Ya Rabbi! Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, ya Rabbi, Astaghfirullah! 21st century people- all of them (are) asking to be Lord, to have Lordship! (Before there were only) some heedless ones like Pharaoh, like Nimrod, (but) now (there are) countless Nimrods claiming that they are Lords, and that is the source of troubles on earth now, because they are not accepting the Lord of Heavens and His Commands. They are saying: "We don't care that One's or anyone's Orders. We are bringing democracy, carrying people, voting..." Elections in Cyprus, elections in England, elections in America, elections in Russia... that they are rushing to reach Lordship for mankind. And 21st century people everyone is running to reach the position of Nimrods. Therefore Shaitan is urging youngsters (and) saying (to them): "You must study."

From where you are coming? So many mindless youngsters everywhere- you may ask (them and they will say): "I am coming from Turkey, I am coming from Syria, from Egypt, even from Pakistan coming people!" They are keenly asking to reach masterhood or (to be) doctor, so that they may think that: "Haaa, (this is the)

last point for a person to reach to be doctor." Doctor Iftikhar Hussein, Dr. Fatima Begum... Dr. Amina Begum, Dr. no-mind Begum... everyone- (Shaitan is) making them to run after universities that he put his camps there through whole universities. You can find they are all Shaitan's camps. I am looking and I am seeing just put the flag of Shaitan and he is preventing to be through teachings of universities heavenly Teachings. It is forbidden; no one from professors may speak on Allah or the Lordship of Allah or the Commands of Heavens or anything that belongs to the Lord of Heavens. And that is trouble!

And the Prophet was saying: "Come and surrender to your Lord's Commands! You should be in safety here and Hereafter. Or, (if not), you are going to eat someone another someones until you are finishing." As the Children of Israel (that time)- someones killed another someones- now the whole world is going to kill each other, until billions (of people will) pass away and die and (only) a handful (of) people is going to remain on earth, those who should accept the Lordship of their Lord on earth, in Heavens.

May Allah forgive me and grant us a good understanding, for the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

# MANNERS AND HOSPITALITY IN ISLAM

Islam brought every good manner for eating, welcoming guests and for good behaviour. Islam orders the best for everything. For eating - eat when you are hungry, don't eat out of habit. Eat to live, not live to eat. Those kind of people are animals who live to eat, they are at animal level. We slaughter animals and eat them. If a person lives to eat, it is haram. Islam orders - eat when you are hungry. Without a reason, you must not eat and drink. When you need to, do it - but not as a habit (breakfast, lunch, dinner, tea times). It is only for our egos and then we complain we are getting fat - our stomach getting bigger and our heart getting bigger and too much fat is in our bodies cholesterol and complaints. Islam stops people eating more than they need. We have a saying from traditional knowledge - in twenty-four hours one pound of food carries you; if you eat more than this, you are carrying it. This means one pound of food is OK for a person daily. More than this is like a burden on your body. Twice a day is enough for people to eat. Three times is too much. Once is for worshippers.

For guests - we have a rule: for three days they must be looked after as an obligation. After three days you are free to accept them or to say you may look after yourself. They are free. If you are able to keep the guest more than three days, this is all right. Allah Almighty likes this. Every guest comes with his own provisions (from Allah Almighty). The obligation is for three days. After this the host is free to keep the guest or say you may

go.

Good manners for eating - look for simple meals. One kind of food is the best or to have at one meal only salty things. To mix salty and sour and sweet harms the stomach. If you eat one kind at each meal, it is best and does not harm. But we eat salty and sour - OK; but sour and sweet is no good. Wait and eat sweet after two hours; eat with tea, not with sour food. If it is with salt, OK; but sour no good.

For sleeping - try to sleep early and get up early and wash before sleeping. Wash when you wake. Drink before sleeping and go to the toilet - then wash your feet before sleeping. Early sleeping, early getting up. Don't sleep after Asr. The best time for sleeping is after Isha to dawn. These are the best manners for everyone.

Always begin and end a meal with salt. First thing in the morning and before eating, take a little salt - it takes away the bile from the stomach and takes the yellow colour from the face. Don't drink immediately after eating; during is OK, but when you are finished don't drink up to one hour after a meal. Don't drink after eating sweets. Drinking sweet coffee, sweet tea - harms you and can cause diabetes. Drink before eating sweets. Be patient after eating sweets do not drink. It is the sweetness which gives the thirst and it will pass after five minutes.

**Men's Capital**

---

Yasin Sharif is the heart of the Quran. Al-Hamdu Lillahi Lladhi Hadana li imanu wa-l Islam wa sharrafana bi Nabiyyi Sayyidina Muhammad Sayyidi-l Awwalin wa-l Akhirin wa Alihi wa Sahbihi ajmain. What a beautiful beginning is this. O beloved ones! Welcome to our assembly, O listeners. Let us see what will be granted to us today in the assembly of beloved ones.
Welcome to you. You came in goodness and may you return in goodness. Our day started with goodness, may it end with goodness. O beloved ones, O beloved friends. We are a weak servant. We receive support according to the level of our weakness. Just like how the parents of a child who can't walk yet, who is learning how to walk, hold his hands and make him walk slowly; we are like this also, we are weak ones. We need people who will hold our hand. The people who cannot understand this fact continue to bang their heads against the walls. They keep falling down and then standing up, and hurting themselves. We need the one who will hold our hand. O beloved ones!
A person is written with the one who he is friends with, who he loves, S. Mehmet Effendi. May our day be good. May our glory be high. May our servanthood for our Lord get better. We should strive for this. For this, what is a Sohbat for? To hear, to know what is better and to perform and to present our servanthood for our Lord more beautifully. O beloved ones.
SalamuLlahu Alaikum, may Allah's Salam be upon you. Allah's Salam is to His Beloved, and from His Beloved comes to Shah-e Mardan. And from Shah-e Mardan, it comes to those who love him and keep his way. And we also, according to our situation from what is inspired to us, as old people call "sunuhat"; whatever it is that they inspire to our heart, we speak. It is not that we know and speak but it is an assembly of the beloved ones and it is with what they will grant us. Shah-e Mardan! Sayyidina Ali Ibn Abi Talib is the Shah-e Mardan. With his love, we want to

strengthen our faith, we want to learn the ways of respect. A person who doesn't have respect is trash. A person who has respect is valuable. These morning assemblies of ours are small assemblies we do after we finish the service, the awrad of the fajr prayer as much as we can do. Let us say as the first order, Bismillahi r-Rahmani r-Rahim. Don't start anything without the Bismillah. Teach this first: "Kullu amrin dhi baalin lam yubda' fihi Bismillahi fa huwa abtar." This should be taught, people should be reminded of this. Whichever work doesn't start with the Bismillah is cut off. It is barren. They say it for who doesn't have a child. That one has no offspring. May Allah grant us good offspring. May we have beautiful offspring. And whoever we are related to, we should be under his discipline.

The assembly of every murshid, every holy one starts with Bismillahi r-Rahmani r-Rahim. The Bismillah, Shaykh Muhammad Effendi, is an ocean. Whatever jewel you seek, you can take from it. There is nothing which doesn't exist in it: Bismillahi r-Rahmani r-Rahim. We don't want the treasures of the worlds. What we want is a station in the Heavens, that it is eternal. We want to prepare for it. The key of the seven Heavens, what unlocks the Seven Heavens is Bismillahi r-Rahmani r-Rahim. There is permission to recite the Bismillah for dunya things but really what the believers should carry is the key of the Realm of Malakut. It is a shame to recite the Bismillah for dunya. The Bismillah should not be recited for dunya things. Why should we? There is no need. There is no need. There is a lock on the treasure, it has a guardian. No matter how much or how good the treasures of dunya are and how many men wait for it, they have no value. Let them take it! If you have treasure, leave it in the open so whoever likes may come and take. Only warn them: "If you take from this treasure, then you will be asked: "What did you do with it? Did you do it for your ego?" Shame on you if you did it for your ego. It is the same thing as taking a jewel and putting it under peoples' feet. Shame on you, shame on you. You should collect jewels in dunya. The treasures of these jewels are unlocked with the Bismillah.
What good can be here? Dunya, what can one do with the treasures of dunya? What can the treasures of dunya give us? Let's say the rich ones who own treasures eat a lamb; they eat one lamb in the morning, one at noon and one in the evening. What else can they do? What they eat has no value. What is it that makes Man different from the animals? What animals do and their service is known and clear. Man's service is also clear. "Man Tashabbaha bi Qawmin fa Huwa

Minhum". Whoever emulates a people is from them. The dogs seek bones, they get happy when they find one. Their masters seek meat, they want kabab. When dogs find bones, they get very happy. Distinguish yourself from them. Therefore O beloved ones, the Sultan of our assembly is Shah-e Mardan. May Salatu Salam be upon the Master of the Creation. And after him, may the Salatu Salam be upon Shah-e Mardan. We should glorify them, we should learn this. We should learn adab. A person without adab has no value in dunya or in akhirah. And here, the beloved ones, the beloved friends want to listen to something after the fajr prayer.

In the old times people would gather in a "mehfil" after fajr prayer and drink some coffee. Wherever it is that they can find a holy one to honour their assembly; whether it is a dargah, or a takka, or a mosque they would sit and listen. They would get refreshed. They get refreshed, they are strengthened. They are filled with love. What is the capital of Man? It is love. Were you loved by someone? Did you love someone? This is your value. "Well, we love horses". Then you will be resurrected with horses. And this is the new fashion, people carry dogs. What business do you have with dogs? "But we love them". "Yuhshar al-mar' ma` man ahabb". A person will be resurrected with what/ whom he loves. On the day of Judgement he will be asked "who did you love?" "I loved this dog". "Take away this one with the dogs. His mind is not more than this. His doings are not more than this".

Shame on him. He can't find what he should love in his dunya life, puts a chain on its neck and carries a dog. He becomes a servant to the dog. Be servant to Allah! You serve a dog? What good can come to you from a dog? Its saliva is dirty, the animal's itself is dirty. He keeps barking, he has nothing else other than this. He bites, or kicks, he has no other job. Why do you look after it? Why do you waste your time, finish your life going after this animal? If you ask him to do some charitable work, he doesn't do but there is a huge dog behind him. There are even some dogs who eat their master when they get angry.

We seek refuge in Allah. Ego is also a dog. Who follows his ego; one day his ego bites him, tears him into pieces and makes him shaytan. Whoever follows his ego becomes shaytan. Whoever follows the wali of Allah, the Shah-e Mardan, he also becomes a Shah-e Mardan, a person who has dignity. I saw this in Europe. No one in Europe knows what is clean or what is dirty. We were touring around in a city, Shaykh Mehmet Effendi and I saw a man. There was a huge dog behind him, and there was a bag and a shovel on his shoulder. I asked "Why does he go out with

such equipment like this?" They said "The municipality prohibits the dogs wandering around in the cities because of their dirt. Therefore these men are the servants of dogs: they carry this shovel and bag to make sure their dogs and to not break the order of the municipality. When these dogs poop on the streets, since the municipality prohibited it, they pick it up and put in the bag. Then he walks carrying it on his shoulder".
Is this humanity? Is this the civilization of Europe? It is becoming like dogs, turning into dogs! Shame on the great Muslim World that each one of them carry a dog, saying "it is new fashion". There are some small dogs and ladies carry them on their chests, make them sleep in their beds. They do all kinds of dirty things. Shame on them. They have time to do this. "Al-mar'u ma`a man ahabb". A person will be resurrected with whom he loves. These ones are dog lovers. What do they call it, animal protectors? Protection of animals. Why do you protect? "What can we do?" they say, "it is our animal". So you became an animal too. You have an honour. You are Man. Don't you know what you should do? How come you become animal lovers? Especially the dogs, they are dirty. Najasun. One can't eat from the plate it licks, one can't touch the skin of a dog. Its saliva is dirty. But who listens? Adult men in Europe walk in the streets carrying bags on their back. And there are also dogs that wear muzzles because they attack. It is only a dog, you can't rely on a dog. You can't trust a dog, it can bite you all of a sudden. There are some that even eat their masters. This is the civilization of Europe, this is being Westernized, this is...
And what have we also turned into now? We have become a socialist society. How did this happen? Our nation is also socialist, it is a socialist nation. Therefore all our work should be compliant with the social laws, everyone should... And I say "If all who go to the Turkish parliament carry a dog, what can we do? You can't leave the dog. If another person tries to take his dog when the prime minister is entering the dog starts fighting, shouting, barking. It has to come and stay with the prime minister no matter what! What is this? "What can we do?" he says. "Let the dog come in and I caress its head". So he caresses the huge wolf dog and then leaves. Or else it will scream. It is a dog. Can a dog be equal to a man? Here, this is the civilization of the West, may it collapse. Today people turned into dogs and they are fighting each other. They say "socialist people, socialist nation".Here, take the nation!

You removed the Sultanate and whole world is corrupted now. Because Sultan would say

Bismillahi r-Rahmani r-Rahim and would say "madad Ya Shah-e Mardan". Because when Sultan mounts his horse he would call "Madad Ya Shah-e Mardan". When he drew his sword, Europe would tremble. Now we are running after Europe. Why? They made us forget the Bismillah. There are fires in this place, hurricanes in that place... This place is flooded, fire burned that place, hurricane blew away... I am asking, did they have the Bismillah in their homes? "Why should we? Is it a mosque here?" they say. Look, what a foolishness. Say Bismillahi r-Rahmani r-Rahim! The Ism Al-Jalal of Allah Almighty is in it. The Bismillah is the Holy Name which has My Ism Al-Adham. When you hang My Name, no fire can reach you, or no floods or no hurricanes can reach you. You can't get stuck under snow either. But they removed it and now they are suffering. Whole country is flooded, under water. If it rains a little more, these buildings that they call skycrapers will move from their foundations and collapse on their heads. Allah Almighty says "'Inna 'Ardi Wasi`atun Fa'iyaya Fa`buduni. 'Inna 'Ardi Wasi`atun Fa'iyaya Fa`buduuni" (29:56). I made the earth spacious so that you can live on it, He (swt) says. It is not narrow. "Wasi`atun". Tanwin is for emphasizing. The earth is very spacious, says Allah Almighty. "Fa'iyaya Fa`buduuni". Worship Me alone. I made the earth spacious for you. If all of you gathered in one place you can't even fill an island. I granted you this huge world with its everything but you are not satisfied; you want more, you want more... A hurricane may come and blow you away. The Nimrod buildings you built will collapse on your head. Their foundations will become loose and collapse on their heads. They don't speak these things.
O Shah-e Mardan. O beloved friends, O beloved ones. O who love Shah-e Mardan, listen for Allah! Pull yourselves together. The real talent is not trying to show yourselves beautiful to the people but it is to come to the Presence of Allah enlightened on the Day of Judgement. If you want your face to be enlightened, say Bismillahi r-Rahmani r-Rahim. The Bismillah is forgotten and the mizan (balance) of the earth has gotten corrupted. People are never satisfied. Now hunger will come too. Hunger is also coming: also a hunger will follow these protests. People will eat each other. Even... There are news reaching Shaykh Mehmet Effendi, that hunger comes in the end of times and what do the people do? Hear this. They go around the graves and say "this one has just gotten buried. Let's open his grave, there is meat on him, he didn't rotten yet. Let's open it, take his meat and throw in here the bones". O people, this word is the word of Haqq, listen! Don't forget the Bismillah.

If you do, all kinds of troubles come on you. Who wants to be saved from troubles should say Bismillahir-Rahmanir-Rahim. O Lord, we make sajda for You, we are upon Your servanthood O Lord. O Shah-e Mardan! Consider us from your beloved ones. Consider us from your jama'at. He says "How can I? You didn't keep the adab I showed you. How can I consider you from myself? You may see the life I lived explained in the books. And how do you live? You sink into haram. And then you ask help from us! What can we do for you? You finished yourselves". O who consider themselves as Alawis! Or who consider themselves as Shi'ite, or who considers themselves as Muslims from other sects, be careful! You are on the wrong way. You should straighten your way. If not you will deserve what comes on your heads. Allah Almighty said """Inna 'Ardi Wasi`atun, My earth is spacious". And the ones ruling Turkey are piling people in Istanbul! How many bridges are there? Are they now building the fifth bridge? Why are they building these bridges? "There are more cars than the people, they are not enough" they say. Send everyone back to their places! "'Inna 'Ardi Wasi`atun". Allah Almighty said "The earth is very spacious". "Fa'iyaya Fa`buduuni, Worship Me alone and I grant you everything you need". Say Bismillahi r-Rahmani r-Rahim. How beautiful, how beautiful. May Allah not deprive us, deprive our children, our brothers from the Nur of the Bismillah. Don't emulate the unbelievers! "Man Tashabbaha bi Qawmin fa Huwa Minhum". Whoever emulates a people is from them. Carry the outlook, the majesty of Islam. Don't say "I studied Ilahiyyat, I am a scholar". A man came to the mosque on Jum'a, before the Jum'a prayer and saw the man cleaning the mosque. He saw that there is no one around. He asked him "What are you doing here?" "I clean the moques. Today is Friday". "Is this your job?" "Yes, and what is your job? Can you please help me a little bit? The mosque is big, help me a little bit and we clean". He said "Yahu, what a bad man are you! I am a scholar who studied Ilahiyyat". "If you studied Ilahiyyat, is it forbidden in Ilahiyyat to sweep the mosques?" "Shut up. I am a man of such rank! Men like you do the sweeping!"

Al 'Azamatu LiLlah, Wa-l Kibraya'u LiLlah; Allahu Dhul Jalal. He says "I studied Ilahiyyat, I don't sweep the mosques". He said "O son, if you studied Ilahiyyat, how did you become a scholar without sweeping a mosque?" "Keep quiet, you ignorant one!" "You are the ignorant one, O son. Allah Almighty said to the great Prophet Ibrahim "Wa Tahhir Baytiya Litta'ifina Wa l-Qa'imina" (22:26). Allah Almighty said to the Great Prophet Ibrahim: "Clean My House for the

coming visitors, for who make tawaf, for the pilgrims, for the mu'tamirs, for who will pray there, "Wa Tahhir Baytiya Litta'ifina Wa l-Qa'imina". How can you say "I can't do it?" You and your knowledge gives you nothing other than the claim of greatness shaytan gives you an affliction. You aren't anything but full of claims of greatness and arrogance. Go and do whatever you like, I clean!" They teach them like this, the knowledgable ones of this time all have their noses stuck up in the air. If you say "Come and sweep here, "I can't sweep, I have a diploma". May your diploma be torn apart.

O beloved ones, come on in to the assembly of Shah-e Mardan. Learn adab from Shah-e Mardan. Allahu Akbarul Akbar. Allahu Akbarul Akbar. Allahu Akbarul Akbar. May You send us Your servants who will teach us adab. People are imitating shaytan. They are not imitating the Prophets. They left Islam and want the fashion of Europe. I heard that the wives of very rich ones say "Give us permission to drive". The King of that place said "I won't give!" And they inflict on him saying "Give us this permission no matter what and we drive our own cars". He said "Can't be". I said Bravo for that King. We have many sins but He (swt) can erase them. This order of the King is good. They want to drive around. No! Allah Almighty said, what did He (swt) say S. Mehmet Effendi? "Wa Qarna Fi Buyutikunna". Stay in your homes. "Wa dhkurna

Ma Yutla Fƒ´ Buyutikunna Min 'Ayati Llahi" Meet in your homes to talk over things. Gather in your homes and think on the wisdoms of the Holy Quran. "How can you be good servants for Allah, look to this" the Verse orders. Where are you in this? He (swt) is warning: "Wa La Tabarrajna Tabarruja l-Jahiliyati l-'Ula".

Don't be like the women of the times of ignorance, be like the ladies of Islam. May Allah forgive us. O Shah-e Mardan! May Salatu Salam be upon the Prophet., and then upon the four Great Companions, and then upon the Companions and then upon those who follow their ways. O Lord, may You not deprive us of the treasures of the Bismillah, not deprive us of its power and majesty and Nur, O Allah. We are helpless. Send us a Sultan, send us the Sultan who will collect Islam, who will show the magnificence of Islam to whole world and who is from the line of Shahe Mardan. Marhaba O beloved ones. These are the few words said after the fajr prayer. Who pray the fajr prayer and wait; make a sohbat even if they are three people, upon the method of our Tariqah: Tariqatuna sohbah wa l-khayri fi jamia'.

Allah sends you inspirations through the great holy ones. Your inspiration is true and you find relief. Set off with the Bismillah and may your way be open. All the open doors of who don't say the Bismillah close. And all closed doors of who say the Bismillah open. O our Lord, tubna wa raja'na ilayk. Tawba Ya Rabbi, tawba Ya Rabbi. Let all of us say Bismillahi r-Rahmani r-Rahim. O Shah-e Mardan, Salatu Salam may be upon you and your great ancestors. Salatu Salam may be upon the Companions, upon the pure line of Shah-e Mardan. May Allah not separate us from their assemblies. Allah Almighty granted us honour with His service. May Allah not make us servants to dogs.
Let us say "Amin" O beloved ones. For the honour of the Beloved, Al-Fatiha.

**Des Menschen Kapital**

---

Yasin Sharif ist das Herz des Quran. Alhamdulillahi Lladhi Hadana li Imanu wa l-Islam wa Sharrafana bi Nabiyyi Sayyidina Muhammad Sayyidi l-Awwalin wa l-Akhirin wa Alihi wa Sahbihi Ajmain. Was für ein schöner Beginn ist das. O Geliebte, willkommen zu unserer Versammlung, o Zuhörer. Sehen wir, was uns heute gewährt wird in der Versammlung der Geliebten. Willkommen euch. Ihr kamt mit Gutem, und möget ihr mit Gutem zurückkehren. Unser Tag begann mit Gutem, möge er mit Gutem enden. Geliebte, geliebte Freunde. Wir sind ein schwacher Diener. Wir erhalten Unterstützung gemäß der Stufe unserer Schwäche. Genau wie die Eltern eines Kindes, das noch nicht laufen kann, das lernt zu laufen, seine Hände halten und ihn langsam laufen lassen. Wir sind auch so. Wir sind schwach. Wir brauchen Leute, die uns die Hand halten. Die Menschen, die diese Tatsache nicht verstehen können, schlagen weiter den Kopf gegen die Wand. Sie fallen immer wieder hin und stehen dann auf und verletzen sich. Wir brauchen den, der unsere Hand hält.
O Geliebte! Ein Mensch wird mit dem geschrieben, dessen Freund er ist, den er liebt, S. Mehmet Effendi. Möge unser Tag gut sein. Möge unser Lobpreis hoch sein. Möge unsere Dienerschaft für unseren Herrn besser werden. Wir sollten danach streben. Deshalb, wofür dient ein Sohbat? Zu hören, zu wissen, was besser ist, und unsere Dienerschaft für unseren Herrn schöner auszuüben und zu präsentieren. Geliebte. Salamullahu `alaykum, möge Allahs Salam auf euch

sein. Allahs Salam ist für Seinen Geliebten, und von Seinem Geliebten kommt es zu Shah-e Mardan. Und von Shah-e Mardan kommt es zu denen, die ihn lieben und seinen Weg einhalten. Und wir auch, gemäß unserer Lage, von dem was uns eingegeben wird, was alte Leute "Sunuhat" nennen, was immer es ist, was sie unserem Herzen eingeben, sprechen wir aus. Es ist nicht so, daß wir wissen und sprechen, sondern es ist eine Versammlung der Geliebten, und das ist, was sie uns gewähren. Shah-e Mardan! Sayyidina Ali ibn Abi Talib ist der Shah-e Mardan. Mit seiner Liebe wollen wir unseren Glauben stärken. Wir wollen die Wege des Respektes lernen. Jemand, der keinen Respekt hat, ist Müll. Jemand, der Respekt hat, ist wertvoll.

Diese unsere Morgenversammlungen sind kleine Versammlungen, die wir machen, nachdem wir den Dienst beendet haben, das Awrad des Fajrgebets, so viel wir können. Sagen wir als ersten Befehl Bismillahi r-Rahmani r-Rahim. Beginnt nichts ohne das Bismillah. Lehrt das zuerst: "Kullu Amrin Dhi Baalin lam Yubda' fihi Bismillahi fa Huwa Abtar." Das sollte gelehrt werden. Die Leute sollten daran erinnert werden. Welche Arbeit auch immer nicht mit dem Bismillah beginnt, ist abgeschnitten. Sie ist unfruchtbar. Sie sagen es über jemanden, der kein Kind hat. Dieser hat keinen Nachwuchs. Möge Allah uns guten Nachwuchs gewähren. Mögen wir schönen Nachwuchs haben. Und mit wem auch immer wir verbunden sind, unter dessen Disziplin sollten wir sein. Die Versammlung jedes Murshids, jedes Heiligen beginnt mit Bismillahi r-Rahmani r-Rahim. Das Bismillah, Shaykh Muhammad Effendi, ist ein Ozean. Welches Juwel auch immer ihr sucht, davon könnt ihr nehmen. Es gibt nichts, was darin nicht existiert: Bismillahi r-Rahmani r-Rahim.

Wir wollen nicht die Schätze der Welten. Was wir wollen, ist eine Station in den Himmeln, die ewig ist. Wir wollen uns darauf vorbereiten. Der Schlüssel der sieben Himmel, was die sieben Himmel aufschließt, ist Bismillahi r-Rahmani r-Rahim. Es gibt die Erlaubnis, das Bismillah für Dunya Dinge zu rezitieren, aber was die Gläubigen wirklich tragen sollten, ist der Schlüssel zum Bereich des Malakut. Es ist eine Schande, das Bismillah für die Dunya zu rezitieren. Das Bismillah sollte nicht für Dunya Dinge rezitiert werden. Warum sollten wir? Es ist nicht notwendig. Es ist nicht notwendig. Es ist ein Schloß auf dem Schatz. Er hat einen Wächter. Egal wie viel oder wie gut die Schätze der Dunya sind und wieviele Menschen darauf warten, sie haben keinen Wert. Sollen sie sie nehmen. Wenn ihr Schätze habt, laßt sie im Offenen, so daß

wer will, kommen und nehmen kann. Warnt sie nur: 'Wenn du von diesem Schatz nimmst, wirst du befragt werden: Was hast du damit gemacht? Hast du es für dein Ego gemacht?' Schande auf dir, wenn du es für dein Ego gemacht hast. Es ist dasselbe wie einen Juwelen zu nehmen und ihn den Leuten unter die Füße zu tun. Schande auf euch, Schande auf euch.

Ihr sollet Juwelen sammeln in der Dunya. Die Schätze dieser Juwelen werden mit dem Bismillah aufgeschlossen. Was Gutes kann hier sein? Dunya, was kann man mit den Schätzen der Dunya machen? Was können die Schätze der Dunya uns geben? Sagen wir, die Reichen, die Schätze besitzen, essen ein Lamm. Sie essen ein Lamm am Morgen, eins am Mittag und eins am Abend. Was können sie sonst machen? Was sie essen, hat keinen Wert. Was ist es, das den Menschen von den Tieren unterscheidet? Was Tiere tun und ihr Dienst ist bekannt und deutlich. Der Dienst des Menschen ist auch klar. "Man Tashabbaha bi Qawmin fa Huwa Minhum." Wer auch immer ein Volk nachahmt, gehört zu ihnen. Die Hunde suchen Knochen. Sie werden glücklich, wenn sie einen finden. Ihre Meister suchen Fleisch. Sie wollen Kebab. Wenn Hunde Knochen finden, werden sie sehr glücklich. Unterscheidet euch von ihnen. Deshalb, o Geliebte, ist der Sultan unserer Versammlung Shah-e Mardan. Möge Salatu Salam auf dem Meister der Schöpfung sein. Und nach ihm, möge das Salatu Salam auf Shah-e Mardan sein. Wir sollten sie preisen. Wir sollten das lernen. Wir sollten Adab lernen. Ein Mensch ohne Adab hat keinen Wert in Dunya oder Akhirah.

Und hier die Geliebten, die geliebten Freunde wollen etwas hören nach dem Fajr Gebet. In der alten Zeit pflegten sich die Leute nach dem Fajr Gebet in einer "Mehfil" zu versammeln und Kaffee zu trinken. Wo immer sie einen Heiligen finden konnten, um ihre Versammlung zu ehren, ob es nun eine Dergah, Tekke oder Moschee war, setzten sie sich und hörten zu. Sie wurden erfrischt. Sie werden erfrischt. Sie sind gestärkt. Sie sind erfüllt mit Liebe. Was ist das Kapital des Menschen. Es ist Liebe. Wurdet ihr von jemandem geliebt? Liebtet ihr jemanden? Das ist euer Wert. 'Nun, wir lieben Pferde.' Dann werdet ihr mit Pferden wieder auferweckt. Und das ist die neue Mode, die Leute tragen Hunde. Was habt ihr mit Hunden zu tun? 'Aber wir lieben sie.' "Yuhsharu l-Mar'u ma`a man Ahabb". Ein Mensch wird mit dem, das oder den er liebt, wieder auferweckt. Am Gerichtstag wird er gefragt: 'Wen hast du geliebt?' 'Ich liebte diesen Hund.' 'Nehmt diesen weg mit den Hunden. Sein Verstand ist nicht mehr als das. Seine Taten sind nicht mehr als das.' Schande auf ihn. Er kann nicht finden, was er in seinem Dunya Leben lieben

sollte, legt ihm eine Kette um den Hals und führt einen Hund. Er wird ein Diener des Hundes. Seid Diener Allahs! Ihr dient einem Hund? Was Gutes kann euch von einem Hund zukommen? Sein Speichel ist schmutzig, das Tier selbst ist schmutzig. Er bellt immer wieder. Er hat sonst nichts anderes. Er beißt oder stößt. Er hat keinen anderen Job. Warum kümmert ihr euch um ihn? Warum verschwendet ihre euere Zeit, beendet euer Leben damit, hinter diesem Tier her zu sein? Wenn ihr ihn bittet, wohltätige Arbeit zu machen, tut er es nicht, aber es ist ein riesiger Hund hinter ihm. Es gibt Hunde, die fressen ihren Herrn, wenn sie wütend werden. Wir suchen Zuflucht bei Allah. Ego ist auch ein Hund. Wer seinem Ego folgt, den beißt sein Ego eines Tages, zerreißt ihn in Stücke und macht ihn zu Shaytan. Wer immer seinem Ego folgt, wird Shaytan. Wer immer dem Wali Allahs, dem Shah-e Mardan, folgt, wird auch ein Shah-e Mardan, ein Mensch, der Würde hat. Ich sah das in Europa. Niemand in Europa weiß, was sauber oder was schmutzig ist. Wir fuhren in einer Stadt herum, Shaykh Mehmet, und ich sah einen Mann. Es war ein gewaltiger Hund hinter ihm, und da war eine Tüte und eine Schaufel über seiner Schulter. Ich fragte: Warum geht er mit so einer Ausrüstung hinaus? Sie sagten: Die Gemeinde verbietet es Hunden, herumzuwandern in den Städten wegen ihres Schmutzes. Deshalb sind diese Menschen die Diener ihrer Hunde. Sie tragen diese Schaufel und eine Tüte, um sicherzustellen, daß ihre Hunde die Auflage der Gemeinde nicht brechen. Wenn diese Hunde auf die Straße kacken, da die Gemeinde es verboten hat, heben sie es auf und tun es in die Tüte. Dann gehen sie und tragen es über der Schulter.

Ist das Menschlichkeit? Ist das die Zivilisation Europas? Es ist als würden sie Hunde werden, sich in Hunde verwandeln. Schande auf die große Muslimwelt, daß jeder von ihnen einen Hund führt und sagt, 'Das ist die neue Mode'. Es gibt kleine Hunde, und Frauen tragen sie vor der Brust und lassen sie in ihren Betten schlafen. Sie machen alle möglichen schmutzigen Dinge. Schande auf sie. Sie haben Zeit, das zu tun. "Al-Mar'u ma`a man Ahabb." Ein Mensch wird mit dem wieder auferweckt, den er liebt. Diese sind Hundeliebhaber. Wie nennen sie es? Tierschützer? Schutz von Tieren. Warum schützt ihr sie? 'Was können wir tun?' sagen sie, 'es ist unser Tier.' Also wurdet ihr auch zum Tier. Ihr habt eine Ehre. Ihr seid Mensch. Wißt ihr, was ihr tun solltet? Wie kommt es, daß ihr Tierliebhaber wurdet? Besonders die Hunde sind schmutzig. Najasun. Man kann nicht von dem Teller essen, den er anleckt. Man kann das Fell eines Hundes nicht berühren. Sein Speichel ist schmutzig. Aber wer hört zu? Erwachsene Menschen in Europa

gehen auf der Straße mit Tüten auf dem Rücken. Und es gibt auch Hunde, die tragen Maulkörbe, weil sie angreifen. Es ist nur ein Hund. Du kannst dich auf einen Hund nicht verlassen.
Du kannst einem Hund nicht trauen. Er kann dich ganz plötzlich beißen. Es gibt welche, die fressen sogar ihre Meister. Das ist die Zivilisation Europas. Das ist, verwestlicht zu sein. Das ist...
Und in was haben wir uns noch verwandelt jetzt? Wir sind eine sozialistische Gesellschaft geworden. Wie ist das geschehen? Unsere Nation ist auch sozialistisch. Es ist eine sozialistische Nation. Deshalb soll unsere ganze Arbeit mit den sozialen Gesetzen übereinstimmen, jeder sollte... Und ich sage, Wenn alle, die in das türkische Parlament gehen, einen Hund mitführen, was können wir tun? Du kannst den Hund nicht allein lassen. Wenn ein anderer versucht, den Hund zu nehmen, wenn der Premierminister eintritt, fängt der Hund an zu kämpfen, zu heulen, zu bellen. Er muß kommen und beim Premierminister bleiben, komme, was wolle! Was ist das? 'Was können wir tun?' sagt er. 'Laßt den Hund herein und ich streichle seinen Kopf.' Also streichelt er den großen Schäferhund und geht dann. Oder sonst heult er. Es ist ein Hund. Kann ein Hund einem Menschen gleichkommen? Hier, das ist die Zivlisation des Westens. Möge sie zusammenbrechen! Heute sind die Menschen zu Hunden geworden und kämpfen miteinander. Sie sagen: Sozialisten, sozialistische Nation. Hier, nehmt die Nation! Ihr habt das Sultanat abgeschafft, und die ganze Welt ist jetzt verdorben.
Weil der Sultan zu sagen pflegte "Bismillahi r-Rahmani r-Rahim" und "Madad ya Shah-e Mardan". Wenn der Sultan sein Pferd bestieg, rief er "Madad ya Shah-e Mardan". Wenn er sein Schwert zog, erzitterte Europa. Jetzt laufen wir Europa hinterher. Warum? Sie ließen uns das Bismillah vergessen. Es gibt Feuer an diesem Ort, Hurrikane an jenem... Dieser Ort ist überflutet, ein Feuer verbrannte jenen Ort, Hurrikane bliesen.. Ich frage: Hatten sie das Bismillah in ihren Häusern? 'Warum sollten wir? Ist das hier eine Moschee?' sagen sie. Seht, was für Dummheit. Sagt Bismillahi r-Rahmani r-Rahim. Der Ismu l-Jalal Allahs des Allmächtigen ist darin. Das Bismillah ist der Heilige Name, der Meinen Ismu l-Adham enthält. Wenn ihr Meinen Namen aufhängt, kann euch kein Feuer erreichen oder keine Fluten oder keine Hurrikane können euch erreichen. Ihr könnt auch nicht unter Schnee steckenbleiben. Aber sie haben es entfernt. Und nun leiden sie. Das ganze Land ist überflutet, unter Wasser. Wenn es ein bißchen mehr regnet, werden diese Gebäude, die sie Wolkenkratzer nennen, sich von ihrem Fundament lösen und auf

ihren Köpfen zusammenbrechen.
Allah der Allmächtige sagt: "Inna 'Ardi Wasi`atun Fa'iyaya Fa`buduni." "Inna 'Ardi Wasi`atun Fa'iyaya Fa`buduni" (29:56). Ich machte die Erde weit, so daß ihr auf ihr leben könnt, sagt Er (swt). Sie ist nicht eng. "Wasi`atun". Das Tanwin dient der Betonung. Die Erde ist sehr weit, sagt Allah der Allmächtige. "Fa'iyaya Fa`buduni". Betet Mich allein an. Ich machte die Erde weit für euch. Wenn ihr alle an einem Ort zusammenkämt, könntet ihr nicht einmal eine Insel füllen. Ich gewährte euch diese riesige Welt mit allem, aber ihr seid nicht zufrieden. Ihr wollt mehr, ihr wollt mehr.. Ein Hurrikan könnte kommen und euch wegblasen. Die Nimrodgebäude, die ihr gebaut habt, werden auf euren Köpfen einstürzen. Ihre Fundamente werde sich lösen und auf ihren Köpfen einstürzen. Sie sagen diese Dinge nicht. O Shah-e Mardan. Geliebte Freunde, Geliebte, o die Shah-e Mardan lieben, hört auf Allah! Reißt euch zusammen. Das wahre Talent ist zu versuchen, sich den Leuten nicht schön zu zeigen, sondern in die Gegenwart Allahs am Gerichtstag erleuchtet zu kommen. Wenn ihr wollt, daß euer Gesicht erleuchtet wird, sagt Bismillahi r-Rahmani r-Rahim. Das Bismillah ist vergessen, und das Mizan, die Waage, auf der Erde ist verdorben worden. Die Leute sind nie zufrieden. Jetzt wird noch Hunger kommen. Hunger kommt auch, Hunger wird diesen Protesten folgen. Die Menschen werden sich gegenseitig vertilgen. Selbst.. Es erreichen uns Nachrichten, Sh. Mehmet Effendi, daß Hunger kommt am Ende der Zeit und was machen die Menschen? Hört das. Sie gehen herum um die Gräber und sagen: Dieser ist gerade beerdigt worden. Öffnen wir sein Grab, es ist Fleisch an ihm, er ist noch nicht verrottet. Öffnen wir es, nehmen sein Fleisch und werfen seine Knochen hier hinein.
Leute, dieses Wort ist das Wort von Haqq. Hört zu! Vergeßt nicht das Bismillah. Sonst kommen alle möglichen Probleme auf euch. Wer von den Problemen errettet werden will, sage Bismillahi r-Rahmani r-Rahim. O Herr, wir machen Sajda vor Dir, wir gründen auf Deiner Dienerschaft, o Herr. O Shah-e Mardan! Betrachte uns als deine Geliebten. Betrachte uns als deine Jama'at. Er sagt: 'Wie kann ich? Ihr habt den Adab nicht eingehalten, den ich euch zeigte. Wie kann ich euch als zu mir gehörig betrachten? Ihr könnt das Leben, das ich führte, in den Büchern ausgeführt finden. Und wie lebte ich? Ihr versinkt im Haram. Und dann erbittet ihr Hilfe von uns! Was können wir für euch tun? Ihr habt euch selbst erledigt. O ihr, die sich selbst als Alawiten

betrachten! Oder die sich selbst als Schiiten betrachten oder die sich als Muslime von anderen Sekten betrachten, paßt auf! Ihr seid auf dem falschen Weg. Ihr solltet eueren Weg ausrichten. Sonst verdient ihr, was auf euere Köpfe kommen wird. Allah der Allmächtige sagt: "Inna 'Ardi Wasi`atun" - Meine Erde ist weit. Und die die Türkei regieren, türmen Leute in Istanbul auf! Wieviele Brücken gibt es dort? Bauen sie jetzt die fünfte Brücke? Warum bauen sie diese Brücken? 'Es gibt mehr Autos als Leute, sie reichen nicht', sagen sie. Schickt alle wieder zurück an ihre Orte! "Inna 'Ardi Wasi`atun". Allah der All- mächtige sagte: Die Erde ist sehr weit. "Fa'iyaya Fa`buduni" - Betet Mich allein an, und Ich gewähre euch alles, was ihr braucht. Sagt Bismillahi r-Rahmani r-Rahim. Wie schön! Wie schön! Möge Allah uns, unsere Kinder, unsere Brüder nicht des Lichtes des Bismillah berauben. Ahmt nicht die Ungläubigen nach! "Man Tashabbaha bi Qawmin fa Huwa minhum." Wer immer ein Volk nachahmt, gehört zu ihnen. Tragt das Aussehen und die Majestät des Islam.

Sagt nicht: Ich habe Ilahiyyat studiert. Ich bin ein Gelehrter. Ein Mann kam in die Moschee am Jum'a, vor dem Jum'a Gebet und sah den Mann die Moschee reinigen. Er sah, daß niemand da war. Er fragte ihn: 'Was machst du hier?' 'Ich reinige die Moschee. Heute ist Freitag.' 'Ist das dein Job?' 'Ja, und was ist dein Job? Kannst du mir bitte ein bißchen helfen? Die Moschee ist groß, hilf mir ein bißchen und wir machen sauber.' Er sagte: 'Yahu, was für ein schlechter Mann du bist! Ich bin ein Gelehrter, der Ilahiyyat studiert hat.' 'Wenn du Ilahiyyat studiert hast, ist es verboten im Ilahiyyat, die Moschee zu fegen?' 'Halt den Mund, ich bin ein Mann von solchem Rang! Männer wie du erledigen das Fegen!' "Al 'Azamatu Lillahi, wa l-Kibraya'u Lillahi, Allahu Dhu l-Jalal." Er sagt: 'Ich habe Ilahiyyat studiert, ich fege nicht die Moscheen.' Er sagte: 'O Sohn, wenn du Ilahiyyat studiert hast, wie bist du ein Gelehrter geworden, ohne eine Moschee zu fegen?' 'Halt den Mund, du bist unwissend.' 'Du bist unwissend, Sohn. Allah der Allmächtige sagte dem großen Propheten Ibrahim, "Wa Tahhir Baytiya Litta'ifina wa l-Qa'imina" (22:26). Allah der Allmächtige sagte dem großen Propheten Ibrahim: Reinige Mein Haus für die kommenden Besucher, für die, die Tawaf machen, für die Pilger, für die Mu'tamirs, für die, die dort beten werden. "Wa Tahhir Baytiya Litta'ifina wa l-Qa'imina". Wie kannst du sagen, 'Ich kann das nicht tun'? Du und dein Wissen gibt dir nichts weiter als den Anspruch von Größe, Shaytan gibt dir eine Heimsuchung. Du bist nichts weiter als voller Ansprüche von Größe und Arroganz. Geh und mach, was immer du willst. Ich reinige! Sie lehren sie das. Die Gelehrten

dieser Zeit haben alle ihre Nasen hoch in der Luft. Wenn du sagst: Komm, fege hier. 'Ich kann nicht fegen, ich habe ein Diplom.' Möge dein Diplom zerrissen werden!
O Geliebte, kommt in die Versammlung Shah-e Mardans. Lernt Adab von Shah-e Mardan. Allahu Akbaru l-Akbar. Allahu Akbaru l-Akbar. Allahu Akbaru l-Akbar. Mögest Du uns Deine Diener senden, die uns Adab lehren. Die Menschen ahmen Shaytan nach. Sie ahmen nicht die Propheten nach. Sie haben den Islam verlassen und wollen die Mode Europas. Ich hörte, daß die Frauen von sehr Reichen sagen: Gib uns die Erlaubnis, Auto zu fahren. Der König jenes Ortes sagte: Nein! Und sie setzten ihn unter Druck: Gib uns diese Erlaubnis, komme was wolle, und wir fahren unsere eigenen Autos. Er sagte: Das kann nicht sein. Ich sage: Bravo dem König! Wir haben viele Sünden, aber Er (swt) kann sie auslöschen. Dieser Befehl des Königs ist gut. Sie wollen herumfahren. Nein! Allah der Allmächtige sagte, was sagte Er (swt), Sh. Mehmet Effendi? "Wa Qarna fi Buyutikunna". Bleibt in eueren Häusern. "Wadhkurna ma Yutla fi Buyutikunna min 'Ayatillahi." Trefft euch in eueren Häusern, um über die Dinge zu sprechen. Versammelt euch in eueren Häusern und denkt über die Weisheit des Heiligen Quran nach. 'Wie könnt ihr gute Diener Allahs sein, seht euch das an', befiehlt der Vers. Wo seid ihr darin? Er (swt) warnt: "Wa La Tabarrajna Tabarruja l-Jahiliyati l-'Ula." Seid nicht wie die Frauen der Zeiten der Ignoranz, seid wie die Frauen des Islam.
Möge Allah uns vergeben. O Shah-e Mardan. Möge Salatu Salam auf dem Propheten sein.. und dann auf den vier großen Gefährten, und dann auf den Gefährten und dann auf denen, die ihren Wegen folgen. O Herr, mögest Du uns nicht der Schätze des Bismillah berauben, uns nicht seiner Macht und Majestät und seines Lichts berauben, o Allah. Wir sind hilflos. Sende uns einen Sultan, sende uns den Sultan, der den Islam versammeln wird, der die Herrlichkeit des Islam der ganzen Welt zeigen wird und der von der Linie Shah-e Mardans ist. Marhaba, o Geliebte. Dies sind die paar Worte, die nach dem Fajr Gebet gesprochen wurden. Wer das Fajr Gebet macht und wartet, so macht Sohbat, selbst wenn nur 3 Leute da sind, nach der Methode unserer Tariqat: Tariqatuna Sohbah wa l-Khayri fi l-Jamia'. Allah sendet euch Eingebungen durch die großen Heiligen. Eure Eingebung ist wahr und ihr findet Erleichterung. Beginnt mit dem Bismillah und möge euer Weg sich öffnen. Alle offenen Türen derer, die nicht das Bismillah sagen, schließen sich. Und alle geschlossenen Türen derer, die das Bismillah sagen, öffnen sich. Unser Herr, Tubna wa Raja'na ilayk. Tawba ya Rabbi, Tawba ya Rabbi. Sagen wir alle Bismillahi r-Rahmani

r-Rahim. O Shah-e Mardan, Salatu Salam möge auf dir und deinen großen Vorfahren sein. Salatu Salam möge auf den Gefährten, auf der reinen Linie von Shah-e Mardan sein. Möge Allah uns nicht von ihren Versammlungen trennen. Allah der Allmächtige gewährte uns Ehre mit Seinem Dienst. Möge Allah uns nicht zu Dienern von Hunden machen. Sagen wir "Amin", ihr Geliebten. Zu Ehren des Geliebten, Al-Fatiha.

## 21st Century's Man's Main Problem is Pride

(Sohbat continued)

....the right to follow (Y)our way as You like. You are only One. No a second one. You have dominions, endless dominions. You have endless oceans, (n)ever-ending oceans. And Your creation continuously ever ending. Because You are so Kareem. Your generosity (n)ever-ending and You like to create and to give Your creation.

O our Lord! We are saying, A`udhubillahi mina 'sh-Shaytani 'r-Rajeem, Bismillahi 'r-Rahmani 'r-Raheem. We are running from worst creature Shaytan, we are running away from that one to You because whole lightenings, endless lights for You and Your grants (n)ever-ending. Shaytan that most ignorant one, most proud one because because eh.. proud bringing ignorance and ignorance bringing proud and we are running away to our Lord to save us from pride, to claim that we are proud ones and we are running away from Shaytan and its ignorance. Worst, worst what we are saying hm.. not quality, sifaat, characteristic. Worst characteristic is to be proud or to claim that, that one is a proud one. To be proud.. Absolute Proudness only for Allah Almighty not to anyone else. Only for One and Shaytan was fighting with his Creator and he was saying, "because You gave me so many eh.. high qualities I am getting proud, because what You granted to me with that Heavenly Grants giving me a right to be proud." But that ignorant one never understanding that what Allah Almighty granted to him from Heavenly Knowledges not to make him to be proud. Not to know

that to be proud only for the Creator.

Now we are living in a time that everyone asking to be proud ones and they are inheriting that worst tarbiyah, worst quality from Shaytan. That means whole world people now they are claiming that we are a proud one, proud ones. Therefore they are calling to be a proud one and no pride to anyone else. That is what people claiming, that they are something, to be something giving to them a right to be proud. Very wrong idea that just had been taught to people. People they are making competition among themselves which one may be much more proud and they are inheriting that worst quality from Shaytan.

O people! Hear and listen and obey! Hear and learn! and keep what you are learning. What you are learning? O people! Don't think that your dressings giving to you a right to be a proud one or kings or queens or that first class people of nations. They are thinking that what they are dressing giving them a right to be proud or they are thinking that their imitated titles giving them a right to be proud, No!!

Everything on this planet imitated. No reality, only an appearance from heavens falling on this planet and people thinking that it is a real being. No. Every appearance on earth that coming on people it is only a eh.. vision. Vision no reality. If you are asking Reality you may ask through Heavens. Heavens being is not same as being of this planet. No. Heavens, it has countless planets or systems or galaxies without an end. No one can add it, that for the level of Heavens. The creation of Heavens is something else because they are creation from lights. Lights never accepting a darkness of our egoistic eh.. egoistic talab, request.. no, tamanee, desire, no answering heavens to people living on earth. That earth it is on the line of darkness through darkness.

Someone was asking, "O Shaykh! Why daytime color of skies is blue and nighttime it is black?" It is a question I am saying, "Go and ask to those people whom they granted holy books. What holy books saying. Holy Quran saying everything.. for everything there is answer." And we may say daytime the lights giving skies a color, blue color, that is a color of... that is color, that in it billions of stars or like our earth swimming in it and running in it. But nighttime is, it is another appearance.. appearance of nighttime just different from daytime appearance. That is day's color is different from the color of night. Black color also it is a color of eh.. lightening, lights, because nighttimes nur, nighttime's lights its color changing. It is also a color that it is suitable for the creation - of our level of creation. Our creation level just different. It has a day color, dressed, and then night color different and night color it has a greatness. Greatness means .. haybah, the color of

night, color of mightiness it giving something for understanding of mankind that azamah, greatness and the mightiness of the Creator that created that. And anytime the Lord of nights, the Lord of black lightening eh..

Black lightening dominions giving such a fear to show people to give to them the feeling of greatness and mighty endless greatness - endless Mightiness of the Creator. It is so majestic appearance of the endless, mighty appearance of the Lord of creation. And that black color contains countless dominions of creation. No one can be able to think on it or to realize something through that black color. (It is) not only black but dark black, dark that therefore now people they are looking space and they are saying there is black holes. Black holes and no one knowing about black holes only they are feeling some feeling of reaching through their mathematics, about astronomy. They are feeling that there is such a powerful stations that may swallow whole creation and leaving everything disappeared and black holes no one knowing what it is, what it did. Therefore `azhamah, the Divinely eh.. Greatness, majestic ? Divinely mighty oceans, only one appearance may be less than an atom beside the oceans of mighty.

O people! Come and listen! Come and think on it. We are knowing nothing, we are only knowing and learning to be proud ones. It is not for you to be proud. Only for That One who has such a power, endless power, endless mightiness, endless .. power oceans. O people, that is nothing what we are saying. It is only like an atom or less for giving eh.. for explaining, a least explanation about the endless mighty oceans of Allah that person was asking for. What dark? The eh.. renk, color, of night is black and day it is blue. Blue that may appear what Allah Almighty asking to come in existence showing but darkness dominions, endless dominions of darkness or endless dominions of power oceans, endless dominions of mighty oceans. When we are saying mighty it is going to be like...Mighty, showing at least point of greatness of Allah Almighty.

O people! Come and understand to whom may be a right to be proud. Not for you to be proud. Only for One, not a second one.

And you must be happy that That One granted to you to appear in existence. Look.. what is your space in existence. How you are saying, "I am this one," "I am that one?" What is your title, that is title? For what you are saying getting to be "`azhamah proud and power with us"? Why you are saying this, particularly First Lady? For what everyone First Ladies' husband... It (he) has not right to say "I am First Gentleman"? (or) "I am first most powerful one?" No! It is not for you, O people.

The worst illness or worst characteristic for man to think that he is something and if I am something I must be proud one and to be proud eating the personality of people that dressed on him from Heavens and appearing through that as a person dressed (with a) body, that dressed on skeleton.. skeleton. When outlooking on man going away remaining, that very, very eh.. hateful or fearful figure from you.

O man, think on it. One day should, going to be taken from you that out-looking dress and only your skeleton remains that anyone looking may escape from it, escape. Think on it and don't try to be proud through your clothes or your imitated titles. Running after you - death - to take from your out-dressing and you should be through a grave and there your skeleton going to be eh.. protected? Just kept in it your inner clothes. Out-looking clothes just finished and inner dress of you going to be through that graveyard. If opening and people looking to that skeleton, may run away.

O people! Absolute Greatness, Absolute Mightiness, Everything Absolute.. that belongs to the Lord of Creation. Belongs to Him only. You are nothing. O people! Try to learn something about yourself and about your mission, for what you have been created and for what the Lord of Mankind ordering or advising His servants to do. Pride, prideness, preventing a person to be good person and eh.. pride making a way that not to be a good person preventing (to be a good person) and one day angels should take that person to his graveyard and he is going. They are going to show him "look here, who is there?" And he should say "skeleton." To whom they ask angels may say, "That is your skeleton, inner clothes that dressed on it flesh and you were proud with your flesh through life of dunya."

Think on it and come and try to be a good one, good servant for your Lord (in order that) to be granted to you from light oceans, from Heavens. Heavenly dress to be dressed on you. Ask That One. Don't run to tailors to make for you eh.. good suit. That is nothing. But try that angels may do for you a good dress that it should be so majestic full with lights; full with eh.. majestic, magnificent. That is important. O people! Time is over. Come and understand or you are going to be through graveyard a skeleton (that) if you can look (at) it you may run away.

May Allah forgive us. For the honor of this month holy Ramadan and blessed night of holy Ramadan night of Friday, Jum 'a. We are asking forgiveness and asking something to try to be a good servant not to be a bad servant. Pray and ask from your Lord forgiveness and blessings. O people, as-salam `alaykum.

(45 mins, Sayyidee)

They know how much he can carry.

Allahu Akbar.

Fatiha
Yes sir.

What they are sending it is necessary.
Magnificent than munificent.
Magnificent.

## Man, The Glorious

As-Salamu Alaikum o our brothers, O who are listening to us. He shouldn't listen to us, he should listen to the truth. The word that is spoken, is it true or useless? There needs to be a scale. There should be a scale. When I say this word, weigh it. Let's see what is its value. If it has no value, throw it away. How is this word that I am speaking? This word is a valuable word. If it is a valuable word, keep it. If a person finds fake money somewhere he takes it in his hand & looks at it first. If he doesn't understand, he goes to a bank & asks if it is valid or not. If they say it is valid, he keeps it. If it is not, he tears it & throws away. Now people do many kinds of things in this world. They run after something. They want to satisfy their ambitions. They run to here, there, they try hard. And finally he even leaves what he has collected & they take him (to grave) as its result.

As-Salamu Alaikum O mu'mins, Ramadan Kareem. Holy Ramadan is passing. We may say takbeer: Allahu Akbar Allahu Akbar la ilaha illa Allah Allahu Akbar Allahu Akbar wa Lillah al Hamd. We glorified Allah Almighty. And also for our Master, that he is the Master of Creation- Hz Muhammad Mustafa (sas). Allahumma salli wa sallim wa barik alayh Assalatu wassalamu alayka ya RasulAllah. Assalatu wassalamu alayka ya HabibAllah. Assalatu wassalamu alayka ya NabiAllah.

O glorious Prophet, support us with your heavenly support! Not everyone can be glorious. For who is

glorious, how does he gain his glory? With the work he does. According to his work/deeds, he is either glorious, or he is thrown into the garbage. Marhaban, marhaban O mu'mins. Beware. The people coming to this world, in the end they either become glorious or garbage. You try to be from the glorious ones. For this we sent salams to our Prophet (sas) who is the Master of both worlds, Master of all Prophets & the crown on their heads. We said "O Glorious Prophet". Why? Because no anyone else ever had the glory & honour he has. And also he, himself, put effort all his life in this dunya so that the ones listening to him can be glorious & honoured as well.

O people, O who sit in coffee shops, listen! What work are you doing by sitting in the coffee shop? Nothing. Are you created to be nothing? Why do you not do a glorious service & receive this rank? They call it "our glorious army" How does it become glorious? Because they make the enemy scattered, or because they defeat shaytan. Man understand what a beautiful word this is. What I will offer you, O people. You also have the chance, you can be glorious. The one who is glorious is respected in dunya & rewarded in akhirah. So the people in this world are divided into two according to this aspect: one, the people who do a glorious service & gain glory and the other is who are not worthy & thrown into the garbage. Why do you not... There is a chance for you also. Look Hussain aga, pay attention. Your Creator granted you the chance to be glorious. Do good work. Keep justice. Defeat shaytan & your ego, you also will be given a glory.

Unfortunately in our days there is no one who hears, or does such things. No one says "I can be a glorious one". Such a pity. Why don't you try to be glorious, try to do a glorious service when you have the chance? "No! Shaykh Effendi, we want to be glorious without any effort." "Like how?" "Now in this time, being glorious depends on democracy. Meaning the more men you collect behind you you can be glorious as well. They give you the glory". No. The rank of glory is given to people from Heavens. Glory & honour is granted to a servant from Heavens. And the one who collects thousands of men behind him & says "you made me glorious", what does he deserve? He deserves to be thrown to garbage, or to WC. Be strong. Be glorious. They say for you "this is a glorious one, there is work he did." For example the Suleymaniye mosque. We have mosques that people look at & say "Masha Allah, this architect put forth a glorious work with this piece. Well done!" Or else they say "throw it into the garbage".
Consider this, think "Am I glorious or not?" Why do you sit in coffee shops? Why do you sit there playing games, hitting the table with the stones? You take cards in your hand & play. Do you have work to do or no?

But most of the people in this time are freeloaders. They want to gain glory without any effort. They want to be seen in public as glorious without any effort. Such people have no value. Man cannot be glorious by playing games in the coffee shops. Allah Almighty granted a chance for everyone "Be glorious ones & when you come to My Divine Presence, they may say for you 'Bravo, O glorious servant'". Glory & being glorious is gained by following the way of glorious ones. The Prophet of the end times, our Prophet, is the Glorious Prophet (sas). Why? He invited billions of people in this dunya to the beautiful way and those who took the beautiful way left beautiful works. And they are called "glorious" in dunya as well as in akhirah. Allah Almighty calls them, "O My Glorious servant".

This is a short speech. It is for the honour of holy Ramadan. O people, Allah created you honorable. Keep that honour. If you don't keep it, you become like the many animals who wander in the mountains & plains. Know Allah. Love Allah. Keep the way of Allah & you become glorified. For 700 years our ancestors..They are called "our glorious ancestors". They held for 700 yrs the flag of the Prophet (sas), the flag of Islam. They became glorified. Subhana Allah. If there was an assembly of Europeans the right to speak first belonged to our glorious ancestors. Before they spoke & started no one, no any other King or Emperor could open their mouth. They had such an honour, the Ottomans who are our ancestors. Why? They gained glory because they kept their religion & walked in the way Allah showed. They are glorious in dunya & glorious in akhirah as well.

O who fill the coffee shops or waste their time in all kinds of different tasteless places, try to be glorious. But you want the glory for nothing, without any effort. "We become glorious without any effort." No, you can't be. Whichever assembly the Ottomans were, no one could say any word before they said the first word. The first respect and honouring was for the Ottomans- The greatest empire of the world. They searched for all kind of tricks to destroy it. And finally, cutting from here & there, we got left with Anatolia only. And our word is not respected. The small groups who were under our control yesterday, don't respect us now because we are far from being a glorious state. The glorious state is the one which keeps Allah's order. A state cannot be ruled with made up laws. No one recognizes them. Today the great land of Aleppo, great Sham, Hama, Hums- the places the Ottomans respected, have become a killing ground. Whoever has the chance kills people and considers this as an honour. No. What honour does it have? Who kills those innocent ones, burns, destroys their houses can't receive any glory. They may arrange their homes, places, they may help them so that they become glorious.

"The governments now oppress the people & gain glory." No, can't be. It can't be. Therefore this era is the era of oppression. It is an era where tyrants rule and this era will continue until Mahdi Rasul (as) appears. No one can defeat them(tyrants). The glorious imam is Mahdi (as). May Allah send him to us soon insha Allah. He is the one who will correct the situation.

So this people of ours, they want glory for nothing, for free. And they definitely can't reach anything. There is nothing like gaining anything without effort in Islam, no freeloading. Who wants to receive a rank, find honour without any effort is on the wrong way. They will be finished soon. Soon they will finish each other and who will bring justice to dunya? Who will finish these freeloaders? Hz Mahdi (as) will come. Before he comes, neither Egypt will be corrected nor Libya, Syria, Iraq, Palestine, none of them will get straight. May Allah grant us glorious services. You can't do glorious service by sitting in coffee shops. Beware. At that time they put a saddle on you & mount you! This is what the people do for those who can't keep their honour, Who wants to gain honour without effort put a saddle on their back & mount him, nothing else. They made us say these few words, the holy ones made us say. There is another matter but we don't want to open the way for it now because it will be long. Maybe tomorrow if we are alive, our assembly may gather again. There are many things to speak. There are many words for who accepts advice. Who doesn't, they will put a saddle on his back & mount him. That is it. They will mount him & finish him by hitting him with the whip in their hand.

May Allah grant us to do glorious services. All the orders of Allah Almighty were glorious. Everything else other than this has no value. They are the ones who saddle the people, or who make others saddled. Now the ones in power want to load the saddles onto the people. What will the people do? They have nothing to do because they deserve to carry the saddle. The ones in power saddle the people in their countries & mount them. May Allah not seperate us from His right way. We say in Turkish, Who understands, understands. For who doesn't understand, the saddle is ready for him. One saddle for him also. Tawba ya Rabbi, tawba Astaghfirullah.

O our Lord, Subhanak, Your order is above our head, O Lord. O Glorious Prophet, your order is above our head. May He send us the ones who will show us the right way, so that we find ourselves because we have lost ourselves. O coffee shop regulars, they call it "trabaza", the table, the ones who constantly sit in the coffee shop & hit the table (with cards or stones), this is not the thing to do. Keep your humanity. Throw the saddle

off your back. Say "we are no donkey. Why do they saddle us?" You should be able to say this. Bravo if you do. O those who listen to us, take a little share for yourself from this advice so that it is clear that you are effendi/ master, that they take us out from the level of animals.

O our Lord, send us a Sultan. And send us the servants who will teach us how we will walk to the Sultan in obedience, O Lord. We may be content with this much today. May Allah make us gather with the group of people on the right path, that have no saddles, that don't allow themselves to be saddled. What good can come from the ones who allow themselves to be saddled? Now whole world is saddled.

As-Salamu Alaikum O servants of Allah, I may give advice again. You accept this advice & be effendi. Don't be saddled. Throw away the saddle. What is the saddle? There are the elections, "when we win the elections. We can saddle who we like & rule." May Allah not make us fall into the hands of those tyrants. O Lord, for the honour of Your Glorious Prophet who will teach us our humanity. May he come, the one who will make us such that people will call us "glorious nation" as well.

Amin, amin, wa salamun alal mursalin wal hamdulillahi Rabbil alamin, al Fatiha.

## Der Mensch, der Glorreiche

---

As-Salamu Alaykum, unsere Brüder, die uns zuhören. Er sollte nicht uns zuhören, er sollte der Wahrheit zuhören. Das Wort, das gesprochen wird, ist es wahr oder nutzlos? Es muß ein Maß geben. Es sollte ein Maß, eine Waage geben. Wenn ich dieses Wort sage, wiegt es. Mal sehen, was sein Wert ist. Wenn es keinen Wert hat, werft es weg. Wie ist das Wort, das ich spreche? Dieses Wort ist wertvoll. Wenn es ein wertvolles Wort ist, behaltet es. Wenn jemand irgendwo Falschgeld findet, nimmt er es in die Hand und sieht es sich erst einmal an. Wenn er nicht versteht, geht er zur Bank und fragt, ob es Wert hat oder nicht. Wenn sie sagen, es hat Wert, behält er es. Wenn nicht, zerreißt er es und wirft es weg. Jetzt tun die Menschen alle Arten von Dingen in dieser Welt. Sie laufen hinter etwas her. Sie wollen ihren Ehrgeiz befriedigen. Sie laufen hierhin, dorthin. Sie geben sich große Mühe. Und schließlich lassen sie sogar zurück, was sie gesammelt haben, und sie nehmen ihn mit ins Grab als Ergebnis.
As-Salamu Alaykum, Mu'mins. Ramadan Karim. Der heilige Ramadan geht vorbei. Wir sagen Takbir: Allahu

Akbar, Allahu Akbar, La ilaha illa Allah. Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Wir preisen Allah den Allmächtigen. Und auch für unseren Meister, der der Meister der Schöpfung ist, Hz Muhammad Mustafa (saws). Allahumma salli wa sallim wa barik alayh. As-Salatu wa s-Salamu Alayka ya Rasulullah. As-Salatu wa s-Salamu Alayka ya Habiballah. As-Salatu wa s-Salamu Alayka ya Nabi Allah. O glorreicher Prophet (saws), unterstütze uns mit deiner himmlischen Unterstützung. Nicht jeder kann glorreich sein. Für den, der glorreich ist, wie erlangt er seine Glorie? Mit der Arbeit, die er macht. Gemäß seiner Arbeit, seiner Taten, ist er entweder glorreich oder er wird in den Müll geworfen. Marhaban, Marhaban, Mu'mins. Hütet euch. Die Menschen, die in diese Welt kommen, werden am Ende entweder glorreich oder Müll. Versucht, zu den Glorreichen zu gehören. Deshalb senden wir Salams an unseren Propheten (saws), der der Meister beider Welten ist, der Meister aller Propheten und die Krone auf ihren Köpfen. Wir sagten: O Glorreicher Prophet. Warum? Weil niemand sonst jemals die Glorie und die Ehre hatte, die er hat. Und er selbst setzte auch sein ganzes Leben lang Anstrengungen ein in dieser Dunya, so daß diejenigen, die auf ihn hören, auch glorreich und geehrt sein können.

Leute, die in Kaffeehäusern sitzen, hört zu! Welche Arbeit tut ihr, wenn ihr in Kaffeehäusern sitzt? Keine. Seid ihr geschaffen worden, um nichts zu tun? Warum verrichtet ihr nicht einen glorreichen Dienst und erwerbt einen Rang? Sie nennen es 'unsere glorreiche Armee'. Wie wird sie glorreich? Weil sie den Feind zunichte machen oder weil sie Shaytan besiegen. Mensch verstehe, was für ein schönes Wort das ist. Was ich euch anbiete, Leute, ihr habt auch die Möglichkeit, ihr könnt glorreich sein. Derjenige, der glorreich ist, wird in der Dunya respektiert und in der Akhirah belohnt. Die Leute in dieser Welt sind also in 2 geteilt nach diesem Aspekt: eins, die Leute, die einen glorreichen Dienst tun und Lobpreis erwerben, und das andere sind die, die keinen Wert haben und in den Müll geworfen werden. Es gibt auch für euch eine Möglichkeit. Sieh, Hussain Agha, paß auf. Dein Schöpfer gewährte dir die Möglichkeit, glorreich zu sein. Mach gute Arbeit. Erhalte Gerechtigkeit. Besiege Shaytan und dein Ego, und auch dir wird Glorie gegeben. Leider gibt es in unseren Tagen niemanden, der hört und solche Dinge tut. Niemand sagt: Ich kann glorreich sein. Wie schade! Warum versucht ihr nicht, glorreich zu sein und macht einen glorreichen Dienst, wenn ihr die Möglichkeit dazu habt?

'Nein, Shaykh Effendi, wir wollen glorreich sein ohne Anstrengung.' 'Wie?' 'Jetzt, in dieser Zeit, hängt glorreich zu sein von der Demokratie ab. Das bedeutet, je mehr Leute du hinter dich scharst, desto

glorreicher kannst du auch sein. Sie geben dir die Glorie.' Nein. Der Rang der Glorie wird den Leuten von den Himmeln gegeben. Glorie und Ehre werden einem Diener von den Himmeln gewährt. Und wer Tausende von Menschen hinter sich schart, und sagt: Ihr macht mich glorreich, was verdient er? Er verdient, in den Müll oder ins WC geworfen zu werden. Seid stark. Seid glorreich. Sie sagen zu dir: Dies ist ein Glorreicher, da ist die Arbeit, die er gemacht hat, z. B. die Suleymaniye Moschee. Wir haben Moscheen, die die Leute anschauen und sagen: Masha'Allah, dieser Architekt hat ein glorreiches Werk geschaffen mit diesem Stück. Gut gemacht! Oder sie sagen: Werft es in den Müll!

Bedenkt das, fragt euch: Bin ich glorreich oder nicht? Warum sitzt ihr in Kaffeehäusern herum? Warum sitzt ihr dort und spielt und schlagt auf den Tisch mit den Steinen? Ihr nehmt Karten in die Hand und spielt. Habt ihr Arbeit zu tun oder nicht? Aber die meisten Leute in dieser Zeit sind Schmarotzer. Sie wollen Glorie gewinnen ohne Anstrengung. Sie wollen in der Öffentlichkeit als glorreich angesehen werden ohne Anstrengung. Solche Leute haben keinen Wert. Der Mensch kann nicht glorreich sein, indem er Spiele spielt in den Kaffeehäusern. Allah der Allmächtige gibt jedem eine Chance. 'Seid glorreich und wenn ihr in Meine Göttliche Gegenwart kommt, sagen sie zu euch: Bravo, glorreicher Diener. Lobpreis und Glorreichsein wird erworben, indem man dem Weg von Glorreichen folgt. Der Prophet des Zeitenendes, unser Prophet, ist der glorreiche Prophet (saws). Warum? Er lud Billionen von Leuten in dieser Dunya ein auf den schönen Weg. Und jene, die den schönen Weg einschlugen, hinterließen schöne Werke. Und sie werden glorreich genannt in der Dunya, wie in der Akhirah. Allah der Allmächtige nennt sie 'O Meine glorreichen Diener'. Dies ist eine kurze Ansprache. Sie ist zu Ehren des heiligen Ramadan. Leute, Allah erschuf euch ehrenvoll. Bewahrt diese Ehre. Wenn ihr sie nicht bewahrt, werdet ihr wie die vielen Tiere, die in den Bergen und Ebenen herumwandern. Kennt Allah! Liebt Allah! Haltet den Weg Allahs (swt) ein und werdet gepriesen.

700 Jahre lang hielten unsere Vorfahren, sie werden 'unsere glorreichen Vorfahren' genannt, die Flagge des Propheten (saws), die Flagge des Islam. Sie wurden gepriesen. Subhana Allah. Wenn es eine Versammlung der Europäer gab, gehörte das Recht, zuerst zu sprechen, unseren glorreichen Vorfahren. Bevor sie gesprochen hatten, öffnete niemand, kein anderer König oder Kaiser den Mund, solche Ehre hatten sie, die Osmanen, die unsere Vorfahren sind. Warum? Sie erwarben Glorie, weil sie ihre Religion bewahrten und auf dem Weg gingen, den Allah (swt) ihnen gezeigt hatte. Sie sind glorreich in der Dunya und auch glorreich in der Akhirah. Ihr, die die Kaffeehäuser füllen oder ihre Zeit an allen Arten geschmackloser Orte vergeuden,

versucht, glorreich zu sein. Aber ihr wollt die Glorie für nichts, ohne Anstrengung. 'Wir werden glorreich ohne Anstrengung.' Nein, das geht nicht. In welcher Versammlung auch immer die Osmanen waren, niemand konnte ein Wort sagen, bevor sie nicht das erste Wort gesagt hatten. Der erste Respekt und die erste Ehrung war für die Osmanen, das größte Reich der Welt. Sie suchten nach allen Arten von Tricks, um es zu zerstören. Und schließlich, Schnitte hier und dort, blieb uns nur Anatolien. Und unser Wort wird nicht respektiert. Die kleinen Gruppen, die gestern unter unserer Kontrolle waren, respektieren uns jetzt nicht mehr, weil wir weit davon entfernt sind, ein glorreicher Staat zu sein. Der glorreiche Staat ist der, der Allahs Ordnung bewahrt. Ein Staat kann nicht herrschen mit erfundenen Gesetzen. Niemand erkennt sie an.

Heute sind das große Land von Aleppo, das große Sham, Hama, Hums, die Orte, die die Osmanen respektierten, zu Schlachtfeldern geworden. Wer immer die Möglichkeit hat, tötet Leute und betrachtet das als Ehre. Nein. Welche Ehre hat das? Wer diese Unschuldigen tötet, verbrennt, ihre Häuser zerstört, kann keine Glorie erwerben. Sie können ihre Häuser, Orte wieder aufbauen, sie können ihnen helfen, damit sie glorreich werden. 'Die Regierungen unterdrücken jetzt die Leute und gewinnen Glorie.' Nein. Das kann nicht sein. Deshalb ist es das Zeitalter der Unterdrückung. Es ist ein Zeitalter, in dem Tyrannen herrschen, und dieses Zeitalter wird weitergehen, bis Mahdi Rasul (as) erscheint. Niemand kann sie besiegen (die Tyrannen). Der glorreiche Imam ist Mahdi. Möge Allah ihn uns bald senden, insha'Allah. Er ist derjenige, der die Situation richten wird. Diese unsere Leute wollen also Glorie für nichts, umsonst. Und sie können ganz bestimmt nichts erreichen. Man kann im Islam nichts ohne Anstrengung erlangen, kein Schmarotzen. Wer einen Rang will und Ehre ohne Anstrengung, ist auf dem falschen Weg. Sie werden bald erledigt sein. Sie werden sich bald gegenseitig erledigen. Und wer wird Gerechtigkeit in die Dunya bringen? Wer wird diese Schmarotzer erledigen? Hz. Mahdi (as) kommt. Vorher wird weder Ägypten richtig gestellt, noch Lybien, Syrien, Irak, Palästina, keins von ihnen wird ausgerichtet.

Möge Allah (swt) uns glorreichen Dienst gewähren. Du kannst keinen glorreichen Dienst tun beim Sitzen im Kaffeehaus. Hütet euch. Zu der Zeit setzen sie dir einen Sattel auf und besteigen dich. Das machen die Leute mit denen, die ihre Ehre nicht bewahren können. Wer Ehre gewinnen will ohne Anstrengung, setzt ihm einen Sattel auf den Rücken und besteigt ihn, sonst nichts. Sie ließen uns diese paar Worte sagen, die Heiligen machten das. Es gibt eine andere Sache, aber wir wollen den Weg dazu jetzt nicht öffnen, weil es zu lang wird. Vielleicht morgen, wenn wir noch leben, trifft sich unsere Versammlung wieder. Es gibt Vieles zu sagen. Es

gibt viele Worte für den, der Rat annimmt. Wer nicht, dem setzen sie einen Sattel auf den Rücken und besteigen ihn. Das ist es. Sie besteigen ihn und erledigen ihn, indem sie ihn mit der Peitsche schlagen. Möge Allah (swt) uns gewähren, glorreiche Dienste zu tun. Alle Ordnungen Allahs des Allmächtigen waren glorreich. Alles andere als das hat keinen Wert. Sie sind es, die die Leute satteln oder andere satteln lassen. Die jetzt an der Macht sind, wollen den Leuten die Sättel aufladen. Was werden die Leute tun? Sie können nichts tun, weil sie es verdienen, den Sattel zu tragen. Die Mächtigen satteln die Leute in ihren Ländern und besteigen sie. Möge Allah uns nicht von Seinem rechten Weg trennen. Wir sagen es auf Türkisch, wer versteht, versteht. Für den, der nicht versteht, ist der Sattel bereit. Ein Sattel für ihn.

Tawba ya Rabbi, Tawba Astaghfirullah. O unser Herr, Subhanak, Deine Ordnung ist über unserem Kopf, o Herr. O glorreicher Prophet (saws), deine Ordnung ist über unserem Kopf. Möge Er uns diejenigen senden, die uns den rechten Weg weisen, damit wir uns selbst finden, weil wir uns verloren haben. O Stammkunden der Kaffeehäuser, sie nennen es "Trabaza", der Tisch, diejenigen, die ständig in den Kaffeehäusern sitzen und auf den Tisch schlagen (mit Karten oder Steinen), das ist nicht das, was getan werden soll. Bewahrt euere Menschlichkeit. Werft den Sattel ab! Sagt: Wir sind keine Esel! Warum satteln sie uns? Ihr seid in der Lage, das zu sagen. Bravo, wenn ihr das tut. O ihr, die uns zuhören, nehmt ein wenig für euch von diesen Ratschlägen, damit es deutlich ist, daß ihr Effendi, Meister, seid, damit sie uns von der Stufe der Tiere nehmen. Unser Herr, sende uns einen Sultan. Und sende uns die Diener, die uns lehren, wie wir zum Sultan im Gehorsam gehen. O unser Herr. Wir sind zufrieden mit so viel heute. Möge Allah (swt) uns mit der Gruppe von Leuten auf dem rechten Weg versammeln, die keine Sättel haben, die es sich nicht erlauben, gesattelt zu werden. Was kann Gutes kommen von denen, die es erlauben, gesattelt zu werden? Jetzt ist die ganze Welt gesattelt. As-Salamu Alaykum, Diener Allahs. Ich werde euch wieder Rat geben. Ihr nehmt diesen Rat an und seid Effendi. Laßt euch nicht satteln. Werft den Sattel weg. Was ist der Sattel? Da sind die Wahlen. 'Wenn wir die Wahlen gewinnen, können wir satteln, wen wir wollen, und herrschen. Möge Allah (swt) uns nicht in die Hände dieser Tyrannen fallen lassen. Herr, zu Ehren Deines glorreichen Propheten, der uns unsere Menschlichkeit lehrt. Möge er kommen, der, der uns so macht, daß die Leute uns 'glorreiche Nation' nennen. Amin, Amin, wa Salamun ala l-Mursalin wa l-Hamdulillahi Rabbi l-Alamin. Fatiha.

**Man - unknown creature! Or: Every day we are changing - materially and spiritually!**

Ayyuhal ghafilun, ayyuhal dhalimun, O ignorant ones, o oppressors!
People are swimming in the oceans of ignorance...
Welcome to you, welcome to you!
Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim,
La haula wa la quwatta illa bi-.llahi-l ‘Aliyu-l ‘Adhim!
As-salamu alaikum! As-salamu alaikum! As-salamu alaikum! Salamun qaulan mir Rabbi-r-Rahim!

O people, it is our humble meeting here, humble meeting... but the Lord of Heavens- Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah- He is looking, what we are doing. Don’t think that Allah Almighty’s Territory can be...(is) going to be in limits! But people they are thinking that Allah Almighty only He is occupying Himself for this world- ha sha-never! Al Mulku li-llah! Whole creation for Allah! Mulk, territory, His Dominions- (you know Dominions? You know to eat and drink, nothing else we are knowing... la haula wa la quwatta... What happened? Going to Paradise?... Territory, Mulk- no any English person here? His Territory, Dominions-)

What is Dominions? Dominions, that is a sign from His endless Territories; each Dominion, we may say, (is) like our universe that (it is) concluding perhaps countless galaxies. Countless galaxies that they are saying- through their knowledge that reaching- they are saying: “Ten

billion galaxies. This, that we can see a sign of it, through a biggest telescope, (is) ten billion galaxies." This universe, that is only, you may say, one Dominion and under His endless Power Oceans it is only a spot, small spot. This huge universe (is) only one spot and that is His Territory, but people (are) thinking that Allah Almighty (is) occupying Himself through this planet only! What is that ignorance? What is that! And they are thinking that He (is) only for this planet and (that) everyone or everything that He created on it, He is only looking after them and nothing (else)!

O people, try to know something about His Existence! I am not saying: "Try to learn about His Greatness", no, I may say only: "Try to look (to) this Dominion that (is) surrounding you." And through this Dominion it is only an unseen spot, (our) solar system, and in it our earth (is) going to be (like) nothing and everything on it (is) going to be nothing. He is Allah, He is Creator, He may create only to say: "Be!" and coming in existence what He is asking to come!

Don't tire (yourself) by thinking of our Lord's Attributes that it is heavenly Attributes, and then divinely Attributes, that no one can enter in it! For heavenly Attributes, (from) that you may take something. What is something? You can try to know something on this earth, as (what) a needle (is) going to take- a spot- from an ocean. You can take such a knowledge, so small! As a needle (that) you may put in an ocean and take it out; what (is) remaining at the edge of that needle, (like that) you may perhaps take something, such a thing, about our Lord's heavenly Attributes, heavenly Knowledge, that through that Knowledge you can understand something. And beyond that (there are) everending Horizons for knowledge only for this planet!

It is impossible for anyone to reach a heavenly Knowledge about that

planet, about its oceans. Who can reach to oceans, deeply or widely, who can do it? Everything they are knowing is only as nothing, nothing, nothing! As long as you are entering, that is such knowledge that every time (that) you are reaching much more from knowledge, your existence (is) going to disappear, disappear, disappear, to come down, to come down and to finish...

Don't think that your knowledge (is) making you to approach His heavenly Existence, because His Almighty's heavenly Existence is something impossible. Leave that- we may say, (someone may say: "O Sheikh, we are making such a thing that our mentalities can't carry for the knowledge about this world", and I am saying: "Yes, even less.")

I may say to you: 'Who are you? How you are in existence? Who (is) designing you? Who (is) giving your form? Who (is) giving your sex (as) man or women, male and female? You know about yourself? Why (you are) coming and to complain and objecting what we are saying? (The) most nearest show in existence to you (is) you! Your material being (is the) most closer thing around yourself, on this planet and over and under- why you are saying: 'How we are not knowing (the) heavenly Personality of our Lord?' Leave that and you look to yourself! "If you can say (something) about your (own) personality", I am saying, "(then) you may find a way to know (about the) heavenly Existence and Personality of our Creator." (It is) impossible, but you must believe, you must believe in it!

You must try to know something about yourself, because the Lord of Heavens (is) opening a Knowledge Ocean for you and (He is) saying: "Dig (dive??) in it and look! First learn (about) that ocean, then you may come back to you(rself), because your existence (is) much more important, much more wider from (the) Atlantic Ocean or (the) Pacific Ocean! You are bigger than (the) Pacific Ocean! Pacific Ocean, its

material and its inner reality may be more easier to you for an understanding, more than your existence. Your existence (is) sooo, sooo deeply existence and you, by yourself, it is impossible to know anything about yourself!

That is a respect and honouring (of) our Lord's deeds and dealings through existence... And today is something else from yesterday and also today is just different (to) one day in front of you; tomorrow your being (is) going to be... (in) another form (it is) going to appear. Don't think that you are every day (the) same one!

Every day we are changing, materially and spiritually- Allahu akbar! Und your secret of your being as Khalifatullah, the successor of (the) Lord of Heavens, that is another Ocean... Yet you can't be able to reach in it, yet no!

Allah Almighty (was) giving to S.Daud some specialities: When he was singing with Psalms, mountains were coming with him and singing, heavenly Singing, and everything on earth nearby to S.Daud a.s. they were so happy and they were glorifying Allah Almighty with S.Daud. Man (is an) unknown creature! Only his Creator (is) knowing, what He created, you, you are not knowing. But (He is) opening an entrance (for you): "If you like to know about yourself, I am sending to you teacher; I am sending to you a guide!" (A) guide (is) guiding people, for this castle, for that mosque, for that building, that is only... And Allah Almighty (is) sending from His servants someones to teach, to make guide to people. As we are signing: "That is (the) Star of Pole, that is (the) Seven Sisters Star, that is Jupiter, that is Saturn, that is Mars, that is Venus, this is Earth"... All is signing, but it is impossible to reach and to understand.

O people, Allahu akbar! We must be always keeping (the) highest respect with your Lord and (highest) glorifying. Glorifying that is Muntaha-l Bahru-l Haira, glorifying, (that) means, unlimited for Allah Almighty respect, unlimited respect. To glorify Allah Almighty, from creatures that is unlimited respecting and you can't reach the top point or (a) last point, no! That is our happiness, that is our hopeful and most beloved position for ourselves that we have such a Creator! If you are bringing that to your imagination, imagination is nothing! You can't reach any imagination for Allah Almighty's Existence and Dominions and heavenly Personality, that (it is the) divine Personality. That is, ohhh, everending, everending honour for ourselves! (The) everening Lord of Existence just granted us such everending honour, everending hope, everending refreshment, everending Beauty Oceans, ohhh, everending! If (it was) ending, if it is going to be in limits, that was for ourselves, that was taking ourselves away. We may disappear quickly, but this that means eternity, eternity!

Whole we are saying now about eternity (is) for the Lord of Creation. For creatures, you (are) only a spot and spot means: no ardi tul, no any limits for (a) spot. Spot, we may say spot, but we can't bring a description what is (a) spot! No length and no dimensions, only we may say that is spot, no any dimension, no! We are always in it and His Existence only (is the) real Existence. His Existence, yours no, but that (it is) granted (to) ourselves to be in that spot and that spot you may use your imagination, that we are speaking on it only as a spot also, nothing else, always, and you have been granted to be in eternity, eternal life. Allahu akbar! Allahu akbar!

O people, this Dunya... therefore, as we are saying, leave them, (it is) nothing, nothing, and real Reality... How many dimensions you know? 3? Do

you think that it is in limits, dimensions? May be 5o, may be 1oo, may be 1ooo, may be millions, may be billions- anyone (is) saying: “You can’t do this”? “...wa Huwa ‘ala kulli shayin Qadir!...” He may do everything, but we are living only in (a) 3 dimension existence. But no one can prevent Who created 3 dimensions, to be (there) 3oo (dimensions), 3ooo, 3 million, 3 billion, 3 quadrillion, 3 pentillion... no one can say: “He can’t do”- He can do! Allahu akbar! Allahu akbar! Subhanallah!

Therefore He is saying: “Abada... you are coming to Me. Through your life you are learning something, then your souls (are) jumping (into) My endless, endless Knowledge Oceans, endless Beauty Oceans, endless Blessing Oceans, endless, endless, endless Oceans!” Therefore who is getting in(to) Paradise, no one (is) saying that: “Just I am fed up”! What is fed up? No one can say: “(Canim sikiliyor.) I am fed up!” May Allah grant us to turn our faces to His Almighty’s divinely Face, to be with His divinely Oceans forever, Amin!

O people, try to be clean, because that, all of what we are saying, it is for clean people. That Dunya is dirty. Everyone (who is) asking only dirty, they are also dirty ones.

But ask to be clean and to be with clean ones, because He Almighty (is) only accepting clean ones, not dirty ones! Look after your actions, look after your intentions, if it is clean or not! If it belongs to Allah, it is clean, if it belongs to your ego, to Dunya, it is dirty. Don’t carry dirty things, but ask clean ones. Ya Rabbi, ya Allah!

May Allah forgive us; forgive me, forgive you and bless you, forever, Fatiha.

For the honour of the most honoured one in His divinely Presence.

## Al Maqam Al Mahmud

Ya Latif, Ya Latif - The Subtle, the Gentle Ya Latif, Ya Latif. All of them are tyrant nations, there is no Muslim nation. Ya Latif, Ya Latif. Everyday 100 times Ya Latif. Ya Latif, Ya Latif, Ya Latif, Ya Latif. 1000 times, Allahumma Salli ala Muhammad wa ala Ali Muhammad wa Sallim. 100 times Astaghfirullah Al Azim, Astaghfirullah Al Azim..
It is coming terrifying, with majesty- this Rabi-ul Awwal, our Prophet's (sas) month. The chance given to shaytan has come to its end now. First He will wipe out shaytan & those who are with shaytan. Then He will clean and raise the flag of Islam. I have the flag hung here. Any flag that has Holy Verses written on it belongs to Islam. Verses from "The Mirajiyah of Sulaiman Chalabi, the poet of the Mawlid" "Calinip tabl-i besaret- The drums of good tidings beaten. "basti ars uzre kadem- He (sas) set foot on the Arsh. "Gulgule doldu cihana- He entered with chants of joy. "geldi sah-i Enbiya- came the Sultan of Prophets" Allah Allah. The glory & honour of our Prophet (sas). How can we know it, how can we know? How can one know, how can you know it?

"Calinip tabl-i besaret- The drums of good tidings beaten.
"geldi sah-i Enbiya- came the Sultan of Prophets"
"Gulgule doldu cihana- He came with the chants of joy.

"basti ars uzre kadem- He (sas) set foot on the Arsh.

Before the Arsh-Divine Throne, he(sas) wanted to take off his shoes(Miraj night) but "step with your shoes on" the address came. He (jwa) said to Prophet Moses: "Fakhla` Na`layka - So take off your shoes" (20:12) when he was on earth (in the sacred valley, Tuwa). For our Prophet (sas), he himself wanted to take off his shoes but He (jwa) said: "Leave them on, let My Arsh be honoured, step on it". Allahu Akbar! "basti ars uzre kadem- He (sas) set foot on the Arsh".

O you gypsy herds, who consider the respect for the prophet(sas) over done. Leave that! Allah Almighty said, in His Presence "Step with your shoes on, that My Arsh may find honour with your step". And these ones make a fight in front of the Holy Maqam of the Prophet (sas) (when one wants to say salawat): "O you gypsy herds, o jackals, o you howling dogs! What can you say about His (jwa) Glorious Prophet (sas)? Allah Almighty has sent him (sas) to Maqam Mahmud (Station of Praise). What is Maqam Mahmud? Say! Who will be in the Maqam Mahmud? "`Asa 'An Yab`athaka Rabbuka Maqaman Mahmudan - It may be that your Lord will raise you to a Maqam Mahmud" (17:79). For whom is "Maqam Mahmud"? To whom was this honour given? You want to lower this Prophet's (sas) honour here? May they boil in hell- Wahhabi, Salafi & Ikhwan (Muslim Brotherhood-group), all of them! They can't see the face of our Prophet (sas) unless they repent. Can they see the face of Allah Almighty if they can't see the Prophet's? Aman ya Rabbi, Tawba ya Rabbi.

Show respect for him (sas). Praise him (sas) as much as you can. Have no fear. Because your praise..."'Inna Al-Laha Wa Mala'ikatahu Yusalluna `Ala An-Nabiyi- Allah sends His Salat on the Prophet (sas) and also His angels too" (33:56). Who are you? That they always attack the Prophet (sas)- Wahhabis, o wolves, jackals, foxes! Jackals & foxes will eat you. Those who have ill feelings for the Prophet (sas) & who consider the respect shown for the Prophet (sas) excessive, jackals will eat them. They will see! Aman ya Rabbi, may You not let us be misguided. How can you ask not to praise who Allah Almighty praised & glorified?

You say "shirk" (Association a Partner with Allah)! What is shirk? What is shirk? "O My Beloved, I have created everything for your honour" says Allah Almighty. "All creation, creatures I created for your honour. And I am not in need of what I created, I granted you all of them. It is all yours!" Allahu Akbarul Akbar! His Beloved Prophet, ya Sayyidi ya Rasul Allah (sas). If He gave us a small power, even like an atom, it can destroy everything! It can make all upside down!

Pull yourselves together, O Wahhabis, O Salafis, O secular people, O unbelievers, O liar Christians & Jews! Come to your senses, pull yourselves together! Think about the glory & greatness of our Prophet (sas), think about how he was. fakkaru waheed yateem- An orphan in unknown deserts, an orphan who lost both his mother & father. How he was living? How has he been known out of deserts, out of deserts? Hundreds of millions, billions of people lived. They had children. They died & were forgotten. What kind of a person was he (sas)? Neither Christians, nor Jews have any mind left to think! Say this! How did it happen? How did an orphan, who lost both his mother & father, an orphan boy that he didn't go to any school. He didn't know how to read or write. He was illiterate. How come did it happen, that for 23 years he said: "I am the Prophet of Allah & reading the Holy Quran He has sent you"?

Even if a person wrote a poem by himself & if you ask him to read it, he can't read correctly! is it so? The number of Holy Verses in Holy Quran? S.M. It was about 6000. M. 6666 Holy Verses How can this be? If it was not a Holy Book, how can an illiterate one read & say it to people? He reads & says it from the beginning to end by heart. He reads it correctly with all it's punctuations & letters. It means, these people who cannot think of this are below the level of animals.

Look at his glory & majesty! What does the Prophet (sas) say? "O my companions, one day will come when my name will be known throughout the whole world" This is Hadith-Tradition of the Prophet. "My name will be mentioned everywhere". This is a miracle of our Prophet (sas). He says this from out of the Arabian deserts: "When the last days come my name will be mentioned everywhere". Yes! Sayyidal Awwalin Wal Akhirin (sas). Ya Sayyidi ya Rasul Allah. We ask for your affection & intercession. We ask for power. Even an ant can crush them, destroy them. What kind of a thing is this? Look now, everywhere our Prophet's name is mentioned, as he said.

It is said in the first place! In the first place! Jews because of their lack of faith and Christians also, because of their lack of faith & their jealousy they don't accept our Prophet (sas). Let them not accept! They are not so many in number. As you say, he (sas) has a nation- there are 2-3 billions of people- Ummah, who say "La ilaha illa Allah Muhammad Rasul Allah". Can you make that many people say? Let them try if they can do it!

You have put Sayyidina Isa in the place of a farce, comedy & you are making theatre with him. They put crosses, cross themselves. What are these? Did Prophet Jesus come & tell you: "Take this cross & carry it, it is

my sign". If it was his sign, he would have it written on his forehead & walked out like this. They have no mind.

Jealousy is the attribute of shaytan. Shaytan got jealous of Prophet Adam & he has become shaytan. Whoever is jealous of our Prophet (sas), they are also shaytans. "Calƒ±nƒ±p tabl-i besaret- The drums of good tidings beaten. "kondu ol sahib alem- The Master of the Creation has entered upon the universe" "Gulgule doldu cihana- He came with chants of joy. "came the Sultan of Prophets." We ask for your intercession, ya Rasul Allah. Our language is enough only for this. This is enough. Fatiha.

**Al Makam al Mahmud**

---

Ya Latif, Ya Latif - Der Feinstoffliche, Sanfte. Ya Latif, Ya Latif. Sie sind alle Tyrannen-Nationen, es gibt keine Muslimnationen. Ya Latif, Ya Latif. Jeden Tag 100x Ya Latif. Ya Latif, Ya Latif, Ya Latif, Ya Latif. 1000x Allahumma Salli ala Muhammad wa ala ali Muhammad wa Sallim. 100x Astaghfirullahu l-Azim, Astaghfirullahu l-Azim. Er kommt erschreckend, mit Majestät, dieser Rabiul-Awwal, der Monat unseres Propheten (saws). Die Chance, die Shaytan gegeben wurde, kommt jetzt zu einem Ende. Zuerst wird er Shaytan auslöschen und jene, die mit Shaytan sind. Dann wird er die Welt reinigen und die Fahne des Islam erheben. Ich habe die Fahne hier hängen. Jede Fahne, auf der Heilige Verse geschrieben sind, gehört dem Islam an. (Verse von "Die Mirajiyah" von Sulaiman Chalabi, dem Dichter des Mawlid) "Calinip tabl-i besaret" - Die Trommeln der guten Nachrichten geschlagen. "Basti ars uzre kadem" - Er (saws) setzte den Fuß auf den 'Arsh. "Gulgule doldu cihana" - Er ging hinein mit Freudengesängen. "Geldi sah-i Enbiya" - der Sultan der Propheten kam. Allah Allah. Der Ruhm und die Ehre unseres Propheten (saws). Wie können wir es wissen, wie können wir es wissen? Wie kann man es wissen, wie kann man es wissen? "Calinip tabl-i besaret" - Die Trommeln der guten Nachrichten geschlagen. "Geldi sah-i Enbiya" - der Sultan der Propheten kam. "Gulgule doldu cihana" - Er kam mit Freudengesängen. "Basti ars uzre kadem" - Er (saws) setzte den Fuß auf den `Arsh.
Vor dem `Arsh, dem Göttlichen Thron, wollte er (saws) die Schuhe ausziehen (Miraj), aber "tritt darauf mit deinen Schuhen", kam die Ansprache. Er (jwa) sagte zum Propheten Moses: "Fakhla` Na`layka" - Also zieh deine Schuhe aus (20:12), als er auf der Erde war (im heiligen Tal Tuwa). Unser Prophet (saws) wollte selbst

die Schuhe ausziehen, aber Er (jwa) sagte: "Laß sie an, laß Meinen `Arsh geehrt werden, tritt auf ihn." Allahu Akbar! "Basti ars uzre kadem" - Er (saws) setzte den Fuß auf den `Arsh. Ihr Zigeunerbanden, die den Respekt für den Propheten (saws) als übertrieben ansehen, laßt das! Allah der Allmächtige sagte, in Seiner Gegenwart: "Tritt mit Schuhen darauf, damit Mein `Arsh durch deinen Tritt Ehre finde. Und diese machen einen Aufstand vor dem heiligen Maqam des Propheten (saws) (wenn man Salawat sagen will): Ihr Zigeunerbanden, Schakale, ihr heulenden Hunde! Wie könnt ihr über Seinen (jwa) ruhmreichen Propheten (saws) sprechen? Allah der Allmächtige hat ihn (saws) zum Maqam Mahmud (Stufe des Lobpreises) gesandt. Was ist Maqam Mahmud? Sagt! Wer wird am Maqam Mahmud sein? "`Asa 'An Yab`athaka Rabbuka Maqamaan Mahmudaan." - Es mag sein, daß dein Herr dich zu einem Maqam Mahmud erhebt. (17:19) Für wen ist "Maqam Mahmud"? Wem wurde diese Ehre zuteil? Ihr wollt die Ehre des Propheten (saws) herunterbringen? Mögen sie in der Hölle schmoren, die Wahhabis, Salafi und Ikhwan, sie alle! Sie können das Gesicht unseres Propheten (saws) nicht schauen, wenn sie nicht bereuen. Können sie das Angesicht Allahs des Allmächtigen schauen, wenn sie das des Propheten nicht schauen können? Aman ya Rabbi, Tawba ya Rabbi. Zeigt ihm (saws) Respekt. Preist ihn (saws), soviel ihr könnt. Habt keine Angst. Weil euer Lobpreis..."Inna Al-Laha Wa Mala'ikatahu Yusalluna `Ala n-Nabiyi" - Allah sendet Sein Salat auf den Propheten (saws) und auch Seine Engel. (33:56) Wer seid ihr, daß ihr den Propheten (saws) immer angreift? Wahhabis, Wölfe, Schakale, Füchse! Schakale und Füchse werden euch fressen. Diejenigen, die dem Propheten (saws) übelgesinnt sind und den Respekt, der ihm gezollt wird, übermäßig finden, Schakale werden sie fressen. Sie werden sehen! Aman ya Rabbi, laß uns nicht fehlgeleitet sein. Wie kann man den, der von Allah gepriesen und gerühmt wurde, nicht preisen wollen? Ihr sagt "shirk". Was ist shirk? Was ist shirk? "O Mein Geliebter, Ich habe alles dir zu Ehren geschaffen," sagt Allah der Allmächtige. "Alle Schöpfung, alle Geschöpfe schuf Ich dir zu Ehren. Und Ich brauche nicht, was ich erschuf, Ich habe dir alles davon gegeben. Es gehört alles dir!" Allahu Akbaru l-Akbar! Seinem Geliebten Propheten, ya Sayyidi, ya Rasul Allah (saws). Gäbe er uns etwas Macht, auch nur wie ein Atom, kann es alles zerstören! Es kann alles durcheinanderbringen! Reißt euch zusammen, ihr Wahhabis. Ihr Salafis, Säkulare Leute, Ihr Ungläubigen, verlogene Christen und Juden! Nehmt Vernunft an! Reißt euch zusammen! Denkt an den Ruhm und die Größe unseres Propheten (saws), denkt daran, wie er Fakkaru wahid yatim - Ein Waise in unbekannten Wüsten, ein Waise, der beide, Vater und Mutter, verloren hatte. Wie lebte er? Wie wurde er bekannt aus der Wüste heraus, aus der Wüste heraus? Hunderte Millionen, Billionen von Leuten lebten. Sie hatten Kinder. Sie starben und wurden vergessen. Was für eine Art Mensch war er (saws)? Weder die Christen, noch die

Juden haben noch Verstand, um nachzudenken! Sagt! Wie ist es geschehen? Wie kam es, daß ein Waise, der Vater und Mutter verloren hatte, ein Waisenjunge, der keine Schule besuchte, der nicht lesen und schreiben konnte, der Analphabet war, wie kam es, daß er 23 Jahre lang sagte: "Ich bin der Prophet Allahs. Und ich lese euch den Quran, der mir gesandt wurde"? Selbst wenn eine Person allein ein Gedicht schrieb, und du ihn bittest, es zu lesen, kann er es nicht richtig lesen! Ist das so? Die Anzahl der heiligen Verse im Heiligen Quran? S. M: Es sind etwa 6000. M: 6666 Heilige Verse. Wie kann das sein? Wenn es kein Heiliges Buch ist, wie kann ein Analphabet es lesen und den Leuten erzählen? Er liest und sagt es von Anfang bis Ende auswendig auf. Er liest es richtig mit der ganzen Zeichensetzung und den Buchstaben. Das heißt, diese Leute, die nicht daran denken können, sind unter der Stufe der Tiere. Seht seinen Preis und seine Majestät!
Was sagt der Prophet (saws)? "Meine Gefährten, ein Tag wird kommen, wenn mein Name in der ganzen Welt bekannt sein wird." Dies ist ein Hadith des Propheten (saws) "Mein Name wird überall erwähnt werden. Das ist ein Wunder unseres Propheten (saws). Er sagt das aus den arabischen Wüsten heraus: "Wenn die letzten Tage kommen, wird mein Name überall erwähnt werden." Ja! Sayyida l-Awwalin wa l-Akhirin (saws). Ya Sayyidi, ya Rasul Allah. Wir bitten um deine Zuneigung und Fürsprache. Wir bitten um Macht. Selbst eine Ameise kann sie zerquetschen und zerstören. Was für eine Sache ist das? Seht, jetzt ist der Name unseres Propheten überall genannt, wie er es sagte. Es wurde schon vorher gesagt. Schon vorher! Die Juden wegen ihres Mangels an Glauben und die Christen auch wegen ihres Mangels an Glauben und ihrer Eifersucht erkennen unseren Propheten (saws) nicht an. Sollen sie ruhig! Sie sind nicht so eine große Zahl. Wie du sagst, er (saws) hat eine Nation, es gibt 2 - 3 Billionen Leute in der Ummah, die sagen "La ilaha illa Allah, Muhammad Rasul Allah." Könnt ihr erreichen, daß es so viele Leute sagen? Laßt es sie versuchen, wenn sie können! Ihr habt Sayyidina Isa in einen Schwank, eine Komödie plaziert und spielt Theater mit ihm. Sie stellen Kreuze auf und bekreuzigen sich... Was soll das? Ist der Prophet Jesus gekommen und hat gesagt: "Nehmt dieses Kreuz und tragt es, es ist mein Zeichen?" Wäre es sein Zeichen, hätte er es geschrieben auf der Stirn und wäre so hinausmarschiert. Sie haben keinen Verstand. Eifersucht ist das Attribut Shaytans. Shaytan wurde eifersüchtig auf den Propheten Adam und wurde zu Shaytan. Die eifersüchtig auf unseren Propheten (saws) sind, sind auch Shaytane. "Caalinip tabl-i besaret" - Die Trommeln der guten Nachrichten geschlagen. "Kondu ol Sahib alem" - Der Meister der Schöpfung ist in das Universum eingetreten. "Gulgule doldu cihana" - Er kam mit Freudengesängen. Der Sultan der Propheten kam. Wir bitten um deine Fürsprache. Ya Rasul Allah. Unsere Sprache reicht nur dafür. Das ist genug. Fatiha.

**The Maqam of Al-Jibawi (Hz.)**

---

The French high commissioner wanted to straighten the road there, in the time of French. He said "I will pass beyond this (his turba)" He (S. Al-Jibawi) came into his dream at night & said "You & your soldiers, come and take me out from here (if you can)". The French disappeared after this. The French high commissioner. He (Jabawi) said "You & your soldiers come and take me out from here". The French disappeared after this, was never seen again. These evil ones, these dogs moved his turba, first checking peoples' reaction to it; if they are sensitive about it or not. Shaykh Jibawi Hz didn't say anything, they moved & carried him over a distance which is from here to down the road. It was not needed at all!

The British, O Bahauddin.. There is this place in UK, I think it is in the north. There is a paved road passing through it. Which one has the observatory? In UK, the famous one? Yes, Greenwich. Sometimes they would invite us to that side & we would go. One time we saw that the road was going straight then all of a sudden changing direction & there is a building in the middle, O Bahauddin. I asked "What is this? Why did they make the road like this?" They said "This was a bar in the old times. It was a pub that they made the road like this to keep the old building." Look how the British conserve the old & look at the boorishness of our people. The 500-year-old great turba.

When Sultan Selim was passing through it on his way to Egypt campaign he (Jibawi) stopped them there. He dismounted from his horse & asked "Who is here that stops us?" "This is Shaykh al-Jibawi Hz". He dismounted from his horse, visited him, took his blessings & conquered Egypt. He was such a holy one! And these ones are carrying his turba from here to there for no reason.

You don't have the right to do this! And the people of that area didn't rise against this. The boorish ones didn't understand that he didn't want to be moved from there. There were 7 other holy ones. It was the place where I first saw the GrandShaykh.

When I came from Homs, met the Grandshaykh for the first time. They told S. Said Sibai about Grandshaykh, "There is such a holy person, it is good to visit him" so we went together with Shaykh Sibai Hz to visit him. My heart didn't flow to anyone before. There were so many mashayeks, I didn't take bayat from any of them. He opened the door- the holy one, our Shaykh Sultan al Awliya. His beard was all white. He came out with his dress on & welcomed us. I said "What I have been looking, looking for is here."

The bodies of the 7 holy ones came out just as they were buried. And the grandson of Jibawi Hz, was near GrandShaykh. They didn't ask the GrandShaykh & he didn't go there. He didn't interfere. He is such a holy one, Jibawi Hz. When they opened his grandson's grave, they found him with his shroud. And when they wanted to move his head, he hit that one's hand! He cried & said "What can we do? This is the order of Ulu 'l-Amr." At that time he surrendered, Hassan al Jibawi Hz. May Allah sanctify his secret. And the people accepted this (moving of his turba) but they don't forget; "You destroyed this (the tomb) by yourselves for no good reason. Then we will have your area destroyed also".

