Sheikh Nazim: Das macht nichts, aber ihr habt eine gute Chance. Siebenhundert spirituell kraftvolle und wahrhafte Menschen kon¬trollieren die ganze Nation der Japaner.

*Frager 2: Wo sind sie?*

Sheikh Nazim: Du kannst sie nicht sehen, aber ihre Macht ist mit der japanischen Nation. Sie bereiten die

japanische Nation vor.

*Frager 2: Sind sie unsichtbar?*

Sheikh Nazim: Sie geben ihre Kraft wie Röntgenstrahlen in eure Herzen.

*Frager 1: Japaner oder Nicht-Japaner?*

Sheikh Nazim: Von Japan und von siebzig weiteren Nationen. Siebenhundert spirituell kraftvolle Menschen. Hundert Japaner. Sechshundert von anderen Nationen. Sie kontrollieren die japanische Nation und bereiten sie auf Armageddon vor.

*Frager 2: Sind die hundert Japaner am Leben?*

Sheikh Nazim: Alle von ihnen leben, sind Lebende. Alle sind mit ihren physischen Körpern in Japan. Sie geben Kraft. Sie sind spirituelle Kraftstationen.

*Frager 2: Wie können wir sie erkennen?*

Sheikh Nazim: Es ist schwierig. Wenn es notwendig ist, wirst du sie erreichen. Aber nur hundert sind Japaner, dagegen kommen sechshundert von anderen Völkern. Die meisten kommen aus Asien, eine Menge aus Afrika. Keine Europäer. Aber für die Deutschen gilt, daß sie diejenigen aus dem Westen sind, die sich auf der gleichen Stufe wie die Japaner befinden. Sie bereiten sich auch auf Armageddon vor. Für Mahdi (Fmi). Sie haben auch fünfhundert spirituelle Meister, davon hundert Deutsche und vierhundert aus dem Mittleren Osten.

*Frager 1: Sind sie alle Muslime?*

Sheikh Nazim: Muß sein! Muß sein!

*Frager 1: Haben die Meister irgendein Zeichen?*

Sheikh Nazim: Ja. Wer die Zeichen kennt... Du kennst die Zeichen, keiner sonst. Sie haben Zeichen. Hier.

*Frager 1: Ist nun das Zeitalter von Sayyidina Mahdiy?*

Sheikh Nazim: Das ist sein Zeitalter.

*Frager 1: Wird er erscheinen, insha'allah?*

Sheikh Nazim: Wir hoffen, bevor das Jahr 2000 erreicht ist, daß er mit uns sein muß. Tatsächlich und wahrhaftig mit uns.

*Frager 1: Ich habe eine andere Frage...*

Sheikh Nazim: Niemals endende Fragen! (alles lacht)

*Frager 1: Verzeihung. Kann man dem Naqshibandi-Weg folgen, ohne ein Muslim zu werden?*

Sheikh Nazim: Ohne Flügel, wie kann eine Person fliegen?

*Frager 1: Es ist unmöglich.*

Sheikh Nazim: Unmöglich. Du mußt so etwas wie Flügel haben, das dich von der Erde abheben läßt. Deshalb, wenn eine Person kommt und sich neben eine Rakete stellt, die abhebt, und sagt: 'Auch ohne die Rakete kann ich abheben' - das ist eine große Dummheit. Der Naqshibandi-Weg ist ein Weg, um spirituelle Stationen zu erreichen. Du benutzt ein Flugzeug, um von Zypern nach Japan zu kommen, und dann verläßt du das Flugzeug und gehst das letzte Stück. Deshalb ist der Naqshibandi-Weg nur ein Weg für die Himmel. Du bist frei, aber wenn du einen anderen Weg benützt - wenn du irgendein anderes Mittel finden kannst - ... Du bist frei. Wenn nun eine Person durch das Christentum einen Weg findet, mag er ihn benützen.

*Frager 2: Gibt es viele Wege mit verschiedenen Namen?*

Sheikh Nazim: Ja, so viele Airways gibt es, Japan Airways, Panamerican Airways, -...- Pakistan Airways, Turkish Airways, Cyprus Airways - so viele.

*Frager 2: In diese spirituellen Welt nehmen sie uns mit?*

Sheikh Nazim: Versuch es! Ich habe alle ausprobiert und geschaut, aber jeder sitzt auf seinem Platz, keiner

bewegt sich. Ich kontrolliere in der Nacht, wer aufsteigt. Ich habe bis heute niemals irgendeinen Katholiken, irgendeinen Protestanten, irgend¬einen Orthodoxen, irgendeinen Juden, irgendeinen Buddhisten, irgendeinen Brahmanen, oder irgendeine andere Person mit irgend¬einem dieser Titel gesehen, die aufgestiegen ist. Niemals! Wenn jemand kommt, kommt er zu mir. Ich gehe hoch zum Eifelturm und stürze mich hinunter, und diese Person soll sich auch hinunterstürzen. Ich werde es ihnen zeigen. Wer sagt, daß er aufsteigt, muß zu mir kommen. Ich teste ihn. Wenn ein katholischer Papst, Pater, Bischof, irgendeiner, der glaubt, sich selbst vertrauen zu können, sagt, daß er hinaufsteigen will, mag er zu mir kommen: Ich mache es, daß er vom Eifelturm entweder hochfliegt oder runterkommt. Ja, ich bin hier! Sheikh Nazim. Sag es ihnen!

*Frager 1: Aber, Muslime können das auch tun.*

Sheikh Nazim: Wahre Muslime auch. Wahre Muslime! Autorisierte. Selbst in der islamischen Welt gibt es so viele Tariqats, aber wenn sie nicht autorisiert sind, können sie es nicht tun. Sie können es nicht, haben nur einen Titel, ein Titel reicht nicht.

*Frager 2: Ist die Rolle der Russen eine große oder eine gute oder eine schlechte oder eine kleine?*

Sheikh Nazim: Die Japaner werden die Sowjets bald aufessen.

*Frager 2: Japaner?*

Sheikh Nazim: Japaner und Deutsche.

*Frager 2: Japaner mit Deutschen?*

Sheikh Nazim: Japaner vom Osten, Deutsche vom Westen, sie werden die Sowjets aufessen.

*Frager 2: Können wir sie aufessen?*

Sheikh Nazim: Ja, ihr habt einen genügend großen Magen.

*Frager 1: Ich möchte die letzte Frage stellen. Die letzte ... nein, zwei Fragen: Die erste Frage ... (alles lacht) ich möchte fragen, was die Bedingung ist, um ein Naqshibandi zu werden.*

Sheikh Nazim: Die Bedingungen sind so einfach: Interessiert zu sein an seinen eigenen himmlischen Positionen.

*Frager 1: Wir sind alle interessiert daran...*

Sheikh Nazim: Ja, das ist alles. Das ist alles. Einen Kapitän zu finden, der dich auf diesem Weg mitnimmt. Wenn dein Herz bereit ist, mit mir zu gehen, ist es in Ordnung. In Verbindung. Ich lasse niemanden alleine, der hierherkommt und das akzeptiert, was ich sage. Ich setze meinen Haken in sein Herz, dann ist niemand fähig, meinen Haken aus seinem Herzen zu entfernen. Ich bin auch ein Autorisierter.

*Frager 1: Haben sie irgendeinen allgemeinen Rat für Japaner? Ich möchte eine Botschaft für die Japaner.*

Sheikh Nazim: Die Japaner sind unter den Nationen ein Volk, das für ein großes und wichtiges Ideal oder Ziel auserwählt wurde, deshalb sollte ihre Kraft für himmlische Zwecke benutzt werden. Göttliche Macht beschützt sie, und sie sollen sie für die göttlichen Zwecke benützen.

*Frager 1: Sehr vielen Dank, sehr vielen Dank.*

Sheikh Nazim: Vielen Dank auch für ihren Besuch. Und gute Neuigkeiten für die Japaner: Sie bewahren oder versuchen, ihre traditionellen Werte zu bewahren, und ich bin glücklich, daß sie bis in die heutige Zeit ihren Herrscher Mikado geachtet und respektiert haben. 'Seine Majestät Mikado', sagt ihr, ja?. Und wer mit ihm ist, und wer ihn respektiert, und wer ihn unterstützt, sollte zur Zeit von Mahdi (Fmi) dabeisein, sollte mit Mahdi (Fmi) sein.

## QUESTIONS BY THE PRESS

*Q: Why is there so much terrorism in Islam? For example in Algeria?*

Algeria? The people of Algeria want Islam and the Europeans are not happy with that. They have a democratical system and they have voted for Islam but the army took away the newly elected government. This action of the army forced the people to start acting against the army. About 75% of the Algerian people are Muslims and they want to decide for themselves which form of government they should have. Why are people afraid of that?

*Q: Most people do not understand that the fundamentalists are not really Muslims.*

That is because they have no choice. The people who are leading them have already made the choice for them. I do not think that any believer wants to be killed or wants to kill. Real believers are very unhappy to see what is going on. I have come here to criticise all the violence that is going on in humanity.

## German TV Interview

(Interview with German TV crew translated from Turkish)

Interviewer: We have a few questions.

Mawlana Shaykh Nazim: Come sit here. Are you all German?

Interviewer: I'm Turkish, but I work for the German TV. The others are Australian and Israeli. They also work for the German TV. So, we've basically formed an international crew.

Mawlana Shaykh Nazim: Where are you stationed?

Interviewer: South of Germany, in Munich. In a few days, the pope will visit Southern Cyprus, and we wanted to ask you a few questions regarding this issue.

Mawlana Shaykh Nazim: Really? Why aren't you asking the pope, but asking me? (laughter)

Interviewer: We'll ask him later.

Mawlana Shaykh Nazim: You can't ask him. OK. Bismillahi 'r-Rahmaani 'r-Raheem. Now, what's your name?

Interviewer: Jamaal.

Mawlana Shaykh Nazim: Jamaal Efendi. Are you from Bosnia or Anatolia?

Interviewer: Anatolia.

Mawlana Shaykh Nazim: OK, you could start asking your questions and we'll say what we will, inshaa'Allah. A`oodhu billahi min ash-Shaytaani 'r-rajeem.

Interviewer: Our shaykh, internationally you are very well known.

Mawlana Shaykh Nazim: (Jokingly.) If we were well known, they would all send us money! (laughter)

Interviewer: For many years, there has been an ongoing discussion between the Christian world and the Muslim world, especially during the coarse of the current pope.

Mawlana Shaykh Nazim: Where did the discussion start from?

Interviewer: From the speech that the pope delivered in Regensburg, attributing Islam with violence. Upon this, arguments began. Did these arguments finally come to an end? Is Christianity and Islam close to each other now?

Mawlana Shaykh Nazim: OK. But now, Bismillahi 'r-Rahmaani 'r-Raheem, we also have a question to ask. His Holiness the Pope gave a speech in Germany, right? Was this speech made through knowledge? Was it addressing the sects, or was it made through a different purpose? If it was a discussion made through 'ilm, knowledge, then this cannot be done in public, it can only be done in a closed venue, like in a hall, to do ijtimaa, in which an arbiter from the Christian faith would be brought, and perhaps three, five, or seven people would be already there. Now, if the person they are addressing is one person, then we are not in need to bring people from our side.

Mureed: Yes. You understand, right? This is a very important answer.

Mawlana Shaykh Nazim: Now, regarding the question this gentlemen asked us, was it the pope who made

this claim?

Interviewer: Yes.

Mawlana Shaykh Nazim: What did he say?

Interviewer: I cannot say exactly, but during that period he had started a discussion in which he said that Islam and violence are inseparable.

Mawlana Shaykh Nazim: What is being implied by "violence"?

Interviewer: Maybe the pope is talking about jihaad.

Mawlana Shaykh Nazim: What?

Mureed: He is saying that maybe the pope was implying jihaad, but we don't know his heart.

Mawlana Shaykh Nazim: No, not that. Let him answer my question. What did His Excellency the Pope say?

Interviewer: The one sentence he did say was that as long as the Muslim world does not withdraw from violence, we cannot be close with them.

Mawlana Shaykh Nazim: OK, then say "mashaa-Allah" to the pope! Every kind of violence came from the Christian world. For what reason is he saying this to us?

Interviewer: As you know, five years ago a big argument arose from this issue before he came to Turkey.

Mawlana Shaykh Nazim: It's nonsense, because the Christian world is creating the greatest violence. As a description, I may ask His Excellency the Pope, what is the teaching of `Isa (a)? What did Sayyidina `Isa (a) ordain to his people? That if someone slaps you on the cheek, then to turn the other side. All throughout history, what did the Christians do to each other?

Interviewer: Slay each other.

Mawlana Shaykh Nazim: For what? Did they (really) follow the path of Christianity? Are they walking on the

path of Prophet `Isa (a)? All of the things they have invented were weapons, nuclear bombs, atomic bombs, missiles and so on! We didn't invent them.

Interviewer: With your permission, we would like to ask you another question.

Mawlana Shaykh Nazim: Whatever comes to our heart, we are saying. In our faith, in Islam and in other faiths, there is a certain judgment with which even `Isa (a) agrees, that the Prophet (s) said, "All persons who give harm, whomever they may be, will undergo ruin." This means they will be slain because they give harm. The snake is slain because it harms. The scorpion is slain because it harms. Poisonous insects are slain for that reason as well. Those that harm within microbes, are slain for the same reason. Also, amongst Mankind, those who are harmful to humanity will be slain because this is needed for the order of this world. If you are not allowed to slay anything, and a snake, a centipede, or a scorpion enters your home, then you cannot touch it. How are you not going to touch it? Since it is going to harm you, then you will have to touch it. You are going to kill it and throw it away.

Say a person came and trespassed into your home, he harmed you and tried to kill you. Are you going to submit to him as the lamb submits to the butcher? It is not a reasonable thing. I don't know if His Excellency the Pope lets murderers to freely wander about without punishing them. If His Excellency the Pope allows them to kill whomever they like, then that is a different matter. In `Isa's Shari`ah, religious ruling, there is no such thing as this. When looking at history, we see the history of Christianity could fill up a whole library. Due to the dispute between the sects within Christianity, millions of people have lost their lives. And upon their popes' rulings, billions of people, without considering the young, the old, and the innocent, were all massacred. Did the Muslims commit this violence? Why don't they look at the matters involving themselves instead of attacking us, claiming that we are the one with violence? No! We are not with violence; we are a people who hold a weapon (only) against those who are harmful to humanity. It is only for this reason. We never slay a person from out of the blue (for no reason). Whatever their sect is, whatever their disposition is, we will never harm them. And if someone has harmed them, then he/she has done wrong! No such thing exists in Islamic Shari`ah. Therefore, it is not right for His Excellency the Pope to accuse Muslims of being equal to violence. It is unacceptable. After so many wars, in 1914, WWI began. During WWI, those who fought against each other were Christians or Muslims?

Interviewer: Christians.

Mawlana Shaykh Nazim: So that means, Christians can also be held together with violence, whereas in Christianity there is no violence! Prophet `Isa (a) said, "If you slap me on the cheek, then I turn the other side." Is this ruling a lie? Is it wrong? Where is the practice of it? What did we do? If someone attacks us, for example, if a bear, a wolf, a beast attacks your home, would you open all your doors and let it to freely wander about, to eat and kill those inside the house? Are you going to just stare and say, "It is prohibited." No! There is only prohibition for slaying innocent people. All holy books gave permission to slay the mudhee, harmful ones, in the Old and in the New Testament. In both the Taurat and the Gospel there is a ruling that says to slay the mudhee, harmful one. If His Excellency the Pope does not know where it says it, I can show it to him. There is no need to show it in the book, because you can already see it through their actions. Why are they inventing all these weapons? To abolish the Islamic world? It may be, but at the same time they are using these weapons amongst themselves. America is using it for Russia, Russia is using it for Germany. So this means that the Christian nations are also using this violence against one another. For what reason are they accusing us? Why are they blaming us?

(Mawlana Shaykh speaks English.)

Any answer? If they have answers, let them say! We are not children. I am not a small one and I am not making my beard through mills coming on my beard flour and becoming white, no. His Holiness is like my son. I know what he knows, but he is not knowing what I know. And whole religions have spirituality. How many from saints, or popes, are giving a fatwa and killed? Even if they were living in forests and on mountains, they are catching them and killing them! Why? Now in our days only the Christian world is standing up and they are asking to kill everyone on Earth and to reach to every territory in the east and west, from north to south, for a group of people only. And His Holiness must know; if he is not knowing he must learn, and must know that the Lord of Heavens ordered our dealings with each other to be with peacefulness, and not to fight. But when a bear, a wolf, or a snake is coming to you, you are saying, "We can't touch them." Why? They are coming to give poison to you, to kill you or to eat you. How are you sitting like this?

What kind of heavenly order just granted to Jesus Christ (a)? It is a question. They are saying Jesus Christ (a) was on the cross, yes? They are saying their beliefs are on that way. We do not believe this, but they believe

this. I am asking, what did they do to those who crucified Jesus Christ (a)? What was their position about that big event that they are looking and seeing that Jesus Christ (a) was carrying his cross and the Romans put him on that cross? Why? How are they defending? No one can do this.You must use, sometimes, for the security of whole people, why are we using police forces? His Holiness the Pope is not using guardians for his holy place? Everyone may get in? No. Even they are using a gate for passing under it to look who is coming with bad intentions and preventing. Why are we not saying, "Man is innocent, we may leave them to go anywhere to do this and that." They must be true ones and they must say true events. They must defend Truth! If they are not defending, we are not going to make a discussion for them, no.

May Allah (swt) forgive us. Anything else?

Interviewer: Second question. I wanted to ask you a question regarding Northern Cyprus, as well. In 2009, last year, during these months, a discussion arose. It was said that there is no religious freedom in Northern Cyprus. People took to the streets and protested. I believe, Qur'an classes were shut down.

Mawlana Shaykh Nazim: They were shut down!

Interviewer: Regarding this subject, I wanted to get your opinion.

Mawlana Shaykh Nazim: It is wrong. It is wrong! No one can mudaakhala, interfere for beliefs of people. It is not our government's authority, no. Everyone may believe as he likes. Governments can't do this. Beliefs are only coming from heavens! We are not following political people and such governments that are saying, "We are a secular system." You may do a secular system, but we are Muslims, and we are not believing in your system! Whole responsibility is on you, not on us, and we are Muslims and we are asking to teach our children as Muslim children, to learn and to grow up (in Islam)! We are not political people, we are religious people! We may be obedient to any order, except we are not happy with what is going to be against our beliefs. We are fighting, fighting with our speech, and fighting with our powers also. That is our right!

Therefore, in Cyprus, the Turkish sect of Cyprus up to today is preventing youngsters to learn their religion. Why? Who is giving to them that authority? If they are not Muslims, they must write and record, "We are not Muslims," and then we are not looking after them. But if they are saying they are Muslims, they must respect our beliefs. If not, we are unhappy with them and Allah (swt) is with us, not with them! Allah is with us, and

Shaytan is with those who are preventing our beliefs. Therefore, they are coming like this (down), never standing up, finished. May Allah forgive us!

Anything else? Enough?

Allahu akbar, Allahu akbar, Allahu akbar. Allahu akbar aj'al

## INTERVIEW: ISLAM IN THE EAST & WEST

*Q: What is the difference between the Muslims of the East and the Muslims of the West?*

If you want to protect Islam in the West you must keep it like a plant in a glass-house. You must take much more care not to loose it. In our countries you don't need to be so careful.

*Q: Why should that be? Islam is a system and should take care of us, not we of it.*

Yes, but in the West there is no Islamic System, it is a system based on unbelief so you must take care of it yourself.

*Q:How do you rate the Muslims living in the West?*

If they have to live there then they must take much care. If a person lives in a city where there are illnesses, he must use some protection to shelter his health. They must look after their belief more than our people, because there is so much unbelief which is attacking Islam.

*Q: So what is the better situation? For people living in the East or in the West?*

The West. According to their difficult situation, because if their situation is more difficult, the payment will

be more. They will be paid much more, because they are living in difficult situations.

*Q: In Pakistan there is a demand to implement the Sharia.*

When it will be necessary they must use it. Anything that brings the benefit of Islamic Rules, must be used. We have a saying, "Wisdoms are our lost materials!". Anywhere we can find it, we should take it. We are not fanatic people. Wisdoms are for all of mankind and Islam is full of wisdoms. Europeans have taken so many rules and laws from Islam. If you need Sharia, then use it. Allah Almighty sent the Sharia so that it may be used. There is no discussions about it for Muslims, even for Europeans or for the whole of mankind.

*Q:Is it not better if the whole world follows Islam and follows the Sharia as their constitution instead of only using it when they need it?*

Everything exists because it is needed. That is what Islam teaches us. People should use it like they use supermarkets. If you need something, you go there, find it and take it. But you cannot take the whole supermarket to your house. That is how Islam is for all nations and for all times. If you need something, then go and take it and use it. No discussion. We are not saying, "Don't take it, don't use it!" No, use it!

*Q: Do you have a message for the people of Pakistan?*

May Allah bless the people of Pakistan as well as the whole Muslim World as well as all of mankind. This is my wish, because the people of Pakistan are our brothers and sisters in Islam, and Turkey is a nation that is very close to Pakistan. So my wish for my brother-nation is for them to have a happy and peaceful life. My message for the people of Pakistan is as its name says, "Pak"= clean, for them to be clean-hearted people and to try to make this country and everyone living in it happy and in peace. They must also try to make it their own targets to have a clean and peaceful country. That is what my heart is asking for.

I have a feeling now that there is trouble at the moment for the people of Pakistan. Troubles and sufferings and miseries... And I wish for everyone to try to take these troubles away and to find treatments for the sufferings and miseries from every direction. That is my message for them. As long as they are truly supporting Pakistan respectfully, with love and they are asking for justice and mercy, then Allah Almighty will give them more honour and they will be improving from year to year much more than in the past years.

I hope this message will reach the people of Pakistan as much as possible. I wish for them a peaceful life, a happy life here and hereafter. Thank you.

## Interview: Radio Midland - My Mission: to Collect Defenders of Truth

*Q: Sheik Nazim, how did you begin?*

This is what new people want to know. They want to know who is speaking. I am a Turkish Cypriot and I lived under British Government as a colony from 1922 until 1940. In the first year of the second war I moved from Cyprus to study chemical engineering at the University of Istanbul. I stayed there for 4 years. I then went to Syria, Aleppo, Damascus and Lebanon and learned Sharia. Then I met my Grandsheik, Sheik Abdullah Daghistani of the Naqshbandiyya in Damascus. I was under his training until he passed away in 1973. He then ordered me to be his successor for the most distinguished Naqshbandi Order. Until today I am trying to keep his order as much as possible. I hope it will be a pleasure for me to reach out to people and save as many of them as possible from going in wrong directions and to call them to the right direction.

*Q: Basically you are a chemical engineer. What made you change?*

We believe that everyone has a private destination, but it does not always take a straight line to get there. Sometimes it goes around corners, sometimes it stops, turns... Sometimes there are even U-turns in the life of man. There are reasons, and when Allah wants his servant to reach his destination He will even create a U-turn like He did for me after all those years in Istanbul. Everyone will reach their destiny. Until 1943 my

direction was towards dunya, but after that I was asked to turn my face towards the Divine Face. They created some reasons, and I turned my face from dunya to maula.

*Q: What did you feel when you took bayat with your Sheik?*

My destination had already been prepared in Istanbul during my years there. I was expecting to meet some of the Friends of Allah, saints. We believe that even if the whole world is empty of saints, there have to be saints in Damascus. That is why I was sent from a saint who was living in Istanbul to continue my training with one living in Damascus. I met my Grand master Sheik Abdullah Daghistani in Damascus. He told me that he had been expecting me to come at that time. My heart told me the same, I too expected to meet him within my spiritual adventure. I knew that all this had been planned for me. It was no surprise.

*Q: Islam is a great religion and people follow it all over the world. What would you say to the whole world in which way we could have the maximum benefit from this religion?*

You know that since the beginning until today all people who are living in this world are on two different opposite ways. They will either be good ones or bad ones: good servants or bad servants. That is why since first man people have been accepting or refusing Heavenly Messages. It is the same which is going on today too. If a Prophet would come today, don't think that everyone would accept him and follow him. Some will accept him as a messenger of God, witness him and follow his teachings. Others will refuse and not accept. Since the beginning every Prophet has faced the same problem: common people could not recognise them. No one can control all people now. It is impossible. I am just a small person, less than an atom. How should I be able to control a huge mass of people? What can I do? We can only do a simple work on people who are living in a time of absolute freedom. That is what they are running after. Religions bring discipline, but only very few people want to have that. Islam is a big religion. Do you think that Christianity wasn't, Judaism wasn't, or Hinduism and Buddhism weren't? People run away from discipline. Devils, agents of satan, make people not to accept any discipline. They are now fighting within the governments to take away laws. Especially young people want to live illegally.

*Q: In these days the whole world, but especially young people, are going astray and are going away from religion. What is your message to them to enable them to become good citizens and good human beings?*

As long as people as captured by their egos, they are enslaved, so there is very little hope for them to allow anyone to come and break their chains, they usually escape. If they would come closer, we could cut their chains. But if a patient is running away from the doctor, what can you do? If they come to really listen, they must leave some of their desires voluntarily.

*Q: What are your teachings, according to Islam?*

We are living in a century where people are saying that there is no God. Atheism has the dominion over the whole world. All governments and educational systems are manifested on atheism and materialism. It means that the sovereignty of satan has been established from north to south and from east to west, in every nation and within every belief. Until we are able to destroy the sultanate of satan we cannot do anything. Imagine a huge desert with an oasis where there is a spring of water which is only enough for a little greenery. The thousands and thousands of kilometres of desert cannot flourish from that one spring. In the same way I am only one person. I cannot help the whole desert. Only a handful of people can come and drink and pass through the oasis, but most people will be running through the desert instead. I am not claiming that my impact will be from east to west. I am only trying to sustain a small oasis, no more. Whoever wants to come is welcome!

*Q: You have done so much for the whole world already, what are your future plans?*

To destroy the satanic kingdom!

*Q: Which one is that ?*

It is all over the world... I am asking to get helpers, supporters. I want to have Defenders of Truth beginning with one and then be millions and billions in number, like a snowball coming down the mountain. I am trying to collect Truth Defenders consisting of people who are true-ones. I am looking for people who are true enough to defend Truth. That is my target: to find Truth Defenders and make them into a big mass. To attack the satanic kingdom and to bring it down and to establish the Heavenly Sovereignty on earth.

*Q: Thank you very much!*

We are thanking you, and I hope that through this interview Defenders of Truth will show themselves, reach

to me and reach to each other and form a big mass to move the base of satanic sovereignty on earth! That they will destroy it and establish the Heavenly Divine Sovereignty on earth through Heavenly Help and Support! I hope that your broadcasting company 'Excel' will be a Defender of Truth and that you will not broadcast anything in your radio to support the satanic sovereignty but be Defenders of Truth!

## Interview with a Representative of the Pope

(Meeting with Mawlana Shaykh Nazim and a representative of the pope, Sir Thomas and his friend John, of Ireland.)

Mawlana Shaykh Nazim: You are leaving?

Sir Thomas: We are leaving for Ireland soon.

Mawlana Shaykh Nazim: Why so quickly?

Sir Thomas: Ah, home, wife, children.

Mawlana Shaykh Nazim: How are you?

Sir Thomas: Good, good, good.

Mawlana Shaykh Nazim: How is His Holiness?

Sir Thomas: He had a very good trip and he was very proud to meet you. He seemed to be very proud to have met you; an old friend.

Mawlana Shaykh Nazim: I am nothing.

Sir Thomas: Two brothers, it was lovely to see two brothers embrace.

Mawlana Shaykh Nazim: He is younger than me.

Sir Thomas: It was lovely to see it, Mawlana.

Sir Thomas: Ah, look at this , beautiful. (As Mawlana holds a newspaper for Sir Thomas to see.)

Mawlana Shaykh Nazim: Would you like to take this?

Sir Thomas: It was beautiful, it was two brothers meeting. Nothing needs to be said, embrace... and he was at your home. He met you at your home?

Mawlana Shaykh Nazim: SubhaanAllah, I was growing up in that area and who knows that someday I am going to meet with the head of Catholics, His Holiness, the Pope. I am so surprised.

Sir Thomas: InshaaAllah, this is beautiful. It is a great honor for you. I am delighted for you, that you had met His Holiness.

Mawlana Shaykh Nazim: He is happy?

Sir Thomas: Yes, I think everyone was happy. It was a great honor for you and it was a fantastic visit by the people of Cyprus, to meet all the spiritual people of Cyprus. And alhamdulillah that he met you at your home.

Mawlana Shaykh Nazim: Alhamdulillah, I am so proud, I am so proud.

Sir Thomas: I am so proud as well. We are friends for a long time, ten years, and you have treated me like your own son and I am so proud. I think of you every day, and I know you are in my heart.

Mawlana Shaykh Nazim: Yes, yes , yes, but a big son. (Mawlana Shaykh gives Sir Thomas a playful tap on his head and everyone laughs.)

Sir Thomas: So Shaykh Bahauddin, your son, came to meet us at the hotel today and said, “He wants to see you." John wanted to say goodbye, he is very impressed; John saw you at the top of the Basilica in Rome, at St. Peters, when you sang the call to prayer at the Basilica in Rome.

John: On the TV.

Sir Thomas: And I told him that you had done it.

Mawlana Shaykh Nazim: He is so young one! (laughter)

Sir Thomas: I was telling him the story and he said, "I saw it on television."

Mawlana Shaykh Nazim: Who is saying?

Sir Thomas: John, 'said John.' (laughter)

John: I did.

Mawlana Shaykh Nazim: I am so happy.

Sir Thomas: I am so happy for you, we visited you, but we couldn't say, as we were only guests as well, of the pope.

Mawlana Shaykh Nazim: SubhaanAllah, if we were meeting inside it was not suitable; when coming outside, it was the best.

Sir Thomas: And we visited the church today to view where you sat when His Holiness came out; it was the Church of the Holy Cross, and our symbol is that symbol.

John: I am sorry you didn't get inside, because I was inside the church at the time.

Sir Thomas: He was inside when you were outside, and he missed you and so I said, “You didn’t see the Shaykh?”

Mawlana Shaykh Nazim: If we were meeting inside it was not suitable; outside was best. But there was one

cardinal, like an elephant, saying, “He can't meet His Holiness.” I was so angry, I was going to go back. No adab that cardinal!

Sir Thomas: Yes, it was silly. We met at the hotel when you arrived, I should have gone down with you. I wish I could have gone in the car with you, but you had got it all worked out perfectly, because nobody can stop God's work, no one.

Mawlana Shaykh Nazim: Allahu Akbar!

Sir Thomas: It was such a busy trip for His Holiness; everybody wanted to see him, everyone wanted to touch him, but you, walked in and embraced him. No one embraced him, but you did.

Mawlana Shaykh Nazim: Yes, no one embracing him, because... my younger brother.

Sir Thomas: Yes, and it was good to see it, and the world has recognized it and His Holiness looks for people who understand each others' traditions and can work together and they to pray to their God. And since I have known you, that is what you want, to work together and understand people, whatever their religious rites are, and pray to their God, and I have heard you say it more than once.

Mawlana Shaykh Nazim: I am so happy I am kissing him. (Mawlana Shaykh gestures for Sir Thomas to come nearer and hugs him.)

Sir Thomas: When you did it to me ten years ago I knew that I had met a father.

John: I am honored to have met you and the pope all in the same week.

Mawlana Shaykh Nazim: MashaaAllah.

Sir Thomas: So I am going to let you do your stately work, we have entered your hospitality just to say goodbye and to say how much you are in our hearts. Pray for us. We need your prayers.

Mawlana Shaykh Nazim: I will, I will, I will. We have a grave also where we are sitting with Jesus, powerful one.

Sir Thomas: When you sit with him again, tell him about the poor souls here, ask him to pray for us, we need his help.

Mawlana Shaykh Nazim: No one is welcoming His Holiness as we are welcoming; enough. People may welcome him in big halls and big places but we are so humble ones.

Sir Thomas: Well, as a humble servant of God, I felt you met him at your home. I didn't know your home was there and you met him there and that is God's work. It was lovely to see you. I think the world loved to see what has happened because the truth was there.

Mawlana Shaykh Nazim: I never even perhaps dreaming, but I forgot that one day, His Holiness the Pope, is coming to visit in my place.

Sir Thomas: In your home-church, so salaam...and your prayers and blessings for our poor souls in Ireland.

Mawlana Shaykh Nazim: You need to be more fat.

Sir Thomas: My wife wouldn’t agree with you Mawlana! My salaams, my friend and we hopefully will meet again, it would be your call. (They embrace, give parting greetings.)

Mawlana Shaykh Nazim: Say to the cardinal, “Shaykh was unhappy with you.” Would you like to take this with you? (Mawlana shows a newspaper with a picture of him and the f.)

Sir Thomas: Thank you, Mawlana.

**USA - TV-INTERVIEW**

*Q: The reluctance and aversion that many people have against religion is against the dogma and rituals. For some people that is good, but others just don't want that. They want the essence, they want to feel the Creator in all things.*

Yes, me too, I wish I was directly in connection with Clinton. Do you think that it is easy? Or look at the situation here, I am a Naqshibandi Leader with a religious position, and there is no way for me to be in contact with His Holiness the Pope. So how can people think that they can be directly in connection with the Creator? Do you think that there is no Heavenly Protocol? Everything has protocols and rules. And with Sultans and Emperors it is even more difficult. Allah, the Lord of Heavens is easy to reach, but you do need some protocols.

We are now earthly beings, but our souls are heavenly. So whoever wants to get a direct connection to the Lord of Heavens must use his Heavenly Beings. In this life people are usually under the hegemony of their physical bodies. Until we can control everything connected our body and its desires, it is impossible to arise to Heavens. Jesus Christ rose to Heavens and you must be like Jesus Christ and be able to get up. Muhammad, may peace be upon him also walked through Heavens on the Night of Journey. These are our leaders and they want us to follow them. If anyone can follow them step by step, they will also reach that

which they reached. Abraham also had a journey through Heavens, as well as all the other prophets. They all had Heavenly Journeys. Saints also have journeys through Heavens, because without that, you cannot reach the Lord of Heavens. You have to sacrifice something. You have to do something to get there.

There have been sufis, meaning mystics, since the first man. We consider the first man to also be the first prophet. He was in direct connection with Heavens. From his descendants there were a 124 000 prophets and they were all in connection with Heavens. So being a sufi is not something new. We can also call it Heavenly Ways, because they enable people to reach Heavens, nothing else. It is not a guideline for this life, no! It is only for those who are interested in Heavens, in their spiritual beings and in their souls improvement and enlightening. So whoever is really interested must follow and practise according to one master who has an authority and special permission to go to Heavens. If you find a master who is unauthorised and has no permission, you will always be here. You will be like a plane without the permission to fly. It will run up and down on the runway, but it will be unable because it is not getting permission from the control-tower.

These permissions do not belong to politicians, to presidents or even to specialists or religious people. No, this is something else.

*Q: What would be your message to President Clinton?*

It is not easy for someone like me to reach to President Clinton, because he has such important duties and responsibilites that he cannot give any time. Everyone wants to meet him, but that is impossible. So you have to be a very, very, very important one like Arafat, or Rabin, or Jeltsin... There is nothing I have to say to him because he has inspirations. He has been appointed to be the first on earth. We know that the USA is the boss of the whole world, and the boss of the USA is Clinton. But a position like that should be appointed by the Lord of Heavens. It is wrong to be appointed boss of the whole world without asking the Lord of Heavens. A president should be appointed by Heavenly Orders. That is the respect that should be kept. Now religious people must pray for him and sufi people, who have much more spiritual power, must try to support him spiritually so that he doesn't fall into the hands of devils.

*Q: Could you please tell us what tariqat is.*

Those are sufi-ways, heavenly ways. It is an Arabic word and it means 'way'. It is the way that someone will

take who wants to reach heavens. We know that people do not all have the same ability and that they are not all on the same level. Everyone is so different. We are not like communists who want to make people into wheat, pretending that there are no other vegetables or plants, making everything the same. We know that the Creator created everyone with a speciality and made everyone different. Even twins cannot be the same. From billions and billions of people, you cannot find two who are exactly the same. And if you could find two who are the same, they would not be thinking the same thing at the same time, or to intend the same thing, or to do the same thing. So according to the levels of understanding and according to the capacity of different people, we have 41 ways, tariqats, specialised in bringing people to Heavens. From very common people to the most clever-ones, these 41 tariqats have different methods suitable for everyone.

*Q: So you can prepare yourself for this...*

No! Because it always comes at an unexpected time. You may expect spirituality to come one night, but it never will. It is always at an unexpected time. People want to reach mystical experiences. So, for example, someone could be fasting for that reason, or he will recite the Quran for that purpose, or he will go into seclusion for that purpose. So he is expecting a spiritual experience at a special time. But it is impossible for spirituality to come under the control of man. It must come from Heavenly Orders. And these cannot be under the orders of servants. Just like the orders of a Sultan cannot be under the control of a servant. A servant can expect something from his Sultan for his service, but the Sultan will decide himself when he will give it. It would not be good manners for a servant to ask the Sultan for a reward. The best manners are to do something without asking for reward. It is enough honour for a person to be the servant of a Sultan without asking for anything. It is even enough to be in the Royal Presence of the Sultan. So it is enough for servants who are asking for Heavenly Experiences, or spiritual experiences, not to ask, but to submit under the orders of their Lord and to say, "Oh, my Lord, it is enough, more than enough that you accept me in your Divine Presence. I am your servant." It is not good manners for a worshipper to ask anything from his Lord. If He gives, then that is a grant from his Divine Presence. If He doesn't give, we must also be happy.

We must live int he same way which we teach. Wisdoms are produced in the hearts, not on the tongues. If anyone knows a lot of wisdoms, it doesn't mean that he is a wise man, he is like a cassette. But whoever brings wisdoms out of themselves, they have real wisdoms. This is what we need now, people who will give us wisdoms concerning the lives of people to enlighten the lives of mankind. You will never find such people

easily but many, many of them who are imitated, plastic.

You can find so many cassette-people who have collected hundreds of wisdoms from other people, but they cannot produce anything themselves. So whoever repeats from others are just made out of plastic. That is not good. We want real-ones and they are very, very, very rare. I would like to get some wisdoms myself, but the people just speak and speak and speak. I cannot enjoy their words, because official things are plastic. Official meetings are plastic-meetings. Real ones can save mankind. That is all!

Don't get this wrong: all good-ones will end up in Paradise and all bad-ones in hell. I am not saying that all Muslims are good and I am not saying that all Christians are bad. Don't be a fanatic! God knows who is a good servant and will put that one into Paradise. Whoever is a bad servant will be kicked into hell. Be a good-one and don't worry. If you are a bad-one ...

A few years ago you had the problem of Watergate in America. The President and many other big people were involved. They were big-ones, but their titles couldn't save them. Paradise is for clean-ones, hells for dirty-ones. Be happy! Every night before you sleep ask yourself if you did your best for other people or if you did your best for your Lord. If your conscience tells you that you gave your best for your Lord, then sleep well and if your Lord calls you in your sleep, then be happy. If not, then don't expect Him to be happy with you. We hope that we are doing our best and that we do not think bad about others. I am angry with everyone who cheats people. I don't like people who cheat. But at this Peace Conference there are so many of them who are cheating. They only speak officially and then it is written down to be read again, but they never do what they say.

## Interview: Why do we need a Sheikh?

*1.Why do we need a Sheikh? Is it not enough to follow the holy Quran?*

Follow!...We need a teacher like in university. Sheikh is teacher... If the Quran was enough for these people here why they are coming to me? You think a piece of wax from a beehive may give pleasure to you? If no bees, these forms of honey without that liquid become honey? Bees running, collecting, eating, then giving honey. You can do this? That is specialty of bees; it is not for man. Man is a much more perfect creature than a bee, but we can't make honey. It is for bees. May run through nature, eating, coming and giving that liquid once again. What eating not coming and bringing in it. Eating, digesting, then that liquid becoming through these bees as liquid honey. Putting in it and Holy Quran you may do - as example I am bringing bees - this is also a big nature. Through the Quran you may find thousands of kinds of flowers and botanical plants, roses ? but not everyone can be able from these words, becoming like honey to give to people. There is through insects or animals world specialty for making honey, Allah the Creator granted to that bees, not to everyone. So many kinds of bees, but not making honey but coming to eat honey. Quran is endless oceans and you can't be able to bring form that ocean what is necessary to people easily. But for Prophet sws that is his specialty. If it was as they say or you say to me that if it is not enough Quran and why we follow a Sheikh, I am saying: If it was enough or the right way Allah Almighty was not sending through Prophet and Prophet giving. No need to

say anything else. But Prophet was teaching; taking and giving. Must be!

*2.You are guiding your Mureeds even though many of them don't get the chance to meet you. How is it possible?*

This world is not only what you see. Now here there are waves or not? From satellite. You believe? You saw it? How sending? Even coming to my room on my TV. Putting much more clear example: A big dish. If not using, not coming. Even there are waves coming from the satellite, but not taking. They need this dish. From space coming...??? Therefore heavenly revelation coming and if not Prophet's hearts, can't be reaching that revelation to people. Must be this. And also- you see that dish in which direction? Must be towards Qibla! Can't be any other direction, impossible! Subhanallah! So many secret things that man is not knowing or it in not true for them to teach new generation such things that belong to spirituality, because our teachings now through East and West on material aspects, materialist principles. And material principles bring atheism. Saying: No God. If you say something like this, they can't answer. I say: Why putting this dish only toward Kaaba everywhere? Because whole power coming on Kaaba...

*3.The friends of Allah are supposed to be alive even after they die. How ?*

Awliya reach real life through their material physical being. They reach through their short life a connection with Heavens. Therefore their power is continuously, not coming down, because they have a connection with heavenly beings. If no connection from real wires outside, meter, this light can be in here? If no meter, never working. And through that there is a wire like hair, very thin, it is the symbol of connection. If it is cut down, finished. They say: Fuse just blown. Every power quickly going out. You think power on that very thin wire bringing this power here? Impossible. And Awliya, even they are so weak through their physical being, but power coming through them. If you take them away, never coming that power from Heavens to earth. And people think: We are through lights... They are blind people...

*4. Are the Ashabu-l Khaf still alive or are they asleep?*

Ashabu-l Khaf all unmarried people... but you are married... Looking to come with Mehdi a.s., making for them Nika according to Preserved Tablet what is written for them... For Jesus also: Are you accepting to be that one your wife? I am saying... Such things you don't hear from East to West. It is a grant from Allah to you

to hear from spirituality...

*5. It is said in the Quran that 'the believers will see the Face of Allah'. Does Allah have a face?*

If dying, never seeing. Dead people can't see. Alive people may see. Allah has face? Who looking to Him, they know... His Face not like yours. You think there is a face for the sun? Without face how can be sun? Blind sun, blind moon? Can't be...

*6. It is said that 'if you know yourself, you know Allah'. How can we get to know ourselves?*

How you can be nothing? Your being is big veil to see... You can see yourself without a mirror? You need a mirror! If not, you can't recognize yourself. You may think that you (have been) are in a place never finding there any mirror. And someone is making a photograph from you and bringing it to you, showing (and saying): "You know this one?" "No..." If no mirror, you can't see yourself and this mirror can catch only your outlooking, but your inner spiritual being can't be seen through these mirrors. It needs mirror that have been granted divinely lights through themselves and they may show you. Or for example if you are here in a dark room, you can't see yourself nor anything (else). If a person is coming with his lights, he may show you everything around yourself, then he may show to you: Look, you recognize who is this one?" You say: "Who is that one? I don't know..." Long way...

*7.Can the love between a man and a woman help achieve the divine Love?*

Must be. Look, Allah Almighty making two kinds from man: Man and woman; just created to complete each other. Men represent the perfection, divinely perfection and power of Allah Almighty, Kemal Tajalli. Women have been granted from Jamalu-llah, from His endless Beauty Oceans. Kemal and Jamal, perfection and beauty, if not coming together, (they are) not in perfection. When coming and joining each other, coming perfection. But people are not understanding and think that men on their ways, another kind of creature?????? And women, so many no mind women say: "Why we are created women?" Perfection and power for men, they are representing (that). Beauty and latafat, gentleness for women. If not coming together, not coming a perfect creature. Women through men going to be Fana, finishing. How beauty coming and entering in reality????of perfection of man, and then reality????of perfection of man coming and entering through the beauty and gentleness of women. When coming, a new appearance that each of them

going to reach top of pleasure. Man without woman... S.Adam a.s. was created first and he was in Paradise, running around, but no satisfaction or contentment for him, as if asking something. Whole Paradise and its beauty was not giving to him a contentment and pleasure. He was asking something else. Then the unit of time of the blinking of his eye was enough- so short time, no one can know except Allah Almighty- and he was looking in front of him a beauty sitting, that representing beauty from beauty oceans of the Lord Allah Almighty. And he was saying: ”Come!” “No”, she was saying. S.Adam calling her... ”No, you come...” she was saying. And finally he went... Therefore it is not true for women to go after men, but men- it is their structure, they must go to ask women to reach to them. But not women! Nowadays everything is mixed up... Your value is so high! S.Adam was looking and calling... refusing.... then he was going... These are all heavy subjects, but they make them so light for your understanding level... If going up a little bit, no one can understand... countless levels...

*8. Advice for women.*

Advice for women? Don’t run after men! Enough that they give to you your real value. Don’t make your value down, under the feet of these foolish men. You are precious more than rubies and emeralds, pearls and diamonds... But now these shaitan’s representatives in all countries use women as a black stone under their feet. I am not accepting! Keep your honour!

Difference? You can’t ask how. If you need cleanliness, Allah Almighty is preparing the ways of cleanliness for men and women...

If man was higher it was going to be seen when S.Adam was saying: “Come here” and she was saying: “No, you come!” Means: their level up, higher. Prophets from men, enough. But women may learn and improve and develop themselves over common level of mankind. Prophecy is something else. Beauty needs protection and perfection protecting beauty. Therefore you can’t (be prophets). Pearl through shell, not outside. If outside, finished, no value. You are like diamonds, pearls. If putting outside to clean roads, to come ????? to be ?????? or judge, no value for you, no! What Allah Almighty granted to you from high value, you are making it under your feet when you are working outside. You are pearls through homes, not outside.

Divorce - darkness of this life ???? Kelam, holy command of Islam, Allah Almighty saying: ”When you marry, it is for all life here and Hereafter.” But after a while making against, saying: Divorce. They are liars, shaitans,

men or women... Be patient...

## Interview with Chilean Miners

(Spanish translation to English is by Shaykh Abdul Metin of Argentina, who is accompanying the miners. He was ordered to deliver Mawlana Shaykh's package to them when they were trapped in the mine.)

Buon bonito (good, nice ones), sit down buon bonito! SubhaanAllah alhamdulillah wa la ilaaha illa-Llah w'Allahu Akbar wa la hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. Omar and Dario (two Chilean miners), I hope those people who were imprisoned 700 feet underground--and it is a miraculous happening to make people think about spirituality and miracles--as an ordinary position, if all technology came together, it could never save them!

One night I was informed about their terrible situation, and that night I prayed for those people to be saved. Throughout the east and west there are 313 miraculous people. I called on one of them to look after them, and he ordered me to send items to them. (Mawlana Shaykh turns to the translator.) Perhaps you took my message, for them to recite, "laa ilaaha illa-Llah," and also if it was possible, to take to them our "triangle" (taweez.), and all blessings are from our Lord, Almighty Allah. (Mawlana Shaykh stands) All glory and majesty is for Allah Almighty, and also for His most honored and glorified deputy, Sayyidina Muhammad (s)! (Mawlana Shaykh sits.) Help came from an unknown direction and one, two, three, four, five, six, seven people just entered that place, and they did not see them, but they saw the trapped miners, who were taken

up on the date that was written on the Preserved Tablets, and it all transpired in such a way. Those miners observed a very, very weak miracle, an ordinary miracle, that the mountain was taken away in a moment but others could not carry it, even the whole world's people could not carry it! Therefore, slowly, slowly, they were given what they were in need of until that period was complete.

SubhaanAllah, two miners have come here and we are looking at them, and those people I was following here also got out. If it was not a holy one who used that (drilling.) machine, it would have come on their heads! It is so difficult, but one holy one was in that area and took it up, or else the rescue would have been impossible! The Lord of Heavens makes the impossible become possible through the weakest holy one. Now I am happy to see them here, that it is their good chance to come here, also to look at them and to see them. Behind our guests there is coming an opening for spirituality in that area. As much as North America becomes materialistic, those people are going to be more spiritual and power will be given to them. Yes, it is now good. I hope that they will reach to Mahdi (a) and also Jesus Christ (a), and mostly those people are coming to Islam!

(Mawlana Shaykh gives money to the miners.) It is a little amount but I hope to reach to them every month. Bismillahi 'r-Rahmani 'r-Raheem. Inshaa-Allah, you may reach me through my son, and you may ask him and what is coming to me of more charity, I am sending; I am not leaving them. I don't like you to work once again on that (in the mine), no. He may stand in a fleamarket by himself and it is enough, but monthly inshaa-Allah what is coming to me, I am sending inshaa-Allah.

Translator: (Translator gives Mawlana Shaykh a Chilean flag signed by the 33 miners.) They signed it inside the mine and it is a gift from all of them to you. (The miners gave coal and mineral as a gift as well as an embroidered cloth and a rosary from one of the miner's family.) They are saying this is nothing, in return for all the prayers and all you did for them.

Mawlana Shaykh: Our reward is coming from Heavens. We are weak workers, weak servants. (Mawlana Shaykh gives several tasbihs for the children of the miners.)

(The daughter of one miner sits at Mawlana Shaykh's feet, weeping. Last summer she took shahadah with Naqshbandi mureeds in Santiago, Chile, and she was able to get Mawlana Shaykh's package to the miners.)

Translator: In May, she lost her son in the sea.

Mawlana Shaykh: Inshaa-Allah, he will come when Jesus comes down. Don't worry, we may bring inshaa-Allah. Fatihah.

(Chileans take baya`.)

Mawlana Shaykh: Happy days to you, here and Hereafter. Pray, pray, pray for me. Shukr, yaa Rabbee.

Translator: May Allah bless you.

(Mawlana Shaykh hugs the miners.) Mashaa-Allah. Mashaa-Allah. (They are) lions! Send my salaams! Inshaa-Allah thousands and thousands, ten thousand, one-hundred thousand will be coming to Damascus on the sea!

Translator: He is saying they are very grateful for this invitation. They are honored and they will tell all the other miners about their experience here.

Mawlana Shaykh: Send my regards and salaams to all the other miners, and (tell them) if possible, I don't like them to work under the Earth. A small amount of work is better on the Earth. Yes, and they are like my children. Inshaa-Allah, I hope that I can reach them monthly. Don't go down (in the mines), there is no need.

Translator: They are honored for what you are saying.

Mawlana Shaykh: Allah is enough for us. Work outside, don't go down. The second time, we are not carrying the responsibility! (laughter) As-salaamu `alaykum. I shall send to them money to make a dergah and they may have goats. Goats and planting crops is enough for them. I shall send to you money to buy one-thousand goats, and in the second year there will be ten thousand!

Translator: He was a shepherd of seven hundred goats when he was a child.

Mawlana Shaykh: Ah! Therefore, I am saying this. He was looking after seven hundred?

Translator: With his grandfather.

Mawlana Shaykh: I shall send you money for five hundred goats! Mashaa-Allah, mashaa-Allah you are happy, happy, happy! In Argentina there is too much wood they are selling. They may make a company. Shaykh Abdul Metin, may Allah Almighty help you. Allah bless you, Allah bless you!

## An Interview with the German Magazine 'Focus': Atheism is a Cover-Up of Reality

*Sheik Nazim, you often speak of the return of the Caliphs. Which governing system are you referring to?*

The Sharia refers to a government according to the system offered to us in the Holy Quran. The Ottoman Empire ruled for 700 years with those rules. The new Turkey abolished them and are now governing in the worst fashion. It was the biggest mistake to remove the Caliph.

*Do you think that the system of Caliphs will come back?*

I hope it will come back at the beginning of the 21st century. That is necessary.

*Within the system of the Sharia what is the difference of a 'shura' and of the democratic system which we have here in Germany for example?*

In Islam the sultan appoints people to be part of the shura. These are specialists, not just simple people from the market who appear to take over the government, the way happens in democracies. The shura of Islam is a system from up to down, not from down to up, like in democracies.

*In which way do westerners have to change their life when they join a tariqat?*

Before becoming a Muslim most people lead an uncontrolled life. They now find that discipline is part of their life. It gives them more peace and more honour. They prefer to be able to follow an order to be able to control their desires. They see the advantage and that is why they stay. Otherwise they would leave one by one.

*There are many westerners who are interested in other cultures...*

Any culture which does not give us a control of our ego is useless.

*But wouldn't it be better to keep the heritage of your own tradition?*

When it comes to buying fruit you also go and get the best fruits in the market, no matter where they come from. Why shouldn't you want the best quality for your spiritual life as well? Do you think that life in a pub is the best choice?

*The Naqshbandis are famous for their silent Zikr, but last night I heard you making quite a loud one in the Gastei?*

Sometimes we sing because it is easier heard. When the singing stops and every movement stops you will be with your Lord. Silence is the basic rule of the whole creation. Just like darkness is the original base. Light can take it away for a while, but finally it will be dark. Just like peace is the foundation, but enmity can cover it up temporarily. In the same way religion is the base, atheism a cover-up of this reality.

## QUESTIONS BY JOURNALISTS

*Q: Is it true that Islam is a religion of fundamentalism and that Muslims do not like to have a dialogue with other religions?*

I am sorry to say that since 1500 years people do not understand Islam. Because they do not look to the real sources of Islam. People are not looking at the original Islam, they are only looking at the living Muslims and judging from there. Do you think that Christians are living real Christianity? In the same way, very few people today are living the real Islam. People do not follow the real Islam, they follow politicians who with their whole being contradict Islam. No religion came to fight in this world. They came to make peace amongst people.

*Q: So why is this wrong way of religion so widespread nowadays?*

Because of the Europeans! They made us to follow them. When we started to follow Western countries, we became like them. They are our teachers. Go to Turkey or to Egypt or to Morocco and look! We cannot prevent this current. It is like winter covering the whole world. All nations are on the same road. Christians, Muslims, Jews ... most of them are leading the same kind of lives, because you can very rarely find real Christians. I attended the meeting with the Pope on Thursday (Nov 3rd, 1994 at the opening of the 6th WCRP

at Vatican) and I saw that in front of the Pope the Christian ladies were sitting with uncovered heads and their dresses are also not traditional Christian dresses. Why? Where is the real Christianity today? They should be ashamed to come like that in front of the Holy Pope as if they were attending a fashion show. I never saw women like that in the Holy Bible, the women surrounding Jesus looked more like nuns. That is the real Christian dressing. In our countries it is the same, our Muslim women prefer to follow the new fashion. Our fashion is created by the Jews, so where is the real Judaism, real Christianity or real Islam?

*Q: So do you think that the outside appearance is more important than the condition of the heart?*

We are not Prophets, so we cannot look at what is going on inside, but we see the outside and it does not make me happy. I thought that at least people would try to dress decently in the Vatican, so that Christianity would be respected. But no!

*Q: Why can men and women not pray together in the mosque?*

Why should they? The mosque is not a discotheque, so you cannot do such things there. Religious matters are serious, you cannot mix it. In real Christianity there is also no such thing as men and women praying together. They know that the monasteries are for monks and the convents for nuns. So why are they not mixed? For the same reason we, in Islam do not mix men and women in prayer. When we do that, we follow Heavenly Orders, because the Lord knows more than we do. In the discotheques you may do it!

## INTERVIEW with THE INDEPENDENT TV CHICAGO

*What are your beliefs?*

We believe in one God, just like all other Heavenly Religions. We also believe in the Holy Books, in all of them. We do not add or subtract anything, but whatever Message the Lord sent we accept. So we accept the Old Testament, the Thora, the New Testament, the Bible, and the Psalms which were sent to David. But we also believe in the Last Prophet, Sayyidina Muhammad and his Holy Book, the Sacred Quran. We also believe in all Prophets without making any exceptions, starting from Adam until Muhammad, may peace be with all of them. This includes Sayyidina Musa and Sayyidina Isa, Jesus Christ. Then we believe in the Last Day, the Day of Resurrection, which means that we believe that mankind has responsibility. We believe that people will be asked and will be responsible for every action during their life. That is what we believe in. I think that the pillars of Christianity and Judaism are the same, because all of them are Heavenly Religions. There are just a few points which the Lord of Heavens has changed according to the different understanding of people in their time. These are only a few changes of practices.

Worshipping in general means that we give our high respect to our Lord, that we are thankful to Him and that we praise Him. Those are our beliefs and practises. We also believe that the way of whoever comes to this life will turn back to Heavens. Because of our traditional knowledge we believe, just like the Christians believe

and the Jews believe, that our souls are Heavenly Beings. That is why our souls always long for their homeland. Some are so occupied with the enjoyments and pleasures of this world that they forget their target to get back to Heavens. Our mission, like the mission of all Prophets and all Saints, is to direct the desires of the people towards Heavens. This is also the mission which I have within these mystic ways, the most distinguished Naqshbandi Order.

*Which is the form of meditation that you teach?*

Meditation you find within all religions, but it is not a method for common people, because common people are like children in the kindergarden. They cannot concentrate on anything. But when they reach university or academy level they start to think. That is why we don't offer meditation to everyone. Meditation is the top level. Whoever reaches such a level can sit without even breathing. They can look, see, hear, understand, taste and know. That is then real meditation. It is not something where everyone can sit here and pretend to meditation. That would then be imitation.

*Do you think that meditation and prayer can play a role in bringing world peace?*

The message of meditation is to get people to look towards Heavens. As long as people are stuck to this world, they will fight. If I sit at night and look towards the sky and tell someone that all the stars there belong to me, no-one will oppose. But if I just claim that one tree here belongs to me, then at least 100 people will come and fight against it. In the same way, as long as people are only concentrating on this life, they will quarrel endlessly. But if their eyes start to turn towards Heavenly Stations, they will feel the peace within themselves. That peace will come through the heart and then there will be peace. Even if a meeting is organised by governments or Kings and very big, if there is no peace in the hearts of the participants, it will never bring peace. Peace must first come to our hearts. I do not discuss with the participants of this conference here, because that would go against human rights. But human rights can also not be fulfilled if people do not have peace in their hearts.

*How can we achieve this?*

I always advise everyone to follow a good-one. They are in peace because they are with their Lord. If someone is with their Lord, they will be in confidence, peace and satisfaction. If he isn't, then don't follow him. People

are fed up with wars and fights. Religious peple have more responsibility than others to establish peace on earth. But most of them are using a fruitless method. They should try to bring peace in the hearts of people. If they do not do this then conferences, meetings and commissions will result in nothing. That is why I advise holy people too not to waste time with such conferences, but to try to bring peace to people. But you cannot bring peace to people if you don't have any yourself. And as far as I can see, no-one here has peace within themselves, so how do they want to pass it on?

## In The Mother's Womb

Amin Ya Rabbi,Ya Allah! With the permission of Allah(jj), we pray 2 rakat. May we receive support. Dastur. Ya madad. Let's say Allahu Akbar. Allahu Akbar Allahu Akbar wa liLlahil Hamd. May we glorify our Creator. Assalamu Alaikum O beloved friends of Shah Mardan. The friends of the lion of Allah(jj) Marhaba. Marhaba. Marhaba. How beautiful! Oh Our Lord may You dress us in the robe of beauty! You dressed us with nobility and beauty and the robe of honor. May we keep and preserve the honor with which we have been dressed. Please Shah Mardan go on - the arena is yours.
Let's say Bismillahir rahmanir rahim. The robe of Honor, Basmala Shariff, gives honor to humanity, and dresses them with spiritual beauty - Bismillahir rahmanir rahim. May we say it! He Who can give strength to weak ones, honor to low ones, who can make poor ones wealthy, Rabbul Izzah. May we praise our Lord, Janabul Haqq. Say: Bismillahir rahmanir rahim. Oh Shah Mardan! Your station is beyond the limitations of our imagination. Allah DhulJalal distinguished Shah Mardan, with special features. He was created with majesty. He has been dressed with majesty, honor and Adab. Beyond this, he has been granted Divine Knowledge. Please go on Shah Mardan. May you gaze on us and give us strength. We are weak and we ask for strength. In order to perform servanthood to our Lord, we want strength. We want Shah Mardan to teach us servanthood. We want his friends too. The friends of Shah Mardan can teach us the ways that lead to our Lord. The beginning of this path starts with our Holy Prophet(sws) who is the Pride of the universe. Without following our Prophet(sws), you cannot reach your goal - remain below when the level of the human being is meant to ascend. Humans are not created for this world. Animals are created for this world. Animals are looking at ground. No animal is looking up like this, but humans do. Humans look upwards.

Those ignorant ones who are looking downwards, they are unconscious. They are like animals. Those who are staring upwards, they are spiritual ones. The glory of angels are close to them. They receive the honor coming from the heavens, by looking up. Who is looking down like this - category of animals. Those who are staring at the sky are distinguished, honorable humans who are endowed with grace by the Lord. Humans look upwards. Animals look downwards. O people, so then, O Shah Mardan the realm is yours. As we say Bismillahir rahmanir rahim Our gaze turns to the heavens immediately. The moment we say Bismillahir rahmanir rahim, we turn our gaze towards the skies/heavens. We exit the animal's category. The robe of honor meant for human beings is for the skies and heavens. You can't ascend without being dressed with it. Without being dressed with the robe of honor, no one can be elevated towards heavens.
Please go on Shah Mardan! Animals can't ascend to the heavens. Animals are looking downwards. They think about food. Their worries are either bones or hay. No other worries. However, human beings are not created to eat bones or hay. Tell them oh Shah Mardan. These facts/realities are being taught in Islam. Islam. All prophets, "Wa kana Ibrahima musliman". "Prophet Abraham was a muslim", it says. Muslim! Allah Allah! Prophet Abraham was Muslim. All prophets from his lineage were Muslims. Noah(as) was Muslim. Hud(as) was Muslim. The lineage of Prophet Abraham(as), since the Prophet Adam(as), are all Muslims. You must know Islam - being Muslim. This can elevate you to heavens because your spirituality/soul comes from heavens.
Before 40 days triple in a mother's womb, the soul doesn’t enter. When 3x 40 days are completed, then that tiny flesh, piece of flesh, begins to twitch in the mother's womb. Begins to move. What is it? It is the sign that the soul has entered. The honor named soul - angels bring and dress it with being. The mother says he is moving. Humans have honor. It is said to be the 21st century - what ever, 100th century or 1000th century. Truth is truth. You must know this! How a tiny piece of flesh in a mother's womb, begins to move? What kind of power reaches there? How does the mystery of life reach there? Are you capable of giving it? Where does life come from, to a mother's womb when 3x 40 days are completed? 40 days, 40 days, 40 days are completed. This is why number 40 is sacred. There is a mystery/secret in the number 40.
Please Shah Mardan go on! How well you are telling it! In the mother's womb a baby is only a tiny bit of flesh. He begins to twitch when 3x 40 days are completed. Doctors are very curious

about when and how a fetus in the womb is awakened and his heart begins to beat. Think! You too were in your mother's womb. Know whose power, mightiness, magnificence has reached you, and you became alive in your mother's womb. Doctors are extremely interested but couldn't find the reason. How can they? "Ar-Ruhu min 'Amri Rabbi."(17:85) The soul is of the affair of the Lord. They are asking about the soul? A description is not possible. "Min 'Amri Rabbi"-it is by the order of the Lord. The Lord says to be and it is. He says "be alive" and angels come to give the secret of life. Then the baby begins to move in the mother's womb. His heart begins to beat. He doesn't ask for water, food, or oxygen. This is seclusion. He is in the seclusion of mother's womb. None of us came out before we fulfilled this seclusion. 9 months and 10 days, think on it and come to your senses, O children of Adam.

Please Shah Mardan go on, MashaAllah! Today's people are not thinking anything else but, what to eat, what to drink, what to wear, how to put make-up, to go around and enjoy themselves! This is not humanity! Tawba Ya Rabbi, Tawba Astaghfirullah! No one is thinking on these things! But Shah Mardan is telling his beloved friends how holy and sacred are the children of Adam. The mystery of life comes down from heavens. The Soul, is not coming from the earth, but descending from heavens. It comes out to Earth as a honorable and decent being, comes to life. Please Shah Mardan go on. These people, today's people, have become wild. They are not respecting each other. However we are all brought to life in the same way. With the same honor we're being brought to life by the Lord.

Allah is giving honor, don't dishonor them. Allah is giving life, don't kill! Oh Shia! Oh Alawi! To whom Allah gives life, where do you get permission to kill them? Say it, you Shia! Say it Bashar! Say! Allah is giving life, how dare you kill? Say it! Let me answer, Shah Mardan is telling, you got the permission from satan. Satan taught you to kill people. It taught Qabil how to kill a man. Then, he(Qabil) killed Habil (sons of Adam). He was the very first killer. He(Qabil) has to carry the burden of all killers! Whoever gave you permission to kill those innocent ones, and weak ones? Whoever gave you permission to kill and destroy them? Oh Shia and oh Alawi! Do you think that you will get away with this? No! Thumma la tusalunna.(102:8) You will be asked.

Please Shah Mardan go on. Let's say Bismillahir rahmanir rahim. Those who are reciting Basmala cannot oppress. Those who are without Basmala, they are the children of satan. Not any other title than satan can be given to them. They are trying to be satan. They are satan. But

Janabul Haqq is saying: I will make satan and satanic people pay for what they did. I won't let them escape! This is why you are in big trouble, Shia and Alawi! Whoever gave you permission to kill; to kill Muslims, to shoot the ones who says shahadah, to kill, to destroy and burn their homes? Who gave you permission, oh Shia and Alawis? But you will be burned too. Your houses will be broken down on your heads. Muntaqim(The Punisher) is Allah Dhul Jalal. I delay - Wa sawfa ta'lamun - but then you will see, you will know. "I (swt), who forbids oppression to Myself, I will overcome their oppression", He says, Janab Rabbul Izzah. Oh children of Adam keep the honor of being human. Oh shia, if you are Muslim, keep the laws of Islam. Oh Alawi, if you are believing in the oneness of Allah and, if you are Muslim, keep justice and don't be an oppressor. "I am the enemy of the oppressor" says Janab Allah.

Please Shah Mardan go on. MashaAllah la Quwwata illa biLlah! This is why everyday this instruction is being given to us. Shah Mardan is addressing his friends, beloved ones - Oh friends, an army is coming in which everyone will have their own Dhulfiqqar. They won't stop till the heads of all oppressors are cut off. They will be cut off like a melon. The warriors of Shah Mardan are many. It's coming. Coming. Rajab Shahrullah is coming. Let's see what it brings with it. "I don't permit oppression", says the Lord; He will show us what the punishment/ torment of the oppressor is. Beware! You didn't give life, don't take life. You are killing because of Satan's anger/grudge. Without any reason you, both Shia and Alawi, are destroying the lives and homes of people. But you will be asked. The owner of these times, Imam Mahdi(as), is approaching. He is coming, his Dhulfiqqar is half drawn. There are 70,000 riders coming with him. All of them will have their own Dhulfiqqar too.

He will not put aside the rights of oppressed ones. Oppressors will not get away from what they did. They will die the same way they killed. Beware oh Shia and fake Alawi! Don't think that Allah is not seeing. Don't think that Allah is not hearing. Don't think that Allah doesn't know. He sees, as well as, He knows. He has His Own plans - Allah DhulJalal. Oh Shah Mardan please go on. Let's say Bismillahir rahmanir rahim. Recite Basmala. He is Rahman. He is Rahim. With His Mercy He created the universes, Janab Haqq, will overcome oppressors. Do your mullas, Arhundlar, teach these things? They will be swept away too. They will be burned if they burned people. They will be cut off, if they cut off people. They will be destroyed, if they destroyed lives. Beware! Rajab shahrullah is coming. Rajabun Ajaibun, strange things happen in Rajab.

Oh scholars of Egypt, don't you know this? Oh scholars of Azhar Sharif, why don't you say? Scholars of Turks, Kurds, scholars of Arabs, India, China. Afgan scholars. Say it! Allah(JJ) will make them pay back for what the did. They will not get away without being punished. Hajjaj az-Zalim was asked. He was seen in a dream, Hajjaj az-Zalim. He was given this name because of the oppression he did. He was asked, how were you treated by the Lord, in the hereafter? He said: for every time I cut off a head unjustly, I have been cut. However, for each companion of the Prophet - he martyred Zubair too - For Zubayr I have had my head cut off 70 times. Oh scholars of Shia "sadir filan, sadir feltan". You will not be able to get away by telling lies and made-up stories on TV. Fear from Allah! Aman Ya Rabbi, tawba Ya Rabbi.

Please go on o Shah Mardan. Help us! He says, "my help will come". It is coming! The world will go into turmoil! Beware! Fafirru Allah. Take refuge in Allah! Oppressors don't take refuge in Allah(JJ) but in satan. You will be calling: Ayna l-mafar; Where can we run? Nowhere to run. Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi are calling the angels and the awliyyaullah. You were in the arena. Whatever did you achieve will be held to account by the Lord and He says: "Wa tilkal ayyamu nudawiluha bayna n-nas."(3:140) "Wa tilkal ayyam" Ayyamul Iz means - Rulership. It is given to different classes of people so they can't complain - we would have done better if we had known. What you did can be seen clearly. We see what they did when they had power. "Burn, destroy, behead, and oppress". The Angels of the 7 heavens are cursing them.

Recite Aman Ya Rabbi. Say Aman Ya Rabbi. Oh Shah Mardan your words are golden - more precious than treasures. If we had all the treasures of the Earth, they wouldn't be worth as much as your words. Ya Rabbi, for the sake of Shah Mardan, send us the Sultan who will own and protect the weak and helpless: Sultan of our religion. Oh Our Lord we are helpless. We are weak. The oppresors are destroying Your servants. Send us the Sultan who will put everyone in their rightful places, Oh Our Lord.

Fatiha.

**Im Mutterleib**

Amin ya Rabbi, ya Allah! Mit Erlaubnis Allahs (jj) beten wir zwei Rakats. Mögen wir Unterstützung erhalten. Dastur. Ya Madad. Sagen wir Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Preisen wir unseren Schöpfer! As-Salamu `alaykum, o geliebte Freunde Shah Mardans. Den Freunden von Allahs (jj) Löwen, Marhaba. Marhaba. Marhaba. Wie schön! O unser Herr, mögest Du uns mit dem Gewand der Schönheit bekleiden. Du hast uns mit Adel und Schönheit und dem Ehrenkleid bekleidet. Mögen wir die Ehre, mit der wir bekleidet wurden, bewahren und schützen. Bitte Shah Mardan, mach weiter. Die Arena ist dein. Sagen wir Bismillahi r-Rahmani r-Rahim. Das Ehrenkleid, die Basmala Sharif, gibt der Menschheit Ehre, und bekleidet sie mit geistiger Schönheit. Bismillahi r-Rahmani r-Rahim. Sagen wir es! Er, Der den Schwachen Stärke, den Niedrigen Ehre geben kann, Der die Armen reich machen kann, Rabbu l-`Izza, preisen wir unseren Herrn, Janabu l-Haqq. Sagt: Bismillahi r-Rahmani r-Rahim. O Shah Mardan, deine Stufe ist jenseits der Grenzen unserer Vorstellungskraft. Allah Dhu l-Jalal zeichnete Shah Mardan mit besonderen Merkmalen aus. Er wurde mit Majestät geschaffen. Er wurde mit Majestät, Ehre und Adab bekleidet. Darüber hinaus wurde ihm Göttliches Wissen gewährt.

Bitte mach weiter, Shah Mardan. Mögest du uns anschauen und uns Stärke geben. Wir sind schwach und bitte um Kraft. Um die Dienerschaft für unseren Herrn auszuführen, wollen wir Kraft. Wir wollen, daß Shah Mardan uns Dienerschaft lehrt. Wir wollen auch seine Freunde. Die Freunde Shah Mardans können uns die Wege lehren, die zu unserem Herrn führen. Der Anfang dieses Weges beginnt mit unserem heiligen Propheten (saws), der der Stolz des Universums ist. Ohne unserem Propheten (saws) zu folgen, könnt ihr euer Ziel nicht erreichen. Ihr bleibt niedrig, wenn die Stufe des Menschen aufsteigen sollte. Die Menschen sind nicht für diese Welt geschaffen. Die Tiere sind für diese Welt geschaffen. Die Tiere gucken auf den Boden. Kein Tier guckt so nach oben, aber die Menschen schon. Die Menschen gucken nach oben. Diese Ignoranten gucken nach unten. Sie sind unbewußt. Sie sind wie Tiere. Jene, die nach oben starren, sind Geistige. Die Herrlichkeit der Engel ist ihnen nahe. Sie erhalten die Ehre, die von den Himmeln kommt, dadurch, daß sie nach oben gucken. Wer nach unten guckt - Tierkategorie. Jene, die den Himmel angucken, sind hervorgehobene, ehrenwerte Menschen, die mit Gnade ausgestattet sind durch ihren Herrn. Menschen gucken nach oben, Tiere gucken nach unten.

O Leute, also dann, Shah Mardan, der Bereich ist dein. Während wir sagen Bismillahi r-Rahmani

r-Rahim, wendet sich unser Blick sofort zu den Himmeln. In dem Moment, wo wir sagen Bismillahi r-Rahmani r-Rahim, wenden wir unseren Blick zu den Himmeln. Wir verlassen die Tierkategorie. Das Ehrenkleid, das für die Menschen gedacht ist, ist für die Himmel. Du kannst nicht aufsteigen, ohne mit ihm bekleidet zu sein. Ohne mit dem Ehrenkleid bekleidet zu sein, kann niemand in die Himmel erhoben werden. Bitte mach weiter, Shah Mardan. Tiere können nicht in die Himmel aufsteigen. Tiere gucken nach unten. Sie denken ans Essen. Ihre Sorgen sind entweder Knochen oder Heu. Keine anderen Sorgen. Der Mensch, jedoch, ist nicht geschaffen, um Knochen oder Heu zu essen. Sag es ihnen, Shah Mardan. Diese Tatsachen werden im Islam gelehrt. Islam. Alle Propheten "wa Kana Ibrahima Musliman". Der Prophet Ibrahim war Muslim, heißt es. Muslim! Allah Allah! Der Prophet Ibrahim war Muslim. Alle Propheten von seiner Abstammungslinie
waren Muslime. Nuh (as) war Muslim. Hud (as) war Muslim. Die Abstammungslinie des Propheten Ibrahim (as), vom Propheten Adam (as) an waren alle Muslime. Ihr müßt den Islam kennen, das Muslim-Sein. Das kann euch in die Himmel erheben, weil euere Geistigkeit von den Himmeln kommt.
Bevor 3x 40 Tage um sind im Mutterleib, kommt die Seele nicht. Wenn 3x 40 Tage um sind, dann beginnt das kleine Stück Fleisch im Mutterleib zu zucken. Es beginnt, sich zu bewegen. Was ist es? Es ist das Zeichen, daß die Seele eingetreten ist. Die mit Ehre gezeichnete Seele, die Engel bringen sie und kleiden es mit Sein. Die Mutter sagt: Es bewegt sich. Die Menschen haben Ehre. Es heißt, es sei das 21. Jahrhundert, wie auch immer, 100. Jahrhundert oder 1000. Jahrhundert.. Wahrheit ist Wahrheit. Ihr müßt das wissen! Wie beginnt ein kleines Stück Fleisch im Mutterleib, sich zu bewegen? Was für eine Macht erreicht es dort? Wie kommt das Rätsel des Lebens dorthin? Seid ihr fähig, es zu geben? Woher kommt Leben in einen Mutterleib, wenn 3x 40 Tage um sind? 40 Tage, 40 Tage, 40 Tage sind vollendet. Deshalb ist die Zahl 40 heilig. Es ist ein Rätsel, ein Geheimnis in der Zahl 40. Bitte Shah Mardan, mach weiter! Wie gut du es erzählst! Im Mutterleib ist ein Baby nur ein winziges Stück Fleisch. Es beginnt zu zucken, wenn es 3x 40 Tage vollendet hat. Die Ärzte sind neugierig, wann und wie ein Fötus im Mutterleib erweckt wird, und das Herz zu schlagen beginnt. Denkt! Ihr wart auch im Leib euerer Mutter. Wisset, welche Macht, Mächtigkeit, Herrlichkeit zu euch kam, und ihr wurdet lebendig im Mutterleib. Die Ärzte sind sehr interessiert, konnten aber den Grund nicht finden. Wie können sie?

"Ar-Ruhu min Amri Rabbi" (17:85). Die Seele gehört zu den Angelegenheiten des Herrn. Sie fragen nach der Seele? Eine Beschreibung ist nicht möglich. "Min Amri Rabbi" - es ist auf Befehl des Herrn. Der Herr sagt 'Sei!', und es ist. Er sagt 'Sei lebendig!', und die Engel kommen, um das Geheimnis des Lebens zu geben. Dann beginnt das Baby, sich im Mutterleib zu bewegen. Sein Herz beginnt zu schlagen. Es bittet nicht um Wasser, Essen oder Sauerstoff. Das ist Rückzug. Es ist im Rückzug im Mutterleib. Niemand von uns kam heraus, bevor wir diesen Rückzug vollzogen hatten. 9 Monate und 10 Tage. Denkt darüber nach und nehmt Vernunft an, o Kinder Adams. Bitte Shah Mardan, mach weiter, ma sha' Allah! Die heutigen Menschen denken an nichts anderes, als was zu essen, was zu trinken, was anzuziehen, wie Makeup aufzutragen, um herumzugehen und sich zu amüsieren. Das ist kein Mensch-Sein! Tawba ya Rabbi, Tawba Astaghfirullah! Niemand denkt über diese Dinge nach. Aber Shah Mardan erzählt seinen geliebten Freunden, wie heilig und ehrwürdig die Kinder Adams sind. Das Rätsel des Lebens kommt von den Himmeln herunter. Die Seele kommt nicht von der Erde, sondern steigt von den Himmeln herab. Sie kommt zur Erde als ehrenwertes und schickliches Sein, erwacht zum Leben.
Bitte Shah Mardan, mach weiter. Die Leute, die heutigen Leute, sind wild geworden. Sie achten sich nicht gegenseitig. Obwohl wir alle auf dieselbe Weise ins Leben gebracht werden. Mit derselben Ehre werden wir ins Leben gebracht durch den Herrn. Allah gibt Ehre, entehrt sie nicht!
Allah gibt Leben, tötet nicht! O Schiiten, o Alawiten, denen Allah Leben gegeben hat, woher bekommt ihr die Erlaubnis, sie zu töten? Sagt es, ihr Schiiten! Sag es, Bashar! Sprich! Allah gibt das Leben, wie kannst du es wagen, zu töten? Sag es! Laß mich antworten, sagt Shah Mardan.
Ihr bekommt die Erlaubnis von Shaytan. Shaytan lehrte euch, Menschen zu töten. Er lehrte Qabil, wie man einen Menschen tötet. Dann tötete er Habil (Söhne Adams). Er war der allererste Mörder. Er (Qabil) muß die Last aller Mörder tragen. Wer gab euch die Erlaubnis, all diese Unschuldigen und Schwachen zu töten? Wer gab euch die Erlaubnis, sie zu töten und zu vernichten?
O Schiiten und Alawiten! Glaubt ihr, ihr kommt damit durch? Nein! "Thumma la Tusalunna" (102:8). Ihr werdet befragt werden. Bitte Shah Mardan, mach weiter. Sagen wir Bismillahi r-Rahmani r-Rahim. Jene, die die Basmala rezitieren, können nicht unterdrücken. Jene, die ohne die Basmala sind, sind die Kinder Shaytans. Keine andere Bezeichnung als Shaytan kann ihnen gegeben werden. Sie versuchen, Shaytan zu sein. Sie sind Shaytan. Aber Janabu l-Haqq sagt: Ich werde Shaytan und shaytanische Leute bezahlen lassen für das, was sie taten.

Ich lasse sie nicht entkommen! Deshalb seid ihr in großen Schwierigkeiten, Schiiten und Alawiten! Wer gab euch die Erlaubnis zu töten, Muslime zu töten, die zu erschießen, die die Shahadah sagen, zu töten, ihre Häuser zu zerstören und niederzubrennen? Wer gab euch die Erlaubnis, o Schiiten und Alawiten? Aber ihr werdet auch verbrannt. Euere Häuser werden abgerissen werden auf eueren Köpfen.

Muntaqim - der Bestrafende - ist Allah Dhu l-Jalal. Ich schiebe es auf - "Wa Sawfa Ta`lamun" - aber dann werdet ihr sehen, ihr werdet es wissen. 'Ich (swt), Der Unterdrückung für Sich Selbst verbietet, Ich werde ihre Unterdrückung bezwingen', sagt Er, Janabu Rabbu l-`Izzah. O Kinder Adams, bewahrt die Ehre des Mensch-Seins. O Schiiten, wenn ihr Muslime seid, bewahrt die Gesetze des Islam. O Alawiten, wenn ihr an die Einheit Allahs glaubt und wenn ihr Muslime seid, bewahrt Gerechtigkeit und seid keine Unterdrücker. 'Ich bin der Feind der Unterdrücker', sagt Janabu Allah. Bitte Shah Mardan, mach weiter. Ma sha' Allah la Quwwata illa Billah! Deshalb wird uns jeden Tag dieser Unterricht gegeben. Shah Mardan wendet sich an seine Freunde, seine Geliebten. O Freunde, eine Armee kommt, in der jeder sein eigenes Dhu l-Fiqar hat. Sie werden nicht aufhören, bis die Köpfe von allen Unterdrückern abgeschlagen sind. Sie werden geschnitten werden wie Melonen. Der Krieger Shah Mardans sind viele! Es kommt, kommt. Rajab Shahrullah kommt. Sehen wir, was er mit sich bringt. 'Ich erlaube keine Unterdrückung', sagt der Herr. Er wird uns zeigen, was die Strafe für den Unterdrücker ist. Hütet euch! Ihr habt das Leben nicht gegeben, nehmt das Leben nicht! Ihr tötet wegen Shaytans Ärger. Ohne Grund zerstört ihr, sowohl Schiiten als auch Alawiten, Leben und Häuser der Menschen. Aber ihr werdet befragt werden.

Der Eigner dieser Zeit, Imam Mahdi (as), nähert sich. Er kommt, sein Dhu l-Fiqar ist halb gezogen. Es sind 70.000 Reiter, die mit ihm kommen. Sie alle werden auch ihr eigenes Dhu l-Fiqar haben. Er wird die Rechte der Unterdrückten nicht beiseite schieben. Die Unterdrücker werden nicht davonkommen mit dem, was sie taten. Sie werden auf dieselbe Weise sterben, wie sie getötet haben. Hütet euch, o Schiiten und falsche Alawiten. Glaubt nicht, daß Allah nicht sieht. Glaubt nicht, daß Allah nicht hört. Glaubt nicht, daß Allah es nicht weiß. Er sieht ebenso gut, wie Er weiß. Er hat Seine Eigenen Pläne, Allah Dhu l-Jalal. O Shah Mardan, bitte mach weiter. Sagen wir Bismillahi r-Rahmani r-Rahim. Rezitiert die Basmala. Er ist Rahman. Er ist Rahim. Mit

Seiner Gnade erschuf Er das Universum, Janabu Haqq wird die Unterdrücker besiegen. Lehren euere Mullahs diese Dinge? Sie werden auch hinweggefegt werden. Sie werden verbrannt, wenn sie Menschen verbrannten. Sie werden geköpft, wenn sie Menschen köpften. Sie werden vernichtet, wenn sie Leben vernichteten. Hütet euch! Rajab Shahrullah kommt. Rajabun Ajaibun.
Seltsame Dinge geschehen im Rajab. O Gelehrte Ägyptens, wißt ihr das nicht? O Gelehrte der Azhar Sharif, warum sagt ihr das nicht? Gelehrte der Türken, Kurden, Gelehrte der Araber, Inder, Chinesen, Afghanische Gelehrte, sagt es! Allah (jj) wird sie zahlen lassen für das, was sie taten. Sie werden nicht davonkommen, ohne bestraft zu werden.
Hajjaj az-Zalim wurde befragt. Er wurde in einem Traum gesehen, Hajjaj az-Zalim. Ihm wurde dieser Name gegeben wegen der Unterdrückung, die er ausübte. Er wurde befragt: Wie wurdest du vom Herrn im Jenseits behandelt? Er sagte: Für jedes Mal, das ich einen Kopf abschlug ohne Recht, wurde ich auch geköpft. Jedoch, für jeden Gefährten des Propheten - er machte auch Zubair zum Märtyrer - für Zubair wurde mein Kopf 70x abgeschlagen. O Gelehrte der Schiiten, "Sadir Filan, Sadir Feltan". Ihr werdet nicht davonkommen damit, Lügen und erfundene Geschichten im Fernsehen zu erzählen. Fürchtet Allah! Aman ya Rabbi, Tawba ya Rabbi. Bitte mach weiter, o Shah Mardan. Hilf uns! Er sagt: Meine Hilfe kommt. Sie kommt. Die Welt gerät in Aufruhr! Hütet euch! Fafirru Allah. Nehmt Zuflucht bei Allah! Unterdrücker nehmen Zuflucht nicht bei Allah (jj), sondern bei Shaytan. Ihr werdet rufen: Ayna l-Mafar? Wohin können wir rennen? Nirgendwohin. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi, rufen die Engel und die Awliyaullah. Ihr wart in der Arena. Was immer ihr erreichtet, wird vom Herrn aufgerechnet werden.
Und Er sagt: "Wa tilka l-Ayyamu Nudawiluha Bayna n-Nas" - Und diese Tage (des Sieges und der Niederlage) lassen Wir wechseln unter den Menschen (3:140). "Wa Tilka l-Ayyam", Ayyamu l-Iz bedeutet Herrschaft. Sie wird verschiedenen Klassen von Menschen gegeben, damit sie sich nicht beklagen. 'Wir hätten es besser gemacht, wenn wir gewußt hätten.' Was ihr tatet, kann klar gesehen werden. Wir sehen, was sie taten, als sie Macht hatten. Verbrennen, zerstören, köpfen und unterdrücken. Die Engel der 7 Himmel verfluchen sie. Rezitiert Aman ya Rabbi. Sagt Aman ya Rabbi. O Shah Mardan, deine Worte sind Gold, kostbarer als Schätze. Hätten wir alle Schätze der Erde, wären sie nicht so viel wert wie deine Worte. Ya Rabbi, um Shah Mardans willen, sende uns den Sultan, der die Schwachen und Hilflosen schützt: den Sultan unserer

Religion. O unser Herr, wir sind hilflos. Wir sind schwach. Die Unterdrücker vernichten Deine Diener. Sende uns den Sultan, der jeden an seinen rechtmäßigen Platz stellen wird. O unser Herr! Fatiha.

# IN THESE DAYS JEWS, CHRISTIANS AND MUSLIMS ARE AGAINST TRUTH

Muhammad, may peace be upon him, said that Islam began in a secret way and was very weak. It then grew up, gained power and then once again would become weak. This is what he informed us of and this is what has happened. We are in a time in which believers are disliked in the community because the big majority are enemies of Islam and truth. They are against justice, wisdoms, holy-men, holy things, lights, mercy, love, respect. This is the time in which we are. People are against Islam and against Prophets and Saints and believers.

Christianity cannot represent truth. There are so many handmade things within Christianity. It has lost its holy heavenly personality because there are too many handmade things in it. From the beginning they had 4 bibles instead of one. That was the first and the biggest evidence that it had lost its authencity. Because the Lord of Heavens sent one Bible and they did 4 bibles out of it at least. There were hundreds of bibles. When they invited to the Council of Nicea in 325 AD hundreds of gospels were brought there from all over the world. They destroyed hundreds of them and killed whoever brought them. They then made the final decision for there to be 4 gospels. It was then that Christianity finished. There is no more Heavenly Power for them.

Judaism is also denying the existance of Muhammad, may peace be upon him. To be able to do that, theÿ have put handmade things into their books. They can also not represent real truth.

People are against truth now. The whole nonmuslim world is gainst truth and the Muslims themselves are also heedless and ignorant. The nonmuslim world are putting their agents within the Muslim world, amongst these foolish ignorant Muslims. They are preparing the majority of these heedless Muslims to themselves be against the truth which Islam brought them. So even in the Islamic world truth is not being used. If they would believe in truth, they would bring the Shariah-t-Allah into power. No country is using it. That is why it is a weak time of Islam and wrong Muslims are coming into power everywhere, even in mosques, homes and countries. They are showing themselves and claiming to be real representatives of Islam, but they are not.

That is why am asking for support for these weak Muslims who are still asking for truth and who are defending truth. Every wrong way and every wrong sect within Islam is powerful in Europe at the moment. You will find that they are given every chance to spread wrong ideas. It is like our Prophet warned us, that there would be 72 wrong sects and that Shaitan would support them. Everywhere they have big strong buildings and so much money and so many possibilities for their advertisement. But the ahli sunnat wa jamaat are usually not supported by anyone. We are thankful to the Sultan of Brunei, may Allah bless him and give him much more power. He is supporting us.

We are ahli sunnat wa jamaat. We are with truth and with the Prophet, may peace be with him, and with his companions. This is the way which we are trying to keep in everything. If anyone comes and says that anything within this way is wrong and against the truth, then we may correct it. If anyone is doing any haram outside of Islam, if we get orders outside of Islam, they may tell us. They will never find anything except that people are kissing my hand. They are trying to take away the respect from Islam. They don't want there to be any respected people within Islam. But we must have respected ones, the inheritors of the Prophet. The way the Prophet was respected, his inheritors must be respected. The Quran and the Hadith orders us to give respect to respected people. We have respected people. All holy-ones are respected by Allah Almighty. We must respect. All those people who oppose us kissing hands are instead making their women the target of their prayers and go down on their knees to kiss them.

We are ahli sunnat wa jamaat and we kiss hands. But these people are like dogs and cannot even tell in front of me, but they bark outside. The hands and feet of the Prophet were kissed. These people cannot take us away, even if we are just a handful of people. Their power is not big enough to digest our group within their

stomachs. Thanks to Allah a big place has been sent to us and they will burst with envy. Thank God. Allah made the Sultan to support our people here in the middle of England and give us this big place. Look at that Central Mosque! For so many years they tried to do something, beside this building now, that is nothing. Here daily hundreds of people are taking shahada, they can hardly find one.

Mehdi Alehi Salam has 7 Wezirs, but not one of them is an Arab even though Mehdi Alehi Salam is an Arab, one of the decendants of the Prophet. That means that the supporters of Mehdi are foreigners, not Arabs. Arabs are not supporting Mehdi. That is what it means. Those 7 Wezirs are all from other nations: maybe from Pakistan, Afghanistan, Malaysia, Iran, Turkey, Kurdistan, Bosnia, Albania, Germany, Spain, Italy, England or Irland... There will be seven of them!

Oh, our Lord, support us! We are trying to be on the way of your beloved servant, Sayidina Muhammad, may peace be with him.

## IN TIMES OF DANGER, SEEK DIVINE SUPPORT!

If Allah Almighty supports you, that is the best. If all people support you and Allah Almighty doesn't support you, what can they do for you? Nothing! We are foolish, mad, idiots. The whole of mankind is. They are leaving the heavenly support and want to get support from things. If heavens support you, that is perfection. Support from man to man and from nation to nation is in limits. Support from heavens is unlimited.

These cassette-recorders are all supported by batteries. When the battery finishes, it will not work. But if it was connected to electricity, it would never end. Whatever we give to each other will be in limits, it will get weaker and then it will finish. But if we ask for heavenly support, that is never ending.

Islam came 15 centuries ago. One person stood up and said, "Oh, people! Say 'Lah illah ha illahla Muhammedun Rasulallah.'" People thought that he was working on a battery and that when his battery would finish, that would also finish. That was the Praised-one, Sayidina Muhammad sws. He went alone. No-one was with him of all creatures. But heavens, all of them, were with him. He called people to Islam, and he is still calling people, "Come and surrender!" But these idol-worshippers said, "No!" And the people of the 20th century are also saying, "No!" Whatever happened to the first ones will happen to the last-ones.

The idol-worshippers united and supported each other. They came like running rivers, like armies, saying,

"We must stop him! What is that, who is that one? We must stop him!" They were all running against him, like rivers supporting each others. They were very proud people with their armoured armies. And Muhammad, peace be upon him sws. with his weak companions, without any armours, came together. The armoured armies came. One group was supported by earth, the other by heavens. When they were asking, "Oh, our Lord please support us!" angels came and heavenly support reached them. The other armies could not harm them.

They just disappeared, vanished! That support of the armoured armies was useless. Such proud armies were finished face to face with haqq, with truth, in front of heavenly supported servants. They only called, "Oh, our Lord! Look after your weak servants!" And their Lord ordered for them to be supported by the armies of angels and they were supported.

We never think of such points. They are mentioned in the Holy Books: in the Old Testament, the New Testament. We are told about the Heavenly Support, how the Lord of Heavens supported his Messengers. How the Almighty Allah supported His Prophets. How He supported his Saints, the Aulias. The Holy Quran is full of mentionings to the believers about the Heavenly Support. The Holy Quran is not a history book. No! It is a heavenly message to teach mankind, especially to believers, Muslims. It is to make you to believe. And to make you to ask for His Support, for the support of the Almighty Allah.

Unbelievers are very proud with their technology, with their atomic bombs, with their nuclear weapons. They are so proud. And Muslims they are saying, "From where could we steal some atomic bombs? From Russia?" They say that so many nuclear warheads have been stolen from Russia. And who do they think have stolen them? The Muslims! As Muslims don't have any warheads officially, they must have been stolen by them! Either by Iran, or Iraq, or even Turkey! Because there were so many warheads in Central Asia, so one of those people must have them... That is what they think.

Yes, I am saying this, because we never had such terrible weapons in the hands of non-muslims, calling themselves Christians, before. And Allah Almighty is saying, "Above all we gave to Jesus Christ and his followers compassion." Allah says He gave them compassion! They are supposed to be people of compassion. Now look at those Christians! Where is their pity? They are blaming Muslims to be terrorists. We are a handful of terrorists, but they are complete terrorists, complete destroyers.

And our Muslims are not reciting the Holy Book, the Holy Quran. I go to the Central Mosque and I see people reciting the Holy Quran, but they don't understand what they are reciting. What is the Quran saying? They don't know. They just listen to their non-muslim friends and hear about their nuclear bombs. They are afraid of their armies and their armours. There are so many Fs: F19, F18, F16- but that is an old kind- they want new ones. You are sleeping! Not reading newspapers! There are F40 and F50 now, they are hiding them, and the Muslims are trembling at what they should do if these bombs come.

How can these Muslims fear earth-people? Why are they not asking support from their Lord? The Holy Quran tells them, than when the companions were in Badr, that a handful of people were saying, "Oh, our Lord there is no other support for us, except your support. Oh, our Lord! Send us support!" And with that, the angels came.

If the Muslims would ask for support now, Allah Almighty would send one Jinn for each warhead to take it away. They will just blow on it and then within one hour all warheads will be taken away from their armour. But if you don't believe in Allah, how can you be Muslims? All Muslims are fearing nuclear-bombs!

Where are these Muslims? And who of them understands the Holy Quran? Who is reciting and understanding? How are we reading the Quran? The Quran is telling us, that angels came from heavens to earth. You cannot shoot angels! But angels can kill. And if you don't use angels, there are jinn, billions and trillions of jinn. The command over all these jinn is in the hands of one holy-person. He is commanding them. He can command them not only to take all the warheads, but he can order them to put them all into the Pacific Ocean. In the morning people will come out and say, "Where are the rockets? Who has taken them away?"

Allah Almighty can do everything! You must correct your beliefs! Yes, you must believe in what the Holy Quran is saying. If Muslims start relying on nuclear-bombs, then Allah Almighty will leave the Muslims without a support. But Muslims are sleeping, they are heedless people. They don't ask, they are like others. They have cut their connection to heavens. They say, "We don't need that! We must take weapons!" They want to have more and more weapons, and they want to have more and more power. That is the state of the Muslim world now: full of competition. We must believe in the Holy Quran. We must believe in Heavenly Support. We must ask for Heavenly Support. The Lord of Heavens never leaves the Muslims without support.

You must ask!

Maybe it is the Night of Power tonight, or is it the Power of Night? Both names are alright. Ask the Lord of Heavens to send angels to you. He promised, "Anytime, oh, Muhammed, you Praised-one, if your nation asks for something in your honour, I will send it". But we are not asking for his honour, that is nowadays called 'shirk'. A group of Arabs are giving it that name... Oh, Muhammad, peace be upon him, anytime we will send in your honour to your nation our heavenly support. Don't worry! Whoever fears nuclear bombs has no faith. Allah Almighty says, "Fear only me! Don't fear anything else!" May Allah forgive us.

# AN INVITATION to the DIVINE PRESENCE

I ask my Lord to help me to be just and to uphold justice. This is what our Lord asked of mankind from the time of the first man, Adam, up to our time, and it is what will be asked of man until the Last Day. A person who stands for justice is called “Haqqani”, and that title is the essential basis of all other honourable ranks in the Divine Presence.

“The day when truth will benefit the truthful”

It means nothing to Allah that you were known in this life as a Muslim, Christian, Jew or Buddhist, but he will be concerned with whether you de-served the title of Haqqani. Those who have been Haqqani in this life are transformed; their very essence adopts Divine attributes so that they become “Rabbani” or beings who pertain to the Lord intim-ately. It is about these people that Allah Almighty says in a Holy Hadith:

Oh My servant, be obedient to Me and I will make you Rabbani Then you (also) will say to a thing “be” and so will it be. When one reaches the level of Rabbani, God

dresses him in His Own attributes and makes him His deputy. Then he grants you willpower that is not your own, but His. But the way to attain the Station of Rabbani leads through the Station of Haqqani, and whoever intends sincerely to be Haqqani will receive guidance from Him.

What is the nature of the station of Rabbani? For those in that station the ocean may be as a puddle, and even the whole world may be a crumb in their hands. Abdul Wahhab ash-Shaarani, a great Sufi of Egypt, said that some men of God see the world as a candle and some see it as an atom. A man of God will first be shown the nature of the universe and all of its creatures, then he will learn about the Lord Almighty. Therefore, on his Night Journey the Holy Prophet was shown the whole universe and only thereafter was invited to leave it and enter the realm of absolute Truth. He left everything, including his self, and entered the Divine Presence, but only after he had been shown ev-erything about the world did he enter Unity Oceans.

He entered Unity Oceans but he was ordered back to the world to invite all Nations to follow him to the Divine Presence. Those who heed his call to ascend to the seven heavens are two sep-arate groups. The first group consists of those who may potentially attain the Station of Gabriel. When Gabriel was leading the Holy Prophet in his ascension, he stopped at a certain point, for fear of being annihilated in the Divine. That Station represents the highest attainment possible through the mind. The second group contains those who are prepared to sacrifice everything, even themselves, to attain absolute “Unity Oceans”. Their station is absolute Unity, Ahadiya, while the station of those who fail to throw off the yoke of mind, form and relativity is the station of Gabriel, the station of the awareness of Unity, Wahadiyya. The station of Wahadiyya is in Unity Oceans, but it is a “sub-station”. It is, however, the uttermost limit for all but the fewest of seekers.

The way to the station of Ahadiyya, of absolute Unity, is one of total inner renunciation of all hopes of being something. Some of our brothers have asked me

to open up to them the doors of Divine attraction, Jadhbah. It is a kind of a power, but it is not my job to dispense power, but to take it away, that you might be empty handed and thus candidates for the station of Absolute Unity.

If an unprepared person were to receive spiri-tual power, he would only wreak destruction upon himself and others. A little boy may admire the large horses the police ride, but if he we were to mount him on such a horse, do you think that he would be able to control it? Sometimes a father may put his small son on his lap while he drives down a quiet street, and let him steer, but do you think that the father is really letting him drive?

Only those who have subdued their egos may be given any power. A rocket is not launched until all of its systems have been checked many times over, and the flight of each soul to its heavenly destination is much more important than launching a rocket, so don't imagine that Grandsheikhs em-power their murids easily.

Once, Ubaydullah al-Ahrari called one of his murids and said: "Oh Abdullah, go climb that moun-tain and wait there for me, I am coming after you." The murid climbed the mountain and began to wait. The morning passed, then the afternoon. The sun set and still there was no sign of the Sheikh. The next day the dervish waited patiently, but still the Sheikh did not come. But his orders were clear, so he waited, a week, a month, a year, five years, and seven years. He survived on that mountain as a beast would survive. In the summer he fed himself with berries and in the winter from the bark of trees. When he prayed the birds would alight on his shoulders and at night when he chanted his Dhikr the animals would gather around him in a circle.

There he waited for seven years without any news from his Grandsheikh. But the Grandsheikh had originaly received the order to send that murid to the mountain from the Holy Prophet, and he was awaiting the order to go up, after him. When the order arrived the Sheikh went up to the murid's perch in the blink of an eye and said

to him. “Oh my son, why have you been waiting here so long? I told you that I was coming, so when I didn’t come, why didn’t you come and see what had happened to me? I could have died or been hurt; I could have been lost on the mountain, so why didn’t you search for me?" The murid answered: "Oh my Master, I was ordered to wait for you, not to look for you. You ordered me to wait here until you came, and, as the saying goes, whatever a noble person pro-mises, that he will fulfil, so what about you, Oh most noble of mankind! Is it possible for you to promise something and then fail to fulfil it? I would have waited here for you even until the Last Day. A dog will wait for you if you tell him to, so how shall I be less loyal and obedient? Besides, it was not too difficult for me to wait here, at least you came before I died, when you could have left me until that time too. I relied on your word, not on my mind’s judgement, as I know that you are caring for me.”

The murid had understood that his Sheikh was not really scolding him for staying there but that he was testing him by repeating the same argu-ments and objections that his ego had brought forward when the Sheikh had not appeared when expected. That murid attained the same level of reliance upon his Sheikh and through his Sheikh on the Prophet and ultimately on his Lord, that Abraham attained in reliance on his Lord. When Abraham was thrown in the fire by Nimrod, the Angel Gabriel came and asked him: “Are you in need of help?” "I am in need of my Lord’s help, not yours," replied Abraham. Then Gabriel said: “Then ask your Lord for help.” “There is no need for me to ask, for He sees me, looks after me and knows well, where I am and of what I am in need.’”

That murid was on exactly the same level of trust to his Sheikh. He knew that his Grandsheikh, was not a blind person, and that, therefore, he must be aware of his condition. This is why he answered his Sheikh’s queries by saying “Oh my Sheikh, I have no doubt that you are keeping me within the scope of your spiritual vision, so why should I apply my mind and will when I have given the reins of my will to you trusting that you will guide me to my Lord’s pleasure. I am in your hands like a dead

body in the hands of those who wash it before burial.”

Then there appeared a flock of wild doves as an escort for a very large green bird, a bird which appears to murids who have successfully completed their seclusion. That is a sign that the murid is ready to be escorted to the presence of the Holy Prophet and the Grandsheikhs of his assembly. The Holy Prophet ordered Ubaydullah: “Now I have witnessed that your murid is absolutely in control of his ego, you may give him his powers.

The powers received at this point are six

1. Haqiqat ul-Jadhbah (The Secret of Attraction)
2. Haqiqat ul-Fayd (The Secret of Emanation or Outpouring)
3. Haqiqat ut-Tawassul (The Secret of Connection)
4. Haqiqat ut-Tawajjuh (The Secret of Alignment)
5. Haqiqat ul-Irshad (The Secret of Guidance)
6. Haqiqat ut-Tayy (The Secret of Folding Space)

Until the Holy Prophet appears to the Grand-sheikh and takes upon himself responsibility for the murid, no powers are given. But at that time the floodgates are thrown open.

In our way we must never claim to know any-thing or to be anything, because dissolution in Unity Oceans requires the abandonment of all pretentiousness. Most people, on the contrary spend their life energy on futile attempts to grasp something in their hands.

However, when they open their hands to see what they have, they realize that they never caught it, or even if they did, it flies away as soon as they open their hands.

Even seekers of truth sometimes attempt a “catch” by trying to reach a spiritual station for the sake of their egos. In this case seekers have not completely renounced self-aggrandizement, but in accordance with their level they may attain good in this life and the next, but not that ultimate station of Ahadiyya. Only he who abandons the covetousness of this life and the next will be given pleasure that no one can imagine.

A murid becomes eligible for these powers, then he becomes free of his ego’s tyranny. When they are granted he is a free man, forever free of the limitations of time and space. Time and space are the illusions which now bind us. When we are free they are at our command.

The Power of Attraction is the power which enabled the saintly advisor of King Solomon to bring the throne of the Queen of Sheba to Jerusalem, from Yemen in the time it takes for an eye to blink, or less (Holy Qur’an, Chapter 34). This is the power that enables one to draw anything to himself. Inanimate objects are the easiest, people the most difficult.

The Power of Emanation or Outpouring is the power to be the means for the transfer of the experience of the Divine Presence to the murid. It is all embracing light that overflows the brim of the vessel. The Holy Prophet is the vessel in which these Divine favours are poured and, as they are without end, they flow from his heart to the hearts of Saints and from theirs to those of murids.

The Power of Connection is the power to connect at all times to this chain of transmission of Divine power and favours. For Saints it is the intimate knowledge of the Prophet’s realities and those of the chain of Sheikhs leading to him. For those who are yet aspiring to that station it is the daily invocation of the names of those Grandsheikhs leading up to the Holy Prophet. In our time, the time when the advent of Imam al-Mahdi is anticipated, many more people will have access to this power than ever before.

The Power of Alignment enables the Sheikh to turn his heart towards the hearts of his murids at any given time, and to turn their hearts towards their destinations. If he can't do this then it is meaningless to say that he is a Sheikh. The first step is in his turning the heart of the murid towards his own, after this it will be possible to turn it onwards.

The Power of Guidance is the power to lead one on his way to his destination once he has been turned toward the direction through the Power of Alignment. For example, if you arrive at Heathrow Airport it is not enough, you must be lead or given directions to arrive at your specific destination in London. Therefore, being turned in the direction is only the first step, the door of the maze; you must be helped on through it.

The Power of Folding Space is the power to travel at will anywhere in the Universe without actually travelling the distance, but rather by "rolling it up" like a parchment. Such a thing is unattainable except for those, who have subdued the physical body absolutely. Presently our souls are encased in our physical bodies. The secret of this power is that, by bringing the physical body under control it becomes encased in the spiritual body, and the movement of the spiritual body is not cumbersome like that of this body. What is the speed of a donkey compared to the speed of Light? The speed of light is like a donkey compared to the speed of the spiritual body.

## In Vollkommenheit

Alles ist in Vollkommenheit, jeder Mensch ist in Vollkommenheit geschaffen. Alles ist auf seine Weise vollkommen, trägt in sich eine absolute Perfektion. Laß jeden Menschen, jede Kreatur in seinem eigenen Zustand. Sein Schöpfer besitzt die Meere der absoluten Vollkommenheit. Wenn wir hier vor uns schauen, sagen wir, daß dieser Sony-Kassettenrecorder der beste unter den Recordern ist, weil er ein Sony-Gerät ist. Das Instrument bekommt Perfektion, weil seine Herstellerfirma es durch ihren Namen berühmt macht. Und was ist mit Allah dem Allmächtigen? Wer sich selbst betrachtet und nicht „alhamdulillah“ sagt, ist kein Gläubiger, sondern ein Lügner. Er mag hundert Jahre alt sein, klein oder groß, dick oder dünn, er mag schwarz oder rot oder blaubärtig sein. Als ich Englisch lernte in meiner Schulzeit, lasen wir so viele Kurzgeschichten, von welchen eine den Titel „Blue Beard“ trug. Wenn du dich anschaust und nicht die Vollkommenheit in dir selbst erkennst, dann preist du nicht wirklich deinen Herrn. Du mußt sagen: „Subhanallah, wal hamdulillah, la ilaha illa llah, allahu akbar.“

Warum beginnt der heilige Quran mit dem ungeschriebenen Befehl: „(Qulu) alhamdulillahi rabbil ‘alamin.“ Sprecht: Alles Lob und Dank sei Allah, dem Herrn der Welten.? Er ist es, der euch eure Form gibt in den Leibern eurer Mütter. Und die Welt ist für alle da, sie gehört niemals irgend jemandem. Es ist ein großer Fehler, daß die Menschen versuchen, diese Welt für sich zu besitzen. Früher, als mich noch niemand hier in London kannte, wurde ich dazu gezwungen, umherzulaufen, mir Museen anzusehen, den Tower und den

Zoo. Damals wußte niemand etwas über mich, ich war ihnen verborgen in jenen Tagen.

So gingen wir eines Tages, um den Tower of London zu besichtigen. Es war eine Ausstellung über die Schätze Ihrer Majestät der Königin und ihrer Vorfahren zu sehen. Es wurden die königlichen Gewänder vergangener Könige und Kaiser gezeigt. Ich schaute mir die Kleider an und fragte den Führer: „Wo sind die, die diese Kleider getragen haben?“ „Unter der Erde“, war die Antwort. In der Westminster Kathedrale ist ein großer Platz, wo sie alle begraben liegen. Es zeugt von größter Dummheit und Ignoranz, von etwas zu sagen: „Das gehört mir.“ Denn alles wird dir letztlich weggenommen werden. Die Welt betrügt die Menschen und verführt sie dazu, sich gegenseitig zu töten und Unruhe zu stiften, alles um ihretwillen.

Es gibt die berühmte Geschichte von Jesus Christus, als er auf einer Reise an einer Höhle vorbeikam. Er trat hinein und sah dort einen großen Haufen Gold, und daneben lagen die Gebeine von drei Männern. Und Allah gab ihm Nachricht darüber, was dort geschehen war: Die drei waren gute Freunde, die zusammen auf Reisen waren. Sie kamen an diese Höhle und entdeckten jenen Haufen Goldes. Sie waren voller Freude darüber und beschlossen, alles mitzunehmen. Doch sie fürchteten, daß während des Tages sie jemand sehen könnte und es ihnen wegnehmen würde. So entschlossen sie sich, es Nachts wegzubringen, wenn keiner zusehen würde. Sie sagten: „Einer von uns soll in die Stadt gehen und etwas zu Essen und zu Trinken bringen.“ Kaum machte der sich auf den Weg, kam Satan, der Erzfeind des Menschen, der immer das Schlechteste für ihn will, zu ihm und sagte: „Warum willst du mit ihnen teilen? Nimm alles für dich alleine. Wie du das machen sollst? Vergifte sie doch einfach!“ Und er entschloß sich, das zu tun. Das ist eine gute Lehre für alle, die anderen etwas Schlechtes zufügen wollen. Denn Satan kam natürlich auch zu den anderen beiden Gefährten und sagte zu ihnen: „Tötet doch den einen und teilt das Gold in zwei Hälften unter euch auf.“ Es ist sehr gefährlich, schlechte Absichten gegen jemanden im Herzen zu tragen. Haltet eure Herzen immer offen mit guten Absichten. Als der Kumpane mit dem Essen zurückkam, sagten die anderen zu ihm: „Du kommst sehr spät. Du hast uns eine Falle gestellt, um alles für dich allein zu nehmen.“ Und so töteten sie ihn und setzten sich dann, um genüßlich das vergiftete Essen zu verspeisen. So waren alle drei Leute tot, und der Haufen Gold lag noch immer unberührt an seinem Platz. Der Herr sagte zu Jesus: „So ist die Welt, sie tötet jeden, doch sie ist nach wie vor am gleichen Ort.“

Wir haben unseren Glauben verloren und sind nur noch weltliche Wesen. Unsere einzige Freundschaft gilt nur noch den materiellen Dingen. Keiner denkt mehr an die Himmel und die geistigen Welten. Keiner fragt

oder verlangt danach. Wir schieben dieses Thema nur hinaus, ohne es jemals aufzugreifen. Das bringt diese endlosen Probleme mit sich. Satan macht nämlich diese Welt zu seinem Eigentum und bietet sie den Leuten an: „Wer will sie kaufen? Sie bringt nur Schaden und gibt niemandem Frieden oder Freude. Ich verkaufe sie euch teuer!“ Und jeder rennt, um sie für sich zu bekommen, das teuerste Stück. Satan macht sie so teuer wie möglich. „Der Preis ist: Ihr müßt sagen, es gibt kein Paradies, kein ewiges Leben. Ihr müßt alles leugnen, was nach dem Leben kommt, und dafür verkaufe ich sie euch.“

Und die Leute wetteifern: „Gib sie uns, wir wollen nichts anderes, als was du uns verkaufst. Eine Kugel voller Skorpione, giftiger Schlangen und Insekten.“ Und sie kaufen sie begierig. O Menschen, Allah hat euch für Sich Selbst geschaffen, und diese Welt hat Er geschaffen, damit sie euch dient. Macht euch nicht zu Dienern der Welt, sie muß euch dienen. Wenn jemand ein Diener seines Herrn ist, dann wird die Welt ihm zu Füßen liegen, andernfalls kennt sie keine Gnade oder Mitleid für euch, sie zermahlt euch wie ein Fleischwolf. Möge Allah der Allmächtige euch öffnen, daß ihr versteht und in Ausgeglichenheit lebt. Das ganze Leben in Gottesdienst zu verbringen, wäre das Beste, doch zumindest müßt ihr ein Gleichgewicht herstellen zwischen eurem Herrn und eurem Reittier hier auf Erden.

## Iqraa Bismi Rabbika

As-Salamu Alaikum O our mu'min brothers. We have reached to this day in goodness- it is the 23rd of Ramadan, tomorrow 24th. We hope that Allah Almighty, Haqq SubhanaHu wa Taa'la Hz, our Lord forgives us. His Grants & Generosity are plenty. (Mawlana has a conversation with himself.)

"O Husain agha, how are you?"
"I am as you see me."
"Good. How do you see yourself when you look into the mirror?"
"Well, I am looking & seeing that our condition is changing. Our youth has passed,we have aged now."
"Ok. What are you waiting, or what are you waiting for?"
"What I am waiting from now on is..."
"Say the truth, is it dunya or akhirah?"
"From now on I don't have anything to do in dunya, only akhirah."
Bravo, really bravo to the people who think about akhirah. And shame on those who don't think of it. Shame on him. His life is spent in vain. However the Creator didn't create us in vain."Really, is there a Creator?That is what I was thinking of."
"O foolish one! A car, that they call it automobile, we used to call it 'tamofil', would you accept if they told you

"this happened by itself?"
"No, I don't."

Then how can you accept it when they say man came to exist by himself? It means there is a deficiency in you, either in your intellect or in what you learned. The Great ones said that the Prophet (sas) said: The one who comes to dunya comes to learn something. The beginning of the Holy Quran that came to our Prophet (sas), the beginning Ayah of the first Surah says "Iqra" (96:1) The very first Holy Verse tells people to read. The first Holy Verse that came to our Prophet (sas) says, read. "Al-Ladhi `Allama Bil-Qalami" (96:4) "Who has taught (the writing) by the pen." O people, read. Who created you granted you the pen also. And you also have an intellect. Write with the pen, learn knowledge. Don't be idle in dunya. Who is idle in dunya is the 4 legged class. They can't hold a pen in their hand. If you give them something, they can't read.

But man is not like this. Man is the most honoured creature. This is the point today's man is confused about, the point shaytan made them confused about -the One Who created you, created you as the most honoured creature. There are all kinds of creatures in dunya. But they don't have an understanding or intellect. Intellect & understanding were granted to the children of Adam, to mankind.

Read O people, and learn. So it means the one who comes to dunya comes, or is sent to learn something. Upon the order of this Holy Verse, people have read & written. We should look to the most important, the most essential thing to learn. What is that? What man should learn is that he should learn what is beneficial for him & what is not beneficial for him. This is necessary. So if we open it & say again more clearly- learn what is necessary for you & leave what is not necessary for you. What is necessary for you, learn what you need. If you try to do something although you didn't learn, you can't succeed. Therfore how is the order of dunya? Dunya becomes beautiful with those people who know the input & output of the world. If you try to do something without knowing, you can't succeed.

"Come & make a shoe"
"I don't know"
"Come & make a nail"
"I don't know"
"Come & build a car"

"I don't know"

Why should you not know? You should know what is necessary. The peasants should know the things concerning their village. The people of cities & towns should learn & do what is necessary for their place. To sum up people now, upon the meaning of this Holy Verse, should learn what is necessary & leave what is not necessary.

Now, there are a lot of things called universities. Before we would call it maktab, now they changed it. Before that it was called "Dar al-Funun" now they changed it to university. Ok.

"What is your education?"
"I graduated from university."
"What did you learn?"
"If you ask me what I learned Shaykh Effendi, I didn't learn anything."

They are not teaching. It is man who teaches man. Teachers teach the children of man. Who teaches should be aware of what he teaches & who learns should be aware of what he learns. If it is beneficial for him, he learns& if it is not, he leaves it. Who cannot distinguish harmful from what is not harmful is not man. And if man doesn't know what is beneficial for him in dunya, or if you don't teach them what is harmful for him in dunya, then what will these students do? If they can't distinguish between beneficial & not beneficial then it means that these kids' lives are spent in vain. Unfortunately nowadays everywhere is filled with universities. If you ask him something when he graduates, he says "I don't know". Because the education today, that they call it "talim & tadris", is in such a form that it blinds the ability of kids, youngsters and they can't learn anything. How many years do they study? 12 years, 15 years. Then if you ask them something..

"What will you ask Shaykh Effendi?"
"I will ask for example, there is this sea here. With how many buckets was it filled? I will ask, what can I do? He says "How can we know?
"What do you mean "how can I know?" This is an important matter. How many buckets were poured into this? And where did the water come from? From where? Did it come out from the earth or did it descend from the sky? Tell me.
"I don't know"

"You don't know how to eat?" I get angry at that time. Why don't you say, "The One Who filled this sea & doesn't let it go dry"... Sea is sea since the beginning of dunya, no change. Does it ever go dry? No. Does it's water ever go down? No. O you, then why don't you say, "This can't be done by man power. There is a power above man's power that brought this sea's water here."
"O Shaykh Effendi, now they went to Mars".
"What did they do there? "Did they find in Mars, "Marih" we used to say, water & they are bringing it in pipes to fill in here? "Why don't you say it, say that "Allah created it!"

No, he doesn't say. Believing in Allah is nothing on your side. Your people are also like this. Then tell us, give an answer; How come for these thousands of years the water of the seas never becomes less nor do they become more. Sea is always the same. Have you heard of Mediterranean going dry? Or Marmara Sea going dry? Or Black Sea going dry? No. Where does this water come from?

So this is a small example that, man should learn what is necessary: In the end of everything, there is always the One Who created it. There is the One Who created this world that we live in & He created it as He likes & makes it keep spinning in space. Tell me, how does it spin? With a rotor? With what it is spinning? And I also say, He makes this sun rise in the morning from this side & set at night from the other side. Who makes the sun move? Does the sun move by itself or is there One who orders it? Allahu Akbar! If it comes a bit close, the earth burns. If it goes a bit far, the earth freezes. Why don't you teach these things to the children that you corrupt their lives with nonsense, foolish things?

So when Allah Almighty says "Read", the meaning of "read" is, learn. It is not like reading newspapers, or reading magazines. You read to learn. So this, even if we speak till next week it won't finish, they don't teach. They don't teach. Kids rush into life without being able to learn anything & they can't succeed in anything in life. Maybe they become a burden on the government. If they don't become a burden, then they fight each other. They make battles with each other. One tribe looking to finish the other one. Is this what we learned? Is this what was taught to us?

"Well, Shaykh Effendi they don't teach religious books in universities". "Why?"
"It is prohibited by law".
Is that so? Ok. Then these things that you study, learn, can they stand against the religious books? Can they

answer them? No. So it is like this, now dunya has fallen into & gotten stuck in such hardships that it is impossible to get out. And they don't know what to do. Well, the key comes from Heavens. If you don't take the key coming from Heavens in dunya...
"We have democracy" "Where is it's key?"
They say, "no one asked us, told us where the key is"
Is it with the king? The King does not believe in democracy.
What does he believe?
He believes in what is written in his Holy Book. "How is your government?"
"Our government rules with democracy but there is not a person who knows what democracy is".

Yet it can be ruled like this, and people are all fighting. This is, O Muslims we should pull ourselves together. We should know what we learn. What will we learn? You will learn what is beneficial for you & also what is not beneficial for you. You use what is beneficial & remove what is not beneficial.

May Allah forgive us. May He send us the ones who will teach us these ways of safety & salvation. We are stuck with these leaders who are in power & they don't know anything either. Whole world is in a chaos. They are trying to kill & destroy one another, to make weapons & cannons. But finally all of them will fall on their heads. This way that they took, the people of this time, is not the right way.

And this Ramadan Sharif has arrived, the holy month brought us barakah. Nur descended on our hearts. Our hearts are filled with joy & happiness. Our bodies are refreshed, relieved. They know where they are & what they will do. Long live believers! We can't say "long live" for the others because they are already killing each other! They say "Don't live people". We want people to live. Because Who created us sent us with the order to live on this earth, to know the Creator & be servants to Him.

O our Lord, may You forgive us. We know nothing. And we got stuck in the hands of those who know nothing. O our Lord, send us Sultans who will show us the right way & who will keep Your order. Don't leave us in the hands of people who don't know who they are & what they are doing. O Lord! Allahu Akbar.Allahu Akbar. Allahu Akbar wa lillahal Hamd.

Our sohbat for today is up to here. We hit right & left a bit but what to do? If there are others who know, they may speak, teach as well. We know this much & want to teach it. If others know different things they may also

speak & we listen.

But there is a saying of our ancestors: "There will come a time that ignorance will fill the world & if you ask people they won't even know about faith." We are in this situation. Shame on them. Shame on them. May Allah forgive us. May Allah (jj) send us servants who will show us the right way & make us walk on it & who will raise the flag of Heavens. May He forgive us also, and them, our people also.

Ya Rabbi, tawba ya Rabbitawba Astaghriullah. Al Fatiha.

I don't have too much strength to speak to you but I desire to say a few words. You listen, watch it when I call, O Muslims & people.

Fatiha.

## I Sit As the Servant Sits and I Eat As the Servant Eats

Allah Allah. Ohh, yaa Rabbee. Dastoor yaa Sayyidee. (Mawlana Shaykh stands.)
Allah Allah, Allah Allah, Allah Allah, SubhaanAllah
Allah Allah, Allah Allah, Allah Allah, SultaanAllah
Allah Allah, Allah Allah, Allah Allah, KareemAllah

TabaarakAllah, tabaarakAllah, tabaarakAllah. SubhaanAllah, nahnu `abeedak, irham `ibaaduk ad-d`uaafaa, narjoo rahmatak wa nakhshaa `adhaabak. Yaa Subhaan! Yaa Sultaan! Forgive us for the honor of the most honored one through Your Divine Presence. And give endless blessings on him and endless glory on him and endless majesty on him from Your most Majestic, Most Glorified Presence (Mawlana Shaykh sits) And we are saying for all prophets and holy ones, saints, as salaamu `alaykum. Greetings from heavens that give us pleasure and satisfaction and enjoyment and endless grants from heavens. Allahu Akbar! (Mawlana Shaykh stands) Allahu Akbar! Allahu Akbar wa lillahi 'l-hamd! O people, stand up and say Allahu Akbar! wa rabbu 'l-malaaikati wa 'r-rooh (Mawlana Shaykh sits)

O People! We are here representing someone. I am a humble servant. I am that servant; I am nothing. I am trying to be nothing, nothing. I am trying to be only for His most glorified servant's oceans a small atom. O People! We must come and we must learn. We are saying, as salaamu 'alaykum! Salaams from heavens

coming. Tooba, thumma tooba, good tidings, tooba, for those who may ask to be with us to reach to that countless honor, countless enjoyment, countless blessings, countless lightenings. As-salaamu `alaykum alayna wa `ala `ibaadillahi's-saaliheen. O `ulamas, we must follow the Seal of Prophets (s). The Seal of Prophets (s), most beloved one, most honored one, most praised one, most glorified one, most granted one from Divine Majesty! We must be so happy!

And say, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Shaytan is asking to make Mankind thrown away from heavenly grants. Therefore, we must say, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Ohhh, holy ones, protect us to not fall in trips of Shaytan and its traps. SubhaanAllah, SubhaanAllah. Come and hear. We are not making a show here. For what would we make a show? There is no meaning to make a show for a servant. Say, Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh stands) O, heedless mass of heedless Mankind! (Mawlana Shaykh sits.) For what we are going to do a show? Do you think that a servant who is just dressed in a servanthood dress is asking to make a show? Such foolishness; such a low level! Such a no-meaning, no-mind person must be asking to make a show in front of his Lord, in front of his Majestic King! That one is reaching the last point of heedlessness and the last point of being ignorant. His level must be the deepest, lowest level, who is asking to make a show.

O People! Leave that shaytanic desire. Shaytan is putting in Man's real being, and blowing in it and saying, "You must do a show." That is the last point of being ignorant and heedless and the lowest level of being in existence. No meaning! No possibility! To whom we are going to make show? I am making a show to you? You are like me. To him? He is like me. To that one? He is like me. We are on the same level of being dressed. To whom we are going to make a show? But now, in the 21st Century, everyone is on that point, asking to make a show, but we are on the same level, and with your imitated titles you are asking to make a show? We are servants; servants can't make a show. That must be the knowledge through all holy people. Holy ones must teach their followers, "That show is forbidden." That is making Shaytan fall down because he was trying to make a show over all of Creation. When the Lord of Heavens was creating Man, He created on him a dress. That is a divine grant. Shaytan said, "O, I was trying from the beginning up to today to make a show for Creation. Now my Lord created one and is giving such an honor, dressing them, and I lost it. I am not accepting this." Finished! This is the main reason for Shaytan to fall down. It is clear in all holy books, but people are imprisoned through their mentalities, thinking that show must be for someone, that they have a

right to make a show.

O People! Come and learn, come and learn. That is making Mankind to fall into endless darkness, endless evil, endless troubles, endless problems, endless miseries, endless sufferings. That is the only reason. But everyone is asking to make a show. For what? And the Seal of Prophets, (Mawlana Shaykh stands) peace be upon him. ‘Ulamas! You are saying, "We are learned ones.” You are making a show? You like? You are making a show and trying to make an exception for yourselves. "We are not ordinary ‘ulamas, but we are Salafi ‘ulamas." Yes, you are Salafi ‘ulamas. "Look, we are Salafi ‘ulamas, we are making a show with our big bellys, dressing ourselves, wearing sunglasses, putting something on our heads. We are taking the latest model car." That is so you may do a show for those people who are not understanding Islam. Who are you to make for understanding? I can make theater also to make for understanding, that we may do a show for those people. Who are you? Everyone is asking to make a show! Your show is under my feet!!

What is the Seal of Prophets (s) saying? Ijlus kama ijlisu al-'abd wa kul kama yaakul al-'abd. "Sit like the servant sits, and eat like the servant eats." Enough, it is enough for teaching people. No need for showing thousands of hadeeth ash-shareef. It is enough for making a show; it shows the right way and the wrong way! (Mawlana Shaykh sits.) Allahu Akbar! (Someone present repeats, "Allahu Akbar!") Why are you saying Allahu Akbar? You are making a show, saying, "I am Akbar." Why you are saying, "I am Akbar." Allahu Akbar wa lillahi 'l-hamd! O our Lord, we are ashamed to address to You as an order. That is only for Your representative in the Divine Presence, that no one can be there, that no one can put his foot on that level. This hadeeth can put on that level he is teaching us; one hadeeth is enough. That means, "O People! I am coming to teach you that you are servants." When he is saying, ijlisoo kama yajlisoo al `abd. It was enough if he was not saying any other hadeeth ash-shareef. If the Seal of Prophets (s) is not speaking any other hadeeth ash-shareef, it is enough if he was speaking for all nations or all Mankind, to make them on Siraat al-Mustaqeem.

••••••• •••••• •••••••• •••••••••••••

Inna hadha siraatee mustaqeema, Verily, this is My way, leading straight. (Al-An`am 6:153)

You may say, "Shaykh is kharfaan." No, not kharfaan, only speaking what is necessary. To be t`allum is something, tafakkur is something else. So many people may learn but they are not understanding. Faqeeh 'aala min al-'alim, the level of fuqaha `aala min level of `ulama, fuqaha wa 'l-`ulama. Enough, enough to

learn this. That hadeeth Nabi ash-shareef must be written with golden letters, and first it must be put in front of kings and `ulamas and presidents who are saying, "I am this one," and, "I am that one." It must be written with golden letters:

**•••• ••• •••• ••••• •••• ••• •••• ••••••**

Ajlisu kamaa yajlisu'l-`abd wa aakul kamaa yaakul al-`abd, I sit like the servant sits, and I eat like the servant eats.

That teaching was given to all nations, giving peace in their out-looking (external) actions, for their doings and their efforts; and also giving peace in their hearts, that we may live in Peace Oceans.

O People! You are understanding Arabic? My Arabic is so bad, but you must understand. Marhaban, Salafi `ulamas. Marhaban, doctors of shari`ah. For what you are going to be doctors? If you are doctors, do you know what is the illness for the whole ummah, that they are falling down and not getting up? O `ulamas of Azhar ash-Shareef, you are understanding my Arabic, or is your Arabic `arabiyyatee qaleel, and you are `arabiyyah so much? Therefore, I am asking if you are understanding. The Seal of Prophets (s) is saying, Ajlisu kamaa yajlisu'l-`abd wa aakul kamaa yaakul al-`abd.. Enough or not? Four holy books' meanings are coming through those eight or ten words. Coming or not? If nothing else is coming, that one is enough to make people know about their positions or their missions in their creation!

Don't say that the mission of Jesus Christ, peace be upon him, was to be crucified. No! But he was teaching that his real mission was to show people, "I am nothing in my Lord's Divine Presence. I am nothing." If you are saying he was crucified, he is saying, "I am nothing, and not any names (ascribing to me), giving me trouble. I am nothing!" Trouble comes when nations say they are someone. Our mission was to be servants; Man was created to be servants of the Lord of Heavens. Therefore, the first lesson ordered by the Lord of Heavens, was when He created Adam (a) and dressed him. Adam, peace be upon him, was not coming naked; he was dressed. What was his dressing? His dressing was glorious dressings, and his position was a majestic position. The Lord of Heavens dressed him from His Glory and from His Majesty Oceans. And Adam, peace be upon him, was not doing a show for angels. No, he was dressed from Heavenly Glory and Majesty.

And the Lord of Heavens, Who dressed Adam (a) from Heavenly Glory and Majesty, ordered, "I only dressed that one from My Divine dressings of Glory and Majesty to represent to you Who I am. (Mawlana Shaykh

stands) Bow to Adam!!" (Mawlana Shaykh bows.) O our Lord, Yaa Rabbee! (Mawlana Shaykh sits.) Subhaana man khalaqa Adam min adamin fa adamahu, "Glory for Allah, Who created Adam from nothing, then made him nothing." Allahu Akbar! Shaykh Muhiyideen, Allah bless him, was saying, Alhamdulillahi 'l-ladhee khalaqa Adam min adamin fa adamah. You are `ulamas; try to learn what he means.

Yes, the angels bowed because they are looking and seeing Divine Glory and Divine Majesty. Mightiness is something else. Mighty is another thing. Allah Almighty only dressed him from heavenly dressing of Glory, heavenly dressing of Majesty. Mighty, no one can enter that; no one can be Mighty. It may be that Man is glorified and majestic, but to be Mighty, NO ONE can be Mighty, only Allah Almighty! (Mawlana Shaykh stands.) Allahu Akbar! Allahu Akbar! Allahu Akbar! O our Lord! (Mawlana Shaykh sits.) O our Lord! Tawbah yaa Rabbee! Tawbah yaa Rabbee! And Shaytan is making people claim on that point and to fall down, because he claimed to be mighty. Astaghfirullah. Mighty is for Allah only. No one is going to be partner of His Divine Glory or for His Majestic Being. Impossible! Impossible! Impossible! Allahu Akbar wal Akbar!

O our Lord, forgive us for the honor of Your most honored one (Mawlana Shaykh stands) Sayyidina Muhammad! (Mawlana Shaykh sits.)

Fatihah.

SubhaanAllah, SubhaanAllah, SultaanAllah, SubhaanAllah. Fatihah.

(Mawlana Shaykh sings.)

Dome dome, dome dome 4x

Never a king plays this with instruments, but His servants may do this, for His honor.

Dome dome, dome dome 4x

Allahu Akbar. Fatihah.

Hisham Effendi? (Mawlana Shaykh speaks with Mawlana Shaykh Hisham on the phone, so happy.)
Allahu Akbar wal Akbar!! Allahu Akbar. Allah Allah, Allah Allah.

**Is It Not Time Yet?**

---

A'udhu billahi mina sh-shaitani r-rajim, We take refuge in the Masters of our times from the evils of shaytan. Who is shaytan that we may say "Oh Lord protect us from shaytan". Hasha! To say "Oh Lord protect us from shaytan" is not decent. Who is shaytan? Shaytan is nothing that we say "Oh Lord protect us from shaytan". The Glorious Quran has come to train us, to teach us, in order to educate mankind. The Glorious Quran, Habibur-rahman, Habibullah, recieved the Glorious Quran. Allah Almighty sent down the Glorious Quran which tells the secrets from preeternity to eternity. Allahu Akbarul Akbar Allahu Akbarul Akbar Allahu Akbarul Akbar.

Oh people who forgot their identity, Listen! With your permission, Oh Master of this realm, Shah Mardan, and the friends of Shah Mardan, may all you listen! The Sword of Allah Almighty, his magnificence can bring down mountains. If he only calls out, everywhere will get into turmoil! This is Shah Mardan! Marhaba, Ey Shah Mardan Marhaba. Dastur Ya Rijalullah! Oh beloved friends of Shah Mardan - those who love Truth(Haqq), those who walk the way of Truth, those who sacrifice themselves for Truth, those who draw their swords to finish oppression. This is the way of Shah Mardan.

Marhaba and Marhaba Oh Shah Mardan Marhaba. Lets say Bismillahir rahmanir rahim. May we hold and gird on the sword which comes down from Heavens. To protect us from the apparent and hidden enemies, may we hold this sword which gives us majesty! Lets say Bismillahir rahmanir rahim. Oh our Lord, forgive us! Asadullahu l-Galib, Ali Ibn Abi Talib. Marhaba Oh Shah Mardan Marhaba! Beware! The Glorious Rajab is getting closer! Pay attention! Say, Bismillahir rahmanir rahim.

What is the situation of Muslims today? Our Shah Mardan, our Sultan, is informing that the Muslims nowadays, have lost their spiritual power. Please Shah Mardan go on. Shah Mardan is

giving spiritual power but the Islamic World is running after iron or copper weapons. They think people can win with weapons, with airplanes. Absolutely not. We became ignorant. Please go on Shah Mardan! Shame on the Islamic World that they attached themselves to shaytan and fear the things which are invented by shaytan. "Help so those weapons won't shoot us!"

When those airplanes are coming why aren't the Muslims calling out to Allah Dhul Jalal, Allah Dhul Jalal,Allah Dhul Jalal! Don't hold your tongue, don't fear. We aren't in need of unbeliever's weapons. We have honor, the honor of Shah Mardan that, goes on till the end of the World.

His sword is sharp. Call on the Lord and don't run away. Stay where you are and say, Allah Dhul Jalal Allah Dhul Jalal Allahu Rabbi Allahu Dhul Jalal Allahu Rabbi Allahu Rabbi Allahu Rabbi Ya Rabbi. Say and call like this. This is Shah Mardan's order: Don't be afraid!

It is a sign of doomsday - men become enemies of each other. It is like a disease. Attraction to worldly things makes people enemies to each other. Love of the world. What is the world? May you say Shah Mardan! We will say it again. "Ad-dunya jifatun." The world is a carcass. Those who run after it, fight for it, fighting for carcass brings a carcass attribute, so that on the Day of Resurrection, many odd things will be seen. Such as? On the Day of Resurrection those who were running after carcasses in the world, "wa talibuha kilab." - those who run after worldly carcasses are dogs. They will appear on the Day of Judgement in the form of dogs. Those whose goal is this world are dogs. Those who run after bones and hay, those who are killing people for bones, leaving the way of Allah(swt), Allah Jalla wa 'ala.

Please go on Shah Mardan! Arhamu man fil-'ard yarhamihum man fis-sama'i. The Absolute Owner of the Glorious Prophethood, Hadhrat Rasul, our Master(sws),the Sultan of the universe, is saying this: Be merciful to those on Earth so that Allah Almighty, whose command reaches everywhere in the skies and on Earth, whole universe, He may shower blessings on you! If you leave being merciful, you cannot find anyone to show mercy to you.

Oh Shia, oh Alawi, oh Turki, oh Kurdi, whoever you are, are fighting for the carcass of the world. When you are put in your graves, if you ever have one, a carcass will be thrown in before you. This is one of the punishments of the grave, Sheikh Mehmet Effendi. In their graves a carcass will be put in front of them. Holy Angels will say: Eat, eat. "I can't." A bang on your head - Angels will hit you. You will be scattered. Then they gather you up again. Eat, eat the carcass of crows, wolves, dogs... Eat! "I can't". A bang on your head, then you will eat. Another one comes,

plenty of carcasses in their graves, Aman Ya Rabbi!
Oh people! Oh Shia and your scholars! "Wa dhakkir fa innadh-dhikra tanfa'ul mu'minin." Isn't it said like this? What are you hiding, o Persian scholars, or Kurdish scholars, or Arab scholars, what are you hiding? Say it. We are telling about the conditions in the grave What will meet you in your grave? Those who went after worldly carcass, carcass will be put in front of them. Holy Angels, also the Angel of torment will be there, to say: Eat! "I cant". Bang on your head. This is what you loved most - "Ad-dunya jifatun" said our Prophet(sws). O Arhuntlar! Why don't you say that the world is a carcass? Didn't our Prophet(sws) say so? Since he said this, why didn't your nation listen to you? (addressing the Mullahs of Iran) They are made to run after carcass. Where is Persia, where is Damascus? From Persia Muslims go to Damascus to kill people of Islam! Which shariat says this? Which Imam gives this order? Twelve Imams - which one of them? From Persia they traveled to Damascus, to kill the Muslims there in order to please a "man". Whoever told you to do so? Oh Shah Mardan, your voice, your command, is powerful enough to shake the Earth! Don't think that you will get out of this without paying back? -No! Inside your grave you will be given carcass. Eat! What were you doing in Damascus? What brought you there? Wasn't your country enough for you? Those people in Damascus, did they do any harm to you? Especially where there is Sitta Zaynab Hz.'s maqam. How can you kill those people who are under her protection? What kind of Shia are you? You are not the ones who accept Ahlul Bayt, who respect them. We, Ahlu s-sunnah, are doing this!
In their graves, these Arhuntlar, and these oppressors will be given carcass, The torment of the grave is true Some are wrapped up and buried. Some could not be wrapped up, but they will be in graves too. What will be put in front of them? Carcass. No need for another torment. Carcass will be put in front of them. Angels will be there ordering: Eat! I cant eat! Hit him on his head. Why can't you eat? Didn't you know that the world is a carcass? Say! you Arhuntlar! Tell this to your people!
The torment of the grave is truth(haqq). There are many kinds of it. You killed Muslims! Ya! You fought for Dunya(world). Ya! Didn't the Prophet(sws)of the Last Days say, "the world is a carcass"? Please go on Shah Mardan! Tell us more! May we listen! May our hearts have divine light and joy! We are enlivened by your words. Oh Shah Mardan! Listen to him! How beautifully he is advising! What would they have in front of them? Carcass. Inside graves, their teeth will be

like those of a wolf! Angels of torment, will be there. Oh Arhuntlar! Say! Oh Those who destroyed Damascus, what will you do then? For this short lifetime, you ruined the lives of innocent people! For the worldly carcass? Eat now! If not eating, hit him on his head! Your torment will be like this till doomsday.

Shah Mardan, Sahib Maydan, today he is informing us of this. He is advising us. Rajab is getting closer! Oppressors will die! Oh peoples of Persia! Beware! You are on the way of Nimrod! This is like what Nimrod did! Nimrod attacked the Prophet Abraham (Ibrahim as). He ordered a huge fire to burn him (Prophet Abraham). This is the way of Nimrod, the way now you are on. Say this o Arhuntlar! Wake up Persian people! Tell them about what had happened to Nimrod! Addunya jifatun wa talibuha kilab. We're responsible to warn them, to remind them -those who are living for Dunya, who are killing for the sake of their worldly interests, carcass, are the ones running after carcass.

It doesn't give you any honor to travel from Persia with armies; to come there and murder Muslims! They will have the form of a dog in their graves, in a dog's shape and carcass will be put in front of them. Eat! This is what you wanted during your lifetime. You killed people, destroyed the ones Allah(jj) created for this. Oh you are wicked dogs - you have no fear of Allah(jj)! Are you the one to give these people life? How dare you kill them? By My Honor/Majesty, says Allah (jj), "I destroyed the armies of Nimrod with mosquitos. I can destroy you, if not with mosquitos then with another torment. You assassinated the ones I created." You didn't think Allah(jj) created them. You are wicked/vile.

Allah(jj) created humans. Allah holds His servants in high regard. You insulted them. You assassinated them, killed them, crushed them. May you all die! Hit their heads! Nimrod went to hell by hitting his own head! Yours will be the same way. You are like Nimrod. Go back! Sitti Zaynab Hz has inspired me with all these warnings this morning - The daughter of Shah Mardan. She said:"I am not pleased with them. May torment from the heavens fall on them!" So punishment is coming to the people of Persia and who are with them. The nation that is called Shia, something is coming for them. Inside their graves carcasses will be put in front of them. Eat these! How can I? Eat! Not eating? A bang on their head. Bite, chew the bones. Hitting them on their head. When they finish another carcass will be brought.

Carcass will never be enough for you, our Holy Prophet(sws) said: "Ad-dunya jifatun wa talibuha kilab" The world is a carcass. Who is after the world, who destroys Allah's creatures, are wicked. Eat! Hit him on his head! The world is not left alone. The world is not left to your mercy! O Arhuntlar/Mullahs! Tell them! If you don't, you will be disgraced! Whom we are waiting for, Owner of our Times, Sahibu z-zaman Hz Mahdi(as) will have a list of names, to cut off their heads, because they have no respect for Ahlul Bayt (family of our Prophet(sws). May they be ashamed of themselves. Damascus is full of The Holy Family. Who are raining fire down on them, the other wicked ones, shame on them! They will fall and die but it doesn't finish when they die. They will be clubbed on their heads in the grave and ordered to eat carcass.
Beware o Persian brothers who have faith. Don't be Shia! Innamal mu'minuna ikhwatun...(49:10) Muslims are brothers and sisters - not enemies. You are being hostile to Muslims. You have no future. The sword of the 10th Imam will hit you. Beware! Otherwise you will find carcass in your graves. Eat this carcass! I can't! Hit! You used to run after it! They will be in the form of a dog in their graves. The situation of the grave is different. Don’t mount your worldly thrones, saying I am this, I am that. Don't be ignorant by saying I have weapons, planes.
Oh Arhuntlar, the scholars of Persia, stand up, say the Truth(haqq), forbid oppression, or you will be in trouble! Many heads will be on the swords of the soldiers of Mahdi(as)! Mahdi(as) is the one who will enter Damascus. You cannot enter! Those who are astray, cannot enter Damascus. Those who are saying, We are Shia, can't enter or rule it - Sham is Kinanatullah/sacred to Allah. The Awliyyaullah there seem to be in silence but they are very angry, the 40 saints and awliyyaullah of Damascus. The Order of the heavens is saying - Wait, leave them. When their oppression passes beyond limits, the armies of Heaven will come down, for Damascus is Kinanatullah (Allah's safe, sacred place). Those getting close, will be finished. When Angels in the first heaven call, Allahu Akbar Allahu Akbar Allahu Akbar no need for drawing swords, they will fall down. Islam is not 'playing games'. The judgement of Islam is precise.
O Arhuntlar, let's hear your voices, say! Say the orders of Allah(jj)! Is Allah(jj) ordering you to kill Muslims? Hasha, hasha, thumma kalla. You are oppressing the weak and helpless servants of Allah(jj),raining fire on them. May the rain of fire be on you! Don't think that your steps are firm! Volcanoes may come from underground to burn you where you step. The fire Nimrod ordered to be lit, burned himself. You will burn in the fire coming from the Divine Mightiness. Beware!

and avoid the fire! Go on Shah Mardan! Your advice is acceptable. O Holy one, Shah Mardan, how nice are the advices you are giving us! If anyone is objecting, saying these advices are wrong, may he not make it to Rajab, to Ramadan. May he not celebrate Eid/Bayram.

Our Master Hz Ali has now been dressed with severe majesty and anger and he has been dressed with justice. He drew his sword against the oppressors, to protect the oppressed ones. Your way is wrong! Those who are called Alawi and Shia are on the wrong way. They left the way of Shah Mardan and they won't like what they will face. Rajab is coming! Rajab, Rajabun Ajaibun, they will be attacked from a side they don't expect. Our Prophet(sws) said that Allah makes those servants who are not destined with Islam to support/strengthen it (Islam). Allah Jalla wa 'Ala.Yudafiu an illadhina amanu biman la khalaqa lahum fi d-din Allah makes people who are not Muslim, come and support/protect Muslims. Islam is a religion that persists. Islam is the religion of Allah(jj).There is no oppression in the religion of Allah. Allahu Dhuljalal, "Harramtu dh-dhulma 'ala nafsi fala tadhalamu"

Where are you, Arhuntar? What is going on there? Is it oppression or not? Is he, who is called Bashar, being Just? Let him think on his end! He will be in the grave, his carcass will be in front of him, his own carcass - not of any other animal but his own carcass. They will say: Eat! You will enter the grave! Come to your senses!...If you don't stop before Rajab, you will be wretched because the help of heavens is ready to come now. Allahu Akbar Allahu Akbar Allahu Akbar ala man takabbara wa tajabbar anal jabbar anal Qahhar says Janab Allah.

Oh Muslims open your arms towards the sky and pray to the Lord, "Oh Our Lord, take our revenge on these oppressors." "It doesn't matter, young or old, they killed us under their oppression. They destroyed us. May you destroy them. Their days numbered. The Glorious Rajab is coming. Oh Shah Mardan, Master of this realm, Shah Mardan said to me: "Oh Sheikh! I half drew my sword!" He said: Oh Sheikh! Oh Sultan,(we said) who are we to be a sheikh! We wish to be the dust under your feet. Oh Shah Mardan, show us mercy! This is what we asked for. You are the owner of the sword and you can overcome their oppression. May you do something, we are weak. Oh our Lord! Our Subhan! Allahu basirun bil ibad. Allah sees what His servants are doing! He says: I will make them pay for their deeds later.

Beware! Islam is clear. Its faith is clear. It is clean. Its affairs are clean. You end up clean with Islam! Be human - otherwise, you will be made to eat monster where you rest. By force, carcass

in front of you, you will have to eat! This is what their punishment is. Beware or not! Shah Mardan said I informed them. To Persians, to Arabs, Turks and Bulgarians, I taught them and warned them, saying like this. Shah Mardan, if they listen and obey, good. Otherwise they will be punished here and hereafter. Inside the graves they will be forced to eat carcass. Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi Allahu Allah Allahu Rabbi Hasbinallah wa ni'mal wakil.

Oh Muslims may you all say - Hasbinullah wa ni'mal wakil. Recite this and don't be afraid. Nothing can harm you! Stay where you are. Don't move anywhere. For the sake of the coming Rajab, Holy Angels are coming down on Earth. They will not touch those in their homes Qalat An-Namla Ya Ayuha n-Namlu Adkhulu Masakinakum - Enter your homes, Don't go outside. Your homes are safe. Special Angels are coming down to protect them. "Don't move anywhere. Don't go around. Stay in your homes. Close your doors and recite the Basmala. Pray inside, make namaz. No one can come near your door! If they come near, an invisible knife will be stabbed into their hearts. This is the order of heavens now. There are the ones who will stab a knife into the oppressors if they break in homes - these are from the Jinn. Experience is free. News is coming to us that there are many soldiers who are being stabbed while breaking in. Will Allah(jj) leave his servants unprotected? Revenge is coming. Oh Bashar! Oh Leader of Persia! come to your senses. Measure your height! Bashar is almost 2 meters! Onda hic akil yok - He has no mind! One day when he is asleep maybe a knife will be stuck in his flank. He will fall dead. Let him beware! Damascus that is the home of Awliyya Allah. He made great oppression there. He will be stabbed. Let him beware! Don't look at me, look to the one making me speak. These are Shah Mardan's words. Peace be upon those who are listening, curses upon those who are not listening.

Oh our Lord forgive us. We take refuge in You, from the evils of the ego. I feel ashamed to ask our Prophet, but, Sahib Dawran, Shah Mardan, he can ask him (sas). Oh beloved friend Shah Mardan! you are the Burhan(proof), You are the Sultan. Ridwan is yours. Oh Muslims! close your doors, keep yourselves inside and no one will break in, a jinn will be at his back to stab him. Don't be afraid! Wa min Allahi t-tawfiq. Oh our Lord we take refuge in You, from the evils of the ego. Those who are with shaytan, may they disappear or get lost. The Holy ones of Damascus! Ama amal waqt. Oh the Holy ones isn't it the right time? For the sake of the beloved Habib

Akram, the Holy ones of Damascus, don't you have the power to finish those who went beyond the limits? They are on the way of Nimrod. They will end up like Nimrod! Aman Ya Rabbi, Tawba Ya Rabbi, Tawba Astagfirullah.
Lets say Bismillahir rahmanir rahim. Don't run here or there! Say Bismillahir rahmanir rahim. When you say, "we take refuge in You our Lord!", then no fire will burn you! Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi Shah Mardan is saying to recite: "Hasbinallah wa ni'mal wakil" Oh our Lord You know, we are weak servants! Don't leave us to our bad egos. shaytan is happy with these things, Ar-Rahman is not! We became creatures without humanity. We make shaytan happy. Tawba Ya Rabbi Tawba Ya Rabbi. Stop your oppression at once! Stop it before Rajab. If not, something is coming in Rajab. "Inna Batsha Rabbuka la shadid" coming...Beware, something is coming. Those Shia, those Alawi, Shia are on the way of Nimrod and his soldiers. Allah Dhuljalal, destroyed them with mosqitos.
No need for weapons or cannons, Say Allah. Allahu Allah Allahu Hasbi Allahu Allah Allahu Hasbi Say "Hasbun Allah wa ni'mal waqil." Bismillahi r-Rahmani r-Rahim. Athilna fi Rahmatika YaRabbi Ma'a 'Ibadik as-Salihin Naudhubika Ya Rabbi mina-sh shaytan, we take refuge from the evils of shaytan and the evils of its followers. To ask Allah Almighty swt to protect you against worthless shaytan is not proper. Even a tiny creature that cannot be seen by the eye can take care of it. As in the city of Basra, when evils and disobedience grew beyond limits, a disease spread there, Sheikh Mehmet Effendi. First day 70.000 people died. No cannons,no weapons. Second day 75.000 people died. The third day, the city closed. No one was left alive. This is history, known. Basra closed: No men to enter the houses, no men to come out from the houses.
May you all fear from Allah(jj)! Oh Shah Mardan, draw your sword Dhulfiqar! Shah Mardan, may Allah raise his station and give punishment to those who deserve it. Marhaba! Oh beloved Shah Mardan... May Allah send us someone who will correct our wrongdoings.
Fatiha.

**Ist es noch nicht Zeit?**

---

A`udhu Billahi mina sh-shaytani r-rajim, Wir suchen Zuflucht bei den Meistern unserer Zeit vor den Übeln Shaytans. Wer ist Shaytan, daß wir sagen können: O Herr, schütze uns vor Shaytan!? Hasha! Zu sagen 'O Herr, schütze uns vor Shaytan', ist nicht anständig. Wer ist Shaytan? Shaytan ist nichts, daß wir sagen 'O Herr, schütze uns vor Shaytan'. Der Glorreiche Quran ist gekommen, um uns zu erziehen, um uns zu unterrichten, um die Menschheit auszubilden. Der Glorreiche Quran, Habibu r-Rahman, Habibullah, empfing den Glorreichen Quran. Allah der Allmächtige sandte den Glorreichen Quran herab, der die Geheimnisse von Vorewigkeit bis Ewigkeit erzählt. Allahu Akbaru l-Akbar, Allahu Akbaru l-Akbar, Allahu Akbaru l-Akbar. O Leute, die ihre Identität vergessen haben, hört zu! Mit deiner Erlaubnis, o Meister dieses Bereiches, Shah Mardan, und die Freunde Shah Mardans, möget ihr alle zuhören! Das Schwert Allahs des Allmächtigen, seine Herrlichkeit kann die Berge zum Einstürzen bringen. Wenn er nur ausruft, wird alles in Aufruhr geraten! Das ist Shah Mardan! Marhaba, Ay Shah Mardan, Marhaba. Dastur ya Rijalu Llah! O geliebte Freunde Shah Mardans, jene, die die Wahrheit, Haqq, lieben, jene, die den Weg der Wahrheit gehen, jene, die sich für die Wahrheit opfern, jene, die ihr Schwert ziehen, um die Unterdrückung zu beenden. Dies ist der Weg Shah Mardans. Marhaba und Marhaba, o Shah Mardan, Marhaba. Sagen wir Bismillahi r-Rahmani r-Rahim. Mögen wir das Schwert, das von den Himmeln herabkommt, halten und umgürten. Um uns vor den offensichtlichen und verborgenen Feinden zu schützen, mögen wir dieses Schwert halten, das uns Majestät gibt! Sagen wir Bismillahi r-Rahmani r-Rahim. O unser Herr, vergib uns. Asadullahu l-Ghalib, Ali ibn Abi Talib. Marhaba, o Shah Mardan, Marhaba! Hütet euch! Der glorreiche Rajab kommt näher! Paßt auf! Sagt Bismillahi r-Rahmani r-Rahim.

Was ist die Situation der Muslime heute? Unser Shah Mardan, unser Sultan, informiert uns, daß die Muslime heutzutage ihre geistige Macht verloren haben. Bitte, Shah Mardan, mach weiter. Shah Mardan gibt geistige Macht, aber die Islamische Welt läuft hinter Eisen- oder Kupferwaffen her. Sie denken, die Menschen können mit Waffen gewinnen, mit Flugzeugen. Absolut nicht! Wir wurden ignorant. Bitte, mach weiter, Shah Mardan! Schande auf die Islamische Welt, daß sie sich an Shaytan gebunden hat und die Dinge fürchtet, die von Shaytan erfunden wurden. Helft, damit diese Waffen uns nicht erschießen! Wenn diese Flugzeuge kommen, warum rufen die Muslime nicht aus: Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allah Dhu l-Jalal! Schweigt nicht,

fürchtet euch nicht! Wir brauchen die Waffen der Ungläubigen nicht. Wir haben Ehre, die Ehre Shah Mardans, die bis zum Ende der Welt geht. Sein Schwert ist scharf. Ruft den Herrn an und lauft nicht weg. Bleibt, wo ihr seid, und sagt: Allah Dhu l-Jalal, Allah Dhu l-Jalal, Allahu Rabbi, Allahu Dhu l-Jalal, Allahu Rabbi, Allahu Rabbi, Allahu Rabbi, Ya Rabbi. Sagt und ruft das. Das ist Shah Mardans Befehl: Fürchtet euch nicht! Es ist ein Zeichen des Jüngsten Tages, die Menschen werden einander feind. Es ist wie eine Krankheit. Die Verlockung weltlicher Dinge macht die Menschen einander feind, Liebe für die Welt.

Was ist die Welt? Sage es, Shah Mardan! Wir sagen es noch einmal: "Ad-Dunya Jifatun." Die Welt ist ein Kadaver. Die, die hinter ihr herlaufen, für sie kämpfen, für einen Kadaver kämpfen, für die bringt es Kadaverattribute, so daß am Tag der Auferstehung viele merkwürdige Dinge zu sehen sind. Wie z. B.? Am Tag der Auferstehung sind die, die hinter Kadavern herliefen in der Welt, "wa Talibuha Kilab" - jene, die hinter weltlichen Kadavern herliefen, Hunde. Sie werden am Gerichtstag in der Form von Hunden erscheinen. Jene, deren Ziel diese Welt ist, sind Hunde. Jene, die hinter Knochen und Heu herlaufen, jene, die Menschen töten um der Knochen willen, verlassen den Weg Allahs, Jalla wa `ala. Bitte, mach weiter, Shah Mardan. Arhamu man fi l-Ard Yarhamihum man fi s-Sama'i. Der Absolute Eigner der glorreichen Prophetenschaft, Hadhrat Rasul, unser Meister, der Sultan des Universums, sagt dies: Seid barmherzig zu denen auf der Erde, so daß Allah der Allmächtige, Dessen Befehl alles in den Himmeln und auf Erden erreicht, das ganze Universum, Segnungen auf euch regnen lassen kann! Wenn ihr nicht mehr barmherzig seid, könnt ihr niemanden finden, der euch gnädig ist.

O Schiiten, o Alawiten, o Türken, o Kurden, wer immer ihr seid, ihr kämpft für den Kadaver dieser Welt. Wenn ihr ins Grab gelegt werdet, wenn ihr jemals eins haben werdet, wird euch ein Kadaver vorgeworfen. Das ist eine der Strafen des Grabes, Shaykh Mehmet Effendi. In ihren Gräbern wird ein Kadaver vor sie gebracht werden. Die Heiligen Engel werden sagen: Iß, iß! Ich kann nicht. Ein Bumm auf den Kopf. Die Engel schlagen euch. Ihr werdet versprengt werden. Dann sammeln sie euch wieder auf. Eßt, eßt den Kadaver der Krähen, Wölfe, Hunde.. Iß! Ich kann nicht! Ein Schlag auf den Kopf, dann wirst du essen. Ein anderer kommt, jede Menge Kadaver in ihren Gräbern. Aman ya Rabbi! O Leute! O Schiiten und euere Gelehrten! "Wa Dhakkir fa Inna dh-Dhikra Tanfa'u l-Mu'minin". Wird es nicht so gesagt? Was verbergt ihr, o persische Gelehrte, o kurdische Gelehrte, o arabische Gelehrte? Was verbergt ihr? Sagt es. Wir erzählen

euch von den Bedingungen im Grab. Was wird euch in euerem Grab begegnen? Jenen, die hinter weltlichen Kadavern herliefen, wird ein Kadaver vorgesetzt werden. Die Heiligen Engel, auch der Engel der Peinigung, werden dort sein, um zu sagen: Iß! Ich kann nicht. Ein Schlag auf den Kopf. Das ist, was ihr am meisten geliebt habt. "Ad-Dunya Jifatun", sagte unser Prophet (saws). O Arhuntlar! Warum sagt ihr nicht, daß die Welt ein Kadaver ist? Sagte euer Prophet (saws) das nicht? Da er es sagte, warum hörte euere Nation nicht auf euch? (Mullahs im Iran) Sie werden dazu gebracht, hinter Kadavern herzulaufen.

Wo ist Persien? Wo ist Damaskus? Von Persien gehen Muslime nach Damaskus, um Menschen des Islam zu töten! Welche Shariat sagt das? Welcher Imam gibt diesen Befehl? Zwölf Imame - welcher von ihnen? Von Persien reisen sie nach Damaskus, um Muslime dort zu töten, um einem 'Menschen' zu gefallen. Wer hat euch gesagt, das zu tun? O Shah Mardan, deine Stimme, dein Befehl ist machtvoll genug, um die Erde zu erschüttern! Glaubt nicht, daß ihr da herauskommt, ohne zu bezahlen. Nein! In euerem Grab werdet ihr Kadaver bekommen. Eßt! Was habt ihr in Damaskus zu tun? Was hat euch dorthin gebracht? War euer Land nicht genug für euch? Diese Leute in Damaskus, haben sie euch irgendetwas getan? Besonders, wo Sitta Zaynab Hz's Maqam ist, wie könnt ihr diese Leute töten, die unter ihrem Schutz stehen? Was für Schiiten seid ihr? Ihr seid nicht die, die Ahlu l-Bayt akzeptieren, die sie achten. Wir, Ahlu s-Sunnah, tun das! In ihren Gräbern wird diesen Arhuntlar und diesen Unterdrückern Kadaver gegeben werden. Die Peinigung im Grab ist wahr. Manche sind eingewickelt und begraben, manche konnten nicht eingewickelt werden aber sie werden auch in Gräbern sein. Was wird vor sie gebracht werden? Kadaver. Eine andere Peinigung ist nicht nötig. Kadaver werden ihnen vorgesetzt. Die Engel werden dort befehlen: Iß! Ich kann nicht essen! Ein Schlag auf den Kopf. Warum kannst du nicht essen? Wußtest du nicht, daß die Welt ein Kadaver ist? Sagt! Ihr Arhuntlar! Sagt das eueren Leuten. Die Peinigung im Grab ist wahr. Es gibt Arten von ihr. Ihr habt Muslime getötet! Ya! Ihr habt wegen der Dunya gekämpft. Ya! Sagte der Prophet der Letzten Tage (saws) nicht: Die Welt ist ein Kadaver!? Bitte, mach weiter, Shah Mardan! Erzähle uns mehr! Mögen wir hören. Mögen unsere Herzen Göttliches Licht und Freude haben! Wir werden aufgemuntert durch deine Worte, o Shah Mardan! Hört ihm zu! Wie schön er uns Rat gibt. Was werden sie vor sich haben? Kadaver. Im Grab werden ihre Zähne wie die von Wölfen sein. Die Engel der Peinigung werden dort sein. O Arhuntlar, sagt! O jene, die Damaskus zerstört haben, was werdet ihr dann tun? Für diese

kurze Lebenszeit habt ihr das Leben unschuldiger Menschen ruiniert. Für den weltlichen Kadaver? Eßt jetzt! Wenn er nicht ißt, schlagt ihn auf den Kopf! Euere Peinigung wird so sein bis zum Weltuntergang. Shah Mardan, Sahib Maydan, heute informiert er uns darüber. Er gibt uns guten Rat. Rajab nähert sich. Die Unterdrücker werden sterben. O Leute Persiens, hütet euch! Ihr seid auf dem Weg von Nimrod! Das ist wie das, was Nimrod tat. Nimrod griff den Propheten Ibrahim (as) an. Er befahl, daß ein gewaltiges Feuer ihn verbrennen sollte. Das ist der Weg Nimrods, der Weg, auf dem ihr jetzt seid. Sagt dies, o Arhuntlar. Wacht auf, Perser! Sagt ihnen, was mit Nimrod geschah!

Ad-Dunya Jifatun wa Talibuha Kilab. Wir sind dafür verantwortlich, sie zu warnen, sie zu ermahnen, jene, die für die Dunya leben, die um ihrer weltlichen Interessen willen töten. Kadaver, sie sind die, die hinter einem Kadaver herlaufen. Es gereicht euch nicht zur Ehre, von Persien mit Armeen zu reisen, dorthin zu kommen und Muslime zu ermorden! Sie werden die Form eines Hundes haben in ihren Gräbern, in der Form eines Hundes, und Kadaver werden ihnen vorgesetzt. Iß! Das ist, was du wolltest während deines Lebens. Ihr habt Menschen getötet, diejenigen, die Allah (jj) dafür geschaffen hat, vernichtet. O ihr niederträchtigen Hunde - ihr fürchtet Allah (jj) nicht! Seid ihr die, die diesen Menschen das Leben gaben? Wie wagt ihr es, sie zu töten? Bei Meiner Ehre, sagt Allah (jj), Ich zerstörte die Armeen Nimrods mit Mücken. Ich kann euch vernichten, wenn nicht mit Mücken, dann mit einer anderen Pein. Ihr habt die, die Ich erschuf, ermordet. Ihr habt nicht daran gedacht, daß Allah sie erschaffen hat. Ihr seid niederträchtig. Allah (jj) erschuf Menschen. Allah hält Seine Diener in hohem Ansehen. Ihr habt sie beleidigt. Ihr habt sie ermordet, getötet, zermalmt. Möget ihr alle sterben! Schlagt sie auf die Köpfe! Nimrod fuhr zur Hölle, indem er sich selbst auf den Kopf schlug. Euer wird derselbe Weg sein. Ihr seid wie Nimrod. Geht zurück!

Sitti Zaynab Hz hat mich inspiriert mit all diesen Warnungen heute Mor-gen, die Tochter Shah Mardans. Sie sagte: Ich bin nicht zufrieden mit ihnen. Möge Pein von den Himmeln auf sie fallen! Also kommt Strafe auf die Menschen von Persien und die, die mit ihnen sind. Die Nation, die Schia genannt wird, etwas kommt für sie. In ihren Gräbern werden Kadaver vor sie gesetzt werden. Eßt diese! Wie kann ich? Iß! Du ißt nicht? Ein Schlag auf ihren Kopf. Beiße, kaue die Knochen. Sie schlagen sie auf die Köpfe. Wenn sie fertig sind, wird ein anderer Kadaver gebracht. Kadaver gibt es nie genug für euch, unser heiliger Prophet (saws) sagte: "Ad-Dunya

Jifatun wa Talibuha Kilab." Die Welt ist ein Kadaver. Wer hinter der Welt her ist, wer Allahs Geschöpfe vernichtet, ist böse. Iß! Schlag ihn auf den Kopf! Die Welt ist nicht allein gelassen. Die Welt ist euch nicht ausgeliefert! O Arhuntlar, Mullahs, sagt es ihnen! Wenn nicht, seid ihr in Schande! Auf den wir warten, der Eigner unserer Zeit, Sahibu z-Zaman Hz Mahdi (as), wird eine Liste von Namen haben, um ihre Köpfe abzuschlagen, weil sie Ahlu l-Bayt, die Familie unseres Propheten (saws), nicht achten. Sie sollten sich schämen. Damaskus ist voll von der Heiligen Familie. Sie lassen Feuer auf sie herabregnen, die anderen Gottlosen. Schande auf sie! Sie werden fallen und sterben, aber es ist nicht zu Ende, wenn sie sterben. Sie werden auf den Kopf geschlagen im Grab, und ihnen wird befohlen, Kadaver zu essen.

Hütet euch, o persische Brüder, die Glauben haben. Seid keine Schiiten! "Innama l-Mu'minuna Ikhwatun" (49:10) - Muslime sind Brüder und Schwestern, nicht Feinde. Ihr seid feindlich zu Muslimen. Ihr habt keine Zukunft. Das Schwert des 10. Imams wird euch treffen. Hütet euch! Sonst werdet ihr Kadaver im Grab finden. Iß diesen Kadaver! Ich kann nicht! Schlag! Du bist sonst hinter ihm hergelaufen. Sie werden die Form eines Hundes haben in ihren Gräbern. Die Situation im Grab ist anders. Besteigt nicht euere weltlichen Throne und sagt: Ich bin dies, ich bin das. Seid nicht ignorant und sagt: Ich habe Waffen, Flugzeuge. O Arhuntlar, Gelehrte Persiens, steht auf, sagt die Wahrheit, verbietet Unterdrückung oder ihr werdet in Schwierigkeiten sein. Viele Köpfe werden auf den Schwertern der Soldaten Mahdis (as) sein! Mahdi (as) ist der, der in Damaskus einzieht. Ihr könnt nicht hinein! Jene, die in die Irre gehen, können nicht nach Damaskus hinein. Jene, die sagen, Wir sind Schiiten, können nicht hinein oder sie regieren. Sham ist Kinanatullah - Allah heilig. Die Awliyyaullah dort scheinen zu schweigen, aber sie sind sehr zornig, die 40 Heiligen und Awliyyaullah von Damaskus. Der Befehl der Himmel ist: Wartet, laßt sie. Wenn ihre Unterdrückung die Grenzen überschreitet, kommen die Armeen der Himmel nach Damaskus herab, das Kinanatullah, Allahs sicherer, heiliger Ort, ist. Jene, die nahe kommen, werden erledigt.

Wenn die Engel im ersten Himmel rufen: Allahu Akbar, Allahu Akbar, Allahu Akbar, nicht nötig, das Schwert zu ziehen. Sie werden umfallen. Der Islam ist kein Spiel. Das Urteil des Islam ist genau. O Arhuntlar, laßt uns euere Stimmen hören, sprecht! Sagt die Befehle Allahs (jj)! Befiehlt Allah euch, Muslime zu töten? Hasha! Hasha, thumma kalla! Ihr unterdrückt die schwachen und hilflosen

Diener Allahs (jj), indem ihr Feuer auf sie herabregnen laßt. Möge der Feuerregen auf euch sein! Glaubt nicht, daß euere Schritte fest sind. Vulkane können von unter der Erde kommen, um zu verbrennen, wohin ihr tretet. Das Feuer, das zu entzünden Nimrod befahl, verbrannte ihn selbst. Ihr verbrennt im Feuer, das von der Göttlichen Mächtigkeit kommt. Hütet euch und meidet das Feuer! Mach weiter, Shah Mardan, dein Rat ist willkommen. O Heiliger, Shah Mardan, wie schön sind die Ratschläge, die du gibst! Wenn jemand widerspricht und sagt, diese Ratschläge sind falsch, möge er Rajab oder Ramadan nicht erreichen! Möge er das `Id nicht feiern. Unser Meister, Hz Ali, ist jetzt mit schwerer Majestät und Zorn bekleidet, und er ist mit Gerechtigkeit bekleidet. Er zog sein Schwert gegen die Unterdrücker, um die Unterdrückten zu schützen. Euer Weg ist falsch. Jene, die Alawiten und Schiiten genannt werden, sind auf dem falschen Weg. Sie haben den Weg Shah Mardans verlassen, und es wird ihnen nicht gefallen, was ihnen begegnen wird. Rajab kommt! Rajab, Rajabun Ajaibun. Sie werden von einer Seite angegriffen, die sie nicht erwarten. Unser Prophet (saws) sagte, daß Allah jene Diener, denen der Islam nicht bestimmt ist, den Islam stärken läßt. Allah Jalla wa `Ala: Yudafiu an illadhina Amanu biman la Khalaqa lahum fi d-Din. Allah läßt Menschen, die nicht Muslim sind, kommen und die Muslime unterstützen.

Der Islam ist eine Religion, die fortbesteht. Der Islam ist die Religion Allahs (jj). Es gibt keine Unterdrückung in der Religion Allahs. Allahu Dhu l-Jalal: "Harramtu dh-Dhulma `ala Nafsi fala Tadhalamu". Wo seid ihr, Arhuntlar? Was ist da los? Ist es Unterdrückung oder nicht? Ist der, der Bashar heißt, gerecht? Er soll an sein Ende denken! Er wird im Grab sein und sein Kadaver vor ihm, sein eigener Kadaver - nicht von einem anderen Tier, sondern sein eigener Kadaver. Sie werden sagen: Iß! Du wirst ins Grab eingehen. Kommt zur Besinnung! Wenn ihr nicht vor dem Rajab aufhört, werdet ihr elend sein, weil die Hilfe der Himmel bereit ist, jetzt zu kommen. Allahu Akbar, Allahu Akbar, Allahu Akbar `ala man Takabbara wa Tajabbar, Ana l-Jabbar Ana l-Qahhar, sagt Janab Allah. O Muslime, öffnet die Arme gegen den Himmel und betet zum Herrn: O unser Herr, nimm Rache an diesen Unterdrückern! Es ist egal, ob jung oder alt, sie haben uns getötet unter ihrer Unterdrückung. Sie haben uns vernichtet. Mögest Du sie vernichten. Ihre Tage sind gezählt. Der glorreiche Rajab kommt. O Shah Mardan, Meister dieses Bereiches, Shah Mardan sagte mir: O Shaykh, ich habe mein Schwert halb gezogen! Er sagte: O Shaykh! - O Sultan, sagten wir, wer sind wir, ein Shaykh zu sein! Wir wünschen, der Staub unter deinen

Füßen zu sein. O Shah Mardan, erweise uns Gnade! Das ist, was wir erbitten. Du bist der Eigner des Schwertes und du kannst ihre Unterdrückung überwinden. Mögest du etwas tun, wir sind schwach.

O unser Herr, o unser Subhan! Allahu Basirun bi l-`Ibad. Allah sieht, was Seine Diener tun. Er sagt: Ich werde sie später für ihre Taten bezahlen lassen. Hütet euch! Der Islam ist klar. Sein Glaube ist klar. Er ist klar. Seine Angelegenheiten sind rein. Ihr habt ein reines Ende mit dem Islam! Seid Mensch, sonst werdet ihr gezwungen, Monster zu essen dort, wo ihr ruht. Gezwungen, den Kadaver vor euch werdet ihr essen müssen! Das ist, worin ihre Strafe besteht. Hütet euch oder nicht! Shah Mardan sagte: Ich habe sie informiert, Perser, Araber, Türken und Bulgaren. Ich lehrte sie und warnte sie, indem ich das sagte. Shah Mardan, wenn sie hören und gehorchen, gut. Sonst werden sie bestraft hier und im Jenseits. Im Grab werden sie gezwungen, Kadaver zu essen. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi, Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi, Allahu Allah, Allahu Rabbi, Hasbinallah wa Ni`ma l-Wakil.

O Muslime, möget ihr alle sagen: Hasbinullah wa Ni`ma l-Wakil. Rezitiert das und fürchtet euch nicht. Nichts kann euch schaden. Bleibt, wo ihr seid. Geht nirgendwohin. Um des kommenden Rajab willen, kommen die heiligen Engel auf die Erde herab. Sie werden die in ihren Häusern nicht anrühren. Qalatu n-Namla Ya Ayuha n-Namlu Adkhulu Masakinakum - Geht in euere Häuser, geht nicht hinaus. Euere Häuser sind sicher. Besondere Engel kommen herab, um sie zu schützen. Geht nirgendwohin. Geht nicht herum. Bleibt in eueren Häusern. Schließt die Türen und rezitiert die Basmala. Betet drinnen, macht Namaz. Niemand kann sich euerer Tür nähern. Wenn sie sich nähern, wird ein unsichtbares Messer sie ins Herz stechen. Dies ist der Befehl der Himmel jetzt. Es gibt die, die ein Messer in die Unterdrücker stechen, wenn sie in Häuser einbrechen - diese sind von den Djinn. Erfahrung ist frei. Nachrichten kommen zu uns, daß es viele Soldaten gibt, die erstochen werden, während sie einbrechen. Wird Allah (jj) seine Diener ungeschützt lassen? Rache kommt.

O Bashar! O Führer Persiens! Kommt zur Vernunft. Miß deine Größe! Bashar ist fast 2 Meter groß! Er hat keinen Verstand! Eines Tages, wenn er schläft, wird vielleicht ein Messer in seine Flanke gesteckt. Er wird tot umfallen. Er soll sich hüten! Damaskus ist das Heim von Awliyya Allah. Er machte große Unterdrückung dort. Er wird erstochen werden. Er soll sich hüten! Seht mich nicht an, seht den an, der mich sprechen läßt. Dies sind Shah Mardans Worte. Friede sei auf

denen, die zuhören, Flüche auf denen, die nicht zuhören. O unser Herr, vergib uns. Wir nehmen Zuflucht bei Dir vor dem Bösen unseres Ego. Ich schäme mich, unseren Propheten zu bitten, aber Sahib Dawran, Shah Mardan, er kann ihn (saws) bitten. O geliebter Freund Shah Mardan! Du bist der Burhan, Beweis, Du bist der Sultan. Ridwan ist dein. O Muslime, schließt die Türen, bleibt drinnen, und niemand wird einbrechen. Ein Djinn wird in seinem Rücken sein, um ihn zu erstechen. Fürchtet euch nicht. Wa min Allahi t-Tawfiq. O unser Herr, wir nehmen Zuflucht bei Dir vor dem Bösen unseres Ego. Jene, die mit Shaytan sind, mögen sie verschwinden oder verloren gehen.

Die Heiligen von Damaskus, Ama Ama l-Waqt. O Heilige, ist es nicht die richtige Zeit? Um des geliebten Habib Akram willen, Heilige von Damaskus, habt ihr nicht die Macht, jene, die ihre Grenzen überschritten haben, zu erledigen? Sie sind auf dem Weg Nimrods. Sie werden enden wie Nimrod! Aman ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Sagen wir Bismillahi r-Rahmani r-Rahim. Lauft nicht hierhin und dorthin! Sagt Bismillahi r-Rahmani r-Rahim. Wenn ihr sagt, Wir nehmen Zuflucht bei Dir, unser Herr, dann wird euch kein Feuer verbrennen. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi, Shah Mardan sagt, "Hasbinallah wa Ni`ma l-Wakil" zu rezitieren. O unser Herr, du weißt, wir sind schwache Diener! Überlaß uns nicht unserem schlechten Ego. Shaytan ist glücklich mit diesen Dingen, ar-Rahman ist es nicht. Wir wurden zu Geschöpfen ohne Menschlichkeit. Wir machen Shaytan glücklich. Tawba ya Rabbi, Tawba ya Rabbi. Hört sofort auf mit euerer Unterdrückung. Hört auf vor Rajab. Sonst kommt etwas im Rajab. "Inna Batsha Rabbuka la Shadid". Es kommt, hütet euch, etwas kommt.

Diese Schiiten, diese Alawiten, Schiiten sind auf dem Weg Nimrods und seiner Soldaten. Allah Dhu l-Jalal vernichtete sie mit Mücken. Waffen und Kanonen waren nicht nötig. Sagt "Allah". Allahu Allah, Allahu Hasbi, Allahu Allah, Allahu Hasbi. Sagt: Hasbun Allah wa Ni`ma l-Wakil. Bismillahi r-Rahmani r-Rahim. Athilna fi Rahmatika Ya Rabbi ma`a Ibadik as-Salihin. Na`udhu Bika Ya Rabbi mina sh-shaytan - Wir nehmen Zuflucht vor den Übeln Shaytans und den Übeln seiner Anhänger. Allah den Allmächtigen zu bitten, euch gegen den wertlosen Shaytan zu schützen, ist nicht angemessen. Auch ein kleines Geschöpf, das mit dem bloßen Auge nicht gesehen werden kann, kann versorgt werden. Wie in der Stadt Basra, als das Böse und der Ungehorsam überhand nahm, sich eine Krankheit dort ausbreitete, Shaykh Mehmet Effendi. Am ersten Tag starben 70.000 Leute. Keine Kanonen, keine Waffen. Am zweiten Tag starben 75.000 Menschen.

Am dritten Tag war die Stadt zu. Niemand lebte mehr. Dies ist Geschichte, bekannt. Basra zu.
Keine Menschen, um die Häuser zu betreten, keine Menschen, um aus den Häusern herauszukommen.
Möget ihr alle Allah (jj) fürchten! O Shah Mardan, zieh dein Schwert Dhu l-Fiqar!
Shah Mardan, möge Allah seine Stufe erhöhen und jene bestrafen, die es verdienen. Marhaba! O geliebter Shah Mardan, möge Allah uns jemanden senden, der unsere Missetaten zurechtrückt.
Fatiha.

# ISLAM AND CHILDREN

As for children you must teach them to worship when they are seven years old - teach them to pray with you. When they get to nine years old you must order them to pray - also when nine years old, boys and girls must have seperate rooms and do not allow them to sleep in their parents room. That is also important for children.

What girls need to know, the mother must teach and what boys need to know the father must teach. Then leave them to the Lord Almighty Allah saying "Oh our Lord, we have kept these children till now. After the age of maturity you keep them. Protect them."

## ISLAM AND LAW

Punishment must be in front of people who watch his punishment and others must take warning from that punishment.

I heard that in America they recently brought in a law for caning. Once again for drug traders. Islam is ordering caning - such bad people should be caned in front of people. Islam says that we must obey laws, we must not be against laws. Therefore, anywhere a Muslim lives he should be obedient. If he doesn't want to be obedient, he may leave that country. It is forbidden - wherever you are you must be obedient, not be against the law. In our days so many people are going against the law. It is not real Islam. A Muslim must be obedient. It is impossible for there to be a Muslim rebellion.

In Islam court cases are not too long, but should be held after one month, after two months. It is not good in Islam to make cold cases. When it is hot, when it is cooked, serve it for eating, don't delay it. Therefore, if anything happens, any criminal case, that person must be punished quickly. Judgement must be given quickly. Secondly, everyone must defend himself. If he needs someone, the jury must help him. There must be thousands and thousands of laws to let people escape. No, a criminal must be brought quickly before the judge and what he did must be punished.

# ISLAM AND NATURE

Man is a part of nature. When we say nature, we mean to say everything living in existence belongs to nature. Rocks, water, plants, zoology and men - all of them occupying nature, a part of nature. Man's relationship to nature is forever, as long as they are living, they are in relationship with nature and each part of nature. In Islam man must try to keep their relationship to nature, not to cut it. We have been ordered by Islam to be in relationship with nature. Islam urges people to be always more close to nature and by being closer to nature they are taking more power or more support from nature. So long as a person is more in relationship with nature, you will find him in more pleasure, you will find him more pleased, you will find him more satisfied, you will find him more healthy, you will find him perhaps more handsome.

The reason when man going away from nature beginning suffering, beginning troubles, beginning problems in himself, in physical body and also in spiritual beings, will be difficult. Therefore, Islam does not accept humans to build buildings more than two flats, not to rise to third floor. It means to be closer to earth, to nature. And when people lost this, they lost the teachings of prophets and built as Nimrod built, a tall tower, very high tower, and now there are so many Nimrod towers, and people going away, far away from nature. They do not see earth, they do not breath the smell of earth, they are only in concrete buildings and concrete ways. That is the reason that day by day health of people is declining and so many kinds of illnesses coming

out, appearing. Therefore, Islam prevents it and says don't build above second floor, be simple and even, Islam says build on two floors by earth, not by concrete. Our nature is not from cement, but from earth and earth to earth never harming, but cement, concrete buildings always harming. But governments and social workers, they never thinking about it. Therefore, I don't like to live in concrete buildings. I like to live closer to nature, to earth, to water, to plants, to grass and to be around animals, so many animals. And that is Islam's principle, to live naturally closer to nature, not to escape. And nature is the best antibiotic for everything, for every illness.

One important point that I must declare - Muslims are the most protectors of nature. It is forbidden in Islam to harm nature, to destroy nature, to cut trees, even grass, without a benefit. If you cut grass, you may but (it if you) put in its place a plant. If you take a wild tree, you must put a useful tree. Or you must make a graft and leave it to grow and give benefit. Without benefit you can't touch nature, you must keep nature. That is the most important pillar of Islam - to keep nature as it is, not to destroy. Islam fights against destroyers of jungles and trees and shooting animals. Islam gives permission to hunt, but for those whose lives depend on it, not for sport. Hunting in Islam is only for those people whose lives depend on hunting in deserts, in jungles where people are living by hunting it is all right; but not as a sport to hunt birds and kill birds, kill deer and animals, no. You may only try to send away those animals giving harm. Man must not enter the area of animals to disturb them, it is prohibited. Therefore, there are national parks, where animals may be free and protected. You must look after them in their territories. I am sorry that mostly Europeans were shooting and hunting in India, in Africa, in Australia, in the countries on the equator - elephants, leopards, lions, tigers. But Islam never saying this. Islam protects nature and protects animals. If no harm is coming from that animal you must not hunt or kill, because Islam allows everything to live.

Islam came to make every kind of species, every type of animal to live as the Lord created - you must not destroy. Allah Almighty orders, don't destroy. Holy Qur'an says, don't destroy. Muhammad says, don't destroy. Even mosquitos Allah created, ants created by Allah, you can't fight against them and destroy them so that they become extinct. If they are harmful, you may destroy them where you live but in other places, they are free. Big animals and small ones - if they harm mankind, we may move them away from our areas. The principle of Islam is to be clean and prevent harmful insects from growing up so that by themselves they leave our areas. But dirtiness brings every bad bacteria and bad and harmful insects to ourselves. Therefore,

if you are keeping the command of Islam to be clean, there will be no mosquitos, no flies, no other bacteria coming to live with us. Cleanliness is the best defence of mankind against dirty being, harmful beings. Cleanliness cuts that away. Therefore, Islam is fighting against those who change nature or try to change nature. Nature must be kept as it is and it is the best. Therefore, Islam is conservationist, giving its word to conservation. No-one will be able to find better than Islam, you can't find it. Islam is fighting against every bad thing and asks to keep every good thing - that is Islam. If you accept, you are welcome, if not, you may fight by yourselves.

Islam is against pollution being put in the seas, which harms everything, kills everything in the seas. If Islam were in power, it would prevent pollution being (but) on continents or in oceans, every dirtiness and pollution. Islam comes to prevent all bad things that are now done in the name of technology. Our planet is going to die, going to be destroyed. If Islam were in power, Islam would prevent such foolish technology and save oceans and continents and save everything living there. If Islam is coming, peace on earth is coming with it and safety and protection for every creature. Now technology is harming everything on continents, threatening every living thing on continents and in oceans. Islam is against such a thing. Greenpeace must be protected, it must be and Islam is with Greenpeace. With power - that is very important for Islam. Islam is with Greenpeace and against such foolish technology.

Long ago hunting sports were necessary for practising defence - riding horses and running. Some animals are harmful, wild animals, like wild pigs - which come and destroy fields. You may hunt them - (not small birds, small animals or killing without a reason, to enjoy oneself - that is prohibited). But if you need food, Islam gives permission concerning the life of all people. If you do not need, you may look at other activities. But in so many steppes, so many deserts, so many people living in deserts - need to hunt either for their provisions or for their defence. What we say is against hunting small birds, small animals, harmless animals, hunting them is prohibited. Now in Australia - kangaroos would quickly fill the whole land and the government is makes a law about hunting some of them, every year a certain number. They are do not even give complete permission to hunters. Islam is more perfect - if there is no reason, they can't hunt for individual pleasure. If their lives are going to depend on that hunting, they may hunt in the name of Allah, not to harm animals or to destroy those kinds of creatures, game animals, making them extinct - that is prohibited. When they have small babies, it is prohibited. Islam is concerned with everything and particularly with keeping animals, it

never gives permission to kill if they have small babies.

Finally, by hunting you are face to face with your conscience. If your conscience is telling you to hunt, you may hunt; if it is saying no, it is no good for you, you must leave it. This is a very fine rule in Islam which preserves everything, because every creature has a right to live in nature.

Allah Almighty puts in such a perfect balance - in jungles, where every kind of animal and wild animal lives, so that up to today lions, tigers, wolves - jungles are full of such dangerous animals - and also animals that are not dangerous, thousands, ten thousand, hundred thousand of them or millions living together, but they are not enemies. Wild animals are keeping a rule in glory of Allah Almighty. Even a lioness in a pride, is running after zebras while the others remain quiet. The mother lioness is the hunter and the others come to eat from her catch. Not all of them go to hunt one animal for each of them. They keep a rule from their Lord. Even if everyone of them is able to hunt, they do not - only the mother, the lioness, and the lions are very lazy (like our people now). Even in the jungle wild animals keeping a rule from their Lord, to hunt - because they are in need. When they are full, they are not touching, they are not even hunting or killing without a reason. But man is not thinking about those animals, that they also have rights - to live, to enjoy themselves. They are running after them to kill them and to eat them. Allah has granted us so much meat to eat. Why are you harming nature and nature is keeping animals? Islam is the best guardian for animals and Islam is the best guardian for nature, not to remove and keeping everything in its position.

It is a foolishness of mankind that, if you allow them, then those animals may increase and cover everywhere. It is not so, because the Creator knows the balance for every creature. But because we are weak believers, we think they will be getting too many and covering everywhere. That is not true. Allah makes a balance for every creature. Therefore, Islam orders nature to be kept and everything in it, because every creature has a position for the general balance of nature, for the general balance of creation on this planet. If you remove one of them, then the balance is going to be changed. Allah Almighty put a balance on this planet and that is why troubles grow up day by day - because the balance is being changed and harmed. Even in seas and oceans mankind is doing their worst to animals living in oceans - making them die. That is prohibited. Therefore, every harmful factory and harmful productions are prohibited most strongly in Islam. You can't harm nature and those living in nature in Islam - even ants. Man now claims to be civilised and yet they are hurting, harming, damaging the residents of oceans, the residents of seas. They have no rights but they are ask for

human rights. They do not keep the rights of the residents of nature - why are they asking for rights for themselves? Islam protects nature and its residents. This word must be written in golden letters and put everywhere for Islam to be well understood.

Islam defends and brings to mankind worldwide rules concerning everything, nothing may be outside the sight of Islam. Islam must reach to everything on this planet, in this universe, in mankind, in all creatures - with their best conditions.

I am against all dams. They are no good. Leave everything as it was. Dams are damaging nature and the Lord knows what he is giving and keeping. If the Lord is not giving, you can't give. If the Lord is giving, no-one can prevent the Almighty's grant. But if He does not give, then dams can not give, they won't be able. Dams make more damage for the earth, erosion - bringing water from everywhere and putting behind dams. Aswan is killing Egypt and the fields, because every year the Nile was coming and flooding, covering all the fields, bringing fertiliser, naturally covering - there was no need for anything. But now it is coming and leaving everything behind Aswan and pure water is coming. And the mafia of fertilisers - big, gigantic factories - they are now selling Egypt millions and millions of tons of fertiliser. That person who built Aswan killed Egypt and just brought poverty to Egypt. Egypt is finished. Everything that the Nile brought to the fields every year is now behind Aswan, because water is coming and not going - a huge lake is forming behind the dam and the rich waters which feed the fields, sitting down from the water. And the water going away is poor water. Therefore, Egyptian fields were very rich for everything. Now they have lost it and they are in need of fertilisers. And some factories, some multi-millionaires are taking benefit - they made this trap for the Egyptians. That person who built that dam without thinking killed Egypt.

We are claiming that we are taking electrical energy, but electrical energy is not feeding people. First, we should feed people. You may take electrical energy from anything, even you may arrange water power from one side.

## Islam came to teach people good character – about anger

Islam came to teach people good character. It fights against bad characters, and the worst character is to be angry! Whoever is angry has all bad character. He who cannot stop his anger cannot keep his Iman, nor his good works. Anger destroys all good things; nothing can stay when anger is present. Therefore, our Prophet (peace be upon him) ordered his nation to keep away from anger when he said, “"The most powerful wrestler is he who can stop his anger!”

Whoever is conquered by his anger, he is a useless person and cannot be a servant of Allah Almighty. This is because when he is angry, he will leave all things for his anger. It means that his ego is ordering him. He is under the command of his ego, and he cannot obey his Lord.

We must always practice leaving anger. Once, we were sitting with our Grandshaykh and his servant, who was an old man. While we were sitting, a fly came up and bit the servant. Quickly he became angry and killed the fly. Our Grandshaykh looked at him and told me, “Tell him, Nazim Effendi, that he must get up and renew his wudu. His wudu is no good – it went away with his anger."

To kill a flea in anger is a criminal action, a sin! Anger is the worst character. All governments are fighting for anger, and all people also. Anger grows: it is like an ocean for all bad characters. If you can dry up that ocean,

no more bad characters can live in it – finished. This is a very, very good manner. You must use this, for it is the order of Allah, His Prophet (peace be upon him), and all Awliya.

Our Grandshaykh is a great doctor for the illnesses of the ego. Here is his prescription for us when we are angry: If you are angry, go and make wudu. This is because anger is fire, and fire goes away with water. Therefore, do wudu. Anger is permitted only for our egos. If you must be angry, be angry at your nafs, leading you away from your Lord! I shall tell you a story, also from our Grandshaykh, on that point:

A 'majdhub' is a man who is crazy, but not in the usual sense of the word. He is a man who is 'crazy' for Allah. He is above ordinary people, on a different level from them. (- Conversely, a 'majnun' is a crazy person, in the usual sense of the word; he is on a lower level than ordinary people -) At any rate, there was a majdhub living in a certain town. One day he was walking along when he came upon a group of children playing. Now, children know when a man is on an extraordinary level. They like to run after them and make trouble for them. And so it happened that a boy threw a stone at the majdhub, and hit him on the head. As soon as the stone hit him, the majdhub began to slap himself, saying, “Go to your homeland! Go to your home!” As the startled children watched, the majdhub continued down the street in that way, striking himself and saying, over an over, “Go to your home! Go to your home!"

What is the meaning of that story? Our Grandshaykh says that the majdhub was teaching us about our egos. When he said “Go to your home, go to your home!", what he meant by that was: "O, my ego! If you were all right, then these children wouldn't be throwing stones at you. You must return to your home, to the promise that you made to your Lord. On the Day of Promise, before you came into this world, your Lord asked, 'Am I your Lord?' and you answered, 'Yes, you are my Lord!' When you return to that promise, nothing gives you trouble. When that boy hit you with that stone, O, my ego, it was to call attention to the fact that you must be careful with your promise to your Lord. You must, therefore, go to you homeland, return to your Lord!”

This story means that you have no right to be angry with another person. You must turn your anger to your own egos! You must think, "If I am all right, then all things will be all right with me. If I am not all right, then people will not be all right with me." So, we will be angry and fighting our egos only.

“Anger is of two kinds,” says our Grandshaykh. “The first kind is the anger of ordinary people. Ordinary people are angry on behalf of their egos, not for Allah Almighty. "You may say, 'How? If a man sees a wrong

thing, mustn't he get angry?' Yes, I agree with you. But first, I would say to you, why are you not angry with yourself, your nafs? If you are seeing wrong things and getting angry, you should look first to yourself, to your ego! Be angry with it! Punish it for your wrongdoings! For bad speaking, for looking to haram; why are you not punishing yourself? It is easy to punish another, too easy. It is easy to kill others; kill, instead, your ego! When you are angry make a new wudu, and say three times 'Shahada,' and seventy times 'Astaghfirullah.' This is your punishment!

Here, the murids, anxious to punish their egos, asked Shaykh Nazim these questions:

*„Is it all right to fast on the light days of the week?"*

"No," replied the Shaykh, "no need. It is enough."

*„But we've been fasting, already. Every Monday and Thursday since Ramadan," a disciple insisted.*

"No need," replied the Shaykh. "You may fast from haram looking. You may fast from anger. You may fast from bad words! Not eating or drinking - that fast I don't want. It is too easy to go without eating. I don't want that. No bad speaking, no bad looking, no anger; that is difficult. So many people fasting, yet they are angry seventy times until maghrib! They say, 'We are fasting!' How can you be fasting if you are angry!"

*„I'd say that that describes most of my fasts!"*

"Ah?" smiled the Shaykh. "It is clear, plain?" He turned to the other murids, and joked, "Now he is afraid I shall put him three days without eating!"

Maulana continued: "The second kind of anger is for Allah Almighty. This is only for those who have killed their egos."

*„I don't think that we have to worry about that, yet," said one of the ikhwan.*

"Yes," replied the Shaykh, "we are too far from that!"

*Another brother asked, "What do you do about children who misbehave? Sometimes they can make you get*

*very angry."*

Shaykh Nazim said, "You may give them 'tarbiya,' which is to educate them with good manners. Also, 'taqlib'; to make them fear your speaking. It is like acting; a fierce voice, but inside you are not getting angry. You may also spank them, but never in anger. Anger is prohibited!"

*Another question: "If you are in Jihad, if you are at war, is it also better to fight without anger?"*

The Shaykh answered, "Without anger." This brought him back to his original topic: "Anger is for Allah. It must be in Jihad, in war, but that anger is not for yourself: It is for Allah. Our Grandshaykh told the story of Sayyidina Ali (may Allah be pleased with him), which may educate us on that point:

"Once, during the Holy war in the time of Rasul-ullah (peace be upon him), Sayyidina Ali (may Allah be pleased with him) was fighting with an enemy soldier during a fierce battle. This soldier was a huge man, a powerful wrestler, and it was a difficult fight. Suddenly, Ali (may Allah be pleased with him) managed to disarm his opponent. He flung him to the ground and raised his sword to kill the man. Just at that moment, as the sword was about to strike, the fallen soldier spat into Sayyidina Ali's face! Sayyidina Ali (may Allah be pleased with him) lowered his sword, and looked at his enemy. 'Get up!' he said. 'Get up! I cannot kill you!' The enemy soldier was dumbfounded. 'Why are you not killing me, Ali?' he asked. 'Why are you leaving me like this? Am I not your enemy?' Sayyidina Ali (may Allah be pleased with him) spoke: 'It is because I became filled with my ego's anger that I cannot kill you! Before you spat in my face, I was fighting with you for the sake of Allah. But, when you spat on me, I became angry for the sake of my ego! Therefore, I cannot kill you! You may go.' These words reached the fallen man's heart. 'O, Ali!' he cried, 'You are on the right way! Please take me to your Prophet (peace be upon him)!' Then, the soldier was taken to Rasul-ullah (peace be upon him), and, at the Prophet's hand, he entered Islam."

"Therefore," said Shaykh Nazim, "if your anger is like this, if you are like Sayyidina Ali (may Allah be pleased with him), then you, too, may be angry. If your character is not like that, you must keep it to yourself!"

## Islam came to give us eternal life, not to kill!

Audhu bi-llahi mina Shaitan rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l Adhim.

As-salamu alaikum, wa rahmatullah wa barakatu! That is a Blessings from Heavens to the Children of Adam that they are living on this planet, over the world: 'As-salamu alaikum' belongs to Heavens. Good morning, good evening, bonsoir, boniorno, calimeras, galisperas, günaydin, tünaydin...these words belong to earth, nothing in it.

As-salamu alaikum wa rahmatullahi wa barakatu, it is holy words, holy words, that all Prophets were using (and) Allah Almighty (Himself) using (them) and saying: "Salamun 'ala Nuhun bi-l 'alamin...Salamun 'ala Musa wa Haroun...Salamun 'ala Ilyasin...Salamun 'ala Ibrahim"...Salam (is) from Heavens to the Children of Adam. Who (is) accepting that heavenly Salam, they should be happy, they should be under His divinely Protection. Therefore the Seal of Prophets sws was urging his Ummah to say much more "Salam, Salam." Salam, peace, as much as you are using it, coming from

Heavens Blessings. Salam (is) calling down Blessings from Heavens and Heavens belongs to Allah Almighty.

Everything for Him and Allah Almighty likes to give His Blessings, but people are not thinking on it, particularly in our days people; (they are) never taking any care on heavenly Blessings or Blessings from Heavens to come on them. And when they are loosing Blessings, instead Blessings cursing coming, (a) cursing that so many nations after heavenly cursing (were) just destroyed and taken away.

And now it is Last Days. We are reaching Last Days or we reached Last Days, and after Last Days... That means a train (is) just entering (the) station area; after a while the train must stop: “Last station!”- stopping there. And now our world also just reached Last Days, showing. Showing (the station) ‘Last Days‘, that means you are reaching the Day of Resurrection; that means the period of this world and life on it (is) going to be ended, to finish. You are going and the trumpet is blown, that means no any creation (is) going to be in life. Taking their lives; after that trumpet nothing (is) going (to be) alive on this world, finished. (The) Book (is going to be) closed and to be taken in divine Presence.

But people are thinking that: “Oh, (there are still) so many thousands of years for this world” or “so many millions years to be ended this solar system or this galaxy, (until it) may be finished.” How it can finish? They are saying: “We are looking, muraqaba, observing, we are looking up through Heavens, no, through space“- they are not saying ‘Heavens‘, they are saying ‘space’ “- and through space just we recorded some Holes“, they are saying ‘Black Holes‘, “and we are looking that Black Holes (are) swallowing (everything), like (a) hoover. (What is) passing around them, (they are) taking, and disappearing...” They are

recording that Black Holes, but there is some another holes that perhaps on same stage: one side (is) swallowing, one side (is) making another galaxies and sending (them) away... But that (is) unknown...

They are looking only for creation that they are disappearing, finishing, and really the creation (is) running, creation (is) never going to stop. From which time (it is)? For creation (there is) no time! Creation (is) running on, no one (is) knowing its beginning or ending, only you are looking and seeing that we have been landed on that planet and we can't know when it happened and we (are) never going to know when it is going to be ended. But creation, Allah Almighty's divinely Attribute (is) to create; He is Creator. You may ask: "From which time?" No time! No watch... (to see) which hour (it is) beginning? They are saying: "(There was a) 'Big Bang' in one billionth part of one second", they are saying so nice and people (are) saying: "Big Bang"- (let Big Bang fall on your head... Big Ben in London... Bells on that Big Bang falls on them! And they are saying: "This is true." They are saying for heavenly Books: "We are not accepting", but (they are) accepting that Big Bang! Big Bang (is) kicking and eating them! That is famous knowledge for them and also Darwin's theory; his famous theory for the beginning of life.

They are thinking that they were ready and looking, not happening. "Holy Books' Verses' knowledge", they are saying, "we are not accepting", but (for) such foolishness (like these theories) they are saying: "That is 'positive knowledge'." That can't be positive knowledge! They are only their imagination, theory!

They are saying: "From apes coming man" and one person (was) asking me: "Oh Sheikh, they are saying that mankind (is) coming from apes. But I am surprising- apes from where coming?" I am saying: "Ya Hu, you are no mind person! If mankind (is) coming from apes, apes (are) also coming

from man, finished“... "(Hmmm, I was) never thinking on it. Only (that) apes (are) created nighttimes, man on daytime“... Never thinking!
We have been honoured by knowledge; the honour of mankind (is) by knowledge, because Angels were saying: “O our Lord, You are saying that ‘I am creating a new creature to be My deputy on earth, My Khalif‘, and our knowledge (is) reaching (to and), we are knowing about that new creature that they should be with each other so rough, so pitiless, so oppressors, so violent, (that) even wild animals should be ashaming when they are looking the violence of that creature that You named them ‘Bani Adam‘, Adam!”

Now people (are) looking and seeing some creatures, lions and wild animals, running after some other animals, hunting them and eating, and they are saying: “(They are) so wild creatures!” But those creatures, wild animals, they are saying: “ We are only hunting one for our provision. Then we are sitting and making glorifying our Lord that He gave, (He) granted us to eat (and) to be satisfied and we are glorifying our Lord. But you, mankind, we are hunting one, but you are killing, killing thousands and millions (of) people- how you are blaming ourselves that we are wild animals? You are most wild creatures!

And Angels were saying this that they were astonishing, hayret, hayran, mutaajiban... they are not getting against that (what) Allah Almighty (is) creating, but they (were) giving their mutaala, their opinions on that point, and Allah Almighty (was) saying:
“I know. I know what you know, (and) I (also) know what you are not knowing!” And: ”... ‘allama-llaha Adam asma...” then Allah Almighty (was) teaching Adam, giving to Adam (a) knowledge that Angels they are not knowing, (not) even Azazil, Shaitan. (Before getting against the Order of Allah Almighty Shaitan’s name was Azazil, an honoured name, but when

he did (that rebellion) against the holy Command, just changed his creation and his name also just changed.)

He Almighty (was) teaching Adam (a) knowledge that Angels (were) not knowing and Allah Almighty (was) asking: “Say, o Angels, the names (of) that (which is) surrounding you; the names (of) everything that (is) surrounding you!” and they are saying: “O our Lord, we haven’t (been) granted such a knowledge!” And Allah Almighty (was) ordering: “O Adam, teach them! Say!” And Adam (was) beginning to say what Allah Almighty granted to him from knowledge and the Angels (were) bowing. Then Allah Almighty (was) ordering: “Bow to Adam!”

The honour that (was) granted (to) Adam a.s. (was) for that knowledge that no one (was) granted from (other) creatures; it is the honour of mankind, but now I am sorry to say that those people, whom they are claiming that they are ‘scholars’ or ‘scientists’ or ‘masters’ or ‘doctors‘, they are not saying Holy Books’ Knowledge as a knowledge! That is ‘inhitat‘, a falling from the level of mankind down.
Just they fell down from the knowledge, from the level of mankind coming (and) falling down and going to be on the level of animals. And animals (even) are not accepting them, (but) kicking them down, those people, whom they are not accepting heavenly Books’ Knowledge as a knowledge. Kicking them away. “They are like animals,” Allah (is) saying, “(and) not only like animals, but their level (is even) lower than the level of animals!”
Animals are knowing their Lord’s Name, their Lord, that He is creating them, but those two legs animals, whom they are saying: “We are scholars, scientists and doctors“, their level (is) under the level of (those) 4 legs creatures.

And you are looking now their theories to where (they are) bringing

them! Their theories (are) bringing them to kill each other! A lion (is) hunting one, but they are killing hundreds. Look what they are doing in their countries! They kill each other and they are killing innocent people! And on the Day of Resurrection Allah Almighty is going to ask: “...bi ayyi dhambin kutilat...” It is not only (in) the Days of Ignorance Time (that) Arabs were burying their children (alive), killing their children, but Allah Almighty’s information for the Day of Resurrection is so clear: “ ‘Mauda’ that innocent person, bi ayyi dhambin kutilat, why they have been killed?” On behalf of ‘mauda‘, on behalf of innocent persons, Allah Almighty (is) ordering to Angels: ”Ask those oppressors, killers, tyrants, why they killed?”

Pharaoh was killing small ones, Nimrud killed thousands of small innocent children and now Allah Almighty (is) asking to those tyrants that they are taking the whole power in their hands and they are inventing so many terrible dangerous weapons, throwing (them) and killing so many people. Allah Almighty (is) ordering Angels: “Ask those tyrants, katal, on behalf of those innocent people- small ones, big ones- why they have been killed. Why they killed them, for what?”
If they are Muslims, they must understand! Non-Muslims also must understand! Why they are killing? Islam (is) coming to give life, not to kill! Whole their activities (are) against Islam- Allah Almighty should take His Revenge from those tyrants. Soonerly now coming!...

O people, you must understand real Islam and (the) invitation of Islam! Islam, to where (it is) calling you? Calling you to fire or to Paradise? And whom they are oppressors and tyrants, how you may say: “They are Muslims and they go to Paradise“? Paradise (is) just forbidden for them! Try to understand real Islam! (Islam is) making people to reach eternal life! Islam (is) coming to take people to eternity... eternity... to give

them through eternity eternal life. That is Islam's mission, but it is (a) misunderstanding; that Shaitan (is) teaching them, to speak against Islam. No! Muslims, what they are doing, it is not Islam's mission! Islam (is) not coming to kill, (but it is) coming to give life!
May Allah forgive me and bless you! For the honour of the most honoured one, Nabiyu Rahma, for the honour of mercy prophet that his existence is for mercy and blessings for whole creation- S.Muhammad sws, Fatiha!

## Islam can collect the hearts of people

Destur, ya Sayyidi, Meded. As-salamu alaikum! Salamullah alaikum wa rahmatahu wa barakatuh. Salamun qaulan mir Rabbi Rahim, Salamun qaulan mir Rabbi Rahim, Salamun qaulun mir Rabbi Rahim. Razaqanallahu wa iyakum. Audhu bi-llahi mina sh-shaitani rajim, Bismillahi r-Rahmani r-Rahim.

Shah-u Naqshiband used to say: “Tariqatuna as sohbet wa khairu fi jamiat”. Imamu Tariqat, Tariqatuna Naqshbandiyati-l Aliya, ‘ ala-llahu ta’ala darajatahu. And the other Masters, the Sayyidatina-l Kiram, used to do their Sohbets, following the words of Rasulullah: “Ad-dinu nasihat” and speaking the words of Shahu Naqshiband, Muhammad Uwaisi-l Bukhari: “Tariqatuna as-sohbet wa khairu fi jamiat.”Subhanallahi-l ‘Aliyi-l ‘Adhim.

I may speak sometimes English, sometimes Turkish, sometimes Arabic, sometimes (the) language of (the) Jinn, because they are attending this humble meeting. May Allah grant to you Bani Adam and Bani Jinn His divinely Blessings. O people, it is easy to address to our humble people that (are) coming from Far East, from Far West, from North, from South, from Hind, from Sin; from different parts of (the) world (they are) coming here. This is a sign; (a) powerful sign, that Islam may collect (the) hearts of people. So many people may

collect (the) physical bodies of people - no value! Who may collect (the) hearts of people - that is important.

And now you are here and we have a saying: “Mina-l qalbi ila-l qalbi sabila.” From heart to hearts there is some secret ways; reaching without wire, reaching from heart to heart. And if they may ask to reach everyone on earth, they may reach to their hearts. That is a grant from the Seal of Prophets for protecting his holy religion Islam. Therefore Islam (is the) only living religion on earth! And we are saying: “A’udhu bi-llahi mina sh-shaitani rajim, Bismillahi r-Rahmani r-Rahim. O our Lord, we are running to You from (the) worst and most dangerous enemy for the Children of Adam. To You. Shelter us, defend ourselves, we are weak servants!” And the Lord (is) saying: “I am sending to you someones that they are living among your people, living through nations, living through association and one of them is more than enough, if (there is) going to be on earth not (only) one Iblis, if ‘bi adadi zarrati Dunya ‘(?). If (there) may be not (only) one Iblis, (but) billons and billions (of) Iblis(ses) - that one (is) enough for defending (the) believers from big amounts of Iblis, Ablaisa! Yah!

O people, welcome to you! We are all His servants and our Lord (is) asking from you, from me, from everyone, to be humble servants. Humble servants. Don’t claim that: “I am King”, or “I am Sultan” or “I am Grandwezir”, or “I am (a) big Sheikh” or “I am President” or I am this one or that one; because people they are very happy to make a card, written on it: PHD, ABC, SOS... so many things written. And (they are saying): “Take this.” I am making like this... I am not understanding. Making like that... never understanding. But they are so proud that they are using every letter from (the) Alphabet, to make people to know that: “I am a special one!” “If you are (a) special one, why (you are) going to (the) WC? What is your speciality? I may understand, if you are not going (to the WC).” (It is) because they are drinking too many... Shaitans urine. Drinking. When (they are) drinking, every hour they must visit that important place. “What is that important place?” “Ya Hu, you don’t know? You are Sheikh! (It is the) WC!” How they are going (to be) special beings? But people they lost their minds, they are not...

(The) whole Quranu Adhimu Shan, (Allah Almighty in the) Holy Quran (is) always

saying, addressing to His beloved and most glorious servant S.Muhammad sws... (Maulana is standing up): “O My beloved one, I am sending you heavenly Verses ‘la-allahum yataffakarun’, to think on it.” To think on it! If (you are) not thinking on it, your level (is) going to be (the) level of common ones, and common ones level (is the) level of animals – no value. Whom they are not thinking, their level (is the) level of animals. You must think on it! You are claiming: “I am a special one, because this is my card, please take this. “ “For what (is) this?” “You may... if you (are) asking for me through Germany, they are knowing very well who I am.” Or they may say: “You may use this card, because I am (a) well-known one through (the) US.” US means: you are (a) donkey. Ass... you ass... Change that name, Americans! They were thinking that Bubamo (is) coming, going to change.... I am looking same: US. You are donkey? Change it! They can’t change, they can’t change that...

You must think on it. O people, if you like to learn your positions, your level, you must think on first ‘Kelamu Rasul’ - salawatullah wa salamu alaiyh – Hadith Nabawi Sharif. You must think on it. If you can’t reach to your level, you must come down, a little bit down, down, to find a person on your level, to say to you: “O my Lords servant!” “Hah! That was, what I am asking to know.” He was teaching that person, ask, My servants! ”My Lords servant. That is your level, not this card. No, that is not your level. Your level, (your) real level, (is) that you are (the) servant of your Lord!”

Do you think that most honoured level (there) may be (anything) after that servanthood to your Lord? But people, they are all ‘sakran’, drunk people! Eating each other, killing each other, and making trouble for everyone; their level (is) coming under that level of animals. And 21st century’s level of mankind (is) under the level of animals! May Allah forgive us!

O people, we may (speak); as long as you are listening, it is easy to address to you from today up to next Cuma or up to next year, up to (the) end of the world, because (this is) ‘Kalimatullah’! Kalimatullah, that He granted to His servants to learn, to know, something about their Lord. If whole oceans (were) going to be ink, whole forests (were) going to be pens, (His Speech was) never ending, never ending, never ending! And whole Prophets (were)

coming and the Seal of Prophets just arrived to show you your level! Don't ask more than this, you can't reach! After the level of servanthood (there is) only - no level – 'Rububiya', (Lordship, and that is) for Allah only! Others, their level (is) servanthood to that One. That is. (They are) never teaching people (this) now; (the) Muslim world or others, they are not teaching people, never teaching children. (The) new generation (is) growing up without beliefs. They are not believing (in) anything, therefore animals they are more honoured from those people that they are not learning anything about that their Lord. "Ulaika kal an'am bal hum adal (?)!" Allah Almighty (is) saying that: "Those people, they are like animals; but not on (the) level of animals - under the level of animals!"

I am looking (that) some people (are) saying for 'tarbiya', training or teaching youngsters; (they are) saying that (through) 24 hours, what they should do. I am looking (that) they are saying everything, even running, sport, that and this, giving time (for that), but (they are) never saying that: "Give a time for thinking who created you!" That is! That is (the) most difficult problem, (a)waiting a solution. (A)waiting a solution. If they are not coming to that point, what I am saying...

I am only (a) weakest servant. No one can come and say (something) and object on my speech. I am making him dust! We have power! Islam has power! We are powerful! I am (a) weakest one, but... (An) ant was warning whole ants (at the time of Suleiman). How (it was) warning? Saying: "Id-khulu masakinakum. La yahtamannakum Suleiman wa junuduhum wa hum la yasharun (?)." Yes, warning. (An) ant (is a) so small one, but (it was) warning! (And) I am (a) weakest servant, (but) I may warn from East to West. I am nothing, but sometimes something! No one (is) coming here... I am not sending any invitation to come here, no, but our Lord (is) ordering His most glorious and beloved servant in divinely Presence, in His divinely Presence. (He is) ordering (the) Awliya, then (there is) coming (the) 'khadim', (the) servant, 'asrar khadim', (the) smallest servant... Smallest one. We are not... It is blame to ask Grandsheikhs, Awliya: "Come and clean." No, I may, I am enough. I am cleaning, I am able to clean, that is my job. And I shall show whole nations, whole world ones (?) what is the power of Islam - with (a) weakest servant!

That is not from my ego, I am speaking on behalf of Haqq - Jalla Jalaluhu, on behalf of His most beloved servant S.Muhammad sws (Maulana is standing up). Here are our brothers from Kasastan, Uzbekistan, Tartar brothers, Dagestan brothers, Cherkessk brothers – ma sha Allah. This is enough. And (it is) easy to reach to your hearts. If we are not reaching to your hearts, you can't be able to come here! I am not using... I don't know to use that new (remote control), no. It is enough. If they are asking, (my) heart (is) sending. Sending, (and) they are coming. And one day (it is) going to be from East to West, to be under the holy Flag of the Seal of Prophets, (the) most glorious one. Dunya should be clean and dirty ones should be buried! O people, come to your Lords divinely Presence! Make your names, make (an) application: "O our Lord, we are asking to be Your servant. That is my application." And Tuba, biggest Bushra, good tidings, for those people, whom they are going to be accepted by (the) divinely Presence, to be servants of divinely Presence. "Jazakumullah anna kulli khair (?)." Ma sha Allah, so many people on their faces (there is) 'Nur', on their faces (is) 'uns', familiarity, on their faces (is) 'muhabba', on their faces (is) 'tadhim', on their faces (is) 'takrim', on their faces (is) 'tazim'. Subhanallah, Sultanallah!

Allah Allah, Allah Allah, Allah Allah, Aziz Allah; Allah Allah, Allah Allah, Allah Allah, Karim Allah; Allah Allah, Allah Allah, Allah Allah, Subhan Allah; Allah Allah, Allah Allah, Allah Allah, Sultan Allah.

I was thinking that I am going to speak nothing, because I am a weak servant. But for the honour of the most honoured one (something was) coming. You are coming from Far East, from Far West, (and) they are granting an energy to my body, to come here and to address to you. And first of all I am addressing and warning my (own) ego. And pray for me. Pray for me (that) Allah Almighty, Allah Almighty forgives me and blesses you. For the honour of the most honoured one. Allahumma salli wa sallim 'ala Nabiyina Muhammad alayhi salam, salatan tadumu wa tughda ilay, mamara layali wa tula dawam.

Allahumma salli 'ala Sayyidina Muhammadin Nabiyi-l ummihi, wa 'ala alihi wa sahbihi wa sallim (3x). Salli ya Rabbi wa sallim 'ala jamii-l anbiyai wa-l mursalin wa alin kulli ajmain. Ziyadatan li sharfin Nabi wa alihi wa sahbihi... Fatiha.

## Islam can't be changed

Shaitan is on full alert to take Islam away, but yet Islam is growing. Is it possible that man can take away the Himalayan Mountains? Or do you think that man can stop the moon from moving, or the sun from rising or setting? Never... And yet that might be possible perhaps... But to remove Islam, that is impossible. Since 15 centuries ago people have been trying to take away even a little bit, yet Islam is standing up... Allahu akbar!

These Serbs think that they can finish the Muslims, never imagining that lions will be coming after them... They are the servants of Shaitan. But the Lions of Ar Rahman, the Lions of Allah Almighty, will be coming! And everything that is happening is for the benefit of Islam. In 24 hours 24.ooo Tajallis, spiritual appearances from the Divine Presence are coming to earth, until a change is coming.

Everything may be changed, but Islam is never going to be changed. Shaitan tried his luck to change the book of Musa a.s., the Old Testament, the Taurah, changing so many things. But he wasn't able to change it fully. Jewish Rabbis were hiding so many things, but couldn't remove them from the Taurah. And Allah Almighty made everything clear through His last Prophet S.Muhammad sws.

Some Rabbis came to dispute with him. And Rasulu'llah sws had never read their books. They thought that he was an ordinary person, illiterate, and they were playing, making tricks, saying this and that. But the

Archangel Gibrail a.s. came to the Prophet and told him: "Oh Muhammad, they are trying to cheat you, they are hiding the reality. Call them to bring the Taurah to you." And the Taurah is not in the Arabic language, it is in Hebrew. So the Prophet sws said to them: "Bring your Taurah here to me. Open it on that page and look... What is written there? Read it to me, recite..." And it was there, what they were hiding; they were not speaking the truth. And they were ashamed... What Rasulu'llah had said became clear, and the blame came to them.

Shaitan played on their books. So many things they were hiding or changing. And if man puts his hand on a Holy Book to change it, that book immediately loses its sacredness, holiness- finished. Holy Books are all virgin. When Man puts his hand on them, the virginity of those books just vanishes. Man put his hand on the Old Testament and on the New Testament, taking something away, putting in something else or hiding something, and therefore the Old and New Testaments are no longer virgin books. They are not the original ones now. Their originality is just gone, and therefore they can't bring people to their churches, cathedrals, basilicas, monasteries- they are all empty now. People only come there to look around, and worshipping-places now are like museums, with gold and silver statues, shiny paintings... Never is anyone coming for prayer; they are only lighting candles and putting them there, and finishing... No more Christianity. Allahu akbar, Allahu akbar, Allahu akbar- Christianity died, finished...

Jewish people never accept anyone except themselves to be Jewish. Therefore they are always closing their communities. No one can be from their nation, unless he is born from them. They are never accepting anyone else. The Children of Israel are closed. And they put their hand on the Old Testament, the Taurah, which contained so many books, many more pages than any other holy book, and they lost them, finished... Shaitan played with them...

And Shaitan came to Islam also, trying to change the Holy Quran. But it can't be. The Lord Allah Almighty said: "I am sending it, and I am looking after it, finished. No one can put his hand on it to change even one letter. I am the Guardian and Protector, I am the Supreme Keeper of that Book. It is one and the same Book from East to West, from North to South." Allah Almighty is always victorious. Whoever is going to be with Him is also victorious. Whoever is with Shaitan is always defeated, going down, down, down, and finishing. We are now in the new year 142o, and during it we are going to reach the year 2ooo, the 3rd millenium of the Christian calendar... It is a bridge. Perhaps next year all Christian calendars will join and pass over that

bridge to the real calendar, the Islamic calendar, so that all calendars will disappear, and only one will remain.

Allah knows what is going to happen... No one can expect or imagine, no one from common people may even dream, what is going to happen during this year. They are only saying something from imagination, no more, about big events which are going to make everything upside down...

Only those who are with the Lord Allah Almighty will stand up; others will fall down. And Shaitan is going to be like a donkey. Every Batil, falsehood, that he has brought, the opposite of Haqq and every fault that he did up today, and that he has urged and encouraged people to do, teaching them through technology, will be loaded on him to be taken away...finished. Time is over, we are counting down now: 1o, 9, 8, 7, 6, 5, 4, 3, 2, 1... All Batil will be loaded on Shaitan to be taken away to Hell, Jehennem, when Jesus Christ comes...

May Allah grant us real faith to believe in such things. Islam is not just a set of rules for this life, measures for this material life; Islam has spirituality. What we are speaking about, the spiritulity of Islam, is something that the Wahabis, Salafis and other materialistic people in Islam are denying. They are denying Tassawuf, Sufi ways, and any spirituality in any religion, and particularly in Islam. They are only interested in material measures, in the material life and its arrangements, taking only that, and leaving the spirituality of Islam. If you speak about spirituality, they accuse you: "You are a Sufi, and Sufis are Mushriks", Astaghfirullah, "you are making people worship Sheikhs, and Prophets." They are such foolish, square-head, no-mind people. Shaitan just blinded them and their mind stopped.

Once there was an exhibition of brains in a city. Someone went there to look and he asked: "This brain- how much is it?" "Ten Dollars." "That one?" "One hundred Dollars"- because one is from an ox, one from a sheep. He saw one brain for one thousand Dollars. "What is the reason?" he was asking. "Because it is the brain of a Wahabi, and it has never been used. It is not second-hand..." Those people are never using their brains... May Allah bring them down... Fatiha.

## Islamic Attitudes to Drugs

*QUESTION -People ask what Muslims think about drugs - when they travel in Muslim countries, especially North Africa, they see widespread use of Hashish.*

This is an important point to be known by Muslims and non-Muslims. Islam brought a discipline which prevents everything which harms our bodies. Therefore, Islam prevents smoking. Everywhere people do it, but we say it is haram. Some may say less than haram, but if a person insists on doing it, it will be haram. So, if we say smoking is no good, what about drugs for Muslims? A person uses drugs only when he is obeying his ego and listening to shaitan. Allah Almighty or the Prophet is never happy with anyone who uses drugs. Which religion will permit drugs? If they do, then they are finished. No discipline. Islam just brought a very strong discipline for people.

*QUESTION - Western people see that drugs often come from Muslim countries - Afghanistan, Iran, Pakistan, Lebanon, Turkey - and say that Muslim people are harming Western youth.*

Do Western people have less mind than Eastern? They are being cheated. That's what it means. European people claim to be more clever, yet Eastern are cheating them by sending poison to them and they are using it. Do they have no minds - Pakistan sends, Iraq, Iran, (send) etc. They send those poisons? Where is their

intelligence? They have big technology. Why don't they use their computers? Ask them if it's OK to use drugs. They may ask. It is prohibited. Perhaps these Muslims, because they are enemies of non-Muslims, are making these things to kill them. Why are they not asking their computers about this? They can't, because Muslim countries are sending that poison. What about their customs or governments? What are they doing? What about the people - have they no brain? They don't accept that they are stupid, but why are they buying from Turks, Pakistanis, Arabs, etc? Those persons, they must be stupid - to buy and use. It is prohibited to plant, to make, to buy any drug or to use. All are cursed.

*QUESTION - So, if Muslim people are involved, they are cursed?*

Yes. Everyone who harms the servants of God, even non-Muslims, will be cursed. However, when people leave this to come to Islam, that badness is finished. If we are ignorant and do something, there is no responsibility. When we come to Islam, that is finished.

## Islamic beliefs about the beginning of Creation

We believe as all prophets mentioned and holy books mentioned, that everything was created by the Creator, the law of creation according to His will. We believe that Heaven was created before Earth and everything was as Allah Almighty wrote down on preserved tablets. In Islamic tradition when the Prophet was asked which was the first creature to be created, he answered that Allah Almighty first created the soul of Muhammad, p.b.u.h. He created first of all from his endless light oceans taking a light and addressing that light saying 'Be, my beloved Muhammad' and he was created. That was the first creature and then, from that light, Allah Almighty created the Heavens and Earth and every creature.

That signalled the beginning of everything from "Nur", Light. Even we see in material universe that everything going to be solved or coming to be light or coming to be solid. Every solid thing will become energy and energy will be without mass, without material. You can't say whether energy is something solid or not but every solid thing may return to energy, to light. Even becoming compressed but, may go out to be energy and energy, light going to be safe. So that the creation comes from the endless power oceans of the Lord Almighty Allah, by His Divine will and His Divine creating. As His will orders everything, growing or appearing through endless power oceans, so that the Creator, by His Divine will may bring everything into existence ordering that it be compressed and appear as atoms. Then, if He wishes to return them to endless

power oceans, they will return.

Therefore, in the Holy Qur'an it mentions that if Allah Almighty wishes to do something, to make something, he need only order it. He does not need to use any means, he simply orders it. He may say "Be" and it is. It is in existence. If He says "don't be", it may go away, disappear. It is only Divine will which orders every creation for every creature. If He orders, if He wills, if the Lord wishes to create a universe, he need only say "Be" or "appear" or to say "come in existence" and it will come into existence. Nothing else is necessary. We have in Arabic the word, "kun", "be". Kun, in Arabic writing is two letters, kef and noun, (k & n) two letters, if Allah the Almighty orders and says "kun", before joining kef to noun, that thing appears so quickly; nothing prevents the Lord Almighty Allah, all His Holy Books declare that the Lord has endless power. Nothing can prevent the appearance of something which He has ordered to appear.

In the Holy Qur'an it says that science or knowledge reaching in our days and through the Holy Qur'an the Lord Almighty Allah says about the beginning of creation that everything was altogether, the Heavens and Earth were one. Then, the Lord Almighty Allah ordered that they become levels; the Heavens and Earth, according to the declaration of the Holy Qur'an, Allah Almighty ordered that there be seven heavens and, on the opposite side, seven Earths and it is also the last decision or last vision about the beginning of creation. They call it "Big Bang?" All were part of one atom, then in a time so very very short that it cannot be measured, perhaps 1 millionth or 1 billionth of a second, there was an explosion, says the latest theory of the "big bang." That is a theory, but what we say it that it is traditional knowledge from the Holy Qur'an. We can't say how it happened, but it happened. Now, it is a reality, Heaven and earth, the skies and space. It is all a reality which cannot be denied - it happened, we cannot say how it happened but, it happened.

Science is now reaching a point where it is getting closer to what the Last Testament and the Holy Qur'an say, that as Allah Almighty said, everything was together and then, the Lord, the Creator ordered the separation, the Creation. None of the Holy books except the Holy Qur'an say that science will, step by step, uphold all that we know of the Creation from the Holy Qur'an. Every reality that the Holy Qur'an spoke of 15 centuries ago, science is now beginning to 'discover' and nothing is said about a "Big Bang." I would ask, did the cause of that explosion come from inside or from outside? It must be by some order therefore, I say these people are foolish people. They never think they are reaching to that one, that explosion - by whom? Or who put that one atom there; Where did it come from? Who ordered the explosion of that atom? Where did the order come

from? From far away commanding, remote control? It must be; without that control, that atom would never have exploded.

Therefore we believe that the Creator according to His will creates everything from His endless power oceans, ordering everything to come into existence as He likes and we believe that everything is arranged before creation. That the Lord Almighty Allah knows everything before it comes into existence and there is nothing of which he has no knowledge. Even the smallest thing must be known to Him, to the Lord and must be created because nothing can bring itself into existence.

If anyone says that something could exist which is not known to the Lord, it is not logical because no one can create himself, herself, itself - nothing. If something were to create itself, this would mean there were a second power in existence because only one self sustaining being may exist. If there were a second, there would be another Lord. There is only one Lord who exists by himself. He has no need of anyone else; He is completely independent but everything exists through Him, Therefore even the smallest piece in the universe must be known to Him before it can come into existence. It must be created so that it may exist and He knows where everything is. When He calls "Come," they come. To be by itself so that everything must be in existence from the smallest atoms, electrons, protons and others, must be created. If they were not created, they would never exist and even galaxies, gigantic galaxies, must be created, must be under control, must be under order. If the Creator says "disappear", they should disappear. If He says, "come into existence," they should come into existence. Millions, billions or trillions may come into existence, by order. That is our belief in Islam about creation.

