinwies, der ihre Fehler nannte. Der Weg des Propheten des Zeitenendes ist dünner als ein Haar und schärfer als ein Schwert. Warum sagt ihr das nicht, o Gelehrte der Azhar Sharif, of Gelehrte von Damaskus, o Gelehrte von Aleppo? Ihr habt falsche Dinge getan, so kamen diese Probleme auf eure Köpfe herab. Ihr habt euch zu sehr mit weltlichen Dingen beschäftigt, ihr ließet euch von weltlichen Freuden binden. Als Ergebnis euerer Achtlosigkeit ist dies ein Schlag ins Gesicht von den Himmeln für die, die auf der Erde sind. Ihr seid der neuesten Mode gefolgt und habt die Sunna verlassen, aber die Mode der Muslime ist die Sunna ihres Propheten und die Sunna seines Ahlu l-Bayt, der Mitglieder seines Haushalts. Ihr hörtet nicht, ihr folgtet der Mode. Jetzt regnet es Feuer auf eure Köpfe! Dieses sind Steine, die von den Himmeln herabkommen. O unser Herr, wir bereuen. O mein Herr, Reue, o mein Herr, Reue. Ich suche Allahs Vergebung! Gnade, o mein Herr, laß uns nicht zu den Unterdrückern gehören! Ich bin kein Unterdrücker und Ich bin nicht glücklich mit Unterdrückung, sagt Allah, der Majestätische. Allahu Akbar, Allahu Akbar! Allahu Akbar wa Huwa Takabbar wa Tajabbar - Allah ist größer und Er ist der Eine, Der in Seinem Stolz Größe beansprucht und mit Gewalt zwingt. Der Absolute Erzwinger ist Allah, der Majestätische, der Eigner Absoluter Größe, der Glorreiche Herr der Macht.

Also erkennt euere Grenzen. Stellt das Feuer ein! Wenn ihr bis Rajab nicht aufhört, werden so viele Köpfe fallen. Woher kamen sie? werden sie sagen. Selbst eine Ameise wird den Angriff verstärken und zum Kämpfer werden durch Himmlischen Willen. Paßt auf, o Schiiten, o Perser, o Alawiten. Erkennt euere Grenzen. Und ihr, die ihr Allah verlassen habt, um das Kreuz anzubeten, und die Kirchenglocken läutet, wisset, Religion ist kein Spiel, und kommt auf den Weg der Wahrheit. Unser Herr, wirf uns nicht unter die, die weit von dem rechten Weg abgewichen sind, und wirf sie weit weg von unseren Köpfen. O Türken, Kurden, Araber, o ihr, die im Osten und Westen sind, hört gut zu. Allah der Majestätische spielt keine Spiele. Er spielt nicht. Er ist Allah! Er wird einen Diener senden. Das heißt, wenn Shah Mardan kommt und sein Schwert zieht, fürchtet sein Schwert und hütet euch! Er wird aller Unterdrückung ein Ende bereiten. Wenn ihr bis Rajab aufgehört habt, habt ihr aufgehört. Wenn ihr nicht aufgehört habt, wird eine andere Göttliche Erscheinung kommen, die alles hinwegwischt und in der Ebene von Amuk endet. Der Ort Amuk ist, wo al-Malhama al-Kubra - die größte der Schlachten - stattfinden wird. Viele

werden dort zur Rechenschaft gezogen. Damaskus wird dann verschlossen sein. Damaskus wird nicht erobert, bis das geschieht.
Möge Allah uns vergeben! Reue, o mein Herr, Reue. Ich suche Allahs Vergebung. Möge Allah uns weit weg halten von den Schwertern der Rache. Wer keine Barmherzigkeit zeigt, dem wird keine Barmherzigkeit gezeigt werden. Hütet euch, o Schiiten, wenn ihr wirklich Muslime seid. Wir sagen nicht, ihr seid keine Muslime, also warum zeigt ihr uns diese Feindschaft? Wir sind Schiiten, wir sind Sunniten, wir alle sind Allahs Diener. Paßt auf, wunderbare Geschehnisse des Rajab kommen. Wenn etwas auf euere Köpfe herabkommt, sagt nicht, daß ihr nicht vorgewarnt wart in dieser Welt. Wa min Allaha t-Tawfiq - Und von Allah ist aller Erfolg. Fatiha.

**From You, to You!**

(Mawlana Shaykh stands) Laa ilaaha illa-Llah, laa ilaaaha illa-Llah, laa ilaaha illa-Llah, Muhammadan Rasoolullah, `alayhi salaatullah! Wa salaamuh wa `ala jamee`i 'l-anbiyaa wa 'l-mursaleen, wa khudamaa'i sharai`ahim. Allahuma alhimnaa rushdana yaa Rabbaana, wa asta`idh min sharri anfusanaa! As-salaamu `alaykum yaa `ibaadAllahi 's-saaliheen! As-salamu `alaykum yaa Saahib az-Zamaan! As-salamu `alaykum yaa Saahib al-Imdaad! As-salamu `alaykum yaa Qutb az-Zamaan! Agheethoona yaa RijaalAllah! (Mawlana Shaykh sits)

We say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Yaa Rabbana, give us from Your endless forgiveness! Grant us for the honor of Your most honored one, Sayyidina Muhammad (Mawlana Shaykh stands) Sayyidi 'l-Awwaleen wa ’l-`Akhireen, Saahib ar-Risaalat ul-Mutlaqa wa Khalifat ul-Haqiqa habeebak ighfir lanaa w 'arhamna wa`afuw `anna w 'aghfir lanaa w 'arhamnaa! (Mawlana Shaykh sits) Huuuuu. Huuuu, Huuu. Huuuu, Huuuu, Hu. Huuuu, Hu, Huuuu, Huuuuuu, Hu. Huuuuu, Huuuuu, Huuuuuuu, Huuuuuuu.

We are happy and we are so grateful for our Lord, Who created us and granted us maa laa aynun ra`at wa laa udhnun sami`at wa laa khatara `ala qalbi bashar, “What no eye has seen, no ear has ever heard and what never occurred to any heart.” He is Qadir al-Muqtadir! Bismillahi 'r-Rahmani 'r-Raheem! Bismillahi 'r-

Rahmani 'r-Raheem! Bismillahi 'r-Rahmani 'r-Raheem! AntAllah.

O our Attenders! As-salaamu `alaykum. As-salaamu `alaykum, yaa as-haabu 'n-Nawba, looking after ummat al-Habeeb throughout the east and west, defending believers! Every kind of disaster is appearing in our days and raining on people, who will be astonished, not knowing what they can do!

O Salaaf as-Saalih `ulamas! As-salaamu `alaykum. They are claiming this name for themselves, so we must address them by this title they chose! And really, taalib al-`ilmin, those who are asking for more knowledge, must try to learn daily and raise their knowledge to another base of knowledge, because knowledge levels are countless. They may see a horizon and think it is the last limit of knowledge. When they get there, they are finding another horizon for knowledge that is brighter, more powerful, and more honored. Whoever may reach there may take something from that level, because the Lord of Heavens is never giving an order to His servants without giving them something, because His ikraam, generosity, is from pre-Eternal running to Eternal!

Everything with our Lord is Eternal. You may say, "Eternity," without understanding it, because it is impossible for any Creation to understand the last limit of Allah Almighty's generosity. When you are reaching one level, you are going to be dressed with glory, because knowledge is a reason for dressing the servants of the Lord with glory! We are asking for glory! Now all people on Earth are trying to reach glory that belongs to this life. It is only like a spark, but people are running to reach that spark of glory, yes.

O Salaaf as-Saalih `ulamas! You don't want to reach from one step to another? You are not trying to find the real steps, that when you move one step further, you find another glory dressing you. You are fixed, your self never moves! If you move a little bit, then open yourself, and then you will see something you never imagined, heard or knew! When you open your heart, you reach an unexpected level of glory!

O People! O Mankind! O Believers! Don't think that prophets came to teach you about this muwaqqat, temporary time on this planet. They are not coming to teach you about this dunya. No one is interested in dunya, no. But we are on the wrong way and therefore, I am shouting. And Wahhabi people are no-minded, they are not understanding, but Salafi `ulamas must understand that prophets were not coming to teach you about this temporary time, that is like the spark of a match. They were never coming for that! They were

coming to open the ways of glory for you, in seconds or less! It is well known through heavenly people that every 24 hours, 24,000 veils are going to be opened for everyone. What is for you is for you, and what is for him is something else. The Lord of Heavens is not making another copy to grant you what He granted to him, no! Prophets came and therefore, we are in a time that we must understand about prophecy. Then we must come to our real selves, because we left our real beings and came to an imitated being. Li kulli shay`in haqiqah, "Everything has a reality." Your reality is something, and his reality is something else! The Lord of Heavens is manifesting to all of Mankind and His divine manifesting to you is never going to be the same as for someone else. Everything is in its own appearance, it is different. Allahu Akbar! Allahu Akbar!

O People! You must try to know and to learn. People are not asking for anything, only for this short time, which is like the spark of a match that will quickly burn away. You must know that Allah Almighty sent prophets to this world to open you, to you!

•••••• ••••••••• •••• ••••••• •••••••••

Inna fatahnaa laka fathan mubeena. Verily We have given you (O Prophet) a manifest opening! (48:1)

Astaghfirullah. (Mawlana Shaykh stands) O `ulamas! That is endless Glory Oceans an Lightning Oceans to Mankind! Inna fatahnaa laka fathan mubeena. (Mawlana Shaykh sits)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Inna fatahnaa laka fathan mubeena. They are looking at our weakness, keeping Glory Oceans open to us through this holy verse! (...) I am fearing to say something on that point, astaghfirulllah, astaghfirullah, because our attenders are not prepared for even as much as a needle's eye! If this is opened, not only dunya, but everything in existence will disappear in a time that cannot be measured!

O Attenders! Where are you? Tooba `alayna, good tidings to you, to me, and also to who understands from among Salafi `ulamas!

O Salafi `ulamas! You are from Mankind, I am from Mankind, but the Lord of Heavens is making me say

something to make you wake up. That is a heavenly order coming from Heavens to Earth! “O My servants! Wake up, because time is finished and they are going to be late to be dressed with glorious dressings. If I am dressing them from glorious dressings, on the Day of Resurrection they will appear in such a way that people are going to be shot down.”

O People! Try to learn a little bit. It is not from your universities, high schools, colleges and academies. Those things have no value! But the Lord of Heavens is asking to grant you such a knowledge that is going to appear to you, fatahnaa laka, an opening coming to you, from you to you! That is the holy verse: "from you to you"! From you to you! From me to you! From you to them!

O People! Try to learn before losing your chance for a glorious being in the Hereafter. All prophets swam in Glory Oceans, but it is hidden for others. The Seal of Prophets, Sayyidina Muhammad (s) (Mawlana Shaykh stands) said, “Time by time, I am going to be with my Lord.” (Mawlana Shaykh sits) An opening is coming. No one is understanding! No one is understanding! Allah Allah, Allahu Akbar, Allahu Akbar.

O People! Try to learn to reach heavenly honors, to reach Divine Glory. Oooh! Give everything and try to learn that.

O Salafi `ulamas! You are reciting one holy hadeeth and saying, "That is the meaning of this hadeeth ash-shareef.” They are not fearing, they have the courage to say, "That is the meaning of this holy verse." No, no, no! Allah Almighty is putting in front of you Sayyidina Muhammad (s), the Seal of Prophets, mu`allimu 'n-naas ul-khayr, “The teacher of goodness to Mankind." (Mawlana Shaykh stands and sits) He is teacher of everyone, the teacher of prophets and angels, Sayyidi 'l-Awwaleen wa ’l-`Akhireen!

O People! Try not to waste your short life and try not to be deceived by or astonished with your knowledge. Don't be cheated by what Shaytan is saying, "This is so good, so beautiful." No, don't follow shaytanic understandings; they make you fall into the darkness of your dirty egos. They know, and they are making me speak about this. If they are closing, then I can't speak nor understand; at that time, you may understand more than me.

O our Attenders! Give some precious time daily, even minutes, and give some time for thinking. Think! Don’t think all night about tomorrow, “What will I be expected to do?” That takes your honor away, but we must

choose the daily, new dressings of honor. We must reach, and you must try to make your beliefs from the level of imitation to reality level. And then from that reality level, countless openings will come to you and when you are taken to your graveyard, you will say, “Oh! I lost my chance." but then it will be useless; you will be like grass, under the feet of creatures. Big trees can’t be under the feet of people, but small ones will always be under the feet of creatures.

O People! Thank you for always taking care for hearing and listening and trying to understand. And everyone is just given a grant of something to understand, so don't lose it daily! Try to make it higher, higher, higher, reaching up to Divinely Glory Oceans. May Allah forgive us, for the honor of the Seal of Prophets (s), Sayyidi 'l-Awwaleen wa ’l-`Akhireen, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

(40 minutes) (1027 viewers) Alhamdulillah, alhamdulillah. Allah knows.

(Mawlana Shaykh speaks with Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

## REACH TO THE HEAVENS with the FUEL OF ZIKR

Rasoolullah (Sal) said that you should speak to people so that they are able to understand. If they are not able to understand, then what you speak – you are wasting – mubudiroom Ikwanus Shaiteen. Haji Ismail is asking me a question on “Ruh” (Soul), and asking me to say something that would be easy to understand, and easy to remember. It is also a question on knowledge (As suaatu nisful ilm). If a person does not know something, he does not ask any questions concerning it. If a person wants knowledge about something he must already have some knowledge of it and the reason he is questioning about it, is to make his knowledge a certainty. He asks questions so that doubt may leave his mind. Doubt should leave and give its place to certainty. We are in need to save ourselves from doubt, particularly regarding beliefs. Doubts are sometimes illnesses of the heart. Therefore you must not leave any room for doubts in your hearts, because when doubts are cleared, certainty begins. There are many levels of certainty. Do not think that you will reach to perfect certainty in one step. You can reach to perfect certainty only gradually, step by step.

Once when a muezzin was making the call to prayer and was saying “Allahu Akbar”,

Mansoor al Hallaj (may Allah bless him) shouted out, “Oh liar”. The people who heard this caught hold of him and took him to the judge (qadi) and complained to the judge that he called the muezzin a liar, when he called out “Allahu Akbar”, and requested the judge to punish him. The judge asked Mansoor whether he called the muezzin a liar, when the muezzin called out “Allahu Akbar”. He replied “Yes, I called him a liar”. The judge said “what do you mean, how do you know that he is a liar”. Then Mansoor al Hallaj said “come with me all of you who are here”. All of them followed him to the place of a blacksmith where there was a big piece of iron. He then stood on top of this piece of iron and shouted out “Allahu Akbar”. The iron began to melt and run like water, then Mansoor said, “If he was really saying it, the minaret in the mosque would have come down, therefore I called him a liar. He did not say it with that certainty. If he did, these things that have no life would have understood and melted like water.”

Therefore certainty is important for all believers. You can’t reach to certainty by only reading books. There are so many scholars and so many Doctors of letters today more than in any other age, but there is no certainty in their knowledge. They know only something through their tongues and not through their hearts. Certainty is through hearts and makes a person to improve himself to reach heavenly stations. If there is no certainty your level is always low.

Now, with regard to “Ruh” – it is a secret ocean. You can’t put a secret ocean into a small cup. Even if you try to do that it would be a waste. Yes our capacity is only limited. Only one drop from that ocean will be sufficient so as to divide it among the humanity of mankind, even one drop may be too excessive. As long as we are imprisoned with our physical body, even that little bit, that was given to the whole of mankind, even that small drop, can be given and shared by everyone. It is from this small drop that you are able to look, able to hear, able to smell, able to taste, able to speak, able to touch, able to hold, able to walk, able to feel, and finally able to understand. How is it that you are able to look, hear, smell, taste, speak, understand and yet you do not know how you are looking, hearing, smelling, tasting, speaking and

understanding? You may lift your hand up and let it fall down again, you may catch something, but you don't know how you are catching that thing. You are walking, but you don't know how you are able to walk.

Look into yourself and you will see a perfect balance. There are 360 organs (inner and outer) each one has its own function. When one of them works it does not prevent the other from working. How is it possible for you to understand about "Ruh" more than this? Perhaps when your "Ruh" leaves your body and returns to that secret ocean you may be able to know the limits of that endless ocean.

You shall keep on taking more and more and that is your endless pleasure. The more you reach, the more you will plead for the will of mankind will never get fed up. However, you will always be satisfied when you are asking for more. You will be thirsty forever, but this thirst is not like the thirst that we are familiar with. This is, thirst, that will be with satisfaction. This is endless pleasure for all mankind that Allah Almighty has given endlessly.

You are not going to be hungry or thirsty, but yet you will be hungry and thirsty for this secret ocean. It will not be painful hunger or painful thirst. It shall be a pleasurable thirst. As an example, it would be like a person falling in love and his love increasing, more and more. As long as his love increases his pleasure also increases and it is not going to be painful for him. The more it increases, the more he asks. In the same way the soul asks for itself more and more from that secret ocean. Yes to reach for more and more from oceans to oceans, and still more from oceans to oceans, to endless oceans. This should be, forever for, our souls.

This explanation is a very short one. But I think that on the level of our present understand it is good to know even such a small amount about the knowledge of "Ruh". We hope that as long as we are improving our Zikr, our understanding will change and our horizons of understanding will increase. Zikr leads people to that secret ocean.

If a person wants to fly over the clouds he must take a plane. He cannot go by himself, but he has to seek the help of inanimate things, like planes. This is fault for mankind because he depends on these inanimate things to fly. He should be able to do this by himself alone. Our soul has the power not only to fly over clouds, but to go over space and even out of space. To reach not only throughout the universe, but also to reach outside the universe. We have this jet power, jet engine, but we are not putting fuel for our jet machines. Therefore, we are only running about on earth. What is that fuel? It is zikr. Shaitan is now preventing people from doing zikr. People are saying that zikr is an innovation (bidaat) and therefore not to make zikr. This is wrong. Zikr is fuel for our "Ruh" to fly over clouds, and to fly over the universe, and to reach to the heavens. You can't reach there with anything, other than zikr.

## Fulfill the Lord's Orders with Love

(Mawlana Shaykh stands.)
Allahu Akbar al Akbar, Allahu Akbar al Akbar, Allahu Akbar al Akbar, Allahu Akbar Allahu Akbar Allahu Akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd!

Oh our Lord! Give your most high glorifying and praising; You are not in need of such things. You may grant anyone that you created You grant all praising and glory to Your most honoured servant, Sayyidina Muhammad (s)! We are running to you and your shelter, you are shafee` al-ummah, you are intercessor for all nations and for everything. We are running under your holy flag, liwa' l-hamd, that you have been granted by your Lord to be up to the Day of Resurrection, to be up. You are calling all prophets and all awliya under your flag and they are coming with their nations and their followers. O our most beloved Prophet, Sayyidina Muhammad (s), countless salutes and salaat be on you. Please, we are asking humbly for your intercession!
(Mawlana Shaykh sits and begins to sing.)

Allahumma salli wa sallim ` ala nabiyyina Muhammad `alayhi 's-salaam.
Salaatan tadoomu wahtoohda ilayh mammara 'l-layaali wa toola 'd-dawaam!
Alfu salaat, alfu salaam `alayka ya sayyidi 'l-awwaleena wa 'l-akhireen, ya Habibullah!
Allah Allah, Allah Allah. Oh Allah, Oh Allah...

We are so weak ones, but we are foolishly brave. We are such no-mind ones, never thinking our positions, SubhanAllah, SultaanAllah.

Welcome to you our listeners! As-salaamu `alaykum! First we must ask from Qutbu 'z-zamaan, the Pole Saint of this planet, Sultanu ‘l-Awliya, asking humbly a support for addressing all nations and all Mankind on this planet. And I am so weak, but weak ones, if they are supported by heavenly ones, they are powerful from all Mankind that are getting proud of their nuclear weapons. All of them are going to be under my feet. But people are thinking that they are so powerful. No one is accepting to be a weak one, a weak servant, to make his head humbly down. All of them like this. Who are you?! (laughing)

We were once in Caucasia, Daghestan, saying sometimes some stories about what is happening on Earth. Millions or billions of happenings that are giving to people a lesson to make them wake up. Because as Sayyidina `Ali, Allah blessing him, saying, an-naasu niyaamun idha maatoo intabahoo - human beings are asleep, when they die they awaken. No one is knowing his position or his station in Divine Presence and heavenly level, no one knows. No one knows. Because if you are asking to know this one or that one, you must be just like this one to know your creation and specialty and level here and Hereafter. It is important.

We may say first a`oodhu billahi min ash-Shaytaani ‘r-rajim, to make our meeting not to go down by misunderstanding, and misunderstanding making people down. But Shaytan trying to make everyone to understand something else and Shaytan has countless deceits and countless tricks and countless traps! Therefore, first of all you must say a`oodhu billahi min ash-Shaytaani ‘r-rajim. “Oh our Lord we are running to You from that bad-mannered one through all creation, Shaytan, that You threw away from the Divine Presence.” If someone that is just thrown away from Divine Presence, if you are accepting and saying, “Welcome to you?" What is your position? How it should be? You are going on same level as that Shaytan! Therefore, O Believers, beware from Shaytan!

I am surprised people are writing on their fences around their houses or gardens, “Beware of Dog,” and I am never looking and seeing through any church or cathedral to be written in front of their doors, “Beware of Shaytan,” Beware Shaytan. What is that? Why they are not writing? They must write! Holy addressing from heavens through holy ones coming. The Lord of Heavens saying, “Oh My chosen ones,” or “Oh My beloved

ones. You are saying about Shaytan and you are My prophets, My messengers." Are you not saying to them Shaytan is the most terrible and dangerous enemy for you? Why they are not writing this for you, “Beware Shaytan”? That is making people to fall down, to fall into nets. How you are not saying to them? They are not listening to us, but listening to Shaytan, deceiving themselves.

And they are very happy to follow Shaytan, but they are very upset if you are saying something about heavenly knowledge through heavenly messages. Their faces going to be ugly things. Who is accepting heavenly addressing to people and their hearts opening, they are going to be dressed with lightening clothes. Therefore, look at the faces of Mankind. If you are looking and seeing that his face makes you happy, you must understand that that one qaabil, that person is accepting heavenly addressing. Therefore, that light coming on them and they are going to be enlightened ones. Whom their faces giving to you nufoor, hatred, you must understand that that person is with Shaytan and Shaytan is with him.

If their faces open with light, sometimes I am looking at people and saying, “MashaaAllah, you have so much light on your face.” That means that person is trying to run away from Shaytan, and asking to run to heavens and Allah commands the angels, “Dress My servant with enlightened clothes,” and his appearance is lightened. Therefore, their appearance going to be so sweet. You may look at them and your heart is getting in peace. But others’ faces mixed with ugliness, run away from them because they are representatives of Shaytan. Shaytan is never laughing or smiling and heavenly anger is always coming on him. Every second that he is not falling into sajdah, always, every second that heavenly anger is coming on him and dressing Shaytan with a so... so... ugly looking!

That is important, because Shaytan yet in every moment or in every second, the Lord of Heavens looking through that one, if he is running to make sajdah. (Allah says,) “I am not accepting your sajdah to Me as long as you are not making sajdah to My beloved one!” The moment Shaytan may say, “Oh my Lord, I am making sajdah, what You have ordered to everyone. I am ready now to make sajdah,” (then the curse on him will be) finished. That moment, he is going to be dressed with heavenly enlightened suit. Finished! But no (Shaytan will not do that).

And Mankind also, whom they are running away from sajdah, running away from Allah Almighty’s Mercy Oceans; running away, their faces going to be more dark, dark, dark, dark. (We pray,) "Allah! Oh our Lord,

keep us not to be like Shaytan.” O People, O Mankind, remember every moment that you are one servant from Mankind and try to give your servanthood to your Lord with open heart. Make sajdah with love. Pray with love. Do everything that the Lord of Heavens ordering to you with love. Love carries love, and hatred carrying every time on Man, hatred and darkness, then they are feeling themselves in a prison. And they are not in prison, they may go from east to west.

They say, "You can do everything for our treatment, we are going to America, because Americans they are so important ones for treating our illnesses." But that is not an illness. Illness belongs to your physical being and physical being, it is easily cured. But really people they are hurt through their inner lives, That is a heavenly being you are imprisoning through yourself and not giving it it's freedom. Then it is not American doctors, Japan doctors, Buddhist doctors or Jewish doctors, dome, dome, dome, dome! Never giving to you any cure; real cure O people for you. Don’t think that what you are making, a New Year celebration is taking away from you everything that you are carrying. It is only one moment that you are making yourself through a dark dark position. For one minute you are making homes to be in darkness and in that darkness, a teaching of Shaytan to cheat you. And you are thinking that one moment (of sin is) giving to all your life a pleasure. Never! You may awake in the morning and you are looking at yourself and saying, “Now I am worse than I was in it last night. I am thinking that I am going to finish from me through one moment; the moment of dome, dome, dome, dome, that is midnight of the New Year, going and coming new year. Going to be forever. To be for Never!

This is an ocean but people are on wrong way. They are not saying A`oodhu billahi min ash-Shaytaani ‘r-rajim and they are not coming to Bismillahi 'r-Rahmaani 'r-Raheem. Bismillahi 'r-Rahmaani 'r-Raheem is the reins of your donkey. Ha, ha everyone donkey. Donkey shouting,

“Eeeaaawww what happened"?
"Oh my friend, you are here. I am not looking and seeing you... where are you my eye glasses? To look for you and to see you, where putting you to look what saying Shaytan."
"O my friend, you are crying or laughing," donkey saying to people that they are celebrating New Year.
"Eeeaaawww! I am surprising from Mankind, how they are saying ‘New Year’ and they are thinking that ...Oh mulook, mulooku 'l-`arab! Don’t make these lights on your palaces. Oh, where are you our Salafi `ulama"?
"We are looking also what happening, because our wives and daughters like to go out tonight and dancing."

Dome, dome, dome, dome! (Mawlana rings a bell.)
"What?"

I have to ring there to laugh at those people who asking happiness for one minute. Hisham Effendi, eeeaaawww, Shaytan making all of them to be like donkeys... eeeaaawww.

“Up to morning, never ending this night. Oh we are very... if can be every night that new year!!!”
"Oh Shaykh, what are you doing tonight? You are not coming with us, to say 'Eeeaaawww.'"

Donkeys, all of them...mithl (like) donkeys. Cyprus donkeys are famous. If they like to learn something buy them from here to teach all of them.

Anything that not coming from our inside is imitated, imitated! They are asking happiness from the New Year celebration. Shaytan making them to run through the streets and to shout, “Yeeeoooooh, ooooh, eeeeeh, eh ah!” One dog, one donkey. It lost its way and running to look, "All people like me they are shouting, “eeeeaaaaw, we are so happy tonight and we are waiting for darkness because darkness bringing us something that it can be only once a year,” and we are making our foot and kicking down up.

That is Shaytanic teaching to make people believe that happiness coming from outside. No! Never. If coming from outside first night of New Year you are going to be happy then why not trying to make that night during one year, making it only once? Why not making more and more and more? If you are finding through darkness, happiness, pleasure, enjoyment, then repeat it! "No, if we are repeating, no more taste." They are understanding but when they are drunk they are not understanding. When they are coming to themselves, “Oh, what did we do last night? We lost so many things, we were thinking that happiness going to be at midnight and we were asking to continue but now...” If continue, can’t carry. Every night New Year? Enough once. You can’t carry twice in a year. But people are never thinking.

Shaytan had been ordered to make sajdah to Adam who is representing Allah's deputy and he refused to make sajdah. And the doors opened when that one making sajdah. Carrying that one from troubles, from miseries, from badness, from dirtiness out and dressing him with endless, endless pleasure and a crown put on his head that should only be for him on his level, no more. Shaytan’s level can never be the level of Mankind. No, he is not from Mankind. That is an important point.

Why are you not saying such things, O Pope. O Pope and O chief rabbi, oh muftis of Muslim countries, why you are not saying against New Year's celebration? Allah, the Lord of Heavens, should ask to you why you are not warning and making them to wake up to know realities! Come on, Come on. No, they are not giving this because they are going to be happy for New Year's celebration! But Allah Almighty looking; looking to whom they are worshipping, whose command they are keeping and are advising to people. Why not making such a declaration for that night that it belongs to Shaytan; no prophet did such a thing! If no prophet did it, how are they doing it? I'm asking Muslims first, then Christians, and then Jews. From where you are bringing this? Finding in Old Testament, New Testament? I don't think one of them should live up to next year, because heavenly anger is approaching, coming nearer heavenly anger and revenge, because people are not following Prophet. They are not remembering to say Bismillahi 'r-Rahmani 'r-Rahim, La ilaaha illa-Llah, La ilaaha illa-Llah, La ilaaha illa-Llah.

Shaykh Hisham Effendi, someone attacking on him and make him fall down. It is not a good sign. No good sign and I am warning all holiness (leaders), they must declaring realities for making people happy with them! Therefore, the Lord of Heavens unhappy. And it is a not a good sign for His Holiness on the night of Christmas, to make him fall down. What does it mean? You may understand. The Lord of Heavens is not happy... Why you are not saying prophets' teachings?

This is what I am fighting. I am fighting Salafi `ulama and doctors that are claiming, "We are knowing something." You know something, but you are not declaring truth. Everywhere making candles, lights everywhere, for what? For Allah or for Shaytan? I am asking Salafi `ulama who are looking and seeing their people also waiting, excited, waiting for that night eagerly, to come so quickly. Why they are not awakening people? They are knowing only to say shirk, bid`a, kufr! From which book they are saying this??! And it is such an open subject that man tashabbaha bi qawmin fa-huwa minhum. Muslims, if they are making themselves like non-Muslims... they are going to be like non-Muslims. Allah yantaqim minhum. Jallah Jalaaluhu.

I am nothing, but I have been ordered to speak to people from east to west. If understanding, (they are) saving themselves. If not understanding then heavenly punch is coming on them. That just happened before to so many nations; heavenly anger taking them away. Now coming another heavenly anger! Allah protects

mu' mins, protects believers, protects good ones, protects those who are running to Allah and His beloved one. May Allah forgives us!

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Dome, dome, dome, dome 4x

Oh our Lord! Forgive us, we are knowing nothing! Send us good ones who representing your prophets, to save ourselves from Shaytan and satanic tricks, to not fall in Shaytan's trap.

Oh People! Keep yourselves through your homes. Recite Qur'an, and pray and ask forgiveness from Allah Almighty through this holy month, Muharram al-Haraam. And I am asking du`a for you also that Allah Almighty keeps you on His right track. Oh Allah, forgive us! Astaghfirullah.

Bi hurmati man anzalta `alayhi sooratu 'l-Fatihah.

[52 minutes]

Tawbah ya Rabbee, I am weak, I am very, very weak one! Keep us on Your right path! We are saying through east and west:

Bismillahi 'r-Rahmani 'r-Raheem. Bismillahi 'Lladhee laa yadurru ma` ismihii shayun fi 'l-ardi wa laa fi 's-samaa' wa huwa 's-sami`u 'l-`aleem. Bismillahi 'r-Rahmani 'r-Raheem. Bismillahi 'Lladhee laa yadurru ma` ismihii shayun fi 'l-ardi wa laa fi 's-samaa' wa huwa 's-sami`u 'l-`aleem. Bismillahi 'r-Rahmani 'r-Raheem through east and west.
Bi hurmati man anzalta alayhi sooratu 'l-Fatihah.

# The Fundamental Beliefs What Makes A Person A Muslim

The main belief that makes a person Muslim is to say and accept that "La ilaha illallah" ("There is no God but Allah"). That is the main and most important belief, which makes a person in Islam. It is not complete without adding, "Muhammadur rasulullah", that Muhammad is His prophet, is Allah Almighty's messenger and to believe that he is the last messenger who declared to people the most important mission or prophecy to make people to believe in the unity and existence of the Lord Almighty, Allah, as God. That is the most important and simple principle which makes a person Muslim rather than Christian. A Christian who continues to believe in Trinity, can not be Muslim.

Among all groups of people only Christians accept the idea of a Trinity. No prophet before or after Jesus Christ proclaimed this. Therefore, they do not become Muslim till they declare the Unity of God and refuse to accept Trinity. It is not enough if they declare the Unity of the Lord Almighty, Allah, but do not declare the messenger, Muhammad (pbuh). If they do not accept him as the seal of prophets, the last prophet, the messenger of God, they can not becoming Muslim. That is the most important condition for Christians and for Jewish people. The same condition, even though they declare the Unity of God, Almighty Allah, but still they do not declare the prophecy and messengerhood of the seal of prophets, Sayiddina Muhammad (pbuh) and they are not Muslims.

All Jewish people, accept the Unity of God, but if not declaring the prophecy of Muhammad (pbuh) - they are not Muslims. If they are to be Muslims, they must declare also the prophecy of the seal of prophets, Sayiddina Muhammad (pbuh). Christians, are not approaching Islam, because they declare Trinity, that it is wrong religion and also they do not declare the prophecy of Muhammad (pbuh).