And Shaykh Said (Sibai) Hz is the one who watched over me & taught me in Homs. May Allah bless his soul. He said to GrandShaykh: "This one, our student, wants to go to Madina al-Munawwara". GrandShaykh did like this, said "I can't answer. I will present this matter to the Presence of the Prophet (sas) tonight. Whatever they decide & tell me in their assembly at night, he comes to me & I inform him". He didn't answer right away. I went to him early morning the next day. He said "I presented this student of yours at night" to S. Said Effendi "that he wants to go to Madina al-Munawwara, to the Prophet (sas). The Prophet (sas) looked upon him with his Divine Glance & favored him. And he (sas) said 'there is no need for him now to come to me. But from the green island he resides, he should collect the ones from my ummah who are left outside. Give him permission, Abdullah Effendi. Send him there'". Having no passport or ID, I left there & came to Cyprus. It is such a station, such a station..

The people didn't object to the moving of his grave, from here to there. You opened up your awrah/private parts but they found inside these 7 holy ones whose shrouds were not faded yet (their bodies still covered). Jibawi Hz, he is a dragon. He didn't say anything but his coffin would rotate & their fingers wouldn't reach. They didn't understand that he wanted to keep his place. The British didn't move even an old pub of theirs & they moved the great tomb.. Sultan Selim got off his horse as if he was asked to. He entered his turba, to accept his invitation. He is a dragon. He asked for permission for his Egypt campaign. He said "Go, O son. Ride." And he conquered Egypt.

Sheikh Bahauddin: He conquered Egypt with that permission.

M. He took over the Caliphate. Look at their power! No one knows, no one is aware of this matter that we just said. "From where does the money come to Shaykh?" they ask. I said "I put straw upstairs, that at dawn money rains there. No one knows, I go up there & collect & spend from it" There are so many things, there are so many things in our heart.. Your mother would see in her dream that I am traveling together with Mahdi (as) from Istanbul, a man like me...

S.B. You are the Sultan al-Awliya.

M. My Shaykh is still a dragon, he can make everything upside down! Aman ya Rabbi. I said because Bahauddin keeps it, he keeps it in his mind & Omar hears it. Long live Omar!

S.B. See you soon Insha Allah.

**Al Jibawy: Die Öffnung seines Maqam**

---

Der französische Hochkommissar wollte die Straße dort begradigen in der Zeit der Franzosen. Er sagte: 'Ich werde daran (an seiner Turba) vorbeigehen.' Er (S. Al-Jibawi) kam in seinen Traum in der Nacht und sagte: 'Du und deine Soldaten, kommt und holt mich hier heraus, wenn ihr könnt.' Die Franzosen verschwanden danach, der französische Hochkommissar. Er sagte: 'Du und deine

Soldaten, kommt und holt mich hier heraus.' Die Franzosen verschwanden danach und wurden nie mehr gesehen. Diese Bösen, diese Hunde, verlegten seine Turba. Zuerst prüften sie die Reaktion der Leute darauf, ob sie empfindlich waren oder nicht. Shaykh Hassan Hz sagte nichts. Sie verlegten sie und trugen ihn über eine Entfernung wie von hier bis zum Ende der Straße. Es war überhaupt nicht notwendig!

Die Briten, Bahauddin... Es gibt diesen Ort in England, ich glaube, es ist im Norden, da führt eine gepflasterte Straße durch. Welcher hat dieses Observatorium? In England, das berühmte? Ja, Greenwich. Manchmal luden sie uns auf die Seite ein und wir gingen hin. Einmal sahen wir, daß die Straße geradeaus ging und dann plötzlich die Richtung wechselte. Da stand ein Gebäude in der Mitte, Bahauddin. Ich fragte: 'Was ist das? Warum haben sie die Straße so gemacht?' Sie sagten: 'Das war einmal eine Bar in alten Zeiten. Es war ein Pub, wegen dem sie die Straße so machten, um das alte Gebäude zu bewahren. Sieh, wie die Briten das Alte bewahren, und sieh das Banausentum unserer Leute. Die 500 Jahre alte große Turba.

Als Sultan Selim durchkam auf seinem Weg zum Ägyptenfeldzug, hielt er (Jibawi) sie dort an. Er stieg vom Pferd und fragte. 'Wer ist hier, uns aufzuhalten?' 'Dies ist Shaykh Hassan al-Jibawi Hz.' Er stieg vom Pferd, besuchte ihn, nahm seinen Segen entgegen und eroberte Ägypten. Er war so ein Heiliger! Und diese tragen seine Turba von hier nach dort ohne Grund. Ihr habt nicht das Recht, das zu tun! Und die Menschen dieses Gebietes erhoben sich nicht dagegen. Die Ungebildeten verstanden nicht, daß er nicht dorthin verlegt werden wollte. Es gab noch 7 andere Heilige. Es war der Ort, wo ich Großshaykh zum ersten Mal sah. Als ich aus Homs kam, traf ich Großshaykh zum ersten Mal. Sie erzählten S. Said Sibai von dem Großshaykh: 'Da ist so ein Heiliger. Es ist gut, ihn zu besuchen.' Also gingen wir zusammen mit Shaykh Sibai Hz, um ihn zu besuchen. Mein Herz floß zu niemandem vorher. Es gab so viele Mashayekhs. Ich nahm von keinem von ihnen Bayat. Er öffnete die Tür, der Heilige, unser Shaykh, Sultan al Awliya. Sein Bart war ganz weiß. Er kam heraus mit seinem Gewand an und hieß uns willkommen. Ich sagte: 'Was ich gesucht habe, ist hier.'

Die Körper der 7 Heiligen kamen hervor gerade so, wie sie begraben wurden. Und der Enkel von Jibawi Hz war nahe bei Großshaykh. Sie fragten Großshaykh nicht und er ging nicht dorthin. Er

mischte sich nicht ein. Er ist so heilig, Jibawi Hz. Als sie das Grab seines Enkels öffneten, fanden sie ihn mit seinem Leichentuch. Und als sie seinen Kopf bewegen wollten, schlug er auf die Hand desjenigen. Er schrie und sagte: Was können wir tun? Dies ist der Befehl des Ulu l-Amr.' Zu der Zeit ergab er sich, Hassan al Jibawi Hz. Möge Allah sein Geheimnis heiligen. Und die Leute akzeptierten das Verlegen seiner Turba, aber sie vergessen es nicht. 'Ihr habt dieses Grab selbst zerstört ohne guten Grund, also werden wir euer Gebiet auch zerstören lassen.' Und Shaykh Said Sibai Hz ist derjenige, der über mir wachte und mich in Homs lehrte. Möge Allah seine Seele segnen. Er sagte zu Großshaykh: 'Dieser unser Student will nach Madina al-Munawwara gehen.' Großshaykh tat das und sagte: 'Ich kann das nicht beantworten. Ich werde diese Sache heute Nacht der Gegenwart des Propheten (saws) vorlegen. Was immer sie entscheiden und mir in ihrer Versammlung sagen in der Nacht, er soll zu mir kommen, und ich informiere ihn.' Er antwortete nicht sofort. Ich ging zu ihm am frühen Morgen des nächsten Tages. Er sagte: 'Ich habe diesen Schüler von dir in der Nacht vorgestellt' zu S. Said Effendi, 'daß er nach Madina al-Munawwara gehen will, zum Propheten (saws). Der Prophet (saws) schaute auf ihn mit seinem Göttlichen Blick und begünstigte ihn. Und er (saws) sagte: Es ist nicht notwendig für ihn, zu mir zu kommen. Aber von der grünen Insel, auf der er lebt, soll er diejenigen von meiner Ummah sammeln, die außen vor sind. Gib ihm die Erlaubnis, Abdullah Effendi. Sende ihn dorthin.' Obwohl ich weder Pass noch ID hatte, ging ich dort weg und kam nach Zypern.

Es ist solche Stufe, solche Stufe... Die Leute widersetzten sich nicht der Verlegung seines Grabes von hier nach da. Ihr habt euere Awrah, euere Scham enthüllt, aber sie fanden innen diese 7 Heiligen, deren Leichentücher noch nicht verrottet waren, ihre Körper noch bedeckt. Jibawi Hz ist ein Drachen. Er sagte nichts, aber sein Sarg rotierte, und ihre Finger konnten ihn nicht erreichen. Sie verstanden nicht, daß er auf seinem Platz bleiben wollte. Die Briten verlegten nicht einmal eines ihrer alten Pubs, und sie verlegten das große Grab.. Sultan Selim stieg vom Pferd, als sei er dazu aufgefordert worden. Er betrat die Turba, um seine Einladung anzunehmen. Er bat um Erlaubnis für seinen Ägyptenfeldzug. Er sagte: O, Sohn, geh, reite.' Und er eroberte Ägypten. SB: Er eroberte Ägypten mit dieser Erlaubnis. M: Er übernahm das Kalifat. Seht ihre Macht! Niemand weiß es, niemand ist sich dieser Sache bewußt, die wir eben sagten.

'Von wo kommt das Geld zu Shaykh?' fragen sie. Ich sagte: 'Ich tue einen Strohhalm nach oben, so daß am Morgen Geld hineinregnet. Niemand weiß das. Ich gehe hoch und sammle es auf und gebe es aus.' Es gibt so viele Dinge, es gibt so viele Dinge in unserem Herzen... Euere Mutter sah im Traum, daß ich zusammen mit Mahdi (as) von Istanbul reiste, ein Mann wie ich... SB: Du bist der Sultan al Awliya. M: Mein Shaykh ist immer noch ein Drachen. Er kann alles auf den Kopf stellen. Aman ya Rabbi. Ich sprach, weil Bahauddin es bewahrt, er bewahrt es im Gedächtnis. Omar hört es. Lang lebe Omar. SB: Bis bald, Insha'Allah.

## The Maqam Of HabibuLlah

The sincere servants of our Lord, may Allah Almighty write us with them also. Shukur Allah, shukur Lord, shukur our Lord Who is the Al-Ghani Sultan. You are the Subhan, You are the Sultan O Lord. We are weak servants and we are under Your Command. Our aim is to keep Your Order. We live for You. We strive for You. We strive for Your acceptance, to make You pleased with us. We are so small ones but grow great with our intention. May we stand up to glorify our Lord. Allahu Akbar Allahu Akbar Allahu Akbar wa LilLahi-l Hamd. Was-Salatu was-Salam 'Ala Habibihi Mustafa. O Lord, may You not remove us from under the flag of Your Beloved. May our strength increase and we not get tired. We don't get tired.
As-Salamu Alaikum. We may greet with Salam. As-Salam qabl-al kalam. First greet with Salam and then start your speech. Adab, adab. O our Lord; our Subhan, our Sultan. The Beloved, most Beloved of Allah... From the Nur of the one Most Beloved to Allah among His Creation, the whole Creation shines. A speck from that Nur can immerse the creation in Nur. O our beautiful Prophet, may your glory be high. Zidhu Ya Rabb. Zidhu Ya Rabb. Zid Habibaka l-Mustafa wa l-Mujtaba, Muhammad Al-Mustafa. May his glory be high. Raghman ala anfi-sh shaytan. May shaytan suffer his lesson. May our Prophet's honour rise.
Adab Ya Hu! Adab is the beginning of everything. With adab, man reaches to what he aims. Having no adab makes men animals and makes them deprived. Adab! We are Allah's servants and the nation of His Beloved. We should make shukur. We should praise. We should send Salatu Salam on our Lord and His Prophet. Listen carefully! Our first glorification for our Lord is Bismillahi r-Rahmani r-Rahim. It starts with this. Glorifying Allah Almighty and His Prophet starts with Bismillahi r-Rahmani r-Rahim. Who says Bismillahi r-Rahmani r-Rahim is dressed with a beautiful dress from the Heavens. And a seal with the seal of Heavens is stamped on his

forehead. The seal granted to his heart is different.
Bismillahi r-Rahmani r-Rahim. I want to stand up each time but Allah Almighty and His holy Prophet knows about my shortcoming. Or else I want to stand up always. I want to stand up always glorifying my Lord and His Beloved whose honour He (swt) raised and for whom He (swt) created this creation. What an honour. What an honour it is to remember the Ism Al-Jalil of Allah Almighty and to express the honour of His Beloved and say Bismillahi r-Rahmani r-Rahim. O our Lord! You granted us to say Your Ism Al-Jalil, You dressed on us the dress of honour. You descended the thawb, the dress that the honoured ones will wear from Arsh to farsh (earth). Baytu-l 'Atiq; "Wa Liattawwafu Bil-Bayti l-`Atiq" (22:29).

You sent down the Ka'aba l-Muazzama. There are all kinds of blessings in it. There are the gifts of Allah Almighty for the children of Adam. Allah's House, Baytullah is not empty. "Wa Liattawwafu Bil-Bayti l-`Atiq" (22:29). For how long has the Ka'aba existed? The Ka'aba's Owner knows. And for whomever it was sent down, he knows also. No one can know up to the level he knows. Rabbu-l 'Izza, our Lord Who is Al-Qadir and Al-Muqtadir, granted the key of that Ka'aba, of the secret of Baytullah and of the Mercy Oceans in it, to our Prophet (sas). What is its key? What is the key of Ka'aba l-Muazzama? Bismillahi r-Rahmani r-Rahim.
With what do the doors of the Seven Heavens open? They open with Bismillahi r-Rahmani r-Rahim. With what do the doors of the Eight Paradises open? They open with Bismillahi r-Rahmani r-Rahim. With what do the doors of the seven hells lock? With BismiLlahi-r Rahmanir Rahim
they close. O our Lord! We remember Your Ism Al-Jalil. For the honour of Your Beloved, to whom You sent down Bismillahi r-Rahmani r-Rahim, may You dress that honour on us. O Man! For Whom are you created? Do you know? They didn't teach you? It is such a shame that the places, the treasures Allah Almighty taught His Beloved have no value for them. What will open the Seven Heavens all the way up to the Arsh, their treasures; what will open the treasures of the Seven Heavens and the seven Arshes is Bismillahi r-Rahmani r-Rahim. Leave the treasures! Leave the treasures. Your mission is not to collect treasures. Our mission is not to save gold, nor to save paper money nor to build palaces, nor to fill our treasuries. Understand this! You must understand. Those who are Men, understand but those who are animals do not

understand. Don't descend to the category of animals. Stay in the man category, so that your glorification in Heavens is the glorification of our Prophet and our Prophet is addressed as Hazrat Insan. Hazrat Insan...

Hazrat (Presence) is only for our Prophet (sas). Hazrati Llah Jalla Jalaluhu granted the Hazrat to our Prophet (sas). No one can be higher than him in the Presence of Allah Almighty. And what is his dress of honour? Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. With each Bismillah, he passed one level of the Heavens. And when he reached the Divine Presence, a magnificent door appeared. No one can know its magnificence. To whomever Allah Almighty granted that door, they know. Jibril stopped in front of that door and so did our Prophet (sas). "What is there behind this? What a magnificent door is this, O Jibril? O the Angel who is accepted in the sight of Allah, O Hz Jibril! For the honour of the Magnificent Holy Quran that you brought, tell me, what door is this?" "This door opens to you, O Beloved. It didn't open for anyone else before you and will not open to anyone else after you either. This door opens for you". "Say. Your Lord Jalla Jalaluhu said that you say Bismillahi r-Rahmani r-Rahim and the door opens".

He said Bismillahi r-Rahmani r-Rahim and the magnificent door...It is such that no mind can comprehend it. You can't think, you can't find it with your thinking or imagination. You get astonished. "It is a magnificent door and you will open it. Say O Beloved, Bismillahi r-Rahmani r-Rahim" and that magnificent door opened. The Prophet(sas) saw there so many things... O Men who have become animals! Are you teaching this? Are you teaching Who is the Owner of the Universe and to whom He (swt) granted? No! What you teach are the dirty whispers, the imitated titles of shaytan: you strive for this! You fight for this! Shaytan has thousands of traps that he set to deceive mankind, to take his honour from him. And you are trying to fall into this trap! Leave the dunya ranks. Leave them. Look at the ranks, the power, the magnificence Allah Almighty, Who is the Rabbu-l 'Izza, appointed for you. Look at the Nur; watch the oceans of Nur that open every moment. Watch His Mulk (Dominions). There is no end to His Mulk. He (swt) said "Say Bismillahi r-Rahmani r-Rahim and go around in My Mulk".

"Wa Lillahi Mulku s-Samawati Wa l-'Ard" The Dominions of earths and Heavens belong to Allah Almighty, Allahu Dhul Jalal Hz. Enter in it, see it and find honour! "O My servants" says He (swt), "Come and say it". With what did that station open to the Prophet? It opened with

Bismillahi r-Rahmani r-Rahim. It is such a beauty that even if all peoples' imaginations came together it can't even express a speck of it. He (swt) said "He is my Khalifa on earth" Allah Almighty made Adam (as) the Khalifa. But above him, there is the station of our Prophet (sas). Adam (as) is the Khalifa of Allah. Our Prophet is Habibullah(Beloved of Allah). Isa (as) is Ruhullah (Spirit of Allah), Ibrahim (as) is Khalilullah (Friend of Alllah). Noah (as) is Najiyullah (Confidant of Allah) and Moses (as) is Kalimullah (Speech of Allah) but there is no one who is in the station of our Prophet; being the Habibullah.

Allah Jalla Jalaluhu is One. His Beloved is One also, can't be two. Step on where he stepped and walk. May you also enter the beauties of Malakut which opened for that glorious Prophet (sas). There is no one who knows the beginning or end of Malakut. When you open the Bismillah, the paradise that is appointed for you opens. May Allah grant us this also. What you should teach is this. You should teach about Allah (jj). You should teach about Who Created you and how you should praise Him. You should make tasbih, tamjid, tahmid for Allah Almighty always and forever. You should glorify Allah Almighty so that you come near to the rank Allah Almighty granted you and that fits you; Humanity should fit you. Humanity does not fit today's men who became animals. If they became tamed animals, no harm, but today's people became wild animals.

Allah Almighty granted them the highest rank. The highest, most exalted rank is for mankind. There is the Divine Honouring. You leave this and sell lamp oil, save gold, collect precious stones... What is what you collect compared to the treasures of Qarun? Sixty mules would carry the keys of Qarun's treasures. And the smallest key was the size of a finger. Not even calculators can do the math of his treasures! He collected, stored and then what did he do? He got wild. He went wild to the Great Prophet Moses and disobedient to his Lord. He said "Recite the Bismillah. It is better for you than collecting these". The Bismillah is thousands, millions of times better and greater than all the treasures of Qarun.

What is it compared to the treasures of Allah? Can it even be considered as a treasure? Moses (as) said "O earth! This earth that Qarun steps on, swallow him as well as his treasures!" Immediately it swallowed and they disappeared. What do you strive for in dunya? "I will be" "No, I will be!". The most honoured rank you can be is: Ana 'abduka wa bnu 'abdayk. Labbayk Allahumma

Labbayk. I come as the child of Your servant. Labbayk Allahumma Labbayk. Wa I-'abda 'abduka wa bnu 'abdayk, Allah! They call like this in Ka'aba l-Muazzama. "I came as the servant of Your servant, O Rabbu-l 'Izza, Who is the Owner of this glorious Ka'aba. May a treasure open for us". "Say O My servant: Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim, and it opens for you. You will never lose it; Mulkun la yablaa, you will be granted the mulk which is endless, which never finishes. Say Labbayk Allahumma Labbayk, here I am O Lord.

Say O My servant, Bismillahi r-Rahmani r-Rahim. Say so that you can be human. Whatever he received from the dunya ranks are all zero. There are so many religions and each one has their own Great Ones. There was a holy person who would come to visit us. He used to say: "Greatness is not with age or wealth, it is with Kamal (perfection)". Man doesn't grow great with age or wealth. But the rank of "Kamal" (perfection) gives him honour. Don't try to collect wealth. All the unbelievers also collected wealth. And what happened? It was left to others when they died. Try to take from the spiritual treasures. The key to the spiritual treasures is Bismillahi r-Rahmani r-Rahim. Say it and come closer. "Wa sjud Waqtarib" (96:19). Allahu Akbar! Allah's Order: Make sajda to Me and draw near. There can't be sajda without the Bismillah.

O man! Understand the Bismillah. If there were holy ones to speak about this Bismillah for 100 years, for 1000 years, for 100 000 years, they can open it according to their knowledge and give; they can go on to speak about it but can't finish. Allah granted us such a treasure but today's people don't say the Bismillah. They removed the Bismillah. "How can the Bismillah be removed?" "Well, we removed it. What did we put in its place? We put there a portrait". "Yahu the ancient tribes would put portraits and worship them. What are you doing? What is this portrait doing for you?" "We don't know what it does for us but it's the invention of the ones before us" "Then your doings are fake, and will have no result. Your situation is hopeless".

A nation which removed the Bismillah from their assembly can never find goodness, in dunya or in akhirah. They will be put in chains of humiliation, in dunya and in akhirah. Let us say then, O believers, Bismillahi r-Rahmani r-Rahim. May You accept O Lord. Say at least seven times; 40 times, 70 times, 100 times, 1000 times say Bismillahi r-Rahmani r-Rahim and you will open. You will be relieved, Nur will come from your face. Joy will come to your heart. Say O mankind: "I am a weak servant of Allah. Bismillahi r-Rahmani r-Rahim. O Lord, may You grant us from this

barakah that You granted to Your Beloved; a speck from the Oceans of Bismillahi r-Rahmani r-Rahim. And I walk in Your way like a lion! So that I won't be an animal to shaytan but be a lion at Your door.

Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim". Say and don't fear. No illnesses or troubles will be left for you. No evil of enemy or evil of shaytan can reach you. It burns all of them. Then we may say also: Bismillahi r-Rahmani r-Rahim. O our Lord, may You accept. Our strength is up to here. Not only for a short time but if we say for hours, for days, for months, for years, for centuries Bismillahi r-Rahmani r-Rahim, if we speak of its virtues, we can't finish. And each time we say it, a new dress: the dress of power, the dress of Malakut. The dresses of earth get old but the dress of Malakut doesn't get old. Your Nur increases and your body becomes strong, finds relief. You find relief. Troubles and accidents be away from you. "A cannon was fired here, someone fired a rifle there..." It won't touch, O son. It comes on you because you are without the Bismillah.
If you say Bismillahi r-Rahmani r-Rahim, nothing can touch you. If you put Bismillahi r-Rahmani r-Rahim in your home, it doesn't burn in fire. There won't be any fire because fire cannot burn the Bismillah. Hasha. Hasha. They forgot this and became forgotten. "Nasu Allaha Fanasiyahum" (9:67). "Fight each other! May your dunya life be destroyed and your akhirah be torment" Angels call like this. Aman Ya Rabbi. Aman Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah.
We are a weak servant. Our sohbat of today is up to here. It is to wake up. Everything is for shaytan, to make people sleep (be heedless). They are making us speak in order to awaken the people to the doings of shaytan. May Allah protect us from the evil of shaytan. May Allah Almighty accept us into His servanthood. Amin. Wa Salamun 'alal Mursalin Wal HamdulilLahi Rabbil 'Alamin. Al-Fatiha.
Marhaba, marhaba, marhaba. May Allah grant you a high level of iman and to be a neighbor to the Prophet (sas) and grant His Mercy to our deceased ones. Mehmet, read for me. Allah Allah...If mankind knew about the miracles in the Bismillah, there would be no troubles left on earth. People would live a happy, prosperous life. Allah Almighty would grant them such a beautiful life. Allah Almighty doesn't want His servant to be in hardship. Not "Wa La Yuridu

Bikumu l-`Usra" but "Yuridu Llahu Bikumu l-Yusra". Allah Almighty doesn't want any hardship for you. He (swt) doesn't want you to be crushed. He wants you to open, to be at ease. "Wa La Yuridu Bikumu l-`Usra", "Yuridu Llahu Bikumu l-Yusra". Allah intends for mankind ease. He (swt) wants them to live an honoured life. He (swt) collected His three Ism Al-Jalil in the Bismillah, Recite it and don't fear. Your life may be beautiful. Your death, your passing from dunya may be beautiful. May your face be enlightened in akhirah, in the Divine Presence. May you cross the Sƒ±rat so fast and easy and may the eight doors of Paradise open for you. Say Bismillahi r-Rahmani r-Rahim. Fatiha.
But you don't say! If you don't say, that person loses his humanity, he becomes ugly. He gets old and then his troubles get more and more. The Nur in his face is taken. He turns into such a strange creature that everyone runs away from him! May Allah not decrease the Nur in our faces. May Allah enlighten us with the Nur of the Bismillah. Don't forget O Kings! Don't forget.

Say Bismillahi r-Rahmani r-Rahim and don't fear from the weapons of Russians or Americans. A man who is (seems to be) of no use can stop all of them with the Bismillah. Law aqsa ma lallahu barra. You may see a person who is poor and miserable in appearance but if he asks from His Lord, not for the honour of His Glory but "for the honour of Your Beloved, may this be like this" Allah Almighty does not turn down his request. Now the foolish people of this time offended them all. And they became pressed (madjaz), They are tired of their lives, suffering in difficulties and poured into the streets.
"Where should we run to?" "'Ayna l-Mafarru" (75:10). Where to flee? calls mankind. This is nothing, look to what is coming. "'Ayna l-Mafarru" will call the people: Where to flee from Egypt? To Libya? No. To Syria? Don't even come close. Iraq, Iran, Turkey? Don't come close. Where to flee? "Fafirru Ila Llahi" (51:50). Run to Allah! Say "Bismillahi r-Rahmani r-Rahim. O our Lord, may Your doors open for us". "Open My doors, you have the key". What is it? Bismillahi r-Rahmani r-Rahim. Everything opens with it. Why do you still call to Me? I granted you the key, you are not using it. You are not saying Bismillahi r-Rahmani r-Rahim. Then you will suffer. May Allah forgive us. Fatiha.
This is an ocean which can't finish by speaking. But it needs men who can understand. May we understand insha Allah. Tawba Ya Rabbi, tawba Astaghfirullah.

Al-Fatiha.

## Der Maqam Habibullahs

---

Die aufrichtigen Diener unseres Herrn, möge Allah der Allmächtige uns auch zu ihnen rechnen. Shukur Allah, Shukur Herr, Shukur unser Herr, Der der Al-Ghani Sultan ist. Du bist der Subhan, Du bist der Sultan, o Herr. Wir sind schwache Diener, und wir stehen unter Deinem Befehl. Unser Ziel ist es, Deinen Befehl einzuhalten. Wir leben für Dich. Wir streben nach Dir. Wir streben nach Deiner Anerkennung, damit Du mit uns zufrieden bist. Wir sind so klein, wachsen aber mit unserer Absicht. Mögen wir aufstehen, um unseren Herrn zu preisen. Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Wa s-Salatu wa s-Salam `ala Habibihi Mustafa. Herr, mögest Du uns nicht von unter der Fahne Deines Geliebten abziehen. Möge unsere Stärke zunehmen und wir nicht müde werden. Wir werden nicht müde. As-Salamu Alaykum. Wir grüßen mit Salam. As-Salamu Qablu l-Kalam. Zuerst mit Salam grüßen und dann beginnen zu sprechen. Adab, Adab. Unser Herr, unser Subhan, unser Sultan. Der Geliebte, der Meistgeliebte Allahs.. Von dem Licht des Meistgeliebten Allahs unter Seiner Schöpfung leuchtet die ganze Schöpfung. Ein Fleck dieses Lichtes kann die Schöpfung in Licht tauchen. O unser schöner Prophet, möge dein Ruhm hoch sein. Zidhu ya Rabb. Zid Habibaka l-Mustafa wa l-Mujtaba, Muhammad al-Mustafa. Möge sein Ruhm groß sein. Raghman `ala anf Shaytan. Möge Shaytan seine Lektion erleiden. Möge die Ehre unseres Propheten zunehmen.
Adab ya Hu! Adab ist der Anfang von allem. Mit Adab erreicht der Mensch, was er anstrebt. Keinen Adab zu haben, macht Menschen zu Tieren und macht sie arm. Adab! Wir sind Allahs Diener und die Nation Seines Geliebten. Wir sollten Shukur machen. Wir sollten Ihn preisen. Wir sollten Salatu Salam auf unseren Herrn und Seinen Propheten senden. Hört genau zu! Unser erster Lobpreis für unseren Herrn ist Bismillahi r-Rahmani r-Rahim. Es beginnt damit. Der Lobpreis Allahs des Allmächtigen und Seines Propheten beginnt mit Bismillahi r-Rahmani r-Rahim. Wer Bismillahi r-Rahmani r-Rahim sagt, wird mit einem schönen Gewand von den Himmeln bekleidet. Und ein Siegel mit dem Siegel der Himmel wird ihm auf die Stirn gedrückt. Das Siegel, das seinem Herzen gewährt wird, ist anders. Bismillahi r-Rahmani r-Rahim. Ich will

jedes Mal aufstehen, aber Allah der Allmächtige und Sein heiliger Prophet wissen um meinen Mangel. Sonst würde ich immer aufstehen. Ich will immer aufstehen beim Lobpreis meines Herrn und Seines Geliebten, dessen Ehre Er (swt) erhöhte und für den Er (swt) die Schöpfung erschuf.

Welche Ehre. Welche Ehre es ist, den Ismu l-Jalil Allahs des Allmächtigen zu erinnern und die Ehre Seines Geliebten auszudrücken und Bismillahi r-Rahmani r-Rahim zu sagen. O unser Herr! Du gewährtes uns, Deinen Ismu l-Jalil zu sagen, Du kleidetest uns in das Ehrenkleid. Du brachtest das Gewand, Thawb, herab, das die Geehrten tragen von `Arsh zu Farsh (Erde). Baytu l-`Atiq. "Wa Lyattawwafu bi l-Bayti l-`Atiq" (22:29). Du sandtest die Ka`aba l-Muazzama herab. Es sind alle möglichen Segnungen darin. Es sind die Gaben Allahs des Allmächtigen für die Kinder Adams. Allahs Haus, Baytullah, ist nicht leer. "Wa Lyattawwafu bi l-Bayti l-`Atiq" (22:29). Seit welcher Zeit existiert die Ka`aba? Der Eigner der Ka`aba weiß es. Und für wen auch immer sie herabgesandt wurde, weiß es auch. Niemand hat Wissen bis zu der Stufe, die er weiß. Rabbu l-Izza, unser Herr, Der Al-Qadir und Al-Muqtadir ist, gewährte den Schlüssel dieser Ka`aba, des Geheimnisses von Baytullah und der Gnadenozeane darin unserem Propheten (saws). Was ist ihr Schlüssel? Was ist der Schlüssel der Ka`aba l-Muazzama? Bismillahi r-Rahmani r-Rahim. Womit öffnen sich die Tore der Sieben Himmel? Sie öffnen sich mit Bismillahi r-Rahmani r-Rahim. Womit öffnen sich die Tore der Acht Paradiese? Sie öffnen sich mit Bismillahi r-Rahmani r-Rahim. Womit verschließen sich die Tore der sieben Höllen? Mit Bismillahi r-Rahmani r-Rahim verschließen sie sich.

Unser Herr! Wir erinnern Deinen Ismu l-Jalil. Zu Ehren Deines Geliebten, dem Du das Bismillahi r-Rahmani r-Rahim herabgesandt hast, mögest Du uns mit dieser Ehre bekleiden. O Mensch! Für Wen wurdest du erschaffen? Weißt du das? Lehrten sie dich das nicht? Es ist solche Schande, daß die Orte, die Schätze, die Allah der Allmächtige Seinen Geliebten lehrte, für sie keinen Wert haben. Was die Sieben Himmel ganz bis zum `Arsh öffnet, ihre Schätze, was die Schätze der Sieben Himmel und der Sieben `Arsh öffnet, ist Bismillahi r-Rahmani r-Rahim. Laßt die Schätze! Laßt die Schätze! Eure Aufgabe ist es nicht, Schätze zu sammeln. Unsere Aufgabe ist es nicht, Gold zu horten, noch Papiergeld zu horten, noch Paläste zu bauen, noch unsere Schatzkammern zu füllen. Versteht das! Ihr müßt verstehen. Jene, die Menschen sind, verstehen,

aber jene, die Tiere sind, verstehen nicht. Steigt nicht auf die Ebene der Tiere herab. Bleibt in der Mensch-Kategorie, so daß euer Lobpreis in den Himmel der Lobpreis unseres Propheten ist, und unser Prophet wird als Hazrat Insan angesprochen. Hazrat Insan.. Hazrat, Gegenwart, ist nur für unseren Propheten (saws). Hazratillah Jalla Jalaluhu gewährte unserem Propheten (saws) Hazrat. Niemand kann höher als er sein in der Gegenwart Allahs des Allmächtigen. Und was ist sein Ehrenkleid? Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim.

Mit jedem Bismillah durchlief er eine Ebene der Himmel. Und als er die Göttliche Gegenwart erreichte, erschien eine prachtvolle Tür. Niemand kann von ihrer Herrlichkeit wissen. Wem auch immer Allah der Allmächtige diese Tür gewährte, weiß es. Jibril hielt vor dieser Tür und auch unser Prophet (saws). 'Was ist dahinter? Was für eine prachtvolle Tür ist das, o Jibril? O Engel, der im Angesicht Allahs akzeptiert ist, o Hz Jibril, zu Ehren des herrlichen Heiligen Quran, den du brachtest, sage mir, was für eine Tür ist das?' 'Diese Tür öffnet sich für dich, o Geliebter. Sie öffnete sich für niemanden vor dir und wird sich auch für niemanden nach dir öffnen. Diese Tür öffnet sich für dich. Sprich. Dein Herr Jalla Jalaluhu sagte, daß du sagst Bismillahi r-Rahmani r-Rahim, und die Tür öffnet sich.' Er sagte Bismillahi r-Rahmani r-Rahim und die herrliche Tür.. sie ist so, daß kein Verstand sie erfassen kann. Du kannst sie nicht denken, du kannst sie nicht mit Denken oder Vorstellung finden. Du staunst. 'Es ist eine herrliche Tür, und du wirst sie öffnen. Sag, o Geliebter, Bismillahi r-Rahmani r-Rahim.' Und diese herrliche Tür öffnet sich. Der Prophet (saws) sah dort so viele Dinge.

O Menschen, die ihr Tiere geworden seid, lehrt ihr das? Lehrt ihr, Wer der Eigner des Universums ist und wem Er (swt) es übereignet? Nein! Was ihr lehrt, sind das schmutzige Flüstern, die gefälschten Titel Shaytans: Strebt danach! Kämpft darum! Shaytan hat Tausende von Fallen, die er stellt, um die Menschheit zu betrügen, damit sie diese Ehre von ihm annehmen. Und ihr versucht, in diese Fallen zu gehen! Laßt die Ränge der Dunya. Laßt sie. Schaut auf die Ränge, die Macht, die Herrlichkeit Allahs des Allmächtigen, Der der Rabbu l-Izza ist, Der für euch bestimmt ist. Seht das Licht. Schaut die Lichtozeane, die sich jeden Augenblick öffnen. Schaut Sein Mulk, Seine Herrschaftsbereiche. Es gibt kein Ende für Sein Mulk. Er (swt) sagt: Sagt Bismillahi r-Rahmani r-Rahim und geht in Meinem Mulk herum. "Wa Lillahi Mulku s-Samawati wa l-'Ard". Die Herrschaftsbereiche von Erden und Himmeln gehören Allah dem Allmächtigen, Allahu Dhu l-Jalal Hz. Tretet ein, seht und findet Ehre! 'O Meine Diener', sagt Er

(swt), 'kommt und sagt es.' Womit öffnete sich diese Station für den Propheten (saws)? Sie öffnete sich mit Bismillahi r-Rahmani r-Rahim. Sie ist so schön, daß, selbst wenn die Vorstellungskraft aller Menschen zusammenkäme, nicht einmal ein Fleck davon ausgedrückt werden kann.

Er (swt) sagte: 'Er ist Mein Khalifa auf Erden.' Allah der Allmächtige machte Adam (as) zum Khalifa. Aber über ihm ist die Station unseres Propheten (saws). Adam (as) ist der Khalifa Allahs. Unser Prophet ist Habibullah, der Geliebte Allahs, Isa (as) ist Ruhullah, der Geist Allahs, Ibrahim (as) ist Khalilullah, der Freund Allahs, Noah (as) ist Najiyullah, der Vertraute Allahs, und Moses (as) ist Kalimullah, die Rede Allahs. Aber es gibt niemanden, der auf der Station unseres Propheten ist, der Habibullah ist. Allah Jalla Jalaluhu ist Einer. Sein Geliebter ist auch einer, kann nicht zwei sein. Tretet dahin, wo her hintrat und geht. Möget ihr auch in die Schönheiten des Malakut eintreten, die sich für den ruhmreichen Propheten (saws) öffneten. Es gibt niemanden, der den Beginn und das Ende des Malakut kennt. Wenn ihr das Bismillah öffnet, öffnet sich das Paradies, das für euch bestimmt ist. Möge Allah uns das auch gewähren. Was ihr lehren solltet, ist das. Ihr solltet über Allah (jj) lehren, darüber, wer euch geschaffen hat und wie ihr Ihn preisen solltet. Ihr solltet Tasbih, Tamjid, Tahmid machen für Allah den Allmächtigen immer und ewig. Ihr solltet Allah den Allmächtigen preisen, damit ihr dem Rang, den Allah der Allmächtige euch gewährte und der euch gemäß ist, nahe kommt. Menschlichkeit sollte euch passen. Sie paßt den heutigen Menschen nicht, die Tiere geworden sind. Wären sie zahme Tiere, kein Schaden, aber die heutigen Menschen wurden wilde Tiere.

Allah der Allmächtige gewährte ihnen den höchsten Rang. Der höchste, erhabenste Rang ist für die Menschheit. Da ist die Göttliche Ehrung. Ihr laßt das und verkauft Lampenöl, hortet Gold, sammelt Edelsteine.. Was ist, was ihr sammelt, verglichen mit den Schätzen Qaruns? Sechzig Maultiere trugen die Schlüssel von Qaruns Schätzen. Und der kleinste Schlüssel hatte die Größe eines Fingers. Nicht einmal Rechenmaschinen können seine Schätze berechnen! Er sammelte, hortete und dann, was machte er? Er wurde wild. Er wurde wild gegenüber dem großen Propheten Moses und ungehorsam gegen seinen Herrn. Er sagte: Rezitiere das Bismillah. Es ist besser für dich als das Sammeln von diesen. Das Bismillah ist 1000x, 1.000.000x besser und größer als alle Schätze Qaruns. Was sind sie verglichen mit den Schätzen Allahs? Kann es überhaupt als Schatz angesehen werden? Moses (as) sagte: 'O Erde, diese Erde, auf die Qarun

tritt, verschlinge ihn sowie seine Schätze!' Sofort verschlang sie sie und sie verschwanden. Wonach strebt ihr in der Dunya? 'Ich werde es sein', 'Nein, ich!' Der meistgeehrte Rang, den ihr bekleiden könnt, ist: "Ana `Abduka wa bnu `Abdayk. Labbayk Allahumma Labbayk. Ich komme als das Kind Deines Dieners. Labbayk Allahumma Labbayk. Wa l-`Abda `Abduka wa bnu `Abdayk. Allah! Sie rufen so bei der Ka`aba l-Muazzama. 'Ich kam als der Diener Deines Dieners, o Rabbu l-Izza, Der der Eigner dieser glorreichen Ka`aba ist. Möge sich ein Schatz für uns öffnen.' 'Sag, Mein Diener, Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim, und er öffnet sich für dich. Du wirst ihn nie verlieren. Mulkun la Yablaa. Dir wird Mulk, was unendlich ist, nie endet, gewährt. Sage 'Labbayk Allahumma Labbayk', hier bin ich, o Herr. Sage, o Mein Diener, Bismillahi r-Rahmani r-Rahim. Sage es, so daß du menschlich sein kannst. Was immer er empfing von Dunya Rängen, ist alles null und nichtig.

Es gibt so viele Religionen, und jede hat ihre eigenen Großen. Es gab einen Heiligen, der uns zu besuchen pflegte. Er sagte: Größe hat nichts mit Alter oder Reichtum zu tun, sondern mit Kamal, Vollkommenheit. Der Mensch wird nicht groß durch Alter oder Reichtum. Aber der Rang des "Kamal", der Vollkommenheit, gibt ihm Ehre. Versucht nicht, Reichtum anzusammeln. Alle Ungläubigen sammelten auch Reichtum. Und was geschah? Er wurde anderen überlassen, wenn sie starben. Versucht, von den geistigen Schätzen zu nehmen. Der Schlüssel zu den geistigen Schätzen ist Bismillahi r-Rahmani r-Rahim. Sagt es und kommt näher. "Wasjud Waqtarib" (96:19). Allahu Akbar! Allahs Befehl: Macht Sajda vor Mir und nähert euch. Es kann keine Sajda geben ohne das Bismillah. O Mensch, verstehe das Bismillah. Gäbe es Heilige, um über das Bismillah 100 Jahre lang zu sprechen, 1000 Jahre lang, 100.000 Jahre lang, sie könnten es öffnen ihrem Wissen gemäß und geben, sie könnten fortfahren, darüber zu sprechen, aber kein Ende finden.

Allah gewährte uns solche Schätze, aber die heutigen Menschen sagen das Bismillah nicht. Sie schafften das Bismillah ab. Wie kann das Bismillah abgeschafft werden? Nun, wir haben es abgeschafft. Was taten wir an seine Stelle? Wir taten ein Porträt dahin. Yahu, die alten Stämme stellten Porträts auf und beteten sie an. Was macht ihr? Was macht dieses Porträt für euch? Wir wissen nicht, was es macht für uns, aber es ist die Erfindung derer vor uns. Dann sind euere Taten falsch und werden kein Ergebnis haben. Euere Lage ist hoffnungslos. Eine Nation, die das Bismillah aus ihrer Versammlung verbannt, kann niemals Gutes finden in Dunya oder Akhirah.

Sie werden in die Ketten der Erniedrigung gelegt in Dunya und Akhirah. Laßt uns denn sagen, ihr Gläubigen, Bismillahi r-Rahmani r-Rahim. Mögest Du es annehmen, o Herr. Sagt wenigsten 7x, 40x, 70x, 100x, 1000x, sagt Bismillahi r-Rahmani r-Rahim, und ihr werdet euch öffnen. Ihr werdet erleichtert sein, Licht wird auf euer Gesicht kommen. Freude wird in euer Herz kommen.

Sage, o Menschheit: Ich bin ein schwacher Diener Allahs. Bismillahi r-Rahmani r-Rahim. O Herr, mögest Du uns von der Barakah geben, die Du Deinem Geliebten gabst, einen Flecken des Ozeans von Bismillahi r-Rahmani r-Rahim. Und ich gehe auf Deinem Weg wie ein Löwe! Damit ich kein Tier für Shaytan werde, sondern ein Löwe an Deiner Tür.
Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Sagt es und fürchtet euch nicht. Keine Krankheiten oder Probleme werden für euch bleiben. Kein Übel von Feinden oder von Shaytan kann euch erreichen. Es verbrennt sie alle. Dann sagen wir auch Bismillahi r-Rahmani r-Rahim. O unser Herr, mögest Du es annehmen. Unsere Stärke geht bis hier. Nicht nur für kurze Zeit, sondern wenn wir stundenlang, tagelang, monatelang, jahrelang, jahrhundertelang Bismillahi r-Rahmani r-Rahim sagen, wenn wir von seinem Wert sprechen, können wir kein Ende finden. Und jedes Mal, wenn wir es sagen, ein neues Kleid, das Kleid der Macht, das Kleid des Malakut. Die Kleider der Erde werden alt, aber das Kleid des Malakut wird nicht alt. Euer Licht nimmt zu und euer Körper wird stark, findet Erleichterung. Ihr findet Erleichterung. Probleme und Unfälle bleiben euch fern. 'Eine Kanone wurde hier abgefeuert, jemand feuerte dort ein Gewehr ab..' Es berührt euch nicht, Sohn. Es kommt auf euch, weil ihr ohne das Bismillah seid. Wenn ihr sagt Bismillahi r-Rahmani r-Rahim, kann euch nichts berühren. Wenn ihr Bismillahi r-Rahmani r-Rahim in euerem Haus aufhängt, brennt es nicht. Es wird kein Feuer geben, weil Feuer das Bismillah nicht verbrennen kann. Hasha. Hasha. Sie haben das vergessen und wurden vergessen. "Nasu Allaha Fanasiyahum" (9:67).
'Kämpft gegeneinander! Möge euer Dunya Leben zerstört werden und euere Akhirah eine Qual!' Die Engel rufen das. Aman ya Rabbi. Aman ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Wir sind schwache Diener. Unser Sohbat heute geht bis hier. Es dient zum Aufwecken. Alles ist für Shaytan, um die Menschen einzuschläfern, sie achtlos zu machen. Sie bringen uns dazu zu sprechen, um die Menschen wachzurütteln für die Machenschaften Shaytans. Möge Allah uns vor dem Übel Shaytans schützen. Möge Allah der Allmächtige uns in Seine Dienerschaft

aufnehmen. Amin. Wa Salamun `ala l-Mursalin wa l-Hamdulillahi Rabbi l-`Alamin. Fatiha. Marhaba, Marhaba, Marhaba. Möge Allah euch eine hohe Stufe des Iman geben und die Nachbarschaft zum Propheten (saws) und Seine Gnade unseren Verstorbenen geben. Mehmet, lies für mich. Allah Allah.. Wüßten die Menschen von den Wundern im Bismillah, gäbe es keine Schwierigkeiten mehr auf der Erde. Die Menschen würden ein glückliches und erfolgreiches Leben führen. Allah der Allmächtige würde ihnen so ein schönes Leben gewähren. Allah der Allmächtige will nicht, daß Seine Diener im Elend sind. Nicht "Wa La Yuridu Bikumu l-`Usra", sondern "Yuridu Llahu Bikumu l-Yusra". Allah der Allmächtige will kein Elend für euch. Er (swt) will nicht, daß ihr gedrückt werdet. Er will, daß ihr euch öffnet, daß ihr gelassen seid. "Wa La Yuridu Bikumu l-`Usra, Yuridu Llahu Bikumu l-Yusra". Allah beabsichtigt für die Menschen Gelassenheit. Er (swt) will, daß sie ein geehrtes Leben führen.

Er (swt) versammelte Seine 3 Ismu l-Jalil im Bismillah. Rezitiert es und fürchtet euch nicht. Euer Leben wird schön sein. Euer Tod, euer Abgang von der Dunya wird schön sein. Möge euer Gesicht erleuchtet sein in der Akhirah in der Göttlichen Gegenwart. Möget ihr den Sirat schnell und leicht überqueren, und mögen die Acht Tore des Paradieses sich für euch öffnen. Sagt Bismillahi r-Rahmani r-Rahim. Fatiha. Aber ihr sagt es nicht! Wenn ihr es nicht sagt, verliert ihr euere Menschlichkeit und werdet häßlich. Ihr werdet alt, und dann nehmen euere Probleme zu. Das Licht im Gesicht wird genommen. Er wird zu einer so merkwürdigen Kreatur daß jeder vor ihm davonläuft! Möge Allah das Licht auf unserem Gesicht nicht vermindern. Möge Allah uns mit dem Licht des Bismillah erleuchten. Vergeßt es nicht, Könige! Vergeßt es nicht! Sagt Bismillahi r-Rahmani r-Rahim. Und fürchtet nicht die Waffen der Russen oder der Amerikaner. Ein Mensch, der nutzlos erscheint, kann sie alle aufhalten mit dem Bismillah. Law Aqsa ma Lallahu Barra. Ihr seht jemanden, der arm und elend ist in der Erscheinung, aber wenn er Seinen Herrn bittet, nicht um der Ehre Seines Lobpreises willen, sondern um der Ehre Deines Geliebten willen möge es so sein. Allah der Allmächtige lehnt sein Ersuchen nicht ab. Jetzt haben die dummen Menschen dieser Zeit sie alle verärgert. Und sie wurden gedrückt, madjaz, sie haben genug von ihrem Leben, leiden an Problemen und gehen auf die Straße.

Wohin sollten wir laufen? "Ayna l-Mafarru" (75:10). Wohin fliehen? ruft die Menschheit. Das ist nichts. Seht, was noch kommt. "Ayna l-Mafarru", werden die Leute rufen. Wohin fliehen von Ägypten? Nach Lybien? Nein. Nach Syrien? Komm nicht mal in die Nähe. Irak, Iran, Türkei?

Kommt nicht nahe. Wohin fliehen? "Fafirru ila Allahi" (51:50). Lauft zu Allah! Sagt Bismillahi r-Rahmani r-Rahim. Unser Herr, mögen Deine Türen sich für uns öffnen. Öffnet Meine Türen, ihr habt den Schlüssel. Was ist er? Bismillahi r-Rahmani r-Rahim. Alles öffnet sich damit. Warum ruft ihr Mich immer noch? Ich gab euch den Schlüssel. Ihr benutzt ihn nicht. Ihr sagt nicht Bismillahi r-Rahmani r-Rahim. Dann werdet ihr leiden. Möge Allah uns vergeben. Fatiha. Dies ist ein Ozean, der durch Reden zu keinem Ende finden kann. Aber es braucht Menschen, die verstehen können. Mögen wir verstehen, insha'Allah. Tawba ya Rabbi, Tawba Astaghfirullah. Al-Fatiha.

## Marhaba

Their fitnas will fall on their heads. So you said Bismillahi r-Rahmani r-Rahim and he should say too Bismillahi r-Rahmani r-Rahim.
"O brother, marhaba". "Marhaba, O Agha, marhaba". "How are you going?" One of them says "I am going rolling on wheels!" "How is that?" Well, this is an important matter. Rolling on wheels cannot be understood without entering tariqa. But we go on the way of paradise and the others go on imitated ways. They go on the imitated way. So we say marhaba; marhaba is the greeting of the people of paradise for each other. Marhaba! How beautiful. Teach them this, make them say it: "Marhaba, marhaba O holy one. Marhaba O dear servant of Allah"
But the people now have become ignorant, mindless, unperceptive. They are like dry trees. A believer is alive, fresh. He has branches, leaves, blossoms, fruits... These ones are all dry, they can't give anything to the people. Giving something is the way of awliyas. Who is not an awliya can't give anything, he can only say something imitated. May Allah not make us far away from His awliyas, O son. Ask for this: "O Lord, may You make us be with the servants You love".
What a beautiful word. "Marhaban O Agha, how are you? How are you doing?" "Praise be to Almighty Al-Bari, He (swt) granted me life till this day. He (swt) granted me to say the Shahada and to perform the daily prayers in my life. He (swt) didn't make me needy to anyone. He (swt) didn't leave my children and family hungry. I am helpless in making shukur to my Lord". Say like this. Before people would speak this way. Now they curse, swear at each other, no manners...Here, they call this the civilization of the 21st century. But really it is dishonour, baseness.
The lowest life is in this 20th and 21st centuries. It started from the 19th, 18th centuries. It started with the French Revolution; the feet became the heads and heads became the feet.

Dunya's order got out of control; it became all messed up and corrupted. What can we do? When two of us come together, we speak a few words. Now I don't have my old strength. I am not like before, I am getting tired. Praise be to the Lord Almighty that we get tired but have a sound mind. Allah Almighty still grants us our food and I eat, I drink. We have no pain, no suffering, no complaint about our Lord. We have no complaint about our Lord but we complain about our dirty ego.

We take such a pride in His Great Prophet that even if we wrote books on it, it wouldn't suffice. He(swt) made us the Nation of the Glorious Prophet. O Lord, forgive us. Here, these few words can wake up the assembly, they can revive. Otherwise they are dead ones. They are dead ones. Shaytan killed them, didn't leave any spirituality in them. Tawba Ya Rabbi, tawba Astaghfirullah. Even if it is only two words...

Shaykh Mehmet Effendi and my grandson too, masha Allah Rukiyya also is careful. They can take the words spoken so they make us say. And now there is this instrument, I speak here and people hear in the West. I speak here and they hear in the East. Every nation hears it in their own language, astonishing. Allah Allah. "Everything happens in dunya but very few of them are heard" they said. Everything happens, shaytan corrupted everything but very little of it is heard. May Allah keep us away from it.

Audhu Billahi min al shaytan al rajim, Bismillahi r-Rahmani r-Rahim. O Lord, forgive us. May You make us firm on Your Way of Haqq for the honour of Your Beloved. Going all the way up to the Lord Almighty is not adab for us. May a sincere servant of Allah be sent to us to teach us adab. There is so much, so speak. Say "Dastur O Holy ones, the great saints" in any assembly you enter. Say dastur and they grant you according to your rank. You can be a fire to burn them. O Allah, forgive us. Forgive us O Allah. Tawba Ya Rabbi, tawba Ya Rabbi, tawba. This five minutes is enough. May Allah dress on us the goodness of this night & keep its evil away from us May He (swt) remove the afflictions of His servants. There are holy ones who are appointed for it, we can't say it to Allah Almighty. Saying "O Lord, may You remove it" is out of the realm of adab. There is something in front of the palace gate. We call the King "come and wipe this"? No! There are so many servants, call to one of them. There is the Ashab al-Nawba, I call to them but who listens to us? Allah Allah.

Look, I got thirsty and want to play, see? May Allah show you good days.

S.M. Together with you.
M. It is said, even if it is only a time of milking two sheep, one person should speak and the other one should benefit from it. The holy ones, such oceans... Allah bless you.
Salamun Qawlaan Min Rabbin Rahim. Salamun Qawlaan Min Rabbin Rahim. Salamun Qawlaan Min Rabbin Rahim. Salamun Qawlaan Min Rabbin Rahim. This one really looks like you. Salamun Qawlaan Min Rabbin Rahim. Salamun Qawlaan Min Rabbin Rahim... O Lord, make us reach the morning in goodness.
Al-Fatiha.

**Ma’rifatu Llah**

---

Allah. Dastur ya Rijalullah. Dastur ya Sahibal Maqam. Ay yaran. Shah Mardan's friends! O Allah. Grant us nearness to Your special servants. O Allah in order to get nearness to You, we want to be near Shah Mardan Hazrat. May our bodies get health! May our day be good! May our honour be high! May our health be good! May our light increase! O our Lord, our Subhan, Our Sultan! "Narju rahmatak, wa nakhsha 'adhaabak" O our Lord, we are expecting Your Mercy! We fear from Your wrath! May power come to our hearts! O Lord, may we show our respect to You with highest regards. May we busy ourselves with glorifying You! May we recite Your Name, glorify You, and offer You our servanthood! Our Lord! You created us! You are Subhan! You are Sultan! You are Absolute Subhan, Absolute Sultan. May our day come with goodness! "Come to our assembly all who are present," says Shah Mardan.

Ay yaran Shah Mardan. Let's say Bismillahi r-Rahmani r-Rahim. May all pain leave us! May we open up! May our love and ardour increase! Let us not be like garbage! We are weak servants of our Lord, honour and grants and gifts come from You, O Rabbana! He reaches us for the sake of Al-Habib. The beloved one of Al-Habib is the Lion of Allah, Shah Mardan! Lion Ali, Lion Wali, the Lion on the way of Allah, Sahibul Maydan. Then, Isma'u wa'u. Hear and understand! From the side of Haqq, from the advices that came to the Prophet of Truth, hear and understand, so that your honour increases. Mankind is honourable! "zidni nuran". Increase us in light. May our honour increase!

Then, let's begin, and say, Bismillahi r-Rahmani r-Rahim. May our strength increase! May we not be contemptible! Allah who is Jalil, His servants cannot be contemptible. At the Sultan's door, one cannot be wretched. Maybe, from the grant of Allah Al-Jalil, he can get his divine gift, and light will come to his face, his heart, and his body will be refreshed. His being will revive.

Allahu Akbar Allahu Akbar Allahu Akbar wa Lillahi l-Hamd. Please go on Shah Mardan, what happens to those who listen to Khaliqul Yazdan (Lord of Goodness)? What happens to them on Allah's way when they listen and obey Al-Habib? This, earthly cage, opens up as earth opens, happiness comes. Happiness comes. By reciting Allahu Akbar, those who are on Subhan's way are endowed with many divine gifts. O idiot one, be at the door of the Sultan from where divine grants come. "Yawmun jadeed rizqun jadeed."

Please go on Shah Mardan! Your friends admire you! May we not lose strength! May we get strength! When we say to get strength, we don't mean growing our bodies to be like cattle that are put on the scales everyday! What we want is the spiritual growth that Shah Mardan offers us, from Janabul Haqq. May that be what we ask for! Let's say then, Bismillahi r-Rahmani r-Rahim. Our Mawla who can give a cure for every misfortune, may He take away, He can... Don't ask, O Lord take our burden. No! Watch adab! Watch your adab! Your troubles can be taken and carried away by an ant. Please Shah Mardan go on! He can take your burden away by means of an ant! That, Khaliqul Yazdan, The Creator Allah, if only He wills. If He says, burden to be lifted from a servant, even if one has a burden like a high mountain, and an ant is ordered, it takes his burden. An ant can take away our burden. Who you are! If Khaliqul Yazdan, Subhana wa Ta'ala orders an ant, to lift the burden/grief of the ones on Earth, if He says take their burden away, can that ant carry this world? Of course it can! By the order of Janab Rabbul Izzat, "Take away their burdens", it takes them away at once. Allahu Akbar Allahu Akbar Allahu Akbar. You are Subhan, You are Sultan. You are beyond any describtion, our Mawla!

Sha'ban Mu'azzama, may it be mubarak! In this Sha'ban Mu'azzama, if He orders an ant to take the burden of all of humanity to lift their burdens, that small ant can carry the whole burden of the Children of Adam. That small ant which used to carry grains in its mouth, becomes like a dragon, taking away the burden of the whole world! Learn, know your Lord! Shah Mardan is telling us from the Greatness of Allah! O Lion of Allah, O Shah Mardan! Your friends admire you! Please go on, how nicely you tell! If only He orders a small ant, it can carry the world like a straw in its mouth. No doubt it can! Ay ya Rabbi! What power we have to esteem you! Prophets don't have that power! The Sultan of Prophets, Sarvar-i Kainat, Honour of the universe, like this world, he can carry a thousand universes with no difficulty. Our Prophet, is the Master of Universe. You should know him! If you don't know, you are ignorant!

Why do you live? Don't live an animal's life! You are human, human. Your rank is higher than Angels. It doesn't suit you to run after straw. Please Shah Mardan go on, your friends admire you! May we open up, O Shah Mardan! May the heaviness leave us! Allah who can make an ant carry the whole world, Jalla Jalaluhu, Jalla Adhamatuhu, what is the heaviness on you? Your worries/troubles are for the straw you would eat. No, no! You are not, created for searching for straw, and eating straw. Khaliqul Yazdan created you for His service. Don't sleep. The one who asks for Yazdan, asks for His love. People are running after straw, straw. They don't know what they are looking for! Please Shah Mardan go on, let us learn!

Love is required for learning, love and longing are required. Without love and longing, one is like an animal in the barn! A donkey in a barn - It doesn't have love or longing! It only worries about a handful of barley, a manger full of hay, that's all. But you, O Mankind you were created for His service by Khaliqul Yazdan. You were created by your Creator for service! Man khadam khudam. One who works is paid back. O people! Please go on Shah Mardan. Tell us what we have been created for! For collecting straw? For piling up barley? Pity on man! If this is his honor, he has none! Finding a cup of straw, a cup of barley! Don't sleep! Open! Let your mind open!

This is from the Oceans of Ma'rifatullah! You were created for His service by, Khaliqul Yazdan. For service, Janab Rabbul Izzat created you for His service. Be at His service. Wear the Belt of Divine Service, so that you may find honour. What an honour! Performing servanthood to Janab Rabbul Izzat, for His service. Ay Shah Mardan, please go on, your friends admire you! Please go on Shah Mardan! May we get used to and learn, may we get honour! Sha'ban Mu'azzama! It is the highly honored holy month. Know the month you are in, the day you are in! Know their glory! One who doesn't know the month or day he is in, is nothing. Know your glory! Janab Allah has given you the glory!

People are running for the position of doorman. They say let's find a job! What is your profession? Nothing! Can you work as a doorman? E, I can. And when asked, what is your profession? - I am the gatekeeper of the Sultan. I am a doorman. You run to be a doorman of a man! What is your service at the door of your Creator? Collecting straw? Man is the exalted human being. Please go on Shah Mardan! Ma'rifatullah. May you know, learn! Know your glory! One who doesn't know his glory is an animal! Know your glory, know your honour! Know

what you are created for. Know at whose service you must be! Who doesn't know this is below the level of animals.
Today's people, are fighting for straw/hay. This straw is mine, no, this is yours! The case of; I have little, you have more! All people's fighting is for straw/hay! That one saying - you got more! This one saying - you got more! They are fighting each other, for what? For straw/hay. Leave straw! Khaliqul Yazdan created you for His service Give us strength O Lord, to show our respect to You, to glorify You, give us spiritual strength, O Lord! Our Mawla appointed us at your door! (Shah Mardan's door) This is our highest honour! Listen then! Listen to Shah Mardan, so that he can fill you with love and longing! Instead of filling your intestines with waste, listen to Shah Mardan, he can fill your heart! He can pour divine treasures into your heart! Don't fill your intestines! If you fill your intestines, you will go to the WC. Feed your soul, feed your soul so that your soul is full of treasures. Go after it, and ask for more! "Wa Qul Rabbi Zidni 'ilma." (20:114) (And Say, my Lord, increase me in knowledge.)
O Our Lord! Fill us with treasures, with Divine treasures that are in Your Presence! We don't want to fill our intestines! Mankind couldn't get this right! Why? satan made mankind like animals. The most honorable organ of mankind is the heart. The heart has light/nur. There is waste in the stomach and the intestine. People living today, are running after waste to fill up their intestines. With what do you fill up your intestines? With something that goes into WC. Which is the honorable organ? The Heart is. The Heart! Its contents are different! Your intestines want to fill the WC. Your soul, heart, asks for the Presence of the Lord; to be in the Divine Presence. The stomach, intestines want the WC to relieve themselves! Your heart longs for its Creator, Khaliqul Yazdan who created you for His service. Allah created you to perform servanthood. Eating straw/hay and filling the WC.. Hasha!
Please go on Shah Mardan. People have lost the true path! If this were not so, would they make all these troubles? What are you created for? If asked, they would say for eating. What is the result of eating & drinking? The WC! Bre! Are you a toilet machine? Did the Creator create you for filling the WC? Mankind is the most honourable creation! Mankind is not created for filling the WC! Mankind has another honour. Its honour is in heavens! Its spiritual being wants to fly above to the heavens! That is why mankind loves to fly! However he tries in a wrong way! You

can't fly with your intestines full of waste! You look for the WC. You are full of waste! This is your occupation! If you fill your stomach with what animals are eating your attribute is like animals. Take notice of the sanctified glorification of the Angels. Fill yourself with this, which makes you fly without wings. To where? Above to the seven layers of heavens.

O people, listen to what Shah Mardan is saying! Ay yaran. May we understand and know our situation. Know to whom you are making service! A new realm may be opened for us! We will be taken out of the animal world, to enter the spiritual realm. In the spiritual realm there's no worry of eating & drinking. In the animal world there is only eating & drinking. Leave this to elevate your spiritual being! You will be taken to Rabbul Izzat's Presence. Allah, Subhana wa Ta'ala, may you get closer to His Presence! Ask for Him! Leave fighting! However, people of today are not asking for Truth, but asking for the waste of the world! For the dirt of the world, they are fighting, they are claiming. It doesn't suit Mankind. It doesn't befit Man to run after the world, to fight for worldly things. No! Leave this! If you to fight, fight against your evil ego! Search for holy ones who will raise you to the heavens. Let your war be against your lower self/ego!

Be human! O the honourable one I created, Man, the robe of deputyship, the robe of honour has been dressed on you, not to run to the WC, but in order to come to Me (Allah says). When you are coming to Me, I send Shah Mardans to dress you with robes of honour and faith. The service of Sultanul Anbiya is different. If only Man gets to know himself, the world would be in peace. Since they don't know, people are fighting each other. Ey, take it, take the whole world! Will you put it in your pocket? If we say the whole world is yours, what will you do? How will you prove this? E, I have papers. Leave papers! What do you have in your stomach? - I have waste in them! Don't fill yourself with waste! Don't occupy yourself with it! What is there in your heart? There is divine Light, and Nur of Muhammad! There is the nur of Shah Mardan! Try to fill your heart with this.

Don't be after waste, manure! You will make your face ugly! Some are ugly. They are the doormen of the WC. He who runs after it, is mindless! Today's people are running after entertainment places like pubs, clubs, brothels. This doesn't suit you! Doesn't befit you! What befits you, is the power that gets you closer to the Creator! That is love! Without love one is like wood, dry wood which will end up in the fire! That is why fire is being prepared now! Say O clever people - what will you say against the words of Shah Mardan? You can't say anything,

anything! Say! Know your value! Please go on Shah Mardan! Your friends admire you! How beautifully you speak O Shah Mardan!

This month is Sha'ban Mu'azzama! Whoever pays respect to this month, his spiritual being grows stronger! He will get his share of love and longing! One doesn't have love & longing, if he doesn't love the Prophet! There is no heaven for those who are not on his way. There is heaven for those on his way. Beyond these is hell! It is torment for him! O Lord! That is why holy ones say - you are called for service. You were created by Khaliqul Yazdan for His service. He is calling you, The Creator of Earth and Heavens - Allah! He is calling you to His Presence, His Presence, and so-called people are saying, we don't want Him. We want the WC! E, take it on your head! Toilet.. They don't know what to ask. If only the Children of Adam knew, would he leave jewels for dark stones? The world is full of dark stones. Jewels are precious. Know the value of the jewels you are given. O human, you are called Hazrat Insan(Honored Man). Your rank is high.

O Lord, give us steadfastness, strength, love, and longing. One who doesn't have wings of love becomes the prey of a cat. With wings of Divine Love one reaches to the heavens, skies. Turn towards there! O Lord forgive us! Give us strength! What we know, how much we can carry, You know best! To save us from the wastes of world, there are the Awliyyullah. May they save us! May we be forgiven! Let's be with the clean ones! O Lord forgive us! Keep the respect of this holy Sha'ban Mu'azzama so that you will open up; you will have no sickness or pain. Who has pain? Those who are eating the world, they have pain in their abdomen. Those who long for the heavens above, and the servanthood of the Lord, there is no WC for them. Hasha! They are clean. "Inna Llaha Yuhibbu l-Mutatahhireen" (2:222)Janabul Haqq loves clean ones! Be clean! Don't get dirty with the dirt of the world. Stay clean! The first fard(obligation) of Islam is "be clean". May Allah let us be with His clean servants. May our hearts shine. May we fly without wings to heavens, skies. Amin, amin. Wa Salamun 'ala l-mursaleen Hususan 'ala Sayyidi lmursaleen.

Please go on Shah Mardan, what beautiful information you are giving to inform us, to inform us! May Allah let us be with the ones who understand this information. Adab ya Hu! Humans became ill-mannered! They left their Lord, Padishah, Sultan. They want to be doorman of the WC. Shame on the humanity of today's people! "Tubna wa raja'na ilaik." Tawba ya Rabbi, tawba ya Rabbi, Give us strength ya Rabbi! Dress us with the majesty of Islam! Dress us with the

honour of Islam! Dress us with the honour of health, honour of familiarty. Dress us with the honour of health, O Lord! O Lord may we occupy ourselves with worshipping You. May we put our foreheads where Al Habib al-Kibriya stepped! We want You ya Rabbi! What we ask for is our Mawla. We are incapable of expressing. May the doors open for us, the doors that are for Ummah of the Prophet of the End Times, for Allah's servants may the doors be opened! May the ones who will save us from the dirt of the world be sent! May those servants be sent! Wa Salamun 'ala l-mursaleen Hususan 'ala Ssyyidi l-mursaleen. Salamat 'ala l-hadirin wal ghai'ibin..
May we fly without wings! Don't look down, look up to the skies! You can't see sultanate on Earth! When you look up to the heavens you can see a bit of the Divine Sultanate. See the majesty of the skies at night. May we see, get strength, and fill with love and longing. O Shah Mardan, your friends admire you! May a bit of the Divine Sultanate come on us! May our day, work and end be good! May we not be satan's toy, or a servant of dunya, Amin. Tawba ya Rabbi, tawba astaghfirullah. Give us love, give us longing, ya Rabbi. To walk on the way of al-Habib, is difficult for us. Shah Mardan, who walks his way, it is difficult to find Shah Mardan too. May we find the ones on his way, may we walk this way.
Let's say, Adab ya Hu! What is said here, is adab. He is teaching us adab. Thanks to Allah! May light comes on our faces, may happiness come to our hearts! Amin our Lord! O Lord, You are Sultan, You are Subhan. You know best ya Rabbi! Fatiha.
Allahu Allah, Allahu Rabbi Allahu Allah. Allahu Allah Ma li siwahu. Allahu Allah Allahu Allah; saying this, we will not be defeated. We will knock out satan, millions of satans. Ya Rabbi, give us health and love. Don't live to eat. We want to be filled with love. We want to be filled with the light of faith. O Lord forgive us! You love the clean ones! Let us be with Your clean servants. Fatiha.
May we not be full of grief! We won't! "Salamun qawlan min Rabbir Raheem." (36:58) "Salamun qawlan min Rabbir Raheem." (36:58) "Salamun qawlan min rabbir Raheem." (36:58) Angels will greet Muslims, who will be entering Paradise, with these words. "Salamun qawlan min Rabbir Raheem." (36:58) O Muslims with faith, may your honour increase, may your beauty, majesty, happiness increase. Ay yaran Shah Mardan, ask these from Shah Mardan. Look for these in the assembly of Shah Mardan. May you dressed with them. Don't be an animal! Who is animal? The one who carries the burden of dunya. Man is not an animal. Mankind is created for heavens. He

is not created as a donkey of dunya! However people have wrong ideas! They want to be a donkey of dunya! Hasha! Man is not created to be an animal of the world. Dunya was created for the human being, to be his animal.
May your faces be enlightened! May your day be happy, your bodies in health, full with strength.. Ya Rabbi. May we be happy forever! May our honour be high.
Fatiha.

**Ma`rifatullah**

---

Allah. Dastur ya Rijalullah. Dastur ya Sahibu l-Maqam. Ay Yaran, Shah Mardans Freunde! O Allah, gewähre uns Nähe zu Deinen besonderen Dienern. O Allah, um Nähe zu Dir zu bekommen, wollen wir Shah Mardan Hz nahe sein. Mögen unsere Körper Gesundheit bekommen! Möge unser Tag gut sein! Möge unsere Ehre hoch sein! Möge unsere Gesundheit gut sein! Möge unser Licht zunehmen! O unser Herr, unser Subhan, unser Sultan! "Narju Rahmatak wa Nakhsha `Adhaabak". O unser Herr, wir erwarten Deine Gnade! Wir fürchten Deinen Zorn! Möge Macht in unsere Herzen kommen! O Herr, mögen wir Dir unseren Respekt zeigen mit der größten Hochachtung. Mögen wir uns damit beschäftigen, Dich zu rühmen! Mögen wir Deinen Namen rezitieren, Dich rühmen und Dir unsere Dienerschaft anbieten! Unser Herr, Du hast uns geschaffen! Du bist Subhan! Du bist Sultan! Du bist der Absolute Subhan, der Absolute Sultan. Möge unser Tag mit Gutem kommen! Kommt zu unserer Versammlung, alle, die anwesend sind, sagt Shah Mardan. Ay Yaran Shah Mardans.
Sagen wir: Bismillahi r-Rahmani r-Rahim. Möge jeder Schmerz uns verlassen! Mögen wir uns öffnen! Möge unsere Liebe und Inbrunst zunehmen! Laß uns nicht wie Müll sein! Wir sind schwache Diener unseres Herrn, Ehre und Gaben und Geschenke kommen von Dir, o Rabbana! Er erreicht uns um al-Habibs willen. Der Geliebte al-Habibs ist der Löwe Allahs, Shah Mardan! Löwe Ali, Löwe Wali, der Löwe auf dem Weg Allahs, Sahibu l-Maydan. Dann, Isma'u Wa'u. Hört und versteht! Von seiten von al-Haqq, von den Ratschlägen, die von dem Propheten der Wahrheit kommen, hört und hört zu, damit euere Ehre sich mehrt. Die Menschheit ist ehrenwert!

"Zidni Nuran". Mehre uns an Licht. Möge unsere Ehre zunehmen! Dann beginnen wir und sagen: Bismillahi r-Rahmani r-Rahim. Möge unsere Kraft zunehmen! Mögen wir nicht verächtlich sein! Allah, Der Jalil ist, Seine Diener können nicht verächtlich sein. An der Tür des Sultans kann man nicht erbärmlich sein. Vielleicht kann er von den Gaben Allah al-Jalils sein Göttliches Geschenk bekommen, und Licht wird zu seinem Gesicht, seinem Herzen kommen, und sein Körper wird erfrischt. Sein Wesen wird wiederbelebt. Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Bitte, mach weiter, Shah Mardan.

Was geschieht mit denen, die Khaliqu l-Yazdan, dem Herrn der Güte, zuhören? Was geschieht mit ihnen auf Allahs Weg, wenn sie hören und al-Habib gehorchen? Dies: der irdische Käfig öffnet sich, wie sich die Erde öffnet, Glück kommt. Glück kommt. Durch das Rezitieren von Allahu Akbar werden jene, die auf Subhans Weg sind, mit vielen Göttlichen Geschenken unterstützt. O Dummkopf, sei an der Tür des Sultans, von wo die Göttlichen Gaben kommen. "Yawmun Jadid, Rizqun Jadid." Bitte, mach weiter, Shah Mardan. Deine Freunde verehren dich! Mögen wir nicht Kraft verlieren! Mögen wir Kraft bekommen! Wenn wir sagen, Stärke bekommen, meinen wir nicht, unsere Körper so aufzubauen, daß sie wie Vieh sind, die jeden Tag auf die Waage gestellt werden. Was wir wollen, ist das geistige Wachstum, das Shah Mardan uns anbietet von Janabu l-Haqq. Möge das sein, was wir verlangen! Sagen wir denn: Bismillahi r-Rahmani r-Rahim. Unser Mawla, der Heilung geben kann für jedes Unglück, möge Er wegnehmen, Er kann.. Bittet nicht: O Herr, nimm unsere Last. Nein! Beachtet Adab! Beachtet eueren Adab! Euere Schwierigkeiten können genommen und weggebracht werden von einer Ameise. Bitte, Shah Mardan, mach weiter! Er kann deine Last wegnehmen vermittels einer Ameise! Das, Khaliqu l-Yazdan, der Schöpfer Allah, wenn Er nur will.

Wenn Er sagt, daß eine Last von einem Diener genommen wird, auch wenn er eine Last so hoch wie ein Berg hat und einer Ameise befohlen wird, nimmt sie seine Last. Eine Ameise kann unsere Last wegnehmen. Wer bist du! Wenn Khaliqu l-Yazdan, Subhana wa Ta`ala einer Ameise befiehlt, die Last zu nehmen von jemandem auf Erden, wenn Er sagt, nimm ihre Last, kann diese Ameise diese Welt tragen? Natürlich kann sie! Mit dem Befehl Janabu r-Rabbu l-Izzat, 'Nimm ihre Lasten weg', nimmt sie sie sofort weg. Allahu Akbar, Allahu Akbar, Allahu Akbar. Du bist Subhan, Du bist Sultan. Du bist jenseits jeder Beschreibung, unser Mawla! Sha`ban Muazzama, möge er mubarak sein! In diesem Sha`ban Muazzama, wenn Er einer Ameise befiehlt, die Last

von der gesamten Menschheit zu nehmen, um ihre Lasten aufzuheben, kann diese kleine Ameise die ganze Last der Kinder Adams tragen. Diese kleine Ameise, die Körner im Mund zu tragen pflegte, wird wie ein Drachen und nimmt die Last der ganzen Welt! Lernt, kennt eueren Herrn! Shah Mardan erzählt uns von der Größe Allahs. O Löwe Allahs, o Shah Mardan! Deine Freunde verehren dich! Bitte, mach weiter. Wie schön du sprichst. Wenn Er nur einer kleinen Ameise befiehlt, kann sie die Welt wie einen Strohhalm im Maul tragen. Kein Zweifel, sie kann! Ay ya Rabbi!

Welche Macht wir haben, dich zu achten! Propheten haben diese Macht nicht! Der Sultan der Propheten, Sarvar Kainat, die Ehre des Universums, wie diese Welt, er kann eintausend Universen ohne Schwierigkeiten tragen. Unser Prophet ist der Meister des Universums. Ihr solltet ihn kennen! Wenn ihr ihn nicht kennt, seid ihr ignorant! Warum lebt ihr? Lebt kein Tierleben! Ihr seid Menschen, Menschen. Euer Rang ist höher als der der Engel. Es paßt nicht zu euch, hinter Stroh herzulaufen. Bitte, Shah Mardan, mach weiter. Deine Freunde verehren dich. Mögen wir uns öffnen, o Shah Mardan! Möge die Schwere uns verlassen! Allah, Der eine Ameise die ganze Welt tragen lassen kann, Jalla Jalaluhu, Jalla Adhamatuhu. Was ist die Schwere auf dir? Deine Sorgen richten sich auf das Stroh, das du essen willst. Nein, nein! Ihr wurdet nicht geschaffen, um nach Stroh zu suchen und Stroh zu fressen. Khaliqu l-Yazdan erschuf euch für Seinen Dienst. Schlaft nicht! Derjenige, der nach Yazdan verlangt, verlangt nach Seiner Liebe. Die Menschen laufen Stroh hinterher, Stroh! Sie wissen nicht, nach was sie suchen. Bitte, Shah Mardan, mach weiter. Laß uns lernen! Liebe ist erforderlich für's Lernen. Liebe und Sehnsucht sind erforderlich. Ohne Liebe und Sehnsucht ist man wie ein Tier im Stall! Ein Esel in einem Stall hat keine Liebe und keine Sehnsucht. Es sorgt sich nur um eine Handvoll Gerste, einen Trog voll Heu. Das ist alles. Aber du, o Menschheit, du wurdest erschaffen zu Seinem Dienst durch Khaliqu l-Yazdan. Du wurdest von deinem Schöpfer zum Dienen geschaffen!

"Man Khadam Khudam." Einer, der arbeitet, wird bezahlt. O Leute! Bitte, mach weiter, Shah Mardan. Erzähle uns, wofür wir erschaffen wurden. Um Stroh zu sammeln? Um Gerste aufzuhäufen? Erbarmen mit dem Menschen! Wenn das seine Ehre ist, hat er keine. Ein Gefäß mit Stroh, ein Gefäß mit Gerste zu finden! Schlaft nicht! Öffnet euch! Laßt eueren Geist aufgehen! Dies ist von den Ozeanen des Ma`rifatullah. Ihr wurdet für Seinen Dienst geschaffen von Khaliqu l-Yazdan. Für den Dienst. Janab Rabbu l-Izzat erschuf euch für Seinen Dienst. Seid Ihm

zu Diensten. Tragt den Gurt des Göttlichen Dienstes, damit ihr Ehre findet. Was für eine Ehre! Durch das Ausüben der Dienerschaft für Janab Rabbu l-Izzat, für Seinen Dienst. Ay Shah Mardan, bitte mach weiter. Deine Freunde bewundern dich. Bitte, mach weiter, Shah Mardan! Mögen wir uns vertraut machen und lernen, mögen wir Ehre bekommen! Sha`ban Muazzama ist der hoch geehrte heilige Monat. Kennt den Monat, den wir haben, den Tag, den wir haben. Kennt ihre Glorie. Wer den Monat oder Tag, den wir haben, nicht kennt, ist nichts. Kennt euere Glorie! Janab Allah hat euch Glorie gegeben! Die Leute rennen nach der Stellung des Türstehers. Sie sagen: Finden wir einen Job! Was ist dein Beruf? Nichts. Kannst du als Türsteher arbeiten? Ey, kann ich! Und wenn gefragt, was ist dein Beruf? Ich bin der Torwärter des Sultans. Ich bin der Türsteher. Ihr lauft, um Türsteher eines Menschen zu sein! Was ist euer Dienst an der Tür eueres Schöpfers? Stroh sammeln? Der Mensch ist das erhabene Wesen.

Bitte, mach weiter, Shah Mardan! Ma`rifatullah. Möget ihr wissen, lernen! Kennt euere Glorie! Einer, der seine Glorie nicht kennt, ist ein Tier. Kennt euere Glorie, kennt euere Ehre! Wisset, wofür ihr erschaffen wurdet! Wisset, in wessen Dienst ihr sein müßt! Wer das nicht weiß, ist unter der Stufe der Tiere. Die Menschen heute kämpfen um Stroh. Dieses Stroh gehört mir! Nein, das ist deins! Der Fall von: Ich habe wenig, du hast mehr! Aller Kampf der Menschen geht um Stroh! Dieser sagt: Du hast mehr! Dieser sagt: Du hast mehr! Sie kämpfen gegeneinander. Für was? Für Stroh. Laßt das Stroh! Khaliqu l-Yazdan erschuf euch für Seinen Dienst. Gib uns Kraft, o Herr, um Dir unseren Respekt zu zeigen, um Dich zu preisen. Gib uns geistige Kraft, o Herr! Unser Mawla berief uns zu deiner Tür! (Shah Mardans Tür) Das ist unsere höchste Ehre! Hört denn! Hört Shah Mardan zu, damit er euch mit Liebe und Sehnsucht füllen kann. Statt euere Innereien mit Abfall zu füllen, hört Shah Mardan zu. Er kann euere Herzen füllen. Er kann Göttliche Schätze in euere Herzen gießen. Füllt nicht euere Innereien! Wenn ihr euere Innereien füllt, werdet ihr zum WC gehen. Nährt euere Seele, nährt euere Seele, damit euere Seele voller Schätze ist. Geht dem nach und bittet um mehr! "Wa Qul Rabbi Zidni `Ilma" (20:114). Und sage, mein Herr, mehre mich an Wissen. O unser Herr, fülle uns mit Schätzen, mit Göttlichen Schätzen, die in Deiner Gegenwart sind. Wir wollen nicht unsere Innereien füllen.

Die Menschheit konnte das nicht richtig hinbekommen. Warum? Shaytan machte die Menschen zu Tieren. Das ehrenwerteste Organ des Menschen ist das Herz. Das Herz hat Licht, Nur. Es gibt Abfall im Magen und den Innereien. Die Menschen, die heute leben, laufen hinter Abfall her, um

ihre Innereien zu füllen. Womit füllt ihr euere Innereien? Mit etwas, was ins WC geht. Welches ist das ehrenwerte Organ? Das Herz. Das Herz! Sein Inhalt ist anders. Euere Innereien wollen das WC füllen. Euere Seele, euer Herz, verlangt nach der Gegenwart des Herrn, um in der Göttlichen Gegenwart zu sein. Der Magen, die Innereien wollen das WC, um sich zu erleichtern.
Euer Herz sehnt sich nach seinem Schöpfer, Khaliqu l-Yazdan, Der euch für Seinen Dienst erschuf. Allah erschuf euch, um Dienst zu leisten. Stroh zu fressen und das WC zu füllen, Hasha!
Bitte, mach weiter, Shah Mardan. Die Menschen haben den wahren Weg verloren! Wäre das nicht so, würden sie all diese Schwierigkeiten machen? Wofür wurdet ihr erschaffen? Wenn gefragt, würden sie sagen, zum Essen. Was ist das Ergebnis von Essen und Trinken? Das WC! Bre!
Seid ihr eine Toilettenmaschine? Erschuf euch der Schöpfer, um das WC zu füllen? Die Menschheit ist die ehrenhafteste Schöpfung! Die Menschheit wurde nicht erschaffen, um das WC zu füllen!
Die Menschheit hat eine andere Ehre. Ihre Ehre ist in den Himmeln. Ihr geistiges Wesen will hoch in die Himmel fliegen! Deshalb fliegt die Menschheit so gern!
Er versucht es jedoch auf dem falschen Weg. Ihr könnt nicht fliegen mit eueren Eingeweiden voll Abfall. Ihr sucht das WC. Ihr seid voller Abfall. Das ist euere Beschäftigung. Wenn ihr euch den Magen füllt mit dem, was Tiere fressen, ist euer Attribut wie das der Tiere. Nehmt den geheiligten Lobpreis der Engel zur Kenntnis. Füllt euch damit. Das läßt euch fliegen ohne Flügel.
Wohin? Über die sieben Schichten der Himmel. O Leute, hört, was Shah Mardan sagt. Ay Yaran. Mögen wir verstehen und unsere Lage erkennen. Wisset, wem ihr zu Diensten seid! Ein neuer Bereich mag für uns geöffnet werden. Wir werden aus der Tierwelt herausgenommen, um den geistigen Bereich zu betreten. Im geistigen Bereich gibt es keine Sorge um Essen und Trinken. In der Tierwelt gibt es nur Essen und Trinken. Laßt das, um euer geistiges Sein zu erhöhen. Ihr werdet in Rabbu l-Izzats Gegenwart getragen. Allah, Subhana wa Ta`ala, mag euch näher zu Seiner Gegenwart bringen. Verlangt nach Ihm! Laßt das Kämpfen! Die Menschen von heute, jedoch, verlangen nicht nach der Wahrheit, sondern wollen den Abfall der Welt. Um den Schmutz der Welt kämpfen sie, stellen sie Ansprüche. Das geziemt der Menschheit nicht! Es kommt dem Menschen nicht zu, hinter der Welt herzulaufen, für weltliche Dinge zu kämpfen. Nein! Laßt das! Wenn ihr kämpfen müßt, kämpft gegen euer böses Ego! Sucht nach Heiligen, die euch in die Himmel erheben. Euer Krieg sei gegen euer niederes Selbst, das Ego! Seid Menschen!

O Ehrenwerter, den Ich erschuf, Mensch, das Gewand der Stellvertreterschaft, das Ehrengewand ist dir angezogen worden, nicht, damit du zum WC rennst, sondern um zu Mir zu kommen! Wenn ihr zu Mir kommt, sende Ich euch Shah Mardan, um euch mit Gewändern der Ehre und des Glaubens zu bekleiden. Der Dienst des Sultanu l-Anbiya ist anders. Würde der Mensch sich nur selbst erkennen, wäre die Welt im Frieden. Da sie nicht wissen, kämpfen die Menschen gegeneinander. Ey, nimm sie, nimm die ganze Welt! Wirst du sie in die Tasche stecken? Wenn wir sagen, die ganze Welt ist dein, was wirst du tun? Wie wirst du das beweisen? Ey, ich habe Papiere! Laß die Papiere! Was hast du im Magen? Ich habe Abfall darin! Füllt euch nicht mit Abfall! Beschäftigt euch nicht damit! Was gibt es in deinem Herzen? Es gibt Göttliches Licht und Nur Muhammad! Da ist das Nur Shah Mardans! Versucht, euer Herz damit zu füllen. Seid nicht hinter Abfall her, Dung! Ihr werdet euere Gesichter häßlich machen. Manche sind häßlich. Sie sind die Türsteher des WC. Wer dem nachläuft, hat keinen Verstand! Die heutigen Menschen laufen der Unterhaltung nach, Orten wie Kneipen, Clubs, Bordellen. Das ist euch nicht dienlich! Es ziemt sich nicht für euch! Was sich ziemt für euch, ist die Macht, die euch näher zum Schöpfer bringt. Das ist Liebe. Ohne Liebe ist man wie Holz, trockenes Holz, das im Feuer enden wird. Deshalb wird jetzt Feuer vorbereitet!

Sagt, o kluge Leute, was werdet ihr gegen die Worte Shah Mardans einwenden? Ihr könnt nichts sagen, gar nichts! Sprecht! Kennt eueren Wert! Bitte, mach weiter, Shah Mardan! Deine Freunde bewundern dich! Wie schön du sprichst, o Shah Mardan. Dieser Monat ist Sha`ban Muazzam. Wer immer diesem Monat Respekt erweist, dessen geistiges Sein wird stärker. Er wird seinen Anteil an der Liebe und Sehnsucht bekommen. Man hat keine Liebe und keine Sehnsucht, wenn man den Propheten nicht liebt! Es gibt keinen Himmel für die, die nicht auf seinem Weg sind. Es gibt Himmel für die auf seinem Weg. Jenseits dessen ist die Hölle. Es ist Qual für ihn! O Herr! Deshalb sagen die Heiligen: Ihr seid gerufen zum Dienst. Ihr wurdet von Khaliqu l-Yazdan erschaffen für Seinen Dienst. Er ruft euch, der Schöpfer der Erde und Himmel, Allah. Er ruft euch in Seine Gegenwart, Seine Gegenwart! Und sogenannte Menschen sagen: Wir wollen Ihn nicht. Wir wollen das WC! Ey, nehmt es auf den Kopf. Toilette.. Sie wissen nicht, was sie erbitten sollen. Wüßten die Kinder Adams nur, würden sie Juwelen für dunkle Steine lassen? Die Welt ist voller dunkler Steine. Juwelen sind kostbar. Kennt den Wert der Juwelen, die euch gegeben wurden. O Mensch, du wirst Hazrat Insan genannt. Dein Rang ist hoch. O Herr, gib uns Standhaftigkeit,

Kraft, Liebe und Sehnsucht. Jemand, der keine Flügel der Liebe hat, wird die Beute der Katze. Mit Flügeln der Göttlichen Liebe erreicht man die Himmel. Wendet euch dorthin! O Herr, vergib uns! Gib uns Kraft! Was wir wissen, wieviel wir tragen können, weißt Du am besten! Um uns vor dem Abfall der Welt zu retten, gibt es die Awliyaullah. Mögen sie uns retten! Möge uns vergeben werden! Seien wir mit den Reinen! O Herr, vergib uns! Bewahrt den Respekt vor diesem heiligen Monat Sha`ban Muazzama, so daß ihr euch öffnet. Ihr werdet keine Krankheit oder keine Schmerzen haben. Wer hat Schmerzen? Jene, die die Welt essen, haben Schmerzen im Bauch. Jene, die sich nach den Himmeln oben und der Dienerschaft des Herrn sehnen, für die gibt es kein WC. Hasha! Sie sind sauber. "Inna Llaha Yuhibbu l-Mutatahhiriin" (2:222). Janabu l-Haqq liebt die Reinen! Seid rein! Beschmutzt euch nicht mit dem Schmutz der Welt. Bleibt rein! Die erste Verpflichtung des Islam ist: "Sei sauber". Möge Allah uns mit Seinen reinen Dienern sein lassen. Mögen unsere Herzen leuchten. Mögen wir fliegen ohne Flügel zu den Himmeln. Amin, Amin. Wa Salamun `ala l-Mursaliin Hususan `ala Sayyidi l-Mursaliin. Bitte, mach weiter, Shah Mardan. Was für schöne Kunde du uns gibst, um uns in Kenntnis zu setzen. Möge Allah uns mit denen sein lassen, die diese Nachrichten verstehen. Adab ya Hu! Die Menschen sind schlecht erzogen geworden. Sie verließen ihren Herrn, Padishah, Sultan. Sie wollen Türsteher des WC sein. Schande auf die Menschlichkeit der heutigen Menschen! "Tubna wa Raja'na ilayk."

Tawba ya Rabbi, Tawba ya Rabbi, gib uns Kraft ya Rabbi! Bekleide uns mit der Majestät des Islam! Bekleide uns mit der Ehre des Islam! Bekleide uns mit der Ehre der Gesundheit, der Ehre der Vertrautheit. Bekleide uns mit der Ehre der Gesundheit, o Herr! O Herr, mögen wir uns mit Deiner Anbetung beschäftigen. Mögen wir die Stirn niederlegen, wo al-Habibu l-Kibriya hintrat! Wir wollen Dich ya Rabbi! Was wir verlangen, ist unser Mawla. Wir sind unfähig, es auszudrücken. Mögen sich die Türen für uns öffnen, die Türen, die für die Ummah des Propheten des Zeitenendes sind, für Allahs Diener mögen die Türen geöffnet werden! Mögen diejenigen, die uns vor dem Dreck der Welt retten werden, gesandt werden! Mögen jene Diener gesandt werden! Wa Salamun `ala l-Mursaliin Hususan `ala Sayyidi l-Mursaliin. Salamat `ala l-Hadirin wa l-Ghai'ibin.. Mögen wir fliegen ohne Flügel! Guckt nicht nach unten, guckt in die Himmel! Ihr könnt das Sultanat nicht auf der Erde sehen! Wenn ihr hoch schaut in die Himmel, könnt ihr ein

wenig von dem Göttlichen Sultanat sehen. Seht die Majestät der Himmel in der Nacht. Mögen wir sehen, Kraft bekommen und uns mit Liebe und Sehnsucht füllen! O Shah Mardan, deine Freunde bewundern dich. Möge etwas von dem Göttlichen Sultanat auf uns kommen! Möge unser Tag, unsere Arbeit und unser Ende gut sein! Mögen wir nicht Shaytans Spielzeug sein oder Diener der Dunya. Amin.

Tawba ya Rabbi, Tawba Astaghfirullah. Gib uns Liebe, gib uns Sehnsucht, ya Rabbi. Auf dem Weg al-Habibs zu gehen, ist schwer für uns. Shah Mardan, der auf seinem Weg geht, es ist auch schwer, Shah Mardan zu finden. Mögen wir diejenigen auf seinem Weg finden! Mögen wir diesen Weg gehen! Sagen wir: Adab ya Hu! Was hier gesagt wird, ist Adab. Er lehrt uns Adab.

Dank sei Allah! Möge Licht auf unsere Gesichter kommen, möge Glück in unsere Herzen kommen! Amin unser Herr! O Herr, Du bist Sultan, Du bist Subhan. Du weißt es am besten ya Rabbi! Fatiha. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Allah ma li Siwa Hu. Allahu Allah, Allahu Allah. Wenn wir das sagen, werden wir nicht besiegt. Wir werden Shaytan zunichte machen, Millionen von Shaytanen. Ya Rabbi, gib uns Gesundheit und Liebe. Lebt nicht, um zu essen. Wir wollen mit Liebe erfüllt werden. Wir wollen mit dem Licht des Glaubens erfüllt werden. O Herr, vergib uns! Du liebst die Reinen! Laß uns mit Deinen reinen Dienern sein. Fatiha. Mögen wir nicht voller Gram sein! Nein! "Salamun Qawlan mi r-Rabbi r-Rahiim" (36:58). "Salamun Qawlan mi r-Rabbi r-Rahiim". "Salamun Qawlan mi r-Rabbi r-Rahiim". Engel grüßen die Muslime, die in das Paradies eintreten, mit diesen Worten. "Salamun Qawlan mi r-Rabbi r-Rahim".

O Muslime mit Glauben, möge euere Ehre zunehmen, möge euere Schönheit, Majestät, euer Glück zunehmen. Ay Yaran Shah Mardans, erbittet diese von Shah Mardan. Sucht diese in der Versammlung Shah Mardans. Möget ihr mit ihnen bekleidet werden. Seid keine Tiere! Wer ist ein Tier? Derjenige, der die Last der Dunya trägt. Der Mensch ist kein Tier. Die Menschheit wurde für die Himmel geschaffen. Er ist nicht als Esel der Dunya geschaffen worden. Die Menschen, jedoch, haben falsche Vorstellungen! Sie wollen Esel der Dunya sein. Hasha! Der Mensch wurde nicht geschaffen, um ein Tier der Welt zu sein. Die Dunya wurde für den Menschen geschaffen, um sein Tier zu sein. Mögen euere Gesichter erleuchtet werden. Möge euer Tag glücklich sein, euer Körper in Gesundheit, voller Kraft.. Ya Rabbi. Mögen wir für immer glücklich sein! Möge unsere Ehre hoch sein. Fatiha.

## ISLAMIC MARRIAGE AND DIVORCE

Physical beauty will finish, but good character gives a loveliness which will never fade. A lady may be beautiful physically, but have a bad character. You may carry her for a while for her beauty but when it goes you can't put up with her, because of her bad character. If a lady has good character, she will be lovely for ever. At every age she will be lovely - her husband will never be fed up with her. Physical beauty is only for a short while. What about after it? No more beauty, no more lovely character. You would put such a one in the dustbin.

Therefore, the Prophet (pbuh) said: Don't look for the beauty of ladies, but ask for the beauty to be in familiar and lovely character. That will be a permanent marriage for ever - here and hereafter. The Prophet always advised to take the best one. Our egos on men's or women's side always ask for physical beauty or looks. These are only temporary and the Prophet (pbuh) showed his nation not to run after temporary beauty, but look for permanent loveliness and be happy.

Also, don't look for a rich one. Perhaps a rich lady will always be in charge of you. She will say: My money, my property. You might be disturbed all the time. It is better not to marry a woman richer than yourself. Look for a woman who is not so rich as you, so that she is not always saying: My money, my property, my house, my appartment.

Marry for religious aspects. One who will be respectful to you - keeping and helping and respecting you. Be with a good, religious lady who will make you happy here and hereafter - more than beautiful one, and more than rich one.

We are answering these questions to help people understand Islam and to take away misunderstanding and to provide exact answers for important subjects that everyone interested in Islam should know. Answers for those who are interested in real faith and realities. I hope that our answers will be trustworthy for those who accept realities, not fanatics.

*QUESTION - This area of male/female relationships in Islam is frequently misunderstood in the West.*

Firstly, the holiest establishment in the world is family structure. It is the most important and holiest establishment - marriage and family life, and every religion has very strict rules to make it within powerful protection and to keep it for mankind.

Marriage and family life in Islam are protected by very strict and strong rules, because every goodness comes through marriage. Every badness and evil and devils find a way to destroy beliefs and good character. Devils will be successful in their bad intentions by destroying family and marriage. That is the main aims of devils - to destroy family life and the foundations of marriage. The most difficult time for mankind is NOW. Every evil is just pouring on earth, because devils are trying to reach their final aim - to destroy the foundations of marriage and family life.

This is the reason that Western people don't care about their beliefs as Christians or Jews. There is no more power in Christianity or Judaism over their followers - they are unable to control them, there is now more discipline. The only discipline for marriage and family life which is able to control the lives of people is in Islam. Therefore, Western people are attacking Islamic discipline of families. They are trying to break down that protection, break down the discipline of family, break down the holiness of marriage and make Islam the same as Judaism and Christianity. That is why they are attacking. Mostly atheists are objecting to and rejecting and attacking Islam, family life in Islam and the marriage foundations of Islam.

When you understand this introduction, everything will seem simple. This is a reality. No-one can object to

what I am saying now.

If we believe in the Holy position of marriage and family, we have to chose Islam's rules and disciplines. Unless we accept this, there will be no more family life and no more blessed marriage for mankind and that is the main aim of devils. Therefore, we must accept Islamic discipline and rules for blessed family life and Holy marriage foundations. What are Islam's rules? It is the same rule as Allah Almighty sent to Moses and Jesus Christ about families.

The man (husband) should be the boss in the family. The woman must be under his rule. That is the same in Islam as it was for Christians and Jews in the past. When we say that the husband is boss and the wife should follow the boss, men have been ordered to be good husbands and women to be good wives. When men are good husbands and women good wives, there are no problems, no difficulties; but if one is bad, there will be no balance in the family. Sometimes there is a good husband, bad wife; sometimes a good wife, bad husband. Both conditions are necessary. If the couple is suitable, they must be thankful to their Lord for making both sides good and for having good understanding of each other. When this is the case, it will be a good example of marriage and family life.

If not - one side good, one side bad - it is a test from Allah Almighty. Then, if one person is patient with the other partner, Allah Almighty will reward him or her. They must try to be patient if one is no good and has bad attributes. As long as they can carry this, Allah Almighty will reward them.

In Islam Allah Almighty gives permission to husbands to divorce. He gave that permission, but he dislikes it. However, he gave it and man may divorce. So, of course, can women (on condition that she asks for it at her nikah - marriage). So a woman may get divorce if she needs it. Sometimes Western sources attack Islam on the grounds that all the power of divorce is on the man's side and that women are like slaves. It is not true. Islam also gives women the possibility to make that condition at the start of her marriage and the husband can accept it or not right from the start. It the man accepts, then that power is with the lady - she may divorce any time herself.

No-one can object on that point. Islam makes marriage and living easy. Marriage must be acceptable to both parties in front of two witnesses. Then it is a real marriage. It is so easy. And for divorce also the man may say in front of two witnesses - I am leaving that one. Easy marriage, but strong, because marriage is done

according to the Holy Command of Allah Almighty and the sunna of the Prophet, therefore marriage is founded on a Holy basis.

## Shaytan's Proposes You Marry Its Daughter

Allahu Akbar, Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah wa lillahi 'l-hamd! Allahuma salli `ala Sayyidina Muhammad wa `ala aalihi wa sahbihi ajma`een.

O People! Our attenders through east and west. Madad yaa Sultan al-Awliyaa, madad yaa Rijaalallah, amidoona bi madadikum, salaam `alaykum. Salaam `alaykum yaa `ibaadAllah as-saaliheen. Amidoona bi madadikum. Allah, Allah. Fansurna `ala `adaaina. Salaam `alaykum, our attenders through east and west.

O People! Try to be with Allah Almighty's orders; try to be with your Lord, your Creator. Don't be no-mind ones, don't be drunk. Everything coming to people is from cursing because they are drunk ones. "Drunk" means they do not know whom they are, from where they came and to where they are going. Who made them appear in this life? It is so short a time. The first order of the Lord of Heavens, Allah Almighty (swt) was, (Mawlana Shaykh stands) Subhaan sen yaa Rabb, Sultaan sen yaa Rabb! We are Your weak servants! (Mawlana Shaykh sits)

We are saying, a`oodhu billah min ash-Shaytani 'r-rajeem. Run away from Shaytan and its traps! So many shaytans are running after everyone, so run away or you can be caught by a trap. There is a saying, "Everyday

Shaytan brings one thing." That is this dunya, this worldly life, saying "O People! I have a beautiful girl!" Ptuuh (spit) on Shaytan. Everyday he says, "I have such a beautiful girl. Who is going to marry her? I am ready to make my daughter your wife, but this offer is only for 24 hours. Tomorrow I will again bring her to more people and ask them, "Who among you likes to be my son-in-law?" The Egyptians, Palestinians, Turks, Iranians, I have so many asking for my daughter, but whichever of you will be the first one, I will give my girl as his wife! She is such a beautiful girl."

Shaytan's daughter is this dunya, which he decorates with every ornament, saying "O Pakistani people! Are you ready to marry my beautiful daughter, older than me 100 times but still so fresh, day by day looking like a monkey." People look. "Yes, come! I will make my beloved daughter your pretty wife! Only I may say that its beauty changes from early morning to early evening. Before she is so white and pretty, but when the sun sets even I don't care to look at her. But you may enjoy her daily and tomorrow I will bring her adorned in new ornaments, changing daily up to the Last Day. Everyday I will bring my beloved daughter, dunya, for you. That is my biggest trap! I am preparing my beloved daughter particularly for the last group of Mankind, before the Day of Resurrection. Therefore, O people, be quick to reach my beloved daughter, to be happy with her here and Hereafter, from sunrise to sunset! Then you will sleep and awake in the morning, and ask, 'Where is my pretty bride? Where is she?' I will answer, 'Come, she is here,' and who gives me the most, I will give my pretty daughter to him! O People! Don't be foolish idiots! Keep her tonight. I will adorn her tonight and tomorrow you will see, 'O, what a very beautiful face! Such a sweet bride for me.'"

O People! Some have begun to run after it, from early morning up to late night, becoming more foolish each day. They are killing one another, which is the biggest sin. For what are they fighting and killing? For Shaytan's daughter. They are killing, giving trouble, and making every wrong thing, and after sleeping they awake in the morning, saying, "Where it is?" but (the charms of this life) just passed away.

O People! Allah (swt) granted you a very short life. Whatever you are collecting is for dunya, then finally, when you will open your hands you will be fed up and tired, and your soul will be taken away, and everything that you ran after will be finished.

O People! All prophets, peace be upon them, came to Mankind and said, "O People! Don't be cheated, otherwise it will be difficult for you when you leave this life and are buried underground, and on the Day of

Resurrection."

O People! Allah Almighty is saying to you, "I granted you jawhar, more than any pearls or diamonds, to reach that one and bring it to Me, but in your life on this planet you only gave that precious diamond to Shaytan's daughter and now you are coming to Me, saying, 'This is so difficult!'"

O People! One day the Seal of Prophets, Sayyidina Muhammad (s), (Mawlana Shaykh stands and sits) sat after the morning prayer and asked the Sahaabah (r), "Did anyone have a dream?"
One Sahaabi replied, "Yaa Rasoolullah! Last night I saw a dream but I never understand what I dream."
Prophet (s) said, "What is that?"
That Sahaabi narrated, "I was looking in a very big space, like a field, all green, and then there was a minbar, (the pulpit which the Friday khateeb speaks from). I saw you, yaa Rasoolullah, coming and beginning to climb that minbar, one, two, three, four, five, six, seven steps, and you sat down."
The Seal of Prophets (s) said, "O my companion! That dream is an indication that Mankind should be in dunya 7000 (years). Adam (a) was First and I am the Last. That means the Day of Resurrection is now approaching. When I come and 1000 (years) finish, the Day of Resurrection will begin. "

Now we are finishing (this world); we just finished 7000 years and now we are in a space or time that is reaching the Day of Resurrection. From that time up to today there are 1432 years, or you may say 1500 years, and then will come the Last Day.

O People! Don't be cheated by Shaytan, as if you are going to live a long, long, long life. No, beware! The Last Day is behind your doors! That narration is from fifteen centuries before, when the Seal of Prophets (s) informed us about the Signs of the Last Day, Yawm al-Qiyamah. Now we are in it. We have passed through 7000 years and have come near the end. We are going and what are you thinking, what are you waiting for now?