Asbahna wa asbaha Mulku LiLlah. Wa nahnu 'abidan LiLlah. Masha Allah. Don't look at who speaks, look at Who makes him speak! As-Salam Alaikum Ya hadirun.
There are some people who listen and some who don't listen. There are some people who listen and understand, and there are some people who listen but don't understand. They said, make hay soup for donkeys to eat since they don't have any teeth left in their mouth. Its job is to carry water back and forth over a certain distance. But they say "Give grain to the horse". Because the job of a horse is different. A horse carries his rider from East to West. They are like birds without wings. Give them their due right! Don't put them in the place of donkeys, a horse doesn't accept this; to be considered as a donkey. Donkey says "I can't do. Even if they ask me to be a horse, I can't do it". If you ask a horse "Would you be a donkey?" it says "No need for it, my Lord created me as a horse. Who rides me are cavaliers, Sultans. The swords they have in their hands are the Sayf Al-Maslul; they are the swords that are drawn, drawn from their sheaths. The ones who ride on me are Sultans. I am no donkey. I am the creation that knows, understands its rider and is appointed for his service. My Lord created me like this".
Therefore our bodies, the physical body of man, is complete. If Man uses his body in the way of Allah they are the Shamshiri Huda, which means they are the drawn swords of the Lord. Who rides a horse is Man, who rides a donkey is like itself. Mankind cannot distinguish this!
As-Salamu alaikum Ya 'ibadAllah; O servants of Allah, all of us are servants of Allah. Yawm aljadid, every day has a new manifestation. And accordingly "yawm al-jadid, rizq al-jadid", there is a new provision for every new day. This is important: yawm al-jadid, rizq al-jadid. Al-HamduliLlah wa shukru LiLlah. Asbahna wa sbaha Mulku LiLlah. Bismillahi r-Rahmani r-Rahim. A new day, today is a new day. Yesterday was not like today. And today is not like

yesterday. Tomorrow is not a duplicate of today. "Kulla Yawmin Huwa Fi Sha'n" (55:29). Allahu Dhul Jalal (swt) Hz: "Kulla Yawmin Huwa Fi Sha'n." The Sha'n (Splendour, Glory) of Allah Almighty, the manifestation of His Uluhiyya (Divinity) has no duplication. Know Him, acknowledge Him!

Don't be a donkey! Be Sultan. O Man! Allah Almighty created you so that you dominate the earth, so that you be the Caliph on earth; a Caliph to Himself. He (swt) didn't create you to be a servant to dunya, O foolish one! He (swt) didn't create you for dunya! He (swt) said "Man is My Caliph on earth". He (swt) created you for Himself and you become animals of dunya, animals of shaytan? Ok be! You can't be saved from being animals then. And animals can't escape from being beaten. The owner of an animal always has a whip in his hand, or he has a stick. Or he has a whip. And when he mounts it, it will be bridled and for his feet it will have a stirrup, so that he can put his feet. You should know yourself. You should know about your mission. Everyday you should dominate your ego. Who can't dominate his ego is an animal. Sultans ride on horses; they don't accept to be ridden. For this Sultans are always the first-class.

The rulers of this time, the governments are left outside of the Man category. They say to the people "Come, get on me and I carry you". Here, how they carry is like this. Because there is no Sultan. Where there is no Sultan, there are animals. Man is led by a Sultan and the rule of the Sultan is 'Aliyyu-l A'la Karimu-l Mawla". But how can the rule of animals be? If you go to an animal in the barn, it will kick you, will hit you and throw you into its filth. Shame on them! This age, that is the 21st century according to their count, what is the attribute of the people? Their attribute is to serve dunya, or to carry the burden of dunya, and who carry burdens are the animals. Allah Almighty did not create Man to carry loads. He (swt) created him honoured so that "You may rule on earth on My behalf; rule over the 'ins' and 'jinn' also, rule over everything in My Name! There is nothing that won't obey you.

Say Bismillahi r-Rahmani r-Rahim you will be saved from being animals and dunya will become an animal for you, you don't become the servant, the animal of dunya". But they don't understand. They don't learn. They don't teach. They only learn and teach what shaytan teaches them. What does shaytan say? "All of you become animals to me, listen to me and your dunya will be very beautiful". And here, how is their dunya now. Look at their dunya now, how their dunya is. What did shaytan teach mankind? He taught them to kill each other, to oppress each

other, to burn and destroy each others' countries, their people, their children. This is not humanity! This is the teaching of shaytan. Allahu Dhul Jalal says: "Fa'aslihu Bayna 'Akhawaykum" (49:10). He (swt) says "make reconciliation" but shaytan comes and says "No! Don't make reconciliation but corrupt! Make it even worse!" Syrians are in chaos. Iranians from the other side say: "I am here too!" What good did you do in your own country? Did you protect your citizens? Did you keep Your Lord's orders?" The order for you is to kill people or to please people? Why did you come to this country? To kill the people!

Shame on them, the Persians, who are a great nation. They have been the leading ones in civilization for centuries, the noble ones. They are who raised the flag of Islam. Today they don't raise the flag of Islam. They made an imitated flag. What is their occupation? To kill the people! To destroy and collapse the homes of people on their heads! Is this what they taught you in the history of Persia? This is the teaching of shaytan. And none of them says Bismillahi r-Rahmani r-Rahim; not the leader of the Syrians, nor the leader of Iran, or Turkey. None of them says Bismillahi r-Rahmani r-Rahim. Because Allah's Order is "'Inna Llaha Ya'muru Bil-`Adli Wa l-'Ihsani".(16:90) Allah's Order is "'Inna Llaha Ya'muru Bil-`Adli Wa l-'Ihsani". Allah says "Keep justice". They recite this every Juma'a. "And make Ihsan". You don't make ihsan but kill people? You destroy their homes? Is this your humanity? Or is this your Islam or is this your manhood or is this your courage? Coming from Iran to Sham to kill people? To destroy and burn the places there? Is this what Allah ordered? Which one of their Mullahs can say yes for this? The Mullahs will suffer too: If they reminded like this, they will be saved. If not, they won't be saved. "'Inna Llaha Ya'muru Bil-`Adli Wa l-'Ihsani". They seek constitution: "Let us make a constitution". What do you know about a constitution? There is the heavenly constitution. Astaidhu BiLlah: "'Inna Llaha Ya'muru Bil-`Adli Wa l-'Ihsani Wa 'Ita'i Dhi l-Qurba. Wa Yanha `Ani l-Fahsha'i Wa l-Munkari. Wa Ladhikru Llahi Akbaru!". Here, this is the constitution of Islam. "We will make a constitution, we will make new dustur". You will do this? You go to toilet and do there! Don't do it outside, you make a mess! This is how they have become: They do it on peoples' heads. What is their Ihsan? "Our Ihsan for you is this sword, these weapons, these planes, these bombardments". What kind of people are you? From whom did you learn this lesson? "This lesson, there is a shaytan called Iblis, he is teaching us". Then you will finish each other.

Did Allah not send anyone to teach you? "'Inna Arsalnaka Shahidan Wa Mubashshiran Wa Nadhira. Wa Da`ian 'Ila Llahi Bi'idhnihi Wa Sirajan Muniran" (33:45-46). The Holy Verse. This is how He (swt) sent the Prophet; to save the people who are in darkness, to show you the real face of shaytan. You are not listening to this Prophet. You come and look to what shaytan shows you. Shaytan says "Kill each other. Destroy their homes. Kill their children. Destroy, burn!" This teaching belongs to shaytan. "'Inna Llaha Ya'muru Bil-`Adli Wa l-'Ihsani". Allah Almighty's Order is justice and ihsan. Where there is oppression, they don't do ihsan. We are saying, we make people say, to all the Muslim countries: they are after dustur, or Turks are after a constitution. Allah Almighty taught the Heavenly dustur for you. Every Jum'a you say in the mimbar, at the end of the khutba: "'Inna Llaha Ya'muru Bil-`Adli Wa l-'Ihsani Wa 'Ita'i Dhi l-Qurba. Wa Yanha `Ani l-Fahsha'i Wa l-Munkari. Wa Ladhikru Llahi Akbaru. Wa Allahu Ya`lamu Ma Tasna`una".

The constitution of Islam is in this. Why don't you open and explore in this? He comes up saying "I am the brother of Muslims and will make dustur". Thu (spit) on you and the dustur you will make! They have no faith and religion; whoever goes outside of Quran has no faith in religion and the fire will burn them". Wrath is coming now. "Jahidu Fi Sabili Llahi". Who do you fight with, in which way? You kill your own people! You finish Muslims! You enslave Muslims. You permitted all kinds of dirtiness all kinds of evil If there are ten mosques, there are 100 places of corruption. Their leaders don't fear Allah and aren't ashamed before the Prophet. No one will know where their corpses are buried. They will be destroyed because they are fighting with Allah. "Wa 'Umli Lahum 'Inna Kaydi Matin" (7:183). He (swt) says, I respite them but My trap is very strong. My trap will catch them one day and they will be punished with their own doings. They will feel regret but it will be of no use.

O who claim to be Muslims! Or who believe in other religions, who don't like Islam! Some of them are Jewish, some of them are Catholics. The Christians, what don't they like in Islam that they are still fighting against Islam? They are on the wrong way! For this, Pope said "I give up because what we are doing is not right. We invented this institution of Papacy. We invented these cardinals. Our doings became imitated, I don't want it" he said. "I give it back to you. Unless it is appointed from the Heavens, this thing has no good. I have been Pope for all these years, I didn't gain anything. If I did, I was going to keep it. But I couldn't and I regret my years spent with it

too. I found one person who told me all this, and he is in his own place too. I awakened with him. Therefore I don't believe anymore that I can be accepted on the side of Allah with imitated titles and wearing dresses. I cannot gain anything in the Presence of My Lord with the titles you give me. You call me 'holiness'. This holiness didn't come from above, but from you. I was expecting it from above. I see that it didn't come after all these years. I said 'our thing is not solid. I should give up'. Whoever has the interest may take it and I leave. I am weak. I am weak" he said. "I couldn't do, I couldn't find, I couldn't get hold of it, or else if I believed that this Papacy descended from the Heavens I would even hope to be the sweeper of this place. I see that there is nothing coming from the Heavens. Who sits here are in the hands of the cardinals who wear different clothes each. This station, which is elected by the ones of lower rank can't give anything to a person. None of these cardinals can give me anything, they are lower than me. But they elected me to be the Pope. I don't want the Papacy they gave me. I want the Papacy if it comes from the Heavens. Take your Papacy,I am leaving!" So there is wisdom in the events.
A big whip on the Muslims. Who control Egypt are who call themselves brothers, they are liars. Because they say "We will make a constitution". But every week the Imam recites it in the khutba: What is our dustur? "'Inna Llaha Ya'muru Bil-`Adli Wa l-'Ihsani Wa 'Ita'i Dhi l-Qurba. Wa Yanha `Ani l-Fahsha'i Wa l-Munkari. Wa Ladhikru Llahi Akbaru". These traitors prohibit the Dhikr of Allah! "Wa Ladhikru Llahi Akbaru. Wa Llahu Ya`lamu Ma Tasna`una". Allah Almighty knows what you are doing. O tyrant in Egypt, O tyrant in Libya! O tyrant in Arabia! O tyrant in Turkey! O tyrant in Iran! O tyrant in Sham! Is this Turkish? They still say dustur! If you don't know the dustur of Islam, what good are you? Did Islam come without a dustur? O shameless men! O who don't fear Allah! Is there no dustur in Islam? Here is the dustur, every week on Jum'a. I am warning the Mufti of Egypt: If they don't declare this, they will suffer on the Day of Judgement. He should say that "This man is a servant of Allah. He is reminding us of the dustur of Islam, every week the Sultans would recite this, "'Inna Llaha Ya'muru Bil-`Adli Wa l-'Ihsani: Justice and Ihsan. Wa 'Ita'i Dhi l-Qurba. Wa Yanha `Ani l-Fahsha'i Wa l-Munkari". Dunya and the Islamic world are filled with fahsha' and munkar: their women are naked, their men are a bunch of people who run after them. Wa Yanha `Ani l-Fahsha'i Wa l- Munkari. Wa Ladhikru Llahi Akbaru".

If you sit in Kaaba and say La ilaha illa Llah, they immediately come and say "this is bid'at". May you boil in fire with your bid'at! I am doing bid'at when I say "La ilaha illa Llah" in Kaaba? Qul Rabbi Allah. "Wa staqim!, Walk straight". "Kama 'Umirta". Who is telling you these orders every Jum'a for 1500 years? This is the Holy Verse that is recited everywhere, every Jum'a, and you still look for a dustur? Do you have no shame? Where is your faith, your religion that you seek to make dustur? Man cannot lead man. Allah is Who leads man. Shame! You go around claiming to be Islamic scholars. Their intestines will come out on the Day of Judgement. In the old times there were water- wheels and an animal turning it. They would circle, running, to bring water.

Just like this, the scholars who don't say this will all be humiliated on the Day of Mahshar: their ancestors will come out of their bellies and they will circle like water-wheel animals. Fear Allah, O scholars of Egypt! Fear Allah, Turkish scholars! Fear Allah, Iranian scholars! Fear Allah, Sham scholars! Fear Allah, Hijaz scholars! Fear Allah, Libyan scholars! Tunisian scholars! Moroccan Scholars. All of you are Arabs, you know Arabic. You seek a dustur? Aren't you ashamed? Don't you fear Allah? When there is the dustur Allah sent, you will make dustur? Here, Allah says the dustur of Islam, you recite it every Jum'a. "'Inna Llaha Ya'muru Bil-`Adli Wa l-'Ihsani Wa 'Ita'i Dhi l-Qurba. Wa Yanha `Ani l-Fahsha'i Wa l-Munkari. Wa Ladhikru Llahi 'Akbaru". When you make dhikr, they say "bid'at, haram"?

What kind of animals are they? And they give themselves the title of"Imam". What Imam? These are the animals of shaytan! The Holy Verse: "Wa Ladhikru Llahi Akbaru". Wa Llahu Ya`lamu Ma Tasna`una". Allah knows about your doings. He (swt) will reckon with you. He (swt) will teach you adab! Aman Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. This is an announcement for the whole world: is there a better dustur than this? They recite it every Jum'a. Mursi, Turshi...All of them recite. "'Inna Llaha Ya'muru Bil-`Adli Wa l-'Ihsani Wa 'Ita'i Dhi l-Qurba. Wa Yanha `Ani l-Fahsha'i Wa l-Munkari" You filled the land with fahsha' and munkar! It is haram for the ladies to show even their fingers to men. All of them are in the streets. They wander around like the women who didn't keep their honour in the old times. All of them became fashionable people. They look like apes! They lost their humanity. But Fasawfa yuhasabu ala mafaa'lu. They will be reckoned with for their doings.

To your homes! Muslim women can't be in the streets! It is haram. Let one Mufti say "it is halal".

He won't survive the night. This is only a speck from the Anger of Heavens. If they don't listen, such a heavy punishment is coming, it will sweep them. I say "May Allah not make us from them. May He not make us follow our dirty ego" They seek dustur, they will make constitution. Who are you? Instead of doing constitution, go to toilet and do! What constitution? Did Allah not send you the constitution, O scholars of Turks! O who don't have respect for Shari'ah! Listen to what will come on your heads, what will come? So many ill things that you can't even imagine. Aman Ya rabbi, tawba Ya Rabbi. The Pope understood it, our people don't understand! The Pope understood. He said "This matter is a matter which belongs to the Heavens, it is not with the people on earth to elect. I give up. Bring whoever you like. I go back to my place and make service to my Lord. I don't need anything else".
Ya Rabbi, tawba. Ya Rabbi, tawba. Tawba Astaghfirullah. For the honour of Your Beloved, O Lord. La ilaha illa Llah, Sayyidina Muhammad Rasulullah (sas). May we raise his flags. Who leads our young ones astray from the right path may not reach Ramadan. May who doesn't accept the dustur of Islam leave dunya and go to the fire. There is cursing on them. No one can play with Allah! No! No! Know your limits and be aware of the words you speak too, or you will be in trouble. None of them will remain on earth! Jazaul kufr qatl. The punishment of unbelievers is to die in pain. Not just die, but to die in pain. O scholars of Egypt!
These words are not my words but the words of Allah (awj). O Lord, forgive me also. Ya Rabb. Waghfu anni waghfirli warhamni wa tub alaik wa ala kullu ghafilin Ya Rabbi. May you send us the Imam, the Sultan who will awaken us. These words are spoken with the barakah of Bismillahi r-Rahmani r-Rahim. Consider it. If not you will not reach to Ramadan.
Fatiha.

**Die Islamische Verfassung**

---

Asbahna wa Asbaha Mulku Lillah. Wa Nahnu 'Abidan Lillah. Masha'Allah. Schaut nicht auf den, der spricht, schaut auf Den, Der ihn zum Sprechen bringt. As-Salamu Alaykum ya Hadhirun. Es gibt Leute, die hören zu, und manche, die hören nicht zu. Es gibt Leute, die

zuhören und verstehen, und es gibt Leute, die zuhören, aber nicht verstehen. Sie sagten, macht Heusuppe für Esel zum Essen, da sie keine Zähne mehr im Mund haben. Ihre Aufgabe ist es, Wasser hin und her zu bringen über eine gewisse Entfernung. Aber sie sagen: Gebt dem Pferd Körner. Weil die Aufgabe eines Pferdes anders ist. Ein Pferd trägt seinen Reiter von Ost nach West. Sie sind wie Vögel ohne Flügel. Gebt ihnen die ihnen gebührenden Rechte. Tut sie nicht an die Stelle von Eseln, ein Pferd akzeptiert es nicht, als Esel betrachtet zu werden. Der Esel sagt: 'Ich kann das nicht. Selbst wenn sie von mir verlangen, ein Pferd zu sein, ich kann es nicht.' Wenn du ein Pferd fragst: 'Möchtest du ein Esel sein?' sagt es: 'Nicht nötig, mein Herr erschuf mich als Pferd. Die mich reiten, sind Kavaliere, Sultane. Die Schwerter, die sie in der Hand haben, sind Sayfu l-Maslul. Sie sind die Schwerter, die gezogen werden, die aus der Scheide gezogen werden. Die auf mir reiten, sind Sultane. Ich bin kein Esel. Ich bin die Schöpfung, die weiß, die ihren Reiter versteht und für seinen Dienst bestimmt ist. Mein Herr erschuf mich so.' Deshalb sind unsere Körper, der physische Körper des Menschen, vollkommen. Wenn der Mensch seinen Körper auf dem Weg Allahs benutzt, sind sie die Shamshiri Huda, das heißt, sie sind die gezogenen Schwerter des Herrn. Wer ein Pferd reitet, ist Mensch, wer einen Esel reitet, ist wie er. Die Menschheit kann das nicht unterscheiden!

As-Salamu `alaykum ya Ibadallah. O Diener Allahs, wir sind alle Diener Allahs. Yawmu l-Jadid: Jeder Tag hat eine neue Erscheinungsform. Und entsprechend: "Yawmu l-Jadid, Rizqu l-Jadid." Es gibt eine neue Versorgung für jeden neuen Tag. Das ist wichtig: Yawmu l-Jadid, Rizqu l-Jadid. Alhamdulillah wa Shukurlillah. Asbahna Wasbaha Mulku Lillah. Bismillahi r-Rahmani r-Rahim. Ein neuer Tag, heute ist ein neuer Tag. Gestern war nicht wie heute. Und heute ist nicht wie gestern. Morgen ist kein Duplikat von heute. "Kulla Yawmin Huwa fi Sha'n" (55:29). Allahu Dhu l-Jalal (swt) Hz: "Kulla Yawmin Huwa fi Sha'n." Sha'n, Glanz und Glorie, Allahs des Allmächtigen, die Erscheinung Seiner Uluhiyya, Göttlichkeit, hat kein Duplikat. Lernt Ihn kennen, würdigt Ihn! Seid keine Esel. Sei Sultan, o Mensch! Allah der Allmächtige hat euch geschaffen, damit ihr die Erde beherrscht, damit ihr Kalif auf Erden seid, ein Kalif von Ihm. Er (swt) erschuf euch nicht, damit ihr Diener der Dunya seid, ihr Dummköpfe! Er (swt) erschuf euch nicht für die Dunya. Er (swt) sagte: Der Mensch ist Mein Kalif auf Erden. Er (swt) erschuf euch für Sich Selbst, und ihr werdet die Tiere der Dunya, die Tiere Shaytans? Okay, so seid es! Ihr könnt nicht davor bewahrt werden, Tiere zu sein. Und Tiere können sich nicht davor

schützen, geschlagen zu werden. Der Besitzer eines Tieres hat immer eine Peitsche in der Hand, oder er hat einen Stock. Oder er hat eine Peitsche. Und wenn er es besteigt, hat es Zaumzeug, und für seine Füße hat es Steigbügel, so daß er die Füße hineintun kann. Ihr müßt es selbst wissen.

Ihr solltet euere Aufgabe kennen. Jeden Tag solltet ihr euer Ego beherrschen. Wer sein Ego nicht beherrschen kann, ist ein Tier. Sultane reiten auf Pferden. Sie akzeptieren es nicht, geritten zu werden. Deshalb sind Sultane immer Erste Klasse. Die Herrscher dieser Zeit, die Regierungen sind außerhalb der Mensch-Kategorie. Sie sagen den Leuten: Kommt, setzt euch auf mich, und ich trage euch. Hier, wie sie tragen, ist so. Weil es keinen Sultan gibt. Wo es keinen Sultan gibt, gibt es Tiere. Der Mensch ist geführt von einem Sultan. Und die Herrschaft des Sultans ist "Alliyyu l-A`la Karimu l-Mawla". Aber wie kann die Herrschaft der Tiere sein? Wenn du zu einem Tier in den Stall gehst, tritt es nach dir, schlägt nach dir aus und wirft dich in den Dreck. Schande auf sie! In diesem Zeitalter, das das 21. Jahrhundert ist nach ihrer Zählweise, was ist das Attribut der Menschen? Ihr Attribut ist, der Dunya zu dienen oder die Last der Dunya zu tragen. Und wer Lasten trägt, sind die Tiere. Allah der Allmächtige erschuf den Menschen nicht, um Lasten zu tragen. Er (swt) erschuf ihn geehrt, so daß 'ihr auf Erden herrschen könnt in Meinem Namen, herrschen über die Ins und Djinn, herrschen über alles in Meinem Namen. Es gibt nichts, was euch nicht gehorcht. Sagt Bismillahi r-Rahmani r-Rahim. Ihr werdet bewahrt vor dem Tier-Sein, und die Dunya wird ein Tier für euch. Ihr werdet nicht der Diener, das Tier, der Dunya.'

Aber sie verstehen nicht. Sie lernen nicht. Sie lehren nicht. Sie lernen und lehren nur, was Shaytan sie lehrt. Was sagt Shaytan? 'Werdet alle Tiere für mich, hört auf mich, und euere Dunya wird schön sein.' Und hier, wie ist ihre Dunya jetzt? Schaut auf ihre Dunya jetzt, wie ihre Dunya ist. Was lehrte Shaytan die Menschheit? Er lehrte sie, sich gegenseitig umzubringen, sich gegenseitig zu unterdrücken, die Länder der anderen, ihre Völker, ihre Kinder niederzubrennen und zu zerstören. Das ist nicht Menschlichkeit! Das ist die Lehre Shaytans. Allahu Dhu l-Jalal sagt: "Fa'aslihu Bayna 'Akhawaykum" (49:10). Er (swt) sagt, 'Versöhnt euch', aber Shaytan kommt und sagt, 'Nein! Versöhnt euch nicht, sondern verderbt! Macht es noch schlimmer!' Die Syrer sind im Chaos. Die Iraner sagen von der anderen Seite: 'Ich bin auch noch da!' Was habt ihr in euerem eigenen Land Gutes getan? Habt ihr euere Bürger beschützt? Habt ihr die Befehle

eueres Herrn eingehalten? Der Befehl an euch ist, Menschen zu töten oder Menschen zufriedenzustellen? Warum seid ihr in dieses Land gekommen? Um die Menschen zu töten! Schande auf sie, die Perser, die eine große Nation sind. Sie waren jahrhundertelang die Führenden in der Zivilisation, die Edlen. Sie waren es, die die Fahne des Islam hochhielten. Heute halten sie die Fahne des Islam nicht hoch. Sie machten eine falsche Fahne. Was ist ihre Beschäftigung? Menschen zu töten. Die Häuser der Menschen zu zerstören und auf ihren Köpfen zusammenfallen zu lassen. Ist das, was sie euch in der Geschichte Persiens lehrten? Dies ist die Lehre Shaytans.

Und niemand von ihnen sagt Bismillahi r-Rahmani r-Rahim. Nicht der Führer der Syrer, nicht der Führer Irans oder der Türkei. Niemand von ihnen sagt Bismillahi r-Rahmani r-Rahim. Weil Allahs Befehl ist, "Inna Llaha Ya'muru Bi l-`Adli wa l-Ihsani" (16:90). Allahs Befehl ist, "Inna Llaha Ya'muru Bi l-`Adli wa l-Ihsan." Allah sagt: Bewahrt Gerechtigkeit. Sie rezitieren das jedes Juma'a. 'Und macht Ihsan'. Ihr macht kein Ihsan, sondern tötet Menschen? Ihr zerstört ihre Häuser? Ist das euere Menschlichkeit? Ist das euer Islam oder ist das euere Männlichkeit oder ist das euer Mut? Aus dem Iran nach Syrien zu kommen, um Menschen zu töten? Um die Orte dort zu zerstören? Ist es das, was Allah befiehlt? Welcher ihrer Mullahs kann ja dazu sagen? Die Mullahs werden auch leiden. Würden sie so ermahnen, würden sie gerettet werden. Sonst werden sie nicht gerettet. "Inna Llaha Ya'muru Bi l-`Adli wa l-Ihsan". Sie suchen eine Verfassung. 'Laßt uns eine Verfassung machen'. Was wißt ihr über eine Verfassung? Es gibt die himmlische Verfassung. Astaidhu Billah: "Inna Llaha Ya'muru Bi l-`Adli wa l-Ihsani wa Ita'i Dhi l-Qurba. Wa Yanha `ani l-Fahsha'i wa l-Munkari. Wa Ladhikru Llahi Akbaru!" Hier, das ist die Verfassung des Islam.
'Wir machen eine Verfassung, wir machen einen neuen Dustur'. Macht ihr das? Geht zur Toilette und macht sie da! Geht nicht hinaus, ihr macht eine Sauerei. So sind sie geworden. Sie machen auf die Köpfe der Menschen. Was ist ihr Ihsan? 'Unser Ihsan für euch ist dieses Schwert, sind diese Waffen, diese Flugzeuge, diese Bombardierungen.' Was für Leute seid ihr? Von wem habt ihr diese Lektion gelernt? 'Diese Lektion, es gibt einen Shaytan, genannt Iblis, er lehrt uns.' Dann werdet ihr euch gegenseitig erledigen. Sandte Allah niemanden, um euch zu lehren? "Inna Arsalnaka Shahidan wa Mubashshiran wa Nadhira. Wa Da`ian ila Llahi Bi'idhnihi wa Sirajan

Muniran" (33:45-46). Der heilige Vers, das ist, wie Er (swt) den Propheten sandte, um die Menschen, die in Dunkelheit waren, zu retten, um das wahre Gesicht Shaytans zu zeigen. Ihr hört nicht auf diesen Propheten. Ihr kommt und guckt auf das, was Shaytan euch zeigt. Shaytan sagt, 'Tötet euch gegenseitig. Zerstört euere Häuser. Tötet ihre Kinder. Zerstört, verbrennt!' Diese Lehre gehört zu Shaytan. "Inna Llaha Ya'muru Bi l-`Adli wa l-Ihsani". Allahs des Allmächtigen Befehl ist Gerechtigkeit und Ihsan. Wo es Unterdrückung gibt, haben sie keinen Ihsan.
Wir sagen, wir lassen die Leute zu allen Muslimländern sagen: Sie sind hinter Dustur her oder die Türken sind hinter einer Verfassung her. Allah der Allmächtige lehrte euch die himmlische Dustur. Jedes Jum'a sagt ihr auf der Mimbar am Ende der Khutba: "Inna Llaha Ya'muru Bi l-`Adli wa l-Ihsani wa Ita'i Dhi l-Qurba. Wa Yanha `ani l-Fahsha'i wa l-Munkari. Wa Ladhikru Llahi Akbaru. Wa Allahu Ya`lamu ma Tasna`una". Die Verfassung des Islam ist darin. Warum öffnet ihr das nicht und untersucht es? Er kommt hoch und sagt, 'Ich bin der Bruder der Muslime und mache Dustur.' Ptuu! auf dich und die Dustur, die du machst! Sie haben keinen Glauben und keine Religion. Wer immer vom Quran absteht, hat keinen Glauben in die Religion, und das Feuer wird sie verbrennen. Zorn kommt jetzt. "Jahidu fi Sabili Llahi". Mit wem kämpft ihr, auf welche Weise? Ihr tötet euere eigenen Leute! Ihr erledigt die Muslime! Ihr versklavt die Muslime! Ihr habt allen möglichen Dreck, alles mögliche Übel erlaubt. Wenn es 10 Moscheen gibt, gibt es 100 Orte der Verderbtheit. Ihre Führer fürchten Allah nicht und schämen sich nicht vor dem Propheten. Niemand wird wissen, wo ihre Leichname begraben sind. Sie werden vernichtet, weil sie mit Allah kämpfen. "Wa 'Umli Lahum inna Kaydi Matin" (7:183). Er (swt) sagt: Ich gebe ihnen Aufschub, aber Meine List ist sehr stark. Meine Falle wird sie eines Tages fangen, und sie werden bestraft werden mit ihren eigenen Taten. Sie werden bereuen, aber es wird ihnen nichts nützen.
O die beanspruchen, Muslime zu sein! Oder die an andere Religionen glauben, die den Islam nicht mögen! Manche von ihnen sind Juden, manche sind Katholiken. Die Christen, was mögen sie nicht am Islam, daß sie ihn immer noch bekämpfen? Sie sind auf dem falschen Weg. Deshalb sagte der Papst: Ich gebe auf, weil was wir tun, nicht richtig ist. Wir haben diese Institution des Papsttums erfunden. Wir haben diese Kardinäle erfunden. Unser Tun wurde falsch. Ich will es nicht mehr, sagte er. Ich gebe es euch zurück. Wenn es nicht von den Himmeln eingesetzt ist, hat diese Sache nichts Gutes. Ich bin all diese Jahre Papst gewesen, ich habe nichts gewonnen. Sonst

hätte ich es behalten. Aber ich konnte es nicht, und ich bereue auch die Jahre, die ich damit verbracht habe. Ich fand einen Menschen, der mir all das gesagt hat, und er ist auch auf seinem eigenen Platz. Ich erwachte mit ihm. Deshalb glaube ich nicht mehr, daß ich auf der Seite Allahs angenommen werde mit gefälschten Titeln und dem Tragen von Gewändern. Ich kann in der Gegenwart Meines Herrn nichts gewinnen mit den Titeln, die ihr mir gebt. Ihr nennt mich 'Heiligkeit'. Diese Heiligkeit kam nicht von Oben. Ich habe es von Oben erwartet. Ich sehe, daß es nicht kam nach all diesen Jahren. Ich sagte, Unsere Sache ist nicht fest. Ich sollte aufgeben. Wen immer es interessiert, soll es nehmen, und ich gehe. Ich bin schwach. Ich bin schwach, sagte er. Ich konnte es nicht tun. Ich konnte es nicht finden, ich konnte es nicht zu fassen bekommen, sonst, wenn ich glauben würde, daß dieses Papsttum von den Himmeln käme, würde ich sogar darauf hoffen, der Kehrer dieses Platzes zu sein. Ich sehe, daß nichts von den Himmeln kommt. Wer hier sitzt, ist in den Händen der Kardinäle, die jeder ein anderes Gewand tragen. Diese Station, die gewählt wird von denen mit niedrigerem Rang, kann einer Person nichts geben. Keiner dieser Kardinäle kann mir etwas geben. Sie sind unter mir. Aber sie wählten mich zum Papst. Ich will das Papsttum, das sie mir gaben, nicht. Ich will das Papsttum, wenn es von den Himmeln kommt. Nehmt euer Papsttum, ich gehe. Also gibt es Weisheit in den Geschehnissen.

Eine Peitsche auf die Muslime. Die Ägypten kontrollieren, nennen sich Brüder. Sie lügen. Weil sie sagen, 'Wir machen eine Verfassung'. Aber jede Woche rezitiert der Imam in der Khutba: Was ist unsere Dustur? "Inna Llaha Ya'muru Bi l-`Adli wa l-Ihsani wa Ita'i Dhi l-Qurba. Wa Yanha `ani l-Fahsha'i wa l-Munkari. Wa Ladhikru Llahi Akbaru." Diese Verräter verbieten den Dhikrullah! "Wa Ladhikru Llahi Akbaru. Wa Llahu Ya`lamu ma Tasna`una." Allah der Allmächtige weiß, was ihr tut. O Tyrannen in Ägypten, o Tyrannen in Lybien! O Tyrannen in Arabien! O Tyrannen in der Türkei! O Tyrannen im Iran! O Tyrannen in Sham! Ist das Türkisch? Sie sagen immer noch Dustur! Wenn ihr die Dustur des Islam nicht kennt, wozu seid ihr gut? Kam der Islam ohne Dustur? Ihr schamlosen Menschen! Ihr, die Allah nicht fürchten! Gibt es keine Dustur im Islam? Hier ist die Dustur, jede Woche am Jum'a. Ich warne den Mufti von Ägypten! Wenn sie das nicht erklären, werden sie am Gerichtstag leiden. Er sollte sagen, 'Dieser Mann ist ein Diener Allahs. Er erinnert uns an die Dustur des Islam.

Jede Woche rezitierte der Sultan das: "Inna Llaha Ya'muru bi l-`Adli wa l-Ihsani" - Gerechtigkeit

und Ihsan. "Wa Ita'i Dhi l-Qurba. Wa Yanha `ani l-Fahsha'i wa l-Munkari." Dunya und die islamische Welt sind voll Fahsha' und Munkar: Ihre Frauen sind nackt, ihre Männer sind eine Bande, die hinter ihnen herlaufen. "Wa Yanha `ani l-Fahsha'i wa l-Munkari. Wa Ladhikru Llahi Akbaru." Wenn du bei der Kaaba sitzt und sagst, "La ilaha illa Llah", kommen sie sofort und sagen, 'Das ist bid'at'. Möget ihr im Feuer kochen mit euerer bid'at! Ich mache bid'at, wenn ich sage "La ilaha illa Llah" bei der Kaaba? Qul Rabbi Allah. "Wastaqim!" - Geht aufrecht. "Kama 'Umirta". Wer sagt euch diese Befehle jedes Jum'a seit 1500 Jahren? Dies ist der heilige Vers, der überall, jedes Jum'a rezitiert wird, und ihr sucht immer noch nach Dustur? Habt ihr keine Scham? Wo ist euer Glaube, euere Religion, daß ihr danach strebt, Dustur zu machen? Der Mensch kann den Menschen nicht führen. Allah ist Wer den Menschen führt. Schande! Ihr geht herum und beansprucht, islamische Gelehrte zu sein. Ihre Gedärme werden hervorkommen am Gerichtstag. Früher gab es Wasserräder und ein Tier, das sie drehte. Sie drehten, um Wasser zu bringen. Genauso werden die Gelehrten, die das nicht sagen, am Tag des Mahshar erniedrigt werden. Ihre Gedärme werden aus ihren Bäuchen herauskommen und sie kreisen wie Wasserradtiere.

Fürchtet Allah, Gelehrte Ägyptens. Fürchtet Allah, türkische Gelehrte! Fürchtet Allah, iranische Gelehrte! Fürchtet Allah, Gelehrte von Sham! Fürchtet Allah, Gelehrte des Hijaz! Fürchtet Allah, lybische Gelehrte! Tunesische Gelehrte! Marokkanische Gelehrte. Ihr seid alle Araber, ihr könnt Arabisch. Ihr sucht Dustur? Schämt ihr euch nicht? Fürchtet ihr nicht Allah? Wenn es Dustur gibt, den Allah gesandt hat, macht ihr selbst Dustur? Hier, Allah sagt die Dustur des Islam. Ihr rezitiert es jedes Jum'a. "Inna Llaha Ya'muru bi l-`Adli wa l-Ihsani wa Ita'i Dhi l-Qurba. Wa Yanha `ani l-Fahsha'i wa l-Munkari. Wa Ladhikru Llahi Akbaru." Wenn ihr Dhikr macht, sagen sie "bid'at", "haram"? Was für Tiere sind sie? Und sie geben sich selbst den Titel "Imam". Was für ein Imam? Diese sind Tiere Shaytans! Der heilige Vers: "Wa Ladhikru Llahi Akbaru. Wa Llahu Ya`lamu ma Tasna`una". Allah weiß von euerem Tun. Er (swt) wird mit euch abrechnen. Er (swt) wird euch Adab lehren. Aman ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Dies ist eine Mitteilung für die ganze Welt: Gibt es einen besseren Dustur als das? Sie rezitieren es jedes Jum'a. Mursi, Turshi.. Sie alle rezitieren es. "Inna Llaha Ya'muru bi l-`Adli wa l-Ihsani wa Ita'i Dhi l-Qurba. Wa Yanha `ani l-Fahsha'i wa l-Munkari."

Ihr habt das Land mit Fahsha' und Munkar gefüllt! Es ist haram für die Frauen, den Männern

auch nur ihre Finger zu zeigen. Sie sind alle auf der Straße. Sie wandern herum wie die Frauen, die ihre Ehre nicht bewahrten, in der alten Zeit. Sie wurden alle modische Leute. Sie sehen aus wie Affen! Sie haben ihre Menschlichkeit verloren. Aber "Fasawfa Yuhasabu `ala Mafaa'lu." Sie werden zur Rechenschaft gezogen für ihr Tun. In euere Häuser! Muslimfrauen können nicht auf der Straße sein! Es ist haram. Soll ein Mufti sagen, 'Es ist halal'. Er wird die Nacht nicht überleben. Dies ist nur ein Fleck des himmlischen Zorns. Wenn sie nicht hören, kommt so eine schwere Strafe, es wird sie hinwegfegen! Ich sage, möge Allah uns nicht zu ihnen gehören lassen. Möge Er uns nicht unserem schmutzigen Ego folgen lassen. Sie suchen Dustur. Sie machen Verfassungen. Wer sind sie? Statt einer Verfassung, geht aufs Klo und macht! Welche Verfassung? Sandte Allah euch nicht die Verfassung, Gelehrte der Türken? O die ihr keinen Respekt vor der Shari'at habt! Hört, was auf eure Köpfe kommen wird! Was wird kommen? So viele kranke Dinge, die ihr euch nicht mal vorstellen könnt! Aman ya Rabbi, Tawba ya Rabbi. Der Papst hat es verstanden. Unsere Leute verstehen es nicht.

Der Papst hat es verstanden. Er sagte: 'Diese Sache ist eine Sache, die zu den Himmeln gehört. Es geziemt nicht den Menschen auf der Erde zu wählen. Ich gebe auf. Bringt wen immer ihr wollt. Ich gehe zurück auf meinen Platz und mache Dienst für meinen Herrn. Ich brauche nichts anderes.' Ya Rabbi Tawba. Ya Rabbi Tawba. Tawba Astaghfirullah. Zu Ehren Deines Geliebten, o Herr, La ilaha illa Llah, Sayyidina Muhammad Rasulullah (saws). Mögen wir seine Fahne hochhalten. Wer unsere Jugend wegführt vom rechten Weg, möge den Ramadan nicht erreichen! Möge, wer die Dustur des Islam nicht anerkennt, die Dunya verlassen und ins Feuer gehen. Es ist ein Fluch auf ihnen. Niemand kann mit Allah spielen. Nein, nein! Kennt euere Grenzen und seid euch der Worte bewußt, die ihr sprecht, oder ihr habt Probleme. Niemand von ihnen wird auf Erden bleiben! Jazaul Kufr Qatl. Die Strafe der Ungläubigen ist, schmerzhaft zu sterben. Nicht einfach zu sterben, sondern unter Schmerzen zu sterben. Gelehrte Ägyptens! Diese Worte sind nicht meine Worte, sondern die Worte Allahs (awj). O Herr, vergib mir auch. Ya Rabb. Waghfu anni Waghfirli Warhamni wa Tub `alayk wa `ala Kullu Ghafilin ya Rabbi. Mögest Du uns den Imam senden, den Sultan, der uns aufweckt. Diese Worte werden mit der Barakah von Bismillahi r-Rahmani r-Rahim gesagt. Bedenkt das. Sonst werdet ihr den Ramadan nicht erreichen. Fatiha.

## The Islamic Flag has no Sword

Why have the Saudis put a sword on their flag? The Islamic flag should have "La illaha il'la'Llah, Muhammad rasul Allah" written on it, not a sword! They only do this to make people fear Islam. Why? We do not accept it! Put a crescent in the four corners, the moon and a star. But not a sword! They want others to say that we want to force them with the sword, that Islam is spread by the sword. That is what they claim, and say that Christianity has no sword. Even though Christians are using every kind of weapon. At the same time they blame us for using a sword. Yes, in the beginning the followers of Jesus Christ* did not use swords, but then they started to use anything to kill people. This is important to know.

## ISLAMIC GOVERNMENT

Without a Sultan there is no such thing as an Islamic government. There is no democracy in Islam. There must be a Sultan for every Islamic country and a Calipha for all Islamic countries. Without having a Sultan, a country cannot call itself Islamic.

When the children of Israel came to Allah and asked Him for permission to fight against Shaitan, Allah told them that first they must have a King. Not a President, a King! Power must be in one hand. Not like in a democracy where everybody thinks that they must have power. Even educated people within Islam, who are now claiming that we should have Islamic states, do not know the first condition: that we must have a Sultan.

They are running after parliaments, and these parliaments are Jewish tricks to put Islam down. There is no such thing as parliaments in Islam.

A Sultan has a Grandwezir and 7 Wezirs appointed for his consultation. The Sultan chooses his own people for this. It is not the people from the market who send their people to advise him. No! This has never happened in Islam, right from the beginning there were never people sent from the market to advise the Sultan. That is the difference between Islam and unbelief. The system of the unbelievers are bringing people from the market, from the feet, to advise. But Islam brings the people from the head. Do you think that

Sayidina Abu Bakr let other people choose the ones who were to advise him? No! He chose. Sayidina Omar too, he chose. Muhammad sws. chose his advisors from the top. Don't choose your people from the bottom, choose them from the top! The people from the market know how to sell potatoes, tomatoes, noodles, shoes and clothes. That is what they know how to do and what they should do.

They are all wrong. Iran is wrong. Afghanistan is wrong. Turkey is wrong. Wherever there is no King, the country is wrong. The Sultan is the one who should keep the power in his hands and who should give the order.

Muhammad sws. said that after the Kings and Sultans there would be only tyrants and dictators. Now look everywhere. Beginning with Turkey. Wherever the Kings left, a dictator came and started giving trouble to the Muslims with his parliament. Why should we have parliaments? The parliaments in Europe were created to make rules and laws. We already have rules. Allah Almighty sent them. So why are you bringing these people to parliament? To make new rules? For what? We have the Sharia.The Sharia is ready. Why should we have parliaments? Non-muslims are having parliaments so that they can create new rules. But we have rules!

All of this is to be able to cheat people better. The system of parliament, democracy, is a business system, so that people will get even more materialistic desires. When one party is in power they will fill their pockets as quickly as possible. Then they are kicked out and the next one gets a chance.Then they get kicked out and yet another one comes. Therefore everyone is very anxious to get to power. For what? For their egos. The first reason is to reach to fame, the next to fill their pockets.

I've now heard that Muslims have even established a party here in England. They want the same... They want a share. A share of what? A share in the company of parliaments? Or in the parliament of companies?

This Jewish trick started in 1789 and it is going on until today. Everything which has been ordered by Allah Almighty is being put down, by Christians as well as by Muslims. It began with the French Revolution and then step by step it reached every monarchy and put it down. That is what Muhammad sws. meant when he said that the feet would replace the heads. The honoured people have been put down and the low people have been put on top.

May Allah forgive us and send us someone to change all of this back to the right way. Why are people cheated

so easily into thinking that the democratical system is good? Why don't they realise that Allah Almighty has given them a theocratical system? Why do they think that the laws they make are better than the ones that Allah has sent to them? The Muslim world is sleeping. We need someone to come and tell us to wake up. "Wake up, wake up, wake up!"

## Islam is alive and coming with power!

As-salamu alaikum! Eid Mubarak!
Ashadu an la ilaha ill-Allah wa ashadu ana S.Muhammadun ‘abduhu wa Habibuhu wa Rasulullah.

O people, we are saying: Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyi-l ‘Adhim. I was not thinking that I may be able to come for Eid praying. I was feeling that I am weak, but for the honour of this holy Day that Allah Almighty (is) giving His Forgiveness and Blessings to (the) Ummatu Muhammad, particularly on those) whom they are on Arafat and (whom they are) running through Muzdalifa up to Mina. (He is) giving to me also, from Allah Almighty Blessings (is) coming (and) I am feeling better. Therefore- I am only making a remembrance for something that it is granted to me tonight to say to you.O people through East and West, from North to South! Alive religion, living religion, (is) only Islam!

I was looking last night and (I was) seeing people, how they are running from Arafat to Muzdalifa, saying: “Labbaik Allahumma labbaik! Labbaika, la sharika laka, labbaik! Inna-l hamda wa ni’mata, laka-l wa-l Mulk, la skarika lak!” They are running like rivers! They are

saying that they are 3 million people running and coming. Then I was thinking (about) these 3 millions that they are able to come and visit. And then I was informed that if there was a chance for 30 million, what about? 3o million also was running! What about if can be granted, to be given a chance for 300 million Muslims to come to that holy place? What do you think? They should run also, full with respect and love, running 3oo million Muslims! What about, if it was going to be 3 billion people, Muslims, granted a chance to come to Arafat and Arafat (was) so big and (the) way so big? What do you think? 3 billion people, they are running to go there and to run!

What about for you? Anyone given a chance and (he was) staying her? No!
Subhanallah! Therefore, when I was looking last night – Subhanallahi ‘Aliyi-l ‘Adhim - it was an ocean of man, running rivers. These running rivers never tiring, never going to give... They are saying: “Labbaik Allahumma labbaik...” These words... O people, those mankind must think on it! What (they) must think on? Which Angel ‘tuharrik’, may (move them), or which one may be able to make millions of people to move from East to West, from West to East, from North to South, from South to North? Which they are coming, people, someone (is) paying them to come and visit that place and to run though deserts? Ya Hu, people, 21st century people, they lost their minds! They lost to think on it! They are drunken people! Think on it; you should find that Islam, that is (a) living religion, supported from Heavens! Heavenly Power (is) making whole people to run! (But these people are) never thinking!

That Pope, why (is he) not thinking? That Patriarch, why (he is) not hinking?
That Hakam Bashi, Rabbi, why (is he) not thinking? Where is their power? Christians, where is their power? O Jewish people, where is your power? O millions (of) Hindus-Mindus, where is your powers? We are here! ...? ... Where is your power, show! “Islam (is) coming! We are fearing that Islam (is) coming to Europe!” ‘Ghaman ala anfun’, against their will, Islam (is) coming! (It is) coming and covering from East to West, from North to South, over oceans, on continents! Even they are not happy, but (Islam is) coming! Alhamdulillah! That is (the) biggest reward, (the) biggest honour, (the) biggest glory for (a) Muslim, who can say: “I am Muslim! I like to be Muslim!”

O people, hear, listen and come and obey the Holy Command of Heaven!

May Allah bless us through this holy month, (through this) holy day! Allahu akbar, Allahu akbar, la ilaha illallah, Allahu Akbar, Allahu akbar wa lillahi-l hamd... Allahu akbar, Allahu akbar, la ilaha illallah, Allahu Akbar, Allahu akbar wa lillahi-l hamd... Allahu akbar, Allahu akbar, la ilaha illallah, Allahu Akbar, Allahu akbar wa lillahi-l hamd...

We hope that (there) should be a new changing, a grant (?). (There is) coming power, more power for (the) Muslim world, for Muslims, and (the) satanic Sultanate (is) going to be under my feet! Fatiha!

Allahu akbar, Allahu akbar, la ilaha illallah, Allahu Akbar, Allahu akbar wa lillahi-l hamd...

**Islam Is Coming**

---

H.F. Marhaban.

M. You are reciting Yasin al-Sharif? AlHamdulillah wa Shukru Lillah, wa al-Karamu wa al-Afuww min Rabbina Jalla wa Ala. O our Lord! You Are Subhan, You are Sultan Ya Rabbana. You are our Lord. Even if we stood to glorify till the Day of Judgement, still it is nothing, O our Beautiful Allah.

Today is the day that celebrations for our Great Prophet's (sas) holy birth take place. The Earths & Heavens are decorated. Subhan Allah Sultan Allah. Ahlan wa Sahlan. Welcome to you, you came with goodness. We may say Bismillahi r-Rahmani r-Rahim. "Whosoever remembers the Name of Allah in the first place, Allah Dhul Jalal makes everything easy for him. Whosoever remembers the Name of Allah in the first place, Allah makes everything easy for him". Jalla Jalaluhu, Jalla Jalaluhu Jallat 'Azamatuhu. Shukur Allah that He (swt) made us wake up from our sleep. Sleep is half death. The soul is taken and held. Then when you open your eyes, the soul comes back to the body. Allahu Akbar Allahu Akbar. Subhan Allah Sultan Allah. O our Lord. We are nothing in front of Your Glory & Greatness.

Welcome to you, O listeners. Welcome to you, O who want to hear the word of Allah, O who want to learn the way of Allah, welcome to you. Ahlan wa Sahlan. How beautiful. Our Lord Almighty sends the angels who will wake us up from sleep. Angels wake us up. He(swt) doesn't give sarmadi (eternal) sleep & doesn't give eternal wakefulness. Man sleeps, rests & also wakes up, makes service. How beautiful is the arrangement of our Lord Almighty, the lifestyle that He (swt) teaches us. It is beyond imagination. It is very precise. You are Subhan O Lord!

Therefore, when you open your eyes say Bismillahi r-Rahmani r-Rahim. O our Lord, labbayk! Here I am, at Your service O our Lord. You woke us up, here we are O Lord. We show high respect for Your order. We put Your order in the highest place, O our Lord. You are Subhan, You are Sultan. We believe in You, You are Who created us. May our day, our lives be beautiful. May we live for You. We are not 4-legged animals. We are the ashraf al-mahluq, the most honoured one among the creation of Allah. Even more honoured than the angels, because He (swt) ordered the angels "Prostrate before Adam!"

But what can we say? What is the attribute of today's man? He doesn't know to say the Bismillah. May we remember the Name of Allah first. The seal of every action is the Bismillah. Seal your life when you wake up. Say Bismillahi r-Rahmani r-Rahim. But we fell into such a time that.. The old ones would say like this- "The time has become the end of times. Ignorance has covered the whole world. If you ask them, they don't even know the meaning of faith". Man is putting himself into the category of animals. But we are the honoured creation. Allah Almighty granted honour that He (swt) didn't grant the angels for the children of Adam- the Divine Honouring. Shukur Allah, Allah... Know this! Don't play! What do the people of this time know? Ignorance has covered the world.

If asked they won't know the meaning of faith. Cats know what they should do: They catch mice. Dogs, bark & scare. Donkeys know that they will be ridden. Mules know that they will be loaded. Horses know that honourable men will ride them. Therefore "O Shah of the courageous men! (Shah al-Mardan) Step into the stirrup of the horse like a man!" When the Sultan came to the mounting stone the soldiers that are present there glorify the Sultan who is going for war. "O Shah al-Mardan! Step into the stirrup of the horse firmly". Step into the stirrup like a man!" And Sultan would jump on it like this & draw his sword. This honour was for us!

Now shaytan corrupted & dishonoured the people, whole mankind. "O Shah al-Mardan, o our Sultan who is the greatest of the brave men. Step into the stirrup of the horse firmly, like a man!" When they said like this, he would jump on it like a lion. The ones now sit in such seats..So high seats that if they were to fall on their heads it could kill them. They sit in big seats. "Chairs are

not enough for them?" "How can it be?" Chairs would not be enough? May it fall on their heads! "How can it be chair for men like us? We need seats". "But your seat is too big". "Of course, it has to be a seat according to my title, can't be a chair". Your rank is not with the seat you sit on! It can't be with your seat. The value of who considers himself great with his seat is like what comes out from his bottom. He has no value.

Be aware of your honour. "We granted the children of Adam such an honour that We did not grant it to any other creation". He (swt) says "I give mankind such a rank that no angel, no any other creation received such a rank". You are Subhan O Lord. You are Sultan. Allahu Akbar. Allahu Akbar Allahu Akbar. It is Your Sultanate O Lord. With what thing does one receive the Sultanate You granted in dunya? The Sultanate is granted to who says Bismillahi r-Rahmani r-Rahim. "Step into the stirrup of the horse like a man!" And he would jump on it saying Bismillah. When he drew his sword, all the soldiers would applaud. He would ride as if flying.

The unbelievers would ask "Who is the commander of the soldiers coming?" "This Pasha, that Pasha.." "Ok, no harm then. We may go to war. We can fight". "Who is coming with the soldiers? Is the Sultan with them?" When they are told that the Sultan is with them their strength & power would be gone. Allah Dhul Jalal granted the Sultan such a majesty. "Step into the stirrup of the horse like a man, like the brave ones! March!" The Sultan would ride in the front like the wind. When it is said "There is the Sultan" the unbelievers would already be so overwhelmed with fear. For the armies that don't have a Sultan but only Pashas, they would say "Ok, no harm. We may go to war". When they heard that the Sultan is with them they would say "it is very difficult for us". He (swt) dressed majesty on the Sultan. President, prime minister, head minister, bottom minister.. All invented titles. These have no value. "As-Sultan Dhillullahi filard" When they said "Sultan" Allah Almighty dressed on him such a majesty the whole world would tremble.

What can we do? This time "Ignorance has covered the world. If you ask they won't know the meaning of faith". They say "What is faith?" Donkeys like you who say this can't know what faith is. You became a donkey, animal to shaytan & ask on top of it "what is iman"? Go & ask who made you a donkey.

All of them are imitated titles. The real title, the real title is the title of Sultan- Sultan. Sultan- Allah Almighty granted him from His Holy Name. Allah Almighty did not say for Himself "The President" but said Sultan- the Absolute Sultan. Allah Almighty grants Sultanate as well as dominions for whoever He likes. "Allahu Akbar. Allahu Akbar. Our army is always victorious. Bismillahi r-Rahmani r-Rahim". When he drew his sword & marched the seven unbelieving nations of Europe would tremble. "The Ottomans are coming!" They ask "Is the Sultan with them?" When they heard that Sultan is with them they would fear & say "it will be very difficult".

"No, the Sadrazam or another Pasha comes on behalf of the Sultan" they would then say "we can meet them". But when it is said that "The Sultan is coming with his soldiers". they would fear. Look at the majesty of the Sultanate, yet we were ignorant & kicked our Sultan, our Sultan who ruled the whole world, out of their own state which they conquered with their own swords. What authority did we have? We fell into this situation. We fell into this situation. May Allah send us a Sultan.

He (swt) says "I will send. For the honour of my Beloved, I will". O Beloved of Allah. Shukur that your name is remembered, whole Islamic World takes pride in your Mawlid al-Sharif. And in the whole world also, who knows him is proud. What a Sultanate is this, that an orphan child carries 3 billion men in the world behind him. Then think on this! But there is no one who thinks. Who thinks is man & who doesn't think is animal. O Glorious Prophet, forgive us. We couldn't keep the respect & glory for you as we should. We couldn't show the necessary love & respect, What we showed is not even a speck. Your glory is remembered in the 7 Heavens, your name is remembered as Habibu Rabbil Alamin! The Beloved of the Lord of the Worlds. of whom He(swt) says "If it wasn't for you, I would not create this universe".

The Prophet (sas) came with such a glory. He didn't sit in a seat. He didn't sit in a seat & say "I am this, I am that". Who made the wild mankind tamed & disciplined, who taught adab for the ones that are beyond adab, who collected & ordered those that ran away from servanthood & prefer to be animals to shaytan & make them prostrate in the Presence of Al-Bari is the Great Prophet (sas). May it be mubarak! O Glorious Prophet! Make us to be forgiven. Send us a Sultan.

We are left without a Sultan & we are left without faith. We are left without a Sultan & we are left without any strength & turned into empty sheathes. There are no full sheathes now, all straw. All straw, it has no grain. Straw is for animals, grain is for men. They leave the grain & run after straw. They call it the 21st century. Allah Almighty knows which century it is.

Their fight is this "You vs me". "Get off & I will get on". "You get off & I get on". Shaytan ridiculed mankind with this "you vs me" fight. We threw off the Sultanate rank He(swt) dressed on us. And for that dirty, cheap dress-not even a showy dress- that shaytan dresses the whole world rushes to take it & put it on. This is the claim of Russia, of the US, of the Turks, of the Arabs, of the Americans, of the British.. They have no other thing to worry about. "We should wear this lousy dress on us". And once they wear, they get itchy- they always want to itch. And on top of this, the flies rush on them. They have no brush to repel them. But they have tails, they do like this with their tail..

Shaytan dishonoured, humiliated mankind like this. Allah Almighty (jwa) glorified us- The rank of glorify. The Great Angels said "Why did You not grant this to us instead, O our Lord? You created Adam & granted him the Caliphate". "I am Your Lord Who does as He likes, as He wishes. Don't ask Me this but ask Adam.." There is no one who teaches or make the people believe in these things; neither our hojas nor our hajjis know this. Shame on us. Our schools are not maktabs anymore but they are mental houses that train donkeys, meaning this high education. We studied, then? The people become crazy ones in the mental houses. What is it that we call the crazy ones in mental the house? "I will be number one, I will be on the top.." He can't be anything. A person who doesn't know his Lord cannot be anything, cannot have any value.

Therefore they will be thrown into fire: You didn't know Your Lord. You ate from His provisions then you disrespected the blessing. You didn't say once "Bismillahir-Rahmani r-Rahim. O our Lord Who created us, We are Your servants. We are at Your door. May You have Mercy on us. You are Who grants our provision & You are the One Who orders. May we be as You want. O Lord, may You send us Your servants who will train us".

And He (swt) sent. Not only this world but even if it is 70 worlds like this, the Beloved (sas) can

train them. They say "His birth is celebrated"- the Owner of the Mawlid Al-Sharif is our Prophet (sas). He has the power, the majesty, the greatness to train not only this world but 70 worlds. He has honour in the sight of Allah. Who follow him are honoured. There is no honour for who doesn't follow him, they will fight each other. They don't say Bismillahi r-Rahmani r-Rahim.

They say 'nature', they say all different imitated words. May they be destroyed with their 'nature'! They can't say "Allah created". They say "Nature created us". Therefore they don't find any goodness. What will save us from this ignorance..? O Lord, Your Divine Grants are for Your Beloved.

May You send us an atom from the adab, knowledge & hilm/softness oceans of Your Beloved that we may appreciate him. We should appreciate the one who informs us about You, we can't know You without knowing him. Then let us say Bismillahi r-Rahmani r-Rahim. The Bismillah is a sword. If it strikes, they can have no missile or museum. O our Lord, shukur to You. May You forgive us O Allah. We are weak O Lord. Qawwi dha'fana fi ridaq. May You make our weakness go away with this O Lord. Send us a Sultan that he may teach us. We are left in the hands of shaytans. We have no Sultan. Send us a Sultan O Malik al-Muluk. Our Lord Who is the Absolute Master of the Earths, Heavens, Mulk & Malakut- send us a Sultan. And we defeat the shaytan, save those who follow him. You dressed the dress of honour & glory on the children of Adam. May we keep that honour of the servanthood Ya Rabbana, You know.

We are helpless O Lord. We are helpless O Lord. We are helpless O Lord... Mankind trembles in fear because of an unseen virus but does not take care for Allah Dhul Jalal. Ignorance covered the universe. The whole world is ignorant. They don't know Who created them & don't want to know either. If you ask them, they won't know the meaning of faith. They say "What faith?" "Astonishing, have you not heard of faith before?" "No, I haven't". Your shaytan bridled you all right & got on your neck. Your shaytan made you reject your humanity. May Allah make us far away from following our ego.

O Glorious Prophet! May you send us a Sultan from our Lord. That our sword..Your sword, O Sayyid al Awwalin wal Akhirin, O Beloved, your sword can reach from East to West. Your

honour is not with making fireworks show in the sky. We are not Christians. They show their religion with the fireworks in sky. It has no value, they disappear immediately. We want the stable stars, suns. We want the universe. We want to make our service in the Dominions of our Lord. O our Lord, tubna wa raja'na ilayk. Mubarak the Mawlid al-Sharif of the Great Prophet (sas).

Insha Allah starting from today, men who will give strength for Islam will appear. Starting from today, the manifestation will change. Starting from today, peoples' hearts will turn to Islam, will turn to the servanthood of Allah. Shaytan will be defeated! Shaytan & his supporters can't be victorious. Say Bismillahi r-Rahmani r-Rahim. Draw the sword of Haqq & have no fear. Think!

A 7 year old respectable one, a child in the middle of the deserts, who is an oprhan-who lost both his mother & father, appeared & is now ruling on earth. But who runs away without accepting his rule will fall into troubles. This world will see it, they will return to the way of Allah's Beloved to whom He granted His Sultanate. They will leave shaytan's doings. Who won't leave will be wiped out. Dunya will be cleaned. Watch out, starting from today everything will turn to the way of that Prophet of the End of times. It will be enforced. Otherwise they will be whipped. Tawba Ya Rabbi, Tawba Ya Rabbi, Tawba Astaghfirullah. Shukur Ya Rabbi, shukur Ya Rabbi, shukur Alhamdulillah.

I am old but I want from our Lord to keep the way of His Beloved, drawing the sword! I want to be with those who gird them- selves with swords from the Heavens. I want to move away from shaytan & the dirtiness he made. Move away & you come close to Haqq. If you move away from Haqq, you come close to shaytan. Then let us say Audhu Billahi min al shaytan al rajim. O Lord, may You protect us from the evil of shaytan. Send us a Sultan. And He will. Look now, starting from today, how the power of Islam will cut their heads like a sledge hammer. How the Sultan will come & do.

Mark today's date & start counting. May Allah show you also those happy days & grant you honour by making service in those days- O who listen to these words, O mankind. Ya Rabbi tawba Ya Rabbi, tawba Ya Rabbi. Tawba Astaghfirullah. Shukur Ya Rabbi, shukur Ya Rabbi,

shukur Alhamdulillah. If You want, You can make the world upside down instantly. You can make the oceans overflow. You can open the Heavens & with snows, with floods, You can sweep the world. You are al-Qadir. We are helpless O Lord. Irham dha'fana irham dhullana, for the honour of Your Beloved & for the honour of al-Fatiha. Bismillahi r-Rahmani r-Rahim.

May He (swt) show us the good days, may He show us Sayyidina Mahdi. May you see Hz Isa also & may you find honour in their service & honouring. My children, my grandchildren, the young ones of the nation of Muhammad (s) will inshaAllah ride horses under the flag of Islam. We don't want any cannon or planes. The majestic voice of our Takbir will shake the world! It is coming, Islam is coming! Shaytan's sultanate will be destroyed & the Sultan that Ar-Rahman appointed will rule this world. We believe & we hope that we can be with them too.
Al-Fatiha.

**Der Islam kommt**

HF: Marhaban. M: Du rezitierst Yasin ash-Sharif? Alhamdulillah wa Shukrulillah wa l-Karamu wa l-Afuww min Rabbina Jalla wa `Ala. O unser Herr, Du bist Subhan, Du bist Sultan ya Rabbana. Du bist unser Herr. Selbst wenn wir bis zum Gerichtstag stünden, um zu lobpreisen, wäre es doch nichts, o unser Schöner Allah. Heute ist der Tag, an dem Feierlichkeiten für unseres großen Propheten (saws) heilige Geburt stattfinden. Die Erden und Himmel sind geschmückt. Subhanallah, Sultanallah. Ahlan wa Sahlan. Willkommen euch, ihr kamt mit Gutem. Wir dürfen sagen: Bismillahi r-Rahmani r-Rahim. 'Wer auch immer den Namen Allahs an erster Stelle erinnert, für den macht Allah Dhu l-Jalal alles leicht. Wer auch immer den Namen Allahs an erster Stelle erinnert, für den macht Allah alles leicht.' Jalla Jalaluhu, Jalla Jalaluhu Jallat 'Azamatuhu.

Shukur Allah, daß Er (swt) uns aus unserem Schlaf erwachen ließ. Schlaf ist halber Tod. Die Seele wird genommen und gehalten. Dann, wenn ihr die Augen öffnet, kommt die Seele zurück in den Körper. Allahu Akbar, Allahu Akbar. Subhanallah, Sultanallah. O unser Herr, wir sind

nichts vor Deiner Glorie und Größe. Willkommen euch, Zuhörer. Willkommen euch, die die Worte Allahs hören wollen, die den Weg Allahs lernen wollen, willkommen euch. Ahlan wa Sahlan. Wie schön. Unser Allmächtiger Herr sendet die Engel, die uns aufwecken aus dem Schlaf. Engel wecken uns. Er (swt) gibt keinen sarmadi (ewigen) Schlaf und gibt keine ewige Wachheit. Der Mensch schläft, ruht und wacht auf, macht Dienst. Wie schön ist die Ausgestaltung unseres Allmächtigen Herrn, die Lebensweise, die Er (swt) uns lehrt. Sie ist außerhalb jeder Vorstellungskraft. Sie ist sehr genau. Du bist Subhan, o Herr! Deshalb, wenn ihr die Augen öffnet, sagt: Bismillahi r-Rahmani r-Rahim. O unser Herr, Labbayk! Hier bin ich, Dir zu Diensten, o unser Herr. Du hast uns aufgeweckt, hier sind wir, o Herr. Wir zeigen hohen Respekt für Deine Ordnung. Wir stellen Deine Ordnung an die höchste Stelle, o unser Herr. Du bist Subhan, Du bist Sultan. Wir glauben an Dich. Du bist Der, Der uns geschaffen hat.
Möge unser Tag, unser Leben schön sein. Mögen wir für Dich leben. Wir sind keine vierbeinigen Tiere. Wir sind die Ashrafu l-Mahluq, die am meisten Geehrten in der Schöpfung Allahs. Sogar noch geehrter als die Engel, weil Er (swt) den Engeln befahl: 'Werft euch nieder vor Adam!' Aber was können wir sagen? Was ist das Attribut des heutigen Menschen? Er weiß nicht, wie man Bismillah sagt. Mögen wir den Namen Allahs zuerst erinnern. Das Siegel jeder Handlung ist das Bismillah, das Siegel eueres Lebens, wenn ihr aufwacht. Sagt Bismillahi r-Rahmani r-Rahim. Aber wir fielen in so eine Zeit, die... Die Alten würden es so sagen: 'Die Zeit ist das Ende der Zeit geworden. Unwissenheit hat die ganze Welt bedeckt. Wenn du sie fragst, wissen sie nicht einmal die Bedeutung des Glaubens.' Der Mensch stellt sich selbst in die Kategorie des Tieres.

Aber wir sind die geehrte Schöpfung. Allah der Allmächtige gewährte Ehre, die Er (swt) den Engeln nicht gewährte, den Kindern Adams, die Göttliche Ehrung. Shukur Allah, Allah... Wisset das! Spielt nicht! Was wissen die Menschen dieser Zeit? Unwissenheit hat die Welt bedeckt. Wenn gefragt, wüßten sie nicht die Bedeutung von Glauben. Katzen wissen, was sie tun sollen. Sie fangen Mäuse. Hunde bellen und machen Angst. Esel wissen, daß auf ihnen geritten wird. Maultiere wissen, daß sie beladen werden. Pferde wissen, daß ehrenwerte Menschen auf ihnen reiten werden.

Deshalb: 'O Shah der mutigen Männer! (Shah al-Mardan) Steige in die Steigbügel des Pferdes

wie ein Mann!' Wenn der Sultan zum Steigestein kam, waren die Soldaten da, um den Sultan zu preisen, der in den Krieg zog. 'O Shah al-Mardan! Steige fest in die Steigbügel des Pferdes!' Steige in die Steigbügel wie ein Mann!' Und der Sultan sprang so darauf und zog sein Schwert. Diese Ehre war unser! Jetzt hat Shaytan die Menschen verdorben und entehrt, die gesamte Menschheit. 'O Shah al-Mardan, o unser Sultan, der der größte der tapferen Männer ist, steige fest in die Steigbügel des Pferdes, wie ein Mann.' Wenn sie das sagten, sprang er hinauf wie ein Löwe. Die Jetzigen sitzen in solchen Sitzen.. So hohen Sitzen, daß es sie, wenn sie auf ihre Köpfe fallen sollten, töten könnte. Sie sitzen auf großen Sitzen. 'Stühle reichen nicht aus für sie? Wie kann das sein? Stühle wären nicht genug? Mögen sie auf ihre Köpfe fallen. 'Wie kann es ein Stuhl sein für Männer wie uns? Wir brauchen Sitze.' 'Aber euer Sitz ist zu groß.' 'Natürlich, es muß ein Sitz sein, der meinem Titel entspricht. Es kann kein Stuhl sein.' Euer Rang bezieht sich nicht auf den Sitz, auf dem ihr sitzt! Er kann nicht mit euerem Sitz sein. Der Wert dessen, der sich selbst als groß mit seinem Sitz ansieht, ist wie das, was aus seinem Hintern herauskommt. Er hat keinen Wert.

Seid euch euerer Ehre bewußt! 'Wir gewährten den Kindern von Adam solche Ehre, daß Wir sie keiner anderen Schöpfung gewährten.' Er (swt) sagt: 'Ich gebe der Menschheit so einen Rang, daß kein Engel, keine andere Schöpfung so einen Rang erhielt.' Du bist Subhan, o Herr. Du bist Sultan. Allahu Akbar. Allahu Akbar, Allahu Akbar. Es ist Dein Sultanat, o Herr. Mit welcher Sache erhält man das Sultanat, das Du in der Dunya gewährst? Das Sultanat ist gewährt dem, der sagt Bismillahi r-Rahmani r-Rahim. 'Steig in die Steigbügel des Pferdes wie ein Mann!' Und er sprang hinein und sagte Bismillah. Wenn er sein Schwert zog, applaudierten alle Soldaten. Er ritt wie im Flug. Die Ungläubigen fragten: Wer ist der Kommandeur der Soldaten, der kommt? Dieser Pasha, jener Pasha.. Okay, kein Schaden denn. Wir können in den Krieg ziehen. Wir können kämpfen. Wer kommt mit den Soldaten? Ist der Sultan bei ihnen? Wenn ihnen gesagt wurde, daß der Sultan bei ihnen sei, war ihre Stärke und Kraft dahin. Allah Dhu l-Jalal gewährte dem Sultan solche Majestät. 'Steig in die Steigbügel des Pferdes wie ein Mann, wie der Tapferste! Marschiere!' Der Sultan ritt wie der Wind vorneweg. Wenn gesagt wurde 'Dort ist der Sultan', waren die Ungläubigen schon ganz überwältigt von Furcht. Bei den Armeen, die keinen Sultan hatten, sondern nur Pashas, sagten sie: Okay, kein Schaden. Wir können in den Krieg

ziehen.' Wenn sie hörten, daß der Sultan bei ihnen sei, sagten sie: 'Es ist sehr schwer für uns.'

Er (swt) bekleidete den Sultan mit Majestät. Präsident, Premierminister, Oberminister, Unterminister.. alles erfundene Titel. Die haben keinen Wert. "As-Sultan Dhillullahi fi l-Ard." Wenn sie sagten 'Sultan', Allah der Allmächtige bekleidete ihn mit so einer Majestät, die ganze Welt zitterte. Was können wir tun? In dieser Zeit hat 'Unwissenheit die Welt bedeckt. Wenn du fragtest, wüßten sie nicht die Bedeutung von Glauben.' Sie sagen: Was ist Glauben? Esel wie ihr, die das sagen, können nicht wissen, was Glauben ist. Ihr wurdet schon Esel, Tiere für Shaytan, und fragt auch noch: Was ist Iman? Geht und fragt, wer euch zum Esel machte. Sie alle sind imitierte Titel. Der wahre Titel, der wahre Titel ist der Titel Sultan - Sultan. Sultan, Allah der Allmächtige gewährte ihm von Seinen Heiligen Namen. Allah der Allmächtige sagt nicht von Sich Selbst 'Der Präsident', sondern 'Sultan', der Absolute Sultan. Allah der Allmächtige gewährt Sultanate wie auch Herrschaftsbereiche für wen immer Er will. 'Allahu Akbar. Allahu Akbar. Unsere Armee ist immer siegreich. Bismillahi r-Rahmani r-Rahim.' Wenn er sein Schwert zog und marschierte, zitterten die sieben ungläubigen Nationen Europas. 'Die Osmanen kommen!' Sie fragten: Ist der Sultan bei ihnen? Wenn sie hörten, daß der Sultan mit ihnen war, fürchteten sie sich und sagten: Es wird sehr schwer. Nein, der Sadrazam oder ein anderer Pasha kommt statt des Sultans. Dann sagten sie: Wir können ihnen begegnen. Aber wenn gesagt wird, 'Der Sultan kommt mit seinen Soldaten', fürchteten sie sich.

Seht die Majestät des Sultanats, jedoch wir waren ignorant und warfen unseren Sultan hinaus, der die ganze Welt regierte, von seinem eigenen Staat aus, den sie mit ihren eigenen Schwertern erobert hatten. Welche Autorität hatten wir? Wir fielen in diese Situation. Wir fielen in diese Situation. Möge Allah uns einen Sultan senden. Er (swt) sagt: Ich werde einen senden zu Ehren Meines Geliebten. O Geliebter Allahs, Shukur, daß dein Name erinnert wird. Die ganze islamische Welt ist stolz auf dein Mawlid ash-Sharif. Und in der ganzen Welt, wer ihn kennt, ist stolz auf ihn. Was für ein Sultanat ist das, wo ein Waisenjunge 3 Billionen Menschen in der Welt hinter sich trägt. Denkt darüber nach! Aber es gibt niemanden, der denkt. Wer denkt, ist ein Mensch, und wer nicht denkt, ist ein Tier. O glorreicher Prophet (saws) vergib uns. Wir konnten den Respekt und Preis für dich nicht bewahren, wie wir sollten. Wir konnten die notwendige

Liebe und den Respekt nicht zeigen. Was wir zeigten, ist nicht einmal ein Punkt. Dein Preis ist erinnert in den sieben Himmeln. Dein Name ist erinnert als Habibu Rabbi l-`Alamin! Der Geliebte des Herrn der Welten, von dem Er (swt) sagt: 'Wäre es nicht für dich, hätte Ich dieses Universum nicht geschaffen.'

Der Prophet (saws) kam mit so einem Lobpreis. Er saß nicht auf einem Sitz. Er saß nicht auf einem Sitz und sagte: Ich bin dies, ich bin das. Wer die wilde Menschheit zähmte und disziplinierte, wer jene Adab lehrte, die weit vom Adab entfernt waren, wer jene, die von der Dienerschaft wegliefen und lieber Tiere für Shaytan waren, sammelte und ordnete und sie in der Gegenwart Al-Baris niederfallen ließ ist der Große Prophet (saws). Möge es Mubarak sein! O Glorreicher Prophet, mach, daß uns vergeben wird. Sende uns einen Sultan. Wir sind ohne Sultan und wir haben keinen Glauben mehr. Wir sind ohne Sultan und wir haben keine Kraft mehr und sind zu leeren Hülsen geworden. Es gibt keine vollen Hülsen jetzt, alles ist Stroh. Alles Stroh, es hat keine Körner. Stroh ist für Tiere, Körner sind für Menschen. Sie lassen das Korn und laufen hinter Stroh her. Sie nennen es das 21. Jahrhundert. Allah der Allmächtige weiß, welches Jahrhundert ist. Ihr Kampf ist das 'Du vs. Ich'. 'Geh runter, und ich gehe rauf.' 'Du gehst runter, und ich gehe rauf.' Shaytan verhöhnt die Menschheit mit diesem 'Du vs. Ich' Kampf. Wir warfen den Sultanatsrang ab, mit dem Er (swt) uns bekleidet hatte. Und wegen dieses dreckigen, billigen Kleides, nicht einmal prächtig, das Shaytan vergibt, läuft die ganze Welt, um es zu nehmen und anzuziehen. Das ist der Anspruch Rußlands, der USA, der Türken, der Araber, der Amerikaner, der Briten.. Sie haben sonst nichts, was sie umtreibt. 'Wir sollten dieses verlauste Kleid tragen.' Und wenn sie es tragen, fängt es an zu jucken. Sie wollen immerzu kratzen. Und noch dazu kommen die Fliegen auf sie. Sie haben keine Bürste, um sie abzuwehren. Aber sie haben Schwänze. Sie machen so mit ihren Schwänzen.. Shaytan entehrte, erniedrigte die Menschheit so.

Allah der Allmächtige (jwa) ehrte uns mit dem Rang der Glorie. Die Großen Engel sagten: 'Warum hast Du das nicht uns gewährt stattdessen, o unser Herr? Du hast Adam erschaffen und ihm das Kalifat gewährt.' 'Ich bin euer Herr, Der tut, was Er will, was Er wünscht. Fragt Mich das nicht, sondern fragt Adam.. Es gibt niemanden, der das lehrt oder die Menschen an diese

Dinge glauben läßt, weder unsere Hodjas, noch unsere Hajjis wissen das. Schande auf uns. Unsere Schulen sind keine Maktabs mehr, sondern Irrenhäuser, die Esel trainieren. Das bedeutet höhere Bildung. Wir haben studiert? Die Leute werden verrückt in dem Irrenhaus. Was ist es, was wir die Verrückten nennen im Irrenhaus? 'Ich werde Nr. 1, ich werde an der Spitze sein..' Er kann gar nichts sein. Jemand, der seinen Herrn nicht kennt, kann gar nichts sein. Er kann keinen Wert haben. Deshalb werden sie ins Feuer geworfen werden. Du hast deinen Herrn nicht gekannt. Du hast von Seiner Versorgung gegessen, dann habt ihr die Segnung nicht respektiert. Ihr habt nicht einmal gesagt 'Bismillahi r-Rahmani r-Rahim'. Unser Herr, Der uns geschaffen hat, wir sind Deine Diener. Wir sind an Deiner Tür. Mögest Du mit uns barmherzig sein. Du bist Der, Der uns unsere Versorgung gewährt, und Du bist Der, Der befiehlt. Mögen wir sein, wie Du willst. O Herr, mögest Du uns Deine Diener senden, die uns unterrichten. Und Er (swt) sendet sie. Nicht nur diese Welt, auch wenn es 70 Welten wie diese wären, könnte der Geliebte (saws) sie unterrichten.

Sie sagen: Sein Geburtstag wird gefeiert. Der Eigner des Mawlid ash-Sharif ist unser Prophet (saws). Er hat die Macht, die Majestät, die Größe, um nicht nur diese Welt, sondern 70 Welten zu unterreichten. Er hat Ehre im Angesicht Allahs. Die ihm folgen, sind geehrt. Es gibt keine Ehre für den, der ihm nicht folgt. Sie werden einander bekämpfen. Sie sagen nicht Bismillahi r-Rahmani r-Rahim. Sie sagen 'Natur'. Sie sagen alle möglichen erfundenen Worte. Mögen sie zerstört werden mit ihrer 'Natur'! Sie können nicht sagen 'Allah erschuf'. Sie sagen 'Die Natur erschuf uns'. Deshalb finden sie nichts Gutes. Was wird uns vor dieser Ignoranz retten..? O Herr, Deine Göttlichen Gaben sind für Deinen Geliebten. Mögest Du uns ein Atom von den Adab-, Wissens- und Hilm, Weichheitsozeanen Deines Geliebten senden, damit wir ihn würdigen. Wir sollten den würdigen, der uns informiert über Dich. Wir können Dich nicht kennen, ohne ihn zu kennen. Dann laßt uns sagen: Bismillahi r-Rahmani r-Rahim. Das Bismillah ist ein Schwert. Wenn es zuschlägt, können sie keinen Flugkörper oder kein Museum haben. Unser Herr, Shukur sei Dir. Mögest Du uns vergeben, o Allah. Wir sind schwach, o Herr. Qawwi dha'fana fi Ridaq. Mögest Du unsere Schwäche damit wegnehmen, o Herr. Sende uns einen Sultan, damit er uns lehrt. Wir sind in den Händen Shaytans. Wir haben keinen Sultan. Sende uns einen Sultan, o Malik al-Muluk. Unser Herr, Der der Absolute Meister der Erden, Himmel, Mulk und Malakutist,

sende uns einen Sultan. Und wir besiegen Shaytan und retten jene, die ihm folgen. Du hast die Kinder Adams mit dem Ehrenkleid bekleidet. Mögen wir diese Ehre der Dienerschaft bewahren, ya Rabbana, Du weißt.

Wir sind hilflos, o Herr. Wir sind hilflos, o Herr. Wir sind hilflos, o Herr. Die Menschheit zittert vor Angst wegen eines unsichtbaren Virus, aber sie achten nicht auf Allah Dhu l-Jalal. Ignoranz bedeckt das Universum. Die ganze Welt ist ignorant. Sie wissen nicht, Wer sie geschaffen hat, und wollen es auch nicht wissen. Wenn du sie fragtest, wüßten sie nicht die Bedeutung von Glauben. Sie sagen: Was ist Glauben? Erstaunlich, habt ihr noch nichts von Glauben gehört? Nein. Euer Shaytan hat euch ganz gut aufgezäumt und sitzt euch im Nacken. Euer Shaytan ließ euch euere Menschlichkeit zurückweisen. Möge Allah uns weit weg bringen davon, unserem Ego zu folgen. O glorreicher Prophet (saws)! Mögest du uns einen Sultan von unserem Herrn senden. Damit unser Schwert.. Dein Schwert, o Sayyidu l-Awwalin wa l-Akhirin, o Geliebter, dein Schwert von Ost nach West reichen kann. Euere Ehre liegt nicht darin, eine Feuerwerksshow am Himmel zu machen. Wir sind keine Christen. Sie zeigen ihre Religion mit Feuerwerk am Himmel. Es hat keinen Wert. Sie verschwinden sofort. Wir wollen die beständigen Sterne, Sonnen. Wir wollen das Universum. Wir wollen unseren Dienst in den Herrschaftsbereichen unseres Herrn leisten. O unser Herr, Tubna wa Raja'na ilayk. Mubarak das Mawlid ash-Sharif des Großen Propheten (saws).

Insha'Allah werden von heute an Menschen erscheinen, die den Islam stärken. Von heute an wird die Manifestation sich ändern. Von heute an werden die Herzen der Menschen sich dem Islam zuwenden, der Dienerschaft Allahs. Shaytan wird besiegt. Shaytan und seine Helfer können nicht siegreich sein. Sagt: Bismillahi r-Rahmani r-Rahim. Zieht das Schwert von Haqq und habt keine Furcht. Denkt! Ein siebenjähriger Ehrenwerter, ein Kind inmitten der Wüsten, der ein Waisenkind ist, der sowohl Mutter als auch Vater verloren hat, erscheint und herrscht nun auf der Erde. Aber wer davonläuft, ohne seine Herrschaft anzuerkennen, gerät in Schwierigkeiten. Diese Welt wird es sehen. Sie werden zurückkehren zu dem Weg von Allahs Geliebtem, dem Er Sein Sultanat gewährte. Sie werden Shaytans Machenschaften den Rücken kehren. Wer ihn nicht verläßt, wird weggewischt werden. Die Dunya wird gereinigt werden. Paßt auf, von heute an

wird sich alles zum Weg des Propheten des Zeitenendes wenden. Es wird erzwungen. Sonst werden sie ausgepeitscht. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Shukur ya Rabbi, Shukur ya Rabbi, Shukur ya Rabbi, Shukur. Alhamdulillah. Ich bin alt, aber ich möchte von unserem Herrn, daß ich den Weg Seines Geliebten wahre, wobei ich das Schwert zücke. Ich möchte mit denen sein, die es umgürten, Wesen mit Schwertern von den Himmeln. Ich möchte von Shaytan dem Dreck, den er macht, abrücken.

Entfernt euch und kommt Haqq nahe. Wenn ihr euch von Haqq entfernt, kommt ihr Shaytan näher. Dann laßt uns sagen: Audhu Billahi mina sh-shaytani r-rajim. O Herr, mögest Du uns schützen vor dem Bösen Shaytans. Sende uns einen Sultan. Nun seht, wie von heute an die Macht des Islam ihre Köpfe abschneiden wird wie ein Vorschlaghammer. Wie der Sultan kommen und tun wird. Markiert das heutige Datum und beginnt zu zählen. Möge Allah euch auch diese glücklichen Tage sehen lassen und euch Ehre erweisen durch den Dienst in jenen Tagen. O wer diese Worte hört, o Menschheit. Ya Rabbi Tawba, ya Rabbi Tawba, ya Rabbi Tawba, Astaghfirullah. Shukur ya Rabbi, Shukur ya Rabbi, Shukur Alhamdulillah. Wenn Du willst, kannst Du die Welt sogleich auf den Kopf stellen. Du kannst die Ozeane überfließen lassen. Du kannst die Himmel öffnen und mit Schnee und Fluten kannst Du die Welt fegen. Du bist Al-Qadir. Wir sind hilflos, o Herr. Irham Dha'fana, Irham Dhullana, zu Ehren Deines Geliebten und zu Ehren der Fatiha. Bismillahi r-Rahmani r-Rahim. Möge Er (swt) uns die guten Tage zeigen. Möge Er uns Sayyidina Mahdi zeigen. Möget ihr auch Hz Isa sehen und möget ihr Ehre finden in ihrem Dienst und Ehrerweisung. Meine Kinder, meine Enkel, die Jungen der Nation Muhammads (saws) werden insha'Allah auf Pferden reiten unter der Fahne des Islam. Wir wollen keine Kanonen oder Flugzeuge. Die majestätische Stimme unseres Takbir wird die Welt erschüttern Er kommt, der Islam kommt! Shaytans Sultanat wird zerstört werden und der Sultan, den Ar-Rahman bestimmt, wird die Welt regieren. Wir glauben und hoffen, daß wir auch mit ihnen sein können. Al Fatiha.

## Islam is coming with perfection

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ’Azim...Meded ya Sultanu-l Anbiya, Meded ya Rijalallah, Meded ya Sayyidi, ya Sultanu-l Awliya...

As-salamu alaikum! When Salam just left, coming troubles...

Islam coming with its perfection; every command (in Islam) is a way to perfection. Commands (are) going to be for acting something or for leaving something, (and) every command (is) making a way to perfection. From outlooking that is servanthood. Servanthood (is) for our Lord, but (the) benefit (of it is) for ourselves, because Allah Almighty is not in need (of) benefit. When He is creating, He is not asking any benefit from His creatures. Creatures (are) waiting (benefit) from Him, (but) He is not waiting (for) anything (from His creatures). If (they are) glorifying Allah Almighty- He is (already) glorified from eternal up to eternal. Glory (is) from His divinely Attributes. Through His Glory Oceans whole creatures’ glorifying is only (like) such a small spot through an endless ocean. Everything that you are doing is in limits and what He has is unlimited. You may imagine whole creatures’ glorifying bigger, bigger, bigger, bigger- but it is only (like) this (pot)... you can imagine this pot to be 1o times, 1oo times, 1ooo times, million, trillion times big, big, big- but what is in it, is in limits. (It is) in this pot, (and) around (it there is an) unlimited ocean...

Therefore every command that (is) ordering to you: “Do this”, try to keep it! Don’t be lazy, don’t follow your ego! Because ‘atalet’, laziness is (the) unchangeable characteristic for our egos. Unchangeable! Our ego (are) asking to eat and to sleep always (saying:) “Give to me to eat and cover me to sleep!” (This is the) new Madhab, (the) new Tariqat of egos, that our youngsters (are) growing up (in it). (The) new generations’ new lifestyle that they like it, (is): “Oh, no work, but give us for eating and drinking”, then: “Put on me something, I am (going) to sleep”, and third: music! Shaitan (was) asking for himself: “You, our Lord, You, the Lord of Heavens. You are giving to Your Prophets (music); (You are) sending to them Holy Books and they are singing with Your Holy Books. I am asking also for me (music), for my followers to be happy with me.” And the Lord of Heavens (was) saying: “Just I gave to you whole singers, (whole) musical people, that (are) making egos to awake, to get up and to play, to dance and to jump.” Yes, everywhere! Look that Shaitan box (television): 24 hours youngsters (are) jumping, playing, dancing... and these clarinets and trumpets... Ohhh, making (movements with their bodies)... Shaitan very happy! The Lord of Heavens (is) saying: “All for you!”

Whom they are going to be in such a way happy, they should be underground, their eyes’ tears (are) going to be blood and going to be their teeth fire...(This is) coming for them... Whom they are following Shaitanic singings and playing, finally their tears (are) going to be blood and their teeth (are) going to be fire. Audhu bi-llah!

That is (the) new lifestyle that (makes) Shaitan very happy; (he is) finding (the) majority of people to follow him in such a way. ‘Atalet’(, laziness)...(the) nafs, (the) ego, (is) never asking to get up, only because laziness it is (its) real characteristic. And now that bad characteristic (is) just finding for itself (a) very suitable atmosphere. Everywhere people are free they like to be much more lazy, and they are waiting without doing anything to come to them everything for eating, drinking and dressing. That is their new way. Therefore they are going not to carry anything from their responsibility. (That is why) you are looking and seeing (in) every country youngsters (are) running through streets and (they are) asking: “More freedom!” What is more freedom? Or: “More money, salary”, saying: “It is very little, we are asking more!” They are asking only for their egos: a short time to work and to be paid much more. That is their idea: to make, to do, to work as much as possible very short time, but (to get a) high, highest salary. That is (a) trick of Shaitan (in the) whole world. (People are) running through streets, they are saying: “We don’t like this Prime Minister, change him”, running in another country, saying: “We don’t like this President, make him down.” (In) another country

(they say): “We must elect another one to give us much more freedom and highest salary.” And so many (of) Shaitan’s representatives (are) saying: “Yes, I am that one! Come after me, I shall give to you highest salary and shortest time for working!” And people (are) running after him: “Ohhh, this is the best one”, “that is the best one”...

But that person, when (he is) sitting on his table after (the) election (he is) finding a book in front of him, saying: “Ohhh, please don’t give what you promised to your electors. Don’t give! If you are giving, you are making them happy, (and) then (it) should be peace through your country. It is not our way to make peace among people! What you promised, don’t look after it! You continue as your predecessor that before he was here he did same thing. You must follow his ways, not what you promised to people, no!”

Then (he is) beginning, (and) one day, one week, one month they are waiting, (but) his promise (is) not coming (true). Then people (are) going to be very angry, saying: “Next election! We are making that one down and we are bringing another one!”... In such a way... That is (the) shaitanic way; (the) democratic system (is) just built on shaitanic principles (that) can’t be changed. Shaitan (is) trying not to give peace to people. Not only through Cyprus, no, everywhere. Shaitan (is) never asking to come peace to countries, to people. No, no, don’t believe!

Therefore we are saying that every heavenly Command is for your benefit; (it is) really bringing you to a peaceful area, to a peaceful life, to an enjoyful life, to an enlightened life, to an excellent life standard- but people are not patient and never believing. (So what is happening) that is their punishment! Every Command brings to you satisfaction, brings to you lights, brings to you peace! And also everything that the Lord of Heavens (is) preventing you (to do), every forbidden thing, it is against your peaceful life. If you are entering in it, you are loosing (your) peaceful atmosphere, personally and commonly.

O people! Try to keep heavenly Orders, either commands or forbidden things! You should find yourself in (a) Paradise atmosphere here (and) nothing from this life’s troubles can reach to you. You are on (the) safe side; you saved yourself from trouble oceans and you are taken out. But people (are not keeping heavenly orders and) they are getting (in) troubles; endless sufferings (for them) through troubles and sufferings oceans.

For the sake of the most beloved one in (the) divinely Presence, S.Muhammad, peace be upon him... Keep his way and keep the way of Paradise! Who (is) coming (to the) Paradise way, he is never faced with bad things.

Whom they are following Paradise way, they are never facing something that (is) hurting themselves physically or spiritually. But those who are leaving (the) Paradise way and coming to (the) shaitanic way, (there is) not any moment (for them) that they should be free from facing bad things. Always they should meet bad things, troubles, sufferings, problems, miseries- everything that it is going to be for Hells people, they should find on that way.

Don't come and ask me! So many people (are) coming and complaining. I am asking (them): "On which way you are going? You are praying?" "No." Finished, I am not asking anything else. Ask him! If he is not praying, (say to him:) "Don't say anything! You are on (the) wrong way and you must carry this. If you are asking to save yourself, come (to the) Paradise way, (and) everything is okay for you. (In Turkish:) When you break up the connection between you and Allah- who is going to help you? One thousand Prophets can't help you!

Allah forgives us and sends us from His lions, heavenly lions, to take away jackals, wolves, bears and foxes, to take away dragons and devils and to destroy the Sultanate of Shaitan.

For the honour of His most honoured one in His divinely Presence, S.Muhammad sws, Fatiha...

Keep it, it is enough for whole nations, for whole Children of Adam! No any other way! No one can speak (against) what we are saying now. It is (the) summary of whole Holy Books. May Allah forgive me...

## Islam is defending the real Faith!

Don't think that you can do something! Even you can't carry this (tissue) from here. If the Lord of Heavens, your Creator, not giving to you that authority, that power, you can't spread your hand and your fingers can't carry this from here up to here! But people they are so 'ahmak', so nothing thinking on it, heedless. What making you to be heedless?

Allah Almighty just opened His servants... through our beliefs, since 1oo years He is ordering the Lord of Heavens to be opened for mankind many, many, many weak ray of Power Oceans and giving also authority to use it: that is electrical power. Before it was unknown.

Some people asking: "The Prophets Companions, his Sahaba, they were knowing (about it) or not?" Because everything (is) just coming from (the) Holy Quran. The power that man can use it, just had been taken from (the) Holy Quran Oceans and it is only (a) very simple, very small thing; (a) very short authority (has been) granted to people for using that secret power. Allah Almighty (is) mentioning: "...wa sakhara lakum ma

fi-s samawati wa ma fi-l ard jami'an..." Allah Almighty saying that: "O mankind, o My servants! I am giving to you an authority for using (it for) what you are in need: (take it) through this line!" and they were knowing (about it); through that Holy Verse, (the) Sahaba was knowing about (the) secret Powers through (the) Holy Quran, but they were not happy to use it, because if they were using (it), (they were) reaching (to) what mankind (has) just reached now from power station. And they were never like to have it, that power and they were using their weapons. For Holy Command of Allah Almighty they were fighting. They were fighting and first of all going to be one rank and another, coming in front of each other. Then one person coming from this one, another coming and they were fighting through each other. Then this kind of fighting going through other ranks of soldiers. And they were coming together and they were using their simple weapons.

Yes, Islam just reached with full or complete or perfect Commands! Perfection in Islam! They were not asking to kill everyone; they were asking to fight against others, whom they were fighting to them, defending themselves. They never asking to harm other people, whom they are not present through warfield- who is there, they were fighting.

Defense for their souls, therefore they were not seeing a reason to make such weapons, because those weapons may be used from 1oo's kilometers far away (on those), whom they are not involving (in) that war! They were always looking on that point and they were fighting (against those), who (were) coming in front of them, (who were) not saying Shahada, (who were) not accepting (the) eternal declaration- from pre-eternal up to eternal, (those) whom they are not accepting to say: "La ilaha ill-Allah, Muhammad Rasulullah sws!"

That means they are not fighting for their revenge, no! Their fighting

was (for) defending the Rights of the Lord of Heavens, the Creator! They were sacrificing everything for themselves, defending (the) eternal Right, (the) eternal Aspect! That was what they were asking to do! Therefore- they were knowing what now people (are) inventing and making: such a powerful and terrible weapons. And they were keeping everything around themselves, they were not running into houses, they were not following people, whom they were not fighters, no, only Islam was fighting against those people, whom they are against real Faith, Truth!

Now- people they were inventing and they are making so many terrible weapons, because their hearts getting empty from pityness, getting empty from justice and their hearts empty from mercy. No mercy through the hearts! Now peoples' hearts empty from mercy, empty from pity, empty from justice, empty from everything that it is good for them and for others! They are only fighting for their revenge; they are not thinking that "Those people also they are like ourselves, but they are living on different continents or they have different colours!" Islam never looking that point and fighting, no, Islam was fighting against unpity or non-mercy people. Fighting Islam for those people, therefore Islam using its heavy power against those people,
whom they are not accepting real justice,
whom they are not accepting mercy for people,
whom they are not accepting a goodness to be for all nations,
whom they are not accepting to keep believers and those,
whom they are not practicing Holy Commands.

Now people in such a way. Therefore they are fighting not one to another one; therefore they are using missiles for example, sending from far distance, from one continent to another one.

Why you are killing innocent people? Why? What they did for you? We may

understand their armies making wars, fighting with you, you may fight against that people. Why you are using that violence on children, on women, on ill people or old people or those whom they are interest is to be servants of the Lord? Why killing them?

Therefore- Sahaba they were knowing every kind of that power to use it, but it was terrible and no justice, therefore they were not in need to make such weapons. Because Islam coming with full justice, with full mercy, full pityness, full peace!

Therefore, whom coming against them, they were fighting to them only. Whom they were not coming (against them), Islam was keeping them. That is the main point that why Sahaba were not making such weapons: they were saying: “We are not in need, because we are not asking to run after innocent people to kill them and to destroy their homes, destroy their fields, destroy their countries! We are Muslims, we have been ordered to keep everyones’ soul as we are keeping our soul! We have been ordered to give rights to everyone, as we are asking to be given our rights!” But no people they are saying: “No, we are going to use missiles and we are asking to use rockets!” No need!

We are asking only (to fight against those), whom (are) against ourselves and (who is) coming to fight us! They (the Sahaba) are leaving people who are not involving or asking; particularly small ones, and particularly weak ones: children and women- why you are killing? Which Prophet was saying to kill innocent people? But they changed everything –that is against Islam- and Islam (is) asking to keep everything and to give everyone rights- to them also! That is reason or Sahaba so quickly they may do such a weapons using and fighting. No, no need!

Now it is the time that (is mentioned in the) last coming of Archangel

Gabriel to Rasulullah sws, to Seal of Prophets, and (he was) saying: “O Beloved one, most honoured one in our Lords divinely Presence! That is my last visiting you and my mission that I am bringing Holy Verses just finished. And I am coming to say Salaam and asking your permission to go and to look our Lords Command.” And Prophet was asking: “O Archangel Gabriel. You never coming after this on earth?” and Archangel Gabriel was saying: “Yes, I am coming for some occasion and every time I am coming, I am taking something up from people. For example I am coming to take up real Knowledge! Then, after a while, I am coming and taking knowledge from people and another occasion I am coming to take from the hearts of Kings or whom they are keeping justice through courts, I am coming to carry from them also justice. And I am another occasion coming to take back blessing that coming on earth.” People they were asking:

“Where is that ones?” and they are saying: “No more chance for you, because you did your worst and now it is impossible that you can be granted from Allah Almighty as before, to do everything, no, finished!” Therefore now people they lost their balance for justice. They are saying: “We are running like this, like that, but we can’t cure our ill people”, because that also just had been taken up. People they can’t be able to look after illnesses; what they may be in need, they are loosing it and they are asking to find another kind of medicines and they forget herbal medicines that Allah Almighty granted to them that Allah Almighty (created) for any (illness its medicine from the plants world)...

“I am coming to take from peoples’ hearts mercy.” Now people they are merciless; no mercy their hearts, therefore they are killing. And they should kill also thousands or millions even billions people; should be shot down, should be killed through Armageddon, the worst War and last War and biggest War for mans history on this planet. Therefore they are

using technologia: to make much more powerful weapons, so that if they are sending their missiles and falling down, killing everyone involving through that war or not. So that innocent people, countless, they are going to finish...

I was hearing also from our Grandsheikh he was saying that: “Should be that time no mercy through the hearts of people; they should kill each other, till from 5 billions men living on earth now, may be killed 4 billions and remaining one billions people”...

O people! Islam coming with full perfect advisings for mankind, but they are not accepting, they are coming against Holy Quran and Shaitan leading them through fire; here they are going to burn each other and the Day of Resurrection they should be taken away to Hells. May Allah forgive us!

O people! You may find every perfection in Islam, try to find it and to listen and to obey and practicing! Now Islamic World also they are following Non-Muslim World with terrible weapons. That weapons not for ourselves, we are not in need to use such a terrible weapons against other nations, no! We are the nation of Abraham, we have mercy through our hearts. Whom they lost it, they should fall into endless miseries, suffering and destroying whole world...

May Allah forgive us and bless you! For the honour of the most honoured one in His divine Presence, S.Muhammad sws, Fatiha!

## Imam is permanent, kufr temporary

Our Grandshaykh says, "Allah Almighty created all mankind, all human nature, and He said, 'I have directed everyone to his destination.' So, for everyone, there is a destination, to which he is being guided."

Our Lord said to Rasul-ullah ( peace be upon him), 'O, Muhammad, to reach My Divine Presence, there are so many ways! As many as all the breaths of all creatures!' Each day, one man has twenty-four thousand breaths. How many, then, for all mankind, for all creatures?! As many as that number, there are ways for reaching to Allah! These are very good tidings, but what does Allah says, also, 'No one knows from which way My People, My servants, are corning to Me.' All ways are going to Him. Every way that a man may walk, he must arrive at the Divine Presence. He Almighty says, again, 'No one except me can know those ways by which My servants are coming to Me. By looking, you may see that a servant is going another way. But he is coming to Me also. He cannot find anything except Me, no matter which way he may travel! Any way, that My servant follows, he must come to Me!'

"Buddhists, Christians, Catholics, Communists, Confucians, Brahmans, Negroes; who created them? He created all of them, and each one says, 'We are going on a way that leads to the Divine Presence. So many, many ways; you cannot know. Therefore, Allah says, 'Allay sa'llahu biya kaymi hajimn.' This means, 'No one may judge for My servants, except Me! I will judge for My servants. Not any of you will judge for My servants,

not Iblis, and not even prophets! They haven't any authority to judge My servants. I am the judge!' This is the order of our Lord, Allah Almighty."

*„Maulana?" asked a disciple, "What about the ways leading to Hell? Do they lead to Allah, also?"*

"Yes," replied the Shaykh. "The ways to Hell are going to Him, also, after Hell. Hell is cleaning people, cleaning them from sins and bad characters and then guiding them to Allah!

*„And some stay in Hell always?"*

"Yes." The Shaykh paused, and then continued, "Iman is original, kufr is temporary. With all people, faith is the permanent condition. There may be one man to be endlessly in Hell, if He so orders, but everyone is going to His Divine Presence. He is not going to leave His servants to the hands of Satan, and Satan will not be the judge of His servants either! Do you think that Satan will win? Satan will never win! Allah Almighty is victorious! His mercy is not leaving any to endless Hell."

*„I don't understand this, said one of the brothers. "Yesterday, you said that a man must have a guide, that he must follow one who is on the way to Allah. Now, you said that all are on the way to Allah."*

"To understand this point," answered Maulana, "you must know that people are of two kinds. Ordinary people, common people, are, in general, satisfied with their actions. They do not see a need to follow a man. But whoever is asking higher degrees in Divine Presence, he must take a guide. Does everyone have a college diploma? No, only a few people. Common people are not asking for a diploma. There are, however, a few people who are in need to reach more excellent positions, the highest degrees before the Divine Presence. The first rank are prophets and those who are on the ways of prophets. Then comes the second, the third, and so forth. But all glory comes to the first rank. It is they who will take the most glory, the most mercy, the most light. Of course the glory of Allah will reach to all people. But only as much as they are approaching His Divine Presence. Therefore, Allah says, 'You must follow one man who is approaching me in order to be in the first rank.' If you are not interested in the first rank, you may take the second, or the third, ... do you see?"

*„But what about those who have their backs to the Ka'aba? "*

"Some may return to Him by their own good will, but most need urging with power. If they don't accept power (take a guide), then Divine power will make them ready to return."

*„So, ultimately, after Paradise and Hell, there is only Allah?"*

"All things are in the oceans of His power. We are swimming in power oceans. We are only like shadows; we haven't any real existence for Allah Almighty. He stands by Himself. He is Qayyum; not in need of another to make Him stand. He stands by Himself. But, we are standing with Him."

*Trying to understand this point, another murid asked, "Then, Allah will eventually finish with the creation? Will there then be only Him?"*

The Shaykh spoke, "There is no finish to creation. Creation is always going on, and we are creatures. “

*„Then what does it mean when Qur'an says that, 'Everything will vanish, except His face'?"*

"Yes," responded Shaykh Nazim, "this world is going to be vanishing. But those belonging to Allah Almighty, our spirits, are not ending, not vanishing. Our bodies will go, but our spirits are with Him always. We say that our bodies are from 'Alam-al Khalq,' and our spirits (arwah) are from 'Alam al-Amr.' "

*Another brother continued, "Sometimes it seems as if all is Allah, and there is no 'I'. "*

Maulana spoke to him, "You are asking what is Creator, and what is creature?"

*„Yes," answered the murid. "When we go from this world, do we remain as individuals? Will we sit, insh'Allah, in Paradise with Nazim Effendi?"*

"Yes, there is individual life," replied the Shaykh.

*„And will we have knowledge of ourselves, too?"*

The Shaykh smiled, "We shall have absolute knowledge."

*„And individual existence?" the brother persisted.*

"And individual existence!" returned the Shaykh.

*„Yes?"*

"Yes!" said Maulana. "You understand?”

*One of the disciples shook his head. "Who can write that!”*

Shaykh Nazim remained patient: "All of us have individual personality in the Divine Presence.”

*„I have read things like this,” said another murid, "but don't know how to really understand it."*

Maulana smiled again. "Yes," he explained, "because now, we are yet at the beginning. You cannot describe for a person how it is working." He paused, and gestured to the tape recorder we were using to record his lectures. "This is a tape recorder," he said. "Can you explain to a common person how it works? You cannot explain. He can look at it, and see that is working, but he does not know how. Only a few people can know this. Each time we raise our knowledge levels, we understand more and more. You are asking for those things that we are not yet ready to understand.”

“We know that we are creatures," the Shaykh continued, "and that we are created by the Creator. How He created, where we were, and where we are going, we cannot know till those realities will open for us. All the time we are stepping forward, stepping forward, coming... It is impossible to speak about colours for a blind man. You cannot describe even a fine face from an ugly face, or night from day, green from red, white from black. What is green? What is blue? What is red? What is beautiful? What is ugly? Can you describe this for a blind man? It is impossible. Now our heart's eye is closed. It has yet to open, to look at the reality. Now, we are believing, only. We must believe, then it will grow up; it will open.”

*„Maulana? Please, what are the people doing in Paradise. What is their occupation?"*

Shaykh Nazim answered, "As Allah says, 'A very happy occupation!’ “

*„But does Allah say in Qur'an what the inhabitants of Paradise are doing?”*

"A very happy occupation," repeated Maulana. “They are looking to His Divine Face, and looking at His

Divine Light coming on Paradise; swimming in beauty oceans, swimming in happiness oceans. They are drunk! Drunk with enjoyment from His Divine Face and beauty oceans! What occupation are you asking! You are mad!"

*At this point the whole group is experiencing a somewhat giddy state, laughing and smiling, resembling a mild drunkenness. The brother who has been questioning Shaykh Nazim about the inhabitants of Paradise tries to continue his line of thought: "But," he said, "do they not stay in connection with the earth?"*

"Earth!" replied the Shaykh, with amusement, “Phtt!” He made a gesture of disgust.

*The disciple continued, "But the saints – they work on earth, no? Is Grandshaykh not in connection with you, even though he is in Paradise?"*

"After Qiyama, we are in Paradise," replied Maulana.

*„But aren't some people already in Paradise?” asked the murid.*

"Paradise?" returned the Shaykh, "this is Barzakh Paradise! When all Judgment is finished, then people will be in Paradise!”

*Again, the murid asked, "Do the Awliya live in Barzakh?”*

"Yes."

*„They have a nice time there, too?"*

"Yes," the Shaykh was laughing now, "nice time ... gazing at you; too much laughing, now!"

*By now, everyone was laughing. More questions came: „Is the Prophet (peace be upon him) also in Barzakh existence?"*

"Yes."

*„But working on earth?"*

"What working!"

*„The saints work on earth from Barzakh, too; no?" At this point, another brother introduced a different line of thought: "I remember the first time I was in London," he began, "you described the grave. You told two stories that night. One was about the Miraj; where Rasul-ullah (peace be upon him) saw the endless oceans of mercy and compassion. The doors opened for him, and he saw a tree."*

"Ah, yes!" remembered Maulana.

*The brother continued, "And, in the tree was a bird, with a ball of dirt in his mouth. Muhammad (peace be upon him) said to that bird, 'What is that thing you are holding?' and the bird replied, 'O, Prophet, these are the sins of mankind; this tiny ball of dirt! What will it be when it falls into this vast ocean that you see before you? Nothing!' "The disciple went on, "Then you told a story about what it would be like in the grave. You said, 'When you die, an angel shows you a Divine Name. Then, your spirit comes out, and then, finished."*

"Yes, I remember," said the Shaykh.

*„Then," said our brother, "you told us that the dead person would see a horrible thing coming toward him. The dead person would try to escape from it, but it would come after him and say, 'O, but how happy you were with me when you were alive! Why are you running from me now? Don't you recognize me? I am your bad deeds!' What I am asking is: are you limited after death to the grave? Are you actually in the ground?"*

Shaykh Nazim answered this way: "Yes, there is a physical body and a spiritual body in the grave. It is from His mercy; to clean His servant as much as that servant made himself dirty in this life. He needs to be clean, so Allah makes him clean in the grave. He is cleaning that servant up till the Judgment Day. Then, that servant will come up clean!"

*A disciple commented, "You gave us a good lesson, Maulana, when you told us that there is no king without a kingdom, no prophet without an ummah, no Creator without creatures. Allah is uncreated, and servants are also uncreated. But when we come to this life, we forget."*

"Yes," replied the Shaykh. "It is enough. You cannot go too deep without sinking!"

**Islam Must Come**

Dastur Ya Sayyidi, Ya Sultan, Ya Rijal Allah La ilaha illa Allah La ilaha illa Allah La ilaha illa Allah Muhammadun Rasulullah, alihi salatullah wa salam. Assalamu alaykum Ya Rijalallah, Ya Ibadallahi Salihin ammidduna bi madadikum, salamun alaykum. Assalamu alaykum Rijal Allah, assalamu alaykum Ibadallhi mukhlisin.

Assalamu alaykum Ya mu'minin wa rahmatullahi wa barakatuhu. We are saying: Audhu Billahi min as shaytan ar rajim Bismillah ar Rahman ar Rahim, to make our humble meeting a protected meeting. And we are asking not to step through our humble meeting, we are even not happy for shaytan or his dirty groups to come close because they are against Haqq, against Truth, against Reality. Real Reality.

Ruh. Ruh that means giving everything life. Ruh, that giving every creature in existence taking its power from that. Therefore we are asking. Sometimes these instruments some shaytans playing on it, asking to enter and to make kharb, to destroy. Masha Allah, to destroy real addressing from heavenly addressing, to make parasite. Parasite, you know? What is it in English, say? Parasite. Yes, now shaytan standing up because it is looking now that some waves or some bombarding just turned on its castles. Not yet that bombarding began but it is such a declaration it is trying different directions. That is heavenly artillery, like this trembling, tembling.

Therefore shaytan asking to take away every danger on itself and its followers. Just beginning now from beginning of Rajab shahrullah, bombarding continuously. Beginning artillery bombarding now on the fortress, beginning one or two. And shaytan, very shaytan, very, we may say clever, doesn’t matter. He is knowing if from one center beginning a bombarding that means tomorrow or next month or next year that

bombarding going to ya'ummul jihad, spread.
Shaytan is knowing this. He is saying that that Shaykh is remaining, only one whose artillery is on us. But shaytan is understanding that that is a sign of the beginning of general attack on shaytan and its false. I am informed that when they said to me something, making through east and west some center. That is from shaytan, that means it is understanding that behind this is a big bombarding coming, therefore it is thinking that, “I may try to stop it and to keep my people behind through my fortress and we may use our effort on those people that are preparing themselves for destroying our ways”.

I am happy. Last night I was sad but last night I have been granted that best khabar, pleasure, good tidings then my heart getting in peace, no more like this. Heavenly good tidings that reaching to our sultan coming, the news that shaytan and shaytanic organisations through Islamic World more than western countries because shaytan crowding its majority powers on Islamic world to make Islam down. Shaytan not taking any care for western countries, saying “They are through my pockets. I just hunted them. Christianity on my right hand, Judaism my left hand. All of them with me but danger coming to me and my efforts from Islamic World, therefore I am crowding my majority powers through Islamic World”.
And O Salafi ulamas, you must come with me, Azhar Sharif ulamas must come with me. Libyan and Islamic world, all sincere ones, alims, scholars must come with me. You must not leave me alone. If you are leaving me alone, doesn't matter because I am enough with my weakness for a thousand shaytans. Allahu Akbar, our sword enough for millions shaytans. They are not coming with me, Islamic scholars, ulamas, I don't care because what I have been granted, heavenly sword is enough for every juhud. If they are not coming and making a support for me doesn't matter but after destroying shaytanic fortress and castles, my sword may work on their heads and I am nothing. I am zero. Zero.
That is a heavenly caution. I am so weak but no one knows my spiritual power. I am now nothing, so weak, but that belongs to my physical being. My spiritual being just dressed with power for defeating. Deen ul Haqq Islam, must come! O our Lord, O our Lord, we're

asking to make an ant, warn all ants. I may be weakest one for warning through east and west. And now shaytan is fearing that there must arise through Islamic world some mukhlis, sincere, righteous people, standing up and asking “Where is real Islam? Where is the Seal of Prophets mission?”

They are standing up and should ask and those who are against, through one night all of them should be taken away because the Seal of Prophets, Sayyidina Muhammad (sas) is Nabi ins wal jinn, Rasul Thakhalayn. If my weakness not reaching to them there is Thakhalayn ins wal jinn. One jinn is enough but they are not using those people, no. They have enough, more than enough, if they should be, every munkar, deniers, they are dinosaurs. Deniers are dinosaurs. Allah Almighty taking that handsome face and putting on them zulmat, darkness and ugliness. And you may understand who is with shaytan and who is with the Lord of Heavens.

Don't think that is an old person standing up and saying. I am weakest one but so many powerful ones, Oh, endless. But we are only mukallaf, responsible, we have an identitiy to be Muslims. Now heavenly announcement coming, reaching to people through the same, weak center. I am ashaming to say that we are a center reaching to people, "O People, get your taraf, side, to be with Prophets, the Seal of Prophets and one side to be with shaytan.

Now, O Salafi ulamas I am asking a question to you. It is important that Allah Almighty saying through Holy Quran Karim, Bismillah ar-Rahman ar-Rahim

waimtazu alyawma ayyuha almujrimuna (36:59)

It is Holy Quran or I am saying this? Salafi ulamas saying, that that is an addressing to people for the Day of Resurrection, Judgement Day, but Quran Karim's meanings, oceans and we may now use this as an addressing first to Muslim World, because whole Muslim world now are written under the title 'mujrimun'. Whole Islamic World, their names written under the headline of: waimtazu alyawma ayyuha almujrimuna. Written their name 'mujrimun' from every level of people, from number 1 up to zero. Yes, because no territory, no malik, no president, no minister or anyone from Muslim World, are using what Allah Almighty saying, astaidh Billah: waman lam yahkum bima anzala Allahu faulaika humu alkafiroona (5:44) humu almunafiqun, humu alfasiqun.

Where are our heads that are leading Muslim ummah? Where are you? Not understanding Arabic? Therefore every state on Earth that are saying 'We are Muslims', perhaps 45 Muslim states, their names under criminal ones, they are mujrimun. Allah never likes to be cheated. No one can cheat Him. It is not enough to say 'We are Muslims'. Qul hatoo burhnakum, bring your proof. Where is Holy Quran? You are running after democracy. Democracy, the sign of kufr. You are asking from western people to bring to you modern life. What is modern life? What is that? That is kufr. Rasulullah, peace be upon him was advising his ummah to follow western countries? Therefore all states their names under criminal, all of them mujrimun. They must look for some advocate.
Why not saying this, you Salafi ulamas? I am lying or saying truth? Why you are not saying that that weak person is speaking truth? Why not saying! And those who are trying to stop this broadcasting should be with shaytan. Taken away. O People, may Allah forgive us. La ilaha illa Allah Sayyidina Muhammadun Rasulullah. Ya Rasulullah, everything that your Lord ordering to you to reach to people from heavenly orders, you did it on best, most perfect way but we have lost it. Shafa`at Ya Rasulullah. Your intercession we are asking. Send us someone to correct our steps not to be written our names under the holy verse: waimtazu alyawma ayyuha almujrimuna.

What is that? Every Muslim country is making football things. For what? What is that? Even in Saudi Arabia, football? Egypt, football? Sham football, Iraq football, Yemen football, Pakistan football, Turkey football. What is that football? May fall on their heads, heavenly stones as reached to qawm Abraha. You are not reciting O Salafi ulamas. Astaidh Billah: alam tara kayfa fa`ala rabbuka biashabi alfeeli (105:1) Not reciting? Allah Almighty making Quran Karim storybook? Why not thinking on it? Astaidh Billah: alam tara kayfa fa`ala rabbuka biashabi alfeeli.
That surah, we are in it now. That is giving a panorama from our life, like armies of Abraha. People now, O Salafi ulamas, are like Abraha and his armies. Alam yaj`al kaydahum fee tadleelin (105:2) Waarsala `alayhim tayran ababeela (105:3) Quran Karim samit/silent or al ad-dawam, speaking continuously? Finished at the time of Prophet or that continues? What is mentioned in Holy Quran, going on or not? I am asking you. Why

you are not warning your nation?
Muslims, your people, inhabitants, your nation is under your control. Why you are not warning them that Allah Almighty not saying stories? No. When He is saying something, showing that it may be for you also. If you are getting out that bombarding from heavens is ready to fall on you, to bombard you. Why you are not saying? You are learning to say only bid`a, kufr, haram, shirk, beyond this people doing hundreds of dirty things, dirty ideas. Why you are not controlling them? And rushing on Muslims, 'don't do this, don't do that'. Why you are not saying to people ‘don't smoke’ and through the mamlakat why you are not saying, dukhan haram? Why you are not saying?
You are knowing only to say, "don't turn your face to maqam Rasul" (sas), or "don't say assalatu wa-salamu alayk Ya Rasulullah". What is that? Hundreds of points for which you have responsibility you are not doing therefore, look your faces through mirror and fear from Allah not to be changed your faces as Allah changed Banu Israel's faces to monkeys and pigs. Beware. Keep your limit. Don't try to jump on it, no. You have a big area to work on if you are ulamas. Ulamas must be brave ones, jari, shuj`a. Courageous, yes. Wa min Allahi tawfiq. May Allah forgive us.
Fatiha.
We must do a little bit,
dum dum dum dum,
dum dum dum dum,

dum dum dum dum,
dum dum dum dum,
we are going victorious as long as we are Muslims under the holy flag of the Seal of Prophets sallallahu alayhi wa sallam.
Fatiha

O People! Say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands) Stand up for our Lord's glorifying! (Mawlana Shaykh sits) Beware an arrow as punishment

does not to reach to you from Heavens. Allah Almighty is punishing by heavenly ones those who are not taking care of the Kingdom of Heaven's orders. O Mankind! Take utmost care for heavenly orders! That is our first priority and must be well known by all Mankind. You must take the most care for heavenly commands or a heavenly whip will come on you and you are never going to taste anything, here or Hereafter!

O Mankind! Beware from east to west, from north to south, on oceans and continents, to take care of holy commands of Heavens. If not, a heavenly revenge will come on you. If you are running from the east, heavenly whips will come from the east; if you are running from the west, they will come from the west; if running from the north, they will come from the north; and if running to the south, they will come from the south! Don't make our lives or your lives on this planet to be without meaning. Be wise ones. You are not donkeys. You are Mankind and Mankind must munahaza, observe themselves. Don't live this life without meaning. Shaytan is trying to teach you that this life appeared accidentally, and after a while you are going to be dust, finishing, taken away from existence. That shaytanic mentality is covering the east and west, and all people.

O Salafi `ulamas! Why are you not reminding Mankind? You are so proud, but pride never gives you honor here or Hereafter. If the Lord of Heavens grants you something from real knowledge, it is your duty to explain for unbelievers the whole system of understanding, which is going to be under their theories, not 100 percent, but 1000 percent! Now the understanding system of Mankind is that they are so proud with their civilization, which is based on theories, and theories are Mankind's production and they have no meaning and no taste. They don't give tumanina, contentment and satisfaction, never. You may find the western life-system based on different theories, but no contentment. When they bring out a new theory, people are running for it and leaving others, asking for contentment. But contentment can't be with theories; contentment is in `Ilm al-Yaqeen, Knowledge of Certainty.

O Salafi `ulamas! Why are you not reminding your people not to follow western theories? Why do you insist that western theories be taught in your universities? If you are saying, "We are jama`ah amr bi 'l-ma`roof, "Enjoining good and forbidding evil," then throw those theories out! I am also min ahlu 'l-amar bi 'l-ma`roof, and we are also making that jama`ah amr bi 'l-ma`roof to you that you are leaving it, and taking money, taking wisaam, taking medals from His Majesty, the King, in the most honored biqaa, area, Haramayn Shareefayn. You are taking money! Why you are not making amr bi 'l-ma`roof, to say the truth? How many

universities are in Saudi Arabia and other Arab kingdoms? All of them are teaching nonsense theories, saying they are the most important fruits of Mankind, and in front of you there is Holy Qur'an! Why are you not saying everything that is not coming from Holy Qur'an is just based on WC of Shaytan? Their base is only WC, a shaytanic base. All theories against the reality of holy books are only from shaytanic WC productions!

We do not believe in theories! Are you understanding? No one can object on what we are saying now. I am appointed to destroy baatil, falsehood, of Shaytan and shaytanic groups who are following Shaytan step-by-step. Unbelievers and western countries may do as they like, but what about Islamic countries? Why are they following western theories, basing their knowledge on nonsense and shaytanic theories? You are saying, "We are Salafi `ulamas." Which `ulamas from Salaaf as-Saalih were saying that western theories are better? Where is the Holy Qur'an? Why did the Holy Qur'an come? Why are you not teaching that? When you are on the minbar of Sayyidi'l-Awwaleen wa 'l-Akhireen, Sayyidina Muhammad (s), (Mawlana Shaykh stands and sits) why you are not ashamed to speak about theories of Christianity or Judaism, or every baatil or false way, or thoughts and thinking? Allah will ask to you!

Islam is not based on theories, Islam is a revelation coming on Earth from Heavens! And I am sorry to say that mulook al-Arab are not taking care for what their education system is based on. Why are they not being responsible? Mulook must take charge and ask their education ministers, "Bring to me all books and curricula. I must examine what you are teaching Muslim youth."

I am sorry to say this, but I will be asked if I am not saying this thing for mulook al-Arab, mulook al-Islam and presidents of Islamic countries. From where are they bringing their parliaments, from where they are bringing such a jaahil, ignorant ministers that do not know what is written in their books? What is the benefit of learning from western theories? What happened to western countries? If they are teaching their youngsters, the new generation is never understanding anything, only running after their physical desires. Their chairman or their most important one is Shaytan, who is ordering them, "Do this, don't do that." Shaytan is saying, "Don't believe in the Holy Qur'an, you must believe in western theories."

Why are you not saying, VIP's, O Salafi `ulamas, in Jumu`ah khutbah, and why are you not saying to education ministers, "Have you ever looked at what is going to be taught to youngsters?" Bring those books and look if their knowledge is based on Holy Qur'an or their knowledge from their books? It is not

knowledge, but we are saying knowledge from western theories. We do not believe theories. We believe in the Holy Qur'an!

O People, Mankind, beware! I am nothing, but if heavenly batsh revenge comes to you no one can save you. But you are running after dunya. Nothing else. Yaavil, such bad tidings for those people who are running after western theories and asking to establish a new generation basing their lives on shaytanic theories. You are Arabs! You know that, Asta`eedhu billah. (Mawlana Shaykh stands)

••••••• ••••••••••• ••••••• ••••••••

La`alla as-sa`ata takoonu qareebaan, Perchance the Hour is now! (33:63)

(Mawlana Shaykh sits) That is ayatu 'l-kareemah. You are looking and saying, "The time of Qiyamah, Judgment Day, is never going to happen, it is so far," but Allah Almighty is saying, la`alla as-sa`ata takoonu qareebaan. When His most glorified one gave heavenly knowledge to people, some of them doubted and asked, "When will this be?" And Allah Almighty sent the ayaah, la`alla as-sa`ata takoonu qareebaan, aw huwa aqrab min lamhu 'l-basr, it may happen so quickly! fa`alun limaa yureed, He (swt) may do anything as He likes! Where are you? Why are you not warning people? You must make a bayyanaa wa bayynahum, differentiation as Allah Almighty is saying,

•••••••• ••••••••• •••••••

fa-duribat baynahum bi soorin, So a wall will be put up betwixt them (57:13)

There is going to be one part on one side and one part on another side (division). Why are you not making people know about true things? You are sleeping on baatil, false theories! Send away their cars, planes, weapons, their nuclear bombs, and try to be heavenly ones! One heavenly being is enough to carry away all those unbelievers' powers they are so proud with; it is such baatil, falsehood, and no-meaning productions! Leave those unbelievers! O mulook al-Arab, and mulook al-Islam! Leave them and be with Allah Almighty and His most beloved one, Sayyidi 'l-Awwaleen wa 'l-`Akhireen!

O People! It is a very dangerous position coming because of ghaflat an-naas, heedlessness of people who are not looking at what is right and what is wrong, what is true and false. The whole way that the Seal of Prophets (s) brought from Heavens is the true way. Come to declare true ways! If not, a big mass of Mankind is coming

to declare, laa ilaaha illa-Llah Muhammadun Rasoolullah. (Mawlana Shaykh stands and sits) You must say, “We are followers of heavenly declarations and orders of Holy Qur'an! We do not believe in western countries' nonsense theories and we do not fear from their nuclear bombs.”

O Mankind! The time is over. I am not asking for any payment from you; my payment from Heavens is enough. You must try also, Salafi `ulamas, to make your payment not from mulook but from Heavens. Ask for payment from Heavens! Where are our beliefs in Holy Qur’an? Where are our beliefs in Sayyidi 'l-Awwaleen wa ’l-`Akhireen, the Seal of Prophets? People are thinking Sayyidi 'l-Awwaleen wa ’l-`Akhireen, Sayyidina Muhammad (s), (Mawlana Shaykh stands and sits) was sent for the tribe of Quraysh, and around that tribe were how many tribes? Peoples’ understanding is that his prophecy and messengerhood was just for Arabs, particularly for the Quraysh tribe. They cut their relationship with Prophet (s) and they are trying to make another understanding system based on theories. Some claim, “We are Muslims and we are `ulamas, but leave Muslims from the time of the Seal of Prophets (s).” They are saying, “It was like a fairytale. Now we must establish new understanding under the light of new knowledge.” What is your new knowledge? Theories! Their new knowledge is based on shaytanic theories. So many philosophers are saying something in the morning and refute it at maghrib, evening; that is philosophers’ ways!

I am sorry to say the whole Islamic world is running after theories and leaving the Holy Qur’an. First, I am sorry to say, Turks are leaving everything that belongs to the Holy Qur’an and trying to make a new religion to make a new understanding. They are trying to leave heavenly-made things to bring Man-made, new things. Man-made things are such a form, just shaped as a figure, but you are looking and seeing it just looks like a man, but put another man beside it. What is the difference? One is Man-made, and one is Allah Almighty’s khalqullah, made different. But people are drunk! Heavenly power stations shelter people who run after heavenly-made ways for protection, while others are mostly running to be under the protection of Man-made theories. May Allah forgive us.

O People! Beware of Shaytan, the biggest cheater, with countless tricks and traps. Yaa Allah, O our Lord! We are running to You, asking for shelter from Heavens for believers, because others are trying to change our beliefs to Man-made beliefs! That is balaa ul-`azham, the biggest curse! And first of all, Turkey is following the Marxist system of Arabs, and the Islamic world is following communism or democracy, running after Man-made baatil! Therefore, fear from heavenly revenge.

May Allah send us someone with good tidings, or the whole world is looking at bad tidings. May Allah forgive us.

O Attenders! Take more care. You can't hear such a thing in the east and west. I am nothing, but I am not a Man-made one speaking to you; some heavenly ones are granting to me to speak to all nations through east and west. Tawbah yaa Rabbee, astagfirullah.

Fatihah.

## ISLAMS RELATION WITH CHRISTIANITY & JUDAISM

*Q - What is Islam's relationship with Judaism, with Christianity and other religions - Buddhism, Hinduism, etc?*

As we said, as Muslims, we believe in Islam. Islam, and before Islam, Christianity, and before Christianity, Judaism - all of them by heavenly revelations coming and the foundation of all three religions belongs to heavens. All of them were founded by revelations, from heavens coming revelations to prophets. In that way all three of them are heavenly religions.

Being heavenly religions, that is the relationship between Islam and Christianity and Judaism. We accept that relationship between Islam and Christianity and Judaism, but they are not declaring any relationship with Islam. They say, No! Judaism, Jewish people are not accepting any relationship between Islam and Judaism. In Christianity, they are not accepting any relationship with Islam. If they refuse what I am saying now and accept a relationship with Christianity and Islam, with Judaism and Islam, they must study Islam. Which kind of relationship is there between Judaism and Islam, which kind of relationship between Christianity and Islam. They must look once again for that relationship. If not, they must say what is wrong about Islam, that there is no relationship between Christianity or Judaism. We say that Islam came through revelation, from Allah, from heavens to prophet Muhammad (pbuh), we accept Muhammad (pbuh) as prophet, because he

had every condition, or every sign, or every authority, that has been given other prophets and no-one can say NO about Muhammad, that he had no signs of prophecy or no authority to be prophet, no-one can say this! Every condition that Moses had and Jesus Christ had and Soloman had, David had, Abraham had, Ishaq had, Jacob had, Joseph and all the prophets who had that authority, all of them were given to Muhammad (pbuh). Therefore, they can't be able to refuse or to hide them and to deny. If they are denying, they are denying only from ignorance. No, they are not denying by knowledge. Therefore, we have relationship, we say, because Muhammad (pbuh) is a prophet as Moses and as Abraham and other prophets, he is also a prophet. Therefore, this is relationship between prophet Muhammad (pbuh) and between prophet Moses and between Jesus Christ. Then we have relationship that Moses,was given a book, and Jesus Christ was given book, heavenly book, and also Muhammad (pbuh), he was given heavenly book. And all of them announcing the Unity of Lord Almighty, Allah.

Another relationship is Christianity believes in the Last Day and Judaism believes in the Last Day and also they believe in Paradise and Hell, and both of them believe in Judgement Day.

The relationship of three religions, is we believe in the existence of the Lord of Universes, the Lord of Heavens and we believe in angels, we believe in Holy Books, we believe in prophets, all prophets, we believe in the Last Day, we believe in the Judgement Day, the Day of Resurrection, we believe that good people will have eternal life in Paradise and we believe that devils and bad people will be in Hells for ever. These are the main points that we have in common with Judaism, as well as Christianity. We believe that everything is programmed before happening, everyone's life is programmed by the Lord Almighty, Allah, and everything that happens during this life is programmed before we come to this life, individually and independently and usually. These three heavenly religions are on same basis of beliefs. The only wrong thing about Judaism, is they do not accept Jesus Christ, they do not accept Muhammad (pbuh). And for Christians, not to believe in Holy Qur'an and the seal of prophets, Sayyidina Muhammad (pbuh).

*Question - What should the relationship of the Muslim people be with peoples of other faiths?*

From the beginning of Islam up till today, Islam is tolerant to allow Christians to be Christians and Jewis to be Jewish, never interfering with their beliefs or their worshippings. They lived from beginning up today in Islamic countries, in Islamic sultanates, empires. Everywhere, they built churches and synagogues and kept

their beliefs, kept their worshipping and Islam never refused them, never disturbed them, never harmed them or never allowed anyone to harm them. Therefore, upto 1924 Islamic Khalifah was living in Istanbul and the president, or chief, of Eastern Christianity Church, Coptic Church, was in Istanbul, the orthodox patriarch (high as Pope) and Islam kept that patriarch up to Khalifat of Muslims. Never touching, keeping every rights.

Five hundred years from the conqueror of Constantinople, the conqueror Sultan Muhammad Khan, he allowed the eastern orthodox Patriach to carry on. Ottoman sultans conquered - they left every authority for church and in Cyprus church was free, no-one touched. More than this in Egypt - Christians are free. More than this, Damascus - Christians are free up to today, and more than this important at Jerusalem, Quds - Christians were free, everywhere they have been protected, their rights were protected and holy. No Christian or Jewish people may complain that bad dealing was done to them through centuries. Islam gave them more freedom, particularly for Jewish people. European countries killing, disturbing, harming, destroying Jewish people, particularly from Spain and they came to Ottoman Empire, they were welcome. If they are saying no, they are liars.

Therefore, Islam protected them, protected their beliefs, their worshippings and their rights. That is Islam. That is the meaning to be given "protected ones", to be under protection of Islam up to today. Even Majusi people who pray to fire, are also free, every religion free. You can't find any other religion more tolerant with that one as Islam. Even European countries, they are claiming they are democratic and so free, but not for Islam and for Muslims. They are every time murmuring and murmuring, if they are hearing anything about Islam, murmuring from inside or from outside, they are saying against Islam and Muslims. They never like, up today they are not declaring that Islam is a religion and we are declaring Christianity and Judaism holy religions.

*Q - Discusssion?*

A panel discussion is good, they may do. Muslim students, Jewish students, Christian students, Catholic students, Protestant students, Anglican students, orthodox students, every kind of students, Hindus, Buddhists, Jews, Muslims. They may discuss and may bring their evidence so that it is clear which of them is more trustworthy, which of them more useful for mankind, which of them more suitable for the life of

mankind. Which of them is be more suitable for economic crisis. Which is more suitable for good characteristics. Which may keep families better, which may keep youth better, which may keep health better, which may keep wealth better, which may carry away devils, which may carry away evil, which may carry away wars and fighting, which is excellent for praying methods, which is excellent in relations with each other - so many subjects coming out. They must say. Everyone must bring their evidence and which is most suitable for social justice and equality, which of them giving more to humanity.

*Q - The difficulty for Muslims is the people who are representing Islam in these discussions?*

That is a problem, that is trouble. That is why for the sake of the beloved Muhammad (saws) it is made easy for us to say about these things. Firstly, it is enough to learn and make a good judgement about Prophet Muhammad (pbuh), because of this beginning in the name of Allah, which means he is speaking on behalf of the Lord of Heavens, of the Lord of Jesus Christ, of the Lord of Moses, of Prophet Abraham's Lord, of the Lord of all prophets. It is a much too important sign of his prophecy, that he belongs to the Lord, and is speaking in the name of the Lord. That is the beginning of strong evidence that it is truth that he brought to humanity, to mankind. As he is beginning in the name of the Lord Most Gracious and Most Merciful and Compassionate, it means he is coming from the Lord, that His Mercy covers everything and reaches to everything. That is an introduction, a title, that we may meet with all religions, with all faiths, with all beliefs, on that central thruth. That is the centre of all religions. No-one can be away from that centre. We Muslims are also settled on that centre. I don't think that Christians may be away or Jews may be away from that centre or any other belief or faith of Hindus, Buddhists, or any other groups of believers, I don't think that they are running away from that centre. It is the first point which may unite us, we must keep it. That must be declared for everyone, it is for all people, to speak in the name of their Lord, Almighty Allah so that His Mercy covers everything in existence. That shows that nothing can be in existence without the Lord's Mercy reaching to it. If no mercy, no existence.

## Islam Teaches Mankind to be Good Ones, No One Can Deny This

(Mawlana Sultan al-Awliya stands)

Allahu akbar, Allahu akbar, Allahu akbar la ilaha ill-Llah

Allahu akbar, Allahu akbar, wa lillahi 'l-hamd

You are our Lord! You are Sultan! You are Creator! O our Lord, send us heavenly support for the honor of most honored one. O Rasulullah! You are representative for the Lord of heavens and we are asking blessings through the majestic and glorious of your position, O Seal of Prophets, O most beloved and praised one and we are saying Bismillahi'r-Rahmani'r-Raheem, according to high command of heavens.

And we are saying to whole people whom they are living on this planet, as-salamu `alaykum. Who are accepting our salute, is salute of heavens. Who not taking care they should be in bad position in here and hereafter. O people as-salamu `alaykum. May Allah forgives us.

(Mawlana Sultan al-Awliya sits)

O people! I am a weak servant and I know nothing and my willpower belongs to heavenly beings. I don't do

anything or I can't do anything through my will, but when heavenly Will, what He is changing my face through six directions, just appearing a new, a new vision. If I am looking on my right side, a new vision. I am looking in front, just appearing a new vision. On my up and down, back and front, always there are so many visions, countless visions appearing from unknown, unknown oceans of creation. And I am a weak servant, no will for me. I am ashaming to prepare something from my side and to speak to you. I am really ashaming. But leaving myself in the hands of holy people and I am saying, "O my Lord's beloved servants let me to address to our Lord's servants." Yet we are servants, even we are running away from servanthood. Running away from servanthood to be slaves for a slavery life.

Thousand and thousand times I am asking forgiveness from our Lord not to leave ourselves to be in the hands of Shaytan and its slavery. O people! The Lord of heavens just created you to be honored ones by being His servants and also warning through His prophets and holy ones, not to run after slavery. Yes, it is a short time for our being on this planet, on this world. Very short time. A short time. And the Lord of heavens ordering and Lord of heavens, through that short time asking from His servants, “O My servants! Come to Me! I may dress you a dress of honor. That dress of honor belongs to heavens. Come and put on yourself My heavenly dress of honors.” Angels coming from heaven.

O people! You are getting (out) from your moms' wombs to be your Lord's servants. O people! Don't run after slavery. And slavery is the way of Satan, Sadanas, and coming to fall into darkness, into dark holes and never appearing again. If person falling into black holes, one of them, and black holes countless, you must know that if you fall into it, impossible to again come into existence. That is important. And I am leaving my willpower in the hands of candidates of heavens. I am leaving my willpower, I am putting my willpower in their hands and I am saying, “O my Lord's holy servants, please accept us and we are asking to follow you.” That is the essence of whole holy books, Old Testament, New Testament, Psalms and also the Seal of Prophets just granted the Holy Qur'an from heavens. How people should put their steps, where they should put their steps and where steps will carry them. And that is teaching of whole holy books.

O people. Look if it is strong one or not. Don't step on no good place that can't carry you. You may fall down, down. You are finishing, no one can help you here and hereafter. That is the summary of whole holy books. And one way the holy books saying, asking to teach whole people living on this planet. O people , saying, •••••••••••••• ••••• •••••• •••••••••••• - wa ta`awanoo `ala al-birri wa't-taqwaa, Help ye one another in

righteousness and piety." (5:2). That is one verse that it is just blessed ones. So brilliant, to show people real being of Lord's servants. He is commanding, “O My servants, I am offering to You only two things. You must try to be good ones. I am asking you to be good ones, good servants. And asking to yourselves, this one is a good man. And second of that is the holy books."

Holy Qur'an, saying which command is against humanity? Say! Whole believers. Say! Unbelievers. Say! Buddhist people. Say! People living east and west, say what is wrong in Holy Qur'an. If taking only five verse,... giving a summary of prophecy and heavenly teaching or - another word (training, instruction) training for people, that everyone can keep through their minds so easy. O people! be good ones! O people! don't be bad ones! If anything wrong in Islam people just lose their humanity. What is wrong with their holy books? Just saying as a summary for whole prophets and their missions, except to say O people! come and become good ones. O people! come and don't be bad ones. That is whole heavenly teachings. Heavenly teachings. Asking our Lord from Italians, finding Pope any wrong thing in Holy Qur'an? Bishops and rabbis finding a wrong thing in Holy Qur'an? Saying, "O people come and be good ones!" From Old Testament to New Testament, what other thing just mentioned?

In Islam to be a good one, the Seal of Prophets, most honored one, most powerful one for teaching nations, he is saying, "O people, come and become a good one,” and he is showing how way to be good ones. Yes. What is details that we can offer to people if they are asking, “How are we going to be good ones?” Just Islam bringing five hundred ways to be a person good one. Even if a person taking a thorn from the way of people, that is a good one. If any person may stop himself from drinking that is the way of being a good one. Because drinking taking away our minds and our balance. Anyone who drinking, no balance for him. He can't do anything because they haven't any balance, may burn, may destroy, may be a bad thing because no balancen when they are drinking. If not stopping, My heavenly whip coming on you.

Everyone now are drunk ones. Once I was asking to this person, "From where you are coming?" and he said, “I am from Ireland.” And I am looking that in the city of London such a gigantic city mostly the workers and helpers they are from Ireland, they are humble ones, good ones. Good hearts. But that person saying, “O my teacher, O holy one.” I am saying, “I am not holy one. I am a person on whom the last level of mankind. And holiness, that asking Lord of heavens, that is high! Don't say to me 'holy one'.” Doesn't matter, you may be a holy one. But, as you said, they are very humble people, they are dhu himmah, active people . We are humble

but active, we like to do, and people say, "Irish ones, they are good ones." Say, "O my Lord's servant," and I was saying, "I hope and I am trying to be my Lord's servant, so mostly I am running from Lord and running to slavery, so I am not accepting that I am good one."

(He said:) "Oh we have such good qualities, only we are drunk. And therefore when we are drinking, day and night we must drink. Therefore as long as we are drinking no balance for ourself. We are going to be only lowest level, they are putting on ourselves. For what reason? Because we are drinking, you are drunk.

And I am sorry to say, even Muslim people are drinking and they are losing balance, no balance for them. And drinking people they are following devils and no balance for humanity, they are only following devils.

And whole humanity now are under control of devils. And not knowing what is good and bad for them, they are only drunk ones and they are cheating and making every bad things. And they are saying, "We are number one people," but they are only hurting people, killing people, making them down.

But we are hoping Lord of heavens ordering justice and ordering to be merciful for everyone and ordering everyone must keep respect for everyone without looking if that one going to be poor one or slave one. Must give their rights, must give, we must keep their respects because the Lord of heavens respected the children of Adam and He likes that everyone to be respected. O pope! O bishops! O Dalai Lama and Buddhists, O Rabbis! You must understand this or heavenly lightning coming on you and making you a pole, taking you. And now just prepared on heavens, asbaaba al-qahar, reasons of punishment should take - take away. The Lord of heavens is angry with people living on earth, saying no balance and therefore preparing heavenly armies to take from people. Beware O people! Everything you invented coming against you and taking billions, not millions, taking people away. O people beware! Beware Shaytan, and try to run away from slavery and you should be under protection, or heavenly revenge coming on you and taking you away.

And we are saying:

(Mawlana singing)

Please go on Shah Mardan, this maydan is yours! Inform us of divine nobility and divine sublimity. Allah Subhanahu wa Ta'ala our Mawla! Our Mawla invites His servants to the palace, He is Sultan. A crow invites to a carcass. This is the difference. One invites to carcass, the other to the castle.

O people may it be salams for you! We ask support from Shah Mardan! Dastur! As-salamu alaikum Ay yaran Shah Mardan. Salams are coming to us from Shah Mardan, O friends of Shah Mardan! O the ones whom the Lion of Allah loves, may it be peace for you! Please go on Shah

Mardan! Let's be attentive. Let's be attentive! May we listen and gain honor! Shah Mardan is inviting his beloved friends to the castle of the Sultan. A carrion crow calls to carcass. Sultan Shah Mardan is inviting us to the Owner of earth and heavens, Janabul Haqq who is the Owner of 18 thousand universes. A raven is the black crow who calls to carrion. I have seen it - Janabul Haqq let this weak servant of His visit many places on Earth. We were on the Island of Ceylon. We were passing by a market in Ceylon. They were selling many things in that market - fish, vegetables. Many of the things that can be sold, they were selling. There was a wall at the back of the market, a wall as high as two men. On this wall, black crows, ravens perched in lines. Perched, "gurrak, gurrak, gurrak" they were calling to each other.

Whenever they found an opportunity they stole the fish of the fishermen and they flew back and perched on the wall. Both eating and calling - Come! they call. Come to our company. Look what we have done. We have stolen fish from the fisherman. Come here and together we can cheat the children of Adam. When the salesman is dealing with one of us, the others can steal. Crows are black. They were cheating fisherman. When it stole a fish, it perched back on that wall and started calling - "gurrak, gurrak, gurrak". What did they do? In that market, fish market, they stole and then perched on the wall. Then called - "gurrak, gurrak". They came and found a foolish fisherman. One flew to grab one of his fish. It caught the fish, the fisherman is old, poor one, and couldn't move fast. He tried to push them like this, but they stole fish and hurried back to the wall. Eating fish and calling at the same time - Come here! This is like how satan has cheated people of today. Come it says, there is loot to be stolen. Let's steal and rob, as much as we can.

Ay Shah Mardan. Your friends admire you! How beautifully he is speaking! Today, today is a beautiful day. This is the blessings of this month. It is Sha'ban Mu'azzama! This is the month which is honored with the honor of our Prophet. May we know and receive from that honor - without stealing or robbing. Don't be a robber! You become shameless! Don't be shameless! or else you become like a black crow. They came to the marketplace in order to rob and eat fish. These crows stole from whoever they found heedless in the market and enjoyed his fish. What did satan make the people like, nowadays? satan made people like those black crows, stealing, robbing, and enjoying themselves. Robbing and misbehaving, making trouble and fighting, they are outside of humanity. Janabul Haqq gave humans honor and nobility. He gave humans,

grace.
Ay yaran Shah Mardan Please go on. O friends who are listening, those who are listening, listen and your hearts will open up. Happiness will come, worries will go away. People only worry about eating and drinking. Then going to the WC and filling it! Shameful! This does not suit the honor of man. He created you for His service, Janab Yazdan, Al-Haqq Subhanahu wa Ta'ala.
Do service worthy of the Lord's servanthood! Don't ask what to do! Janabul Allah offered you the most honorable service. He is saying, "O My servants. "O My servants! Who will come to My service?" How beautiful! O Shah Mardan, please go on! Let's say then, Bismillahi r-Rahmani r-Rahim. Closed doors will open! Distressed hearts will find relief! Who are in pain will move to the Oceans of Blessing. Dunya runs away from people. People run after dunya. Who runs after dunya, dunya escapes them. This is an important point. Who runs away from dunya, dunya runs after him. The one who runs after dunya, he will have nothing. You were created for the Lord's service. That is the biggest honor. You have light/nur on your face. You have happiness in your heart. Shah Mardan is saying, may troubles leave you. O holy one, O the one who is speaking for the purpose of training people, Shah Mardan.
Alas! What are we going to do? What will we do? We have no money left. We have no supplies in our homes. Our fields, gardens are under water. It is coming from the skies! It is raining continuously. Allah. Non-stop rains are coming. It is raining like whips, carrying away homes, Taking away all the things they have piled up. Help! Our lives! Your lives will be taken too. You will remain lifeless. Let's say Bismillahi r-Rahmani r-Rahim. Please Shah Mardan go on, Your words are like a cure for your friends. The World is underwater nowadays. It is raining, heavily raining. It cannot be called 'Rahmat/blessings'. Our Prophet, salawatullahi wa salamu alaih Hazrat: "When the end of time comes, the skies will be full of never-ending rain." Listen to the words of the Prophet. Yakunu l-mataru qaydhan, wal waladu ghaydhan. These are words of the Prophet. The words of Shah Mardan, O friends, come from the Prophet.
At the end of times, the skies will be opened and "al matar qaydhan." When the end of time comes the skies will be angry, violent and severe. Last night that machine (tv) showed, it is hailing the size of eggs. If it hits one's head it will do damage. This is a sign of doomsday. These people don't learn and they are not taught. What the Prophet of the end times said, Shah Mardan is telling - at the end of times "yakunu l-waladu ghaydan, wal mataru qaydhan". Isn't it? it is this

big. It was shown last night, the size of eggs. If it hits a man, it will split his head in two. It wasn't like this before. In the old days there was religion and faith. There was adab(manners) and shame. Now you abandoned them. That is why the whips of heaven are coming.
They are calling - We are hungry! hungry! There is no one whose stomach is not full. There is food for everyone. They are all greedy. Their stomachs are full, but their eyes are greedy. This is how today's people are. The stomach of an animal is always hungry as long as it sees food. People of today, as long as they see food they are hungry. Hungry. They want everything for themselves. They want to dominate everything. Know your limits! Yakunu l-waladu ghaydan, sons, daughters, young ones will all be angry, said the Prophet. He said this 1500 years ago, that today's children will be all angry, aggressive. At whom are they are angry? At their parents. "You brought us to this world. We have no food, no drink." They are screaming like this. Ay Shah Mardan. Please go on. Isma'u wa'u. May you listen and understand, so that you may take benefit. Last night in Istanbul, it rained hail like stones, egg-sized. How was the rain in old times? How is it now? It is raining stones. The streets are full of people. They are not human. Those in the streets are outside of humanity. They are always hungry creatures. Whatever you give they ask for more. Today's people are hellish natured. Please go on Shah Mardan! Every time they are thrown into hell, the thousands and thousands of unbelievers, hell calls out: "Hal Min Mazid" (50:30) Isn't there more? Hell asks. It swallows them and asks for more. This is the attribute of hell: Isn't there more? People are like this now, their attribute is like this. Whatever you give today's people, "Hal Min Mazid" (50:30) Isn't there more? they say. What do you want? "Hal Min Mazid" each one of you wants to dominate the world by himself. Each one now says I want to be on top. Let all the treasury of the world be mine! May I eat, eat, eat and still not be full. They are not full. They are not content. "Hal Min Mazid" (50:30) they say.
A man named Bashar appeared there. He is not even aware why he is killing people. What does he want? "Hal Min Mazid" (50:30) This land is not enough for us, isn't there more? He is going and coming, burning and destroying. They are wearing a dress that is not befitting of mankind. Satan has dressed them with the dress of hell. They wear the dress of hell and they're not satisfied. Their governments aren't satisfied, their people and their ladies aren't satisfied. Their men aren't satisfied. Even their animals aren't satisfied. This is how it is these days. Yakunu

waladun ghaydhan wal mataru qaydhan The rain will be like rocks falling on their heads. It showed last night (on TV) it was raining rocks (hail).

The saying of the Prophet 1500 years ago is informing us: There will come a time when people will forget their humanity. What is meant by "forgetting their humanity" is that they will forget the One who created them, Al-Jabbar Al- Mutlaq, Khallaqun Adheem, Allah Almighty. When that time comes they will eat whatever they find, like Uj Ibn Unuq. He was a giant. He ate whatever he found. He finished a whole bakery. Then he ran to another bakery because he was still hungry. Then he ate all of that too and said - "Hal Min Mazid" (50:30). He said - Isn't there any more? This is characteristic of people now. Uj Ibn Unuq, the giant. Whatever you give him - "Hal Min Mazid" Isn't there any more? The people of today their height is one and a half, or two meters, but their aims & characteristics are like Uj Ibn Unuq. They eat whatever they find, then ask if there is more. Let them eat poison.

Why do you kill people? What will you gain from killing people? Shame on those claiming to be human and those claiming to be Muslim. They are oppressing people. They have the characteristic of hell - "Hal Min Mazid" They're shouting - isn't there any more? We took over this city. Isn't there another city after this? Let's go and make that one into turmoil also. This isn't humanity. O our Lord, You know best. Yakunu l-waladu ghaydhan, wal mataru qaydhan. Children are rebellious and the 'mercy of the skies' (rain) will fall down on their heads like rocks. We have entered that era. Believe O mankind. Have faith. Believe that the only thing to save you is faith. You cannot be saved by anything else. And your stomach will not be full/ satisfied from anything else. They took over one city, "let's take over another one." "Let's take over this city and that city." "Hal Min Mazid" (50:30) - they're shouting.

O scholars of Egypt, O scholars of Hijaz, Baghdad, Sham, scholars of Haleb, Turkey, where are you? Why don't you say that this is the time that mankind will never be full/ satisfied. They won't be satisfied, they'll shout - "Hal Min Mazid" (50:30) Like Uj Ibn Unuq, they'll finish one oven of bread then run to another oven because they aren't full. This is the characteristic of hell that people have. It is the teaching of satan. Pull yourselves together. This big...In Istanbul rain fell down like rocks. Roads and streets filled with water. Why? Because roads and streets are full of animals who have no religion, faith, or Adab. They no longer have human characteristics. They are shouting - "Hal Min Mazid" isn't there any more? May their stomachs explode.

Go ahead O Shah Mardan. Send us holy/ blessed ones to show us the ways of Adab. Today, the world is filled with satan's followers who teach people bad manners & bad ambitions. Whatever you give them, they say - "Hal Min Mazid" The great Russia its size is almost half the world, and it wants to expand further - "The whole world should be mine, no one else's." Why don't you say, O Azhari scholars, that those thinking like this are kafir/unbelievers. "Qasamna Baynahum Ma`ishatahum" (43:32) We assigned everyone their livelihood. Leave ambitions, don't listen to satan. Listen to the Prophet of the last days, who was sent by Ar-Rahman and listen to his uncle's son, Shah Mardan, so you will be refreshed. Advice is necessary. "Addinu nasiha."

They gave a fatwa (a religious opinion) - ba'da harabu l-Basra - after Basra was destroyed they gave a fatwa that whoever destroyed Basra is a kafir/unbeliever. Why didn't you give this fatwa before that happened? What the Syrians are doing, and what the Iranians are doing together with them, and what the Alawi are doing are all the teachings of satan. The Prophet did not teach this. The Prophet didn't call people to this. The Prophet - "innama bu'ithtu li utammima makarimal akhlak." I was sent to teach the highest Adab (good manners). Shah Rasul. But you people haven't learned. His uncle's son, Shah Mardan, is coming. He will take away all of them and none will be left. Say O Azhari scholars, is this not written? Just now they got their heads straight and realized that whoever is doing this has left religion and faith. They are expelled. Whoever lifts his sword against Islam is not Muslim. They're kafir. Allah will give them their punishment if people don't.

Go ahead O Shah Mardan. May the holy ones, who will save us from our bad egos, come and reach to us. May they reach us; those whose mightiness makes the world tremble. They will come. Allahu Akbar Allahu Akbar From Shah Mardan's lineage, Sahib az-Zaman Mahdi (as) will come. And he will judge them. "Alaysa Llahu Bi 'Ahkami l-Hakimin" (95:8) Allah Almighty is the Best of Judges. "Inna Allaha Ya'muru Bil-'Adli Wa l-'Ihsan" (16:90) They recite every Friday that Allah Dhul Jalal is ordering Justice, Goodness, and Mercy. But you have destroyed everything. May you be destroyed. You will not be left without paying the consequences. Well, look at the sky. There's no need for cannons/ bombs. The sky doesn't require any weapons or airplanes. It sends down a group of angels and rocks the size of eggs fall down on their heads and kill whoever they hit. For now you are taking shelter in your homes and you think you are safe but a bombardment is coming from above. Angels are waiting for the order. With one hit, you will be

destroyed. You will pay the consequences of making oppressed ones suffer. You will be destroyed. It is coming.
O Shah Mardan, your Yaran admire you. O holy Sultan, draw your sword. Draw your sword for those who don't understand your words. Draw your Dhul Fiqqar, and their heads will fall off. There is no limit to the punishments, because the world is full of oppressors. O our Lord, don't let us be from the oppressors. Shah Mardan is teaching, instructing. Ay Yaran Shah Mardan, may those who see your face be from the people of paradise. "Masha'Allahu kan wa ma lam yasha' lam yakun." Rocks will fall down on countries. Rivers/floods are sweeping away cities. This didn't happen before. How could it happen now? It must mean that there is an order from above. It rains only by order. Without the order/ permission of Allah, not one drop can fall to earth. It will strike. The soldiers of revenge will come down from heavens.
O our Lord, don't leave us in the hands of our ego. Let's carry the banners of Haqq. Do this, let it be your pride. Our pride, humanity is not in killing people or burning everywhere. Learn your humanity. If not, the one who will teach you a lesson is coming. Marhaba Ya Ahli Diwan. Marhaba Ay Shah Mardan. Subhanallah, Sultanallah. al-Qadir al-Muqtadir (all Powerful) is Allah Subhana wa Ta'ala. Pull yourselves together. This is advice. This is advice. You were not created to kill people. You were not sent to burn and destroy homes. Allah Almighty said - Don't even touch My ants. I created the ant also. Don't crush them either, I created them. Then how can you kill man? How can you destroy their homes and kill them? You won't listen. The one to teach you is coming.
Shah Mardan. Wa Salamun 'ala l-Mursalin, Khususan 'ala Sayyida l-Mursalin, This month is Sha'ban Mu'azzam. It carries the glory and honor of the Prophet. In this month, whoever did oppression will regret it. No one can stand against this month. The fatwa has been given from above. Pull yourselves together O scholars. Your fatwa is not important, the fatwa has already been given from above. Oppressors cannot keep the rights of oppressed ones. They will be finished. Forgive us our Lord...Ay Shah Mardan. Grant us your favors, we want to walk under your banner. This is the Syrian flag, this is the Hijazi flag, this is the Turkish flag, this is the Syrain flag - throw those flags aside. Raise the banner of Islam that comes from Heavens. Whoever goes under that banner won't be harmed in dunya or akhirah.
Rabbul Bayt, Allah Almighty, Zid baytaka hatha ta'ziman wa tashrifan takriman mahabbatan wa

rif'atan wa birra. Because of one building, angels can turn everything upside down - the Ka'ba Mu'azzama. The Prophet Ibrahim built the Ka'ba Mu'azzama. But mankind is the creation of Allah. Be ashamed and have fear! Give a fatwa that they are kafir, and those who become kafir after Islam, those who turn to kufur, their punishment is the swords of angels coming from heavens. Tawba Ya Rabbi, Tawba Astaghfirullah. Go ahead O Shah Mardan. Sahibul Maydan, your Yaran admire you. May strength be given. May the servants come who will teach us the ways of repentance. For the sake of Your Habib, The next Sha'ban won't be like this one. The next Sha'ban is for next year. These situations won't last until that time. Things will be put in order. Aman ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah.
Let's say - Bismillahir Rahmanir Rahim. Get under the banner of Islam and be saved in dunya and akhira. Subhansin Rabbim. Subhan sensin, Sultan sensin. We are your weak servants. Send us ya Rabbi, send us ya Rabbi, Your sincere servants. May the armies of heavens come. Allahu Allahu Allahu Rabbi Rabbi ma li siwahu Allahu Allah ma li siwahu. Allahu Allah Allahu Allah Allahu Rabbi Ni'mal Mawla wa ni'mal wakil. Subhansin ya Rabbi. Let's say - Bismillahir Rahmanir Rahim and be saved. Amin wa salamun 'ala l-mursalin, khususan 'ala sayyida lmursalin.
It is said - no one is free of consequences. No matter what they do, they shouldn't think they will get away with it. No, No. They will find their punishment. Whatever you do - If it's good, you'll find goodness. If they do evil, the swords of evil will strike them.
Tawba ya Rabbi, Tawba ya Rabbi Go ahead O Shah Mardan. Ay Yaran Shah Mardan. How beautiful your name is. How nice is the sohbah/ association with you. Let's revive & find strength. And let's destroy satan and its followers. Let this be our intention & our fatwa. All scholars of Islam should give the fatwa to destroy kufur.

Fatiha.

**Gibt es noch mehr? (50:30)**

As-Salamu `alaykum, Ay Yaran Shah Mardans. Mögen euch Salams erreichen! Salams kommen jeden Tag, aber achtlose Menschen sind dessen nicht gewahr. As-Salamu `alaykum. Ayyuha l-

Insan. Ma sha' Allah, Dastur. Madad, ya Shah Mardan. Sahibu l-Maydan, Habibu r-Rahman. Ma sha' Allah Kan wa ma lam Yasha' lam Yaqul. Heute ist ein neuer Tag. Sagen wir alle Salam für Shah Mardan! As-Salamu `alaykum, ya Shah Mardan. Ay Sahibu l-Maydan, Ay Habibu r-Rahman. Wie schön du bist! Dastur! Bitte mach weiter. Bitten wir um Unterstützung von ihm! Der ausgezeichnete Diener unseres Herrn, Shah Mardan - dieser Maydan ist dein. Ay Yaran Shah Mardans. Shah Mardan ist der Heilige, den Allah liebt und dem Er Göttliche Aufmerksamkeit gewährte. As-Salamu `alaykum, Ayyuha l-Hadirun. Mögen Salams zu euch kommen, zu allen, die anwesend sind. Seid anwesend in der schönsten Versammlung. Ya! O Heilige, möget ihr auf uns schauen! Was immer Shah Mardan sagt, ist die Wahrheit und wirklich. Hören wir und öffnen wir uns! Mögen wir Licht und Glück bekommen! Mögen wir mit Gewändern der Glorie und Majestät bekleidet werden! Jeden Tag, jeden Tag 5x lasse ich die Ka`ba l-Muazzama in den Blick kommen. Bitte Shah Mardan, mach weiter. Dieser Maydan ist dein. Er läßt sie sichtbar werden. Wenn die Ka`ba im Blick ist, wird der Betrachter mit einem neuen Gewand, dem Gewand des Glaubens bekleidet. Ein Gewand der Mächtigkeit wird angekleidet. Ein Ehrengewand wird angekleidet. Warum? Der Mensch ist ehrenwert.

Bitte macht weiter, Shah Mardan, dieser Maydan ist dein. Unterrichte uns von der Göttlichen Vornehmheit und Erhabenheit. Allah Subhanahu wa Ta`ala, unser Mawla! Unser Mawla lädt Seine Diener in den Palast ein. Er ist der Sultan. Ein Krähe lädt zu einem Kadaver ein. Das ist der Unterschied. Einer lädt zum Kadaver, der andere ins Schloß. O Leute, mögen es Salams für euch sein! Wir bitten um Unterstützung von Shah Mardan. Dastur! As-Salamu `alaykum, Ay Yaran Shah Mardans. Salams kommen zu uns von Shah Mardan, o Freunde Shah Mardans! O diejenigen, die den Löwen Allahs lieben, möge es Frieden für euch geben! Bitte mach weiter, Shah Mardan! Seien wir aufmerksam! Seien wir aufmerksam! Hören wir und gewinnen Ehre! Shah Mardan lädt seine geliebten Freunde in das Schloß des Sultans ein. Eine Aaskrähe ruft zum Kadaver. Sultan Shah Mardan lädt uns zu dem Eigner von Erde und Himmeln ein, Janabu l-Haqq, der der Eigner der 18.000 Universen ist. Ein Rabe ist die schwarze Krähe, die zum Aas ruft. Ich habe es gesehen. Janabu l-Haqq ließ diesen Seinen schwachen Diener viele Orte auf der Erde besuchen.

Wir waren auf der Insel Ceylon. Wir gingen durch einen Markt in Ceylon. Sie verkauften viele Dinge auf diesem Markt, Fisch, Gemüse. Viele Dinge, die verkauft werden können, verkauften

sie. Es gab eine Mauer an der Hinterseite des Marktes, eine Mauer so hoch wie zwei Männer. Auf dieser Mauer hockten schwarze Krähen, Raben in Reihen. Sie hockten da, "Gurrak, Gurrak, Gurrak". Sie riefen sich gegenseitig. Immer wenn sie eine Gelegenheit fanden, stahlen sie den Fisch der Fischer und flogen zurück und hockten sich auf die Mauer. Sowohl essend als auch rufend: Kommt! riefen sie. Kommt in unsere Gesellschaft, seht, was wir getan haben. Wir haben Fisch vom Fischer gestohlen. Kommt her und zusammen können wir die Kinder Adams betrügen. Wenn der Kaufmann sich um einen von uns kümmert, können die anderen stehlen. Krähen sind schwarz. Sie betrogen die Fischer. Wenn sie einen Fisch gestohlen hatte, setzte sie sich wieder auf die Mauer und begann zu rufen: Gurrak, Gurrak, Gurrak. Was taten sie? Auf diesem Markt, dem Fischmarkt, stahlen sie und hockten sich dann auf die Mauer. Dann riefen sie: Gurrak, Gurrak. Sie kamen und fanden einen dummen Fischer. Einer flog hin und griff sich einen Fisch. Sie fing den Fisch. Der Fischer ist alt, arm und konnte sich nicht schnell bewegen. Er versuchte, sie so zu stoßen, aber sie stahlen seinen Fisch und flogen schnell wieder auf die Mauer. Sie fraßen den Fisch und riefen gleichzeitig: Kommt her!

So hat Shaytan auch die Menschen heute betrogen. Kommt, sagt er, es gibt Beute zu stehlen. Stehlen und rauben wir, so viel wir können. Ay Shah Mardan. Deine Freunde bewundern dich! Wie schön er spricht! Heute, heute ist ein schöner Tag. Das ist der Segen dieses Monats. Es ist Sha`ban Muazzama. Dies ist der Monat, der geehrt ist mit der Ehre unseres Propheten. Mögen wir diese Ehre kennen und davon empfangen, ohne zu stehlen oder zu rauben. Seid keine Räuber! Ihr werdet schamlos. Seid nicht schamlos, sonst werdet ihr wie eine schwarze Krähe. Sie kamen zu dem Marktplatz, um zu rauben und Fisch zu essen. Diese Krähen stahlen von jedem, den sie achtlos fanden auf dem Markt, und erfreuten sich an dem Fisch. Was machte Shaytan aus den Leuten heutzutage? Shaytan machte die Leute wie diese schwarzen Krähen, stehlen, rauben und Spaß haben. Rauben und sich schlecht benehmen, Schwierigkeiten machen und kämpfen. Sie sind außerhalb der Menschheit. Janabu l-Haqq gab dem Menschen Ehre und Vornehmheit. Er gab dem Menschen Anstand. Ay Yaran Shah Mardans. Bitte mach weiter. O Freunde, die zuhören, jene die zuhören, hört, und euere Herzen werden sich öffnen. Glück wird kommen, Sorgen werden verschwinden.

Die Leute kümmern sich nur um Essen und Trinken. Dann gehen sie zum WC und füllen es! Schändlich! Das geziemt nicht der Ehre des Menschen. Er erschuf euch zu Seinem Dienst, Janab

Yazdan, Al-Haqq Subhanahu wa Ta`ala. Leistet Dienst, der des Herrn Dienerschaft würdig ist! Fragt nicht, was zu tun ist. Janabul Allah bot euch den ehrenhaftesten Dienst. Er sagt: O Meine Diener, o Meine Diener, wer kommt in Meinen Dienst? Wie schön! O Shah Mardan, bitte mach weiter! Sagen wir denn: Bismillahi r-Rahmani r-Rahim. Geschlossene Türen werden sich öffnen! Bekümmerte Herzen werden Erleichterung finden! Die Schmerzen haben, werden zu den Segensozeanen gehen. Die Dunya läuft vor den Menschen davon. Die Menschen laufen hinter der Dunya her. Wer hinter der Dunya herläuft, dem entflieht die Dunya. Das ist ein wichtiger Punkt. Wer vor der Dunya davonläuft, dem läuft die Dunya hinterher. Der, der hinter der Dunya herläuft, wird nichts haben. Ihr wurdet für den Dienst des Herrn geschaffen. Das ist die größte Ehre. Ihr habt Licht auf euerem Gesicht. Ihr habt Glück in euerem Herzen. Shah Mardan sagt: Mögen Schwierigkeiten euch verlassen. O Heiliger, o der, der spricht mit dem Zweck, die Menschen zu schulen, Shah Mardan.

Ach! Was werden wir tun? Was werden wir tun? Wir haben kein Geld mehr. Wir haben keine Vorräte in unseren Häusern. Unsere Felder, Gärten sind unter Wasser. Es kommt von den Himmeln! Es regnet ununterbrochen. Allah! Regen ohne Unterlaß kommt. Es regnet wie Peitschen und trägt Häuser davon, nimmt alle Dinge mit, die sie aufgehäuft haben. Hilfe! Unser Leben! Euer Leben wird auch genommen werden. Ihr werdet ohne Leben zurückbleiben. Sagen wir: Bismillahi r-Rahmani r-Rahim. Bitte, Shah Mardan, mach weiter. Deine Worte sind wie Heilung für deine Freunde. Die Welt ist unter Wasser heutzutage. Es regnet, regnet heftig. Es kann nicht Rahma, Segen, genannt werden. Unser Prophet, Salawatullahi wa Salamu `alayhi Hazrat: Wenn das Ende der Zeit kommt, werden die Himmel voll endlosen Regens sein. Hört auf die Worte des Propheten. "Yakunu l-Mataru Qaydhan wa l-Waladu Ghaydhan." Dies sind Worte des Propheten. Die Worte Shah Mardans, o Freunde, kommen vom Propheten. Am Ende der Zeit werden die Himmel geöffnet werden und "al Matar Qaydhan". Wenn das Ende der Zeit kommt, werden die Himmel zornig sein, heftig und stark. Letzte Nacht zeigte diese Maschine (TV), daß es hagelt in der Größe von Eiern. Wenn es einen auf dem Kopf trifft, verletzt es ihn. Das ist ein Zeichen für den Jüngsten Tag. Diese Menschen lernen nicht und werden nicht unterrichtet.

Was der Prophet des Zeitenendes sagte, erzählt Shah Mardan: Am Ende der Zeit "Yakunu l-Waladu Ghaydan wa l-Mataru Qaydhan". Stimmt's? Es ist so groß. Es wurde letzte Nacht gezeigt, die Größe von Eiern. Wenn es einen Mann trifft, spaltet es seinen Kopf. Es war früher

nicht so. In den alten Tagen gab es Religion und Glauben. Es gab Adab und Scham. Jetzt habt ihr sie verlassen. Deshalb kommen die Peitschen der Himmel. Sie rufen: Wir haben Hunger! Hunger! Es gibt niemanden, dessen Magen nicht voll ist. Es gibt Essen für alle. Sie sind alle gierig.
Ihr Magen ist voll, aber ihre Augen sind gierig. So sind die heutigen Menschen. Der Magen eines Tieres ist immer hungrig, solange es Essen sieht. Die Menschen heute sind, solange sie Essen sehen, hungrig. Hungrig. Sie wollen alles für sich selbst. Sie wollen alles beherrschen. Kennt euere Grenzen! Yakunu l-Waladu Ghaydan, Söhne, Töchter, Jugendliche werden alle wütend sein, sagte der Prophet. Er sagte das vor 1500 Jahren, daß die heutigen Kinder wütend sein würden, aggressiv. Auf wen sind sie wütend? Auf ihre Eltern. Ihr habt uns in diese Welt gebracht. Wir haben kein Essen, kein Trinken! Sie schreien so. Ay Shah Mardan. Bitte mach weiter. Isma`u wa`u. Mögt ihr hören und verstehen, so daß ihr Nutzen daraus zieht.
Letzte Nacht in Istanbul regnete es Hagel wie Steine, in der Größe von Eiern. Wie war der Regen in der alten Zeit? Wie ist er jetzt? Es regnet Steine. Die Straßen sind voller Menschen. Sie sind nicht menschlich. Jene auf den Straßen sind außerhalb der Menschheit. Sie sind immer hungrige Geschöpfe. Was immer du gibst, sie wollen mehr. Die heutigen Menschen sind von höllischer Natur. Bitte mach weiter, Shah Mardan. Jedes Mal, wenn sie in die Hölle geworfen werden, die Tausenden und Tausenden von Ungläubigen, ruft die Hölle aus: "Hal min Mazid?" (50:30) Gibt es nicht mehr? fragt die Hölle. Sie verschlingt sie und fragt nach mehr. Das ist das Attribut der Hölle: Gibt es nicht mehr? Die Menschen sind jetzt so. Ihr Attribut ist das. Was immer du den heutigen Menschen gibst, "Hal min Mazid?" (50:30) Gibt es nicht mehr? sagen sie. Was wollt ihr? "Hal min Mazid?" Jeder von euch will die Welt allein beherrschen. Jeder sagt jetzt: Ich will obenauf sein. Alle Schätze dieser Welt sollen mein sein! Ich will essen, essen, essen und doch bin ich nicht voll. Sie sind nicht voll. Sie sind nicht zufrieden. "Hal min Mazid?" sagen sie. Ein Mann mit Namen Bashar erschien dort. Er ist sich nicht mal bewußt, warum er die Menschen tötet. Was will er? "Hal min Mazid?" (50:30) Dieses Land ist nicht genug für uns, gibt es nicht mehr? Er kommt und geht, verbrennt und zerstört.
Sie tragen ein Gewand, das der Menschheit nicht ansteht. Shaytan bekleidete sie mit dem Gewand der Hölle. Sie tragen das Gewand der Hölle und sind nicht zufrieden. Ihre Regierungen sind nicht zufrieden, ihre Leute und ihre Damen sind nicht zufrieden. Ihre Männer sind nicht

zufrieden. Selbst ihre Tiere sind nicht zufrieden. So ist es in diesen Tagen. Yakunu Waladun Ghaydan wa l-Mataru Qaydhan. Der Regen wird wie Steine sein, die auf ihren Kopf fallen. Sie zeigten es letzte Nacht, es regnete Steine (Hagel). Der Ausspruch des Propheten vor 1500 Jahren teilt uns mit: Es wird eine Zeit kommen, wenn die Menschen ihr Mensch-Sein vergessen werden. Was gemeint ist mit 'ihr Mensch-Sein vergessen', ist, daß sie den Einen, Der sie erschuf, Al-Jabbar al-Mutlaq, Khallaqun Adhim, Allah den Allmächtigen vergessen. Wenn diese Zeit kommt, werden sie essen, was immer sie finden, wie Uj ibn Unuq. Er war ein Riese. Er aß, was immer er fand. Er erledigte eine ganze Bäckerei. Dann lief er zu einer anderen, weil er immer noch Hunger hatte. Dann aß er auch alles auf von dieser und sagte: "Hal min Mazid?" Er sagte: Gibt es nicht mehr? Das ist die Eigenschaft der Menschen jetzt. Uj ibn Unuq, der Riese, was immer du ihm gibst, "Hal min Mazid?" Gibt es nicht mehr? Die Menschen von heute sind eineinhalb Meter oder zwei Meter groß, aber ihre Ziele und Eigenschaften sind wie Uj ibn Unuq.
Sie essen, was immer sie finden, dann fordern sie mehr. Sollen sie Gift essen.
Warum tötet ihr Menschen? Was gewinnt ihr vom Töten der Menschen? Schande auf jene, die behaupten, Menschen zu sein und jene, die behaupten, Muslime zu sein. Sie unterdrücken die Menschen. Sie haben die Eigenschaften der Hölle. "Hal min Mazid?" Sie schreien: Gibt es nicht mehr? Wir übernahmen diese Stadt. Gibt es keine andere Stadt außer dieser? Gehen wir und bringen jene auch in Aufruhr! Das ist nicht Mensch-Sein. O unser Herr, Du weißt es am besten. Yakunu l-Waladu Ghaydan wa l-Mataru Qaydhan. Die Kinder sind rebellisch und die 'Gnade von den Himmeln' wird herabfallen auf ihre Köpfe wie Steine. Wir sind in diese Ära eingetreten. Glaube, o Menschheit. Habe Glauben. Glaube, daß das einzige, was dich retten kann, Glauben ist. Du kannst nicht durch etwas anderes gerettet werden. Und dein Magen wird nicht von etwas anderem zufriedengestellt werden. Sie nahmen eine Stadt ein. 'Nehmen wir noch eine andere ein.' 'Nehmen wir diese und jene Stadt noch ein.' "Hal min Mazid?" (50:30) schreien sie. O Gelehrte Ägyptens, o Gelehrte des Hijaz, Baghdads, Shams, Gelehrte Halebs, der Türkei, wo seid ihr? Warum sagt ihr nicht, daß dies die Zeit ist, in der die Menschen nie zufrieden sein werden? Sie werden nicht zufrieden sein. Sie werden schreien: "Hal min Mazid?" Wie Uj ibn Unuq werden sie einen Ofen voll Brot aufessen und dann zu einem anderen Ofen rennen, weil sie nicht voll sind. Das ist die Eigenschaft der Hölle, die die Menschen haben. Es ist die Lehre Shaytans. Reißt euch zusammen.

In Istanbul fiel Regen herab wie Steine. Wege und Straßen voller Wasser. Warum? Weil Wege und Straßen voller Tiere sind, die keine Religion, keinen Glauben oder Adab haben. Sie haben keine menschlichen Eigenschaften mehr. Sie schreien: "Hal min Mazid?" Gibt es nicht mehr? Mögen ihre Mägen explodieren! Mach weiter, o Shah Mardan. Sende uns Heilige, um uns die Weisen des Adab zu zeigen. Heute ist die Welt voll mit Anhängern Shaytans, die die Menschen schlechte Manieren und schlechtes Streben lehren. Was immer ihr gebt, sie sagen: Hal min Mazid? Das große Rußland, seine Größe ist fast die Hälfte der Welt, und es will noch weiter expandieren. 'Die ganze Welt sollte mir gehören, niemand anders.' Warum sagt ihr nicht, o Azhari Gelehrte, daß jene, die so denken, Kafir sind. "Qasamna Baynahum Ma`ishatahum" (43:32). Wir wiesen jedem seinen Lebensunterhalt zu. Laßt die Ambitionen, hört nicht auf Shaytan! Hört auf den Propheten der letzten Tage, der von ar-Rahman gesandt wurde, und hört auf den Sohn seines Onkels, Shah Mardan, damit ihr erfrischt werdet. Guter Rat ist notwendig. "Ad-Dinu Nasiha." Sie gaben ein Fatwa: ba`da harabu l-Basra, nachdem Basra zerstört war, gaben sie ein Fatwa, daß wer immer in Basra ein Kafir ist. Warum habt ihr dieses Fatwa nicht gegeben, bevor das geschah. Was die Syrer tun und was die Iraner mit ihnen zusammen tun und was die Alawiten tun, ist alles die Lehre Shaytans. Der Prophet lehrte das nicht. Der Prophet rief die Menschen nicht dazu auf.

Der Prophet: "Innama Bu'ithtu li Utammima Makarima l-Akhlaq." Ich wurde gesandt, um den höchsten Adab zu lehren. Shah Rasul. Aber die Menschen haben nicht gelernt. Der Sohn seines Onkels, Shah Mardan, kommt. Er wird sie alle hinwegnehmen, und niemand wird übrig bleiben. Sagt, o Azhari Gelehrte, steht das nicht geschrieben? Gerade jetzt wurden ihre Köpfe klar und sie merkten, daß wer immer das tut, Religion und Glauben verlassen hat. Sie sind ausgestoßen. Wer immer sein Schwert gegen den Islam erhebt, ist kein Muslim. Sie sind Kafir. Allah wird ihnen ihre Strafe geben, wenn die Menschen es nicht tun. Mach weiter, o Shah Mardan. Mögen die Heiligen, die uns von unserem schlechten Ego befreien, kommen und uns erreichen. Mögen sie uns erreichen, jene, deren Mächtigkeit die Welt erzittern läßt. Sie werden kommen. Allahu Akbar, Allahu Akbar. Von Shah Mardans Abstammungslinie wird Sahibu z-Zaman Mahdi (as) kommen. Und er wird sie richten. "Alaysa Llahu bi Ahkami l-Hakimin" (95:8). Allah der Allmächtige ist der beste Richter. "Inna Allaha Ya'muru bi l-Adli wa l-Ihsan" (16:90). Sie rezitieren jeden Freitag, daß Allah Dhu l-Jalal Gerechtigkeit, Gutes und Gnade befiehlt, aber ihr habt alles

zerstört. Möget ihr zerstört werden. Ihr werdet nicht davonkommen, ohne die Konsequenzen getragen zu haben.

Nun, schaut in den Himmel. Es braucht keine Bomben. Der Himmel ernötigt keine Waffen oder Flugzeuge. Er sendet eine Gruppe Engel herab und Steine in der Größe von Eiern fallen ihnen auf den Kopf und töten, wen immer sie treffen. Jetzt sucht ihr Schutz in eueren Häusern und denkt, ihr seid sicher, aber eine Bombardierung kommt von oben. Die Engel warten auf den Befehl. Mit einem Schlag werdet ihr vernichtet. Ihr werdet die Konsequenzen tragen dafür, die Unterdrückten leiden zu lassen. Ihr werdet vernichtet werden. Es kommt! O Shah Mardan, deine Yaran bewundern dich. O heiliger Sultan, zieh dein Schwert. Zieh dein Schwert für jene, die deine Worte nicht verstehen. Zieh dein Dhu l-Fiqqar, und ihre Köpfe fallen. Es gibt keine Grenze für die Bestrafung, weil die Welt voller Unterdrücker ist. O unser Herr, laß uns nicht zu den Unterdrückern gehören. Shah Mardan lehrt, gibt Anweisungen. Ay Yaran Shah Mardans, mögen jene, die dein Gesicht sehen, zu den Menschen des Paradieses gehören. "Ma sha' Allah kan wa ma lam Yasha' lam Yakun." Felsbrocken werden auf die Länder herabfallen. Fluten werden Städte hinwegfegen. Das ist noch nie vorgekommen. Wie konnte es jetzt geschehen? Es muß bedeuten, daß es einen Befehl von oben gibt. Es regnet nur auf Befehl. Ohne Erlaubnis Allahs fällt nicht ein Tropfen auf die Erde.

Es wird schlagen. Die Soldaten der Rache werden von den Himmeln herabkommen. O unser Herr, laß uns nicht in den Händen unseres Egos! Tragen wir das Banner Haqqs! Tut das, es sei euer Stolz! Unser Stolz. Mensch-Sein ist nicht im Töten von Menschen oder Alles-Niederbrennen. Lernt euer Mensch-Sein. Sonst kommt der, der euch eine Lektion erteilen wird. Marhaba, ya Ahli Diwan. Marhaba, Ay Shah Mardan. Subhan Allah, Sultan Allah, al-Qadiru l-Muqtadir ist Allah Subhana wa Ta`ala. Reißt euch zusammen. Dies ist guter Rat. Dies ist guter Rat. Ihr wurdet nicht erschaffen, um Menschen zu töten. Ihr wurdet nicht gesandt, um Häuser zu verbrennen und zu zerstören. Allah der Allmächtige sagte: Rührt nicht einmal Meine Ameisen an! Ich habe auch die Ameise geschaffen. Zertretet sie auch nicht, Ich habe sie erschaffen. Wie könnt ihr dann Menschen töten? Wie könnt ihr ihre Häuser zerstören und sie töten? Ihr hört nicht! Der, der euch lehren wird, ist im Anmarsch. Shah Mardan. Wa Salamun `ala l-Mursalin Khususan `ala Sayyida l-Mursalin. Dieser Monat ist Sha`ban Muazzam. Er trägt die Glorie und Ehre des Propheten. Wer in diesem Monat unterdrückt, wird es bereuen. Niemand kann sich gegen diesen Monat stellen.

Das Fatwa ist gegeben worden von oben. Reißt euch zusammen, o Gelehrte. Euer Fatwa ist nicht wichtig. Das Fatwa war schon von oben gegeben worden. Unterdrücker können nicht die Rechte von Unterdrückten wahren. Sie werden erledigt.

Vergib uns unser Herr.. Ay Shah Mardan. Gewähre uns deine Wohltaten. Wir wollen unter deinem Banner gehen. Dies ist die syrische Flagge, dies ist die Hijazi Flagge, dies ist die türkische Flagge, dies ist die syrische Flagge - werft diese Flaggen beiseite! Erhebt das Banner des Islam, das von den Himmeln kommt. Wer immer unter diesem Banner geht, wird keinen Schaden erleiden in Dunya oder Akhirah. Rabbu l-Bayt, Allah der Allmächtige. Zid Baytaka Hatha Ta`ziman wa Tashrifan Takriman Mahabbatan wa Rif'atan wa Birra. Wegen eines Gebäudes können die Engel alles auf den Kopf stellen - der Ka`ba Muazzama. Der Prophet Ibrahim baute die Ka`ba Muazzama. Aber die Menschheit ist die Schöpfung Allahs. Schämt euch und habt Furcht! Gebt ein Fatwa, daß sie Kafir sind, und für jene, die Kafir werden nach dem Islam, für jene, die sich dem Kufur zuwenden, ist die Strafe die Schwerter der Engel, die von den Himmeln kommen. Tawba ya Rabbi, Tawba Astaghfirullah. Mach weiter, o Shah Mardan. Sahibu l-Maydan, deine Yaran bewundern dich. Möge Stärke gegeben werden. Mögen die Diener kommen, die uns die Wege der Reue lehren. Um Deines Habibs willen wird der nächste Sha`ban nicht wie dieser. Der nächste Sha`ban ist für nächstes Jahr. Diese Lage wird nicht andauern bis zu der Zeit. Die Dinge werden in Ordnung gebracht werden. Aman ya Rabbi, Tawba Astaghfirullah.

Sagen wir: Bismillahi r-Rahmani r-Rahim. Geht unter dem Banner des Islam und seid in Sicherheit in Dunya und Akhirah. Subhansin Rabbim. Subhan Sensin, Sultan Sensin. Wir sind Deine schwachen Diener. Sende uns ya Rabbi, sende uns ya Rabbi, Deine aufrichtigen Diener. Mögen die Armeen der Himmel kommen. Allahu Allahu Allahu Rabbi Rabbi ma li Siwahu Allahu Allah, ma li Siwahu. Allahu Allah, Allahu Allah, Allahu Rabbi. Ni`ma l-Mawla wa Ni`ma l-Wakil. Subhansin ya Rabbi. Sagen wir: Bismillahi r-Rahmani r-Rahim, und sind in Sicherheit. Amin wa Salamun `ala l-Mursalin, Khususan `ala Sayyida l-Mursalin. Es heißt, niemand ist frei von Konsequenzen. Egal, was sie tun, sie sollen nicht glauben, sie kämen damit davon. Nein. Nein. Sie werden ihre Bestrafung finden. Was immer ihr tut, wenn es gut ist, werdet ihr Gutes finden. Wenn sie Böses tun, wird das Schwert des Bösen sie schlagen. Tawba ya Rabbi, Tawba ya Rabbi. Mach weiter, o Shah Mardan. Ay Yaran Shah Mardans. Wie schön dein Name ist. Wie

gut das Sohbat ist mit dir. Wir werden belebt und finden Kraft. Vernichten wir Shaytan und seine Anhänger. Das sei unsere Absicht und unser Fatwa. Alle Gelehrten des Islam sollten das Fatwa geben, Kufur zu vernichten. Fatiha.

# IS THERE MORE PERFECTION THAN A FULL MOON?

On the Day of Promises we promised to renew our faith as much as possible and this we need to do. Your faith is like your vessel. You don't know how long your journey will be, so it is important that your vessel is as strong as possible. For every act which we did against the Law of the Lord we say, 'astafirullah', we ask for forgiveness. If the Prophet, peace be upon him, said this 70 times a day, then what about us? Even if we ask 70 million times, it is very little. But nowadays if you ask Muslims to renew their faith 3 times a day and to say, 'astafirullah' 70 times, they will ask surprised whether you are people of tariqat. Of course we are people of tariqat, people of the way. We are people of the way of Muhammad, we are following his way. We do not want to change that. We keep every habit that he used to have.

Oh, our Lord, we are asking for protection against evil and devils. Don't say that you have a title and that you are important, may you be a sheik, a holy-one or even a sultan. No! You are not powerful, nothing of all that can protect you from satan. 99.9% of people work for satan. Without looking at what they are doing, people work for him. They don't even know it. There are two kinds of satans, human ones and the ones of the jinn. You must be careful of both of them. If you are not careful, you will fall into their hands. Muhammad, may peace be with him, told us to beware of satan. You should put up a sign everywhere, in your homes, your businesses... to remind people that satan is the biggest enemy for us.

Instead we are so friendly with him. We treat him like a best friend. It is the reason that this life is turning more and more into a hell for people. People do not treat him as an enemy, like Allah is ordering us. You should write everywhere for people to beware of him. But then, people do not even write, 'La illaha illahla, Muhammadun Rasul'Allah' even though it is written on the Divine Throne. Nowadays this is not written in new mosques because the Wahabis say it is prohibited! People are so heedless and ignorant and they are losing their ways. In all the newly built mosques it is never written anywhere.

Satan is working so secretly. Even the Iman here was not mentioning Sayidina Abu Bakr, Sayidina Omar or Sayidina Ali. I don't know who ordered to him not to mention any of the Caliphs or even any of the sahabas, the followers of Muhammad, may peace be upon him. Until the beginning of this century it was a normal custom for the whole Islamic world which no-one ever even thought of to change. But now the satanic forces are working. Don't accept the excuse that people are in a hurry and do not have the time for these blessings. For people like that, Israfil, the angel of death, will hurry even more. Be careful!

This is only a spot of the ocean. I am only mentioning a few points for you. It is enough to awaken you against satan and satanic activities. Their activities are even more secret than the steps of ants. Those at least you can hear. They cheat everybody and they try to change everything and speak constantly of reforms. Islam does not need any reforms. If we would, Allah would send us another prophet. But there is none. We have been told that there is no more prophet after Muhammad. So why are they doing this? Islam is forever new, it is everlasting. Allah has sent the best rules, best beliefs and the best activities that were most suitable for mankind and their characteristics. "I put your religion on the best level." says Allah Almighty. Do you think that there is more perfection than a full moon? Islam is that full moon! From whichever side you take it will become less. You must make yourself suitable for Islam. But the people of the 20th century want to make Islam suitable for their desires. They are not trying to follow the real meaning of Islam. That is why they do not want Sheiks anymore. Everybody wants to be their own imam. They think that if they read the Quran and the Hadith it will be enough for them to find their way. It is as if someone leaves the motor-way to find a quicker way to London.

They are so foolish! The motor-way is there, ready to be used, but they want to find new ways! They want to do it according to their own understandings because they are such proud people. They should know, that if

anyone has even a little bit of pride they cannot enter paradise. But these people say, 'Oh, we are doctors of religion. We have studied in Cambridge or at the Sorbonne. We know.' What kind of doctors are they? Who has given them the degree? Jewish professors! Is this what makes them proud? Oh, people beware of satan and of his followers. They are like chameleons. These are difficult and dangerous days in which we are living. Beware! That is if you are really interested to keep your faith. If not, you may go anyway. The Prophet, may peace be with him, showed a straight way on the sand with his stick and said that this is the straight path. This same way has so many possible deviations which satan will try to use to get off it. But there is only one way to paradise. Beware and keep your right direction. May Allah forgive us...

## Istikhara - Asking for guidance

If you are in doubt about something, whether it is the right thing to do or not, if it is according to Allah's will or not, you can ask about it in the following way anytime you need to:
Take a shower, with hot or cold water. You must be in a silent place. Give your greetings to Allah, to your Lord. Then sit and say: "Oh my Lord, I am intending something, and I am asking for my will to follow Your will. Give me the right sign for this purpose." You will be given a green or a red light... You must take this seriously. Then it is impossible to do this and not to get an answer. This is a form of Istikhara. Anybody may do it. There is free permission to ask for everybody, who is interested to know, if they are acting according to their Lord's will. But you must not ask about something that is already clear, and the direction has already been shown. In that case you must accept whatever it is, and there is no need to ask about it. It is best is to do this exercise before going to bed. Pray two Rakaats, ask, and then go to bed without talking to anyone.

## Is Your Chairman Your Ego or Your True Self?

Dastoor, madad. (Mawlana Shaykh stands) Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah, Muhammadur Rasoolullah `alayhi salaatullah wa salaamuh wa `ala jami` al-anbiya wa 'l- awliyaa wa rahmatullah `alayhim wa `alayna, yaa Rabbi 'l-`Alameen. (Mawlana Shaykh sits)

O People! It is a humble meeting, or association. We must try to give our most high glorifying to our Lord, Allah Almighty (Mawlana Shaykh stands), and to give our most high glorifying in this life and the next life to the Seal of Prophets, Sayyidina Muhammad (s)! We are trying to make the holy flag of the Holy Prophet (s) up and Shaytan's flag to be under my feet! (Mawlana Shaykh sits)

As-salaamu `alaykum to all holy ones who are fed with heavenly feedings. Look at such people who are mustathna, exceptional, that Allah Almighty granted them from heavenly glory, feeding them, because they are trying to give according to their capacities. All holy people are asking the Lord of the Heavens to grant more and more glory to the Seal of Prophets (s), as His most glorious one. May Allah forgive us.

O People! As-salaamu 'alaykum, our attenders from Muslims, from Salafi `ulamas, from Christians, from Majoos (Zoroastrian) people, from Jewish, Hindu and Buddhist people, and people from everywhere. This is a heavenly addressing to them. The one who is being addressed must feel something in his material being

and he will also feel peace in his spiritual being. Yes, sometimes one word may change a person, perhaps one sentence may change a nation, or perhaps one holy verse may change the whole world, and it may be a holy book, Qur'an `azheem ash-shaan, the holiest one, is going to be enough for all the coming nations from pre-Eternal up to Eternal!

You must try to understand the power of the Holy Qur'an, and try to understand. Who is not trying to understand, theirs is the level of donkeys or under the level of animals, to the levels of shaytanic groups. Try to understand.

O People! We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Run away from a bad situation to the best situation. Don't stay in a bad situation, but try to get up from adnaa ila al-`alaa, from the deepest level up to the highest level; that is our aim. We have not been created for only eating, drinking, and sexual pleasures; that is for animals. You are from human nature, so there must be a difference between you and animals. Yes, we are like other animals with our physical bodies, but something makes human nature to be different from the animal world. That is what all the prophets from beginning up to end were asking to teach people. But very few understand and the majority of people are running after animal pleasures and desires to reach pleasure. That is simply impossible, but no one is trying to understand. From beginning up to end, our egos are trying to make a holy center for Mankind in themselves, and to be in that holy center is a chair, and a chair must have someone sitting on it; it is such a high position, everyone is running to be a chairman. And for everyone there is a chair, a chair for their physical being, and there is another being in Mankind and we may say, (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem.

•••••••••••• ••••• ••••••••• ••••••••

Ar-Rahman `ala al-`Arsh istawa, The Most Merciful was established on the Throne. (20:5)

(Mawlana Shaykh sits) What is that ayatu 'l-kareema saying, ar-Rahman `ala al-`Arsh istawa? Yes, for Mankind's animal being there is a chairman, but for their heavenly being their can't be a chairman, there must be 'arsh, throne. For everyone that throne is such a special grant from Allah Almighty to Mankind, making them on the highest level in the Divine Presence!

•••••••••••• ••••••• ••••••••••

Ar-Rahman. `Alam al-Qur'an, (God) Most Gracious! It is He Who has taught the Qur'an. (55:1-2)

But generally, Mankind is only taking care for their chair, not asking for that holy throne. Their whole interest and highest desire is to reach their chair, to find a chairman. Chairs are for our physical being, but our real being has a throne that no one knows. As Allah Almighty is saying: (Mawlana Shaykh stands)

•• ••••• •••• ••• ••••• •••• ••••• ••• ••••

Ma wasi`anee ardee wa laa samaa'ee wa laakin wasi`anee qalbee `abdee al-mu'min, My Earth did not contain Me, nor My Heavens, but the heart of My believing servant contained Me.

(Mawlana Shaykh sits.) People mostly are running to have a chairman for their chairs; the physical being is Man's chair. And people, beginning from the day they are born, grow, grow, grow, always eager to reach that chair. What is that chair? It is a chair, everyone may understand, and there is always going to be a fight between the "chairman" and the heavenly throne that belongs to Heavens. And people are quickly or easily running to find a chairman for their chairs, their physical being. Shaytan is saying, "O Man! O Human Nature! I will teach you who is the best chairman for your chair, because your physical being is a chair and it needs a chairman, so I will show it to you. Listen to me. The best chairman for you is your ego, nafsak." That is in the hadeeth nabawi ash-shareef.

O Salafi `ulamas, where are you? Are you not hearing that hadeeth ash-shareef? You are claiming that you know too much; that is a question coming now. You never heared such a hadeeth ash-shareef? I never heard any of the Salafi `ulamas warning Mankind according to that hadeeth ash-shareef. No one can say it is not true or fabricated! They are always saying, "It is not a real hadeeth; it is fabricated!" Why? That hadeeth ash-shareef is famous! The Seal of Prophets, Sayyidina Muhammad (s), said: (Mawlana Shaykh stands)

••• •••• •••• ••• •••• •••• •••• :•••• •••• •••• •••• ••• ••••• _ •••• ••••••• •• •••••

A`ad `adoowik nafsak allatee bayna jambayk, The most terrible enemy to you is the ego between your two sides.

If you are asking who is your most dangerous and terrible enemy, I am saying it is nafsak. Is that hadeeth ash-shareef not written, or not reaching you? Say, Salafi `ulamas! (Mawlana Shaykh sits) I never heard any one of the Salafi `ulamas or from doctors of Shari`ah, or I never heard from Azhar ash-Shareef `ulamas, about that hadeeth ash-shareef. Why? Is it not true? How can you say that, "We never heard such a hadith? Leave

hadith, look at what Allah Almighty is saying: (Mawlana Shaykh stands)

••••• ••••••••• •••••••••••• •••••••••• •••••• ••• •••••• •••••••

Asta`eedhu billah. Inna an-nafsu la-amaaratan bis-soow illa man rahima Rabbee, Verily the nafs (ego) is ordering to evil except for whom My Lord has granted His mercy. (12:53)

Is that ayatul-kareemah or I am saying from myself?! (Mawlana Shaykh sits) Why are you not accepting? Asta`eedhu billah. nna an-nafsu la-amaaratan bis-soow illa man rahima Rabbee. Why are you not warning, and you are saying, "We are a group who prevents people from wrong ways," and it may true. You are claiming you are `amar bi 'l-ma`roof, wa 'n-nahi `ani 'l-munkar, (Call(ers) to do what is good and leave the forbidden.) So why are you not warning, "O People! The Seal of Prophets (s) is saying, A`ad `adoowik nafsak allatee bayna jambayk. O Man! Beware of your ego, nafs!" Why are you not saying? That is the most important point in Islam, to warn people who is with them and who is not with them! Allah Almighty created the nafs, saying, “Come,” and it was going back. He said, “Go back,” and it came forward. Nafs is doing everything the opposite of what its Creator orders! For what? Why are you not reminding people? Wa dhakkir (and remind them)! That is ayatu 'l-kareemah.

O Learned People! Doctors, or Salaaf as-Saalih, or Wahabis, why are you not warning, "O People! Don't run after your material aspects, because your ego is always calling you for material pleasures. Your chairman is your ego, your nafs!"

How can you say for your chairman, “We are not following you,” and you are ‘abid, slave for your egos. How can this ummah stand up? And all people don't know who is for them and who is not with them. How can they reach heavenly support, which only comes to those who take care and never let their egos to do as they like. mu'min kaamil, the perfect believer, is he who never gives a chance to his ego to do anything, and saying as Allah Almighty is saying: (Mawlana Shaykh stands)

•• ••••• •••• ••• ••••• •••• ••••• ••• ••••

Ma wasi`anee ardee wa laa samaa'ee wa laakin wasi`anee qalbee `abdee al-mu'min, My Earth did not contain Me, nor My Heavens, but the heart of My believing servant contained Me.

Qalb al-mu'min `Arshullah, “The heart of the believer is the Throne of Allah.” (Mawlana Shaykh sits.) Qalb al-

mu'min `arshullah. Arabee? Tarifoon, but you are not trying to understand. If you are understanding, you must believe. If you are not believing, you cannot understand! Therefore, holy ones are always attacking on those who say, “We are the best ones,” when really they are the worst ones! There are one-billion to two-billion Muslims, and Allah Almighty is ordering:

•••••••• •••• •••••••••••••

Koonu ma’as saadiqeen, Be with those who are true (in word and deed). (9:119)

Where are those elected, special, chosen ones, who really keep Allah Almighty's Right Way? And the Right Way is not to obey your ego! If your ego is going to be a chairman, your ego is going to be with Shaytan and shaytanic groups. Those who are keeping their hearts as the throne of their Creator will be taken to the Divine Presence here and Hereafter! May Allah forgive us.

What shall we say? This is a difficult time and people are thinking they know something, but they know nothing! Man must know under Whose command he is acting, moving, doing and living. Salafi `ulamas, I am asking your opinion about the Islamic world: do they think their lives are suitable and under heavenly commands? Are they walking on it, or are they using their chairman's way? That chairman is their ego and if they are following their egos, that ego is the donkey of Shaytan. Whoever is following their egoistic desires is under the hegemony of Shaytan or shaytanic groups.

O People! Say, Laa ilaaha illa-Llah Sayyidina Muhammadun Rasoolullah (s)! (Mawlana Shaykh stands) That is the real way for you to be takhlees, saved, if you are saying and following this. (Mawlana Shaykh sits) But the whole Islamic world is changed; they are making their chairmen their egos, the donkey of Shaytan. Both are making are the Islamic world in such a way. Do you think the current status of the Islamic world is suitable according to the principles of Islam or the holy commands of Allah Almighty? Which country, which government, which `alim is following heavenly rules? But they are making their egos chairmen on themselves, never believing in the Holy Qur'an or holy books, and not following the Seal of Prophets (s)!

They are following their egos because their egos are their chairman! That is the main problem of the Muslim world. It is not a good vision for the Muslim world to follow the commands of their egos, no. They are saying, “I don't like to eat this, I like to drink that. I don't like to dress that way, I like to dress this way.” For what?

Particularly, chairmen for men are their egos, and another one is making women as men's chairman now. How can this be? And Allah Almighty saying: (Mawlana Shaykh stands)

•••••••••• •••••••••••• ••••• •••••••••

Ar-rijaal qawaamoon `ala an-nisaa, Men are protectors and maintainers of women. (4:34)

Haqq! Why are they not doing this? (Mawlana Shaykh sits) Ar-rijaal qawaamoon `ala an-nisa`. Where are you, our Salafi `ulamas? What is your position on this issue? How many points are the heavenly ones making to remind you? Perhaps it is going to be one-thousand such special warnings coming, coming, coming, but I am not hearing you accept that truth and then going on true ways, as Prophet (s) is saying, “O my nation! The true way is only one way, but the way which goes on the left hand are wrong ways.” Prophet (s) is on the true way, and wa man tabi`nee, "And those who follow me." Those who run to follow Sahaabi 'l-kiram are on the true way and others are finished on the wrong way, and their ways must be changed! If Muslims are asking to be granted heavenly honor, they must come on the true way. If they are going left and right, finished, no more honor, no more goodness in their lives, no more pleasure and no more honor for them. May Allah forgive us.

O our Attenders! As-salaamu 'alaykum. You are running to make your egos, your chairman, happy. You are saying, "O Shaykh, how are you saying that? Our chairman is our ego? How are we fighting against our chairman?" Beware, I am putting your chairman under my feet to save you! An-nafsu 'l-ammaaratan bi 's-soow. We are beginning now some heavenly centers to save Ummat al-Habeeb from the hegemony of nafs, hawaa, Shaytan and dunya. May Allah forgive us!

O People! Don't be angry, for if you are going to be angry, don't send me money, food, rice, or sheep (for barakah) because it doesn't matter, Allah (swt) will send to me; I am not looking to you for anything. But I must say the holy command, wa dhakkir, “And remind!” I am reminding people, so who is accepting accepts this reminder. I am not asking any ajar, reward, payment or salary. Yes, I am a free one, trying to make my ego under my command, to make my real being to be on that chair as the real chairman, under the holy command of spiritual power! Spirituality is going to take people up, and egoistic desires are taking people down in dark levels and dark places of Earth.

May Allah forgive us for the honor of Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits)

Fatihah.

(Mawlana Shaykh prays two rakaat Salat ash-Shukr)

Fatihah.

(45 minutes)

If they are not coming to listen, I am making their chairmen under my feet, with my ego also! (Mawlana Shaykh laughs) People are running to change chairmen in governments. Why are they not making that? Fighting in the east to west. Why are you not making that true one to be your chairman?

## "I Was a Hidden Treasure"

(Mawlana Shaykh stands.) Madad, yaa RijaalAllah. Allahu akbar, Allahu akbar, Allahu akbar, Allahu akbar, Allahu akbar la ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah! Allahu akbar, Allahu akbar wa lillahi 'l-hamd! Nahnu `abeeduka, Rabbuna. All praising and all honor on the most honored one, Sayyidina Muhammad (s). O our Lord, give him more and more from Your Glory Oceans. You are only One. You are our Creator. Grant to Your representative, Sayyidina Muhammad (s), all glory and honor that You are granting to Your creatures. Dastoor yaa Sayyidee, yaa Sultan 'l-Awliya, madad, madad. (Mawlana Shaykh sits.)

O People! No car or plane or any other moving instrument is working without petrol. Therefore, now we must ask from our master, Qutb ul-Mutasarrif, the Pole who is looking after all happenings in this world, through creatures or through themselves. Everything is glorifying Allah Almighty and no one can be in existence without it; that glorifying is making people to stand up and be alive. They are knowing or not knowing it; if they are knowing, they shall be rewarded, if not, they should be mahroom, deprived.

We are giving our salute to our master, Sultaan al-Awliya, asking to be supported. They are making me to be here. He is responsible for what I am speaking to people, to all nations, perhaps to all Creation and all creatures on this planet. This association is bringing heavenly power and through that one it is spreading to everything, even reaching atoms. They may take something that they may need through such a humble

meeting.

Atoms are alive ones also. “Dead” means, not in existence, but everything with life must be alive to be in existence. To be alive, a dead one needs a heavenly connection to reach it from the master. Therefore, an atom is a living one and everything in existence must be a living one or mafkoot, and anyone that is not in existence is finished, zero.

If existence is granted to anything in this world, it must be in connection with the master of this world. That heavenly power reaches the atom and the atom appears, taking it’s origin. They are saying now 90, more or less, kinds of atoms; dhaalika mablaghuhum min al-`ilm, they can’t say with certainty that there are 90 kinds of atoms, that is just our knowledge. Our authority is going to be known through our knowledge, but you can’t put a distance or a beginning or ending for them, you can’t put them in limits. They are trying to make it more and more but they can’t do. For example, they are using heavy power to make a new atom, but then that power is leaving it and that atom is disappearing and no more in existence. But if the master of this world is not running up to higher or heavenly stations, and I am endlessly ashamed to reach to Allah for an atom, haasha, it can’t be. They can’t make Allah Almighty busy for bringing an atom into existence. Allah Almighty is free from everything in existence!

••••• •••••• •••• ••• ••••••

Kulla yawmin huwa fee sh’an, Every day in (new) splendor does He (shine). (55:29)

The appearances of Allah Almighty are daily and no one knows what is real meaning of “day” or “daily.” We can’t occupy Allah Almighty for bringing atoms into existence.

O Salafi `ulama! Marhaban (welcome)! What are you saying about the existence of Allah Almighty? What are you knowing about your Lord’s description of Himself? No one can speak or bring a description on His existence, only He may speak about Himself, saying

••• •••• •••••• •••••• •• •••• ••••• •••••

Kuntu kanzan makhfiyyan fa ahbabtuhu an u`rafa fa khalaqtuhu ‘l-khalq, I was a hidden treasure, I wanted to be known, so I created Creation.

What do you think about that Hadith qudsee? What is your opinion when He is saying kuntu (I was)? Lam yazal wa laa yazaal, He is and will be as He always has been. No one is knowing what is Eternity or pre-Eternal, and no one knows, al-azal or al-abad, pre-Eternal and Eternal, laa awwal wa laa aakhir, no beginning and no ending (for Allah). What you are going to say? Say something to make people know something about their Lord's Being!

We are saying now, as-salaamu `alaykum, O those that are happy to listen and know more and more about their Lord's existence! "Existence" is so weak (a description) to be said for Allah Almighty. "Existence," what is that? We may say His "Existence" according to our understanding only, but beyond that meaning, no more meanings. Millions, billions and quadrillion times more can be said for His Existence, and no one may carry this, only Allah Almighty. He is saying kuntu for Himself, "I was; I am that One; I was a Secret Treasure." Translating from Arabic to another language, these words become so weak, but kuntu kanzan makhfiyya is most close for giving some meaning for Allah Almighty. Three words that no other language may say, even through a big ocean. When we are saying kuntu, it is just one spot. He is saying for Himself, "I AM." No one else can say, "I am here." Only He is to say, "I am here. I am your Lord. If you are asking from My being, I may only say, 'I was an Unknown Treasure.'"

But it is not the treasure you are understanding. All of the seven heavens and seven earths are treasures. If they may all be treasures, it is not only one part in which you can find a treasure. If your imagining is reaching about existence, all of them are going to be treasures; you can understand this at your level of understanding. But when (Allah says,) "I am giving you a description about My Being - I was kuntu kanzan makhfiyya," that word "kanzan" is from pre-Eternal to Eternal. No one can give a meaning or put a limit on it. Not only meanings, but the meanings they are carrying from real beings are nothing.

(Mawlana Shaykh stands.) Allahu akbar! Allahu akbar! Laa ilaaha illa-Llah. Allahu akbar, Allahu akbar wa lillahi 'l-hamd. O Rabbi 'l-`alameen! Allahu akbar. (Mawlana Shaykh sits.)

We are speaking on an atom. We are asking the Salafi `ulama what is their opinion on that word? In Arabic, kanz and in another language, "treasure." If they are claiming they are `ulama, they may say something about it. If it is a treasure that contains an atom bigger than this seen world, don't be surprised. It is not a surprise if we say this atom's kanz also has a kanz, that it contains a treasure. Each atom is a treasure and it contains

unlimited power. I am asking scientists how they can say this. What is your opinion if you are able to catch an atom, do you think you can burn it? Can anyone burn an atom? Impossible. Why are you men getting so proud? You must put down your forehead for your Lord. (Mawlana bows.) Allahu akbar, Allahu akbar, Allahu akbar!

(They are) making a weak servant to speak on such not only unknown, but impossible for understanding. There are some subjects that are impossible to know or to understand. What is an atom? Anyone can say, “An atom is more powerful than all Creation.” Don’t say impossible; it is possible! We are saying that a heavenly power is put in an atom and that power can’t be taken away. As a simple symbol of that atom’s power, the Lord of Heavens just gave to some people in this world, ability to make an atomic bomb. Don’t think that one atomic bomb has millions of atoms; it’s power is from a single, simple atom. No one knows the pieces through an atom. They are using only one atom and are trying to know what is in it. What is in an atom? They are trying to reach there, but can’t. No opportunity is ever given for Man to run in an atom, or to touch it or to look at it. Can’t look, can’t reach, can’t touch! If it is opening it will burn our world a hundred times over.

And He is the Creator, He is Allah Almighty, saying, kuntu kanzan makhfiyya, “I was a Hidden Treasure.”

These words are only an understanding for people. It is so difficult or impossible; there are possible and impossible things in existence. Possible things are what you are looking at and seeing, but the impossible things are never going to be known or be seen or be touched or be used. If He wants, He can hook our world on an atom, and can take it up like lightening! Why it can’t be? It can be.

O Salafi `ulama! Such things are a grant from the holy ones to make us understand our Lord’s existence. If anyone is knowing, they can’t ask, “How is our Lord?” Leave that and tell me, how is an atom? Do you know? Why are you asking “How is Allah?” Kayfa Rabbuna. Do you know this? You must know. Someone was coming to Imam Sayyidina `Ali (q) asking, “How is our Creator?” `Ali, full with knowledge, was answering, “O my Lord’s servant, alladhee kayyaf al-kayf, laa yus'alu kayf, who is meaning and asking, ‘How is our Lord?’ the answer to how is He is impossible; leave that one.”

O People! As long as we are trying to know more and more about our Lord’s Being, it will be impossible and difficult. But we must know that He has an existence and it never looks like the existence of creatures. His Existence is 100% different from Man’s being or a creature’s being. He is the Creator and He is never going to

be like a creature. As long as you are knowing this, you are going to be granted more and more heavenly lights. Heavenly lights are giving to you much more authority, ability and capacity for looking-beings. Therefore, when you are looking at something, don't say, "That one is like this." No, it is 100% different. And atoms also are so different, not from adding, "1, 2, 3." like this. It is impossible to know something about atoms.

And where are you asking to reach, saying, "How is our Lord?" Leave that, because Knowing Oceans for the Lord of Heavens are like lightenings and always give lightenings. Every lightening carries unknown knowledge, unknown and different appearances, coming from atom. And what is the lowest description on an atom? What is that? All of them are looking and trying to understand the secret of an atom. They are using mathematics problems to find a solution. Making clear the existence of an atom is such a big ocean.

O People! Our listeners, as-salaamu `alaykum! Sometimes they are making me speak in such a way as preparation for the Last Day, and for what is necessary for you for living this life. It is imitated life, running into Known Oceans for understanding an atom. An atom has Known Oceans as well as Unknown Oceans, even they are not knowing about themselves. You are a man and you are not knowing about yourself! You are the most important and most honored creature among heavenly beings and it is so difficult to know yourself by yourself! If you are looking in a mirror and saying, "I am this one," bring your proof. What is the proof? What I am saying is only a preparation to make Man's capacity or ability ready for understanding. It is a montage. (Mawlana displays his watch.) This is a watch and you take every part out of the watch and then you are being asked to put everything exactly as before, but you are not going to be able to arrange every part of the watch to its true place. What about Man? Every man is carrying something different from the others. As we said before, every atom is different and can't be the same. Every man is different. Each atom has its personality.

O People! Don't waste your time and try to come forward, to listen and understand something in this short life, so that you will be honored with your real identity on the Day of Resurrection. May Allah forgive us and bless us!

Dome dome, dome dome 12x

Fatihah.

Something for understanding, we can't understand; to understand is a grant from our Lord.

(48 minutes) Mashaa-Allahi ' l-`Aliyyu 'l-`Azheem.

(548 thousand) Mashaa-Allah. La ilaha illa-Llah Muhammadan Rasoolullah.

(Mawlana hums dome dome tune.)

## I was ordered to

*This morning (Monday 1/4/2013) Mawlana gave this very important short announcement that he was ordered not to speak for three days (till Thursday 4/4/2013). We asked him if that meant we should stop the broadcast for these three days and not put online those sohbats that we have not posted yet. Mawlana said no, no need to stop the broadcast, but to make it clear that these sohbats are not new and were recorded earlier to that order.*

## Mir wurde befohlen

Bismillahi r-Rahmani r-Rahim. Heute gibt es einen Befehl für mich, nichts zu sagen. Heute ist Montag. Dienstag, Mittwoch, Donnerstagnacht, die Nacht zwischen Mittwoch und Donnerstag, 3 Tage lang. Es gibt jetzt einen Befehl, nichts zu sagen. Ihr werdet den Grund dafür zu der Zeit erfahren. Es gibt einen Befehl für uns, 3 Tage lang nicht zu sprechen. Nach 3 Tagen, ich weiß nicht, welche Befehle dann gegeben werden. Jedoch, Allah, Jalla Jalaluhu, wir werden Seine Befehle ausführen. Es gibt eine Anweisung, und die wird in 3 Tagen ausgesprochen werden. Es gibt jetzt keine Erlaubnis für uns. 3 Tage, 3 Nächte, bis zur Nacht von Donnerstag, dann gibt es Erlaubnis zu sprechen, an dem Morgen, der Mittwoch und Donnerstag verbindet. Jedoch weiß ich nicht, welche Art von Ansprache kommen wird. Wir haben Befehl bekommen, 3 Tage lang nicht zu sprechen. Ich weiß nicht, was danach kommen wird. Deshalb werden wir jetzt 3 Nächte warten, wenn wir noch am Leben sind und wenn wir Anweisungen erhalten am Morgen des Donnerstags, um diese Zeit herum.. Es gibt eine Anweisung und es wird die Erlaubnis geben zu der Zeit zu sprechen. Jetzt habe ich den Befehl, 3 Tage lang nichts zu sagen.

Danach, sie wissen, welche Art von Aufruhr geschehen wird. Ich kann jetzt nicht sprechen. Ich kann morgen Nacht oder die Nacht danach nicht sprechen. Die nächste Nacht, Donnerstagmorgen, insha'Allah wird es Erlaubnis geben, aber es wird eine starke Rede sein. Das bedeutet, eine sehr starke Anweisung ist gekommen. Jetzt ist die Erlaubnis zu sprechen zu Ende, nach diesem Morgen. Wir werden sehen, was der Grund ist. Wir wissen noch nicht. Es gibt jene, die wissen, aber die Erlaubnis ist in 3 Tagen. Uns wurde ein Befehl gegeben, 3 Tage nicht zu sprechen. Die Zuhörer mögen darüber nachdenken, um was es geht, und am Donnerstagmorgen werden sie es wissen. As-Salamu `alaykum, Diener Allahs, wa Rahmatullahi wa Barakatuhu. Salamun Qawlaam mir Rabbir Rahim (36:58). Salamun (Frieden sei auf euch), ein Wort vom Herrn, dem Gnadenreichen. Jeder sollte in seiner Arbeit fortfahren. Es gibt keine Ansprache jetzt 3 Tage und 3 Nächte lang. Es ist geschlossen, und dann kommt eine Anweisung, aber es wird nicht leicht sein. Deshalb ist es heute nicht möglich, es zu sagen, und es gibt auch keine Erlaubnis.
Diejenigen, die neugierig sind, sollen bis Donnerstagmorgen warten. Und jene, die nicht neugierig sind, können tun, was immer wie wollen. Sagen wir Bismillahi r-Rahmani r-Rahim. Möge unser Tag gesegnet sein, möge unsere Arbeit gesegnet sein. Salamun Qawlaam mir Rabbir Rahim (36:58). Sarwari Kainat. Hz Muhammad Mustafa, Salawat Sharifa ihm, Salat und Salam seiner Familie und seinen Gefährten (ra) und Schutz auch für uns. Ya Rabbi, vergib uns. Fatiha. Um Deines Habib (saws) willen. Derjenige, der neugierig ist, sollte am Donnerstagmorgen zuhören. Für jetzt haben sie es für uns verschlossen. Es ist auch für uns verschlossen. So ein Bombardement kommt! Ich weiß nicht, was über sie hereinbrechen wird. Mögen Segnungen auf uns kommen. As-Salamu `alaykum. Salamun Qawlaam mir Rabbir Rahim (36:58). Mit Schutz, mein Sohn. Das ist genug. ...selbst die Berge konnten es nicht tragen, Ay Rabbi. Tawba ya Rabbi, Tawba Astaghfirullah. Möge unser Tag und unsere Arbeit gesegnet sein. Salamun Qawlaam mir Rabbir Rahim (36:58). Salam auf die Gläubigen. Fatiha.

**“I will enlighten the world with the Light of My Beloved Prophet!”**

O believers! This is the last Cuma of the month Safar-u-Khair. The next Cuma belongs to the honoured month of Maulid, in which the pride of creation, Habibullah, was born, who honoured the world. Maulid Sharif is coming!

Allah Almighty said: “...wa ma arsalnaka ila Rahmatan li-l ‘Alamien...”Without you, if I had not created you, I would not have created creation at all. I gave it to you!” Such an honoured month is coming! The night from Sunday to Monday is the first night of the Maulid month and Monday is the first of Rabi’u-l Awwal.

Gather in the mosques, make Dhikr and Salat wa Salam, make Maulid for the holy Prophet sws! Anyone who is able to move, should come!
Faith, Islam, will never die! Its enemies are those, who are going to be removed! A tree, planted by Allah Almighty Himself, nobody can take out!

They think, Islam is a game, that they can finish Islam by their bombs-

ya Rabba-l ‘Alamien, may they all go! Everyone, who is against Islam, may go! Allah says: “I will not leave them! What I have sent to My Habib, the Shariat, who is going against it, I will take him away! I have sent Islam as a guidance for mankind with the Prophet of Guidance, it is the Din of Haqq, the faith of Absolute Truth, it is not Batil! I will take Batil away, I will complete the Light of My Habib, My Beloved, I will enlighten the world with his Light, ‘...wa lau karia-l kafirin...’, even if the unbelievers don’t like it!”

They are not thinking that their life is between two breaths, that they cannot breathe without Allahs permission and that the breath is not coming out without His permission. He, the Owner of Power and Might of Heavens, the Kudret wa Azamet Sahib, who is reigning over the whole creation- how anyone can go against Him?

Honour is to follow the Prophet! Keep his way and example, keep yourself! Every day pray 2 Rakaat Shukr that you are from the Ummah Muhammadi sws!

“Don’t leave prayers”, Allah says, “or you are not My servant and I will finish you! Follow My Habib! By his Shefka and Shafaa only can the world by saved, by nothing else!

Who is fighting Allah, he can never win! They have reached the utmost limit! They will not be able to escape from His Anger to anywhere!
O believers! Keep your faith, be strong in your faith and then don’t fear! Allah will not make you fear anything in this world and the next!
Our duty is to give advice. Who is using his mind, will accept Islam and follow it!

O people! Hear and listen, listen and obey (the) Holy Orders of the Lord of Heavens! All trouble that all (the) world just fell in it of reason

because (people are) not hearing heavenly Orders and never listening and never obeying.

All nations, all governments, all mankind (is) following satanic teachings, refusing heavenly Teachings. No any way to open the ways of safety (except) the way only that (is) leading us to Allah Almighty's Mercy Oceans (is) to come and to say:

"O my Lord, I am surrendering to You and I am giving my oath that You are my Lord and I am Your servant!"

That is teachings of all Prophets that have been sent from Heavens to mankind. But I am sorry to say that no any nation- Muslims or Non-Muslims- not asking heavenly Orders. They are (saying): "Eh, eh... democracy!" People of Hell! Never accepting anything! What is democracy? Democracy bringing people and kicking them through a valley of troubles that no anyone can save them, only what had been sent from Heavens: a very strong rope. And the Lord of Heavens is saying: "Catch My rope that I sent to you, to save yourselves here and Hereafter!"

O mankind! You must come and surrender (to the) Holy Commands of your Lord! You must say: "O our Lord, You are (the) Creator! (There is) only 1 Lord, You, and we are Your servants!" You must not be servants of this life! You (are) never created for business! Everyone (is) running after to be (a) businessman, to be (a) rich man, high standard man. What is (a) 'high standard man'? You are saving, saving, saving- Dollars, Pounds, new money Euro, and Yen.. People are saving- what is (the) benefit to save millions and billions? O Arabs! And everyone (is) saving billions and billions and Allah should ask them: "O My useless servant, o My not respecting My orders (servant)! What you did? Just I granted to you billions. Why are you coming today and nothing through your book?

What you did?" "O Allah, o our Lord! Just I saved (money) and (I was) putting (it) in banks, putting to be investment..." "Do you think, o disobedient servant, o respectless servant, you think I gave, I granted to you so much money to save it? Or to do donations, to make good things? To reach My servants your donations, to make good things for you? You think I said to you 'Safe and leave and come here like this'?"

What should be their answer? This, more than Non-Muslim world I address Muslim world that (there are) perhaps thousands and thousands of multi-millionaires, but (they are) keeping (that money) like this... not giving for Allah! Allah should blame them: "You are not ashamed? When I granted to you and giving to do donations for My sake, why (you didn't give)...? O Angels, take them away, take them from My divine Presence, because they were keeping Satan and its teachings, not keeping My Teachings; not obeying Me, (but) running after Shaitan! Take them (away) with Shaitan, take them away. No way for them! It was one chance granted to you!"

O people, hear, listen and obey! And the Prophet (was) saying: "If anyone (is) giving for (the sake of) Allah, he must not think 'My money (is) getting less'. Never! Allah (is) giving to him. As long as you are opening (a) tap, water (is) coming. When (you are) closing (it), never (any water is coming). Open it, because what Allah Almighty granted to you to give, (is) neverending!

O people, come and say: "Tauba, ya Rabbi! We are doing wrong! We are surrendering to Your Commands, forgive us and send us from Your good servants whom (they are) on (the) steps of (the) Prophet, to lead us to Your divine Presence! Just we lost our ways, we are waiting (for) someone from Your divine Presence to come and save us!"

And he was S.Muhammad sws.

And now we are looking and expecting what (the) Prophet promised us through Allah Almighty's Order: that (is) coming Mehdi a.s. Then coming Antichrist and then coming Jesus Christ, Isa a.s.

O people, come and look after yourself! Surrender (to the) Holy Commands, you should find your ways to Paradise. If not, your end (is) going to be in Hells... May Allah forgive us!

## A Jabbar on Earth

Subhan Allah, Sultan Allah. He is Subhan, He i Sultan.
As-salamu 'aleykum. O' you who are attending! O' Lovers of Shah-i Mardan! That he might make the world tremble! That he might crush the head of Shaytan! We ask for Shah-i Mardan. Today is a new day. For each new day there are different tajalli. As-salamu 'aleykum, O' you who are attending! Let us give salams. Giving salams brings safety and security. Say: as-salamu 'aleykum. O' you in attendance! He who knows his Lord, wishes to know Him, who is on this way may peace be upon you. I wonder what Shah-i Mardan has to tell us today, let us listen to what he has to say to us. Let us begin.
As-salamu 'aleykum. Salam is one of the Holy Names of Allah Almighty. When you speak this name you are dressed in a cloak of safety. There is safety when you give Salam. The man who says "Salam" is in peace and security. "O mankind!" Mankind, he says. Speak to us, O' Shah-i Mardan. Peace be with you. O' Lovers of Shah-i Mardan! O' beloved friends of Shah-i Mardan, Shah-i Mardan is a blessed person, who shows us how man can possess perfection in Islam, since Allah Almighty dressed him with this quality. Shah-i Mardan. He who has in himself the perfection of manhood. He is not dead, Allah Almighty says about him. One who has died is dead. But one who speaks is not dead. "Bal ahya'un ‘inda Rabbihim yurzaqun" (3:169) they are the ones who live for the sake of Allah. Even when they leave this world, their bodies, their inner realities are present before the Divan (Council) of Allah Almighty.
Ismau wau - Listen, O' you people, for what did He give you these ears? Not to listen to music and drums, but to hear the Word of Truth. He gave you these. He who does not listen to the Word of Truth, who does not understand it, is in a class with the beasts. Allah - jalla jalaluhu wa jalla azamatuhu - has created you as a human being. We are humans and he has addressed

Himself to us. He says: "Ya ayyuha n-nas. O' people, you have received Divine Gifts from Me. I have dressed you with such honour as I gave to no other created being. I have honoured you in that you are to rule the earth in My Name," He says. What an honour! O' Shah-i Mardan, speak to us. O' Lovers of Shah-i Mardan. Oh you who are in love with Shah-i Mardan, who love and respect him, you who wish to follow his path, how fortunate you are! How lovely you are! You are among those who know the purpose and the aim of your being and appearance in this world. You are human. A man who does not know why he exists is not human, he is an animal. O' Shah-i Mardan, come to us. And he answers: "O' Friends of Shah-i Mardan!" O' you who love Shah-i Mardan, who repsect him, who follow his way and wish to follow his way! It is they who understand the aim and purpose of being human.

The Prophet of the Last Times (sas) showed an example. There are many, but now for our times, our group consists of those who love Shah-i Mardan. There is that group. Now, Al-Siddiq deserves our greatest respect, as do Sayyidna 'Umar, and Sayyidna 'Uthman; but Sayyidna 'Ali is the Master of the Field. Masha'Allah, the Master of the Field, Shah-i Mardan. Here together with us. The others occupy their stations. "wa li-kullin darajatun" (6:132) Everyone has his own degree, his rank. Everyone finds his rank. Listen, O' people of this world. Let us say: Bismillahi r-Rahmani r-Rahim. O' Shah-i Mardan. Sahib uz-Zaman. O' Shah-i Mardan who dresses in the dress of his Lord. He with whom Allah Almighty is pleased, with whom the Messenger (sas) of Divine Majesty and his Noble Companions are pleased, Sahib ul-Dawran, Shah-i Mardan. 'Ali ibn Abi Talibin, 'alayhi s-salam, For Shah-i Mardan we can say: 'alayhi salam. We don't say so for the others, for them we say "radiya-llah, " but for S. 'Ali we can say "alayhi salam". Hay hay, Sahib-i Maydan. Sahib-i Dawran, Sayyidna 'Ali is for humanity, a model of humanity, as they say. What is it like to be human? He showed us an example of how it can be, in Shah-i Mardan. How should we be, I wonder? Oh, how should we be? Let us say: Bismillahi r-Rahmani r-Rahim.

O' Yaran Shah-i Mardan, O' beloved friends of Shah-i Mardan. Let us say: Bismillahi r-Rahmani r-Rahim, as a beginning of good manners. Men are wild. In order to save them from their wildness, He sent them a teacher, the Prince of all Creation, Habibullah (sas). I have come to instruct you.To teach you humanity. First-hand instructions for these people. For us, that is a matter somewhat remote, however, he wished it and taught it to Sahib-i Maydan, Shah-i

Mardan. He instructed him. He taught him. Therefore, O' you people; he is a model, a model of humanity. The people living nowadays are worn out and broken down. Now there are books of models. There are pictures of these models. They paint pictures based on these models. They take photographs and ask themselves: "I wonder whether I could be like that model?" They think they can, so instead of painting their lips, they apply it here, so this is bright red. Then they want to make it pink, so they put on a different kind of paint, and what is the result? "We copied the model," they say.