Islam in Arabic means "submission" or "to submit" or "to surrender". It is for every religion. Islam was with Adam, with Noah. Islam was with Abraham. Islam was with Ishaq. Islam was with Ismail. Islam was with Jacob. Islam was for the children of Israel. Islam was with Moses. Islam was with Zakaria. Islam was with King David. Islam was with Solomon. Islam was with Jesus Christ as well as for Muhammad (pbuh), so that Islam is for all. Islam is not only for Muslims, it is for all, because it means to surrender to the Holy commands of Heavens, to be a servant for the Lord of Heavens. Therefore, Islam is for all and there is no sense to try to escape from Islam or to hate Islam. That is only ignorance, it is not knowing what is the meaning, that there is no religion except Islam. Did other religions say to people, don't surrender to the Holy commands of Allah, don't be servants for Allah Almighty? What did they say? What did Adam say? What did Abraham say? What did Moses say? What did Jesus Christ say? and others from the thousands of prophets? Did they say to people, don't surrender to the Holy commands of the Lord Almighty Allah. What is that? Why do people now hate Islam? Islam is the real and most important pillar of all religions. Without Islam, there is no religion. Islam is heavenly discipline offered from Heavens to all mankind, unchanging. A Christian, a real Christian, he is in Islam. A real Jew is in Islam. Real believers or heavenly commands are in Islam. That means submission, or to submit, to the commands of the Lord of Heavens. You may say God, or you may say Allah for His Holy Name.

Islam is carried on two important pillars: (1) service to Allah Almighty, believing in Him and serving Him, to be servants to the Lord Almighty Allah; and (2) to be merciful to His creatures - merciful means to look after everyone according to their needs during their lives, to keep them in the best conditions. Islam calls people for every service as every religion called people to give the best service to each other and all creatures. Those are the main pillars of every religion as well as of Islam. But people down the centuries, during thousands of years, lost or changed the meaning of Islam in their religions, in their beliefs. Therefore they are coming to fight Islam. Nowadays, it is a pity that even Muslims do not understand the real meaning of Islam and are not practising it as it should be practised. If Islam were practised by the whole of mankind, which is so easy and

suitable for the nature of this world and for the nature of mankind, this planet should be a Paradise, no doubt. I am claiming that. Because Islam would take away evil and devils. As long as devils live people and evil continues, there will be no peace on earth and there will never be a Paradise on this Planet. Islam came to take away devils and evil from mankind, but mankind doesn't understand, because their egos are fighting against surrendering to Allah Almighty's orders. Ego and egoism are the worst things which people practise in our days. No-one can say, no, it is all right, because people are only practising egoism, nothing else. Believers or unbelievers, Muslims or non-Muslims, most in our days are practising egoism. They are redefining their beliefs and services according to their egos, not according to the Holy commands of their Lord Almighty Allah. Therefore, people nowadays are fanatical people ruled by their egos.

That is an introduction for Islam. Then we may look at Muslim beliefs, for their Lord, for the community. It should be clear for everyone what we say about Islam and what is real Islam. Now Islam asks people firstly to believe in their Lord, for the Lord of Heavens, the Lord of mankind, the Lord of the Universes, the Lord of Heavens and Earth, the Lord of angels, the Lord of Adam, the Lord of Noah, the Lord of Abraham, the Lord of Moses, the Lord of David and Solomon, the Lord of Jesus Christ, the Lord of beloved Muhammad (peace be upon them). That is the same faith, that Adam brought to people from heavens, the same principle that Abraham declared in front of Nimrod, the same principle that Moses taught in front of Harun, the same principle which David and Solomon pursued with their swords, that is the main principle which all prophets followed with their swords and the main principle for Jesus Christ, who worshipped Him, the Lord of Heavens. It is the first principle beloved Muhammad (pbuh) followed against idol-worshippers in Arabia. We are on it now - the unity and existence of the Lord of Heavens.

Then, Islam called people to believe in angels, to believe in heavens and who is living in heavens, angels. That is an unchangeable principle of belief, through the whole heavenly religions Adam just spoke of it, that we must believe in heavens and angels. It is the declaration of Abraham, declaration of Moses, declaration of King Solomon and David, declaration of Jesus Christ and the declaration of Muhammad (peace be upon them). The principle of Islam which we believe in Holy Books, which were brought by prophets or sent to prophets beginning from Adam and ending with Muhammad (peace be upon them) Holy Books came from Heavens via archangel Gabriel to all the prophets. We believe all Holy Books came via Archangel Gabriel to prophets - what was sent to Adam, what was sent to Abraham, what was sent to all the prophets, what was

sent to Moses from Torah, what was sent to David from the Psalms, what was sent to Jesus Christ from the Bible and what was sent to beloved Muhammad (peace be upon them) from the Holy Qur'an.

Then, as a principle of the belief of Muslims, we believe in prophets, we believe and accept that Allah Almighty, the Lord of Heavens, sent so many prophets, maybe thousands - we have been informed that there are 124,000 prophets, some of them great and greatest. We believe in all prophets. Islam calls people to believe in all prophets, including Adam,Noah, Abraham, Moses, Jesus Christ and Muhammad (peace be upon them). What is Islam calling people to? Islam is calling people to believe. Why are people fighting against Islam? Islam is calling people to believe. If Christians must fight, they must fight unbelievers, not believers. We believe in Moses - why are Jews fighting us? We believe in Jesus Christ - why are Christians fighting us Muslims? What is the reason?

The next principle after belief in prophets, we are on a safe way for books and for prophets, because we accept belief in all of them. Christians do not believe in all and Jews do not believe in all especially Jesus Christ and the Bible. But we, as Muslims, we believe in Moses and his Holy Book the Torah, and we believe in Jesus Christ and his Holy Book the Bible. But they do believe in the Holy Qur'an and they do not believe in Muhammad (pbuh). What is the matter? Have they proof that Muhammad was no prophet? If Moses was a prophet and Muhammad wasn't prophet - what is their proof? They only have tradition coming down the centuries about Moses that he brought miracles - no-one has seen but we have heard. If news gives an authority for us to say that someone is a prophet or not, as well as for their books, it is all right for Muhammad - it is true or not - he is nearer than Moses and nearer then Jesus Christ also. How can they deny what is on moon and are say that Jupiter is clearer for us than the moon? Who is saying this? That must be nonsense. Christians and Jews are making such a nonsense judgement about Muhammad (pbuh). As history you may find out about Muhammad, because his time is closer.

Then, we believe and call people to believe in the Last Day, Judgement Day, as all religions call people to believe in the Judgement Day. This means that all religions say to people: O people, you are responsible - whether you live as a good person or as a bad person. If you are living as a bad man, you will be punished. That is the main pillar for all religions. If there is no such pillar, then there is no religion, no meaning for religions, for beliefs. If you do not make people believe in responsibility, it means nothing. Islam gives responsibility to people. To believe, everyone must try to be a good one, not a bad one. If people are bad, what

is Islam for? Is Islam calling people to be bad ones or calling people saying there is responsibility, there is Judgement Day for people, take care, beware of Judgement Day, because in front of you there is Paradise and Hells and you can't enter Paradise until you pass over Hells - there is a bridge and only good ones may pass, not bad ones. That is Islam. How can there be a fight against Islam? How can we not fear Allah? How can we say we are real Christians or real Jews? We are calling people to make a free meeting everywhere to discuss this point. Those are the beliefs which Islam calls people to believe in. Islam calls them to live according to their beliefs. If people do not live as they believe, what blame comes to Islam? Why are we accusing Islam? If any clever person says this, it must mean there is something wrong with his brain. Islam asks us to act according to our beliefs during our lives.

Then, we must take care for the Lord's service, worshipping. The beginning of worship is to be clean. To be clean is for all religions. Christians know it and Jewish people know more than Christians what it is to be clean for men and women. No-one can stand up in the divine presence without washing, without cleansing himself - cleaning his body, cleaning his clothes, cleaning his place. Islam calls people to be clean for the service of the Lord. What is wrong with Islam? Islam comes with one order - to make everything all right, to make everything in justice. Islam is ordered to take away cruelty and to bring justice for everything - in families. in communities, amongst creatures, you must keep justice. The main command of Allah, an unchangeable command from the beginning up to the end because Adam ordered justice. why are you accusing Islam, why are you accusing Muhammad (peace be upon them). What rights have we to accuse Islam? Still it is excellent - preventing cruelty and ordering justice. Christians and others may see may read in Islamic history where justice in Islam reached, particularly at the time of Caliph Umar that was Islamic justice.

Our ways to Paradise. All prophets brought to their nations the key of Paradise. Adam spoke about the key of Paradise, as well as Noah was calling his nation to Paradise and telling them about the key of Paradise. Abraham brought the key of Paradise and Jesus Christ just brought the key of Paradise. Without a key, no prophet may come - they must bring to their nations, the key to Paradise. That key is to say LA ILLAHA ILLALLAH (there is no god but Allah), and declare the existence of the Lord Almighty Allah and His Unity, Jesus Christ was a unitarian, he did not say three, he said and addressed one, not three. From where do Christians bring that three? Jesus Christ prayed to one, not to himself, but he was praying to as they are

saying, the Father. Father was one, not three.

What is the reason that Islam does not give a chance for people to boost their egos or to think satanic thoughts or to have bad thoughts? Because even the smallest chance for the ego must harm them physically and spiritually. If you give a chance for a driver on the motorway not to keep in line, a quick accident may happen. Therefore, there is no chance for freedom on the motorway for drivers to do as they like. And our life-way is the same as a motorway - if the motorway is accepting a chance for freedom for drivers to do as they like, then a person may have a chance through their life-way to do as they like. But no-mind people are asking to be free to do everything as they like, but our mentality is refusing that. That is the reason. Really, they are not able to bring any system more perfect than Islam or any discipline more perfect and more suitable than Islam for the life of mankind - individually and collectively. If they are bringing, I am here. In beliefs, in worship, in their dealings - individually and collectively - towards their Lord, between each other - if they can bring more perfect beliefs or religion or faith or a life-way, we are ready to study it. But Islam was perfect in the past and it is perfect in the present and it is perfect for ever in the future.

*Q - If I was going to make a big advertisement to put everywhere - "Islam is best, because..."*

Islam is best if you are practising it perfectly. I may say that this physician is the most perfect one, but I am not taking care of what he is saying. How can I blame that physician, that specialist, that I am not being cured? If I am not taking any care for his advice and prescription - what is the benefit of the most famous specialist of Harley Street or from America? Nothing. But people are so foolish now, they are not looking at what is in the perfection of Islam. They are only insisting to look after the Muslims in our days, but Muslims in our days are not real Muslims - they are Muslims only through identity cards only to keep form, doing actions bodily but not with their hearts.

## DIE GEBURT DES PROPHETEN (FSmi)

Vielleicht wird die Ehre aller 12 Monate ihnen erst durch diesen einen Monat (Rabiul Awwal) gegeben. Ahlul Haqqiqat geben diesem Monat die größte Ehre. Wir hoffen, daß wir in der 12. Nacht an dieser Ehre teilhaben dürfen, und wir hoffen ebenfalls, daß wir zukünftig in diesem Monat die Menschen nicht in diesem miserablen Zustand antreffen werden. Dieses Volk sieht auf die Muslime herab. Die Imame laufen außerhalb der Moschee in solchen Kleidern herum, daß die Leute sie eher für Terroristen halten könnten. Das schwierigste für den Menschen ist es, einen Turban aufzusetzen. Ohne Turban werden die Imame in der Gemeinschaft nicht bekannt und nicht erkannt. Früher gab es so viele Leute, die sich nach der Kleidung des Propheten (FSmi) richteten. Die Leute kannten sie als Vorbeter, Lehrer, Koranleser... . Nur ein paar Europäer laufen jetzt auf unserer Insel Zypern noch in alten traditionellen Kleidern herum. In Istanbul kann man Turbane nur noch auf Friedhofsteinen sehen. Die anmutigste und beste Kopfbedeckung für den Mann ist ein Turban. Ich fragte im Hijaz einen Mann, der ohne Kopfbedeckung die Moschee betrat: "Wie denkst du, daß der heilige Prophet (FSmi) auf der Himmelfahrt bekleidet war? War er nackt oder hatte er einen kahlen Kopf?" Der heilige Prophet (FSmi) trat in Gegenwart Gottes mit einem Turban aus dem Paradies auf dem Haupt ein.

Es ist adab, selbst zum Schlafen eine Kopfbedeckung zu tragen. In der Gegenwart Allahs muß der Kopf

bedeckt sein. Da es keine geeignetere Kopfbedeckung gibt, trug er einen Turban. Der Turban ist vollkommen islamisch. Deshalb gibt es jetzt eine seltsame Feindschaft gegen den Turban. In der 12. Nacht dieses Monats ist die Geburtsnacht des ehrenvollen Propheten (FSmi). Um ihrem Propheten Ehre zu erweisen, machen in anderen Ländern die Gläubigen prunkvolle Verzierungen und Lichter auf Straßen und Häusern und verteilen Süßigkeiten. Eigentlich müßten alle Muslime dem Propheten (FSmi) diese Ehre erweisen. Denn wenn Allah den Propheten (FSmi) nicht erschaffen hätte, hätte er nichts anderes erschaffen. Alles, was er machte, so viele Dinge auch existieren mögen, alles besteht auf Seinen Willen hin. Sein Befehl ist: "Sei!" und alles ist. Alles, was es gibt, hat Er zur Ehre des Propheten (FSmi) geschaffen und ihm als Geschenk gegeben. Es unterliegt alles Seinem Gebieten. So viel du dir auch vorstellen kannst, es muß eine Grenze haben, und in den endlosen Meeren Allahs wird es kleiner und kleiner und verschwindet. Mit den Riesenteleskopen finden sie Riesengalaxien. Wie viele Milliarden Sterne es darin auch gibt, mit nacktem Auge sehen sie aus wie ein von ganz ferne blinkender, schwacher Lichtpunkt. Mit bloßem Auge scheint da nichts zu sein, aber mit dem Teleskop wird es riesig. In der Endlosigkeit der Machtmeere Allahs wird es jedoch zu nichts, endlose Zahlen von Universen werden zu nichts und existieren erst durch Seinen Befehl. Du mußt Allah kennen, über Ihn mehr und mehr wissen, um Ihm die richtige Ehre zu erweisen. Die Macht und Erhabenheit Allahs ist grenzenlos. Diese Welt ist nichts. Und die darauf lebenden Menschen sind so klein. Aber die Bedeutung der Menschen ist groß, so groß. Jedes Ding hat seine Bedeutung: Was ist der Mensch? Was ist sein Platz in der Schöpfung? Wer bist du? Kannst du dich selbst zeichnen, erkennen? Alle Lehren deiner Welt sind dazu da, um die Außenwelt zu erkennen. Nicht, um sich selbst zu erkennen. Sie drehen und wenden uns weiter von uns selbst weg. Was führt dich zu dir selbst? Was und wer sagt oder lehrt dich etwas über dich selbst? Was ist Bildung? Was ist Fortschritt? Gute Arbeit und neue Autos!? Schönste, modernste Häuser und Toiletten!? Was wollt ihr sonst?

Es gab einmal ein Land, dort ließen die Einwohner immer dann, wenn ihr König gestorben war, einen Vogel fliegen, und auf wessen Kopf der Vogel sich setzte, wurde der neue König. Ein Landherr sagte, ich gehe heute in die Stadt, denn der König ist gestorben. Sein Sklave sagte, ich gehe auch, vielleicht werde ich vom Sklaven zum König. Der Sklave ging und wurde König. Sein erster Befehl war: "Wer stirbt, darf nicht mehr aus dem Haus getragen werden, sondern muß aus dem Kamin gezogen werden." Dankt Allah für eure Regierung. Auch solche Tyrannen gab es.
Wer sich selbst nicht gefunden hat, kann er den Herrn finden? Wenn er seinen Herrn nicht findet, ist der

Mensch für die Welt eine Last. Kannst du dich in dieser Zeit selbst finden? Allah schuf zuerst das Licht des Propheten (FSmi), dann wurde alles andere geschaffen zu Ehren des Propheten (FSmi) und existiert durch den Segen, Rahmat, der auf den Propheten (FSmi) herabkommt und zu ihm strömt. In Europa machen die Leute eine riesige Festlichkeit zu Ehren ihres Propheten. Die Bäume und die Häuser sind voll mit bunten Lichtern. Ich sah das in keinem islamischen Land. Feiert die Geburtsnacht des Propheten (FSmi)! Darauf liegt Allahs Wohlgefallen. Die Liebe zu Allah geht durch den Propheten (FSmi). Wer den Propheten (FSmi) nicht liebt, liebt Allah nicht. Wer das liebt, was der Prophet (FSmi) nicht liebt, der liebt den Propheten (FSmi) nicht. Du mußt durch diese Liebe vor deiner Tür Lichter aufstellen, Fahnen aufziehen. Macht ein bißchen Prunk vor der Moschee. Sollen die Leute fragen, was ist denn heute los? Das zieht Allahs Wohlgefallen an: Liebe zum Propheten (FSmi)! Der Glaube ist wie ein Baum. Einmal gepflanzt, muß er gegossen werden. Das Pflegen des Glaubens ist die Liebe zum Propheten (FSmi). Du kannst damit gehen, soweit du willst, es gibt keine Grenze. Wenn du ihn endlos liebst und ehrst, findest du an der Grenze zur Endlosigkeit Allah. Der Segen und die Gnade treten in das Herz ein und vertreiben Sorgen und Dunkelheit daraus, stärken und erleuchten es. Ein Herz ohne Liebe ist tot. Das Herz ist das Zentrum der Liebe. Wenn das Herz müde ist, wird der Körper müde. Wenn das Herz tot ist, stirbt der Körper. Was das Herz belebt, ist Liebe. Die Liebe zum Propheten (FSmi) ist die höchste Liebe. Der Erzengel Gabriel kam einmal zum Propheten (FSmi) und sagte zu ihm, als Lehre für die Umma: "Liebe, wen du willst, aber wisse, daß du von dem Geliebten getrennt werden wirst, denn das Herz verliert sich sonst. Liebe etwas, das dich für immer begleitet." Ein liebloses Herz ist eine Last für den Körper und umgekehrt.

Die Propheten und Heiligen sind Hayy, sie besitzen ewiges, absolutes Leben. Ihre Körper sind in ihren Gräbern unverändert erhalten. Ich selbst war Zeuge: Als das Grab von Hasan al-Dschibawi (Fmi), eines großen Heiligen und Meisters in Damaskus, geöffnet wurde, da breitete sich über die dort versammelten Leute ein paradiesischer Duft aus. Sein Körper war frisch wie ein lebender Körper, und das Blut in seinen Adern war nicht geronnen, obwohl er hunderte von Jahren in seinem Grab gelegen hatte, sondern lief noch im Körper, getrieben von der Liebe zu Allah. Als bei der Eroberung von Konstantinopel Scheich Akschamseddin, der Meister und Ratgeber von Sultan Fatih, an einer bestimmten Stelle betete, verharrte er sehr lange in der Niederwerfung und sagte, nachdem er sich erhoben hatte: Hier genau unter mir liegt Abu Eyub al-Ansari, der Fahnenträger des Propheten (FSmi), begraben. Sie öffneten das Grab und fanden ihn in seinem Leichentuch vor wie lebendig, obwohl er achthundert Jahre lang dort gelegen hatte. Möge Allah in

unsere Herzen die Liebe zum Propheten (FSmi) geben, zumindest ein wenig. Ehrt ihn, und die Liebe zu ihm verändert euch, ihr werdet zu Liebenden.(aus dem Türkischen)

## GEBURT UND WERDEN

Der Mensch vergißt und macht dadurch Fehler. Das Vergessen verursacht den Untergang der Menschen. Adam (Fmi) vergaß, was Allah wollte und wurde aus dem Paradies verstoßen. Auch wir sind ständig am Vergessen, wir haben vergessen, was wir am Tag des Versprechens gelobt haben. Wir versprachen, gehorsam gegenüber dem Befehl des Herrn zu sein. Doch als wir auf die Welt kamen, wurden wir mit den Schleiern des Vergessens eingehüllt, und keiner kann sich mehr an seine Geburt oder seine ersten zwei Lebensjahre erinnern. Im Mutterleib ist dem Kind nichts verhüllt, es sieht die Welt des Malakut . Wenn die Zeit reif ist, schickt Allah zwei Engel, das Kind in die Welt zu bringen, und es wird geboren in der Stellung der Sajda (Niederwerfung). Ein Engel zieht zu der einen Seite hin, das Kind zu der anderen, daher kommen die Wehen der Mutter, denn das Kind will nicht in die Welt geboren werden. Dann zeigt Allah dem Kind etwas von Seinem Licht, eine Erscheinung, die auch die Engel sehen, und daraufhin ergibt sich das Kind und macht Sajda und wird so geboren. Bis acht Tage nach der Geburt sieht das Kind die Himmel und Lawhil Mahfudh . Dann kommen Schleier durch die Milch der Mutter, der Zustand der Mutter kommt in die Augen des Kindes, und auch von dem, was der Vater bringt, und von der Unreinheit der Nahrung kommen Schleier. So wächst es auf, und später braucht jeder Mensch einmal eine Operation, um diese Schleier wieder zu lüften.
Wenn einer anfängt, schlecht zu sehen, rennt er sofort zum Arzt. Wenn die Augen nicht mehr sehen, gerät der Mensch sofort im Herzen in Unruhe. Du bist mit deinen weltlichen Augen wie im Gefängnis, doch

heutzutage will keiner etwas anderes mehr. Wer aber in dieser Welt blind ist, ist auch im nächsten Leben blind. Das bedeutet nicht, mit den Augen blind, sondern mit dem Herzen. Sind die Herzensaugen eines Menschen blind in dieser Welt, so wird er am Jüngsten Tag blind wiederauferweckt. Wer nicht mit dem Licht des Imam aufsteht, steht blind auf. Es gibt zwei Arten von Glauben, wirklichen und nachgeahmten, halbblinden Glauben. Es ist nicht lobenswert, immer in Nachahmung zu bleiben, denn der Teufel kann einen auf dieser Stufe leicht betrügen.

Abdul Qadir Al-Gilani Hz. wanderte einmal durch eine Wüste, als ihm aus einer Erscheinung von Licht eine Stimme anredete: "Oh Abdul Qadir, ich bin dein Herr und ich erlaube dir alles, alles ist für dich erlaubt." Abdul Qadir nahm sofort Zuflucht bei Allah vor dieser Versuchung, und der Shaitan fragte ihn: "Wie hast du mich als Shaitan erkannt?" Er antwortete: "Wenn Allah zu mir spricht, dann nicht aus einer bestimmten Richtung, sondern von überall her. Außerdem, wieso sollte mein Herr mir alles erlauben, wo er doch selbst dem Propheten (FSmi) nicht alles erlaubt hat." Wir brauchen einen Glauben, der auf Wissen beruht.

Als Nimrod von Ibrahim zum Dienst am Herrn eingeladen wurde, sagte er: "Ich bin Herr und Gott auf Erden." Ibrahim antwortete: "Mein Herr ist Yuhyy wa Yumit : Er läßt die Sonne im Osten aufgehen und im Westen unter gehen. Mach du doch das Gegenteil." Jetzt gibt es so viele Nimrods, die in der Welt herumlaufen, doch habt keine Angst, wenn euer Glauben stark ist, seid ihr siegreich. Der Gläubige wird nie unterworfen. Er hat immer die Oberhand. Sei, wie Allah will, und du wirst siegreich sein. Wir müssen von nachgeahmtem zu wahrem Glauben kommen. Wer keine Geduld hat, vergießt nur sein eigenes Blut. Mit Waffen kann man keine Angelegenheiten bereinigen. Nur mit der Erinnerung Gottes und Seiner Hilfe wird es möglich sein. Wenn das Herz "Allah" sagt, wird ihm die Lösung für jedes Problem eingegeben. Möge Allah uns vom Schlaf der Unaufmerksamkeit erwecken!

## Eine geheime Kraft

Heutzutage schauen alle Menschen auf die materielle Welt, sie schauen niemals auf, um nach spirituellen, himmlischen Positionen Ausschau zu halten. Wir leben in dieser physischen Welt, aber zweifellos wird diese umhüllt von der geistigen Welt, und so müssen wir versuchen, einen Weg zu unserem wirklichen geistigen Dasein in der spirituellen Welt zu finden. Die Menschen sind jetzt in zwei Teile gespalten. Ihr spirituelles Wesen ist eingesperrt, und sie sind Sklaven ihres physischen Daseins. Die Vollkommenheit des Menschen liegt darin, daß er eine Koordination, eine Harmonie zwischen dem spirituellen Wesen und dem physischen Wesen herstellt. Wenn diese Übereinstimmung gebrochen wird, entstehen endlose Probleme, Leiden und Kämpfe. Alle Propheten sind gekommen, um jene Verbindung und Übereinstimmung wiederherzustellen. Das spirituelle Wesen will uns helfen, aber unser physisches Wesen weigert sich, die Hilfe anzunehmen. Tag für Tag werden wir materialistischer, alle Nationen streben nach mehr materiellen Zielen. Die nicht-islamische Welt geht in jene falsche Richtung, und leider muß ich sagen, daß die islamische Welt, die viel mehr nach den Himmeln ausgerichtet sein sollte, ebenfalls den westlichen Ländern nachfolgt, die das materialistische System vertreten. Und auch sie bringen die Leute dazu, mehr und mehr mit weltlichen Dingen beschäftigt zu sein. Weil die muslimische Welt ebenfalls dieser falschen Richtung folgt, kann man keinen Frieden finden, weder in der muslimischen noch in der restlichen Welt. Solange sie diese Richtung nicht ändern, gibt es kein Mittel, mit dem die Menschheit davor gerettet werden kann, Tag für Tag tiefer in

höllenähnliche Zustände zu fallen. Ihr Leiden wird ständig zunehmen, weil die Auswirkungen des Materialismus Neid und Eifersucht sind. Neid und Eifersucht stammen aus der Hölle, und dieses Feuer brennt jetzt in allen Leuten. Man kann es bei Menschen jeder Gesellschaftsschicht finden bis zur Oberschicht, und alle brennen in demselben Feuer aus Neid und Eifersucht. Die materialistischen Ideen sind wie Säure, die die Menschheit zerfrißt und alle ihre Werte vernichtet. Das sind die giftigen Früchte des Baumes Materialismus.
Und Allah hat alle Propheten aus dem Grund gesandt, daß sie die Leute davor bewahren, in jene Höllen zu fallen. Doch die Leute fliehen vor ihrem Herrn und laufen Satan und den Teufeln hinterher. Auf großen Plakaten sind Leute zu sehen, die alle in eine Richtung laufen, und man kann sehen, daß Satan sie ruft und sagt: „Kommt zu mir!“ Und der heilige Prophet war der Wahrhaftigste aller die Wahrheit Sprechenden. Jedes Wort, das er sagte, war wahr. Für jedes seiner Worte gab es eine himmlische Bestätigung. Und er sagte vorher: „Wenn der Jüngste Tag naht, wird Dajjal, der Antichrist, in Erscheinung treten, und er wird Stellvertreter von Satan sein. Vor seinem Auftreten werden dreißig Miniatur-Dajjale kommen und er selbst als letzter im „King Size“. Alle jene werden so wie er selbst die Leute zu Paradies und Hölle rufen.“ Und der heilige Prophet (s.a.s.) warnte davor und sagte: „O Gläubige, glaubt dem Antichristen nicht! Er spricht nur Lügen. Wenn er sagt: „Das ist das Paradies“, dann ist es in Wirklichkeit die Hölle. Von was er sagt, es wäre die Hölle, ist das Paradies. Jetzt rufen die Miniatur-Antichristen die Menschen zum Paradies gemäß ihren Vorstellungen, sie rufen auf, ihnen zu folgen, und alles, was sie geschaffen haben, ist nur dazu da, das Leiden der Menschheit zu vermehren. Von weitem sieht es aus, als würden jene Leute im Paradies sein, doch wer selbst eintritt, findet sich in der Hölle wieder. Alle diese Vergnügungen, die sie jetzt erfinden, sind ein Teil der Hölle, und nach dem Eintritt gibt es kein Zurück, keinen Ausweg mehr. Die Leute sind in einer elenden Verfassung, sie fühlen und sehen sich selbst wie in einem Gefängnis, und das ist das Ergebnis der Pläne des Antichristen, die zum Ziel haben, die Menschheit ins Feuer zu stürzen. Vor Anfang dieses Jahrhunderts gab es kein Nachtleben, nach dem Sonnenuntergang schaute jeder, bald zu Hause zu sein. Es war nur sehr vereinzelt Nachtleben zu jener Zeit.

Es ist in diesem Jahrhundert so eskaliert. Wenn die Menschen ihr Zuhause betreten, fühlen sie sich, als würden sie eine Gefängniszelle betreten, sie wollen nach draußen. Sie können nicht einmal mit den Kindern zusammen zu Hause sitzen und etwas essen oder trinken. Sie gehen zu Mc Donalds oder Wimpy usw., sie sind nicht glücklich mit der Familie und ihrem Heim. Am Anfang dieses Jahrhunderts waren die Menschen

noch glücklich und zufrieden in ihren Häusern. Der Antichrist begann seine Arbeit im Jahr 1789, als die schlimmste Revolution ausbrach, die je auf der Erde stattfand. Damals begann es, daß die Menschen ihren Frieden in den eigenen vier Wänden verloren, und was Dajjal anpries und wozu er aufrief, den Frieden in den Straßen zu suchen, war das Feuer, die Hölle, die seitdem die Leute verbrennt. Rasulallah (s.a.s.) sagte das vorher, er sah es und zeigte seinen Gefährten, was kommen würde, wenn die letzten Tage nahen. Und wir erwarten jetzt einen Retter, von Allah gesandt, um uns in Sicherheit zu bringen. Die Regierungen sind machtlos, sie können nichts tun, können es nicht verhindern, daß alles in die falsche Richtung läuft. Bis Allah einen Erlöser schickt, ist das einzige, was du tun kannst, deinen Herrn um Schutz zu bitten. Und wer um Schutz betet, wird beschützt. Das ist die allgemeine Sicht der jetzigen Lage. Wir müssen versuchen, falsche Sehnsüchte und Begierden zu bekämpfen, von denen jetzt alle Menschen beherrscht werden.

Die Leute haben es verlernt, ihre Willenskraft zu benutzen. Keiner ist mehr fähig dazu, eine vergessene Kunst. Und sie ist uns als Geschenk gegeben worden, doch die Leute sind vierundzwanzig Stunden am Tag betrunken. Wie sollen sie sich daran erinnern können, daß wir von unserem Herrn als eine große Ehre die Willenskraft, eines Seiner eigenen Attribute, geschenkt bekommen haben. Wir werfen dieses Geschenk weg und benutzen es nie. Unser guter Rat an alle ist es, daß sie versuchen sollen, sie wiederzufinden und in Einsatz zu bringen. Der heilige Fastenmonat hilft uns dabei, und es ist eine geheime Kraft, die wir nutzen müssen. Wer fähig ist, diese Kraft zu erlangen, wird nach dem Ramadan in allem Erfolg haben. Versucht, sie für immer zu behalten, es ist eine endlos große Macht, mit der du zu etwas sagen magst: „Sei!“, und es muß geschehen.

## Gekennzeichnete Engel – marked angels

5000 Engel sind besonders gekennzeichnet. Alle Gruppen, die nicht recht geleitet sind, werden hinweg genommen. Die Kraft ist mit jenen, welche die Wahrheit unterstützen. Und das ist die unterste Stufe der Menschheit. Ihnen bleibt nur noch sehr wenig Zeit. Abraha wollte die Kaba zerstören. Wir werden sehen. Komm und zerstöre die Kaba. Sie gehört Allah dem Allmächtigen.

Es steht geschrieben, dass unter allen Nationen große Unstimmigkeit herrschen wird, bevor Mahdi -alayhi salam -erscheint. Kurz vor einem Erscheinen und wir hoffen, dass Allah der Allmächtige, Mahdi -alayhi salam -in diesem Jahr sendet. Der Tag von Arafat fällt dieses Jahr auf einen Freitag.
Es ist Hajj al-Akbar.

Scheikh Hisham: Sie wissen es am Besten, Sayyidi.

Scheikh Efendi: Diese Zeit ist abgelaufen.

Die Brüder singen Qul Ya azim.

Die Wahrheit muss immer hochgehalten werden. Sie ist das höchste Gut und nichts kann höher als die Wahrheit sein.

Erdogan, der türkische Präsident, wird durch die Armee kontrolliert. Und die Armee sagt ihm, misch' dich nicht ein. Das ist ein sehr delikater Punkt, den keiner kennt. Die türkische Regierung hält sich nicht wegen ihres eigenen Vorteils aus den libyschen Problemen raus. Es ist aus einem anderen Grund.
Wenn die Revolution in Libyen gewinnt, bringen sie den König Senussi, zurück auf den Thron. Das würde ein schlechtes Beispiel für die türkische Nation sein. Denn die Türken heutzutage sind nicht zufrieden mit der Situation in der Türkei und sie wünschen sich, dass der Osmanische Sultan zurückkehrt in die Türkei. Aus diesem Grund unterstützt die Armee die Revolution in Libyen nicht. Sie sagen Erdogan, dem Präsidenten: 'Verhalte dich ruhig. Misch dich nicht ein.'
Niemand weiß das. Es ist ein Geheimnis.
Die Türken könnten innerhalb eines Tages das Problem in Libyen lösen. Sie könnten die Armee senden.
Wer ist Gaddafi, dass er sich vor die türkische Armee stellen könnte. Die Türken sind stark. Er hat nicht die Kraft, sich ihnen entgegenzustellen. Das ist ein delikater

Punkt. Wenn Gaddafi entfernt worden ist, wird der König Senussi zurückkommen.