O People! Take your care for the Day of Resurrection. Leave drunkenness and think on it, as Judgment Day is approaching and you will be taken to the Divine Presence for judgment. It is enough that you are running after dunya! Today we are in dunya and tomorrow to akhirah, the Last Day! May Allah forgive us. Everything that we see and hear are Signs of the Last Day. Try to keep your faith, try to keep your obedience, and try to be good servants for Your Creator, Allah Almighty. Ameen yaa Rabb! Anta ar-Rabb! Anta ar-Rabb! We are

asking forgiveness; forgive us and grant us a good end for this life, when we will come to Your Divine Presence, for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

**Ask always Heavenly support, material support is nothing!**

Destur ya rijaal Allah, meded! Destur ya Sultan al Awliya, meded!
Allah Allah
Subhanallah, Sultan Allah, Kareem Allah, Raheem Allah, `Azeez Allah
Hu Allahu 'lladhi la ilaha illa Hu
Huuuuuu
Warzuqna ya Rabbana
Warzuqna ya Rabbana
Was-salaat was-salaam `ala Sayyidi 'l-awwaleen wa 'l-akhireen Sayyiddina Muhammad (s)
Meded Ya Rabbi
As-salaamu `alaykum!

O Believers! O Muslims! Whom believing in Allah Almighty and He is our Creator, Creator everything in existence. No one can come in existence by his self or by himself or by herself, nothing coming.

Meded ya Sultan al Awliya! Meded ya rijaal Allah!

Ask always Heavenly support, material support is nothing! Never giving to people anything. So millions of

billions of people, they were trusting on their treasures, or their kingdoms but never giving anything benefit to them, finally, they left everything and disappeared! If you are saying they went away? To where? They left for an unseen, unseen world or unseen beings, unseen, unknown territories. No one knowing where they are going finally. They are knowing something about next life but it is not clear for people 100 percent.

We are hearing, we are believing, believing means to accept something in existence even you are not seeing, but you are believing there is beyond this life another life, or perhaps everyone must believe that for this world there was one beginning, its beginning unknown. Unknown.

That everything that just appearing in existence, no one by itself, by herself, by himself, coming in existence, no! If anyone coming by himself through his will, coming and appearing through this world, it is impossible. So that we are on this planet dunya its name dunya, world, or our globe or our planet - it is not something suddenly appeared through space.

If anyone saying that suddenly our world just appeared through space must be something wrong that person. No one can accept this.

That means our world it wasn't in existence but now it is in existence and you are on it and countless creatures on it, east and west on it, north and south on it, countless directions on it. And some very strange happening that it is turning around itself. And no one can say a something by itself can turn around itself, by itself! So many things that we are in need to ask and to find an answer but up today common people no one can say anything for such a questions or such a understanding.

People saying "oh, everyday sun rising morning time and setting evening time". Yes, everyone knowing and looking and seeing but do you think that it is by itself rising and setting? If you are saying this, you must be, you must be something wrong through your mentality. It is impossible.

And we are in need to believe because you can't bring any answer such a questions without a belief. Without believing you can't bring any explanation or no one can bring an understanding for mankind about sun rising and sun setting. But it is easy for ignorant ones to say it is only unseen power making this and if you are asking what is that invisible, unseen power that making this globe to be in existence? It is easy to say no God, astaghfirullah!

That means you are denying, denying the Creator but you can't bring instead that belief another thing that may give a satisfaction to you through your mind or mentality or through your knowledge. Or never bringing a satisfaction to our heart that to say no God. Never bringing but they are insisting because their teacher Shaytan insisting to make people to say "no God". If no God, from where this existence coming? Make a satisfaction for me or for you or for anyone else. To make a satisfaction what he was saying no God how happened all these existence or galaxies and space? Say! Make me to be satisfied through your knowledge.

You never, never may bring but even we are living in 21st century that people they are saying it is positive knowledge period, and bring a proof. What you are saying? Or you must bring Heavenly knowledge that reaching to people from beginning up today because we are in need to reach for a satisfaction, yes. How happening? How happening such an events, such a creation, how they are happening?

Ask, for example, for an ant. Ant it has a existence but do you think that its existence from itself? How you can say? That existence must be granted to that one by Someone but people just reached to a second period of ignorance and whole, whole troubles that coming on people, every badness coming on people it has a reason because man through 21st century they are not in satisfaction through their hearts or through their minds or you can't bring any answer suitable for their mentalities. Even now we are looking and seeing people, they are refusing to believe but if they are not coming to believe, they never be able to save themselves from troubles and miseries and suffering that giving every trouble for our physical being and destroying our mentality. We must put our knowledge on a strong base. If no base, no value. No value.

That is ant, now there is bacteria. Bacteria perhaps 1 million bacteria. Bacteria may reach the size of ant. Who making that small ones in existence? And now there is another creature that coming in, not psychology but through new mentality, new studies, researching bringing some another creature that it can't be touched or seen. We are saying what is its name? Virus. They are knowing its existence but never going to be able to look and to know about it secret. Yes a virus, Subhanallah, glory to Allah Almighty. There are countless kinds, not anyone kind, countless virus. Qadir Allah. Absolute Power Oceans for the Lord of Heavens, He can create such a way countless kinds of virus and you never knowing for what. Only sometimes they are saying it is hens flu, birds flu or they are saying now pig flu. There is another kind virus that people trembling. I am saying what is its signs? How you are fearing from something that you can't see that even through your

microscope? How you are trembling? Do you think that it has a mouth? Do you think that virus it has teeth biting you? Do you think that it has a stomach and producing a kind of poison and for keeping some secret power that it has a poison and poisoning? Who is putting in its mouth that poison, O doctors? Say, say!

And some of their doctors I was saying we are oo.. this virus, it is a perfect creature. Because the Lord Almighty never creating imperfect. In its kind it has a perfection. I am asking someone of doctors, why you are fearing that virus, if it, do you think it has a mouth? And he is saying, perhaps. Do you think it has through its mouth something from poison? Very well, very well...ehhh you know how you can defend mankind? And he was saying we are trying to find a way to take away, it is so easy masha ...that talking like this....insect, flies.

I am saying to you catch that Shaytan virus from its neck and take its jimbus..... Our people no mind people not knowing what is jimbus. It is so easy, you may take one of that virus bring another doctor to catch its feet, doctor, one person. Another specialist must catch its head, another specialist must open its mouth because one bringing a poison and putting through its mouth making like this, throw away, finish!!! No way to save yourself, only this way. If you can do you can be saved, if not that small one going to eat you! That is the best muamele, treatment. Treatment! I shall write to newspapers that Shaykh just found a new way for defeating pig flu, so easy.

May Allah forgive us! Allah Allah. Ya Rabbi! Tauba ya Rabbi, tauba ya Rabbi

Because of our sins Allah sending such a defendless, defendless creatures and so proud man to be down. No more going to be proud ones.

O people! Come and believe in your Lord Almighty Allah! He can save everyone or you can't be saved. Perhaps that small ones going to eat you from beginning up to end and making you dust through your graveyard.

O people! We reached, Subhanallah, 15 days from Holy Ramadan, Subhanallah. So quickly running and it its Prophet's Sallallahu Alayhi Wasallam news from Last Days that time measure coming smaller and quicker! Year going to pass like months, months so quickly as a week and week running also so quickly as a day and day running as quickly one hour passing. And our one hour is also passing such a quick. That is sign of Last

Days. Sign of coming near Last Day and the Day of Resurrection. O people! Believe and you should save yourselves. If not believing you are falling down, no one can take you from that dark place up to lightening worlds.

O ya Rabbi! We are asking forgiveness, we are asking understanding, we are asking such a himmah, energy, or himmat - to try to be as much as possible a good believer and a good mannered person, good making person! That is in Divinely Presence just maqbool, accepted, not only accept but granted as a grant. Allah granting them such a grant that no one can grant and follow the holy way of seal of prophets, Sayyidina Muhammad (s).

Allahumma salli wa sallim `ala
Nabiyyina Muhammad `alayhi 's-salaam
Salaatan tadoomu wahtudah ilayh
Ma marra al-layaali wa tool ad-dawwaam

Fatiha

(Maulana making Du`a)

Fatiha

O people! O people! It is enough for you to think on it and Allah grants you from endless Mercy Oceans.

Allahu Akbar, Fatiha

## Materielle Dinge schmelzen dahin

(English at DontLoseYourOnlyChance)

As-salaam alaykum. Ashadu an la ilaha ill-Llah wa ashadu anna Muhammadan `abduhu wa rasuluh...
Im Namen Allahs, des Wohltätigen, des Großzügigsten.

Wir sagen zu unseren Zuhörern: "as-salaam alaykum wa rahmatullahi barakutuh."

Diese Versammlung ist einfach, aber es ist nicht von mir selber, nein. Es kommt von den Himmlen. Ich verlange auch danach zu hören und zu horchen. Es ist nicht etwas, das wir selber vorbereitet haben zum Sprechen, aber es ist eine himmlische Zusammenkunft von denjenigen, deren Kraft auch den schwächsten Diener erreicht. Ich sage zwar zu mir selbst: "Diener", aber ich bin kein wahrer Diener, ich schäme mich, zu mir selbst Diener zu sagen, ich leiste unserem Herrn keine wahre Dienerschaft. Weil wir haben unseren Schwur abgelegt, dass wir seine Diener sind, aber wenn wir hierher kommen auf diesen Planeten, ist meine Dienerschaft ist so schwach. Ich schaue von Ost nach West, von Nord nach Süd: Die Leute vergessen ihren Schwur, den Sie am Tag des Schwurs in der Göttlichen Gegenwart abgelegt haben: Oh mein Herr, wir haben in deiner göttlichen Gegenwart geschworen, dass wir deine Diener sind und dass wir nur Dir allein Dienerschaft zeigen wollen. Dass haben unsere Seelen in der Göttlichen Gegenwart bezeugt, aber nun sind

wir hier auf der Erde und halten diesen Schwur nicht ein.

Wir geben uns mit materiellen Dingen ab. Aber materielle Dinge sind nichts in den Augen von wahrhaften Wesen, in der Göttlichen Gegenwart. Aber (trotzdem) leben und arbeiten wir nur für unser materielles Sein. Dieses wird aber weniger Tag für Tag, es schmilzt dahin.

Einmal war ich auf einem Schiff für Touristen, denen so viele Plätze gezeigt wurden. Beim Morgengebet sah ich in der Haupthalle dieses Schiffs eine Statue, eine wunderschöne Gestalt. Ich schaute und ging daran vorbei. als ich des Abends dann wieder an diese Stelle vorbeikam und danach fragte, wo diese Statue denn sei und wen es darstellen würde, sagte ein Passagier: Oh Sheikh, das war nichts aus Stein oder Metall, das war aus Eis! Ich habe es nur von weitem gesehen und es war nur ein Stück Eis, das über Tag geschmolzen war. Langsam ging es dahin und abends war es ganz geschmolzen - es wurde zu Wasser.

Großsheikh, a.s., sagte einmal: "Nazim Effendi, alles, auf das wir schauen, wird eines Tages dahinschmelzen und am Ende wird alles verschwinden! Du schaust auf eine Figur, auf eine Gestalt, aber es ist nicht stabil! Alles auf diesem Planeten wird dahinschmelzen, wird vergehen! Das gilt besonders für die Menschen, deren Gestalten sind wie Eis: Sie werden schmelzen und vergehen, Tag für Tag, Tag für Tag werden sie weniger, werden zu Wasser, und haben keine Gestalt mehr, können nicht mehr sehen, nicht mehr hören, nicht mehr sprechen." Das war eine Gestalt, die von Menschen hergestellt wurde, aber wir sind (ja) auch von unserem Herrn hergestellt. Und wir werden genauso enden - Tag für Tag, Tag für Tag - schmelzen wir und gehen dahin.

Einige Instrumente arbeiten nur durch Pillen, Batterien oder Butter? Hollywood, Butter und auf dieser ist Honig, so köstlich. Aber es ist nicht wie diese - keine buttery, aber battery. Tag für Tag, Tag für Tag werden wir weniger, verschwinden wir immer mehr, enden wir.

Einst wanderte ein Beduine von einem Platz zum anderen. Es war Nacht, und er machte Rast an einem Brunnen. Am frühen Morgen stand er auf und wollte seine Reise fortsetzen, aber sein Kamel bewegte sich nicht mehr. Er öffnete die Augen des Kamels und hob seinen Kopf, aber die Augenlider schlossen sich wieder und der Kopf fiel einfach wieder herunter. "Oh, was geschah mit meinem Kamel? Ich bin auf ihm geritten, es rannte wie der Wind durch die Wüste, aber was passierte ihm nur? Was geschah ihm, was fehlt ihm? Es ist doch alles noch dran?" Er weinte und rannte verzweifelt hin und her. Da kam ein anderer Reisender des

Weges und fragte ihn: "Bist du nie dem Tod begegnet?" "Was ist das?" "Gestern lebte dein Kamel noch, und heute ist es nur noch ein toter Körper." "Oh ja, aber mein Bruder, sieh: Ich habe genau hingeschaut und es fehlt ihm nicht das geringste!" Da sagte der andere: "Haaa, es ist etwas, das nicht von dieser materiellen Welt ist. Diese Sache, die es rennen und leben ließ, kam vom Himmel!"

Jetzt verstehe ich, dass es nicht unsere Körper sind, um die wir immer so besorgt sind, nicht unser physisches Sein, das wir so behüten, sondern dass die Verbindung zu den Himmeln aufhörte und es einfach starb. Und die Menschheit ist heutzutage in genau derselben Position. Die leute machen sich so viele Sorgen um sich selber, sie wollen wie Autos sein - jedes Jahr eine neue Mode, ein neues Auto! Und das alte Auto kommt einfach auf den Autofriedhof, Ende, Aus! Aber wenn dein Körper zu Ende ist, kannst du dir keinen neuen besorgen. Aber (sobald du das bemerkst, z.B. wenn Teile deines Körpers nicht mehr stehen können, sondern nur noch schlafen) dann gehst du zum Arzt und verlangst einen Check-up. Check-up heißt, dass nachgeschaut wird, ob alle Organe noch arbeiten, insbesondere natürlich dieses eine. aber dieses eine ist tot - Ende, Aus. Jetzt denkt ihr, müssen wir einen Check-up machen, damit unser körperliches Sein genauso wird wie zuvor, aber das geht nicht - Es ist Schluß! Geht nicht zum Check-up - das Einzige was die Ärzte für euch tun können, ist ein quick namar, ein schneller Transport auf den Friedhof.

Deswegen gucken alle Leute heute so scharf hin und sagen: "Oh mein Bruder, wo ist Ikhtiyaar - ein Älterer, wie Abdur Rauf. Abdur Rauf sagt dann: "Oh Sheikh, Ich gehe zum Check-up." "Wofür, Abdur Rauf?" "Weil sie sagen, dass es einen neuen Virus gibt." Aber das Virus weiß gar nicht, ob es ein junger oder ein alter Mensch ist. Ich muß auch gehen und einen Check-up machen, falls die Schweinegrippe zu mir kommt. Wenn es zu mir kommt, frage ich nach einer Leibgarde. Ich brauche einen Leibwächter gegen die Schweinegrippe. Der zweite sagt: "Yahu, du bist aber ein wahrer Narr, ein Idiot!" "Was sagst du da?" "????" "Und ich sage, die Schweingegrippe ist gar nicht so gefährlich, aber ihr müßt auf die Hundegrippe achten! Wenn du die Hundegrippe kriegst, bist du erledigt. 2/3 aller Europäer werden daran sterben, weil sie Hunde so gerne haben. Wenn die Doktoren oder ein Superschlauer sagt, dass du deinen Hund töten muß, dann sagen die Europäer: "Wenn mein Hund getötet wird, ist es besser, wenn ich mit ihm bin, im gleichen Grab wie er!"

Das ist nun die neue Mode der Zivilisation des 21. Jahrhunderts: Menschen verlangen nicht mehr danach, mit Menschen zusammenzuleben, sondern mit Tieren. Es tut mir leid, das sagen zu müssen, aber die westliche der Zivilisation hat jetzt diesen (Tief)Punkt erreicht. Sie fürchten sich so davor zu sterben, wie sie

sterben, sie müssen dafür Sorge tragen. Aber soviel sie aufpassen, soviel werden ihre Körper dahinschmelzen und vergehen - Schluß, aus! Oh Leute, wir sind alle vom Tod umgeben - überall und immer. In jeder Umgebung, zu jeder Voraussetzung erreicht uns der Tod. Du musst dafür Sorge tragen nach einem Leben ohne Ende zu verlangen, einem Leben, dass nicht zu Ende geht, nach einem Leben in Ewigkeit. In Ewigkeit. Versucht, das zu erreichen.

Das ist das Versprechen unseres Herrn wegen unseres Schwurs am Tag des Schwurs, dass wir seine Diener seien. Er versprach seinen Dienern endloses Licht, ewiges Licht, aber die Menschen haben es verloren, sie vergessen es und haben es niemals verstanden, woher sie kommen und wohin sie gehen, und nun gibt es 7 Billionen Menschen aber nur 7000 - wenn überhaupt - die die ewigkeit erlangen wollen - ernsthaft erlangen wollen.

Oh unser Herr, wir wollen deine Diener sein. Versucht, Seine Diener zu sein und nicht die von Dunya oder Shaitan! Wir sind wie die Propheten nur Warner (mundhir), darin liegt kein Zwang: Du bist frei, nutze deinen guten Verstand und denke darüber nach, die wirklichen Richtungen auf den Herrn zu einschlagen. E lädt dich dazu ein. Aber Shaitan ruft nach dir, vom frühen Morgen bis in die späte Nacht ruft er nach ihnen und sagt, tu dies und tu das. Aber diese Chance, unserem Herr zu folgen, ist einmalig, wir werden keine weitere Chance bekommen. Religion bedeutet, Gutes für die Menschen zu verlangen und sie davor zu bewahren ins Feuer zu fallen, im dies- und im jeneits. Möge Allah uns geben zu hören und zu lernen und zu versuchen, Diener unseres Herrn zu sein! Möge Allah uns vergeben um unseres geehrten Propheten Muhammad, s.a.s.

Fatiha.

Seid glücklich, dass ihr Zuhörer seid.

Fatiha. Bayat.

# The Mathhab Of Shaytan

Madad Madad, Madad Madad Madad Madad Ya Sahib al-Imdad. Assalamu Alaykum o attending ones, o ones who are present and are Yaran Shah Mardan. O Shah Mardan, whose one call can make the world tremble. One strike of his sword can divide the world in 2 like a watermelon. Shah Mardan Alayhi Ridwan min ar-Rahmanir Rahim. Ay Hadirun! Oh our ones who are present! Madad o Owner of the Arenas, Ay Shah Mardan How nice. This assembly... Let it be the assembly of Yaran Shah Mardan; those who walk with the Lion. A fox cannot sit in the assembly of the lion. A mouse cannot sit in the assembly of a cat. A donkey cannot sit in the assembly of humans. Those with bad manners cannot sit in the assembly of those with good manners.

Learn "Utlub al-ilm" this is the banner of Islam, "Utlub al-ilm" - "search for ilm (knowledge)." Why do you search for ilm? Because it is teaching you servanthood. So why are we asking for ilm - to become a shoemaker, a carpenter, a farmer; to become a shepherd? Why? It is said, ask for ilm and learn. Ay Shah Mardan Marhaba Marhaba . Ay Yaran Shah Mardan. Shah Mardan, the Lion of the arenas, Ali (ra) ibn Abi Talib O Holy one, O Lion! The Lion of lions is Shah Mardan. O Alawi liars, O Shia liars, which good characteristic of Hz. Ali (ra) did you take? The things you do, are they the things Shah Mardan did? Shah Mardan pulled out Dhul Fiqqar (sword)... to destroy satan and his followers. You are with satan. You are oppressors. You kill people, burn and destroy places. Shame one you, but your graves... will be a hole from hell. Beware dunya (world) will end, but akhirah (hereafter) is eternal. In dunya, you are keeping score, however... the angel of death, Azrail (as)... will hit you with his claw and shake you - "give me my trust."

Those claiming to be Alawi, Shia... you will be held accountable for what you did. Fear Allah

(swt). Fear Allah (swt). What is Allah (swt) ordering His servants? Ay Shah Mardan, tell us, we are listening. Allah Allah. Allah Allah. Let's say Bismillahi r-Rahmani r-Rahim - What a sword, this sword. Allah (swt)... made everything clear and informed us "Talabul 'ilm faridatun 'ala kulli muslim wa muslima." to seek ilm (knowledge) is obligatory for every man and woman. Ay Shah Mardan! Ay Shah Mardan! Go ahead...the field is yours. Learn, learn. What is the Holy Quran saying? It is informing... did we say, Bismillahi r-Rahmanir Rahim. Say it, o foolish one! If you don't say it, you are a foolish one. Don't talk nonsense. When your soul is being taken, angels will hold you violently and shake you. For now, you are claiming that in this world you are this and that and without being ashamed, you wear a tie. Alawis wear ties too. What is this? Did Hz. Ali (ra) wear a tie? If you're Alawi, why wear a tie? Why go around without anything on your head? If you are Alawi, how can you... run to do oppression and follow the way of oppressors? How can this be? You are Alawi, you are Shia. How can you lift the sword and strike the necks of oppressed ones? Hz. Ali (ra) is Shah Mardan. Did he... strike anyone with his sword? He only stood against those coming with swords.
Let's say, Bismillahi r-Rahmani r-Rahim so doors will open for us. O believers! You have become confused. You're not listening to Shah Mardan. Listen! He is the Lion of the arena of soldiers, he is Shah Mardan. Alayhi Min Allahu Ridwan. Alayhi Ridwan Allah. O Lion, Shah Mardan, teach us. What will happen to those not learning? Those not learning from Shah Mardan become donkeys; they become wolves, dogs... mice, jackals, bears... wolf, fox. People, learn the honor of mankind from Shah Mardan. How was he? Did he oppress the weak ones or did he give the ones who stood against Islam what they deserve? Ay Shah Mardan, may Allah (swt) be pleased with you. Salam to you. Salam to you from Rabbul Izzah. Hz. Ali (ra), Shah Mardan, when he strikes his sword with force, he strikes for Haqq (truth)... ...at the castle of Khaybar, the Jews of Khaybar... he wanted to take them over. They thought they were something (arrogant) - "We are so strong. We are so fierce. No one can come against us." Shah Mardan asked for a soldier to come out to the field whoever is man enough. Let me see, one soldier came out. He struck him once... with Dhul Fiqqar, in one blow, he struck him, his Dhul Fiqqar... From heavens... his sword is given support and strength. Dhul Fiqqar is a sword from heavens. Whose neck did it strike? The necks of oppressors. With one blow... it took off his head and he was finished from its force. The tip of Dhul Fiqqar reached the ground and water came

out.
I am thanking Allah (swt) that Shah Mardan is our ancestor. Shukr to Allah (swt), I visited that place at Khaybar castle, by the road,Allah(swt) allowed me to walk on the roads Shah Mardan walked. This weak servant. And I went through Khaybar. I saw the water - it's still flowing.The tip of the sword hit and water came out. What is the meaning of that, o foolish ones? It means, his sword gives life, it gives life. Use a sword like his sword, use the sword in the right place. Killing innocent youngsters, burning and destroying... it is the madhhab (school) of satan. Your party is the party of satan. It is not the party of Shah Mardan. It is not his way, his manners. Shah Mardan Marhaba. Ay Yaran, the ones who love him "Wa Lasawfa Yu'tika Rabbuka Fatarda" (93:5) Allah (swt) will give everyone... what they deserve. To oppressors, the punishment for their oppression. To believers, the reward for their faith. Everyone will be given their reward according to their job.
Men, be men! Men, those who kill women... those who disrespect women... and women, who are their mothers... or their wives, or their daughters, or their relatives... Men should not disrespect them. Those who lift their hand (to hit) women, are from satan's profession. They are using guns... using knives using guns, then saying, "We are Alawi, we are Shia" - yet you lift your hand. Why do you lift your hand? "Wa Lasawfa Yu'tika Rabbuka Fatarda" (93:5) That addressing wasn't only for Prophet, "Wa Lasawfa Yu`tika Rabbuka Fatarda". O my oppressed servant, they oppressed you, but I will defend you. I will punish the oppressors with what they deserve. Be careful! Don't say, I am Shia. A true Shia would not kill an ant! And you, with your army and weapons made by kafir (disbelievers)... go without looking in front of you and destroy what is around. On top of that, you claim to be Alawi or Shia; it is lies and fraud. Allah (swt) will send Shah Mardan on you.
How will he send Shah Mardan? Sahibuz Zaman will come from his pure lineage, Hz. Mahdi will come, he will take the rights of the oppressed ones. He won't leave liars, he'll destroy them. He'll bring them down, "Az zulmu la yadum". Oppression doesn't continue. "In dama dammar." if it does continue, it will collapse on their heads. Whoever lifts the sword of oppression, will have his neck struck... either in dunya, or when leaving dunya, or in the grave. Those oppressors striking with swords... and shooting innocent people... with guns. Until Judgment Day, that gun... will shoot him as punishment.

Oh Shah Mardan, go ahead. Either these people will act like good people, or Shah Mardan's... sword will strike them on the neck Beware. How do we protect ourselves, o our Lord? Allah (swt) is saying: "Fafirru 'ila Llahi." O my oppressed servants, run/escape to Allah (swt). Run/escape to Allah, say Aman Ya Rabbi. Those running from oppressors to Allah (swt) are not arrogant ones. Those who oppress them will all be struck by Shah Mardan. Ay Yaran Shah Mardan - what a nice addressing -O people who... are connected to Shah Mardan by love, who sacrifice themselves... for his way, who accept death for his way... in order to open up that beautiful way, the way of Islam is beautiful there is no oppression in Islam, Allah (swt) is saying: "La zulm al yawm" - there is no oppression in this day. Everyone will find their rights and what they deserve. Go ahead O Shah Mardan. MashaAllah. there is little (time) left.

O people who claim to be Shia or Alawi, fake Shia, fake, fake people, those who consider themselves to be Shia or Alawi... you will all be held for judgment and whichever way you murdered people, you will also be murdered, killed. Beware - the words of Shah Mardan are not for nothing. He speaks the words of Haqq (truth) and Shah Mardan, Owner of the arenas... never used his sword if it wasn't for Haqq (justice). He never touched anyone who put their sword down, Hz. Ali (ra) Shah Mardan. Sahib Alam Sahib Alam Li Habibillah, he walked with the banner of Habibullah in his hand. Look at Hz. Ali (ra), and look at the terrible things you are doing. Ay Shah Mardan, I am calling you - punishing the oppressors belongs to you. You are not happy with oppression -those happy with oppression are oppressors. I will punish the oppressors, Shah Mardan is saying.

Ay Yaran, o beloved ones, how nice you are, the ones who keep the way of Hz. Ali (ra). How nice, you are accepted on earth and in heavens your glory is mentioned. The people of this time have become satan's slaves. Whatever satan orders, they do. Whatever Allah orders, they don't do. Whatever the Master of the Universe (sws) orders, they don't do. Whatever Shah Mardan said, they don't listen...but... one day they will stand in line. "Come here, let's see"... "Come here. In dunya you were so arrogant like a cock. Come let's see." "Az zulmu la yadum", oppression does not continue, its punishment is ready. What did we say? Shah Mardan... Alayhi Ridwanullah Alayhi Ridwanu r-Rahman. What is he saying? "Wa Attabi Sabila Man Anaba Ilayya" (31:15) Who turns to Me(in repentance & obedience) follow those servants who follow

Me. Come to Me, I will overcome them.
What is Allah (swt) ordering? Listen to Shah Mardan. O Muslim people walk. How will you walk? When He says, "walk", which way can you go to Allah (swt)? The way to Allah (swt), the footsteps that will walk to Allah... Allah (swt) is saying: "Qadama Sidqin". (10:2) Did you hear this holy verse? Shah Mardan is telling us, "Qadama sidq" - Step on the right way. If you go crooked, you will be struck. Our order: "Qadama sidq". Which one of you has true footsteps? With empty claims, they messed up the world of Islam; made it all mixed up. With what right? With what right do they kill people, kill muslims? You turn off the stoves of Muslims? He's saying, they will be asked. Oppressors will be brought in line one day: "Come. Let's see why you did this?" They will be asked, why did you do this? Allah (swt) said, "Qadama sidq" - walk on the true/right path. "Wa Attabi Sabila Man Anaba Ilayya" (31:15) - walk on the path of those servants who turn to me (in repentance and obedience). Don't follow those who follow satan and their ego.
O people of Egypt, Hijaz, Turkey, o people of Iran, listen to what Shah Mardan is saying. He is saying from the Quran, "Wa Attabi Sabila Man Anaba Ilayya" (31:15) - those servants who put their hearts on My way... who have no aim other than Me... other than My happiness... they are not looking for anything else, follow them because I support them. I will overthrow your oppression, because I'm not happy with oppression... ...Allah (jj), Owner of the Throne is saying.
O people who stand against Islam, Christian world, who praised Jesus so much and made him a god, did Jesus (as) ever... strike anyone with his hand or finger in oppression? Tell me, o Christian world, you have invented... so many different types of weapons for war, that in one shot... you destroy a whole country. If this is Christianity, may your religion collapse. Shame on you. The new pope should say... to use these weapons is forbidden, because Jesus (as)... didn't even hold a knife, never harmed anyone. Where did you learn this from? Who taught you these weapons? Thousands, millions of people... and animals killed by these weapons. Who taught you to make them? Did Jesus (as) teach you? O people... who claim to be followers of Jesus, tell me. Did Jesus teach you different ways to kill people? O new Pope, why don't you open your mouth, why don't you say... ...This isn't the way of Jesus (as). Jesus (as) didn't touch anyone even with his finger. Alayhi Salawatu'llahi wa Salamu. Isa Alayhi Salatu wa Salam.

Tell me, the Pope should say, oh my followers! Jesus (as) never held a knife, and you are carrying weapons... to destroy all mankind. Who gave you this authority? Who gave you permission? Jesus (as) or the popes who came after him? Which one gave you permission? That is why, I am telling the new pope, his holiness pope... open your mouth and warn - o people with so many weapons... who are preparing to destroy mankind... who claim to be from the nation and servants of Jesus, or those who consider him a god. If Jesus is a god, did he tell you to kill? If Jesus gave an order like this, the pope should say. And they are constantly bringing out the cross.

Why bring out the cross? Tell me, did Jesus ever kill anyone or tell you to kill? They attacked him to kill him, but they didn't kill him. Be careful! Don't waste your time claiming to be pope. Your mission is to show these people the way of Jesus (as).
If you want to consider him a prophet or call him a god, that is your business. We accept his prophethood. If he's a god (hasha)... Did he order you? Did he say, kill people, Jesus (as)? Why doesn't the new pope say, o my millions of followers... we are the people who accept Jesus... he never hurt an ant. Why are you working to finish off mankind? Aren't you afraid that on Judgment Day, Jesus will take you? On Judgment Day he will bring a case against you in the presence of the Owner of the heavens and earth, Allah (jj)... "They didn't listen to me. They did this, O my Lord." You say father - you can say father or uncle. He will say... I did not tell these people to use a sword. If he did, let them tell us in which book, where in the Bible is it written to kill people.
There are so many things! Ay Shah Mardan the arena is the arena of soldiers. To be Alawi is not founded on lies. Shia is not founded on lies. To work for dunya... is to reject Hz, Ali (ra).
He is saying, I am innocent of them. Alayhi Ridwanullah Sayyidina Ali (ra) Efendimiz (as) Shah Mardan. "A little more and I will draw Dhul Fiqqar... and discipline them" he is now saying. This is a cannon for Alawi, Shia, and for Christians. Let them say, this man is lying. If there is anyone who will say this, he can boil in hell. You are not fulfilling your duties. You are not fulfilling the responsibilities you took upon yourself. To everyone you are doing like this, like this...this is not a task. What is the duty of the pope, the duty of Jesus (as)? To extinguish kufur (disbelief), to get rid of evil, to get rid of satan. What is your duty? To greet people like this and this and make a cross? What meaning and wisdom does this have? Why are they looking down

on Islam? And we are answering them.
Shah Maydan, Owner of the arenas, Ay Shah Mardan, salam to you. How beautifuly you said, how nicely you expressed it. If you speak for 100 years, it will not finish. Allah Dhul Jalal said: the people who come to me "qadamu sidq". "Qadama sidqin" it is said in the Quran, those with true steps will come to Me. Those with crooked steps won't come to Me, can't come to my 'house', they'll be destroyed, kicked out, and enter satan's school. Ay Shah Mardan Ay Yaran Shah Mardan, how nice you are. I will overcome them, said... Shah Mardan. I will be given a duty. If I shake my sword... from east to west, no matter how many enemies of Allah and Prophet... and those oppressing the oppressed, all their heads will fly with one strike Allahu Akbar! Allahu Akbar! Allahu Akbar Wa liLlahi l-Hamd.
Alhamdulillah. our religion, is Islam. The religion of Islam is to make good people on earth and it raised them up with servanthood. Be servants to your Mawla! Allah is going to give you paradise. The only order of Islam: leave bad things. Is there anything else in Islam? Prophet of last days, what summary did he say? Do not harm anyone, in Islam: La Darar Wa La Dirar Fi -l Islam. No harm, no one can harm Allah's creation. That is all. Those claiming to be Muslim, Alawi, Shia... don't you hear what the Prophet (sws) is saying? La darar wa la dirar fi -l Islam.

You cannot do harm. This is an ocean. Ay Shah Mardan, they should understand this. If they don't... we'll see what kind of bombardment will come to them in the coming days. No one will be left standing. They will fall to the floor because Shah Mardan is full of divine anger. If he strikes with Dhul Fiqqar from east to west... from west to east, not one head will remain on shoulders. He has that power.
Ay Shah Mardan Alayhi Ridwanur Rahman. Shukr to Allah that... we are from Yaran Shah Mardan. We want what is right, don't be crooked! Qadama sidq, step on the true way, Allah (swt) is saying. You are not, but then you will fall in a hole. O our Lord, may the glory of Shah Mardan be increased. Shah Mardan, the one lifting the banner of Prophet (sws),we want him to teach people their humanity. We will learn too, so we will be(good)people so we won't be wild animals. We'll be true, not crooked; speak the truth and not lie; not trick anyone; speak the truth. Islam... They are coming against Islam. Why? What is Islam ordering? Allah (swt) is saying: "Wastaqim kama umirta"(42:15) I am telling you, O My habib, be true/righteous. Keep

your rightousness. Don't fear, I will give them what they deserve. I will send Shah Mardan on them. He will give them what they deserve.
Subhan Allah Wa l-Hamdu liLlah Wa La ilaha illa Llahu WaLlahu Akbar Wa La Hawla Wa La Quwwata illa BiLlahil Aliyyil Adheem. We are weak, Ya Rabbi, send us a Sultan to show us... the right ways Ya Rabbi. We are fed up from lies and made up things. Those who turned this world upside down from oppression... let us be innocent of them. Ya Rabbi, don't let us be from them. The Prophet of last days-don't kick us out from under the banner of Habibullah. Allahu Allah, Allahu Allah Allahu Allah, Allahu Rabbi Allahu Allah, Allahu Hasbi. HasbunAllah wa Ni'mal Wakil.
Let's say, Bismillahi r-Rahmani r-Rahim. Let's not be afraid. Be true. Don't fear. If you're crooked, they'll cut you. Ya Rabbi forgive us. They can like it or not. If anyone sends me money, they can give with anger. I am a weak servant, but there is someone making me to speak. Pay attention to who's making me speak or Shah Mardan's sword will cut their necks Aman ya Rabbi, tawba ya Rabbi. Don't leave us in hands of our bad ego. Don't let us follow satan. We want to follow the Prophet(sas) of the last days and liars cannot follow him. The Prophet of last days... the order to him: "Waistaqim kama umirta" Be true, o My Habib. Don't fear. Come out to the arena as true ones O Alawis, Shia, Turks, Kurds.
O our Lord, forgive us. Send us a Master. Send us holy servants that will make clear what is Haqq. O people of Egypt don't say, this man will save us; this government he established will save us. Turn to Allah. Know your way. If you don't know, you will suffer. Aman ya Rabbi. Tawba ya Rabbi Tawba Astaghfirullah. Our Lord, may He forgive me and you.
Fatiha

## Mawlana is Better

Sheikh Adnan: Masha'Allah Mawlana, all the great Shaykhs are supporting you, Sultan Al Awliya'(S.A. Daghestani) is supporting you.
Maulana: May Allah bless you, your presence is Masha'Allah enough. How is your health?
S.A.: Alhamdulillah.
M: This was in place of a khalwat, in the first week (of Rabi'ul. Awwal). Something was given to my heart at night. I will have it recited with your voice, to all people. If shaytan says this, he will become Muslim! This much is enough for shaytan! Pay attention to what I will recite.
S.A.: Masha Allah! M. Shukur.
S.A.: Ya Rabb, Ya Rabb.... Ya Habibana Muhammad (saws) for your sake may Allah (swt) make Mawlana get better quickly, make him stand like a lion! O our Lord O Allah, grant him health & the sword of power & guidance from Heavens. O our Lord O Allah (swt) so he may be with S. Isa (as) during his reign.
M.: Allah Ghalib, May Allah.... Dastur Ya Rijal Allah. Dastur Ya Rijal Allah.
S.A.: Ya Rijal Allah, Bi-Haqqi-Allah support us & grant support to Mawlana S. Nazim Bi-Haqqi-Allah ! O Mawlana A. Daghestani, O Sayidina S. Sharafuddin Daghastani Bi-Haqqi-Allah Support Mawlana S. Nazim Bi-Haqqi-Allah ..... O Sahib Al Zaman (Mahdi as) Ya Sayyidina Muhammadul Mahdi- whose name exists but not his material being. And be support for us Bi-Haqqi-Allah.... & healing for Mawlana S. Nazim Ya Allah, Ya

Hannan, Ya Mannan, Ya Qadim Al Ihsan, Ya Subhan Ya Sultan Ya Allah....
M: O Lord the reviver of bones...
S.A.: Revive Mawlana Bi-Haqqi-Al Hayat & health, O You The Most Merciful.
M: In reality... Bismillahi r-Rahmani r-Rahim. In reality, there are astonishing zuhurats-appearances in the Prophet's month. Astonishing things will be seen in this month, Rabi'ul Awwal Shaykh Effendi knows. This power came on us. ...And Allah (swt) Knows best they made me read this. Everybody may read this as well! They give it into our hands to apply. If shaytan reads it, he will be Muslim. We have reached his limit too. He is tired of his own evil, too. Give me Adnan Effendi's turban. It is a bit tight but no harm. Now listen. All of your voices are beautiful but his voice is Dawoudi-strong. Madad ya rijal Allah. The zuhurat-appearance that came to me in the beginning of this Rabi'ul Awwal. They brought me to life when I was crushed. This will bring people to life as well, that we will enter upon Allah's presence saying this:

Bismillahi r-Rahmani r-Rahim.
Subhanim Allah (my Subhan is Allah)
Sultanim Allah (my Sultan is Allah)
Nabi Muhammad (my Prophet is Muhammed)
Nabi Muhammad (my Nabi is Muhammad..)
Nabim Muhammad Alayhi Salam. (Say "my Nabi is Muhammad".)

All of them will be saved. Say it again loudly.

Subhanim Allah, Sultanim Allah, Nabim Muhammad Alayhi Salam.

Say! My Nabi is Muhammad Alayhi Salam. Recite! If shaytan says this, he will enter the paradise! Rule with shaytan is up to here! He will also awaken from his drunkenness now! Recite it one more time. This is sweet.

S.A.: Very sweet, very strong Masha Allah.
M.: This has given an astonishing flavour. Say it again.

Subhanim Allah. Sultanim Allah. Nabim Muhammad Alayhi s-Salam.
Subhanim Allah. Sultanim Allah. Nabim Muhammad Alayhi s-Salam.
Subhanim Allah. Sultanim Allah. Nabim Muhammad Alayhi s-Salam.

This has come strong. If shaytan says this once, finished! My Subhan is Allah. My Sultan is Allah. My Nabi is Muhammad Alayhi s-Salam. They are doing it very well. Therefore recite one more time. The people may recite this too. The people may recite. This heaviness-violence will disappear. Bahauddin and Sh Adnan Effendi will be... They are the ones who can recite it. It comes strong. Allah is never defeated! La Ghaliba illa Allah - There is no conqueror but Allah. They may declare this to Sham, to the east that "La Ghaliba illa Allah, La Ghaliba illa Allah, La Ghaliba illa Allah...

**Mawlana geht es besser**

---

S. A: Masha'Allah, Mawlana, alle großen Shaykhs unterstützen dich. Sultan al Awliya (S. A. Daghestani) unterstützt dich. M: Möge Allah dich segnen. Deine Anwesenheit ist, Masha'Allah, genug. Wie ist deine Gesundheit? S. A: Alhamdulillah. M: Das war anstelle eines Khalwat, in der ersten Woche (von R. Awwal). Etwas wurde mir ins Herz gegeben in der Nacht. Ich werde es mit deiner Stimme für alle Leute rezitieren lassen. Wenn Shaytan das sagt, wird er Muslim! Dies genügt für Shaytan! Paßt auf, was ich rezitiere. S. A: Masha Allah! M. Shukur. Ya Rab, Ya Rab... Ya Habibana Muhammad (saws), um deinetwillen möge Allah (swt) Mawlana schnell wieder gesund machen, wie einen Löwen aufstehen lassen! O unser Herr, o Allah, gewähre ihm Gesundheit und das Schwert der Macht und Führung von den Himmeln. O unser Herr, o Allah (swt), damit er mit S. Isa (as) sein kann, während seiner Herrschaft. M: Allah Ghalib, möge Allah... Dastur ya Rijal Allah. Dastur ya Rijal Allah. S. A: Ya Rijal Allah, Bi-Haqqi-Allah, unterstütze uns und gewähre Mawlana S. Nazim Unterstützung Bi-Haqqi-Allah. O Mawlana A. Daghestani, o Sayyidina S. Sharafuddin Daghestani Bi-Haqqi-Allah unterstützt Mawlana S. Nazim Bi-Haqqi-Allah ...O Sahib az-Zaman (Mahdi as), Ya Sayyidina Muhammadu l-Mahdi, dessen Namen existiert, aber nicht sein materielles Sein, und sei uns Hilfe Bi-Haqqi-Allah und Heilung für M. S. Nazim, Ya Allah, Ya Hannan, Ya Mannan, Ya Qadim al Ihsan, Ya Subhan, ya Sultan, Ya Allah... M: O Herr, Wiederbeleber der Knochen. S. A: Belebe Mawlana Bi-Haqqi-l-Hayat und Gesundheit, o Du, Der Gnadenreichste. M: In Wirklichkeit... Bismillahi r-Rahmani r-Rahim. In Wirklichkeit gibt es erstaunliche Zuhurat, Erscheinungen, im Monat des Propheten. Erstaunliche Dinge werden sich in diesem Monat zeigen. Shaykh Effendi weiß es. Diese Macht kam auf uns. ...Und Allah (swt) weiß es am besten. Sie brachten mich dazu, dies zu lesen. Jeder andere kann das auch rezitieren. Sie geben es in unsere Hand zur Anwendung. Wenn Shaytan es liest, wird er Muslim. Wir haben auch seine Grenze erreicht. Auch

er hat das eigene Böse satt. Gebt mir Adnan Eff.'s Turban. Er ist etwas eng, aber das macht nichts. Jetzt hört zu. All euere Stimmen sind schön, aber seine Stimme ist Dawudi - stark. Madad ya Rijal Allah. Die Zuhurat, Erscheinung, die zu mir kam am Anfang dieses Rabi-ul Awwal, sie brachten mich wieder ins Leben, als ich zerschmettert war. Dies wird die Leute auch wieder ins Leben bringen, damit er in Allahs Gegenwart eintritt und sagt: Bismillahi r-Rahmani r-Rahim. Subhanim Allah (Mein Subhan ist Allah) Sultanim Allah (Mein Sultan ist Allah) Nabi Muhammad (Mein Prophet ist Muhammad) Nabi Muhammad, Nabim Muhammad Alayhi Salam. (Sag: Mein Nabi ist Muhammad) Sie werden alle gerettet werden. Sagt es noch einmal laut. Subhanim Allah, Sultanim Allah, Subhanim Allah, Nabim Muhammad Alayhi Salam. Sagt es! Mein Nabi Muhammad Alayhi Salam. Rezitiert! Wenn Shaytan das sagt, wird er ins Paradies eingehen! Die Herrschaft Shaytans geht bis hier! Er wird jetzt auch aus seiner Betrunkenheit erwachen!
Rezitiert es noch einmal. Das ist süß. S. A: Sehr süß, sehr stark, Masha'Allah. M: Das hat einen erstaunlichen Wohlgeschmack. Sagt es noch einmal. Subhanim Allah. Sultanim Allah. Nabim Muhammad Alayhi s-Salam. Subhanim Allah. Sultanim Allah. Nabim Muhammad Alayhi s-Salam. Subhanim Allah. Sultanim Allah. Nabim Muhammad Alayhi s-Salam. M: Das kommt stark. Wenn Shaytan dies einmal sagt, zu Ende! Mein Subhan ist Allah. Mein Sultan ist Allah. Mein Nabi ist Muhammad (as). Sie machen es sehr gut. Deshalb rezitiert es noch einmal. Die Leute sollen das auch rezitieren. Die Leute sollen rezitieren. Diese Schwere, Gewalt, wird verschwinden. Bahauddin und S. Adnan Effendi werden.. Sie sind es, die es rezitieren können. Es kommt stark. Allah wird nie besiegt! La Ghaliba illa Allah - Es gibt keinen Eroberer außer Allah. Sie sollen das Sham darlegen, dem Osten: "La Ghaliba illa Allah. La Ghaliba illa Allah. La Ghaliba illa Allah..."

## A Glimpse at Our Beloved Mawlana Shaykh Nazim's Life and Teachings

MaulanaSheikhNazimSeclusion (by Sheikh Adnan Kabbani)

Glory and thanks to You, our Lord, for guiding us to the mercy oceans of Your truth and Your light. Allahumma! Send blessings and salutations of peace to our liege-lord Muhammad, the Seal of Your Prophets and Messengers who brought the Last Testament - the Qur'an - and upon his Family and all his Companions, and his inheritors past and present, especially his chief successor and representative in our time. The weak servant Gibril ibn Fouad was asked to "write a biography and article on our Beloved Mawlana Shaykh Nazim in your own few words about his life and teachings and your experience with him." This month of Rabi' al-Awwal 1425 (May 2004) is most appropriate for this. May Allah inspire both the writer and the reader about Mawlana Shaykh Nazim to render justice to this high subject. There is no power nor help except in Him. Just as He encompasses our ignorance with His knowledge, so may He encompass it with His mercy, Amin! ( Al-Hamdu lillah, permission was secured from Mawlana to release this text today.)

Mawlana's full name is Muhammad Nazim 'Adil ibn al-Sayyid Ahmad ibn Hasan Yashil Bash al-Haqqani al-Qubrusi al-Salihi al-Hanafi, may Allah sanctify his soul and have mercy on his foreparents. His kunya is Abu

Muhammad - after his oldest son - and he is also the father of Baha' al-Din, Naziha, and Ruqayya.

He was born in 1341 (1922) in the city of Larnaca, Cyprus (Qubrus) to a family of Arab origin with Tatar roots. He told me that his father descended from Shaykh 'Abd al-Qadir al-Gilani. I was also told that his mother descends from Mawlana Jalal al-Din al-Rumi. This makes him a son of the Holy Prophet Muhammad, upon him blessings and peace, on his father's side and a son of Abu Bakr al-Siddiq, Allah be well pleased with him, on his mother's side.

After finishing school in Cyprus, Mawlana went to college in Istanbul and graduated in chemical engineering. There, he studied Arabic and fiqh under Shaykh Jamal al-Din al-Alsuni (d. 1375/1955) and received ijaza from him. He took tasawwuf and the Naqshbandi Tariqa from Shaykh Sulayman Arzarumi (d. 1368/1948) who eventually sent him to Sham (Syria).

Mawlana continued his Shari'a studies in Halab (Aleppo), Hama, and especially Hims. He studied at the shrine and mosque school of the great Companion Khalid ibn al-Walid (may Allah be well pleased with him) in Hims under its great Ulema and obtained ijaza in Hanafi fiqh from Shaykh Muhammad 'Ali 'Uyun al-Sud and Shaykh 'Abd al-Jalil Murad, and ijaza in hadith from the Muhaddith Shaykh 'Abd al-'Aziz ibn Muhammad 'Ali 'Uyun al-Sud al-Hanafi.

Note that the latter is one of the ten great hadith teachers of the late Rifa'i Hafiz of Aleppo, Shaykh al-Islam 'Abd Allah Siraj al-Din (1924- 2002 CE) who sat on his knees for two hours at the feet of Mawlana Shaykh 'Abd Allah when the latter visited Aleppo in 1959 and who gave bay'a in the Naqshbandi Tariqa to Mawlana Shaykh Nazim during the latter's last visit to him in Aleppo in 2001 as narrated to me by Ustadh Muhammad 'Ali ibn Mawlana al-Shaykh Husayn 'Ali from Shaykh Muhammad Faruq 'Itqi al-Halabi who was present at the latter event.

Mawlana also studied under Shaykh Sa'id al-Siba'i who sent him to Damascus after receiving a sign related to the coming of Mawlana Shaykh 'Abd Allah al-Daghistani to Syria. After his initial arrival in Syria from Daghistan in the late thirties, Mawlana Shaykh 'Abd Allah lived mostly in Damascus but often visited Aleppo and Hims. In the latter city he got to know Shaykh Sa'id al-Siba'i who was director of the Khalid ibn Walid School. Shaykh Sa'id wrote him, "We have a remarkable student from Turkey studying with us." Mawlana Shaykh 'Abd Allah replied to him, "That student belongs to us; send him over!" That student was our teacher

Mawlana Shaykh Nazim who came to Damascus and gave his bay'a to our Grandshaykh between 1941 and 1943.

The next year Mawlana al-Shaykh 'Abd Allah moved into the house bought for him by his first Syrian Murid and presently-living caliph, Mawlana al-Shaykh Husayn ibn 'Ali ibn Muhammad 'Ifrini al-Kurkani al-Rabbani al-Kurdi al-Shaykhani al-Husayni (b. 1336/1917) - Allah sanctify his soul and have mercy on his foreparents - in Qasyoun, the mount overlooking Damascus to which Allah Most High alluded: "By the Fig and the Olive! By Mount Sina!" (95:1-2) Qatada and al-Hasan al-Basri said: "The Fig is the Mount on which Damascus sits [Jabal Qasyun] and the Olive is the Mount on which Jerusalem sits." Narrated by 'Abd al-Razzaq, al-Tabari, al-Wahidi, al-Bayzawi, Ibn al-Jawzi, al-Qurtubi, Ibn Kathir, al-Suyuti, al-Shawkani, etc., all in their Tafsirs.

Mawlana Shaykh Nazim also bought a house near Grandshaykh's house and, together with Mawlana Shaykh Husayn, helped build Masjid al- Mahdi, Grandshaykh's Mosque, which was recently enlarged into a Jami' in the back of which is Grandshaykh's illumined grave and shrine and where, to this day, delicious cereal and chicken soup is prepared in huge vats and continues to be distributed to the poor twice a week.

Thus, Mawlana Shaykh Nazim lived in Damascus from the mid-forties to the early eighties, travelling at times to study or on behalf of Grandshaykh, until the latter left this life in 1973, after which Mawlana remained in Damascus for several years then moved to Cyprus.

So Mawlana, who is originally Cypriot, and Grandshaykh, who is originally Daghistani, both became Damascene "Shamiyyun" and lived in the district of the righteous (al-salihin) called Salihiyya! No doubt, the reason for the importance of Damascus for Mawlana and GrandShaykh is because Sham is blessed and protected through the Prophets and Saints.

Imam Ahmad and his student Abu Dawud narrated with sahih chains that our Holy Prophet said, upon him blessings and peace: "You must go to Sham. It is Divinely chosen by Allah in all His earth. In it He protects His chosen servants; and Allah Almighty has given me a Guarantee concerning Sham and its people!" Imam al-Nawawi said in his book Irshad Tullab al-Haqa'iq ila Ma'rifati Sunan Khayr al-Khala'iq (s): "This hadith is among the huge merits of Sham and is an observable fact!"

The director of Dar al-Ifta' in Beirut, Lebanon, Shaykh Salah al-Din Fakhri told me in his house in Beirut and wrote to me by hand: On the morning of al-Ahad 20 Rabi' al-Akhir 1386 corresponding to Sunday 7 August, 1966, we were granted the privilege of visiting Shaykh 'Abd Allah al-Daghistani - Allah have mercy on him - in Mount Qasyun in Damascus on the initiative and in the company of Mawlana al-Shaykh Mukhtar al-'Alayli - Allah have mercy on him - the Mufti of the Republic of Lebanon at the time; [and uncle of Shaykh Hisham Kabbani], Shaykh Husayn Khalid the imam of Nawqara Mosque; Hajj Khalid Bashir - may Allah have mercy on both of them; Shaykh Husayn Sa'biyya [the present director of Dar al-Hadith al-Ashrafiyya in Damascus]; Shaykh Mahmud Sa'd; Shaykh Zakariyya Sha'r; and Hajj Mahmud Sha'r. The Shaykh received us most kindly, with a warm welcome full of happiness and mirth. This was in the presence of Shaykh Nazim al-Qubrusi - Allah save and keep him! We sat from nine o'clock in the morning until the zuhr call to prayer while the Shaykh - Allah have mercy on him - explained and spoke about Sham, its excellence, its extraordinary merits, and the fact that it is the site of the Resurrection and that Allah will gather all human beings in it for the final Reckoning. He mentioned things that moved our hearts and minds, imbued with the glorious spirit of the Salihiyya district, and he spoke about the indissoluble link - in practice as well as discourse - between tasawwuf and the Shari'a.... May Allah lead and keep us upon guidance in the company of the righteous Saints. Amin, ya Rabb al-'alamin! There are many more prestigious names of the Ulema and Awliya' of Sham that loved and associated with our Shuyukh during that golden period such as Shaykh Muhammad Bahjat al-Baytar (1311-1396), Shaykh Sulayman Ghawji al-Albani (d. 1378) the father of our teacher Shaykh Wahbi, Shaykh Tawfiq al-Hibri, Shaykh Muhammad al-'Arabi al-'Azzuzi (1308-1382) the Mufti of Lebanon and principal Shaykh of our teacher Shaykh Husayn 'Usayran, al-'Arif Shaykh Shahid al-Halabi, al-'Arif Shaykh Rajab al-Ta'i, Shaykh al-Qurra' Shaykh Najib Khayyata al-Farazi al-Halabi, al-'Arif Shaykh Muhammad al-Nabhan, Shaykh Ahmad 'Izz al-Din al-Bayanuni, al-'Arif Shaykh Ahmad al-Harun (1315-1382), Shaykh Muhammad Zayn al-'Abidin al-Jadhba, and others - Allah have mercy on all of them!

From that blessed thirty-year suhba between Mawlana and GrandShaykh came those unparalleled Mercy Oceans that are still lavishing on every seeker their Endless Horizons, their Pink Pearls, their Rising Suns. No doubt, those early transcriptions are milestones of the greatest singlehanded call to Islam the US and Europe had seen in the twentieth century, by the grace of Allah!

May Allah bless Mawlana Shaykh Nazim ever more and grant him the highest stations He ever granted to His

Friends, near our glorious liegelord Muhammad who said, upon him blessings and peace:
If anyone travels on a road in search of knowledge, Allah will cause him to travel on one of the roads of Paradise, the angels will lower their wings from pleasure with one who seeks knowledge, and the dwellers of the heavens and the earth and the fish in the depth of the sea will ask forgiveness for the person of learning! The superiority of the person of learning over the ordinary believer is like that of the moon on the night when it is full over the rest of the stars! The Ulema are the inheritors of the Prophets, and the Prophets have neither dinar nor dirham, they leave only knowledge; and he who takes it takes an abundant portion! The first place I ever travelled in search of this Prophetic Knowledge was London in the month of Ramadan 1411 following my shahadat an la ilaha illa Allah, Muhammadun Rasulullah. There, I took Mawlana's noble hand for the first time and made bay'a after having been introduced to Tariqa by his son-in-law and American deputy, Shaykh Hisham Kabbani - may Allah guide him and all Mawlana's friends!
I visited Mawlana several times in his home in Cyprus and saw him in Damascus as well. Among the gifts of suhba Mawlana gave were the last two weeks of Rajab in the year 1422 - October 2001 - in his house and zawiya in the Turkish Cypriot town of Lefke. A memento of this experience was written in Arabic and English and published under the title Qubrus al-Tarab fi Suhbati Rajab or The Joy of Cyprus in the Association of Rajab.

At that time and also later, during his last two trips to the US, in England, Cyprus, and Damascus, I took from Mawlana the same great directive for every seeker of truth:
OUR GOAL IS THE DEFENSE AND ILLUSTRATION OF THE PROPHET MUHAMMAD AND HIS LOFTY ATTRIBUTES, upon him and his House and Companions blessings and peace;
to which Allah support us!

I understood from this that the true Murid in the Naqshbandi-Haqqani Tariqa is the friend and helper of every defender of Sayyidina Muhammad (s) and it is his duty to associate with such defenders because they are on Mawlana's path whether they are Naqshbandi or not.
When the octogenarian Friend of Allah in Johore, Malaysia, al-Habib 'Ali ibn Ja'far ibn 'Abd Allah al-'Aydarus received us in his home in May 2003, wearing clothes that had not changed since the 1940s, he looked like Mawlana in all respects and even seemed to mimick him when he said to pardon his broken Arabic. To our begging his du'a for our injured lands and people he replied, "The Umma is protected and in

good hands and you have in Shaykh Nazim Sufficiency!"

Thus has it been for the humble murid of Mawlana in every encounter with the Awliya' of this Umma. They invariably show the highest respect and most fearsome humbleness to Mawlana and his silsila even when they are ostensibly on a different path such as al-Habib 'Ali al-'Aydarus in Malaysia; Sayyid Muhammad ibn 'Alawi al-Maliki in Makka; al-Habib 'Umar ibn Hafiz of Tarim; Sayyid Yusuf al-Rifa'i of Kuwait; Shaykh 'Isa al-Himyari in Dubai; Sayyid 'Afif al-Din al-Jilani and Shaykh Bakr al- Samarra'i of Baghdad; al-Sharif Mustafa ibn al-Sayyid Ibrahim al-Basir in central Morocco; the Grandmufti of Syria Shaykh Ahmad Kuftaro ibn Mawlana al-Shaykh Amin and his friends Shaykh Bashir al-Bani, Shaykh Rajab Dib, and Shaykh Ramazan Dib; the Kattani Shuyukh of Damascus; the late Shaykh 'Abd Allah Siraj al-Din and his nephew Dr. Nur al-Din 'Itr; Mawlana al-Shaykh 'Abd al-Rahman al-Shaghuri; Dr. Samer al- Nass; and the remainder of our teachers and brethren in Damascus - may Allah always protect her and have mercy on them and us! I have met each of the above-named except for Shaykh Siraj al-Din and they all invoked tarazzi on Mawlana al-Shaykh Nazim, expressing belief in the loftiness of his wilaya and asking for his du'a or that of his followers; "And Allah suffices as Witness that Muhammad is the Messenger of Allah" (48:28-29).

It is an agreed-upon rule among the Men of Allah that multiplicity of paths is the theme (dandana) of the unconnected while those that are mawsul are all on one path and in one circle and they know each other and love one another. They will be on pulpits of light on the Day of Resurrection. Therefore, we Murids of those respective paths must also know and love one another for the sake of Allah and His Prophet and His friends so that we may enter that blessed light and belong in the highest circle of suhba and jama'a away from furqa and arrogance.

As Allah Most High said: "O Believers! Beware of Allah and keep [company and loyalty] with the Truthful ones!" and our Holy Prophet said (s): "I charge you with following my Companions then those that follow them then those that follow; after that, lying will spread... But you must keep to the Jama'a and beware of separation!"
This Jama'a is described in the mutawatir hadith: "He for whom Allah desires great good, He grants him true understanding in the Religion. I only distribute and it is Allah Who gives! That group shall remain in charge of the Order of Allah, unharmed by those who oppose them, until the coming of the Order of Allah." O Allah, make us thankful forever for what You gave and Your Rasul and Habib distributed!

I heard Mawlana Shaykh Nazim say many times on behalf of his teacher, Sultan al-Awliya' Mawlana al-Shaykh 'Abd Allah ibn Muhammad 'Ali ibn Husayn al-Fa'iz al-Daghistani thumma al-Shami al-Salihi (ca.1294-1393),1 - from Shaykh Sharaf al-Din Zayn al-'Abidin al-Daghistani al- Rashadi (d. 1354), - from his maternal uncle Shaykh Abu Muhammad al-Madani al- Daghistani al-Rashadi,2 - from Shaykh Abu Muhammad Abu Ahmad Hajj 'Abd al-Rahman Effendi al-Daghistani al-Thughuri (d. 1299),3 - from Shaykh Jamal al-Din Effendi al-Ghazi al-Ghumuqi al-Husayni (d. 1292),4 - also (both al-Thughuri and al-Ghumuqi) from Muhammad Effendi ibn Ishaq al-Yaraghi al-Kawrali (d. 1260),5 - from Khass Muhammad Effendi al-Shirwani al-Daghistani (d. 1254),6 - from Shaykh Diya' al-Din Isma'il Effendi Dhabih Allah al-Qafqazi al-Shirwani al-Kurdamiri al-Daghistani (d. ?) - from Shaykh Isma'il al-Anarani (d. 1242), - from Mawlana Diya' al-Din Khalid Dhul-Janahayn ibn Ahmad ibn Husayn al-Shahrazuri al-Sulaymani al-Baghdadi al-Dimashqi al- Naqshbandi al-'Uthmani ibn 'Uthman ibn 'Affan Dhul-Nurayn (1190-1242) with his well-known chain up to Shah Naqshband Muhammad ibn Muhammad al-Uwaysi al-Bukhari who said: "Our Tariqa is companionship and goodness is in the group!"

Allah be well-pleased with them, have mercy on them, reward them, and benefit us with them through our ears, our hearts and our entire beings, Amin!

Certain would-be Sufi critics of the Haqqani Tariqa expressed criticism of our path for what they term "lack of knowledge." A prudent Sufi would be the last person to utter such deluded criticism! They should be the first of people to know that knowledge by itself is not only useless but may be a mortal trap that leads to Satanic pride. Neither the proud nor the ignorant are excused; yet the loving, sincere, and repentent Sufi who suffers even severe gaps in his knowledge and adab is closer to Allah Most High and to knowledge of Allah than the knowledgeable Sufi who harbors a speck of pride in his heart. May Allah protect you and us!

Ibrahim al-Khawwass said knowledge is not to know much but to obey the Sunna and practice what one knows even if a little. Imam Malik said knowledge is not to know many things but is a light Allah casts in the heart.
Imam al-Shafi'i said knowledge is not to know proofs but to know what is beneficial.
And when someone said of Ma'ruf al-Karkhi, "He is not very knowledgeable," Imam Ahmad said: " Mah! Allah forgive you! Is anything meant by Knowledge other than what Ma'ruf attained?!"

Other critics object to Rabita or "connection," a particular characteristic of the Naqshbandi Tariqa. More precisely, they object to the element of tasawwur or "picturing" in Rabita which requires of the Murid to picture the image of the Shaykh in the heart at the beginning and during dhikr. But Allah Most High said, "Truly in the Messenger of Allah you have a good example" (33:21) and He said to "enter the houses through their doors" (2:189) and so we come to the Prophet (s) through the Siddiq (may Allah be well pleased with him) , and to the latter through Salman (may Allah be well pleased with him) , and to the latter through Qasim (may Allah be well pleased with him) , and to the latter through the Sayyid (may Allah be well pleased with him) , etc. Since "the Ulema are the inheritors of the Prophets" it follows that the Murshid is our example of that example. He must be one of those of whom the Prophet said (s): "When you see them, you remember Allah!" This is narrated from Ibn 'Abbas, Asma' bint Zayd, and Anas (may Allah be well pleased with them) , and also from the Tabi'in Sa'id ibn Jubayr, 'Abd al-Rahman ibn Ghanam, and Muslim ibn Subayh.

Some even object to the Murid's self-effacement in the Shaykh or fana' fil-Shaykh. They say, "Your Shaykh is just a man; let your fana' be in Rasulullah!" But it is false that the guiding Shaykh is just like any other. Shaykh Ahmad Sirhindi said - Allah sanctify his soul: Know that wayfaring (suluk) in this Most Distinguished Path is by connection (rabita) and love for the Shaykh we follow. Such a Shaykh trod this Path steadfastly and was dyed (insabagha) with all kinds of perfections through the strength of Divine attraction (jadhba). His gaze cures the diseases of the heart and his Concentration (tawajjuh) lifts away spiritual defects. The owner of these perfections is the Imam of the period and the Khalifa of that time.... Thus our connection is love and our relationship (nisba) is mirroring and dyeing regardless of being near or far. Then the murid gets dyed in this Path by the connection of love for the Shaykh, hour by hour, and gets enlightened through the reflection of his lights. In this pattern, knowledge of the process is not a precondition for the giving or receiving of benefit. The watermelon ripens through the heat of the sun hour by hour and warms with the passage of days. It matures, yet what knowledge does it have of this? Does the sun even know that it ripens and warms it? As mentioned above, objecting to fana' fil-Shaykh is also like Objecting to love of the Shaykh. We aim to love our Shaykh and know that he is the worthiest object of love and respect in this world.

As the poet said:
Out of pure and sincere faithfulness to you I say:

Love of you is written inside my heart of hearts,
a patent engraving [NAQSH], an ancient writ.
Nor do I have any will [IRADA] except your love,
Nor can I say anything to you but that I love you.

On this topic Mawlana said recently:
"We have been ordered to love holy people. These are the Prophets and, after Prophets, their inheritors, the Awliya'. We have been ordered to believe in Prophets and belief gives us Love. Love makes people to follow that beloved one. ITTIBA' means to love and follow while ITAAT means [only] to follow. An obedient person may be obedient by force or by love but not always by love.

"Now, Allah Almighty is asking for His servants to love Him. And servants can't reach directly to love of their Lord. Therefore, Allah Almighty sends, on behalf of Himself, Prophets that represent Him among His servants. And everyone that loves Awliya and Anbiya, through Awliya are reaching love of Prophets. And through love of Prophets you are reaching to love of Allah Almighty.

"Therefore, without love, a person can't be a beloved one in the Divine presence. If you are not giving your love, how does Allah Almighty love you?

"But people that are like wood, dry, dry wood, are denying love. They are such dry ones - no life! A tree, with love, is opening through spring time. But dry ones, even if seventy springs came on them, never open. Love makes nature open and give its fruits, its beauty to people. Without love, it should never be opening, never flowering, never giving its fruits. "So love IS the most important pillar for faith. No love, no faith. I may speak on it up to next year, but you must understand, from a drop, an ocean!" (This is the end of Mawlana's talk.)

By Mawlana, Allah has made all difficult things easy. We are grateful to know him because he is our shortcut to the nur in this Religion. This nur is the goal of every sane person. It is described in the magnificent verse "He gives wisdom unto whom He will, and he unto whom wisdom is given, he truly has received abundant good! But none remember except people of understanding" (2:269). May Allah grant us this wisdom and keep us on the path He commands and loves for us! May Allah grant Mawlana long life in health and grant us the rank of his true discipleship for the sake of the Most Honored Prophet Muhammad!

Damascus, 12 Rabi' al-Awwal 1425.

Dr. G.F. Haddad (http://sultanulawliya.blogspot.com)

--

Notes

1 There is a variety of opinions over Mawlana al-Shaykh 'Abd Allah's date of birth ranging from 1284 (in Muhammad Darniqa's al-Tariqa al-Naqshbandiyya) to 1294 according to Shaykh 'Abd Allah's oldest student Mawlana al-Shaykh Husayn (in Muhammad 'Ali ibn al-Shaykh Husayn 'Ali, al-Tariqat al-Naqshbandiyya al-Khalidiyya al-Daghistaniyya) to 1303 in Shaykh 'Adnan Kabbani's al-Futuhat al- Haqqaniyya to 1309 in Shaykh Hisham Kabbani's The Naqshbandi Sufi Way.

2 He also received the Qadiri Tariqa from Shaykh Ibrahim al-Qadiri (as did Shaykh Jamal al-Din) with whom he began his suluk until Shaykh Ibrahim directed him to Shaykh al-Thughuri cf. 'Ali, Tariqa Naqshbandiyya (p. 229).

3 Cf. Shu'ayb ibn Idris al-Bakini, Hadaya al-Zaman fi Tabaqat al-Khwajagan al- Naqshbandiyya (p. 375). He also took directly from al-Yaraghi cf. Ilyas al-Zadqari, Sullam al-Wusul as quoted in Hadaya (p. 378 n.).

4 Cf. al-Bakini, Hadaya (p. 396). He received the Qadiri Tariqa from Shaykh Ibrahim al-Qadiri and introduced the loud dhikr into the Daghistani branch of the Naqshbandiyya through that authorization cf. al-Bakini, Hadaya (p. 396); 'Ali, Tariqa Naqshbandiyya (p. 229).

5 And not 1254 as erroneously mentioned in several sources. The correction is thanks to 'Ali, Tariqa Naqshbandiyya (p. 214). Muhammad al-Yaraghi also took directly from Shaykh Isma'il al-Shirwani cf. al-Bakini, Hadaya (p. 350-351).

6 From present-day Shirvan in Azerbaijan. He died in Damascus and is buried in Mount Qasyoun next to Mawlana Khalid and Mawlana Isma'il al-Anarani who is Mawlana Khalid's first successor who died seventeen days after the death of Mawlana Khalid, both of them from the plague - may

Allah have mercy on them and all His shuhada'.

**From Wikipedia:Nazim_Al-Haqqani**

At a very young age, Nazim displayed unexplained talents in the form of explaining to his teachers what they were going to teach before it was introduced.[3] After completing secondary school in 1940, at the age of 18 Nazim moved to Istanbul, where two brothers and a sister were living. He studied chemical engineering at Istanbul University. While advancing in his non-religious studies, Nazim continued his education in Islamic theology and the Arabic language under the tutelage of Cemalettin Elassonli (d. 1955 CE). Nazim received a degree in chemical engineering, yet he would later state, "I felt no attraction to modern science. Rather, my heart was always drawn to the spiritual sciences." He is fluent in Turkish (native), Arabic, English, and Greek.

At some point during his first year of life in Istanbul, Nazim met his first spiritual guide, Suleyman Erzurumi (d. 1948), who was a murshid in the Naqshbandi Order.

Nazim attended the gatherings of this particular shaykh which were held in the Sultan Ahmed Mosque. Here he learned the basic spiritual methods of the Naqshbandi Order, in addition to those of the Qadiri and the Mevlevi. His focus on spirituality was further reinforced by the unexpected death of an elder brother who died serving as a doctor in World War II. Shortly after obtaining his degree, Nazim received inspiration to go to Damascus in order to find the famed Naqshbandi master, Abdullah al-Fa'izi ad-Daghestani. He obtained permission from Shaykh Erzurumi to leave Istanbul and in 1944 he arrived in Syria, although the unrest caused by the Vichy French government prevented his entry into Damascus until 1945. Upon meeting with the master, whose tekke is located on the slopes of the Jabal Qasyoun, Nazim took his hand in bay'ah, or initiation.

Shortly thereafter Abdullah Daghestani ordered Nazim to return to his native Cyprus to deliver spiritual guidance. Abdullah also reportedly conferred the title of "Shaykh" to Nazim, thus giving him the legitimacy to speak on behalf of the Naqshbandi Order.

While in Cyprus, Nazim came into conflict with pro-Atatürk governing body of the Turkish community of the

island. His repeated act of making the adhan in Arabic rather than the prescribed Turkish brought several lawsuits against him and there were some 114 cases lodged against him for crimes against the secular order. Nevertheless all these were dropped shortly thereafter with the coming to power of Adnan Menderes in Turkey, whose government opted for a more tolerant approach to Islamic traditions.

Nazim moved back to Damascus in 1952, when he was wed to the daughter of one of the murids of Abdullah Daghestani, Amina Adil, whose family came to settle in Syria after fleeing Soviet rule of their native Kazan. From that time, Nazim took up residence in Damascus, and every year he would visit Cyprus for at least three months. The couple have two daughters and two sons.

Worldwide mission work

In the year following the death of Abdullah Fa'izi ad-Daghestani in 1973, Nazim began visiting Western Europe, travelling every year from the Middle East to London. On his return trips to Damascus, he would often drive by car through the former Yugoslavia, spending time visiting the Muslim communities there. It became his practice to spend the month of Ramadan in the large centre established in London. In 2000 this practice was discontinued.

In 1997, Nazim visited Daghestan, the homeland of his murshid, Abdullah Fa'izi ad-Daghestani. He also made repeated visits to Uzbekistan were he made the pilgrimage to the tomb of the eponymous founder of the Naqshbandi Order, Shah Baha'uddin Naqshband.

In 1991, Nazim visited the United States for the first time. At that time Nazim made the first of four nationwide tours, during the course of which he brought several hundred individuals into the fold of Islam.

In 1996, Nazim was guest of honour at the First International Islamic Unity Conference. Over 8,000 people attended this conference, which included major Islamic scholars from around the world and whose theme focused on Islamic spirituality. While in the United States, Nazim gave widely attended speeches and associations and dhikr gatherings in a number of venues, including churches, temples, universities, mosques and New Age centres.

In 1998, Nazim was again chief guest of honour at the Second International Islamic Unity Conference, held in

Washington DC. Attended by over 6000 people, the highlight of this conference was the ringing denunciation of terrorism by Nazim to the 160 Islamic scholars and VIPs from around the world, including the current Grand Mufti of Egypt, Grand Muftis of Russia and neighbouring nations and dignitaries from Malaysia, Indonesia, the Middle East and Africa.

Later in 1998, Nazim traveled to South Africa, accompanied by a large contingent of students from around the globe. There he visited Cape Town, Johannesburg and Durban, in each city giving lectures in mosques filled to capacity.

In 2001, Nazim, made the 2001 "Naqshbandi-Haqqani Eastern World Tour of the Muslim World", starting in Uzbekistan, from where he then travelled to Japan, Singapore, Indonesia, Malaysia, Sri Lanka and Pakistan. In the course of this journey, Nazim met with people of all walks of life, from the highest dignitaries and leaders to the common folk. The Shaykh, despite his advanced age, was able to maintain an incredibly hectic schedule of meetings, speeches, dhikr gatherings and spiritual gatherings with little or no rest for a period of forty days and covering a distance of over 15,000 miles.

Nazim made his last trip to the United States in 2000, during which he was invited to speak at a United Nations conference on Religion and Spirituality.

Sheikh Nazim's Dergah

Nazim has had close relations with several notable politicians, notably the late president of Turkey, Turgut Ozal, as well as the ex Turkish Cypriot leader, Rauf Denktas. During his travels in Southeast Asia he gave his spiritual blessings to His Majesty Sultan Hassanal Bolkiah of Brunei. His Highness Sri Sultan Hamengkubuwono X of Yogyakarta and several members of Malaysia's royal families, including His Highness Prince Raja Dato' Seri Ashman Shah have taken initiation into the Naqshbandi-Haqqani Order at his hand. He also traveled on numerous occasions to India, Pakistan, and Sri Lanka where he has been received with great fanfare. In the late 1990s he visited South Africa where he established contacts with the Sunni Muslim community. Nazim has made the pilgrimage to Mecca (hajj) some 27 times.

Nazim rarely travels abroad nowadays. As of 2010 he mainly resides in his family home and spiritual dergah in the town of Lefka, Northern Cyprus, where he is still visited by hundreds of murids each week.

A website which is authorized by and dedicated to Maulana Nazim is Sufilive.com. In 2010 his own official online journal Saltanat.org went online. It provides articles written by him and broadcasts his lectures via livestream. For a comprehensive account of the teachings of Sheikh Nazim, a website approved and authorized by Sheikh Nazim, which is also often referred to as the Sheikh Nazim Website is also online. See http://sheiknazim.ws. This website has the distinction of being the first website through which ONLINE BAYYATH was given on the specific instructions of Sheikh Nazim.

Nazim and his organisations are not connected to the Haqqani network that is active in Afghanistan and Pakistan.

---

**"Die Menschen im Westen brauchen Licht" - Über Scheikh Muhammad Nazim Adil al-Haqqani al-Qubrusi an-Naqschbandi**

Scheich Nazim wurde 1922 in Larnaca (Zypern) geboren. Seine völlige Hinwendung zum Geistigen erfolgte während seines Chemiestudiums in Istanbul, als ein schwerwiegendes Ereignis sein Leben veränderte: Sein Bruder, der an Tuberkulose gelitten hatte, starb in seinen Armen. Die Begrenztheit von Medizin, Naturwissenschaft und des weltlichen Lebens überhaupt wurde ihm hierdurch deutlich, und er machte sich auf seine spirituelle Reise.

Der erste Schritt war ein einjähriger Rückzug in Aleppo, Syrien, den er betend in einem Keller verbrachte, wobei er täglich sieben Oliven aß. Nach einem Jahr sagte ihm der dortige Scheich, seine spirituelle Stufe sei nun so hoch, dass ihm nur noch ein Mensch weiterhelfen könne: Scheich Abdullah Daghestani in Damaskus. Scheich Nazim machte sich sofort auf den Weg zu ihm, und er hatte nur einen Wunsch: Er wollte Scheich Abdullah um die Erlaubnis bitten, sein restliches Leben im Rückzug zu verbringen, und zwar in Medina, am Grabe des heiligen Propheten Mohammad, auf dem der Friede sei.

Dieser Wunsch sollte vorerst unerfüllt bleiben: "Es ist Endzeit", so wurde ihm gesagt, "und die Menschen im Westen brauchen jemanden, der ihren Herzen Licht gibt und sie aus der Dunkelheit führt." 1972 verschied Scheich Abdullah.

Scheich Nazim ging zunächst nach Zypern und dann nach London, wo er seit 1974 den Fastenmonat Ramadan verbringt. Während seiner Europa- und Amerika-Besuche ist er stets von einer ständig wachsenden Zahl von Besuchern, Schülern und Ratsuchenden umringt, die er als Seelsorger, Therapeut und geistiger Vater betreut, mit denen er betet, die er tröstet, heilt und berät.

Im Laufe der letzten Jahrzehnte wurde Scheich Nazim - der wegen seiner Wahrhaftigkeit auch den Ehrentitel 'al Haqqani' trägt - zu einem der wichtigsten geistigen Führer unserer Zeit. Sein Einfluß nimmt sowohl im Westen als auch in den traditionell muslimischen Gebieten ständig zu - ein erstaunliches Phänomen.

Er ist der 40. Scheich der Naqschbandiya, eines Sufi-Ordens, der mit dem Propheten Mohammad, auf dem der Friede sei, seinen Anfang nahm. Nach Auffassung der Sufis empfing der Prophet göttliches Wissen, das er - von Herz zu Herz - an seine geistigen Nachfolger weitergab. Wie alle Religionen hat auch der Islam einen inneren Weg, durch den er sich über die Jahrhunderte immer wieder erneuern und beleben konnte. Die Sufis waren es, die ihn davor bewahrten, in einem System von Dogmen und äußeren Regeln zu erstarren. Da sie ihr Leben der spirituellen Vervollkommnung widmeten, waren sie dazu imstande, die Lehre zu leben.

Scheich Nazims Vorträge bilden kein geschlossenes 'System'. Es sind vielmehr Lehrgespräche und Stellungnahmen zu den verschiedensten Zeit-Themen und Zeit-Krankheiten: Vereinzelung, Beziehungsunfähigkeit, Depression, Sexualität, Frauenrechte, Altern, Umwelt, Menschenrechte. Sie entstanden in den verschiedensten Orten und zu den verschiedensten Gelegenheiten: im Zentrum für Einheit (Schweibenalp) in der Schweiz, in der ältesten Waldorf-Schule Deutschlands in Bochum, vor einer Gruppe von Heilpraktikern in London, an der Universität Oxford, in einem Buddhistentempel in Spanien, in einem Bistro bei Barcelona... Die Mehrzahl seiner Zuhörer sind Suchende, die durch das Zusammensein mit ihm Kraft für den geistigen Weg schöpfen.

Er gibt in seinen Vorträgen Anweisungen für Gebetsübungen, zitiert aus dem Quran und erzählt aus seinem Leben.

## Mawlana's Khalwat

(Dt.: MaulanaSheikhNazimSeclusionDt)

Sheikh Adnan Kabbani:

Audhu Billah min al shaytan al rajim Bismillah r-Rahman r-Rahim. Dastur Ya Sayyidi madad, madad ya Mawlana S. Nazim Al Haqqani, madad Ya Sayyidi, Ya Sultan al Awliya' Tariqatuna Al Suhbah wa Al khairu fil jamiya.

Our Naqshbandi way is Tariqatuna Al Suhbah, by association, wa al khairu fil jamiya, meeting hearts together with each other with the heart of Mawlana Shaykh Nazim (qas) who is the one who in this period of time can make everyone to reach to the spirituality of the Seal Prophet (saws) and to be in the Divinely Presence of Allah Almighty. No one else can do it. Even there are 124000 Awliya', but all of them they are in need of Mawlana Shaykh Nazim, because he is the Sultan of Awliya'. Sultan Al Awliya' is also a small title for him, higher than Sultan of Awliya' he is. He is higher than Sultan of Awliya', he is the king of Awliya'.

He is the one who represents the... the movement of Wahdaniya, of Unity of Wahdaniya of Allah Almighty, make everything by it to survive and to give life to all His creation - Mala'ika (angels), mankind, jinn,

animals, plants. By the movement of Wahdaniyat of Allah Almighty all of them they are existing by the existence of Allah Almighty and he (Mawlana) is this channel to make this existence for everyone to be existing, by the existence of Allah Almighty.

After from the permission, from the son (S. Mehmet) of Mawlana Shaykh Nazim. Shaykh Muhammad the khalifa of Mawlana S. Nazim (qas). We are here, I am one of you not to make a sohbah astaghfirullah. Insha'Allah Mawlana makes sohbah S. Mohammad. Only a statement. Now we are around 3 weeks and Mawlana Shaykh Nazim he is as if disappearing because he said he was ordered from starting of the month of Rasulullah (saws) the Mawlid of the birthday of Rasulullah,to enter into a seclusion. And he is in this seclusion, but it was a very strong seclusion that Mawlana he was in. Using all his spiritual & all his physical power because he is the one whom making by this seclusion... On the 20th of the month of Rabiyul Awwal Mawlana was telling me, it was Monday after Asr time, he told me "Alhamdulillah Allah dressed me to..by this seclusion, now I was able to change the inspiration of the inspiring from Allah Almighty over all creation, from Sunnatu-Allah to Qudratu-Allah." Just by this minute he said, by Monday afternoon was able to change. Because everything was till now going on by Sunnatu- Allah which means as it is written on the Lawh Al Mahfouz on the Preserved Tablets where Allah Almighty erases or confirms everything. Qudratu-Allah means that everything from now on, is going to be happening by extraordinary power, by miracles.

The... centuries which was no permission to use miracles is over, finish! By the 20th of this month of Rabiyul Awwal he was able through this seclusion, Mawlana Sultan Al Awliya', King of Awliya' to make the miracles and the century... Staring the century of miracles & extraordinary power from Allah Almighty & Rasulullah (saws) be in between mankind, in between all creation. By "Be" Kun Fayakunu" now. He said just now Allah Almighty opened and was announced by Sayyidina Jibril (as) from the Throne of Allah Almighty, to all Heavenly creation, earthly creation, galaxies creation, Heavens, earths, to be known that the King of Awliya' Mawlana Shaykh Nazim, was able to and accepted by Allah Almighty to Allah Almighty change the powers from now on to be miracles power.

Qudratun Ilahi, the Almightyness Power from Allah Almighty to be dressed to him & to the awliya' under his hand 124000 Awliya'. And we said by this now the seclusion is ending. At the last of it by the end of this month of Rabiyul Awwal which remaining only 3-4 days, less than 1 week and it will be finshed, this seclusion will be finished. But the secret & the reality & the wisdom of this seclusion was happend on the 20th eve of

21st of Rabiyul Awwal. And for this, Mawlana, Allah Almighty dressed him now by Qudratu-Allah. By the power of the Almightyness of Allah Almighty & Rasulullah (saws) and made him to be 70.000 times higher than he was before. And for this now he is quickly returning to his ordinary at his usual recovery.

Quickly he is recovering. Now Alhamdulillah all this seclusion which was... ordered to him by Rasulullah(saw) & Allah Almighty Alhamdulillah He finish it, even making him a little bit to be... his body because don't think that the physical body can be resisting.... when the lights of the Ishraqati Anwari Thati Al Buht Lil Haqq Jalla wa 'Ala.When the Lights of the Holy Face of the Essence of Allah Almighty One reflecting on the Sultan, the King of Awliya' whom he represents the spirituality of Rasulullah (saws), the physical body will be a little bit weaker. And for this he was in such a condition, that he needed to be treated by medicines and by all kinds of these usual things with which they treat the sick one because only to give power to his physical body to be to the immunity of the physical body, to be resisting these lights.

And so Allah Almighty how much dressing him by these lights no one knows except Allah Almighty & Rasulullah. Allah wa Rasulu A'lam. Is not something easy. From time of Rasulullah (saws) all the Sahaba all Awliya' all grand Shaykhs,all Sultans of Awliya' everyone in his period of time, they were using Sunnatu-Allah, what Allah Almighty likes. What the Wish of Allah Almighty to be going on. Now Allah Almighty changing to His Qudratu-Ilahi, to His Almightiness power that only from now on these two words "To Be" in between creation. "Kun Fayakunu" Be it will Be." And this starting by the end of the seclusion of Mawlana Shaykh Nazim which was Alhamdulillah finished by the 20th of Rabiyul Awwal, Monday 3 days ago.

And now Mawlana is totally recovered Alhamdulillah and no more any... treatment or antibiotics, or medicines or anything is given to him. Now on he is recovering by using his self- power, the physical self-power. Even though he is dressed by the Qudratun Ilahi, by the Godly power from Allah Almighty. But he say now "my power...Allah is so powerful that he can make •all these universes, Heavens, creation, Allah can make them all to be carried by less than the tiniest atom which one can imagine. Allah can do this. Allah can do anything He wants by "Be it will Be". And this it is now dressed to me (Mawlana Sh Nazim). From now on, my power is by Qudratun Ilahi, by "Be" everything is going to "Be". Going to "Be" and when I say "Be!" it will Be." This is the...the last seclusion before the appearance of Sayyidina Al Mahdi (as). Because Mawlana said "Sayidina Al Mahdi (as), his time is a miraculous time, and he is the one to invite Sayyidina Al Mahdi (as) to appear and for this, he was in need for this seclusion to be done.

And since he is among people, it was difficult for him to do this seclusion and so he chose to be away from people or anyone entering his room, seeing him. Even though he was totally... concealing himself by his spiritual power, that always as if he is sleeping. No food, nothing entering his stomach. Only some- times he used to drink some water. For more than 3 weeks like this. Until now and now he start to eat, to recover and he is in a very good situation, Alhamdulillah. But since it is the end of seclusion, also not allowed yet to meet people or to sit with people, until this will be finished. Until he will be granted from Rasulullah (saws) a special crown which is... granted to him by Allah Almighty & Rasulullah (saws) and it will be in the last day of the month of Rabiyul Awwal.

He then is able to be appearing in among people. But Alhamdulillah now he is very good physically & spiritually - cannot be imagined or described. As Rasulullah (saws) and Allah Almighty told him in the Night Journey"My Beloved Muhammad (saws) describe Me". He told him "Oh Praises be to You Allah Almighty! No one can describe You. No one can be able to describe You." And like now his spiritual power & his high Maqam among all Awliya' in between all the Godly government of Allah Almighty. No one can describe except Allah Almighty & Rasulullah (saws) the high Maqam which Mawlana Shaykh Nazim now is dressed. And he is Alhamdulillah, for everyone, for all his murids and for all whom they are waiting for Sahibul Zaman, Sayidina Al Mahdi (as) we can give this good tiding that Mawlana is in very good health and he is very powerfull and now he will start to arrange and to prepare all Awliya' and all his murids to be ready to be using this word - "Be! it will Be."

To appear Sahibul Zaman Sayidina Al Mahdi (as). Big events Mawlana says, is going to happen now in front of us. And all these events by the signature of Rasulullah (saws) and by the Will of Allah Almighty and all of them appearing from Qudratu-Allah, from the Almightiness power of Allah Almighty, not from the usual... which is written on the Lawh Al Mah'fouz. Now which is going on, after the month of Rabiyul Awwal, is going to be from the Umm Al Kitab, The Mother of Books. Because Allah Almighty making the Lawh Al Mah'fouz, The Preserved Tablets Allah Almighty erase or confirm. While Umm Al Kitab The Mother of Books, which is on The Throne of Allah Almighty, this is according how Allah programmed it, before He created creation - 80.000 years before Allah Created creation He programmed all whatever He is going to Create & He endorsed them in this Mother of Books, Umm Al Kitab and there no one can •change or touch this Book. This was going to happen in front of us and for this The Sultan of Awliya', the King of Awliya', the one who is now

all the time in total responsibility toward Allah Almighty & Rasulullah (saws). He is the one to make whatever written, in the Mother of Books to be carried on in creation so that Sayidina Al Mahdi (as) appears & Sayidina Isa (as) descends and all Awliya' to appear like sun!

No more night, no more darkness, no more moon. Only sun is going to shine and all the time it is going to be day time full with light. Lights which cannot be imagined because it is a reflection of the Lights of the Face of the Holy Essence of Allah Almighty over Rasulullah and from Rasulullah to Shaykh Nazim (qas). So everyone be happy.

Everyone be in peace to know that Mawlana is in very good health Alhamdulillah! And he is recovering. Quickly he is recovering and now he is able to sit on his chair & eat & drink. But according to what Rasulullah (saws) is ordering him to eat & to drink, because he is still in the seclusion. And Insha'Allah by the end of this seclusion he will be 70000 times higher than anyone who used to know Mawlana before this seclusion. And for this we make this statement because everyone all over the world, especially the murids of Mawlana Shaykh Nazim all of them are anxious and worried scared that anything... is happening to Mawlana. No we will say Alhamdulillah by the blessing of Allah Almighty & Rasulullah (saws) Mawlana is very good health, Mawlana is very good Alhamdulillah. He is talking - but only to Shaykh Muhammad, Shaykh Bahauddin, to the ones whom they are able to enter to his room & to sit with him, only also for few minutes, he is not.... Mawlana willingly likes to sit hours or speak too much, no!
Most of his time, all his time you will feel his room like thunder in it. How you heard thunder. Like thunder from the Hatif-ul Rabbani The Hatif-ul Rabbani which means the voice coming from The Divinely Presence of Allah Almighty & Rasulullah (saws) and so you will see his hand, his legs & feet, all his body always all of them they are making Zikr of Allah Almighty. And as the room shakes also and all the time he is saying this praising to Allah Almighty which we were ordered to mention and to be said in every Khatm Al Khwajagan - Subhanim Allah, Sultanim Allah Nabim Muhammad Aleyhi s-Salam. Raising his hand, all his time like this. When he stops this, then you will see him as if he is leaving his body and he is travelling 1 hour, 2 hour, 3 hour, 4 hour then returning. Subhanim Allah, Sultanim Allah, Nabim Muhammad Aleyhi s-Salam. Like this Mawlana. And Alhamdulillah now he is very good, and he is now not..his face as if you are seeing the sun! When it is shining noon time, how you cannot look at the sun like this? You cannot look at his face because of the lights. What coming from his light &Hamdulillah his body very powerful Alhamdulillah that anyone looks

at him, he thinks as if he is in The Divinely Presence of Rasulullah (saws) and as if he is seeing reflection of Lights, of The Divinely Lights of The Divinely Presence of Allah Almighty.

This is the situation of Mawlana Shaykh Nazim, which we want everyone to know about it - that he is very good Alhamdulillah & he is now starting to see some people who he wants to see, Who will not disturb his seclusion. Because until the end of this month, and this month will be ended by Tuesday or Wednesday coming Tuesday, Wednesday and for this after Insha'Allah, according to him, he likes to remain up or to come down to be in between people, it is according to him. But the most important thing, that everyone to know that he is in very good health, very good spiritual power and no one to say anything bad about his health or his situation as if.... the one who saying bad about him, it is only from his ego & his shaytan. While really Mawlana is very good. His heart is very good. His mind is very good. His health is very good. His physical body is very good & his spiritual body & his reality & his power cannot be described. I have no tongue to describe it, because it is something cannot be described except by Rasulullah (saws).

And all awliya' in the 24 hours visiting him, for this he is not meeting people because all the time he is full with Awliya', spiritual Awliya'. Going, coming, going, coming taking from his eyes these lights & this power. As the eyes of Sayidina Aba Yazid Al Bistami Sultan al'Arifin (ra). Till now all Awliya' go to visit him & to take power from his eyes. And like this Mawlana. Anyone looking at his face he will feel that all his battery is well charged & full with all means of power and he will be then as flying.
Alhamdulillah Mawlana is very good & congratulations to all of you & to us that we are murids of Mawlana Shaykh Nazim. & Mawlana is coming out of this seclusion much more powerful by thousands & thousands of times. And he is in good health & insha'Allah Rasulullah (saws) he signed for him 20 years of age more. So be relaxed. After 20 years of age then Allah (swt) carry. Bi Hurmati Al Habib, Bi Hurmati Al Fatiha.

Bismillah r-Rahman r-Rahim An important matter, Mawlana now sending to my heart, that Mawlana giving thousands & thousands of salam for everyone who prayed for him from who asked about him, who visited him whom he connected his heart with him, also giving salams spiritually to him. And also very..too much thanks to the ones whom they served Mawlana in this seclusion - first S. Muhammad Khalifa of Mawlana, Shaykh Bahauddin, and Hajja Rukiya his daughter, & Hajja Naziha his daughter. And especially Hajja Riham also the wife of Shaykh Nabil. And all of them they did their best by love. And not only by love, but also by faith and a'tiqad - so high spiritual love that all of them they were everyday as if just now, they start to serve

Mawlana & by this good serving, of all of them Allah (swt) dressing them by all these high Maqams.
And Mawlana thanking them & thanking also all the doctors and the nurses who looked after him. Even he told me "really my doctor was Allah Almighty & Rasulullah (saws). And these doctors they are tools. I was accepting them only because Rasulullah (saws) in the Hadith saying: one must do things which is known between people, must be done. And so I accept.

Otherwise I don't need all these doctors & nurses. Allah Almighty He is my doctor & Rasulullah (saws) and Grand Shaykh. And he is thanking also Hajja Rukiya, Hajja Naziha, Hajja Riham. And Shaykh Muhammad & Shaykh Bahauddin & all whom they serve him.

And also giving salams & dua & prayers and very powerful spiritual Light dressing for everyone who visited him and was respecting him & was loving him and every day praying for him, for his recovery. And Alhamdulillah Mawlana is well recovered. May Allah Almighty dress him by long life & by all means of health & goodness and may Allah Almighty dress all of you who visited or prayed for Mawlana to be...and ask to be good murids to him and to reach with him the time of Mahdi(as). And now Shaykh Muhammad to make a dua..Shaykh Muhammad Khalifat Mawlana (qas). Make a dua for Mawlana insha'Allah.

O our Lord accept from us, & forgive us & have mercy on us and grant us victory over the corrupt & support our Sultan, Sultan of Muslims Sayidina Al Mahdi(as). May Allah make him appear & accept our supplication. May Allah support our Shaykh, Muhammad Nazim Al Haqqani grant him health & power. Fatiha. As-salamu Alaykum.

## Der Rückzug von Maulana

(Engl.: MaulanaSheikhNazimSeclusion)

Sheikh Adnan Kabbani:

Audhu billahi mina shatani rajim, Bismillahir Rahmanir Rahim
Destur, ya Sayyidi, Meded. Meded, ya Maulana Sheikh Muhammad Nazim al Haqqani. Meded, ya Sayyidi, ya Sultanu l-Awliya. Tariqatuna as-sohba wa khairu fi jamiat. Unser Naqshbandi Weg beruht auf dem Wort: “Tariqatuna as-sohba wa khairu fi jami’a.” Es bedeutet dass die Herzen miteinander mit dem Herz von Maulana Scheich Nazim qAs verbunden sind. Er ist derjenige, der in dieser Zeit einen jeden die Siritualitaet des Propheten S.Muhammad sws erreichen lassen kann und die goettliche Gegenwart Allah des Allmaechtigen. Niemand sonst kann das tun. Auch wenn es 124.000 Awliya gibt – sie alle brauchen Maulana Scheich Nazim, denn er ist der Sultan der Heiligen. Und Sultan der Heiligen ist ein unzureichender Titel fuer ihn; er ist hoeher als ein Sultan der Awliya. Er ist der Koenig der Heiligen, er ist

derjenige, der die Bewegung von Wahdaniya, der Einheit, repraesentieren kann, durch die Allah der Allmaechtige alles ueberleben laesst und Seiner ganzen Schoepfung Leben gibt – Engeln, Menschen, Jinnen, Tieren, und Pflanzen... Durch die Bewegung von Wahdaniya Allah des Allmaechtigen existieren sie durch die Existenz Allah des Allmaechtigen. Und er ist der Kanal, durch den diese Existenz allen zyr Verfuegung steht, dass sie durch die Existenz Allah des Allmaechtigen existieren koennen. Nachdem ich von dem Sohn des Scheichs Hajji Mehmet,dem Khalifa von Maulana Scheich Muhammad Nazim qAs Erlaubnis eingeholt habe, sind wir also hier. Ich bin einer von euch - nicht dass ich sohba mache, Astaghgfirullah, Maulana macht sohba und Scheich Mehmet – nur eine Erklaerung. Es sind jetzt ungefaehr drei Wochen dass es ist als ob Maulana Scheich Nazim wie verschwunden ist, denn er hat gesagt dass ihm zu Beginn des Maulid Monats von Rasulullah sws, dem Monat der Geburt Rasulullahs sws, befohlen wurde, in Rueckzug zu gehen. Und immer noch ist er im Rueckzug, aber es ist ein sehr machtvoller Rueckzug, in dem er ist, und dafuer benutzt er all seine spirituelle und physische Kraft, denn am 20. Des Monats Rabi'u l-Awwal, es war Montag nach 'Asr, hat Maulana mir gesagt: „Alhamdulillah, Allah hat mich mit diesem Rueckzug eingekleidet. Es ist mir jetzt gelungen die Eingebungen der Eingebungen Allah des Allmaechtigen ueber Seine ganze Schoepfung von Sunnatullah zu Qudratullah zu aendern. Gerade in dieser Minute", so sagte er, Montag Nachmittag, gelang es ihm, das zu tun. Denn alles passierte bis jetzt durch Sunnatullah, was bedeutet, so wie es auf Lauh ul Mahfudh, der Wohlverwahrten Tafel, geschrieben steht, worauf Allah der Allmaechtige die Dinge auswischt oder bestaetigt. Qudratullah bedeutet, dass alles von nun an durch aussergewoehnlich Kraefte passieren wird, durch Wunder. Die Jahrhunderte in denen es

keine Erlaubnis gab Wunder(kraefte) zu benutzen, ist vorbei. Bis zum 20. dieses Monats Rabi‘ ul Awwal schaffte es Maulana, der Sultan der Awliya, der Koenig der Awliya, durch seinen Rueckzug, das Jehrhundert der Wunder einzuleiten und die wunderbaren Kraefte Allah des Allmaechtigen und Rasulullahs sws in der Menschheit und in der gesamten Schoepfung wirken zu lassen durch „Kun fa yakun“. Er sagte dass Allah der Allmaechtige das nun eroeffnet hat und es ist von S.Gabriel beim Thron Allah des Allmaechtigen allen himmlischen und irdischen Geschoepfen verkuendet worden; den Schoepfungen der Galaxien, der Himmel, der Erden, so dass es bekannt sein wuerde dass der Koenig der Awliya Maulana Scheich Nazim nun dazu befaehigt ist und von Allah dem Allmaechtigen angenomen ist, dass er die Kraefte von nun an in Wunderkraefte aendern kann, Qudratun Ilahi, dass er mit dieser Allmacht Allah des Allmaechtigen bekleidet wird und auch alle Awliya, die ihm unterstehen, 124.000 Heilige. Und er sagte: „Hiermit endet dieser Rueckzug mit dem letzten dieses Monats Rabi‘ ul Awwal“, wovn nur noch drei oder vier Tage uebrigsind. Weniger als eine Woche und es wird vorbei sein, dieser Rueckzug wird beendet sein; aber ihr Geheimnis, Wirklichkeit und Weisheit geschah am 20., am Abend zum 21. Des Rabi‘ ul Awwal. Und so hat Allah der Allmaechtige Maulana nun mit Qudratullah bekleidet, mir der Kraft der Alllmacht Allah des Allmaechtigen und Rasulullahs sws, und Er hat ihn 70.000 Male erhoeht. Und so kommt er nun schnell zu seinem gewohnten Zustand zurueck; er erholt sich schnell. Alhamdulillah, er hat nun seinen Rueckzug beendet, der ihm von Rasulullah sws und Allah dem Allmachtigen angeordnet wurde, auch wenn sie ihn, seinen Koerper, ein wenig mitgenommen hatte. Denn denkt nicht dass der physische Koerper es so einfach aushalten kann! Wenn die Lichter von Ischraqati Anwari Shati l-Buht li l-Haqq jallahu ‘ala – die Lichter des Heiligen Antlitzes der Essenz Allah des Allmachtigen auf dem Sultan oder Koenig der

Awliya reflektiert werden, der die Spiritualitaet von Rasulullah sws repraesentiert, dann wird der physische Koerper geschwaecht. Und deshlab war er (Maulana) in einem Zustand, wo er durch Medizin und alle Moeglichen anderen Massnahmen behandelt werden musste, mit dem man Kranke behandelt. Dass nur, um seinem physischen Koerper Kraft zu geben, sein Immunsystem zu staerken, damit er diese Lichter wuerde aushalten koennen. Und mit wieviel (Licht) Allah der Allmaechtige ihn bekleidet hat weiss niemand ausser Allah dem Allmaechtigen und Rasulullah – Allahu wa Rasul y'alam (?). Es ist nicht leicht. Seit der Zeit Rasulullahs sws haben alle Sahaba, alle Awliya, alle Grossscheichs, alle Sultane der Awliya in ihrer Zeit Sunnatullah benutzt, das, was Allah dem Allmaechtigen gefaellt, so wie Er wuenscht, dass es geschehen soll. Jetzt aendert Allah der Allmaechtige das in Qudratullah, Seiner Allmacht, sodass von nun an allein diese beiden Worte „Kun fa yakun" in Seiner Schoepfung wirken, „Sei und es geschieht". Und dies beginnt mit dem Ende des Rueckzuges von Maulana Scheich Nazim, der, Alhamdulillah, am 20. Des Monats Rabi' ul Awwal geendet hat, Montag vor drei Tagen. Und jetzt hat sich Maulana ganz erholt, Alhamdulilllah, und er wird nicht mehr mit Antibiotika oder anderer Medizin oder anderem behandelt. Er erholt sich jetzt durch seine eigene Kraft, seine physische Kraft, auch wenn er mit Qudratu Ilahi, mit goettlicher Kraft Allah des Allmaechtigen, bekleidet ist. Aber er sagt: „Meine Kraft ist jetzt so: Allah ist so maechtig, dass Er all diese Universen, Himmel, Erden, die (ganze) Schoepfung, von etwas tragen lassen kann das kleiner ist als das kleinste der Atome, der man sich vorstellen kann. Allah kann das tun! Allah kann alles tun, was Er will durch „Sei und es geschieht".
Und diese Kraft ist mir jetzt uebergezogen. Von nun an ist meine Kraft Qudratu Ilahi - „Sei und es geschieht"; wenn ich „Sei" sage, wird es geschehn." Dies ist der letzter Rueckzug vor dem Erscheinen

von S.Mahdi a.s., denn, so sagt Maulana, die Zeit von S.Mahdi a.s. ist die Zeit der Wunder, und er ist derjenige der S.Mahdi a.s. einlaedt, zu erscheinen. Und deswegen musste er diesen Rueckzug machen. Und da er immer unter Leuten ist, ist es schwierig fuer ihn, Rueckzug zu machen, und so hat er diese Wahl getroffen. Auch wenn immer noch Leute sein Zimmer betreten und ihn sehen, aber er hat sich voellig durch seine spirituelle Kraft bedeckt, so dass es immer war als ob er schliefe, nichts essen wuerde, dass nichts in seinen Magen kaeme. Nur manchmal hat er ein wenig Wasser genommen. Drei Wochen lang ging das so, bis jetzt. Jetzt hat er angefangen zu essen, sich zu erholen, und sein Zustand ist gut, Alhamdulillah. Und da es jetzt das Ende des Rueckzuges ist, ist es ihm immer noch nicht gestattet, Leute zu treffen oder mit ihnen zusammen zu sitzen, bis er zu Ende ist und er von Rasulullah sws mit einer ganz besonderen Krone bekleidet wird die ihm von Allah dem Allmaechtigen und Rasulullah gewaehrt wird. Und das ist am letzten Tag des Rabi‘ ul Awwal. Dann wird er wieder unter Leuten sein koennen. Und Alhamdulillah geht es ihm sehr gut, physisch und spirituell, man kann es sich nicht vorstellen oder es beschreiben. So wie es Rasulullah sws erging in der Naechtlichen Himmelsfahrt, als Allah der Allmaechtige ihm sagte:“My Geliebter Muhammad sws, beschreibe Mich.“ Da sagte er: „O, Preis sei Dir, Allmaechtiger Allah, niemand kann Dich beschreiben. Keiner ist faehig dazu, Dich zu beschreiben.“ Und so ist es mit der spirituellen Kraft und dem hohen Maqam Maulana Scheich Nazims unter allen Awliyas, in der gesamten goettlichen Regierung Allah des Allmaechtigen, mit dem er jetzt bekleidet wird; niemand kann es beschreiben ausser Allah dem Allmaechtigen nd Rasulullah. Und, Alhamdulillah, all seinen Muriden und all denen, die auf den Sahibu Zaman S.Mahdi a.s. warten, koennt ihr die Frohe Botschaft geben, dass Maulana bei bester Gesundheit ist,dass er voller Kraft ist. Und er beginnt jetzt alles zu

arrangieren und alle Awliya und Muride darauf vorzubereiten, dieses Wort „Sei und es geschieht“ zu benutzen, darauf, dass S.Mahdi a.s. erscheint. Maulana sagt dass jetzt grosse Ereignisse geschehen werden; sie stehen uns bevor, und all das geschieht mit der Unterschrift Rasulullahs sws und mit dem Willen Allah des Allmaechtigen. Und all das erscheint durch Qudratullah, der hoechsten Macht Allah des Allmaechtigen, und nicht durch die gewoehnliche Kraft, dem, was auf dem Lauh ul Mahfudh steht. Das, was jetzt nach dem Monat Rabi‘ ul Awwal geschehen wird, geschieht von dem Ummu l-Kitab her, von der Mutter der Buecher. Allah der Allmaechtige wischt aus ider bestaetigt das, was auf dem Lauh ul Mahfudh steht, der Wohlverwahrten Tafel, waehrend das, was im Ummu l Kitab, der Mutter der Buecher im Thron Allah des Allmaechtigen steht dem entspricht, was Allah der Allmaechtige 80.000 Jahre vor Erschaffung der Schoepfung programmiert hat. Bevor Allah der Allmaechtige die Schoepfung erschuf, legte Er in der Mutter der Buecher, Umm ul Kitab, fest, was Er erschaffen wuerde und niemand kann das aendern oder dieses Buch anruehren. Es ist das, was uns bevorsteht. Und so ist der Sultan ul Awliya, der Koenig aller Heiligen, der jetzt staendig Allah dem Allmaechtigen und Rasulullah sws gegenueber verantwortlich ist, derjenige, der dafuer sorgt, dass das, was in der Mutter aller Buecher steht in der Schoepfung ausgefuehrt wird, sodass S.Mahdi a.s. erscheinen kann und S.Isa hinabsteigt und alle Awliya wie Sonnen scheinen. Da wird keine Nacht mehr sein, keine Dunkelheit mehr, kein Mond – nur die Sonne wird scheinen und es wird bestaendig Tag sein, voller Licht; einem Licht, das man sich nicht vorstellen kann, weil es eine Wiederspiegelung des Lichtes des Antlitzes der Heiligen Esenz Allah des Allmaechtigen in Rasulullah sws ist and von ihm in Maulana Scheich Nazim qAs. Freut euch also alle und seid beruhigt in dem Wissen, dass es Maulana sehr

gut geht und er bei guter Gesundheit ist, Alhamdulillah, und dass er sich erholt. Er erholt sich schnell und er kann jetzt schon in seinem Sessel sitzen und essen und trinken aber nur so, wie Rasulullah sws es ihm befiehlt, denn er ist noch im Rueckzug. Insha Allah wird seine Stufe am Ende dieses Rueckzuges um 70.000 Mal hoeher sein ueber die, die irgendjemand vor seinem Rueckzug von ihm gewohnt war. Und so geben wir diese Erklaerung ab, weil alle in der ganzen Welt sich Sorgen machen, insbesondere die Muride von Maulana Scheich Nazim; sie sind besorgt und haben die Befuerchtung, dass Maulana etwas passieren koennte. Nein, sagen wir, Alhamdulillah, durch den Segen Allah des Allmaechtigen und Rasulullahs sws ist Maulana bei sehr guter Gesundheit. Es geht Maulana sehr gut, Alhamdulillah, und er spricht jetzt, aber nur mit Scheich Muhamad und Scheich Bahauddin, mit denen, die sein Zimmer betreten und mit ihm zusammen sitzen duerfen. Und das auch nur fuer wenige Minuten! Maulana will nicht so lange sitzen und so viel reden, nein. Die meiste Zeit oder immer kann man bemerken wie es in seinem Zimmer wie bei einem Donnerwetter zugeht. So wie man den Donnerschlag hoeren kann, so ist es, durch Hatifu Rabbani (?), durch die goettliche Stimme, die aus der goettlichen Gegenwart Allah des Allmaechtigen und Rasulullahs sws her kommt. Und ihr koennt sehen, wie seine Hand, sein Fuss, ja sein ganzer Koerper bestaendig Dhikr macht, er staendig in der Erinnerung an Allah den Allmaechtigen ist. Es ist als ob das ganze Zimmer erzittert. Und er ist im bestaendigen Lobpreis fuer Allah den Allmaechtigen, so, wie er es abgeordnet hat, dass es nach jedem Khatm Khwahagan gemacht werden soll und sagt: „Subhanim Allah, Sultanim Allah, Nabim Muhammad ’alayhi salam“ und er hebt seine Hand dabei. Die ganze Zeit geht das so, und wenn er damit aufhoert kann man sehen wie er anscheinend seinen Koerper verlaesst und auf Reisen geht... eine Stunde, zwei Stunden, drei Stunden, vier Stunden... dann kehrt er zurueck und sagt wieder: „Subhanim Allah,

Sultanim Allah, Nabim Muhammad ’alayhi salam.“ Und so ist das mit Maulana... Alhamdulillah geht es ihm sehr gut und sein Gesicht ist jetzt so wie ihr die Sonne seht, wenn sie zu Mittag scheint; so, wie man nicht in die Sonne sehen kann, so kann man auch nicht in sein Gesicht sehen, wegen der Lichter die davon ausgehen, und Alhamdulillah, er ist sehr sehr maechtig. Alhamdulillah fuehlt sich jeder, der ihn ansieht, so, als ob er in der goettlichen Gegenwart Rasulullahs sws waere und als ob er eine Wiederspiegelung von Licht des goettlichen Lichtes aus der goettlichen Gegenwart Allah des Allmaechtigen sehen wuerde. So ist es mit Maulana Scheich Nazim, und wir wollen, dass es jeder erfaehrt dass es ihm sehr gut geht, Alhamdulillah, und dass er jetzt anfaengt wieder einige Leute zu sehen, die er sehen will und die seinen Rueckzug nicht stoeren, der bis Ende dieses Monats geht – ich glaube Dienstag oder Mittwoch ist der Monat zu Ende. Und danach liegt es bei ihm ob er oben bleiben will oder ob er herunterkommt und unter die Leute geht. Das Wichtigste ist dass ein jeder weiss dass er bei sehr guter Gesundheit ist und sehr viel sirituelle Kraft hat. Und niemand soll etwas schlechtes ueber seine Gesundheit oder Situation sagen. Wer das tut, es kommt nur von seinem Ego und seinem schaitan, denn Maulana geht es sehr gut. Sein Herz ist sehr gut, sein Verstand ist sehr gut, seine allgemeine Gesundheit und sein physischer Koerper sind sehr gut. Und seinen spirituellen Koerper, seine Realitaet und Kraft kann man gar nicht beschreiben. Ich habe nicht die Zungenfertigkeit, sie zu beschreiben, denn es ist etwas, was nur vo Rasulullah sws beschrieben werden kann. Und sie Awliya besuchen ihn 24 Stunden lang und so kann er keine Leute treffen; die ganze Zeit ist sein Zimmer voll mit Awliya, mit der spirituellen Gegenwart von Heiligen. Sie kommen und gehen und kommen und gehen und nehmen Kraft aus seinen Augen mit, die so sind wie die Augen S.Abu Yazid al Bstamis, dem Sultan ul Arifin, rAa. So ist es bis

heute, wenn die Awliya zu ihm gehen und ihn besuchen, um Kraft aus seinem Blick zu erhalten. Maulana ist jetzt auch so; ein jeder, der in sein Gesicht sieht fuehlt sich so, als ob seine Batterie mit allen moeglichen Kraften ganz aufgeladen wird und als ob er fliegen wuerde. Alhamdulillah, es geht Maulana sehr gut und Glueckwunsch fuer alle und fuer uns, dass wie Muride von Maulana Scheich Nazim sind. Maulana wird aus diesem Rueckzug um viels Tausende Male maechtiger hervorgehen und er ist bei guter Gesundheit und i.A. hat Rasulullah sws weitere 20 Lebensjahre fuer ihn unterzeichnet. Seid also beruhigt. Nach 20 Jahren nimmt ihn Allah dann hinweg... bi hurmati l-Habib, bi hurmati l-Fatiha... (Salat wa salam)... Maulana schickt Tausende von Salaams an alle, die fuer ihn gebetet haben, die nach ihm gefragt haben, die gekommen sind, ihn zu besuchen, und die die Herzensverbindung mit ihm gemacht haben und ihn spirituell gegruesst haben... (unvollstaendig)

Sheich Adnan Kabbani's Ansprache vom 16.2.2012 mit Erlaubnis von Maulana's Sohn Hajji Mehmet aufgeschrieben von Khairiyah Siegel

## A Mawlid Khudba

Dastur ya Sayyidi.. Assalamu Alaikum o believers, o Muslims. May the month of Mawlid al Shariff be blessed- mubarak for all of you. We wish for this holy month to be the beginning of a new era for all world,especially for the Islamic world, &the beginning of a new period for our island & for it to be good- beneficial for the Ummah- nation of Muhammad (sas). Shaytan will be defeated, it is already defeated.