Among the models is also a model donkey. There really is. There are many who resemble a donkey. "I wonder, should we try the donkey?" Eh, your leaders have already made you into donkeys and are riding you! The tyrants of the 21st century, the angels will put them in a bag in their graves and punish them by beating. They regarded you as beasts. They put you in a sack. Model for what? They left no model for humanity. Because they are wicked, they are the representatives of Shaytan. Shaytan says: Suppress each other! He who suppresses most, will be on top. The 21st century thinks and imagines man to be like this: the suppressor is human, the suppressed is an animal. The philosophy that they are following is a rubbish road, it is rubbish. If it is philosophy, it leads to rubbish roads. They regard you, mankind, the public as a kind of talking animal. Mount on whatever you can mount! Turn the world upside down! Make sure you are seen!

Eh, some of them appear with the qualities of Nimrod, some with the qualities of Pharoah. In so many places in the Holy Qur'an this is described. Also in the noble Injil, in the honoured Torah, which came from heaven to the Prophet Musa (as), the honoured Torah, the pages of which no man could have borne, the honoured Torah. Now he tells us the truths contained in it, Shah-i Mardan, Sahib-i Dawran, Our Shah-i Mardan is telling us. The stories in the Torah tell us of the encounters of the people of Musa (as) with Pharoah and how Pharoah stood there in his high place and spoke to him, saying: "And who might you be?" "wa anta tuhibbu an takuna jabbaran fi l-ard". This is how Pharaoh addressed the great Musa (as), when he said: "You too want to be almighty on earth? But all might belongs to me!" he said. "No other mighty one but me! It is a Pharaonic quality." Therefore today it is the aim of Shaytan is to raise people within each community with the attributes of a Pharaoh or of a Nimrod. What the 21st century calls civilisation, this low-down, vile way of life, what is its aim? What does it want to convey, what

does Shaytan want to teach the people of this 21st century? As Pharaoh said to Musa (as): "a tuhibbu an takuna jabbaran fi l-ard", which means: Is it also your wish to be an almighty tyrant on this earth? All might belongs to me. We don't want another one beside me. How did he see the Prophet Musa?

O' Jewish people, did you not know this? You knew it, and yet you disobeyed the Prophet Musa (as) and Allah Almighty imprisoned you in the wilderness of Tih for forty years. Did He not do this? Speak! Chief Rabbi, speak! Deny it, then. Did you give up that characteristic? No, you didn't. You are still seeking to overpower. It is we who should rule the world, you think. Dictators, as they now say. It was they who invented dictatorship. We, he says - yes. There is the Sultan, the Padishah, and those fighting against him, the dictators. The sultanate and shahdom are sent down from the heavens and are for the servant a robe of majesty in which he is dressed. But nowadays they want to become tyrants: the German leader, the former Russian leader, the French one, Napoleon, the Hitlers and whoever else there was, the Turks, the Arabs, each have their own different kind of tyrant making claims of almightyness, and there is no country which Shaytan has not instructed in the qualities of being a tyrant. They have all taken on that attribute. "a tuhibbu an takuna jabbaran fi l-ard." How did he regard the Prophet Musa? Let the Rabbi of the Jews tell us!"a tuhibbu an takuna jabbaran fi l-ard." O Musa, do you want to become a tyrant on the face of the earth? Almighty power is mine, he said. Pharaoh mixed things up. But Shaytan swore: The Prophet Musa overcame you, and drowned you in the sea; I, however, shall make a promise to you: I shall fill the face of the earth with tyrants. There will come a time when there will be a tyrant at the head of every nation. They will each crush, kill, burn and destroy.

The leaders of the 21st century are like that. It is the instruction of Shaytan. Not one of them says what the Prophet Musa (as) spoke to Pharaoh in response: "I am 'Abdullah, I am a servant of my Lord. I am calling you to serve Allah Almighty. Renounce this cause of almighty power! And if you do not, it is your choice." He insisted and Allah drowned him. He drowned the armies of Pharaoh. He drowned the German leader, He drowned the Russian leader, the Turkish, Arab, Persian, Indian and Chinese leaders, all the tyrants He drowned, and crushed them. Almighty power belongs to Allah alone. We, we are servants. Our basic rank is that of

servanthood. We cannot make any claims of almighty power. The tyrants - Pharaoh says to the Prophet Musa: "a tuhibbu an takuna jabbaran fi l-ard"? Do you wish to make claims of almighty power over this earth? Who is tyrannical? Those people who do not accept Allah, whom Shaytan has dressed in his own satanic ways, those luckless people. Pharaoh, Pharoah he drowned in the waters. Because he made baseless claims. As Pharaoh was a tyrant, he thought the Prophet Musa must be the same. Do you want to be a tyrant on the facce of the earth? The Prophet Musa never made any such claims. His cause was to cast down the tyrants. Who is tyrannical? Shaytan.The people Shaytan has corrupted. They are the tyrants. They pretend to absolute mastery. But the attribute of absolute mastery belongs to Allah Almighty.

Man on this earth is Allah Almighty's servant, absolute power is His. You must represent servanthood. Don't go beyond your limits, don't seek to exceed your rank! But they do. In this present day and age, in every country there are different tyrants. In Turkey, in Russia, in Germany, in China, in India - every place is filled with tyrants. "wa ma bad il-muluki jababira" The Prophet of the Last Times, O' scholars of Egypt, you tell us! O' scholars of HIjaz, you tell us! "wa ma bad il-muluki jababiratun" These are words of the Holy Prophet, alayhi s-salatu wa ssalam, and you have driven the kings out of your countries. You have brought devils instead who are tyrants. Any country which has driven out the Sultan of that country, is punished by our Almighty Lord who rules over heaven and earth. He has sent them calamities from which they cannot escape. Look at Lybia, Egypt, Syria, Iraq, Iran, Turkey, Russia, look at China and America. They cannot escape from them. Then, this is the word spoken by the Prophet of the Last Times, the word of Truth. The quality of absolute power is only for Allah. Pharaoh's anger at Musa (as) was because of that: "You want to take power from me and use it yourself." "God fordid," said Musa (as). "I claim no absolute power, I am a servant. I am only admonishing and warning you, I am cautioning you to renounce all such claims. When your nation, your people applaud you, like this, do not say: "I am the master of heaven and earth." Man in this age has become like that. A bunch of drunk, rotten low-lives who do not know themselves, have made a mess of mankind. But He whose command sets heavens and earth in motion, He Allah Almighty says: "la-ka yawmun ya zalim" O' you who overstep your limits, you who commit injustice! I shall bring you a day when you will repent, but it will do you no good.

Come, O' Shah-i Mardan, let us hear your counsel. O' Lovers of Shah-i Mardan, become lions,

become lions! Don't be jackals, don't be foxes, don't be wolves, don't be bears, be human beings. Look, O' son of Adam, in the world find out the qualities of your leaders. Either they have the quality of the wolf, the bear, or the qualities of the fox, the dog or the donkey, or, Heaven forbid, the camel. That is how humans are. "Give up these claims", Pharaoh clearly stated. O' Shah-i Mardan, come to us. Musa, "a tuhibbu an takuna jabbaran fi l-ard." "Absolute power belongs to me. I don't want a second tyrant beside me. Therefore, do not call to me, for absolute power is mine. That is to say, power and might are in my hands. I don't want him. Is this what you want, O' Musa? Do you also want to have absolute power? I am the all-powerful one", said Pharaoh to the Prophet Musa. "You must know your limits. If you do not, it is not my problem. I do not want omnipotence, I am "abdun min 'abidi-llah"."

O' Banu Isra'il, what do you want to be? Do you want to be what the Prophet Musa said? No, you do not want that. You do not want it. You don't want it, but then your condition will be like the condition of Pharaoh. It will be stamped on you, on your foreheads: "These ones belong to Pharoah". O' Shah-i Mardan, tell us! Then there are those who say, "We are followers of 'Isa (as)." What is your claim? To make the world Christian; how do you go about that? We set up the cross, crucify and cross ourselves. We pass by it and cross ourselves. Is that the religion that came from heaven? They have no fear of Allah, they feel no shame before the Prophet 'Isa (as).

You say he is the son of Allah. He came down to earth and you crucified him. Then you weep before him. What kind of religion is that? You have made religion into a game. Now, from love of the world everything has been turned upside down. Some in their confusion ring church bells and frighten people, saying, we are this, we are that. Islam is the Truth! La ilaha illa-llah! Sayyiduna Muhammadur Rasulullah!

Come, O' Shah-i Mardan, draw your sword! When he, Shah-i Mardan, Habibu r- Rahman strikes, with the sword of Truth in his hand, calling out "Allah", if he then does not split this globe in two, he cannot be Shah-i Mardan. Islam has that kind of power. Let them who are on crooked ways beware! A man of our acquaintance, a Muslim, was asked by one man of another religion: "Bosbais", they say, how are you, how is it going? The other one answered: "Sandokavroz". This is a nice expression of our Greek Cypriot brothers. "How are you? Bosbais?" "Sandokavro." "I am going like a crab, like this." Go straight! No, impossible to go

straight. In the middle of all this crookedness, how can I go straight? I also go like them, sandokavroz. Like a crab. Good grief!! he says. This is from our Cypriot stories. Don't be like this sandokavroz! Go straight! Allah's religion is straight. Don't be crooked. Don't play with Allah's religion. Fear Allah. Don't be a tyrant. Dont say: I am a dictator. I am a tyrant, I do what I want, I can cut whom I want, I can kill whom I want - don't say that! "la-ka yawmun ya zalim." In four holy books Allah Almighty makes this known.

O' oppressor, you do wrong, but for you too will come a day when you will be punished for what you have done. They vanished. One group, two. Now only a few of them are left on earth. They play around, claiming absolute power. China says, we are irresistible. The Russians say, O you shut up! You are not even human! The Americans say, and we are stuck in the middle, Let's leave the Chinese to fight the Russians, and we'll pick up the pieces. Formerly, they would set up a wrestling match, then they would collect money. What did the wrestlers get? Hot air! We'll pass the hat and fill our pockets! The world is now managed by Shaytan. On account of mankind being mindless and drunk. It is the nafs that is drunk, the nafs of people living nowadays. Many people don't know what they are doing.

The other night, some people said: A bomb went off some place, and turned the world upside down. And why? There was a marathon, and the spectators of this marathon race were hit by an explosion, wherever it was, whatever (...) did it, and it rocked the entire nation. What does Allah's sacred law say about this? O' 'ulama' of Egypt, of Hijaz, of Persia, O' ulama' of Turkey, speak up! Do you not know what the Holy Prophet (sas) says: "ahbasu subyanakum ba'd il-maghrib." O' mankind, don't let your children roam the streets after maghrib. Lock them in! Keep them in your houses! That is the essence of instruction, and a word that will better the whole world. What did the Prophet of the Last Times say? "ahbasu subyanakum ba'd il-maghrib." Speak up then, you scholars of al-Azhar, and you, King of Hijaz, you well-respected person. Why do you not mention his other commands? After the maghrib prayer, do not let even your boys stay outside, he says. However, "wa qarna fi buyutikum", Let the women stay safe in their houses. While this is what our shari'a tells us, in the Hijaz are women not wandering in the streets at night? Is it not the same in the Emirates? Isn't it like that in Europe? What kind of Islam, what straight path is that? Hah, but Allah Dhu l-Jalal does not sleep.

Shah-i Mardan is saying this: One day we shall draw our sword Dhu l-Fiqar. Then we will get

rid of all who follow Shaytan. We will finish them off. Beware. The way of Allah is the way of Truth. Tell them, O' scholars of Sham. This would not have befallen you. O' 'ulama' of Egypt, you did not tell, you did not speak of this, O' Egyptians, don't leave your women, your men, your children outside after sundown. All night long your children are left to roam, shooting the bull. Getting mixed up with all manner of filth. Where is your knowledge? Where is your reputation? Speak the truth! For if you do not on the Day of Resurrection they will hang you up by your tongue, he says.
We take refuge with Allah. O' our Lord, send us a leader! Send people who accept the Truth, who follow the sunna of Your Beloved. Send us a leader who will lead us into safety. Send us al-Mahdi (as). Send us the Sultans, O' my Lord.
al-Fatiha.

**Du willst nur Jabbar auf Erden sein (28:19)**

Subhan Allah, Sultan Allah. Er ist Subhan, Er ist Sultan. As-Salamu `alaykum. O ihr, die anwesend sind. O Liebende Shah Mardans! Möge er die Welt erzittern lassen! Möge er den Kopf Shaytans zerquetschen! Wir bitten um Shah Mardan. Heute ist ein neuer Tag. Für jeden neuen Tag gibt es ein anderes Tajalli. As-Salamu `alaykum, o Anwesende, geben wir Salams. Salams zu geben, bringt Sicherheit. Sagt: As-Salamu `alaykum. O Anwesende, wer seinen Herrn kennt, wer Ihn zu kennen wünscht, wer auf diesem Weg ist, Friede möge auf euch sein. Ich frage mich, was Shah Mardan uns heute zu sagen hat. Hören wir, was er uns zu sagen hat. Fangen wir an! As-Salamu `alaykum. Salam ist einer der Heiligen Namen Allahs des Allmächtigen. Wenn ihr diesen Namen aussprecht, seid ihr in einen Umhang der Sicherheit gehüllt. Es gibt Sicherheit, wenn ihr Salam gebt. Der Mensch, der Salam sagt, ist im Frieden und in Sicherheit. O Menschheit, sagt er. Sprich zu uns, o Shah Mardan. Frieden sei mit dir. O Liebende Shah Mardans, o geliebte Freunde Shah Mardans, Shah Mardan ist ein gesegneter Mensch, der uns zeigt, wie der Mensch Vollkommenheit besitzen kann im Islam, da Allah der Allmächtige ihn mit dieser Qualität bekleidet hat. Shah Mardan. Er, der in sich die Vollkommenheit des Mensch-Seins hat, er ist nicht tot, sagt Allah der Allmächtige über ihn. Einer, der gestorben ist, ist tot. Aber einer der

spricht, ist nicht tot. "Bal Ahya'un `inda Rabbihim Yurzaqun" - doch sie leben bei ihrem Herrn und werden dort versorgt (3:169). Sie sind diejenigen, die um Allahs willen leben. Selbst wenn sie diese Welt verlassen, sind ihre Körper, ihre inneren Wirklichkeiten vor dem Diwan Allahs des Allmächtigen anwesend.
Isma`u wa`u - Hört zu, o ihr Menschen, wozu hat Er euch diese Ohren gegeben? Nicht um Musik und Trommeln zu hören, sondern um das Wort der Wahrheit zu hören. Er gab euch diese. Wer dem Wort der Wahrheit nicht zuhört, wer es nicht versteht, ist in einer Klasse mit den wilden Tieren. Allah, Jalla Jalaluhu wa Jalla `Azamatuhu, hat euch als Menschen erschaffen. Wir sind Menschen, und Er hat Sich an uns gewandt. Er sagt: "Ya Ayyuha n-Nas" - O Leute, ihr habt Göttliche Gaben von Mir erhalten. Ich habe euch mit solcher Ehre bekleidet, wie Ich sie keinem anderen Geschöpf gab. Ich ehrte euch insofern, als ihr die Erde in Meinem Namen regieren sollt, sagt Er. Welche Ehre! O Shah Mardan, sprich zu uns. O Liebende Shah Mardans, o ihr, die in Shah Mardan verliebt sind, die ihn lieben und achten, ihr, die ihr seinem Weg folgen wollt, wie glücklich seid ihr! Wie herrlich seid ihr. Ihr gehört zu denen, die den Zweck und das Ziel ihres Seins und Erscheinens in dieser Welt kennen. Ihr seid Menschen. Ein Mensch, der nicht weiß, warum er existiert, ist kein Mensch, er ist ein Tier. O Shah Mardan, komm zu uns. Und er antwortet: O Freunde Shah Mardans, o ihr, die ihr Shah Mardan liebt, die ihn achten, die seinem Weg folgen und seinem Weg folgen wollen, sie verstehen das Ziel und den Zweck ihres Mensch-Seins.

Der Prophet der Letzten Zeit (saws) zeigte ein Beispiel. Es gibt viele, aber jetzt für unsere Zeit besteht unsere Gruppe aus denen, die Shah Mardan lieben. Es ist diese Gruppe. Jetzt verdient as-Siddiq unseren größten Respekt, sowie auch Sayyidina `Umar, und Sayyidina 'Uthman, aber Sayyidina `Ali ist der Meister des Feldes. Ma sha' Allah, der Meister des Feldes, Shah Mardan, hier mit uns zusammen! Die anderen füllen ihre Station aus. "Wa li Kullin Darajatun" (6:132). Jeder hat seine eigene Stufe, seinen Rang. Jeder findet seinen Rang. Hört, o Leute dieser Welt, sagen wir: Bismillahi r-Rahmani r-Rahim. O Shah Mardan, Sahibu z-Zaman, o Shah Mardan, der mit dem Gewand seines Herrn bekleidet ist. Er, mit dem Allah der Allmächtige zufrieden ist, mit dem der Gesandte der Göttlichen Majestät und seine edlen Gefährten zufrieden sind, Sahibu d-Dawran, Shah Mardan, `Ali ibn Abi Talib, `alayhi s-Salam. Für Shah Mardan können wir sagen:

`alayhi Salam.Wir sagen es nicht für die anderen, für sie sagen wir "radiyallah", aber für S. `Ali können wir sagen "`alayhi s-Salam". Hay hay, Sahib Maydan, Sahib Dawran, Sayyidina `Ali ist für die Menschheit ein Modell des Mensch-Seins, wie sie sagen. Wie ist es, ein Mensch zu sein? Er gab uns ein Beispiel, wie es sein kann, in Shah Mardan. Wie sollten wir sein, frage ich mich? Wie sollten wir sein?

Sagen wir: Bismillahi r-Rahmani r-Rahim. O Yaran Shah Mardans, o geliebte Freunde Shah Mardans. Sagen wir: Bismillahi r-Rahmani r-Rahim, als Beginn guten Benehmens. Die Menschen sind wild. Um sich vor ihrer Wildheit zu schützen, sandte Er ihnen einen Lehrer, den Prinzen der ganzen Schöpfung, Habibullah (saws). Ich bin gekommen, um euch zu unterweisen, um euch Mensch-Sein zu lehren. Erste-Hand Anweisungen für diese Menschen. Für uns ist es eine etwas ferne Sache, jedoch wünschte er es und lehrte es Sahibu Maydan, Shah Mardan. Er unterwies ihn. Er lehrte ihn. Deshalb, o Leute, ist er ein Modell, ein Modell des Mensch-Seins. Die Menschen, die heute leben, sind ausgelaugt und schlapp. Jetzt gibt es Bücher von Modellen. Es gibt Bilder von diesen Modellen. Sie malen Bilder, basierend auf diesen Modellen. Sie machen Photos und fragen sich: Ich frage mich, ob ich wie ein Modell sein könnte? Sie denken, sie können, so statt sich die Lippen anzumalen, wenden sie es hier an, also ist das leuchtend rot. Dann wollen sie es pink machen, also tragen sie eine andere Art von Farbe auf, und was ist das Ergebnis? Wir kopierten das Modell, sagen sie. Unter den Modellen ist auch ein Esel Modell. Das stimmt wirklich! Es gibt viele, die ähneln einem Esel. 'Ich frage mich, sollten wir den Esel probieren? Eh, euere Führer haben euch schon zu Eseln gemacht und reiten auf euch!

Die Tyrannen des 21. Jahrhunderts werden die Engel in einen Sack stecken in ihren Gräbern und sie damit strafen, sie zu schlagen. Sie betrachteten euch als Tiere. Sie tun euch in einen Sack. Modell wofür? Sie ließen kein Modell für die Menschheit, weil sie böse sind. Sie sind Vertreter Shaytans. Shaytan sagt: Unterdrückt einander! Wer am meisten unterdrückt, wird oben sein. Das 21. Jahrhundert denkt und stellt sich den Menschen so vor: Der Unterdrücker ist Mensch, der Unterdrückte ist ein Tier. Die Philosophie, der sie folgen, ist ein schmutziger Weg, Abfall. Wenn es Philosophie ist, führt sie zu schmutzigen Wegen. Sie betrachten euch Menschheit, das Publikum, als eine Art sprechendes Tier. Besteige, was immer du besteigen kannst. Stellt die Welt auf den Kopf. Stellt sicher, gesehen zu werden. Eh, manche erscheinen mit den Eigenschaften Nimrods, manche mit denen Pharaos. An so vielen Stellen im Heiligen Quran wird das beschrieben.

Auch im edlen Evangelium, in der geehrten Thorah, die von den Himmeln kam an den Propheten Musa (as), die ehrenwerte Torah, deren Seiten kein Mensch getragen haben konnte, die ehrenwerte Torah. Jetzt erzählt er uns die darin enthaltenen Wahrheiten, Shah Mardan, Sahib Dawran.
Unser Shah Mardan erzählt uns die Geschichten in der Torah. Erzähl uns das Treffen der Leute von Musa (as) mit Pharao und wie Pharao dort auf diesem hohen Platz stand und zu ihm sprach: Und wer bist du?
"Wa Anta Tuhibbu an Takuna Jabbaran fi l-Ard." So sprach Pharao den großen Musa (as) an, als er sagte: Auch du willst auf der Erde allmächtig sein? Aber alle Macht gehört mir! sagte er. Kein anderer Mächtiger als ich! Es ist eine pharaonische Eigenschaft. Deshalb ist es heute das Ziel Shaytans, in jeder Gemeinschaft Leute aufzuziehen mit den Attributen eines Pharaos oder eines Nimrods. Was das 21. Jahrhundert Zivilisation nennt, diese niedrige, widerwärtige Lebensweise, was ist ihr Ziel? Was will er vermitteln, was will Shaytan die Menschen des 21. Jahrhunderts lehren? Wie Pharao zu Musa (as) sagte: "A Tuhibbu an Takuna Jabbaran fi l-Ard". Das bedeutet: Ist es auch dein Wunsch, ein allmächtiger Tyrann auf dieser Erde zu sein? Alle Macht gehört mir. Wir wollen keinen anderen neben mir. Wie sah er den Propheten Musa? O Juden, wußtet ihr das nicht? Ihr wußtet es und doch gehorchtet ihr dem Propheten Musa (as) nicht, und Allah der Allmächtige schloß euch 40 Jahre in der Wildnis von Tih ein. Tat Er das nicht? Sprecht! Oberrabbiner, sprich! Leugne es denn. Habt ihr diese Eigenschaft aufgegeben? Nein. Ihr versucht immer noch zu überwältigen. Wir sollten es sein, die die Welt regieren, denkt ihr. Diktatoren,wie sie jetzt sagen. Sie waren es, die die Diktatur erfanden. Wir, sagt er - ja. Da ist der Sultan, der Padischah, und jene, die gegen ihn kämpfen, die Diktatoren. Das Sultanat und Shahtum sind von den Himmeln herabgesandt und sind für den Diener ein Gewand der Majestät, mit dem er bekleidet wird.
Aber heutzutage wollen sie Tyrannen werden: der deutsche Führer, der frühere russische Führer, der französische, Napoleon, die Hitlers und wen immer es sonst noch gab, die Türken, die Araber, jeder hatte seine eigene besondere Art von Tyrann mit Anspruch auf Allmächtigkeit. Und es gibt kein Land, das Shaytan nicht unterwiesen hat in den Eigenschaften des Tyrannentums. Sie haben alle dieses Attribut angenommen. "A Tuhibbu an Takuna Jabbaran fi l-Ard?" Wie betrachtete er den Propheten Musa? Die Rabbis der Juden sollen es uns sagen! "A Tuhibbu an Takuna Jabbaran fi l-Ard?" O Musa, willst du ein Tyrann werden auf dem Angesicht der Erde?

Die Allmächtigkeit ist mein, sagt er. Pharao brachte die Dinge durcheinander. Aber Shaytan schwur: Der Prophet Musa hat dich überwältigt und im Meer ertränkt. Ich, jedoch, gebe dir ein Versprechen: Ich werde das Angesicht der Erde mit Tyrannen füllen. Es wird eine Zeit kommen, wenn es einen Tyrannen an der Spitze einer jeden Nation geben wird. Jeder von ihnen wird zerschmettern, töten, niederbrennen und zerstören. Die Führer des 21. Jahrhunderts sind so. Es ist die Anweisung Shaytans. Nicht einer von ihnen sagte, was der Prophet Musa (as) Pharao als Antwort gab: 'Ich bin Abdullah. Ich bin ein Diener meines Herrn. Ich rufe dich auf, Allah dem Allmächtigen zu dienen. Gib diese Sache der Allmächtigkeit auf. Und wenn nicht, ist es deine Wahl.' Er beharrte und Allah ertränkte ihn. Er ertränkte die Armeen Pharaos. Er ertränkte den deutschen Führer, Er ertränkte den russischen Führer, den türkischen, arabischen, persischen, indischen und chinesischen Führer, alle Tyrannen ertränkte Er und zerschmetterte sie.

Die Allmächtigkeit gehört Allah allein. Wir sind Diener. Unser grundlegender Rang ist der der Dienerschaft. Wir können keine Ansprüche auf Allmächtigkeit stellen. Die Tyrannen - Pharao sagt zum Propheten Musa (as): "A Tuhibbu an Takuna Jabbaran fi l-Ard?" Wünscht du Ansprüche zu stellen auf Allmächtigkeit über diese Erde? Wer ist tyrannisch? Diese Leute, die Allah nicht anerkennen, die Shaytan mit seinen eigenen shaytanischen Weisen bekleidet hat, diese glücklosen Leute. Pharao ertrank im Wasser, weil er haltlose Ansprüche stellte. Da Pharao ein Tyrann war, dachte er, der Prophet Musa (as) müßte dasselbe sein. Willst du ein Tyrann sein auf dem Angesicht der Erde? Der Prophet Musa (as) stellte nie irgendwelche derartigen Ansprüche. Sein Anliegen war, die Tyrannen niederzuwerfen. Wer ist tyrannisch? Shaytan, die Leute, die Shaytan verdorben hat. Sie sind Tyrannen. Sie erheben Anspruch auf absolute Meisterschaft, aber das Attribut der absoluten Meisterschaft gehört Allah dem Allmächtigen. Der Mensch auf dieser Erde ist Allahs des Allmächtigen Diener, die absolute Macht ist Sein. Ihr müßt Dienerschaft darstellen.

Übertretet nicht euere Grenzen, sucht nicht, eueren Rang zu übertreffen! Doch sie tun es. In diesen Tagen gibt es in jedem Land verschiedene Tyrannen. In der Türkei, in Rußland, in Deutschland, in China, in Indien - jeder Ort ist angefüllt mit Tyrannen. "Wa ma ba`di l-Muluki Jabbabira", wurde gesagt vom Propheten der Letzten Zeit (saws). O Gelehrte Ägyptens, sagt es uns! O Gelehrte des Hijaz, erzählt uns! "Wa ma ba`di l-Muluki Jabbabiratun". Dies sind die Worte des heiligen Propheten, `alayhi s-Salatu wa s-Salam, und ihr habt die Könige aus euren Ländern vertrieben.

Ihr brachtet stattdessen Teufel, die Tyrannen sind. Jedes Land, das den Sultan aus seinem Land vertrieben hat, wird vom Allmächtigen Herrn bestraft, Der über Himmel und Erde herrscht. Er hat ihnen Unglücke geschickt, denen sie nicht entkommen können. Seht Lybien an, Ägypten, Syrien, Irak, Iran, die Türkei, Rußland. Seht auf China und Amerika. Sie können ihnen nicht entkommen. Dann, dies ist das Wort, das vom Propheten der Letzten Zeit gesprochen wurde, das Wort der Wahrheit. Die Qualität der Absoluten Macht ist nur Allahs. Pharaos Ärger auf Musa kam daher: Du willst mir die Macht nehmen und sie selbst nutzen. Gott bewahre! sagte Musa (as). Ich beanspruche keine absolute Macht, ich bin ein Diener, ich mahne und warne dich nur. Ich ermahne dich nur, solchen Ansprüchen abzuschwören. Wenn deine Nation, dein Volk dich beklatscht, so, sage nicht: Ich bin der Meister von Himmel und Erde.

Der Mensch in dieser Zeit ist so geworden. Ein Haufen betrunkenes, mieses Pack, das sich selbst nicht kennt, hat die Menschheit verkorkst. Aber Er, Dessen Befehl Himmel und Erde in Bewegung setzt, Er, Allah der Allmächtige sagt: "Laka Yawmun ya Dhalim". O ihr, die ihre Grenzen überschreiten, ihr, die Ungerechtigkeit verüben, Ich bringe euch einen Tag, an dem ihr bereut, aber es wird euch nichts nützen. Komm, o Shah Mardan, laß uns deinen Rat hören. O Liebende Shah Mardans, werdet Löwen, werdet Löwen! Seid keine Schakale, seid keine Füchse, seid keine Wölfe, seid keine Bären, seid Menschen. Sieh, o Sohn Adams, finde in der Welt die Eigenschaften deiner Führer heraus. Entweder haben sie die Eigenschaft des Wolfes, des Bären oder die Eigenschaften des Fuchses, des Hundes oder des Esels oder - Gott bewahre! - des Kamels. So sind die Menschen. 'Gib diese Ansprüche auf', erklärte Pharao deutlich. O Shah Mardan, komm zu uns. Musa: "A Tuhibbu an Takuna Jabbaran fi l-Ard?" 'Die absolute Macht gehört mir. Ich will keinen zweiten Tyrannen neben mir. Deshalb rufe mich nicht auf, denn die absolute Macht ist mein. Das bedeutet, die Macht ist in meinen Händen. Ich will ihn nicht. Ist es das, was du willst, o Musa? Willst du auch absolute Macht haben? Ich bin der Allmächtige', sagte Pharao zum Propheten Musa (as). 'Du mußt deine Grenzen kennen. Wenn nicht, ist das nicht mein Problem. Ich will keine Allmacht, ich bin "`Abdun min `Abidillah".' O Banu Isra'il, was wollt ihr sein? Wollt ihr sein, was der Prophet Musa sagte? Nein, ihr wollt das nicht. Ihr wollt es nicht. Ihr wollt es nicht, aber dann ist euer Zustand wie der Zustand Pharaos. Es wird euch auf die Stirn geprägt werden: Diese gehören zu Pharao. O Shah Mardan, erzähle uns!

Dann gibt es die, die sagen: Wir sind Anhänger Isas (as). Was ist euer Anspruch? Die Welt christlich zu machen. Wie stellt ihr das an? Wir stellen das Kreuz auf, kreuzigen und bekreuzigen uns selbst. Wir gehen vorbei und bekreuzigen uns. Ist das die Religion, die von den Himmeln kam? Sie fürchten Allah nicht, sie fühlen keine Scham vor dem Propheten Isa. Ihr sagt, er sei der Sohn Allahs. Er kam zur Erde herab und ihr kreuzigtet ihn. Dann weint ihr vor ihm. Was für eine Religion ist das? Ihr habt Religion zu einem Spiel gemacht. Jetzt ist durch die Liebe zur Welt alles auf den Kopf gestellt worden. Manche läuten in ihrer Verwirrung Kirchenglocken und erschrecken die Menschen und sagen: Wir sind dies, wir sind das. Islam ist die Wahrheit! La ilaha illa Allah! Sayyiduna Muhammadu r-Rasulullah! Komm, o Shah Mardan, ziehe dein Schwert! Wenn er, Shah Mardan, Habibu r-Rahman, zuschlägt mit dem Schwert der Wahrheit in der Hand und ruft "Allah", wenn er dann diesen Erdball nicht in zwei Hälften spaltet, kann er nicht Shah Mardan sein. Islam hat diese Macht! Die, die auf krummen Wegen sind, sollen sich hüten! Ein Mann aus unserer Bekanntschaft, ein Muslim, wurde gefragt von einem Mann einer anderen Religion: "Bosbais", sagen sie, Wie geht es dir? Wie sind die Dinge? Der andere antwortete: Sandokavroz. Das ist ein schöner Ausdruck unserer griechisch-zypriotischen Brüder. Wie geht es dir? Bosbais? Sandokavroz. Ich gehe wie ein Krebs, so. Geh gerade! Nein, unmöglich, gerade zu gehen. Inmitten dieser ganzen Krummheit, wie kann ich da gerade gehen? Ich gehe auch so wie sie, Sandokavroz. Wie ein Krebs. Du meine Güte! sagt er. Das ist von unseren zypriotischen Geschichten.

Seid nicht wie dieser Sandokavroz. Geht gerade! Allahs Religion ist gerade. Seid nicht krumm. Spielt nicht mit Allahs Religion! Fürchtet Allah. Seid keine Tyrannen. Sagt nicht: Ich bin ein Diktator. Ich bin ein Tyrann, ich mache, was ich will. Ich kann schneiden, wen ich will. Ich kann töten, wen ich will. Sagt das nicht! "Laka Yawmun ya Dhalim." In vier heiligen Büchern macht Allah der Allmächtige das bekannt. O Unterdrücker, du handelst falsch, aber für dich wird ein Tag kommen, an dem du bestraft wirst für das, was du getan hast. Sie sind verschwunden. Eine Gruppe, zwei. Jetzt gibt es nur noch ein paar auf der Erde. Sie spielen herum, beanspruchen absolute Macht. China sagt, wir sind unwiderstehlich. Die Russen sagen: O haltet den Mund! Ihr seid nicht mal Menschen! Die Amerikaner sagen: Und wir stecken in der Mitte. Lassen wir die Chinesen die Russen bekämpfen, und wir heben die Stücke auf. Früher hätten sie einen Ringkampf ausgerufen, dann hätten sie Geld kassiert. Was bekamen die Ringer? Heiße Luft! Wir

lassen den Hut herumgehen und füllen unsere Taschen. Die Welt wird jetzt von Shaytan verwaltet, auf Grund dessen, daß die Menschheit hirnlos und betrunken ist. Es ist das Nafs, das betrunken ist, das Nafs der Menschen, die heute leben. Viele Leute wissen nicht, was sie tun. Anderntags sagten ein paar Leute: Eine Bombe ging los an einem Ort und stellte die Welt auf den Kopf. Und warum? Es war ein Marathon, und die Zuschauer dieses Marathonrennens wurden von einer Explosion getroffen, wo immer es war, was auch immer es bewirkte, und es erschütterte die ganze Nation.

Was sagt Allahs heiliges Gesetz darüber? O Ulama Ägyptens, des Hijaz, Persiens, o Ulama der Türkei, macht den Mund auf! Wißt ihr nicht, was der heilige Prophet (saws) sagte? "Ahbasu Subyanakum ba`di l-Maghrib." O Menschheit, laßt euere Kinder nicht die Straßen durchstreifen nach Maghrib. Schließt sie ein! Behaltet sie zu Hause. Das ist die Essenz der Anweisung und ein Wort, das die ganze Welt verbessern wird. Was sagte der Prophet der Letzten Zeit? "Ahbasu Subyanakum ba`di l-Maghrib." Macht den Mund auf, dann, ihr Gelehrten der Azhar, und du, König des Hijaz, du wohlgeachteter Mensch. Warum erwähnt ihr nicht seine anderen Befehle? Nach dem Maghribgebet laßt nicht einmal euere Jungen hinaus, draußen bleiben, sagt er. Jedoch, "wa Qarna fi Buyutikum", laßt die Frauen sicher in ihren Häusern bleiben. Während unsere Shari`a uns dies sagt, wandern im Hijaz die Frauen nicht durch die Straßen in der Nacht? Ist es nicht genauso in den Emiraten? Ist es nicht so in Europa? Welche Art von Islam, welcher gerade Weg ist das? Hah, aber Allah Dhu l-Jalal schläft nicht. Shah Mardan sagt dies: Eines Tages ziehen wir unser Schwert Dhu l-Fiqar. Dann werden wir alle, die Shaytan folgen, loswerden. Wir werden sie erledigen. Hütet euch! Der Weg Allahs ist der Weg der Wahrheit. Sagt es ihnen, Gelehrte von Sham. Dies hätte euch nicht befallen. O Ulama Ägyptens, ihr sagtet es nicht, ihr habt nicht darüber gesprochen. O Ägypter, laßt nicht euere Frauen, euere Männer, euere Kinder draußen nach Sonnenuntergang. Die ganze Nacht laßt ihr euere Kinder herumstreifen und quatschen. Sie werden in allen möglichen Dreck verwickelt. Wo ist euer Wissen? Wo ist euer Ruf? Sprecht die Wahrheit! Denn wenn ihr das nicht tut, werden sie euch am Tag der Auferstehung an der Zunge aufhängen, sagt er. Wir nehmen Zuflucht bei Allah. O unser Herr, sende uns einen Führer! Sende Menschen, die die Wahrheit achten, die der Sunna Deines Geliebten folgen. Sende uns einen Führer, der uns in Sicherheit führt. Sende uns al-Mahdi (as). Sende uns die Sultane, o mein Herr. Al-Fatiha.

**Tsunami**

(UrgentWarning, engl.)

Audhu billahi mina shaitani rajim, Bismillahi r-Rahmani r-Rahim,

O Menschen, unsere Anwesenden in Ost und West, Nord und Süd, wir bitten zu Ehren des Siegel des Propheten daß der Herr unser Schöpfer uns vergibt, denn wir haben einen Punkt erreicht, an dem wir mit dem nächsten Schritt in die Hölle fallen könnten. Niemand kann das aufhalten aber wir sind erschaffen als Stellvertreter Allahs des Allmächtigen auf diesem Planeten und wir haben eine Verantwortung und die, die Verantwortung haben, werden darüber befragt werden.

Er wird gefragt: Was hast du getan? Was hast du gelernt? Was weißt du? Wir werden befragt weil wir Verantwortung
haben und die geehrtesten Geschöpfe sind. Allah der Allmächtige hat die Menschen mit den höchsten Ehren bekleidet die nicht einmal den Engeln gegeben wurde. Als Allah der Allmächtige die Himmlischen anredete, die Engel, und sagte: Ich werde ein neues Geschöpf erschaffen und es mit den höchsten Ehren bekleiden und sie zu Stellvertretern auf Erden machen, da dachten die Engel eigentlich, daß ihnen diese hohe Ehre gebührt. Aber Allah der Allmächtige sagte: Ich bringe Andere, die bis jetzt

niemand
kennt und bekleide sie mit einer Ehre die keiner von euch erreicht hat.

Wir müssen uns selber kennen wir müssen fragen: Wer bin ich? Aber es tut mir leid zu sagen daß die ganze Menschheit heute sich nicht dafür interessiert sich selber kennen zu lernen. Sie denken, daß sie nur dazu erschaffen sind sich zu amüsieren mit ihrem materiellen Wesen. Es tut mir so leid, daß zu sagen. Aber es ist die wahre Realität, daß die Menschen sich nicht für sich selber interessieren. Sie schauen sich nur immer um, was unter ihren Füßen oder über ihren Köpfen ist, aber nicht, was in ihnen selber ist. Keiner fragt: Wer bin ich? Und das ist die größte falsche Handlung der Menschen, daß sie sich selber verlassen und weglaufen. Sie laufen von ihrem wahren Wesen weg!

Warum? Warum interessiert ihr euch nicht dafür? Wer ihr seid und es zu erfahren!
Zu fragen: Ich existierte nicht, dann wurde ich in den Leib meiner Mutter geworfen und ich wußte nichts. Dann, nach einer Weile, versuchte ich herauszukommen und mit so vielen Wehen für meine Mutter kam ich heraus. Wer hat das gemacht? In den Leib meiner Mutter? Wie bin ich herausgekommen? Ich kam in den Leib als Zelle. Wie bin ich ein Erwachsener geworden? In Vollkommenheit. Und meine Mutter freute sich solange ich drinnen war, aber ich war nicht glücklich und ich trat die Tür auf: genug jetzt, ich war lange genug hier, ich muß hier raus.

Allahu Akbar, Allahu Akbar und wir kamen raus und schrien und weinten. La ilaha illallah. Wer ist Jener? Wer ist der Jedermanns Schöpfer? Ich und alle anderen auch sind so gekommen und niemand denkt darüber nach. Ohne mein Zutun wuchs ich jeden Tag und mein Wachstum kam an einen Punkt und dann war Schluß. Als ich 1,5 m groß war oder seltener 2 m hörte mein Wachstum auf. Wer hat das getan, daß ich nicht weiter wachse? La ilaha illallah, La ilaha illallah. Die Menschen sind betrunken! Die Menschen
sind betrunken! Sie nutzen ihre Verstandesmöglichkeiten nicht.

Und Ihr Verstehen wurde größer, mehr und mehr. Und er wußte so viele Dinge, aber es gab einen Fehler: Er versuchte alles zu Wissen, aber er vergißt. Wer bringt mich?

Und ich wachse und wachse und dann kommen wir runter, immer weiter und eines Tages ist es zu Ende. Ich atme nicht mehr, ich schaue nicht mehr, ich esse und trinke nicht mehr, ich arbeite nicht mehr, ich

sehe nicht mehr. Sie denken nicht über diese Dinge! 3 oder 5 Milliarden Menschen, aber nur eine handvoll Menschen denkt darüber nach. Und alle anderen nie.

La ilaha illallah. O Menschen, der Herr der Himmel schickt uns jetzt etwas um über unseren Anfang und unser Ende nachzudenken. Und die Dunya hat einen Anfang und muß auch ein Ende haben. La ilaha illallah, La ilaha illallah. Wir sagen, daß Dunya, die Erde, nicht so wie vor 1oo oder 1ooo Jahren ist. Und alles verändert sich mit den Jahren und niemand fragt: Was ist los auf Erden, daß da so viele unerwartete Ereignisse geschehen. Die Menschen sind jetzt wie betrunken durch ihre Technik. Sie denken daß die Technik ihnen reicht oder ihr Endziel ist und sie alles durch ihre Technik kontrollieren können. Weil Sie betrunken sind und die Technik kann nicht durch unserem Willen gesteuert werden und sie hat ein Limit. Über diese Grenze hinaus kann man keinen Schritt mehr tun. Wir sind da angelangt!

O Menschen, wir gehen in eine andere Welt. So wie wir in einer unbekannten Welt waren und hierhergekommen
sind, geht die Menschheit, Alle, in eine unbekannte Welt. Das ist ein Wissen, mit dem der Herr der Himmel, der Schöpfer, Auserwählte geschickt hat, damit sie uns lehren was mit der Menschheit geschieht, individuell und im Allgemeinen. Aber jetzt rennen die Menschen der Technologie hinterher und sind so glücklich und stolz. Sie denken die Technik ist genug für Sie und für alles.

Ich denke alle haben von einem großen Ereignis im Nahen Osten gehört; einem Erdbeben und Tsunami. Das widerspiegelt und zeigt allen Nationen und Menschen das so gewaltige Wellen von den Ozeanen auf Japan hereinbrechen und so viele Länder sind von der Technologie abgeschnitten. Technologie funktioniert nicht mehr und verschwindet. O stolze Menschen, die ihr so stolz seid auf eure Atombomben.
Werft doch eine oder zehn oder tausend Bomben! Könnt ihr es aufhalten? Wo sind diese Europäer, Amerikaner, die so stolz sind. Es geschah im Fernen Osten, in Japan, die auch auf dem Höhepunkt der Technik sind, um ihnen zu zeigen daß ihre Macht nichts ist. Wenn ich den Ozeanen befehle sich auf euch zu bewegen bleibt in 24 Stunden nichts von Japan, Chile und anderen Plätzen. Es werden alle 5 Kontinente bedeckt. Das ist sehr wichtig: Der Herr der Himmel will Seinen Geschöpfen, der Menschheit, zeigen: Wenn Ich die Menschheit wegnehmen will, dann kann ich das einfach tun.

Tsunami. Ich kann befehlen daß einer von euch das tut ohne Himmlische dafür zu benutzen. Ich kann einem von euch befehlen die Welt wie einen Fußball zu treten und sie verschwindet. O Menschheit, komm und hör´ und lerne himmlische Befehle und folg´ himmlischen Befehlen die der Herr der Himmel, euer Schöpfer, euch schickt. Oder eines Tages können die Kontinente versinken oder Tsunamis bedecken sie. Merhaban. Salut. O Menschen, sie zittern jetzt und Japan war Nr.1 unter den technologischen Ländern. Ihre Macht wurde weggenommen. Weggenommen.

Und der heilige Befehl, der zu mir kommt, und ich bin ein schwächster Diener, aber ich warne alle Nationen und ich warne auch Gadhafi, Khaddafi, Karrafi, Tarafi Shaitani, Jinni, bewahre dein Adab, überschreite nicht deine Grenze, sei demütig. Schreit nicht mit lauter Stimme herum, bewahrt euren Adab. Allah der
Allmächtige befiehlt, daß ihr Seine Diener beschützt und Ghaddafi: anstatt sein bestes für seine Einwohner zu tun, tut er für
seine Brüder sein Schlechtestes. Allah der Allmächtige hat Ihm 40 Jahre und mehr Gelegenheit gegeben ihrer Rechte zu geben
und sie froh zu machen. Aber er hat sich nur um sich selbst gekümmert und nicht um seine Nation und seine Nation ist
aufgestanden und hat gesagt: Wir wollen Dich nicht.

Und so viele Tyrannen jetzt in Ägypten, in Tunis, in Israel, in europäischen und arabischen Ländern, in Irak, in der Türkei. Und China sagt: Wenn ihr irgend etwas macht, kommen wir zu Euch. Sie drohen. US-United States: überschreitet nicht eure Grenze. Sagt nicht: wir können die Tsunamis aufhalten. Nein. Schon 1m höherer Wasserspiegel reicht schon damit ganz China versinkt. Sagt nicht: Wir sind 1 oder 2 Milliarden Menschen. Innerhalb einer Stunde ist keiner mehr da.

O Menschen, das ist eine himmlische Warnung. O Menschen, kommt zum Islam. Aslim taslam. Wer kommt und himmlische Befehle einhält der wird sicher sein im Diesseits und im Jenseits. Oder ich schicke euch so viel Arten von Verfluchungen, die euch wegnehmen. Aman ya rabbi, tauba tauba ya rabbi. Zyprioten haben ihre Religion verlassen. Sie bewahren nicht den Islam und tun alles Falsche und alles Schmutzige. Auch sie warne ich. Ich bin hier, aber vielleicht gehe ich und dann werden sie sehen was passiert. Den Türken und den Griechen.

Kommt zum Islam! Bewahrt eure Ehre, mit der Allah der Allmächtige euch gekleidet hat. Seid nicht schmutzig! Ihr müßt schmutzige Orte beseitigen oder ein Tsunami kann über euch kommen. Sagt nicht es kommt nur vom Meer, nein, es kann auch von innen kommen. Oder von den Himmeln und eure Insel wird unter Wasser geraten. Wenn sie es nicht tun, ist mir befohlen Zypern zu verlassen, und an einen unbekannten Ort zu gehen. Sie werden schon sehen was über sie kommt. Das ist für türkische und griechische Zyprioten. Weil sie rennen vor Allah davon und tun schlechte Dinge so schlecht es geht und sie werden verflucht.

Möge Allah mir vergeben. Ich flüchte davor daß meine Sünden über sie kommen und ihnen Fluch bringen. Ich werde sterben, ich muß gehen. Jetzt erreichen wir das Ende des Lebens der Menschheit auf diesem Planeten. So viele Zeichen kommen.

Ich bin froh mit unseren Derwischen, Muriden, unseren Anhängern und eine Warnung ergeht auch an sie: Wenn etwas im Mittelmeer geschieht, das heißt daß Armageddon früher kommt.

Wer hierher kommen will muß nach der Lage schauen. Und wer kommt: 3 Tage sind genug, nicht mehr. Bleibt in euren Häusern. Wer für sich plant zu einem Besuch zu kommen der soll mit der Absicht für drei Tage kommen. Nicht mehr. Bleibt bei euren Häusern, euren Kindern und euren Familien um sie zu führen und zu beschützen. Wer kommt, mag drei Tage bleiben und dann gehen, denn die Situation ist nicht so gut. Vielleicht können sie nicht zurück.

Drei Tage. Denn sie können vielleicht kommen und wenn Armageddon startet gibt es keine Schiffe und Flugzeuge mehr um zurückzugehen. Versteht Ihr?

Das ist ein neuer Befehl der Himmlischen um euch aufzuwecken. Bleibt bei euren Familien und Kindern und versucht auf dem Land zu sein. Denn große Städte sind in großer Gefahr. Nur sicher ist es auf dem Land. Haltet euch daran!

Bis heute habe ich Besucher willkommen geheißen aber letzte Nacht ist mir befohlen worden unseren Besuchern und Anhängern zu sagen, daß sie die Situation prüfen müssen. Weil in einer Stunde kann sich alles ändern. Keine Schiffe mehr, keine Flugzeuge mehr.

Wenn es nötig ist drei Tage dann geht zu euren Familien.

Möge Allah uns vergeben.

Tauba ya rabbi 2x tauba astaghfirullah tubna wa rajana ilayk ya allah

Fatiha

Verschwendet nichts! Verschwendet nichts! Bewahrt etwas im Hause auf für mindestens 4o Tage. Verschwendet nichts! Verschwendet nichts! Verschwendung legt den Menschen eine schwere Bürde auf.

Möge Allah uns vergeben.

Zu Ehren des Siegel des Propheten Sayyidina Muhammad - sall´allahu alaihi was sallam

Fatiha

## Jealousy Is the Biggest Curse Coming on Mankind

Dastoor yaa Sayyidee, madad. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, SultAan Allah.

Zidh mubarak, yaa Rabbana, Habeebika `izzan wa sharafa, nooran wa surooran wa laka 'l-hamd bi maa hadaytana wa satartana wa akramtana. Subhaan sen. Sultaan sen. Thumma as-salaamu `alaykum yaa ahlu 'l-malakoot. Thumma as-salaamu `alaykum yaa `ibaadAllahi 's-saaliheen. Thumma as-salaamu `alayna wa `alaa `ibaadAllahi 's-saaliheen. (Mawlana Shaykh sits) Tawbah, yaa Rabbee. Tawbah, yaa Rabbee, tawbah astaghfirullah. Allah Allah, Allah Allah.

O our Attenders! Say, a`oodhu billahi min ash-Shaytani 'r-rajeem. Run away from Shaytan, and say, (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem. This is a heavenly sword, take it with you to defend yourself, defending your honor, here and Hereafter. (Mawlana Shaykh sits)

O our Attenders! As-salaamu `alaykum. Where are you running? Come to truth, come to the Seal of Prophets' (s) way. Don’t run away. Who is running away from the Seal of Prophets, Sayyidina Muhammad

(s), (Mawlana Shaykh stands and sits) is running and falling in hells. Hells are terrible, terrible, terrible. Hells, Jahannam is terrible. O People! Don’t think that it is a joke, or the Lord of Creation is joking, no. It is real reality. O People! Run away from hells, and run away to where? Run to Paradise! Why are you running away from Paradise and running to hells? What is that foolishness from Mankind? What do you think? It is enough that we are drunk. Wake up, O Mankind! Time is over and dunya is going to reach its end.

O our Grandshaykh, O our Qutb ul-Mutasarrif, O Sahib az-Zaman, amidoouna bi madadikum, please reach to the weak servants of Allah Almighty. This is a short association. And no one is saying that, “Why are they eating daily,” everyday we are eating and we are not saying, “Enough, we are not eating.” This is the mentality you have. But for your real being, your spirituality that it is a grant from the Lord of Heavens to His most beloved one, Sayyidi 'l-Awwaleen wa ’l-Akhireen, that heavenly feast is coming through the Seal of Prophets (s) and through his real followers. Why are you saying, “Enough, everyday we are going to listen.” Don’t say this. Don’t make jokes. Then, who is joking is going to regret. Therefore, the Seal of Prophets (s) was saying, “O my Lord, don’t leave my ummah in the hands of their egos.”

I am ashamed to say that for him that he also said, ta`leeman, as a teacher the Seal of Prophets (s) was saying:

••••• •• ••••• ••• •••• •••• •••

Allahumma laa takilnee ila nafsee tarfata `ayn, O my Lord, do not leave me in the hands of my ego.

That was a teaching for his nation. He is pure and no one knows or understands the pureness of the Seal of Prophets (s). But he is making himself on the level of his weak nation, and as a teaching saying, Allahumma laa takilnee ila nafsee tarfata `ayn. Haashaa! It is impossible for the Seal of

Prophets (s), the mutlaq, absolute deputy of the Lord of Heavens to be under his ego. Astaghfirullah. Astaghfirullah.

It is only a training, and educating for his nation. O People! Beware not to fall in your egoistic trap and the nafs, that ego just represents Shaytan fully. Shaytan and the ego are the same. There is no difference between Shaytan and the ego. The ego is just trained by Shaytan. (Mawlana Shaykh speaks in a funny voice,) "Graduated from Shaytan’s academy!" (Mawlana Shaykh laughs)

Academy! Salafi `ulamas! Don’t approach Shaytan’s academy, making like this, like that to make yourself some important one. Beware of all shaytanic teachings, beware. Don’t try to imitate Shaytan’s teachings. Shaytan is making you like this (proud and angry) and you must show yourself as such an important one. Important one? How are you an important one? One question to Salafi `ulamas, if they are saying, "We are chosen ones, and we have rights to show ourselves in a different level from common people, therefore we have rights to show that we are something and because we are Salafi `ulamas." And doctors of Shari`ah are the same, "We are VIP ones because we are doctors."

Do you think that Shari`ah is ill, and you are coming to cure Shari`atullah? What is that? But they are giving to themselves something, "We are not on the level of common people. We have graduated from the academy of Shaytan. Why are you saying this?"

I am saying this because they are making me to speak to you, because what you are taking as a certificate, you are thinking that you are going for another one, a different one, or a specialist one, or a chosen one among common people.

"We graduated from Shaytan’s academy."

Who is asking to show himself different from common people is graduated from Shaytan’s academy! What do you think important one? Important one! (Mawlana Shaykh stands) Allah (swt) is saying what? Say!

•••••• •••••••••••• •••••••••••

Wa kaana yaakulaan at-ta`am, They had both to eat their (daily) food. (al-Maa'idah, 5:75)

(Mawlana Shaykh sits) That is a heavy bombarding for the Christian world, and heavy bombarding for our special and chosen ones that are making that specialty for themselves to be seen on another level. "These are common people and we are not common people." This is an illness, or there must be another word, that is covering people who are asking to give a special status.

O People! All people are running to reach a title, to make themselves as exceptional. Laa hawla wa laa quwatta illa billah. Hisham Effendi, if you are here, better; yes, exceptional. Everyone is asking to be an exceptional one among people. No one ever likes even one to be on the same position that he is claiming. If

looking even if his wife is also saying “I am on the same level, exception."

He says, “No, no, no, you can’t be!”

She says, "How can't I be? I am the first lady, you are not the first gentleman!"

Everyone is running to be an exception, to be one. And Oneness is for Allah Almighty! How are you running to be on one, and you are not accepting anyone to be on your level? That is a shaytanic teaching. Allah, O our Lord! Therefore, Islam is bringing a heavenly scale, as every time doctors coming for a patient, bringing and first of all putting this instrument (on the arm) and looking, saying, "Too high. After a while you may explode!" People are getting their blood pressure taken, asking to reach the highest level, but they are not thinking that if it is going to explode, and finishing. (Mawlana Shaykh stands) Allah Almighty is saying,

••••••• •••••• ••••••• •••••••••••

Wa kullu shayin `indahu bi miqdaar, Every single thing is before His sight, in (due) proportion. (13:8)

(Mawlana Shaykh sits) Where are you Salafi `ulamas? I am looking at your blood pressure and it is coming too high! You are never accepting to be on the same station or level as common people. Are you not knowing what the Seal of Prophets (s), wa sharafa wa karama majada wa `adhaam wa jalaala wal jamaal, was teaching? You must use such wisdom and advice, and keep it; some advice you must use on some occasions, but other advice you must always use. Kings, sultans, maliks, shaykhs, presidents, first ladies who never accept to be second ladies, and all religious people in every religion, before Islam and in Islam, you must use that measure that is bringing you to the level of obediency. If you are not coming on that level, it means Shaytan is playing with you.

O Salafi `ulamas? What was the Seal of Prophets (s) saying? (Mawlana Shaykh stands) Bismillahi 'r-Rahmani 'r-Raheem.

•••• ••• •••• ••••• •••• ••• •••• ••••••

Ajlisu kamaa yajlisu'l-`abd wa aakul kamaa yaakul al-`abd, I sit like the servant sits, and I eat like the servant eats.

(Mawlana Shaykh sits) O People! This is enough from the beginning up to the end, to destroy your falsehood,

where everyone is running to be a special one among others. No! One sentence is enough to make all nations on their true levels. That one sentence from the Seal of Prophets (s) is enough to bring peace, pleasure, good understanding, respect, and love between people. The biggest bala`, curse, that is making people in unrest is jealousy. What are people running for? Because Shaytan is putting jealousy between them. There is no jealousy in Islam! There is no jealousy in Christianity! There is no jealousy in Judaism! In any heavenly commands there is no jealousy! Jealousy is just thrown away from Mankind because the biggest cursing is coming on people through jealousy. If we are leaving this, dunya is going to be like Paradise! But Shaytan's academy is just filled in the east and west, north and south, all kinds of nations and jealousy is destroying humanity.

Therefore, jealous people can't enter Paradise. No jealousy can enter in Paradise, no. And secondly, after jealousy, Shaytan is teaching people to be angry quickly and that is the fruit of the jealousy tree. The fruit of the jealousy tree is anger. Also, the second fruit of that jealousy tree is to claim, "I am number one," or, "I am the first lady," to be proud. Proud people can't enter Paradise. Who is claiming that, "I am a VIP one," if you are VIP, go to WC, not here. Because everyone who is claiming that he is something, proud, you can't enter. Your place is the WC, go there.

Is it not enough, Salafi `ulamas? So many books you are writing, writing, writing and then speaking. Why? Say this hadeeth ash-shareef and it will make all nations come on their own stations and levels, the level of servanthood! The level of servanthood is that you are not proud, angry, jealous and stubborn. Leave that and come! Don't say, "My level is over your level," no.

O People! There can be no other level above the level of servanthood. Allah Almighty is asking all nations and all religions to come on the level of servanthood. The level of servanthood is never accepting jealousy, to be proud, to be stubborn, or to be angry, no. Teach people and then don't make a private position for yourself that, "We are Salaaf as-Saalih," no. Don't give any chance to Shaytan to take you from the level of servanthood! And one sentence, hadeeth ash-shareef that the Seal of Prophets (s) was saying is accepted by all prophets. They are saying, "Yes, we are also sitting as you are sitting and eating as you are eating, O most majestic one, O our lord, the Seal of Prophets!" Mashaa-Allah.

There is no need to put so many things in books. If you can practice only this, it is enough! Every trouble will

leave this world, every badness, suffering will leave people and Shaytan will also take its tent and say, "No more bazaar, my market is finished. No customers are coming and asking what I am selling to them. I am bringing this market to people such precious things, but no one is interested. I may take my goods and go, because no one is interested in what I am bringing. I am bringing jealousy, pride, anger, and stubbornness, but no one is interested! For what should I stay in this market?" And he taking all this and going away.

O people from Muslim `ulamas, and Christian authorities of Christianity, and Jewish authorities, don't bring something that is just packaged, every time putting in it, and writing on it, that is proud, no changing and saying take it. No market for Shaytan. If you are leaving Shaytan to come to the bazaar, it is making everything confused.

You must use another eyeglass to look really at a real thing or different one, you must look very carefully, "Oh, it is the same production, made in shaytanic territory." Be careful, use this, and you will be happy here and Hereafter. If not, you know you are never entering Paradise. If VIP people are reaching to entrance of Paradise, angels are saying, "No, no, no, VIP center is not here, VIP is where it is written WC, you go there." May Allah forgive us.

Is it true, Salafi `ulamas? Every Jumu`ah repeat it, everyday, until people are saying, "We are fed up to hear this."

"If you are coming with Shaytan, we can't accept you. Leave Shaytan and come. Who is claiming that they are VIP people are coming with Shaytan and we have never been ordered to open for you and your Shaytan to enter the door of Paradise, no. If we are leaving Shaytan to come in with you, after a short while that Shaytan is making you to be thrown away from Paradise! May Allah forgive us.

O People! Don't run after dunya, and don't run after immitated titles! Our title must only be servanthood for the Lord of Heavens, Allah (swt), (Mawlanaa Shaykh stands) Jalla Jalaaluhu, Jalla Jalaaluh, Jalla `az•amatuhu wa laa `ilaha ghayruhu. Allahumma 'ghfir lanaa w 'arhamnaa wa tub `alayna w 'ahdina wasqinaa wa aghithnaa, yaa Rabb. (Mawlana Shaykh sits)

Fatihah.

(45 minutes) Our attenders are getting more clever, mashaa-Allah. A heavenly whip is coming. May Allah forgive me and forgive everyone who is claiming they are something.

Fatihah.

Tonight is the holy night of Laylat ul-Bara`ah. Be awakened and you will not lose. It is a very, very important night in the Islamic calendar. Take care that something does not reach to you that makes you unhappy in this year. Therefore, they are making me to say something for obediency and servanthood. Keep it and nothing will touch you here or Hereafter and no harm will come to you. Allah, yaa Rabbee, tawbah.

Fatihah.

## Jeder Prophet brachte eine Art von Arche

„An-najatu fi s-sidq.“ Die Rettung liegt in der Wahrhaftigkeit. Wie wir wissen, sind alle heiligen Bücher im heiligen Quran vereint wiedergebracht worden, sie sind alle darin enthalten. Die Fâtiha beinhaltet den gesamten Quran. Wenn du die Fâtiha einmal liest, rezitierst du damit alle heiligen Bücher, die je vom Himmel gesandt wurden.Deshalb ist die Rezitation der Fâtiha in jeder Gebetseinheit (rak‘at) obligatorisch. Wenn man anfangen würde, ihre Bedeutungen auszulegen, wäre dafür das Leben der Menschheit auf diesem Planeten nicht ausreichend. So wie Seyyidina Ali, möge Allâh mit ihm zufrieden sein, sagte: „Wenn ich anfangen würde, die Bedeutungen der Fâtiha zu erklären, mögt ihr so viele Bücher davon aufschreiben, daß hundert Kamele damit beladen werden könnten, und wenn jedes von ihnen hundert Bücher tragen könnte, es wäre zu wenig.” Es nähme kein Ende, und wie wäre es erst, wenn der heilige Prophet, Allâh segne ihn und schenke ihm Heil, selbst anfangen würde, über die Fâtiha zu sprechen! Wenn man alle Kamele der Welt mit Büchern beladen würde, wären die Bedeutungen der Fâtiha noch lange nicht erschöpft. Und wenn man nach dem Wissen des Allmächtigen Herrn Bücher darüber schreiben würde, wären die Kamele des gesamten Universums nicht genug.
Doch durch diese endlosen Ozeane müssen wir unseren Weg finden. Deshalb veranstalten wir jetzt keinen Wettbewerb für Wissen, sondern wir versuchen, unseren Schülern und Gefolgsleuten praktisches Wissen zu vermitteln, das sie leicht benutzen können. Wir versuchen zu vermeiden und halten uns fern davon, in solche

endlosen Meere zu fallen – und die Leute können darin nicht schwimmen oder sind nicht fähig, das Ufer zu erreichen. Die Zeit jetzt ist sehr knapp, und wir brauchen ein kurzgefaßtes, leicht zu praktizierendes Wissen, um uns zu retten. Und anstatt auf ein großes Schiff zu warten, das alle Leute rettet, werfen wir den Menschen Seile zu, Holzstücke und Schwimmreifen oder kleine Ruderboote – wir sagen nicht, wartet hier im Wasser mitten im Meer, bis ein großer Hochseedampfer vorbeikommt. Wir versuchen, sie mit irgend etwas zu retten, das genug für sie ist, sich über Wasser zu halten, bis ein großes Rettungsschiff kommt: „Safina“, die Arche, die Allah der Allmächtige Noah zu bauen befahl und da er ihm sagte, alle Gläubigen an Bord zu nehmen. Er nahm sie zu sich aufs Schiff, und sie waren darauf alle in Sicherheit und unter Schutz. Und für jede Zeit hat jeder Prophet eine Art von Arche mit sich gebracht, in der die kommenden Völker Schutz finden konnten vor dem Meer, um nicht in ihm unterzugehen und zu ertrinken. Und auch der letzte von ihnen, das Siegel der Propheten œ, brachte ein Schiff der Sicherheit und Rettung für die Menschheit. Wer einsteigt, wird geschützt und gerettet werden.
Die Menschen sind jetzt in ein Meer gefallen, und schreckliche Stürme aus allen Richtungen bedrängen sie, Stürme, wie sie die Menschheit auf diesem Planeten noch nie erlebt hat. Die Menschen sind ratlos und verwirrt und wissen nicht, in welche Richtung sie sich wenden sollen. Die allgemeine Ansicht in der muslimischen Welt ist die, daß die Rettung nur durch das Folgen in den Fußstapfen des Westens zu finden ist. Alle ihre Regierungen sind sich in diesem Punkt einig. Sie alle sind getäuscht von der westlichen Zivilisation, die im Materialismus gründet. Sie haben keinen Glauben und folgen keinen himmlischen Gesetzen, sondern sie senden ihre klügsten Köpfe in den Westen, die ihnen diese „brillante“ westliche Zivilisation bringen und aufzwingen. Sie kommen sogar hier her (nach London), um ihren „Magister“ und andere Diplome in Religion zu machen, und wenn die Religionsgelehrten nicht einmal ihren Verstand gebrauchen und kommen, um ihren „Magister“Titel im Westen zu machen, was sollen dann die anderen Leute tun?!

Die islamische Welt hat ihre gesamte Hoffnung auf einen hohen Lebensstandard daran geknüpft, möglichst modern zu sein. Sie verlangen nicht nach einem islamischen Leben, sondern wollen ein modernes Leben führen. Ich sehe jetzt seit zwanzig Jahren mit eigenen Augen, und davor schon habe ich fünfzig Jahre lang gehört, was in der westlichen Zivilisation geschieht und geschehen ist. Doch was ich sehe, entspricht nicht dem, was ich zuvor darüber gehört habe. Seit zwanzig Jahren erlebe ich und sehe ich, nicht nur in den Nachrichten, was hier geschieht. Die muslimische Welt hat die falsche Hoffnung, daß sie, wenn sie so werden

wie die westlichen Länder, Frieden erreichen würden. Dabei ist die westliche Zivilisation in endlosem Leiden und voller Probleme. Das Schiff, auf dem sie sich befindet, sinkt langsam, es hat so viele Löcher, durch die Wasser hereinfließt und es zum Sinken bringt, doch die gewöhnlichen Menschen denken immer noch, es würde aufwärts gehen. Die meisten von ihnen sind vierundzwanzig Stunden am Tag betrunken, oder zumindest einen Teil davon. Wer jetzt nüchtern wird, sieht und merkt, daß das Schiff stetig sinkt. Manche Leute wachen langsam auf. Letzte Woche stand in einer Zeitung, daß es mit der Regierung abwärts geht, daß sie die Wirtschaft nicht mehr kontrollieren kann. Sie hat die Kontrolle verloren, und es geht langsam mit ihr zu Ende, so wie Bremsen langsam abgenutzt werden und nicht mehr halten. Und obwohl die englische Regierung berühmt dafür ist, sehr sorgfältig und genau zu handeln, geht sie jetzt langsam zu Bruch, und ebenso der deutsche Staat. Die Franzosen setzen ihre Hoffnung immer noch auf den Sozialismus, doch alle zusammen sehen sie, daß Wasser in ihr Schiff tritt und es immer tiefer sinkt. Nur die muslimische Welt wacht noch immer nicht auf. Sie sind noch bis über die Ohren betrunken. In der muslimischen Welt wird weit mehr Alkohol getrunken als in Europa. Sie haben keinen Glauben (imân) mehr. Wer hier trinkt, wird im âchirat nichts zu trinken haben.

Wer mit Wein im Magen stirbt, wird bis zum Jüngsten Tag Strafe erleiden müssen. Sie sehen nicht, daß der Westen langsam im Meer versinkt und nach Rettern Ausschau hält. Die Leute im Westen suchen nach einem Retter. Wer nicht wie die anderen betrunken ist, erwartet einen Erlöser, die Juden warten auf Messias (Moschea), die Christen erwarten Jesu Christi Rückkehr.

Doch die Muslime sagen: „Unsere Rettung ist die westliche Zivilisation.“ Die Juden wurden durch die Thora darüber informiert, daß nach Moses ein Prophet für alle Völker kommen sollte. Sie erwarten ihn jetzt, obwohl er bereits gekommen ist wie vorhergesagt. Ich frage die jüdischen Rabbiner: „Woher wird der Messias kommen? Vom Himmel oder aus der Erde?“ Jeder Prophet kam aus Palästina. Wenn er von dort kommen sollte, warum zogen sie nach Arabien in die Wüste, nach Khaibar, warum siedelten sich Juden in Medina an? Sie haben eine Karte, die besagt, daß Groß-Israel bis nach Medina reichen soll. Sie waren wohl darüber informiert, daß jener Erwartete aus Medina kommen sollte. Als sie aber sahen, daß er nicht aus der Blutlinie Isaaks stammte, akzeptierten sie ihn nicht. Und so erwarten sie noch immer einen Erlöser. Und auch der wird kommen. Sie müssen sagen, woher. Und auch Jesus kommt bald, doch von woher? Kommt er nach Westminster oder nach Canterbury oder nach Notre Dame? Oder denken sie, daß er nach Konstantinopel

kommt? Keiner sagt, daß er nach Damaskus kommen wird. Dabei steht es geschrieben. Wir können sagen, wo Jesus erscheinen wird und Mahdi, der Erlöser. Wir halten nichts geheim. Sagt es doch, Rabbiner und Päpste! Doch mit dem Christentum ist es ebenso zu Ende wie mit dem Judentum. Und dann ruft der Westen nach einem Erlöser, doch sie sind zu stolz dazu, zuzugeben, daß der Islam die Rettung für sie ist, daß Allah mit seinem Geliebten Propheten, Allâh segne ihn und schenke ihm Frieden, die vollkommene Religion gesandt hat. Sie sind so stolz geworden, weil ihre Computer sie dazu gebracht haben, den Verstand nicht mehr zu gebrauchen. Doch ich will keinen Wettbewerb veranstalten; ich habe schwere Geschütze, aber ich möchte sie nicht auf Fliegen richten. Ich warte, bis der himmlische Befehl zum Feuern kommt. Die Herzen der Naqsbandi-Sheikhs sind voll mit Wissen, und die Zeit naht jetzt, da sich ihre Aufgabe zeigen wird.

**Jeder Tag ist eine neue Reise**

Jeden Morgen erwachen wir, um auf eine neue Reise zu gehen. Sie dauert nur einen Tag, vom Morgen zum Abend. Dann ruhen wir bis zum nächsten Morgen. Wenn ihr erwacht, schaut euch nach dem um, was euch voranbringt auf eurem Weg.

Der Zweck dieser Ratschläge ist zu zeigen, was euch nutzt und was euch schadet. Dies ist auch das Ziel der Aussprüche des Propheten – Allahs Segen und Friede seien auf ihm - und aller Verse des Qur'ân. Mit allen Heiligen Büchern ist es so. Niemals bringt Allah der Allmächtige Seine Diener zu Schaden, niemals läßt Er sie hilflos. Aber die Leute glauben, sie bedürften der Ermahnungen Gottes, der Empfehlungen der Propheten und der Ratschläge der Gottesfreunde, der Heiligen, nicht.

Ihr selbstsüchtiges Ich redet ihnen das ein. Es besteht auf der Erfüllung seiner eigenen Wünsche, und dabei sind ihm die heiligen Gebote im Wege. Es will sein Vergnügen hier und jetzt, versucht, die Ratschläge Gottes zu umgehen, und weiß nicht einmal, daß selbst dies nur mit Gottes Erlaubnis möglich ist. Würde Allah uns auch nur für eine Sekunde unserem Ich überlassen, so wären wir in der größten Gefahr. Denn dieses Ich findet Vergnügen nur an dem, was uns schadet.

Hilfe kommt von der Weisheit Allahs des Allmächtigen, von der Weisheit Seiner Propheten und von der Weisheit der Erben der Propheten, der Heiligen. Im Islam findet sich das erstens im Buch Gottes, dem Heiligen Qur'ân, zweitens in den ahadith, den Aussprüchen des Propheten -Allahs Segen und Friede seien auf ihm - und drittens in den Aussprüchen der Meister.

Der Heilige Qur'ân besteht aus 6666 Versen, und es gibt Tausende und aber Tausende von Aussprüchen des Propheten, die von seinen Begleitern, den Sahâbas, bewahrt und behütet und an die nächsten Generationen

weitergegeben wurden.

Wenn jemand auch nur einen Vers des Qur'ân oder einen Ausspruch des Propheten - Allahs Segen und Friede seien auf ihm - wirklich behält, also immer im Gedächtnis bewahrt, bedenkt und danach handelt, dann genügt das für sein ganzes Leben. Er braucht keinen zweiten. Warum gibt es dann solch eine große Zahl? Weil der Islam weit ist, weil er für jeden Menschen, und nicht nur für Araber, Türken oder Bewohner des Orients, einen eigenen, spezifischen Weg zum Paradies bereithält.

Die Verse des Qur'ân und die Aussprüche des Propheten – Allah segne ihn und schenke ihm Frieden - und seiner Erben sind wie Goldminen. Jeder dieser Aussprüche ist eine Mine der Weisheit, die beides enthält, das Wissen für die Anfänger auf dem Pfad Gottes und das Wissen für diejenigen, die dem Ziel nahe sind. Jeder von ihnen enthält so viel Wissen, daß einer allein es gar nicht erfassen kann. Daraus erwächst die Achtung, die ihnen entgegengebracht wird. Was darin geehrt wird, ist das Wissen.

Dies ist ein Wesenszug des Islam im Allgemeinen. Wissen ehrt uns im Angesicht Gottes. Denn dadurch erkennen die Diener ihren Herrn. Und in dem Maße, wie ihr Wissen von der Größe und Majestät Allahs des Allmächtigen wächst, wächst ihre Ehrfurcht, steigert sich ihr Lobpreis Gottes.

Wenn ein Diener seinen Herrn lobpreist, wenn er Ihn rühmt, schenkt ihm Allah Segen. Dieser Segen kommt auf ihn, weil er etwas tut, dessen sein Herr nicht bedarf und das Ihm weder etwas hinzufügt noch von Ihm wegnimmt. Im Grunde kann der Diener seinen Herrn gar nicht rühmen und lobpreisen. Denn Allah ist majestätisch über alle Maßen und von Ewigkeit zu Ewigkeit. Würden die ganze Menschheit und alle Engel Allah den Allmächtigen lobpreisen, so fügte das Seiner Herrlichkeit doch nicht ein Tüpfelchen hinzu. Deshalb ist der Lobpreis, mit dem ein Diener seinen Herrn lobpreist in Wirklichkeit der Lobpreis, mit dem sein Herr ihn, den Diener, lobpreist.

Sagst du: subhânAllah - gepriesen sei Allah - dann preist dich Gott der Allmächtige. In dem Maße, wie wir geben, wird uns gegeben. Alle Geschöpfe preisen Ihn, denn Er brachte sie aus dem Nichts hervor. Nicht eines kommt hervor, ohne seinen Herrn zu preisen. Menschen, Tiere, Bäume, Steine, die Erde, die Himmel, die Wolken, die Wasser, die Atome, alle preisen sie Ihn, denn ohne Ihn wären sie nicht. Und je mehr sie Ihn preisen, desto mehr Wissen wird ihnen gegeben, und je mehr Wissen ihnen gegeben wird, desto größer wird ihr Lobpreis.

Beide, ein gewöhnlicher Mensch und ein Heiliger, preisen Gott, und doch ist der Gottesdienst des einen nicht wie der des anderen. Denn der Rang des Dienens wird gemessen am Wissen des Dieners. In dem Maße, wie ihr Qur'ânverse oder Aussprüche des Propheten wirklich lernt und behaltet und befolgt, in dem Maße wächst euer Wissen. So steigert sich euer Lobpreis. Und so nimmt das Licht zu, das auf euren Standplatz in der Gegenwart Gottes fällt. Die Bedeutungen eröffnen sich, und das nimmt kein Ende, solange der Lobpreis Gottes andauert.

Der Befehl Allahs des Allmächtigen an seine Diener, Ihn zu lobpreisen, ist ein Geschenk an sie. Er hat ihnen befohlen, Ihn zu preisen, und Er hat ihnen damit die Möglichkeit eröffnet, selbst gepriesen zu sein in Seinem Angesicht. Wenn sie die ersten Verse des Qur'ân aufsagen, wenn sie sagen: a'ûdhu billâhi minna sch-schaytâni-r rajîm, dann preisen sie Allah, und wenn sie sagen: Bismillâhi-Rahmâni-Rahim, dann ist das eine Lobpreisung. Wenn wir sagen: al-hamdulillâhi rabbi l-´âlamîn, preisen wir, ar-Rahmâni-Rahîm, wir preisen Dich, mâliki-y yaumi-d îin, wir preisen Dich, iyyâka na´budu wa iyyâka nast´în, wir preisen Dich, ihdina-s sirât al-mustaqîm, wir preisen Dich, sirât alladhîna an´amta ´alayhim, ghayri-l maghdûbi ´alayhim wa la-d dâllîn, wir preisen Allah den Allmächtigen. Amin.

Jeder Lobpreis, jede Anbetung, jede Bedeutung, die uns eröffnet wird, ist ein Weg, der uns zu den Meeren göttlichen Wissens, göttlicher Weisheit, göttlicher Schönheit führt. Wichtig ist nur der Lobpreis. Er ist der Schlüssel, der den Dienern ihre Stellung im Angesicht Gottes verleiht.

Wer seinen Herrn preist, wird von Ihm gepriesen und wird ein Ort göttlichen Wirkens für andere Menschen. Er wird zu einem „âyatun min ayâtillâh“, einem Wunder-Zeichen von den Wunder-Zeichen Allahs.

## Jenseits von Raum und Zeit

Bismillahi r-rahmani r-rahim kulla yaumin huwa fi sha'n (ar-Rahman, 29) Allahumma 'allimna ma yanfa'una wa zidna 'ilman Ounser Herr, lehre uns, was uns nützt, und mehre unser Wissen! Dies ist ein wirklich wichtiges Bittgebet, Du'a, denn wir sind erschaffen und auf diesen Planeten geschickt worden, unseren Herrn zu erreichen, Ihn zu kennen und unser Wissen über Ihn, Allah den Allmächtigen, zu mehren. wa ma khalaqtu al-jinna wa linsa illa liya'budun, ay ya'rifun. (Und Ich erschuf die Jinn und die Menschen allein, daß sie Mir dienen – das heißt, daß sie Mich, Allah den Allmächtigen, kennen.) Ich habe Mensch und Jinn erschaffen zu Meiner Anbetung oder zu Meinem Dienst; und eure Dienerschaft ist entsprechend eurer Kenntnis Allahs des Allmächtigen. Je größer dieses Wissen ist, um so mehr Achtung und Preis wirst du bemüht sein, Ihm zu erweisen, und um so mehr wirst du die Dienerschaft an Ihn, Allah den Allmächtigen, zu vervollkommnen trachten. Je mehr Wissen, göttliches Wissen über Allah den Allmächtigen du erreichst, um so mehr Sorgfalt wirst du der Dienerschaft Seiner widmen. Als Unteroffizier zum Beispiel leistest du einen guten Dienst, die Dinge aber ändern sich, wenn du den Dienst eines Hauptmanns antrittst, und zum Brigade- General berufen, wirst du noch gewissenhafter werden. Stehst du im Dienst eines Feldmarschalls, wirst du Seinen Befehlen noch mehr Beachtung schenken, um noch vollkommener in deinem Dienst zu sein. Soviel du über jemandes Macht und Vollkommenheit weißst, um so mehr wirst du versuchen, deinen eigenen Dienst zu vervollkommnen und Seiner Befehle noch achtsamer zu sein. Wir sind jetzt auf diesem Planeten, auf diesem

Globus, und uns ist befohlen zu glauben, daß dieser Planet zusammen mit dem gesamten All und seinen Sternen, den Sonnen und Galaxien, erschaffen wurde. All dies wurde von jemandem erschaffen, und wir sind aufgerufen, an Ihn, den Schöpfer, zu glauben. Es ist uns nicht gegeben, Ihn zu schauen und deshalb zu gehorchen. Nein, das ist nicht möglich; die Geschöpfe haben keine Möglichkeit, ihren Schöpfer zu sehen, das ist nicht möglich. Wenn ihr mich zum Beispiel fragt: „Wo ist der Schöpfer? Wo ist Sein Thron?“, dann wollt ihr etwas über einen Ort wissen, an dem Er ist, und Seinen Thron, so einen, wie ihn Könige und Kaiser haben, ruhmreiche, großartige Throne. Ihr sagt: „Wenn Er der König der Erde und der Himmel ist, wo ist dann Sein Thron, von dem aus Er regiert?“ Wenn ich dem Fragenden sage: „Ja, ich bin dabei, zu beantworten, wonach du fragst, ich werde dich zum Ort Seines Thrones bringen, dich dort hinführen.“, so wird er mich ansehen und sagen: „Wo ist es denn?“, und ich werde sagen: „Sein Thron, das ist: – Siehst du die Sonne! Im Zentrum der Sonne ist Sein Thron, dort ist er, schau! Geh und schau! Ich kann dich nur auf den Ort verweisen, da du willst wissen, wo er ist. Wenn du mir glaubst, geh und schau! Wenn Er dort nicht ist, dann komm zu mir zurück und sage, daß ich ein Lügner bin, weil du dort hingegangen bist und geschaut und es nicht gefunden hast ...“ So viele dumme Leute kommen vorbei und wollen wissen, wo Er ist. Dann geht ihn suchen! Er, der solch ein großes weites Universum erschaffen hat, muß auf Seinem Göttlichen Stuhl sein! Sein Göttlicher Thron ist so groß, daß Er mit all Seinen Geschöpfen auf ihm sein mag – könnt ihr dort hingelangen? Geht und schaut! Aber die Leute heutzutage benutzen nur ihren beschränkten Verstand, wenn sie fragen, wo Er ist. Er ist dort, wo es keine Richtung gibt, kein Osten, kein Westen, kein Norden, kein Süden, kein vorne, kein hinten, kein rechts, kein links, kein oben, kein unten. Reist du auf den Mond, kannst du ebensowenig wissen, wo Osten oder Westen ist: Welches also soll Seine Richtung sein? Wenn ein Mensch auf dem Mond ankommt, kann er nicht wissen, wo im Universum er sich befindet. Ob er sich im Osten oder Westen befindet, und welche Zeit es ist. Es gibt keine Zeit. Ich will sagen, daß alles seinen Platz haben muß, wo es hingehört. Der Mensch und alles auf Erden weilt auf der Erde; und wo hält sich die Erde auf? Auf was ruht sie? Welches ist der Wohnsitz des Mondes? Nichtsheit? Ist um den Mond herum nichts? Auch der Mond muß Nichts sein, denn wenn du in die Mitte des Mondes TNT füllen und eine Explosion auslösen würdest, könntest du dann noch ein einziges Atom oder etwas noch kleineres als ein Atom finden? Alles wird insgesamt ausgelöscht sein. Der Mond, wo wird er hingegangen sein? Verschwunden. Wohin? Einfach verschwunden! Nimm zum Beispiel diese Welt: Leute sagen: „O, sie ist groß!“ Aber ich sage ihnen: „Sie ist nichts.“ Sie sagen: „Nein, so viele Leute leben auf ihr, es gibt so viele Kontinente, Meere – wie kannst du da sagen, sie sei nichts?“ Dann erwidere ich ihnen: „Das Zentrum dieser Welt besteht aus lauter Feuer,

Vulkanismus. Gäbe es dort eine Explosion, so würden wir eine Sekunde später weder ein ganzes Molekül noch ein intaktes Atom mehr finden, alles wäre verschwunden.“ Alles würde durch den Raum treiben, denn selbst die Atome wären explodiert – Ende! Es gäbe keine Welt mehr, nichts! Oder die Sonne: Wenn der Schöpfer zu irgendeiner Zeit befehlen würde, daß die Sonne explodieren soll, würden wir, nachdem nur eine Sekunde verstrichen wäre, weder etwas von der Sonne noch irgend etwas, was auf ihr war, mehr finden können. Es wäre verschwunden – aufgelöst in den weiten Fernen des Raums. Was ist dieser Raum, was ist Raum, wo beginnt er, wo hört er auf? Gibt es dort ein Oben und Unten, Osten und Westen, vorne und hinten? Der Herr sagt: „Komme zusammen und sei die Sonne!“, und es kommt zusammen zu einer Sonne. Der Schöpfer ruft: „Mond! Komme und sei ein Mond!“ Und Er ruft: „Erde, komme und werde eine Erde für Meine Diener!“ Die ganze Zeit denken sie, wir seien in dieser Existenz etwas, dabei sind wir nichts! Eine Sekunde kann man in eine Million Teile von Zeit teilen, und ebenso in eine Milliarde Teile. Unser Verstand wird sagen, daß das vielleicht möglich ist. Eine Sekunde der Zeit kann in eine Trillion kleiner Teile geteilt werden, und unser Verstand könnte sagen: „Vielleicht kann man es noch mehr teilen, bis nichts von der Zeit mehr übriggeblieben ist. Die Zeit endet, wie auch Materie oder die gewaltigen Galaxien, Sterne und Sonnen enden, die wir am Himmel sehen. Innerhalb einer Sekunde kann all dies verschwinden, dann gibt es keinen Ort mehr, keine Masse und auch keine Zeit mehr. Wir sind jetzt auf der Erde. Uns ist angeboten worden, jenseits von Zeit und Raum zu gelangen, denn solange wir an Raum und Zeit gebunden sind, denken wir, wir wären etwas. Uns ist aufgetragen, an etwas jenseits von Zeit und Raum zu glauben, an die Existenz des Einen. Wir können ein Verständnis dieses Einen und Seiner Existenz erreichen. Hier und jetzt seid ihr in einem Gefängnis aus Raum und Zeit. Wenn ihr aus eurem Gefängnis befreit seid, wird die Seele zur spirituellen Welt jenseits der materiellen Welt zurückkehren, zu der sie gehört, und die materielle Welt zerfällt in sehr sehr sehr kurzer Zeit, wie wir sagten: Sie wird vielleicht im Bruchteil eines milliardsten Teils einer Sekunde hinweggenommen, und deine Identität hier wird nicht mehr bestehen, Ende. Die Propheten kamen, um euch aus diesem Gefängnis herauszuholen und zu befreien und euch zu den raumlosen und zeitlosen spirituellen Welten mitzunehmen – versteht ihr? Die Menschen rennen, rennen, rennen, um etwas zu erreichen, aber sie erreichen nichts. Deshalb ist der Befehl des Herrn, der zu uns kommt, daß wir an die ungesehenen unsichtbaren Welten glauben. Dies ist die erste Bedingung, die alle Propheten für die Menschen aufgestellt haben. Ihr müßt an die ungesehenen unsichtbaren Welten glauben, an Welten ohne Grenzen; das ist die erste Bedingung. Das ist dann der erste Schritt zu der Art von Wissen, von der wir anfangs sprachen. Allahumma ‘allimni ma anfa’uni wa zidni ‘ilman, ‘allimna ma yanfa’una wa zidna ‘ilman – das ist das Wissen, um das wir

Allah den Allmächtigen bitten, nicht solches Unsinns-Wissen, das wir auf Erden haben, la qiymata laha – Dunya, die Welt und alles auf ihr oder in ihr, hat keinen Wert. Jenseits ihrer sind geschaute und ungeschaute Welten. Jenseits der materiellen Welt ist das unbegrenzte Meer der spirituellen Welt. Der Prophet lehrt uns, um mehr und mehr Wissen zu bitten, zu lernen, wie sie dies tun (er schaut auf etwas): Man kann es anfassen, sehen, es arbeiten hören, deshalb ist es in der Existenz, aber was ihr jetzt seht, von dem existiert in Wahrheit nichts. Allahu akbar! ma azhamu sha'nak! ya Allah! fa'alun ma yasha'! ya azhimu sha'n! ya rabb al-izzati wa l-azhameti wa l-jabarut! subhanak subhanak subhanak! ya ma siwanan alaik! allimna ma yanfa'una wa zidna 'ilman! ila sharafi n-nabi .... Fatiha

## The Jewish Nation's Locked Hearts

La ilaha illa Allah La ilaha illa Allah La ilaha illa Allah Sayyidina wa Nabiyuna Muhammadun Rasulullah Habibullah, Nur Arshillah zidhu Ya Rabbi izzan wa sharafa, nuran wa surura min al Azali wal Abad.
Now, we are coming here for some messages arriving tonight. Heavenly messages because heavenly messages, their foundation is granted to those special ones because they are giving what they have been granted from Heavens to give to people according to their understanding levels.
And we are beginning and saying: Audhu Billahi min as-shaytan ar-rajim. Asking a protection as shaytan is every time asking to throw in a clean place, its dirtiness. We are asking to prevent him to not throw it through our meetings. We are asking humbly from the one responsible for everything's life on this planet. Particularly Mankind which has a responsibility because they are granted some specialities that other creatures haven't been granted. And that is main reason that shaytan is asking to throw something of his dirtiness to make people's understandings wrong. Therefore you must take care not to come to our meeting to make its dirtiness here. When we are saying Audhu Billahi min as-shaytan ar-rajim, it is prohibited (so as) not to do anything here.
And we are coming for a fighting. With whom? With our egos. We must use heavenly sword defending our honours, not to lose or not to be lost the honour that we have been granted from Allah Almighty. And say: Bismillah ar-Rahman ar-Rahim. That opens everything that you are asking to open or to be opened you must say, Bismillah ar-Rahman ar-Rahim. Without Bismillah ar-Rahman ar-Rahim everything is just locked down. Therefore Jewish people, those that are book-given people were saying, "Ya Muhammad (sas) don't insist for us to listen to what is coming to you because 'qulubuna ghulf ', our hearts just locked down".
Assalamu alaykum our attenders and listeners and particularly once again, assalamu alaykum Salafi ulamas. A question. I am not preparing such things for addressing to you or to anyone else

but just in the time that they are sending to me I am only making a translation. O Salafi ulamas! Do you know how their hearts can be opened? Say! If you are claiming 'We are ulamas', say! With which thing can hearts of people that are locked, be opened? That's an important question. Same question I may ask to Jewish people. You are saying that 'our hearts are locked', where is their understanding. Really locked, but what is the way or what is key that may open your locked hearts? Say to me? Chief Rabbi, say?

And then we are saying to the Pope the highest priest through Christianity, His Holiness Pope. What do you think when Jewish people were saying "Our hearts are just locked"? What do you think about that? Who locked their hearts? Number one. With which thing locked that one their hearts? Why they were not refusing when that one coming to lock their hearts down? Who was that one that prevented them? Locked their hearts? One. Subhanallahi'l Aliyyi'l Azim. Coming first to Salafi ulamas then chief rabbi, then chief of Christianity, then chiefs of other religions that belong to people's imagining. Why? For what? Before their hearts were open then they said “O Seal of Prophets (sas), qulubuna ghulf”.

How? What was the reason? Say, Salafi ulamas. Do you think that they have such a right? To say to the Seal of Prophets (sas), "Our hearts are just locked down". Why? Moses locked their hearts in order not accept after him any other heavenly messenger? They may show me a verse through Torah that the Lord of Heavens ordered the angels to lock down the hearts of people to not accept any other message from Heavens? Who can do this? Salafi ulamas, keep what we are saying. Not my words but heavenly ones making me to say this and it is an important point why they are saying to the Seal of Prophets (sas), "Qulubuna ghulf, Ya Muhammad".

How they are saying this? Is it written through Holy Torah, Old Testament, that you must not accept anyone else after Moses (as) to be a messenger from Heavens. Who said to them? In which verse of Holy Torah this is written? So, they are liars. Therefore a heavenly punishment is coming on them. After the Seal of Prophets (sas) they were going all over the world. They could not be together. Now it is an imitated state that they are calling Israel. No! They can't say this. It is not their name.

Where is David's Sultanate? Where is magnificent and glorious Sultanate of Sayyidina Sulayman? Why are they saying Israel? Where is past times glory that Allah granted to the sons of Israel? Why they are saying that this is Israel? No, it is not true. We are not accepting it if they

are saying "We are from the Nation of David and we are asking his Sultanate, we are asking his Kingdom". Also we are asking Kingdom of Solomon (as). Why they are not asking? Now bombarding coming on Jewish people.

They are making our attack on Salafi ulamas a little small. Now, they are saying, "Alhamdulillah, tonight nothing for us, coming on the Children of Israel. We are now in a show, tonight. We are tonight resting and we are putting this in front of us as a shelter, for our protection". Salafi ulamas are saying this, "Now attack coming on Children of Israel". Yes, you must ask, you must answer also. These are not my words. Who is making me to speak to you. I am asking, where is Kingdom of Solomon? He was commanding East and West, ins wa jinn, Man and Jinn.

They are saying Israel. What is that? Why you are saying, "Our aim from Aris, that famous place on the east coast of Egypt, from there up to, min al Aris ila Furat, (Euphrates). Why you are saying, ‘Really Allah granted to us that before Sayyididna Musa (as), no one reached to that power'. Where are those magnificent kingdoms of Sayyidina Daud (as) and Sayyidina Sulayman (as)? We lost our ways or Jewish people lost their ways? And they are saying when the Seal of Prophets (sas) was coming "Ya Muhammad (sas) qulubuna ghulf -our hearts are locked". They are saying lies. They are liars! If Allah Almighty not seeing no one can see but they are not giving their goodwill to their Lord to keep it open and shaytan coming and locking down their hearts.

Now they are making me ask a question from Salafi ulamas. First, who locked their hearts? You have answer? Who locked? They themselves locked their hearts? Or listening to someone and that was making their hearts to be locked? Yes, they left their magnificent sultanates that Allah granted to them and followed shaytanic ideas and shaytan locked their hearts to not look at the Torah because Torah made everything clear for past times and it was a mirror for coming days up to the end of the world.

Yes, now Salafi ulamas say the answer. How their hearts can be opened? Who can open that lock to their hearts? It is important for the whole world therefore I am asking. Salafi ulamas are saying, "We are following Salaf as-Saleh". Say! Ask them and bring an answer to me. Not to me, to the whole world, to all book-given people. Why their hearts are locked and who locked their hearts? Say, answer in Islamic way through Islamic lights, say it! Allah Almighty, Jalla Jalaluhu is saying that:

ma farratna fi al kitabi min shayyin

Nothing have We omitted from The Book (6:34)
Sadaqallahu'l Azim wa kadhaba shaytan. Allah Almighty is saying, "For everything you ask, you may find answers", ma farratna fi al kitabi min shayyin. Where is your knowledge, say? That is a question from an unknown one. Through billions of people, an unknown one is asking such a question.
How they locked their hearts or who locked their hearts? Sayyidina Musa (as) locked their hearts? Or, before Sayyidina Musa their hearts were locked down? Before Sayyidina Musa (as) who locked their hearts? Why? Those Banu Israel, Children of Israel, their heads are like rocks. For what? When they are saying to Sayyidina Musa (as), falamma sam`iu, kalamullah.. Ayat karima:
waidh qultum ya Musa lan numina laka hatta nara Allaha jahratan
Remember when you said: ‘O Moses, we will not believe you until we see God face to face.’ (2:55)
Those who were fighting with their Prophet Sayyidina Musa, asking, ‘Ya Musa, you are making us to hear holy words of your Lord but we would like to look at Him’.
falamma tajalla rabbuhu liljabali ja`alahu dakkan
And when His Lord revealed Himself to the mountain, He made it crumble(7:143)
Tajalli, what happened on Mount Sinai you can't imagine its miqdar, not amount (measure). A small tajalli, smallest and this huge mountain, huumm... They were asking and disturbing their prophets. Disturbing them as to how they may see the appearance or the manifestation. They were fighting with their Prophet. What about others? At that time their hearts were locked down. In Moses' presence shaytan locked their hearts. Otherwise they would have been created with their hearts open for accepting new things, good and bad, but instead their hearts were locked down.
Now this is new fashion from east to west, from north to south, for all mankind. That is worse than Pig flu. Pig flu eats them. Pig flu makes you to die if Allah Almighty gives an authority because that virus can't do it, otherwise it can't touch. I am asking to Salafi ulama, past year, your whole kingdom, Saudi Kingdom they were trembling from Pig flu. True? True. Why you are not saying for his Majesty, King, "Oh our Majesty don't fear. If virus not authorized to touch a person, they can't touch. We are believing that 'khayrihi wa sharrihi min Allahi Ta`ala'. We are believing that lives of people and their deaths are in the hands of Allah Almighty. Don't worry".

One of the declarations I was expecting to be told but you are not saying anything, and you are saying -vaccination. Why you are not saying, "O People you are visitors to the Lord's House, don't worry come, if the whole world is full with Pig flu virus it can't touch you". Where is your knowledge? Where is your understanding of Islam? If an examination comes, you can't pass it because examination is saying, khayrihi wa sharrihi min Allahi Ta`ala. If Allah Almighty is not giving authority for it the virus can't do anything. But you are not saying and you are saying, 'We are Salafi ulamas'. Who believes in you and your knowledge?

Coming heavy bombarding after on Kufr from Haqq! Badness on shaytan and shaytan's followers. ‘Our hearts are locked'. Say who locked their hearts?

They are saying to their Prophets, ‘Our hearts are locked’ and then they are repeating this also to the Seal of Prophets, "Ya Muhammad (sas) our hearts are locked, just locked. Therefore don't tire yourself to make us believe in you and your Holy Book. We are not believing". Now, therefore I am asking and saying to people and ulamas which thing can open locked hearts? Because at the beginning we said that shaytan locked their hearts. In front of their prophets they were fighting. Discussing with Sayyidina Musa (as), "We are not believing till we may look, who is speaking to you. Perhaps you are making magic on us". They were fighting their Prophet Sayyidina Musa (as). How are they not going to fight?

So many prophets after Sayyidina Musa (as). They rushed and attacked Sayyidina Isa (as) to kill him. What he said? What was Sayyidina Isa saying? Was Sayyididna Isa (as) saying to people, "O People leave obedience and worshipping the Lord of Heavens, make your worshipping to me". Who said it? A worldwide, powerful messenger whose creation was miraculous, how can he say this? "O People leave That One and give your obedience and worship to me". Why? Subhan Allahi'l Aliyyi'l Azim.

Now there is a schism between Christian and Jews, and between Christians and Muslims and between Muslim and Jewish people. Fighting. And shaytan is making it and sitting there and saying "Ohho, ho,ho,ho". I am so happy to make all nations fight each other. Some of them are denying some others' ways. Some denying some others' prophets. What is that? Now shaytan has done his worst to mankind and people are not knowing who they are. Therefore, who they are and for what they are -finished! May Allah forgive us.

I am asking Salafi ulamas, tell me what is the key. Leave that 'who locked'. It is locked. But you

have a key for opening those locked hearts? You know? If you don't know, that means you know nothing! If you are knowing and not saying it, you are not keeping amanatullah. You are now coming through to Fire. You must clear your position and not use your wrong knowledge against Muslims. No. If you have authority for fighting shaytan, fight shaytan, don't fight Muslims. May Allah forgive us.
Fatiha.
This is holy night, Juma night, coming some heavy bombarding. Allah Almighty ordered to be taken away Falsehood, from East, from West, from North, from South, from everywhere that Holy Command is coming and the weakest one of the Lord's servants may do this ten times more. Therefore the Seal of Prophet's (sas) was saying, we must do Jihad al Akbar, a holy fight against our egos. If not, the ways of people are going to Hells.
Marhaban, don't worry, don't be angry, but say, Truth came and Falsehood perished. If we are speaking wrong, batil, you bring Haqq down. Fatiha. My Arabic or English not so good English, that people are thinking he learned through high schools and academies, no, I am an ordinary person but (they) are making me to speak. Bombarding tabiyas of shaytan. Tabiya, you know? What is tabiya? Fortress of shaytan, we shall bombard, we shall continue to bombard towers of shaytan with Allah's permission.

## Die verschlossenen Herzen der Juden

---

La ilaha illa Allah, La ilaha illa Allah, La ilaha illa Allah, Sayyidina wa Nabiyyuna Muhammadun Rasulullah, Habibullah, Nur Arshillah, Zidhu ya Rabbi Izzan wa Sharafa, Nuran wa Surura mina l-Azali wa l-Abad. Jetzt kommen wir hierher wegen einiger Botschaften, die heute ankommen. Himmlische Botschaften, weil Himmlische Botschaften, ihre Grundlage wird den Besonderen gewährt, weil sie das, was ihnen gewährt wird von den Himmeln, den Menschen gemäß ihren Verständnisebenen weitergeben. Und wir beginnen damit zu sagen: Audhu Billahi mina sh-shaytani r-rajim. Wir bitten um Schutz, da Shaytan immer wieder seinen Schmutz auf einen sauberen Platz werfen will. Wir wollen ihn daran hindern, ihn in unseren Treffen zu

werfen. Wir bitten demütig den, der für jedermans Leben auf diesem Planeten verantwortlich ist, besonders für die Menschheit, die eine Verantwortung haben, weil ihnen einige Besonderheiten gewährt wurden, die anderen Geschöpfen nicht gegeben wurden. Und das ist der Hauptgrund, warum Shaytan etwas von seinem Schmutz werfen will, um das Verständnis der Menschen zu verfälschen. Deshalb müßt ihr darauf achten, daß er nicht zu unseren Treffen kommt und seinen Dreck hier läßt. Wenn wir sagen: Audhu Billahi mina sh-shaytani r-rajim, ist es verboten, so etwas hier zu tun.
Und wir kommen für einen Kampf. Mit wem? Mit unserem Ego. Wir müssen das Himmlische Schwert benutzen, um unsere Ehre zu verteidigen, damit sie nicht verloren geht, die Ehre, die uns von Allah dem Allmächtigen gewährt wurde. Und sagt: Bismillahi r-Rahmani r-Rahim. Das öffnet alles, was ihr öffnen wollt oder was geöffnet werden soll. Ihr müßt sagen: Bismillahi r-Rahmani r-Rahim. Ohne Bismillahi r-Rahmani r-Rahim ist alles verschlossen. Deshalb sagten die Juden, jene, die zu den Leuten des Buches gehören: 'Ya Muhammad (saws), bestehe nicht darauf, daß wir dem zuhören, was zu dir kommt, weil "qulubuna ghulf" - unsere Herzen sind verschlossen. As-Salamu Alaykum, unsere Teilnehmer und Zuhörer und besonders noch einmal, As-Salamu Alaykum, Salafi Ulama. Eine Frage. Ich bereite solche Dinge nicht vor, um euch anzusprechen oder irgendjemand anders, sondern sie senden es mir genau in diesem Moment, und ich übersetze es nur. Salafi Ulama, wißt ihr, wie ihre Herzen geöffnet werden können? Sprecht! Wenn ihr behauptet: 'Wir sind Ulama', sprecht! Mit welcher Sache können die Herzen von Leuten, die verschlossen sind, geöffnet werden? Das ist eine wichtige Frage.
Dieselbe Frage stelle ich den Juden. Ihr sagt, 'unsere Herzen sind verschlossen'. Wo ist ihr Verständnis.. tatsächlich verschlossen, aber was ist der Weg oder was ist der Schlüssel, der euere verschlossenen Herzen öffnen kann? Sagt es mir. Oberrabbi, sprich. Und dann sagen wir zum Papst, dem höchsten Priester der Christenheit, dem Papst, Seiner Heiligkeit, dem Papst: Was denkt Ihr, wenn die Juden sagen, 'Unsere Herzen sind verschlossen'? Was denkt Ihr darüber?

Wer hat ihre Herzen verschlossen? Nummer eins. Wer hat ihre Herzen verschlossen? Mit welcher Sache hat jener ihre Herzen verschlossen? Warum haben sie sich nicht gewehrt, als jener kam, um ihre Herzen zu verschließen? Wer war das, der sie hinderte, ihre Herzen zu verschließen? Einer. Subhanallahi l-Aliyyi l-Azim. Zuerst kommen die Salafi Ulama dran, dann

der Oberrabbiner, dann das Oberhaupt der Christenheit, dann die Oberhäupter der anderen Religionen, die zu den Einbildungen der Leute gehören. Warum? Für was? Vorher waren ihre Herzen offen, dann sagten sie: Qulubuna Ghulf, o Siegel der Propheten (saws). "Qulubuna Ghulf". Wie? Was war der Grund? Sprecht, Salafi Ulama. Glaubt ihr, sie haben ein Recht dazu, dem Siegel der Propheten (saws) zu sagen: 'Unsere Herzen sind verschlossen.' Warum?
Hat Moses ihre Herzen verschlossen, damit sie nach ihm keine andere Botschaft mehr annehmen? Sie sollen mir einen Vers der Torah zeigen, daß der Herr der Himmel den Engeln befahl, die Herzen der Leute zu verschließen, damit sie keine andere Botschaft der Himmel annehmen. Wer kann das tun? Salafi Ulama, bewahrt, was wir sagen, nicht meine Worte, sondern Himmlische bewirken, daß ich das sage, und das ist ein wichtiger Punkt. Warum sagen sie zum Siegel der Propheten (saws): "Qulubuna Ghulf, ya Muhammad"? Wie können sie das sagen? Steht es in der Heiligen Torah, im Alten Testament geschrieben, daß ihr niemand anders anerkennen dürft nach Moses (as) als Gesandten von den Himmeln? Wer sagte das zu ihnen? In welchem Vers der Heiligen Torah steht das geschrieben? Also sind sie Lügner. Deshalb kommt eine Himmlische Strafe auf sie herab.
Nach dem Siegel der Propheten (saws) gingen sie in die ganze Welt. Sie konnten nicht zusammen bleiben. Jetzt ist es ein imitierter Staat, den sie Israel nennen. Nein! Sie können das nicht sagen. Es ist nicht ihr Name. Wo ist Davids Sultanat? Wo ist das herrliche und glorreiche Sultanat Sayyidina Suleymans? Warum sagen sie Israel? Wo ist der Ruhm vergangener Tage, den Allah (swt) den Söhnen Israels gewährte? Warum sagen sie, daß das Israel sei? Nein, es stimmt nicht. Wir erkennen es nicht an, wenn sie sagen: 'Wir gehören zur Nation Davids, und wir verlangen sein Sultanat. Wir verlangen sein Königreich'. Wir verlangen auch das Königreich Solomons, Sulaymans (as). Warum fragen sie nicht? Jetzt kommt ein Bombardement auf die Juden herab. Sie nehmen ein wenig von unserer Attacke auf die Salafi Ulama. Die sagen jetzt: 'Alhamdulillah, heute Abend nichts für uns, es kommt auf die Kinder Israel. Wir sind jetzt, heute Nacht eine Show.. Wir ruhen heute Nacht und wir stellen vor uns ein Schutzdach auf, um uns zu schützen.' Das sagen die Salafi Ulama. 'Jetzt geht der Angriff gegen die Kinder Israel.' Ja, ihr müßt fragen und ihr müßt auch antworten. Das sind nicht meine Worte. Wer mich zum Sprechen bringt, ich frage, wo ist das Königreich von Solomon, der über Ost und West befahl, "Ins wa Djinn", Mensch und Djinn? Wo? Sie sagen Israel... Was ist das? Warum sagt ihr: 'Unser Ziel von

Aris, diesem berühmten Ort an der Ostküste Ägyptens, von da ab hoch, "mina l-Aris ila Furat" (Euphrates). Warum sagt ihr: Tatsächlich gewährte Allah uns das schon vor Sayyidina Musa (as). Niemand hat diese Macht erreicht.' Wo sind diese herrlichen Königreiche von Sayyidina Daud (as) und Sayyidina Sulayman (as)? Sind wir in die Irre gegangen oder sind die Juden in die Irre gegangen?

Und sie sagten, als das Siegel der Propheten (saws) kam: "Ya Muhammad (saws) Qulubuna Ghulf" - Unsere Herzen sind verschlossen. Sie lügen. Sie sind Lügner! Wenn Allah der Allmächtige es nicht sieht, kann es niemand sehen, aber sie zeigen ihrem Herrn kein Wohlwollen, um es offen zu halten, und Shaytan kam und verschloß ihre Herzen. Jetzt fragen sie, sie lassen mich den Salafi Ulamas eine Frage stellen. Was ist der Schlüssel? Zuerst einmal, wer verschloß ihre Herzen? Habt ihr eine Antwort? Wer verschloß es? Sie selbst verschlossen ihre Herzen? Oder hörten sie auf jemanden, der dann ihre Herzen verschloß? Ja, sie verließen ihre herrlichen Sultanate, die Allah ihnen gewährt hatte, und sie folgen shaytanischen Ideen, und Shaytan verschloß ihre Herzen, damit sie nicht in die Torah guckten, weil in der Torah alles deutlich gemacht worden ist für die vergangenen Zeiten, und es war ein Spiegel für die kommenden Tage bis zum Weltenende. Ja, jetzt sagen die Salafi Ulama die Antwort. Wie können ihre Herzen geöffnet werden? Von wem? Wer kann das Schloß vor ihren Herzen öffnen? Es ist wichtig für die ganze Welt, deshalb frage ich.
Die Salafi Ulama sagen: 'Wir folgen Salafu s-Saleh.' Sprecht! Fragt sie und bringt mir die Antwort. Nicht mir, der ganzen Welt, allen Leuten der Bücher. Warum sind ihre Herzen verschlossen, und wer hat ihre Herzen verschlossen? Sprecht, antwortet auf islamische Weise mit islamischen Lichtern, sagt es! Allah der Allmächtige, Jalla Jalaluhu sagt: "Ma Farratna Fi l-Kitabi Min Shayyin" (6:34). Sadaqallahu l-Azim Wa Kadhaba Shaytan. Allah der Allmächtige sagt: 'Für alles, nach dem du fragst, kannst du eine Antwort finden' - "Ma Farratna fi l-Kitabi min Shayyin." Wo ist euer Wissen, sprecht? Das ist eine Frage von einem Unbekannten. Unter Billionen von Menschen stellt ein Unbekannter so eine Frage. Wie sie ihre Herzen verschlossen oder wer ihre Herzen verschloß? Sayyidina Musa (as) verschloß ihre Herzen? Oder waren ihre Herzen schon vor Sayyidina Musa verschlossen? Vor Sayyidina Musa (as), wer verschloß ihre Herzen? Warum? Diese Banu Israel, Kinder Israels, ihre Köpfe sind aus Stein. Warum?

Als sie zu Sayyidina Musa (as) sagten: "Falamma Sami`u, Kalamullah". Ayat Karima. "Waidh Qultum ya Musa Lan Numina Laka Hatta Nara Allaha Jahratan" (2:55). ..jene, die mit ihrem Propheten, Sayyidina Musa (as), kämpften, fragten: 'Ya Musa, du bringst uns heilige Worte deines Herrn zu Gehör, aber wir möchten gerne sehen, Ihn angucken." "Falamma Tajalla Rabbuhu Li l-Jabali Ja`alahu Dakkan" (7:143). Tajalli, was auf dem Tur Sina geschah, ihr könnt euch sein "Miqdar" - Maß, so kleine Tajalli, die kleinsten nicht vorstellen. Und dieser gewaltige Berg, huumm... Sie fragten und störten ihre Propheten. Sie störten sie, um das Erscheinen oder die Tajalli, den Ausdruck, sehen zu können. Sie kämpften mit ihrem Propheten. Was ist mit den anderen? In dem Moment wurden ihre Herzen verschlossen. In Gegenwart von Moses verschloß Shaytan ihre Herzen. Sonst wären sie geschaffen worden mit offenen Herzen, um neue Dinge anzunehmen, gute Dinge und schlechte Dinge, aber stattdessen wurden sie verschlossen. Nun, das ist eine neue Mode von Ost bis West, von Nord bis Süd, für die ganze Menschheit.
Das ist schlimmer als die Schweinegrippe. Sie ißt sie, die Schweinegrippe. Sie tötet euch, wenn Allah der Allmächtige die Autorität dazu gibt, weil dieser Virus es nicht tun kann, wenn er keine Autorität hat. Er kann euch nicht anrühren. Ich frage die Salafi Ulama, im letzten Jahr zitterte euer ganzes Königreich Saudi Arabien, sie zitterten vor der Schweinegrippe. Stimmt's? Es stimmt. Warum sagt ihr nicht Seiner Majestät, dem König: 'O euere Majestät, fürchtet euch nicht. Wenn der Virus nicht autorisiert ist, eine Person anzurühren, kann er sie nicht anrühren. Wir glauben, daß "Khayrihi wa Sharrihi min Allaha Ta'ala". Wir glauben, daß das Leben und der Tod der Menschen in Händen Allahs des Allmächtigen ist. Macht euch keine Sorgen.' Eine derartige Erklärung hätte ich erwartet, aber ihr sagt gar nichts. Und ihr sagt - Impfung. Warum sagt ihr nicht: 'Ihr Leute, ihr seid Besucher für das Haus des Herrn, macht euch keine Sorgen, kommt. Er kann euch nichts tun, wenn auch die ganze Welt voll ist mit dem Virus der Schweinegrippe, er kann euch nicht anrühren.' Wo ist euer Wissen? Wo ist euer Verständnis des Islam? Gäbe es eine Prüfung, ihr würdet sie nicht bestehen, weil es in der Prüfung heißt: "Khayrihi wa Sharrihi min Allaha Ta'ala." Wenn Allah der Allmächtige dafür keine Autorität gibt, kann der Virus nichts tun. Aber ihr sagt das nicht und sagt: Wir sind Salafi Ulama. Wer glaubt an euch und euer Wissen? Es kommt eine schwere Bombardierung, eine Himmlische Bombardierung! Auf Kufr von Haqq! Schlechtes auf Shaytan und Shaytans Anhänger.
'Unsere Herzen sind verschlossen'. Sagt, wer hat ihre Herzen verschlossen? Sie sagen zu ihren

Propheten: 'Unsere Herzen sind verschlossen.' Und dann wiederholen sie das auch dem Siegel der Propheten gegenüber: 'Ya Muhammad (saws), unsere Herzen sind verschlossen, einfach verschlossen. Deshalb bemühe dich nicht, uns an dich und dein Buch glauben zu machen, an das Heilige Buch und an dich glauben wir nicht.' Nun, deshalb frage ich und spreche mit den Menschen und mit den Ulama: 'Welche Sache kann verschlossene Herzen öffnen?' Weil wir am Anfang sagten, daß Shaytan ihre Herzen verschlossen hat, sie kämpfen vor ihren Propheten, sie diskutieren mit Sayyidina Musa (as): 'Wir glauben nicht, bis wir sehen, wer zu dir spricht. Vielleicht übst du Magie mit uns.' Sie bekämpften ihren Propheten Sayyidina Musa (as). Wie sollten sie auch nicht kämpfen?
Nach Sayyidina Musa (as) kamen so viele Propheten, und sie eilten und griffen Sayyidina Isa (as) an, um ihn zu töten. Was sagte er? Was sagte Sayyidina Isa (as)? Sagte Sayyidina Isa (as) zu den Menschen: 'Ihr Leute, laßt den Gehorsam und die Anbetung des Herrn der Himmel, betet mich an.' Wer hat das gesagt? Ein weltweiter, mächtiger Gesandter, dessen Erschaffung wundersam war, wie kann er das sagen? 'Ihr Leute, laßt Diesen Einen und erweist mir Gehorsam und betet mich an.' Warum? Subhan Allahi l-Aliyyi l-Azim. Und jetzt "Fi Ikhtilaf", die Spaltung, die zwischen den Christen und Juden und zwischen den Christen und Muslimen und zwischen Muslimen und Juden ist. Sie kämpfen. Und Shaytan bewirkt das und sitzt da und sagt: 'Oho, ho, ho, ho.' Ich bin so glücklich, daß es mir gelungen ist, alle Nationen gegeneinander kämpfen zu lassen. Manche bestreiten die Wege der anderen, manche andere bestreiten die Propheten der anderen. Was ist das? Jetzt hat Shaytan das Schlimmste für die Menschheit bewirkt. Und jetzt wissen die Menschen nie, wer sie sind. Deshalb, wer auch immer sie sind und wozu sie da sind - zu Ende! Möge Allah (swt) uns vergeben.

Verschlossen, ich frage die Salafi Ulama, Sagt mir den Schlüssel, vergeßt das 'Wer hat sie verschlossen'. Verschlossen. Aber habt ihr einen Schlüssel, um diese verschlossenen Herzen zu öffnen? Wißt ihr einen? Wenn ihr keinen wißt, bedeutet das, daß ihr nichts wißt. Wenn ihr es wißt und nicht sagt, bewahrt ihr nicht "Amanatullah". Ihr kommt jetzt zu den Feuern. Ihr müßt euere Position klären, ihr dürft euer falsches Wissen nicht gegen die Muslime einsetzen. Nein. Wenn ihr die Autorität habt, Shaytan zu bekämpfen, bekämpft Shaytan, bekämpft nicht die Muslime. Möge Allah uns vergeben. Fatiha.

Dies ist eine Heilige Nacht, die Juma Nacht, und es kommt eine schwere Bombardierung. Allah der Allmächtige befahl, daß die Falschheit weggenommen werde, das Falsche von Ost, von West, von Nord, von Süd, von überall her der Heilige Quran kommt und der Schwächste der Diener des Herrn kann das 10x mehr machen. Deshalb sagte das Siegel der Propheten (saws): den Jihad al Akbar müssen wir führen, einen Heiligen Kampf gegen unser Ego. Sonst führen die Wege der Menschen in die Hölle. Marhaban, beunruhigt euch nicht, seid nicht verärgert, aber sagt: Die Wahrheit kam und die Falschheit hat ihr Ende gefunden. Wenn wir etwas Falsches sagen, Batil, bringt ihr Haqq herunter. Fatiha. Mein Arabisch oder Englisch nicht so gut, Englisch, die Leute denken, er hat das in Hochschulen und Akademien gelernt, nein. Ich bin ein gewöhnlicher Mensch, aber sie bringen mich zum Sprechen. Bombardierung der "Tabiyas" von Shaytan. Tabiya, wißt ihr? Was sind Tabiyas? Festungen Shaytans, wir werden sie bombardieren, wir werden weiterhin die Türme Shaytans bombardieren mit Allahs (swt) Erlaubnis.

## O people - join that heavenly supported group!

As-salamu alaikum! Ya Rabbi afwak wa ridaak! O our Lord, forgive us and give Your blessings to our weak servants!

Audhu bi-llahi mina shaitani rajim- o our Lord, keep Your weak servants from Shaitan and its traps, not to fall in it. Who is falling (in) Shaitans traps, it is so difficult to get out. So difficult! Therefore you must be careful not to fall, not to be caught by a trap of Shaitan. Keep yourself, because Shaitan it has hundreds and hundreds traps, putting there...

Bismillahir Rahmanir Rahim- that is our sword. Always carry that sword, because if a person (is) going to (the) fighting field without (a) sword, (he) may be killed. If (he is) carrying (a) sword, people (are) thinking for him. Therefore we must be careful and waking, awake up, not to be sleepers, (or) quickly (they are) taking you as a prisoner or injuring you or killing (you). Therefore we are saying: Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. Allah protects us!

Follow His Holy Orders, you should be in safety here and Hereafter. Don't say that: "I know, I know, I know..." you don't know, you know nothing! You can be mistaken.

Therefore we are saying: “Audhu bi-llah mina shaitani rajim, Bismillahir Rahmanir Rahim” (and) we are coming through a protected area. If you are going (through an) unprotected area, must touch you something that you are not going to be happy (with). (The) Prophet (was) saying sws, (the) most praised and most glorified one in divine Presences, Prophet Muhammad sws, he was saying: “Ittaku bi wadia-l tuham” (?), you must keep yourselves not to fall in a trap.”

May be so many advertising, not (only) so many, perhaps whole advertisings (are) calling people to be caught through one trap. Advertising- that is the meaning (of it). They are advertising man, advertising every kind, for everything... even they are advertising for cats meals... (A) cat (is) asking (for) advertising? Without that advertising (it is) jumping on (the) table, eating as it likes. It needs advertising? But (they are) so clever one, man, they are making for everything advertising and through every advertising there is one or more traps. When you entered that field, you must be caught by anyone of (these) hundreds of traps.

(The) first (one to) fall in Shaitans trap, who was (he)? Adam a.s.! First. What about for ourselves? Every time, daily, daily hundred times (we are falling)! If Adam- alayhi salat wa salam- just fall in a trap, what about for you? And he was saying: “O my sons and grandsons and my generation up to (the) Last Day, I am warning you and saying: ‘Beware of Shaitan’!” Eh, we are writing: Beware (of the) dog! Yes? We are writing and people, (if they) are looking (this) if (they are) coming nearer, quickly (they are) coming to be far away, (because)perhaps that dog may bite him. (They are) taking a care. Which of ourselves (is) taking care for Shaitan? Every day hundreds of traps (are) catching our legs, hands, heads- beginning from first ones.

Shaitan, don’t think that it is a idiot creature! Uhhh! You are idiot, but Shaitan never (is an) idiot! Therefore he is always looking, looking... Not looking (to the) flock, no! Shaitan (is) saying: “(I have) nothing to do with (the) sheep, with (the) flock- where is (the) shepherd? Shepherd!” “I am here!” “What are you doing?” “(I am) sleeping...” “Yes, you must sleep much more, because it is a safe valley, you take your rest... “ This (is his) ‘nasihat’, (his) advising to shepherds...

And (it is) coming (the) same thing to (the) shepherds of nations and (he is) saying: “Do this, don’t do that!” “What is I am doing?” “You are doing best.” “For me or for my nation?” “No, no, Sir! Nation, they are flock, you must consider always your ego, yourself! Make them to sleep and you do as you like!” Haaa... Shaitan... Abdul J. look to me!... Shaitan (is) not going to ‘feet’, no need, (but he is) coming to top ones, and (he is) saying: “Do this, do that, to be dressed , because something may be against yourself!”(He is) coming (to) the top ones, coming to Kings or Sultans or Emperors or Presidents or Prime-Ministers or their ministers... Shaitan (is) very clever- shaitanic cleverness (is) with him. From beginning up today (he is) camouflaging himself and no one (is) asking: “Who is that one?” Camouflaging... so that people (are) thinking: “(That one) that (is) our best friend and best advisor. We must ask our advisor how we can do!” S.Adam (was) just cheated by Shaitan. Up today hundreds of Kings, Sultans (and) thousands (of) powerful ones Shaitan (is) making them to fall (into) a valley that they can’t be able to get out.

Now every country (is) in flames. Muslim territories more than Western countries. Look- everywhere that there is Muslims, there is a fire. (Shaitan is) making Muslims to kill each other. For what? For Allah? Allah Almighty should ask Kenyan Muslims, may ask Afghan people, may ask Iranian, may ask Turkish one, may ask Irakian ones: “Why you were carrying that weapons? What was your target? Why you are killing? Why you are making trouble? Why you are running through streets? It is not blame for you to run in streets, o Muslims, and (you are) shouting for democracy, not saying: ‘O we are asking Shariatullah, holy Commands of Allah.’ Why you are not going (through) streets, you are calling shaitanic words. Why not coming to Mosque, Muslim, that they are not knowing that Allah Almighty (is) looking (to) those people whom they are in mosque? And: As-sharru biqa fil ard miswak... Arabs... say your people not to look mosque, to look outside or my stick ready!

After stick my sword- we have sword also! Don’t look mosques, look what happening through aswak, streets, what they are thinking, why they are shouting, to whom shouting! Shouting to Allah or shouting to Shaitan? Did you see or did you never see those people that they are making demonstration, carrying Holy Quran through their hands and saying: “We

asking heavenly Rules”? Anywhere you heard or you see? Hah? How they are Muslims! How Allah Almighty (is) supporting them? They should be taken away! Yaumu... ard... it is not the surface of world changing, but people that they are on ‘hukm’, on power, Allah should change it! Time is over!

First whip on Muslims and their heads coming! Keep amanatullah that He sent us His Oath, heavenly Oath from Heavens! Keep it and Rasulullah was saying: “12.000 of believers, whom they are supported by their Lord, (there is) no any power on earth to take them away or to win (over them)! Finished!” But we are never finding (even) 12 people... what is that? Time is over and (a) heavenly Punishment (is) approaching, approaching, approaching... as (a) heavenly Punishment (was) approaching to that nation that Allah Almighty punished them through that day, Yaumu-l Dhulla...

Up is open, open... unbelievers they are asking to make something if that one (is) throwing something, not fall on them- (a) protection. But they are not asking... if Allah (is) sending a punishment, no one can prevent nothing!

O people, come and join that group whom they are supported through heavenly Powers! Don’t trust on Kufr, don’t trust to unbelievers! Trust (those), whom they are believing. They are, all of them they are supported! Now no one can be winner- from East or from West countries- if Allah Almighty (is not) protecting and giving His heavenly Support! No one can be victorious or winner winning! This must be well-known.

Subhanallah, Allah Almighty (is) leaving people to make such an instruments that we are sitting in an unknown place on earth, but our declaration (is) reaching through East and West, so that no one (is) going to say: “Never (there was) reaching any warning, heavenly Warning to ourselves, o our Lord!” Reaching this, Subhanallah! They are proud with such an instruments, yes, and they are saying: “We are much more powerful from Muslims, because Muslims, their people, some people (they are) retarded...” Whole unbelievers, they are saying: “We are so strong, powerful, with such an instruments, but Muslims, they can’t do!” Yes, Muslims they are not in need such a things, to make their sound to reach

anywhere!

S.Omar on Mimbar he was saying: “Ya Sariat, al Jabal, al Jabal!” Using this... but no more faith through Muslims! They are official Muslims, not real Muslims. They are by name Muslims, not real Muslims! They are saying: “Europeans (are) making such a...” S.Omar on Mimbar for Cuma praying, Khutba, he was calling that head of, Commander in Chief of Muslim armies, saying: “Ya Sariat, al Jabal, al Jabal!” Among Medina Munawwara and that (it is) 3 months walking. I think it was on Caucasian direction! We have power? We have power, we are not using yet! Let them to be proud with their, such a instruments.

Real power Allah azza wa jal ‘ata li-l Muslimien, ‘ata li-l Islam! Unexpected powers (Allah Almighty) just granted to Muslims. That time it was enough that- now we have a power! We can stop whole weapon factories or flying towers from steel! We have power! We are not fearing from them, but we are so smooth one and very soft ones now... But what Allah was saying: “Ash-shidaru ‘ala-l kufaru”... Ash-shidar- that Muslims they are like lions! When they have been ordered, they are like lions! Lions may carry whole deers and zebra or ox or so many animals... Lions may take them in front of them and they are escaping. Muslims, we are Muslim- if (Kafir are) looking to himself, armies (are) going to fall down!

They are thinking that Islam is something easy, easy... as they may do for Muslims as they like, and ‘ghafil ‘,heedless ones they are fearing from (the) weapons that Europeans and (the) Non-Muslim world they are inventing and making. No! Your heart must be with your Lord! Allah Almighty (is) saying: “I am sending (the) Holy Quran and I am that One who (is) taking on his responsibility to protect it!” Who can take away (the) Holy Quran? No one, no one, no one!

O people, o whole world people, beware (of) Shaitan, not to be cheated by Shaitan- Shaitan (is) asking people to fall into fire here and Hereafter! And we are asking forgiveness from Allah Almighty, for protection here and Hereafter! For the honour of the most honoured one S.Muhammad sws, Fatiha.

## The Juma Khutbah

Our assembly is the assembly of worship. It is obligatory to glorify Rabbul Izzah. To exalt, to glorify, to praise, to sanctify - it's our duty to do these. Let's mention... our Lord's Name. Let's stand up. Allahu Akbar Allahu Akbar Allahu Akbar wa Ajal. Assalamu Alaykum. Ayyuhal Hadirun / O attendees. Those coming to our modest association, Yaran, Sahibul Maydan, Shah Mardan, those present at his assembly, welcome. May our day be pleasant, may our work be pleasant. May our faces be white (with light) and our hearts pure and without complaints. We hope to not be kept far away from the association... of those servants who are accepted in the presence of Allah (swt).

Let's say: Assalamu Alaykum Ay Yaran Shah Mardan. What nice power we are receiving! Whatever we will receive, whatever we wish for... Allah Dhul Jalal will give it. Look at your assembly, how is it? What is your assembly for? Sahibul Ata, Shah Mardan, now.. Today is Friday. The happy ones and the believers, this is the day that they are happy about and celebrating, a holy day and the most favorable day in this world. Yawmul Jumaa - Friday. Even in the hereafter... the most honorable day for believers is the day of Friday. Every prophet has a day. In the hereafter, our Prophet (sws) is giving an invitation. It's on Thursday. Thursday. The rest of the prophets, start from the end. Starting from prophet Adam (as), the greatest prophets. According to their honor on earth, they have an arrangement in hereafter and every day... one prophet, Allah's (swt) eminent servants... The same way that they have a day on earth, in the hereafter also... according to their day they have an invitation. Friday... Friday is reserved for Allah Dhul Jalal wal Jamal, it is His day for invitation.

The rank of Haziratul Quds, is given to Allah's (swt) servants deserving paradise. Those in paradise... that is Allah's (swt) day for inviting. Allahu Akbar. Allahu Akbar Allahu Akbar wa

lillahil hamd. Ay Shah Mardan, Sahib Maydan, Sahib Ridwan al-Haqq. O Shah Mardan, the field is yours. The special characteristics given to you, power, majesty, knowledge, no one else has these virtues. That is why...his association...Yaran Sahibul Maydan, Sahibul Ridwan, Shah Mardan. Assalamu Alaykum wa Rahmatullahi wa Barakatuhu. May the salam and blessings of Allah (jj) be upon you. Ya Rabbi, you don't deprive us. Today is the great and majestic day of Friday. The day believers are joyful, the day they become honorable. The day they wear the dress of paradise. Whoever wears new clothes on Friday... it will be a dress of happiness, dress of honor. That person will be honorable.

Please come, Ay Shah Mardan, the field is yours. And he is coming. Ay Yaran, O our beloved ones. Hz. Ali (ra) Ibn Abi Talib. What did he start with? Bismillahir Rahmanir Rahim. He said, Allahu Akbar. It was requested that kings, princes, presidents, recite Gulbanki Muhammad every morning; to go on their balconies to make a salamlik ceremony; to go to a high place and say with the congregation - Allahu Akbar Allahu Akbar Allahu Akbar Allahu Akbar la ilaha illallah Sayyidina Muhammedur Rasulullah. This dress is being dressed on us everyday. We have no minds. This ceremony must be done every day. That is why I was wishing, after praying morning prayer here, to go to an open field and say Gulbanki Muhammedi, and say the takbir, Allahu Akbar. The dress of honor and greatness will be dressed on them. And Allah will dress us too. This service is required from kings/princes.

Well, the king comes and sits... they bring a piece of paper in front of him... Why do they bring it? They bring things related to rubbish dunya. They bring useless things... and the king looks like this... either he signs it or refuses it. Before that ceremony, there is another ceremony. Kings should know. Princes should know, those claiming to be heads, presidents, they should know too, because every morning, Ottoman... Sultans would sit to Gulbanki Muhammadi... on their throne in front of the palace, and listen to Gulbanki Muhammad. Allahu Akbar Allahu Akbar May our armies be always victorious! La ilaha illallah Muhammadur Rasulullah (sws) As a glorification... let's say Takbir. Dunya work is rubbish. The One who... sat you on the throne, what does He want from you? Because He put you on the throne, so you will get up every morning, and perform this ceremony, called Gulbanki Muhammadi. And say: Allahu Akbar Allahu Akbar Allahu Akbar wa lillahi l Hamd. Allahu Akbar Kabira Wal Hamdu Lillahi Kathira Wa Subhan Allahi Bukratan wa Asila. So the dress of mightiness will be dressed on you in the morning.

Is there any prince, king, president, who goes out in the open and says: la ilaha illallah Sayyidina Muhammadur Rasulullah. O our Lord, You granted us Your Habib, whose glory is supreme.
We are sending Salat and Salam to him, O our Lord. We are prostrating and bowing in Your presence. Quickly prostrate. They should quickly go down from the throne, prostrate to Allah & not fear. Does this come to their minds? They make ceremonies. What value does your ceremony have if you forgot Allah or if you forget to glorify Allah's Beloved one (sws). What value do you have? Then you should make Takbir from the 7 minarets of the Kaaba. Allahu Akbar Allahu Akbar Allahu Akbar Allahu Akbar wa lillahil hamd wa Sayyidina Muhammad (sws) Zidhu Ya Rabb, Zidhu Ya Rabb, Zidhu Ya Rabb. Izzan wa sharafa, nuran wa surura wa ridwanan wa sultana. Draw your sword - all kings have swords in their hands. Draw your sword so it will flash like lightening.
O Sultan of Saudi Arabia, King and princes, this is a ceremony, this is what is befitting of you. Don't dress up and come out mid-morning. No! This is the ceremony after Morning Prayer. Each ceremony you will be paid. It's not without payment. When you stand in glorification to your Lord, He will order for you to be dressed in the dress of Mightiness and Majesty. You won't need a guard or an army. Dress My servant with Mightiness, so whoever looks at him will tremble. O Shah Mardan, go ahead, speak. I am speaking, he says. Shah Mardan, because: "Bal 'Ahya'un Inda Rabbihim Yurzaqun" (3:169) "Wa La Taqulu Liman Yuqtalu Fi Sabili Allahi Amwatun" (2:154) Yes, this is Allah's order for whoever draws his sword in the way of Allah.

Draw your sword, o Muslim king, o kings of Muslims, draw it and say: Our sword is here. We'll cut whoever comes against us. We'll destroy them. We're not in need of made-up weapons... of those who aren't from us. Our sword is enough for us.
Stand up...and walk around a little like this, early in the morning. Don't say: my head will get dizzy, my stomach is hurting. Enter the field! That is what Ottomans said. What did they say? Kiymaz isen base cane Geri dur girme meydane. It says: if you don't submit your entire being to Allah (swt), then stand back. You are considered rubbish, you have no value. Then what is it saying? If you can't stand to see death, don't enter the field. There will be so many beheaded in this field, you can't imagine. Stand up for Allah (jj). Scare the disbelievers. Scare those worshiping satan. Islam has a sword. Next to the sword of Islam, your weapons are worthless. Mightiness is

coming. Shah Mardan is full of mightiness today, Friday. Do this, then do ihsan (goodness/ charity). Do goodness. They have piles of gold and silver. Their load is gold and silver. Before going inside your palace, O kings, order that this gold and silver should be distributed to those who deserve it. Hay hay. This is the honor of Islam. Why do you lock it away? Why put it in banks and hide it away? So they can pour it over your head when you are in grave? No. If you don't give, they'll pour something else on your head & you won't like it.

Allahu Akbar Allahu Akbar Today is Friday. The king should go up himself and give the Friday sermon & give advice. "Inna Allaha Yamuru Bil Adli Wal Ihsani Wa Itai Dhi l-Qurba Wa Yanha"(16:90) They all read this holy verse. "Inna Allaha Ya'murukum An Tu'uaddu l-Amanati Ila Ahliha" (4:58) There is this holy verse too. All the kings know it. It says: give, don't hide it away inside. People are running in the streets because of your stinginess. What do they call a miser? Stingy. A miser is like this: closed-fisted. Kings are like this, holding it in their hand, licking it from here & there. Don't be like that! Your hand should be like this (open). And your sword at your side and your gold in your hand. Distribute the gold, don't be afraid. It won't decrease. People nowadays are wandering the streets hungry. Why are you hiding it away. This is the morning ceremony. Hay hay.

These are Shah Mardan's advice and instructions. Don't fear. Give so sadaqa (charity) will keep troubles/ afflictions away. Or else an airplane will burn & crash or cars will hit each other and you'll die. The ship will sink and you'll die without being able to do anything. Listen, this is a Friday sermon. O kings, perform this ceremony, the Morning ceremony. Stand up, say Takbir to Allah (swt). Allahu Akbar Allahu Akbar Allahu Akbar Allahu Akbar wa Ajal Wa Azamu Ajal wa Akbar Our Lord. Why are you afraid? Every harm and trouble will be far from you. Let's say to these Muslim kings, to the kings & princes of Muslims. Those outside the sultanate, they are beggars. They have salaries. They get salary to be able to do their job. They have no value. Those with value hold gold in their hands.

Those holding paper are nothing. They themselves are like paper. Paper, you cannot have money out of paper. This is a tasteless thing made-up by the Jewish and Christian world. Take gold from their hands and give them paper. What paper?! Why doesn't the Pope tell the people of Europe? Prophet Jesus, did he use gold? Ala Nabiyyina wa Alayhi salatu wa Salam. Wherever he stepped, if he wanted he could have had a camel's load of gold. Jesus and all other Prophets

too. The Sultan of Prophets... our Master (sws), because he didn't eat for 2-3 days, he tied a stone over his holy stomach. Once he was visiting mount Uhud. Behind him he heard something flowing, and he looked -Mt Uhud had become gold and was flowing after him like a river. He looked at it (gold)with hatred. O blessed one, I am not in need of you. Stay where you are. And that is why below that mountain is gold.

Those collecting gold, let them go and collect from the bottom of the mountain. Prophet Jesus neither held gold nor silver in his hand. O Christian world, he gave and didn't take. He gave. From where did he give? He gave from Allah's (swt) treasures. And those foolish ones, they said to the Great Prophet Jesus: "will He send down a dinner table?" O you who are slaves to your stomach, whose only worry is your stomach, foolish people, what do you think about a dinner table brought down from heavens? A table from heavens, fish, pickles, bread... Is this what you want? What do you want? You already have everything on earth. The disciples didn't know what to request from heavens. Leave them & come to Me, it was said. They don't understand anything else. In their hearts is gold. They are useless for you. Come to Me and leave them.

He left them and the world of Christianity became mixed up & confused. And they are still in that confusion because satan has taken them under his own control. It's been 100 years, satan said: keep the gold, and give the people paper so their system will be destroyed. In world history from beginning up to today, leaders/ rulers... made gold coins with their names on them. That means the older ones are smarter than these mindless people of today. Change it - get rid of paper and bring gold. Economic crisis? No economic crisis will remain. Everything depends on gold. Gold is valuable. No one wants to waste gold. They don't want to waste it. But paper... they say: press the button and get your money. Is this money? By pressing a button you get money?

There are satans who have made humanity disgraceful. They made humanity disgraceful. After the first world war, after the second world war, from the beginning of the 20th century until now. That was satan's plan. Take the gold from the people. Put it in a safe, give them a piece of paper - this paper is equal to gold. Satan is the one teaching this because satan knows that... people won't spend gold. Since paper has no value, they can spend as they like. And this is the economic crisis of today. This is the invention of the children of Israel and... the rule that foolish Christians are implementing. However, the Ottomans... may they rest in heaven, Sultan Abdul Hamid, the

castle of Islam, during his time there was Hamidi gold and after him Sultan Rashad... Rashad gold was being made. After that they got rid of it. They stole it, got rid of it, whatever (...) they did, and they gave the people paper.

What is written on it? 5 Lira, 10, 100, 200. But they couldn't write 1,000. Well, why don't you write 1,000 also? Because Europe doesn't have that. Americans are more smart. They didn't make anything higher than 100 dollars. They said, 100 dollars is enough. Anything more will make us bankrupt. Look at satan, that low one who went against Allah (swt), look what he said. O scholars of Egypt, Azhar scholars, Sham scholars, what did satan say to Rabbul Izzah? He was standing shamelessly, wearing the ring of damnation/ curse, and said: the same way that You made me go astray, I will also make Your servants go astray. Every satanic idea that doesn't come to their minds, I will teach it to them and they will be in such a situation that there's no way out. Neither their smart ones nor crazy ones can find a solution. Satan made this vow. And without shame, it stood against Rabbul Izza and did what it said.

They are running after satan. It said to take the gold from people. It said this to those worshiping gold. Who are they? They are the children of Israel because they worshipped the golden calf. Prophet Moses (as) was shocked. What are you doing?! We are worshiping this, they said. How can that be? What does it have, what does it say? Moo, it says. So you became so attached to this sound? Yes Moses, they said. This calf that says moo. It can't speak anything else but it is made from solid gold and we're worshipping the gold, not the cow. We are worshipping the metal. That is why they have the 7 candles (hanukkah). They put it on the calf's forehead. And they still continue with that mentality. They have that ambition... they shouldn't get offended. The children of Israel, they worshipped the calf and made Moses (as) angry.

You left Allah (swt)... What does this thing do for you? What does it order you to do? This calf... Don't look at the 'moo' sound it makes, look at how shiny it is O Moses. We aren't looking at its shape, we're looking at its glow. It is gold. And we worship gold. And they still do. Children of Israel left the Torah and started to worship the golden calf. They are the nation that worships gold. And satan has made all nations like that. It gave an order... to those worshiping the calf: collect all the gold so it will be yours. Give other nations paper, because they are stupid. They are ones who can't tell difference between paper & gold. Give them paper and take gold. They're collecting gold and our foolish ones collect paper. And then what? They say the whole world is in

crisis. What crisis? What is this crisis? Didn't you hear the other day, one person had a heart attack. He couldn't breathe and it was finished. This is a crisis (attack).
They are making people in this situation, to be in crisis. Take the gold from them. They did that and all people are hungry, jobless, and without power. They don't know what to do. They all became disgraced. The Arabs have loads of gold but it has no value to people. Children of Israel are controlling the whole world from a hand size of land. Let someone say: they don't (control the world). If someone says that they will bury him in the ground where Israel is. Allah (jj) is Great. Don't fight with Allah (jj). Keep what Allah (swt) considers valuable. Throw away what is not. This is the main affliction/ curse that is affecting our world today. Satan took and made them take away the valuable thing, because their teacher is satan. Take the gold, give them paper. Let them become upside down. Let them fall into unsolvable problems, economic crises. There was no such thing before. It is a new thing. Why? Because people don't have any gold in their hands. They have paper. And now paper is not accepted any more.

The whole world is upside down. They say we will start a war. You can't. You need gold to have a war. Since the gold was taken from you you are like a cannon without its trigger, Haji Mehmed. There is a trigger, when you pull it, the cannon explodes. And now these people are shouting and yelling - We will fight. It is all lies. Instead of fighting - since you claim to be a 'man' - make gold coins. No we can't. Then what do you do? We make paper money, and cheat the people. And now they can't even give people paper money. Someone told me: O Sheikh, this is paper. It is not printed by only one government. In each country there are so many machines to print paper money, countless machines. Everyone takes their money to the bank without asking. Is there anything in return for this money we're giving? No. satan said: O mankind, because of you I lost my position. And I will put you in such situations that you will regret what you did. satan despises mankind. The ones he hates the most are people. He doesn't like them. Because of you I lost my rank. And I will do what I want to you.
Get rid of all these satanic rules and laws. Bring back gold. O people, you will not flourish any other way. Or else you will finish each other off by wars. O Shah Mardan, Sahibi Maydan, Ay Yaran Shah Mardan. How nice you expressed it. Prophet Jesus (as), did he carry paper in his hand? Prophet Moses (as), did he carry gold in his pocket? What is this you are doing? Things

the mind doesn't accept, things wisdom can never accept, these are what you are running after. We will rule this world. You can't! Without gold, you cannot manage the world. Without gold, you cannot fill peoples' stomachs. Without gold, countries will not flourish. Without gold, enmity won't end. You must bring back gold. It is a valuable that Allah (swt) sanctified. Kiss it, put on your forehead, then put it your pocket. Allah sanctified gold, Allah (swt) dressed gold with such a value. You threw away the most valuable thing. The whole world is playing with paper.

Okay, go ahead and go to war. If Russia is man enough to enter war, if China is man enough, let them enter war, and those Koreans. What will they do? Kill people and destroy countries. Is this humanity? Did history ever mention this type of humanity? What kind of people are you? What is this savagery? You have no lights on your face.

O Shah Mardan, today is Friday. Our Friday sermon has come down strong. Pay attention to the Friday sermon. O kings. At least every Friday make a ceremony. On the balcony of your palace or down on the grounds. The Ottoman Sultan would come out in front of the palace. They would put his throne there and he would give charity - the Sultan would give. He wouldn't enter his palace without giving. Which Sultan is left now? All of them are piling up the gold, hiding it. This isn't according to Islam, nor is it according to Allah's pleasure, Hasha.

O Shah Mardan, O Lion of Allah (swt). We are your Yaran, we are the ones who love you. We are under your sword. Your sword is the one that protects the innocent, oppressed people. Your sword will strike the heads of those who oppress the innocent. Your Dhul Fiqqar, O Shah Mardan, Alayhi Ridwanur Rahman, wa min Allahi Tawfiq Ya Rabbi. By the blessing of this holy Friday - look at who is making me speak. Or you will not reach Rajab. Your gold won't save you. Your planes, cannons, and other things won't save you either. Say Allah! Go ahead, O Shah Mardan. Say Allah and hold your sword. A sword is enough. You don't need tanks or cannons. Those hiding behind cannons and tanks - Shah Mardan's Dhul Fiqar will cut their heads. Beware O Alawi and Shia. They are watching. Whoever crosses the limit, Shah Mardan will show them; he showed and will show them. May Allah show us those days too.

O Azhar scholars, o leaders of Islamic meetings, look at what we are saying. Otherwise, Shah Mardan is not joking, you won't make it to Ramadan. Pull yourselves together. Give/spend in Allah's way and no one can touch you. Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi Fatiha.

## Die Juma Khutbah

---

Unsere Versammlung ist die Versammlung der Anbetung. Es ist verpflichtend, Rabbu l-`Izzah zu lobpreisen. Zu verherrlichen, zu lobpreisen, zu rühmen, zu heiligen - es ist unsere Pflicht, das zu tun. Nennen wir den Namen unseres Herrn. Stehen wir auf! Allahu Akbar, Allahu Akbar, Allahu Akbar wa Ajal. As-Salamu `alaykum Ayyuha l-Hadirun, Anwesende. Jene, die in unsere bescheidene Versammlung kommen, Yaran, Sahibu l-Maydan, Shah Mardan, jene, die in seiner Versammlung anwesend sind, willkommen. Möge unser Tag angenehm sein, möge unsere Arbeit angenehm sein. Möge unser Gesicht weiß und unsere Herzen rein und ohne Beschwerden sein. Wir hoffen, nicht weit weg gehalten zu werden von der Versammlung jener Diener, die in der Gegenwart Allahs (swt) anerkannt sind. Sagen wir: As-Salamu `alaykum, Ay Yaran Shah Mardans. Was für schöne Macht wir empfangen. Was immer wir empfangen, was immer wir uns wünschen, wird Allah Dhu l-Jalal uns geben. Seht auf euere Versammlung, wie ist sie? Wofür ist euere Versammlung? Sahibu l-Ata, Shah Mardan, jetzt..

Heute ist Freitag. Die Glücklichen und die Gläubigen, dies ist der Tag, mit dem sie glücklich sind und den sie feiern, ein heiliger Tag und der heiligste Tag auf dieser Welt. Yawmu l-Jumaa - Freitag. Selbst im Jenseits ist der ehrenwerteste Tag für die Gläubigen der Freitag. Jeder Prophet hat einen Tag. Im Jenseits gibt unser Prophet (saws) eine Einladung. Sie ist am Donnerstag. Donnerstag. Die übrigen Propheten fangen vom Ende an. Beginnend mit dem Propheten Adam (as), haben die größten Propheten, ihrer Ehre auf der Erde entsprechend, eine Regelung im Jenseits, und jeden Tag ist ein Prophet Allahs (swt) ausgezeichneter Diener. Genauso wie sie einen Tag auf der Erde haben, haben sie auch im Jenseits eine Einladung ihrem Tag gemäß. Freitag, Freitag ist reserviert für Allah Dhu l-Jalal wa l-Jamal. Es ist Sein Tag, um einzuladen. Der Rang von Haziratu l-Quds ist Allahs (swt) Dienern gegeben, die das Paradies verdienen. Jene im Paradies.. Das ist Allahs (swt) Tag, um einzuladen. Allahu Akbar. Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Ay Shah Mardan, Sahib Maydan, Sahib Ridwanu l-Haqq. O Shah Mardan, das Feld ist dein. Die besonderen Eigenschaften, die dir gegeben wurden, Macht, Majestät, Wissen, niemand

sonst hat diese Tugenden. Deshalb .. seine Versammlung.. Yaran Sahibu l-Maydan, Sahibu r-Ridwan, Shah Mardan. As-Salamu `alaykum wa Rahmatullahi wa Barakatuhu. Mögen Salam und Segnungen Allahs (jj) auf euch sein. Ya Rabbi, beraube uns nicht. Heute ist der große und majestätische Freitag. Der Tag, an dem die Gläubigen freudig sind, der Tag, an dem sie ehrenwert werden, der Tag, an dem sie das Gewand des Paradieses tragen. Wer immer am Freitag neue Kleider trägt, die werden zum Gewand des Glücks, zum Ehrenkleid. Dieser Mensch wird ehrenwert.

Bitte komm, Ay Shah Mardan, das Feld ist dein. Und er kommt. Ay Yaran, o unsere Geliebten. Hz Ali (ra) ibn Abi Talib. Womit begann er? Bismillahi r-Rahmani r-Rahim. Er sagte: Allahu Akbar. Es wurde gefordert, daß Könige, Prinzen, Präsidenten jeden Morgen Gulbanki Muhammad rezitieren, auf ihre Balkons gehen, um eine Salamlik Zeremonie zu machen, auf einen hohen Platz gehen und mit der Gemeinschaft sagen: Allahu Akbar, Allahu Akbar, Allahu Akbar, Allahu Akbar, La ilaha illa Allah, Sayyidina Muhammadu r-Rasulullah. Dieses Gewand wird uns jeden Tag angezogen. Wir haben keinen Verstand. Diese Zeremonie muß jeden Tag gemacht werden. Deshalb wünschte ich, nach dem Morgengebet hier auf offenes Feld hinauszugehen und Gulbanki Muhammadi zu sagen und das Takbir zu sagen. Allahu Akbar. Sie werden in das Gewand der Ehre und Größe gehüllt werden. Und Allah wird uns auch bekleiden. Dieser Dienst wird von Königen gefordert. Nun, der König kommt und setzt sich. Sie bringen ein Stück Papier vor ihn. Warum bringen sie es? Sie bringen Dinge, die mit der dreckigen Dunya zu tun haben. Sie bringen nutzlose Dinge, und der König guckt so.. Entweder unterzeichnet er es oder weigert sich. Vor dieser Zeremonie ist eine andere Zeremonie. Die Könige sollten es wissen. Prinzen sollten es wissen, jene, die beanspruchen, Oberhäupter, Präsidenten zu sein, sollten es auch wissen, weil jeden Morgen die Osmanischen Sultane für Gulbanki Muhammadi auf ihrem Thron vor dem Palast saßen und Gulbanki Muhammad zuhörten. Allahu Akbar, Allahu Akbar. Mögen unsere Armeen alle siegreich sein! La ilaha illa Allah, Muhammadu r-Rasulullah (saws).

Als Verherrlichung laßt uns Takbir sagen. Die Arbeit der Dunya ist Abfall. Derjenige, Der dich auf den Thron setzte, was will Er von dir? Weil Er dich auf den Thron setzte, stehst du jeden Morgen auf und vollführst diese Zeremonie, genannt Gulbanki Muhammadi. Und sage: Allahu

Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Allahu Akbar Kabira wa l-Hamdulillahi Kathira wa Subhan Allahi Bukratan wa Asila. So wird das Gewand der Mächtigkeit dir angetan am Morgen. Gibt es irgendeinen Prinzen, König, Präsidenten, der hinausgeht ins Freie und sagt: La ilaha illa Allah, Sayyidina Muhammadu r-Rasulullah? O unser Herr, Du gewährtest uns Deinen Habib, dessen Herrlichkeit die höchste ist. Wir senden Salat und Salam ihm, o unser Herr. Wir werfen uns nieder und beugen uns in Deiner Gegenwart. Schnell, werft euch nieder! Sie sollten schnell vom Thron herabsteigen, sich vor Allah niederwerfen und keine Furcht haben. Kommt euch das in den Sinn? Sie machen Zeremonien. Welchen Wert haben euere Zeremonien, wenn ihr Allah vergessen habt oder wenn ihr vergeßt, Allahs Geliebten zu preisen? Welchen Wert habt ihr? Dann solltet ihr Takbir machen von den sieben Minaretten der Kaaba. Allahu Akbar, Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd wa Sayyidina Muhammad (saws). Zidhu ya Rabb, Zidhu ya Rabb, Zidhu ya Rabb. `Izzan wa Sharafa, Nuran wa Surura wa Ridwanan wa Sultana.

Zieht euere Schwerter, alle Könige haben Schwerter in der Hand. Zieh dein Schwert, so daß es wie der Blitz zuckt. O Sultan von Saudi Arabien, König und Prinzen, dies ist eine Zeremonie, dies ist was sich für euch geziemt. Macht euch nicht schick und kommt am Vormittag heraus. Nein! Dies ist die Zeremonie nach dem Morgengebet. Für jede Zeremonie werdet ihr bezahlt. Es ist nicht ohne Bezahlung. Wenn ihr in der Verherrlichung eueres Herrn steht, wird Er befehlen, euch in das Gewand der Mächtigkeit und Majestät zu kleiden. Ihr werdet keine Wache und keine Armee brauchen. Bekleidet Meinen Diener mit Mächtigkeit, so daß wer immer ihn ansieht, erzittert. O Shah Mardan, mach weiter, sprich. Ich spreche, sagt er. Shah Mardan, weil "Bal Ahya'un `inda Rabbihim Yurzaqun" - Doch sie leben bei ihrem Herrn und werden dort versorgt (3:169). "Wa La Taqulu Liman Yuqtalu fi Sabili Allahi Amwatun" - Und nennt nicht diejenigen, die auf Allahs Weg getötet wurden, Tote (2:154). Ja, das ist Allahs Befehl für den, der sein Schwert zieht auf dem Weg Allahs. Zieh dein Schwert, o muslimischer König, o Könige der Muslime, zieht es und sagt: Unser Schwert ist hier. Wir schlagen jeden, der gegen uns kommt. Wir werden sie vernichten. Wir brauchen keine erfundenen Waffen von denen, die nicht zu uns gehören. Unser Schwert ist genug für uns. Steht auf und geht ein wenig so herum am frühen Morgen. Sagt nicht: Mein Kopf wird schwindelig, mein Bauch tut weh. Betretet das Feld. Das ist, was die Osmanen

sagten. Was sagten sie? Kiymaz isen base cane. Geri dur girme meydane. Es heißt: Wenn du nicht dein ganzes Sein Allah unterstellst, dann steh zurück. Du wirst als Abfall betrachtet, du hast keinen Wert. Wie heißt es dann? Wenn du es nicht ertragen kannst, den Tod zu sehen, geh nicht aufs Feld. Es wird so viele Geköpfte auf diesem Feld geben, das könnt ihr euch nicht vorstellen. Steht auf für Allah (jj)! Erschreckt die Ungläubigen! Erschreckt die, die Shaytan verehren. Islam hat ein Schwert. Neben dem Schwert des Islam sind euere Waffen wertlos. Mächtigkeit kommt. Shah Mardan ist voll Mächtigkeit heute, am Freitag.

Tut das, dann tut Ihsan, Wohltätigkeit. Tut Gutes. Sie haben Haufen von Gold und Silber. Ihre Ladung ist Gold und Silber. Bevor ihr in eueren Palast hineingeht, o Könige, befehlt, daß dieses Gold und Silber verteilt wird an die, die es verdienen. Hay hay. Das ist die Ehre des Islam. Warum schließt ihr es weg? Warum tut ihr es in Banken und versteckt es? Damit sie es über eueren Kopf schütten, wenn ihr im Grab seid? Nein. Wenn ihr nicht gebt, schütten sie euch etwas anderes über den Kopf, und es wird euch nicht gefallen. Allahu Akbar, Allahu Akbar. Heute ist Freitag. Der König sollte selbst hochgehen und die Freitagspredigt halten und guten Rat geben. "Inna Allaha Ya'muru Bil Adli wal Ihsani wa Itai Dhi l-Qurba wa Yanha" - Wahrlich, Allah gebietet, gerecht zu handeln, uneigennützig Gutes zu tun und freigebig zu sein (16:90). Sie alle lesen diese heiligen Verse. "Inna Allaha Ya'murukum An Tu'uaddu l-Amanati ila Ahliha" - Allah befiehlt euch, die anvertrauten Güter ihren Eigentümern zurückzugeben (4:58). Es gibt auch diesen heiligen Vers. Alle Könige kennen ihn. Er lautet: Gebt, versteckt es nicht drinnen. Die Leute laufen auf den Straßen wegen eueres Geizes. Was nennen sie einen Geizhals? Knauserig. Ein Geizhals ist so: Zugeschnürt. Könige sind so, halten es in der Hand, lecken es von hier und dort, Seid nicht so! Euere Hand sollte so sein (offen). Und euer Schwert an der Seite und euer Gold in der Hand. Verteilt das Gold, fürchtet euch nicht. Es wird sich nicht vermindern. Die Menschen gehen heutzutage hungrig auf den Straßen herum. Warum versteckt ihr es?

Das ist die Morgenzeremonie. Hay hay. Dies ist Shah Mardans guter Rat und seine Anweisungen. Fürchtet euch nicht. Sadaqa, Almosen zu, geben, hält Schwierigkeiten von euch fern. Oder sonst wird ein Flugzeug abstürzen oder Autos zusammenstoßen und ihr werdet getötet. Das Schiff sinkt und ihr sterbt, ohne etwas tun zu können. Hört zu, dies ist eine Freitagspredigt. O

Könige, vollzieht diese Zeremonie, die Morgenzeremonie. Steht auf, sagt Takbir für Allah (swt). Allahu Akbar, Allahu Akbar, Allahu Akbar, Allahu Akbar wa Ajal Wa Azamu Ajal wa Akbar, unser Herr. Warum habt ihr Angst? Jedes Unheil und jedes Problem wird weit weg von euch sein. Sagen wir es diesen Muslimkönigen, den Königen und Prinzen der Muslime. Die außerhalb des Sultanats sind Bettler. Sie haben Gehälter. Sie bekommen Gehälter, um ihren Job zu tun. Sie haben keinen Wert. Die mit Wert halten Gold in den Händen. Die, die Papier halten, sind nichts. Sie sind selbst wie Papier.

Papier, man kann kein Geld aus Papier haben. Das ist eine geschmacklose Sache, von den Juden und der christlichen Welt erfunden. Nehmt ihnen das Gold aus der Hand und gebt ihnen Papier. Was für Papier? Warum sagt der Papst das nicht den Menschen in Europa? Der Prophet Jesus, benutzte er Gold? `Ala Nabiyyina wa `alayhi Salatu wa Salam. Wo immer er hintrat, wenn er gewollt hätte, hätte er eine Kamelladung Gold haben können, Jesus und alle anderen Propheten auch. Der Sultan der Propheten, unser Meister (saws), band, weil er zwei, drei Tage nichts gegessen hatte, einen Stein um seinen heiligen Bauch. Einmal besuchte er den Berg Uhud. Hinter sich hörte er etwas fließen und guckte sich um: Der Berg Uhud war zu Gold geworden und floß hinter ihm wie ein Fluß. Er guckte es voller Haß an. O Gesegnetes, ich brauche dich nicht. Bleib, wo du bist. Und deshalb ist unter diesem Berg Gold. Die, die Gold sammeln, laß sie dorthin gehen und es von unter dem Berg holen. Der Prophet Jesus hielt weder Gold, noch Silber in der Hand. O christliche Welt, er gab und nahm nicht. Er gab. Von wo gab er? Er gab von Allahs (swt) Schätzen. Und diese Dummköpfe sagen zu dem großen Propheten Jesus: Wird Er einen Essenstisch herabsenden? O ihr, die Sklaven ihres Magens sind, deren einzige Sorge ihr Magen ist, dumme Leute, was denkt ihr über einen Essenstisch von den Himmeln? Ein Tisch von den Himmeln, Fisch, Essiggurken, Brot.. Ist das, was ihr wollt? Was wollt ihr? Ihr habt schon alles auf Erden. Die Jünger wußten nicht, was sie von den Himmeln erbitten sollten. Laß sie und komm zu Mir, hieß es. Sie verstehen nichts anderes. In ihren Herzen ist Gold. Sie sind nutzlos für dich. Komm zu Mir und laß sie. Er ließ sie, und die Welt der Christenheit wurde wirr und durcheinander. Und sie sind immer noch in dieser Verwirrung, weil Shaytan sie unter seine Kontrolle gebracht hat. Seit 100 Jahren sagt Shaytan: Behaltet das Gold und gebt den Leuten Papier. So wird ihr System zerstört.

In der Weltgeschichte, vom Anfang bis heute, machten die Herrscher Goldmünzen mit ihrem Namen darauf. Das bedeutet, die Alten waren schlauer als diese hirnlosen Leute heute. Ändert es. Weg mit dem Papier und bringt Gold. Wirtschaftskrise? Keine Wirtschaftskrise wird bleiben. Alles hängt vom Gold ab. Gold hat Wert. Niemand will Gold verschwenden. Sie wollen es nicht verschwenden. Aber Papier, sie sagen: Drück auf den Knopf und nimm dein Geld! Ist das Geld? Indem man einen Knopf drückt, bekommt man Geld? Es gibt Shaytane, die die Menschheit in Schande gebracht haben. Sie brachen die Menschheit in Schande. Nach dem I., nach dem II. Weltkrieg, vom Beginn des 20. Jahrhunderts an bis heute. Das war Shaytans Plan. Nehmt den Leuten das Gold. Tut es in ein Safe, gebt ihnen ein Stück Papier. Dieses Papier kommt dem Gold gleich. Shaytan ist der, der das lehrt, weil Shaytan weiß, daß die Menschen Gold nicht ausgeben werden. Da Papier keinen Wert hat, können sie ausgeben, wie sie wollen. Und das ist die Wirtschaftskrise von heute. Das ist die Erfindung der Kinder Israels und die Regel, die dumme Christen in Kraft setzen.

Die Osmanen, jedoch, mögen sie im Himmel ruhen, Sultan Abdül Hamid, die Burg des Islam, in seiner Zeit gab es Hamidi Gold und nach ihm, Sultan Rashad, wurde Rashad Gold gemacht. Danach schafften sie es ab. Sie stahlen es, schafften es ab, was immer sie taten und gaben den Leuten Papier. Was steht darauf? 5 Lira, 10, 100, 200. Aber sie konnten nicht 1.000 schreiben. Nun, warum schreibt ihr nicht auch 1.000? Weil Europa das nicht hat. Die Amerikaner sind schlauer. Sie machten nichts höher als 100 Dollar. Sie sagten, 100 Dollar sind genug. Alles höhere wird uns bankrott machen.

Seht Shaytan an, diesen Niedrigen, der sich gegen Allah (swt) stellte. Seht, was er sagte. O Gelehrte Ägyptens, Azhar Gelehrte, Sham Gelehrte, was sagte Shaytan zu Rabbu l-`Izzah? Er stand ohne Scham mit dem Ring der Verdammnis und sagte: Auf dieselbe Weise, wie Du mich irregehen ließest, werde ich auch Deine Diener irregehen lassen. Jede shaytanische Idee, die ihnen nicht in den Sinn kommt, werde ich sie lehren, und sie werden in so einer Lage sein, daß es keinen Ausweg gibt. Weder ihre Klugen, noch ihre Verrückten können eine Lösung finden. Shaytan tat diesen Schwur. Und ohne Scham stellte er sich gegen Rabbu l-`Izza und tat, was er sagte. Sie laufen hinter Shaytan her. Er sagte, das Gold von den Leuten zu nehmen. Er sagte das denen, die

Gold verehren. Wer sind sie? Es sind die Kinder Israels, weil sie das goldenen Kalb anbeteten.

Der Prophet Moses (as) war schockiert. Was macht ihr? Wir beten dies an, sagten sie. Wie kann das sein? Was hat es, was sagt es? Muu, sagt es. Also seid ihr so verliebt in diesen Laut? Ja, Moses, sagten sie. Dieses Kalb sagt 'Muu'. Es kann nichts anderes sagen, aber es ist aus festem Gold gemacht, und wir beten das Gold an, nicht die Kuh. Wir beten das Metall an. Deshalb haben sie die sieben Kerzen, Hanukkah. Sie taten es auf die Stirn des Kalbes. Und sie haben immer noch diese Denkweise. Sie haben dieses Streben. Sie sollten nicht gekränkt sein. Die Kinder Israels beteten das Kalb an und machten Moses (as) zornig. Ihr habt Allah (swt) verlassen! Was tut dieses Ding für euch? Was befiehlt es euch zu tun? Dieses Kalb, achte nicht auf den Muu-Laut, den es macht, sieh,wie glänzend es ist, o Moses. Wir gucken nicht auf seine Form, wir gucken auf sein Glänzen. Es ist Gold. Und wir beten das Gold an. Und das tun sie immer noch.

Die Kinder Israels ließen die Torah und begannen, das goldene Kalb zu verehren. Sie sind die Nation, die Gold anbetet. Und Shaytan hat alle Nationen so gemacht. Er gab einen Befehl an die, die das Kalb anbeteten: Sammelt alles Gold, damit es euer ist. Gebt anderen Nationen Papier, weil sie dumm sind. Sie sind die, die den Unterschied zwischen Papier und Gold nicht erkennen. Gebt ihnen Papier und nehmt Gold. Sie sammeln Gold und unsere Dummköpfe sammeln Papier. Und dann was? Sie sagen, die ganze Welt ist in Krise. Welche Krise? Was ist diese Krise? Habt ihr anderntags nicht gehört, daß jemand einen Herzanfall hatte. Er konnte nicht mehr atmen und war erledigt. Das ist eine Krise. Sie bringen die Menschen in so eine Lage, damit sie in Krise sind. Nehmt ihnen das Gold! Sie taten es, und alle Menschen hungern, haben keine Arbeit und keine Macht. Sie wissen nicht, was sie tun sollen. Sie kamen alle in Schande. Die Araber haben massenhaft Gold, aber es hat keinen Wert für die Menschen. Die Kinder Israels kontrollieren die ganze Welt von einem handgroßen Land aus. Soll ruhig jemand sagen, sie kontrollieren die Welt nicht. Wenn jemand das sagt, werden sie in der Erde begraben, wo Israel ist. Allah (jj) ist Groß. Kämpft nicht mit Allah (jj). Bewahrt, was Allah (swt) als wertvoll erachtet. Werft weg, was nicht so ist. Das ist der Hauptfluch, der unsere Welt heute bestimmt. Shaytan nahm und ließ sie das wertvolle Ding wegnehmen, weil ihr Lehrer Shaytan ist. Nehmt das Gold, gebt ihnen Papier. Laßt sie Kopf stehen. Laßt sie in unlösbare Probleme fallen, in Wirtschaftskrisen. Es gab so etwas

noch nie vorher. Es ist etwas Neues. Warum? Weil die Menschen kein Gold in der Hand haben. Sie haben Papier.

Und jetzt wird Papier nicht mehr akzeptiert. Die ganze Welt steht Kopf. Sie sagen, wir beginnen einen Krieg. Das könnt ihr nicht. Ihr braucht Gold, um einen Krieg zu haben. Da euch das Gold genommen wurde, seid ihr wie eine Kanone ohne Abzug, Hajji Mehmet. Es gibt einen Abzug, wenn ihr ihn abdrückt, explodiert die Kanone. Und jetzt schreien und brüllen diese Leute: Wir werden kämpfen. Es sind alles Lügen. Statt zu kämpfen, da ihr behauptet, Männer zu sein, macht Goldmünzen. Nein, können wir nicht. Was macht ihr dann? Wir machen Papiergeld und betrügen die Leute. Und jetzt könnt ihr den Leute nicht mal Papiergeld geben. Jemand sagte mir: O Shaykh, dies ist Papier. Es wird nicht nur von einer Regierung gedruckt. In jedem Land gibt es so viele Maschinen, die Papiergeld drucken, unzählige Maschinen. Jeder bringt sein Geld zur Bank, ohne zu fragen: Gibt es einen Gegenwert für das Geld, was wir geben? Nein. Shaytan sagt: O Menschheit, wegen dir verlor ich meine Stellung. Und ich werde euch in so eine Lage bringen, daß ihr bereut, was ihr getan habt. Shaytan verachtet die Menschheit. Die er am meisten haßt, sind Menschen. Er mag sie nicht. 'Wegen euch verlor ich meinen Rang. Und ich werde mit euch machen, was ich will.'

Macht euch frei von all diesen shaytanischen Regeln und Gesetzen. Bringt das Gold zurück. O Leute, ihr werdet auf keine andere Weise erfolgreich sein. Sonst werdet ihr euch gegenseitig erledigen in Kriegen. O Shah Mardan, Sahibi Maydan, Ay Yaran Shah Mardans. Wie schön du es ausgedrückt hast. Der Prophet Jesus (as), trug er Papier in der Hand? Der Prophet Moses (as), trug er Gold in der Tasche? Was ist das, was ihr tut? Dinge, die der Verstand nicht akzeptiert, Dinge, die Weisheit nie akzeptieren kann, das ist das, hinter dem ihr herlauft. Wir werden diese Welt regieren. Ihr könnt es nicht. Ohne Gold könnt ihr diese Welt nicht bewältigen. Ohne Gold könnt ihr die Mägen der Menschen nicht füllen. Ohne Gold werden die Länder nicht aufblühen. Ohne Gold wird die Feindschaft nicht enden. Ihr müßt das Gold zurückbringen. Es ist ein Wert, den Allah (swt) geheiligt hat. Küßt es, tut es euch auf die Stirn, dann tut es in die Tasche. Allah heiligte das Gold. Allah (swt) bekleidete Gold mit solchem Wert. Ihr warft das wertvollste Ding weg. Die ganze Welt spielt mit Papier. Okay, macht weiter und zieht in den Krieg. Wenn Rußland

Manns genug ist, in den Krieg einzutreten, wenn China Manns genug ist, laßt sie in den Krieg eintreten, und diese Koreaner. Was werden sie tun? Menschen töten und Länder zerstören. Ist das Mensch-Sein? Hat die Geschichte jemals dies Art Mensch-Sein erwähnt? Was für Leute seid ihr? Was ist diese Wildheit? Ihr habt kein Licht auf den Gesichtern.

O Shah Mardan, heute ist Freitag. Unsere Freitagspredigt ist stark herabgekommen. Achtet auf die Freitagspredigt. O Könige, macht wenigstens jeden Freitag eine Zeremonie. Auf dem Balkon eueres Palastes oder unten auf dem Boden. Die Osmanischen Sultane kamen heraus vor den Palast. Sie stellten seinen Thron dorthin und er gab Almosen, der Sultan. Er ging nicht in den Palast, ohne zu geben. Welcher Sultan ist jetzt noch da? Sie alle häufen das Gold auf, verstecken es. Das ist nicht in Übereinstimmung mit dem Islam, noch mit Allahs Wohlgefallen. Hasha. O Shah Mardan, o Löwe Allahs (swt), wir sind deine Yaran, wir sind die, dich dich lieben. Wir sind unter deinem Schwert. Dein Schwert ist dasjenige, das die unschuldigen, unterdrückten Menschen schützt. Dein Schwert wird die Köpfe jener abschlagen, die die Unschuldigen unterdrücken, dein Dhu l-Fiqar. O Shah Mardan, `alayhi Ridwanu r-Rahman wa min Allahi Tawfiq ya Rabbi. Bei dem Segen dieses heiligen Freitags seht auf den, der mich sprechen läßt. Oder ihr werdet Rajab nicht erreichen. Euer Gold wird euch nicht retten. Euere Flugzeuge, Kanonen und andere Dinge werden euch auch nicht retten. Sagt Allah. Mach weiter, o Shah Mardan. Sagt Allah und haltet euer Schwert. Ein Schwert ist genug. Ihr braucht keine Panzer oder Kanonen. Jene, die sich hinter Kanonen und Panzern verstecken, Shah Mardans Dhu l-Fiqar wird ihre Köpfe abschneiden. Hütet euch, Alawiten und Schiiten. Sie beobachten euch. Wer immer die Grenzen überschreitet, denen wird es Shah Mardan zeigen. Er zeigte und wird zeigen. Möge Allah uns diese Tage auch zeigen. O Azhar Gelehrte, o Führer der Islamtreffen, guckt, was wir sagen. Sonst, Shah Mardan macht keine Scherze, werdet ihr den Ramadan nicht erreichen. Reißt euch zusammen. Gebt auf Allahs Weg und niemand kann euch anrühren. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi. Fatiha.

## Justice & May the 1st

Rabbul Izza, our Mawla who created us, Let's stand up for Him, Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-hamd.
Assalamu Alaikum wa Rahmatullahi wa Barakatuhu. How nice. Let's say: Bismillahi r-Rahmani r-Rahim. The key to every goodness. Let's say: Bismillahi r-Rahmani r-Rahim. And the doors of paradise open with: Bismillahi r-Rahmani r-Rahim. And the doors of heavens open with - Bismillahi r-Rahmani r-Rahim. Masha'Allah LaQuwwata illa Billah.
Go ahead (speak), O' Shah Mardan, the ones who love you want to listen to you. Go ahead, O' Lion of Allah, Shah Mardan, give us advice. Let's listen to you and feel refreshed. Today is Friday. And the most honorable day in this world is Friday, and the most honorable day in the hereafter is also Friday. Assalamu Alaikum Ay Yaran Shah Mardan Masha'Allah, go ahead. Go ahead, O' Shah Mardan. Those keeping love and respect for him in their hearts, go ahead, listen to what Shah Mardan is saying. He speaks goodness. First, he says: Bismillahi r-Rahmani r-Rahim. Before saying that, nothing you say is acceptable. Today is Friday, Yawmul Jummah. The celebration day for believers. The most honourable day in dunya and akhirah... the most honourable day is Friday. Go ahead O Shah Mardan, Your Yaran, let's listen to the jewels you will present them. Today is Friday. Shah Mardan is addressing... all the people.
O people! Return to your humanity! Return to humanity! What have we become that we need to return to humanity? Satan vowed to make people satans, "I will make mankind... like me... I will make them satans". Allah: "Fasta'idh Bil-Lahi Mina-sh Shaytani-r Rajimi" (16:98) Allah (jj) is saying. The holy saying from Rasulullah (sws) to us. The order given to Prophet (sws) from Allah (swt) - "Fasta'idh Bil-Lahi Mina Ash-Shaytani Ar-Rajimi". We are seeking refuge... from the dirty, cursed satan. Why? Satan made a vow - I won't stop until I make you like me. Aman ya

Rabbi, we seek refuge in You. Satan was stoned, the angels threw stones at him. They threw him, kicked him out... from heavens to earth. And satan vowed - I will make mankind... even worse than me. And for protection against satan, Allah (swt) said to all Prophets - "Fasta idh Bil-Lahi Mina Ash-Shaytani Ar-Rajimi" Seek refuge in Allah, and be far from... the evil of the cursed satan, because... satan's only aim, purpose... is to make people satans. Satan says - I have no other work to do, I don't want any titles, neither Sir nor Pasha, except I will make Sirs, Pashas... kings... I will make them just like me. I am full of arrogance. Arrogant. I am... the worst enemy for people. Since they are the reason I was kicked out from the door. This is my job. I will make mankind like me... to be kicked out from the council of Haqq. Let as many Prophets as you want come, but I will still work hard to make people... become like me. Allah (swt)... sent 124,000 Prophets. Why? And the seal of Prophets (sws) also came. The Prophet of the last days, Sultanul Anbiya (sws), Alfu alfu Salat, alfu alfu Salam alaika ya Sayyidal Awwaleen wa-l Akhireen.
Go ahead, O Shah Mardan, your Yaran are listening. O' those who truly accept... Shah Mardan. Those who say, we are on his way. Listen. Satan will sweep them away. I won't leave these people, I will make them like me, it is saying. I will make the whole world satans, from top to bottom. It promised, it made a vow, mankind who were the reason... I was kicked out from the door of Haqq. And I will make them... like me, even worse than me. This is my job, satan is saying. In order not to let people see any goodness, I will teach them every evil. I will teach them every badness. And the very first thing I will teach them... is oppression. Oppression. Allah (swt) is saying - I have made oppression haram (forbidden). Don't oppress one another, He is saying. And satan vowed, it said - I will make them so overwhelmed from oppressing one another, and mankind will be so overwhelmed, they won't know their world nor their hereafter. (Don't sleep)! I will complete my job. Mankind... was the reason for me to be kicked out of paradise. And I will... make them to be banished from the door of Haqq.
We seek refuge in Allah and: "Fasta idh Billahi Min Ash-Shaytan Ar-Rajim". In the book that Allah (swt) sent down to the Prophet, it says: Seek refuge in Me from satan's evil. Allah (swt) said: Get out! Leave my presence, you rude, shameless, you dirty creation that... brings together all types of disbelief, get out of my presence! If anyone follows you, I will kick them out too. Asta'idhu bil-Lahi "Inna Allaha Yamuru Bil'Adli Wallhsani"(16:90). Right? Allah (swt), is first ordering justice. "...Idilu..." (5:8), be just, and everything will be fixed. Once you leave justice, all

satans come on you, they make you forget your humanity, and make you satan like them. "Idilu." (5:8). Be just, keep justice. What is the balance for justice? It is for people to recognize their Lord, and to accept servanthood for their Lord, O' our Lord, we are Your servants, to say this and... present their servanthood to their Lord. What Allah (swt) wants - "Wama Khalaqtu-j Jinna Wa-l Insa Illa Liya'buduni" (51:56). I created you for my servanthood. I didn't create you for dunya. But satan is saying - "look at dunya, don't look at the one who created you. "Look to dunya, enjoy yourself". Satan is saying - "every satanic thing is good for you. "If you become like me, the world will open for you. "Whatever you want, you can find it in dunya. "Or else you can't find it". That is why satan stood in front of every Prophet that was sent. Prophets invited people to Allah (swt). Satan said - don't believe, Listen to me, come to my way, and enjoy this world. It is saying - listen to me, take me as your example. If you do what I do, you will be free. You can do everything. Don't worry about halal (permissible) & haram (forbidden). Just go, this is my way.

One person was asking - Which sect/group are you from? They answered: Kullu Mazhab Yazhab - We follow all mazhab/ groups. Our group... doesn't matter, they are all our groups. Dirty, clean, halal, haram... we don't care. You see, their teacher is satan. Satan is saying - do whatever you want and don't fear. Enjoy your life on earth. Then what happened? They listened to satans, and the situation of today has occured. The people of today are not thinking about the fact that... the honor of mankind is above that of angels. They are running after satan, and those who follow satan... they become lower than animals, they become satans. One order by Allah (swt), there is one order brought down by all Prophets - "Idilu" (5:8) did you understand? "Idilu." (5:8). Keep justice. If you keep justice, your world will flourish, and your hereafter will flourish. If you don't keep justice... this world will be a hell, and in hereafter you will be in hell. Nowadays, the whole world is following after... satan and its teachings. Principle of satan. Principles of diabologue. The principles people are following. Diabologue is a name of satan, a famous name. Those applying (satan's principles) become satans. They have no peace, they will crush each other, they will overwhelm each other with oppression, and they won't show respect to one another, they will run over each other. This is the teaching of satan, diabologue.

What is Allah (swt) saying - "Idilu"(5:8) Keep justice. Aman ya Rabbi, Aman ya Rabbi. Keep justice or else... My Divine justice will crush you. With My Divine justice... you won't prosper in

dunya or akhirah. You will be banished ones. You must keep my Divine justice. What is Divine justice? Ati kulli dhi haqqin haqqa. And this is from beginning to end... the unchanging order that all Prophets came to inform. Ati kulli dhi haqqin haqqa. Give the rights to those who deserve it. Your rights are for you. You cannot take my rights. But what satan is teaching - no one else has the right, it is only your right, that means... what satan wants - I want everything for myself. When it saw Prophet Adam (as), it became angry. It was surprised - everything was going to be mine, where did he come from? Satan became afraid, it wasn't ashamed that the rank given to it by Allah (swt), that rank was suitable for him. The rank given to Prophet Adam is different. Prophet Adam (as) was above him. "No I will be above", it said, and was banished from Allah's door. This is the job of the people of today. There is no "Idilu". No one is keeping justice. Whoever has power, he says, "I have the justice". I can crush and run over you. This is not humanity. This is satanic, it is satan's way.

Go ahead, O' Shah Mardan, draw your Dhul Fiqqar. Strike those who belong to these groups. Anyway, the people with this type of mentality (satanic), in order to finish each other off, they are... they are prepared for this (killing). Satan is saying- you are better, and to other ones it is saying - You are better. What you are doing is right, but those other ones are wrong. And satan is making some people to celebrate May 1st, like crazy ones. What do they call it? Worker's Day. Whose workers are you? You don't know whom we are workers for? For satan. Ha! So this May 1st is for satan's workers. Who did you work for that you will have a Worker's Day? What did you gain that you will have a holiday today? They say - we worked for satan. We worked for satan, let's celebrate on May 1st. Which holiday? Worker's Day. Well, whom did you work for? We worked for satan! We worked for satan. They turned the whole world upside down. May 1st holiday. What holiday?! O' foolish ones! Which Holiday?

Go ahead, O' Shah Mardan, draw your Dul Fiqqar (sword). And the order from heavens - "Idilu" (5:8). Idilu, Fa'tedilu Allah (swt) is saying - Keep justice. Are they keeping it? No. They say to workers - I am to rule this world. And the ones pulling their ropes, thay say - don't interfere with us. There are those tied to rope, and there are those who pull the ropes. There are those who pull the rope, and those who just hold the rope. Satan has made some people to be animals for other people. It isn't May 1st Worker's Day, no... It is Porter Day, Animal Day. What did you

gain? What did you gain from working? Well, we are celebrating. How much money do you have in your pocket? Not even 10 liras. They say - we are bankrupt. This is May 1st holiday, satan's made-up holiday. Those with their pockets full should celebrate. But these ones have nothing in their pockets, and they go out and shout - we are celebrating! Well, what are you celebrating? What did you gain that you are celebrating? Satan is teaching nonsense ways like this. Then it is standing and laughing, now the whole world... has become satan's donkey, animal. It whips them from this side and that side to go wherever it wants. Their hands and palms are empty. Well, what is your job? There's no work. Can there be no work/ jobs in this huge world? It's not that there's no work... there's no one who will work. No one to work. Is there anything on earth more than work? If you step out and walk, you will find some work. But you want to enjoy yourselves.

Go ahead, O' Shah Mardan, your words are jewels, gold. Shah Mardan came out from the deserts of Arabia. He conquered east and west while riding his Duldul (mule). Was there no work? Yes so much work. He didn't stay in Makkah Mukarrama, Madina Munawwara. He said - let's work. Let's move around, let's not just sit around and wait. And let's teach the Divine justice. Allah (swt) is just, and likes justice. His (sws) first order is justice - "Idilu". Keep justice. Are they doing this? No. Everyone wants... to get something without doing anything. They are lazy, they have become used to being lazy. Satan tells them - be lazy, just sit down and... shout & yell, so they can give you. There are beggars, they really don't have anything. But these people are like horses, workhorses, like stallions, strong enough to run around. At least go and bring rocks from the mountain. Bring water from the mountain. You can find everything in the mountains, go and bring them. You will earn something and the people will also benefit. Allah (swt) has adorned this earth with every type of blessing. But people are at coffee shops, clubs... pubs. Shame on them. And that is why the order from... Shah Mardan - Atti kulli dhi haqqin haqqa. Give rights to those who deserve it. Some people take their rights, they take gold, silver. Some people don't search for gold or silver, they expect everything ready to come to them, beat them with a stick so they can come to their minds. There is no laziness in Islam. And there is no laziness in any religion. And there is no oppression in any religion. Oppression is forbidden all over the world.

"Idilu" Allah is saying. O My servants... keep justice. What can we do? The people of today are...

learning from satan. Satan doesn't hope for people to have mercy. O' our Lord, with the blessings of this holy Friday, You sent Your Habib (sws) as a Divine favor to us. Please make it easy for us to hold and follow... the way of Habibullah & Shah Mardan. Give us the power to... execute your Divine justice. Dress us with mightiness. We only want to serve... at your door. We don't want to be servants to anyone else. O' or Lord, everything in heavens & earth belongs to You. The before yesterday was... what they call May 1st, useless rubbish. They have no money in their pockets and they're celebrating. Satan's deception. They are all following satan. They want to have a holiday with fighting and commotion. Well, how much money do you have? Nothing? Then what are you celebrating? This is satan's holiday. Not the holy days of Prophets, it is the holiday of satan. Hit, break, kill, burn, and destroy. This is your holiday. Shame on you. The people of today who have lost the honour of humanity, return to humanity, if not... satan's fate waits for you.

O' our Lord, send us Your servants that will... turn us to You, turn us to Your way, who will give us the power of iman (faith). Give us power to destroy satan, to intimidate it. We want to be busy with your servanthood Ya Rabbi, Amin ya Rabbi. And we don't need any cannons or guns, nor any rockets. All of these... are for destroying humanity. Shame on them! If this is what these people learned, may these people be gone. They will finish each other off. Prophet (sws) said - Judgement Day won't happen until the world is divided into 2. It will be 2 parts and they will finish each other off. And that war is coming, it's called armageddon. Prophets informed people about it, the Seal of Prophets informed us. And Shah Mardan is saying it, pull yourselves together. Rajabin Murajjab, the month of Allah (swt), Holy month of Rajab is coming, pull yourselves together. If not, they will be cut and killed. There is one order that will save humanity - "Idilu" Keep justice. If you don't keep justice, you will be thrown away. May Allah (swt) make us from those who keep justice.

Go ahead O' Shah Mardan, we love your way. Give us support/ help. Yaran Shah Mardan. Accept us. Your glory is supreme. Show us the way, so we can destroy the sultanate of satan. May the sultanate of heavens come, and rule us. Ya Rabbi, with the blessings of this holy Friday, give us blessings, dress us with mightiness so we can defeat satan. Amin. Wa Salamun alal Mursaleen Khususan ala Sayyidal Mursaleen. Wa l-Hamdu lillahi Rabbi l-'Alameen.

Al-Fatiha.

## Gerechtigkeit und der 1. Mai

---

Rabbu l-`Izza, unser Mawla, Der uns erschaffen hat, stehen wir auf für Ihn, Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. As-Salamu `alaykum wa Rahmatullahi wa Barakatuhu. Wie schön. Sagen wir Bismillahi r-Rahmani r-Rahim, der Schlüssel zu allem Guten. Sagen wir Bismillahi r-Rahmani r-Rahim. Und die Türen des Paradieses öffnen sich mit Bismillahi r-Rahmani r-Rahim. Und die Türen der Himmel öffnen sich mit Bismillahi r-Rahmani r-Rahim. Ma sha' Allah la Quwwata illa Billah. Mach weiter, o Shah Mardan, die dich lieben, wollen dir zuhören. Mach weiter, o Löwe Allahs, Shah Mardan, gib uns guten Rat. Laß uns dir zuhören und uns erfrischt fühlen. Heute ist Freitag. Und der geehrteste Tag in dieser Welt ist Freitag, und der geehrteste Tag im Jenseits ist auch Freitag. As-Salamu `alaykum, Ay Yaran Shah Mardans. Ma sha' Allah, mach weiter. Mach weiter, o Shah Mardan. Jene, die Liebe und Respekt für ihn in ihren Herzen bewahren, gehen weiter, hören zu, was Shah Mardan sagt. Er spricht Gutes. Zuerst sagt er Bismillahi r-Rahmani r-Rahim. Bevor ihr das sagt, ist nichts, was ihr sagt, akzeptabel. Heute ist Freitag, Yawmu l-Juma. Der Feiertag für Gläubige. Der ehrenwerteste Tag in Dunya und Akhirah, der ehrenwerteste Tag ist der Freitag. Mach weiter, Shah Mardan, deine Yaran, hören wir die Juwelen, die du ihnen präsentieren wirst. Heute ist Freitag. Shah Mardan wendet sich an alle Menschen.

O Leute, kehrt zu euerem Mensch-Sein zurück! Kehrt zum Mensch-Sein zurück! Was ist aus uns geworden, daß wir zum Mensch-Sein zurückkehren müssen? Shaytan schwor, aus den Menschen Shaytane zu machen. 'Ich werde die Menschheit wie mich machen. Ich werde sie zu Shaytanen machen.' Allah: "Fasta'idh Billahi mina sh-Shaytani r-rajim" (16:98). Das sagt Allah (jj). Die heilige Aussage von Rasulullah (saws) an uns. Der Befehl, von Allah (swt) an den Propheten (saws) gegeben: "Fasta'idh Billahi mina sh-shaytani r-rajim". Wir suchen Zuflucht vor dem schmutzigen, verfluchten Shaytan. Warum? Shaytan tat einen Schwur: Ich werde nicht aufhören, bis ich euch wie mich gemacht habe. Aman ya Rabbi, wir suchen Zuflucht bei Dir. Shaytan wurde gesteinigt. Die Engel warfen Steine auf ihn. Sie warfen ihn hinaus aus dem Himmel zur Erde.

Und Shaytan schwor: Ich werde die Menschheit noch schlimmer als mich machen. Und zum Schutz gegen Shaytan sagte Allah (swt) zu allen Propheten: "Fasta idh Billahi mina sh-Shaytani r-rajim". Sucht Zuflucht bei Allah und seid weit entfernt von dem Übel des verfluchten Shaytans, weil das einzige Ziel Shaytans, sein Zweck, ist, die Menschen zu Shaytanen zu machen. Shaytan sagt: Ich habe keine andere Aufgabe zu machen. Ich will keine Titel, weder Sir noch Pascha, außer ich werde Sirs und Paschas, Könige, ich werde sie gerade so wie mich machen. Ich bin voller Arroganz. Arrogant. Ich bin der schlimmste Feind der Menschen. Da sie der Grund sind, daß ich von der Tür verstoßen worden bin. Das ist meine Aufgabe. Ich werde die Menschheit machen wie mich, damit sie vom Rat des Haqq ausgestoßen werden. Es sollen so viele Propheten kommen, wie Du willst, aber ich werde doch hart daran arbeiten, die Menschen so zu machen wie mich.

Allah (swt) sandte 124.000 Propheten. Warum? Und das Siegel der Propheten (saws) kam auch. Der Prophet der Letzten Tage, der Sultanu l-Anbiya (saws), Alfu alfu Salat, alfu alfu Salamu `alayka ya Sayyida l-Awwalin wa l-Akhirin. Mach weiter, Shah Mardan, deine Yaran hören zu. O die, die Shah Mardan wahrhaftig akzeptieren, jene, die sagen, wir sind auf seinem Weg, hört zu. Shaytan wird sie hinwegfegen. Ich werde diese Leute nicht lassen, ich werde sie so wie mich machen, sagt er. Ich werde die ganze Welt zu Shaytanen machen von oben bis unten. Er versprach, er gelobte: Die Menschheit, die der Grund war, daß ich von der Tür Haqqs verstoßen wurde, ich werde sie so wie mich machen, sogar schlimmer als mich. Das ist meine Aufgabe, sagt Shaytan. Um die Menschen nichts Gutes sehen zu lassen, werde ich sie jedes Übel lehren. Ich werde sie alles Schlechte lehren. Und das allererste, was ich sie lehren werde, ist Unterdrückung. Unterdrückung. Allah (swt) sagt: Ich habe Unterdrückung haram gemacht. Unterdrückt euch nicht gegenseitig, sagt Er. Und Shaytan gelobte, er sagte: Ich werde sie so überwältigt sein lassen davon, einander zu unterdrücken, und die Menschheit wird so überwältigt sein, sie werden ihre Welt nicht mehr kennen, noch ihr Jenseits. (Schlaft nicht)! Ich werde meine Aufgabe vollenden. Die Menschheit war der Grund, daß ich aus dem Paradies ausgestoßen wurde. Und ich werde dafür sorgen, daß sie von der Tür Haqqs verbannt werden.

Wir suchen Zuflucht bei Allah und "Fasta idh Billahi mina shaytani r-rajim". In dem Buch, das Allah (swt) zum Propheten herabgesandt hat, heißt es: Sucht Zuflucht bei Mir vom Übel Shaytans. Allah (swt) sagte: Hinaus! Verlaß meine Gegenwart, du ungehobelte, schamlose, du

schmutzige Schöpfung, die allen möglichen Unglauben zusammenbringt, verschwinde aus Meiner Gegenwart. Wenn jemand dir folgt, werde Ich ihn auch ausstoßen. Asta'idhu Billahi, "Inna Allaha Yamuru Bi l-Adli Wa l-Ihsani" (16:90). Stimmt's? Allah (swt) fordert zuerst Gerechtigkeit. "..Idilu.." (5:8), seid gerecht, und alles wird berichtigt. Wenn du erst einmal die Gerechtigkeit gelassen hast, kommen alle Shaytane auf dich. Sie sorgen dafür, daß du dein Mensch-Sein vergißt und machen dich zu Shaytan wie sie. "Idilu" (5:8). Seid gerecht, bewahrt Gerechtigkeit. Was ist der Ausgleich für Gerechtigkeit? Es ist für die Menschen, ihren Herrn zu erkennen und die Dienerschaft für ihren Herrn anzuerkennen. O unser Herr, wir sind Deine Diener, die das sagen und ihre Dienerschaft ihrem Herrn antragen, was Allah (swt) will: "Wa ma Khalaqtu l-Jinna wa l-Insa illa Liya`buduni" (51:56). Ich erschuf euch für Meine Dienerschaft. Ich erschuf euch nicht für die Dunya.

Aber Shaytan sagt: 'Seht euch die Dunya an, schaut nicht auf den, der euch erschuf. Schaut auf die Dunya, amüsiert euch!' Shaytan sagt: 'Jedes shaytanische Ding ist gut für euch. Wenn ihr wie ich werdet, wird sich die Welt für euch öffnen. Was immer ihr wollt, findet ihr in der Dunya. Oder sonst könnt ihr es nicht finden.' Deshalb stand Shaytan vor jedem Propheten, der gesandt wurde. Die Propheten riefen die Menschen zu Allah (swt) auf. Shaytan sagte: 'Glaubt nicht. Hört mir zu, kommt zu meinem Weg und genießt diese Welt.' Er sagt: 'Hört auf mich, nehmt mich als Beispiel. Wenn ihr tut, was ich tue, werdet ihr frei sein. Ihr könnt alles tun. Kümmert euch nicht um halal und haram. Geht einfach. Das ist mein Weg.' Einer fragte: Von welcher Gruppe seid ihr? Sie antworteten: Kullu Madhhab Yazhab - Wir folgen allen Gruppen. Unsere Gruppe ist egal, sie sind alle unsere Gruppen. Schmutzig, sauber, halal, haram.. es ist uns egal. Ihr seht, ihr Lehrer ist Shaytan. Shaytan sagt: Macht, was immer ihr wollt, und fürchtet euch nicht. Genießt euer Leben auf der Erde. Dann, was geschieht? Sie hören auf Shaytan, und die heutige Situation entsteht. Die Menschen von heute denken nicht an die Tatsache, daß die Ehre der Menschheit über der der Engel ist. Sie laufen Shaytan hinterher, und jene, die Shaytan folgen, werden niedriger als Tiere. Sie werden Shaytane.

Ein Befehl Allahs (swt), es gibt einen Befehl, der von allen Propheten herabgebracht wurde: "Idilu" (5:8). Habt ihr verstanden? "Idilu." (5:8) Bewahrt Gerechtigkeit. Wenn ihr Gerechtigkeit bewahrt, wird euere Welt gedeihen, und euer Jenseits wird gedeihen. Wenn ihr keine Gerechtigkeit bewahrt, wird diese Welt eine Hölle sein und im Jenseits seid ihr auch in der Hölle. Heutzutage

folgt die ganze Welt Shaytan und seinen Lehren. Das Prinzip Shaytans, die Prinzipien des Teufels, die Prinzipien, denen die Menschen folgen. Teufel ist ein Name Shaytans, ein berühmter Name. Jene, die Shaytans Prinzipien anwenden, werden Shaytane. Sie haben keinen Frieden, sie werden sich gegenseitig niederwalzen, sie werden sich gegenseitig überwältigen mit Unterdrückung, und sie werden einander keinen Respekt erweisen. Sie werden einander überrennen. Dies ist die Lehre Shaytans, des Teufels. Was Allah (swt) sagt: "Idilu" (5:8). Bewahrt Gerechtigkeit. Aman ya Rabbi, Aman ya Rabbi. Bewahrt Gerechtigkeit, sonst wird euch Meine Göttliche Gerechtigkeit zerschmettern. Mit Meiner Göttlichen Gerechtigkeit werdet ihr nicht gedeihen in Dunya oder Akhirah. Ihr werdet Verbannte sein. Ihr müßt Meine Göttliche Gerechtigkeit bewahren. Was ist Göttliche Gerechtigkeit? "Ati Kulli Dhi Haqqin Haqqa." Und das ist von Anfang bis Ende der unwandelbare Befehl, über den zu informieren alle Propheten kamen. "Ati Kulli Dhi Haqqin Haqqa." Gebt die Rechte denen, die es verdienen. Euere Rechte sind euer. Du kannst nicht meine Rechte nehmen. Aber was Shaytan lehrt: Niemand anders hat das Recht, es ist nur dein Recht. Das bedeutet, was Shaytan will: Ich will alles für mich selbst. Als er den Propheten Adam (as) sah, wurde er wütend. Er war überrascht. 'Alles sollte meins sein. Woher ist er gekommen?' Shaytan bekam es mit der Angst zu tun. Er schämte sich nicht, daß der Rang, den Allah (swt) ihm gegeben hatte, daß dieser Rang angemessen für ihn war. Der Rang, der dem Propheten Adam gegeben wurde, ist anders. Der Prophet Adam (as) war über ihm. 'Nein, ich bin über ihm', sagte er, und wurde von Allahs Tür verbannt. Das ist der Job der Menschen heute. Es gibt kein "Idilu". Niemand bewahrt Gerechtigkeit. Wer immer die Macht hat, sagt: 'Ich habe die Gerechtigkeit. Ich kann dich zerschmettern und überfahren.' Das ist nicht Mensch-Sein. Das ist shaytanisch, es ist ein shaytanischer Weg. Mach weiter, o Shah Mardan, zieh dein Dhu l-Fiqar. Schlage die, die zu diesen Gruppen gehören. Auf jeden Fall sind die Leute mit dieser Art Denkweise bereit, sich gegenseitig zu erledigen, zu töten. Shaytan sagt: 'Ihr seid besser.' Und zu den anderen sagt er: 'Ihr seid besser. Was ihr tut, ist richtig, aber diese anderen haben unrecht.'

Und Shaytan läßt manche Leute den 1. Mai feiern wie Verrückte. Wie nennen sie es? Tag der Arbeit. Wessen Arbeit macht ihr? Ihr wißt nicht, für wen wir arbeiten? Für Shaytan! Ha! Also ist der 1. Mai der Tag von Shaytans Arbeitern. Für wen habt ihr gearbeitet, daß ihr einen Tag der Arbeit habt? Was habt ihr verdient, daß ihr heute einen Feiertag habt? Sie sagen: Wir haben für

Shaytan gearbeitet. Wir haben für Shaytan gearbeitet, feiern wir den 1. Mai! Welchen Feiertag? Den Tag der Arbeit. Nun, für wen habt ihr gearbeitet? Wir haben für Shaytan gearbeitet! Wir haben für Shaytan gearbeitet. Sie haben die ganze Welt auf den Kopf gestellt. Der 1. Mai Feiertag, was für ein Feiertag? O ihr Dummköpfe, was für ein Feiertag? Mach weiter, Shah Mardan, zieh dein Dhu l-Fiqar! Und der Befehl von den Himmeln: "Idilu" (5:8). Idilu, Fa'tedilu. Allah (swt) sagt: Bewahrt Gerechtigkeit! Bewahren sie sie? Nein. Sie sagen zu den Arbeitern: Ich regiere die Welt. Und die die Fäden ziehen, sagen: Mischt euch nicht ein bei uns! Es gibt die, die sind an Fäden gebunden, und es gibt die, die ziehen die Fäden. Es gibt die, die die Fäden ziehen und die, die die Fäden einfach halten. Shaytan hat dafür gesorgt, daß manche Leute Tiere für andere Leute sind.

Der 1. Mai ist nicht Tag der Arbeiter, nein, es ist Trägertag, Tiertag. Was habt ihr gewonnen? Was habt ihr gehabt vom Arbeiten? Nun, wir feiern! Wieviel Geld habt ihr in der Tasche? Nicht einmal 10 Lira. Sie sagen: Wir sind bankrott. Das ist der 1. Mai Feiertag, Shaytans erfundener Feiertag. Diejenigen, die die Taschen voll haben, sollten feiern. Aber diese haben nichts in der Tasche, und sie gehen hinaus und rufen: Wir feiern! Nun, was feiert ihr? Was habt ihr gewonnen, daß ihr feiert? Shaytan lehrt unsinnige Wege wie diesen. Dann steht er und lacht. Jetzt ist die ganze Welt Shaytans Esel, Shaytans Tier geworden. Er peitscht sie von dieser Seite und von jener Seite, damit sie gehen, wohin er will. Ihre Hände sind leer. Nun, was ist euere Aufgabe? Es gibt keine Arbeit. Kann es sein, daß es keine Arbeit gibt in dieser riesigen Welt? Es ist nicht, daß es keine Arbeit gibt, es gibt niemanden, der arbeiten will. Niemand, der arbeitet. Gibt es von etwas mehr auf dieser Welt als Arbeit? Wenn du hinausgehst und herumgehst, wirst du Arbeit finden. Aber ihr wollt euch amüsieren. Mach weiter, o Shah Mardan, deine Wort sind Juwelen, Gold. Shah Mardan kam aus den Wüsten Arabiens. Er eroberte Ost und West, wobei er auf seinem Duldul ritt. Gab es keine Arbeit? Doch, es gab viel Arbeit. Er blieb nicht in Mekka Mukarrama, Madina Munawwara. Er sagte: An die Arbeit! Bewegen wir uns, sitzen wir nicht herum und warten. Und laßt uns die Göttliche Gerechtigkeit lehren.

Allah (swt) ist gerecht und liebt die Gerechtigkeit. Sein (swt) erster Befehl ist: Gerechtigkeit - "Idilu". Bewahrt Gerechtigkeit. Tun sie das? Nein. Alle wollen etwas bekommen, ohne etwas zu tun. Sie sind faul. Sie haben sich daran gewöhnt, faul zu sein. Shaytan sagt ihnen: Seid faul, sitzt einfach herum und schreit und brüllt, damit sie euch etwas geben können. Es gibt Bettler, die

haben wirklich nichts. Aber diese Leute sind wie Pferde, Arbeitspferde, wie Hengste, stark genug, um herumzurennen. Geht wenigstens und bringt Steine aus den Bergen. Bringt Wasser von den Bergen. Ihr könnt alles finden in den Bergen. Geht und bringt es. Ihr werdet etwas verdienen, und die Menschen werden einen Nutzen davon haben. Allah (swt) hat diese Erde mit allen möglichen Segnungen geschmückt. Aber die Leute sind in den Kaffeehäusern, Clubs, Kneipen. Schande auf sie! Und deshalb der Befehl von Shah Mardan: "Ati Kulli Dhi Haqqin Haqqa".

Gebt denen ihre Rechte, die es verdienen. Manche Menschen nehmen ihre Rechte, sie nehmen Gold, Silber. Manche Menschen suchen nicht nach Gold und Silber. Sie erwarten, daß ihnen alles fertig in den Schoß fällt. Schlagt sie mit einem Stock, damit sie zur Besinnung kommen können! Es gibt keine Faulheit im Islam. Und es gibt keine Faulheit in irgendeiner anderen Religion. Und es gibt keine Unterdrückung in irgendeiner Religion. Unterdrückung ist verboten in der ganzen Welt.

"Idilu", sagt Allah (swt). O Meine Diener, bewahrt Gerechtigkeit. Was können wir tun? Die Menschen heute lernen von Shaytan. Shaytan hofft nicht, daß die Menschen barmherzig sind. O unser Herr, mit den Segnungen dieses heiligen Freitags sandtest Du Deinen Habib (saws) als Göttliche Wohltat für uns. Bitte mach es leicht für uns, an dem Weg Habibullahs und Shah Mardans festzuhalten und ihm zu folgen. Gib uns die Kraft, Göttliche Gerechtigkeit zu üben. Bekleide uns mit Mächtigkeit. Wir wollen nur an Deiner Tür dienen. Wir wollen für niemand anders Diener sein. O unser Herr, alles in den Himmeln und auf Erden gehört Dir. Das vorgestern war, was sie den 1. Mai nennen, nutzloser Unsinn. Sie haben kein Geld in der Tasche und feiern! Shaytans Betrug. Sie folgen alle Shaytan. Sie wollen einen Feiertag haben mit Kämpfen und Tumulten. Nun, wieviel Geld habt ihr? Nichts? Was feiert ihr dann? Dies ist Shaytans Feiertag. Nicht die heiligen Tage der Propheten, es ist der Feiertag Shaytans. Schlagen, brechen, töten, verbrennen und zerstören, das ist euer Feiertag. Schande auf euch. Menschen heute, die die Ehre ihres Mensch-Seins verloren haben, kehrt zum Mensch-Sein zurück, sonst wartet Shaytans Schicksal auf euch.

O unser Herr, sende uns Deine Diener, die uns zu Dir, zu Deinem Weg wenden werden, die uns die Kraft des Glaubens geben werden. Gib uns Macht, um Shaytan zu vernichten, um ihn einzuschüchtern. Wir wollen mit deiner Dienerschaft beschäftigt sein, ya Rabbi. Amin ya Rabbi. Und wir brauchen keine Kanonen oder Gewehre, und auch keine Raketen. All dies dient der Vernichtung

der Menschheit. Schande auf sie! Wenn es das ist, was diese Leute lernten, sollen sie verschwinden. Sie werden einander erledigen. Der Prophet (saws) sagte: Der Gerichtstag wird nicht stattfinden, bis die Welt in zwei Teile geteilt ist. Es werden zwei Teile sein, und sie werden sich gegenseitig erledigen. Und dieser Krieg kommt. Er heißt Armageddon. Die Propheten informierten uns darüber, das Siegel der Propheten informierte uns darüber. Und Shah Mardan sagt es, reißt euch zusammen. Rajabin Murajjab, der Monat Allahs (swt), der heilige Monat Rajab kommt. Reißt euch zusammen. Sonst werden sie zerschnitten und getötet werden. Es gibt einen Befehl, der die Menschheit retten wird: "Idilu" - Bewahrt Gerechtigkeit. Wenn ihr keine Gerechtigkeit wahrt, werdet ihr weggeworfen werden. Möge Allah (swt) uns zu denen gehören lassen, die Gerechtigkeit bewahren. Mach weiter, Shah Mardan, wir lieben deinen Weg. Gib uns Unterstützung, Hilfe. Yaran Shah Mardans. Nimm uns an. Deine Herrlichkeit ist die höchste. Zeige uns den Weg, damit wir das Sultanat Shaytans zerstören können. Möge das Sultanat der Himmel kommen und uns regieren. Ya Rabbi, mit den Segnungen des heiligen Freitags gib uns Segnungen, bekleide uns mit Mächtigkeit, damit wir Shaytan besiegen können. Amin. Wa Salamun `ala l-Mursalin Khususan `ala Sayyida l-Mursalin wa l-Hamdulillahi r-Rabbi l-`Alamin. Al Fatiha.

## Kampf dem Atheismus

Ich begrüße unsere Schwestern und Brüder hier. In allen Religionen ist überliefert, daß unsere Seele zum Himmel gehört. Unser Körper enthält nebeneinander Feuer, Wasser, Luft und Erde, die sich gegenseitig nicht aufheben. Der Embryo schläft dreimal vierzig Tage lang in der Gebärmutter, dann beginnt er zu laufen und sich zu bewegen. Wann der Herzschlag beginnt, ist überhaupt nicht festzustellen. Alles zeigt die absolute Größe und Macht des Herrn der Himmel: ein Gesicht, zwei Augen und Ohren, ein Mund, Milliarden von Formen, aus denen der Herr ein individuelles Gesicht formt. Sie sagen, es sei “die Natur”. Kann die Natur denn sehen? Eine Natur, die blind ist, kann nicht Formen erschaffen. Die Natur soll jemanden erschaffen, der hört, sieht, berührt und Willenskraft hat?! Aber die satanischen Menschen, die dies behaupten, sind an der Macht. Ich rufe alle Religionen zum Kampf gegen Atheismus auf. Solange die Regierungen in der Hand der Atheisten sind, hat das Gute keine Chance. Alle Religionen haben einen gemeinsamen Feind, und das sind die Atheisten. Ginge es nach ihnen, dann gäbe es im einundzwanzigsten Jahrhundert keine Kirche, Synagoge oder Moschee mehr. Die Leute kämen zum Teetrinken und gingen wieder nach Hause. Alle Religionen sollten in der Lage sein, den Menschen ihr Licht zu bringen. Und wenn dies in Aufrichtigkeit geschieht, dann hat es eine Wirkung auf die Seele. Auch bei den Christen gibt es den Sufi-Weg, aber das ist fast zu Ende, weil es nur noch in der Abgeschiedenheit der Klöster geschieht. Sie haben diese Welt gemieden, aber je materieller die Menschen wurden, um so mehr nahm das Interesse für diesen Weg ab. In den Klöstern

wollte man nur für den Herrn sein. Als das Beten offiziell wurde, verschwand die Aufrichtigkeit. Obst wurde zu Plastikobst. Eine Handvoll Obst ist wichtiger als ein Riesenhaufen Plastikobst, der keinen Geschmack hat. Religion hat nichts Offizielles. Wir müssen zurück zum Weg der Propheten und Heiligen, welche die Freude des Herrn suchten. Aber die Offiziellen sind wie Beamte. Wir sollten vierundzwanzig Stunden für Ihn da sein, aber wir schaffen es noch nicht einmal eine Stunde.

## Keep Adab with your Lord!

As-salamu alaikum! Mamnunin, you are happy? No complaining? ... Allah Almighty created man “min adamin, la shay (?)”, Allah Almighty created man from nothing. Allah Almighty (is) creating. If He (is) asking or if His Will, (His) divinely Will, (is) asking to do something, to bring something, to create something, (it is) enough for Allah Almighty to say: “Be!” and (it is) coming. If (He is) asking: “Don’t be, go away” - finished: no universes, no galaxies, no suns, no worlds, no planets, no man, no any creation, nothing. He is Allah!
First you must learn who created you, o ignorant people that (are) living in (the) 21st century! (You are) following Shaitan, but (you are) not asking: “Who created me? Who (is) bringing me in existence?” That is blame for mankind living on earth now. And they are claiming that: “We reached the top of civilisation.” No, you reached (the) deepest level of creation!

Allah granted to you (the) highest honour; (He) granted (it) to you and (He is) saying: “You are My deputy. I created you, o man, the sons of Adam, (the) Children of Adam, I created you to be My deputies on this world.” Then those

21st century ignorant nations and people they are never thinking on it; (they are) never saying: “O our Lord, You created us, we are thankful. All thanks, all glory, all honours, every respect (is) for You, o our Lord and we are making for You Sajdah. You are our Lord, You are our Creator.” They are saying (this)? But (there is) coming a whip. Coming! (The) whip (is) coming, (the) whip (is) coming. Allah only may say for a whip: “Look after those thankless creatures, thankless mankind. Adibhum, teach them, train them, train them, train them, that they are not knowing My Rights. They (are) never giving to Me their full respect and full glory according to their sizes. They are not doing this.”

Once upon a time – it is written through history books – once, (in) the time of (the) Umera, perhaps (the) Umera Amawayin or Abassiyin... - Don’t use (a) scale for anyone. (The) scale (is) only for Allah (to use)! Don’t say: “This (is) good, that (is) bad”; leave (the) last judgment for our Lord Allah Almighty. - At the time of one of that Amiri-l Mu’minins just happened in Basra, Iraq, so many troubles; people (were) doing so many things that all of it (are) against Islam and they were trying to follow Shaitan and not to follow (the) holy Prophets ways.

(The) Khalifa, that he was in Damascus, (the) Khalifa, Amiri-l Mu’minin, just (news) reached to him (about) what (was) happening in Iraq, what (was) happening among people. And just reached to him their bad (characteristics), (that) they were doing their worst among themselves, that (there was) never going to be a good dealing between themselves. Every(thing) forbidden through Shariatullah they were doing and they were making Dhulm, oppression.

Then (the) Khalif (was) saying, when that news (was) reaching to him, he was saying: “I am sending (Hajaju Dhalim) to those people, whom they left the way, the Sunnah of (the) holy Prophet S.Muhammad sws. I like to teach them, how they must be. I am going to teach them the way of Islam: that they should be good ones, (that) they should throw away Shaitan and Shaitan’s scholars and Shaitan’s followers. Li ajil ta’adib, yuadibhum. I am asking to teach them high

characteristics, high, highest Adab, good ways, what Islam (is) ordering them."

Then he was sending from Damascus to Basra Hajaju Dhalim, that he was one famous oppressor, dhalim. (He was) sending him and (was) saying to him: "Look after those people, whom they are living in Iraq; they are leaving the way of Allah and they are doing bad things that (the) holy Shariat (is) preventing. Go and look after them! Adibhum! Teach them, how must be Islam!" And (the Khalifa was) sending Hajaju Dhalim, Hajaj the Oppressor. And he reached to Basra and (he was) getting up on (the) Mimbar. And he was using (a) veil on his face and he was calling: "Ya Ghulam, o my servant, stand up. Stand up and read (the) Khalifa's Khitab, speech or addressing, that he is addressing the people living in Iraq, in Basra." And then that Ghulam, that means his servant, (was) standing up and (he was) saying: "O as-salamu alaikum, ya Ahlu-l Basra. Had khitab mina-l khalifa to people in Basra." No one (was) saying: "Wa alaikum salam." No one (was) saying: "Wa alaikum salam, ya Amiru-l Mu'minin." Then Hajaju Dhalim (was) ordering his servant: "Stop! O people, I am looking and seeing that you are so dirty people, disobedient people, not knowing Adab. I am coming to teach you, how you should be! I am looking you are dirty people, eating some of you some another, (making) fasad." (He was) one person. He was saying: "I am looking and seeing all of you in wrong ways; you are not keeping Shariatallah, (the) holy Shariat. I am coming to teach you, how you should be! Ya Ghulam, o my servant, read (the) Khitabu-l Khalifa."

(He was) addressing (them and saying): "I am looking and seeing (that) so many (of your) heads just reached to be cut down. You are so bad people and your works (are) out(side) of (the) Shariat. Now I am looking, I am looking, I am preparing for you a heavenly Punishment that we have been ordered (to do)." (He was) one person, (saying): "I am keeping my face, I am not opening yet my veil (for you) to look to me, how I am. Read once again, o my servant, read (the) Khitabu-l Khalifa, Amiri-l Mu'minin." (His servant was) coming, standing up and saying: "Salam, ya Ahlu-l Basra, Ahlu-l Iraq. As-salamu alaikum." (Now) no one (was) sitting; everyone, even flies, (were) standing up and saying: "Wa alaikum salam, ya Amiri-l Mu'minin,

as-salamu alaikum, ya Khalifatu Rasulillah!" (They were all) standing up. "I am coming to teach you good Adab ma'a-l Umera, with your governments; how you must deal with people, how you must deal with Rasul salawatullah wa salamu alayh, how you must do with your Lord Allah Almighty. I am looking you are out of everything; I am looking and I am coming to teach you. Training you." (He was) one person!

One person - if Allah Almighty (is) asking to do something, (He) may do that with a (single) man, (it is) enough. "Wa li-llahi junudu samawati wa-l 'ard." Allah Almighty He is not in need to send on you armies; (He) may send on you - what is that smaller than microbe? Virus. People (are) knowing there is (a) virus; (but is) anyone seeing (it)? Anyone catching (it)? Anyone (is) defending themselves against that virus? O people living through (the) 21st century, how you are so ignorant ones? Why you are not thinking on it? Your Lord, your Creator, (is) looking and asking to teach you, because you are out of (the) holy Shariat. First of all Islamic countries; they are running after democracy, they are not trying to keep Shariatullah. (The) first punishment (is) coming on them!

I am making first, I am permitted to speak to whole people living on earth. I am not Hajaju Dhalim, but... I am only a weak servant of my Lord, (but) I am (an) authorized one to warn whole people, whole world people. I am nothing, but (He) who (is) making me to speak, He is most powerful. And (He is) looking now what we are doing and (He is) sending to you, o people of this world, sending to you something for punishing you! It is not something that can be solved by (the) United Nations Assembly. (The) United Nations Assembly is against (the) heavenly Orders. Heavenly Orders (are) so clear. I am sorry to say that so many - perhaps 45 - Muslim territories they are not taking their care for (the) holy Shariat. They should be punished.

I am nothing, I am zero, behind of One. (I am a) zero on left, but that, if they are putting me in front of One, I can do enough. One (is) enough. If Hajaju Dhalim (was) enough to bring people to be good ones, we may do (something) also. I am zero and if the Lord of Heavens (is) putting me in front of One, I can do.

If He (is) asking to make you that zero in front of One, you can do (also). But Allah Almighty (is doing), as He likes; fa'alu li ma yurid: He is doing everything, as He likes; no one (is) preventing Him. Allah! Ya Rabbana, ya Rabbana, ya Rabbana, ya Rabbana, ya Rabbana, irham dhullana, irham dafana... bi jahi man arsalta alayhi Surati-l Fatiha.

I am very old one, I am not hoping anything from Dunya now; I am only a warner, warning people. Anyone (who) may listen, (may) listen or, (if they are) not listening, their heads (are) going... People now they are very happy to play football. That time, instead of football, heads (are) going to be football. Hasaru-l hasa. Warning and warning, o people. May Allah forgive me. "Forgive me." I am asking forgiveness. You ask forgiveness! Say: "Astaghfirullah, Astaghfirullah, Astaghfirulllah, tubna wa rajana ilayka, ya Rabb. La tadrikna, ya Rabbana, o our Lord, don't leave us to go on wrong ways! Make Your good servants to collect Your servants on (the) right Path." Bi jahi man arsalta alayhi Suratu-l Fatiha.

I am weak. I am weak, (but) I may, they can do to make me to speak up to next week. It is okay, but our size, our capacity, (is) very short, therefore I am only addressing to whole nations, to whole mankind, to whole children of Adam, to take their attentions not to fall, not to fall in Hells. I am asking people to be happy in Paradises. I am sorry to look and see all mankind running to reach to Hells and nothing else.

Fatiha...Tired? Tired, o 'ahmaks'?...

Allahumma salli wa sallim 'ala Nabiyina Muhammad alayhi salam, salatan tadumu wa tughda ilay, mamara layali wa tula dawam...

## Keep Allah and Allah keeps you

It was Hajj-ul-Akbar this year, the last Hajj-ul-Akbar of this century and the 2nd millennium. You are lucky people that you have been there. And I hope that the next Hajj-ul-Akbar is going to be in the 3rd millennium, the 21st century according to the Christian calendar. According to the Islamic calendar it is in a Hajj-ul-Akbar that Mehdi a.s. is going to be with us.

You were lucky that this year Mehdi a.s. and his Caliphs and Ministers, all these Grand-Awliya, Saints, were present on the Day of Arafat-12.ooo Awliya with Mehdi a.s. He did his last prayers when the sun was setting on Friday evening. And from Allah Almighty the good tidings came through His most Respected and Beloved Servant Sayidina Muhammad sws that all their prayers were accepted. And on Friday evening, the beginning of Saturday, when you moved to Mina after sunset, Divine Orders changed to bring Islam up and to put Kufr down.

It is becoming impossible now for Kufr, for the unbelievers, Non-Muslims. Their hegemony is going to melt, to finish, and the sultanate of Shaitan is going to be destroyed. Haqq, the Truth that Allah sent, will appear now day by day, and hour by hour it will increase. We hope for new changes day by day. No one is able to keep Islam down now, it is impossible to bring it down. Islam is getting up and Kufr is going down.

May Allah bless you and your Hajj, your charities and visits to holy places. And you have been in Damascus and visited everywhere, and Grandsheikh accepted you also and he gives his Salaams to all of you. He was happy and proud of you, because you came his way to the Holy Prophet sws, and the Prophet was happy with you, too, looking to you and blessing you... And now you are on your way home, and there is going to be a new opening for you and around you. Those Divine Lights, that were granted to you through Grandsheikh from the Holy Prophet sws are going to spread, and people should run from their darkness to your lights...

Now in two days will be the New Year of the Islamic calendar. Saturday is going to be the first day of 142o. More than 14 centuries have passed, and we hope that everything which we were saying, and that you heard about, is going to appear. Kufr will be destroyed and disappear, and Islam will grow. The flag of Islam will be raised, and the flag of Kufr will come down... For the year 2ooo there are going to be many good tidings for you, for every true one, and trustworthy people are going to be happy in this year. Who keeps his heart with Allah, Allah will be with him. If you are not leaving Allah, He is not going to leave you. Therefore, as Rasulullah was saying: "Keep Allah and Allah will keep you..."

We are happy and proud of you. You came such a long distance to visit Habibullah sws and the House of the Lord. You are young people, not easily going to be tired... but it is not an ordinary trip. It is a journey of obediency and worship, and worship is always going to be difficult for our ego. Everytime that we are carrying difficulties, we are paid more and more by Allah Almighty...

And also Mehdi a.s. pointed out our group of Hajjis from western countries. They were Christians before and came to Islam, keeping the Sunnah among those Shaitan people, the Wahabis. And he was saying: "Look, Sheikh Abdullah's Mureeds, Naqhibandi followers", and he was so happy, looking to that group who went there keeping the Sunnah, and giving some spirituality to them that was never given to other people. Alhamdulillah, they were very happy with you. May Allah bless you...

And I hope that you are intending to move to your homeland... How long are you intending to stay?... If you have no responsibilities to go back to, you may be here longer, who has, may go... Perhaps I am intending to move to Lebanon or Damascus, and, according to the holy commands of Grandsheikh, because Armageddon is approaching now, look for a safe place there. But as long as I am here, you may be here. Welcome to you and Happy Birthday to me! Then you may go back or move to Damascus.

Some brothers from Chile came to me in London, in Ramadan. They have built a new Mosque in the South of Chile, the most southern place on earth, near the South Pole... Alhamdulillah, there is now much more spirituality running through the hearts of people, because they are in need of spirituality more than anything else...

Bi hurmati'l Habib, bi hurmati'l sirri Suratu'l Fatiha.

## Keep Allahs Rights and He keeps yours!

As-salamu alaikum! Welcome to you, o Muslims, Muqmins, Ummatu-l Habib, most beloved Prophet in divinely Presence S.Muhammad sws... We are his nation...

Allah ya Daim, Allah ya Daim, Allah ya Daim...
Allah ya Subhan, Allah ya Subhan, Allah ya Subhan...
Allah ya Sultan, Allah ya Sultan, Allah ya Sultan...

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. O our Lord, your Creator, we are asking Your forgiveness, because we are not good servants! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. Shaitan (is) not leaving ourselves to be a good servant and we are running after shaitanic ways and (we are) leaving Allah Almighty's Invitation that our Creator, the Lord of Heavens, He is calling ourselves: "O Children of Adam, come to Me, run to Me, I am your Lord! Obey to Me, be obedient servants to Me, I may give to you everything here and Hereafter!"

Five times, daily five times (He is) calling- (are the) people hearing? They are putting loudspeakers on minarets, to make people to hear, but they are not hearing. Before, people they were preparing everything according (to) the times of praying. Now people (are) taking away the times of prayings. They are running after the times of work: “O, I am too late, I must run, I must run! Too late!” Yes, with Samsonite... “Quickly!” “To where?” “I am late!” “For what?” “For my work, for my job!”

Do you think that it is so important? O heedless people, do you think that your works, your jobs, (are) more important than prayings and worshipping and servanthood to Allah Almighty? No mind people! They should be punished! They know to run: “O, I am so late to my shop, to my business!” Most important thing for mankind! I am swearing on our heedless people that their names under the name of to be Muslim, Muslim countries. Even in such a small place that some heedless cursed people (are) not leaving (people), if anyone (is) asking to go for Salatu-l Cuma. They are not going and preventing their staff and workers to go to praying and (they are) threatening them, saying: “If you are going, I am sending you away!” and that (one is) fearing. For what fearing? That is big blame for mankind, for every people, particularly for Muslims that they are preventing prayings in spite (of being) Muslims. Lanatu-llah alayhim, Allah cursing them! More important: “I am too late, too late...” One hand putting this, another one... You must think on it-youngsters! Old people that they are tired and retired...

That is the reason that (the) whole Dunya just fell in a deepless ocean of troubles. You can’t find any place that they are saying: “Oh, we are happy...!” (There is a noise in the microphone, Sheikh is saying: “Shaitan! Very unhappy... look, he is blowing the whistle... close it! Close your telephones! You are making a way to enter here Shaitan

through your telephones... Alhamdulillah I am not putting...!”) Yes, Sir. Allahumma la haula wa la quwatta ila bi-llahil ‘Aliyu-l ‘Adhim!

(The) most important thing for mankind now (is) to make happy their egos, to make pleased Shaitan. They are not thinking to make their Lords pleasement and pleasure. They are running to welcome... they are welcoming Shaitan, but not their Lords Commands. What is your hope from such a people? 6 or more billion people (are) running after Shaitan, including Muslim territories, changing everything against (the) Holy Quran. They are saying: “Democracy!” Pakistan- democracy, Turkestan- democracy, in Ajemistan- democracy, in Egypt- democracy- all democracy. That is that Allah Almighty (is) getting angry with those people. No democracy in Islam, but there is Shariatullah, Holy Commands of Allah! You must obey or you should be taken away!

“What happened?” “Ah, my head!” Then (they are) putting (him) in that machine, saying: “(There is) something through your head. We are thinking a small creature” - that they are saying ‘virus’- “(is) coming on it and beginning to eat your mind.” “What we shall do?” “We must open your head and we must look where it is that virus...” Even under (the) microscope you can’t see it, (it is) so small! (They are) saying: “(There is) no any other way to save you, only to cut your head... We may cut your head and throw (it) away... “ “What (is) happening (then)?” “We shall, you are not new, you are not cosmopolitan?” “Yes.”

Cosmopolitan person, its head (is) just rotten, because in it (there is a) virus, you can’t... cut your head” and (they are) throwing (it) away and bringing another head. “Which head you prefer? There is donkeys head, there is cows head, there is fox head, there is wolf head, there is dragon head... Which one you (are) preferring?” “Audhu bi-llah!” “(There is) no way for you, we must change your head!” Abdur R.! There

is goats also, with beard also, better for you...

Allah the Creator, (The) Mighty, Almighty, All-Merciful, Almighty Allah, may send to that person a virus, and he is young and (there is) no any cure for that person, only to cut his head: throw away and go away! So many people now... every day they are cutting heads, looking: “Where is this (virus)...?” Don’t believe! Even (if) they are putting like such thing (to look inside the head)- don’t believe that they are looking and seeing something! No one (is) understanding what is the reason for that headache for them! Headache, making headache for mankind, Shaitan! Shaitan (is) sitting in their heads! (He) can’t enter, can’t enter heart, but (he) may enter (the) head, yes, Sir?... Sleeping? Ehhh...

Billions of people, they are on wrong way; no respect for their Lord, for their Creator, no obediency, no servanthood for their Lord. They are asking to live (free), because their teacher Shaitan (is) teaching them: “You must be free!” Free- from free what coming? Freedom. Yes, freedom. “You must be free! I am free one.”...” What do you want, o youngsters?” “We are asking freedom!” (They are) shouting on streets, thousands of people. For what? They are not knowing, but Shaitan (is) saying: “You must do this for your freedom.” (They are) changing one party to another, but people (are) never getting to be satisfied, (they are) saying: “We are asking freedom!” Ya Hu, that, this (is the) same also, so many parties, all (of them) same, (are) saying to you: “You should be free! We are coming for the freedom of our nation.” What happened?

Therefore- “You may be free to enter markets”, (and they are) taking everything inside and (they are) saying: “We are free for this, because our government (is) saying (that) we have been granted freedom!” “This car must be for me!” “Ya Hu, this is...” “I am free to take!” “That

plane must be for me!" "For what?" "We are so (many), 100 persons, a group, we must have that airplane for ourselves!"