Das wird in den Augen der türkischen Armee ein schlechtes Beispiel sein. Das wird ein Beispiel für die Türken sein. Dann werden die Türken auch nach dem König verlangen. Wenn er kommt, wird er die heiligen Reliquien des Propheten -sallallahu alayhi wa sallam – aus der Hand von Sultan Selim bekommen. Das ist in den Überlieferungen erwähnt.
Keine Angst, das muss geschehen. Und wir fürchten uns weder vor der Shia noch vor ähnlichen Sekten. Nein. Deshalb wird die Armee der Banu Asfar, der gelben Nation, in den Mittleren Osten kommen. Armageddon wird in der Ebene von Amuk stattfinden.

Da wird eine Armee von Damaskus sein, 80 Gruppen. Die gleiche Stärke wird von der Armee von Damaskus kommen. Sie wird aus drei Gruppen bestehen.
Die erste Gruppe, das werden die besten Märtyrer sein. Sie alle werden Märtyrer. Die zweite Gruppe wird dem Kampf nicht standhalten und sich zurückziehen. Die dritte Gruppe wird übrig bleiben und Allah wird ihnen den Sieg gewähren. Sie werden den absoluten Sieg erlangen. Sie werden die feindliche Armee soweit schlagen und zurückdrängen, bis sie Istanbul erreichen werden.

Die Hand von Mahdi -alayhi salam wird unter der dritten Gruppe sein. Aber körperlich wird er in Istanbul sein. Das ist das Geheimnis, warum die türkische

Armee die Revolution in Libyen nicht unterstützen
will. Wer will, soll kommen. Aber die Türken können
immer ihren persönlichen Gewinn finden, unter irgendeinem
Gesetz. Aber der eigentliche Punkt ist,
wenn das Königtum zurückkehrt in Tripolis /Libyen,
kehrt die Scharia zurück und sie wird durch das Königtum
der Senussi eingeführt.

Das wird ein Beispiel setzen. Aber alle anderen islamischen
Nationen sind gegen die Scharia. Die Muslime
sind Lügner. Die Muslime, die nicht wollen, dass die
Scharia die Gesetzgebung ist, sie sind Lügner. „Wa
Man Lam Yahkum Bima 'Anzala Allah Fa 'ula 'ika
Hum Al-Fasiquna (5 :47) Dann sind sie die Ungläubigen,
die Korrupten, die Unterdrücker. Schneidet sie ab
und entfernt sie aus dem Dasein. Unterdrücker werden
abgeschnitten entfernt. Fatiha.

Weder in der islamischen Welt, noch außerhalb, gibt es einen einzigen
Gelehrten, der darüber spricht. Niemand hat dieses Wissen. Das sind Inspirationen
und es sind Anordnungen aus den Himmeln von unserer goldenen Überlieferungskette.
Die Leute sind der Gnade Allahs des Allmächtigen
und des Propheten -sallallahu alayhi wa
sallam -beraubt. Die Leute fühlen nicht, dass sie von
der himmlischen Gnade abgeschnitten sind. Die Wahrheit
muss immer der wichtigste Punkt sein. Würden
sich 70 Nationen hinter Libyen stellen und es unterstützen,
und die Türkei, wäre es trotzdem sinnlos. Es
muss die Scharia sein, darin liegt die Wohltat.
Darum hoffen wir, dass Mahdi -alayhi salam -während

der Hajj al-Akbar erscheint. Die Welt kann nicht noch ein Jahr ertragen. Die Welt kann es nicht ertragen, die darauffolgende Hajj al-Akbar zu erreichen und noch weitere 7 Jahre zu warten.

Es ist reif. Tag und Nacht haben das Gleichgewicht erreicht und sind auf gleicher Höhe. Hab keine Angst.
Alle diese Gruppen haben keine himmlische Unterstützung. Ganz gleich, was sie tun, fürchte dich nicht vor ihnen. Selbst wenn es nur zwölftausend Gläubige wären, könnte man sie nicht besiegen. Sie können die Welt von einer auf die andere Seite umdrehen.
Als der Prophet -sallallahu alayhi wa sallam -emigrierte und sich in der Höhle von Hira befand, sagte er zu Abu Bakr as-Siddiq -radiyallahu 'anh -, das ist ein heiliger Vers: 'Fürchte dich nicht. Allah ist mit uns'. Mit wem? Sie waren zu zweit, der Prophet -sallallahu alayhi wa sallam – und Abu Bakr as-Siddiq -radiyallahu 'anh -. Die ganze Welt war gegen sie. Die Leute der Nation waren gegen sie. Sie haben sich gegen den Propheten - sallallahu alayhi wa sallam - gestellt. Die Nationen, die ein Buch hatten, waren gegen ihn -sallallahu alayhi wa sallam. Und der Vers im Heiligen Quran sagt: 'Fürchte dich nicht. Allah ist mit uns'. Wer könnte sich vor Gaddafi oder irgendwem oder vor Shia fürchten. Sie sind alle nichts. Lass sie kommen und auf dem Schlachtfeld erscheinen. Lass sie einen Heiligen bringen, der sie unterstützen kann, wenn sie das können, astaghfirullah.

Fehlt irgend etwas Scheikh Hisham Efendi? Es gibt einen

Heiligen Vers. Mussawimin mit den Turbanen
und hinten am Turban... Als die Engel in die Schlacht
von Badr gesandt wurden, Allah sandte dreitausend
Engel, trugen sie Turbane und hinten am Turban hing
ein Stück herunter. Eine Gruppe von Engeln, welche
die muslimischen Kämpfer in Badr unterstützten, vervollständigten
ihre Mission. Aber was ist im Vers des Quran gesagt.

Allah sagt: 'Ich will euch eine Gruppe von Engeln senden,
die Turbane tragen und der hintere Teil der Turbane
– Mussawimin.' Aber Er hat bis jetzt nicht die
fünftausend Engel gesandt. Das ist ein sehr wichtiger
Punkt, den der Heilige Vers bringt.

Scheikh Hisham rezitiert: 'Ist es nicht genug für euch, dass Allah euch dreitausend Engel sandte. Und wenn ihr geduldig seid, wird Allah euch fünftausend Engel senden. Und sie tragen Turbane und die Turbane haben hinten diesen Schwanz.'

Sura Al Imran, Vers 125, rezitiere es von Anfang an.

Scheikh Hisham rezitiert: Bismillahirrahmanirrahim: Allah verhalf dir zum Sieg in Badr. Und ihr ward eine kleine Gruppe. Ihr sollt dankbar sein. Ist es nicht genug, dass Allah euch dreitausend Engel gesandt hat, um euch zu unterstützen. Wenn ihr geduldig und standhaft seid wird Allah euch fünftausend Engel schicken, die Turban tragen und hinten wird ein Teil des Turbans herunterhängen. Möge Allah euch Zufriedenheit gewähren. Und der Sieg kommt von Allah.'

Scheikh Efendi: Die nächsten fünftausend, die im Heiligen
Vers erwähnt werden, wurden bisher nicht gesandt.
Die dreitausend wurden bei Badr gesandt, aber
die fünftausend werden in der Zeit von Mahdi -alayhi
salam -gesandt. Zu Anfang des Verses 'ist es nicht genug,
dass Allah euch dreitausend gesandt hat,' diese

dreitausend Engel wurden für Badr gesandt. Aber wenn ihr geduldig und standhaft seid, in der Zukunft, will Er sie senden. Du verstehst arabisch. (Zu Scheikh Hisham) Zukunft -in der Zeit von Mahdi, will er euch unterstützen mit fünftausend Engeln, die Turban tragen und ein Ende hängt hinten runter.

Das sind gute Nachrichten für euch. Das ist eine gute Nachricht für uns, oh muslimische Nation. Wir haben eine Unterstützung, die niemals zerstört werden kann. Das ist ein sehr wichtiger Punkt. Das Zeichen, das gegeben wurde, ist für jetzt. Wenn sie wollen können 60.000 von Gaddafi, 100.000 vom Iran kommen – die Schlangen können sie alle verschlucken. Das ist der wichtige Punkt.

Scheikh Hisham: Du hast mit dem Quran begonnen und mit dem Quran endest du.

Scheikh Efendi: Das ist wichtig. Es ist dein Segen. Ich habe darauf gewartet, dass du hierher kommst, damit sie mir diese Neuigkeiten geben. Du bist nicht gering. Du verstehst. Großscheykh Abdullah ad-Daghistani q.s. hat dich trainiert. Es gibt noch etwas, dass ich nicht erwähnt habe.

Die Frauen singen: Qul Ya 'Azim.

Scheikh Efendi: Sehr gut! Ihr sollt dass jeden Tag unten lesen. Hajja Rukiya du sollst es auch lesen. Sie sollen es ausgehändigt bekommen und lesen. Vor dem

Adhan sollen sie es lesen. Nach dem Adhan sollen sie es lesen. Und nachts sollen sie es lesen. Sie sollen es immer lesen. Es ist sehr wichtig. Lehrt sie das in Indonesien. Nach jedem Adhan sollen sie es lesen. Und alle Gruppen die zu uns gehören, und uns folgen, sollen es lesen. Der Tsunami kommt. Die Wellen kommen. Wenn sie das nicht lesen, kann nichts sie schützen. In Indonesien sind 300 Millionen. Sie müssen es alle lesen, damit sie vor dem Tsunami geschützt sind. In Istanbul müssen sie es auch lesen. Wer uns gehorcht, muss es lesen. Das gibt ihnen Kraft. Fatiha

## THE GENERAL AMNESTY and OCEANS OF MERCY

My Grandsheikh was saying that the gates of Paradise are open for all to enter; and according to the hadith of the Holy Prophet, Allah Almighty has parceled out Paradise, assigning to everyone his portion, and not allowing anyone to occupy the portion that has been assigned to another. What this means is that Allah Almighty has given to His servants before they ever ask for anything, has given with a generosity that is absolute, as He doesn't wait for us to ask that then He may give us according to our requests, He gives unbesought.

Our Grandsheikh went on to say that Allah Almighty treats His people in this life with the absolute Mercy emanating from His Divine Name Ar-Rahman (The All-Beneficent). No one can fall outside of the bounds of a mercy and a beneficence that is boundless, as is the mercy implicit in the Holy Name Ar-Rahman. Don't ever think that the mercy oceans belonging to this Divine Name has any shore – no – they are boundless and endlessly deep, and so they ever will remain. You must know that Allah is never going to take back anything which He has granted to His servants, and that even to think such a thing is unbelief (Kufr) and the worst thought that we can think about our Lord.

Yes, our Lord gave to us all a grant never ending, and that grant is faith.

What we are listening to now of Grandsheikh's words is not knowledge of the sort that we may be accustomed to hearing – it may seem new and strange to our ears, but nonetheless it is the truth from the secrets which are opened up day by day to the Saints (Awliya). Allah Almighty granted faith to the Sons of Adam on the Day of Promises, the day when the souls of all the descendants of Adam were brought forth from his backbone and asked by their Lord: "Am I not your Lord?" We were all present on that day – looking to our Lord, talking to Him, knowing Him – and we replied: "Yea, verily. We testify that You are our lord." (Surat-ul-Araf : 172).

That faith was granted to everyone, but Divine Wisdom decreed that in this life some people's faith would remain covered while that of others would appear. The Holy Prophet said in regards to this: "The hearts of the Sons of Adam contain treasures, and the keys to the hearts are in the Hand of our Lord." Therefore, if He is not going to open the hearts, no one can- not even His Beloved Muhammad, for whose sake the whole creation was created.

If you understand that faith is present in all of mankind, you must be very respectful towards each one of them and you must understand that only with Allah Almighty's permission are you believing and showing your faith, while someone else is not showing faith only because his Lord has not opened it up for him. You must understand the matter like this, and never say about anyone, "He is an unbeliever', - who can know what will be the state of any person at the end of his life? The key to the hearts is in the Hand of the Almighty, and what will become of each person in the end is a secret known in its entirety only to Allah Himself; even the Prophet can only know something about this matter within defined limits. On the Day of Promises, Allah Almighty granted faith to His servants, and He is not going to take it away from them – perhaps they will declare their faith upon breathing their last breath – such is Allah's mercy. Allah Almighty is keeping and hiding so many mercy oceans which are destined for His servants.

*Mevlana, it is easy enough for me to understand how someone who dies a slow death from a long and torturous disease may have time to reflect on his life, and realizing his helplessness, believe and turn to Allah in repentance (Taubah) even though he was the most stubborn unbeliever and evildoer up until that time; but what I can't comprehend is how someone who is, for example, shot and killed while in the act of committing a heinous crime, may attain repentance despite the suddenness of his death.*

Allah may create time within time. The time that it takes that bullet to kill him may seem very short to us, but for that person Allah may make it a very long instant indeed, long enough for him to reflect upon his whole life and repent unto his Lord. Isn't Allah Almighty capable of extracting a confession from His slave? – He most certainly is.

*But, Mevlana, how shall we understand all the verses of Qur'an which speak about eternal Hell with no exit?*

Allah Almighty says in one verse of the Qur'an : "And we don't send our verses (Ayat) except to frighten (Takhweefeh)." In other words, 'To scare the hell out of people.' For example, you may say to your son, "If you don't stop doing that I will kill you!" In reality, you are never going to do any such thing, but that warning may just be sufficient to make him listen to what you are saying and to desist from that disliked action.

*Mevlana, why is it that the meanings we derive when we read the Qura'n seem to contradict the hidden meanings which you are uncovering?*

Here I have some salt; it is a white powder that we use in most of our foods. Who could guess that it consists of two poisons that would kill whoever consumed them? Also, here we have some water – who could guess that it consists of two gases – two hydrogen atoms and one of oxygen? He who knows, knows, and he

who doesn't know sees only the obvious and apparent. The latter may deny, but his denial won't make him right.

Similarly, people read the Holy Quran and understand it on their respective levels; they may deny anything beyond their level of understanding, but their denial doesn't decrease in the least the validity of the deeper truth, truth which cannot be gained merely through outward study, but is given as a grant from the Divine Presence.

Grandsheikh, speaking about the final results of our actions (Aqiba) and Allah's manner of judging them, pointed to Allah's word: "My Mercy outdoes My Anger", and he said: "For me, these are the greatest good tidings, as it gives me hope of my safety from Hell to know that Allah Almighty's Mercy will come and cover everything on the Last Day."

That Divine Forgiveness will cover so many people on that day; and the Prophet said that even Satan will be seeking forgiveness, and hoping that it may come to him also, but more than this the Prophet didn't say.

Grandsheikh said that nothing from the actions of Allah Almighty's servants will be a burden on Allah; don't ever think that it could be. Now, listen carefully to the following description which is recorded in the Holy Books: on the Day of Judgment, Allah Almighty will order a person to Hell, and the Angels will grab him and start dragging him to the fire. When he realizes that this is really happening he will turn to his Lord and say: "Oh my Lord, I never thought that You would really put me in the fire of Hell." Allah then orders: "Bring him back." He was such an evil person, did so many dark deeds and listened always to the dictates of his lower self, but he never lost hope in his Lord's Mercy for him and His reprieving him from Hell. We can be proud of being our Lord's servants, even if we are not obedient ones – proud that He is such a merciful Lord who will reprieve so many of us from the jaws of Hell, and admit them to Paradise.

My Grandsheikh was saying that there are different stations for each person in

Paradise that Allah gave without their ever having been asked for; that is His favour and His grant unto His servants which he has communicated to them through His Prophets. When our Grandsheikh was saying that even disobedient servants will also finally attain Allah Almighty's Mercy, he quickly drew our attention to the following important point: "Oh my son, I am saying that with Allah's Endless Mercy everyone should finally enter Paradise. Such considerations, however, are for the common people, and we are not seeking to stay at that level. We are asking for the highest station, the greatest pleasure, the highest degree for His servants: the stations of Ridwan-Allah-ul-Akbar. With those servants our Lord will be absolutely pleased, and they, in turn, will be absolutely pleased with their Lord.

Here is the answer to a question that anyone who is striving hard in the way of his Lord and obeying his commandments may ask: "Why should we make a great effort to please Allah if there is a good chance that he will forgive us anyway?" The answer is: The degrees in the Divine Presence of those who have made efforts must differ from the degrees of those who were complacent in this life.

Grandsheikh was saying, quoting the Holy Qur'an, that there are two Paradises: one of them is the real Paradise and the other is but a shadow or copy of it. Allah Almighty is going to give to His servants according to what were their wishes and desires in this life. Whoever was satisfied with this life's pleasures, and preferred them to the love of his Lord, asking for ever more pleasures in everything of this world, and giving the love of Allah the second place in his heart, Allah will give him what he loves most: a Paradise full of pleasures: splendid gardens, luxurious castles and lovely virgin girls – all these gifts will be of a beauty unimaginable, incomparable to any beauty on Earth.

The original Paradise in the Divine Presence and the highest station (Maq'adu Sidq) is entirely different from the shadow Paradise. The Prophet said that in that Paradise there are no palaces, no gardens and no girls. In their place one will find the Lord's smiling, radiant Countenance. In the first Paradise, the shadow Paradise, the people will regard their Lord's Divine Countenance once a week at the time that we now pray

the weekly congregational prayer (Salat ul-Jum'a). When they take a look at His Face they will forget all else; the Divine lights from His Divine Face will make them forgetful of everything else, this will occupy them until the veils of Majestic Grandeur are lowered; then they will return to their selves. When they are gazing at their Lord's Countenance, they are taken from themselves and are no more there, but when the Veil of Grandeur is lowered, the inhabitants of that Paradise come to themselves and proceed to enjoy their paradisiacal pleasures more than ever – everything will appear new and full of more light than before. But for those who worked in this life for His pleasure, Allah is taking them to His Divine Presence and not letting them out. That is the real Paradise. Our Grandsheikh was saying that to be in the Divine Presence for only one second, he would give all the eight Paradises – it is so valuable an experience.

In general, the people now living in this life like it more than they like the worship of their Lord, for which they are making only minimal efforts. In their hearts, this life takes the first place and Allah takes the second; in the afterlife, they will find everything according to what was their liking here on Earth. The inhabitants of both Paradises will be perfectly pleased with their Lord: those who are in the Divine Presence will be pleased, and the inhabitants of the Gardens will also be pleased – everyone will be content. Now, you are all free to chose: If you prefer physical enjoyments, you will find what you are accustomed to, but if, in this life, you cultivate love for your Lord in your hearts, then, in that life, you will find His Presence.

For each group there will be eternal improvement – everyone will be improving within their stations. Allah Almighty will bestow on them ever increasing bounties, always corresponding to their levels. For example, an immature child is not going to enjoy the company of adults – he will rather seek the company of other children – just as an adult will not be content among children; and so, in the afterlife, each will blossom on his own branch and will never look to his position as being in the least deficient: there will be no envy on the part of the inhabitants of the lower Paradise in regards to those

of the higher realms, for their satisfaction with their Lord's favour will be complete.

*Mevlana, in the light of these good tidings from the secrets of the Holy Qur'an, namely: that Allah's Mercy encompasses all, that the mere assumption of Allah's Mercy is sufficient for attaining it, and that neither body nor soul will shoulder the blame for bad actions and will thus escape punishment – in the light of these teachings the element of fear seems to be negated. So many of us came to Islam because of the fear of Hell that we feel when we read about it in the Holy Qur'an; won't this news of Allah's All-Embracing Mercy eliminate the fear of Hell as a deterrent of bad actions?*

We can understand that punishment is Allah's way of purifying the servant for his entry into bliss. Many people will suffer in their graves, on the Day of Resurrection and in the fires of Hell. Absolute Justice will reprieve both body and soul from punishment, and forgiveness will be granted; but from those dirty actions which have come out of the interaction of body and soul, Allah will create shapes in the exact likeness of the sinners to represent them in Hell. This likeness or effigy will be just as dirty as those actions were, and it will stay in Hell until it is cleaned. In the face of this punishment, one will suffer intensely – his shame will be so great, and at that time so difficult to bear, that he will wish for the Earth to swallow him.

There is a famous tradition (Hadith) from the Holy Prophet which will shed more light upon the point in question. He said that once a man died and was laid in his grave where two Angels came to question him, saying: "Who is your Lord? What is your religion? Who is your Prophet? And what is the Book that he brought?" He withstood this interrogation and gave all the correct answers, so that, when the angels left, an opening formed in his grave and through this entered a person of such beauty, elegance and delightful fragrance that he couldn't turn his eyes away from him. He had never seen such a magnificent person, and his happiness at beholding him was so great that, if it could have been divided among the whole World, no one would have remained sad. He asked that radiant person: "Oh my Lord's servant, who might

you, be?" That person replied with the sweetest voice: "I am your good actions. My Lord created me from the good actions performed throughout your life, and now I am your friend and companion forever."

Then the Prophet went on to say that if, however, a person has spent his life committing evil deeds and then, in his grave, is not able to answer the questions of the Angels correctly, there will come to him a person so ugly, so vile and so wile impossible to imagine. How do you feel when a scorpion or a cobra is creeping up upon you? The disgust and repulsion he will feel at the sight of his horrible shape will be far in excess of that, and he will be thinking only of how he could escape from that grave, but it is impossible and every way he turns he will be facing that hideous apparition. You cannot imagine the distress he will find himself in. Finally, that horrid shape will take him in its arms and embrace him, exuding such a stench, that if you were to smell it now, you would not be able to eat for the next forty days.

Then the person in the grave will say: "I seek refuge in Allah from you! Who are you?" The vile creature will answer: "Don't you recognize me? You were with me all your life and you were very proud of me; I accompanied you to so many bars, casinos and houses of ill repute, and now you will not know me? I am your bad actions; I carried you all your life, and now you must carry me – I shall be with you until Judgement Day." Then, he and his bad actions will lie in that grave, and for that reason the grave is called 'the box of works'.

On the Day of Resurrection, Allah orders for the effigy of those bad actions to be thrown into Hell, while the person stands on the heights between paradise and Hell (Al-A'raf) to observe, in a state of shame and contrition, the punishment being dealt out to him, unto the form of his bad actions. Then, finally, when he has been cleansed of those dirty actions, he is freed of them and passes on to the gates of Paradise.
There he finds two springs, two pools of water big enough for the whole Nation of Mankind (Ummah) to bathe in. In the first spring, all those who enter it will be transformed physically, so that they emerge in a form befitting the inhabitants of

Paradise: if they be male, they will come out as handsome as the Prophet Yusuf and if they be women, they will be transformed into equivalent beauties. From the second spring they will drink, and this drink will eliminate all of the ego's bad characteristics. Both physically and spiritually clean, handsome and excellent, they will pass through a gate so wide that one billion people may pass at one time; but immediately on entering Paradise, each one will find his own private way to his own private Paradise, where he will be with his loved ones.

That is the final destination, but along the way one will encounter many troubles, as the results of bad actions are sufferings. The Prophet said that his Nation (Umma) would often find punishment in this life rather than in the next and that each of those sufferings in this World would amount to forgiveness there. This applies to all people after the time of Muhammed, Peace be upon him, for now all people belong to his Nation, whether they like it or not. There now remains no Nation belonging to any of the former Prophets, as their time has passed and gone. This is the time of the Last Prophet, and, at the end of time, Isa (alai) will return and announce that he and all Prophets before him are followers of Muhammed, on whom be Peace.

## The General Amnesty

Allah Almighty has created Hell for the purpose of cleaning and purifying, as He does not like to make people suffer without wisdom. This is Grandsheikh's understanding and it was also Sheikh Muhiyuddin Ibn al Arabi's understanding of the Holy Tradition (Hadith Qudsi): "My Mercy surpasses My Anger." Therefore, we may hope for the final outcome to be a 'General Amnesty' for everyone, and we are pleased by that prospect. For example, you may be in a palace full of every comfort, but the fact that there are suffering people outside your palace prevents you from being truly happy; when, however, you learn that all those people have attained mercy according to their levels, you will feel relieved and say: "Now Allah has expanded His encompassing Mercy to everyone".

It is a good manner to always think about our own egos as being worthy of eternal

punishment in Hell. We can hope for reprieve only through Allah's All-encompassing Mercy, and we ought never to assume that we will be the first to enter Paradise; instead, we should always think to ourselves: "I am the worst and my ego is the dirtiest; were it not for Allah's Mercy, I would surely be destined for Hell. My only hope is His Forgiveness".

In a famous hadith the Prophet, peace be upon him, is related to have said: "To him who knows no mercy, no mercy will be shown." The merciless person in whose heart there is no wish for mercy for anyone, he will himself not taste of mercy. Mercy attracts more mercy, cruelty attracts cruelty, badness draws badness and goodness draws goodness. But mercy dwells in the hearts of all true believers and therefore, in the face of the punishment, so many saints will run forward offering to take the punishment of so many others upon themselves – this is the degree of mercy and self sacrifice their hearts have attained – however, it is not Allah's way to lay any burden or punishment on his saints in the afterlife, nor to punish any individual for sins he has not committed.

Sultan Al-Arifin, Abu Yazid Al-Bistami, once said: "Oh my Lord, You have Power over all things and You have absolute Power to do anything You wish to do; therefore, I am asking You now to make my body so big as to fill the seven Hells, so that no place remains for other people. Every punishment You would give to Your people, pour it on me instead." Then came the Divine reply: "Oh My servant, are you trying to compete with Me in generosity and mercy whereas I am the Most Merciful of the Merciful (Arham-ur-Rahimeen), the Most Generous of the Generous (Akram-ul-Akrameen)? All your generosity and mercy is only like a drop in an endless ocean compared to My Mercy and Generosity that I am giving out to My servants every minute, and I demand of you no blood sacrifice."

Grandsheikh says: "Whenever I speak on this subject, I am always asking Divine Permission to bring out more and more good tidings of Allah's endless Mercy and Generosity. Now we are giving these good tidings, and if you are not receiving them

with welcome, then you are only making yourselves suffer. If there is anyone objecting and saying that there must be eternal Hell, then he may go there. We are trying to pull them into our Lord's Mercy Oceans – but they intend to put everyone in Hell, and they never think that they themselves will enter it; therefore they are agonized and outraged by our good tidings to the servants of our Lord."

## We Are the Generation of Paradise! - Honour or Disgrace

Yaa Rabbee. Madad, yaa Sayyidee. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah, laa ilaaha illa-Llah, la ilaaha illa-Llah Muhammadun Rasoolullah. For the honor of Your most honored and glorified deputy, we are asking heavenly support and we are saying, as-salaamu `alaykum yaa` ibaadillahi 's-saaliheen! (Mawlana Shaykh sits). As-salaamu `alaykum yaa Rijaalallah. As-salaamu `alayka yaa saahiba 'z-zamaan, as-salaamu `alayka yaa Qutubu 'l-Aqtaab, as-salaamu `alaykum yaa `ibaadullahi 's-saaliheen, amidoona bi-madadikoom.

We are looking for your heavenly support ...most... ones in our times, and we are saying a`oodhu billahi min ash-Shaytaani 'r-rajeem. That Shaytan thinking that no one can be more powerful than himself, and I am saying, itself that lowest level of creatures. No one can be under Shaytan's level. Deepest one! But it is thinking that, "I am powerful." And we are running to the Lord of Heavens as He ordered to say, a`oodhu billahi min ash-Shaytaani 'r-rajeem. And we have been granted heavenly support through the heavenly sword of bismillahi 'r-Rahmaani 'r-Raheem! Bismillahi 'r-Rahmaani 'r-Raheem is protecting us here in this life, in our graveyard, in Judgment Day! Bismillahi 'r-Rahmaani 'r-Raheem. Allahu Akbar!

O Our Attenders! Now we are coming to you. As-salaamu `alaykum! How are you today? Collecting too much money? Yes. Everyone now asking to collect more and more and more from nonsense treasures of this life on this planet. Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah. O our Lord! For the honor of Your

most honored one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

O People! If there was a value of treasures in this world, Allah Almighty was going to make those treasures to fall on His most beloved one as rains! He is able to send from heavens pearls, diamonds, rubies, and emeralds, yes. He is able!

O our Salafi `ulamas! Marhaban! Kayfa ahwaalakum? You like dunya? I think that you may find only a handful of people who hate dunya. Very few people you will find that are not going to prefer rains of pearls, diamonds, rubies, emeralds, and so many kinds of precious stones, if raining. I don't think to be on that place, who is not running to take something from it, very, very, very few ones. Try yourself, don't say to anyone else, but you try yourself. Say, "Shaykh Qurani, how are you going to be if raining one day from heavens emeralds, pearls and diamonds?" What do you think? Say righteously! Say, "I am not running to take even one." Can you say this? Say, for the honor of the most honored one. Are you thinking to run and to take even one diamond or one pearl? What do you think?

Our egos are making us to say, "If it is raining jewels, how I can stand here? I must carry as much as possible, I must collect, and bring a camel with sacks to fill it. But I am not looking to take too much, but they are so beautiful and my wife is going to be too happy! I must put in my pocket some of these pearls, or my wife will come to me with a stick if I tell her I was running in a valley of jewels! But I am scared to put so much, and then I am remembering, saying, 'O my darling, you like diamonds! Therefore I am taking (for you). Because I am a big `alim, scholar, I am only taking and putting to make you happy!'"
(And his wife answers) "O big Shaytan, you are Shaytan! Why not carrying to me even one handful? Instead you are coming to me saying you are zaahid (ascetic)! Why aren't you bringing those jewels of dunya to me?"

O Salafi `ulamas! If Allah Almighty, Qaadirun Muqtadar, the Most Capable Above All Capable, may do anything and everything! Perhaps in deserts He sends an instant rain of jewels! What are you going to do?

O People! Particularly doctors of Shar`iah, you must hear what Allah Almighty is saying! Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh stands.)

•••••••••••••••••• ••••••• ••••• ••••••• •••••••••• ••••••• ••••• •••••••••••• •••••••••• ••••••••••••••• ••••••••• ••••••••••••••

Wa la-nabluwanakum bi shay’in min al-khawf wa'l-ju`i wa naqsun mina'l-amwaali wa 'l-anfus wa 'th-thamaraati wa bashshiri 's-saabireen, Be sure we shall test you with something of fear and hunger, some loss in goods or lives or the fruits (of your toil), but give glad tidings to those who patiently persevere. (2:155)

You know that ayatu 'l-kareema? Wa la-nabluwanakum bi shay. (Mawlana Shaykh sits). Allahu Akbar!!! Allah Almighty is saying, "I am never leaving My servants, I am testing." Tajruba, test them all, they are mukallaf, responsible adults. Wa la-nabluwanakum bi shay "I am not leaving. I am going to try everyone at every level with so many things with different tests."

You understand, Salafi `ulamas? Why are you not saying to people and whole `ulamas? They are saying they are learned ones of Ahlu’l-Sunnah wa’l-Jama`ah or saying they are Shi`a, and that addressing, that khitaab of Allah is coming to them also. But the Lord of Heavens is looking to His servants, trying and testing them, making some of them to sit on hives of bees, saying, "Stay here but don't touch, that is amaana (a trust)." Is that true?

When the Lord of Heavens is saying, "Don't touch it," Shaytan is coming around and saying, "What are you doing here?"
"I am guardian on this hive."
"You tasted some of it?"
"It is forbidden to taste."
“Why? Yes, if not eating, but taste a little bit, look I am tasting.”
"Don't touch, this is amaana, a trust."
“Put a little bit, like this (in your mouth).”
“I can't.”

Shaytan is never leaving until cheating him or putting a trap for him and using its countless tricks, saying, "Put a little bit (from that trust). Happy for me?" IT is never coming to his memory is from Shaytan, and when he looks, he sees Shaytan takes that and nothing happened, so he is also taking (from what is forbidden).

O People! O Salafi `ulamas!! I never heard from Salafi `ulamas or other doctors of Shari`ah or `ulamas from

al-Azhar, to say in their speeches or addressing to people, warning people and saying, "O People, do you know that we were nasl al-Jannah, the generation of Paradise?" Yes. We don't know because you are not saying such things, Salafi `ulamas! Are you saying this?! Bring your addressing and declaration to people! Did you ever you say, "O Mankind, you were a generation of Paradise?" Is it true? We are nasl, generation of Paradise, and how it happened, we are thrown out of Paradise? Why are you not making clear what happened to Adam and Eve? Why are you not speaking of their generation? (Mawlana Shaykh stands.)

Allah Almighty is asking that honor to come into existence, and He appointed Mankind deputies, the highest rank of all Creation.This is an ocean of knowledge; what is coming to me to speak about such things is a reality and ocean of knowledge opening to Adam (a), whom Allah Almighty created by His divinely hands. (Mawlana Shaykh sits).

O Salafi `ulamas! Allah Almighty, jalla jalaaluhu, is giving hands to His deputies, what do you think? Does He have Hands? He is without hands and only giving us hands? Yes? Give an answer. Say, is there a Hand for Allah jalla jalaaluh? But you aren't able to know about the real being of the Hands of the Lord of Heavens.