Now we hope that our people who respect & love the Holy Orders may rule us - those who have respect for our religion, who love & respect Islam. We wish this also for Turkey, at the same time. Allah Almighty who is "muhawwilal hawli wal ahwal" is Qadiru 'l-Mutlaq - He (jwa) who can change the conditions of people, is the Absolute All Powerful. And we want the Holy Religion, that He (jwa) sent to mankind with His Beloved (sas), to rule over the whole world! We pray & plead with Allah Almighty for this. Listen! Audhu Billahi min al shaytan al rajim. Bismillahi r-Rahman r-Rahim.

The year we are in now is according to our Hijri Calender, 1433 & 2012 with the non Muslim calendars. It is the first Mawlid al Shariff that belongs to this year- the 12th of the month Rabi'ul-Awwal which has started tonight will be the first Mawlid al Shariff in this year of 1434, the beginning of 2012 according to what they call Gregorian calendar, which has no basis. We are believers. Who believes.. Now, one who uses his head & brain, believes. Who makes his head useless -puts it under his tail- does not believe. Some of our

expressions.. We are saying as it comes to our heart.

Tonight- as the first night of (Rabi'ul-Awwal) in the year 1434. The Muslim world is on their feet to celebrate the birthday of our Prophet (sas) on the 12th of this holy month, to ask for the help which will be a wasila- means - for them to reach its blessings. Now, our words-speech would not finish even if we spoke the whole night, whole week, whole month- would not finish even until the end of the world, because we cannot finish speaking of, or writing about, the majesty of our Prophet (sas)- his levels & honor within the creation and in the Presence of Allah. But I may say an imitated word: "symbolic"- it is a symbolic celebration. We are asking for the blessings of this Holy Night for the Ummah that whole mankind today is from the nation of Muhammad (sas).

O Cypriots, listen! Turks, you listen as well! I am speaking for free- not asking money from you, listen! They may listen! May Allah give us some strength that we can say these few words, for the honour of His Beloved (sas). I ask support from the saints. The man supported by awliyas cannot be destroyed. Who supports the awliyas? Our Prophet (sas). The ones who our Prophet supports cannot be destroyed - we are standing. La ilaha illa Allah Muhammad Rasul Allah (sas). We are (strong) like lions! Even if whole world become shaytans, one person could overcome all of them- we have (that) strength, power. They may not think that we don't. I may curse the sleeping atom bomb, sleeping hydrogen bomb. Even if all hydrogen bombs in the world came, I will make them useless. O Cypriots - the common people, listen! the servants of the Ummah are not useless. I am from the common people. I am an old man, good for nothing. But they say "don't look at who talks, look at who makes him talk". It is our old expression. Pull yourselves together, come to your senses, o mankind! O mankind! Who thinks is man, who doesn't think is animal. Who knows is man, who doesn't know is animal. Like we said before, it is an endless ocean that even if we speak of it not only for an hour, but for days, months, years.. won't finish. I am speaking about one ocean. There is no end, no limit to oceans.

Last night, I saw on this shaytan box (TV), an Italian- astronomer, are they called astronomer? They asked him about space. They asked: "Is there an edge, an end to space? Is there a limit to it?" He is a professor of physics & an astrophysicist, astronomer. He is about my age. I don't know if he got senile. But I looked at him, he is not senile from what I have seen. He said... Sometimes when something like this shows (on TV), Allah lets me see it too. His statement was that: "There is no end, no limit to this universe". He said correctly. What he said is right. And, "from where the creation starts, where it ends.." How can we comprehend this,

being at zero level- (infinitely small beings compared to the universe) on a zero planet?

Allahu Akbar! Allahu Akbar! Allahu Akbarul Akbar! You are Subhan, o our Lord. You are Sultan! "O My Beloved, I have created all of creation for you" says Allah Almighty. "I have granted you, I am not in need of it", He (jwa) said. They are not teaching these things. They are keeping the madhab (way) of unbelief in your schools. It is a system with no way, no belief. These are the representatives of this century's tyranny-pharaohness. What is the principle in Islam? "Learn what is necessary for you". In our system, they don't teach what is necessary but instead teach all that is not necessary. They push the kids to "this college, that university, that higher education" It does not even go in the kid's one ear, forget the other one. It is such an imitated method of teaching. Why did they make such an imitated, fake teaching system? To tear apart our connection, link with our glorious past, history & bring out an unbelieving, faithless, irreligious, shameless, dishonourable new generation with no good manners. Their claim is this.

It is forbidden to say "Allah"! If you say "Bismillah" in a parliament, they would stone you. If you say "Allah, Bismillah" they expel you. If you say Wallah (I promise by Allah), they stone you. What kind of a nation is this? What was it & what has it become now? We are a nation that raised the flag of Islam for 1000 years. And today we prohibit using, saying of the name "Allah"? Shame on us! This is a little republic of ours in (North) Cyprus: with a president, or prime minister, or ministers. Do they say "Bismillah"? "We can't say Shaykh Effendi. How can we say? We can't say, it is prohibited!" What do they call it, their imitated orders? "It is against our laws, saying of Bismillah". Where do your laws come from? From where did you bring them? You didn't like the one coming from Heavens, you brought from WC & called it "laws". Masha Allah to you, the Cypriot Turks! Long live the Turks of Turkey! Masha Allah.. Affarin, well done! This is your progress? Masha Allah! Which nation respects us? Who made us respected & accepted were the Ottomans who raised the flag of Islam for 1000 years. Who respects us now, here or there? We are at each other's throat. Always fighting- they don't know what they want, what they are doing. They are not aware of what they will do. Now, they are even selling diplomas. They sell diplomas- diploma in medicine. With the certificate they also take big pictures, saying: "Look, my picture is like this. I have certificate". "Where did you buy it from?" "Don't ask, o Shaykh Effendi!" They have certificates, they give to whoever wants (pays). "Then, how do they treat people?" "We look at the schedule of that day & prescribe accordingly" "Does it treat?" "Don't ask, o Shaykh Effendi. If they die, we take them to morgue". "What about those who don't die?" "We keep them until they die". How

beautiful! There are so many certificate-diploma markets like this now, to buy one! Even if you failed him in one class here, he can still take the diploma from somewhere else, have his picture taken & hang it there. How can the government know? The government already has no certificate either!

Marhaban, Cypriot Turks! We will call you Cypriot Turks. What can we do? Because if we call "Muslims", it is prohibited by law. KK TC - Turkish Republic of North Cyprus (KK sounds like "dirt"). What is this, are we kaka-dirt? What kind of a thing is this? The meaning of KK-dirt is.. "O Shaykh Effendi, we don't know it's meaning but they told us like this: you are citizens of kk- dirty republic of Turkey". Is there any other nation who would name themselves as, "dirt"? They disgraced us like this, why don't you say? Here is the land of our ancestors, it is the land of Ottomans. It is out of Misak-ƒ± Mill√Æ - National Pact. They excluded us. Sultan Selim conquered this land. Sultan Hamid, may paradise be his abode, rented it. Turkish Republic gave it out, donated to British in Lausanne. Masha Allah! O Cypriot Turks! if you ask them, they will say: "A person had come to us, a bald man. He went around our shop & said: 'O my brother!' 'Yes sir.' 'They are saying that Cyprus is famous for its donkeys.' 'Yes sir. It was like this but they also got corrupted with the ones coming from outside'. Hearing this, the man left the shop". We are not donkeys! The pasha that came from us- Mehmed Kamil Pasha the Cypriot, who served 30 years as a grand vizier for Sultan Hamid. He is the man who ruled the Empire for 30 years. They look down on us. You can't! Our smart, intelligent people can size up the other nations too. British ruled here for 70 years. His counselor was a Cypriot- from the island of Cyprus. The islanders are intelligent. One person in this island can rule whole world. There is such a person now. Marhaban, how are you friends? If I said wrong, come & say it. I may throw you in the well, drainage. And you may see your face when you get out of it.

Welcome! This has become like an Eid Khutba, said for the Mawlid Night. They may listen! Everybody may listen! Whoever understands Turkish may listen. Whoever doesn't understand if they are curious, I may have it translated to English, Greek & French. We have a lesson to give each one of them. The most intelligent person on earth may come & sit here to face me. I am the weakest person. I may defeat him with the permission of Allah. Because my business is with Allah. Their business is with shaytan! "Wa Allahu Ghalibun `Ala 'Amrihi"(12:21??? - wa la ghaliba illa allah) Allah (jwa) is the Absolute Victorious. And who He supports is also victorious. There is no force that can defeat him. Be proud! But they have made everything that you will study & learn, wrong. You are not aware of anything now. If we were to say these slowly, how many

volumes of books would it be? What we have said is enough for tonight. But there is an ocean, which can fill a library, maybe even more. But according to our situation we may speak of them slowly. A person can't eat all in a bakery, at once. But he can eat slowly, piece by piece.

May Allah forgive us. We hope, for the honour of this holy night that an era has closed in Cyprus as well as in other places- Egypt, Sham, Iraq, Iran, Libya, different countries in Africa... It will change. It will change because the oppressors in rule couldn't serve mankind. They couldn't serve the people. They crushed them, killed them cruelly, dstroyed, burned.. These ones cannot go on. The prophet (sas) said: "The oppression can't last!" It will be destroyed at some point. Pull yourselves together. What is Islam's unchanged principle? "'Ati kulli dhi haqqin haqqa- give everyone their due rights". You will know & give everyone's rights. This is the scale of Justice in Islam. They can't, don't teach this. They even made up a joke, saying: "O our Lord, whether it is halal- permissible or haram-forbidden, doesn't matter, give us & we may eat". "Doesn't matter if it is halal or haram. Your servant doesn't distinguish. Give us, o Lord" they say. They have made us like this. There is no law, owner of rights, or justice anymore. Shaytan rules over whole world.

Whole world is suffering but; "Wa Layubaddilannahum Min Ba`di Khawfihim 'Amnaan" says Allah Almighty- "And He will surely give them in exchange a safe security after their fear" (24:55). The order will come. This dunya will be given to just & rightminded believers. All who rule now will be finished & thrown to.. This is enough. What can we do? What can we do? May Allah forgive me & forgive you. I am not claiming that I am all pure & free from sins. But they have made me speak so I spoke. May Allah forgive me & forgive you o people! We may be true ones. We may accept the Truth. What we say is the Truth. I have to accept it as well as you do. I don't claim to be better than you. Fatiha. It is enough. Marhaban Cypriots, how are you? How are you Karpazis? How are you Cypriots? Be Muslim, keep Islam & find honour. If you leave it, you won't be respected. They will wipe you out. They step on you & move on. Aman ya Rabbi, tawba ya Rabbi. You say also, o Cypriots say! Tawba ya Rabbi, tawba ya Rabbi. tawba Astaghfirullah. La ilaha illa Allah Sayyidina Muhammad Rasul Allah (sas). May You send us a Master for the honour of Your Beloved. This is enough. First say: Allah forgive us.

**Eine Mawlid Khutba**

---

Dastur ya Sayyidi.. As-salamu Alaykum, ihr Gläubigen, ihr Muslime. Möge der Monat des Mawlid al Sharif gesegnet sein für euch alle. Wir wünschen, daß dieser heilige Monat der Beginn einer neuen Ära ist für die ganze Welt, besonders für die islamische Welt, und der Beginn einer neuen Zeit für unsere Insel, und daß er gut und nützlich für die Ummah, die Nation Muhammads (saws) ist. Shaytan wird besiegt. Er ist schon besiegt. Jetzt hoffen wir, daß unsere Leute, die die heilige Ordnung respektieren und lieben, uns beherrschen. Diejenigen, die unsere Religion respektieren, die den Islam lieben und respektieren. Wir wünschen das auch für die Türkei, gleichzeitig. Allah der Allmächtige, der Muhawwil al hawli wal Ahwal ist, ist Qadiru l-Mutlaq, Der (jwa), Der die Bedingungen der Leute ändern kann, ist der Absolute, Allmächtige. Und wir wollen, daß die heilige Religion, die Er (jwa) der Menschheit mit Seinem Geliebten (saws) sandte, die ganze Welt regiert. Wir beten und bitten Allah den Allmächtigen inständig darum. Hört zu!
Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. Das Jahr, in dem wir uns jetzt befinden, ist 1433 nach unserem Hijri Kalender und 2012 in den nicht- muslimischen Kalendern. Es ist das erste Mawlid al Sharif, das zu diesem Jahr gehört, der 12. des Monats Rabi'u l-Awwal, der heute Abend begonnen hat, wird der erste Mawlid al Sharif sein. Dieses Jahr 1433, und es ist der Anfang von 2012 nach dem sogenannten Gregorianischen Kalender, der keine Grundlage hat. Wir sind Gläubige. Wer glaubt, nun, einer, der Kopf und Hirn gebraucht, glaubt. Wer seinen Kopf unnütz macht, ihn unter den Schwanz steckt, glaubt nicht. Einige unserer Ausdrücke... Wir sagen es so, wie es zu unserem Herzen kommt. Heute Nacht, als der ersten Nacht (Rabi'ul Awwal) im Jahr 1433, ist die muslimische Welt auf den Beinen, um den Geburtstag unseres Propheten (saws) am 12. dieses heiligen Monats zu feiern und um Hilfe zu bitten, die ein Wasila, ein Mittel, für sie ist, seine Segnungen zu erlangen. Nun, unsere Worte hier würden nie enden, selbst wenn wir die ganze Nacht, die ganze Woche, den ganzen Monat sprächen. Es würde nicht enden, selbst bis zum Ende der Welt. Weil wir nicht damit aufhören können, über die Majestät unseres Propheten (saws) zu sprechen oder zu schreiben, über seine Stufen und Ehre in der Schöpfung und in der Gegenwart Allahs. Aber ich kann es in imitierten Worten sagen: "symbolisch". Es ist eine symbolische Feier.
Wir bitten um den Segen dieser Heiligen Nacht für die Ummah, daß die ganze Menschheit heute zur Nation Muhammads (saws) gehört. Ihr Zyprioten, hört zu! Ihr Türken auch! Ich spreche umsonst. Ich will kein Geld von euch. Hört zu! Sie sollen zuhören! Allah gebe uns Stärke, damit wir diese paar Worte sprechen können, zu Ehren Seines Geliebten (saws). Ich bitte um Unterstützung durch die Heiligen. Der Mann, den die Awliya unterstützen, kann nicht vernichtet werden. Wer unterstützt die Awliya? Unser Prophet (saws). Diejenigen, die unser Prophet unterstützt, können nicht vernichtet werden. Wir stehen. La ilaha illa Allah, Muhammad

Rasul Allah (saws). Wir sind wie Löwen! Selbst wenn die ganze Welt Shaytane würden, könnte eine Person sie alle überwinden. Wir haben Stärke, Kraft. Sie glauben das vielleicht nicht. Ich verfluche die schlafende Atombombe, die schlafende Wasserstoffbombe. Selbst wenn alle Wasserstoffbomben auf der Welt kämen, ich machte sie alle nutzlos. Ihr Zyprioten, ihr gemeinen Leute, hört zu! Die Diener der Ummah sind nicht nutzlos. Ich bin einer der gemeinen Leute. Ich bin ein alter Mann, für nichts mehr gut. Aber sie sagen: Schaut nicht auf den, der spricht, sondern auf den, der ihn zum Sprechen bringt. Das ist unser altes Sprichwort. Reißt euch zusammen, kommt zur Vernunft, Menschheit! Menschheit! Wer denkt, ist ein Mensch, wer nicht denkt, ist ein Tier. Wer weiß, ist ein Mensch, wer nicht weiß, ist ein Tier. Wie wir schon sagten, ist es ein unendlicher Ozean. Selbst wenn wir nicht nur für eine Stunde, sondern für Tage, Monate, Jahre sprächen, kämen wir nicht zum Ende. Ich spreche über einen Ozean. Es gibt kein Ende, keine Begrenzung für die Anzahl der Ozeane.

Letzte Nacht sah ich in dieser Shaytankiste (TV) einen italienischen Astronomen. Nennt man sie Astronomen? Sie fragten ihn über den Weltraum. Sie fragten: "Gibt es eine Grenze, ein Ende für den Weltraum? Gibt es eine Begrenzung dafür?" Er ist Professor für Physik und Astrophysik, Astronomie. Er ist ungefähr so alt wie ich. Ich weiß nicht, ob er senil ist. Aber ich sah ihn an, und nach dem, was ich gesehen habe, ist er nicht senil. Er sagte... Manchmal, wenn sie so etwas im TV zeigen, läßt Allah es mich auch sehen. Seine Aussage war: "Es gibt kein Ende, keine Grenze für das Universum." Er sagte das Richtige! Was er sagte, stimmt. Und "wo die Schöpfung beginnt, wo sie endet..." Wie können wir das verstehen, wo wir uns auf Nullebene befinden, (unendlich kleine Wesen verglichen mit der Größe des Universums) auf einem Nullplaneten? Allahu Akbar! Allahu Akbar! Allahu Akbaru l-Akbar! Du bist Subhan, unser Herr. Du bist Sultan. "Mein Geliebter, Ich schuf die ganze Schöpfung für dich," sagt Allah der Allmächtige. "Ich habe dir gegeben, Ich brauche es nicht", sagte Er (jwa). Sie lehren diese Dinge nicht. Sie hüten die Sekten des Unglaubens in eueren Schulen. Es ist ein System ohne Sekten, ohne Glauben. Diese sind die Repräsentanten der pharaonischen Tyrannei dieses Jahrhunderts.

Was ist das Prinzip im Islam? "Lerne, was für dich notwendig ist." In unserem System lehren sie nicht, was notwendig ist. Stattdessen lehren sie alles, was nicht notwendig ist. Sie stoßen die Kinder zu "diesem College, jener Universität, jener Höheren Bildung..." Es geht den Kindern nicht einmal in ein Ohr, geschweige denn in das andere. Es ist eine so falsche Lehrmethode. Warum machten sie so ein falsches, trügerisches Lehrsystem? Um unsere Verbindung zu zerreißen, das Bindeglied mit unserer ruhmreichen Vergangenheit, Geschichte und eine ungläubige, glaubenslose, unreligiöse, schamlose, unehrenhafte neue Generation ohne Benehmen

hervorzubringen. Ihr Anspruch ist das. Es ist verboten, "Allah" zu sagen! Wenn du "Bismillah" im einem Parlament sagst, steinigen sie dich. Wenn du sagst "Allah", "Bismillah", werfen sie dich hinaus. Wenn du sagst "Wallah" (ich verspreche bei Allah), steinigen sie dich. Was für eine Nation ist das? Wie war sie und was ist aus ihr geworden? Wir sind eine Nation, die die Fahne des Islam 1000 Jahre lang hochhielten. Und heute verbieten wir den Gebrauch des Namens "Allah"? Schande auf uns! Dies ist unsere kleine Republik in Zypern mit einem Präsidenten oder Premierminister oder Ministern... Sagen sie "Bismillah"? "Wir können das nicht sagen, Shaykh Effendi. Wie können wir das sagen? Wir können das nicht sagen. Es ist verboten!" Wie nennen sie es, ihre gefälschten Befehle? "Es ist gegen unsere Gesetze, 'Bismillah' zu sagen." Woher kommen euere Gesetze? Von wo habt ihr sie gebracht? Euch gefielen die aus den Himmeln nicht, also brachtet ihr welche vom WC und nanntet sie "Gesetze". Masha Allah euch, ihr zypriotischen Türken! Lang leben die Türken der Türkei! Masha Allah... Affarin, gut gemacht! Ist das euer Fortschritt? Masha Allah! Welche Nation respektiert uns? Wer uns Respekt und Akzeptanz verschaffte, waren die Osmanen, die die Fahne des Islam 1000 Jahre lang hochhielten. Wer respektiert uns jetzt, hier oder dort?

Wir sitzen uns an der Kehle. Ständig im Kampf. Sie wissen nicht, was sie wollen, was sie tun. Sie sind sich nicht bewußt, was sie tun. Jetzt verkaufen sie sogar Diplome. Sie verkaufen Diplome, Diplome in Medizin. Mit dem Zeugnis machen sie auch große Photos und sagen: "Sieh, mein Photo ist so. Ich habe ein Zeugnis." "Wo hast du es gekauft?" "Frag nicht, Shaykh Effendi!" Sie haben Zeugnisse. Sie geben sie dem, der es will (bezahlt). "Wie behandeln sie dann Leute?" "Wir gucken auf den Terminkalender des Tages und verschreiben demgemäß." "Heilt das?" "Frag nicht, Shaykh Effendi. Wenn sie sterben, bringen wir sie in die Leichenhalle." "Was ist mit denen, die nicht sterben?" "Wir behalten sie, bis sie sterben." Wie schön! Es gibt so viele Diplommärkte jetzt, um eins zu kaufen! Selbst wenn du hier in einem Fach durchfällst, kannst du ein Diplom von woanders bekommen, die Photos machen und dort aufhängen. Wie kann die Regierung es wissen? Die Regierung hat selbst auch kein Zeugnis. Marhaban, zypriotische Türken! Wir nennen euch zypriotische Türken. Was können wir tun? Weil wenn wir sie Muslime nennen, das ist gesetzlich verboten. KK TC - Türkische Republik Nordzypern (KK hört sich an wie Kacka) Was ist das, sind wir Kacka, Schmutz? Was für ein Ding ist das? Die Bedeutung von Kacka ist Schmutz. "Shaykh Effendi, wir wissen nichts über die Bedeutung, man hat uns gesagt, ihr seid die Bürger der kk, schmutzigen Republik Türkei." Gibt es eine andere Nation, die sich selbst "Schmutz" nennen würde? Sie haben uns damit entehrt.

Warum sagt ihr das nicht? Hier ist das Land unserer Vorfahren. Es ist das Land der Osmanen. Es ist außerhalb des Misak-i Milli, des Nationalen Paktes. Sie schließen uns aus Sultan Selim hat dieses Land

erobert. Sultan Hamid, möge das Paradies sein Aufenthalt sein, verpachtete es. Die Türkische Republik gab es weg, ein Opfer an die Engländer in Lausanne. Masha Allah! Ihr zypriotischen Türken! Wenn du sie fragst, werden sie sagen: "Eine Person kam zu uns, ein Glatzkopf. Er ging in meinem Laden herum und sagte: 'Mein Bruder!' 'Ja, mein Herr.' 'Sie sagen, daß Zypern berühmt für seine Esel ist.' 'Ja, mein Herr. Es war einmal so, aber sie sind verdorben worden von denen, die von außerhalb kommen.' Als er das hörte, verließ der Mann den Laden."

Wir sind keine Esel! Der Pasha, der von uns kam, Mehmet Kamil Pasha, der Zypriot, der 30 Jahre als Großwesir für Sultan Hamid diente. Er ist der Mann, der das Reich 30 Jahre regierte. Sie blicken auf uns herab. Das geht nicht! Unsere schlauen, intelligenten Leute können die anderen Nationen auch abschätzen. Die Briten regierten hier 70 Jahre lang. Ihr Berater war ein Zypriot, von der Insel Zypern. Die Inselbewohner sind intelligent. Eine Person von dieser Insel kann die ganze Welt regieren. Es gibt jetzt so eine Person. Marhaban, wie geht es euch, Freunde? Wenn ich etwas Falsches sagte, kommt und sagt es mir. Ich werfe euch in den Abwasserkanal. Und ihr werdet euer Gesicht sehen, wenn ihr wieder herauskommt. Willkommen! Dies ist wie eine Eid-Khutba geworden, gesprochen für die Mawlid Nacht. Sie sollen zuhören! Jeder soll zuhören! Jeder, der Türkisch versteht, soll zuhören. Wer es nicht versteht, wenn sie neugierig sind, lasse ich es ins Englische, Griechische und Französische übersetzen. Wir haben jedem von ihnen eine Lektion zu erteilen. Die intelligenteste Person der Erde mag kommen und hier sitzen, um mir entgegenzutreten. Ich bin der Schwächste. Ich kann ihn mit der Erlaubnis Allahs besiegen. Weil meine Sache mit Allah ist und ihre Sache mit Shaytan. "Wa Allahu Ghalibun `Ala 'Amrihi" (12:21) - Allah ist der Unbedingt Sieghafte. Und wen Er unterstützt, ist auch sieghaft. Es gibt keine Macht, die ihn besiegen kann. Seid stolz! Aber sie haben alles, was du studierst und lernst, falsch gemacht. Sie sind sich jetzt nicht gewahr. Würden wir dies langsam sagen, wieviele Bände von Büchern wären es? Was wir gesagt haben, reicht für heute. Aber es gibt einen Ozean, der eine Bibliothek füllen kann oder sogar mehr. Aber in unserer Lage sprechen wir darüber langsam. Eine Person kann nicht alles in einer Bäckerei auf einmal essen. Aber er kann langsam essen, Stück für Stück. Möge Allah uns vergeben.

Wir hoffen, daß zu Ehren dieser heiligen Nacht eine Ära zum Ende kommt in Zypern wie auch an anderen Orten, Ägypten, Sham, Irak, Iran, Lybien, verschiedene Länder in Afrika.. Es wird sich etwas verändern. Es wird sich ändern, weil die Unterdrücker an der Regierung der Menschheit nicht dienen konnten. Sie warfen sie nieder, töteten sie grausam, vernichteten sie, verbrannten sie.. Sie können so nicht weitermachen. Der

Prophet (saws) sagte: Die Unterdrückung kann nicht von Dauer sein! Sie wird schließlich zerstört. Reißt euch zusammen. Was ist das unveränderliche Prinzip im Islam? "Ati kulli dhi haqqin haqqa" - Gib jedem das ihm zustehende Recht. Ihr werdet jedermans Rechte erkennen und ihnen zugestehen. Das ist das Maß der Gerechtigkeit im Islam. Sie lehren das nicht. Sie machten sogar einen Witz: "Unser Herr, ob das halal oder haram ist, ist egal, gib es uns, und wir essen es." "Es ist egal, ob es halal oder haram ist. Deine Diener machen keinen Unterschied. Gib uns, Herr," sagen sie. Sie haben uns zu dem gemacht. Es gibt kein Gesetz, keinen Eigner von Rechten oder Gerechtigkeit mehr. Shaytan regiert die ganze Welt. Die ganze Welt leidet, aber "Wa Layubaddilannahum Min Ba`di Khawfihim 'Amnan", sagt Allah der Allmächtige. "Und Er wird ihnen nach ihrer Angst ganz gewiß Sicherheit gewähren." (24:55) Der Befehl wird kommen. Diese Dunya wird den gerechten und vernünftigen Gläubigen gegeben. Alle, die jetzt herrschen, werden erledigt und ins.. geworfen.. Das ist genug. Was können wir tun? Was können wir tun? Möge Allah mir und euch vergeben. Ich behaupte nicht, daß ich völlig rein und frei von Sünden bin. Aber sie haben mich dazu gebracht zu sprechen, und so habe ich gesprochen. Möge Allah mir und euch vergeben, ihr Leute! Wir werden Wahrhaftige sein. Wir werden die Wahrheit anerkennen. Was wir sagen, ist die Wahrheit. Ich muß das anerkennen, genauso wie ihr. Ich behaupte nicht, besser zu sein als ihr. Fatiha. Es ist genug. Marhaban, Zyprioten. Wie geht es euch? Wie geht es, Karpazis? Wie geht es, Zyprioten? Seid Muslime, haltet euch an den Islam und ihr erlangt Ehre. Wenn ihr ihn verlaßt, werdet ihr nicht respektiert. Sie wischen euch weg. Sie treten auf euch herum und gehen weiter. Aman ya Rabbi, Tawba ya Rabbi. Sagt es auch, ihr Zyprioten, sagt es: Tawba ya Rabbi, Tawba ya Rabbi, Tawba, Astaghfirullah. La ilaha illa Allah, Sayyidina Muhammad Rasul Allah (saws). Mögest Du uns einen Meister senden zu Ehren Deines Geliebten. Das ist genug. Sagt zuerst, daß Allah euch vergebe.

**May Allah give us a good end**

The ferah-tejalli, the tajalli of happiness, is coming...According to the
Ayat:... fa inna ma'a-l 'usri yussra, inna ma'al 'usri yussra...
Friday, 30th

The new Dhikr, recited daily after Isha prayer and after the Dhikr with the
big wooden beeds (1ooo x La ilaha ill-Allah, 1oo x Salawat):

- Bismillahi-r-Rahmani-r-Rahim... ca. 2o x
- Allah, ya Jalil...and after ca. Half of Ramadan it chaged to: Allah, dhul Jalal...ca. 1oo x
- Hasbun Allah, Rabbun Allah...ca. 1o x
- Allahu akbar, Allahu akbar, la ilaha ill'Allah, wa Allahu akbar, Allahu akbar wa li-llahi-l hamd...
- (EID-Dua:) Allahu akbar kabiera, wa-l hamduli-llahi kathiera, wa Subhanallahi bukratan wa asila, la ilaha ill-Allah wa Allahu akbar, Allahu akbar wa li-llahi-l hamd...
La ilaha ill-Allah wahda, sadaqa wa'da, wa nassara 'abda, wa a'asa jundahu wa asaba azaba wahda (?), La ilaha ill-Allah wa Allahu akbar, Allahu akbar wa li-llahi-l hamd
- Salawat (3x): Allahumma salli wa sallim 'ala / nabiyina Muhammad 'alayhi salam / salatan tadumu wa tughda ilayh / mamarra layali wa tuula dawam.

- Ila sharfin-nabiy sws...
- Fatiha

Audhu bi-llahi mina-shaitani-rajim, Bismillahi-r-Rahmani-r-Rahim...Allahumma ahsin aqibatna fi umurana kulliha...May Allah give us a good end. It would be a pity and misfortune to find a bad end after a good life. People live in enjoyment and then there comes the bad awakening- then what remains from their amusements? O Allah, may You make all our affairs and our end good, so that we can leave this world in happiness. We have to pray for that.

We get inspirations from the Holy Quran. Allah Almighty says in there: '...qalilan ma tashkurun...'- few are those who are thankful. And Allah gave us everything- vision and hearing, a soul and a heart to understand, and He didn't give this to other creatures. So big favours, gifts, but man is complaining and doesn't give thanks, doesn't say: ‚Shukr, ya Rabbi!' ‚O My servants', Allah says, ‚you are not thankful to Me, except for a few of you. Most of you are making Kufr and are not thankful, but greedy. What would you do if I created you to be an insect or a donkey? Or a rat in the canalisation? Are you not happy that you have been created as a man? What more do you want? Say, and I shall give to you.' What would you do if you had been created blind? For the sense of vision we owe Him thanks, Shukr, day and night. Allah says: ‚I gave you a soul, a heart, and everything is in it- what else do you want?' And they bring so many children to me that have a hole in the heart and it needs to be sawn... How you are not grateful? But people are only human from outlooking, inside they are like wild beasts.

Therefore all this Bela is coming on them. People deny Allah, they don't want to know about Him, they disrespect His orders and play with His favours. And they think there is no one to register all what they are doing. Wait for Bayram, the Eid celebration, wait for Christmas and New Year of the Christians! Next year all misfortune will come on people. For what they are

fighting? ,Have I not given you everything, what is missing?', Allah is asking. So you will educate each other, one will fight the other. What is happening in Afghanistan is only a small thing- after billions of people will die in the storm that is coming...That is the Divine Anger. And Allah will send hunger on people and thirst. There were nations before that were searching on the cemetery for flesh to eat...

Rahmet is sent down from Heavens on people, but they send only bad behaviour back up. They try to turn people to the way of Kufr, not to the way of Shukr... May Allah send us the Sahibu Zaman...

## May Allah keep us far from shaitanic actions

May Allah keep us far from shaitanic actions and make us to be from Allah's servants - that is honour! The way to goodness is to serve Allah.
It is a shame for mankind that they lost the sense of shame. The holy Prophet (sws) used to say: 'If you are not ashamed, then do as you please.' Shame is the sign of faith. Someone who has no shame, is doing everything. Shame is a spiritual power, that makes man under control. It is a favour of Allah. If you remove this power that may keep man under control, then faith disappears and sinks down to zero.

When the angel Gibrail a.s. came to the Prophet for the last time before he passed away, he said to him: 'The message is complete - Allah is not going to send me anymore. I will not come on earth anymore except for four times before Qiyamat (Final Judgement). The first time I will come to take justice from the world.' And it is an order of Allah starting from the people on the top to the lowest level people that they should be just. It is for all people, it is an obligation.

Abu Yazid Bistami was praying one day. Prayers keep one away from doing bad things. Who doesn't pray, is ready to do all kind of bad things. The more you pray, the stronger the protection. When he finished his prayer, he heard a voice telling him: 'O dhalim, o cruel one, no one can come to My Presence who is unjust.' Abu Yazid was very surprised, and he asked: 'What is my fault?' The voice said: 'During prayer one of your legs got tired, and you put the burden that this legs normally carries, on the other leg, so it was carrying more than it is supposed to. Because I arranged it in such a way that the wheight of the body should be carried by two legs, not only one. That is the cruelty, you have committed.'

If Allah would judge us - who could save himself?! Nobody of the people nowadays. And His justice is Haqq, based on truth. He is not joking. He gave us two legs to carry the burden of the body. If you put the whole wheight on one leg only, it is dhulm (injustice).

Also, when you are eating and drinking, don't take more, than you need and what is good for you. Maybe you take someone else's share, it is his right. To take more than what is necessary is greed, and dhulm for the body - for the heart, the stomach, so many organs are affected. This extra burden is the reason of illnesses. Keep the balance of Allah's truth. Allah has given a measure for everything. Who goes beyond it, is dhalim. (same as dhulm)

So Gibrail a.s. had said: 'I will come on earth to take away justice.' And it is like this now - there is no more justice in the governments. But what about yourself? Are you just, that you could expect justice from others? Can a just person be the head of unjust people, of dhalims? It is impossible. All creation is suffering from the injustice of people, animals and nature. There is the story of a holy man who was travelling by ship. As he was watching the fish, he was shocked to see them eat one another. 'This is

strange - how can these fish eat one another, and also they are from the same kind?', he asked himself. Then he heard a voice: 'This is because once a cruel person, who is not respecting Allah and who doesn't pray, was spitting into the sea. Since then the fish eat one another...'

If you look to dogs, some of them you will find soft, others like wild beasts - they reflect the nature of their owner. Trees may die because of the dhulm of the owner of the garden...

Everyone wants justice for his own ego, that is why dhulm has spread over the whole world. The people in the 21st century are all dhalims, including the heedless Muslims. Daily you can see this on TV. The hearts of unbelievers are like a stone, without mercy. And when mercy leaves the heart of a believer, he looses his faith.

The angel Gibrail a.s. was saying: 'I will come another time to take away mercy from the hearts of people.' The whole world is witness.
'Then I will come for the third time and take away the shame from women and men.' People now are asking to be like animals - they show their body without being ashamed and they are enjoying it, too. Once some poor people brought their baby to the Prophet sws, and it was uncovered, because they had nothing to cover it with. Then he asked: 'Don't you have anything to cover this baby, some cloth?' He said this, because the private parts of a baby are just like those of grown ups. Now parents dress their children very free, and they say: 'But they are only children.' Do you have no shame? Without shame there is no belief, no justice, no mercy.

'I will come a fourth time and take away 'ilm, knowledge.' This is the knowledge that brings people on the path to Allah and makes them to advance to His Divine Presence. Alims are dying, and they take their knowledge with them into the grave. Like this no knowledge remains. Who can still

understand the books they wrote? And these books are not like newspapers. But even newspapers you don't understand anymore... The knowledge must come to you from someone's heart, it will not come to you through books. If it is not coming from the heart of someone and entering your heart, it is not knowledge. You must take 'ilm from Alims. That is why the Sahabas could not take directly from the Quran, but they took from the heart of the Prophet sws. They didn't read, but took from his heart...

I was speaking about the condition we are in nowadays... Evil and shaitanic actions have reached to the top point.

There was one king once upon a time, who burnt all the books in the country. Why? Because he said that peole are only learning meanness from them. People don't know about history...

So I am not recommending to read, only about history, because it will open your eyes. Evil comes from reading books that do not contain beneficial knowledge. May Allah protect us from that kind of knowledge. Knowledge is of two kinds: there is beneficial and harmful knowledge. Nowadays they only teach harmful knowledge. The first knowledge that must be taught is about Allah - to teach people His Name. Without the knowledge about Allah every knowledge is harmful. Therefore now people are bad in the 21st century. They are dhalims, they cannot do anythng good. Look and see- a cruel person cannot do something good. What you can expect from scorpions and snakes?

A fox was making friendship with a snake. They came to a river and wanted to cross it. The snake said: 'I cannot cross this river.' 'But I can', said the fox,'I will not leave you behind, I will carry you (in my belly) to the other side.' When they had crossed the river, he said: 'Now you can leave me.' But the snake said: 'No, I will not leave you anymore. I will kill you and eat you.' 'Is this your reward for the goodness I did to you?' 'Didn't you know that you

cannot expect goodness from a snake? Who is expecting goodness from a snake, must be stupid.' The fox started to cry and he said: 'O my dear friend, let me for the last time look into your beautiful eyes.' As the snake was stupid, too, it was coming in front of the fox and the fox bit off its head. The he made it straight on the ground and he adressed it: 'You see, friendship must be like this - straight.'

People are like that snake nowadays- you cannot expect goodness from them. It is said that out of seven people one will remain in the big war. Don't think all are human. They are like dragons, they are sadist and they have to go. There are special servants of Allah that have them as their aim... Dhulm will be removed from the world...

O Allah, send the Sahib-u-Zaman and protect the believers. When the lion comes, Sayiddina Mehdi alehi salam, he will make Tekbir and shake the world.

## May Allah make us to be with His good servants in Dunya and in Akhira

It is a blessings to have good neighbours. In Dunya the neighbours may change- either you move or they may move. But in the cemetery you don't change. In old times people were careful about their neighbours for Akhirat. For example they choose to be neighbours of Abu Eyyub Ansari, a big Sahaba of the Holy Prophet sws, because on his tomb always mercy is raining down. And on the day of Judgment they will be gathered under his flag. With their love to the Prophet the Saints will ask for forgiveness and intercede, make shafaat, for their neighbours, and it is not difficult for them. And there are so many Sahabas in Istanbul. It is also a blessing to live near a mosque, because the rains of mercy that come on it all the time, also come on those who live around it. There is a prayer to ask for good neighbours: ‚Subhana Rabbiyi-l 'Aliyu-l 'Ala-l Wahhab...Allahumma-ahschurna fi zumrati salihien'. But the Hocas and Imams nowadays don't know anymore how to pray and what to ask for.

At the end of the Prophet's life the angel Gibrail a.s. came to him and he

said: ‚Now I will only come once more to you. It is to take your soul.' And the Prophet asked if after that he would come again to the world. The angel said: ‚Yes, I will come four times. But instead of bringing something, each time I will take something away from the world. First I will come to take the justice. Then I will take the mercy from the hearts of people. Then I will take the shame and finally ilm, knowledge, so that there will be no mor ' Alims and the people will be left ignorant.'

Nowadays everyone is talking and making Khutba, but they cannot give anything from their heart to the hearts of people, and their speech gives no benefit. In old times they were acting without much talking, but today they talk and destroy what they built, because they are ignorant.

They don't teach children about their Creator, they don't teach them to say His Name, Allah. So all learning has no benefit. And they don't know how to pray and make Dua. ‚Wa kunu ma'a sadiqien...' -Allah told us to ask for being with good ones, because that is safety for us. Bad servants attract Bela and then the curse from heavens and earth comes on them and on all who follow them and who are around them. No government nowadays follows salihien anymore...

Mercy and blessings come on mosques, but people don't enter anymore. They are so burdened with cursings, that they don't enter... The computer of Allah is working. People are marked. If your relationship to Allah is alright, you don't have to fear... I am fearing for this island, Cyprus, because the people are not grateful and they are complaining, not saying Shukr, that they have been living in peace since 27 years. And they don't pray or fast, don't respect Allah, His Prophet and the holy days...

## May Allah protect us from the tricks and traps of Shaitan

They say that in the first Rakaat you should say: 'Audhu bi-llahi mina shaitani rajim', but Ibn Arabi was saying: 'At the beginning of each Rakaat you should say it, for Shaitan not to be able to interfere in your prayer. He approaches in each Rakaat. ‚Audhu...' is our shield against him, without it we have no protection. No one can protect himself against Shaitan, only Allah can protect us.

Adab is the soul of the Tariqat and of Islam, of the way towards Allah. Without Adab, no Tariqat, and without Tariqat man cannot save himself from Shaitan. Who doesn't follow a Tariqat, cannot find Allah, just like you cannot reach the city without following the way leading to it. Without Tariqat you don't find Allah, because Tariqat is a way to follow, until you reach Allah.

What are we asking to reach? What are we looking for? If it is not Allah's Presence, it is Batil. Everything outside Allah is Batil, everything without Him is useless, has no success. Who is ruling the world but without Allah,

has nothing in his hands. Who is looking for something else but Allah finds-nothing. That is Dunya- if it was to explode into space, it would vanish and nothing would remain. Without Allah's power, that is keeping each atom from six directions, the atoms have no existence, they will vanish.

Man is a creature of 1½ to 2 meters height, walking on two legs. The other creatures walk on four legs. Without clothes man looks like an ape. And we put clothes and decorate ourselves with them, and we think with our clothes be become someone else and we had a value.

Nasruddin Hoca once went to a wedding and he had his worst clothes on, so at the door they refused him. He went back and put his best clothes. They welcomed him as Sheikh-ul-Islam and seated him on the seat of honour. Then he took off his coat and dipped it in the soup, that had been served to him. The people were shocked and asked why he was doing this. He said: 'Since you pay respect to my coat, let it eat the food, also. I am not going to eat.'

People need training for their egos, because its nature is to be wild and more harmful than the wildest beasts. The prophets were showing the way, but people were not accepting them, their egos didn't want to follow, but live as they like. They wanted to be free, without the limits of Haram and Halal. They said to the prophets: 'You want to make rules for us, you don't let us to be, as we like, you want to cut our freedom and tell us, what to do. We don't want that. We want to be like it is our nature- free.'

And nowadays it is the same- the young people want to live 'their own life' without their parents, they want to choose for themselves. They leave the house and rent an apartment. They don't want any control on them, nobody should tell them anything. This is the life-principle of the youth today. They are not interested in anything, they are unconscious, like blind and know about nothing.

Religion is hated in the 21st century, and Islam is not even recognized as a religion officially. And everything except Islam is out of date, has no effect and no spirituality to give to people anymore. They are playing in Christianity- there is no discipline, no Haram and Halal. And they show Judaism as something harmless, but they are not accepting except their own people. Everyone is against Islam because of its discipline, but if not for that, the world was finished long time ago. They don't like us and our clothes.

They are like rats in the canalisation. Someone was asking why dogs lift their leg when they make pipi. They said to him in order not to make himself dirty. But, the other one was saying, he is standing in his own dirt... They are pointing to us, blaming us, making us bad. But the weapons that are burning and destroying the world now are coming from them. We have not invented one of them. But they are blaming us...

But it is said that who intends evil for someone must remember that it will come back on him. Who digs a ditch for someone as a trap, will fall in his own trap- like Abu Jahil... So stay calm, have good thoughts about others, even if they think bad about Islam, because it will come back on them. Islam will remain, because it is Allah Himself who is guarding and keeping it. Islam will remain and their religions will vanish.

They think when they change clothes they change themselves, and they show a different model in the morning, midday and evening. They judge people by their outlooking, and they look down on them, if they are not well-dressed, especially women... And you are only a two-legged-creature on earth, while the others have four. Only that you are able to speak. And your honour is this, that Allah is adressing you, and He is not adressing any other creature. Your honour is not with clothes. And these clothes that reveal

more than that they cover are not giving any honour at all.

The Prophet was cursing those men who try to look like women and those women, who try to look like men... There are angels who make a special tesbih: Subhanallah Who decorated men with a beard and beautified women with long hair. A beard gives haybet to a man. The attributes of men are different from those of women. There are different Tajallis and Names for them, reflecting the perfection and majesty of men and the perfection and beauty of women. Men have heybet, women are delicate, they have beauty.

What would happen if a group of police-women were to protect London by night. Next morning all of them would be finished... It is not clothes that make you a policeman or a soldier or a pilot. It is not a joke or cinema. Men are different from women. But the confusion has reached the top point. People are asking freedom, and they cause problems for those, who don't want to be like them. And Allah has honoured man through the discipline.

The rang of humanity is according to your Adab. Without Adab you fall to the level of the four-legged-creatures. Adab is the soul of Tariqat, which is the way to Allah, and only with Tariqat you find Allah. Adab is taught in religion. Without it you cannot enter the path, you will not find Allah, only Batil, falsehood, and vanish with 'Kun, fayakun'. Your life has been wasted...

I am speaking and my words are heard, as long as I am speaking. When I am stopping, the speech is gone. Human speech doesn't continue; when you stop talking, everything is gone. The body will vanish, too. Who takes an aim outside of Allah, except Allah, will vanish, even he reached to all the treasures of Dunya. In the end he has nothing, nothing remains with him.

Our words are going from us, but they will come back to us. People do two kinds of actions and movements: one is for Allah, the other for their ego.

Everything is coming back to you, and only that is of benefit for you, what you did for Allah. This is important to know. Why people in the 21st century have so many problems? There is a reason for everything. They are not looking to themselves, not looking to their reality.

Now these words are like a seed, that will bear fruit in its time. In this country speaking and thinking is forbidden, but I am speaking. They may accept or not.

## May Allah Send Us a King, Mahdi (a)

Tawbah, yaa Rabbee. Tawbah, astaghfirullah. Please send us a king, Mahdi (a), so we can fight in the way of Allah (swt).

•••••• •••• ••••• •••••••• •••• ••••• •••••••••••• •••• •••••• •••••• •••• ••••••• •••••••• • •••••• ••••••• ••••• •••••• • ••••••••• ••• ••••••• •••••••

Alam tara ila 'l-mala'i min banee israa'eela min ba`di Musa idh qaaloo li-nabiyyin lahumu ib`ath lanaa malikan nuqaatil fee sabeelillah. Have you not thought about the group of the Children of Israel after (the time of) Moses, when they said to a prophet of theirs, "Appoint for us a king and we will fight in Allah's Way." (al-Baqarah, 2:246)

Yaa Rabbee! Allah, Allah. The enemies of Allah are followers of Shaytan! From east to west, this world has become filled with the enemies of Allah. They have no loyalty for the prophets of Allah. No, their egos are working for Shaytan and seven billion of them occupy the Earth. Their egos are never satisfied, always hungry. They do not work for their Lord. If they worked for Allah with the intention of strengthening their bodies to serve Allah (swt), they would be satisfied.

••••• •••••••• •••••••• •••••••••• •••••• ••••••••••••

Wa maa khalaqta 'l-jinna wa 'l-ins illa li-ya`budoon. I have only created jinn and men that they may serve Me. (azh-Zhariyaat, 51:56)

Whatever they plant will be enough for them, but, oh never, as they are tired and exhausted. They earn their sustenance with difficulty, but if they were to make their intention to Allah with sincerity, they would have their providence coming to them with ease and in plenitude. They find no taste in their lives and they do not find satisfaction. Therefore, people are running after every kind of forbidden action, thinking they will find rest and satisfaction in it. That is inspiration from Shaytan. Never (will they find it on that way)!

Yaa Allah! We are always asking You to send us the Owner of this time, Sayyidina al-Mahdi (a). They have all the technology, but with his takbir, “Allahu Akbar. Allahu Akbar. Allahu Akbar,” everything will halt and their power will cease and finish. Allahu Akbar wa lillahi ‘l-hamd. Allahu Akbar wa lillahi ‘l-hamd. Allahu Akbar wa lillahi ‘l-hamd!

Grandshaykh (q) said, “At the time of Sayyidina Mahdi (a) and at the appearance of the Anti-Christ who will appear from east to west, the Muslims will gather in Sham. Millions will gather there at the time of Armageddon. It is the best place for them to be at that time.” At that time, someone will throw their hat in the sky and it will fall on someone else; to that extent will Damascus be crowded! One of the Sahaabah (r) asked Rasoolullah (s), “How will people live at that time? Prophet (s) replied, “If one man eats only a mouthful of food, he will feel as if he has eaten an entire sheep.” That is a karamah, miracle; it is Allah’s generosity. These are miraculous events with Sayyidina al-Mahdi (a). SubhaanAllah.

O Allah! Grant us the opportunity to stand under the flag of Mahdi (a) in this world and under the flag of Rasoolullah (s) in the Hereafter, inshaa-Allah, with the barakah of Prophet (s)!

Fatihah.

## May anyone who comes here in goodness, find goodness also

Audhu bi-llahi mina shaitani rajim- may Allah protect us from Shaitan and shaitanic dealings... Since the beginning of time always people have been occupied in two ways, shaitani or rahmani. Some people were following Allah's orders and did good things, others were following the whisperings of Shaitan and did shaitanic actions. There were always two classes of people. And Allah sayd: 'Choose, o My servant. You want Me or to follow Shaitan?' If you say: 'O my Lord, how could I leave You!', then He answers and says: 'Then I will not leave you, either.' But the other class of people ask their ego for advice and the ego says: 'No, you must only serve me.' Then Shaitan is writing their names in his book.

Allah says: 'Keep away from the shaitanic actions, that Shaitan is inviting you to do, because they attract Bela on you.' Someone was seeing in a dream how two pidgeons flew from his hands. He was worried that it may means a misfortune and he was saying to himself that he will give a Sadaqa, to prevent the misfortune. Then he thought about it and he said to himself: For

what Sadaqa? No need. He didn't give Sadaqa. After some time his two children died. Now he understood and he cried: If only I had given Sadaqa to prevent it! Because it is said that one Sadaqa prevents 7o kinds of misfortune.

Look every evening what you gave from your earnings for the sake of Allah. And there are three kinds of Sadaqa:
One is with money, with goods. You give something, and it is khair. Another kind of Sadaqa is with your body, and you can do this, if you have nothing to give. You may do goodness in this way and help others with your power. For example you may help an old person to cross the street. The third kind of Sadaqa is a smiling face. To smile to someone, is a Sadaqa.

Now there are so many people with closed faces- that is an attribute of people of hell. In the government offices you don't see smiling people anymore. They send people away, are not helpful, whereas to make something easy is a Sadaqa. People have become like Nimrod, they are hostile and make problems for each other. The people in the offices are there to serve us, it is their duty, not a Sadaqa for us. They are employees with a monthly salary, employed to serve people. And they make old people to stand in line from morning to evening for a pension of 5 kurusch... That is dhulm. Allah has honoured mankind, but they follow Shaitan. Allah says: 'The best deed is to bring happiness, surur, to the hearts of believers, to love them. But nobody who is coming out of an office, a police station, a hospital or a prison, is happy. What would a Prophet do without an Ummah? What would a government do without people? They have no right to oppress us. I am making Dua against them. Mankind has honour- we come from Adam and belong to the nation of Ibrahim and the Ummah of Muhammad sws. Who is trying to take away this honour will be punished by Allah.

But the faith of people has come down to zero. Evening time ask and judge

yourself: 'Whom did I help today? To whom was I giving benefit?' If you didn't find anyone in 24 hours, then animals are more useful than you. Every believer should check himself.

They are going for an check-up to Harley-Street in London, because they say our doctors are useless. Arabs and Turks are going there. They don't actually have a problem, but they say: 'I want to make sure, so I am going for a check-up to prevent illness'. And they have to pay so much money- 5oo pounds only for the appointment... Then they are told- a jewish trick-: 'There is nothing wrong with you now. Only sometimes your heart is jumping. So we better prescribe some medicine and you come for a regular check-up to make sure, that nothing goes wrong...' And in St.Ann's street there is a mental-house for another kind of check-up. But so far nobody has come to ask for a check-up of their spiritual condition. Nobody is asking me to check their spirituality, and it is through their spirituality that people are standing up. If not for spirituality, people would be like animals, or worse. Without the soul the body has no value.

May Allah keep us away from shaitanic deeds. Check before going somewhere, if it is pleasing to Allah, and if the gathering is for Allah's sake, if, what you do, is for Allah or for Shaitan... How you can know? 'Bismillahi-r-Rahmani-r-Rahim' is the measure for a believer. If you can say the Besmela before doing something, then it is rahmani. Who is going to a Bar cannot say: 'Bismillahi-r-Rahmani-r-Rahim' at the door and enter. Rather he will say: 'Audhu bi-llahi mina shaitani rajim' and return at the door. Can someone who is asking to smoke or drink or steal say: 'Bismillahi-r-Rahmani-r-Rahim'?! So the Besmela is the measure to check if someone is sincere or not. Look in the evening if your name is on the list of the true, sincere servants or the imitated ones, the hypocrites.

## May the Sultan Return to Afghanistan

When people die they will repent. They will be very unhappy on Judgement Day to find out that Allah rewards the ones who have been praying. But it will be too late. It will be impossible to come back and pray. The chance will only be given once. There will be no prayers in Paradise. People who enter Paradise will give endless glory to Allah and they will give endless thanks to Him. With every intention they will first praise Him and then thank Him.

Whoever gives thanks to the Creator 100 times a day and says, "al hamdulillahi Rabb-il alamin", will without doubt belong to the people of Paradise. Al hamdulillah opens the doors of Paradise and astagfirullah closes the doors of hell. If you want the doors of Paradise to be opened for you, then say "al hamdulillah". Whoever wants the doors of hell to be closed for him, should say "astagfirullah". It is easy, but people do not want to believe in anything. Satan ties them and tries to keep them for his service alone. That is why mankind is divided into two kinds of services: the service for Allah and the service for satan. The way of whoever serves Allah will without any doubt lead to Paradise, but who is on the way of giving service to satan, will go to hell. It is up to you to choose. Glory and mercy will be with those who are in Divine Service, they will be blessed. But those who are on satanic service will reach hell.

Everyone should give some time of their day to Divine Service. If we would do a 24 hour service it would not

be too much. Even if we do 1000 rakats a day and then another 1000 in the night, it would still be very little, because Allah has endless glory. So even if all creatures were glorifying Him at the same time, it would be like a needle in an endless ocean. It is only a result of people's ignorance when they say 5 times is enough. It used to be 50 times! Then Allah decreased it until it was only 5 times. But He told Muhammad s.a.s. that those 5 times would be counted as 50 times. Every prayer would be counted as 10.

Don't say it is too much what you are doing. It is too little. If everyone was given the power of all 124.000 prophets, and everyone has been given the potential power to have that, and you would be praying with that kind of power, it would still be like a drop in the ocean.

What are you proud of? We are so heedless, because we do not realise in what a helpless weak situation we are. People have stopped thinking. We are trying to remind people, but it is so difficult. If Allah doesn't make it easy, no-one can.

Do you think that if you have 10 factories you will eat 10 plates of food at night? In Damascus I once saw a man in the bazaar who was wearing 7 big coats at the same time. First I thought the he was a rich man trying to show off all his nice coats at once. Then I saw that he was selling them!

When we were driving back to London a car drove past us with extreme speed. Kenan told me that a car like that would cost at least £80.000.- and that it was probably built in Italy, Germany or Sweden. The topic fascinated the others in the car so much, that they were talking about it until we reached London, 3 hours later! So I had a chance of learning a lot about cars.

We pray that the Sultan may come back to Kabul in the next year, in 1417, so that the foolish fighting and killing will end in Afghanistan. It is an order for me to pray for that, because it is a fitna from the unbelievers what is happening there. They want Khoracan to be in ruins. Just like they did it in Lebanon. For 13 years they did everything to destroy it. In Afghanistan the same story is going on. The enemies of Islam are causing that trouble and making Muslims to be in so many groups and to fight against each other. May Allah forgive them and forgive us, because we cannot do anything against those people. They are such difficult people. To kill Muslims in such a way will put them in hell forever. They will not be able to come out. It is one of the biggest sins to kill innocent people, which they are doing. This is not Islam.

In the year 1417 many tyrants will be buried. Good-ones will appear. Whoever has bad intentions will be killed and defeated everywhere! I hope our brother Abul Wakir will invite me to Kabul and that this prayer will be accepted !

## May you all be Defenders of Truth

We are grateful to Allah that the King of England in the year 2000, Crown prince Charles, will be a Sultan of Islam. He is praising Islam everywhere, much more than our people do. He is on the right path, even though devils are trying to stop him. He knows that people will only get their rights back if they are ruled by Divine Laws. He is brave, because he is from the line of the Prophet s.a.s. . He is a Defender of Truth. May you all be Defenders of Truth.

## THE MEANING OF ISLAM is to SURRENDER TO ALLAH ALMIGHTY - ISLAM BALANCES THE INDIVIDUAL AND THE NATION

Destur, ya Sayyidi, ya Sultanu-l Anbiya, Meded, ya Rijalallah!
Audhu bi-llahi mina Shaitani rajim, Bismillahir Rahmanir Rahim.

Every moment and every act must be for the honour of our Lord Allah Almighty. This is a meeting and for whose sake are we meeting here? This is not a meeting for the sake of Dunya. Everywhere you find people meeting and many people are sitting in front of their computers (Shaitan box) and many people are also involved in buying and selling and half of Dunya is occupied with the money market and they say “I just gained one million and I just also lost it.”

We on the other hand are being made to address you on the truth. The true ones are dressed because of truth with heavenly honoured dressing and they are honoured and trustworthy ones. We are sitting here and the Lord of Heavens is making this to happen. In this place, people do not come to learn something or to hear something about their business nor do I think that anyone is coming here for the sake of earning money. People are coming here from long distances because their souls are thirsty and hungry and they are asking for something. This is like a person lost in a desert asking to find an oasis. If he finds an oasis he will be reaching to safety and he is therefore hoping to find this oasis. Sometimes when people are in the desert they see something far away like an oasis and they are thinking that there is a spring or water in what they see. This is a mirage and when they come to it they find that there is nothing and that they have been cheated.

Man has been granted honour from the Creator. He has been granted will-power. People today are missing something. They act as if they have lost something and are therefore running to find that lost treasure, lost diamond, lost ruby or lost emerald. Allah Almighty has granted this to everyone. Mankind is always asking to reach to something but still they do not understand what they are asking for. Shaitan then comes in front of them saying, “follow me, follow me I am guiding you to your lost treasure, I am that treasurer, so follow me so that I can take you to that valuable treasure which belongs to you and which now you have lost, therefore follow me, follow me.”

This heavenly treasure is a grant given by Allah Almighty to everyone and Shaitan is leading them on the wrong way and their target is being changed. This is because Shaitan is taking them in the wrong direction so that they will not find this treasure. Shaitan makes them think that this treasure is something belonging to material things and the whole world is today filled with materialism. Full house. Even if people live in huge palaces and everything around them is excellent and magnificent they do not even look at these things and when they are seated on the throne something is whispering within them , “that is not the lost treasure that you have to run after.”

Harun al Rashid was one of the most magnificent khaliph and Sultan of the Islamic world and the whole non Muslim world used to tremble before him. He was a magnificent one and a powerful one who was supported by heavenly support. However he had not really prepared himself to reach to that heavenly support. Once he was leaving his capital which was Baghdad in order to go on his pilgrimage to the Hijaaz. Baghdad was then the most important capital in the world. I am asking Allah Almighty to give a safety and good understanding and mercy and respect to those people. Baghdad is not going to be for eastern people or western people.

When the khaliph came out of the walls of the city of Baghdad he saw many children playing outside these walls. From among those who were playing he noticed one child who was unlike the rest. This person did not look like a child. The Sultan’s or the

khalph's Grandwazir was with him at that time. This person who is this Grandwazir is the person who is always with the Sultan and who makes him happy when he is sad and advices him.

There were many children who had come out of the walls of the city to say farewell to the Sultan who was going on the pilgrimage. They had come out to say, "Go safely and return safely and happily." So the Sultan asked the Grandwazir regarding the person that the Sultan pointed at , "Oh my Grandwazir! Who is that one?" The Grandwazir answered "Oh your Majesty that is your brother Bahlul." The Sultan then said, "bring him to me, but see that he comes with his own free will and not be forced to come to me. If he does not come, don't bring him by force."

Then the sergeant was sent to fetch him. The sergeant told Bahlul, "The Sultan is asking you to come to him because he likes to meet you. Therefore please accept the Sultan's order and come with me to meet the Sultan." Bahlul replied, "But I don't like to meet him." The sergeant then said, "He is the Sultan and if the Sultan orders something it must be obeyed." When Bahlul went near the Sultan's house he asked the Sultan, "for what are you calling me ya khaliphatul Muslimeen, ya Amir ul Moomeen." The Sultan answered, "I am going on a pilgrimage to the holiest place on earth, which is the House of the Lord. I would like your advice so that I will be able to be in a good position not to make my Lord angry with me but to be happy with me." Then Bahlul said, "Oh ya Harun, there are their graves and there are their palaces, nothing else." He was showing that there were the graves and the palaces of their fathers and grandfathers and great grandfathers. And he said, "you are also on their way. They were also saying, these palaces are for us and now they are in their graves and now they are lying there." The Khalipha the Sultan started crying at the story, which meant that he the Sultan will also be in his grave one day.

Sometimes I hear that cars are in need of being balanced. A mechanic is brought to bring about the balancing of this car. You cannot get an ordinary person to do this job because he will not be able to accomplish this. You need an expert or a specialist to

balance this car. If to balance a car you need a specialist then what about for mankind. Yes mankind too needs a specialist to balance his inner being. But today the 21st century people are saying, “We are not in need of being balanced.” The ones who correct the balance of mankind are from the Heavens and not from the earth. Prophets are the specialists who balance mankind. If you surrender to them they can then correct your balance.

People come and ask me, “can we follow the sufi way without following Islam or being a muslim.” Do they come to learn from me or to teach me? What is this that they are saying? I may ask the Pope or anyone else, “What is Islam? Do you know the meaning of the word Islam or not” Then there are many well dressed and richly dressed people with ornaments and gold crowns. I asked them too, “Do you know the meaning of Islam?” They too say, “We are not accepting Islam.” How is it that you can say that you are not accepting Islam when you don’t even know the meaning of the word Islam. What is it then that you are rejecting. Which thing in your opinion is Islam? I may say to you that Islam means to surrender to the Lord of the Heavens. If you are surrendering to your Lord then you are a Muslim also. No Christianity, no Judaism, no this and no that. No.

When Yakub (alai) was passing away from this world he called all his children together and asked them, “Oh my sons, what are you going to do after me? Please tell me what will you do.” They replied, “We will be following your way and the way of our grandfathers and our ancestors. We will follow their way and be Muslims. We will be surrendering to our Lord and His heavenly orders and commands. We will be Muslims and surrendered ones.” Although Yakub (alai) died this does not mean that he passed away. His pure soul was ready and he was reaching to the heavens.

People do not know anything about religion today. If they do not tell me the meaning of Islam then they are only following Shaitan and not following the Heavenly Commands that has reached to people through the prophets from the line of Seyyadina Ibrahim (alai). It is so sad that people do not understand what Islam is. They are saying to me,

“We are not Muslims. Can we follow only sufi ways without accepting Islam.” Ya Hu, Islam came through the prophets to correct the balance in people. This is the importance of Islam and the mission of Islam. Islam came because it is important to balance the nations. As a nation or as an individual the people of the 21st century do not understand this. They say that they are not in need of a Heavenly Balance.

What do you know. Do you think that you created yourself? Look around you and see the whole world has fallen into endless problems and oppression. It has fallen into countless miseries and is in endless trouble. They do not know how to save themselves from this. England, Russia, Japan, China, America, Arabia and Turkey, all of them do not even know how to save themselves.

I am very sorry to say that Muslim countries too are not surrendering to Allah Almighty and asking for balance and they say, “We do not need and do not ask for heavenly balance because we are now following the western countries and we are following democracy.” Even the Turks, the Arabs and the Pakistanis are now saying that they are the best Muslims and is this word ‘democracy’ even found in Islam. They are bringing various people from different levels of society and putting them together. They bring the shepherd from the mountains, the shopkeeper from the bazaar, the seller from the market, the soldier from the army and they bring together the business people and the professionals like the doctor and the advocate and make a very strange collection of people come together. The shepherd does not understand what the doctor says and the doctor does not understand what the engineer says and all of them are confused. This collection of people is like what is found in the zoo.

Once there was a new trend. At the beginning of the last century there was a country in which they collected all these different type of people and had an election. After the elections these people got together, and one could not understand the other. The Chairman was saying, “We are very respected people. We are bringing a new law. We are bringing this law and all you have to say is ‘yes’ or ‘no’ to it.” One person in this collection of people was sitting and sleeping. He was informed after being woken up

that a new law was to be passed and the Chairman was asking them to vote. They said that it is forbidden to say ‘no’ and everyone must vote for this law. At first this was the situation. If they did not vote and say, ‘yes’ they had to face the guillotine.

Thereafter there were different parties. Some of these parties are insisting that all the members in that party vote for what it wants. If someone refuses they are told that they should vote and no one has the right to refuse. They are told, “Don’t speak too much, say ‘yes’ and vote.” This is democracy.

People are now fed up with these Shaitanic ways and they are becoming disobedient to the governments. They say, “We do not accept this.” Now people are understanding this and not accepting what the government says and they are getting angry and making trouble. This is because there is no balance in the way the government is ruling. They refused the Heavenly Balance and are now using Shaitanic balance. Till they accept the Heavenly Balance humanity is going to make trouble and kill each other. Some are making missiles and some others are making another type of weapon in order to kill each other. Allah Almighty never orders to kill one another. Allah Almighty is asking a happy life for His servants. The Shaitanic teachings however are trying to do the opposite by trying to make troubles and kill each other and they are will be endless miseries because of this and they will not be able to save themselves.

Oh people! You must understand that we are in need of balance and the whole world has lost their balance now. They cannot bring about balance by anything other than the balance brought by the Heavenly Ones. The Heavenly Ones should come and correct the balance of these nations. This is important, if they do not look at what is going to come to them from above, they are all going to be finished and no one is going to remain. This is not something, which I have prepared. I am declaring this to all the nations through the east and the west that there should be one balance. Everyone must listen to this association that we are addressing to the whole of mankind. If they do not listen we have another kind of power by which they can be taken away and this is not what they are expecting. They will wonder how this is

happening. This is because the Heavenly Ones are so very powerful. I am nothing. Something is something. Sometimes I am something. Now I am nothing, I am zero. But when that Heavenly One is with me I have power and at that time I will not care even if the whole world is rushing against me. Now therefore we are giving you something from reality for your understanding. If they do not understand they should be taken away.

May Allah forgive me and bless you for the honour of the most honoured one through balance and who is correcting balances, the most honoured one Seyyadina Muhammad (sal).

## The meaning of the Shahada

The meaning of the Shahada is: ‚Ya Rabbi, Omy Lord, I left Shaitan and those, who are with him, behind, and I turned my face toward You'. Face means one's whole being with sincerity and without hypocrisy or shirk, attributing nothing to Him, the Creator of heavens and earth, Who was before anything He created. Everything in His mulk and malakut has its own creation, a purpose, a wisdom, a secret. If you plant a certain seed, only a certain tree will grow through its inherent secret. In the olive-seed there is the secret of the olive-tree. Look the 'Azamet of Allah! The smallest seed has its fitrat, special creation ( private constitution, natural disposition). By its secret the atoms join. And the electrons again have another secret.

Everything is created as an example and unique- Allah doesn't produce copies- that is not His attribute, but everything is always new, according to another fitrat. Who planted the wild trees on the mountains? Who put the animals there? Allah created nature in the beginning.

So we are saying: ‚I am turning my face toward the Creator of heavens and earth, Allah', and we say: ‚Subhanaka, Allahumma, wa bihamdika wa tabarak ismuka'... Who is saying Shahada, means to say that he doesn't turn his face toward anyone else but Allah.

Now on Juma, Friday, Allah is inviting the inhabitants of Paradise to 'Hasinat-ul-Quds', a station in His Power. This word can't be translated...After Arabic Farsi is the richest and most precious language that people in former times used to learn. Who could read and understand had to learn these two languages. They are like the two wings. People are on two levels: some are learned, others not. There is halk edebiyati and divan edebiyati- common literature and special literature. Dervish Yunus was someone to address common people. He was speaking about the water-wheel. And he was like that- taking and giving to people from the source, like a mother sometimes chews the food to make it edible for the child, which has no teeth yet. Like this it gets from the mother's secret also. (Nowadays mothers don't do this anymore and the children grow up and they are wild...) Yunus and other Saints were inspired by Haqq.

People don't know anymore the difference between head and feet. And not everyone will be a head. And if all were heads, there would be still differences, because some heads would be empty... Nobody is like another one. There is learned and not learned, teacher and pupil, knower and ignorant. You cannot mix everything. Milk has a cream and water, not everything is cream. Without milk no cream, but the cream swims on top. That is a lesson. The Prophet was sent to an ignorant nation. Nowadays knowledge is available and they think they are so learned people- but they don't understand the meaning of that knowledge. Who says the Shahada means to say that he turned his face toward Allah, and he doesn't turn his face toward anyone else again afterwards.

So every Juma there is a divine invitation for Allahs servants. The angels announce: ‚The One Who is the Malik-ul-Mulk, Allah dhul Jalal, is inviting His servants for a divine invitation to the Dar-ul-Salam'. If we wanted to speak about this event, we needed one week to describe the Saltanate and its beauties... And every invitation has another Tajalli and different kinds of beauty. Everyone is received according to his rank.

I was invited by several Sultans and at their tables on every chair there was a name. People are seated according to their rank, and it is like this in the divine invitation also. Then Allah provides food and clothes...Then Allah is showing His perfection to the believers, whose faces are shining like suns when they look to Him. For someones only a little bit of light is opened, because they would get burned. They only reached a certain level during their life on earth and they cannot carry more light. If they were given more it would burn their fuses... When Jamal and Jalal, the beauty and perfection of Allah, are opened to the servants, they cannot turn their faces away...

So the meaning of the Shahada is to turn one's face toward Allah and to make a distance to Shaitan- to cut the ties that bind one to him, so that he cannot approach anymore. That is the meaning of the Shahada.
To say 'Audhu bi-llahi mina shaitani rajim' reminds us of this, so that Shaitan is not getting hopeful of us again. When he tries to approach, saying 'Audhu...' seperates us from him. Who can say this over a period of 4o days, Shaitan lets go of him and he tells his followers not to approach you anymore, because there is no hope that they can influence you anymore. After that Shaitan comes every 4o days again to check if he may do something or not. And when you say: ‚Are you there again? Audhu bi-llahi mina shaitani rajim!', he escapes...Saying the Shahada means to recognize Allah's lordship and our servanthood- to recognize Him alone, to live for Him and work for

Him...One cannot feed ones ego and be Allah's servant at the same time... Let it rain, ya Allah, and make also soft the hearts of people... O Allah, prepare our hearts for the meeting with Mehdi a.s.. Send him and his soldiers- it is enough! May the Sultanate of Shaitan be destroyed and S.Mehdi come.

## The True Meaning of "Suhbah" and its Importance

Allahu Akbar, Allahu Akbar, laa ilaha illa-Llah. Allahu Akbar, Allahu Akbar wa lillahi ‘l-hamd. Madad, ya Rijaalullah. Thumma as–salaat was salaam `ala Sayyid al-Awwaleen wa ’l-Akhireen, shukur ya Rabb, shukr lil-Llahi, an ja`lanee min ummati Habeebihi (s)

Thumma as-salaat wa ’s-salaam `alaa saa’iri ’l-anbiyaa wa ’l-mursaleen, w’alhamdullilahi rabbi ’l-`alameen.

Praise and peace upon Prophet Muhammad (s), and upon all prophets and messengers. All praise is for Allah, the Lord of the Worlds.

Madad, ya rijaalAllah. Sayyidee wa mawlay, shaykhuna, shaykh ul-mashaykh Sultan al-Awliya `AbdAllah al-Faiz ad-Daghestani Hazretleri, Allah Jalla wa `ala ja`alanee an akoon fee suhbatihi nahwa arb`eena `aaman.

My master, our shaykh, the Shaykh of Shaykhs, Sultan al-Awliya `AbdAllah al-Fa’iz ad-Daghestani, His Holiness, Allah made me to be in his association for around 40 years, alhamdulillah, without stopping. He would always say whenever he wanted to begin suhbat, “Our tariqah is based on association and the good is in the gathering.” These words were carried down from the Arch-intercessor of created beings, Shah Bahauddin Naqshband (q), and he took that precious jewel from the Presence of the Prophet (s) when the

Prophet said, “Religion is advice.”

This is the manner which all our noble predecessors of the imams of the Naqshbandiyya kept, and in the same manner all other tariqahs since the beginning up to now. Man is in need of training/discipline. Without discipline he has no value and no weight, neither in this life or the next. But when Allah made them leaders of calling to Truth, all of them were making association with Allah’s servants.

Now nasiha, advice, indicates officiality, but association makes the servants become companions to the Prophet (s). An advice is official, but suhbat, association, advises the servant, particularly when he may feel very distant from him (s). Therefore, the Prophet (s) gave advice to the common people and gave suhbat in his gatherings, which were not “official.”

O Shaykh Hisham Effendi! Familiarity between persons will make each companion feel integrated, whereas in the official type of talk he cannot get close. Therefore suhbat makes the servant of Allah feel close to the one giving advice. That is the meaning of suhbat.

All of the noble Sahaba were often in association with the Prophet (s) until they felt that familiarity with him. The Prophet (s) said, “Religion is nasiha, advice” and because the awliyaaullah are inheritors of the Prophet (s), they choose familiarity and closeness, so that when they held an association the servants would feel that familiarity and become joyous. How many people came to the presence of the Prophet (a), and he ordered them based on the characteristics in which they were dressed. It is the character of prophets to deliver their message, but those who were able to become familiar with the spirituality of the Prophet (s) were those who sat with him, and however many did not reach that level took from the official instructions and advice.

Our Naqshbandi masters, and specifically Sayyidina Shah Naqshband (q) used to say, “Our way is association. Keep familiarity.” So as “religion is advice,” all the awliyaaullah that composed our tariqah also spoke from that ocean, advising, that our tariqah is suhbat. Suhbat brings familiarity between two persons, then the inheritors of Prophet (s) used that familiarity to be servants with the Muhammadan inheritor. So if “the way is association,” there is no officiality there. In Islam officiality is a danger, both in the proximity to kings or in familiarity with the Prophet (s), as he said, “Whoever imitates a people is one of them.”

We are not deserving nor able, but we are imitating. Men are inspired (during suhbat); in their gathering it

will be light, not heavy; whereas officiality is heavy, association is light. In official gatherings, the Prophet (s) used official words, but in the time when they sat together for making closeness of hearts, there used to descend, on the basis of the levels of the hearts of those present and the listeners, something mulasfah, which they would study there and which would make their hearts closer to each other. And the intent is to make the hearts of al-insaan (Mankind) and insaan al-quloob, men (people) of hearts, inside the heart of the Prophet (s)!

SultaanAllah! Subhaanallah! And we say, a`oodhu billahi min ash-Shaytani ‘r-rajeem, with the intent that Allah makes us far from the association of Shaytan. I seek refuge in Allah: don’t come near, neither Shaytan nor those representing Shaytan! Allah said, “And don’t approach that forbidden tree,” and Shaytan was outside. In the case of our father, Sayyidina Adam (a), and our mother, Sayyidatuna Hawa, that was a divine matter, where Allah (swt) said:

••••• ••••••••• ••••••• •••••••••••

wa laa taqrabaa hadhihi ’sh-shajarata. Do not (you two) approach this tree. (Surat al-Baqara, 2:35)

So every affair that Allah made to His servant from that tree was due to coming close and yantarid, “Do not approach this tree,” and there is no power and no might except with Allah the Almighty. “Do not approach this tree!”

Suhbat makes the servant awake and aware all the time, and in it is an indication of, “Do not approach the tree of your ego.” In the reality of every human being there is spirituality and ego is striving hard to overcome the servant, and to make the servant approach that tree which is forbidden, and to make the servant break his oath and commitment.

•••• •••••• •••• •••• ••• •••••

A`ad `adoo laka nafasak allatee bayna jambayk. “The most dangerous enemy is your ego that is between your two sides.” (al-Bayhaqi)

That means, don’t look here or there outside yourself, but your enemy is your own self.

SubhaanAllahi l-`Aliyyi ’l-`Azheem. Qul, Bismillahi ‘r-Rahmani ‘r-Raheem! The Prophet (s) said, “Halaal is

manifest and haraam is manifest." Is there any doubt there? Halaal is clear and haraam is clear: there is no doubt. Those people all the time accuse people of shirk. Didn't they hear the Prophet (s) say that halaal is clear and haraam is clear? Didn't the Prophet (s) clarify things? He is the one who brought Shari`atullah, the firm law, from Allah (swt). (Mawlana says when you are in the presence of Prophet in his maqaam, you feel Allah's Presence and you praise the owner of that maqaam.) How do they accuse people of committing shirk when they do that, when Prophet said, "Halaal is clear."

Let's clarify the meaning of shirk. This is an introduction of that topic and inspiration we are receiving we will speak in order to clarify this for the ummah. Those who are ignorant or against the kernel of realities are blind in both worlds, and there is no importance or value for their words! Those who work against Allah's law, Allah's anger descends on them. When you look at their faces you see darkness and ugliness; they make people run away from them and there is no familiarity on their faces. The Prophet (s) said, "Ask for favors from those with beautiful faces." Ugly faces you should stay away from. Forgiveness, O my Lord!

Fatihah.

Mawlana Shaykh Hisham: Mashaa-Allah, what a great tafseer for the meaning of "suhbah." Amazing!

Mawlana Shaykh Nazim: This is your barakah, Shaykh Hisham. It's coming from you.

Mawlana Shaykh Hisham: Your face is beautiful and familiar; your name should be "Anees" (kind, beautiful) because you make everyone happy. You should open a dargah there. Mashaa-Allah, beautiful suhbah. This should be an introduction in every book you arrange as no one understands that suhbah is familiarity with the shaykh and tariqah is to be serious and to struggle on the path.

## Meded: Asking Support from Grandsheikh

Our Grandsheikh is Sheikh Abdullah Al-Faiz Ad-Daghistani, may Allah Almighty sanctify his blessed soul and draw him ever closer to His Divine Presence. May He Almighty cause us to benefit from Grandsheikh's blessings and teachings, and from his spiritual care for us even from the grave. We derive our spiritual power from his heart center. If he cuts us off we are stranded. Every breath that our Grandsheikh turns toward us from his spiritual breaths is like a warm spring breeze which blows on the bare branches of trees, causing buds and blossoms to burst forth.

Like the spring breeze that carries the revival of life within it, so do the breaths of Allah’s saints give life to their followers, to their spiritual sons and daughters.

That relationship is stronger than the relationship to our parents, as there is only a short period of time in which they are all and everything to their small children, and, ultimately it is very difficult for them to influence their children to follow the way of life that they would choose for them. But a real Grandsheikh always keeps a watchful eye on his followers, whether that Grandsheikh be living in this world, or has already has passed on to the existence beyond. He never abandons them.

Yes, we are always seeking our Grandsheikh’s support, support that will help us act according to our Lord’s

commands, and support to help us stand firmly in the face of our enemies; the lower self, Satan, vain desires and worldliness. Without such a strong support a person will be vanquished.

Therefore we seek our Grandsheikh's support by saying; "Meded ya Sayyidi," – "Support, oh my Master". You must call upon your Grandsheikh in such a manner when you are in need of support, then that support may reach you.

The more you feel yourself to be weak and in need of support, the more support he will extend to you. But the more you depend on your own knowledge and your mind's powers, the less support you will receive as Grandsheikh will say; "He is self sufficient, so why lend him support. Leave him in the hands of his ego."

When the Holy Prophet asked his Lord, "Oh my Lord, don't leave me in the hands of my ego even for a moment," he was seeking refuge from two undesirable possibilities; 1) to be left in the hands of his ego's base desires, and 2) to be left alone to guide himself only by his mind and knowledge. In both these ways the ego attempts to separate us from true guidance, and in admitting our weakness and seeking support in the face of the ego's trickery we gain that help.

Therefore you must look for the support of the Saints in a universe in which you are totally weak. Once you have established a good connection with such a person you will always be in contact with him; a "wire" will carry current to your heart from his power source. That aid will make itself felt most in times of need. Now it is daytime and you don't seek a torch, no need; but at night such a small light will prevent you from falling into a pit.

## Medicines

Rabbi l 'Alamin, Rabbi l 'Arshi l 'Azim. And also secondly I am praying...praising Habib Allah (swt). Most Beloved one in Divinely Presence. Sayyidina Muhammad (saws). That it is wajib aleina, it is obligatory to give first our most high greetings to Rabbina (jwa). We are weak servants for the Lord of Heavens. Also weak servants of His most... most proud Prophet Sayyidina Muhammad (saws). Al Hamdulillah. Now... we are believing that there is or there are so many reasons through the life of men till reaching to Last Day. Or to their temporary place, through cemetery. Beginning our life through this dunya, and ending in cemetery yard. And you know that, Insan/human being through his life so many.. so many reasons.. making him sometimes to be healthy, sometimes taking something. And Allah Almighty through His Most Beloved servant, but he is the king of whole creations.

And we are saying Bismillahi r-Rahmani r-Rahim. The Seal of Prophets (swas) most beloved one in Divinely Presence, was saying "my nation's life between 60-70 years. Then coming slowly, slowly reaching to cemetery yard. Al Hamdulillah Doctor. Allah Almighty creating so many medicines, if anything going to touch His servants, they may use it. As long as their lives continues they may take a profit. After that, there is a limit no more. Al Hamdulillah we are thanking the Lord of Heavens Mulk wa Malakut. Thanking Allah Almighty that as He (swt) Likes giving His 'Ata! 'AtauLlah..'Ata! (grants) Grants as He (swt) Likes. But must reach an end. And we are not going We are not going... to reach the last point of mankind's life. Maybe through this 100 years may taken away to cemetery yard. Al Hamdulillah wa sh-Shukr Lillah.

I am a weak servant & they granted to me a good life. Maybe... A safe life, Allah Shukr. Thanking to Lord. Up to today I used my, our Prophet's (saws) peace be upon him, praisings I reached a life people say that I reached the top of high life. Long life. And now day by day we

are looking when our Lord's death angel, coming to take our souls. But through that time everything may come to people from health, wealth or poverty. We are trying to take away what giving ourselves trouble. Al Hamdulillah today bi Fadl-Lillah, Allah Almighty's grant, grants I reached up to today. And I am thanking to our Lord & praising Rasulullah (saws). Up to today I am happy that our Lord's grant through His most beloved servant Sayyidina Muhammad (saws) reached. Now, so many doctors coming to me when I was weak in His Will, up to today.
Al Hamdulillah we have been "Wa 'Ataynahu Min Kulli Shay'in Sababan"(18:84) Allah Almighty making some reasons and giving to someones for curing His servants up to last moment of their lives. Al Hamdulillah, I am today through your advising & medicines Bi Amri-Llah. Allah Almighty's Lutf/kindness I am restful. Now I am not complaining from anything Al Hamdulillah. And I am not asking some medicine to change my life as I was a young man, no! Now I am happy with myself. Happy to my Lord that granted to me; happy to His most beloved one Sayyidina Muhammad (saws) and his one of his most beloved sahaba, Umm Hiram Bint Milhan. I am under Umm Hiram's care. Al Hamdulillah.
From one year ago I was so weak, now Allah Shukr as you... After this I am not asking anything as only something to make my body much more stronger...what I am doing? I am going to make olympics running! No! Al Hamdulillah I am eating, I am speaking, looking, I am not using this hearing, sometimes I am hearing, I say I am not hearing. How you are not keep here. Sometimes mosquitos zzzzzzzz I am hearing, sometimes guns fire, I am not hearing.
I am thanking he is.. like son but grandson. Dr. he did his best also for me. From long distance he is coming and visiting. Abdun...a poor derwish, servant of the Lord of Heavens, weak servant of Ummat Al Habib. Now I am not asking something making me much more..to to walk or to run. It is enough I am looking, Al Hamdulillah. I am not complaining for anything and he is chief doctor also. That he may look like this, we understand. Allah (swt) gives him much more for the honour of His Prophet, Sayyidina Rasulullah (saws). Perhaps you show it to Doctor what I am taking everyday. Everyday I am taking and swearing on them. Doctor you are no joke. He is serious person like me never smiling! Not like you. Allah Shukr. It is. I am not asking new medicine. I am asking health from Heavens! For the honour of the Seal of Prophets & for the honour of his beloved Sittina Hala Sultan. I am Al Hamdulillah I am sleeping, I am eating, only I am swearing those people that they are not cooking as I like. Particularly don't eat salt. Without

salt fish not be living through oceans. Never!
Al Hamdulillah I am happy my Doctors visiting for me, I am asking only dua for him from him to me. I am not asking a new medicine. I am not complaining for anything. New medicine I am not asking. New treatment I am not asking, I am asking if saying you are healthy according to your situation is Allah Almighty's grant to you. I am saying Al Hamdulillah. Good Sir. Allah Allah, Shukran Lillah. Shukran Lillah Ya Rabbi! Allah (swt) gives doctor long life and healthy life & honour life here & Hereafter. Enough our visit. Therefore do not worry for me most simple tablet enough for me. Allah Shukur Ya Rabbi. Shukur Ya Rabbi. Shukur Ya Rabbi, shukur Al Hamdulillah.
Dr: Original orange.
M: Everything on it going to come a new kind.
Dr. Lemon, orange...
M: We are doing marmalade from this. Inside we are eating or drinking or putting foods, but this we are making it jam. Look!
Dr: First time I am seeing this.
M: No one knows this.
Dr: This is first time.
M: I shall give you one box when you are going. That is narang, bitter orange. That is the mother. Look on this, making... Lemon & the one after is mandarine, and then after orange. Five or seven kinds of this. Allah Shukur, now the potatoes arrived.

**Medizin**

---

Rabbi l 'Alamin, Rabbi l 'Arshi l 'Azim. Und als zweites bete ich... preise ich... Habib Allah (swt). Der Meistgeliebte in der Göttlichen Gegenwart. Sayyidina Muhammad (saws). Es ist wajib aleina, es ist verpflichtend unsere allerhöchsten Grüße an Rabbina (jwa) auszurichten. Wir sind schwache Diener für den Herrn der Himmel. Und auch schwache Diener Seines meist... stolzesten Propheten Sayyidina Muhammad (saws). Al Hamdulillah. Nun... wir glauben dass es so viele Gründe oder so viel Grund gibt während des Lebens der Menschen bis sie den Letzten Tag erreichen. Oder zu ihrem zeitlich begrenzten Platz, bis zum

Friedhof. Wir beginnen unser Leben in dieser Dunya, und enden im Friedhof. Und ihr wisst dass der Mensch/ Insan während seins Lebens so viele Gründe hat... die ihn manchmal gesund werden lassen, manchmal etwas wegnehmen. Und Allah der Allmächtige durch Seinen Meistgeliebten Diener, aber er ist der König der gesamten Schöpfung. Und wir sagen Bismillahi r-Rahmani r-Rahim. Das Siegel der Propheten (saws), der meistgeliebte in der Göttlichen Gegenwart, sagte, "Das Leben meines Volkes ist zwischen 60 und 70 Jahren, dann nähert sich langsam, langsam der Friedhof." Alhamdulillah Doktor. Allah der Allmächtige erschuf so viele Arzneien, wenn irgendetwas Seine Diener berührt können sie es benutzen. So lange ihre Leben dauern können sie davon profitieren. Danach gibt es eine Grenze, es geht nicht weiter. Alhamdulillah, wir danken dem Herrn der Himmel. Mulk wa Malakut. Wir danken Allah dem Allmächtigen dass Er (swt) es mag, Seine "Ata! 'AtauLlah...'Ata! (Gaben) Gaben gibt, wie es Ihm (swt) gefällt. Aber das Ende muss erreicht werden. Und wir werden nicht... Wir werden nicht... den letzten Punkt des Lebens der Menschheit erreichen. Vielleicht in diesen 100 Jahren werden wir zum Friedhof zurückgebracht werden. Al Hamdulillah wa sh-Shukr Lillah. Ich bin ein schwacher Diener und sie gewährten mir ein gutes Leben. Vielleicht... ein sicheres Leben, Allah Shukur. Dank dem Herrn. Bis heute verwendete ich die Preisungen unseres Propheten (saws) Friede sei auf ihm. Ich erreichte ein Leben, die Leute sagen, dass ich die Spitze eines hohen Lebens erreicht habe. Ein langes Leben. Und nun schauen wir Tag für Tag wann der Todesengel unseres Herrn kommt um unsere Seele zu nehmen. Aber während dieser Zeit kann alles auf die Leute kommen von Gesundheit, Reichtum bis Armut. Wir versuchen, das zu entfernen, was uns Schwierigkeiten macht. Al Hamdulillah heute bi Fald-Lillah, die Gaben Allahs des Allmächtigen, die Gaben die bei mir bis heute andauern. Und ich danke unserem Herrn und preise Rasulullah (saws). Bis heute bin ich dafür dankbar, dass die Gabe unseres Herrn durch Seinen meistgeliebten Diener Sayyidina Muhammad (saws) mich erreichte. Nun kamen so viele Ärzte zu mir als ich schwach war, in Seinem Willen, bis heute. Al Hamdulillah, wir waren "Wa 'Ataynahu Min Kulli Shay'in Sababan"(18:84) Allah der Allmächtige macht ein paar Gründe und gibt manchen, um Seine Diener bis zum letzten Moment ihres Lebens zu heilen. Al Hamdulillah, ich bin heute hier dank eurer Ratschläge und Medizin Bi Amri-Llah. Allah des Allmächtigen Lutf/Güte bin ich ausgeruht. Nun beschwere ich mich über nichts, Al Hamdulillah. Und ich bitte nicht um eine Medizin, die mein Leben ändert, so wie als ich ein junger Mann war, nein! Nun bin ich glücklich mit mir. Glücklich zu meinem Herrn, der mir gab; glücklich zu Seinem meistgeliebten Sayyidina Muhammad (saws) und der seines meistgeliebten Sahaba, Umm Hiram Bint Milhan. Ich bin unter Umm Hirams Obhut. Al Hamdulillah. Vor einem Jahr war ich so schwach, nun Allah Shukr wie ihr... Danach bitte ich um nichts anderes als etwas, um meinen Körper viel stärker werden zu

lassen... was tue ich? Ich werde bei den Olympischen Spielen rennen! Nein! Al Hamdulillah ich esse, ich spreche, schaue, ich benutze nicht dieses zum Hören, manchmal höre ich, ich sage ich kann nicht hören. Wieso hast du nichts hier. Manchmal höre ich Moskitos, zzzzzzzz ich höre sie, manchmal Gewehrfeuer, ich höre es nicht. Ich denke er ist wie... ein Sohn aber er ist mein Enkel. Der Dr. hat auch sein Bestes für mich getan. Von so weit her kommt er her und besucht. Abdun... ein armer Derwisch, Diener des Herrn der Himmel, schwacher Diener von Ummat al Habib. Nun bitte ich nicht um etwas, dass mich viel mehr können lassen wird... zu gehen oder zu laufen Es ist genug, dass ich schaue, Al Hamdulillah. Ich kann mich über nichts beschweren, und er ist auch der Chefarzt. Dass er so schauen mag verstehen wir. Allah (swt) gebe ihm noch viel mehr, zu Ehren Seines Propheten, Sayyidina Rasulullah (saws). Vielleicht zeigt ihr dem Doktor, was ich jeden Tag nehme. Jeden Tag nehme ich und fluche auf sie. Doktor, du bist kein Witz. Er ist eine ernste Person, wie ich, lächelt nie! Nicht wie du. Allah Shukr. So ist es. Ich bitte nicht um neue Medizin. Ich bitte um Gesundheit von den Himmeln! Zu Ehren des Siegel der Propheten und zu Ehren seiner geliebten Sittina Hala Sultan. Ich, Al Hamdulillah, ich schlafe, ich esse, ich beschimpfe die Leute nur, dass sie nicht kochen wie ich es mag. Vor allen Dingen kein Salz essen. Ohne Salz lebt der Fisch nicht im Ozean. Niemals! Al Hamdulillah ich bin glücklich, mein Arzt besucht mich, ich bitte nur um Dua für ihn von ihm für mich. Ich bitte nicht um neue Medizin. Ich beschwere mich über nichts. Ich bitte nicht um neue Medizin. Ich bitte nicht um neue Behandlung, ich bitte, wenn sie sagen du bist gesund deiner Situation entsprechend, das ist die Gabe Allahs des Allmächtigen an dich. Ich sage Al Hamdulillah. Gut Herr. Allah Allah, Shukran Lillah. Shukran Lillah Ya Rabbi! Allah (swt) gibt dem Doktor ein langes Leben, und ein gesundes Leben und ehrenvolles Leben hier und im Jenseits. Unser Besuch ist genug. Deswegen macht euch keine Sorgen um mich, die einfachste Tablette genügt mir. Allah Shukur Ya Rabbi. Shukur Ya Rabbi. Shukur Ya Rabbi, shukur Al Hamdulillah. Dr: Eine echte Orange. M: Alles darauf wird zu einer neuen Art. Dr: Zitrone, Orange... M: Wir machen Orangenmarmelade daraus. Das Innere essen oder trinken wir oder tun es ins Essen, aber daraus machen wir Marmelade. Schau! Dr: Das erste Mal dass ich das sehe. M: Niemand weiß das. Dr: Das ist das erste Mal. M: Ich sollte dir eine Kiste mitgeben wenn du gehst. Das ist narang, Bitterorange. Das ist die Mutter. Schau es an, es macht... Zitrone und danach kommt Mandarine, und dann Orange. Fünf oder sieben Arten davon. Allah Shukur, Fatiha.

## Meditation

Most masters today present the method of meditation to you. But usually they do not base on Christianity, or Judaism or Islam, so many people think that it is a method which originated within other religions. But that is not the case. Meditation was a method which was already given to the first man, within the first message, to the first Messenger. What purpose does meditation serve, and how can we reach such a state?

It is mentioned in all our Holy Books: the Thora, the Gospels and in the Holy Quran, as a method to reach Divine Presence. When we come face to face with our Creator, we leave everything else behind. Nothing remains except your soul. If I would come and try to hit you with a sword, you would not be harmed. Nothing can touch you physically in such a state, because your physical body will have entered your spiritual being. Normally it is the opposite: our souls are imprisoned in the physical body. In a perfect state of meditation, your souls cover your physical body and you become a spirit.

There was once a Grandsheik, Sheik Abdul Qadir al Jilani. While he was meditating he kept saying, "I am the truth!" People around him were offended by this and started attacking him with swords, but nothing happened to him. They could not touch him. When Maulana Rumi was in real meditation, he would be whirling and lift off the ground. He had full connection with the Divine Presence. According to our traditional knowledge, rneditation has so many steps before reaching the top point. If you keep those rules, real

meditation can come to you any time.

Everyone must try within the rules which exist in their religion, to praise the Lord first, in the way the prophets taught us. We can then sit in a silent place, preferably in the dark, cover ourselves and withdraw from everything around us. We should not hear or feel anything, only think that we are one within the existence of the Lord Almighty Allah in the Divine Presence. Even if it only lasts for 5 minutes, it will give us power. This will then increase and make peace-falcons out of peace-doves. If a terrorist even looks at you, he will fall down. With meditation you can attain ultra-power. Don't think that meditation is something easy. It is the most important power which has been given to mankind.

**Meetings for the sake of Allah**

Allah's Hand is over a Jamaat; if they are meeting for worship, there will be Divine Assistance for those people. If they are going to do something according to our Lord's order, they will be under the guard of Allah. If they are going to do something according to the advice of the Prophet, they will be under the guard of the Prophet sws.

Whenever any group of our brothers or sisters meet for the sake of Allah, joining their hearts to the hearts of the Masters of this Way, that meeting will attain the level of an association with the Sheikh. In such a meeting, such a power descends on the hearts of the attenders that even the deepest roots of hidden idolatry, of ego-worship, can be pulled out. Such an assembly is more beneficial than years of superogatory worship.

Don't think that the only beneficial meeting is the one where the Sheikh is physically in attendance. When our brothers or sisters meet, one of them must be the channel for inspiration to come from the Sheikh: one must speak and the others listen; one must take from the Sheikh and the others take through him from the Sheikh. In this way all the meetings of our brothers and sisters are blessed. If more than one person speaks, or if there are arguments and contention, then there will be no spiritual power in that meeting, and hearts will be left cold.

**Historic meeting of Mawlana Shaykh Nazim & Shaykh Tahir al-Qadri in Cyprus**

(Mawlana Shaykh receives a most honored guest and dear friend, Shaykh al-Islam Tahir al-Qadiri of Pakistan. they are speaking in Arabic for some time, then Mawlana Shaykh gives suhbah in English.)