Because the time is freedom of people, therefore (we are in the) worst situation that never passed like that time that we are in it through past time, no! No, because one King, one Emperor was looking after them.

Everything that (was) belonging to (the) Sultan, they can't be courage to come and to say: "I am taking this", because (the) Sultan (is) keeping, keeping his nation, not giving shaitanic freedom. Shaitanic freedom (is) making (the) whole world now to be angry, to be hungry, to be in (a) worst condition. That is the reason. Shaitan (is) their teacher, shaitanic teachings. They are teaching youngsters on such a subjects: "You must be free." When they are giving: "When we are graduating you, you must be free from everyone. Don't believe and don't follow those people whom they are saying (about) heavenly people, heavenly books, and about religions; don't believe to them!" Therefore you can't find anything from Holy Books through universities. They may bring the lowest persons writing as a book and (they are) saying: "It is very good for people." Yes, very good for bad people, but they are preventing (the) Holy Quran, (the) Old Testament, (the) New Testament and (the) Psalms, they are preventing, they are saying: "This is not a church, this is not a mosque, that is not a Tekke, a Dergah, no, this is freedom!"

Once I was in New York and people (were) taking me to (the) UN-center and one group of our people (that) has not praying Dhuhr (before), was praying and just (were) rushing on them so many guardians, shouting: "Oh, it is prohibited, forbidden, to make here any service of any religion! This is a free place, here there is no God!" Tu, Jahanamiyun! In such a way Muslim countries (are) going and representing themselves there. Allah

(is) cursing them! May Allah forgive us...

(It is a) bad condition, (the) worst condition now, therefore (is) coming such a thing that through (the) Old Testament, (the) New Testament it is well mentioned as a sign of (the) Last Day, Armageddon. (It) should be! From 6, if (there are) 6 billions, 5 billons must be taken away; killed and taken away. Only one, from every 6 one should be lived. Beware! First keep your Lords Rights, and Allah Almighty He is making guarantors on your rights on earth. If you are not keeping (His Rights), (there is) no guarantor from heavenly Guarantors for mankind. They are in front of fire.

May Allah forgive us! For the honour of the most honoured one in His divinely Presence S.Muhammad sws, Fatiha... So many people (are) going to be unhappy- they should find a day that they should say: “(The) Sheikh was saying truth!”... (The) first right (is the) Right of Allah; you must fulfil (it), then look after yourself. If you are beginning with shaitanic works, you (are) never going to be happy here or Hereafter...

Allahumma salli wa sallim ‘ala Nabiyina Muhammad alayhi salam, salatan tadumu wa tughda ilayh, mamarra layali wa tula dawam... Fatiha...

## Keeping Peace Is Best

La Ilaha Illa'Allah Sayyidina Muhammadun Rasulullah (sas). Our way is, we are trying to keep the orders which were sent to the Prophets by Allah Almighty. Allah Almighty sent Prophets. For what reason did He (swt) send them? To show us the ways we should take. Dastur O Holy Awliyas, the pure servants of Allah. How beautiful people are you- the awliyas. And the mu'mins/believers are those who walk in their way, that they know which way to go. They know the instructions that came to us from the Prophets. They say in their every act.. "May we remember the Name of Allah first. It is obligatory for the servant in his every act". They are those who say in their every act "Allah", Jalla Jalaluhu, Jalla Azamatuhu. O Lord You know. They teach Your Beautiful Name. Who says Allah finds peace & comfort. Who doesn't say falls into difficulties & troubles, they have nothing but this.

Therefore people (are of two kinds)- one is with Bismillah, the others are people without Bismillah. The people with Bismillah are those who say Bismillahi r-Rahmani r-Rahim. Who say Bismillahi r-Rahmani r-Rahim are the good servants. Who forget Bismillahi r-Rahmani r-Rahim are the no good, unpleasant people. And the earth does not want them to live on it. It wants to quake & destroy them because they don't say Allah, they don't remember the Holy Name of Allah Dhul Jalal. Say Bismillahi r-Rahmani r-Rahim. When you open your eyes in the morning, get up with Bismillahir-Rahmani r-Rahim. Be with Allah.You will find comfort. You will find peace. You will enjoy your life. Who forgets to say Allah is in difficulties because he has no helper.

Maybe there is shaytan who makes them go wild. It is shaytan's goal, purpose, to make people

animals belonging to him. He wants to make them animals, and ride on them. O man! Why do you become an animal for shaytan when you can be a servant to Allah? What can shaytan give you? All the disasters, troubles, fights, wars, and also all the disasters, earthquakes, fights, wars happen by shaytan driving people wild. Allah Almighty says "Wa As-Sulhu Khayrun" (4:128). Allah Almighty says "Making peace is better for you". And shaytan comes & says "No. What is sulh/peace? Peace is no good for you. You fight with each other & be the top ones. May every one of you become the ruler, the leader of his place. Whoever opposes you, fight with him. Burn, destroy, kill. Make troubles rain on people". May this be far away from us. Today the whole world has become like a toy in shaytan's hand.

His own country is not enough for the Russian; he says "I will rule the whole world". American says "No, I will rule". China says "What are you compared to us? We are like ants. It is we who should rule the world". Japan says "What do you know? We will crush your heads. We want to rule you also". There Greeks, here Turks, kill each other. Turk kills Turk, Arab kills Arab. It is such a terror that you don't know its beginning or end. Everybody has become wild because they don't say Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Remembering our Lord's Name means keeping His orders. Who keeps Allah's orders suffers no troubles in dunya, ands suffers no punishment in his grave nor will he be humiliated in mahshar. These are obvious matters.

Shaytan says "Don't believe. There is no such thing". If there is no such thing why do you (shaytan) come & try to make us wild? What benefit do you get out of this?" "My benefit is that mankind crushes each other, destroys, tortures, oppresses each other and it makes me very happy" says shaytan. "I am not at ease. Wherever there is a trouble, there is oppression, I dwell in that place. With disputes & claims where people say "Me! No me!..", I make the world upside down, burned, destroyed & get happy" says shaytan, alayhima yastahiq. "Fasta`idh Bil-Lahi Mina Ash-Shaytani Ar-Rajimi" (16:98). Allah Almighty says "O My servants, seek refuge with Me from the evil of shaytan" Say Audhu Billahi min al shaytan al rajim. Don't forget. If you say this, you are in safety. If you don't, shaytan rides on you & at that time you forget your servanthood to Allah & become an animal to shaytan. 99.9 % of dunya has now become the

animal of shaytan. He rides the people everywhere - destroying, burning. He made the nations all enemies to fight each other.

For his punishment, Allah Almighty is patient, as-Sabur. But when He (swt) wants, He (swt) finishes mankind, scare them. Suddenly a tornado comes. Where did it come from? Stop it, why don't you stop it with your technology? Suddenly floods come from the Heavens, & the earth becomes flooded. Why don't you stop it? You can't stop it. And sometimes snow comes. Tons of snow comes & falls on earth. People can't take shelter in their homes or in their villages or in their palaces. Why don't you stop it? You can't stop it. Oceans overflow. Why don't you stop it, stand against it with your technology? No. It can't be stopped with technology. "We have fleets. We have armor plates. We can command it with these" Ok then, go ahead & command. Their huge armor-plated fleets look so small in the oceans. If a big wave hits, it will destroy & sink it. They are not thinking.

Who don't say, "Allah", can't find goodness. Who say "Allah" find goodness, Allah Almighty shows them favor. Who doesn't say is destroyed together with shaytan. There are two kinds of people. One is the evil-faced ones. The other is Rahmani- when you look at his face, you become happy. And there are some others who are shaytani, you can't look at their faces- so ugly, so wild, so evil, so treacherous. May Allah not make us from them. Today Subhan Allah, people don't teach such things. They have so many heavy books in their schools. Neither the teachers, nor the students they teach, understand them. They don't allow the Name of Allah in their schools. Shame on them. They make them say "nature" instead. Nature. What is this nature? Tabeeat. What about this doga? They say "doga" in their invented language. What is this doga? Where is it? Where is it's location? How does it rule? Why don't you say? Is it nature which gives you life? Is it nature that created you?

The people of the 21st century are ashamed to say "Allah". Shame on them. Therefore their punishment is appointed. He makes tons of snow fall from the Heavens. He makes it to rain & everywhere is flooded. They have no homes, no shelters left. They themselves disappear also. It quakes once.. There was an earthquake in Haiti, maybe it was 10 years ago. 200 000 people died, they say. It is their island right? It is in the ocean. 200 000 people died, with one shake like

this. It is constantly quaking us lightly. No one says "Ya Rabbi, may You save us from these earthquakes, floods, snows" & go to mosques. "What can we do? The roads will be opened with the machines" they say. No, it can't be opened. If it snows or rains, it can't be stopped. If it doesn't snow or rain, no one can make it rain. O people, you have become crazy ones! You have become mad ones. Why don't you say Allah? You forgot Allah.

They are open to any calamity. Now there is manifestation of "Qahr/Dominance". Protect yourselves, say Allah, worship Allah, you will be saved. If not Cyprus will sink. will sink Turks, will sink Europe, will sink America. There are five continents. If He wants, He can make all submerged in water. Fear Allah. Your cannons, rifles can't do anything. Fear Allah. Say Allah & you will find safety. If not, you will suffer more. May Allah send us His servants who will wake us. Ya Rabbi Tawba Ya Rabbi, Tawba Ya Rabbi, Tawba Astaghfirullah.

When you get up, say Bismillahi r-Rahmani r-Rahim. Wash your face, make ablution. Pray the 2 rakats sunnah of fajr prayer, the 2 rakats of fardh. And say "O Lord, I am Your servant. May You make this day good for us. May You make us receive the goodness of this day. We seek refuge with You from the evils of this day. I live for You, O Lord" say this & Allah protects you. If not they will suffer more. Aman Ya Rabbi. Tawba Ya Rabbi, Tawba Ya Rabbi.

We may say Bismillahi r-Rahmani r-Rahim. O our Lord, for the honour of Your Beloved, this month is the holy month of Mawlid. May we be from the clean nations of our enlightened faced Prophet (sas). May we keep the ways he showed. They always smoke, always drink raqi, always do all kinds of dirty things. These people lost their humanity. May we not be from them. We should live for Allah. Our dunya will be happy & in akhirah there will be a paradise for us. O Lord, may You forgive us. May You send us from Your clean servants, from Your powerful servants who will show us Your Ways O Lord. May we be servants to You, worship You as much as we can, may we strive for it O Lord.

Shukur Allah we entered the month of Mawlid. Our honour is with our Prophet. Send Salatu Salam on him- "Allahumma salli ala Muhammadin wa ala Ali Muhammadin wa Sallim" everyday. Say this at least 100x a day- Say "Allahumma Salli.." the blessings of this holy month

come down on you, troubles be far from you. Love & respect each other. O people, be of Mankind. Don't be shaytan. The Prophet came to us to teach us humanity. Shaytan says "No, I will make you shaytan. I don't let you to be angels but I will make you shaytan" he says.

And the dunya fell into the hands of shaytan. We either pull ourselves together, return to Allah & be servants to Him or else it will finish. Aman Ya Rabbi, Tawba Ya Rabbi. Tawba Astaghfirullah. For the honour of Your Beloved, may You send us the Holy ones who will bring us to Your servanthood, who will teach Your servanthood. May You send those who have spiritual power that they save us from this dangerous situation O our Lord. Allahu Akbar Allahu Akbar Allahu Akbar. Call like this at least 3x a day. Say "Allahu Akbar" & Allah protects you. If not they are finished. Aman Ya Rabbi, Tawba Ya Rabbi, Tawba Astaghfirullah. We may say Bismillahi r-Rahmani r-Rahim & start doing the service, worship of Allah. May our hearts be full of joy & our bodies be in safety. May our dunya be happy & our akhirah be eternal. Al Fatiha.

I am weak. I am weak, I can't do anything. I am pushing myself to crush my ego, to make service, servanthood for Allah Almighty. What strength do we have left? May Allah Almighty send us from His holy servants who will protect us. Ya Rabbi Ya Allah. Tawba Ya Rabbi. Tawba Ya Rabbi, Tawba Astaghfirullah. You granted us to reach the morning in goodness. You granted us to prostrate to You with sajda. May we reach the evening with goodness, with barakah. May calamities be far away from the servants of the nation of Muhammad (sas). And us also- by keeping the orders of Allah, may Allah protect us from troubles, accidents.
La Ilaha Illa'Allah Sayyidina Muhammadun Rasulullah. Fatiha.

## Frieden schließen ist am besten

---

La ilaha illa Allah, Sayyidina Muhammadun Rasulullah (saws). Unser Weg ist, wir versuchen, die Befehle, die den Propheten gesandt wurden durch Allah den Allmächtigen, einzuhalten. Allah der Allmächtige sandte Propheten. Aus welchem Grund sandte Er (swt) sie? Um uns den Weg zu zeigen, den wir gehen sollten. Dastur o Heilige Awliya, die reinen Diener Allahs. Was

für schöne Menschen ihr seid, die Awliya. Und die Mu'mins, die Gläubigen sind jene, die auf ihren Wegen gehen, so daß sie wissen, wo es lang geht. Sie kennen die Anweisungen, die zu uns kamen von den Propheten. Sie sagen bei jeder Tat: 'Mögen wir den Namen Allahs zuerst erinnern. Es ist verpflichtend für den Diener in jeder seiner Handlungen.' Sie sind jene, die in jeder ihrer Taten 'Allah' Jalla Jalaluhu, Jalla Azamatuhu, sagen. O Herr, Du weißt. Sie lehren Deine schönen Namen. Die 'Allah' sagen, finden Frieden und Trost. Wer es nicht sagt, fällt in Schwierigkeiten und Probleme. Sie haben nichts.

Deshalb sind die Menschen von zwei Arten: Die eine ist mit Bismillah, die andere sind Menschen ohne Bismillah. Die Menschen mit Bismillah sind jene, die 'Bismillahi r-Rahmani r-Rahim' sagen ´. Die sagen 'Bismillahi r-Rahmani r-Rahim', sind die guten Diener. Die 'Bismillahi r-Rahmani r-Rahim vergessen, sind die unguten, unangenehmen Menschen. Und die Erde will nicht, daß sie auf ihr leben. Sie möchte beben und sie vernichten, weil sie nicht 'Allah' sagen. Sie erinnern nicht den Heiligen Namen Allahs Dhul Jalal. Sagt 'Bismillahi r-Rahmani r-Rahim'. Wenn ihr die Augen öffnet am Morgen, steht auf mit 'Bismillahi r-Rahmani r-Rahim'. Seid mit Allah. Ihr werdet Trost finden. Ihr werdet Frieden finden. Ihr werdet das Leben genießen. Wer vergißt 'Allah' zu sagen, ist in Schwierigkeiten, weil er keinen Helfer hat. Vielleicht ist Shaytan da und macht sie verrückt.

Es ist das Ziel, der Zweck Shaytans, aus den Menschen Tiere zu machen, die ihm gehören. Er will sie zu Tieren machen und auf ihnen reiten. O Mensch! Warum wirst du Tier für Shaytan, wenn du Diener für Allah sein kannst? Was kann Shaytan dir geben? All die Unglücke, Schwierigkeiten, Kämpfe, Kriege, und auch all die Unglücke, Erdbeben, Kämpfe, Kriege geschehen durch Shaytan, der die Menschen wild macht. Allah der Allmächtige sagt: "Wa s-Sulhu Khayrun" (4:128). Allah der Allmächtige sagt: Frieden zu machen, ist besser für euch. Und Shaytan kommt und sagt: 'Nein. Was ist Sulh, Frieden? Frieden ist nicht gut für euch. Kämpft ihr nur miteinander und seid an der Spitze. Möge jeder von euch der Herrscher werden, der Führer seines Ortes. Wer immer sich euch entgegenstellt, bekämpft ihn. Verbrennt, zerstört, tötet. Laßt Schwierigkeiten auf die Menschen herabregnen.' Möge das weit entfernt von uns sein. Heute ist die ganze Welt wie ein Spielzeug in der Hand Shaytans geworden. Sein eigenes Land

ist nicht genug für den Russen. Er sagt: Ich werde die ganze Welt regieren. Der Amerikaner sagt: Nein, ich regiere. China sagt: Was seid ihr im Vergleich mit uns? Wir sind wie Ameisen. Wir sind es, die die Welt beherrschen sollten. Japan sagt: Was wißt ihr schon? Wir werden eure Köpfe zerschmettern. Wir wollen euch auch beherrschen. Dort Griechen, hier Türken, töten einander. Türke tötet Türke. Araber tötet Araber. Es ist so ein Terror, das du seinen Anfang und sein Ende nicht kennst. Alle sind wild geworden, weil sie nicht 'Bismillahi r-Rahmani r-Rahim' sagen.

Bismillahi r-Rahmani r-Rahim. Unseres Herrn Namen zu erinnern, bedeutet, Seine Befehle einzuhalten. Wer Allah Befehle einhält, erleidet keine Schwierigkeiten in der Dunya und erleidet keine Bestrafung im Grab, noch wird er auf dem Mahshar gedemütigt. Dies sind eindeutige Dinge. Shaytan sagt: 'Glaubt es nicht. Es gibt so etwas nicht.' 'Wenn es so etwas nicht gibt, warum kommst du und versuchst, uns wild zu machen? Welchen Nutzen hast du davon?' 'Mein Nutzen ist, daß die Menschen sich gegenseitig vernichten, zerstören, quälen, unterdrücken, und das macht mich sehr glücklich,' sagt Shaytan. 'Ich fühle mich nicht wohl. Wo immer es Probleme gibt, Unterdrückung herrscht, an diesem Ort lebe ich. Mit Streit, und Ansprüchen, wo die Menschen sagen: Ich! Nein, ich! lasse ich die Welt auf dem Kopf stehen, brennen, zerstören und bin glücklich,' sagt Shaytan, `alayhima Yastahiq. "Fasta`idh Billahi mina sh-Shaytani r-Rajim" (16:98). Allah der Allmächtige sagt: 'O Meine Diener, sucht Zuflucht bei Mir vor dem Übel Shaytans.' Sagt: Audhu Billahi mina sh-shaytani r-rajim. Vergeßt das nicht. Wenn ihr das sagt, seid ihr in Sicherheit. Sonst reitet Shaytan auf euch, und in dem Moment vergeßt ihr euere Dienerschaft für Allah und werdet Tiere von Shaytan. 99,9 % der Dunya sind jetzt Tiere Shaytans geworden. Er reitet jetzt überall auf den Leuten, zerstört und brennt. Er machte die Nationen einander Feind, damit sie sich bekämpfen.

Für seine Bestrafung ist Allah der Allmächtige geduldig, as-Sabur. Aber wenn Er (swt) will, macht Er der Menschheit ein Ende, erschreckt sie. Plötzlich kommt ein Tornado. Woher kommt er? Haltet ihn auf! Warum haltet ihr ihn nicht auf mit euerer Technologie? Plötzlich kommen Sturzfluten von den Himmeln und die Erde wird überflutet. Warum haltet ihr sie nicht auf? Ihr könnt sie nicht aufhalten. Und manchmal kommt Schnee, Tonnen von Schnee kommen und

fallen auf die Erde. Die Menschen können keinen Schutz finden in ihren Häusern oder in ihren Dörfern oder in ihren Palästen. Warum haltet ihr ihn nicht auf? Ihr könnt ihn nicht aufhalten. Ozeane überfluten. Warum haltet ihr es nicht auf und steht dagegen mit euerer Technologie? Nein. Es kann nicht aufgehalten werden mit der Technologie. 'Wir haben Flotten. Wir haben Panzerplatten. Wir können es damit kommandieren.' Okay, dann nur zu! Kommandiert! Ihre riesigen gepanzerten Flotten sehen so klein aus auf den Ozeanen. Wenn eine große Welle sie trifft, zerstört sie sie und versenkt sie. Sie denken nicht. Wer nicht 'Allah' sagt, kann nichts Gutes finden. Wer 'Allah' sagt, findet Gutes, Allah der Allmächtige zeigt ihnen Seine Gunst. Wer es nicht sagt, wird zerstört zusammen mit Shaytan.

Es gibt zwei Arten von Menschen. Die einen sind die mit den bösen Gesichtern. Die anderen sind Rahmani, wenn du ihnen ins Gesicht siehst, wirst du glücklich. Und es gibt andere, die sind shaytanisch. Du kannst ihnen nicht ins Gesicht sehen, so häßlich, so wild, so böse, so heimtückisch. Möge Allah uns nicht zu ihnen gehören lassen. Heute, Subhanallah, lehren die Leute solche Dinge nicht. Sie haben so viele schwere Bücher in ihren Schulen. Weder die Lehrer, noch die Studenten, die sie unterrichten, verstehen sie. Sie erlauben nicht den Namen Allahs in ihren Schulen. Schande auf sie. Sie lassen sie 'Natur' sagen stattdessen. Natur. Was ist diese Natur? Tabiat. Was ist mit diesem Doga? Sie sagen 'Doga' in ihrer erfundenen Sprache. Was ist dieses Doga? Wo ist es? Wo ist sein Standort? Wie herrscht es? Warum sagt ihr das nicht? Ist es die Natur, die euch das Leben gibt? Ist es die Natur, die euch erschaffen hat? Die Menschen des 21. Jahrhunderts schämen sich, 'Allah' zu sagen. Schande auf sie.

Deshalb ist ihre Bestrafung festgelegt. Er läßt Tonnen von Schnee von den Himmeln fallen. Er läßt es regnen, und alles ist überflutet. Sie haben keine Häuser, keinen Schutz mehr. Sie selbst verschwinden auch. Es bebt einmal... Es gab ein Erdbeben in Haiti, vielleicht vor 10 Jahren. 200.000 Menschen starben, heißt es. Es ist ihre Insel, nicht wahr? Sie ist im Ozean. 200.000 Menschen starben mit einem derartigen Schütteln. Es bebt ständig leicht. Niemand sagt: 'Ya Rabbi, mögest Du uns vor diesen Erdbeben bewahren, diesen Fluten, Schneefällen', und in die Moscheen gehen. 'Was können wir tun? Die Straßen werden mit den Maschinen geöffnet,' sagen sie. Nein, sie können nicht geöffnet werden. Wenn es schneit oder regnet, kann es nicht

aufgehalten werden. Wenn es nicht schneit oder regnet, kann niemand den Regen hervorrufen. Leute, ihr seid verrückt geworden. Ihr seid wahnsinnig geworden. Warum sagt ihr nicht 'Allah'? Ihr habt Allah vergessen.

Sie sind offen für jedes Unglück. Jetzt gibt es eine Manifestation von Qahr, Dominanz. Schützt euch, sagt Allah. Dient Allah, ihr werdet gerettet. Wenn Zypern nicht sinkt, sinken die Türken, sinkt Europa, sinkt Amerika. Es gibt fünf Kontinente. Wenn Er will, kann er sie alle ins Wasser tauchen. Fürchtet Allah. Euere Kanonen, Gewehre können nichts ausrichten. Fürchtet Allah. Sagt 'Allah' und ihr werdet Sicherheit finden. Sonst werdet ihr mehr leiden. Möge Allah uns Seine Diener senden, die uns aufwecken werden. Ya Rabbi, Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Wenn ihr aufsteht, sagt 'Bismillahi r-Rahmani r-Rahim'. Wascht euer Gesicht, macht die rituelle Waschung, betet 2 Rakats Sunnah des Fajr Gebetes, die 2 Rakats des Fardh. Und sagt: 'O Herr, ich bin Dein Diener. Mögest Du diesen Tag gut für mich machen. Mögest Du uns das Gute dieses Tages zukommen lassen. Wir suchen Zuflucht bei Dir vor den Übeln dieses Tages. Ich lebe für Dich, o Herr.' Sagt das, und Allah wird euch schützen. Sonst werden sie mehr leiden. Aman ya Rabbi. Tawba ya Rabbi, Tawba ya Rabbi.

Wir sagen: Bismillahi r-Rahmani r-Rahim. Unser Herr, zu Ehren Deines Geliebten, dieser Monat ist der heilige Monat des Mawlid. Mögen wir zu den reinen Nationen unseres Propheten mit dem erleuchteten Gesicht (saws) gehören. Mögen wir die Wege einhalten, die er zeigte. Sie rauchen und trinken immer Raki. Sie machen immer alle Arten von schmutzigen Dingen. Diese Menschen verloren ihre Menschlichkeit. Mögen wir nicht zu ihnen gehören. Wir sollten für Allah leben. Unsere Dunya ist glücklich, und in der Akhira ist das Paradies für uns. Herr, vergib uns. Sende uns von Deinen reinen Dienern, von Deinen mächtigen Dienern, die uns Deine Wege zeigen, o Herr. Mögen wir Deine Diener sein, Dich anbeten, so viel wir können. Mögen wir danach streben, o Herr. Shukur Allah traten wir in den Monat des Mawlid ein. Unsere Ehre ist mit unserem Propheten. Sendet Salatu s-Salam auf ihn: Allahumma salli `ala Muhammadin wa `ala ali Muhammadin wa Sallim' jeden Tag. Sagt es wenigsten 100x am Tag. Sagt 'Allahumma Salli... Die Segnungen dieses heiligen Monats kommen auf euch herab, Schwierigkeiten bleiben euch fern. Liebt und respektiert einander. Leute, seid Menschheit. Seid nicht Shaytan. Der

Prophet kam zu uns, um uns Menschlichkeit zu lehren. Shaytan sagt: Nein, ich mache euch zu Shaytan. Ich lasse es nicht zu, daß ihr Engel seid, ich mache euch zu Shaytan, sagt er. Und die Dunya fiel in die Hände Shaytans.

Wir reißen uns entweder zusammen, kehren zu Allah zurück und sind Seine Diener oder sonst ist es zu Ende. Aman ya Rabbi, Tawba ya Rabbi. Tawba Astaghfirullah. Zu Ehren Deines Geliebten mögest Du uns die Heiligen senden, die uns zu Deiner Dienerschaft bringen, die uns Deine Dienerschaft lehren. Mögest Du jene senden, die geistige Macht haben, damit sie uns retten aus dieser gefährlichen Lage, o unser Herr. Allahu Akbar, Allahu Akbar, Allahu Akbar. Ruft so wenigstens 3x am Tag. Sagt 'Allahu Akbar' und Allah schützt euch. Sonst sind sie am Ende.

Aman ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Wir sagen Bismillahi r-Rahmani r-Rahim und beginnen den Dienst, die Anbetung Allahs. Mögen unsere Herzen voller Freude sein und unsere Körper in Sicherheit. Möge unsere Dunya glücklich und unsere Akhirah ewig sein. Al Fatiha. Ich bin schwach. Ich bin schwach. Ich kann nichts tun. Ich drücke mich selbst, um mein Ego niederzuwerfen, um Dienst zu tun, Dienerschaft für Allah den Allmächtigen. Welche Stärke ist uns geblieben? Möge Allah der Allmächtige uns von Seinen heiligen Dienern senden, die uns schützen. Ya Rabbi, ya Allah. Tawba ya Rabbi. Tawba ya Rabbi, Tawba Astaghfirullah. Du hast uns gewährt, den Morgen mit Gutem zu erreichen. Du hast uns gewährt, uns vor Dir niederzuwerfen in Sajda. Mögen wir den Abend mit Gutem erreichen, mit Barakah. Mögen Unglücke fern von den Dienern der Nation Muhammads (saws) und auch von uns sein, indem wir die Befehle Allahs einhalten. Möge Allah uns vor Schwierigkeiten, Unfällen schützen. La ilaha illa Allah, Sayyidina Muhammad Rasulullah. Fatiha.

## Keeping the Dead Alive

(Translated from Turkish)

As-salaamu `alaykum! Welcome! Baba Tahsin, Karadeniz usagi, man of the Black Sea (Northern Turkey). The brother who serves in our presence. Eee, he also fixed his hair and beard, which means he's trying to acquire Shaykhhood. (Mawlana Shaykh smiles) Doesn't matter...as a Shaykh, I'll send him to the people of the Black Sea. If you don't like, throw him in the sea. Hah, but even if you throw him in the sea, he won't fear and will swim like a fish. (Laughter)

As-salaamu `alaykum wa rahmatullahi wa barakaatuh. Haadiroon, those who are here, wa'l-ghaaiboon, and those `aqli-awwal (first minded) people who aren't present but follow the world through this satanic device from afar. "Ah, Shaykh Efendi, you mentioned aqli-awwal. Is there aqli-thaani (second minded) ones too?" `Aqli-awwal, for example, is Cübbeli Ahmed Efendi. `Aqli-thaani, for example, is Ofli Husamuddin Efendi. We are saying this as an example.

People are in need of suhbahs. When they are in need of suhbahs...everything has a procedure and a protocol. The most important thing is for those who are haadir, present, to listen according to adab. Therefore, in this suhbah, without a doubt, we say, Bismillahi 'r-Rahmaani 'r-Raheem, which is Allah Almighty's `Ismu Jaleel,

Majestic Name! (Mawlana Shaykh stands.) Stand up! Don't sit like a bear! When we mention the Name of Allah jalla wa `alaa, stand up at least one time. You'll make Allah Almighty pleased. And when we make mention of our Master, Rasoolu Kibriyaa (the Glorious Messenger), stand up, show your respect, glorify him; you'll find honor in this life and in the Next. Therefore, we stood up now. A`oodhu billahi min ash-Shaytaani 'r-rajeem. May Allah protect us against Shaytan and its representatives. Bismillahi 'r-Rahmaani 'r-Raheem. Earth and Heavens stand firm through Bismillahi 'r-Rahmaani 'r-Raheem! Don't be a fool! (Mawlana Shaykh sits.)

We are weak servants; our strength is not sufficient for anything. It's not sufficient. But the people of this era who've become wild, use their powers to oppress the weak. They don't say, "Let's oppress Shaytan, let's oppress the representatives of Shaytan," but they say, "Let's oppress the weak, the disabled, the poor." Whether these are men or women, they use their powers to oppress them. But they should know that they will not get away with it.

It is said: "None can escape from the punishment of evil actions." However, such a one, will make up things, saying, "I created the small mountains." Some rubbish people, when they presume upon their shaytans above, they say, "We created the small mountains." And the greater dragons amongst them, say, "We created the large mountains." But in fact, in an instant, something comes over them and they fall down! "What happened? Hurry! Let's take them to the hospital!" The doctors come and say, "O, our master is finished! There's nothing we can do for him. We should leave him to his Creator. We step back now."

Some clever ones say, "No, let's connect him to that machine: one battery from this side, one battery from that side, and another one from the other side. We should tell his relatives, 'Don't worry! Your father or your husband is under control. We've put him into intensive care--a new, modern technological term--and we hope that he never gets back up, but keep connected to that machine. If it's impossible for him to stand up, we can still keep him alive with the most modern technological equipment and you'll feel calm and relaxed. Even if he stays alive for three or five days, it's a benefit to you, but it's an even higher profit for us doctors. Because this one is someone who is finished, whose sun has set and who reached his destiny. However, in what we call, Intensive Care, we use such kinds of tools and equipment to maintain it.' We inform their children and families, 'Look, there he is, still alive.' We don't let them go near him. We just show the patient through the pencere, window."

Through a pencere (window) or a tencere (pot), O Baba Tahsin? What do they look through from? (Mawlana Shaykh impersonates Baba Tahsin) "Shaykh Efendi, they look into the pot. Why should they look to the window?" They say, "How much is going to fall into our pot? This one is leaving but before he leaves, they let us look through the window. But to look through this window is no use for us. We need to know what will enter in our pots! Besides, we don't want him to get up anyway; he has already reached his destiny. But these doctors keep fooling us, saying, 'Leave a small amount flowing in our direction too.'" These are the things they are doing.

This is something that is touching them now. You deny the Hereafter? Okay, how far will you ride your horse? Up to which border? "To such-and-such border." Alright, when you reach that border and the current touches you, they'll connect you to these machines in this room, whether you die or stay alive. And even if you do die, they have such capabilities with these new-way modern medicine where they can connect you and have you sit up. What did they do Baba Tahsin? "He entered into the oxygen tent."

O People of the Black Sea! Pay attention! Think deeply. Look, Baba Tahsin is one of you. My ancestors also come from that region. They consider us to be fools, huh? (Doctors say) "Look! Look, he's alive! We enable them to live." With what? "By inserting some wires and pipes from top to bottom and make it seem like they're breathing. If they can't speak, they make an eahh, eahh, eahh, eahh sound (moaning in pain). You know, like these dolls, Baba Tahsin. Haven't you ever seen these dolls before? When you push on them, they give out a sound, the same as this: they have some instruments where they push and (the patient) lets out an eahh, eahh, eahh sound, whereafter the doctors say, "He can stand up within a week."

"How is it possible for him to stand up, yahu?"

"How would you like us to do it?"

"Just leave him, don't help him up!"

"Don't worry. There are many others who come to this hospital. We're not to keep your patient forever here. We just want to milk him a little bit to get our share, then we'll leave him to you. After that, do whatever you want. Throw or sell him, it's up to you."

“But this one is in a condition where he can no longer be thrown or sold!”

What will happen then? He’ll get buried. His grave is awaiting. O you who think you are worth something! The soil, your grave is waiting for you too. Tell them not to go too far with their wildness.

One person’s curse may come upon them, and the arrow of unpredictable death will hit their heads and hearts, after which they won’'t be able to get up.

Be humane to humans. Be true. Be just. Say, "These too were created by Allah!" Don't make oppression! Police officers, don't oppress! Military Police, don't oppress! Soldiers, don't oppress! Governments, don't oppress! Bureaucracy, bureaucrats... One day you’ll be lowered into that pit and remain there alone! You’ll remain alone. Think!

This is a short suhbah. Who likes to wake up, wake up! They think we’re still at the start of the world. No, we reached the end of the world. We reached near the end of the world. Do you see these two fingers? (Pointing to his finger) If this is the lifespan of the world, we reached from here to here (from the base to the tip of the finger). There’s only a very tiny amount of time left.

What is the sign for that? People becoming wild and violent. If people have become wild, angry and violent, then from morning up to evening, await for the Day of Judgment to fall upon your heads. "There’s no such thing!" If there’s no such thing, you will soon see whether there is or not. Amaan yaa Rabbee! Please preserve us from bad endings!

O People, especially People of the Black Sea! We belong to them too. Beware! Keep your humanity. All prophets came and taught their people how to save themselves from wild characters so they may be clean, right, nice, and useful servants. You’ve thrown away all the teachings of the prophets! You don’t teach these in any of the schools.

O Bureaucrats! O Governments! There are events which you'll face. May Allah protect us from bad endings. Marhaba! These are just a few words, but it is an ibret, lesson for those who take advice. It is a suhbah. A life without suhbah is worthless.

The Ashaab (r), Companions of our Prophet (s), through sitting and listening to our Master’s (s) suhbahs,

became Sahaabah ‘l-Kiraam, Noble Companions. And when their names are mentioned, we say, radiyy Allahu`anhum, "May Allah be pleased with them.” Which one of your elders do you use this for today? Is there anyone left amongst you for whom you could say, "May Allah be pleased with him"?

What a pity! Listen to the word of Prophet (s)! Listen to the word of haqq, Truth! Make Allah Almighty (swt) pleased so that He may put you in His Paradises, free you from this world’s torment and make your face enlightened in the Hereafter. Allah, yaa Rabbee! Tawbah yaa Rabbee, tawbah astaghfirullah! Tawbah yaa Rabbee! Tawbah yaa Rabbee, tawbah astaghfirullah!

We’ve become sinful servants, yaa Rabbee! Send us those servants of Yours who can prevent and prohibit us from committing sins, yaa Rabbee! We’ve fallen into all kind of sins. “Our hoca smokes”--it’s a sin. “The people drink wine”--it’s a sin. “They gamble”--it’s forbidden, it’s a sin. “They go to bad places”--it’s a sin. “They go to the beaches, men and women mixed”--it’s a sin.

Look into the Book. Don't read the book of Shaytan! Read the book that was sent by Almighty Haqq, Mawlaa Muta`al (swt)! Listen to the words of our Master (s). Try to be a human being, to reach Allah’s Presence with an enlightened face. If not, you’ll get the stick, countless times until you die. Then also in the grave, then on the Day of Resurrection, then on Siraat al-Mustaqeem--and if you fall down, you are in a worse situation! Amaan yaa Rabbee!

In the past, they used to teach these type of things, but now they don't teach anymore. It is said, "If you don't teach, sooner or later you’ll get punished for it!" The ones at the top, who are responsible for the government, for the country, they have to state the prohibited actions in form of rules and say, "This is a sin. It’s the law; you're not allowed to act like this," and, "This is a good action, you must do it.” If you don't do this, you'll face difficult times.

The teachers of this time are not able to say anything. They ask, "What can we say, O Shaykh Efendi? We’re obliged to say what we’ve been ordered to say."

“Yahu! The government does not command. Emir, commandment is only for Allah Almighty and His Beloved (s). That is what you have to keep."
"But they don't leave us to act like this."

"If they don't, then pass that responsibility to them and say, 'Take and do it! We may go.'"

May Allah forgive us.

Marhaba! This was a short suhbah. What shall we do? Through such suhbahs, people come to know, love, understand, and help each other. Otherwise, they remain wild. Tawbah yaa Rabbee, tawbah astaghfirullah. There are also some who are unhappy with these suhbas. But what shall we do? If those resentful people give me a salary, they shall leave to pay it! (Laughter.) Whatever he's unhappy about, may it turn back and come on his head! Tawbah Ya Rabbi!

O People of the Black Sea! Be careful, keep your religion! Stay away from things that religion prohibits, otherwise, you'll be in regret. Tawbah yaa Rabbee, tawbah astaghfirullah!

Bismillahi 'r-Rahmaani 'r-Raheem.

Fatihah.

Live long, live long! Raise the banner of Islam and don't fear anything. Be a servant to Allah and an ummah to Prophet (s)! Ameen. May Allah (swt) provide us a happy and good ending.

Fatihah.

## We are keeping the way of the masters

Destur, ya Sayyidi, ya Sultanu-l Awliya...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...At tariqatu mar’ahu Sheikh...Destur ya Sayyidi, ya Rasulullah...Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah...

We are keeping the way of (the) masters- may Allah bless them and through their blessings His Mercy may reach to ourselves also. We are in need (of) blessings from Allah Almighty. When He is sending blessings? When He is happy with His servant, (He is) sending blessings on him! If He is not happy with His servant, (He is) not sending His blessings. And if blessings (are) not coming, cursing (is) coming (instead) and when cursing (is) coming, that person (is) never going to be successful here and Hereafter (and) he can’t be in safety here and Hereafter. Safety is (the) most important factor for our lives. If a person (is) fearing that means he is not in safety. If a person (is) in safety, (there is) going to be satisfaction through his heart (and) fear can’t be. Fear can’t be for those people who are in satisfaction, because they are feeling (the) safety and protection from Allah Almighty.

Therefore we have a saying in Islam through our traditional knowledge: “Al khainu khaifun”. ‘Khayin’ that means: that person promised to Allah Almighty to keep his promising, and- when he is keeping that divinely oath as he was promising to Allah Almighty the Day of Promises- then he feels through himself a satisfaction.

When satisfaction (is) coming, fear (is) leaving. But (those) whom (they are) not keeping their promises, they are going to be in fear and they can't feel a contentment through their hearts. They are always full with fear and when fear (is) running through the heart of a servant, his life (is) going to be bitter- (it has) no taste. A fearful person may eat something, but (he) can't take his pleasure from (what he is) eating, because there is a fear through himself. (Those) whom (they are) not keeping their promises in (the) divinely Presence fear must be through their hearts and their lives (are) never going to be a safe life, no, always they are fearing! He may be President, he may be King, he may be Prime Minister, he may be richest one, biggest business man- but fear always (is) hurting him and never leaving him to taste the pleasure of this life.

Don't say (that there is) no pleasure through this life, no! There is pleasure, here and Hereafter, for those who are keeping their promises and their Lord (is) pleased with them. When your Lord is going to be pleased with you, your life here should be a peaceful life, and you must be in pleasure! Even he may eat dry bread, even he may drink salty water, even he may live through a small hut, even he may live under a tent, (he) may live through (the) desert, (and) even he may be in prison- but he is tasting pleasure; he is never going to be displeased even through (that) prison or jail!

S. Yaqub's son, S.Yusuf, he was in prison so many years, but, because he was pleased with his Lord, Allah Almighty just was giving to him pleasure, even he was in a terrible jail; not (that kind of) jail (like) nowadays), that governments (are) giving every comfort to prisoners. (Still) they are unhappy; they are feeling that they are in prison. S.Yusuf a.s. he was in jail, but he was with Allah! He was with his Lord! (What) do you think? If you are going to be with your beloved one, with your darling, it is not important to be in a palace or to be in a jail, because (the) important point is that he is with your darling. He is asking his darling: "Oh my darling...!" If (there is) no darling with you, (even) if I am putting you in Buckingham Palace, you are saying: "Eh...(what is that palace to me)! I am asking my darling, but she is not there" or "he is not there- what I am going to do with (that) palace and its furniture? No (I am not happy)..."

The first man, our Grandfather Adam, a.s., he was in Paradise and he was going around, (and there was) everything, every beauty through Paradise, but (still) he was saying (: "Eh...") The Lord (was) knowing that he was unhappy, no pleasure (for him). He was unhappy, not pleased to be in Paradise. Looking palaces, looking trees, looking jewels- such beauty in Paradise, but (all of this was) never giving to him a full pleasure.

Then Allah Almighty (was) giving (a kind of sleep to Adam through). (For) some seconds or even for the 1/3 of a second it was coming to Adam not to sleep, but to be away from himself. If a person (is) sleeping, he is not through himself, no. (A) sleeping person is not with himself, no, he is leaving himself and sleeping. And Adam a.s. in a very short time a kind of sleeping (was) coming to him and (then he was) awakening. Through that time- that (there is) no any watch or instrument for measuring that time, that unit of time- (that Allah Almighty was) giving that (sleep) to Adam and quickly (he was) awakening- Allah just created our Grandmother Eva. Then Adam a.s. (was) opening his eyes and (he was) looking (and seeing her) and he was full with pleasure. He felt that just he reached the pleasure and pleasement that he had been asking. Just 1oo % contentment (was) coming to him and he was never looking (to) any other beauty through Paradises, no, only his eyes (were) going on her, (and he was) saying: “That one (is) filling my heart now with pleasure” and (he was calling her and) saying: “Come!” And our grandmother (was) saying: “No, you come!” (and he was getting up and going to her...) Then Paradise was full (for him)... If (even there was) nothing (else) from Paradise, his heart (would be) just full with (the) beauty of our Grandmother’s beauty; making him so pleased, full (with) pleasure! (So) if they were in a prison, they would never mind for being in jail or through a palace.

Now- Allah Almighty (was) sending our first Grandfather and Grandmother to be here, in this world, and Adam and Eve were happy to be on earth; (even) this is the world of troubles, of problems, of evil and devils, but they were happy. Through this (world) everything is hurting people, but they were happy with each other; they were feeling that: “Now we are in Paradise, real Paradise, because our hearts (are) in contentment and full with love.” And her beauty is enough, more than enough, because (it is more than the) beauty of all (the) palaces and gardens of Paradise...That is an example for people, (showing) that if a person (is) going to be with his beloved one, he may be everywhere and he should be happy and in pleasure. (And) if he is loosing his beloved one, (even) if you are putting him in (a) palace- not here, (but) even in Paradise- he is not going to take any pleasure (from it).

Therefore- Allah Almighty is giving pleasure to His servants here and Hereafter. (And the) pleasure that they are finding here Allah Almighty’s beloved servants (is) making them to be in Paradise (already) here (in this world). But whom (they are) not happy with their Lord, (their) Creator, everything (is) giving to them trouble, making them to be displeased and their hearts (are) going to be full with fear. And therefore there is

pleasure through this life, (but) not for those people that have billions of Dollars or Pounds or Euro! That millions or billions (are) never giving a pleasure or pleasement to them here. But (those people who are with their beloved one,) they may eat broken and dry bread or- as the Companions of S.Muhammad sws- they were eating only one or two dates through 24 hours and no bread, even no dry bread- but they were happy people; they were pleased and they were feeling that they are in safety, because they were with their beloved one!

O people, try to understand the heavenly Message! Try to understand the meaning of prophecy! You must try to understand for what Prophets were coming or for what they have been sent (and) then you should find a new atmosphere. When you are running in it, you can be pleased, you can be in pleasure; you should be happy (and) you should be in peace, if you are understanding what is the main purpose of sending messengers from Heavens to people. (When) you are following heavenly people that they are always related from earth to Heavens, you are entering in an atmosphere, (a) new atmosphere, that you are feeling the taste of life with pleasure and with pleasement!

If not- there in another atmosphere. If you are running in it, you may be (the) richest one, or (the) most powerful one on earth- but their atmosphere is going to be like (a) prison for these people. Even they have billions and palaces and power and titles- (but) their atmosphere is another. And believers' atmosphere is something else! Believers may taste (the) pleasure of (this) life, (but) unbelievers are (only) tasting the difficulties and bitterness of life; they are always in troubles, (in) sufferings and in miseries.

Oh people, look once again! Your life (is) just going to reach to an end. Before your life is coming to (its) end, look, in which atmosphere you are living! If you are not happy, that means you are on (the) wrong way and (in an) poisoned atmosphere. Change your atmosphere! (With) any steps, that you may step, if you (are) asking to change (your atmosphere) from (a) bad and poisoned atmosphere to (a) good atmosphere, you may change (it)! You may find (the) exit! (It is) not like on motorways or Autobahns (that) exits (are only) rarely coming, showing an exit here or (on) that side. But (to find the way) for the best atmosphere, Allah Almighty (is) making on every step an exit! (With) only one step you can change your atmosphere to (a) good atmosphere (and) you should be happy! You should be happy! Through your life you should be happy, when (you are) leaving this temporary life you should be pleased, when you are buried you should be pleased and when your soul (is) taken from you and sent to divinely Presence, you should be happy.

May Allah bless you and forgive me for the honour of His most honoured servant in His divinely Presence, S. Muhammad sws, Fatiha.

## O Muslim Governments! Keep Islamic Teachings!

(Mawlana shaykh stands) Dastoor yaa sayyidee. Mashaa-Allah. Laa hawla wa laa quwatta illa billah. Allahu Akbar, Allahu Akbar, Allahu Akbar! Laa ilaaha illa-Llahu Allahu Akbar, Allahu Akbar, Allahu akbar wa lillahi 'l-hamd. Allahuma zid habeebika `izzan wa sharafan, nooran wa suroora wa ridwaanan wa sultana. Ij`alnaa tahta liwaa'ihi yawmu 'l-qiyaamati yaa Rabba 'l-`Alameen. Wa `afuw `anna, wa 'ghfir lanaa, wa 'rhamnaa wa tub `alaynaa wa 'hdinaa, wa 'sqinaa wa aslih shaananaa wa shaan al-Muslimeen. Yaa Muslah as-saaliheen, aslih shaanana wa shaana `ibaadika ad-du`afaa, yaa Rabbi 'l-`Alameen. (Mawlana Shaykh sits)

Thumma 's-salaam `alaa Sahib az-Zamaan wa `alaa Qutb az-Zamaan, Qutb al-Mutasarrif wa 's-salaam `alaa jamee`i `ibaadillah as-saaliheen. Yaa Rabbee! ammanaa bi 's-salaam, yaa Rabba 'l `izzati wa 'l-`Azhamati wa 'l-Jabaroot. Nahnu `abeeduka ad-dua`faa.

We are weak servants, O our Lord. And we are saying, dastoor yaa RijaalAllah! A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh stands) We must try to give our most high respects when we are saying, Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh sits) SubhaanAllah, alhamdulillah, wa la ilaaha illa-Llah Allahu Akbar wa laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. We know nothing, and we can do nothing. Everything is from Your divinely grant from pre-Eternal up to Eternal. Eternity, Eternity, Eternity!

O People! O People! Run to Eternity, Eternity, Eternity! That is the biggest tiding for people, but they are not taking any care for it; Eternity.

O our Attenders! As-salaamu `alaykum! How are you feeling today? Are you filling your cases (with money)? Tring, tring, tring, "Eh, good today." Tring, tring, tring, "Not good today." What are you collecting, O heedless ones? You are collecting the dirtiness of this life and you are getting happy? O heedless ones! All of us are running after which thing? We are running after the dirtiness of this life. All the treasures of this life are nothing in the Divinely Presence, as the Seal of Prophets (s), the most high teacher for nations and for all Mankind was saying.

O our Salafi `ulamas! Why are you not repeating the holy words from the Seal of Prophets (s), Sayyidina Muhammad (s)? (Mawlana Shaykh stands)

•• •••• •••••• ••• ••• •••• •••• ••••• •• ••• •••••• •••• •••• •••

lawkaanat ad-dunya tazin`indallahi janaaha ba`ooda maa saqaa kaafir minha shurbatu maai, If this dunya weighed the wing of a mosquito, Allah (swt) would not have given a cup of water to any non-believer to drink.

True or not? What are you saying? (Mawlana Shaykh sits) Is it an imitated hadith? Not real? That means smaller than the wing of a fly, a mosquito. A mosquito is smaller than a fly. That is the Prophet's words and they are living words. The holy words of the Seal of Prophets (s) will never be out of time, always intact. All holy words of the Seal of Prophets (s), hadith, are living words. And those who are taking, or trying to take some share from the living words of the Seal of Prophets (s) daily are getting much more pleased and entering more into the Pleasure Oceans. Every word from the Seal of Prophets (s) is carrying people to the Oceans of Pleasure, the Oceans of Pleasement, the Oceans of Lights.

This is a very important saying of the Seal of Prophets (s), and he is the most true one throughout Creation; no one can be a true one more than the Seal of Prophets (s)! He is the only true one that is accepted in the Divine Presence. His words, every hadith, every holy saying from the Seal of Prophets (s) is sealed! Yes, a heavenly seal is on it. As much as you can give more respect to his words, you can reach more respectable levels in the Heavens. Therefore, leave so many useless maa laa ya`aneeh, “Matters of no concern to you.” Leave teaching your children such maa laa ya`aneeh, things that never give to them honor here or Hereafter.

O Salafi `ulamas! Why are you not saying to the majesty kings and sultans? Why are you not reminding them that everything they are teaching in their schools, its value is on zero point, zero level? And the most valuable knowledge is the knowledge of Prophet, peace be upon him, that he is yatalaqqa, receiving from Heavens. People who are living on Earth now are receiving their knowledge from shaytanic sources, not accepting anything heavenly. And prophets, peace be upon them, particularly the Seal of Prophets (s), takes his knowledge from heavenly sources. Why are you not teaching your children with such heavenly knowledge? And you are trying to make them learn something from shaytanic courses, saying, "O Shaykh! My son just finished his university and he has a degree now. But now we are sending him, over his knowledge there are some courses that the government sent him a new course." The government sends a new course to learn new things. Why are you not sending your children to learn from heavenly courses? What is the reason? Do you think that knowledge is only what you are knowing or learning? Over your learning and knowledge, there is no one else who knows? And Allah Almighty is saying: (Mawlana Shaykh stands)

•••••••• ••••• ••• •••••• •••••••

wa fawqa kulli dhi `ilmin `aleem, Above each knower there is a (higher) knower. (12:76)

Wa fawqa kulli dhi `ilmin `aleem! (Mawlana Shaykh sits) If you are finishing 100 courses, there is still 101. Finishing hundreds, then reaching a thousand. You may finish thousands of courses, but beyond it, there are new horizons of heavenly knowledge that is never-ending. Why are our Muslim governments filling their schools with shaytanic knowledge? Allah will ask them, and will ask to you: "O Salafi `ulamas and mulook and presidents and governments! Come here. Waqifoohum! Keep them! Don't give them a way to pass because they will be asked.” They will be asked like these `ulamas and mulook, they will be questioned on stations. Waqifoohum! Who is that “hum?” Everyone who has a responsibility should be asked.

And what is the benefit of asking? One benefit is that mulook, presidents, the chief of Muslim states, will be punished. They will be asked, "Why were you not teaching heavenly knowledge in your schools but you were always imitating western teachings? Why were you not giving value to heavenly knowledge?" What is going to be your answer, O mulook and `ulamas? You are filling your big buildings with shaytanic courses. Why are you not asking for heavenly courses? Why? You are trying to learn nothing for this life, for this dunya. And the Lord of Heavens is asking some else from heavenly knowledge, that He wants His Muslim servants to

learn. Where are those schools? Where are those courses? You are not hearing because you are deaf; you are not seeing because you are `amaa, blind; and you are not doing because there is no mind for you. Also, you are not able to do something because of your iraada, will; you are giving your will into the hands of shaytans. Shaytan is doing its full ghayrah, ghayrat, himmat, his last effort to teach you from itself.

Where are the schools that teach heavenly knowledge only; pure, heavenly knowledge that we are in need of? At least in some places they are mixing western knowledge with Islamic knowledges; mixing. And if we are giving mithaal, an example for an understanding, that means, you are bringing pure knowledge with shaytanic knowledge. Pure knowledge is clean, and western knowledge, which is from shaytanic sources, is dirty. Bringing (western knowledge) and putting it in pure knowledge, makes both of them to be thrown away. That is, at least they are mixing. You can't find in Hijaz, Saudi kingdom, and other sultans through Jazeeratul `Arab, Arabian peninsula; even in Egypt, Sudan, India or Pakistan. I'm not saying Turkey because they are never interested with anything that it is heavenly. They are saying, "We are not heavenly people to follow heavenly things; we are a secular system. We are denying everything about heavenly sources. We are never accepting; we are a secular system!" They never speak on it; throwing it away. Iranian, I dont know. Pakistan, also the same. And Malaysia, Indonesia and Egypt, Sudan, Morocco, Algeria, Tunis, Libya; all are on the same wrong way. They are doing their worst! They are not doing their best for Allah. Who is going to do his best for Allah? Those whom they are believing that heavenly sources are never-ending; Knowledge Oceans. No need to look at shaytanic sources. But they are saying, "O Shaykh! It is a new fashion. We must bring from western sources to mix with our knowledge."

Bring a pot of milk. If you are putting a little bit of dirtiness into that milk, you must throw it away. How are you bringing from western sources to your madaaris, schools and colleges and universities? Why are you saying “university”? “University,” no; it's “jaami`aa.” Why jaami`aa collects western knowledge with eastern knowledge? They are giving much more respect for western sources, making Islamic sources to be down, and bringing western sources to be up. That is the biggest wrong for Muslim countries. That way they are never going to be number one; always they should be zero. The one never accepts them to be in front, always putting zero behind one. Behind one, zero has no value. In front of one, zero is granted an honor. If one puts zero to its right, it's going to be 10; two zeros, going to be 100; three zeroes, going to be 1000. But behind it, on its left, if you are putting millions of zeros, it's still going to be zero. (Mawlana Shaykh laughs)

Throughout the Islamic world, whom they have been granted hikmah, wisdoms; there are no more left of those who run to reach Islamic Wisdom Oceans,hoodutsuz, unlimited sources. Western sources are like one smallest spot and Islamic sources are like endless oceans!

O our mulook and O no-mind people of Wahhabis! Leave this or that, quarreling with Muslims. Quarrel with your kings, with your governments, that they are bringing western sources and putting them on a "respected chair," and giving Islamic sources a "simple chair." Giving an honored chair for western sources, but for Islamic sources, they are giving one old chair: "You sit here!" That is the meaning.

O People! Come and listen. O our attenders! Try to learn, try to understand. If you are not understanding, your level is going under the level of animals. No more honor for you. O Muslim ummah! You must try to know to give value only to Islamic sources! We are not in need of western sources. But all of you are teaching only western sources in your universities. I am not happy, and everyone from heavenly ones are unhappy. Beware of Allah Almighty's punishment! Lahum khizyun fi 'd-dunya, “Shame on them in this world.”

•••••• •••••• ••• •••••••••• •••••••• ••• ••••••••• ••••••• •••••••

lahum khizyun fi 'd-dunya wa lahum fi 'l-aakhirati `adhaabun `azheemun, For them is shame in this world and a great punishment in the Everlasting Life. (5:33)

Should be khizyun, shame on them here, because they are leaving the heavenly book, Qur'an, the most glorified holy book, Qur'an `azheem ash-Shaan and they are running to western sources that have no meaning, no roots. No roots! Their knowledge is like fiter, mushroom! I may say to you what they are saying and you may laugh. Western sources are so proud and they are never accepting Islamic sources. What do they say about Creation? "In the beginning of this Creation, first of all, it was only one atom; looks like an egg, and that atom exploded and through first or less than first, going, changing, coming this and that, this and that, the Big Bang!" What is Shaytan teaching them? And our universities are saying, “That is through the Big Bang.” Ptuuh (spit) on their madhhab, to say, “Big Bang,” and they are throwing away holy books’ knowledge. They are feeling ashamed to say, “This Creation is a Creation and it needs a Creator Who has will power." Will is a Divinely Attribute, doing as He likes. They are not saying this, but they are saying, “Big Bang.” Ptuuh (spit) on their madhhab, their ways!

O People! Come and accept reality, or you should be lahum khizyun. Big shame will be for them on the Day of Resurrection; big shame coming to them. Leave that baatil, falsehood, leave it and come.

O all Mankind! Come and try to accept that heavenly knowledge from heavenly Knowledge Oceans. Then you should be happy and honored and glorified, here and Hereafter. May Allah forgive us.

Fatihah.

## Keep Sunnah for Your Outer Appearance

(Mawlana Shaykh stands.)
Madad yaa Sultan ul-Awliya. Allahu akbar, Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar wa lillahi 'l-hamd! Allahumma zidh Habeebak `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Bi jaahihi `indak ighfir lana w 'astoorna w 'arhamnaa wa ayyidi 'l-Islam wa 'l-Muslimeen yaa Rabbi 'l-`alameen! Tawbah yaa Rabbee. Tawbah yaa Rabbee. Tawbah, astaghfirullah. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.
(Mawlana Shaykh sits.)

Thumma salaamu `alayka yaa Sahib az-Zaman. Thumma salamu `alaykum yaa `IbaadAllahi 's-Saliheen. Thumma salamu `alayka yaa Qutb al-Mutassarif fee hadhihi 'l-majaal `ala hasab yujid amru 's-sama. As-salaamu `alaykum yaa `IbaadAllahi as-saliheen. Nastamid min roohaaniyyatikum.

I am asking heavenly support from heavenly people. We know nothing and we are asking to know, and to do as the Lord of Heavens is asking from His servants to do. And we are saying as-salaamu `alaykum, O our attenders who are taking pleasure from such meetings. O People! Don't ask for pleasure when you are getting into a bad condition. Don't ask for pleasure by drinking wines, or when you are dancing with ladies, no! That brings much more darkness on your real being, yes.

Our real being gives us pleasure or sometimes our real being is getting in dark areas, and can't be able to get out without heavenly light. Therefore, O people, when you are getting in darkness, that means power is cut off and you are running to find a candle, because you lost real lightening. And now 99 % or more people are falling into darkness, in spite that everywhere they are finding everything for pleasure for their physical beings. Yet their feelings are never getting to be satisfied, because it is not from a real center, and those lights are not coming to them.

Therefore, they are running to find a small candle to show them something, some things they see, but mostly they can't see. If a person is asking to see, that means he is a blind person and a blind person is always in fear because he is never knowing where he is putting his feet, not knowing. Therefore, blind people are always in fear. Sometimes they are using a stick in their hands to look, not look, but to find anything in front of them, or if any dangerous thing is coming on them, they are using this stick. And mostly blind people are not carrying a stick, they are in such a difficult position, and who is carrying a stick, a little bit their feelings are showing them the way and directing them in a direction that may be safe for them.

Now, people here on this planet, on dunya, billions of people, all of them are in a situation that they are never knowing anything what is going to happen for them. The coming events are always closed down, and they are not knowing. Coming events are only just opening for some special beings or some chosen or selected ones that have been authorized, and they have eyes. Therefore, just mentioned from beginning up to end, some people that are knowing about coming events and the Seal of Prophets (s) who had been granted the Holy Qur'an was saying.

O our Salafi `ulamas! You are saying, "We are `ulamas." They are making me to speak, I don't know, but they are making me to speak. About the Holy Qur'an we are saying, Umm ul-Kitaab, "Mother of Books," that all knowledge is coming from that holy book, yes. Don't look to European or western countries' books to learn something, we are not in need. Take away their universities, make them away. Say that, "We are Ummata Muhammad (s), (Mawlana Shaykh stands.) We are not in need of your knowledge!" (Mawlana Shaykh sits.) We are never going to learn from you anything, no! We have everything, we have been granted everything that we are in need of or we may be in need, everything we have! We are not needy to take from western countries' knowledge, no! It is not a valuable thing.

They have, for example, a shell covering a nut. I am trying to speak American style English today, "shelll." You must make your tongue like this also. (Mawlana Shaykh curls tongue and laughs.) O our mulook, you must learn also, "shelll." I must look in the mirror if my tongue is going to be like this also (curled), "shelll." They have such a "shelll" that in it they are not reaching. They only have an image as in shops they are making figures from plastic. You can look and you can say, "Oh! So beautiful ones here, so elegant people here, so beautiful ones here." But when you are touching, it is as a "shelll."

How is my English, O people? I am learning American English also, and London English, and Shakespeare English I am also speaking. From outside you are looking at those figures and saying, "So handsome, so beautiful figure," but when you are touching, it is a plastic figure. And knowledge that western countries are reaching through their efforts are only a shape or figure, and you can't find a real being in that figure. And our idiot learned people are looking to western countries and amazing. They are saying, "O, so beautiful, western countries' civilization, we are so mutakhkhir, retarded, backward." People lost roohu 'l-Islam, the spirit of Islam. I am sorry to say, this is a big blame for Muslim countries, Muslim authorities, Muslim scholars, and Muslim mulook, kings also! Yes, they are looking, "O, amazing 21st century civilization!"

"O my darling, how can we be if we are changing our cars to now because it is New Year, 2010?"
"O my darling, we may be patient and after three months, new fashion for 2011, it is better."

People are drunk in their out-looking (appearance). Their whole beings are running after such foolishness. That is Islamic world also, all of them are running after new fashions. And new fashions, all of them, are like new models, but they are using the same material and presenting to people, "Look at this new fashion that belongs to 2011." Out-looking taking whole nations, and it is blame for the Muslim world that they are running after western ways, running after fashion.

O Salafi `ulamas! Are you not knowing that Prophet (s) said, man tashabbaha bi qawmin fa-huwa minhum, “Who imitates a people is one of them.” Is it not true? Keep your personality and your Islamic identity! If anyone is looking, they may say, "This is a Muslim man or a Muslim lady." Europeans are making so many laws against Islamic dressing and the out-looking of people. In particular, in newspapers, France is preventing (Muslim women) to put veils on their faces. For what? Who are you to prevent that? Where are our `ulamas to say, "Faces may be covered!" Why they are not saying, man tashabbaha bi qawmin fa-huwa

minhum? What you are saying, claiming that you are doctors of Shari`ah? Where is Shari`ah and where are you!? We have power! Why are you not sending an ultimatum to French government? "You can't interfere with our ladies' dressing. If you are doing this, we are doing against your people! Anyone coming here with European dressing, they can't enter Damascus, Egypt, Iran, or Turkey!" Why are you not making this, why? Are you not fearing from Allah? Not fearing. If not fearing, Allah makes you down!

And this hadith shareef:

•• •••• •••• ••• ••••

man tashabbaha bi`qawmin fahuwa minhum, "Who imitates a people is one of them."

Don't buy and use cars in your countries. Doesn't matter if they may say, "Muta-akhkhir, backwards." They may say. Thousands of people are just killed or killing from car accidents but before time no one was dying when they were riding on camels or on horses. That is an important point and we are coming to say something, O doctors of Shari`ah! Shari`ah is not ill to need doctors. Shari`ah is a strong one. And you must listen and you must say yes to what they are making me to speak to you. I am not a person to prepare something to address whole people from east to west, west to east, north to south, south to north, but they are making me to speak on some points that you are on the wrong way. Islam coming with a holy book, Qur'an `azheemu 'sh-shaan, "a book of great significance," (Mawlana Shaykh stands.) that was brought and granted to the Seal of Prophets (s). Any book can't be over Holy Qur'an. (Mawlana Shaykh sits.)

O People! You must hear, listen and try to understand about our holy book, the Holy Qur'an, which had been sent to him, the Seal of Prophets (s), (Mawlana Shaykh stands.) Sayyidina Muhammad (s), he was granted the Holy Qur'an. (Mawlana Shaykh sits.) Yes `ulamas of Azhari 'sh-shareef, doctors of Shari`ah, why are you not saying what the Seal of Prophets (s), who had been granted the Holy Qur'an, said about it. Salafi `ulamas! Say, don't fear! How did the Seal of Prophets (s) give a description for the Holy Qur'an? Say the holy hadith! You are not remembering because your minds are occupied, full with the thinking of western nonsense. Empty your minds and you can understand. The description that the Seal of Prophets (s) was saying about the Holy Qur'an:

•••• •••• ••• ••• •• ••••• • •••• •• •••••

feehi khabaru maa qablakum wa naba'u maa ba`dakum, "The Book of Allah: in it is the history of those before you and what shall come after you."

Is that OK or not? Am I speaking wrong? Never! They are making my tongue to speak the truth. I am shouting to the whole Muslim world!

Whole `ulamas must teach and have good calligraphers to write in gold letters about the description of Holy Qur'an, feehi khabaru maa qablakum wa naba'u maa ba`dakum, "In it is information about what was before you and tidings of what is after you." Write this and put it everywhere. You are not doing that. You are running to be doctors of Shar`iah. Doctors huh? That (description of Holy Qur'an) is enough for whole nations. Especially for the Seal of Prophets' (s) nation, (Mawlana Shaykh stands.) Ummatan Muhammad (s)! Must be known, must be written everywhere about the Holy Qur'an, feehi khabaru maa qablakum wa naba'u maa ba`dakum. (Mawlana Shaykh sits.) Ayatu 'l-Kareema. If you are not getting satisfied (with the hadith), O `ulamas, I am saying from the Holy Qur'an. That one was holy hadith shareef. (Mawlana Shaykh stands.) Allah Almighty is saying:

•••• •••••••••• ••• ••••••••• ••• ••••••

Maa farratna fi 'l-Kitaabi min shay, Nothing have We omitted from the Book. (6:38)

Haqq or baatil? How are you running like this and like that and Allah Almighty is everything that mankind may ask, learn, do and may find in the holy verse, Maa farratna fi 'l-Kitaabi min shay, "We did not leave out anything in this holy book." (Mawlana Shaykh sits.) SadaqAllahu `l-azheem. Allahu akbar. Ghaflatuna (we are heedless). You are writing in universities, "No holy books can enter in our universities." That is the yanbu`, spring of kufr. You must teach whole nations, but before whole nations, particularly Muslims must know that is hadith shareef and that is Allah Almighty's holy words: Maa farratna fi 'l-Kitaabi min shay. That means that anything mankind asks, they can find it. But the key must be granted from heavens for an opening; and when you are running into the dirtiness of western countries, you are never given that key to open those endless treasures.

May Allah forgive us.

Tawbah yaa Rabbee. Tawbah yaa Rabbee. Tawbah astaghfirullah. Blame for the whole ummah.

(Mawlana Shaykh sings.)

Dome dome dome dome 4x

I am blaming my ego. You are `ulamas, astifloo, as you like. Look, who is giving an objection on these words, up to morning their coffins going to be ready to take such foolish ones to cemetery.

Allah! Allah! Laa illaha il Allah, laa illaha il Allah!

Dome dome dome dome 8x

Fatihah.

Alhamdulilah. Mashaa-Allah, mashaa-Allah, mashaa-Allah! Where is Shaykh Hisham? (Singapore)

# KEEP THE WORLD IN YOUR HANDS do not put IT INTO YOUR HEART

I am speaking of a tale from our Grandsheikh Abdullah concerning this dunya and its value in front of Awliya, saints. The story happened in the time of Abdul Qadir Jilani, a great saint from a royal family. Once a learned man intended to visit him, and traveled from Baghdad with two silver piasters tied in his belt, thinking he perhaps might be in need for it. On reaching the palace of Sheikh Abdul Qadir he saw a big hall with rich carpets and couches. People were sitting at a feast in pairs. For each were one lamb and three turkeys. There was too much glory and pomp. The scholar was surprised, and in his heart thought: “This is a famous sheikh. How can he live a king’s life? A sheikh must be an ascetic.” The sheikh called him “Oh scholar, come here. Don’t think that way because all the world to us is not as valuable as those two piasters tied in your belt are to you. When we are giving freely, not afraid, we are holding the world in our hands like a man picking up a dirty thing he holds it with the tips of his fingernails and then drops it in the first suitable place. We are giving where there is need, not hoarding treasures.”

When something comes to you, use it for yourself and for others, don’t put the treasures of this world in your heart. You must not be like others. Love is for Allah Almighty, not for this life.

You may earn from this world as much as you can; it is free for earning, but you must know that you must leave it one day. The best way is to keep it in the hands, not in the heart. Depthless sorrow is for the one who dies and yet he loves the world's treasures. No worry if you are keeping the whole world in your hand, but not in your heart.

Once a kind died who had so many treasures. When his son came to the throne, his first order to the chief wazir was: "Open my father's treasures and give them away, all of them." The wazir was too much surprised: "How can we give to everyone, each will only get such a little bit? Better for us is to say to every one to bring a piece of silver the weight of a barley grain. Then we will have a second treasure." He replied: "Oh my wazir, this is not a good mentality. It is enough that my father guarded those treasures throughout his life. I am not going to be their guardian. I am giving for the sake of Allah Almighty." Some people dreamt of the dead king, and they saw his body had turned into earth, but his eyes were rolling in their place. Asking the new king for the meaning, he told them: "His eyes are looking for his treasure. He has no rest in his tomb, he is longing still for what he left in this world."

I heard in London that many people, especially ladies, are keeping their jewels in bank vaults. It is impossible to wear so much; a powerful horse is needed to carry them. From time to time, the people visit and try on one after another on their necks, and arms, polishing and then leaving. What is the benefit of those jewels if you cannot carry them with you? I am saying. "Oh people, all jewels in the banks belong to me, but I can't carry them, so I am leaving them there also." I am better off than they are, because if they are stolen, I am not sorry. If it is stolen from them they would surely cry and beat themselves. Everyone who says 'This is for me', and thinks to protect it, on losing it, he will be sorry. If he is not thinking: 'This is for me', then he will not be sorry, even if the whole world goes away. Everything you own from this world will be sorrow for you. As much as having nothing, you are free. No sorrow for the heart, if it is thinking: 'the whole world is not for me; the owner is our Lord. He gives as He likes and takes as He likes'.

## O Muslims! Keep to Our Traditional Ways

Allah, Allah. Dastoor, yaa Sayyidee. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah Sayyidina wa Nabiyyina Mawlana Muhammadun Muhammadun Rasoolullah sall-Allahu `alayhi thumma 's-salaatu wa 's-salaamu `alayka `ala jami`eei 'l-anbiyaa wa 'l-awliya wa `alaa man tabi`ahum bi ihsaan ila yawmi 'd-deen.

(Mawlana Shaykh sits.) Madad, yaa RijaalAllah.

As salaamu `alaykum our Attenders and Listeners! It is not important to be an attender or listener; it is important to understand. So many people may be attending, millions of people may be attending and listening, but they are not understanding. Understanding ones are only a handful of people. They are valuable in the Divinely Presence and in the heavenly presence of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

As-salaamu `alaykum, all saints, all believers, all good-tiding people, all good-working people. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem, bismillahi 'r-Rahmani 'r-Raheem. We must try to run away from the power of evil. We have been asked to run away from evil, whose teacher is Shaytan. And Shaytan is making countless trips to trap people, trying to take people from clean waters to dirty sewage

channels. On one side are the prophets, and on another side, Shaytan. People are mostly after shaytanic ways, taking care for Shaytan and its ways, because they are finding a kind of pleasure when running in sewage channels. And they are not clean, they are dirty ones.

People are going to be in two sects: one, clean ones and the second, dirty ones. People living in this world are either clean or dirty. The Lord of Heavens (swt) is showing clean springs that give people a new pleasure every time, and making them to follow the prophets because they are giving people from heavenly springs. And the second are drunk ones running after dirty channels. If someone tastes from dirty channels, they quickly become accustomed to drinking that, as a person who is accustomed to drink wine every night, thinking about those drinks, to give him a little bit in pleasure. That is the position of common people accustomed to drink from dirtiness, taking pleasure from those dirty drinks.

You never find anything in dirty, sewage channels except for big rats. "We are commanding, 'O People! Come, follow us; you will be like us, happy in sewage. We are commanders here! We are kings! We are queens! And we are giving everyone who is joining us, a private title. Come here! (Mawlana Shaykh rings a bell, to summons.) O People! Come to sewage channels! We are giving you what you are asking for - titles!!'" People are asking, and when they are getting in, there is no way to save them. They are saying, "We were having the best dream, but now we are here!" If all prophets came together at the same time, to say, "Come to our side, you will find such sweet things! Follow us!" They would answer, "No! We haven't any time to follow you, we are here, one step and we are in." That is the mentality of drunk people.

We are asking forgiveness and safety from our Lord, not to fall in. Now, in our days, the Last Day is approaching as prophets declared, and warned people against every evil and against devils; you find them everywhere, full. They are preparing this life for making people physically and spiritually drunk! If they are seeing a good person in their clean life, walking on clean lines, following the prophets, the majority of them will say, "O, this is an old-fashioned one!"

They never ask to taste what those good, clean ones, are tasting. Shaytan, who is asking all people to follow him, is advertising to common people, everywhere, "Follow us to a high life! Follow us! A tasteful life! Come to us!" That is now the main purpose of the whole world, to run into sewage channels and never come out. They are even asking to die in it, such, that all dunya and all its people are never interested in spirituality.

They say, "This just passed away, old-fashioned people may do that. We are modern people and we must follow our material being first, to satisfy it, and then if we can find time we may follow you." Can you ever imagine a rat asking to leave sewage channels to look at what is clean? You can't find that! They are born in it, they live in it, and they will die in it! I am sorry to say that people are claiming, "We just reached the top point of civilization." What is your civilization? Give us an understanding of the word "civilization."

I am asking all `ulamas now, what is your effort? What are you doing against that? People are running in dirty channels. Muslim `ulamas, what is your opinion of what we are saying? Particularly Salafu ‘s-Salih. What are you doing to make people follow the ways of Salafu ‘s-Salih, the good ones that passed away? If anyone is asking are you telling them "leave this or leave that." Are you saying it? No, you are not saying, that it is kufr! You must learn O Salafu 's-Salih `ulamas that the lifestyle of people now, is real kufr! Their lifestyle, from east to west and north to south is kufr!!! That is not the way that Allah Almighty is saying, astaidhubillah,(Mawlana Shaykh stands.)

••••••• •••••• •••••••• •••••••••••••

Inna haadhaa siraatee mustaqeema, Verily, this is My way, leading straight. (Al-An`am 6:153)

Ayatu 'l-kareema? Haqq! Where is that lifestyle now? (Mawlana Shaykh sits.) Say! You must say, and you must begin with the lifestyle of the Seal of Prophets (s)! People may be kings, presidents, sultans, but you must begin saying, "Your lifestyle is against the heavenly rules of Islam. As long as you are living it, it is not for you to be on our side." You can't answer the Lord of Heavens on the Day of Resurrection! On the Day of Judgment, the Lord of Heavens will call everyone! O Salafi `ulamas! Why are you not teaching? Why are you not warning that their governing style is not Islamic? `Ulamas, doctors of Shari`ah, why are you not warning? "O People! Your lifestyle is not Islamic!" Why? Because you also are in that western lifestyle, and all Muslim countries are asking to open their hearts, their mentalities, their minds to western understanding!

The western understanding of real religion is just different from the understanding of Muslims. The real Salafu ‘s-Salih understood that western philosophy is not for you. Look to the sun-rising territories (eastern philosophies); enjoy this rising sun in oriental countries. Why are oriental countries saying that the best lifestyle is western, and they like western imagination and thinking? It is not Islam. Islam never accepts this; Islam rejects western lifestyles, because they are on wrong ways which are not clean. How will Allah Almighty

support you (in that lifestyle)? And now the whole `aalam al-Islam, Muslim world is under the control of western countries? Why? Why are we accepting them and not establishing our real lifestyle?! Our Islamic lifestyle is so clear, like a moon on a full-moon-night, so bright! They are using black eyeglasses for Islam now, but for a western lifestyle they look through pink (rose-colored) eyeglasses, saying, "O! How beautiful and suitable for humanism." In Humanism (a branch of western philosophy), everything is coming from western countries. Why are you following them?

O `ulamas! You fear atomic bombs, and if so, you are not real believers. You must only fear Allah Almighty! He is dressing (believers) in heavenly armor. If the Lord of Heavens dresses his servants in heavenly armor, nothing can touch them! If they are not His servants, they will fear even a virus, saying, "That virus can kill us!" It can't kill unless the Lord of Heavens gives His permission; without it, that virus can never kill anyone, so don't fear! W 'attaqullah, w 'attaqullah, Trust in Allah! You must fear Allah Almighty.

O `ulamas! Why are you not examining school programs (curricula)? You are trying to make Man into the Lord of Heavens! If a human dies, how can he be a founder or a creator? Which one of them created anything? Why are you following that one when you and he are on the same line? How are you insisting to make monuments and statues, (like those in the time of ) Sayyidina `Ibraheem? O `ulamas, are you reciting the Holy Qur'an as a book of fairy tales? You think it is so? I don't think you are reciting it to gain understanding or a real meaning from that holy book.

Abraham, peace be upon him, lived among a nation of people that made idols, saying, "This one can do this, and that one can do that." And Abraham, peace be upon him, was the highest one among angels and prophets, after the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.) And he said, "O People! You are carving rocks, giving them a form and a name. That is 'Deus,' king of gods. What is that? A real god must have a power, such that it covers east and west, north and south, from the heavens to under the ground! One God is enough to do everything. How many 'gods' do you have? If they had the same power they would quarrel with each other, but you are making their forms (they did not create themselves). What is this foolishness? The Lord of Heavens can do anything. Why don't you understand that this world is created by 'Someone' that you can't understand; only as a drop for an ocean? Which one of your gods has such power? You may give it a form but you can't give it an authority or a power! How can it be your god if it was fashioned by your hands?" But people are heedless and drunk, never thinking on it.

I never heard the Lord of Heavens being discussed among students and professors in a university. Why are you not saying Salafi `ulamas? You only know how to say, "Don't do this because it is bid`a, kufr, m`aasiyyah, haraam, shirk!" Why are you keeping your tongue from speaking the Truth? Why are governments not putting holy books with endless Knowledge Oceans in universities to teach the young about their Creator? That is the core of this crisis. If everyone were to know his position in front of his Creator, that he has a big manor (domain) that he could reach, then he is going to say, Allah Hu Rabbee! Allah Hu Rabbee! La yazaal. (Mawlana Shaykh stands and sits.) We must change.

O People from east and west! The Lord of Heavens is asking from all of us to change our lifestyle and live according to holy commands. If not, then you will be punished here and Hereafter. Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah astaghfirullah!

Fatihah.

Everything O people! Everything in existence they have a tongue for praising and glorifying their Creator, their Lord. Try to know it O people. This is a very humble association that it is granted to all of us for the honour of most honoured time of year. Most honoured month through year, through 12 months most praised and honoured month this Holy month. O people! Come and try to glorify your Lord Almighty Allah. Through this Holy month try to reach a Holiness from the Creator, the Creator of whole creation. Try to reach a Holiness from your Creator Allah Almighty to be holy one. Holy ones they are clean ones and O people, no one can enter to Heavenly levels if they are not clean ones. Must be pure and clean for reaching to Heavenly levels.

O people! It is a very short and humble association. I know nothing but for the honour of my Holy master reaching to my soul, to my spiritual being something to give people an enjoyment and to give people a hope. Never-ending pleasure, never-ending pleasure and ocean pleasement that is what we are asking and the Almighty granting and presenting and His presence never-ending. His endless blessings, endless praising, endless pleasure, endless Heavenly grant, grant He has and He likes to give to grant to His creation.
O people! Don't think that Lord of Heavens created countless creation no one knowing when began creation and when appeared creatures in existence. No one knowing and where their ending no one knowing. Never-ending that grant from their Creator. Don't think that the Lord of Heavens, the Lord of creation created any creature to punishment or to burn them through fire but He is asking to show and to grant from His endless, endless generosity kalam. Must be another word for Allah Almighty endlessly generosity but their must be one word, you must know it, Ikraam. Ikraam that means to give every creature what they should be happy and enjoyful and in pleasure.

Allah Subhanahu wa Ta`ala but He is putting one condition. O people! I like to grant to you, grant more that generosity, I like to show My generosity endlessly to you but...(no sound) Never-ending but only I like from you... We are speaking now there is a celebration and a king, for example, a king's golden jubilee he is inviting so many people not taking from street but high level people inviting them to grant to them something

according to his generosity and according to his ability, according his richness, wealth and power. Do you think that those whom they are invited coming with their ordinary clothes to be present in that celebration? Everyone taking care to be seen much more heybet glory on himself coming because it is a high presence, high or highest occasion or event. It is high ijtima`a, meeting. Meeting coming kings, coming prince, coming honour people taking full ornaments taking and coming.

You, O My servants, I am inviting you and you are not trying to come to My Heavenly Presence without taking your ornaments. It is Holy verse for what Allah Almighty ordering when you are coming to My invitation to be, to grant to be your best respects, best actions that you did. You are coming best place on earth it is mosques. Now there is a bombarding on Wahabi people and Salafi people. What is that bombarding?

••• ••••• ••••• ••••••• •••••••••••• ••••• ••••• •••••••••

"khudhoo zeenatakam it is a holy verse, `inda kull masjid - O Children of Adam! wear your beautiful apparel at every time and place of prayer" 7:31

Allah Almighty ordering people to bring to His blessed places a good ornament, use their everything from best kind to make people that it is not only ornament, decoration. Through mosques take your best decoration. Salafi? They are using from mosque building best materials and also inside they were decorating with best decoration but now Wahabi, Salafi never putting Holy names and beloved ones and Sahaba and Ahlu 'l-bayt. They never happy to be decorated inside of their mosques. You are thinking when you are entering you are entering a warehouse. And Allah order, they are Arabs not understanding what does it mean take every best decoration for My worshipping places. People must enter mosque feel a pleasure through looking there and making sajdah for Allah. They are running into it making it like warehouse putting sometimes mats, nothing there. Holy names not there. They are so proud. O people! What is written on the Saaq of `Arsh? Saaq al-`Arsh, the main pillar that `Arsh on it what written? We don’t know. How you don’t know? It is written on Holy throne of Allah Almighty la ilaha ill- Llah Muhammadu'rRasullulah!

What is that foolishness and ignorance that you are not knowing? Because and also their is another meaning and everyone going to mosque must take their best clothes and from best clothes it is turban, not like this not like that. But this is most perfect. Prophet (s) was putting, how they are denying that Prophet saying:

••••••• ••••• ••••• •••• ••••• ••••••• ••• •••• ••••

"al-`ama'imu tjiaan al-`arab idhaa wada`uha wada`allahu `izzahum - The turbans are crowns of the Arabs, Who put it down, Allah put him down"

O people turban is for Arabs like crowns. Why not putting on their heads? I know, because they are not, it is not for them their heads not such a head to carry crown because not everyone can carry crown. Crown for Arabs, Arabs first thrown away and Wahabi not putting turban. And Prophets saying, particularly saying it is not a lie, no! It is written through our Holy books, hadith shareef they before, they are putting their turban down and Prophet warning them O Arabs when you are taking from your heads crown, turban this putting no more glory for them, no more respect from other nations to them. That is what's happening. I'm sorry to say.

Even there is soldiers dressing on their heads caps like soldier of ahlu 'l-kufr this is a bombarding for whole Arabs. They must dress, they must put turban on their heads to be glorified and respected as long as they putting down nothing giving them respect. Even if they have millions, trillions dollars but never giving them a greatness. O whole Arabs! I'm saying to you look listen and throw away from your heads that it is not from Muslims. Putting on crowns you should run on the feet of unbelievers. That is what is happening. That is also ornament of praying people when they are going to mosque putting on hat? I'm sorry I must curse some people that they are doing against the Seal of Prophets. Put on your head then no cursing touching from you. If not putting, you should be down always.

....Muslims on high level Allahu Akbar wa lillahi 'l-hamd

This is a humble association and Allah Almighty who is speaking Haqq. We are putting on our heads to be crowns on our heads, turban. O people! Come don't try to be like unbelievers. O people! Use your real ornaments. Therefore, saying, you must get in mosques and from your ornament to put on your head, no, go and look it is Holy Ramadan. How many people all of them like this. It is not full respect, full respect to put this, that is angels signs. When angels coming the day of Badr battle Prophet was seeing coming angels and with their turban. Prophet's turban like this was when he was looking angels coming on their horses with turban and their turban like this and he leaving this side also down and saying he did first Rasulullah (s) and whole Sahaba doing it. Then saying, O my companions, al-malaikat qad tasawamoo, sawamoo wa inn al-

malaikat qa tasawamat - the angels have put tails on their turbans, so put tails as the angels have done. Looking now if you are putting on your head they are looking like this. If looking seeing this (tail) they are looking like a person going to fire their faces so bad, so ugly, so dirty, so ugly face coming. Laa hawla wa la quwwatta (illa billah).

O our Lord! You know, we don't know. You must say you must build masjid in such a way perfect. People must be happy to run in it, and also your clothes to be full ornament on you and to be written that, your name may be written that this one just following Sunnah of Seal of Prophets.

May Allah forgive us.
Dum dum dum
O whole angels coming down with their turban, dum dum
Follow the Sunnah of the Seal of Prophets to be first one entering Paradise after Rasulullah (s)
Dum dum dum

Fatiha.

## Keep your Lights

Bismillah ar-Rahman ar-Rahim Allahu Akbar Allahu Akbar la Ilaha illa Allah w'Allahu Akbar, Allahu Akbar wa Lillahi Al Hamd alfu salam alfu salat ala Sayyid al Awwalin wal Akhirin Sayyidina Muhammad (sas), ishfa'lana Ya Rasulullah. Audhu Billahi min al shaytan al-rajim Bismillah ar-Rahman ar-Rahim

“Wa Ma Arsalnaka Illa Rahmatan Lil Alamina. We sent you not, except as a Mercy for all Creation” (21:107)

Assalamu alaykum o servants of Allah (swt) Assalamu alaykum O believers men & ladies. May our Lord accept from me and from you, accept our best. Try to be good servants, it is a holy month, Mawlid an-Nabi, Milad an-Nabi, (sas) Increase your praisings, make much more praising and blessing upon Sayid al Awwalin wal Akhirin. We are saying, audhu Billahi min al shaytan al-rajim Bismillah ar-Rahman ar-Rahim. We are happy that we have reached most holy month, Rabi'ul Awwal, in which Allah Almighty is sending His most beloved servant Sayidina Muhammad (sas) to be a Mercy for all nations.

But, I am sorry to say that even the Muslim world are not following advices of the Seal of Prophets (sas). And so many, so many heavy punishments coming on mankind.
O people, come and say, Astaghfirullah, Astaghfirullah. We repent and turn to you, O our Lord.

Ooohh... O people, everywhere for Muslim world according to High Command of Allah almighty, saying: Dhakkir - remind. Remind people that Last Day, approaching. Everyone is going to die, everyone is going to pass away. Where are they going? Everyone is asking and going to Divine Presence of Allah almighty. Try to make your face in Lights of Islam. Keep yourself, keep your lights, keep the 'Nur' that Allah almighty granted to you. O people, don't fight each other, Allah prohibits killing His servants. And now, tyrants killing innocent people.

O people, ask from Allah almighty, Libyan people, Egyptian people, Turkish people, Syrian people, Arab people, Hind people, Ajam people, asking from Allah almighty to send to you one of His... He knows, one of His... Sultans, to collect you under the holy flag of the Seal of Prophets (sas). O people come and listen, if you are not listening, heavenly punishment, day by day approaching. Ask O Muslim World, Khalifah, Khilafat al Islamiyah. Allah almighty says

“Wa A`tasimu Bihabli Allahi Jami`an Wa La Tafarraqu. And hold fast, all of you together to the Rope of Allah and be not divided"(3:103)
Being divided - bringing so many heavy punishments, O people. "and be not divided" (3:103)

O Arab World, come and ask for a Deputy of Allah on Earth, and give your oath to him and sit down, and follow Orders of Heavens. There is no other way for Muslim world. O people, a very difficult time, we are in it. And, Allah almighty's punishment little by little, coming on people. But they say 'It is from nature'. Not nature but (from) Allah almighty Who created everything and nature also, giving to you a caution, 'O people take your caution,' because the last Day is approaching, and everyone is going to pass away quickly, up to the end of 15th Century of Islam. May Allah forgive us, O people. I am weak, I am asking from Allah almighty and His most beloved servant, (asking) for his honour, to reach good things with Mahdi (as) and Isa (as), but I don't know, I don't know, I don't know.

And all Awliya are asking, to do something, but, everything must reach to their last point, from which to move. Reaching there, everything is going to be
"Kun Fayakunu." Be! and it is! (36:82)

Saying 'Be!' And everything is going to be according to Heavenly program. Don't run after dunya, but run to reach your Lord's pleasure. Nothing else! If He is pleased with you, you are pleased forever. If He is not

pleased with you, up to infinity, that person is going to be in troubles, and he is losing his chance for paradises. O people, pray for me, pray for everyone so that, they are able to reach those brilliant days with Mahdi (as) and with Jesus Christ (pbuh). Therefore, Seal of Prophets (sas) I am asking forgiveness, from Allah almighty, after forgiveness, coming blessings.

May Allah bless you, O Mankind. O Mankind, keep your ways, ...keep your ways to reach the Seal of Prophets (sas), you will be happy here and Hereafter. May Allah forgive me and forgive you, forgive everyone who is on wrong way, and sends Mahdi (as) to take us on Right Way May Allah give His Mercy on me, on you, on mankind, and make shaytan down, down, down.

May Allah send us His Mercy one drop is enough to clean... Ya Rabbi!

Assalamu alaykum

Fatiha.. Baya'

Bismillahi r-Rahmani r-Rahim. Allahu Akbar Allahu Akbar La ilaha illa Allah wa Allahu Akbar Allahu Akbar wa Lillahi l-Hamd. Alfu Salam alfu Salat ala Sayyidi l-Awwalin wa l-Akhirin, Sayyidina Muhammad (saws), ishfa'lana ya Rasulullah. Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. Und Wir haben dich nur als Barmherzigkeit für die gesamte Schöpfung gesandt. (21:107) As-salamu alaykum, Diener Allahs (swt). As-salamu alaykum, Gläubige, Männer und Frauen. Möge unser Herr es von mir und von euch annehmen, unser Bestes. Versucht, gute Diener zu sein. Dies ist ein heiliger Monat, Mawlid an-Nabi, Milad an-Nabi (saws). Erhöht eueren Lobpreis, macht viel mehr Lobpreis und Segnung auf den Sayyid al-Awwalin wa l-Akhirin. Wir sagen: Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. Wir sind glücklich, daß wir den heiligen Monat Rabi'ul Awwal erreicht haben, in dem Allah der Allmächtige Seinen Meistgeliebten Diener sendet, Sayyidina Muhammad (saws), um eine Barmherzigkeit für alle Nationen zu sein. Aber ich muß leider sagen, daß selbst die muslimische Welt den Ratschlägen des Siegels der Propheten (saws) nicht folgt. Und so viele, so viele schwere Strafen kommen auf die Menschheit. Leute, kommt und

sagt: Astaghfirullah, Astaghfirullah. Wir bereuen und wenden uns zu Dir, o unser Herr. Ooohh...
Leute, überall heißt es für die muslimische Welt, gemäß des Hohen Befehlsstabs von Allah dem Allmächtigen: Dhakkir - Erinnere. Erinnere die Leute, daß der Letzte Tag näherkommt. Alle werden sterben, alle werden dahingehen. Wohin gehen sie? Jeder fragt und geht in die Göttliche Gegenwart von Allah dem Allmächtigen. Versucht, euer Gesicht mit den Lichtern des Islam zu schmücken. Bewahrt euch selbst, bewahrt euer Licht, haltet fest am 'Nur', das Allah der Allmächtige euch gewährt hat. Leute, bekämpft euch nicht gegenseitig. Allah verbietet es Seinen Dienern zu töten. Und jetzt töten Tyrannen unschuldige Leute. Leute, bittet Allah den Allmächtigen, Lybier, Ägypter, Türken, Syrer, Araber, Inder, Perser, bittet Allah den Allmächtigen, euch einen Seiner... Er weiß es, einen Seiner Sultane zu senden, um euch unter der heiligen Fahne des Siegels der Propheten (saws) zu versammeln. Leute kommt und hört zu. Wenn ihr nicht zuhört, nähert sich die himmlische Strafe von Tag zu Tag. Erbittet, o muslimische Welt, den Khalifa, Khilafat al Islamiyyah. Allah der Allmächtige sagt: "Und haltet alle fest am Seil Allahs und geht nicht auseinander." (3:103) Gespaltensein bringt so viele schwere Strafen, ihr Leute. "und seid nicht gespalten" (3:103) Arabische Welt, kommt und bittet um einen Stellvertreter Allahs auf Erden und gebt ihm eueren Eid und setzt euch und folgt den Befehlen der Himmel. Es gibt keinen anderen Weg für die muslimische Welt. Leute, es ist eine sehr schwierige Zeit, in der wir uns befinden. Und die Strafe Allahs des Allmächtigen kommt Stück für Stück auf die Leute herab. Sie aber sagen: 'Es kommt von der Natur.' Nicht die Natur,
sondern Allah der Allmächtige, Der alles erschuf, auch die Natur, gibt euch eine Warnung: Ihr Leute, seid vorsichtig, denn der Letzte Tag kommt näher, und jeder wird schnell dahingehen +bis zum Ende des 15. Jahrhunderts des Islam. Möge Allah uns vergeben.
Ihr Leute, ich bin schwach. Ich erbitte von Allah dem Allmächtigen und von Seinem meistgeliebten Diener, seine Ehre, um gute Dinge mit Mahdi (as) und Isa (as) zu erlangen, aber ich weiß nicht, ich weiß nicht, ich weiß nicht. Und alle Awliya wollen etwas tun, aber alles muß seinen letzten Punkt erreichen, von wo aus es sich bewegt. Wenn es dort angekommen ist, wird alles sein "Sei!" und "Es ist!" (36:82) Es heißt 'Sei!' und alles wird sein gemäß dem Himmlischen Programm. Lauft nicht der Dunya hinterher, sondern strebt nach dem Wohlwollen Allahs. Sonst nichts! Wenn Er zufrieden mit euch ist, seid ihr für immer zufrieden. Wenn Er nicht mit euch zufrieden ist, bis in alle Ewigkeit wird diese Person in Schwierigkeiten sein und seine Chance für das Paradies verlieren. O Leute, betet für mich, betet für alle, so daß sie diese glänzenden Tage mit Mahdi (as) und Jesus Christus (as) erreichen können. Deshalb, Siegel der Propheten (saws), bitte ich Allah den

Allmächtigen um Vergebung. Nach der Vergebung kommt der Segen. Möge Allah euch segnen, Menschheit. Menschheit, haltet eueren Weg ein, haltet eueren Weg ein, das Siegel der Propheten (saws) zu erreichen, und ihr werdet glücklich hier und im Jenseits. Möge Allah mir und euch und allen, die auf dem falschen Weg sind, vergeben, und Mahdi (as) schicken, um uns auf den Rechten Weg zu bringen. Möge Allah Seine Barmherzigkeit auf mich, auf dich, auf die Menschheit herabkommen lassen und Shaytan herunter, herunter, herunter kommen lassen. Möge Allah uns Seine Barmherzigkeit senden. Ein Tropfen reicht aus zur Reinigung.. Ya Rabbi. As-salamu alaykum. Fatiha. Baya'

## Keep yourself with your Lord

(telephone talk)

Sheikh Nazim: As salaamu alaykum.
*Zero: Alaykum salaam Sheikh Nazim. How are you?*
SN: Thank you, how are you?
*Z: Al hamdulillah. Sheikh Nazim, people are really asking, what is happening?*
SN: Why they are asking?
*Z: Well, they want to know what you are saying to this, because it is big.*
SN: Perhaps I am sending a message to the whole world through the internet.
*Z: All right. What about the people who died, are they shahids (martyrs)?*
SN: We are believing that if a person burns here, Allah will never burn them in the next world. Therefore they are now free ones. Just in lights and happiness. No-one is asking to come back to this dirty life.
*Z: But if there is a big war, are all the people who are killed in the war shahids?*
SN: Some of them, some of them ... according to their intentions.
*Z: But this time, what happened in New York, all of them are shahids?*
SN: All of them just died mazlum, zulub.

*Z: What about the big reaction now, is it going to happen before Ramadan, or after Ramadan?*

SN: Rajab ... Rajabun ajaaibun ... Rajab, the coming month is loaded with such big events, Allah knows ...

*Z: But the Hadith says that the war will not start until Shawal ...*

SN: There is a Hadith that the Biggest War and also the conquering of Constantinopel going to be through 6 months and Mehdi also must be there and 7th month going to come Anti Christ, therefore they may begin.

*Z: But that means there will be a war during Ramadan? Is that allowed?*

SN: Perhaps going to be in Shawwal.

*Z: Starting?*

SN: Ah ha ...

*Z: So for this moment right now is it safe for people to be travelling?*

SN: I don't want people to travel if no need. Everyone may keep their positions and taking something for one month or more or as they can be able to keep something and also not to travel here and there if it is not necessary even not going out people, particularly night time, no-one without obligation, not getting out. There is danger.

*Z: Sheikh Nazim, in that big Naqshbandi Book which Sheikh Hisham wrote, he is writing that Grandsheikh said that in the end in the Big War Americans and Muslims will be on the same side?*

SN: Allah knows. We are asking to be people with true ones, from every nation true ones are coming together now: from Arabs, from Americans, from Turks, from Russians, from Pakistan, from Belushistan, from every kind of people they are running to true ones now. To find a true one and to join to them, because only those who will be with true ones will be saved through this very dangerous situation.

*Z: Any special prayer we can do in this time now?*

SN: "Hasbun Allah wa njimal wakil."

*Z: How many?*

SN: At least 100 times. And "La ilaha illa llah Muhammadur Rasul Allah, ssalla llahu 'alayhi wa sallam." And "Allahumma ssalli 'ala Muhammadin wa 'ala ali Muhammadin wa sallim". And "Bismi llahi r-rahmani rra him". All 100, 100 up to 1000.

*Z: All right ...*

SN: No bad intentions to anyone, to kill them, to assault on them, to cheat them, to thief them. All carrying Divinely Revenge on them. No-one can save them. Only good-intention people who never intend any harm to anyone from every nation they should be saved and bad-intention-people should be taken away. And

sadjda ... must put their heads for Allah to sadjda. And every nation, every Christian or Jewish people who are giving their most highest respects in a position on their knees must do this daily 5 times. Look who is needy to give a sadaqa, a charity. Without a charity no-one to sleep. And keep (look after) your neighbour. Don't smoke, leave smoking and leave drinking and try to be good-ones. Not to curse anyone. Because cursing coming back on that person. Do you understand?

*Z: Yes.*

SN: OK.

*Z: So Sheikh Nazim, thank you. And is it important to know who did it?*

SN: God saying, subhanahu wa ta'ala, just "I did it". No-one can do this. But it is something which belongs to first Heaven which is protected. People are saying UFOs, but they are not under that name, but as Allah the Almighty is saying through the Holy Quran that angels are protecting the first Heaven and throwing against shaitan's "shahab", running (shooting) stars on them. Understand? No, it is impossible to make a plan on such a perfection. No-one can be able. If they may do on paper, but to practise and to bring it into acting it is so difficult. Such a person must be an iron-hearted person to be able to do such a thing. Therefore I am not accusing anyone from any nation that they did it. But my hearing that Allah Almighty by His Orders just happening this. And He knows what is the wisdom. I do not like to speak on it longly.

*Z: Thank you Sheikh Nazim.*

SN: My heart is sad, very sad what happened. But we cannot stop what is Allah Almighty's Will because Last Days we are in it and such an unexpected events should appear, yet coming more. Keep yourself with your Lord and you should be in safety. And your Lord you cannot find except through his awliya (Holy People). All those who will be around the true-ones and the friends of Allah they should be saved and blessings on them and protectings on them. Keep it well.

*Z: Thank you.*

SN: Send my salaams to everyone!

## KEINE ANGST VOR KRIEG

Alle Furcht beruht auf schwachem Glauben. Wenn wir starken Glauben hätten, wären wir nicht besorgt über Kriege, oder daß wir sterben, denn wir würden an das ewige Leben glauben und daran, daß wir nicht nur Wesen mit einem physischen Körper sind, mit 60 oder 70 Kilogramm Fleisch. Wenn wir nur unser Gewicht an Knochen und Fleisch betrachten würden, müßten wir wirklich fürchten zu sterben, und daß dann alles zu Ende wäre. Wenn wir aber an einen spirituellen Körper glauben, müssen wir wissen, daß die Seele niemals stirbt. Der physische Körper lebt durch die Seele. Dieser Körper schaut und sieht mit der Seele. Wenn es keine Seele gäbe, könnten die Augen nicht sehen, die Ohren nicht hören, die Zunge nicht sprechen, die Hände nicht halten und die Füße nicht gehen. Es gäbe keine Gefühle.

Deshalb frage ich euch: Warum habt ihr Angst vor Krieg? Er kann nur unseren physischen Körper berühren und vielleicht zerstören, doch unsere Seele behält ihre Fähigkeit zu gehen, zu sprechen, niemals wird sie krank oder müde, hungrig oder durstig. Sie verliert nie ihre Kraft, verliert nie ihre Vollkommenheit - ihre Schönheit ist für immer. Deshalb denken die, die über Krieg nachdenken, nur an den Tod des physischen Körpers. Sie sind Leute, die sich selbst nie richtig verstanden haben. Sie kennen alles um sich herum, doch nicht sich selbst. So viele Diplome haben sie, doch sie wissen nichts über sich selber. Und dann werden sie auch noch von schlechten unsichtbaren Kräften unterstützt, das ist das große Problem der Menschheit des 20. Jahrhunderts. Ich erzähle Eduardo nichts darüber, wie er sich vor dem Tod schützen kann, denn der Tod

begegnet jedem - auch ohne Krieg. Er mag 1000 Jahre alt werden, doch der Tod wird ihm letztendlich begegnen. Und der Tod ist da, weil unsere Seelen nach Freiheit von dem Gefängnis des Körpers verlangen.

Du mußt dich trainieren, du mußt üben, jederzeit und überall auf den Anblick des Todes gefaßt zu sein. Und du mußt das, was danach kommt, so erwarten, wie der Gefangene auf den Gefängniswärter wartet, der ihm die Tür aufmacht und ihn freiläßt. Alle Propheten und Heilige schauen nur nach den Wächtern, sie halten Ausschau nach dem Tod, denn sie wissen, daß sie durch die physische Struktur des Körpers eingesperrt sind, und daß ihre Seele unter der Kontrolle des Egos ist und nur sehr wenig durch die Augen sehen kann. Alle Kraft, die unsere Seele hat, wird durch diesen physischen Körper begrenzt und eingeengt. Ursprünglich ist die Kraft der Seele unbegrenzt, sie kann zugleich zu den Himmeln und unter die Erde sehen. Wer über das wirkliche Sein der Seele Bescheid weiß, will auch zur wirklichen Seele gelangen und ihre Kraft erhalten. Sie sind nur dann glücklich, wenn sie sterben und das Gefängnis verlassen und das Universum erreichen. Keine Seele dort stört die andere, sie sind in einem endlosen Meer, das für alle zugleich ist. Keiner behindert die Freiheit des anderen, jeder ist unabhängig in einem Königreich für sich alleine. Diese Leute haben wirkliches Wissen über sich selbst. Wenn einer zu diesen Weisen kommt, dann eröffnet sich ihm ein unendliches Wissen über Allah den Allmächtigen, sie führen ihn von einem Meer zum anderen mit immer neuem Wissen von Allah. Wenn sie die göttlichen Meere finden, dann tauchen sie in sie ein mit endloser Freude. Wir versuchen den Leuten etwas über sich selbst zu geben, so daß sie durch dieses Wissen in die göttlichen Meere des Wissens eintauchen und für immer in endloser Freude leben können. Dies ist für jeden möglich, der Interesse an seinem eigenen Wesen hat.

All dies steht im heiligen Koran und in den heiligen Büchern, im Alten und im Neuen Testament, und ich bringe euch die Bedeutung dessen anhand einer Stelle im heiligen Koran, anhand der Geschichte von Pharao und seinen Zauberern: Als alle von Pharaos Zauberern sich niederwarfen und an Moses glaubten und an seine Überbringung von Allahs Botschaft für die Menschen, war Pharao sehr ärgerlich über sie. Er sagte, daß er ihnen die Hände und Füße abhacken lassen und sie an Palmen aufhängen würde. Die Zauberer sagten: "Es macht uns nichts aus. Alles, was du auch tun magst, wirkt nur auf unseren Körper, nicht auf unsere Seelen. Wir haben keine Angst vor dir, unsere Seelen werden frei sein, und unser Körper ist ohne die Seele nur wie ein Stück Holz. Verbrenne ihn, wenn du willst, unsere Seele verläßt ihn." Der Koran ist wie ein Meer, er gibt für alles eine Antwort. Wenn der Koran etwas über alte Zeiten erzählt, kannst du darin zukünftige Ereignisse

erkennen. Fürchte dich vor nichts und niemandem. Eine Berührung, und die Seele verläßt den Körper, und er ist nur noch Erde, und du kannst von oben zuschauen, was sie damit machen.

## Keine Erlaubnis (für einen Besuch länger als drei Tage)

(InstructionsOnTravel, engl.)

Im Libanon zu sein ist besser. Der Libanon ist auf dem Festland. Hier sind so viele Leute und ringsum ist Wasser. Schiffe kommen und gehen. Die Leute sind hier wie in einem Gefängnis. Hier sind so viele militärische Stützpunkte. Es rückt näher. Das ist wie mit einem Streichholz, das plötzlich entzündet wird. Die Türkei, Damaskus, der mittlere Osten, alle. Dann Russland, China. Möge Allah uns bewahren.

Darum schaute ich als es in Ägypten begann, oder in Tunesien. Das ist der Beginn von Armageddon. Es wurde begonnen, die Tyrannen wegzunehmen und himmlische Kräfte kommen.
Ihre Zeit ist vorbei. Einer nach dem anderen wird weggenommen. Tunesien, Algerien, Lybien, Ägypten, Damaskus, Palästina. Türkei, Iran, Hijaz. Sie alle.

Ich sage euch nicht, dass ihr noch länger dort bleiben sollt. Es ist weit weg. Wenn der Krieg beginnt, wird es keine zivile Luftfahrt mehr geben. Sie wäre unter Beschuss. Und es ist kein kurzer Weg von Kalifornien bis hier. Wenn Sie nicht länger bleiben möchten, dann schauen Sie mal. Sie können immer mit Sheykh Hisham in Kontakt bleiben, sehen was er tut, was er macht. Sie wollen auch hierher kommen. Leute fragen um Erlaubnis zu kommen. Wenn sie näher an Zypern dran sind, dann ja. Für 3 Tage. Nicht mehr. Wenn etwas

passiert sollen sie schnell nach Hause zurück können. Wenn es losgeht, gibt es keinen Grund für einen Besuch hier.

Allahu akbar, allahu akbar...

## Kein Erfolg ohne Disziplin

Ya Sayyidi Shah Naqshband. Tariqatuna s-ssuhba wa l-khairu min al-jam'iyyah. Sie sind Anfänger. Und wir versuchen, den höchst ausgezeichneten Naqshibandi-Orden zu üben. Der höchst angesehene Naqshibandi-Orden läßt den Schülern keine Toleranz, denn es ist wie mit einem Flugzeug: Es läuft auf dem Rollfeld, und es beginnt mit zehn Meilen pro Stunde, beschleunigt dann auf 40, 50, 60. Das bedeutet, die Disziplin wird größer und stärker. Verlangte das Flugzeug vom Kapitän, daß ihm Toleranz eingeräumt wird, wird es gefährlich, denn das Flugzeug kann auf dem Rollfeld kippen oder hinaufsteigen und nach einer Weile hinunterfallen. Das ist die Bedeutung von Toleranz. Der Kapitän mag dem Flugzeug solange Toleranz gewähren, wie es sich auf die Rollbahn zubewegt. Hat es die Rollbahn erreicht, gibt es keine Toleranz mehr. Der Antrieb erhöht sich, es steigt auf, steigt auf, mit mehr und mehr Geschwindigkeit. Wir sind jetzt Anfänger wie das Flugzeug auf dem Flughafen, das noch nicht auf dem Rollfeld ist. Deshalb akzeptieren wir, was wir tun, es stört nicht und macht nichts. Aber wenn der Befehl vom Kontrollturm kommt und lautet: „Los!“, gibt es keine Toleranz mehr. Nein. Jetzt bewegen wir uns von Osten nach Westen, von rechts nach links – macht nichts. Aber wenn vom Turm des Propheten der Befehl an Großscheich ergeht, gibt es keine Toleranz mehr, vielmehr eine sehr feste Disziplin. Und es mag heißen: „Sicherheitsgurte anlegen, bis wir ankommen.“

Ihr dürft euch nicht betrügen lassen, ich spielte mit euch, denn ihr, wir alle sind Anfänger, macht nichts.

Wenn wir aufgefordert werden, uns zu bewegen, dann hat jedes Flugzeug ein anderes Ziel. Jeder kommt auf dasselbe Rollfeld, aber mit unterschiedlicher Bestimmung. Wenn die heiligen Befehle der Propheten, der Friede sei auf ihnen, kommen, müßt ihr bereit sein, jene Disziplin auf euch zu nehmen, bis ihr die Himmel erreicht. Und jetzt sind wir nur Lernende – macht nichts.

Auf dem Himmelszelt da gibt es Wolken. Manchmal schauen wir und sehen so viele schwarze und weiße Wolken, doch sie sind eine von der anderen abgetrennt, und jede wandert vor sich hin als ein Stück Wolke, kleine und große, aber es gibt keinen Regen. Erst wenn der himmlische Befehl sie heißt: „Regnet!“, kommen sie unter Disziplin. Sie fügen sich alle schnell zusammen, bedecken den Himmel und beginnen, das ist Disziplin. Disziplin bringt immer Nutzen. Vollen Gewinn. Ohne Disziplin regnen die Wolken niemals; ohne Disziplin können die Flugzeuge nicht fliegen. Ohne Disziplin kannst du nichts lernen. Alles bedarf der Disziplin, und gerade in den Religionen bedarf es der Disziplin, damit es eine Bewegung von einer Station zur nächsten gibt. Und die Stationen folgen eine auf die andere. Und die Disziplinlosigkeit ist heute ein Hauptgrund dafür, daß alles in Krisen fällt. Krise bedeutet Gefahr. Wenn ein Mensch eine Krise hat, bedeutet es, daß er in Gefahr ist. Es sind solches Krisen, die die Menschen daran hindern, die Göttliche Ebene zu erreichen. Deshalb ist überall, wo Disziplin herrscht, Erfolg, Zufriedenheit, Gesundheit, Wohlstand, Freude, Frieden, Vergebung, Segen. Ohne Disziplin keine Vergebung, keine Barmherzigkeit, kein Frieden, keine Freude, nichts. Wer Frieden und ein Voranschreiten will, muß versuchen, zu den Gesegneten zu gehören. Andernfalls kein Erfolg, so auch ohne Disziplin kein Erfolg.

Der erste Schritt in Sachen Disziplin ist, jemanden zu finden, der dir Disziplin geben kann und dich zwingt, sie beizubehalten. Wenn jemand von sich sagt: „Ich habe spirituelle Macht“, muß sein Beweis darin liegen, daß er in der Lage ist, seinen Anhängern Disziplin aufzuerlegen und diese solange nicht aufzuheben, bis sie eine Vollkommenheit erreicht haben. In der vergangenen Nacht war ich an einem Ort, da gab es eine kranke Person mit einem gebrochenen Bein. Dieser Person ist nun befohlen worden, für eine genau festgelegte Zeit, vielleicht sechs oder sieben Monate, eine bestimmte Disziplin zu befolgen, das Bein nämlich nicht vor dieser Zeit offenzulegen. Öffnete sie es vor dieser Zeit, wäre es gefährlich. Sie hat keine Erlaubnis, ihr operiertes Bein offenzulegen und in den Straßen spazierenzugehen. Es geht darum, eine Disziplin zu beachten oder einem Befehl zu gehorchen oder eine Erlaubnis vom Arzt haben, und der Arzt mag sagen: „Jetzt kannst du spazierengehen, das macht nichts.“

Und es wichtig für uns, so sehr wie möglich Disziplin mit anderen Leuten und mit uns selbst einzuhalten. Und am Ende wird Allah der Allmächtige alles korrigieren, so du mit jenem kommst. Deshalb ist für Muriden, die die Göttliche Gegenwart erreichen wollen, der erste Faktor Disziplin. Wenn du so glücklich bist, hohe Stufen zu erreichen in der Göttlichen Gegenwart, mußt du viel mehr noch versuchen, jenes Gleichgewicht in dir zu bewahren, und Gleichgewicht kann es ohne Disziplin nicht geben. Wenn du sagst: „Ich bin glücklich mit dem, wo ich jetzt gerade bin“, magst du das tun. Es ist für dich. Und wer hohe Positionen und hohe Stufen haben will, muß wirkliche Disziplin bewahren. Es geht nicht um unseren Wohlstand. Disziplin ist nicht mit Wohlstand verflochten, sondern es ist etwas Spirituelles, das du bewahren mußt, um hohe Positionen in den Himmeln zu erreichen. Und niemand erreicht es ohne Disziplin in einem selbst oder wenn er nicht einem Menschen folgt, der selber volle Disziplin besitzt – so wie jemand einen Flug nimmt, ist es für ihn nicht verpflichtend, für die Maschine zu sorgen und zu fliegen. Nur ein Mensch kann so etwas nicht allein tun. Er mag es sich vorstellen, aber die Vorstellung kommt nicht zur Wirklichkeit ohne Disziplin, und es tut mir leid, sagen zu müssen, daß alle Menschen, Männer wie Frauen, gesunde und wohlhabende Leute, (nicht) glücklich sind mit ihrer Gesundheit und ihrem Reichtum, vielmehr suchen sie etwas, das sie glücklich und in Frieden sein läßt. Das gehört euch an, und ihr mögt eurem spirituellen Wesen folgen. Alles, worum ihr bittet, möge euch nahe sein.

Allein Disziplin vermag die Menschen auf ihren Weg zu bringen und sie zu veranlassen, es zu durchschneiden und ihre Ziele zu erreichen. Möge Allah uns verzeihen und geben, daß wir verstehen. Und gutes Verstehen ist nicht genug, bis wir das anwenden, was wir gelernt haben und wir weiter nachforschen, bis wir in unserem Herzen Zufriedenheit und Frieden gefunden haben. Ihr seht Ereignissen entgegen, die euch mehr Bekümmernis bringen. Wenn diese vorbeigehen und ihr bittet, die Göttliche Gegenwart zu erreichen – das ist euer Ziel. Wenn ihr die Mittel findet, die euch zu den Propheten führen und heiligen Treffen, bedeutet das, daß ihr langsam, langsam zu euch selbst kommt. Denn die meisten Menschen sind weit entfernt von ihrer eigenen Realität. Sie denken: „Ich bin wie Jamaluddin“ oder Jamaluddin sei wie Ibrahim oder Ibrahim wie Hassan. Nein. Vielmehr ist jeder anders. Bittet um mehr erfrischende Weisheit, daß sie euch dazu bringt, euch zu bewegen und etwas zu finden in diesem Leben und im nächsten. Allah allah ... ‘aziz allah allah allah ... karim allah allah allah ... subhan allah allah allah ... sultan allah Vergib uns, o unser Herr, wir brauchen Deine Segnungen. Sende uns den Sultan der ganzen Welt, ... den Sultan des Islam, um mit ihnen

für immer zu leben, hier und hiernach. Bi hurmati l-habib al-fatiha.

## (K)ein Grund zur Klage!?

Allah der Allmächtige mag es, wenn die Menschen glücklich sind, aber ich sehe, daß sie unglücklich sind. Warum? Weil Er sie als Menschen erschuf und nicht als Affen? Hätte Er uns als Esel geschaffen, was könnten wir tun? Ihr seid Söhne und Töchter Adams, ihr seid von den Menschen. Ihr seid Stellvertreter oder Kandidaten für Stellvertreter unseres Herrn. Warum seid ihr nicht glücklich? Warum seid ihr unglücklich? O Leute, jeden Tag weinen, sich beklagen über dies, das, etwas anderes! Warum beschwert ihr euch? Was ist der Grund? Wären wir als schwarze Käfer erschaffen worden, was könnten wir sagen? Würdest du etwas sagen können? Nein. Jener schwarze Käfer ist so glücklich, er rühmt seinen Allmächtigen Herrn, indem er sagt: „Subhanallah!“, aber ihr, die Kinder Adams: – Tausende und Tausende von Klagen. Das paßt niemals zu eurem Rang im Universum. Niemand anderem im gesamten Universum ist solch ein Rang gegeben worden. Wozu also beklagt ihr euch ständig? Es gibt Klagen von jedermann, ein jeder beklagt sich. Dem Menschen ist alles gegeben worden, aber dennoch beschwert er sich.

Einmal ging ich von meinem Haus aus zum Hause des Großsheikhs in Damaskus. Es regnete heftig, und ich trug Holzsandalen. In den Straßen war so viel Wasser, und meine Kuf, Ledersocken, waren naß. Ich beklagte mich beim Großsheikh. Der Großsheikh rief: „Sag nicht so etwas, Nazim Efendi! Beklage dich nicht! Die Menschen haben auf Regen gewartet, und es kommt so viel, und du redest über deine Ledersocken!“ Ich sagte: „Astaghfirullah, Verzeihung, ya Sayyidi, o mein Herr.“

Immer wenn du dich über etwas beklagen willst, mußt du dich daran erinnern, daß du dich nicht beklagen darfst. Kein Grund: Du mußt dich daran erinnern, was dir gegeben wurde, und darüber beschämt sein, dich zu beklagen. Einige Dinge kommen zu uns gemäß der Stufe unseres Glaubens. So sehr du in der Lage sein magst zu ertragen, ertrage es und beklage dich nicht. Es ist besser für dich. Großsheikh ist nicht einverstanden damit, daß seine Muriden, die, die ihm folgen, sich beklagen. Denn Allah der Allmächtige gibt dir etwas auf, Er prüft dich. Du darfst nicht voraussetzen, daß alles so sein würde, wie du es willst – nein. Du mußt lernen, zum Herrn zu sagen: „O mein Herr, wie Du willst." Das ist tarbiyah, Training. Das ist irshad, Führung. Es zeigt uns den richtigen Weg. Das ist das Training der Tariqats, das ist die Führung unseres Murshids, das Training für uns. Ich sage nicht, daß ihr nicht geprüft würdet. Ihr müßt geprüft werden, aber ihr müßt euch von der Klage fernhalten. Ihr müßt euer Ego, euer Nafs, bekämpfen, daß es das Sich-Beklagen aufgibt, denn es ist eine Krankheit. Wenn du dich aus einem Grund beklagst, kommt mehr als einer zu dir. Nehmt ihr das Beklagen auf, werden da mehr als zwei Gründe sein – drei, vier. Sie werden nicht weniger, sondern mehr.

Deshalb: Trainiert euch nicht darin, euch zu beklagen; laßt das Sich-Beschweren. Ja, es gibt sicherlich so viele Dinge, die ein Grund zur Klage sein möchten, aber ihr müßt dies Beklagen sein lassen, so daß es weniger und weniger und weniger wird und dann aufhört. Das ist wichtig für alle von uns. Beklag dich nicht über deinen Ehemann, beklage dich nicht über deine Ehefrau; vielmehr muß jede Seite auf ihren Partner als eine Gunst ihres Herrn an sich schauen. Dann seid ihr im Begriff, euer Leben hindurch glücklich zu sein.

Heute aber sagt ein ignoranter Mann nicht, diese Frau sei eine Gunst seines Herrn, sowenig sie sagt, jene Person wäre eine Gunst ihres Herrn an sie. Sie wollen nicht wissen, und deshalb werden sie einander schnell überdrüssig, nach drei Tagen werfen sie den anderen hinaus wie ein Paar Schuhe. Sie sind nicht von Art der Menschheit, sondern kommen von der Stufe der Menschheit hinab auf die Stufe der Tiere. Nur Tiere kommen für drei Tage in Liebe zueinander und gehen dann fort: bye-bye. Wir müssen den Weg der Menschheit einhalten, denn die Menschheit ist durch ihren Allmächtigen Herrn geehrt worden, während die Tiere unter den Befehl der Menschheit gestellt wurden, der Kinder Adams.

Laßt das Beklagen, ja. Aber glaubt nicht, daß es leicht wäre, dies zu erreichen. Ihr müßt kämpfen. Als wäre eine große Schlacht vor euch, so kämpft mit eurem Ego. Euer Ego, euer Nafs, beklagt sich immer, ist nie

zufrieden, denn wenn eurem Nafs ganz London gegeben würde, sofort glaubt es, ganz England müsse ihm gehören. Und jedesmal, wenn es sich beklagt, endet es niemals. „Warum London allein? Auch Birmingham, Edinburgh und Kent müssen mir gehören.“ Wenn ihm dies gegeben wird, fragt es nach Schottland, dann nach Wales, und so weiter und so fort. Das Nafs beendet sein Beklagen niemals.

Wenn ein Mann die schönste Dame sein eigen nennt, so wird sein Nafs nach einer anderen schauen. Wo gibt es eine andere schöne Lady? Warum gehört sie mir nicht? Auch sie wird die seine sein. Dann schaut er noch nach einer anderen. „Schande über dich, du monströses Ego“, mußt du sagen. Du mußt wissen, daß es unmöglich ist, unser schamloses Nafs zu stoppen.

Und uns ist ein Nafs gegeben worden, während den Damen neun gegeben wurden. Ja, und sie zügeln sich mehr als die Männer. Deshalb kommt Strafe jedesmal auf Männer mehr als auf Damen. Sie haben auch eine Entschuldigung in der Göttlichen Gegenwart, aber ihr, Männer, nicht. Ja. Deshalb müßt ihr glücklich sein.

So viele Leute kommen zu mir. Vierundzwanzig Stunden am Tag höre ich Klagen an. Deshalb will Großsheikh, daß dieses Sich-Beklagen aufhöre, oder ich werde einen Stock in meine Hand nehmen. Wer auch immer kommt und sich beklagt ... ! Ja.

Die Worte „alhamdulillah, ya rabbi, Preis sei Allah dem Allmächtigen“ eröffnen den Heiligen Koran. O ihr Leute, sagt „alhamdulillah!“ und tretet ein ins Paradies. Sag „alhamdulillah!“. Dann wirst du hier im Paradies sein und hiernach ebenso. Jederzeit sage „alhamdulillahi rabbi l-‘alamin“ – Lob sei Gott, dem Herrn der Welten; immer, sagt es immer, o ihr Leute. Dann werden alle Probleme gelöst sein, verschwinden; dies eine Wort rettet die Menschheit. Deshalb ist es ein Göttliches Buch zur Lösung jeden Problems auf Erden, von Anfang bis Ende. O Leute, sagt: „Alhamdulillahi rabbi l-‘alamin“, und ihr werdet in der Lage sein, jede Lösung darin zu finden. Dann wirst du hier im Paradies sein. Bevor der Letzte Tag kommt, wirst du im Paradies sein auf Erden. Wie Regen werden jene Gnaden und endlosen Günste auf euch herabkommen, wenn ihr „alhamdulillahi rabbi l-‘alamin“ in jeder Situation sagen könnt. Ich sage nicht, daß es leicht ist, nein, denn wir haben Egos, und wir hören auf unsere Egos und reden und beschweren uns. Aber ihr müßt versuchen, so sehr ihr in der Lage dazu seid, es weniger und weniger zu tun, so daß es insgesamt ein Ende haben kann.

Am Tag der Wiederauferstehung, wenn die Menschen sich am Ende der Lebenszeit in der Göttlichen Gegenwart versammeln, wird Allah der Allmächtige einen Engel befehligen, daß er vor all den Menschen, die

sich auf jener Ebene von Mahshahr versammelt haben, ausrufe: „Aina l-hamidun? Wo sind jene Leute, die in jeder Situation und unter allen Bedingungen, in denen sie waren, die Gewohnheit hatten, „alhamdulillah“ zu sagen – wo sind sie? Sie sollen jetzt aufstehen und das Paradies betreten, kein Gericht für sie.“ Bidun muhasabah, ohne daß sie aufgerufen würden, Rechenschaft abzulegen, ohne Gerichtsurteil, ohne irgendwas heißt Allah der Allmächtige jene Leute ins Paradies gehen, die in jeder Situation gewöhnlich sagten „alhamdulillahi rabbi l-‘alamin“.

Der Prophet selbst lehrt uns. Als sein kleiner Sohn Sayyidina Ibrahim starb, war er über alle Maßen traurig. Er weinte auch. Zweieinhalb oder drei Jahre alt war sein Sohn. Doch er sagte nur: „Kama yuhibbu rabbuna wa yarda. Wie es meinem Herrn gefällt und er zufrieden ist, bin ich einverstanden.“

Solch schwere Bedingungen oder schwierigen Heimsuchungen mögen auf euch kommen, doch dürft ihr euren Glauben an Allah den Allmächtigen nicht verlieren. Ihr mögt so betrübt oder traurig sein, und doch müßt ihr immerfort sagen: „Wie es meinem Herrn gefällt und Er zufrieden ist, so versuche ich zu sein“, so daß du eine Stufe erreichen magst, die nur sehr wenige Leute erreichen können – die Stufe des Rida, die Stufe der Zufriedenheit. Das ist die höchste Stellung, die ein Mensch erreichen kann. Solche Leute haben ein privates Paradies, und andere mögen auf ihren Rang sehen wie Leute auf Erden zu den Sternen schauen, da es doch unmöglich ist, jene Sterne zu erreichen. Es ist unmöglich, und so, wie wir zu den Sternen schauen, so werden die Leute des Paradieses zu den Rängen, den Stationen jener Leute der Zufriedenheit schauen. Du kannst dich ihnen nicht nähern, wegen ihres Lichtes. Man kann jenes Lichte nicht ertragen; es ist unmöglich, sich jenen Sternen zu nähern. Zu hell, zu heiß – aber für jene Leute der Zufriedenheit ist es richtig.

Ja, wir sind Anfänger, aber ich zeige euch, wie ihr Ziele erreichen könnt. Ich zeige es euch, damit ihr die Wege kennenlernt, wie man hier und hernach glücklich ist. Denn Allah der Allmächtige mag Seine Diener niemals unglücklich. Nein. Allah der Allmächtige ist nicht glücklich, wenn Seine Diener unglücklich sind. Glaubst du, er wäre glücklich, wenn du unglücklich bist? Siehst du, wie kannst du glücklich sein, wenn jemand von deiner Familie unglücklich ist? Dann wirst du auch unglücklich sein. Und alle Menschheit gehört der Göttlichen Familie an, der Schöpfung der Familie Allahs. Wie kannst du annehmen, daß dein Herr glücklich ist, wenn Seine Diener unglücklich sind? Deshalb ist er ärgerlich mit Leuten, die sagen, sie seien unglücklich, denn Er gab ihnen all das, was er keinem anderen gab, und immer noch sagen sie, sie seien unglücklich.

Der Göttliche Zorn ist auf denen, die unglücklich sind. Deshalb warne ich euch: Nähert euch nicht dem Göttlichen Zorn. Wir bitten um Vergebung. Wir müssen glücklich sein; dann ist Er glücklich. Ja, alhamdulillah, wir sind Anfänger, und wir versuchen, wir versuchen, diesen Punkt zu erreichen. Und wir müssen alle Möglichkeiten versuchen, dieses Ziel zu erreichen, bevor wir dieses Leben verlassen. Und ein Weg zum Glück ist der, auf alles als auf eine Gunst von deinem Herrn an dich zu schauen.

Ein jeder um uns herum ist von den Gunsterweisen unseres Herrn. Du kannst dir vorstellen, was du in dieser Stadt machen würdest, wenn in solch einer großen Stadt nur fünfzigtausend Leute wären. Du würdest sagen, daß dies eine Stadt der Gespenster ist, wenn es in dieser riesigen Stadt London nur fünfzigtausend gäbe. Deshalb ist jede Menschenmenge in dieser Stadt von den Günsten unseres Herrn. Mag sein, daß die meisten von ihnen Unruhe stiften, aber selbst wenn sie Unruhe machen, sind sie Günste. Andernfalls wäre es eine sehr stille Stadt: Ihr könntest eure Fußtritte hören, ihr würdet euch fürchten. Ja. Schaut auf alles, was euch umgibt, als auf Günste von eurem Herrn, und ihr werdet im Paradies leben.

## Kein Schatz ohne Drachen

Bei einem abendlichen Treffen mit Sheikh Nazim fragte eine Anwesende nach dem Symbol der Rose: „Es ist ja so, daß die Rose ein altes Symbol in allen Religionen ist. Ich würde gern wissen, was sie bedeutet, was die Essenz der Rose ist.“ Das Wort für Rose im Türkischen hat zweifache Bedeutung. „Gül“ bedeutet sowohl „lache“ und „lächle“ als auch Rose. Und die Rose symbolisiert mehr als irgendeine andere Pflanze das Lächeln. – Das sollten sich ganz besonders die Deutschen merken. Das ist eine Lehre für sie. Jedes gute Ding bringt auch Schwierigkeiten mit sich. Wenn man es erlangen will, muß man etwas dafür opfern. Wer dorthin kommen will, muß etwas erleiden. Wer die Rose erreichen und in den Genuß kommen will, ihren Duft zu kosten, der muß in Kauf nehmen, in ihre Dornen zu greifen. Ein persisches Sprichwort lautet: Eine Rose ohne Dornen und einen Schatz ohne Drachen gibt es nicht. Es gab einmal eine Prinzessin, die Tochter des Königs. Da kam ein junger Mann, der um sie freite. Er ging zum König und hielt um ihre Hand an. Der König fragte: „Wer bist denn du, daß du meine Tochter heiraten willlst?“ Der Mann sagte: „Ich bin einer von den Bürgern deines Landes.“ Da sprach der König: „Weißt du denn auch, was es dich kosten wird, was du bringen mußt, damit ich dir die Hand der Prinzessin geben kann?“ „Nein“, erwiderte der Mann, „ich habe keine Ahnung.“ Darauf eröffnete ihm der König: „Sieben Kamelladungen voller Diamanten mußt du beschaffen. Auf jedem dieser Diamanten soll die Gestalt des Erzengels Gabriel, der Friede sei auf ihm, abgebildet sein. Und ich sage dir: Ein einziger Juwel, auf dem mit göttlicher Zeichnung das Abbild Gabriels, der Friede sei auf

ihm, eingraviert ist, hat einen weit höheren Wert als die gesamten Schatzkammern von sieben Königreichen.“ Jeder, der etwas erreichen will, muß dafür etwas opfern. Und wer zu Allah will, Ihn erreichen will, der muß sich selbst opfern, denn, so sagt Allah: „Übergib dich mir, opfere mir dein Ego, dann bin Ich ganz für dich da.“ Wenn du bereit bist, dein Ego zu opfern, dann komm, ansonsten verschwinde! So hatte der König gesprochen: „Wenn du in der Lage bist, die sieben Kamelladungen mit diesen Diamanten zu bringen, dann kannst du meine Tochter die Prinzessin zur Frau nehmen. Wenn nicht, geh fort!“ Und wer schließlich Honig essen will, der muß geduldig die Stiche der Bienen ertragen, sonst wird es für ihn keinen Honig geben. Das ist Allahs Regel, Sein Gesetz. Wer Perlen haben will, muß in die Tiefen des Ozeans hinabtauchen, um diese Kostbarkeiten heraufzubringen. Am Strand findet man so viele Muschelschalen. Wir laufen auf ihnen herum, können sie einsammeln und in die Tasche stecken. Muscheln aber, in denen Perlen sein könnten, findet man am Strand nicht. Als ich kürzlich im Libanon war, erzählte mir eine Verwandte von Sheikh Hisham, die in Saudi-Arabien verheiratet ist, von vier Männern, die als Hobby das Perlentauchen haben. Sie tauchen auf den Meeresgrund und suchen nach Perlen. Und eines Tages waren sie nicht mehr aufgetaucht. Sie tauchten nicht wieder auf, und selbst ihre Körper blieben verschwunden. Nur das Hemd von einem von ihnen wurde irgendwann auf der Meeresoberfläche treibend gefunden. Mehr ist von ihnen nie wieder aufgetaucht. Vier Monate lang haben sie nach ihnen gesucht, und die Angehörigen gingen zu verschiedenen Sheikhs, um zu erfragen, was geschehen sein könnte. Jeder sagte: morgen kommen sie, nächste Woche kommen sie, in einem Monate, sie sind in diesem Land oder in jenem. Und schließlich kamen sie zu mir, Sheikh Nazim, um mich zu fragen. Und die Frau fragte mich, und ich sagte: „Komm morgen wieder, ich werde heute Nacht nachsehen, was mit ihnen geschehen ist.“ Und die Nachricht, die kam, war, daß diese Perlenfelder, die Orte im Meer, wo viele Perlen liegen, von Haien bewacht werden. Die Haie hatten die Taucher mit Haut und Haaren gefressen. Ich sagte zu ihr: „Sucht nicht weiter, es ist zwecklos.“ Ich habe die Namen der Lebenden durchgesehen, aber die ihren tauchen auf meinem „Computer“ nicht auf. Das ist, was ich weiß, das heißt, sie sind in die andere Welt hinübergegangen. Damit will ich sagen, daß auch Perlen bewacht werden, und sie zu holen ist so gefährlich und so schwierig. Alles „finished“ – Ende. Du‘a’ – al-Fatiha. So kam über die Frage nach der Rose diese Geschichte – gut für uns alle. Laßt uns jetzt beten ...

## Wir sollen unseren Propheten kennen

-sall ´Allahu 'alayhi wa sallam -

Jeder schreibt etwas. Es gibt sowieso so viele Bücher. Aber heutzutage ist es sehr wichtig, die Propheten bekannt zu machen und im Besonderen unseren Propheten 'sall´Allahu 'alaihi wa salam. Hier unten im Zimmer gibt es glaube ich 20 Bücher über den Propheten -sall´Allahu ´alaihi wa salam-. Mit Haji Mehmet solltet ihr diese Bücher studieren. Man sollte Schüler unterrichten und so etwas wie eine Schule errichten.
Sie werden diese Angelegenheiten ausweiten.
Sie werden von oben bombardiert [politischer Zwang]. Es hat sich in den Vordergrund gedrängt und man kann es nicht mehr zurückdrängen.
Die Geschichte der Propheten ist sehr wichtig.
Die Geschichte unseres Propheten -sall´Allahu ´alaihi wa salam- ist etwas Besonderes, sie ist einzigartig. Man kennt die Propheten nicht.
Derjenige hat keinen Wert, der die Propheten nicht kennt. Die gewöhnlichen Leute sagen zwar Muhammad sall´Allaahu 'alaihi wa salaam

und sie bleiben auf der Stufe. In Wirklichkeit
ist es am allerwichtigsten, den Prophetensall
´Allahu ´alaihi wa salam- zu kennen. Das
gilt für uns und für die ganze Welt. Das ist etwas
sehr Wichtiges. Anstatt Qasr al Arifin zu
verfassen, schreib lieber etwas über den Propheten
-sall´Allahu ´alaihi wa salam-.
Erkläre etwas darüber. Unser Ahmed Yasin ist
auch sonderbar geworden und gibt im Gegenzug
Buhara heraus. Weder dieser Titel interessiert
die Leute, noch der andere. Buhara! Was
heißt Buhara? Früher wurden die Schiffe mit
Kohle betrieben. Die Schornsteine haben wir
Buhara genannt. Wenn der Qualm durch den
Schornstein kam auf den Schiffen, dann sagten
wir Buhara. Die Zyprioten sagen nicht Schornstein,
sondern Buhara. Was haben solche Angelegenheiten
zu bedeuten?
Wir schreiben Saltanat und das ist etwas Wichtiges.
Es gibt niemanden, der nicht wüsste, was
Saltanat bedeutet. Das Wichtigste heutzutage
ist, den Propheten -sall´Allahu ´alaihi wa salam
- bekannt zu machen. Das Buch über die Propheten,
das eure Mutter geschrieben hat, ist
sehr gut. Wieviele Bände sind es, zwei?
Haja Rukiya: Es sind vier.
Haji Mehmet: Über die Propheten drei und
über unseren Propheten -sall´Allahu ´alaihi wa
salam- ein Band. Es sind vier Bände.
Scheikh Effendi: Wieviel über die Propheten?

Haji Mehmet: Drei. Mit dem Band über unseren Propheten -sall´Allahu ´alaihi wa salam- sind es vier.
Scheikh Effendi: Drei Bände über die Propheten?
Haji Mehmet: Ja.
Scheikh Effendi: Diese Bücher wurden gedruckt?
Haji Mehmet: Sie wurden gedruckt.
Scheikh Effendi: Und das andere ist über unseren Propheten -sall´Allahu ´alaihi wa salam-?
Haji Mehmet: Ja.
Scheikh Effendi: Die Bücher über unseren Propheten -sall´Allahu ´alaihi wa salam- muss man aussortieren und den Leuten bekannt machen. Ihr könnt die Bücher über die Propheten auch an die Fernsehsender geben. ( ...)
Wir wollen es auf die Art, wie man früher die über die Propheten berichtet hat. Das ihr euch hierfür engagiert ist sehr wichtig, denn niemand weiß etwas.
Sie behaupten Scheikh zu sein, Murshid, Gelehrter und doch haben sie gar keine Ahnung. Man muss sie bekannt machen.
Über Allah etwas kundzutun ist etwas anderes. Wer den Propheten -sall´Allahu ´alaihi wa salam- nicht kennt, der kennt Allah schon gar nicht. Allah erklärt uns, wer der Prophet -sall´Allahu ´alaihi wa salam- ist. Das ist das Wichtige.
Und es gibt auch noch ein anderes Buch auf Türkisch. Kennt ihr das?

Haji Mehmet: Ich kenne es nicht.
Scheikh Effendi: Jemand hat die türkische Übersetzung mitgebracht. Aber euer Arabisch reicht aus um zu verstehen. Darin sind Abschnitte über den Propheten -sall´Allahu ´alaihi wa salamenthalten und über die Gesandten. Man muss die Propheten und ihre Stellvertreter erklären und bekannt machen. Es ist nötig, sie bekannt zu machen. Weil sie sie nicht kennen, glauben sie nicht an sie. Würden sie sie kennen, würden sie an sie glauben.
Zum Beispiel die Nacht der Himmelsreise, Lailatul Miraj. Die war vor ein paar Tagen. Nach alter Tradition haben unsere Mütter und Großmütter am Morgen nach der Heiligen Nacht Mirajiyya rezitiert. Das ist im Maulid-i Sharif enthalten.
Haja Rukiya: Ja da steht es drin.
Scheikh Effendi: Im Maulid, Risalat al Habiballah, wird die Geburt des Proheten gepriesen. Die Leute hören zu und es öffnet ihnen die Herzen. Am Tag nach der Heiligen Nacht, zur Mittagszeit, haben sie Mirajiyya rezitiert, in der Dergah, in der Tekke, in der Moschee. Mirajiyya ist im Maulid-i Sharif enthalten.
Mehmet Effendi: Ja.
Scheikh Effendi: Das ist vielleicht sogar länger als das Maulid-i sharif. Das hat man früher rezitiert. Das ist alles verschwunden. Ich kann mich nicht daran erinnern, dass hier Mirajiyya gelesen wurde, am Tag nach Miraj. Ich bin schon so viele

Jahre hier und habe es nie gehört. Weder hier
habe ich es gehört, noch in Istanbul noch in einer
anderen Provinz. Ich ha be es nicht gehört. Mirajiyya.
Das ist etwas Besonderes. Wenn sich zu
Maulid-i Sharif versammelt wurde, haben die
Hafiz es auswendig rezitiert, mit Ehrgefühl. Das
ist auch verschwunden. Ich lasse dich nachschauen
über Miraj und Mirajiyya. Ich glaube es steht
in der Enzyklopädie des Islam. Aus wieviel Bänden
besteht die Enzyklopädie des Islam? Ist es
komplett? Sind es 20 oder 30? Wir schauen unter
Buchstaben mim nach. Es ist sehr informativ. Es
sind kraftvolle Informationen darin enthalten.
Sie haben alles darin beschrieben, ohne etwas
auszulassen. Aber der Leser versteht es nicht.
Keiner heutzutage versteht mehr, was darin
steht. Diese Enzyklopädie ist voller Wissen. Haben
wir die?
Mehmet Effendi: Nein, aber wir werden uns danach
umschauen.
Scheikh Effendi: Haben wir sie?
Mehmet Effendi: Nein.
Scheikh Effendi: Besorgt sie. Es sind so viele Informationen
darin enthalten. Wenn wir eine halbe
Stunde darin studieren, erweitert es unseren
Horizont. Es erweitert eure spirituelle Kraft, öffnet
sie, vermehrt sie. Es ist etwas, dass man den
Leuten empfehlen kann. Die Zeit der Veränderung
ist näher gerückt. (..)

Wir lesen jetzt, Haja Rukiya, im Dalail-i Hayrat.
Allahumma ya man Wahaba li Adama Shita wa li
Ibrahime Ismaila wa Ishaqa, wa radda Yusufa ala
Yaquba.Wa Ya man kashafal balaa an Ayyuba. Wa
Ya man radda Musa ila ummihi. Wa Ya zaidal Kadri
fil ilmihi. Wa ya man wahaba li Dawuda Sulaymana
wa li Zakariya Yahya wa li Maryama Isa. Wa ya
hafizabnahu Shuaybin. As aluka an tusalliya ala
Muhammadin wa ala jamiin Nabiyyina wa mursalina.
Wa ya man Wahaba li Muhammadin sallalahu
alayhi wa sallama ashafaata wa darajat al rafiata.
Das ist von den Eigenschaften des Propheten.
Wer ist er? (Arabisch). Es erweitert euren Horizont.
Das hier ist von Kara Dawud. Ihr könnt es
studieren. Ihr sprecht arabisch.
[Scheikh Effendi spricht zu Hajja Rukiya und zu Mehmet Effendi]
Wozu ist es gekommen, welchen Zweck erfüllt
es. Ihr könnt es erklären. Die Leute sollen es mit
ihren Ohren hören, sollen wissen, wer der Prophet
-sall´Allahu ´alaihi wa salam- ist. (Arabisch)
Was bedeutet Fürsprache und was bedeutet
höchster Rang? Der Prophet -sall´Allahu ´alaihi
wa salam- wird hier beschrieben. Es soll nicht
heruntergeleiert sondern verstanden werden.
Wir müssen unseren Propheten -sall´Allahu
´alaihi wa salam- kennen.
Keiner hat Kenntnis. Sie schreiben viel über den
Propheten -sall´Allahu ´alaihi wa salam- und es
erfüllt die Leute nicht.
Wa min Allah at taufiq. Fatiha.

Das kommt mir seit Tagen ins Herz. Es steht
auch im Hizb al Azam. Die Eigenschaften des
Propheten -sall´Allahu ´alaihi wa salam- werden
gelobt und es übertrifft das hier sogar noch.
Al Hizb ul Azam , Mehmet Effendi, lies es beson-
ders am Freitag. Erst Kh atim, dann Juma Wird,
dann rezitiere es. Rezitiere es jeden Freitag. Es
öffnet so viel für die Menschen und birgt eine
unglaubliche Kraft. Es enthält wundervolle Lobpreisungen
und das, was man über unseren Propheten
-sall´Allahu ´alaihi wa salam- sagen
könnte ist so viel, dass es nicht in einer Bibliothek
Platz hätte.
Fatiha.
Hast du verstanden Rukiya? Ganz am Schluss ist
es. Ich werde ein Lesezeichen hineinlegen. Schau,
das hier.
[Maulana zeigt Mehmet Effendi die Stelle im Buch]
Darin sind so herrliche Lobpreisungen unseres
Propheten -sall´Allahu ´alaihi wa salam- enthalten.
Und – ich sage das unseren Ägyptern – es sollte
mit der Thuluth Schrift übertragen werden. Es
enthält solche wichtigen, wahren Punkte die man
den Wahabis wirklich vor die Nase halten sollte.
Es ist so kraftvoll.
Du sollst es lesen.
Nach 10 Seiten ist es fertig.
Möge Dein Herz offen sein, deine Spiritualität
gestärkt,
möge dein Dienst angenommen werden,

möge unsere spirituelle Kraft vermehrt werden,
dass wir die Erde erzittern lassen können.
Fatiha

## The Key To Paradise

As-Salamu Alaikum. We woke up with goodness and we reach the evening with goodness insha Allah. Ask goodness from Allah Almighty. We should know what we want. May our day be good, may our work be good also. We reached a new day. One more day got less from our life. We came closer to the akhirah by another day.

As-Salamu Alaikum O believers. Salam be on the Great Prophet (s), Salatu Salam be upon him. He is our Master, he is the Master of Creation, he is the Prophet who brought down the Divine Lights from the Malakut. Masha Allah. Allahumma Salli ala Sayyidina Muhammad wa ala Alihi wa Sahbihi wa Sallim. What can we do? We may say a few words, that a relief comes on us today, a strength comes, an opening comes, a joy comes to us. Ok then. For this, let us open the door of our sohbats. With what do we open? Bismillahi r-Rahmani r-Rahim. Ya Rabbi Shukur. Ya Rabbi Shukur O Lord, Ya Rabbi Shukur O Lord. Shukur our Lord Who teaches us, informs us about the Bismillah, Who dresses us with the Divine Light of that Bismillah. "O our Lord. Rabbi yassir wa la tuassir Rabbi tammim bil khair. Bismillahi r-Rahmani r-Rahim".

We should do our every work with the Bismillah so that it will be easy, it will have barakah, the doors of goodness open. Without saying the Bismillah, the doors of goodness do not open. Not at all! Not a single door opens. It does not open in dunya or in akhirah either. The doors of paradise open with the Bismillah and people enter Paradise. Without the Bismillah one cannot enter paradise! Masha Allah. When a person says the Bismillah, his day goes well- it will be a happy day, a blessed day, goodnesses open for him. Divine Light comes on his face. Health comes to his body. Barakah comes on his work. Khair & hasanat come on his children. O our

Allah, You granted us to remember Your Holy Name, Bismillahi r-Rahmani r-Rahim.

What a great, what a magnificent Holy Verse this is: 'Innahu Min Sulaymana Wa 'Innahu Bismi Allahi Ar-Rahmani r-Rahimi" (27:30) The Bismillah is mentioned in the Holy Quran. In the beginning of his letter, Prophet Suleiman... The holy letter, the decree, the order he sent to the palace of Bilqis, the Queen Of Sheba- what was written at its beginning? 'Innahu Min Sulaymana Wa 'Innahu Bismi Allahi r-Rahmani r-Rahimi" It is from Suleiman but, "Wa 'Innahu Bismi Allahi r-Rahmani r-Rahimi" The great Prophet started with Bismillahi r-Rahmani r-Rahim. All Prophets (as) started with the Bismillah. Our Prophet (sas) started with the Bismillah.

The most valuable thing, which opens all doors, which completes all our good acts in dunya is Bismillahi r-Rahmani r-Rahim. The eight doors of heavens open with Bismillahi r-Rahmani r-Rahim. For this, we should say also Bismillahi r-Rahmani r-Rahim. He (swt) granted this to His servants in dunya, to the believers, so that all their doings succeed. This is the greatest treasure, Bismillahi r-Rahmani r-Rahim. What a great honour is this. The honour of who forget this is at zero level, none of their doings succeed.

Can a plane fly if you don't put gas in it? It will stop & not take off. What is it that man is in need of? He is in need of spiritual power. If we don't have the spiritual power, we will be like the plane waiting in the airport. "Why is it not taking off?" "Because it has no gas in it. How can it take off?" So it has every- thing but there is one thing missing. People are like this too. We have everything but there is one thing missing. This is because we don't say the Bismillah. When you say the Bismillah- they call it "the fuel" now, the creation- its gas becomes full so it takes off & flies.

There is no one who says the Bismillah & can't complete a good act. The Bismillah completes every act, every good act. Don't forget the Bismillah. "Nasu Allaha Fa Nasiyahum" (9:67). The Holy Quran. Allah Almighty informs us about the situation of His servants. The Holy Verse: "Nasu Allaha", they have forgotten Allah. "Fa Nasiyahum", so Allah has forgotten them. From where did all these troubles, calamities come to the people? They are asking "How come so many disasters are happening like this?" Because they forgot Allah and so Allah left them. He(swt) left

them. Allah does not forget but left them in this forgotten state. Otherwise His support reaches instantly. He (swt) is whipping constantly, so that we remember our Lord, we remember Him.

Yet there is no one who remembers Him. They run in the streets like wild animals, women and men. And their men shout and scream. What do you seek in the street? What is it that you are looking for? Don't you have mosques? Why did you go out & scream in the streets? You could go to mosque, all of you could go to your mosques and say "O our Lord! Najjina min ma nakhaf. O our Lord! Save us from what we fear O our Lord!" You should have entered your mosques and said "O our Lord, save us from the oppressors". Go to the mosque & say this. Who are you calling to in the street? You shout and scream, they fire at you. Why do they fire? So that we come to our senses & go to mosque. Ya Mufattiha l-abwab, iftahlana khaira l-bab. O our Lord, You are the one Who opens all the doors for us. Open the doors for us O our Lord. We have no hope from these ones- Neither from the Arabs nor from their Princes or Kings is there any benefit to us. Neither from America nor from Russia comes any benefit for us. Call "O our Lord, najjina min ma nakhaf" Save us from what we fear. Save us O Lord" Why don't you say this instead of running in the streets? Is it in Islam? Is it suitable for the Muslims? Shame on such Muslims that they leave the mosques & scream in the streets. No, this is the wrong way. It is the wrong way.

The right way is, you go and find the Presence of Allah in the mosques and call "Ya Rabbi, Ya Rabbana, najjina min ma nakhaf. Make us be safe from what we fear O our Lord!"Why do you run in the streets? What kind of Muslim are you? Then they say "You didn't help us". Not even the seven countries can help you. You should go to mosque. You should stand in the Presence of Your Lord, you should beg: "Ya Muhawwil al-hawli wal-ahwal, hawwil halana ila ahsani hal. O Lord Who changes the states of man from one to another. May You make us upon the best hal' O Lord. May You send Your beautiful servants O Lord. Bismillahi r-Rahmani r-Rahim. Open O Lord, open Your doors of Mercy! Send from Your lions. Ya Ghaliban Ghayra Maghloub. We seek refuge in You for You cannot be defeated. You are the Absolute Victorious. Send us support". Like this. Can He not send His support? When they got stuck in the battle of Badr, the Glorious Prophet prayed "Send us support!" One thousand angels came down. Then? "Bi

Khamsati 'Alafin-five thousand of them" comes as "Musawwimna- having marks of distinction", with turbans on their heads and its lose end hanging on the backs- "musawwimin". He (swt) says "I send support with such angels".

But no, there is no need for it now. Now these angels will come down but they didn't come down at that time, He (swt) delayed it: "If My servants call in this time of corruption I will send down five thousand for the honour of My Beloved". "Bi Khamsati Alafin Mina l-Mala'ikati Musawwimina" (3:125) Only one angel can make everything upside down but He (swt) said "I will send five thousand" in His Magnificence. Now this five thousand will come with Mahdi (as). Allah Almighty will show how He (swt) protects Islam, how He protects the Haqq/True Religion. Allah Dhul Jalal will show these heedless Muslims, that some of them say America and some of them say Russia. Shame on them. Shame on their Kings also, their Princes also, their Presidents also. Shame on them that they forgot Allah! They support America. They support Russia, China... They are the ghuruh-u makruh! They are the disliked group; China is like this, Russia is like this, America is like this. What is our business with them? Do you not have your Allah, that you say "Ya Rabbi" and raise your hands! Shame on you.

Sham: There are forty wali of Allah in Sham. If they called them once, they would make Sham upside down, would not let the tyrants approach. But because of our heedlessness, because we forgot the Bismillah; that who forgets the Bismillah means he forgot Allah. "Ya Allah! You are the Sultan! Send us a Sultan. May these rubbish people go away". They corrupted everything. They are not listening to the Holy Quran. They are not reading it. They are running, screaming in the streets. Shame on them. Say Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. SayfAllah al-Maslul (the drawn sword of Allah) draws the sword if they say "O our Lord". He draws the sword and five thousand angels come down. There is no fear from their cannons, or rifles, or missiles or museums. O Muslims, come to Islam! If not, it will grind you & throw you away! "Fa Sawfa Ya'ti Allahu Bi Qawmin Yuhibbuhum Wa Yuhibbunahu" (5:54). Allah Almighty will bring a people whom He will love and they will love Him. Why don't you be from them, O Muslims?!

O people of Egypt! The people of Hijaz, the people of Sham, Turkistan, the people of Turkey,

the Iranians, why don't you know Allah, and call to Allah? Why do you kill each other? For which reason? For a person to sit on a seat. He may not sit! He may not sit... It is not your power that will take him out of his position. If Allah likes, He (swt) can take him out instantly but because you deserve it He (swt) inflicted him upon you. Repent! "Tubu 'Ila Allahi Tawbatan Nasuhaan" (66:8). Tubna wa Raja'na ilayk Ya Rabbi. Forgive us O Lord. "Alladhina Yastami`una Al-Qawla Fayattabi`una 'Ahsanahu" (39:18) Allah protects those who listen to His words, to His advice and who listen to the advice of His Prophet. And He (swt) is with them. But you who leave Him & are with shaytan!

You made (political) parties, shame on you O you who claim to be Muslims! It asks for a Sultan- The first obligation on the Muslims after the Prophet, the first order is, " You must have a Caliph". One person rules the whole Islamic World, not a thousand people. You sit there & say "I rule" but when you abandon justice you will suffer in dunya & in akhirah.

O Lord, we are helpless servants. We are saying Bismillahi r-Rahmani r-Rahim. O our Lord! May You accept our Bismillah. These people should say at least 40 times the Bismillah and they are saved. Some of them are after "lamp oil", petrol; some of them (natural) gas, some of them are after gold. Leave this. Look to the order of Allah. Allah says "Wa 'Ahsinu", do good, 'Inna Allaha Yuhibbu Al-Muhsinina" (2:195) Allah loves the good-doers. What are you waiting for?

Why do you save and store up? Don't store, give! Give for your life. Say "Bismillahi r-Rahmani r-Rahim" and treasures open. O Lord, may You forgive us. Tawba Ya Rabbi, tawba Ya Rabbi. In this holy month of Mawlid, open! Give your treasures. Give for Allah, that in the Mahshar Day, they say "Affarin-Bravo!" for you. Otherwise the zabaniyah will seize you by the collar and will throw you into the hell fire. May Allah forgive us. Al-Fatiha.

We should say Bismillahir-Rahmanir-Rahim & blow it onto ourselves. Say "Bismillahi r-Rahmani r-Rahim. Bismillahi alladhi la yadurru ma`a Ismihi shay'un fi al-ardi wa la fi as-sama'i wa Huwa as-Sami`u al-`Alim". Muslims should put on their heads the crown of Islam (turban). Nothing will come on their heads. Ladies should not go out with heads uncovered, dressing up and putting makeup. They should cover their head. Nothing comes on them from the Heavens.

We don't pay attention. And we don't accept advice either, there is no one to accept advice. They are shouting, screaming in the streets & doing crazy things. They will kill each other. Is it the order of Allah for us to kill each other? Shame on them.

O our Lord, may You send us the Master for the honour of Your Beloved. Send a Sultan, O our Lord. Send the Mahdi (as) to whom Your Beloved gave the glad tidings of his coming. We have no strength left, O Lord. Tawba Ya Rabbi, Tawba Ya Rabbi, Tawba Astaghfirullah. Tawba Ya Rabbi, Tawba Ya Rabbi, Tawba Astaghfirullah. Shukur Ya Rabbi, shukur Ya Rabbi, shukur Al Hamdulillah. May You lift this burden off us, for the honour of Your Beloved send us support O Lord. We wait for these five thousand angels. They will come with Mahdi (as), send them O Lord. Tubna wa raja'na ilayk Ya Rabbana. Let us say Bismillahi r-Rahmani r-Rahim. That all doors of goodness open and all doors of calamity close; say Bismillahi r-Rahmani r-Rahim!

O Muslims! Don't go out with your head uncovered. Go out in Islamic dress and nothing will come on you. O ladies! You go out your heads uncovered, dressing up and putting on makeup! You will suffer in dunya as well as inside your graves. Neither your King nor your Muluk can save you. Tawba Ya Rabbi, Tawba Ya Rabbi, Tawba Astaghfirullah. I repent for your own situation also. I repent; tawba Ya Rabbi, tawba Ya Rabbi.

Instead of being busy with Your servanthood we're trying to burn, destroy each other. Shame on people. This is not the honour of humanity. The honour of humanity is making service to their Lord. This is not with fighting. O Muslims! Pull yourselves together before something comes on you. Tawba Astaghfirullah. Let us say Bismillahi r-Rahmani r-Rahim. La ilaha illa Allah, Sayyidina Muhammad Rasulullah (sas). We ask your intercession O Rasulullah. Fatiha.
O Lord, I only want to see Sham opening and Hz Mahdi coming. This is it. I don't want anything else. I have no business with dunya anymore. As-Salamu Alaikum, Salam upon those who listen. Who doesn't listen will suffer what will come on his head. Allah Allah..
Fatiha.

As-Salamu Alaikum. Wir erwachten mit Güte und wir erreichen insha Allah den Abend mit Güte. Bittet um Güte von Allah dem Allmächtigen. Wir sollten wissen, was wir wollen. Möge unser Tag gut sein, möge unsere Arbeit auch gut sein. Wir haben einen neuen Tag erreicht. Unser Leben wurde um einen Tag verringert. Wir sind dem Akhirat um einen Tag näher gekommen. As-Salamu Alaikum Oh Gläubige. Salam sei auf dem Großen Propheten (sas), Salatu Salam sei auf ihm. Er ist unser Meister, er ist der Meister der Schöpfung, er ist der Prophet der die Göttlichen Lichter von den Malakut herabgebracht hat. Masha Allah. Allahumma Salli ala Sayyidina Muhammad wa ala Alihi wa Sahbihi wa Sallim. Was können wir tun? Wir können ein paar Worte sagen, dass eine Erleichterung heute über uns kommt, eine Stärke kommt, eine Öffnung kommt, eine Freude kommt über uns. Also gut. Lasst uns dafür die Tür unserer Sohbats öffnen. Womit eröffnen wir? Bismillahi r-Rahmani r-Rahim. Ya Rabbi Shukur. Ya Rabbi Shukur O Herr, Ya Rabbi Shukur O Herr. Shukur unser Herr, Der uns lehrt, uns über das Bismillah informiert, Der uns mit dem Göttlichen Licht des Bismillah kleidet. "Oh unser Herr. Rabbi yassir wa la tuassir Rabbi tammim bil khair. Bismillahi r-Rahmani r-Rahim. Wir sollten jedes unserer Werke mit Bismillah beginnen, so dass es leicht sein wird, Barakah haben wird und die Türen zum Guten sich öffnen. Ohne Bismillah zu sagen öffnen sich die Türen des Guten nicht. Überhaupt nicht! Nicht eine einzige Tür öffnet sich. Sie öffnet sich nicht in Dunya und auch nicht im Akhirat. Die Türen des Paradieses öffnen sich mit Bismillah und die Leute gelangen ins Paradies. Ohne Bismillah kann man das Paradies nicht betreten! Masha Allah. Wenn eine Person Bismillah sagt, verläuft ihr Tag gut - es wird ein glücklicher Tag sein, ein gesegneter Tag, Güte öffnet sich für ihn. Göttliches Licht kommt auf ihr Gesicht. Gesundheit kommt in ihren Körper. Barakah kommt auf ihre Arbeit. Khair und Hasanat kommt auf ihre Kinder. Oh unser Allah, Du hast es uns gewährt, Deinen Heiligen Namen zu erinnern, Bismillahi r-Rahmani r-Rahim. Was für ein großer Name, welch ein großartiger Heiliger Vers ist dies: 'Innahu Min Sulaymana Wa 'Innahu Bismi Allahi Ar-Rahmani r-Rahimi" (27:30) Das Bismillah wird im Heiligen Koran erwähnt. Am Anfang seines Briefes, Prophet Suleiman... Der heilige Brief, das Dekret, der Befehl, den er zum Palast von Bilqis, Der Königin von Saba schickte - was stand an seinem Anfang geschrieben? 'Innahu Min Sulaymana Wa 'Innahu Bismi Allahi r-Rahmani r-Rahimi" Es ist von Suleiman, aber "Wa 'Innahu Bismi Allahi r-Rahmani r-Rahimi" Der große Prophet begann mit Bismillahi r-Rahmani r-Rahim. Alle Propheten (sas) begannen mit Bismillah. Unser Prophet (sas) begann mit Bismillah. Das wertvollste, was alle Türen öffnet, was all unsere guten Taten in der Dunya vervollständigt, ist Bismillahi r-Rahmani r-Rahim. Die acht Türen der Himmel öffnen sich mit Bismillahi r-Rahmani r-Rahim. Deshalb sollen wir auch Bismillahi r-Rahmani r-

Rahim sagen. Er (swt) gab dieses für Seine Diener in der Dunya, den Gläubigen, so dass all ihre Werke erfolgreich sind. Das ist der größte Schatz, Bismillahi r-Rahmani r-Rahim. Was für eine große Ehre das ist. Die Ehre derjenigen, die vergessen, ist auf
dem Nullpunkt, nichts ihrer Werke hat Erfolg. Kann ein Flugzeug fliegen, wenn du kein Benzin hineingibst? Es wird stoppen und nicht abheben. Was ist es, was der Mensch braucht? Er braucht spirituelle Kraft. Wenn wir keine spirituelle Kraft haben, werden wir wie das Flugzeug sein, was am Flughafen wartet. "Warum startet es nicht?" "Weil es kein Benzin hat. Wie kann es starten?" Es hat alles, aber ihm fehlt eine Sache. So sind auch die Menschen. Wir haben alles, aber eine Sache fehlt. Das ist so, weil wir nicht Bismillah sagen. Wenn du Bismillah sagst - sie nennen es jetzt "das Benzin", die Kreation - wird der Tank voll und es kann abheben und fliegen. Es gibt niemanden, der Bismillah sagen kann und keine gute Tat vollbringt. Bismillah vervollständigt jede Tat, jede gute Tat. Vergesst nicht das Bismillah. "Nasu Allaha Fa Nasiyahum" (9:67). Der Heilige Koran. Allah der Allmächtige informiert uns über die Lage Seiner Diener. Der Heilige Vers "Nasu Allah", sie haben Allah vergessen. "Fa Nasiyahum", und so hat Allah sie vergessen. Woher kamen all diese Schwierigkeiten, Unglücke zu den Menschen? Sie fragen "Wie kommt es, dass so viele Katastrophen passieren?" Weil sie Allah vergessen haben und Allah sie deswegen verlassen hat. Er (swt) hat sie verlassen. Allah vergisst nicht, aber lässt sie in dem Zustand des Vergessens. Andererseits kommt Seine Hilfe sofort. Er peitscht die ganze Zeit, so dass wir uns unseres Herrn erinnern, uns Seiner erinnern. Aber es gibt niemanden, der sich Seiner erinnert. Sie rennen in den Straßen wie wilde Tiere, Frauen und Männer. Und ihre Männer schreien und rufen. Was sucht ihr in der Straße? Wonach sucht ihr? Habt ihr keine Moscheen? Warum geht ihr hinaus und schreit in der Straße? Ihr könnt in die Moschee gehen, ihr alle könntet in die Moschee gehen und sagen "Oh unser Herr! Najjina min ma nakhaf. O unser Herr! Schütze uns vor dem, was wir fürchte oh unser Herr!" Ihr hättet eure Moscheen betreten sollen und sagen, "Oh unser Herr, schütze uns vor den Unterdrückern." Geht zur Moschee und sagt das. Wen ruft ihr in der Straße? Ihr ruft und schreit, sie feuern auf euch. Warum feuern sie auf euch? Damit wir zu Sinnen kommen und zur Moschee gehen. Ya Mufattiha l-abwab, iftahlana khaira lbab. Oh unser Herr, Du bist Derjenige Der alle Türen für uns öffnet. Öffne dir Tür für uns, oh unser Herr. Wir haben keine Hoffnung von diesen- Weder von den Arabern noch von ihren

Prinzen oder Königen gibt es irgendeinen Nutzen für uns. Weder von Amerika noch von Russland kommt irgendetwas Gutes für uns. Ruft, "Oh unser Herr, najjina min ma nakhaf". Schütze uns vor dem was wir fürchten. Schütze uns oh Herr." Warum sagt ihr nicht das, anstatt in den Straßen herumzulaufen? Ist das Islam? Ist das angemessen für die Muslime? Schande über solche Muslime, dass sie die Moscheen verlassen und in den Straßen schreien. Nein, das ist der falsche Weg. Es ist der falsche Weg. Der richtige Weg ist, die Anwesenheit Allahs in den Moscheen zu finden und zu rufen "Ya Rabbi, Ya Rabbana, najjina min ma nakhaf. Lass uns geschützt sein vor dem was wir fürchten, oh Herr!" Warum rennt ihr in den Straßen? Was für eine Art von Muslimen seid ihr? Dann sagt ihr, "Du hast uns nicht geholfen." Nicht einmal die sieben Länder können euch helfen. Ihr sollt in die Moschee gehen. Ihr sollt in der Anwesenheit eures Herrn stehen, ihr sollt betteln: "Ya Muhawwil al-hawli wal-ahwal, hawwil halana ila ahsani hal. Oh Herr, der die Zustände der Menschen vom einen zum anderen ändert. Mögest Du uns in dem besten hal/Zustand sein lassen." Oh Herr. Mögest Du Deine schönen Diener schicken, oh Herr. Bismillahi r-Rahmani r-Rahim. Öffne, oh Herr, öffne Deine Türen der Gnade! Schicke von Deinen Löwen. Ya Ghaliban Ghayra Maghlub. Wir suchen Zuflucht bei Dir, denn Du kannst nicht besiegt werden. Du bist der Absolut Siegreiche. Schicke uns Hilfe." So. Wird Er nicht Seine Unterstützung senden? Als sie in der Schlacht von Badr festsaßen, betete der Glorreiche Prophet "Schick uns Hilfe!" Eintausend Engel kamen herab. Und dann? "Bi Khamsati 'Alafin - fünf tausend von ihnen" kommen als "Musawwima- mit Zeichen zur Unterscheidung", mit Turbanen auf ihren Köpfen und das lose Ende hängt auf ihren Rücken- "Musawwimin". Er (swt) sagt "Ich sende Unterstützung mit solchen Engeln". Aber nein, es gibt keine Notwendigkeit dafür jetzt. Jetzt werden diese Engel herunterkommen, aber damals kamen sie nicht, Er (swt) hat es verschoben: "Wenn Meine Diener in dieser Zeit des Verderbens rufen, werde Ich fünftausend heruntersenden zu Ehren Meines Geliebten". "Bi Khamsati Alafin Mina l-Mala'ikati Musawwimina" (3:125) Nur ein Engel kann alles auf den Kopf stellen, aber Er (swt) sagte, "Ich werde fünftausend schicken" in Seiner Großartigkeit. Nun, diese fünftausend werden mit Mahdi (as) kommen. Allah der Allmächtige wird zeigen, wie Er (swt) den Islam beschützt, wir Er die Wahre Religion/Haqq beschützt. Allah Dhul Jalal wird es diesen achtlosen Muslimen zeigen, von denen manche Amerika und manche Russland sagen. Schande über sie. Schande auch über ihre Könige, ihre Prinzen, und auch über ihre Präsidenten. Schande auf sie, dass sie Allah vergessen haben! Sie unterstützen Amerika. Sie unterstützen Russland, China... sie sind die ghuruh-u makruh! Sie sind die ungeliebte Gruppe; China ist so, Russland ist so, Amerika ist so. Was ist unsere Angelegenheit mit ihnen? Habt ihr nicht euren Allah, zu dem

ihr "Ya Rabbi" sagt und eure Hände erhebt! Schande über euch. Sham: Es gibt 40 Wali von Allah in Sham. Wenn sie sie einmal rufen würden, würden sie Sham auf den Kopf stellen, würden die Tyrannen fernhalten. Aber wegen unserer Achtlosigkeit weil wir das Bismillah vergessen haben; denn wer das Bismillah vergisst, das bedeutet dass er Allah vergisst. "Ya Allah! Du bist der Sultan! Schick uns einen Sultan. Mögen diese nutzlosen Leute verschwinden." Sie haben alles verdorben. Sie hören nicht auf den Heiligen Koran. Sie lesen ihn nicht. Sie rennen, schreien in den Straßen. Schande über sie. Sagt Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. SayfAllah al-Maslul (das gezogene Schwert Allahs) zieht das Schwert, wenn sie sagen "Oh unser Herr". Er zieht das Schwert und fünftausend Engel kommen herab. Es gibt keine Angst vor ihren Kanonen, oder Waffen, oder Raketen oder Museen. Oh Muslime, kommt zum Islam! Wenn nicht, wird es euch zermahlen und euch wegwerfen! "Fa Sawfa Ya'ti Allahu Bi Qawmin Yuhibbuhum Wa Yuhibbunahu" (5:54). Allah der Allmächtige wird ein Volk bringen das Er lieben wird und sie werden Ihn lieben. Warum seid ihr nicht von ihnen, oh Muslime?! Oh Leute Ägyptens! Die Leute von Hijaz, die Leute von Sham, Turkistan, die Leute der Türkei, die Iraner, warum kennt ihr Allah nicht und ruft nach Allah? Warum tötet ihr einander? Aus welchem Grund? Damit eine Person auf einem Sitz sitzen kann. Er soll nicht sitzen! Er soll nicht sitzen... Es ist nicht eure Kraft, die ihn aus dieser Position entfernen wird. Wenn Allah will, kann Er (swt) ihn sofort entfernen, aber weil ihr es verdient hat Er (swt) ihn euch auferlegt. Bereut! "Tubu 'Ila Allahi Tawbatan Nasuhaan" (66:8). Tubna wa Raja'na ilayk Ya Rabbi. Vergib uns oh Herr.

"Alladhina Yastami`una Al-Qawla Fayattabi`una 'Ahsanahu" (39:18) Allah beschützt die die auf Seine Wort hören, auf Seinen Rat hören und die die auf den Rat Seines Propheten hören. Und Er (swt) ist mit ihnen. Aber ihr, die Ihn verlasst und mit Shaytan seid! Ihr habt (politische) Parteien gemacht, Schande über euch und die die ihr behauptet, Muslime zu sein! Es verlangt nach einem Sultan- Die erste Verpflichtung der Muslime nach dem Propheten, der erste Befehl ist "Ihr müsst einen Kalif haben". Eine Person regiert die ganze Islamische Welt, nicht tausend Leute. Ihr sitzt dort und sagt "Ich regiere", aber wenn ihr die Gerechtigkeit verlasst werdet ihr in Dunya und im Akhirat leiden. Oh Herr, wir sind hilflose Diener. Wir sagen Bismillahi r-Rahmani r-Rahim. Oh unser Herr! Mögest Du unser Bismillah akzeptieren. Diese Leute sollten mindestens 40 mal Bismillah sagen und sie sind sicher. Manche von ihnen sind hinter "Lampenöl", Petroleum her; manche von ihnen nach Benzin; manche von ihnen nach Gold. Lasst das. Sucht nach dem Befehl Allahs. Allah sagt "Wa 'Ahsinu", tut Gutes, 'Inna Allaha Yuhibbu Al-Muhsinina" (2:195) Allah liebt die die Gutes tun. Worauf wartet ihr? Warum spart ihr und häuft an? Häuft nicht an, gebt! Gebt um euer Leben.

Sagt "Bismillahi r-Rahmani r-Rahim" und Schätze öffnen sich. Oh Herr, mögest Du uns vergeben. Tawba Ya Rabbi, tawba Ya Rabbi. In diesem heiligen Monat von Maulid, öffne! Gib deine Schätze. Gib für Allah, so dass sie am Mahshar Tag "Affarin-Bravo!" für dich sagen. Sonst werden dich die Zabaniyah am Kragen packen und dich ins Höllenfeuer werfen. Möge Allah uns vergeben. Al-Fatiha. Wir sollten Bismillahi r-Rahmani r-Rahim sagen und auf uns blasen. Sag "Bismillahi r-Rahmani r-Rahim. Bismillahi alladhi la yadurru ma`a Ismihi shay'un fi al-ardi wa la fi as-sama'i wa Huwa as-Sami`u al-`Alim". Muslime sollten auf ihrem Kopf die Krone des Islam setzen. Nichts wird auf ihre Köpfe kommen. Frauen sollten nicht mit unbedeckten Köpfen hinausgehen, sich schön machen und Make up auftragen. Sie sollten ihren Kopf bedecken. Nichts kommt auf sie von den Himmeln. Wir achten nicht darauf. Und wir nehmen auch keinen Rat an, niemand nimmt Ratschläge an. Sie rufen und schreien in den Straßen und tun verrückte Dinge. Sie werden einander töten. Ist es der Befehl Allahs, einander zu töten? Schande über sie. Oh unser Herr, mögest Du uns einen Meister schicken zu Ehre Deines Geliebten. Schicke einen Sultan, oh unser Herr. Schicke den Mahdi (as) von dem Dein Geliebter die frohe Kunde seines Kommens brachte. Wir haben keine Kraft mehr, oh Herr. Tawba Ya Rabbi, Tawba Ya Rabbi, Tawba Astaghfirullah. Tawba Ya Rabbi, Tawba Ya Rabbi, Tawba Astaghfirullah. Shukur Ya Rabbi, shukur Ya Rabbi, shukur Al Hamdulillah. Mögest Du diese Last von uns nehmen, zu Ehren Deines Geliebten, schicke uns Unterstützung oh Herr. Wir warten auf diese fünftausend Engel. Sie werden mit Mahdi (as) kommen, schicke sie oh Herr. Tubna wa raja'na ilayk Ya Rabbana. Lasst uns Bismillahi r-Rahmani r-Rahim sagen. Dass alle Türen des Guten sich öffnen und alle Türen des Unglücks sich schließen; sagt Bismillahi r-Rahmani r-Rahim! Oh Muslime! Geht nicht hinaus ohne euren Kopf zu bedecken. Geht in islamischer Kleidung und nichts wird auf euch kommen. Oh Frauen! Ihr geht hinaus ohne euren Kopf zu bedecken, kleidet euch schön und legt Make up auf! Ihr werdet sowohl in Dunya als auch im Akhirat leiden sowie in euren Gräbern. Weder euer König noch euer Muluk kann euch retten. Tawba Ya Rabbi, Tawba Ya Rabbi, Tawba Astaghfirullah. Ich bereue auch für eure Situation. Ich bereue; Tawba Ya Rabbi, tawba Ya Rabbi. Anstatt mit Deinem Gottesdienst beschäftigt zu sein, versuchen wir, zu verbrennen, einander zu vernichten. Schande über die Leute. Das ist nicht die Ehre der Menschheit. Die Ehre der Menschheit ist, Dienst für ihren Herrn zu machen. Das geht nicht mit Kämpfen. Oh Muslime! Reißt euch zusammen, bevor etwas über euch kommt. Tawba Astaghfirullah. Lasst uns Bismillahi r-Rahmani r-Rahim. sagen La ilaha illa Allah, Sayyidina Muhammad Rasulullah (sas). Wir bitten um deine Fürsprache, oh RasulAllah. Fatiha. Oh Herr, ich möchte nur Sham sich öffnen sehen und Hz Mahdi kommen sehen. Das ist alles. Sonst möchte ich nichts. Ich habe nichts mehr mit der Dunya zu tun. As-Salamu Alaikum, Salam auf die die zuhören. Wer

nicht zuhört wird darunter leiden was auf seinen Kopf kommen wird. Allah Allah... Fatiha.

**Khalifah of Sayyidina al-Mahdi Alayhissalam**

As-salam `alaykum. As-salam `alayka ya Shaykh Hisham Effendi, Masha'Allah min khulafa Sayyidina al-Mahdi, `alayhi's-salaam.

I am from good manners, an natawwajah al-majlis, arabce soyliyor?

(Arabic) It is good manners that we must look who may be authority to speak to address people. I am looking Shaykh Hisham, he has that authority from our Grandshaykh, as well as he is authorized through the Seal of Prophets, Sayyidina Muhammad (s). Ya Sayyidi, ya Rasulullah, madad. Anytime you may give your will in the hands (of) such an authorized people, then you are not going to carry responsibility. Therefore, I am a little bit clever one, making my heavy burden on Shaykh Hisham, asking, "Please address people" and he is saying, "no, you can do this." If I can do this, whole responsibility, (whole) wrong from me, he is carrying and it is enough for a young one to carry.

I am old one. I am thinking to buy an old donkey. What is your opinion, O people? Like me, old one, to ride on it and to go up and down through this village's roads and I may look what should be reception from people. People going to be happy or swearing to me, doesn't matter! I am saying that swearing for my donkey, not for me. Therefore, if any one swearing to you and angry with you, you may say, "I am not responsible, but

my donkey responsible (for) making something wrong!" and then swearing my donkey, and I am not saying who. What is the name of your donkey? My donkey's name, O Shaykh, is "e?ek." I know a Shaykh...US.

There is a big country, they are saying US. I learned first in elementary school, O Shaykh, as a little one was written first page "I" and in front of it a donkey's picture, but written under it "ass". Therefore, I learned first from English language, "I ass." It is true. Therefore, beware, O people, that if anyone swearing to you say, "I don't mind because that one, that ass one, is swearing on my ass also. That is also ass and swearing to my ass. Doesn't matter, don't be angry!" (Laughter)

There was our brother coming and selling something, everywhere he was going and asking to be known that he is bringing something for selling, also he was imitating a donkey and loudly like donkey shouting, and people saying, "Our donkey calling," and running to him. It is a good adab that we are saying that you must be able to make a difference between yourself and your donkey. You are always a two one, firstly you are a donkey and second you are a man. If we are speaking from a real position, our egos, means your ego is your ride. To ride on it and to try to find your way to Heavens.

Prophet (s) was first just brought to him Buraq ash-Shareef, holy horse from Paradise, and riding on it from Holy Mecca to Holy Quds ash-Shareef, Masjid al-Aqsa in Jerusalem. And he (s) was asking, "Is my nation given what I have been given?" and Heavenly answer coming, "Yes, We gave to them also a ride. If they are riding, they may be able to ride on it, they should be able to reach what you are able to be there." And that is a signing that Allah Almighty created donkeys to be a ride for mankind and it is slowly, slowly walking but sometimes some people whom their levels is level of donkeys getting angry and trying to kick him and strike him. It is not true. And, O our listeners through east and west, I am also one servant of our Lord Almighty and everyone they have been created to be servants of heavenly service for the Lord of Heavens. All of us just granted a ride, and our ride is our donkeys, that is ego. Ego. We have been ordered to train or to teach our donkeys good manners, good manners. Good manners making people to reach to their real positions or stations through Heavens because Allah Almighty just appointed for everyone a station through Heavens. And He is ordering, "O My servants, ride on your rides and coming to Me! I am inviting you to be in My Divinely Presence."

Therefore, we are in need adab, good manners. You must learn good manners, training our rides and whole

religions, that they are Heavenly messages just had been sent to messengers on Earth, all of them from beginning up to end, they are good manners. Teaching good manners to people. But now people they are leaving to learn good manners but they are trying to follow their silly rides' demands. People now trying to fulfill demands of their silly rides and so that 99% people, they are trying to make their silly rides happy, not thinking to make their Lord's happiness. They are not trying to make, to find pleasement of their Lord; 99% people on Earth, if you are making a ... sometimes government asking to their people, "Are you happy with voting for this referendum?" He is making a referendum. Everyone saying, ohhh, I must try to make my ride happy, no one else. Therefore, it was mentioned through Holy words of the Seal of Prophets (s), say that the partnership is so sacred through my nation, even you can hear ants walking, but that egoistic partnership is so hidden. It is so mushkil, harm to know it.

And now people, there is a group of people, if you are saying "ya Rasulullah," they are saying that is shirk. Those people no mind people. If sometimes such a people, if you are visiting Holy Prophet's Holy place and making your hand on window, they saying you make shirk. And I am saying, you are partner to Allah? How you are saying this, for what? Who gave to you ahkamu 'l-haakimeen (the Highest Judge) to give last judgment on your Lord? How you are saying, no you are making shirk? What is your proof? No proof! And they are just falling into darkness of real shirk. May Allah forgive us.

People running only to make their egos happy. Happy to make their egos please. Yes. You may do for sometimes your ego pleased, but day-by-day you are getting older. Don't think that you are going to be like a car, coming out from gallery zero kilometers. People thinking that they should continue to be zero kilometers. No! Zero kilometers day-by-day getting older, older, older and they are going to be like myself. And you are going to be like old donkey, old donkey, not young. They are not looking to themselves, they are finishing, finishing. Leave Last Judgment to the Lord of Heavens, Allahu subhanahu wa ta'ala. Allahu Akbar al-Akbar.

Holy Qur`an says, O Shaykh, don't say who...

**••••• •••••••••• •••••• ••••••• •••••••••• •••••••••• •••••• •••••••••**

O ye who believe! When ye go abroad in the cause of Allah, investigate carefully, and say not to any one who offers you a salutation: "Thou art none of a believer!" 4:94

Even if saying As-salamu alaykum, don't say that the person for his other works, that he is going out of Islam, no. To say As-salaam alaykum, it is a proof that he is Muslim. Then how they understanding, those Arab people, to accuse people with partnership or saying you are not Muslim, if you are saying As-salaatu wa salamu alayka ya Rasulullah!, saying you are making shirk, what is this? No mind people, no mind people. And I am going to be cursing against them on Yawm al-Qiyama. I am sending against whole Wahhabi people that those people, O my Lord, they were preventing to be said for Your Most Glorious, Most Honored, Most Beloved Servant!

If you are saying As-salatu wa salamu alayka ya Rasulullah!, I am standing in Divinely Presence and calling all those Wahhabi people, saying I am against those people that are preventing and You are giving salat wa salam, salutations continuously.

Inna Allaha wa mala`ikatuhu yusaloona `ala an-nabiyy. (Surat al-Ahzab 33:56)

How they are understanding? Allah Almighty without stopping, always giving His Divinely respect and dressing more glory on Habeebullah, on Rasulullah (s), and they are saying if you say As-salatu wa salamu alayka ya Rasulullah!, you are mushrik, you are kafir? A`udhu billah, A`udhu billah! I am asking from the Lord of Heavens to make their last days no good, to be in trouble and people runs away from them. Only remains with them Shaytan and Shaytan's helpers. Na`udhu billah.

O people! You are Muslims and we must learn some important points in Islam, to keep them, not to follow such a foolish people, misunderstanding people, no, no! I don't think that after Prophet's leaving this life for Eternity, I don't know any Sahaba coming in front of his Holy tomb and not saying As-salatu wa salamu alayka ya Rasulullah! They are believers because Prophets have real life, even through their tombs, and they are answering. No any Sahaba, Companions without hearing, never standing in front of Prophet's holy tomb and saying As-salaatu wa salaamu alayka. (They are) saying (to Prophet) and hearing (his reply). O people! If someone giving to you salaam, salutation, give answer, it is better. Therefore, and we are believing that prophets are living ones, even through their tombs, and if anyone saying As-salaat wa salaamu alayka, ya Sayyidi, ya Rasulullah!, the Companions were looking and seeing Rasulullah (s) and hearing perfectly his reply, Wa alaykum as-salaam ya sahibee.

O Muslims! Correct your beliefs. Try to be real believers in prophecy and you must try to give your high

respect and to ask glory from Allah Almighty to His most glorified and most honored, most beloved Sayyidina Muhammad (s). May Allah forgive us.

O people! Hear and listen and obey. If not, there is Heavenly whip should strike them and whole Islamic world now they are just broken, they are left, Allah Almighty saying come all together and they are saying no, we may be everyone separated. And Allah saying be all of you one hand, but our Muslims saying no, everyone must be alone through himself or herself.

O people! Astaghfirullah bikum. Ask your Lord's forgiveness. If He is not forgiving us, our future is not good because forgiveness carrying blessings. If no blessing, nothing coming from Heavens. O people! Ask forgiveness so that you should reach Heavenly Mercy Oceans, Heavenly blessings of Allah Almighty.

I think it is enough. They may give me to speak, to address you up to next week never ending, next month never ending, and next year never ending, up to end of the world, speaking for the honor of that most honored one, never finishing. If Allah giving, giving endlessly. Ask from His endless Mercy Oceans for you and for those people whom they are obeying Heavenly Orders, and trying to reach pleasement for their Lord Almighty. That is last goal through our lives to reach, to make our Lord pleased with us and happy with us, to be beloved ones in His Divinely Presence.

O people! Time is over. Running, time running, running so quickly and we are approaching on Last Day, Yawm al-Qiyamah approaching. Take care for yourself because this material being is not going to be with you up to Eternity, no! Your car getting older and one day going to stop, then they are throwing it automobile qabaristan, cemetery of cars. Our cars getting older then taking people, put that one.... open the doors coming another old car... oohh don't say car it was a truck. He was not small car, he was truck. Doesn't matter, take by foot throw him away. Ha ha! So many people thinking they are trucks, trucks. You and your truck, through cemetery of cars! What we shall do?

Don't try to buy cars or you may carry on your shoulders to cemetery and you are crying, O my car, O my truck, O my...? Which kind car, ehh it was Mercedes and now you are throwing car in cemetery, what we shall do? It became now old Mercedes, no my car is now... (inaudible). Another? UMP? UWP? BMW that once upon a time was running to MWC. What is the name? BMWC, really. Now... Therefore, I am not taking such a

cars, my driver Ali Hussein that his mind from his head two meters up, he was carrying me behind car, goats and sheep, and he was sitting right hand of me making me to sit in front also on that....? If we are throwing that car anywhere, we are not crying, we are saying alhamdulillah. But WC car, BMW. You have such a...? When I was a small one, there was only ....? Italian. There was Chevrolet, French one or English one, no any other car! Now you can't count the names of cars. Ehhh, you and your car you must think that you are going to be thrown, your old body thrown through cemetery and your car to car cemetery.

Don't be cheated such a things. Ask reality, ask your real mission on earth and give your endless glory and respects just glorified and honored, no one honored like himself, Sayyidina Muhammad (s). Allahumma salli `ala Sayyidina Muhammadin nabi'ul umiyy wa` ala alihi wa sahbihi wa sallam...

[Shaykh Hisham: There are two who want baya` Sayyidee.]

Give them baya`, give them tariqah.

[Shaykh Hisham: ashadu an la ilaha ill-Allah wa ashadu anna muhammadan abduhu wa rasuluh.Inna alladheena yuba`yoonaka innamaa yuba`yoon'Allah. Yadullahi fawqa aydeehim. Faman nakatha fa-innamaa yankuthu `ala nafsihi wa man awfa bimaa `ahad `alayhillah fa sayu`teehi ajran `azheema. Radayna billahi rabban wa bi'l-Islami deenan wa bi Sayyidina Muhammadin nabiyyan wa rasoola wa bi'l-Qurani kitaban w'Allahu `ala maa naqoolu wakeel. **Khulafah of Sayyidina Imam Mahdi (a)**

Discussion with Shaykh Hisham at Dhuhr

Shaykh Hisham Effendi: You are always deep in thought. Sayyidee, your heart is always present with the Prophet (s), not with the people surrounding you here, because of the current events.

Mawlana Shaykh Nazim: This news was prophesied from before; it is necessary to happen. Prophet (s) said, “Await the great dispute among the Arab tribes.” It is necessary to happen! And now the order has begun. (Yes, Sayyidee.) And yet this is still nothing. In what ways death will come unto people we do not know. I mean, a great suffering will emerge, because they opposed the truth; they forgot Allah and they followed in the footsteps of Shaytan. The punishment of the ummah must come in this life. They will not be touched by punishment in akhirah.

Shaykh Hisham Effendi: But Mawlana, subhaanAllah, they are killing without even knowing who they are killing, Sayyidee. There are hundreds and thousands of murdered people.

Mawlana Shaykh Nazim:

•••• ••• •••••• •••••••••••• •••• •••••••••••• ••••••• ••••••••• ••••••••• •••••• •••••• •••••• •••••• ••••••••• ••••••••

•••••••••••• ••••••••••••

...And We will divide you into parties, to taste the wrath of each other. Look how We make plain Our verses, in order that they understand. (Al-An`am, 6:65)

(Subhaa-Allah!) You will find the murdered amongst every group of people. The majority of the population will become casualties, but there is no end result to the killing. La hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Adheem.

Shaykh Hisham Effendi: But Mawlana, if out of every five only one will remain, perhaps this may be weapons from the Heavens. Or are they man-made weaponry?

Mawlana Shaykh Nazim: All kinds, because the causes of death are limitless.

Shaykh Hisham Effendi: “There are countless causes but death is one. “

Mawlana Shaykh Nazim: Yes.

••••• •••••• ••••••••• •••••••••

Every person shall taste death... (Aali Imran, 3:185)

(SubhaanAllah!) In the end all must go; there cannot be even one person remaining. But the causes of death are varying. SubhaanAllah. O, that He would not leave us in the hands of the tyrants!

Shaykh Hisham Effendi: Mawlana, are awliyaullah spread over this world or are they gathered in one area?

Mawlana Shaykh Nazim: They are united. Being split up around the world in this context does not mean that they are opposing each other. (Yes.) All of them look there (at the Preserved Tablets) and steer accordingly. The ones who are responsible for executing the Judgement are awliya, Hisham Effendi, not ordinary people. Not every person is able to bear these commands. Some of them are responsible to execute Judgments. Who had been judged against must go. The one who is protected will go from this Earth with the rank of a martyr. Who is not protected, the cleansing process for the servants of Allah is that who has committed crimes, the Judgment has now come against them. And there are all kinds of ways to execute it.

Shaykh Hisham Effendi: Mawlana, are these awliya different from Budala, Nujaba, Nuqaba, Awtaad, Akhyaar?

Mawlana Shaykh Nazim: There are all kinds. Each one of them is responsible of one country or the execution of a certain kind of command. The ones who are responsible, according to their particular oath they perform. It is something so simple to stop the killing in countries. But this is happening as a cleansing of the servants of Allah so that they will not be held responsible on the Day of Judgment. In this world He cleanses them so that in the Hereafter it won't be necessary for them to be cleansed by the fire of hell. (Alhamdulillah.) Their punishment is in dunya, not in akhirah, ahli 'l-ummah. (Ummat an-Nabee.)

Shaykh Hisham Effendi: Mawlana, Sayyidina Shaykh `AbdAllah (q), Sultan ul-Awliya, mentioned the 40 khalifahs of Sayyidina al-Mahdi (a), and their deputies are 59, so that they total 99. Are these from amongst the Budala, Nuqaba, Nujaba, Awtaad, Akhyaar or are these a different kind of awliya?

Mawlana Shaykh Nazim: All are included amongst them! May Allah raise their ranks. Fatihah. By the barakah of their holy spirits, for the honor of the one who has no Prophet after him (s), Fatihah.

Shaykh Hisham Effendi: Mawlana, he even mentioned the Mashayikh al-Islam. He mentioned about nine, Sayyidee. He mentioned them under the title of "Mashayikh al-Islam," to appear at the time of Imam al-Mahdi (a).

Mawlana Shaykh Nazim: Nine?

Shaykh Hisham Effendi: Nine. This was in the notebook that Shaykh Sharafuddin (q) wrote.

Mawlana Shaykh Nazim: Vuzaraa, the ministers?

Shaykh Hisham Effendi: These are different than the seven ministers, Sayyidee.

Mawlana Shaykh Nazim: Yes, there are all kinds; depending on their type of service, they are dressed.

Shaykh Hisham Effendi: Yes, each one had the title, "Shaykh ul-Islam" before his name; nine of them. (Mawlana Shaykh Nazim smiles.)

Mawlana Shaykh Nazim: Yes.

Shaykh Hisham Effendi: Then he mentioned the A'imma al-Mudabbiroon (the imaams in action) and the A'imma adh-Dhakiroon (the imaams of remembrance).

Mawlana Shaykh Nazim: All of that is there? (Yes.) Nothing is missing? (Nothing is missing.) (Mawlana Shaykh Nazim looks up.) Their eyes are affixed on the Preserved Tablets (al-lawh al-mahfoodh). The will that comes from them is coming from the Will of Allah Exalted, Most High. May Allah forgive us, O our Lord.

Shaykh Hisham Effendi: Then he mentioned 313 awliya at the feet of the 313 Companions of Badr.

Mawlana Shaykh Nazim: All of those are murshids, and you are also one of them!

Shaykh Hisham Effendi: Astaghfirullah.

Mawlana Shaykh Nazim: Yes, that is well-known, and Adnan Effendi is also one of them! There are also 99 khalifahs of Mahdi (a).

Shaykh Hisham Effendi: 40 and 59 khalifahs, a total of 99.

Mawlana Shaykh Nazim: Holy ones! Blessed be their commands.

Shaykh Hisham Effendi: The first of the representatives is Muhyideen at-Taifee, and Grandshaykh (q) mentioned that he is Muhyideen ibn al-`Arabi (q) who appears at that time. Yes, one time he mentioned this in one of the suhbahs.

Mawlana Shaykh Nazim: Is this with you?

Shaykh Hisham Effendi: No, Sayyidee. Abu 'Isam took it and disappeared. I have written all that in my notebooks; I copied it by hand. I made three copies: one Shaykh Adnan took, one is with Shaykh Mustafa, and one copy is with me. If you like I can bring them, either the originals or copies.

Mawlana Shaykh Nazim: Yes, bring.

Shaykh Hisham Effendi: If you like, I can hand-write it for you or I can make a photocopy.

Mawlana Shaykh Nazim: Make photocopies. I sent a message to Anwar to search for it. It's with 'Isam?

Shaykh Hisham Effendi: Abu `Isam took it, Sayyidee, and perhaps al-Fransi took it from Abu 'Isam. There was one French person from the people of Abu 'Isam, perhaps that one was the one who took it from Abu 'Isam. I told Shaykh Adnan, "It is not necessary for us to return the ... to Grandshaykh as he won't read them," so we kept it with us, Sayyidee. But then later, Shaykh Adnan insisted that we return it to Grandshaykh. Grandshaykh put it on his night table near him, near his bed, and after a day or two, Abu `Isam came. He saw the notebook, spoke with Grandshaykh in Daghestani language and then took the notebook!

Mawlana Shaykh Nazim: So he has it!

Shaykh Hisham Effendi: Yes, he has it, Sayyidee.

Mawlana Shaykh Nazim: It's a must; I told them let him bring it!

Shaykh Hisham Effendi: If he brings the notebook to you, I will give money to Anwar, Sayyidee.

Mawlana Shaykh Nazim: Yes, I will give him also.

Shaykh Hisham Effendi: Inshaa-Allah, he'll get from both of us, but just let him bring this notebook! (Laughter.)

Mawlana Shaykh Nazim: He will bring it! He will bring it!

Shaykh Hisham Effendi: Mawlana, it is a very beautiful notebook with the magnificent handwriting of Shaykh Sharafuddin (q).

Mawlana Shaykh Nazim: O Allah, raise their ranks always!

Shaykh Hisham Effendi: Then I copied from the original notebook and gave it to Mawlana Shaykh, and we returned the notebook. Grandshaykh (q) then told me, "The original notebook is now with Abu 'Isam, give

me your copy." I gave the notebook that was with me. He told me, "Add to them the following Qur'anic verses." I did not know why. I added all of them. Then I gave the notebook to Mawlana. I'm speaking about the second one that I copied. After some time passed, Mawlana Shaykh `AbdAllah (q) gave it to me, but it was not the original notebook. The original one Abu 'Isam took.

Mawlana Shaykh Nazim: Mawlana gave you also?

Shaykh Hisham Effendi: He returned to me what I wrote as a copy of the original.

Mawlana Shaykh Nazim: It never came to my mind during all the years of accompanying Mawlana Shaykh `AbdAllah to ask him neither for a notebook nor for a pencil. (Mawlana Shaykh giggles.)

Shaykh Hisham Effendi: You, Mawlana, are the khalifah, the Sultan ul-Awliya, Sayyidee! What do you need to ask for? But I asked. From the windowsill of Grandshaykh, we asked if there is permission to write it. He said, "Permission is granted, take it!"

Mawlana Shaykh Nazim: Sometimes, he would put his glasses on and say, "Nazim Effendi!" One time he looked and showed my name; he pointed to a name. (Yes, Sayyidee.) But aside from my name, there is also "Burhaan al-Kurama," a different one. (Shaykh Hisham Effendi smiles.) He pointed at a name and said, "This is you." But there are others from before. (Yes, Sayyidee.)

Mawlana Shaykh Nazim: O Allah, a relief from affliction! Support us with heavenly support until the sultanate of Shaytan is under our feet. (Aamanna wa sadaqna, Sayyidee!) But Allah gave the punishment of the ummah in this dunya so that there would be no punishment in akhirah.

Shaykh Hisham Effendi: Mawlana, when Grandshaykh passed away, on the same day--and I never told anyone this but you reminded me now--that night I saw a dream: he came with the notebook, opened it and told me, "This is your name among the names of the khalifahs of Sayyidina al-Mahdi (a): 'Thameer ul-Haqq Zain al-`Abideen.'"

Mawlana Shaykh Nazim: Of course. Those ones are hidden. And you are of the ones who have been made to be well-known in many various countries, but your spiritual being is united in the gathering with them. And also you are in Sham. You are in the East and in the West! Mashaa-Allah.

Shaykh Hisham Effendi: All of this is from your barakah, Sayyidee. When we were in the mosque of my uncle, Shaykh Mukhtar, and I was 12 years old sitting with my two brothers, Walid and Selim, you came and said, “Selim, come! Hisham, come!” You said, “Mawlana Shaykh `AbdAllah wants you to come and visit him now.” That is how you opened our eyes from that time. I was 12 years old.

Mawlana Shaykh Nazim: And now you are 13? (Laughter.)

Shaykh Hisham Effendi: Now I’m 11, Sayyidee! You took us and brought us to Sham.

## O Muslims! Killing is Forbidden in Islam and in Every Religion

(Mawlana stands)
Allahu akbar, Allahu akbar, Allahu akabar laa ilaaha illa-Lahu, Allahu akbar, Allahu akbar wa lillah il-hamd! We are your servants, O our Lord, and we are giving our most high respects to your most glorified servant Sayyidina Muhammad (s), alfu salat alfu salaam. And we are asking your forgiveness o our Lord and protection from sins, and to be under His divinely protection and not to be bad servants but to be good servants. And we are asking humbly. A`oodhu billahi min ash-Shaytaani ‘r-rajim. Bismillahi ‘r-Rahmani ‘r-Raheem. O our Lord!
(Mawlana sits)

O people! Ya ayyuha 'n-naas, as-salamu `alaykum wa rahmatullahi wa barakaatuh. That is title of our association, association that is just described through holy ones to making ways of servants clear. Therefore, we are doing this association to show us our direction, if it is true direction or not, as planes using radar. This is not important, doesn't matter. And you are going to be old man, running water from your eyes, from your nose? That is normal.

O People! As planes using radars, men must use radar to show them if their direction is true or what is going to be expected, like a light. Therefore, we are in need of an association that is advising to people and

reminding them or warning them from any danger in front of them. Therefore, we must use that spiritual radar daily, or another example that time by time I am hearing, is that people are taking their cars to a garage. For what? They are saying, balance. They are in need, because something wrong they are feeling in his car and taking to station and asking, “What is wrong? Balance is okay or not?”

Once upon a time, may be fifty years ago, I was going with one of our brothers with his car, before such a time that everyone’s home had two cars, three cars, five cars. His was one small, old car, and we were going from Nicosia to Lefke. Because we are going slowly, a big bus was coming and I am saying to my driver, “Oh Yahu, look coming a big bus. Take it aside.” “O my master I am trying, but my car not listening to me! I am making like this (Mawlana imitates turning a steering wheel) and it is coming like that (opposite of the way he turned the wheel). O my shaykh, I must go to look for it a balance.”

O people, we must look time by time if our balance is true or is it in a dangerous position. In this association everyone must look about their balance, is it right or wrong. That is important, but people never looking for their balance until they are going to be forced through some illnesses. To go to doctors and ask, “Look at my balance; what is happening to me?” That is for their physical being, but I am not finding except people asking for balance for themselves. Their balance is wrong, but never asking for balance for themselves.

“O my friend, your balance is wrong, I am looking.”
“Who are you? You are saying this to me?”
They are never accepting. If you are saying, “You are wrong, no balance,” he may hit you, he may kick you! Who is saying my balance is untrue?! I know it more than you!

O Mankind, coming in right direction. If you are coming in wrong direction, if hitting his car or his body, he will then understand, “Too many times my friend is telling me, ‘Look you are in wrong direction,' and I am not listening, Now I am in hospital, head broken, hands broken, and now I am crying.”

Why you are crying? Because you are not in right balance? Today, I am sorry that influenza making me sometime now to look my balance, yes sir. Most important thing through the lives of people, to be in safety here and Hereafter, and to be their balance true. They must hear an association from the authorized one. If a person is writing, “I am doctor,” and he is not doctor, you going for check up and he giving you wrong

medicine, you shall be more weak and you shall die.

Therefore, association most important balancing for people! Therefore, I was with my Grandshaykh, (Shah Naqshband, who said), "tariqatuna as-suhbah - Tariqat is association." Therefore you may look and see if true or not our souls are in need for balance. And today also, a handful of servants. O my Lord, coming here for listening something, and to look and to correct their actions, if it is good or bad. That is balance, to know which acting is true action, which one is not true. True balance gives you benefit and honor here and Hereafter, a balanced person. Wrong-balanced one may touch him here and Hereafter, something that he is not going to be happy.

O people, you are given these times for listening. Don't say, "It is too much to hear that one who is speaking daily; today we may listen to him. Today we must enjoy our egos to go east and west; no time to listen to him broadcasting from Lefke!"

You are free, but anything happening to you, you should cry, you should be regretting. And we are saying, O People! who is listening for a half-hour daily, I think it is giving you a spiritual power, and your spirituality getting up, and real purpose for spiritual association to make our spirituality more powerful and to reach more high levels. Because for Man (there are) countless levels, countless levels, and you must try daily at least one level to be up.

This broadcasting that Shaykh Hisham making for me, I am sorry that is such an old person. People may say, "He is so old, he doesn't know what he is saying. We must make for enjoyment, leave him to what he is saying." But if not, then in one day or one week or one month or one year, someone is coming to you, because you are not just for this material life and material being. You are at the same time for a spiritual life and being. You must take care of your spiritual being, because when a time comes, your physical being is not for you to stand up, and you will say, "O, I neglected, I wasted my whole life with material aspects and never taking a care for my real being."

O people, you have a real being! Enough for you to be drunk! You have been granted with your physical being, a spiritual identity. And you never thinking with your ... going to control heavenly powers. You must look at your heavenly personality, its identity is looking to heavens. They are going to direct your steps, your spiritual being and day by day you must try to step even one step up. Therefore, those who are not reaching to

that point, so difficult for them on that day that their physical being finishing and going to be thrown through graveyard--useless. Like people's cars are now useless, throwing to that place and saying this is a grave for cars.

You must know that one day you are going to be a useless body and you can't do anything with that, and you shall be taken by force and thrown into graveyard, cemetery. There is always some signs saying “to cemetery.” The cemetery is calling. O people, everyone must take a lesson; they must try to take some wisdoms. I am not a person, I can say something, but the authority of The Master of this world, appointing me to address to people east to west, north to south.

And I am saying, “O Children of Adam, stop killing each other! It is not the way of Allah to kill each other for dunya and for Shaytan. Come look after your servanthood!”

O Arabs, Jewish, Turkish, Spanish, Pakistani, Afghanistani, everywhere!!! It is not for them only to kill, burn, and destroy! It is not for the honor of Mankind!!! (Mawlana is angry)

(Almighty Allah said), “O My angels, on the Day of Resurrection they should be asked, 'O people think on it, that one day you shall be taken from your graveyard to a plain that should be day of judgment. Heavenly judgment that for all mankind coming. One minute, coming that for all those people taking weapons and asking to kill this, to burn that, to destroy that. It is not for your honor.'“

O nations, declaration, every day they must remind them, “O followers of Moses, stop! O followers of Jesus, stop! O Muslims, followers of Muhammad (s), stop!” (Mawlana stands) O followers, you understand when you recite Holy Qur'an what you are saying? Yes it is written in Arabic, that the worst thing is fighting, killing and destroying. Peace is good for you!

(Allah is saying:) “I am that One, giving My last judgment to you on Judgment Day, and I am going to give My last order or My last decision to people, that ones who are on true ways may go to right, and those who are not listening to Me and doing so many bad things, never accepting peace, go to the left. And I am taking revenge that you are killing (My creation). I am asking, 'Am I creating that or are you?' And I am asking, 'O Mankind, am I ordering you to kill others?' (such things are baatil, false!) And I am ordering to make people to stand up and to live freely and to do their duties or their missions that they are My servants. I am giving

My last decision, who they are listening I am taking to Paradise side, and those who are not listening, I am giving My heavenly orders and they are taken to Hell.”

O people, come and listen! I am not asking anything from you; anything you give is nothing. I am asking only that my Lord accepts me as His weakest servant. That is enough for me to be in enjoyment and in pleasure and in satisfaction and in endless grants of our Lord!

## Die Kinder Israels

(Engl.: BanuIsrail)

Madad ya Rijal Allah! O glorreiche Leute in der Göttlichen Gegenwart. Allahu Akbar, Allahu Akbar, La ilaha illa Allah wa Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. As-salamu alaykum ya Ibad Allah. Ihr Menschen, die ihr auf der Erde lebt seit der Zeit Adams (as)! Ich bin ein schwacher Diener. Ich behaupte nicht, etwas zu wissen. Oder ich behaupte auch nicht, zu Leuten sprechen zu können. Nein! Aber manchmal denke ich an etwas, das wir auf Arabisch "Waridat", Eingebung, nennen. Etwas, himmlische Gefühle, Eingebungen kommen zu mir, und ich möchte etwas zu den Menschen sagen, auch wenn ich jetzt schwach bin, sehr schwach. Und ich sage: Allahu Akbar, Allahu Akbar Allahu Akbar wa Lillahi l-Hamd. Ihr Leute! Ich sage mit dem Heiligen Namen des Herrn der Himmel: Bismillahi r-Rahmani r-Rahim. Allahu Akbaru l-Akbar! Etwas, das jetzt, in unserer Zeit geschieht, in unseren Tagen, sehr befremdliche oder, ein anderes Wort, überraschende Geschehnisse in unseren Tagen.
Möge Allah (swt) uns vergeben, zu Ehren des Siegels der Propheten, Sayyidina Muhammad (saws), zu Ehren aller heiligen Propheten (as), einschließlich zuerst einmal Ibrahims (as), dann seiner edlen Söhne, Yaqub (as) und seiner 12 geehrten Söhne. Ja. Ich bin sehr glücklich mit

diesem sehr, sehr ehrenwerten Volk, das erwählt wurde vom Herrn der Himmel. Es ist eine Gabe des Herrn der Himmel für sie, die Banu Israil, sagen sie. Und es ist wohlbekannt. Allahu Akbar. Ihr Großvater ist Sayyidina Ibrahim (as), ja? Ja. Von seinem Weg kommen alle Propheten (as). Die Propheten (as), die zu den Banu Israil gehören, sind auch Ibn 'Amm, Cousins der Araber. Sie wurden geehrt. Subhana Allah Al 'Aliy' Al Azim. Ich bin sehr glücklich mit allen Heiligen Propheten (as), deren Großvater Sayyidina Ibrahim (as) war, und seinen Nachkommen. Ihnen wurde Ehre zuteil wie keinem anderen Volk. Ihnen wurden so majestätische Eigenschaften gewährt. Ok?! Majestätisch. Und wenn auch Shaytan - jeder weiß, daß ein Dieb niemals zu einem Armen kommt, nein, zu denen, die einen Schatz haben, kommt er. Deshalb hat mehr als bei anderen Nationen Shaytan... Allah (swt) nimmt ihn überall weg. Sie sind...daß Shaytan hinter Sahib, den Besitzern von Schätzen, Sahibu l-Khaza'in, den Eignern von Schätzen, her ist. Shaytan kommt dorthin. Deshalb kämpfen sie mehr als andere Nationen untereinander. Und dann kämpfen sie gegen andere Nationen. Subhanallah! Allah (swt) gab ihnen das Sultanat von Dawud (as) und von Sulayman (as). Und auf ihren Wegen, Subhanallah, gab es so viel Ehre. Sie waren so geehrt. Es ehrt uns, wenn wir sie kennen. Allahu Akbar! Sayyidina Yusuf (as), Sayyidina Yaqub (as). Allahu Akbar, Allahu Akbar!

Das ist ein Vorwort, dieser Schlüssel. Ich denke nicht daran, sondern es kommt zu mir. Was jetzt geschieht, Subhanallah! Der Herr der Himmel. Eine Frage: Wer kann alles auf diesem Planeten, der Dunya, lenken? Wer kann die Welt beherrschen? Wer kann die Zügel dieser Welt in der Hand halten? Das ist eine Frage. Glaubt ihr, daß die Zügel in den Händen der Menschheit auf Erden sind? Nein. Das ist wichtig. Die Zügel dieser Welt sind in den Händen der Himmlischen, der Himmlischen, Subhanallah. Seit der Zeit Abrahams (as) kamen Edle Leute. Sie hielten fest am Himmlischen Sultanat auf Erden. Ja? Nicht die gewöhnlichen Leute, die Zügel der Welt waren in den Händen der Edlen, die von den Himmel auserwählt waren. Und, jetzt kommt ein wichtiger Punkt, niemand kann die Dunya kontrollieren von den gewöhnlichen Leuten. Nein. Nein! Die Himmlischen kontrollieren. Und ein wichtiger Punkt, wenn die Befehlshaber oder diejenigen, die die Dunya kontrollieren, die Edlen, wenn die Edlen die Kontrolle dieser Welt verlieren, geraten die Zügel dieser Welt in die Hände jener shaytanischen Leute, der schlimmsten Leute. Versteht ihr? Fasad, Verderbtheit beginnt durch die Hände der schlimmsten Leute. Dann nehmen sie die guten Menschen, die in Kontrolle der ganzen Welt

sind, fort und kommen an die Macht. Wird die Dunya verdorben? Verdorben!
Ich stelle eine Frage, die zu mir kommt. Es gibt ein Wort, ein Hadith, Hadith des Geehrten Propheten (saws): 'Wenn Sham verdorben wird, dann ist die ganze Welt verdorben.' Das kam letzte Nacht zu mir. Sie zeigten eine Show im TV, daß in Israel die Leute... Es kam zu mir eine Warid, Eingebung, die besagt: 'Wenn die Juden verdorben werden, ist die gesamte Welt verdorben.' Wenn die Banu Israil kommen und gegeneinander kämpfen, bedeutet das, daß die Verderbtheit sie erreicht hat. Keine Hoffnung für diese Welt, die Dunya. Keine Kontrolle mehr, keine Kontrolle durch die guten Menschen auf Erden. Das kam zu mir: Wenn die Banu Israil im Ardu l-Muqaddis, im Heiligen Land, gegeneinander stehen, ist das das Ende! Die Ordnung der Welt, dieser Welt, ist zu Ende und erwartet ein Eingreifen der Himmel. Keine Kontrolle mehr auf Erden jetzt. Zu Ende! Verderbtheit kam zu den Banu Israil. Sie haben Propheten (as) und Bücher. Das bedeutet, Verderbtheit ist einfach überall verbreitet. Keine Hoffnung mehr. Nur wenn jemand von den Himmel auf die Erde kommt, um alles auf den rechten Platz zu rücken. Es ist unmöglich, daß jetzt jemand aus der Dunya etwas tun kann für die Menschen dieser Welt, um sie zu korrigieren. Schluß! Das ist so überall! Es kam letzte Nacht zu mir. Überall ist Schluß. Niemand von den Menschen der Erde kann etwas tun, damit die Leute die Wege ihres Lebens ändern. Das ist zu Ende. Jetzt schauen wir nach oben, wer kommt. Kommt Musa (as)? Kommt Jesus (as)? Das Siegel der Propheten (saws) mag kommen oder sein Vertreter mag kommen. So eine Person mit Himmlischer Macht oder Himmlischem Schwert in den Händen könnte etwas tun. Jetzt ist es zu Ende. Das ist, ich kann es nicht sagen. Ich bin müde. Das ist ein gewaltiger Ozean, aber... Deshalb sage ich: Ich sehe, was in Israel geschieht. Das bedeutet fasad, verderbtes Israel, das bedeutet das Ende.
Wir warten jetzt, o unser Herr. Sende uns Männer, die alles richtigstellen können. Wir können jetzt nichts machen. Junge Leute, alte Leute, religiöse Leute, andere Leute, Reiche, Arme, Regierungen, Revolutionen, Demolierungen, nichts kann etwas bewirken. Ihr Leute, die auf der Erde leben von Ost bis West, von Nord bis Süd, dies ist eine Erklärung, eine Himmlische Erklärung an alle. Ihr müßt jemanden bitten von den Himmeln, von den Himmlischen, die alles richtigstellen können, oder ihr seid alle am Ende. Möge Allah (swt) uns vergeben. Alles machen die Leute falsch. Nur die Wahrhaftigen können wahrhaftige Dinge tun von Himmlischen Befehlen. Die Leute, alle Nationen, machen falsche Sachen und sind erledigt. Möge Allah (swt)

mir und euch und allen Leuten vergeben. Möge Allah (swt) uns Himmlischen Schutz senden, um Seine guten Diener zu retten. Möge Allah (swt) ehrenwerte Leute ehren. Ya Rabbi Wa Lillahi l-Hamd. Das ist ein Ozean. Wir können mehr und mehr machen, aber es reicht. Wer will, kann darüber nachdenken. Allah Allah! Allah (swt). Subhansin ya Rabb, Sultansin ya Rabb. Du kannst alles tun. Fatiha. Ok? Dies kam besonders... Sie kennen die Lage. Versteht ihr mein Englisch? (Perfekt) Ich bin.. Dies ist.. Ich schreibe nicht auf und spreche dann, Alhamdulillah, sondern ein Befehl kommt zu mir. Ich bin nichts. Möge Allah (swt) mir und euch und Seinen Dienern vergeben und uns retten mit Seinen Himmlischen mächtigen Leuten, ya Rabb. Fatiha.

## Kingdoms are blessed

According to our traditional knowledge, if a person does not give thanks to people, he will also not give real thanks to his Lord. When you say, "Thank you!" to someone, you are also thanking your Lord. I am thanking the English people that they more than any other country welcome holiness. Other countries give much more trouble. I feel good when I reach London. Every place has its own degree of spiritual atmosphere. Some places make you feel good, others bad. Here I always feel good.

London is like an ocean. All kinds of people come to visit and they all find their freedom to do and to think and to act as they want. That is why I come as a guest to Her Majesty's Kingdom. Originally I am conservative. I hate all new things which people bring against our habits and against our attributes which we have had in the past times. I hate all changes. I like old type people, old style buildings and old style attributes. Those are my habits. All renovations which fanatic people bring, disturb me. I don't even like to pass through their buildings or meetings. That is why I like Kingdoms. I don't like republics. No Turkish Republic, no French Republic, German Republic... I hate all that. Where there is a Kingdom, people have good behaviour. Kingdoms teach people respect on a high level. People say, "God save the King!", but I have never heard that anyone says, "God save our President!". Instead everybody always want to get rid of their president as quickly as possible.

When we were young in Cyprus, during the reign of late King George V, the grandfather of Her Majesty, we were celebrating his Silver Jubilee. I am a royalist, and I want Kings and Queens to have their power back like before. They should have full responsibility. I hate parliaments and the French Revolution. That was the worst revolution which has ever happened in history. Still people do not understand. It put the feet as the head and the head as the feet. Until today! They bring people from the market to rule and put the heads on the market.

Even if the Kingdom is only here as a symbol, I am happy with that. The Lord of Heavens likes kingdoms. Throughout all the Holy Books Kings are mentioned, not presidents. Kingdoms are blessed. I can feel it. My spirituality feels it every time when I come here. It is blessed, for the sake of Her Majesty the Queen. Republic systems are business systems. People want to make business with them, big business! That is why the more people get power, the more benefits they get out of this life. It is the reason they do not want to give the power to the King.

I am conservative. I am for Kings, Sultans and Caliphs. That is what I like. So when people ask me, "Why do you always go to London?" I say, "Because Her Majesty the Queen is there!" To France I only go for 3 days. Through Germany I pass in transit, but London is like my home and I like to stay there. And we have rights to stay here as much as we want, because we were trained in the colonies that we are British Citizens. Yes!

Here we are now, in St. Ann's Priory. It was a holy place. There is still a scent of holiness, because throughout the century sincere people were living here and worshipping in high respect to the Lord. I can still smell this holy scent. I am happy to be here. We were able to buy it. That is a favour of our Lord. I am so sorry, because I would have liked to keep the place as it was before. But many bad people stole the doors, floors, roof, everything! The builders who came to repair it were worse than the thieves because they were changing everything from good to bad! Originally it was so beautiful. Now since 6 months they are destroying the building behind this one. It had good wood and now they are replacing it with materials that are useless, to make money out of it. Not only are builders bad, but the ones looking after it too. I like the original style like it was before. It was used for the sake of the Lord for a whole century. Then, according to His Will that period was finished. But the Lord wanted it to continue with other servants. The level of servanthood of the Lord becomes less every year. At the beginning of the century there were up to a hundred nuns in this convent, but

now, at the end, only a few were left. They are now next door. The oldest one of them comes to visit me all the time. She is a lady with such good qualities. She served the Lord for so many years.

Even holy people are getting weaker in the present current (state) of the world. My heart cries when I see the conditions in our days. I read in an old book, that when the last days approach the hearts of sincere people will cry. They will be so sad and their hearts will be like salt in water, it will melt through the badness it will see. The TV broadcasts only bad news. The newspapers have bad news. Where-ever you look there are bad news. You can hardly find good news to give our hearts joy anywhere. That is why people prefer to be drunk, so that they will not hear, know or understand. People run to drink more and to be even more drunk. They don't want to feel anything. This attitude is increasing all the time. Even though it is prohibited in Islam to drink, the habit of drinking in Islamic countries is also increasing. It is a sign that people are unhappy and that they don't want to know what is going on. When they awaken they see that they are in the same condition.

We are not at the beginning of this world, we are reaching the end of this period. The Last Day must come, it is coming. Just like a person getting older whose eyes, ears, heart, stomach, back... will start troubling him, the world in the same way is very old. That is why there are so many sufferings everywhere. We are seeing this and saying, "Oh, our Lord. We cannot do anything by ourselves. You must send a Heavenly Power. Christian brothers are expecting Jesus Christ. We also expect him. The Jewish people are waiting for the Messiah. They are even writing on their cars, "Messiah is coming". They know that everything is out of our control now. What I am saying is, the control is not in the hands of good people. The control of the whole world is in the hands of devils, bad people. A new name for that is: Mafia. It is a worst group of people who are doing every worst thing for humanity. You can find the mafia in every line of life, in every group of people, in every country and they are connected to each other. They are controlling everything. Our lives are controlled by the mafia. Youth is controlled by them by what they eat and drink and by the poisons they take, also with the fashion and their customs. All this is directed by the mafia. What can we do? Churches, cathedrals, mosques, synagogues and temples, what can they do? It is like a river which is running. Try to stop it with a straw. That is what is being done now. The mafia is controlling the youth from east to west and north to south, everywhere! This terrible mafia is controlled by the satanic kingdom. That is why we cannot do anything.

Every Sunday a small group of people come to church, but 99% of the people stay outside. Out of 100 people one, or even less, maybe from 1000 one is coming. What is happening? We have lost the control over people. The church was powerful at the beginning of the century. In Islam also the learned scholars were powerful, but they also have no more control.

That is why we are only praying and asking the Lord Almighty to send us who the Jews call Messiah and we believe is Jesus Christ, like the Christians do. He is coming. We are expecting him to come before the year 2000. Before this century is completed we hope that he will be with us. This hope makes me happy. This hope makes me to ask to be alive until he comes, so that I can be with him. Every good-one is looking for that. When Jesus Christ comes he will put everything in the right way. He will change wrong into right, unbelief into belief, cruelty into justice and he will bring mercy and respect. He will put everything back into place.

## The King of the USA

For 15 centuries Islam was linked with monarchies. Nowadays it is a new fashion to support democracy, even though there is no such thing within Islam. Democracy gives a chance to every badness. Islam will never accept to give an opportunity for evil to occur. There is no link between democracy and Islam. When the monarchy left the Ottoman Empire people quickly got a secular system. This shows that Islam cannot function without the monarchy. In 1924 the monarchy left Turkey and so did Islam.

Democracy gives a chance to wolves and protects them within the community. What kind of justice is that? Once upon a time the English people even killed their king, and now they leave dragons to live freely amongst people acting in the worst way. Where is this leading to? Why did they hang their king at the time? What does it mean that so many dragons, snakes and scorpions are able to live within the community? Why are they given a chance? Is that freedom? In Islam we say that every creature which is harmful must be killed! Only a monarchy can do that. Justice needs to react on a daily basis. Within this system prisoners are being questioned for months before anything happens. When something happens in a monarchy, people will have their head cut off in front of others. There are wild wolves in the city which run around every night, and harm people. Still the government tells us not to touch them. Is that justice?

This is why we hope that after Her Majesty His Highness Prince Charles will come with full power and restore

the monarchy fully.

In the same way the Germans will get their Kaiser back, the Ottoman Sultan is coming, the Libyan is coming, the Egyptian is coming, the Yemenite is coming, the Iranian is coming, the Iraqi is coming, the Syrian is coming, the Russian is coming, the Afghani is coming, the Algerian is coming, the French is coming, the Chinese is coming, the Indian is coming. Even America will have a king, they will be under the rule of His Royal Highness Prince Charles. Insha'Allah.

## Kings and Leaders: Be Generous with Allah's Servants!

Dastoor yaa Sayyidee! (Mawlana Shaykh stands) Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullah, `alayhi salaamullah, `alayhi rahmaatullah! Allahuma zid wa baarik habeebika Sayyidi 'l-awwaleen wa ’l-akhireen,Sayyidina Muhammad (s) , `izzan wa sharafan nooran wa suroora, ridwaanan wa sultaana . Wa `ala saa'iri'l-anbiya wa 'l-mursaleen wa man tabi`ahum bi ihsaan ila yawmi 'd-deen. Ya Rabbee zid wa baarik w 'a`fuw `anna fee ridaak, yaa Rabbi 'l-`alameen. Subhaan sen! Sultaan sen! (Mawlana Shaykh sits)

A`oodhu billahi min ash-Shaytani 'r-rajeem. O our Lord! Save Your weak servants from Shaytan and its helpers. I am sorry to address Allah Almighty with this. Astaghfirullah! I am saying this hundreds and thousands of times, "Forgive me yaa Rabbi 'l-`alameen, O our Creator!" But it is a holy order to ask protection from Shaytan from our Creator. Therefore, as a heavenly protocol, we must use it as He orders. And when we are saying, `aoodhu billahi min ash-Shaytani 'r-rajeem, an answer is coming from heavenly ones dictating to servants, (Mawlana Shaykh stands) "O our Lord's weak servants! Say, Bismillahi 'r-Rahmani 'r-Raheem, and don't worry." (Mawlana Shaykh sits) That is a heavenly protocol, therefore we must say, "`aoodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem," as the Seal of Prophets (s), the most glorified one, is also saying this.

O our Attenders! Take care, be a quiet believer, and your belief must be full of contentment. When you are saying, Bismillahi 'r-Rahmani 'r-Raheem you must feel full contentment, without any doubt. If the weakest servant says, Bismillahi 'r-Rahmani 'r-Raheem, if all Creation were comprised of Shaytan's agents attacking you, still that weakest servant is going to be victorious! It is so powerful to say, Bismillahi 'r-Rahmani 'r-Raheem. If you are fearing from something, say, Bismillahi 'r-Rahmani 'r-Raheem, and that one will not only tremble but may fall down. And according to your faith, imaan, according to your certainty you will be supported.

O our Attenders! Don't be heedless ones. Open your eyes before closing down. A Day is coming in which your eyes are going to be closed and will never open, and your ears are never going to hear anything from anyone in this dunya. Your ears will be locked, your eyes will be closed, and your power will reach the point of zero, finishing. You are going to be like a statue, not seeing or not hearing as before. An opening will appear in which your connection to this life will be cut off, and you will find yourself in another Creation, in another world that you have never seen. Everything you know will change. That Day is coming for everyone, attenders! That time may come any time, any moment, any second. There is no amaan, not any guarantee. When it will come, no one will give you knowledge of it, and no one living on this planet can give you a guarantee. They are not saying, "O our king, don’t worry! Our president, don't worry! The richest one, don't worry! The strongest one, don't worry!" None can give you a guarantee.

O our Attenders! Beware of passing away from this world at any time. Our life is between two breaths, one inhaling and one exhaling. Beware! Don't be cheated by Shaytan and its agents. Common people, come and listen, and take your care! Your care! Any time we may leave and no one can bring us back again. Therefore, every day they are making me shout at common people, and also for those who are making a show of themselves, who think, "We are with our kingdom, our sultanate, our treasures. We are not like common people, to be taken away so quickly!" Shaytan is teaching them.

O People! One of the sultans appointed one person, who he ordered to say often, "O your Majesty! Don't forget that you are going to die!" And when that sultan was walking with greatness and pride, when he heard that reminder, he held his held low, in humility. All majestic ones are attacked by their egos, and Shaytan urges them to proclaim, "I am such a king, emperor, sultan, so great!" It is given that way to the hearts of

kings or sultans, to make them fall down. They claim when they look in the mirror, "I am such a majestic one, yes!" Shaytan is blowing on such sultans or kings to make them think they are important ones. Leave it! That sultan was clever and ordered that one to remind him, "You are going to die!"

The last Ottoman sultans followed Holy Shari`ah, and that is a high level for anyone to reach and to make his highest ta`zheem, glorification. Ordinary people are not taking care, so Shaytan comes to top-level people, saying, "Look, all these continents are for you! Look, all those people salute you, giving their high respects! You must see your importance, that no one is reaching your level." The Ottoman Empire emperors came to Jumu`ah prayer and their soldiers shouted, Padishaham gurrun lan mar, "O our Sultan! Don't be proud of your sultanate! You must know that a heavenly sultanate is covering you, and there are thousands, millions, billions, and trillions of kings and sultans in the heavenly sultanate. All of you are going to be less than an ant. Don't be proud! (Mawlana Shaykh stands) Allah is Greatest, Most Majestic, and Most High!" That reminder made the sultan lower his head in humility.

Now in our time, there are so many imitated-title people who claim to be something, and they are nothing! That is the cause of all trouble that 21st-century people are falling into, the endless problems, endless sufferings and miseries! Shaytan is telling them, "You are the biggest one, the greatest one among people." Leaders are trying to put people under their feet. The most dangerous bad characteristic is to say, "I am something," and to be proud!

O our Attenders, especially Salafi `ulamas! You must say in every Friday khutbah, "O Jalaalatul Malik, O Majestic King! Don't think that you have reached a level that no one can be above. That is from Shaytan!" That will make Shaytan fall down, because he was so proud. And so many kings and emperors just fell down and were cursed from Heavens because they were saying, hal hunaka ahadun mithluna, "Is there anyone higher, more majestic than me?" Shaytan tells them, "Look, can anyone can be like you? You are the king and they are your servants." Hasha, never! Kings, first of all, must say, "O our Lord! We are Your weakest servants. You are putting that honor, that crown on our heads because we are the weakest ones, not the most powerful ones!"

Pride is the fountain of trouble and suffering that Mankind is falling into and there is not any treatment for them. Therefore, particularly`ulamas, from that level you must stand up in front of your malik or your sultan

or your emperor and say to him, "O `AbdAllah, Servant of Allah! Leave meaningless titles!" You can't say, "O our Lord's sultan," because Absolute Sultanate is only for the Lord of Heavens!