Who is giving from His endless treasures of everything, Who is granting? Who is sending from skies rains and giving countless pleasures to Earth? And you, Mankind, eat and get pleasure, in endless pleasement. Without a hand, Allah (swt) is sending? Do you know such things? I don't know, but now it is coming and I am saying. I don't claim that I know such things, I know nothing! But the Lord of Heavens, according to His Divinely Will, is sending to His beloved one, and that beloved one is sending to someone in his ummah, and no one knows them, only that most well-knowing one knows as much as his Lord is giving to him, the Seal of Prophets (s). (Mawlana shaykh stands and sits.) How is He giving? Salafi `ulamas, say!!! Say realities, because some people are asking! And people, from beginning up to end, are drunk now and they are asking such a question!

Yes, Adam and Eve were in Paradise because their ranks were so high and it was impossible with that honor to be sent on Earth, full with every trouble, everything giving trouble to people, to Mankind. But the Lord of Heavens was asking that new Creation for them in a place according to maqaam, station, according to their honors. Therefore, Paradise was in existence and Allah Almighty created Adam there and getting up. Then what happened, because Man was tested to be under imtihaan, `inda 'l-imtihaan yukramu al-mar'u aw

yuhaan (from a test, whether we succeed or not). Allah Almighty asking to give much more to Adam (a), to give to him higher Paradise's stations, but first testing and he fell down. Saying, "No, you must get out." What was the reason, O Salafi `ulamas, you know it?

••••• ••••••••• ••••••• •••••••••••• •••••••••• •••• ••••••••••••

wa laa taqrabaa haadhihi 'sh-shajarata fatakoona mina 'zh-zhaalimeen, Don't approach this tree, for you will be of the sinners. (7:19)

Ayatul-kareema. (Mawlana Shaykh stands.) Holy order of the Lord of Heavens, "I am giving everything, but I am preventing you from that tree. And I am Lord, you are My servant. I have My right to test you, and every test is going to be a reason for a person either to get up or to fall down." (Mawlana Shaykh sits.)

Yes, they are making me to speak on a hive of bees! Shaytan coming, saying, as it came, entering Paradise and saying, "Don't eat, but taste, taste! I am happy! I am coming to you to give much more honor and to know much more from secret knowledges!" That is tree from secret things that no one knows but the Lord of Heavens. But they are hearing and listening and following shaytanic advice, shaytanic suggestions, "Come! Don't eat, but taste just a little bit." When putting that here (Mawlana Shaykh points to mouth), that raining from Divinely Existence coming on them is immediately cut off, and they are standing, naked ones!

O People! Say such wisdoms. Holy Qur'an is not a book of histories, but you must take hikmat, wisdom. Say to people, "You must not run after dunya, but you must run after heavenly grants, you must run after that one not sufli, lowest level. Try!" But the `ulamas are not saying such a things. I am nothing, but making me to address all people from east to west, from book-given people also whom are granted Old Testament and Injeel Shareef (New Testament), to all of them: I am bombarding shaytanic aspects! That is my mission, and this is very, very, very simple bombardment. Heavy bombardment coming after me. O people, look, listen and accept or heavy bombardment taking you away. May Allah forgive us, for the sake of most honored one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

Fatihah.

Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah yaa Rabbee.

(40 minutes) Mashaa-Allah, alhamdulillah.

(Mawlana Shaykh speaks with his beloved daughter, Hajjah Naziha, on the phone.)

## Genetic Engineering: Don't involve yourself in the Will of the Creator

The sign of perfection of a servant is to accept everything. A perfect person will see everything which happens in the past, present or future as perfect. If we see anything which is imperfect, it is perfect in its imperfection. The highest adab of a servant is to be able to see everything as perfect. Could you imagine a wezir in the presence of a sultan to say that something is wrong, even if he was allowed? Never! This is how people should behave towards each other, so how about towards Allah?
Imam Ghazzali said, "It is impossible for anything more suitable for this time to be in existence now. Tomorrow it may be changed." Servants must learn to accept everything from the Lord in an excellent way and to say, "As You like! What You did is perfect." This is the highest level a servant can reach. Any objection would be an involvement in His Will meaning to put your will above His. That is the biggest sin, to want to prevent His Will. If you do, it is possible that something could appear in the beginning which you like, but then something much more powerful will develop which is out of your control.

For example: people wanted to put a barrier in front of the River Nile to cause it to run the way they wanted, not the way the Lord wanted. What is the result of this involvement? Now the River Nile is going deeper than the 100 meter deep columns carrying the foundation of the dam, and the water is starting to creep through it. After some time it will be torn down and all of Egypt will drown. It is a teaching not to involve in such matters.

Today someone wrote me a letter telling me of a rose she had given me a few days ago. She thought it was a normal rose, but then she understood that it only had the appearance of a rose. It had sacrificed its smell to be able to grow quicker. Man had genetically interfered and made the rose grow in a few hours, what would normally take a few days. This is the kind of nonsense involvement mankind is doing now. It will result in a terrible end. Tomatoes are made to grow quickly, in 2-3 hours they get their size. Chicken can reach the size of a 3-4 month old chicken in 3-4 days! All of this harms and destroys people. Terrible involvement from scientists give horrendous harm to the physical body as well as to the spiritual lives of people.

Scientists say that they have to genetically engineer to be able to feed people. They need quick production and quick consumption, because people are wasting in a big way. That which is necessary for mankind is 1% of what they are producing. They throw away 99%. This is why they think they need to interfere. Everything in the life of man is getting worse and worse. People now are brothers of satan because they are wasting. If they wouldn't, the naturally grown food would be enough.

Physically and spiritually people have lost their health. They have no peace, they are punished from both sides. Just this one word of tariqats could save all nations, "Not to involve in the affairs of Allah the Almighty." He knows what is necessary for all nations. They say that the oceans are polluted because so many things are poisoning and killing it. Technology is the greatest danger for everyone. Until it is defeated and thrown away, there will be no more peace physically or spiritually. When Mehdi comes after the biggest war he will be ordered to stop everything by saying, "Allahu akbar, Allahu akbar, Allahu akbar!" These three tekbirs will destroy technology. It will be finished!

People have been given such a huge power through the use of electricity. But instead of using it for the benefit of mankind, they used it to destroy mankind physically and spiritually. This is why the tekbir will destroy the power of electricity and the technology with it.

Try not to be slaves of technology! Avoid it as much as possible and use less and less. Try to use natural ways, if you have a choice. Live your life with nature. Don't run away from nature. If you run away from nature everything which is against nature will follow you, destroy you and kill you! The best is to be as Allah asks you to be: simple! Be free! Don't let anyone force you and employ you as their servant. Make yourself free of technology. Everything Allah has created is excellent and best.

When your thoughts become clean, you will be clean of everything. As long as your mind is dirty you cannot reach cleanliness, which means there is no rest for you physically or spiritually. People are now losing their spiritual balance, so they decline spiritually and physically. Beware and keep good behaviour in front of Allah. Whatever Allah says is right! When He says something is wrong, then it is wrong. If you want to know what is right or wrong use the balance of Islam, the balance of the Shariah which is the balance of Heavens. If it is good, keep it. If it is bad, leave it! Try to come from badness to goodness. Don't allow yourself to run from goodness to badness. That is rebellious. The first rebellious one was satan. May Allah help us to change our direction from a bad to a right direction.

## Get Connected!

Even if you feel strong, don't use your knowledge and waste your energy on those who will never understand. Give them what they need and that with which they will be happy. Give the donkey straw and barley to the horse. Cats will never like barley. Grandsheik used to tell me the following story:

Once upon a time a person told his neighbour, "My cat only eats meat, nothing else."
*"You are not giving it a good education. Give it to me for 3 days. I will teach it to even eat barley."*
"That sounds impossible."
*"Don't worry, I am an expert in such matters."*

So the neighbour gave his cat to him. He took the cat, put it in a cage with only water inside. Outside he put a pot of barley mixed with water. The cat started to miau. This continued for 3 days. Then the man went next door and told his neighbour to come and have a look, "Now your cat knows how to eat barley, I have just finished teaching it."

The owner came and opened the cage. The barley was still standing there and the cat ran straight to it and started eating with pleasure. In the same way, if a person does not understand, do not waste. Give everyone what they need. No more! If you give more, you will waste your knowledge. If a person starts arguing with

you, don't argue back, because arguments will extinguish the lights of faith. If foolish people come to argue with you, tell them, "I do not believe what you believe in, so go away!"

Islam has perfection, because it is not man-made, it has come from Heavens. It came down to give a perfect programme for the life of mankind. Nowadays there are many people who are computer programmers. You wouldn't be able to do that. Not everyone can. Before you do, you must learn a lot. The complete programme of life in its perfect conditions has been programmed by the Lord of Heavens. Our minds could not work out such a complete programme. This is knowledge which everyone should know.

Islam has come to make connections between human beings. It never wants people to be cut-off from each other. Men and women should be connected as husbands and wives; children with each other; sisters; neighbours; students and teachers, teachers and students; governments with the public, the public with governments... Islam never makes it possible for connections between mankind to be cut-off.

In our days it is the opposite. We find everyone separated and everyone wants to be in their own tower independently. They say, "I am alone and I like to live my own life, I don't care about others. I am in my ivory tower." They want to be silkworms in their cocoon. That is the fashion. People want to be separated from everyone. No-one can be closer to you than your parents. But nowadays people escape from their parents. They want to be free, by themselves. Even when people marry they want to be free, they want to be in their own cocoons. Sometimes already after the first night.

Fanatical unbelievers calling themselves Muslims are behaving in a way that most people cannot accept Islam today. Islam does not give a person a chance to separate from their own centre. But today our children tell us that we are old-fashioned and that they know better. They do not want any advice. They cut themselves off from the ones who are closest to them. Islam put people together in a perfect connection.

When a tree grows the wood gets harder and higher. After a while it will get branches, but those branches will always be connected to the roots. Branches are fresh, but they are not too proud to be connected. If they would, the axe would cut them off and after a few minutes they would be dead. In the old days people were with their parents. They would cry if their parents would build a new house for them to go and live in. They were under their wings because Heavenly Blessings come through the old ones, come through the roots.

The more a community holds together, the more power, light, wisdom and blessings from Allah it will get. If it doesn't, it will lose the blessings, wisdom, lights and even its life. That is why Islam has so many enemies, because it connects people, connects their hearts and does not give the people a chance to be cut-off from their ancestors, roots and cultures. Nowadays those devils have put every culture upside down. You must fight against every idea concerning that point. You will never find any 'ism' to teach people any good manners. Every 'ism' wants to separate people from each other. That is the main aim of the satanic kingdom on earth. Satan has established his kingdom on earth and he knows, that if the connections are not cut-off between people, the satanic kingdom cannot be in force. So every means is being used to separate people from each other. Sheik Sharaffudin told Grandsheik that there would come a period in which 5 enemies will sit down at one table and eat; wife and husband against each other, children against their parents and amongst themselves... That is the time in which we are living.

People are even against each other when it comes to which football team they are supporting. That foolish football even causes people to kill each other! Islam takes away all those bad manners and will bring perfection. When satan sees two people sitting together and being happy, he will come up to one of them and start whispering, "Why are you sitting with that person, he is such an idiot!" Then he will go to the other one and whisper, "Look at him, he is only thinking about himself!" That is how quarrels start...

**Giddyup!**

---

Dastur Ya Sayyidi, madad. Dua after food. May what we eat and drink be a strength for us that will draw us near to our Lord. As-Salamu Alaikum O attending ones. Dastur Ya RijalAllah; O who carry the manifestations of Allah's Qudrat (Omnipotence), the awliya. Those awliya are the holy ones who are granted the manifestation of Qudrat. Above them are the Prophets, above the Prophets are the Ulu'l Azm Prophets and above all of them is our Great Prophet Sayyidina Muhammad (sas).

The one who represents Allah Almighty is our Prophet (sas). Stand up. Glorify the Prophet (sas). Ya Sayyidi Ya Rasulullah. We reached the morning in goodness, insha Allah we reach the evening in goodness also. May our day be good, may it be blessed. May it be joyful. May Allah Almighty dress us in the dress of iftikhar (honour). Marhaba O children of Adam who have faith. O mankind who believe in spirituality, listen! Listen! Listen and obey! This is a sohbat. Everyone takes his own share. We are also here to take a piece from the Divine Manifestation (fuyudat) which descended on our Prophet (sas) and which came from him to the awliya who are his deputies. We may take a piece from it so that we find strength, so that Allah Almighty dresses us in the dress of majesty.

Of course the Lord Al-Jalil (Majestic) is Allah Almighty (jj), He (swt) doesn't want His servant to be debased. The Lord Al-Jalil also wants the servanthood dress that His servant dresses in to be the dress of honour. There are two kinds of servanthood: one is the dress which is dressed on who is aware of his servanthood and the second dress is the one which is dressed on who is not aware of his servanthood. Beautiful dresses are for humans because they are aware of their humanity, because they are aware of their servanthood. Who is not aware of his servanthood is a fourlegged one and what is dressed on them is a saddle. They put saddles on them. Man... What is

the most majestic one, the closest one to man among animals is the horse. They ride horses. For the others, four-legged donkeys are enough. Who don't ride it walk on foot.
Marhaban. Expand. Be relieved. Marhaba descended from the Heavens. And we too are saying marhaba to our listeners. They say "giddy up!" for who don't listen. Who don't listen are fourlegged. For who listen, it is said "Marhaba" in respect to them. For the others, for who don't listen they say "Giddy up!". If they don't understand, they are hit with a stick. If they don't understand, they are whipped. Insha Allah we don't fall into the "Giddy up" category. Because Allah Almighty honoured us. Mankind is not addressed with "giddy up". It can be said for animals but can't be said for mankind. "Giddy up!" is for animals. For man the address which is suitable for his level and honour comes.
We may say Bismillahi r-Rahmani r-Rahim before this entrance. We may stand up and recite the Holy Name of Allah Almighty; the Bismillah which is written on the Divine Throne. We may say it, we may be proud with it. Who says Bismillahi r-Rahmani r-Rahim is an accepted one on earth and in the Heavens. It is the Effendi (good manner) attribute. Who don't say it are in the "giddy up" category. The people of this time, all of them, only understand when they are addressed with "Giddy up!" If they still don't understand, they are beaten with a stick. If they still don't understand after the stick, they are whipped. When they are not whipped, they are hit with the stirrup. It is an insult for Man. Man should be aware of his honour.
The honour of man starts with saying Bismillahi r-Rahmani r-Rahim. Masha Allah. Which category do those who don't say Bismillahi r-Rahmani r-Rahim belong to? They are in the "Giddy up!" category. Man is two-legged and the address to Man is marhaba. This is his address. You can't say marhaba to the four-legged ones. How do the ones in four-legged category understand? "Giddy up!" The people of this time don't know or don't seek what gives them honour because, they call it the 21st century but Allah knows which century it is. Shaytan mounted them and makes all of them move saying "giddy up!". There is no nation left, nor any leader who is left in power in these nations among today's people who obeys and shows respect for the Heavenly decree. They are ashamed to say Bismillahi r-Rahmani r-Rahim. Shame on you. He comes and sits on the chair. And then he stands up. He doesn't greet with Salam. He says "O my brothers!" What brothers? You are not blood brothers. Brotherhood here means the brotherhood of "giddy up!" category, in which, not sometimes but all the time, they kick each

other. They kick each other, they bite each other. They bang into each other. This is not humanity. This is not the state of humanity but of the "giddy up"category.
The human category say Bismillahi r-Rahmani r-Rahim when they stand up. Why don't you say it? You sit all proud in the parliament, read this, say that... What is it that you speak? Who is your audience? What you speak is straw. It cannot even be considered as straw, rotten straw. And your audience is the "giddy up!" level ones. There is such a fight among them. What makes man, Man is Bismillahi r-Rahmani r-Rahim. If you see someone saying Bismillahi r-Rahmani r-Rahim it means he is in the human category and he is an honoured one. He is a granted, respected one whose respect in Heavens is immediately remembered. He (swt) says "My servant remembered My Holy Name", The Lord Almighty to Whom the sovereignty of Heavens & Earth belongs. "This is My servant! He remembered My Holy Name". People find it difficult to say. Ok, we understand that Christians and Jews don't say it but what about the Muslim World? What about you? You are pushing to put yourselves in "giddy up" category. We see the situation of those who do. You see them also. What shaytan strives for is to make all mankind enter the "giddy up" category.
"Ya 'Ayyuha Al-'Insanu" (82:6). There is an addressing. "O honoured man! Your honour is with saying Bismillahi r-Rahmani r-Rahim. If you don't say, you can dress any dress you like, you can dress any uniform you like, you can dress any rank you like: whether you call it modern, military, civil, irregular soldier, whatever... your value is the same, it is the same. Now shaytan, may Allah make him far away from us, what scares him is only "Audhu Billahi min al shaytanir rajim, Bismillahi r-Rahmani r-Rahim". When you say this, he fears you, he doesn't get close to you. If you don't say it, he says "Oh, this is from our men. This one is from us". "Which category, which level does he belong to?" This is one who represents the "giddy up" category at a high level. He is their deputy". "Is there anyone above him?" "Yes, there is. There are ones whose saddle is even heavier. We can't get close to them, they are very high level "giddy up" ones.
We are poor ones". Poor ones, whose poor ones are you? The poor ones of Allah, stand in the door of Allah! You won't be left idle, you won't be left unattended, you won't be left hungry. You won't be left unemployed or jobless. Say! Say Bismillahi r-Rahmani r-Rahim and Allah dresses you in the dress of honour, Allah Jalla Jalaluhu, Jallat Azamatuhu. "No, we don't say it". If you don't say, go and join the "giddy up" category. It is calling for you on the other side. It has pubs,

brothels, all kinds of dirty places. It calls for the "giddy up" ones there. Dunya is full with them, the giddy up category people! They run in the streets. For what? "We are in the giddy up category but there is nothing in our hands! Meaning whatever those things that the "giddy up" category invented we are not able to do them. We can't get enough, this money is not enough. This salary is not enough". "The money is not enough? How come?" Money is more than enough. But the money of the giddy up level is paper.

There is also the Effendi category. The honoured men have gold. But these ones fell down to the paper. They fell down to paper and they can't even have enough of it let alone giving people gold. If you give them gold, the giddy up ones don't accept it. They say "Paper, give me paper". You should understand O man - which category do you belong to? If you are in the "giddy up!" category, they will whip you. They will put a saddle on you. They will put loads on you. Finally you will go crazy, pour into the streets and call: "this load is too heavy and what is given us is not enough. We are not able to do the inventions of "giddy up" category. Give us more!". Whole world, the people of the 21sth century are screaming like this.

Why do you scream in the streets? Why don't you turn, turn to the qiblah and say "O my Lord Who created me. I am remembering Your Holy Name Bismillahi r-Rahmani r-Rahim. I am at Your door O Lord. You are Who created me out of nothing". They can't say, they are not allowed to say... Who is the president of the giddy ups? Shaytan, he is shaytan. He is constantly whipping. He is constantly giving hope: "We will do this, we will do that, we will destroy this..." You make a mess! Although paper money is the easiest one, they can't even have enough of it. How can they? Yahu, this paper money is not printed in only one specific place. Whoever has a printing house can print it. When a person gets a 100 dollar banknote is he going to go to the bank each time to validate it? "Is this dollar valid? This yarimo..." They abbreviated "yarimo" and called it "euro". Yarima is euro. And when he says euro, he means "move! take the euro and go!" "Where can we go to? There is no street in front of us. What we have in our hand is not valid anywhere". So all these people, if they want they can print one billion everyday. What value does it have? It has no value. Because paper is paper.

Do you have gold? Gold is for Man. Banknote is for the "giddy up!" level. Shaytan has put all the nations into the "giddy up" category; made them forget Allah, made them forget the gold. He has

made them forget the "marhaba", made them to forget the respect, brought them to the situation that they don't know themselves anymore. Why do you claim greatness? In the end who is their master? The master of "giddy up" is shaytan. Don't go too far. What is all this screaming of yours? I will change but someone else will come and he will corrupt you even more. For what? He will remove the banknote I print and put another banknote. They don't think if he will bring gold or not. Democracy, democracy... @#*!-racy! Can democracy ever bring you gold? All these Sultans came and passed, they used gold and silver. But you don't like it now. You say "we will keep democracy". Ok, keep. All kinds of democratic systems belong to the "giddy up" ones.
Our ancestors would use gold, would trade with gold. They would pay with, do business with gold and silver. Because Allah Almighty informed His Beloved: "Give the worker his wages before his sweat dries". What about the ones now? They give a paper and say "go get your money from the bank". "You pay!" "Why should I pay? I wrote your name on it. Take it and go" Everything is upside down because this century is the century of "giddy up" level. May they be taken away, may they be taken away. Since they don't accept the "Effendi" level, since they don't accept to be Effendi but accept the giddy up level, let them struggle then! They turn on that shaytan box - from evening till morning fights. From morning till evening, again fights. It is endless. There is no end to it. It is very good for them; to kick and scream in the streets feels very good to the "giddy up" level. Don't you ever think to leave the "giddy up" level and come to the servanthood level and accept your Lord? Make service for your Lord and He doesn't leave you idle. He (swt) honours you, He (swt) grants you from halal.
Now men and women, all of them became madjaz. Women are not aware of their womenhood. Men are not aware of their manhood. They made it such a mess that neither the constitution... "Why do you tell me about the constitution?" (In Turkish, mother law). "Is there no father law?" "Yahu Shaykh Effendi, what father law? They call it the mother law". "Motherlaw. Does it give birth?" "Yes, for too many". Everyday they make so many new laws. And the next day, just like how children write something in their notebooks and tear it out when they don't like it, they change the law they made yesterday. For what? "It was the mother law yesterday, we brought father law". "What is the difference in the father law?" "No difference. This is the governing system of the giddy up level people that, is a marvelous system. We call it democracy". "So democracy is this. Democracy..." "I think you got old and senile. Democracy is of two kinds". We

asked "What are they?" One of them is the animal level, and second kind mount the animal level, which are the "giddy up" ones they turned into animals". Nothing else. They don't care if they are hungry or not. Look everywhere in the world, the "giddy up" level scream and shout but they don't gain anything other than the beating and insults they go through.

Man is honoured, Man cannot be insulted. Man cannot be beaten, man cannot be sworn at. This is the honour Allah Almighty granted mankind. Why don't you keep this? "Which century are we in Shaykh Effendi? I don't think you understand it yet. It is the rule of the "giddy up" level. What you are saying is old, its time has passed. Now we are all the same. We are all equals, have no difference". "Really, what are you all?" "We are all in the giddy up level. Why do you ask for another level? Here, we fight and whoever eats the other one takes his place, says I brought you a new law". Don't bring any law. Bring what these people want. First of all bring justice. First bring fairness. First take the people under control. First of all don't leave any freeloaders, don't leave any dirty places. You do this first. The order lies in this". "No, we are the heads of the "giddy up" level therefore we get on their necks, whip and make them move".

So the people forgot to say Bismillahi r-Rahmani r-Rahim. They don't like it, they say "we won't say it". Which category do you belong to if you don't say? The giddy up category. Do you see the giddy up ones ever say the Bismillah? We also don't say. Why do you try to make us say the Bismillah in this time?" Ok. You pass to this side, enter. The giddy up level gives you barley... There is no barley left, so straw. There is no straw left either, they give you the dry grass. Can the people go with dry grass? The honour of Man lies in saying Bismillahi r-Rahmani r-Rahim. You should hold on to it in order to pass to the Man category. If you leave it, you fall to the "giddy up" category. He has no head or bottom anymore, it consumes it all...

The whole world's troubles, calamities, punishments and sufferings are because they left the Bismillah. If they say the Bismillah this world will be a different world. Now a half is given in place of one. At that time He (swt) gives forty for one, gives forty for one who plants with the Bismillah. He (swt) gives 40 for one; 50, 60, 70, 100 for one for what is planted with the Bismillah. He is Allah, His treasures are endless. "We don't say it". Ok, pass to this side, you belong to "giddy up" level. The whole fight is all about this. And Masha Allah, our scholars also can't open their mouths. They can't open because they say "What should we say?" Say what you know. Say the Bismillah. Even if we speak the Bismillah till the Day of Judgement... It is an

endless treasure. Who forgets the Bismillah is forgotten. A person couldn't find any job. So what did he do? He went to the dargah, he went to the mosque, he went to the masjid... He said "instead of wandering around idle, let me make service at my Lord's door. I have nothing in my pocket". When he is returning to his home he may find on the door of his home or on the way he walks to his home not paper, but he may find gold.

"Wa Ma Dhalika `Ala Allahi Bi`aziz" (35:17). Is it difficult for Allah Almighty to do this? He (swt) can make gold be thrown there and that gold is enough for him for a month. But there is no faith in spirituality anymore, no faith in the Bismillah. If there is no faith anymore suffer what comes on your heads because what you eat in the "giddy up" level is straw, your load is WC, and your honour is the beatings you will get. This is all about it. Come to your senses. Don't enter the "giddy up" level. "No, we have to enter regardless". If you do, then suffer all this". We may say Bismillahi r-Rahmani r-Rahim. O our Lord, don't let us forget Your Holy Name O Lord. May You not let us follow our dirty ego. May You not expel us from Your servanthood. O our Lord, shaytan wants to put us into the "giddy up" level. We want Your Presence O Lord". He walks around idle: Go and sit in the mosque! But he doesn't. If he did, he can find paper and also gold in front of him. He can find silver too. He finds banknote. "Wa Ma Dhalika `Ala Allahi Bi`aziz" It is not difficult for Allah. He (swt) provides, provides more and more.

It is the Bismillah. If a person was to advise about the benefits of the Bismillah it wouldn't finish from the beginning of the world till its end. But our scholars come out and say "this that...". All their address is for the giddy up level. Leave the giddy up level and address to Man. "Ya 'Ayyuha Al-'Insanu". 'Inna Khalaqnakum Min Dhakarin Wa 'Untha" (49:13). Is it not so? Allah says "Who creates is Me!". "Wa Ma Min Dabbatin Fƒ´ l-'Ardi 'Illa `Ala Allahi Rizquha Wa Ya`lamu Mustaqarraha" (11:6). Allah Almighty says "The provision of all the creation on earth is in our Hand". And Who knows what will be given where Allah is. Walk and you will find. But the people of the 21st century insist, they say "we won't say, we won't leave the giddy up level". Ok, stay there. Continue to kick and stamp. There is more to come. There will be no end to the whips they will have.

Aman Ya Rabbi, tawba Ya Rabbi. Repent O listeners! If you don't listen, if you turn your nose up your nose may be broken! He (swt) makes you fall into such a punishment that everyone runs

away from you. And finally they carry you and bury you in the graveyard. They disinfect you also, saying "This one stinks, he needs disinfectant." They don't even wash you to not get infected. They just put disinfectant on you and in some places they even burn the corpse and throw the ashes in a hole. O Man! Keep your human level. Be aware of the power and respect of your humanity. Or else if you insist to stay in the "giddy up" level, there will be no end to the whips you get. And finally they throw you into some hole, that whoever is there closes their noses with their napkins to not smell that bad smell.

O our Lord, may You not make us fall into such a situation. And May Allah Almighty remove the ones who call us to such a situation. And the nations, governments may come who will make us say Bismillahi r-Rahmanir r-Rahim. May reasonable men come. May You send us servants who will show us the ways of shukur to You, who will make us love Worship O Lord. Hospitals are so full they can't accept patients. There are more pharmacies than grocery shops. Everywhere is in total chaos. What is the reason for all this? Because they forgot the Bismillah. Say the Bismillah and your dunya and akhirah will be prosperous. We may say Bismillahi r-Rahmanir Rahim.

Ya Rabbi, Ya Rabbi, Ya Rabbi. May You accept our servanthood. May You send us the Master, the Sultan O Lord, who will drive all of us to Your way. We are sick and tired of the giddy up level and their governing systems. If there are some who are not tired yet, they'll suffer more and let them suffer. O Lord, may You send us a Sultan who will execute Your rule on earth. May our faces be enlightened and our hearts be pure. May we live in happiness. May we run to Your service with happiness O our Lord. Wa min Allah at-tawfiq. Allahu Akbar Allahu Akbar Allahu Akbar wa liLlahi l-Hamd. Bismillahi r-Rahmani r-Rahim. Fatiha.

Is there anything wrong S. Mehmet Effendi?

S.M. Astaghfirullah.

M. What can we do? People insist: "We will never leave the giddy up level" Don't leave if you don't want to. Continue screaming in the streets. What is its benefit? Nothing. May Allah not make us follow our dirty ego, O son. We should pray, We should pray to our Lord so that Allah Almighty makes the ways of Worship easy for us. What can we do? Shukur Allah, shukur Allah.. We want our children, our families, our nation to pass to the human level. That they know the

service of servanthood, know their Lord and are servants to Him. Forgive us O Allah!
Fatiha.

Wir mögen ein Stück davon nehmen, so daß wir Stärke daraus beziehen, damit Allah der Allmächtige uns mit dem Kleid der Majestät bekleidet. Natürlich ist der Herr Al-Jalil, der Majestätische, Allah der Allmächtige (jj). Er will nicht, daß Sein Diener erniedrigt wird. Der Herr Al-Jalil will auch, daß das Kleid der Dienerschaft, das Sein Diener trägt, das Ehrenkleid ist. Es gibt zwei Arten von Dienerschaft: eine ist das Kleid, mit dem der bekleidet wird, dem seine Dienerschaft bewußt ist, und das zweite Kleid ist das, mit dem der bekleidet wird, dem seine Dienerschaft nicht bewußt ist. Schöne Kleider sind für die Menschlichen, weil ihnen ihre Menschlichkeit bewußt ist, weil ihnen ihre Dienerschaft bewußt ist. Wer sich seiner Dienerschaft nicht bewußt ist, ist ein Vierbeiner, und was ihm aufgesetzt wird, ist ein Sattel. Sie setzen ihnen Sättel auf. Der Mensch.. Das majestätischte, das dem Menschen am nächsten unter den Tieren ist, ist das Pferd. Sie reiten

auf Pferden. Für die anderen sind vierbeinige Esel genug. Wer nicht auf ihnen reitet, geht zu Fuß.
Marhaban. Macht euch weit. Seid entlastet. Marhaba kam von den Himmeln herab. Und auch wir sagen Marhaba zu unseren Zuhörern. Sie sagen: Hü! für die, die nicht zuhören. Wer nicht zuhört, ist ein Vierbeiner. Für die, die zuhören, heißt es "Marhaba" aus Respekt für sie. Für die, die nicht zuhören, sagen sie: Hü! Wenn sie nicht verstehen, werden sie mit einem Stock geschlagen. Wenn sie nicht verstehen, werden sie gepeitscht. Insha'Allah gehören wir nicht zur Hü-Kategorie. Weil Allah der Allmächtige uns geehrt hat, wird die Menschheit nicht mit 'Hü!' angesprochen. Es kann für die Tiere gesagt werden, aber nicht von der Menschheit. 'Hü!' ist für Tiere. Für den Menschen kommt die seiner Stufe und Ehre angemessene Anrede. Wir sagen Bismillahi r-Rahmani r-Rahim vor dieser Einleitung. Wir stehen auf und rezitieren den Heiligen Namen Allahs des Allmächtigen, das Bismillah, das auf dem Thron geschrieben steht. Wir sagen es, wir können stolz darauf sein. Wer sagt Bismillahi r-Rahmani r-Rahim, ist anerkannt auf Erden und in den Himmeln. Es ist das Effendi Attribut, das Attribut des guten Benehmens. Wer es nicht sagt, fällt unter die Hü-Kategorie.
Die Menschen dieser Zeit, verstehen alle nur, wenn sie mit 'Hü!' angesprochen werden. Wenn sie trotzdem nicht verstehen, werden sie mit dem Stock geschlagen. Wenn sie nach dem Stock immer noch nicht verstehen, kosten sie die Peitsche. Wenn sie nicht gepeitscht werden, werden sie mit dem Steigbügel geschlagen. Es ist eine Beleidigung für den Menschen. Der Mensch sollte sich seiner Ehre bewußt sein. Die Ehre des Menschen beginnt mit dem Sagen von Bismillahi r-Rahmani r-Rahim. Masha'Allah. Zu welcher Kategorie gehören die, die nicht Bismillahi r-Rahmani r-Rahim sagen? Sie gehören zur Hü-Kategorie. Der Mensch ist ein Zweibeiner und wird mit "Marhaba" angesprochen. Das ist seine Ansprache. Du kannst nicht Marhaba zu den Vierbeinern sagen. Wie verstehen diejenigen der Vierbeiner-Kategorie? 'Hü!' Die Menschen dieser Zeit wissen nicht oder suchen nicht, was ihnen zur Ehre gereicht, weil sie es das 21. Jahrhundert nennen, aber Allah weiß, welches Jahrhundert es ist.
Shaytan bestieg sie und ließ sie alle losgehen mit dem Wort 'Hü'. Es gibt keine Nation mehr und auch keinen Führer an der Macht in diesen Nationen unter den heutigen Menschen, die dem himmlischen Gebot folgen. Sie schämen sich, Bismillahi r-Rahmani r-Rahim zu sagen. Schande

auf euch. Er kommt und setzt sich auf den Stuhl. Und dann steht er auf. Er grüßt nicht mit Salam. Er sagt: O meine Brüder! Welche Brüder? Ihr seid keine Blutsbrüder. Brüderschaft bedeutet hier die Brüderschaft der Hü-Kategorie, in der sie nicht manchmal, sondern immer sich gegenseitig stoßen. Sie stoßen sich gegenseitig, sie beißen sich gegenseitig. Sie schubsen sich. Das ist keine Menschlichkeit. Das ist nicht der Zustand der Menschlichkeit, sondern der Hü-Kategorie. Die Mensch-Kategorie sagt Bismillahi r-Rahmani r-Rahim, wenn sie aufstehen. Warum sagt ihr es nicht? Ihr sitzt alle voller Stolz im Parlament, lest dies, sagt das.. Was ist es, was ihr sagt? Wer ist euer Publikum? Was ihr redet, ist Stroh. Es kann nicht mal als Stroh angesehen werden, verschimmeltes Stroh. Und euer Publikum sind die der Hü-Kategorie. Es ist so ein Kampf zwischen ihnen.