Shaykh Tahir al-Qadiri from Pakistan. Masha-Allah. Three days for right of guest. Ha. After three days, free to go or to stay, but three days. Sayyidina shaykh jai ziayaran min masafa ba`eeda lahu nur wa khidma lil ummah. Now, law khalaftu sayyidina ash-shaykh kaan nahnu nartah (if our master the Shaykh will take our place, we will relax) for one hour, yawmiyyan (daily)? Welcome to you! bi-himmatihi I like to be that meeting mubarak, blessed meeting.

(Mawlana Shaykh stands)
Bismillahi 'r-Rahmaani 'r-Raheem. Allahu akbar, Allahu akbar, Allahu akbar, la ilaha ill-Allah. Allahu akbar wa lillah al-hamd. Anta rabbun anta khaliquna, ya rabban ighfirlana ma mada bi barakat hadha shahur al-rahma. alfus-salaat alfus-saalm ala sayidna Rasulullah. ashfa` lana, bi sharafa for your honor, just created everything that should be created from pre-Eternal up to Eternal, everything just created for his (s) honor, raghman an al-wahaiyyeen, khazahumullah.

If Sayyidina Muhammad wasn't created nothing was in Creation, no. Therefore, tadheeman, I am standing up for saluting, for giving our last point of our respects and glory and majesty to Our Lord, Allah Almighty, as well as we are standing up for His most beloved servant, most glorious, most majestic one, that everything was created (for him). For his (s) honor I am standing up. O listeners! Hear and listen and do what the Lord of Heavens ordering to you, to everyone in Creation. Bismillahi 'r-Rahmaani 'r-Raheem. For the baraka of Ustaz Shaykh Muhammad Tahir, our most well-known `alim in Islamic world, Shaykh Muhammad Tahir (is)

giving honor to our meeting!

I am ashaming to speak in front of such a learned one, well-known one, and beloved one through awliyas also. But his tawadu` (modesty) tawadu` humbleness, he is not going to speak and saying to me, "speak and we may hear." And I am not a person claiming I know something, astaghfirullah, but we are living in a time (when) our masters (are) saying zamaan qaht ar-rijaal, as the Seal of Prophet (s) sa yaatee zamaanu la ybqa min ad-deen illa ismuh wa la min ?? illa rasmuh. So what can we do? We can't leave Ummati Muhammad, the nation of Muhammad; we must speak as much as we can do as a guest coming, and host, he may put if he is a rich one, may put a lamb for his guests; if not, may put ma taqadar, what is there.

And we are saying `audhu billahi min ash-shaytani 'r-rajeem. We must say, because Shaytan is a terrible and dangerous enemy for Mankind. You can't find through all Creation (a greater enemy) as its enmity and hasad (envy) he is the top of envy. The most envious one through Creation is Shaytan! Therefore we must say `audhu billahi min ash-shaytani 'r-rajeem. No one can be able to fight Shaytan by himself or by herself, no. Only they may ask from their Lord to protect him or her from Satan and to not fall down into Satan's tricks and traps.

Madad ya Sultan al-Awliya. You must ask a help from those people whom they are masters. "Masters" means (those who are) trying to follow the steps of the Seal of the Prophet Sallallahu Alayhi Wasallam. And we are saying, we have been ordered also, to say Bismillahi 'r-Rahmaani 'r-Raheem because that is a sword that we can use it against Satan and its follower and its soldiers. Therefore, we are beginning and saying, `audhu billahi min ash-shaytani 'r-rajeem, O Our Lord! Please put your weak servants under Your Divinely Shelter so that he can be in safety on that dangerous enemy, astaghfirullah. And holy order to say Bismillahi 'r-Rahmaani 'r-Raheem, (is telling us) "O My servants! If you like to be sheltered, if you like a defense against your most terrible enemy, use My sword that I granted to you, to ummati Muhammad (s): say Bismillahi 'r-Rahmaani 'r-Raheem!"
We are saying and ask istimdad, heavenly suport from heavenly mastes, that means they are closer ones from Seal of Prophets (s). you must ask from them heavenly help and support. Therefore, say it, don't fear that some wrong people may blame you and saying you are making shirk. No! We are not making shirk, but we are following the ways of Sahaba, that they were always asking heavenly help from the Seal of Prophets (s) istimdad, talab al-madad, to ask heavenly help. Heavenly help you are not finding everywhere. If a person has

a car and when benzine, petrol finishing, I don't think he is going to grocery shop and asking, "Fill my car." What is that? Putting in it olive oil or other oil what he may put. Do you think with olive oil a car is running? Can't be. It must be some idiot one to go and to ask from grocery shop, "Fill my car with something that I may continue on my way." No. It is written "Petrol Station"; you must go there.

Therefore, don't think if anyone making sulook --Ustaz Professor knowing that sulook is the way that taking people to the Holy Presence of the Seal of Prophets (s)-- if you are not going to his station, you can't be able to move to continue your way to reach to the Lord of Heavens. Therefore, people must know what they may be in need for, moving from the stage or from the level of their egos to move up. They are in need of someone's station to fill them with something that you may go up, or you are going to be like snakes, running. Snakes I am saying snakes because other animals have legs, running away. But that one, snake, dragon, snake has no feet, and you may be less than snake if you are not asking the way to heavens!

O people! You are invited or you have been called from heavenly level; you have been invited. O people! You have a heavenly invitation.

Eh! Everyone they like to have an invitation. It should be a big feast, or ghada they are saying, or Her Majesty the Queen's ihtifal, some celebration, everyone yatamana more than wishing, their hearts running to have an invitation from Her Majesty the Queen. Anxiously desiring. That is their desire to go there. But people now, subhanallah al-aliyy il-adheem, they are so ignorant, so foolish, so idiot ones! Because the Lord of Heavens sending heavenly invitation to His servants and saying, astaidh billah wallahu yad`u ila dar as-salaam sadaqallah, and it is free, saying, "Come to Me. Say, O my Prophet, call My servants to prepare to arrange themselves ornaments, making their as they are going to Queen's invitation, dressing excellent ones, written on invitation card the type of clothes you must dress in that you must come."

For everything there is, what you are saying, (formal dressing) protocol, tashreefan. Protocol is for other nations, but Arabic enough and more than enough for giving every meaning divine and earthly meanings, enough (is) Arabic for whole nations; no need for Arabic language to use another words, therefore, I am saying tashreefa, it is from Prophet (s) to the servants of the Lord of Heavens. OK? Yes. There is invitation, it is free for all Mankind! wallahu yadu` ila dar as-salaam. bidh-dhaat, He Almighty, through His glory and majesty saying, "O My servants, come! I am inviting you to be in My Divinely Presence, (giving) My divinely

invitation to you. Tuh (spit) On those people who are not giving that honor for that invitation, and then they are running away!!

Subhanallah, Ya Rabbee, O our Lord, please forgive us! We are so sooooo ignorant ones, leaving, not taking, not accepting, not preparing ourselves for that Divinely Invitation, wallahu yadu` ila dar as-salaam. How we are running after this dirty life and its dirty ladhaat, pleasure?

Running after that and leaving Divinely Invitation? We have been invited! O people! O our Lord's servants! Look; use your mentality to make a measuring (take account); to where you are running? For what you are wasting your life, for nothing! And you are leaving that divinely invitation and you are not going to prepare yourself! And the way of reaching, the way of preparation for anyone who (is) asking to reach divinely feast (is by) beginning to be a follower from heavenly ones. They are masters. Heavenly ones (who) are living among people, you must look after them to teach you. (Allah Almighty is) saying, "Come to Me! I am preparing you; I am training you!"

That is sulook. People are running away from sulook. We are not created for dunya. They are not understanding this. Whole people they think they have been created for dunya. Dunya is only one spark of match. (Shaykh Tahir al-Qadiri says, "We were created in dunya, not for dunya.") And people running after dunya, not asking more than that, and after while saying, "This passed away and that passed away, and left underground; going to be dust." Their souls (are) untrained for the Last Day. That is important, for Man to ask, who is master? You must ask (from a) master. First masterhood for prophets, then their inheritors, masters. You must try to find them. One is enough. Who inheriting from the Seal of the Prophets (s) is enough, as the Seal of Prophets enough for whole Creation! It is enough for us to find an inheritor from the Seal of Prophets (s), to follow him and to reach your real position and level, here and Hereafter.

It is written, and Shaykh Tahiri he knows, but I am addressing to common people. The son of Sayyidina `Umar radi-Allahu `anhum was once with caravans going from Madinatul-Munawwara to Hajj in Mecca al-Mukarrama. And he was with people, qawafil, caravans and he was going and he reached to a place, the way was going one way, so many people all caravans going on that way. Only there was a munhani, curve way behind that, and they saw that the son of Sayyidina `Umar, Allah blessing them, he was taking that curving and going there and reaching to caravan (through a different route).

And people coming and saying, "O Sahib Rasulullah (s), O son of Sayyidina `Umar, why you did this? The way was going straight from here; why you are taking this curved way?" And he said, "O people! I just I saw my darling, habeebee, beloved one (s), I saw him that he reached this place and he did his na`qa ash-shareef, camel, taking this way and going like this; therefore, I love to do everything what I saw from that one." Subhanallah. No place that the Seal of Prophets (s) put his foot on it and not coming a light. Where he passed, that light was coming, and that light (illuminates) up to Yawm al-Qiyamah must be, but faman kaan fee hadhihi `ama kaana fil akhirati `ama, not blind people can see that but (only) open-eyed people. And the son of Sayyidina `Umar was saying (about) the nur, holy light, "I am looking there and how I can leave it and follow you in such a way?"

The Sahaba of the Seal of Prophets (s) were following him (s), Habeebullah! They take their shares from the Seal of Prophets (s) and that nur just astaqar, settled through their hearts. Therefore, (for) Sahaba is something else, radiyallahu `anhum wa radoo `anh, that honor cannot be for anyone else, and that honor there is not another honor above where Allah saying,

••••••• ••••••• •••••••• •••••••• •••••• (radiyAllahu `anhum wa radoo anh (well-pleased is Allah with them, and well-pleased are they with Him).

(Mawlana Shaykh looks to Shaykh Tahir al-Qadiri, who says, "He explained His pleasure on them first, only then they became pleased with Allah and because of His divine pleasure, they become pleased with Him.")

Look what Sahaba companions reaching such an honor, such a ranks, high ranks through heavens! There is heavenly station and there is over that Divinely Station. Divinely no one can enter it, ill ar-Rasool, Divinely Presence is only for one, ya Ustaz. But seven heavens. Heavenly Presence. Then when seven heavens finishing, Archangel Gabriel coming there and standing, and the Seal of Prophets (s) was saying, "Come with me, O Jibreel," and he is answering, "No way, ya Habeebullah, no way siwak to pass up to this point. If I move from here I am going to be nothing and never going to come in existence once again. Only for one."

O people! Leave Shaytan and its followers, but come and keep yourself with Prophet's inheritors; follow them. (They are) taking you through heavens and heavenly stations. O people! Live for Allah! O people! Don't occupy yourselves for being servants of Shaytan or nafs or dunya or hawa, the four dangerous enemies. Leave

them and come!

Aba Yazid, Sultan al-Arifeen, Allah blesses him, was saying, "We reached to a station and asking more. I like to come to You, O Lord." What was Allah Almighty's answer to him? Itruk nafsak wa ta`al, "Leave yourself; leave your dirty ego and come to Me, quddus muqaddas. Ya Musa."

••••••••• •••••••••• ••••••• •••••••••• •••••••••••• ••••• (fakhla` na`layka innaka bil-waadi 'l-muqaddasi tuwaa) Verily I am thy Lord! therefore (in My presence) put off thy shoes: thou art in the sacred valley Tuwa. [20:12]

Innaka bil Waadi al-muqadasi Tuwa. fakhla na`layk. innaka bil waadi al-muqadasi tuwa. Allahu akbar. Allah was not happy that Moses coming with slippers to that maqam, but for Seal of Prophet (s) He said, "O my Beloved One, put your feet on My Divinely Throne, to take honor!"

The honor of Sayyidina Muhammad, saloo alayhi wa salimoo tasleema. Allahumma salli `ala Sayyidina Muhammadan nabee al-ummi wa `ala alihi wa sahbihi was sallam... kama yaleeq bi-kamaalihi (s). This (suhbah) is for honor of our precious guest coming here today. (Mawlana is radiant with happiness! Allah, Allah. Just no need to say Dumm, dumm, dumm, dumm, dumm, dumm... singing. Every day increased, baraka ustadh. (Mawlana Shaykh looks at Shaykh al-Islam Tahir al-Qadiri with fondness.) I like him too much!

(Private conversation ensues; both shaykhs speak with Shaykh Hisham on telephone.)

## The Appearance of Sayyidina Mahdi (a) on `Arafah, 1432

As-salaamu `alaykum! (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llahu Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llahu Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Labbayk, Allahuma labbayk! (Mawlana Shaykh sits) Yaa Allah! Alfu salaat, alfu salaam `alaa Sayyidina Awwaleen wa ‘l-Akhireen, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits) Yaa Rabbee. Allah, Allah!

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Thumma ‘s-salaatu was-salaam `alaa jami ‘l-anbiya wa’l-mursaleen salawaat wa salaam `alayhim ajma`een. As-salaamu `alaykum RijaalAllah amidoona bi madadikum. Yaa RijaalAllah! Qa’imoona `alaa `ataatillah. Yaa RijaalAllah! `Alaykum bi ahl 'l-jabaabira alli yazhlimoon `ibaadAllah. Khudh-hum! Irmeehum fi bahri ’l-intiqaam. Hatta laa yabqaa jumu `al-jaai waahid min al-jabaabira yazhar `AzaamatiIlah Haqq SubhaanaHu wa Ta'ala (Mawlana Shaykh stands) yaa Muntaqeemu intaqeem min ha`ula` ‘l-jabaabira! (Mawlana Shaykh sits)

O People! As-salaamu `alaykum, our attenders. Just we are approaching the Day of Resurrection. Keep to say always, “A`oodhu billahi min ash-Shaytani 'r-rajeem,” because Shaytan is carrying the tyrant’s flag, and we hope their flags are going to be under my feet! I hope to reach Mahdi (a) yazhar shay'un. We hope the holy flag from the Heavens will come on Earth, and anyone who runs to be under that flag will be happy here and

Hereafter. Those who run away from shari`atullah, heavenly orders, will be under this dunya, thrown into the last place!

O People! Our attenders from east to west, if you want to reach eternal life, keep your honor of being supporters of Mahdi (a) and humble servants of the Lord of Heavens. (Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! (Mawlana Shaykh sits) Ask first for imaan, and second, ask to be healthy throughout your life, with your heart full of love for the Lord of Heavens and His beloved servant, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) O our Lord! Let us be under his holy flag here and Hereafter.

Yaa Allah, yaa Allah, yaa Allah! We are asking for Paradise forever, from the Lord of Heavens, through His most beloved deputy Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd!

O People! The Last Day is approaching so quickly! O Muslim ummah! Beware of batsh Allah, the Mighty Power coming from Heavens to take you away! Those people in Tunis, Morocco, Algeria, Libya, Egypt, Turkey, Damascus, Baghdad, Hijaz, Iran and every territory: I am warning them that if they insist on making a constitution laqa haraamun, no one will reach up to Muharram! The last point for them, if they keep insisting on baatil and they don’t take care, something will touch them and they will never be happy, because now they are fighting shari`atullah that Allah sent through the Holy Qur'an! If they insist on forming a constitution, their life will reach up to Muharram, and I don't know if it will finish on the 10th or 30th.

O People! For those who insist on taking away Shari`atullah and who are asking to bring or follow democracy according to the ways of western people, there will come a day of signs when something will touch them through their hearts, minds and bodies, which can be anything. This is warning those who always say they want to bring a constitution and an election. (In Islam there is) no election! I am authorized to say to them and to remind them that Allah Almighty is ordering all Muslims to be under one imaam, and He says, “If two come one must be killed and taken away.”

How are they making so many presidents and parliaments? That is baatil and everyone who supports it will be punished here and through the last moments of their lives they will find their tongues filled with fire! On

the Day of Resurrection they will come under the shaytanic flag and everyone will spit on their faces, ptuu, ptuu, ptuu! No prophet made an election! Rasoolullah (s) never made an election, as he said, “Bring someone to follow my way and the way of my four khalifs.” If they forgot that and follow the western ways and systems, they are never going to Paradise; they will fall down on the Bridge of Siraat!

This is not from myself, but I am speaking what comes to me. Anyone who accepts saves himself and his nation. Islam only needs one khalif, one imaam, one sultan! The Ottoman Empire had one sultan, and then people who did not believe in Islam, cheated by the “Young Turks,” who destroyed the Ottoman Empire that was khilafah and imaam for the whole Muslim nation! In 1933, they took that away and now there is no khalif, and we need a khalif, who must be from the line of the Ottomans, that one who is the son of Sultan Selim, who will first come and give amaanat muqadassah, the Holy Trust that only Sultan Selim Khalif may keep.

He was granted that from Egypt to Sultan Selim, who took it from the last khalif from Egypt, and up to 1923 he kept it. When the tyrants came to Turkey and made the khalifah go out, hadeeth ash-shareef informed that the sultan that had been thrown away would come to Istanbul and his name will be Selim, also. One Selim took from Egypt amaanat muqadassah, the holy trust, and now it is in Istanbul. No one can take the sword of Prophet (s), only the khalifah whose name is also Selim, “the Last Selim.” The first Selim took that holy trust and the last one will give it to al-Mahdi (a), and approaching between the first and last one, the jabaabira, tyrants will finish and will be taken away by the Heavenly Mighty Fist!

O People! Who are attending and hearing these words must think on it, or your last moments will be so difficult and your graves will be so full with fire! A`oodhu billah, we are running to Allah so as to not find our graves with fire.

O People! Try to find in your graves as a paradise garden. Who is against holy law, heavenly orders, who is running away will find their grave filled with fire and so many scorpions, a`oodhu billah! This life is only for a short time, but after the grave is Eternity and it will either be good or miserable.

O People! Come and listen, look in your holy books. Muslims, Jewish people and Christians must look once again at their holy books. Listen, hear and accept this: don't run after Shaytan, but follow the holy prophets and the Seal of Prophets (s). May Allah forgive us.

O Allah! For the honor of the tajalli on this blessed day, send us a leader who will revive your Shari`ah and destroy all falsehood. Send us a sultan who will be a carrier of power, might, and magnificence, and make us of those who will gather under his banner. Life is in Your Hands! You are the Mawlaa, Protector, Who grants His servants when they ask! Therefore, we too are asking to reach (those days), when the banners of Islam rise far and wide, and when kufr is brought under our feet! Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah astaghfirullah. Shukr yaa Rabbee, shukr alhamdulillah that we have come to this very day. May we quickly reach to Saahib az-Zamaan, the sultan. Certainly a sultan will come to raise the banners of Islam! With his spirituality, he will put everything in order, destroy those who come against Islam and fill the whole world with Muslims! May Allah (swt) have us reach those days. Today is their Waqfa (on Arafah) and the Waqfa for the coming of Saahib az-Zamaan!

We hope Imam al-Mahdi (a) will come quickly to reach mazhloom, the oppressed.

O People! Run to reach and keep your honor, so that the Lord of Heavens will accept our obedience. Don't make shirk, ascribe partners to Allah, for He has no son or mother! Allah Almighty is from pre-Eternity up to Eternity. He is not like a man or woman, astaghfirullah!

O Christian World! Think about it once again. If you do you will be happy and if not you will be regretful. Tawbah yaa Rabbee, tawbah astaghfirullah. Tawbah yaa Rabbee, tawbah astaghfirullah. Allahuma thabitna `alaa ‘l-Haqq! Allahuma thabitna `alaa ‘l-Haqq! Allahuma thabitna `alaa ‘l-imaan! Allahuma thabitna `alaa ... min ummat al-Habeeb (s). Tawbah yaa Rabbee, astagfirullah. Send us a saahib who will straighten us out!

We have lost our way and are asking for a guide to give us guidance to carry people from the wrong way to the true way! May Allah forgive us for the honor of this holy day, the Waqfa of Arafat! Allah knows. May Allah forgive us, for the honor of this holy day. And try to save yourself from Hellfire up to Eternity; those people are never taken away from the Fire up to Eternal. We are asking for eternal life in Paradise. Tawbah, tawbah astaghfirullah, shukr.

O Allah! Open Your Heavenly Mercy Oceans to run on us as we are Your weak servants, so save us! Kun fayakun, Your Order, Sultan Sen, Subhaan Sen, one order of your servant is enough as You are Sultan and there is no Sultan other than You! Everything belongs to You. Everything is in Your Hands. Do not leave us in

the hands of our bad ego. Allahuma laa takilnee ‘ilaa nafsee tarfata `ayn. Don’t leave us in the hands of Shaytan. Grant us to be on the right path, and we hope to reach Mahdi (a) and `Isa (a). He is al-Qadiroon `ala Mayyashaa, the Most Powerful One.

Bi hurmati ‘l-Habeeb, Sayyidi ‘l-Awwaleen wa ‘l-Aakhireen, (Mawlana Shaykh stands and sits).

Fatihah.

---

(Mawlana Shaykh narrates his spiritual experience of Friday, 4 November 2011 to Shaykh Mehmet and Hajjah Ruqiya.)

I didn't even know if I was alive or not; it was a hal (spiritual state) and they wanted to take us there (to `Arafah). After the Waqfa was completed there, I saw my hal was opened! During that time (Friday after Fajr up to 11:00 a.m. Lefke time) I slept very comfortably. The night before I was very pressurized; they pressurized me.

Here they brought me a doctor, but there was no need, only annoyance! The doctor came and left, but I didn’t even realize it; when he came, what he did, I did not realize it at all. Why did this doctor come, for what reason? Then I fell asleep. I prayed Fajr prayer. (...)

After that, I renewed wudu and went to bed at 6:30 a.m. A spiritual state (hal) came upon me. They took me and I didn’t even realize it as I was half awake. I woke up well about 11:00 a.m.; I woke up comfortably, thanks to Allah (swt). It was the exact time of Waqfa there (11:00 a.m. Lefke time). They told me that we have 2.5 hours difference with Hijaz and Waqfa service is at noon. They must have taken me, for sure, then when I returned it was 11:00 a.m. (in Lefke).

Such an astonishing hal has happened this year! Therefore, I have understood that the Sahib (Mahdi) (a) has declared his appearance/zhuhoor there, but his appearance has not opened yet to the public. He (a) took over the power now, it is in his hands. The actions will start on Muharram. Allah knows; the actions will start, to clean, to arrange. We seek refuge in Allah from the events that will happen. May Allah make ummati Muhammad (s) to reach safety and security, and send on them Sahib al-Waqt, the Master.

The common people could not tolerate the tajalli of yesterday; no one could tolerate it! A strong tajalli took place and there was not a single man from the common people there. Mahdi (a) will appear in Arafah but not among the common people, because his jazbah (attraction) is strong and all of them will lose their minds; they will go mad! Therefore, the spiritual masters carried the strong tajalli of that day (yesterday), and the next day (today) the people can recite, “Labbayk Allahuma, Labbayk!” They recite, and let them recite, and may Allah accept it from us as well, as from the common people.

He (Shaykh Mehmet) was called there, too. Kiss the hand of Shaykh Mehmet Effendi.

Fatihah.

May Allah accept the hajjis who perform Hajj today and also forgive us. Amaan yaa Rabbee.

Lefke, 04.11.2011 and 05.11.2011

## Imam Mahdi (a) Will Appear in Sham ash-Shareef

(Translated from Turkish. Visit with Bosnian Guests)

Bismillahi 'r-Rahmani 'r-Raheem.

(Guest: Do you have a message for Adnan Hoja? [a reference to Harun Yahya])

Bismillahi 'r-Rahmani 'r-Raheem, before you start anything, say, “Bismillahi 'r-Rahmani 'r-Raheem.” Our spiritual son, Adnan Bey, Salaam Allahu `alaykum, and salaams to all who follow you. Also salaams to all the people of Islam. May Allah Almighty reward him and reward you also for thinking of us and making this service for us.

My strength is not too much. The matters that need to be spoken are given to his heart. He may go on and wait, and those who are with him may wait also as the time is near when everybody’s reality will be revealed. He may look like a civilian, but only upstairs they know what he really is. There are very few downstairs (in dunya) who know.

Our Prophet (s) said:

Wa astaqeemu... Steadfastly maintain... (Surat ash-Shuraa, 42:15)

Be steadfast on the right path, do not be misguided. Who goes on the Straight Path is honored in dunya and in akhirah, gathered with the prophets and the saints. What we want is istiqaamah, to be on the right path as much as possible. Man's ego sometimes wants to set forth his own desires but one who knows himself can distinguish between the inspiration, which is heavenly, and Shaytan's whisperings, waswasa. When he distinguishes, he is saved. If he follows the waswasa he is gone.

Therefore, if a person does not have someone who will hold his hand he can't know where to go. Alhamdulillah, there is one who will hold his hand and he is not alone, my son, Adnan Bey. He looks like an ordinary person among the people, but he really is different. Inshaa-Allah, upon this reality there will be appearance in Mahdi's (a) time, and he will serve him as well. We hope that he and all of you reach `Isa (a) as well.

(Along with you!)

Our message is this: be steadfast, be steadfast!

An Arab came into the presence of the Prophet (s) and said, "O Prophet of Allah, awsinee, give me advice!" Prophet (s) said to him, "Laa taghdab! Don't fall into rage, don't get angry!" "Advise me again, O Prophet!" he said. Prophet (s) repeated, "Laa taghdab!" He asked three times and Prophet (s) told him a third time, "Don't fall into rage."

It means don't get angry or furious, because your ego condemns you. Therefore, sometimes negative things come to people and there is no need to get angry. Al-hilmu sayyidu 'l-akhlaaq, to be gentle and good-tempered is the best of good character. Who is fiery burns himself as well as those opposing him.

He knows, he knows and he sends to his heart. May Allah protect him and protect you.

It was kind of you to come all the way here. You made us very happy and pleased with this. May Allah Almighty make you reach the happiness and safety of dunya and akhirah. May your dunya and akhirah be prosperous. May your offspring be from the good ones as well. May the saints be your companions, inshaa-Allah.

(Is it needed to look for Mahdi [a]?)

He himself will come. For what should we look for him when He will look for us!

(Inshaa-Allah.)

It is like this; He keeps us with the power in his hands and no matter how much we look for him he has not yet received the order to appear, but he will appear after this battle. He will appear in Sham. There is an area in Sham, Qadam, a district on the way to Hijaz. He (a) will say takbeer in Qadam and appear! The moment he says takbeer, all firearms will stop operating and finish! He will draw his sword. He has a red horse, a white horse and a black horse. When he will say, “Allahu Akbar!” it will go up like this and when he will say, “Wa lillahi ‘l-Hamd,” it will come down! We want Allah Almighty to show us this, and for this reason I am preparing myself to go to Sham. I may go to Sham. Sham may open, we are not to leave them there. Go to Sham, “`Alaykum bi ’sh-Sham, you must go to Sham,” said the Prophet (s).

I don’t know what kind of state it is that I have now, we don’t know why they have put us in this situation. There is a wisdom in it.

You may see that he sets foot on here and be present there. There are many people with such powers now, but for all of them, the reins of the horses they are riding are held, when released he goes like this (upward). What was the name of their plane? Those jets that they are talking about, compared to them (on their horses), they can’t even be like the speed of a donkey! Their power is so astonishing! Starting from this Muharram, the time that marvels will appear has begun and we are in it now, walking in it. That power was opened to all saints on the twelfth night of Rabi` al-Awwal. Everything is marvellous, miraculous! They are waiting for the order now. They will finish them within one moment. Amaan yaa Rabbee! Tawbah, astaghfirullah.

We entrust you to Allah. In dunya may we meet under the flag of Mahdi (a) and in Akhirah under the Prophet’s (s) flag of “Hamd,” inshaa-Allah. If they give me a crippled donkey, I may ride on it and follow them!

(Inshaa-Allah Mahdi (a) and `Isa (a) will both kiss your hands, inshaa-Allah.)

You may kiss. My hope is to be able to reach Mahdi (a). I can’t rule what is beyond it, but inshaa-Allah you can be under the flag of `Isa (a).

Bismillahi 'r-Rahmani 'r-Raheem. O Allah! Keep us blessed and don’t leave anybody in this meeting deprived of Your Blessings. Bless us, accept us, and forgive all those who are attending this meeting and correct our situation. For this, send us the Sultan of Ins and Jinn, Sayyidina Mahdi (a)! May Allah make him appear and grant to him and bless him, and may Allah accept our prayer, and may Allah support him, bi jahi Nabi (s). May we reach it, all of us inshaa-Allah.

Fatihah.

Send our salaam to Adnan Hoja, our son. We wish for good for all of them. May we see those happy days.

(Inshaa-Allah/ As-salaamu `alaykum.)

Bosnian people, the real (descendants) of Ottomans will come to Istanbul. Have no fear! May Allah bless you. You came all the way.

(It is an honor for us.)

May Allah Almighty reward you. I am happy, but it has been difficult for you. May Allah make your honor higher.

(Inshaa-Allah. Allah bless you.)

## Mehdi will come

Bismillahirrahmanirrahim

It’s over, it's finished, therefore from this Muharram up to the next this news have reached us: In that period, Turks will collapse, Damascus, Baghdad, Iran, Egypt, Libya, Hijaz, Yemen, Sudan, Somalia, Pakistan and Afghanistan will also collapse, Caucasia will collapse.

(Question: “Will there be new leaders instead?”)

No, this regime is finished, they don’t progress anymore, finished, they are already in decline, all countries now have this terrible regime called democracy, it's finished, it comes to an end and cannot move anymore. Now they are eating each other, people are fighting each other. There are two parties for example in turkey; each one doesn’t like the other one. The order in this one is the same as in the other one: What benefit does this bring? Instead of democracy, hierarchy will come, meaning saltanat, monarchy will come, in saltanat, one person rules, now 1000 people cannot rule. Finished, they mess up everything. Germans will also collapse, French is already collapsing, Spain will collapse. British, they still kept their empire; they will come with more power, after his majesty, crown prince come to power with full authority. He will not listen to any parliament or pay attention to it. The lords are already in his side. He will sweep the parliament. The

Russians have already become crazy, they about to fall apart. They will also collapse. China is boiling inside. Japans they kept their empire. India will become one. Afghanistan will become also one. Iran will be one. Those harmful people in Yemen, they also will disappear and the imam will come back. About the Palestinian problem: again one will come to power, sultan will come to power. Whom he will rule? 10 countries in the Middle East. About the Hijaz: the days to come within in the coming year, its situation will become clear.

To make it short: the world is shaking now, it will tear apart and all of them will fall down. They could not manage, they could not rule. People are not pleased with democracy, it has turned into an oppressive regime, their term is finished, they cheated people to come to power. People have realized that, they cannot even come close to the previous saltanat regime. They have no justice no mercy, they have no mind. There is no knowledge or any science, there is no gentleness with them, their term is finished, people saw their real image, they are garbage. These people are like feet. Feet cannot replace the head. Feet become feet and head is head, they did the opposite. What they called democracy makes feet the head and head the feet. All of them will be cursed. They shall be cursed. All of them are all oppressors, and all of them will finish, even one will not survive.

Wa min Allah at taufiq, Fatiha.

They may not speak more, translate this to English and inform everybody to his highness prince: don't be afraid and the end is for the pious one. Finally power is in the hands of righteous ones. Even one of those garbage ones will not survive. All of them will be swept away. Their only business is to kill people, destroy the countries, these are oppressors, they are tyrants, they don't respect religion and they are not accepting Allah Almighty's holy books. All of them will be destroyed. Oh, our Lord, you know best, you give us permission so we can sweep them away. We can sweep them, if I give permission to Sheikh Mehmed Effendi, he can sweep them, he is like a dragon. I have reached this point now, just to swear at people, just like that, that's my duty, other holy ones don't speak about this, I have never seen them speaking about that. It is said, that the pen has been lifted, it's lifted up from his / him, so that he may say what he wants, he may speak, but he speaks the truth. Oh holy ones, holy ones they may speak, but you change from morning to evening, and you don't not say, you do not do what they say, then you say there is a sheikh, he is authorized.

(Q.: "These modifications, everybody do on their own, a few people?") Of course, before there were what we

call “musqa”, there are connected to each other, when one of them pops, the second one pops up to, like that, merhaba, you understand?

Oh my lord, wa min Allah at taufiq.

Next year is Hajj al Akbar, Master of this time is known, to come at Hajj al Akbar. After this Hajj al Akbar there are seven more years for the other (next) one. This world cannot tolerate for another seven years, therefore my heart found comfort, coming year wakfa (Arafat) is on Friday. I hope that wakfa (Arafat) Imam Mehdi may appear and they say takbir. Oh my Lord, you know best. You have the order.

Under that storm, we are out of our senses, but what can we do, we don’t love bad things, we don’t want oppression, we don’t not want oppressives, we are not accepting oppression, therefore we get angry, but there is nothing in our hand. We only say: “may Allah not leave us in the hand of oppressors; we may not even leave one oppressor on earth”.

Fatiha.

Shouting, shouting at you, I got sleepy, enough, you wash your hands and go to sleep as well.

## „Mein Herz ist jetzt eingeschaltet!“

Absolutes Sultanat nur für Ihn. [... Probleme mit der akustischen Anlage ..., deshalb sagt Sheikh Nazim:] Ihr seid Europäer, ihr müßtet alles vorbereiten, bevor ich hier bin. Sheikh Hassan: Wir sind Orientalen geworden, Maulana. Sheikh Nazim: Ihr werdet Orientalen!? [... allgemeines Gelächter ... Inzwischen findet sich Jamaluddin ein und übersetzt:] Allah macht euch glücklich! Ihr müßt glücklich sein, wir müssen glücklich sein, weil wir zu den glücklichsten Menschen gehören. Und wir sagen: La ilaha illa llah, Muhammadur Rasulullah, ssalla llahu ‘alaihi wa sallam. Wir bezeugen, daß Er der einzige ist, den wir anbeten können. Wir sind alle Seine Diener. Und wir versuchen, unseren allergrößten und höchsten Respekt Ihm, dem Allmächtigen, zu erweisen. Männer und Frauen sind gleich. Männer und Frauen sind in Seiner Gegenwart gleich. Medet ya Sultan al-awliya’, medet ... Es ist eine Versammlung in der Mitte von Europa, und im Zentrum vielleicht von Deutschland. Und ich sehe hier Hunderte, vielleicht Tausende von Menschen, die sich hier versammelt haben. Und wir haben keine Werbung dafür gemacht. Und wir kommen nicht hierher, um Spenden oder Geschenke an die Leute zu verteilen. Ich möchte damit sagen: Wer ist es, der euch hierherbringt? Ich bin ein schwacher Diener, vielleicht der schwächste. Ich kann mich selbst kaum tragen. Aber Er schickt mich aus weiter Ferne, hierherzukommen. [takbir: allahu akbar, takbir: allahu akbar, takbir: allahu akbar] In meinem Herzen habe ich ein Gefühl gehabt, hierherkommen zu müssen. Wir glauben an Spiritualität. Spiritualität, so wie auf geheimen Wegen Wissen von Herz zu Herz zu uns kommt. So wie wir

glauben, daß jeder, der ein winziges Gehäuse [Handy] mit sich herumträgt, damit telefonieren kann: „Hallo! Was ist los?“ Wenn ich meine Hand als Telefon benutze, glaubt es keiner, aber wenn sie ein kleines schwarzes Gehäuse herbringen und dort hineinsprechen, glauben alle daran, daß jemand zu ihnen spricht. Sagen: „Hallo, Jamaluddin!“ Das bedeutet, es gibt geheime Wege. Selbst in der materiellen Welt gibt es diese verborgenen unsichtbaren Wege; ist es ein Geschenk, eine Öffnung von Allah dem Allmächtigen für Seine Diener, damit sie ihre Sehnsüchte erfüllen können, leicht und schnell. Es ist ein Geschenk von Allah dem Allmächtigen an die Menschheit. Und manchen Seiner Diener – alle Leute, die ganze Menschheit, sind Seine Diener, ob sie es akzeptieren oder nicht –, hat Er gewährt, solche Instrumente zu erfinden – und sie haben dieses sehr seltsame Ding erfunden –, um Amerika, Japan, Malaysien, Türkei ..., die ganze Welt damit erreichen zu können. Es ist etwas, was zu unserer materiellen Welt gehört. Aber glaubt ihr jetzt, daß ich nicht alle angerufen und gesagt habe: „Kommt! All ihr Deutschen, kommt nach Kall! Und es ist nicht zu weit für euch, aber ihr müßt Zelte mitbringen.“ Allah der Allmächtige gewährt den Menschen in der spirituellen Wirklichkeit unendliche Kräfte. Eure Seele mag diese Wellen erreichen, die umhergehen und sich um diesen Globus herumbewegen, der ganze Globus ist von Wellen aller Art aus der geistigen Welt eingehüllt. Die Menschen aber sind nicht interessiert an ihrem spirituellen Leben. Sie kümmern sich viel mehr oder ausschließlich um ihr weltliches Dasein. Und unser materielles Dasein, das wissen wir alle, hört einmal plötzlich auf. Und unsere Körper werden sich in Staub auflösen. Das ist ein Zeichen, daß es eine Art von verborgenen Kräften gibt, durch die die Menschen erreicht werden können, oder sie schließen sich an diese Wellen an und werden durch diese Wellen oder spirituelle Kraft getragen, um hier sein zu können. Die Kraft, die mir gegeben wurde, ist nur sehr sehr sehr sehr sehr klein. Und die reicht aus, so viele Menschen einzusammeln. Wäre es ein bißchen mehr, würden alle Deutschen ... und ihre Häuser verlassen ... Das ist spirituelle Kraft! Ihr seid wie meine Söhne und Töchter oder meine Enkel. Ihr müßt wissen und verstehen und aus dem Zustand der Betrunkenheit aufwachen. Die Menschen sind jetzt alle wie betrunken und müssen aufwachen, um zu wissen, was jetzt auf der Erde geschieht. Ich weiß nicht, ob es unter den Nationen eine gibt, die sich wohlfühlt und zufrieden ist und sich in Freude befindet. Alle Länder machen sich große Sorgen über ihre Zukunft. Die Regierungen machen sich Sorgen um die kommenden Tage. Männer und Frauen machen sich Sorgen um ihr Leben. Jeder macht sich Sorgen um seine Zukunft. Und es ist nicht nur bei den Nationen und bei den Leuten so – die ganze Welt ist in diesem Zustand! Sie sagten mir: Wenn es keinen anderen Grund mehr gibt, Streit anzufangen, dann ist es wegen Wahlen, wie bei den Amerikanern, wo zwei Personen Präsident geworden sein wollten. Der eine sagt: „Ich bin es.“ Der zweite sagt: „Nein. Das stimmt

nicht.“ Wenn die Leute keinen anderen Grund haben, sich Sorgen zu machen, dann erfinden sie so etwas. Und nach Amerika hat sich plötzlich die ganze Welt Sorgen gemacht, was morgen sein wird. Sie machen sich Sorgen um die Wahlen. Das ist nur ein Beispiel. Es gibt Dutzende, Hunderte von Gründen, die die Leute dazu bringen, sich zu sorgen. Kinder machen sich Sorgen, Jugendliche sind besorgt. Ich spreche hier stellvertretend für die Heiligen. Ich bin kein Vortragsredner. Vortragsredner sind Professoren. Ich aber spreche eure Herzen an. Und das ist wichtig. So wie es zu mir gesandt wird, übersetze ich es euch. Es ist eine Heilung für eure Sorgen. Damit ihr erleichtert seid. Damit ihr keine Last auf euren Schultern tragen müßt. Und ich sehe, daß alle Leute Lastenträger sind. Und wir kommen, um die schweren Lasten von den Rücken und Schultern der Menschen wegzunehmen. Der Weg, der an diese sichere Küste führt, der ist, daß wir uns um Herzen kümmern. Die Herzen. Wir brauchen jene, die fähig sind, die Herzen der Menschen zu sammeln. Jeder kann sich auf den Marktplatz einer Stadt hinstellen und Musik machen, und sofort kommen viele Leute herbei. Menschen körperlich anzuziehen, ist so leicht. Aber die Herzen der Menschen einzusammeln, ist so eine schwierige Angelegenheit. Nur denen, die dazu himmlisch autorisiert sind, fällt es leicht, die Herzen der Menschen einzusammeln. Deshalb haben die Heiligen solch eine heilige Kraft, durch die sie fähig sind, die Herzen der Menschen einzusammeln; die Herzen der Menschen zu sammeln und eine Operation an ihnen vorzunehmen. Es ist nicht wichtig für mich, über was ich spreche, über etwas von der Erde, den Himmeln, von Osten oder Westen, oder ob ich Märchen erzähle, das ist nicht wichtig, aber es ist wichtig, daß mein Herz arbeitet. [Die Kassettenrecorder ...] Das sind Geräte, die ganz leise aufzeichnen, sie sagen nichts, und es ist nichts zu hören, und doch nehmen sie alles auf. Mein Herz ist jetzt „eingeschaltet“, nicht „ausgeschaltet“. Manchmal ist es „aus“, aber jetzt, da ich hier sitze, ist es „an“. Und manchmal, wenn der Arzt eine Operation durchführen muß, spricht er mit dem Patienten eine Zeitlang über irgend etwas, beruhigt ihn und lenkt ihn ab, damit er Kraft sammelt und fähig ist, auszuhalten, was mit ihm geschehen soll. Und wenn ich zu euch spreche – ob ihr es versteht oder nicht, ist nicht wichtig –, wichtig ist, daß ihr hier seid und daß mein Herz aktiv ist. Wenn ich über euch hinwegschaue, kann ich in euren Herzen etwas bewegen – sehr feine Linien –. Das ist: eure Herzen in einer Liebe zu versammeln, eure Herzen zu den Quellen der Liebe zu bringen, die ein Geschenk des Himmels sind, sie strömen als ein Geschenk vom Himmels herab, sie kommen. Sie bringen eure Herzen zusammen an dieser Quelle. Wir versuchen es, die wichtigste Operation an den Menschen vorzunehmen, um sie von der Dunkelheit zu einer erleuchteten Welt zu führen. Leute mögen ins Kino gehen oder in die Disko oder irgendeine andere Veranstaltung, die unserem physischen Körper Vergnügen bringt, wir laufen dorthin voller Freude. Wenn sie zurückkommen, kommen sie ganz müde angewackelt, legen sich

aufeinander, stürzen sich aufeinander. Sie kommen deshalb immer so heraus, weil ihre Seelen sich in Dunkelheit begeben. Alle, die aus solchen Vergnügungsplätzen herauskommen, kommen erschöpft heraus und mit Traurigkeit ..., aber hier kommen die Leute in voller Freude heraus, erleichtert, voller Energie und Kraft. Nur Tote kommen heraus wie sie hereinkommen, oder Leute ... O Leute, deshalb ist meine Mission, euch zu besuchen und eure Herzen zu sammeln, damit ihr euch an den Liebesströmen, die vom Himmel kommen, labt. Das gibt euch wirkliches Leben, gibt euch wirkliche Freude und Erfrischung, Licht, Kraft, Vertrauen, Genugtuung und Zufriedenheit. Das gibt euch Freude. Deshalb, o Leute, kommt und trinkt, aus den Strömen der Liebe, die von den Himmeln zu den Propheten fließen, zu den Auserwählten – das sind Auserwählte. Die Ströme laufen durch ihre Herzen weiter, und von ihren Herzen strömen sie weiter zu den Herzen der Heiligen. Ihr könnt von ihnen erbitten, und ihr könnt von ihren Liebesströmen trinken. Niemand kann von den Niagara-Fällen trinken, aber wenn es durch die Leitungen kommt, kann man davon trinken. Und es ist unmöglich, daß diese Leitungen verschlossen werden. Sie müssen immer offen sein. Frag und trink und finde wirkliches echtes Leben, und schmecke echte Lebensfreude, versuche, echten Lebensgenuß zu finden. Und wer betet, der wird diese Erfrischung finden. Wer die Freude seines Herrn im Sinn hat, muß von diesen geschmackvollen Strömen trinken. Nun, ich bin heute ein bißchen spät dran, und die Leute sitzen nicht so bequem wie ich. Sie sind geduldig. Und ich denke, es ist genug, was wir euch für heute gegeben haben, ich schalte mein Herz „aus“, und ihr mögt ruhen. Ich hoffe, mit euch ein paar Nächte zusammen zu sein. Es macht nichts, daß der Platz hier klein ist, sind doch eure Herzen größer. Er schaut euch an, und Er mag uns größere Plätze schenken, wo wir uns aufhalten können. Und ich hoffe, daß die ganze deutsche Nation – sie ist auch eine auserwählte Nation –, wenn die Zeit näher kommt, alle von ihnen dazu kommen werden, von den Strömen der Liebe zu trinken. Es gibt sieben große Nationen, und die erste ist eure Nation, und jeden Tag alle 24 Stunden müssen Heilige kommen und sich mit der spirituellen Kraft auf die Herzen der Leute konzentrieren. Und wir hoffen, daß in naher Zukunft die Herzen der Menschen kommen werden, um von diesen Liebesströmen aus den Himmeln zu trinken, um wirkliches, wahres Leben zu erreichen und hier mit Zufriedenheit und Freude zu leben. Und wenn ihre weltlichen Tage zum Ende kommen, werden sie in einen anderen Strom von Liebe eintauchen, darin schwimmen und davon trinken, in der Göttlichen Gegenwart. Möge Allah euch segnen. Möge Allah euch segnen, möge Allah euch segnen und mir vergeben. La ilaha illa llah, la ilaha illa llah, la ilaha illa llah, Muhammadur Rasulullah ‘alayhi ssalatullah La ilaha illa llah, la ilaha illa llah, la ilaha illa llah, Muhammadur Rasulullah ‘alayhi ssalatullah La ilaha illa llah, la ilaha illa llah, la ilaha illa llah, Muhammad Habibullah ‘alayhi ssalatullah La ilaha illa llah, la ilaha illa llah, la ilaha illa

llah, Muhammad Nabiullah ‘alayhi ssalatullah Du‘a’. Al-Fatiha

- 16.12.2000

## Der Meister der Zeit ist ein Naqshibandi

S.N.: Wen habe ich zuletzt gesehen von den Mascheikh?
Gast: Scheikh Izzaddin.
S.N.: Ja, Scheikh Izzaddin in Medina. Fatiha. Versammeln sich die Brüder?
Gast: Ja.
S.N.: Ihr macht Khatm an den Freitagabenden?
Gast: Ja.
S.N.: Die Leute sind nicht mehr an Dhikr interessiert. Darum machen wir es hier ein- zweimal die Woche, wie es gelegen ist. Was soll man machen? Dank sei Allah. Dua. Die Muslime sind in einem bedauernswerten Zustand. Möge sich die göttliche Vorsehung erfüllen. Dann werden wir uns erheben, inshallah. Diese Ungläubigen denken, der Islam sei am Ende. Der
Islam wird nie am Ende sein! Sie gehen zugrunde, aber der Islam wird niemals zugrunde gehen. Der Islam ist von Allah erschaffen worden. Das andere ist nichtig. Es ist reif für den Müll. Durch Götzenanbetung erwirbt niemand etwas Gutes. Und das haben sie auch nicht. La hawla wa la quwwata. Die Erlaubnis für zwölf Lehren haben Sie. Natürlich. Wer ist nach Scheikh Izzaddins Tod an seine Stelle getreten?
Gast: Sein Enkelsohn ist geblieben.
S.N.: Wie alt ist er?
Gast: Er ist dreißig Jahre alt.
S.N.: 30 Jahre?
Gast: Ja.
S.N.: Aber Sie haben die Erlaubnis.
Gast: Nein.
S.N.: Haben Sie nicht Erlaubnis für die Naqshibandiya.

Gast: Nein, mein Vater.
S.N.: Warum (...)
Gast: Er ist ein Murid. Wir haben den Bund mit ihm genommen.
S.N.: Er ist verstorben. Wer ist nun an seiner Stelle?
Gast: Scheikh Muhammad Muta.
S.N.: Habt ihr von ihm den Bund für die Naqshibandiya genommen?
Gast: Ja.
S.N.: Hat er Ihnen keine Vollmacht gegeben?
Gast: Nein.
S.N.: Warum hat er sie Ihnen nicht erteilt?
Gast: Wahrscheinlich bin ich ungeeignet dafür.
S.N. Wenn Sie ungeeignet sind, dann ist niemand geeignet. Was können wir tun? Mashallah, mashallah. Wir erteilen den Segen, Ihnen die Erlaubnis zu geben, damit Sie dort autorisiert sind.
Gast: Wie Sie wünschen.
S.N.: Es ist doch schade, wenn die Leute ohne einen Scheikh bleiben. Es gibt einen Brunnen, aber das Wasser fließt nicht. Was sollen wir mit so einem Brunnen machen. In Istanbul gibt es den Sultan Ahmed Brunnen. Waren Sie dort? Es gibt Brunnen, mag, wir wollen Wasser. Wenn man mir kein Wasser zu trinken gibt, was soll es dann. Wir wollen aus den Brunnen des Glaubens trinken. Wenn es kein Brunnen des Glaubens ist, was soll ich dann damit? Schau dir Scheikh Muhammad Efendi an. Ich dachte, er wäre autorisiert dort. Von den älteren ist keine Erlaubnis gekommen. Wie soll man sie dann weitergeben? Komm bitte hier vorne hin Scheikh. Astaghfirullah, astahfirullah. Leg die Hand auf die Schulter. Bayat. Es ist gut. Sie haben einen Stammbaum. Ihre Vorfahren gehen zurück bis auf Scheikh Abdulqadir Geylani q.s.
Gast: Unsere Vorfahren sind Araber, aber danach wissen wir nichts darüber.
S.N.: Zeig mal das Bild von meinem Großvater. Das ist mein Großvater. Er war Kadiri Rufay, Ehl-i bayt. Das ist mein Vater, das mein Onkel. Das Foto ist einhundert Jahr alt. Wir sind von einer Seite Naqshibandi, von einer Seite Qadiri, Rufai. Es gibt unter den Vorfahren Mevlevi, Jerrahi, 41 verschiedene Turuq. Von allen ist etwas dabei. Ich habe es an Sie weitergegeben.
Gast: Möge Allah Sie belohnen.
S.N.: Wir haben nichts Offizielles. Wenn du etwas zu schreiben hast, dann schreib es auf, wir setzen unser Siegel darunter und du übergibst es Scheikh Efendi. Möge Licht kommen. Das wird jetzt gebraucht. Darum

haben sie ihn geschickt. Die Nachricht darüber kam abends, bevor er eintraf. Er sagte: ‚Wir senden ihn und er ist von unseren Nachfahren‘. Deshalb war heute so eine Schwere auf mir. Ich fühlte mich gar nicht gut. Als ihr gesagt habt, dass er gekommen ist, wollte ich dass er empfängt, was für ihn bestimmt ist. Mashallah. Ein langes Leben für dich. Lach‘ doch mal. Lachst du?
Gast: Was soll man machen?
S.N.: Lachen. Es gibt außer dem Naqshibandi Orden keinen anderen Orden mehr, der funktioniert. 41 Orden sind gestoppt. Die Tariqa, die noch in Kraft ist, ist die Naqshibandi Tarika. Der Meister der Zeit ist ein Naqshibandi. Die Kraft kommt jetzt von Mehdi a.s. Von nirgendwo sonst. Als ich ihn angeschaut habe, konnte ich es sofort sehen. Du sollst lange Leben Scheikh Efendi. Unser Sohn heißt auch Scheikh Muhammed, in Istanbul. Er ist auch Scheikh Muhammad. Elhamdulllah. Vergiss nicht, für uns zu beten. Was sollen wir machen. (Maulana unterzeichnet die Urkunde)

## Members Since Birth

Tariqatuna sohbah wa l-khayri fil jamia' May Allah always put a smile on your face, give happiness to your heart. May He (swt) give power to your words so that when you hit, you destroy this unbelief. I don't even have the power of a mosquito but I am getting angry.
S.M. Astaghfirullah.
M. I am getting angry. Allah Allah... They may say "It is so little, what strength can it have?" but...But I want the sultanate of shaytan to be destroyed, and the children of Adam to know and find their honour, so he knows for what reason he lives. This is what is important. Children of Adam have become donkeys. Instead of being Adam, they became animals. Shame on them. Being animals to shaytan without worshipping our Lord, this is how dunya has become! Man is escaping from his Lord's worship and being an animal to shaytan. Shame on them! May Allah not make us follow our dirty ego. As-Salamu Alaikum. Kayfa asbahtum?
S.M. Wa Alaikum Salam. Al Hamdulillah.
M. Asbahna wa asbaha'l mulku Lillah wa nahnu abidan Lillah. This is our service: I want to destroy it. As-Salamu Alaikum, ayyuhal sami'in?
S.M. Wa Alaikum Salam.
M. Sami'un (Who hears). What is our occupation in this dunya? Why did we come? How did we come? What did you come to do? There is no one who asks, who seeks, who explains these things. People became bewildered. There is no one who guides. All coming guide to the opposite way. All who come show the way to hell, show the way shaytan wants. There is no one who shows the way of Allah and we are left like this. What can we do? What can we do? Then they say hurricane! There is no place left which has not taken water on. Everywhere is flooded - to wake up. Hurricanes, snow...Astonishing. The shame is not on the Christian World. They go on their own way but the shame is on us; shame and sin on who are Muslim. We lost our way. May Allah send us His holy servants who will show us our way.

Marhaban. Marhaban. They removed marhaba too. There is no one who says marhaba. Marhaba; is the greeting of the people of paradise for each other. How beautiful; marhaban, marhaban. O believer, marhaban. These are a few words we speak after the fajr prayer because our way, upon the description of our Great Masters, is Tariqatuna sohbah wa l-khayri fil jamia'

Our way is with sohbat. If one says "Marhaban Shaykh Effendi, marhaban O my brother" it is a virtue, it is good manners, it is a beauty, it is a courtesy. But no, there is no one who cares.

Each person's nose is stuck up in the air, thinks highly of himself. Why would you think highly of yourself? He thinks highly of himself... We will say something rude but what can we do? I asked one of them "Who do you think you are?" He said "I am this, I am that" The pen is lifted off me now. "You are very magnificent, you are very great but I may ask you something". He said "Ok, ask". "Don't have an attitude with me. I may be nothing, mosquito also is like a speck but it brings punishment over peoples' heads. I am a helpless servant. I may ask you a question. What are you?" He says "I am this, that, prime minister, president..." Yes, they stand to greet me wherever I pass through. They stand before me with full respect". "Ok, then?" "What do you mean, then? I am a top rank person".

"Sir, I may ask you a question?" "What is it? Your questions are strange questions". "What can we do? I may whisper it in your ear. Come, no one should hear. In all your magnificence & claiming to be a great one, do you ever not go to WC?" "WC?" "# 100! (Used for WC in Turkish) No 100. So your number has become 100, so you are a member of no. 100. According to this situation of yours, you must have a registration in # 100. Do you not go?" "Of course I go". "Then why are you proud?" He says "I am a member of this club. I am a man of that assembly. I am the rector of this university, or whatever." Leave all this. Is there any one among you and your like, who does not go to that place which I mentioned? Or do you have any record.." "What record?" "Record meaning... Did you sign a petition?" "What petition?" Did you have yourself registered in WC? (Mawlana says 3 different names of WC used by people).

They left these words now. What do they call it now? They call it # 100. Why don't you say where your membership is at? Your membership has started from the day you were born. Your membership where? Why don't you say "Of course my membership is at... Meaning they registered me to # 100 from the day I was born. I have become a member since the day I was born". If you are a member of # 100 since they day you were born why do you claim to be so great? What is this? All of us are registered some place, we can't cancel this registration. Meaning, is there any man on earth who has not registered to # 100 regardless of his rank? "O Shaykh Effendi, you made us upside down!" "Why should I? I am saying this because you claim greatness:

I am minister, I am state minister, vizier, whatever... Where is your registration at?" "Which registration?" "Are you not registered at # 100?" He was shocked to hear this. Why do you claim to be great then? I am also registered, you are also registered. Then there is no difference between us. All the other titles are imitated. La hawla wa la quwwata... People are... With peoples' claims to be great everywhere became upside down. None of them can say "My title, my pride is in being a servant to Allah. I had my name written in the list of servanthood. I know my Lord, I prostrate to Him & I keep His Order". There is no one who says this. But when you ask "Where are you registered?" "To this lodge" "Where are those ones in that lodge registered?" "What registration?" "Yahu, # 100 registration". "No, no need. It is everywhere,
there is # 100 everywhere". A worker gets in it as well as the boss does, the minister does. Know your level & come to your senses! Shaytan made people arrogant, proud but it is empty. They are making me speak this word now. This word that we speak through our thoughts is an address for all; from the common people to the top level ones. And none of them can say "No". They have to say "What you say is correct, Shaykh Effendi".

Since all of us have a registration there, why do you claim to be great? "But I am a member of the great (national) assembly". Leave that membership in the great assemby. Where is your real, natural registration at? At # 100". "Does it need registration?" "Of course. Wherever you go, you first ask "Where is the toilet?" "What happened?" "We have urgent need. If we wait a bit longer we can do it in the (national) assembly and make a mess. Let me quickly do it before I get to the assembly so that I won't get humiliated there..." So before going into the assembly, you first go to the WC where you are registered to, take the permission there and saying "Ok, we are good now", you enter the assembly. So before the assembly, there is a place where people are registered. Where are you registered in the first place? Don't look to the other titles. If all of you have registration in WC then why do you claim greatness? All empty talk! "Quick, quickly. The prime minister, such minister has an urgent need. Open the way because he has such an urgent need. If he waits a little longer, it will be a total mess, quickly open!" So quickly the guards open the way and where is the first place of visit? His toilet! "But there is..." "Let it wait! I have an important visit here (to WC). I finish this first and then I come to the assembly".

Being such a person, why do you claim greatness? Why don't you say "I am the servant of Allah, a weak servant of my Lord. Why don't you say? Why is your nose stuck up so high like the camels? There is no one who says, who teaches you this and there is no permission for them to be taught. But I don't receive monthly salary like you. I know that I am a member. I don't have any claim. But each one of you think you are a big

deal and your nose is stuck up in the air. "I am this..." If you are that, where is your registration at? "What registration?" "Your registration is at # 100". "Really? I also have an urgent need now and ordered for the way to be opened. My first visit is straight to the # 100". "But the assembly waits?" "Let the assembly wait, there is no harm for it to wait". "There is this person waiting for you. Can't you wait & visit him first?" "Yahu, I will do it all over myself! How can I go to the assembly first, it will leak through my trousers!" So the first place to see, to visit is his place at # 100. He will get in there and once he gets the "all clean, now can enter the assembly" paper, he will go.

Although people are like this they don't think, everyone's nose is stuck up in the air. But one day that nose of yours will fall down from there. Why don't you say "I am Abd Allah, servant of Allah"? Our pride is in this. The heavenly grant reached us and He (swt) created us as Man. He didn't create us as foxes, wolves, hyenas wandering in the mountains. There are also pigs wandering in the mountains. He (swt) didn't create you as one but created you as Man. Why don't you know your humanity? Why don't you take pride in it and show respect for it? You button up your jacket before you go to a VIP person, you show a respect: "This person's rank is this". You show him that high respect for the fake title he has.

Allah created us, Jalla Jalaluhu. Why don't you show your respect for Him? They say "Why should I pray?" May your roof collapse on your head! He asks "Why should I pray?" Ok, go to mountains & wander like animals. Man's humanity is with his high respect to his Lord Who created him. They made them to forget and the world came into this filthy situation today. Because of them hurricanes, tornadoes come down on dunya. Snow and disasters from one side, volcanoes from another side, earthquakes from another side...

Ya Rabbi, You know. Forgive us. May You send us the holy ones with good manners who will teach us who we are, who will teach us our humanity O Lord. We are left in the hands of the people who don't have good manners, who don't know the way, who don't know themselves and who don't know Who created them at all! We are so fed up with them that we say "Illa Allah! Illa Allah! Illa Allah!" Soon they will suffer their arrogance. There will be nothing left in their hands. What is all this for? They don't say Bismillahi r-Rahmani r-Rahim. Say! Say the Holy Name of Allah Almighty. "May we remember the Holy Name of Allah first. It is obligatory for the servant for his every act. Whoever remembers the name of Allah first Allah makes everything easy for him". The doings of who say Allah succeed. Who don't say, shaytan corrupts their doing & does his thing on it.

This is a sohbat, meaning it is an instruction from the top level. It is not wrong but it is to wake up. I should

wake up also, you and everyone should also wake up. Everyone should say Allah. No hurricane or snow comes. No earthquake, no fire, no hurricane comes. May Allah Almighty treat us with His forgiveness. For the honour of our Prophet, may He send us the ones with adab who will show us these ways. May he save us from the hands of the ones whose noses are stuck up in the air like camels. May He save us from those who made the people servants for themselves. You should be a servant to the people instead. Being a servant for the people is the order of Allah Dhul Jalal: "Serve My servants. Sayyidu'l-qawmi khadimuhum". The greatest of people is who serves them, who respects them and who fulfills their needs".

They are killing the people in mass killings. They kill the servants of Allah. They don't fear Allah. They use soldiers of the nations to crush their own citizens. But citizens have rights, every person has a right. Ati qulli dhi haqqin haqqa. Give everyone their due rights. Don't bring the villagers into cities.Do not let the urban people go to villages. Don't throw the women outside and don't imprison the men! Now all of them are the exact opposite way. Aman Ya Rabbi, tawba Ya Rabbi. Tawba Astaghfirullah.

Fortunately, the pen is lifted off me and I say however it comes. After now, I have nothing to gain from dunya. I am waiting because not one foot but my two feet are in the grave. And don't you ever forget about the grave! Later they will bury you in a grave. (Mawlana describes his funeral now).

And while the people stand around you as a crowd the Effendi who is the Imam comes 3 steps forward, stands in line with your head and addresses you: "O son of Fatima, O son of Aisha, O son of this, son of that... Udhkur; remember, don't forget. Udhkur. Now angels will come, sit you up and will ask you questions. They will ask 'Who is your Lord?' Don't forget to say 'My Lord is Allah' 'Your Prophet?' 'My Prophet is the Glorious Prophet, Muhammad Mustafa (sas)' Don't forget. 'My religion is the religion of Islam. My qibla (direction) is Kaaba and our book is the Holy Quran. We are Ahlu Sunnah wal Jamaat. We are servants of Allah'. Say".

"Wa Dhakkir!" says Allah Almighty. Fa'inna Adh-Dhikra Tanfa`u Al-Mu'minina" (51:55) There is benefit for the believers in reminding. When you get inside, Shaykh Mehmet Effendi, tell them to say "My Lord is Allah, my Prophet is Muhammad (sas). My religion is Islam, my Book is the Holy Quran and my qibla is Kaaba. I consider what Allah permitted as halal and what Allah prohibited as haram. I am from the children of Adam, did not follow shaytan and I am from the nation of the end of times". Wa min Allah at-tawfiq. We gave you a little bit of a headache but this is a bombardment for all of them. Al-Fatiha.

I have no strength but holy Shaykh Mehmet Effendi has great strength. He receives. Receive & give to people. These children of mine are also like this. I am the grandfather to most of mankind. Allah Shukur I am still of sound mind, as Allah Almighty grants.

May Allah stregthen the faith in our hearts, so we have higher respect and try to fulfill our servanthood in the best way. We live in comfort, we leave dunya in comfort and we are welcomed beautifully. Or else that one will suffer. May Allah not make us fall into that situation. May your hand be always on charity and your tongues be with dhikr (remembrance) and you win this way. Who lives for Allah wins and who lives for shaytan burns in hell with shaytan. Tawba Ya Rabbi, tawba Ya Rabbi, tawba Astaghfirullah. A hundred thousand times tawba O Lord... May You not leave us to the hands of our ego, not let us follow the wildness of shaytan. May we live clean and leave dunya clean. Al-Fatiha.
This address of ours is for all mankind; For China, for Germans, for Americans, for Russians, for Arabs, for Turks... This address is for all of them. Allah Almighty says, Astaizu Billah, "Wa Ma Khalaqtu Al-Jinna Wa Al-'Insa 'Illa Li Ya`buduni" (51:56) He (swt) says "I created men as well as jinn for My servanthood. Do & I will pay you. I will pay! Don't make trouble or I pay you with trouble!" Allah! You are Subhan O Lord! Al-Fatiha.
We'll talk it over. Mudakara (discussion) is the method of mashayikh; they make sohbat. There are men, mureeds with whom they make special sohbat, for you can't make sohbat for everything with them. It is said"Very little is enough for who understands and nothing will suffice who don't understand". Now people are like this, no matter what you speak they say "it is little". Who is smart can understand even from the sound of a mosquito.
May Allah grant us understanding, make us from who know their limits. May Allah protect us from sins. We should strive to make sajda to our Lord, to be in the circle of adab & to be a nation worthy of the honour of our Prophet (sas). O Glorious Prophet! Sallallahu Alayhi wa Sallam.
Al-Fatiha.

---

Tariqatuna Sohbat wa l-Khayri fi l-Jamia'. Möge Allah immer ein Lächeln auf euer Gesicht bringen und Glück in euer Herz. Möge Er (swt) eueren Worten Macht geben, damit ihr, wenn ihr trefft, diesen Unglauben zerstört. Ich habe nicht einmal die Kraft einer Mücke, aber ich werde zornig. SM: Astaghfirullah. M: Ich werde zornig. Allah Allah... Sie mögen sagen: 'Es ist so gering, welche Stärke kann es haben?' Aber.. aber ich will das Sultanat Shaytans zerstört sehen

und die Kinder Adams sollen ihre Ehre kennen und finden, damit sie wissen, aus welchem Grund sie leben. Das ist es, was wichtig ist. Die Kinder Adams sind zu Eseln geworden. Statt Adam zu sein, wurden sie Tiere. Schande auf sie. Shaytans Tiere zu sein, ohne unseren Herrn anzubeten, so ist die Dunya geworden! Der Mensch flieht vor der Anbetung seines Herrn und wird ein Tier für Shaytan. Schande auf sie! Möge Allah uns nicht unserem schmutzigen Ego folgen lassen.
As-Salamu Alaykum. Kayfa Asbahtum? SM: Wa Alaykumu s-Salam. Alhamdulillah. M: Asbahna wa Asbaha l-Mulku Lillah wa Nahnu Abidan Lillah. Das ist unser Dienst: Ich will es zerstören. As-Salamu Alaykum, Ayyuha s-Sami`in? SM: Wa Alaykumu s-Salam. M: Sami`un - Der hört. Was ist unsere Beschäftigung in dieser Dunya? Warum sind wir gekommen? Wie sind wir gekommen? Was zu tun seid ihr gekommen? Niemand fragt, sucht, erklärt diese Dinge. Die Menschen wurden verwirrt. Es gibt niemanden, der führt. Alle Führung kommt für den entgegengesetzten Weg. Alle, die kommen, zeigen den Weg zur Hölle, zeigen den Weg, den Shaytan will. Niemand zeigt den Weg Allahs, und wir bleiben so zurück. Was können wir tun? Dann sagen sie 'Hurrikan'! Es gibt keinen Platz, der nicht unter Wasser ist. Alles ist überflutet - um aufzuwachen. Hurrikane, Schnee.. Erstaunlich. Die Schande ist nicht auf der christlichen Welt. Sie gehen ihren eigenen Weg, sondern die Schande ist auf uns, Schande und Sünde auf denen, die Muslime sind. Wir haben den Weg verloren. Möge Allah uns Seine heiligen Diener senden, die uns unseren Weg zeigen.
Marhaban. Marhaban. Sie haben das Marhaba auch entfernt. Es gibt niemanden mehr, der 'Marhaba' sagt. Marhaba ist der Gruß der Menschen des Paradieses füreinander. Wie schön! Marhaban, Marhaban. Ihr Gläubigen, Marhaban. Dies sind einige Worte, die wir nach dem Fajr Gebet sprechen, weil unser Weg nach der Beschreibung unserer großen Meister ist Tariqatuna Sohbat wa l-Khayri fi l-Jamia'. Unser Weg ist durch Sohbat. Wenn jemand sagt: Marhaban, Shaykh Effendi, Marhaban, mein Bruder. Es ist eine Tugend, es ist gutes Benehmen, es ist Schönheit, es ist Höflichkeit. Aber nein, es gibt niemanden, den es bekümmert. Die Nase einer jeden Person ist hoch in der Luft. Sie denkt hoch von sich selbst. Warum solltest du hoch von dir selbst denken? Er denkt hoch von sich selbst... Wir werden etwas Grobes sagen, aber was können wir tun? Ich fragte einen von ihnen: Wer glaubst du, bist du? Er sagte: Ich bin dies, ich bin das.. Das Schreibrohr ist jetzt von mir aufgehoben. 'Du bist großartig, du bist toll, aber ich frage dich etwas.' Er sagte: 'Okay, frage.' 'Nimm keine Haltung ein mir gegenüber. Ich mag

nichts sein. Eine Mücke ist auch nur ein Punkt, aber sie bringt Strafe auf die Menschen herab. Ich bin ein hilfloser Diener. Ich möchte dich etwas fragen. Was bist du? Er sagt: 'Ich bin dies, das, Premierminister, Präsident.. Ja, sie stehen auf, um mich zu begrüßen, wo immer ich vorbeikomme. Sie stehen vor mir mit vollem Respekt.' 'Okay, und?' 'Was meinst du mit "und"? Ich bin ein Mensch mit Spitzenrang.' 'Sir, kann ich euch etwas fragen?' 'Was ist es? Deine Fragen sind merkwürdige Fragen.' 'Was können wir tun? Ich flüstere es dir ins Ohr. Komm, niemand soll es hören. In all deiner Großartigkeit und deinem Anspruch, ein Großer zu sein, gehst du nicht auch mal aufs WC?' 'WC?' 'Nr. 100! (Benutzt für WC auf Türkisch) Nr. 100. Also ist deine Zahl jetzt 100, also bist du ein Mitglied von Nr. 100. Deiner Situation entsprechend, mußt du eine Einschreibung in Nr. 100 haben. Gehst du nicht?' 'Natürlich gehe ich.' 'Dann, warum bist du so stolz?'

Er sagt: 'Ich bin ein Mitglied in diesem Club. Ich bin ein Mann dieser Vereinigung. Ich bin der Rektor dieser Universität, oder was auch immer. Laß all das. Gibt es jemanden unter euch und eueresgleichen, der nicht zu diesem Ort geht, den ich erwähnt habe? Oder hast du einen Eintrag..' 'Was für einen Eintrag?' 'Eintrag bedeutet.. Hast du einen Antrag gestellt?' 'Was für einen Antrag?' 'Hast du dich im WC eintragen lassen?' (Mawlana sagt 3 verschiedene Namen für WC, die die Leute benutzen) Sie haben diese Worte jetzt sein lassen. Wie nennen sie es jetzt? Sie nennen es Nr. 100. Warum sagst du nicht, wo du Mitglied bist? Deine Mitgliedschaft begann am Tag, an dem du geboren wurdest. Deine Mitliedschaft wo? Warum sagst du nicht: 'Natürlich, meine Mitgliedschaft ist bei... Das bedeutet, sie haben mich bei # 100 eingeschrieben von dem Tag an, als ich geboren wurde. Ich bin ein Mitglied seit dem Tag meiner Geburt.' Wenn du Mitglied von # 100 bist seit dem Tag deiner Geburt, warum beanspruchst du, so groß zu sein? Was ist das? Wir alle sind an manchen Orten eingeschrieben. Wir können diese Einschreibung nicht löschen. Das bedeutet, gibt es irgendjemanden auf der Erde, der nicht in # 100 eingeschrieben ist ungeachtet seines Ranges? 'O Shaykh Effendi, du hast uns auf den Kopf gestellt.' 'Warum sollte ich?' Ich sage das, weil ihr Größe beansprucht: Ich bin Minister. Ich bin Staatsminister, Wesir, was auch immer... Wo ist deine Einschreibung? 'Welche Einschreibung?' 'Bist du nicht bei Nr. 100 eingeschrieben?'

Er war geschockt, das zu hören. Warum beanspruchst du dann, groß zu sein? Ich bin eingeschrieben, du bist auch eingeschrieben. Dann besteht kein Unterschied zwischen uns. Alle

anderen Titel sind gefälscht. La Hawla wa la Quwwata... Die Menschen sind... Mit dem Anspruch der Menschen, groß zu sein, ist alles auf den Kopf gestellt worden. Keiner von ihnen kann sagen 'Mein Titel, mein Stolz ist es, Diener Allahs zu sein. Ich habe meinen Namen in die Liste der Dienerschaft eintragen lassen. Ich kenne meinen Herrn, ich werfe mich vor Ihm nieder und halte mich an Seine Befehle.' Es gibt niemanden, der das sagt. Aber wenn du fragst: 'Wo seid ihr eingeschrieben?' 'In dieser Loge.' 'Wo sind jene dieser Loge eingeschrieben?' 'Welche Einschreibung?' 'Yahu, Nr. 100 Einschreibung.' 'Nein, nicht nötig. Sie ist überall, Nr. 100 ist überall.' Ein Arbeiter kommt hinein genauso wie der Chef, der Minister. Kenne deine Stufe und komm zur Vernunft. Shaytan machte die Menschen arrogant, stolz, aber es ist leer. Sie veranlassen mich, jetzt diese Worte zu sprechen. Diese Worte, die wir aus unseren Gedanken heraus sprechen, sind an alle gerichtet, von den gemeinen Menschen bis zu denen an der Spitze. Und niemand von ihnen kann sagen 'Nein'. Sie müssen sagen: 'Was du sagst, stimmt, Shaykh Effendi.'

Da wir alle dort eingeschrieben sind, warum beansprucht ihr, groß zu sein? 'Aber ich bin ein Mitglied der großen Nationalversammlung.' Laß die Mitgliedschaft in der großen Versammlung. Wo ist deine wahre, natürliche Einschreibung? In Nr. 100. 'Ernötigt es eine Einschreibung?' 'Natürlich.' Wo immer du hingehst, fragst du zuerst: Wo ist die Toilette? 'Was ist los?' 'Wir müssen dringend mal. Wenn wir noch etwas länger warten, könnten wir es in der Versammlung machen, und das gibt eine Sauerei. Laß es mich schnell machen, bevor ich in die Versammlung komme, damit ich dort nicht erniedrigt werde.' Also bevor du in die Versammlung gehst, gehst du zuerst zum WC, wo du eingeschrieben bist. Du bittest um Erlaubnis dort und sagst: 'Okay,jetzt geht es uns gut'. Du gehst in die Versammlung. Also vor der Versammlung gibt es einen Platz, wo die Menschen eingeschrieben sind. Wo bist du ursprünglich eingeschrieben? Guck nicht auf die anderen Titel. Wenn ihr alle im WC eingeschrieben seid, warum beansprucht ihr dann Größe? Alles leeres Gerede! Schnell, schnell, der Premierminister hat ein dringendes Bedürfnis. Macht den Weg frei, weil er so ein dringendes Bedürfnis hat. Wenn er etwas länger wartet, gibt es eine große Schweinerei, schnell beiseite. So schnell machen die Wächter den Weg frei! Und wo ist der erste Besuchsort? Seine Toilette! 'Aber es gibt..' 'Es soll warten, ich habe hier einen wichtigen Besuch (zum WC). Ich erledige das zuerst und dann komme ich zu der Versammlung.'

Wenn ihr so eine Person seid, warum beansprucht ihr dann Größe? Warum sagt ihr nicht: Ich bin der Diener Allahs, ein schwacher Diener meines Herrn? Warum sagt ihr das nicht? Warum tragt ihr die Nase so hoch wie die Kamele? Niemand sagt und lehrt das, und es gibt keine Erlaubnis, sie zu lehren. Aber ich bekomme kein monatliches Gehalt so wie ihr. Ich weiß, daß ich ein Mitglied bin. Ich habe keinen Anspruch. Aber jeder von euch glaubt, er sei eine große Sache, und euere Nase ist hoch in der Luft. 'Ich bin das!' Wenn du das bist, wo ist deine Einschreibung? 'Welche Einschreibung?' 'Deine Einschreibung ist bei # 100.' 'Wirklich? Ich habe auch so ein dringendes Bedürfnis jetzt. Befehlt, den Weg frei zu machen. Mein erster Besuch ist geradewegs zu # 100.' 'Aber die Versammlung wartet.' 'Laßt die Versammlung warten. Es macht nichts, wenn sie wartet.' 'Da ist diese Person, die auf Sie wartet. Kann das nicht warten und Sie besuchen sie zuerst?' 'Yahu, ich werde mich ganz voll machen. Wie kann ich zuerst zur Versammlung gehen? Es wird aus meiner Hose tropfen.' Also der erste Ort, der besucht werden muß, ist sein Platz bei # 100. Er geht da hinein, und wenn er das 'Alles klar, jetzt kannst du die Versammlung betreten' Papier bekommt, geht er.

Obwohl die Menschen so sind, denken sie nicht. Jedermans Nase ist hoch in der Luft. Aber eines Tages wird diese euere Nase von dort herunterkommen. Warum sagt ihr nicht: Ich bin Abd Allah, Diener Allahs? Unser Stolz ist darin. Die himmlische Gabe erreichte uns und Er (swt) erschuf uns als Menschen. Er erschuf uns nicht als Füchse, Wölfe, Hyänen, die in den Bergen herumwandern. Es gibt auch Schweine, die in den Bergen herumwandern. Er (swt) erschuf dich nicht als solches, sondern als Menschen. Warum kennt ihr euere Menschlichkeit nicht? Warum seid ihr nicht stolz darauf und erweist ihr Respekt? Ihr knöpft euere Jacke zu, bevor ihr zu einer VIP Person geht und zeigt Respekt. Der Rang dieser Person ist das. Ihr zeigt ihr diesen hohen Respekt für den künstlichen Titel, den sie hat. Allah erschuf uns, Jalla Jalaluhu. Warum erweist ihr Ihm nicht eueren Respekt? Sie sagen: Warum sollen wir beten? Möge das Dach euch auf den Kopf fallen! Er fragt: Warum sollte ich beten? Okay, geh in die Berge und wandere herum wie die Tiere. Die Menschlichkeit des Menschen ist mit seinem hohen Respekt für seinen Herrn, Der ihn erschuf.
Sie ließen sie vergessen, und die Welt kam in diese schmutzige Lage von heute. Deshalb kommen Hurrikane, Tornados auf die Dunya herab. Schnee und Katastrophen von der einen

Seite, Vulkane von einer anderen Seite, Erdbeben von einer anderen Seite.. Ya Rabbi, Du weißt. Vergib uns. Mögest Du uns die Heiligen mit gutem Benehmen senden, die uns lehren, wer wir sind, die uns unsere Menschlichkeit lehren, o Herr. Wir sind in den Händen der Menschen, die kein gutes Benehmen haben, die den Weg nicht wissen, die sich selbst nicht kennen und die gar nicht wissen, Wer sie erschaffen hat. Wir haben so die Nase voll von ihnen, daß wir sagen: "Illa Allah! Illa Allah! Illa Allah!" Bald werden sie ihre Arroganz büßen. Es wird nichts übrig bleiben in ihren Händen. Wofür ist das alles? Sie sagen nicht 'Bismillahi r-Rahmani r-Rahim'. Sagt es! Sagt den Heiligen Namen Allahs des Allmächtigen. 'Mögen wir den Heiligen Namen Allahs an erster Stelle erinnern.' Es ist Pflicht für den Diener bei jeder seiner Taten. Wer immer den Namen Allahs zuerst erinnert, für den macht Allah alles leicht. Die Taten derer, die 'Allah' sagen, haben Erfolg. Wer es nicht sagt, dessen Taten verdirbt Shaytan und macht seine Sache darauf. Dies ist ein Sohbat, das heißt, es ist eine Anweisung von der oberen Ebene. Es ist nicht falsch, sondern dient dazu aufzuwachen. Ich sollte auch aufwachen, ihr und alle sollten auch aufwachen. Alle sollten 'Allah' sagen. Keine Hurrikane oder Schnee würden kommen. Keine Erdbeben, keine Feuer, keine Hurrikane würden kommen.

Möge Allah der Allmächtige uns mit Seiner Vergebung begegnen. Zu Ehren unseres Propheten möge Er uns diejenigen mit Adab senden, die uns diese Wege zeigen. Möge er uns aus den Händen derer befreien, deren Nase hoch in der Luft ist wie bei den Kamelen. Möge Er uns bewahren vor denen, die die Leute zu Dienern ihres Selbst machten. Ihr solltet Diener der Menschen sein stattdessen. Ein Diener der Menschen zu sein, ist der Befehl Allah Dhu l-Jalals: 'Dient Meinen Dienern.' "Sayyidu l-Qawmi Khadimuhum." Der Größte der Menschen ist der, der ihnen dient, der sie respektiert und ihre Bedürfnisse erfüllt. Sie töten die Menschen in Massentötungen. Sie töten die Diener Allahs. Sie fürchten Allah nicht. Sie benutzen die Soldaten der Nationen, um ihre eigenen Bürger zu vernichten. Aber Bürger haben Rechte, jede Person hat ein Recht. "Ati Qulli Dhi Haqqin Haqqa" - Gib jedem die ihm gebührenden Rechte. Bringt die Dörfler nicht in die Städte. Laßt die Städter nicht in die Dörfer gehen. Werft die Frauen nicht hinaus, und sperrt die Männer nicht ein! Jetzt sind alle genau das Gegenteil. Aman ya Rabbi, Tawba ya Rabbi. Tawba Astaghfirullah. Zum Glück ist das Schreibrohr von mir aufgehoben, und ich sage, was immer kommt. Von jetzt ab habe ich nichts mehr zu erwarten von der Dunya. Ich warte, weil nicht nur ein Fuß, sondern meine beiden Füße im Grab sind. Und vergeßt niemals das

Grab!
Später werden sie euch im Grab beerdigen. Und während die Menschen um euch herumstehen als Menge, kommt der Effendi, der der Imam ist, drei Schritte nach vorn, steht auf der Höhe deines Kopfes und spricht dich an: O Sohn Fatimas, o Sohn Aishas, o Sohn dieser, o Sohn jener... Udhkur, erinnere dich, vergiß nicht. Udhkur. Jetzt kommen die Engel, setzen dich auf und stellen dir Fragen. Sie fragen: 'Wer ist dein Herr?' Vergeßt nicht zu sagen: 'Mein Herr ist Allah'. 'Dein Prophet?' 'Mein Prophet ist der glorreiche Prophet, Muhammad Mustafa (saws).' Vergeßt das nicht. 'Meine Religion ist die Religion des Islam. Meine Qibla ist die Kaaba, und unser Buch ist der Heilige Quran. Wir sind Ahlu s-Sunna wa l-Jamaat. Wir sind Diener Allahs.' Sagt es. "Wa Dhakkir!" sagt Allah der Allmächtige. "Fa'inna dh-Dhikra Tanfa`u l-Mu'minina" (51:55). Es liegt Gewinn für die Gläubigen in der Ermahnung. Wenn du hineinkommst, Shaykh Mehmet Effendi, sage ihnen zu sagen 'Mein Herr ist Allah, mein Prophet ist Muhammad (saws). Meine Religion ist der Islam, mein Buch ist der Heilige Quran und meine Qibla ist die Kaaba. Ich betrachte, was Allah erlaubt hat, als halal und was Allah verboten hat, als haram. Ich gehöre zu den Kindern Adams, bin nicht Shaytan gefolgt und gehöre zur Nation des Zeitenendes. Wa min Allaha t-Tawfiq. Wir gaben euch ein paar Kopfschmerzen, aber dies ist eine Bombardierung für alle. Al Fatiha.
Ich habe keine Kraft, aber der heilige Shaykh Mehmet Effendi hat große Kraft. Er empfängt, empfängt und gibt den Menschen. Diese meine Kinder sind auch so. Ich bin der Großvater der meisten der Menschen. Allah Shukur, ich bin immer noch bei vollem Verstand, wie Allah es gewährt. Möge Allah den Glauben in unseren Herzen stärken, damit wir größeren Respekt haben und versuchen, unsere Dienerschaft auf beste Weise zu erfüllen. Wir leben angenehm, wir verlassen die Dunya angenehm und wir werden schön willkommen geheißen, sonst wird jener leiden. Möge Allah uns nicht in diese Lage bringen. Möge deine Hand immer mit Wohltätigkeit und deine Zunge mit Dhikr beschäftigt sein und du auf diese Weise gewinnen. Wer für Allah lebt, gewinnt, und wer für Shaytan lebt, brennt in der Hölle mit Shaytan. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Hunderttausendmal Tawba, o Herr.. Mögest Du uns nicht in Händen unseres Egos lassen, uns nicht der Wildheit Shaytans folgen lassen. Mögen wir rein leben und die Dunya rein verlassen. Fatiha. Diese unsere Ansprache ist für die ganze Menschheit. Für China, für die Deutschen, die Amerikaner, die Russen, die Araber, die Türken...

Diese Ansprache ist für sie alle.

Allah der Allmächtige sagt, Astaizzu Billah, "Wa ma Khalaqtu l-Jinna wa l-'Insa 'illa li Ya`buduni" (51:56). Er (swt) sagt: 'Ich habe Menschen und Djinn nur für Meine Dienerschaft geschaffen.' Tut es, und Ich bezahle euch. Ich bezahle! Macht keine Probleme, oder ich zahle euch mit Problemen! Allah! Du bist Subhan, o Herr! Al Fatiha. Wir sprechen darüber. Mudakara (Besprechung) ist die Methode der Mashayikh. Sie machen Sohbat. Es gibt Muriden, mit denen sie besondere Sohbats machen, denn du kannst nicht Sohbat über alles mit ihnen machen. Es heißt: Sehr wenig ist genug für den, der versteht, und nichts genügt dem, der nicht versteht. Jetzt sind die Menschen so. Egal, was du sagst, sie sagen 'es ist wenig'. Wer klug ist, kann selbst vom Geräusch einer Mücke etwas verstehen. Möge Allah uns Verstehen gewähren, uns zu denen gehören lassen, die ihre Grenzen kennen. Möge Allah uns vor Sünden schützen. Wir sollten danach streben, Sajda vor unserem Herrn zu machen, im Kreis des Adab zu sein und eine Nation zu sein, die der Ehre ihres Propheten (saws) würdig ist. O glorreicher Prophet, Sallallahu Alayhi wa Sallam. Al Fatiha.

Lefke, 29.01.2013

# Men and Women in Islam

Aziz Allah Allah Allah, Allah Allah La ilaha illa Allah, Karim Allah Allah Allah, Allah Allah Allah Allah, Subhan Allah Allah Allah, Allah Allah Allah Allah, Sultan Allah Alfu salat alfu salam ala Habibka'l Mustafa, Ya Rabbi'l Izzati wa'l Azamati wa'l Jabarut

We are Your servants, grant mercy for our weaknesses, our trespasses, Ya Rabbi'l Izzati wa'l Jabarut, grant us mercy and understanding.

Assalamu alaykum all attenders for this humble association. Sa`adatu'd-darayn, to be happy and joyful and in pleasure, here and Hereafter. For those who are asking to hear heavenly announcement, O Attenders, if you like to be beloved and honoured ones to your most glorious Creator Allah Almighty, please try to give much more time for His divine service.

O Salaf as-Salihin ulamas! Anything wrong? You are servants, we are servants. Don't run after imitated titles, no. Not giving any honour to you imitated titles, no. Audhu Billahi min as-shaytan ar-rajim. Say! How many times you are saying daily or you are thinking that you have been dressed with 'Infallibility', with heavenly protection. Protection from Heavens is granted to Anbiya (as). Yes, do you think that you are 'Innocent ones'? Do you just have such an exception that you are under Divine Protection? What do you think? Say! Don't fear. Don't fear if you are innocent ones or protected by Heavens. Qul, hatoo burhanakum, bring your proofs. How many times you are saying Audhu Billahi min as-shaytan ar-rajim?

Yes, you are not going out from your house? You are going. I think mostly you are also putting on sunglasses, yes? Mostly I am looking and seeing that they are using shaded eye-glasses. Not shaded, I am saying this in another meaning. Dark glasses, not to be seen where you are looking. Who is Alim? The one who can be able to keep reins on their horses. Here horses, as we like to say, reins on our egos. How many times, Salafi ulamas you are looking daily here and there? And

Allah Almighty saying, you must know,
YaAAlamu khainata alaAAyuni wama tukhfee alsuduru
Allah is aware of the most furtive glance and all that hearts conceal (40:19).
You may hide your eyes, perhaps you may put on dark eyeglasses and from inside you may look but where you are looking, He knows. And He Almighty is saying, 'Keep your looking. Don't look at forbidden aspects, forbidden places'. Yes, our egos like there to be more and more ladies through streets. Also, many ladies as secretary. Secretaries through your offices. Yes, you see that? Yes. But the Lord of Heavens is looking. O Salafi ulamas, speak truth, how many times you are looking daily? This is something, but we are asking to say something else. Now we are saying: Audhu Billahi min as shaytan ar-rajim. How many times you are saying Audhu Billahi min as shaytan ar-rajim. Say? Never coming to you shaytan? To make you to do this, to do that?
The Salafi ulama were 100% on True Ways. That is the reason through our times Islam is coming down because those who are responsible for Islam are not giving enough advice. You are not advising every Juma, perhaps you are going on minbars but you are not saying that Allah Almighty is ordering, 'Keep your eyes not to look at haram, forbidden aspects'. Say, how many times you are looking daily and you are not saying Audhu Billahi in as-shaytan ar-rajim. Yes, perhaps, perhaps you are riding sometimes cars, not latest, new model. Latest, new fashion cars. You are riding in it and you are looking,
"Oh! You are driver?"
"Oh my shaykh, I am that one".
"Very good".
"Your holiness, where you are asking to go?"
"I was thinking where I am going but I lost my balance when I am looking at a lady like you, so beautiful, being driver, I lost my whole mind".
Yes, "We are ulamas". Why not giving a fatwa not to leave beautiful ladies to be driver. No, that is fitna. Say that it is a Holy Order. You know Ayat-ul-Karima
Qul lilmumineena yaghuddoo min absarihum
[Prophet] tell believing men to lower their glances (24:30).
Allah Almighty is ordering the Seal of Prophets (s) to say to people to keep their eyes from looking at forbidden aspects. Why you are not saying this on minbars? Or everytime you are

saying kullu muhdathin dalala, kullu dalalatin fi'n-nar, you know this, but why you are not saying that is muhdath, but what about for Allah Almighty's order? He is saying to tell believing men to lower their glances. I am not Arab but understanding something, but you are saying, 'We are Salafi ulamas'. Yes, how was Islam? I am saying to you something. I am knowing nothing but what is coming to me I must say.

Once upon a time there was a Qadi looking after every case. One day coming one woman with jilbab, nothing was showing, to maqam al qadi, to court and the Qadi was sitting.

"For what you are coming, O Mu'minah?"

"O Qadi, O respected judge, I am coming to you to make my complaint in front of Shariatullah.

"Say,"

"O respected one, making judgement between two persons using Shariatullah, the ruling you are giving is true and what must be done.

"Say",

"O respected Qadi, I am coming to complain to you that my husband is asking to marry on me therefore I am coming to complain".

"O Mu'minah, it is permitted in Islam."

What was her answer to Qadi? You listen O Salafi ulamas! You must listen, you must give an answer, if it is true or not! Look, those claiming to be Salafi ulamas, you are claiming we are followers of Salaf as-Saleh who passed away from good ones of the ulamas. Look at one of those persons! And she was saying,

"O respected judge you are true but, if Shariatullah. Allah Almighty is giving His Order and permission to marry a second, third and fourth but O respected judge, if Shariatullah giving to me a permission to open my face you are not giving this judgement then. If you see my beauty, you would not say this but blame my husband that you have been granted from Allah Almighty such a beautiful one, like moon and you are asking to marry another, blame to you. Keep such a beauty with you and be thankful to Allah Almighty".

Look so that you are understanding that is Islaah li'l Fiqh (reform in Islamic doctrine). What we are saying now means real Shariat, never giving a permission for a lady to show from her body anything. True or not? L`anatullahi ala 'l-kadhibeen (curse on liars). Say! If you are knowing Shariat,

we also know Shariat. And Sayyidina Muhammad (sas) is Rasul for Arab and non-Arabs, not only for you. Astaghfirullah, Astaghfirullah, Astaghfirullah. We are saying something that is not a prepared summary but it is some reality about Shariatullah. Don't play with Shariatullah, don't give rukhsah, permission beyond Allah Almighty's Shariah.

Sometimes they are making me a very weak one, sometimes I am becoming too hard because they are making me speak to those who are claiming they are high, top ulamas. No! You are saying this to people, look your people, in ard al-muqaddas, al-mamlakat, how they are going around, hmm? They are even asking permission to be granted to them to drive cars What is that? If you are astaidh Billah,

Alrrijalu qawwamoona AAala alnnisai

Men are maintainers and protectors of women (4:34).

Your tongue is Arabic, you understand or do not understand? What says Allah Almighty ar-rijalu qawwamuna ala an-nisa? Where are the protectors over their ladies, say! You are going to be like 'biss'. What do they call a cat in Hijaz. Sinnowr. Sinnowr, yes. When your wife shouting on you you are becoming sinnowr. Sinnowr, cat, biss.

Once upon a time a bedouin was coming from a desert. He found an animal following him and he was saying "Oh, this is such a beautiful animal, I will keep this one". And taking it and putting under his jubbah, his abaya, he was going, going. Then one person met him, looking and saying,

"Oh such a beautiful beast". That person was giving a name and this one giving another name for this creature. Till reaching that place where he was asking to be, perhaps 10 people were speaking and giving different names for that creature.

The bedouin said, 'An excess of names implies more honour, more value'. Because of many names that someone is named, it gives a sign that that is famous or more honoured. This must be too valuable. "Ish,ish,ish, I am so happy, so happy, so happy. Today ghanimat. Winning today, oohhh". And going to the bazar, to souq. He went there and that cat going 'mrrr mrrr, mrrr mrrr', going around. Everyone coming, looking, "Oh, such a beautiful cat. "Ohh! So beautiful sinnowr, so beautiful cat." But no one was really looking. "Do you like to buy it?" "No we have also", and going away. And at the end of the day no one remained in the market-place and he was so angry with cat, saying, "Go away! So many names and no value for you, go away!" And it

ran away.
What we are saying? Cat. Why we are talking about this cat? Ar-rijalu qawwamuna ala an-nisa. The clue? You must learn your lesson. Don't be cheated. You are now whole Ummah, the whole Nation of the Seal of Prophets, Sayyidina Muhammad (sas). Give your respect or no way! Now in our times ladies coming. The Princes also are trembling at making them unhappy, and saying, “Mrrr, mrrr mrrr mrr”.
“As you like, O my beloved one, O my darling as you like, yes, doesn't matter, tomorrow".
"No, O my sayyidi, my master, now you can't find that but you will find, O my darling, O my darling..."
Marhaban Salafi ulamas, I am 90, don't blame me. The pen has been lifted from me. She is listening, you think on it. Everything written but this writes for you this and that. I am only right hand, if doing something good, writing, something not good, my sins, Allah Almighty saying, uttaqqau 'r-Rahman, asbahna uttaqa. Think about yourself, Salafi ulamas.
"O my darling".
"Why not bringing tonight?" Their wives crying, "Why you are not bringing some good cosmetics?"
Sleeping! I am keeping them here O People, to correct my English they are making it worse. What we shall do?
May Allah forgive us, O People. And now how is situation for Muslim ladies? Do you have such courage to come up on minbar and say, "O People Allah Almighty ordering that you must keep your eyes from looking at haram". Mu'min and Mu'mina, why not remind them? Allah Almighty is ordering, that is Arabic or Turkish? Fa dhakkir, fa dhakkir. They may forget and you are the one who reminds, the reminder. Tonight we are doing for you such things, from one side you may laugh from that side Salafi ulamas are going to be angry. Anger, no good for Salafi ulamas, anger eats Iman.

Don't you know what Prophet (sas) is saying when one coming and asking "Ya Rasulullah, advise me"? He said, "Don't be angry", "and another one", he said "Don't be angry" and "another one", he said, "Don't be angry". Why you are getting angry? Don't be angry with me, be angry with shaytan! I am not speaking on behalf of shaytan, but speaking on behalf of Seal of Prophets (sas).

May Allah forgive us and give us power to keep Islam, real Islam so that the whole world must come, must run away from troubles and sufferings into Islam. Everything that is beneficial for people they may find in Islam, here and Hereafter. As long as running away, they are falling in Hell, here and Herafter. May Allah forgive us. Assalamu alaykum.

Fatiha.

My Arabic is scanty, don't mind me, ya ulama Salaf as Saleh, I am within manners of blameworthiness, as my age is increasing, 90, don't mind me, but take what is necessary, something, it is okay. I pray my end is in perfect Iman and for that, also I pray insha Allah for your Iman to be perfect, that you attain Jannat al-Firdaws al-Aala. I am within the manners of blameworthiness.

Fatiha

O Beautiful ones... O, you are burning our hearts. Keep value for your wives' honour. Your women are priceless. They have a majestic manifestation. Look! In every one you can find that manifestation. Don't be like wood, like a wall. No, be gentle for your ladies.

"Always, O my darling, O my darling".

"O my darling", saying one to her husband, one, 90 years, second one, 85 they were going to showroom a clothing showroom, and both of them the 85 year old looking and saying,

"O my darling, that ones clothes would be suitable for me and it reminds me of when I was 15 years old, please can we buy it?"

"O my darling, which one?" And her husband, 90 years and more, He is carrying this old monocle.

"Which one O my darling?"

"That one". Till signing for that one, passing 10 more,

"Which one?" (Yes sir!)

"Just passed it, but I think the second one would be okay for me".

(Yes sir!) “I may buy for you but I think that only your clothes will be beautiful, because you lost your beauty at the beauty centres!”

Fatiha.

Aziz Allah, Allah Allah, Allah Allah, La ilaha illa Allah, Karim Allah, Allah Allah, Allah Allah, Allah Allah, Subhan Allah, Allah Allah, Allah Allah, Allah Allah, Sultan Allah, Alfu Salat Alfu Salam 'ala Habibka l-Mustafa, ya Rabbi l-Izzati wa l-Azamati wa l-Jabarut. Wir sind Deine Diener, laß Gnade walten für unsere Schwächen, Übertretungen, ya Rabbi l-Izzati wa l-Jabarut, laß Gnade walten und Verständnis. As-Salamu Alaykum, allen Anwesenden dieser bescheidenen Vereinigung. Sa`adatu'd-Darayn, Glück und Freude und Genuß hier und im Jenseits für jene, die die himmlische Ansprache hören wollen. Anwesende, wenn ihr gern geliebt und geehrt werden wollt von euerem höchst glorreichen Schöpfer, Allah dem Allmächtigen, versucht bitte, viel mehr Zeit anzusetzen für Seinen Göttlichen Dienst. O Salafu s-Saleh, Salafu s-Salihin Ulama, stimmt etwas nicht? Ihr seid Diener, wir sind Diener. Lauft nicht imitierten Titeln hinterher. Nein. Sie gereichen euch nicht zur Ehre, die imitierten Titel. Nein.

Audhu Billahi mina sh-shaytani r-rajim. Sagt es! Wie viele Male sagt ihr täglich oder denkt, daß ihr mit Unfehlbarkeit bekleidet seid, mit 'Unfehlbarkeit', mit Schutz, aber himmlischem Schutz. Schutz von den Himmeln wird den Anbiya (as) gewährt. Ja, glaubt ihr, ihr wäret 'Unschuldige'? Habt ihr so eine Ausnahme, daß ihr unter Göttlichem Schutz steht? Was glaubt ihr? Sprecht! Fürchtet euch nicht. Fürchtet euch nicht, wenn ihr unschuldig seid oder geschützt durch die Himmel, "qul hatu Burhanakum", bringt euere Beweise. Wie viele Male sagt ihr: Audhu Billahi mina sh-shaytani r-rajim? Ja, ihr geht nicht aus dem Haus? Ihr geht doch hinaus. Ich glaube, meistens setzt ihr eine Brille auf, eine Sonnenbrille. Ja. Meistens sehe ich, daß sie eine Brille benutzen. "Mulawwan" - getönt? Nicht getönt, ich sage das in einer anderen Bedeutung. Dunkle Gläser, damit man nicht sieht, wohin ihr guckt. Ulama, Alim. Wer ist Alim? Jene, die in der Lage sind, ihren Pferden die Zügel anzulegen. Hier sagen wir lieber, unsere Egos zügeln.

Wie oft, Salafi Ulama, guckt ihr täglich hierhin und dorthin? Und Allah der Allmächtige sagt, ihr müßt das wissen, "Ya`lamu Kha'inata l-A`ayuni" (40:19). Ihr mögt verbergen, wohin euere Augen schauen, vielleicht setzt ihr dunkle Brillen auf, aber von dahinter mögt ihr gucken, wohin ihr guckt, Er weiß es. Und Er der Allmächtige sagt: 'Hütet eueren Blick, damit ihr nicht verbotene Anblicke schaut, verbotene Orte. Ja, ja. Unser Ego hätte gerne immer mehr Frauen auf

der Straße. Auch viele Frauen als Sekretärinnen, Sekretärinnen in euren Büros. Ja, seht ihr das? Ja. Aber der Herr der Himmel sieht. Wa Allahu "ya`lamu Kha'inata l-A`ayuni wa ma Tukhfi s-Suduru" (40:19). Salafi Ulama, sagt die Wahrheit, wie oft guckt ihr jeden Tag? Das ist eine Sache, aber wir wollen etwas anderes sagen. Jetzt sagen wir: Audhu Billahi mina sh-shaytani rrajim. Wie oft sagt ihr: Audhu Billahi mina sh-shaytani r-rajim? Sprecht. Shaytan kommt nie zu euch? Und veranlaßt euch, dies und das zu tun?

Salafi Ulama, sie waren 100 % auf dem Wahren Weg. Das ist der Grund, daß in unserer Zeit der Islam niedergeht, weil jene, die verantwortlich sind für den Islam, nicht genug Rat geben. Ihr gebt nicht Rat an jedem Juma. Vielleicht geht ihr auf die Mimbar, aber ihr sagt nicht, daß Allah der Allmächtige befiehlt: 'Hütet euere Augen, damit sie nicht haram schauen, verbotene Anblicke.' Sagt, wie oft ihr täglich guckt, und ihr sagt nicht: Audhu Billahi mina sh-shaytani rrajim. Ja, vielleicht, vielleicht fahrt ihr manchmal mit dem Auto, dem neuesten Modell. Sprecht! Nicht das letzte, das neueste Modell. Warum sprecht ihr nicht? Das letzte neu-modische Auto. Ihr fahrt darin und guckt. 'Oh! Du bist der Fahrer?' 'Oh, mein Shaykh, das bin ich.' 'Sehr gut.' 'Euere Heiligkeit, wohin möchtet ihr gehen?' 'Laß mich nachdenken... wohin gehe ich? Weil ich mein Gleichgewicht verloren habe, als ich eine Dame wie dich sah, so schön, als Fahrerin, da habe ich meinen Verstand vollkommen verloren.' 'Ja, wir sind Ulama.' Warum gebt ihr kein Fatwa, daß schöne Frauen keine Fahrer sein dürfen? Nein, das ist Fitna. Sagt, das ist die Heilige Ordnung.
Ihr kennt das Ayatu l-Karima: "Qul li l-Muminina Yaghuddu min Absarihum" (24:30). Allah der Allmächtige befahl dem Siegel der Propheten (saws), den Menschen zu sagen, ihre Augen davon abzuhalten, auf verbotene Anblicke zu gucken. Warum sagt ihr das nicht auf den Mimbars? Oder jedesmal, wenn ihr sagt: "Kullu Muhdathin Dalala, Kullu Dalalatin fi n-Nar", ihr kennt das, aber warum sagt ihr nicht, das ist Muhdath, aber was ist mit dem Befehl Allahs des Allmächtigen? Er sagt: "Qul li l-Muminina Yaghuddu min Absarihum". Ich bin kein Araber, aber ich verstehe etwas. Aber ihr sagt: 'Wir sind Salafi Ulama.' Ja, wie war der Islam? Ich sage euch etwas. Ich weiß nichts, aber was zu mir kommt, muß ich sagen.
Es war einmal ein Qadi, der sich um jeden Fall mühte. Eines Tages kam zum Maqamu l-Qadi, zum Gericht, wo der Qadi saß, eine Frau mit Jilbab. Ja? Man konnte nichts sehen. Der Qadi

sagte: 'Weshalb kommst du, Mu'minah?' Und sie sagte: 'Qadi, ehrenwerter Richter, ich komme, um mich über etwas zu beschweren. Ich komme, um meine Beschwerde im Angesicht der Shariatullah vorzubringen.' 'Sprich', der Qadi sitzt. Und sie sagte: 'Ehrenwerter, der vermittelt zwischen zwei Personen mit Hilfe der Shariatullah und deine Entscheidung ist wahr und du sagst, was getan werden muß.' 'Sprich', sagte er. 'Ehrenwerter Qadi, ich komme, um mich bei dir zu beschweren, daß mein Mann trotz meiner noch einmal heiraten will, deshalb komme ich, um mich zu beschweren.' Der Qadi sagte: 'Mu'minah, das ist erlaubt im Islam.' Was war ihre Antwort vor dem Qadi? Hört zu, Salafi Ulama! Ihr müßt zuhören, ihr müßt Antwort geben, ob es wahr ist oder nicht. Und sie sagte: 'Ehrenwerter Richter, du hast recht, aber, wenn Shariatullah... Seht, Salafi Ulama, jene, die behaupten, Salafi Ulama zu sein, ihr behauptet, Anhänger von Salafu s-Saleh zu sein, die dahingingen von den Guten unter den Ulama. Schaut auf eine dieser Personen! Sie sagte: 'Qadi, du hast recht. Allah der Allmächtige gibt Seinen Befehl und Seine Erlaubnis, eine zweite, dritte und vierte zu heiraten, aber, Qadi Muhtaram, ehrenwerter Qadi, wenn Shariatullah mir die Erlaubnis gäbe, vor dir mein Gesicht zu enthüllen, würdest du diesen Richtspruch nicht fällen. Würdest du meine Schönheit sehen, würdest du das nicht sagen, sondern meinem Mann vorwerfen, du hast von Allah dem Allmächtigen so eine Schöne bekommen wie der Mond und du willst eine andere heiraten, Schande auf dir. Behalte eine solche Schönheit bei dir und sei Allah dem Allmächtigen dankbar.'