There are so many stories about causing people's heads to fall down. There was a famous khalifah, Haroon ar-Rasheed of Baghdad, may Allah (swt) bless him. Blessings come on people according to their good services. Man is offered just two things that the Prophet (s) and all prophets taught. "Try to be the most high ones in glorifying your Lord, to be on the first level. Take care for glorifying your Lord, Almighty Allah." And second, "Try to be a good one for all people so that people may say that you are a good one." Those are two pillars: one, to give your highest praisings to your Lord, to glorify His Majesty; and second, to be good to your Lord's servants. Nothing else, that's all the prophets were teaching.

Sultan Haroon ar-Rasheed was a good one for his Lord, Allah Almighty. He was trying to make good things for his nation as well, and to help the nation of Muhammad (s), Sayyidi 'l-awwaleen wa 'l-akhireen, (Mawlana Shaykh stands and sits), to be happy. One day there was a person, "Bahlul Daana," who was never interested in dunya and its pleasures; his heart was always asking to be with his Lord Almighty Allah. Once he went to the palace of Haroon ar-Rasheed, looked around and said, "O Haroon," not, "O Majesty," as such titles are all imitated. "Haroon ar-Rasheed, this palace is very ornate."

"What are you saying?" Haroon addressed Bahlul Daana.

"O Haroon, here in this is dunya, you are living in such magnificent ornamented palaces. This is good for you only in dunya, but you will so happy and lucky to find such beautiful palaces when you pass away! But what if you do not find them? Think on it."

"O Bahlul! ansah lee, Give me some advice." He spoke so sweetly.

"Look, O Haroon, that is my advice to you. If you find such beautiful palaces there, you will be so lucky. If not, bad tidings for you. You will be the most lost one because you have been granted such things in this life that you cannot carry with you after your death. You will be unlucky."

"O Bahlul! zidnee, Say more for me, some good advice."

Bahlul stood and said, "O Haroon ar-Rasheed! These are your ancestors' palaces and their tombs. It is

enough for you. Yesterday they sat here, now they are sleeping under the Earth. Don't be cheated by shaytanic ideas. Today you are here as your ancestors once were, and tomorrow you shall be as your ancestors are lying there now!"

O Salafi `ulamas! Do not ignore the Lord's Command, fa dhakkir, "Remind everyone!" Particularly remind your kings, 'Don’t be cheated! You are going to be in that cemetery that is full." They were building something on their graves, but now your people, O Salafi `ulamas, are saying it is bida`. You are not leaving any stones, saying, "This is King Faisal, jalaalatu." There is nothing written (to mark the grave), so suddenly you will find yourselves under heaps of sand. Beware of Shaytan! You should always be a reminder for your kings and sultans, so they may give more charity before leaving this life and their wordly treasures.

May Allah forgive us. As-salaamu `alaykum.

(47 minutes) (880 viewers) Mashaa-Allah, Allahu Akbar! Allahu Akbar al-Allah. Yaa Rabbee, shukr!

(Mawlana Shaykh speaks with Shaykh Hisham Effendi on the phone.)

(Shaykh Hisham: Suhbah jameelah, beautiful suhbah! Every day in Kenya they are feeding 600 or more poor people in the name of Mawlana Shaykh and in 40 different villages in Kenya, Tanzania, Uganda, they are sending food to eat. (Mawlana sent money with Shaykh Hisham to create a system to help them by distributing food in Ramadan.) They are digging wells for water in villages as well. Nine are being dug, three are complete and water is coming out at 30 meters with strong pressure. They have put a place for prayer next to each well. There will be coming soon from there a man with photos to show Mawlana Shaykh the work. It was unexpected, to find water at shallow depths; that is not normal for that area.)

Mawlana Shaykh Nazim: These will be named, "Shaykh Hisham Kabbani's Fountains!"

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

## Know for what you are coming here! Or: Follow the ways of heavenly people!

As-salamu alaikum! Welcome to you! You know for what you are coming (here)?... No one...

Subhanallah, wa-lhamdulillah wa la laula wa la quwatta illa bi-llah wa la ilaha illa-llah wahdahu la sharikalah, yuhyi wa yumit wa Huwa ‘ala kulli shayin qadir. Destur, ya Sultanu-l Awliya, Meded! Meded, o holy ones! We know nothing, except what you are teaching us! We don’t know to speak, except what you are making us to speak! We are not listeners, only if you are going to make ourselves to be listeners! Because our egos (are) worst, (the) worst creature through creation! Destur, ya Rijalallah, Meded! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. O our Lord, don’t leave ourselves in the hands of our egos! And you are trying to ‘ikram’, to give your best to your ego, but that is never trying to give his best to you, always (it is) insisting to be on (the) top point, on (the) power point, and always (it is) insisting to make you his servant. (It is) never accepting that you can do a service for anyone else. Your ego, our ego, (is) worse than Shaitan! Our egos (are) saying: “Don’t work for

anyone else except me! You must work for me, you must try to make me happy! I don't like that you (are) going to be for another one, except me! I am your Lord, I am your King, and only you must try to make me happy!"

And people now they are trying to do that. Everyone (is) asking to make himself happy and to be Nr. 1 everywhere and everyone (is) asking to be (the) most respected one. Our egos (are) never happy to make anyone else through himself respectful. (Our egos are) saying: "Eh, to where (you are) going? You are going to do something that you are trying to give your full respect to another person and I am here? Why you are going to (the) mosque? For what?" To give... because prayings is the most respect to our Lord. And he is saying: "Why are you going to mosque? I like that I must be respected one. I don't like anyone else! You should be most respectful for me! And also I am asking for whole people that they are going to be most respectful to me!"

Therefore trying everyone... elementary school...You finished elementary? Eh, Scheich Shahzad? You have (a) certificate from elementary school?... Too much!... And (our ego is) saying: "No, it is not enough (to have an) elementary school certificate! I must have on second... on elementary school, I must follow secondary school, to take a higher certificate!" When finishing, he is saying: "So many people they have it and they are not giving to me high respect, when they are graduated from high-school or college or university or academy! Therefore you must try to reach (the) top point of science and knowledge, so that people must say... No, I must try to bring!" And I am saying: "Ya Hu- (there is) no any job for you!" "Doesn't matter! When I am speaking, I am carrying my graduation (with me, for people) to know only that I had a high graduated diploma, (so) that people must know how they are addressing to me, to say: 'Oh Sir, o our Master! Oh, you are lecturer, oh, you are professor!' They must give respect to me!"

That is a secret desire through the hearts of people, whom they are under their

egos control! “For what I am studying? To be respected!” If I am saying... So many girls (are) coming and saying: “We finished now secondary school and we are asking to go to university, to study.” I am saying: “For what? You must marry!” ”No, no! If I haven’t any diploma or certificate, people they are thinking: ‘That one (is) coming from (the) desert or coming from villages, they know nothing!’ They are not respecting to me! But when I am making a high school studying... And I am making three copies: one copy I am putting outside of my door, (so) that people (who are) going, coming (are seeing it and saying): ‘Oh!’

When they are coming to a visiting my family, my home, I am putting that diploma high, high, high...” “Who is that?” (I am asking). “(It is me,) when I was young!” “Eh, you were young... This (is) yourself?” “Yes, Sir, yes Sir! I have a certificate from Oxford University” or Sorbonne University or Toronto or Moronto... “(So) that people must give their respect to me according (to) that!” “(You are) married?” “Unmarried.” “For what?” “Because I was trying to take that paper.” “(And) now?” “Eh, I am waiting...” “Eh...” Her mum (is) saying: “I am looking (for) a good one, (a) respected one for my daughter.” And I am asking if he can’t find any suitable one? Like Buraquddin.... high and good jumping person... “We are thinking to make our daughter pickle...” Going to be... they are making her (pickle), they are buying a jar, to make her pickle in it... ”But we are now thinking, if we are using an ordinary jar or (a) Venetian jar... they are saying that you can find in Cyprus (such a) jar...!”

That is that Shaitan teaching people: “You must try to be VIP person, to be respected!” Wrong, wrong, wrong! And they are mistaken! Respect (is) for those, whom they are respected from Heavens, not with that paper!

“Yes, you may do so many copies, changing (the) name and putting (it) there... How many years she was in university?” “Eh, now she is 33 years and she is trying through university 18 years...” “Ehhh, okay... ma sha Allah! Capital to your daughter, because she reached 4o years old and never finding a suitable

one!" "No, no, no, Sir, it is enough to have such a certificate! Eh... Marriage is not important! Important (is), that I must be respected everywhere, because I am just graduated from Bonn University or Berlin University or I am coming from Wien University..." "We are coming from European Lefke University..." they are saying. We never saw this 'Lefke European University'... Therefore I am sending Buraquddin there... he may jump very good... when he is walking, ten this ones (are) running after him... Yes? You can do? ... Yes Sir!

Bela-un 'Adhim! It is cursing; cursing (is coming on) people through shaitanic ways! Everywhere you should find in front of you one Shaitan or you can find one servant of Shaitan, to make mankind down, down, down... deep, deep, disappearing! We are saying: "We have (a) certificate from Cambridge!" Everything... our ego is saying: "I must be Nr. One! I never like to respect anyone else!" (Our) ego (is) saying (this) and teaching foolish people and ignorant people: "You must be respected one! And you must respect me more than anyone else!" (The) ego (is) saying (this). Therefore people they are wholly under the command of their egos! They are not servants of Lord! They have been thrown away and cursing... They are putting (something) on (the) necks of animals... they are going to be, their ego is asking to be with him in such a way. And mostly people (are) using this for their horses and donkeys... a different colour necklace... Subhanallahi 'Aliyu-l 'Adhim!

Therefore I am fearing not to fall (in) what they fall in it. They are losing their Dunya as well as they are losing for their eternal life. If you are asking eternal life with full pleasure, with full love, with full respect, with full wisdoms, with full powers, with full beauty, you must follow the ways of heavenly people! Now no one (is) following a heavenly person! They are saying: "No, we are not in need. But we are trying to follow anyone else from those holy ones. Leave thatholy ones that their time is over! Finished, they are... no value! We must look another way!" This is their another way and Shaitan is making them to be like

himself. Because he was always insisting and was trying to be (the) Nr. 1 deputy of the Lord of Heavens. Even he was asking to be further, one step from the Lord of Heavens! Therefore Shaitan, when Allah Almighty (was) ordering: “Fall (into) Sajdah for Adam”, he said: “No, I am not going to do that one!” That means: “I am not listening to You also, I am not making Sajdah to You also!” Therefore (he was) kicked down!

O people, make your ego under your feet and make it to be servants, to accept their Creators and their Lords Command! You must try this: that the Lord of Heavens (is) accepting you as His servant! If you are not doing that, you are going to be slaves of your ego and Shaitan!
May Allah forgive us! For the honour of the most honoured one in His divinely Presence S.Muhammad sws, Fatiha!
Allahumma salli wa sallim ‘ala, Nabiyina Muhammad alayhi salam, salatan tadumu wa tughda ilay, mamarra layali wa tula dawam...

# "AND WE TAUGHT HIM KNOWLEDGE FROM OUR DIVINE PRESENCE"

We are reading from my Grandsheikh's lectures. Grandsheikh was an unlettered man, but Allah Almighty teaches some people because they put everything out of their hearts excepting their Lord, and they choose their Lord over everything - until their Lord loves them, and when He loves His servant He gives him treasures from His knowledge. No one can learn this knowledge through books, this knowledge which is called "ilm-ul-laddunni," or knowledge directly from His Divine Presence, as the Qur'an declares: "And We taught him knowledge from Our Divine Presence." (Surat-ul Kahf: ayat 65). Outward religious knowledge is easy to obtain, even non Muslims can know it, but this knowledge can't be gained except through purifying the heart of all created things, of all that exists besides Him Almighty.

One of those chosen people was our Grandsheikh Abdullah Ad-Daghistani, Sultan al-Awliya. He was telling us from his knowledge-treasures that every verse of Qur'an and hadith of the Prophet, Peace be Upon Him, contains every knowledge concerning everyone living, already passed away, or yet to be born in future generations; therefore, if a person is thinking about or pondering over verse of Qur'an or a hadith, he may attain the ability of clear distinction, and so he will find his way to his Lord with ease. If anyone takes up his journey with a holy verse or hadith, his path will become clear within himself, as Allah says about His Prophet that he is calling people to a clear, bright, clean and safe way. Therefore, it is important for everyone

to search for a verse or a hadith and ponder it so that it will become clear to him and then, so many beneficial ways and Divine Signs will appear to him.

Grandsheikh said that each person will derive benefit from verses and hadiths according to his faith-power. The more faith-power he reaches, the more benefit he may derive; he may dive deeper and deeper into those meaning oceans contained therein. Grandsheikh said that Awliya may perceive at least twenty-four thousand meanings from one verse's oceans of meanings. You can't see anything in a drop of water, but when you are looking with a microscope you may see millions of living bacteria coming and going every which way. Therefore there cannot be any valid objection to this saying, and anyone who claims that there is only one meaning for an ayat is indeed a foolish person.

If anyone is objecting, we may say to him, "Oh my brother, look - Allah sent to Muhammad only one book. Now just look at the Islamic World and you will find huge libraries overflowing with books, and the main source for all these books is the Holy Qur'an; millions of books on the whole range of Islamic topics (and very precious books at that) - where then, do all these books come from?" They are springing from the living source of the Holy Qur'an; they didn't exist, nor could they have ever existed before the Qur'an was revealed. It is then but a small thing to say that a Wali can know at least of twenty-four thousand meanings for a verse. You can find libraries growing every day. Some Islamic authors wrote several hundred volumes on the meanings of Qur'an, and now even Europeans are joining the Muslims in writing about its meanings. This generation may write two or three books on every book which is presently in the library just for their clarification and explanation. And so, you may know that the Knowledge of Qur'an is constantly expanding.

If such is the case for scholarly knowledge of the Qur'an, then what about the knowledge of such people whose teacher is Allah Himself? Allah's Knowledge is limitless, and for all He bestows upon His servants from it, still it will never decrease. We are never going to be satisfied with our level of learning, as mankind has a boundless yearning for knowledge. Therefore, Islam is best and Islam is highest - giving mankind as much knowledge as it could wish for, and explaining the reality of all existence. There is a proverb: Man will never be satisfied with regard to two desires - money and knowledge: whosoever seeks money will never say "enough," and likewise he who seeks knowledge will never say "enough." This saying points out the two sides of man's personality: the ego (nafs) asking for endless pleasures in this life and the soul asking for endless heavenly knowledge.

## Knowledge is a light

Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Subhanak, la ‘ilma lana illa ma ‘alamtana, innaka ‘Alimu Hakim...

Al-‘ilmu nurun- (Knowledge is a light)... The honour of mankind (is), because they have been granted a characteristic or an attribute: to learn and to know. That is their honour- to learn. For what? To learn their identity- who are you? You must now it! You can’t say: “I am a creature as other creatures, only they are walking on four legs and we are walking on two legs. They are looking on earth. They may be bigger than our beings, our physical being, but yet they are looking down, looking on earth, but they are walking on two legs. And to walk on two legs is not an ordinary thing; it may be ‘harikatu-l ada’, it is (an) extraordinary position to be on a height (of) 2 metres or 1 ½ and to have a weight and to walk on two legs through that position. It is difficult, but people are not thinking on it. It is an extraordinary grant from the Creator to mankind to make that balance on our form. Through our knowledges, it is impossible.

You are sitting like this, standing on your knees, standing up through your height- you may step and you are using your hands, making like this, like that, moving your hands- if not, it is difficult to walk. These hands have so many special works for them and one of the most important positions, most important qualifications

for our hands is to make a balance for man, when he is walking. If you are not... you may think you have no hands, it is so difficult to walk on earth easily and through these two hands giving full balance for our creation; we may walk, we may run without falling.

We are living creatures on earth, but we are different, our creation (is) just different from other creatures. First what we are saying for your identity, who are you? We are saying: “I am a creature, just different from other creatures”, and we have (been) granted to speak anything that we are in need to speak, we have been granted to look and to see, we have been granted for so many efforts on earth to do. Animals can’t do anything, except (that) when (they are) coming from their stable to (the) meadow, (they are) eating, then coming back. They are doing anything else? Wild animals also, through jungles have their places, (where) they are going to be there, when they are hungry, running and hunting, eating and coming, sitting there. Sleeping, awakening, hunting, eating, riding on their females- that is their efforts, nothing else!

You? Countless efforts- people (are) running. And you may collect everything, but you can’t reach every point that a man or (a) member of mankind (is) doing. Countless efforts! You can’t give a description that: “I am an engineer.” You can’t give a full description on yourself that: “I am an architect”; it is not enough. You can’t say: “I am a painter”, no, it is not a full description for all mankind. Countless works, countless activities, countless efforts for mankind- how you are going to give a full description on yourself? What is your identity? “I am a teacher.” It is not enough. It belongs perhaps to a group of people, (but) it is not going to be for everyone. X is saying: “I am a cook.” He is cook, but it doesn’t mean that everyone is a cook. “I am a carpenter.” It belongs to you, but commonly for mankind?

Therefore- man (is) created to learn and then to know or to know and to learn for their identities, and it is impossible (to know) if your Creator- that created you and landed you on this planet- (doesn’t give you that knowledge). He only knows your real identity: who are you, and for what you have been here, for what you have been landed on this planet. He knows, (and) therefore we are in need to learn who landed us on this planet and what is our common identity, commonly. He only knows.

Such things that you are learning, you are doing, you are working, it never gives you real identity, no. Without this works and activities you are all same! That is something you learnt for your life, how you can live, they are all some reasons or some means to reach to your provision for eating, and it is not true that a person (who

is) running after his provision with countless means, (is) giving is identity (through these means), no.

Everyone (is) running after their provision; that means, it is not their real personality or identity, no. You are architect, you are working for your provision. You are doctor, you are working for your provision. That is carpenter, running to reach to his provision. That is teacher, running, that is sailor, running, that is shop keeper, that is pharmacist, that is advocate, that is physician, that is cook- you are working all this to reach to your provisions, and these (professions) are not giving your real personality or identity, no. That is all the level of animals, nothing else!

Animals' life is simple; they are eating from nature, or they are hunting someones some others, reaching to their provisions. We are not saying a lion is a 'hunter', no. So many kinds of animals are hunters also, but that is (called) lion, that is (called) tiger, that is (called) wolf, that is (called) fox, that is (called) horse...X. is shepherd of buffalos...in Pakistan so many...Y. is a machinist for cars. We are not saying that he is car, no. People are not using their mentality to understand their position and know about themselves. "Man arifa nafsa faqad arifa Rabba"- first you must know yourself! You must reach an understanding for your real being. When you are knowing that, you are finding a way to your Creator!

All these things that we are speaking on, are all for our physical being and its needs, its provisions- may be King, may be Grand Wezir, may be Prime Minister, may be mayor, may be MP, may be biggest business man- all are on the same level, they are asking their provisions and they are asking also more than they are in need, because they are saving perhaps millions or billions. For what? For what wasting your time, your life? For saving millions through banks! For what! It is Batil, not giving to you your real identity, no, all of them (are) on (the) ame level for their provisions and asking more, collecting and saying from this temporary life's pleasures. They are running after it to reach much more pleasure through this temporary life's pleasures.

Therefore- it is not their identity. Until the Lord of Heavens (is) sending someone saying: "Oh people, what are you doing? You know who are you? You know about that One that (is) bringing you for a while through this life and then taking (you) away? Where are your ancestors? They were living, but now they are going to be unseen, unknown ones; their lives (are) just written through history books or through other romantic books, but the people, who are chiefs of (the) scenario- where they are? They left you- where is their real being, where they are now? (They) passed away!" And these people (who are) coming are reminding them:

“Oh people, you had ancestors; you are not coming from Heavens in a basket, sending, landing on this earth, no. You are knowing (that) you are coming from your mother’s womb, and I am asking: Where are your parents? Where are your parents’ parents, where are your ancestors?” (They are asking this) to touch their care, to take some care what these heavenly people (are) informing them (of), saying: “Where they are?” And if those heavenly beings (are) saying to them that: “You are going to die and the Day of Resurrection you are coming back a second time (to) life”, they are coming and saying- that is for a proof for them that their ancestors once upon a time were living ones, because (they are) bringing (a) handful dust from earth and saying: “This is (from) our ancestors’ grave, we are bringing only their dust- how you are saying: ‘These people (are) coming once again (to life)’?” They are knowing that once upon a time they were living ones, but now they disappeared; they are becoming dust through earth, finished. But it is a proof that they are knowing that their ancestors lived and finally they are going to be dust, and they are saying: “How it can be?” approving that they had ancestors once upon a time. And this (is) signing that identities are not (that) what you are looking when they are walking and living on earth, no, it is not your real being. If you have a real being, you must continue your life; but it belongs to (a) material world that is coming and finally going to be dust.

To them people to be awakened, Allah Almighty is sending (someones) to people to make them (to) wake up, to awake and to think on it: “How happened? How happened (that) we are living today and tomorrow we are not living creatures!” When Prophets (were) coming they were asking to teach people about their creation and about their importance and about their mission and their creation., and when they were coming and learning this, they were asking: “Who created us?” (First) you must learn this. When you are learning this, you are getting up from the level of animals and you are going to ask: “Who (is) bringing us in existence? Our existence is not from ourselves, no. If it was from ourselves, we (were) never going to be dust; we are not going to die, to be dead ones.” When people (are) reaching to that level of knowledge- that Islam is saying: To learn is an obligation for men and women, because both of them are the Children of Adam and they must know their identities, they must learn about themselves- when they are learning (this), they are asking: “Who is that One that (is) bringing us in existence?”

(And so), secondly, (they are) coming to know and learn about the Lord of Heavens. When you are learning about yourself, you are asking: “Who is our Lord? We are looking that no one can be Lord because Lord, His

Existence (is) never-ending, from pre-eternal up to eternal (He) must be the Lord of creation. We can't be Lords! Who going to die, finish and vanish, (he) can't be Lord! Therefore our position must be different from the position of our Creator. He is Lord, but we are not Lords!" Then (the) Prophets (are) saying: "You are His servants! He is creating you for His divinely Service! Oh people! Try to learn about your Lord and try to be His obedient servants in His divinely Presence!"

May Allah forgive us! People are drunk! That is (the) level of people now; they are saying 'civilization'(for it), '21st century'- what is (the) difference among other centuries and this century? People (are) on (the) same level, they are not changing their position; everyone (is) running either for their provisions or running after how they should enjoy themselves more and more, nothing else! People (are) running to reach even (a) less (part) from their provision and (the) other group of people (is) running to reach more and more pleasure for this life. (They are) on (the) same characteristic: poor ones (and) rich ones. Poor ones (are) running after their daily provisions, (and) rich ones (are) running after to save much more money, to reach enjoyment, to live a life full with pleasure, more pleasure, more pleasure- on same level. No one (is) thinking more than this on earth. I don't know (anyone)! If you know someone that is asking to know (something) beyond these limits on earth- up today I am not seeing, except Anbiya and Awliya. All (other) people (are) on that lowest level, occupied through their physical being's desires. They are surrendered to their egos. If you say: "Come and surrender to your Creator", they say: "We are not slaves", but (really) they are slaves for their egos and they are servants and slaves for their physical desires.

May Allah forgive us! When we are passing this level, we are feeling (something else), our feelings (are) coming to change 1oo %, because the conditions, when you are passing up, they are not (the) same conditions, (but they are) just 1oo% different. And if you are asking the refreshment for your beings and endless pleasures, you must cut this distance out, you must surrender to your Lord's Will and that Will is taking you up, taking you to a level that you are going to be belonging to heavenly beings. If not, you are belonging to the level of animals.

May Allah forgive us! For the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

## Our Knowledge Is Not from Books

Dastoor, yaa Sayyidee. Madad, yaaa Rijaal Allah, Mawlana. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah, Laa ilaaha illa-Llah, Laa ilaaha illa-Llah, Sayyidina Muhammadun Rasoolullah, Habeebullah, noor `arshillah, zidhu yaa Rabbee `izzan wa sharafan wa nooran wa surooran, sultaanan wa ridwaana. (Mawlana Shaykh sits.)

Madad, madad, madad. Dastoor, madad yaa Saahib al-Imdaad. Asking for support from the Provider of All Support, Allah (swt). And we are saying, as-salaamu `alaykum yaa `ibaadullah. May be from all of us, His servants, some are obedient servants and have been honored, and others are disobedient, and no honor for them! Madad, yaa Saahib al-Imdaad, Sayyidina Qutb ul-`Arifeen, yaa ` ibaad as-saaliheen. And we are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem.

We have nothing! We have nothing! Everything belongs to our Lord, Allah Almighty, but Shaytan is trying to make people not to accept anything from heavens. They are saying, "We are working and our efforts are reaching so many things from this world." It is okay. But if you are saying, "This is mine," (Mawlana holds an envelope), are you saying true or are you lying? If your salary belongs to you and you are saying, "This is for me," why are you leaving it and going? Take it with you! Why are you lying? Shaytan is making people to be liars, from beginning up to end. All unbelievers are liars because they are denying reality.

To whom do you belong? Can you say, "I am for myself! This body belongs to me. I am keeping this for me." If you are not lying, why are you leaving your dead body and people take you from your bed, from your throne, from your plane, from your yacht (to the graveyard)? Why are they not leaving you there, or why are you leaving all of them and they are taking your dead body? And you are saying, "This is mine," but you are leaving here and taking only your dead body. You were denying that your whole life. You are saying that, "Everything is for me." Where? Even one ring we are not leaving on you, it is taken from you. Why are you not crying from your coffin, “Don’t take this ring from my hand!” Why are you not saying when they are asking from ladies, their earrings, “This belongs to me! My whole life it was for me, why are you not leaving it on me?”

No one is hearing you and even if they are hearing, no one is listening, and if listening, they are not obeying. "I was king, I was queen," but your servants are taken from you. How you are claiming that, "This is for me, that is for me, this belongs to me, that belongs to me." People are drunk ones and their multiplication is wrong, they must try their calculator machine again. "It was for me, but now I have nothing." The point is that Shaytan is the greatest liar in Creation and the most dangerous one among Creation. Shaytan is saying, “No, all for you, keep more rings, earrings, up and down, keep!” Why?

O Salafi `ulamas! Marhaban, kayfa haalukum? Welcome, how are you, sir? Kayfa haalukum? Say, alhamdulillah. You are unhappy, I am looking to you. Why you are unhappy? But you are claiming to be privileged, saying, "We are Salafi `ulamas! Our level is so high no one can reach it." Why are you making a comparison? Your ego is saying that no one can be over your knowledge level. That is 100% foolishness and ignorant. What is the Seal of Prophets (s) saying? (Mawlana Shaykh stands.) "All of us are from Adam's generations and Adam was also created from Earth, not any different." (Mawlana Shaykh sits.) No one can say this is not true. No! All of us are from the generation of Adam (a) and Adam (a) was created from Earth so all of us are also from Earth.

Why are you so proud saying, "We are Salafi `ulamas?" And others, what do they say? Are they not ` ulamas? Why do you differentiate? How many can you add from your level of people? Yes, you are always carrying a book, going and coming. What is that? This is belonging to Salafi `ulamas? Knowledge is not from here (Mawlana Shaykh points to his mouth); knowledge is from here (points to his heart)!

There was one sultan who liked to sit with `ulamas and discuss remembrance with them. He was collecting from `ulamas, and they are making a debate, discussion, argument. He was such a sultan that when he was hearing about any one clever, he would invite and sit with him, asking to learn more. If that `alim, like Salafi `ulamas, was coming with books under his arm, the sultan said, “No, we know that book you are carrying and bringing to our gathering to make a discussion. We are not asking from that book, but asking what has been granted and taught to you from heavenly centers, in your heart. These books, leave all of them! My maqsad, request, is not too much. I would like to know what you have been granted from heavenly knowledge. What you are bringing are books written on Earth. But I am asking if your soul is reaching to heavenly levels and what have you learned there. If so, tell us."

Yes, that is important, because Salafi `ulamas they bring their books under their arms. We also know so many books, but like that sultaan jalaalatuh, we are asking to listen to what is granted to you from heavenly levels, not what is written in books. Therefore, it is very important for those who are asking to learn much more because they have reached through their levels. They are knowing and asking for higher knowledge, as the Lord is saying,

•••••••• ••••• ••• •••••• •••••••

wa fawqa kulli dhee `ilmin `aleem, Above every knower is a higher knower. (12:76)

They are asking over one level, to know more, because their horizons in Knowledge Oceans is changing and their understanding also is going to be changed. They were asking from that which is unwritten, unknown. Don’t say you can put knowledge in a boundary. No! Knowledge is an ocean; you can’t reach it's boundaries or depth!

O People! Why are people who have such knowledge making such a declaration through east and west, to believers and unbelievers, to Muslims, Christians and Jewish people? Allah, Allah. Allah, Allah. We are asking something that is not yet spoken, not yet open, because the treasures of knowledge are endless! Don’t say, "We are Salafi `ulamas and beyond us there is no knowledge." And what is your subject, what you are asking to say to people? Write it down, make a book and send to me also. It may be I can learn something also, okay? Wa fawqa kulli dhi ` ilmin `aleem, "Above every knower is a higher knower." (12:76) But you are stopping your knowledge on one level. If you are not understanding something you say you are not accepting,

mafqoot, being lost.

O People! Those who are claiming, "We are Salafi `ulamas knowing so many things," please teach us! Don't make a copy from other books if you are Salafi `ulamas! If making that, you must reach up to the Seal of Prophets (s). Bring us something different from your understanding and knowledge. It is not enough to put abaya on your shoulders and hattah on your head and put eyeglasses over your eyes. We are asking you something about Islam that may be desired for all nations. There is another word they are asking to know but they can't express it. So many billions of people know something, but they are not able to make it clear for us to know or learn, because knowledge is oceans without any shore, oceans whose depth no one can reach!

You are saying, "We are Salafi `ulamas," and you are denying oceans of knowledge beyond yourselves. Who is giving you such an authority? Authority is given only for Salafi `ulamas? Islam is for you only? What about the others? This is an important point that they are making me say every night. What does it mean, "Salafi `ulamas?" What they are asking to say to people, what they are trying to teach people through oceans of knowledge? What is going to train people for obediency? Write it and bring it to me!

After the Seal of Prophets (s), there are other means of inspiration reaching to someone. Say! Don't fear! Or you must follow whom? (Mawlana Shaykh stands.) The Lord of Heavens is saying:

•••••••• •••• •••••••••••••

wa koonoo m`a as-saadiqeen, Be with my saadiqeen, those pious in word and deed. (9:119)

Say to me!! (Mawlana Shaykh sits.) Now all (genuine) Salafi `ulamas passed away, but there must now also be true ones, la heel, without making any trick, because Qur'an Kareem is addressing to the nation of the Seal of Prophets (s)! (Mawlana Shaykh stands and sits.) It is not only for Sahaaba (r), but up to the end of the world. Why are you not broadcasting morning and evening, saying, "O People! You must be with saadiqeen." Can you find anyone? I am not saying for sultans, kings or ministers, no. I am simply asking, did you find from that people? Say to me; it is an open question. We may hear jalaalatu 'l-malik and I may ask them, "Why you are not asking for a true one, O jalaalatu 'l-malik? Who is your guide?" And say, "We may follow him also." Why are you not saying? Only speaking (that everything is) bida`, shirk! Say to me because we are not knowing what is shirk, bida`, haraam, kufr, but saadiqeen know. Say, so we may learn! May Allah Almighty forgive us.

O People! Nahnu `ala khatr, we are in dangerous valleys and the most responsibility is on `ulamas in this time who are claiming, "We are `ulamas, scholars, doctors." I am asking countless doctors, what is your understanding when Allah Almighty is saying, koonoo m`a as-saadiqeen. Is it only for Sahaaba, taabi`een, or taba` taabi`een, and not any responsibility for us? Nothing we are doing is the real base of Islam, because Sahaaba (r) were the most true ones and their buildings (examples) are standing up to today with glory and magnificence!

Abu Hurayrah (r), Ibn Masood (r), Sayyidina `Umar (r), Sayyidina `Uthmaan (r), Sayyidina Abu Bakr (q), Sayyidina Ali (q) are really asdaqu 'l-qaaileen, most true ones in all Creation! His name is written on saaqu 'l-`arsh, the main pillar of the Heavenly Throne. (Mawlana Shaykh stands,) Laa ilaaha illa-Llah, Muhammadun Rasoolullah. Say! Why are you fearing to say it? Say! Why are you saying this is shirk? What is shirk? You are never understanding what is shirk! We are not mushrik but we have been ordered to give our most honored respect to the most honored one in Creation! (Mawlana Shaykh sits.)

Allahu `ala maa naqoolu wakeel, "May Allah be a witness to what we say." O our Lord, yaa Rabb ighfir-lana, w 'ar-hamna, wa tub `alayna, yaa Tawwaab aslih shaanana, bi jaahi Habeebika 'l-Mustafa! For the honor of the most honored one in the Divine Presence.

Fatihah.

I am playing and Salafi `ulamas may dance:

dome dome dome dome, dome dome dome dome.

I am playing not only for non-Muslims; we also have in Islam; don't think dancing is only for non-Muslims. Non-Muslims playing with their ladies. We are not permitted to play with our ladies, no! (Mawlana sings)

Salafi `ulamas like it also, but they are not showing us under their sunglasses, looking and saying, "If that lady can be for me."

dome, dome, dome, dome, dome.

Fatihah.

(45 minutes) Enough, because after a while if I am making it longer, they may faint from my music! (laughter)

(Mawlana Shaykh speaks to Shaykh Hisham and Hajjah Naziha on the phone.)

## Knowledge of Allah's Greatness is an Unlimited Ocean

*Shaykh Hisham: (reading from chat) Sometimes they miss the awrad because too much dunya, what they have to do?*

I am not concerned such things now, leave them. I am not sitting here to answer such questions. If she has a shaykh or na'ib ash-shaykh, she may ask. I am not occupying msyelf with answering such things. I am sitting here for whole world, not for what mureeds are doing, no, no. I don't like someone to ask such questions. There is Shaykh huna, [indicates Shaykh Hisham) such questions he may answer and we may say only, we are syaing, first of all, as-salaam `alaykum, our brothers and sisters in Islam, or through human family. Brothers and sisters. We are only to speak, for whole nations from East to West from North to South. Please don't ask any question concerning yourself, but for whole nation you may ask. I don't like "what am I doing for our dhikr? What is the way for progress for my tariqah?" This is not important. That is something making shaytan to occupy such a meetings, not to be given granting to whole people. I am sorry and I am angry. Please no one asking any question concerning herself or himself, or his family, no. And we are saying as-salaamu `alaykum. Whole nations, that they are members of weak (big) human nature, tree, may Allah forgives us. (ameen)

Peace for you. I am asking from my shaykh or from my guide or from my teacher, asking from him, that he is

supporting me, through spiritually, he is supporting. And I am asking humbly from my guide, that I am believing that whole prophets they are guides, and whole people that they are following prophets really, they are guides for mankind. And everyone from mankind must ask a guide.

And I am listening to my guide, what he is throwing to my heart, spiritual heart. I don't mean to say when I am saying my heart, that piece of ...flesh, no. That every creature they have a physical flesh heart.

We are believers in holy books, Shaykh Hisham Effendi. That we have been created by the Lord of Heavens. Our physical being just that mentioned through whole holy books as Allah Almighty by His, by Himself, even saying "by His Hands," but it is for understanding because wthout hands doing something, we can't imagine.

Therefore the Lord of Heavens, (demonstrates with hand), asking to make a understanding for mankind because people may ask, they are asking, "first man, who created?" It is mentioned through holy books that first man is Adam, peace be upon him, and upon every prophet and upon the most glorified prophet Sayyidina Muhammad (s), it is not too much to people to stand up for his honor. Some people may object on that point, "For what Shaykh is standing up? For the name of the Seal of the Prophets?"

"Yes."

Man, if they are knowing people, according to their knowledge they are knowing. But for so many things that they are not knowing they are ignorants. Yes, may object. They object because they are not knowing for what they are standing up.

I am asking a very surprised question to those that they are saying "Why Shaykh is standing up when the name of the Seal of Prophets just mentioned?" Yes. We are Muslims. And our knowledge from holy books and from holy ones; our knowledge is not a production from our..., or through our inspirations (searching for right word)...not inspirations...our knowledge is not sammarat at-tafakkur, (it is not the fruit of reflection) it is not the fruit of reflection, yeah.

Two kinds of knowledge in every religion but particularly in Islam. One `aqlee, naqlee. Naqlee that is coming from Prophet, or from prophets, reaching to ourselves through Prophet's inheritors. And thani, and second one, knowledge it is the sammara, the fruits of our thinking, that knowledge coming throughs according to

the capacity of our understanding and according to our logics, (logic), (logic Sayyidee). Logic.

Two kinds of knowledge in Islam: naqli, coming from Prophet (s) or from prophets, reaching to ourselves through the purpose of (spiritual) inheritance. And the second one, knowledge of the fruit of thinking, coming through according to the capacity and understanding, and according to our logic.

And Islam is coming as a heavenly message from Heavens and you must believe it without saying “why”, or “no”! You can’t ask for divinely revelation, you can’t ask “why?” or “for what?” You can't do a decision for heavenly revelations. You can’t use your minds or your logic because you have a logic (that) it is a miniature balance, and you are asking some questions for balancing on that small miniature balance. It is impossible. For example, you can balance this whole world on a balance? How? Impossible! Therefore, it is forbidden to use your own logic for balancing news that’s coming from Heavens as a revelation from the Lord of Heavens to His selected servants! That is the biggest problem!

People in our days are asking something that is (of) no possibility. They are asking impossible things, opening impossible things from their understanding! It is impossible. Man is created to be able to believe! Believing something and knowing is something else, because if you are trying to know everything, you can’t know it as you like. You can say amantu billah, I am believing, and that is the wrong way. Whole nations are asking, “Why this, why that?” Whole countries, it is so `ajeeb, very strange, unacceptable! To believe, you must not use your logic! You must say, “Yes, this is coming from Heavens. I am believing because with ... (missing words) ... you are able to understand.

Therefore, Allah Almighty, jalla jalaalahu, He was using through revelations, a method that people may figure out, so that giving something as (the size of) a microbe of understanding, its very small; maybe their understanding is as much as an atom! Therefore, people are asking, “From where we are coming?” because they don’t know Heavens!
(Allah is) saying, “I created Heavens and Earth, and I created your first father, I created for understanding everyone,” He (Allah) is saying, “by My hands.” We can’t imagine that we can do something; therefore, we don’t know Heavens descending to the levels of understanding of people, and saying, “I created Adam with My hands” then they are saying, “Yes, yes it is true.”

And there you must believe! You may ask, “Allah Almighty has hands?” If we are saying “no hands”, they are

saying, “We have hands, and with our hands anyone...” they can’t imagine. That means they don’t know Heavens. Yes! He (Allah) has hands. Therefore when foolish people (are) objecting on the Seals of Prophets (s) and say “yadullahi maghloula” They are saying “Our hands are open but Your Lord’s hands are tied,” that is their understanding level, no more they can think on it. But the Lord of Heavens, glory to Him! He .... a hand, as you are thinking, or imagining, no! That is their level. They are saying, “Allah has this, yes, His hands are tied and our hands are open.”

He is not in need a Hand as you are thinking or tasawwur, imagining. No. That is their level. Level of understanding. They are saying “allah’s hands are just tied but our hands are open.” And Allah Almighty refusing “bal yadahu mabsootataan” that his hands are just spread, to everywhere and to everything. Everything taking their shares for being in existence from their Lords’ Divinely Hands reaching to everything and giving them everything that they are in need! MashaAllah! Holy Quran! Subhanallah, Ma `adhamoo. So big, so mu`azzam, Allahu Akbar, Allah Almighty’s words, Divinely Words, Divinely Descriptions the way people, so endless Oceans, may Allah forgive us!

Yes, we are coming for something that we are saying, bil inglize, (glorifying Prophet Sayyidee) ta’azeem an-Nabi, glorifying Prophet (s), glorifying the Seal of Prophets (s).
You may ask, do you think we need doctors in Islam? You would think Allah Almighty’s glorifying is something you can ihaata encompass. Allah Almighty’s words no one can do a limit of understanding. Yes. Allah Almighty just glorified Adam first. For what? Glorifying Adam for his most noble and glorified son, Sayyidina Muhammad (s) (adhan is called, Shaykh stands up) Allahu Akbar Allahu abkar, shahid al-haqq.

(Brief exchange with Shaykh Hisham in Arabic) Wasalna ila hadarat an-nabi. Kam kalima ba`dayn? (We have reached the holy spiritual Presence of the Prophet (s), what need for words after that?) (Du’a) (discussion of duration of recording, now at 40 minutes)

Bismillah ar-Rahman ar-Raheem. What you are in need is an Ocean and don’t think that the Divinely Being has only one Ocean. Countless oceans! Therefore, we are coming and speaking something that (is) so small, so small, also sending according to the capacity of Mankind; as long as they are using their logic, it cannot be granted more than this, and it is an Ocean, even (though) you can’t put your feet in, not approaching (it), but from far away you may look and our Lord, His Divinely Attributes, His whole purpose, they are trembling for

that addressing, His Holy Name, that Allah Almighty is (`Alaam al-ghuyyoob).

Yahtaz li `alaam al-ghuyoob - whole prophets they are trembling for that addrssing, His Holy Name, that Allah Almighty is `Alaam al-ghuyoob. `Alaam al-ghuyoob. I am nothing, but every time I am passing through some sentences that Allah Almighty `Alaam al-ghuyoob, my whole being trembling for the `azhamah, for the Greatness that yudhish al-`uqool,* astonished. Subhanallah!

Therefore, I think that once that we are granted to Mankind and we can ... it is a very, very, very short association, we may continue on it after next week, next month, next year, never finishing. Do you think that a person with buckets can be able to make oceans water to take and throw it away? It is possible or impossible? Impossible! But we must say something what is impossible, because 21st century scientists or scholars think it is so easy to speak about the Lord of Heavens, and the Lord of Creation. Big mistake! I am saying they must be able to take a bucket and finish (emptying) the Pacific Ocean! First of all, he must have a (considerable) distance that when he is taking with his bucket from the Pacific Ocean and taking and putting there (he must have somewhere vast enough to pour that water). Possible or impossible? But people are thinking, when I am speaking, asking such foolish questions, that there is not meaning, and from their questions is a sign of their ignorance.

The Lord of Heavens is saying, “Ask to know, because there is not limits in knowing for you!” If I was leaving you in a limited Ocean, you may say, “What is behind that limited Ocean?” And now that Ocean, you are asking to reach to that point. Therefore, Allah Almighty is making them to think and always ... their limited understanding.

Qaalat namlatun (ayat about the ant and King Solomon) Just one ant is speaking or spoke, or addressed, to whole ants according to its knowledge it was saying, and all the ants quickly run to their holes. (That ant instructed them), “Take care for yourself, that King Solomon and his soldiers are passing and may destroy you, and to your homes, quickly run away!” That is the capacity of knowledge; that is the understanding, and we, what we are saying, knowledge of, you don’t know Heavens. If you are asking to know everything, His knowledge is a Pacific Ocean, the biggest ocean. You like to know everything, yes - take! Take in buckets (from Divine Knowledge)! Take! Finish!

First of all you can’t find a distance like Pacific Ocean, it’s a big mass. Then you are taking from here to put

there, from here to put there. One ocean is not in limits. Because is it Allah Almighty's Oceans (of knowledge). But ignorant Man is asking as if it is in limits, but take more! Yes, according to your capacity! Look at yourself in front of a mirror, and (see) what you are claiming. But people now are following Shaytan and Shaytan is giving them such a position, and we are such a people, and we must show everything how it is going to be. That is the beginning of ignorance on Earth, because they are making people to get out of the circle of discipline (adab). They are asking people to pass their limits; it is not their capacity to pass on an ocean! SubhanAllah! So knowledge that just reached from prophets, it is like an atom, it may be like an ocean, full of knowledge. O Mankind, leave that pride and come say, "O my Lord! You are everything and we are nothing!" People just lost their good adab, and always asking some things that it is not from good adab. Know your limit and keep your adab! May Allah forgive us. As salamu `alaykum.

(Shaykh Hisham: bahr sayyidee, a big ocean, Allah zeedak.)

Barakat Shaykh Hisham Effendi, lam yudhkar, na`m. Now is coming time to make some methods to make their heads down. Now their head like this with pride. Now just coming new generations that making old generations that are claiming something that is not for them, to make their heads down. O our Lord forgive us! O our Lord, bless us. O our Lord give peace to our hearts. You are the Only One; You are azali, Pre-Eternal up to Eternal. Thanks bi la haddin, (without limit) to You. Thanks ever-ending thanks to You, O Our Lord. Please forgive us. Please bless us, ourselves, to be on your way. That you mentioned to your holy ones, your beloved ones, your elected ones, your glorified ones' way. Salaam alaykum. Fatiha.

(Shaykh Hisham: 50 minutes. )

As-salamu alaykum. Fatiha.

Huuu, huuuu, huuu coming from that Ocean. And Mankind is so small, in limits, come with adab. O Man, don't be proud! O Man, try to be a servant! Fatiha.

## The Knowledge of Past Scholars Was Gigantic

Tamaam? Dastoor, Yaa RijaalAllah. (Mawlana stands). Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah Sayyidina Muhammadun Rasoolullah, Habeebullah, Shafee`ullah, Nooru `arshillah, zidhu ya Rabb `izzan wa sharafan, nooran wa soorora. Absolute Greatness, Absolute Glorification, Absolute Praising is only for You, our Lord, Allah Almighty! Only You may grant. No one else can grant anything! (Mawlana sits.)

Madad yaa Sultan al-Awliyaa. O lend us your support, Qutbu 'l-Mutasarrif! You are responsible for everything relating to Mankind on this planet, you are responsible for every living creature. O Qutbu 'l-Mutasarrif! He is responsible for humanity, he is the representative of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands.)

Show him respect and this will bring you respect. Give honor and become honored. Give pleasure and be pleased. Give enjoyment and take enjoyment. We are advising people to take honor from the heavens, and heavenly ones are saying, a`oodhu billahi min ash-Shaytaani 'r-rajeem. By reciting this we are able to run away from all of Shaytan's dirtiness, and are asking cleanliness and safety from Shaytan's trips and traps. Therefore, you must say, a`oodhu billahi min ash-Shaytaani 'r-rajeem at least forty times daily. Say it for every occasion, say, a`oodhu billahi min ash-Shaytaani 'r-rajeem. Then you will be servants of the Lord, not servants of dirtiness!

Dirtiness extends to our physical being but its aim is not our physical being. Shaytan's target is to disquiet our spiritual beings. Yes, that is it. Our real aim is to connect to our spiritual being. Although our physical being is always being thrown around, Shaytan's target is not our physical being, no. His aim is to disturb our spirituality. Therefore, we must say at least forty times a day, a`oodhu billahi min ash-Shaytaani 'r-rajeem. When Shaytan disturbs our spirituality, darkness comes upon us. Therefore, Allah (swt) says, (Mawlana Shaykh stands.) Fasta`idh billah min ash-Shaytaani 'r-rajeem. (Mawlana Shaykh sits.) Fasta`idh billah. Bismillahi 'r-Rahmaani 'r-Raheem.

O `ulama of Azhar, those Azhar `ulama who are ashshar, most famous ones from east to west. And then there are the `ulama of the Saudi Kingdom who control everything throughout the Saudi Kingdom, all the holy places, and they are not happy with the Azhari `ulama. They question the credibility of the Azhari `ulama, saying, "Who are they, those Azhar `ulama? We are `ulama, because we are the Salafi." Aah, you are Salafi, because you are khalafi (later). Yes `Adnaan Effendi, it is a good translation. You say of yourselves, "We are Salafi." We say, "Khalafi `ulama" (late-times scholars). Which is more important?

If one makes, hakamun `adil baynahuma, just judgment between the two groups, in order to find the hakamun `adil, people of sound judgment, then we must seek out the Azhar ash-Shareef `ulama, because they are truly Khalafi. They are with the `ulama of the Sahaabah (r). The Salafi `ulama do not call themselves "Salafi Shareef," they just call themselves "Salafi." The Salafi Shareef are Khalafi, they are those with the `ulama of the Sahaabah (r). The title "Khalafi" belongs to the Azhari Shareef `ulama. We however say, Azhari Shareef are thousands and thousands and each one may swallow all the Salafi `ulama in one luqma, bite! May swallow like Salafi `ulamas hundreds, like fuhool. That saying Bismillahi 'r-Rahmaani 'r-Raheem Bismillahi 'r-Rahmaani 'r-Raheem.

Fuhool, fuhool means rijaal, strong men, that thousands and thousands of fuhool, high level `ulamas that each one of such a `ulamas can bring from their pockets hundreds of Salafi `ulamas. Fuhool, really we are saying meaning whom they are able to ride on such `ulamas, that bibla` swallowing hundreds of Salafi `ulamas. Aferin to Azhar ash-shareef `ulamas, masha-Allah. I am now something from waaridaat, inspirations we must speak.

Ashkur rabbukum we are not drinking (smoking) nargheela (hookah), but I need something for my cold. Ya Rabbee shukr, bismillah.

One of them I may speak that he is `Abdal-Wahhab ash-Sha`raani, `all-Allahi ta`ala darajatihi daaiman, that he can bring from one pocke all salafi ulamas. he was so tawada` humble one, and you must know about him, Imam `Abdal-Wahhab ash-Sha`raani, saying, "I am never putting my name when manshoor sultaani, reaching to my madrasah, school, asking me to write the names of `ulamas that they are in my madrasah." He was saying that "Allah Almighty granting to me such a big grant that I am never writing my name through manshoor, declaration, that I am one of the `ulamas. Look how they are. How they are. Egyptian, Egypt, thousands and thousands of `ulamas bringing, masha-Allah, he was saying through his Kitaab al-Minan, saying, "I am never writing my name through `ulamas that I am there teaching them or going to be with them. Only I am the chief, the head." Bi 'l-`arabi, the mudeer the madrasah they are teaching people, the principal. Never writing. Why they are asking. Why? I am saying if anyone asking to me 'why are you not writing your name through `ulamas'?" And he was saying, "O my prince! O my shareek fi 'l-`ilm, colleagues. Because I have learned, it is reaching to me some happenings, waqi`a, events which happened in Baghdad in the time of the Abbassiyyeen."

Once happened a big fire in Baghdad and just burned kutbuhane, the library of Nizam al-Mulk and putting hundreds of books there. Hundreds or thousands of books there. Fire coming and burning. Then khaliphati 'l-muslimeen... Listen well, O mulook al-`arab. You must learn, because talabu'l-`ilm min al-mahdi ila 'l-lahd, (seek knowledge from the cradle to the grave). You must learn. You must use time by time majlis, mulook, qudamaa, khulafa, they have majaalis al-`ilm (circles of learning), where they were inviting learned people and making majlis al-`ilm for mubaahatha, to make discussion among `ulamas and khalifatu 'l-muslimeen, hadar fi 'l-majlis, wa law haadir fi 'l-majlis yantafi` wa yuraghghib ahl ul-`ilm (the caliph was attending that circle and if attending the) people of knowledge learn more and are urged to teach more and more. And where are our kings now, mulook al-`arab, to make such a majaalis al-`ilm, meetings for knowledge. Where are they? Why are they not calling from east and west `ulamas that are well-known ones or well-known people. Call and listen and discuss with them and give their rights, give to them honor, because you are mulook. You are kings of Arabs, sultans of Arabs. Why are you not keeping this way?

I never heard anywhere, bayn al-mulook, among sultans and mulook al-`arab. Malik, calipha, that through

that time of Abbassiyyeen, he was so sad and he was crying. This is a big museebah, disaster that coming through khilafatee, my caliphate, through my time. I am so sorry I am crying. And his wazeer was saying, "O Khalifatu 'l-muslimeen. Don't worry. Through your territory there are so many `ulamas that they may bring all the books that burned from their memories dictating every book from their library that burned and you will be happy."

He said, Hal yujad abu ishaqa? hakadha `alim. Na`m, yaa ameer al-mumineen, ya khalifati rasoolullah. yujad wa ziyadah. hadhihi ummatu muhammadun, his order (Commander of the Faithful). Yazid sharafahum wa laa yanqas (May their honor increase and never decrease). but today in our days, people asking honor for following ahl al-kufr, ahl al-irhab, ahlul-bida`. Don't worry yaa ameerul-mumieeen. Yujad bi bilaad al-bukhara `alim mulaqab ibnu 'l-Haddad. Scholar. You may bring him here and he can yumli, dictating every book through that library that burned and you should be happy. Hal yujad hakadha (does there exist such a one)? Na`m yaa ameer al-mumineen (yes, O Prince of the Believers). Sajad li rabbihi jalla wa `aalaa, li anna yujad (He made prostration to the Lord of the Worlds because such a scholar existed), wa amr ameerul-mumineen his order is on, send, "You may invite him to come here and to do what you ask." And the Ameer al-Mumineen sent to Bukhara, Taskhkent, and Samarqand and finding that `alim, big scholar ibn al-Haddad mulaqab and coming and saying, "That is my Lord's grant to me, for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands.). Don't worry, O Ameer al-Mumineen, anaa lahaa, I am for that purpose." And he was, subhaanAllah, sultaanAllah, bi amrillah, by the order of Allah, bi shafa`at rasoolillah (by the intercession of the Prophet) and that one sat, muddata sannah, just for one year. In that year he dictated all the books to the kutaab, scribes, beginning with the first book right through to the last. In one year he completed this task. And Imam Sha`raani, imaamiyya b'il-haqq lahu, said of himself, although he was such an `ulama, "How I can write my name under the manshoor amongst them? If the Sultaan asks for the names of `ulama, I would be ashamed to count myself among them."

Those people just growing up, only with Azhar ash-Shareef and, laa hadd, they had no limits from Islamic world from that time up today. Now where are the Salafi `ulamas? Do not make any claims about your knowledge! [Imam Sha`raanee said: ] "Your knowledge is not even one drop compared to such, fuhool, that they are oceans of `ilm, knowledge. Ana astahee, I am ashaming, but they are instructing me to put people in their place."

Since our people are on point zero, I am enough for them, more than enough.

`Ilm. Al-`ilmu bahrun mush bahr muheet. Ataaullah muheetun nukta min `ilmu rabbuna jalla wa `alaa subhanahu wa ta`ala. (Knowledge. This knowledge is a sea, not even an ocean. This is not even a point from the knowledge of our Lord, glory be to Him.) Nukta, that point, is an ocean.

O People! Leave those da`wah baatilan, false claims. Leave that and come and accept the truth, that this honor is for Egyptians and Muslims, and for `ulama maa waraa an-nahr. (scholars of Bukhara). This is Islam. Do not think knowledge that is antashar, spreading through Islamic world; do not think that is dried up. No! No! No!

O People! Be proud of your `ulama! Do not say, "Salafu aw malafu." (Malaf is “file.”)

Salafi `ulama! Close it down and come and learn! That is `ilm. They must know why they are using me to swear at people. No one remains except that shaykh whom they call, kharfaan. Ma laysh, bas yasubun, hal yatajaawaz `ani 'l-haqq, my sword is cutting! I have a sword.

Marhaban, marhaban `ulama Azhar. Yaa `ulama Azhar itrak dhaak al-anwaan ilee huwa bida` an taqool doctor (leave this innovation of calling oneself "doctor".) I do not like the title, “doctor.” Allah Almighty says,

"Inamaa yakhsh-allah min ibaadhi al-`ulama."

How then are they inventing "doctor" and saying, "doctor"?

May Allah forgives us. It is for today, our association! May Allah forgive me and forgive those who have attended our association. As-salaamu `alaykum.

Fatihah.

(Mawlana sings.)

Dome, dome, dome, dome.
Tamat amru illatee nahnu tahta arjul in-naas.

(the end has come to the situation where we are under the feet of people)
Dome, dome, dome, dome.
Even the Azhar Shareef `ulama do not accept this.

Dome, dome, dome, dome.
But your nufoos is happy when I sing this. Even mulook yadhakoon (kings laugh)!
Dome, dome, dome, dome.

I am not young enough to dance and play,
yet I am here and therefore I sing only
Dome, dome, dome, dome.

It gives your hearts pleasure! Do not worry, if there is any mas'uliyah, responsibility, I can carry it, qalam marfu` `annee, and because I am 90, the pen is lifted from me! And even the Seal of Prophets (s) is laughing, as I am making him happy! I bring a little theatre here, not like the Azhar Shareef `ulama, they are so dry!

Fatihah.

## Knowledge of the heart is never lost

The first night of 142o according to the Islamic calendar just began at Maghreb. We are asking Allah Almighty to make this year good for Islam and Muslims everywhere on the whole earth, because Muslims are now in a very dangerous situation. Unexpected events have happened... no one could have imagined such a situation. And also in this year so many unexpected big, terrible and horrible events are going to come...

Dunya, the whole world, is changing day by day, because Dunya is running at full speed towards its destination, and for every creature there must be a destination. Without a destination Allah Almighty is not creating anything, even the smallest one walking or flying...

I am asking scientists and authorized people about a certain creature on earth: "What is its name? It must have a name." But our foolish and proud scholars don't know- they are only proud ones- and they may say: "It is not written in our books." You scholars are claiming that you know about everything, and you sit on a three-person chair... But if I am asking: "What is that creature's name?", you are saying: "We didn't take a photograph of that creature or put it under a microsope yet, and we didn't ask it yet 'what is your name?', because we are meeting for the first time now." And I am saying: "Ask that creature if it knows about you. Ask it: 'Do you know who am I?' And it may say: 'Yes, you are from the Children of Adam a.s. !' "

Every creature must know the deputy of Allah Almighty on earth... This is important. You have never heard such things before... Every creature must know Caliphatu'llah. They have been ordered to know him and also to be obedient and to be of benefit to him, because nothing is created without giving a benefit to mankind. Everything is created for man, and everything is helping man by its creation.

And before the creation of man, before the coming of the deputy of Allah Almighty, the creatures were looking and waiting for him, to be obdient to man and to help his descendants and give their best to them. Animals, plants... everything on earth, in earth, in the atmosphere, skies, space- everything is just created for you... Allahu akbar!
So that small creature also knows about you, because you have been created to be Sultan over them. And yet you are heedless of your real being, not making any research about yourself and the importance of being in existence. No, you only make enquiries and research into a few creatures, but you can't enter the ocean of the countless beings. They are living everywhere, whether you can see them or not. Everywhere is full of creatures, and they are looking at you, but you can't see them. And they know about you, and you don't have a full knowledge about yourself...

An ignorant person may ask: "Does anyone know the names of the creatures?" And the creatures say: "Yes, Allah Almighty created Adam a.s. to be His deputy, Calipha on earth, saying: 'Wa 'allama Adama'l asmaa kullaha' . Allah Almighty taught Adam the names of every creature that He created." Adam a.s. knew their names fully. For example here in this room there are maybe one hundred people, and everyone has a name. Your common name is man, but individually you are Ahmad. So Adam knew the common names and also, one by one, every creature's individual name...

That is a certain stage for mankind, and there are so many stages or levels for everyone. When someone is reaching there spiritually, there is an opening... What you put in your mind, even after a long time you may forget. Mind products quickly may be lost, forgotten. But what you have been granted by Allah Almighty through His most Respected Servant Rasul sws, what is coming to your soul, you never forget. Mind products are going to melt and finish, but not heart products; they are kept, and they belong to our souls. It is like a fish that is brought to you, and you take this fish and throw it back into the ocean, so that it may live there forever. But out of the ocean with you, it can't live on...
Like that mind products may only be kept for a short time. You may learn something, know it, but then forget

it again. But what you have been granted from Allah Almighty is never going to be forgotten...

It is a very dangerous happening for mankind. People claim to be learned and to know so many things. But they have also been given forgetfulness, which makes them to lose all of it. Everybody from mankind may forget. No one can say: "I am not forgetting anything", except the Awliya, the Saints, who are keeping knowledge through their hearts, not through their minds. Who is keeping knowledge in his mind, day by day, little by little, is going to lose it. “Afaatu’l ‘ilma an-nisyan”... the problem with knowledge is that anytime it can be forgotten- you are learning, but forgetfulness never lets that knowledge stay with you... But who keeps knowledge through his heart never forgets. I was with Grandsheikh for 4o years, and I never heard him say about anything: "I forgot." He was saying: "When I was born my heart was working, knowledge was in it."

Oh people, you must try, for this year particularly, to save yourself and your family from terrible and horrible events. Take care for them, and it will give you contentment. Don’t run after money. Money can never give you any insurance.

Therefore we are trying to say that holy word: "La ilaha ill’ Allah, la ilaha ill’ Allah, la ilaha ill’ Allah...", asking to put it into our heart by repeating it, because through his mind a person may lose it. But so many ignorant people are objecting to Tariqat people who say and repeat: "La ilaha ill’ Allah...". They are getting very angry because their teacher is Shaitan. And every Tariqat is asking to take that holy word from our minds to our hearts. And hearts never forget, so it is never going to be lost. But if you are not keeping Dhikr, you are going to forget after hours or days... Therefore Tariqat must be. It is helping people to transport their knowledge from their heads, their minds, to their hearts. It is a little bit difficult, but you must try to take away the difficulties. And the only way is to say: "La ilaha ill’ Allah..."- opening hearts...

Those square-head people never understand and they are fighting people, asking: "Why are you making Dhikr?" We are making Dhikr so the realities which belong to the Lord of the Heavens come from our mind to our heart. Then they are never going to be forgotten and we may always know them. That is the important point for Tariqats. But we have a saying, that if you put chocolate in front of a donkey, it will refuse it. But if you put straw, it will eat it. What shall we do, if people insist to be donkeys, only happy with straw?
We hope that throughout this year every day a new power will join Islam, to make our heads, our leaders rise up, and to make the heads, the leaders of the enemies of truth, enemies of Heavenly Beings, fall down. Ask

from Allah day by day to show you and to give you... Ya Allah, grant us the Sultan of Shariat from Your Divine Presence on earth...

Fatiha.

## Know the Power of your Lord!

As-salamu alaikum! A'udhu bi-llahi mina sh-shaitani rajim, Bismillahi r-Rahmani r-Rahim. Allahumma j'alna mina-l ladhina yastamiuna kaulan fa-yatabiuna ahsana. Amin. Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah, aiduna bi madadikum.

If Allah Almighty (is) asking to do something, nothing (is) going to be difficult for Him, (the) Almighty. Tariqatuna as-sohba wa khairu fi jami'at. That is our ways. We are Naqshibandiyin, Alhamdulillah, Allah Almighty (is) granting us that honour to be followers of (the) most distinguished Naqshibandi Order. Allahu Qadirun; Allah Almighty, He can do everything. Only He is saying for something: "Be" and (it is) coming in existence or going to be.

O people, what do you think? You know mosquito? Hah? You know? Don't be drunk people in front of me. You must give your hearing (to) what we are saying. I am not claiming that I am an 'Alim, (a) knowing person. I am only (a) weakest servant for those distinguished servants of Allah Almighty. (The) distinguished, most distinguished servants after (the) Prophets Sahaba, disciples (or) companions, (are the followers of the) Naqshibandi Order. Listen!

If Allah Almighty (is) asking to hang this world on a wing of (a) mosquito, He can do (it)? And (He) may tie it like this... (on) a beard, (on a) hair (of a beard)... (He) may put on it whole this world and hanging (it) on a mosquito. Are you believing (that)? Haha! Eh! He can do everything! Allah! Allah Jalla Jalaluhu. You must try to know about your Lords Power! (His) Power and His Possibility, that He can do (everything). Everything that may come to your mind or through your heart, He may do. Beyond that that you can't reach, He can do, (He can be) able to do (that also). Allah!

Those people (are) just going to be punished, because they are not asking to know Allah Almighty's Power and Ability, Capability. (He is) able to do everything and beyond that, that you can think on it. That is (the) biggest mistake for mankind living on earth now, because they (are) never thinking, who is their Creator. Qadiru Muqtadir; (He is) able to do everything that you can imagine. (Even) beyond your imagination, He is able to do everything. Allah the Great. You must try to know.

(There) should be (a) Last Day, a) Day of Resurrection, (the) Day of Judgment, Judgment Day, and (there) should be (a) Balance in (the) divinely Presence that He is going to look through that Balance what they did from goodness or (what) they did from badness.

Through traditional knowledge for the Seal of Prophets S.Muhammad (Sheikh is getting up)...Destur, ya Sayyidi... (we know that if) two Rakaat from the Seal of Prophets, Sayyidi-l Rusul Kiram S.Muhammad sws, may be put (on) one side of (that) Balance and (if there) may be put (the) whole (of) his nation's servanthood, their prayings (along) with (that of) other nations (on the other side), two Rakaat of the Seal of Prophets (are) going to be down, heavyier. You may use your imagination. Two Rakaat - how it is going to be more heavy , heavier than whole nations' servanthoods? How it can be? It is a very very difficult,

but very important point that man must try to know something about their Lord. Yes.

The Seal of Prophets, (the) most glorified servant in (the) divinely Presence, that one, (his) two Rakaat, how it is going to be more heavy? (It is,) because no one (is) knowing about the Greatness of our Lord Allah Almighty (Sheikh is standing up) (like he knows). And praying is a grant from servants' side to their Lord. Some (are) bringing this water in a pot (that is made) just from earth. Some of them (are) bringing (it) in such a glass, some (are) bringing (it) through (a) plastic cup. And therefore this (water is) taking a value according to its cup. No one (is) knowing about the Lord of Heavens and earth and the Lord of (the) divinely Throne like the Seal of Prophets. No one (is) knowing. Therefore (the) Prophets ta'dhim, respect, towards his Lord about (is coming from) his knowledge (about) the Greatness of the Lord Almighty Allah. Therefore, his respect that (he is) granting in (the) divinely Presence, (is) about his ma'arifat, (his) knowledge, about his Lord. Therefore, o people, your value in (the) divinely Presence (is) only according to your knowledge about the Greatness of your Lord, your Creator!

Now people from East to West, (in the) Muslim world (and in the) Non-Muslim world, they are not taking any care about to know (the) Greatness of their Lord, Allah Almighty. And I am sorry, I am ashaming, that you are doing, (that the) whole (of) mankind (is) doing so many bad things, because they are not giving a real respect and they are not running to know about their Lord's Power and Greatness. Whole cursing (is) coming on people on that point. Therefore, o people, ma'arifatullah. Asta'idhu bi-llah: "Wa ma khalaqta insi wa-l jinni illa liya'budun." Allah Almighty (is) saying: "I created mankind and jinn only for My obedience, only (for) My servanthood."

That is their most important mission. (The) mission of mankind (is) to give their highest respect to their Lord Almighty Allah. And I am sorry to say that

even (in the) Islamic world people (are only) running after to know how they are reaching more, more, more money, Dollar, Dollar, Dollar..., or Euro, Euro, Euro, Euro... that is... or golden, gold gold, gold... Gold, they are making gold their god. And (gold is) going to be (their) god. (They are) running after gold, not running after the Creator of golden, Allah Almighty.

O people, therefore sometimes they are making me to speak. I am not collecting such a things from books and coming to speak to you, but our Masters (are) giving something according (to) our understanding level. If anyone (is) reaching something from such a speeches, from such an association, they should be happiest ones here and Hereafter. Leave to run after (the) world and its treasures. All of them they are like imagination. When you are closing your eyes – (it is) finished. And one day (is) coming that we are closing our eyes, not opening - finished. O people, when you are closing your eyes, another world (is) coming in your sight and you will see what you did or what you are not doing through your life. And (then you will be) repenting, but (it is going to be) useless.

O people, give more time for your Lord and His divinely Existence, to know more and more and more! And (there is) no way to know from (about) your Lords Identity without reaching to (the) Prophet, His most selected one, S.Rasulullah sws. Through his way you can reach! And you can't reach to (the) Seal of Prophets, only if you are reaching someones from mankind, whom they have a way, whom they are in relationship with S.Rasulullah sws. You must look after such a people. Then they should be able to show you something else, something else, some other levels. Then, after that level, another level, another level, another level - endlessly levels for reaching to Allah Almighty's divinely Presence!
O people, welcome to you. You are coming from far distances. (May) Allah bless you and I am (a) weak one, but I have been ordered to make association with people. And don't blame me, when I am speaking something that it is difficult

for understanding to you and when I am getting angry, swearing (to) everyone here...Don't blame me.

May Allah forgive us, may Allah grant from His endless Mercy Oceans to you and give His Blessings. Be happy and be "ghayretly". You must try, you must have "arzu". You must ask something more, something more for your souls to reach levels that (there are) never-ending levels. And every level it is enough for a person for eternity, but the Lord of Heavens (is) giving more and more and more... Today we are here, when we are closing our eyes, finishing everything... O people, don't waste your lives for nothing! For nothing. Finally they are taking us to (the) cemetery to bury our bodies. Our souls then they should be called in(to the) divinely Presence to see, to know and what they did and what they left (to do).

May Allah forgive me and you also and give you much more (of) His Blessings to you also, to understand and to be day by day a good one. Good one. Today we must try to be better than yesterday and tomorrow we must try to be more than today. May Allah grant you here and Hereafter from His endless Mercy Oceans and Glory with the glory of His most glorified servant S.Rasulullah sws, Fatiha.

May Allah show us good days. This is what we want. The Sahib al-Waqt is also coming, approaching. He is approaching. Every harmful thing should be killed, it says. And many of those who oppress themselves will be taken also. There is danger for all who left worship, servanthood. This land will already be corrected. May it be an Islamic city insha Allah. We should do good to the people. I will do good as much as I can, to my neighbors as well as to everyone from East to West. I will take those who make trouble & put Sandala Mandala systems under my feet.

The Sultan of the Ottomans will come, whether they like it or not. Grass is different, a grand old sycamore tree is different. The Ottoman Sultan must come for sure. They are waiting too. The Palestinians know this but don't say. When the British came, who applauded them first were the Palestinians because the Ottomans left. This trouble came on them. Ask them for me. When Harington (Allenby?) was entering from the city wall, they applauded him - the people of Quds applauded the British because the Ottomans left & they came.

The Ottomans ruled & watched over it for 500 years. There are pictures of it in the history books, you may look into it. The British enter on horseback, the General & they clapped for him. Take these troubles now! It turned into a knot that can't be untied. The Palestinians never find any comfort because of this. They were ungrateful to the Ottomans. They welcomed & applauded the British. Take it now! There are history books in front of me which show they were clapping when the British were entering & the Ottomans left.

There were 3 armies in the Palestinian front, 3 armies against the British. They stopped the

British. They entered through Baghdad. 3 commanders for these 3 armies, one of these commanders was that one that they are worshipping now. He pulled back his army without informing the others & made it a mess with the other 2 remaining, that finished the Palestinian front. Later on he became the commander of the Yidirim army group on this side. What did he do? He made a mess! The Palestine front fell because of him! Do you know who informs us about these things? One of them is the General Cevat Rifat Atilhan (fought on the Palestine front). His books are banned now in Turkey. Maybe he has 100 books, all banned.

GrandShaykh was in that front, Sultan al-Awliya, he knew also. He was a part of that front also. He says "I was in Quds al-Sharif & didn't like the situation & actions of Palestinians". Our Shaykh would visit the Sahra al-Sharif all the time, he told me. What can we do? There is no one who knows about such things. "Trouble does not come unless the servant gets wild." They got wild.

GrandShaykh didn't like the attitude of the Palestinian people, didn't like their character, their nature. The front fell when that middle one pulled back his army. He didn't inform the others, he says. He made the other 2 armies fall. Grandshaykh said he was wounded there. He looked (at himself) like this, there is blood on his wound, on horseback. Our Shaykh, our Sultan... Fatiha, Fatiha.

May Allah forgive them & us also. They have become Sandala Mandala now, there is nothing right about them. They say "Democracy", take it! Sandala Mandala. Know about such things. Fatiha.

May you be happy, may Allah protect you. May we carry the flags of Islam. May you read for me also. Search about such things. There are books in my library, don't sit idle. Inform Turks also. Ok son. La ilaha illa Allah.

Möge Allah uns gute Tage sehen lassen. Das ist, was wir wollen. Der Sahibu l-Waqt kommt auch, er nähert sich. Er nähert sich. Jede schädliche Sache sollte zerstört werden, heißt es. Und viele von denen, die sich selbst unterdrücken, werden auch weggenommen. Es sind in Gefahr diejenigen, die den Gottesdienst, die Dienerschaft, gelassen haben. Dieses Land wird zurechtgerückt werden. Möge es eine islamische Stadt werden, insha'Allah. Wir sollten den Menschen Gutes tun. Ich werde so viel Gutes tun, wie ich kann, meinen Nachbarn wie auch jedem von Ost bis West. Ich werde die nehmen, die Probleme machen, und das Sandala Mandala unter meine Füße bringen. Der Sultan der Osmanen wird kommen, ob es ihnen gefällt oder nicht. Gras ist eins, ein großer alter Ahornbaum ist etwas anderes. Der Osmanische Sultan muß ganz sicher kommen. Sie warten auch. Die Palästinenser wissen das, sagen es aber nicht.

Als die Briten kamen, wer ihnen zuerst applaudierte, waren die Palästinenser, weil die Osmanen gingen. Diese Schwierigkeiten kamen auf sie. Frag sie für mich. Als Harrington die Stadtmauern passierte, applaudierten sie ihm. Die Leute von Quds applaudierten den Briten, weil die Osmanen gingen und sie kamen. Die Osmanen regierten sie und wachten über ihr 500 Jahre lang. Es gibt Bilder davon in den Geschichtsbüchern. Ihr könnt das überprüfen. Die Briten marschierten zu Pferde ein, der General, und sie klatschten für ihn. Nehmt diese Schwierigkeiten jetzt! Es wurde zu einem Knoten, der nicht gelöst werden kann. Die Palästinenser haben nie Trost gefunden deswegen. Sie waren undankbar den Osmanen gegenüber. Sie hießen die Briten willkommen und applaudierten ihnen. Nehmt es jetzt! Es liegen Geschichtsbücher vor mir, die es zeigen. Sie klatschten, als die Briten einmarschierten und die Osmanen gingen.

Es gab 3 Armeen an der Palästinensischen Front gegen die Briten. Sie hielten die Briten auf. Sie drangen über Baghdad ein. 3 Kommandeure für diese 3 Armeen, einer dieser Kommandeure war der, den sie jetzt verehren. Er zog seine Armee zurück, ohne die anderen zu informieren, und vermurkste es, mit den andern beiden zurückbleibend. Das war das Ende der Palästinensischen Front. Später wurde er der Befehlshaber der Yidirim Armeegruppe auf dieser Seite. Was machte er? Er richtete ein Fiasko an. Die Palästinensische Front fiel wegen ihm! Wißt ihr, wer uns über diese Dinge in Kenntnis setzt? Einer von ihnen ist der General Cevat Rifat Atilhan (Kämpfer an der Palästinensischen Front). Seine Bücher sind jetzt verboten in der Türkei. Er hat vielleicht 100

Bücher, alle verboten.

Großshaykh war an der Front. Sultanu l-Awliya, er wußte es auch. Er war auch ein Teil dieser Front. Er sagt: Ich war in Quds ash-Sharif und mir gefiel die Situation und die Handlungen der Palästinenser nicht.' Unser Shaykh besuchte die Sahr ash-Sharif die ganze Zeit, sagte er mir. Was können wir tun? Es gibt niemanden, der von diesen Dingen weiß. 'Probleme kommen nicht, bis der Diener nicht wild wird.' Sie wurden wild. Großshaykh mochte die Haltung der Palästinenser nicht. Er mochte ihren Charakter, ihr Wesen nicht. Die Front fiel, als dieser Mittlere seine Armee zurückzog. Er informierte die anderen nicht, sagt er. Er ließ die beiden anderen Armeen fallen. Großshaykh sagt, er wurde dort verwundet. Er schaute so auf sich und da war Blut von seiner Wunde, auf dem Pferderücken. Unser Shaykh, unser Sultan... Fatiha. Fatiha.

Möge Allah ihnen vergeben und uns auch. Sie sind jetzt Sandala Mandala geworden. Es ist nichts richtig an ihnen. Sie sagen 'Demokratie'. Nehmt sie! Sandala Mandala. Wisset von diesen Dingen. Fatiha. Möget ihr glücklich sein, möge Allah euch schützen. Mögen wir die Fahnen des Islam tragen. Möget ihr auch für mich lesen. Untersucht diese Dinge. Es gibt Bücher in meiner Bibliothek. Seid nicht untätig. Informiert auch die Türken. Okay, Sohn. La ilaha illa Allah.

## Know Your Identity

Fatihah. Madad, madad.
(Mawlana Shaykh stands.) Allahu akbar, Allahu akbar, la ilaaha illa-Llah! Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! O our Lord, yaa Rabbana! You created us, You are granting us everything and no one can know it fil haal wa fil mastaqbal, now and forever. O our Lord! Forgive us and bless ourselves for the honor of the most honored one through Your Divinely Presence, Sayyidina Ahmad (s)! Allahumma salli `alaa Sayyidina Muhammad! Allahumma salli `alaa Sayyidina Ahmad! Allahumma salli `alaa Sayyidina Mahmood! Allahu akbar, Allahu akbar, Allahu akbar, la ilaaha illa-Llah! Allahu akbar, Allahu akbar, wa lillahi 'l-hamd! That is an honor that we stand up and say Your holy name! O our Lord! You are our Lord. Allah, Allah. (Mawlana Shaykh sits.)

It is a holy night, Friday night, and we hope something new... everything coming that is new, that coming through holy people; all must be new ones.

O People! As-salaamu `alaykum our listeners; listen and respect. I'm such a weak servant, don't look at my weakness. The Lord of Heavens is asking to give any creature. He created for worthing?? As it is mentioned in the Holy Qur'an, when the armies of Sayyidina Sulayman were passing from one land to another land, he was on his way, and he reached Wadi an-Naml, the Valley of Ants, and he was asking one ant to warn whole ants

through that big valley. The ants were not looking at that warning coming from one ant like themselves, but they were looking to who was that one making that small ant to warn that huge valley of ants. And Heavenly Protection was coming on them and they were speedily going through their holes, their living places.

Therefore, don't say, "What is this old person saying? Something we are not understanding!" Ants understanding from ants, and you are not understanding from man to man? I am only a weak servant like an ant, and the Lord of Heavens making people hear from one weakest servant a warning. Heavenly warning coming now. Don't look to me; I am nothing, but He is making me to come to you and addressing you.

O listeners! Who is making them to not listen, because they are knowing if they are listening, they must believe, and who believing, they must act. But people now are under Shaytanic hegemony, and he is ordering people who are under his hegemony, "O my followers, you must not listen except to what I teach to you." And every knowledge that people are learning now, from high schools, colleges, through universities and up, are all Shaytanic teachings, and Shaytan's maqsad, his aim is to make people to hear and to listen to what he is saying.

It is mentioned through Holy Qur'an that Allah Almighty is giving the highest honor to Mankind by sending His last message, the Holy Qur'an, to people to make them on the Straight Path, reaching to His Heavenly Presence. Allah Almighty is not in need of what servants are doing, but He is asking to grant His creatures from His endless territories and through endless territories there are countless oceans, Oceans of Creation. He is Allah! You must believe. What are you doing here?

"O my darling! We must buy, we must change our old-fashioned car."
"O my darling, you think we may change our old-fashion car? You think that I am preferring?"
"What? What you look and say, if we change our old-fashion car with a truck?"
"O my darling, who can drive a truck?"
"No, we are not driving. We may sit and we may sleep in it also, and one driver may drive, and if anyone asking we just say we are changing our house to a new house and therefore, we are changing to new-fashion truck and new furniture, and we are fearing no one coming to steal them. Therefore, my darling, I am sleeping in it overnight. And because both of them over 90 coming like one saying and second one understanding wrong. One speaking wrong and other one understanding that it is right!"

"Yes, we may discuss that important point until overnight."
"O my darling, I am tired, I must sleep."
"Doesn't matter we may continue through our dreams that we have a truck."

People now are looking in this very short lifetime to change their cars, to change their homes, their furniture, and all of them nonsense! We are making you to sleep? Are you tired? (No.) (Mawlana laughs.) Very important people, like that couple, occupying themselves with nonsense.

O People! Allah Almighty sent 124,000 messengers from the heavens, coming to you to make clear your lives' aims and for what you have been created. All 124,000 were the same, (warning,) "O People! Don't worry or run after such foolish demands, and death is running after you." You don't know if you are sleeping, death coming up to morning. If you are standing, going to night time you may be a dead one. You are never thinking on it! That is source of troubles for people living now because they are wasting their energies, their activities, and their whole efforts for something that is just veiled, closed for where you are going. You are not knowing. You are finding a big curtain in front of you and you are running on it, saying, "We must run."

O People! Some of you are reaching an end. You may see in front of you something like curtains closed in a theater; you see something behind, and people are very anxious to see what is behind that curtain.

O People! You must think what is happening to Mankind. They are living, living, living and everyday thousands, perhaps millions of people are disappearing. Why are you not asking where they are going? You are bringing them to the cemetery and putting them in the graveyard. Why are you not asking where they are going? They were like you --running, running, running-- then they were fighting (dying?) and you were taking them to the cemetery, graveyard. That one was running, asking to do something, making that high building, skyscraper; yesterday he was making so many projects for new building*. Even they were thinking for holy land of Mecca al-Mukarramah, daily, weekly, monthly, yearly, where they are destroying old buildings and making new ones. Center for Salafi `ulama, I think your center should be in Mecca al-Mukarrama! And you are saying nothing about people, for their efforts wasting, only using for building (construction). You are knowing the Holy Qur'an, so why you are not saying? I am not shouting now for Pope, no; they are keeping their buildings as they were, but you are building for what?

O People! Listen and try to understand what is coming to my tongue to speak to you. I have been ordered, it

is not my wish or my will to sit here and address you. No, but the holy ones, saying to be holy ones through ummah, who are you? (They answer,) "We are Salafi `ulama. No 'holy ones' just mentioned through the Holy Qur'an." Please say it for me, it is Arabic (which you speak), not Turkish or Persian language, so please say it for me. You are understanding, but you are going against, and the Holy Qur'an giving everything for here and Hereafter! Don't make mahzada, joking! No, no! We are on Earth now, tomorrow under the Earth, and our physical being and our souls getting up. And for every soul there is one entrance. Everyone must reach to their special entrance because our souls going up to holy lands of the heavens, yes, going there!

O People! You must think that one day you are going up from this life, angels carrying our souls, not carrying our physical being, as no value for our physical being. That value for our souls may go there. Therefore, everything you may find through the Holy Qur'an. Holy ones getting up, not unholy ones. If a person not reaching to be a holy one, can't pass up; that one must be thrown down, if reaching on Earth, that earth swallowing, to reach center of this world, there is another fire there.

O People! am not speaking to your asaateeru 'l-awwaleen, As people, unbelievers they were saying, when their prophets addressing to them. They are going to say "we are not believing in such things," saying, "it is such an old history." Don’t take prophets' messages or declarations that just reached to prophets from heavens, don't deny. They are like an ocean, but oceans of Holy Quran swallowing all other oceans.

Once, Jesus Christ (pbuh) was always traveling to meet so many people, they can't reach to him. But he was running through the lands of the Lord of Heavens to meet people and to speak to them, to make them to understand something for themselves and this universe, and what is beyond it.

Now, millions of people are not knowing their identities. "Who are you?" I am asking, and so many people they are muta'ajib, astonished at that question, "Who are you?"
"Who are you?"
"You don't know who I am?"
"I am Salafi `ulama," or "I am king in Persia or Turkey, you understand?"
No any inshaan, sign, I am not looking any different being between myself and between yourself, and I am looking at you saying, "Who are you?"
"I am chief medic," or "I am sultan for this country or that country."

I am looking and I am only seeing a skeleton. You must understand about yourself. Jesus Christ was teaching people to understand about themselves.

"Who am I? I am Alexander!"
"O Alexander, any special difference between you and your name? If anyone saying you are not Iskandar or Alexander, but you are Phillipus, what are you going to say? Your name is written or your chest or on your forehead? What you are going to say? That is your identity? Prophets came to tell people about themselves, about their positions, about their... but people are not listening. He was saying, 'I am Jesus Christ, I have been sent by the Lord of Heavens, Creator of all Creation.'"
"What do you mean?"
"Sit down, I may have some information about that and I may be with you for some time to teach you about yourself, about Jesus Christ, and about your Creator."
Once he was like this, going about on a high mountain. He was one person, he have ... and putting on him and he was in a place (where) sun shining on him. And Jesus Christ was saying, "O my Lord's servant, what you are doing here?"

And he was saying, "You are saying this and you have a special being, and you have a special secret about your Lord's Creation, how you are saying to me? And what are you doing here? You don't know that One Who created me, created for His servanthood? O Jesus, the son of Man, no father for you, you are created through the womb of your mum to be created as a miracle for people. You are asking me such a question, 'What you are doing here?' You don't know for what we have been created?"

Jesus Christ was saying, "I know, I know. But for teaching people for what you have been created, to be a servant for your Lord, for your Creator. But they are not understanding from me. I am on level high, but from you, you are on same level and they will understand. You are always here day and night asking."
"Yes Jesus Christ, I am here as you see, if you are coming in the middle of the night, or you can find me midday; if you are coming here you may find me. Not even small place to be here, or you may keep yourself, saying, 'O Jesus Christ.'"

Jesus Christ was saying, "O, you are such a servant and you are saying for 700 years nothing for Eternity. Therefore, I must keep that time for my Lord's servanthood? O servant of my Lord, should come after me that

I am giving good tidings about himself, Sayyidina Ahmad. (Mawlana stands.) Sayyidina Muhammad's (s) nations according to his teachings should be between 60 and 70 years. But mostly people whose ages between 60 and 70 years are passing, but I am looking and in such a short time they are building buildings as those of Nimrod. What are you saying?"
"O Jesus, our Lord's miraculous servant, if I was through that ummah, that nation of the Seal of Prophets, I was making only one sajdah and remaining through sajdah up to day that my soul just be taken up to my Lord's Divinely Presence"

O Salafi `ulamas, what are real ones saying about that building in Mecca al-mukarramah and Madinatul-al-Munawarra? No, you are fearing from the malik, under malik you are fearing to say that it is forbidden in Islam to build more than two floors high. Even angels are saying that when a person is asking to build over two floors high, they say, "Till where are you going, up and up?"

Allah Allah, Allah Allah, Allah Allah, SubhaanAllah
Allah Allah, Allah Allah, Allah Allah, SultaanAllah

Dome dome, dome dome, dome dome, dome dome 8x

Fatihah.

(48 minutes) More tonight getting for bombarding heedless people. I am running to my Lord (to be?) from being a heedless one, alhamdulillah. Alhamdulillah today they are getting up as He likes, according to our actions making them to hear, to listen, and to understand, to obey as He likes. I am asking forgiveness for me and for others. May Allah forgives us, all of us `alimullah. It is something more to wake up people!

Fatihah.

## KNOW YOURSELF to find THE HIDDEN IDENTITY

Don't allow your mind to be busy with the world (dunya). Let yourself be with Allah Subhana wa Tala. Let your thinking and everything else be of Him. You are a human being and as such, the highest and most valuable of all creatures. You are honour to Allah, because you are created to be His servants. Honour is only for those who are in servant hood, and they will have many people coming after them, trying to make them back off and to turn them away from their way. This is all they will ever be able to do, as they cannot take your heart in their grasp with their hands. They may reach to your physical body and take that away, but the Iman (certitude or belief) in your heart they cannot even touch.

Your heart must either be with Allah, or with dunya (the world). One or the other. If it is with dunya, then their hands may reach to squeeze you. But if your heart is with Allah Subhana wa Tala then they cannot reach to you. He will protect you so that they are not able to reach to you. If your heart is with Allah, then your physical bodies' actions will never harm you. Never!

You cannot imagine being close to Allah Almighty, physically, but when you are keeping

your soul (heart) with Allah Almighty, then you become closer to His Divine Presence, and that carries your body to be also in the Divine Presence. But if you follow your physical desires, your soul cannot carry you to the Divine Presence. Those really alive are living with Allah.

At least when we pray we must try to be with Allah Almighty, then it will be spreading after the prayer, and the blessings will be running through all of our actions throughout the twenty-four hours in a day. Honour is for 'alive people'. We made an oath on the Day of Promises, to Allah, that we would be with Him, and not leave Him. But now that we are here, we are leaving Him. Honour for believers, depends on their Nur (Divine Lights). Their rank and closeness to Allah, here and in the hereafter, depends upon it. So we must look for Nur.

There is not one moment even be it for the duration of a blink of an eye that the Holy Prophet Muhammad (sal) is not with Allah. If he is not with Allah, then with whom should he be? What else is there more important than to be with Allah? Is there anything that gives higher honour than to sit with Allah? Allah Almighty is saying, "I am sitting with the one who is remembering me?" (hadith). If you are with Allah, Allah will be with you and this is what is required from you. Say, "O my Lord, You are that which I am asking for." This should be your aim.Someone who is intending to go somewhere, always has his destination as his aim and in his sight. Your aim must be to reach to the Ocean of Unity.

All difficulties and problems are due to being distant from Allah. The one who is far from Allah, is not with Allah. The reason for all difficulties, sins, depressions, worries and all dangers in this world, and in the hereafter, is from being far away from Allah. All problems and complaints come from being far away from Allah.

As for him who reaches to the Oceans of Unity, it becomes that he is with Allah. It is like a drop of water falling into the ocean, coming closer and closer to the ocean, and when it enters the Ocean, nothing is left of this drop of water. All Sufi Orders, especially the Naqshabandi Tariqa, encourages people, to ask to be with Allah. He is with you,

but you are not with Him. He didn't forget you. He is with you, wherever you are. Even in barzakh, on the Day of Judgment, or in Paradise. There is no place where He is not with His servants.

The time with Allah is of the highest rank, and is of the greatest value. Be with Allah. Where is Allah? Allah is the Creator. His existence is forever. He has no beginning and no end. None one can be like Himself. He is the Only One. You cannot ask, "Where He is?" However you may ask, "Where is He not?" "Where is He not present?" "Is there anywhere or any place that you are able to find without Allah?" Absolute existence is for Himself only. His existence fills everywhere. Do you know this to be the case, or not?

Allah is ordering us, "Don't think about Myself (His Essence)." "You cannot." "It is prohibited to try and think about how I am" No! Forbidden. "You can think about that which I created." At least you may think about your own personality.

You are now like one of those stone pyramids in Egypt. People, look at them and think that are only built from stone, with no doors or windows. "Impossible!" "For what purpose?" "No gates or holes!?" But the time is coming when people will think seriously about how it is. And they will say, "We must look into it and find out." Then when they get deep into thought about it, the Lord of Heavens will open a space to find a way inside.

Now you are like a pyramid, thinking that you have no gates, no holes and no way to heavens. That you are like a stone building on earth. Running around, coming, going, eating, drinking and then finishing. But the Lord of heavens says that if you take serious care to find a way from you to you, you will find it. When He opens it, you should find your Lords way. But if you are not opening yourself, and knowing, then you cannot find a way to your Lord. (Or to know Him). The gateway to your Lord is through yourself. You are the door which you must open, and then find your Lord's Divine Presence.

He is with the smallest piece of mass. Even if it is smaller than an atom, yet He is with it. If He is not with it, then, there is no existence for it. Allah must be with everything of what He created. Therefore you may ask from Him. He is not away from you, but perhaps you are far away from yourself. This is because you you do not know yourself, physically or spiritually. No-one knows his personal identity and no-one knows what his ego (I-ness) is, or his soul. Yet your spiritual being is hidden from you. The road is long and the work difficult, in order to reach to its hidden identity. This must be done patiently, step by step.

Allah Almighty likes for His servants to cry, shout and ask from Him, always. He likes for us to be like lions. The one with his Lord is like a lion and the one with his ego is like a jackal. The jackal is a dirty and harmful animal. The Lion is the king of the jungle. When he growls, everyone is in fear. The Lion never fears. All animals live in groups, but the Lion is single and doesn't accept another in its area. Groowwl!

## „Kommt zusammen Hand in Hand“

Wir bitten um Segen für diese Zusammenkunft. Ohne Seinen Segen wäre sie sinnlos. Wir sind Diener und benötigen den Segen unseres Herrn. Alle Stufen des Menschseins brauchen Seinen Segen, König oder Diener. Dieser Segen ist der Schlüssel zur Zufriedenheit. Darum verlangen wir als erstes nach Seinem Segen. Dies taten alle Propheten, von Adam über Jesus bis zu Mohammed. Alle erbaten Seinen Segen. Ich bin froh über diese Versammlung, denn in diesem heiligen Ramadan öffnen sich die Herzen. Ihr sucht nach etwas im Innern eures Herzens. Gelobt sei der Herr, der unsere Bitten erhört. Uns ist alles gegeben worden, doch ohne Segen ist es nichts0. Der Mensch des zwanzigsten Jahrhunderts hat so viel bekommen wie nie zuvor, aber Frieden hat er nicht gefunden. Bis heute hat mir niemand einen Titel gegeben, so ist es auch leichter. Denn jeder Titel beinhaltet eine Verantwortung. Die Menschen nennen mich „Scheich“. Auf der Ankündigung für diese Veranstaltung ist ein Photo, das sehr viele Hände zeigt, die einander festhalten. Das bedeutet: Alle Hände müssen auf einer Hand liegen und verbunden sein. Ein Vers aus dem Heiligen Koran soll euch den Weg aus allen Problemen zeigen. Viele haben noch nie vom Heiligen Koran gehört, ganz zu schweigen von seinem Inhalt. Der Vers lautet: Bismi llahi r-rahmani rra him. „Wa ta‘awanu ‘ala lbirri wa t-taqwa.“ (Sure 5, 2 Der Tisch). O Menschen! Reicht einander die Hände und helft euch, Gutes zu tun, Wohltätigkeit zu üben und Allah zu achten. Kommt zusammen, Hand in Hand, bringt der Menschheit Gutes und eurem Herm die höchste Achtung. Haltet einander bei der Hand und gebt dem Teufel und seinen Armeen keine Gelegenheit.

Fordert einander nicht zum Bösen auf, zum Töten, zum Betrug ... Sucht keine Hilfe bei satanischen Plänen, wenn ihr Böses tun wollt. Die Zukunft dieses Planeten hängt an diesem Vers. Heute erfuhr ich von einer Konferenz, wo jede Religion ihre Vorstellung von der Zukunft dieses Planeten erläutern soll, besonders im Hinblick auf die Jugend, die sehr gefährdet ist. Juden, Katholiken, Protestanten, Muslime sollen einen Ausweg zeigen für die Jugend. Ich denke, dieser Vers ist eine ausreichende Antwort. Wenn wir uns an der Hand halten und Gutes tun und das Böse abwehren, kann nichts geschehen. Jeder trägt die Verantwortung, die seiner Position entspricht. Jeder muß seine Verantwortung kennen, ungeachtet seiner Religion, damit das Heilige beschützt wird. Nur dieser Weg ist der Ausweg. Zuerst müßt ihr versuchen, euch selbst zu verbessern, und die Hand eines Heiligen halten oder zumindest eines Guten. Aus zwei müssen drei werden, und Kirchen müssen anderen Kirchen die Hand reichen, und ebenso Tempel, Moscheen, Synagogen. Fordert auch die Nachbarn auf, zusammenzuhalten. Wenn nicht, dann wird bis zum Jahr 2ooo keiner mehr auf den Füßen stehen. Alle Propheten waren nur Warner, und immer folgte ihnen nur eine Handvoll. Und immer wurden die anderen bestraft, wie die Geschichte Noahs zeigt, als nichts Lebendiges mehr auf der Erde übrigblieb. Und sie suchen wie verrückt nach Überresten der Arche und fragen nicht nach den Ursachen. Wenn wir jetzt nicht aufpassen, wird es eine Strafe geben, die von den Menschen selbst ausgehen wird. Wenn ihr einander an der Hand haltet, seid ihr gesegnet. Sonst trifft euch ein Fluch, und das ist eine ernste Sache.
Einen Winter wie jetzt hat es viele Jahre nicht gegeben. Weil die Menschen Atheisten sind, glauben sie, „die Natur“ sei die Ursache, und nicht etwa ein Fluch. Strebt nach dem Segen Allahs und betretet die sichere Arche. Im Grab werdet ihr euren guten und schlechten Taten wiederbegegnen. Möget ihr euch unter göttlichen Schutz stellen. Es gibt nur einen Herrscher, der alles regiert. Sein Wille steht über unserem Willen. Haltet Seine göttlichen Rechte und die Rechte der Menschheit. Man spricht von den Rechten der Frauen, der Hunde, der Mäuse ... Aber niemand redet von den Rechten des Herrn, Der das erste Recht an uns hat. Sagt nicht Menschenrechte, sondern die Rechte des Herrn der Menschheit. Wir müssen umkehren und die Rechte des Herrn einhalten. Wie könnt ihr nur über die Rechte der Tiere nachdenken?! Wie ist es mit den Rechten des Herrn? Möge der Herr der Himmel Seine Barmherzigkeit herabsenden in diesem heiligen Monat des Fastens, welches alle heiligen Bücher zur Pflicht machen. Das Gebet beginnt mit dem Fasten. Wer fastet, der kann dem Bösen widerstehen. Das Fasten schärft die Willenskraft, sie wächst mit dem Fasten. Wer nicht fasten kann, der kann auch nicht seine Willenskraft kontrollieren. Adam (a.s.) fastete dreißig Tage lang, ohne zu essen und zu trinken. Wir fasten nur von morgens bis abends. Auch Christen und Juden erhielten das Gebot zu fasten. Jede Disziplin gibt Schutz vor dem Bösen. Versucht in diesem heiligen Monat zu fasten. So

viele Sufi- Wege benutzen das Fasten als Schulung, und jede Religion braucht Disziplin, alles andere ist Phantasie und Wunschdenken. Die Spiritualität, die auf dieser Versammlung liegt, hat euch hiergehalten. In Aachen ist größtes Interesse für heilige Themen, und ich möchte insha'allah meinen nächsten Deutschland-Besuch hier beginnen.

# LADDER TO THE MOON and the LADDER FROM THE MOON

It is a very important point that Grandsheikh Abdullah will speak upon tonight. I say that Grandsheikh will speak because the Awliya are living real lives; they are living stars, not dead stars; they are living persons even after their disappearance from bodily life. When they leave this world and go to heavenly life, they leave behind them a deputy whom they cause to speak on their behalf; therefore, when I speak here, my Grandsheikh is speaking through me – making me speak on behalf of him. For this reason, I said that he is going to speak on an important point.

Grandsheikh was saying that a great Wali (saint) and lover of the Prophet, Ibn Omar Es-Safadi, was saying: “If a person leaves everything and abstains from action, saying that he need not act because he trusts in his Lord and that his Lord is sufficient for him and will provide what His servant is in need of, then that person has become an unrighteous and sinful person.”

Here Grandsheikh is clarifying the real relationship between the servant and his Lord, saying: “There is a certain distance which servants must advance, and only when that distance has been covered and its limit crossed, that servant may say, ‘From here on I

leave everything to my Lord and from this point on I entrust all my affairs to my Lord!' " For example, a farmer plows his field and plants corn, then he leaves it and has the right to just wait until the harvest yields, but if a person is not plowing and not planting, but just saying, "I am trusting in my Lord to give me corn at harvest time", he is indeed far astray in his thinking and actions. You must be aware of your duty and carry it out. You can't bring rain, you can't force the corn to grow and bring forth cobs, but you can plan and plow – then you can trust in your Lord to finish what you have begun. This is what true trust in Allah (Tawakkul) is like.

This is a very important point, and one often misunderstood, especially in European countries, where people raise objections to Islam, claiming that Islam tells people that they need not work, and should depend only on their Lord's favours. In the present time even in the Muslim world, the younger generation is saying that Islam is the cause for the backwardness of their countries – but this is the result of wrong understanding. In fact, what Islam tells us is that we may begin a work with our own action, but it is Allah who completes, and that the success of any endeavor is ultimately in His Hands.

This is a world of causes. We are in need of causes and must hold on to them in this life, because miraculous doings may occur sometimes for Prophets and Saints, but not for everyone. For that reason we have been ordered by our Prophet Muhammad (sal), to hold to causes so that we may witness effects and obtain results. Allah Almighty says that no one reaches anything in this world without acting – he must act and see the results. So, to act is a command from Allah Almighty and therefore we must not just sit down without movement and without action. Trusting in Allah, or leaving your affairs to Allah, is correct only after we have finished our duty.

Sometimes in Tariqats, Sheikhs may try a murid by ordering him to abandon every cause, to not seek his own means of existence. But such cases are only rare exceptions and not the general rule – the general rule is to seek means, as Allah commands.

Why was our Grandsheikh speaking upon this point? He is not mentioning it here in the context of worldly works, or actions for this life, but rather he is referring to effort required of us for reaching heavenly stations and Divine Knowledge Oceans. You must strive and do good actions as much as you can, and when you finish, after doing your utmost, Allah Almighty will lift you up. If you are asking for heavenly stations and miraculous powers, you must first struggle and not just say, “Allah may give us,” or, “My action is not sufficient for me to reach such heavenly stations.”

A good analogy to illustrate this point is this one: Someone was given a broken pick and spade and was told: “Take these instruments and dig up all seven layers of the Earth until you reach the end where you will find your treasure.” Do you think that it is possible to reach it with a broken pick and spade? - Of course not, but despite this you must dig as best as you can and not give up, saying, “How can I perform this feat?” Your duty is to dig little by little, and your Lord is looking after you so that when He sees that you are firmly believing and working as ordered, He will send His Help just as you have reached the point of exhaustion and can’t do more. At that time He will send a huge machine that will dig up your treasures for you instantly and effortlessly. Because you are a powerless servant carrying out His order, He will bring your treasure up for you with His power, not yours. He is only testing you: are you listening, believing, and obeying? If you begin, He will finish, but if you say, “It is impossible for even the largest machines – so how shall I ever do it?”, you will be banned from the Divine Presence. If you begin your digging in spite of the obvious impossibility of the task, then Allah’s Holy Verse in the Qur’an will apply to you:

“Allah does not burden anyone beyond his capabilities.”

We are not claiming that we will attain all heavenly stations as a result of our practices; we are only doing what our power enables us to do and, in reality, to reach the goal by means of our practices is like trying to reach the moon with a ladder; even if all the world’s ladders were tied together you couldn’t reach it – its impossible; but

we must try anyway, for perhaps one night from the moon there will descend a ladder to meet our ladder, and at that time it may be possible to go up, but for us to build up to the moon – never. We must do our duty. Allah says that doing our duty is the cause of our reaching to Heavens, but you must know that it is not enough. We know that ladders go up, but not to the moon. This is the precise meaning of Tariqat, and we are not cheating people: if one is working with sincerity, our Lord may send a ladder at any time from the moon to take you up, but you must do your work, and trust in your Lord.

Many people are reading in books about miraculous happenings, and sometimes our ego asks for us to be one of these 'miracle-makers'. Tariqat is the way to be able to perform miracles, but we are not working in order to be able to do such things, but only for our Lord's pleasure. When He is pleased with us, He will also make us pleased with Him, and at that time you won't be able to even look at or consider miraculous doings; it is only your ego asking to perform such feats.

Our Grandsheikh is saying at the end of this lecture: "I am speaking on behalf of the Master of the Time, Seyyedina Al-Mahdi, because he is not yet permitted to appear and address people directly; therefore, I have been given permission in his stead. When he appears you will witness how he speaks." Grandsheikh continued: "This assembly has the same virtues as the assembly of Seyyedina Al-Mahdi, and holds the same reward. This knowledge is not the result of reading books, but come directly from the heart of the Holy Prophet Muhammad (sal). Allah Almighty gives this knowledge to those who trust in Him and keep His orders with full respect."

**LAYLAT AL QADR the NIGHT OF POWER**

Nights are the time which Allah Almighty has designated for the attainment of spiritual blessing
and power. Therefore Allah Almighty told His Beloved Muhammad (sal) in the Holy Quran:

"O you, who are wrapped up in your mantle, rise (to pray) by night except a little: half the night,
or a little less or a little more and with measured tone recite the Quran". (Surah Muzammil S 73, V 1-3)

Allah ordered Prophet Muhammad (sal) to spend most of the night in worship in order to prepare his heart for the tremendous revelation of the Holy Quran. This night worship was the means for the Prophet Muhammad (sal) to ascend and to attain more and more power. His Companions would join him for the night prayer and would also be rising up in station and spirituality:

"We are about to address to you words of great gravity. Verily the rising by night is (the time) when impression is strongest and speech more certain".(Surah Muzammil: S 73, V 4-5)

Laylat al Qadr is a holy night. All nights of Ramadan are holy nights but Laylat al Qadr is the holiest night of this holy month. It is also the holiest night among all other holy nights throughout the entire year. It comes only once a year and Allah Almighty granted this holy night, the Night of Power to His most praised, most respected and most beloved servant Seyyidina Muhammad (sal).. About this night, Allah, the Glorious and Exalted said:

"In the name of God, the Beneficent the Merciful
Indeed We sent it [the Holy Quran] down on the Night of Power.

What will convey to you what the Night of Power is like!
Better is the Night of Power than a thousand months
In that Night the angels and the Spirit descend
by the permission of their Lord for every affair.
Peace it is, till the break of dawn." (Surah Al Qadr).

" The Night of Power" is a very strange translation for "Laylat al-Qadr," but it attributes to it a good meaning. Whoever attains the blessings of this holy night should attain perfect power in his spiritual life. One can attain perfect power by means of this night because its value is more than one thousand months of worshipping.

Every worship performed increases the spiritual power of people. Any worship during this night is going to be valued at one thousand months of worshipping done on any other night. It is condensed power. Allah Almighty, makes it a mighty night by placing in it such incredible power, so as to make it very much mightier night than other nights. Allah Almighty says it is much more valuable than one thousand months of worshipping. It means Allah Almighty has granted such a huge power to this night of Lailat ul Qadr.

It is such a mighty night that it is highly respected and given such high value by the Lord Almighty. It is so mighty that it is said that it is the mightiest night, the Night of Power. Allah Almighty has put into this night, power for His servants to come closer to His Divine Presence. In a short time that great power adorns the worshippers in this night so that they may be able to penetrate through the entire heavens and reach the Divine Presence.

People on this night are going to be on several different levels. No doubt we are on the lowest level, so we are hoping in this night to attain the honour and illumination granted in it. When we reach a higher level and as it is a holy night in the heavens as well, we will begin to sense something [of the great power being manifested] on this night. Whoever is at the highest spiritual level must be present for this night in the Divine Presence of the Lord.

This appearance will occur in a matter of seconds, maybe within a single second. Perhaps one second is an enormous unit of time [in keeping with that moment or in comparison] to that

moment. It may be more than a second or much less, but it is an instant in time when an appearance from the Divine Presence is manifested to creation.

When that Divine Appearance manifests (tajalli), no one will remain standing throughout the heavens and the earth. Everything falls into prostration, throwing itself down in prostration for that moment. That manifestation of Divine Power--that Divine Light-appears, and whoever is prepared and who has also been invited to attend that appearance sees it and falls in prostration. Everything in that moment falls in prostration (sajda): all animals- ants, elephants, giraffes and even dogs-on that night they do not sleep but are hurrying to make prostration on experiencing that divine manifestation. All trees- even buildings-bow down in prostration and then rise up to their original positions. This is mentioned in the Quran:

“And unto Allah falleth prostrate whosoever is in the heavens and the earth, willingly or unwillingly, as do their shadows in the morning and the evening hours”.( Surah ar-R`ad, 15)

"Hast thou not seen that unto Allah payeth adoration whatsover is in the heavens and whatsoever is in the earth, and the sun, and the moon, and the stars, and the hills, and the trees, and the beasts, and many of mankind, while there are many unto whom the doom is justly due”. (Surah al-Hajj, 18)

May God forgive us because we are sinners. Every few minutes, or even every few seconds we commit so many sins, thus we are asking for our Lord's forgiveness for the honour of His Most Praised Servant Seyyidina Muhammad (sal). This holiest of nights is granted to him from his Lord Almighty Allah. In it all powers adorn him, all lights illuminate him and all angels come to him. The Archangel Gabriel comes to him, and he is dressed with countless honours on this holy night. The angels ask forgiveness [from Allah for the people] for the sake of the master of humanity (Seyyid al Bashar), from the Owner of creation (Rabb al-Ka'inat). For his honour, may Allah forgive us and take away our bad states. May Allah change our conditions from bad to good and change everything in us to be for His Sake. May we be good servants, obedient servants, beloved servants, respected servants and praised servants. Try to be servants such as this. For that reason, attend humbly to worshipduring this night as our Beloved Prophet (sal) has

directed us.

"Whosoever offers voluntary prayers during the Night of Power out of belief and expecting from Allah its reward will have his past sins forgiven." [Bukhari and Muslim]

Now I would like to pray the Prayer of Tasbih (salat ul-tasabih) to express a little bit of praising from our side and to glorify our Lord Almighty Allah. This glorifying of Allah Almighty in salat ul-tasabih consists of four cycles of prayer (raka'ats) in which we glorify our Lord 300 times by saying "Glory be to Allah, Praise be to Allah, there is no god but Allah, Allah is theGreatest!" (Subhana Allahi wal hamdulillahi wa la ilaha illallahu wa Allahu Akbar ).

May Allah Almighty glorify His beloved and most praised servant, Seyyidina Muhammad (sal), and may mercy from His endless mercy oceans descend on you, and on our descendents, and ancestors, upon east and west, and may its blessing come upon all from North to South, upon all oceans and upon all continents.

Allah Allah...Karim Allah...Aziz Allah...Subhan Allah...Sultan Allah, Oh our Lord, You are the only Sultan. Raise up Your Work and bring down the work of destructive disbelief and evil which seeks to harm Your human beings and all other creations by means of a destined appointed and authorized sultan from your Divine Presence.

The first of deeds is to send salaat was-salaam upon the Lord of the First and Last, on this noble day of Allah, on the first night of Rajab al-murajjab, and He named it Rajab, where Rajab is the month of Allah.

O People! O Attenders! Isma`oo, give your ears for listening and understanding. Dastoor, yaa Rijaalullah.

Madad yaa awliyaaullah, madad yaa Rijaali ‘l-Malakoot,amidoona bi madadikum nahnoo `ibaad d`u`afa `ibaadullah. Huwa al-Qawiyy wa nahnoo da`eef. Huwa Rabbunaa! He is our Creator, Allah! (Mawlana Shaykh stands) Subhaan sen, Sultaan sen, yaa Rabb! You are our Creator, from pre-Eternal up to Eternal. (Mawlana Shaykh sits)

It is a holy day and we must give high respect for this holy month, Rajab. Try to give as much as possible your highest respect. We are just reaching the first night of Rajab, the first Friday night, and it is narrated that the holy light from Malakoot, Heavens, just reached from his father (r) to his holy mum, Aminah (r). (In this holy night) Heavens and Earth are covered with heavenly lights and everyone is dressed in a grand uniform in which angels were never dressed before as Allah Almighty never makes a copy, no! Last year was different and this year is according to the heavenly appearance. Everyone in Heavens is dressed in a holy dressing of Heavens. When I say “holy” it is nothing compared to the holiness of Heavens! They are just dressed, Huuu. “Oh, what is happening?” they ask.

It is the night of the holy soul of the Seal of all Creation (s), when the mother of the Seal of Prophets (r) took his holy trust. That is too much, the biggest grant from Heavens! It reached his mother and all Heavens were decorated with a dressing of honor. Every year it repeats, and every year comes another dressing from Heavens for heavenly people. The souls of those from the Children of Adam on Earth who reach that holy night are also dressed.

Therefore, all heavenly people and all beloved ones, through the Beloved One (s), have each been granted something different, each is different. Not all the same like soldiers dressed in uniforms. No, it is not a uniform; that heavenly dress is for every year, for celebration of the Seal of Prophet's (s) holy spirit. That which reaches the Earth is like an atom. Can't carry, all of Creation can't carry it. No one knows the real being of the Seal of Prophets (s) except his Lord, Allah Almighty. It is so big, azamatli, a glorified light! But now people are asleep; they are drunk ones.

O our Lord! Save our real beings from being drunk (or involved) with this nonsense, as really we have been created for some glorified being that has not yet reached us. Had it reached, this world could not carry it!

That celebration is in Heavens. One spot comes on Earth, where they are dressed also with that dharrah, an atom. Everyone that night will run to perform sajda, because they can’t carry that Heavenly Lights Ocean; not

even one atom can they carry of that glorified ocean! One spot they can’t carry in this world; it disappears. One spot may take that entire world, even billions of them, and swallow them, taking their heavenly honors.

O our Lord! O our Lord! They never understand. They call on You, asking from You to know about that heavenly one who represents You for all Eternity (s), because no one can carry the

Real Being of Allah Almighty, it is impossible, just as you can't look at the sun with the naked eye (as it will burn). Subhaan man dawaraka, subhaan man sawwarik, subhaana man nawwarik thumma idha shaa kawwarak, Yaa Allah! Glory be to the One who brought you around in your turn; Glory be to He who gave you resplendent light; Glory be to He who when He willed, made you a sphere, O Allah!

That is nothing in front of what Allah Almighty is dressing His servants on Earth and in Heavens, and through unknown oceans of His Divine Dominions!

O People! We are wasting our short lives with nonsense. Whatever you are collecting you are leaving. We may collect like Qaroon (Croesus), but when he died this Earth swallowed his imitated being endlessly! May Allah forgive us.

O People! Don't run after this dunya as it and its treasures are kicked down (worthless) by the holy ones appointed on this planet to arrange everything for the Children of Adam. People are running to schools, high schools, universities, and academies, and then (their education is) finished; they only reach the levels of preliminary, secondary, college, university, and academy teaching. After five levels what is there? It stops after five or six levels of knowledge.

No one knows; numbers are finishing from one up to six. (Mawlana Shaykh stands) Allah (swt) is saying... they did not give Allah His due Power and Greatness! (Mawlana Shaykh sits) It is impossible, impossible, impossible to know, as we are on the lowest level of Allah Almighty's Glory and Being! Why are you wasting time on this dunya? We think we are created for dunya, and night and day we run after it, but for what?

O Human Beings! What are heaps of gold or jewels giving you? O drunk Mankind! All of us are running after dunya, but for what? Day by day we are approaching the door by which we are getting out (death). No one is staying (here on Earth); they leave, and the angels say, "Prepare yourselves for when you will get out." That

last station approaches and will take you from this life to unknown worlds, unknown continents, unknown territories. What are you doing (to prepare)? Why are you fighting? You are fighting for titles that you give each other, but there is no value in that. Why are you fighting, killing, and giving trouble to each other?

O People! (Follow) Shari`atullah, the holy divine rules, as His judgment will collect all of you no-mind people will be put in a mental house! All of you are living for your imaginations, because no one knows what will happen after one hour, one week, or one year. They live in their imaginations, dreaming. We are dreaming, and not like this (with eyes closed), but we are wide-eyed! And they are asking to run on (what they imagine).

O People! Through East and West, use your minds and your powers for something that is going to be forever, not for imaginings. Leave your imaginations. Don't quarrel, don't fight, but try to be servants. Try to keep your oath to your Creator, the Lord of Heavens. Try as much as possible to keep it, and to give your highest efforts to understand from what you have been created. Why are you using (violence)? For what crisis? ardullahi wasi`a, “Allah's Earth is spacious.” The whole world is so big for all of you; for what are you quarreling and fighting? Even animals are not fighting; they do not say, "This is only for me, not for you." Also, the Children of Adam have been granted an understanding, a heavenly grant that has not been given to anyone else.

O People! Come to an understanding within yourself or you may be taken from this world, which will be so empty, and no one will be left to say, "I have this, I have that." No! Everyone can live from your Creator, Who never created Man in a narrow place! (But instead you amass) a supply, but you will never become happy to collect everything on Earth! I may give to him the authority to collect (amass) all WCs. I give that power to them; go and collect that! Do you understand? Say to Qadafi (in Libya), to Mubarak (in Egypt), to Bashar (in Syria), say to Iran, to Turks, “If you are not happy with the toilets you collect, I give them to you for free, so go and collect them!”

That is kalimat al-haqq, the true word. No one can reject it, not from east to west, from all `ulama, not even Christian or Jewish `ulama! No one can object! From east to west I am giving to them free, clean.

O People! Use your minds; we must think on it. They are making me speak in a most simple way, although they are able to make me to speak on the highest level of every language, but it is not necessary. If people are asking to be collectors of WCs, why should we speak at the highest level of Arabic, English, or Turkish?

Some say, "I am going without license and I may go everywhere. My donkey is for me. My donkey is happy everywhere and he is never claiming, 'This is for me.' The donkey eats and defecates on itself, it will even defecate on its rider. If kings ride it, the donkey says, "I am more than you. This is for me. Everywhere I may go and no one ask me about my title!" For donkeys there are no titles. He is very happy, as everywhere he goes he eats freely, with no responsibility!

Now people will be at the level of animals, saying, "We haven't any responsibility." Must you put a tail to learn you have a responsibility for your brothers? May Allah forgive us! Yaa Rabbee, yaa Rabbee, yaa Allah! Forgive us and send us someone who may direct us and send us to our targets, to make our Lord happy with us. When our Lord is happy with us all of you will be happy, and when you are not making your Lord happy, nothing will give you happiness. Then eating, drinking, dancing, everything will come from your ego, but you will not be happy because our Lord Almighty gives us enjoyment; nothing else can give it to us. You must understand, because people are running from east to west but no one is happy. Make your Lord happy with you, then He will grant you a sweet, happy life. Otherwise, your life is going to be poisoned.

People are taking medicines to cut off their troubles, because their lives are dirty. (This address) is an ocean, from which you may benefit from this week to next year, but you must understand. You may write commentary on it to fill a hundred or a thousand books, and still it won't matter. I know nothing. May the Lord give us happy lives, for the sake of the Seal of Prophets (s). (Mawlana Shaykh stands and sits)

Fatihah.

Is a person who goes to the WC forty times daily a happy one or a clean one? Use your minds, O People!

(Baya`)

Fatihah.

## Who Says La ilaaha illa-Llah Is Muslim

Dastoor yaa Sultanu 'l-Awliyaa.
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah!
Allah Allah, Allah Allah, Allah Allah, Kareem Allah!
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah!
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah!

Zid habeebika yaa Rabbi 'l-`izzati wa 'l-`azhaamati wa 'l-jabaroot, `izzan wa sharafan, nooran wa suroora, ridwaanan wa sultaana. Zid yaa Rabbana ibaadika 's-saliheen nooran wa suroora. Yaa Rabbana ighfir lana maa mada yaa waasiya 'l-karami. Anzil `alayna 'l-ghaitha suqyaa rahmatin, wa la taj`alna min al-qaaniteen. Ghaythan, mugheethan, haniyyan, mariyyan, saigh'an, ghamman, tabaqan, daa'ima! Yadhhab bihi zhulmatu 'l-kufr wa khid`aata kullu Shaytan, `alayhim maa yastahiqoon. Alfu salaat, alfu salaam `alayka yaa Sayyidi 'l-awwaleen wa'l-akhireen. Wa `ala man ittabi`aka bi ihsaanin ila yawmi 'd-deen! (Mawlana Shaykh stands.) Yaa Sayyidee, yaa RasoolAllah, yaa Habeebullah. (Mawlana Shaykh sits.)

As-salaamu `alaykum, attenders who are attending! May Rabbu 'l-`izzah, Allah Almighty grant the attenders to be His weak servants. Kun taaliban, “Be a student.” The Seal of Prophets (s) is saying, "You must ask." And we are saying, a`oodhu billahi min ash-Shaytani 'r-Rajeem, because we are asking for goodness, but Shaytan

is quickly running to change our good intentions and efforts. Therefore, we must say, a`oodhu billahi min ash-Shaytani 'r-Rajeem.

O our Lord! It is from our good adab, good manners to first address Allah Almighty. (Mawlana Shaykh stands) Subhaana wa t`aala. O Allah! (Mawlana Shaykh sits.) When you are addressing Allah Almighty, everything is fee ghaayatu 'l-ist`adaad (alert, prepared), at the last point of being ready. When servants say, a`oodhu billah, quickly the muwakkaloon, angels appointed on this planet, take a state of ta'ahub, alertness, because the servant is calling the Lord of Heavens! They immediately become prepared and alert because they are ashamed that a servant is calling Rabbu 'l-`izzah, Allah Almighty, and he may be in a very difficult and frightful position. Therefore, they are quickly asking, a`oodhu billah; that is the adab from a servant to his Creator, Allah Almighty. And angels become alert quickly, as much as possible, to meet his needs. They see the shaytans are trying to put the servant in their trap, so they quickly run and take them away. Therefore, anyone afraid of falling in a bad condition must say, a`oodhu billahi min ash-Shaytani 'r-Rajeem and the angels become alert even before Allah Almighty may order, "Why are you not looking after my servant?"

O our Attenders! As-salaamu `alaykum. We are saying, a`oodhu billahi min ash-Shaytani 'r-Rajeem. Shaytan is seeing so many attenders and saying, "Enough, everyday you hear that one repeating, repeating, repeating. No need, you heard it once already, it is enough!! Look at what is important for you today; how is this important?!" We know, what can be more important than such an association or meeting? But Shaytan is trying to make this assembly to be of no value. Every day you are here; yes, you must attend because sometimes you can find some jewels. For example, if there is an auction where everything is going to be sold and a customer goes to that auction all the time, he will not say, "It doesn't matter today, I am tired, I won't go," because his ego will say, "No, you must go!" Because Shaytan comes and says, "No, even if you are busy or tired, you must go because there may be a precious diamond or jewel there today which you may lose," and so that one runs there.

And there is no doubt that I am not sitting here on my order; I am a slave, a servant to my master, and my master is making me to sit here and say, "We are sending to you something from heavenly jewels. Call people and offer it." Therefore, Shaytan may say to so many people, "Everyday why you are going and sitting?" And every day for dunya, for auctions, not everyday, every morning and evening, you are going to auctions,

running for a stone. What is bringing to you that stone, putting it in a safe and ignoring the value of this meeting on Earth? They are heedless people and slaves of Shaytan with no naseeb, and they are losing their chance! If every hour is going to be such an auction, people will run to take something from this dunya. What about this gathering, is it not for dunya? This is something asking to teach people how they should be dealing with heavenly ones, how they should deal with the Seal of Prophets (s), and then this is a humble assembly, a humble meeting whose main target is to find such a precious diamond that makes our Lord happy with us. What is that precious jewel that we must try to reach? What is that?

O `ulamas! Say, Bismillahi 'r-Rahmani 'r-Raheem! Say and believe that Bismillahi 'r-Rahmani 'r-Raheem is opening every locked entrance or every store, or every treasure, here and Hereafter! Anything wrong? Who among Salafi `ulamas is saying this? You are not saying this; you are just claiming to be "Salafi `ulamas." Why are you not saying what the Salafi `ulamas were advising and saying to people? You should be saying, "O People! For treasures on Earth and in the heavens, use heavenly keys. O Muslims! O Believers! If you wish to know the key for every locked treasure here and in the Hereafter, it just opens with the key of Bismillahi 'r-Rahmani 'r-Raheem, Bismillahi 'r-Rahmani 'r-Raheem, Bismillahi 'r-Rahmani 'r-Raheem." (Mawlana Shaykh stands and sits.) Anything wrong? No one can say what we are saying is wrong; that is the reality! Therefore, the Lord of Heavens is putting Bismillahi 'r-Rahmani 'r-Raheem at the beginning of 114 surahs, except one.

I never heard our doctors, or Salafi `ulamas or other `ulamas, or learned ones call people, saying, "O People! I am reminding you that the most important thing for your lives, guaranteed here and Hereafter, is to call 'yaa Fattaah, yaa Fattaah, yaa Fattaah.'" And Fattaah, He is Almighty, Allahu akbar. (Mawlana Shaykh stands.) Yaa Fattaah iftaah lana, (Mawlana Shaykh sits.) to make kufr down and to open countless treasures for here and Hereafter. Why are you not writing books and why are you not saying this every Jumu`ah? Every Jumu`ah you only know to say, kullu muhdathatin bid`atun wa kullu bid`atun dalaala wa kullu dalaalatun fi 'n-naar. You have learned only this? Not to say, Bismillahi 'r- Rahmaani 'r -Raheem?

O People! That opens all treasures through this life and all treasures appointed by the Lord of Heavens to His servants. Why are you not saying? Instead every Jumu`ah you are saying on the minbar of the Holy Prophet (s), "O People! kullu muhdathatin bid`atun wa kullu bid`atun dalaala wa kullu dalaalatun fi 'n-naar “Every innovation is heresy and every heresy is misguidance and every misguidance leads to Hellfire.” Why don't you say how we can protect ourselves from falling into that bid`a? Why are you not saying that to forget to say

Bismillahi 'r-Rahmani 'r-Raheem, is amrun muhdath and he who is forgetting Bismillahi 'r-Rahmani 'r-Raheem, is going to be ahlu 'l-dalalah, ahlu 'l-bid`a and ahlu 'l-bid`atun fi 'n-naar? You Wahabis are learning some things only! But those that are responsible for protecting Islam are now beginning to move against everyone whose words and claims and beliefs are wrong. The first ones are those that are trying to change `aqeedatu 'l-Islam, and are saying, "Accept Wahabi beliefs. All other people are on the wrong way and they are going to the Fire!"

O Wahabis and Wahabi `ulamas! Who is giving you the authority to say this and accuse billions of Muslims of bid`a and to go to the Fire and the remaining handful of Wahabis are going to Jannah, and others of the ummah to the Fire? MashaaAllah, who gave you this authority?

And Allah Almighty (Mawlana Shaykh stands.) is saying:

•••••••• ••••••• •••••••••• •••••••••••••

alaysa'Llahu bi ahkami 'l- haakimeen, Is Allah not the wisest of Judges? (95:8)

(Mawlana Shaykh sits.) And if a person places his hands on the screen of the Prophet's tomb you say, "Shirk! Bid`a! Kufr! Go away!" You are making the biggest wrong! The Seal of Prophets (s) said, Al-halaalu bayyin wa 'l-haraamu bayyin. "Halaal (what is permitted) is clear and haraam (what is forbidden) is clear." With which verse of the Qur'an, or which hadith are you saying, "This is haraam and he who does this will be a kaafir or a mushrik." By saying this you are being the haakim, judge in Islam. The Wahabis are doing this and are not fearing or ashamed of accusing Muslims, saying they are mushrik or kaafir or people of bid`a. Who is giving you the authority?

Allah Almighty says, Alays-Allahu bi ahkami 'l-hakimeen. That is ayatu 'l-kareema, do you not understand it? How you are giving that hukum? How are you going to be the judge of the Muslim Ummah? And the Prophet (s) is saying, "He, who says La ilaaha illa-Llah is Muslim." And even Allah (swt) is saying in His Holy Qur'an, (Mawlana Shaykh stands.)

••••• •••••••••• •••••• ••••••• •••••••••• •••••••••• •••••• •••••••••

Wa laa taqooloo liman alqaa ilaykumu 's-salaama lasta mu'minan, Say not to any one who offers you a salutation, "You are not a believer." (4:94)

And Wahabi people, you are Arabs! Allah Almighty is never happy that you accuse a person who is saying as-salaamu `alaykum of being a kaafir! Wa laa taqooloo liman alqaa ilaykumu 's-salaama lasta mu'minan. What is that?! Are you not ashamed and not fearing Allah and His Rasool?!! (Mawlana Shaykh sits.)

May Allah forgive me. We must be Defenders of Truth! Not Wahabis, but Ahl as-Sunnah wal Jam`aat are Defenders of Truth! But our `ulamas are shirdhimatun qaleelaa khawwafahum, are fearing from a handful of people. Because our `ulamas are also running after dunya; they are not real `ulamas. Why are they not saying what is haqq? Al haqqu yaalu wa la yu' laa `alayh. Why are they not speaking to them? We are Ajam. Nabi (s) Arabiyyun, wa mab`ooth li 'l-`arab wa 'l-`ajam. Ours is our tribal language, but you know Arabic and are studying, yet you are accusing Muslims, lasta mu'minan!?!! Allah Almighty is never happy if a person is saying, As-salaamu `alaykum, and it is said to them, "You are not Muslim." And Allah Almighty is never happy with that one who is killing a person who says to him, As-salaamu `alaykum. Where is Islam? You are thinking Islam is coming under your inhisaar (confinement), that Islam is only what you know!

You are blocking whole knowledge, and only the knowledge that you know to be Islam and your understanding from the beginning up to the end is wrong. Where are Al-Azhar `ulamas to defend Islam against Wahabi wolves? There are shirdhimatun qaleela. There are a handful of people who are Wahabi. We are defenders of truth. We are not Salafi, but we are defenders of truth and the first defender of truth is Sayyidina Muhammad (s) from pre-Eternal up to Eternal (Mawlana Shaykh stands and sits.) And you must know that Islam and Muslim communities are never going to be saved unless they are bringing the real understanding of Islam, taken from them the haybat glory. The glory is taken away because they are following and fearing from a handful of people. Why? Are they two-billion Muslims? Wahabi groups are trying to change their beliefs, trying to change their most high respects to the most respected one in Creation, Sayyidina Muhammad (s)! (Mawlana Shaykh stands.) Raghman `ala anfihim raghman `ala anfihim! We are standing up against their beliefs! We are giving our high respects to Sayyidina Muhammad (s)!!! (Mawlana Shaykh sits.) May Allah forgive us.

O `ulamas! You have a heavy responsibility. I am addressing, and I am the weakest servant. I have a right to call to you and to say to you, or to accuse you, Azhari `ulamas. First of all, why are they not defending the truth about Islam against those Wahabi people? Allah Almighty and His beloved one are going to ask you on

the Day of Resurrection, Judgment Day. O shirdhimatun qaleelan, a handful of people, that are trying to change beliefs of Ahlu'l-Sunnah wa'l-Jama`ah coming here. Who was commanding you, teaching you such baatil, false beliefs? Who was making you attack the big mass of Muslims, saying, "You are all in haraam, you are all in shirk!" Who gives you that authority?

May Allah forgive us. Qul Allah wa laa tubaali, "Say 'Allah' and do not care." If we are wrong, I may call them to a place, and what the Seal of Prophets (s) did with nasaara ul najraan mubahala, I am ready. If I am wrong, fire from the heavens will come on me and burn me. If they are wrong, it will come on them. Mubahala, I am ready! Anywhere, in front of Ka`aba mu`aazam, in front of the Seal of Prophets (s), I am ready. If they have such a thing in their heart, shaja'a, courage, I am ready. SubhaanAllah, rijaalAllah, rijaalAllah agheethoona bi-fadlillah. They are not believing in rijaalAllah, they are believing in the rijaal of Shaytan! May Allah forgive us.

Fatihah.

(Mawlana Shaykh prays two raka`ats Salaat ash-Shukr.)

(44 minutes) Oh, too much. Alhamdulillah.

**Lakum dinukum wa liya-din...**

You have to protect yourself against your enemies... In our time they are saying that Haqq, truth, is Batil, false, and that Batil is Haqq... There is such ignorance, and it is now the second period of Jahiliya, Ignorance. The first period was before the arrival of the Prophet Muhammad sws. Don't occupy yourself with ignorant, square-head people, who never understand anything. There are even learned people who confuse wrong with right. They are saying for example: "What is the difference? A Hajji is going to greet and kiss a Black Stone, saying: 'Allahu akbar'; what is he hoping for from that? And we are saluting in front of a black statue..."

Like that they are making demagogy, comparing things which can not be compared. Therefore say to them: "Lakum dinukum, wa liya-din, to you your belief, and to me my belief." Don't dispute with them, it will only weaken your faith. Our time is like that now.

The Holy Prophet said: "A time will come to my Ummah when your guides will make you happy and you will run to please them and give your life for them. And another time will come when your guides will be so ugly"- men and women without any lights on their faces, because they turned away from Allah...

When you look into the mirror you must be thankful if Allah gave you Adab. Ask Him not to make you ugly so that people turn away from you. Whose face is turned towards Allah, who is making Sajda, can't be ugly. But

who has turned away from Him and who is not praying will become ugly. Open the graves and look, how their faces are...

Tubtu wa rajatu ila'llah... Rabbi, zidna Nuran... Oh Allah, increase our lights, ya Nuran Nur... Pray for lights from Allah. Lights can't be burned by fire, or lamps would not shine. But light, Nur, is governing fire...

Why are Non-Muslims seeing Muslims as being ugly? Once Sayidina Abu Bakr r.a. came to the Prophet and at the same time came Abu Jahl, the biggest enemy of the Prophet. S.Abu Bakr said: "Ya Rasulu'llah, my spirit and soul are at your feet. You are the most beautiful person I ever saw." " You are right, ya Abu Bakr." But Abu Jahl said: "Oh no, you are the most ugly one." "You are also right, Abu Jahl." The Sahabas were surprised: "How can both of them be right?" And the Prophet sws said: "Because I am like a mirror- Abu Bakr saw his own beauty in it and Abu Jahl his own ugliness..."

A Muslim can't be ugly, that is for Kufar, the unbelievers.

# Lamp Oil

As-Salamu Alaikum. O servants of Allah, marhaban bikum. Marhaba/greetings to you. Madad, madad. There are holy ones who are the ahl al-imdad/who can give support. And whatever is granted from the holy ones to us according to our situation, only a spot.. So we sit here & speak of them. They are making us speak.

We may say, we may open the door- the key to every door is Bismillahi r-Rahmani r-Rahim. Say it, how beautiful it is. When one says Bismillahi r-Rahmani r-Rahim there are no troubles, no qaswat/ hardness left for that person. There is no hopelessness left, no burdens on him left, no ugliness left, no sufferings left for him. Allah! Let us say, Bismillahi r-Rahmani r-Rahim.

Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Who remembers the Holy Name of Allah Almighty & does not find comfort, it means nothing... That person has a big trouble. They said dunya is the land of difficulties. Dunya is not something to be sought. No. They call it "the land of difficulties". Dunya- in every step you take you stumble over something, it gives you a trouble. Why? A person who runs after dunya will be humiliated, even if he has as much wealth as Qarun. Qarun is a symbol of wealth for mankind. That the keys of his treasuries, a big group of animals would carry. And the largest of the keys was like a finger. So much treasure.. What happened? What did these treasures do to him? Humiliated him! He was humiliated. The wealth he had was not given to anyone else. And what did this wealth do to him? Humiliated him. The earth swallowed him. He sank into the earth along with his treasures. Because he didn't enter the service of the Almighty, Al-Bari (swt).

He came to the great Prophet Musa, ala Nabi Alayhi Salatu was-Salam, in pride. He said "I have

all these treasures. I don't need to listen to you or to keep your orders. I live as I like. My treasures are countless". He said "Me, me, me...I have this, I have that.." Even if the whole world belonged to him, what good would it do? If whole world turned into precious stones & belonged to him, what was going to happen? Here, who is the richest man in the world? Qarun. They say "he is rich like Qarun".

Did we say the Bismillah? Bismillahi r-Rahmani r-Rahim. Say this & have no fear. Your doings are solid. "Kullu amrin dhi balin lam yubda' bi Bismillahi fa huwa abtar". Look, it is the word of our Prophet (sas), "whichever work it is that it doesn't start with the Bismillah it is cut off". Meaning, when it is cut off, it doesn't produce. It doesn't bring any generation, nothing comes after him. Nothing. When you say abtar, barren. It won't have anything, no child or no generations. Allah Almighty warns His servants. 124 000 Prophets came, all of them to make the people say "Allah". Shame on the people that they refused to say Allah. They said "Shaytan. Shaytan shows us the beautiful way. He shows us the entertainment & fun part of the dunya life.

He shows us how we will enjoy & take pleasure in dunya". Then what happens? He throws you into a filth which no doctors or judges can save you from. There is no one answering his cries. His cries reach to the skies but there is no one to answer. Because he didn't care for his Lord. He didn't say Bismillahi r-Rahmani r-Rahim. He didn't say "I am the servant of Allah, I am created to make servanthood for Allah". For what are you created? He says "I am created for my pleasure- the more pleasure I take or the more wealth I collect..

Here is the example of Qarun- he collected & it collapsed on his head. The earth swallowed him with his treasures. The people, the people in this time are not thinking about such things. They are all in meaningless pursuit. America says "I am rich". Russia says "I am richer". Iran says "No, I have treasures". The ones in Hijaz say "No, we have lamp oil under the ground". It was the lamp oil before in our times. They say "Me!" they sell lamp oil. It means.. I may tell you something & you laugh a bit.

In the old times Feridun, my son Mehmet, when we were small there was no electricity. We would light candles, lamps, in the streets, in the neighborhoods, every where.. I remember there

was an old Greek man. He would call, I still remember his voice calling "Petroleum". Petroleum, meaning petrol. He would sell lamp oil, the poor man. He had a gallon in his hand made of zinc.

And there was lamp oil in it. And he had a scale for it. And that old man would call "petroleum, there is lamp oil." Everyone would use lamp oil Feridun, we would use lamp oil. I still remember it. That old man was a Greek citizen of ours. We would get along well- Greeks & Muslims. We would respect each other. We would get along well. That one, he was old. He had glasses. I still remember it. "Petroleum." He was maybe 70 years old, maybe 80 years old. The little old man had lamp oil things in his hand like this. He had containers & in them the lamp oil. So he would make his living by selling it. He would make enough to manage the whole month.

Masha Allah the ones now, the men who are in the way of that man who sold lamp oil are so proud now: "We have this much petrol, we have this much lamp oil." May it be poured over their heads! (Calling like the old man) Petroleum.. Now all Arabia, Iran.. Only poor Turks are left... They can't sell lamp oil but they buy it. They also make it run through the pipes & we buy from the pipes, from the free side. Iran is proud, all these kingdoms & emirates & so on, are proud. In what do they take pride? (Calling like the old man) "Petroleum, I sell petrol". Look what I remember from my childhood is a lesson for the people. That man would make his living out of it & we had simple lamps, candles in our homes.

Our life was simple but sweet. At that time we needed maybe 5 things, now we need maybe 500 things. Whatever you do, it needs electricity or petrol. You need petrol. These ones are called "oil rich", may they fall into it. He got rich from oil & what did he do? Qarun saved & went deep under earth. Our people don't draw any lesson from the past. They don't teach the history. They are occupying themselves with all kinds of things in this shaytan box all night- from morning to night, from night till morning. It shows their lives, this what they call TV! Then you...
La hawla wa la quwwata.. Ibrahim ibn Adham Hz, may Allah make his abode paradise, there were 12 000 dogs to watch his herds- Hashakum. He was rich. Most of the old Kings, Sultans had an interest in hunting. Hunting is halal/permitted. So he, Ibrahim ibn Adham Hz, the Sultan.. Is it not so O Ruqiyya?

H.R. Yes.

M. One day he went hunting. He was hunting with his entourage, as it was a custom for the Sultans. He is a Sultan too. He was hunting like the wind with his entourage in the deserts, in the forests. His time has come. When he was riding full force at top speed, from this side a voice came to his ears. It said: "O Sultan, are you created for this?" The word on this side finished. From this side to his second ear: "Aw bi hadha-l umirt? A-li hadha khuliqt, aw bi hadha-l umirt? Are you created for this? Or are you ordered for this?" it said. He stopped his horse & returned to the palace. This was enough for him. Ibrahim ibn Adham, Sultan Ibrahim. His tomb is in Latakia. Is it not so O Ruqiyya?

H.R. Yes.

M. He has a mosque in that place. It is a majestic mosque. I visited Sultan Ibrahim AlHamdulillah, the holy one. He left everything. He said "I don't need them, this word is enough for me". Really people don't know why they are created. They don't search, they don't want to learn. This is for all people. O people! Are you created for these fights & wars? Or "Wa Ma Khalaqtu Al-Jinna Wa Al-'Insa 'Illa Li Ya`buduni" (51:56). I created the men & jinns to worship Me" says Allah Almighty. Where are you O people? You are killing, burning, destroying each other & claim to be human. The animals in the jungles are better than you! They don't take pride in their wealth or power,they just wander in the jungle.

This is the civilization of today's people, this is what they follow. Where did it take you in the end? This is the way of shaytan. And shaytan brought them to this in the end & made them fall into this deadlock. Now there is such a blind knot that it can't be untied. How can you untie it? Where can you untie it? How can you untie it... La hawla wa la quwwata.. La hawla wa la quwwata..

May Allah grant us His servanthood. May we be servants to our Lord. The honoured life is this servanthood for Allah. O people, stand for the worship of Allah. Allah grants you the sweetest life. Your dunya & akhirah be prosperous. Ya Rabbi! Tubna wa Raja'na ilayk. Tawba Ya Rabbi, tawba Astaghfirullah. Our Egyptians don't understand, our westerners don't understand, the ones

in Hijaz, in Sham don't understand. There is no one who understands in Turkey, Iran, India or China. Shaytan made people fall into a fight- "With which weapon will we finish each other?" With the chemical weapons! "We can't handle them, so from above we poison the air & all of them will be poisoned". Is it you who granted them life? Who gave you the authority to kill these people? You shameless ones, you who don't fear from Allah. "I will discipline you with such a discipline that who sees it, who hears it, will know and remember it. I will show them the result of being animals of shaytan.

All the world turned into a slaughter- house. It fell into total madness where they all cut, break, crush, kill each other & they went totally crazy. They asked "How many kinds of craziness are there?" "3 kinds". "What are they?" "Crazy, then totally crazy, then totally & utterly crazy". Before there were crazy ones & very few totally crazy ones. But the people now passed over these stages, they became totally & utterly crazy. They are on the 3rd stage, totally & utterly crazy. "We are Kings, we are Presidents".. Say this when you go to your graves.

O our Lord, may You grant us repentance. May You send us a Sultan who will be our Master, for the honour of Your Beloved. For the honour of Your Beloved O Lord, may You send us a Sultan. What can we do, our word doesn't reach from here to the door. O Allah, O Allah.. Tawba Ya Rabbi. Tawba Ya Rabbi. Tawba Ya Rabbi. And all the people, because they are without the Bismillah, whichever home you go to they have all kinds of troubles. Some of them have a remedy, some of them don't. The least of their troubles is: "What is your son doing?" "My son & daughter went to college but they can't find a job". This is it. There is no one who says "We are studying for Allah, let us be in the service of Allah". They try to be employed by the government & get paid without doing much.

May Allah grant us a share from this advice & know ourselves. Tawba Ya Rabbi. Tawba Ya Rabbi. Tawba Astaghfirullah. Shukur Ya Rabbi. Fatiha. Aman Ya Rabbi. This is a strange sohbat. Ok, go on. May Allah give you safety. May our day be good. May we live in the way of Allah. May we leave dunya in the way of Allah, Ya Rabbi.

Read for me Mehmet. May our only worry be Your servanthood O Lord, may we not be

crushed in troubles. Let us be busy with Your Servanthood. How beautiful. O Lord, forgive us for the honour of Your Beloved. We ask your intercession O Rasulullah.
Fatiha.

## Lampenöl

As-Salamu Alaykum. O Diener Allahs, Marhaban bikum. Marhaba, Grüße an euch. Madad, Madad. Es gibt Heilige, die sind Ahlu l-Imdad. Sie können Unterstützung geben. Und was immer uns von den Heiligen gewährt wird gemäß unserer Situation, ist nur ein Punkt.. So sitzen wir hier und sprechen von ihnen. Sie veranlassen uns zu sprechen. Wir können etwas sagen, wir können die Tür öffnen. Der Schlüssel zu jeder Tür ist Bismillahi r-Rahmani r-Rahim. Sagt es. Wie schön es ist! Wenn man sagt Bismillahi r-Rahmani r-Rahim, gibt es keine Schwierigkeiten, keine Qaswat, Härte, mehr für denjenigen. Es gibt keine Hoffnungslosigkeit mehr, keine Lasten mehr auf ihm, keine Häßlichkeit mehr, kein Leiden mehr für ihn. Allah! Laßt uns sagen: Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Wer den heiligen Namen Allahs des Allmächtigen erinnert und keinen Trost findet, es bedeutet nichts.. der hat ein großes Problem.

Sie sagen, die Dunya ist das Land der Schwierigkeiten. Dunya ist nicht etwas, das man anstreben sollte. Nein. Sie nennen es das Land der Schwierigkeiten. Dunya, mit jedem Schritt, den du machst, stolperst du über etwas. Es gibt dir ein Problem. Warum? Jemand, der hinter der Dunya herläuft, wird erniedrigt, selbst wenn er so viel Reichtum hat wie Qarun. Qarun ist ein Symbol von Reichtum für die Menschheit. Die Schlüssel seiner Schatzkammern trug eine große Gruppe von Tieren. Und der größte der Schlüssel war wie ein Finger. So viele Schätze... Was geschah? Was machten diese Schätze mit ihm? Sie erniedrigten ihn. Er wurde erniedrigt. Der Reichtum, den er hatte, wurde niemand anderem gegeben. Und was tat sein Reichtum mit ihm? Er erniedrigte ihn. Die Erde verschluckte ihn. Er versank in der Erde zusammen mit seinen Schätzen, weil er nicht in den Dienst des Allmächtigen, Al-Bari (swt), eintrat. Er kam zum großen Propheten Musa, `ala Nabi `alayhi Salatu wa s-Salam, voller Stolz. Er sagte: Ich habe

diese ganzen Schätze. Ich muß nicht auf dich hören oder deine Befehle befolgen. Ich lebe, wie ich will. Meine Schätze sind zahllos. Er sagte: Ich, ich, ich... Ich habe dies, ich habe das.. Selbst wenn ihm die ganze Welt gehörte, was würde es ihm nützen? Wenn sich die ganze Welt in Edelsteine verwandelte und ihm gehörte, was würde geschehen? Hier, wer ist der reichste Mann der Welt? Qarun. Sie sagen: Er ist reich wie Qarun.

Sagte er das Bismillah? Bismillahi r-Rahmani r-Rahim. Sagt das und habt keine Furcht. Eure Handlungen sind dauerhaft. "Kullu Amrin Dhi Balin lam Yubda' bi Bismillahi fa Huwa Abtar". Seht, es ist das Wort unseres Propheten (saws): 'Welches Werk auch immer es ist, das nicht mit dem Bismillah beginnt, ist abgeschnitten.' Das bedeutet, wenn es abgeschnitten ist, bringt es nichts hervor. Es bringt keine Generation hervor, nichts kommt danach. Nichts. Wenn du sagst "Abtar" - unfruchtbar, hat es nichts, kein Kind, keine Generation. Allah der Allmächtige warnt Seine Diener. 124.000 Propheten kamen. Sie alle ließen die Menschen "Allah" sagen. Schande auf die Menschen, daß sie es ablehnten, "Allah" zu sagen. Sie sagten: Shaytan. Shaytan zeigt uns den schönen Weg. Er zeigt uns Unterhaltung und Spaß als Teil des Dunya Lebens. Er zeigt uns, wie wir uns amüsieren und vergnügen werden in der Dunya. Dann, was geschieht? Er wirft euch in einen Dreck, von dem euch weder Arzt noch Richter befreien kann. Niemand beantwortet sein Schreien. Seine Schreie erreichen die Himmel, aber niemand antwortet. Weil er sich nicht um seinen Herrn scherte. Er sagte nicht Bismillahi r-Rahmani r-Rahim. Er sagte nicht: Ich bin der Diener Allahs, ich wurde geschaffen zur Dienerschaft für Allah. Wozu wurdet ihr erschaffen? Er sagt: Ich wurde geschaffen für mein Vergnügen, je mehr ich mich vergnüge oder je mehr Reichtum ich ansammle... Hier ist das Beispiel Qaruns. Er sammelte, und es brach über seinem Kopf zusammen. Die Erde verschlang ihn mit seinen Schätzen.

Die Menschen, die Menschen dieser Zeit denken nicht an solche Dinge. Sie sind alle bei bedeutungslosen Beschäftigungen. Amerika sagt: Ich bin reich. Rußland sagt: Ich bin reicher. Iran sagt: Nein, ich habe Schätze. Die im Hijaz sagen: Nein, wir haben Lampenöl unter der Erde. Es war das Lampenöl vor unserer Zeit. Sie sagen: Ich! Sie verkaufen Lampenöl. Es bedeutet... Ich erzähle euch mal etwas, und ihr könnt ein wenig lachen. In der alten Zeit, Feridun, mein Sohn Mehmet, als wir klein waren, gab es noch keine Elektrizität. Wir zündeten Kerzen, Lampen

an auf den Straßen, in der Nachbarschaft, überall.. Ich erinnere mich, da war ein alter Grieche. Er rief, ich erinnere noch seine Stimme, die rief "Petroleum". Petroleum, das bedeutet Kraftstoff. Er verkaufte Lampenöl, der arme Mann. Er hatte eine Kanne in der Hand aus Zink. Und es war Lampenöl darin. Und er hatte ein Maß dafür. Und dieser alte Mann rief "Petroleum! Hier gibt es Lampenöl!" Alle benutzten Lampenöl, Feridun, wir benutzten Lampenöl. Ich erinnere mich noch. Dieser alte Mann war einer unserer griechischen Bürger. Wir kamen gut miteinander aus, Griechen und Muslime. Wir respektierten einander. Wir kamen gut miteinander aus. Dieser war alt. Er hatte eine Brille. Ich erinnere mich noch. "Petroleum". Er war vielleicht 70 Jahre, vielleicht 80 Jahre alt. Der kleine Mann hatte solche Lampenöl Dinge in der Hand. Er hatte Gefäße und in ihnen Lampenöl. Und so verdiente er seinen Lebensunterhalt durch den Verkauf. Er verdiente genug, um den ganzen Monat auszukommen.

Masha'Allah, die heutigen Menschen, die so sind wie dieser Mann, der Lampenöl verkaufte, sind so stolz: 'Wir haben so viel Kraftstoff, wir haben so viel Lampenöl.' Möge es euch über den Kopf gegossen werden! "Petroleum!" jetzt in ganz Arabien, Iran... Nur die armen Türken sind außen vor... Sie können kein Lampenöl verkaufen, sondern sie kaufen es. Sie lassen es auch durch die Rohre laufen, und wir kaufen es aus den Rohren von der freien Seite. Iran ist stolz, all diese Königreiche und Emirate und so sind stolz. Worauf sind sie stolz? "Petroleum! Ich verkaufe Petroleum!" Seht, was ich aus meiner Kindheit erinnere, ist eine Lektion für die Menschen. Dieser Mann verdiente seinen Lebensunterhalt damit, und wir hatten einfache Lampen, Kerzen in unseren Häusern. Unser Leben war einfach, aber süß. Zu der Zeit brauchten wir vielleicht 5 Dinge. Jetzt brauchen wir vielleicht 500 Dinge. Was immer du tust, es braucht Elektrizität oder Benzin. Du brauchst Benzin. Diese werden ölreich genannt. Mögen sie hineinfallen. Er wurde reich vom Öl, und was tat er? Qarun sparte und ging tief unter die Erde. Unsere Leute lernen keine Lektion daraus aus der Vergangenheit. Sie lehren Geschichte nicht. Sie beschäftigen sich mit allen möglichen Dingen in diesem Shaytankasten die ganze Nacht, vom Morgen bis zur Nacht, von der Nacht bis zum Morgen. Es zeigt ihr Leben, das, was sie TV nennen. Dann... La Hawla wa la Quwwata..

Ibrahim Ibn Adham Hz, möge Allah das Paradies zu seinem Aufenthalt machen, es gab 12.000

Hunde, die seine Herden bewachten. Hashakum. Er war reich. Die meisten der alten Könige und Sultane hatten Interesse an der Jagd. Jagd ist halal, erlaubt. Also er, Ibrahim Ibn Adham Hz, der Sultan.. Ist es nicht so, Ruqiyya? HR: Ja. M: Eines Tages ging er auf die Jagd. Er jagte mit seinem Gefolge, wie es die Gewohnheit der Sultane war. Er war auch ein Sultan. Er jagte wie der Wind mit seinem Gefolge in der Wüste, in den Wäldern. Seine Zeit war gekommen. Als er mit voller Kraft in Höchstgeschwindigkeit ritt, kam von dieser Seite eine Stimme, ins Ohr. Sie sagte: O Sultan, bist du dafür geschaffen worden? Das Wort auf dieser Seite war zu Ende. Von der anderen Seit in sein zweites Ohr: "Aw bi hadha l-Umirt?" "A-li hadha Khuliqt, aw bi hadha l-Umirt?" Bist du dafür geschaffen worden? Oder wurde dir das befohlen? sagte sie. Er hielt sein Pferd an und kehrte zum Palast zurück. Das war genug für ihn. Ibrahim Ibn Adham, Sultan Ibrahim. Sein Grab ist in Latakia. Ist es nicht so, Ruqiyya? HR: Ja.

M: Er hat eine Moschee an dem Ort. Es ist eine majestätische Moschee. Ich besuchte Sultan Ibrahim, Alhamdulillah, den Heiligen. Er ließ alles hinter sich. Er sagte: Ich brauche sie nicht, dieses Wort ist genug für mich. Wirklich, die Menschen wissen nicht, wofür sie geschaffen wurden. Sie suchen nicht. Sie wollen nicht lernen. Das gilt für alle Menschen. Leute! Seid ihr geschaffen für all diese Kämpfe und Kriege? Oder "Wa ma Khalaqtu l-Jinna wa l-'Insa 'illa li Ya`buduni" (51:56)? Ich erschuf die Menschen und Djinn, damit sie Mir dienen, sagt Allah der Allmächtige. Wo seid ihr, Leute? Ihr tötet, brennt nieder, zerstört einander und behauptet, menschlich zu sein. Die Tiere im Dschungel sind besser als ihr! Sie sind nicht stolz auf ihren Reichtum oder ihre Macht. Sie gehen bloß herum im Dschungel. Das ist die Zivilisation der heutigen Menschen. Das ist, was sie verfolgen. Wohin brachte es euch am Ende? Das ist der Weg Shaytans. Und Shaytan brachte sie am Ende dorthin und ließ sie in diese Sackgasse geraten. Jetzt ist da so ein fester Knoten, daß er nicht gelöst werden kann. Wie kann man ihn lösen? Wo kann man ihn aufknoten? Wie kann man ihn aufknoten... La Hawla wa la Quwwata... La Hawla wa la Quwwata..

Möge Allah uns Seine Dienerschaft gewähren. Mögen wir Diener unseres Herrn sein. Das ehrenwerte Leben ist das, die Dienerschaft für Allah. Leute, steht auf für die Verehrung Allahs. Allah gewährt euch das süßeste Leben. Euere Dunya und Akhirah seien erfolgreich. Ya Rabbi!

Tubna wa Raja'na ilayk. Tawba ya Rabbi, Tawba Astaghfirullah. Unsere Ägypter verstehen es nicht, unsere Westler verstehen es nicht, die im Hijaz, in Sham verstehen es nicht. Es gibt niemanden, der es versteht in der Türkei, im Iran, in Indien oder China. Shaytan ließ die Menschen in einen Kampf verfallen: Mit welcher Waffe können wir einander erledigen? Mit Chemiewaffen! 'Wir werden nicht mit ihnen fertig, also vergiften wir von oben die Luft und alle werden vergiftet.' Seid ihr es, die ihnen das Leben gaben? Wer gab euch die Authorität, diese Menschen zu töten? Ihr Schamlosen, ihr, die Allah nicht fürchten.' Ich werde euch mit so einer Disziplin disziplinieren, daß wer es sieht und wer es hört, es weiß und sich daran erinnert. Ich werde ihnen das Ergebnis davon zeigen, Tiere von Shaytan zu sein. Die ganze Welt verwandelte sich in ein Schlachthaus. Sie verfiel vollkommenem Wahnsinn, wo sie alle einander schneiden, brechen, zerschmettern, töten und völlig verrückt wurden. Sie fragten: Wieviele Arten von Verrücktheit gibt es? Drei Arten. Was sind sie? Verrückt, dann völlig verrückt, dann völlig und restlos verrückt. Früher waren sie Verrückte und wenige völlig Verrückte. Aber die Menschen sind jetzt über diese Stadien hinaus. Sie wurden völlig und restlos verrückt. Sie sind im dritten Stadium, völlig und restlos verrückt. 'Wir sind Könige, wir sind Präsidenten'. Sagt das, wenn ihr ins Grab kommt.

O unser Herr, mögest Du uns Reue gewähren. Mögest Du uns einen Sultan senden, der unser Meister sein wird, zu Ehren Deines Geliebten. Zu Ehren Deines Geliebten, o Herr, mögest Du uns einen Sultan senden. Was können wir tun? Unser Wort reicht nicht von hier bis zur Tür. O Allah, o Allah.. Tawba ya Rabbi. Tawba ya Rabbi. Tawba ya Rabbi. Und all die Leute, weil sie ohne das Bismillah sind, in welches Haus du auch gehst, haben alle Arten von Problemen. Für manche gibt es ein Mittel, für manche nicht. Das geringste ihrer Probleme ist: Was macht euer Sohn? 'Mein Sohn und meine Tochter gingen ins College, aber jetzt finden sie keine Arbeit.' Das ist so. Es gibt niemanden, der sagt: Wir studieren für Allah, laßt uns in Allahs Dienst sein. Sie versuchen, von der Regierung angestellt zu werden und bezahlt zu werden, ohne viel zu tun. Möge Allah uns einen Anteil von diesem Rat geben und daß wir uns selbst kennen. Tawba ya Rabbi. Tawba ya Rabbi. Tawba Astaghfirullah. Shukur ya Rabbi. Fatiha. Aman ya Rabbi.
Dies ist ein merkwürdiges Sohbat. Okay, geht. Möge Allah euch Sicherheit geben. Möge euer Tag gut sein. Mögen wir auf dem Weg Allahs leben. Mögen wir die Dunya auf dem Weg Allahs

verlassen, ya Rabbi. Lies für mich, Mehmet. Möge unsere einzige Sorge Dein Dienst sein, o Herr. Mögen wir nicht von Schwierigkeiten niedergedrückt werden. Laß uns mit Deiner Dienerschaft beschäftigt sein. Wie schön. O Herr, vergib uns zu Ehren Deines Geliebten. Wir bitten um deine Fürsprache, Rasulullah. Fatiha.

## A lamp will burn and finish

(English sohbet translated from original Turkish)

Auzubillahiminashaytanirrajim BismillahirRahmanirRahim

This is a lamp. For a given time it will burn and will finish. A lamp that is living now after a certain period of time will become a dead lamp. Its life will end. There is a sirr (secret) in this lamp. Up until now, no one knows of its secret. Man is only looking at its burning and extinguishing. That secret has not been touched, you can not touch it, you can not control it.

This secret kuwwa ("strength") is in our physical being. This secret pushes us to action; we walk, we listen, we see. It has many functions. Everyone has a given period of time in life. And their life leaves their body. And their body can not hear, can not speak. And that perfect being vanishes.

Millions of books have been written about our physical existence. It is impossible to explain our body. How it comes into existence, how does it vanish, how does it see? How was the skin created? Is it like a bag where Allahu Taala put all the organs into it or was it created after the organs? Who can say anything? Who can explain?

For example if I say to take one part from this clock and then attach it, can one that is not an expert attach it? No one can understand the creation of man. How was man created? With Allah's hand of qudra ("power")... He created, He designed, He gave shape.

If they were to put a man's organs into a container; his nerves, his bones, his muscles...would you be able to design this? Who can do this?! This is a miraculous thing, this is beyond our understanding. My doctor grandson says that some blood-vessels are thinner than our hair and long enough to circle the equator. To know how to arrange it is impossible. And the Creator of this takes this secret strength in a second and we die. This is how the body is such a miraculous being.

Allahu Taala says "Be" and it becomes. He says 'leave' and being is left. What does that "Be" mean? This is sirr ("secret"). What is it? How can you explain this? Where will it hide? With whose command does it appear? This is how miraculous our creation is. When that hidden secret is taken away, that valuable thing falls down. By the second day you can not look. That beauty, that freshness has vanished. It becomes earth and only a skeleton remains. After some time that skeleton too becomes dust. You think that Allah (jj) created the skeleton at the first stage and placed the organs on top of that?

We are between two commands. The first comes from above, the sky, and says "do this". This is a command. And the other command says "it is forbidden". You are appropriate within these two. To do or not to do. To abandon or not to abandon. To live or not to live. You have a will.

I CREATED LIFE AND DEATH TO TEST YOU. I CREATED YOU TO BE TRIED. ARE YOU HOLDING TO MY COMMAND OR ARE YOU NOT HOLDING. I CREATED TO TEST THIS.

We have been commanded to obey Allahu Taala. We have been commanded to be solely for Him. We have commanded to work solely for Him. We have been commanded to obey only Him. But man has lost their ways. This is the summary of the four Books. And it is the summary of the other divine messages. TO BE FOR ALLAH.

If you hold on to the divine commands, if you live for Him, His divine light will never be extinguished. Rise and fall like the sun, but never extinguishing. The sun will dawn and set but light is not received from it.

Those that live for Allah will come on Judgement Day shining brightly.

And those that have extinguished their shine will come in the manner of losing their shine. They will come surrounded by darkness. Millions upon millions will come as having lost their shine. The moon shines but it is veiled. And these men have lost their chance. They are lessening their light. And they have entered into dark worlds, they have entered into dark areas. There they will be Zulmet ("tyranny"). They have imprisoned their ruh ("soul") with their actions.

Prophets came to bring you up, to give you more nur ("light") unlimitedly. Ya Rabb, we want even more, we want even more and we do not say enough. But at this time people have lost their faith. They lost their faith in the darkness of this madda ("material"). Madda is a very heavy load. And along with this heavy load comes distress, pain suffering always comes with this load.

Allahu Taala decress- "What I give you is enough do not ask for more. If you want more ask for Me, give for My sake. Ask for Me, give for My sake so that you may not feel the heaviness of this matter. If not you will be like Qarun. Qarun acquired and acquired, hoarded, and in the end fell to the earth. And underneath it everyday he suffered pain. He was squashed like a metal plate.

21st Century man has two natures. They have a very special character. Two groups of people Nemrut ("Nimrod") and Qarun. The first, 'I want to be like Nemrut'. The second 'I want to be like Qarun'. More and more I want to acquire they say. They rule over other people. They want to be like Abu Jahl. Even more material they want to acquire. They want to be like Qarun. Other than that...they have no interest in anything else. The desire to be like Nemrut is a very widespread sickness. Very well, what is the future for both? For this reason do they kill, they burn, they destroy. This is the way of shaitan ("satan"). Wa minallahu tawfiq.

Fatiha. Amin.

## The Land of Sham

(Dt.: LandVonSham)

The Holy Hadith about Damascus: The Prophet (saws) said "If fitna spreads in the world, then go to Damascus." The Prophet's (saws) words are Truth. The last order is that safety is in Sham. From East to West, safety is only in the land of Sham. Sham has the best houses for the Muslims. Hadith says it is safe for the Muslims.

In the days of Armageddon there is a land called Ghuta and there is a city called Damascus. It is the place safe for the Muslims in the last days as the Prophet (saws)said.
O people of Damascus be careful to be with Allah (swt). Don't be with the rest of the tyrant people. Be with the people of Allah (swt) and you will be saved in this world & in the Hereafter. May Allah (swt) grant you all goodness.

Welcome the nation of the Beloved (saws) because the land of Sham... The land of Sham, masha'Allah! The houses in Damascus in the end of times are the best houses. Gather in Damascus & give Bayat to the Sultan, the one who will rule in Sham very soon. And he is from Ahl Al Bayt (household of the Prophet,saws). He is honorable and now he is present & has the characteristics to rule in Sham - His Royal Highness Abdullah,

may Allah (swt) support him in this world & in the Hereafter. May Allah (swt) dress him with the Majesty & Glory of Islam & Power.

Give him your allegiance & come under his regiment that will carry the regiment of the Prophet (saws), the regiment of Sayidina Muhammad (saws), and the regiment of Sahib Al Zaman Mahdi (as). And the third regiment is his that he will be king in Sham.

May Allah (swt) support him, give him glory & bestow on him Divine Generosity. May Allah (swt) grant him power & especially because he is going to be the one with greatness & glory among the nations of the world.

May Allah (swt) support him. I have given him Bayat openly - the first Bayat. I am asking the believers to give him Bayat & to support him in all possible ways.

Wa Min Allah Al Tawfiq. Fatiha

## The Land Of Sham

Safety is in the land of Sham at the end of times. The land of Sham. My Master & Mawlay used to say that there is the heart of Sham & there are the limits of Sham. The heart of Sham, once you go up the minaret in the Umawi Mosque in the four directions, the distance of 6 days walking, this is the heart of Sham. The heart of Sham also has a heart. Once the muazzin goes up the minaret his vision as far as it reaches - this is the heart of Sham. But the borders of Sham are 6 days walking distance, either East, West, North & South.

The heart of Sham. The limits are clear when the muazzin goes up the Umawi Mosque & as far as his vision reaches in the four directions, this is the heart of Sham. While the borders of Sham are 6 days distance in any of the four directions, on a fast walking camel, a very fast camel. Or as he said. Thanks to Allah (swt).

This is a secret. Nobody knows it except the people of Sirr/secrets. It is not for just any person to know. These secrets of Sham are not revealed except to the people of secrets. "Sham is the land of resurrection & the Day of Judgment." (Hadith) This is the holy Hadith "Ard al manshar wal manashar". Sham.... Allah (swt) & His Prophet (saws) know best. The people of knowledge, from the Saints... Allahu Akbar-ul Akbar! Allahu Akbar-ul Akbar! The secret is for the people of secrets. The secret of secrets is for the people of the secret of secrets. This you may enter it, and you may not appear again, vanishing..Allah! Aman Ya Rabbi. Tawba Ya Rabbi.

Mawlana Shaykh (said) that the limits of Sham reach Uskudar. My father is buried there. From the honourable ones Al Ghumuqi's blessing reach to there. Up to there reach the borders of Sham, not beyond. Allah Allah! The land of Sham. Sayyid Jamaluddin Al Ghumuqi, this is the

limit. Up to there it is protected. On that side there are Saints but his speciality (Al Gumuqi) reaches to the limits of Damascus and it also reaches from the sea to the Green Island/Cyprus, to our Sayyida Umm Hiram Sultan.

This indication, what I am speaking about, is from my Master & Mawlay. He taught me, Sultan Al Awliya Shaykh Abdullah Al Daghastani, may Allah (swt) always raise his station. He took from them these secrets. May Allah (swt) always raise his station.

Fatiha.

**Das Land Sham**

---

Sicherheit ist im Land von Sham am Ende der Zeit. Das Land von Sham. Mein Meister und Mawlay pflegte zu sagen, daß es das Herz von Sham und die Grenzen von Sham gibt. Das Herz von Sham, wenn du auf das Minarett der Umawi Moschee hochgehst, die Entfernung von 6 Tagesmärschen in die vier Richtungen, das ist das Herz von Sham. Das Herz von Sham hat auch ein Herz. Wenn der Muazzin das Minarett hochsteigt, so weit sein Blick reicht, das ist das Herz von Sham. Aber die Grenzen von Sham sind 6 Tagesmärsche nach Ost, West, Nord und Süd. Das Herz von Sham. Die Grenzen sind klar, wenn der Muezzin die Umawi Moschee hochsteigt, so weit sein Blick reicht in die vier Richtungen, das ist das Herz von Sham. Während die Grenzen von Sham 6 Tagesreisen Entfernung in alle vier Himmelsrichtungen auf einem schnell gehenden Kamel ist, einem sehr schnellen Kamel.

Oder, wie er sagte, Dank sei Allah (swt), das ist ein Geheimnis, niemand weiß es, außer die Menschen des Sirr, Geheimnisses. Es gebührt keinem Menschen, es zu wissen. Diese Geheimnisse von Sham werden nur den Menschen der Geheimnisse offenbart. 'Sham ist das Land der Auferstehung und des Gerichtstages.' (Hadith) Das ist das heilige Hadith "Ardu l-Manshar wa l-Manashar". Sham... Allah (swt) und Sein Prophet (saws) wissen es am besten. Die Menschen des Wissens, von den Heiligen... Allahu Akbaru l-Akbar! Allahu Akbaru l-Akbar! Das Geheimnis ist für die Menschen der Geheimnisse. Das Geheimnis der Geheimnisse ist für

die Menschen des Geheimnisses der Geheimnisse. Du kannst hineingehen und nicht wieder erscheinen, verschwinden.. Allah! Aman ya Rabbi. Tawba ya Rabbi.

Mawlana Shaykh sagte, daß die Grenzen Shams bis Uskudar reichen. Mein Vater ist dort beerdigt. Von den Ehrenwerten. Al Ghumuqis Segen reicht bis dorthin. Bis dahin reichen die Grenzen von Sham, nicht darüber hinaus. Allah Allah! Das Land von Sham. Sayyid Jamaluddin Al Ghumuqi, das ist die Grenze. Bis dahin ist es geschützt. Auf jener Seite gibt es Heilige, aber seine Besonderheit (Al Ghumuqi) reicht bis an die Grenzen von Damaskus und reicht auch vom Meer bis zur grünen Insel Zypern, zu unserer Sayyida Umm Hiram Sultan. Dieser Hinweis, den ich gebe, kommt von meinem Meister und Mawlay. Er lehrte mich, Sultanu l-Awliya Shaykh Abdullah d-Daghestani, möge Allah (swt) seine Stufe immer mehr erhöhen. Er nahm von ihnen diese Geheimnisse. Möge Allah (swt) seine Stufe immer wieder erhöhen. Fatiha.

## Das Land von Sham

(Engl.: LandOfSham)

Der Heilige Hadith über Damaskus. Der Prophet (saws) sagte: 'Wenn Fitna sich verbreitet in der Welt, dann geht nach Damaskus.' Die Worte des Propheten (saws) sind wahr. Der letzte Befehl ist, daß es Sicherheit in Sham gibt. Zwischen Osten und Westen gibt es Sicherheit nur im Land von Sham. Sham hat die besten Häuser für die Muslime. Der Hadith sagt, es ist sicher für die Muslime. In den Tagen von Armageddon gibt es ein Land mit Namen Ghuta und eine Stadt genannt Damaskus. Es ist der sichere Ort für die Muslime in den letzten Tagen, wie der Prophet (saws) sagte: Leute von Damaskus, seid achtsam, seid auf der Seite Allahs (swt) und nicht auf der Seite der verbliebenen Tyrannen. Seid mit den Leuten Allahs (swt), und ihr werdet gerettet werden in dieser Welt und im Jenseits. Möge Allah (swt) euch allen Gutes gewähren. Willkommen, Nation des Geliebten (saws). Weil das Land von Sham, das Land von Sham, masha'Allah.. Die Häuser in Damaskus am Ende der Zeit sind die besten Häuser.
Versammelt euch in Damaskus und gebt dem Sultan Bayat, dem, der sehr bald in Sham herrschen wird. Und er gehört zum Ahlu l-Bayt, zum Haushalt des Propheten (saws). Er ist ehrenwert und jetzt ist er gegenwärtig und hat die Eigenschaften, um in Sham zu herrschen, Seine Königliche Hoheit Abdullah, möge Allah (swt) ihn unterstützen in dieser Welt und im Jenseits. Möge Allah (swt) ihn mit der Majestät und dem Ruhm des

Islam bekleiden. Und mit der Macht. Gebt ihm Bayat, leistet ihm den Treueeid und reiht euch in sein Regiment ein, das das Regiment des Propheten (saws), das Regiment Sayyidina Muhammads (saws) tragen wird, und das Regiment Sahibu z-Zaman Mahdi (as) ist. Und das dritte Regiment ist von dem, der König sein wird in Sham. Möge Allah (swt) ihn unterstützen, ihn preisen und ihm Göttliche Großzügigkeit zuteil werden lassen. Möge Allah (swt) ihm Macht gewähren, besonders, weil er der ist mit der Größe und dem Ruhm unter den Nationen der Welt. Möge Allah (swt) ihn unterstützen. Ich habe ihm offen Bayat gegeben, das erste Bayat. Ich fordere die Gläubigen auf, ihm Bayat zu geben und ihn zu unterstützen auf alle möglichen Weisen. Wa Min Allah t-Tawfiq. Fatiha.

# Lass dich nicht einsperren

(English: DontLetYourselfBeImprisoned)

Assalamu aleikum. (türkisch). Assalamu aleikum. Wie oft ihr auch Assalamu Aleikum sagt: jedesmal kommt Regen aus den Himmeln herab. Und Segen. Sorgt euch deshalb nicht, Assalamu Aleikum zu sagen. Oh mein Herr, mein Schöpfer (steht auf). Du bist der Herr der Himmel. (sitzt) Und wir geben Dir unsere besten Grüße. Alle Lobpreisungen sind nur für dich, unseren Herrn, unseren Schöpfer. Wenn du die Geschöpfe nicht erschaffen hättest, keiner hätte es vermocht. Wir geben unseren besten Grüße dem geliebtesten Menschen in der göttlichen Gegenwart, Sayyidina Muhammad. Wir bitten um Fürsprache durch ihn.

Oh ihr Menschen, hört zu und gehorcht und versucht gehorsame Diener eures Schöpfers, Allahs des Allmächtigen, zu sein. Es ist eine sehr wichtige Angelegenheit für euch, für mich, für jedermann zu sagen: Audhu billahirmineshshaitanirrajim und dann Bismillahirrahmanirrahim. Jeder muss das lernen.

Wir sind erschaffen worden und dann erst sind wir auf diesen Planeten geschickt worden. Wir wurden nicht auf der Erde erschaffen, sondern sind hier nur im Gefängnis. Weil jede schlechte Sache, jede Ungehorsamkeit dazu führt, dich ins Gefängnis zu bringen. Wenn du im Gefängnis bist, bist du in Dunkelheit, alles hat keinen Geschmack mehr, selbst wenn du erschaffen wurdest, um ein König auf dieser Erde zu sein, der Stellvertreter

Allahs des Allmächtigen.

Wenn ein freier Mensch, ein guter, ein glücklicher, wenn dieser etwas Schlechtes tut, zB ungehorsam ist, dann (kommt er auch) ins Gefängnis. Ich spreche nun über einige Regeln, die man heutzutage in der Welt benutzt. Wenn eine Person Fehler begeht, kriminell wird, schnappt ihn sich die Regierung und wirft ihn ins Gefängnis. Und so viele Leute fragen mich: „Meine Verwandten, meine Kinder, Ehemänner, Brüder sind im Gefängnis, sind gerade festgesetzt worden, kannst du nicht um Vergebung in der göttlichen Gegenwart für sie bitten?“ Und sie sagen: „Oh Sheikh, bitte, bitte frage um Vergebung an den himmlischenStationen für sie, für unsere Verwandten, weil sie nun im Gefängnis sind. Es ist ein Platz, wo man leidet und (endlose) Schwierigkeiten ertragen muss.“

Als sie Allah dem Allmächtigen ihren Respekt und ihre Ehrerbietung bezeugten, da wurde ihnen Friede versprochen und gewährt. Wenn eine Person (jedoch) sich diesem widersetzt und sich auf den falschen Weg begibt, dann werden alle Schwierigkeiten dieser Welt auf sie nieder regnen. Oh ihr Menschen, achtet darauf, nicht ins Gefängnis zu kommen!

Die Regierung verhaftet diejenigen, die Übeltaten begehen, und stecken sie ins Gefängnis, wo sie nie wieder glücklich werden. Wenn eine Person etwas Schlechtes gegen die Menschheit tut und den Geschöpfen Allahs des Allmächtigen Schwierigkeiten bereitet, dann gibt es (auch) eine Gericht im Himmel. Dieses bestraft alle, die sich gegen das himmlische Gesetz gewendet haben und stecken sie ins Gefängnis. Himmlische Verantwortung! Was Menschen dazu bringt, schlechte Dinge zu tun, gibt ihnen keinen Respekt. Die Menschheit ist geehrt, aber wenn du das wegwirft und etwas Schlechtes machst, wirst du in ein Gefängnis gebracht, das sich weder im Himmel noch auf der Erde befindet, sondern (irgendwo) dazwischen. Dort wird der Mensch in/durch sich selber gefangen gehalten.

Für ein gutes Leben, ein glückliches Leben (hayyatun tayiba), ein ehrenvolles Leben musst du auf deine Schritte aufpassen (dich selber) zusammenreißen. Allah der Allmächtige sendet so viele Stellvertreter, die wirklich den Schritten des Propheten nachfolgen. Und nach dem Prophet kamen Mensche, die dies auch tun. (Zuerst) die Sahabas, dann die Salihin [aber diejenigen, die behaupten Salafu Salihin zu sein, sind die falschen. die folgen niemals den Sahabas]. Schau nach einem von diesen, die wirklich den Propheten folgen. Nach denjenigen, die voller Sorgfalt den Schritten der Sahabas folgen, den Schritten der Salihin, den

Schritten der Tabieen. Diese (sorgfältigen) Menschen folgen jedem einzelnen der Schritte der Sahabas. Sie verpassen nie auch nur einen einzigen Schritt der Sahabas: Das sind die Guten, die Ehrenwerten in den himmlischen Stationen. (Von denen sind) am sorgfältigsten die Angehörigen des ehrenwerten Nasqhbandi Ordens. Sie folgen den Fußstapfen der Sahabas, der Salihin und der Tabieen ganz genau.

Ich möchte euch eine Geschichte erzählen von Abdul Khaliq al Gjudawani (dem Großscheich von Shah Bahauddin Naqhsband aus der Goldenen Kette des Nasqhibandi Ordens) – Allah der Allmächtige möge ihm mehr Ehre, mehr Ruhm geben, ihn noch näher zu Ihm bringen. Abdul Khaliq al Gjudawani sagte einmal: Oh meine Schüler, ich erinnere mich gut daran, dass ich 37 Jahre lang niemals meinen Fuß auf etwas Dreckiges gesetzt habe oder darauf getreten bin. Warum habe ich niemals meinen Fuß auf etwas Dreckiges gesetzt oder bin drauf getreten? - Um sauber zu bleiben! Deshalb habe ich da so genau drauf aufgepasst, habe genau geguckt, wo ich hintrete. Diese ganzen 35 oder 37 Jahre habe ich sorgfältig aufgepasst. In Dreck zu treten ist das, wozu Shaitan dich animieren möchte. Allah der Allmächtige vergibt dir zwar, (wenn es dir mal passiert), aber es nicht gut, Allah den Allmächtigen oder seine Awliyas (Heiligen) mit solchen Dingen zu belästigen, das ist kein Adab (kein gutes Benehmen).

Pass also auf, nicht in Dreck zu treten. Denn wenn wir auf was Dreckiges treten, wirst du selbst zu Dreck, und ein Dreckiger wird vor Gericht gestellt, und das Gericht wird ihn verurteilen und wird sagen, diese Person hat soviel Schlechtes gemacht, er kommt ins Gefängnis. (Dazu braucht es) kein Gefängnisgebäude, die Engel selber werden ihn gefangen halten, selbst wenn er auf dem Thron sitzt. Ja! Das ist ihr Gefängnis: Nicht etwa ein Raum mit einer verschlossenen Türe - die Bestrafung kann selbst einen König, eine Königin, einen Herrscher oder eine Herrscherin treffen, die auf dem Thron sitzen. Sie fühlen sich dann wie im Gefängnis. Passt also auf, ihr Leute, dass euch das nicht passiert! Diese Dreckigkeit. Allah der Allmächtige hat euch als saubere Wesen erschaffen.

(Sheikh Effendi niest) Hatschooo! Ich mache dieses Hatschooo! Salman macht nur tschiiie, tschiiie. Das tschiiie ist doch nur etwas für Frauen, oder? Ein Mann muss doch HATSCHOOO!! machen.

Leute, ihr müsst lernen, was hayatul kaiyima ist - ein Leben voller Freude, voller Vergnügen. das euch direkt zum Angesicht Allahs des Allmächtigen bringt, das euch glücklich macht und in Freude versetzt. Versucht, dem zu folgen. Aber die Leute setzen nicht nur ihre Füße in Dreck, ja, sie tauchen regelrecht (in den Dreck)

hinein! In diesen Ozean, diese Kanäle voller Ratten .... in diese ... Kanälen wollen die Leute hineintauchen. Leute wollen nur in Abwasserkanälen tauchen. Taucht nicht in Abwasserkanälen, versinkt nicht in diesen (Dreckskanälen). Das macht euch dreckig! Lauft vor ihnen davon! Das ist nasihat, ein Rat aller Heiligen. Selbst wenn ihr danach alles Wasser der Welt über euch gießen würdet, würdet ihr nicht sauber werden.

Ihr solltet das lernen, aber unsere Führer mögen es, (tief) in Abwasserkanälen einzutauchen und fordern die Menschen dazu auf, ihnen dorthin zu folgen. Aber ein himmlisches Schwert wird kommen und ihre Köpfe abschneiden. Ein himmlisches Schwert! Es kommt, weil sie die Menschen in diese Dreckskanäle führen. Das ist die Essenz der Lehren der heiligen Bücher. Ihr seid sauber (erschaffen worden), kehrt um zu Allah und kehrt sauber zurück (zu ihm). So habe ich euch erschaffen, sagt Allah.

Wir werden sterben, wenn nicht diese Woche, dann nächste Woche, wenn nicht dann, dann nächsten Monat, wenn nicht dann, dann nächstes Jahr. Irgendwann kommen wir zurück zu unserem Schöpfer. Irgendwann kommt ein himmlischer Engel und sagt zu dir: „Das, was wir dir anvertraut haben, das sauber bleiben sollte, worauf du immer aufpassen solltest, das wollen wir jetzt zurück.“ Wenn du sauber bist, brauchst du dich nicht zu fürchten, nichts, nichts wird dich verletzen, wenn diese Engel zu dir kommen. Allah der Allmächtige gibt dir Licht und Ehre, dass du als guter Mensch geehrt wirst und auf deinen Weg zum Paradies bist. Wir hoffen auf Deine endlosen Ozeane, uns zu säubern, und wir hoffen, dass in Deinen endlosen Paradiesen auch ein Platz für uns sein wird. Allah der Allmächtige sagt: „Der letzte Diener, der das Paradies betritt wird sich umschauen und sagen, es ist voll. (Doch) Ich gebe dir nicht nur soviel wie in der Dunya (der materiellen Welt), sondern das zehnfache mehr und das alles ist nur für dich.“ Fatiha.

## Last days are approaching, coming closer

Last days are approaching, coming closer, and everyone's last day is also approaching. It is not only for Dunya, but for all people on it- their last day is coming closer.

We are running from Shaitan to Allah Almighty, because Shaitan is the first cheater among people. He is the first one for cheating people, and he teaches them wrong ways, actions and works, which Allah Almighty is preventing. Allah is mentioning this in all holy Books, and He is saying: 'Beware of satanic works.' And Shaitan is running after people to cheat them. Why? To make them his followers. He likes all mankind to follow him, because he knows where he himself is going. He is the first one among the creatures on whom the Divine Anger is coming. Allah Almighty is swearing: 'I am sending you and your followers to Hells'. That is why Shaitan likes to make people his followers- to make them all to be thrown in Hell, who follows him.

Everyone must know first of all what is most important for the life of

mankind and their future. We have been created, no doubt; we are not creators, but creatures, and Shaitan knows that everything on earth and in the universe has been created, but he is trying to make people on a wrong point concerning their creation and to leave what Allah Almighty has said through the holy Books.

People know that we are creatures, and that we can't be creators. No mind or mentality for a person who says that he created himself. If we have such a power, why are you not going to be a creator continuously? If you created yourself, keep yourself in existence.

No answer. So many foolish people are saying: 'Our mother and father created us.' Make yourself not to die and finish, because day by day you are going to finish! No one can claim that 'I am not going to finish'- everyone is going to finish day by day, everyone is going onto his or her last day. Today so many millions of people finished, they are no more. How you can say 'I created myself?' Give your evidence. Show one person who is not going to finish. If you give life to yourself and you are creator, you may use that life endlessly and continue to life on this earth.

But they are liars. Millions of people cheated by Shaitan and satanic ideas. All universities are full with satanic ideas and theories. They accept satanic ideas, but not what has been sent to mankind from holy Books. We are living in the time of positive knowledge, they say, and we are not accepting something coming beyond our knowledge. Because the mind has a limit; minds of mankind run through a limited area. Our mind and mentality reach only what our five senses are reaching, and for what goes beyond our five senses we say: ' We are not understanding.'

If you are not understanding, it is not true to say: 'There is nothing more beyond our knowledge. No more creation beyond ours maybe through this huge

universe.' Your mind can't give the last decision and judgment on it, no; it never has such an authority to deny beyond what it knows and to say 'Nothing more after your limits.' And no doubt: our minds know that they are in limits.

No one from mankind can reach the limits of knowledge, which even our mindly productions brought in existence. There are millions of books now, and through them there are millions of kinds of knowledge. Even the mind productions of knowledge that mankind may reach, no one can reach to all of them. Even 1 per million can't reach, or keep through his head- stopping, finishing. One may declare: 'I finished, no more can I reach the knowledge that millions of people brought through their senses.' So many kinds of knowledge; if you enter in it, they are mind productions, but like an ocean.

Therefore it is such a blameful thing for learned people to deny beyond their knowledge and to say: 'No more knowledge beyond what I am knowing, what I learned.' I may bring one book and ask: 'You reached that limit?' And then another book, and another- thousands of books and knowledge. How you can say: 'What I know that is all, no more beyond that?' That is foolishness. No one can reach mind productions of positive knowledge, and beyond this there is endless knowledge, wisdom oceans. Beyond knowledge oceans there are countless wisdom oceans, which you can't reach by ordinary knowledge, countless wisdoms that are brought to people by holy people, Saints and Prophets. You can't reach.

Therefore it is dark ignorance for mankind to deny beyond their knowledge. They say there are endless knowledge oceans as mind productions, and beyond that there are endless wisdom oceans, which no one is going to reach through the five senses, no, it is something else. Therefore- Allah created earth and skies. What is the universe, what is the space? Who can say? They may bring the evidence of the existence of the universe through endless space.

What is space? Something from reality? A real thing or nothing? Something or nothing? If you say something, say what it is as a positive authority. Say what you are looking and seeing in space. Tell me about it that it is reality? Is it something in existence? It has a real mass or personality, or is it as we are looking and seeing and say nothing?

What does it mean, nothing? If it is nothing, if you take all galaxies, what do we see? We see a huge darkness, dark darkness. Through darkness you can't see, can't touch, can't hear, you can't be in any connection with dark darkness. What is that dark darkness? Don't think the sun is shining and giving light on earth. If the sun is going, this space is in darkness. If all galaxies go away, everything is in darkness. What is that? It is a real existence for something or not? If you say nothing, bring evidence that everything in that nthing should be nothing- earth and galaxies. From where coming that darkness lightened stars and galaxies? From where coming, to where going? Who sending, who welcoming? But Shaitan reaching people through his agents and saying those empty head professors that we know everything, beyond this nothing. No God. Bring another thing than God for that darkness. From where? If no God, from where? Your knowledge- to where reaching to say: No God? What is your evidence? Shaitan cheating.

New fashion in our days to say: No God, but nature. What is nature? Give description on what is nature. You ever met him, or spoke with him, discussed with him? You understand from him? Asking where sitting, what doing? Where is your centre, your capital? Ask that nature. They say everything is nature. Who is it? What is it? Cheating. First class cheater: Shaitan. And knowledge of the 21st century is based on nothing, on false. It has no foundation. But what we shall say? Governments, states- all of them accept this wrong way and lead people on wrong way to Hells.

Now begun that people understand that their way is taking them to Hell. If

not changing way now, through this life falling in Hell. No one can think that situation going as before. Today is better than tomorrow, this month better than next month. It is getting worse and worse till they accept real reality that has been sent through the Lord of Heavens. May Allah forgive us.

Today I was tired noontime, not speaking. Now our very important and valuable brother professor, doctor in university, came, Allah Almighty sent him tonight, because never he comes to me nighttimes. Now they let me speak on such important bases of knowledge, that you may understand what I am saying, but mostly he understands. I am not ready after Isha to address people, but tonight they gave me something to speak from my heart, and it is very important point to be said and known for his Baraka. This is a summary of knowledge. I hope I am going to destroy every false and Batil on earth. No one can stand up with Batil- should be under my feet. We are asking true ones to come and guide us. We are fed up from misguidance, from devils and ignorant and unauthorized people- the representatives of Shaitan.

**O believers, it is the last third of the blessed month Ramadan.**

(Short summary of the Turkish part of Khutba: )

O believers, it is the last third of the blessed month Ramadan. The last ten days have arrived. Allah Almighty is opening the Doors of His divine Mercy, of His divine Faiz, Allah is giving us, what we are asking. The first ten days were the days of Rahmat, the second the days of maghfirat, of forgiveness.

In these last ten days there is the Laylatu-l Qadir. Every year Allahs Grants are different and this year His divine Mercy exceeds the Rahmat of the 14oo years before!

Be careful, what you are speaking in these last ten days! Everything should be clean, your heart should be for Allah Almighty. At least for one hour a day be with Allah and say: "O Allah Almighty, I am now in Your Presence!"

People now have become hard and ignorant, because they left Islam. It is the second time of Jahiliya. O Allah, please send us someone to save us. Help is coming from You alone. One person is enough!

The English part of Khutba:
O people, just we reached the last, the 3rd part of the holy Ramadan and it is the most precious days of the most precious month, the holy month Ramadan, and also through that 3rd part, its ten days and ten nights are the most precious days and nights of the whole year. And Allah is granting believers, Muslims, to be happy with His endless Mercy Oceans, endless Blessings.

O people, come to yourself! Don't follow Satan and satanic ways! Satans ways- leave it! Come to Islam, come to Allah!

Through these ten days there is one night that its value no one can be able to say about the greatness and holiness of that night, Laylatu-l Qadir. That night whole Heavens are just dressed with such blessings and Nur, Lights from the holy Throne, Arshu Rahman, is coming down on 7 Heavens and 7 Heavens are going to be in such beautiful magnificent Glory from Allah Almighty. Just He is dressing that Night!

O people, try to reach to you also something from that heavenly Lights, to make you accepted servants in His divine Presence, to be your Lord happy with you! O people, try this! O mankind, come to Allah, don't run away, you run in(to) Hells!

Allah Almighty is calling you to eternal life, eternity, eternity, eternity! May Allah forgive us!

Allah Almighty is hiding that holy Night, so that people may ask every night if it is the holy Laylatu-l Qadir, Night of Power, that just

appearing (in it) as an atom from that Power, (from the) Power Oceans of Allah. Only one dharra, one atom, is coming and appearing that Night and making all creation through divine Lights. (That is) through that (one) point of oceans of Power! Allahu akbar! Allah the Great!
May Allah forgive us!

We hope that it should be Thursday night, Wednesday to Thursday. We hope that it should be that night, but it may be tonight, maybe 21st, 23rd or 25th or 27th or 29th night. but we hope it should be this year on the 27th night (that) the Tajalli, the Appearance, of Allah Almighty is coming on earth to make it clean!

O people, beware and try to be awakening! Wake up, o mankind, to welcome that holy Night! You should be happy here and Hereafter for eternity, eternity, eternity.
May Allah forgive us!

## The Last Wednesday Of Safar

Audhu Billahi min al shaytan al rajim, Bismillahi r-Rahmani r-Rahim. O people, stand up. Allahu Akbar Allahu Akbar Allahu Akbar wa Lillah al Hamd. Today is the last Wednesday of Safaru l-Khair from our Hijri years. Fatiha.

O Sultanul Awliya, we ask for your Heavenly support. O people! You have forgotten Allah (jj). You are never mentioning the Prophets. Your occupation is to quarrel, swear at each other & to fight one another in a race in which each one of you tries to get a larger piece from this world. Such a pity, shame on people for forgetting Who Created them. They forgot Who created this world. They forgot different kinds of situations that happen in this world. No one in their schools, in their sohbats, or even in their temples give an advice that will awaken the people. If you ask them "Who created you?" what do they say? "Well, we.. we come from the nature. We lived with nature & will leave this world being collected to the nature". These are false words. They can't say "There is the Lord, the Master of this world".

It showed at night in this shaytan's instrument that the world is in the form of a sphere & it is spinning, it is moving. They show all this. No one takes it into consideration, no one pays attention "How did this world form? Who placed it? If no one placed it, it could not be here by itself". Our dunya, the vacuum that we are in-which they call the space, it can't be vacuum, it can't be empty. Calling it "vacuum" is a false word. If it was an emptiness, emptiness means nonexistence.

Where do these existences come from that are in the non-existence then? The closest one is the dunya that we live in. It is not four-squared, not three-squared. It is not like the shape of an egg. It has a shape that is specific to itself. We call it the spherical shape of earth, the sphere

of our world. What they mean by sphere there is no one that can describe it. The sphere, the sphere of the earth. What is it? Then, on this spherical earth, Who filled it with all these mountains, oceans, continents and all kinds of astonishing creatures?

They don't teach this. They don't teach it. People have become zindiq/unbelievers, they are ashamed to say Allah. But their limit is up to a point, they can't go beyond it. Their existence will turn into non-existence one day, they will disappear. Who is He that makes them come to existence & who is He that throws them into non-existence from existence? Why don't they teach this in schools? They teach nonsense things. Do they mention the name of Allah once, especially these Muslim countries? They are not ashamed. They fell into such a low level that they don't allow the mentioning of Allah's Name- they don't allow them to say "Who created us is Allah". Can they find goodness?

Allah Almighty is "As-Sabur", the Patient. Allah Almighty has Patience. He allows it up to a limit & after that He touches once with his Hand of Qudrah & makes it all upside down. Today, among the Arabic months, is the month of Safar that we are in. The month of Safar is the heaviest month among the 12 months. And in it also, the most difficult day is the last Wednesday of this Safar, which is today. There are disasters in many places. In many places, there are countries that are covered with snow or lit with erupted volcanoes or over flown oceans, seas with huge waves that cannot be stopped. By Whose order are these?

A mosquito, O people, a mosquito flies with the order of Who created it. Who gave it that shape? Who is He that created it? Did the mosquito create itself? Why do you not teach? People have become Nimrods. They say "I am!" It can be you but He (swt) disciplines you. Now the manifestation of this year is the manifestation of qahr/severity, wrath. The Wrath of Heavens is approaching. When it approaches, it makes the world upside down. And today is the last Wednesday of Safar. Among the 360 days, today is the heaviest day. The most severe day is today. The day that the most unbearable troubles come is today. In some places it makes the volcanoes erupt. In some places it makes the icebergs move, melt. In some places with tornadoes it makes everywhere all upside down.

The man, the little man.. The little man is in a helpless position now. Neither America nor Russia.. Neither Turkey nor Arabs can do anything, they are all left bewildered. O you, says Allah! Today is the heaviest day, the last Wednesday of Safar. May Allah protect us from the disasters of today. Wash & pray at least 2 rakats. Shame! They left everything. The Wrath of Heavens is not like the wrath of earth. If He wants, He can make it rain stones. And the people have become helpless. If He wants, they look at night & see that their roof is gone. O people, fear Allah! Repent, we should all repent. "May Allah take away the disasters from us. May the severity of today go to the mountains. May the children of Adam be protected" we pray.

They find it difficult to pray even 2 rakats for Who created them. They find time to do all kinds of games & fun but they can't say "let us pray 2 rakats & be servants to our Lord Who created us". Because they are not trained this way; they have no maktabs, madrasas. Look, the sky is dark- it is moving to wherever He wants, it is taking it to wherever He wants. How many degrees under zero is it according to their measuring system? Keep yourselves from it. Pray at least 2 rakats today & beg that the roof above you may not fly off all of a sudden. May it not be flooded, that it floods in many places. May volcanoes not erupt, that they are erupting. O little men, fear Allah! Be ashamed before Allah, don't do evil. Live for Allah, worship Him & be servants to Him. May Allah forgive us. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah.

Today is the last Wednesday of Safar, it is the heaviest day of the year. After today is passed, it will get lighter. Aman Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. This is enough for who understands & listens. If not, what can we do? I also don't have strength to speak that much. What can we do? May Allah forgive us. Tawba Ya Rabbi, tawba Ya Rabbi. Tawba Astaghfirullah. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. If You lift up the mountains & throw them on us, who can stop it? We are fighting, quarreling, battling with each other. For what? You are man, get used to living like a man. Don't be a blood-shedding creature! Be human, that the Mercy of Allah descends upon us.

O people! What can I do? I have nothing in my hands, I am not even in a position to save myself. Tawba ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. For the honour of Your Beloved- May He take this heaviness off us for the honour of our Beloved Prophet, for His Beloved (s). May He

send us a Sultan, may He send us a Master, may He send us the holy ones who will teach us our religion & faith. May the darkness & disasters be far away from us.

Ya Rabbi Ya Allah.. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. For the honour of Your Beloved, Allahumma salli ala Sayyidina Muhammad salatan tunjina biha min jami al ahwali wal afat wa taqdi lana biha jami`a al hajjat, wa tutahiruna biha min jami`a as-sayyiat wa tarfauna biha `indaka ala darajat wa tubalighuna biha aqsa al ghayat min jami`a al khayrat fil hayati wa bad al mamat. Shukur Allah, Ya Rabbi.

May we strengthen our faith, may You grant us this O Allah. Fatiha. Do at least 2 rakats of sajda everyday O people, so the disasters are taken off from us. If not, He can lift up the countries & then drop them down! Beware of Allah! Be ashamed from Him, fear Him. Aman Ya Rabbi. We also cannot worship & be servants to You (as we should). May You forgive us O Lord.

Fatiha.

## Der letzte Mittwoch des Safar

---

Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. O Leute, steht auf. Allahu Akbar Allahu Akbar Allahu Akbar wa Lillahi l-Hamd. Heute ist der letzte Mittwoch des Safaru l-Khayr in unserem Hijri Jahr. Fatiha. O Sultanu l-Awliya, wir bitten um deine himmlische Unterstützung. Leute! Ihr habt Allah (jj) vergessen. Ihr nennt nie die Propheten. Euere Beschäftigung ist es zu streiten, einander zu beschimpfen und miteinander zu kämpfen in einem Rennen, in dem jeder von euch versucht, ein größeres Stück von dieser Welt zu bekommen. Wie schade, solche Schande für die Menschen dafür, daß sie vergessen, Wer sie geschaffen hat. Sie haben vergessen, Wer diese Welt geschaffen hat. Sie haben verschiedene Arten von Situationen, die in dieser Welt passieren, vergessen. Niemand in ihren Schulen, in ihren Sohbats oder selbst in ihren Tempeln gibt guten Rat, der die Menschen aufweckt. Wenn du sie fragst: Wer hat euch erschaffen? was sagen sie? Nun, wir.. wir kommen von der Natur. Wir haben mit der Natur gelebt und werden diese Welt verlassen und eingezogen werden in die

Natur. Dies sind falsche Worte. Sie können nicht sagen: Es gibt den Herrn, den Meister dieser Welt.
Sie zeigten in der Nacht in diesem Satansinstrument, daß die Welt die Form einer Kugel hat und sich dreht, sich bewegt. Sie zeigen all das. Niemand zieht in Betracht, niemand achtet darauf: Wie bildete sich diese Welt? Wer plazierte sie? Wenn sie niemand plazierte, könnte sie nicht hier sein von selbst. Unsere Dunya, das Vakuum, in dem wir uns befinden, das sie Weltraum nennen, kann kein Vakuum sein. Es kann nicht leer sein. Es 'Vakuum' zu nennen, ist ein falsches Wort. Wenn es eine Leere wäre, Leere bedeutet Nicht-Existenz. Woher kommen denn diese Existenzen, die in der Nicht-Existenz sind? Die nächste ist die Dunya, in der wir leben. Sie ist nicht viereckig, nicht dreieckig. Sie ist nicht wie die Form eines Eies. Sie hat eine Form, die besonders für sie ist. Wir nennen es Kugelform der Erde, unsere Weltkugel. Was sie meinen mit Kugel, das kann niemand beschreiben. Die Kugel, die Erdkugel, was ist sie? Dann, auf dieser Erdkugel, Wer füllte sie mit all diesen Bergen, Ozeanen, Kontinenten und allen Arten von erstaunlichen Geschöpfen?
Sie lehren das nicht. Sie lehren es nicht. Die Menschen sind Zindiq, Ungläubige geworden. Sie schämen sich, 'Allah' zu sagen. Aber ihre Grenze ist an einem Punkt. Sie können nicht darüber hinaus gehen. Ihre Existenz wird zu Nicht-Existenz werden eines Tages. Sie werden verschwinden. Wer ist Er, Der sie in die Existenz bringt? Und wer ist Er, der sie in Nicht-Existenz wirft von der Existenz? Warum lehren sie das nicht in den Schulen? Sie lehren unsinnige Dinge. Erwähnen sie den Namen Allahs auch nur einmal, besonders diese Muslimländer? Sie schämen sich nicht. Sie sind so tief gefallen, daß sie es nicht erlauben, den Namen Allahs zu erwähnen. Sie erlauben ihnen nicht zu sagen 'Wer uns geschaffen hat, ist Allah.' Können sie Gutes finden? Allah der Allmächtige ist "As-Sabur", der Geduldige. Allah der Allmächtige hat Geduld. Er erlaubt es bis zu einer Grenze und dann berührt Er einmal mit Seiner Hand der Qudrah und stellt alles auf den Kopf.
Heute ist unter den arabischen Monaten der Monat Safar, in dem wir uns befinden. Der Monat Safar ist der schwerste Monat unter den 12 Monaten, und in ihm der schwierigste Tag ist der letzte Mittwoch dieses Safar, welcher heute ist. Es gibt Unglücke an vielen Orten. An vielen Orten gibt es Länder, die sind mit Schnee bedeckt oder entflammt von einem Vulkanausbruch oder überfließende Ozeane, Meere mit riesigen Wellen, die nicht aufgehalten werden können.

Aufgrund Wessen Befehl ist das? Eine Mücke, o Leute, eine Mücke fliegt auf Befehl Dessen, Der sie erschuf. Wer gab ihr die Form? Wer ist Er, Der sie erschuf? Hat die Mücke sich selbst erschaffen? Warum lehrt ihr das nicht? Die Menschen sind Nimrods geworden. Sie sagen: Ich bin! Du kannst sein, aber Er (swt) diszipliniert dich. Nun, die Manifestation dieses Jahres ist die von Qahr, Strenge, Zorn. Der Zorn der Himmel nähert sich. Wenn er ankommt, stellt er die Welt auf den Kopf. Und heute ist der letzte Mittwoch des Safar. Unter den 360 Tagen, ist heute der schwerste. Der schwerste Tag ist heute. Der Tag, an dem die unerträglichsten Schwierigkeiten kommen, ist heute. An manchen Orten macht er Vulkanausbrüche, an manchen Orten läßt er Eisberge sich bewegen, schmelzen. An manchen Orten stellt er mit Tornados alles auf den Kopf. Der Mensch, der kleine Mensch... Der kleine Mensch ist jetzt in einer hilflosen Position. Weder Amerika, noch Rußland, weder die Türkei, noch die Araber können etwas tun. Sie bleiben verwirrt zurück. O ihr, sagt 'Allah'! Heute ist der schwerste Tag, der letzte Mittwoch im Safar. Möge Allah uns vor dem heutigen Unheil schützen. Wascht euch und betet wenigstens 2 Rakats. Schande! Sie haben sich von allem abgewandt. Der Zorn der Himmel ist nicht wie der Zorn der Erde. Wenn Er will, kann Er es Steine regnen lassen. Und die Menschen sind hilflos. Wenn Er will, gucken sie in der Nacht und sehen, daß ihr Dach weg ist. O Leute, fürchtet Allah! Bereut, wir sollten alle bereuen. 'Möge Allah das Unheil von uns wegnehmen. Möge die Schwere von heute in die Berge gehen. Mögen die Kinder Adams geschützt sein, beten wir. Sie finden es schwierig auch nur 2 Rakats zu beten für Den, Der sie erschuf. Sie finden Zeit, alle Arten von Spaß und Spielen zu machen, aber sie können nicht sagen: Laßt uns 2 Rakats beten und Diener unseres Herrn sein, Der uns erschuf, weil sie nicht so geschult sind. Sie haben keine Maktabs, Madrasen.

Seht, der Himmel ist dunkel. Es bewegt sich dahin, wohin Er will, es nimmt es mit, wohin immer Er will. Wieviele Grad unter Null ist es nach ihrem Meßsystem? Haltet euch entfernt davon. Betet wenigstens 2 Rakats heute und bittet, daß das Dach über euch nicht plötzlich davonfliegt. Möge es nicht überflutet werden, wie es an vielen Orten überflutet. Mögen Vulkane nicht ausbrechen, die sonst ausbrechen. O kleiner Mensch, fürchte Allah. Schämt euch vor Allah. Tut nichts Böses. Lebt für Allah, betet Ihn an und seid Seine Diener. Möge Allah uns vergeben. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Heute ist der letzte Mittwoch im Safar.

Es ist der schwerste Tag des Jahres. Wenn heute vorbei ist, wird es leichter. Aman ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Das ist genug für den, der versteht und zuhört. Wenn nicht, was können wir tun? Ich habe auch keine Kraft, so viel zu sprechen. Was können wir tun? Möge Allah uns vergeben. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Wenn Du die Berge aufhebst und auf uns wirfst, wer kann sie aufhalten?
Wir kämpfen, streiten, schlagen uns miteinander. Wozu? Ihr seid Menschen! Gewöhnt euch daran, wie ein Mensch zu leben. Seid kein blutrünstiges Geschöpf! Seid menschlich, damit die Gnade Allahs auf euch herabkommt. Ihr Leute! Was kann ich tun? Ich habe nichts in der Hand. Ich bin nicht einmal in der Lage, mich selbst zu retten. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Zu Ehren Deines Geliebten möge Er diese Schwere von uns nehmen, zu Ehren unseres geliebten Propheten, für Seinen Geliebten (saws). Möge Er uns einen Sultan senden, möge Er uns einen Meister senden, möge Er uns die Heiligen senden, die uns unsere Religion und unseren Glauben lehren. Mögen Dunkelheit und Unheil weit weg von uns sein. Ya Rabbi ya Allah.. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Zu Ehren Deines Geliebten, Allahumma salli `ala Sayyidina Muhammad, Salatan Tunjina biha min Jami al Ahwali wa l-Afat wa Taqdi lana biha Jami`a l-Hajjat, wa Tutahiruna biha min Jami`a s-Sayyiat wa Tarfauna biha `indaka `ala Darajat wa Tubalighuna biha Aqsa l-Ghayat min Jami`a l-Khayrat fi l-Hayati wa ba`da l-Mamat. Shukur Allah, ya Rabbi. Mögen wir unseren Glauben stärken, mögest Du uns das gewähren, o Allah. Fatiha. Macht wenigstens 2 Rakats Sajda jeden Tag, ihr Leute, damit das Unheil von uns genommen wird. Wenn nicht, kann Er die Länder hochheben und dann fallen lassen! Hütet euch vor Allah! Schämt euch vor Ihm, fürchtet Ihn. Aman ya Rabbi. Auch wir können nicht anbeten und Dir dienen, wie wir sollten. Mögest Du uns vergeben, o Herr. Fatiha.

## Freeloaders Of The Modern World

As-Salamu Alaikum, "O listeners" it is said. Who listens to whom? We are living in such a time O Haji, that no one listens to another one. What is the most terrible & evil time? It is the time when no one listens to another. Therefore if one person listens to another, things straighten. When no one listens to another..

"Where were you, O crazy Husein?"
"I was sitting in the coffee shop"
"What were you doing in the coffee shop?"
"Well, I was sitting here doing nothing"
"Masha Allah, is there no work for you?"
"Leave the work aside Yahu. The government gives us money. The government does some trick & we also do some tricks. We have no work to do. We keep being squeezed in the coffee shop."

What is it that corrupts the people, Haji Effendi? What corrupts the people is being idle. One word. When you leave people idle they run after evil. If you keep them busy, they do work for you. He appreciates the work he does & understands the meaning of labor- that he receives something for his work. The way this world is corrupted.. This, our word is a word fit for the men who sit in the coffee shops. How else can we say? What makes the people corrupt is being idle, one word. Being lazy & idle made the world totally out of control.

Being idle is doing nothing & getting paid for nothing, and then enjoying one's self with it.

"Work? Don't look for work. We are being paid"
"For what are you getting paid?"
"We have social insurance"
"May this insurance fall on your head! What do you mean you have insurance? Do you work?"
"No. But we have insurance & they give us money."
"Then, what about work?"
"We have no work to do. With this money we receive. We have become people of no use who wander from one coffee shop to another, from one dirty place to another all day long."

"O Husein Aga, how are you?"
"Don't even ask how we are, we are very happy"
"For what?"
"We get money for free".
"How do you do that?"
"We receive from the insurance. Since we have insurance, the meaning of insurance is the center where you get money for nothing. Take the money & keep quiet."

When you plant such an idea of life in people's mind, meaning after you give them the idea of receiving without work, it is not possible to collect these people again, can never collect! They are no good for themselves nor for anyone else.

"Well Shaykh Effendi, this is an important point. Now our time is the time of democracy. The meaning of democracy is, to make all kind of excuses & seal off the mouths of these ordinary people, to keep them quiet. Whatever is given to them.. Before there was gold & everybody would appreciate its value. Now they give paper. Paper, every printing office can print paper. Everybody will show all what comes in their hand to the bank, to see if it is fake or not? Even the government itself can't do this. Then, if mankind lives without knowing for what he is created, the matters that he is created for, he is not in human class. For what am I living?

"O Husein Aga, for what do we live?"
"Well, we eat & drink"
"Then what do you do? No work?"
"The government has insurance & we take the money. We have no work to do. We have farms but can't plow them. We have forests but can't enter them. We have herds but can't drive them. They make such laws. What will we do? When we get some money in our hand, we sit in coffee shop."

What does a man of musibat/evil mean? We used to call musibat before. Being musibat is the worst character that destroys mankind. When you say a "musibat man", meaning a man of no use, no good. Before, our ancestors each one of them knew a handcraft. They did trade or farming.

"What do they do now Shaykh Effendi?"

Now everybody has a car. People drive around in the latest model cars. And our goverment also, not only our government but all of them, pay their taxes with money wherever you bring from, & also get paid. Buy a car, buy a plane if you like. Fly around with it. What a beautiful world we land into, how nice. And because of these ideas, people become such that they are jealous of each other. They envy each other. They can't stand each other. They don't respect each other. They don't value each other. They want to do as they like when they get a chance. "I may be this, I may be that, only that I make a lot of money." This.. Marhaban O Agas who sit in coffee shop.

Agas, before the ones who sat in coffee shops had pashkir/towels that they put on their shoulders. Now there is no towel either. They sit without towel in coffee shop. One said in anger: "What is this? You removed old methods also." "What was that old method?" The men who come to coffee shop would dress neatly & also put a towel on their shoulder. They would sometimes wrap this towel around their heads or sometimes put it on their shoulders. But because now is the time of innovation how can we do such things in this time? What does it mean to put towel on you shoulder? Are we waiters? Are we bellboys? No! We will live a modern life. We will wear latest fashion dresses and there is no putting towel on shoulder.

There is no farming. There is no taking care of oxen when there are cars available. We should have cars.

"O Husein Aga, there was a new car in front of your home. How did it happen?"

He says "my son didn't like the old car. He gave all the money & brought another car which is of no use." "You don't object?" "How can I object? You see this chair, O crazy Husein?" "Yes, I see it."

When our kids now get angry & hit this chair off the ground like this the chair is broken, only the wooden part remains. And they beat you with that wood until you get dizzy. How can you object? How can you advise? This is called innovation, reform Aga." "Don't say Aga, what is Aga?" Aga was for the villages. There is no real Aga now. Now everybody became Aga. Everybody is making new buildings. You look & say "how is this? From where is the money of these buildings?" Before everyone would live in mud brick homes, comfortably. Now they live in concrete buildings. 1 floor, 2 floor, 3 floor, 5 floors - should I say more? No, don't. More than 5 floors? There are buildings higher than 5 floors, many buildings like this. Ok, then?

We are Muslims. We believe in the Prophets. At least teach the history of Prophets in schools, O the heedless ones who rule over us. Teach, teach history. Teach the history of older times so that people learn something. The Sultan of the Prophets, our Master Sayyidina Muhammad Mustafa (sas). Stand up! Show respect! They bring the news of the Heavens. "Is it possible to bring news from Heavens?" O foolish one! You have a device in your hand which is as small as your palm & you receive with it news from East to West, this you accept. This can happen. But you don't accept the one who says "I bring news from Heavens in another way?" Masha Allah Yahu! How far have you reached!

In old times, they call tarahih; there were knowledges that our old Hoja Effendis would teach about the Prophets. Now there is no one who searches, looks for, knows or learns about Prophets. There is no one who reads History. Ibrahim (as), ala Nabiyyuna Sayyidina Muhammad (sas), salams to him, salatu salam on him. He was sent by Allah Almighty to teach the tribes of his time, to show them the true way. And they called the Kings who ruled in his time, Nimrod. Nimrod meaning tyrant, who does all kinds of oppression. They would worship idols. They would put idols in front of them, move their bottoms like this & bow their head. Finish.

"Our way is about this. We do like this. I have an idol" said Nimrod.
"O Nimrod" says Prophet Ibrahim (as). "It is only an idol. The Lord of Heavens & Earth is Allah Almighty. He is Allah Almighty. What does your God do?"
"My God does what I want."
"So he does what you want?"

"Yes" "Do you do what he wants?"
"No. He does what I want and I do what I want."

"How is this, Husein Aga, this conference of Shaykh Effendi?"
"The best." Husein Aga says "O wild ones, listen to the Shaykh, or else a rain of stones will fall on you.

To sum up, his discussion with Ibrahim (as) went too far. He said "So the Lord of Heavens sent you. Then I will also look to see where is this Lord of Heavens." He ordered his architects to build two towers, they call "buruj". He said, "I climb & look what is His job, His art". So he built the Nimrod tower. To sum up, this tower fell on his head and he died in a humiliated way. The Prophet of the end of times is our Master, S. Muhammad Mustafa(sas). Stand up o foolish ones, stand up! The Prophet of the end of times came & gave the news of Nimrod, what he did. Our Prophet (sas) then said, "with me will come the nations of the end of times. The angels, angels would call to the ones who build 2 floors & want to build a 3rd, 'O Nimrod! What is it that you are doing? You will climb to the sky like that old Nimrod did?'" Yahu Shaykh Effendi, what 2 floors, 20 floors? There are 100 floor buildings! For this our Prophet (sas) said, what does the angel say to those who want the go up after the 2nd floor?

"O children of Adam! The earth is not wide enough for you? Why do you build floors on top of each other? Is it too narrow for you? The earth is wide, why don't you build 1 floor, 2 floor? If you build higher than this, you fall into Nimrod's class" To sum up, what people try to do in this day: "who will beat the other in building? Whose building will be more beautiful?" Modern, it says. This is the definition of shaytan: modern buildings. O you, you are like in an oven in these modern buildings & like in a freezer in winter. It kills you, makes you sick. Don't look for it Shaykh Effendi. Look, there is a building even taller than that In whose name is it? In my name. Why don't you have it written on it? No need Shaykh Effendi, they already know. He says, the angels will call like this when they go higher than 2 floors, "O man, O children of Adam, the earth is not wide enough for you to dwell that you make buildings on top of each other? You make yourself like Nimrod? Pull yourself together!"

Calling like this, angels curse them. They don't find goodness. People can't live in these high buildings; all of them get sick, or have sorrows or they are worn out & die. So all people care about & believe now is competing with one another: "yatatawaluna fil-bunyan" They will compete with each other in building: "I did

this much, I did that much..." I am sorry that however that it is the Islamic World which knows about this news best. They filled Hijaz with Nimrod towers today. Their reckoning will be hard on the day of Judgement. May Allah forgive us.

We should pull ourselves together O Muslims, O people. It is dunya today & graveyard tomorrow. Don't say "I didn't hear, didn't know" They will make you see & know. Pull yourself together, the end of the Holy Ramadan has arrived. At least fast in these last 3 days, at least pray in these 3 days. Pray on Friday night. Say "There is Who created me & Who keeps me alive" Say "I make sajda for You O Lord" You should be ashamed! You sit without making sajda. You eat from the rizq He granted you yet do not thank Him.

O our Cypriot Turks, we have been left really ignorant. We have hojas but they can't say anything because they are not allowed to speak. Because what they speak may disturb them. What can they do? They are to read from the paper given to them. It shouldn't be more or less than that. Allah, Aman ya Rabbi, tawba ya Rabbi. Tawba Astaghfirullah. And finally this also became a coffee shop talk. We didn't open the door of knowledge. There is no student that we open! Who are you to speak to? To the wall? They call them now, jirlawuq. They call them in Turkey cricket, but we call jirlawuq. They chirp until they crack & hatch. When they hatch, it is finished. And people now also speak & grumble & do this & that until they die just like these crickets & they become imprisoned in the grave.

May Allah protect us from the torment of grave. O Muslims, O Cypriot Muslims, may who left you ignorant burn in fire. May they burn in fire. I started school in 28, in 1928. Within 2 months, even before I completed reading the Arabic alphabet, because the one upstairs, the one in Anatolia said "reform", the ones here removed Holy Quran from the schools & instead of the Arabic they put the Latin alphabet. And people are left ignorant. All kind of troubles came on them. We should be disciplined & orderly O youth. You understand much better than this old one. You will understand, you will know, you will learn your way.

There are 5-6 days left from Ramadan. Let us fast, let us not sit in coffee shops. We should know our religion. We should glorify our Lord. We should listen to the adhan al Muhammadi (sas), pray tarawih. We should fast for a few days so that the Lord of Heavens forgives us. So that He doesn't make rains of wrath fall on us. It is not certain what will rain from the Heavens, O foolish ones! O foolish ones, it is not certain what things will rain from the Heavens. Don't think that every cloud coming brings rain. There are clouds that bears & pour

out stones also. Beware. I am warning my own ego & warn you as well. May Allah forgive me & forgive you. As-Salam Alaikum. Fatiha.

Shukur Allah that they make me speak for so many nights. There are the good servants of Allah on earth. They made me speak a few words, to advise my own ego as well. O Ghani/The Rich Sultan, O our Lord, send us the holy ones who will teach us Your servanthood O Lord. We are left here bewildered. May You send us from Your servants one who will correct our situation. You are Subhan, You are Sultan. You are our Lord, Allah. May You show us Your Mercy O Lord, Fatiha.

We send salatu salam to His Greatest Prophet, S. Muhammad Mustafa (sas). Fatiha.

## Leaders Must Leave if There Is Majority Demand

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! SubhaanAllah w 'alhamdulillah wa laa ilaaha illa-Llahu wa Allahu Akbar wa laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. Alfu salaat, alfu salaam `alaa habeebillah, noor al-`Arshillah, Sayyidi 'l-Awwaleen wa 'l-Akhireen, Sayyidina Muhammadan wa `ala aalihi wa sahbihi ajma`een. Ishfa` lana yaa Sayyidi 'l-Awwaleen wa 'l-Akhireen. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

As-salaamu `alaykum, ayyuha 'l-hadiroon! As-salaam `alaa man `ittaba al-hudaa!

O our Attenders! Throughout the east and west, keep your face, and keep your honor.

O Mankind! Keep your honor that has been granted to you by your Creator, Allah Almighty. No one can give honor except our Creator. You may try to take honor in this temporary life, and you may think if people give you honor it is something, but truly it is nothing! If a person is asking to reach honor from people, it is going to be dust, as it is not real but only temporary honor. For example, people are happy to become presidents, ministers, or chief ministers. I am not speaking about kings and sultans; the honor of kings, sultans, and

emperors is not given to them by people, no! Common people don't have any honor, but no-mind people are running to take honor from the public. The public does not have honor, so what can they give you?

You are asking for an emerald, ruby, diamond, pearl, or sapphire from people who only have black stones which they may paint and give to you, saying, "Take this, it is my pleasure to give you this very important pearl." However, they only have stones like those you walk on! Man is so foolish!

Now people have reached a level where they do not understand the real value of precious stones. Democracy is dirtiness, because people are running after it and (politicians) say, "Give your valuable stones (votes) to us. There is a basket, and who accepts us may put their red precious stones here." Some of them are angry, saying, "We are not putting that for you, we are putting a dirty colored stone on the other side (voting for the opposite party)." People's mentalities are just finished, and that is a very important point!

Shaytan has cheated Mankind, saying, "You must hold elections! We must be happy with whoever is bringing votes!" People color it, saying, "Put the opposition there." Both of them are stones, but their colors are different. Therefore, when we are sitting on a chair in our democratic system, our presidents are chosen by so many foolish people who do not understand red from blue. We must say, "Put that ruby here." Then the (elected official) says, "O People! We have been chosen by the majority of our foolish ones who brought us and gave us power! We have more red stones, and our opposition lost because their stones are not real, they are blue."

Is there no intelligence for 21st century people? (The democratic system) makes citizens like donkeys who do not understand anything. The democratic system is mindless. Shaytan is cheating you, giving you colored stones as if they are rubies! Now the whole world follows this system and is coming down because the pillars people give elected leaders are rotten and crumbling. You may look now, beginning from Tunis, Algeria, Sudan, Egypt, Lebanon, Libya, Turkey, Iran, Iraq, Yemen, and Pakistan, all hoping now to form democratic governments. Where is Islam? How are they Muslims?

Now heavenly cursing and warnings are beginning to come down on the masses. First floods came on continents, and we heard they are coming down on Indonesia. Where is your technology to save you? You have so many votes to take power, but where is your power? Show it! If it is snowing, you can't stop it; if it is raining, you can't stop it; if there are hurricanes, you can't run away; if volcanoes erupt, you can't run away!

Yet what is this foolishness from Mankind now?

The hearts of so many chosen presidents are now beating wildly, as they do not know if they may live up to nightfall or the next morning, and they are afraid. Fear is not something material; it comes from Heavens and runs everywhere, but people are never accepting advice. Shaytan is running after them because they are drunk ones. Leave that, and ask for mercy from Allah Almighty! Follow the Seal of Prophets (s) to be saved here and Hereafter! (Mawlana Shaykh stands and sits)

First of all, the shaking is coming to Arab countries, because they are saying, "We are Arabs," and not saying, "We are Muslims." They do not believe in holy rules that reached us, rather they are running after Shaytan's rules. Therefore, they are afraid! I am saying to Arab presidents, if they like to save themselves, the Holy Qur'an has clarified for everyone and provides a safe way for every situation. Allah Almighty is sending a rope for every trouble that people may fall into in order to take them out.

To Libyan, Sham, Egyptian, and Tunisian Arabs: they have recited this holy verse a thousand times without thinking about what Allah Almighty is saying. (Mawlana Shaykh stands) Asta`eedhu billah. I am addressing all Arab leaders and nations! What is Allah Almighty saying to them? Asta`eedhu billah.

••••• ••••• •••••••• •••••• ••••••• ••••• •••••••••••• •••••• •••••••• •••••• ••••• ••••• •••••• ••••••••• •••••••••••• •••• ••••••• •••••• ••••••••• ••••• •••••••••••• •••••••

Fain lam tajidoo feeha ahadan fa-laa tadkhulooha hatta yu’dhana lakum wa in qeela lakumu ’rji`oo fa ’rji`oo huwa azkaa lakum w ’Allahu bimaa ta`maloona `aleem. If you find no one in the house, enter not until permission is given to you: if you are asked to go back, go back: that makes for greater purity for yourselves: and Allah knows well all that yo do. (Al-Nour, 24:28)

(Mawlana Shaykh sits) That is ayatul-kareemah. `Ulama of Azhar, Tunis, Libya, Shaam, Hijaaz, Yemen, Baghdad, Egypt, Sudan may think on this fatwa.

Do you understand, or not? Allah Almighty is saying, for example, when you visit someone and reach the door of the owner’s home, if they say to you, "Go away, don't come in," you must go away. This is the holy command of Allah (swt). Yaa `ulama, why are you not reminding your presidents of this holy order of Allah? wa in qeela lakumu ’rji`oo fairji`oo "Go away!" If your citizens are saying to you, "Go away," then you must

go away, and if not you will be responsible. If any bad thing is coming on you, you will be responsible. If they kill you, it is from your falsehood! If people are saying, "We don't like you here," then you must not be there.

This is a fatwa that particularly Azhar `ulama may bring. `Ulama of Tunis, Sudan, Yemen and Baghdad are Arabs, and they know this. If it is wrong, they may say so to me. If you open the Holy Qur'an, what does it say? "If they say, 'Go away,' you must go away." Your name is not stamped there forever, and if people don't like you to be their president or sultan, then go away. If anything reaches to you from punishment or harm, you are responsible for your egos and Allah Almighty will ask you, "Were you the only person from the whole ummah (to lead them)? Why did you insist, 'I shall sit here, I am not going.'" If people say, "We don't like you as our commander, go away!" then you must go away. That is important.

O Azhar `ulama! If you are not giving that fatwa, you will be punished on the Day of Resurrection with the worst punishment! Common people do not know, but you know from Whom you are fearing: Allah Almighty is saying this. Why do you fear an ordinary person? You must fear Allah! If your people say, "Go away," then go away. You are abusing power and you will be killed. And now there is trouble everywhere. Americans are Christians and have the same rule: if they say to their leader, "We don't like you, Obama. Go away," then he must go away. If Russians say, "O our president! Get away, and leave the chair," then he must get up and leave. That is the safe way for you; if not, you will be punished here and Hereafter.

May Allah forgive us.

This is such a thing coming to my heart for all nations, especially for the Muslim world. If they say, "We like you to be our sultan," okay. If they say, "We don't like you to be our sultan," (then he must leave). If the majority are keeping him and a small group of people are asking him to go away, it is not true (that he must leave), as the Holy Prophet (s) said:

`alaykum bi 's-sawadi 'l-`azham.

Where there is a majority, be with them.

Haqq! Arab `ulamas are understanding, saying, "We are saahib al-`ilm." Where is your `ilm? Give a fatwa. I am asking you about your presidents and parliaments; from where are you bringing that parliament? From

Holy Qur'an? Say! Therefore, there is a hadith, al-fitnatu takhruj minhum min al-`ulama wa ilayhim ta`ood, coming on their heads.

O People! Try to be servants of your Lord, our Creator, and fear only Him. He is the Real Protector; no one else is protecting us here or Hereafter.

Tawbah, yaa Rabbee, tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah astaghfirullah. Shukr yaa Rabbee, shukr yaa Rabbee, shukr yaa rabbee. O our Lord! Grant that we are followers of Your holy commands. Those are the real commands, heavenly commands, then you will be saved here and Hereafter. May Allah forgive us, for the honor of the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits)

Fatihah.

The whole Arab world and other parts of the Muslim world may translate and understand what has been said here. It is not something that I have prepared to say to you, but it is from holy people who are making a weak servant address all nations. I am not a different one, I am from common people, but they are making me address all nations, particularly those in the Islamic world who are on the wrong way. May Allah forgive us.

Fatihah.

## Learn About Your Lord to be Invited to the Divine Presence!

As-salamu alaikum!
Audhu bi-llahi mina Shaitan rajim
Bismillahir Rahmanir Rahim
La haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Adhim.

O people! We are asking forgiveness from Allah Almighty. We are so unimportant beings, not so important (as we think); this (is) among ourselves, (we are) unimportant beings. But in Divinely Presence (we are) so important! No one can be able to speak on it, the importance that (we have been) granted by our Creator. In His Divinely Presence mankind (is the) most important being through creation, but among ourselves we are not on that level or on that understanding or to ask and to learn the importance of mankind. It is (the) most important point to be taught on earth, but we (are) never taking any care to speak on it. No, we are occupying ourselves for everything that (is) surrounding our physical being.

You may look through East and West - (there are) so many teaching centers everywhere, teaching children. They are so keenly taking care (that) now people for their kids they are even trying to register them (and they are still in the womb of their mothers)...They are thinking; if a woman (is) getting pregnant, beginning herself and her husband to think: "Now (there is) coming a child for ourselves and now everywhere (is) full with

universities and teaching centers. What do you think, O my darling, what do you think for that child, to where we can register his name or her name? The beginning is a very important point! Because we must try (for) our kid to reach to be on top level people. Therefore we must think on it, I think! What do you think, if we are beginning to take this wire and putting (it) on your womb to prepare? We may speak (through it) and that one, new one, may try to understand something, (and) when that one (is) coming outside, we must register his name. Because he may learn so many things through your womb. What do you think (about) that?"

People (are) becoming crazy ones for teaching, teaching, teaching... "We are teaching you. At least, O my darling, we may teach that one (the) ABC": alfa, beta, gamma, delta or a,b,c or alef, be, te... (but) they are not interesting in such a things (in the Arabic Alphabet)... They are so keenly following in teaching their kids- thousands, ten thousands [of] education centers, that their aims (are) only: earning money, more money, to save much more money... (and) that people (are) making everyone to learn.