Was den Menschen ausmacht, ist Bismillahi r-Rahmani r-Rahim. Wenn ihr jemanden seht, der Bismillahi r-Rahmani r-Rahim sagt, bedeutet das, er ist in der Mensch-Kategorie und geehrt. Ihm wurde gegeben, er ist geehrt, und sein Respekt wird in den Himmeln sofort erinnert. Er (swt) sagt: 'Mein Diener hat Meinen Heiligen Namen erinnert, den Allmächtigen Herrn, Dem die Oberherrschaft von Himmel und Erde gehört. Das ist Mein Diener! Er hat Meines Namens gedacht.' Die Menschen finden es schwer, es zu sagen. Okay, wir verstehen, daß die Christen und Juden es nicht sagen, aber was ist mit der Muslimwelt? Was ist mit euch? Ihr drängt euch, um in der Hü-Kategorie zu sein. Wir sehen die Lage jener, die das tun. Ihr seht sie auch. Wonach Shaytan strebt, ist, die ganze Menschheit in die Hü-Kategorie zu bringen. "Ya 'Ayyuha l-'Insanu" (82:6) ist eine Ansprache. 'O geehrter Mensch!' Deine Ehre ist darin, Bismillahi r-Rahmani r-Rahim zu sagen. Wenn ihr es nicht sagt, könnt ihr euch kleiden, wie ihr wollt, könnt ihr jedwede Uniform tragen, die ihr wollt, ihr könnt jedweden Rang bekleiden, den ihr wollt, ob ihr es modern, militärisch, zivil, Freischärler, was immer nennt, euer Wert ist derselbe. Er ist derselbe. Jetzt, das einzige, was Shaytan, möge Allah ihn weit weg von uns halten, erschreckt, ist 'Audhu Billahi mina sh-shaytani r-rajim', 'Bismillahi r-Rahmani r-Rahim'. Wenn ihr das sagt, fürchtet er euch, nähert sich euch nicht. Wenn ihr es nicht sagt, sagt er: 'O, der gehört zu unseren Leuten. Dieser gehört zu uns.' Zu welcher Kategorie, zu welcher Ebene gehört er? Dies ist einer, der die Hü-Kategorie auf hoher Stufe vertritt. Er ist ihr Stellvertreter. Gibt es jemanden über ihm? Ja. Es gibt welche, deren Sattel noch schwerer ist. Wir können ihnen nicht nahe kommen, sie haben eine sehr hohe Stufe, Hü-Stufe.

Wir sind arm. Arm, wessen Arme seid ihr? Die Armen Allahs, steht vor der Tür Allahs! Ihr werdet nicht müßig bleiben, ihr werdet nicht vernachlässigt bleiben, ihr werdet nicht hungrig bleiben. Ihr werdet nicht unbeschäftigt oder ohne Job bleiben. Sagt 'Bismillahi r-Rahmani r-Rahim', und Allah wird euch mit dem Ehrenkleid bekleiden, Allah Jalla Jalaluhu, Jallat Azamatuhu. Nein, wir sagen es nicht. Wenn ihr es nicht sagt, geht und schließt euch der Hü-Kategorie an! Sie ruft euch auf der anderen Seite. Es gibt Kneipen, Bordelle, alle möglichen schmutzigen Orte. Sie ruft nach den Hü-Leuten dort. Die Dunya ist voll von ihnen, der Hü-Kategorie der Menschen! Sie laufen auf der Straße. Wozu? Wir gehören zur Hü-Kategorie, aber wir haben nichts in der Hand! Das heißt, welche Dinge die Hü-Kategorie auch erfunden hat, wir sind nicht in der Lage, sie zu tun. Wir bekommen nicht genug. Dieses Geld ist nicht genug. Dieses Gehalt ist nicht genug. Das Geld ist nicht genug? Wie kommt das? Geld gibt es mehr als genug, aber das Geld der Hü-Ebene ist aus Papier. Es gibt auch die Effendi-Kategorie. Die ehrenwerten Menschen haben Gold. Aber diese fielen herab auf Papier. Sie fielen auf Papier und können nicht einmal genug davon haben. Gar nicht daran zu denken, den Menschen Gold zu geben. Wenn ihr ihnen Gold gebt, akzeptieren die Hü-Leute es nicht. Sie sagen: Papier, gebt uns Papier!

Du solltest verstehen, Mensch, zu welcher Kategorie du gehörst. Wenn du in der Hü-Kategorie bist, werden sie dich schlagen. Sie werden dir einen Sattel aufsetzen. Sie werden dir Lasten aufladen. Schließlich werdet ihr verrückt, ergießt euch auf die Straßen und ruft: 'Diese Last ist zu schwer, und was wir bekommen, ist nicht genug. Wir können die Erfindungen der Hü-Kategorie nicht ausführen. Gebt uns mehr!' In der ganzen Welt schreien die Leute des 21. Jahrhunderts so. Warum schreit ihr auf der Straße? Warum wendet ihr euch nicht zur Qibla und sagt: 'O mein Herr, Der mich erschuf, ich gedenke Deines Heiligen Namens Bismillahi r-Rahmani r-Rahim. Ich bin an Deiner Tür, Herr. Du bist Der, Der mich aus dem Nichts erschuf.' Sie können es nicht sagen. Sie dürfen es nicht sagen.. Wer ist der Präsident der Hü-Leute? Shaytan, es ist Shaytan. Er peitscht ständig, er macht ständig Hoffnung: Wir werden dies tun, wir werden das tun, wir werden dies zerstören.. Ihr bringt alles in Unordnung! Obwohl Papiergeld das einfachste ist, können sie nicht einmal davon genug haben. Wie können sie? Yahu, dieses Papiergeld wird nicht an nur einem besonderen Ort gedruckt. Wer immer eine Druckerei hat, kann es drucken. Wenn jemand eine 100 Dollar Banknote bekommt, wird er jedes Mal zur Bank gehen und sie

überprüfen lassen? Ist dieser Dollar echt? Dieser Yarimo.. Sie haben 'Yarimo' abgekürzt und nennen ihn 'Euro'. Yarimo ist Euro. Und wenn er Euro sagt, meint er 'Los! Nimm den Euro und geh!' 'Wohin können wir gehen? Es ist keine Straße vor uns. Was wir in der Hand haben, ist nirgends von Wert. Also können all diese Leute, wenn sie wollen, eine Billion drucken. Welchen Wert hat das? Es hat keinen Wert. Denn Papier ist Papier.

Habt ihr Gold? Gold ist für den Menschen. Shaytan hat alle Nationen in die Hü-Kategorie gesteckt und ließ sie Allah vergessen, das Gold vergessen. Er ließ sie das 'Marhaba' vergessen, ließ sie den Respekt vergessen, brachte sie in die Lage, daß sie sich selbst nicht mehr kennen. Warum beansprucht ihr Größe? Am Ende, wer ist euer Meister? Der Meister des Hü ist Shaytan. Geht nicht zu weit. Was ist euer ganzes Schreien? Es wird sich ändern, aber jemand anders wird kommen und euch noch mehr verderben. Wozu? Er wird die Banknote abschaffen, die ich drucke, und eine andere Banknote bringen. Sie denken nicht, ob er Gold bringt oder nicht. Demokratie, Demokratie.. @#*!-kratie! Kann Demokratie euch jemals Gold bringen? All diese Sultane kamen und gingen. Sie benutzten Gold und Silber. Aber euch gefällt das jetzt nicht. Ihr sagt: Wir behalten die Demokratie. Okay, behaltet sie. Alle demokratischen Systeme gehören zu den Hü-Systemen. Unsere Vorfahren benutzten Gold, handelten mit Gold. Sie bezahlten damit, machten Geschäfte mit Gold und Silber, weil Allah der Allmächtige Seinen Geliebten informierte: Gib dem Arbeiter seinen Lohn, bevor sein Schweiß trocknet. Was ist mit den Leuten von heute? Sie geben einem Papier und sagen: 'Geh und hol dir dein Geld von der Bank.' 'Bezahle!' 'Warum sollte ich bezahlen? Ich habe deinen Namen draufgeschrieben. Nimm und geh.' Alles steht auf dem Kopf, weil dieses Jahrhundert auf der Hü-Ebene ist. Mögen sie hinweggenommen werden. Mögen sie hinweggenommen werden.

Da sie die Effendi-Ebene nicht anerkennen, da sie keine Effendis sein wollen, es aber anerkennen, auf der Hü-Ebene zu sein, sollen sie sich doch abmühen! Sie machen diesen Shaytan-Kasten an, vom Abend bis zum Morgen Kämpfe. Vom Morgen bis zum Abend wieder Kämpfe. Es ist endlos. Es gibt kein Ende davon. Es ist sehr gut für sie, zu stoßen und zu schreien auf den Straßen, fühlt sich sehr gut an für die Hü-Ebene. Denkt ihr nie daran, die Hü-Ebene zu verlassen und zur Dienerschafts-Ebene zu kommen und eueren Herrn anzuerkennen? Dient euerem Herrn und Er läßt euch nicht müßig sein. Er (swt) ehrt euch. Er (swt) gewährt euch vom Halal. Jetzt sind alle Männer und Frauen madjaz geworden. Frauen sind sich ihrer Weiblichkeit

nicht bewußt. Männer sind sich ihrer Männlichkeit nicht bewußt. Sie haben so eine Unordnung gestiftet, daß weder die Verfassung.. 'Warum sprichst du mir von der Verfassung? (Türkisch: Mutter-Gesetz) Gibt es kein Vater-Gesetz?' Yahu, Shaykh Effendi, welches Vater-Gesetz? Sie nennen es Mutter-Gesetz. Mutter-Gesetz. Gebiert es? Ja, viel zu viele. Jeden Tag machen sie so viele neue Gesetze. Und am nächsten Tag, genau wie Kinder etwas in ihr Heft schreiben und es herausreißen, wenn es ihnen nicht mehr gefällt, ändern sie das Gesetz, das sie gestern gemacht haben. Wozu? Es war das Mutter-Gesetz gestern, wir brachten ein Vater-Gesetz. Was ist der Unterschied in dem Vater-Gesetz? Kein Unterschied. Das ist das Regierungssystem der Hü-Ebenen Leute, das ein wunderbares System ist. Wir nennen es Demokratie. Also Demokratie ist das. Demokratie.. Ich glaube, ihr seid alt und senil geworden.

Demokratie hat zwei Arten. Wir fragten: Was sind sie? Die eine ist die Tierebene und die zweite die Besteigt-das-Tier-Ebene, welches die Hü-Leute sind, die sich in Tiere verwandelt haben. Nichts anderes. Ihnen ist es egal, ob sie hungrig sind oder nicht. Schaut euch um überall auf der Welt: die Hü-Ebene kreischt und schreit, aber sie gewinnen nichts anderes damit als das Schlagen und die Beleidigungen, die sie durchmachen. Der Mensch ist geehrt. Der Mensch kann nicht beleidigt werden. Der Mensch kann nicht geschlagen, kann nicht beschimpft werden. Das ist die Ehre, die Allah der Allmächtige der Menschheit gewährt hat. Warum bewahrt ihr das nicht? 'Welches Jahrhundert haben wir, Shaykh Effendi? Ich glaube nicht, daß du es schon verstehst. Es ist das Gesetz der Hü-Ebene. Was du sagst, ist alt. Es ist eine vergangene Zeit. Jetzt sind wir alle gleich. Wir sind alle gleich. Es gibt keinen Unterschied.' 'Wirklich? Was seid ihr alle?' 'Wir sind alle auf der Hü-Ebene. Warum verlangst du nach einer anderen Ebene? Hier, wir kämpfen und wer immer den anderen vertilgt, nimmt seinen Platz ein, sagt, ich habe euch ein neues Gesetz gebracht.' Bringt kein Gesetz. Bringt, was diese Leute wollen. Zuerst einmal Gerechtigkeit. Zuerst bringt Fairness. Zuerst bringt die Menschen unter Kontrolle. Zuerst einmal laßt keine Schmarotzer übrig. Laßt keine schmutzigen Orte. Macht das zuerst. Die Ordnung liegt darin. 'Nein, wir sind die Oberhäupter der Hü-Ebene, deshalb kommen wir ihnen ins Genick, peitschen sie und bringen sie in Bewegung.'

Also, die Menschen haben vergessen, Bismillahi r-Rahmani r-Rahim zu sagen. Sie mögen es nicht. Sie sagen: Wir werden es nicht sagen. Zu welcher Kategorie gehört ihr, wenn ihr es nicht

sagt? Zur Hü-Kategorie. Seht ihr die Hü-Leute jemals das Bismillah sagen? Wir sagen es nicht. Warum versuchst du uns dazu zu bringen, das Bismillah zu sagen in dieser Zeit? Okay. Ihr geht auf diese Seite, hinein! Die Hü-Ebene gibt euch Gerste.. Es gibt keine Gerste mehr, also Stroh. Es gibt auch kein Stroh mehr. Sie geben euch trockenes Gras. Können die Menschen mit trockenem Gras gehen? Die Ehre des Menschen liegt darin, 'Bismillahi r-Rahmani r-Rahim zu sagen. Ihr solltet daran festhalten, um zur Menschen-Kategorie durchzugehen. Wenn ihr das sein laßt, fallt ihr in die Hü-Kategorie. Er hat weder Kopf noch Unterteil mehr. Es verzehrt alles.. Die Schwierigkeiten, Katastropen, Strafen und Leiden der ganzen Welt kommen, weil sie das Bismillah gelassen haben. Wenn sie das Bismillah sagen, wird diese Welt eine andere. Jetzt wird ein Halbes gegeben, statt eines Ganzen. Zu der Zeit gibt Er (swt) vierzig für eins, gibt vierzig für eins dem, der mit dem Bismillah pflanzt. Er (swt) gibt 40 für eins, 50, 60, 70, 100 für eins dessen, was gepflanzt wurde mit dem Bismillah. Er ist Allah, Seine Schätze sind unendlich. 'Wir sagen es nicht.' Okay, geht hinüber zu der Seite. Ihr gehört zur Hü-Ebene. Der ganze Kampf geht nur darum. Und, masha'Allah, unsere Gelehrten können auch den Mund nicht aufmachen, weil sie sagen: Was sollen wir sagen? Sagt, was ihr wißt. Sagt das Bismillah. Selbst wenn wir das Bismillah bis zum Gerichtstag sagen.. Es ist ein unendlicher Schatz. Wer das Bismillah vergißt, ist vergessen.

Ein Mann konnte keinen Job finden. Also was tat er? Er ging in die Dergah, er ging in die Moschee, er ging zur Masjid.. Er sagte: Statt untätig herumzuwandern, laßt mich an der Tür meines Herrn Dienst tun. Ich habe nichts in der Tasche. Wenn er nach Hause zurückkehrt, mag er an seiner Haustür oder auf dem Weg, den er bis zu seinem Haus geht, kein Papier, sondern Gold finden. "Wa ma Dhalika `ala Allahi bi`Aziz" (35:17). Ist es schwer für Allah den Allmächtigen, das zu tun? Er (swt) kann bewirken, daß Gold dorthin geworfen wird, und dieses Gold reicht ihm für einen Monat. Aber es gibt keinen Glauben an Geistigkeit mehr, keinen Glauben an das Bismillah. Wenn es keinen Glauben mehr gibt, erleidet, was auf eueren Kopf kommt, weil das Essen auf der Hü-Ebene Stroh, euere Ladung WC und euere Ehre die Schläge sind, die ihr bekommt. Das ist alles, worum es geht. Kommt zur Besinnung. Tretet nicht in die Hü-Ebene ein. 'Nein, wir müssen auf jeden Fall hinein.' Wenn ihr müßt, dann erleidet all das. Wir mögen sagen Bismillahi r-Rahmani r-Rahim. Unser Herr, laß uns nicht Deinen Heiligen Namen vergessen. Mögest Du uns nicht unserem schmutzigen Ego folgen lassen, uns nicht aus

Deiner Dienerschaft ausstoßen. Unser Herr, Shaytan will uns in die Hü-Ebene tun. Wir wollen Deine Gegenwart, o Herr. Er geht müßig herum - Geh und sitz in der Moschee! Aber nein. Täte er es, könnte er Papier und auch Gold vor sich finden. Er kann auch Silber finden. Er findet Banknoten. "Wa ma Dhalika `ala Allahi bi`Aziz". Es ist nicht schwer für Allah. Er (swt) stellt bereit, stellt mehr und mehr bereit. Es ist das Bismillah.
Wollte jemand über die Wohltaten des Bismillah berichten, würde es vom Anfang der Welt bis zu ihrem Ende nicht aufhören. Aber unsere Gelehrten kommen hervor und sagen 'Dies, das..' All ihre Reden sind für die Hü-Ebene. Laßt die Hü-Ebene und sprecht die Menschen an! "Ya 'Ayyuha l-'Insanu". "'Inna Khalaqnakum min Dhakarin wa 'Untha" (49:13). Ist es nicht so? Allah sagt: 'Wer erschafft, bin Ich!' "Wa ma min Dabbatin fi l-'Ard 'illa `ala Allahi Rizqahu wa Ya`lamu Mustaqarraha" (11:6). Allah der Allmächtige sagt: Die Versorgung der ganzen Schöpfung ist in unserer Hand. Und Wer weiß, was gegeben wird, wo Allah ist. Geh und du wirst finden. Aber die Menschen des 21. Jahrhunderts beharren, sie sagen: Wir werden es nicht sagen. Wir werden die Hü-Ebene nicht verlassen. Okay, bleibt dort. Stoßt und stampft weiter. Es wird mehr kommen. Die Peitschen, die sie bekommen, werden kein Ende finden. Aman ya Rabbi, Tawba ya Rabbi. Bereut, ihr Zuhörer! Wenn ihr nicht zuhört, wenn ihr die Nase hoch tragt, könnte die Nase gebrochen werden! Er (swt) läßt euch in solche Strafe fallen, daß alle vor euch davonlaufen. Und schließlich tragen sie euch und begraben euch auf dem Friedhof. Sie desinfizieren euch auch und sagen: Dieser stinkt so, er braucht ein Desinfektionsmittel. Sie waschen euch nicht einmal, um nicht infiziert zu werden. Sie tun nur Desinfektionsmittel auf euch und an manchen Orten verbrennen sie den Leichnam sogar und werfen die Asche in ein Loch.

O Mensch! Bewahre deine menschliche Ebene. Sei dir der Macht und des Respekts deiner Menschlichkeit bewußt, sonst wenn du beharrst, auf der Hü-Ebene zu bleiben, wird es keine Ende der Peitschen geben, die du bekommst. Und schließlich werfen sie dich in irgendein Loch, und wer immer dort ist, hält sich ein Tuch vor die Nase, um nicht den schlechten Geruch zu riechen. O unser Herr, mögest Du uns nicht in so eine Situation fallen lassen. Und möge Allah der Allmächtige diejenigen entfernen, die uns zu so einer Situation rufen. Und die Nationen und Regierungen mögen kommen, die uns sagen lassen: Bismillahi r-Rahmani r-Rahim. Mögen

vernünftige Menschen kommen. Mögest Du uns Diener senden, die uns die Wege des Shukur zu Dir zeigen, die uns Gottesdienst lieben lassen, o Herr. Hospitäler sind so voll, sie können keine Patienten mehr aufnehmen. Es gibt mehr Apotheken als Geschäfte. Überall herrscht Chaos. Was ist der Grund dafür? Weil sie das Bismillah vergessen haben. Sagt das Bismillah und euere Dunya und Akhirah wird erfolgreich sein.
Wir sagen Bismillahi r-Rahmani r-Rahim. Ya Rabbi, ya Rabbi, ya Rabbi. Mögest Du unsere Dienerschaft annehmen. Mögest Du uns den Meister, den Sultan senden, o Herr, der uns alle zu Deinem Weg treiben wird. Wir haben die Nase voll von der Hü-Ebene und ihren Regierunssystemen. Wenn es welche gibt, die nicht genug davon haben, werden sie mehr leiden. Laß sie leiden. O Herr, mögest Du uns einen Sultan senden, der Deine Herrschaft auf der Erde ausüben wird. Mögen unsere Gesichter erleuchtet und unsere Herzen rein sein. Mögen wir glücklich leben. Mögen wir zu Deinem Dienst eilen voller Glück. O unser Herr. Wa min Allaha t-Tawfiq. Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Bismillahi r-Rahmani r-Rahim. Stimmt etwas nicht, Shaykh Mehmet Effendi? SM: Astaghfirullah. M: Was können wir tun? Die Menschen beharren: Wir werden die Hü-Ebene nie sein lassen. Verlaßt sie nicht, wenn ihr nicht wollt. Schreit weiter auf der Straße. Was ist der Nutzen? Nichts. Möge Allah uns nicht unserem schmutzigen Ego folgen lassen, mein Sohn. Wir sollten beten. Wir sollten zu unserem Herrn beten, so daß Allah der Allmächtige die Wege des Dienstes leicht für uns macht. Was können wir tun? Shukur Allah, Shukur Allah.. Wir wollen, daß unsere Kinder, unsere Familien, unsere Nation auf die menschliche Ebene hinübergehen. Damit sie den Dienst der Dienerschaft kennen, ihren Herrn kennen und Seine Diener sind. Vergib uns, o Allah! Fatiha.

## The Girdle of Service

Allahumma j'alna mina t-tawwabin, waj'alni mina-l 'ibadika s-salihin, waj'alni mina lladhina la khawfun alaihim. Oh my Lord, forgive. For the honour of Al Habib al Akram give us the strength, the power of Islam, Fatiha.

Dastur Ya Rijalullah. Madad O Shah Mardan. O yaran Shah Mardan. Welcome friends of Shah Mardan. Go well, come with enjoyment. Go with enjoyment. Welcome, O Ahla s-Safa, pure, chosen ones. Go ahead, Shah Mardan. For your assembly and for your service we shall be ready. May Allah protect us from the evil of satan. Go ahead O yaran Shah Mardan. MashaAllah La Quwwata illa Billah al-Aliyyu l-Azim.

Welcome on this holy Friday. It is the first Friday of Sha'ban al Mu'azzam, awwal Jum'ah, MashaAllah. May from your light come on us. May strength come to our bodies. Strength is not gained by pills Sheikh Mehmed Effendi. Strength comes from above. Strength doesn't come to Man from pills. Healing comes down from the Heavens, it doesn't come out of the ground Mehmed Effendi. Take notice. Oh Shukur to our Ghani Mawla Who created us, granted us the highest honour. Let's listen to Shah Mardan. O yaran Shah Mardan, O Shah Mardan, all the world is admiring you. Our strength shall come, We shall dress in strength and power, the cloak of strength. When we say strength it is the strength of Man not the strength of a horse or a donkey. Man has power and magnificence, yes. Listen to yaran Shah Mardan. Oh, oh, oh. we say 'oh' and then, our hearts are refreshed. Our body revives, our love and willpower increase.

Say Marhaba, Marhaba O yaran Shah Mardan. This gathering can't always be found. This is the gathering of Shah Mardan, the Lion of the lions. Whoever keeps company with someone,

will be like him. Who keeps company with a scholar, takes from his knowledge. Who acts like a donkey with a donkey, will be like a donkey. You are a human, not a donkey. Why do you walk with donkeys? A donkey carries a load. You are Man with honour. Your creator Allah did not put a donkey load on you. Subhanahu wa Ta'ala. He did not load you like a donkey. Go ahead Shah Mardan, O Lion of lions. Ya Rabbi, ya Rabbi, shukr ya Rabbi You gave us this body, you gave us faith, Islam. Thank You, O Ghani Mawla. Allah, Allahu Allah, Allahu Allah, Allahu Allah, Allahu Allah, Allahu Allah ma li siwa-Hu. Our Allah, our Beautiful Allah. This satan, all the time it wants to pull us to the left or right. It wants to take us away from Your servanthood. We take refuge in You. Don't go against Allah! When the donkey gets wild, the Sultan won't come for riding/training. The man looking after the stables takes care of it.

You are Honorable Man. You are Man with honour; your honour is special. You are not a donkey, nor a horse, nor a dog, nor a cat. Your rank is different - you are human. O our Lord, so much have You granted us. Go ahead O Shah Mardan, the assembly is yours. Well then, go ahead yaran Shah Mardan. Let's say: Bismillahi r-Rahman, Bismillahi r-Rahmani r-Rahim. Say this and be beautiful. Say this and be honoured. Say your Creator's name and become honourable, beautiful, majestic, sweet. If you want beauty, say Bismillahi r-Rahmani r-Rahim. If you want strength, say Bismillahi r-Rahmani r-Rahim. If you want honour, say Bismillahi r-Rahmani r-Rahim. Allah, Allahu Allah, Allahu Allah, Allahu Rabbi ma li siwa-Hu, Allah. O People let's listen, listen to Shah Mardan. Huuu.

Today is the first Friday of Sha'ban al Mu'azzama. Blessings come down from the heavens; for the glorious name of al-Habib, blessing comes down. May something from this blessing reach us. Ya Rabbim, ya Rabbim, ya Rabbim You created Man, You created beautifully. Out of all creation, Man is the most beautiful. Appreciate this. Know the value of Man.

Let's say yaran Shah Mardan, let's mention the Name of Mawla al Muta'ali, the Most High. Let's say Bismillahi r-Rahmani r-Rahim. Allah. When Angels hear this some are bowing, some are standing, some are prostrating, when you say Bismillahi r-Rahmani r-Rahim. O scholars of Egypt, say! O scholars of Sham, say! O scholars of the Turks, say! Say Bismillahi r-Rahmani r-Rahim for honour, say for power, say for magnificence. Let's be straight. O our lord, we are

weak servants. You gave us support against our weakness. Bismillahi r-Rahmani r-Rahim gives us strength. "Wa Khuliqa l-insanu da'eefan"(4:28) Man is created weak. From his origin he is weak, but Man's power, with the rank he has, Man's power can lift him up to the skies. Man, Hazrat al Insan. Don't sleep! You must know yourself. The Holy Quran descended to Hazrat ar-Rasul, to the caliph of Janabul Mawla, to the absolute Caliph, to him did the Holy Quran descend. There it was written: Bismillahi r-Rahmani r-Rahim.

O ignorant Man, learn, who you are. Know your identity and with what cloak of magnificence you are dressed. Appreciate the dress of magnificence. Allah did not make you a beast of burden. Allah did not make you to carry the world. Allah forbid! My Caliph (Representative). When saying caliph, the rank of caliph, nobody can understand. And you are going so far from this and making yourself an animal. This doesn't suit you. "Wa Khuliqa l -insanu da'eefan"(4:28). Man is created weak but has support. He has powers with him. There are such Saints - they say blue globe? - if they kicked the blue globe it would fly like a ball. Man has such magnificence, power, honour, that nobody else has because Janabul Haqq said: This is My representative. "Wa 'Idh Qala Rabbuka Li l-Mala'ikati 'Inni Ja'ilun Fil-'Ardi Khalifatan."(2:30) He said: "I will create a Caliph on earth." So is it suitable that you, ignorant man, is it suitable for you to collect hay? He (swt) said: "As My Caliph, in My Name, man will reign on earth."

Go ahead Shah Mardan, the people are fond of your knowledge. May everything you are knowing, may we also be taught. May power come to us, honour come to us. Honour comes down from heaven, it's not coming up from the ground. O Almighty, O Almighty, Almighty Allah, Give us strength, O my Lord. Let us appreciate, Let us know ourselves. O yaran Shah Mardan. Shah Mardan is the one who has the keys of the treasures, who opens them. Listen to him that they open to you also. The treasures of this world have no worth. Where the animals walk, has no worth. There is no value for a place where animals pasture. Value is in the heavens, in the heavens. "Wa Khuliqa l-insanu da'eefan"(4:28). Man is created weak but he is dressed with an attribute - his Creator dressed him with such power, dressed him with such honour, dressed him with such beauty that cannot be imagined. What are you doing in the pasture, in the grass? What are you looking for? Aha here it is. Let's dig it out. Hoy! a chest, a treasure - a thing buried

in the ground has no value! The treasure buried in your heart by Janabul Haqq, value that. Janabul Haqq created you.

Go ahead Shah Mardan. You are not created for digging the ground and taking out something buried. He (swt) Created you for servanthood. Khaliqul Yazdan Created you. 'Yazdan' means God. Allah created you for servanthood, servanthood. Go Ahead Shah Mardan, please say. O yaran, O those who are fond of Shah Mardan, O friends, know for what you are created. You were created for servanthood. Allah Dhu l-Jalal did not create you to collect the dung of this world. You are given such an honour, that no other creature received. What is your duty?

Khaliqul Yazdan created you for servanthood. You were created for Janabul Haqq's Own Service. He (swt) is Sultan. You are a servant. Know this. May Allah open the eyes of our souls. We shall not run after dunya. Find the service of the Sultan. Humans are servants of dunya now. The working class says: Heh! what's the value of the working class in this world? Look for your Creator's Service. You are serving dunya. What is your gain, mole-eyed one!

He Created you for servanthood. The Khaliqul Yazdan, Allahu Dhul Jalal, created you for His servanthood. He (swt) is Sultan. You are a servant. Let's learn and ascend. Let's do servanthood and ascend. Your place is not the ground, it's the heavens O Man. The ground is not your place. He created you for Servanthood, Khaliqul Yazdan, Allahu Dhul Jalal. Look for this. Everyday Shah Mardan is repeating this. Let's say Bismillahi r-Rahmani r-Rahim and tie the Belt of Servanthood. There is a belt of service for the Sultan's servants. They have belts, as a sign on them. Wear this and be ready for service, the world will be under your feet. Know yourself.

Go ahead Shah Mardan, you are saving Man from the rank of animals and calling them to their real Duty. Your real duty is to serve the Sultan. What a pity for those who don't know that they are servants of the Sultan. Who is not serving his Lord, to whom can he be a servant? It's a shame to carry this world's dung. When the Sultan's Service is waiting, you run after collecting dunya's fertilizer. Alas, what a pity!

Go ahead Shah Mardan, Go for, go for it. Let's get used to it, O yaran Shah Mardan. How beautifully you talk, how beautifully you explain. There is the cloak, the robe, in which you will

be dressed, when they call you to Janab Allah's Presence. Allahu Allah, Allahu Rabbi, Ma li siwa-Hu illa Hu. Let's say Allah. Allah is calling you for servanthood. He created you for service, not for collecting this world's fertilizer, ha! He called you to His (swt) Own Service. People should be ashamed for their ignorance. That's why Shah Mardan says: You are created for serving The Khaliqul Yazdan, Subhanahu wa Ta'ala. For His Own Service, the Sultan Janabul Haqq called you to His Service and tied you also with the Belt of Service. This honour is for nobody else. It was given to the children of Adam. Seek your honour O Human. Seek your honour. If you don't, you are no longer Human, you are dung - worse than dung, you are dirty - "Innama lmushrikuna najasun."(9:28) - filthy dirty.

Don't sleep. Don't sleep when Shah Mardan talks to you. Lights may come down to you, strength may come to your body. Don't say Alas, what a pity! Allahu Allah, Allahu Allah, Allahu Rabbi ma li siwa-Hu. May Allah accept us. What a honour! You are created beautiful. Our Mawla created us beautiful. He did not create us ugly. Allah created us beautiful, Man is more beautiful than the Angels. Allahu Allah, Allahu Rabbi, ma li siwa-Hu illa Hu. MashaAllah.

Today is the first Friday of Sha'ban al Mu'azzam. The worlds, the eighteen thousand realms, have been created for the honour of Allah's Beloved. This month carries his (sas) name. He (sas) said this is my month. Oh my Lord, let this heaviness leave us. For the sake of 'Habib al Akram' give us strength. Give us love, give us willpower. Let us also be lovers of Shah Mardan. His assembly is from east to west, everywhere. Don't go into the donkey's assembly. Come to the assembly of the Sultan. Understand this. May it be Turkish or Arabic or French, whatever, understand what is said. O our Lord, forgive us. For the sake of Your Greatness, You gave to Your Habib his beloved Ummah. Dress us also O my Lord. May You grant us also to wear that beautiful cloak, O my Lord. Don't let us be of the ones who carry dunya's dung. Let us be of the ones who are serving the Sultan.