Seht ihr? Damit ihr versteht, das ist Islah li l-Fiqh, Reform der islamischen Doktrin. Was wir jetzt sagen, das meint, daß die wahre Shariat einer Frau niemals die Erlaubnis gibt, irgendetwas von ihrem Körper zu zeigen. Wahr oder nicht? L`anatullahi ala l-Kadhibin - Fluch auf die Lügner. Sprecht! Wenn ihr die Shariat kennt, wir kennen die Shariat auch. Und Sayyidina Muhammad (saws) ist Rasul für Araber und Nicht-Araber, nicht nur für euch. Astaghfirullah, Astaghfirullah, Astaghfirullah. Wir sagen etwas, das keine vorbereitete Zusammenfassung, sondern etwas von der Wirklichkeit der Shariatullah ist. Spielt nicht mit der Shariatullah. Gebt nicht Rukhsah, Erlaubnis, über Allahs des Allmächtigen Shariat hinaus. Manchmal machen sie aus mir einen sehr Schwachen, manchmal bin ich sehr hart, weil sie mich zu jenen sprechen lassen, die behaupten hoch zu sein, Top Ulama. Nein! Ihr sagt das zu den Leuten. Seht euere Leute an, auf Ardu l-Muqaddas, al-Mamlakat, wie gehen sie herum, hmm? Sie fordern sogar die Erlaubnis, Auto zu fahren. Was ist das?

Astaidhu Billah "Ar-Rijalu Qawwamuna `ala n-Nisa". Euere Sprache ist Arabisch, versteht ihr oder versteht ihr nicht? Was sagt Allah der Allmächtige: "Ar-Rijalu Qawwamuna `ala n-Nisa"? Wo sind die Beschützer ihrer Frauen? Sprecht! Ihr werde wie 'B'iss' sein. Was sagen sie im Hijaz für Katze? Sinnur. Sinnur. Was sagen sie im Hijaz? Ja, wenn deine Frau dich anschreit, wirst du Sinnur. Sinnur, Katze, B'iss. Einmal kam ein Beduine aus der Wüste. Er fand ein Tier, und es folgte ihm und er sagte: 'Das ist ein so schönes Tier, ich werde es behalten.' Und er nahm es und tat es unter seine Jubbah, seine Abaya. Er ging und ging, dann traf ihn jemand und guckte und sagte: 'O was für ein schönes Tier.' Dieser gab einen Namen und jener gab einen anderen Namen für dieses Geschöpf. Bis er den Ort erreichte, wo er bleiben wollte, redeten vielleicht 10 Leute und nannten verschiedene Namen für dieses Geschöpf. Der Beduine sagte: 'Ein Übermaß an Namen bedeutet mehr Ehre, mehr Wert.' Denn die vielen Namen, mit denen jemand benannt wird, sind ein Zeichen dafür, daß er berühmt ist oder daß er geehrter, sehr wertvoll ist. 'Ish, ish, ish' - was sagt er? Ich bin so glücklich, so glücklich, so glücklich. Heute "Ghanimat", heute Gewinn, oohhh. Und er ging zum Basar, Souq. Er ging dorthin und stellte sie aus, und die Katze machte 'mrr, mrr, mrr, mrr, mrr, mrr'. Er ging herum. Jeder kam und guckte. 'Oh was für eine schöne Katze. 'Ohh! So schöne Sinnur, eine so schöne Katze.' Aber niemand guckte... 'Möchtest du sie kaufen?' 'Nein, wir haben auch eine', und ging weg. Und am Ende blieb niemand auf dem Marktplatz zurück, und er ärgerte sich so über die Katze und machte so, 'Geh weg! So viele Namen und kein Wert, geh weg!' Und sie rannte weg.
Was sagen wir? Katze. Wozu sprechen wir über diese Katze? "Ar-Rijalu Qawwamuna 'ala n-Nisa". Der Anhaltspunkt? Ihr müßt euere Lektion lernen. Laßt euch nicht betrügen. Ihr seid jetzt die ganze Ummah, die ganze Nation des Siegels der Propheten, Sayyidina Muhammad (saws). Zollt Respekt oder auf keinen Fall! Jetzt in unserer Zeit kommen die Frauen und sagen 'Mrr, mrr, mrr, mrr.' Auch Prinzen erzittern bei dem Gedanken, sie unglücklich zu machen. 'Wie du willst, meine Geliebte. O mein Liebling, wie du willst, ja, es macht nichts, morgen.' 'Nein, mein Sayyidi, mein Meister, jetzt kannst du es nicht finden, aber du wirst es finden. O mein Liebling, o mein Liebling...' Marhaban, Salafi Ulama. Ich bin 90, macht mir keine Vorwürfe. Das Schreibrohr wurde von mir aufgehoben. Sie hört zu, denkt darüber nach. Alles wird aufgeschrieben, aber dieser schreibt für euch das und jenes. Für mich nur rechts. Wenn ich etwas Gutes tue, schreibt er. Bezüglich dessen, was nicht gut ist, meine Sünden, sagt Allah der

Allmächtige "Uttaqqau r-Rahman, Asbahna Uttaqa". Denkt über euch nach. 'O mein Liebling'. Salafi Ulama. 'Warum hast du es heute Abend nicht mitgebracht?' Die Frauen weinen. 'Warum hast du nicht einige gute Kosmetika mitgebracht?' Sie schlafen! Ich halte sie hier, Leute, damit sie mein Englisch berichtigen. Sie machen es nur schlimmer. Was sollen wir tun? Möge Allah uns vergeben, Leute.

Und wie ist jetzt die Lage für muslimische Frauen? Habt ihr so viel Mut, auf die Mimbar zu steigen und zu sagen: 'Leute, Allah der Allmächtige befiehlt, daß ihr euere Augen davon abhalten müßt, auf Haram zu gucken.' Mu'min und Mu'mina, warum nicht "fa dhakkir"? Allah der Allmächtige befahl -ist das Arabisch oder Türkisch?- "Fa Dhakkir, Fa Dhakkir". Sie mögen vergessen. Ihr seid die, die erinnern, die Mahner. Sprecht. Heute Abend machen wir für euch solche Dinge. Auf der einen Seite mögt ihr lachen, auf der anderen Seite werden die Salafi Ulama sich ärgern. Ärger ist nicht gut für Salafi Ulama. Der Ärger frißt den Iman. Wißt ihr, was der Prophet (saws) sagt? Als einer kam und ihn bat: 'Ya Rasulullah, gib mir einen Rat.' sagte er: 'Ärgere dich nicht'. 'Und einen anderen', sagte er. 'Ärgere dich nicht'. 'Noch einen', sagte er. 'Ärgere dich nicht.' Warum ärgert ihr euch? Ärgert euch nicht über mich, ärgert euch über Shaytan! Ich spreche nicht im Namen Shaytans, sondern ich spreche im Namen des Siegels der Propheten (saws). Möge Allah uns vergeben und uns die Macht geben, den Islam zu bewahren, den wahren Islam, so daß die ganze Welt kommen muß, weglaufen muß von den Schwierigkeiten und Leiden zum Islam. Alles, was eine Wohltat ist, was den Menschen guttut, finden sie im Islam hier und im Jenseits. Solange sie weglaufen, fallen sie in die Hölle hier und im Jenseits. Möge Allah uns vergeben. As-Salamu Alaykum. Fatiha.

Mein Arabisch ist dürftig. Kümmert euch nicht um mich, ya Ulama, Salafu s-Saleh, innerhalb der Manieren der Schuldigkeit, da mein Alter zunimmt, 90, kümmert euch nicht um mich, aber nehmt, was notwendig ist, etwas ist okay. Ich bete, daß mein Ende in vollkommenem Iman ist, und ich bete auch, insha'Allah, daß euer Iman vollkommen ist, daß ihr Jannatu l-Firdaws al-Ala erlangt. Innerhalb der Manieren der Schuldigkeit. Fatiha. O ihr Schönen... Ihr verbrennt unsere Herzen. Bewahrt den Wert der Ehre euerer Frauen. Und ihre Frauen sind unbezahlbar. Sie haben einen majestätischen Ausdruck, seht, in einer jeden kannst du diesen Ausdruck finden. Seid nicht aus Holz, wie eine Wand. Nein, seid sanftmütig zu eueren Frauen. 'Immer, mein Liebling, o mein Liebling.' 'O mein Liebling', sagt eine zu ihrem Mann, einer 90 Jahre, die zweite 85. Sie gingen

in einen Vorführungssaal, eine Modenschau, und beide, die 85jährige guckte und sagte: 'Mein Liebling, diese Kleider -wären angemessen für mich, und sie erinnern mich daran, als ich 15 Jahre alt war. Bitte können wir sie kaufen?' Und ihr Mann, 90 Jahre und mehr: 'O mein Liebling, welche?' Er trägt dieses alte Monokel. 'Welches, mein Liebling?' 'Dieses.' Bis sie für diese unterschreiben, laufen noch 10 weitere durch. 'Welche?' 'Es ist gerade vorbeigegangen, aber ich glaube, das zweite wäre okay für mich.' 'Ja, Sir! Ich kann es für dich kaufen, aber ich glaube, daß nur die Kleider schön sind, du hast deine Schönheit in den Schönheitssalons verloren.' Fatiha. Bismillahi r-Rahmani r-Rahim.

Lefke, 21.03.2010

## MEN IN ISLAM

Every responsibility for the family is on the shoulders of the husband. As husband and father, all the responsibility here and hereafter is on him, the man - because Allah Almighty makes men stronger than women - physically, spiritually. The responsibility is loaded on him. Women are weak physically, so Allah Almighty does not load the responsibility on them. Western people think that women and men are equal - they are wrong. They are not equal - it is a lie. If men and women are equal, then we would have all women or all men. Why create male and female? If there are two kinds - how can they be equal? If they are equal, either we would have men or women. So man is stronger than woman and Allah Almighty loaded responsibility on men for family and children.

Women need protection. They are unable to protect themselves and their children. Man may protect the family, therefore he is responsible for his family, his wife and children here and on the day of resurrection. He has been ordered to care for everything related to the needs of the family - to bring, prepare and collect. Also to educate the children - first, to give them strong belief, then to teach them skills and to care for them until they grow up and can make their own living. To prepare them for marriage - not to let them run after bad ways. That is the husband and father's responsibility. As in Islam the relationship of men and women must be perfect. As for the family we believe that the creator Allah Almighty is the creator of our children.

Muslims must do every best action in their dealings with family, children, neighbours, the community, the whole universe. A Muslim must do his best for everyone who is in relationship with him or her. First in the family - the man must be best one for his family and women must be best for her husband and family; the man towards his wife and children must be the best one, so that none of the family members will say that another man's actions are better then our father's behaviour to us or my husband's dealings are not the best, but others are better. There must be best actions with family members and never hurting neighbours. There must be respect in the family. One must be more respected in the family - Islam accepts the man to be the most respected, because he has the biggest responsibility to carry for the family.

Woman is weak and in need of protection. So, if a person carries more responsibility, he must be obeyed and respected in the family. From the man's side, Islam asks more mercy for his lady and his children to bear more and to be more patient and to be more merciful for them, not to eat himself without them eating, not getting home before his wife and children are at home, looking after everything they need, not to spend even one penny for himself, for his pleasure alone. If he wants something for himself, first he must ask for his family and children. He must behave as if he is a king at home in him family and he must deal with his wife as a queen for himself. He must say my lady and his wife must not say to him Peter, Umar, John. If is not good manners in Islam to say - both sides must keep respect to each other. You may use a respectful word for your husband, never saying by name. We never heard in previous times, our mothers, Muslim women, calling her husband by name or Muslim fathers calling wife by he name. He must never spent even one penny outside for his pleasure without making sure for his family. If he does not make sure he is a bad one, bad husband, bad father, in Islam. In Islam man must be the best man, women must be the best women.

*Islam & The Community*

Neighbours must be protected. We have a saying, if you want to know about a person, you must ask his neighbour. If the neighbours say he is good, you must accept him as a good man. Our neighbours are our juries. If they say he is a good one, that it is a good one. If he hurts his neighbour, making them complain, harming them, he is a bad one. Islam prohibits harming neighbours and orders people to look after their neighbours first from everyone, because they are the background for our homes, for our families. When we are absent, they must look after our homes. In this way there must be a very close, strong relationship and

solidarity with neighbours.

Islam says neighbours are forty houses - in all directions up to forty houses, this is your neighbourhood. You must look after all these people, you must be in relationship, you must say good-bye, good morning, good evening to them, you must visit them, you must ask how are you, what are you doing, what do you need? And you must take care that in these forty houses in four directions no bad person comes to live there. You must say no to a bad person coming to live in your neighbourhood. That community must be united. If a bad person, bad family comes to the neighbourhood, that means a cancer cell is coming to the community. Therefore, Islam orders every Muslim to look after his neighbour up to forty houses around his home. All of them must be visited for good occasions, for sad occasions, for any occasion, for sickness, for death, for family weddings and other occasions and religious days and nights. They must visit each other and look after their needs and what they are going, who is coming and who is going. A Muslim community with their good dealings is keeping its area free from bad ones, Muslim help security powers - each one must be a holder of security power and give support to them so that any bad thing which happens there, they will know and who did it. They must be with the security powers, the policy. That is the best community organisation in Islam, never giving a chance to a bad one to infiltrate the area, quickly catching him.

Now in Western civilisation they claim that they reached top point of civilisations, but people do not know who is in front on their home, who is that one, and not saying good morning or good evening. What is that civilisation? Islam brought best community organisation and best for community. This is a sign of our relationship with each other at home and in the neighbourhood and also our relationship with governing powers, with the government. Islam says that we must obey laws, we must not be against laws. Therefore, anywhere a Muslim lives he should be obedient. If he doesn't want to be obedient, he may leave that country. It is forbidden - wherever you are you must be obedient, not be against the law. In our days so many people are going against the law. In our days so many people are going against the law. It is not real Islam. A Muslim must be obedient. It is impossible for there to be a Muslim rebellion.

Muslim community must respect each other, must extend help to each other, must try to establish in their neighbourhood charity purposes, WAKF, charitable foundations or trusts for the benefit of the community. Everyone must try. In earlier times we had that good traditional custom - even peasants were giving one olive tree or one carob tree or a piece of land for the benefit of the community fo revere. They were trying to make

charity. That is most important for everyone to do. The beauty of Islam is charming, the perfection of Islam is os magnificent, but ignorant people do not understand. The Islamic world is full of charitable foundations, thousands or ten thousands or hundred thousand of foundations or million foundations for charity, living now. That is also our relationship with each other and towards the government. You must be obedient and you must try to do something - leaving charities for every.

Islam says, don't allow bad people among yourselves, isolate them. Bad ones must be isolated from the community. That is a most important thing in Islam. Never give a chance for a bad one to live in the community. The government has the most responsibility to look after those people. But Muslims also must not allow such bad ones to live in their neighbourhood.

Whoever is waiting from their wives, they are like lazy lions, waiting for the lioness to bring, to work, and our ladies are going to be like a lioness in Western countries. Their men are cheating women, saying - O, you are a lioness, you must also work, my work is not enough. Lazy lions - increasing in western countries and stretching to eastern countries also. There are also many lazy lions sitting in coffee shops and their women are working in the fields, in shops, in government departments. That is against the balance created by Allah Almighty in this life.

## THE MERCY OF OMAR

When Sayidina Omar, peace be upon him, left this temporary life to go into his permanent life, he was buried. After that, some of his companions dreamt about him and asked him in the dream how Allah was dealing with him.
Yes! Everyone will have to deal with Allah Almighty in the hereafter, because one day we will reach to Him. You must think about this, and about how it will be for you. Will He welcome you, or not? Think about it! We are all going to Him. We must go back to His Divine Presence. Think of how Allah Almighty will accept you. How will His Feeling be towards me? Will He welcome me with every blessing, or will it be the opposite? That is important for everyone. The dealing you will have with Him will be according to the dealing you have had with Him in this life. How was your dealing with Allah? You will find it there.

So the companions asked Omar, "Oh, Emir, how was our Lord's dealing with you there in the grave?" He answered, "He was dealing with me full of mercy. The Almighty said to me that He is giving me mercy because I was sometimes patrolling around Medina." Yes, Omar was looking in Medina. He was doing it himself. He did not leave that to anyone else. He didn't need any bodyguards. He was the patrol himself for the beloved umma, because the umma belongs to the Beloved-one and everything that belongs to the Beloved-one is also beloved. So when you respect his nation, you are respecting the Prophet sws.

Once Omar a.s. was passing by one place where children were playing. They had caught a sparrow and they had tied both of its feet and every time when the sparrow wanted to fly away, they would pull it back. They were torturing the creature. When Sayidina Omar saw this, he asked them to sell the bird to him. The children agreed and gave it to him quickly. Because Omar gave his pity to that little bird, to that little weak creature, Allah Almighty gave him His Mercy.

Allah Almighty never even mentioned that he had been the Wezir of the Prophet sws. or that he had been the son-in-law of the Prophet sws. or that he had been the 40th follower of the Prophet sws. or that he was the first one who came out and said, "Allahu akbar!", or that he was the one who brought all the companions to the Kaaba, instead of praying in a hidden place. Omar was the one who said to them, "We are following the truth, aren't we? So why should we be hiding? For who was the Kaaba built? For those dirty people, or for the clean ones?"

The biggest mistake of people nowadays is to think that Muhammad sws. is an ordinary person. The Wahabi people are also trying to make him into an ordinary person like all the other no-mind people. Oh, people! Muhammad is a Praised-one! He is chosen and praised by His Lord from pre-eternity to eternity he will be praised. He is an extra, extra, extra personality. This is the biggest mistake that the Kuraish, his tribe, did. To say that he was an ordinary person! They sent Omar, Osman and others to kill him!

Which sword could be able to cut the head of the Beloved-one? Ibrahim a.s. had the order to cut off the head of his son. But as he tried to do so, the knife couldn't cut. It made him very angry, so he tried to do it with a sharp stone. The stone was so sharp that it could slice cheese, but it did not harm Ismael a.s. That stone had been there since the beginning of time, waiting to follow the order of Allah. Pilgrims used to go and visit the stone until the Wahabis came and put TNT on it. Allah will put His TNT on them! Ibrahim a.s. was very angry because the knife did not let him fulfil the holy command of Allah Almighty. The knife spoke and said, "Khalil Ibrahim is telling me to cut, but Khalid is telling me not to. You are telling me to cut, but our Lord is telling me not to cut!" So which sword do you think would ever touch Muhammad, sws.? Or which hand do you think would ever strike against Muhammad sws.?

Once a Rabbi of the unbelievers came to Muhammad sws. He was resting under the tree and he also put his sword there. One of the enemies came and saw that Muhammad sws. was sleeping far away from his army. So

he crept up secretly, took his sword and thought, "This is my chance to cut!" He thought that Rasulallah was a fearful person and just thought to himself, "Doesn't he know that it is dangerous to be far away from the soldiers?" Of course he knows! If he was an ordinary person, an ordinary commander, then he would have to sleep amongst his soldiers. But he is not! He can sleep anywhere that he likes. So that person came up and said, "Oh, Muhammad, who is going to save you from my sword now?" He spoke, and it was only as if a mosquito had come to him, nothing else. "Allah!" said Muhammad sws. and with that, the sword fell down on the Arab, and he was finished. People still think, that Muhammad sws. was an ordinary person, someone from the market. Insha'Allah we will show people who he is and who he was and who he is now and who he will be, Muhammad sws.

They even thought that Omar was going to kill the Prophet sws. and bring them his head. Sayidina Omar gathered all the companions behind him happily and they were marching. The rulers of Mekka saw him coming, and thought that he was bringing a lot of slaves back also. They only wondered where the head of Muhammad sws. was. What had happened? Here he was coming saying, "Allahu Akbar!". All of them were very surprised. Omar was a real knight in Islam. When everybody else was secretly leaving Mekka to immigrate to Medina, he did so openly. He took his arms and went infront of the Kaaba and said to the people sitting there, "I am Omar, I am going to join Muhammad sws. to go to Medina. I am informing you. If anyone likes to make a widow out of his wife and his children to be orphans, then they can also come with me."

He did his best for the sake of Rasulallah, for the sake of Islam, for the sake of Muslims. After Rasulallah and after Siddiq, he was the Calipha for 10 years and his justice was the greatest on earth. But from all those things, the Lord of Heavens never mentioned anything, He only said, "Ya, Omar, once you were rescuing a small sparrow, which was my creature. You had so much pity for that small one. Therefore I am granting my mercy to you."
That is the most important particularity for Muslims, to be merciful. Muslims are only allowed to kill if something is harmful, otherwise not. But if you do kill something harmful, then that is a mercy for the whole umma. For example, to kill a scorpion, really gives a mercy to people. Or to kill a snake, is a mercy from you to the umma. To kill a dragon, is a mercy from you to the umma. To kill a devil, is a mercy for the umma.

Believers represent the mercy of their Prophet, because the mercy of the Prophet sws. for all creatures

teaches from pre-eternity to eternity. He, who created Rasulallah, peace be upon him, gave him mercy for all the creatures. And his believers, the Muslims, represent his mercy. And Islam represents the mercy of Allah Almighty to His creatures. Whoever hates Islam, hates mercy. They are devils. That is why, you should ask for mercy from Allah, "Oh, my Lord, grant much more mercy to me. Take the violence from my heart." Mercy feeds faith. If there is no mercy, there will be no faith in your heart. Ask to get much more mercy from Allah Almighty so that your faith may grow up much stronger. Try to give more mercy. To kill dragons also gives mercy.

Now the days are approaching for Mehdi a.s. Mehdi a.s. will come and represent the Prophet sws. and he will give Divine Mercy to creatures. Mercy will reach to people through the sword of Mehdi a.s. Don't be a target for his sword, keep mercy in your heart and take away the violence from your heart! The period of Mehdi a.s. is coming now and he will give mercy to everyone. Try to reach his mercy. Anyone who carries violence cannot reach his mercy. He will instead reach the mercy of his sword. Whoever carries violence in their heart will only reach the mercy of his sword. But those who have mercy in their hearts, and no violence to anyone, they will reach the mercy of Mehdi a.s.

May Allah forgive us. Change yourself. Change your characteristics. Try to change your habits, because now the general habit of mankind is to be violent-ones and to feed the hearts of people with even more violence. And in every occasion they are trying to show it. A simple example is how many millions of people are following football. Football feeds violence in the hearts of the people. So try to be far away from the means of violence. Boxing also represents the violence in people. Stay far away from it. Yes, so many things which people in common feed the violence in their hearts with. Technology feeds violence in mankind. That is the reason that technology is destroying humanity and all the good qualities within mankind. It makes them violent like wild animals.

All Prophets came and were loaded with mercy. But people refused their mercy and then the punishment and curse came on them. Allah Almighty sends His Mercy to his servants through his Prophets, but the people refuse them and refuse the Mercy of Heaven, and then the cursing comes on them. The new understanding of mankind must come to mankind through Islam. May Allah forgive us and let his sincere servants come and be prepared to accept His Divine Mercy.

## THE MERCY OF THE MOST MERCIFUL and the ARROGANCE OF SHAITAN

As-salamu alaikum! No Salaam for the enemy. In the Name of Allah Almighty, all Merciful, Most Beneficent, and Most Magnificent. May Allah forgive us!

We are the living nations in this world and our period is the worst period of all the periods that has passed away. So many centuries have now passed away. I am not saying that there was a period in which all those who lived were good ones. No, this cannot be so. If we had been Angels, this would have been a peaceful world, but we are not Angels. We are of human nature and we are from mankind. If there was no Shaitan in our lives and our generations, then we will be able to say that this Dunya (world) is a peaceful Dunya. But Shaitan is around and in our midst and Shaitan is the first one who was causing troubles.

He is the first trouble-maker. If I was to ask from X as to who Shaitan is, then it must be answered that he was and is the first of all trouble makers. When Allah Almighty ordered the Angels to bow to Adam (alai), Shaitan said: “No!” He refused. Therefore he is the beginning and first of all trouble-makers. All the Angels were very sorry, very sad and very ashamed because Shaitan said to Allah Almighty: “I am not bowing!” The Angels were wondering about Shaitan as to how he dared to refuse Allah Almighty. All the Angels throughout the Heavens were ashamed of this act and they were saying, “Oh, we wish we were not in existence to hear such a creature say in his Lord’s Divine Presence: ‘I will not obey Your Order and I will not make Sajda, I will not bow to Adam!” Yes, all the Angels were ashamed and they were also very fearful, because they were thinking that may be heavenly anger may fall on all of them and take them all away. They were trembling! La haula wa la quwatta illa bi-llahi-l ‘Aliyul-l

‘Adhim!

I feel sorry, deeply sorry for mankind who are living now on this planet because they are eating and drinking from heavenly favours from their Lord but still they are not taking care of such a very important point which is to teach their children and governments that Shaitan was the first trouble maker. Yes, they are not taking any care through their education system to mention the first trouble-maker and what was the cost for mankind and for all creation. It is not easy to stand up in the Divine Presence of the Lord of Heavens and to say: “You can’t order me to do this!” This means: “You are wrong” – Astaghfirullah! – “to order me to bow to Adam who is created from mud. I am created from the flames of fire and I have been keeping Your servant hood for thousands and thousands of years. You have only now created Adam and as yet he has not even put his forehead on the ground in Sajda and You are saying to me to make Sajda to him, to bow to him! That is a very wrong order and I am not going to obey! No, never will I bow to that one!” Then the Lord of Heavens said:” Devil! Get out, you are Shaitan! Who are you to stand up and to accuse Me and My holy Command. You are telling Me, that I am doing wrong and that you are right? What is this! O Angels, kick that one down!” Therefore each Angel was kicking him. If I had been there, I would also have kicked Shaitan, and also everyone, who does not make Sajda, I am also kicking his back down!

Therefore the position of the one who does not make Sajda, is the position of Shaitan. The people who do not bow and make Sajda are on the same level of Shaitan. What do you think now about the six billion people of mankind? How many of them are bowing to their Lord? They are not bowing to their Lord, but bowing to Shaitan. Such things like we spoke of about Shaitan are not being taught to people now! They don’ like to teach students this, because they themselves are not bowing to Allah. Even in the Muslim World, the majority of them are not bowing to their Lord and their real position is just like the position of Shaitan. Yes, those who do not even bow daily even at least once to their Lord, are on the same level with Shaitan and Shaitan’s

level is the lowest level. You can't find any level under Shaitan's level, no! The is the biggest sin of Shaitan and he was thrown away for this.

There is some knowledge from old books that has reached to me, and also it is written through the Holy Books and it has reached to me through the Seal of Prophets, the most beloved servant of the Lord of Heavens, Seyyadina, Muhammad (sal), certain heavenly knowledge that Allah Almighty was ordering. Allah Almighty ordered Shaitan to be in the fire and He was also ordering the Angels to take him to Hells – May Allah forgive us, not to fall in fire! You can't describe the horror of Hells! If a real description of Hells is given to people, no one can be able to bear to even live, thereafter. People will fall down dead from the fear of the fire of Hells if such a description is even given. After the passing of every one thousand years, the Lord of Heavens is asking for Shaitan; and He is sending the Angels to bring him to the entrance of Paradise and they are also calling Seyyadina Adam to come from inside paradise and then when they are face to face, the Holy Command is asking the Angels, as Allah Almighty is never addressing him. After that biggest sin, Allah Almighty never addressed Shaitan, face to face, no. He is sending Angels instead and they are addressing him. "Tell that one" – So He was ordering the Angels: "Say to that one" – and never is He saying of him 'My servant', no! This is because he was thrown away from servanthood! – "Ask from that one that his Lord is ordering to him to make Sajda to Adam (alai) and then His forgiveness shall clean him and make him to be in Paradise! One condition: Say to Shaitan that his Lord likes to put him into Paradise, with one condition!" and Shaitan was hearing ! "My condition: My Order can't be to fall down, my Order must be on their heads!" – Not under their feet – as those foolish people now living on the earth are doing; they are making the Holy Command of Allah Almighty under their feet. They should be taken away! – "Say to that one that the Lord of Heavens is asking to forgive him and to put him in Paradise, with one condition: My Order must go on! If he likes to get into Paradise, he must keep My Order to bow to, Adam, and I shall now accept him if he is bowing to Adam, I will forgive him and send him to Paradise!".

Such is the mercy of Allah even to this worst one. Allah never leaves ourselves through our bad egos! – But that worst creature, was getting so angry still, and he was saying: “Once I refused to bow to him and now also I am not going to bow to him; I don’t like to enter Paradise, I am going down!” Allahumma ahfadhna!

O our Lord, forgive us! O our Lord, don’t leave us in the hands of Shaitan and his representatives! And the representatives of Shaitan are all those cursed people who are not taking care of the Lord of Heaven’s Rules; they are putting the Holy Rules under their feet and they are running with Shaitan. I am making them under the feet of believers and I am sending them to where I sent Shaitan; I am sending them to that place, through fire!

O people don’t say that day by day now there are so many troubles and that the tension of this world is getting more and more, and reaching to the point of explosion! As long as they are not taking care for the Rules of Heavens- if not today, tomorrow, if not this week, next week, if not this month, next month, if not this year, next year – one day they should explode, finish and disappear. Oh people, who have been appointed and granted to be leaders of nations, take care of the Holy Commands of Heavens! Come and take those Rules and try to keep those Holy Rules or your Lord will be writing your names as trouble-makers; as it is written in front of the name of Shaitan; ‘First Trouble-Maker’, your name also is going to be written under his name as one ‘trouble-maker. Divine Anger is coming on the trouble-makers and taking them away. No way!

May Allah bless us, may Allah forgive us! It is enough; if anyone is able to understand my words he may understand. People are trying their best to make troubles to each other, and they are trying also to make trouble for themselves also and it is dangerous like marching on fire! May Allah forgive us and send us someone to take the weak servants of Allah to the way of Paradise and to save them. We are asking also that with His Divine Mercy... we are asking humbly not to leave ourselves in the

hands of those Shaitans, those tyrants, but that He may send us Mehdi Sultan and Isa Sultan, to save our weak mankind on Earth.

Those, who are making their position with Shaitan, they should be taken away. When Karun did his worst to Seyyadina Musa, Allah Almighty was angry also with Karun and He was ordering Moses: “Say to your tribe, the tribe, the tribes of the Children of Israel, as to who is going to be with you, may come to you; as for who is not coming to you and asking to be with Karun, he may go to Karun’s side.” Therefore people were divided into two parts: one part was with Seyyadina Musa, and the other was reaching to Karun. Then the Holy Command from Allah Almighty came to Moses: “Order, what you are asking to do! Order earth; earth may punish those, who are not with you and who are going with Karun!” Then Moses ordered that the earth swallow him and those with Karun. Moses and his group of people, were sheltered from the Heavenly Anger, but as for them who were against Moses, the Divinely Anger came upon them and the Divine Revenge reached to them; and up to today daily, upto the measure of one height of a man they were coming down (more), coming down, coming down- up to the last Day. May Allah forgive us, for the honour of the most honoured one in His divine Presence, Seyyadina Muhammad (sal) Fatiha.

## A Message To Kurds

In Afrin, in your village Afrin
V: I don't speak Turkish. O Kurdish!
SN: he does not speak Kurdish, or Turkish or Arabic! (joke) Al Hamdulillah!
V: I forget everything in your presence Mawlana.
M. The village in the upper part of Syria.. The village that we used to come & visit you, Kurka. In Kurka you should build a Maqam derga.
V: It is there Mawlana. There is a Maqam & a derga Sayyidi.
M: Is it big? Then you put this on top of the Maqam.
V: Insha'Allah.
M. Bismillah Al Rahman Al Rahim La Hawla wa La Quwwata illa Billah Al 'Aliy Al 'Azim. We are Muslims, believing in One God. We are the people of the Distinguished Tariqa Al Naqshibandi Ahl Al Sunnah & Jamaat. We do not accept this or that. Our way is on the Straight Way/Istiqama. And now since a few days I like to sit with you. But today I got inspirations & good tidings. Since they fought France for years years, and then France withdrew. And now the strongest group, the strongest... nation are the people living in the Kurdish Mountains. The Muslim Kurds they are believing in one God & they are Naqshbandi. Your father was the leader

of all the Kurdish Mountains. It has been indicated to me now, that Shaykh Ali is authorised, & I am ashamed to say that I am authorizing him astaghfirullah!
V: No, it is a honour for us, Sayyidi.
M: Ya S. Anwar, I am nothing.
V: Allahu Akbar! Hasha Lillah Ya Sayidi, you are the doctor of the hearts.
M: I love these brothers more than anyone else. They were very generous to Grand Shaykh, extremely generous with me also, S. Hussain Effendi, Rahmatullah aleyhi. I am very grateful & very happy with them. They are like my children. Some of the Shaykhs said "Shaykh Ali looks as if he were your son." He wants to take an area. He has no fear and the Kurds, they are different backgrounds & sects. But the leading group is the one of the people of Sunna.
V: With your baraka & madad.
M: These are instructions. For years they trained him, our honourable Grand Shaykhs & from the last ones, Shaykh Hussein Effendi. May Allah (swt) make his destination to Jannat Al Na'im. The strongest nation in the area who have raised the banner of Islam. They have no fear except from Allah (swt), from the Prophet (saws) & our honourable Shaykhs. The area has all kinds of people, most of them are on wrong ways. They are for this world, they have no taste. I heard that the disobedient ones from Turkey they want to come & interfere with you, it is of no benefit, Except who submits to Islam & takes oath to the Naqshbandi Tariqa. There it will be a state, like the state of the victorious King, Salahuddin Al Ayubi. His sword was supported between East & West. They are his inheritors. There are all sorts of Tariqas but all of them are on wrong ways. And now they have pointed towards Shaykh Ali as if he is my son.
V: No doubt Sayidi, we believe & trust.
M: I am only speaking because of my age but his station is very high.
V: Astaghfirullah
M: He has a high station.
V. Your acceptance of us is enough, Sayidi.
M: We ask from Allah (swt) that he may be from among the 99 men of Mahdi (as). There are also 40 men from them his name is mentioned among them.
V: He is from the 99 or the 40 men?
M: The men of the 99 have a greater wazifa/duty & he will rule, according to the 99. But his

name is also in the 313 men. And Allah's (swt) order is always victorious. "Sayuhzamu Al-Jam`u" (54:45) (The group will be defeated) The Holy Verse "Sayuhzamu Al-Jam`u Wa Yuwalluna Ad-Dubura" (54:45) "Wa Yuwalluna Ad-Dubura" (54:45) (they will flee) This is pointing to how many of the false groups are there?

V: many.

M: But everything must return to its original state. Therefore they have appointed him, Shaykh Ali, as a ruler for the area. It is not possible for anyone take take him away from his Maqam/station. Now I have no power, I became zero o Shaykh.

V: Sayidi you are the source of power.

M: I think we are from the people of Sunnah & Jama'at. Everyone from our Naqshibandi Kurdish brothers all of them are from Ahl Al Sunnah wa Al Jama'at, raising the banner of the Prophet (saws). He wants to raise the banner of the Prophet (saws). He has no fear! Who wants to, they may follow him. They have appointed him the leader of the area. He is clean & has the power. They... are supported from the Naqshibandi souls, the last of them Shaykh Hussein Effendi. May Allah bless his soul. May Allah (swt)raise his station in Heavens. O Shaykh Hussein Effendi Hz. they dealt with me with great generosity; What a generosity. V: You are the most generous Sayidi!

M: I want to buy him a donkey!

V: But an original one Sayidi!

M: And now we are Naqshibandi believers and we support Mahdi (as) and we give our oath to the last Khalifa, Sultan Abdullah (King of Jordan) from the family of the Prophet (saws). Show your will power & we give our oath of allegiance to the rightful King Abdullah of Jordan.They indicated to me as what Mawlana Sheikh Al Hassan informed us, he will enter supported. He is supported, and Al Mahdi (as) will come with him from the side of Al Qadam! Hayy!

V:Masha Allah! Masha Allah!

M. I am nothing...I am nothing But those who trained us inspite of that I wasn't trained, but said that this son of ours, Shaykh Ali, what is your last name?

V: Surname is Ali Hussain Ali.

M. They are from the Prophet's (saws) family, that's why they have power. These instructions came to me today. Call him they said & appoint him to be a leader in that area. And they all

should gather, first the Kurdish nation under the banner that he raises. Whoever comes against him will not succeed, there is no support for them. Whoever is with him, is honored here and in the Hereafter as they will be under the banner of the Owner of Time. After Armageddon which will be in Amuq. They know, they know him. These are instructions of what will happen. For introducing his station for him, he has news, he knows. Insha'Allah Al Rahman (swt) Will raise the banner of the Prophet (saws) first. Secondly, the banner of the Khalifa. and third banner belonging to the Naqshbandi Tariqa. Raise the banner, and don't fear! He is like a dragon.

V: I was a young boy.

M.: But he is a lion. A lion! Allah's (swt) lions, he will fight for Allah (swt). Gather all the people of Sunna, people of honesty and dignity under that banner, and he will walk insha'Allah with Sahib Al Zaman, to receive the holy Relics from Asitana, Constantinople, Islambol. I have granted him, I granted him, given him by order of our honored Masters may Allah (swt) support them with His support. Shaykh Ali is supported! from Afrin, Kurkani Naqshibandi. Haqqani. He must be Haqqani. Don't fear, I have given him this duty for the service of the nations. The situation will change now near the border, Turkman, like it. Their sword is drawn, we don't like them at all, it is their end. Ya Rabbi, don't deprive us O our Lord from from being in Sham Sharif. Mawlana, there is no wish remaining for me except sleeping by the tip of his feet in Sham.

V.:May Allah (swt) grant you what you wish & please.

M.: I gave him permission, a general permission for the Kurdish believers to support him, and if they go against him, nothing will work for them, not their homes, not their matters,& their voice will never be heard. We support him! By the order of our honorable Masters I have now granted him this. He must walk with a sword! A sword! Or a knife. Guns or rifles are of no benefit. Whoever looks at them will tremble! Allahu Akbar. This is the conclusion! This is what came to me. Insha'Allah the people of Halab will listen.

V: With your blessing my master.

M.: That area till Diarbakir the Naqshbandis must follow, with them. They will go with Mahdi (as) to Asitana. I wish from my Lord to show me His Beloved (saws) to walk and see their honour, their mightiness.

V:You are our honor, our strength & our support.

M.: Allah...Fatiha.
V: Ya Hayy Ya Qayyum.
M: His heart is open now, the orders will reach his heart & he must follow them. I am happy! Fatiha. Then, inspirations will come to you, follow them without fear. Subhana Allah. Subhanak Ya Rabbi, Subhan Al Malik. Glory to the King of Kings! I give you this, this is for the Maqam, & for the zikr use this one, keep it. Let people collect themselves, collect themselves. Don't go left and right and get busy with decorations. Finished! This is finished, it's cut. The event will happen in the valley of Amuq! The valley of Amuq. It will erase from existance those shaytans. O Don't fear!
V: We won't fear.
M: You are supported.
V: We are supported by you. We are Naqshbandis, believers and faithful insha' Allah.

## A Message & Bai'at to the King

We are in the time the Prophet of Ins/humans and Jinn told about, Sayyidina Muhammad (saws). "There will be after me Caliphs" the Prophet (saws) said. He was then asked about the future, and he (saws) said: "There will be after me Caliphs, then after the Caliphs come Princes, and after the Princes, Kings, and after Kings, tyrants. Then a man from my household, will appear & will fill the earth with justice as it was filled with injustice & corruption!" He (saws) said & you can see it. We reached the time when tyrants are almost defeated and ... defeated and erased from existence. And we... we are nearing the time during which Kings will come after tyrants! Kings after tyrants - Allah (swt) will send support for Islam. "Then a man from my family will come out."

O Great King, Honored & Blessed King, the king of Jordan, from the family of the Prophet (saws) who is the representative and carrier of .... Who is carrying Arabs, and also carrier of all Muslims. And the nation now is without an Imam and a Caliph that represents the Prophet (saws). And now, there is no one in the East and West of the world who can carry the load of the family of the Prophet (saws). He will be with Mahdi (as). The time from the Prophet (saws) till now... The honour of the descendants of the Prophet (saws) is within the power of his Royal Highness the King of Jordan, Jordan. His Royal Highness King Abdullah. I am a poor servant. This addressing is for His Highness.

From before he was born. Before around 70 years, I was in Sham with Sayyidina Shaykh Abdullah, who was the Shaykh of King... of His Royal Highness King Abdullah. Abdullah, who was Imam, Prince of Jordan. And also, King. And he sent the grand Mufti from Jordan to visit Shaykh Abdullah Daghestani, who.. who took baya'. His Royal Highness King Abdullah had taken allegiance/baya' in the distinguished tariqat, from Sayyidina Shaykh Abdullah Al Daghestani. And so he sent, he sent... the Grand Mufti, to give "Salams to my Shaykh and to ask him for news - what should he do." I was there, at that time. "So, what were his orders for us, to do? What does my Shaykh have to say, Shaykh Abdullah Daghestani? Let him tell me." This is to know what happened that time, and nobody witnessed it except this poor servant. "Go & give salams to my Shaykh and ask him what should I do?" He was ready to reclaim the land of Hijaz for the one who was the real inheritor of it, at that time. Sayyidina Shaykh ordered me - "O Sheikh Nazim, get a pen and paper and write what I say to His Royal Highness, Prince Abdullah, King of Jordan. This letter is only for His Royal Highness." I wrote the letter - a very long message. And he was Imam, King, Prince & King of Jordan, your grandfather, who was preparing himself to restore the land of Hijaz to his country. Mawlana Shaykh wrote & said "it is •not the time now." And your grandfather believed this. The King and Imam, your grandfather King Abdullah, he said: I believe the Shaykh. I was getting ready to attack and reclaim the land of Hijaz, as we are its rightful owners unlike these people who are coming from the desert. No! And the Prince, your grandfather, may Allah (swt) have mercy on his soul, said "My Shaykh forbade me. My Shaykh forbade me. And I believed him."

And he said that he saw me while asleep, that I was in the Rawda/garden of my great Grandfather (saws) and a beast attacked me, and almost destroyed me but I killed it because of my Shaykh." This vision he said, Sayyidina Shaykh (Abdullah) said "it is not the time. It is not the time. There will be a King from the descendents of the Prophet (saws), from the descendents of the Prophet (saws), also called Abdullah. He will be, with power! At that time, the descendents of the Prophet (saws) will be cut out, but he will be the carrier of this order. It is his duty. You, your Royal Highness, I advise you to not go out for Jamaat or for Jumaa prayer."

I wrote this! And we sent this letter to him. Subhana Allah! Allah (swt) knows all things Jalla Jalalahu. Allah's (swt) order was destined to happen. One day the King, your grandfather Prince Abdullah, was present in al Aqsa Mosque, Al Quds. And it happened to be coinciding for Juma', when the nobles of the country told him

"O our Prince it is a great chance that you are here, we can pray Juma' in Bayt Al Maqdis (Aqsa M.)" In Bayt Al Maqdis. Subhana Allah! And it was Allah's (swt) destined Order. He forgot & followed the country's noblemen, and while walking in he was martyred. It was done there. Finished. How many years has it been? Maybe 65 years! 50-60 years. With what happened Abdullah was gone. Mawlana Shaykh use to say "Abdullah will open all of the Holy Quds Sharif."

Subhana Allah, how many years have passed since & now right under my eyes, a King! His Royal Highness King Abdullah. Now he came, he is one of Allah's (swt) lions! He has pointed out that he is a desert lion! Subhana Allah! And he is now on the throne of Jordan and he is pressured from all directions. I was writing on behalf of the people of Truth. Mawlana Shaykh used to say to his Majesty Prince Hussain, may Allah (swt) bless him, that it will be given to King Abdullah 10 countries...countries which will be under his rule. Now we have reached the time where the Muslim people are remaining in the hands of the tyrants - these cursed ones! Forget. They have forgotten! And the tyrants came & tried a thousand tricks for the people to forget the Caliphate & the Kingdom of Islam. They forgot & now they have all fallen. The whole Islamic world does not have a place or a way out because they have become completely lost, Subhana Allah!

This servant is a servant to His Majesty the King - if he accepts, my age is almost, Allah (swt) knows. I received a message that these tyrant people in the land of Sham. I received the message, what His Majesty the King should do. Sham is open, there is no one there. Why he is not •organizing himself? Who is he fearing? This addressing is for His Majesty. He was hesitant, but support is coming, support is coming for His Majesty to make a move and declare that he is the Khalifa and that he is the last King who will raise the flag of Islam. I received this message so my message to the King is that he should not hesitate. Because he is representing Ahl Al Bait and is the real inheritor of the descendents of the Prophet (saws). Go and do not fear! Declare that, "I am the inheritor of the Prophet (saws) of the end of times & I am the one who will gather the Muslims & will throw away the tyrants from the whole area, in 10 countries". Subhana Allah Al 'Aliy Al Azim, these news Allahu Akbar Al Akbar!

He declares! He must declare that he is the inheritor to be the Khaliph from Rasulullah (saws). "I am the one who will raise the Banner of the Prophet (saws)" And so he should have three regiments, his Majesty. The Regiment of Sayidina Muhammad (saws) The regiments of Mahdi (as) and his Majesty's regiments. Three, he should raise the banner & march.

I am the first one to give him allegiance! From here I have given him allegiance. And I declare this order to the whole Muslim world that he is the inheritor and that he has to raise the banner of Islam & that he will be victorious & will gather the whole 10 countries under his ruling. Then Mahdi (as) will come from his side from Qadam, in Sham. And he is the King of Sham, His Majesty King Abdullah. 3 Regiments will stand and march. And he should declare, "I am the real inheritor of my Great Grandfather, the Master of beginning & end (saws). I represent him. I want the allegiance from all people, from all the Muslims." And I am the first to stand & give him allegiance, because he is the King of this time, King Abdullah.

May he accept my allegiance, to be the first to give him allegiance, a poor servant. And I order all the Muslim Kings to give allegiance, to his Majesty, King Abdullah and to support him. This poor servant is the first to give him allegiance, may he accept it. May he accept my allegiance... I am seeing him in the company of Imam Mahdi (as) with 3 regiments. The Regiment of the Prophet (saws), the Regiment of Mahdi (as) & his Regiment. Three Regiments & he should march. I am a weak servant. Who listens to me they should give him allegiance for Allah's (swt) sake. Because who does not give allegiance, is not Muslim. I gave my allegiance to His Majesty for Allah's (swt) sake. And who is present from the Awliya' also have given him allegiance. So he should march. And I order everyone who is listening to this weak servant, to offer him their oath. From all over the world, everybody has to give their allegiance, because he is honoured in dunya & in Akhirat. He is the Deputy/Khalifa of Islam, and I declare that he is the one. The right is only for him.

Let them give their allegiance to him, or they will be destroyed. This is the addressing that you came to hear. I was waiting for you. Let him prepare the regiments and declare that he is the Khalifa of Rasulullah (saws) now present & representing Ahl Al Bayt & representing Mahdi (as) •until he comes. Let him march! Let him march with the permission of Allah (swt), Order of Allah (swt) & with the Power from Allah (swt).

O your Majesty I ask forgiveness, O your Majesty King Abdullah of Jordan. You are the most suitable for the Islamic Khilafa/Deputy that the tyrants kicked out from his center and it will return in his hand. Now His Majesty is the Khalifa of Rasulullah (saws) who is representing Ahl Al Bait until the appearance of Mahdi (as). 3 Regiments will accompany of him in his march.

Al Hamdulillah I have declared & I am a weak servant & first one to give allegiance to his Majesty, because he is the Khalifa/Deputy of Rasulullah (saws) and supporter of Al Mahdi (as) & will be with Mahdi (as) entering

Sham, Baghdad, Egypt, Libya, Yemen, all the Arabian Peninsula, Turkey & Kurds, all of them. You came today for this matter and it came to me this addressing, an order to address His Majesty, not to fear and to march with no fear! Because His Majesty is supported. May Allah (swt) raise his banner, and all the Arab tribes - they should give him support & their allegiance.

Those who support him will be from the people of Paradise. O your Majesty may you accept the first allegiance, my allegiance. And who listens to this weak servant, give him allegiance. Give him allegiance & insha'Allah Islam shall stand up supported with Heavenly Power. Allah (swt) sent you, your Highness Prince Abbas. Be with him, all the tribes. Who will go against him will be destroyed, destroyed & perish, destroyed. And those who will give allegiance to him will be honoured in dunya & Akhirat. Tawba Ya Rabbi. I offer him the first allegiance, my allegiance to the owner of the Message, to the Imam of the Muslims & his Khalifa/ Deputy.

He is the only one. There is nobody else. This is what I was ordered & I have declared it. O your Majesty accept, accept, accept... write my name first or last, that I have given you my allegiance. Insha'Allah on Judgment Day it will be written, the honour of having given allegiance to your Majesty as support to Islam. And the armies of the Heavens support him, he should not fear. Fatiha.

I kiss his honourable hands & feet, His Majesty the King. Fatiha.

Bismillahi r-Rahmani r-Rahim... This is for you. His Highness Prince Abbas, you became the means. He has power, masha'Allah! Masha'Allah... Congratulations to Ahl Al Bait in Jordan. Haqq/Truth is raised & nothing can rise above it. He is on Haqq & we are with Haqq. Who goes against Haqq is defeated. Allah (swt) defeats them. "Sayuhzamu Al-Jam`u Wa Yuwalluna Ad- Dubura"(54:45) The Holy Verse says. Who is opposing, there is only defeat for them here & in the Hereafter. Welcome to you Sayyidi. Take Baya'... Kiss his hands & his feet, he is Sultan. May he look to me.. May he look to me.. The treasures of the world are under his feet. Fatiha.

•Who opposes this, has no future. Finished! They will all be defeated because he has the power.

**•Botschaft und Baya für den König**

Wir befinden uns in der Zeit, über die der Prophet der Ins - Menschen - und Djinn, Sayyidina Muhammad (saws) gesprochen hat. 'Es wird nach mir Kalifen geben,' sagte der Prophet (saws). Er wurde dann über die Zukunft befragt, und er (saws) sagte: 'Es wird nach mir Kalifen geben, dann nach den Kalifen kommen Prinzen und nach den Prinzen Könige und nach den Königen Tyrannen. Dann wird ein Mann von meinem Haushalt erscheinen und die Erde mit Gerechtigkeit erfüllen, wie sie mit Ungerechtigkeit und Verderbtheit erfüllt war!' Er (saws) sagte es, und du kannst es sehen. Wir haben die Zeit erreicht, in der die Tyrannen fast besiegt sind und aus der Existenz getilgt. Und wir nähern uns der Zeit, während der Könige den Tyrannen folgen werden. Könige nach den Tyrannen. Allah (swt) wird Unterstützung für den Islam senden. 'Dann wird ein Mann von meiner Familie hervorkommen.'

O Großer König! Geehrter und Gesegneter König. Der König von Jordanien. Von der Familie des Propheten (saws), der der Vertreter und Träger ist von... Der die Araber trägt, und auch der Träger aller Muslime ist. Und die Nation hat jetzt keinen Imam und keinen Kalifen, der den Propheten (saws) vertritt. Und jetzt gibt es niemanden im Osten und Westen der Welt, der die Last der Familie des Propheten (saws) tragen kann. Er wird mit Mahdi (as) sein. Seit der Zeit des Propheten (saws) bis jetzt ist die Ehre der Abkömmlinge des Propheten (saws) bei der Macht seiner Königlichen Hoheit des Königs von Jordanien. Seine Königliche Hoheit König Abdullah. Ich bin ein armer Diener. Diese Ansprache ist für seine Hoheit aus der Zeit vor seiner Geburt. Vor ungefähr 70 Jahren war ich in Sham bei Sayyidina Shaykh Abdullah, der der Shaykh von seiner Königlichen Hoheit König Abdullah war. Abdullah, der Imam war, Prinz von Jordanien. Und auch König. Und er sandte den Großmufti von Jordanien, um Shaykh Abdullah Daghestani zu besuchen. Er leistete das Treuegelöbnis. Seine Königliche Hoheit König Abdullah hatte das Treuegelöbnis geleistet für die Ausgezeichnete Tariqat von Sayyidina Shaykh Abdullah d- Daghestani. Und so schickte er den Großmufti, um seinem Shaykh Salams zu geben und ihn um Nachrichten zu bitten, was er tun sollte. Ich war zu der Zeit dort. 'Was sind seine Befehle für uns, was wir tun sollen? Was hat mein Shaykh, Shaykh Abdullah Daghestani, zu sagen? Laßt es mich wissen.'

Das ist, um zu wissen, was zu der Zeit geschah, und niemand war Zeuge davon außer diesem armen Diener. 'Geh und gib meinem Shaykh Salams und frage ihn, was ich tun soll?' Er war bereit, das Land des Hijaz zurückzuerobern für seinen wahren Erben zu der Zeit. Sayyidina Shaykh befahl mir: 'O Shaykh Nazim, hol einen Stift und Papier und schreib, was ich seiner Königlichen Hoheit dem Prinzen Abdullah, König von

Jordanien, sage. Dieser Brief ist nur für seine Königliche Hoheit.' Ich schrieb den Brief, eine sehr lange Botschaft. Und er war Imam, •König, Prinz und König von Jordanien, dein Großvater, der sich bereitmachte, das Land des Hijaz, sein Land, zurückzuerobern. Mawlana Shaykh schrieb und sagte: 'Es ist jetzt nicht die Zeit.' Und dein Großvater glaubte es. Der König und Imam, dein Großvater, König Abdullah. Er sagte: Ich glaube dem Shaykh. Ich machte mich bereit, um anzugreifen und das Land des Hijaz zurückzuerobern, da wir die rechtmäßigen Besitzer sind, nicht diese Leute, die aus der Wüste kommen. Nein! Und der Prinz, euer Großvater, möge Allah (swt) seiner Seele gnädig sein, sagte: Mein Shaykh hat es mir verboten. Mein Shaykh hat es mir verboten. Und ich glaubte ihm. Und er sagte, daß er mich im Schlaf sah und ich in der Rawdah - im Garten - meines Urgroßvaters (saws) war. Ein wildes Tier griff mich an und vernichtete mich beinahe, aber ich tötete es wegen meines Shaykhs. Wegen dieser Vision sagte Sayyidina Shaykh Abdullah: Es ist nicht die Zeit. Es ist nicht die Zeit. Es wird einen König geben von den Abkömmlingen des Propheten (saws), von den Abkömmlingen des Propheten (saws), der auch Abdullah heißt. Er wird Macht haben! Zu der Zeit werden die Abkömmlinge des Propheten (saws) ausgeschlossen sein, aber er wird der Träger dieses Befehls sein. Es ist seine Pflicht. Euch, Königliche Hoheit, rate ich, nicht hinauszugehen für die Jamaat oder für das Jumagebet. Ich schrieb das nieder! Und wir sandten ihm den Brief. Subhanallah. Allah (swt) weiß alle Dinge, Jalla Jalalahu. Allahs (swt) Befehl war es bestimmt zu geschehen. Eines Tages war der König, euer Großvater, Prinz Abdullah, in der Aqsa Moschee, Al Quds, zugegen. Und es war zufällig auch Juma, so daß die Vornehmen des Landes ihm sagten: Unser Prinz, das ist eine gute Gelegenheit, daß ihr hier seid. Wir können das Juma im Baytu l-Maqdis (Aqsa Moschee) beten. Im Baytu l-Maqdis. Subhanallah! Und es war der von Allah (swt) bestimmte Befehl. Er vergaß und folgte den Vornehmen des Landes, und während er hineinging, wurde er zum Märtyrer. Es wurde dort vollzogen. Schluß. Wieviele Jahre ist das her? Vielleicht 65 Jahre! 50-60 Jahre. Mit diesem Geschehnis war Abdullah dahin.

Mawlana Shaykh pflegte zu sagen: Abdullah wird die ganze Heilige Quds Sharif öffnen. Subhanallah, wieviele Jahre sind seitdem vergangen, und jetzt genau unter meinen Augen ein König! Seine Königliche Hoheit König Abdullah. Jetzt kam er. Er ist einer von Allahs (swt) Löwen! Es ist aufgezeigt worden, daß er ein Wüstenlöwe ist! Subhanallah! Und er ist jetzt auf dem Thron von Jordanien. Und er steht von allen Seiten unter Druck. Ich schrieb im Auftrag der Leute der Wahrheit. Mawlana Shaykh pflegte zu seiner Majestät Prinz Hussein zu sagen, möge Allah (swt) ihn segnen, daß König Abdullah 10 Länder gegeben werden. Sie werden unter seiner Herrschaft sein. Jetzt haben wir die Zeit erreicht, da die muslimischen Völker in den Händen von Tyrannen verharren. Diese Verfluchten! Sie haben vergessen! Und die Tyrannen kamen und

versuchten tausend Tricks, um die Leute das Kalifat und das Königreich des Islam vergessen zu lassen. Sie vergaßen, und jetzt sind sie alle niedergegangen, die ganze islamische Welt. Sie haben keinen Ort, noch einen Ausweg, denn sie sind vollkommen verloren. Subhanallah! Dieser Diener ist ein Diener seiner Majestät des Königs, wenn er annimmt. Mein Alter ist fast... Allah (swt) weiß es.

•Ich erhielt eine Botschaft zu diesen Tyrannen im Land von Sham. Ich erhielt eine Botschaft, was seine Majestät der König tun soll. Sham ist offen. Es ist niemand dort. Warum organisiert er sich nicht? Wen fürchtet er? Diese Ansprache ist für seine Majestät. Er zögerte, aber Unterstützung ist auf dem Weg. Unterstützung ist auf dem Weg für seine Majestät, um einen Schritt zu machen und zu erklären, daß er der Khalifa ist und daß er der letzte König ist, der die Fahne des Islam hochhält. Ich erhielt diese Botschaft, deshalb ist mein Rede an den König, daß er nicht mehr zögern soll, denn er vertritt Ahlu l-Bayt, und er ist der wahre Erbe der Abkömmlinge des Propheten (saws). Geht voran und fürchtet euch nicht! Erklärt: Ich bin der Erbe des Propheten (saws) des Zeitenendes, und ich bin derjenige, der die Muslime vereint und die Tyrannen aus dem ganzen Gebiet vertreibt, in 10 Ländern. Subhanallaha l-Aliyi l-Azim. Diese Nachrichten... Allahu Akbaru l-Akbar! Er erklärt! Er muß erklären, daß er der Erbe ist, um Khalifa von Rasulullah (saws) zu sein. 'Ich bin derjenige, der das Banner des Propheten (saws) erheben wird.' Und so wird er drei Regimenter haben, seine Majestät: das Regiment von Sayyidina Muhammad (saws), das Regiment von Mahdi (as) und das Regiment seiner Majestät. Drei. Er sollte das Banner erheben und losmarschieren.
Ich bin der erste, der ihm den Treueeid leistet. Von hier aus habe ich ihm den Treueeid geleistet. Und ich erkläre diesen Befehl an die ganze muslimische Welt, daß er der Erbe ist und daß er das Banner des Islam erheben muß und daß er siegreich sein wird und alle 10 Länder unter seiner Herrschaft zusammenführen wird. Dann wird Mahdi (as) kommen aus seiner Richtung, aus Qadam in Sham. Und er ist der König von Sham, seine Majestät König Abdullah. Drei Regimenter werden stehen und marschieren. 'Und er soll erklären: Ich bin der wahre Erbe meines Urgroßvaters, des Meisters von Anfang und Ende (saws). Ich vertrete ihn. Ich will die Gefolgschaft aller Leute, aller Muslime.' Und ich bin der erste, der aufsteht und ihm den Treueeid leistet, weil er der König dieser Zeit ist, König Abdullah. Möge er meine Gefolgschaft annehmen, des ersten, der ihm Gefolgschaft entbietet, ein armer Diener. Und ich befehle allen muslimischen Königen, ihm Gefolgschaft zu leisten, seiner Majestät König Abdullah, und ihn zu unterstützen. Dieser arme Diener ist der erste, der ihm Gefolgschaft entbietet. Möge er sie annehmen. Möge er meine Gefolgschaft annehmen. Ich sehe ihn in der Gesellschaft Imam Mahdis (as) mit drei Regimentern, dem Regiment des

Propheten (saws), dem Regiment Mahdis (as) und seinem eigenen Regiment. Drei Regimenter und er sollte marschieren. Ich bin ein schwacher Diener. Wer auf mich hört, sollte ihm den Treueeid leisten um Allahs (swt) willen. Denn wer keine Gefolgschaft leistet, ist kein Muslim. Ich leistete seiner Majestät den Treueeid um Allahs (swt) willen. Und wer anwesend war von den Awliya leisteten ihm auch den Treueeid. Also sollte er marschieren.

Und ich befehle jedem, der diesem schwachen Diener zuhört, ihm seinen Eid zu leisten. Aus der ganzen Welt müssen ihm alle Gefolgschaft leisten, weil er geehrt ist in Dunya und Akhirat. Er ist der Stellvertreter - Khalifa - des Islam. Und ich erkläre, daß er der Eine ist. Das Recht gebührt nur ihm. Laßt sie ihm Gefolgschaft leisten. Oder sie werden vernichtet. Mit dieser Ansprache, •die zu hören du kamst, wartete ich auf dich. Laßt ihn die Regimenter vorbereiten und erklären, daß er der Khalifa Rasulullahs (saws) ist, der jetzt gegenwärtig ist und Ahlu l-Bayt vertritt und Mahdi (as), bis er kommt. Laßt ihn marschieren! Laßt ihn marschieren, mit der Erlaubnis Allahs (swt), dem Befehl Allahs (swt) und mit der Macht Allahs (swt). Und euere Majestät bitte ich um Vergebung, o Majestät König Abdullah von Jordanien. Ihr seid der Geeignetste für das islamische Khilafa, das die Tyrannen aus seinem Zentrum vertrieben. Und es wird in seine Hand zurückkehren. Jetzt ist seine Majestät der Khalifa Rasulullahs (saws), der Ahlu l-Bayt vertritt bis zum Erscheinen von Mahdi (as). Drei Regimenter werden ihn auf seinem Marsch begleiten. Alhamdulillah. Ich habe die Erklärung abgegeben, und ich bin ein schwacher Diener und der erste, der seiner Majestät Gefolgschaft entbot, weil er der Khalifa, der Stellvertreter, Rasulullahs (saws) ist und der Unterstützer Al-Mahdis (as), und er wird mit Mahdi (as) einmarschieren in Sham, in Baghdad, in Ägypten, in Lybien, im Jemen, in der gesamten Arabischen Halbinsel, in der Türkei und in Kurdistan, überall. Du kamst heute wegen dieser Sache, und da kam diese Ansprache zu mir, ein Befehl, mich an seine Majestät zu wenden, daß er sich nicht fürchte und ohne Furcht marschiere! Weil seine Majestät unterstützt wird. Möge Allah (swt) sein Banner erheben und das aller arabischen Stämme. Sie sollten ihm Unterstützung und Gefolgschaft leisten. Die ihn unterstützen, werden zu den Leuten des Paradieses gehören.

O euere Majestät, möget ihr die erste Gefolgschaft annehmen, meine Gefolgschaft. Und wer diesem schwachen Diener zuhört, entbiete ihm Gefolgschaft. Entbietet ihm Gefolgschaft und insha'Allah wird der Islam sich erheben, unterstützt von Himmlischer Macht. Allah (swt) sandte euch, Hoheit Prinz Abbas. Folgt ihm, alle Stämme. Wer sich gegen ihn stellt, wird vernichtet. Vernichtet und zu Grunde gehen, vernichtet. Und jene, die ihm Gefolgschaft leisten, werden geehrt in Dunya und Akhirah. Tawba ya Rabbi. Ich entbiete ihm die erste Gefolgschaft, meine Gefolgschaft dem Eigner der Botschaft, dem Imam der Muslime und

seinem Khalifa, Stellvertreter. Er ist der einzige. Es gibt niemand anders. Das wurde mit befohlen und ich habe es erklärt. O euere Majestät, nehmt es an, nehmt es an, nehmt es an... Schreibt meinen Namen zuerst oder zuletzt, daß ich euch meine Gefolgschaft entboten habe. Insha'Allah wird am Gerichtstag für mich die Ehre geschrieben stehen, euerer Majestät Gefolgschaft entboten zu haben als Unterstützung des Islam. Und die Armeen der Himmel unterstützen ihn. Er soll keine Furcht haben. Fatiha. Ich küsse seine ehrenwerten Hände und Füße, seiner Majestät dem König. Fatiha. Bismillahi r-Rahmani r-Rahim. Das ist für euch, euere Hoheit Prinz Abbas, ihr bekamt die Mittel. Er hat Macht, masha'Allah! Masha'Allah! Glückwünsche an Ahlu l-Bait in Jordanien Haqq - Wahrheit - ist erhoben, und nichts kann sich darüber erheben. Er ist auf Haqq, und wir sind mit Haqq. Wer gegen Haqq geht, wird besiegt. Allah (swt) besiegt sie. "Sayuhzamu l-Jami`u Wa Yuwalluna d-Dubura" (54:45). Der Heilige Vers sagt: Wer sich dagegen stellt, für die gibt es nur Niederlage hier und im Jenseits. Willkommen euch, Sayyidi. Nehmt Baya'. Küßt ihm Hände und Füße, er ist Sultan. Möge er auf mich schauen.. Möge er auf mich schauen.. Die Schätze der Welt sind unter seinen Füßen. Fatiha. Wer sich gegen das stellt, hat keine Zukunft. Schluß! Sie werden besiegt werden, weil er die Macht hat.

Zweite Übersetzung (Osmanische Herberge)

---

Wir sind in der von den Propheten angekündigten Endzeit, die Menschen und Dschinns erfasst. Sayyidina Muhammad (sas) sagte. "Es wird nach mir nur noch wenige Khalifen geben." Er wurde dann über die Zukunft gefragt, und er (sas) sagte: "Nach mir werden die Khalifen sein, und nach den Khalifen die Prinzen (oder Befehlshaber) kommen, und nach den Befehlshabern die Fürsten und Könige, und nach den Königen die Tyrannen. Dann kommt ein Mann von meiner Familie und wird die Erde mit Gerechtigkeit erfüllen, so wie sie mit Ungerechtigkeit und Korruption erfüllt war!" Er (sas) sagte das und wir können es nun sehen. Wir erreichten die Zeit, wo die Tyrannen besiegt ... besiegt und ausgelöscht werden von ihrer Existenz. Und wir nähern uns nun dem Zeitraum, in dem nach

den Tyrannen wieder Könige kommen werden! Könige nach den Tyrannen - Allah (swt) sendet Unterstützung für den Islam: "Dann kommt ein Mann von meiner Familie."

O großer König, geehrter und gesegneter König, König von Jordanien, von der Familie des Propheten (sas), welcher der Vertreter und Träger seines Erbes und Vermächtnisses ist .... Wer trägt nun die Araber, und wer ist Träger aller Muslime? Seine Nation ist jetzt ohne einen Imam und ohne einen Khalifen, der den Propheten (sas) repräsentiert. Und nun, es gibt niemanden im Osten und im Westen dieser Welt, der die Last der Familie des Propheten (sas) tragen kann. Er wird mit Mahdi (as) sein. Die Zeit des Propheten (sas) bis heute ... die Ehre des Nachkommen des Propheten (sas) liegt nun in der Macht seiner Königlichen Hoheit, des Königs von Jordanien. Seine Königliche Hoheit König Abdullah II. Ich bin ein armer Knecht. Diese Botschaft ist für Seine Hoheit.

Lange bevor er geboren wurde, vor rund 70 Jahren war ich in Sham mit Sayyidina Scheich Abdullah, welcher der Scheich des Königs war ... Seiner Königlichen Hoheit König Abdullah I. Abdullah, der Imam des Prinzen von Jordanien, und auch König. Und dieser sandte den Großmufti von Jordanien zu Scheich Abdullah Daghestani ... und er nahm Bayat: seine Königliche Hoheit König Abdullah I. nahm Bayat in der aufstrebenden Tariqat bei Sayyidina Scheich Abdullah Al Daghestani. Und so sandte er den Großmufti mit "Salams für meinen Sheikh und ihn um Rat zu fragen - was sollte er tun? Ich war dort, zu dieser Zeit. "Also, dies sind die Vorhaben, was gibt es für uns zu tun? Was hat mein Sheikh dazu zu sagen, Scheich Abdullah Daghestani? Lasse er seinen Rat hören." Es gilt zu wissen, was geschehen ist, zu jener Zeit, und niemand sah es außer diesem armen

Knecht: "Geh und überbringe Salams meinem Sheikh und frage ihn, was soll ich tun?" Er war zu dieser Zeit bereit, das Land der Hedschas für denjenigen, welcher der rechtmässige Erbe zurückzufordern. Sayyidina Scheich befahl mir - "O Sheikh Nazim, nehme Stift sowie Papier und schreibe auf, was ich an Seine Königliche Hoheit, Prinz Abdullah I., König von Jordanien zu sagen habe - dieser Brief ist nur für Seine Königliche Hoheit.". Ich schrieb den Brief -eine sehr lange Nachricht. Und er war Imam, König, Prinz und
König von Jordanien, Ihr (Abdallahs II.) Großvater, der die Vorbereitungen getroffen hatte, um das Land von Hedschas, sein Land, wieder unter seine Herrschaft zu bringen.
Maulana Scheich hieß mich schreiben und sagte: "Es ist jetzt nicht die Zeit dazu." Und Ihr Großvater, der König und Imam, dein Großvater König Abdullah I., sagte: "Ich glaube dem Scheich. Ich war immer bereit zum Angriff um wieder rechtmäßiger Eigentümer des Landes von Hedschas zu sein. Im Gegensatz zu diesen Menschen, die aus der Wüste kommen." Nein! Und der Prinz, Ihr Großvater, möge Allah (swt) seiner Seele gnädig, sagte: "Mein Scheich hat es mir verboten. Mein Sheikh hat es mir verboten. Und ich glaubte ihm. "
Und er sagte, dass er sich im Schlaf sah und beim Sägen im Garten seines Urgroßvaters, und ein Biest griff ihn an und hätte ihn fast zerstört, aber er tötete es. Diese Vision berichtete er Sayyidina Scheich (Abdullah) und dieser sagte: "Es ist nicht die Zeit. Es ist nicht die Zeit. Es wird später einen König von den Nachfahren des Propheten (sas) geben, auch genannt Abdullah. Dieser wird mit Macht ausgestattet sein! Zu dieser Zeit sind die Nachfahren des Propheten (sas) zwar verdrängt, aber er wird der Träger dieses Ordens sein, als seine Pflicht. Euch, Ihre

Königliche Hoheit Abdallah I., euch rate ich davon ab, zur Jamat oder zum Juma Gebet zu gehen."
Ich schrieb dies auf! Und wir sandten diesen Brief an ihn. Subhana Allah! Allah (swt) kennt alle Dinge Jalla Jalalahu. Was Allahs (swt) dazu bestimmt, das wird geschehen. So kam eines Tages der König, dein Großvater Prinz Abdullah I., in die al-Aqsa-Moschee in Al-Quds. Und es geschah zur Zeit des Juma, als die Adligen des Landes zu ihm sagten: "O unser Prinz, dies ist eine große Gelegenheit, dass Sie hier sind, nun können wir mit gemeinsam Juma beten in der Bayt Al Maqdis (Aqsa Moschee)" In der Bayt Al Maqdis - Subhana Allah! Und es war von Allahs (swt) so bestimmt. Er wurde verfolgt von den Adeligen des Landes, und während des Gehens ermordet. Es wurde dort getan. Fertig. Und wie viele Jahre ist das her? Vielleicht 65 Jahre! 50 bis 60 Jahre. Damit war Abdullah II. nicht mehr. Maulana Scheich sagte dazu: "König Abdullah öffnen allen die Heilige Quds-Sharif."
Subhana Allah, wie viele Jahre sind seitdem vergangen, und nun, direkt unter meinen Augen, ein König! Seine Königliche Hoheit König Abdullah II. Nun kam er, und er ist einer von Allahs (swt) Löwen! Er hat herausgefunden, dass er der Löwe in der Wüste ist! Subhana Allah! Und er ist jetzt auf dem Thron von Jordanien, und er wird von allen Seiten unter Druck gesetzt.
Mir wurde befohlen im Namen der Menschen die Wahrheit zu schreiben. Maulana Scheich verwendete ein solches Schreiben, um Seiner Majestät Prinz Hussain, möge Allah (swt) segne ihn, mitzuteilen, dass es König Abdullah II. gegeben ist, 10 Länder unter seiner Herrschaft zu bringen. Er verfluchte all, die dagegen sind - jetzt ist die Zeit erreicht, in der die muslimischen

Menschen in den Händen von Tyrannen sind! Vergessen - sie haben es vergessen! Und es kamen Tyrannen und versuchten mit tausend Tricks für das Volk, das Khalifat und das Königreich des Islam vergessen zu machen. Sie vergaßen und jetzt sind sie alle gefallen. Die ganze islamische Welt hat keinen Ort und keinen Ausweg mehr, weil sie sich völlig verloren haben, Subhana Allah!

Dieser Diener ist ein Diener Seiner Majestät des Königs - wenn er es annimmt, um Allah (swt) willen. Ich habe eine Botschaft über diesen Tyrann im Land der Sham. Ich erhielt die Nachricht, was seine Majestät der König tun sollten. Sham ist offen, es ist niemand mehr dort.

Warum ernennt er sich nicht selbst? Was ist zu befürchten? Diese Botschaft ist für Seine Majestät. Er zögerte, aber die Unterstützung kommt, es wird die Unterstützung für Seine Majestät kommen, damit er einen Zug anführt und erklären kann, dass er Khalifa und der letzte König ist, der die Flagge des Islam erheben wird. Ich erhielt diese Nachricht als meine Botschaft an den König, dass er nicht zögern sollte. Denn er vertritt die Ahl Al Bait und ist der eigentliche Erbe der Nachkommen des Propheten (sas). Geht und fürchtet euch nicht! Erklärt: "Ich bin der Erbe des Propheten (sas) vom Ende der Zeiten und ich bin derjenige, der die Muslime versammeln, und hinauswerfen wird die Tyrannen aus dem gesamten Gebiet von 10 Ländern." Subhana Allah Al 'Aliy Al Azim, diese Nachrichten Allahu Akbar Al Akbar!

Er möge erklären! Er muss erklären, dass er der Erbe der Khalifen vom Propheten (saws) sein soll. "Ich bin derjenige, der das Banner des Propheten (sas) erheben wird!" Und so sollte

drei Regimenter seine Majestät mit dabei haben. Ein Regiment für Sayidina Muhammad (sas), ein Regimen des Mahdi (as) und eins für Seiner Majestät. Dies drei sollten es sein.
Ich bin der erste, der ihm die Treue schwört! Von hier aus halte ich ihm die Treue. Und ich erkläre diesen Auftrag als gültig für die gesamte muslimische Welt, dass er der Erbe ist und dass er das Banner des Islam erheben, und dass er siegreich sein wird um die gesamten 10 Ländern unter seiner Macht zu versammeln. Dann wird Mahdi (as) von der Seite Qadam aus Sham kommen. Und er ist der König von Sham, Seine Majestät König Abdullah II. mit 3 Regimentern. Und er muss es erklären: "Ich bin der wahre Erbe meines Urgroßvaters, und der Vertreter des Meisters vom Anfang und vom Ende. Ich fordere die Loyalität von allen Menschen, vor allem aller Muslime." Und ich bin der erste, der zu ihm steht in Treue und weil er der König von dieser Zeit ist, König Abdullah.
Möge er akzeptieren meine Treue - das erste, der ihm Treue gelobt, wird ein armer Diener sein. Und hiermit fordere ich alle muslimischen Könige auf, ihm die Treue zu schwören, seiner Majestät, König Abdullah, und ihn zu unterstützen. Dieser arme Diener ist der erste, der ihm die Treue hält, so möge er es akzeptieren. Möge er akzeptieren meine Treue ... Ich sehe ihn in der Gesellschaft von Imam Mahdi (as) mit 3 Regimentern. Das Regiment des Propheten (sas), das Regiment des Mahdi (as) und mit seinem Regiment. Drei Regimenter und er sollte bald marschieren.
Ich bin ein schwacher Diener. Wer auf mich hört, sollte ihm Gefolgschaft leisten um Allahs (swt) willen. Denn wer ihm nicht seine Treue gibt, ist kein Muslim. Ich gab meine Treue Seiner Majestät um Allahs (swt) willen. Und auch die Awliya leisten ihm

die Treue. Also sollte er marschieren. Und ich befehle allen, welche diesem schwachen Diener zuhören, ihm ihren Eid zu leisten. Von überall auf der Welt, jeder hat ihm die Treue zu geben, weil er in Dunya und in Akhirat geehrt sein wird. Er ist der Khalifa des Islam, und ich erkläre, dass er derjenige ist. Und dieses Recht ist nur für ihn.

Gebt alle eure Treue ihm, oder ihr werdet vernichtet. Dies ist die Botschaft, die zu hören ihr gekommen seid. Ich habe euch erwartet. Lasst nun die Regimenter bereitstellen und erklären, dass er jetzt der Khalif von Rasulullah (sas) ist, und ihn und die Ahl Al Bayt repräsentiert bis Mahdi (as) kommt. Last sie nun marschieren! Last sie nun mit der Erlaubnis von Allah (swt), im Auftrag von Allah (swt) und mit der Macht von Allah (swt) los marschieren.

O ich bitte Eure Majestät um Vergebung, o Majestät König Abdullah von Jordanien. Sie sind am besten geeignet als Khalifa des Islam, so dass die Tyrannen herausfliegen aus der Mitte und es wird in seiner Hand sein. Jetzt ist Seine Majestät der Khalifa des Propheten (saws), die Vertretung der Ahl Al Bait bis zum Erscheinen des Mahdi (as), und 3 Regimenter werden ihn bei seinem Marsch begleiten.

Al Hamdulillah! Ich habe nun alles erklärt, und ich bin ein schwacher Diener und der erste, der seine Treue seiner Majestät gibt, weil er der Khalifa des Propheten (saws) und Unterstützer von Al-Mahdi (as) ist, und er wird mit Mahdi (as) sein bei der Einnahme von Sham, von Bagdad, von Ägypten, von Libyen, Jemen, der ganzen arabischen Halbinsel, sowie der Türkei, den Kurden mitsamt Allem. Sie kamen heute hierher in dieser Angelegenheit, und es kam zu mir diese Botschaft als Auftrag zu Seiner Majestät zu sprechen, sich nicht zu fürchten

und zu marschieren, ohne Angst! Denn Seine Majestät wird unterstützt. Möge Allah (swt) seine Fahne heben, und alle arabischen Stämme sollen ihm Unterstützung und ihre Treue schwören.
Diejenigen, die ihn unterstützen, werden von den Leuten des Paradieses sein. O Ihre Majestät, können Sie akzeptieren die erste Treue, meine Treue. Und wer hört schon auf diesem schwachen Diener, der ihm Gefolgschaft leistet. Gebt ihm alle die Treue und inscha'Allah wird der Islam auferstehen, unterstütz mit himmlischen Macht. Allah (swt) sandte Sie, Ihrer Hoheit Prinz Abbas. Seien Sie mit ihm, alle Stämme. Wer sich gegen ihn stellt, wird vernichtet, zerstört und umkommen. Und diejenigen, die ihm ihre Treue geben, werden in Dunya und Akhirat geehrt sein. Tawba Ya Rabbi. Ich biete ihm die erste Treue, meine Verbundenheit mit dem Empfänger dieser Nachricht, dem Imam der Moslems und Sein Khalifa.
Er ist der einzige. Es gibt sonst niemand. Das ist was ich zu sagen habe, und ich habe es erklärt. O Ihre Majestät möge es akzeptieren, es annehmen, es akzeptieren ... meinen Namen an erster Stelle zu schreiben oder als Letzter, aber dass ich ihm gegeben habe meine Treue. Insha'Allah am Tag des Gerichts wird es geschrieben sein, wer ihm Ehre und Treue gegeben hat, für Ihre Majestät als Unterstützer des Islam. Und die Armeen des Himmels unterstützen ihn, darum sollte er sich nicht fürchten. Fatiha.
Ich küsse seine ehrenhafte Hände und Füße, Seine Majestät der König. Fatiha.
Bismillahi r-Rahmani r-Rahim ... Das ist für Sie, Ihre Hoheit Prinz Abbas, Ihnen wurden nun die Mittel in die Hand gelegt. Er hat die Macht, Masha'Allah! Masha'Allah ... Herzlichen

Glückwunsch an Ahl Al Bait in Jordanien. Haqq/Wahrheit wird gegeben und nichts kann sich über sie erheben. Er ist auf Haqq und wir sind mit Haqq. Wer geht gegen Haqq ist besiegt. Allah (swt) besiegt sie. "Sayuhzamu Al-Jam` u Wa Yuwalluna Ad-Dubura "(54:45) Der Heilige Vers besagt: "Die gegnerische Menge wird hier und im Jenseits besiegt." Willkommen Ihnen Sayyidi. Wir nehmen Bayat bei ihm und küssen ihm die Hände und seine Füße, er ist der Sultan. Möge er mich erfreuen .. Möge er mich erfreuen .. Die Schätze der Welt sind unter seinen Füßen. Fatiha.
Wer widerspricht, hat keine Zukunft. Fertig! Sie werden alle besiegt, weil er die Macht hat.

## Methods of Cleaning the Heart

When we clean ourselves, it is not only important to dress in clean clothes. We must clean ourselves from the inside too. Those who want to reach Heavenly Stations will not be accepted if they are not clean. It is an order from Allah to His servants to be clean when they want to come into the Divine Presence. We know that we are weak people. Our hands are able to clean our bodies, but we cannot clean our hearts with them. We need someone to help us with that. Allah has sent His special servants who are always in connection with Heavenly Stations to teach people how to clean their hearts. It is not enough to do it in a physical way, it must be done from Heavens.

The last messenger, the Seal of Prophets, the most praised and beloved servant of Allah, Sayyidina Muhammad* did his best reaching to people with his real mission: to change their bad characteristics into the best. That was his, as well as all other prophets', main mission. The prophets did not come to make a benefit from this world. They did not come and ask for any material benefits, like palaces and servants and such. They were happy just to be the most humble servants of all. When you become humble, it will clean you. Pride makes you like a dirty pool in which every insect and fly can live. Humbleness will dry you up, there will be no more chances for any dirt to be there.

All prophets were humble. The most humble servant of them all was the Seal of Prophets, Sayyidina

Muhammad*, even though he had the highest, most praised name. He would use the most simple things of this life and he lived in the most simple way. He did this to teach people that simplicity is best for them. A simple life will prevent headaches, but if you have a complicated life you will get more and more headache everyday. This is why everyone comes and complains to me that they have a headache. Some of them really have headache, but for most people it is not that simple. They have so many problems in their hearts that cause the headache.

The Prophet used to live a simple life because he knew that people would otherwise want to have more and more from this world. He kept it to a minimum. It would have been no problem for him to live like a king, but he kept simplicity so that his nation would not collapse under the wrong habits once they expanded. When Archangel Gabriel came to him and brought the keys of the treasures of earth and Heavens to him and said, "Oh Muhammad*, Allah is sending you this if you want it." He answered, "I prefer to be full one day and empty the next. On the day I am full I can be grateful to my Lord, and on the day I am fasting I can beg my Lord for my sustenance. I can be grateful one day and patient the next."

Whoever belongs to his holy family must try to do the same. And those who belong to his nation should not run after this temporary life's pleasures. If you have too many things you will become proud. If you let your ego ask for more, there will be no end. It will ask for more and more and more. You will have time for nothing else, than to fulfil your ego's pleasures. This is why people will only get peace if they come down to a simple life. Technology enslaves people to work for it. It needs more and more slaves. Every new thing which comes into existence will be chased by our ego and we want to have it. Then when we have it something else will appear and we will chase that. There are endless desires in this direction. Because of that, put everything into proportion! Don't become dependant as if you were a giant. Your desires will make you believe that you are an ever expanding giant.

Be satisfied with less. That is the way of prophets, the way of humbleness. Every possession will give a bit more of that proud characteristic. It feeds your pride, which is the worst. It makes people dirty. Proud people are the most disliked people amongst others. They are never accepted in the Divine Presence. Traditional teachings have always aimed at training people to get rid of their bad characteristics out of which pride is the first. The only way of doing that is by living a simple life in humbleness.

We are now in the Holy Month of Ramadan and fasting is an important means to make our egos accept its own weakness. When a person recognises his own weakness, he will not be proud. Hunger makes egos to come down. Traditional knowledge tells us that when Allah created the ego He asked, "Who am I and who are you?". The ego answered, "I am I and you are you. Just like you are someone, I am someone too. Don't tell me that you are my lord and I am your servant." Allah then ordered the ego to be imprisoned in the hot fire of hell for 1000 years. He then asked it the same question again and got the same answer. So the ego was sent back for another 1000 years into the cold hell. Then again He obtained the same answer. The ego still could not accept being a servant, so it was ordered to be imprisoned in the Valley of Hunger. That was enough for 100 years and by then the ego happily admitted that it was a servant.

So for training the ego you cannot find any method more useful than hunger. Like when you go and see animal shows in the circus, the wildest animals are willing to learn all kinds of tricks, because they know that they will be rewarded with their favourite food afterwards. There is no better method than hunger to train the ego.

The Sharia has ordered us to fast as a simple training, but for the complete training we have seclusion. By the blessings of our Lord, my Grandsheik ordered me 6 times to go into seclusion and I completed it. My ego was telling me during those 40 days that it would be easier to fast for 40 years, than to make a seclusion of 40 days.

May Allah forgive us and give us control over our egos so we can catch it and clean it. We can only go to Him clean. I saw the video Snow-white and the 7 dwarfs. One of them was always dirty, even though the Princess told him again and again to clean himself. I got the message, he was symbolising the dirtiness of the ego. The others had to catch him and clean him by force. Our ego is the same, it will only be cleaned by force. The Naqshbandi method to clean the ego, is to make a seclusion. There are simple seclusions in which it can be caught. But to get the full cleanliness you need the full seclusion. Insha' Allah we hope that we will be able to do that soon, in the coming years, before the year 2000, to clean up our followers and through that get a Heavenly Connection.

# The Mighty Wrath of Safar

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, Allahu Akbar, la ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillaahi 'l-hamd! Alfu salaat, alfu salaam `alayka yaa Sayyidi 'l-Awwaleen wa 'l-`Akhireen, Habeeb ar-Rabbi 'l-`Alameen, Noor al-`Arshillah, Sayyidi 'l-Awwaleen wa 'l-`Akhireen. Yaa Rasoolullah! Yaa Rabbee! Zidhu `izzan wa sharafan nooran wa surooran, sultaanan wa ridhwaana. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh sits) Dastoor, yaa Sayyidee. Madad, yaa RijaalAllah.

As-salaamu `alaykum, attenders here, from east to west, from north to south, everyone, everywhere. La hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Adheem.

O Mankind! All of us on this planet are now in a very terrible position and now is the time the period of Mankind on this planet is going to finish. wa li-kulli naqul haad, "For everything there is a limit." Here on this planet the period of Mankind is also in limits; everyone has a limit and when it finishes they must be taken away. And we have just reached the last point of limits appointed by heavenly power on this planet, and it is (comparitively) like an atom, not only this world, but our solar system is also like an atom. Bigger than that is our galaxy, which is also like an atom. And when we go deeper we may think that space is so huge. La hawla wa la quwatta illa billahi 'l-`Aliyyu 'l-`Adheem. Where is `abdul, (the) servant? You say! When I say

“space,” what is it? Who knows? Who knows space, where it begins, where it ends? That is like an atom, and all life in it are like atoms. No one truly knows space; we are looking at something, but it is not really space, it is the Dominions of Allah Almighty's Majestic Oceans that no one knows!

We are such small ones and for everything there is a limit appointed by the Lord of Creation. When did Creation begin? It began from pre-Eternal. What is Eternal? What is pre-Eternal? What is Eternity? No one knows. People now are running for something that is tasteless, for themselves, not using what they have been granted by Allah Almighty. We have been granted understanding, but now Mankind is not running to understand and know. They are like completely drunken ones, because they are losing the chance granted to people only once. Here they come for understanding, but others occupy themselves with running after physical pleasure. That desire belongs to our material being, and finally our physical being will be buried from where it was taken and will be given back to the Earth.

A car cannot move by itself. A 2011 car is a new fashion car but it is in a showroom. We say, "Why are you not running it?" They say, "We cannot, because we need a driver." Similarly, our bodies cannot move, cannot act, and cannot understand without a commander. We are commanding a car and it functions by the driver's command. Now we are also in need of a driver that may command and turn that car according to his intention. For example, if I am going from here to London, Turkey, Hijaz, or to Asia, that car cannot move by itself, but if one person is driving, he may program it to go where he asks. Without a driver or commander, our physical being cannot do anything. You know a driver or commander is not the same Creation as a car; a car is one thing and our soul is something else. Our souls are from Heavens and our bodies are from Earth. We must leave our physical beings here and our souls are going up.

O People! It is enough that you are drunk, but try not to be cheated by Shaytan! Shaytan is making people not to think on such realities, always saying, "Drink, drink, drink, drink more and enjoy more!" That is Shaytan's mission; it is trying to cheat. That is its real being, given when Allah (swt) commanded him to make sajdah to Adam (a). Shaytan ran away and said, "No! I am not making sajdah to that one." Allah Almighty said, "You are free, O cursed one! Go away and try to do what you can to them." From that day Shaytan was full with hatred for that command and said, "I am making them go on the wrong way. I will train them to not be Your servants, but to be my servants!" From being with angels in Heaven came demon Shaytan, true? Allah Almighty answered, "Do as you like! I am the Lord, and My command will continue, not yours!"

It is a big shame for Mankind that have been granted such honor, yet they are not thanking their Lord. They are running after their worst enemy, the most cursed one. Up to today, Shaytan is saying to Mankind, "You are powerful. I am teaching you every technology and with it you will be such powerful ones," and it is permitted by Almighty Allah to teach Mankind everything. Mankind runs after shaytanic technology, thinking, "We are able to do everything as we like. We are not in need of heavenly commands, we can do everything through our technology." Shaytan's agents are not leaving Mankind to learn that there are two kinds of powers: from Heavens and from Earth. Shaytan says, "Your power is now perfect and you can do everything as you like, no other power can stop you!"

But now they are reaching that point when floods and natural disasters are beginning around the world. Angels are saying to Mankind, “Where is your power? To where are you running? That is a very small flood, only one heavenly drop makes you underwater. We are not ordering, 'O Continents! Get down a little bit.' There is no need, but we are now using some drops from the power of Heavens and huge floods are coming.” It is going to be like Atlantis, under the ocean. Yet people are not taking wisdom from that. They are saying, "We can do this." You cannot do anything! Only one drop from Heavens is coming to show people that, “All perfect power and perfect will is with us, not with you!” One angel may do this but people are not trying to stop floods, they are only running away to find something to eat and drink. They are not saying, “O our Lord! Only You can do, and only You can forgive us. You are merciful to Your weak servants. O our Lord! We are weak servants, so grant us Your forgiveness.”

What we are speaking is happening now. Again Mt. Etna erupted in Italy. Fire is saying, "O People! Floods are coming on you. Beware! Under you is fire and over you is water!" yet they are not thinking. No one is saying anything, but it is a warning for all nations that no one can refuse. No one is going to mosques to say, "Stop it, O our Lord!" No one is running to churches to say, "O our Lord! Stop that cursing on us!" Where are the holy people? Where are the religious people? Why are they not saying anything? Now, the Muslim world's only focus is to say, "We must save Palestinians!" What is that? Does it take all nations to free Palestinians? They are free!! Why are you not looking from east to west, and from north to south? Shaytan is making their attention only on one square foot of space. There are five billion or more people and you are only focusing on one million people! What is that? Where is Islam? Is there no wisdom from Islam? Where are our religious people, and the holy people from Christianity, and the holy rabbis from Jerusalem? What are they doing?

People are so proud, saying, "We have power." Use your power now! "Yes, we are using nuclear power." Yes, use what you can (if you have so much power)! May Allah forgive us.

O People! Come to your real understanding, don’t run after Shaytan. Shaytan is calling you to be destroyed in fire here and Hereafter. May Allah forgive us.

O People! Safar is a terrible month, coming with power. Of the twelve months it is the most terrible. Events are going to appear, and it has only been one week and this power is coming; I don't know what is coming behind it. May Allah Almighty forgive us, and send us a sultan to destroy Shaytan's sultanate, for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

**Millat Ibrahim Hanifa**

---

Prince of Creation, we ask for compassion and intercession. We ask for support from the Friends of Allah. What else can I do? What more can I do? What else can we do? Let us repent, let us repent, one hundred thousand times. Let us repent of our condition. May our Lord, Allah Almighty treat us with grace and kindness. We seek refuge with Allah from the evil of Shaytan. Subhanallah, wa l-hamdulilah wa la ilaha illa-lahu wa Allahu akbar, Allahu akbar wa li-llahi lhamd. Let us say "Bismillahi r-Rahmani r-Rahim". Alahu akbar wa li-llahi lhamd.
Today, this on this blessed day of Jum'a, our Lord Almighty favoured us by waking us for fajr prayer. Our prayers were led according to our glorious sunna and with a recital of Surat us-Sajda, by my son, my grandson Mehmet Efendi, in a lovely way. He relieved me, may Allah not make it a burden on him.
Dastur, ya rijal Allah! Whoever begins without asking for "Dastur", who starts out without permission will make a mess of it. Marhaba, †o Shah-i Mardan, Marhaba, welcome, o Lovers of Shah-i Mardan! When you say "marhaba" (greeting of welcome) people's hearts will be at ease The greeting of "marhaba" is the sign of a believer and a blessed word which takes from people their burdens. The "marhaba" spoken in this world signifies the glory and honour of the believers. In Paradise the believers will greet each other with "marhaba". How lovely! If a person forgets "marhaba", he has forgotten his humanity. If he forgets "marhaba", he has forgotten his religion. If he forgets "marhaba", it means he has forgotten Islam. Be a Muslim. Say "Marhaba". Allah Almighty has not sent the greeting "marhaba" for nothing.
Let us say "Bismillahi r-Rahmani r-Rahim". This is what opens the doors to all treasures, the "Bismillahi r-Rahmani r-Rahim". Which treasures? The treasures of this world? The treasure of this world is - pardon the expression - a latrine, a stinking carcass. Worthless. We do not recite

"Bismillahi r-Rahmani r-Rahim" for it or say "Marhaba" for it. When people have forgotten "Marhaba", it means they have forgotten their Lord; that they have forgotten him of whom heaven and earth are proud, the most honoured being besides Allah, the Pride of all the World. Who forgets him, has forgotten and lost everything. Who is the Prophet of the Last Times? He is Allah's Beloved who is created from the Light of Allah, the Prophet of the Last Times, Sayyidina Muhammad Mustafa (sas). The Prophet whom Allah loves and has made beloved to all. The honourable, the Honour of all Creation, the Pride of the Universe, who is he? Muhammad Mustafa (sas).

O Lovers of Shah-i Mardan! How beautiful. Come, o Shah-i Mardan, so we too may listen to you, that we may learn and gain familiarity. Why have we come into this world? Our coming into this world - what is the wisdom in that? For what was it created? The Divine Creator created you for wisdom. Don't fall asleep! How can you sleep, you who are a seeker of the Beloved! Does a man who is in love fall asleep? He will think of nothing but his beloved who will fill all his heart. O Shah-i Mardan! Lord of the Arena, Possessor of Divine Pleasure, the good pleasure of Allah, you in whom Allah's satisfaction has become manifest. O Shah-i Mardan! Teach us, let me learn.

That Beloved, the Messenger of Divine Greatness, upon whom be choicest blessings and peace, the Prince of Creation, before whom all prophets stand respectfully with folded hands, the Beloved of the All-Compelling (al-Jabbar),the Irresistible(al-Qahhar), the Veiler of Sin(as-Sattar),the Pardoner (al-Ghaffar), the Glorified (as-Subhan) the Beloved of Allah, who is he? When his name is mentioned all angels in heaven and earth rise to their feet. Tell the truth. Speak truly. Accept the truth. Who does not speak the truth is a dumb, mute devil. The one who does not accept the truth is a true devil. O man! Subhanallah! This address: "O man!" Who is "YaSin"? It is you, oh Beloved! Ya. "Oh man!" When this form of address is used, when He Almighty says "YaSin", He means him who is the reason that the universe came into existence; Allah - jalla wa ‘ala - Allah's very own servant, who is His representative, representing Him in this Creation, Sayyidna Muhammad Mustafa (sas). He is the Master of all creatures, the Prince of Creation. You must know this!

Come, O Shah-i Mardan, tell these brainless, or empty-headed people whose faith and religion are about eating and drinking and copulating, tell those mindless ones, tell them that they should

honour and respect the Prince of this Creation. If they don't, they will be on the level of animals. They will not be among those whom He addresses. The Divine Words will not be addressed to them. Those two-legged beings whose faith, religion and thoughts are about nothing but eating and drinking, will not be addressed by these Divine Words. Who does not recognize the Prince of Creation is below the level of animals. Don't descend to the level of animals whose only thoughts are of eating, drinking and mating - Shah-i Mardan is saying this. Those people who are grouped with animals will end up being sacrificed. They will slaughter them. Who is classed as human is not slaughtered or sacrificed, only who is classed as animal Leave the animal level, come to the honourable level of being human. Then you will thrive in this world and in the next.

Yes, O Shah-i Mardan, O Lion of Allah! "O Lovers, oh our beloved friends", says Shah-i Mardan. How well he speaks! "Marhaba." Look, whoever says "Marhaba" is a person possessing the honour of a human being. "Marhaba" is spoken to them, not to the animals. What do those people say? They say "Gunaydin" (good day). What do they say? They say "Good morning".

Eh? "Marhaba" is the greeting given by the heavenly Friends of Shah-i Mardan to his Lovers here on earth. That is how they greet one another. "Marhaba, O Shah-i Mardan, marhaba!" "O beloved ones, Shah-i Mardan, Marhaba! "What a lovely form of greeting. Who forgets Marhaba becomes an animal as animals don't say Marhaba to each other But a person who is honoured and respected, he says "Marhaba".

Marhaba, O Shah-i Mardan, marhaba. Come, O Lion of Allah! We seek one who will show us your ways, who will teach them to us. No one is asking for him, that he should come, he says. If anybody were asking, there is indeed knowledge that could be given to them. But they are people who read novels, who watch movies, who watch football matches, they are an adulterous, drunken and filthy mob. Addressing them is out of the question. Shah-i Mardan, "YaSin", he who contains within himself the truth of mankind, O Beloved! We accept you and your way. We respect your order and hold it precious. We say: "Bismillahi r-Rahmani r-Rahim", because it was your order. Let us say: "Bismillahi r-Rahmani r-Rahim".

O you brutish so-called 21st century people, Allah knows what century it is. Shah-i Mardan speaks to us in words that they are able to understand. O you people of the 21st century, as you call it, so we'll call it that too, you people, you who have become brutes! A human being is honoured, respected, highly esteemed, and privileged. Come, O Shah-i Mardan! How can man,

who bears so much honour and distinction how can he become such a brute? They have accepted their brutishness. For the business of brutes is eating, drinking and mating. These are their three duties. Sadly, people living nowadays have as their purpose, aim and objective to eat of the best, drink of the best and to hold a good position according to their understanding, to be great. The great ones of this world are worth nothing. The great of this world are worth nothing. Their building up of the world is of no value Do not seek greatness with this world!

O you idiot, mindless, ungodly, unbelieving, and dishonorable people! Man finds no honour with this world! Man finds honor by the honor that Allah, the Lord of Heavens and Earth gives him. By taking on the filth of this world, by bearing fake titles, by being made big in the newspapers, there is no value in this. They are like animal manure, like dung. Keep the commands of Allah, so that you might find honour. These two-legged human beings have forgotten their humanity.

O Shah-i Mardan, come to us. They call it the 21st century, but Allah knows when was the beginning. However, in their fabrications nowadays who do they say is a great one? The ones whom the papers make big. But those made big by the newspapers have no value. They print their pictures. Sometimes you need to go to the toilet, and you find nothing to wipe yourself with, so you take a piece of newspaper. On it is a photo of one whom the papers made big. Now that's what he gets!

O Shah-i Mardan, draw your sword, Dhu l-Fiqar! All you fake ‘Alawis, Shi’i and the rest who make claims for themselves - let them get to know themselves! He does not regard the honour Allah has granted us, he says: "We are now a member of parliament, a cabinet member." But of what nation? "Millata Ibrahim?" - are you of the Nation of Ibrahim (as)? Which one of you, whether he is of the Muslim world or the world of unbelief, which one of you takes pride in saying: "We belong to the Nation of Ibrahim, the pure in faith". (2:135) Who of the scholars of al-Azhar, of the scholars of Sham, which scholar of Turkey, which scholar of India, says: "Millata Ibrahima"? "No, we are Turks, we are this or that, we are Arabs, we are Albanians, we are Iranians, we are Shi’i." Leave that be! Allah Almighty says: "Bal millata Ibrahima hanifan" (2:135) Our Nation is made by our relation to the Prophet Ibrahim (as). That is our honour, O ‘ulama' of al-Azhar, of Sham, of India! O ‘ulama' of the Maghrib! Say then: "We are the Nation of Ibrahim the Pure"! We accept nothing but the Greatness of Allah, the honour of His Beloved, and the honour of the Prophet Ibrahim.

Allah Almighty called us the Nation of Ibrahim, not Nation of Arabs, of Turks, of Albanians. He did not say, "American Nation, Chinese or Russian Nation". "Bal millata Ibrahima hanifan". Say, "We are Ibrahimi - We are the Nation of the Prophet Ibrahim (as)." Say then, "We are Ibrahimi´s!" As the supremely glorious Prophet of the Last Times has told us: We are descendants of the prophet Ibrahim (as) whereby we are honoured. Our honour comes to us all the way from the Prophet Ibrahim (as). The Prophet Ibrahim, according to the verse "Bal millata Ibrahima hanifan", bears the title taught to them by Allah Almighty with honour: "Bal millata Ibrahima hanifan" (2:135). Let go of all those fake titles! Come and listen to Shah-i Mardan. His sword Dhu l-Fiqar is in his hand. Before your bombs and guns, he will have cut off the heads of the liars. Dhu l-Fiqar is unsheathed.

Listen, O you Turks who have gone too far! You who forbid the writing of the Name of Allah and erect statues! You who venerate statues, who have banned Allah's Name from your assemblies They do not belong to the Nation of Ibrahim, they are not of his nation. Of whose nation are they? It was Nimrod who opposed the prophet Ibrahim (as). Nimrod - Nemrut... They will be of the nation of Nemrut. Each one of them is a Nemrut. In the end Allah Almighty confounded Nemrut. Let go of such ignorance. Say: We belong to the Nation of Ibrahim the Pure Which means: We have moved away from all falsehood. We are the Nation of Ibrahim to whom our Lord gave a title of honour. Say these words and save yourself! Don't be afraid of their bombs and guns! The bombs they throw will first land on their own heads.

Listen, O ‘ulama of Turkey, ‘ulama' of Egypt and of al-Azhar! O ‘ulama' of Sham, of Baghdad and of the Hijaz! Let them say, he is wrong - and may they not live to see this Ramadan! Rajabu shahr-ullah, the month of Allah is coming with severity! Whoever pays no respect to Rajabu shahr-ullah, he is finished. Rajab, the month of Allah is coming. Revere it and say: We are the Nation of Ibrahim (as), Ibrahim who is Khalil ur-Rahman, is he not? We are of his Nation. Speak and have no fear. Who are you? I am of the lineage of the Prophet Ibrahim. I am of his descendants. Although outwardly it is not so, we have accepted him. Our nation is the Nation of Ibrahim. Allah has praised and lauded it. He did not say: Turks or Kurds or Arabs or Persians. People should wake up! Huu....

The Friends of Allah are all roused and alert. The warrior is ready to teach these confused

people their manners. He will come, he will come calling takbir. He will come calling takbir. Listen! This speech comes from Shah-i Mardan. This is not light speech. O you two-legged creatures! You who care for nothing else but for eating, drinking and roaming about in a drunken state; you who have fallen to a level lower than that of the beasts, Beware! The blade will stick in the necks of those who have become animals.. Warriors will descend from heaven, even if the scholars of al-Azhar deny this. As on the Day of Uhud there came to our Holy Prophet (sas) warriors from the Heavens; but not all of them came down, only a part of them, only 1000 of them descended, and 7000 are expected, he says, to proclaim the glory of the Beloved, Habibullah (sas), the Beloved of Allah, for whose sake the universe was created.
Say, O Shah-i Mardan,"Marhaba". Marhaba! Those who forget "Marhaba" have forgotten Allah, Jalla Jalaluhu. They've forgotten the Beloved of Divine Majesty, salla-llahu ‘alayhi wa sallam. They have it coming - their necks will be wrung. Watch your step! Step firmly! Step firmly in the stirrup of your mule! For if you do not step firmly you are lost. If a two-legged creature, is going to be like a four-legged one, obsessed non-stop by eating & drinking, then it will be classed among the four-legged creatures. But the sword does not cease cutting the necks of those classed as four-legged.
In particular, Christianity claims: "We have accepted ‘Isa, ‘alayhi as-salam." They have left his way. What is your relationship to the religion of ‘Isa? Ringing church bells? Or, crossing yourself? Setting up a cross? Is that what the Prophet Isa commanded? Far from it! Before whom did Prophet Isa bow down? Do you do the same? No, you do not. Your way is a lie and a mistake. Did Isa alayhi as-salam perform sajda? He did. Before whom did he prostrate? You will say, before his father. If he bowed before his father, to whom do you bow? Do you prostrate before Him to whom your Prophet Isa bowed? Do you perform sajda - do you? You say you are of the religion of Isa. Your way is wrong. In order to exterminate people and other living beings, you fashion weapons. Is that what the Prophet Isa taught? You make missiles, poisonous bombs. Did Allah - Jalla Jalaluhu - command you to kill man who is precious to Him, whom He created as His representative on earth? The Lord of the Heavens, the Lord of Heavens and Earths, Allah? And you say His Prophet Isa, the Prophet Isa is Allah's son; did the son of Allah say to you "Go and kill people?" What Pope can say these things? Always moving his hand like this, like that. That isn't religion, religion shows the right way, to speak the truth. If he fails to do that by

next year they will look for a new one. If the Islamic world does not speak these truths, it is possible that they will not reach to the time of the Hajj.