What they are leaning? You know what they are teaching! They are teaching nonsense that it is not something (that is) giving benefit, no. Mostly... so many hundreds of books they are writing to teach people and they are trying to reach impossible targets; and every level that they are teaching (and) their children (are) getting up, they are beginning to forget what they learnt at the beginning.

And everything - that is the point that I must speak on it - everything that they are teaching their kids, their children and (the) new generation (is) running and saying: "You must learn!", (when) I am asking (someone): "What you learnt?" (and) he was surprising and saying: "O Sheikh, nothing." "For what you wasted your time?" "Because, O Sheikh, they are offering us to learn (about) hundreds (of) matters, (so) that it is impossible for our physical being's capacity to reach or to keep it." That is in our days (the) teaching system from governments for mankind!

Governments (are) running in such a things. For what? To occupy (the) youth with learning and to leave them to do everything that they may be on their stations or on their chairs or on power center longly, as much as possible.

(But)- Subhanallah - the Lord of Heavens (is) making for everything a limit. When that limit is reached, you can't push it forward or you can't pull it forward, no! Subhanallah - since one week or more I am hearing that

in France all students (are) leaving their schools, their learning centers, (that) they are leaving (the) universities and (are) running on streets like violent beings, like jungle people - they never look like people of forest, no, (in a) forest you may go around safely, but (in a) jungle you can't - and they are running on streets, burning and breaking and throwing stones and making such a things that it is not for a student who learnt something to do this! That means the summary of their teachings was so bad that they prepared youngsters to be like violent beings through jungles.

We have a saying in Islam (?): Before everything...there is Adab that (it) is a real way that first everyone whom they are coming to learn[ing]-age [ought] to be taught.

One of Heavenly servants that they are living among people was saying: "O people, I was asking: 'What is most important in Divinely Presence?' Because people (are) coming to be unto two ways or directions: One group of people are running to learn, to learn, to learn much more knowledge about (the) creation or about this world. But some (other) people are not interesting to learn so many things about this material world, but they are interesting mostly how they can be in their Lord's Divinely Presence, which thing is going to be much more important and lovely and respected and acceptable in Divine Presence. And", he was saying, "I was so long looking, looking, looking... but whom they were getting closer, more closer to their Lord's Divinely Presence, they were coming closer not with so much knowledge of this world, but they are coming closer, because they are interesting to keep their Lord's high respect. They were running to give much more high respect to their Lord. Therefore I was looking and seeing that those people, whom they are asking to give much more respect and glorifying to their Lord they are acceptable and they have been invited (by Allah Almighty): 'Come closer, come closer, O My good servants!' But those, whom they are not interesting for their Lord's respect and glorifying, (they are) never invited; no one (is) saying (to them): 'Come closer', because they are running away from their Lord's Divinely Presence, (instead they are) running to such a (material) things that this whole world no value in Divinely Presence. They are running after so cheap and no value things, therefore Allah Almighty (is) never accepting (them)."

What do you think: If a group of people (is) asking to visit their lord, their King, their Sultan and everyone (is) bringing something with them, what do your think, if (the) Sultan (is) looking (to) those people and looking what they are bringing, how should be his dealing with those people? For example: Some of them (are) bringing diamonds, some of them (are) bringing golden, some of them (are) bringing emeralds, some of

them (are) bringing red rubies, some of them (are) bringing not white, but pink pearls.

(But) some (others) of them (are) loading on their shoulders straw, some of them (are) bringing fertilizer, some of them (are) bringing (something from the) dustbin, carrying garbage with them... What do you think he is saying? "Come, first you... ehhh, so bad smelling! From where (you are) bringing (this)? Take them away!"

Dunya, this world is not so valuable; (it really has) no value for Allah Almighty, and He never looks (to) Dunya. If Allah (was) looking to Dunya, Dunya (was) going to be immediately a big ruby! (A) big ruby! But (He is) never looking. (Dunya is) so dirty, (a) so disliked thing, and whom they are running (rushing) on it, how He is going to say (to them): "Welcome to you"? (He is going to say:) "You are leaving your Creator and (you are) running for (this) dirty life, no value life, (therefore,) if you are bringing something (of) no value, you are also (of) no value in My Divine Presence!"

But people now they changed everything; they are asking to learn more and more and more useless things and (they are) leaving their Creator, their Lord. And they finished their chances (here) and finally they are going to be such (garbage)...

(It is like with) a person, who is cleaning his home or his garden and (then) making a heap of garbage, what he is collecting, (and then he is) bringing a match and making (a fire)...Now people (are) making themselves (of) no value and (a) fire (is) coming to burn them and to clean (the) world from those no mind people, no Adab people, no respect people, not believing people, to finish them to take them away!... And they are trying to make that fire now!...

May Allah protect us on His Good-Adab-Way! We are trying to be much more good mannered, good quality ones, much more acceptable ones in His Divinely Presence, not to be like garbage. People mostly now they are like garbage. Only few ones, few ones, few ones (that) they have some good quality, they should be protected.

May Allah forgive us! Therefore I am asking: O our Lord, forgive us, because people are drunk with democracy; (they are) sleeping with democracy, awakening with democracy "Democracy, democracy"...daily. There is (the prayer-beads, representing the) 99 Names (of Allah), but they are saying (instead of Allah's Holy

Names) "Democracy, democracy, democracy, democracy...100...

We shall begin second day another: democracy, democracy, democracy"... their Dhikr (is) going to be "Democracy, democracy, democracy" ...Everything for democracy! "O people, you must know that everything must be for democracy!" "Say that: "Everything must be for Allah!" "No, you are wrong, you must say: Democracy, democracy..., every day!"

May Allah forgive us!

Allah Allah, Allah Allah, Allah Allah, Aziz Allah...
Allah Allah, Allah Allah, Allah Allah, Subhan Allah...
Allah Allah, Allah Allah, Allah Allah, Sultan Allah...
We are asking You, O our Lord, we are not asking democracy!

May Allah forgive us and bless you, for the honour of the most honoured one in His Divinely Presence, Sayyidina Muhammad - sallaLlahu ´alayhi wa sallam,

Fatiha.

**A Learned Man**

---

What is the reason for not giving to a person? You understand?
G. Not yet.
M. The secret power, Allah Almighty giving to that rod to destroy falsehood, not giving to Moses. We mean to say that everyone may be given from His love & extraordinary power. Or everyone can be an extraordinary being among people. Or everyone can be a distinguished person or everyone can have a distinguished personality among all creatures. Understanding? Don't refuse if I am saying "That person is Qutub". Qutub, Pole. Don't say "No". "La Mani`a Lima A`ta" Nothing can prevent Allah Almighty to give His Divinely Power to anyone. This point making us to keep respect with all people & to think about everyone good thoughts. Because he may be a distinguished servant among others. From where taking this?
GrandShaykh. He is saying to me that when Allah Almighty giving that power to a rod, you must think about it. If He can put in a rod, what is the mani'a, prevention? What is preventing Him to give anyone anything from His Divinely Power? Nothing, nothing can prevent Him.
Therefore we must be always with all people in good thoughts. Don't judge for anyone looking his outlooking or looking to his form & thinking bad thoughts for that person. No. Allah Almighty may give His Divinely Power to anyone if He likes. When the rod of Moses destroying falsehood, Allah Almighty may give to one person from His Divine Power to destroy all falsehood on earth, on the world.
Therefore Sahib al-Zaman Mahdi (as), he is enough for whole world, to destroy all falsehood from East to West. Don't think that "How it may be"? You must look for what Allah saying- Allah Almighty what saying in Quran? All the nations- Christians, Jews & Muslims they are knowing that the rod of Moses destroyed Pharaoh & his kingdom, and his kufr (unbelief), his

falsehood - one rod destroyed. Rod, one rod is enough for one Pharaoh. Now as much as, maybe all people Pharaoh, or Nimrod. Doesn't matter, one person also is too much for them.
GrandShaykh Says "With one nafas al-qudsiyya, Divinely Breath- that Mahdi (as) has, Divinely Breath, it is enough for whole world, to destroy all falsehood in East & West". Understanding now?
Don't say "How Mahdi will correct all things?" or "How Mahdi alone can destroy all falsehood on whole world?" "4 billion, 5 billion people, how he can destroy their falsehood?" Don't think this. You are believing in Quran, in Torah, in Injil/Bible that Allah Almighty with rod of Moses destroyed Pharaoh & his kingdom & his falsehood. Now one man, he is enough & too much for 5 billions or 50 billions. Therefore saying my GrandShaykh "O Nazim Effendi, one Divine Breath for one wali may destroy all falsehood over the world & may bring all rights, haqq all the world. He may pull up for whole world with rightness. Are you sleepy?
G. No.
M. You look to what I am speaking, you complete this. Another lesson, we must speak on it insha Allah. Qasrati sual taffa nur al iman..... Too much questions, jidal, argumentation extinguishes the light of iman. He means to say many questions without need, no need. For example, we are sitting for association. And when speaking, one person asking many questions without use.. useless questions. That making iman weaker. Alhamdulillah, we thanking to Allah Almighty no one comes here such a people ask more questions. If asking, no lessons for... This important- useless questions extinguishing the light of faith. And saying another, another good manner our GrandShaykh. This is another lesson now.
Asking, Grandshaykh "Who is a learned person, aalim?" Min hu aalim, who is learned man? Don't think that who knows too much, he is a learned man in front of Allah Almighty & His Prophet & in front of awliya. He says "learned man, who he is improving everyday in good actions; he is learned man". Increasing, increasing in action, in good actions; who is growing up everyday, he is a learned man. Not who knows so much books, or who read so many books, he is not a learned man in the sight of Allah Almighty & His Prophet & in the sight of awliya. Who he is growing everyday in good actions, he is a learned man.
He signing, GrandShaykh, signing us to make our care on good actions. Not too much reading, too much memorization. You understand? You must take care for good actions growing

everyday more & more, not too much memorizations, no. Not important this. Who he is growing in good actions he is beloved in Divine Presence. Because good actions giving power to our souls for reaching to our heavenly stations. Not too much memorizations, no! You may know all books, you may keep all books in your memory. If no good actions you can't get up even one meter, one foot you can't get up from this earth towards Heavens. But good actions that gives you more power for reaching to Heavenly stations. Understand this? This is very good subject. In front of you open a white area, you may go in. Good actions area, enter in it & do as much as you can. This gives you more & more power. Spiritual powers coming from good actions, not coming from too much memories.

G. What exactly do you mean by good actions? Do you mean doing good to other people or do you mean like dhikr & worshipping.. or both?

M. When we are saying good actions, includes all things- for yourself & for others. For Allah, for your Lord & for His servants, good actions. For you & for everyone & for every creature. This is our duty. Try to keep good actions from lessons. Understand?

G. From lessons?

M. Yes. Every lesson has a practise now. When you are writing those lessons, each one signing a practise. We are not speaking something only..ideas, theories, no. Everything that we are speaking, it has practise. It has good actions, for you & for everyone. For Allah Almighty & for His servants.

And here GrandShaykh saying Prophet (pbuh) said for "Hamalat al Quran", who keeps in his memory Quran, "They are most honorable people among my nation". He says. We ask him also a question, "Who is that people that they are keeping Holy Quran in their memories, & who has been honored by that honor? He says "he is not a person who keeping the words, the verses of Holy Quran in his memory only but who he is a person who keeping all the ways of Prophet, Sunnah. Who keeps all of them- 500 Sunnah, who keeps all of them & leaves 800 forbidden actions, he is honoured with this reward- hamalat al-Quran/carrier of Quran. They have been honoured. Clear, this? If a man only reading Quran by his memory he has not that honour. But who keeps all the Sunnah, all the ways which Prophet (sas) brought for us & who leaving all prohibited actions he has been honoured to be carrier of Holy Quran. Carrier, hamala. As much as you keeping Sunnah & as much as you leaving prohibited actions you are going quickly to

Divine Presence & strongly, powerful.
Wa min Allah at-tawfiq. It is enough for this night. Bi hurmat al Fatiha.

**Ein Gelehrter**

Was ist der Grund, es jemand nicht zu geben? Verstehst du? G: Noch nicht. M: Die geheime Macht. Allah der Allmächtige gibt diesem Stab, die Falschheit zu zerstören, und nicht Moses. Wir wollen damit sagen, daß jedem von Seiner Liebe und außergewöhnlichen Macht gegeben werden kann. Jeder kann ein außergewöhnliches Wesen unter den Menschen sein. Jeder kann eine herausragende Person sein oder jeder kann eine herausragende Persönlichkeit unter allen Geschöpfen haben. Verstehst du? Weise es nicht zurück, wenn ich sage: 'Diese Person ist Qutub'. Qutub, Pol. Sage nicht 'Nein'. "La Mani`a Lima A`ta". Nichts kann Allah den Allmächtigen davon abhalten, Seine Göttliche Macht jemandem zu geben. Dieser Punkt läßt uns Respekt bewahren vor allen Menschen und gute Gedanken über jeden haben, weil er ein herausragender Diener unter anderen sein kann. Woher nehme ich das? Von Großshaykh. Er sagte zu mir, wenn Allah der Allmächtige einem Stab diese Macht gibt, mußt du darüber nachdenken. Wenn Er sie in einen Stab geben kann, was ist die Mani`a, die Hinderung? Was hindert Ihn, jemandem etwas von Seiner Göttlichen Macht zu geben? Nichts. Nichts kann Ihn hindern. Deshalb müssen wir immer allen Menschen gegenüber in guten Gedanken verharren. Beurteile niemanden, wenn du sein Äußeres anschaust oder seine Form, und denke keine schlechten Gedanken über diese Person. Nein. Allah der Allmächtige kann Seine Göttliche Macht jedem geben, wenn Er will. Wenn der Stab von Moses Falschheit zerstörte, kann Allah der Allmächtige einer Person von Seiner Göttlichen Macht geben, um alle Falschheit zu zerstören auf Erden, in der Welt. Deshalb ist Sahibu z-Zaman, Mahdi (as) genug für die ganze Welt, um alle Falschheit von Ost bis West zu zerstören. Denk nicht: 'Wie soll das gehen?' Du mußt darauf achten, was Allah (swt) sagt. Was sagt Allah der Allmächtige im Quran? Alle Nationen, Christen, Juden und Muslime, wissen, daß der Stab von Moses (as) Pharao und sein Königreich zerstörte, und sein Kufr, seinen Unglauben, seine Falschheit - ein Stab zerstörte sie. Ein Stab, ein Stab ist ausreichend für einen Pharao. Jetzt so viel wie, vielleicht alle Leute, Pharao oder Nimrod, egal, eine Person ist auch zu

viel für sie. Großshaykh sagt: 'Ein Nafasu l-Qudsiyya, ein Göttlichen Atem, den Mahdi (as) hat, Göttlicher Atem, ist genug für die ganze Welt, um alle Falschheit in Ost und West zu zerstören.' Verstehst du jetzt? Sag nicht: 'Wie wird Mahdi (as) alle Dinge zurechtrücken?' oder 'Wie kann Mahdi (as) allein alle Falschheit auf der ganzen Welt zerstören? 4 Billionen, 5 Billionen Menschen, wie kann er ihre Falschheit zerstören?' Denke das nicht. Du glaubst an den Quran, die Torah, Injil, die Bibel, daß Allah der Allmächtige mit dem Stab von Moses (as) Pharao und sein Königreich und seine Falschheit zerstörte. Jetzt ein Mann ist genug und zu viel für 5 Billionen oder 50 Billionen. Deshalb sagte mein Großshaykh: 'O Nazim Effendi, ein Göttlicher Atemzug eines Wali kann alle Falschheit in der ganzen Welt zerstören und kann alle Rechte, Haqq, der ganzen Welt bringen. Er kann für die ganze Welt das Recht hochbringen. Bist du schläfrig? G: Nein. M: Achte auf das, was ich sage, vervollständige das. In einer anderen Lektion müssen wir darüber sprechen, insha'Allah.

"Qasrati Su'al Taffa Nuru l-Iman..." Zu viele Fragen, Jidal - Argumentation, löschen das Licht des Iman aus. Er meint, viele Fragen ohne Notwendigkeit, keine Notwendigkeit. Zum Beispiel, wir sitzen in einer Vereinigung und wenn gesprochen wird, stellt einer viele Fragen, unnütz.. sinnlose Fragen. Das macht den Iman schwächer. Alhamdulillah, wir danken Allah dem Allmächtigen, daß solche Leute, die immer mehr Fragen stellen, nicht hierher kommen. Wenn sie fragen, keine Lektionen... Das ist wichtig - unnütze Fragen löschen das Licht des Glaubens aus.

Und eine andere gute Verhaltensweise erwähnt unser Großshaykh. Das ist eine andere Lektion jetzt. Großshaykh fragte: 'Wer ist ein Gelehrter, Alim?' "Minhu Alim" - Wer ist ein Gelehrter? Glaube nicht, daß, wer sehr viel weiß, ein Gelehrter ist vor Allah dem Allmächtigen und Seinem Propheten (saws) und vor den Awliya ist. Er sagt: 'Ein Gelehrter ist, wer sich bessert jeden Tag bezüglich guter Taten. Der ist ein Gelehrter.' Der zunimmt, zunimmt an Taten, an guten Taten, der jeden Tag wächst, der ist ein Gelehrter. Nicht wer so viele Bücher kennt oder wer so viele Bücher liest, der ist kein Gelehrter in den Augen Allahs des Allmächtigen und Seines Propheten und der Awliya. Wer jeden Tag zunimmt an guten Taten, der ist ein Gelehrter. Großshaykh nimmt uns unter Vertrag, daß wir für gute Taten sorgen. Nicht zu viel lesen, nicht zu viel auswendig lernen. Verstehst du? Du mußt dafür sorgen, daß deine guten Taten jeden Tag mehr

und mehr wachsen, nicht zu viel auswendig lernen, nein. Das ist nicht so wichtig. Wer an guten Taten wächst, wird geliebt in der Göttlichen Gegenwart, weil gute Taten unserer Seele Kraft geben, um unsere himmlische Stufe zu erreichen. Nicht zu viel auswendig lernen, nein! Du kannst alle Bücher kennen, Du kannst alle Bücher in deinem Gedächtnis bewahren, wenn du keine guten Taten hast, kannst du nicht einmal einen Meter aufsteigen, oder einen Fuß, du kannst nicht hochkommen von der Erde zum Himmel. Aber gute Taten geben dir mehr Kraft, um himmlische Stationen zu erreichen. Verstehst du?

Das ist ein sehr gutes Thema. Vor dir öffnet sich ein weißes Gebiet, in das du hineingehen kannst. Das Gebiet der guten Taten, geh hinein und tu so viel du kannst. Das gibt dir mehr und mehr Kraft. Geistige Kräfte kommen von guten Taten, nicht von einem guten Erinnerungsvermögen. G: Was genau meint Ihr mit guten Taten? Meint Ihr, Gutes zu tun für andere Menschen oder meint ihr Dhikr und Gottesdienst.. oder beides? M: Wenn wir sagen 'gute Taten', umfaßt das alles für dich selbst und für andere. Für Allah, für deinen Herrn und für Seine Diener, gute Taten. Für dich und für alle und für jedes Geschöpf. Das ist unsere Pflicht. Versuche, von jeder Lektion gute Taten zu bewahren. Verstehst du? G: Von den Lektionen? M: Ja. Jede Lektion hat jetzt eine Übung. Wenn du diese Lektionen aufschreibst, bezeichnet jede einzelne eine Übung. Wir sprechen nicht nur über Ideen, Theorien. Nein. Alles, über das wir sprechen, hat einen Gebrauch. Es hat gute Taten für dich und für alle. Für Allah den Allmächtigen und für Seine Diener. Und hier sagt Großshaykh, der Prophet (saws) sagte: "Hamalatu l-Quran", wer den Quran im Gedächtnis behält, 'sie sind höchst ehrenwerte Menschen unter meiner Nation.' Er sagte das. Wir stellten ihm auch eine Frage: 'Wer sind diese Menschen, die den Heiligen Quran im Gedächtnis bewahren, und die geehrt worden sind mit dieser Ehre?' Er sagte: 'Er ist nicht nur jemand, der die Worte, die Verse des Heiligen Quran in seinem Gedächtnis bewahrt, sondern jemand, der alle Wege des Propheten (saws), die Sunnah, bewahrt. Wer sie alle bewahrt - 500 Sunnah, der sie alle bewahrt und die 800 verbotenen Taten sein läßt, der ist geehrt mit diesem Lohn - "Hamalatu l-Quran" - Träger des Quran. Sie sind geehrt worden. Ist das klar? Wenn ein Mensch nur Quran liest aus dem Gedächtnis, hat er nicht diese Ehre, aber wer die ganze Sunnah einhält, alle Wege, die der Prophet (saws) für uns gebracht hat, und der alle verbotenen Taten sein läßt, der wird geehrt als der Träger des Heiligen Quran. Träger - "Hamala". In dem Maße wie du die Sunnah einhältst und in dem Maße wie du die verbotenen

Taten sein läßt, gelangst du schnell in die Göttliche Gegenwart, und stark und mächtig. Wa min Allaha t-Tawfiq. Es reicht für diese Nacht. Bi Hurmati l-Fatiha.

## Learn From The Sun

As-salamu alaikum. Ay yaran Shah Mardan. O our Lord, You are the One who created us. O our Lord, let us be successful with Your servanthood. What we want, O our Lord, is to perform servanthood to You. Please go on Shah Mardan! Destroy falsehood. May the Haqq Diwan be seen! Please go on, May we get strength. With what may we get strength? Ay yaran, friends of Shah Mardan. From where do we get strength? From the One whose name is Pure. We take it from the Sultan's Grace.

May our day be good! May our troubles go away! O Lord, before falling deep into them. May all troubles leave us and go away. Let's say, Bismillahi r-Rahmani r-Rahim. All troubles will leave you. O our Lord, You made us from the ummah of Your Beloved al-Habib. Thank You! Please go on Shah Mardan! Your friends admire you! May we ask! Janabul Mawla, Who created us, may we glorify Him. Let's say, Bismillahi r-Rahmani r-Rahim. Please Shah Mardan go on, teach us. May you teach us, may we learn.

O people, are you taking notice of the day and the night? The Almighty, Majestic Lord Allah, brings the day and takes away the night. Then He brings the night and takes away the day. O people, listen, learn and take knowledge for your servanthood. Learn adab. MashaAllahu kan wa ma lam yasha lam yakun. The Creator of this universe said "be" and all came to existence. If He says don't be, all will vanish at once. Think! Gaze at the sky! Gaze at the Earth too! May we open up! Please go on Shah Mardan, your friends admire you. May our hearts and souls open up!

O idiot people! You are screaming in the streets for a piece of bread. It is not clear to whom you are calling. Why do you gather in the streets? You should gather in the mosques and say

Bismillahi r-Rahmani r-Rahim. Tawba ya Rabbi, tawba ya Rabbi, tawba astagfirullah. When a misfortune comes to someone, it is because of his wrong doing (misbehaving). Punishment/ misfortune doesn't come without a reason. When government (officers) take someone, he is taken as a result of his guilt. They don't take common people to bring to court. People are not thinking - we are at fault that is why we are facing this trouble.

Look! Look to the Creator of the Earth and the Heavens. Think! Who is making the sun to rise? The sun is rising with such a majesty! The sun is rising with such a beauty! Then, in the afternoon, like the diminishing light of a lamp, dusk is falling. In the morning, the sun is rising with respect for its Lord, Who has dressed it with its attribute of sun; rising with such a majesty above the horizon. Why? 'The sun', we say the sun. It is being dressed with a beautiful robe, a new robe of light, a new light is being dressed on it. Can you think of that? Please go on Shah Mardan! Every morning its Creator dresses the sun with a new robe of light/nur. When evening comes that robe, which was there in the sky from morning till evening, at the end of the day that honourable robe of light is taken off. The sun sets below the line of the horizon and disappears.

The sun disappears. You should ask: where did it go? The sun rises with majesty in the morning, rises with light, then at the end of the day it disappears like a diminishing candlelight. O people, say, "O the sun, who makes you rise? Who dresses you with light/nur? You make sajda first and then you rise." Do you think, O people, to make sajda to your Lord also? Who is making the sun to rise? Who is giving it its light? Understand this! Please go on Shah Mardan. May we all be on your way. May your friends get light from your light. You came to this world to get light/nur.

Ask who is making the sun to rise? What is the identity of the sun? Ask for its identity. Everything has an identity. Hasha minal hudur. A donkey has an identity too. It says, "I am a donkey". The sun has an identity; its qualities. I have the nur my Lord gave me, with which He dressed me in order to end the darkness. Where do you get your light? You must ask O mankind! From where, does the Sun take its identity/quality?

Please go on Shah Mardan, Think! The sun knows where its light comes from. You are human but you don't know where you came from! For whom did I come? Why did I come? You don't

ask. Either you become a horse rider, or, hasha minal hudur, a donkey carrying loads. People are of two classes - One is an honourable human. who is dressed with an identity from heavens; nur is dressed on them. The sun is giving that Nur to the Earth. Is it doing this by its own will? Please go on Shah Mardan, your knowledge is admired by everyone. Think! Think of that. When you think there will be a rank you will get. The Sun rises when it brings the Nur. It gives that light to Dunya and then, dusk comes, it returns back to its origin. From where does the sun bring that light when it rises? From where does the sun bring its light? Ask this!

The sun has a light. It brings the light. The sun knows from where it takes this light. You are human, you have a light too. If you don't ask, where does this light comes from, shame on you, pity on you! Then, what you eat and drink is haram for you!

As-Salamu `alaykum. Ay Yaran Shah Mardans. O unser Herr, Du bist Derjenige, Der uns erschuf. O unser Herr, laß uns erfolgreich sein mit Deiner Dienerschaft. Was wir wollen, o unser Herr, ist, Dir zu Diensten zu sein. Bitte, mach weiter, Shah Mardan! Zerstöre die Falschheit! Möge der Haqq Diwan sichtbar sein! Bitte, mach weiter. Mögen wir Kraft bekommen! Womit mögen wir Kraft bekommen? Ay Yaran, Freunde Shah Mardans. Woher bekommen wir Kraft? Von dem Einen, Dessen Name rein ist. Wir nehmen sie von der Gnade des Sultans. Möge unser Tag gut sein! Mögen unsere Schwierigkeiten verschwinden, o Herr, bevor wir tief hineinfallen. Mögen uns alle Schwierigkeiten verlassen und verschwinden. Sagen wir: Bismillahi r-Rahmani r-Rahim. Alle Schwierigkeiten werden euch verlassen. O unser Herr, Du machtest uns von der Ummah Deines Geliebten al-Habib. Danke! Bitte, mach weiter, Shah Mardan! Deine Freunde bewundern dich! Mögen wir bitten! Janabu l-Mawla, Der uns erschuf, mögen wir Ihn preisen! Sagen wir: Bismillahi r-Rahmani r-Rahim. Bitte, Shah Mardan, mach weiter. Lehre uns! Mögest du uns lehren, mögen wir lernen!

O Leute, nehmt ihr den Tag und die Nacht wahr? Der Allmächtige, Majestätische Herr, Allah, bringt den Tag und nimmt die Nacht weg. Dann bringt Er die Nacht und nimmt den Tag weg. O

Leute, hört, lernt und nehmt Wissen für euere Dienerschaft. Lernt Adab! Ma sha' Allahu Kan wa ma lam Yasha' lam Yakun. Der Schöpfer dieses Universums sagte, 'Sei!', und alles kam in die Existenz. Wenn Er sagt, 'Sei nicht!', wird alles sofort verschwinden. Denkt! Guckt in den Himmel! Guckt auch auf die Erde! Mögen wir uns öffnen! Bitte, mach weiter, Shah Mardan, deine Freunde bewundern dich. Mögen unsere Herzen und Seelen sich öffnen! O ihr Dummköpfe! Ihr schreit auf der Straße um ein Stück Brot. Es ist nicht klar, wen ihr anruft. Warum versammelt ihr euch auf der Straße? Ihr solltet euch in den Moscheen versammeln und sagen: Bismillahi r-Rahmani r-Rahim. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Wenn jemanden ein Unglück befällt, ist es wegen seiner falschen Taten. Ein Unglück kommt nicht ohne Grund. Wenn die Regierung jemanden nimmt, wird er aufgrund seiner Schuld genommen. Sie nehmen keine gewöhnlichen Leute und bringen sie vor Gericht. Die Menschen denken nicht: Wir sind im Unrecht, deshalb begegnen wir diesen Schwierigkeiten.

Seht! Seht den Schöpfer der Erde und der Himmel. Denkt! Wer läßt die Sonne aufgehen? Die Sonne geht mit solcher Majestät auf! Die Sonne geht mit solcher Schönheit auf! Dann, am Nachmittag, wie das abnehmende Licht einer Lampe, fällt die Dämmerung. Am Morgen geht die Sonne mit Respekt für ihren Herrn auf, Der sie mit ihrem Attribut der Sonne bekleidet hat. Sie geht mit solcher Majestät über dem Horizont auf! Warum? Die Sonne, wir sagen 'die Sonne'. Sie ist mit einem schönen Gewand bekleidet, einem neuen Gewand von Licht. Ein neues Licht wird ihr angezogen. Könnt ihr daran denken? Bitte, mach weiter, Shah Mardan! Jeden Morgen bekleidet ihr Schöpfer die Sonne mit einem neuen Gewand aus Licht, Nur. Wenn der Abend kommt, wird dieses Gewand, das dort am Himmel war vom Morgen bis zum Abend, am Ende des Tages wird dieses ehrenwerte Gewand aus Licht ausgezogen. Die Sonne geht unter unterhalb der Linie des Horizonts und verschwindet. Die Sonne verschwindet. Ihr solltet fragen: Wohin ist sie gegangen? Die Sonne geht mit Majestät auf am Morgen, geht mit Licht auf, dann am Ende des Tages verschwindet sie wie ein ausgehendes Kerzenlicht. O Leute, sagt: O Sonne, wer läßt dich aufgehen? Wer bekleidet dich mit Licht? Du machst zuerst Sajda und gehst dann auf. Denkt ihr daran, o Leute, auch Sajda für eueren Herrn zu machen? Wer läßt die Sonne aufgehen? Wer gibt ihr ihr Licht? Versteht das!

Bitte, mach weiter, Shah Mardan. Mögen wir alle auf deinem Weg sein. Mögen deine Freunde Licht von deinem Licht bekommen. Ihr kamt auf diese Welt, um Licht zu bekommen. Fragt, wer die Sonne aufgehen läßt. Was ist die Identität der Sonne? Fragt nach ihrer Identität. Alles hat eine Identität. Hasha mina l-Hudur. Ein Esel hat auch eine Identität. Er sagt: Ich bin ein Esel. Die Sonne hat eine Identität, ihre Eigenschaften. Ich habe das Licht, das mein Herr mir gab, mit dem Er mich bekleidete, um die Dunkelheit zu beenden. Woher bekommst du dein Licht? Ihr müßt fragen, o Menschheit! Von wo nimmt die Sonne ihre Identität? Bitte, mach weiter, Shah Mardan.

Denkt! Die Sonne weiß, wo ihr Licht herkommt. Ihr seid Menschen, aber ihr wißt nicht, woher ihr kommt. Für wen bin ich gekommen? Warum bin ich gekommen? Ihr fragt nicht. Entweder wirst du Reiter eines Pferdes, oder, Hasha mina l-Hudur, ein Esel, der Lasten trägt. Die Menschen sind von zwei Klassen. Einer ist ein ehrenwerter Mensch, der bekleidet ist mit einer Identität von den Himmeln. Er wird mit Licht bekleidet. Die Sonne gibt der Erde dieses Licht. Tut sie das aus eigenem Willen? Bitte, mach weiter, Shah Mardan. Dein Wissen wird von allen bewundert. Denkt! Denkt darüber nach! Wenn ihr denkt, wird es einen Rang geben, den ihr bekommt.

Die Sonne geht auf, wenn sie das Licht bringt. Sie gibt dieses Licht der Dunya, und dann kommt die Dämmerung, und sie kehrt zurück zu ihrem Ursprung. Woher bringt die Sonne dieses Licht, wenn sie aufgeht? Woher bringt die Sonne ihr Licht? Fragt das! Die Sonne hat Licht. Sie bringt das Licht. Die Sonne weiß, woher sie dieses Licht nimmt. Ihr seid Menschen, ihr habt auch Licht. Wenn ihr nicht fragt, woher dieses Licht kommt, Schande auf euch, Mitleid mit euch! Dann ist, was ihr eßt und trinkt, haram für euch!

## The Importance of Learning Qur'an

As-salaamu `alaykum. Who is in charge here, who looks after these people? (I do.) Do they stay here all day long? How many people stay here? Does everyone know (how to read) Qur'an al-Kareem? Those of you who know, raise your hand. Who can read, how many people? (Some know and some do not.) Bismillahi 'r-Rahmaani 'r-Raheem. Asta'eedhu billah:

••••••• ••• ••••••• •••••••••••••••

Innahu laa yuhibbu 'l-musrifeen. Surely, He does not love the wasteful. (al-`Araaf, 7: 31)

SadaqAllahu 'l-`Azheem. Allah Almighty never likes a servant to waste his life, to spend his life without any purpose. Do you understand? First of all, you are very welcome here; I am happy you are coming and giving your time to be here, but I don't like for you to waste your time. Those of you who know how to read Qur'an al-Kareem must recite at least one, two, or three chapters daily. For those who do not know, it is a big chance for you to be free here and learn.

Therefore, I have been ordered from our Grandshaykh (q) that everyone coming here must try to learn Qur'an al-Kareem. Don't waste your time! It is also an honor for us to learn Qur'an al-Kareem, so do not waste your time. Those who know Qur'an al-Kareem must look after at least two, three, or ten people, to sit

down with them and teach them how to read Qur'an al-Kareem. Is there anything wrong in this? No, so bring me those who know how to read Qur'an al-Kareem, like the imaam of that mosque; he should come here and teach.

(What time during the day should we do this service, after Zhuhr prayer? )

They should take lessons until Salaat azh-Zhuhr, and after prayer they must not sit here. Take them up to the mountain to cut down dry trees, because you need wood here to heat water. There are also so many sticks and twigs which they can help pick up. The air is very nice over there, and it is much better than being imprisoned inside not doing anything. They should pick up sticks to clean the area and use them for burning, as we do not have enough here. They may at least drink tea there at the time of breaking fast, and may even have their food; however, they should make sure to clean those areas up until Salaat al-Maghrib, and inshaa-Allah everyday I will come and look.

(So should the imaam arrive before Zhuhr prayer?)

It is better, because after Zhuhr a slight heaviness may come on you. That is why if they are able to, let them come after Salaat al-Fajr, at Ishraaq time. They may rest after Zhuhr and when the heat subsides a bit they should head out to work. Mashaa-allah, these are all young men sitting here. Why are they sitting, doing nothing? Therefore, the imaam of that mosque may come after late morning and teach those who do not know, he may also teach how to recite the Holy Qur'an with tajweed. After praying Salaat azh-Zhuhr, you may go up the hills to work. Take your rest between zhuhr and `asr prayers until the weather cools down.

Also, whoever knows carpentry may prepare some seats to be seated there. I hope and trying to make a much bigger place for you to rest and take in fresh air, and also for you to move your body a little bit, not sleeping like this everyday. For iftaar, is there enough space here for them to sit and eat? Where do all these people eat? Where do they sit?

(There are seats here and sofas inside.) No, there must be an orderly place, not like this, everything out of place. I would like for there to be a cafeteria where everyone could go, take his plate and eat.

(Yes, we are working on that; after one month it will be as you like.) After one month? After Ramadan? That

is why I am telling you: from wood we can build a shelter or a cottage and bring the food and water there for iftaar. The air there is nice and clean and there is also water for making wudu. These people have crowded in here! Look at me!

Do you know Qur'an al-Kareem? (No.) You must learn. You may learn for at least one week. Hajj Ahmet, come here. If you need some men to go and help you too, you make take. If you find elderly people like you who can handle the work, take them. Chicken manure is very good for headaches; it is very useful. Can we also build a concrete pond for the geese? Or from these heavy nylons?

(Yes, he has a pool for the geese.) How big is it? (Enough for all the geese.) Good. I would also like a pond where I could throw red fishes in, as they eat the flies; they would look beautiful in there.

So as of today, after you finish praying Salaat al-`Asr, you may go there with Baba Tahsin to look at what is wrong and to fix. There are so many pine trees in the forest; when the weather is good, you may walk around these trees and collect sticks and twigs for burning. I don't like that you are sitting here. Perhaps after Ramadan, I am thinking to make this place for ladies and that place for men.

Is there anyone here who knows handcraft? There are so many Pakistanis, Afghanis, Turks, Iranians, and Arabs who come here and they know handcrafts. I would like for them to arrange a small place for teaching those who do not know anything, even the Cypriots, as this is not only for you. They should teach them handicrafts, such as carpentry or shoe-making. There are several kinds of handicrafts, and perhaps you have many people who know how to do something. Teach them carpentry; it will be like a golden chain for people.

Therefore, inshaa-Allah, I hope to come some days, to be here and sit with you. Then, you should go and rest a little bit, but to rest there (in the open air) is better for you. Allah Almighty blesses you and accepts our humble servanthood. We are only trying to be a good servant; we are not asking to be dunya's servants or to be Shaytan's followers. We must train ourselves here, and when you are going back (to your countries) you must teach and remind your people, "O People! We have been created for our Lord's servanthood!"

Those who know calligraphy may write in their own language, in Arabic letters, and in Latin letters. After you do this, you may give it to people to know that we are not created for dunya, but we have been created for Allah (swt), for His servanthood. May Allah forgive us.

As-salaamu `alaykum. Pray for me! Pray for me, inshaa-Allah, that I may come here to be with you (more often), even to pray Salaat azh-Zhuhr here. I like to come, because people are complaining, saying, “We can’t see the shaykh!” I am not “shaykh.” I am not claiming this, but I have been ordered to look after you. Real shaykhs are in Makkah al-Mukarrama, Madinatu ‘l-Munawwara, and Shaam ash-Shareef, in such holy places. Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Shukr yaa Rabbee, shukr!

So many people are on wrong ways and you are coming here to ask for a good way, to be a good servant. May Allah bless you and also give me the power to be with you, to come and sit with my guests. (...) What can we do? Religion is Allah’s religion; you cannot go against it. Allah is the Absolute Victorious. How much they try to suppress it, but it is still rising, and will continue to rise.

## Learn Wisdom and the Ability to Accept Changes in Life

There's turmoil everywhere. Nothing remains the same, as every day's manifestation is different. Today does not resemble the day before, and tomorrow will not be the same as today; each one's content is different. Yesterday's events cannot be found here today; that is finished. Similar to al-Fulk al-mashhoon, "The Loaded Ship," another ship has sailed to dock. It will unload its cargo, take what it will take, give what it will give, and then move on. The next day it will arrive with another cargo and will give and take again. Therefore, one day does not resemble the other.

Now what has been said concerning this? "The believer is someone who complies with each day's manifestation." A believer moves toward the direction in which the water flows. A foolish one, however, wants to move against it. But that is impossible, my son, impossible! Move in the direction of the water, not opposite of it! Now all Mankind are going against the stream. They never go toward the easy way, which is why there is trouble everywhere, because they are struggling to move in the opposite direction. What does it mean when I say "opposite direction"? It means, they want to transfer all of today's matters to tomorrow. That's impossible! Today's work is different, tomorrow's manifestation is different.

We are in the summer season. After three months, autumn will come. Now if you want to apply summer's manifestations on autumn, is that possible? It's impossible. After autumn comes winter. Winter's

manifestation is different, yet we want to enforce autumns weather on winter. That is impossible! In a whole year, there can't only be autumn or only winter. After winter comes a change, comes spring; it is a continuous cycle. The manifestation of spring is different. We want all of them to be one, but no my son, that's impossible. Why can't these people ever succeed? Because they don't know any wisdom. Can summer and winter ever be equal? Can autumn and spring be equal? Never! A man who doesn't know wisdom will sink in it and remain there; he won't be able to get out.

That is why (understanding) tajalli, manifestation is important. Today's work is different than tomorrow's, so we have to act accordingly. How do you hold the steering wheel of a car? If you hold it the same way you are driving on a straight road, then when you go down or up a hill, or when you enter a curve, it will roll over a hundred times. A hundred times! That is why you need to know the different manifestations. And Allah has shown us the four seasons to teach us, "You will change; you can't always stay the same! Youth is different, middle-age is different, and old age is different." These people have no wisdom; they (ignorantly) continue going straight. Can't be! There is also a curve in the road. Then you will roll over and never get up a second time, God forbid. They know nothing of wisdom, whereas that should be the first thing taught in schools; you have to teach wisdom first! There is no end and no count to this world's wisdoms, and all are useful for Mankind. When we say wisdom, it means, all of it is for the benefit of Mankind.

Allah created these wisdoms, but they don't teach us this. Open the books of these donkeys; everything in them is rubbish! Rubbish! Why do you put rubbish in these books? There are jewels! Bring out these jewels. Teach people to search and find jewels. Thousands of students are finishing their studies, but they have no idea what to do after. Then why did you study? For what did you study? All these years, you used up your youth, and now you reached close to a zero, both physically and spiritually. For what? What did you learn? It's only, "Good," "Excellent," "Honor Roll," gymnastics, this and that. This is idle talk, yaa Hu! Leave this! Change is fard, obligatory. You have to change! Who doesn't know summer cannot know winter, who doesn't know winter cannot know summer. Why have you let your children study so much (of rubbish)? What did you teach them? Here, he brings home his report card with, "Very Good," or "Good." This is all rubbish! The child cannot survive in life with this. Your son received his diploma, report card. Nowadays, they call it "diploma," but back in the days they called it "shehadetnâme" (Certificate of Witness). For what? Witnessing that this child has learned something, that he has learned these lessons and is now certified to apply them (in

real life.)

What will become of these youth now? That's why, there are at least 40,000 unemployed youth. What can they do? What is it that they learned? They don't teach anything useful, so how can they know? If it is something to be learned, then let us learn it too. The diploma in his hand is nonsense. That one is a principal, this one is an assistant principal, that one is a teacher, or this and that, all of which is for showing off; it is rubbish work! What is it that you are showing off so much? What will this child do in his life? You had these children study for all these; you took them at the age of five until they reached the age twenty--a total of fifteen years! What will this child do in life now? What can he do? He hasn't learned anything to be able to do something. If he did, he would apply what he learned. What did you teach him?

Therefore, there is change; life enters into many different phases. Life's phases are not one. These people's understanding of the concept of life's stages is only to study or teach in schools. No! Will the rubbish you teach in schools be valid in life? Tell me! What will this child do now? Eh, he doesn't know anything, so what can he do? How is it that he doesn't know how to do anything? "Shaykh Effendi, what to do? He should pee in his pants!" Then you should have taught him that, and have said to him, "Pee your pants!"

In their most fruitful years, when the brains of youngsters are like fire, you couldn't give them anything. If you had at least given them one jewel, that one jewel would have sufficed them. What do they have now? These children will stay unemployed. How many thousands of students are loitering on the streets, with no job! How come? Because they didn't get him accustomed to doing something (i.e. to take on a hobby), and since that is the case, Shaytan got them accustomed to devilry. Do I have to go to school in order to get accustomed to devilry? That is also found at home through these instruments that teach different kinds of shaytanic acts. It's all corrupt.

It will change! We will change! This way is not the way to go. That's why I said, this world is not on an open-end road. The road this world is taking is not an open-end road. This is not only limited to Cyprus; however many people there are on Earth, the path they are taking has no way out! Finished.

What are they waiting for now? To fight each other so they die. Eh, did we come to this world to fight or to learn something and to make a service? Later they will say, "You and your service!" May Allah forgive us. This will be enough. It's an important declaration. Take it to their principals and present this to them, saying, "You

consumed our lives because of these children. We gave these children to you as a trust, and you sent them back to us five times more ignorant! What shall we do now? I have only three or five kurush (pence) left in my pocket, and I will spend that as well on my kid. What will he do at the end?!“ They are saying, “Eh, the kids will take pills.” You taught them to take those pills. For what? For your sultanate to continue. You had those pills made. You made them addicts so they continue using them, to become zero, to make them go and have others come. May Allah forgive us. May Allah send us a Saahib.

Fatihah.

## Leave Dirtiness and Run After Heavenly Ones

(Mawlana Shaykh stands.)

Dastoor Yaa Sayyidee, Yaa Sultanul Awliyah, Madad! A`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem. La hawla wa la quwatta illa billahi ‘l-`Aleeyyi ‘l-`Azheem! Madad, yaa RijaalAllah! Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd!

On heavens there is one level (where they are) always saying Allahu akbar, Allahu akbar, la ilaaha illa-Llah! Allahu akbar, Allahu akbar, wa lillahi ‘l-hamd! That is from level angels never-ending; no one knows beginning, no one knows ending. And we are giving our most high respect and glorifying and to our Lord that created us and granted us such an honor that not any other creatures just reached. And we are asking whole prayings and all glory for Him, Almighty Allah and we are asking that alfu, alfu salaat, alfu, alfu salaam. No one knows beginning granted from Allah Almighty to His most beloved one in His Divinely Presence. When beginning as-salaat and when ending, no beginning and no ending! Beginning from pre-Eternal ending up to Eternal (there is) Eternity, that no one knows beginning or ending for that! Allahu akbar! When granted to His most praised one in His Divinely Presence, Sayyidina Muhammad (s).

(Mawlana Shaykh sits.)

O People! Hear, listen and obey. We are asking humbly from our master who is controlling and directing this planet; we are respecting him and asking that his heavenly holy powers reaching to ourselves, (that we) be much more glorified ones in the Divine Presence. And we are saying a`oodhu billahi min ash-Shaytaani ‘r-rajeem, to be in protection, to be sheltered under heavenly ones’ powers. They have been granted such a power to look from ants to Man, and around Man are countless kinds of creatures. No one knowing the number of creatures, as well as no one knowing their positions. No one knows for what created, even themselves are not knowing, and as the deputies of our Lord we are not knowing about ourselves! If the Lord of Heavens sending us holy ones and teaching us what is our mission, what is our beginning, and what is our targets, what is our final position? When you are saying “final”, always new appearances from our Lord changing and according to divinely appearances, our position also changing. No any creature going to be on same position from second-to-second or from third-to-third. That is very powerful position that no one knowing about, real positions, real targets, and real glorifying that they are doing day-by-day or hour-by-hour, minute-by-minute, second-by-second! You may go down and you can find a new creation with new appearances from their Lord. Allahu akbar!

Good tidings to those people whom they are running after such a magnificent appearances on themselves, or for everyone, whatever is going to be their missions through smallest part of time changing. That is Allah’s Holy Name, “al-Mubdi,” and His Holy Name, “al-Khalaq,” that countlessly creating from pre-Eternal running towards Eternal. What is pre-Eternal? and what is last Eternal? No one knows that between pre-Eternal and Eternal there is an appearance that we are asking Eternity, azali abaadi. Eternity: what is it’s space, what is it’s real being for, and what is it giving to Creation? Because never-ending grants coming from our Lord’s endless treasures through endless territories, coming through dominions that have countless oceans and oceans! Each ocean, no one knowing its beginning or ending.

And through that oceans’ creatures, everyone has a mission for something created, and they are glorifying their Lord, Allah Almighty, with another form of

glorifying. And coming through those creatures madad, more than support. (It is) a divinely feeding, coming through every creature through Creation, and they are getting more lights. And each one’s lights going to appear as lightening coming from Divinely Lights’ Oceans; coming, touching to every creature, and appearing

lightening so huge! And if that lightening coming as its real appearance (or) real power, this huge planet may burn, finishing! Allahu akbar! Allahu akbar! SubhanAllah!

They are granting now such things Jabbar, mighty, mighty appearances of the Lord, Allah Almighty. If opening a little bit more (with the) very, very, very, very weak, most weakest application, this universe in a second or in a third or down through time--as a second or third may get out from existence--(this universe will be) disappearing, coming through that oceans (and) finishing! Mankind, now they are getting much more proud. Therefore, coming such a khitab, addressing through heavenly ones, to make their pride down, down, down, until never going to be with Man any reason to be proud. They must know what we are saying! It is so big, so unlimited, to make people to be in Wondering Oceans or to be on astonishing level!

Therefore, when Divine Appearance comes to ahlul Jannah, people of Paradise, they are seeing nothing there (because) nothing occupying there: no more beauty, no more taste after that looking. Azamat, Magnificent Appearance (comes) on most smallest time measure, and if Azamat finishing, a veil coming and this appearance just coming to its original Ocean. And when people are looking, only seeing another paradise, another world, another creation, because they can't look at anything except that weakest appearance, or whole world going to finish! So we must be happy, we must be so thankful to our Creator, that He created us in such an understanding level that no any other creature may reach, not even angels!

People are losing their chance here for understanding such most simple things. It is also according to each planet, because this planet may be exposed a little bit more. Something on it just running through black hole and that black hole swallowing. White holes bringing new ones; just as a person is breathing, this space is breathing also, to show they are living ones. Not like you are knowing if it is from fire or from rocks; that is what you are looking, and their real being is something else. Every time they are breathing, every time they are asking blessings from their Lord, everyone asking more and more lightening on them to be in existence.

People are playing by saying, "We are using rockets and reaching secrets of space." What is that? Ants laughing to them, because they are so idiot ones! No need to reach to that space that they are saying "billions of light years", but you can see and you may analyze something on a point. Here, that small one may be by holy command of Allah Almighty like this universe, and you may see now it is like a map. But that (discovery) is to make people wake up and know something. As you are putting under a microscope and looking what is

there, whole (purpose is to make) people to look at the existence of the Lord of Heavens, and His dominions and His majestic oceans, to find that! May Allah forgive us!

O People! Try to think on something that gives to you honor here and Hereafter, because such thinking is the key of secret treasures, and Allah Almighty is preparing countless treasures for His deputies! Those treasures contain such valuable jewels, one of them going to be so much more valuable that if this planet is one piece of diamond, it is going behind that one like a zero! Allah Almighty's treasures are countless, because when He is asking to grant to His servants something, only He may say, "Be (exist) for My servant!" and a different appearance coming into existence. (Allah Almighty says,) "Be! and it will be (in existence)."

O People! Think on it. You are getting powerful; you have been granted some point from Allah Almighty, because you have an honor to be deputies, and that one from real value of sons of Adam will be granted by Allah Almighty! If this world is one-thousand times that treasure, beyond that treasure is Kun faya kun, being granted from the Sultan to His precious servants, all are not granted the same. That is our richness, not to have territories, not even to have continents, not even to have countless treasures; that has no value. The value you will be granted is from your Lord, Allah Almighty!

Even one point of a small atom going to be bigger than all this Creation and just appearing a new being, new majestic planet that you did not see before and will not see after trying to reach such treasures. Is valuable lives for carcass? Don't waste your dunya as a carcass! Run away from carcass people; run after such a beautiful beings and majestic glorified new planets, new territories for you! Why leaving that and running after carcass? You have mind? People now they lost their minds; factories or farms or whole countries are running after it, but (it has) no value. We are not using what granted to you, or (what) prepares you to be in Divine Presence; that is valuable, so leave being dirty ones! Try to be clean ones, because that territories only for clean ones and the Lord, Almighty Allah, likes clean ones! "Clean ones" are those leaving dunya to be heavenly ones. Dirty ones are those living on this planet. Leave dirtiness and run after clean ones and valuable ones.

May Allah forgive us for the honor of His most glorified one (s)! For his honor, Allah grants us such territories, such a new glorified existence of divine dominions. O People, come and listen! Don't lose such eternal precious buildings, precious Creation. Run after it and leave this dirty life and how you are going to

live! Leave what your ego asking, as it is dirty carcass of this life, but your real being, your spirituality asking highest positions and be in Eternity forever! May Allah forgive us and grant us some understanding.

(Mawlana Shaykh sings.)

Dome Dome Dome Dome 4x

Don’t fight by each other for carcass. O People, think on it!

Dome Dome Dome Dome 4x

All glory, whole praising for Him, Almighty Allah!

Dome Dome Dome Dome 4x

O people, try to hear singing of angels, so beautiful, so tasteful. May Allah forgive us for the honor of His most beloved servant, Sayyidina Muhammad (s).

Fatihah. [45 minutes] Alhamdulillah wa shukrulillah!

Dome Dome Dome Dome 8x

Rabbuna! Rabbul mala`ikatu wa ruh, subhanAllah, sultanAllah! Fatihah.

## Leave Your Imagination and Come to Reality

Bismillah, yaa Sayyidee. (Mawlana Shaykh stands.) Laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullah, `alayhi salaamullah. (Mawlana Shaykh sits.)
Dastoor yaa Sayyidina, yaa Sultan al-Awliya, madad. Allah, Allah! As-salaamu `alayka yaa Saahib al-Waqt (Master of Time), yaa Sahib al-Imdaad (Master of Support).

We are giving our salute to the qutb, pole of this world, who has been granted and is a chosen one for the Last Days, in which our life is going to end. When we say “our life” we mean the lives of all the people living now, as they are now approaching the Day of Resurrection. Madad, yaa Saahib al-Imdaad. We are so needy for support from the heavenly ones because that heavenly support is something, but material support is nothing!

Billions of people are asking support from dunya, from their kingdoms or from their richness or from their treasures. They are asking for a support, but that is never giving them the support they are thinking it should give. No kingdom is giving any support, nor any treasures are giving a person any support. What were they asking support for? They were asking to be on this world forever. Forever! A man who is tasting a refreshment of life is never asking to use it in what they are asking, to be forever. They were thinking their kingdoms or sultanates or treasures may support them on that point, and they should be forever on their thrones through their treasures. But Shaytan baynahum, is among them. But such a long distance they are

asking, and a means of richness or sultanates or kingdoms is so weak! As a person may say, “I like a support from my kingdom or my treasures,” but it is like putting that on an ant to hold this world! Can it be? Perhaps it can be, but what people are asking is to be forever, not to be passing away or losing life's treasures, and it is impossible. It can't be; it is impossible, yes.

Therefore, believers are knowing something that unbelievers are never knowing. Believers are understanding something but unbelievers are never understanding anything. That is the difference between believers and unbelievers.

O People! As-salaamu `alaykum! Listeners, take some advice. As Prophet Muhammad (s) said, ••••• ••••••• ad-deenu naseeha, “Religion is advice.” If you are believers, you must try to know the meaning of religion. What is religion? Ad-deenu naseeha. Religion means “advice,” what to do, and people giving support and advising. If you are not following advice, there is no support for you here and Hereafter. Therefore, our listeners, whole believers, come and believe!

If you like something for your future that sometimes you are dreaming or khayaal, imagining, if you would like that imagination to be a reality, you must listen and you must understand. That means you must keep heavenly advice. No one is an advice from people of the Earth, no. There may be philosophers, but philosophers are on zero point! At nighttime they are imagining something and in the daytime it is changing. When they are hungry, they are thinking something and when they are getting full their understanding is changing. In summertime their thinking, their ideas are something and when winter is comes, it is changing! Therefore, if people are running after philosophers, they should be like them, idiotic ones! Whole philosophers are idiotic ones because they are not tartaah (resting), to make your back rest against the wall, to keep you relaxed, yes. They are asking to be always in action (always changing). Reality is the only thing never changing in the daytime, nighttime, summertime, or wintertime, but they are not accepting Reality; they are running after an imaginary world!

That imagining is also from Shaytan. Shaytan was imagining something, but it was not Reality. Shaytan was imagining before the heavenly lights on the Seal of Prophets (s) was coming. He was in darkness because he was following his ego, and Shaytan's ego is the strongest ego. Therefore, he was running after that, imagining there must be a master of this Creation. “There must be a master!” he was thinking, “And I may be that one. I

like it to be for me!" That was his imagination; it was not reality, but imagining that he may be the master of Creation. Imagining is not yaqeen `ilm, certain knowledge (of Reality). Therefore, when Reality appeared he was shocked like in an explosion, and he said, "I can't accept this!!" What? You were a philosopher of heavens! Therefore, philosophers' way is imagining, never giving a reality.

Imagination is nothing. Someone may imagine, "Tomorrow I am going to be king. Tomorrow I may be victorious through an election." Tomorrow they are going down! Therefore listeners, I am trying also to understand and to listen. Leave imagination and come to Reality. Imagination is for philosophers and for their followers, it is never giving a reality to you. Heavenly inspirations are realities from heavens coming to that person who has realities, but that philosopher does not. Everything coming from the heavens are realities, but everything coming from Earth through philosophers is from Shaytan, who graduated whole philosophers and authorized them to make people on the wrong way!

People now on Earth are not following heavenly knowledge which brings realities. They are following (Karl) Marx (founder of modern communism), who is graduated from Shaytan. And like Shaytan, Marx said he knows everything, even getting in front of the Divine Presence saying, "Wrong order." Astaghfirullah! (His philosophy is,) "You may be giving whole people to bow to Adam, but I am not that one who will bow to Adam because my imaginary world is giving me an understanding, to be the real first one for the whole Creation on the top level. That is my thinking, and now You are ordering against my imagination and I am not going to (surrender to Your heavenly way)."

Now people are on the wrong way of philosophers, like al harba'a, the chameleon, everywhere it is going to be the same color (as its environment). Twenty-first century people are like chameleons, every day taking another color, another imagination, another baatil, falsehood. Therefore, the whole dunya is leaving Reality and running after imagining. That is not our way; our way is to accept Reality!

O People! Whole Mankind living from east to west, from north to south, you must know you are following your imagination and you must know you were created to be your Lord's servants! Therefore, day-by-day you are going to be finished, taken away, because your imagination is from Shaytan! Shaytan was fighting Allah (swt) for what? To be the Number One in Creation. Now all leaders are tyrants saying, "I am the first one. I must be Number One! I must be followed by my whole nation according to my imagination, and then other

nations must follow me as their leader." To where they are leading? Up to today they taking people to the Fire, killing, burning, destroying. Then their Lord's anger begins to move, sending some signs from Hellfire coming on Earth.

Then they ask, from where are those i`ssaar, hurricanes coming? From where is the heavy rain coming? From where are those tsunamis coming? Ask Marx to say to you, ask from Darwin, ask from all philosophers! I am swearing that those who are not accepting their Lord's Real Being and that are imagining something for themselves and for their futures, that is baatil, falsehood!

O hadhrati `ulamas, where are you? Why are you not giving advice according to Shari`ah, according to the Holy Qur'an, to hadiths of the Last Prophet (s), that he was nadheer, Warner for Mankind? Why are you not saying? Why are you not objecting? Why this is not your mission? However, you think it is more important for you to say, "This hadith is weak, this one is strong, that hadith is so weak, we are not accepting." Why are you not speaking about the Holy Qur'an's declaration that Allah Almighty was saying through His most beloved one, "O My most glorified one, warn them and make them fear." Not warning only; to fear also, and andhirhum (warn them)! In so many verses (this is written), so why you are only speaking to bother people? What are imaams of `Abdul Wahab saying about Yawm al-Qiyamah (Day of Ressurection)?! Why are you not giving that warning?! You are putting so many ideas, you must put what Allah (swt) is saying,

•••••• •••• ••••••••••••• faqad jaa' ashraatuhaa, But already have come some tokens thereof (47:18) making for whole nations, particularly for the Muslim world because they are following Western countries! Why are you not warning them?

If what I am saying is wrong, say to me, "That is wrong!" You cannot say!! May Allah (swt) protect Muslims from Shaytan and its followers. Don't think you can find Shaytan only in the Western world; now in Eastern countries you can find countless followers of Shaytan, all of them warning, "You should be punished," and claiming, "We are on the top level of Islamic knowledge and we are not accepting this or that."

Say that in the Holy Qur'an, Allah (swt) is saying

••••••• ••• ••••••• ••••••••

balligh maa unzil ilayka, proclaim the (message) which hath been sent to thee, (5:67)

“O My beloved one!” (Mawlana Shaykh stands.) You are accepting Muhammad (s) as Allah's beloved one or not?! Who is the beloved one in the Divine Presence?! SAY! SAY!! And you are Arabs?!! (Mawlana Shaykh sits.)

But we are defending the Seal of Prophets (s) and as Allah (swt) said, he is Habeebullah (s), the beloved one! Why are you not leading people to love and respect him? Why are you making people's love and respect to him as shirk (idol worship)?! You are ignorant ones! This month is his birthday. (Mawlana Shaykh stands.) The whole of the Seven Heavens are now decorated for the honor of his birthday, yaa Habeebullah, Sayyidina Muhammad (s)! And you say if someone is making for this whole declaration, they are mushriq (idol worshipper)! Where does it say that?? Al-halaalu ba'inu wal haraamu ba'inu (the permitted is clear and the forbidden is clear). (Mawlana Shaykh sits.)

O People! They are calling now to whole nations. Look, Salafi `ulama, how the Christian world celebrates for Sayyidina ‘Isa's birthday, showing their love and respect to their prophet. And you are preventing Ummah Muhammadiyah, the Nation of Muhammad (s), from showing respect for his birthday. But for your child you are celebrating, “Happy Birthday!” If one is trying to make for their prophet's birthday you so angry and saying, “Shirk, shirk, shirk!” We are so happy and not knowing any other Creator. We are not accepting (your teachings). The first order for whole prophets through heavens is to say to their nations, (Mawlana Shaykh stands.) La ilaaha illa-Llah, la ilaaha illa-Llah, la ilaaha illa-Llah Sayyidina Muhammadun Rasoolullah wa Habeebullah wa `AbdAllah, “There is no god but Allah, and our master Muhammad is Allah's prophet, Allah's beloved, and Allah's slave!” (Mawlana Shaykh sits.)

To be real believers, we must accept all prophets of heavens. Those nations that passed away, their imaan, faith, is never going to be complete until they say Musa Rasoolullah, and Sayyidina Muhammadun Rasoolullah (Mawlana Shaykh stands and sits.). Whole prophets’ mission was to make their whole nation to say, la ilaaha illa-Llah, and also the name of Prophet (s), Habeebullah wa `AbdAllah (Allah’s beloved and Allah's servant). If Sayyidina Musa (a) was not going to say Muhammadun Rasoolullah, he was never going to be able to move through the flood! We are in need of understanding.

O People! You must try to understand that death is so near to everyone. Don’t follow tyrants, don’t follow liars, don’t follow philosophers, who are truly liars but they say they are “philosophers.” Don’t follow them.

Sahaaba 'l-kiram, the honored Companions (r), give them respect, respect, respect! Allah (swt) is happy with all Sahaabah (r) and giving them honor, saying:

**••••••• •••••• •••••••• ••••••••• ••••••**

radiy-Allahu `anhum wa radoo `anhu, Allah well-pleased with them, and they with Allah. (5:119)

Aaaaaayy, aaaaaayy, aaaaaayy, aaaaaayy.
Huuuuuu, Huuuuuu, Huuuuuu, Huuuuuu.
Fatihah.

## Leave Terrorism and Follow Allah's Divine Rules

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Allahu Akbar, Allahu Akbar, wa lillahi ‘l-hamd. Allahuma salli `ala Sayyidina Muhammad Sayyid al-aawwaleena wa’l-aakhireen. Habeebika wa Rasoolika ya rabb al-`alameen ya rabb zid-hu `izzan wa sharafan nooran wa surooran, ridwaana wa sultanaan ya Akramal-akrameen. Yaa Rabb ighfir lana wa tub `alayna, yaa Tawwab, yaa Allah! (Mawlana Shaykh sits)

Madad, yaa Rijaalullah. Yaa Rabb, amiduna bi madadihim. Nahnu `abeedika ad-dua`fa, qawwiyyna `ala `adaaina, khudhhum akhdhan `azeezan muqtadiran.

A`oodhu billahi min ash-Shaytani ‘r-rajeem. Bismillahi ‘r-Rahmani ‘r-Raheem. As salaamu `alaykum ayyuhal-hadiroon ayyuhas-sami`een isma`oo wa aawooo.

O Listeners! Listen and keep it as you will find heavenly support if you keep heavenly people's advice. They may also make a donkey speak to you (instead of us). For us, it is not so difficult; I am not claiming I come here to teach you, because I am perhaps the weakest servant. But if they are giving support, like an atom that can kick dunya from east to west, from west to east, it is so easy for them if they are granted heavenly powers, which you cannot measure! Even an atom's power may kick this Earth from east to west with the support of

its Creator. But Mankind is heedless now, trying to do everything on this planet as they like, according to their technology. No! (You must know that) an atom may kick the whole world from its orbit into space by the order of its Creator.

O People! They are making me address such things to all Mankind because now, in our days, Mankind is so proud, thinking they have such power, when in reality an atom may kick the whole world from its orbit into space! What about countless atoms all around us on our planet? They are not running to the sun's solar system, because if given that order, an atom may kick out (whatever it is ordered), and can make our solar system to be in unseen worlds or to fall into a black hole (never to reappear)! Allahu Akbar al-Akbar! Allahu Akbar al-Akbar! Allah, Allah. (Mawlana Shaykh stands and sits)

But now Man is so proud, and pride's origin is from Shaytan. Shaytan makes Man proud, but what you are now saying makes Shaytan's endless tricks and traps nothing in comparison, not even an atom. And when ordering an atom, the Lord of Heavens is not speaking to that atom; rather, He makes one holy one say on behalf of the Most Holy One in all Creation, Sayyidina Muhammad (s), Sayyid al-Awwaleen, Noor as-Sultaan, zid-hu yaa Rabb `izzan wa sharafan, nooran wa sultaanan. (Mawlana Shaykh stands and sits) But people now are drunk, and when drunk they are heedless, never thinking. You can find in Holy Qur'an the Holy Words of Heaven, asking more than a hundred times, "O People! Think on it, think on it." But they are not thinking on anything because they are drunk on shaytanic ideas.

Man is now in two kinds of drunkenness: one group is drunk from what they are drinking; the other group doesn't need to drink from cups because Shaytan is putting something in their egoistic being and that makes them drunk. The second group is now the majority, drunk from their inspired by shaytanic ideas and egoistic beings. Those who are drunk never take any care for any heavenly messages or heavenly messengers, saying, "No, we are here, we are not in need of heavenly things, we are not believing, and we can arrange everything the way we know it." That is the general view of all states on Earth. When you remind them, including Arabs and other Muslims around the world, they do not listen to heavenly messages of Allah Almighty, and they are asking, "Democracy." This Prophet (s) is saying to you what the Lord of Heavens sending to him: the Holy Qur`an, Holy Shari`ah. They are not asking.

Egypt, Damascus, Turks, Iraqis, Iran, Yemenis, Sudan, Tunis, people of the Islamic territories, Pakistan,

Afghanistan, Bangladeshis, all of them are not asking for Shari`atullah, the Holy Shari`ah; rather, they are saying, “We are democratic.” Kharra `alayhum, crap on them! All of them are asking for democratic system. Why are they not asking for Shari`atullah? Democracy is from shaytans, it is a system that makes people slaves of dictators! Jahannamiyoon! They are never going to be successful after this month, Rajabun shahrullah, Rajab is the sacred month of Allah, which begins in fifteen days; afterwards they are never going to be successful, finished! They have closed all chances they were granted to understand Shari`atullah; they opened Shaytan's ideas and now they are going to be closed down, finished!

Some claim, “We are defenders of al-Islam!” But even they are not running to implement Shari`atullah, the Holy Shari`ah; rather, they are running to different countries and making terror. I never heard them saying they are trying to bring Shari`atullah. Leave the non-Muslim world as you must look after your territories. In Muslim countries, which one is using Shari`atullah? Woe upon them, as on the Day of Resurrection they will be thrown into the seventh level of fire, because they are not saying, “Bring Shari`atullah.” Egypt claims they are the highest authority in Islamic religion, yet even they are not saying we must bring Shari`atullah, because if they say it, Allah Almighty’s order is that the first obligation for the whole Islamic world is to bring a sultan for them, an imaam who should be sultan from East to West, from North to South, over the entire Islamic world. But they have hubb ad-dunya, hubb ar-riyaasat, they love dunya and their thrones too much! You have one throne, you have one throne... no one as a throne!

Every nation fears from the people of China. Why, because their population is two billion? Perhaps there are two billion Muslims. Why are people not fearing Islam, but they fear China? They are never thinking on it. They fear it because the Chinese territory is under one person's command. If he says, “War,” all people must obey; if he says “Peace,” they must all follow him. The Arabs have similar numbers but the world does not fear them, no one takes any notice of them. Why? Because we are like a dragon with fifty heads, not one head. Therefore, people don’t care about Muslims but they fear China!

Wailun! This is a heavenly warning to the whole Muslim world: if it won’t come together under one leader, Allah Almighty will send some of His creatures to discipline them. “I am sending a person to train you how you can make the whole world under your control.” Yes. China is saying now, “Don’t touch Syrians, we support them.” Even America is trembling, even the European Union, even Russia is trembling from the “yellow dragon”! Whole world fears them. And Allah Almighty is saying, jalla min qaa`il:

•••••••••••••• •••••••• •••••• •••••••

wa tasimoo bi habb lillahi jami`an. Hold fast to the Rope of Allah altogether. (Surat Aali-`Imraan, 3:103)

Allah Almighty is saying, “You must keep My Shari’ah! What I sent you, keep it all together; you must not be divided into forty states.”

Now there is no value for us. Damascus is depending on China, others are depending on the US. Some of them are saying, “We are not this part, nor that part.” For what? Allah Almighty says Islam should be united, “Come all together,” and the Seal of Prophets (s) said, “O People! When you join altogether, Allah Almighty protects and supports you with heavenly powers.”

Don’t fear one or even seven China’s; they cannot defeat you, as mentioned in hadeeth ush-shareef:

•• •••• •••• •• •••• ••• ••••• •• •••

Lani aghali ummatee `ashara alf min ummatee min kullati.

It means, twelve-thousand real Muslims can’t be defeated, even if the whole world comes against them! You can’t say, “They (Muslims) are only a handful of people, they must be defeated.” We are now two billion Muslims, and we are afraid! What do Europeans know? What do they have now? What have the Christian and Jewish worlds prepared against the Muslim world? Nothing! Why are people afraid of the non-Muslim world and the heavenly ones now are shouting, sending a declaration, “Why are you fearing the non-Muslim world’s weapons?” One man from you can blow and make all the atomic weapons and nuclear missiles and technology disappear!

Therefore, when Sayyidina al-Mahdi (a) comes, first he will proclaim, Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi ‘l-hamd! (Mawlana Shaykh stands and sits)

It is shameful to fight Muslims in Sham, Libya, Yemen, Turkey, Tunis and Algeria. This is blame on them! How do they fight one Muslim to another, Muslims to Muslims? If they are Muslims, don’t they recite the Holy Qur’an? Amr al-qitaal, the holy orders are to fight unbelievers (in the case of war), not to kill Muslims! How are you fighting those who say, “laa ilaaha illa-Llah Muhammadun Rasoolullah.” They will die and their death will be so difficult! When their souls are taken they will shout in such pain, because they killed Muslims

in such numbers, so (heavenly ones) will take revenge on them. That is Islam!

Also, I am very sad that some people are killing themselves, making themselves like a suicide bomb. That is haraam, forbidden, to kill himself or herself and also so many innocent people! That is not from Islam. No, Islam is an open, blessed religion. If they will come forth and fight openly and directly, those whose flags are up are being supported by Allah; those whose flags are down are supported by Shaytan. O People, so many things, if we sat here up to next year never ending. But today people are drunk and they don't look at what Shari`ah says, and making non-Muslim blame Islam. Their punishment is going to be seventy times an ordinary punishment. Allah, Allah. Allahu Akbar, Allahu Akbar!

O Believers! O Muslims, come and listen to the orders of the Lord of Heavens to you. If there is a mistake or anything wrong in what I am addressing to you, He knows. He may take me. But if you are not accepting, He will take you away.

Rajab tara al-`ajabun. In Rajab wonders are seen. Within the next year, maybe the inhabitants of this world will decrease from five billion to one billion. I am fearing. Don't follow Shaytan or the Anti-Christ, or Shaytan's representatives. You are free, and if you are doing that, you must know a punishment is coming and every day you must know that one day is coming from your life, one week finishing, one month finishing, one year finishing, we are approaching to akhirah, to die.

O People! Come to accept Reality that the Seal of Prophets, Sayyidina Muhammad (s) (stands and sits) taught us, he taught us what real Islam is, and follow his way. If not a heavenly punishment will take all people for punishment!

O People! Say at least seventy times every day, "astaghfirullah." Don't use your weapons on innocent people, on small ones, or weak ones, old ones, women, no, don't touch them. It is not accepted. Keep yourself on heavenly directions. Ask for heavenly people and follow them. Heavenly people do not fear their technology or nuclear missiles. They fear nothing! May Allah forgive us.

O People! Think on it. Allah, Allah. Tawbah yaa Rabbee, tawbah astaghfirullah. May Allah forgive us. As-salaamu `alaykum.

Fatihah.

Islam says, `ati kulli dhi haqqan haqqah, “Allah gave rights to everyone He created on Earth.” It is haraam to pass over the rights of others. You don’t have the power just for yourself and make everyone else like fertilizer! Allah Almighty created them and has given everyone their rights, everyone has been honored! Therefore, we are asking from east to west, from north to south, that everyone will be given their rights and be honored. We are not accepting Pharoahs or Nimrods or Abu Jahals, or tyrants, no! You must give everyone their rights and keep everyone’s honor.

Fatihah.

## Leave the Shoes of Ego Behind and Come!

Hayy, Hayy, Hayy, Hayy, Hayy, Hayy, Hu, Hu, Hayy, Hayy, Hayy, Hayy, Hayy, Hayy, Hayy, Hayy. Dastoor. (Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah!
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah!
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah!
Sultaan sen, anta Sultaan!

You are King, O our Lord! Give more praise and glory and majesty for your absolute deputy, Sayyidina Muhammad (s)! Be with us, O our Lord, with Your endless mercy. Send us Your good, holy servants to save Your weak servants from falling into the tricks and traps of the biggest enemy of humanity, Shaytan. For all prophets and heavenly people, we ask more and more lights from Heavens. And we ask them to reach us in our weak lives, to make us strong enough for our Lord's servanthood. (Mawlana sits) 'Allimna, teach us to be with Allah and those who are representatives of heavenly beings, keeping us under their wings of protection!

And we are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh stands and sits) The honor of Mankind is to say, Bismillahi 'r-Rahmaani 'r-Raheem. We may be protected here and hereafter when we say, Bismillahi 'r-Rahmaani 'r-Raheem! (Mawlana Shaykh

stands) All glory, all majesty is our Lord's, Allah Almighty's. (Mawlana Shaykh sits) Be proud that He brought Man to life; He brought you from nothing to something! That is according to our nature, He is granting this. We are on the level of servanthood, and not higher. Through servanthood we reach heavenly honor.

O our Attenders! O heedless ones! All of us are heedless. Why? Because you are not thinking on the most important point, or most important target. (...) Whoever attends, the heavy burden of this life is just taken away; I can carry it if Allah Almighty orders me to carry burdens and heaviness of people. If Allah orders, one ant can carry it! And here I am taking your heavy burdens. If you are coming and listening really, you may understand that the heaviness of shaytanic works has been taken from you. Therefore, come and listen! If you are coming and living two years more, or four, ten, or twenty. If not, you are coming down daily, down, down, down, approaching your hole in the graveyard. We have been ordered to give people nishaat, refreshment. Daily, you can take refreshment. No one gives refreshment today. Come and listen for the honor of Prophet (s), and the honor of this holy month. If you are not living jaza'an wifaaqa, “an exact recompense,” you must come and listen to tariqatuna suhbah, “Our way is association.”

O Salafi `ulamas! How are you today, never smiling. Why are you angry? Am I taking money or khasr, loss, from you? I am not taking anything! I am asking to give to you nish`at, refreshment. Why then are you angry? Come and listen. I am not asking one riyal from you, but it doesn’t matter. If all Saudi Arabian people gave a half riyal, it may be half-a-million riyals. Don’t think like this. Why did Muhiyiddeen Ibn `Arabi, may Allah bless him, say, "O People! ma`booudukum tahta qadmayn, “What you worship is under my feet!” It means, "What you like and for what purpose you are living is dunya, and that is under my feet." Yes, we are walking on it.

O our Attenders! Don’t run away if you like to reach a pleasure through your life. I don't like what you are saying. At night time raining on me riyals, silver or coins, and every time I am kicking them away.

O my Lord! I am asking for Your pleasure, not asking for the pleasure of my ego. I like to make pleasure for You! I am not running to make my own in pleasure. Because it is sa`adat taqlidiyyah, “imitated pleasures.” What I am given through my ego is imitated pleasure, with no taste. But I am asking for the pleasure of my Lord, Allah Almighty, (Mawlana Shaykh stands) to be pleased with me. That is my main goal. What is your main goal, Salafi `ulamas? What are the goals of your kings, umaraa, and your mashaykh? Say! (Mawlana

Shaykh sits) Their main goals are to build high buildings, get beautiful ladies, and eat delicious foods! You forget you are servants! Daily your kings must say, "O my Lord! I am Your servant, I am Your servant, I am Your servant!" And they must cry, because their egos tell them, "Don’t say this! You are king! O my beloved one, you must say, 'I am king, I am sultan, president, first lady...' "

That is shaytanic teaching! Every day you must sit down, look in the mirror, and say, "O King of Arabia, King of Abbysinia, King of the East, O King of western countries! O my Lord! Anta Rabb, ana al-`abd, You are Lord, I am servant." Say it 70 times and you will reach Allah's pleasure, because Allah Almighty likes this! It is for mulooks, sultans, emperors, and kings to say, “O my Lord! You are king and I am your servant." It gives Allah (swt) pleasure and He will grant to you in return, "O My angels! Give pleasure to My servant, and give his face such beauty that no one can give what I am granting, because My servant, whom I made king or queen, is saying to Me, 'O my Lord! You are my king and I am Your servant.'"

O Salafi `ulamas! Where are you? You are looking in a mirror, making like this (adjusts turban). Sit down and look to Ka`aba Mu`azzam, the House of our Lord, or in that direction, and say, "O my Lord! Anta Rabb, ana al-`abd. You are Lord, I am servant." Say it, even if you are ashaming, it doesn’t matter. In your private room, say, "You are my Lord, I am Your weak servant! You are my Lord, I am Your weak servant! You are my Lord, I am Your weak servant! You are my Lord, I am Your weak servant!" Al-rabbee qadir, ana `abduka l-da`eef, wa anta rabbee al-qawiyy, “O my powerful Lord! I am Your weak servant, You are my Mighty Lord! O my Lord! Please accept my servanthood."

Am I saying anything wrong? If you say yes, up to morning it may be none of you live, or up to `Eid no one will live! If you say, The shaykh is telling lies," your Lord is seeing. Leave those claims, “I am Wahhabi! I am Salafi!" May Allah forgive us! Yaa Rabbee, iqbal `ibaadatee, "O my Lord, accept my servanthood!

O our Attenders! All nations, beginning from His Holiness, the Pope, and His Holiness, the Chief Rabbi were saying, "You are Lord, I am servant," a hundred times. You are "People of the Book," (Christians and Jews). I am leaving Salafi `ulamas and asking His Holiness, the Chief Rabbi: when Moses, peace be upon him, was invited to the holy valley, why did the Lord of Heavens say to him, "O Moses! Leave your shoes and come." It means, "Don’t come here with your shoes." I am asking you, what are shoes? There are so many meanings. The first meaning we are understanding, is just "shoes," but really Allah Almighty wants to say, "Leave your

dirty ego and come." And shoes, to walk on it, is your ego. "O People! Leave your ego because your ego is with Shaytan. Leave and come to Me clean."

Therefore, when Muslims enter the mosque they remove their shoes. You understood that, but Christians and Jewish people lost that meaning, and now when they enter churches and synagogues, they do not remove their shoes. That is wrong. Only Muslims take off their shoes, following Allah Almighty's holy command. Moses left his shoes and entered the Divine Presence, but Christians come with shoes. It is not written in the New Testament or Old Testament? I am asking. Jewish people also come to the Western Wall in Jerusalem, but with their shoes. Allah Almighty is saying, "O Moses! Take away your shoes." How you are coming in front of the holy wall and not taking off your shoes? I am saying at least put them in a bag, or the right-foot shoe in a bag and the left-foot shoe in your pocket!

They may answer, "O Shaykh! These two pockets are full with money and they are not for shoes. And we are not Moses or from his nation. It doesn't matter."

You know our Lord makes us learn to give for everything its value. Yaa Allah, tawbah yaa Rabbee! We are asking forgiveness. O our Lord! Send us one who will teach us heavenly good manners, for the honor of Your most beloved one, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

(Mawlana Shaykh speaks with Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

(38 minutes) Mashaa-Allah! Today I am shouting.

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

## Leave What is Stale for What is Fresh and New

Dastoor yaa Sayyidee. (Mawlana Shaykh stands) Madad, madad. Madad, madad. Madad, madad Saahib al-Imdaad. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. Laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullah wa salaamu. Thumma as-salaat wa 's-salaam `alaa jami` al-anbiya w 'al-awliyaa wa man tabi`ahum bi ihsaan ila yawmi 'd-deen. Ija`lna yaa Rabbee, tahta liwaa habeebika al-Mustafa yawm al-hashri. Ameen. (Mawlana Shaykh sits)

Thumma as-salaamu `alayk yaa Saahib al-Waqt, wa 's-salaatu wa 's-salam `alaa jami` al-anbiya wa 'l-awliya wa 'l-mutasarrifeen fee hadhihi 'd-dunya. They are just praised servants, running and glorifying from Heavens to reach to some of those drops from endless Glory Oceans! Tooba lahum! Biggest good tidings for them! We are asking to be on their ways, and to be their followers. Mankind, you must follow someone in this life. Tooba! Good tidings from Heavens to those servants who are trying to follow holy ones! Those who are following holy ones are just going to be honored by the Heavens!

Thumma salaamu `alaykum, O our Attenders! Try to reach a good understanding, yes. Everyday some new things are coming, endlessly and continuously that new good news, good tidings, and good pleasure is reaching to people. Come and reach something from those oceans to make you happy here and Hereafter! If not, you are going to be such a person who is working, working, working, getting thirsty and coming to a

spring, looking and waiting for some water to come but it never comes. That is the example of all people now. They are making themselves to finish, and tiring themselves for something but that something is finally coming and going to be nothing!!! And their efforts are going to be on zero point, not getting up, but falling down. It may be seen as going up, but when their physical efforts are finishing, they are looking and falling down. Only those people whose efforts are for their heavenly beings are never falling down. They may reach to everywhere. If they are thirsty, around themselves everything will be as a heavenly spring for them making them to be satisfied and in pleasures.

O our Attenders! Come and listen! We are not speaking as ordinary speakers, no, it is something else! You are running after old foods but heavenly ones are always sending us fresh food for our spirituality and physical beings also. Therefore, those who are running after such people who are holy ones. Holy ones are always bringing new, fresh things.

O Salafi `ulamas! Marhaban! Are you knowing the Qur'an al-Kareem, and understanding? Why is Allah Almighty saying, or what is Allah Almighty saying about this that they are making that weak servant to address to you and saying to our attenders, O people, daily you must ask fresh food, not old food. All Mankind is running after old food. Their interest is to reach old foods. They are never interested in fresh food! And I am asking, they are making me to ask to our Salaafiyoon, Salafi `ulamas, and no-mind Wahaabiyyeen people, are you understanding Holy Qur'an? If you are understanding, now they are granting to speak on such a subject that perhaps you will be astonished. You are reciting Holy Qur'an and you are saying, Shaykh Hisham Effendi, that they understand the Holy Qur'an. I am saying, what is it saying in Surah Maryam? What are you understanding that Allah Almighty is saying about Sayyidina Zakariyyah (a): (Mawlana Shaykh stands)

•••••• •••••• ••••••••• •••••••••• •••••••••••• •••••• •••••••• •••••••

Kullamaa dakhala `alayha Zakariyyah al-mihraab wajada `indahaa rizqa, Everytime Zakariyyah entered (Maryam's) chamber to see her, he found her supplied with sustenance. (Maryam 3:37)

(Mawlana Shaykh sits) Hisham Effendi, why does it say this? Wajada `inadah rizqa, "and the sustenance was new and fresh." Allah Almighty is bringing that story about Sayyidatina Maryam (a) that she was not using old food, no! She was always eating new food and Sayyidina Zakariyyah (a) was seeing that fresh food, giving

freshness to our bodies, and it was from where?

••• ••• ••••••••• •••••• •••• •••••• ••••••• •••• •••• ••••• •••••• •••• •••••• ••••••••• ••• •••••• ••••••••• •••••••

Qaala, yaa Maryam, anna laki hadha. Qaalat huwa min `indillah. Inna Allah yarzuqu man yashaa'u bi ghayri hisaab, (Zakariyyah) said, "O Maryam! From where did this come to you?" She said, "It is from Allah's Presence." Verily Allah provides for whom He wishes with no account. (Maryam 3:37)

What was Sayyidatina Maryam (a) saying? Qaalat huwa min `indillah. Sayyidatina Maryam (a) was just fed with new and fresh food, it was not only for her physical being, no, every second refreshment was coming, heavenly fresh food was coming in front of her, and she was taking it for her real being. Why are you not understanding? Why are you running after old food? And the Lord of Heavens is Qadir an Muqtadir, He can do everything! Why are you not asking to reach to that heavenly ikraam, grant that Sayyidatina Maryam (a) was reaching? Why is Allah Almighty saying this in the Holy Qur'an? You must understand! Qur'an Kareem is not a book bringing to you stories, no. They are stories but they are filled with heavenly wisdoms! Why is Allah Almighty saying that, Salaaf as-Saalih? Salaaf as-Saalih were running after new ones also, that they are understanding. Now this is a new opening for teaching everyone from believers, to know that the Lord of Heavens is Qaadir wal-Muqtadir! His power is enough to send always new ones to His servants! That was Sayyidatina Maryam's level. She was not asking, but it was coming to her. Inna Allah yarzuqu man yasha'u bighayri hisab, fresh, and without asking. But those khawariyoon were asking:

Idh qaala al-hawariyuna, yaa `Isa abna Maryama, hal yastati`u Rabbuka `an yunazzila `alaynaa maa`idatun min as-samaa`i, qaala attaqullaha in kuntum mu`mineen.
(Remember) when Al-Hawariyun (the disciples) said: "O `Isa, son of Maryam! Can your Lord send down to us a table spread (with food) from heaven?" `Isa said, "Fear Allah, if you are indeed believers." (5:112)

SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. Where are those hawariyoon? That means hawariyoon are never understanding the level of Sayyidina `Isa (a). Sayyidatina Maryam (a) was not asking! Without asking it was coming, everytime new and fresh ones. Freshness is bringing to people refreshment, they are always fresh and there is never-ending freshness for them! Why are you not following that way? Therefore, here we are weak servants. If they are making me to repeat the same thing one hundred times, it is new and fresh one hundred times! Take and understand, O Salafi `ulamas, O doctors of Shari`ah, O Azhar ash-Shareef `ulamas,

Wahhabis have no understanding, their levels are animals' levels! Perhaps animals have much more understanding than them, because their schools are schools of Shaytan!

What does it mean? Why is the Holy Qur'an saying this about Sayyidatina Maryam? And Sayyidina Zakariyyah (a) is nabi mursal, one big prophet, visiting Sayyidatina Maryam (a), seeing in front of her fresh fruits and it is not the time of that fruit also. There were also fruits of summer time and fresh, or it may be in front of her some winter fruits and it is summer time! Why? Why is it saying this? Talee`man, teaching people, "O People! Leave what passed away, and ask always fresh ones! Because Allah Almighty is Mubdi and Khalaqun Adheem, Razaqun Mutlaq, He is not storing something and then bringing it from a store. There are big refrigerators, they are putting food in it and then bringing to people and saying, "Look, fresh," but it is not fresh! Ask for fresh ones. That makes Allah Almighty happy with His servants.

Therefore, when passed away not coming same things, always changing. That is an Arabic word signaling and saying, kullu jadeedun ladheedh. It has not just been said kullu bayaatin ladheedh, no. In every new thing there is a pleasure, giving much more and what was coming to Sayyidatina Maryam (a) from foods was coming from Paradise and nothing is old in Paradise, everything is not like in restaurants, no. What they are asking for is coming.

•••• •••••••••

Kun fa yakoon, "Be!" and it is. (36:82)

New things give refreshment and good taste, perfect taste, one and another, the second one is going to be more delicious. The Holy Qur'an has oceans and oceans, for teaching people. I don't know. I also am reciting many times, but this time they are giving so many meanings for understanding. Don't use old food, you may take from the Holy Qur'an everything fresh and more enjoyful for you.

O People! Come and hear! Therefore, they are making me to shout first to myself and second to you, our attenders.

Kullamaa dakhala `alayha Zakariyyah al- mihraab wajada `indahaa rizqa.

Everytime Zakariyyah entered (Maryam's) chamber to see her, he found her supplied with sustenance. (3:37)

Every time if he was coming to visit her, he was looking and finding new ones. Kullamaa dakhala `alayha Zakariyyah al- mihraab wajada `indahaa rizqa. This is an ocean also, saying some fruits. He knows what was

coming to Sayyidatina Maryam (a). Don't think that the same rizq, provision was coming. There are countless kinds of rizq, we only know perhaps 40, or 100 kinds but beyond we don't know, but in the Divine Presence, He was not sending known ones that are fresh, but new ones, new things, a new number of fruits, you may say perhaps 100 kinds, but dont' think that in the Divine Presence the numbers of fruit are only going to be 40, 50, 100, 1000, milllions or billions, no, countless. He is Allah!!! (Mawlana Shaykh stands)

••••• ••••••••• ••••••• ••••• •••••••••

Wa maa qadaroo'llah Haqqa qadrih, No just estimate have they made of God, such as is due to Him. (39:67)

They are trying to make Allah Almighty according to their understandings, haasha! It can't be, it cant' be.

Therefore, ask for new ones, fresh ones. Some kinds of fruits are only for our physical being but for our real being there are countless kinds coming, coming, coming and everything is going to be between, kun fa yakoon! Kun fa yakoon! Kun fa yakoon! A sultan may have a feast today, for example, and tommorow also he may give a feast according to his generosity and ability. The second table is going to be different, the third table may be different, and if Allah (swt) is giving a feast, a divinely feast, is His feast going to be the same?

O `ulamas! We are not speaking on such a subject that Allah Almighty is making every Jumu`ah in hazeerat ul-quds. I can't be able to open much more meaning for hazeerat ul-quds, no one can give a real meaning on it every Jumu`ah. It is a feast rabbani, divine feast! People are coming every Jumu`ah, do you think that the same tables, and same feast is coming to them? Wa maa qadaroo'llah Haqq qadrih.

O People! Come and listen! We must listen and try to learn. We must leave this dunya and its very simple and delicious foods that are so simple, simple, simple. Leave it and run after that one in the Divine Presence. May Allah forgive us. Don't be angry with me, what they are making me to speak, I don't know but just what we are saying is a true declaration. Think on it and come every time to renew yourself, try to renew your real beings daily. You will reach something that was never reached before! May Allah forgive us for the honor of the Seal of Prophets (s).

Fatihah.

(38 minutes) Mashaa-Allah. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. Tawbah, yaa Rabbee. Mashaa-Allah,

mashaa-Allah. Our attenders, we are happy. We are asking for all people to be happy. We never like people to be in hells; we are asking that they be in Paradise and Paradise gardens.

(Mawlana Shaykh prays two rakaat Salat ash-Shukr.)

Marhabah, yaa Shaykh Hisham.

(Shaykh Hisham Effendi: No one is praising the Prophet, Sayyidee, as you are praising the Prophet (s). As you recited in Mawlid today, he put his holy feet on the `Arsh. That is something great. And some Ahlu 's-Sunnah wa 'l-Jama`ah say that Allah is not in need of the Throne, but what you said is higher.)

Huwa qaaim bi-dhaatih, "Allah is Independent of all, He is not in need of a throne."

(Shaykh Hisham Effendi: Baseet `ala al-lisaan wa laakin baleegh, "Your words are simple to pronounce, but in fact have a very deep meaning.")

Tawbah, yaa Rabbee. Tawbah, yaa Rabbee.

## Leave Worldly Affairs in This Most Holy Month

Yaa Rabbee, dastoor. (Mawlana Shaykh stands) Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullah. As-salaamu `alaykum, thumma as-salaamu `alaykum yaa `ibaadAllah as-saaliheen, min yawmina haadha `ila Yawm ad-Deen. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

As-salaamu `alayka yaa Sahib az-Zamaan, as-salaamu `alayka yaa Qutb al-Mutasarrif, as-salaamu `alayka yaa RijaalAllah, many Rijaal. Who are RijaalAllah? Madad, yaa RijaalAllah. ‘A`eenuunaa bi`awnillah, give us spiritual support, O Men of Allah! Support us with Allah’s support!

O our Attenders, who are happy to come. As-salaamu `alaykum! Why are you leaving the treasures of this dunya to come and listen? That is a sign of Qiyamah, that common people will leave their work and business to come and listen. Such a thing never happened before. I mean to say it is a sign of Qiyamah. How come you left dunya? Take much more of dunya! Make another business, make new companies. And run to buy some new shares because the price of oil is rising.

"O my brother, oil is okay, but we must try to reach much more gold, because oil prices are average, but gold

prices are super, super. Oil prices are like an old-fashioned plane, but gold prices you can't imagine. The price of gold is going up like missiles! Therefore, we must try to run after gold."
"Yes, sir. What can we do? We are working on our simple share, but you are kings on Earth, carrying gold from everywhere, piling it up."
"Yes sir, I think so. And I am planning to build a golden pyramid."
"Very, very good. Excellent! Oh, you are so busy, you have no time to attend."
"But today by chance I am sitting with you and looking at that old person speaking, and I am really interested because something new is being addressed, something that is true."
"But what shall we do? We must use a scale to keep both sides balanced, yes."

And I am laughing that our attenders have left their business and have come to listen. Bravo! Capital to you! Marhaban! Where are our never-smiling Salafiyoon, always-angry people? Towards whom are they angry? To common people, because, as they say, "They are not giving their full attention to follow our ways! Still they are running after old customs, old schools of ideas, schools of old ones! They run after those who claim, 'We are Sufi people!' That is taking the rest of our lives from those people! Every time we think of them our hearts' light goes away! Therefore, the shaykh says we are never-smiling people. How can we smile when common Muslim communities are not following us, not even listening to our speeches and lectures?" And when they begin to make a lecture all of them have an effect like taking ten sleeping tablets.

One says to another, "I heard with my ear."
"O sir! Does anyone hear with their nose? Why you are saying this? How you can say this?"
"It is a normal thing, yes, I heard by ear!"

Another one is saying, "O my brother, last night I took so many sleeping tablets but couldn't sleep. But today I came here for Jumu`ah and one of the Salafi `ulamas gave the khutbah, and such sweet sleep came to me until my neighbor said, 'Oh! You slept enough. We are praying Jumu`ah. Stand up!' It is so effective that I must advise you that if you can't sleep, please come and listen to them. And in that moment you will go to sleep, perhaps up to the morning prayer. They have such a power. I never understand it."

O our Attenders from Salafi `ulamas! Marhaban! Kayfa ahwaalikum, how are you? I think you are happy because when you are listening you are beginning to smile a little bit. Laugh! Don't worry. Laugh! It is free,

without paying money, so laugh! Laughing is better than crying. Allah likes it when His servants laugh! That shows that he is happy with events, but crying shows that he is under oppression. Allah Almighty never likes this. Smile when you are getting up on the minbar. Don't sit down on the third step. Go up 13 or 14 steps that people may look at you to see if you are happy or angry. Why are you getting up on the minbar angry? Why are you angry with common people? Because you are teaching people to leave everything and to follow their egoistic desires. If your main reason was to give people hope and call people to be happy with heavenly beings, they would never be unhappy.

O Salafi `ulamas! Say, there are so many ahadeeth ash-shareef. I don't know them all, but sometimes they make me remember. There is one hadeeth ash-shareef, a well-known hadeeth of Prophet (s), but it is hadeeth al-Qudsi, meaning Allah Almighty is speaking and putting in words for the Seal of Prophets (s). What did the Lord of Heavens say? (Mawlana Shaykh stands) He is saying, Bismillahi 'r-Rahmani 'r-Raheem.

•••• ••••• ••• ••••

Sabaqat rahmatee `alaa ghadabee, My Mercy precedes My Wrath. (Hadith, written above the Holy Throne)

Allahu Akbar! Shukrulillah! Shukrulillah! Shukrulillah `ilal abad! (Mawlana Shaykh sits) The holy command to the Seal of Prophets (s): (Mawlana Shaykh stands)

••••••••• •••••••••••••••

(O My Habeeb!) Wa bashshiril-mu'mineen! And give good tidings to the believers. 2:223

That is Qur'an al-Kareem. (Mawlana Shaykh sits) It is a warning for those people who are cutting the way of the Lord of Heavens, His endless rahmah, mercy. Say, and teach people to love Him! SubhaanAllah! That is perhaps the most important mission of prophets and holy ones. What is that? Misriyoon, Egyptian people know it more than others. Therefore, Egyptian people are always happy, but Hijaaz people are always, `aboos al-wajhi kareeh al-mandhar, frowning faces, disliked appearance. Why? Allah gave everything to you, and your faces are sour. Why are you so angry? Because Allah gave to you so many oil wells and so many gold mines and therefore, you very angry, `aboos al-wajhi, never smiling, never granting to people anything to make people laugh? Allah!

O Salafi `ulamas! How are you? You are saying, "We are `ulamas." What does the Lord of Heavens, Rabbuna

wa Rabbu 'l-`Alameen, say? What was His wasiyah, advice to Sayyidina Musa (a)? (Mawlana Shaykh stands) Saying, yaa Musa, habib `ilayya al-`ibaad, "Make the servants love Me." Habib `ilayya al-`ibaad, habib `ilayya al-`ibaadi. (Mawlana Shaykh sits) Mashaa-Allah, for the honor of Ramadan al-Kareem where Allah Almighty's Mercy Oceans are pouring and asking to reach everywhere. That is a grant, habbib `ilayya al-'ibaad. Allah Almighty ordered Sayyidina Musa (a), "Don't make My servants to run away from Me. I like that they love Me." Allah! Allahu Akbar! Subhaan sen Allah! Subhaan sen, yaa Rabb! Subhaan sen, Sultaan sen.

Be happy, particularly in this holy month. Holy months are also happy or happiest months. Give more, O mulook, kings, and make `ibaadAllah, the servants of the Lord, happy. Give! Don't save, because Prophet (s) said:

•• •••• •••• ••• ••••

man tashabaha bi-qawmin fa huwa minhum, Who imitates a people is one of them.

That is a heavenly message reaching to people. Why you are going to be like Qaroon? Why are you not giving naseehah, advising all mulook and shaykhs and rich ones? Why are you not saying? Allah Almighty is warning, "O My servants! Don't be like Qaroon, who was only collecting and not giving." And Allah Almighty made the Earth swallow him. Why are you not giving? Give and don't fear! Don't fear! So many millions of people cannot find anything to eat, or clothing to wear, or homes to live in. Why are you not running to help them? It is a big chance for you to reach high levels of Paradise, Jannatu 'l-Firdaus. Who is preventing you? Your ego. Who is teaching your ego? Shaytan. Don't follow madhab ash-Shaytan, the school of Shaytan.

O Salaafiyoon! Tell! Which of you is sending anything to needy people here and there? May Allah forgive us. This is the holiest month, about which Sahaabah (r) said the Seal of Prophets (s) was always generous, but in this holy month he was so generous, such generosity was from him that you can't imagine.

O Salafi `ulamas! Why are you not advising mulook, shaykhs and rich ones, to follow the way of the Seal of Prophet (s)? If anyone claims they are Salaaf as-Saalih, they would be giving everything for Allah, leaving nothing for their egos.

O People, `ulamas, `umarras, mulook, everyone! Think about it is the first day of Holy Ramadan. Open your

doors, open your treasures! Give to people, because none of you know if you will reach another Holy Ramadan! May Allah forgive us for the honor of the Seal of Prophets (s).

Fatihah.

Mashaa-Allah. They will be happy. Tomorrow our attenders must come and hear, and leave dunya a little bit more, and come and try to be servants of your Lord, Allah Almighty.

Fatihah.

## To Enter the Divine Presence, Leave Your Donkey

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar kabeera w ’alhamdulillahi katheerah wa subhaanAllahi bukratan wa aseela. Laa ilaaha illa-Llah wa Allahu Akbar, Allahu Akbar wa lillaahi 'l-hamd! Alfu salaat wa alfu salaam `alayka wa `ala aalika wa sahaabati ya khayru khalqihi ajma`een. Salaatu wa ’s-salaamu `alaykum yaa anbiyaaullah wa man tabi`ahum bi ihsaan ila Yawmu’l-Qiyamah.

A`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh sits) Madad yaa Rijaalullah, madad.

O People! O Our Attenders! As-salaamu `alaykum wa rahmatullahi wa barakaatuh. Huu. That is a heavenly blessing for all people living on Earth. When they are saying, "As-salaamu `alaykum wa rahmatullahi wa barakaatuh," that blessing comes on those giving salaam as well as those answering, “wa `alaykum as salaam wa rahmatullahi wa barakaatuh.”

O People! Ask from Allah Almighty, from His endless Mercy Oceans, to forgive us and to bless His weak servants.

O People! It is enough up to today that you are drinking and getting drunk. O People! Leave being drunk ones. You are not coming here to be drunk ones. Madad, yaa Sultan al-Awliya, madad yaa RijaalAllah. You have not been sent here to be drunk ones, but you have been sent here to know and to understand, and then to act according to your understanding. When people are drunk they do not understand anything and they will be sent away from this life to another place, to another level of life, as life is a grant from Allah (swt) (Mawlana Shaykh stands) because He created us! Even if you stand up from the beginning until the end of our lives, it is nothing! We must keep full respect and full glorifying for our Lord, that He created us. (Mawlana Shaykh sits)

O People! Listen and learn, and then try to follow the way that is taking you to heavenly ways that are carrying you to such never-ending territories and never-ending dominions of Allah Almighty. Don't lose your chance that you have been granted by our Lord, Allah Almighty (swt). Try to learn and try to do something for our Creator, for the Lord of Heavens, Who is the Lord of Creation from pre-Eternal up to Eternal! Don't think that the life of Mankind is only between one and one hundred years, no!

(Mawlana Shaykh stands) Allah! Sultan sen yaa Rabb, Sultan sen yaa Rabb! (Mawlana Shaykh sits) He is Most Kareem, Most Generous, and that word is not enough to explain Allah Almighty's grants. We are the most lucky of creatures that Allah Almighty granted us such an honor never given to others, not even to angels who asked for that honor for them! Allah Almighty said, "I am bringing them from My endless territories, My endless dominions. I am bringing new ones to be on Earth, My deputies." Then Allah Almighty created Man. That endless grant from our Creator, Allah Almighty (swt), (Mawlana Shaykh stands) is forever! It is not only here for here (in this world), but it is for all Eternity!

Yaa Allah! We like Eternity only to glorify You, so we ask that for Eternity. (Mawlana Shaykh sits) We are not running only after our bodies, to eat, drink, and enjoy; that is for our physical being, that it is going to be changed in Paradise, to enjoy. But our real enjoyment and real honor is to be in the Divine Presence forever, up to Eternity! We are asking for Eternity! Eternity, to be with Allah Almighty and for His glorification!

Now people do not understand such things, and they only bring some understanding that belongs to our physical beings, that belongs to our donkeys. But is not important to a horseman. One who is riding on a horse has been honored to be a king, to be a sultan! You approach the palace of a majestic king on your horse,

but when you reach the glorious entrance you do not enter; first you must dismount to enter. Therefore, when Sayyidina Abayazid, may Allah bless him, reached the highest level of obedience and the last point of servanthood, when he reached the Divine Presence, the most honored, most glorified entrance of the super palace of the Lord of Heavens, he asked to come in, saying, "O my Lord! Allow me to enter! How can I enter from the heavenly announcement that represents the holy invitation of the Lord of Heavens?"

(Allah Almighty) said to him, "O Abayazid! Leave your donkey and come in. I am not accepting you to enter with your donkey. O angels! Take his donkey from him and let him come."

When our donkeys are taken away, at that time we receive an honor to be with our Lord Almighty's invitation! Then you can enter. But all of us are looking and seeing, trying to give our horses everything they like. Here, we are only trying to give it our rights to eat, drink, and dress for adornment! Those people do this solely for their physical beings, or for their “rights”, or for their donkeys, or for their horses!

No one can enter the Divine Presence on his horse or donkey. But now all people are living solely to eat, drink, and for their sexuality, nothing else. Those who only seek to enjoy material aspects of this life will be sent to that area, to that territory. Until you leave your donkeys, you will not be taken to the Divine Presence; it can't be! The material aspect of life is not a real aspect for our being on Earth, but we have been sent here to learn our rights, to know who we are and for what purpose we exist, and finally, to return to where we were created!

But all of us now are running after material aspects and enjoyment. The summary of our taalib, our last limit that we understand from this life, is to make our beings enjoyful here, and that is a wrong understanding, because it only makes people run after material aspects and fight and kill each other! People now do not strive to and ask for the divine aspects of real life, what was created in the Divine Presence of the Lord of Heavens.

O People! Come listen, learn, and understand about all the prophets and divine prophecy. Prophets never called people to what was temporary, but they only came to teach the ways of Eternity.

O People! Come and use your mentality and your whole energy to seek and understand and do something for eternal life, for Eternity! I am sorry to say that people are drunk and not understanding any of these aspects,

and they are following shaytanic ways. May Allah forgive us!

O People! Say “astaghfirullah” at least 70 times a day. We are asking, O our Lord, that we are not from those people who understand only this temporary life here in this world, what they are trying to make for everyone. They are on wrong ways and thus cannot reach happiness or real enjoyment or perfection, or what Allah Almighty has prepared for us.

O People! Listen and obey and try to do something for your eternal life, and you will be happy forever, in this life and the next. May Allah forgive us! Allahuma salli `ala Sayyidina Muhammad...

(Du`a)

(Mawlana Shaykh Hisham makes du`a.)

Subhaana rabbika rabbi ‘l inna ama yasifoon wa salaamun `ala ‘l-mursaleen wa ’lhamdulillahi rabbi ‘l-`alameen. Suratu ‘l-Fatihah.

(Baya`)

Fatihah.

## Leaving Time and Space

Today is one situation, yesterday was another one. What you find today you will not have tomorrow. A beloved servant of Allah is one who agrees to every change in his own life and in others. It is a high rank of a believer to be happy and glad with every change without objection. Worshipping is easy. So many people pray. But to be happy with the Will of Allah the Almighty is not something everyone can do. Everyone knows this, but they do not practise it. When it would be necessary for them to do it, they are unable.

Allah is pleased with you when you are pleased with Him. If everything would be like the servant wants it to be, the servant would be happy. But on the contrary, if something happens which he is not prepared for, he will not be happy with His Lord. He will force himself to worship, and Allah doesn't like that. He wants us to worship with love and respect.

I am not expecting you do to this at once, but step by step you can practise. You need endurance for every expensive target you want to reach. We know our target and must try to reach it step by step. Even when we are in a plane we are informed of how we are getting higher and higher. We do not shoot up straight from the runway to the highest position. It is difficult to be patient, but we must, especially in our days.

Patience is the main means for an opening to Heavens, to be taken out of time and space. Before you leave

time and space you must carry a heavy burden. Like a rocket before it reaches its orbit it needs huge powers. When it has reached its orbit it doesn't need anything. There gravity is finished. When we control our physical desires we can use our powers to take us out of the gravity of our egos and we will reach our orbits in Heaven.

## Lebensquell Wasser

Wir wünschen allen Menschen ein friedvolles Leben und denen, die nach dem Glück suchen und darum bitten, Zufriedenheit, Freude, Vergnügen und Erweiterung zu erlangen im Diesseits und im Jenseits. Solch ein Mensch muß schauen und auf zwei Dinge achten: das erste ist, immer dhakir zu sein, das bedeutet, mit Allah zu sein und zu sagen: la ilaha illa llah oder Allah, Allah, Allah, die Heiligen Namen Allahs. Wer dies sagt, ist dhakir, er macht dhikr. Ihr seid erschaffen worden, um Seinen Heiligen Namen zu preisen und anzustimmen: Allah, Allah, Allah, la ilaha illa llah, la ilaha illa llah, la ilaha illa llah, ya Allah, ya jalil, ya jalil, ya jalil, ya jalil, ya Allah, ya karim, ya Allah, ya rahim, ya rahman, ya Allah, ya sattar, ya Allah, ya ghaffar, ya Allah, ya fattah. Ya Allah, ya shakur! ... Wasser ist so etwas Wertvolles. Wasser ist so wertvoll, daß ihr immer sagen müßt: „O unser Herr, Du bist es, der Du uns Wasser zu trinken gibst, gäbe es nicht das Wasser, mit dem Du uns versorgst, nichts würde unseren Durst löschen. Nichts wird euren Durst löschen außer Wasser. Wenn der Allmächtige alle Wasser salzig machen würde, was würden wir tun? Deshalb: Seid dankbar! Heutzutage sind die Menschen so dumm und unachtsam! Wenn sie nichts von diesem Papier – dem Papiergeld – bei sich haben, sind sie nicht dankbar. Aber könnt ihr es essen? Sie billigen dem keinen Wert zu, was unendlich wertvoller ist als diese Scheine; kommt ein Mensch zu einigem Papiergeld, dann macht es ihn so glücklich, aber solange er nicht solch eine Brieftasche in seiner Tasche trägt, wird er nicht dankbar sein. Wasser aber ist sehr viel wertvoller, es gibt euch Leben! Wenn ihr in einer Wüste seid und Durst leidet und

habt einen Sack voller Gold, wird es euch kein Leben geben. Wenn du durch die Wüste reitest und die Satteltaschen deines Reittieres bis obenhin mit Gold gefüllt sind, so wird dir das immer noch nicht Leben geben. Dies reine Wasser aber gibt dir Leben – also sei dankbar! Sei Allah dankbar und sage: shukr lillah – daß du frei atmen kannst auf Erden. Ihr müßt dankbar sein; es gibt so viele Leute, die unter der Erde arbeiten, manchmal geschieht es, daß sie von der Luft abgeschlossen sind und in den Tiefen ersticken. Ihr seid auf der Oberfläche der Erde und könnt frei atmen. Es gibt viele Gründe, warum Leute nicht frei atmen können, es gibt Krankheiten, solche des Brustkorbs, wie Asthma, die es den Menschen nicht erlauben, frei zu atmen. Sie haben große Schwierigkeiten, einfach nur zu atmen, und bitten darum, nur allein wie ein normaler Mensch atmen zu können, aber sie können es nicht. Sie müssen so viele Tabletten einnehmen oder ein Atemgerät benutzen, einen Inhalator. O Leute, die Awliya' sagen, daß wir Allah für jeden Atemzug dankbar sein müssen. Seid dankbar, daß Er es euch vergönnt, frei einzuatmen und dann schnell den verbrauchten Atem wieder auszuatmen ohne Zuhilfenahme einer Vorrichung. O Leute, jederzeit solltet ihr an die vielen Dinge denken, für die ihr euch bei dem Allmächtigen bedanken und Ihn preisen müßtet. So viele Leute leiden unter Zahnschmerzen, so viele haben Kopfschmerzen, Tausende haben Rückenschmerzen, so viele Leute haben Schmerzen im Magen oder in den Beinen – o Leute, besinnt euch und seid dankbar vor Allah! Beklagt euch nicht, denn ihr habt kein Recht, euch zu beklagen!

## Allah (swt) Will Teach Disobedient Ones a Lesson

Nothing will harm the kind ones; the good ones will be saved, but the bad ones will be punished.

•••••••••••••• •••••••••••••• •••••••••••••••• •••••••••••••• •••••••••••••••• •••••••••••••• •••••••••••••••• ••••••••••••••
••••••••••• •••••••••••• •••••• •••••••••• ••••• •••••••••••• •••••••• •••••••

Al-khabeethaatu li ‘l-khabeetheena wa ‘l-khabeethoona lil-khabeethaati wa ‘t-tayyibaatu li ‘t-tayyibeena wa ‘t-tayyiboona li ‘t-tayyibaati olayka mubarraoona mimmaa yaqooloona lahum maghfiratun warizqun kareem. Women impure are for men impure and men impure for women impure, and women of purity are for men of purity and men of purity are for women of purity. These are not affected by what people say (as) for them there is forgiveness and an honorable provision. (Surat an-Noor, 24:26)

May Allah (swt) protect you and may He send us a king. SubhaanAllah!

The Holy Qur’an makes everything clear. “Bismillahi 'r-Rahmani 'r-Raheem. The good men are for the good women and the bad men are for the bad women.” But we are not Arabs (`ajami), we don't understand (Arabic), but the Arabs understand and they read, “The good women for the good men, the bad women for the bad men.” Divine protection, both here and Hereafter, must reach who is clean. To the opposite, something must come on his or her head that never came on anyone before!

The biggest responsibility is on the Arabs and we are non-Arabs... On Judgment Day, in order for us to pass over the Sirat, they will ask, “What do you know?”

We will reply, “We know ‘laa ilaaha illa-Llah Muhammadun Rasoolullah.’”

They will say, “Pass.”

Then they will ask (the Arabs), “Who are you?”

“We are Arab.”

“Ohh! There is a big responsibility on the Arab Muslims!”

O Allah Almighty! Send us a saint to make everything clear! Previously, when a nation was in a difficult situation, they asked for an opening, and in the Holy Qur’an it says, astaizhu billah, “And a group of the Children of Israel said to their prophet, ‘Appoint for us a king so we may fight in Allah's Way.’” (2:246) This means there is no democracy, no republic; it is all fit for the toilet. There is no democracy in Islam, a system belongs to Shaytan! Democracy, the republican system, the parliament system, all of them are rubbish. There is no secularism in Islam. Islam is Islam. It came, from the beginning until the end, to arrange the situations for the servants of Allah (swt), and to establish absolute justice among the servants of Allah (swt), and to prevent injustice and oppression among one another.

People in Egypt are asking, “What shall we do?”

What is Allah saying? Astaizhu billah. They are searching for a constitution. What is this constitution? Have they no faith? Allah (swt) said:

Wa man lam yahkum bima anzala Allah fa'ula'ika hum al-kafiroon. And if any fail to judge by (the light of) what Allah revealed, they are (no better than) the unbelievers. (al-Ma’ida, 5:44)

... they are (no better than) azh-Zaalimeen, the oppressors. (5:45)

... they are (no better than) al-faasiqoon, the rebellious. (5:47)

In spite of this they are still searching for a constitution, bringing one from here and there according to their egoistic desires. Who gave them the authority to do that? Did Allah (swt) give authority to the servants to arrange their own situations according to their desires? To make a constitution is Shaytan's advice, and Allah Almighty clearly said in Holy Qur'an (with such emphasis that) on one page it is mentioned three times, "Who does not rule with what Allah has sent, are unbelievers, oppressors, rebellious!" Three times with three descriptions, each one worse than the other, and the Egyptians don't understand; they still want a constitution!

May Allah fight them and destroy whoever has ideas like this. Something will come on them from Heavens. May Allah (swt) protect us from what will come on them!

(How about the Muslim Brotherhood and the Salafis?)

They are at zero level and they can also be described as tyrants. Their work will never succeed.

(Then who will rule us, Shaykh Effendi?)

The rule belongs to the one who was thrown out by that tyrant, Abdul Nassir, who had no right to do so!

(How will they bring [kings] back?)

In Baghdad, who removed their king? In Syria, in Turkey, who removed the sultan? In Libya, who removed their king? Allah (swt) is looking and will teach them a lesson. What did Hajjaj al-Zalim say when he was appointed governor of Basra (Iraq). "O child, stand up and read!" Hajjaj al-Zalim ordered a young child to stand up and read the message from the king.

He stood up and first said, "The Calipha is giving salaams to the people of Basra." Not even one from the attenders replied, "Wa `alaykum as-salaam." At that time Hajjaj al-Zalim was wearing a veil, he stood up and said, "O People of Basra! You have no manners: the Calipha of Islam is saluting you and not one of you replies! I will teach you a lesson that was never seen before!" And then he removed the veil, "Read again the message from the Calipha of the Muslims." And not even one fly that was in the mosque did not reply to the greetings.

“I will teach you a lesson...” Something will come on the Salafi brotherhood, then they will know what is Islam's judgment for those shaytans that left the way of truth, Islam, and went to the way of falsehood. Something will come on them, not just on one group and not only one Hajjaj will come to teach them a lesson, not only one in this world, but Allah can send hundreds to teach those who lack good manners in Shari`at al-Islam!

There is a hadeeth of the Prophet (s), “My nation will be divided into seventy-three sects; only one will be saved and the seventy-two others will go astray.” So they asked him, “Who is that one group?” He replied, “The ones following my way and my Companions’ way.” Allah (swt) will teach them a lesson; Saahib al-Waqt, who is present now, will teach them a lesson that never happened before!

O People of Egypt! come, come... keep, and hold tight to the saved group, as the Prophet (s) said:

Follow the way of the largest group of Muslims, for he who deviates from this group will be thrown into Hell! [Ibn Majah]

The ones who went astray are a handful of people, Salafis, Wahabis, or Muslim Brotherhood, and they want to rule over two million Muslims? They call themselves the “Muslim Brotherhood,” so then what are we, the brothers of Shaytan? What are these bad manners and arrogance?

They never fear Allah (swt)! Have they no shame before the Prophet (s)? Allah will teach them a lesson. Astaghfirullah, tawbah yaa Rabbee.

O my Lord! Keep us firm on the truth and with the group that is saved, that keeps the way of the blessed Companions (r).

Fatihah.

Allah (swt) said in Holy Qur’an:

••• •••••••• ••••••••• •••••••• ••••••••• •••••• •••••••••• •••• •••••••••••••

yaa ayyuhalladheena aamanoo ittaqoollah wa koonoo ma` as-saadiqeen. O you who believe! Fear Allah and

be with those who are pious (in word and deed). (Surat at-Tawbah, 9:119)

Let them search for the saadiqeen. The others are liars, hypocrites and oppressors and you are following them! Allah (swt) said be with saadiqeen, truthful ones.

The Egyptian people, don't they have any mind? Let them search for the saadiqeen. The world is never empty of the saadiqeen. They fear the Salafis and other groups, but not Allah and His Prophet (s); therefore, Allah (swt) will teach them a lesson. (...video cut...)

Allah (swt) sent verses in the Holy Qur'an about Judgment Day:

•••••••••••• •••••••••• ••••••••• •••••••••

Iqtarabat as-Sa`aa wa anshaqqa 'l-qamar. The Hour (of Judgment) is near and the moon is split. (Surat al-Qamar, 54:1)

Faqad jaa ashraatuhaa. But some of its Signs (of the Last Hour) have already come. (Muhammad, 47:18)

Fifteen centuries ago, Allah (swt) told us about the signs of Judgment Day and now we are in it. A`oodhu billahi min ash-Shaytani 'r-rajeem. Therefore, good news is for the ones who keep themselves and their faith, their children, and who pay attention to their family, that they don't eat except what is halaal. But people now became thieves. Their stomach is never satisfied by what is haraam as haraam money or food will never satisfy you, even if you eat the whole world of forbidden things! To be content with what you have is a treasure that never ends, but very few are content with their situation.

Send my salaams to the brothers in Aleppo.

(Won't you visit us in Aleppo?)

I will. Sometimes at night I am circling that castle in Aleppo, but no one sees me. In the difficult times of the End Times...

May Allah protect you.

## Let the Rocket in Your Body Fly

A religion cannot exist without mysticism, which is what we call sufism. What is the mission of sufism? Religions work within your soul. It moulds your personality to a degree of perfection which allows you to enter Divine Perfection in the hereafter. Every religion and every line of prophecy has sufism within. All religions which were sent down to mankind also contained the methods of sufism. After thousands of years methods were outdated.

Some people tend to think that the change into modern age came with the Renaissance, but the real opening was the revelation of the Last Testament, the Holy Quran. It was only one book which came, but now you can find tens of thousands of books based on that one book. The meanings which can be derived from it are endless. Muhiddin Ibn Arabi wrote more than 500 books, but one lifetime is not enough to understand even one of them, a whole institute would have to study it for years and years. These books are full of solid knowledge. After the Renaissance the Lord granted western people an opening to such Oriental culture.

The Old Testament and the New Testament contain methods for people living 2000 years ago, or even further back. Those methods are of no use today. They are like factories with old-fashioned machines, not enough. Within this difficult period of stepping from one century to the next, we need stronger methods.

Anyone who is interested to find out anything about their Heavenly Station in Divine Presence can use whichever way they want. But you cannot surpass the gravity of the earth and reach the outer atmosphere with an helicopter. You will need the kind of rockets which Naqshbandis have.

There are Seven Heavens, one on top of each other. They are all enlightened and brilliant. In Islam there are 40 tariqats. All of them reach the level of Archangel Gabriel, representing the Level of the Mind. After that station our minds cannot function. Whoever wants to develop spiritually must find someone who is authorised to teach them. Everyone has been granted spiritual powers from their Lord, but most people are not interested in how to use them and die without their jets even having left the runway.

If anyone is interested in the spiritual path, they can find out more. The more they learn, the more they can practise. The more they practise, the more their spiritual awareness will open. Allah grants an opening to everyone who wants to reach Heavenly Stations. It is our duty to ask for such methods. People find out so much about this life. If they are interested in mystic ways they are welcome. You cannot fool me. I recognise whoever is an authorised teacher in this matter. We are reaching the 21st century. The last days of the century are not the same as the first. The first years showed an increasing materialism and atheism. This is now disappearing and the sun of spiritualism and mysticism is rising. People are fed-up with the philosophy of materialism and atheism. They are vomiting with disgust. They are asking for something which will give them enjoyment and peace within themselves. They see that technology is taking over the activities of mankind to enable them to rest and enjoy themselves, but they are unable to do so. They cannot be in peace. Instead of finding peace they are quarrelling, fighting and destroying each other even more. Why? This huge technology takes away so many heavy burdens from mankind. You can just press a button and cause a gigantic plane to rise. You can press another button and an enormous vessel will start moving through the ocean. You can take a small box in your hand, say "Hello! Are you Elizabeth? Where are you now?"

"I am in Los Angeles."

"What are you doing?"

"I was just sleeping."

This box is incredible! How can it function without a wire connected to it! The jinn carry the messages from

one place to another. But in spite of all this advanced development sufferings and problems are increasing. In this university you are selected, chosen people, which gives you a lot of responsibility. Make a balance between your physical desires and your souls. Don't imprison your souls by only following your physical desires.

## As-salamu alaikum! A new page, let us see, which page will be opened

As-salamu alaikum! A new page, let us see, which page will be opened...

Tariqatuna as-sohba wa khairun fi jamiat...It is an association, association with Sheikh... Meded ya Sultan-ul Awliya...Association with Sheikh, who has been authorized for association. His authority must come from Heavens; if not, it is an imitation, not real. All prophets are in connection with Heavens; if not, they are going to be like ourselves, ordinary persons. No, prophets can't be as an ordinary person, no. Always, from beginning up today, square-head people- and their square is less than a mm square- always objecting for prophets, saying: 'You are like ourselves. What is that? Why you say you are prophet? We are looking that you are like ourselves- eating, drinking, marrying, working, fighting... everything that we have you have also. Why you are saying that you are prophet?' They are looking always on that...anger making them to loose...You may bring a plastic diamond and an original diamond. If you are bringing to a grocery shop, he should say: 'Yes, it is same'. But if you take this to jewellery, he will say: 'No, this is plastic, that is real.' People always look with their egoistic looking and say: 'You and me same. Why you are saying you are prophets? What is that, what does it mean to be prophet?'

They never understand. Up today whole world, majority of people, not taking care for prophecy. Even Muslim world also through Wahabi movement saying: 'Prophet is also like ourselves one person.' What is

that? That is their material view, showing them that he is also as an ordinary person like ourselves. And this wrong idea, wrong view, wrong recognizing, wrong decision, wrong judgment, making people to refuse prophecy. Up today they are not accepting prophecy. Accepting Darwin, not accepting prophets. What is that foolishness? Whole world saying Darwin- that shaitan, that one of biggest representatives of shaitan-, that Darwin whole world saying that is true. Evolution, that bringing that shaitan, is true and they deny whole heavenly books, Holy Books. They should be punished! These people that follow worst ideas of Darwin, biggest representative of shaitan, should be punished. Now coming a war, 5 of 6 should be died! Who not accepting holy Books' knowledge, they should be killed. Killing each other, including through Islamic world also, that they are through their schools, universities, teaching Muslim youth that evolution is a true term. That shaitan is their leader!

Therefore they make me to speak on such fine points that people are thinking that 'Doesn't matter, if they are making now program for our universities, our educational systems, if we are putting it, doesn't matter', Muslims saying. Allah saying that those people on some wrong, on Batil. They are not taking care, but say: 'Doesn't matter', but this is a big thing for divinely Presence to say (about) mankind that we are coming through evolution, (and that) that Darwin shaitan is true one. Finished- they are denying Allah, denying whole prophecy, whole holy Books, denying everything about Heavens, finished!

I am saying with holy verse: 'Bismillahi Rahmani Rahim ....Wa huwa inda- llahu 'aziem'...Arabs may understand... Therefore I don't like to send my children to schools, because they are teaching such Kufr that is cursed, and cursing coming on world. Day by day cursing approaching world more and more and more, and those people that follow Darwin are going to lose everything through their minds...Hayret- they should fall in a position that they should lose their whole capacity that they have been granted; they should loose it, they are going to be unable to use anything from heavenly grants for them...yabka halimu hayran... (remaining) surprised or astonished...

(As no one in attendance Seikh seemed to find the right term that he was using, he said:) So many people sitting here...like walls...they are reaching to me, you are not reaching to me.

Now for the reason of evolution, making every week, every month, every year a new election to save themselves; and every election bringing much more weakness, and powerlessness. They reached the limit of

thinking. Everything they tried up today through elections, elected people, parliaments, governments, cabinets...all of them they tried every way; now no more any way for them to release or to save themselves, finished. I am hearing here in Cyprus making elections, in Turkey making elections, in France making elections...Taking this, putting that on his head...what is that foolishness? If you change caps from one head, coming to be like me? No. Finished!

A captain that is not educated or experienced, given to him for sailing that ship and he coming and getting in a beach, golf, coming in it, ship sinking...People going, coming, like this, falling down, asking: 'What happened? Why we stopped?' Captain saying: 'Sea finished. Just finished sea, we can't find any other way, and coming on here. You must look after yourself. Because ship knowing very well that sea just finished, we reached to land, finished. It is not my fault. But I am sorry to say to you my declaration that ocean finished, sea finished. Come down and walk now.' Now their ship coming on land. All of them ghairu ahlun...

If your destination given to hands of someone that are not suitable for that, you must look that Day of Resurrection just reached to you (according to a Hadith). No one is suitable to lead nations, to lead world. And finished all of them, their ships coming on land, and saying captain: 'We can't do. Now we can do only, if you are unhappy...we must, if you are not happy with me now, we may do election, bring another captain, look what he is saying'...If you bring 40 captain, pilots, all of them should say: 'We tried also the first one, what he said. Really sea finished. Only land. We reached to land, we can't do anything else'.

Now whole world just reached to land, no way for them. If 100 times making elections, 1000 times making elections, making changing, it is same, because they are not real pilots for governing nations, governing countries, governing states. Finished.

That is something that Seal of Prophets just informed before our time 15 centuries ago. He was saying to people: 'O people, use true ones among yourselves, use experienced for your countries, for your governments. If you are not using, your final position should be in such terrible, horrible, dangerous final'. Finished- they are following Darwin and they are cursed. Their education system cursed, their governments cursed, their parliaments cursed, their republics cursed. Everywhere that (there is) cursing, (it is) from Heavens, not from me, no. Don't quarrel, don't fight with me, no! I am only saying: 'If you know any other way to save yourself... ask Darwin, phone to him! Where he is buried, put that wire to his grave, if there is someone there, and ask

him: 'We followed you up today and we reached to such a position. What do you think what we shall do now?' Or they must ask shaitan, because there is satanic government. All over the world that sending, as shaitan has biggest broadcasting center under skies. (He) can't get up. But from there, that using their satellites, biggest one over it, that is giving to all satellites what they should say...correcting and sending...

You must go and find...Till you are coming to reality and you are saying: 'O our Lord, we are asking forgiveness, we are wrong way!' If you say this and asking forgiveness, that time Allah Almighty ordering to those people, who make wrong and asking forgiveness, to go to His Prophet, and Prophet asked on behalf of them forgiveness...That is verse, Ayat ul Karima: If they are making wrong and they fall in a bad position, they must go to Rasulullah salallahu alayhi wa sallim.

This order is not only for Sahaba. If you say: 'It is only for Sahaba', that (means, it) is going to be only Holy Quran for Sahabas, not for ourselves. (But) If it is general for everyone, you must use it now! Whole Muslim leaders, religious leaders, and Sultans, Presidents and governments- all of them must go to Rasullullah sws and must ask from him. (They) must say: 'We are wrong way up today. O Rasulullah please stand up in divine Presence and ask forgiveness for us, and let Him to send us someone leads us...to take ourselves from this prison, from this deserts to find our way, that our ancestors they reached from glory of Islam.'

Darwin people reaching to shaitan. Muslims- what about them? To where we must go? Allah saying. This is divine order, ferman, from Heavens to Muslims. Now if you are going to say: 'Ya Rasulullah', those Wahabi people say: 'You are Kafir, you are Mushrik'. How this Ummah is going to save themselves? And Ayatu Karima saying: 'You must go, if you make dhulm for yourselves, you must go to Rasulullah sws and ask from him that he asks forgiveness from Allah Almighty'. It is Tawassul, if is shafaa (intercession).

May Allah forgive us! Because we are in very dangerous situation, because Muslim world also following satanic ways, representative of shaitan, Darwin. Keep yourself, or mill, grinding wheat, coming to grind people now. The 3rd war is at doors! Don't think that peace coming. No, peace coming after war! Now peace never coming. Peace also coming after war. Why you are now waiting peace? Fighting must come, then peace coming. Keep yourself! If not, grinding them and taking them away...

Now there is some weapons that kill and burn people, making them like ashes and throwing them away, as a mill grinding wheat. And so near now... I don't know- through June beginning, or in July beginning...

because it is not something coming and making advertising: 'We are coming'. And which part of world that volcano going to work, no one knows... May begin in Cyprus, may begin in Turkey, may begin in Israel, in Iraq, in Russia, in China, in India, Pakistan, Greece, Golf, or Mediterranean area... or Black Sea or North Sea, Atlantic Ocean, Pacific Ocean, Indian Ocean... No one knows from which part that volcano going to open...

Beware whole mankind! This is a general addressing to whole mankind. Whom keeping something through their heads from minds, balance, you should find 1oo % it is true. We are speaking through the lights of real Islam, that Prophet granted from Allah Almighty and reaching up to ourselves.

May Allah forgive me and bless you, for the honour of the most honoured Prophet Sayidinna Muhammad salallahu alayhi wa sallim. Fatiha.

# LETZTE CHUTBA VOR DEM RAGAB 1408

Drei heilige Monate, mit Rahmat beladen, kommen auf uns zu. Rahmat von Allahs endlosen Meeren für die Ummat von Muhammad (FSmi). Zwei Monate noch bis zum Fastenmonat Ramadan. Bei Allah ist alles gezählt und berechnet. Wie oft der Ramadan noch kommen wird, auch das ist gezählt. Die Tage der Welt sind ebenso gezählt, der wievielte ist und wie viele noch kommen, ist genau festgehalten. Es werden keine 1400 Ramadane mehr kommen. Vielleicht werden keine 100 Ramadane mehr kommen, denn die Überlieferung sagt 1000 Jahre für die, die der Shariat folgen, dann 500 Jahre, wenn sie sich den Ungläubigen nähern und ihnen folgen. Jetzt sind wir schon im 15.Jahrhundert. Der Ramadan vor uns muß als Schatz betrachtet werden, den man sich erwerben und bewahren soll. Das Feuer der Hölle wird von jedem hier in der Welt selbst angezündet. Jeder bringt sein Feuer von hier nach dorthin mit. Nar ul Hasret , dies Feuer brennt im Menschen, doch man sieht es nicht von außen. Fürchtet euch vor Allah. Wer Ihn nicht fürchtet, ist ignorant.

## Levels of Love

The Lord is One. He created all of us and planted His Divine Love in the very yeast of our being. You must know that, although that love may be temporarily covered, it is running through our hearts as a river runs to an ocean. It may manifest only as temporary human love, it may even seem to disappear completely, like a river that flows under a mountain, only to re-emerge on the other side. But there can be no doubt that our Lord has placed in every heart a current that flows irresistibly to His Love Oceans in the Divine Presence. Allah says: “Oh My servants, as I have given you of My Divine Love, so have I given it to all creation; so spread your love to everyone, that you may be in harmony with My will."

To perceive the beauty in all creation you must transcend outward forms and shapes and pass to meanings, eternal spiritual realities, as forms are limited and limiting, whereas spiritual realities are Oceans, endless Oceans of Contentment. To arrive at those Oceans will bring you inner peace.

There are levels of love along the way. Their quality is different, according to their nearness to the goal, the Absolute Love Oceans of our Lord. When one has reached that goal he may take any amount of harm from others and still love. He may say: "I love you for the sake of my Lord, not for any other reason. That love will never change or diminish, as no matter what you do your Lord's love is with you, and therefore I love you, too."

We are trying to reach that point, but it is difficult. We are tested, and that is an opportunity for us to advance. Holy people have advised us that rather than avoiding all ill-mannered and badly educated people, we should mix with them and establish contact with them, that they may benefit and that we may test ourselves and gain thereby.

The Holy Masters have promised me that whoever sits with me and listens with his heart full of love, being receptive to Divine Love, must come to the same level: their hearts must open to Divine Love. The Masters are not going to abandon us, and we are not going to turn from them, as our hearts have been bound with the strongest bond: the bond of Divine Love, that strongest relationship that exists between the Creator and His creatures.

If the love that is with me was only transitory love, you wouldn't sit with me for even one moment. But the love that is with me is real, permanent and Divine; and I extend rays of it to your hearts in my association to awaken permanent love in you. This is a love that will blossom in your hearts. I am asking permission from my Lord to spread His permanent Divine Love to the hearts of all people. The time is approaching when we hope that permission will be granted.

# Licht und Dunkelheit

Bismillahi-Rahmani-Rahim Dastur yah Sultan al-Aulia, maddad ya rijalAllah Allah, Allah „Wa fahamnaha Sulayman“ Allah der Allmächtige gibt von Seinen endlosen Gnadengaben und Segnungen denjenigen, die darum bitten. Wenn sie nicht bitten, zürnt Allah ihnen und hört auf, ihnen zu geben. Es gibt Meere der Barmherzigkeit, die keine Unterschiede zwischen den Menschen machen, sie sind für die gesamte Menschheit. Gleichgültig ob sie Propheten, Heilige, Gläubige oder Ungläubige oder Götzenanbeter sind, diese Barmherzigkeit ya'ummuhum, kommt zu jedem von ihnen. Dann gibt es einen anderen Quell von Barmherzigkeit, von Strömen der Barmherzigkeit, die denen vorbehalten sind, die darum bitten und ihnen wir davon entsprechend ihrem Verlangen und ihren Fähigkeiten oder Möglichkeiten, gemäß ihren Anstrengungen und Absichten gegeben. A´udhu billahi min a-schaytani-rajim Schaytan kommt immer zu den Menschen, um ihren Verstand zu verwirren, indem er Zweifel sät. Und diese Zweifel verschließen das Herz. Die Juden kamen zum Siegel der Propheten – Allah segne ihn und schenke ihm Frieden – und sagten: „qulubuna ghulf“'„Unsere Herzen sind verschlossen“ Verschlossen, weil sie in ihren Gedanken Zweifel haben, weil Schaytan in ihrem Verstand Zweifel gesät hat. Die Zweifel verschließen und versiegeln das Herz und Iman, wahrer Glaube, kann nicht hinein gelangen und das Herz wird von Dunkelheit erfaßt. Wenn ihre Herzen in Dunkelheit sind, wird ihr ganzes Leben von Dunkelheit erfüllt, sie können nicht mehr in einer lichterfüllten Umgebung, in einer Welt voller Licht leben. Nein, sie streben immer nach Dunkelheit und

Finsternis.
Bismillahi-Rahmani-Rahim Deshalb bitten wir Allah den Allmächtigen mit den Worten ‚A´udhu billahi min a-schaytani-rajim’: „O unser Herr, laß’ nicht zu, daß Schaytan in unserem Verstand Zweifel sät und unsere Herzen verschlossen werden!“ denn dies würde uns in Dunkelheit stürzen und wäre der Anfang von Schakawat, Unglück und Leid. Schakawat bedeutet, von guten Eigenschaften wegzulaufen, bis der Mensch, wenn alle guten Eigenschaften sein Herz verlassen haben, zur selben Gattung wie Schaytan gehört. Wenn die Menschen das himmlische Licht verlieren, wenn es keinen Zugang mehr zu ihren Herzen finden kann, werden sie wie Schaytan. Er ist der Anführer alles Schlechten und aller Teufel. Teufel können nur in den Welten der Dunkelheit leben. Sie, die Repräsentanten Schaytans, wollen nie, daß Licht auf die Erde herabkommt. Deshalb haben sie jedesmal, wenn ein Prophet gesandt wurde, diesen bekämpft. Schaytan ist jedesmal schnell zu finsteren Gestalten aus dem Reich der Dunkelheit gelaufen und hat sie aufgehetzt:
„ Schnell, erhebt euch, da ist Einer, der die Finsternis eurer dunklen Welten bedroht, der sie verändern will, der euch aus eurer Dunkelheit herausbringen will, an die ihr so gewöhnt seid und in der ihr euren Spaß habt. Er kommt, um euch aus euren Gewohnheiten herauszureißen.“ Deshalb wurde jeder Prophet von diesen Leuten, von den Handlangern Schaytans, verfolgt. Als erstes sind sie immer gelaufen gekommen und haben ihn beschuldigt: „Du bist ein Lügner! Du bist gekommen, um unter unseren Leuten Fitna, Unfrieden zu stiften! Du willst das friedliche Zusammenleben unserer Gemeinschaft stören und sie gegeneinander aufwiegeln und Unglück über uns bringen! Wir haben dich nicht gerufen, herzukommen und unsere Leute mit deinen Reden zu belästigen! Wir kennen den Weg und du kommst mit deinen Lügen, um uns irre zu führen. Wenn du nicht mit deinen Bekehrungsversuchen aufhörst, werden wir über dich herfallen und dich von hier vertreiben. Wir werden dich wegjagen oder dich töten, um dich loszuwerden.“ Von Anbeginn an bis zum heutigen Tage ist es die Aufgabe Schaytans, jedes Licht im Bewußtsein der Menschen auszulöschen, es zunichte zu machen und die Welt in Dunkelheit zu stürzen, damit sie gemäß ihren egoistischen und physischen Begierden leben, um die niederen Wünsche zu befriedigen, die Schaytan ihnen eingeflüstert hat. Und ebenso wurden alle Erben der Propheten von diesen teuflischen Gruppierungen verfolgt und angegriffen, indem ihnen gesagt wurde: „Ihr seid Lügner, laßt uns in Ruhe, verschwindet, sonst werden wir euch bekämpfen!“ (Maulana deutet in Richtung einer nahegelegenen Moschee) Seit 60 Jahren, bis zum heutigen Tage, ist mir hier in Zypern die Nutzung dieser Moschee untersagt. Ich behaupte nicht von mir, ein „Guter“ zu sein, das weiß Allah am besten, aber ich rufe die Leute zur Wahrheit, ich rufe die Leute zum Paradies, ich rufe die Leute zu ihrem Herrn, zu Allah, dem Allmächtigen. Das ist meine „Schuld“. In den

Augen dieser Leute bin ich ein Krimineller, weil ich die Leute zu Allah und zu Seinem Gottesdienst rufe. Seit 60 Jahren bin ich hier und seit 60 Jahren weigern sie sich (offiziell), mich in irgendeiner Moschee vorbeten zu lassen. Das soll nur als Beispiel am Rande dienen. Aber überall versucht Schaytan, das Bewußtsein der Menschen zu beeinflussen. Er versucht zu verhindern, daß sie heiligen Menschen folgen, denn Heilige bringen himmlisches Licht. Doch Schaytan und seine Anhänger wollen niemals, daß es auf der Erde Licht gibt, sie wollen, daß diese Welt für immer in Dunkelheit bleibt. Es gibt bei uns ein Sprichwort: „Kurt sisli hawa sever.“ „Der Wolf liebt nebliges Wetter.“ Wölfe lieben nebliges Wetter, weil man sie darin nicht sehen kann und sie sich unbemerkt anschleichen und jagen können. Das gehört zu den Eigenschaften der Wölfe und die Menschen heutzutage sind zum größten Teil wie die Wölfe. Sie wollen keine von strahlendem, himmlischem Licht erhellte Welt. Nein, sie sagen: „Es gibt keine Beziehung zwischen uns und den Himmeln. Wir akzeptieren auch nicht, daß es so etwas wie einen ‚Himmel’ gibt.“ Sie reden statt dessen lieber vom ‚Weltall’. Was ist das ‚Weltall’? Es ist ein Wort, das sie benutzen, um zu beschreiben, was sie sehen, wenn sie nach oben schauen. „Da ist das Weltall“, sagen sie. Sie sagen nicht: „Da ist der Himmel.“ Schaytan läßt es nicht zu, daß sie sagen: „Es gibt einen Himmel.“ Nein! Und wenn du sie fragst: „Was ist das Weltall?“ sagen sie: „Das Weltall ist finstere Dunkelheit, ein von Dunkelheit erfüllter Raum, in dem sich sämtliche Arten von materiellen Erscheinungen finden.“ Und wir fragen: „Wenn das Weltall so dunkel ist, erfüllt von tiefster, finsterer Dunkelheit, wie kann es dann sein, daß helle Lichtflecken, glänzend scheinende Sterne, gewaltige, strahlend leuchtende Galaxien sichtbar sind? Wie kann das sein? Wenn ihr sagt, das Weltall sei ein dunkler Raum, von woher kommen all diese Lichter?“ Wenn ihr zum Beispiel eine Kerze habt, kann diese Kerze ohne von einem Streichholz oder etwas Ähnlichem angezündet zu werden niemals Licht geben. Von wo kommen die scheinenden Lichter in diesem gewaltigen Weltraum? Wer zündet jede Nacht diese Lichter an? Früher gab es in den Moscheen Öllampen und ein Mann war dafür zuständig, diese jeden Abend mit Olivenöl zu füllen und ein zweiter hatte die Aufgabe, sie anzuzünden. Wer ist Derjenige (Maulana deutet nach oben)? Und wo leben wir? Das Weltall, es ist so dunkel, in dieser Dunkelheit, wie kann das sein? SubhanAllah! Selbst wenn sie es leugnen wollen gelangen die materialistischen und atheistischen Wissenschaftler doch an Punkte, an denen sie zugeben müssen, daß es jenseits von alledem eine Kraft geben muß, die im Weltall ein Gleichgewicht zwischen den Galaxien, zwischen den Sternen und innerhalb der verschiedenen Systeme herstellt. Allah der Allmächtige sagt: „wa inna lamusi´un“ , Allah sagt, daß Er dieses gewaltige Weltall erschaffen hat und alles was darinnen ist und dann sagt Er: „Wir lassen es sich ausdehnen.“ Und die Wissenschaftler sind zu ihrem Erstaunen und ihrer Überraschung durch ihre Forschungen zu dem Schluß

gekommen, daß die Geschwindigkeit, mit der sich das Universum ausdehnt genau so angepaßt ist, daß, wenn sie auch nur im Geringsten langsamer wäre, sämtliche Systeme wie zum Beispiel unser Sonnensystem kollabieren würden. Die Schwerkraft würde zu groß werden und alles würde zusammenstürzen. Wenn die Expansionsgeschwindigkeit ein klein wenig schneller wäre, würden alle Bestandteile der verschiedenen Systeme auseinander fliegen. Die Ausdehnungsgeschwindigkeit ist so fein eingestellt, daß, wenn sie ein wenig kleiner wäre, alles im Universum zusammenfiele, wenn sie ein wenig schneller wäre, würde alles auseinanderbrechen, alles würde seine Laufbahnen verlassen. Keine Erde mehr, kein Mars mehr, kein Neptun mehr, kein Jupiter, alle würden davonlaufen. Die Sonne bliebe allein zurück und dann würden ihre Einzelteile anfangen, davonzufliegen. La haula wa la quwwata illa billahi l-´Aliyyu l-´Azim! Deshalb sagen die Forscher, daß es so fein austariert ist, daß der Verstand des Menschen nicht ausreicht, um es zu begreifen und es ist unmöglich, daß dies so von alleine entstanden ist. Dies ist ein so erdrückender Beweis dafür, daß es jemanden geben muß, der allem seine Ordnung gibt, in einer Weise die unseren Verstand übersteigt. (Maulana wendet sich an einen anwesenden Hoca und fragt auf türkisch: „Dieser Qur'anvers „wa inna lamusi ´un“ was steht davor und danach? Lies!“ Der Hoca: „Ich müßte auch im Qur'an nachschauen.“ ) Sie sagen also: „Es muß Einen geben, er alles koordiniert, einen Gestalter und Koordinator, der allem in vollkommener Weise seine Ordnung gibt, und unser Verstand ist unfähig, diesen Punkt zu begreifen. SubhanAllah! Schaut auf ´Azamatullah, die gewaltige Größe Allahs, des Allmächtigen. Doch trotzdem bringt Schaytan immer noch die Leute dazu, nicht zu glauben, daß es eine unsichtbare Existenz gibt, daß es einen unsichtbar Existierenden geben muß, der die Kontrolle hat. Allahu akbar! Allahu akbar! Die Expansion des Universums bewegt sich entlang einer so feinen Linie, ein wenig darunter oder ein wenig darüber und alles würde vernichtet, das gesamte Universum würde zerstört werden. Allahu akbar! Möge Allah uns vergeben!

Solche Dinge sind dazu da, um die Menschen die Größe des Schöpfers erahnen zu lassen. Doch solche Dinge werden nicht in den Schulen gelehrt. Solche Dinge werden vor den Menschen versteckt und man bringt sie dazu, nicht zu glauben. Schaytan, gemeinsam mit seinen Repräsentanten und Nachfolgern, bedeckt alles, was auf die Wirklichkeit und Wahrheit, auf die Allmacht des Schöpfers hinweist und sie halten es unter Verschluß, damit niemand etwas davon erfahren kann. Allah, Allah! Was wird wohl werden? Am Ende werden sie ihre Strafe bekommen! Möge Allah uns verzeihen und euch segnen und uns auf Seinem rechten Weg bleiben lassen: Ihm den allerhöchsten Respekt zu zeigen, Seine Göttliche Gegenwart zu verherrlichen und stets in Seinen göttlichen Dienst zu stehen um der Ehre des Meistgeehrten, Sayyidina Muhammad,

## Life is a building

100 years ago we were nothing and in 50 years we will be nothing. We come from nothing and we will be nothing. Within this nothingness we are trying to be something. There is a reality which makes nothing into something and then something into nothing. There must be someone who takes us from nothing to something.

That is the first message every teacher should give to his students. He should give them the name of the One Who has so many names in so many languages; a supreme never-ending eternal being. This is what students should know. Tell them, "You are now 10, 12, 15, 20... years old. 30 years ago you were nothing. Look at where you are now. You were in the wombs of your mothers, but you did not know anything. While you were growing you started to know things. Who was it who brought you from unknown to known areas?" Ask them this and teach them! That is important for the lives of everyone, especially for the new generation.

Life of man is a building. Everyone who comes into this life has been offered to build his life. That building must be strong enough to shelter people to continue safely and honourably throughout their life. It must be based on a foundation. The stronger it is, the stronger the building will be able to stand on it. If it is weak, even the wind can pull it down, or if a strong person hits on it, it will fall. It cannot be safe. This is why we need a strong foundation on which we can build a strong building of life. Foundations are not visible, they are

secret, like the roots of trees. If a tree has no roots it cannot live, like we cannot live a strong and honourable life without a foundation. Our beliefs are our strong foundation. Try to give the young people the message of Heavens which hasn't changed throughout thousands of years. It has been brought to us by messengers and holy books.

This is the first information we must give young ones: we are created by the Creator of the universe. If they ask where He is, you may say, "He is beyond this universe. If you can go beyond this universe, you may see him!"

It is impossible for us to even reach the limits of this universe. Every greatness beside the greatness of the Creator will always be nothing. The universe is in limits. Beyond the universe are endless unlimited existences; darkness. He is so big that it is impossible to give a vision of Him to you. Don't think that if you bring a postcard with His image, it could represent Him. That would be foolish! His greatness is endless and unlimited. What ever He has created will be less and in limits. It will be nothing.

This is why you must say that the whole creation, all creatures need a Creator. We do not need to ask where He is and how He is. If that is what you want to know, you are asking for the impossible. It is like someone saying, "I must look at the sun and see what it is and how it is. It is impossible to enter there and to look. You would vanish. If you wanted to enter an atom and to look it would be just as impossible! We have been offered to believe. When you come to the limit of the impossible you can ask for everything which is possible. But when you ask the limits of the impossible don't ask, because your mentality will not be able to enter. In our days atheists are the people of satan. They create so much to cause people not to believe in anything. They invent these stupid questions to destroy beliefs. All religious people are complaining of those devils; the Jews, the Christians and the Muslims, because we all know that their aim is to destroy beliefs. Without beliefs man cannot live.

Not everything your eyes show you is true. So many times your eyes will cheat you. It will call the spot of light in the sky a spot of light, even though it is a huge galaxy with billions of stars. What is true? What your eyes see, or what your mind is telling you?

The message which you must give to children is to believe. You can find so many examples to make them

believe. Give them a strong belief as a foundation. The strongest belief is to believe in the Creator. When they believe in His existence, don't worry.

We hope that youngsters now will come closer to spiritual aspects, that they will start to ask about unseen and unknown worlds. It is a grant of the Creator to them to make them believe in Him. When they believe in Him they will start asking about themselves. "Why did He create us? What is our mission? What have we been created for?" The answers to these questions will come when the building starts to evolve.

## The Life of the Prophet

Muhammad (pbuh) was calling people to pray to that one and the key of Paradise is to accept and to say LA ILLAHA ALLALLAH, as well as MUHAMMADUR RASULALLAH (saws). Every prophet declared as a key of Paradise, because it is written in Paradise LA ILLAHA ILLALLAH MUHAMMADAR RASULALLAH (saws). If people accept or not, it doesn't change. It is a divine stamp in heaven, in Paradise. That is the key, to proclaim the Seal of Prophets, because he was the first to be created from all the prophets and he was the last to come, as Her Majesty the Queen, arrives last to a function - not coming first to wait for the others, but everyone waiting for the last, the biggest one. Therefore, Muhammad's message arrived last, because he was the greatest. Muhammad is the greatest. All heavenly books are stamped with that divine stamp - LA ILLAHA ILLALLAH MUHAMMADUR RASULALLAH (saws). That is our declaration. If anyone wants to ask more, to learn more, to take more evidence, he may look for it.

Explanation of the use of the word 'devils' - those people (I am not intending to say unseen devils - seen devils) they are from mankind, but their activities are like devils, so bad, so cruel, so dirty, so dangerous, so harmful, so scorpions, so dragons. They are deputies of devils living with mankind - from mankind, but they are deputies for SHAITAN, deputies for devils.

The story of the Seal of Prophets - always from prophets beautiful stories, every day they have beautiful

stories, because they have been sent as examples for mankind, so that their actions are beautiful stories to be follows. Thousands of stories you will find for the Seal of Prophets, Prophet Muhammad (pbuh). Till now his story is the best known of all Prophets, The Life of Prophet Muhammad (pbuh). If you ask why, traditional heavenly knowledge makes it clear that he was the first of creation and the last to be sent. So that he had been expected from the beginning, from the first prophet, first man and first prophet, Adam. He gave an order to his children to believe in him and to respect him and to ask his intercession as he asked for the sake of Allah Almighty forgiveness when he broke the divinely command not to eat from prohibited tree forbidden fruit. He asked for the honour of the Seal of Prophets, beloved Muhammad (pbuh), that it is mentioned through all Holy Books, including the Old Testament, including the New Testament. It is most clear in the Gospels, except the Gospel of Luke, Mark, John and Matthew, because they do not mention it. Those books will be acceptable to the church, but there are other hundreds of gospels, prohibited books, as Holy Qur'an prohibited in churches.

Now they may look for what I am saying through St. Barnabas gospel, that was found in the tomb of St. Barnabas, a Cypriot also. He was the most important disciple of Jesus Christ, he was with him from the beginning up to the end. He was like Sayiddina Abu Bakr and beloved Muhammad (pbuh), nearest one to Jesus Christ. Not St. Mark, St. Matthew, St. Luke or St. John with Jesus Christ, but St. Barnabas was with him. These saints whose books Christians accept lived so many years after Jesus Christ (pbuh). At that time Cyprus was under Jewish rule and the Jews made trouble for him and killed and he died a martyr. After so many centuries he came into the dream of a bishop of Cyprus, orthodox bishop, patriarch. He said to him, "I am buried here under that olive tree, dig and take my body out." He did and he found the gospel belonging to St. Barnabas on his chest. He took it to the Byzantine emperor who was very happy with the bishop and dressed him in emperor's clothes and give the Church of Cyprus independence. Also, allowed him to sign with red ink that was used only by the emperor. Up to today in Cyprus the patriarch is independent and signs with red ink. Christians are thinking that they have only four gospels. No-one made any more gospels? Why only these four gospels? One gospel, or four? What are the differences among them. Why are they not coming altogether? That gives doubt. So the first intercession of Adam when he asked for the honour of that beloved one - O my Lord, please forgive me, forgive us - Adam asked forgiveness and Allah Almighty answered him saying - O Adam, if I had not created Muhammad, I would not have created you, I have not created heavens or universe except for the sake of that beloved one. I created you and everything in existence and if you are

asking for his honour I give you.

Every prophet who come spoke about beloved Muhammad (pbuh). Jesus Christ said clearly that night, before going up to heaven, he was sitting at the last meeting with his disciples and he was declared everything which would happen. He said, I am going, I must go, if I do not go, the one who will phrophecy everything from beginning to end will not come. And what you don't understand about me, he will explain. And he said and he left: I must go; if I do not go that other one will not come. And he went. No-one could touch Jesus Christ, it is impossible. Do you think that a rocket when it is ready to take off that anyone could come near by? It is forbidden. From far away they are looking, no-one can approach, because it is ready to take off. Do you think Jesus Christ, one of the greatest ones, the word of the Lord, that they could touch him at that time when he was ordered to rise up? How many billion volts we have now on earth, more power that that was protecting him. If the whole Roman army came, they would be like charcoal, burning and becoming like charcoal - so much power around him. Is it easy to come to Jesus Christ, to touch him? All the Roman soldiers would leave, all the soldiers in the world who tried to touch him, would be burnt. No-one understands this, no-one gives that honour to Jesus Christ. They are saying that Roman soldiers catching him, putting a cross on his shoulder and making him carry it. What is that foolishness? Lord Allah Almighty is very angry that their beliefs are so misguided. He said I am going, my plane is ready now, I am taking off.

Then Jesus Christ informed them, I am going and he is coming. He is going but at the end on the last day come, I am coming back to be with you once again, O Christians! And I shall tell you as he Muhammad told about me, making everything clear, but you do not accept what he said. I am coming to make everything clear about doubts about the beloved Muhammad (pbuh). Then I am looking after him, I am that one, perhaps first one whom they are looking after him to come on earth. I should be first one following him, to be with him. When Jesus Christ comes on earth once again, he is not coming with a stick as he was carried in his time. A stick is not enough for our times, he will carry a sword, a sharp sword which may reach from East to West, from West to East. Sometimes mankind may be cleaned by sword.

All the prophets spoke about beloved Muhammad (pbuh). He was physically perfect and the most handsome person, physically, and most perfect one in his attributes, because he was the presentation of divine attributes. He never harmed anyone in his life, but he fought against devils. If you are blaming a person for fighting against devils, you also must be from devils. I don't think that a good person would be against a

person who fights devils. If you are accusing him for using a sword and fighting, you are wrong, it is a defence against for devils. Every good one must be against devils. How could a prophet be with devils, not against devils who are against truth, against humanity, harming mankind, criminal people, bad people, tyrants. He was against tyrants. He was a protector of weak people and all slaves were following him and sacrificing for him. One of those slaves, famous Bilal, coloured person from Abyssinia. He saved him and made him free. He was punished by his owner before Prophet saved him. So many slaves, so many weak people were with him. That shows the Prophet was a protector for weak people and the shelter for weak people, as he is going to be shelter on the Day of Resurrection for sinners and through his intercession sinners should be saved from divine punishment and forgiven and blessed.

That is an introduction for the life of the greatest one. His life history needs volumes, hundreds of volumes, but we shall try to give according to conditions, according to the understanding of small ones and according to the understanding of common standard people. I am asking about Islam and about the Prophet (pbuh).

Bismillahir Rahmanir Rahim

He is the most clear person before birth, through his birth, through his childhood, through his adulthood and through his whole life. His life gave thousands of stories. Day by day the events of his life were reported. Islamic libraries are full of his majestic life stories. He was not yet born and his father went first to the divinely presence. He was born as an orphan from his father. Then, he was only about four years when, with his respected mother, in the desert while she was dying. She was speaking to him and he was with his mother. His mother was so young and she was saying that my son is going to be praised on earth and in heavens and angels will surround him with their wings. He should be praised for ever on earth and in heavens, here and hereafter; O my beloved son, I am going to your Lord and I am leaving you, I believe in you and I believe in your greatness, I am leaving you in the hands of the Lord of Heavens, He, Almighty Allah alone, is going to look after and protect you; O my beloved son, your light is reaching from earth to heavens; O my beloved son, the greatest one of creatures, every new thing will be old, every new thing must decay, every living thing will die, every expected thing will happen. She was saying and he was listening. And she died. The Holy Prophet's small heart (in size), but in reality the biggest heart, was full with pity and mercy for his mother and he carried on. The most pitiful and merciful person for creation at his young age - he was carrying such a heavy burden in unknown deserts, the sky above him and all around desert, he was remaining without father and

mother. Their servant took him (pbuh) to his grandfather. That happened to the Seal of Prophets, that Allah Almighty prepared His beloved prophet, beloved Muhammad (pbuh), to be full of mercy for the whole of nature.

He was the greatest one and he carries the responsibility of the whole of mankind in the divine presence so he must be full of mercy. He never hurt even an ant in his whole life and his life was full of these scenes of mercy. He was Allah Almighty's Mercy Oceans representative. From him, from his majestic heart, poured mercy through the hearts of prophets and saints and mankind and for everyone who is in existence and for creation. He was Mercy Oceans. It was enough to show his mercy to people how he was dealing on the day of capture of his homeland, Mecca. His tribe in Mecca just gave him (much more than any other nation gave) trouble. When he captured his homeland, Mecca, he went on a high place and leaned on his sword, he asked: "O people, what do you think how I am going to deal with you?" And all his tribe who gave him so many troubles, who hurt him and made him suffer, kept their heads down. They were saying only: "the best one, the best brother for us, the best son for us, the best grandson for us, the best relative for us, for our tribe and we only hope you will do for us your best." And he said: "O people, O my tribe, I am leaving all of you, I am giving you all your freedom; you were slaves under my sword, but I am dealing with you with my best for the sake of the Lord; I am leaving all of you free for the sake of my Lord, Almighty Allah." No-one reported such a dealing from conquerors in historical events, through history of the world. He is the only one who did this.

Everyone may run to take revenge from them, but he was a mercy for mankind - he wasn't coming to kill, but he was coming to make alive. Fanatic people do not understand him and try to blame him that he used the sword against his enemies. Why are they now using weapons against their enemies - Christians and Jews? Why? If we do not use swords and weapons against enemies, would we use them against our friends? What is that nonsense? Why are they blaming the prophet that he is used a sword against his enemies? Who is going to deal with enemies if enemies are attacking with their swords and weapons - to sit down and say come and cut my head, come and kill me? What is that nonsense opinions of Christians and Jews? When he was conqueror and all those people were under his sword. If he had ordered, in a moment all their heads could be cut, but he said no. "You are asking from me, you are not using weapons now, it is finished, your swords are beneath my feet. And you are asking mercy from me and I am giving you mercy. If anyone asks mercy from me, I am giving mercy. If anyone coming as an enemy, I am giving my sword to him." That is the most

excellent prophet, excellent in dealing with people. Everyone must accept this. This is the most perfect dealing. If they came and asked for mercy, he gave it. If sometimes he was killing, it was because they did not accepting from him mercy. He was not declaring that he was that prophet coming with mercy. They were denying and he was saying: go now, you are under my sword.

When Sayiddina Muhammad was born (pbuh), that night the idols fell down in the Ka'aba - as a miracle for his coming all idols fell down around the Ka'aba and inside the Ka'aba. People were wondering what happened the idols fell on their faces like a person making sajda. Through that night there was lightening over the whole place, the whole of Mecca. At the time of his birth lights were coming - not daylight, but a light never seen before. Such lights covered Mecca and came from the Prophet's birthplace, in such colours that no-one can expect to see, to know or to be seen before. That night all the animals in the deserts and in Mecca were giving congratulations for the birth of the mercy of creation, for the mercy of all creatures. That same night one of the big Jewish scholars living in Medina looked at the skies and shouted in a loud voice: "O the star of Ahmad just appeared! O Jewish people, O people, look, the star of Ahmad just appeared! He must be born tonight!"

The same night the fire burned in Persia for more than one thousand years without extinguishing just extinguished, suddenly. All the servants of the fire were very, very worried and said: "What happened? We kept that fire for a thousand years and suddenly it is extinguished. What happened? There must be some important happening just now?" From the palace of Ceasar fourteen turrets suddenly tumbled down and Ceasar was shaken on his throne from the greatness, of the tremor.

Angels appeared at his birthplace putting wings on wings and he was born making sajda to his Lord and signing with his finger and saying shahada, signing the unity of his Lord Almighty Allah and declaring his prophethood. He was saying: "O my Lord!" His lips were speaking at that time. Christians know that Jesus Christ spoke after he was born at three days old, but the Seal of Prophets, beloved Muhammad (pbuh), was falling on his knees and putting his forehead on the earth, making sajda, the moment he was born and then saying shahada and then saying: "O my Lord, I am asking mercy for my nations, I am asking from your endless mercy oceans for my nation, because they are sinners; for the sinners I am asking for endless forgiveness and mercy."

He was perfect at birth, spiritually, and his name was given before his birth (pbuh). His mother (may Allah bless her), his holy mother, respected mother, dreamt and in her dream she had been told that: "O lucky one, you are most lucky one, carrying the beloved one of the Lord Almighty Allah, happiest one, luckiest one. When you are giving birth to him (pbuh), give his name to be Muhammad (saws) - that means "praised one", praised and respected through heavens and on earth." And she gave her son his name. When he was born, after a while, they put him on his back, and all the angels were flocking. After a while he was taken from there and his mother looked and wondered where her lovely, respected child went to - angels took him to heavens, all the heavens, and every angel gave respects and salutes, and put him in the divine presence and Allah Almighty saluting him, making salam on him, and after a while angels brought him and put him back. That is the Seal of Prophets. No other prophet before him (pbuh) reached that respect in the divine presence. Everyone was respected, but the most respected and beloved one was our prophet, the prophet for mankind (pbuh), beloved Muhammad (saws). His mother said, I never felt any burden while I was pregnant with him and I was heard that he was glorifying his Lord my womb. I never felt any pains when I was giving birth to him - angels and maidens from paradise were bringing a sort of drink so cold, so sweet, so white and so tasteful I never tasted; when I drank, the angels stroking my back with their wings and he was in the hands of the midwife (peace be upon him).

## A Lifesaver

My Arabic is little. Once upon a time, Bismillah Al Rahman Al Rahim, maybe Bahauddin was not born yet, Shaykh Bahauddin, I was traveling with the Cypriot pilgrims. Subhana Allah in those days we used to get a ride from Nicosia, Lefkosia, to Beirut, then from Beirut with the busses to Sham. From Sham we used to walk to Hijaz (Saudi Arabia) or we take the...what the Arabs say Pullman.... Hisham Effendi used to tell me pullman/bullman... if you like this if you like bullman...

In those day there was tension between the people of Sham and the people of Jordan. And we were going by road we were riding or with the busses I don't remember. End of story we reached the border and there was tension between the people of Sham and the Jordanians. Especially among the scholars, the scholars with no mind, they used to insult the Jordanian Government. Their government is a Kingdom, The Hashemite Kingdom. Some of the scholars had no mind, those who had no manners used to insult the King. And therefore for those traveling from the Jordanian way on the border the police intelligence was there especially for some heedless ones from the people of Sham. They used to question them and they would send them back from the border.

I reached the border & I was arranging some things, to prepare ourselves for the trip, from the border. While on the way to the border one man came, masha'Allah, he was as tall as Nabil 1 1/2 times maybe. He said to me "O Shaykh!" "Yes," "What do you think of this & that?" I understood from him that if a person.. the ones that travel to his country, (from Sham) are against the Ahl Al Bayt it is because of the Palestinians that were living in the West of Sham. So he tried to make me speak, to see if I was against the King then he would send me straight away. He spoke, he spoke, he spoke & said "what do you think?" So I said "O brother, I do not

understand Arabic, I am Turkish!"
S.B.: He spoke for two hours!
M: "Why didn't you tell me from the beginning & he became angry, "Why are you angry, I did not understand. My Arabic is little!" "Little, but you do not understand!" "I understood that much, I am Turkish. We are going from Sham to Hijaz." This way we managed the situation. "My Arabic is little, therefore this was the way to safety. "Therefore my Arabic is little." This set us free.
Emir Hussein, not the King who established the Kingdom, Sharif Hussein, they chained him & exiled him to Cyprus. My father used to visit him & serve him.
I will tell you a story. There was Shaykh Mehmet Effendi, he is really very peculiar, very funny he used to be the Imam for Sharif Hussein. They used to come to him, he had a small shop he can.... He was selling soap. Not only did he sell it, but he produced soap as well. And he was an Imam for Sharif Hussein. May Allah (swt) have mercy on his soul. And he used to come visit him from outside the walls of his house in Nicosia. They used to come & sit, the servants of Sharif Hussein. And one day, I also was walking and I saw them sitting, some of his servants wore the traditional headdress the 'Iqal.
I was 8 or 10 years old then. I saw & there were other kids behind me. Then the kids said "the servants of S. Hussein are sitting with black snakes on their heads." I saw that and I started running away. I ran away because there was a snake on their heads. And like this....
Subhana Allahi l 'Aliyi l 'Azim. We were aquainted. May Allah forgive us, and forgive our sins, insha'Allah. There will come a time "for everyone to receive their due rights" (Hadith). More honour & sovereignty to the children of the Prophet (saws), it must be. Things must return to their origin. The Arabs have no respect left for the children of the Prophet (saws). What gives them the right (not to respect them)?

## This Life's Desires are Surrounded by Disliked Things

To be one of the best servants you should try to learn more. All prophets advised this to their nations. And we, who are following their path, are trying to do as they did. We want people to learn to practise serving their Lord. That is our aim. Sayyidina Muhammad* used to say that if one day is like the next, you have lost. It means, you must try to improve a little bit every day. Don't stay on the same level. Push yourself further and further and further.

When we are trying to move in the direction of Allah, He will also come closer to you. If a servant comes closer to his Creator, his Creator will come even closer to him. Allah is watching whether His servant is trying to come closer, or not. Are people nowadays trying to come closer to their Lord? No, they are trying to come closer to dunya and its pleasures. The more people ask for more pleasures in this life, more problems will run after them and surround them. This life's pleasures are surrounded by disliked things, so by the time you reach these pleasures you will be exhausted. Still people are running after their physical body's desires and enjoyments! There is probably only one person within 100 000 who wants spiritual pleasure within the Divine Presence instead. Most people are only running after this life. But the more you run after it, the more you will be surrounded by disliked things. Beware of physical desires! Be careful! They will occupy you uselessly and waste you. Finally they are like a mirage. It is like when you see water on the horizon of the

desert and you run there to end up finding nothing. In the same way we are running after this life's pleasure and will find nothing in the end. We will have wasted it. There will be no chance to come back and start from the beginning again. You will only have one chance.

That is why we must have a control on ourselves. Beware of your ego. It just asks for more and more and then runs away. In the end you will have wasted yourself. Ask yourself whether you were created for eating and drinking only. No! We have been created for something else. Our eating and drinking is only meant to strengthen our physical body, so that we can use it for serving the Lord. Nowadays in the west the presumption is, that we have only been created to eat and drink and have our sexual enjoyments. We would then be no different to cattle. People do want to eat non-stop, they are chewing all day long, like cows. They do not realise, that if you eat all the time, you lose your taste. Like if you eat a spoonful of honey you will enjoy it, but if you have to eat 5 spoons in a row, you will refuse. This happens even with honey! Satan encourages people to want to eat all the time.

In the old days the Romans would eat, then go and vomit and then continue to eat. For animals it makes sense to eat as much as possible because they are producing meat and eggs and milk for us to eat. But for us? It is forbidden for us to do things limitless. We must follow Divine Limits, Heavenly Rules. They give us a discipline for this life. When you are disciplined, you will find peace within yourself. When that has been established, common peace will come. If people haven't found peace within themselves, crowds of people will not be peaceful.

To fast is the biggest wisdom which Allah has ordered his servants from the beginning until now. Fast, and you will find health, physically and spiritually! Someone who doesn't will be sick physically and spiritually. It is a command coming from Heavens. It is for the full benefit of mankind. Sometimes an illness will come to people and the physician will order these people not to eat and drink for several days. If people die without having fasted they will be hungry and thirsty.

If we keep His Holy Orders it is like glorifying the Lord. Try to understand Islam. Try to understand the Holy Commands in Islam. Try to understand the fasting in Islam and don't accuse Islam in a foolish way. Whoever accuses Islam does not know anything about it. Islam is full of diamonds and pearls. Try to take some of them.

## Light of Awliya is Light of Anbiya

May Allah not cut us off from the faith that is coming from the Prophet's heart. If it is cut, we become like a dried out well. But when it flows even a little bit, it gives life. Where there is no water, there is no life. With spiritual faith the spiritual life awakens...Haqiqi ilham...

Destur, ya Sayidi, Meded...Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim. We need daily sustenance. As we need for our physical being, our spiritual being is asking daily sustenance. Every day coming new appearances; if you catch that appearance through your spiritual being, you are lucky. If you are sleeping, perhaps the river is running, but if you don't open your land, the water is going and your land remains dry. Therefore you must be awake and, Subhana man 'azzu wa shanu, glory to Allah Almighty, it is difficult now on our island to find another gathering sitting freely as we are sitting here; you can't find. Because people just sank through darkness oceans; nothing they are seeing. People are in darkness.

And Allah Almighty was saying that: 'Should be a darkness'. The Holy Quran is informing about past times, from the beginning of time up to the time of Rasulullah sws, as well as showing coming days. It is its speciality, the holy Quran is not an ordinary book, but it is Umm-ul-Kitab. All knowledge that is just registered or written through books is coming from that holy Book. Millions of books, all of them take their material, their essence, from the Holy Quran. Seeds of knowledge, countless seeds of knowledge. If anyone

may plant one, it will grow and grow, and that plant of knowledge will never fall down. It is not like our plants. A knowledge plant is forever, you can take and take. And the Holy Quran is giving countless seeds of knowledge to people. It can't be like an ordinary book. Astaghfirullah! It is an endless ocean, you can take from it countless pearls and jewels.

Therefore its speciality is to show from the beginning of time to the time of Rasulullah sws what happened. You can take every knowledge with details or as a summary. You can reach details, perhaps deepest details what happened from the first time when Allah Almighty said: 'I am going to make (a deputy on earth) - and to make (ja'al) is not like to create; so that the creation of Adam in the divine knowledge was ready, the divine will was signing the appearance of Adam and that he may be dressed as a Khalifa, as Allah's deputy on earth, and that title Allah Almighty gave to Sayidinna Adam..

Then Allah Almighty informed the angels, so they knew it before Adam's creation, and they said: 'O our Lord, we are ready for that importance, for that purpose, we are most suitable to be Khalifa, and You are going to make that new creature that they are going to fight each other?' Angels knew about the Children of Adam and therefore they said: 'We are doing everything as You say, as You order. We are not getting out from what You order. Why You are not making a Khalifa from us and bring a new creature in existence and dress him to be Your Khalifa?' That means they knew before Adam's appearance in existence about him and the Children of Adam.

From the Holy Quran you can take every detail about the time that no sun was shining, no moon was turning and no earth was moving. And you can take every detail about the creation of Adam and his becoming titled as Allah's Khalifa. And also for every time and century you can find what is happening through East and West between men, the Khalifas of Allah Almighty; what they did, what they do and what they are going to do in future, up to end, also. The Holy Quran is informing about everything that we are in need now and for coming days.

And it is a big ignorance to object on Anbiya and Awliya when they say something from the news about the future. Very ignorant people object and say: 'No one knows about coming news.' Those people are no mind people, never understanding.

As well as Rasulullah sws was saying that in the Holy Quran you find news about the past and the future. This is enough for who has any understanding. He must not object if a Wali speaks about coming days' events and say: 'No one knows about coming days, what is coming.' That is ignorance, because the Prophet said: 'You can find in it everything belonging to past times, as a summary and with details.' And the word 'khabar' is something like news, but in Arabic it has a different meaning: prophecy. These ignorant people are asking to make prophets like ordinary people and say: 'They don't know also.' But prophecy gives them authority to look and to know what is written on Preserved Tablet for coming days and from events, and they must warn their nation. How you say: 'Even prophet not knowing'? How? He is prophet? If he is like me and you, what is the difference between an ordinary person and a prophet? But the Wahabis make beliefs up and down... mixing. May Allah make them down.

We believe that the Prophet knows, because he takes from the Holy Quran what he is saying: the signs of the last days and up to the Last Day, everything. Allah is giving meanings, He is teaching Rasul. No teacher for Rasul sws. 'ArRahman, 'alama-l Quran...'- Allah Almighty taught the Quran to his most honoured Prophet S. Muhammad sws. What Allah taught him, Gibrail can't know, and never going to know. When saying: 'Bismillahi-r-Rahmani-r-Rahim, Alif, Lam, Mim...' only the Prophet knew, Gibrail was not knowing. Gibrail was saying: 'Alif, Lam, Mim', and Rasulullah said: 'I understand.' That is like a code between Allah and His most beloved servant.

Now we are looking to this verse that signs for coming days view, panorama: Should come a time that if a person makes his hand in front of him, making it from the side to his front, he can't see, because of the darkness in that time.' That is also a kind of sign that should come on earth 'duhan', a smoke, covering it for 4o days, so that one can't see the second one. So many people are going to die; they can't breathe, millions of people. And after 4o days opening. And this also signing now that is death of materials of people, but that darkness, if a person takes his hand in front of him asking to see it, he should not be able to see even his hand from dark darkness.

Now we are in it; people don't see anything. They are through dark darkness. Therefore I say that now you can't find another group like our small group through East or West. You can find perhaps very few groups, but not such a group. And the majority of people is heedless, in darkness. They can't see what is reality, to where going and moving, can't know what they are doing.

Therefore Awliya ask from Allah Almighty to send Mehdi a.s. with the lights of prophecy; to be open once again the light of prophecy on earth. If he is not going to bring that light of prophecy, can't bring any progress for him. No, he is going to be like other people that may carry candle, but a candle can't give enough light for all people- we need a sun. A torch also is not enough, only a little bit showing where you are walking. But this huge world can't be in light with a torch. And millions or billions of candles can't give even one billionth part of what the sun gives to the earth.

Now all Awliya ask and expect to be granted that light to Mehdi and to open. Awliya can't do anything with their candles for taking people from darkness to lights... mina dhulumati ila nur... Only if Allah Almighty is giving to a person, that person is enough to take the whole world from darkness to lights, so that everything and everyone is going to see: 'What I am in?'
One person, one Mureed, was coming to his Sheikh and said: 'Every night I am sitting on Arsh, on holy Throne, and I am speaking with the Lord of Heavens.' The Sheikh was looking: 'O my son, take this knife, and when tonight you sit and speak with that one that you say he is the Lord of Heavens, cut his ear.' 'Yes Sir, I can do.' The next night he was also seeing the same film, movie going on. And he took that one's ear, cutting and putting in a cloth, quickly bringing to his Sheikh. 'You cut it?' 'Yes Sir, I was speaking last night also.' Opening the cloth and looking- it was the ear of a donkey. Shaitan was bringing him to a stable, making him to sit where they put straw and barley for the animals for eating. He was sitting there, in that place, and in front of him his donkey was eating, and Shaitan was telling him: 'This is your Lord, speak to him. You sit now on the holy Throne.'

Now people are so heedless. Shaitan makes them to think: 'O, you are so civilized, no one reached to where you reached.' Everyone, 21st century people, say: 'We are most civilized', with Blue Jeans, men and women... all sit in sewage like big rats, jumping... When Mehdi comes, opening and showing them where they are, what is their civilization. There'll be big rats jumping, every day taking bath, every moment... Till Mehdi coming and that light comes on people and they see: 'Ohh, where we were?' Now they are not knowing, because it is so dark now. They are like that Mureed who thought that he is sitting on the holy Throne with the Lord of Heavens. But when the light of prophecy comes and that sun is shining, people will look: 'Where we are?', seeing that just all are in dirtiness.

Now only for a few people we can use our torch and show them, but we can't do more than this, because it is

nighttime. All Awliyas' power, if coming together, can't reach, they can't show ll nations or mankind what they are doing, where they are sitting, after what they are running. But then Mehdi a.s. is coming and therefore Awliya ask him to come with the light of prophecy... We are looking after it... Some square-head people say: 'You are Wali, Qutb, why you don't stop these things. Not enough power, our power is not reaching to all people. Only we are as an oasis through a huge dessert, a limited place, going to be a little bit water there, giving life around. But for the whole dessert must come rain from up and make the dessert to be green yards with everything... We ask from Allah Almighty, because when Mehdi comes, they say, our power must be more and more...

Shukr! Every day new sustenance for the honour of Rasul salallahu alayki wassalim.

## THE LIGHT OF IMAN and the UNVEILING OF HEARTS

Our hearts, when the light of faith enters into them, are going to be wider, wider, wider. Even if you put all the oceans into them, they may hold them. But our present faith is taqlid, imitation, while the other kind of faith is real. That is imitation, like a figure without a soul. Thus, that real faith has not yet entered into our hearts. When it enters, the whole world is going to be changed, our view is going to be changed. Understand? Totally changed; everything is going to be changed. When real faith comes into our hearts and lights them, it will be as if a person has been blind but when his eyes are opened, he sees something other than what saw before.
Therefore, don't suppose that now we are in real faith. No, not yet.

Grandsheikh was in the First World War from the beginning up to the end. He made jihad, the lesser jihad and the greater jihad, he completed them both. He said to me, "O Nazim Efendi, if I were to tell you about all that the people and I suffered during the First War, in which I saw so many terrible events and sufferings, this whole place would be filled with books, you could write so many books about it. But everything passes. The events of yesterday are buried, finished; today new ones will come, new ones. If they are going to stay with you, all of them not passing, no one could bear this life's heavy burdens. That has passed away. This is our Lord's will."

"In our division there was an Armenian (Christian) sergeant. He asked one of the solders, while I was looking on, "What is your name?"
"My name is Ali."
"Yes, You are Muslim?"
"Alhamdulillah, I am Muslim."

“But if you say you are Muslim, I can also say that I am Muslim. What I believe is enough to say that I am Muslim. I also believe in one God Almighty and the angels and the holy books and the prophets and the Last Day and Qadar, the Divine Decree,” that Armenian sergeant said. “I say what you say. But is that enough to be a Muslim?”
“No.”
“Then what is the sign? If it is only saying as you say, I do that, also. If you are talking about namaz, prayers, I do them, also.” (They lived as neighbors in Muslim towns and villages).

Then Grandsheikh said, “Look, you are asking for a sign. I am saying to you that it is not enough only to say with your tongue, “I am a believer, I am a Muslim”. You may even recite the Holy Qur’an. But the sign of a Muslim and a real believer is that he has a light from his Lord Almighty. When he looks down, he can see up to the end of this world; when he looks up he can see to the end of the universe. If he looks at he East he can see up to the end of the farthest East; if he looks at the West, he sees up to the end of the Western regions. If he looks toward the Qiblah, he sees the K’aba.”

Then that sergeant fell upon the hands of Grandsheikh and kissed them.

Grandsheikh said that the real sign of belief is that a person has the light of faith in his heart, which comes from Allah Almighty. Nothing can keep back that light. Understand? What can keep back Nurullah, Allah Almighty’s light? Distance never prevents that person from seeing; darkness never hides anything in itself. Therefore, when real faith comes into our hearts, they are going to be lighted. Everything in the universe is going to be in front of us; nothing may be hidden from us. That is the degree of real faith.

We are now within limits, and our sight is as if we are within four walls. But when Allah Almighty dresses one of His servants in Noor (Divine Light) there shall be no hindrance to his sight and his vision. Distances, walls, buildings, mountains etc. none

of these shall obstruct the vision of this servant. Nothing shall prevent him from looking and seeing. He will be able to look in any direction and every direction. He shall be able to see without distraction up to the end of that direction.

Distance shall not effect his vision. Neither will darkness in the night be a veil over his sight. Night shall appear as day to him. This is because he is dressed in this Noor. Every cell of his body is also Noor and like the shining of the sun he shall be inside and outside of everything. Such a person shall be in the Divine Presence.

If Allah Almighty questions such a servant it shall be in the form of speaking to him, only in order to honour him. When Allah Almighty speaks to and addresses such a servant more and more honour comes to that person. This is only for honouring as His servant has done his best for Allah Almighty and has reached already to perfection. This is why he shall not be questioned. He has realised and reached to what Allah Almighty has asked of him, and to what Allah Almighty has appointed for him.

If a person does his best in trying to fulfil the purpose of his Lord, he must somehow reach to that station. When a servant of Allah Almighty reaches to such a station it shall never be lost to him. It shall be forever. When the real Power of Iman enters his heart he shall change from being a Worldly being into a heavenly being and his relationship to his heavenly stations shall be for always and ever.

In unity he shall have no more troubles, no more problems, no more sadness and no more hopelessness. He shall be granted by Allah Almighty to be able to say “BE” and it shall become. When he reaches to that station he shall have no more egoistic desires. Finished. No more shall he belong to Dunya nor shall he even belong to himself. He shall belong to Allah Almighty and Allah Almighty shall accept him. To live for Allah Almighty is the highest horizon of servanthood. We have been asked to move towards this horizon. This is our target.

When a person belongs to Allah Almighty he leaves everything and says Innee

Wajjahathu Wajjhiya Lillazee Faathiras Samawathee Wal Arla Hanifa. ‘Oh my Lord I have now turned my face to you’. Do we really mean it when we say this or do we say this only with our tongues. Allah Almighty is asking us to say it and mean it. To say “Oh my Lord, I belong to you and I am leaving out every other relationship in this life of mine. I am asking for a relationship with You in Your heavens”. Then we shall be given this relationship with Heavens.

## LIGHT UPON LIGHT and THE LIGHT THAT IS TO BE COMPLETED

What is honour for a person, and how firmly must a person who has been honoured, try to keep hat honour?

The one who belongs to an honourable person, is going to be honoured; therefore the one who originally has honour, may give honour. All praises and endless honours be to our Lord Almighty, innahu hamidun majid (Indeed, He is the Praised, the Glorious). Endless honours, endless Honour Oceans, endless Praise Oceans, absolute praises and absolute honours are for Allah Almighty alone. Those honours are from Him to Himself; no one gives Him honor. Rather everyone has been given his honours by his Lord Almighty; if He does not give, no one can acquire any honour or be praiseworthy. Therefore, it is Allah Almighty who gives honour and makes His servants praiseworthy, looking at their capacities and giving honour according to their intentions. As He looks at their hearts, He gives them honor. We have been honored by our Lord Almighty, and that is an endless grant from Him to us.

That is something concerning mankind. Now we are amidst such unknown realities as Allah Almighty gives us. As we said, man is yet unknown. To the extent that we are

occupied with everything except our inner selves, it is impossible for us to discover ourselves. This eye is open for outward-looking, this ear is open for outward hearing; our hands, our feet – everything that we have in our physical bodies is occupied with everything around ourselves, completely occupied. There is one organ in our bodies which is the most important; that is the heart. We occupy it also with this life's thoughts so that we are totally occupied. How can we be free to look at ourselves with even the capital or centre of our bodies occupied by the enemy?

Therefore, we are trying now, first, to know and to give an understanding about ourselves. We must know about ourselves so that we may know about the Creator Almighty. If you do not go deeply into yourself, you can't get to know about your Creator and about His divine position.

Yes, mankind has been honored by its Lord Almighty. When, no one knows except One: the Creator knows when He honoured us, the Sons of Adam. We are not such creatures as are the beings in existence only for a short time. It is an ignorant person who says that the history of the Sons of Adam is a short one and that their existence is within a brief period. We must know, firstly, that our period is with our Lord Almighty. We were in our Lord's Power Oceans with our Lord Almighty. Only our appearance in our physical bodies is for just a short period, but our realities are connected to the reality of the Creator. The one who has reality, his reality is eternal. We have realities or we are realities; the Sons of Adam are not just an appearance, a form, no. Everyone has a reality and that reality never changes. Allah Almighty never changes, and because all realities belong to Him, they are also never-changing.

We have been given realities from the endless Reality Oceans of our Lord Almighty; that is the honour that we have been given. But yet we are occupied by something that is going to be in ruins, our physical bodies, and to pass away. Allah Almighty says that ghutha' us-sai, the white of foam, goes, but the real benefit which that sea gives remains. Therefore, we are such bits of foam, appearing and then finishing, going away, but that reality which we have been given – that is forever, for eternity, for post-

eternity. From pre-eternity to post-eternity we have been given that, without asking; without our asking, Allah Almighty gave us that as a grant. None has been honoured with such an honour as the Sons of Adam have been honoured. We should be the most satisfied and happy ones among all creatures. But on the contrary, the most complaining ones among all creatures are the Sons of Adam. The Sons of Adam are those people who do not give true value to the honour that they have been given.

Now, we know that it is the highest degree and honour for ourselves to belong to our Lord Almighty, to be His servants, His slaves (may be “slave” is a little too strong; our egos do not accept it although they are slaves, so we say, to be “servants” to our Lord) – that is honour for us. Therefore, “Nurun ‘ala nur” - light upon light. Allah Almighty gave us from His divine lights and honoured us, but yet He is asking to give us more than this. We are now in this life in order to receive a new grant from our Lord Almighty, a light. He is going to give us more honour than the first grant, also; He is asking to give that to everyone. “I gave you an honour without anyone asking from Me. But now I will give whoever asks from Me the second nur (light).” Therefore, all prophets came to give a reminder to the Sons of Adam: “O Sons of Adam, you, have been granted an endless honour from pre-eternity, but your Lord desires to give you more. That one was without your asking, but now your Lord desires to give you, for the post-eternal life, more than the first one, also. But you must ask.”

Thus, it is a good tiding for the Sons of Adam that ultimately their nur, the light which Allah Almighty gave them without anyone asking from Him, is never going to be destroyed. Rather Allah Almighty is asking the Sons of Adam to ask for more than what He gave us, another grant, so that it is going to be nurun ‘ala nur, light upon light. Whoever asks is now going to be given as much as he was given previously. But those who do not ask any more, forgetting everything and denying everything from pre-eternity up to this day, will not lose the first grant of Allah Almighty which He gave to them.

When Allah Almighty gives something, He does not take it back. In the Shariah, if a

person gives a gift to someone and wants to take it back, it may be done, but it is makruh, a disliked thing. How can Allah Almighty do disliked things? Astaghfirullah! Hasha, never! Therefore, when Allah gives, He gives forever. He gave to us; He will never take it back. He gave. And He is asking His servants to ask for more and more, and He is angry with them if they do not ask. Therefore we must ask.

Therefore, during the period that we have been given in this life, Allah Almighty gives to us according to our intentions, not according to our actions. If we could be in this life forever, we would intend to be His obedient servants; thus, when He tests us and sees that our intentions are meant forever, He gives us our rewards, giving those Divine Lights endlessly.

This is the second honor; the first we have already been given but Allah Almighty desires to complete it. Therefore, on the Day of Resurrection people will run and ask a completion from their Lord: “Rabbana, atmim lana nurana” (Our Lord, perfect our light for us) You have been given something like a candle; you are in need of a match to light the wick. We must try; we must try for this.

That is perfection for the Sons of Adam. You can acquire that perfection during this short period of our life in this world. Therefore Allah Almighty sent all the prophets and the Seal of the Prophets, peace be upon them all, to make everything clear to the Sons of Adam, and now it is clear according to our capacity; we can understand how clear those lights and those honours are going to be for us.

And we have also been honored to be of the nation of the Last Prophet Muhammad (sal), the greatest one; we have been thus honoured. Then, we have also been honoured by being in connection with or belonging to one of the chains of the awliya (saints); by that we have been honoured, also. So we are asking our Lord Almighty to complete that honour and to make us suitable, worthy, of that honour and to make us keepers of that honour.

You know those people who have been given even one star, even one stripe – they are so careful to keep that. Why not us? Why are we not taking more care? We must take more care of these honours that we have been granted; we must be so careful about that. And, O honoured brothers and sisters, mu'mins and mu'minahs, for every action, we are either granted more honours or we lose those honours. Therefore we must be careful about every action; it may be a reason for a new honour or it may make that honour decrease. That is important. The Prophet Muhammad (sal), says, "Infadh-Illah" – you must keep to your Lord, you must keep the honour that your Lord granted to you. Then Allah Almighty will protect you, protecting that honour with you.

## Limiting Hajj and Not Helping the Poor

(Mawlana Shaykh stands)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah, Sultaan Allah
Alfu alfu salaat, alfu alfu salaam `ala Sayyid al-Awwaleen wa 'l-Akhireen, Habeebullah Sayyidina Muhammad (s) wa `alaa man tabi`ahu bi ihsaan ila 'l-yawmi 'd-deen.

A`oodhu billahi min ash-Shaytani 'r-rajeem. O our Lord! Give Your protection for Your weak servants! And we are saying, Bismillahi 'r-Rahmani 'r-Raheem! SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. Laa hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. Subhaana rabbika rabbi 'l-`izzati `amaa yasifoon wa salaamun `ala 'l-mursaleen wa 'l-hamdulillahi Rabbi 'l-`alameen.

O Holy Ones! As-salaamu `alaykum. Was salaamu `alayk, yaa Saahib az-Zamaan! Thumma salaamu `alaykum, yaa`ibaadAllah as-saaliheen. (Mawlana Shaykh sits)

O our Attenders! As-salaamu `alaykum. Such happiness is for our attenders here and Hereafter; ask pleasure

for yourself here and Hereafter, because you are attending or listening to the heavenly orders of the Lord of Heavens. Tooba lakum, countless good tidings for you! You must be happy because you are attending or hearing the holy commands of your Lord, the Lord of Heavens.

O Salafi `ulamas! Is it not so? How are you, sir? As-salaamu `alaykum. Say, "Wa `alaykum as-salaam, our big brother."

Alhamdulillah, I am not trying to say that I am an important one, no. I am a weak servant and as long as a person is saying, "I am a weak one," there is coming heavenly support to make him continue. Even if he is a weak servant, if he is saying, "O my Lord! I am a weak one," listen to and keep that Divine Attribute.

O Salafi `ulamas! Listen and keep it. If a servant is saying, "O my Lord, I am weak servant," what do you think, is Allah Almighty is helping them or not? Which one asks heavenly help for his difficult conditions and the Lord of Heavens will prevent heavenly support to take away weakness from him? You must teach and you must learn! Where anyone is calling and asking a support to prevent him from entering bad conditions, which one is not going to be given this? If anyone is asking, the Lord of Heavens is ordering, “He is My servant! Reach him. If he falls down, pick him up."

O Salafi `ulamas! You are saying, "We are learned ones, we are `ulamas." Now there is coming a holy hadith from Prophet (s): (Mawlana Shaykh stands)
idha najid ahadan min `ibadallah yaqa`oona ardan khudh bi yaddihi wa arfa`ooh.

If we find any of Allah's servants falling on the ground, take him by his hand and lift him up.

O People! Take the hand of one of you who falls down. If you see Allah Almighty's servant falling down, take his hand and pick him up. That is the meaning of one hadith that you know, O Salafi `ulamas! (Mawlana Shaykh sits) You know it. Support who is asking support from you or who needs to be supported. Take his hand and take him up! That is a very important command from the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) That is a holy command from heavens to all of Mankind, that if anyone falls down by himself or Shaytan or its agents are kicking him and he is falling, quickly run to help him and pick him up!

•••••••••••••• ••••• ••••••• •••••••••••••

Fa ta`awanoo `ala al-birri wat-taqwa. Help each other do goodness and in fearing Allah. (5:2)

What does this holy command mean? (Mawlana Shaykh sits) You know, `ulamas! If anyone is asking help for doing a goodness, to make something from charity and is asking help from you, Allah Almighty is saying Fa ta`awanoo, “Help him!” Help him and look after him; do not leave him alone! Observe what he is doing and help him until he completes his charity or good purpose. Allah Allah, Allah Allah.

Allah Almighty is saying, “Help him for Me, for My glory, do this for My weak servants who may be in need of help.” Where are such people?

O Salafi `ulamas! Why aren't you saying at every Friday khutbah, "O powerful ones! Take the hands of weak ones." If anyone is coming and asking for help, don't say you cannot, and don’t send him away without giving him even very small support. Support him as much as you can. That is real Islam, to take the hand of the weak one when he is falling down. Don't step on it, no. Take him up and give him that which he needs, support him, and try to complete his good actions; that is an order from Heavens! What can we say? When Allah Almighty is opened the House of our Lord, He ordered Sayyidina Ibraheem (a), "Build a house for Me that will be a House of the Lord. When you are finishing it, call My servants to visit." That is a holy order.

What are we doing? They are saying that this year, a quota for hujjaaj is full now, that they can't give more visas to people for Hajj. They are saying Egypt may send 70,000 only, no more, and Turks may send 100,000, Syria may send 25,000, Pakistan may send 200,000. That is munkar or not?

O Salafi `ulamas! Why aren’t you saying this to your kings? Why? Who is giving that authority to make a private number for visiting Holy Ka`aba? Such a foolishness, munkar, that Allah Almighty is never happy with, to put limits on His guests! Allah Almighty is saying, "Come and visit My House." Why are you putting so many barricades? For what? Who is giving that order? Do you have that authority? You are not saying the truth, Salafi `ulamas and Wahhabi people! Why you are not saying that is munkar? Allah Almighty is saying to go visit the House of the Lord, Baytullah Shareef, and you are writing that only one or two-million pilgrims may visit this year. What is that?

I was in Mecca over 70 years ago, after WW II. First they were opening ways for visiting the Holy Ka’aba and

there were about a million or 1.5 million Hajj pilgrims, because no one was going to Hijaz because there were wars. The first year I was there and nearly two million hujjaaj were coming there, and it was as before, with no changes, the old buildings of Baytullah. I witnessed because I was with them and I was looking and all those people were just entering, praying, making tawaaf, drinking from ZamZam ash-Shareef, and making sa'ee. So many people were crowding there, but they performed all the rites of Hajj so easily, on Arafat, Mina, and in Meccatu 'l-Mukarrama, according to the holy command of Allah Almighty.

Then they said, tawsi`at al-haram ash-shareef, "We need to expand the Holy Mosque." Mashaa-Allah. Who gave that permission to you, to make it wider? When people visit your home you know the capacity of your home and you invite 10, 20, 50, or 100 people. Beyond that number, you are not inviting. If Allah Almighty is calling His servants, does He not know the capacity of that small place ? Does He say, "Only 1.5 million may come, no more?" (Mawlana Shaykh stands) He is Allah Jalla Jalaaluh! But they are saying, "We must make it bigger for the pilgrims." What is that? He is Allah! (Mawlana Shaykh sits)

O Salafi `ulamas! Why aren't you saying to mulook, "He is Allah! He is able to invite all of ummati Muhammad (s)" (Mawlana Shaykh stands and sits) Ten-by-ten dhira, "arms length," is better, for example. And He may call the whole Nation of the Seal the Prophets (s) and He may put all of them in that ten by ten. How are we believing that He is Qul huwa `alaa kulli shayin qadeer? Why did we do that? You are destroying everything that for hundreds of years, to Hijaz they were coming and it was enough for them! And you are saying, "We must make it wider." That means, "Allah Almighty can't carry all the people, so we must helping Him." Help now! Help now! Go and look and see. There are coming perhaps three million or five million and ummata Muhammad is perhaps five billion. Alhamdulillah, if 3 billion are coming, uqsam billah, I am swearing my oath, that if He likes, the Lord of Heavens can put the whole ummah in a ten-by-ten area! Jadidoo imaanikum billah, "Renew your faith in Allah."

O mulook and `ulamas! You must, jadidoo imaanikum billah. You must believe: Qul huwa `alaa kulli shayin qadeer, He has qudrah, Absolute Ability. Why are you making these things? And now you are making more and more houses and yet it is not enough for Hajj. What can we say? Allah Almighty is calling His servants to visit the House of the Lord, so many millions are asking to make Hajj, and yet you are saying, "No, (this number) is the limit." And you are not giving your hand to poor ones, to say, "You also come." Allah Almighty is saying, Fa ta`awanoo `ala al-birri wat-taqwaa. This is a holy command, "Give your help to those who are in

need."

Even if come 50 million, it may be 50 billion and the same place, it is enough because the Lord of Heavens can do anything. What did He say?

•••••••• •••••••• ••••• ••••••• ••••••• •••• ••••••• •••• •••• •••••••••

innamaa amruhu idha araada shay'an an yaqoolu lahoo koon fayakoon. Verily, His Order is if He wants a thing, to only say "Be!" and it is. (YaSeen, 36:82)

O People! Listen to something that they are making me speak: you must help each other. What is coming to you, don't store it in bank cases or in secret treasures, but give it to those who are needy. O people, o people.

O `ulamas! Those who say you are `ulamas, perhaps you are getting angry with someone who is nothing. Who knows that you will reach the days of Hajj, the mulook, the `ulamas? Who knows? About those huge Nimrod buildings, who knows that anyone will be able to enter them, or live in them, or enjoy themselves in them? In one second, Allah Almighty is making all these buildings disappear, taken away! Have fear of Allah Almighty and use what you have been granted from Him to help people. Help ummat al-Habeeb! You have been granted billions! They are needy and you are saving treasures, is this not true? Therefore, they are making me shout every day at Salafi and Wahhabi `ulamas. Why are they not supporting poor people? Why are they not supporting weak people? Give to charities. As long as your hands are on charities, heavenly blessings are covering you three times more, here and Hereafter!

May Allah forgive us for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) `Aqeedah is to correct our beliefs (when we are wrong), and they are making me speak on it. I don’t know, but they know.

Fatihah.

(37 minutes) (883 viewers) Alhamdulillah, mashaa-Allah, alhamdulillah.

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

(Mawlana Shaykh speaks to Shaykh Hisham Effendi on the phone.)

Dastur, Madad, Madad. Madad Ya Rijal Allah Madad. Assalamu Alaikum. Ay Yaran Shah Mardan. Dastur Madad. We are waiting for your help/ support. So we won't be weak, so our strength will increase. So our glory will increase. So our state will find power. May the honor of Ummuhan (Hala Sultan) increase. May her gaze always be on us. Ay Gani Padishah, O our Lord, thanks and praise thanks and praise thanks and praise to the One giving our bodies stength. O Glorious Prophet (sws), O Glorious Prophet, O Allah's Beloved One, If we were the sand that you stepped on... Your honor O Glorious Prophet, is from Allah (swt). There is no one in heavens or earth who can appreciate your honor. O Glorious Prophet! Grant us help/ support. And may Ummuhan (Hala Sultan) also grant us help/ support. Assalamu Alaikum Ay Yaran Shah Mardan.
May our day pass with honor. May our bodies work on the way of Allah's worship. May our work our efforts be service for our Lord. Let's say - Bismillahi r-Rahmani r-Rahim. How nice, go ahead O Shah Mardan. Let's listen to your instructions. Go ahead O Shah Mardan, Your advice and the adab (good manners) that you will teach us, we are asking for help/ support to keep those adab. He doesn't make them suffer, Shah Mardan does not make his Yaran (ones who love him) to suffer. He doesn't make them miserable or humiliated. Shah Mardan's Yaran, his beloved ones, aren't made disgraceful. There is no disgrace for them. Thay are given honnor and value. It is sent down from heavens to earth. honnor, value, superiority It is a divine grant that it

was presented to Prophet (sws). Izzatlu In all of creation, the honnor and value and superiority, that a person cannot reach was granted to Hz. Rasulullah (sws), Allah's Beloved one. And His cousin, Shah Mardan brings honor to this world. Whoever wants honor, let him come to the way of Shah Mardan.

O Our Lord, The honor of earth, does not do anything for us. O our Lord, with the honor of heavens and earth, we want from the honor of Your honorable Prophet (sws). Honor comes from heavens. Honor is not given from earth. People cannot give honor to one another. The honor of people is from heavens. That is real honor. If not, it is made-up. O people, search for real honor. Ay Yaran Shah Mardan. Shah Mardan got his honor from heavens. It isn't from earth. And that is why, his Yaran, his beloved ones, his friends, their honor also comes from heavens. It comes from heavens to Shah Mardan. And from Shah Mardan, it goes to his Yaran, to his beloved ones. Let's be beloved ones to Shah Mardan's Yaran. We cannot reach Shah Mardan. Reach to the beloved ones of Shah Mardan so you can find honor! And on earth, there is a type of honor according to earth. But our true honor is in the hereafter. Ay Shah Mardan Sahibul Maydan Talibu Ridur Rahman. The gate of the city of knowledge is Shah Mardan. Teach us, so we will learn. So we will learn, how to fulfill our servanthood for our Lord. That is a very high rank. But Allah's (swt) His representative in heavens and earth the one who was given the sultanate of heavens and earth Sultanul Kawnayn, Sultan of dunya and akhira Habibur Rahman, Rasulullah Salawatullahi wa Salamu Alayh. wa Ridwan, our Master. Connect with him. How can you connect to him? By Shah Mardan. Go on his way, that is the honorable way. The honor of earth is not important. You should have honor in heavens. Your name should be written in heavens, so they call you an honorable servant. Hold on to the way of Shah Mardan! So your name will be written as an honorable one in heavens. In newspapers they claim to be something. What value does greatness from newspapers have? Empty titles. Zero honor. Honor is honor sent from heavens. Titles that people give one another on earth don't give people honor. Your name should be written in heavens among names of honorable ones. Look at this person.

Why are you searching for honor on earth? Dunya is manure. Dunya (this world) is a carcass. Whoever stands as guard of dunya and wants honor, he is like that (carcass). Those who have honor from heavens, their appearance is beautiful, without putting perfume, they have a nice smell. Their smell is 70x better than rose perfume. They have a nice smell. They have a nice smell in the assemblies they join. Ay Yaran Shah Mardan. The beloved ones of Shah Mardan, they're not in need of using perfume. Because their smell has come from Shah Mardan. The

smell of Shah Mardan is not from earth, it's from heavens. Shah Mardan's honor is from heavens. It isn't from earth. You should look. Search for honor from heavens. Don't look for honor by your name written in newspapers. It is worthless. Ay Shah Mardan. The inhabitants of heavens and earth love you. You are loved. O those who accept Shah Mardan... Ali Ibn Abu Talib, Allah's Lion... Follow his morals, holdfast to his way. Accept his adab (good manners). The honor of dunya is not important. You will be in the station of honor in hereafter. Take the honor of akhirah (hereafter). The honor of earth is not honor. Carcass. A carcass doesn't give people honor. And those guarding carcasses have no honor either. And those running after carcasses are jackals. Jackals. Don't be from them! Search for the honor of heavens!

O Shiite, and O Alawi, holdfast to the way of Shah Mardan. That is how he is saying, this is from Shah Mardan. If you love Shah Mardan, follow his morals/ ethics. Don't run after carcasses. Those running after carcasses are jackals, wolves. Those running after carcasses, are not people. Look to be more like angels. You will enter the presence of Allah (swt). You will find Shah Mardan. Shah Mardan He will teach you how to stand in the presence. If there is one spot in your heart of love for dunya, then they do not have any value. Go ahead O Shah Mardan Look at his teachings, o people. Especially those claiming to be shiite, those claiming to be Alawi. Their work will be clean. Their rule will be based on justice. Their lives will be clean. Look to be like them, O Yaran of Shah Mardan. You will be like that. If not, you will not be accepted. "And whoever kills a believer intentionally, his recompense is Hell to abide therein" (4:93) Allah (swt) is saying. O shiite and alawi. The punishment for killing a believer deliberately, is eternal hell, Allah (swt) is saying. Don't enter that category. Move back. Those attacking your religion, defend your religion. But don't touch believers, don't kill believers. Those saying - La ilaha illAllah Muhammadun Rasulullah, don't lift your sword to them. Don't lift your sword to them. He is convicted of punishment in eternal hell. Whoever kills a believer, will stay in hell eternally. O our Lord, send us a Master. Send us a Sultan. Send us Shah Mardan. To teach the boundaries to those who do not know their limits. Send a Sultan. This is a holy month. It is Rajab Shahrullah (month of Allah). Keep respect for this month. O shiite and alawi. Don't kill people! Let them live. This is the month of Allah. The holy month that Allah (swt) has associated with himself. With respect to this month, leave your weapons. Don't oppress Muslims! Don't kill innocent ones! Or else Divine Anger will be on you. And now no one can stand against it.

Go ahead, O Shah Mardan, Sahib Maydan. Talibu Huda r-Rahman. Let us to be from your Yaran, your beloved ones. Let us be from those who keep your way. And accept us O Shah Mardan. So we may be with you. Shah Mardan never even stepped on an ant wrongfully. Those hiding in their homes, to go to their door and break it down, enter, and invade their virtue and honor, they will suffer Divine Anger, Beware! Divine Anger everyday it is coming one degree closer. Divine vengence is coming. Leave/ stop what you are doing. Let's be pleasant. Let's love and be loved, Shah Mardan is saying. This is our way. To take the hand of the one who has fallen, that is our way. Let's keep the adab of humanity, that is our way. MashaAllah Ay Shah Mardan. We are waiting for the Sultan that will come from your pure lineage. Because we have become a people who have lost their way. Let Hz. Mahdi (as) come to show us the right way. May he comes with his sword and banner. Black is the colour of magnificence, and majesty.The Sahib who will come, wears a black turban. He will come like a wind, like a storm blowing away liars/fake ones as an hurricane. Pay your respect and wrap up black turban. Because it is the turban of Shah Mardan.

Oh our Lord, Qadir-i Muqtader Our Mawla, For the sake of your beloved one(Habib) may he gets the permission,no one can prevent/stand against him. When he draws his Dhul Fiqqar not a single oppresser will remain. Don’t be an oppressor, be rightous! Don’t be wild ,be human! Don’t play with guns/weapons, Turn your ways towards Allah(jj),so then you may be acceptable,otherwise you lose light on your face, faith in your heart. Oh our Lord tonight is the Holy night of Regha'ib; very precious! Leave weapons,oh Shia, cease fire! Hurry to mosques and masjids to dargahs and repent. So that you may get the blessings of tonight. May the angels ask for mercy for us. Oh our Lord you know best of our situation. For the sake of Habib-i Kibriya (the Beloved of the Magnificent) send us, at the night of Regha'ib (the night our Prohet came to his mother's womb) for the honor of this holy night may armies of heavens that will destroy oppressors come. May armies of your beloved Shah Mardan come to finish oppression & oppressors. Oh our Lord for the sake of this holy night, give us health,faith and affection; to be in his way,to raise banners of Islam! Our our Lord rejoice our hearts! strengthen our faiths! Send us your servants who will teach us good manners of Islam. Oh our Lord send us the owner of time! Al-Aman, al-Aman, al-Aman. Oh our Lord pay us Mercy! Those who didnt show mercy to ummah, may not get your mercy! Oh our Lord make this night more holy by opening Sham/ Damascus,raising all banners of Islam. May the Muslims make peace,then happiness and love come. Oh Glorious Prophet(as), Allahumma zid habeebaka `izzan wa sharafan nooran wa surooran wa ridwaanan wa sultaana. Amin amin amin,may Allah gives health to our bodies. May rejoicement comes to our families, friends,Muslim brothers and sisters and to beloved friends of Shah Mardan! May the divine light and

strength come. may the love of Lord fills us and we leave worldly affairs. Qadir'sin, Muqtadersin. Ya muhawwilal hawli wal ahwal hawwil haalana ila ahsanil hal.

Oh scholars of Egypt,scholars of Sham, scholars of shia, scholars of Turk, India and China, may we all enter the circle of Adab(manners), Let's wait altogether the owner of these times;Vaktin Sahibi. The one who will bring whole world to Islam; may we wait his coming,Sahibu z-Zaman. May we see him, serve him, respect him and get majesty from him. The owner of Earth and heavens our Lord, for the sake of your beloved Habib, tonight the holy night of Regaib, may his light comes onto us. may health comes to our bodies, may the magnificence of Islam be seen.

Oh our Lord, May the sovereignty of satan collapses! Stand up the friends of Shah Mardan! Be, Saifu-l Maslool min Suyufi-llah, drawn swords of Allah(jj) against falsehood, against satan, may we destroy its reign. May we bring the sultanate of Islam, this is what we work for. Syria, Saudi Arabia, Egypt, these are not the cases. May we raise the banner of Islam! This is what we want. Allah(jj) will help us, will give us power, angels will come. Don't fear from the weapons of unbelievers. Ya Rabbi, Ya Rabbi give us the safety of true faith, Ya Rabbi. For the sake of Habib Kibriya, oh Shah Mardan, to show and teach us your path, from your clean lineage, we wait Mahdi(as). Alaihi s-salam wa 'ala Nabeena 'alaihi s-salatu wa s-salam. Let's say tawbah ya Rabbi tawbah ya Rabbi tawbah astagfirullah. Let's show the bravery of true faith! all will be dressed with robe of a lion. Unbelivers had a king,named Richard the lion heart. A servant of Allah, called Richard the lionheart. He was given this title for a reason. To be a lion heart befits Muslims. suits Muslims, attribute of Muslims are of lion's. Isnt he called Richard the lion heart? This title is suitable for Muslims. He was given that title. Why is that so? He travelled all the way up to Jerusalem to spread his belief. He found Salahuddin Ayyubi who was a real lion with a lion's heart against him. May his station be Paradise. Wait for the owner of these times.

May Allah send us Sahib and Sultan; one Sultan. Shariat says to kill the second one, if there is two Sultans. There can be only one Sultan in Islam, not two. Come to your senses oh Muslims! "Wa 'Umirtu An 'Akuna Mina Al-Muslimina"(10:72) Noah(as) was ordered to be a Muslim. Who are you? Say: I am Muslim! Don't say Arab, shia or alewi, Don’t say Turk or Kurd! Say: we are MUSLIMS! "Huwa Sammakumu Al-Muslimyna"(22:78) Allahu Dhu l-Jalal is the one who gives us Islam! Oh scholars say it otherwise your torment will be violent! Tawbah ya Rabbi, Tawbah Ya Rabbi, Tawbah astagfirullah. May our strength and majesty increases! For the sake of this holy night,may fear falls onto the hearts of oppressors! May they kill each other! May the banners of Islam raised high! May Mahdi alaihi s-salam comes! For the sake of Beloved

Prophet(sws), oh Shah Mardan Sahib Maydan, from your clean lineage, we wait for Mahdi alaihi s-salam. May he comes soon! May we open up to destroy reign of satan. We are Muslims al-Hamdu Lillah. Fatiha.

Dastur, Madad, Madad. Madad ya Rijal Allah, Madad. As-Salamu `alaykum. Ay Yaran Shah Mardans. Dastur, Madad. Wir warten auf deine Unterstützung, damit wir nicht schwach sind, damit unsere Kraft zunimmt, damit unsere Herrlichkeit zunimmt, damit unser Zustand Macht findet. Möge die Ehre von Ummuhan, Hala Sultan, zunehmen. Möge ihr Blick immer auf uns sein. Ay Gani Padishah, o unser Herr, Dank und Preis, Dank und Preis, Dank und Preis Dem Einen, Der unserem Körper Kraft gibt. O glorreicher Prophet (saws), o glorreicher Prophet, o Allahs Geliebter, wenn wir der Sand wären, auf den du getreten bist.. Deine Ehre, o glorreicher Prophet, ist von Allah (swt). Es gibt niemanden in den Himmeln oder auf der Erde, der deine Ehre würdigen kann. O glorreicher Prophet. Gewähre uns Unterstützung. Und möge Ummuhan uns auch Unterstützung gewähren. As-Salamu `alaykum, Ay Yaran Shah Mardans. Möge unser Tag in Ehren vergehen. Möge unser Körper auf dem Weg von Allahs Verehrung funktionieren. Möge unsere Arbeit, unsere Anstrengung der Dienst für unseren Herrn sein. Sagen wir Bismillahi r-Rahmani r-Rahim.
Wie schön, mach weiter, o Shah Mardan. Hören wir auf deine Anweisungen. Mach weiter, o Shah Mardan. Dein guter Rat und der Adab, den du uns lehren wirst, wir bitten um Unterstützung, diesen Adab zu bewahren. Er läßt sie nicht leiden, Shah Mardan läßt seine Yaran, die, die ihn lieben, nicht leiden. Er macht sie nicht elend oder gedemütigt. Shah Mardans Yaran, seine Geliebten, sind nicht schändlich. Es gibt keine Schmach für sie. Ihnen wird Ehre und Wert gegeben. Es wird von den Himmeln zur Erde herabgesandt. Ehre, Wert, Überlegenheit ist Göttliche Gabe, die dem Propheten (saws) geschenkt wurde. Izzatlu. In der ganzen Schöpfung wurde die Ehre und der Wert und die Überlegenheit, die ein Mensch nicht erreichen kann, Hz Rasulullah (saws) gewährt, Allahs Geliebtem. Und sein Cousin, Shah Mardan, bringt Ehre in diese Welt. Wer immer Ehre will, soll zum Weg Shah Mardans kommen. O unser Herr, die Ehre der Erde tut

nichts für uns. O unser Herr, mit der Ehre von Himmel und Erde wollen wir von der Ehre Deines ehrenwerten Propheten (saws). Ehre kommt von den Himmeln. Ehre wird nicht von der Erde gegeben. Menschen können sich nicht gegenseitig Ehre geben. Die Ehre der Menschen ist von den Himmeln. Das ist wahre Ehre. Wenn nicht, ist sie falsch.

O Leute, sucht die wahre Ehre. Ay Yaran Shah Mardans. Shah Mardan bekam seine Ehre von den Himmeln. Sie ist nicht von der Erde. Und deshalb, seine Yaran, seine Geliebten, seine Freunde, ihre Ehre kommt auch von den Himmeln. Sie kommt von den Himmeln zu Shah Mardan. Und von Shah Mardan geht sie zu seinen Yaran, zu seinen Geliebten. Seien wir Geliebte von Shah Mardans Yaran. Wir können Shah Mardan nicht erreichen. Erreicht die Geliebten Shah Mardans, damit ihr Ehre finden könnt. Und auf der Erde gibt es eine Art Ehre, die der Erde entspricht. Aber unsere wahre Ehre ist im Jenseits. Ay Shah Mardan, Sahibu l-Maydan, Talibu Ridu r-Rahman. Das Tor zur Stadt des Wissens ist Shah Mardan. Lehre uns, damit wir lernen. So werden wir lernen, wie wir unsere Dienerschaft für unseren Herrn erfüllen sollen. Das ist ein sehr hoher Rang. Aber Allahs (swt) Vertreter in den Himmeln und auf Erden, der, dem das Sultanat der Himmel und der Erde gegeben wurde, Sultanu l-Kawnayn, der Sultan von Dunya und Akhira, Habibu r-Rahman, Rasulullah Salawatullahi wa Salamu `alayh, wa Ridwan, unser Meister, verbindet euch mit ihm. Wie könnt ihr euch mit ihm verbinden? Durch Shah Mardan. Geht seinen Weg, das ist der ehrenwerte Weg. Die Ehre der Erde ist nicht wichtig. Ihr solltet Ehre in den Himmeln haben. Dein Name sollte in den Himmeln geschrieben werden, so daß sie dich einen ehrbaren Diener nennen. Haltet fest am Weg Shah Mardans! Damit euer Name als ehrenwerter in den Himmeln geschrieben wird. In den Zeitungen beanspruchen sie, jemand zu sein.

Welchen Wert hat Größe von den Zeitungen? Leere Titel. Null Ehre. Ehre ist die Ehre, die von den Himmeln gesandt wird. Titel, die die Menschen einander geben auf der Erde, geben den Menschen keine Ehre. Euer Name sollte in den Himmeln unter den Namen der Ehrenwerten geschrieben werden. Seht euch diese Person an. Warum sucht ihr Ehre auf der Erde? Die Dunya ist Dung. Die Dunya ist ein Kadaver. Wer immer als Wächter der Dunya steht und Ehre will, ist wie dieser.

Jene, die Ehre von den Himmeln haben, deren Erscheinung ist schön, ohne Parfüm aufzutragen, haben sie einen guten Geruch. Ihr Geruch ist 70x besser als Rosenparfüm. Sie haben einen guten Geruch. Sie haben einen guten Geruch in den Versammlungen, denen sie sich anschließen. Ay

Yaran Shah Mardans, die Geliebten Shah Mardans, sie brauchen kein Parfüm zu benutzen. Weil ihr Geruch von Shah Mardan kommt. Der Geruch von Shah Mardan ist nicht von der Erde, er ist von den Himmeln. Shah Mardans Ehre ist von den Himmeln. Sie ist nicht von der Erde. Ihr solltet nach der Ehre von den Himmeln suchen. Sucht nicht nach Ehre durch das Erscheinen eueres Namens in der Zeitung. Es ist wertlos. Ay Shah Mardan. Die Bewohner von Himmel und Erde lieben euch. Ihr seid geliebt. O die, die Shah Mardan, Ali ibn Abi Talib, Allahs Löwen anerkennen, folgt seiner Moral, haltet an seinem Weg fest, nehmt seinen Adab an. Die Ehre der Dunya ist nicht wichtig. Ihr werdet auf der Station der Ehre im Jenseits sein. Nehmt die Ehre der Akhirah. Die Ehre der Erde ist keine Ehre. Kadaver. Ein Kadaver gibt den Menschen keine Ehre. Und jene, die Kadaver bewachen, haben auch keine Ehre. Und jene, die hinter Kadavern herlaufen, sind Schakale. Schakale. Seid nicht einer von ihnen! Sucht nach der Ehre der Himmel!
O Schiiten und Alawiten, haltet fest an dem Weg Shah Mardans. Das ist, was er sagt. Dies ist von Shah Mardan. Wenn ihr Shah Mardan liebt, folgt seiner Moral. Lauft nicht Kadavern hinterher. Jene, die hinter Kadavern herlaufen, sind Schakale, Wölfe. Jene, die hinter Kadavern herlaufen, sind keine Menschen. Seht zu, mehr wie Engel zu sein. Ihr werdet in die Gegenwart Allahs (swt) eingehen. Ihr werdet Shah Mardan finden. Shah Mardan. Er wird euch lehren, wie ihr in der Gegenwart stehen sollt. Wenn es in euerem Herzen einen Funken von Liebe für die Dunya gibt, dann habt ihr keinen Wert. Mach weiter, o Shah Mardan. Seht auf seine Lehre, o Leute, besonders jene, die behaupten, Schiiten zu sein, und jene, die behaupten, Alawiten zu sein. Ihre Arbeit wird rein sein. Ihre Herrschaft wird sich auf Gerechtigkeit gründen. Ihr Leben wird rein sein. Seht zu, wie er zu sein. O Yaran Shah Mardans. Ihr werdet so sein. Sonst werdet ihr nicht angenommen. "Und wer einen Gläubigen vorsätzlich tötet, dessen Lohn ist die Hölle, worin er ewig bleibt"(4:93) sagt Allah (swt). O Schiiten und Alawiten, die Strafe für das vorsätzliche Töten eines Gläubigen ist ewige Hölle, sagt Allah (swt). Tretet nicht dieser Kategorie bei. Geht zurück. Wenn sie euere Religion angreifen, verteidigt euere Religion. Aber rührt die Gläubigen nicht an! Tötet keine Gläubigen! Jene, die sagen "La ilaha illa Allah, Muhammadun Rasulullah", erhebt nicht das Schwert gegen sie. Erhebt nicht das Schwert gegen sie. Er ist verurteilt zur Strafe in ewiger Hölle. Wer immer einen Gläubigen tötet, wird ewiglich in der Hölle bleiben.
O unser Herr, sende uns einen Meister. Sende uns einen Sultan. Sende uns Shah Mardan, um diejenigen die Grenzen zu lehren, die ihre Grenzen nicht kennen. Sende einen Sultan. Dies ist ein

heiliger Monat. Es ist Rajab Shahrullah, der Monat Allahs. Achtet diesen Monat. O Schiiten und Alawiten, tötet keine Menschen! Laßt sie leben. Dies ist der Monat Allahs. Der heilige Monat, den Allah (swt) mit Sich Selbst verbunden hat. Aus Achtung für diesen Monat laßt euere Waffen. Unterdrückt nicht Muslime! Tötet keine Unschuldigen! Sonst wird Göttlicher Zorn auf euch sein. Und jetzt kann sich niemand dagegen stellen. Mach weiter, o Shah Mardan, Sahib Maydan. Talibu Huda r-Rahman. Laß uns zu deinen Yaran, deinen Geliebten, gehören. Laß uns zu denen gehören, die deinen Weg einhalten. Und nimm uns an, o Shah Mardan. Damit wir mit dir sein können. Shah Mardan trat niemals auch nur auf eine Ameise fälschlicherweise. Jenen gegenüber, die sich in ihren Häusern verstecken, zu ihrer Tür zu gehen und sie niederzubrechen, hineinzugehen und in ihre Tugendhaftigkeit und Ehre einzudringen, (die das tun) werden Göttlichen Zorn zu spüren bekommen. Hütet euch! Göttlicher Zorn, jeden Tag kommt er ein Stück näher. Die Göttliche Vergeltung kommt. Hört auf mit dem, was ihr macht.

Seien wir umgänglich. Lieben wir und werden geliebt, sagt Shah Mardan. Das ist unser Weg. Die Hand zu nehmen dessen, der gefallen ist, das ist unser Weg. Wahren wir den Adab des Mensch-Seins, das ist unser Weg. Ma sha' Allah, ay Shah Mardan. Wir warten auf den Sultan, der von deiner reinen Linie kommen wird. Weil wir Menschen sind, die ihren Weg verloren haben. Laß Hz Mahdi (as) kommen, um uns den rechten Weg zu weisen. Möge er mit seinem Schwert und Banner kommen. Schwarz ist die Farbe der Herrlichkeit und Majestät. Der Sahib, der kommen wird trägt einen schwarzen Turban. Er wird wie ein Wind, wie ein Sturm kommen und die Lügner wegpusten als Hurrikan. Erweist Respekt und wickelt den schwarzen Turban, denn es ist der Turban Shah Mardans. O unser Herr, Qadir Muqtadir, unser Mawla, um deines Geliebten willen, möge er die Erlaubnis bekommen. Niemand kann gegen ihn bestehen. Wenn er sein Dhu l-Fiqar zieht, wird nicht ein einziger Unterdrücker übrig bleiben. Seid keine Unterdrücker, seid rechtschaffen! Seid nicht wild, seid Mensch! Spielt nicht mit Waffen, wendet euere Wege auf Allah (jj) zu, dann mögt ihr annehmbar sein. Sonst verliert ihr das Licht auf den Gesichtern, den Glauben in den Herzen. O unser Herr, heute Nacht ist die heilige Nacht Ragha'ib, sehr kostbar! Laßt die Waffen ruhen, o Schiiten, stellt das Feuer ein! Eilt zu den Moscheen und Masjids, zu den Dergahs und bereut, so daß ihr die Segnungen von heute Nacht bekommen könnt. Mögen die Engel um Gnade für uns bitten.

O unser Herr, du kennst am besten unsere Situation. Um des Habibi Kibriya, des Geliebten des

Herrlichen willen sende uns in der Nacht von Ragha'ib, als unser Prophet in den Leib seiner Mutter kam, zu Ehren dieser heiligen Nacht, Armeen der Himmel, die die Unterdrücker vernichten werden. Mögen Armeen deines geliebten Shah Mardan kommen, um die Unterdrückung und die Unterdrücker zu einem Ende zu bringen. O unser Herr, um dieser heiligen Nacht willen gib uns Gesundheit, Glauben und Zuneigung, um auf seinem Weg zu sein und das Banner des Islam hochzuhalten. O unser Herr, laß unsere Herzen jubeln! Stärke unseren Glauben! Sende uns deine Diener, die uns das gute Benehmen des Islam lehren. O unser Herr, sende uns den Eigner der Zeit. Al-Aman, al-Aman, al-Aman. O unser Herr, sei gnädig. Jene, die der Ummah keine Gnade erwiesen, mögen sie Deine Gnade nicht bekommen. O unser Herr, mach diese Nacht heiliger durch die Öffnung Shams und das Erheben aller Banner des Islam. Mögen die Muslime Frieden schließen, dann kommt Glück und Liebe. O glorreicher Prophet, Allahumma zid Habibaka `Izzan wa Sharafan, Nuran wa Sururan wa Ridwanan wa Sultana. Amin, Amin, Amin.
Möge Allah unseren Körpern Gesundheit geben. Möge Jubel zu unseren Familien, Freunden, muslimischen Brüdern und Schwestern und zu den geliebten Freunden Shah Mardans kommen. Möge das Göttliche Licht und Stärke kommen. Möge uns die Liebe des Herrn erfüllen und wir diese weltlichen Dinge verlassen. Du bist Qadir, Muqtadir. Ya Muhawwila l-Hawli wa l-Ahwal, Hawwi l-Halana ila Ahsani l-Hal. O Gelehrte Ägyptens, Gelehrte von Sham, Gelehrte der Schia, Gelehrte der Türkei, Indiens und Chinas, mögen wir alle in den Kreis des Adab eintreten. Erwarten wir zusammen den Eigner dieser Zeit, Vaktin Sahibi. Der eine, der die ganze Welt zum Islam bringen wird. Mögen wir sein Kommen erwarten, Sahibu z-Zaman. Mögen wir ihn sehen, ihm dienen, ihn achten und Majestät bekommen von ihm. Eigner von Erde und Himmeln, unser Herr, um Deines geliebten Habib willen, möge heute, in der heiligen Nacht von Ragha'ib, sein Licht auf uns kommen. Möge Gesundheit zu unseren Körpern kommen, möge die Herrlichkeit des Islam sichtbar werden. O unser Herr, möge die Herrschaft Shaytans zusammenbrechen. Steht auf, Freunde Shah Mardans! Seid Saifu l-Maslul min Suyufillah, gezogene Schwerter Allahs (jj), gegen die Falschheit, gegen Shaytan. Mögen wir seine Herrschaft zerstören. Mögen wir das Sultanat des Islam bringen. Dafür arbeiten wir. Syrien, Saudi Arabien, Ägypten, dies sind nicht die Angelegenheiten. Halten wir das Banner des Islam hoch. Das wollen wir. Allah (jj) wird uns helfen, wird uns Kraft geben. Die Engel werden kommen. Fürchtet nicht die Waffen der Ungläubigen.