Subhansin ya Rabbi, Subhan Allah Wa l-Hamdu liLlah wa la ilaha ill'Allah wa Llahu Akbar Allahu Akbar wa liLlahi l-Hamd. Let's say Bismillahi r-Rahmani r-Rahim. O yaran Shah Mardan For the honour of al Habib, the eighteen thousand realms were created for him. Dress us also in his affection, love, will, beauty. Ooh, ooh... We are weak. Our minds are weak, and we

are alone, weak. May Allah increase our strength, esteem. Our Adab should increase, May we have more Adab. Look after Adab, Ask for adab (good manners). Don't be drunk, Don't be a drunkard of dunya. Don't be a donkey for this world. Be a servant for your Lord. O our Lord, Tawbah ya Rabbana, we repent. He says eighteen thousand realms in order to suit our minds' capacity. There are realms beyond eighteen thousand.

Rabbul 'Alamin, Janabul Haqq. Subhansin ya Rabbi, Sultansin ya Rabbi. You accepted us O my Lord. Accept us for the honour of Habib al Akram. The blessings of this Sha'ban al Mu'azzam may You dress them on us. We shall understand Shah Mardan's words, explain them, keep them, and join the Sultan's gathering. Take us out of the stables. Take us into the Sultan's Palace. O our Lord, tubna wa raja'na ilaik. We repent to you. O Shah Mardan you talk so beautifully, your loyal friend is admiring you.

Fatiha. Let's say Bismillahi r-Rahmani r-Rahim.

## Der Gürtel des Dienstes

---

Allahumma Ja`alna mina t-Tawwabin, Waj`alna mina l-Ibadika s-Salihin, Waj`alni mina lladhina la Khawfun `alayhim. O mein Herr, vergib. Zu Ehren Al Habibu l-Akrams gib uns die Kraft, die Macht des Islam. Fatiha. Dastur ya Rijalullah. Madad, o Shah Mardan. O Yaran Shah Mardans. Willkommen Freunde Shah Mardans. Geh im Guten, komm mit Freuden. Geh mit Freuden. Willkommen, o Ahla s-Safa, Reine, Erwählte. Mach weiter, Shah Mardan. Für deine Versammlung und für deinen Dienst werden wir bereit sein. Möge Allah uns schützen vor dem Übel Shaytans. Macht weiter, o Yaran Shah Mardans. Ma sha' Allah La Quwwata illa Billahi l-`Aliyyi l-`Azim. Willkommen an diesem heiligen Freitag. Es ist der erste Freitag von Sha`ban al Muazzam, Awwa l-Jum`ah, ma sha' Allah. Möge von deinem Licht auf uns kommen. Möge Kraft zu unserem Körper kommen. Kraft gewinnt man nicht durch Pillen, Shaykh Mehmet Effendi. Kraft kommt von oben. Kraft kommt nicht durch Pillen zum Menschen. Heilung kommt von den Himmeln herab. Es kommt nicht von der Erde, Mehmet Effendi. Nehmt es zur Kenntnis.

O Shukur unserem Ghani Mawla, Der uns erschuf, uns die höchste Ehre gewährte. Hören wir Shah Mardan zu! O Yaran Shah Mardans, o Shah Mardan, die ganze Welt verehrt dich. Unsere Kraft wird kommen. Wir werden uns in Kraft und Macht kleiden, in den Umhang der Kraft. Wenn wir sagen Kraft, ist es die Kraft des Menschen, nicht die Kraft eines Pferdes oder Esels. Der Mensch hat Kraft und Herrlichkeit. Ja. Hört, Yaran Shah Mardans. O, o, o. Wir sagen 'o' und dann sind unsere Herzen erfrischt. Unser Körper belebt sich, unsere Liebe und Willenskraft nimmt zu. Sagt: Marhaba, Marhaba, o Yaran Shah Mardans. Diese Versammlung kann nicht immer gefunden werden. Dies ist die Versammlung Shah Mardans, des Löwen der Löwen. Wer immer Umgang mit jemandem hat, wird so wie er. Wer Umgang mit einem Gelehrten hat, nimmt von seinem Wissen. Wer sich wie ein Esel benimmt mit einem Esel, wird wie ein Esel sein. Ihr seid Menschen, keine Esel. Warum geht ihr mit Eseln? Ein Esel trägt eine Last. Ihr seid Menschen mit Ehre. Euer Schöpfer Allah lud euch nicht die Last eines Esels auf. Subhanahu wa Ta`ala. Er belud euch nicht wie einen Esel. Mach weiter, Shah Mardan, o Löwe der Löwen. Ya Rabbi, ya Rabbi, Shukr ya Rabbi. Du gabst uns diesen Körper, Du gabst uns Glauben, Islam. Dank sei Dir, o Ghani Mawla. Allah, Allahu Allah, Allahu Allah, Allahu Allah, Allahu Allah, Allahu Allah ma li Siwa Hu. Unser Allah, unser Schöner Allah!

Dieser Shaytan, die ganze Zeit will er uns zur Linken und zur Rechten ziehen. Er will uns von Deiner Dienerschaft abbringen. Wir nehmen Zuflucht bei Dir. Geht nicht gegen Allah vor! Wenn der Esel wild wird, wird der Sultan nicht kommen zum Ausritt. Der Mann, der die Ställe versieht, kümmert sich darum. Ihr seid ehrenwerte Menschen. Ihr seid Menschen mit Ehre, euere Ehre ist besonders. Ihr seid keine Esel, keine Pferde, keine Hunde, keine Katzen. Euer Rang ist anders - ihr seid Menschen. O unser Herr, Du hast uns so viel gewährt. Mach weiter, o Shah Mardan, die Versammlung ist dein. Nun denn, macht weiter, Yaran Shah Mardans. Sagen wir: Bismillahi r-Rahmani r-Rahim, Bismmilahi r-Rahmani r-Rahim. Sagt es und seid schön. Sagt dies und seid geehrt. Sagt den Namen eueres Schöpfers und werdet ehrenwert, schön, majestätisch, süß. Wenn ihr Schönheit wollt, sagt: Bismillahi r-Rahmani r-Rahim. Wenn ihr Kraft wollt, sagt: Bismillahi r-Rahmani r-Rahim. Wenn ihr Ehre wollt, sagt: Bismillahi r-Rahmani r-Rahim. Allah, Allahu Allah, Allahu Allah, Allahu Rabbi ma li Siwa Hu, Allah. O Leute, hören wir, hören wir Shah Mardan zu. Huuu. Heute ist der erste Freitag des Sha`ban al Muazzama. Segnungen

kommen von den Himmeln herab. Für den glorreichen Namen al Habibs kommen Segnungen herab. Möge etwas von diesen Segnungen zu uns kommen!

Ya Rabbim, ya Rabbim, ya Rabbim, Du erschufst den Menschen. Du erschufst ihn schön. Von der ganzen Schöpfung ist der Mensch der schönste. Würdigt das. Kennt den Wert des Menschen. Sagen wir, Yaran Shah Mardans, nennen wir den Namen unseres Mawla al Muta'ali, des Höchsten. Sagen wir: Bismillahi r-Rahmani r-Rahim. Allah. Wenn die Engel das hören, beugen sich manche, manche stehen, manche werfen sich nieder, wenn ihr Bismillahi r-Rahmani r-Rahim sagt. O Gelehrte Ägyptens, sagt es! O Gelehrte von Sham, sagt es! O Gelehrte der Türken, sagt es! Sagt: Bismillahi r-Rahmani r-Rahim. Für die Ehre, sagte es für die Macht, sagt es für die Herrlichkeit. Seien wir gerade! O unser Herr, wir sind schwache Diener. Du gabst uns Unterstützung gegen unsere Schwäche. Bismillahi r-Rahmani r-Rahim gibt uns Kraft. "Wa Khuliqa l-Insanu Da`ifan" (4:28) - Der Mensche ist schwach erschaffen. Von seinem Ursprung her ist er schwach, aber die Macht des Menschen, mit dem Rang, den er hat, die Macht des Menschen kann ihn zu den Himmeln emporheben. Der Mensch, Hazratu l-Insan. Schlaft nicht! Ihr müßt euch selbst kennen. Der Heilige Quran kam zu Hazratu r-Rasul herab, zu dem Kalifen Janabu l-Mawlas, dem absoluten Kalifen, zu ihm kam der Heilige Quran herab. Dort war geschrieben: Bismillahi r-Rahmani r-Rahim.

O unwissender Mensch, lerne, wer du bist! Kenne deine Identität und mit welchem Umhang der Herrlichkeit du bekleidet bist. Würdige das Gewand der Herrlichkeit. Allah machte dich nicht zu einem Lasttier. Allah ließ dich nicht die Welt tragen. Allah bewahre! Mein Kalif. Wenn es heißt 'Kalif', den Rang des Kalifen kann niemand verstehen. Und ihr entfernt euch so weit davon und macht euch selbst zu einem Tier! Das geziemt sich nicht für euch. "Wa Khuliqa l-Insanu Da`ifan" (4:28). Der Mensch ist schwach erschaffen, hat aber Unterstützung. Er hat Macht bei sich. Es gibt Heilige, - sagen sie blauer Globus? - stießen sie den blauen Globus, würde er wie ein Ball fliegen. Der Mensch hat solche Herrlichkeit, Macht, Ehre, die sonst niemand hat, weil Janabu l-Haqq sagte: Dies ist Mein Stellvertreter. "Wa idh Qala Rabbuka Li l-Mala'ikati Inni Ja'ilun fi l-Ardi Khalifatan" (2:30). Er sagte: Ich erschaffe einen Stellvertreter auf Erden. Ist es also angemessen, daß ihr, ignorante Menschen, ist es angemessen für euch, Heu zu sammeln? Er

(swt) sagte: Als Mein Stellvertreter, in Meinem Namen wird der Mensch die Erde beherrschen. Mach weiter, Shah Mardan, die Menschen sind angetan von deinem Wissen. Möge alles, was du weißt, uns auch gelehrt werden. Möge Macht zu uns kommen, Ehre zu uns kommen. Ehre kommt von den Himmeln herab. Sie kommt nicht von der Erde. O Allmächtiger, o Allmächtiger, Allmächtiger Allah, gib uns Kraft, o mein Herr. Laß uns uns selbst würdigen, erkennen.

O Yaran Shah Mardans. Shah Mardan ist derjenige, der die Schlüssel der Schlüssel der Schätze hat, der sie öffnet. Hört auf ihn, daß sie sich auch für euch öffnen. Die Schätze dieser Welt haben keinen Wert. Wo die Tiere herumgehen, hat keinen Wert. Es gibt keinen Wert für einen Ort, wo Tiere weiden. Der Wert ist in den Himmeln, in den Himmeln. "Wa Khuliqa l-Insanu Da`ifan" (4:28). Der Mensch ist schwach erschaffen, aber er ist bekleidet mit einem Attribut, sein Schöpfer hat ihn mit solcher Macht bekleidet, mit solcher Ehre, mit solcher Schönheit, die unvorstellbar ist. Was macht ihr auf der Weide, im Gras? Nach was sucht ihr? Aha, hier ist es. Graben wir es aus! Hoy! Eine Kiste, ein Schatz. Eine Sache, vergraben in der Erde, hat keinen Wert! Der Schatz vergraben in euerem Herzen von Janabu l-Haqq, wertschätzt das! Janabu l-Haqq erschuf euch. Mach weiter, Shah Mardan. Ihr wurdet nicht dafür geschaffen, im Boden zu graben und etwas herauszuholen, das vergraben ist. Er (swt) erschuf euch zur Dienerschaft. Khaliqu l-Yazdan erschuf euch. Yazdan bedeutet Gott. Allah erschuf euch zur Dienerschaft, Dienerschaft. Mach weiter, Shah Mardan. Bitte sagt, o Yaran, und jene, die angetan sind von Shah Mardan, o Freunde, wisset, wofür ihr geschaffen wurdet. Ihr wurdet zur Dienerschaft geschaffen. Allah Dhu l-Jalal erschuf euch nicht, um den Dung dieser Welt zu sammeln. Euch wurde solche Ehre gegeben, die kein anderes Geschöpf erhielt.

Was ist euere Pflicht? Khaliqu l-Yazdan erschuf euch zur Dienerschaft. Ihr wurdet geschaffen zu Janabu l-Haqqs Eigenem Dienst. Er (swt) ist der Sultan. Ihr seid Diener, wisset das. Möge Allah die Augen euerer Seele öffnen. Wir sollen nicht hinter der Dunya herlaufen. Findet den Dienst des Sultans. Die Menschen sind Diener der Dunya jetzt. Die arbeitende Klasse sagt: Heh! Was ist der Wert der arbeitenden Klasse in dieser Welt? Sucht den Dienst für eueren Schöpfer. Ihr dient der Dunya. Was ist euer Gewinn, Maulwurfäugige! Er erschuf euch zur Dienerschaft. Der Khaliqu l-Yazdan, Allahu Dhu l-Jalal, erschuf euch für Seine Dienerschaft. Er (swt) ist der Sultan.

Ihr seid Diener. Lernen wir und steigen auf! Dienen wir und steigen auf! Euer Platz ist nicht der Boden, es sind die Himmel, o Mensch! Der Boden ist nicht dein Platz. Er erschuf dich zur Dienerschaft, Khaliqu l-Yazdan, Allahu Dhu l-Jalal, suche danach. Jeden Tag wiederholt Shah Mardan das. Sagen wir: Bismillahi r-Rahmani r-Rahim und binden den Gürtel der Dienerschaft um! Es gibt einen Gürtel des Dienstes, der Diener des Sultans. Sie haben Gürtel als Zeichen an sich. Tragt das und seid bereit zum Dienst, die Welt wird unter eueren Füßen sein. Lernt euch selbst kennen. Mach weiter, Shah Mardan, du bewahrst den Menschen vor dem Rang der Tiere und rufst sie zu ihrer wahren Pflicht. Euere wahre Pflicht ist es, dem Sultan zu dienen. Wie schade für die, die nicht wissen, daß sie die Diener des Sultans sind. Wer seinem Herrn nicht dient, für wen kann er ein Diener sein?

Es ist eine Schande, den Dung dieser Welt zu tragen. Wenn der Dienst des Sultans wartet, lauft ihr und sammelt den Dünger der Dunya ein. Ach, wie schade! Mach weiter, Shah Mardan, also los! Gewöhnen wir uns daran, o Yaran Shah Mardans. Wie schön du sprichst, wie schön du es erklärst! Da ist der Umhang, das Gewand, in das du gekleidet wirst, wenn sie dich in die Gegenwart Janab Allahs rufen. Allahu Allah, Allahu Rabbi, Ma li Siwa Hu illa Hu. Sagen wir "Allah!". Allah ruft euch zur Dienerschaft. Er erschuf euch zum Dienst, nicht um den Dünger dieser Welt zu sammeln. Ha! Er rief euch zu Seinem Eigenen Dienst. Die Menschen sollten sich ihrer Unwissenheit schämen. Deshalb sagt Shah Mardan: Ihr wurdet erschaffen, um dem Khaliqu l-Yazdan, Subhanahu wa Ta`ala, zu dienen. Zu Seinem Eigenen Dienst, der Sultan Janabu l-Haqq rief euch zu Seinem Dienst und band euch auch mit dem Band des Dienstes. Diese Ehre ist für niemand anders. Sie wurde den Kindern Adams gewährt. Suche deine Ehre, o Mensch. Sucht euere Ehre. Wenn nicht, seid ihr keine Menschen mehr, ihr seid Dung, schlimmer als Dung, ihr seid schmutzig. "Innama l-Mushrikuna Najasun" (9:28) - schmutzig, schmutzig. Schlaft nicht. Schlaft nicht, wenn Shah Mardan zu euch spricht. Lichter mögen auf euch herunterkommen, Kraft mag zu euerem Körper kommen. Sagt nicht 'Ach, wie schade!' Allahu Allah, Allahu Allah, Allahu Rabbi ma li Siwa Hu. Möge Allah uns annehmen. Welche Ehre!

Ihr wurdet schön erschaffen. Unser Mawla erschuf uns schön. Er erschuf uns nicht häßlich. Allah erschuf uns schön. Der Mensch ist schöner als die Engel. Allahu Allah, Allahu Rabbi, ma li Siwa

Hu illa Hu. Ma sha' Allah. Heute ist der erste Freitag des Sha`ban al Muazzam. Die Welten, die 18.000 Bereiche, wurden erschaffen zu Ehren von Allahs Geliebtem. Dieser Monat trägt seinen (saws) Namen. Er (saws) sagte: Dies ist mein Monat. O mein Herr, mach, daß diese Schwere uns verläßt. Um des Habibu l-Akram willen gib uns Kraft. Gib uns Liebe, gib uns Willenkraft. Laß uns auch Liebende Shah Mardans sein. Seine Versammlung ist von Ost bis West, überall. Geht nicht in die Versammlung der Esel. Kommt in die Versammlung des Sultans. Versteht das. Mag es auch Türkisch oder Arabisch oder Französisch sein, was auch immer, versteht, was gesagt wird. O unser Herr, vergib uns. Um Deiner Größe willen gabst Du Deinem Habib seine geliebte Ummah. Bekleide uns auch, o mein Herr. Mögest du es uns auch gewähren, diesen schönen Umhang zu tragen, o mein Herr. Laß uns nicht zu denen gehören, die den Dung der Dunya tragen. Laß uns zu denen gehören, die dem Sultan dienen. Subhansin ya Rabbi, Subhan Allah wa l-Hamdulillah wa la ilaha illa Allah wa Llahu Akbar, Allahu Akbar wa Lillahi l-Hamd.

Sagen wir: Bismillahi r-Rahmani r-Rahim. O Yaran Shah Mardans, zu Ehren al-Habibs, die 18.000 Bereiche wurden für ihn geschaffen. Bekleide uns auch mit seiner Zuneigung, Liebe, seinem Willen, seiner Schönheit. Ooh, ooh.. Wir sind schwach. Unser Verstand ist schwach, und wir sind allein, schwach. Möge Allah unsere Kraft mehren, unser Ansehen. Unser Adab sollte gemehrt werden. Mögen wir mehr Adab haben. Achtet auf Adab. Bittet um Adab. Seid nicht betrunken. Seid keine Trunkenbolde der Dunya. Seid keine Esel dieser Welt. Seid Diener eueres Herrn. O unser Herr, Tawba ya Rabbana, wir bereuen. Er sagt, 18.000 Bereiche, um sich nach dem Fassungsvermögen unseres Verstandes zu richten. Es gibt Bereiche über 18.000 hinaus. Rabbu l-`Alamin, Janabu l-Haqq. Subhansin ya Rabbi, Sultansin ya Rabbi. Du hast uns angenommen, o mein Herr. Nimm uns an zu Ehren des Habibu l-Akram. Die Segnungen dieses Sha`ban al Muazzam mögest Du uns anziehen. Wir werden Shah Mardans Worte verstehen, erklärt sie, bewahrt sie und schließt euch den Versammlungen des Sultans an. Nimm uns aus den Ställen heraus. Bring uns in den Palast des Sultans. O unser Herr, Tubna wa Raja'na ilayk. Wir bereuchen. O Shah Mardan, du hast so schön gesprochen, dein ergebener Freund verehrt dich. Fatiha. Sagen wir: Bismillahi r-Rahmani r-Rahim.

## “Give Birth for Death, Build for Ruin”

I may write something there everyday (in these articles) from the spiritual spring. For example, "Lidu lil-mawt wab’nu lil-kharabi". It is the unchanged law. Is there anyone who can stand against it? Finish! "Lidu lil-mawt wa bnu lil-kharabi - "Give Birth for Death & Build for Ruin". Is it not so? That is it. Wake up O mankind! Wake up! See, learn & follow the realities. This word is the statement of an unchanged law: Lidu: Give birth. For which reason does a person give birth? To die! All who are born, every creature that is born will get his share from death. This address is actually for mankind. Lidu lil mawt - it is Arabic, word of the Prophet (sas).

Prophets are the ones who come to awaken people. Because man is heedless. Man has come to learn. Not to leave dunya like unripe, green fruits. Lidu lil mawt -The reality that Prophets were informed about from Heavens and they also informed us about it. No doubt! What do prophets do? Prophets' job is to awaken people. And, to show them the things they should do, the way they should follow. Religion is actually for making the people on earth to live in harmony, & all prophets came to inform them about their order & arrangements. Every religion serves this purpose. Every religion has come to make man's life in harmony. Now in this time, they are not listening to the prophets. And when they don't listen, they have become miserable like this.

Lidu lil mawt - Give birth for death. You will give birth & you will die. You are born, to die. One is not born to stay but is born to die. No one who is born can survive (forever). Death is after him. "Wab'nu lil kharabi - Build for Ruin". Construct buildings. Build palaces, residences, castles, citadels.. You may do. But what is their end? They will be ruined. So many cities, palaces, residences that were built till this day were destroyed & ruined. Now there is earth in their place. But how many people worked so hard to build them? Don't work in vain, it says.

And the puzzled, confused people of 21st century now might have never heard of this word - This is the Prophet's word (sas). It is the order coming from Heavens, to inform people. The people of this 21st century have nothing to do with the Prophets anymore. With whom do the people of 21st century deal? Shaytan! Or, with shaytans. Or, with the demon. Or, with demons. With woman, or with women. That is their doings. Men, the men of 21st century, they are not looking at the realities. And therefore they are..

We may leave the other places. I visited Makkah al Mukarramah, maybe 70 years ago, Allah Almighty granted me this honour. Makkah al Mukarramah & Madinah al Munawwarah, the Haramain Sharif's (when they were) in their modest, humble times- everybody would build their houses according to the achitectural heraitage of the area with the methods coming through their history, not with plans, calculations, etc... They would be simple houses - Earth houses, straw bale houses. Meaning, they were trying to keep the same life style since the time of Prophet Abraham (as), they would live like this. Haram al Sharif would take all that are coming, would hold/embrace them. shaytan.. Maybe after the beginning of 20th century, it was maybe 40 or 45 years after it, shaytan made up the minds of the kings who were ruling there. About what? The Kings said: "Now the Second World War is over. Because of this war, not many people were able to come for hajj. So Haramain Sharif could hold all of them.

But now..." This is the idea shaytan has put in their minds. I was present there in the first Hajjul Akbar. In 1945, 1946, 1947- in Makka Al Mukarrama. In the year of first Hajjul Akbar Allah Almighty has made me present there. Both Makka al Mukarrama & Madina al Munawwara were fully in the old style. And we had a comfortable Hajj & visit. At that time, because it was the first Hajjul Akbar after the Second World War according to the thing there (their counting) about 1 million hajjis came. Because the War has ended, everybody came in great crowds. Although this 1 million hajjis came there, Alhamdulillah neither in Makka al

Mukarrama nor in Madina al Munawwara did I pray outside. We would directly go inside the Haram al Sharif, there was still space despite all the crowd- 1 million people, it is not an easy thing. Haram al Sharif would hold & there were still empty spaces available. In the same way, I did not pray outside in Madina Al Munawwara either. Even Juma Prayer, we prayed inside.

Now, these Saudis consider themselves more clever than others, they said: "The number of visitors are increasing. This Haram al Sharif can't hold them all. What should we do? We may expand it". "The expansion of Haram al Sharif" came at that time. "We may expand so that no matter how many people come for hajj it can still hold them". Their belief in Allah is very weak. Because they don't know that.. If I was to invite people to my house I invite according to the amount that my house can take. Allah Almighty is the Absolute Capable- Qadir al Mutlaq. When He (jwa) invites His servants, His House is Haram al Sharif. If He (jwa) can't fit people in it, how can He be Allah? They couldn't think of this. They said "We may expand Haram al Shariff. The hajjis coming may make tawaf, complete their hajj visit comfortably". They started destroying, opening space with this idea. Constantly destroying, nothing remained from the old Makka al Mukarrama, other than Kaba al Muazzama, and only our Prophet's (sas) Maqam remained in Madina al Munawwara. Other than these two, they destroyed everything else & kept reconstructing in their stead.

They didn't think what they did was enough so they destroyed these too. What did they do? They started building skycrapers. And, they erected such buildings right next to the Kaba al Muazzama that, there are no buildings like these neither in Europe, nor in USA. I am speaking about these. We have gone over Europeans. "..barefoot, naked shepherds compete in building tall structures" Hadith. The nations in the end of times dispute & compete with each other, saying: "I will build taller" "No, mine will be taller". This way they erected the Nimrod towers that they call "skyscrapers". It means, they haven't heard of this news - Build for ruin. You may build 80-story, 100-story, 150-story buildings. The Prophet (sas) informed about their end. Lidu lil mawt - Be prepared for death. Because "Everyone shall taste of death" (3:185). And also believe that dunya will be ruined. Allah Almighty will ruin, destroy all buildings on earth. "'Inna Zalzalata As-Sa`ati Shay'un `Azimun - Verily, the earthquake of the Hour is a terrible thing" (22:1). Allah Almighty will ruin. Not even a small rock will remain. Know this too.

I don't know if they (Saudis) believe or not. We do not know. Have they not seen this Hadith? They can't say it is a false Hadith either. Because it's meaning is complete - "Lidu lil mawt wab’nu lil kharabi". This opens an

ocean for us. This is enough. This is enough. When we speak of such things, whole world must hear it - Arabs, Turks, non-Arabs, Arabs, people of the east, people of the west, all should know. There is no one who can refuse this Hadith Sharif, who can say "no, this can't be". Lidu lil mawt - The wheel of destiny is turning. Your head will also be gone in it. You will also taste & pass. Now they built 50-story, 60-story buildings outside of Makka al Mukarrama.
And they also put a clock tower there, like the Big Ben in London- the Great Bell, they call it. They also put a clock tower there, like that one. "Whoever imitates a nation is from them" (Hadith). What is the meaning of putting a clock tower, like the bell tower of a church in such a holy, sacred city? Everybody has 10s of watches with them. Would anyone lift his head & look there? Why did you waste this money, Allah will ask them? Their sentence will not be easy. May Allah forgive us. It is one Hadith that we said. We may say as much as we want to say, with the permission of Allah. This is an ocean. But we may be content with this much. May Allah Almighty make our end in a good way.

Fatiha. May Allah forgive us.

**Geboren für den Tod**

---

Ich werde jeden Tag etwas dort (in diesen Artikeln) schreiben aus der geistigen Quelle. Zum Beispiel "Lidu lil-mawt wab'nu lil-kharabi". Es ist das unveränderte Gesetz. Gibt es jemanden, der dagegen hält? Erledigt! "Lidu lil-mawt wab'nu lil-kharabi" - Geboren werden für den Tod und Bauen für den Verfall. Stimmt das nicht? Das ist alles. Wach auf, Menschheit! Wach auf! Seht, lernt und folgt den Wirklichkeiten. Dieser Ausspruch ist die Feststellung eines unveränderten Gesetzes: Lidu: Geboren werden. Aus welchem Grund wird eine Person geboren? Um zu sterben! Jeder, der geboren wird, jedes Geschöpf, das geboren wird, bekommt seinen Anteil am Tod. Diese Ansprache ist tatsächlich für die Menschheit. Lidu lil-mawt ist Arabisch, das Wort des Propheten (saws). Die Propheten kommen, um die Leute aufzuwecken, weil der Mensch achtlos ist. Der Mensch ist hier, um zu lernen, nicht um die Dunya wie eine unreife, grüne Frucht zu verlassen. Die Wirklichkeit, über die die Propheten von den Himmeln unterrichtet wurden und über die sie uns ihrerseits unterrichteten. Kein Zweifel! Was tun Propheten? Die Aufgabe der Propheten ist es, die Leute aufzuwecken und ihnen die Dinge zu zeigen, die sie tun sollen, und den Weg, dem sie folgen sollen. Religion dient tatsächlich dazu, den Leuten ein Leben in Harmonie zu ermöglichen. Und alle Propheten kamen, um

sie über Ordnung und Ausgestaltung zu unterrichten. Jede Religion dient diesem Zweck. Jede Religion kam, um das Leben des Menschen in Harmonie zu gestalten. Jetzt, in dieser Zeit hören sie nicht auf die Propheten. Und weil sie nicht zuhören, sind sie so elend geworden. Lidu lil mawt - Geboren für den Tod. Du wirst geboren und du stirbst. Du wirst geboren, um zu sterben. Man wird nicht geboren, um zu bleiben, sondern man wird geboren, um zu sterben. Niemand, der geboren wurde, kann überleben. Der Tod ist ihm auf den Fersen.
"Wab'nu lil kharabi" - Bauen für den Verfall. Konstruiert Gebäude. Baut Paläste, Residenzen, Burgen, Zitadellen.. Ihr mögt das tun. Aber was ist das Ende? Sie werden zu Ruinen. So viele Städte, Paläste, Residenzen, die gebaut wurden bis zum heutigen Tag, wurden zerstört und zu Ruinen. Jetzt ist Erde an ihrem Platz. Aber wieviele Leute arbeiteten hart, um sie aufzubauen? Arbeitet nicht umsonst, heißt es. Und die verwirrten Leute des 21. Jahrhunderts mögen nie etwas von diesen Worten gehört haben. Dies sind Worte des Propheten (saws). Es ist der Befehl, der von den Himmeln kommt, die Leute zu unterrichten. Die Leute des 21. Jahrhunderts haben nichts mehr mit den Propheten zu tun. Mit wem gehen die Leute des 21. Jahrhunderts um? Mit Shaytan. Oder mit Shaytanen. Oder mit einem Dämon. Oder mit Dämonen. Mit einer Frau oder mit Frauen. Das sind ihre Taten. Die Menschen des 21. Jahrhunderts gucken nicht auf die Wirklichkeiten. Und deshalb sind sie...
Lassen wir die anderen Orte. Ich besuchte Makkah al Mukarramah vor vielleicht 70 Jahren. Allah der Allmächtige gewährte mir diese Ehre. Makkah al Mukarramah und Madinah al Munawwarah, die Haramain Sharif in ihrer schlichtesten und bescheidensten Zeit. Jeder baute sein Haus nach dem architektonischen Erbe der Gegend mit den Methoden, die in der Geschichte herabgekommen waren, nicht mit Plänen, Kalkulationen, etc. Es waren einfache Häuser, Erdhäuser, Strohballenhäuser. Das heißt, sie versuchten, denselben Lebesstil aufrechtzuerhalten seit der Zeit des Propheten Abraham (as). Sie lebten so. Das Haram al Sharif nahm alle auf, die kamen. Sie hatten alle Platz. Shaytan... Vielleicht am Anfang des 20. Jahrhunderts, vielleicht 40 oder 45 Jahre danach, bildete Shaytan den Königen, die dort herrschten, ihre Meinung. Über was? Die Könige sagten: "Jetzt ist der 2. Weltkrieg vorbei. Wegen des Krieges konnten nicht viele Leute die Hadj machen. Deshalb hatte Haramain Sharif für sie alle Platz. Aber jetzt..." Das ist die Idee, die Shaytan ihnen eingepflanzt hat. Ich war dort bei der ersten Hadju l-Akbar. 1945, 1946, 1947 - in Mekka Al Mukarrama. Im Jahr der ersten Hadju l-Akbar hat Allah der Allmächtige mich dort anwesend sein lassen. Sowohl Mekka al Mukarrama als auch Madina al Munawwara waren völlig im alten Stil, und wir hatten eine

angenehme Hadj und Besuch. Damals kamen, weil es die erste Hadju l-Akbar nach dem 2. Weltkrieg war, nach der Sache dort (ihrer Zählweise) ungefähr 1 Million Hadjis. Alle kamen in großen Massen. Obwohl diese 1 Million Hadjis dorthinkamen, Alhamdulillah, betete ich weder in Makka al Mukarrama, noch in Madina al Munawwara außerhalb. Wir gingen geradeweg hinein in das Haram al Sharif und es gab immer noch Platz, trotz der ganzen Massen. 1 Million ist keine leichte Sache. Haram al Sharif hielt sie und es gab immer noch Lücken. Desgleichen betete ich auch in Madina al Munawwara nicht außerhalb. Selbst beim Juma Gebet beteten wir innen.

Nun betrachten diese Saudis sich als klüger als andere. Sie sagten: "Die Anzahl der Besucher nimmt zu. Dieses Haram al Sharif hat nicht Platz für alle. Was machen wir? Wir erweitern es." "Die Erweiterung des Haram al Sharif" kam zu der Zeit. "Wir erweitern, so daß, wieviele Menschen auch immer zur Hadj kommen, genug Platz für sie da ist." Ihr Glaube an Allah ist sehr schwach. Weil sie nicht wissen, daß.. Wenn ich Leute in mein Haus einlade, lade ich sie in dem Maße ein, wie mein Haus Platz hat. Allah der Allmächtige ist der Unbedingt Fähige, Qadiru l-Mutlaq. Wenn Er (jwa) Seine Diener einlädt, Sein Haus ist Haram al Sharif. Wenn Er (jwa) nicht erreicht, daß die Leute hineinpassen, wie kann Er Allah sein? Sie konnten sich das nicht vorstellen. Sie sagten: "Wir erweitern Haram al Sharif. Die Hadjis können Tawaf machen und ihre Hadj angenehm vollenden." Sie begannen zu zerstören und offenen Raum zu schaffen mit dieser Idee. Nichts blieb vom alten Mekka al Mukarrama als die Kaaba l-Muazzama, und nur das Maqam des Propheten (saws) blieb in Madina al Munawwara. Außer diesen beiden zerstörten sie alles andere und rekonstruierten beständig an ihrer Stelle. Sie glaubten nicht, daß das, was sie taten ausreichte, also zerstörten sie diese auch. Was machten sie? Sie begannen, Wolkenkratzer zu bauen. Und sie errichteten solche Gebäude gleich neben der Kaaba l-Muazzama. Es gibt keine vergleichbaren Gebäude, weder in Europa, noch in den USA. Ich spreche über diese. Wir sind über die Europäer hinausgegangen. "...barfüßige, nackte Schafhirten wetteifern im Bau von hohen Gebäuden," (Hadith) Die Nationen am Ende der Zeit streiten und wetteifern miteinander und sagen: "Ich werde höher bauen." "Nein, meins wird höher." Auf diese Weise errichteten sie die Nimrodtürme, die sie Wolkenkratzer nenne.