There is turmoil in heaven. What kind of turmoil? Of the fighters, the angels who came to the Battle of Uhud there are still 7000 waiting there, impatiently stomping, unable to hold still. They await the order to descend to earth to weed out those straying from the path, worshipping Shaytan & adoring the world. Listen: Did the glorious Prophet (sas) not come to Jerusalem? Yes, he did. He came, in the night of the Mi'raj he came there. Did not all the prophets welcome him there? Yes, they did. Did the Prophet Isa not welcome him there? He did. Why won't you accept him? O you people who oppose Islam! at the very least [accept this]: an orphan in the middle of the desert, an orphaned child arose and said: La ilaha illa-llah, wa ana Muhammadu r rasulullah. Did he say this? Yes, he did. Did his word have an effect? Yes, it did. Today half the world's population says: La ilaha illa-llah, Muhammadu r-rasulullah (sas).

O you who pass for Muslims, you Persians, Alawis, Turks or Albanians, come under the banner of the Prophet! If you don't the earth awaits you. The angels will come down from heaven, they are waiting only for the command. Your missiles and fissiles are just toys, they have no value. With one takbir they will all be brought to a standstill. Shah-i Mardan is there. When he says: Allahu Akbar, Allahu Akbar, Allahu Akbar wa li-llahi l-hamd his sword Dhu l-Fiqar will reach from West to East. O you who never raise your heads from the ground, like the four-footed beasts who always keep their heads low in search of food and drink, O people who are far from being human! Accept your humanity!

Man is created in the shape of the Arabic letter "alif". Allah is One, he says, He has no mate, He has no offspring, no partner. He is the Lord of the Heavens and the Earth. Man when he is standing upright points to Allah's Oneness, He is one. The world of Islam shows Allah's Unity by standing upright. The Christians also show it in this way. Bowing means two. It is a sign of His Unity. Alif Lam Mim. O you people, the Holy Qur'an that you read, Alif [points to] Allah, to the Name of Allah; Lam to the command of Allah, whereby Jibril al-Amin trained Muhammad, alayhi as-salam; Alif - Lam - Mim. Allahu akbar!

The Holy Qur'an - where did it come from? Allah, Jalla Jalaluhu, Jibril al-Amin: Lam, Mim: Sayyidna Muhammad (sas). Sayyidu l-awwalin wa l-akhirin. Mind the Holy Book, otherwise your class will be changed. You will be thrown out of the class of human beings. They will

transfer you to the class of the four-footed ones whose sole obsession is eating, drinking and mating. Stand upright, stand in qiyam before Allah, stand in His Presence, and perform also ruk'u and sajda. O our Lord, forgive us and send us Your servants to teach us these truths. These people we call Muslims are now crazy for all things from the West, running after them, bewildered. What is confusing you? They are afraid of Korea, afraid of China, of the Russians, but not afraid of Allah. Oh shameless ones! The Chinese are an abominable band, the Russians even worse. Who else is left after that? Have you forgotten the Americans? They are like them, running after the world, claiming worldly power and might for themselves, seeking to rule the world. The Russians are the same, the Chinese and the Americans. And our foolish leaders, they also say this. They also want to be at the helm, saying, "Hey, we are here, too!" For what? Not one speaks up for the sake of Allah. They are a bunch of people into whom Shaytan has blown some of his qualities, they are stinky, smelly people. Shaytan has blown into them - Not from the top, but from the other end. They are bloated like a balloon. "We have all this!"

"You there -Say Allah once! I come with destruction! If there is one who will say it, let him step forth!" Forgive us, o my Lord! This belongs to Shah-i Mardan. Let him step forth, he says. If Shah-i Mardan says "O Allah" once, the world falls. That you must believe. Erase His Name, then think you are something. The earth will devour you! The earth will devour you, it will shake and tremble and they will be destroyed.

Mercy, o Lord, forgiveness, O Allah! O Shah-i Mardan, our gratitude to you. Marhaba, O Shahi Mardan! Shah-i Mardan says: o you Lovers of Shah-i Mardan, Marhaba to you as well! Today is the blessed day of Jum’a. The great angels are waiting with their swords in their hands. They await the command to strike. This is not Korea or some such country threatening you, no! This is a warning from Heaven! A cautioning! Come to your senses! If you don't your bombs and guns will hit you first of all When he calls "Allahu Akbar" once, all will stop and collapse. Speak up, O ulama' of sacred al-Azhar! Speak up, O ulama' of Mekka the Revered! O Ulama' of Medina the Enlightened! Speak up, O ulama' of Sham, Speak up, O ulama' of Baghdad! Speak up, O ulama' of India! Speak up, O ulama' of Turkey! Who forbids mention of Allah's Name, may he not last til morning, may he be ruined The wrath of Heaven is coming. Quickly, write the Name of Allah and raise it up! Don't set up images! Our Prophet destroyed the worshippers of idols in the Ka’aba Allahu Allah, Allahu Allah, Allahu Allah, Allahu Allah, Allahu Rabbi,

Allahu Hasbi, Allahu Allah, Allahu Allah, Allahu Rabbi, Allahu Hasbi, Allahu Allah,Allahu Hasbi, we will bring ruin!
Mercy, O my Lord! Those who lost their humanity, who make men leave behind their humanity, who make them into devils like themselves, who worship devils, they give this one and that one a name; they raise their banner but they don't say "La ilaha illa-llah, Sayyidina Muhammadu r-Rasulullah (sas)" They have left their humanity. Persians are proud of killing people, the Shia. The Alawis hope for honour and glory by killing people. Once a plague broke out in Basra. We take our refuge in Allah. Listen, o Persians, o Arabs, o Kurds and Turks! Allah Almighty once sent a plague upon Basra. On the first day seventy-thousand people died. On the second day again seventy-thousand people died. On the third day there was nobody left to enter the houses from without and no one to emerge from within the houses. Only three days shut Basra down. So, fear Allah! Do not attack believers, human beings! Don't kill! He says, Look, in three days Basra was shut down.
Our respected ulama' of al-Azhar should not fear, our ulama' of Hijaz should not fear, nor those of Baghdad. The ulama' of Turkey should not fear. It is not the mark of the Turk to be afraid The Turks have courage. For 1,000 yrs they held aloft the banner of Islam. Now they have taken down that banner and made up a different flag. Their affairs are not prospering and will not prosper.
Allahu Allah, Allahu Hasbi, Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi, Allahu Allah, Allahu Rabbi. None is His equal! O our Lord, forgive us! Forgive us, and send us a leader. We are of the Nation of Ibrahim. Who is not of the Nation of Ibrahim will be cut down and disappear. They will have no future. The world of Islam must say this, as well as those who accept Isa as their prophet; they too must say: We are believers coming from the lineage of Ibrahim Khalilullah! Let them say this and be saved.

Tawba, ya Rabbi! Tawba, ya Rabbi! By the blessings manifested on this day of Juma’a forgive us, send us a leader, o our Lord. I am a weak servant, o my Lord, tawba, ya Rabbi! Tawba, ya Rabbi, tawba astaghfirullah, al-Fatiha.

## The Minister And The Sultan

Chief Minister, His Excellency. Allahu Akbar, Al Hamdulillah. How are you? Masha'Allah.
C.M. I am very happy actually.
M: First of all we are thanking the Lord of Heavens Allah Almighty. Then we are giving our best wishes and salat & salam to Sayyidi Al Awwalin wa Al Akhirina, Sayyidina Muhammad (sas). And thirdly we are giving our best wishes to his Majesty Sultan of Perak. Just he gave to me whole Perak & he said to me take it....
C.M.: He is sending salam to Mawlana, Sultan of Perak.
M: How is his health?
C.M.: Now he can walk already.
M: His Majesty, as long as his hand on charities, don't worry. P.M.: Insha'Allah.
M: He must not worry. Al Hamdulillah.. no need but London doctors making small thing, big thing. Never needs as long as his Majesty's hand is in charity. Insha'Allah we are praying for his Majesty and her Majesty & Raja Muda also and marhum, Raja Ashman's wife. I am crying that he was here last time coming & saying Dawlat Twanko! One Dawlat Twanko! One more time behind him. One word also he was saying, Apahabar! Hand go here & here he was saying this. I met him in Damascus, before people saying to me he passed away. I am surprising idea. I met him in Damascus. Raja Ashman. He had spiritually power, like 'amud/ pillar!
C.M. Very strong, yes Al Hamdulillah.
M: Therefore saying to me passed away I am saying I am looking in Damascus, how it is going to be. Sham.... Awliya'/ Saints most of them are in Sham. Insha'Allah we shall see him under the flag of Rasul Allah (saws). Fatiha.
Before your excellency, there was another Chief Minister. I was looking his Majesty putting his sword here.
P.M. Yes!
M. Subhana Allah he dressed the dressing of heybet/glory. Heybet/glory.... His excellency, dressing he has a

heybet/glory. But like this, I am thinking Municipal worker.
M.N.: Next time you have to dress officially.
M: How is it? I am managing, don't ask me. How is Abdul Najib effendi, Najib. The Prime Minister.
C.M.: Al Hamdulillah, he sending salams to Mawlana, I told him that I am coming to see Mawlana. He said "say, salams & pray for the elections."
M: I am going to make dua for him if he is taking care of people in Burma, that shaytan people killing Muslims to take care for not threatening those shaytan people.
C.M.: I will insha'Allah, I will.
M: And Allah Almighty going to be his helper if he is doing this. But I am sorry that no one looking.
C.M.: It's Dato...
M: Masha'Allah. Be true one, no need for anything else. Don't worry, Mustaqim/Straight. The Lord of Heavens with you. But like this like this...shaytan. "Salamun Qawlan Min Rabbin Rahimin" (36:58) "Peace be on you, a word from the Lord, Most Merciful." (36:58) May Allah (swt) be a supporter & protector for you & His most Beloved Prophet (saws).
C.M.: Shukran Mawlana, insha'Allah, insha'Allah...
M: Astaghfirullah. Please kiss his Majesty's here.. Not from here, he is Sultan. Not here, Sultan, that is adab/ good manners. On his behalf.
C.M. I will, I will. M: Her Majesty also Alina, Raja Muda, I like him. Raja Muda, masha'Allah chevalier chevalier, knight! Insha'Allah. Ya Rabbi Ya Karim...Ya Rabbi Ya.. Ya Rabbi Ya Karim Tell his Majesty gives me his dua for me also. I am praying for him. Fatiha. I hope to see you there with your National dressing. Wa aleikum salam...La Ilaha, illa Allah! La Ilaha, illa Allah! La Ilaha illa Allah! Sayyidina Muhammad Rasul Allah (saws).
H.R.: They put in Sultan's heart 4 stents. They are saying insha'Allah it's ok & they ask dua from you.
M: I am asking healthy life, long life for his Majesty Sultan Azlan Shah. as long as His Majesty's hand is for people, giving charity to them, don't worry about his Majesty's health. Prophet (saws) saying "cure your illness with sadaqa." The Holy Prophet (saws) "O people, make cure for your illnesses by giving your charity." Everyday may give charity & he is not going to be worried, even giving his charity, but now he may give more for his health, daily. And I am asking that they may look after people, Burma people, to look after them as much as possible, charities and to give their support for Muslims in Burma. That is a biggest charity for Sultan, his Majesty Sultan. May Allah (swt) gives him long life for these charities and to be his honour to

this... To be in East & West well known that he is supporting weak Muslims, and poor Muslims under the oppressor of that shaytan, non-believing people. That is all. And he must not worry & hope that he may reach to Mahdi (as). As Salam Alaykum.

**Der Minister und der Sultan**

---

MN: Ministerpräsident, Seine Exzellenz. CM: Allahu Akbar, Alhamdulillah.
M: Wie geht es? Masha'Allah.
CM: Ich bin in der Tat sehr glücklich.
M: Zuerst einmal danken wir dem Herrn der Himmel, Allah dem Allmächtigen. Dann geben wir unsere besten Wünsche und Salatu wa Salam an Sayyidi l-Awwalin wa l-Akhirin, Sayyidina Muhammad (saws). Und drittens geben wir unsere besten Wünsche an Seine Majestät, den Sultan von Perak. Er gab mir gerade ganz Perak und sagt mir: Nimm es! Und ich habe es genommen.
CM: Er sendet Salams an Mawlana, der Sultan von Perak.
M: Wie ist seine Gesundheit?
CM: Er kann jetzt schon laufen.
M: Seine Majestät, solange seine Hand in Werken der Wohltätigkeit ist, besteht keine Sorge. PM: Insha'Allah.
M: Er soll sich nicht beunruhigen. Alhamdulillah. Keine Notwendigkeit, aber die Londoner Ärzte machen aus einer kleinen Sache eine große. Es ist nicht notwendig, solange die Hand Seiner Majestät in Werken der Wohltätigkeit ist. Insha'Allah, wir beten für Seine Majestät und Ihre Majestät und Raja Muda auch und Marhum, Raja Ashmans Frau. Ich weine, daß er das letzte Mal hierher kam und sagte Dawlat Twanko! Ein Dawlat Twanko! Noch einmal hinter ihm. Ein Wort sagte er auch: Apahabar! Die Hand hier, und hier sagte er das. Ich traf ihn in Damaskus, bevor die Leute mir sagten, er sei dahingegangen. Ich war überrascht. Ich traf ihn in Damaskus, Raja Ashman. Er hatte geistige Macht, wie 'Amud, ein Pfeiler.
CM: Sehr stark, ja, Alhamdulillah.
M: Deshalb, als sie mir sagten, er sei dahingegangen, sagte ich, ich habe ihn in Damaskus gesehen, wie soll das sein. Sham... Die Awliya, die Heiligen, die meisten von ihnen sind in Sham. Insha'Allah werden wir ihn unter der Flagge Rasulullahs (saws) sehen. Fatiha. Vor Euerer Exzellenz war ein anderer Ministerpräsident. Ich sah Seine Majestät sein Schwert hierhinlegen.

PM: Ja! Subhanallah, er trug das Gewand von Heybet, Herrlichkeit. Heybet, Herrlichkeit... Seine Exzellenz kleidete sich in Heybet, Herrlichkeit. Aber so, denke ich, Städtischer Angestellter.
MN: Nächstes Mal mußt du dich offiziell kleiden.
M: Wie geht es? Ich komme zurecht, fragt nicht. Wie geht es Abdul Najib Effendi, Najib? Dem Premierminister?
CM: Alhamdulillah, er sendet Salams an Mawlana. Ich sagte ihm, daß ich Mawlana besuchen gehe. Er sagte: 'Sag Salams und betet für die Wahlen.'
M: Ich werde Dua für ihn machen, wenn er sich um die Menschen in Burma kümmert, wo shaytanische Leute Muslime töten, daß er dafür sorgt, daß nicht... und diese shaytanischen Leute bedroht.
CM: Ich werde es ihm sagen, insha'Allah.
M: Und Allah der Allmächtige wird sein Helfer sein, wenn er das tut. Aber es tut mir leid, daß niemand hinsieht.
CM: Es ist...
M: Masha'Allah. Sei aufrecht, nichts anderes ist notwendig. Mach dir keine Sorgen. Mustaqim - gerade. Der Herr der Himmel mit dir. Aber so, so... Shaytan. "Salamun Qawlan Min Rabbin Rahim" (36:58). Frieden, ein Wort von einem barmherzigen Herrn. (36:58) Möge Allah (swt) ein Helfer und Beschützer für euch sein und Sein meistgeliebter Prophet (saws).
CM: Shukran Mawlana, insha'Allah, insha'Allah...
M: Astaghfirullah. Bitte küßt seine Majestät hier.. Nicht von hier, er ist Sultan. Nicht hier, Sultan, das ist Adab, gutes Benehmen. In seinem Namen.
CM: Das werde ich, das werde ich.
M: Ihre Majestät auch, Alina, Raja Muda, ich mag ihn. Raja Muda, masha'Allah, Chevalier, Chevalier, Ritter! Insha'Allah. Ya Rabbi ya Karim... Ya Rabbi ya.. Ya Rabbi ya Karim.. Sagt Seiner Majestät, daß er auch Dua für mich macht. Ich bete für ihn. Fatiha. Ich hoffe euch da zu sehen in euerer Nationaltracht. Wa `alaykumu s-Salam... La ilaha illa Allah! La ilaha illa Allah! La ilaha illa Allah! Sayyidina Muhammad Rasul Allah (saws).
HR: Sie haben 4 Stents in Sultans Herz getan. Sie sagen insha'Allah ist es okay, und sie bitten um Dua von dir.
M: Ich bitte um ein gesundes Leben, ein langes Leben für Seine Majestät Sultan Azlan Shah. Solange die Hand Seiner Majestät für die Menschen da ist, ihnen Wohltätigkeit gibt, macht euch keine Sorgen um die Gesundheit Seiner Majestät. Der Prophet (saws) sagt: 'Heilt euere Krankheit mit Sadaqa.' Der Heilige Prophet (saws): 'Ihr Leute, erlangt Heilung für euere Krankheiten durch das Geben von Almosen.' Jeden Tag

könnt ihr Almosen geben, und er wird keine Sorgen haben müssen, auch wenn er schon Almosen gegeben hat, aber jetzt soll er mehr geben für seine Gesundheit, täglich. Und ich bitte, daß sie sich kümmern um die Menschen, die Menschen in Burma, daß sie sich, so viel sie können, um sie kümmern, den Muslimen in Burma Wohltätigkeit und Unterstützung zukommen lassen. Das ist das größte Werk der Wohltätigkeit für den Sultan, Seine Majestät den Sultan. Möge Allah (swt) ihm ein langes Leben geben für diese Werke der Wohltätigkeit, und sei seine Ehre darin, in Ost und West wohlbekannt zu sein als Unterstützer schwacher Muslime und armer Muslime unter der Bedrückung dieses Shaytans, der ungläubigen Menschen. Das ist alles. Und er muß sich keine Sorgen machen und hoffen, daß er Mahdi (as) erreicht. As-Salamu Alaykum.

## Miracle of the Stick

Ahlan wa sahlan wa marhaban.. Welcome, o my listeners.
O Lord, we are weak. Strengthen us in our weakness on the path to Your Good Pleasure. The tiniest bit that You grant us to strengthen us in our weakness will turn us into lions, O' our Lord. Our Subhan, our Sultan, He made us to be of the Nation of His Beloved. How fortunate we are, what a good fortune, they say. Thanks to Allah, He made us to be of the Nation of Muhammad (saw). 124.000 noble companions followed him in his ways. Our glorious and elevated Prophet. Allahu akbar. Thanks to You, O' Lord, qawwi da'fana fi ridak. Strengthen us in our weakness.. O' our Lord, we are weak! To be of service on your way, strengthen this weak body of ours. Qawwi da'fana. If you want to rid yourself of your weakness - O Shah-i Mardan, Habibu r-Rahman Habib [Beloved] wa Nadid [Counterpart], Shah-i Mardan! Cousin of the Prince of Creation, the most honoured Sultan, O' Beloved of Allah. How lovely! As-salamu 'aleykum, O' Lovers of Shah-i Mardan! Dastur, ya Shah-i Mardan, Habibu r-Rahman. We shall attempt to translate your words.
It is now left to the likes of us to do this, for in these times the Blessed Ones do not see it fit to address people. Nowadays people have forgotten their humanity and become beasts. Therefore, "Kallim un-nasa 'ala qadari 'uqulihim". That is a command: Speak to people according to what their minds can grasp. Now if you were, Heaven forbid, to place a tray of baklava in front of a four-footed donkey, and a bowl full of straw on the other side, he will look at the tray of baklava, and say: "That's no good to me." He will turn to the straw, and gulp down his soup of straw, then he will raise his donkey voice and bray. He will begin to stomp and say: "Is there anybody stronger than I am! I am a lion!" No! The lion eats no straw, the donkey does. So, if a straw-eater gets up and makes claims for himself, saying: I am the most high ranking of all animals in this

world! There are indeed those who make such claims. One day the lion happened to meet with that donkey. He looked at the donkey. What kind of creature is that? He has no mane, no whiskers, he resembles me in no way. Let me get a closer look at him. What kind is he, I wonder? When he approaches, the donkey looks at him and wonders: Who is that one? He begins to bray, and at the sudden sound of his braying the lion is startled and jumps back. "What sort of creature is this? That kind of braying, we have never heard before. We don't like that at all," he said and spoke to the donkey "Hey, look at me! I am the king of the jungle, but I don't have such a voice. What kind of animal are you?" The donkey said: "I am a strong animal that can transport heavy loads through the forests, the mountains and stony wastes," he said. Now he drew closer and, when the lion got close up, the donkey, seeing the lion approach, stuck his ears up straight and began to bray once more in his loudest voice. At this the lion jumped back and withdrew, saying: "What a powerful creature this is to oppose me!" "Who are you?" asked the donkey. "I am the king of the jungle," said the lion. "I don't recognize any king," said the donkey, "The kingship is mine!" When he brayed again, the lion thought: "I'd better leave him and get out of here. His voice will bust my eardrums. I can't cope with this one, I had better go and get lost."

Let us say: Bismillahi r-Rahmani r-Rahim. How lovely! O' Shah-i Mardan! Come and let our gathering be cheered by your counsel. Let us learn good manners, and let us also learn wisdom. Please come, O' Shah-i Mardan, this is your arena. From the beginning of the world to its end, the rank of King of Men is yours. Each one of the prophets was given a special distinction. The disctinction of the Prophet of the Last Times (sas) was that he was given Shah-i Mardan. His sword was to show miracle powers, as well as to destroy shaytan and its helpers. Shah-i Mardan. Therefore, O' Friends of Shah-i Mardan, O' Lovers of Shah-i Mardan, come here and listen. Even if you can only keep two of his words, his blessed words will benefit you. Let us begin: We are Muslims. Al-hamdulillah! Say it! The honour of Islam is higher than any other honour. Huwa sammakum ul-muslimin.. (22:78) Allah Almighty named the highest rank He was to give to man by name. Our Lord - subhanahu wa ta'ala - called people Muslims. "Those who keep My commands are Muslims. But who ignores My command is not a Muslim. Those are of no value to Me. The true value of a human being, in My view, lies in their being Muslim. Respect this rank!"

Let us say: Bismillahi r-Rahmani r- Rahim. What is it that befits a Muslim? To begin with the mention of the Name of Allah Almighty, the Lord of Glory. We are Muslims. Allah has made us the gift of the sacred Basmala. By our saying "Bismillahi r-Rahmani r-Rahim", by our bearing this honour, Allah Almighty, who is Wajib ul-Wujud, [of Necessary Existence] has made a gift to mankind. It is this that makes a man human. Without this man is not truly human. Pronouncing the Basmala is no light matter. Come, O Shah-i Mardan, this is your arena. O Lovers of Shah-i Mardan, friends who follow his way. They are beloved friends. They bear no enmity. There is no enmity in those following the way of Shah-i Mardan. They disdain to engage in hostilities for the sake of this world. They would not stoop so low. They are elevated, high. They would not make it their business to fight over carrion. This world is carrion, as all the prophets have said. They do not go to war over it. Who goes to war over the world is not a prophet, peace be upon them all.
What is it all about? I'la-i kalimat-ullah, he says. The Word of Allah - Dhu l-Jalal - is supreme. They went to war to ascend with it. They fought in order to destroy unbelief. They drew their swords in order to save the people fooled by the scheming of shaytan and to save them from the traps that shaytan had set for them. The only one not to draw his sword was the prophet Isa, alayhi s-salam. And peace and blessings on our Holy Prophet. But he too spoke Bismillah. No prophet came without the Basmala. There was no prophet who did not say "Bismillahi r-Rahmani r-Rahim". This miracle was given to them. To perform their miracles the prophets would say"Bismillahi r-Rahmani r-Rahim". Musa (as), in order to part the waters, what did he say, O Shaykh? What did he say? The forty robbers, for entering their own cave of treasures, spoke the word: "susayim", it opened and they entered. With this word they entered their cave. Without this word it did not open. Therein lay their secret. The forty robbers spoke this word, the mountain opened and let them in. This was given to them. What about us, how does this world open up to mankind? How do they conquer this world?

Whoever draws his sword without saying "Bismillahi r-Rahmani r-Rahim" cannot rule this world. Those who say "I rule" are rulers over the toilets of this world. He who rules over a toilet, is not really a ruler. He has no honour. Allah Almighty has made in this world a treasure; that treasure, in order to dress mankind with what He wants, with the dress befitting mankind, the

key to that treasure is "Bismillahi r-Rahmani r-Rahim". The gateway to humanity opens with "Bismillahi r-Rahmani r- Rahim". Whoever does not say this he who says "susayim" [I had better shut up] like the forty robbers, also enters, but the place he enters is a toilet place. Those who speak the noble Basmala, their station reaches up to the Throne. Our Prophet (sas) reached up to the Heavenly Throne. Those who follow him, enter their stations according to their degrees of merit. Nobody will reach anywhere in this world or the next without uttering the Basmala. The gates of Paradise will open with "Bismillahi r-Rahmani r-Rahim". The gates of heaven and earth will open with "Bismillahi r-Rahmani r-Rahim". Do not forget the Basmala. If you forget, it means you are forgotten. Ash-hadu an la ilaha illa-llah wa ash-hadu anna Sayyidana Muhammadan 'abduhu wa habibuhu wa rasuluh. Speak this! After that it befits you to say: "Bismillahi r-Rahmani r-Rahim". May we have a good day.

Come, o Shah-i Mardan, let us listen to you. Listen, O you Lovers of Shah-i Mardan. Don't get bored or fed up! We would not exhaust the virtues of the noble Basmala even if we spoke about them from the beginning to the end of the world. Whatever you want, whatever good you wish for, its secret will open with "Bismillahi r-Rahmani r-Rahim". If you forget this, you are rubbish. Nothing will open for you. "Bismillahi r-Rahmani r-Rahim" will open for you the treasures of this world, and place them beneath your feet. But no regard for you if you speak the Basmala for the sake of worldly treasures. No esteem. The Muslim's eye is trained on the heights. On the lofty stations. Therefore, man is upright and he gazes upward. The animals look down to the ground. Animals look at the earth, wherever there is grass to graze. They do not raise their heads to look upwards. But man looks in all directions, he looks at the sky, he looks at a flower, he looks at the sun, the moon, the stars. He looks at the rose, masha'Allah and he says: "Bismillahi r-Rahmani r-Rahim", O our Lord, You are the Owner of the Heavens and the Earth. All eternity is in Your possession. Your Existence knows no before or after. Your command comes to pass before it is spoken. Your command "kun" [Be!] is fulfilled before the "kaf" reaches the "nun".

O mankind, glorify Allah Who keeps you alive! Call on Him by His Name of Divine Majesty, say: Ya Allah! Bismika Allahumma, ya Rabbi! By the honour of Your glorious Name, Bismillahi r-Rahmani r-Rahim. Come, O Shah-i Mardan! Let us speak, he says, Shah-i Mardan. O you who forget Us! O you people who have lost their respect for Us! O you people who do not feel

bound by Our command and who have attached themselves to shaytan! You will serve not with your name, but with your being! I call you to the service of my Lord, praised be He and exalted. I call you to the path of His chief summoner, Habibullah, the Pride of all Creation! I am only a vehicle, the means, I do not exist. Only Allah Almighty, the Lord of Glory has Existence, and also the Beloved of the Merciful, Habibu r-Rahman, who has been taught by Him, the Pride of Creation who is the Sultan of Prophets. He is the Pride of all Creation. If you seek honour and fame, if you seek honour, then you must follow the honoured Prophet of the Last Times (sas). On his account we have become Shah-i Mardan. No prophet was not trained by him - All the prophets were taught by our Holy Prophet (sas). There is no prophet who was not taught by him. The Beloved of Allah, the only prophet who spoke to Allah, from him all the prophets have received their knowledge. All the glorious prophets took their knowledge from him (sas). For the etiquette of Allah is not like the etiquette that you are familiar with.

Etiquette. Who is closest to Allah? In all the universe, who is closest to Allah? Who is it who spoke to Allah without an intermediary, who met Him, became acquainted with Him and was honoured by Him? Who is that? Only one single person raises the banner of La ilaha illa-llah from the beginning to the end of time, holds this banner aloft; he is Muhammadu r-Rasulullah, salla-llahu ‘alayhi wa sallam. Ya Rasulallah. O you people, if you are looking for honour don't run after false titles. Nowadays you will find people running after these. What do they resemble? A dog, - may Alah forgive me - will not leave your side as long as you have a bone in your hand. But as soon as he has grabbed the bone, he will no longer follow you. Make sure you are not like those ones! Allah Almighty has created the dog as a dog, with a love for his bone. There is nothing else that he loves with such a passion. A dog is after his bone, and a donkey is after his straw, but mankind, perfected man, is after those who observe the way of Allah the Merciful - jalla jalaluhu - and he will follow those walking in His Way. That is where his honour lies, not in licking bones or eating straw. But the people of our day and age, some of them are after bones, some after straw. Shame on them! Even though we belong to the religion of Truth, we are after bones, or after straw. Who has brought people to this low level? None but shaytan, the accursed. It is he. The troubles the people of our times are suffering are all for the sake of bones or straw. All people resemble either the dog or the donkey in their qualities. One kind runs after his bone, saying, "I will be top dog!" The other kind says, "Let me find bread, so I can be a donkey", and

runs after his straw. It is Allah, jalla jalaluhu, who gives you honour.
O you ignorant people, Allah Who does not even overlook an ant, will He leave you without provision? Why are you fighting? The treasuries of Allah are overflowing. Even the ant finds a little stick and manages its life. Each creature was created with the provision that is suitable for it. You must know this! Ta'allumu l-'ilm faridatun 'ala kulli muslimin wa muslima. Is there anything like Islam? - Tell me! To proclaim the glory of Islam this was said. What is the duty incumbent on every Muslim? Ta’allamu l-‘ilm, to acquire knowledge; knowledge is the highest rank given to mankind, given to people. It is an obligatory duty for people to seek to learn, to acquire knowledge. It is fard [duty], he says, for men and for women. Nowadays in all schools people are prevented from saying Allah. Even the Islamic world no longer does, and Christians don't allow it anyways. They show no regard for the prophets, nor for what they have brought. But they will teach what this and that philosopher has said. They hold philosophers in high esteem. What does the philosopher know? The sayings of the philosopher are the rumblings of his belly.
One crazy parson appeared, what was his name? A parson named Darwin came and turned the world upside down. Man is descended from apes, he said. In all universities they teach this, the other animals. It means they accept that they are beasts. This crazy pastor named Darwin, the Pope excommunicated him seven times. If we catch him, we'll burn him, he said, so he disappeared. The one thing the Pope did right was this. Go arrest this crazy Darwin, he said, he is mad. Ungodly and godless, he goes on braying, so catch him, get even with him. Eh, this is innovation.
In the name of innovation the devil spits on you, as we say. A packsaddle, Haji Mehmet, you know what a packsaddle is? Yes, you have ridden on a saddled donkey. Shaykh Effendi knows, he used to ride donkeys. I also rode on them. Show me people who have ridden donkeys. Now, I don't count as a man one who hasn't ridden on a donkey. Ride your donkey, achieve rank and station. Say, I have ridden my donkey. Our donkey is our nafs, it has to be trained. The man who cannot mount his own nafs, will be his nafs' slave. Who holds the reins of the nafs? I am asking the whole Islamic world, and the Christian world; who holds the reins of the nafs? Because you hold a donkey by its reins, or a halter. Who holds the reins of the nafs? This is an important question. It is shaytan who holds the reins of the nafs. It is shaytan. That is the reality. The nafs

is the beast of shaytan. He pulls it along. What plunges mankind into all manner of filth, is the evil of this nafs. He who pulls the nafs to go wherever he wants it to go, shaytan, has ruined humankind. He has reduced human honour to nothing. Whereas man is the most honoured of all created beings. It does not befit mankind to be running after bones to chew on. Licking bones and running after straw is not worthy of man.

O Shah-i Mardan, do come, you are Master of the Arena. Knowledge; Knowledge, knowledge is to know oneself. A course of study that does not teach knowledge of oneself, or that does not teach you to know who you are makes no sense. They have so many schools of higher learning. Is there anybody teaching knowledge of man's identity? No, there is not. Is anybody teaching the knowledge of who man really is? No, there is not. Shah-i Mardan is laden with wisdom. Take it from him. That is why they are making us speak his words every day, in order to remind man of his humanity in a variety of ways. A reminder; you do not listen to this advice. Alright. You do not heed this advice.

Once a sultan, - this is an historical event - a sultan had a son, and in order to educate him, to have him taught, he assigned him to a certain Hoja. But no Hoja they brought to him knew how to deal with the young prince. They couldn't very well pull his ears. The prince left neither lesson nor book intact. A wild, uncontrollable child. They sent word to the Sultan saying they couldn't cope. The Hoja said: "O King of the Age, Lion that you are, representing Shah-i Mardan! We are not able to deal with your son the prince. He does not listen to us. When we want to teach him something, he gives us the slip. Since he is the prince, we cannot pull his ear.." "Alright," said the Sultan, "call a certain Hoja Effendi. That Hoja Effendi is one of the lions.." They said: "The prince makes fun of everyone. He fools around, he does not listen." That blessed Hoja said, "Fine, I will go. It is the order of the Sultan. I'll go to him and see what I can teach him." So he went, but underneath his cloak he carried a dogwood stick. This was Molla Fenari, wasn't it? Pay attention to Ottoman history, you too, Shaykh Mehmet Effendi. So he came there, carrying a dogwood stick under his cloak. As usual, the young prince began to play and mess around and do silly things. He then drew his stick out from under his cloak and after he hit him a few times with it, the prince came to order. Therefore, there is a miracle to this stick. It created order. Now people have abolished the stick, and they have become disgraced. One bastinado would make

people as pliant as wax. The custom of Islam: subject him to a bastinado, and we shall see if he will want to be disrespectful after that?! Flog him in public, Lay him out on the square, put his feet in the vise, nd start beating his soles. Then let him get up and go off, and we'll see if he'll do it again! No, he will not do it again. That is why they said: The stick, they say, came from paradise because it can discipline. It is only a stick, it is nothing miraculous. What is its miracle? It can discipline mankind.

Now they can apply no discipline. It is prohibited. You may not pull your child by the ear, or slap him or strike his hand. So like that prince who played games with his tutors, they all become idle triflers, nothing but sloth and indolence. "Eh, we will all be as children together with our child" - no! You are not to be children with your child. Your child is to be like you. We do not send our children to school to teach them childish ways, but to teach them humanity. Nowadays in the whole world you cannot pull the ear of your pupil. You cannot speak to him strictly. He does just as he likes. Even if he spits at his teacher in the face, he may not hit him. Discipline To raise an undisciplined generation shaytan has mobilized his forces, and he has accomplished his aim. These days children have no discipline. All of them are disobedient, rebellious. They listen neither to their mother, nor to their father, nor do they obey. They know no honour, and cannot tell good from evil.

O Shah-i Mardan, do come. True knowledge teaches man about himself. "Who are you?" - is that kind of lesson taught in the world? I ask the Pope, His Holiness the Pope: in the schools are children taught lessons on the subject of "Who are you?" Are they taught who they really are? Eh, how can you be a Pope then? Our Muslims, they are also confused. Do they teach this to their children? Speak, let's hear it: "Bismillahi r-Rahmani r-Rahim." Who created you? Do they teach them that? What is your task? Do they teach them? They don't. It is all according to the instruction of shaytan. O Shah-i Mardan, the arena is yours, please do come. The stick came from paradise. If there is no stick, there is no discipline. Discipline your child. Don't leave him untended to do what he wants. Don't leave him his freedom. You must show him limits. A child does childish things. A child must learn his manners. He must learn to respect his elders. Who is an elder? The eldest of elders is the Lord of all Creation, Allah Almighty, subhanahu wa ta'ala. You must teach him that. If you do not, he will turn into a troublesome person. No one nowadays has been taught this. Nobody has learnt it. And now they are eating each other. They

are fighting. So, in the end, what happened today? He who is in Heaven, He has a whip, ha. He who is in Heaven and has the Command has one thing to do, when they get way out of control. In order to make His Existence known to those who have forgotten Him Who is in Heaven, there are whips. A whip will strike them. What's this, eh, Shaykh Efendi, what sort of whip is this supposed to be? What kind of whip? He makes fun of you. Ah, but some of you are carried away by floods. Others are taken by a tornado. Some are taken away by an earthquake, some by a volcanic eruption. What more do you ask for? You are looking for a stick. They don't know that these things happen by Command from on high. They think that this world just turns round and round for its own pleasure.

What (...) will speak up then to tell them. I'll talk, I'll swear at them. Let that (...) step forward who says that the world spins around by itself. Those shameless ones think that the world has no owner. Who gave the earth its shape? Who shaped it into a round ball? Who set it in a spinning motion? Who caused morning and evening to be? Who made summer and winter? So you think all this happened by itself? A man once asked and said: Hey you, you have a great deal of knowledge. I want to ask you a question: Does the sun have a device for adjustment? At that he became confused, that blockhead. A device for adjusting the sun? You set the watch that you wear on your wrist to tell the time. So how come this great, big sun has no means for adjusting it, you (...)?

O you godless, unbelieving mongrel, what do you say? Does the sun have a device for adjustment or not? They want to curse. In bestiality they have surpassed the four-legged ones. Ungodly misbelievers all around us! I shall let them taste My whip. Ha. So what happened. In China there was an earthquake. So what happened? A volcano erupted in Persia . A volcano in Persia? Eh, it erupts, explodes. So, what happened? Mount Vesuvius erupted. How did it explode? Is there a bomb underneath it that it can explode? O, your Holiness, o Pope, tell me, the country Italy where you stay, underneath it there is fire. You must know your limits, o people! Man becomes human through his training and discipline. Leave these things! Does he say that? No, he does not. He only steps out and goes like this with his hand. Then he crosses himself. That is our religion. What sort of religion is that?

The Muslims have officially banned Islam and forbidden it. In no country in the world is the sacred law of Allah [shari'a] applied. All of them say: We will make a code of laws. Go, make

your laws in the toilet. The laws you will make are suitable for that place. The code of law to rule the world is the Fundamental Law. Not anayasa [constitution but ana also = mother] nor babayasa. [baba=father], why no dedeyasa? [dede = grandfather] They are old, we'll make a new ones. How bold they are! Wa man lam yahkum bi-ma anzala Allah fa-ula'ika hum ulkafirun. (5:44) Is that not the holy verse? He who does not judge by what Allah has revealed, he is an unbeliever. He is not to be prayed over, nor buried in a Muslim cemetery, that is the fatwa. O Shah-i Mardan, speak! They would outdo the rule of Allah.

"We will make a constitution." Masha'Allah! A constitution for this world? Do we live in the jungle? For these thousand and how many years, how were the Muslims governed? How did they conquer the world? How did the Ottomans conquer the world? The last one of them, Sultan Abd ul-Hamid Han of blessed memory ruled for forty years. He ruled for forty years. Over an area of seven million square kilometres he ruled. Kings came to him and kissed his hand. There was lasting peace. The Ottoman Empire was the stronghold of Islam. There was no state that was not in fear of the Ottoman Empire. To this day they are afraid of the Ottomans. If the Ottomans come, the Ottomans are the warriors of Allah. All soldiers other than them are soldiers of shaytan. They are of no value. With one cannon shot they are dispersed.

Speak, o Shah-i Mardan, o Possessor of Allah’s Good Pleasure. Masha'Allah, Masha'Allah, Masha'Allah. He spoke of the time adjustment for the sun. If the sun is not adjusted, how does it know when to rise and when to set? You look in your calendars every day, where it tells you the time of the sunrise and the sunset. Does it ever miss even one second? No. So who sets the sun? Answer this question. Let your most learned one give an answer: Who adjusts the sun? So that he knows the time of the rising of the sun down to the very second. And he knows the time of its setting. Eh, no one is left who knows, and no one who can teach.

The world is left in the hands of useless people. They have brought disgrace on all the nations. They drove people into unbelief, and now the Wrath of Allah has begun to whip them. In China, how many 100.000s of people died, they don't tell you; an earthquake here, there a flood, how many thousands perished in it. In another place a storm took away how many thousands! In the midst of chaos and upheaval, yet man does not call out: O our Lord! My weapon will strike you and destroy you. It is not up to you to destroy mankind, o unbelievers! Man is looked after by his Creator, it happens at the time He determines. If he does not know his punishment: "Wa ja’alna

ba’dakum li-badin aduw." He will make you enemies to one another, and discipline you thereby. O our Lord, forgive us. O Shah-i Mardan. May Allah make keen your sword Dhu l-Fiqar! For you to destroy the devils who have strayed from the path. In order for you to draw Dhu l-Fiqar, we are in need of a Sultan. We need a Sultan. Even today the world fears the name of the Ottomans. If only the Ottomans don't come because if they do, they will rule. But inspite of what they may wish for those Ottomans will be coming. Then they will know the value and the power of the Ottomans, their majesty, greatness, and strength of faith.
Allah, let us say Allah. Come to our aid, o Fighters of Allah! wa min Allah at-tawfiq.
Al-Fatiha.

**Das Wunder des Stocks**

---

Ahlan wa Sahlan wa Marhaban. Willkommen, meine Zuhörer. O Herr, wir sind schwach. Stärke uns in unserer Schwäche auf dem Weg zu Deinem Wohlgefallen. Das kleinste Bißchen, das Du uns gibst, um uns zu stärken in unserer Schwäche, verwandelt uns in Löwen, o unser Herr. Unser Subhan, unser Sultan, Er machte uns Teil der Nation seines Geliebten. Wie glücklich sind wir, was für ein Glück, sagen sie. Dank sei Allah, Er machte uns zum Teil der Nation Muhammads. 124.000 edle Gefährten folgten ihm auf seinen Wegen. Unser glorreicher und erhöhter Prophet. Allahu Akbar. Dank sei Dir, o Herr. Qawwi Da`fana fi Ridak. Stärke uns in unserer Schwäche.. O unser Herr, wir sind schwach! Um im Dienst auf Deinem Weg zu sein, stärke diesen schwachen Körper von uns. Qawwi Da`fana. Wenn ihr euch von euerer Schwäche befreien wollt.. O Shah Mardan, Habibu r-Rahman, Habib wa Nadid, Shah Mardan! Cousin des Prinzen der Schöpfung, des geehrtesten Sultans, o Geliebter Allahs. Wie herrlich!
As-Salamu `alaykum, o Liebende Shah Mardans. Dastur, ya Shah Mardan, Habibu r-Rahman. Wir werden versuchen, deine Worte zu übersetzen. Es ist jetzt Leuten wie unsereins überlassen, das zu tun, denn in dieser Zeit sehen es die Gesegneten nicht als angemessen an, die Menschen anzusprechen. Heutzutage haben die Menschen ihr Mensch-Sein vergessen und wurden wilde Tiere. Deshalb "Kallimu n-Nasa `ala Qadari 'Uqulihim". Das ist ein Befehl: Sprich zu den Leuten

dem entsprechend, was ihr Verstand begreifen kann. Wenn du nun, Gott bewahre, ein Tablett mit Baklava vor einen vierbeinigen Esel stellen solltest und eine Schüssel voll Stroh auf die andere Seite, wird er das Tablett mit Baklava anschauen und sagen: Das ist nicht gut für mich. Er wird sich dem Stroh zuwenden und seine Strohsuppe herunterschlingen. Dann wird er seine Eselsstimme erheben und IA rufen. Er wird beginnen zu stampfen und sagen: Gibt es jemanden, der stärker ist als ich? Ich bin ein Löwe. Nein! Der Löwe frißt kein Stroh, das tut der Esel. Wenn also ein Strohfresser aufsteht und Ansprüche für sich stellt, indem er sagt: Ich bin das hochrangigste Tier aller Tiere in dieser Welt. Es gibt tatsächlich solche, die diese Ansprüche stellen.

Eines Tages traf der Löwe zufällig diesen Esel. Er sah den Esel an. Was für ein Geschöpf ist das? Es hat keine Mähne, keinen Schnurrbart. Er gleicht mir in keiner Weise. Ich will ihn mir näher ansehen. Was für eine Art ist er, frage ich mich. Als er sich nähert, sieht ihn der Esel an und fragt sich: Wer ist das? Er beginnt, IA zu machen, und bei dem plötzlichen Geräusch seines IAs erschreckt sich der Löwe und springt zurück. Was für ein Geschöpf ist das? Diese Art von IA haben wir nie vorher gehört. Wir mögen das gar nicht, sagte er und sprach zum Esel: Hey, sieh mich an! Ich bin der König des Dschungels, aber ich habe nicht solche Stimme. Was für ein Tier bist du? Der Esel sagte: Ich bin ein starkes Tier, das schwere Lasten durch die Wälder, die Berge und steinige Wüsten transportieren kann. Jetzt kam er näher heran und als der Löwe ganz nahe war, streckte der Esel angesichts des sich nähernden Löwen die Ohren gerade in die Höhe und begann, noch einmal mit seiner lautesten Stimme IA zu schreien. Da machte der Löwe einen Satz und zog sich zurück und sagte: Was für ein mächtiges Geschöpf dies ist, um mir entgegenzutreten! Wer bist du? fragte der Esel. Ich bin der König des Dschungels, sagte der Löwe. Ich erkenne keinen König an, sagte der Esel, das Königstum ist mein! Als er wieder IA machte, dachte der Löwe: Ich lasse ihn lieber und verschwinde von hier. Seine Stimme wird mein Trommelfell platzen lassen. Ich komme mit ihm nicht klar und verschwinde lieber.

Sagen wir Bismillahi r-Rahmani r-Rahim. Wie wunderbar! O Shah Mardan, komm und laß unsere Versammlung durch deinen guten Rat aufgemuntert werden. Lernen wir gute Manieren und lernen wir auch Weisheit. Bitte komm, o Shah Mardan, dies ist deine Arena. Vom Beginn der Welt bis zu ihrem Ende ist der Rang des Königs der Menschen dein. Jedem der Propheten wurde eine bestimmte Auszeichnung gegeben. Die Auszeichnung des Propheten des Zeitenendes (saws) war, daß ihm Shah Mardan gegeben wurde. Sein Schwert sollte Wunderkräfte zeigen sowie

Shaytan und seine Helfer vernichten. Shah Mardan. Deshalb, o Freunde Shah Mardans, o Liebende Shah Mardans, kommt her und hört zu. Selbst wenn ihr nur zwei seiner Worte behalten könnt, werden seine gesegneten Worte euch nützen. Beginnen wir. Wir sind Muslime. Al-Hamdulillah. Sagt es! Die Ehre des Islam ist höher als jede andere Ehre. Huwa Sammakumu l-Muslimin" (22:78). Allah der Allmächtige benannte den höchsten Rang, den Er dem Menschen geben würde. Unser Herr (swt) nannte die Menschen Muslime. Jene, die Meine Befehle einhalten, sind Muslime. Aber wer Meine Befehle nicht beachtet, ist kein Muslim. Die haben keinen Wert für Mich. Der wahre Wert eines Menschen in Meinen Augen liegt in ihrem Muslim-Sein. Achtet diesen Rang!
Sagen wir Bismillahi r-Rahmani r-Rahim. Was ist es, was einem Muslim geziemt? Zu beginnen mit der Namensnennung Allahs des Allmächtigen, des Herrn der Glorie. Wir sind Muslime. Allah hat uns das Geschenk der geheiligten Basmala gemacht. Durch unser Sagen Bismillahi r-Rahmani r-Rahim, durch unser Tragen dieser Ehre, hat Allah der Allmächtige, der Wajibu l-Wujud, von Notwendiger Existenz, ist, der Menschheit ein Geschenk gemacht. Es ist das, was den Menschen menschlich macht. Ohne das ist der Mensch nicht wirklich ein Mensch. Die Basmala auszusprechen, ist keine leichte Sache. Komm, o Shah Mardan. Das ist deine Arena. O Liebende Shah Mardans, Freunde, die seinem Weg folgen. Sie sind geliebte Freunde. Sie hegen keine Feindschaft. Es ist keine Feindschaft in denen, die dem Weg Shah Mardans folgen. Sie verschmähen es, sich in Feindlichkeiten zu ergehen um dieser Welt willen. Sie würden sich nicht so erniedrigen. Sie sind erhaben, hoch. Sie würden es nicht zu ihrer Angelegenheit machen, um Aas zu kämpfen. Diese Welt ist Aas, wie es alle Propheten gesagt haben. Sie ziehen nicht in den Krieg deswegen. Wer in den Krieg zieht wegen der Welt, ist kein Prophet, Friede sei auf ihnen allen. Um was geht es alles? Ila-i Kalimatullah, sagt er. Das Wort Allahs, Dhu l-Jalal, ist das Höchste. Sie zogen in den Krieg, um damit aufzusteigen. Sie kämpften, um den Unglauben zu vernichten. Sie zogen ihre Schwerter, um die Menschen zu retten, die durch die Tricks von Shaytan getäuscht wurden, und sie zu bewahren vor den Fallen, die Shaytan ihnen gestellt hat.

Der einzige, der nicht sein Schwert zog, war der Prophet Isa (as). Und Frieden und Segnungen auf unseren heiligen Propheten. Aber auch er sprach Bismillah. Kein Prophet kam ohne die Basmala. Es gab keinen Propheten, der nicht Bismillahi r-Rahmani r-Rahim sagte. Dieses Wunder

wurde ihnen gegeben. Um ihre Wunder zu tun, sagten die Propheten Bismillahi r-Rahmani r-Rahim. Musa (as), was sagte er, um das Wasser zu teilen, o Shaykh? Was sagte er?
Die vierzig Räuber sagten, um in ihre Schatzhöhle zu gelangen, das Wort "Susayim". Sie öffnete sich und sie traten ein. Mit diesem Wort betraten sie die Höhle. Ohne dieses Wort öffnete sie sich nicht. Darin lag ihr Geheimnis. Die vierzig Räuber sagten dieses Wort, der Berg öffnete sich und ließ sie hinein. Dies wurde ihnen gegeben. Was ist mit uns? Wie öffnet sich die Welt für die Menschheit? Wie erobern sie diese Welt? Wer immer sein Schwert zieht, ohne Bismillahi r-Rahmani r-Rahim zu sagen, kann diese Welt nicht beherrschen. Jene, die sagen 'Ich herrsche', sind Herrscher über die Toiletten dieser Welt. Er, der über eine Toilette herrscht, ist nicht wirklich ein Herrscher. Er hat keine Ehre. Allah der Allmächtige hat in dieser Welt einen Schatz erschaffen. Dieser Schatz, um die Menschheit mit dem zu bekleiden, was Er will, mit dem
Gewand, das der Menschheit gebührt, der Schlüssel zu diesem Schatz ist Bismillahi r-Rahmani r-Rahim. Das Tor zum Mensch-Sein öffnet sich mit Bismillahi r-Rahmani r-Rahim. Wer immer das nicht sagt, wer sagt "Susayim" (ich sollte lieber den Mund halten), wie die 40 Räuber, tritt auch ein, aber der Platz, den er betritt, ist eine Toilette. Jene, die die edle Basmala sprechen, deren Station reicht bis zum Thron. Unser Prophet reichte bis zum Himmlischen Thron. Jene, die ihm folgen, betreten ihre Stationen dem Grad ihres Verdienstes gemäß. Niemand wird irgendwohin gelangen in dieser Welt oder der nächsten, ohne die Basmala auszusprechen. Die Tore des Paradieses werden sich mit Bismillahi r-Rahmani r-Rahim öffnen. Die Tore von Himmel und Erde werden sich mit Bismillahi r-Rahmani r-Rahim öffnen. Vergeßt nicht die Basmala. Wenn ihr sie vergeßt, bedeutet das, ihr seid vergessen.
Ash-hadu an la ilaha illa Allah wa ash-hadu anna Sayyidina Muhammada `Abduhu wa Habibuhu wa Rasuluh. Sprecht das! Danach geziemt es sich für euch, Bismillahi r-Rahmani r-Rahim zu sagen. Mögen wir einen guten Tag haben. Komm, o Shah Mardan, laß uns dir zuhören. Hört, o ihr Liebenden Shah Mardans. Seid nicht gelangweilt oder überdrüssig. Wir würden die Tugenden der edlen Basmala nicht ausschöpfen, selbst wenn wir vom Beginn bis zum Ende der Welt über sie sprechen würden. Was immer ihr wollt, was immer Gutes ihr euch wünscht, sein Geheimnis öffnet sich mit Bismillahi r-Rahmani r-Rahim. Wenn ihr das vergeßt, seid ihr Abfall. Nichts wird sich für euch öffnen. Bismillahi r-Rahmani r-Rahim wird für euch die Schätze dieser Welt öffnen und unter euere Füße legen. Aber kein Respekt für euch, wenn ihr die Basmala um

weltlicher Schätze willen aussprecht. Kein Ansehen. Das Auge des Muslim ist geschult für die Höhen. Für die erhabenen Stationen. Deshalb ist der Mensch aufrecht und blickt nach oben. Die Tiere gucken auf den Boden. Tiere gucken auf die Erde, wo immer es Gras gibt, um zu weiden. Sie erheben nicht den Kopf, um nach oben zu blicken. Aber der Mensch guckt in alle Richtungen. Er guckt auf den Himmel, er guckt auf eine Blume, er guckt auf die Sonne, den Mond, die Sterne. Er guckt auf die Rose, ma sha' Allah, und sagt Bismillahi r-Rahmani r-Rahim.

O unser Herr, Du bist der Eigner der Himmel und der Erde. Die ganze Ewigkeit ist in Deinem Besitz. Deine Existenz kennt kein Vorher oder Nachher. Dein Befehl wird ausgeführt, bevor er ausgesprochen ist. Dein Befehl "Kun!" - Sei! - wird ausgeführt, bevor das "Kaf" das "Nun" erreicht. O Menschheit, preist Allah, Der uns am Leben erhält. Nennt Ihn bei Seinem Namen der Göttlichen Majestät, sagt: Ya Allah! Bismika Allahumma, ya Rabbi! Bei der Ehre Deines glorreichen Namens, Bismillahi r-Rahmani r-Rahim. Komm, o Shah Mardan. Sprechen wir, sagt er, Shah Mardan. O ihr, die ihr Uns vergeßt! O ihr Menschen, die den Respekt vor Uns verloren haben! O ihr Menschen, die sich nicht an Unseren Befehl gebunden fühlen und die sich an Shaytan gebunden haben! Ihr werdet nicht mit euerem Namen, sondern mit euerem Sein dienen. Ich rufe euch zu dem Dienst meines Herrn, gepriesen sei Er und verherrlicht. Ich rufe euch zu dem Weg Seines Hauptaufrufers, Habibullah, des Stolzes der Schöpfung! Ich bin nur ein Vehikel, das Mittel, ich existiere nicht. Nur Allah der Allmächtige, der Herr der Glorie hat Existenz und auch der Geliebte des Gnadenreichen, Habibu r-Rahman, der von Ihm unterrichtet wurde. Der Stolz der Schöpfung, der der Sultan der Propheten ist, er ist der Stolz der ganzen Schöpfung. Wenn ihr Ehre und Ruhm sucht, wenn ihr Ehre sucht, müßt ihr dem geehrten Propheten der Letzten Zeit (saws) folgen. Nach seiner Angabe sind wir Shah Mardan geworden. Kein Prophet wurde nicht von ihm geschult. Alle Propheten wurden von unserem heiligen Propheten unterrichtet. Es gibt keinen Propheten, der nicht von ihm unterrichtet wurde. Der Geliebte Allahs, der einzige Prophet, der mit Allah sprach, von ihm haben alle Propheten ihr Wissen bekommen. All die glorreichen Propheten nahmen ihr Wissen von ihm (saws). Denn die Etikette Allahs ist nicht wie die Etikette, die ihr gewöhnt seid. Etikette. Wer ist Allah am nächsten? Im ganzen Universum, wer ist Allah am nächsten? Wer ist es, der mit Allah sprach ohne einen Mittler? Wer traf Ihn, wurde vertraut mit Ihm und wurde geehrt von Ihm? Wer ist das? Nur ein einziger Mensch

erhebt das Banner von La ilaha illa Llah vom Beginn bis zum Ende der Zeit, hält dieses Banner in die Höhe, er ist Muhammadu r-Rasulullah, salla Allahu `alayhi wa Sallam. Ya Rasulallah.
O ihr Leute, wenn ihr Ehre sucht, lauft nicht falschen Titeln hinterher. Heutzutage werdet ihr Leute finden, die hinter diesen herlaufen. Was ähneln sie? Ein Hund, möge Allah mir vergeben, verläßt deine Seite nicht, solange du einen Knochen in der Hand hast. Aber sobald er den Knochen gegriffen hat, wird er dir nicht länger folgen. Stellt sicher, daß ihr nicht wie diese seid.
Allah der Allmächtige hat den Hund als Hund erschaffen, mit einer Liebe für Knochen. Nichts anderes liebt er mit solcher Leidenschaft. Ein Hund ist hinter seinem Knochen her und ein Esel hinter seinem Stroh, aber die Menschheit, der vollkommene Mensch ist hinter denen her, die den Weg Allahs des Gnadenreichen einhalten. Und er wird diesen folgen, die Seinen Weg gehen.
Dort liegt seine Ehre, nicht im Ablecken von Knochen oder dem Fressen von Stroh. Aber die Menschen unserer Tage und unseres Zeitalters, manche sind hinter Knochen her, manche hinter Stroh. Schande auf sie. Auch wenn wir zu der Religion der Wahrheit gehören, sind wir hinter Knochen, hinter Stroh her. Wer hat die Menschen auf so eine niedrige Stufe gebracht? Kein anderer als Shaytan, der Verfluchte. Es ist er. Die Probleme der Leute unser Zeit sind alle wegen Knochen oder Stroh. Alle Menschen ähneln entweder dem Hund oder dem Esel in ihren Qualitäten. Eine Art rennt hinter ihren Knochen her und sagt: Ich werde der Spitzenhund sein. Die
andere Art sagt: Laßt mich Brot finden, so daß ich ein Esel sein kann. Und er läuft hinter seinem Stroh her. Es ist Allah, Jalla Jalaluhu, Der euch Ehre gibt. O ihr unwissenden Menschen, Allah, Der nicht einmal eine Ameise übersieht, wird Er euch ohne Versorgung lassen? Warum kämpft ihr? Die Schatzkammer Allahs quillt über. Selbst die Ameise findet einen kleinen Stock und bewältigt ihr Leben. Jedes Geschöpf wurde geschaffen mit der Versorgung, die angemessen für ihn ist.
Ihr müßt das wissen! Ta`allamu l-`Ilm Faridatun `ala Kulli Muslimin wa Muslima. Gibt es irgendetwas wie den Islam? Sagt mir! Um die Herrlichkeit des Islam zu verkünden, wurde das gesagt. Was ist die Pflicht, die jedem Muslim obliegt? Ta`allamu l-`Ilm, Wissen zu erwerben. Wissen ist der höchste Rang, der der Menschheit, den Menschen gegeben wurde. Es ist verpflichtend für Menschen, zu versuchen zu lernen, Wissen zu erwerben. Es ist Fard, sagt er, für Männer und Frauen. Heutzutage werden die Leute in allen Schulen davon abgehalten, "Allah" zu sagen. Selbst die Islamische Welt tut das nicht mehr. Und die Christen erlauben es sowieso nicht.

Sie zeigen keine Achtung für die Propheten, noch für das, was sie gebracht haben. Aber sie lehren, was dieser und jener Philosoph gesagt hat. Sie halten Philosophen in hohen Ehren. Was weiß der Philosoph? Die Aussprüche des Philosophen sind das Rumoren seines Bauches. Ein Verrückter erschien, wie hieß er? Ein Pfarrer namens Darwin kam und stellte die Welt auf den Kopf.
Der Mensch stammt von den Affen ab, sagte er. In allen Universitäten lehren sie das, die anderen Tiere. Das heißt, sie erkennen an, daß sie wilde Tiere sind. Dieser verrückte Pfarrer namens Darwin wurde vom Papst 7x exkommuniziert. Wenn wir ihn erwischen, verbrennen wir ihn, sagte er. Also verschwand er. Die eine Sache, die der Papst richtig machte, war das. Geht und sperrt diesen verrückten Darwin ein, sagte er. Er ist irre. Unchristlich und gottlos, geht er herum und schreit IA, also fangt ihn, rechnet mit ihm ab. Eh, das ist Neuerung. Im Namen der Neuerung spuckt der Teufel auf euch, wie wir sagen.
Ein Packsattel, Hadji Mehmet. Weißt du, was ein Packsattel ist? Ja, du bist schon auf einem gesattelten Esel geritten. Shaykh Effendi weiß es, er pflegte auf Eseln zu reiten. Ich ritt auch auf ihnen. Zeig mir Leute, die auf Eseln geritten sind. Jetzt zähle ich den nicht als Menschen, der keinen Esel geritten hat. Reitet euren Esel, erlangt Rang und Stufe. Sagt, ich habe meinen Esel geritten. Unser Esel ist unser Nafs, es muß erzogen werden. Der Mensch, der sein eigenes Nafs nicht besteigen kann, ist sein Sklave. Wer hält die Zügel des Nafs? Ich frage die ganze islamische Welt und die christliche Welt. Wer hält die Zügel des Nafs? Weil du einen Esel mit den Zügeln oder einem Halfter hältst. Wer hält die Zügel des Nafs? Das ist eine wichtige Frage. Es ist Shaytan, der die Zügel des Nafs hält. Es ist Shaytan. Das ist die Wirklichkeit Das Nafs ist die Bestie Shaytans. Er zieht es mit sich. Was die Menschheit in allen möglichen Dreck taucht, ist das Übel dieses Nafs. Der, der das Nafs zieht, damit es geht, wo immer er es haben will, Shaytan, hat die Menschheit ruiniert. Er hat die menschliche Ehre auf nichts reduziert, während der Mensch doch der am meisten geehrte unter allen Geschöpfen ist. Es geziemt der Menschheit nicht, hinter Knochen herzulaufen, um darauf zu kauen. Knochen abzulecken und hinter Stroh herzulaufen ist eines Menschen nicht würdig. O Shah Mardan, komm, du bist der Meister der Arena. Wissen, Wissen, Wissen dient dazu, sich selbst zu erkennen. Ein Studienkurs, der kein Wissen über einen selbst lehrt, oder der euch nicht lehrt, zu wissen, wer ihr seid, hat keinen Sinn. Sie haben so viele Schulen höherer Bildung. Gibt es irgendjemanden, der Wissen über die menschliche Identität lehrt? Nein. Lehrt irgendjemand das Wissen davon, wer der Mensch wirklich

ist? Nein. Shah Mardan ist voller Weisheit. Nehmt sie von ihm. Deshalb bringen sie uns dazu, jeden Tag seine Worte zu sprechen, um den Menschen auf verschiedene Weise an sein Mensch-Sein zu erinnern. Eine Erinnerung. Ihr hört nicht auf diesen Rat? In Ordnung. Ihr achtet nicht auf diesen Rat.

Einmal hatte ein Sultan, dies ist ein historisches Ereignis, einen Sohn, und um ihn zu erziehen, um ihn unterrichten zu lassen, wies er ihm einen bestimmten Hoja zu. Aber kein Hoja, den sie ihm brachten, wußte, wie dem jungen Prinzen beizukommen war. Sie konnten ihn ja nicht gut an den Ohren ziehen. Der Prinz ließ wieder Unterricht, noch Buch heil. Ein wildes, unkontrollierbares Kind. Sie ließen den Sultan wissen, daß sie nicht zurechtkamen. Der Hoja sagte: O König des Zeitalters, Löwe, der du bist, in Vertretung von Shah Mardan, wir können deinem Sohn, dem Prinzen, nicht beikommen. Er hört nicht auf uns. Wenn wir ihn unterrichten wollen, entwischt er uns. Da er der Prinz ist, können wir ihn nicht an den Ohren ziehen. In Ordnung, sagte der Sultan. Ruft einen bestimmten Hoja Effendi. Dieser Hoja Effendi ist einer der Löwen. Sie sagten: Der Prinz macht sich über jeden lustig. Er macht Unsinn, hört nicht zu. Dieser gesegnete Hoja sagte: Fein, ich werde gehen. Es ist der Befehl des Sultans. Ich gehe zu ihm und sehe, was ich ihn lehren kann. Also ging er, aber unter seinem Gewand trug er einen Hartriegelstock. Das war Molla Fenari, nicht wahr? Gebt acht auf die Osmanische Geschichte, du auch, Shaykh Mehmet Effendi. So kam er dorthin mit dem Hartholzstock unter seinem Gewand. Wie gewöhnlich, begann der junge Prinz, zu spielen und herumzualbern und dummes Zeug zu machen. Er zog dann den Stock unter seinem Gewand hervor, und nachdem er ihn ein paar Mal damit geschlagen hatte, kam der Prinz zur Ordnung.

Deshalb ist etwas Wunderbares in diesem Stock. Er schuf Ordnung. Jetzt haben die Leute den Stock abgeschafft und wurden schändlich. Eine Bastonade machte die Menschen weich wie Wachs. Der Brauch des Islam, unterwirf ihn einer Bastonade und wir werden sehen, ob er danach noch einmal respektlos sein will. Peitscht ihn öffentlich aus, legt in aus auf dem Platz, tut seine Füße in den Schraubstock und beginnt, die Fußsohlen zu schlagen. Dann laßt ihn aufstehen und weggehen, und wir werden sehen, ob er es noch einmal macht. Nein, er wird es nicht noch einmal machen. Deshalb sagten sie, der Stock, sagen sie, kommt aus dem Paradies, weil er disziplinieren kann. Es ist nur ein Stock, es ist nichts Wunderbares. Was ist sein Wunder? Er kann die Menschheit disziplinieren. Jetzt können sie keine Disziplin anwenden. Es ist verboten. Du darfst

dein Kind nicht an den Ohren ziehen oder ihn leicht schlagen oder seine Hand schlagen. Also wie dieser Prinz, der mit seinen Tutoren spielte, sie werden alle faule Müßiggänger, nichts als Trägheit und Arbeitsunwilligkeit. Eh, wir sind alle wie Kinder zusammen mit unserem Kind! Nein! Ihr dürft nicht Kinder mit euerem Kind sein. Euer Kind muß wie ihr sein. Wir schicken unsere Kinder nicht in die Schule, um sie kindische Weisen zu lehren, sondern um sie Mensch-Sein zu lehren. Heutzutage darfst du auf der ganzen Welt nicht einen Schüler am Ohr ziehen. Du kannst nicht streng mit ihm reden. Er macht einfach, was ihm paßt. Selbst wenn er seinem Lehrer ins Gesicht spuckt, darf er ihn nicht schlagen. Disziplin. Um eine undisziplinierte Generation aufzuziehen, hat Shaytan seine Kräfte mobilisiert und sein Ziel erreicht. Dieser Tage haben die Kinder keine Disziplin. Alle sind ungehorsam und rebellisch. Sie hören weder auf ihre Mutter, noch auf ihren Vater, noch gehorchen sie. Sie kennen keine Ehre und können gut und böse nicht unterscheiden.

O Shah Mardan, komm! Wahres Wissen lehrt den Menschen über sich selbst. Wer bist du? Wird diese Art Unterricht in der Welt gegeben? Ich frage den Papst, Seine Heiligkeit den Papst: In den Schulen werden die Kinder unterrichtet zum Thema 'Wer bist du'? Wird ihnen beigebracht, wer sie wirklich sind? Eh, wie kannst du dann Papst sein? Unsere Muslime sind auch verwirrt. Unterrichten sie ihre Kinder darin? Sprecht, laßt hören! Bismillahi r-Rahmani r-Rahim. Wer hat euch erschaffen? Lehren sie sie das? Was ist euere Aufgabe? Lehren sie sie? Nein. Es folgt alles den Anweisungen Shaytans. O Shah Mardan, die Arena ist dein, bitte komm. Der Stock kam vom Paradies. Wenn es keinen Stock gibt, gibt es keine Disziplin. Diszipliniert euer Kind. Laßt es nicht unbewacht tun, was es will. Laßt ihm nicht seine Freiheit. Ihr müßt ihm Grenzen setzen. Ein Kind macht kindische Dinge. Ein Kind muß Manieren lernen. Es muß lernen, Ältere zu respektieren. Wer ist ein Älterer? Der Älteste der Älteren ist der Herr der Schöpfung, Allah der Allmächtige (swt). Ihr müßt sie das lehren. Sonst wird er zu einem Problemfall. Niemandem ist das heute gelehrt worden. Niemand hat das gelernt. Und jetzt fressen sie sich gegenseitig. Sie kämpfen. Also am Ende, was geschieht heute? Er, Der im Himmel ist, hat eine Peitsche, ha. Er, Der im Himmel ist und das Kommando hat, hat eine Sache zu tun. Wenn sie ganz außer Kontrolle geraten, um Seine Existenz bekannt zu machen denen, die Ihn vergessen haben, Der im Himmel ist, gibt es Peitschen. Eine Peitsche wird sie schlagen. Was ist das, eh, Shaykh Effendi? Was für eine

Peitsche soll das sein? Was für eine Peitsche? Er macht sich über euch lustig. Ah, aber einige von euch werden von Fluten weggetragen. Andere werden von einem Tornado mitgenommen, manche durch ein Erdbeben weggenommen, manche durch einen Vulkanausbruch. Was wollt ihr noch? Ihr haltet Ausschau nach einem Stock. Sie wissen nicht, daß diese Dinge auf Befehl von oben geschehen. Sie denken, diese Welt dreht sich einfach um und um zu ihrem eigenen Vergnügen. Was für ein (...) macht dann den Mund auf, es ihnen zu sagen. Ich, ich schimpfe auf sie.
Laßt diesen (...) vortreten, der sagt, die Welt dreht sich um sich selbst. Diese Schamlosen denken, daß die Welt keinen Besitzer hat. Wer gab der Erde ihre Form? Wer formte sie zu einem runden Ball? Wer setzte sie in eine Drehbewegung? Wer führte Morgen und Abend herbei? Wer machte Sommer und Winter? Ihr glaubt also, das alles geschah von selbst?
Ein Mann fragte einmal und sagte: Hey, du, du hast eine Menge Wissen. Ich will dir eine Frage stellen: Hat die Sonne eine Vorrichtung zur Regulierung? Dabei wurde er wirr, dieser Depp. Eine Vorrichtung, um die Sonne zu regulieren? Du stellst die Uhr, die du am Handgelenk trägst, um die Zeit zu wissen. Also wie kann diese große Sonne kein Instrument zur Regulierung haben? O ihr gott-losen, ungläubigen Bastarde, was sagt ihr? Hat die Sonne eine Vorrichtung zur Regulierung oder nicht? Sie wollen fluchen. An Bestialität haben sie die Vierbeiner übertroffen. Gottlose Ungläu-bige überall um uns! Ich werde sie Meine Peitsche kosten lassen. Ha. Also, was geschah? In China war ein Erdbeben. Also, was geschah? Ein Vulkan brach aus in Persien. Ein Vulkan in Persien? Eh, er bricht aus, explodiert. Also, was geschah? Der Vesuv brach aus. Wie explodierte er? Ist eine Bombe unter ihm, daß er explodieren kann? O, Euere Heiligkeit, o Papst, sag mir, das Land Italien, wo du bist, darunter ist Feuer. Ihr müßt euere Grenzen kennen, Leute! Der Mensch wird Mensch durch seine Ausbildung und Disziplin. Laßt diese Dinge! Sagt er das? Nein. Er tritt nur hinaus und macht so mit der Hand. Dann bekreuzigt er sich. Das ist unsere Religion. Was für eine Religion ist das?
Die Muslime haben offiziell den Islam verbannt und verboten. In keinem Land wird das Heilige Gesetz Allahs angewandt. Sie alle sagen: Wir machen ein Gesetzbuch. Geht, macht euere Gesetze in der Toilette. Die Gesetze, die ihr macht, passen zu diesem Ort. Das Gesetzbuch, um die Welt zu regieren, ist das Grundlegende Gesetz. Nicht Anayasa, Verfassung, (ana=Mutter), noch Babayasa (baba=Vater). Warum kein Dedeyasa (dede=Großvater). Sie sind alt, wir machen neue. Wie dreist ihr seid! "Wa man lam Yahkum bi ma Anzala Allah fa Ula'ikahumu l-Kafirun (5:44).

Ist das nicht der Heilige Vers? Er, der nicht richtet mit dem, was Allah offenbart hat, ist ein Ungläubiger. Man darf über ihm nicht beten, noch ihn auf einem muslimischen Friedhof begraben. Das ist das Fatwa. O Shah Mardan, sprich. Sie würden die Herrschaft Allahs überbieten. 'Wir machen eine Verfassung'. Ma sha' Allah. Eine Verfassung für diese Welt? Leben wir im Dschungel? Diese tausend und wieviel Jahre, wie wurden die Muslime regiert? Wie eroberten sie die Welt? Wie eroberten die Osmanen die Welt? Der letzte von ihnen, Sultan Abdülhamid Han, in gesegneter Erinnerung, herrschte vierzig Jahre lang. Er herrschte vierzig Jahre lang. Über ein Gebiet von sieben Millionen Quadratkilometern herrschte er. Könige kamen zu ihm und küßten ihm die Hand. Es gab andauernden Frieden. Das Osmanische Reich war die Hochburg des Islam. Es gaben keinen Staat, der das Osmanische Reich nicht fürchtete. Bis zum heutigen Tag fürchten sie die Osmanen.

Wenn die Osmanen kommen, die Osmanen sind die Krieger Allahs. Alle Soldaten außer ihnen sind Soldaten Shaytans. Sie haben keinen Wert. Mit einem Kanonenschuß laufen sie auseinander. Sprich, o Shah Mardan, o Besitzer von Allahs Wohlgefallen. Ma sha' Allah, ma sha' Allah, ma sha' Allah. Er sprach von der Zeitregulierung der Sonne. Wenn die Sonne nicht reguliert wird, wie weiß sie dann, wann sie aufgehen oder untergehen soll? Ihr guckt jeden Tag in den Kalender, wo die Zeit steht von Sonnenaufgang und -untergang. Fehlt jemals auch nur eine Sekunde? Nein. Also wer läßt die Sonne untergehen? Beantwortet diese Frage. Laßt eueren Gelehrtesten eine Antwort geben. Wer reguliert die Sonne, so daß sie die Zeit zum Aufgehen auf die Sekunde genau weiß und die Zeit für ihren Untergang? Eh, es gibt niemanden mehr, der es weiß, und niemanden, der es lehren kann. Die Welt ist in den Händen von unnützen Leuten. Sie haben Schande über alle Nationen gebracht. Sie trieben die Menschen in den Unglauben, und jetzt hat der Zorn Allahs begonnen, sie zu schlagen. In China starben wieviele 100.000 Leute. Sie sagen es euch nicht. Ein Erdbeben hier, eine Flut dort, wieviele Tausende kommen dabei um! An einem anderen Ort nahm ein Sturm wieviele Tausende hinweg! Inmitten des Chaos und Aufruhrs ruft der Mensch doch nicht aus: O unser Herr! Meine Waffe wird euch treffen und vernichten. Es liegt nicht in euerem Gutdünken, die Menschheit zu vernichten, o Ungläubige. Der Mensch wird von seinem Schöpfer versorgt. Es geschieht zu der Zeit, die Er festlegt. Wenn er seine Strafe nicht kennt: "Wa Ja`alna ba`dakum li badin aduw". Er wird euch einander feind machen und euch damit disziplinieren.

O unser Herr, vergib uns. O Shah Mardan, möge Allah dein Schwert Dhu l-Fiqar schärfen, damit du die Teufel vernichtest, die vom Weg abgewichen sind. Damit du Dhu l-Fiqar ziehst, brauchen wir einen Sultan. Wir brauchen einen Sultan. Auch heute noch fürchtet die Welt den Namen der Osmanen. Wenn bloß die Osmanen nicht kommen, weil wenn sie kommen, herrschen sie. Aber dessen ungeachtet, was sie wünschen mögen, diese Osmanen werden kommen! Dann werden sie den Wert und die Macht der Osmanen kennenlernen, ihre Majestät, Größe und Stärke im Glauben. Allah! Laßt uns Allah sagen! Kommt uns zu Hilfe, Kämpfer Allahs! Wa min Allaha t-Tawfiq. Al-Fatiha.

## THE SECRET of the MIRACULOUS MIHRAJ

The Prophet (sal) went on the Mihraj (Ascent). For what purpose did he go on this Mihraj? For what purpose was this miraculous mihraj? The purpose was to show to the whole nation of Muhmmed that by following the Prophet (sal) that they also should be able to reach to it. When Jibril (alai) brought Buraq u Sheriff to the Prophet (sal), the Prophet asked him “Is this only for me or also for my Ummah (nation)”. Jibril answered “It is for you and also for your nation and the only condition is that they should follow in your steps, and they should also be able to reach to this.”

The Buraq that was brought to the Prophet (sal) was in a grass field in Paradise, and there were so many other Buraqs with it. But this one was specially taken to the Prophet (sal) because when it heard the name of the Prophet Muhammed (sal), “Ya Muhammed” – Oh Muhammed (sal), a feeling of love came over that Buraq and it fell in love with the person who was named Muhammed. It stopped eating because of this and also started crying. Then Jibril (alai) gave it good tidings and took it to the Prophet (sal).

To the Prophet’s (sal) question as to whether Mihraj (the ascension) was only for him, Jibril answered “It is for your Ummah also and there are Buraqs waiting for them also. Those who are following you may also join after you. If they do not follow you they shall always remain on earth

and under the ground." When all the Sahaba reached to their destinations through the heavens everyone else also reached to their heavenly stations.

## MIRACOLOUS POWERS

Madad ya Sultan al-awliya. Oh, Muharram is one of the holiest months, and also this night, the tenth of Muharram, is a very holy night in Islam. Allah Almighty just granted His beloved servants from His Endless Mercy Oceans, from His Endless Power Oceans, and made them victorious, tonight. Tomorrow, the tenth of Muharram, has a very special situation in the Islamic calendar, the world calendar, and in world-wide historical events. It has a very important situation because on that day, bismillah hir-rahman nir-rahim, first of all Noah's Ark landed on that peak and the Flood finished. Tomorrow Sayyidina Ibrahim, peace be upon him, was saved from the fire of Nimrod, Sayyidina Moses was saved from Pharoah and passed through that ocean, Jonah was saved from the belly of the whale, Sayyidina Suleyman, King Solomon,was granted kingship over the whole of mankind and jinn. Also, on this day, Sayyidina Ayyub became healthy and more wealthy than before, Jesus Christ was taken up to Heavens, and Sayyidina Muhammad, peace be upon him, was granted much more honour and the seven heavens were opened to him and to his nation, to reach freely, and he was saved from his tribe Quraish. Whenever Muslims have fallen in difficulties, bottomless difficulties, Divine Help, Divine Support reached them through this holy month, particularly on the tenth. It is a very important day.

I was expecting that Mahdi, aleyhi salam, was coming this year but some signs have not yet come to

completion, and I hope that he may be with us next Muharram, after 2000. The third millenium should be for Mahdi, aleyhi salam. Therefore, so many heavenly blessings reached to believers on that day, the tenth, tomorrow, and it is a good chance that we have reached to Muharram, 1999. I hope that Mahdi's, aleyhi salam, coming will be granted tomorrow and tonight. Much more power, much more, perhaps all authority for the whole world should be granted tonight. His sword has been taken a little bit out, but tonight it is going to appear, Mahdi aleyhi salam. We have already said, that the change began on the ninth of Dhul hijja, after Arafat, on Mina night &endash; on the evening of Arafat, a new appearance began, a new power came, that now begun continues without stopping. That is miraculous power. From tonight it is beginning to increase, step by step, so that when technology has finished and vanished, another power will come into action.

Try to be with Allah, then you are going to be victorious. Try to take yourself, step by step, from the hands of devils and Shaitan. Try to cut off the friendship of Shaitan and his group and his party. Try to use less and less of every kind of instrument that Shaitan handed his soldiers to invent, so many things, because they are going to stop and instead everything that was working by electricity; electricity is going to stop, to finish, and another kind of source is going to be in power. In only a few months, all nations are going to carry much heavier burdens, and when it is finshing a new opening is coming for the world. There will be no need at that time for electricity, cars, ships, factories; no, nothing. Your lights; nur-al-iman, are going to surround you, to shine around you; then even on the darkest night you may go out and your body will shine.

Therefore I am happy and thanking Allah Almighty that we reached to tonight, and we are humbly asking that our names be written with Mahdi, aleyhi salam. We are not happy with this world and its situation, in Turkey, in Cyprus, in Argentina, in either East or West - no. We are not happy, because every system, every living system now on earth is against Divine Rules. But we are happy and proud enough that Allah Almighty is making us be happy with Him, with His Awliya, with Sahib az-zaman, Mahdi, aleyhi salam. Not making us ones who are running after that dirty life. Satanic life is a dirty life, perhaps the dirtiest life - run away from dirty life! If you are not running away you may sink through those dirty waters, those dirty situations and you can't save yourself. Ask to be clean, and try to be clean, and then it should be that in the last moment of your life you will be clean.

Allah Allah, Allah Allah, Allah Allah, Aziz Allah,
Allah Allah, Allah Allah, Allah Allah, Karim Allah,

Allah Allah, Allah Allah, Allah Allah, Subhan Allah,
Allah Allah, Allah Allah, Allah Allah, Sultan Allah!
You are Sultan, bihurmatil-habib, bi hurmatil fatiha

**Mi’raj**

---

Go ahead Ay Yaran (beloved friends of) Shah Mardan. Those who are in love with the Lion's assembly, those who love Shah Mardan, his Yaran. Salam to you. Alhamdulillah (thanks & praise) that Allah (swt) allows us to say - Alhamdulillah. Say - Alhamdulillahi Rabbi l-'Alamin. Thank and praise our Mawla who is Lord of the worlds. Go ahead (speak) O Shah Mardan, your Yaran love & admire you. Let's get used to this and learn, and get honor.
What do people want from this world? They want honor. Honor...Sahib ash-Sharaf is Shah Mardan, the one who has honor. Those who want honor will take honor from the honorable holy ones. Go ahead O Shah Mardan, your Yaran love & admire you. Those who love you are accepted by Allah (swt). Ay Yaran Shah Mardan, may we get strength and power from you. What are you searching for on earth? You are searching for honor. What people are searching for is honor. Those looking for jewels don't go looking in the grocery store. Those looking for honor don't go to the supermarket. Those looking for jewels ask for the jewelry store. What do we want from dunya (this world)? Go ahead O Shah Mardan, your Yaran love & admire you. What do people want from dunya? They want honor. We want honor. If that is so, say - Bismillahi r-Rahmani r-Rahim, so you can find honor. Those who don't say Basmallah are dishonorable. They are rubbish. They are a rotten carcass. You must search for honor in this world.
If that is so, go ahead O Shah Mardan. Go ahead, teach us. "I said Allah and found honor" - Shah Mardan said. Say Allah and find honor. Sanctify & glorify His Great Prophet (sws). Love the Beloved servant of Allah (swt). His Beloved servant has honor. Who is the most honorable creation among all creation? It is the Prophet (sws). Master of Prophets, Rasulullah (sws), the Beloved One of Allah (swt). You want honor. With what did Allah's Beloved One find honor? Go

ahead O Shah Mardan. He loved his Lord. He loved his Lord and found honor. He became honored. If he didn't love, then there is no value. O Beloved One of Allah (swt), O Master of the Night of al-Miraj. We want to run and find honor by following your footsteps. Who has honor? The Owner of honor is the Beloved One whom Allah (swt) has honored. You must learn this. You want honor, you must learn about honor.
What is honor O Shah Mardan? Your Yaran love & admire you. You must find whoever is honored, so you will be honored. We were sent to earth to find honor. Let's see what mankind will run after on earth. What will they ask for? The honor of dunya is rubbish. The honor that is sent from heavens, search for that honor. They sent you here on earth. O Shah Mardan, your Yaran love & admire you. How beautifully he is expressing it. We were sent to earth, what will we search for? What? To search for barley and straw? Were we sent to earth to search for that?

Allah Allah. We were sent to earth to search for honor. We were sent here to search for honor. Absolute honor is for the Seal of Prophets (sws). Honor is with him, to be with him gives honor. And Allah (swt) dressed His Habib (sws) with a dress of honor from Himself, that wasn't dressed on anyone else.
They are teaching you. What is the dress of honor? He was called to al-Mi'raj and was dressed. Prophet (sws) was invited to the night of al-Mi'raj by the Lord of Glory. He was given a dress. Such a dress that gives so much honor, no one can give such honor. It came and 3 days later it was night of al-Mi'raj. Allah (swt), the Lord of Glory, dressed His Habib with a dress of Magnificence; A dress that wasn't dressed on anyone else in heavens or earth. Why not? Because Allah (swt) dressed His Habib (sws). Allah (swt) dressed His Habib and invited him. When the robe of honor was going to be dressed on the night of al-Mi'raj, Allah (swt) sent the angels Jibrail and Mikail, and other great angels. Dress My Habib and let him come to My Presence. The robe of honor was dressed on His Habib. He ordered Jibrail and Mikail to come and dress him, but that dress, the robe of glory, was the dress of glory but the dress brought down by Jibrail and Mikail is different.
When Allah (swt) invited him to His Presence, He had the robe that was dressed by the Lord of Glory. All the angels when they saw that, they went into prostration from its Magnificence. You are...You...O Lord of Glory - they called out - Allahu Akbar. The Prophets... When the robe

brought by Jibrail was dressed on him, all the angels were astonished. All the Prophets were astonished. When he was leading the prayer in Masjid al-Quds, he was dressed with a robe of Magnificence. That was the robe that was dressed in the presence of the Prophets. The Sultan of Prophets (sws) wore that robe and became imam (leader of prayer). Then he was invited up and became the imam for the angels. He was imam for all the Prophets. Then when entering the Divine Presence, Jalla Jalaluhu... O Shah Mardan, go ahead, we want to listen and understand. Thawbul Izzah, the dress of glory, when he was entering the Presence, there is a robe that was dressed by the Lord of Glory. Specifically when His Habib was entering the Presence, the robe with which he was dressed at that moment, no one can know. What was written on it?

The robe brought down by the Lord of Glory, the robe of Pride, the robe of Glory, the robe of Magnificence - when it was dressed on him, all the angels went into prostration. And that was the dress seen by angels on our Prophet (sws) on the night of al-Mi'raj. And there was one dress according to the Prophets, a robe that was dressed on him that astonished all Prophets. It reached up to the kingdom of Malakut. He was dressed with the robe of Pride on the night of al-Mi'raj. All angels fell into prostration from astonishment. O Glorious Prophet. How beautifully Shah Mardan is saying it. Shah Nabi, the Sultan of Prophets, the dress given to you by the Lord of Glory, the dress of honor was made apparent to us according to our level. What the Angels saw was different. What the Prophets saw was different.

O our Lord, our Subhan, our Sultan, We hope not to get tired. We hope to wipe our face on the place where Your Habib (sws) stepped with his feet. Let's find honor. The honor that the universes were honored with. Shame on those who don't see the Magnificence of Allah's Beloved One (sws). O our Lord, show us. What you will see is different. There is the Dress in which I dressed My Habib, the dress of Pride and Magnificence. When he was given that Dress, all the Angels went into prostration. It had the tajalli/ manifestation of the Lord of Glory. Allahu Akbar, Allahu Akbar wa lillahi l-Hamd. Know who has honor. To whom was the dress of honor given? If you want honor, put your face where his feet stepped. In that way you will find honor. Don't work for rubbish dunya, it isn't honorable.

Laylatu l-Mi'raj has come. Come O My Habib, I am in love with you. I have made the whole world servants to you. The whole world are servants and you are their Sultan, O My Glorious Habib. Go ahead O Shah Mardan. Ay Yaran Shah Mardan. How beautifully he said it. They

love you. O My Habib, come to My Presence. Say - Bismillahi r-Rahmani r-Rahim so you will find honor, the honor of the Night of al-Mi'raj. O our Lord, You created us for Your servanthood. We are weak. Strengthen us for Your Pleasure. You know our condition. Give us strength/ support, that is the dress of honor. May the honorable dress of the Great Habib (sws) be granted to us also. We wish to lay our faces on the places where he stepped. O Glorious Prophet, we want to know you, we want to glorify you, we want to wipe our faces on the places where your feet stepped, O Glorious Prophet. Allahu Akbar, Allahu Akbar. Allahu Akbar. Ma A'zamu Rabbi. Ma A'zamu Rabbi.

O our Lord, No one knows the limits of Your Greatness/ Magnificence. May we also be dressed with the dress of honor. Our job is not eating and drinking. This presence is the Presence of the Lord of Glory. If only we could leave everything and wipe our face on the footsteps of the Glorious Prophet. Ya Rabbi, according to our situation, grant us something. People of today have become the laughingstock of satan. Why? Because they don't know the glory of the Beloved Habib (sws). They don't appreciate his glory, and that is why they are killing one another. One person was on a ship and saw that the fish in the sea were eating one another. Why, he asked, why are these fish eating one another? It was said - there was one person who didn't know of his Lord, who spit into this sea. That is why the sea creatures started to eat one another. There was that one person on a ship who was not clean. And that is why the fish in the sea started to eat one another. And the people of today have forgotten their Lord. Go ahead O Shah Mardan. And because they have forgotten, the people of today are killing one another, like those fish. Because they have forgotten the Lord of Glory, there is no comfort or peace. I am saying - O our Lord, forgive us.

The one who sees the manifestation of the Night of al-Mi'raj, is Sahib Maydan, Shah Mardan. The holy ones know and see. And Angels want us to be dressed too. But people have become ignorant. They are running after dunya to find honor. They are running after dunya, running after the dirtiness of dunya. Who should you search for in dunya? Who should you look for? "Wa Abtaghu 'Ilayhi l-Wasilata" (5:35) right? The one who will let you reach honor, the one who will dress you with honor, search for that means/ way. They are denying the wasila/ means. We will succeed, they say. You cannot! You cannot succeed without finding your way. You must approach those who know the way. Go ahead O Shah Mardan, you are from them. Learn Adab

(good manners) from Shah Mardan. Learn Adab because - "Addabani Rabbi", My Lord taught me Adab - The Master of Prophets (sws) said. "Wa Abtaghu 'Ilayhi l-Wasilata" (5:35) In order to reach Him, search for a means. There are many means/ ways. There are those who will enable you to reach the Presence on the Night of al-Mi'raj.

The mindless people of today claim to know everything. They know nothing. "Wa Abtaghu 'Ilayhi l-Wasilata" (5:35) Search for the means that will let you reach the highest stations, the Dress of Pride; so that you will be dressed in the dress of the Pride of Heavens. So search for the means /wasila. You cannot reach without a means. If you deny the means, you will never reach. Go ahead O Shah Mardan, your Yaran love & admire you. What can we do? If you ask, what can we do - "Wa Abtaghu 'Ilayhi l-Wasilata" (5:35) search for the means. Search for the means/ way that will dress you with the Dress of Pride and let you reach all stations. You should know who is the means so that you can watch the stations that Habibullah (sws) passed through on the night of al-Mi'raj. You will just watch and do nothing else. You will fall in love from watching. O Sahibul Maydan, Shah Mardan, your knowledge is oceans. Show us the way, so we will be dressed in the Dress of Pride. Let us be dressed in the Dress of honor so we can reach Him. O our Lord, send us those holy ones who will teach us.

Search for the wasila that will teach the honor of humanity. Search for the means. Without a means, you cannot find anything. "Wa Abtaghu 'Ilayhi l-Wasilata" (5:35). Those ways, the ways to the 7 heavens will open for you. Search for those who will open those ways for you. Don't search for manure on this earth. They say - don't look for manure. Don't look for straw. Search for such an honor, that no one can assess its value. Shah Mardan is speaking. Let's say - Bismillahi r-Rahmani r-Rahim. May that power be given to us. May the Night of al-Mi'raj be blessed for all of us. May its lights be dressed on us, so we won't be tired, so we won't get fed up, so we will ask for our Lord, and ask for His Pleasure. O our Lord, You created us, You put faith in our hearts, by means of Your Habib (sws) You put faith in our hearts. Let's become enlivened, strengthened, and run towards Your service Ya Rabbi.

O Shah Mardan, O beloved lion of the Lord of Glory, one drop of power from you, can turn this world upside down. May we also get power. We were created to be lions, not to be cats. Know that you should be a lion, live like a lion. O our Lord, O our Lord, forgive us. Show us the holy people who will teach us these ways. Don't let us be from those who leave Your sajdah/

prostration. We want to run towards servanthood for You, towards sajdah for You. We don't want anything else. Our Lord created us to make sajdah/ prostrate for Him. Let's run to servanthood for Him, to sajdah for Him. All honor is from that. Al-Fatiha.
Ay Yaran Shah Mardan, we won't have any illness left, no ugliness left, no poverty. We will be lions. Fatiha.

Keep Adab. "Wa Abtaghu 'Ilayhi l-Wasilata" (5:35). Search for the means that will bring you close to Him. The means/ way is Adab. Know the way of Adab, find it and follow it. And you will find what you want. We are helpless Ya Rabbi, We are weak. All your servants are in the streets. We don't know what we want. Ya Rabbi Ya Allah. For the sake of Your Habib (sws), send Your servants a means/wasila Ya Rabbi. Let us learn and teach. Let us know what is honor. Fatiha.

**Mi`raj•**

---

Fang an. Ay Yaran Shah Mardans. Jene, die die Versammlung des Löwen lieben, jene, die Shah Mardan lieben, seine Yaran, Salam euch. Alhamdulillah, daß Allah (swt) uns erlaubt, Alhamdu- lillah zu sagen. Sagt: Alhamdulillah Rabbi l-`Alamin. Dank und Preis unserem Mawla, Der der Herr der Welten ist. Mach weiter, o Shah Mardan, deine Yaran lieben und bewundern dich. Laßt uns damit vertraut werden und lernen und Ehre gewinnen. Was wollen die Menschen von dieser Welt? Sie wollen Ehre. Ehre.. Sahibu sh-Sharaf ist Shah Mardan, derjenige, der Ehre hat. Jene, die Ehre wollen, nehmen Ehre von den ehrenwerten Heiligen. Mach weiter, o Shah Mardan, dei- ne Yaran lieben und bewundern dich. Jene, die dich lieben, sind anerkannt bei Allah (swt). Ay Yaran Shah Mardans, mögen wir Kraft und Macht von dir bekommen. Was suchen wir auf der Erde? Ihr sucht Ehre. Was die Menschen suchen, ist Ehre. Jene, die Juwelen suchen, gehen nicht in ein Lebensmittelgeschäft, um danach zu suchen. Jene, die Ehre suchen, gehen nicht in einen Supermarkt. Jene, die Juwelen suchen, fragen nach dem Juwelierladen. Was wollen wir von der Dunya? Mach weiter, o Shah Mardan, deine Yaran lieben und bewundern dich. Was wollen die Menschen von der Dunya? Sie wollen Ehre. Wir wollen Ehre. Wenn das so ist, sagt Bismillahi r- Rahmani r-Rahim, damit ihr Ehre finden könnt. Jene,

die die Basmala nicht sagen, sind ehrlos. Sie sind Abfall. Sie sind ein verfaulter Kadaver. Ihr müßt Ehre suchen in dieser Welt. Wenn das so ist, mach weiter, o Shah Mardan. Mach weiter, lehre uns!
'Ich sagte Allah und fand Ehre', sagte Shah Mardan. Sagt Allah und findet Ehre. Heiligt und preist Seinen großen Propheten (saws), liebt die geliebten Diener Allahs (swt). Sein geliebter Diener hat Ehre. Wer ist die ehrenhafteste Schöpfung unter der gesamten Schöpfung? Es ist der Prophet (saws), der Meister der Propheten, Rasulullah (saws), der Geliebte Allahs (swt). Ihr wollt Ehre. Womit fand Allahs Geliebter Ehre? Mach weiter, o Shah Mardan. Er liebte seinen Herrn. Er liebte seinen Herrn und fand Ehre. Er wurde geehrt. Wenn er nicht liebte, gäbe es kei- nen Wert. O Geliebter Allahs (swt), o Meister der Nacht der Miraj, wir wollen laufen und Ehre finden, indem wir deinen Fußstapfen folgen. Wer hat Ehre? Der Eigner der Ehre ist der Gelieb- te, den Allah (swt) geehrt hat. Ihr müßt das lernen. Ihr wollt Ehre, ihr müßt über die Ehre Be- scheid wissen. Was ist Ehre, o Shah Mardan? Deine Yaran lieben und bewundern dich. Ihr müßt einen finden, der geehrt ist, so werdet ihr geehrt. Wir wurden zur Erde gesandt, um Ehre zu fin- den. Sehen wir, hinter was die Menschheit herläuft auf der Erde. Um was werden sie bitten? Die Ehre der Dunya ist Abfall. Die Ehre, die von den Himmeln gesandt wird, sucht nach dieser Ehre. Sie sandten euch hier auf die Erde. O Shah Mardan, deine Yaran lieben und bewundern dich. Wie schön drückt er es aus! Wir wurden auf die Erde gesandt, nach was werden wir suchen? Was? Nach Gerste und Stroh? Wurden wir auf die Erde gesandt, um danach zu suchen? Allah Allah. Wir wurden zur Erde gesandt, um Ehre zu suchen. Wir wurden hierher gesandt, um Ehre zu suchen.
Die Absolute Ehre ist für das Siegel der Propheten (saws). Die Ehre ist mit ihm, mit ihm zu sein, gibt Ehre. Und Allah (swt) bekleidete Seinen Habib (saws) mit einem Ehrenkleid von Ihm Selbst, mit dem niemand anders bekleidet wurde. Sie unterrichten euch. Was ist das Ehrenkleid? Er wurde zur Mi`raj gesandt und bekleidet. Der Prophet (saws) wurde zur Nacht der Mi`raj ein- geladen vom Herrn der Herrlichkeit. Ihm wurde ein Gewand gegeben. Ein Gewand, das so viel Ehre gibt, niemand kann solche Ehre geben! Es kam und drei Tage später war die Nacht der Mi`raj. Allah (swt), der Herr der Herrlichkeit, bekleidete Seinen Habib mit einem Gewand der Herrlichkeit, einem Gewand, mit dem niemand anders in den Himmeln und auf der Erde beklei- det wurde. Warum nicht? Weil Allah (swt) Seinen Habib (saws) damit bekleidete. Allah (swt) bekleidete Seinen Habib und lud ihn ein. Als ihm das Ehrenkleid angezogen werden sollte in der Nacht der Mi`raj, sandte Allah (swt) die Engel Jibrail und Mikail und andere große Engel. Klei- det Meinen Habib ein und laßt ihn in Meine Gegenwart kommen. Das Ehrenkleid wurde Seinem Habib angezogen. Er befahl Jibrail und Mikail, zu kommen und ihn einzukleiden, aber dieses Gewand, dieses Gewand der Herrlichkeit,

war das Gewand der Herrlichkeit, aber das Gewand, das von Jibrail und Mikail herabgebracht wurde, ist anders. Als Allah (swt) ihn in Seine Gegen- wart einlud, hatte Er das Gewand, das vom Herrn der Herrlichkeit angezogen wurde. Alle Engel, als die das sahen, gingen in die Niederwerfung wegen seiner Herrlichkeit. Du bist.. Du.. O Herr der Herrlichkeit, riefen sie aus! Allahu Akbar.
Die Propheten.. Als das Gewand, das Jibrail gebracht hatte, ihm angezogen wurde, waren alle Engel überrascht. Alle Propheten waren überrascht. Als er das Gebet leitete in Masjid al-Quds, war er in ein Gewand der Herrlichkeit gekleidet. Das war das Gewand, das ihm angezogen wur- de in der Gegenwart der Propheten. Der Sultan der Propheten (saws) trug dieses Gewand und wurde Imam. Dann wurde er hinaufgebeten und wurde der Imam der Engel. Er war Imam für alle Propheten. Dann, als er in die Göttliche Gegenwart eintrat, Jalla Jalaluhu.. O Shah Mardan, mach weiter. Wir wollen hören und verstehen. Thawbu l-`Izzah, das Gewand der Herrlichkeit, als er in die Gegenwart eintrat, war da ein Gewand, das wurde ihm vom Herrn der Herrlichkeit angezogen. Besonders als Sein Habib die Gegenwart betrat, das Gewand, mit dem er in dem Moment bekleidet wurde, kann niemand wissen. Was war darauf geschrieben? Das Gewand, das vom Herrn der Herrlichkeit herabgebracht wurde, das Gewand des Stolzes, das Gewand der Pracht, das Gewand der Herrlichkeit, als es ihm angezogen wurde, gingen alle Engel in die Nie- derwerfung. Und das war das Gewand, das die Engel sahen an unserem Propheten (saws) in der Nacht der Mi`raj. Und es war ein Gewand nach den Propheten, ein Gewand, das ihm angezogen wurde, das alle Propheten überraschte. Es reichte bis zum Königreich des Malakut. Er wurde mit dem Gewand des Stolzes bekleidet in der Nacht der Mi`raj. Alle Engel fielen in die Niederwer- fung aus Verwunderung! O glorreicher Prophet!

•
•
•
•

Wie schön Shah Mardan es sagt! Shah Nabi, der Sultan der Propheten, das Gewand, das dir vom Herrn der Glorie gegeben wurde, das Ehrengewand, wurde uns sichtbar gemacht je nach unserer Stufe. Was die Engel sahen, war anders. Was die Propheten sahen, war anders. O unser Herr, un- ser Subhan, unser Sultan. Wir hoffen, nicht müde zu werden. Wir hoffen, unser Gesicht an der Stelle zu wischen, wo Dein Habib (saws) mit den Füßen hintrat. Laßt uns Ehre finden! Die Ehre, mit der Universen geehrt wurden. Schande auf jene, die die Herrlichkeit von Allahs Geliebtem (saws) nicht sehen. O unser Herr, zeige sie uns. Was ihr seht, wird anders sein. Da ist das Ge- wand, mit dem Ich Meinen Habib bekleidete, Das Gewand des Stolzes und der

Herrlichkeit. Als ihm dieses Gewand gegeben wurde, fielen alle Engel in die Niederwerfung. Es hatte die Tajalli, die Erscheinungsform des Herrn der Glorie. Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Wisset, wer Ehre hat. Wem wurde das Ehrenkleid gegeben? Wenn ihr Ehre wollt, legt das Ge- sicht dahin, wo seine Füße gingen. Auf die Weise findet ihr Ehre. Arbeitet nicht für die schmut- zige Dunya. Das ist nicht ehrenwert. Laylatu l-Mi`raj ist da. Komm, o Mein Habib. Ich liebe dich. Ich habe die ganze Welt zu deinen Dienern gemacht. Die ganze Welt sind Diener und du bist ihr Sultan, o Mein glorreicher Habib! Mach weiter, o Shah Mardan. Ay Yaran Shah Mar- dans. Wie schön er es sagt! Sie lieben dich. O Mein Habib, komm in Meine Gegenwart.

Sagt Bismillahi r-Rahmani r-Rahim, damit ihr Ehre findet, die Ehre der Nacht der Mi`raj. O un- ser Herr, Du erschufst uns für Deine Dienerschaft. Wir sind schwach. Stärke uns für Deine Ge- genwart. Du kennst unsere Lage. Gib uns Unterstützung, das ist das Ehrenkleid. Möge das ehren- werte Gewand des großen Habib (saws) uns auch gewährt werden. Wir möchten unser Gesicht auf die Stellen legen, auf die er trat. O glorreicher Prophet, wir wollen dich kennen, wir wollen dich preisen, wir wollen unser Gesicht reiben an den Stellen, auf die deine Füße traten. O glor- reicher Prophet. Allahu Akbar, Allahu Akbar, Allahu Akbar. Ma A`zamu Rabbi. Ma A`zamu Rabbi. O unser Herr, Niemand kennt die Grenzen Deiner Herrlichkeit. Mögen wir auch mit dem Ehrengewand bekleidet werden. Unsere Aufgabe ist nicht Essen und Trinken. Diese Gegenwart ist die Gegenwart des Herrn der Glorie. Könnten wir nur alles stehen und liegen lassen und unser Gesicht an den Fußstapfen des glorreichen Propheten reiben. Ya Rabbi, je nach unserer Situation gewähre uns etwas. Die Menschen heute sind zum Gespött Shaytans geworden. Warum? Weil sie die Glorie des Geliebten Habibs (saws) nicht kennen. Sie würdigen seine Glorie nicht, und deshalb töten sie sich gegenseitig. Jemand war auf einem Schiff und sah, daß die Fische im Meer sich gegenseitig auffraßen. Warum, fragte er, warum fressen diese Fische sich gegenseitig? Es wurde gesagt, es gab eine Person, die ihren Herrn nicht kannte, die ins Meer spuckte. Deshalb begannen die Meeresgeschöpfe sich gegenseitig aufzufressen. Da war dieser eine Mensch auf einem Schiff, der nicht sauber war. Und deshalb begannen die Fische im Meer, sich gegenseitig aufzufressen. Und die Menschen von heute haben ihren Herrn vergessen. Mach weiter, o Shah Mardan. Und weil sie Ihn vergessen haben, töten die Menschen von heute sich gegenseitig wie diese Fische. Weil sie ihren Herrn der Glorie vergessen haben, gibt es keinen Trost und keinen Frieden.