Ya Rabbi, ya Rabbi, gib uns die Sicherheit des wahren Glaubens, ya Rabbi. Um des Habib Kibriya willen, o Shah Mardan, zeige und lehre uns deinen Weg, von deiner reinen Linie erwarten wir Mahdi, `alayhi s-Salam wa `ala Nabina, `alayhi s-Salatu wa s-Salam. Sagen wir Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Zeigen wir den Mut wahren Glaubens!
Alle werden mit dem Gewand eines Löwen bekleidet sein. Die Ungläubigen hatten einen König, genannt Richard Löwenherz. Ein Diener Allahs, genannt Richard Löwenherz. Ihm wurde dieser Titel aus einem bestimmten Grund verliehen. Ein Löwenherz zu sein, geziemt den Muslimen. Es paßt zu Muslimen, die Attribute der Muslime sind die des Löwen. Wurde er nicht Richard Löwenherz genannt? Dies ist ein Titel, der passend ist für Muslime. Ihm wurde dieser Titel gegeben. Warum ist das so? Er reiste den ganzen Weg bis nach Jerusalem, um seinen Glauben zu verbreiten. Er fand Salahuddin Ayyubi, der ein wahrer Löwe war mit einem Löwenherzen, gegen sich. Möge sein Aufenthalt das Paradies sein. Wartet auf den Eigner dieser Zeit. Möge Allah uns Sahib und Sultan, einen Sultan, senden. Die Shariat sagt, daß man den zweiten töten soll, wenn es zwei Sultane gibt. Es kann nur einen Sultan im Islam geben, nicht zwei. Kommt zur Besinnung, o Muslime! "Wa Umirtu an Akuna mina l-Muslimina" - Und mir wurde befohlen, zu den Muslimen zu gehören (10:72). Noah (as) wurde befohlen, Muslim zu sein. Wer bist du? Sag: Ich bin Muslim! Sag nicht: Araber, Schiit oder Alawit. Sag nicht: Türke oder Kurde! Sagt: Wir sind MUSLIME! "Huwa Sammakumu l-Muslimina" - Er ist es, Der euch vorher schon Muslime nannte (22:78). Allahu Dhu l-Jalal ist der Eine, Der uns den Islam gibt. O Gelehrte, sagt es, sonst wird euere Qual furchtbar sein! Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Möge unsere Kraft und Majestät sich mehren. Um dieser heiligen Nacht willen, möge Furcht in die Herzen der Unterdrücker fallen! Mögen sie sich gegenseitig töten! Möge das Banner des Islam hoch erhoben werden! Möge Mahdi, `alayhi s-Salam, kommen! Um des geliebten Propheten (saws) willen, o Shah Mardan, Sahib Maydan, von deiner reinen Linie erwarten wir Mahdi, `alayhi s-Salam. Möge er bald kommen! Mögen wir es öffnen, um die Herrschaft Shaytans zu zerstören. Wir sind Muslime, al-Hamdulillah. Fatiha.

# THE LIONS OF RAHMAN ARE COMING

It is the first Friday of the holy month, the holy month Muharram, the beginning of the New Year - one thousand four hundred and twenty, 1420. Shaitan is on full alert to take away Islam but Islam is still standing up. Can man can do anything to take away the Himalayan Mountains? Is that possible? If it is possible, do you think that man can stop the moon from moving? If that happens, do you think that man can stop the sun rising, or if it rises, stop it setting? Is it possible? No, never. Or that, perhaps, may be, but to remove Islam - that is impossible. Oh, they have been trying for fifteen centuries to take Islam even a little bit away, but Islam is standing up. Allahu Akbar, Allahu Akbar. They think that the Serbian pigs can finish Muslims, they are not, they are not even imagining that behind those pigs lions are coming. The pigs are the pigs of Shaitan, and the lions are the Lions of Rahman, the Lions of Allah Almighty are coming; and everything that is happening is for the benefit of Islam, Allahu Akbar. Everything that is happening; throughout every 24 hours there are 24,000 appearances from the Divine Presence coming to earth and changing, coming and changing everything.

Everything may be changed, but Islam will never be changed. Shaitan used his chances to change Moses' book, the Torah, the Old Testament, he changed so many things, but he wasn't able to change it completely. The Jewish rabbis hide something from the Torah but they couldn't remove it. They hide so many things and

Allah Almighty made this clear through His last Prophet, Sayyidina Muahmmad, sal Allahu aleyhi wa sallam. He said "Bring the Torah here, and open that page and show what is written there, what they have been hiding, show how they have not been saying the truth": Rasul Allah, sal Allahu aleyhi wa sallam, had never read their books, and they thought that the Seal of Prophets was an ordinary person, an ordinary illiterate person, so they were playing tricks, saying this and that. Then Archangel Gabriel came and said, "Oh Muhammad, sal Allahu aleyhi wa sallam, they are cheating, or trying to cheat, they are hiding the reality. Call them to bring their Torah to you." And he called them, saying, "Bring the Torah here." The Torah is not Arabic book, it is in the Hebrew language, and he said, "Open that page and read it to me, recite it." And then they were ashamed, because of what Rasul Allah, sal Allahu aleyhi wa sallam, said, the truth was clearly revealed and blame came on them, they were ashamed.

Satan just played with their books, they hide so many things, they changed so many things. If man interferes with a Holy Book, then immediately that book loses its sacredness, it is finished. Holy Books, all of them, are virgin (pure), if man then interferes with it the virginity of that book is finished. Man interfered with the Old Testament, and the New Testament, they took something away, and added something else. Or they hide things. Therefore the Old Testament, and the New Testament, are not virgin books any more, now they are not original books, their originality is finished. Therefore, they can't carry people through their Cathedrals, through their Churches, through their Synagogues, they are empty now. Monasteries are empty now; people only come to look around and their places of worship have become like museums. Gold, silver, statues &endash; shining. Paintings. People never come to pray, they only put matches to candles and leave. No more Christianity. Christianity is finished. Allahu Akbar, Allahu Akbar, Allahu Akbar, Christians are finished.

Jewish people never accept anyone except themselves to be Jewish, therefore they're closing their communities. No-one can be from their nation unless they are born into it. They are closed, they are closed, the Children of Israel are closed. They never accept anyone else. No. And they also interfered with the Old Testament, Torah. The Torah was such a big book among Holy Books, it was much bigger than any other Holy Book - but they lost it, it is finished. Shaitan played with them and finished it. Shaitan also came to Islam to change the Holy Qur'an. No. This can't be, the Lord is saying, "I am sending, I am looking after it. No-one can put his hand on it, not even to one letter. I am its Guardian, I am its Protector. I am the Supreme Keeper of that book. No-one can change even one letter. It is one Holy Qur'an through East and West from

North to South." Allah Almighty is always victorious. Whoever is with Allah Almigthy is also going to always be victorious. Who is going to be with Shaitan will always be down, down, down, finished.

This first of Muharram, 1420, is reaching to the Christian third millenium, it is a bridge. Perhaps next year all Christian calendars are going to join, by themselves, and pass across that bridge and over to the real calendar, the Islamic calendar, their calendar ending. To be only one calendar, the Islamic calendar, next year, 2000, reaching now through 1420. And Allah knows what is going to happen, no-one can expect, no-one can imagine, no-one from common people can even dream what is going to happen through this year. They are only saying something that is imagination, no more, not what is really going to happen from the big events that will make everything upside down. Only those who are with the Lord Almighty Allah, should be left standing up and others will fall down.

Batil; Shaitan is going to be like a donkey and everything that he brought from batil, batil, what is batil; it is the opposite of haqq. It is false, faults. Every fault that he made up to today; he is going to be like a donkey, and every fault that he showed people, encouraged people, taught people, and brought through technology will land on him and he will be taken away, finshed. Ah. Time is over. Time is now ending; ten, nine, eight, seven, six, five, four, three, two, one; Boom! (Sheikh Efendi claps his hands and laughs) I will kick his tail end too! Finished, Shaitan; all the batil, the opposite of haqq, every fault, every falsehood, should be loaded on him and be taken away, when Jesus Christ comes - jahannam. May Allah grant us a real faith to believe in such things. Islam is not some rules that only belongs to this life, measures of this life.

## A warning: Listen to your Lord's Orders and follow the Seal of Prophets!

As-salamu alaikum! As-salamu alaikum...! Welcome to you.
Audhu bi-llahi mina sh-shaitani rajim, Bismillahi r-Rahmani r-Rahim, la haula wa la quwwata illa bi-llahi-l 'Aliyi-l 'Adhim.
(Maulana stands up in praise of the Prophet): Allahumma salli wa sallim 'ala Nabiyina Muhammad alayhi salam, salatan tadumu wa tughda ilay, mamara layali wa tula dawam...

Welcome to you. If our Masters (are) giving a chance to address to you - not to you (only), (but) to (the) whole world people – (it will be) never ending, if we are speaking - one hour, one day, one week, one month, one year... But I am trying, as they are signing to me, to remind you (of) something, as much as possible for understanding, where we are now and this world, to where (it has) reached: Just our world and our period on this world (is) going to finish. We are the nation of (the) last Prophet, (the) Seal of Prophets (sws), may Allah Almighty's Glory and Blessing (be) on him, S.Muhammad sws.

We are living (a) in very difficult time, the time of (the) signs of Qiyama, the

Day of Resurrection, (which is) just approaching. And so many signs (are) going to appear and finally it is going to finish, perhaps through (the) 15th century. Now we are in (the) 15th century, 1430, Muharramu-l Haram, (a month) that is just respected and honoured by the Lord of Heavens through His last Prophet S.Muhammad sws. And it is mentioned through all Holy Books that when the Day of Resurrection (is) approaching, so many bad things, so many oppressions (are) going to appear and mostly people (are) going to be unbelievers, mostly they are followers (of) Shaitan and their bad egos. That our ego always (is) ordering to do bad things; our ego is always against (the) Holy Commands of Allah Almighty. That is the reason (that) now everywhere oppressors they are on act (and) they are trying to do every bad thing against mankind, to make them to fall in Hells here and Hereafter.

We are looking and seeing (that) everywhere people (are) running through streets, shouting and making demonstration! And demonstration, all of it, (is) against heavenly Orders, (the) heavenly Orders of the Lord of Heavens. And Allah Almighty, the Lord of Heavens, the Creator, He is warning: “O people, o people! If you are not listening to Me and obeying, I may send on you a punishment from Heavens or I may send a punishment to you (from) under your feet. Or I am making you so many different parties or groups of people, (that are) getting each one against the second one and they are beginning to fight each other, to do their worst to each other!”

Even Allah Almighty (is) saying to them: “O people, peace is best for you” , but Shaitan (is) saying: “No, war, it is best for you.” And people (are) listening to Shaitan, not listening to their Lord, therefore everywhere now... oh oh oh!... (is) under fire. Under their feet or over their heads (is) on fire; (they are) killing, burning, and destroying everything, everywhere! And people yet they are insisting not to obey to the Lord of Heavens! Eh! If they are insisting, that heavenly Punishment (is) coming on them, making them (into) groups and they are fighting each other, killing, burning

and destroying. And Allah (is) saying: “O people, try to be god ones, try to be good servants for Me, try to be good ones for each other.” (But) no one (is) listening...

I am sorry to say that first Arabs - that divinely Inspiration (was) coming on them through the Seal of Prophets S.Muhammad sws (and) they understand (the language) - they are doing against it. And now no one is happy except Shaitan and its followers...

O people! Come and listen to (the) Holy Orders of your Creator! Try to be obedient to Him, try to do your best for His creatures, particularly for mankind. If you are not doing (that), day by day that fire (is) going to get bigger, bigger, bigger, and then heavenly Anger, if (it is) reaching (to) you, (it is) coming to burn everything on earth.

When S.Nuh had been sent as a great Prophet to whole nations and he was calling people (for) 950 years to obey to their Lord and to try to be good servants and also to be good ones to each other, every time they were insisting not to obey, not to listen. Then Allah Almighty (was) saying: “O Noah! I am going to take them away and I am going not to leave anyone from those, whom they are not coming to listen (to the) heavenly Orders, whom they are not coming to hear and obey!” And He sent (a) flood. (The) flood. Whole people just drowned - finished. Only a handful people (that) they were in that Arch of Noah, had been saved, because they were (the) only believers and obedient servants.

That passed away. Now (it is the) same; perhaps much more (than) what did the nation of Noah people (are) doing (now); every bad thing and Allah Almighty (is) warning them: “O people, o My servants, beware (of) Shaitan! Beware (of) your egos! Beware from Dunya! If you are not taking your care, then I am going to burn you!” He is not - Allah Almighty - taking (a) match and burning people, no! (He is) making people to find (a) big fire and they are trying to finish everything on earth!

I am sorry to say this and I am asking forgiveness from Allah Almighty and I am asking humbly, o our Lord, (for) what You promised us: (Someone) to come and to arrange the life of people on earth! First Mehdi a.as. and then (the) Antichrist (is) coming to make much more trouble for mankind and then Jesus Christ, S.Isa, should come and should kill (him), taking away every Antichrist and their followers. Then (it) should be for a short time for Dunya (that) people (are) obeying to their Lord and leading (a) silent, obedient life on earth, and then the Day of Resurrection (will be) just arriving.

O people, I am sorry (about) what is going on, I am not happy. But mankind, disobedient groups (they are) becoming and Allah should punish (them). May Allah forgive us! Ya Rabbi, ya Rabbi, afet! Ya Rabbi afet! Aslah lana shanana. Anta Rabb, Anta-l Haqq, Anta-l Qadir wa-l Muqtadir. Qadiru-l mutlak, Qadir ‘ala-l mutlak sensin, ya Rabb! We are asking Your Blessings and Forgiveness! For the honour of Your most honoured glorified servant S.Muhammad sws.

As long as people (are) refusing the Seal of Prophets S.Muhammad sws, trouble (is going to be) never ending and punishment never stopping. Come and believe in (the) Truth of the Seal of Prophets S.Muhammad sws! Try to follow him, you should be saved and sheltered here and Hereafter. Or (you will be) taken away, as (the) flood of Noah just took away whole nations, whom they were not accepting Noah a.s.

O our Lord, afwak wa ridaak! Ilahi, afwak wa ridaak! Aslah shanana wa shana-l muslimin, wa-nsurna ‘ala-l qaumi-l kafirin. Bi hurmati man arsalta alayhi Sura-l Fatiha.

## LIVE A SIMPLE LIFE

You must speak now, you can't have any time later?

*Questioner from Germany: Yes. Among Europeans there are many groups making courses on self-knowledge, self, um, experience, they want to reach something, but they are mixed, many times they are mixed - women and men are mixed in these groups and they make all this to open themselves and then I think, from myself, I don't have a good feeling, so I run away from these things, but many people come in this way to open themselves, they try to go to heaven but I think it's a trap.*

Bismillah hir-rahman nir-rahim.. Now we are reaching to an end, and every end we reach is at the same time a new beginning. A beginning and an and ending. Here ends this period, and this second period begins from here. Now the whole world is going to reach the end of a period and a new period is going to begin. As people are saying the second millenium is finishing and the third millenium is just beginning, the twentieth century is just ending and the twenty-first century is just going to begin. That means a renewal is coming, the old book is closing and a new book is going to be opened. So many things are just going to pass away with the twentieth century, there is no more room for them in the twenty-first century. It will be that with this renewal, that that which could not be, and which was not in existence through the twentieth century will come with this renwal through the twenty-first century. For example, the economy and everything that

belongs to the twentieth century economic system is never going to work in the twenty-first century, also twentieth century social work is never going to work - those systems that all nations are now using are never going to work in the twenty-first centutry, also all political systems that we are using in the twentieth century are not going to work in the twentieth century, also every educational system that works now will not work in the twenty-first century and also every belief that has been in the twentieth century will not continue to be as they are now in this century, they are never going to be the same in the twenty-first century. Health, wealth ; every kind of work will never be the same in the twenty-first century. Never be the same. You are understanding?

*Questioner: Yes.*

Everything is just going to stop, to finish, at the end of 1999, stopping, and a new term is going to open for all mankind. What you are now asking about, all of these groups are based on imagination, it is all their imagination, there is never any reality through them, nothing. All imagination. If a person can stand on water then those ideas are going to be stable in existence - but there is no base for such ideas to stand on. Therefore, don't occupy your heads, your minds, your hearts, with such imaginary, nonsense ideas. In the twentieth century Shaitan has thrown so many useless, nonsense, lies and false ideas to make chaos of truth, and to make confusion of such things, and to tell people that they can select for themselves what is good and what is true, from what is false. But when the twenty-first century, the third millenium comes, such nonsensical, foolish ideas will not work anymore.

Now they are saying, as an example, that when it rains the earth gives so much grass of so many kinds, and also among these grasses trees are growing, but to begin with the Almond that you plant looks like grass ; you can't chose...(TALK continues on other side of cassette)...will become dry, but the Almond tree will grow, it grows with power, but at first it was among the grass, like the grass, but with time the Almond produces nuts, and there are also cherries, apples, pears, fruits that all began like grass, but when the summer comes they grow, they do not dry, but grass finishes, the grass becomes dry.

In the twentieth century every kind of idea has been planted good ones, bad ones, good ones, bad ones - they are growing together and no-one can see which is the real one ; if that is a real tree or only grass. No, you cannot see the difference. And what you are asking about ; these groups are like grass. But when the twenty-

first century comes all those false ideas, that are satanic teachings are going to dry up, but the trees will stand up and grow. Such foolish, nonsensical ideas are cheating people because all of them are alike, but when the summer comes trees stand up you will see their green, but the grass is going to be yellow, it will dry up and die. Therefore, don't occupy yourslf with such foolish ideas. Wait and see what is going to happen.

We are now worrying about what is going to happen after 1999. There are going to be such big changes because all nations, all mankind, all Children of Adam, are trusting in something from technology but it is like a roof that is carried by only one pillar - if that pillar is not there then that roof will fall down. Now, for the whole world, their pillar is technology, and that pillar is going to be destroyed, or it will destroy itself, technology will destroy itself by itself. We are not shooting it from outside ; no technology will just destroy itself by itself - and when this pillar is destroyed the whole roof, the whole building, is going to fall down. That is important ; not such foolishness. And everything that you can imagine when technology is finished or has vanished ; it means you can't move one step outside your home and that means you can't bring something and you can't take something away. It means you can't use water, you can't use electricity, you can't use anything that you have been using in the name of civilisation. The means of civilisation is going to finish. The pillar that is keeping civilisation up is going to be destroyed, and that means all civilisation, of which Western countries are very proud, they are very proud of technology, when this technology disappears they are going to fall very badly. Very badly ; who can climb six floors, ten floors, twenty floors, eighty floors, a hundred floors? Who is able to do this? You will begin in the morning, and reach in the evening! And it so dark that you cannot know who is facing you on the stairs... No security, no safety, no safety. The chaos that is coming after that foolish technology destroys itself is terrible, horrible - billions are going to die, billions. Where can they go? It is the middle of winter, the whole world is frozen - where are you going to go? What you are going to do? No water is reaching up, no electricity is reaching up, no fire is reaching up! And no-one can move from one place to another place easily...

I am thinking about here, how the houses here are so simple, I am not in need of a lift but, foolishly, in towns here they are beginning to build high buildings, concrete buildings, that in summertime are like ovens and in winter like fridges. How you can live? Those people can't move three steps without cars, people are accustomed to live by pressing a button - how are they going to live? This is important - not such foolish ideas! Their water comes from 300 or 400 feet below, when there is no electricity how will water reach you?

Cars can't move. Therefore, I am looking to move, to move to such a place where water is nearby, for using for drinking. Therefore, those in the countryside; all of them in the countryside are much safer, clean and safe.

Man will be forced to come back to nature, because twentieth century civilistion has lead man to run away from nature. Twentieth century people are fighting nature, killing nature with their foolish factories, with their foolish demands, foolish waste, they are killing nature. Now the Lord is punishing them, "Enough!" Oceans are dying! What is that! For what? For quick supply, for speed ; because wastefulness, they are wasting everything. That is the base of economy ; fast supply, fast waste. No more nature reaches to fooolish mankind now, and Allah Almighty is going to punish them to stop that foolishness and people should then keep even one cup of water. They must learn to keep it, not to waste, and that time to learn is coming now. It is time. Over ; (demonstrating water tap that is on full and gushing excessive water) for one glass, they are wasting half, one gallon water! You must look after this point everywhere. You must not use high buildings, you must come down, and you must prepare simple houses, for a simple life, you must learn not to waste anything and you must try to join with nature once again so that nature is not fighting against you. As much as you are fighting against nature, nature fights you.

Perhaps in that time foolish illnesses are going to disappear, when you are getting in peace with nature, nature helps you for your life. That is important. Look everywhere there are crowded centers that will be impossible to live in in the third millenium. People must spread everywhere in the countryside, digging wells to use. And you must not throw away animal fat because candles will be made from it. Candles. No more electricity, no more lamps in which you can use paraffin or petroleum for light, for lighting, no. Only wooden lights as before, burning them to give light at night. And in every place fireplaces will be used for cooking and for heating inside. And you are going to use your clothes as much as possible, for a long time. No more new clothes every month, every week, no more changing every day, no more morning-dress, night-dress ; finished. No industrial works ; finished.

You must look on it, that is important for all of you. If not, so many people are going to die. Not millions but billions will die. When electricity is sometimes cut off just for one hour or two hours they go crazy to be crazy. What about when it is for days and days, without hope that it will be connected again? For one hour your electricity is cut off and you hope that in one or two hours it will be finished, reconnected, but that in time there will be no more hope that electricity will return, there will be no hope that that power will work once

again, finished. That will be terrible, very terrible, they can't use anything ; those who live through computers, TVs and such a things are going to die. To die, because they haven't any hope for the coming days.

We have hope we are believers, we know that that is on the bridge from one side to another side. Materialism is going to finish, it is going to die, and we will pass over this bridge to another part of life. The people who reach to that second life in this world should find another source of power in action. Therefore, we are not hopeless, we are hopeful people, but I am only saying that for a short distance you must put your attention to how you can pass freely through that temporary period. You are understanding?

*Questioner: Yes, thank you very much. Just one question about hijab, because some people do not know the meaning of hijabs ; how precious they are and what is their protection. How they work?*

All of them depend on beliefs. If they are believers we can say something and they should believe, some do not believe in spirituality, and they can't carry that for a belief. If they are believing in spirituality in Islam, it is useful for them, if they are materialist people, asking only for things from the material life they will not use it and there is no hope for them. Yes?

*Questioner: Some people in Germany with whom I have met, have groups, Christian groups, and they are all saying something, they also have some ideas about these coming times, about these three months, some say three days ; but we know it's a longer time which is coming ; zuspitzen (coming to a head) ; we say we have to prepare, and these people maybe they need something from you so that they will have a new idea about...*

I said.

*Questioner:Oh it is inside? Okay, thank you.*

It is imagination, no reality, what they ae saying. Wa min Allah at-tawfiq. Anything else?

*Another questioner: Maulana, what can we do for our relatives and for our friends?*

They should carry much more difficulties through their lives, but my advice is to run to the countryside and to have a well, because life depends on water. Without water there is no life. Simple houses and try to come to

a simple life, simple living. No more TV, no more instruments; they must keep everything with care so that they do not waste what they have, because wasting is going to finish nations.

*Another Questioner: Is there three days during which we must really stay in our houses, or more than three days, maybe three months? My friend asked me, should we stay, like khalwat people, for three months in our houses not going one meter out or...?*

No it is not... when you are in the countryside you may move as Allah orders us to go on earth, but do not come to big cities ; in big cities there will be so many problems and difficulties ; gangs of robbers, countless robbers, countless satanic groups. Everyone who is caught in their places and uses these words ; Bismillah hir-rahman nir-rahim, should be protected.

*Questioner: Three days, er, in some books I have read, in many books I have read in Germany, they say that there will be three days of darkness ; can you say something about this? Because they fear that something from the universe is coming to this planet.*

That is another thing. We have ; when the sun is going to rise from the West, that for three days the sun will not shine, and then when it comes, it will rise in the West. It will rise to its midday place then it will set as it was rising. That is the last point that people may repent, tawba, repent. When it sets, when the sun has set, that door is going to be closed. But what they are, what it is written in some places for now, about three days of night darkness, I am not sure what is going on in those days. If that is a real thing or Prophets' signs? Only Allah knows, so I don't like to ask about it. Yes, wa min-Allah at-tawfiq, bi hurmatil-fatiha.

## LIVE BEST OF LIFES AND GIVE BEST THANKS

Some holy-people need physical power, others don't. Grandsheik was in seclusion and his wife Halima was bringing him a small cup of soup, put it through the door and left. One day she came and saw that Grandsheik had not eaten, so she brought one more but the same happened for the next 10 days. Sheik Abdullah did not eat. So she went to his Sheik, Sheik Sharafuddin, and told him, "Whatever I bring him, he doesn't touch.". So Sheik Sharafuddin wrote a letter and said to her, "Don't say anything, just give him this."

He wrote, "Oh, Abdullah Effendi, I know that you can live without eating until the end of the world. You have heavenly power and you will never feel hungry, never feel the pain of hunger. Because normally when people don't eat, the stomach will hurt. Without even forcing yourself you can live like that, I know. But I am ordering you to eat as an ordinary person, because when you are, you are someone who can give thanks much more than anyone else. So eat and drink and give thanks to Allah Almighty!".

After that command, he was eating and drinking. It is important for believers to eat and to drink as good as they are able to. They should eat the best, so that they can be much more thankful with love. Because when their ego is also satisfied, they will have more love. So if you can do it, do it. Our Grandsheik Shah ul Naqshiband was saying, "Oh, my murids, you must try to eat best food, drink best drink, wear best clothes and give best of thanks! That is my tariqat!". Because Allah Almighty created every favour for his servants.

His servants should use it and give thanks. Eat best and do best. That is the Naqshibandi Way. Dress best and give best thanks. Live best of lives and give your best thanks and worshippings to Allah.

Hadith: Muhammad sws. said, "Allah Almighty likes to see that his servants are using His Favours. If you have been given the chance, then eat, put on your table whatever Allah Almighty has granted to you of the best. Put best food to eat and give of it to others too. Dress best and give others best clothes too. Live best of lives and give best of thanks!".

## It Is Best to Live In Your Muslim Homeland

(Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Yaa Rabbaana salli `alaa habeebika 'l-Mustafa salaatan da'imatan bi-dawaamik baqiyatan bi-baqaa'ik. Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, ridwaana wa sultaanan fee mithli hadh ash-shahru 'sh-shareef, shahr Dhul-Qa`dah.

Wa salawaatullah wa 's-salaamuhu `alaa saair 'l-anbiyaa wa 'l-awliyaa wa man tabi`ahum bi ihsanin ila Yawmu 'd-Deen. Asaluka al-`afuw wa 'l-`afiyati wa 's-sitr fi 'd-dunya wal-akhirah. Yaa Rabbana ighfir warham wa anta arhamu'r-rahimeen wa akramul-akrameen. Thumma salaamu `alayk yaa Saahib az-Zamaan wa 's-salaam `ala `ibadillah as-saaliheen wa as-haab an nawba. yaa Awtaad, Ya Aqtaab, Yaa Nujabaa, yaa Nuqabaa, yaa Budalaa, yaa Akhyaar, yaa Akhtaab, zadakumullah `izzan wa sharafan wa haybatan wa waqaara! And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem.
(Mawlana Shaykh sits)

As-salaamu `alaykum, our Attenders! How you are reaching today, the end of your work? How is your business today, going up or coming down? Shari`atullah is never accepting to work with paper currency. If it circulates among people, never-ending problems and troubles will continue and cannot be stopped. There will be no solution for your economical crisis until you remove paper money and replace it with gold, silver, and copper (coins). Then, in forty days everything will come to its real position.

O our Attenders, from common people! That is for you. Yes, I know it is a Sunday and there is no work as it is a holiday. Therefore you are saying, "What we can say for Shaykh? Today is a holiday and we are not doing anything; it is an empty day." You know about empty days every week for dunya, but what about for your future, for your Next Life? These days will come back on the Day of Resurrection, seen by everyone, and angels will say to them, "You were in dunya, seeing if it was an empty day or a full day, but for what? For money, for richness? But you were never thinking about your Hereafter and in 24 hours what was your profit? Daily you thought about it, but you never thought about your last station, where you would be forever! So what was your profit? You were unhappy if your profits in dunya decreased, and so happy when your profit increased. But today you are looking at all your days in dunya and you will be ashamed, because you never thought of a heavenly profit!"

O our Attenders! What is that heedlessness from Mankind today? Why are you taking so much? You are so happy to reach limits, but you never ask what is your true aim for that day? That is a general view held by all Mankind, from east to west, thinking and desiring to reach a limit. If it decreases you are unhappy, but you don't ask, "What is our profit for the Next Life, the Eternal Life?" Is there no scale for you to think on it? This is a muwaqqat, temporary life, and you will be so sorry if you reach its limit, and no one knows if their life will finish tomorrow or not. But you are never taking any care for your permanent, Eternal Life! Why are you not looking, what is that heedlessness? Are you drunk? Some are drunk from alcohol, but others are drunk from thinking about this limited life's pleasures. Most of them are losing and they never gain.

O our Salafi `ulamas! Where are you (what is your position)? Allah Almighty is giving you `ilm, knowledge from the Holy Qur'an, so why are you not waking people up? Why are you not calling people to understand the realities of this life and the coming life? This life is temporary, and that one is permanent. Why are you not saying this? Make it clear, the ghaya, for what did the Lord of Heavens create Mankind? You must repeat this over and over again, daily. Fadhakkir! That is a holy command from Allah Almighty:

••••••••• •••••••• ••••• ••••••••• ••••••• ••••••••• •••••••••••••

Fadhakkir innamaa anta mudhdhakkir lasta `alayhim bi-musaytir. And so (O Prophet), remind them; your task is only to remind. You are not one to manage (men's) affairs. (88:21-22)

Where are your broadcasts? I am sorry to say that broadcast centers are only making music and amusement, making people dance. Why are you not taking this away? Your maqsad, purpose, behind these broadcasts is to make your dirty egos happy. There is no broadcast calling people to reality here and Hereafter! What is that? Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem!

Those are the wrong ways of those who claim, "We are Salafiyoon." Why are they not calling people? Why are Salafi and Wahhabi people running to western countries? Why are they not making their broadcast to reach from east to west? Why are they making hijrah, immigration, from Arabia and the Islamic world to western countries? What is the benefit? Particularly Salafi and Wahhabi people are running there, "We are doing da`wah, inviting people to Islam." How many people are you bringing to Islam through da`wah? How are you calling people to Islam? No, you are going to those countries for your nafs, and the Lord of Heavens knows! You may cheat people, but you cannot cheat your Creator, Allah Almighty!

We are judged by our niyyah, intention. Wahhabis and Salafis living in England, Paris, America, and in European countries must come back. For workers, there is a second position. But when people ask Wahabis and Salafis, "Why did you come to live in England?" you answer, "We are people of da`wah." Don't do da`wah there, you should come back! You are really there to enjoy freedoms, as everything is free there but not in Islamic countries. We know and all awliyaa know, also! Therefore, they are addressing me to say, "Leave da`wah there and come to your homelands and make broadcastings every 24 hours to bombard them." Why? They are not making me speak wrong things here, no. I am in an unknown place on the map, but they are making me call people from east to west, from north to south, to declare to them reality. There is no hope for me for dunya; I am not asking for dunya, no, it is finished. Everyone must prepare their coffin as they will be called on any day, or at any hour, "Finish your days in this temporary life and come to Me now, and say what you did for Me."

O Wahhabi People! Is it true? Use your mind and listen. You must accept the truth; if not, heavenly cursing will come on your heads and touch you! What is haraam, prohibited, in Islam is given freedom in western

countries. Then why are you going there? Do you really believe you are able to control your egos? No! Awliya know what you are doing there, but they are not disclosing it in public. Come to your countries and call people! Come to real Islam, real humanity, or real obedience for the Lord of Heavens, Who created us! If not, your names will be written under the list of liars and hypocrites, and heavenly lights are taken away mostly from those people! If you look at them, you would want to run away. They can't do anything because they are donkeys for their egos. May Allah forgive us.

O People! Try to understand, as the Seal of Prophets (s) was informed in the Holy Qur'an, fasta`eedhu billah: (Mawlana Shaykh stands)

•••••• ••••• •••••••••••••

Faqad jaa ashraatuhaa. But some of its Signs (of the Last Hour) have already come. (Muhammad, 47:18)

(Mawlana sits) O Salafi `ulamas! Do you understand? Allama tu sa'aa, Signs of the Last Day just arrived. Holy Qur'an said it fifteen centuries ago, so why you are not taking care? Why you are not making clear what are the Signs of Last Day? Why are you not saying? Leave everything and say to all, "O People! The Last Day, Yawm ul-Qiyamah is approaching and the Signs are this and this." why not saying? Where are you (what is your position)? Show me which broadcasting says, "O People! The Signs of Qiyamah began fifteen centuries ago." What about now, are you waiting to see the big Signs of Qiyamah?

••••• •••••• ••••••• •••••••••

Inna batsha rabbika la-shadeed. Truly strong is the Grip (and Power) of your Lord. (85:12)

O People! When the Last Hour comes, it is going to be difficult for people, because inna batsha rabbika la-shadeed, Allah Almighty's powerful punishment punch will come on people. Hear this warning and think on it before that heavenly punch comes on your heads, turning you to burnt bodies and dust! Take care! Those are Signs of the Day of Resurrection. May Allah forgive us and give us more understanding. Therefore, I am always attacking Salafi `ulamas about making themselves a distinguished group of learned people. What you are teaching people?

O Muslims! O Mankind! What are you doing for humanity? Where are those people to whom Allah Almighty granted wealth, power, and capability? Why they are making these important points to people, to make it

clear that they must not run so hurriedly on their destinations? They must be careful that their destinations are good; if not they will fall into bad destinations and no one can save themselves.

O People! We are attacking those who make themselves in special stations or who give themselves special titles, but they are not doing what they claim! They must say to Azhar ash-Shareef `ulamas and to "doctors" of Shari`ah. How are you doctors? What are the illnesses of people? What is dangerous to them? You are writing books, but who is going to read books? Sit down and warn people that we entered the Last Days!

O People! Take your care. If a train enters a tunnel, windows are quickly closed so nothing from outside will come inside the train. You must say at least to people, "Close (any windows to evil) and take care that evil will not touch you here and Hereafter." That is your most important mission!

May Allah forgive you, and me also. Stand for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

(33 minutes) May Allah forgive us. Yaa Rabbee, shukr. Shukr yaa Rabb. Forgive us. Shukran lillah.

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

## Living Beings Originate in Heavens

We are saying A`udhu billah min ash-shaytan ir-rajeem and Bismillahi 'r-Rahmani 'r-Raheem and asking from Holy Ones, Holy Support and saying Dastoor Ya RijaalAllah. O our Lord's Friends, ahbaab an-Nabi (s) friends of the Seal of Prophet they are no the way to be friends of Allah almighty. As-salaamu alaykum wa rahmatullahi wa barakutuh. Peace be upon you O mankind whom they are using their minds for good things. Some people they are using their minds and wills also on wrong way. And their minds going to be curumus, rotten, rotten. Rotten, "O people! Look and hear and listen and obey. Don't be rotten mind ones. That is important. People running to cure their illnesses. And they are building hundreds or thousands of hospitals for recovering their physical illnesses. But I never hearing that people are taking care for their minds' if it is rotten one rotten mind or not. People they are never taking any care for that point. They are saying, "O they are perfect mind person. We are perfect ones. We love everything. We can understand everything. We can do everything. We are not in need a guidance from heavens, particularly if you are saying, "O people! Take care for a guidance from heavens." They are saying, "No, no. We are not in need to take guide and his guideness. No. We are on this earth, we are patrons (bosses). We are masters. We are commanders. We are perfect ones. We are full-mind perfect-mind ones. We never need to take a guide from heavens or guidance."

That is wrong idea that covered now from east to west, from north to south. Everyone thinking they are in

perfection through themselves. No one accepting anyone to be over his level. They are saying, “Our level last level. We are not, we can’t carry over our levels to be even one person.” Yes, thousands people. Past time, that time dunya inhabitants on dunya they were like handful bi nisbet (by comparison) by comparison to our time, their time, they were only handful people. Therefore from beginning the Lord of heavens sending, as He promised to human nature, when He is sending them down to be on this planet.

I am asking sometimes, "O people you are occupying yourselves about space, about planets, about solar system, about galaxies. And you are looking through your telescopes. You are researching planets. For what you are keenly desiring to find a living creature on any planet? Up today no one reporting that they found a creature on Mars or on Venus or on Saturn or on Mercury or on Jupiter. No one reporting even nearest one, from our system, moon. They are keenly making a research on moon if they can find any living creature on it.

Yes, they said that they landed on moon. Maybe wrong. Maybe true. Leave that discussion. But they said, that they landed on moon, face. Face on moon and going around looking a sign from a living one. From plants or from animals or from mankind. Do you think that they found any isharet, sign, of life? Never!

Yes stupid. Now leave that come and look where you are living. You are saying that we are living on a planet. We are looking from far distance a sphere. Sphere. We are looking from a distance, it is only a globe turning and running. Jumping and dancing. Time by time our globe dancing also, Nabeel you know? Huh? Yes. They may say, “our planet, time by time, jumping, time by time and dancing; time by time making zigzags. They may say. And I am asking, “If our planet is dancing must be someone singing for it so that it must dance.”

Yes!? Because without music no one standing up and jumping and dancing. Must be two of them, same time. I am asking, I ask some professor that he was very very serious professor. Looking like this. “O professor, I have a question.” “Yes sir what is your question?” “Do you think that our planet running?” He s aid, “yes.” “if it is running, it may jump?” “Maybe jumping.” “What is the sign of jumping?” “The sign of jumping is sometimes going to be earthquakes, that signing that our planet, sometimes jumping up.” “Yes, ok, do you think that our planet...eeey, hearing and jumping hearing and jumping after jumping, jumping there is a dancing?” “Yes, maybe, maybe our planet also may dance.” “Yes, thank you.” “Are you dancing?” “Once upon a time I was dancing, not now. I am dancing no, when I was young one I was dancing.” “You are dancing without music?” “No, no, no can’t be. Man can dance by music. Music coming, going, then we are dancing.”

(Mawlana singing):

If we are full drunk ones
And when we are drunk ones,
We may sing,
We may dance
Ok.

“What do you think you are saying our planet dancing, I am asking to you as you are saying ‘I am authority for heavenly for space, for astronomy,’ how, what is your opinion, our sphere dancing without singing?”

“Oooh? Singing?” “Yes, singing. Without singing you can’t dance. You are hearing singing?” “I am not hearing but if anyone dancing must hear singing, then he can ask to dance. Therefore our globe if dancing because it jumping must be a singing for it. And what do you think for our globe it may hear, hearing heavenly singing? Why you are not accepting that? Why you are not accepting that there is singing through space? Must be singing and that singing it is heavenly singing. Heavenly singing belongs to the Lord of heavens who created heavens that heavens they ar singing and their singing is heavenly singings. Not like your singings. You are going to sing when you are going to be drunk, but our globe, it is not drunk. It is knowing about the Lord of heavens and that nashaat, enjoyment coming to our sphere and singing and dancing and his singing is not like singing. Its singing is to say “praise and Glory be on You, "O my Creator! From pre-eternal up to eternal, You are the Only One Who is Praised and Glorified and Majestic One Who His Dominions (n)ever-ending from pre-eternal up to eternal.”

Our globe is drunk but not drinking dirty waters of Satan. Its, its singing from Divinely drinks, making it to be drunk for the love of its Creator, for the love and respect of its Creator, "O people! now it is going to be preface. There is something else. I am asking, “You are looking everywhere to find some living ones on planets. Because they can’t reach beyond planets. It is impossible to get out from solar system. Impossible, even inside, but they are trying to find some creation on planets. They never finding. And the prophets whom they have been sent by the Lord of heavens, by the Lord of Creation, they ar asking to find some new creatures but it is impossible. But we are on this planet. And through holy books and through holy declarations through holy knowledge that granted someone’s on this planet, signing and saying and

informing and teaching living ones and saying to them “O living ones on this planet! You are not in existence on this planet. Your existence coming out of this planet. Therefore there is so many wrong things that so many religious or religions or religious people they are not bringing reality to say to people “they are saying that Adam and Eve was created on this planet.” No. That is wrong, wrong understanding and wrong declaration. Who living now on this planet its commander whom they have been sent on it they have been created through heavens and then they have been landed non this planet. Therefore our creation on earth man, their landed from heavens on this planet. No one crated on this planet. No, only they are coming from heavens and if you are saying objecting on it, what about mankind and their dhurriyah, offspring (generation) what about? Yes. They went their mom’s getting pregnant, no life. No life. But they are when the Lord of heavens asking to create a new one on this planet sending that one’s soul from heavens, coming. Nothing going to be in life by itself on any planet. Coming from up. From heavens.

Yes. And they are speaking on a very important point that people they are getting wrong ideas and they are not trusting heavenly declarations and they are trying to make a solution for everything on this planet without asking any yardim, aid help, from heavens. They can’t do. Every solution for everything on this planet going to be solved heavenly orders. That is biggest wrong that people thinking that they bring for everything a solution but they are 100% wrong ones. Everything is going to be on its real majra, channel, through heavenly orders. If no heavenly orders, no raining. No plants, no animals. No oceans. No waters. Everything by the Order of the Lord of heavens. O people! You are on wrong way now. You are making a way heavenly powers, you are trying to make it to be forgotten. Everything that -sen garistinme- everything on earth, every happening must be in, must be related through heavenly orders. And people, professors, doctors, specialists, scientist they ar on wrong way asking to make everything from earth to earth. No there is a unbroken silah, connection through our planet and heavens. And our planet never moving without a new order from heavens but Shaytaanic teachings trying to cut off people’s relation from heavens and that is the sources of every cursing just happening and should happen in future. Therefore o people! you must try to change your minds. You must try to understand what we are saying, it is something from holy books. You are reading holy books like a fairy tale books, haasha. You must understand therefore Allah almighty saying fas’al bih khabeera, the lord of heavens saying if you are not understanding anything you must ask from such a people that they should be very rare, like rubies, they are also very rare if you are asking to understand something. The secrets of this planet and its connection with heavens and may Allah forgive us and give us a

good understanding.

Leave shaytaan and don't follow its nonsense ideas, come and follow real knowledge from prophet's inheritors. That they reached, their knowledge reaching to heavens.

May Allah forgives us, Fatiha.

"who am i?" first question and 2nd question "to where I am going?" bring answers through your knowledge if you are not in need of heavenly knowledge, answer to me as I am saying to myself, "Who am i?" and second, "where I am going? ## Living Simply

Mankind is one extended family. We are all related, and, therefore, we share many characteristics, among them a great spiritual power hidden within our being. But our five senses carry us away from ourselves and ensure that we are constantly engaged in our surroundings. As long as we are the slaves of our senses they will draw us into the perpetual pursuit of insatiable sensual desires, and as long as we follow their dictates we cannot gain control of that spiritual power within us.

Because of this tendency, it is essential that anyone seeking to return to himself take his first step on the way of truth by decreasing his desires, by seeking to live an uncomplicated life. We are by nature vain and like to indulge in a lot of self--adornment. If people had the financial means, they would wear a new suit of clothes every few hours. In the old days, most people owned perhaps twenty suits of clothes through the course of their lives. Nowadays, it would be impossible for one to be satisfied even with twenty garments at any particular time in his life. The modern economic system of the West is based on quick production and quick consumption, and that is the epitome of foolishness. Because of the universal predominance of such a system, people in industrialised countries tire quickly and die of weariness and - lifestyle related diseases. The race to produce and consume consumes people, it Is a heavy burden on their shoulders.

Therefore, whoever seeks a happy life and spiritual improvement must do as sailors do when a ship is

overloaded and in danger going down in a storm they throw off the ballast. If you like you may heed warnings: be wise and move step by step towards simplicity. Don't pursue fashion.

## Look Not To The Faults Of Others / How To Become Free Of Bad Character

Our Grandshaykh is saying - his every advice is like ammo for guns, given to you to use against the enemy. But you are only taking them and making a stash. We are giving them to you for shooting; that is our intention. We are giving you shells for every range, some for nearby and some for the other side of the mountain. Yet our Grandshaykh is saying: "I can't find anyone to keep my advices." I hope you may keep his advice.

Our Grandshaykh is asking, what is that which Allah and his Prophet don't like? You must know, and when knowing, keep far away from it. He answers that it is to look after a person's faults. Allah has prohibited this. It is a big sin and the worst action a person can make. You also have faults- -everyone has so many- -and you have a responsibility for those faults in the Divine Presence. So why are you looking at the faults of others; you must eliminate your own. When one is looking to the faults of another, the respect we have for him or her in our heart disappears, and the love toward that person is extinguished. Therefore, it is prohibited. Everyone has so many faults, that if we were looking at them, all would become enemies to one another. It causes separation of the Community and then comes Satan to capture us. Sufism calls for such actions as bring love and strong relations between people, to protect from badness and give power to faith. Therefore, we are ordered to worship together, so that our faith will grow stronger.

Our Grandshaykh says we must be careful that Satan does not make our worship unacceptable. It is unacceptable when we are asking for any rewards. We must ask for our Lord's pleasure only. When all the ego's desires are finished, then one is a servant of the Lord. To look for some reward for worshipping is like idol worship, it is a secret form of polytheism. Sincerity is to ask only your Lord's service. So many people are worshipping and then doing what their ego demands. This means that they are servants of Allah and of Satan. It is a dangerous way. Until we become clean of bad character we can't be free of Satan, this world, our egos, and vain desires. Until you become fully aware for each you make with your foot, whether that step is on the right way or the wrong way, you remain in need of alignment in your heart. You must know and be awake to where you are putting your foot. One second's heedlessness may be cause a dangerous accident. Therefore, we are always in need to repeat the word of Testification, to put us on the right way. Until we become free of bad character, we cannot attain to real faith; and without real faith, then there is no real life, the life that is forever. Whoever realizes real faith in this world will live on in the tomb, his body not turning to dust. That is a sign from God that he or she has reached true life.

How is it possible to save ourselves from bad character? A bad charecteristic is pride. Satan was thrown out of the Divine Presence for his pride. If a person is not humble enough to accept another to teach him lessons, he is proud. You must have a Sufi Teacher to show you how to apply the Divine Ordinances to yourself. He learned from his Shaykh how to use Shariah on himself. There can be no surgeon who hasn't witnessed a surgery performed, but learned only from books.

Dastur Ya Sayyidi La Ilaha il'Allah La Ilaha il'Allah La Ilaha il'Allah Sayyidina wa Nabiyyuna Muhammadun Rasulullah (sas) alfu salat alfu salam alayka wa ashabatika Ya Khayri'l Khalqillahi ishfa'lana Ya Sayyidi Ya Rasulullah

Assalamu alaikum May Allah almighty grant us from His endless Mercy Oceans even a little bit as an atom or less from His endless blessing. We are in need of His forgiveness and we are in need of His blessing. O people, assalamu alaykum. Say always, assalamu alaykum if you are asking to be in safety here and Hereafter. Say assalamu alaykum. And, second one must say, Wa alaykum assalam wa rahmatullahi wa barakatuhu, masha Allah, masha Allah, masha Allah.

That teaching from the Seal of Prophets (sas) for people, is enough to save them to save them from every misery and problem and troubles. Enough. No need for anything else, to say 'Assalamu alaikum' 'wa alaykum assalam wa rahamtullahi wa barakatuhu' ...coming down, but people now, are like rocks, senseless. Not perhaps, but really a rock is more sensible than mankind living now.

By signalling, Rasulullahi salawatullah wa salamu alayk, (a rock) running to him and giving salat, glorifying Rasul (sas).

We are mankind - we are just finished now in our time. Our level coming down more than animal's level and under it plants' level and under it is going to be rocks' level. We are just under and coming more deep, coming down. Dastur Ya Sayyidi, Sultan al Awliya We know nothing, you may teach us. You may teach all nations our life line from heavens to earth. This coming from heavens, no life on this earth. Our master, the Pole, through that one coming life for everything, on this planet, the world. And we are saying, assalamu alaykum Ya Sayyidi, Ya Qutb al Mutasarrif, Ya Qutb al Aqtab. Support us with some power to make people a little bit, to... to move a little bit. I heard sometimes a person when he is just passing doctors coming and making like this, that person passed away. 'What are you doing?' 'We are giving such a thing perhaps he may

stand up.' A man to a man, he hopes that this action brings his life back. Can't be! And we are asking from our Grandmaster, O our Grandmaster, a little bit we are asking something from heavenly action a little bit like this, to work a little bit our hearts to awaken, to stand up, to look, to know, to understand and to act! To know who is that one! You are a shape we have a body, and through Awliya's knowledge that everyone has 360 organs - in everyone's body. Please, O our master, make our organs to move a little bit to understand something that is wrong with ourselves. To be arranged what is wrong, we must change it, and we may look at what is coming, what is going, what is happening?

And we are saying 'Yes, our Grandmaster saying, 'If you like, to make your organs for working, or to come in action, the Lord of Heavens said to you that you may say 'Bismillah ar-Rahman ar-Rahim.' That is the key! That is the key, from beginning up to end, for Creation. Bismillah ar-Rahman ar-Rahim is the key to come into existence. Yes. Allah almighty, He first created Lawh. What is Lawh? The Preserved Tablet. Empty. Then creating the Qalam (Pen) that wrote on the Preserved Tablet. And the Qalam stood up and made sajdah, and said, 'O our Lord, O my Lord, what thing I am going to write?' The Lord of

Heavens, the Creator, said, "Write, 'Bismillah ar-Rahman ar-Rahim.'" Bismillah ar-Rahman ar-Rahim. Allah, Allah. And according to heavenly knowledges that is well known among holy people, Holy ones are knowing this, that it is happening.

O our listeners, don't think that that order just finished, never-ending. When it had been said, when this happened? Preserved Tablet, which one? Which one? O our Salafi ulama what is your opinion on that point? Allah almighty has only one Qalam? What is Allah almighty saying through Holy Quran? Bismillah ar-Rahman ar-Rahim Nun. By the Pen and by what they (the angels) write. (68:1) This finishing? That finishing? Nun. Say? What you are understanding? Salafi ulamas, what is the meaning of 'Nun'? Allah Allah, Allah Allah. Nun....

Qalami wal qalami wa ma yasturuna I don't know what is 'Nun.' They are not saying now, I am not knowing and I haven't order to say so many secrets to everyone. Because their understanding level is on deepest point. Deepest position. Nun - highest position. Nun, on the last level one, can't understand that meaning. And we are now, O Salafi ulamas, I must look at them keenly, to see them, yes... they are so... some of you very happy, some of you very angry, some of you most astonished, some of you their mind becomes narrow but they are not so many.. ahh... handful people, doesn't matter. Enough I look to them. Nun, Nun. Allah Allah.

Those who are living people, or living beings on earth they are looking to sheep to goats and cows. You

ever see one of them looking up? Hmm? All of them looking, 'Where is grass'? Running and eating, and saying 'O cow, O ox, look up a little bit.' 'I don't care, my care is only for what I am eating, If I am looking up, I am not finding grass there. I am busy for my feast from early morning to late night-time. I am busy and sometimes I am eating too much and sitting like this and someone coming to me and saying, 'O our ox brother, why you are not looking up? And I am saying, no, I am busy, I am busy, I am busy, no time for me to look up.' Its importance only is to eat grass and sitting and then... Chewing, Yaah yaah! If saying, 'O my ox brother,' it may say, 'Who are you!? Calling me brother, I am not your brother. Go away. go away, you 2 legs, I am 4 legs, I am not accepting you as my brother or my friend. Go away! Yes, because I am busy with my importance now, and you are coming to prevent me to do my work, my importance here. Go away.' Subhanallah, awliyas are bringing something just suitable to what is happening. Now, all people living on this planet, dunya - what are you doing??

O people, look up! How are you coming here and saying to look up, and we are busy with technology. They are thinking on it to find new instruments to make every part of our body to be young one. Young one, you can find yourself under graveyard. What is importance of living ones among mankind on this planet through 2010? Any importance, you listeners? Salafi ulamas or khalafi ulamas? Women or men, boys or girls. You are leaving the high level that you have been granted from your Lord coming down and getting so pleased enjoying yourself to be on the level of animals. Big blame on mankind now. Big blame. Leaving a high position top level that you have been granted, granted a throne and you are leaving it and saying, 'We are not understanding that high level, we are happy to be on lowest level. Now peoples' understanding on that level. They are going eating, drinking and dancing.

'O my darling, O my darling, (looking for the lense) in the box O my darling, I think you know there is beautiful music stand up for dancing. O my darling I can't stand up, What do you think of yourself? I also can't, but, that music is making me to... sway-shake for dancing, O my darling. Falling down, both of them. Now people, that is their importance. They must eat, drink and play. Nothing else. Their level, level of animals. Blame to mankind, blame to humanity now living on this planet, and they are saying 'We reached the last, highest level of civilization.' This is your civilization? Whoever imitates a people is like them.

O Salafi ulamas, what you are saying? This hadith, correct or not? Sahih – “man tashabbah biqawmin fa huwa minhum”Whoever is making himself like anyone from men or from women or animals, their names are going to be taken away from the list of Human Nature and just put under the list of animals. They are saying, 'We reached the top point of civilization.' All of you who are saying this are liars! Hadith: man tashabah

biqawmin fa huwa minhum Whoever makes himself look as an animal is going to be from them. Your only pleasure, you are only interested in eating, drinking, dancing. 21st century people never taking any care for their real being, they are occupied with their physical being, it is like an animal belongs to animals' world. That is their pleasure. How those people can understand what they are going to say? That Bismillah ar-Rahman ar-Rahim written, written. And we are asking how many times just written, just happened? It has a beginning or it has an ending beginning and ending everything that belongs to the Lord of Heavens. Must be - no one knows it's beginning, no one knows it's ending.

Don't think that that order from the Lord of Heavens for Qalam, If He has only one Qalam, astaghfirullah, we have so many qalams here. Hmm? And He has one Qalam? We have... hundreds of qalams, and He has only one qalam? How can it be? Make your understanding wider, don't, La Sharika Lah La Shabih wa La Sharik, (no likeness, no partner) for Allah. You have so many qalams, Allah almighty has only one qalam? Try to understand something from your Lord's attributes. Attributes, attributes. Allahu Akbar, Allahu Akbar. Written on it and through holy books, just mentioned, Bismillah ar-Rahman ar-Rahim and in every moment or every second of time, how many Qalams just the Lord of Heavens is creating? How many Preserved Tablets is He creating? How many times is His Holy Order coming to that Qalam only from one that is reaching to us. Allah almighty created Preserved Tablet and creating that Holy Pen And Qalam ordering, asking, Pen, 'O my Lord what am I going to write?' And the Holy Order coming and saying, Write, Bismillah ar-Rahman ar-Rahim. Bismillah ar-Rahman ar-Rahim Bismillah ar-Rahman ar-Rahim Bismillah ar-Rahman ar-Rahim. Allah Allah, Allahu Akbar. Nun, Nun, therefore making me those Grand ones to ask Salafi ulamas, what does it mean, Nun? wal qalami wa ma yasturuna Say, how many books you can write from it's meanings? Can you say? You can't say! So you must not claim that you are scholars - Salafi ulamas - no! Take it away and say we are talib, students, students asking to know. Don't make real knowledge only for you. You are never knowing anything from real knowledge that was granted to Prophets and their inheritors. They are ulama, Allah almighty says for them: It is only those who have knowledge among His slaves that fear Allah (35:28) Do you think you are from those ulama that Allah almighty is mentioning? You can't claim this. Say?! You are ulamas, say!

Nun, wal qalami ma yasturun yasturun, In Arabic language points to you understand, yushir dawam, continuous, everything continuous... wa ma yasturun... O people, come and listen and if you know something to say we may accept it, we may be happy to learn more and more from heavenly knowledge We are not

asking from you some knowledge about this world, no. We were just landed here and were ordered to look, 'Look up, what are you looking and seeing?' You know their names? You know the name of your world, dunya? Without names, billions of galaxies you are seeing. Millions of stars you are seeing, name one of them, what is their name? You are saying Jupiter, Mars, Saturn... 7 planets. Others?

No name? They have names. alpha 4, alpha 40, alpha, beta, theta, from Greek language, Greek alphabetic letters. That is not name. Without name there can't be anything. Everything has a name that name also leading you to the original spring, that spring is endless.

O people, don't play! Distinguish between yourselves and animals, to reach high levels and high honours, in your Lord's Divine Presence. You are not coming here for enjoying your egos you are coming here to do your best When you are doing your best for your Lord, that takes you up, and up, and up, endlessly. O people, come and listen and say, Bismillah ar-Rahman ar-Rahim. That is our sword against shaytan who is trying to make people to lose their real direction.

They have been directed and ordered to go on it, to go, and to look, and to see, and to understand, Oooo... That is pleasure, endless pleasure for you endless happiness, endless glorifying comes to you. But people following shaytan now and they fall down because all of them saying, 'I don't care.' If you are not taking care, who is going to take care for this life? And you are commanders of the whole world and all creatures on it. Why you are not trying to learn? Any university, any high school, any college you know to teach people about spirituality? About heavenly beings on this world? And above, on that world also, through heavens. May Allah forgive us.

O people, We are saying audhu Billahi min al shaytan al rajim He was saying always, audhu Billahi min al shaytan al-rajim that giving us shaytan's darkness and Bismillah ar-Rahman ar-Rahim carrying people to enlightened worlds here and Hereafter. May Allah forgive us for the honour of His most honoured one, Sayyidina Muhammad (sas) Fatiha.

Dastur ya Sayyidi. La ilaha illa Allah, La ilaha illa Allah, La ilaha illa Allah, Sayyidina wa Nabiyyuna Muhammadun Rasulullah (saws), Alfu Salat Alfu Salam alayka wa ashabatika. Ya Khayri l-Khalqillahi ishfa'lana, Ya Sayyidi, ya Rasulullah. As-salamu alaykum, möge Allah der Allmächtige uns von Seinen

unendlichen Gnadenozeanen auch nur ein kleines Stück wie ein Atom oder weniger von Seinen unendlichen Segnungen gewähren. Wir brauchen Seine Vergebung, und wir brauchen Seinen Segen. Ihr Leute, as-salamu alaykum. Sagt immer "As-salamu alaykum", wenn ihr in Sicherheit sein wollt hier und im Jenseits. Sagt: As-salamu alaykum. Und der zweite muß sagen: Wa alaykum as-Salam wa Rahmatullahi wa Barakatuhu. MashAllah, mashAllah, mashAllah. Diese Lehre vom Siegel der Propheten (saws) für die Leute ist genug, um sie zu retten, um sie vor jedem Elend und Problem und Schwierigkeiten zu erretten. Genug, keine Notwendigkeit für etwas anderes, zu sagen: As-salamu alaykum, wa alaykum as-Salam wa Rahmatullahi wa Barakatuhu... Es kommt herab. Aber die Leute sind jetzt wie Felsen, ohne Gefühle. Tatsächlich ist ein Felsen sensibler als die Menschen, die heute leben. Durch ein Zeichen von Rasulullahi Salawatullah wa Salamu alayk kam ein Fels zu ihm gelaufen und gab Grüße und pries Rasul (saws). Wir sind Menschen, wir kommen gerade zu einem Ende unserer Zeit. Unsere Stufe ist tiefer als die Stufe der Tiere und unter der Stufe der Pflanzen. Und unter der Stufe der Felsen. Wir sind so tief gesunken und fallen immer tiefer und tiefer. Dastur ya Sayyidi, Sultan al Awliya, wir wissen nichts, du kannst uns lehren. Du kannst alle Nationen unsere Lebenslinie von den Himmeln zur Erde lehren. Das kommt von den Himmeln, kein Leben auf dieser Erde. Unser Meister, der Pol, durch diesen kommt Leben für alles auf diesem Planeten, auf der Erde.
Und wir sagen: As-salamu alaykum, ya Sayyidi, ya Qutb al Mutasarrif, ya Qutb al Aqtab. Unterstütze uns mit etwas Macht, um die Leute ein wenig in Bewegung zu bringen. Ich hörte, daß manchmal jemand, wenn einer gerade im Sterben liegt, daß der Doktor kommt und so macht zu demjenigen, der gerade gestorben ist. "Was machst du?" "Wir geben ihm so etwas, vielleicht steht er wieder auf." Ein Mensch einem Menschen. Er hofft, daß diese Handlung sein Leben zurückbringt. Das kann nicht sein! Und wir bitten unseren Großmeister: O unser Großmeister, wir bitten um ein wenig himmlische Tat, ein wenig unsere Herzen zu bearbeiten, sie zu erwecken, aufzustehen, zu schauen, zu wissen, zu verstehen und zu handeln. Zu wissen, wer dieser ist! Du bist eine Form, wir haben einen Körper, und durch das Wissen der Awliya, daß jeder 360 Organe hat - in jedermans Körper. Bitte, unser Meister, mach, daß unsere Organe sich ein wenig bewegen, um etwas zu verstehen, das falsch mit uns ist. Damit was falsch ist, geregelt wird. Wir müssen es verändern, und wir können uns ansehen, was kommt, was geht, was geschieht. Und wir sagen: Ja. Unser Großmeister sagt: Wenn ihr wollt, daß euere Organe arbeiten oder in Aktion treten, hat der Herr der Himmel euch gesagt, daß ihr sagen sollt: 'Bismillahi r-Rahmani r-Rahim'. Das ist der Schlüssel! Das ist der Schlüssel von Anfang an bis zum Ende für die Schöpfung. Bismillahi r-Rahmani r-Rahim ist der Schlüssel, um in die Existenz zu kommen. Ja.

Allah der Allmächtige erschuf zuerst Lawh. Was ist Lawh? Die Wohlverwahrte Tafel. Leer. Dann erschuf Er Qalam, das Schreibrohr, das auf der Wohlverwahrten Tafel schrieb. Und der Qalam stand auf und machte Sajdah, und sagte: 'O unser Herr, o mein Herr, was werde ich schreiben?' Der Herr der Himmel, der Schöpfer sagte: "Schreib 'Bismillahi r-Rahmani r-Rahim'" Bismillahi r-Rahmani r-Rahim. Allah Allah. Und in Übereinstimmung mit dem himmlischen Wissen ist das wohlbekannt unter den Heiligen. Die Heiligen wissen das, daß es geschieht. Unsere Zuhörer, glaubt nicht, daß dieser Befehl schon geendet hat. Er ist unendlich. Als es gesagt worden ist, wann geschah es? Die Wohlverwahrte Tafel, welche? Welche? Ihr Salafi Ulama, was ist euere Meinung zu diesem Punkt? Allah der Allmächtige hat nur einen Qalam? Was sagt Allah der Allmächtige im Heiligen Qur'an? Bismillahi r-Rahmani r-Rahim. Nun. Beim Schreibrohr und dem, was sie (die Engel) niederschreiben. (68:1) Endet das? Endet jenes? Nun. Sagt! Was versteht ihr? Salafi Ulama, was ist die Bedeutung von 'Nun'? Allah Allah. Allah Allah. Nuunn.... Qalami wal qalami wa ma yasturuuna. Ich weiß nicht, was 'Nun' ist. Sie sagen jetzt nicht, ich weiß nicht, und ich habe keinen Befehl, jedem so viele Geheimnisse zu sagen. Weil ihre Stufe des Verstehens am Tiefpunkt ist. Auf der tiefsten Position. 'Nun' - die höchste Position. 'Nun', der auf der letzten Stufe kann diese Bedeutung nicht verstehen. Und wir sind jetzt, Salafi Ulama, ich muß sie scharf angucken, um sie zu sehen, ja... Sie sind so... einige von euch sind sehr glücklich, einige von euch sind sehr böse, einige von euch sind höchst erstaunt, bei einigen von euch verengt sich der Verstand, aber sie sind nicht so viele...ahh... eine Handvoll Leute, das macht nichts. Es genügt, daß ich sie angucke. Nun, Nun... Allah Allah.

Die lebende Menschen oder Lebewesen auf der Erde gucken auf Schafe, auf Ziegen und Kühe. Habt ihr jemals einen von ihnen hochgucken sehen? Hmm? Sie alle gucken: "Wo ist Gras?" Sie laufen und essen und sagen: O Kuh, o Ochse, guckt ein wenig in die Höhe.' 'Das kümmert mich nicht. Mich kümmert nur, was ich esse. Wenn ich hochgucke, finde ich doch dort kein Gras. Ich bin mit meinem Festschmaus beschäftigt vom frühen Morgen bis spät in die Nacht. Ich bin beschäftigt und manchmal esse ich zu viel, und ich sitze so, und jemand kommt zu mir und sagt: 'O Bruder Ochse, warum guckst du nicht in die Höhe?' Und ich sage: 'Nein, ich bin beschäftigt, ich bin beschäftigt, ich bin beschäftigt, ich habe keine Zeit, in die Höhe zu gucken.' Das Wichtigste für ihn ist nur Gras zu essen und zu sitzen und dann zu kauen. Yaah Yaah! Wenn du sagst: O Bruder Ochse! könnte er sagen: 'Wer bist du, mich Bruder zu nennen? Ich bin nicht dein Bruder. Geh weg. Geh weg! Du hast 2 Beine, ich habe 4 Beine. Ich erkenne dich nicht als Bruder oder Freund an. Geh weg! Ja, weil ich jetzt mit Wichtigerem beschäftigt bin, und du kommst, um mich von meiner Arbeit abzuhalten, meiner wichtigen hier. Geh weg!' SubhanAllah, Awliya bringen etwas Passendes für was jetzt geschieht.

Alle Leute, die jetzt auf diesem Planeten Dunya leben, was machen sie? Ihr Leute, guckt in die Höhe! Wie kommt ihr hierher und sagt uns, in die Höhe zu gucken, und wir sind beschäftigt mit Technologie. Sie denken darüber nach, neue Instrumente zu erfinden, um jeden Teil unseres Körpers wieder jung werden zu lassen. Du Junger, du könntest dich auf dem Friedhof wiederfinden.
Was ist das Wichtige für die Lebenden der Menschheit auf diesem Planeten 2010? Etwas von Wichtigkeit, ihr Zuhörer? Salafi Ulama oder Khalafi Ulama? Frauen oder Männer, Jungen oder Mädchen. Ihr verlaßt die hohe Stufe, die euch von euerem Herrn gewährt wurde und kommt herunter und freut euch und genießt es, auf der Stufe der Tiere zu sein. Ein großer Vorwurf für die Menschheit jetzt. Ein großer Vorwurf. Die hohe Position zu verlassen, die Spitzenstufe, die euch gewährt wurde, ein Thron, der euch gewährt wurde, und ihr verlaßt ihn und sagt: 'Wir verstehen diese hohe Stufe nicht, wir sind glücklich, auf der untersten Stufe zu sein. Jetzt ist das Verständnis der Leute auf diesem Niveau. Sie essen, trinken und tanzen. 'O mein Liebling, o mein Liebling, in diesem Kasten, o mein Liebling, ich glaube, du weißt, es gibt wunderschöne Musik, steh auf zum Tanzen. O mein Liebling, ich kann nicht aufstehen. Was denkst du von dir selbst? Ich kann auch nicht, aber diese Muslik macht mich... wiegen, schütteln im Tanz, o mein Liebling. Sie fallen hin, alle beide. Jetzt ist das für die Leute von Wichtigkeit. Sie müssen essen, trinken und spielen. Sonst nichts. Ihre Stufe ist die Stufe der Tiere. Vorwurf an die Menschheit, Vorwurf an die Menschen, die jetzt auf diesem Planeten leben. Und sie sagen: Wir haben den Höhepunkt der Zivilisation erreicht. Ist das euere Zivilisation? Wer immer ein Volk nachahmt, ist wie sie. O Salafi Ulama, was sagt ihr? Dieser Hadith ist korrekt oder nicht? Sahih - Man tashshabbah biqawmin fahuwa minhum. Wer immer sich selbst zu irgenjemand macht von Männern, Frauen oder Tieren, deren Namen werden von der Liste der Menschen entfernt und auf die Liste der Tiere gesetzt. Sie sagen: Wir haben den Höhepunkt der Zivilisation erreicht. Alle von euch, die das sagen, sind Lügner! Hadith: Man tashshabah biqawmin fa huwa minhum. Wer immer wie ein Tier erscheint, gehört zu ihnen. Euer einziges Vergnügen, ihr seid nur interessiert am Essen, Trinken und Tanzen. Die Leute des 21. Jahrhunderts kümmern sich nicht um ihr wirkliches Sein, sie sind mit ihrem körperlichen Sein beschäftigt, es ist wie ein Tier, das zur Tierwelt gehört. Das ist ihr Vergnügen.
Wie können diese Leute verstehen, was sie sagen? Daß Bismillahi r-Rahmani r-Rahim geschrieben ist, geschrieben. Und wir fragen, wieviel mal geschrieben, geschehen? Es hat einen Anfang und ein Ende. Anfang und Ende von allem, das zum Herrn der Himmel gehört. Das muß so sein - niemand kennt den Anfang und niemand kennt das Ende. Glaubt nicht, daß dieser Befehl vom Herrn der Himmel für Qalam, wenn Er nur einen Qalam hat, Astaghfirullah! Wir haben so viele Qalams hier. Hmm? Und Er hat einen Qalam? Wir

haben... hunderte von Qalams, und Er hat nur einen Qalam? Wie kann das sein? Macht euer Verständnis weiter, la shariika lah la shabiih wa la shariik, (keine Ähnlichkeit, kein Partner) für Allah. Ihr habt so viele Qalams, Allah der Allmächtige hat nur einen Qalam? Versucht, etwas zu verstehen von den Attributen eueres Herrn. Attribute, Attribute. Allahu Akbar, Allahu Akbar. Darauf geschrieben und in den Heiligen Büchern erwähnt. Bismillahi r-Rahmani r-Rahim. Und in jedem Moment oder jeder Sekunde der Zeit, wieviele Qalams erschafft der Herr der Himmel? Wieviele Wohlverwahrte Tafeln erschafft Er? Wieviele Male kommt Sein Heiliger Befehl zu diesem Qalam? Nur von einem, der uns erreicht. Allah der Allmächtige hat die Wohlverwahrte Tafel erschaffen und das Heilige Schreibrohr, Qalam, und es fragte: 'O mein Herr, was schreibe ich?' Und der Heilige
Befehl kam und sagte: Schreib: Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Allah Allah, Allahu Akbar.
Nun, Nun, deshalb heißen mich diese Großen, die Salafi Ulama fragen, was bedeutet Nun? Wal qalami wa ma yasturuuna. Sag, wieviele Bücher kannst du über seine Bedeutung schreiben? Kannst du das sagen? Du kannst es nicht sagen! Also dürft ihr nicht behaupten, Gelehrte zu sein. Salafi Ulama, nein! Nehmt das zurück und sagt, wir sind Talib, Studenten, Studenten, die jetzt fragen. Reklamiert das wirkliche Wissen nicht nur für euch. Ihr wißt überhaupt nichts vom wirklichen Wissen, das den Propheten und ihren Erben gewährt wurde. Sie sind Ulama, Allah der Allmächtige sagt über sie: Es sind nur diejenigen, die Wissen haben unter Seinen Sklaven, die Allah fürchten. (35:28) Glaubt ihr, zu diesen Ulama zu gehören, die Allah der Allmächtige erwähnt? Ihr könnt das nicht behaupten. Sagt! Ihr seid Ulama, sprecht! Nun, wal qalami ma yasturuun, yasturuun. In der arabischen Sprache: yushir, ihr versteht, yushir dawam, ununterbrochen, alles ununterbrochen... wa ma yasturuun. Ihr Leute, kommt und hört zu, und wenn ihr etwas zu sagen wißt, könnten wir es anerkennen. Wir könnten glücklich sein, immer mehr zu lernen vom himmlischen Wissen. Wir wollen von euch kein Wissen über diese Welt. Nein. Wir sind gerade hier gelandet, und uns wurde befohlen zu gucken: Guckt in die Höhe. Was seht ihr? Kennt ihr ihre Namen? Kennt ihr den Namen euerer Welt, Dunya? Ohne Namen, Billionen von Galaxien, die ihr seht. Millionen von Sternen, die ihr seht. Benennt einen von ihnen. Wie heißen sie? Ihr sagt: Jupiter, Mars, Saturn... 7 Planeten. Andere? Keine Namen? Sie haben Namen. Alpha 4, Alpha 40, Alpha, Beta, Theta, aus der griechischen Sprache, Buchstaben des griechischen Alphabets. Das ist kein Name. Ohne Namen kann es nichts geben. Alles hat einen Namen. Dieser Name führt dich auch zu der ursprünglichen Quelle. Diese Quelle ist unendlich.
Ihr Leute, spielt nicht. Unterscheidet zwischen euch und Tieren, damit ihr hohe Stufen erreicht und hohe

Ehren in der Göttlichen Gegenwart eueres Herrn. Ihr kommt nicht hierher, um euere Egos zu genießen. Ihr kommt hierher, um euer bestes zu tun. Wenn ihr das beste für eueren Herrn tut, erhebt euch das hoch und hoch und hoch, ohne Ende. Ihr Leute, kommt und hört und sagt: Bismillahi r-Rahmani r-Rahim. Das ist unser Schwert gegen Shaytan, der versucht zu erreichen, daß die Leute ihre wirkliche Richtung verlieren. Sie sind darauf gerichtet worden und ihnen wurde befohlen, auf ihr zu gehen, zu gehen und zu gucken und zu sehen und zu verstehen. Ooooo... Das ist Wohlbefinden, unendliches Wohlbefinden für euch, unendliches Glücklichsein,
unendlicher Lobpreis kommt zu euch. Aber die Leute folgen jetzt Shaytan und fallen, weil sie alle sagen: Es kümmert uns nicht. Wenn ihr nicht aufpaßt, wer wird dann auf dieses Leben aufpassen? Und ihr seid die Kommandeure der ganzen Welt und aller Geschöpfe darauf. Warum versucht ihr nicht zu lernen? Universitäten, Hochschulen, Colleges, kann einer von euch die Leute Geistigkeit lehren? Über himmlische Wesen in dieser Welt? Und darüber, auch über diese Welt, in den Himmeln. Möge Allah uns vergeben. Ihr Leute, wir sagen: Audhu Billahi mina sh-shaytani r-rajim. Er sagte immer, 'Audhu Billahi mina sh-shaytani r-rajim' schützt uns vor Shaytans Dunkelheit und 'Bismillahi r-Rahmani r-Rahim' trägt die Leute in erleuchtete Welten hier und im Jenseits. Möge Allah uns vergeben zu Ehren Seines Meistgeehrten, Sayyidina Muhammad (saws). Fatiha.

**The first Adab is to say: 'O my Lord, give Your protection to me and shelter me from devils and evil.'**

Ya Mufatiha-' abwab, iftah lana khaira bab...Meded, ya Sahibu-l imdad...Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim. The first Adab is to say: 'O my Lord, give Your protection to me and shelter me from devils and evil.' Now from East to West, North to South, countless devils. People running on wrong way, falling and disappearing. This in an old world; it carried on itself through thousands of years so many nations from mankind, and now we are on it. The appearance of people just finishing and a new appearance of people is coming, like a caravan, passing, moving, because everything is moving.

Everything is moving; nothing in existence may be stable, it is moving...The existence of Heavens never accepts a movement. All creatures are moving, or must move, because for everything there is a distance of space to move in. Everything that is in existence has a space, so that it can move; if no space, it can't move. And everything in existence is surrounded by unknown power oceans; everything is in endless power oceans, and there are countless power oceans...Can you see through a sea or an ocean any fish or creature to be stable? Can you find a fish to be any moment in the same place or to stand like this (still)? Can't be. All moving, nothing is fixed in the ocean.

And really now we are also in the power oceans of Allah Almighty. Through His mighty oceans everything is moving, because they have a distance to move, and they are surrounded with power, and that power makes them to move left or right, in front or back, up or down. Everything is moving, but for Allah Almighty there is

no distance and no space, no room. He is not in need for His Existence to be in a place. If He needs a place, that place must be bigger than Him, and it can't be. And for to move there must be another power, another powerful one to push Him or to pull Him, and it is impossible. Therefore, for existence He is Allahu Samad- fixed in His Existence. From pre eternal up to eternal He is the Lord of all creation, and every creature is coming from that in existence. Unlimited distances for them to move in, but nothing may effect on the Existence of Allah Almighty. And here and in the hereafter everything is moving, must move, and their pleasure is through their movement. Every movement is like a turning around the House of Lord, Kaaba Mu'azzama. Really people may enjoy more than any other when they make Tawaf, turning around the Holy Kaaba. Through our movements the most enjoyful movement is to make Tawaf. We have movements through the prayer, giving us enjoyment. These movements give pleasure and at the same time power to our physical being. But the movement around the Holy Kaaba is something else. The Holy Kaaba represents Haqiqatu-l Muhammadiya, the real being of S.Muhammad sws, and his real being represents the real essence of Allah Almighty. Therefore we make Tawaf- you are moving in front of the symbolized essence of the Lord of Heavens. Therefore when we make Tawaf our feelings are something else. Even it is too crowded- but your feelings are just different.

And because our physical being is so heavy we only run on our feet, with our physical being. When we get spiritual power, we are going to be like a jet-engine, taking that person up. And, beginning from the heads of the first Tawaf makers, there is another group making Tawaf, and up over it another group, etc., up to the Bait-ul-Mamur in Heavens. Your pleasure is going to be more and more when your physical being gets up through your spiritual being; it is getting much more powerful and more enjoyful. Who reaches to Bait-ul-Mamur, first station, their enjoyment and pleasure is much more than of those people who are down, under that level. And coming to the second Heavens, the third, fourth, fifth sixth and seventh Heavens. After the seventh heavens comes the Chair, Kursi, before the Throne, Arsh, and that movement is around the Kursi, and then whose degrees are going to be much more powerful they reach to the Holy Throne and make Tawaf around the Holy Arsh. And they are going to increase and increase through enjoyment, they are going to fill with enjoyment and light and countless favours, that no one ever saw or heard of or that never passed through their heart.

Therefore- everything is moving, everyone is running; all people through their life must move. But the most honoured movement for mankind is the movement of prayer and, more than this, when he is going to and visiting the Holy Kaaba, which belongs to Allah Almighty, representing His Oneness. When they make Tawaf,

common people reach the limit of their pleasure. These first level people, when people reach to be Saints, reaching to the station of servanthood, they take much more light, pleasure, enjoyment, knowledge, wisdom, and power-countless kinds of favours.

Therefore movement must be through everything that is in existence. We say: Nothing is moving- but it is moving. If a person takes a plane and sits on his seat, what do you think? He is moving or not? Through our eyes, out looking, we see he is not moving, but your mind and mentality says that he is moving. But you are not seeing it. But he is moving, because he is in the plane, and everything in that plane moves with it. Even you say no, he is not moving, but he is moving. Therefore now people are moving and their movements either going to be on a positive direction that gives to them honour, power, respect, enjoyment and pleasure, or not. There are the movements of someones that give them troubles, sufferings, miseries, and every badness comes after their movements. Positive movement brings to people enjoyment, light, wisdom, pleasure, real life and real favours, countless favours, and make them to be closer to the divine Presence. Negative movements make people to fall down through troubles, sufferings, fighting, disrespected positions throwing them in the hands of devils and making them to fall into evil oceans, to be in stress. All negative movements bring stress to people. All troubles come after negative movements; crises, war, enmity, countless unknown illnesses, jealousy, hatred, every bad thing comes after negative movements.

Negative movements are all satanic teachings, positive movements are heavenly teachings. Look now through East and West- what you see? You think people on positive movements in it or negative? No good movements for mankind now, because they are not working for Allah. Good movements that are positive, make Allah pleased with that person.The Lord is going to be pleased with His servant, and then everything in creation must be pleased with that one. Nature, if it is pleased with a person, never giving any trouble; even may be full with bacteria of every kind, but never giving ant trouble. But negative movements that are satanic teachings, make Allah not to be pleased with those people. And when Allah is not happy, nature and everything never going to be happy with them and everything asking to rush on them, to destroy, kill and take them away.

Therefore now it is important to be known that everything in existence is moving, but that some movements make Allah Almighty happy, some others never make Him happy with those people. Until these people living on earth now leave negative movements and come to positive movements that make Allah Almighty happy with them, there will be neverending troubles, miseries and sufferings. Should fall on them, and miseries and sufferings don’t come by themselves, they come through cursing. Cursing comes on people and then alwas

troubles climb and increase. No solution, o mankind, you must look after your movements, if they make your Lord pleased with you or not. If you are not going to think on it, you should be destroyed- as so many nations were destroyed from Heavens or from earth. But now the Lord promised to Rasul that the punishment for those negative movements people are going to give to each other...

## Oh our Lord, grant us from knowledge

Destur, ya Sayyidi, Meded, ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. Allahumma ‘alimna ma yanfa’una wa zidna ‘ilma...

Oh our Lord, grant us from knowledge that it is going to be honour for us here and Hereafter, because no any rank (is) going to be over the rank of a learned person. Knowledge (is) giving honour to mankind. If no knowledge, who (is) knowing nothing or learning nothing, their level is (the) level of animals. And we are asking from Allah Almighty to grant us from (such a) Knowledge that (is) giving to ourselves honour here and Hereafter.

Now people may say: “Oh, everywhere people (are) learning. How you are saying that knowledge (is) giving honour to people and we are seeing here everyone (is) learning, but we are not seeing honour on them.” Yes. No honour. They are learning something- for what? It is an example: Nighttimes, if you are running around cities, particularly (through) rich people’s living centers, after midnight that going-coming (is) stopping. Only two kinds of members of that city are very busy... two kinds of members- they are citizens also, without identity, no identity- they are very busy that time. What they are doing? There is... municipal office (is) putting everywhere a big box to be put in it rubbish. People (are) putting in it rubbish, every kind. Those two, without-identity-people, members of that city or town, they are without salary also coming out. They are

coming and working, making everything with that boxes. Some of them jumping and coming in, some others- so many- they are coming and carrying this box on earth to look everything, what is there, searching what is in it. Coming and jumping in it.

I saw so many, several times, that dogs (are) also coming, but dogs can't jump. (They are) making only like this..., but (they) can't jump. When (they are) looking cats jumping, (they are) very angry, shouting to them. Then, cats also coming, so many in this, making like this, quarreling and then coming down this... and they are searching what is there good for eating.
Why we are saying this? Yes. You are saying: "Oh Sheikh, we have everywhere, even through your unknown territory- Northern Cyprus- you can find 11 or 12 universities. Some of them 'European', some of them 'Far East', some of them' Middle East University'- so many strange names for cheating people, or 'American University'..." What you are saying? Only handful people here, and 12 universities! How you are saying against our generation, and accusing them that they are knowing nothing? Just we are in knowledge centers. We are learning!"

You are learning to look after that municipal boxes, dustbins, to look what is necessary, what is good to take, for you. You are asking Dunya and Dunya (is a) big dustbin and every dirtiness (is) in it, but you are running to find in it some more, some more things through dustbin and to save (them), to make heaps of that rubbish and dirty things, every dirtiness in it and they are making so many heaps of rubbish. "How you are saying (this) and all (the) world (is) working on it!"

Yes I know! I know what you are taking, after which thing you are running. After which thing you are running to learn, I know it! Therefore I am saying: 'Dunya jifa', Dunya (is a) dustbin and you can find in it every kind of dirtiness and rubbish, (it is) in it and those centers- that you are saying high schools, universities, academies, they are not passing over after these dustbins. All (are) in it and they are quarreling. Some of their fighters, their identity belongs... like cats, some others (are) like dogs. All people who run after (the) rubbish of this world, their characteristic is like (the) characteristics of cats or dogs, because they are quarreling to collect much more from (the) dirtiness of this world.

How they are learning this? And we are not saying this is a knowledge. Don't think that it is giving to you honour. If it is giving honour, we must put on cats crowns and on dogs also. You think so?

Wake up to know what you are doing! After which thing you are running, to reach and to save more, to take more! Everything (of that which you are) taking more, it belongs to that dirty and rubbish things from dustbin. Dunya (is a) big dustbin- never giving honour to you. If (it was) giving honour, dogs and cats should be much more honoured than you.

We have been ordered for knowledge. Knowledge that gives to you honour is heavenly Knowledge, (it) belongs to Heavens, (it) belongs (to the) Hereafter; (it is) Knowledge that is concerning Heavens and (the) divine Presence. You can find such centers now? Where? Who may say?

This is (an) Inn, Holiday Inn, Mental-House Inn, here, don't say about this Inn... Inn means Khan... And people daily, day by day getting more drunk, more greedy to reach much more. Economy, economy, economy... Euro, Pound, Yen, Dollar... running on it.

Economy! What is economy? To reach much more from that dustbin. From (the) dustbin of this world, to reach much more, that is their economy and they are saying: "Economy (is) coming down." "Why?" I am saying, "Dirtiness (is) finishing through your life that economy (is) going to finish?" Never finishing. That greed that is a worst characteristic of Shaitan, (is) controlling everyone and they are greedy to use that dirtiness only for them. And what amount a person (is) going to reach, to take from that dustbin?

Cats, when they are getting full, coming and pissing in it and dogs coming and making its leg up... pissing... then running away. Not carrying. But man (is) worse than them, asking to carry also. Those creatures eating and leaving... making on it and running, roaring running: "We are full. Glory to our Lord that (is) never forgetting ourselves and giving us such beautiful things to eat and we are inspectors on it, but foolish mankind, instead to give all of us golden medals on leg, making with stick... "Hush! Go away!", throwing them away and we are doing for them best."

Now this is a general view for all nations including (the) Muslim world also. Muslims also (are) running after that dustbin. We know (that) whom they are unbelievers, they are greedy and they are asking to reach much more only for their life, they are saying, (in a) Hereafter they are not believing. But you, as believers Hereafter for (an) eternal life, you are believing (in) eternity, why you are making yourself on their level, oh Muslims? Oh Muslim world- why you are trying to reach to their level? You are thinking that their level is up or down?

But no more they are looking to see (the) realities that Allah Almighty (is) asking to teach them, asking from Him such knowledge, to know about themselves and to take themselves from dirtiness and to be clean innerly and out to be ready for Allah Almighty's divine Invitation (for the) Hereafter.

Where are (the) Muslims? Everyone (is) running after Non-Muslims and I am looking (that the) Non-Muslims are taking much more care for their beliefs, more than (the) Muslim world. (The) Muslim world (is) trying to be much more materialist and Western people (are) saying: "We are fed up from (the) materialist world; now we are asking something else, to make ourselves in satisfaction and contentment and to be enjoyful." They are turning back, but we are running on (the) same way and we are not taking our lessons from those Europeans who are fed up from their lives and (who are) asking something (that) may give to their hearts enjoyment and pleasure and lights.

They are asking lights now and lights really (are) through (the) Muslim world, but (the) Muslim world (is) never taking care for (the) Lights of Heavens that had been sent through Prophets. They are making it to be extinguished that Lights and running to Western countries that are in darkness. Not only darkness, but dark darkness of ignorance and they are asking now a way to reach to Lights, they are asking to reach (the) enlightened world.

Blame to (the) Muslim world! Blame to our leaders that are never interesting (in) heavenly Lights to reach and to make their countries and territories to be enlightened through heavenly Lights! They are running to Europe, to Western countries, to be their servants and slaves. That is blame!

Therefore punishment is coming to (the) Islamic world day-by-day, day-by-day, but not yet (they are) waking up. We hope when Mehdi a.s. (is) coming, who can reach, who is asking Lights, heavenly Lights, (they) may reach. Who (is) never thinking on it or concerning, they are never reaching; they are coming through darkness and going to be in much more darkness.

May Allah forgive us and bless you and give us understanding to understand reality, what we are learning now, and (the) reality that we lost. We lost it- light and (the) enlightened world of (the) Muslim world. They are thinking that: "We should find on earth some lights", but do you think that electric power may give light (like) when night (is) coming as (the) sun (is) giving light to (the) earth? Can't be!

And we are leaving (the) real light center- (the) sun- and we are running after artificial lights, because they are saying: “Oh, we are using neon lamps through every kind of colours and we are enjoying.” No, you can’t enjoy! Perhaps your eyes may be a little bit enjoying, but never (is) taken (away the) darkness from your heart. (And) if (it is) not taken away, you can’t reach a satisfaction and you can’t reach an enjoyful world here and Hereafter. Beware of Satan and beware of (the) civilization of Western countries!

May Allah forgive me and bless you for the honour of that one who is the most honoured one in His divine Presence, Fatiha...

No one can bring an objection (on) what we are saying now. No, can’t be! If objecting, second day (he) may be (in the) graveyard...

La ilaha ill-Allah, la ilaha ill-Allah, la ilaha ill-Allah, Muhammad Rasulullah, alayhi salatu-llah...

## Oh my Lord, I am in need of Your mercy!

A real servant to his Lord knows that all the goodness that he has is a mercy from his Lord, guiding him to his Lord's way. He knows that but for his Lord's mercy, he wouldn't be praying, fasting, making Dhikr, and so forth. So, when he comes to his Lord's Presence, he says: "Oh my Lord, I am standing in Your Divine Presence, and my hands are empty. I am in need of Your Mercy always. Give me more mercy, oh my Lord."

A real servant of the Lord is not asking anything from Him. He says only: "May you be pleased with me, oh my Lord."

Some Awliya are too ashamed to ask anything from their Lord, because they see that they are in endless need of Him. They say: "Oh my Lord, You know best what I need from Your Mercy. My needs are endless. Fulfill my needs, oh my Lord, as You know."

# O My Lord I Love You

In the name of Allah, All-Mighty, All-Merciful, Most Beneficent and Most Munificent. Everything is happening under His command, everything is coming into existence through His Will. He is the Creator and we are creatures.

That is the most important point to be known by every one of mankind. You may be anything -- male or female, man or woman, rich or poor, ruling or ruled ones, professors, doctors, sultans, awliya or anbiya, Americans, Canadians, English ones, Arabians, Turkish ones, Spanish, Russian ones, Chinese, Japanese, any kind -- but you must know that you are creatures, simply created by our Creator, who has so many Names, and we are saying His most famous Name that is collecting all Holy Names in itself is Allah Almighty.

He is the Creator and we are creatures. No other title for the Children of Adam is more honorable or more honored or praised than "servant of Allah Almighty". You must know this and you must teach this, and then you must try to do your best for your Lord, Allah Almighty, and for His creatures.

Every prophet -- every one -- just came to teach people something about their destinations and their importance. You may be Muslims, and there are so many sects among Muslims. Christians -- there are so many sects for Christians -- different groups. Then, in the Jewish faith, Judaism, they have many sects, also,

and beyond these three heavenly religions, so many schools of thought or ideas. People, according to their feelings or according to their spiritual taste, are running after some of these different sects. And people are becoming happy, to belong to their groups, and Allah Almighty says about this, "Kullu hizbin bima ladayhim farihoon," (Surat al-Muminun, 53) which means Allah Almighty is saying in this verse that "My servants are going to be different groups, and every group is happy with their own group." They are happy with their groups, according to their beliefs.

Everyone may choose a belief; among the many different beliefs, he or she may choose and may accept. He may say, "I am Muslim," he may say, "I am Christian"; that may say, "Jewish"; another may say, "Buddhist." Yes; they are believing and they are happy with their beliefs, with their groups enjoying what they have. This is reality; it can't be changed. It is always true. That means truth is one; among one hundred ideas or one thousand beliefs, one is going to be true. That means everyone believes in something, but it does not mean that every belief is going to be a true belief -- no. You can believe as you like. It is okay; no one will prevent you. Therefore, Allah Almighty is saying, "As you like, believe. If you don't like to believe, don't believe." (Surat al-Kafirun, 1-6.) You are asking to believe and you may choose a belief, but you must not say that every belief is a true belief. No; only one is true.

Eventually we are coming to an end of our lives. In our lives, we must reach an end, and everyone will bring something in his hand saying, "I am keeping jewels. I am carrying a truly valuable thing." Yes, you may say, "I am carrying a real belief." As long as you are in this life, you may claim that I am on real truth, real belief, and I am keeping a real jewel, but finally the reality is you are leaving this life and going to Heavens. Your death is traveling from this lowest life to the highest life. Don't think that death is a bad thing, as people are fearing. No. Death is the way to Heavens. As long as you are not dying, you are on earth, the lowest life, but when you are dying, you are becoming free of this heavy life and going up. And at that time they are saying, "What have you brought here now? Open your hand." Yes; at that time everyone is going to know if he has brought a real valued thing or he was cheated by devils, cheated by Satan, and they [devils] are taking real ones from himself or herself. He understands fully at that time.

Therefore, O people, it is a new fashion that everyone makes a check-up, particularly rich ones, at least once every year. They come in for a check-up, in America, London, Russia, China or Japan. They are making a check-up -- for what? If you are doing a check-up one thousand times, this body will never going to continue

with you. There is no need for all those check-ups, they are useless. But you must do a check-up on what you are carrying, what you are keeping -- if I am keeping a real jewel in this life or the real one was stolen from me and replaced with an imitated plastic one. That is important.

O people, look after your faith. If it is real faith, that is leading you from darkness to illuminated Heavens. How is your feeling this year compared to last year; how are you feeling about yourself? Are you feeling an improvement in your spiritual life or not? Ask that of yourself. Yes, it is an important point. Another important point: people are running, everyone is running, to eat something from this life, men and women. They are running to take much more something from this life, but mostly they are chasing the material of this life. And as a sign, through holy books, knowledge has reached us that the most valuable capital for mankind -- is what?

Ahl ad-dunya, those who are living for this dunya only, for themselves, their biggest capital is money, money, money; for ladies, golden, golden, golden jewels, jewels, jewels. Men are much more interested in saving dollars, while ladies are chasing after jewels, every year for ten fingers, twenty rings or thirty rings, putting here [indicates his fingers]; they can't even carry all their heavy golden jewels. Yes; that is the most interesting capital that twentieth century people are running after. Whoever is reaching their capital, that is material -- either saving many more millions to be millionaires or ladies many more jewels, many more palaces, many more yachts, many more dresses, much more wasting of money.

O attendees, don't sleep! Look at me, don't look at each other. What I am saying, it is not from myself: keep it. And the only real capital, the only one mankind must run after, is love. Whoever is asking for and seeking love, to obtain more and more of it that person receives the most valuable thing from his life on earth. Love -- love is the greatest grant from Allah Almighty to the Children of Adam. Without love, man is like dry wood. This [indicates a table] just lost its love and now is becoming dry. Trees are carrying love and gettting. And love gives people beauty and light. Don't put like this [lipstick] something here, going to beauty parlors. You are not going to be beautiful with such things, making like this [demonstrates] or having an operation to make [demonstrates facelift]. This is not making you beautiful. Love makes you beautiful, and tasteful and honored and a praised one. Whoever is receiving more love is going to be more beautiful here and in Heavens. Yes, it is a grant, the biggest grant of the Creator. With His love He created you. Don't think that Allah Almighty created you without love; no. And we are thanking that He is loving His servants and granting

to them love.

And what He is asking from you, O servants? He is only asking from you love -- He is giving you love and asking from you love. Among all religions, among all beliefs, that is important: that He granted us from His divine love and is asking from us love for His Divine Presence. Now we are giving our love to this lowest life's pleasures. That is the biggest curse on mankind now; that is the reason for violence and wildness and every problem, because people are not giving love to their Lord. And He is looking: "O My servant, just I granted to you from My divine love. What are you giving to Me?"

He is not asking anything from you; no. All your praying, it is a sign of your love to His majestic Divine Presence. As much as you may be able to give, give and take more. Don't say, "I am Christian," "I am a Muslim," "I am Jewish," "I am Buddhist," while you are not giving your love to your Lord. You have been cheated by your enemy, the common enemy of mankind, the headquarters of evil, that represents the headquarters of evil, Shaytan.

You must look after yourself, you must perform that check-up, because Shaytan is cheating you every day, making you give your love to this temporary life, and you are giving all your attention and care for this physical body, which day-by-day is coming down, coming down and dying, going in the ground. Look every day; make a check-up for yourself, have I been cheated or not? If you see that you have been cheated, you must not be cheated tomorrow.

Anytime you are saying, "O my Lord, I love you," that is so beautiful from servants to Allah. "O my Lord, I love you." When you are going to be alone, say, "O my Lord I love you, I love you, I love You." Say three times, "O my Lord, I love You." Then no more people are going to be depressed. Take a shower at night and dress in good clothes and stay in an empty place and say, "O My Lord, I love you, I love you." You will see that depression going away in three nights. There is no need to take tablets or drugs; no need. Medicine, for whom? For those who are in depression. Depression is a punishment from Allah Almighty because those servants are not giving their love to their Lord; that is a punishment. Allah Almighty giving everything but they are not giving to their Lord Almighty their love. He is not asking from you food or drink or fine clothing; He is only asking from you love.

Therefore, when Moses -- we may continue speaking up to the morning, up to next week, but you are tired;

therefore we are making short as much as possible. But I must tell this story also -- Moses was going to a meeting with his Lord on Mount Sinai. Allah Almighty was saying, "O Moses, look after my Servants. "O Moses, make your best for My servants. Make them to love Me." That is Moses, one of biggest prophets, Sayyidina Muhammad first, Sayyidina Ibrahim second, Sayyidina Musa third, Sayyidina 'Isa fourth. And Allah Almighty was saying, "O Moses, ask from My servants to give their love to Me. Let them love Me."

Are you understanding? I am speaking English but you are acting like sheep, only looking wide-eyed. No; you must understand. That is a very important and luminous word to say to yourself and all communities, to purify the whole world. Allah Almighty was asking Moses, one of great prophets, "Ask, teach them, tell them, make them love Me." Allah is asking love from His servants. And it is pity, pitiful and dirtiness for a servant to leave this life while his eyes are looking with attachment to this life, not directed towards Allah's majestic Throne. It is pitiful and dirtiness for those who are not giving, not bringing in the last moment that they are finishing their lives, love to their Lord. Whoever brings love will never fear death because love causes them to be in real life, to live forever.

Once a saint, a great sheikh, a grandsheikh, passed away. His murid was burying him in his grave and he was trying to turn his face toward Ka'bah. Then his sheikh spoke saying, "O my servant, He just turned my face to Himself, my heart toward my Lord's Divine Presence." And that murid was trembling and saying, "You are not a dead person." And he was saying, "No. I passed away, but my life, the real life of my spirit is continuing."

Therefore, I was in Damascus and the government was making an avenue, making a street wider, and they were moving a grandsheikh's tomb from there, removing it in order to open the way through that place for the avenue. I was there also. That shayk had been buried since five hundred years. When they were opening the grave he was in his death clothes, kaffan, in white clothes, and I was looking at him. His beard was not white like my beard but contained many black hairs. And when it was opened, a beautiful scent that one can't describe arose from his tomb; the scent of roses came forth and he was taken and put into another coffin. His body was in the same state as the day he was buried there. Those people, hundreds of them and history is witness that those pure people who reach to their real life in this life are never going to be dust in their graves because love causes them to be alive.

O servants of my Lord, I am a servant and you are servants, and I am making an association [sohbet]. I am not giving a lecture but I am advising, and I am advising my own ego also: "give more love to your Lord and He gives to you, also. You should be illuminated ones." May Allah forgive us and bless you. I think it is enough, what we are speaking, to address these distinguished attendees. I am respecting you and praising you one by one, not for your temporary worldly titles, but for your permanent God-designated titles--Ibad Allah Servants of Allah.

Allah Almighty is giving to you from His endless blessings and honoring you to be His deputies in the universe is enough for you. You have been chosen to be khalifah, to be deputies on earth, an honor which every creature, and particularly angels, were asking to acheive; but they weren't given it, and Allah Almighty created man to be His deputies. That honor is the highest honor. When you are saying, "That one is such-and-such, this one is so-and-so" it is meaningless; being khalifah is the highest praise and honor from Allah Almighty to you. Try to keep that honor and try to give much more love to your Lord, Allah Almighty.

You are the only Sultan, O our Lord; You are gathering Your servants. Please bless this assembly, this community; please accept us to be Your sincere servants. We love You, we love You; I love You, O our Lord.

May Allah forgive us and bless you from His endless lights and endless blessings.

Next time I shall speak to you insha'Allah about some deep realities, not from earth but from illuminated heavens. Prepare yourselves.

## O My Lord "I Tried to Know Your Orders"

(Deutsch WasHastDuGelernt)

As-salamu ` alaykum yaa `ibaadAllah, the servants of our Lord, Allah Almighty. (Mawlana stands) O our Lord! Forgive us, help us, bless us. Alfu, alfu salaat, alfu, alfu salaam `ala Sayyidi 'l-awwaleen wa'l-aakhireen. Madad yaa RijaalAllah. We are saying a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem.

If you are asking for a connection with heavenly levels, you must say a`oodhu billahi min ash-Shaytaani 'r-rajeem and Shaytan is just kicked out. And we are saying, Bismillahi 'r-Rahmaani 'r-Raheem, and angels saying, "Welcome to you, welcome to you, our Lord's servant."

We know nothing. We are only depending on what our Grandshaykh is putting through my heart and speaking. I am not claiming that I am knowing something. Everyone is knowing more than me and according to your knowledge you are going to be judged. "O My servant! Come and say, what you learned through your whole life?" "I learned this and that, this and that." And as you learned, you lived. You were making just straight on that way? You learned but were not keeping what you learned. What you must learn? Madad yaa Sultan al-awliya, madad yaa rijaalAllah. What you are going to learn, when He, Almighty asking? We must

know what we learned and for what we learned it.

What was the real aim from learning? "I learned to be driver. I learned to know how to fly planes."

What you learned? "I learned to be a computer engineer."

What you learned? "I learned to build concrete buildings."

What you learned? "I learned how you may make a car."

Angels may ask, which brand! (Laughter) Going outside because I must swear, okay? Anyone, if not happy may go. More than here, over there swearing on him.

Oh what you learned? "I learned baking."

You, what you learned? "I was such a person never learning, but I am putting on my chest and behind me, 'political person,' you know? Because I was first-class person and I just fought against monarchies and coming on their thrones to make my ego happy and to be so proud."

You? "I learned to make gramophone." "I learned to drive horses."

You, Abdur-Razzaq, what you learned? He is saying, "I learned to carry donkeys." So many things. Very happy, Abdur-Razzaq. I am sending him...

What you learned? "I learned to make sausages because Chechnyan people they love it too much and I was preparing for dogs bones because they like it also."

You, what you were learning? "I learned important things that I can't say about in your Divinely Presence, you know?"

You? "I learned to be shepherd."

So many kinds of learning. If the Lord of Heavens asking, I don't know how many people may say, "I tried to know Your orders; I was learning how I can keep my ego from evils; I learned how people can save themselves from devils. You may ask, "What is it, devils?" Devils are cheating ones, O people. Cheating

people. Cheaters.

Perhaps through billions, you may take a handful of people who were trying to learn about their Lord. Leave about their Lord, but they were asking to know what are the rights of their Creator. Now people are foolish ones. If you are asking, "How you are in existence?" He is saying, "My dad through my mom creating me." Your "creator" your mom and dad? Haasha! Ptuh! No one saying that, "My Lord created me." And what was your mission when you are knowing Who created you? Then you learned what was your mission?

This is for whole Mankind now that they be listening through east and west, ••••• •••••••••••• •••••••••• •••• •••••••••• - "thumma latus'alunna yawmaidhin `ani 'n-na`eem - then, shall you be questioned that Day, about the joy (you indulged in)." (102:8)

Ayatul kareema. O our Salafi `ulama, what you are saying? You are Arabs and you are knowing too much; claiming, but you are never saying. Except Arabs, they understand. I am asking to you, what Allah Almighty saying? Asta`idhu billah, tell me, "waqifoohum - Make them to stop!" Qif! Stop! For what? Innahum mas'ooloon. Arabs, where are Arabs? But I am saying to those proud `ulama, Salafis or khalafis!

•••••••••••• ••••••• •••••••••••• - Waqifoohum innahum mas'ooloon - but stop them, for they must be asked. (37:24)

Why you are not saying Hanafi `ulama? Why not saying Hanbali, Shafi`i or Maliki `ulama? What means salaf? Salaf, you may understand that means: just passed away, from the time of Adam up to today. You are representing those people? Why you are saying (you are) "Salafi"? Do you think that hawaariyyoon, disciples of Jesus Christ; you know what Jesus Christ was teaching them?

Today is a new beginning, 1431 and the Lord of Heavens is not happy with us, because all of us are disobedient servants! You can't find a handful of obedient servants. Therefore, just moved heavenly anger and approaching. I don't know what is going to happen through this holy month, Muharramu 'l-Haraam. Allah Almighty was reaching to His prophets (to protect them) when Shayaateen and their followers disturbing and rushing on them for killing them. And they were asking, "O our Lord! Reach to Your weak servants. Disobedient servants are rushing on us, asking to take ourselves away and to make this globe only for Shaytans, not to be for Allah." Their aim, their last target and hope is to make this whole world laa deeni -

no any religion!

But a heavenly anger is ready to come on their heads! I am running away to Allah Almighty because I am not happy with my ego. If anyone is happy with their ego, they are not happy with Allah, because first fighter according to the Lord of Heavens, was our ego. Our ego never going to be an obedient one. Therefore, I am saying when the Lord of Heavens asking, "What you learned about Me? And then, what you learned about My rights on you, as I am Creator; what were My rights on My servants, you learned it?"

"No, we were secular ones." - "Take them away (from My Presence)!" Astaghfirullah, Astaghfirullah, Astaghfirullah. I was hearing in Madinatu 'l-Munawwara when that eclipse happening a secret sound saying, astaghfirullah, astaghfirullah, astaghfirullah, astaghfirullah - O Allah forgive me. O People! Say astaghfirullah. The Seal of Prophets (s) was saying, "I am saying astaghfirullah daily, 70 times." If he is (s) saying it 70 times, for ourselves 70 million is not enough!

You can look and see through the faces of a very few people, a clean face, brightened face, enlightened face. Very, very, very few! (Mawlana mimics as if grooming in mirror) That man, looking very handsome and ladies at every foot, they are taking and looking. (Laughter) So many ones that they are using so many cosmetics. Coming from them very bad smelling. Therefore, they are trying to cover that smelling from themselves by using cosmetics.

Sahaba of the Seal of Prophets (s) they were dressing one shirt that you can't know if it was white or black. They had no water for washing and if washing one, they must sit naked waiting for it to dry. Therefore, they are using this for life and my Grandshaykh was saying to me, "O Nazim Effendi, their clothes you can't differentiate if it is white or black, but if you are smelling, it is smelling of best perfume of roses." Prophet's (s) command was saying, "taahiru turooqu 'l-Qur’an - purify the pathways of Qur'an." Keep clean. It is the way of imaan, the way of dhikr, the way of life. Every Sahaba their breathings, just so beautiful smelling, because they were clean, they were following holy commands of Allah Almighty: taahiru turooqu 'l-Qur’an.

May Allah forgive us. O People! People on wrong way and therefore crisis climbing. Not coming down, but day-by-day getting more and more and more until they are coming to the way of Paradise. If not, they should be taken away! That is, all nations now, looking about expected huge events, mentioned in hadith shareef, al-

marhamatu 'l-kubra.

Beware, O People! Hear, listen and obey. The Lord of Heavens asking that knowledge: what you learned about your Creator and what you learned about your Lords' rights. How you are doing for His rights? Learn this, no one is learning! Everyone trying to learn about this dunya. Even the Muslim world is trying to be westernized, mashaa-Allah...

May Allah forgives me, and forgives you. We are hoping in this holy month for heavenly help and support for weak servants. We are not claiming we are doing any servanthood but we are asking forgiveness. Forgive us, O our Lord for the honor of Your most honored servant, Sayyidina Muhammad (s.) (Mawlana stands)

Fatiha!

## Lordship Position and servanthood position

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula w ala quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Allahu akbar, Allahu akbar, Allahu akbar wa li-llahi-l hamd...Subhanaka, la ‘ilma lana illa ma ‘alamtana, Innaka ‘Alimu Hakim...

(There are) two levels: One level- that there is no any other level on it, only we are saying for an understanding- that is the Lordship Position and (the other level is the) servanthood position. Lordship (is) never going to be granted; it is not a grant to be given to any creature, because no any creature (is) able to carry that position. That position (is) only for one and that One He is (the) Creator! (It is) impossible to be someone else granted Lordship, no!

Christians are saying ‘Our Lord Jesus Christ’. That is (a) biggest mistake; no mentality (is) accepting (that) or never our mindly capacity may reach to understand that position. (It is) never accepted, (it is a) biggest wrong (thing) to say for Jesus Christ: “He is Lord.” No, (it) can’t be, because Jesus Christ is a creature, from mankind. There is no ‘godkind’. ‘Godkind’ can be? No, can’t be. Mankind- countless; may come in imitated existence, but real Lordship only (for Allah). He Almighty is keeping (it) only for Himself. Nobody (is) there to be suitable for carrying Lordship, because if (there) should be someone to carry Lordshipness, he must be on (the) same position (like) the First One. (And) if he is (the) same (like the) First One that means you can’t

say one, two, (but) you should say: “Oh, this is the First One!” If you are saying (that) there is another one- what is his qualification? (It is) same with the First One! Therefore, why we are saying 1, 2, 3? It is only One! 1. Without that One- can’t be any other second one. He must put Himself in the second one (for him) to be able to carry Lordship. That means: (there is) only one! Impossible! Same! And no room for another one (who is) just similar to the First One. 2, without 1, can’t be 2. 3, without 1, can’t be 3. 1oo, without 1, can’t be 1oo, (but it is) going to be 99- all of them are coming, coming, coming...(after the) first 1.

Therefore Lordship (is) never accepting a ‘sharik’, a partner! Allah, He is Lord! When you are saying: “Jesus Christ is Lord”- what about the First One? He is going to leave, (or) to make Himself tired or to make Himself retired? Or He is going to make Himself, to take Himself from Existence to give to Jesus Christ His Lordship? For what? Jesus Christ is going to be inheritor for Him? Why? He tired or retired?

But Christians, billions of them, (they are) never thinking on such things to correct their beliefs to glorify the Lord of Heavens! They are saying this without thinking! And I am meeting so many of them (that) they are reading their Holy Books, (but they are) never understanding! (And) even though these Books (are) going to be one different from the other- (but) they are never understanding, because they have no Light through their hearts!

If you are giving to a person a book, to read it through darkness- what he is going to read or understand? Therefore (there) must be heavenly Lights through that one’s heart (so that) when (he is) looking (to) Holy Books (he) may understand quickly. (But) no one (of them) up today (is understanding)! I am meeting so many of them, even (of those whom) through themselves (through their hierarchy) (are) reaching (to the) top point- but yet they are not understanding. Lordship (is) only for that One!

What about others? (The) second level (is) for all creation! (Just the) divinely stamp (is) on them as servants! They are servants and their position is servanthood! No one (is) passing over that! But people- and through Muslims also- they like to make someones over that level of common people. (It) may be (that) someones are getting up, getting up- but- even they may reach countless levels- their level is only the level of servanthood. (It is) impossible (to get out of it!) Glory be (to) Allah!

That point is making troubles among people. No mind people from ‘Ahlu-d Dunya’, common people, who are

not taking care for heavenly Messages or heavenly Positions and who are atheist people or communist people or materialist people or square-head people or no-mind people or (the) generation-of-apes-people, that they are claming they are coming from apes- they are also asking to make themselves in a distinguished position.

Some of them with their beauty (are) thinking that: “Our level is distinguished”, some (others) of them with their mindly productions (are) seeing themselves different from others, saying: “Our level is not (an) ordinary level. (The) ordinary level is for common people.” Indian people, what (they are) saying? Parias? The lowest level people in India- that they are saying: “No value for them- Animals and those people are same”-, if they are getting up, they are saying: “We are (now) distinguished ones.” When they are seeing themselves (in that way) and (they are) saying: “We are (now) distinguished ones” they are asking to reach through their distance, through their levels, to look (to) themselves with another looking and (they are) saying: “We are not like those people...”

What is your opinion when you are saying (that) you are not like these people- unlearned people, labourers, farmers, pheasants? No, there is something... I am asking: “What is your position? What (is) happening? When you are seeing yourself up (over them that you were like them before)- what is your difference?”

In Spain they took me to a castle of one King and there were different kinds of religious people, priests and such people... They were showing it to me and it was a famous King’s Palace... Then they opened one room. There was a seat, a wooden seat... may be that King was more (fat) than Haci X., because that seat was twice as big as what I am sitting on here... They were saying: “That is (the) toilet.” Toilet place? He was thinking himself so high, such a high rank for himself and toilet for him? What happened? How? (The) toilet (is) carrying them to their real level. Who is entering (a) toilet- what is their level? Who is getting up too much...

Grandsheikh was saying (about) one person, his uncle. (Once he was) sitting in (the) coffee- shop and one person from the Daghestan people- they are very proud people- he was putting his hat like this... (in a special way) and putting dagger on the side... famous dagger from Daghestan, making like this (position)... Grandsheikh’s uncle was over 1oo years and (he was) saying: “Oh my son, are you not going to toilet? “ When that person was hearing this, he was quickly correcting his hat and making this dagger this side...

And Allah Almighty is saying for Jesus Christ (in the) Holy Quran. One word (is) making clear everything what we are saying, that they are claiming: “Jesus Christ is Lord” and giving (to) his mother also such a

heavenly position. Allah Almighty is giving the description for them, and He was saying: “Kana yakulani taam”... Oh Christians- that you are saying the level of Jesus Christ is Lordship- Allah Almighty is saying: “He and his mother were eating and drinking”! Anyone eating and drinking must be in need for (a) toilet! (The) Lord is making... toilet? What is that foolishness?

Therefore I am saying (about) that King that was making himself over their level; as much as possible you may are making yourself high, but when your stomach (is) beginning to make gurrr, gurrr, gurr, gurrr...then (they are) saying: “We can’t be there, (on that throne), but we must come down”... coming to the dirtiest place, toilet... (holding his nose from the bad smell, finishing) quickly to run away...

People (are) never using their mentality and minds and give themselves something that is not for them. That is the source of jahalet, of ignorance, that is the source of crisis, that is the source of wars and fightings, that is the source (for people) to say: “Oh, we are Turks, no one can be like us”, (or) Arabs- they are saying: “Ahna Arab”, “We are Arabs.” They are thinking that to be Arab is giving honour to them... No! Never Allah Almighty (is) saying: “Ya ayyuhal Arab”, “Ya ayyuhal ladhina Arab”, (but) Allah is saying: “Ya ayyuha-l ladhina amanu!”

Where are the teachings of the real Islam, where are the teachings of (the) Holy Books? Holy Books are asking from people to be servants or to claim to be Lords, because they are putting something on their heads or (because they are) living in palaces or ride on famous horses or have treasures? All of this it is not for you! (There are) two levels (only) and all Prophets (were) coming to call people to their real positions (and) to say: “We are Your servants!” That is (the) real teachings of all Holy Books! No any book is coming and giving an honour more than servanthood to mankind! Can’t be! But servanthood (is) coming heavy to Shaitan and to his followers and he is saying: “No! You must claim that you are most distinguished ones among creation and (that) you are something!” No, you are not something! Your level is only servanthood!

That is the summary of all Messages that have been sent through Messengers to people. And what happened? 124.ooo Prophets (were) coming and saying this, giving the same Message to people and people, no one was welcoming any Prophet! No any nation (was) accepting to say: “Welcome to you!” Because Prophets were coming to make their pride down, to make them to say: “We are Your servants.” But servanthood is so heavy for mankind!

This is what is happening on earth: People are only trying to be masters of this world. At least if not Lord, to be masters or patrons for this world- but it is nothing. Their real aim is to be Lord. Can't be!

May Allah forgive us and grant us a good understanding to think on it and to follow the ways of (the) Prophets who all say: "We are servants." If they say: "We are servants"- what about for their followers? They should say: "We are Lords"? No! But people left heavenly Commands and they are running after their egos. Egos represent Shaitan and Shaitan is representing the first rebellious one in the divinely Presence who was claiming to be Lord for all (the) creation, who was saying: "You are the Lord up, (but) I am the Lord on earth." As Nimrod was saying (also): "Oh Ibrahim, I am the Lord on earth, your Lord is in Heavens." And (the) same bad characteristic, worst characteristic now it is with everyone. They are making small ones also to grow on the same idea to say that: "I am one Nimrod. I am never going to be happy to be someone Lord for me. I am living on earth and I am trying to be Lord on earth, not to be under the Command of anyone that you are saying (He is) on Heavens!" May Allah forgive us! And send us someones with power to change their ways! To take away so many rotten heads and to bring new heads, understanding the level of servanthood, trying to be servants and asking the honour of servanthood!

For the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha... This is a bombardment on Christianity...

## The Loser

Welcome. O, Allah's most honored creation, Man. Welcome! Let's say to each other Assalamu Alaykum wa RahmatulLahi wa Barakatuh. Marhaba! MashaAllah! Let's say, "Assalamu Alaykum" to each other. Yawmun Jadid Rizqun Jadid. A new day, a new provision. Rizq (provision) is both physical and spiritual. Dastur ya Sayyidina! O blessed Hala Sultan and our Shaykh, the Sultan of Awliyya, O Blessd Ones, from all of you I am asking support (Himmat). We do not want a low/base life. Honorable life, with what does it start? It starts with Bismillahi-r Rahmani-r Rahim. A life devoid of the BismilLah is lower, is lower than that of animals. Honorable life starts with the Basmalah Sharifah. This you must know! What did the Master of Creation (sAs) say, The Sultan of Prophets, Hz. Muhammad al-Mustafa? What did this Glorious Prophet say? Man Lam Yazdad (Whoever is not increasing) Fil Ilmi, Fahuwa Maghbunun (in knowledge, he is a loser (Maghbun). The actual words are around that meaning. Kulla Yawmin Lam Azdad (Everyday I am not increasing) 'Ilman, Dhaka al-Yawm (in knowledge, that day is Maghbun/lost.) "Maghbun" what does it mean? It became rubbish, lost,became wasted. This is such a rule, that nothing can be said above it. Man Lam Yazdad/Whoever is not increasing, Kulla Yawmin 'Ilman Fadhalika Maghbunun. in knowledge everyday, he is "Maghbunun" You find the correct words of this Hadith. The meaning of Maghbun is wasted. If knowledge does not increase everyday this man's life, this day in his life, is wasted. It was wasted. It was without any benefit. Awful! "Man," - it is Hadith of the Prophet (sAs) "Who is not increasing in knowledge everyday is Maghbun - a loser". Meaning, if not increasing in knowledge everyday, this man's life became rubbish. Rubbish! If a day is wasted, that means it is lost, gone. Someone saw another sitting in front of his shop, the shopkeeper. Around evening time, someone passed in the market. "Yahu, Marhaba," he said. "Why are you sad like this? I see you sad.

What's wrong with you?" He answered, "Our business today did not go the way we wanted. Our trade today did not make any profit." Ya! "What is your business?" "I am a grocer. With our service here, we earn our provision." "So your trade today was not like you wanted." "No it was not! Because Prophet (sAs) said: Men Istawa Yawmahu Fahuwa Maghbunun. To have two days that are identical, is to have lost, as Prophet (sAs) said. That's why our trade today did not make profit. That's why I'm sitting like that!" This is your worldly trade. Because of your worldly trade you were sad. You said our business was not successful.

How is your business going? Can a car move without petrol? It cannot. But you want to drive your car without petrol! What is the petrol of your life? Life also needs petrol, what is it? It is the seeking of Allah Almighty's Pleasure. O my Lord, I got up. BismilLahi-r Rahmani-r Rahim. I got up on Your way. For You I woke up. For You, let me live for You my Lord. Do not let me live for this Dunya. The one who lives for this Dunya"Fahuwa maghbun", is wasted. The one who runs after Dunya is wasted. Let this be known by Muslims and by non-Muslims and let them admit that it is true. If they like, they can claim it isn't true.

Today is for you, is a mercy from Allah Almighty. Allah Almighty wants you with your hands open to pray "O My Lord open for us the doors of Rizq! Irzuqana Rizqan Hasanan Tayyiban. O My Lord send us Halal Rizq." Let us not steal, or hit, or fool anyone. Let us be enemies to no one. Let us know the value of people and serve them. O our Lord, we are Your servants. We are in Your Service. You ordered us, "Fas'aw Fi Talabi-r Rizq." Allah Almighty said, go after earning your Rizq "Inna Ardi wasi'atun fa-Iyaya Fa'budun." Allah Almighty says, Bismillahi-r Rahmani-r Rahim, "Inna Ardi wasi'atun fa-Iyaya Farhabun" "fa-Iyaya Fa'budun." My world is spacious, He said. How spacious? In Dunya how many people live, millions, milliards. If you bring them all to Cyprus and put them side-by-side, the island will be enough for all of them! So this huge Dunya is not spacious enough for you? But it is greediness; because of your greediness you are not at rest! You want everything to be "for me". Every wealth, it is "for me". Every power is "for me". Every superiority is "for me". Every mightiness is "for me". Your character then will be like what? Fir'awn, pharaoh, said the same. Fira'wn also said, "mightiness is mine." "Then, The Almighty, your Lord, is Who?" Hasha! "You, come on us to wipe us out and crush us. In front of your intentions my Pharaoh-ness becomes nothing! Your intentions, O Children of Israel, all your effort is for taking my place! I became the owner of this world's

treasures, yet I became nothing!" He (pharaoh) was drowned. While drowning in the sea, he said "I believe!" I wish I would have believed earlier! I wish i would have learned how empty this world is! I wish i would not have been carried by the charms of this world. Would I have not been carried away by its magic. Because of my magicians, I thought myself something. I forgot my Creator. I didn't say BismilLahi-r Rahmani-r Rahim. Today He drowned me! I am drowning in the sea," he said. "I believe," he said.

Allahu Akbar. O Our Lord send us one who can teach us, from the Ummat of Your Beloved Honorable Servant (sAs) So he trains us, he teaches us. What beautiful teachings they are! Prophet (sAs) says increase in knowledge, not increase or decrease in wealth. The one whose 2 days are alike is a loser/Maghbun. This is not for worldly possessions. What is of value in this world? Ilim/Knowledge. What is of value of Knowledge? The knowledge of God /al-Ilmu BilLahi al-Ilmu BilLahi. The knowing and accepting of Allah, this is knowledge. Your efforts to collect the dirt of this world will not benefit you and has not benefitted anyone else.

So today the door for every knowledge related to this world has been opened. Who opened it? shaytan made it open. It was made open for shaytan. "Open this for the sons of Adam, a door and let's see will they be able to distinguish between gems and rubbish? Shaytan gave the way. Walk behind these ones, walk behind these ones. Let's see whether those are running after the carcass? or running after the gems? You Know O The Owner of Earths and Heavens, the Creator of man, Who made me too, ruling over them, O My Lord, are those running after carcass And for those running, I tell them to run even more. But foolish people, they leave the jewels and run after the carcass. And I make them run! I made Pharaoh run and at the end I drowned him. He drowned in the sea. Can they achieve anything more than pharaoh? Nowadays people, they all want to be tyrants. Qawman Jabbarin / tyrant people Fiha Qawmun Jabbarin. The Children of Israel were ordered to enter this city. Ninwa, Ninevah. "Enter" He said. They looked and said this is a very powerfully fortified city. Its guards are all giants. In front of them we're only a handfull. Saying, Fiha Qawmun Jabbarin - over there, there are tyrant people. We cannot enter! They opposed S.Musa (as). They said, we cannot enter! Because the guards on the castle look like that. Men as tall as minarets. "Qawman Jabbarin," they said. But after Allah gives permission, what is the power of "Qawman Jabbarin"? "Enter this country!" "We are scared, we won't enter!" Who is scaring you from keeping Allah's order? Shaytan. You

became together with shaytan. You became shaytan's army. You are not "Min JunudiLlah." You are not from Allah's armies. You became shaytan's, the disgraceful one's, army. What a disgrace for you! Allah is inviting you to His Paradise and you do not go. Shaytan is inviting you to Hell and you go. You can never become human! Here is the meaning of 2 days becoming equal.
There are many more meanings. There are plenty of meanings, but where is the one who can understand? With the Christian world we might understand.But for the Muslim world, it cannot recognise Dunya, Akhirat The Great Lord and the Prophet (sAs), what then? What is Dunya? What is it for? If you do not teach this, then what do you teach in the schools? University they call it. Nothing! Teach about Allah. If you do not want to learn about Allah, what is your value? They say there are universities. They are all things of no value, dung. What are you learning? Come learn this - about the Almighty Allah so He Gives you power. He Sent you knowledge with His Prophet (sAs). Take from this knowledge& you'll be able to control not one world, 1000 worlds. Nowadays they cannot govern a city, a town or even a village. They are fighting with each other. What are their claims? I will be the tyrant, no you will be the tyrant.
Pharaoh told the Bani Israel: "Your aim is to conquer our country and become tyrants. What you want is mightiness. Now the Jabbar/tyrant here is me. I am not going to leave you. One Jabbar is enough for this world." You, what do you want? Come and tell me. We are Allah's weak servants, we have not come to be Jabbars. We have not come for crushing. We do not crush and do not get crushed because our sword is La Ilaha IllaLlah Muhammadur RasuluLlah. Masha'Allah, Ya Rabbi. Because our spear is Bismillahir rahmanir rahim. In any direction we throw our spear, we conquer. We are on Allah's Way Jabr/mighty, to finish shaytan's army. We have might to make shaytan's tyranny burst on his head. We are an honorable people that come to finish shaytan and those on his way. We are Allah's servants and we are on Allah's Way mighty/Jabr - not for Dunya. We are Allah's soldiers coming to finish shaytan and those on his way. We are Allah's army. We're Jundun Min JunuduLlah. They don't say, "we're the opposition", "we're Ikhwani-l Muslimin." Leave all these! Say, "We're Judun min JunuduLlah". Our banner is: La Ilaha Illa Llah Muhammadur Rasulullah (sas).
O! How beautiful! How Pleasant! Therefore: Man Lam Yazdad Fil Ilmi Fahwa Maghbunun. 2 days, same person, no transaction for 2 days, no progress. Man Lam Yazdad Fil Ilmi Kulla Yawmin Fahwa Maghbunun/wasted. Even if all the treasures of the world are his, what is the

benefit? Nothing! The knowledge mentioned here is this. Are you teaching that? O Muslim World! The head of the Christian world said, "I am giving up this job." Why did the Pope say that? Why? "I couldn't teach these people anything. I couldn't teach to be servants to Allah I could not teach about My Lord and they ran away from me. That's why I am also leaving them. I am giving them up. These can never become Men. Those who don't know their Lord can't be human. Those are the ones after Dunya, after shatytan. What we told them is always opposite to what they want.

We speak for you to increase your knowledge. Do not pretend to be mighty/Jabr. If you have mightiness let it be against shaytan. But no one is fighting against shaytan. They are going around hand-in-hand with shaytan.Then they are complaining "the world is full of so many weapons!" Let them explode on their heads. He'll punish. Pharaoh with his army were drowned in the sea by the Lord Almighty. These people will drown in seas of fire till they come back to their sanity. Let them know themselves and say we are Allah's servants. Otherwise they will be wiped out. A flooding is coming. What flood? A flood on unbelievers. A flood of damnation is coming! Maybe one out of five people will remain alive or maybe one third or maybe only half. Because they give themselves full power. In might, the Russian say, I am the Jabbar. The American says, no. It is me the Jabbar. Who are you? The Chinese say Yahu what is this quarrel about? When was it ever your turn? And here it is one more above. They are the Jabbars. They crush, kill, finish and claim divinity. This claim is the worst. Allah disgraces those who make such a claim.

In the morning, get up on time and think and say BismiLlahi-r Rahmani-r Rahim. The Pope could not say it.He could not say BismiLlahi-r Rahmani-r Rahim. He knew that they wouldn't accept the lesson. So he said I leave them. I'll be alone with my Lord, call my Lord's Name. I won't be busy with anyone else. No one understood anything we said, The Holy Prophet, Prophet Isa (as) They moved him up and up to be God. "Kana ya’kulani t-ta'am". The person you turned into God, look at the grace of the Qur'an: It didn't state;" He goes to toilet" "Kana ya’kulani t-ta'am". They eat food. Then what happens? Toilet. How can one who goes to the toilet be God? What is this? What foolishness?

The Pope said "I will not interfere. I do not understand." You do as you understand. I give up." Our Lord, send us the one who can lead us to Your path, who can be our Leader. Send us the

Sultan to lead to Your path. "Alam tara ilal malai min Bani Israila min ba'di Musa, idh Qalu li nabiyyin lihumu ba'ath lana malikan nuqatil fi SabiliLlah". Qur'an-i Karim is teaching us. If you are to wage Jihad the you need a Sultan. You need a Sultan but you expelled the Sultans. Now you're alone, fighting each other. Is this how you understand? Hits both; the Muslims, today's slave Muslims and also to the Christians: You claim your Lord is in Heaven then you bring him down to a cross? What foolishness! What is this? You call him Lord then you bring him down, nailed on a cross. The Pope said:I don't understand. I abdicate. Who wants to be Pope can. Congratulations.

Our Lord send us one to show Your way. Send us Sultan, Mehdi (a.s). Let's say "La Ilaha Illa Llah Muhammadur RasuluLlah (sas). "Let's draw our swords and walk. Let's hit the soldiers of shaytan." Don't say Believers. The expelled Sultans are waiting. Allah said: For the sake of My Glory "Wa in udtum udna". Once you ruled world, now it's taken away because you left the Right Path. You left. If you turn back to Me I will grant you your old Kingdom. "Innal Quwwata liLlahi jami'an". Almighty Power belongs to Allah (jj) Our Lord, make us understand. Send us a Sultan. Send us one Lion. One is enough. Your banner is La Ilaha Illa Llah Muhammadur RasuluLlah. We will conquer West and East with this. May Allah not shame us, make us successful. Ya Rabbi, let us see those days. May He glorify us Our Lord. This is our wish.

Let's say Bismillahir rahmanir rahim. Al Fatiha.

Willkommen. O Allahs höchst geehrte Schöpfung, Mensch. Willkommen! Sagen wir zueinander As-Salamu `alaykum wa Rahmatullahi wa Barakatuh. Marhaba! Masha'Allah! Sagen wir As-Salamu `alaykum zueinander. Yawmun Jadid, Rizqun Jadid. Ein neuer Tag, eine neue Versorgung. Rizq, Versorgung, ist sowohl körperlich als auch geistig. Dastur ya Sayyidina! O gesegnte Hala Sultan und unser Shaykh, der Sultan der Awliya, Gesegnete, von euch allen erbitte ich Unterstützung, Himmat. Wir wollen kein niederes, unedles Leben. Ein ehrenwertes Leben, womit beginnt es? Es beginnt mit Bismillahi r-Rahmani r-Rahim. Ein Leben ohne das Bismillah ist niedriger als das der Tiere. Ein ehrenwertes Leben beginnt mit der Basmala Sharifah. Das

müßt ihr wissen!
Was sagte der Meister der Schöpfung (saws), der Sultan der Propheten, Hz Muhammad al-Mustafa? Was sagte dieser glorreiche Prophet? "Man Lam Yazdad" - Wer nicht zunimmt "Fi l-`Ilmi, Fahuwa Maghbunun" - an Wissen, ist ein Verlierer. Die tatsächlichen Worte sind ungefähr von dieser Bedeutung. "Kulla Yawmin Lam Azdad" - Jeder Tag, an dem ich nicht zunehme "`Ilman, Dhaka l-Yawm" - an Wissen, dieser Tag ist "Maghbunun" - verloren. Was bedeutet "maghbunun". Er wurde Abfall, verloren, verschwendet. Dies ist so eine Regel, daß darüber hinaus nichts gesagt werden kann. "Man Lam Yazad" - Wer immer nicht zunimmt, "Kulla Yawmin `Ilman Maghbunun" - an Wissen jeden Tag, ist "Maghbunun". Ihr findet die korrekten Worte dieses Hadith. Die Bedeutung von "maghbunun" ist verschwendet. Wenn Wissen nicht jeden Tag zunimmt, ist das Leben dieses Menschen, dieser Tag in seinem Leben verschwendet. Er wurde verschwendet. Er war ohne Nutzen. Furchtbar! 'Der Mensch' - es ist ein Hadith des Propheten (saws), 'der nicht zunimmt an Wissen jeden Tag, ist Maghbun, ein Verlierer.' Das bedeutet, wenn er nicht jeden Tag an Wissen zunimmt, wird das Leben dieses Menschen zu Abfall. Abfall! Wenn ein Tag verschwendet wird, bedeutet das, er ist weg.
Jemand sah einen anderen vor seinem Geschägt sitzen, den Ladenbesitzer. Gegen Abend ging jemand vorbei auf dem Markt. 'Yahu, Marhaba', sagte er, 'Warum seid ihr so traurig? Ich sehe euch traurig. Was fehlt euch?' Er antwortete: 'Unser Geschäft heute lief nicht so, wie wir wollten. Unser Handel brachte keinen Profit.' Ya! 'Was ist euer Handel?' 'Ich bin ein Lebensmittelhändler. Mit unserem Dienst hier verdienen wir unseren Unterhalt.' 'Euer Handel war also heute nicht so, wie ihr wolltet.' 'Nein. Weil der Prophet (saws) sagte: "Man Istawa Yawmahun Fahuwa Maghbunun." Zwei Tage zu haben, die genau gleich sind, bedeutet, verloren zu haben, wie der Prophet (saws) sagte: Er brachte keinen Gewinn. Deshalb sitze ich so da.' Das ist euer weltlicher Handel. Wegen eueres weltlichen Handels wurdet ihr traurig. Ihr sagtet, unser Geschäft war nicht erfolgreich. Wie geht euer Geschäft? Kann ein Auto ohne Benzin fahren? Nein. Aber ihr wollt euer Auto ohne Benzin fahren. Was ist das Benzin eueres Lebens? Das Leben braucht Benzin. Was ist es? Es ist das Suchen von Allahs des Allmächtigen Zufriedenheit.
O mein Herr, ich bin aufgestanden. Bismillahi r-Rahmani r-Rahim. Ich stand auf auf Deinem Weg. Für Dich bin ich aufgewacht. Für Dich laß mich leben, für Dich mein Herr. Laß mich nicht für diese Dunya leben. Derjenige, der für diese Dunya lebt, "Fahuwa Maghbunun", ist

verschwendet. Derjenige, der der Dunya nachläuft, ist verschwendet. Macht das bei Muslimen und Nicht-Muslimen bekannt, und laßt sie zugeben, daß es wahr ist. Wenn sie wollen, können sie behaupten, es sei nicht wahr. Heute ist für euch, es ist eine Barmherzigkeit Allahs des Allmächtigen. Allah der Allmächtige will, daß ihr mit offenen Händen betet: 'O mein Herr, öffne für uns die Tore des Rizq!' "Irzuquna Rizqan Hasanan Tayyiban." O Mein Herr, sende uns Halal Rizq. Laß uns nicht stehlen oder schlagen oder jemanden betrügen. Laß uns niemandes Feind sein. Laß uns den Wert der Menschen erkennen und ihnen dienen. O unser Herr, wir sind Deine Diener. Wir stehen in Deinem Dienst. Du befahlst uns: "Fas'aw fi Talabi r-Rizq." Allah der Allmächtige sagte: Geht und verdient euer Rizq. "Inna Ardi Wasi`atun fa Iyaya Fa`budun." Allah der Allmächtige sagt, Bismillahi r-Rahmani r-Rahim, "Inna Ardi Wasi`atun fa Iyaya Farhabun". "Fa Iyaya Fa'budun". Meine Welt ist weit, sagte Er. Wie weit? In der Dunya leben wieviele Menschen? Millionen, Milliarden. Wenn ihr sie alle nach Zypern bringt und sie Seite an Seite legt, wird die Insel für sie alle ausreichen! Diese riesige Dunya ist also nicht weit genug für euch?

Aber es ist Gier, wegen euerer Gier kommt ihr nicht zur Ruhe! Ihr wollt alles 'für mich'. Aller Reichtum ist 'für mich'. Alle Macht ist 'für mich'. Jede Überlegenheit ist 'für mich'. Jede Mächtigkeit ist 'für mich'. Euer Charakter wird dann wie sein? Fir`awn, Pharao, sagte dasselbe. Fir`awn sagte auch: 'Mächtigkeit ist für mich! Wer ist dann Allah der Allmächtige, euer Herr?' Hasha! 'Ihr kommt über uns, um uns auszulöschen und zu vernichten. Vor eueren Absichten wird meine Pharaonenheit zu nichts! Euere Absichten, Kinder Israels, euere ganze Anstrengung geht dahin, meinen Platz einzunehmen. Ich wurde der Besitzer der Schätze dieser Welt, und doch wurde ich nichts!' Er (Pharao) ertrank. Während er im Meer ertrank, sagte er: Ich glaube! Ich wünschte, ich hätte früher geglaubt. Ich wünschte, ich hätte gelernt, wie leer diese Welt ist! Ich wünschte, ich hätte mich nicht vom Charm dieser Welt mitreißen lassen. Hätte ich mich doch nicht von ihrer Magie mitreißen lassen! Wegen meiner Zauberer hielt ich mich für jemanden. Ich vergaß meinen Schöpfer. Ich sagte nicht Bismillahi r-Rahmani r-Rahim. Heute ertränkte Er mich. Ich ertrinke im Meer, sagte er. Ich glaube, sagte er. Allahu Akbar.

O unser Herr, sende uns einen, der uns lehren kann, von der Ummat Deines geliebten, ehrenwerten Dieners (saws). Damit er uns unterrichtet. Was für schöne Lehren das sind! Der

Prophet (saws) sagt 'Zunahme im Wissen', nicht 'Zunahme oder Abnahme an Reichtum'. Derjenige, dessen zwei Tage gleich sind, ist ein Verlierer, Maghbun. Das gilt nicht für weltliche Besitztümer. Was ist von Wert in dieser Welt? `Ilim, Wissen. Was ist von Wert im Wissen? Das Wissen von Gott, al-`Ilmu Billahi. Al-`Ilmu Billahi. Das Wissen und Anerkennen Allahs, das ist

Wissen. Euere Anstrengungen, den Dreck dieser Welt zu sammeln, nützen euch nichts und haben noch nie jemandem genützt. So ist heute die Tür für jedes Wissen im Zusammenhang mit dieser Welt geöffnet worden. Wer hat sie geöffnet? Shaytan öffnete sie. Sie wurde geöffnet von Shaytan. 'Öffne dies für die Söhne Adams, eine Tür, und mal sehen, ob sie in der Lage sind, zwischen Edelsteinen und Abfall zu unterscheiden. Shaytan zeigte den Weg. Geht hinter diesen her, geht hinter diesen her. Mal sehen, ob sie hinter dem Kadaver her sind oder hinter den Edelsteinen. Ihr wißt, der Eigner der Erden und Himmel, der Schöpfer des Menschen, Der mich auch gemacht hat, Der über sie herrscht, o mein Herr, jene sind hinter dem Kadaver her und jenen, die rennen, sage ich, sie sollen noch mehr rennen. Aber die dummen Leute lassen die Juwelen liegen und laufen hinter dem Kadaver her. Und ich bringe sie zum Laufen! Ich brachte Pharao dazu, zu laufen und am Ende ertränkte ich ihn. Er ertrank im Meer. Können sie mehr erreichen als Pharao?
Heutzutage wollen alle Menschen Tyrannen sein. Qawman Jabbarin, Tyrannen, Fiha Qawmun Jabbarin. Den Kindern Israels wurde befohlen, diese Stadt zu betreten. Ninwa, Niniveh. Tretet ein, sagte Er. Sie guckten und sagten, das ist eine sehr stark befestigte Stadt. Ihre Wächter sind alles Riesen. Vor ihnen sind wir nur eine Handvoll. Sie sagten, Fiha Qawmun Jabbarin - dort drüben sind Tyrannen. Wir können nicht hineingehen. Sie widersetzten sich S. Musa (as). Sie sagten, wir können nicht hineingehen, weil die Wächter dieser Burg so aussehen, Männer groß wie Minarette. Qawman Jabbarin, sagten sie. Aber nachdem Allah die Erlaubnis gibt, was ist die Macht von Qawman Jabbarin? 'Tretet ein in dieses Land!' 'Wir haben Angst, wir treten nicht ein!' Wer macht euch Angst davor, Allahs Befehle einzuhalten? Shaytan. Ihr kamt mit Shaytan zusammen. Ihr wurdet Shaytans Armee. Ihr seid nicht "min Junudillah". Ihr seid nicht von Allahs Armee. Ihr wurdet Shaytans, des Schändlichen, Armee. Was für eine Schande für euch! Allah lädt euch ein in Sein Paradies, und ihr geht nicht. Shaytan lädt euch ein in die Hölle, und ihr geht. Ihr könnt nie menschlich werden.

Hier ist die Bedeutung von zwei Tagen, die gleich bleiben. Es gibt viel mehr Bedeutungen. Es gibt vielfältige Bedeutungen, aber wo ist derjenige, der verstehen kann? Für die christliche Welt können wir es verstehen. Aber für die Muslimwelt, sie kann nicht Dunya und Akhirah erkennen. Der Große Herr und der Prophet (saws), was dann? Was ist die Dunya? Wofür ist sie? Wenn ihr das nicht lehrt, was lehrt ihr dann in den Schulen? Universität nennen sie es. Nichts! Lehrt über Allah. Wenn ihr nicht über Allah lernen wollt, was ist euer Wert? Sie sagen, es gibt Universitäten. Es sind alles Dinge ohne Wert, Dung. Was lernt ihr? Kommt, lernt das - über den Allmächtigen Allah, damit Er euch Macht gibt. Er sandte euch Wissen mit Seinem Propheten (saws). Nehmt von diesem Wissen, und ihr werdet nicht eine Welt, sondern 1000 Welten kontrollieren können. Heutzutage können sie keine Stadt, nicht mal ein Dorf regieren. Sie bekämpfen einander. Was sind ihre Ansprüche? Ich werde der Tyrann sein! Nein, du wirst der Tyrann sein! Pharao sagte den Bani Israel: Euer Ziel ist es, unser Land zu erobern und Tyrannen zu werden. Was ihr wollt, ist Macht. Jetzt ist der Jabbar, der Tyrann, ich. Ich werde euch nicht lassen. Ein Jabbar ist genug für diese Welt.

Du, was willst du? Komm und sag's mir. Wir sind Allahs schwache Diener, wir sind nicht gekommen, um Jabbars zu sein. Wir sind nicht gekommen, um zu vernichten. Wir vernichten nicht und werden nicht vernichtet, weil unser Schwert La ilaha illa Allah, Muhammadu r-Rasulullah. Masha'Allah, ya Rabbi. Weil unser Speer Bismillahi r-Rahmani r-Rahim ist. In jede Richtung, in die wir unseren Speer schleudern, erobern wir. Wir sind auf Allahs Jabr, Mächtigem, Weg um Shaytans Armee zu erledigen. Wir haben die Macht, um Shaytans Tyrannei auf seinem Kopf zerbersten zu lassen. Wir sind ehrenwerte Menschen, die kommen, um Shaytan und die auf seinem Weg zu erledigen. Wir sind Allahs Diener, und wir sind auf Allahs Jabr, Mächtigem, Weg, nicht für die Dunya. Wir sind Allahs Soldaten und kommen, um Shaytan und die auf seinem Weg zu erledigen. Wir sind Allahs Armee. Wir sind Jundun min Junudullah. Sie sagen nicht: Wir sind die Opposition. Wir sind Ikhwanu l-Muslimin. Laßt all das! Sagt: Wir sind Jundun min Junudullah. Unser Banner ist: La ilaha illa Allah, Muhammadu r-Rasulullah (saws). O, wie schön! Wie angenehm!
Deshalb: "Man Lam Yazdad fi l-`Ilmi Fahwa Maghbunun." Zwei Tage dieselbe Person, keine Transaktion zwei Tage lang, kein Fortschritt. Man Lam Yazdad fi l-`Ilmi kulla Yawmin Fahwa

Maghbunun, verschwendet. Auch wenn alle Schätze der Welt sein sind, was ist der Nutzen? Keiner. Das Wissen, das hier erwähnt wird, ist das. Lehrt ihr das? O Muslimwelt! Das Oberhaupt der christlichen Welt sagte: 'Ich gebe diesen Job auf.' Warum sagte der Papst das? Warum? 'Ich konnte diese Leute nichts lehren. Ich konnte nicht lehren, Diener Allahs zu sein. Ich konnte nichts über Meinen Herrn lehren, und sie liefen mir davon. Deshalb verlasse ich sie. Ich gebe sie auf. Diese können nie Menschen werden. Jene, die ihren Herrn nicht kennen, können keine Menschen sein. Sie sind jene, die hinter der Dunya, hinter Shaytan her sind. Was wir ihnen sagten, ist immer das Gegenteil von dem, was sie wollen. Wir sprechen zu euch, um euer Wissen zu mehren. Tut nicht so, als seid ihr Jabr, mächtig. Wenn ihr Mächtigkeit habt, wendet sie gegen Shaytan. Aber niemand kämpft gegen Shaytan. Sie gehen herum Hand-in-Hand mit Shaytan. Dann beschweren sie sich: Die Welt ist so voller Waffen! Sie sollen auf ihren Köpfen explodieren!
Er wird strafen. Pharao wurde mit seiner Armee im Meer ertränkt durch den Allmächtigen Herrn. Diese Leute werden in Feuermeeren ertränkt, bis sie wieder zu Sinnen kommen. Sie sollen sich selbst kennenlernen und sagen, wir sind Allahs Diener. Sonst werden sie ausgelöscht. Eine Flut ist im Anmarsch. Welche Flut? Eine Flut auf die Ungläubigen. Eine Flut der Verdammnis ist im Anmarsch! Vielleicht einer von fünf Leuten wird überleben oder vielleicht ein Drittel oder vielleicht nur die Hälfte. Weil sie sich selbst volle Macht geben. An Macht, sagt der Russe, bin ich der Jabbar. Der Amerikaner sagt: Nein. Ich bin der Jabbar. Wer bist du? Der Chinese sagt: Yahu, worum geht es in diesem Streit? Wann ward ihr jemals an der Reihe? Und hier ist noch einer über euch. Sie sind die Jabbars. Sie vernichten, töten, erledigen und beanspruchen Göttlichkeit. Dieser Anspruch ist das schlimmste. Allah bringt jene, die so einen Anspruch erheben, in Schande. Am Morgen steht rechtzeitig auf und denkt und sagt Bismillahi r-Rahmani r-Rahim. Der Papst konnte es nicht sagen. Er konnte nicht Bismillahi r-Rahmani r-Rahim sagen.

Er wußte, sie würden die Lektion nicht annehmen. Also sagte er: Ich verlassen sie. Ich werde allein mit meinem Herrn sein, den Namen meines Herrn anrufen. Ich werde mit niemand anders befaßt sein. Niemand verstand, was ich sagte. Der heilige Prophet, der Prophet Isa (as), sie erhöhten ihn und machten ihn zu Gott. "Kana Ya'kulani t-Ta'am." Die Person, die ihr zu Gott machtet - seht die Anmut des Quran: Er führt nicht aus, 'Er geht zur Toilette' - "Kana Ya'kulani t-

Ta'am" - Sie nehmen Nahrung zu sich. Was geschieht dann? Toilette. Wie kann einer, der zur Toilette geht, Gott sein? Was ist das? Welche Dummheit? Der Papst sagte: Ich mische mich nicht ein. Ich verstehe nicht. Ihr tut so, wie ihr versteht. Ich gebe auf.
Unser Herr, sende uns den, der uns führen kann zu Deinem Weg, der unser Führer sein kann. Sende uns den Sultan, um zu Deinem Pfad zu leiten. "Alam Tara ila l-Malai min Bani Israila min ba'di Musa, idh Qalu li Nabiyyin lihumu b'ath lana Malikan Nuqatil fi Sabilillah." Der Quran-i Karim lehrt uns. Wenn du Jihad führen willst, brauchst du einen Sultan. Du brauchst einen Sultan, ihr aber habt den Sultan ausgetrieben. Jetzt seid ihr allein und kämpft gegeneinander. Ist das, was ihr versteht? Es trifft beide: die Muslime, die heutigen versklavten Muslime und auch die Christen. Ihr beansprucht, euer Herr ist im Himmel. Dann bringt ihr ihn herab an ein Kreuz? Was für dummes Zeug! Was ist das? Ihr nennt ihn Herr, dann bringt ihr ihn herunter, nagelt ihn ans Kreuz? Der Papst sagte: Ich verstehe nicht. Ich danke ab. Wer Papst werden will, kann es. Herzlichen Glückwunsch. Unser Herr, sende uns einen, der Deinen Weg weist. Sende uns den Sultan, Mahdi (as). Sagen wir La ilaha illa Allah, Muhammadu r-Rasulullah (saws). Ziehen wir unsere Schwerter und marschieren. Schlagen wir die Soldaten Shaytans. Sagt nicht Gläubige. Die verstoßenen Sultane warten. Allah sagte: Um Meiner Herrlichkeit willen "Wa in Udtum Udna". Einmal beherrschtet ihr die Welt, jetzt ist sie euch genommen, weil ihr den Rechten Pfad verlassen habt. Ihr habt ihn verlassen. Wenn ihr euch wieder zu Mir wendet, gebe Ich euch euer altes Königreich zurück. "Inna l-Quwwata Lillahi Jami'an". Die Allmächtige Macht gehört Allah (jj). Unser Herr, laß uns verstehen. Sende uns einen Sultan. Sende uns einen Löwen. Einer ist genug. Dein Banner ist La ilaha illa Allah, Muhammadu r-Rasulullah. Wir werden West und Ost damit erobern. Möge Allah uns nicht beschämen, uns erfolgreich machen. Ya Rabbi, laß uns diese Tage sehen. Möge Er uns preisen, unser Herr. Das ist unser Wunsch. Sagen wir Bismillahi r-Rahmani r-Rahim. Al Fatiha.

## Only Losers Run after Dunya

Dastoor yaa Sayyiddi, madad. Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullahi wa salaamuh thumma 's-salaam `ala jami`ee'l-anbiya wa 'l-awliya wa `ala Saahib az-Zamaan wa `ala Qutb al-Mutassarif fi 'd-dunya maa bayna al-mashaariq wa 'l-maghaarib. Zidhu yaa Rabbee `izzan wa sharafa zidna bihim yaa Rabbana hulman wa ta`atan wa `izzan wa sharafan wa nooran. A`oodhu billahi min ash-Shaytani 'r-rajeem, Bismillahi 'r-Rahmaani 'r-Raheem.

O People! As-salaamu `alaykum. This heavenly salute is for believers. Unbelievers, they are not asking. If they are not asking, they will be in bad conditions and also in unrest; they will be unhappy and in a position of dishonor. There will be no honor for those who are not interested in a heavenly salute, here and Hereafter! And we are asking forgiveness for ourselves and for everyone from Mankind who is living on this planet.

O our Attenders! As-salaamu `alaykum. Don't be always `aboos al-wajhi, "frowning faced." Don't be like those who are always showing through their faces that they are in unrest, unhappy, and aren't successful ones. Allah Almighty is not loading on His servants a heavy burden. Allah Almighty is never saying to His servants, "Run after dunya and collect so many things." Never is Allah Almighty urging His servants to be rich ones for dunya. Never is He (swt) saying, "O Mankind! Run after dunya and collect so many things." He is never offering this.

O our common Attenders! What is your opinion? What have you learned from the messengers' messages and from holy books? Say, if you are believers! Say, "We learned that our Creator is not urging Mankind to run after dunya to collect it."

O Salafi `ulamas? Where are you? Why are you not saying this and teaching people? You are only running to be `ulamas, such learned ones, doctors, that one and that one. No, you are just kulif, granted knowledge for what you learned. Did you learn for your knowledge to be for you only, and not to give to people? Because common people can't learn everything. But you are saying, "We learned from childhood, we are trying to learn more and more and more." I understand that you learned, but for what? To say, "That is Shaykh Kirmani, a famous learned person, Shaykh Dumani is a big `alim or a big learned person, Shaykh Tijani is known as a big `alim." To be said that you are such a big `alim and you are asking to be respected? So many names we may say of those of you who have learned that heavenly knowledge. For what, to keep it to yourself?

What is the benefit to keep that knowledge to yourself? It is a heavenly grant to `ulamas, particularly those who claim, "We are Wahabi `ulamas or Salafi `ulamas," or, "We are Salaafiyoon." Why are you not teaching people what was the heavenly order to Mankind? Say! What was their mission and heavenly offer? Which thing? Say! Did the Lord of Heavens offer His servants to collect dunya? Say! To build high buildings, or save trillions or billions worth of gold and jewels? And the heavenly ones are particularly addressing people in holy places, kings and princes and shaykhs and rich ones, because Salafiyoon are living under their wings, showing off, that they are something when really they are nothing!

Why are you not saying this to mulook and umaraa and shaykhs, who are saving billions and trillions? Is it for this purpose that Allah Almighty is sending prophets to teach people, that they should collect dunya? For what? And if they are doing wrong, what can we do? People from holy lands are collecting billions, trillions, coins, petroleum, and this and that. What should we say? They are our leaders, who are saying, "We are taking people to the right way."

If the right way is to collect gold and to build high buildings or to marry beautiful ladies and to enjoy themselves, if it is a heavenly order for Mankind, what are we going to do? There is no possibility for us because all of us can't be kings or umaraas or shaykhs. No. And Allah Almighty, with His Divine Justice, is

giving the same level for all of Mankind. And Allah Almighty is always, through His holy book, al- Qur'an al-Kareem, saying, Ayyuha 'n-naas, "O Mankind, O Human nature!" Yes, He is making a distinction between Mankind, saying, •••••• •••••••••••• •••• •••••• •••••••• inna khalaqnaakum min dhakarin wa unthaa. "Verily we created you (Mankind) from male and female." (49:13) (Mawlana Shaykh stands and sits) Why are you not saying this? That is a holy command to all prophets.

The Seal of Prophets (s) was never leaving one coin, never leaving anything from dunya. Which way are you following? O our oolu 'l-amr, "those in authority," our kings and mulook who are claiming they are holy ones, saying, "We are special, chosen ones." Who is choosing you, that you are chosen, that you are an exception, that you can save gold and build high buildings? Is there such a command in holy books or in our Prophet's declaration? Show us that Allah Almighty is giving a chance to you and with that chance you are accumulating billions of coins, hundreds of high buildings, hundreds of cars, hundreds of ladies. Who is giving that authority, that chance to you?

On the Day of Resurrection, the mulook will come and catch the Salafi `ulamas first, saying, "Why were you saying to us that the Lord of Heavens offered us to save many more coins and to have so many high buildings in east and west, in holy places?" SubhaanAllahi 'l-`Aliyyu 'l-`Azheem!

O Salafi `ulamas! You are saying, "We are mu'mins," and you are building towers of Nimrod in holy places! And we are saying it is not a good thing to make so many high buildings here. What must we do? Their ladies are saying, "O my darling! We may go to London or New York or Paris, or to Monte Carlo, western countries. Why are we sitting here?"

"O my darling! We built such a high building to be happy, but you are saying that we may go to Monte Carlo?"
"Where, O my darling?"
"We must keep the order of Holy Prophet."
"What did he say?"
"I forgot."
"But I did not forget. The Holy Prophet was saying, •••••• ••••• • ••••••'Saafiroo tasahuru wa turzaqu, "travel about, you will awaken and you will be provided sustenance."
"I never heard this fatwah. I must ask our Salafiyoon if they gave a fatwah, that we may save ourselves in the

Divine Presence!"

(Mawlana stands and sits) Mashaa-Allah, mashaa-Allah. What is Allah Almighty saying? O Salafi `ulamas, why are you not reminding mulook and other ones what Allah Almighty is saying? (Mawlana Shaykh stands) asta`eedhu billah. •••••••••• ••••••••••• ••••• ••••••••• ar-rijaalu qawaamoon `ala an-nisaa, "Men are maintainers and leaders of women." (4:34)

So many times we are reciting Holy Qur'an, but we are not paying attention, we are not understanding which surah was this? "We are saying, O our Salafi `ulama, you are knowing which surah is this?" "Yes, our Majesty, Allah Almighty is saying, ar-rijaalu qawaamoon `ala an-nisaa but we are fearing to say this to our mulook because they will blame us. Therefore, we are not saying anything." (Mawlana Shaykh sits) Yes, sir. Yes, sir. We are saying, "We are fed up here with sand and deserts. No, we like to be like east and west, to have beautiful places. We like to enjoy ourselves. We have the possibility, why are we sitting here?" "Be patient, O my beautiful one. Don't be angry, my princess one. I may kiss you. Don't be angry. We may prepare for a short trip to other countries to be happy, so don't be angry with us."

O Salafi `ulamas! Where are you? I am not making a scenario here, or theater or cinema. But this is my lowest level with people and they are making me speak to you because you are on the lowest level. Who is on the lowest level? Oh, our Wahabi `ulamas; you are saying, "We are very, very happy to go to western countries for the sake of making tabligh, to call people to Islam. Therefore, we must go there."

That is the Wahabis' understanding, because they are saying, "We must go everywhere in western countries, we can enjoy ourselves first and we are saying to mulook we are calling people to Islam." No, you are not calling people to Islam and you are not calling people (Mawlana Shaykh stands) to Allah Jalla Jalaaluh and His Prophet (s), most beloved one, most honored one. (Mawlana Shaykh sits) But that is your mentality, to go to western countries. And you are saying to His Majesty, the King, "We are doing our best to go to western countries and call people to Islam. Therefore, we must build or buy high buildings, we must dress as Europeans or western countries' dressing, and we must put ornaments."

They are all liars! Come take care of people in Muslim countries first, then go to western countries! Don't be heedless!

O Wahhabiyoon! Don't think that no one knows what you are doing. Without speaking there are some ones who know your intentions! Therefore, you are always unsuccessful and your faces are always in darkness. Yes, their mentalities must be taken away. First we should arrange everything in Islamic countries so that western countries are running to you to see the life of Muslims, and they will find realities of Islam, Deen Allah, Deen al-Haqq! May Allah (swt) forgive us.

O our Attenders! Don't be heedless and ignorant. My English is so bad, but if you are hearing and thinking about it, you can understand. Fear from Allah Almighty! (Mawlana Shaykh stands)

O our Lord! We are so weak ones, we can't do anything on our egos, we are weak servants. Forgive us, for the honor of the Seal of Prophets, Sayyidi 'l-Awwaleen wa ’l-Akhireen (s)! (Mawlana Shaykh sits)

Fatihah.

(34 minutes) Good, that is enough. It was a heavy bombardment.

(852 viewers today) Alhamdulillah, it is going up. Allah makes them understand. Tawbah yaa Rabb! Tawbah yaa Rabb! Tawbah, astaghfirullah.

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

(Mawlana Shaykh speaks with Shaykh Hisham Effendi on the phone.)

Ya Rabb Zid Habeebika Sayyidina Muhammad, Sayyidi 'l-Awwaleen wa'l-Akhireen,`izzan wa sharafan, nooran wa surooran, ridwaana wa sultaanan. taqabal ma'adhiratanaa yaa Rabbana. (Mawlana Shaykh sits.)

Thumma as-salaamu `alaykum yaa `ibaadAllahi 's-saaliheen, that you have been granted holiness from the Lord of Heavens. We are in need of your support. And as-salaamu `alaykum yaa al-Qutbu 'z-Zamaan, Yaa RijaalAllah, whom they are giving everything for the sake of the Lord of Heavens. With their good will, they are saying, `an `abdun wa maa yamlikuhu li sayyidihi. A`oodhu billahi min ash-Shaytaani 'r-rajeem, bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands.) Yaa Rabba 'l-`ibaad irham da`fanaa, irham da`fanaa (Mawlana Shaykh sits.) We are Your weak servants, O our Lord, the weakest ones. If the whole of Creation is going to be in one atom. Can be. What is your opinion? Common people are asking those that claim, "We know Allah." That is a question for all holy ones or for those who claim that they are learned

people, or that they know everything. Madad yaa Saahibu 'l-Imdaad, to make clear something that our Creator likes to be known.

Bismillahi 'r-Rahmani 'r-Raheem. We are saying, O Salafi `ulamas! O Doctors of Shari`ah! O so many with such `ajaaib, bright titles about something that belongs to Islam. Islam is universal. When you say, "Islam," it is a universal reality. Islam reaches everything, it reaches every atom in existence. It may be of material aspects, the smallest part of the material world, they call, atoms. They say that atoms are such incredible things fawq al-`adaa, khaaliqu 'l-`adaah, SubhaanAllah! Incredible! Every atom represents its Creator! When an atom represents the knowledge that belongs to it, Man's understanding can't reach it. Each atom must give a complete representation according to its understanding level, about their Creator. For everything, this must be.

O `ulamas! O learned people, and book-given people ("People of the Book," Christians and Jews), you also must listen and you must try to understand. No arguing! What we are saying is not for argument, it is only to say, "Yes, this is true." There is no argument about divinity! This huge appearance of the world, if you may divide it into smaller and smaller and smaller, juzun laa yatajazzaa, until you reach a point where it is impossible to divide it, then what is remaining? If there is something, then it can be divided. This means that all Creation comes to the point of zero, finished, when this huge space, this universe, can't be further divided. That means all Creation comes to zero! Laa mawjooda ill-Allah. Are you understanding, Salafi `ulamas? They are making me speak on this because you claim that you know something. There is a brilliant ifaadah, a saying or expression in Arabic verse. You must understand what has been said, isma`! Listen, O `ulamas, listen! Fa-fee kulli shayin lahu ayaah, in everything there is a Sign of God. This is an ocean. Kulli shay, even the last point where it is impossible to be divided. Fa-fee kulli shayyin lahu ayaah, tadullu annahu Waahidun, "In everything there is a Sign of God that signifies He is One." (Mawlana Shaykh stands.) Subhaanah wa t`aala. (Mawlana Shaykh sits.)

That is an ocean! Everything is witnessing that it has been ordered to do what is its mission. Everyone must do his mission. What is their mission? To say, "Only He is in existence, (Mawlana Shaykh stands.) Only Allah Almighty and nothing else!" (Mawlana Shaykh sits.) That is the meaning of laa mawjooda illa-Llah. Everything witnesses and disappears. Laa mawjoodah illa-Llah. There can't be in existence ghayr-Allah, where it is impossible to be divided. Everything in existence reaches the last point and giving the declaration

that only He is in existence and nothing else and then finishes.

Where are they going and who is making that declaration? Whoever makes that declaration, just enters Wahdaaniyat, Unity Oceans and disappears, as a drop that comes from the clouds when reaching the ocean, its identity just disappears; identity is only for the ocean. You must try to know something they are saying, O `ulamas, Azhari `ulamas, and Christian learned people, and Jewish holy people, what are you saying? There is no comment on it. Finished. Finished. And we are coming from Unity Oceans, appearing and giving our declaration, "Annahu huwa waahidun," and running into oceans of Divinity. Divinity Oceans. Therefore, this knowledge gives honor to servants. They are not in need to come for a second time, to be tried or to be asked for the declaration, "Annahu huwa waahidun!" Enough, finished. This is a simple explanation.

Therefore, the Seal of Prophets (s), Sayyidi 'l-Awwaleen wa'l-Akhireen, Sayyidina Muhammad, (Mawlana Shaykh stands and sits.) when he was asked about afdalu 'l-`aamaal. Do you understand Arabic or not? Leave being Wahabi or Salafi! No, come and try to be muwahhid. Muwahhid is one who says laa ilaaha illa-Llah Huu. Come to that point, and accept this. When the Seal of Prophets (s) had been asked what is from the best work or best action of a person? What is afdalu 'l-`aamaal? What is that `aamaal, the best effort, the highest point of effort? The Seal of Prophets said, "Al-`ilmu bil-Llah," the knowledge of Allah.

People were surprised. Why were they surprised? Because they were asking for something that a servant may do, something that belongs to our physical being's efforts. But his answer was that it never belongs to the effort of our physical being, but it is beyond that, beyond! The answer of the Seal of Prophets (s) was very high, because what we are doing physically of `ibaadat, worshiping, is so majaal. As when a horse runs in it's track, an area that is it's majaal. Everything that belongs to our physical being and its efforts has a majaal, an area that we are in. But this station that the Seal of Prophets (s) was expressing is beyond our efforts. The 'drop' comes and it has a majaal, it has a being through its creation and when moving from its appointed point and then leaving it's majaal, it reaches an ocean, and its identity simply disappears. There only remains the Identity of the Lord of Creation. You understand American (to Dr. Munir, sitting next to him)?

That hadith an-nabawi ash-shareef is such an ocean, such an ocean. Afdalu 'l-`aamaal, what can you do that is the most valuable action in your whole life? Say, Salafi `ulamas, Azhari `ulamas, say whole learned people! Is it to ride a horse your whole life? Or is it to use that horse to reach the Divine Presence? It is not important

whether you are on a horse or a donkey, or walking or running, but why are you doing that? For what are you praying, for what are you fasting, for what are you doing so much maajaabihin Nabi? Is that what Prophet (s) brought and taught people? Is that our real target? No.

On the Night Journey of Seal of Prophets (s), he rode from Meccat al-Mukarramah to Quds ash-Shareef. What do you think was the real target? To ride the Buraq? And then Jibreel (a) brought him to the stairs, one after one, one after one, until they reached the real target, the Divine Presence and Jibreel (a) said, "I cannot move even one hair from here, to there, I will be finished. But you O Muhammad! (Mawlana Shaykh stands and sits.) You can pass! You are matloob, the only one invited to that Divine Presence, no one else. That ocean is only for you, no one else."

Therefore, what we are doing, is not a target for ourselves, the real target is to reach through that Infinity Ocean up to the Divine Presence. There you are going to say la ilaaha illa-Llah, laa ilaaha illa-Llah, laa mawjooda illa-Llah, laa mawjooda illa Ant! "There is none in existence except You." You must learn, it is not a simple thing that we have been granted. We have been granted such a big grant, that only He Who granted it knows. Therefore, •••••••• ••••••••••• ••••• ••••• wa laqad karamnaa Bani `Adam. "Surely We have honored the Children of Adam." (17:70) What is the real takreem, real honor that has been granted Man? (Of that) we know nothing.

O Allah, forgive us. We are running after earthly pleasures and we are running to reach some material aspects. Forgive us and make an opening that we may understand something. When we understand something, we will be in Divine Oceans of Unity. Welcome listeners. We are amusing ourselves as animals are amused, and we are so proud! We are saying, "We are Mankind!" (How are we Mankind?) For what? Because we are amusing ourselves with material aspects? In the animal world, they are amused by that. And it is a blame for all Mankind if they are not understanding. May Allah forgive us.

Fatihah.

# THE LOVE CENTRE OF THE HEARTS and the LOVE OF THE MOST BELOVED OF ALLAH

Oh Allah Almighty, give me your love,
and the love of those whom you love and the
good actions that will lead me to your love.

Prayer of the Prophet Muhammad (sal)

May Allah Almighty make us to be with his friends. It is difficult to be a friend of Allah as it may be too big for us, but at least we must try to be a friend to his friends. I never claim that I am a friend of Allah and I am ashamed to say, “Oh my Lord, make me one of your friends” but I am asking from Lord Almighty Allah that He grants me to be with His great friends, and to be the friend of His friends. This is the lowest point of Iman and below this level there is no level. As for him who loves the friends of Allah, even if he does not do any other good actions it should be a reason for his safety. It is impossible for that person to die, having a bad end (inhatima). Yes, he is never going to have a bad end. That Muhabba, that love, which is through his heart, keeps him with the friends of Allah. Islam was built on the foundation of love from the beginning to the end.

Firstly Seyyedina Muhammad (sal), he is the beloved of Allah. Allah loves him and therefore his composition is mixed with Divine Love. He became Habibullah (the most beloved of Allah). Almighty Allah granted to him from His Divine Love. Seyyedina Muhammed (sal), was taking from Almighty Allah this Muhabba, this Divine Love and giving from this to his Sahaba (the Companions of the Prophet). If he was not giving this Divine Love to his Sahaba, his Sahaba would not have been able to love him.

Hazarat Omar who loved the Prophet Muhammad (sal) so much told him one day, “Ya Rasoolullah (Oh Messenger of Allah), I love you, I love you more than my family and my children excepting for the love that I have for myself.” Then the Prophet (sal) said to him, “Ya, Omar, till you love me more than your own being, you will not be able to reach to kamal ul iman (Perfect Iman). The Prophet (sal) by saying this, made Seyyadina Omar to improve from the level that he was in, into what the Prophet (sal) was asking of him. This is a miraculous power of Rasoolullah (sal) Mujizah). From that very instant, in that very moment, he made Seyyadina Omar to say that he loved him more than his own being. Rasoolullah quietly took him to that point. All the Sahaba loved Rasoolullah (sal) from their souls. Don’t think that the above was only for Seyyadina Omar, no, it is open for the whole Ummah of the Prophet Muhammad (sal) and for all the nations. Yes, any one may be able to love the Prophet Muhammad (sal) even more than his own soul.

The Sahabas were full of love for the Prophet Muhammad (sal). They were full of this Divine love. Muhabbah. It was with this feeling of being fully in love with Rasoolullah (sal), that they traversed through the East and West giving the Prophet’s message to all people. They did not know their languages when they preached through all nations. When they were preaching, people gathered around the Sahaba and listened to them even though they did not speak their language, but the love centre in their hearts were speaking to them. May be they recited only the Holy Quran but that love through their reciting reached to the hearts of the people. It was because of this that it was possible for Islam to spread from East to West even in such a short period of time of a quarter

century, twenty five years. That is a miracle. If the Europeans had the intelligence to think on this point they would have submitted to Islam. They would have said “Ashadu An La Ilaha Illallah Wa Ashadu Anna Muhammad ur Rasoolullah” (I bear witness that there is no God but Allah and I further bear witness that Muhammad is the Messenger of Allah).

Such a revolution had never happened on the face of this earth so that in such a short time a new religion became established through the East and West throughout powerful nations. Rasoolullah (sal) changed nations and this was a big miracle, but today these fanatical unbelievers and fanatical enemies of reality (mutassim) never think on this point. How is it possible that one illiterate person, through an unknown desert, and who came from an unknown people, was able to get up and say “la ilaha illahllah” and also to say “I shall be victorious, I have come to destroy falsehood (batil)” and he destroyed it, and was also victorious. But the Europeans are not able to think on this point as they want haqq (truth) to come from themselves not through Islam.

Yes we were saying that Muhabbat – love made Islam enter into the hearts of all these nations. The Sahaba went all over the world from the far East to the far West. Perhaps to more than seventy nations and preached to people who spoke more than one hundred languages. The Sahaba only knew to speak Arabic. How did they address them. How did they make Da’wah (preach), and Islam go into their hearts? You speak, only with the tongue and not from the heart and therefore no one listens to you. But your hearts must say “minal kalbi minal dalwish a lilaa”. We are trying to bring that method back to the Umma today through the tariqats. We want to bring love back to the Ummah, (nation of the Prophet) because without love you won’t be able to make them into one people, in the land.

If you are unable to give Muhabba – love to the hearts, you won’t be able to connect up one world with another. Our aim is to make the Ummah to love each other. It is impossible for the Ummah to love each other without meeting on the love of Allah. Only the one who meets on the same lines can be together. There shall be no jealousy, no

hatred and no enmity among themselves. When a person meets another through the Divine Love Oceans how can there be jealousy, hatred, enmity and envy. It is impossible. Yes, it is impossible.

I am foreigner to this country and yesterday I met some people and they were all new ones to me. They were all fighting to get to me, pushing this way and that, kissing my hand and trying to get something from me. How is this love coming through them for me. I have never seen them before. They meet me only once and they are trying to attack me with their love. From where is this love coming? It is coming from the secret power of Iman, from a secret line of the Prophet (sal), and it is coming from heart to hearts. Only hearts will understand what I say. Yes that is important. We are asking that this love would be common through the whole Muslim community. They must be in love.

The leaders of the Quraish came up to the uncle of the Prophet (sal) and said to him, “Tell your nephew that we will give him anything that he may ask for. We will give him what he wants from our properties and from our daughters. Yes we will make him to be even our king. The only condition is that he should stop his preaching”. The uncle of the Prophet conveyed this to him and the Prophet replied, “Even if they give to me the sun in my one hand and the moon in the other I shall not stop my preaching, and I am not asking anything from them in return, for my preaching”.

That was the foundation of Islam and the Prophet (sal) trained his Sahaba in this fashion. They only say “illahi antha maksoodi” (Oh our Lord, Allah we are asking only for Your pleasure so that You may be pleased with us, that is our aim, nothing else). In Da’wah we are not asking for anything from you, neither for us or for the people of our country. My aim is to make that Divine Love that is in my heart to be able to reach to the hearts of believers. Do you think that this love contained in our hearts is not enough for all nations? Don’t be in doubt. Even if one heart reaches to Divine Love, the love from that heart is enough to reach to the hearts of the people of all nations.

Have you heard about the well of Zam Zam. Even if all nations were to use its water it would not empty. It is impossible. Likewise hearts, that is more important. The Divine Love that runs through our hearts is enough and more for the hearts of the people of all the nations. If Allah is willing (Insha Allah) we hope that this is a grant from Allah Almighty to me, and to you, and we hope that we can make Divine Love to reach to the whole of mankind and through this to make them alive, never to die and to have everlasting life.

## Love Gives Us Life

Tariqatunaa as-suhbah, our way or `ibarah, expression, is, "association with the shaykh". Shah Naqshband (q) said this 20,000 times in his holy life. Wa 'l-khayru fi 'l-jam`iyya, "and blessings will be with the meeting of brothers." Meetings that are in coffee shops, cinemas, or theaters are not blessed meetings. Blessed meetings are when people come together for the love of Allah (swt). And now Allah is running through hearts with dhikr, giving familiarity to people. If there is no dhikr, that meeting is also going to be useless! Dhikrullah takes away wildness from egos and brings familiarity. You may look after your brother; you like to see him every time, and that meeting is going to be blessed by Allah Almighty. There are such meetings, like we are here now, and you are not coming for me, but for what I am representing and what I have been granted from our Grandshaykh (q), and to him from the beloved servant, Sayyidina Muhammad (s), and to him from his Lord, Almighty Allah!

Divine Love Rivers run from endless Love Oceans of the Lord, Almighty Allah. If one drop comes on Earth, it will make everyone forget this life and be far away from themselves, drunk in the love of the Lord, Almighty Allah, and who represents the Almighty, Rasoolullah (s)! One drop is more than enough, not for this world, but for the universe! That river is running from that ocean to the heart of Rasoolullah (s), and he is going to give, to make his ummah drink. It is a meeting that awliyaa are asking for, to make people drink from them.

And the Most Distinguished Naqshbandi Order, whose main pillar is Sayyidina Shah Naqshband (q), is saying that our tariqah is built on such an association, giving divine love through the heart of Prophet (s) to our hearts, thus giving divine love to people. Love makes people alive; without that divine love, people are dead!

Therefore, `Ashiq Yunus, one of the famous lovers for divine love, said, "Who reached to divine love through his heart is never going to die. Who dies is an animal." Animals die, not lovers, and if love is coming through our hearts, it is making every part of our body alive, every cell to be young and alive. People use creams to take away wrinkles; they are very anxious to take away this. Use divine creams, let divine love to come through every cell to be young, to be beloved ones and alive! You may even put them in the graveyard, but their bodies never change; they remain the same, fresh!

I met such a person in Damascus, Shaykh Hassan al-Jibawi (q), Allah bless him, who was buried 500 years ago. The government opened a road and wanted to take him from his tomb. I was there looking when people came to open his grave to take him to a new place. He was as if he was sleeping. If you rubbed his face, blood returned and his cheeks were red. His beard was full, not like my beard, too much white now. His skin was the same. When his grandson took him out, he put his hand under his head to put him in a new coffin in another graveyard. Then Shaykh Hassan (q) lightly slapped his grandson's cheek. His grandson was not an ordinary person; an ordinary person can't take this, he may faint. And he said, "O my Master!

••••••••••• •••••• •••••••••••• ••••••••••• ••••••••• •••••••• •••••••

Ati`oollaha wa ati`oo ‘r-Rasoola wa ooli ‘l-amri minkum!"
Obey Allah, obey the Prophet and those in authority among you. (an-Nisaa, 4:59)

He surrendered, saying, "O Master! Allah Almighty ordered to first obey Him Almighty; then secondly, to obey His Prophet (s); and third, to obey His rulers. I cannot (disobey)! They are rulers." And Shaykh Hassan surrendered.

Then they began taking him away a little further, maybe 200 yards. They had to pass through some traffic lights. It took them two hours because people were asking to reach his coffin, to carry it and to be honored by such a grand wali. And his coffin passed over the fingers of the carriers, but their fingers were not touching

his coffin (it levitated slightly above their reach), taking him there. Grandshaykh (q) was there for seven years in seclusion in the same zawiya, same tekkia.The first night when Grandshaykh (q) entered Damascus they gave that dargah to him. Shaykh Hassan (q) entered and welcomed Grandshaykh (q), and Prophet (s) was there, saying "This is my descendant, Shaykh Hassan al-Jibawi (q)." Grandshaykh (q) was in that dargah for seven years. I met him there in 1944.

That divine love gives real life. They are coming on the Day of Resurrection with this body, but mostly people are going to be dust, finished. There is only one small cell at the back side of the body that is protected by angels. Even if the body falls in acid or is burned, that cell will be protected. And from that cell will come a new beginning, just how a body comes through the womb of the mother from one cell. And when Qiyamah, the Day of Judgment, comes, this world will be empty for forty days; there will be no life of any kind, finished! There will only be rocks and earth, no plants, no animals, no Mankind, no living creature whatsoever! Only Earth will appear as a vast plain. Entire mountains will be changed by huge and terrible earthquakes, making everything like sand. Grandshaykh (q) said, "You will not be able to find a stone even the size of this fist. All will be like sand. If a person looks from east to west, they will see no mountains, nothing. Those forty years will be empty."

Then there will come a rain. There is an ocean under the Divine Throne; its water will rain on Earth. It is the water of men. It will be raining continuously and reaching underground 70 yards. It will come down and the Earth will be drinking and drinking. Then those cells will open with that rain. And our bodies, instead of coming through the womb of mothers, from underground, Allah Almighty will create our bodies once again. But those people who are alive with Divine Love, no need! Their same bodies will appear on qiyamah, the Day of Resurrection, as they have been honored. They will come like suns shining, coming. They will be known through those lights. And they are awliyaa (saints) and anbiyaa (prophets), all of them will be known. Others are taking noor, lights from them. Everyone is reaching them, or one of them; they are like magnets. Every prophet and saint is carrying their ummah or carrying their followers. All Grandshaykhs have that; people running after them to reach to those lights.

Therefore, the most important mission of prophets is to give Divine Love. When divine love comes, they will be happy (to fulfill) any order. They will be happy! Orders are never going to be a burden on them. Who loves, never feels a difficulty when he has been ordered by his Beloved one. When a person is in love with

their Lord and with the Lord's beloved servant, Sayyidina Muhammad (s), they are happy and are in enjoyment with the Lord's orders.

Rab`ia al-`Adawiyya (q), one woman, one lady, was from 1300 years ago. Her name is always being remembered. Her name is very well known and has been spoken of her. So many emperors and sultans died and are now finished but her name is still living; and she was a lady. And through the Islamic world, through Muslims, I don't think that whoever is interested in their religion, has not heard about her. Everyone from east and west, now and before, is mentioning her. She is saying, "O my Lord, I am not that one who is worshiping You fearing from Hells or for Your Paradise, but I am worshiping You for Your love. For Your love! I love You, O my Lord! And I am full with love and I am worshiping and (still) I am not getting satisfied by worshiping." She was saying this to her Lord, even though she was praying 1,000 raka`at every night from sunset to sunrise. She could do it every month. She was so conscious, looking and praying. And every night in her cell where she was praying, there was a light coming from the Heavens, Allah blessing her.

Try to worship Allah Almighty with love; that is living worship! I have seen in some places written "live music". What does it mean? It is not recorded, it is happening now. I like it. And people come through live broadcasts on television also, which means it is not from a cassette. In the same way, Allah Almighty is asking you to worship from your soul, not from a cassette. Our minds are running from east to west, but like a cassette, we are praying and reciting without meaning and awareness. When you worship Allah Almighty with awareness and intention, that will give you light, but you can't do that if there is no love from yourself. Why are people escaping worship? Because there is no love. If there is no love, how they can worship?

Allah Almighty is saying, "O People! I like you to worship Me from your love, not by force, no. I am not in need. But I like to be worshiped from love." And when you do it from love, that is the real taste and real sweetness of worship. Without that, it is tasteless.

We do not like to drink tea without sugar. Therefore, without love it is tasteless. Allah is not accepting from Muslims, Christians, and Jews. Without that love you are eating each other, killing and destroying! You are only in the appearance of a human, but in reality you are a beast! Be from human nature, don't be a beast. You may be English, Scottish, Welsh, Irish, Turkish, Polish, Spanish... Switzerlandish! (laughter). It is not important. You must have that divine love in your heart! Allah Almighty is not looking at your colors, your

length or your weight, no. Allah Almighty is only looking to your heart to see, "Is My love there, or not? Is respect there, or not?" That is important!

Now we are trying to make worldwide teachings! Sayyidina Imam al-Mahdi (a) is there; we are small ones and he is a king-size one! Grandshaykh (q) will also plant love of the Lord through the hearts with his dhikr. May Allah bless you and forgive me.

Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Wadood Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Fatihah.

## Love is Life and Light

Try to give more time every day to prayers and Dhikr. Angels glorify their Lord without tiring- it is their food. So the power of one angel is more than the power of all mankind. It is a special power... spiritual people, Prophets and Saints, have it...

Glorifying the Lord gives you energy and peace, more power and support, and more love for Allah. Real life comes from that Divine Love. When there is no Love, there is no life. The Awliya say that whoever doesn't have that Love is like a dead body walking on earth. Love is life and light, and the more we have of it, the more our life will be complete and full of pleasure.

## Love is the Mortar of all Prayer

As we were coming to the mosque today I saw a billboard that read: “Everyone Needs Standards”. I didn’t understand what this could mean, but just then the traffic light turned red, so that we stopped right in front of the sign. Then I looked more closely and noticed that someone had vandalised the sign, and with a pen had crossed out “Standards”, and written instead: “Love not Standards”, so that the billboard now read: “Everyone needs Love, not Standards”.

If one is open to wisdom he may take wisdom from every side, and so, Glory to Allah, this bit of vandalism has given me a topic for this lecture. Yes, that person was right, and this recalls to mind a saying of the Prophet Muhammad, upon whom be peace, in which he prayed to God :

“Oh Allah, I ask you to grant me the love of You and the love of those whom You love, and grant me, Oh my Lord, the love of those actions which lead me to the love of You”.

To ask our Lord to open up our hearts to His Divine Love is the most important request we can make of Him in our prayers, as nothing can take the place of love. The Holy Prophet, who is called the Beloved of Allah, whom Allah created with the yeast of love, and whom Allah loved some such He dedicated the creation to him, even this beloved Prophet asked Allah for Divine Love – why? Because who tastes of that love asks for

more. Whose heart is like a rock will not ask God for this love, but those who have had the slightest taste of that love know that it is the key to all spiritual progress, to mercy, beauty, wisdom, to all favours that God may bestow upon His servants. Therefore, the Holy Prophet taught all mankind what is precious in this life.

And then his prayer continued: “And grant me the love of those who love You”. The first level, “Love of God”, is that Station of the Prophets, and you can’t step from the bottom of the stairway to the top in one step. Allah Almighty is the Transcendent Being – you can’t even begin to fathom anything about Him Almighty – but it is easy to love those who represent His Love among mankind, for it is much easier for us to begin to understand and love human beings like ourselves. You will find nothing in their hearts but the Love of God; therefore, loving them is a means to approach the Divine Love.

Lastly, the Holy Prophet asks for the love of those actions which lead to the love of God, actions which carry blessings with them, which soften our hearts and weaken our greed and selfishness. These are the actions encouraged by our Lord through the example of His Prophets, actions ordered and recommended in His Holy Books. And, although in the beginning our inner state may not correspond to these saintly actions, by engaging our limbs in what pleases our Lord, He will strengthen our hearts thereby.

These are the three levels of love for which the Holy Prophet prayed, and the wisdom reflected in this prayer is proof enough of the veracity of Muhammad, peace be upon him. While Believers must always ask for that love, Satan is ever at war with such a notion, for he knows that once love has entered the heart of one of his slaves, that slave is lost to him, for he will not be able to snare him anymore with this world’s pleasures. He who has tasted that love may not even notice those pleasures, or may regard them as only a drop in an ocean.

Once, as Moses, upon whom be peace, was headed toward Mount Sinai, he passed the cave of a hermit. The hermit emerged and called after Moses: “Oh Moses, please ask our Lord to bestow upon me just an atom’s weight of His Divine Love”. Moses agreed to do this, then continued on his way. Later, when Moses was addressing his Lord, he petitioned on behalf of that hermit. The Lord replied: “I will grant that servant of My Divine Love, but not in the amount he requested. I will only grant him the tiniest fraction of an atom’s weight of that love”.

When Moses returned from the mountain, he quickly went to see what was happening to the hermit, to see what effect such a tiny dose of Divine Love might have had on him. When he arrived he was startled to see

that where the cave had been a part of the mountain was blown away, and in place of that cave there was a deep chasm in the Earth. “Oh servant of my Lord”, he cried out, “What has happened, where are you?” Then Moses looked down the chasm and saw the hermit sitting down there as if in another world, completely overwhelmed by that love.

Why did that hermit ask for a portion of Divine Love? Because he was worshipping but feeling nothing; he felt an emptiness in his heart that could only be filled by that love. Without love, worship is tasteless and useless; therefore, we must be sure to build our worship upon a strong foundation of love and to bake love into the bricks of the building of our devotional practice. This is more than an analogy, for even physical buildings are either alive with the love of their builders, or dead from their hard-heartedness. Therefore, old buildings often emanate a good feeling because of the love and goodness of those who built them. This is especially true of old mosques and churches, for their original congregations built them for the same of their Lord’s love and in an attitude of sincere piety. There is often a very strong feeling of the Divine Presence in old mosques, but have you ever felt such an atmosphere in the new showpiece – of – sterile – architecture – mosques? No, it is impossible, you may feel only an inner contraction side of such concrete hills. They have left the love out of the mortar: the most important ingredient is missing.

## Love is the Water of Life

Everything pertaining to this world is impermanent, constantly in a state of transition. Therefore, it is only natural that I am here addressing you today and elsewhere tomorrow. Don't let this condition sadden you, for, in reality, transition is God's mercy to man. Don't wish even for good times to last forever, for you wouldn't be able to bear permanence - you would just get fed up. Know that the discontinuation of any desirable state or condition is the catalyst for gaining an even deeper appreciation of what is good. Longing for the attainment of the spiritual realities of which you have caught a glimpse is the means to their attainment. Is there any morsel tastier than that upon which the fast is broken?

This is the reason that Allah Almighty created the world as it is. The signs of the heavens take their turns inspiring our souls. The rising sun brightens our day, but just when we would start to get fed up with it, lo and behold, it bows out and the soft light of the moon enchants us with its many forms: appearing first as a delicate crescent, then waxing gradually to its full and waning. If it never waned no one would be able to appreciate the awe inspiring immensity of the starlit heavens.

A Visit to God's Holy House

The threadbare pilgrim may cross snowy mountain passes and sun-scorched deserts barefoot, or even on his

hands and knees in order to reach Mecca. When he finally arrives he is struck dumb by the awesome majesty of the Holy Kaaba. Tears stream down his face as he clings to its door, pouring out his heart and soul to his Lord-- and the Lord fulfills his heart's innermost desire in accordance with the longing that drove him to suffer freezing wind and scorching sun. Longing brought him to the house of the Lord, but the pilgrim's dedication to his Lord will not be served by his staying in Mecca on and on, but by returning to his country with the cherished memories of his pilgrimage inspiring his faith. Should he choose to remain in Mecca he runs the risks of gradually becoming callous and hardened to the sight of the Kaaba like the inhabitants, who never had a Mecca as their distant sought-after goal, who crossed no deserts to attain it, but who may, rather, cross through the holy Mosque as a shortcut to get from one part of the market to another, barely casting a glance at the magnificent Kaaba.

Once a disciple used to attend his Shaykh's discourses only occasionally, although he lived in the vicinity of the Shaykh's Dergah (Sufi School). The Shaykh asked him: "Why do you attend so infrequently?" The clever disciple answered: "Because I don't like being asked to attend less frequently".

The sun, the moon, the stars, the Holy Kaaba, the beauty of nature or architecture, or the face of a beloved person: all these sights may inspire us, may remind us of a great truth that is alive in our hearts, but of which we are yet heedless. But don't become enamoured of the signs to such an extent that they become ends in themselves, and you cease to follow the directions they seek to impart to you. The object is not a heavenly body that will set, a symbol which may become commonplace nor a face that will age or turn away from you. When Abraham was yet a seeker of truth, at a stage of bewilderment on his road to truth, he became enamoured of the sun, moon and stars, but as each set he said: "My love is not for those that disappear".

Love is eternal, and the transitory nature of all things pertaining to this world is a sign of truth, a sign that shows us by means of contrast. Real spiritual love, love of God and love of mankind for the sake of God is the only truth, the only thing in this world that is permanently and constantly sweet. Physical separation from someone you love, in accordance with the rule that pertains to the physical, may create a longing that will cause love to increase, may augment the bliss of reunion. But on the spiritual level that love is constant, is never interrupted by distance nor by time. Your beloved may be on the moon and you may be in bliss at the thought of reunion, but if love is unrequited, that is not sweet separation but a bitter pill. The extinction of love is pitch darkness. You may regard the sunset as beautiful, but how would you feel if it were setting

forever?

Love is the water of life. God created Adam from clay and water. If it were not for water the clay would hold no shape. Divine Love is what binds our souls together. That is why people become so miserable when they feel unloved. It is a feeling that something essential is missing from one's life, that life itself is incomplete, and in the face of this ache people set out in search of love with the desperation of a man dying of thirst.

Lesson in a Bumper Sticker

Yesterday, as we were driving back from Sheffield I noticed a bumper sticker that read: "God is Love". That is a statement that accords with a common level of understanding; in reality such a description can never do justice to the Almighty; never can a single word or emotion, nor even all words and all emotions come close to describing His splendour, what to speak of "being" Him. However, the saying: "God is Love" can be called a common wisdom, as the intention is to accord the highest degree of veneration and devotion to love-- that is correct-- but to say it is God is, let us say, an oversimplification.

Love is an attribute of God Almighty which binds His servants to Him eternally. If God were to hate mankind it would be so easy for Him to bring about an abrupt and terrible end to our follies-- but He loves us and therefore shows us so much tolerance.

If you are a parent, consider your love for your children. If your son grew up to be a criminal, would you not love him still? Would you not maintain that despite his bad actions he still had good in him, his essential character is known to you as good, not evil.

Noah's Forty Clay Jugs

Everyone knows the story of Noah, peace be upon him. He is one of the five greatest prophets of God. He called on his people day and night for years, asking them to leave their evildoing, to repent and return to love of God and His worship and to abstain from wrong. His people rejected him repeatedly and scoffed at him. As much as he preached they rejected his teachings.

However he was patient and continued to preach to them. They never let up in their mockery of him. So it continued for years and years, and Noah was persistent and patient. He did not tire of calling his people to

truth and goodness, and they in turn did not tire of scoffing at him. This continued for decades, a century, two centuries, and Noah was patient and persistent. Three centuries, four, five...

After nine centuries of non-stop preaching accompanied by endless mockery and rejection, Noah reached his limit. Finally he asked God to punish his people and to send a flood upon them and not leave a single one of them alive. As he was a prophet of God, God was obliged to answer his prayer. We know what came to pass.

Once some time after having been saved from the flood, the Lord addressed Noah saying, "O my servant, I am asking you to go and with your utmost care make for Me forty clay jugs." As he was an obedient servant and a great prophet, Noah immediately went about complying with this order. He gathered the finest clay he could find and spent days and nights laboring with love to create 40 beautiful clay jugs.

After so much effort, the Lord then addressed Noah again saying: "O my servant, now that you have made these forty jugs, go outside and take each one and throw it down upon the rocks." Noah, an obedient servant, had no choice but to obey. He took the jugs which he had spent so much effort in making, and one-by-one smashed them against the rocks.

Then the Lord addressed Noah, saying: "Oh Noah, you made forty clay jugs, and it was odious to you to break them. Do you think that it was a pleasure for Me to kill all of My servants, even though they were unbelievers?" Then Noah began to cry and wail. So proverbial was his wailing that "Nuh" came to mean "wail" in Arabic.

Moses and Korah

Do you know the story of Moses and Korah? Among the Children of Israel at the time of the exodus from Egypt Korah was the richest man. Korah carried a large part of that wealth into the Sinai with him, and with that wealth a great deal of influence over the Children of Israel. Unfortunately for Korah he used his influence to stir up rebellion and discontent with the leadership of Moses. In order to discredit Moses once and for all Korah bribed a dishonourable woman to claim that Moses had committed adultery with her and that the child in her womb was his. As he was of course innocent, Moses was livid with rage, as he could only deny the accusation but could do nothing to prove it false. How could he lead the Children of Israel when they would hold doubts in their hearts regarding his morals and veracity?

So Moses turned to his Lord, saying: "Oh my Lord, vindicate me!" The Lord replied: "I have granted you the power to command the Earth. You may use it to vindicate yourself and prove your innocence to the Children of Israel". Then Moses announced to all the people: "All who are with me come to my side and those who adhere to Korah stay by his side". Then Moses said: "Oh Earth, catch him and swallow him up!" Responding to this command the Earth caught Korah, laying firm hold of his feet and ankles. Korah cried: "Oh my dear cousin Moses, for the sake of our kinship please forgive me!" But Moses was very angry and determined to punish Korah for all of his crimes: "Oh Earth, swallow him!"

Then the Earth grabbed a little more of his legs, and he again cried out to Moses for forgiveness-- and so it went on, a full seventy times: Korah asking for pardon and Moses refusing and demanding retribution. Finally the earth had completely swallowed Korah. Then the Lord addressed Moses: "Korah begged you for forgiveness seventy times, but you had no mercy for him in your heart. I swear by My Might and Glory, had he even once addressed himself to Me, saying: 'Oh my Lord, I repent, please forgive me', I would have rescued him. You had no mercy for him because you didn't create him. I am the Creator and I have boundless mercy for My repentant servants".

The Lord created us and loves us; that is why everyone loves love. No one complains of love or wants it to be taken from him, but all want to be loved more. Where are you seeking love? Are you taking pure water from the gushing source, or muddy, slimy water from the ditch? You love people, but they will die. Perhaps your love will be unrequited, or because of a small error or indiscretion on your part that person's heart will harden to you and love will be no more. You say that you love him or her, but do you love him or her unconditionally? Is your love permanent-love for the real immaculate divine essence living in that person, or temporary, as a result of some desirable attributes: beauty, youth, wealth, station or wit? When that beautiful, young, wealthy, clever, amiable socialite becomes an ugly, old, penniless, senile, grumpy outcast will you still love her? Is your love of the spirit or of the world?

Oh people, seek real love, a love that cannot go astray. That love is the love of God and the love of his creatures for the sake of his love for them. That love emanation may bind all receptive hearts. There is a common saying: "The friend of a friend is a friend", so love people if you love God, for you must know that He loves them. It is not always easy to love people, even good people, so what about the Korahs of this world?

Love pertaining to the ego is not love, as all the ego knows is to love itself, and what is commonly called love is but a mutual understanding to support each other's egoism. Don't trust your ego, nor anyone else's, for the ego is disloyal by nature. When the spirit gains ascendancy the ego may be harnessed and put to good use, as the Holy Prophet said: "Your ego is your mount", but left to its whims it will take you many miles from your path in search of herbage.

This discourse is an Ocean, its summary is: what is of the world beware of, and pay attention to the dose. When crossing that ocean embark on a sturdy ship with well maintained lifeboats and life-preservers, and if you swim in it keep your head above water!

## The Love of Allah

Fatiha.
Allahu Akbar! Allahu Akbar! Allahu Akbar! Wa Lillahi l Hamd. Allahumma Salli wa Sallim wa Barik 'Ala Habibika Sayidi Al Awwalin wa Al Akhirin, Sayidina Muhammad (saws). O Prophets (as) Allah's (swt) salams are on all of you. O Awliya', O Asfiya' Allah's (swt) salams are on you. We ask from you support or anything to destroy the sultanate of shaytan.

This addressing... and I am a weak servant, I have no power to speak to people. But, it was inspired to my heart because of something that upset me, which people are heedless about it. O people listen & take wisdom & if you do you will benefit. O people, Our wazifa/duty is to follow the steps of the Prophets (as) and specially the steps of the Master of the beginning & end, Sayidina Muhammad (saws). This is our way to success & goodness for mankind in this world & in the Hereafter. Haqq (swt) made everything clear, and.... you O Muslims, especially Arab Muslims, you read the Great Quran, but you have no good consideration /tadabbur and no deep understanding/tafakkur of the words of the Magnificent Quran.

Allah (swt) sent the Holy Verses & the addressing to the Prophet (saws), saying to His Beloved, tell them. O people, first of all " Fa Attabi`uni Yuhbibkumu Allahu"(3:30) Clear, clarity is there.

Allah (swt) sent the Holy Verses with Truth, to follow His Holy Prophet (saws). "Say, If you love Allah (swt) then follow me, Allah (swt) will love you." (3:30) True? Yes Haqq. Haqq (jwa) says "Ya Ayyuha Alladhina Amanu, Allah (swt) ordered "Qul In Kuntum Tuhibbuna Allaha Fa Attabi`uni." (3:30) This is the teaching of Allah (swt) to His Prophet (sas) for him to teach people The one who taught goodness to people is the Prophet (saws) of Allah. O people! Listen... Listen & take wisdom, If you take wisdom then follow. These words are words of Haqq/Truth."Qul In Kuntum Tuhibbuna Allaha Fa Attabi`uni Yuhbibkumu Allahu." (3:30) Then O believers, listen & take wisdom from what our Lord (jwa) says "Say, If you love Allah (swt) then follow me." (3:30) The Prophet (saws).

To follow the Prophet (saws) is the reason for Allah (swt) to love His servant, His servants. "Yuhbibkumu Allahu Wa Yaghfir Lakum Dhunubakum." (3:30) What do we want? What else do we want other than this request? This is the highest thing to ask for, to look for. How we can reach the Love of Allah (swt). The Love of Allah (swt) is the greatest most magnificent thing for the servants. Allah (swt) loves His servant.

Once a man came to me, long time ago, maybe since 50 years. A strange looking servant, he seemed to be looking for knowledge. I asked him, "what have you learned?" He said "O Shaykh I was steadfast... and was a student in the University of Sharia in Damascus." "What did you learn?" He said... Without thinking he spoke what came to his heart. He said, "I learned something by heart." I asked him, "what is it? You've been attending all these years, tell me one thing you learned." He said "O Shaykh, I learned that Allah (swt) said, "O My servant Obey Me, I will make you Rabbani/Divine. You say to something, Be & it is." (Hadith Qudsi)

For my age & my Arabic is very little, but you are Arabs, you understand. Haqq (swt) said in the Hadith Qudsi, "O My servant, obey Me. O My servant obey Me, I will make you Rabbaniyin/Divine." Is the Hadith correct? Yes. "O My servant, obey Me I make you Rabbani/Divine. You say to something Be! and it is." (Hadith Qudsi). O Muslim scholars, what do you have to say about this? This is correct or it is a weak Hadith? Because people did not learn except to look for weak Hadiths. Is this one also a weak Hadith?

This man was looking for knowledge, but he appeared like this, but he came to me and he was from the Budala' of Sham, a young one from the 40 Saints. I asked him "what have you learned?" He said "I learned a Hadith Qudsi." "Which one?" Allah (swt) said "O My servant obey Me I make you Rabbani/Divine. You say to something, be and it is."

Where are you O salafis, o wahabis or this & that group! Did Allah (swt) name you salafi, or wahabi or other names? Allah (swt) says "O My servant obey Me, I will make you Rabbani/Divine" (Hadith Qudsi) and the Holy verse says" Wa Lakin Kunu Rabbaniyina" (3:79).

Allah (swt) named you & likes that you become Rabbaniyun, nothing else. Nothing else. Did any group use this blessed name or title that Allah (swt) dressed us with it & He (swt) is asking us "Wa Lakin Kunu Rabbaniyina" (3:79) This is the Holy Quran a Holy Verse. Do you have a group named Rabbaniyin? No! You have salafis, you have wahabis, Muslim Brotherhood you have. But how come you did not name with what Allah Haqq (swt) named you? "Wa Lakin Kunu Rabbaniyina" (3:79) This is a Holy Verse. Which group is Rabbani? There is none. Where are you & how you are reading the Holy Quran and you claim to be wahabis, salafis or Muslim Brotherhood? From where did you bring this? And Allah (swt) says that He Loves that you are Rabbaniyin/Divine. "Wa Lakin Kunu Rabbaniyina" (3:79)

That young man that came to me he was from the Budala'/Saints of Sham. I asked him what did he learn, and he said to me "O Sayidi Shaykh Allah (swt) said "O My servant, obey Me. I will make you Rabbani/Divine, you say to something, Be and it is!" (Hadith Qudsi) O Muslim people between East & West, where are you? My words are right, because Allah's(swt) curse is on the liars. I can't carry that curse never! My words are true & they are supported by the Great Quran and the words of the Prophet (saws), because the Prophet was Rabbani. From where do they bring these titles, Muslim Brotherhood, salafis, wahabis or all the other names they call themselves. Every group with a title that is not mentioned in The Holy Quran.

This is my claim to the Muslims, the Muslims of this period of time & my fight against the honourable scholars & my fight with those who call themselves with this & that name. And not once I heard from them saying "O people we are Rabbani. We are putting all our efforts to be

Rabbani." The servant at that time has the attribute to say to something "Be & it is!" This is Rabbani. And you O Muslims, Arabs, and Iranians, you are counting on the missiles. You are proud of your missiles and the rest of the nations from the Muslim world also are proud of their missiles. Not one of them stands and is proud to be a servant to his Lord, Rabbani. And just hoping that my Lord accepts me to be a Rabbani servant.

O believers! O believers who are living on the face of the earth maybe you are 2 billions or more. Who from you is claiming or putting all their efforts to be Rabbani? If...O Muslims until you depend on the words of your Lord, and put all your efforts to be Rabbani you will never succeed in this world or in the Hereafter. This is an important matter, an important matter. Subhana Allah Al 'Aliy Al Azim. You! O Palestinians, O Egyptians, Syrians, people of Iraq, people of India, Iranians, Afghani people, where, where are your schools that teach your children to put their efforts to be Rabbani? Rabbani! Woe to you! With what rights you left the Muslim ummah without teaching the Holy Quran, without teaching Haqq (jwa) & His Prophet (saws) and you ran after all the falsehood of the worse of unbelievers & the falsehood of shaytans.

I am sorry to say this. And all the Muslim countries they do not have any requests except to establish in their country democracy, which from beginning to end is false. They leave Haqq/Truth & follow falsehood. And who follows falsehood will be destroyed. They will have nothing in this world nor in the Hereafter. O Muslims especially your scholars, teachers or the learned ones, Take heed of these words. These are not words from my side, never! All these words are supported by the Holy Quran and the honourable Hadiths of the Prophet (saws). If you want to be saved in this world & in the Hereafter then follow this way, this is our way, the way of Sirata Al Mustaqima/ The Straight Way. Otherwise you do not have the Straight Way. You will be destroyed here & in the Hereafter also.

May Allah (swt) forgive us & send us one who may teach us the True Way without asking anything else. Our request is Ridwan Allah (swt) - Allah's Pleasure. Subhansin Ya Rabb! & we ask for the intercession of the Prophet (saws). O Prophet (saws) of the Lord of the worlds, O Beloved, who was ordered to step on His Throne this was the addressing to the Prophet (saws). The addressing to Prophet Moses (as) was "take off your sandals." But to the Beloved of Allah

(swt) "Step on My Throne with your shoes. The Throne will be honoured." He is the possessor of the Maqam Al Mahmoud on the Day of Witnessing.

O people! Consider & submit and put all your efforts to understanding these words. They are not my words, never! Otherwise you will eat one another & you will be destroyed.

Tawba Ya Rabbi, tawba Ya Rabbi, tawba astaghfirullah! Shukr Ya Rabbi, shukr Ya Rabbi, shukr Al Hamdulillah!

The One Who taught The Quran to His Beloved, the Sultan of the worlds. Ya Rasulallah! The one who taught people goodness, the teacher of humanity, what did he teach you? If you are asked on Judgement Day, what will you say? What did My Beloved teach you from goodness? Goodness? Nothing! We invented democracy, parliaments, works of all kinds. We invented such things. In his (saws) time there were none of these things. We invented them. We left his (saws) methods and his way & we invented all these things. And we hope to be successful in this world and on the Day of Judgement to have white faces. Never! What difference between you & others. O people! Listen & take wisdom, and if you do you will benefit.

Ask for Ridwan Allah (swt) so Allah (awj) may love you & make you Rabbani and anything you ask for, you will say "Be! And it is." This way is the straight way, the right way, the beautiful way. The way which takes us to Heavens all the way to Hazirat Al Quds, the Divine Presence, to witness our Lord (jwa). O people! Obey & follow. If you do not think & you do not take care, woe to you here &in the Hereafter.

Tawba astaghfirullah. Fatiha.

Fatiha. Allahu Akbar, Allahu Akbar, Allahu Akbar Wa Lillahi l-Hamd. Allahumma Salli wa Sallim wa Barik 'ala Habibika, Sayyidi l-Awwalin wa l-Akhirin, Sayyidina Muhammad (saws). O Propheten (as), Allahs (swt) Salams gelten euch allen. O Awliya, o Asfiya', Allahs (swt)

Salams gelten euch. Wir bitten euch um Unterstützung oder was auch immer, um das Sultanat Shaytans zu zerstören. Diese Ansprache, und ich bin ein schwacher Diener, ich habe keine Kraft, um mit Leuten zu sprechen, aber sie wurde meinem Herzen eingegeben wegen etwas, was mich erzürnt hat, dessen die Leute unachtsam sind. Ihr Leute, hört zu und nehmt Weisheit an. Das wird euch von Nutzen sein. Ihr Leute, unser Wazifa, unsere Pflicht ist es, den Fußstapfen der Propheten (as) zu folgen, besonders den Fußstapfen des Meisters von Anfang und Ende, Sayyidina Muhammad (saws). Das ist unser Weg zu Erfolg und Gutem für die Menschheit in dieser Welt und im Jenseits. Haqq (swt) hat alles verdeutlicht. Und ihr Muslime, besonders ihr arabischen Muslime, ihr lest den Großen Quran, aber ihr berücksichtigt nicht und habt kein tiefes Verständnis der Worte des Glorreichen Quran.

Allah (swt) sandte die Heiligen Verse und die Ansprache an den Propheten (saws) und sagte Seinem Geliebten: Sag es ihnen. Ihr Leute, zuerst einmal "Fa Attabi`uni Yuhbibkumu Allahu" (3:31). Darin ist Klarheit. Allah (swt) sandte die Heiligen Verse mit der Wahrheit, Seinem Heiligen Propheten (saws) zu folgen. 'Sprich, wenn ihr Allah (swt) liebt, dann folgt mir, Allah (swt) wird euch lieben.' (3:31) Wahr? Ja, Haqq. Haqq (jwa) sagt: "Ya Ayyuha l-Ladhina Amanu" Allah (swt) befahl: "Qul In Kuntum Tuhibbuna Allah Fa Attabi`uni" (3:31). Das ist die Lehre Allahs (swt), die Sein Prophet (saws) an die Menschen weitergeben soll. Derjenige, der die Leute Gutes lehrte, ist der Prophet Allahs (saws). Ihr Leute, hört zu. Hört zu und nehmt Weisheit an. Wenn ihr Weisheit annehmt, dann folgt. Diese Worte sind Worte von Haqq, der Wahrheit. "Qul Kuntum Tuhibbuna Allaha Fa Attabi`uni Yuhbibkumu Allah." (3:31) Dann, ihr Gläubigen, hört zu und nehmt Weisheit an von dem, was euer Herr (jwa) sagt. 'Sprich, wenn ihr Allah (swt) liebt, dann folgt mir.' (3:31), dem Propheten (saws). Dem Propheten (saws) zu folgen, ist der Grund für Allah (swt), Seinen Diener, Seine Diener zu lieben. "Yuhbibkumu Allahu Wa Yaghfir Lakum Dhunubakum." (3:31). Was wollen wir? Was sonst noch wollen wir außer diesem Ansinnen? Das ist das Höchste, nach dem wir verlangen, nach dem wir suchen können. Wie können wir die Liebe Allahs (swt) erlangen? Die Liebe Allahs (swt) ist das Größte und Herrlichste für die Diener. Allah (swt) liebt Seinen Diener.

Einmal kam ein Mann zu mir vor langer Zeit, vielleicht vor 50 Jahren, ein merkwürdig

aussehender Diener. Es schien, als suchte er nach Wissen. Ich fragte ihn: 'Was hast du gelernt?' Er sagte: 'Oh Shaykh, ich war standhaft, und ich war Student der Sharia-Universität in Damaskus.' 'Was hast du gelernt?' Er sagte, ohne nachzudenken, sagte er, was in sein Herz kam. Er sagte: 'Ich habe etwas auswendig gelernt.' Ich fragte ihn: 'Was ist es? Du hast all diese Jahre teilgenommen, sag mir eine Sache, die du gelernt hast'. Er sagte: O Shaykh, ich habe gelernt, daß Allah (swt) sagte: O Mein Diener, gehorche Mir und Ich mache dich Rabbani, Göttlich. Du sagst zu etwas 'Sei!' und es ist. (Hadith Qudsi). In meinem Alter und mein Arabisch ist sehr gering, aber ihr seid Araber, ihr versteht. Haqq (swt) sagte in dem Hadith Qudsi: 'O Mein Diener, gehorche Mir. O Mein Diener, gehorche Mir. Ich werde dich Rabbani, Göttlich, machen.' Korrekt das Hadith? Ja. 'O Mein Diener, gehorche Mir, Ich mache dich Rabbani, Göttlich. Du sagst zu etwas 'Sei!' und es ist. (Hadith Qudsi) Ihr muslimischen Gelehrten, was habt ihr dazu zu sagen? Stimmt das, oder ist es ein schwaches Hadith? Weil die Leute nur gelernt haben, nach schwachen Hadiths zu suchen. Ist dieses auch ein schwaches Hadith?

Dieser Mann suchte nach Wissen, aber er erschien so. Aber er kam zu mir und er war von den Budala' von Sham, ein junger Mann von den 40 Heiligen. Ich fragte ihn: 'Was hast du gelernt?' Er sagte: 'Ich lernte ein Hadith Qudsi.' 'Welches?' Allah (swt) sagte: 'O Mein Diener, gehorche Mir, Ich mache dich Rabbani, Göttlich. Du sagst zu etwas 'Sei!' und es ist. Wo seid ihr, Salafis, Wahabis oder sonstwelche Gruppe? Hat Allah (swt) euch Salafi genannt oder Wahabi oder andere Namen? Allah (swt) sagt: 'O Mein Diener, gehorche Mir, Ich mache dich Rabbani, Göttlich.' Und der Heilige Vers besagt: "Wa Lakin Kunu Rabbaniyina" (3:79). Allah (swt) benannte euch und möchte, daß ihr Rabbaniyun werdet, nichts anderes. Nichts anderes. Hat irgendeine Gruppe diesen gesegneten Namen oder Titel benutzt, mit dem Allah (swt) uns bekleidet hat? Und Er (swt) bittet uns: "Wa Lakin Kunu Rabbaniyina" (3:79). Dies ist der Heilige Quran, ein Heiliger Vers. Habt ihr eine Gruppe mit Namen Rabbaniyin? Nein! Ihr habt Salafis, ihr habt Wahabis, Muslimbruderschaft. Aber wie kommt es, daß ihr euch nicht mit dem benennt, mit dem Allah Haqq (swt) euch benennt? "Wa Lakin Kunu Rabbaniyina" (3:79).

Das ist ein Heiliger Vers. Welche Gruppe ist Rabbani? Es gibt keine. Wo seid ihr und wie könnt ihr den Heiligen Quran lesen und behaupten, Wahabis, Salafis oder Muslimbruderschaft zu sein?

Woher bringt ihr das? Und Allah (swt) sagt, daß Er es liebt, wenn ihr Rabbani, Göttlich, seid. "Wa Lakin Kunu Rabbaniyina" (3:79). Dieser junge Mann, der zu mir kam, war von den Budala', den Heiligen von Sham. Ich fragte ihn, was er gelernt hätte, und er sagte mir: O Sayyidi Shaykh, Allah (swt) sagte: O Mein Diener, gehorche Mir. Ich mache dich Rabbani, Göttlich. Du sagst zu etwas 'Sei!' und es ist. (Hadith Qudsi) Ihr Muslime zwischen Osten und Westen, wo seid ihr? Meine Worte sind wahr, weil Allahs (swt) Fluch auf den Lügnern ist. Ich könnte diesen Fluch niemals tragen! Meine Worte sind wahr, und sie werden vom Großen Quran und den Worten des Propheten (saws) gestützt, weil der Prophet Rabbani war. Woher bringen sie diese Titel, Muslimbruderschaft, Salafi, Wahabi oder all die anderen Namen, mit denen sie sich selbst bezeichnen? Jede Gruppe mit einem Titel, der im Heiligen Quran nicht erwähnt ist. Dies ist meine Forderung an die Muslime, die Muslime dieser Zeit, und mein Kampf gegen die ehrenwerten Gelehrten und mein Kampf mit jenen, die sich selbst mit diesem und jenem Namen benennen. Und nicht einmal hörte ich von ihnen: 'Ihr Leute, wir sind Rabbani. Wir setzen all unsere Anstrengungen darein, Rabbani zu sein.' Der Diener hat in dem Moment das Attribut, zu etwas zu sagen 'Sei' und es ist. Das ist Rabbani.

Und ihr, o Muslime, Araber, Iraner, ihr zählt auf die Raketengeschosse. Ihr seid stolz auf euere Geschosse, und der Rest der Nationen der Muslimwelt ist auch stolz auf seine Geschosse. Nicht einer von ihnen steht auf und ist stolz darauf, Diener seines Herrn, Rabbani, zu sein. Und ich hoffe nur darauf, daß mein Herr mich annimt, ein Rabbani Diener zu sein. Ihr Gläubigen! Ihr Gläubigen, die auf dem Angesicht der Erde leben, vielleicht seid ihr 2 Billionen oder mehr. Wer von euch beansprucht oder wendet all seine Anstrengungen darauf, Rabbani zu sein? Ihr Muslime, bis ihr nicht auf die Worte eueres Herrn baut und all euere Anstrengungen darauf richtet, Rabbani zu sein, werdet ihr nie Erfolg haben in dieser Welt und im Jenseits. Dies ist eine wichtige Sache, eine wichtige Sache. Subhana Allahi l-'Aliyi l-Azim. Ihr Palästinenser, Ägypter, Syrer, Iraker, Inder, Iraner, Afghanen, wo sind euere Schulen, die euere Kinder lehren, ihre Anstrengungen darauf zu richten, Rabbani zu sein? Rabbani! Wehe euch! Mit welchem Recht habt ihr die Muslimummah verlassen, ohne den Heiligen Quran zu unterrichten, ohne Haqq (jwa) und Seinen Propheten (saws) zu lehren. Und ihr lauft jeder Falschheit der schlimmsten Ungläubigen und der Falschheit Shaytans hinterher. Es tut mir leid, das zu sagen. Und alle

Muslimländer haben keinen anderen Anspruch, als in ihren Ländern Demokratie einzurichten, die von Anfang bis Ende falsch ist. Sie verlassen Haqq, die Wahrheit, und folgen dem Falschen. Und wer dem Falschen folgt, wird vernichtet. Sie werden nichts haben in dieser Welt und im Jenseits.

Ihr Muslime, besonders ihr Gelehrten, Lehrer oder Gebildete, nehmt diese Worte ernst. Dies sind nicht Worte, die von meiner Seite kommen. Nie! All diese Worte werden vom Heiligen Quran gestützt und den ehrenwerten Hadith des Propheten (saws). Wenn ihr gerettet werden wollt in dieser Welt und im Jenseits, dann folgt diesem Weg. Dies ist unser Weg, der Weg des Sirata l-Mustaqim, der Gerade Weg. Sonst habt ihr nicht den Geraden Weg. Ihr werdet vernichtet hier und auch im Jenseits. Möge Allah (swt) uns vergeben und uns einen senden, der uns den Wahren Weg lehrt, ohne etwas anderes zu verlangen. Unser Anliegen ist Ridwan Allah (swt), Allahs Wohlwollen. Subhansin ya Rabbi! Und wir bitten um die Fürsprache des Propheten (saws). O Prophet (saws) des Herrn der Welten, O Geliebter, dem befohlen wurde, auf Seinen Thron zu treten. Das war die Ansprache an den Propheten (saws). Die Ansprache an Moses (as) war: 'Zieh deine Sandalen aus!' Aber an den Geliebten Allahs (swt): 'Tritt auf Meinen Thron mit deinen Schuhen. Der Thron wird geehrt sein.' Er ist der Eigner des Maqamu l-Mahmud am Tag der Bezeugung.

Ihr Leute! Seid bedachtsam und unterwerft euch und setzt all euere Anstrengungen darein, diese Worte zu verstehen. Es sind nicht meine eigenen Worte. Niemals! Sonst werde ihr einander essen und vernichtet werden. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah! Shukr ya Rabbi, Shukr ya Rabbi, Shukr Alhamdulillah. Derjenige, Der Seinen Geliebten den Quran lehrte, der Sultan der Welten. Ya Rasulallah! Derjenige, der die Leute das Gute lehrte, der Lehrer der Menschheit, was lehrte er euch? Wenn ihr am Tag des Gerichts befragt werdet, was sagt ihr dann? Was lehrte euch Mein Geliebter an Gutem? An Gutem? Nichts. Wir erfanden Demokratie, Parlamente, verschiedene Fabrikationen. Wir erfanden solche Dinge. Zu seiner (saws) Zeit gab es nichts davon. Wir dachten sie uns aus. Wir verließen seine (saws) Methoden und seine Wege und erfanden all diese Dinge. Und wir hoffen, in dieser Welt erfolgreich zu sein und am Tag des Gerichts weiße Gesichter zu haben. Niemals! Welcher Unterschied ist zwischen euch und

anderen. Leute, hört zu und nehmt Weisheit an, und wenn ihr das tut, habt ihr davon Nutzen. Bittet um Ridwan Allah (swt), so daß Allah (awj) euch liebt und Rabbani macht, und alles, was ihr wollt, wird sein, wenn ihr sagt 'Sei!' Das ist der Gerade Weg, der Rechte Weg, der Schöne Weg. Der Weg, der uns in die Himmel führt bis zur Haziratu l-Quds, der Göttlichen Gegenwart, um den Herrn (jwa) zu erleben. Ihr Leute gehorcht und folgt. Wenn ihr nicht nachdenkt und nicht aufpaßt, wehe euch hier und im Jenseits. Tawba Astaghfirullah. Fatiha.

# Love of Allah Almighty - Try to acquire more love of God Almighty because love covers, love includes, everything

In the Name of God, the Merciful, the Compassionate. Don't suppose that Shaykh Nazim is giving a lecture. Shaykh Nazim is nothing. If my Grand Shaykh does not send his heavenly spiritual support, it is impossible for me to say even one word. Grand Shaykh is nothing if the Prophet (saws) does not give him support him by his prophethood's spiritual, heavenly support. And he also, beloved Muhammad (saws) is nothing if God Almighty does not support him by his Divine Power. That is the way. You must give value to these communications that come in such a manner. I don't know what I am going to say to you. I am only waiting for what They open to my heart to say to you, and through your asking, I am also hearing and listening. I am asking from my Lord, Almighty God, to make us among those who are listening and keeping and acting.

Now, it is a new day, a new meeting here. We are always asking for a new thing. Every new thing is tasteful (kullu jadidun ladhidh). Our egos are always interested in new things. That is their hobby. We are asking from our Lord, Almighty God, new and tasteful favors. Everything in the Divine Presence is new. Everything from the Prophet (saws) is new. Everything from Grand Shaykh is new, as well.

Now today there comes a sign for an important point. We are looking for what that is. What is the most important thing for servants? Which thing is most important and most acceptable in the Divine Presence? Which thing is also most precious to the Lord of the heavens, and even most precious among the children of

Adam? That is a very important thing we must know and we must try to obtain.

If you do every action that you do with love, that is acceptable in the Divine Presence. Therefore, those actions which you do with love are tasteful to that worker or worshipper, and also to his Lord. If you love your work, it is easy for you to work. If you don't like it, it is a burden on you. Almighty God invites His servants to worship with love. "Otherwise," He says, "I am not in need of your worship. I am only looking, amidst your worshipping or amidst your actions, whether they are coming with love."

Oh believers, you must give so much attention to this point. In earlier times, in vessels using oars, there were slaves. They rowed, but not one of those people did it because of love. Don't be like a slave, no. God Almighty does not want that. If you do something, you must do it with love, love of God Almighty, every action. You can pray, but you must pray with love, love not by force, beating you with a whip and then you pray. "No need," says God Almighty. "I don't like such worship."

Every action that you can do with love - that is more lovely to your Lord, Almighty God. However, we have lost that now. We are trying to do everything out of habit, but without asking for that love, like robots, doing everything but they are not tasting. You are Muslims, You are believers. You must believe in your Lord and you must love Him. Everything that you are presenting to His Divine Presence must be with love. That is important. Therefore, God Almighty offers His servants so many ways to remember Him, so many forms of worship and so many charitable deeds to give Him the highest praise. Then, what do those actions, those forms of worship, bring? What is their fruit? All worship, if it does not bring love for our Lord, is refused. Not acceptable. If our worship makes love for God Almighty grow in our hearts, then it is alright. Keep it. Follow that way. You may follow anyone. If you can see from those meetings that some love is awakening in your heart for God Almighty, then you must keep with those meetings.

The love of God Almighty is not so easy, because you can't imagine Him. He is beyond our imagination. Therefore God Almighty has put His Divine representation into His prophets. Finally, He gave that Divine representation to His beloved Muhammad (saws). He was beloved by his Lord, Almighty God. Therefore, the hearts of his Companions were filled with God Almighty's love. The Prophet represented Truth, Reality, Haqq. He represented his Lord Almighty, so that whoever looked at him saw that he was God Almighty's representative. 'Whoever looks at me sees truth, reality in me" (man raani fagad raa al-haqq). All the

Companions' hearts were caught and were filled with that Divine love.

For that reason, when the idol-worshippers (mushrik) came and saw the relationship of the Companions with the Prophet (saws) they would say to each other, "We have seen so many kings, but not one of them is given as much love and respect by his Companions as the respect, the highest respect and the highest love, which Muhammad (saws) is given by his Companions." They were astonished. How is it that so many majestic kings have so many companions but not one of them is given such respect and love? Yet they never understood what the secret was because their egos denied that he could be a prophet.

Therefore, the Prophet, beloved Muhammad (saws) represented his Lord, Almighty God and his Companions were attracted by that love. They did everything and with their physical bodies with love, with an endless love, for their Prophet (saws). Spiritually, as well. They gave everything for the sake of Muhammad (saws) because they knew well that he was the vicegerent of God Almighty, His representative. Each one, when they wanted to address the Prophet (saws) would say, "May the most beloved beings to me, my mother and father, be sacrificed for you, O God's Messenger" (fadaka ummi wa abi, ya rasul Allah). They sacrificed their lives for their Prophet, who represented the Lord of the heavens.

Then, we are also in need of someone who may represent the Prophet and may represent his Divine love within himself so that we can find a way to be in connection with the Divine love of the Lord of the heavens. The Prophet (saws) gave a sign, an indication, of such people. It is a simple sign but it is right: "They are those people who, when you see them, cause you to remember the Lord, Almighty God" (idha ru'u dhikr Allah). when you look at those people who have Divine love in their hearts, there quickly comes to your heart the remembrance of your Lord Almighty, through the Prophet's heart falling on your heart.

Therefore, if we are asking to acquire love toward our Lord Almighty, we must look for such people. Now in our time most of them are hidden, because in our time Islam is only a form, some actions, and most people say, "It is a gymnastics exercise" - yes. If it is a gymnastics exercise, how can you taste love? Tasteless things! And most people are trying to make all Muslims only act like robots, doing actions, doing exercises, and no more. For this reason, in our time people are fighting against the spiritual way (tariqat). That is the reason, because spiritual ways make people taste love. However, scholars can't taste. They are such hard people, such difficult people. They can't give any love for Islam and for its actions to people. It is impossible. They can't do

that.

Other religions, as well. They are trying to give love but they can't. For this reason, at the time of the Prophet (saws) most of the Jews of Madinah were against Islam and its Prophet (saws). Why? Islam gives love; they can't give it. People find love and taste in Islam and run into it, but they can't give it. Even though they do not taste it, yet they are stubborn, quite stubborn people. Still they are trying, but it is impossible for Christians to give a person Divine love. Prohibited. Finished. That door is closed. We may give, we can give, that is our authority. Scholars can't give it, but we may give. These are not my words because we are speaking as the words come. And that is our meeting.

We are asking for more love, every day to increase in the love of our Lord Almighty, through His saints (awliya). For this reason, at every He makes His saints represent His love and to transfer Divine love from their hearts to your hearts. But stubborn people and envious people reject that. They do not want to come to our meetings, and we are not in need of them. We are asking for love. If anyone is asking to approach His Lord with Divine love and increase in love, it is alright.

As we have been given we are speaking. They have for me a scale (mizan) and they are looking at your love pressure every day (not blood pressure), whether it is increasing or coming down. I hope it is increasing. We are trying to give that love to our sisters, brothers, my sons, my daughters. That is the aim. The Prophet (saws) said, "If two days are the same, equal for you, no improvement, it means that you are losing; no sale" (man istawa yawahu, fa-hua maghbun).

It is not the object of that Tradition (hadith) that you are going to increase in bodily actions. For example, if you pray forty cycles today, tomorrow you will pray forty-one and after tomorrow, forty-two. No, that is impossible. But every day you must put more love with your actions and send it to your Lord's Divine Presence, and He looks and sees that today My servant is sending Me more love than yesterday. That is the meaning, so that we must increase in love for our Lord every day. Therefore, one of the Grand Shaykhs said, "A little bit of love is more important, more lovely to Me than praying for seventy years without love" (muhabbah) (dharra min al-muhabbah ahabbu ilaiya min 'ibadati saba'in sanah bila muhabbah). Try to acquire more love of God Almighty because love covers, love includes, everything. Oh believers, Satan and his workers are putting enmity among you and also making coldness (burudat) between yourselves and your

Lord. Therefore, beware. Don't come near the works of satans because that extinguishes the love of God in our heart. We are asking forgiveness for every action that makes that coldness between ourselves and our Lord, and saying, "I seek forgiveness from God" (istighfar Allah). "And we are thankful that God Almighty gave us from His Divine love and increases it; we are thankful. Praise belongs to God. Praise belongs to God and thanks be to God" (al-hamd Allah, al-hamd Allah wa shukr Allah ).

## LOVE YOUR ENEMY

Those who treat other people well are given real honour. It is not easy to be honoured in Divine Presence. The most honoured one is Muhammad sws. and he was saying, that every Prophet was facing many, many difficulties by their own people. They were the best people who were living on earth at that time. They had mercy for everyone and when they were leaving this life and wherever their bodies were buried, mercy was raining continuously on that spot. So wherever a Prophet or a Saint has been buried, there is a place close to their tomb to which pure hearts are attracted. Wahabi hearts are not... They are closed and they cannot go. Even if they go in front of the Prophet sws. they cannot greet him...

So what about the companions of the Prophet, Sayidina Ali, Sayidina Abu Bakr, Sayidina Omar and Sayidina Osman when they were passing infront of the tomb of the Prophet sws. were they not greeting him? The Sharia is saying to us that when you are visiting a graveyard you must say, "Asalamualeikum ya daral kaum il muhminin, asalamualeikum." And then these people are telling us not to say so to the Prophet sws. They tell us that it is shirk. From which book are they learning this? Is it a satanic teaching? Holy people are springs of mercy from Allah Almighty and people like to come close to them. When they come they feel contentment in themselves. They feel relaxed and in peace. Their worries leave them. That is why it is famous and important to visit the tombs of the saints.

The Prophets had mercy on their nations, but the nations faced them with every dirty addressing. That was the fate of every Prophet. They tried to do their best for their people. Every Prophet suffered with their people. The Seal of Prophets, Muhammad sws. was saying, "No Prophet suffered as I suffered from my people.". But he did his best for those people. The day of the conquest of Mekka, he said, "I forgive you.". And they were the ones who had done their worst to him. He did his best, and they did their worst. Because if he had given back his worst to the people who treated him badly, then what would be the difference between him and them?

That is real Islam. Where is that Islam today? Where are our Muslims today? Where are we? Big shame on Muslims today that we are being advertised as terrorists, as bad people. Non-muslims are announcing that Muslims are the worst people, people doing worst deeds. That is how the people of the West see Muslims; as bad people, uncivilised people, untrustworthy people... Every dirty title is given to the Muslims by the non-muslims and the Muslims themselves are to be blamed for this. Because our dealings are not only bad but worst. We do not treat other people well.

How was the Prophet sws. dealing with other people? Allah praised him and rewarded him because he carried every bad dealing that came from his people and he was patient. That is why Allah Almighty gave him more honour than anybody else.