Das heißt, sie haben von diesen Nachrichten noch nichts gehört: Bauen für den Verfall. Du kannst 80stöckige, 100stöckige, 150stöckige Gebäude bauen. Der Prophet (saws) berichtete von ihrem Ende. Lidu lil mawt - Sei vorbereitet auf den Tod. Weil "Jeder soll den Tod kosten." (3:185) Und glaube auch daran, daß die Dunya in Ruinen bleiben wird. Allah der Allmächtige wird alle Gebäude auf Erden verderben und zerstören. "Inna Zalzalata s-Sa`ati Shay'un `Azimun" - Gewiß, das Beben der Stunde ist eine gewaltige Sache. (22:1)

Allah der Allmächtige wird zugrunde richten. Nicht einmal ein kleiner Felsblock wird bleiben. Ich weiß nicht, ob sie (die Saudis) das glauben. Wir wissen es nicht. Haben sie diesen Hadith nicht gesehen? Sie können nicht sagen, daß es falsch ist. Weil seine Bedeutung vollkommen ist. "Lidu lil mawt wab'nu lil kharabi." Das öffnet einen Ozean für uns. Das genügt. Das genügt. Wenn wir von solchen Dingen sprechen, muß die ganze Welt es hören, Araber, Türken, Nicht-Araber, Araber, Leute des Ostens, Leute des Westens, sie alle sollen es wissen. Niemand kann diesen Hadith zurückweisen. Wer kann sagen: "Nein, das kann nicht sein." Lidu lil mawt - Das Rad der Bestimmung dreht sich. Dein Kopf wird auch darin verschwinden. Du wirst auch kosten und weitergehen. Jetzt bauen sie 50stöckige, 60stöckige Gebäude außerhalb von Mekka al Mukarrama. Und sie stellten einen Uhrenturm dorthin wie den Big Ben in London. Die Große Glocke nennen sie ihn. Sie stellten auch einen Glockenturm wie den dorthin. "Wer immer eine Nation nachahmt, der gehört zu ihnen." (Hadith) Was bedeutet es, einen Uhrenturm wie den Glockenturm einer Kirche in einer so heiligen, ehrwürdigen Stadt aufzustellen? Jeder hat 10 Uhren bei sich. Würde jemand den Kopf heben und dorthin gucken? Warum vergeudet ihr dieses Geld. Allah wird sie befragen. Ihr Urteil wird nicht leicht sein. Möge Allah uns vergeben. Es ist Hadith. Wir sagen soviel wir sagen wollen mit der Erlaubnis Allahs. Dies ist ein Ozean. Aber wir sind zufrieden mit so viel. Möge Allah unser Ende in einer guten Weise machen. Fatiha. Möge Allah uns vergeben.

**"Give for Me, Not to Me"**

Dastoor yaa Sayyiddee, madad. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Sayyidina wa Nabiyyina Muhammadun Rasoolullah, Habeebullah. Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Give Your blessings, O our Lord, to his nation, to his ummah. Yaa Arham ar-Rahimeen. (Mawlana Shaykh sits.)

Thumma as-salaamu `alaykum, holy ones who are looking perfectly for your Lord's servanthood. Tooba lakum, good tidings for you and particularly for who is responsible for the nation of Sayyidina Muhammad (s), Qutb az-Zaman, representative for the last, most honored, glorified, and majestic one in the Divinely Presence, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.)

O People! As-salaamu `alaykum! Say, wa `alaykum as-salaam, so that the honor and blessings granted by the Lord of Heavens are coming on you, covering you, and giving new life to you! Say, wa `alaykum as-salaam wa rahmatullahi wa barakaatuh. Say, whole Mankind, a`oodhu billahi min ash-Shaytani 'r-rajeem. O our Lord, protect Your weak servants from Shaytan's tricks and traps, and not to fall in it. If anyone is falling in it, it is so difficult to save himself.

Say, bismillahi 'r-Rahmani 'r-Raheem! That gives you honor, to speak His holy name, the holy names of your

Lord, Allah Almighty! (Mawlana Shaykh stands.) Bismillahi 'r-Rahmani 'r-Raheem. Grant us what is necessary for Your servanthood, O our Lord. (Mawlana Shaykh sits.)

O People! Try to be humble! Don't be proud. Shaytan is making people to be proud. No, servants must be humble! As much as you are going to be humble on Earth, our levels are getting up in heavens. But people prefer to be proud ones here and they are forgetting that to be humble here is giving them honor and glory in the Divinely Presence. Humbleness is dressing you with glorious dressings. What are you going to reach in this life by being proud? Nothing!

O People! As-salaamu `alaykum, O servants! Be happy that your Lord created you from human nature, and not from animals' nature, enough. You must try to give rights to your Lord, as His humble servants. Humbleness is a grant from Mankind to their Creator. What can we grant? Everything is for Him, Almighty Allah! What are we going to grant to our Lord? Yes, we have humbleness. You must not say, "I am here," and you are forgetting Who is bringing you from unknown worlds into existence. Say, "I am nothing and You are only in existence, O our Lord. And I like to make a grant to you, O my Lord, O the Lord of Creation. What can I give to You?" A heavenly announcement is coming to people, "O our Lord's servants! You can give to Him your humbleness." And humbleness makes people to not make a proof that He is in existence by Himself.

Therefore, humbleness is a sign that a servant is accepting he is nothing! But from nothing, you may give for your Creator your humbleness. Every Creation in front of their Creator is making sajdah. (Mawlana Shaykh bows in ruku.) O our Lord, O our Lord, You created us! We are nothing. Whole greatness, whole glory, whole praisings, whole mightiness, and whole majesty is only for You! We are nothing! And the Lord of Heavens is saying, "You are declaring real Truth, O My servants. I am the only One Who has full rights to be proud. You are saying this in front of Me and putting your heads on Earth, bowing for me and saying, 'We are nothing, only You are in existence, O our Lord. Grant us more glory that You are granting to Your Creation.'"

Everything in existence has a grant from their Lord, from their Creator. The Lord of Heavens, the Creator is not leaving anything in existence without granting to them something, can't be! Therefore, O Salafi `ulamas, what is your opinion when Allah Almighty is saying, (Mawlana Shaykh stands.)

••••• •••• •••••• •••••• ••••••••• •••••••••••

wa in min shayin illa yusabbihu bi-hamdih, There is not a thing but celebrates His praise. (17:44)

That is ayat ul-kareemah. SubhaanAllah. (Mawlana Shaykh sits.) Because a heavenly grant is reaching to everything, every smallest part of Creation, yusabbihu bi-hamdih, that the Lord of Heavens is giving them to be in existence and they are saying, SubhaanAllah. SubhaanAllah. SubhaanAllah. Sultan Allah. Allah Almighty is never leaving anything in existence without granting to them according to their beings. Wa in min shayin illa yusabbihu bi-hamdih. There can't be anything coming in existence that does not say, SubhaanAllah. SubhaanAllah. SubhaanAllah. Wa in min shayin illa yusabbihu bi-hamdih.

••••••••• •••• •••••••••••• •••••••••••••

Wa laakin la tafqahoona tasbeehahum, but you [O men] fail to grasp the manner of their glorifying Him! (17:44)

But you are not understanding, because your ears are locked, your hearts are locked, your understanding is locked and your mentalilty is locked down! You are with your egos and its area claiming that, "I am only one." Only your egos are not going to say "SubhaanAllah." Na`oodhu billah, na`oodhu billah!

Allah Almighty is creating and giving, granting to what He created some divinely grant. Is it not so, O our Salafi `ulamas? What do you think about that holy verse, wa in min shayin illa yusabbihu bi-hamdih? Why are they giving their glorifying to their Lord? Don't say, "That is a small one." The whole Creation is an unknown and small area, all of them! You may collect everything about which you are saying, "That is a big one, that is a small one," and bring them to the Lord's Divinely Presence, but what are they going to be? No one will say, "I am here." Only Allah Almighty, the Creator is saying, "I am here." (Mawlana Shaykh stands and sits.)

O People! Come and listen. Today you are here and tomorrow in His Divine Presence. What can they give, O Salafi `ulamas? What are you giving to your Creator? Say `ulamas, doctors of Shar`iah, Azhari `ulamas, and other `ulamas in Christianity and Judaism. What are you giving? Say! Are we giving treasures or gold? Say, kings and sultans, what are you giving to your Lord, to your Creator? Say, and you are so proud! What are you giving? Say! He is not in need of anything!!! He is the Lord of Heavens, the Creator. Allahu akbar al-akbar. (Mawlana Shaykh stands and sits.)

You must learn something that you are not thinking on it. Your Creator, Allah Almighty, what is He asking

from you? Say! Are you going to give to your Lord gold, diamonds or treasures? Say! You are learned people in Christianity or in Judaism, what can you give to your Lord? Is He asking some material, what do you think? Nothing! But He Almighty is saying, "Give for Me, not to Me. Give for Me to those who are in need." He is not saying to you, "Fill your treasure cases." He is saying, "Give to those people! Give! I am not asking you to give to Me, no." Astaghfirullah. "Give not to Me, but for Me."

O mulook al-Arab, O sultans, hear and obey! Your Lord is saying, "Give for Me," not saying, "Give to Me," no. He is not asking for Himself, but He is ordering His servants, "Give!" What is your Lord saying, O Salafi `ulamas? (Mawlana Shaykh stands.)

•••• •••• •••••••••••••• •••••••• •••••••••••••• •••••••••••••• ••••• ••••••• •••••••••• ••••• ••••••••• •••••• ••••••• •••••••• ••••••• •••••••

Khudh min 'amwalihim sadaqatan tutahhiruhum. Wa tuzakkihim biha wa salli `alayhim. Inna salataka sakanun lahum wa Allahu Sami`un `Alim, Of their goods take alms that so you may purify and sanctify them, and pray on their behalf. Verily your prayers are a source of security for them, and Allah is All-Hearing, All-Knowing. (9:103)

(Mawlana Shaykh sits.) Allah Almighty is saying, "O My most beloved one! Ask from them to give to those servants in need--not to give to Me, but to give them! Don't keep your treasures, and don't make treasures, no; I am ordering you to give, not to keep it! I am giving and I am asking from you, give for Me, not to Me, for Me!"

O People! You are asking about Islam--that is Islam! There is only One Lord with His commands and rules, saying, "Don't make treasures, don't keep your richness in cases, but give for Me, not to Me. I am your Lord, I am not in need! I am giving to you, for what? To give for Me. If you are not giving, your Last Day will be like the last moment of Qaroon." Allah Almighty never likes His servants to be like Qaroon. He and his treasures were going down, going down, going down, never giving any benefits to Qaroon or those around him. Yes, you must understand that who is not giving will regret when they are passing away from this life to the real life.

Therefore, your Lord's heavenly command is, "Give for me, not to Me." And He is saying, "O My servants, because you are looking to your treasures and getting proud, I don't like it. Be humble ones in front of Me!

You may give to Me only your humbleness, nothing else! I am accepting your humbleness. I am not asking anything else from you, only humbleness!" Allahu akbar! And that is the teaching of the Seal of Prophets (s): •••• ••• •••• ••••• •••• ••• •••• ••••••

Ajlisu kamaa yajlisu'l-`abd wa aakul kamaa yaakul al-`abd, "I sit like the servant sits, and I eat like the servant eats."

That is the level of humbleness that no one can reach to, that point that the Seal of Prophets (s) was saying and teaching his nation and the nations of all prophets. Where is our understanding? Where are the doctors of Shari`ah? Where are the Salafi `ulamas? Where are our mulook? Are they not understanding? One day you may understand, but it is going to be too late! Too late!

O People! Now people are in the most need. Give to them and take from your Lord's never-ending treasures up to Eternity, Eternal! Allah, Allah. May Allah forgive us and grant us some understanding; we are needy for that. What can we do? Yes, even an atom is giving all its respect to its Creator, saying, "SubhaanAllah, glory to my Creator Who is bringing me into existence! Glory for Him! SubhaanAllah. SubhaanAllah. SubhaanAllah." How many times are you saying this daily? So many no-mind ones are saying, "Tasabeeh, glorification is only sunnah (not fard); it doesn't matter." They are so lazy to say 33 times subhaanAllah, 33 times alhamdulillah, and 33 times Allahu Akbar.

O our Lord! You know our positions. Grant us from Your Divine Presence for the honor of the most honored one in Your Divine Presence, someone to teach us how we can be Your servants and what is real servanthood. May Allah forgive us. As-salaamu `alaykum.

Fatihah.

Don't be angry with me because that anger, if it is coming from your egos, is burning your face. Only anger that is for the sake of Allah (swt) gives you honor! But if you are getting angry for your ego, it is making you down, down, down into Darkness Worlds. Astaghfirullah.

Fatihah.

(Mawlana Shaykh prays two raka`ats Salaat ash-Shukr. Mawlana Shaykh asks for Shaykh Hisham Effendi,

who is en route to Cyprus.)

**Give Mercy and take Mercy! Or: The secret of life lies in Bismillahir Rahmanir Rahim!**

Meded, ya Sultanu-l Anbiya! May Allah forgive us! Ask forgiveness from Allah Almighty! Ashadu an la ilaha ill-Allah, wa ashadu ana Sayyidina Muhammadun Rasulullah sws! Meded, ya Sultanu-l Anbiya, Meded, ya RIjalallah, Meded, ya Sultanu-l Awliya! Bismillahir Rahmanir Rahim! By the Name of Allah Almighty, All-Merciful, Most Beneficent and Most Magnificent! Allah Almighty- Meded, ya Sayyidi- (is) granting (to) the nation of Muhammad sws to say: 'Bismillahir Rahmanir Rahim'. That is (the) first Command.

When Allah Almighty created His Holy Table and created (the) Pen also, and asking the Pen: "O my Lord, what I am going to write?" And Allah Almighty (was) saying: "Write Bismillahir Rahmanir Rahim!" That is the first writing on (the) Preserved Tablet and His Holy Name that every name, (every) Holy Name of Allah Almighty, (is) coming in it or coming from it and both of them (Ar Rahman, Ar Rahim) belong to (the) endless Oceans of Mercy:

Ar Rahman (is) signing (the) Mercy Oceans for Allah Almighty (and) Ar

Rahim also (it is) signing (the) endless Mercy Oceans of Allah Almighty. That means: O people- Meded, ya Sultanu-l Awliya- when you are saying 'Bismillahir Rahmanir Rahim', Ar Rahman (is) signing His Mercy Oceans from pre-eternal, pre-eternal's Mercy Oceans- the Holy Name of Allah, Ar Rahman.

If (not for) that Mercy Oceans, no one (is) coming in existence. Rahmet, Allah Almighty's Mercy Oceans, (are) giving life to (the) whole (of) creation!

Everyone (is) asking from Allah Almighty's Mercy Oceans; even in Hells people (are) asking: "O our Lord, a drop of water!" It is not (ordinary) water (that) they are asking, (but they are) asking (for) a drop of (water from the) Mercy Oceans. If (even) one drop (of Mercy is) dropping on (the) Hells, (the) 8 Hells (are) going to disappear, because Mercy is something else. That (is) giving life to everything.

But (the) people of Hells they are forbidden to reach even one drop from that Mercy Oceans, therefore (they are) asking: "O our Lord, one drop from Your Mercy Oceans!" That (is) taking away everything, every Azab, suffering, from Hells people. Therefore, they are going to be among life and death. Every time, every moment, (something) from that drop (is) reaching (them) and (it is) coming to them life and then, after it, it is going to be cut off and they are remaining without any, even one drop from (the) endless Mercy Oceans. Therefore they are between death and life. Allah forgives us!

And then, o our listeners, you must think on it, that Allah Almighty granted to you to say: 'Bismillahir Rahmanir Rahim'! That Holy Name, Ar Rahman, brings on you life.

There is life, so terrible! So many people (are) living, but their lives (are) like Hells suffering. Go to hospitals, you should find thousands and thousands (of) people (whom) they are living, but their life (that) they are living, is not a living that (is) giving to them something. Because that (kind of) life that (is) reaching to servants from that Mercy Oceans, (is) making them to be happy! To take, every moment, every breathing, they are tasting (the) sweet taste of life!

But so many people, millions of people, they are in hospitals; they are saying: "O our Lord, send us one drop from Your endless Mercy Oceans to change our bodies from dead (a) body to (a) living body!" But they are 'mahrum', deprived, they are not given. Everything (is) asking Mercy. And 'Ar Rahim' (is) another Ocean... That Ar Rahman (is) signing (the) endless Mercy Oceans of Allah from pre-eternal and Ar Rahim (is) signing our Lord's endless Mercy Oceans in... up to eternal.

What (is) Allah Almighty asking to teach ourselves? "O people, you are asking, you like Mercy for yourself, but you are not asking (Mercy) for others and therefore, as long as you are not asking (for the) same Mercy to (come to) My creatures, I am preventing My heavenly Mercy from you!" That is a teaching, a very important teaching! To say: 'Bismillahir Rahmanir Rahim' that is tadhkir, reminding, for mankind: "Give Mercy and take Mercy! If you are preventing (the) Mercy that you (are) granted from or for??? others, I am preventing also My eternal Mercy Oceans to reach to you." That is.

Subhanallah! This is a summary of all Holy Books that (the) whole meanings of (the) Holy Books (are) just in (the) Holy Quran and (the) Holy Quran, its meanings, (are) through (the) Opening Sura Fatiha and (it is) its key and unknown endless Life Oceans (are) just brought in 'Bismillahir Rahmanir Rahim'.

He (is) only asking: "O people, I am not preventing My Mercy from you, why you are preventing your mercy from others?" That is (a) punishment that people now they are in hospital, suffering. That is suffering, because you are preventing your mercy from others, then Allah Almighty (is) preventing His endless Mercy Oceans from you.

And that is written through all Holy Books, that (have been) granted to Adam, then to Idris, then to Abraham, then to Moses- (the) Old Testament, (the) New Testament- to Jesus Christ... and concluding every Holy Books and Holy Orders in it (is the) Holy Quran.

Therefore (the) Holy Quran (is) beginning (with): Bismillahir Rahmanir Rahim, by the Name of Allah Almighty, Most Merciful, Most Beneficent, Most Magnificent. This is, I think, it it is well understood, this.
Every time you must say: 'Bismillahir Rahmanir Rahim', by the Name of Allah that His Mercy (is) from pre-eternal up to eternal. Say (it)! And therefore (the) Prophet was saying: "Who is not using that Holy Names of Allah Almighty, nothing (is) going to give fruit, fruits (are) never coming"! If not reaching that Mercy to (the) fruits or to everything that (the) Children of Adam (are) eating , they (are) never finding any taste from eating anything.

(It) should be a nonsense, (it) should be (a) suffering, if they are eating some fruits, if not that Holy Mercy Oceans' one drop (is) not coming, (because) then you can't taste and you can't, (even) if (you are) tasting (something), you can't use it; never (it is) giving to you anything.

Therefore (the) Prophet (was) urging by Allah Almighty's Order: "O people, if you are asking to eat and drink something, say 'Bismillahir Rahmanir Rahim", because "The secret Power of Life I am doing that

through that water." Be merciful (and) everything (is) going to be for you merciful! If you are preventing your mercy from others, then it should be punishment for you, it is going to be cursed food that (is) giving trouble, not giving any benefit. Never getting a person from that fruits tasting, (but) they may say: "Oh, it is so bitter!" It is so beautiful (food), but he is not saying 'Bismillahir Rahmanir Rahim' and that good taste (is) taken away. The benefit that (is) putting in it Allah Almighty (is) taken away, the secret of life that gives to you life (is) taken away, if (you are) not saying: 'Bismillahir Rahmanir Rahim'! 99% or 100% you may say the reason of countless miseries and illnesses and sicknesses that is the reason.

"Fa dhakkir, o My beloved servant, remind My servants not to forget My Holy Name 'Bismillahir Rahmanir Rahim'!" (the Sheikh concludes the Sohbet with a short Dhikr...) Bismillahir Rahmanir Rahim, Bismillahir Rahmanir Rahim, Bismillahir Rahmanir Rahim...

## Give the People Their Rights!

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahuma salli wa salim wa baarik `ala Sayyidi 'l-Awwaleen wa ’l-Akhireen, habeeb Rabbi 'l-`Alameen, noor `Arshillah, habeebillah, Sayyidina wa Sayyid al-`Alameen, Sayyidina Muhammadin (s). As-salaatu wa salaam `ala Sahib al-Anbiya wal-mursaleen wa khudama`i shara`i’ahim. Yaa Rabb! W `afuw `ana w ’aghfir lana w ’arhamna wa tub `alayna wa anta khayru ’r-rahimeen wa tub `alayna w ’ahdina w ’askina w ’aslih shaanana wa shaana ‘l-Muslimeen. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

As-salaamu `alaykum, our attenders from east to west, from north to south, and everywhere, those who believe in their Lord, the Creator, from Azaal ila ‘l-Abaadi, from pre-Eternal to Eternal.

O People! Congratulations to you and to everyone who believes in their Creator and His deputy! From which time is it? It has no time! There is no time up to the end also. That means it is from pre-Eternal up to Eternal. And we are saying, as informed from prophets to prophets, and the last one, Sayyidi 'l-Awwaleen wa ’l-Akhireen (s), it is Eternity: it has no beginning and no end.

We are asking our Lord to forgive us for what we are doing in this world, which is nothing. Mankind on this

planet is doing so many unimportant things with no value, and they are finishing the power that is granted to them from Heavens to their souls. May Allah forgive us.

We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Shaytan is the worst one and he is the most dangerous enemy for Mankind. He represents hasad, envy, as his being is just built to be envious. The worst characteristic for Mankind is envy and it is from Shaytan, the worst one in Creation because he was envious. He is trying to make Mankind fall down, to leave their honorable Creation and to fall to Shaytan's level. May Allah forgive us and protect you.

Today is a more honored Friday, the first Friday of the holy birth month of the Seal of Prophets (s). We are saying, Bismillahi 'r-Rahmani 'r-Raheem, asking from our Lord, Almighty Allah, to grant us to follow the Seal of Prophets (s). But the worst creature, Shaytan, cheats most of Mankind. They are followers of Shaytan and not followers of the Seal of Prophets. That is the biggest ignorance, shame and blame for Mankind! How? There is the Best One who was created with honor, and he is calling them to be most precious ones on Earth and to be rewarded with eternal life, and second, there is the worst one who is calling people to fall into the worst position, here and Hereafter. He is calling people to fall into troubles here and to be punished after their death with the worst punishment. Where is the mentality of Mankind now? They are running after Shaytan, but not following the Seal of Prophets (s) who has been sent by divine order to call people:

**••••••• ••••••• ••••• ••••• •••••••••••**

Wallahu yad`u ila Dar as-Salaam. But Allah does call to the Abode of Peace. (Suratu'l-Anbiya, 10:25)

Allah Almighty is saying, Huuuuu, "O Mankind! I am inviting you to be in My Divinely Presence, Dar ul-Jalal, which signals the highest, most honored station that Mankind may reach." Allah Almighty is inviting them to Dar as-Salaam and Mankind is leaving that and following Shaytan.

Now we are reaching the end of life on this planet. Day-by-day we are coming closer to Akhirah, Judgment Day, and yet people are not taking any care for their future. You may live to 90, 100, or 200 years, but where are you reaching? If you are reaching the age of Nuh (a), which was 1000 years, what is it going to be in the end? It is going to be said, "Come, yaa Noah! Your life just reached the last breath, and it is finished! Come for the real, unchangeable, and Eternal life in infinity," and he will pass away. Now our ages are coming down. Before people were living up to 80, 90, 104 and above this, but now mostly people are passing away at

age 50 or 60 years, more or less. All prophets came to invite people, "O People! Don't be cheated in this life, because it is so short. Come to Eternal life!" But people are never thinking on it, and they are running for a very short life full of troubles, sufferings, and bad conditions. Shaytan is calling people to the worst and tasteless life, and prophets are calling people to a sweet life. We are here for a short time, and the Seal of Prophets (s) is calling people to a sweet live, but Shaytan is calling them, saying, "Don’t believe in that! Come and believe in me and I shall show you the way to a sweet life," and he is the biggest liar!

Finally, O our attenders, as the Seal of Prophets (s) was saying, when the Last Day, Judgment Day is coming closer, people are going to be enemies to each other. They are going to forget their honor and pride and begin to kill each other. Some of them are saying, "We are in your community and you must obey our orders. If you do not obey, we are going to kill you and take you away."

Now throughout the east and west, every nation is fighting the other, killing, giving every trouble for others, and you are looking that everywhere in this world people are asking for something but they do not know what they are asking for! All holy books are teaching us what is good and what is bad. Everywhere there are troubles, sufferings, and killings by the order of Shaytan and Allah Almighty is ordering, "O People! Don't make oppression, zhulm. Don't be oppressors, don't be killers, and don't give trouble to people. All of you are in the same category. I, the Lord of Heavens, am ordering you to do your best for yourself and for everyone. All of you are from Adam and Eve, and all of you belong to Mankind's big human family, so don't give trouble to each other,” but people are following shaytanic orders and killing, burning, and giving trouble as much as possible, yes.

We are sorry that now in the Islamic world there are so many troubles. It means the chiefs are not keeping the rights of people but they are bad leaders, never making people to be happy, but giving trouble to them. Why are Egyptian people, for example, running in the streets? Who is their commander in chief, that one or this one? What did you do for common people for forty years, more or less? If you were giving common people their rights and dealing with them justly, they would not run in the streets and say, "We don't like this one, we must change this one," and you are saying, "No we are insisting to be on this chair, we are not listening to you, we may kill all of you but we must sit on this chair."

That is their defense for themselves! You are just like other people. What great value do you have over other

people? And they are saying, "No, we must be here, we may kill the whole nation but we must sit on this chair because it is an honorable chair. We are never happy with you if you are not leaving us to sit on this honored chair up to the end of our lives," and that is false, baatil! May Allah change everything from bad to good! But they are trying to change goodness into badness and it is impossible to change badness into goodness. Half of the people who are not saying, "You should not sit there" may die, but no, you must go also! Yes, it is from the signs of the Last Day, Judgment Day. Allah Almighty is the Judge for all nations and servants.

O People! If people are saying, "We don't like you, go away," you must go away, as Allah Almighty is teaching us:

•••••• •••• •••••••• •••••• •••••• • ••••• •••••••••••• •••••• •••••••• •••••• • •••••• ••••• •••••• ••••••••• •••••••••••• • •••• ••••••• •••••• • ••••••••• ••••• •••••••••••• ••••••

Fa’in lam tajidu fiha ahadaan falaa tadkhuluhaa hatta yu’udhana lakum. Wa in qila lakum arji`oo farji`oo. Huwa azka lakum w ’Allahu bimaa ta`maloona `Aleem. If you find no one in the house, enter not until permission is given to you. (Then) if you are asked to go back, go back. That makes for greater purity for yourselves and God knows well all that you do. (An-Nour, 24:28)

If you are going to a place and you are asking to be there or to enter that house, but the keepers of that house are saying, "Go away, we are not opening the door for you." Egyptian people are Arabs, and their commander is Arab, why are they not understanding? Wa in qeela lakum arji`oo farji`oo. It is not Turkish or English, no, it is Arabic. If you are going to a place and asking to enter and they are saying, "No, go away, we don't like you,” you must go away. That is an order from Heavens. If you are not going, the worst punishment may come on you. If you are not going away while you are alive, they may kill you, and then carry you away from your feet! What are you going to do? You are only one person. Don't say, "We have such and such a powerful army." No, Who is changing hearts may change the hearts of your army to be against you and take you away, putting you in sewage channels, or in Alexandria’s harbor, or throw you in the Nile where there are so many crocodiles to eat you. Take your lesson from such things! That is something that we must say to people; therefore, I am saying this. If they are accepting, accepting, if not, they are not sending me money, no.

They changed everything, even their flags, and the maliks are bringing other people, and another imitated flag that has no value. Whoever makes himself big by himself has no value also! There was a malik, and there

was the flag of Islam that Egyptian people were using for hundreds of years. They also had seven treasures, one treasure was the same for seven territories, and now people cannot find something to eat and they are running in the streets asking for something! What are their chiefs doing for so many years? What did they do? They made a high dam that wasn't necessary and that finished the treasure of Egypt. People are coming from up, down to the lowest level. Where are their `ulamas to say such things?

Also, the first tyrant in Egypt took billions of dollars from Russia to build something that was not necessary. We know that Nile mubarak has such barakah, and no one knows from where it is coming, but our awliya are saying that it is one of the rivers that are coming from Paradise to Earth! There is so much barakah in it, and yet they are still repaying Russia. The first tyrant did this, and the second one is now saying, "We may do our best for you. " You haven't done anything for so many years, what are you going to do now? The people are standing up and rushing on you. Time has passed now and it is too late! People will never believe in them or trust them, saying, "You must go!" But people are also ignorant, saying, "You must go, bi idhnillah. We are weak ones with no power, but we are asking protection from our Lord protection and defense on behalf of ourselves because we are such weak and poor people to take you away, you must go, and once again you can't come here. We must bring our malik as before, we must bring the real flag of Islam to Egypt, not an imitated flag by yourself, take it away and you go away!" They are saying this now. May Allah forgive us.

O People! Everywhere there is danger now. The holy order to Prophet (s) is, `ati kulli dhi haqqin haqqahu, "Give everyone his rights." Give the rights to those people from whom you are taking them away and putting in your pockets. Give them back their rights! There will never again come the time of tyrants. Hundreds and thousands may die but they will never be permitted to come back, and the Lord of Heavens will guard and defend those who are not receiving their rights everywhere, finished! Mahdi (a) must come to clean every tyrant and their followers! May Allah forgive us. Tawbah, yaa Rabbee.

Safar ul-Khayr just passed away with so many heavy events. Now we hope that it will change in this month, for the honor of the Seal of Prophets (s). (Mawlana Shaykh stands and sits) Allah, Allah. Be with right ones, not with wrong ones, or you will be taken away! May Allah forgive us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.

Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.

It is written in all books that in Egypt there will come after jabaabira, tyrants, one whose name is going to be Ahmed, and he will carry the sword of Islam. It is written, so must be, but people are forgetting such things. Democracy has no value, finished! It is impossible to come back.

O People everywhere! Give back your kings or sultans that you are taking away by force and cheating people! If not, you and your supporters are going to go away! Astaghfirullah.

O our Attenders! Keep such things and know that this world is going to be changed from tyrants to respected sultans who have honor, respect, rahmah, and mercy in their hearts! May Allah forgive us.

Fatihah.

## The Holy Command: Give the People Their Rights!

Bismillahi ‘r-Rahmani ‘r-Raheem. O People! O Believers! Beware of the corruption of the Last Days, and we are saying a`oodhu billahi min ash-Shaytani ‘r-rajeem. Do not follow Shaytan, this is an order from the Lord of Honor and Might. Do not follow the footsteps of Shaytan. It is a holy verse.

These all things, following the footsteps of Shaytan is not because of the people/citizens but the great sin is on leaders of people, and nations because they did not keep the rights of servants, especially, they did not care about the situations of the poor people of nations. The main reason for this is the current governments in different countries where they did not care about justice. Allah (swt) says: (Mawlana Shaykh stands and sits)

**••••• •••••• •••••••• •••••••••••• •••••••••••••• ••••••••• ••• •••••••••• ••••••••• •••• •••••••••••• •••••••••••••• •••••••••••• •••••••••• •••••••••••• ••••••••••••••**

Inna Allaha yamuru bi ’l-`adli wa ’l-ihsani wa eetai dhi ’l-qurba wa yanha `ani ’l-fahshaa’i wa ’l-munkari wa ’l-baghyi ya`ithukum la`allakum tadhakkaroon. Allah enjoins justice and the doing of good, and generosity towards (one's) fellow men, and He forbids all that is shameful and all that runs counter to reason, as well as envy; (and) He exhorts you (repeatedly) so that you might bear (all this) in mind. (16:90)

The people of da`wa who write the khutbah every Friday do not know what Allah ordered:

••••• •••••• •••••••••••• ••• ••••••••• •••••••••••• ••••• ••••••••• ••••••• ••••••••• •••••• •••••••• ••• •••••••••••
••••••••••• ••••• •••••• •••••••• ••••••••• •••• ••••• •••••• ••••• •••••••• ••••••••

Inna Allaha yamurukum an tuaddoo al-amanaati ila ahlihaa wa idha hakamtum bayna an-naasi an tahkumoo bi ’l-`adli inna Allaha ni`imma ya`ithukum bihi inna Allaha kaana samee`an baseeran. God bids you to deliver all that you have been entrusted with unto those who are entitled thereto, and whenever you judge between people, to judge with justice. Verily, most excellent is what God exhorts you to do: verily, God is all-hearing, all-seeing! (4:58)

What does it mean? O `umaraa, O mulook, O Kings and Rulers. Why didn’t you listen to the words of Haqq? You have made the poor people to come down to the streets and it is winter, it is cold, they do not even have the daily provisions.

Allah Almighty has ordered you, the order of all orders is justice, and it means the rich should carry the poor, take the side of the weak and the poor. This is because you didn’t listen to the words of Haqq, and this fitna is because of the Marxist people, they are out of Islam. They are the ones who created this corruption among people, Allah will punish you. Your time is over! You have become tyrants, Allah will remove you. You will not rule until you clean your streets. You will not have second chance to take over an order, to cut the ways, finish!

If the armies of the world come together, it will not save the people, because Allah (swt) is with his weak servants. You have become arrogant and more arrogant till you oppressed the servants of Allah! And Allah (swt says), “O People! I have forbidden myself to do oppression, so do not oppress.” O `ulama, why are you silent? Allah has forbidden dhulm, oppression. He said:

•• ••••• ••• •••• ••••• ••• •••• •••••• ••••• ••••• ••• •••••••

Ya `ibaadee, innee haramtu azh-zhulmi `alaa nafsi, falaa tazhaalamoo. O My servants! Truly I have forbidden oppression for Myself, so do not oppress (one another).

They work against the words of Truth and they oppressed people and this oppression is creating more oppression. Curses have descended upon you! The curses are coming upon the oppressors, who will not find a safe place and cannot escape from today onwards, finished!

Anywhere you find anyone oppressing a servant of Allah, he will not escape; not one will be left! During this month, Safar al-khayr, the order has come from Heavens that in all the countries not even one of these oppressors will escape from Allah's punishment! This does not apply to Egypt only or Sham, Iraq, Sudan, Tunis, Libya, Turkey, Afghan or non-Arab countries, it is possible in every country where there is oppression, as Allah will take them away. That is the command of Allah!

What are you saying, O Azhar`ulama? You claim, "We are `ulama, doctors". What are your judgments? These are the words of Al-Haqq jala wa `aala. Have you not heard the holy hadeeth of the Prophet (s) that after the kings there will come tyrants?

••• •••• •••• ••• •••• •••• ••••
••••• •••• ••••• ••• ••• ••••••• ••••• ••• ••• ••••••• •••• ••• ••• •••••• •••••••• •• •••• ••• •• ••• •••• •••• ••••• ••••• ••• •••• •••••

The Prophet (s) said:

There will be after me caliphs, and after the caliphs princes, and after the princes kings and after the kings tyrants. Then there will come froth a man from the Family of My House. He will fill the earth with just as it was filled before with oppresion.

Why where you satisfied when the tyrants threw away the king of Egypt? (King Farouk) was honored between the east and west. His flag was green and had a crescent and stars; they were preserving the religion and the followers of religion. You didn't even give one fatwa against the group of the liars, followers of Dajjal, the Marxists. They all are tyrants that defeated the kingdom of Egypt and became its rulers. And now, after sixty years, it is the sin of the `ulama because they are not saying as Allah (swt) said through His Prophet (s):

•••• •• •• •• •••
`Aati kul dhee haqqun haqahu. Give every owner of rights, his right!

The throne of Egypt is the right of King Farouq, whom you have expelled, and his son, Ahmad. The beginning of corruption began because you expelled the King of Egypt and his son Ahmad! He will come from the awliyaa and saadiqeen to finish the corruption, and they will not be able to create it as long as Sahib al-Haqq,

the righteous owner, comes to the throne of Egypt. They generated thousands of lies against the late King Farouq, but now divine anger will come; Allah's wrath has fallen on them and there is no denial or escape, and nothing can stop this! Big groups of people are creating corruption against their kings; no doubt Allah (swt) will reward them with heavy punishment.

Rights must be restored to their owners. Sahib Al-Haqq of the throne of Egypt is the son of the late King Farouq (may he be forgiven). Ahmad, whom the awliyaaullah know, will come to the throne and rule Egypt. (There is) no other way except this way!

Iraq is like non-Arab countries: Iraq, Sham, Yemen, Libya all did wrong and followed the Shaytan, Marx. And now they say they are against Jews. What was their nationality? Was Marx a Muslim? You followed his principle as if it had descended from Heaven, and now this is your reward! May Allah forgive us and have mercy on us with a just king, teaching them about the countries of Islam and about tyrants! astaghfirullah, astaghfirullah, astaghfirullah.

O People! O `Ulama! Make it clear to all people: great sin is upon your necks, because thousands of people are on the streets in this cold weather, hungry and thirsty, fighting to change the government of the tyrants.

Curse on you, O scholars of Egypt! Curse on you, O scholars of Sham, Baghdad, Yemen and Tunis! Don't look at who is speaking, but look at who makes him speak. And this Truth is Haqq ul-Haqq, "Truth of Truth"! If you are not happy, your punishment will be worse! Tawbah yaa Rabbee! s

Say, O servants of Allah: RabbunAllah, HasbunAllah, RabbunAllah, HasbunAllah. Walk in the streets (...) and raise your voices and say, RabbunAllah, HasbunAllah, RabbunAllah, HasbunAllah, RabbunAllah, HasbunAllah, until the morning ends! Allah will create such fear in the hearts of oppressors that they will run away and not a sign of them will remain! Bring down their flag and raise the flag of kingship! Innayatullah, the support and care of Allah, will come down on you.

Wa-salaamu `alaykum. Fatihah.

The one who is not happy with the word that has come to me, Allah's anger will come on them! Those who are not happy with Allah's commands, heavenly anger will be on them. Amaan yaa Rabbee, tawbah yaa

Rabbee, tawbah yaa Rabbee!

O Scholars of Egypt! Stand up and spread this fatwa. Their government remained in falsehood for sixty years. Stand up now to defend kingship! You got together for truth, but the oppressors oppressed you. Yaa Allah, tawbah, yaa Rabbee! Fatihah.

When you have heard the words of truth, Allah said: (Mawlana Shaykh stands)

**•••• •••• •••••••••• ••••• ••• •••••••• ••••••••• •••••••• •••• •••••••••• •••• ••• •••••• •••••••••••• •••• •••••••••••• ••••••• ••••••••• ••••••••• •••••• •••••• •••••• •••••• ••••••••• •••••••• •••••••••••• ••••••••••••**

Qul huwa al-qadiru `ala an yab`atha `alaykum `adhaban min fawqikum aw min tahti arjulikum aw yalbisakum shiya`an wa yutheeqa ba`dakum baasa ba`din unthur kayfa nusarrifu ’l-ayaati la`allahum yafqahoona. It is He Alone, Who has the power to let loose upon you suffering from above you or from beneath your feet, or to confound you with mutual discord and let you taste the fear of one another. Behold how many facets we give to these messages, so that they might understand the truth. (6:65)

(Mawlana Shaykh sits) Sadaqallahu ’l-`Azheem!

O People! Follow the words of Allah (swt). Upon you is heavy evil, so leave everything, leave all tricks they have created against Islam, against Muslims; throw it outside, and bring Allah’s law, Shari`ah. There is no exit from strong evil except by Allah’s command and Shari`ah of Allah.

Fatihah.

Had I spoken day and night it would not be enough, but this is enough for those people... I have informed. Obey this command which I have received from the Aqtaab, Spiritual Poles of Egypt, may Allah be pleased with them. They have informed such a weak and poor servant whose age is near 100 years. It is from their side to inform; I have informed. I am not a Shaykh ul-Islam. Also, people of Lebanon, Jordan, Iraq, Sham, Yemen, Tunis, Libya, Jazeera, Turkey, and non-Arab countries, I have informed from my side. Finish, enough! yaa Rabbee tub `alayna, yaa Rabbee tub `alayna. (Mawlana sings) yaa tawaab tub `alayna, yaa tawaab tub `alayna, yaa tawaab tub `alayna. Help us with soldiers from Heaven!

Fatihah bi jaahi Habeebika al-Mustafa (s).

## Hal Min Mazeed, Give Us More!

(Mawlana Shaykh stands.)

Dastoor ya Sayyidee, madad. Madad, ya Sultan al-Awliya! A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem.
La hawla wa la quwatta illa billahi ‘l-`Aleeyyi ‘l-`Azheem. Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd! Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd! Allahu akbar kabeera walhamdulillahi ‘l katheera wa subhaanAllahi ‘l-`Azheem wa bihamdihi ‘l kareem bukratan wa aseela. La ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd!

We are asking forgiveness, O our Lord. Lord of the whole creation, forgive us. We are asking Your blessings and we are humbly asking from Your glorious and majestic Being asking for Your most beloved and honored servant through your Divine Presence. Allahumma salli wa sallim wa baarik `ala sayyidi ‘l-awwaleen wa’l-aakhireen, Sayyidina Muhammad (s). (Mawlana Shaykh sits.)

O our listeners, as-salaamu `alaykum! May Allah forgive us, because we are doing so many nonsense actions and we are running after so many bad activities and we are going to be such heedless ones! We are asking

forgiveness from our Creator, for the honor of most honored one in His Divine Presence. Finally, we are asking support from our master, master of this planet, that he can accept our humble asking. We are humbly asking from our planet's master and we are coming and asking him to help us. Yes, we are helpless ones. "Helpless" means we cannot do anything by ourselves. Such instruments here if through themselves can't do anything. They are in need of a power reaching to them, so that they may be alive. Hearing, listening, understanding and sending their messages through east and west, but we are not seeing that power; we are only looking and seeing instruments in front of ourselves. The secret power that makes them work and do what we are asking, you can't see. In such a way everything that people reaching through their lives to reach to their targets, they must use some Power Stations for supporting them. If those Power Stations are not reaching to them, they are like statues, never understanding; looking but not seeing, hearing but not understanding, saying but not understanding. They can do everything, but they can't be able to understand what is this, what is that, what is this for, for what that one?

Therefore, we are in need of a power you can't see, power reaching from endless Power Oceans of the Lord of Heavens, reaching and making people to understand something. But if a person is not interested and only occupied with his material being, they can't reach what they are asking to reach, that target. Yes, and we have such a strange power that we may understand something without looking, seeing, and hearing. We have been donated such secret powers and that power making you to step, that power making you to see, that power making you to hear and understand. When you are looking at that power it is showing you what you are asking to see, and what you are asking to reach through your looking. But if a person is looking an empty looking, that means he is not using that power that belongs to his eyes to reach to that point and to understand.

Now, if I am looking like this I may see the moon, but it is a simple looking. My looking, reaching up to moon. But there is another looking that I am asking: when I am looking to understand what is that and for what it is and what is its mission. So there are two kinds of looking: one looking is your looking so simple, and second looking with heavenly power that gives to you heavenly wisdom. If you are using heavenly power, you may reach that one's wisdom for what that moon was created. What is the main purpose for that moon to be in nighttime and not daytime? Daytime you may see, but you are not interested with moon as you are interested in the nighttime. So that is one kind of looking, very simple, very simple. Have you ever looked and seen a cat

making its eyes like this and looking to the moon? No, it is not necessary for cats, for dogs, or for donkeys to look and to ask what is the benefit, no need. But you, because you have been created to be deputies of your Creator, therefore, who is created by divine order, his position just 100% different from other creatures' looking. That is your honor because you have been given good tidings, just granted to you that you are created to be your Lord's deputies. Therefore, coming such a powers that without having some special manifestation through yourself you can't understand, because manifestation of Mankind is 100% different from other creatures. Even angels have a level, but the level of Mankind is above.

Once I was going with my master and he was walking one way and he suddenly stopped and looked at a shop vitrine (glass showcase). There were some instruments there and he looked one second and said to me, "Nazim Effendi, a real representative of being deputy, if he is looking something, he must reach the reason or the wisdom for that one to be in existence. To look at it with empty eyes, you and a donkey going to be on same level." Therefore, if you are looking you must reach the reason of that one's existence. Therefore we have been granted eyes for looking. There is a simple looking and there is a real looking. Real looking is carrying wisdom and taking wisdom. Therefore, if such a person is looking at the moon, he must know something about the moon and its being in heavens, through space.

Every creature, every creation for what? To be your daleel (guide). Every creation is something that taking you to know about the existence of the Lord of Heavens, guiding you. Everything! Wa fee kulli shayin lahu fidaya... tadullu annahu wahidun. For everything that you are looking, you are taking a deep wisdom to know the existence of the Lord of Creation.

Now people are using only the simple powers of their physical being, and that is not enough to take you through oceans of Reality. You may look, and people are trying to look in the deeply positions, asking to know something about this universe. They are using only some instruments that belong to them, to show some measures, but it is not a real. Perhaps they may say there are some solar systems, some galaxies deeply, deeply, deeply through space, but they are not using the real spiritual power that has been granted through their spiritual being. They are only using their physical being's possible powers and saying, "Oh, that one's distance is 15 billion light years." For shame, it is not a real measure and they are only using the possibility of their physical being and what they are showing is always different. They can't measure it through their

physical being and its powers. But Man just granted as being deputies of the Creator, God, Allah Almighty. That power may show to a person real distance without getting a mistake. What they are saying through their physical being's ability is not a reality, no. It is only such a thing that you can't say ir is reality because it is only a show. They may imagine, and they are using only imagining, but imaginings are not reality: imagination is something and reality is something else.

Therefore, Mankind now are trying to reach the deep points of this universe but what they are all saying is only imagination, not more. What they are saying, never passing over imagination to reach reality. Imagination is something else, and reality something else. Imagination may be changed daily, one-hundred times or one-thousand times, one-million times or one-billion times. Imagination may be changed because it is never fixed, but reality is fixed, never going to be changed! And through reality also there are so many levels. First level, that understanding from reality that belongs to that one, second level from reality is just 100% different from the first level and such a way going up endlessly, endlessly. As much as you are approaching from Divine Oceans, that much you are reaching heavenly levels, and that always changing because the Lord of Creation, our Lord, no one can bring any description on His Real B His Real Essence! Tajalli, manifestation, is always changing and it is impossible to reach an end. You are reaching something but you can't reach whole thing, because He is the Lord of Creation and the Creator never going to be like creatures, no! Therefore, no similarity for Him and you can't know: what you are knowing is nothing. Therefore, you are running, running, running and asking, hal min mazeed, "Give us more," O our Lord. Because as much as they are running, their pleasure getting more, their lights getting more, their visions getting more, their knowledge getting more, and their desires getting more.

O People! Try to understand such things! What you are learning through colleges or universities or academies is nothing. Nothing! Giving nothing to you. Finally you are going to be tired and will say, "I am just tired and I don't like more than this. When I am finishing this level second, I am not asking for more." That Reality making people to ask for more. Their pleasures getting more and more and more, and their capacities reaching to endless Oceans. Therefore, they are asking, "Hal min mazeed, "Give us more," O our Lord. We are so happy, so in pleasure, endlessly pleasure for us, give us more." And the Lord saying, "For you, more and more and more from pre-Eternal up to Eternal. Therefore, I am granting to you, Eternity, Eternity, Eternity." Those people whom reaching to that level they are asking Eternity, Eternity, Eternity! Hal min mazeed, "No

more, O our Lord?" Allah (swt) is saying, "That is for you, so ask more and take more!"

O People! You are in heedless oceans, finishing, finishing. Heedlessly powers that covering heedless people are like oceans also and making people to sink more and more and more, to get down and down and down. Instead of being happy and in pleasure, they are getting much more narrow, narrow, narrow. That is an example for black holes. Black holes, if falling in it, endlessly going down, down, down, down; you can't find an end. Enlightened universes taking you up, up, up, more and more and more, to endless pleasure.

O People! Try for an understanding. But awliyah, saints, saying that now all people are drunks. Drunk ones never understanding anything from Enlightened Oceans of creation. Other people never reaching any end for the darkness of ignorance; their knowledge is never giving to them. Now whole people running after something that never giving any reality about the Creator, not giving them anything. The most close level for this planet, and they are not reaching a real reality. May Allah forgive us!

Allah Allah, Allah Allah, Allah Allah, Allah Allah.

Allah Allah, Allah Allah, Allah Allah, Allah Allah.

You should be happy. As-salaamu `alaykum!

(Mawlana Shaykh sings.)
Dome dome dome dome

Dome dome dome dome

O People! Ask real pleasure from your Lord to grant to you. Don’t waste your lives for nothing. This world and life on it, is like a dark prison.

(42 minutes) It is enough.

Allah Allah, Allah Allah, Allah Allah, Allah Allah. Allah Allah, Allah Allah, Allah Allah, Allah Allah.

Fatihah.

Thank you for your listening. Allah makes us to be from those people whom they are accepting Reality and asking lights and enlightened territories, to save ourselves from dark and darkness territories.

## Give your Hand to Charity, Your Soul to the Lord

We have been given a part of His Divine Presence, of His Divine Soul, which no other creature has, and have been created in a perfect way for a reason. Just like the earth has been created for a purpose. The sun was created for a reason. The moon was created for a purpose. Every creature has been created for a purpose. We look around and try to find out in which way we can use them.

We realise that we are the owners of this earth, we know that no other creature can reach this capacity and authority. There are so many creatures which are much more powerful than man, but they cannot control anything. You can control everything on earth. You can reach the deepest ocean. You can go to the skies and above. It is this kind of authority which makes you different than anything else around you. We try to find out the use of all creatures, except our own. Mankind does not bother to find out what their real reason for existing is.

We are at the end of this century, reaching out to the second millennium. Still man is occupied with their physical being, putting their full interest into their material world, even though they are aware of the fact that their material being will be put to an end by death. No-one lives on earth forever. We see thousands of people leaving this world every day. We see dead bodies being taken to the cemetery and put under ground, but we don't really ask what has happened. How is it possible that this body was still running around yesterday and

today it can't? Why are we alive one moment and dead the next? Maybe the question comes to some people's mind, but they do not persist in trying to find out.

Since the beginning of life on earth Holy Books have been given to us. Man has always wanted to know what happens after death. But our educational systems today teach us nothing but theories about the beginning of life, and nothing about what happens after death. Science cannot bring contentment to people concerning the origins of their future. When someone today talks about death or beyond death, people are so embarrassed that they try to make a joke about it, or even worse: a taboo. It is very difficult today to speak about anything concerning Holy Books, people say these are bygone tales. But the situation of mankind is getting worse, because man needs to believe. Beliefs make a person perfect. Man cannot be perfect without a belief. A person without a belief is a terrible person, more violent than a tiger, bear or wolf. From day to day the violence on earth is increasing.

Everybody is afraid of the coming days. Everyone is wondering what the coming millennium will bring. If they are not controlled, the competition between scientists, nations and weapon producers will increase to the point of explosion. Governments are spending 99% of their budget on weapons. What are they competing for? It is according to our violence. It is what our egos are asking for. They think that the most violent one will be the hero. We have not been sent to this life to kill, but to live. But the whole world now is intent on killing. All Holy Books: the Old Testament, the New Testament and the Last Testament, the Holy Quran, mention that when the Last Days approach, violence, killings and wars will increase. People will kill and be killed without knowing why.

We are like flocks, whatever our shepherds want us to do, we do. The reason that they can do with us what they want, is that our belief has reached the point of zero. This is what they want: they want us not to believe in anything. They want us to forget our Lord. The whole world is on the point now of not wanting to know anything about their Creator and not to believe, even though we need it. Even the biggest opponent of religions will start crying when he dies: Oh my Creator, oh Allah!

Since 60 years I am urging people to believe in their Creator. We believe that all prophets came as messengers from Heaven. Everyone of them brought a message from Heaven. The Lord of Heavens asked mankind to live happily and peacefully. The first man was created in Paradise. The Lord of Heavens would

have left them to live in Paradise forever, if satan, who was the first jealous one of all creation, had not wanted this high honour, which we have been given, for himself. When the Lord created us as his Deputies, satan was so angry and so jealous that he started chasing the first couple out of Peaceland, out of Paradise. This is why were thrown out. He will never let us be in peace. But the Lord of Heavens has sent 124 000 prophets, all of them with messages to guide people to a happy peaceful life. Satan wants people to fall into troubles, miseries and sufferings.

Unfortunately everything in our days from east to west and from north to south, is turning in the wrong direction, is running after satanic ideas. The Heavenly Message has been thrown away. People are listening to satan and are making 'isms', 'isms', 'isms': communism, capitalism, feminism, kamalism... all of them are false. They are against the Divine Message. These are satanic ideas, his representatives have introduced them to throw people into misery.

We are reaching the second millennium. What is going to happen? If we do not change our direction, no doubt it will be terrible. There will be no more living people on earth. The majority will be killed and all buildings will be in ruins. Satan will sit on the mountain of ashes and be so happy: "Finally I have given my revenge to mankind!"

We have to see if we can save ourselves from that catastrophe. The Holy Books tell us that there will be a group of people who, even if everything else is going in the wrong direction, will go in the right. Moses* was a great prophet, he was the one who spoke with the Lord. Before his prophecy, when he was escaping from Egypt he came to the country of Kaana. He met Shuayb* (the Prophet Jethro) and promised to be the shepherd of his flocks for 7 years in return for marrying one of his daughters. This was his dowry. It is not permitted to marry anyone without a dowry. It can be anything, but the more you give, the more she will love you.

One day Moses* was with his flock in a valley full of wild animals. If he had just looked away for a second, they could have been attacked. It is very important to protect that which has been given to you as a trust. Suddenly he was overcome by a heavy sleep, unable to open his eyes or even to stand up. At the same time he knew, that if he would fall asleep, at least half of his flock would be gone. If he would just be able to keep his eyes open, it would be enough, because the power of man lies in his eyes. So he said, "Oh my Lord, here is

your servant, your Will is above mine, it must continue..." with that he fell down, but within and instant he regained his strength. As he stood up he saw that the biggest of all wolves was standing above the flock keeping control over them and chasing away all the other wolves. The Lord addressed him, " Oh Moses*, you are what I want you to be. When you are with me, I am with you. I am looking after your flock, I can even make the wolf to be the shepherd over your flock!"

Try to be with Him and He will be with you. If a flood comes, like at the time of Noah*, you will be in safety. No titles which you carry in this life will be of any importance or any kind of life-style. I am teaching you the most honourable style in this life which will make you happy, successful, victorious, in safety and in peace. It is not important if you are a Muslim, a Jew, or a Christian. My advice for you, is to be with your Lord, and He is one. Don't think that Christians have one Lord, Jews another, Muslims another. No! Be for Him. Be for Allah and you will be happy here and in the hereafter. Do your best for people. That will make you enjoyful always. Try to give your hand to charity and your soul to your Lord.

## Der Glaube gibt den Menschen Hoffnung

Aller Dank und Lob und Preis ist für Allah den Allmächtigen, der uns unter zahllosen Geschöpfen als Mensch erschaffen hat. Uns wurden zahllose Geschenke gegeben, bis in alle Ewigkeit, und wir haben nicht darum gebeten. Er erschuf uns und ehrte uns dadurch. Was beklagt ihr euch? Was wollt ihr noch? Wollt ihr eine Schlange sein, ein Skorpion, eine Ratte, ein Schwein? Wer sich beklagt, den kann Er im Nu in ein häßliches Geschöpf verwandeln. Sagt nicht, wenn ihr in den Spiegel schaut: „Ich verliere meine Jugend“, sondern sagt: „Alhamdulillah, Gott sei Dank, ich gehöre zur Menschheit.“ Niemand hat das Recht, sich über das Älterwerden zu beklagen; denn jeder hat in seiner Jugend das schönste Aussehen. Aber die Zeit vergeht, und wir können nicht das ganze Leben lang auf jener Altersstufe stehenbleiben. Es ist wichtig, Allah dem Allmächtigen dafür zu danken, daß man sich trotz des Alters zur Menschheit zählen kann. Das Haar wird weiß und das Gesicht faltig, das Gewicht verändert sich, und der physische Körper wird älter. Aber aus Händen werden nicht Füße, oder umgekehrt.

Seid nicht traurig über diese Veränderung und beneidet nicht die Jungen, denen es bald genauso geht. Ich will damit sagen, daß ihr dankbar sein müßt und glücklich und stolz, weil Allah uns zu Seinen wichtigsten Geschöpfen erschaffen hat. Glück bedeutet, die Veränderung des physischen Körpers annehmen zu können. Denn das spirituelle Wesen bleibt gleich. Dieser Punkt ist das wirkungsvollste Training für alle in Depression Gefallenen. Dagegen gibt es keine andere Medizin. Ihr müßt versuchen, spirituelle Vollkommenheit zu

erreichen. Die Jungen können diese Vollkommenheit nicht so leicht erreichen, aber im Alter nimmt man jedes Ereignis zum Anlaß zur Vollkommenheit.

Die Sicht der Welt ändert sich. Darum müssen Ältere vollkommener sein als Jüngere. Der Schöpfer gibt Seinen Dienern etwas in der Jugend, nämlich physische Freuden; aber wenn die Grenze der Jugend überschritten ist, nach dem vierzigsten Lebensjahr, dann müßt ihr euch an eurer spirituellen Vollkommenheit erfreuen. Ihr müßt dann spüren, daß ihr auf der Ebene der seelischen Vervollkommnung ankommt. Statt traurig zu sein solltet ihr Freude und Glückseligkeit empfinden, wie jemand, der lange Jahre fern von seinem Land war und sich darauf freut, in sein Heimatland zurückzukehren. Dies kommt von unserer Seele; sie weiß, daß der Tag der „Landung“ näherrückt. Statt traurig zu sein freut sie sich auf ihren letzten Tag, wenn ihr Visum abgelaufen ist, wenn sie die Erdenschwere ablegt und nach oben abhebt. Dies reicht aus, um das ganze Leben glücklich zu machen, und diesen Frieden und diese Freude kann nur der Islam geben. Keine andere Religion kann den Menschen das noch geben.

**Glorifying Allah gives you real life! Or: the whole universe is an orchestra of divine glorifying!**

Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded, ya Rijalallah!
Allah Allah, Subhan Allah!
Subhan Allah, Sultan Allah!
Allah ya Daim! ca. 2o x
Allah ya Subhan! ca. 1o x
Allah ya Sultan! ca. 1o x
Allah ya Jalil! ca. 1o x
Allah Dhu-l Jalal! ca. 1ox
Hasbi Allahu wa ni'mal Wakil,
La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Adhim!
Audhu bi-llahi mina shaitani rajim,
Bismillahir Rahmanir Rahim,
La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Adhim!
Ya 'Adhimu, ya Allah! ca. 13 x
Ya Karimu, ya Allah! ca. 8 x
Ya 'Azizu, ya Allah! ca. 12 x

Ya Subhanu, ya Allah! ca. 8x
Ya Sultanu, ya Allah! ca. 8 x
Hasbi Allahu wa ni'mal Wakil,
La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Adhim!
Meded, ya Sultanu-l Awliya!

Nothing can be (more) sweet for our souls (than) to make Dhikr! Angels- their lives real life- their lives is Tesbih, to say: "Subhan Allah, Sultan Allah!" Countless kinds of Tesbih may be; it is countless. Everything (is) glorifying Allah, everything! Everything- Meded, ya Sultanu-l Awliya- everything it has a private structure, everything it has a personality, so that we can't find through creation, through universe, through universes, to be on same personality. You may say atoms; for example Hydrogen, it is an element. It is different from Oxygen. Do you think that every atom from Hydrogen (is) same? If they are going to be same, they must join to each other, but every atom keeping its personality, never getting to be two atoms coming together, no. Every atom keeping its personality. (It is) special, its personality! As you are not going to be similar for your son, different

Therefore man billions of mankind they are all separated and everyone has a personality special. You are special, you have a specialty that making you different from second one, from third one, from others. Also from atoms, each atom it has a private personality, so that not coming to mix with another atom of Hydrogen. If going to be joined with another Hydrogen, going to be one nuclear and around going to be two electrons, it is another being, another creation. Therefore each one keeping its personality. If coming together, never going to be a Hydrogen atom.

And also, o people, each atom it has a name, private name, that just given, granted to that atom, from its Lord, from its Creator. And also

given a kind, a different kind of glorifying that that one's glorifying is not similar for second one. Each one it has different glorifying, so that everyone glorifying and that glorifying you can't count them.

You may look an orchestra- may be 2o kinds of instruments: Flutes, even piano, how many!... each one glorifying its Lord in another kind of glorifying. We are knowing nothing! We are saying: "Subhan Allah, Sultan Allah...!" This is glorifying. But same time everything that we have, they are making a kind of orchestra and their glorifying coming in such a way (that) if you can hear, you can fall down!

Glorifying Allah Almighty that is that Allah Almighty granted to His creatures: to make glorifying their Lord and whole universe is such a perfect glorifying orchestra! Allah Allah... Allah Allah...! Yes, Allah Almighty, let Him to grant ourselves with His endless Blessings to hear, to hear (the) glorifying of everything!

(The) most beautiful glorifying (is) coming from water! Waters' glorifying (is) in such a majestic (way) that (it is) giving life to dead ones, making it to open, to come in life! Water (is) bringing everything from death to life! Without water, nothing (is) coming into life; therefore the secret, sirr, (the) secret of Allah Almighty that He granted only (to) water, is majestic, because that (is) bringing life, bringing life for dead ones. Allah Allah!... "...wa ja'alna mina-l mai kulli shayin hayy...!" Everything, so that (for) every creation (there) must be a master power from water to come into existence, to be alive. Water is (all the) same. "Do you know how many kinds of water?" "Yes, Sir, we know: spring water, rain water, ocean water..." so many! "Tap water, (?) water..."

That is that you know it! Mina-l ma- Alif, Lam, cins... you can't count

the kinds of water! “Wa ja’alna mina ma- alif lam- kulli (shayin hayy)...”... whole things, from being nothing, bringing to be something. That is, to make everything alive, the power, (the) secret power, that Allah Almighty (has) granted to water. So many kinds of water, but you know only rain water, rivers water, well water, ocean water... It is same, but (there are) so many kinds of water that (are) making, bringing life to everything. They were nothing and (then they are) coming to be something! Therefore, Prophets traditional Knowledge that (is) reaching to Awliya and Sahaba from Rasulullah sws, that they were reaching to (such) a level (that) they were hearing (the) Tasbihun Biya; they were hearing (the) glorifying of waters! (When that happens) then that person (is) just stepping to a stage, to a level, that his physical being can’t carry to be there; (there is) appearing another personality. From that mai, from that water; that water different water, (is) bringing people from (a) level, (the) lowest, to (the) highest, and their glorifying (is) going to be much more, much more, much more, much more- without stopping! Therefore- Angels (are) glorifying and they are living!

O people, if you are asking real life, happy life, peaceful life, you must continue to make Tesbih, to glorify your Lord Almighty Allah! Then you are reaching to a level (that) you are not in need to eat or to drink, because that levels’ eating and drinking (is) just going (to be) different. And that person (is) never going to be ill; no need to take anything for his cure, water (is) enough!

Therefore people (are) bringing (water to me and say): “O Sheikh, blow (on) this water!” That is another sirr, another secret power. People may say: “What is doing Sheikh? Blowing to water and giving people?” I am saying: “You are on the level of donkeys, you are not understanding such a things, don’t ask! You ask from straw and green fields; go there, it

is for you! Don't say: 'We are not understanding', it is not your level! You can't understand!"

Therefore, o people, we are doing Tesbih, glorifying of Allah Almighty; that gives you real life, at least you can smell (the) higher levels (re)freshment and pretties (?) and endless possibilities (are) opening to you through that level! That level. Keep on glorifying!

Therefore we are making Tesbih after every praying. If you can do that glorifying, if you can continue to make Tesbih, glorifying, then you are reaching a level (that) you are not in need to drink or to eat from the level of animals. Now we are drinking and eating from the level of animals, but there is up, and another up, and another up, (which is) giving you much more pleasure, much more love, much more peace, much more pleasement, much more wisdoms, much more power, much more (divine) Beauty Oceans!

They are saying (for) Aphrodite from Paphos (that she was) coming out from sea that they are saying it is the timsal, symbol, of (divine) Beauty... On that level, when you are reaching the Oceans of Beauty, ohhh... Sheikh X. your mind (is) running away, leaving you! Tesbih, reaching to that ocean, carrying people to that...

Prophets (are) calling people to that unknown Beauty Oceans, pleasure ocean, pleasement ocean, peace oceans, wisdom oceans, hikmet, ulum, knowledge oceans, but people (are) insisting. They are asking: "No, we are asking only here, that we are looking and seeing"...
O people, therefore, try to make much more (Tesbih), to say: "Subhan Allah, Subhan Allah"...After prayings we are saying 33x. We are saying in our Tariqa at least 1oo times saying: "Subhan Allah" ... Every Tesbih (is) taking you up from (the) animals level to (the) real level of mankind

that they are (the) Khaliphs, deputies of Allah Almighty. Whom they are living on this level of animals, they are not going to be deputies, no! "...Inna ja'alnaka kalifata, ya Daud, fi-l ard..." finishing every kind of your demands, wishings. When you are finishing, then you are reaching to be as Daud a.s., David, (that) Allah Almighty (was) addressing to him: "We are making you now, when you are leaving every kind of your wishings that belongs to your physical being, when you are leaving it and glorifying your Lord, we are making you Khalifa fi-l ard..."