Real honour is given to those who deal with other people in the best way. Even if they harm you, you should still give them goodness. Then you will get real honour. Don't ask to get the honour from the people. Whatever the people can give you of honour is only a temporary honour. But what Allah Almighty gives you of his Divine Honour will be forever. Try to get that honour. Don't think that the honour which comes from governments is good for you and will stay with you forever. Don't think that the honour which is given to you through your richness will be with you forever. Don't think that the honour you get through power that you have been given to you here will be forever. Every honour that has been given to a person in this world will be nothing. It doesn't belong to you. It will be taken away from you quickly.

Ask to have permanent nobleness and honour. This only Allah Almighty can give to you. His payment for your good dealings with his servants will be permanent honour. Even if they harm you, treat them well. You are doing it for the sake of Allah. Don't be worried or sorry about what they are doing against you and not

respecting you. Leave them! But you should deal with everyone with good dealings for the sake of Allah and Allah Almighty will be dressing you with Divine Honour.

This has been given to the Prophets and to the holy-ones and it is never taken back, it is forever. Don't run after temporary titles and honours of this life. They are finished so quickly and then you will die without having any real honour. You will ask yourself, "Who was I that I am now nothing?".

On the tombstones the title is also written; General, Duke, King, Marshall, Governor... all of it is written, but only on stone. What is the value of that? Try to get real honour. From early morning until late at night we are running. For what? To get some more of this life. Even if you are the richest one. For what? Why aren't you running in the same way after Divine Honour. Run after it! It is there, because Allah Almighty said that, "If my servant is asking for anything, it is there for him. He can ask for anything, and it is there. Because if he asks for something, he knows that I have it.". Ask for the most valuable thing. Ask, and he will give! But no! You are asking for rubbish.

Oh, people! Ask Allah Almighty to dress you in Divine Honour and when you are dressed in that way you will be honoured in the whole universe. When Allah Almighty honours someone, it will be in the whole universe and it will be for all times.

May Allah forgive us and grant us such dressings. But you must pay to get it. It is not just given to you. If you want to be dressed in Divine Honour, then you must pay. And the payment is to carry other people. To have patience with his servants and to give them your goodness and to try to give everyone your best. It is difficult, but honour is expensive.

## Macht den Eingang zum Himmel weit

Es ist nicht einfach in unseren Tagen, den Wegen der Gefährten des Propheten Muhammad, möge der Friede auf ihm sein, zu folgen. Der Prophet, auf ihm sei Friede, sagte: „Wenn ihr einem von hundert Befehlen nicht gehorcht, lauft ihr Gefahr, daß euer Glaube schwächer wird. Es könnte sogar bedeuten, daß ihr euren Glauben verliert. Ihr müßt alle Befehle befolgen. Das ist eure Lage. Aber es wird eine Zeit kommen, da, wenn einer meiner Leute nur einem einzigen Befehl von hundert folgt, dies für sich bedeutet, daß dieser Mensch viel Glauben besitzt.“ In dieser Zeit befinden wir uns jetzt. Den Menschen unserer Zeit ist viel Wissen gegeben worden. Viele Menschen haben Wissen. Es gibt viele Gelehrte, die Wissen haben, aber sie haben keine Weisheit. Eine Folge davon ist, daß sie Leute dazu bringen, vor dem Islam wegzulaufen. Sie akzeptieren nicht einen Menschen, der einfach kommt und sagt: „La ilaha illa llah Muhammadu r-rasulullah.“ Das aber ist genug für den Anfang. Wir wissen, daß diese Worte die Schlüssel zum Paradies sind. Wenn wir sie bis zum Ende beibehalten, ist das ausreichend. Wir erzählen den Leuten doch nicht, daß wir einhundert Befehle hätten und daß sie sie alle erfüllen müßten und wenn nicht, sie keine Muslime sein könnten. Was wäre das für eine Verrücktheit! Die neue Art von Gelehrten, die dies tun, haben keine Urteilskraft. Sie sind wie Cassettenbänder. Aus diesem Grund verlieren sie. Die nichtmuslimische Welt schaut mit Haß auf den Islam genau wegen dieser Leute, die versuchen, den Islam ohne Weisheit und ohne Liebe zu verbreiten. Muhammad, möge der Friede auf ihm sein, wurde von Allah als erstes aufgetragen, die Menschen zu lehren,

diese Worte zu sagen: la ilaha illallah. Das war der erste Befehl. „Heiße sie, diese Worte zu sagen und für immer Meine Einheit und Meine Existenz zu bezeugen. Das ist genug. Selbst wenn sie nicht erklären: Muhammadu r-rasulullah, werde Ich ein Urteil für sie fällen!“ Der Grund ist: Als Muhammad (s.a.s.) darum bat, daß es ihm erlaubt sei, Fürsprache für die Menschen einzulegen, gabe Allah ihm die Erlaubnis, sich für diejenigen einzusetzen, die erklären würden: La ilaha illa llah Muhammadu r-rasulullah. Jene, die nur sagen würden: la ilaha illa llah, über die würde Allah Selbst urteilen. Macht den Eingang zum Paradies so weit wie möglich. Macht ihn nicht eng, denn er ist nicht eng. Macht ihn so weit wie die Entfernung zwischen Osten und Westen und laßt die Menschen eintreten. Sagt niemals zu irgend jemandem, der sich dem Paradies zuwendet, daß er nicht eintreten könnte! Wenn jemand sein Gesicht dem Herrn zugewandt hat, dann wendet ihn nicht ab. Es ist ein Zeichen, daß es im alten Mekka vor der Erneuerung üblicherweise vierzig Zugänge zur Kaaba gab. Es gab dort keine Türen, die hätten abgeschlossen werden können. Jeder, der es wollte, konnte jederzeit eintreten. Die Leute, die behaupten, daß sie dort durch ihre Renovierungen den Platz erweitern, haben gewaltige Türen installiert und es verschlossen. Allah der Allmächtige ließ dann einige andere Leute hineingehen, die Türen schließen und Feuer auf sie anzünden. Zu Beginn des 15. islamischen Jahrhunderts taten einige Leute genau das. Das war die Strafe für sie. Aber niemand versteht. Die Kaaba sollte keine Türen haben, nur Eingänge. Leute sollten in der Lage sein, zu jeder Zeit zu kommen und zu gehen. Jeder, der in seinem Herzen nach Gott verlangt, und sei es in seinem letzten Augenblick, wird akzeptiert sein. Selbst wenn so viele Teufel, wie es Sandkörner gibt, zu diesem Menschen geschickt werden, können sie doch nichts ausrichten. Hat sich das Herz eines Dieners dem Herrn erst einmal zugewandt, ist es für jene zu spät. Während ihres Lebens kann Satan die Menschen beeinträchtigen, aber in den letzten Augenblicken ihres Lebens schaut Allah der Allmächtige nach den Herzen Seiner Diener. Macht es einfach! Andere Religionen wiegen schwer und sind zu schwierig. Der Allmächtige Gott hat die höchste Dienerschaft am einfachsten gestaltet. Die Scharia, das göttliche Gesetz, des Islam ist das toleranteste. „Es wird eine Zeit kommen, da, wenn du eine einzige Regel beherzigst, gerettet sein wirst!“ Laßt die Menschen nur sagen: La ilaha illa llah Muhammadu rrasulullah, und dann laßt sie in Ruhe. Das bedeutet höchsten Respekt und kann nicht ohne Niederwerfung sein.

## Main purpose for training the nation

Destur ya Sayyidi, ya Sultanu-l Awliya, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Subhanaka! La ‘ilma lana illa ma ‘alamtana, Innaka ‘Alimu Hakim...

It is an association, as the pillar of the most distinguished Naqshbandi Order, Shah-u-Naqshband, was saying that our Tariqat, our way, its speciality is to make association. With whom? With Prophet sws, (but) you can’t reach to (the) Prophet, (and) to (the) Companions of the Prophet sws. The Companions of the Prophet were ignorant people and they were in need to be trained. And for what purpose they should be trained?

The main purpose for training the nation is to prepare them for the divinely Presence. That is the main purpose for sending Prophets. Every Prophet is or was a trainer. Or a teacher, but training, because man, through their creation (they) are like wild trees or wild fruit trees, growing on a hill, growing on mountains, growing through jungles- all of them are in need for a graft, to be suitable to come to the presence of mankind, (for mankind) to take from that fruit benefit, eating and looking to it, enjoying, eating and enjoying and taking power to be a good servant (of Allah Almighty).

And all Prophets were training their nations for to be good servants. The real purpose is a perfect

servanthood, but to reach to that point is so difficult! Not everyone (is) reaching top positions from a nation, honoured positions, no! There are common people, but from (these) common people some are getting up and (they are) reaching top position or perfect honourable position among their nations. And Prophets were coming and training people. (Even) if they are not reaching 1oo % perfect positions, they may (still) reach (something) according to their intentions, according to their Himmet, (spiritual aspiration), according to their inner desires. (Prophets) reached (to people) to make them to move from earthly positions, to make them- even they are on earth- at least to look up, to bring a difference between (the) animal world and mankind. You can't see any animal looking up like this...(to the sky). You met some cows or camels in Egypt looking up? But man they are looking up! Animals (are) looking on earth; they are asking (to find) the things they need on earth. They are running on it, because the wisdom for their existence, for being in existence, is something else beyond mankind's desires. Those animals (are) created for man, to be their provision, Rizq. Therefore they are looking to complete their creation's reason: to look for themselves, (and) to prepare themselves for mankind. They have been created for mankind, to use them or to eat them; therefore they are not interesting in anything else from eating and drinking and looking after themselves. That is the level of animals. Therefore they are not taking any care to look up- for what (should they look up)? They are not going to the divinely Presence, no. But mankind, even (they) may be unbelievers- everyone (is) looking up, and through everyone's heart is hidden that secret desire to reach up. They like it; (they are) interesting (in it).

Therefore sometimes that Shaitan's box (TV) is showing something about (the) universe, about space, about stars, about galaxies- (and) no one is changing that screen to another channel, no! Everyone (is) taking very keenly care to look what (is) happening, what is this, because their souls (are) asking to reach to their real stations (in the divinely Presence). And man (is) knowing that it is impossible to reach out of this planet with their material being; (our) physical being can't carry this, no, it is impossible. But (our) souls are knowing that they may reach, and for witnessing that: Anyone (who is) looking nighttimes to any galaxy or may be so many galaxies, but they are only just seen as a spot and he is making like this....(looking up) and reaching there...

Our looking (is) reaching in less than a second that place. (It) may be as far as you can imagine- (but) if you can see anything from its lights- even (it may be) billions and billions of light-years (away)-, if it can be seen through naked eyes, you are there, you are going to be there! And this belongs to our physical being and our

looking. Man can reach to that point with their eyes only, with nothing else, no! That is (a) witness from our material being that we have such power through our eyes to reach to that point.

That is a small proof that mankind's creation is something else- (it is) just different- and (it) proofs also that through our physical being the light of our eyes (is) reaching through that huge distance; its distance may be billions of light-years, far away, but we can reach easily; when we are looking up... seeing...

And that power is only a proof (for) what we have from extraordinary powers and distinguished creation. And if we are using this power- that our eyes (are) reaching (to the furthest point in space)- we are going to be like a person riding on a donkey in comparison to our soul's power. This, that our eyes are so quickly running there, it is going to be like (the speed) of a man walking on (his) donkey, when we use our spiritual power!

Therefore man is 'Hazreti Insan', (Honourable Man), Man, the Man! That is (the) honour, (that we have been granted), not looking to our physical being, no, no! This power (is) granted to us through our souls, so that we are going to be (the) deputies of Allah Almighty. (And) that power of our souls may reach not only from one direction, (but) from countless directions it may reach to everything, as (the) sun (is) reaching to everywhere with its rays. If our soul's power (is) going to appear, (it is) reaching to depthless places through this creation and (you are) looking and taking power. Then our souls (are) going to find (the) way to Marifatullah, (the knowledge of Allah Almighty), to be for His divinely Services servants that time. Our souls (are) taking all creation, looking in it and then 'tawajju', orientating (themselves) to the endless Dominions of the Lord of Heavens, to be in His divinely Presence, reaching the Oceans of Allah Almighty's Dominions' Power Oceans or Wahdaniyatu, His Unity Dominions' endless Power Oceans, 'Alamu Ghujub (unseen worlds), 'Alamu Ghuyub, 'Alamu Ghuyub ...

What do you think! What is our position here!

No way to know about the Lord of Heavens, if you are not reaching: "wa ma qadarullahi haqqa qadiri". Man also can't be able to reach first to himself! Yet we are not, never reaching to ourselves, never reaching to our real being- how we can reach to Marifatullah, to know about your Lord Allah Almighty? Ohhh, 'Alamu Ghujub... Ohhh...

Oh our Lord! Forgive Us! We are in need (of) Your Blessings to come to our real position, because we have

been moved from our real positions! Shaitan (is) carrying people from their real positions on wrong positions. All people (are) on wrong positions. They left their real positions in Existence; leaving and running away, running, asking something else... Everything you have been granted through your (real) position! No need (to run and look somewhere else)!

Therefore association (must be) with Prophets, because Prophets' Himmet, aspiration, their spiritual power, (is) reaching to (the) whole Ummah and (they are) asking to carry them (up), to save them and to turn their faces to (the) real Being of the Creator! "Fa aynama tawallu, fa thamma wajhullah!" He is with you, but you are not with Him! He is with you, but you are not With Him... No, you can't understand... He is with us, but we are not with Him. (There is) no room for creatures in His divinely Presence, no room; no anyone else (is) in existence, (there is) only His Existence! Therefore He is with us- but we are not with Him!

May Allah forgive us and grant to you to be a good understanding, little-by-little, for reaching to His divinely Presence, that you are going to finish through that Oceans. Unity Oceans (are) never accepting to be another one there, no room. No room, but He is only in Existence. (There) can't be for anyone (or) anything a room through His Existence- no, but He is with everyone. Everyone belongs to Him, but you can't take a room from His Existence, no!

For the honour of the most honoured one in His divinely Presence, Allah forgives us!

Alhamdulillah wa kafa, rahimallahi man daa...This is a grant from Allah Almighty, because time is over now for a new opening!

May Allah give much more power to our Grandsheikh and give him much more honour that (he is) sending us such jewels for a new opening through our understanding...Fatiha.

## Maintain Your Servanthood in the Highest Position

As-salaamu `alaykum. Bismillahi 'r-Rahmani 'r-Raheem. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem.
Allah Allah. Allah, Subhaan Allah, Subhaan Allah, Subhaan Allah, Subhaan Allah, Subhaan Allah. (Mawlana Shaykh stands and sits)

O our Attenders! `Eid Mubarak! "Mubarak" is to those who are trying to keep the holy orders of Allah Almighty! As much as possible, we were trying to make in Ramadan something that may make Allah Almighty pleased with us. We are all servants of our Creator and we made an oath with Allah Almighty that we are promising that we are His servants, and we shall try to do our servanthood in the best way! But, Shaytan is making Mankind not to keep their promises. When people are not keeping their promises, cursing is coming on them.

Now we are living in the last part of this world's life. We just reached the last part of life on this planet. It is going to finish soon, not because I am saying so, as I know nothing, but it is an order from Heavens that reached to prophets in their time. Allah Almighty sent 124,000 prophets to help people keep their promises, their oaths to their Lord, Allah Almighty, Huuuu, to keep their servanthood. We have been created only to keep servanthood; that is our most important responsibility! We have been ordered only to be His servants

and to keep Allah Almighty's servanthood in a most perfect position. You must try to make everything that belongs to Allah in the most perfect position. You are asking for a job and after a long time, you may find a job and you are very careful to keep your job in a perfect position so that your boss may say, "This is a good one. We must keep him!" That is such a simple understanding for Mankind, and everyone knows that if he is going to be employed anywhere, he is trying to show his boss that he is doing perfect service and work. Everyone tries to make himself in front of his boss in such a way that he sees, "Oh, this is a good employee, doing everything in a perfect position."

I met very few ones who are trying to make their servanthood or divine service in the most perfect position! Mostly people are leaving that also, saying, "It doesn't matter! We must look after ourselves and our pleasures, we must try to be happy in our high ranks. It is our ultimate desire." People run for that, but for Allah's service they say, "It doesn't matter." If it doesn't matter, those people are going to be put in a basket and thrown away. All prophets said, "O People! Try to be the best ones for your Lord's commands and first-class servants for your heavenly responsibility."

But now Shaytan is cheating all people and making them forget heavenly responsibilities, saying, "It doesn't matter!" But it is going to to be difficult for that one when he is entering in his grave; it will not be easy for those who are not taking care of their responsibility of servanthood. Everyone is going to repent, "Why didn't I do this in an excellent position? Why didn't I take care?" You are trying to be the best servants for dunya, but not for Allah Almighty! Every trouble here and every cursing after this life is because we are not taking care of our Lord's holy orders! Instead we are trying to be Shaytan's best and glorified workers. Why? If we are believers, we must try to do our best for our Creator and keep our oath that we made to Him in the Divinely Presence! If you are keeping, you will be happy here and Hereafter.

This holy month of Ramadan just passed, when daily it was raining in 24 hours so much of Allah Almighty's blessings! But they were not taking care and then their life here is going to be so difficult, and their life in the grave is going to be more difficult, and after the grave, on the Day of Resurrection, they will find themselves in much more bad conditions and no blessings will come on them! We have been granted only one chance to be good servants, so if we lose it, there can't be a second chance given to anyone to do better, or to develop the best servanthood; our one chance is finished! Who is asking to be pleased here and Hereafter, keep your oath to be a good servant for Allah Almighty here and Hereafter!

People were thinking, "O! For Ramadan Mubarak, one month of fasting is so difficult!" Shaytan was saying to them, but that chance just passed away. Our weight is coming less or perhaps our weight is going up, and now those who were keeping the holy orders of Heavens, their feeling is getting better and they are going to be much more in pleasement and in pleasure because Allah Almighty is pleased with them and giving to His servants. Just one month passed away, and it may be one year will pass, or one century, as nothing is going to be fixed in this life, no. If it is one-hundred-thousand years, eventually it is going to finish, and what people are running after from pleasement in this life is also going to be zero for them!

O People! Run after Allah Almighty's pleasure, and ask for His pleasure!! When He is pleased with you, He gives to you pleasure and pleasement. Enough that you are drunk; leave drunkenness and try to understand, and do what you promised on the Day of Promises. Keep it and you will be happy! So many millions of people passed away and are now not in good conditions, but there is no way for them to come back. May Allah forgive us!

O People! What did you learn in this holy month? This holy month was teaching us to be good servants, and to seek the best servanthood. If you are doing that, your life here and Hereafter is going to be excellent, and according to heavenly knowledge that prophets were bringing, there is a very short time until the Day of Resurrection will appear. For those who try their best to keep good servanthood for their Lord, Allah Almighty, there are good tidings. For those who are carrying their egos, they will have a different outcome. (...) May Allah forgive us.

O People! Ask forgiveness, even 70 times daily, say astaghfirullah, astaghfirullah, astaghfirullah, astaghfirullah, astaghfirullah al-`Adheem, al-Kareem.
May Allah forgive us, for the honor of His most honored servant, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

**The Main Trick Shaitan Uses to Trap Humans**

Haayyyyy, hayyyyy, hayyyy 4x
Huuuuuuuu, Huuuuu, Huuuuuuuuuuu 20x

Ha. That... bismillah (drinks water)
Allah Allah.

I am praying 2 raka`ts for tawfeeq, 2 rak`ats I am praying. For the honor of the ? of Leader of Heavens. Only You Allah, nothing else. Only You are in existence. Allahu akbar, Allahu akbar, wa lillahil-hamd. Only You are in existence. You are granting us to be seen in existence but real existence only for You, Our Lord, Lord of creation from pre-Eternal up to Eternal. Allahu Akbar, SubhanAllah, SultanAllah, SubhanAllah, SultanAllah, SubhanAllah, SultanAllah, Alf alfus-salaat, alf alfu's-salaam on your most respected honored and glorified representative, Sayyidina Muhammad, for him not for any other one.

Allahu Akbar.
A`udhu billah min ash-Shaytaan ir-rajeem
As-salaamu `alaykum.

O... mankind! You are one kind creature, that the Lord of heavens created you, created everything. He almighty only is Creator. We are creation. Creatures. Creatures. And our Lord, He, His...Existence, Absolute Existence, He creating everything as He likes. He is that One that bringing everything from Unseen Worlds into Seeing Worlds. And we are saying, "a`udhu billahi min ash-shaytaan ir-rajeem." WE are running to our Lord, to our Creator, from wrong ideas that Satan trying to put through our ... That terrible creature that mankind knows nothing. But the Lord of heavens addressing to His servants and saying, "Beware O my creatures. Beware and that Shaytaan, trying to cheat you, O mankind. Don't be cheated. Satan. Most terrible

enemy, asking to cheat people, but you must use your mentality. And your mind and your willpower. You must use them, so that it never going to be able to cheat you. With which means Satan asking to cheat people? Do you think that when he is asking to cheat you what is its aim? What he can do with its cheating? Shaytaan may say, “You may do this, and you should be eternal being.” May say, yes. With any other goal or target, he can’t say anything else, he may say, “O mankind! Follow me and I am able to carry you to an endless life and enjoyment.” He may say. Is it true? Is it true? Never true! He promised billions of people that “You follow me and I am granting to you an endless enjoyment, endless life.” Yes, he was saying and people asking to live with enjoyment of life, never getting their enjoyment coming down, but they are asking to move up, up, up, up and Shaytaan just promised its followers through centuries from the beginning of this creation. With that point Shaytaan cheating, no other goal or target he may say to people.

He may say, perhaps, “follow me and I may give to you treasures.” Yes, may say and so many thousands or millions of people they just followed and believed in Satanic cheating and they work and they ?? treasures, it is impossible to know how much it is. As it is mentioned through holy books, through Old Testament and the history of Qarun. Qarun. And he was one of hundred and thousand ones whom all of them just cheated by Shaytanic, ayy, dozak, traps. And Holy Quran was saying about Qarun and his treasures: He just collected so huge amount from precious stones, golden, silver, and such a precious mines and keeping them. Putting under lock, locking and putting on it a sey, putting on it kilin, lock.

And the holy prophet was saying, opening a meaning from Allah Almighty’s Holy words through Holy Quran that Qarun he had countless treasures locked up. And the keys of that treasures only 60 magha, 60 mules you may put on them the keys of that treasures. [raise his hands] And Allah Almighty swt was saying what Qarun give from treasures through past time there was some other nations and also some other rich ones, they collected also from countless treasures and their treasures they were more and more bigger than treasures of Qarun. Yes, he collected, another collected, because Shaytaan collected. And Yi, [pile, accumulate] accumulate. “Do more, do more, do more!”

Then which benefit giving that huge treasures to Qarun or that passed away from rich ones from other names, A`d wa Thamood? Yes, any benefit reach to then? They used them, they used their treasures? No, underground. Underground. Thousands and thousands of tons of golden and also other precious jewels.

Which benefit gave to holder, that treasure? Nothing. Therefore for what mankind following the wrong way of Shaytaan and trying to make more bigger capital, more bigger stores of jewels, more treasures they are trying to do for what. Those people just stupid ones. But Shaytaan just making them, 2No, work and collect more and more and more and more and keep them on your name, to be for you, one thousand treasures. One hundred treasures."

That is mentality of people that they are now living. And yet they are not taking a lesson (from) what happened to the nations that just passed away and they left their treasures.
Why following Shaytaan, but people saying, we must be rich ones or more richer or richest ones. To be said that Simon's treasures, Simon's, Johnson's, Trade, Phillips, Johnsons, Siemens, or another people treasures and so many things for them written on their name. What happened? They have been cheated. Finally they are eating only one plate or half. Even they are not able to eat as a worker eating. What is meaning? Shaytaan cheating them and the Lord of heavens ordering to His prophets, peace be upon them, "O My messengers! Give my message to My servants not to be cheated through, through treasures and big capitals. Don't be cheated! It is only a Shaytanic tricks making you to fall in a trap. Don't be cheated! Allah Almighty saying. But people saying, "No we must work." From where is coming that economical crisis and finishing ourselves. What happened? What happened – nothing. Yet people still shouting and crying and complaining and saying, "crisis coming and we are finishing." "What happened?" "we never lost." Say, "the capital of England Bank, capital of US Bank, capital of Switzerland banks, it was for me but just it is locked up. It is locked up but it is on my name."

Teseli. Amusement, amusing. Amuse yourself, (say) "the whole Bank of Luxembourg is on my name and no harm coming on me of this crisis, never. Because it is just under the protection of Switzerland government. That Switzerland banks under control that it is never going to be stolen." That is the mentality of people. The Lord Almighty sending His message by His messengers. Telling them, "O My messengers say to them...!" Yes, heavenly message O people. What you have been granted use it for the honor of the Lord of heavens and for the honor His most honorable and glorified servant, Sayyidina Muhammad (s). Who believing, their lives going to be so happy. So happiness and through their hearts peace and through their minds so enjoyment and peace they are living in peace and enjoyment and happiness and sweetness. But if following Shaytaanic ways, never getting to be happy, or to be enjoyful or to be in peace, here or hereafter. O people! Try to make

yourself to believe in heavenly messages. The summary of heavenly messages only is: O people! What I am granting to you, don't be happy with that, but when you are going to use it for My Pleasure I am making you to be in pleasement and granting to you a sweet life and granting to you a sheltered life, here and hereafter. It is better for you, yet people yet insisting, insisting, saying, "We must try to make zeros more than one, more than 10, more than 100." Uff. Finally you may say, "Yahu. Every treasure in the world belongs to me." Eyy, take it away. Where that person should take it? Haah.

But the importance of Shaytaan is to cheat people. And if we are using our mentalities we never going to be cheated. Therefore believers can't be cheated. Unbelievers, daily, hundred times and more, cheated. And when a person cheated they are morals coming down. Coming down and they are going to be hopeless ones. They are falling endless Hopeless Oceans. Finished! Try not to fall in Hopeless Ocean, you should be happy here and hereafter.

May Allah forgives us.

Today what they are giving and granting to me from Friends of Allah we are trying to translate to you something. Keep it, you should be happy. If not accepting you should be naweed, peshman, [regretful] regretful.

Allah Allah, Allah Allah, Allah Allah `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah Kareem Allah.
Allah Allah, Allah Allah, Allah Allah Subhan Allah.
Allah Allah, Allah Allah, Allah Allah Sultan Allah.
Fatiha.

How many times? 45 minutes?
[50. ] Ok, they know to close down.
Yessir, thank you for our listeners. Who may understand. Someone's not understanding they are followers of Satan, finally they are going to be regretted, regretful. We are asking Divinely Protection from Satan and its ... traps and tricks. Ya Rabb! Ok?
Then we shall pray.

## MAJESTIC MAGNIFICIENCE OF ALLAH and the VALUE OF OUR WORSHIP

Our Grandsheikh is focusing on and bringing into people's awareness a very fine point so that they might act upon it. No one, not even the Holy Prophet Muhammad (sal) himself, is going to reach any rank in the Divine Presence by means of his acts of worship; and even if the Holy Prophet Muhammad (sal), was to be offered a reward for his devotions, he would not accept it; he would say: "I expect no reward for my acts of devotion."

Grandsheikh also says that if the Prophet Muhammad (sal), declared that his worshipping was as nothing and that he never could depend upon it – how can we depend upon our worship? If two prostrations of the Prophet's devotions were put in a scale and weighed up against the combined devotions of the Nations, his two prostrations would be heavier; and if his declaring the Unity of Allah once (La ilaha illa' llah) was weighed up against the sins of all the Sons of Adam, it would destroy all of those sins. From this you can understand what the power and rank of our Prophet is in the Divine Presence.

If a person is expecting any reward for his devotions, it means that he sees his own

actions as being good enough and worthy of a reward from Allah. Whosoever thinks that his actions or worship are suitable for the Divine Presence has no knowledge of Absolute Truth (Haqiqa) and its Secret Knowledge. Therefore, you may see them worshipping enthusiastically, pushed on to ever more devotions just because they are thinking: “These are good actions and I shall reap my reward for them,” but it never occurs to them that those actions aren’t suitable for the Divine Presence.

Whoever knows that even the Prophet’s devotions are not suitable for the Divine Presence will perform his devotions because Allah has ordered him to perform them, but he will never regard those acts as being worthy of Allah’s reward. Whenever he is performing worship or doing a good deed, he will be ashamed of it, and say to himself: “How shall this ever reach the Divine Presence, it is so pathetic.” But he knows that he has been ordered to worship, so he worships with out expecting anything in return.

But there is another group of people who are very proud of their devotions, and say: “We performed such an amount of devotions did so-and-so many actions, for which we shall reap rewards corresponding to our efforts; hard workers get paid good wages.”

You must be careful not to misunderstand me, nor to turn the intended meaning upside down; no doubt, as a result of what we are saying here, some people will accuse us of discouraging our followers from worship – far from it, Allah is my witness! We are never discouraging anyone from worship, we are only teaching people the highest good manners (adab) with their Lord Almighty, and that adab is: not to be contented with the amount of your worship while you effectively destroy its merits with your pride and with your thinking that is will be first-class in the Divine Presence; it is better to present your worship to your Lord, saying; “Oh my Lord, I am ashamed to send this before Your Divine Presence – forgive me my shortcomings and inability to worship or thank You as You deserve to be worshipped and thanked.”

I heard of one great Saint who, every time he came to the mosque to pray with the congregation (Jamaat), would wait until everyone had entered, and only then enter the

mosque himself, standing next to the shoe-rack and praying there. Then, as soon as the prayer was finished, he would run out of the mosque, saying: “Praised be the Lord, for He has covered for me the badness of my condition so that no one could detect it. If those people were to know what I am really like inside, they would chase me out of the mosque, throwing their shoes at me and beating me with them.”

Those who know the true value of their deeds regard them as being totally pathetic and worthless; they are always ashamed of them and seldom raise their heads to the skies out of their great humility. But there are many others who say: “We are Bishops, we are Cardinals, and we are more than Cardinals.” Some say: “Oh, I am a renowned Sheikh of Islam, I am extremely learned in the religious sciences, and I am a big and important man.” In order to see what may really be their case, we should just leave them after their deaths for three days, and then we should come to see what is beginning to happen to their bodies. Now, we may anoint people with a good perfume and they may smell very nice, but that is not what counts here: leave them for three days after their death and then see if Allah is giving them a good fragrance – if there arises a bad odour, then all their titles are useless.

Every religion teaches people to be humble, but the ego (nafs) always likes to show itself off as being the best, the most excellent, the most learned and most competent person of all. That is the basic mistake of the ego, and the Prophet was sent to liberate people from the bonds of such foolish thoughts. The most humble person among all the Sons of Adam was our Prophet, Peace be Upon Him, and in order to teach us humility, he said: “I am the greatest noble person of all the Sons of Adam on the Day of Resurrection, (and I say this completely) without pride.” In this, instruction is to be found for everyone who has been given rank by his Lord: there is no cause for pride, pride is for Allah only; everything that has been given to the Sons of Adam comes from their Lord Almighty, and at any moment He may take it away from them and leave them with nothing.

## The Majestic Will

It is He (Most High) who makes laugh and makes cry! (53:43) As-salamu alaykum, O attenders, O you, who gather around Shah Mardan, the Lion of Allah, who gather in sincere affection for him, so their souls are revived by loving him. O beloved brethren of the Beloved of God Thanks be to Allah, our Protector, who has not constrained us to our bed; our Protector, who made us get up; our Protector, who gives us strength, passionate love and ardor and who granted in His magnificence to His Beloved that in his Beloved's good pleasure His own good pleasure is found. We have entered a new day: A new day with new divine provisions. So let us say, O beloved brethren, Bismi-Llahi r-Rahmani r-Rahim. Let us say, O beloved brethren: La ilaha illa-Llah Muhammadu r-Rasulu-Llah (salla-Llahu‚Äòalayhi wa sallam) and also to Shah Mardan, the Lion of the battle grounds, we offer greetings of blessing and peace. And peace be upon those who follow their ways; may they be blessed; may they be in bliss; may they carry forever the crown of true faith on their heads! Shaytan cannot harm them in any way. Al-Hamdu li-Llah If we carry on our heads the crown of true faith, the crown of faith, the crown of Islam. We don't have to fear anything. Let us say: Bismi-Llahi r-Rahmani r-Rahim. Let us crown our day with the crown of the noble Basmalah. Our anxieties will vanish. Our worries will disappear, none of our troubles or sorrows will remain. From the matters of this world there is nothing to fear. Let us call the great ones. We are under the banner of our distinguished great grandmother Hala Sultan - may she not let us be far from her!

Everyone rises under the banner of the one he loves. O our beloved ones, each one of Allah's beloved servants has his own banner. Whoever steps under his banner will neither be deprived in this world nor in the hereafter. Unfortunately such issues have been forgotten or deliberately erased from memory. The human being lives by spiritual power. If man forfeits his spiritual

power he will himself be lost. Like a fish taken out of the water, he will flap about in bewilderment. This world will make him dizzy. Those who forfeit their water become dizzy. Our waters are an ocean. So let us dive into the ocean of Shah Mardan! Let us enter the court of passionate love and ardor. Let us praise and laud our Lord to express our gratitude! Upon His cherished Beloved whom He sent, let us offer countless greetings of blessings and peace; let us recite Salawat ash-sharif for him.

In the old days they would call in the mosques "Sayyidi Kainat as Salawat!" to make the congregation rise. "Send blessings and peace on the master of all creation! Get up!" And with "Allahumma salli ala Sayyidina Muhammad" they would wipe their hands over their faces. If you wipe your face whenever the name of our Master is mentioned, your face will become pure - it will shine. That is why in our mosques, as part of our old customs, when our most revered Prophet, the kingly Messenger, was mentioned by name, the muezzin would call out: "Ala Rasulina salawat!", meaning: "Send blessings and greetings of peace upon our Master!" Masha Allah, how wonderful! Not to forget our master, but to send blessings and peace upon him - how wonderful, how truly wonderful!

They have abolished our old customs, and together with them all goodness has disappeared. No goodness is left with people. But no, our Master is in constant remembrance. He is the Master of all creation because all of creation was created for his sake. Our master is the master of all creation. Our master is the pride of the whole universe. "Fahr-i Kainat as salawat!" They don't say that anymore in our mosques these days because the mosques are full of ignorants. No one tastes the sweetness of Islam.

Performing services in the mosques has become a means of livelihood. They take a few pennies to make a living. But service for the mosque is not a worldly kind of service. O our beloved brethren of Shah Mardan, we are asking for gatherings which will teach us these things, we are asking for sincere advice, which will become a source of love. Without love nothing happens. You can prepare a pot, put everything inside, set it on the fireplace, but without lighting the fire it will not cook. "Can food be cooked without fire, ya hu?" "Of course, it can!" "From what does it get cooked?" "We put it under the sun and that way it gets cooked as well." How clever! True faith is cooked in the melting pot of passionate love. That's how it becomes sweet. That's why the true believer is sweet. The unbeliever is poisonous, but the true believer is a healing cure.

O Shah Mardan, grant us support, O beloved brethren of Shah Mardan! Get up early in the morning! Men should not hang around in the house, unless they are disabled - that's something else. But a man who is alive and well should open the door saying "Bismi-Llahi r-Rahmani r-Rahim". Say "Bismi-Llahi r-Rahmani r-Rahim" and the doors of all goodness will open for you. You should know why you got up and for whom you got up. "O my Protector, Who has created me, I am remembering Your Most Exalted Name: Bismi-Llahi r-Rahmani r-Rahim". Don't sleep, but rather, if you are able to walk go to the noble mosque. Find spiritual relief in the noble mosque. Then, after the prayer, be ready for the gathering of Shah Mardan. O beloved brethren, O intimate friends, this used to be our schedule in the old days. What terrific practices were these. What a fantastic schedule it was! What a lovely character we had. How wonderful were our beliefs and how marvelous were our deeds! All that has been taken away from us. Those who have made us lose all that, have erected statues and turned them into places of worship. One day they will collapse on their heads. There is a time for everything. Everything happens in its fixed time. Isn't it so? For every event exists an appointed time. When that hour arrives, He will hit and destroy them without leaving even a trace. But He is waiting until the appointed time.

O people, do you hear what Shah Mardan says? "For those who forget Allah a whip will come from heavens." A kurbash is coming, a kurbash is coming. They will be whipped. Who is getting whipped will go half insane. Today men have lost three quarters of their wits, one quarter is left - not enough for themselves nor for others. The Sultans, the possesors of one single majestic will, have gone. One single will without coercion reaching from West to East, gathering all under one majestic will. With the sultans, the grandsons of Shah Mardan, everyone acted according to their (the Sultan's) will. They acted without coercion; maybe with fondness, maybe not. Acting out of fondness, taking pride in it a person who says regarding his leader's or ruler's, governor's or general's orders "at your command with all my heart!", serves the one whom he loves from his heart. He acts out of passionate affection.

There is no compulsion in religion.(2:256) In our religion there is no coercion! If you do it, do it with passionate enthusiasm! Don't do it staggering! Run, run to it! If you give this up for them, they will come and kiss your feet. They'll even lick your asshole. It's a rude expression, but it fits exactly. Those who don't prostrate to Allah, who don't accept Allah, they are licking assholes. They are licking Shaytan's genitals. That's exactly what they deserve. They find no rest here or

herafter, they are condemned to punishment. "Learn, 'ta'allam', learn!", says Allah's venerable Messenger and Shah Mardan is telling us, "Learn. Learn the beautiful ways! Don't start Shaytan's work as soon as you open your eyes. Be clean, be well mannered, clad yourself with the attributes of our cherished Master!" Who is doing this? The ones saying "Bismi-Llahi r-Rahmani r-Rahim". The ones who know the way to the mosque. Those who lost the way to the mosque are on their way to hell, their life is finished, they are rotting. Their lifetime is halved and their lives are poisoned, no matter if they are rulers or doctors.

Don't forget Allah! O my beloved brethren of Shah Mardan, what marvelous advice, what a wonderful gathering! Bismi-Llahi r-Rahmani r-Rahim. Let us listen, my beloved brethren. Let us remember our Lord, the Majestic Exalted, Most High! Let us say "Allahu Allah, Allahu Allah, Allahu Allah, Allahu Allah, Allahu Allah La ilaha illa-Llah Allahu Allah Allahu Allah La ilaha illa-Llah, Allahu Allah La ilaha illa-Llah Sayyiduna Muhammadu r-Rasulullah." Let us revive our beings by saying it!

You've become so lethargic. Your faces have become unsightly, women and men alike. The nobility has disappeared, the elegance is gone. They are painting their faces. The more paint they smear everywhere, the uglier they become. Come, be one of Shah Mardan's beloved brethren! Let's be part of his circle of close friends! May our day be full of goodness, O beloved brethren! It is a new day with new divine provisions. Our day is indeed a new day, with a new laden table descending from the door of the Sultan. The disciples of the Prophet Isa put a question to Prophet Isa (upon him and upon our Prophet be blessings and peace) saying: "Can your Lord send down a laden table from the heavens?" Are the heavens a soup kitchen? Are the heavens the food stall of a cook? Or is heaven some kind of restaurant? What is this? What are you asking? "O, but we would like it to descend so we can eat from it and our hearts may be in peace." If your hearts find peace eating food, your faith is not real faith!

If you only had said: "So that the eyes of our hearts may open, to let us find peace may He send it to us out of His divine grace!" But what did these disciples say? "Your Lord?!" They didn't even say "Our Lord"! "Can He send down a table from up there?", they asked. Is it a soup kitchen, a food stall or a restaurant? Is it not enough for you what's here on earth, so that you demand a laden table from heavens? What a shame! Was that a worthy kind of understanding for the

disciples of the great Prophet Isa - alayhi salam - to ask such a question? " Ay so that our hearts may find peace." If your heart finds peace eating food, can it find strength of faith?

Well, this was the level of their understanding. From our master no one demanded anything like this. From our master, the sultan of Prophets, nobody asked anything like "Let a laden table come down from heavens, our stomachs are empty, we are starving!" No one said, "Let a table come down!" Maybe they said, "Ya RasuluLlah", showing it to him, "because we couldn't find anything to eat we've tied stones to our bellies, to stop the pangs of hunger from tearing our stomachs apart." And our revered master simply lifted up his blessed robe to let them lookmeaning, "You have tied on one stone, I have tied on two. My Lord knows, when it is time to send down a laden table. My Lord knows. Are you believing in Allah? If you don't believe you may tie 10 stones to your belly, you will still not believe and if ten laden tables came down, you would still not believe!"

La ilaha illa-Llah, Sayyiduna Muhammadu r-Rasulullah (sas). How wonderfully he taught, our revered Master! He made them get by with one date in twenty-four hours. Such a people, with such a faith in their prophet they were, that they conquered the whole world. They did not demand: "Ya Rasulullah let a laden table come down for us from heavens so we can fill our stomachs!" Our revered master simply showed them the two stones tied on. Allahu Akbar! Salla-Llahu alayhi wa sallam. O my Lord! How wonderful is the teaching of that Beloved of the Most Glorious, Most High. And so it happened that while our distinguished master was passing through the oasis date orchards on his way to visit mount Uhud he noticed a rustling sound. When he turned around to look something like a spring of gold was gushing forth, following him. Our master - may Allah shower blessings and peace upon him - was not pleased. " I'm not in need of you. I have my Lord, Who is well aware of all my needs. Stop patronizing me! Stay where you are, the way you are!", he said. That's the reason why there is gold beneath Mount Uhud but there is no way to dig it out.

Mount Uhud is full of majestic eminence. They call it Jabal Uhud. Oh, what a blessed mountain! May we be granted power from the manifestations that emanate from it; may we be granted health and honor! May our stomachs receive their fill. May our hearts be in peace! This is what being human means; this is Islam. This is the meaning of being Muslim. This is the way of Shah Mardan, which he takes from that cherished Master of all creation. Come running, O beloved

brethren, join the circle of Shah Mardan's close friends. Let's sit together in conversation. We are satisfied with a piece of bread, but we urgently need those precious jewels Shah Mardan will pass on to us - How to serve our Lord and our beloved Prophet, the cherished Master of all creation; How to reach true servanthood, how to be worthy members of the Beloved's nation. This is what we really want. It's not this evanescent world we're after! Our Master is the esteemed Master of all creation. His way is what we want. We want something from his nobility. "To which nation do you belong?" "I belong to the nation of HabibuLlah." You'll be esteemed, you'll be renowned. "For whom will you draw your sword, O Shah Mardan?" "I'll draw it for the glory of Allah and His Messenger, cutting the world into two halves, as if it were a watermelon!"
Take it on, O youngsters, O Muslims, get used to these things. Follow Shah Mardan's sincere advice so that next to the name of the master of all creation our name also shall be mentioned! Let's reach for honor. Let's reach honor in this world and in the hereafter. May who possesses honor hold on to us. Who is dishonored? Those who have forgotten Allah and His Prophet, those who never prostrate to Allah. On Judgment Day they'll populate the alleys of hell. "There is not a single story, we haven't told", says Shah Mardan. Isma wa'u [listen and take heed]! What you have heard and taken in through listening, then you internalize it and it becomes like an inexhaustible energy, loading spiritual power, which lets your batteries never run empty. If your battery is finished, your battery wasn't worth ten pence anyway.
Man can take the power of true servanthood from Shah Mardan, from those awliya who are on his path. We can never reach the Pride of all creation(sas) but step by step we are also given from that power. If we say "Allah", we will shake the world. This is the power of Shah Mardan. We don't have any power. We are requesting some crumbs from his laden table. Every day, O my beloved brethren, let us partake from Shah Mardan's table. Let us get stronger, more powerful. Let us grow our wings. Let us fly into the realm of the heavenly kingdom on our way to the assembly of the Real, in a purified fashion! When you pass away, when you die, your dead body will not turn into a carcass. Who are those whose dead bodies become carcasses? The ones who don't listen to Shah Mardan, who don't keep to his ways. They are carcasses, sending forth their stench far beyond the graveyard.
May Allah never separate us from His pure servants, those disciples of Shah Mardan holding fast to his way. These blessed ones, they exist in every age. Look for them, O people of Anatolia!

Look for good people. Don't follow shaytans. Look for good people, so that your honor may shine again like in old times. The world should be awed by you. Thanks be to Allah, that we were granted today to listen to one of Shah Mardan's conversations, even if it was only short. O beloved brethren of Shah Mardan, close friends of Shah Mardan, in the old days a few people used to sit in the coffee shop, to meet there for their conversation. These conversations used to be like this conversation. They used to open up, to relieve their feelings. The soul needs neither coffee nor coffee house, the soul longs for close friendship. "Coffee is just a pretext", they said. Those we call close friends are the holy ones following the path of Shah Mardan. Look at them and come to your senses. This world will be under your feet. If not, this world will put pressure on you and be on top of you.

For the ones who follow the ways of Shaytan, Shaytan is on top of everything. He urinates on them, even discharges his excrement - but I am not going to mention that - he urinates on them, so they stink. They become ugly, everything decays. Their works don't progress. Hold fast to the way of Shah Mardan, O peasant, don't hang around the coffee shop, and don't leave your village, running for the cities. The village is a clean, pure place. Stick to your gardens, sow your fields, look after them. Don't bring Shaytan's tool into your village - don't get electricity. Don't get all these appliances that spread corruption. You don't need all the news and other things. What you need is remembrance of Allah. Allah's Word is what you need, and the ways instructed by Allah are what Shah Mardan teaches you.

Let us say Allahu Akbar Allahu Akbar Allahu Akbar wa li-Llahi l-Hamd. Subhansin Ya Rabb, Sultansin - You are exalted O Lord, You are the absolute Sovereign! Let those beloved friends come to us, who teach us Your marvelous ways!. Let the close friends of Shah Mardan come to us! Thanks be to Allah that He granted us this wonderful conversation today. May Allah raise their spiritual ranks!- the members of the household of the Messenger of Allah and the descendants of Shah Mardan are the ones to look for, the ones you must find. May you be granted a good life in this world and may life in Paradise be granted to you in the hereafter. O my Lord, forgive us. Let those servants come to us, who will teach us the ways of Shah Mardan. For their honor and by the high esteem of al-Fatiha.

Every day the sun rises - how much do people love to see it rise! When it goes down there is a kind of sadness. But here we have the sun of Shah Mardan. It shines brightly at every hour.

There is no sunset, Shah Mardan's sun does not go down. O Allah, make his rank the highest of high ranks. Let him be part of the assembly of Your most Beloved One. Fatiha.
Say: Allahu Akbar La ilaha illa-Llah wa-Llahu Akbar Allahu Akbar wa li-Llahi l-Hamd. Bismillahi r-Rahmani r-Rahim. if you say this, then get out from your door, all your work will be a success. May it go easily, may your day be sweet, may you meet no unpleasant situation! May shaytan stay far away from you! La ilaha illa-Llah Sayyiduna Muhammadu r-Rasulu-Llah A peasant mentioned to a saintly person, that his animal was sometimes easy going, sometimes it wouldn't stop kicking, and asked: "I wonder, why is it like that?" "It is as if this animal is reflecting that when you mention Allah and send blessings and peace upon the Prophet, it is feeling calm. It experiences peace. When you don't mention Allah, you become hard like a log. That's why it dislikes serving you. It doesn't want to serve you. All creation is just waiting to serve those who listen to Shah Mardan, those who continue on his marvelous way. Hold on to the sunna of the Beloved of the Most Majestic One. May Allah grant us to be among them, and these, our youngsters, O my Lord!
O our distinguished great grandmother Hala Sultan, with your support we were made to say a few words.May my strength not diminish, may it increase and not decrease! With the intention that our way may be made safe, let us say Bismi-Llahi r-Rahmani r-Rahim.
Please recite al-Fatiha.

**Der majestätische Wille**

'Es ist Er, Der Höchste, Der euch lachen und weinen läßt!' (53:43) As-Salamu `alaykum, Anwesende, ihr, die sich um Shah Mardan herum versammeln, dem Löwen Allahs, die sich versammeln in aufrichtiger Zuneigung zu ihm, so daß ihre Seelen wiederbelebt werden durch ihre Liebe zu ihm. O geliebte Brüder des Geliebten Allahs, Dank sei Allah, unserem Beschützer, Der uns nicht ans Bett gefesselt hat, unserem Beschützer, Der uns aufstehen ließ, unserem Beschützer, Der uns Kraft, leidenschaftliche Liebe und Inbrunst gibt und Der in Seiner Herrlichkeit Seinem Geliebten gewährte, daß sich in Seines Geliebten Wohlgefallen Sein

Eigenes Wohlgefallen befindet. Wir sind in einen neuen Tag eingetreten: Ein neuer Tag mit neuer Göttlicher Versorgung. Also laßt uns sagen, geliebte Brüder, Bismillahi r-Rahmani r-Rahim. Sagen wir, geliebte Brüder: La ilaha illa Allah, Muhammadu r-Rasulullah, salla Allahu `alayhi wa Sallam. Und auch Shah Mardan, dem Löwen der Schlachtfelder, entbieten wir Grüße des Segens und Friedens. Und Friede sei mit denen, die ihren Wegen folgen. Mögen sie gesegnet sein. Mögen sie glückselig sein. Mögen sie für immer die Krone des wahren Glaubens auf dem Kopf tragen. Shaytan kann ihnen in keiner Weise schaden. Alhamdulillah. Wenn wir auf dem Kopf die Krone des wahren Glaubens, die Krone des Glaubens, die Krone des Islam tragen, müssen wir uns vor nichts fürchten.
Sagen wir Bismillahi r-Rahmani r-Rahim. Krönen wir unseren Tag mit der Krone der edlen Basmala. Unsere Ängste werden vergehen. Unsere Sorgen werden verschwinden, keine unserer Probleme und Leiden werden bleiben. Von den Dingen dieser Welt ist nichts zu befürchten. Rufen wir die Großen. Wir sind unter dem Banner unserer ausgezeichneten Urgroßmutter Hala Sultan, möge sie uns nicht weit weg von ihr sein lassen! Jeder steht auf unter dem Banner dessen, den er liebt. O unsere Geliebten, jeder der geliebten Diener Allahs hat sein eigenes Banner. Wer immer unter sein Banner tritt, wird weder in dieser Welt, noch im Jenseits beraubt. Leider sind solche Sachverhalte vergessen oder absichtlich aus dem Gedächtnis getilgt worden. Der Mensch lebt durch geistige Kraft. Wenn der Mensch seine geistige Macht einbüßt, wird er selbst verloren sein. Wie ein Fisch außerhalb des Wassers wird er herumflattern in Bestürzung. Diese Welt wird ihn schwindelig machen. Jene, die ihr Wasser einbüßen, werden schwindelig. Unsere Wasser sind ein Ozean. Tauchen wir also in den Ozean Shah Mardans. Betreten wir den Hof der leidenschaftlicher Liebe und Inbrunst. Preisen und rühmen wir unseren Herrn, um unsere Dankbarkeit auszudrücken. Auf Seinen geschätzten Geliebten, den Er sandte, entbieten wir zahllose Grüße der Segnungen und Frieden. Rezitieren wir Salawatu sh-Sharif für ihn.

In den alten Tagen riefen sie in den Moscheen, 'Sayyidi Ka`inatu s-Salawat', um die Gemeinde zum Aufstehen zu bringen. 'Sendet Segnungen und Frieden auf den Meister der ganzen Schöpfung! Steht auf!' Und mit "Allahumma Salli `ala Sayyidina Muhammad" wischten sie mit den Händen über das Gesicht. Wenn ihr über euer Gesicht wischt, wenn immer der Name unseres Meisters genannt wird, wird euer Gesicht rein werden. Es wird leuchten. Deshalb rief in

unseren Moscheen als Teil unserer alten Bräuche, wenn unser höchst verehrter Prophet, der königliche Gesandte mit Namen genannt wurde, der Muezzin aus: "`Ala Rasulina Salawat!". Das bedeutet: 'Sendet Segnungen und Grüße des Friedens auf unseren Meister!' Masha'Allah, wie wunderbar! Unseren Meister nicht zu vergessen, sondern Segnungen und Frieden auf ihn zu senden, wie wunderbar, wie wahrhaft wunderbar! Sie haben unsere alten Bräuche abgeschafft, und mit ihnen ist alles Gute verschwunden. Nichts Gutes ist bei den Menschen verblieben. Aber nein, unser Meister ist in ständiger Erinnerung. Er ist der Meister der ganzen Schöpfung, weil die ganze Schöpfung um seinetwillen geschaffen wurde. Unser Meister ist der Meister der ganzen Schöpfung. Unser Meister ist der Stolz des gesamten Universums.

"Fahri Ka`inatu s-Salawat!" Sie sagen das nicht mehr in unseren Moscheen dieser Tage, weil die Moscheen voller Ignoranten sind. Niemand kostet die Süße des Islam. Dienst in den Moscheen zu tun, ist ein Mittel des Lebenserwerbs geworden. Sie nehmen ein paar Pfennige, um den Lebensunterhalt zu bestreiten. Aber Dienst in der Moschee ist kein weltlicher Dienst. O unser geliebter Bruder Shah Mardan, wir bitten um Versammlungen, die uns diese Dinge lehren. Wir bitten um aufrichtigen Rat, der eine Quelle der Liebe wird. Ohne Liebe geschieht nichts. Du kannst einen Topf herstellen, alles hineintun, ihn auf den Herd stellen, aber ohne das Feuer anzuzünden, wird es nicht kochen. 'Kann Essen ohne Feuer gekocht werden, ya Hu?' 'Natürlich!' 'Wovon wird es gekocht?' 'Wir stellen es unter die Sonne und auf die Weise wird es auch gekocht.' Wie klug! Wahrer Glaube wird gekocht im Schmelztiegel leidenschaftlicher Liebe. Auf diese Weise wird er süß. Deshalb ist der wahre Gläubige süß. Der Ungläubige ist giftig, aber der wahre Gläubige ist Heilung. O Shah Mardan, gewähre uns Unterstützung.

O geliebte Brüder Shah Mardans, steht auf früh am Morgen! Männer sollten nicht im Haus herumhängen, wenn sie nicht arbeitsunfähig sind - das ist etwas anderes. Aber ein Mann, der lebendig und gesund ist, sollte die Tür öffnen und sagen: Bismillahi r-Rahmani r-Rahim. Sagt Bismillahi r-Rahmani r-Rahim, und die Türen alles Guten werden sich für euch öffnen. Ihr solltet wissen, warum ihr aufsteht und für wen ihr aufsteht. 'O mein Schutzherr, Der mich geschaffen hat, ich erinner Deinen Höchst Gepriesenen Namen: Bismillahi r-Rahmani r-Rahim.' Schlaft nicht, sondern wenn ihr laufen könnt, geht lieber in die edle Moschee. Findet geistige Erleichterung in der edlen Moschee. Dann, nach dem Gebet, seid bereit für die Versammlung Shah Mardans. O geliebte Brüder, nahe Freunde, das war unser Zeitplan in den alten Tagen. Was

für großartige Gepflogenheiten waren das. Was für ein fantastischer Zeitplan war das! Was für einen herrlichen Charakter hatten wir. Wie wunderbar ist unser Glaube, und wie fabelhaft waren unsere Taten! All das ist uns weggenommen worden. Jene, die uns all das haben verlieren lassen, haben Statuen errichtet und sie in Orte der Anbetung verwandelt. Eines Tages werden sie ihnen auf den Kopf fallen. Es gibt eine Zeit für alles. Alles geschieht zur festgesetzten Zeit. Ist es nicht so? Für jedes Geschehnis gibt es eine festgesetzte Zeit. Wenn diese Stunde kommt, wird Er zuschlagen und sie vernichten, ohne auch nur eine Spur zu hinterlassen. Aber Er wartet bis zur festgesetzten Zeit. O Leute, hört ihr, was Shah Mardan sagt? 'Für die, die Allah vergessen, kommt eine Peitsche von den Himmeln.' Ein Kurbash kommt, ein Kurbash kommt. Sie werden ausgepeitscht werden. Wer ausgepeitscht wird, wird halb verrückt werden. Heute haben die Menschen drei Viertel ihres Verstandes verloren, ein Viertel ist noch übrig - nicht genug für sie, noch für andere.

Die Sultane, die Besitzer eines einzigen majestätischen Willens, sind weg. Ein einziger Wille ohne Zwang reicht von West nach Ost und versammelt alles unter einem majestätischen Willen. Unter den Sultanen, den Enkeln Shah Mardans, handelten alle nach ihrem (der Sultane) Willen. Sie handelten ohne Zwang, vielleicht mit Zuneigung, vielleicht nicht. Wenn jemand aus Zuneigung handelt, stolz darauf ist, wenn jemand, der bezüglich der Befehle seines Führers oder Statthalters oder Generals sagt, 'Zu Befehl von ganzem Herzen', dient er dem, den er von Herzen liebt. Er handelt aus leidenschaftlicher Zuneigung. 'Es gibt keinen Zwang in der Religion' (2:256). In unserer Religion gibt es keinen Zwang. Wenn du es machst, mach es mit leidenschaftlicher Begeisterung! Mach es nicht schwankend. Lauf, lauf dorthin! Wenn du das für sie aufgibst, kommen sie und küssen dir die Füße. Sie kriechen dir sogar in den Arsch. Es ist ein grober Ausdruck, paßt aber genau. Die, die sich nicht vor Allah niederwerfen, die Allah nicht anerkennen, sind Arschkriecher. Sie lecken Shaytans Genitalien. Das ist genau, was sie verdienen. Sie finden keine Ruhe hier oder im Jenseits. Sie sind verdammt zur Strafe.

'Lernt', "Ta`allam", lernt!' sagt Allahs ehrwürdiger Gesandter, und Shah Mardan sagt uns: 'Lernt, lernt die wunderschönen Weisen! Beginnt nicht Shaytans Arbeit, sobald ihr die Augen öffnet. Seid sauber, wohlerzogen, kleidet euch mit den Attributen unseres geliebten Meisters!' Wer tut das? Derjenige, der sagt Bismillahi r-Rahmani r-Rahim. Diejenigen, die den Weg zur Moschee kennen. Jene, die den Weg zur Moschee verloren haben, sind auf dem Weg zur Hölle. Ihr Leben

ist zu Ende, sie verrotten. Ihre Lebenszeit ist halbiert, und ihr Leben ist vergiftet, egal, ob sie Herrscher oder Doktoren sind. Vergeßt nicht Allah! O meine geliebten Brüder Shah Mardans, was für fabelhafter Rat, was für eine wundervolle Versammlung! Bismillahi r-Rahmani r-Rahim. Hören wir, meine geliebten Brüder. Erinnern wir unseren Herrn, Den Majestätisch Verherrlichten, Höchsten! Sagen wir: Allahu Allah, Allahu Allah, Allahu Allah, Allahu Allah, Allahu Allah, La ilaha illa Allah, Allahu Allah, Allahu Allah, La ilaha illa Allah, Allahu Allah, La ilaha illa Allah, Sayyiduna Muhammadu r-Rasulullah. Laßt uns unser Wesen wiederbeleben mit diesen Worten! Ihr seid so lethargisch geworden. Euere Gesichter sind unansehnlich geworden, Frauen und Männer gleichermaßen. Die Vornehmheit ist verschwunden, die Eleganz ist weg. Sie bemalen ihre Gesichter. Je mehr Farbe sie überallhin schmieren, desto häßlicher werden sie. Komm, sei einer von Shah Mardans geliebten Brüdern! Laßt uns Teil seines Kreises enger Freunde sein! Möge unser Tag voll des Guten sein, o geliebte Brüder. Es ist ein neuer Tag mit einer neuen Göttlichen Versorgung. Unser Tag ist tatsächlich ein neuer Tag, mit einem neuen gedeckten Tisch, der von der Tür des Sultans herabkommt.

Die Jünger des Propheten `Isa stellten dem Propheten `Isa eine Frage, auf ihm und auf unserem Propheten seien Segnungen und Frieden, und sagten: Kann dein Herr uns einen gedeckten Tisch von Himmeln senden? Sind die Himmel eine Suppenküche? Sind die Himmel der Imbißstand eines Kochs? Oder ist der Himmel eine Art Restaurant? Was ist das? Was verlangt ihr? 'O, aber wir hätten gerne, daß er herabkäme, so daß wir davon essen können und unsere Herzen in Frieden sind.' Wenn euere Herzen Frieden finden durch Essen, ist euer Glaube kein wahrer Glaube. Wenn ihr nur gesagt hättet: 'So daß die Augen unserer Herzen sich öffnen, um uns Frieden finden zu lassen, möge Er ihn uns senden aus Seiner Göttlichen Gnade!' Aber was sagten diese Jünger? 'Dein Herr?!' Sie sagten nicht einmal, 'Unser Herr'! 'Kann Er einen Tisch von dort oben senden?', fragten sie. Ist es eine Suppenküche, ein Imbißstand oder ein Restaurant? Ist es nicht genug für euch, was hier auf Erden ist, so daß ihr einen gedeckten Tisch vom Himmel fordert? Welche Schande! War das ein würdiges Verständnis für die Jünger des großen Propheten `Isa, `alayhi Salam, so eine Frage zu stellen? '..so daß unsere Herzen Frieden finden.' Wenn euer Herz Frieden darin findet zu essen, kann es Stärke im Glauben finden? Nun, das war die Ebene ihres Verständnisses.

Von unserem Meister verlangte niemand etwas derartiges. Von unserem Meister, dem Sultan der

Propheten, erbat niemand etwas wie: Laß einen gedeckten Tisch von den Himmeln herabkommen, unser Magen ist leer, wir verhungern! Niemand sagte: Laß einen Tisch herabkommen! Vielleicht sagten sie, 'Ya Rasulullah', und zeigten es ihm, 'weil wir nichts zu essen finden konnten, banden wir uns Steine an den Bauch, um die Schmerzen des Hungers zu bremsen, die unseren Magen zerreißen.' Und unser verehrter Meister hob einfach sein gesegnetes Gewand und ließ sie sehen und meinte: 'Ihr habt euch einen Stein umgebunden, ich zwei. Mein Herrn weiß, wann es Zeit ist, einen gedeckten Tisch herabzusenden. Mein Herr weiß. Glaubt ihr an Allah? Wenn ihr nicht glaubt, könnt ihr euch 10 Steine an den Bauch binden, ihr werdet immer noch nicht glauben. Und wenn 10 gedeckte Tische herabkämen, ihr würdet immer noch nicht glauben!' La ilaha illa Allah, Sayyiduna Muhammadu r-Rasulullah (saws). Wie wunderbar lehrte er unseren verehrten Meister! Er ließ sie mit einer Dattel in 24 Stunden auskommen. Solche Menschen, mit so einem Glauben an ihren Propheten waren sie, daß sie die ganze Welt eroberten. Sie forderten nicht: 'Ya Rasulullah, laß einen gedeckten Tisch für uns von den Himmeln herabkommen, damit wir uns den Bauch füllen können.' Unser verehrter Meister zeigte ihnen die beiden Steine. Allahu Akbar! Salla Allahu `alayhi wa Sallam.
O mein Herr, wie wunderbar ist die Lehre dieses Geliebten des Glorreichsten, Höchsten. Und so geschah es, daß unser ausgezeichneter Meister, während er durch Dattelhaine der Oase hindurchging auf seinem Weg, um den Berg Uhud zu besuchen, ein Rauschen hörte. Als er sich umwandte, um zu gucken, sprudelte etwas wie eine goldene Quelle hervor, die ihm folgte. Unser Meister, möge Allah ihn mit Segnungen und Frieden überschütten, war nicht erfreut. 'Ich brauche dich nicht. Ich habe meinen Herrn, Der sich meiner Bedürfnisse wohl bewußt ist. Hör auf, mich zu beschützen! Bleib, wo du bist, wie du bist!' sagte er. Deshalb gibt es Gold unterhalb des Berges Uhud, aber es ist unmöglich, es auszugraben. Der Berg Uhud ist voll majestätischen Ansehens. Sie nennen ihn Jabal Uhud. O, was für ein gesegneter Berg! Möge uns Macht gewährt werden von den Erscheinungen, die davon ausstrahlen. Möge uns Gesundheit und Ehre gewährt werden! Mögen unsere Mägen Sättigung erfahren. Mögen unsere Herzen in Frieden sein. Das ist die Bedeutung des Menschseins, das ist Islam. Das ist die Bedeutung des Muslim-Seins. Das ist der Weg Shah Mardans, den er von diesem geliebten Meister der ganzen Schöpfung nimmt. Kommt schnell, o geliebte Brüder, schließt euch dem Kreis der engen Freunde Shah Mardans an.

Sitzen wir zusammen im Gespräch. Wir sind zufrieden mit einem Stück Brot, aber wir brauchen dringend diese kostbaren Juwelen, die Shah Mardan an uns weitergibt - Wie wir unserem Herrn und unserem geliebten Propheten dienen sollen, dem geliebten Meister der ganzen Schöpfung; wie wir wahre Dienerschaft erlangen, wie wir würdige Mitglieder der Nation des Geliebten werden. Das ist, was wir wirklich wollen. Es ist nicht diese flüchtige Welt, hinter der wir her sind. Unser Meister ist der geachtete Meister der ganzen Schöpfung. Sein Weg ist, was wir wollen. Wir wollen etwas von seiner Vornehmheit. 'Zu welcher Nation gehörst du?' 'Ich gehöre zur Nation Habibullahs.' Ihr werdet geachtet werden, Ansehen haben. 'Für wen ziehst du dein Schwert, o Shah Mardan?' 'Ich ziehe es für den Ruhm Allahs und Seines Gesandten und schneide die Welt in zwei Hälften, als wäre sie eine Wassermelone!' Nehmt es in Angriff, o Jugendliche, o Muslime. Gewöhnt euch an diese Dinge. Folgt Shah Mardans aufrichtigem Rat, so daß neben dem Namen des Meisters der ganzen Schöpfung unser Name auch genannt werde! Greifen wir nach Ehre! Gewinnen wir Ehre in dieser Welt und im Jenseits. Möge, wer Ehre besitzt, sich an uns halten.

Wer ist entehrt? Die, die Allah und Seinen Propheten vergessen haben, die, die sich nie vor Allah niederwerfen. Am Gerichtstag bevölkern sie die Alleen der Hölle. 'Es gibt keine einzige Geschichte, die wir nicht erzählt haben', sagt Shah Mardan. "Isma`u wa'u" - Hört und beachtet es - was ihr gehört und aufgenommen habt durch Zuhören, dann verinnerlicht es, und es wird wie eine unerschöpfliche Energie, die geistige Kraft lädt, so daß euere Batterien niemals leer werden. Wenn euere Batterie zu Ende ist, war sie sowieso keine zehn Pfennig wert. Der Mensch kann die Macht der wahren Dienerschaft von Shah Mardan nehmen, von diesen Awliya', die auf seinem Weg sind. Wir können niemals den Stolz der ganzen Schöpfung (saws) erreichen, aber Schritt für Schritt wird uns auch von dieser Macht gegeben. Wenn wir "Allah" sagen, erschüttern wir die Welt. Das ist die Macht Shah Mardans. Wir haben keine Macht. Wir ersuchen um einige Krumen von seinem gedeckten Tisch. Jeden Tag, o meine geliebten Brüder, laßt uns teilhaben an Shah Mardans Tafel. Laßt uns stärker, mächtiger werden. Laßt uns Schwingen wachsen. Laßt uns in den Bereich des himmlischen Königreichs fliegen auf unserem Weg in die Versammlung des Wahren, in einer gereinigten Weise! Wenn ihr dahingeht, wenn ihr sterbt, wird euer Körper nicht zu einem Kadaver.

Wer sind die, deren tote Körper zu Kadavern werden? Diejenigen, die nicht auf Shah Mardan hören, die seinen Weg nicht einhalten. Sie sind Kadaver, die ihren Gestank weit über den Friedhof hinaus verbreiten. Möge Allah uns niemals von Seinen reinen Dienern trennen, jenen Schülern Shah Mardans, die an seinem Weg festhalten. Diese Gesegneten existieren in jedem Zeitalter. Sucht nach ihnen, o Menschen Anatoliens! Sucht nach guten Menschen. Folgt nicht Shaytanen. Sucht nach guten Menschen, so daß euere Ehre wieder leuchtet wie in alten Zeiten. Die Welt sollte Ehrfurcht vor euch empfinden. Dank sei Allah, daß es uns heute gewährte wurde, eins der Gespräche Shah Mardans zu hören, auch wenn es nur kurz war. O geliebte Brüder Shah Mardans, enge Freunde Shah Mardans, in den alten Tagen pflegten einige Leute im Kaffeehaus zu sitzen, sich dort zu treffen für ihre Gespräche. Diese Gespräche waren so wie dieses Gespräch. Sie öffneten sich und erleichterten ihre Gefühle. Die Seele braucht weder Kaffee noch Kaffeehaus, die Seele sehnt sich nach enger Freundschaft. 'Kaffee ist nur ein Vorwand', sagten sie. Jene, die wir enge Freunde nennen, sind die, die dem Weg Shah Mardans folgen. Seht sie an und kommt zu Sinnen. Diese Welt wird unter eueren Füßen sein. Sonst wird diese Welt Druck auf euch ausüben und auf euch drauf sein. Für die, die den Wegen Shaytans folgen, ist Shaytan über allem. Er pinkelt auf sie, entleert sogar seine Exkremente - aber das werde ich nicht erwähnen - er pinkelt auf sie, so daß sie stinken. Sie werden häßlich, alles verkommt. Ihre Arbeit schreitet nicht voran.

Halte fest am Weg Shah Mardans, o Bauer, hänge nicht herum im Kaffeehaus. Und verlaß nicht dein Dorf und lauf in die Stadt. Das Dorf ist ein sauberer, reiner Ort. Bleib in deinen Gärten, bearbeite deine Felder, kümmere dich um sie. Bring nicht Shaytans Werkzeug in dein Dorf - besorge dir keine Elektrizität. Hole dir nicht diese ganzen Geräte, die Verderben verbreiten. Du brauchst nicht all die Nachrichten und andere Dinge. Was du brauchst ist die Erinnerung Allahs. Allahs Wort ist, was du brauchst. Und die Wege, die von Allah gewiesen werden, sind was Shah Mardan dich lehrt. Sagen wir Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Subhansin ya Rabb, Sultansin, Du bist erhaben, o Herr, Du bist der absolute Herrscher! Laß diese geliebten Freunde zu uns kommen, die uns Deine wunderbaren Wege lehren! Laß die engen Freunde Shah Mardans zu uns kommen! Dank sei Allah, daß Er uns diese wunderbare Unterhaltung heute gewährte. Möge Allah ihren geistigen Rang erhöhen! Die Mitglieder des Haushaltes des Gesandten Allahs und die Nachkommen Shah Mardans sind die, nach denen man

suchen muß, diejenigen, die ihr finden müßt. Möge euch ein gutes Leben in dieser Welt gewährt werden und möge das Leben im Paradies euch im Jenseits gewährt werden. O mein Herr, vergib uns. Laß jene Diener zu uns kommen, die uns die Wege Shah Mardans lehren. Zu ihren Ehren und durch die hohe Würdigung für die Fatiha.

Jeden Tag geht die Sonne auf - wie sehr lieben es die Menschen, sie aufgehen zu sehen! Wenn sie untergeht, entsteht eine Art Traurigkeit. Aber hier haben wir die Sonne Shah Mardans. Sie scheint hell zu jeder Stunde. Es gibt keinen Sonnenuntergang. Shah Mardans Sonne geht nicht unter. O Allah, mache seinen Rang zum höchsten der hohen Ränge. Laß ihn Teil der Versammlung Deines Meistgeliebten sein. Fatiha. Sagt Allahu Akbar, La ilaha illa Allah wa Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Bismillahi r-Rahmani r-Rahim. Wenn ihr das sagt, dann geht zur Tür hinaus, all euere Arbeit wird erfolgreich sein. Möge es leicht gehen, möge euer Tag süß sein, möget ihr keine unangenehme Situation treffen. Möge Shaytan weit weg von euch sein! La ilaha illa Allah, Sayyiduna Muhammadu r-Rasulullah.

Ein Bauer sagte zu einem Heiligen, daß seine Tiere manchmal verträglich seien, manchmal würden sie nicht aufhören zu schlagen und fragte: 'Ich überlege mir, warum es wohl so ist?' 'Es ist, als ob dieses Tier reflektiert, daß, wenn du Allah erwähnst und Segnungen und Frieden auf den Propheten sendest, es sich ruhig fühlt. Es erfährt Frieden. Wenn du Allah nicht erwähnst, wirst du hart wie ein Klotz. Deshalb mißfällt es ihm, dir zu dienen. Es will dir nicht dienen. Die ganze Schöpfung wartet nur darauf, denen zu dienen, die auf Shah Mardan hören, die auf seinem wunderbaren Weg weitergehen. Haltet an der Sunna des Geliebten des Höchst Majestätischen fest. Möge Allah uns gewähren, unter ihnen zu sein, und diese, unsere Jugendlichen, o mein Herr. O unsere ausgezeichnete Urgroßmutter Hala Sultan, mit deiner Unterstützung wurden wir veranlaßt, ein paar Worte zu sagen. Möge meine Stärke nicht abnehmen, möge sie zunehmen und nicht abnehmen! Mit der Absicht, daß unser Weg sicher gemacht werde, laßt uns sagen Bismillahi r-Rahmani r-Rahim. Bitte rezitiert al-Fatiha.

## To Be Received in Majesty Oceans

(Mawlana Shaykh stands)
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Jaleel Allah, Jalla Jalaaluh,
Allah Allah, Allah Allah, Allah Allah, Jaleel Allah, Jalla `Azaamatu!

Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah, Sayyidina wa nabiyyuna wa mawlana Muhammad Rasoolullah! Zidhu yaa Rabbee `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana fee mithla hadha 'sh-shahru 'sh-shareef shahru Ramadan al-mubarak, yaa Rabb! As-salaamu `alaykum yaa `ibaadAllah as-Saaliheen. As-salaamu `alaykum yaa anbiyaAllah wa rahmatullahi wa barakaatuh. We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits)

In particular, we are giving our salute to Qutb al-Mutasarrif, Qutb az-Zamaan, and Saahib az-Zamaan, to look after our weak group sitting here. And we are asking from all honored ones, those whose honors are real, because they are coming from the Heavens!

O People! Ask for heavenly honor. Don't waste your precious lives for nonsense, imitated honor. That loads a heavy burden on your shoulders, and on the Day of Resurrection, kings, queens, sultans, emperors, and

mulook will be called, "O malik of Hijaaz, malik of Egypt, malik of India, malik of Bukhara, Ottoman maliks, sultans! Come! Allah Almighty granted you to be kings, sultans, malik of Hijaaz, malik of Masr, malik of Libya, and so many other mulook. Come, stand up in the Divine Presence for questioning, for judgment!"

O our Attenders! How are you today? Don't run after nonsense targets. Everything that has no meaning will be a heavy burden on your shoulders on the Day of Resurrection. The more imitated titles you have here, the more you will be under heavy depression on the Day of Resurrection. Now you are sitting on your thrones with such a majestic look and asking to be seen as majestic, but majesty is not for servants, but only for the Lord of Heavens, Allah (swt). (Mawlana Shaykh stands) Stand up, all mulook! That majesty is only for the Lord of Heavens, not for anyone else! If it were for anyone, it would be granted to the most majestic one, the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh sits)

O our Attenders! Try to be simple, as simple people are happy here and Hereafter. For those who have been granted imitated greatness, know that everything on this planet is imitated, not real. Real honor, majesty, glory and praising is for those people who, on the Day of Resurrection, will be granted by the command of Lord of Heavens, to be dressed as servants with an honorable dress. They will be granted this because they have been invited for muqabala, a meeting. All of Mankind has been given this divine invitation, that Allah Almighty is saying: (Mawlana Shaykh stands)

**••••••• ••••••• ••••• ••••• •••••••••••**

wallahu yad`u ila daari 's-salaam. But Allah does call to the Abode of Peace. (10:25)

(Mawlana Shaykh sits) This I think the Salafi `ulamas are understanding. For what is Allah Almighty inviting His servants to Dar as-Salaam? Dar as-Salaam is the first level of the Divine Presence granted to His servants. As you are entering Dar as-Salaam, you are going to be clothed in a dress of honor and then pass through Dar as-Salaam to Dar ul-Jamaal. There they will be clothed in a robe never granted to anyone before, the robe of Dar ul-Jamaal. There will be a welcoming for these servants, then they will pass through Dar ul-Jalaal and then they will reach to `Azhaamatu wa 'l-Jabaroot, until they approach from `Alam an-Nasoot to `Alam al-Lahoot, the last point that servants may reach and their servanthood is going to be honored and praised. Then they will be dressed in their honors, the honors of majesty. What happens after reaching that point? No one knows, only He knows!

•••••• •••• •••••• •••• •••••••••

illa man adhina lahu 'r-rahmaan. Except he to whom the Merciful has given permission. (78:38)

It is for that one who is granted to understand, to look, and to reach only One. One! And he is going to say: (Mawlana Shaykh stands) Yaa Fardu, yaa Samad! Yaa Fardu, yaa Samad! Yaa Fardu, yaa Samad! Yaa Fardu, yaa Samad! Anta 'l-Fareed, anta as-Samad! Anta 'l-Fareed, anta as-Samad! Anta Rabbuna `izzati wa adhaamati wa 'l-jabaroot! Subhaanak! Heavenly addressing, "I accept! I accept! I grant it to you!" (Mawlana Shaykh sits) That is the beginning and it is never-ending!

O our Attenders! Those who are claim they are `ulamas, do you know such things? Try to be servants; servants are always approaching the Divine Presence. That is the highest level of Mankind. Run after that position and they will be granted heavenly majesty, and received in Majesty Oceans. Allahu Akbar! (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar wa lillahi'l hamd!

O Mankind! You have been granted such honor that no one knows except one, and that is the Seal of Prophets (s), the real deputy of the Lord of Heavens, Sayyidina Muhammad (s)! (Mawlana Shaykh sits)

What are you doing here, O Mankind? We are the ones in the background, those furthest back! He had in front of us, ooooh, ooooh, ooooh, wa ashrafa! Allah, Allah. Therefore, those who are smelling something from heavenly perfume are never looking maa siwa-Allah, at what is other than Allah. Maa siwa-Allah (what is other than Allah)! All of it is like an atom. All of it! All of it! Therefore, they are never interested for this hayaatu 'd-dunya ad-danniya, this life which is the lowest level for Mankind. And as a beginning and getting up, up, up, up, high, high, high, high, Hayy, Hayy, Hayy, Hayy, Hayy! There are two meanings here: "Hayy," the Holy Name of Allah Almighty, and "hayy," `uloo; never-ending, approaching from the Oceans of Beauty, and Oceans of Praising, and Oceans of Majesty.

Oceans of the Mighty Kingdom are for all Creation! It is a Creation and no one knows when it began and no one knows when it is going to end; never-ending from pre-Eternal to Eternity, Eternity, Eternity. They are asking for Eternity, and never ask for maa siwa-Allah, for this dirty place in which Shaytan's ignorant agents are making everything dirty. None of them are interested, never thinking about it.

O People! You may be on different levels according to your opinions or your knowledge. You are making so many ranks, and every one of people's ranks on this planet is nonsense, with no value. And those oceans are asking to continue heavenly revelations. What they are asking to be said for us is such a tiny drop from endless oceans, that gives our hearts refreshment! People now, because they are slaves of material aspects, are thinking that they will reach refreshment through material aspects. There is no refreshment from that, but people think as much as they are collecting from jewels, gold, and such precious things, they are going to be in refreshment; to the contrary. Therefore, everyday the heavenly souls are reminding people, "O People, don't run after dunya, its jewels and its gold. If you are not using it for the honor of the Lord of Heavens, it is only going to be a very, very, very heavy burden on your shoulders. Try to be only for Allah!"

(Mawlana Shaykh stands) O Salafi `ulamas! Try to be only for Allah, not for anyone else! (Mawlana Shaykh sits) But instead, people are only trying to be for their rides, their egos, and Shaytan is blowing in their minds, causing their ways to be without solution. There is no solution through material aspects, and that is the reality. The material offers no solutions, but only makes more difficulties. And as they are not finding solutions, more and more difficulties are piling in front of people, so that there is no rest, no pleasure, no pleasement, no happiness for those whose importance is based in material aspects.

O People! It is a holy month! Try to give more and more and more for the sake of the Lord of Heavens. Give to His servants. He can grant to His servants; if Allah Almighty wills, it can rain gold and coins; He is Qaadir, Able, and Muqtadeer, Competent. He can do everything! But He does not want you, O Mankind, who are running after pleasures and material aspects, to store jewels and gold. He is asking, "Give, O My servant, for My honor. Give, give!" Where are you Arab mulook and umaraa, and rich Arabs? Why are you not giving for the sake of Allah? Why are you keeping all your wealth in bank cases? Think on it. Don't say, "Shaykh is asking for money." Every night it is raining coins on me and I am using them, but you are not using. What Allah granted you, you are not using. You know that a person opens his shop early in the morning up to evening, collecting, and then he leaves there and perhaps tomorrow he will not come back to see what he collected. Therefore, it is a holy advice to all Mankind who are running after gold, treasures or precious stones: it is shame on you! Give and take! Give one handful and take from Allah Almighty eternal treasures!

May Allah forgive us and grant us a pure understanding. Don't quarrel with each other. Don't fight with each other, but fight evil and devils; that is our mission. They are two words but they have a big meaning. O

Mankind! Fight devils and evil; that is your honor. If you are not doing this, there is no honor for you here or Hereafter. The Lord of Heavens just issued i`laan al-harb, declaration of war, declared war on devils and evil. That is the summary of all prophecy and messengerhood.

May Allah forgive me and forgive you. If we are saying wrong, Allah knows what we said and our intention. We are asking forgiveness in this holy month for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits).

Fatihah.

## Make Islam Easy for Beginners

Allah did not send the whole Shariah in one day. It was completed within 23 years. It shows us that the followers of Muhammad* were improving their prayers step by step. First they were only praying 2 rakats. After the Night-journey Allah ordered them to pray 5 times. We too must try to make the way easy for new Muslims.

# MAKE IT EASY FOR PEOPLE

Allah Almighty knows and understands His creatures, the Descendants of Adam, best. He Almighty knows their capacities and debilities, their excellences and their shortcomings, and He only expects from them in accordance with what He knows about them. As our Lord has decreed that, throughout the ages, it should become increasingly difficult for human beings to live in accordance with what is good for them. Allah their Lord, has lessened His expectations of them. He Almighty knows full well that the people of the last time will not be capable of much obedience or devotion to Him, and therefore He has made the successive Divine Laws revealed through His Prophets progressively easier and less demanding, culminating in the Law revealed to the Last and the Seal of Prophets, Muhammed, Peace be upon him, the tolerant Law of Islam.

Even during the lifetime of the Holy Prophet, Allah Almighty lightened the burdens that He Himself had imposed on believers, knowing that these practices would be too difficult for them to bear. For example, fasting used to commence after the evening meal, or from when a person went to sleep at night, and continue to the next sunset.

Then Allah eased fasting for the believers by permitting that they partake of a pre-dawn meal and fast only from the first crack of dawn until sunset.

Although the revealed Law of Islam need never change throughout history, as it is the Law revealed for the people of the Last Time – still, from the time of the revelation of the Holy Qur'an until the end of this world, the level of observance expected of us by our Lord, and the strictness or lenience with which He will judge our actions, is not the same now as it was in the time of the Prophet.

Yes, the complete Divine Law as revealed to our Prophet stands unaltered as the model of perfection to be striven for by believers of high aspiration and degree. But according to the following tradition of our Prophet it is clear that the actions of the people of such a degenerate time as our own will only be judged relative to the conditions they had to endure. According to Tradition., the Holy Prophet once addressed his companions, saying: "Oh my companions, if one of you abandons one Divine Command from among one hundred, he will be in danger of losing his faith, but there will come a time when anyone of my Nation who holds firmly to even one Command from among one-hundred, may hope to save himself and his faith".

We must understand the full implications of this prophecy, but generally our Islamic scholars read such a tradition and never pause to reflect on it. Therefore, it is their habit to be too rigid and intolerant in their dealings with new Muslims from Western countries. As soon as a person agrees to become Muslim, those scholars proceed to load them down with instructions on the full level of worship, fasting etc., required of a full responsible Muslim, and the complete list of forbidden actions as well – all in all five hundred orders and eight-hundred prohibitions! What should be the reaction of such new people who, in our times, are not even converting from another religion with practices and prohibitions of a roughly corresponding nature, but often from a completely unregulated way of life? If we are to present Islam in such a way they will certainly think twice before committing themselves to Islam, as they are not prepared to instantly observe the whole of the Law. This is why so many Western people come

to me and ask if it is possible to follow a Sufi Way without embracing Islam; because they view Islam as a gigantic mountain which they would be ordered to scale to the peak, immediately, without training, without equipment – so, naturally they are hesitant.

We must be wise and aware of our responsibilities towards people whose hearts incline towards Islam. We must remember that our Lord is the One who Himself stresses His Mercy Oceans above all other Attributes in His Holy Book, and we must learn from our Lord's tolerance towards us to be tolerant with those with whom we want to forge bonds of the heart, with those whom we want to guide toward our Lord's Love and take as our own brothers and sisters.

No one from among the Muslims can dispute the fact that the full command of the Divine Law was revealed to our Prophet gradually over a period of ten years in Medina, and this only after an initial thirteen year preparation period in Mecca, when nothing specific was demanded of the believers except to believe in Allah, the Last Day, His Prophets, and to do good deeds. The Holy Prophet summarizes the wisdom of this approach in a famous Tradition: "Seek to make things easy for people, not hard. Bring them good tidings, don't drive them away".

Look, we all know that, for example, the schooling of a child from Kindergarten to University involves much studying and effort on the part of the student. But don't say to that little child: "Education is a long process involving the learning and even memorization of so many big books, the solving of difficult problems in maths and science, and doing lot of homework instead of playing." If you paint such a picture for that small child of what he is entering into, he will try to escape in sheer terror. But we, as adults, know that in education the student will be prepared by his teachers for solving every problem he is asked to solve, that he will be given challenges that accord to his level and draw him to the next. First graders are never expected to read the books or solve the maths problems in the fifth grade curriculum. To a first grader you must say, "Come here and I will teach you A, B, C... yes, this is your lesson nothing else". Step by step that pupil will learn to read everything. So, in Islam, we lead

people step-by-step. There is a beginning and an end, but first we must help people take the first steps; if they don't take the first steps they will never take the last ones.

Unfortunately, Islam's having been both revealed and propagated in this gradual manner – without difficulty for the learner – is understood by neither Muslims no non-Muslims. Therefore, in this time we are in need of new guidance, and we are not anticipating that it will come from our scholars. It is understanding and guidance that comes through the heart, from heart to heart, not merely instruction as to what we should or should not do with our bodies.

Muslims and non-Muslims alike must understand this point, as a real understanding of Islam is capable of saving the whole world. But if we persist in our misunderstanding it will be impossible to reverse the movement toward the brink of disaster.

The Holy Qur'an addresses the whole of mankind, and we are in need of people who are capable of understand it. Only such people are capable of helping people to their shares of the Holy Book. The Holy Qur'an is a fountain, a gushing source that may quench the thirst of billions, but very few people are following the river to its source; everyone is drawing from it far downstream. We must seek the source; it is the life spring for all mankind.

## O people, come and make peace with your Lord!

O people, whole people they are now heedless and ignorant and drunk; never thinking how they have been on this planet, who is sending them on this planet. Never thinking on it and Allah Almighty (is) saying: „O My servants, don't run after Shaitan, fire may reach to you! Come to me, accept My heavenly Orders, be obedient for My Orders or I am able to bring a fire from East to West!" As He was sending flood of Noah all over world and never left anyone, except whom in that Arch of Noah. He can do everything, you can do nothing!

O people, come and believe, come and respect holy Orders of Allah Almighty! And you are in very holy month Shaban and Allah Almighty giving honour that honoured moon. You, if you are asking to save yourself here and Hereafter, you must try to dress Dress of Honour and Angels looking, whom dressing Dress of Honour. Dress of Honour is obedience to your Lord Allah Almighty. He is Allah Almighty, if He is saying to fire: "Burn!", may burn, if saying: "Don't touch!", never

touching!

Nimrod prepared like hills, making big fire to burn S.Ibrahim, but Allah Almighty ordering fire: “Don’t touch! He is My beloved servant, don’t touch and be for him a rose-garden” and ordering earth: “Bring a spring” and ordering air to be so cool and so pleasant giving atmosphere. Ibrahim a.s., he was there ??? through fire and was so happy! If Allah saying: “Burn!”, may burn, if saying: “Don’t burn”, no one touching. If Allah protecting His servants, no one a harm bringing to them!
O people, come and make peace with your Lord! If not coming and surrendering and asking: “O our Lord, we come and surrender to Your heavenly Orders, accept our obedience, we are running to You here and Hereafter...”

And this is holy month that after 15th, Laylatu-l Bara’a, 15th Night of this month, just changed everything and should be changed much more after next year.

We hope enemy and much more friendly to Shaitan, Dajjal, Antichrist, should come and S.Mehdi, that Prophet he is giving good tidings about him, should come, Armageddon should come and then Jesus Christ may come! We hope that through year from Night of Bara’a up to second Night of Bara’a so many things, so many unexpected events, coming.
O people, believe what heavenly Sources, what heavenly Books, what heavenly People, Angels and Prophets, (are) bringing: Messages to you. Don’t run after Shaitan, or you should be also ashes... May Allah forgive us!
O people, after ten days coming holy Ramadan. Keep respect and keep your obedience for your Lord Allah Almighty, may protect you your Lord under His divinely Protection!

# FOR THOSE WHO DON'T BELIEVE: MAKE A SCIENTIFIC RESEARCH ON THE VALIDITY OF JESUS AND MUHAMMAD

A Rabbi, who was neither believing in Jesus Christ nor in Muhammad, said that their traditional orders prevent them from believing in any Prophet after Moses. And now he is seeing that millions of people are accepting them and following them. So from that he understood, that there must be some secret power with both of them. Otherwise so many would not follow them. But because of the order, he is prevented from looking any further into it. In spite of all this, his thoughts made him decide to be with Jesus and Muhammad, may peace be on both of them.

They have some extraordinary attraction, which is why they can carry so many people. If they didn't have that, they would not be able to carry millions of people. It is a very good point which was made by that Rabbi. First of all the Jews who are concerned about this point should make a research and see if it is true that Moses, or the Lord of Moses, said anything in such a way: that the children of Israel never should believe in any Prophet after Moses. It cannot be, because after Moses thousands of Prophets were sent to the children of Israel, including David and Solomon. They were Prophets and so was Sayidina Zachariah and his son Jaja, John the Baptist. How is it then possible to say, that after Moses no Prophets would come? It is true, if that is what is said, that no-one would be like Moses. Moses did inform his people, that Allah Almighty was going to send a new Prophet from their cousins, who would be like Moses. It was clear, that he would not be from the

same line as Moses. So from the line of Moses, no more Prophet would come who would be like him. The line of that cousin, was the line of Ismael. They were told these good news.

The Rabbi had never understood the real meaning of the message. It is true, that all the Prophets who came after Moses were not like him and could not be compared. He was one of the 5 big prophets: Noah, Abraham, Moses, Jesus Christ and Sayidina Muhammad, may peace be upon them. They were the big ones. Hundreds and thousands of Prophets came from the children of Israel, but they were never given a special book with all laws and rules. Sayidina Daud got Psalms. Jesus Christ's Gospel was also not like the Thora. The Thora has rules for governing. Christians were also under those rules, because they did not receive any new ones.

Because of this, all those Prophets were not like Moses, only Sayidina Muhammad, because he received private special new rules, a book like the Thora, which gives rules and commands for this life and the next. The way Moses was fighting, Jesus never did. Muhammad, may peace be upon him, had been ordered to fight. Just like Moses had a sword, so did Muhammad. So only Muhammad was like Moses, but the Rabbi did not understand. He understood a bit, but not competely. That is why he is preventing himself to believe in Jesus Christ and to believe in Sayidina Muhammad, may peace be upon them.

He has been brainwashed not to believe in any Prophet after Moses, and this is a big mistake. It is impossible. He thinks that he must deny every Prophet after Moses. But his conscience is not agreeing to this. It is telling him, that what has been written must be wrong. Maybe the Kabbala is telling him this, not the Thora. The Kabbala brought commentaries forth according to their own ideas. So they took away the meaning of the Seal of Prophets. His conscience kept refusing to believe in it. It told him, that it is impossible for an ordinay person to have billions of people following him. These people must have a secret power. That secret power belongs to Heavens, not to earth. Because so many people had followers during their life time, but then after ther death no-one can continue to carry. But these two still carry billions of people. Hevenly secret pwers are running through them, and that is why people are still running after them.

Another point which we can ask such people, is whether they read about when a delegation of Jewish Rabbis came to see Sayidina Muhammad, may peace be upon him. They were sent to ask him so many things. Some of them came and went. They understood who he was, but they did not want to say it. I would like to ask that Rabbi, if there was any Jewish Rabbi who was embracing Islam at the time of the Prophet. He cannot say no,

because Abdullah Ibn Salam, whose name was Ismael Ibn Salam, was one of the most famous Rabbis and learned people within the Jewish community. He came and embraced Islam and recognised Muhammad. This was an historical event, a very famous one. How was it possible for a Rabbi to recognise the Prophet and then for another one to say, that it was forbidden to accept a prophet after Moses?

Now they are expecting the Messiah. Who is he? Is he a Prophet, a Saint, a devil? Who is he? Jewish people are all looking for the Messiah. Who is he? Why are they looking for him? What will be his mission? Will he come with a prophecy, with a sainthood, or like the Anti-Christ?

The beliefs of these people are never true. What they believe concerning Sayidina Jesus and Sayidina Muhammad, is fully wrong, but they are afraid to make a research concerning them. I am only giving a few points on which they could do a research. But they are not brave enough to make that, because if they would, Judaism would have to vanish and finish. The same applies to Christianity. If they would make a research concerning the Seal of Prophets, then Christianity could not continue to exist. Therefore they are very afraid to make a research concerning Jesus Christ or Sayidina Muhammad, may peace be upon them. May Allah forgive us.

# MAKE THE DOOR TO PARADISE WIDE

It is not easy in our days to follow the ways of the companions of the Prophets. Muhammad, may peace be upon him, was saying, "If you disobey just one command out of a hundred, there is a fear that your faith is becoming weaker. It could even mean that you are losing your faith. You must follow all commands. That is your position. But there will come a time in which if someone of my people just follow one command out of a hundred, that will mean that person has a lot of faith." That is the time we are now.

People in our days have been given knowledge. Many people have knowledge. There are many scholars who have knowledge, but no wisdom. So they make people run away from Islam. They do not agree to that if a person comes and says, "La illa ha illahlah, Muhammadun Rasul'Allah." it is enough to start with. We know that these holy words are the key to paradise. If we keep them until the end, it is enough. We do not tell people that we have 100 commands and that they must do all of them and if they don't they are not Muslim. What foolishness that would be! These new kind of scholars who do those things have no understanding. They are like cassettes. That is the reason why we are losing. The non-Muslim world is looking to Islam with hate because of these people who try to spread Islam with no wisdom and no love.

Muhammad, may peace be with him, was first of all ordered by Allah to teach people to say these words, "La illa ha illahla." That was the first command. "Let them say these words forever and declare my unity and my

existence. That is enough. Even if they do not declare, 'Muhammadun Rasul'Allah', I will make a judgement for them!" Because when Muhammad asked about being allowed to make intercession for people, Allah only granted him to intercede on behalf of people who would say, "La illaha illallah, Muhammadun Rasul'Allah!". The ones who would only say, "La illaha illallah!" Allah would judge Himself.

Make the entrance to paradise as wide as possible. Don't make it narrow, because it is not narrow. Make it from East to West and let people enter. Don't ever say to anyone who is turning towards paradise that he cannot enter. If someone has turned their face to the Lord, then don't turn him away.

It is a sign that in the old Mecca before the renovation, there used to be 40 open gates to the Kaaba, there were no doors that could be locked. Anyone who wanted to could enter anytime. The people who are saying that they are widening the space there by their renovations, have put huge doors there and closed it. Allah Almighty then made some other people to go inside and to close the doors and to fire on them. At the beginning of the 15th Islamic century some people did just that. That was the punishment for them. But no-one understands. The Kaaba should have no doors, only entrances. People should be able to go and come anytime.

So anyone who asks Allah in their heart, even in the last moment, will be accepted. Even if as many devils as there are grains of sand will be sent to that person, they cannot succeed. Once the heart of a servant has been turned to their Lord, it is finished. Satan can affect people during their lives, but in the last moment Allah Almighty is looking at the heart of His Servant.

Make things easy. Islam is easy. Other religions are heavy and too difficult. Allah Almighty has made the highest servanthood easiest. The Sharia of Islam is the most tolerant one. "There will come a time when if you just keep one rule, you will be saved!" Just let people say, "La illaha illalah, Muhammadun Rasul'Allah!" and then leave them. That will make your heart work and it will give you the inspiration to prostrate. You will want to give your highest respect and that cannot be without a prostration.

May Allah forgive us...

Mawlana – "Subhana wa Ta'Ala"

(Some Arabic verses)

Asalamu'alaikum, Living person, who is that one? Audu' billahi minash shaytaan irajeem. Bismillahir Rahman irraheem.

People, either they are living ones or dead ones. Who is living one .... Life may be for mankind and for animals, everyone. They are living, you are living. But there is a different position to our lives and lives of

animals. And men (and women), they are going to be either really living ones or not. Real living ones, who they are living with their Lord Almighty Allah. Who making Zikr, going to be with his Lord and then your Lord going to be with you - gives you real life. Who they are not making Zikr; they are not going to be with Allah Almighty and their lives going to be like animals' life - perhaps under the level of animals' life.

Therefore, it is Prophet's (SAW) advice to his nation, to his Ummah, to say, to ask from Allah Almighty, "Oh our Lord, don't make ourselves to forget You." (Arabic verse) People are so occupied with their imitated life. They are forgetting Allah. When he forgot Allah Almighty, he is falling down and no real life for that person. Biggest mistake for mankind to forget his Lord and to forget Zikr. Adam (peace be upon him), when he did that mistake in Paradise, he forgot the Holy command of his Lord that He is saying, "Don't approach that tree." And he falling in a sin, and that sin making him to get out from Paradise. And falling on this land, falling on Dunya – the highest of troubles, the place of endless problems. That tree - for cause of that tree - Adam (peace be upon him) - He fell down in endless troubles, fightings and he was repentant. And he was advising to his children, "Oh my children, take lesson from me. Once I did a wrong thing that it was against my Lord's command and I'm forgetting. When I'm forgetting, I fall in troubles. Look oh my sons, grandsons, my generation up to Last Day, don't forget. Don't forget. If you are forgetting you are falling in endless troubles, miseries and fightings. Therefore take your lesson from myself." And they forget it. Every time mankind forgetting Holy commands from Allah Almighty, they are falling in big troubles.

Now we are living in a time that everywhere burning everywhere is fire. Can be seen some fires, but mostly you can't see it. To show for blind eyes, Allah Almighty making fire in France. In France fire shows, fire show. In Paris, in France is fire show. It is a very good thing. You don't think so? It is good, a fire show, no? You are thinking that? Making like this and like that. It is not such a fire, no. Giving the hearts of people sorrow as well as fear! Now they are burning empty cars, and in one step they may rush, burning cars and people in it. They may throw fire in it and burning people also. You are saying, oh now, it is better our cars burning but we are in safety. But one more step Shaytaan may order to them - you must hide yourself and you must throw fire to every car passing. Let them to burn. What you can do? Ya Rabbi, Ya Rabbi, Ya Rabbi ...

And people they are never taking lessons yet they are running after Shaytaan. They never taking any care for Holy commands of Heavens. They are saying we are people, free people, Parliament system, democratical government. Which Holy book saying this to you?

Oh Muslims and Christian and Jewish, where you find it? Who gave to you that authority to make imitated laws for people? Parliament they are doing laws. Who gave it to you that authority? Laws for mankind from Heavens, not from you. You must be obedient servants. Each one becoming a Nimrod - small ones, big ones, women, men, running to learn through universities. They are saying, we are running to learn something. What you are learning? You are learning to fight to Holy commands of Heavens. What you are learning? Who gave it to you that authority? I am asking all presidents, prime ministers, parliament members, and ministers. Who giving that authority to make commands and laws against the laws of Heavens? Allah should burn them. After one step, they are going to try to burn people also. And they should say, it was so, so, so nice that our cars burning but our souls are in safety!

Before Mahdi (AS) comes, the inhabitants of the world going to be through wars, fightings and troubles. From 7 coming down to 1, of 7 million people, 6 million will die and remaining only 1. Oh people, take care. Take the Prophet's of Allah Almighty's commands. If not, Allah Almighty should punish people and beginning that machine to move and cutting heads, cutting, cutting, cutting and remaining only the heads of servants of Lord. Try to be obedient servants for Holy commands. No one can be able to stop that troubles now. Nor any government should be able to stop it and find a way to prevent it. All presidents they are saying, "What should I do?" All prime ministers they are like drunken people. Which law he may use to stop it? If you are asking to use whole policy, powers also .... It is not enough. Paris, 12 million people... How many policemen may catch them? At least must be for killing people, one 1 million police to run after those people. It is impossible. But yet, as I say, Tauba, Ya Rabbi..... Be repentant. Oh our Lord, give Your mercy.

But you are not giving mercy to people. They are burning birds! That is revenge on, that is birds they are burning from European people. Save yourselves. Save. Run whole night. Some countries shaking and people sitting on streets, snowing on them and raining. Under tents or without tents. Take your lesson , oh people. Enough to be drunk ....

May Allah forgive me and bless you. Ameen. Oh Allah, send your Khalifah who may be able with his one command to stop every trouble. Ameen. For the honor of Allah's most beloved Prophet, Sayiddina Muhammad SAW. Oh people, come, listen, and obey through Holy commands. Don't leave your people to work against Holy laws of Allah Almighty. First they are going to be destroyed. May Allah put you under his

Divinely shelter. Ameen. For the honor of the most honored servant, most beloved one through His creatures, Sayiddina Muhammad SAW.

Fatiha.

I was not feeling well to sit down and to address to you; but for the honor of our most honored Prophet Sayiddina Muhammad SAW that these words may reach to East and West. Just I said aloud ... Just I gave to you what is coming to me and now I am free.

May Allah forgive me and blessing you. Ameen. Ya Rabb.

Fatiha.

## Malayani- That which doesn't concern you

'Malayani' means, 'that which doesn't concern you'. You must not speak of or act on that which doesn't concern you. If a man takes care of his speech, keeping his tongue, Allah Almighty gives Divine Wisdom to his tongue so that he speaks only truth and righteousness. To speak of that which doesn't concern you makes your Iman weak. When you leave this bad habit, your faith becomes stronger. You cannot know what concerns you or not, save through your inspirations. Then you may know very well what is yours or not.

## MAN AND WOMAN

Man is like a shell and woman is like a pearl. There is no equality between a shell and a pearl. But a shell without a pearl has no value and a pearl cannot exist without a shell. But some fanatic people are giving some wrong ideas just to give ladies trouble. They say that men are not giving you your rights, that you are not getting equal rights. But that is a foolishness. Do you think that a shell would give the same rights as it has to a pearl? A pearl is a pearl. It is perfect within itself. The shell is also perfect by itself.

As a sign to what we are saying now, all Holy Books mention that the Lord Almighty Allah first created the shell and then the pearl. That means, that the first creation was Adam and then from him (a) woman was created as a pearl. Man became the shell and at the same time a shelter for the pearl. Without that shelter, the pearl could never exist. That is a heavenly arrangement of Divine Wisdoms, arranging the life of mankind on this planet until the Day of Resurrection.

The perfection of both sexual sides is that they are happy with their beings. One being a male and the other being a female. If anyone doesn't agree and wants to close this relationship, and wants to join the other sexual party, then they are abnormal people. A woman wanting to be a man and a man wanting to be a woman is cursed by heavens. They are also cursed by all prophets. They are cursed through every creature. The perfection for a man is to be 100% happy with being a man, and for a woman to be 100% happy to be

woman. If they change this, or if they want to get closer to the opposite side, then a curse will come on them.

Paradise was empty when the first man was created. He was in the Gardens of Eden. Adam was feeling lonely, because there was no-one like himself there. He was alone, and his feelings were lonely. He was longing and missing something, but he didn't know what it was. Paradise is full with perfection, but his feelings gave him the sign that there was still something incomplete. Then Allah Almighty gave the first man, the father of mankind, within a few seconds, while he was sleeping, a new creation: Eve, alehia salam. Adam opened his eyes, and our mother was sitting close by. The beauty of all future generations of women was expressed in Eve. She looked like a full moon. Can you imagine her beauty? And all of this was given to Adam, alehi salam. I was looking over Adam's shoulder to Eve... So when he saw her, he realised that paradise was complete, it was perfect.

Allah Almighty created man and from him the first woman. Man was first and Eve was second. Man is always drawn to earth, they are happy with earth, because they were created from earth. But women are usually more interested in man than in earth. Adam was created from earth and so his feelings toward earth is as if it was his mother. He likes earth very much. Women like men very much.

Both of them have been granted perfection. You must not say that man is equal to woman. Physically there is no equality between them. Because physically they are different. But in their being they are mankind, their children are boys and girls. All of them are equal in their ranks in Divine Presence. Every pearl is sitting in a shell. And you, as pearls, will be sitting in the Divine Presence with your shells, with your shelters. That is the highest description of the ranks of women and men.

Men must be thankful to Allah Almighty for their ladies and ladies must be thankful to Allah Almighty for their men. Both sides must move and they must act according to their Divine Positions in Divine Presence. Everyone has been honoured and granted blessings, endless blessings from their Lord, from their Creator and both sides have been granted endless precious blessings from their Lord. They may be happy enough with their being here and hereafter.

# Man Cannot Lead Man

(Dt.: MenschKannNichtMenschFühren)

Madad Ya Rijal Allah Audhu Billah min al shaytan al rajim Bismillah Al Rahman Al Rahim Allahu Akbar! Allahu Akbar! La Ilaha illa Allah, Allahu Akbar, Allahu Akbar Wa Lillahi Al Hamd.

O believers, we are servants of the Lord and we are Muslim believers, Al Hamdulillah. I am a weak servant, I ask the Sahib Al Waqt for support & safety. And we say, Audhu Billah min al shaytan al rajim Bismillah Al Rahman Al Rahim. La Ilaha illa Allah, Allahu Akbar, Allahu Akbar Wa Lillahi Al Hamd.

I am a weak servant. And we are reminding "Wa Dhakkir Fa'inna Adh-Dhikra Tanfa`u Al-Mu'minina"(51:55). These are the words of the Lord "Wa Dhakkir/warn". I am a weak servant. According to the request, request of the believers, we say, following the sayings of the Prophet (saws), "religion is advice" (Hadith). First of all, "take wisdom for yourself". Take wisdom yourself, because if you do you will benefit & who listens to this advice honour yourself. Allahu Akbar! Allahu Akbar Al Akbar! The Prophet (saws) says "Religion is advice." And from that we say "take wisdom". These are the words of the Prophet (saws). Take wisdom yourself & then advise others. If someone listens to you and accepts the advice. When you take wisdom yourself then you can advise people. This is the preface from a weak servant.

The tradition of the Prophet (saws) says "religion is advice." As he (saws) said, "Take wisdom yourself, then advise others." If you yourself take wisdom then advise people, otherwise that advice is useless, it is useless. The Prophet (saws) of the end of times, gave news about the past nations by order of Allah (jwa) in The Magnificent Quran. News about the coming nations, what will happen to them & he advised all humanity to advise others. As the Prophet (saws) said "Religion is advice."

There is a word that was inspired to my heart Subhana Allah! Our scholars must know it, they must know it surely. The human being cannot be a leader for another human being. Leader. Leading, lead... It is impossible for a human being to lead people by himself. It cannot be because the ego of the human being "Inna An-Nafsa La'ammaratun Bis-Su'i" (12:53). If the human being is not trained with a Heavenly training, he cannot be trusted. And the Prophet (saws) said "My Lord has given me the best of manners". This means that the human being must receive a good training about the Heavenly orders that came down from Heavens to the Prophets (as). And the Prophet (saws) of the end of times said "Addabani Rabbi Ah'sana Ta'dibi." And the human being if he asks for happiness in this world and to be honoured in the Hereafter, he must be trained by the manners of the Prophet (saws) of the end of times.

One word - the human being cannot lead other people. You are a human being & I am a human being. It is not possible for you to lead me relying on your egoistic desires. It is not possible. Unless you are granted manners from the Heavenly manners, the manners of the Prophet (saws) of the end of times. At that time then you can lead people, as did the Prophet (saws) of the end of times. And therefore the human being cannot lead any other human being. Leadership is in the hands of the Prophet (saws) of the end of times. And people must be led by the orders of the Prophet (saws) of the end of time. Once human beings left the the orders of the Prophet (saws) of the end of times, they failed and they lost. And as a result this failure makes them loose in this world & in the Hereafter.

O Egyptians, you claim that you are the most knowlegeable people in the Islamic Religion. Astonishing! If you are the ones most knowlegeable in Islamic matters, more than they were before & now, you must follow; you must know that a person cannot lead people. Leading people is from Heavens. If they lead people on earth by Heavenly directions, that is the victory. "Faqad Faza Fawzan `Aziman" (33:71) (whoever ... indeed achieved a great victory.) But they have lost & they were not successful. They turned to the worst people, the

worse ones, the most ignorant ones. And therefore, O Egyptians, first thing that you must know since the time of the Prophet (saws) is that Muslim countries are lead from Heavens not from earth, but from Heavens. Leadership is granted from Heavens to the Kings that are under the orders of the Sultan of Heavens & Earths.

I see Egypt today, they do not understand anything and they think that with the elections, they will elect Allahu Akbar! Allahu Akbar Al Akbar! They left the orders of Heavens and went on another way, following their egoistic desires. And it is known that "the ones who follow their egos will perish." O Egyptians who claim to be knowlegeable scholars and who left the orders of the Lord & took as a leader someone else who depends on their desires. Therefore these people will never succeed. If 40 times they make elections, there will be no result - ever. There will be no goodness.

And pity for the people of Egypt who left the orders of Al Haqq (jwa) and took as a leader something else. And the great responsibility is on the candidate himself who claims "I am the one who can improve the situation of people more than the others." No, he is a great liar! Why did they leave the order of Allah (swt) when He says, Astaizzu Billah? O scholars, O Egyptians, Allah (jwa) says Haqq (swt). "Wa Man Lam Yahkum Bima Anzala Allahu Fa'ula'ika Humu Al-Kafiruna" (5:44) "Wa Man Lam Yahkum Bima Anzala Allahu Fa'ula'ika Humu Az-Zalimuna" (5:45) "Wa Man Lam Yahkum Bima Anzala Allahu Fa'ula'ika Humu Al-Fasiquna" (5:47) Munafiquna, Fasiquna, Zalimuna (hypocrites, trouble makers,oppressors) They are dressed (with the attributes) of these people who are running after them to elect them. Either they are non-believers, or disobedients or hypocrites.

How can a nation succeed? And they are denying the Holy verse & following other ways. Other ways, how can this be? And therefore I am informing them from now that they will not succeed in whatever they are doing because everything that they are doing is against the orders of Al Haqq, the orders of The Magnificient Quran and the Sunnah of the Prophet (saws). Let them argue, fight against each other. Because all of them who are elected are following their egoistic desires, and who follows his egoistic desires will perish. Therefore Allah (jwa) established the Sultans & appointed them and it was said in Hadith that "A Sultan is the shadow of Allah (swt) on earth." Sultans are certainly dignified & honoured. They are also backed by heavenly order. They are continuously giving priority to heavenly commands.

Those people who renounced (sultans) and followed the path of elections are the worst people, according to

the Prophet (saws) who informed us that there will be a time when people will be led by the worst ones who will not succeed. Therefore, if a group of those leave, a similar type come with similar traits. So I'd like to give those people good tidings of their failure from the beginning to the end. People have become ignorant in following various different ways originating from Islam's enemies, from the ignorant Jews. And they followed them, so they will never be successful The Sultan is the shadow of Allah on Earth. He has to be one who rules people according to Allah's Command and according to Allah's Messenger's way/sunna They will prosper in this life and hereafter otherwise they will lose (their way).

This is why we are saying, men can never be ruled by a man they are at the same level, both sides are at the same level, no! For Muslims must be ruled by a Sultan, or the tyrants that Allah (swt) allowed to be used by shaytan to destroy the Tariqul Haqq/ The Way to the Truth. According to the Islamic religion, Divine Anger is on them. And we ask safety from Divine Anger.

O Muslims from East to West take a Sultan, the Sultans that act by Divine Order & Quranic Rules and by the Islamic Sharia. Then you will be successful. Otherwise you will be annihilated and cease to exist on earth & will never be successful. This is an advice, Religion is based on advice. If there is anything wrong with my words let them show it, point it out to us. The scholars of Egypt will be carrying the responsibility, a great responsibility in this world & in the Hereafter. In this world they will have no honour, never! And no Divine appreciation for them or from the side of the people.

There must be a Sultan & the Prophet (saws) says "Give everyone their due rights". Give each one his rights. The rights of people can never be established from one of them. No it must come from Heavens. Allah Almighty is pointing in the Holy Quran "Ya Ma`shara Al-Jinni Wa Al-Insi Ini Astata`tum An Tanfudhu Min Aqtari As-Samawati Wa Al-'Ardi Fanfudhu La Tanfudhuna Illa Bisultanin" (55:33) If you understand, good. If not, Divine Anger is on you here & in the Hereafter. In the Hereafter you will have Divine punishment.

O Lord don't leave us to our egos, not for a blink of an eye or less than that. O our Lord forgive us & send us someone who can correct the situation of the nation otherwise humiliation & dishonour will continue till Judgement Day. We are asking forgiveness. And we are asking the Prophet (saws) to reach us with his intercession. For the sake of the one to whom was sent the Holy Quran, Fatiha.

This is drop from an ocean. More than this people cannot carry. So understand. O people of knowleadge,

obey the Islamic orders and the rules of the Islamic Sharia or you will be under a heavy responsibility here & Hereafter. Astaghfirullah for me & for you. Astaghfirullah, Fatiha.

We started this talk that was inspired in me, that human beings cannot be ruled by one another, no! Human beings have an honour, therefore one person cannot rule another. Human beings, their leadership is in the hands of the Prophet (saws), the Master from beginning to end, Rasulullah (saws). Reach us O Prophet (saws). Fatiha.

## The Manifestation of the Night of Bara’at

Bismillah Al Rahman Al Rahim La Ilaha illa Allah Nas'al Allahu Al Lutf. Subtlety we are asking from our Lord, it is fit for His Prophet (saws). Congratulations the year 1433. Laylatul Bara'a Subhana Allah! "Fiha Yufraqu Kullu Amrin Hakimin"(44:4) "Therein (that night) every wise matter is made clear, distinct." (44:4) Decree...decree.

For the people of Truth, the start of every year begins with Laylatul Bara'at. It is a night from the greatest nights in the world! Allahu Akbar Al Akbar! Subhansin Ya Rabb Sultansin Ya Rabb, You are Sultan! Ya Rabbana, Anta Rabbana Enta Hasbuna Fa aghfirlana... Wa 'Afu 'anna wa Aghfirlana wa Arhamna wa Tub aleyna. For this blessed night where every wise decree is made clear, distinct. "...Kullu Amrin Hakimin"(44:4) Astaghfirullah, astaghfirullah, astaghfirullah for me & for you. O Muslims! This night started a new year, in all the worlds. In this night everything concerning us is decreed, distributed and encouraged or everything is delayed. This is mentioned about Laylatul Bara'at.

O Muslims! Thank your Lord that you are Muslims & believers. "Faqultu Astaghfiru Rabbakum Innahu Kana Ghaffaran" (71:10) O Muslims! All our steps are not true steps because we are not taking Heavenly footsteps. This means the order of Heavens and earth is

under the command of Heavenly rules. And therefore you cannot arrange your situation, your doings. But correcting matters, speeding them up or delaying them, or changing them from Heavens. And this is according to your deeds, you harvest what you plant. So be straight! This is the order of Heavens.

It is requested from the believers to be straight/Istiqama. And the Prophet (saws) said "Who betrays us, is not from us." That's it! A cheater is not from the Nation of the Beloved (saws), he is thrown out. To betray is haram/forbidden. And the Prophet (saws) said "Who betrays us, is not from us." Cheaters are the worst of people. In our time now, people run after this rotten world to collect things that have no value to them. And people are now is the time of the tyrants all of them are cheaters. And Allah's (swt) curse is on the cheaters. Their matters never succeed. And we need only the faithful. Only the faithful. Who is faithful? It is the one who takes the steps of the Holder of the Absolute Message, Sayyidi Al Awwalin wa Al Akhirin Sayyidina Muhammad (saws). Allah Allah! Allah Allah!

And we went through Laylatul Bara'at last night 1433. In this night every year is made distinct every wise command. It is decreed for the servants of the Lord who are living in our times now, in this world. The faithful ones carry responsibility but the rest of the people, who are not believers in the Absolute Message of the Prophet (saws) of Allah (swt), are not responsible. The ones who carry responsibility are the nation of the Beloved (saws). Be careful O believers not to be cheaters, for the sake of small benefits that you may have in this world. This is not for us, so keep your faith. So keep your obedience. So keep the last actions. O believers! Allah (swt) knows best what will happen in this year that we started today. This is an important matter, truly! It is an important matter. There will be the Armageddon (The Third World War) in Constantinople and the flag of Islam shall be raised. O believers gather under the banner of the Beloved (saws), you shall be saved here & in the Hereafter. Blessed Laylatul Bara'a to all of us! We ask from our Lord to be saved & forgiven. Be faithful to Allah (swt) and His Prophet (saws). You will have honour in this world & in the Hereafter. O believers! Do not sell your Hereafter for the sake of something of this world that has no value. This world is a carcass & those who rush after it are only dogs. This is not honour for us, no!

Subhana Allah! Allah (awj) teaches everything in the Magnificent Quran. Sayyidina Yusuf (as) (Prophet Moses (as) explained the vision to the Pharaoh of his time and said to him "Appoint me over the treasures of the world." The Pharaoh, although he believed what Sayyidina Yusuf (as) said, he knew that everything he said was true.. he did not appoint him to that position. After a while, maybe after a year he gave him the position to look after the treasures of Egypt. The teaching of Truth. How, how people the majority of the people say "we have more rights & we are better to rule over people as we like." If you see everyone following their desires & obeying their greed and each favouring their own opinion, then keep yourself. (Hadith) O scholars, explain this to your people, to the nation of the Beloved (saws). Look at the Pharaoh, although he knew that Sayyidina Yusuf (as) was trustworthy he did not appoint him straight away. He said "after a year." Then he appointed him to manage the treasures of Egypt.

Which one from the people you say those people...who you say about them to be elected? People elect - shame on them! Take your lesson from the Magnificent Quran. Try him, see what he did or what he did not do; what is he able to do. We are following wrong on wrong. So they will not be saved those who leave the True path. It is not possible for them to be saved, finished! Last night there were many signs & good tidings to the Muslims. Because they want to take away from among the people those who run after stations/positions and ranks for themselves. The order came upon them. They call themselves either Brotherhood or salafis or Muslims or believers. Allah (swt) will test you. What have you done? Pharaoh tried Sayyidina Yusuf (as) and then gave him. What have you done with the Nation, O Presidents, Muslim Brotherhood, Salafi presidents or all the others? Do you understand Arabic? You do not understand. If you do not understand there is a whip coming on you, a whip coming on you. Prepare your feet because there will be a stick beating your feet.

The Lord of Heavens (swt) will not leave you; He (swt) will teach you a lesson. Will teach them a lesson. God's greatness is over all those who are too proud, arrogant and tyranical without appointment from Heavens. Whoever presents himself without being appointed gets the wrath of Allah (swt). He won't be saved! O believers, save your honor! Keep your religion and your good manners with Allah (jwa). Keep your good manners with the Carrier of the Ultimate

Message, Master of begining and end, Sayyidina Muhammad (saws). Keep your good manners. Sayyidina Ibn Abbas (ra). You are scholars, you know more Masha Allah you know more. He was a companion of the Prophet (saws). The Prophet (saws) Allahu Akbar Al Akbar! Allahu Akbar Al Akbar! The Prophet (saws) said to him "Ya Ghulam Keep Allah, and He (swt) will keep you." It is enough! Keep Allah (swt) and He will keep you! Learn your lesson! What do you want? O people of Egypt. O Scholars, O knowledgeable ones, this advice isn't enough for you? Keep Allah and He will keep you! Don't search for help from Europe, from America, from Russia, from China! from India, No! This is to blaspheme! To obey the Prophet (saws) "Ya Ghulam Keep Allah (swt) and He will keep you." Two light words and they can put in order your worldly matters from begining to end. Keep Allah (swt) and He (swt) will keep you. Keep your good manners with the Prophet (saws) the Bearer of the Ultimate Message! Then you will be saved and He will keep you.

When you respect Allah's Divine rights and limits, He (swt) will protect you. This is an ocean. It is enough for believers. They have an understanding, the ones who know. If they do not know, if they don't have a bit of mind and understanding then they are not responsible. Who walks on the prairies and feeds on the grass of the earth. La Ilaha Illa Allah... Subhana Hu Wa Ta'ala... Al Hamdulillah Wa Shukr Lillah. Muhammadan Rasulullah. This is an ocean. It is enough for us. A weak servant.

They asked me to explain something about the matters that appear in the worlds in this year, a Divine year. So Keep your honor. Keep your faith. Keep your love. Keep your obedience and you will be saved and God is our witness. Hasbuna Allah wa Ni'ma Al Wakil. O our Lord forgive us & have mercy on us. Guide us, and correct our situations and send us one who will set our affairs right. O Allah forgive us and have mercy on us. Guide us, reform our affairs and make us victorious over those who are corruptive. Take them by the power of the Almighty and Able. O Allah don't make us amongst the liars and cheaters. Don't make us like them Ya Rabbi. We repent to you. Tawba Ya Rabbi, tawba Astaghfirullah. Master of begining and end. Sayyidina Muhammad (saws) Make us in his league and from his people & his nation Ya Rabbana! Forgive us and have mercy on us and set right our affairs & give us. Reform our

affairs & the affairs of the Muslims, O our Lord.

Fatiha.

This is a sea that can take us hours... But we don't have power. This is enough for us. Bismillah Al Rahman Al Rahim This is a great lesson, first to Muslims and second to Bani Israil. Third to Christians. Let them take Your advice and whoever does not accept advice, they will be regretful! Tawba Ya Rabbi, We repent to You our Lord. I am a weak servant ya Rabbi, I am a weak servant ya Rabbi, I repent to You. I repent and return to you. Forgive me & have mercy on me Ya Rabbi. Reform my affairs and the affairs of Your servants Ya Rabb.Fatiha. This speech is not prepared from my ideas or stories no! So pay attention to it, O servants of The Lord. Tawba Ya Rabbi. Send us a king so we may fight for Your sake. Ya Rabbi, to fight shaytan and the soldiers of shaytan. Tawba Ya Rabbi, Astaghfirullah. Fatiha.

S.N.: Is there a Wird to repeat?
M. The best Wird is to say, is to make an effort to be on the footsteps of the Prophet (saws). This is enough. There is an order from Allah (swt) not to follow the footsteps of shaytan. Finished.

Fatiha.

## The Manifestations Of Colours

Bismillahi r-Rahmani r-Rahim. May we remember the Holy Name of our Lord. The Bismillah has a majesty, has a magnificence. The holy ones are making us speak a few words. And Sh. Mehmet Effendi's faydh(spiritual energy) is strong; he receives, receives and may he receive, receive and be the joy and pride of Islam. And may you also be the soldiers of Mahdi (as) and carry his flags.

What do we expect from dunya? For all these thousands of years dunya fed all these people. People lived, passed away and new ones came. The old borns left and new borns came. We said Bismillahi r-Rahmani r-Rahim and stood up to show respect. Yes. If even a corporal calls to a private soldier, the private rushes to stand up. He stands up and stays like this in respect. This is for the corporal, for the lowest rank. For higher ranks, he stands astonishing. Man respects another man like this, because he has a higher rank. We are Man. We have understanding, intelligence. This respect that a simple private soldier shows for a corporal, shame on those people that the people of this time can't show this respect for their Lord Who created them; they can't think of standing up for 2 minutes like this for Him (swt), and then bowing and making sajda.

This time is the era of ignorance, the second ignorance. The ignorance before our Prophet (sas) was the first and this is the second. Whole world has become ignorant, they are fighting each other. Everywhere they invented an idol to make people to forget Allah. They trick people in many ways. Yesterday was the semester break for the children, so they took their grade reports and came home. Before we called it waraqa, now they say karna (grade report). Does the word "karna" have the majesty and sultanate "waraqa" has? They say "we go to get our grade reports". In this time, the ignorant people of this time want to bring everything down to their

standard. They don't want anyone above their level, their standard. They want everyone to be below their level, a person doesn't accept anyone above him. Innovation, reforms... The reforms caused the misery people suffer today. First of all, they made people to forget the Bismillah. No one says it. Shame on them. "Who created you?" He says "Nature?" "Really? Where is nature?" "We don't know". "Is that so? What did you learn then?" "Well, we learned that 'We are Turks, we are glorious, we are famous, we we we.....'" This has no benefit, son.

Before in the old times people would make statues and worship those statues. And Arabs had the idol Hubal, right? Abu Jahl was calling: "Long live glorious Hubal!" It is their biggest, greatest idol and they would call to it like this. And the people of Islam would call "Allahu Akbar! Allahu Akbar! Allahu Akbar!" and draw their swords. And the tip of their swords would sparkle as they drew their swords. La ilaha illa Allah, Sayyidina Muhammad Rasulullah. La ilaha illa Allah, Sayyidina Muhammad Rasulullah. Showing respect is the glory and honour of mankind. To show respect for what is above us is our honour. The greatest glory is to say "La ilaha illa Allah Muhammada r-Rasulullah". It is to say this, "La ilaha illa Allah..." We may stand up even if it is for 100, 1000 times and the Nur of that Holy Word penetrates into our beings. Tuba thumma tuba- good tidings for those who know their Lord, they know their Creator and make service to Him. May Allah not expel us from His servanthood.

Ta'buduni! Allah Almighty says "worship Me! Serve Me!" But do the people of this time think? They don't. Because the people of this time left their humanity and run after the animal attributes. They don't respect or consider their spirituality but want to do everything their egos ask from them. They left their humanity. Humanity is connected to the Malakut with one side, with our soul. And its one side is connected to dunya, with our ego. Whosoever strengthens his spirituality...

You know that diamonds are collected from under the ground among the coals. If a diamond is not cut, it has no value. They first cut the diamond, then that diamond becomes suitable for the hands of sultans. Now we are also, in this unrefined life of ours like diamond stones that haven't been cut. It needs to be cut. It should be polished so that its gem appears. Every person has a color. "How many colors are there, Sh Effendi?" "What you know is only..." Is it 10 colors? "Ten colors". "What about the colors beyond it?" "We don't know". No one can know the number of colors. And there is a manifestation in each color. Every person's gem is different. If they work on

it, their gem will appear. With what can you work on it? With the Bismillah. Say the Bismillah and your gem appears. If not you are left in the ground, among the rocks as a worthless stone. Say the Bismillah so that your gem appears.

"Kullun muyassar lima khuliqa lahu" Man has a place in the creation with his humanity. Allah Almighty appointed him as Sultan on earth, granted him Sultanate. Who is a Sultan? It is he who brings out his gem. For us to bring out our gem, He (swt) sent His Beloved to show His way. He (swt) says "Polish so that his gem appears". What makes the gem in a person appear is Bismillahi r-Rahmani r-Rahim. Masha Allah, Masha Allah... Now there is not any person who tries to bring out his gem. Don't ever try to find one. They are left like rocks, they are not aware that there is a gem inside them. There is not any other creation higher than Man. Astaizu Billah "Wa laqad karramna Bani Adam". We granted the children of Adam such a gem that no one can know its origin or its reality. Only Allah knows and He (swt) informed His Beloved up to the level he should know. Then after him, He (swt) grants to the awliyas, who work on this gem. He grants from that power and our gem opens. When our gem reveals, the ways of Paradise open for us. What is the instrument that reveals our gem? It is Bismillahi r-Rahmani r-Rahim. Say and have no fear. "May we remember Your Name first, O Allah!" For this, the holy ones teach in the Mawlid Al-Sharif. We should remember the name of Allah first that our gem appears. Say Allah and don't fear; don't fear from their cannons or weapons or other rubbish things they make. Say Allah and He (swt) makes them stop. There are at least 40 holy ones. If one of them says Allah, he can burn all of them. If one of them says Bismillahi r-Rahmani r-Rahim, all of them flattens. What can the instruments those impure unbelievers invented do? How can they reach the power we have? The power of the believer and of the saints of Allah comes from the Heavens. What brings the power from the Heavens? Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Say and power comes on you.

Don't sleep, open your eyes! Get up with the Bismillah. Live with the Bismillah. Sleep with the Bismillah and wake up with the Bismillah. What a beautiful companion, what a beautiful fellow. Such a person suffers no troubles or illnesses. O our Lord! Our Subhan, our Sultan. You have so many servants that can teach us these ways for the honour of Your Beloved. But He (swt) leaves us, "do as you like". Let us see if they will eat from the plate where dogs eat or from the table where men eat. Wherever you throw the bone, a dog runs after it. Our illustration is not wrong:

A dog runs after the bone, it wants bone. Can man ever run after a bone? What is dunya? Why do you run after it? Why don't you run after the Orders of Allah Almighty? Say Bismillahi r-Rahmani r-Rahim.

"Whoever remembers Your Name O Allah, Allah makes every work easy for that person". Here, this is enough. Say Bismillahi r-Rahmani r-Rahim in your every work and Allah makes it come easy. Get used to(saying) it. Don't be left as an animal! Dress the human rank! They have no thought other than eating and drinking; whose only thought is eating and drinking has no value. He has no value. A chicken also scratches all day long. It never stops, never says "I am full". A chicken always scratches the ground, always eats and never gets full. He eats from this side, excretes from the other side and then starts scratching again. Don't be like this. Don't live to eat. Don't live for pleasures. Live to make service for Allah Almighty. And say Bismillahi r-Rahmani r-Rahim.

O our Lord, forgive us. Grant us strength, we want strength to make Your service. The amount of life You appointed for us is in Your hands. Only we should complete this life of ours in an honoured way, that when the angels take our soul; the angel of death Azrail (as), the angels may be surprised when they come and say "what a beautiful person with Nur. This one is with the Bismillah". Who is without the Bismillah is ugly. Everything without the Bismillah is ugly. "Kullu amrin lam yabtada bi Bismillah fa huwa abtar". Whichever matter that starts without the Bismillah is abtar, meaning it is cut off. No good comes from it. The people, the nations who forget the Bismillah have no goodness in them. They fight each other. They fight each other. The world today is in the second part of the ignorance era. This is what they strive for. "For what do you strive?" "We are working here". "Ok you are working. And then? What do you work for?" "Here we are eating". "And then?" "Yahu then..." "Why don't you say; you eat to fill the WC". You eat, and after it you will go to WC. Is your occupation only this? Since you never make sajda, they appointed you as the officer of WC? Say the Bismillah and live for Allah. Bismillahi r-Rahmani r-Rahim. O Arabs, O Turks! Some of them Egyptian, some of them Turkish, some of them from Iraq, all from different nations. No. Say believer! Say Allah's servant! "What is your service?" "I try to make service for Allah". "What is your witness?" "I say Bismillahi r-Rahmani r-Rahim". Be accustomed to this, Arabs and Turks! Leave claiming to be Arabs or Turks. Say "I

am Muslim!" Say "I am Muslim". May Allah not separate us from Islam and not make us forget the Bismillah. Ya Rabbi...

We are left helpless O Lord, send us the Master who will teach us the Bismillah. I saw the grade reports of the children and on its back, there is a full page of writing that neither me nor the children understand what it says. Whoever is the owner of that writing, he also is a servant like you. Why don't you write on it the Name of Who Created you, Bismillahi r-Rahmani r-Rahim? Why don't you teach them the Bismillah? Allah will ask them "Why didn't you teach the children, My servants My Holy Name? Then I will give you such a calamity that you can't be saved from it unless you say the Bismillah!" Say daily from seven to 40 times, from 40 to 70 times, from 70 to 100 times Bismillahi r-Rahmani r-Rahim. And your heart will be at peace, your body will be in health, and Allah Almighty dresses on you the dress of majesty. He (swt) dresses on us the dress of greatness and wellness. O Lord! We are Your weak servants. Send us who will teach us these things for the honour of Your Beloved (sas). Bi hurmatil Fatiha.

May our day be mubarak. These words that we spoke, they are the words that our Prophet(sas) and awliyas make us say. Leave aside what Allah makes us say; what He (swt) says is for the Prophets and Saints, it belongs to them. For us and people like us, these simple things that we learn benefit us. Who teach us these are mu'allim (teachers). "Don't say mu'allim Sh Effendi!" "What should we say?" "Say teacher!" "What is wrong with saying mu'allim or hoja?" Why do you corrupt your language? I curse them saying "may you not be able to speak at all!" They say "teacher, student, teacher". What do they say for the maktab? School. "We have never heard of the word school here" "These are new, invented words because the old ones are of no use, Sh Effendi. We don't want them. We want reform". "Here, take the reform!"

"Give the gold, it is old. Take the paper, it is new". "Is there anyone who accepts this?" No one accepts. "But you want reform, then give us the gold". Now they took the gold from them and give them the new thing, paper. What is written on it? 5 Lira, 10 Lira, 100 Lira, 200 Lira... "But this is reform Shaykh Effendi?" "Ok, then?" If you throw it into water, it melts. If you throw it into fire, it burns. If you tear it, it is gone. You want reform, here! Take this, it is new. All the governments went bankrupt. Because each one of them has a paper in their hands, it says on it "this much, that much". Why do you cheat the people? Why do you cheat them? This man worked for you the whole day. Was it for this piece of paper? "But this is reform". "May you sink

with your reform" Arabs, Turks, or whoever does this Allah Almighty will make them go down. They say economy. Economy, iqtisad. Economy finished all of them, made them zero.
For 40 years, Sultan Abdul Hamid ruled the Great State which was seven million square kilometers. Everyone had golden coins or silver majidiya in their hands. Everyone had gold, and silver. Now they collected them all and put them in safe. With what right did you collect them?

God is gold! Gold cannot be replaced with paper. They cheated the people with the numbers on it and now they say "unsolvable economical problems". I quote their expression. They hit the zero level. All of them shout in the street; Europeans, Americans, all of them shout, scream "We are hungry, we are thirsty..." You can be left hungry or thirsty but not without alcohol. They made you drunk and you don't say the Bismillah.
Ok, don't say! Don't say and find a way out of it if you can. Here, go ahead! They can't solve it even in 1000 years without the Bismillah. You can go up a mountain by climbing. But a man who fell into a well can't get out of it by climbing. Also rocks fall on his head while trying to get out and he gets stuck in it, he dies there. Accept the Truth O little men! Use your minds. Believe in what Allah sent. Value what Allah valued. Gold and silver is His (swt) value. It was the value since life on earth started but after the first World War, they printed papers. The governments print. If the governments print, can the people not print also? They can. They print and put on the market. No one knows if what he has in his hand is real or not. Is he going to go to a bank and have it validated each time? They messed it up and now their hands are in their pockets. They are all broke. They keep going back and forth but all in vain.
Allah Allah. "Wa 'An Laysa Lil-insani 'Illa Ma Sa`a" (53:39). Is the Verse not like this? Man has nothing else other than what he does. But there is no work done anymore. They want money for free. They want to enjoy and here, they sink into their pleasures. Floods took away their pleasures, snows fell on them. Tornadoes made them upside down, volcanoes, icebergs...Allah! May Allah forgive us. Say Bismillahi r-Rahmani r-Rahim so that you can be saved. If you don't say, you keep going down. You go down...Here, they are all going down. Like Abu Jahl, he called "save me!" but no rope or chains could reach him. He got stuck in it. He said "Call that one (sas) and I take his hand, he can take me out". And he (sas) did take him out. Allah can take you out of these crises. If you don't accept Allah, you can't be saved. Allah degrades you. Allah.

Aman Ya Rabbi, don't degrade us. He (swt) says "I won't. Call to Me, keep My order and I give you your provision. I won't leave you hungry". "'Inna Allaha Huwa Ar-Razzaqu Dhu Al-Quwati Al-Matinu" (51:58). He (swt) says "I am the All-Provider. I don't even leave an ant, I give their provisions also. There are creatures that are smaller than them. I give their provisions also". O our Lord, forgive us. May You send us from Your holy servants who will show us the right ways. We've all become bewildered ones. If you forget the Bismillah, you forget Allah and who forgets Allah has no value. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah.
We may say Bismillahi r-Rahmani r-Rahim. How beautiful. Al-Fatiha. Democ-racy or whateverracy, this one gets off and the other one gets on. Unless you change this, unless you remove the paper and bring gold you can't straighten things. Everything has become a complete mess and they are stuck in it. Tawba Ya Rabbi. As-Salamu Alaikum. Juma Mubarak. May Allah grant us strength and health, for the honour of the Prophet (sas). There are awliyas, they give strength. There is no need to go all the way up! Sh Mehmet Effendi, go on!

**Die Offenbarungen der Farben**

---

Bismillahi r-Rahmani r-Rahim. Mögen wir uns an den Heiligen Namen unseres Herrn erinnern. Das Bismillah hat Majestät, hat Herrlichkeit. Die Heiligen lassen uns ein paar Worte sprechen. Und Sheikh Mehmet Efendis faydh (spirituelle Energie) ist stark; er empfängt, empfängt und möge er empfangen, empfangen und die Freude und der Stolz des Islam sein. Und möget ihr auch Soldaten Mahdis (as) sein und seine Flaggen tragen. Was erwarten wir von der Dunya? Seit tausenden von Jahren ernährt die Dunya die Menschen. Die Menschen lebten, starben und neue kamen. Die alten geborenen gingen und Neugeborene kamen. Wir sagten Bismillahi r-Rahmani r-Rahim und standen auf und zeigten Respekt. Ja. Selbst wenn ein Korporal einen gefreiten Soldaten anspricht, steht der Gefreite sofort auf. Er steht auf und bleibt stehen aus Respekt. Das ist für den Korporal, für den niedrigsten Rang. Für höhere Ränge steht er ehrfürchtig. Menschen respektieren andere Menschen auf diese Weise, weil sie einen höheren Rang haben. Wir sind Menschen. Wir haben Verständnis, Intelligenz. Dieser Respekt den ein einfacher gefreiter Soldat für einen Korporal zeigt, Schande auf diese Leute dass die Leute dieser Zeit keinen Respekt für ihren Herrn zeigen können, Der sie erschaffen hat; sie denken nicht einmal daran für 2 Minuten für Ihn (swt) aufzustehen, und

sich dann zu verbeugen und Sajda zu machen. Das ist die Zeit der Unwissenheit, der zweiten Unwissenheit. Die Unwissenheit vor unserem Propheten (sas) war die erste, und dies ist die zweite. Die ganze Welt ist unwissen geworden, sie bekämpfen einander. Überall erfanden sie Idole, um die Menschen Allah vergessen zu lassen. Sie betrügen die Menschen auf viele Arten. Gestern war die Semesterpause für die Kinder, also bekamen sie ihre Zeugnisse und kamen nach Hause. Früher nannten wir es Waraqa, heute sagen sie karna (Notenbericht). Hat das Wort "karna" die Majestät und das Sultanat, was "Waraqa" hat? Sie sagen "wir gehen unsere Notenübersicht abholen." In dieser Zeit wollen die unwissenden Leute dieser Zeit alles auf ihren Standard herunterbringen. Sie wollen keinen über ihrem Niveau, ihrem Standard. Sie wollen dass jeder unter ihrem Niveau ist, eine Person akzeptiert niemanden über sich. Innovation, Reformen... Die Reformen haben das Elend verursacht, unter dem die Leute heute leiden. Zu allererst haben sie die Leute das Bismillah vergessen lassen. Niemand sagt es. Schande über sie. "Wer hat euch erschaffen?" Sie sagen "Die Natur?" "Wirklich? Wo ist die Natur?" "Das wissen wir nicht." "Ist das so? Was hast du denn gelernt?" "Naja, wir haben gelernt: 'Wir sind Türken, wir sind glorreich, wir sind berühmt, wir wir wir..'" Das hat keinen Nutzen, Sohn. Früher in den alten Zeiten haben die Leute Statuen gebaut und den Statuen gehuldigt. Und die Araber hatten das Idol Hubal, richtig? Abu Jahl rief "Lang lebe der glorreiche Hubal!" Es war ihr größtes, höchstes Idol und sie riefen so zu ihm. Und die Leute des Islam riefen "Allahu Akbar! Allahu Akbar! Allahu Akbar!" und zogen ihre Schwerter. Und die Spitzen ihrer Schwerter funkelten als sie ihre Schwerter zogen. La ilaha illa Allah, Sayyidina Muhammad Rasulullah. La ilaha illa Allah, Sayyidina Muhammad Rasulullah. Respekt zu zeigen ist der Ruhm und die Ehre der Menschheit. Respekt zu zeigen dafür, was über uns steht ist unsere Ehre. Die höchste Ehre ist es, "La ilaha illa Allah Muhammada r-Rasulallah" zu sagen. Das zu sagen, "La ilaha illa Allah..." Wir mögen aufstehen selbst wenn es 100, 1000 Male wäre und das Nur dieser Heiligen Worte durchdringt unser Wesen. Tuba thumma tuba - gute Nachrichten für die, die ihren Herrn kennen, ihren Schöpfer kennen und Ihm dienen. Möge Allah uns nicht von Seiner Dienerschaft ausschließen. Ta'buduni! Allah der Allmächtige sagt "betet Mich an! Dient Mir!" Aber denken die Leute dieser Zeit? Das tun sie nicht. Denn die Leute dieser Zeit haben die Menschlichkeit verlassen und laufen den tierischen Eigenschaften nach. Sie respektieren oder ziehen ihre Spiritualität nicht in Betracht, aber sie wollen alles tun, was ihr Ego von ihnen verlangt. Sie haben ihre Menschlichkeit verlassen. Menschlichkeit ist mit einer Seite mit dem Malakut verbunden, mit unserer Seele. Und eine Seite ist mit der Dunya verbunden, mit unserem Ego. Wer aber seine Spiritualität stärkt... Ihr wisst, dass Diamanten gesammelt werden unter der Erde, bei der Kohle. Wenn ein Diamant nicht geschnitten wird, hat er keinen Wert. Zuerst schneiden sie den Diamanten, dann wird dieser

Diamant geeignet für die Hände des Sultans. Wir sind auch so, in unserem unkultivierten Leben wie Diamanten die nicht geschnitten wurden. Er muss geschnitten werden. Er soll poliert werden so dass sein Juwel zum Vorschein kommt. Jede Person hat eine Farbe. "Wieviele Farben gibt es, Sh. Efendi?" "Was ist kennt sind nur..." Sind es 10 Farben? "Zehn Farben." "Was ist mit den Farben darüber hinaus?" "Das wissen wir nicht." Niemand kann die Anzahl der Farben wissen. Und es gibt eine Offenbarung in jeder Farbe. Jede Person hat ein anderes Juwel. Wenn sie daran arbeiten, wird ihr Juwel zum Vorschein kommen. Womit könnt ihr daran arbeiten? Mit dem Bismillah. Sagt Bismillah und euer Juwel kommt zum Vorschein. Wenn nicht, dann bleibt ihr unter der Erde, zwischen den Felsen als ein wertloser Stein. Sagt Bismillah, so dass euer Juwel erscheint. "Kullun muyassar lima khuliqa lahu" Der Mensch hat einen Platz in der Schöpfung mit seiner Menschlichkeit. Allah der Allmächtige setzte ihn als Sultan auf Erden ein, gab ihm das Sultanat. Wer ist der Sultan? Es ist derjenige, der sein Juwel zum Vorschein bringt. Für uns sandte Er (swt) Seinen Geliebten, um uns Seinen Weg zu zeigen und unser Juwel hervorzubringen. Er (swt) sagte "Poliert es, so dass euer Juwel erscheint." Was das Juwel einer Person zum Vorschein kommen lässt, ist Bismillahi r-Rahmani r-Rahim. Masha Allah, Masha Allah... Nun gibt es keine einzige Person, die ihr Juwel hervorbringt. Versucht nicht, eine zu finden. Sie bleiben wie Felsen, sie sind sich nicht einmal bewusst dass in ihnen ein Juwel ist. Es gibt kein Geschöpf das höher steht als der Mensch. Astaizu Billah "Wa laqad karramna Bani Adam". Wir gewährten den Kindern Adams solch ein Juwel dass niemand seinen Ursprung oder seine Wirklichkeit wissen kann. Nur Allah weiß es, und Er (swt) unterrichtet Seinen Geliebten bis zu dem Niveau, das er wissen sollte. Dann, nach ihm gewährte Er (swt) seinen Auliyas, an ihren Juwelen zu arbeiten. Er gibt von dieser Kraft und unsere Juwelen öffnen sich. Wenn unsere Juwelen enthüllt werden, wird der Weg des Paradieses für uns geöffnet. Was ist das Instrument, um unser Juwel zum Vorschein zu bringen? Es ist Bismillahi r-Rahmani r-Rahim. Sagt es und habt keine Angst. "Mögen wir uns als erstes Deines Namens erinnern, oh Allah!" Deshalb lehren die Heiligen am Maulid al-Sharif. Wir sollten uns zuerst an den Namen Allahs erinnern, damit unser Juwel erscheint. Sagt Allah und fürchtet euch nicht; fürchtet euch nicht vor ihren Kanonen oder Waffen oder anderen Schlechtigkeiten die sie machen. Sagt Allah und Er (swt) stoppt sie. Es gibt mindestens 40 Heilige. Wenn einer von ihnen Allah sagt, kann er sie alle verbrennen. Wenn einer von ihnen Bismillahi r-Rahmani r-Rahim sagt, wird alles eingeebnet. Was können die Geräte, die diese unreinen Ungläubigen erfanden, anrichten? Wie können sie die Macht erreichen, die wir haben? Die Macht des Gläubigen und der Gesandten Allahs kommen von den Himmeln. Was bringt die Macht von den Himmeln? Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Sagt es und

Macht kommt über euch. Schlaft nicht, öffnet eure Augen! Steht auf mit Bismillah. Lebt mit dem Bismillah. Schlaft mit Bismillah und wacht auf mit Bismillah. Welch ein schöner Gefährte, welch ein schöner Kamerad. Solch eine Person leidet nicht unter Schwierigkeiten oder Krankheiten. Oh unser Herr! Unser Subhan, unser Sultan. Du hast so viele Diener die uns diese Wege lehren können, zu Ehren Deines Geliebten. Aber Er (swt) lässt uns, "tut was ihr wollt". Lasst uns sehen ob sie von dem Teller essen werden, aus dem die Hunde essen, oder vom Tisch wo die Menschen essen. Wo man einen Knochen hinwirft, rennt ein Hund ihm nach. Unser Bild ist nicht falsch: Ein Hund rennt einem Knochen nach, er will den Knochen. Kann ein Mensch dem Knochen nachrennen? Was ist Dunya? Warum lauft ihr ihr nach? Warum lauft ihr nicht den Befehlen Allahs des Allmächtigen nach? Sagt Bismillahi r-Rahmani r-Rahim. "Wer immer sich an Deinen Namen erinnert, oh Allah, für den macht Allah jedes Werk leicht." Hier, das ist genug. Sagt Bismillahi r-Rahmani r-Rahim bei jedem eurer Werke und Allah lässt es leicht werden. Gewöhnt euch an, es zu sagen. Bleibt nicht wie ein Tier! Bekleidet den Rang eines Menschen! Sie denken an nichts anderes als an Essen und Trinken; wessen Gedanken nur um Essen und Trinken kreisen, der hat keinen Wert. Er hat keinen Wert. Ein Huhn scharrt auch den ganzen Tag. Es hört nie auf, es sagt nie "Ich bin satt." Ein Huhn scharrt immerzu in der Erde, frisst immerzu und wird nie satt. Es frisst von dieser Seite und scheidet auf der anderen Seite aus und beginnt wieder zu scharren. Seid nicht so. Lebt nicht um zu essen. Lebt nicht für Vergnügungen. Lebt um Allah dem Allmächtigen zu dienen. Und sagt Bismillahi r-Rahmani r-Rahim. Oh unser Herr, vergib uns. Gib uns Stärke, wir wollen Stärke haben um Deinen Dienst auszuführen. Die Lebensspanne die Du für uns bestimmt hast, liegt in Deiner Hand. Wir sollten unser Leben bloß in einer ehrenhaften Weise vollenden, dass wenn die Engel unsere Seele nehmen; der Todesengel Azrail (as), werden die Engel überrasch sein wenn sie kommen und sagen "welch eine schöne Person mit Nur. Dieser ist mit Bismillah." Wer ohne Bismillah ist ist hässlich. Alles ist hässlich ohne Bismillah. "Kullu amrin lam yabtada bi Bismillah fa huwa abtar". Jegliche Angelegenheit die ohne Bismillah beginnt, ist abtar, das bedeutet sie ist abgeschnitten. Nichts gutes kommt davon. Die Leute, die Völker die das Bismillah vergessen haben nichts Gutes in ihnen. Sie bekämpfen einander. Sie bekämpfen einander. Die Welt befindet sich heute im zweiten Teil der Ära der Ignoranz. Das ist es, wonach sie streben. "Wonach strebt ihr?" "Wir arbeiten hier." "Also gut, ihr arbeitet. Und dann? Wofür arbeitet ihr?" "Hier essen wir." "Und dann?" "Yahu, dann..." "Warum sagt ihr nicht, ihr esst um das WC vollzumachen": Ihr esst und danach werdet ihr zum WC gehen. Ist nur das eure Beschäftigung? Weil ihr nie Sajda macht, haben sie euch als Beamter des WCs eingesetzt? Sagt Bismillah und lebt für Allah. Bismillahi r-Rahmani r-Rahim. Oh Araber, Oh Türken! Manche von ihnen sind Ägypter, manche sind türkisch, manche

aus dem Irak, alle aus verschiedenen Ländern. Nein. Sagt Gläubige! Sagt Allahs Diener! "Was ist euer Dienst?" "Ich versuche, Dienst für Allah zu machen." "Wer ist dein Zeuge?" "Ich sage Bismillahi r-Rahmani r-Rahim." Seid das gewohnt, Araber und Türken! Behauptet nicht, Araber oder Türken zu sein. Sagt "Ich bin Muslim!" Sagt "Ich bin Muslim". Möge Allah uns nicht vom Islam trennen und uns nicht das Bismillah vergessen lassen. Ya Rabbi... Wir sind hilflos O Herr, schicke uns den Meister der uns Bismillah lehren wird. Ich habe den Notenspiegel der Kinder gesehen und auf der Rückseite steht eine ganze Seite geschrieben, voll mit Dingen von denen weder ich noch die Kinder verstehen, was sie bedeuten. Wer immer der Besitzer des Schreibens ist, er ist auch ein Diener so wie du. Warum schreibst du nicht den Namen Desjenigen darauf, Der dich erschuf, Bismillahi r-Rahmani r-Rahim? Warum lehrt ihr sie nicht Bismillah? Allah wird sie fragen "Warum habt ihr nicht die Kinder, Meine Diener, Meinen Heiligen Namen gelehrt? Dann werde Ich euch solche Unglücke senden vor denen ihr nicht gerettet werden könnt, außer ihr werdet Bismillah sagen!" Sagt täglich von sieben bis 40 Mal, von 40 bis 70 Mal, von 70 bis 100 Mal Bismillahi r-Rahmani r-Rahim. Und euer Herz wird Frieden haben, euer Körper wird gesund sein, und Allah der Allmächtige kleidet euch mit dem Kleid der Majestät. Er (swt) kleidet uns in das Kleid der Größe und Güte. Oh Herr! Wir sind Deine schwachen Diener. Schick uns den, der uns diese Dinge lehren wird, zu Ehren Deines Geliebten (sas). Bi hurmatil Fatiha. Möge unser Tag mubarak sein. Diese Worte die wir gesprochen haben, es sind Worte die der Prophet (sas) und Auliya uns sagen lassen. Lasst beiseite was Allah uns sagen lässt; was Er (swt) sagt ist für die Propheten und Heiligen, es gehört ihnen. Für uns und Leute wie uns, nützen diese einfachen Dinge die wir lernen. Wer uns diese lehrt sind Mu'allim (Lehrer). "Sagt nicht Mu'allim Sh. Efendi!" "Was sollen wir sagen?" "Sagt Lehrer!" "Was ist falsch daran, Mu'allim oder Hoja zu sagen?" Warum verderbt ihr eure Sprache? Ich verfluche sie indem ich sage, "Möget ihr nicht fähig sein, überhaupt zu sprechen!" Sie sagen "Lehrer, Student, Lehrer." Was sagen sie für Maktab? Schule. "Wir haben das Wort Schule hier nie gehört" "Dies sind neue, erfundene Wörter denn die alten sind nicht zu gebrauchen, Sheikh Efendi. Wir wollen sie nicht. Wir wollen Reformen." "Hier, nehmt die Reform!" "Gebt das Gold, es ist alt. Nehmt das Papier, es ist neu." "Gibt es jemanden der das akzeptiert?" Niemand akzeptiert es. "Aber ihr wollt Reformen, also gebt uns das Gold." Nun haben sie ihnen das Gold abgenommen und ihnen etwas Neues gegeben, Papier. Was steht darauf geschrieben? 5 Lira, 10 Lira, 100 Lira, 200 Lira... "Aber das ist Reform, Sheikh Efendi?" "Ok, also?" Wenn ihr es in Wasser werft löst es sich auf. Wenn ihr es in Feuer werft, verbrennt es. Wenn ihr es zerreißt ist es wertlos. Ihr wollt Reformen, hier! Nehmt das, es ist neu. All die Regierungen sind bankrott. Denn jeder

von ihnen hat Papier in den Händen, auf dem steht "soviel, soundso viel". Warum betrügt ihr die Leute? Warum betrügt ihr sie? Dieser Mann hat den ganzen Tag für euch gearbeitet. War es für ein Stück Papier? "Aber das ist Reform." "Möget ihr versinken mit der Reform." Araber, Türken oder wer immer das tut, Allah der Allmächtige wird sie untergehen lassen. Sie sagen Wirtschaft. Wirtschaft, Iqtisad. Die Wirtschaft hat sie alle vernichtet, sie zu Nullen gemacht. Für 40 Jahre regierte Sultan Abdul Hamid den Großen Staat, der sieben Millionen Quadratkilometer groß war. Jeder hatte Goldmünzen oder Silber Majidiya in seiner Hand. Jeder hatte Gold und Silber. Nun haben sie es alles eingesammelt und in einen Safe getan. Mit welchem Recht habt ihr es eingesammelt? Gold ist Gold! Gold kann nicht durch Papier ersetzt werden. Sie haben die Leute betrogen mit den Nummern darauf und nun sagen sie "unlösbare wirtschaftliche Probleme". Ich zitiere ihren Ausdruck. Sie haben das Nulllevel erreicht. Sie alle schreien in den Straßen; Europäer, Amerikaner, sie alle schreien, rufen, "Wir sind hungrig, wir sind durstig..." Ihr könnt hungrig oder durstig bleiben, aber nicht ohne Alkohol. Sie haben euch betrunken gemacht und nun sagt ihr nicht Bismillah. Gut, sagt es nicht! Sagt es nicht und findet einen Ausweg, wenn ihr könnt. Hier, los geht´s! Sie können es nicht einmal in 1000 Jahren lösen, ohne Bismillah. Ihr könnt durch Klettern auf einen Berg steigen. Aber ein Mann der in einen Brunnen gefallen ist kann nicht durch Klettern herauskommen. Es fallen auch Steine auf seinen Kopf, als er versucht, herauszukommen und er bleibt darin stecken, er stirbt darin. Akzeptiert die Wahrheit, oh kleine Menschen! Benutzt euren Verstand. Glaubt daran, was Allah schickt. Schätzt das was Allah schätzt. Gold und Silber ist Sein (swt) Wert. Es hatte Wert seitdem das Leben auf der Erde begann, aber nach dem Ersten Weltkrieg druckten sie Papier. Die Regierungen drucken. Wenn die Regierung druckt, können die Leute dann nicht auch drucken? Sie können. Sie drucken und bringen es auf den Markt. Niemand weiß, ob das was er in der Hand hat echt ist oder nicht. Wird er jedes Mal zur Bank gehen und es prüfen lassen? Sie haben es durcheinander gebracht und nun sind ihre Hände in den Taschen. Sie sind alle pleite. Sie gehen vor und zurück aber alles umsonst. Allah Allah. "Wa 'An Laysa Lil-insani 'Illa Ma Sa`a" (53:39). Lautet der Vers nicht so? Der Mann wird nur für das belohnt, was er getan hat. Aber es wird nichts mehr gearbeitet. Sie wollen Geld umsonst haben. Sie wollen sich vergnügen und hier versinken sie in ihren Freuden. Fluten haben ihre Vergnügen weggenommen, Schnee ist auf sie gefallen. Tornados haben sie aufgewirbelt, Vulkane, Eisberge... Allah! Möge Allah uns vergeben. Sagt Bismillahi r-Rahmani r-Rahim so dass ihr sicher sein könnt. Wenn ihr es nicht sagt, werdet ihr weiter sinken. Es geht bergab mit euch... Hier geht es mit allen bergab. Wie Abu Jahl, er rief "Rettet mich!" aber kein Seil oder Kette konnte ihn erreichen. Er blieb stecken. Er rief "Ruft diesen (sas) und ich nehme seine Hand, er kann mich hinausholen." Und er (sas) holte ihn heraus. Allah

kann euch aus den Krisen herausholen. Wenn ihr Allah nicht akzeptiert, könnt ihr nicht gerettet werden. Allah erniedrigt euch. Allah. Aman Ya Rabbi, erniedrige uns nicht. Er (swt) sagt "Das werde Ich nicht. Ruft Mich an, haltet Meine Befehle ein und Ich gebe euch eure Versorgung. Ich lasse euch nicht hungrig." "'Inna Allaha Huwa Ar-Razzaqu Dhu Al-Quwati Al-Matinu" (51:58). Er (swt) sagt "Ich bin der All-Versorgende, Ich verlasse nicht einmal eine Ameise, Ich gebe auch ihr Versorgung. Es gibt Geschöpfe die kleiner sind als diese. Ihnen gebe Ich auch Versorgung." Oh unser Herr, vergib uns. Mögest Du uns von Deinen heiligen Dienern schicken, die uns den richtigen Weg zeigen werden. Wir sind alle verwirrt geworden. Wenn ihr Bismillah vergesst, vergesst ihr Allah und wer Allah vergisst hat keinen Wert. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astagfirullah. Wir sollen Bismillahi r-Rahmani r-Rahim sagen. Wie wundervoll. Al-Fatiha. Demo-kratie oder Wasauchimmer-kratie, dieses geht aus und das andere geht an. Wenn ihr das nicht ändert, wenn ihr das Papier nicht wegnehmt und das Gold bringt, könnt ihr die Dinge nicht begradigen. Alles ist eine totale Unordnung und sie stecken darin fest. Tawba Ya Rabbi. As-Salamu Alaikum. Juma Mubarak. Möge Allah uns Stärke und Gesundheit geben, zu Ehren des Propheten (sas). Es gibt Auliyas, sie geben Kraft. Man braucht nicht den ganzen Weg hinaufzugehen! Sh Mehmet Efendi, mach weiter!

## THE MANIFEST ONE is manifested THROUGH MUHAMMAD

If a Murid wants to represent his Sheikh, he must make his own personality to vanish, into the personality of the Sheikh. If there is something left of him, he is not representing his Sheikh, it is finished. The person who claims an existence, with the existence of his Sheikh, cannot represent the Sheikh, and the Sheikh cannot represent him. This is impossible. Also, if someone says that he is representing the Holy Prophet Muhammad (sal), it is not possible unless he has vanished into the personality of the Prophet Muhammad (sal).

There is one Muhammad. I am Muhammad, you are Muhammad. It becomes one. If you are Muhammad it means that your own personality has became absent. You make your own personality to disappear, so that Muhammad (sal) appears. Rasoolullah (sal) is the appearance of truth and if he had not have made his own personality to disappear, Allah would not have appeared in him. He is Al-Awalu, Al-Akhiru, Al-Zahiru, Al-Batinu - The First, The Last, The Manifest, The Hidden.

He is the Manifest One and then through whom is He manifested?(or with who). Is it through the sun or through the stars? Is it through the world (dunya)? Is it through the

animals or the Angels or the Jinn? With, or through whom, is He manifested? He is manifested through Muhammad (sal), and the Prophet Muhammad (sal) became nothing, and Allah Almighty appeared in him. He made himself to vanish, so that nothing was left of himself. Then Allah Almighty appeared in Rasoolullah (sal).

If there was no mirror to reflect your image, you can not appear. For example, if you are in a house, and there is no mirror, without it, your image cannot appear. All universes, from the lowest to the highest, do not appear without the mirror of Rasoolullah (sal). When the Prophet Muhammad (sal) reached to Sidrat-ul-Muntaha ( the furthest lote-tree - boundary of the seventh heaven), there came a call to the Holy Prophet Muhammad (sal) saying, “Come, enter O Muhammad (sal).” The Prophet Muhammad (sal) then called to Gibril (alai), “Come with me,” and Gibril said, “O Muhammad, if I were to cross the border, even by the breath of one hair, I would burn from the lights.”

Then came the question, “Who are you?” The answer was, “You, O my Lord.” That’s it. Two no longer remained. There remained only one. There was only Allah left and Muhammad became the mirror for the appearance of all creation, from the smallest entity to the biggest. In reality, the Miraj (journey), happened in eternity (The Quran is saying). It did not take place within a temporary space, but still it appeared, in the lifetime of the Holy Prophet Muhammad (sal). It happened before the creation of time and space, and all the worlds are existing through this mirror. If this mirror was to be covered by something, then everything would be finished.

Becoming one with the creation has its levels. The last level is that there will be no personal identity left, and you will become a mirror, and an inheritor of the Holy Prophet Muahammad (sal). Such a person is then a true guide. Anyone other than a true guide is only cheating people when he says, “look at the wall,” and there is no mirror, only the wall and he is a liar!

We are asking Allah Almighty to grant us to be closer to blessed people, so that they

may be through ourselves. Blessings from Allah are according to your closeness to a Wali (Saint). If your heart is occupied with him for twenty-four hours, then there will be twenty-four hours of blessings on you. If it is for half the day, there will be blessings on you, for half the day and for the other half of the day, it will be cut off.

We must ask from the Awliya for a station of power. Look with wisdom. If you do not take care, Shaitan and his friends will quickly carry you to a worse position. Therefore be for Allah's friends and not for your ego. With their blessings you may reach to the Lord of Heavens, and to His favours, which are meant for His servants.

## Man Is a Hidden Treasure

(Mawlana Shaykh stands.)

Bismillahi ‘r-Rahmaani ‘r-Raheem. La hawla wa la quwwata illa billahi ‘l-`Aliyyu ‘l-`Adheem! Allahu akbar, Allahu akbar, la ilaha illa-Llah w’Allahu akbar, Allahu akbar wa lillahi ‘l-hamd!

O our Lord, forgive us and for the honor of your most honored one through your Divine Presence, give us from Your endless Mercy Oceans. May be smaller than an atom from Your Mercy Oceans, changing everything! O our Lord, Your generosity no one can give any description on it; it is impossible! Forgive us and bless us for the honor of most honored one through your Divine Presence, Sayyidina Muhammad (s)! Allahumma zidhu `izzan wa sharafan wa nooran wa masrooran wa ridwaanan wa sultaana, Allah increase him in respect and honor and light and happiness and divine blessing and majesty. Give to him more, Sultan, to be his sultanate from pre-Eternal up to Eternal on whole Creation! (Mawlana Shaykh sits.)

Yaa Rabbee, Yaa Rabbee, Yaa Rabbee... we are weak servants! We are saying Alhamdulillah, Alhamdulillah wa shukrulillah endlessly. Thanks for our Lord who created us and granted us endless favors. It is impossible to know the numbers of His Favor Oceans and where they are beginning and ending, because everything that belongs to our Lord, Almighty Allah, must also be endless. Allah Almighty’s grants are supporting endlessly.

O our master on this planet, we are asking your support humbly; we are asking only the smallest thing from an ocean. It may be an atom or electrons or neutrons, it may be that we are knowing that they are the smallest ones in creation.

We are asking only such a small, heavenly support to be able to sit and to listen to such knowledge that belongs to heavens. That support is only coming through the master of this planet. If no master, this planet can't be moving and can't know its direction and can't know what is it's mission. Just as a car, if no driver... car knows your intention or your direction? No, there must be a driver sending that car on its real direction. This world is also directed by it's Master; that is important. Therefore, believers who are believing everything in existence, must try to understand the real position of the Master. I am only saying really real position to make an understanding for people, because no one knows the real direction, it is impossible. How can we know, but the Master knows. As much as he has been ordered to move in any direction, right or left, front, not back, not down, but up.

O my listeners, they are saying such things; we may say on it in a hundred or a thousand lectures or speeches and it will not be enough to give a real position of the Master of this world. He is commanding and directing it. Nothing in existence is left without a coordinator. Yes? Sometimes I know English! How it happened? (laughter) Yes. Tonight we are also asking from our Master what is necessary for the Children of Adam. They must know from the beginning, then they may improve, improve, improve. They are going to begin marching from Earth towards skies! Who is moving up from the Earth is going to forget its beginning because he is always looking up. Looking and asking about that creation that is touching them and passing up, rising up. That is important.

We are not created to be on this planet for a short time and then to be buried through the graveyard. No, it is not real wisdom or the real will of our Lord for ourselves. No one knows His Will about you, about that. No one is knowing his Creator's Will about himself or herself. Even that planet that we have been settled on is not knowing, no. Who is commanding this? He is also not knowing until a higher-position one, another master, is showing or giving him a signal. People are thinking that this world and the life of Mankind on it are so simple: born, living, dying, passing and finishing. That is the mentality that a no-mind person... you may say, "O Doctors, if you can ask an ant... Do you think that you can address an ant and speak to an ant? If you are saying, 'No,' your level is yet under the level of ants!"

The Holy Qur'an is making everything clear. Everything! Look, there is holy surah in the Holy Qur'an, Suratu 'n-Naml, the Chapter of the Ants. Look and try to understand. How are you understanding? If you are living in a dark place, you can't see anything. You can't read, you can't look and you can't understand. Therefore, you are in need of an opening, a heavenly opening through your eyes and your eyes belong to your heart. If the heart is not opening, your eyes are seeing nothing. Looking and seeing (nothing). Even ants are seeing; they are looking according to their possibility or according to their capacity. Yes, there is a surah, holy verse, Suratu 'n-Naml. We are saying that everything has an understanding; it must understand something. May be that something according its capacity, that is an opening according to its ability and according to a possibility that that creature is just granted. One ant was shouting through the valley. If ant is shouting, how you are understanding what he is saying?

•••••• ••••• ••••••• ••••• •••••• ••••••••• ••••••• •••••••• ••• •••••••• ••••••••• ••••••••• •••••••••••••• ••• •••••••••••••••
•••••••••••• •••••••••••• •••••• ••• ••••••••••••

Hatta idha ataw `ala wadi annamli qaalat namlatun yaa ayyuha an-naml udkhulu masaakinakum laa yahtimannakum sulaymaanu wa junooduhu wa hum laa yash`uroon.
Till, when they reached the Valley of the Ants, an ant exclaimed: O ants! Enter your dwellings lest Solomon and his armies crush you, unperceiving. (27:18)

"Oh Ants! Quickly run to your holes, try to shelter yourselves from Solomons armies' feet not touching to you and harming you!" This is an ant! It knows something. It must know something. If that ant is knowing such a thing, what about it's Creator? Do you think that that ant is not knowing Who created it? O our `ulama, Salafi `ulama, they are very jealous people, yes. Why jealous? Allah grants anyone and everyone as He likes.

Other ants are not understanding from that secret addressing. That ant's announcement reaching from the beginning of this valley up to end. And you, our technologist people, are so proud with their talkie-walkie. Talkie-walkie, they are saying. When I was small one, I was hearing that there is some kind of wireless talkie-walkie, walking and talking or talking and walking. Eh, professors of Wahabi people, you know such things? No, you never learning such things. You are learning only to say, salaat wa 's-salaam, bid`a or haraam. Or, if you are stepping on left leg it is kufr; if you are stepping right hand, saying this is bid`a; if you are asking to go forwards, saying that is kufr. If you are standing and coming back you are saying haraam. Their

knowledge, such a thing.

Look at the Holy Qu'ran for understanding. Who on Earth may now speak such a secret knowledge from east to west? I am nothing but they are making me to speak. And this mentality just not accepting any objection because who can do an objection, must be his knowledge over my knowledge and I am no-level one. I am no-level one through knowledge; know nothing. I am knowing nothing. But countless people have been granted so many secrets that no one can approach them. If approaching and coming nearer, they are not understanding, just like a small boy. English, American, Turkish or any other nation; when they are looking through books, they are not understanding. Among billions of people there are some whose knowledge is secret knowledge. Secret for common people but not for them. Who may step up, they have been granted on every step another vision. Another appearance is coming to them.

O People, Man through holy hadith. Perhaps if I am saying so many people, so many Wahabi or Salafi may say this is kufr, but it is mentioned through holy books that Allah Almighty created Adam (a). Not any similarity, but like himself. That means as He likes. Granting from Divine attributes to man but shatta maa baynahuma, (how different they are). So, so, so long a distance; no beginning and no ending to be a man as his Creator! But Allah almighty granted to them from his Divine attributes to see, speak, hear, smell, know and to move. Something was granted as grants from the Lord of Heavens; from his heavenly attributes. Something means, in front of whole thing something means nothing. But this is a very deep subject. Allah Almighty only asked to bring a description for his deputy and the deputy must have something from Divine or Heavenly attributes. If they are not granted they can't be deputies. We may say, if you are doing and a donkey your deputy, is there any relationship? How it can be? This is a donkey and you are a man. It can't be. If Allah Almighty making khalifah, deputy must have or must be granted from heavenly attributes. To be deputies and deputies only through words, through letters, nothing else. No one can know real reality. Man is going to be a deputy, but imitated.

We have such a chance from the Lord of Heavens. If we are following a way and asking to come more close to the Lord of Heavens, we are going to be granted something. That something, if it is going to be such an ocean, is always going to be something. It can't be everything; unlimited being. Unlimited Dhaat (essence) Existence is only for Him and not for anyone else. It can't be! But Allah Almighty is asking to bring a new Creation. New for creatures that have been created before; but their creation when Allah Almighty asking; His Divinely will

saying, "I am going to create a new creature that he may be My deputy," and maraatibu 'l-khilaafah, the levels of being a deputy are countless! You can't know it's beginning, you can't know it's ending.

O People, sharpen your understanding. Renew your knowledge and also try to make your understanding a high level of understanding for such a secret, secret beings or secret positions. Therefore it has been said, Hadrati insaan. Hadrat, what does it mean? Hadrati Allah, Hadrati Rasool, Hadrati insaan. That is an honor that is granted from heavens; you can't say for anyone "you are hadrat." That honor is only coming from the heavens, to be said Hadrat. Our level of deputy and real respect is from our real being. Real being can't be known from pre-Eternal up to Eternal. This is an ocean; not only one ocean, but countless oceans.

O People! Whoever may give his hearing to hear such things and accepting, has been rewarded. Every step that you are stepping you are going to be granted from that endless ocean that belongs to deputies. Insaan, Man is a closed treasure. The Lord of Heavens is saying:

••• •••• ••••• ••••• •• •••• ••••• ••••• ••• ••••••

kuntu kanzan makhfiyyan, "I was a hidden treasure (I wanted to be known, so I created creation, and by it they knew Me.)"

No one can open it. Man as a deputy is also kanz, a treasure. His key is only through the hands of the Lord of whole-creating. If He is not opening, no understanding. Who is man and what is his mission? What is his reality? What is he carrying? Because Allah Almighty granted to him from His heavenly attributes. Others are not given that, only Man, because he is a deputy and every deputy is a hidden treasure. If Allah Almighty is opening, it may open and may be known.

But Allah Almighty is saying, "I am, ana kanzan makhfiyan, a Hidden Treasure." No one knows, it is impossible. He is One, but he granted to Mankind as they are deputies; also making his deputies, everyone, an unknown treasure only known by their Lord. They can't even be able to know themselves; their beings from beginning up to end.

May Allah forgive us.

Allahu akbar, Allahu akbar, Allahu akbar, wa lillahi 'l-hamd!

Dome dome dome dome 4x

O our listeners! As-salaamu `alaykum, this is salaam that protects you; protects you from every wrong understanding and giving way to you on your real identities destination. That is important, when saying as-salaamu `alaykum, if you are wrong way, this salaam making your wrong actions carry you on true actions to reach your real being and to see what you have been granted by your Lord, Allah Almighty (swt). As-salaamu `alaykum.

Fatihah.

When deputies are rising up closer to their real being, coming closer to their treasures just granted to them. That is `Eid al-Akbar, the biggest happiness and the biggest honor! Just a parade for that person of heavenly honor! Then they are moving one step up, honoring, honoring, honoring. Man, unknown one, accepts his Creator, Allah Almighty (swt). Shukran laka, Allah Allah.

You should hear that singing of angels, that glorifying. When he is arising from one level to another:

•••••••••••••• ••••••• ••• ••••••
latarkabunna tabaqan `an tabaq,
You shall surely travel from stage to stage. (84:19)

Only the Qur'an saying. O Salafi `ulama, try to learn the meaning of that. It is an addressing to the Prophet (s) and another qura`a reciting, saying, tarkabunna tabaqan `an tabaq. "All of you! O My beloved one, you are going from one level to another, as well as your nation, from one level to another and through af `al, words singing, dawaam. Continuously."

Fatihah.

Allahu akbar, Allahu akbar, Allahu akbar.
I never heard or reading this. How many people? (350) As He likes. Even one person, I am paid, yes sir!

## Man Is Limited by His Knowledge

Dastoor. Astaghfirullah. (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Alfu salaat, alfu salaam `alayka wa `ala aalika wa sahaabatika wa `ala at-tabi`een yaa Sayyidi 'l-Awwaleen wa 'l-`Akhireen. Ishfa` lana ya Rasoolullah ya HabeebAllah!. (Mawlana Shaykh sits) Madad madad, madad madad, madad madad yaa Saahib al Imdaad! Who is responsible for humans on this planet, we are giving our salute also to him and his companions that they are under his wings! Mu'mineen, believers cannot be touched with any badness or adhaa; they can not be harmed. If we can reach their full protection, our lives will be hayyatun tayyiba, “Best life style.” Huuuuuu.

O People! As salaamu `alaykum. Crowding in here so many heedless, drunk people. (Mawlana speaks Turkish). It is a praising for our Turkish people, that they are understanding what I am saying and they are very happy with my swearing at them first! Are all of you happy, yes? Those who are unhappy can go to Jahannam, Hell! You must be very happy that you are not created as a donkey. Does a donkey complain? No, it is very happy that it is shouting! Allah Almighty says (Mawlana Shaykh stands) "He is the only One Who makes His servants to laugh, to be happy and not to be happy, to cry.” Laughing and crying is from Allah Almighty to His servants. (Mawlana Shaykh sits)

And we are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. May

Allah forgive us. Be happy that we have been created from Mankind, the most honored creature. No one is created with more honor after human beings, who are on the top position of all the creatures and everything in existence. And they are happy, thanking to Allah Almighty and glorifying Him. If atoms are not glorifying they can't be in existence. Each atom has a special personality; it can't be the same as the second one or else all atoms will be as only one atom. Why they are different? Millions, billions, quadrillions are created, and each one knows Who created them and how to glorify Him!

••••• •••• •••••• ••••••••• •••••••••••••

kullu qad `alimat tasbeehah, Everything knows a special glorifying for their Creator. (Al-Nour 24:41)

Maa `azhama shaanak ya rabbu 'l-`azhamah. Allahu Akbar, Allahu Akbar.

And the crown of sultanate is granted to Mankind. And also, each one from Mankind has a secret praising, a sirr. What one has been granted, the other is not granted. Everyone is granted from heavenly treasures. Heavenly Treasure Oceans of Allah Almighty are endless. And Man has been granted such a secret for themselves, and this is only for one man! The same is not granted to the second one, no. And His creation is from pre-Eternal up to Eternal, creating and granting treasures.Allah Almighty is saying: (Mawlana Shaykh stands)

innamaa amruhu idhaa araada shayan an yaqoola lahu kun fayakoon.
Verily, when He intends a thing, His Command is, "Be!" and it is. (YaSeen, 36:82)

(Mawlana Shaykh sits) That is the Willpower of Allah Almighty, which is only for Him. Siffat dhaatiyya, His Divinely Attribute, "His Absolute Will." There is no shareek for Allah, no partner. He grants and no one can be partner with Him!. yaa Rabbanaa maa `azhama shaanak. Allah Almighty is beyond our understanding area. He is Absolute; He can't be reached, no one can reach to anything. And He is Almighty, the Creator, He does not make a photocopy. Even every atom has a special being. For example, don't atoms of hydrogen are the same. No. Each one has a special condition, a special area for it to be in existence. And now people who are saying, "We have reached the top of science," I am asking them, what is your opinion? Whether anything in existence, is standing through space or sitting? No one can answer that. No, but for each atom there is a special area, muntaqa, the area that belongs to that atom and no one knows about it. And that atom is unique

in its creation, fareedun fee khalqihi, a second atom will not be like the first one. Therefore, sometimes scientists say, "First, second, third, fourth," they can add, but each number is different. Two is not the same as one; three is not same as two. Therefore, each one of them is in their unique situation in Creation.

••••• •••••••• ••••••• ••••• ••••••••

Wa maa qadaroo Allaha haqqa qadrihi, No just estimate have they made of Allah, such as is due to Him. (Surah Az-Zumar, 39:67)

Astaghfirullah. Therefore, so many times now they are making some servants to speak on the Oneness of Allah Almighty and His Divinely Existence. How can you understand the Divinely Existence? An atom cannot understand the second atom, even if they both are hydrogen atoms. Oxygen atoms are saying about hydrogen atoms, "Who is that one?" Come together, then you will understand what is happening. When they come together, it becomes another creature that makes the power of life. They are saying, "How did we become like this? It is not like us. We were a different kind, but we came together not with our own will or command. Someone is making us come together and we don't know what is happening." Oxygen and hydrogen are disappearing and something new is coming that they do not understand.

They say, "What is that?"
"It is water."
"What is water?"
"What is its real being? Two hydrogen atoms and one oxygen atom (H2O). It doesn't look like us."

Therefore, now people are becoming so proud with their very small knowledge. They never understand real positions, yet they are so mutakabbir, proud ones, and they know nothing. Such questions are sometimes coming to me. You are a professor, are you understanding? What is your ability to understand? You can't say anything. How is the secret power of life being put in water:

•••••••••••• •••• ••••••• ••••• •••••• •••••

wa ja`alna min al-maa'i kulla shayin hayy, We made from water every living thing. (Al-Anbiya, 21:30)

Allah Almighty is saying, "We are putting the secret of life in water, without water there can't be life." Therefore, people are looking, searching in so many planets for water, to find something living, but they are

never finding anything, because there is no order for water to come into existance and create life on that planet. Nothing can be done without their Creator's order, without their Creator's iraada, Will.

O People! Now all the nations are so proud about what they know, yet they don't know anything. They are only saying, for example, but that reality is in another reality; oceans in oceans. Therefore, we must surrender to our Creator; we must bow before our Creator, and it is the most simple `ilaam, to show Allah Almighty, "We are falling into sajdah for what You have granted us to understand." Mashaa-Allah. Now people are saying, "We are living in a scientific century." But what they are saying in science now can't bring an answer or an understanding, and they can't change it. He is saying, "I am the Creator; no one can argue or struggle with Me." Allahu Akbar, Allahu Akbar!

From two small beings, from men and women, coming together and getting out a perfect Creation. What is that secret power? Who is doing that? But people are now drunk ones. Shaytan is making them drunk, saying, "Don't think on such a thing." Why? They are saying there is a Mendeleev table, Periodic Table and it has 99 elements. Beyond that, is there nothing, only 99? There may be a thousand, ten thousand, or a million elements! With only His order, "Be!" and so many different beings may come in existance and their table might have billions of elements! He is Allah Almighty.

O People! Give your most high respect for your Creator; we must give. Therefore, every trouble comes from people who are not learning. And our governments don't take any care for teaching youngsters so that they understand something. All of them are trying not to teach people anything, because their headmaster is Shaytan and he is occupying their understanding, saying, "No need." And that must be known. Allahu Qadir, He can do everything! He can put the whole world, even one billion worlds He can put in an atom and they may run like this. Therefore, Islam is coming first of all to teach about the Creator. Aamanto billahi wa mala`ikatihi wa kutubihi wa rusulih, I believed in Allah and His angels and His Books and His Prophets. First, Mankind must believe in their Creator, Allah Almighty, that He can do everything. Allahu Akbar wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar.

O Allah! Send us who can send away Shaytan and its followers and can destroy shaytanic tricks and traps, who can put your holy order on Earth so that we can follow it to make You happy with us.

Fatihah.

Yaa Sultan al-Awliyaa!

May Allah forgive us. Allah, Allah.

## Man is living together, not separated

Man is living together, not separated; therefore it is important for everyone to be able to carry every kind of people. And he must try to be friendly with everyone. Allah Almighty created everything, created mankind, and He is giving to everyone a speciality. Sometimes it is just opposite your speciality, but there is a harmony through creation and through creatures, a very secret harmony. You are looking under seas through that special TV-channel 'Discovery'; there are so many kinds of fishes or creatures living through oceans. If it is going to be one kind of fish, it is not going to be so attractive, or giving pleasure to people, therefore Allah Almighty created countless kinds of creatures, all of them living together in the ocean. And on earth there are countless kinds of people. Important is to be able to keep that harmony among everyone, not to make an objection on it, why this, why that? We must accept that everything is just created for some reasons or purposes or for some target, some wisdom, but it is not open for us. Sometimes opening.

Once a Saint, a Wali, was sitting with the Sultan and one fly was always coming on the face of the Sultan. He was making like this with hands, like that, but never escaping. And the Sultan asked: 'What do you think for that fly? For what it is created?' And the Wali said: 'To teach Sultan that he is weak in front of a weak creature. Not to look yourself: 'I am Sultan, I am so powerful'. That makes you to know that you are a weak person, you can't defend yourself in front of one fly. If coming two, going to be too much, if coming three or

hundreds, what you are going to do?'

He was speaking according his understanding level and also asking to make the Sultan's pride down. Because anyone that feeling he has a power physically or materially or with his tribe, soldiers- everything that is giving to people something that is not real for him- makes people to be proud. And a Sultan no doubt feels himself much more powerful than everyone, and that his level is to be Number One, that there is no second one for him.

On that level that Wali was speaking to him: 'Look, Allah makes you weak, ajiz, unable, to make anything.' Therefore everything there is a harmony among all the creatures, and we have been ordered to keep everyone's value, to give everyone's honour that it has been created, and Allah created that. It is from our high respect to Allah Almighty to think for everything on every creature that He created them and that He created everything with some reason or some benefit or for some teaching for us.

Now here live for a short time but it is counted days, in counted it is not countless, and everything in limits must finish. You may be here now not 25 days, you may be 25 months, just finished, you are leaving. You maybe with us 25 years, but now it is going to finish, you are leaving. Everything in limits must reach to an end. Only, what remains, is what is recorded on the lines of time. That is taken from us and our physical material is thrown away. What is written on the line of life, line of time, is what we recorded. That is important; it is going to be protected for the last day. Nothing is continuously, only Allah Almighty's existence is never ending from pre-eternal up to eternal and those are lucky people, who fill their records with good things that make Allah pleased with him or her.

You are welcome and here I am not too much looking after everyone. As much as possible I am looking and leaving everything not to be artificial, but to be natural or normal everything, and people must train their egos to carry everything through this life, and that training gives to them benefit here and hereafter.

May Allah bless you and everyone who is with us, coming and going, and respecting and giving their love. May Allah bless all of you and grant you also from his endless mercy oceans happy days here and hereafter. To ask forgiveness is a good manner in Islam, something that happening from my side to be forgiven I am asking pardon from Allah Almighty and his Prophet sws, and you pray for me also to be able to carry, not to come much more weaker and to be through the hands of people. When I am looking such people in such a

way through accidents or from long life sometimes people can’t be ale to walk and people must carry them here and there, I am asking from Allah Almighty not to make me a burden on people, that I may do what is necessary for myself. That is what I am asking from Allah Almighty, not to come that weakness and burden on me, not to be a burden on people and not to give trouble to people.

May Allah bless all of you and send His mercy on humanity and change their ways from Kufr to Iman, from the slavery of our egos to be His servants. For the honour of His most honoured servant S. Muhammad sws. Fatiha.

**Man is on top Level of Creation - Wisdom is Like a Shining Sun**

Allahu Akbar Allahu Akbar la ilaha illAllah Allahu Akbar Allahu Akbar wa li'Llahi'l hamd!

All praisings and endless glory for You, O our Lord, our Creator. We are Your weak creatures. Leave us to reach to Your servanthood and bring Your endless blessings to let us to be on the level of servanthood. O our Lord, forgive us! We are giving our most high respects and salutes to Your most Beloved, most Glorified, most Honored representative Sayyidina Muhammad (s). You are giving his name O our Lord, more and more and more from pre-Eternal up to Eternal. We are so happy and we are so endlessly happy and glorified to be from Your most Beloved one's nation.

Give us, O our Lord, more and more glory from Your endless Glory Oceans through Your Heavens to be Heavenly glorified servants. Alfu 's-salaat alfu 's-salaam to you, our most respected and beloved Prophet (s). We are proud to be from your nation and we are saying A`udhu billahi min ash-Shaytani' r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem, biggest honour that our Creator, the Lord of the Divinely Existence, that our Lord just created us to be for our most Beloved one's nation. And we hope to be under his (s) holy flag here and Hereafter. Ask, o people, to be from those ones whom they shall be sheltered under the most high flag through Creation! That most praised flag through Heavens!

O People! As-salamu `alaykum wa rahmatallahi wa barakatuh! It is only a short association daily we have been granted through our Holy Master, who is looking after this nation through the last period of life on it. Because after a short while, this world going to reach the Day of Resurrection to be Judgment Day. And after it is going to reach what it is appointed by its Creator to be. May be said to it:, "Get in through My Endless Power Oceans" and disappearing. And whom they were living on it, they are going to be either to Paradise or

either they are going to Hells. And the book of this world, it is going to be closed down, taken away.

O People! Give a time daily, a time for your Lord, for your Creator, to hear about Himself Almighty. That gives to you more honor! As much as you are going to give a time to be with your Creator, you are taking much more honor and praisings. Please, O People! O People living on this planet! Try to give a time for your Creator. It is normal. If anyone that he has a normal understanding, it is easy to understand what had been said now through one weak servant's tongue.

I am knowing nothing, but whom they have been granted Holiness, they have been granted also some Heavenly attributes because they are understanding for what they have been created. If a person not knowing for which purpose he has been created and he is in existence, not knowing that their level under the level of animals. Animals, even an ant, knowing for what it is created. Nothing can be in existence and not knowing for what they are created, and they are in existence. What about Mankind? Mankind that they are on top, most highest level through Creation! How they are not knowing? Or why they are not asking, for what we have been in existence? And how we are being in existence? How is our beings beginning in existence? That, a little bit understanding, given one, must know it or must ask it!

We have been granted an understanding, yes! If an ant, it has an understanding according to its position, or according for its creation, rabbana ma khalaqta hadha baatila. The Lord of Heavens saying through Holy books, through the understanding of Holy ones. He is teaching them and they are teaching people and saying, "Subhanak! You are that One, that it is impossible to be known." Only maybe, you maybe granted from your Creator something, and that something must give to you an understanding, and you are getting to understand, "For what I am in existence?" Nothing created without understanding.

That is a tree; so many kinds of trees and so many kinds of roses, so many kinds of flowers. Everyone knowing for what they are in existence. Must know. If not knowing, a palm tree never giving dates. If a pine tree not understanding for what it is created it is going to be like a palm tree. If a wolf not knowing for which purpose created, going to be cats. And cats, if not knowing for which purpose they are in existence, going to be a mouse.

Everything must know for what or for which purpose they have been in existence. That is wisdom! And wisdom is not such a grant that you may reach it through material things, no! Wisdom is something else.

Through that wisdom, you may say it is like a shining sun. If no sun, the world is in a darkness. Sun coming and making it clear. And wisdom has been granted from our Creator, it is like the sun. That means it is a noor, light, lightening, lightening! When lightening opening the curtain on darkness, on happenings, on Creation.

You are not understanding anything, you are going to be a blind one; a blind person like (any) other person but only blind! No lights to look, to see, to understand. But you, you have been granted a noor, lights, that making you to look and to understand. Therefore, wisdoms is a so high and precious gift from our Lord to His deputies. Deputies, they have been granted, and if they are looking through that Holy grant, understanding and seeing why Creation is Creation.

Creatures understanding why they are in creation. Yes. Therefore, most important purpose for mankind that they are on top level through Creation. They have been granted a praised level that they are going to be through lights. They are like lightening, looking, seeing and understanding and running after it.

Therefore, man, they are on top level of creation and they have been granted such a noor, lights that just is a grant from the level of Heavens. Upon that Heavenly levels there is levels of Divinely Lights. No one knowing it, only Allah Almighty and only one reaching that Divine Wisdoms and Real Beings, only that one, only one. No a second one. No second one. Therefore, (Sultan stands up) Sayyidina Muhammad (s), he is only one. You must believe. If you are not believing and giving such a respect to him, no iman, no Islam, no value, no lights for them. (Sultan sits)

Therefore, it is important to look once again. Heavenly warning to whole religions to look once again to see who is Muhammad (s), who is that one. If they are looking at skies and saying, "This is gigantic galaxy, we are looking and seeing but not understanding for what that galaxy is in existence. What is the reason"? Without reason or without a wisdom, how that galaxy is there? We are saying millions of years distance, of light speed. For what? Why you are not asking? For whom prepared Heavens? For angels? No. Angels, they are on their ways of creation. Heavens for whom?

Our people they are not even asking about this planet. For whom created? Why not asking? They are saying, "We are PhD." Hah! PhD, ...alaykum, (Arabic word, swearing.) If you are PhD, why you are not knowing for

Whom this space is created and Who created? Must be for some reason, for some wisdom of Creation. Creator never creating without wisdom. He is not in need for His creatures. Hasha! Never! No. He may say, "Be", coming such a space; billions and billions and trillions and trillions and quatrillion and pentrillion galaxies. He is Creator! He is not in need for that. But He is Lord of Heavens, created Mankind and giving to them an understanding so that they must ask.

"Yes, O my brother," for this planet running through space. "O my brother, how this solar system on its perfect position in existence?" Or saying, "O my teacher, you are following harakaat, movements of that solar system. Do you think that it has been in existence by itself? And do you think that everything in existence is under a law? Our solar system running after Alpha Star and that star may be like our galaxy, much bigger? And what thing making our solar system to move towards that star?" Why you are not asking, why our solar system moving towards that Alpha star? Billions and billions stars, it means there is a Mighty Command that we can't see. Must be Someone Who has mighty power that you can't imagine its limits. Unlimited Mighty Oceans must be for Someone that He is making this our solar system and ordering it to move towards Alpha galaxy, Alpha star.

We are speaking about this only on lowest level, we can't speak more than this up, no. We are asking answers from those people who claiming we are knowing everything. If knowing, give answers for this point, who arranged the solar system? Then, whom making our solar system to move to a direction? And you may ask for understanding, why is our solar system running on that direction and through space you can't find a direction? Direction east, west, north, south, up and down, left and right. There you can't find this and through which thing they are running? Space, what is space? How they are moving with a fuel? Fuel, or they have captains? What is the name... showing through planes. They have radar. Must be radar, because without radar, plane can't move. What is your opinion? This solar system making its way towards alpha stars. Such a question is only to make people to wake up and not to live drunk, no.

And therefore, they're making me to speak on such a point and to call people for an understanding, to call people to ask and understand for something. Don't make yourself as a rock. Rock also has understanding, but not like us. You are Mankind! Human nature on this planet. They are looking for other planets and are seeing nothing. They are seeing nothing on other planets, but for the greatness of Allah Almighty, they are going to be able to think in such a small size thing that we are knowing; it is in existence, but we are not knowing what

it is.

Therefore, O people, living on earth through east and west, don't waste your most precious life. Don't be like blind people, deaf people or non-understanding people. What you have been granted, use it to reach some realities. People now they are saying we are living in 21st century. I am asking what you learned about this world? About what we are asking now to learned people? Say it. Your biggest telescope on this earth is like a piece of match, so small, and you are looking through that. Do you think that if you can do that million times bigger than such a telescope, you are even reaching any result? Only to say subhanAllah, Glory to the Creator. And you may run to sajda (prostration) saying, Allahu akbar, Allahu akbar, Allahu akbar!

Final point. Therefore, in our days, the captain or master for this planet looking on Preserved Tablet. They are looking and seeing. They are not in need to look through gigantic telescope. That it is nothing compared to greatness of this planet. It is nothing. But those whom they are tafteesh, searching beyond their minds, they are looking and understanding on Preserved Tablet, what is written on it and what is going to be finally, what was their beginning and how should be their final positions.

O People! You have been created to reach more and more wisdoms. Wisdoms are Heavenly lights to show you countless realities, one after one. Your honor getting more and more as long as you are using that Divinely wisdom lights. O People! Try to give a time for your Lord Almighty Allah. That grants to you a honor. That always getting more and more; always you are reaching more and more pleasure and more and more lights.

I am a weak servant and they are making me to address everyone and to myself also. I am asking forgiveness from our Lord Allah Almighty, as well as His blessing and to forgive us.

Therefore, people, say (singing):

dome, dome, dome, dome, 10x

Always enter Truth
singing through unknown territories.
This is the most simple
music that we are saying:
dome, dome, dome, dome, 10x

Only for You, O our Lord! Fatiha. (45 minutes)

It is okay, alhamdulillah. Allah gives much more lights and honor for listeners! They should be shining stars or they should be some stars shining. Some stars going to be without shining, unseen, through darkness. This Heavenly music is giving us some shining for our realities, to move and to make tools around ourselves to reach more and more.

## Mankind has been honoured with a Divine Trust

The way of our Tariqat is Sohbet, and we are in need of guidance. The first guide of the Ummah was the most Praised, Respected and Glorified Servant of Allah Almighty, Sayidina Muhammad sws. I am asking from my Grandsheikh to grant us a good understanding of who Rasulu'llah sws is, who he was...

There is a saying, that Arabs used also before Islam: 'Who never keeps something valuable with himself, is going to be an enemy of the one who does.' And that is a kind of foolishness, because we are not all created the same. The meaning, or method, for the creation of man is different from other creatures, and man is the Creator's most perfect creature. Those who were not granted that honour, became his enemies.

In the beginning Allah Almighty gave the good tidings of the creation of His Caliph to the Angels. They were innocent and they said: "If You like to make a new creature, we accept. If You are making that creature to be on the same level with us, we accept. If You make his honour more than our honour, we also accept..."

Shaitan wanted that honour for himself. When Adam a.s. had that quality, and not Shaitan, he became the number one enemy of him and his children. He was very angry, saying: "I am not accepting that one. If the rank and position of this new creature is going to be above mine, I am going to be disobedient." And to be obedient was an order from Allah Almighty. Shaitan had given his oath, his promise to Allah Almighty, as

everyone promised to Allah on the Day of Promises, that: "We are going to be Your servants...” But he didn’t accept any Prophet, trying to keep every honour for himself. He was saying: "If I am granted to be above that new creature, I am not going to accept him, I will have no respect for him, and I will never leave him to live or to stand up. If he is going to be above me in his rank, I will go against the command of the Lord of Heavens. That honour was for me, but it was taken from me and given to that new creature." And man is maybe the weakest one among the creatures, but he has been granted that honour from Allah Almighty. Shaitan was so angry...

So when he lost, or he wasn’t granted that honour from Allah Almighty, he became an enemy to Adam and his children. That was the reason. And that same characteristic from people to each other is taking them away. That worst characteristic of our egos is to be jealous or envious, and the main source of that is Shaitan. Whoever is jealous or envious has a part of Shaitan, and he is not pure... Even though he had been given everything, Shaitan is never happy with mankind. So he is moving among ignorant groups of people, making them to attack and give trouble to people everywhere. And he is laughing... we are in a time of darkness, ignorance, bad characteristics and faults; a time of cruelty and injustice. And all these things also happened before the coming of Islam.

Shaitan is the number one trouble-maker, and first class at harming people. Mankind would be in peace, if there was no Shaitan. He is making people to go against the commands of Allah. Every time his teaching to mankind is: "Don’t be obedient, live your life, you are coming to this life only once, there is no life after death." He is making people to refuse anything from spirituality, like the Wahabi-people. Their mind is only for materialism. They try to make a lot of gold and silver, to be the richest, but to be the richest never gives any benefit. Then they become seventy, eighty years old, and everything is finished. And Shaitan is cheating and kicking people...

Therefore, if you have some good characteristics and good actions, some animals will object and say: "Why has he been granted that honour and he has only two legs, while we have four legs? How can it be? And we don’t know how they are walking with two legs." They didn’t expect that a person could walk like that. Therefore Shaitan was very surprised and sorry to see people run with two legs. So he made a declaration: "Perfection for man is to have four legs. Two legs is imperfect." And he said: "I will try to take them under my command and make them four legs- but they must not see this. If they see themselves with four legs, they will

leave me and escape, and I must keep them. They have two legs, and I am giving them two more legs to make it four. But still they should doubt if those new things that they are wearing are going to be for them forever, or if those two-leg people riding on horses should come to take away their freedom!”

There should be wars, fightings and troubles throughout this year; wars, which will not give any honour to people, and which are only for destroying everything and to kill as much as possible...

Therefore when people lose their values they become enemies of those who have. And mankind’s creation is special, so if people look to each other with a superficial look, they will never be successful in their life. They must understand the real value which they have been granted from Allah Almighty. Shaitan lost it, and therefore he became an enemy to the Children of Adam, who have that honour, and he is always trying to take away that Divine Trust from our hearts and leave us like animals. That is the trouble going on now in our days, because Shaitan is saying one thing, but keeping something else in his heart, asking to be number one over all creatures. And he became a first-class enemy for every Prophet, especially for the Seal of Prophets Sayidina Muhammad sws.

Mankind now, step by step, little by little, is asking to come to the level of animals, because they think that on that level they should have absolute freedom in their life. This is the first idea or idol of the new generation: to make an absolute freedom for themselves and their descendants. Therefore in the coming days unexpected events should come to man, and he should wonder and ask: "What is happening, what is going on?"

This year thousands of people are going to die at unexpected times. This means that the young generation should be in danger, because they never take any care for, and never worry about, worshipping Allah Almighty. Who is not taking care of Allah’s Holy Commands may suddenly die. And death is the heaviest penalty for mankind...

May Allah forgive us and bless you... We are asking Divine Support for destroying the shaitanic Sultanate and we hope that it will be soon... We hope that it happens next Muharram... Fatiha.

## Mankind Is Allah's Deputy on Earth

(Mawlana Shaykh stands.)

Dastoor, Ya Sayyidi Madad, Faatiha. Allah... Dastoor Ya Sayyidee, Ya Rijaalul-Lah.
Allahu akbar, Allahu akbar, Allahu akbar, La ilaaha illa-Llah. Allahu akbar, Allahu akbar wa lillahi ‘l-hamd! Anta Rabbuna anta hasbuna anta waliyuna ... w 'arhamna... wa aslih shaanana wa shaan al-muslimeen... Ameen. Allahumma, Ya Allah ij`alna ma`a `ibadillahi saaliheen. Alfu salaat, alfu salaam `ala Sayyidina Muhammad (s).

Whole praying and glory that is granted by the Lord of Heavens, to the Seal of Prophets, most honored, most glorified, most beloved one in His Divine Presence. Ya Rabba Sayyidina Muhammad (s) zidhu yaa Rabbee `izzan wa sharafan wa nooran, wa surooran wa ridwaanan wa sultana! We are happy that our Creator is giving us this chance for glorifying His Divine Being and also giving us this chance for praising and honoring His most honored and glorified servant, Sayyidina Muhammad (s)! O our Lord, forgive us and bless us!
(Mawlana sits.)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah

Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultan Allah

O our master who is leading this planet on its last station through this period of our physical being, the master of this world who has the authority on our physical beings as well as on our spiritual beings. He knows he has been granted a spiritual power to look at Mankind's actions, thoughts and enjoyments. For Mankind's last target in this life, he is one person. You may look to him, you may see him as one of our people, yes. He has an outward look like anyone from Mankind, but his inner being has been granted such a power from heavenly levels that his spiritual being is gigantic! He has such a power to take this globe under his hand or over his hands and to throw the planet through east or west!

O People, look and try to understand. He, the Almighty, is saying, "I am bringing a new creation and that creation is going to be representative of My heavenly being. They should be My deputies. I am going to create his physical being with My mighty hands. I am making, I am creating, I am designing." Which design going to be the most important through whole Creation? The level of being deputy of the Lord of Heavens, not any other level. Lordship for Him, the Almighty, and servants should be honored to be His deputies on this planet. If Almighty Allah (swt) not making Adam (a) to be His deputy, this planet never going to obey anyone, not even angels, no.

This planet or globe coming under divinely hegemony and not any other countless creatures can carry that power to be the Lord's representatives. He just granted that to them; therefore, everything going to obey the Almighty's deputy. That is very important point to understand. Not any of the angels may command our planet, because they are not deputies. The Lord of Heavens just making, creating. Do not say, "I am creating," rather (say), "I am doing."

(Allah Almighty says,) "I am doing that new creation to be on behalf of Me, commanding on this globe." Everything on it or in it, under or over it, going to be under his command. That is a very powerful declaration mentioned through the four holy books. What is the real being of Mankind? Therefore, if they are granting, they can make a weak servant from Mankind to speak on it from now up to Day of Resurrection, never-ending.

(Mawlana drinks hot tea for his throat.) O our listeners, when you are reaching to my age you should

understand what it is to be an old one. Old ones, our physical being getting weak and more weak and then saying, “I finished.” Therefore sometimes, I am drinking such a thing, because cold coming and I need a little bit hot tea for drinking. Don’t blame me. I hope that all of you may reach to my age and up also. Important thing is that everyone is just created in such a way.

SubhaanAllah. As-salaamu `alaykum. O our listeners, how are you today? Too much collecting, too much decisions? How much Mr. John? How much Sharif? Ahmad? How much? kam jam`atu ya ahlu lubnaan, kam jam`atum ahlu 'l-fars. How many are you collecting today? O our listeners, collect, make heaps! One day, no heaps, no tips. (laughter) We are not coming to dunya for collecting this world’s zibil, rubbish. Dunya is all rubbish! Who is collecting so many things from dunya, he must know that he is collector of rubbish. Yes? O our Lord, give us good understanding. We lost our good qualities for understanding. We are not asking where are rubies, or emeralds or diamonds or pearls, but we are running after rubbish for this dunya.

Therefore, I am asking, what about today? Collecting? Send us a little bit; don’t put there, send to us. We shall use it if you are not using! And you are saying, “We are not in need.” If you are not in need, why leaving it there? You may one day be needy for that and you will say, “Why I am not giving for the sake of Allah, jalla jalaaluhu jallat `azhamatuh?” Now, give! Don’t be collector. Be a generous one for giving. Don’t make like this (closed hand). Give and Allah Almighty never leaving your hand empty. You give, Allah putting new. Allah (swt) looking, “My servant giving, I am not leaving his hand empty. O My angels put in his hand more and more.”

Why did this economical crisis happen? Because people were keeping their hands like this (closed; stinginess) and not giving. Anything happened, their hands going like this (opens hand) and everything falling down. The Lord is not giving to them. If they were giving, giving, giving, instead of making heaps of golden jewels and dollars and Euros and pounds, the Lord of Heavens giving to them. It is because you are making like this, not giving. Now economical crisis coming and people beginning to cry.

(Mawlana mimics sad voice), “I was something but I am now nothing. What shall I do? O my millions or billions just disappeared. Yesterday, I was so proud with my billions and today I am asking from our companies a little bit money for living. No money for me.”

The Lord of Heavens saying, “Give, O My servant. I am not leaving your hand empty!”

That is written through Old Testament, New Testament and Holy Qur’an and all heavenly books through every prophet. It has been declared. Huuuu. But you are not believing and now coming that heavenly punishment!

O people, now listen and enjoy. You may go tonight. Enjoy yourself. Shaytan saying to them, “O my followers, don’t worry tonight. Go and drink till you are going to be drunk and you should forget everything, and you should be happy.” Tawbah, yaa Rabbee. O our Lord, forgive us. O our Lord. Man is the deputy of the Lord of Heavens on this planet! O my listeners, hear carefully, listen and try to understand what they said to me. That deputy who has authority for the world to be under his command, he is going to act on this planet because he is deputy of the Lord of Heavens. No globe can be without an owner. That owner, he is the Lord’s deputy. And you may say, “O Shaykh, you are saying this but we are not looking and seeing.” Yes, if you are blind, how are you going to see? Open your eyes to see. And then Grandshaykh, the master of this world, saying, “Say to them, 'When you are going to be a complete deputy, that is when you will be granted to be a real deputy, when you are passing from this temporary life to permanent life.'“

Yes, we are believers. It is written through the holy books that Allah Almighty going to collect all people on the Day of Resurrection. He is Chief Judge for the Day of Resurrection. He has that holy attribute for Himself, but granting the Day of Resurrection from that ocean, one point, and saying to him, "••••• ••• ••••••••• ••••••• ••••••• •••••••••••-`asaa an yab`athaka rabbuka maqaaman mahmooda, asta`idh billah - Soon will thy Lord raise thee to a Station of Praise and Glory!"(17:59) “Come and be judge on your nation.” O Arabs, O `ulama, O Wahabi people, you are understanding the meaning of `asaa an yaba`athuka rabbuka maqaaman mahmooda. Khitaab, to whom was Allah Almighty addressing? To me, to you, to him? (Mawlana stands.) Allah addressing to Sayyidina Muhammad (s), “O My beloved one, I am giving you the most honored rank on the Day of Resurrection.” Despite Salafi and Wahabi beliefs, he (s) is doing as Allah Almighty ordering him to be on Maqaam al-Mahmood. It is for only one, not two; can’t be two. That one is Habeebullah. He was giving judgment on behalf of Allah!

Allah Almighty is so Great, can’t carry that the Day of Judgment for Himself; He Almighty is putting his representative, “O My Habeeb, on behalf of Me, that Maqaam al-Mahmood, most honored station is for you.

Sit there and give your judgment." Yes, giving. "Take this qalaam (pen) and give your judgment as you like. You are not doing anything if I don't like it." "What you like," means it is Allah's liking; He likes it. Then the most glorified one going to sit on Judgment Throne and on the Day of Resurrection, giving some people their certificates/permits to go to Paradise. They are entering. Some giving for them to go to hells. After that, so many people getting in hells also. SubhaanAllahi 'r-Rahmani 'r-Rahim. Allah Almighty, no one can be as the Most Merciful! For the honor of the Seal of Prophets, Sayyidina Muhammad (s), He will be taking out people from hells until they are going to be empty!

O `ulama, why are you angry? You must be saying, "I was going to be member of hells!" It is not good for you to be taken out? You think you are going to Paradise? Allah Almighty saying, "How dare you say, 'I am from Paradise people'!" The last one Allah Almighty forgiving and ordering to be taken out and to be sent to Paradise, the last one angels bringing to entrance of Paradise and heavenly khitab (pure, innocent) addressing coming,

"O My servant, get in."
"O my Lord, it is full." He was approaching and going back ashamed.
"O My servant, get in My Paradise," Allah Almighty ordering.
"O my Lord, it is full." He was coming, looking and again backing away, ashamed.

What is your opinion, O `ulama? Is the Lord of Heavens, Allah Almighty laughing? Yes. Crying? No! Allah never crying, but laughing. Third time, Allah Almighty laughing and saying, "O My servant, get in. I am granting to you a paradise that is equal to ten surfaces of dunya. Go in." You understanding? That is the reason we are saying for every dunya, for every globe, there is going to be one deputy. Allah Almighty giving that one, ten dunya-like paradises as he was created as His deputy to be in Paradise. wa min Allahi 't-tawfeeq.

Understanding? Never understanding. You must understand. It is important. Perhaps no one heard about it from beginning up to today. Take care, O Mankind. Don't be lazy, don't be crazy, don't be drunk, don't be idiot, don't be heedless, don't be kaafir (unbeliever), don't be followers of Shaytan! Try to be your Lord's servant that He is granting to you. May Allah forgive us.

## Mankind Must Return to Nature

(Mawlana Shaykh Meets Mureeds from Spain)

(Bay`a)

Happy journey! Eid Mubarak! Eid Mubarak! Thank you, alhamdulillah! Allah Almighty is sending His servants to me and I am servant to them, asking from Allah (swt) for the honor of the Seal of Prophets (s) to give you a happy life, here and Hereafter. But I am now weak, and I hope my faith is not weak. Therefore I am asking from all, and they are like my grand-daughters or great-grand-daughters and my grandsons or great-grandsons.

I am now weak, not like before when I was able to come five times (for prayers) to my dergah. Now it is difficult to come. Now only once a day I like to go around for a little bit and breathe nature. People are fighting with nature and everything they run after is artificial. They are not really fighting each other, but now Man is fighting nature by running after artificial things that give much more trouble to our physical being.

Three bad things harm Mankind: one is nylon (plastic), the second is hormones, and the third is concrete. These things make people change their real characteristics too much! Those are the most harmful things.

Nylon is no good as it takes energy; hormones give bad energy inside; and, concrete is the biggest problem for nations, because our Creation is not from cement, it is from earth. Therefore, this house is made of earth (mud brick), which is suitable for our bodies; cement is not suitable. Concrete buildings disturb people and give them trouble. Therefore, I am advising you to run away from cities and run to nature, to mountains, valleys, fields and villages. Big cities are terrible places, giving trouble to people, and for that they are fighting with each other, running through the streets, making protests, shouting, "We are not happy! We are hungry! We are without clothing! We have no money!”

However, we are not asking for money, we are asking for halaal rizq that Allah Almighty sends from Heavens. It is permissible, so it gives our bodies strength. Yes! But through cities everything is artificial, which is not suitable for our bodies. People's minds have now changed because they are not tasting a sweet life. Allah Almighty asks for a sweet life for His servants, but now people are not servants; they have become slaves to technology. They eat but are not satisfied, they drink endlessly but their thirst is not quenched! They are not happy with their clothes. They are slaves of technology, and until they leave it and come back to nature they will never be happy or live a sweet or good life!

That's it, understand? Ladies, don't follow fashions as that is haraam! This must be well understood by Mankind. If not, they eat each other, kill each other and give troubles to each other. Don't use polyester! Before, ladies were so sweet and they recited, “Allahu, Allahu, Allahu...” Now (Mawlana Shaykh imitates putting on lipstick in a mirror) a hundred times a day! (laughter)

As-salaamu `alaykum! Happy journey, happy life for you here and Hereafter! Eid Mubarak! Eid Mubarak! We believe first Mahdi (a) will come, and second the Anti-Christ will come, and then Jesus Christ will return from Heavens to kill the Anti-Christ and everything against Mankind, and he will fight Shaytan.

Fatihah.

# MANKIND'S MISSION ON EARTH: TO ACT ON BEHALF OF OUR LORD

Audhu bi-llahi mina shaitanir rajim,
Bismillahir Rahmanir Rahim,
la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...
la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim.
As-salamu alaikum! Meded, ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya, Meded, ya Sahibu Zaman!

We are in a holy month. It is the holiest month through year: Shahru Ramadan, Ramadan Mubarak. We are thanking to Allah Almighty, saying: Ya Rabbi, laka-l hamd wa shukr! - that You are making us to reach to this holy month once again. So many people they were with ourselves last year; last year they were with us, this year they are not - taken away. Kulli shay yarju ila aslihi - Everything going to come back to its own personality or origin. Everything must come back to their origin; that is an unchangeable wisdom, an unchangeable Allah Almighty's Order.

There is a saying: Everything on earth it is earth. Kulli shay a 'ala turab turabun. This, our Dunya, our world, you are looking and seeing so many things over it: plants, animals, and mankind. You are saying: "This is a tree, it is not a piece of land, no, it is tree. That is an animal; that is a man. How you are saying that everything over this planet is from it, (and it is) going to be as before?" As before (means: to be) nothing on this world, and the Creator He arranged this world among so many hundreds, thousands, millions and billions stars and galaxies. He chose this planet to be our homeland, prepared on it everything and then landed Sayiddina Adam, because he was appointed and granted from the Lord of Heavens to be on this land Khalifa, our Lord's deputy. Therefore He prepared this land and finally He sent His Khalifa. Yes, he was created in Paradise and he was in Paradise, but Allah Almighty was saying to the Angels that: "I am going to bring in creation a new creature that he should be My deputy." That means: when Allah Almighty (was)

saying this, the Angels they were saying: “O our Lord, why You are creating a deputy, a new creature that they are going to do so many things on earth that we are not happy with that actions from that new creature?” And Allah was saying: “I know! What you are knowing, I know it. You don’t know! You are knowing something, I know everything! You know that point from that new creature, (that) they should be trouble makers, fighters, killing, and destroying and doing so many disliked things, but yet I know about them more than you, because I am: ‘ â€˜ala ya’lamu ma khalaq’ - I am the Creator! Keep your Adab, I know what I just created! You are knowing this, something, something else”, Allah Almighty was saying.

Yes, and in Paradise he and Eve (Hawwa) were there and the earth (was) here, (he) that he was appointed to be on earth Khalifa, Khalifatullah, deputy of Allah Almighty. And then Allah Almighty (was) preparing reasons that it was going to be a way or wasila (for Adam and Hawwa) to come on earth, to be landed. Therefore so many things happened and finally Adam and Eve they have been landed on earth. They came here to be king on earth, to make everything for His Honour, to act on earth on behalf of Allah.

That is your mission! Everyone (is) just granted that honour that he must do everything on behalf of his Lord Allah Almighty! What we are thinking? Mankind, where they are now? Mankind now they are knowing their missions? No! Who (is) knowing? No one (is) knowing, no one (is) saying this point. No one (is) saying that: “Our mission (is) to act on behalf of our Creator, our Lord Allah Almighty.” Our mission! Where are our governments, where are our leaders? Where are our universities, where are our teachers, schools, where they are? What they are teaching? It was the first point to be taught to our small ones: for what they have been created and by whom they are created! They are teaching (this)?

I was in New York perhaps ten years ago and they were taking me to UN center. There was a (plastic) pistol perhaps bigger than me and a handkerchief tying (it around) also. Ma sha Allah! That means: they are stopping pistols, tying, (so) that (there are) no more wars on earth. O drunk people! It is written for them that fighting - you can stop it? They never stop!

I was entering, looking around, I was praying Dhuhr prayer. But some of our brothers - including Raja Ashman, Allah bless him also- a group (was) coming later and they were asking me: “We can do our praying here?” I said to them: “Okay, yes, you can do, what is the matter? (It is) a free place, go and pray.” They were beginning and (suddenly there was) coming (one person, big) like a North Pole bear, running and shouting:

“You can’t pray here because from this entrance Allah (is) never getting in!” There was coming such 5, 7 bears, running and saying: “You can’t pray here! No Allah here!” I am witness! I am saying: O my Lord, make this Dunya to fall on them!

Do you think that they are doing anything for the benefit of mankind (in that center)? Never! But they are always doing everything for the benefit of Shaitan! Perhaps 2oo and more governments (gather) there, nations coming, including our heedless Muslim countries, also they are coming and attending there. I am very angry with them that they are going into such a place that they are against their Lord, no respect for their Lord, no saying: “Bismillahir Rahmanir Rahim”! They are shouting, they are quarrelling, therefore (there is) no any good result. That is the center of Shaitans, the center of Diabolo, the center of Sadanas! For the sake of Sadanas they are going there!

And I am making this (Dua) on them, coming back, never getting in. I am getting out, I am saying: “Not to come on ourselves that building.” Perhaps one day (it may happen). Instead to be destroyed that two buildings - but Shaitan is keeping its center! - that_ center must be destroyed! I hope that mankind they are not doing this, from another world - that they are saying some worlds there is someone there - they should send (something) on that center, UN center, to destroy (it), (and to make) all of them downstairs! And I am making two Rakat Shukr, when they are destroying (it), all of them under it, shouting like Karun!

Lahsa! After (an) eclipse there is (always) some slap! Just two, three seconds (and) one hundred thousand people (are) under ruins now. After an eclipse (there) must be something! And also war coming! Now mankind, they (are) never going to find the ways (like) in the days that passed!...

They are not teaching, no! Now (it is) beginning, who is ... Beginning from trees, getting trees yellow, leaves (are) coming down; they should fall down, one after one! They are not teaching! No Allah? No God? Allah should show them, if He is the Creator, the Lord, or not!

Our mission (is): to act on behalf of our Lord on this planet, nothing else. Anyone (is) saying (this)? From Bishops, from Rabbis, from Hindus, from Buddhists- which one can object on my point that I am saying: mankind’s mission on earth to act on behalf of their Lord, nothing else, or this world (is) going to be destroyed - from East to West, from West to East and finishing. (It is) stamped. You understand what I am saying or sleeping?... Understanding?... No? Where is my stick?... Not understanding yet?... Look! The first

understanding person is sitting next to me! What we shall say?...

And Allah Almighty (was) saying for His Prophet: “You are only Mudhakkir fa dhakkir! You must remind My people on earth, because they are forgetting. Remind them that, what I am saying; only remind everyone what is their missions.”

That is my mission also - on that mission. It is holy month and our mission now (is) to keep the special Orders that He (Almighty) specialized this holy month by fasting and prayer. Keep your prayers! And we are asking and saying to you that: Keep your Lord’s Order and fast and keep you Lord’s Order and make Sajdah! Keep your positions in His divine Presence, not to be kicked down!

O people, come to reality and accept it! You must accept reality, because people (are) running away from reality, because they are drunk. Drunk! Leave to be drunk, come and accept truth! What is truth? Truth, only with true ones you can find it! We are not asking jewels from grocery shop, no, grocery shop never selling jewels. (And also) you can’t ask tomato and potato and cabbage from jewellery shop. Truth, most precious thing on earth, you are asking from grocery shop? No. Truth just granted to Prophet a.s. and the last one, the Seal of Prophets, the honour of whole creation, Sayiddina Muhammad sws. He had been granted whole treasures on earth and on Heavens. He had and then, after him, (those) whom they are on his steps; they are only true ones. True ones.

Once the son of Sayiddina Omar, Allah bless them, Sayiddina Abdullah ibn Omar, he was on his way to Hijaz, to Mecca Mukarrama with caravan. They were moving, he was with this caravan’s people. They reached to a place, then the way was going like this (there was a) diversion; (the) camels (were) on their ways (the) way coming like this... and Sayiddina Abdullah ibn Omar (was) going like this and coming like that and going on. They said to him: “O Sayyidina ibn Omar, why you are following this way and leaving caravan’s way here?” He said: “(Once) I was with Prophet sws on this way and when he came here, he came in such a way, turning like this and making on that way. Therefore I like to follow his steps.” And really, where he (the Prophet had) put his steps, yet that Nur, that Lights, (was) getting up. But people they are blind. They are not looking and seeing that Nur. Sayiddina Ibn Omar, he said that, only this, but he was looking and seeing (that) where the Prophet was putting his step, there was coming Nur, Light!

They are true ones! If you are asking truth, you must ask from those people! You can't find it easily; as Ruby or Diamond or Pearl you can't find easily, such people, it is not easy to be found. You must look; you must try to find them. Difficult, but: Talabana wajadana, who is asking, (is) going to find. Therefore - truth you may find through true ones. Ask, (and) you can find! If you can find it, you have been saved!... You have been saved.

May Allah forgive me and bless you and make yourselves to keep His holy Orders and to be on our real mission, to be happy here and Hereafter, to be blessed ones. For the honour of the most honoured one, Sayiddina Muhammad sws.

Fatiha.

## OH, MANKIND, USE YOUR CONSCIENCE!

Don't go to check-ups. If something happens to you then it doesn't matter, you can go to doctors. But if nothing is wrong and you go to check-up they will put so many doubts into you. Because nowadays everything is business and doctors, nurses and specialists have all forgotten the oath of Hippocrates. They had promised to really help people and not to trick them in their treatment. This is all forgotten now because it has turned into a business, a huge business from East to West. Therefore: beware of check-ups!

The real check-up happens in your conscience. If your conscience goes to the direction of truth, then you must be happy. That is the real check-up. If your conscience goes to the direction of truth that means that you are healthy, spiritually healthy. You can then do such a check-up every day without even using instruments. Every night when you are starting to rest, make a check-up of yourself. "With whom was I today? Was my conscience honest, or not?" You can then understand if you lost the way, or not. If you are on the right direction, or not. You can then come to truth through your conscience.

You must be thankful to your Lord and say to Him, "Oh, my Lord, you are the truth and I am with you. That will arrange everything within your spiritual being and your spiritual being will arrange everything within your physical being. Like that you will not need any physical check-up anymore. It will already be done by your spiritual being. There will be no need to run to any specialist. You will not have to make a lot of analysis.

No! You yourself will control and check-up. Your spiritual body will make the check-up for your physical body. Your spirituality will give full support to your physical body. When your spiritual being gives full support, your physical body will have full power and full activity.

That is why the spiritual power of Prophets and Saints give a 100% support to their bodies. Every cell is supported and has been granted real life from Heavens. When real life reaches every cell of our body, it will never die. Your breathing might finish, but these bodies are not connected by breathing. The spiritual power comes straight to the bodies and that is why they are alive in their tombs. This is what we believe concerning all Prophets and all Saints. So what about the Seal of Prophets? He is alive: seeing, looking, hearing, listening, speaking... his whole body is in most perfect condition.

We must try to be with truth. Your conscience always wants to be with truth, but the ego makes so much advertisements to be able to cheat you. Try to be with truth and you will be happy. Nothing will disturb you. It can disturb others, but not you. You will then have a heavenly protection and you will never be disturbed by anything, spiritually or physically. The only heavy burden which Prophets and Saints carry, is to try to save their nations. They can be ill or under difficult conditions, but that is only so that they may carry the heavy burden of their people. They are not like others, whose body can be disturbed. No, they are protected!

Try to be with truth. Truth is the same for Muslims, Christians, Jews, Hindus, Buddhists and for all of mankind. The truth is that which your conscience accepts. Our conscience is pure. Only our ego is dirty. that is what is making troubles for mankind. If mankind would listen to their conscience, they would never have any trouble. The Lord, Almighty Allah, never wants his servants to suffer. Even you, weak servants, do you want your children to suffer? Never! How should Allah Almighty agree to his servants suffer? Mankind themselves run after possibilities to suffer. The Lord Almighty Allah ordered all nations through his Prophets, "Oh, mankind, use your conscience! That is enough, if you do not want to suffer." But you are not listening to your conscience. Instead you listen to the advertisement of your ego, that makes you to fall into endless sufferings. That is all. We do not use our conscience. That is why I'm ordering all of you to be at least for a short while every night with your conscience. Ask it, "Tell me, was I with truth today, or not?" Then take the answer from your conscience. Your conscience cannot cheat you, it cannot tell a lie. It will tell the truth. Check-up yourself every night. Use your conscience! May Allah forgive us...

## Man must know (for) what he is in need

Destur ya Sayyidi, ya Sultanu-l Anbiya, Meded, ya Rijalallah, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah...Audhu bi-llahi mina Shaitani rajim, Bismillahir Rahmanir Rahim, Bismillahir Rahmanir Rahim, La haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...“Subhanak, Subhanak, Subhanak! La ‘ilama lana illa ma ‘alamtana, innaka ’Alimu Hakim.“ By the Name of Allah Almighty, most Merciful, most Beneficent and most Magnificent.

Man or everyone must know (for) what he is in need. If a person (is) getting out and going to (the) market and he is not knowing for what he went to (that) market- what (is) happening? Which benefit he may reach? Particularly if you are going from (one) distance to (another) distance, coming from Moscow to London, or from Belfast to Sheffield or from England to America. If he is not knowing for what he is going (on that journey)- what it should be? He may say: “For what I am coming here?”

And you are traveling from Heavens; from (the) spiritual world (you are) traveling towards earth. That means, your real being is with your Lord through Heavens (and) then you have been sent on earth. If you don’t know or you are not asking: “For what or for which purpose I have been on earth”- it is not like going from your home here in Lefke to the market or to Nicosia or from one continent to another, but you are coming and traveling a journey from Heavens towards earth and you have been dressed a dressing that it is

not used through Heavens, no! This is an important point, this association. We don't know and we are in need someone to teach ourselves and to learn (the) real reason of our journey from the spiritual world and our landing on this material world. (In) Heavens the structure (of man) is never same (like) the structure of man on earth. This man on earth (is) never like that man through Heavens, no!

And, Subhanallah, (the) first man, Adam a.s., the Lord of Heavens (was) bringing him from the spiritual world in existence through the material world. Therefore the Lord of Heavens used four elements: fire, air, earth and water, making his creation by His divinely Hands. Preparing, creating, then dressing (it on) his spiritual being. That shape was just dressed on Adam's spiritual being that it was his real existence or his real being or his real position. And ordering to Adam, when the Lord of Heavens was sending that secret real position of his real structure in the spiritual world to come in and to get in relation his spiritual being to come and to make a relationship with that shape, with that new form that Allah Almighty made it and prepared it to be his soul's new appearance... and the Lord of Heavens was putting him in Jannatu 'Adnin', (The Garden of Eden), to be there and freely to enjoy with everything through (the) Paradise of Eden.

Then the Lord of Heavens that He is the Lord of the whole creation, He is the Lord for every creature, (did something) to make Adam and Eve and after them their descendants to know that they are all belonging to the Lord of Heavens, to make them to know that they are not (Lords themselves), even they are the top level of creation.

(But as much as they may reach more and more levels- do you think that a person, as much as he has power to reach to skies, do you think that anyone may pass that sky and the sky is going (to be) under him and he is going himself to be over skies? No, it is impossible! You may run everywhere on earth and you may try (it for) yourself by using so many nonsense instruments to get up and to pass through that space and to reach to the limits of that space- it is impossible! Allah Almighty is teaching them what is possible and what is not possible, what is impossible. And man tried.)

And the Lord of Heavens, the Lord of Adam and Eve and their generation (wanted them) to know that there is One that only that One He has Lordship for everything. You, your level is servanthood and (there is) no level for Him, but He has Lordship for every creation; from pre-eternal up to eternal His Lordship is going on, no one can reach to that point. Therefore He ordered (to them and said): "I am the Lord of Heavens, I am

the Lord of Paradises, oh Adam! I am your Lord, and I am giving to you this Eden Paradise to live there and to enjoy yourself with everything. But I like to teach you that I am the Lord of you and your generation and the Lord of Heavens (and therefore) I am saying 'Don't eat, don't approach that tree!' "

(Therefore the Prophet sws was sending his holy Statement to Kings and Emperors and he was saying: "I am Muhammad sws, the Messenger of Heavens that belongs to the Lord of Heavens. I am calling you to follow me and to accept what I am calling you to that direction. 'Aslim', 'taslim', surrender! You should be in safety forever. I am dressing you (to be) Emperor or King, but you are never passing the level of servanthood! I am the Lord, bow to Me! I may give you safety here and Hereafter. You must know that Shaitan that cursed one was arguing with Me. He is not asking for what Adam is on that position, but his cursed ego was arguing to be like Me. That cursed one is asking to be Lordship also for him. Can't be! I am the Lord, One, (and) all of you are My servants. Therefore I cursed him and kicked him out."

And (Allah Almighty was) saying to Adam: "Don't be like that cursed one to break My Orders! Who is breaking My Order (he) is claiming to be (a) Lord like Me. I am not giving a way, any way to anyone (for that)! In eternal Lordship (is for Me only); from pre-eternal to eternal it belongs to Me, only One." You must understand! Therefore (He was) putting this (Order): "Don't eat", (because He was saying:) "I am commanding and your are My servants. You must keep My Orders, My Commands!"