•

•

•

Ich sage: O unser Herr, vergib uns. Derjenige, der die Erscheinungsform der Nacht der Mi`raj sieht, ist Sahib Maydan, Shah Mardan. Die Heiligen wissen und sehen. Und die Engel wollen uns auch bekleiden. Aber die Menschen sind ignorant geworden. Sie laufen der Dunya hinterher, um Ehre zu finden. Sie laufen der Dunya hinterher, laufen hinter dem Dreck der Dunya her. Nach wem solltet ihr forschen in der Dunya? Wen solltet ihr suchen? "Wa Abtaghu ilayhi l- Wasilata" - und trachtet danach, Ihm nahe zu kommen (5:35). Stimmt's? Denjenigen, der euch Ehre erlangen läßt, denjenigen, der euch mit Ehre bekleiden wird, sucht nach diesem Mittel. Sie leugnen die Wasila, die Mittel. Wir werden Erfolg haben, sagen sie. Ihr könnt es nicht! Ihr könnt keinen Erfolg haben, ohne eueren Weg zu finden. Ihr müßt euch denen nähern, die den Weg ken- nen. Mach weiter, o Shah Mardan, du bist einer der ihren. Lernt Adab, gutes Benehmen, von Shah Mardan. Lernt Adab, weil "Addabani Rabbi" - mein Herr lehrte mich Adab, sagte der Mei- ster der Propheten (saws). "Wa Abtaghu ilayhi l-Wasilata" (5:35). Um Ihn zu erreichen, sucht nach einem Mittel. Es gibt viele Mittel und Wege. Es gibt jene, die es euch ermöglichen, die Ge- genwart zu erreichen in der Nacht der Mi`raj. Die hirnlosen Menschen von heute behaupten, al- les zu wissen. Sie wissen nichts! "Wa Abtaghu ilayhi l-Wasilata" (5:35). Sucht nach den Mitteln, die euch die höchsten Stufen erreichen lassen, das Gewand des Stolzes, so daß ihr in das Gewand des Stolzes der Himmel gekleidet werdet. Also sucht nach den Mitteln, Wasila. Ihr könnt nicht ohne Mittel ankommen. Wenn ihr die Mittel verleugnet, werdet ihr nie ankommen.
Mach weiter, o Shah Mardan, deine Yaran lieben und bewundern dich! Was können wir tun? Wenn ihr fragt: Was können wir tun? - "Wa Abtaghu ilayhi l-Wasilata" (5:35). Sucht nach den Mitteln. Sucht nach den Mitteln und Wegen, die euch mit dem Gewand des Stolzes bekleiden werden und euch alle Stufen erreichen lassen. Ihr solltet wissen, wer das Mittel ist, so daß ihr die Stufen beobachten könnt, die Habibullah (saws) passierte in der Nacht der Mi`raj. Ihr werdet ein- fach zusehen und sonst nichts tun. Ihr werdet euch verlieben vom Zugucken! O Sahibu l- Maydan, Shah Mardan, dein Wissen sind Ozeane. Zeig uns den Weg, so daß wir in das Gewand des Stolzes gekleidet werden. Laßt uns in das Ehrengewand gekleidet sein, so daß wir Ihn errei- chen können. O unser Herr, sende uns diese Heiligen, die uns unterrichten. Sucht nach dem Wa- sila, daß euch die Ehre des Mensch-Seins vermittelt. Sucht nach den Mitteln. Ohne ein Mittel könnt ihr nichts finden. "Wa Abtaghu ilayhi l-Wasilata" (5:35). Diese Wege, die Wege zu den sieben Himmeln werden sich für euch öffnen. Sucht nach denen, die diese Wege für euch öffnen werden. Sucht nicht nach Mist auf dieser Erde. Sie sagen: Sucht nicht nach Mist. Sucht nicht nach Stroh. Sucht solche Ehre, deren Wert

niemand ermessen kann. Shah Mardan spricht.
Sagen wir Bismillahi r-Rahmani r-Rahim. Möge diese Macht uns gegeben werden. Möge die Nacht der Mi`raj gesegnet sein für uns alle. Mögen wir mit ihren Lichtern bekleidet werden, so daß wir nicht ermüden, so daß wir nicht genug davon bekommen, so daß wir nach unserem Herrn verlangen und um Sein Wohlgefallen bitten. O unser Herr, Du hast uns erschaffen, Du hast Glauben in unser Herz gegeben, mittels Deines Habib (saws) hast Du Glauben in unser Herz ge- geben. Laß uns belebt und gestärkt werden und zu Deinem Dienst eilen, ya Rabbi. O Shah Mardan, o geliebter Löwe des Herrn der Glorie, ein Tropfen deiner Macht kann diese Welt auf den Kopf stellen. Mögen wir auch Macht bekommen. Wir wurden erschaffen, Löwen zu sein, nicht Katzen. Wisset, daß ihr Löwen sein solltet. Lebt wie Löwen! O unser Herr, O unser Herr, vergib uns. Zeig uns die Heiligen, die uns diese Wege lehren. Laß uns nicht zu denen gehören, die Deine Sajda, Deine Niederwerfung sein lassen. Wir wollen zur Dienerschaft für Dich rennen, zur Sajda für Dich. Wir wollen nichts anderes. Unser Herr erschuf uns, um Sajda zu machen, um uns vor Ihm niederzuwerfen. Laßt uns zur Dienerschaft für Ihn laufen, zur Sajda für Ihn. Alle Ehre kommt daher. Al Fatiha. Ay Yaran Shah Mardans, wir werden keine Krankheit mehr haben, keine Häßlichkeit mehr, keine Armut. Wir werden Löwen sein. Fatiha. Wahrt den Adab. "Wa Abtaghu ilayhi l-Wasilata" (5:35). Sucht nach den Mitteln, die euch Ihm nahe bringen. Dieses Mittel ist Adab. Lernt den Weg des Adab kennen, findet ihn und folgt ihm. Und ihr werdet fin- den, was ihr wollt. Wir sind hilflos ya Rabbi. Wir sind schwach. All Deine Diener sind auf der Straße. Wir wissen nicht, was wir wollen. Ya Rabbi, ya Allah. Um Deines Habibs (saws) willen sende Deinen Dienern ein Mittel, ya Rabbi. Laß uns lernen und lehren. Laß uns wissen, was Ehre ist. Fatiha.

## The Mirror

This is the assembly of the brethren of Shah Mardan. BismiLlahir Rahmanir Rahim. I am standing up in respect for Allah, the Majestic, for the honor of His beloved. Let us say "A'udhu bi-Llahi mina sh-shaytani r-rajim". We are seeking refuge in our Lord from the evil of shaytan. Seeking refuge in our Lord is a matter of manners, otherwise one atom turns a thousand shaytans upside down. But out of good manners, for the honor of the Pride of all creation, we say Audhu biLlahi minash-shaytani r-rajim Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi Kun ma' Allah wa la tubali! (Be with Allah and don't worry). Be with Allah, don't be worried. Audhu biLlahi mina sh-shaytanir-rajim.
Let us seek refuge out of good manners. Who is shaytan? What is his position? shaytan is the initiator of evil. The one who invents all evil is shaytan. If man is relieved of one evil, another one befalls him, because man [insan] is made up of forgetfulness [nisyan]. Man is such a forgetful creature, except "Fa-dhkuruni adhkurkum" (Remember Me and I will remember you!) (2:152) those who remember their Lord, who are under the protecting eyes of the friends of Allah the Exalted. May Allah let us belong to them! shaytan is the source, the spring of evil. I'm not saying he is its creator, because creating is an attribute that belongs exclusively to Allah Most High. Only He creates. There is no other creator. Wa Huwa l-Khallaqu l-'Azim (and He is the Mighty Creator), subhanahu wa ta'ala (Transcendent and Exalted is He!)
Now people habitually say, "he created this or that", Well, what have you 'created'? What are you going to 'create'? What you've 'created' is not really creation what you've made goes down the toilet So what's all your boasting about? Why do you pretend that you're great? They're not ashamed to claim that they "created" something. Say "he invented", don't ever say "he created"! Between inventing and creating there is a distance so great it can't even be measured. Man

invents but he doesn't create, he cannot create! The attribute of being Creator belongs only to the Exalted Lord of Might.

Welcome, o beloved brethren of Shah Mardan. This has become our introduction. Subhansin (Exalted You are) Sultansin (You are the absolute Sovereign), O our Protector. Because of Him, o Shah Mardan this is your realm. O beloved brethren of Shah Mardan, this honor is for you, to be his brethren, to love him and esteem him, listen to his words and abide by them. This is your honor, the honor of humankind. Let us say "Bismi-Llahi r-Rahmani r-Rahim". Oh, how great, Bismi-Llahir-Rahmanir- Rahim. Allah Most High let it be spoken. It has such power that it carries man from the ground up to the divine Throne.

Welcome Shah Mardan, it's your turn to speak. We are listening, and we want to understand and abide by your words. Don't sleep in this assembly, stay attentive! We ask support, O master of running affairs, Shah Mardan, Habibur-Rahman. Please go ahead, the realm is yours.

Allahu akbar Allahu akbar Allahu akbar Transcendent and Exalted is He, who created His cherished beloved. "I made his being a mirror, a mirror of My own Being, reflecting My Being, a mirror of Myself, and gave him to you. I have made his being a mirror of My Being. Who wants to see Me is not able to look at Me directly. Looking into the mirror he will see. What's beyond that is impossible to see, I've made his being a reflection of My Being. His being, o beloved one, so that by looking at him they may see Me. Nothing possesses real existence except Me. I am the Absolute Master of all existence. 'Inni Ana-Llah.' (verily, I am Allah)." Transcendent and Exalted is He. O our Lord. To say "I" befits only Allah Most High! "Inni Ana-Llah! I am Allah, there is no other. I have made his(sas) being a mirror, I have made it a mirror of My Being. O Beloved, for what did I create you? How did I favor you over everyone? No one can look directly at My Being. Only as if looking into a mirror. You are the mirror of My Being, o Beloved one. Who looks at you, sees Me. Without looking at you, no one can see Me. You are My mirror. I have made his being a mirror, I have made it a mirror of My Being. You are My mirror. In the mirror what cannot be seen becomes visible. Allahu akbar. Allahu akbar, Allahu akbar.

O Shah Mardan, welcome to you. Those, who are able to look in the mirror, how amazing is what they see! Indeed, Shah Mardan, the one who looks into the mirror, is a magnificent and blessed, noble and tremendous sultan. Being a sultan on the level of people, not far above or

removed from them; he is on the people's level, most easily accessible for them, a mirror of the worlds they are going to behold. Shah Mardan, it is you, here you go, the realm is all yours! O beloved brethren of Shah Mardan, pay attention! Masha Allah, la quwwata illa bi-Llah. With every glance, different worlds appear. With every look new vistas come into sight, different spectacles show with every view, with every look new varieties of honor appear, different symbols to behold with every glance. Allahu akbar, Allahu akbar.

Welcome, o Shah Mardan! Because of its size an ant carries a piece of straw, it can't carry the universe. But there are beings carrying the universe. They are dressed in the robes of majestic greatness which their Creator awarded them. The Presence of Allah is not an empty thing! In the Presence of Allah one cannot sit around like this. Far from it, no way! That Presence is eternal. What kind of things are in that Presence it is impossible to describe. That is why He says, that if the oceans were ink and one attempted to write what is in that Presence one couldn't write it, it wouldn't be enough, even if all seven seas were ink. O you small humans. Here you go, Shah Mardan! Expand your inner vision, open up the world of your imagination! Man was granted imagination, he's capable of imagining. But imagination is not steady. From one moment to the next, things pass through from the world of imagination. Images pass through. Our majestic Lord’s, the Lord of the worlds’ - Transcendent and Exalted is He - our Lord’s, the absolute Sovereign’s manifestations of magnificence are passing through. What these physical eyes can't see, you'll see with the eyes of the heart.

O Shah Mardan, here you go. How beautiful is your speech, how wonderful your choice of words! O human, you've been granted immense honor, but you don't understand. You are not guarding this honor, you are loosing this honor. What more could shaytan teach to those who lost this honor? What is it that makes mankind loose his honor? What was it that shaytan taught the son of man, which tampered with his lofty virtues, ruining the robe of honor he had been dressed in? What did shaytan teach him? First of all, Allah Most High declared, "Harramtu zzulma ‘ala Nafsi (I have forbidden oppression for Myself), fa-la tazalamu! (so don't you oppress anyone!)" The one and only problem, which deprives people, humanity, of their honor is this oppression.

Allah Most High declared: "I have declared oppression forbidden for Myself "wa ma Ana bizallamin lil-‘abid(and I am not unjust to My servants.)"(50:29) "I am not an oppressive Lord. I

don't oppress and My first order to you is 'Fa-la tazalamu!', Don't commit oppression! Don't deal with one another through oppression! Otherwise My 'special forces' will take care of the oppressors. I will send them to teach the oppressors their limits and take back the rights of the oppressed. I will not leave them! I have forbidden oppression for Myself. I have forbidden it for you as well." It's the 1st order: Don't be an oppressor It's in the Gospel and the Torah too. And the glorious Quran declares from beginning to end: "Don't be an oppressor! Fa-la tazalamu! Don't be an oppressor!"

But what is it that shaytan persistently teaches the sons of men? "Be oppressors!" Fix one board on the top, then another one from below and squeeze! Squeeze, don't leave any space! All misery in today's world is from this: People crushing people. Those crushing them are shaytans. What is it that makes nations run out into the streets shouting "illa-Llah"? What is it these people want? "We want justice", they say. "We've had enough of oppression, enough of oppressors. These are our demands." What is it these thousands, hundred thousands, millions, billions pouring into the streets demand? "Save us from these oppressors! We've had enough of oppression. Give us our rights!", they say. Ahead of them all, hey Russian leader, Chinese leader, Indian leader, Turkish leader, Arab leaders, why are you withholding your peoples' rights? O oppressors, how dare you withhold these peoples' rights? Allah has granted man his rights, how can you deny them?

"I am doing it" these despicable villains say, "because shaytan has taught me - 'Don't recognize anyone's rights! In every case, you'll be in the right, while everybody else is wrong.'" Why don't you say this, your Eminence, the Pope? Isn't written in the Gospel? It's written in the Gospel. What is shaytan teaching? From all mankind only one or maybe five people have rights, all the others are without rights. People say that this is the 21 century, only Allah Most High knows which century this is. Here you are, O Shah Mardan, explain it, make it clear! Today's people claim "Except for me, no one has any right. All rights belong to me. All honor belongs to me, all power belongs to me. Every divine grant belongs to me. All greatness, all respect belong to me." They leave no opportunity for anyone, crushing people for the sake of their own sultanate. shaytan says so.

There are 2 kinds of sultanate. One is the sultanate granted by Allah Most High. The second is the sultanate granted by shaytan. It is written in the Gospel. It is written in the Torah. The

Zoroastrians know it. The Jews know it. The Jesuit Catholics know it, as well as the Orthodox. They know that shaytan says, only one person has rights, while all others deserve no rights. That is why the people, the inhabitants of this world are pouring into the streets, demanding their rights. "This one person who rules us is withholding all our rights." His sole desire is leadership, to be alone, the only ruler, the only king, the only sultan."

And the others? The others? Crush them and move on. God forbid. This isn't the heavenly command! This is oppression. It's the mother of all oppression - one single person who, for the sake of his own rule, crushes the whole nation. But they themselves shall be crushed. In China it's like this. In India it's like this. Among Turks it's like this. Among Arabs it's like this. Only among Muslims it doesn't exist. Those proclaiming nationalist ideologies, they are all oppressors. "All is mine", they say and subjugate. They suppose there is no power which could crush them. "I am I", they say. You are not you. You can't say "I am". Don't say "I"! Only Allah, the Exalted, can say "inni Ana Llah, I am Allah, the One who created you. From the oceans of nothingness, I brought you into existence. I am the Sultan. You are servants. Your task is servanthood. You must not oppress My servants. If you do, shaytan's fate awaits you.

What was it that shaytan claimed? It is written in the Gospel as well. It is written in the Torah too, and the Glorious Quran spells it out clearly. shaytan said, "No one can be greater than me!" That's where all the trouble started. He put forth his claim, "Adam cannot be above me. Those, who prostrated to Adam, should have prostrated to me. It's all wrong", he said. Shame on that evil shaytan! "Me", he said, "the angels should have prostrated to me, not to Adam." Look at what mischief shaytan got into. Here you go, o Shah Mardan, get out your club and crush the perverted heads of those idiots possessed by shaytan. Hit them with your club, destroy the falsehood of this world! Proclaim Islam's glory, existence and honor!

"Don't do it, you are crushing the people by saying 'I am the leader. I rule so many millions.'" You can't do it! He(swt) will send an affliction, an unknown kind of microbe, affecting that person. An incurable disease will afflict him. Besides claiming greatness those who declare "I am I" are so possessed by shaytan, that they find neither comfort nor peace. They have no other occupation except crushing people. They have no other occupation except oppressing people. You also are human. I am a human being, and so are you. You have given yourself a false title, saying, "I am king, I am dictator, I am ruler", but this is unacceptable. A sultan must be crowned

by Allah. Who is not crowned by Allah is not a sultan. What is he? He's a shaytan. The one who falsely puts a crown on his head is a shaytan. He's not a Sultan. He can't be Sultan.
Wake up, o people of knowledge, who attended the conference in the place of the caliphate. What were your statements at that conference? Did anyone of you state any of the things mentioned here? I am letting you know, so that you are informed. If it's wrong, say so - then in the morning they'll pick up your dead body. This matter is extraordinary, this is Shah Mardan. He doesn't joke. The one he points to may prepare his shroud for the next day. O magnificent Messenger, o Beloved of our Lord, respected Beloved, our Messenger (blessings and peace be upon him), didn't you teach them? But the people of this age don't want to learn. They learn what shaytan teaches. "Let shaytan be the leader", they say, "then you'll be leader. To be leader you have to crush heads. If anyone raises his head, hit his skull and finish him off." The people are ducking their heads. Millions of people are trembling from war while at the top a few cursed ones declare to each other their claims, "I am this", "I am that". Allah will send afflictions upon them.
O Shah Mardan, here you go! Listen, o beloved brethren of Shah Mardan. Shah Mardan's lovers, pay attention! O you, who go by the name of 'Alawi, you have heard these words! If you say they're not true, you will not reach Ramadan, you'll plunge into your graves. O Shia, if you say these words are not true, you also won't reach Ramadan. Not one of you will remain. Allah, the Majestic, is absolutely Just. Don't assume that He does not see what you are doing, that He doesn't know. Don't say, He doesn't know why you did it, why you acted this way. Allah, inna-Llahu Khabirun Basir - He knows and He sees it all! Beware when you slaughter innocents. Don't forget the One watching you! One day also your heads are going to be crushed.
That's it, that's the calamity for mankind, shaytan. These people are all marching after shaytan. The people on the top are all following shaytan. shaytan. "I am I, I am the head and you are the feet. I am the head and you have to follow me. You want to be the head but you can't. Being head is my prerogative." Hey, think for once, think about the Lord of the universe! How can you claim "I am I", or say, "I am the head, I am great" when your life is between two breaths? Breathing in, breathing out. Breathing in is by the order of Allah and breathing out is by the order of Allah. If He ordered the breath not to enter it could not enter, even if you tried to force it in with a pump. If He said, "go out", you couldn't catch it, even if you ran after it. Your empty

shape stays behind.
O Shia, listen well! You'd better start thinking about it before you are turned into empty shapes. Allah is never pleased with oppression. Stay where you are! Whatever Allah has allotted you, be thankful for it. Say, "O our Lord, forgive us. 'Rabbana zalamna anfusana (Our Lord, we have wronged ourselves) wa in lam taghfirlana wa tarhamna (and if You don't forgive us & show us mercy lanakunanna min al-khasirin (we will surely be among the losers).'" (7:23) Do the akhoonds (Mullahs) know how to read? Don't the Persian ulema tell you this? Shame on them, if they don't say it. But even if they did, you wouldn't listen. Something will come down on their heads. O my Protector, Owner of heavens and earths, You are never pleased with oppression. But shaytan, he teaches people to oppress. "You will be the head", he says, because he himself could not be the head. He did not accept Adam. "I will crush him", he said. "I'll crush the children of Adam till I've taken my revenge", but he can't. Ma sha Allah, o Shah Mardan.
O children of Israil, you who believe in the Torah, you are the descendants of prophets. Did prophet Musa order you to invent so many kinds of weapons to annihilate all human beings? Isn't it written in the holy Torah that killing is prohibited? The punishment for the one who instructed the murderer is the same punishment as for the murderer himself. The one, who instructed him to do it, incurs the same punishment from Allah. He will undergo his punishment. So beware! O Shias, stay where you are.
O Bashshar, the name you carry, promises good tidings, but instead of Bashshar the name Naffar (the hated one) would be more fitting for you. Naffar. They should have called you Naffar. The ones, who gave you the name Bashshar had better named you Naffar. Your appearance is like an angel, but in reality you have become a shaytan. You commit oppression, you're killing innocent people. If you believe in Allah, know that you will be taken to account. Don't kill these people, these innocent people! (If Allah asks you) "These human beings I created, whom I Myself gave a lifetime to live, why are you slaughtering them?" You'll have no answer. To send fire raining down from the sky onto them, whose teaching is that? Is it Isa's teaching? Is it Musa's? Or is it the teaching of the Master of all creation? God forbid! Far from it! Whose teaching is it? It is shaytan's teaching. "Chemical weapons", they say. Who taught this? shaytan ordered it. All nations are staring like idiots. But those, who ordered this will all swallow the poison of these poisonous weapons seventy times before their souls leave their body like a carcass. Beware!

Bashshar, give it up! Give it up, otherwise death will pay you a visit! You will say, "Oops", and drop down where you stood. So fear Allah! You'll have nowhere to escape. "Ayna al-mafarr (To where can I flee?)" (75:10) When the day comes for man, when he is called, he'll ask "To where can I flee?" There will be nowhere for you to flee. A cover from the sky covers the earth, prevents all movement, and any movement beneath leads them to fall into a trap. In that trap there are thousands, hundred thousands of oppressors. When that trap closes they will be either thrown into water or burnt by fire. So be really careful!

Here you go, o Shah Mardan. The Alawis say that they love you. The Shia say, "The crown on our heads is our distinguished master ‘Ali" - may Allah ennoble his countenance! There will be something coming down on their heads from the sword of Shah Mardan. Stop the oppression. Allah has forbidden it! Be intelligent, not causing harm, because, just like you, every human being has a right to live. When you left the scales of justice, you turned into oppressors. O our Lord, forgive us! O our Lord, send us a rightly guided leader! Here you go, o Shah Mardan. We love you. We don't consent to oppression. We don't want oppressors, Alawi or Shia. "They don't love me", says the lion of Allah, Shah Mardan. "They don't love me. They are liars", he says. "I don't attack a single one of them unrightfully, but when they deserve it, I attack.

At the fort of Khaybar they came forth against us. I called for a fighter, "Who is there to come out to the battlefield?" At the fortress of Khaybar, in the middle of the desert - I passed by, offered prayers there. So one of the leaders of the fortress came out to the field. When Shah Mardan saw him, he broadened like a lion swelling his mane. Had he hit the world with his sword, he might have sliced the world to pieces - Allah knows! That one had come out for a duel. Having cut him in two with one blow he struck the ground with his blessed sword Dhul-Fiqar & water gushed out. Al-hamdu li-Llah, I drank from that water, performed ablution, offered prayers and asked for intercession.

Now his awe inspiring presence appears, this is Shah Mardan we're listening to. Listen, o you, who raise your heads, o shaytan's students, leave it, give up shaytan's ways, hold fast to the ways of the pure servants! Shah Mardan is the beloved of the All-Merciful, hold fast to his way! If you don't hold to it, don't claim, I'm Alawi, I'm Shia. If you're an oppressor claiming at the same time to be Alawi, you are lying. But there are armies on their way who will teach you, armies coming

with black flags. There are armies coming with green flags. There are armies coming with red flags and red turbans. Be warned! Against them, those weapons you hold won't help you at all. They'll pass like the wind, their horses won't even touch the ground. That kind of army is approaching, o Shias, o Alawis, the armies of the lion of Allah. Without their spurs even once touching the ground, they'll pass through the air like this. They are lions. They are the soldiers beloved by Allah.

You are beloved by shaytan. Allah does not love you, nor does His messenger. Be careful, desist! Rajab is coming. Rajab is the month of Allah. Rajab, tara al-'ajab (you'll see amazing things), different types of wondrous events will happen. Hide yourself! Get your affairs in order. Leave those servants from the nation of Muhammad in peace! It's enough, what you've done of oppression. Repent, maybe it will be accepted. Maybe they won't leave you without the oppressed having taken their rights. O our Lord, forgive us! O our Lord, send us a rightly guided leader! Our master is Shah Mardan, send him, o my Lord! He'll teach those, who don't know their limits, what their limits are.

Send us a sultan, o my Lord! Rajab is the month of Allah. We are waiting, o my Lord, for Your armies, that will take the rights of the innocents from the oppressor. My Lord Rajab is Your month, and from Allah is all success! Let us not be from the oppressors. We don't agree with oppression, my Lord. Allahu Allah Allahu Rabbi Allahu Allah Allahu Hasbi. O heedless scholars, who held a conference in Istanbul, for what did you meet? What did you do there? Why didn't you ask, "This Daru l-Khilafa, the seat of the caliphate but where's your caliph? What did you do to your caliph? The caliph, appointed by Allah over the Islamic nation, where is he? This is Daru l-Khilafa, the seat of the caliph!" Did you ask anything like this? Shame on you!

Wa min Allahi tawfiq. O my Lord, forgive us. Here you are, o Shah Mardan, please ask forgiveness from your Lord for us. Let Him send us the lions to sort out our affairs! By the sanctity of the Beloved, by the sanctity of al-Fatiha.

**Der Spiegel**

---

Dies ist die Versammlung der Brüder Shah Mardans. Bismillahi r-Rahmani r-Rahim. Ich stehe

auf aus Respekt für Allah (swt), dem Majestätischen, zu Ehren Seines Geliebten. Sagen wir: A`udhu Billahi mina sh-shaytani r-rajim. Wir suchen Zuflucht bei unserem Herrn vor dem Übel Shaytans. Zuflucht zu suchen bei unserem Herrn, ist eine Sache des Benehmens, sonst stellt ein Atom tausend Shaytane auf den Kopf. Aber um des guten Benehmens willen, für den Stolz der ganzen Schöpfung, sagen wir: A`udhu Billahi mina sh-shaytani r-rajim. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi. Kun ma` Allah wa la Tubali! - Sei mit Allah und sorge dich nicht. Sei mit Allah, sorge dich nicht. A`udhu Billahi mina sh-shaytani r-rajim. Suchen wir Zuflucht wegen des guten Benehmens. Wer ist Shaytan? Was ist seine Stellung? Shaytan ist der Urheber des Bösen. Derjenige, der alles Böse erfindet, ist Shaytan. Wenn der Mensch von einem Übel befreit ist, befällt ihn ein anderes, weil der Mensch - Insan - aus Vergeßlichkeit - Nisyan - gemacht ist. Der Mensch ist so ein vergeßliches Geschöpf, außer "Fa-dhkuruni Adhkurkum" - Gedenkt also Meiner und Ich gedenke euer (2:152). Diejenigen, die ihren Herrn erinnern, sind unter den schützenden Blicken der Freunde Allahs des Erhabenen. Möge Allah uns zu ihnen gehören lassen!

Shaytan ist die Quelle des Bösen. Ich sage nicht, er ist ihr Schöpfer, weil das Erschaffen ein Attribut ist, das ausschließlich Allah dem Höchsten gehört. Nur Er erschafft. Es gibt keinen anderen Schöpfer. Wa Huwa l-Khallaqu l-`Azim - Und Er ist der Mächtige Schöpfer, Subhanahu wa Ta`ala - Transzendent und Erhaben ist Er. Jetzt sagen die Menschen für gewöhnlich, 'Er hat dies oder das erschaffen'. Nun, was habt ihr 'erschaffen'? Was werdet ihr 'erschaffen'? Was ihr 'erschaffen' habt, ist keine wahre Schöpfung, was ihr gemacht habt, geht das Klo hinunter. Also was soll die Prahlerei? Warum tut ihr so, als seid ihr groß? Sie schämen sich nicht zu behaupten, sie hätten etwas geschaffen. Sagt, er erfand, sagt nie, er erschuf! Zwischen Erfinden und Erschaffen ist eine Entfernung so groß, sie kann nicht einmal vermessen werden. Der Mensch erfindet, aber er erschafft nicht. Er kann nicht erschaffen! Das Attribut des Schöpfer-Seins gehört nur dem Erhabenen Herrn der Macht. Willkommen, o geliebte Brüder Shah Mardans. Dies ist unsere Einleitung geworden. Subhansin, Sultansin. O unser Schutzherr, wegen Ihm, o Shah Mardan, ist dies dein Bereich. O geliebte Brüder Shah Mardans, diese Ehre ist für euch, seine Brüder zu sein, ihn zu lieben und zu achten, seinen Worten zu lauschen und ihnen zu folgen. Dies ist euere Ehre, die Ehre der Menschheit. Sagen wir: Bismillahi r-Rahmani r-Rahim. O, wie groß! Bismillahi r-Rahmani r-Rahim! Allah der Höchste läßt es uns aussprechen. Es hat solche Macht, daß es den

Menschen vom Boden bis zum Göttlichen Thron trägt. Willkommen, Shah Mardan. Du bist dran zu sprechen. Wir hören und wollen verstehen und deinen Worten Folge leisten. Schlaft nicht in dieser Versammlung, bleibt aufmerksam! Wir bitten um Unterstützung, Meister der laufenden Dinge, Shah Mardan, Habibu r-Rahman. Bitte mach weiter, der Bereich ist dein. Allahu Akbar, Allahu Akbar, Allahu Akbar.

Transzendent und erhaben ist Er, Der Seinen geschätzten Geliebten erschuf. Ich machte sein Sein zu einem Spiegel, einem Spiegel Meines Eigenen Seins, der Mein Sein reflektiert, ein Spiegel Meiner Selbst, und gab ihn euch. Ich machte sein Sein zu einem Spiegel Meines Seins. Wer Mich sehen will, ist nicht fähig, Mich direkt anzusehen. Wenn er in den Spiegel sieht, sieht er. Was darüber hinausgeht, ist unmöglich zu sehen. Ich machte dieses Sein zu einer Reflektion Meines Seins, Sein Sein, so daß sie, indem sie ihn ansehen, Mich sehen. Nichts besitzt wahre Existenz außer Mir. Ich bin der Absolute Meister aller Existenz. "Inni Ana Llah" - wahrlich, Ich bin Allah. Transzendent und Erhaben ist Er. O unser Herr, zu sagen "Ich" ziemt sich nur für Allah den Höchsten. "Inni Ana Llah" - Ich bin Allah, es gibt keinen anderen. Ich habe sein Sein zu einem Spiegel gemacht, einem Spiegel Meines Seins. O Geliebter, wofür erschuf Ich dich? Wie bevorzugte Ich dich über alle? Niemand kann Mein Sein direkt ansehen, nur als ob man in einen Spiegel guckt. Du bist der Spiegel Meines Seins, o Geliebter. Wer dich ansieht, sieht Mich. Ohne dich anzusehen, kann niemand Mich sehen. Du bist Mein Spiegel. Ich habe sein Sein zu einem Spiegel gemacht, Ich habe es zu einem Spiegel Meines Seins gemacht. Du bist Mein Spiegel. In dem Spiegel wird das, was nicht gesehen werden kann, sichtbar. Allahu Akbar, Allahu Akbar, Allahu Akbar. O Shah Mardan, willkommen! Jene, die fähig sind, in den Spiegel zu gucken, wie erstaunlich ist, was sie sehen. Tatsächlich, Shah Mardan, wer in den Spiegel guckt, ist ein herrlicher und gesegneter, edler und gewaltiger Sultan. Ein Sultan zu sein auf der Ebene der Menschen, nicht weit oben oder abgehoben von ihnen, ist er auf der Ebene der Menschen, einfacher zugänglich für sie, ein Spiegel der Welten, den sie anschauen werden.

Shah Mardan, du bist es, bitte sehr, der Bereich ist ganz dein! O geliebte Brüder Shah Mardans, paßt auf! Ma sha' Allah, la Quwwata illa Billah. Mit jedem Blick erscheinen andere Welten. Mit jedem Blick kommen neue Aussichten ins Visier, verschiedene Schauspiele zeigen sich mit jedem Blick, neue Arten von Ehre erscheinen, verschiedene Symbole sind mit jedem Blick zu sehen. Allahu Akbar, Allahu Akbar. Willkommen, o Shah Mardan! Wegen ihrer Größe trägt eine

Ameise eine Stück Stroh, sie kann nicht das Universum tragen. Aber es gibt Wesen, die das Universum tragen. Sie sind gehüllt in die Gewänder majestätischer Größe, die ihnen ihr Schöpfer verlieh. Die Gegenwart Allahs ist kein leeres Ding! In der Gegenwart Allahs kann man nicht einfach so herumsitzen. Weit gefehlt! Auf keinen Fall! Diese Gegenwart ist ewig. Welche Art von Dingen in dieser Gegenwart sind, ist unmöglich zu beschreiben. Deshalb sagt Er, daß wenn die Ozeane Tinte wären und man versuchte zu schreiben, was in dieser Gegenwart ist, man es nicht schreiben könnte. Es wäre nicht genug, auch wenn alle Meere Tinte wären. O ihr kleinen Menschen. Bitte, Shah Mardan! Erweitert euere innere Sicht, öffnet die Welt euerer Vorstellungskraft. Dem Menschen wurde Vorstellungskraft gewährt. Er ist fähig zur Vorstellung. Aber Vorstellung ist nicht beständig. Von einem Moment zum nächsten laufen Dinge durch die Welt der Vorstellung. Bilder laufen durch. Unseres majestätischen Herrn, des Herrn der Welten - Transzendent und Erhaben ist Er - unseres Herrn, des Absoluten Herrschers Manifestationen der Herrlichkeit laufen durch. Was diese physischen Augen nicht sehen können, siehst du mit den Augen des Herzen.

O Shah Mardan, los geht's. Wie schön deine Rede ist! Wie wunderbar deine Wortwahl! O Mensch, dir wurde ungemeine Ehre gegeben, aber du verstehst nicht. Du bewahrst diese Ehre nicht, du verlierst diese Ehre. Was mehr kann Shaytan jene lehren, die ihre Ehre verloren haben? Was ist es, das die Menschheit ihre Ehre verlieren läßt? Was war es, das Shaytan den Sohn des Menschen lehrte, das seine erhabenen Tugenden verfälschte und das Ehrenkleid verdarb, mit dem er bekleidet war? Was lehrte Shaytan ihn? Zuerst einmal erklärte Allah der Höchste: "Harramtu dh-Dhulma `ala Nafsi" - Ich habe Mir Selbst Unterdrückung verboten. "Fala Tadhalamu!" - Also unterdrücke niemanden! Das eine und einzige Problem, das die Menschen, die Menschheit, ihrer Ehre beraubt, ist diese Unterdrückung. Allah der Höchste erklärte: Ich habe Mir Selbst Unterdrückung als verboten erklärt. "Wa ma Ana bi-Zallamin li l-`Abid" - und Ich bin nicht ungerecht zu Meinen Dienern (50:29). Ich bin kein unterdrückender Herr. Ich unterdrücke nicht, und Mein erster Befehl an euch ist: "Fala Tadhalamu" - Unterdrückt nicht! Geht nicht unterdrückerisch miteinander um! Sonst werden Meine 'Sondereinheiten' sich um die Unterdrücker kümmern. Ich werde sie aussenden, um den Unterdrückern ihre Grenzen zu weisen und die Rechte der Unterdrückten zurückzunehmen. Ich werde sie nicht verlassen! Ich habe Unterdrückung für Mich Selbst verboten und für euch auch. Es ist der 1. Befehl: Sei kein Unterdrücker.

Es ist auch im Evangelium und der Torah. Und der glorreiche Quran erklärt von Anfang bis Ende: Sei kein Unterdrücker! "Fala Tadhalamu!" Sei kein Unterdrücker!
Aber was ist es, das Shaytan die Söhne der Menschen beharrlich lehrt? Seid Unterdrücker! Befestige ein Brett oben, dann ein anderes unten und quetsche! Quetsche, laß keinen Raum! Das ganze Elend der heutigen Welt kommt daher: Die Menschen drücken Menschen. Die sie drücken, sind Shaytane. Was läßt Nationen hinaus auf die Straßen laufen und schreien "illa Llah"?
Was wollen diese Leute? Wir wollen Gerechtigkeit, sagen sie. Wir haben genug von Unterdrückung, genug von den Unterdrückern. Dies sind unsere Forderungen. Was ist es, das diese Tausenden, Hunderttausenden, Millionen, Billionen fordern, die sich auf die Straßen ergießen? Rettet uns vor diesen Unterdrückern! Wir haben genug von der Unterdrückung! Gebt uns unsere Rechte! sagen sie. Allen voraus, hey, russische Führer, chinesische Führer, indische Führer, türkische Führer, arabische Führer, warum enthaltet ihr den Menschen ihre Rechte vor? O Unterdrücker, wie könnt ihr es wagen, diesen Menschen ihre Rechte vorzuenthalten? Allah gewährte dem Menschen seine Rechte. Wie könnt ihr sie verleugnen? 'Ich tue es', sagen diese abscheulichen Schurken, 'weil Shaytan es mich lehrte.' Erkenne niemandes Rechte an! In jedem Fall bist du im Recht, während alle anderen im Unrecht sind.
Warum sagst du das nicht, euere Eminenz, der Papst? Steht es nicht im Evangelium? Es steht im Evangelium. Was lehrt Shaytan? Von der ganzen Menschheit haben nur einer oder vielleicht fünf Leute Rechte, alle anderen sind ohne Rechte. Die Menschen sagen, daß dies das 21. Jahrhundert ist, nur Allah der Höchste weiß, welches Jahrhundert dies ist. Bitte, Shah Mardan, erkläre es, mach es deutlich! Die heutigen Menschen behaupten: 'Außer mir hat niemand Rechte. Alle Rechte gehören mir. Alle Ehre gehört mir, alle Macht gehört mir. Jede Göttliche Gabe gehört mir. Alle Größe, aller Respekt gehört mir.' Sie lassen niemandem eine Möglichkeit, zerschmettern die Menschen um ihres eigenen Sultanats willen. Shaytan sagt es so. Es gibt zwei Arten von Sultanaten. Eines ist das Sultanat, das Allah der Höchste gewährte. Das zweite ist das Sultanat, das Shaytan gewährte. Es steht im Evangelium, es steht in der Torah. Die Zoroastrier wissen es. Die Juden wissen es. Die jesuitischen Christen wissen es sowie auch die orthodoxen. Sie wissen, daß Shaytan sagt, nur eine Person hat Rechte, während alle anderen keine Rechte verdienen. Deshalb ergießen sich die Menschen, die Bewohner dieser Welt auf die Straßen und fordern ihre

Rechte. 'Dieser eine Mensch, der uns regiert, enthält uns all unsere Rechte vor. Sein einziger Wunsch ist Führerschaft, allein zu sein, der einzige Herrscher, der einzige König, der einzige Sultan.' Und die anderen? Die anderen? Zerschmettert sie und geht weiter.

Gott bewahre! Das ist kein himmlischer Befehl. Das ist Unterdrückung. Es ist die Mutter aller Unterdrückung - eine einzige Person, die um ihrer eigenen Herrschaft willen die ganze Nation unterdrückt. Aber sie selbst werden zerschmettert werden. In China ist es so. In Indien ist es so. Unter den Türken ist es so. Unter den Arabern ist es so. Nur unter den Muslimen gibt es das nicht. Diejenigen, die nationalistische Ideologien vertreten, sie sind alle Unterdrücker. 'Alles ist mein', sagen sie und unterwerfen. Sie nehmen an, daß es keine Macht gibt, die sie zerschmettern könnte. 'Ich bin ich', sagen sie. Du bist nicht du. Du kannst nicht sagen 'Ich bin'. Sag nicht 'Ich'! Nur Allah, der Erhabene, kann sagen "Inni Ana Llah" - Ich bin Allah, der Eine, der euch erschuf. Von den Ozeanen des Nicht-Seins brachte Ich euch in die Existenz. Ich bin der Sultan. Ihr seid Diener. Euere Aufgabe ist die Dienerschaft. Ihr dürft Meine Diener nicht unterdrücken. Wenn ihr es tut, erwartet euch Shaytans Schicksal. Was beanspruchte Shaytan? Es steht auch im Evangelium. Es steht auch in der Torah, und der glorreiche Quran buchstabiert es deutlich aus. Shaytan sagt: Niemand kann größer sein als ich! Das ist, wo alle Probleme anfingen. Er brachte seinen Anspruch vor: Adam kann nicht über mir sein. Jene, die sich vor Adam niederwarfen, hätten sich vor mir niederwerfen sollen. Es ist alles falsch, sagte er. Schande auf diesen bösen Shaytan! 'Vor mir', sagte er, 'die Engel hätten sich vor mir niederwerfen sollen, nicht vor Adam.'

Seht, in welches Verderben Shaytan hineingeriet. Bitte, o Shah Mardan, hole deinen Knüppel hervor und zerschmettere die abartigen Köpfe dieser Dummköpfe, die von Shaytan besessen sind. Schlag sie mit deinem Knüppel, zerstöre die Falschheit dieser Welt! Verkünde die Herrlichkeit, Existenz und Ehre des Islam. Tu es nicht! Du unterdrückst die Menschen, indem du sagst: Ich bin der Führer. Ich regiere so viele Millionen. Du kannst das nicht tun. Er (swt) wird eine Heimsuchung senden, eine unbekannte Art Mikrobe, die diese Person befällt. Eine unheilbare Krankheit wird ihn heimsuchen. Neben der Beanspruchung von Größe sind die, die erklären 'Ich bin ich', so besessen von Shaytan, daß sie weder Trost noch Frieden finden. Sie haben keine andere Beschäftigung als Menschen zu zerschmettern. Sie haben keine andere Beschäftigung als Menschen zu unterdrücken. Ihr seid auch Menschen. Ich bin ein Mensch und du auch. Du hast dir einen falschen Titel gegeben und sagst: Ich bin König, ich bin Diktator, ich bin Herrscher.

Aber das ist unannehmbar. Ein Sultan muß von Allah gekrönt sein. Wer nicht von Allah gekrönt ist, ist kein Sultan. Was ist er? Er ist ein Shaytan. Wer fälschlich eine Krone auf den Kopf setzt, ist ein Shaytan. Er ist kein Sultan. Er kann nicht Sultan sein.
Wacht auf, Menschen des Wissens, die an der Konferenz teilnahmen am Ort des Kalifats. Was waren euere Stellungnahmen bei dieser Konferenz? Stellte jemand von euch irgendeines der Dinge, die hier erwähnt wurden, fest? Ich lasse es euch wissen, damit ihr informiert seid. Wenn es falsch ist, sagt es. Dann werden sie am Morgen eueren toten Körper aufheben. Diese Sache ist außergewöhnlich. Dies ist Shah Mardan. Er scherzt nicht. Derjenige, auf den er zeigt, mag sein Totenhemd für den nächsten Tag bereiten. O herrlicher Gesandter, o Geliebter unseres Herrn, geachteter Geliebter, unser Gesandter -Segnungen und Frieden seien auf ihm- hast du sie nicht gelehrt? Aber die Menschen dieses Zeitalters wollen nicht lernen. Sie lernen, was Shaytan lehrt. Laßt Shaytan der Führer sein, sagen sie. Dann werdet ihr Führer sein. Um Führer zu sein, muß man Köpfe zerschmettern. Wenn jemand den Kopf hebt, schlage seinen Schädel und erledige ihn. Die Menschen ziehen die Köpfe ein. Millionen von Menschen zittern vom Krieg, während an der Spitze ein paar Verfluchte gegenseitig ihre Ansprüche erklären. Ich bin das. Ich bin jenes. Allah wird ihnen Heimsuchungen senden. O Shah Mardan, bitte! Hört, o geliebte Brüder Shah Mardans. Shah Mardans Liebende, paßt auf!
O ihr, die unter dem Namen Alawiten bekannt sind, ihr habt diese Worte gehört! Wenn ihr sagt, sie stimmen nicht, werdet ihr Ramadan nicht erreichen. Ihr werdet in euere Gräber stürzen. O Schiiten, wenn ihr sagt, diese Worte sind nicht wahr, werdet auch ihr den Ramadan nicht erreichen. Nicht einer von euch wird übrig bleiben. Allah, der Majestätische, ist Absolut Gerecht!
Geht nicht davon aus, daß Er nicht sieht, was ihr tut, daß Er nicht weiß. Sagt nicht, Er weiß nicht, warum du es tatest, warum du auf diese Weise handeltest. Allah, "inna Llahu Khabirun Basir" - Er weiß und sieht alles. Hütet euch, wenn ihr Unschuldige abgeschlachtet habt. Vergeßt nicht Den Einen, Der euch sieht! Eines Tages werden auch euere Köpfe zerschmettert werden. Das ist es. Das ist das Unglück für die Menschheit, Shaytan. Diese Leute marschieren alle hinter Shaytan her. Die Leute an der Spitze folgen alle Shaytan. Shaytan. Ich bin ich. Ich bin das Oberhaupt, und du bist an den Füßen. Ich bin der Kopf, und du mußt mir folgen. Du willst der Kopf sein, aber du kannst es nicht. Der Kopf zu sein, ist mein Vorrecht. Hey, denkt einmal, denkt an den Herrn des Universums. Wie könnt ihr behaupten, Ich bin ich. Oder sagen, ich bin der Kopf, ich

bin groß, wenn euer Leben zwischen zwei Atemzügen ist? Einatmen, ausatmen.. Einatmen geschieht durch Befehl Allahs, und Ausatmen geschieht durch Befehl Allahs. Wenn Er befiehlt, daß der Atem nicht einfließt, könnte er nicht einfließen, selbst wenn ihr es mit Gewalt mit einer Pumpe versuchtet. Wenn Er sagt, 'Fließe aus', könntet ihr ihn nicht fangen, wenn ihr ihm auch nachliefet. Euere leere Hülle bleibt zurück.

O Schiiten, hört gut zu! Ihr solltet besser anfangen, darüber nachzudenken, bevor ihr in leere Hüllen verwandelt werdet. Allah ist nie zufrieden mit Unterdrückung. Bleibt, wo ihr seid! Was immer Allah euch zugewiesen hat, seid dankbar dafür. Sagt: O unser Herr, vergib uns. "Rabbana Zalamna Anfusana" -O Herr, wir haben uns selbst Unrecht getan- "Wa in lam Taghfirlana wa Tarhamna" -und wenn Du uns nicht vergibst und uns Gnade erweist- "Lanakunanna mina l-Khasirin" -werden wir gewiß unter den Verlierern sein. (7:23) Können die Mullahs lesen? Sagen euch die persischen Ulama das nicht? Schande auf ihnen, wenn sie es nicht sagen. Aber selbst wenn sie es täten, ihr würdet nicht zuhören. Etwas wird auf ihre Köpfe herabkommen. O mein Schutzherr, Eigner von Himmeln und Erden, Du bist nie zufrieden mit Unterdrückung. Aber Shaytan lehrt die Menschen zu unterdrücken. Du wirst der Kopf sein, sagt er, weil er selbst nicht der Kopf sein konnte. Er erkannte Adam nicht an. Ich werde ihn zerschmettern, sagte er. Ich werde die Kinder Adams zerschmettern, bis ich meine Rache genommen habe. Aber er kann es nicht. Ma sha' Allah, o Shah Mardan. O Kinder Israels, die ihr an die Torah glaubt, ihr seid die Nachfahren von Propheten. Befahl euch Musa, so viele Arten von Waffen zu erfinden, um die ganze Menschheit auszulöschen? Steht es nicht in der heiligen Torah, daß es verboten ist zu töten? Die Strafe für den, der den Mörder beauftragt hat, ist dieselbe Strafe wie für den Mörder selbst. Der, der ihn beauftragte, es zu tun, erleidet dieselbe Strafe von Allah. Er wird dieselbe Strafe erleiden. Also hütet euch! O Schiiten, bleibt, wo ihr seid.

O Bashar, der Name, den du trägst, verspricht gute Nachrichten, aber statt Bashar würde der Name Naffar, der Verhaßte, besser zu dir passen. Naffar. Sie sollten dich Naffar nennen. Diejenigen, die dir den Namen Bashar gaben, hätten dich lieber Naffar nennen sollen. Deine Erscheinung ist wie ein Engel, aber in Wirklichkeit bist du ein Shaytan geworden. Du begehst Unterdrückung, du tötest Unschuldige. Wenn du an Allah glaubst, wisse, daß du zur Rechenschaft gezogen wirst. Töte diese Menschen nicht, diese Unschuldigen! (Wenn Allah dich fragt) Diese Menschen, die Ich erschuf, denen Ich Selbst eine Lebensspanne gab, warum schlachtest du

sie ab? Du wirst keine Antwort haben. Feuer auf sie herabregnen zu lassen vom Himmel, wessen Lehre ist das? Ist es Isas Lehre? Ist es Musas? Oder ist es die Lehre des Meisters der ganzen Schöpfung? Gott bewahre! Weit gefehlt! Wessen Lehre ist es? Es ist Shaytans Lehre. Chemische Waffen, sagen sie. Wer lehrte das? Shaytan befahl es. Alle Nationen gaffen wie Dummköpfe. Aber diejenigen, die dies befahlen, werden alle das Gift dieser Giftwaffen 70x schlucken, bevor ihre Seelen ihren Körper als Kadaver zurücklassen. Hütet euch! Bashar, gib auf! Gib auf, sonst wird der Tod dir einen Besuch abstatten. Du wirst sagen 'Uups' und hinfallen, wo du standest. Also fürchte Allah!

Du wirst keinen Ausweg haben. "Ayna l-Mafarr" - Wohin kann ich fliehen (75:10)? Wenn der Tag kommt für den Menschen,wenn er gerufen wird, wird er fragen: Wohin kann ich fliehen? Du wirst nirgendwohin fliehen können. Eine Plane von den Himmeln bedeckt die Erde, verhindert jede Bewegung, und jede Bewegung darunter führt dazu, daß sie in eine Falle stürzen. In dieser Falle sind Tausende, Hundertausende von Unterdrückern. Wenn diese Falle sich schließt, werden sie entweder ins Wasser geworfen oder im Feuer verbrannt werden. Also seid wirklich vorsichtig!

Bitte, o Shah Mardan. Die Alawiten sagen, daß sie dich lieben. Die Schiiten sagen: Die Krone auf unseren Köpfen ist unser ausgezeichneter Meister Ali -möge Allah sein Angesicht adeln!

Es wird etwas auf ihre Köpfe herabkommen vom Schwert Shah Mardans. Beendet die Unterdrückung. Allah hat sie verboten. Seid intelligent, verursacht keinen Schaden, weil, gerade so wie ihr, jeder Mensch ein Recht hat zu leben. Als ihr die Waagschalen der Gerechtigkeit verlassen habt, wurdet ihr zu Unterdrückern. O unser Herr, vergib uns! O unser Herr, sende uns einen rechtgeleiteten Führer. Bitte, Shah Mardan. Wir lieben dich. Wir sind nicht einverstanden mit Unterdrückung. Wir wollen keine Unterdrücker, Alawiten oder Schiiten. Sie lieben mich nicht, sagt der Löwe Allahs, Shah Mardan. Sie lieben mich nicht. Sie sind Lügner, sagt er. Ich greife keinen einzigen von ihnen ohne Recht an, aber wenn sie es verdienen, greife ich an.

Bei der Festung von Khaybar kamen sie vor gegen uns. Ich rief nach einem Kämpfer: Wer ist da, um aufs Schlachtfeld herauszukommen? Bei der Festung von Khaybar, inmitten der Wüste, ging ich vorbei und betete dort. Also kam einer der Führer aus der Festung heraus auf das Feld. Als Shah Mardan ihn sah, dehnte er sich aus wie ein Löwe, ließ seine Mähne schwellen. Hätte er die Welt mit seinem Schwert geschlagen, hätte er die Welt in Stücke schneiden können - Allah

weiß es! Der der herausgekommen war für ein Duell, als er ihn mit einem Schlag gespalten hatte, schlug er den Boden mit seinem gesegneten Schwert Dhu l-Fiqar, und Wasser sprudelte hervor. Alhamdulillah, ich trank von diesem Wasser, machte die Waschung, betete und bat um Fürsprache. Jetzt erscheint seine ehrfurchtgebietende Anwesenheit. Dies ist Shah Mardan, dem wir zuhören. Hört ihr, die ihre Köpfe heben, Schüler Shaytans, laßt es. Gebt Shaytans Wege auf, haltet fest an den Wegen der reinen Diener! Shah Mardan ist der Geliebte des Gnadenreichen. Haltet fest an seinem Weg! Wenn ihr euch nicht daran haltet, beansprucht nicht: Ich bin Alawit. Ich bin Schiit. Wenn du ein Unterdrücker bist und beanspruchst Alawit zu sein, lügst du.

Aber es sind Armeen unterwegs, euch zu lehren, Armeen, die mit schwarzen Fahnen kommen. Es kommen Armeen mit grünen Fahnen. Es kommen Armeen mit roten Fahnen und roten Turbanen. Seid gewarnt! Gegen sie helfen euch die Waffen, die ihr habt, überhaupt nicht. Sie ziehen vorbei wie der Wind. Ihre Pferde berühren nicht einmal den Boden. Diese Art von Armee nähert sich, o Schiiten, o Alawiten, die Armeen des Löwen Allahs. Ohne daß ihre Sporen auch nur einmal den Boden berühren, ziehen sie vorbei durch die Luft. Sie sind Löwen. Sie sind die Soldaten, die geliebt werden von Allah. Ihr seid geliebt von Shaytan. Allah liebt euch nicht, noch Sein Gesandter. Paßt auf, laßt ab! Der Rajab kommt. Rajab ist der Monat Allahs. Rajab, Tara l-`Ajab -ihr werdet erstaunliche Dinge sehen, verschiedene wunderbare Ereignisse werden geschehen. Verbergt euch! Bringt euere Dinge in Ordnung. Laßt diese Diener von der Nation Muhammads in Frieden. Es reicht, was ihr an Unterdrückung getan habt. Bereut, vielleicht wird es angenommen. Vielleicht lassen sie euch nicht, ohne daß die Unterdrückten ihre Rechte genommen haben. O unser Herr, vergib uns! O unser Herr, sende uns einen rechtgeleiteten Führer. Unser Meister ist Shah Mardan, sende ihn, o mein Herr. Er wird die lehren, die ihre Grenzen nicht kennen, die nicht wissen, was ihre Grenzen sind. Sende uns einen Sultan, o mein Herr! Rajab ist der Monat Allahs! Wir warten, o mein Herr, auf Deine Armeen, die die Rechte der Unschuldigen nehmen von den Unterdrückern. Mein Herr, Rajab ist Dein Monat, und von Allah kommt jeder Erfolg! Laß uns nicht zu den Unterdrückern gehören. Wir stimmen Unterdrückung nicht zu, mein Herr. Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Hasbi.

O achtlose Gelehrte, die eine Konferenz in Istanbul abhielten, wozu traft ihr euch? Was tatet ihr dort? Warum fragtet ihr nicht: Dies ist Daru l-Khilafa, der Sitz des Kalifats, aber wo ist der Kalif? Was habt ihr mit euerem Kalifen gemacht? Der Kalif, der von Allah über die Islamische

Nation eingesetzt war, wo ist er? Dies ist Daru l-Khilafa, der Sitz des Kalifen! Habt ihr so etwas gefragt? Schande auf euch. Wa min Allahi t-Tawfiq. O mein Herr, vergib uns. Bitte, o Shah Mardan, bitte um Vergebung von deinem Herrn für uns. Sende Er uns die Löwen, die unsere Angelegenheiten ordnen! Bei der Heiligkeit des Geliebten, bei der Heiligkeit der Fatiha.

## Mit meinem Shaykh

(Engl.: WithMyShaikh)

Bismillahi r-Rahmani r-Rahim. Ich kam nach Shamu sh-Sharif aus Hums. Und nach Hums kam ich aus Istanbul. Ich kam von Istanbul nach Aleppo und von Aleppo nach Hums. Von Aleppo.. Wie heißt diese Stadt vor Hums? H.R.: Hama. M: Hama. Ich blieb auch in Hama. Dann kam ich nach Sham. Nach Hums, dann Sham. Es war das Jahr 1944, 1942, nein, ich glaube, es war das Jahr 1943. Als ich kam.. Ich erinnere mich noch an Shaykh Hassan Hz. H.R.: Hassan al Jibawi. M: Jibawi Hz. Als Sultan Selim vor ihm vorbeiging, fragten sie: Wer ist das? Dieser Heilige ist Hassan al Jibawi Hz. Er ist Mustajabu d-Du'a - dessen Du'a beantwortet wird. Der Sultan stieg von seinem Pferd und machte seiner Turba einen Besuch. Sie haben diesen Ort vor Jahren zerstört, um eine Straße zu bauen. Mögen ihre Gräber geöffnet werden. Möge Allah ihnen geben, was sie verdienen. Jedenfalls, ich kam dorthin. Der Shaykh, der mich in Hums lehrte... H.R: Shaykh Yunus? M: Der Vater von Shaykh Yunus lehrte. Shaykh Jabi lehrte viele Ulama - Gelehrte, aber.. Er, der über uns wachte und uns beschützte, möge Allah das Paradies zu seinem Aufenthalt machen, wir kamen mit ihm zusammen, klopften an die Tür, und er öffnete. Ich sah, daß Shaykh Effendi Hz in seinem Hemd und mit seiner Takka war gemäß der Sunna. Es kam sofort in mein Herz, daß "er von Istanbul gesandt war". Ich erinnere mich noch an den Tag. Wieviele Jahre ist das her, 60? Es ist 70 Jahre her. Allahu Akbaru l-Akbar.

Muhammad Sibai, Shaykh Sibai Hz. zeigte mir sein Haus und sagte: 'Ya Sayyidi, dieser junge Mann ist in Hums die ganze Zeit. Sein Wunsch ist, nach Madina al Munawwara zu gehen, um dort zu wohnen. Shaykh Effendi Hz. sah mich an und sagte: 'Ich werde ihn heute abend der Gegenwart vorstellen. Er wird das tun, was seine (saws) Antwort anzeigt. Er soll morgen früh wiederkommen.' Wir ließen ihn dort und am nächsten Morgen.. Ich hatte schon die ganze Nacht nicht schlafen können und ging früh am Morgen dorthin. Er sagte: Ich zeigte dich dem Propheten (saws). 'Dies ist mein Sohn. Er wird jetzt hier nichts tun, wenn er nach Madina al Munawwara kommt, o Shaykh Abdullah. Shaykh Abdullah, gib ihm Erlaubnis, meine Ummah zu versammeln und sende ihn nach Zypern.' Das Jahr 1944. Schluß. Er sagte nichts, kein Wort. Er sagte: 'Ich kenne den Moment, hierher zu kommen.' Er gab mir diesen Rat. So kam ich nach Zypern von dort, über Beirut. So erstaunliche Zustände. Allah der Allmächtige (jwa) Hz ließ mich diesen Moment erreichen. Shukur für Ihn. Wir waren wie ein Vogel mit gebrochenem Flügel, wie ein Babyvogel. In so einer Lage. Und die Leute hier, sie alle... Diese Seite, die Unterstützer dieses einen, den sie anbeten (Atatürk), sie siedeten. Jedenfalls vollendeten wir unser Leiden mit ihnen. Und sie gingen.

Jetzt sind wir hier zurückgelassen. Die ganze Welt... Wer bin ich? Durch die Macht von Großshaykh kennt mich die ganze Welt. Wie sonst sollten sie mich kennen? Nichts. Wir sind Null. Möge Allah uns nicht die Gesundheit verlieren lassen. Möge Er langes Leben auch für euch geben. Mein Wunsch ist, Sahibu z-Zaman zu erreichen, in seinen Dienst zu treten. Auch möge unser Aufenthalt in Sham dauerhaft sein. Möge das Land Sham uns annehmen. Wir begleiteten meinen Shaykh Hz. ungefähr 40 Jahre lang und versuchten ihm zu Diensten zu sein hier und da, so viel wir konnten. Allah gewährte uns das. Und Er bestimmte Marhuma (Hj. Anne) für uns, unsere Familie zu sein. Und mit ihr kam unsere Hochzeit und unsere Nachkommenschaft. Und masha'Allah unsere Nachkommenschaft, Weisheit Allahs... Und Salams an alle Propheten, besonders an den Meister der Propheten (saws) und an alle Propheten und Awliya. Wir senden unsere Salams auch an den Sahibu z-Zaman (as). Und wir küssen die Türschwelle meines Shaykh Hz. und aller Shaykhs. Sie schützten uns bis jetzt. Ich hoffe, daß sie uns weiterhin schützen werden, auch von jetzt ab. Möge ich wieder nach Sham gehen. Sie haben mich überallhin geschickt. Möge Allah euch gute Tage zeigen. Möget ihr gute Kinder und Enkel haben. Mögen sie den Weg einhalten. Mögen sie auf Allahs Weg weitergehen, um Allah (swt) zu gefallen und um dem Propheten (saws) zu gefallen. Um den Awliya zu gefallen und den Shaykhs. Wir lesen eine Fatiha dafür, daß sie uns angenommen haben. Das ist genug. Wenn wir Details nennen würden... H.R: .. würde das bis zum Abend, bis zum Morgen dauern. M: Es ist genug. Das ist genug.

Mein Shaykh Hz sagte es so: 'Nazim Effendi, ich machte 7000 Sohbats für dich.' Möge Allah sein Geheimnis heiligen. Und Shaykh Effendi Hz baute die Jamiu l-Mahdi und den Maqamu l-Isa zusammen. Und ich guckte zu. Er ließ mich nicht daran arbeiten. Kurden kamen zum Arbeiten. Er selbst arbeitete auch daran. Aber er ließ mich nie dort arbeiten. Er ließ mich keine harte Arbeit machen. Ich sah zu und Shaykh Effendi lachte. Die Steine.. Du erinnerst dich an die Stufen, dahinter war alles steinig. Er brachte Steine heraus und manchmal verfehlte er sie und sie fielen herunter. Ich lachte dann. Shaykh Effendi Hz. erwähnte es sehr oft. 'Du hattest nichts besseres zu tun, als zu lachen, wenn ich die Steine fallen ließ.' Er ließ mich sie nie anrühren. Möge Allah sein Geheimnis heiligen. 'Ya Sayyidi, Kraft und der Gegenwart Rasulullahs (saws) vorgestellt zu werden, das ist mein Gebet.' Du gabst uns die Gute Nachricht von Mahdi (as). Das war vor 70 Jahren... seit Istanbul, seit 1940. Ich sage: Möge ich nicht gehen, bevor ich ihn gesehen habe. Möge es auch meinen Kindern gewährt werden. Fatiha.

# MODERN MEDICINE MAFIA and the PATIENT IS THE VICTIM

Oh our Lord! All our praising, all our respects and all of our thanks are only to You. You created the whole of creation. You created this earth, You created Adam and Eve and from this one couple you brought forth billions of people. You are our Lord who is the only Creator? You give life and You take away life. You can do everything.

When we are saying, “Destur, ya Rijalallah,” we are asking support from Holy People. When we are saying “Avuzu bi-llahi mina shaitani rajim.” We are escaping from Shaitan and going to Allah. Shaitan is the most dangerous one for mankind. Allah Almighty has ordered us to run away from him and to ask protection from Allah Almighty. When we are saying “Bismillah ir Rahman hir Rahim” we are running away from Shaitan and we are asking shelter from Allah Almighty. He then gives us his Divine Protection.

We are the weakest from creation and our life is between two breaths. It is with His command, with Allah Almighty’s order that we are breathing. If he does not give permission we cannot breath. When you inhale it is with his order. So it is when you exhale. The breaths come in and go out.

He Allah Almighty is the creator. He can and is able to create man without the need to breath but Allah Almighty likes to show mankind how weak they are. Even if for one moment or even half of moment a very strong man has to go without breathing he may fall down and die. But ignorant mankind thinks that they are very powerful. What is this power if one moment can take away this persons life. He Allah Almighty is showing to His servants in order that they may learn that they are such weak ones and not powerful ones. But people are really ignorant ones.

Particularly in our days people are ignorant as they think that they have invented so many instruments particularly computers and they say, “This is the top level of technology.” Yes, they are so proud and they forget that they are really weak ones. You can make a computer but doing this does not take away the fact that you are a weak one. Yes, that is an instrument but then still, the one who has made it is a weak one.

Some times when people fall ill they are taken to a hospital and put into an intensive care unit and they plug so many machines all over the patient’s body. Can these material instruments give anything to your soul? They think that technology may support you and give you something. No. It does not give you anything. It only makes you suffer more. Yes that person is going to be suffering much more with all these things on him. Yet they say they are taking high care, intensive care.

They think that keeping that person in that narrow place and putting on him so many gadgets is going to put him in a restful state. They are such liars. If they do not put such things on the patient, this person’s life would be much easier but inserting all these things into this person is only making this person to suffer more pain. Yes he can’t speak, he can’t move and can’t even by way of gesture indicate that “I am in trouble and you are giving to me much more trouble and sufferings. Take all these away from me. I don’t like this.” Yes he can’t even say that. But still the physicians say, “no he must be in the intensive care room and we have prepared this for him.”

Before you come to the graveyard they are preparing this place for you and they put on you so many gadgets trying to make you happy and to make you to live even more. Ya Hu! That person is saying, “I am finished and I don’t like this,” but then he can’t even speak out. That is

technology- giving much more trouble to people. Technology has no familiarity for a person. Or to put in another way technology is not a friendly thing for that person because that belongs to materiality. Man needs spirituality.

In the old times when a person becomes weak and ill he feels that his last hours are arriving. The relatives are called and also some Holy People and Spiritual People. These Holy People may give that person of his holy breathings, which makes the patience sufferings to come down and to feel at rest and to feel at peace in himself. But these material things on the other hand give much more sufferings to that person. Yes! You can't cry, you can't shout out nor can you give any signs of sufferings for the people are around you.

Yes Allah Almighty has created man weak. But in our days, in the 21st century people are thinking that they are so powerful with their technology. Technology does not give peace or rest to that person. Instead it only gives more sufferings and pain. This pain comes to him as if a beginning of punishment in the graveyard.

You cannot even tell people this because they don't understand. This is because they are believing in technology and not in the Lord of Heavens. They trust technology much more than they trust their Lord. And these are two different directions. You can't cure a person with artificial or chemical things. They think that an artificial cure is much better than natural medicine. Therefore there are many factories now which has become the biggest mafia on earth who make these artificial or chemical medicine and people are trusting on these artificial and chemical medicines much more. I must say that they are not trusting on natural medicine and herbal medicine that Allah Almighty created for a cure but their are full trust is on these physicians who may not even believing in the Lord of Heavens. Their belief is that they can cure people only by such artificial and chemical medicines.

When they have tried out these medicines and when they fail to cure that person the physician tells the patient, "Our artificial and chemical drugs have failed. Now we must cut that organ off." And then they use a knife and also other terrible machines, which Shaitan teaches them to make. If you are to be put into these machines you will be very fearful. Even if you are not a

sick person you will feel unrest because of these machines that they are using for ill people.

If for example you go to the doctors to check up your eyes. They tell the patient, “What is this? What is that? Sit down there!” “Tie their hands, keep their heads in a position and tell them not to move the head”. “Take his feet! Tie it!” And they put another belt around him, then they tell you, “we are looking at what is happening through your eyes. Don’t shut your eyes. Open your eyes.” That person is finished. He ends up trembling. They tell him, “Don’t tremble. This is all a big machine. This is all my patient. This is only a small machine. If you do not take care now we may have to send you to a bigger machine. If you are seeing now 10% of vision at that time you may reach to 5% of vision and there is also a big machine for that. If that big machine does not work we will have to do surgery on your eyes and then in the night times you won’t be able to see anything. If you do not see in the night time, day and night is going to be the same”.

Then they tell him, “you have to pay our fees now, and they take him inside to take their payment. They say, “That first machine we used on you will cost you 100 pounds. The second one, which is the more important machine, is 500 pounds and for all the other things we will charge you another 500 pounds. How much is that going to be and for the group of jackals you must pay another 1000 pounds more- all in all 2000 pounds or something like that and then they take all his clothes off and make him remain in his underwear saying, “take this” and when he goes outside they are calling to him and saying, “a dangerous and crazy person has just escaped from our hospital. Please catch him and put him in the mental house.”

These artificial and chemical things may only cure buildings. You must believe this. Now in the whole world the biggest mafia and first class money making mafia are hospitals and doctors. It is as if that, half of the buildings in the whole world are going to become hospitals and clinics and the other half of it (big mafia also) may be mental houses and beyond this too there are so many other institutes for people who use dangerous drugs. Yes these are big centers also.

These material things that doctors are claiming are curing people are bringing such endless sufferings and troubles, miseries and problems to people because they are refusing everything that Allah Almighty created for his servants. They have left it now. They are saying, “No we

are not using it as we have better medicines." You cannot do this. If you are doing this you are bringing harm. There are saying, "One side brings benefit the other side destroys." This is called 'side effects'. One side is supposed to be building and the other side is destroying. This is the modern cure that people are trusting on now. They do now however trust in the real medicine that Allah Almighty has created for mankind through countless plants and fruits. And there are so many good things that He has created.

We are therefore saying something in order to make your minds to work a little. Today the minds of people are frozen. It is so difficult to make an effect on their frozen minds and to make them believe that artificial medicine is not going to give any benefit. But people say, "no we cannot believe you because when we take these artificial medicine our pain goes away and we are resting". This is something that Shaitan is making mankind to trust on and to believe that material aspects may benefit and cure people and Shaitan is saying, "Don't trust on herbal medicine. No!" and now the whole world is in trouble now. They fall into trouble and the reason is this.

Therefore we are saying again that Allah Almighty created man to be weak and perhaps man is the weakest creature on earth. He is also giving to mankind something to take away their weakness. But people are not accepting that because Shaitan is saying to them, "Don't believe what prophets are saying to you. You must believe me. Drink this and eat this and it should cure your illness". If this does not work then he says to the doctors, "cut their organs off" "we are now curing you and till the end of your life you will not suffer."

Then they finally put that person in a small room like a grave saying to them, "this is good for you". One doctor comes and says, "Put that machine on. It is not enough, fix this one here also." Then another doctor comes and says, "fix these gadgets onto this patient" and then that person is in heavy pains and troubles and sufferings, he cannot even breath because they have put something into his mouth too.

Oh! People come and accept the heavenly cures that Allah Almighty is sending to you through his beloved holy servants, and prophets in order to live happily. Allah Almighty is promising to

give you a healthy and wealthy life in this world and he is also promising to give you, if you are listening and obeying his advices, an eternal life, but still people are running away. Yes they are running after Shaitan and not trying to follow the Prophets.

This is a very humble meeting. Not even a handful of people are coming here. Billions of people are however running after Shaitan and shaitanic teachings. And you are looking and seeing what has happened, what is happening and what will happen.

Oh! People come to Allah! Come and believe in your Lord's advices. Come and follow his good people. Particularly, His good servants and particularly the most beloved and honoured servant of Allah Almighty, Seyyadina Muhammad (sal). If people are asking to reach to a good life both here and in the hereafter they must follow Seyyadina Muhammed (sal).

Then what about Jesus Christ or Moses? When Seyyadina Omar was once looking at some pages of the Torah, the Prophet (sal) said to Omar (ral), "Oh Omar! Don't look at those pages because even if Esa (alai) the son of Mary or Moses were living in my period there is still no other way except that they follow me. Finished. Everyone must follow the Seal of Prophets to reach to a safe life and to enjoy life here and to have eternal life after this life. May Allah forgive us and bless you for the honor of the most honored one Seyyadina Muhammed (sal). Fathiha.

## Monarchies are Supported by Heavens

Respect Her Majesty the Queen. We are happy to be here in England. It is a blessed place. Every kingdom is blessed, a republic never can be. This is why I am happy to be here. I ask Allah the Almighty to bless the Queen and her Royal Family, especially His Royal Highness Prince Charles. We support everyone who is trustworthy and asks for the Truth.

All curses come from those who run after devils and give their support to them. Respect and support the true ones. Find them and support them. When the elections come look for the honest and true ones who are supporting Her Majesty. Whoever is against Her Majesty will not be supported by Heavens. Don't think that those who have bad intentions concerning Her Royal Majesty will be successful in the long run. Never! They will never be able to get rid of the monarchy because the monarchy is supported by Heavens.

BookDefendingTruth, CategoryKingdom

# MONARCHY

In Belgium there is a King. In Denmark there is a King. In Norway there is a Queen. In Morocco there is a King. In the Gulf there is a King. In the Oman there is a King. In Saudi there is a King. In Spain there is a King. Maybe there are only 20 countries which have Kings now and at the beginning of the century there was an Ottoman Empire, a Russian Empire, a French Empire, a German Empire, an Austrian Empire, a Bulgarian Kingdom, a Rumanian Kingdom, a Greek Kingdom, an Italian Kingdom, an Egyptian Kingdom, a Persian Kingdom, a Libyan Kingdom, a Sudanese Kingdom, an Afghan Kingdom, an Iraqi Kingdom, a Jemenite Kingdom, an Abyssinian Kingdom, an Eritrean and Somali Kingdom. All African States were Kingdoms. China was a Kingdom, Indonesia was a Kingdom, Madagascar was a Kingdom, India was a Kingdom. Sansibar was a Kingdom.

In this century 40 Kingdoms have been destroyed and the people who came after were not good. Always when Kings go, bad people come up. Kings weigh them down like a heavy cover. They are like heavy stones on them. When Kings are thrown away, everything which is under that rock gets out. This is the case now, and we are surrounded by bad people.
In Islam there is perfection. There is a rule in the Holy Quran in which Allah says that, "There is no doubt the Allah Almighty orders you to give responsibilities about people, about the public and it should be in the

hands of perfect people." Don't give the doctor the responsibility of an engineer, and don't give the engineer the responsibility of the doctor. Don't give the responsibility of men to women. Don't give the responsibility of women to men. Don't give the responsibility of the doctor to an advocate and don't give the responsibility of the advocate to a pharmacist. Don't give the responsibility of farmers to citizens. Don't give the responsibility of shepherds to farmers.

So in the case of responsibilities you have to look who is the best one. If you bring a tape-recorder to me and it isn't working, I will not understand, even if you ask me to arrange it. So what would I do? I would make it worse than it was before, because it is not my job, it is not my responsibility.

Islam says that you must give everything to those who understand about the subject. But democracy says no to this. It tells you that you can take 10 000 votes or 100 000 votes and you can be a MP, a Member of Parliament, and the Prime Minister comes to you, who has been appointed by the President, and says to you to come to a new cabinet. So you can be the Minister of Justice, or you can be the Minister of the Interior, because you are so powerful, and people can listen to you. So in that way everything has been given to you. But at the same time it is possible that you are unable to have authority in your own home with your wife or your children. You can have so many advisers who prepare everything and bring the papers to you and you just sit and sign, often without even knowing what it is that you are signing. That is democracy! If anyone tries to meet a minister, he will be told that there is a meeting and that he is not there.

In Islam that is impossible, because it tell us that we must understand what we are doing. Everything must be given to those who understand. That is why we have perfection in Islam. In Christianity it is not allowed to look after the works of the Emperor, the works of the government. Jesus Christ said to leave to the Emperor that which belongs to the Emperor. But Islam says "No!" to this, because the Emperor must listen to what Allah orders to him. In democracy people choose ministers and they do not understand. In monarchy the Sultan chooses. He looks to see who is the most suitable to be a minister. That minister will then be responsible only to the Sultan and he will be afraid to do anything wrong and to be thrown away from his office. So he will take much more care. But in the Parliament the ministers are never afraid of the people, never! They just want to put more and more in their pockets. So even if they are not chosen for a second period it doesn't matter, because he has made enough money.

That is why Allah Almighty orders people to have one Sultan and that Sultan will abide to the Sharia and bring the people to also do that. In that way no enmity or quarreling or laziness or envy will be there and everyone knows what he is doing. Everyone also knows that he is responsible in the presence of the Sultan. Until the beginnng of the 20th century our countries were governed by sultans and it was an excellent style for governing people. But Shaitan tells people not to leave a king or a sultan to govern all, but instead there should be elections and in that way everyone can be a sultan! Everyone can have the chance to be a president! But in monarchy only one has a chance to be the sultan or the king. Because of that people run after democracy hoping that one day they will be president or prime minister or at least a minister. I asked the municipal cleaner if he thinks that he can be a president, and he said to me, "Why not? Is his body any different to mine? I can sign too, maybe he signs a bit quicker, but I can sign just like him!" Everyone has a chance to be the president.

This is the time in which everything is given to those who do not understand what they are doing. Our friend here is a surgeon. If he is absent and there is an urgent case and the porter just decides to do the operation instead of him, what will happen? In this way, it is impossible to give tasks to those who do not understand what they are doing. The surgeon will make you to live and the porter will kill you. Because the surgeon knows what he is doing and he has responsiblity, the porter doesn't.

Nowadays there is democracy everywhere and people will be in so many parties fighting with each other. That is left, that is right, that is liberal, that is labour, that is socialist... Nations are divided into several different parties. Each party is the enemy of the other, but we need to be together. I am going to meet the King of Afghanistan, he lives in Rome since 15 years. You know about Afghanistan, 15 years ago there was a change in which the Sultan was not allowed to come back. There was a coup d'Etat and then you know what happened in Afghanistan: the Russians came, he communists came, and they fought against the communists so many years. Allah Almighty supported them and they defeated the communists from all countries. But after that they chose a wrong way. Instead of bringing back their Sultan, to put the Sultan up and to serve their nation under the order of the Sultan, they instead wanted to be president themselves. So everyone wanted to be the president, all thinking they are better and more suitable than the other. So now they are still fighting, because no-one can be sultan. They can be ministers, wezirs, or even chief-wezirs, but not sultans! They are still fighting...

Allah Almighty says, "Keep your sultan!" If you do not keep your sultan everything will happen against you. I am watching the elections in Europe. Just 10 days ago there were elections in Germany. People are now losing their balance. They are not going to decide which one is best. The conservatives were up and the socialists were up. People now are in chaos. They have lost their hopes concerning parties and people cannot give their full votes to the rightists and the leftists are also afraid of giving all their votes to the left, because they tried both sides, but they are not happy with anyone. That is why they are hesitating. They have reached the level where they have to ask for their Emperor, and they will want to put one powerful person on top to govern the nation without elections.

In France, in England, in Greece, in so many countries there have been elections without any clear majority. So now they want to make a coalition, but coalitions never work. After that they will decide once more to bring their Emperors and Kings and Sultans back. According to Holy Books there will be no more democratical systems in the year 2000. If they are unable to get a clear majority within the democratical system, it means that it is finished. The alternative for democracy is monarchy.

This is important knowledge which you should remember: by the year 2000 everything in this world will be changed. It will turn from the worst to the best, insha'Allah. May Allah forgive us and grant you a good life and bless you!

*Q: But what if the sultans will not be good people?*

The sultans will have the same quality as their people.

Italy - 01.11.1994

## Die Besonderheit des Salat ul Kusuf

Astaghfirullah, astaghfirullah, astaghfirullah
Dhikr ; Dua. Es entspricht der Sunnah, das Salatul
Kusuf zu beten. Dieses Gebet wird eigentlich vom
Beginn der Finsternis bis zu ihrem Ende gebetet.
Es ist ein langes Gebet. Aber wir sitzen, unserem
Zustand entsprechend. Die jüngeren machen es
wie gewohnt. Wir vollziehen das Gebet gemäß der
Sunnah. Rasulallah saw hat bei diesem Gebet seinen
geehrten Sahaba vorgebetet und es ist zur Sunnah
geworden. (Arabisch) Am Ende der Zeit wird
die Ummah verdorben sein. Sie werden herumsitzen
und jeder wird nach eigenem Gutdünken handeln.
Die Verderbtheit wird zunehmen und demjenigen,
der sich an die Sunnah hält, gibt Allah swt
die Belohnung von 100 Märtyrern. Dieses besondere
Gebet kann man nicht immer beten. Möge
Allah uns Gesundheit gewähren, Segen. Am 15.
Rejeb beten wir dieses Kusuf Gebet und wir beten
entsprechend unserer Kraft 4 RakatSalatul Kusuf.
Waren es nicht 4 Rekat? Man kann 2 Rakat beten,
man kann auch 4 Rakat beten. Beten wir 2 Rakatund
machen jede Rakatlang. Denn im Salatul

Kusuf - vom Beginn bis zum Ende - eine lange Zeit
zu verweilen ist vortrefflich. Im Hinblick auf unsere
Kraftlosigkeit beten wir 2 Rekat. Möge Allah uns
vergeben. Möge Allah uns vergeben. Wer kann betet
im Stehen, wer es nicht kann sitzt beim Gebet,
denn es werden lange Suren rezitiert, ziemlich lange.
Vielleicht dauert es eine halbe Stunde, vielleicht
wird es ein Gebet von einer Stunde. Aber wir, entsprechend
unserem Zustand, machen ein symbolisches
Gebet, weil es die Sunnah ist. Ich bestimme
jetzt meinen Enkelsohn, Hajji Mehmet Efendi, dazu
unser Imam zu sein. Er ist rein und durch seinen
Segen möge uns vergeben werden. In dieser
Nacht ist viel Kraft durch Kusuf; es soll uns eine
Lehre sein und uns Kraft spenden. Wenn es sich
verdunkelt wird hinweggenommen und wenn es
sich erhellt wird gegeben. Wenn Allah die Kraft
verleiht, dann gibt Er mehr Kraft als vorher. Wer
dieses Gebet betet, wer den Lauf des Mondes verfolgt,
sein Licht, bekommt dadurch auch Licht. Sowohl
äußerlich als auch innerlich werden uns Kraft
und Ehre gegeben. Und wir bekommen Geschmack.
( Es nimmt das ...,) nimmt das Unbehagen
von den Gläubigen, erneuert. Wenn neues
Licht kommt, dann kommt auch auf uns neues
Licht und Krankheiten verschwinden. Probleme
verschwinden. Allah bekleidet uns mit Würde.
Deshalb ist dieser Monat ein gesegneter Monat,
der besondere Rejeb. Viel Besonderes wird zu sehen
sein. Er ist der erste der heiligen drei Monate.

Wir hoffen, entsprechend unserem Zustand und
zu Ehren unseres Propheten und bitten Allah um
Vergebung. Und möge Er uns in dieser Nacht von
Seinem Licht über Licht kleiden. Möge Er uns Geschmack
geben, Segen, einen starken Glauben.
Mögen wir nicht bettlägerig werden. Mögen wir,
solange wir leben auf unseren Füßen stehen können.
Wenn die Zeit reif ist, mögen wir uns in drei
Tagen versammeln und gehen. Mögen wir gesund
und kräftig leben. Mögen wir nicht mit Schwierigkeiten
unseres Körpers leben müssen. Darum, oh
ihr Menschen, oh ihr Gläubigen, oh ihr Mumin,
habt acht. Um uns die Schwere zu nehmen hat Allah
solche Gelegenheiten erschaffen. Und zu solchen
Gelegenheiten, sollt ihr eure Möglichkeiten
wie einen Schatz kennen. Lasst uns 2 Rakat beten
und wir hoffen, dass Allah aus den Himmeln das
Ende dieser Zeit bringen wird. Die Dunkelheit
breitet sich aus. Eigentlich ist da Licht, aber die
Dunkelheit ist gekommen. Der Islam kam mit
Licht und um das Licht des Islams auszulöschen
kam Tyrannei, kamen Diktatoren, Gewalttätige.
Ihre Dunkelheit wurde verschlossen. Aber es sollte
nicht in der Dunkelheit bleiben. Es kam ein Zeichen.
Tyrannei wird kommen, wird zu Ende gehen
und danach wird Licht kommen. Imam Mehdi
as wird mit Licht kommen. Darum gehen wir
sorgfältig mit diesen Zeichen um. Soviel ist genug
für euch. Wenn wir mehr öffnen würden, dann
würde es unseren Verstand übersteigen. Es wäre

über unser Verständnis hinaus. Soviel ist genug
für uns. In der ersten Rekat, Hajji Mehmet, die
Sure Fatiha und wenn du nicht müde wirst die Sure
Yasin – eigentlich bis die Finsternis vorüber ist
-vielleicht ein Juz, vielleicht zwei Juz, kann der
Mensch lesen. Aber wir machen es unserem Zustand
entsprechend. Wir müssen diese Sunnah
ausführen. Unsere Kraft reicht soweit. Betet eine
Yasin in der ersten Rekat, in der Verbeugung anstatt
dreimal, sollt ihr neunmal das Tasbih machen.
Zwölfmal geht auch, fünfzehnmal auch.
Dreisigmal geht auch. Vierzigmal geht auch. Auch
die Verbeugung ist lang. Sami Allahu liman hamidah,
Rabbana wa laka al hamd, dann bleibt man
da stehen, Rabbana wa laka al hamd, Rabbana wa
laka al hamd und man ist in Kiyam und dann sagt
man Allahu akbar und geht in die Niederwerfung.
In der Niederwerfung sagt man dreimal, oder
sechsmal oder neunmal oder zwölfmal oder fünfzehnmal
das Tesbih. Zwischen den beiden Niederwerfungen
sagt man zehnmal, zwölfmal oder fünfzehnmal
oder häufiger das Tesbih. Und das, was
wir Tesbih nennen – subhana Rabbi al aziym, subhana
Rabbi al ala, sami Allahu liman hamidah,
Rabbana wa lakal hamd, Ya Rabbana lakal hamd,
Ya Rabbana lakal hamd, Ya Rabbana lakal hamd,
so laut, dass jeder sich selbst hören kann. Zwischen
zwei Niederwerfungen macht er das Tesbih.
In der ersten Rekat, wenn er Kiyam macht, fängt

er mit dem Tesbih an und dann die Fatiha, hinterher eine Sure Tabaraka Sharif. In der Verbeugung, dreimal oder neunmal oder zwölfmal oder fünfzehnmal das Tesbih. Dann kommt man aus der Verbeugung hoch, Kiyam, so beten wir zwei Rekat. Das dauert vielleicht zehn Minuten, vielleicht zwanzig, vielleicht eine halbe Stunde. Wer nicht stehen kann, möge sitzen. In unserem Zustand fällt es mir schwer in Kiyam zu stehen. Deshalb werde ich inshallah sitzen. Wer diese Sunnah wieder belebt, der bekommt keine Schwierigkeiten und kein Ungemach. Sollte er in der Klemme sein, kommt kein Unbehagen über ihn. Darum soll man diese Gunst erkennen. Alle Leute die in Schwierigkeiten sind sollen das Gebet sprechen und ihre Schwierigkeiten werden sich auflösen. Den Kranken gibt es wieder Geschmack. Denjenigen ohne Verstand gibt es Verstand. Wer wenig Wissen hat, dessen Wissen wird vermehrt. Wer einen schwachen Glauben hat, dessen Glaube wird verstärkt. Wer körperlich geschwächt ist, wird gestärkt. Es wird erneut eine frische Stärke gegeben. Würde ich die Segnungen aufzählen, wäre ich morgen früh nicht fertig.

## ISLAM AND MONEY INCLUDING THE LENDING OF MONEY

Now, banks are business companies. We do not say they are paying interest. No. Interest is when I give to a poor person ninety pounds and write down £100 and ask him to bring one year later £100. That £10 which I am taking from him is RIBA (interest) and prohibited, haram.

But banks are saying - this is your right, it is for you from your money; we have earned, doing business, making money and we give you some of it. Therefore, we can't say that this is interest in the same way as charging poor people, or that it is riba in the same way as - I am giving you one hundred pounds of wheat and asking you to give me next year one hundred and ten - that ten is riba and prohibited. Yet if I give you one hundred pounds of wheat and say next year you should give me two hundred pounds of barley - this is not riba, because they are of equal value. In this way, what we are doing with banks is only business. This business is not the riba mentioned in the Holy Qur'an. Riba harms poor people, relationships and everything, therefore it is prohibited, as it makes enmity and bad feeling between people.

Nowadays all people deal with banks, because it is obligatory in their societies. Without banks they are unable to deal. Nowadays, everyone deals with banks. Because money is bank notes, it belongs to the banks. Turkish pounds, English pounds, French francs, German marks, Japanese yen, American dollars - all are the notes of banks, so that everyone directly or indirectly, is involved with banks. Therefore, we are not saying

RIBA is for banks, because everyone is responsible. You can't say that. When Islamic dealing is done with money, we may say to our bank, we will be partners with you and really we are partners in the same company - customers. We may make a condition - if you gain we will be partners with you and if you lose we are also partners.

Islam says about companies - if we are in business, we must share equally in profit or loss. So, when we say to the bank that we are partners - really, if the bank loses, we will lose our money too. So, no fear - this money I am giving to you for investment; when we make a profit, give me and I accept; if we lose I will ask nothing and this is all right.

*Question - What about Islamic Banking?*

Answer - Now, new-fashioned banks - named Islamic banks are built but as long as they are banks, they are the same as the others. Islamic banks do something a little bit different but only the name is Islamic. They deal with other banks also, they do not cut their relationship with other banks. No. They deal with world banks and on the same lines. What is halal for them must be halal for other banks, what is haram for them must be haram for other banks.

As long as they give something to people as benefit from their money - one gives, the other gives; this one gives money to merchants, that one gives money to merchants and companies and industry. Both of them (Islamic and non-Islamic) invest the money. They don't keep it in boxes in the bank. As long as they are making money in business They are the same as other banks. What is the difference? Islamic banks, are they bringing profits from the moon or from the sun or from Mars? From where are they bringing profits? Will they tell me? No! The same as other banks - they do the same. It is all right if that is a way to invest people's money.

Other banks will give me a loan and take 15% or 20%. No bank will allow you a loan without taking a share. We know that all banks are big business establishments owning factories, companies and taking from £100 of ours and making more money than this. So many times they change that £100 in one year, taking perhaps £1,000 and giving you 7% - 8% and we say it is haram!! No-one in these gigantic banks gives people loans. They are all huge companies. You can't imagine what they are involved in, how they do it.

Our Islamic banks - what are they doing? Giving loans to people by taking money from us and giving it directly to them? No. They use money in the same way as other banks use it.

*Question - Should Muslims borrow money from banks to use in their business?*

Answer - Another thing, Islamic banks give people loans, with a condition. They say - we are giving this loan not as a loan, but to become partners in your business; I am giving you £1,000 - you do the work and the profits will be shared between us.

A real Islamic banking loan system should not be to take profit from that person. It should be, I am giving you a loan and you are free to invest the money and are only responsible to return the same amount. What profit you make is yours alone, not to have a partner in the bank. It should be a company established between you and me - labour is yours and I will put up the capital. What is profit will be halved between us, so that you are not carrying the responsibility of the money. I will carry it. You give me your work and I will put up the money. Like a field - I give seed and you plough and plant. When you plant a field, I give the seed and you give your work. When the wheat comes, there will be half for you and half for me. If nothing grows, then nothing for you and nothing for me.

But now, the Islamic bank is giving you money and asking what is the profit and then taking half. Perhaps that is more than an ordinary bank is asking for a loan. Ordinary banks may only ask fifteen, twenty, twenty-five percent, but by giving half of your total profit to an Islamic bank they may end up with more than fifty percent on the loan.

Therefore, there is more than one way to look at Islamic banking. We could speak on this a lot more.

## The Month of The Mawlid is Starting

When Allah Almighty wants to punish a nation, He will first take away their reason. Then they will act mindlessly & fall into the punishment, just like this. Turks are like this, Iranians, Arabs, Russians.. All of them are mindless. There is no one listening. Those who are to die will die, those to be destroyed will be destroyed. When the order comes from Heavens, he will say Takbir: "Allahu Akbar, Allahu Akbar". The earth will shake like in an earthquake, all technology will die. Our Grandshaykh would tell me: "Nazim Effendi, neither their ship will go, nor will their planes fly, when the Sahibul Waqt says the takbir. None of their cars, tanks, cannons.. none of them will operate". Technology dies. Mankind can not find comfort until it dies. We seek refuge in Allah. O our Lord, send us a Master. The signs...

Astaizu billah, "Faqad Ja'a 'Ashratuha - But some of its signs have already come" (47:18)

Says the Holy Verse. "Qad" is to make certain. Is it not so, Shaykh Mehmed?

"Faqad Ja'a 'Ashratuha - What are you waiting for? Pull yourselves together. Be servants to, worship Me. Instead, people have become more shaytanic. I will wipe out all of them!" says Allah Almighty. Aman ya Rabbi. May Allah not separate us from iman-faith & Islam. Astaghfirullah. Astaghfirullah, Astaghfirullah.

But starting from this month, he will open now. He will start disciplining. Mawlid an-Nabawi Shariff starts from tonight. It has in it what other months don't have, there is a movement. People are on the alert - it is called "tayaqquz". They are waiting wakefully: "What is there? From where the movement will come?". It will come from an unexpected direction. Astaghfirullah, may Allah forgive us. O our Lord, Make this month blessed, reaching us with security and faith, with safety and Islam. Ya Rabbi Ya Allah! Let it be a crescent (month) of bounty and guidance. To glorify our Prophet (sas), say not less than 1000x salawat daily. Who says 1000x Salawat daily is under protection. We may look O our Lord, Fatiha.. For the honour of tonight, all awliyas are standing like this now, they keep trembling that what is to come is not easy at all! Allah Allah... They are like this now. But when the order comes for them to act they will have attributes dressed on them. They won't fear anymore. They are fearing, trembling now, with their curent attributes. But then, He will dress on them & send for their mission. Allahu Akbar. Allahu Akbar. Allahu Akbar. La ilaha illa anta Subhanaka, inni kuntu minaz-zalimin. (dua for food) Fatiha.

Allah Allah. Aman ya Rabbi. Inform, tell people that Mawlid starts from tonight. You may say or not, as you like. But if they start from tonight, it will be as if they welcome it. If it starts from exactly tonight, we will be able to welcome it fully & can receive the rewards for it.

1000x Salawat,100x Astaghfirullah.
At least 100x Tawheed, (La Ilaha illa Allah Muhammadun Rasulullah) can go up to 1000 times.
"Ya Munqidha al halka - O Saviour of the crushed/mortals
Ya Munqidha al halka,Ya Munqidha al halka 40 times
"La Ilaha illa anta Subhanaka,inni kuntu minaz-zalimin", 100 times.
Astaghfirullah, 70-700 times.
Salawat al Shariff 100-1000 times.
Tawheed (La Ilaha illa Allah Muhammadun Rasulullah) 100-1000 times.
Ikhlas al Shariff, 100-1000times.
Ya Jalil (the Glorious) Anta Allah..
Anta Allah Ya Jalil, Anta Allah Ya Jalil, Anta Allah Ya Jalil
Ya Jalil Anta Allah,
Ya Jalil Anta Allah.

Ya Jalil Anta Allah, Ya Jalil Anta Allah Ya Jalil Anta Allah...Ya Jalil Anta Allah.
A very strong force is coming now. Fatiha.
Allah Allah..May Allah help, send forces to the nation of Muhammad (sas).
Fatiha. Aman Ya Rabbi. Aman Ya Rabbi, aman Ya Rabbi.
Tawba Ya Rabbi, tawba Astaghfirullah. Tawba Ya Rabbi, tawba Astaghfirullah.
Tawba Ya Rabbi, tawba Astaghfirullah.

**Der Heilige Monat des Mawlid beginnt**

---

Wenn Allah der Allmächtige eine Nation bestrafen will, nimmt Er ihnen zuerst die Vernunft. Sie handeln dann ohne Verstand und fallen in die Strafe, einfach so. Die Türken sind so, die Iraner, Araber, Russen.. Sie alle sind ohne Verstand. Niemand hört mehr... Diejenigen, die sterben sollen, werden sterben, die vernichtet werden sollen, werden vernichtet. Wenn der Befehl von den Himmeln kommt, sagt er Takbiir: "Allahu Akbar, Allah Akbar". Die Erde erzittert wie bei einem Erdbeben und die ganze Technologie stirbt. Unser Großshaykh sagte mir: "Nazim Effendi, weder Schiffe fahren, noch Flugzeuge fliegen, wenn der Sahibu l-Waqt Takbiir sagt. Keins ihrer Autos, Panzer, Kanonen... nichts davon wird mehr funktionieren." Die Technologie stirbt. Die Menschheit kann keinen Trost finden, bis sie stirbt. Wir suchen Zuflucht bei Allah. O unser Herr, sende uns einen Meister. Die Zeichen... Astaizu Billah, "Faqad Ja'a 'Ashratuha" - Aber einige der Zeichen sind schon da (47:18), lautet der Heilige Vers. "Qad" steht für Gewißheit. Ist es nicht so, Shaykh Mehmet? "Faqad Ja'a 'Ashratuha" - "Worauf wartet ihr? Reißt euch zusammen. Seid Meine Diener, betet Mich an. Stattdessen sind die Leute shaytanischer geworden. Ich werde sie alle auslöschen!" sagt Allah der Allmächtige. Aman ya Rabbi. Möge Allah uns nicht vom Iman, vom Glauben, und vom Islam abschneiden. Astaghfirullah. Astaghfirullah, Astaghfirullah..
Aber mit dem Beginn dieses Monats wird er es jetzt eröffnen. Er wird anfangen zu disziplinieren. Mawlid an-Nabawi Sharif beginnt heute Abend. Er hat in sich, was andere Monate nicht haben. Er hat Bewegung. Die Leute sind in Alarmbereitschaft - es heißt "tayaqquz". Sie warten wachsam, "Was gibt es? Von wo kommt die Bewegung?" Sie wird aus einer unerwarteten Richtung kommen. Astaghfirullah. Möge Allah uns vergeben. O unser Herr, mach diesen Monat gesegnet, laß ihn zu uns kommen mit Sicherheit und Glauben, mit Sicherheit und Islam. Ya Rabbi, ya Allah! Laß ihn ein Halbmond der Freigiebigkeit und Führung sein. Um den

Propheten (saws) zu ehren, sagt nicht weniger als 1000x Salawat täglich. Wer 1000x Salawat täglich sagt, ist geschützt. Wir mögen Ausschau halten, o unser Herr, Fatiha... Zu Ehren der kommenden Nacht. Alle Awliya stehen jetzt so. Sie zittern unaufhörlich. Das, was kommen soll, ist überhaupt nicht leicht! Allah Allah... Sie sind jetzt so. Aber wenn der Befehl kommt für sie zu handeln, werden sie mit Attributen bekleidet. Sie werden keine Furcht mehr haben. Sie fürchten sich und zittern jetzt, mit ihren gegenwärtigen Attributen. Aber dann, wird Er sie bekleiden und sie auf ihre Mission schicken. Allahu Akbar. Allahu Akbar. Allahu Akbar. La ilaha illa Anta, Subhanaka, inni kuntu mina z-zalimin. (Dua für's Essen) Fatiha. Allah Allah. Aman ya Rabbi.

H. R: Sollen wir den Leuten sagen, daß Mawlid heute Nacht beginnt?

Sagt es oder nicht, wie ihr wollt. Aber wenn sie heute Nacht beginnen, wird es so sein, als hießen sie ihn willkommen. Wenn er genau heute Nacht beginnt, werden wir ihn vollkommen willkommen heißen können und den Lohn dafür bekommen. 1000x Salawat, 100x Astaghfirullah. Wenigstens 100x Tawhiid, es kann bis auf 1000x hochgehen. "Ya Munqidha l-halka" - O Retter der zerschmetterten Sterblichen. Ya Munqidha l-halka, Ya Munqidha l-halka, 40x "La ilaha illa Anta, Subhanaka inni kuntu mina z-zalimin", 100x. Astaghfirullah, 70 - 700x, Salawat al Sharif, 100 - 1000x. Tawhiid 100 - 1000x. Ikhlas al Sharif, 100 - 1000x. Ya Djalil (der Glorreiche), Anta Allah.. Anta Allah, ya Djalil, Anta Allah, ya Djalil, Anta Allah, ya Djalil. Ya Djalil, Anta Allah, ya Djalil, Anta Allah. Ya Djalil, Anta Allah, ya Djalil Anta Allah. Ya Djalil Anta Allah.. Ya Djalil, Anta Allah. Eine sehr starke Macht kommt jetzt. Fatiha. Allah Allah... Möge Allah helfen und der Nation Muhammads (saws) Kräfte senden. Fatiha. Aman ya Rabbi. Aman ya Rabbi, Aman ya Rabbi. Tawba ya Rabbi, Tawba Astaghfirullah. Tawba ya Rabbi, Tawba Astaghfirullah. Tawba ya Rabbi, Tawba Astaghfirullah.

## Saints Will Not Save the Morally Bankrupt!

The saints of Egypt, al-Awtaad. Is it not like this? There are saints there but they never stand up to support that nation. If the people's actions were purely for Allah (swt), in one hour all (their troubles) would end. But the objective of the Egyptian nation is this world: they want this world, they are not asking for the Hereafter, or asking for Allah (swt). No! Therefore, let them eat one another! Otherwise, it would be easy for awliyaullah to make everything stop, but they are not interfering nor even supporting the Egyptian people. And that is because they are asking for this world, to be leaders and to satisfy all their egoistic desires.

This is their objective; the mosques are empty! I heard there are twenty-million people in Cairo, and how many mosques, a thousand? Even if there are a thousand mosques, that is not enough. In every alley there are coffee shops and entertainment parks that distract them from worshipping their Lord. People there run after dunya to satisfy their egoistic desires. They do not worry about mosques, prayers or dhikr. How many centers are there to entertain twenty million people? There must be at least 100,000 entertainment places, where people gather and get drunk. They eat and drink, and they backbite each other, and they swear at each other. There are no places for them to learn the Holy Qur'an. Whomever does not listen to recitation of the Holy Qur'an in their homes, their home is cursed! But now they follow the new fashion, dressing up on "New Year's Eve" to show off. How can the heavenly people support them, to increase their corruption? A`oodhu

billah!

Therefore, the matters of Egypt are not easy. In Egypt, Iraq, Sham, Yemen, Libya, Morocco, Algeria, Tunisia, the Turks, India, Iran and Sudan, this is the cause. Let their scholars observe our words. Their scholars are arrogant and proud, thinking they are something and yet they have nothing to even support a fly! From among those millions, if even one of them was sincere in his faith, he could lead his nation! Moses (a) pulled behind him all the Children of Israel by himself! Allah (swt) opened the sea for them and they passed through it! The others were people for this world and they were for the Hereafter.

May Allah (swt) forgive us and may He send mercy on us. Egypt runs after new fashions of the New Year, saying, “We want money!” Seventy of Qaroon's treasures would not be enough for them! Allah (swt) knows best our situation.

••••• ••••••••• ••••••••• •••••••••• •••••• •••••••••••••• ••• ••••••• ••••••• •••• ••••••• ••••• ••••••• ••• •••••••••••

Wa maa khalaqtu‘l-jinna wa ’l-insa illa li-y`abudoo maa ureedoo minhum min rizqin wa maa ureedoo an yut`imoon. I have only created jinn and men so that they may worship Me. No sustenance do I require of them, nor do I require that they should feed Me. (Surat adh-Dhariyat, 51:56-57)

They should know this, not to run after this world. They must learn the truth of their creation and life on Earth, “And I have not created jinn and men except that they should worship Me!” Tawbah yaa Rabbee, tawbah yaa Rabbee!

There is at least one saint in Egypt whom, were his name mentioned, for his sake the whole world would tremble! The world is not empty (of mercy, bounty), but you reap what you sow. That is the cause of their problems: bad actions. They work for Shaytan and he rewards them with troubles. Madad yaa Sayyidin al-Sultan! Tawbah yaa Rabbee, tawbah astaghfirullah. Allahuma ahdina fi man hadayt. Yaa Rabbee, yaa Allah!

Fatihah.

The worst of people are those who follow their egos and desires. People are following their whims, and each one likes his individual opinion and greediness followed everywhere, so keep yourselves (beware) as this is it; otherwise, this is their punishment. Prophets (a) came to guide people to their Lord, to turn their focus from

this world to their Lord, but those people are running after this world. There is no way out. There is not! Astaghfirullah, tawbah yaa Rabbee! O Lord! Guide to the right way!

**•••• •••••••• ••••••••• ••••••• ••••••• ••••• ••••••• •••••••••• ••• ••••••• ••••••**

Idh qaaloo li-nabiyyin lahum ab`ath lanaa malikan nuqaatil fee sabeelillah. Appoint to us a king so we may fight in Allah's Way. (al-Baqarah 2:246)

Prophet (s) said first and foremost about our egos:

**••••• •• •••••• •••••• ••• •••••• ••••••**

raji`naa min al-jihaad al-asghar ila'l-jihaad al-akbar. "We came back from the smaller jihad to the greater one."

They asked, "What is that, O Rasoolullah?" He said, "The battle of the ego." We returned from the smaller jihad to the greater jihad. (al-Bayhaqi)

The smaller jihad is known to the Muslim world. There is no greater jihad, because everyone is following their desires! Amaan yaa Rabbee, tawbah astaghfirullah, astaghfirullah, astaghfirullah. O our Lord! Correct our steps and make our final destination a good one and send us someone to guide us! Allah, Allah. Amaan yaa Rabbee.

Fatihah.

# MORE HONOUR AND FULL POWER FOR HIS MAJESTY CROWN PRINCE CHARLES

We are Muslims living in a Christian country. The Christians haven't yet reached the tolerance that we had as Muslims when Christians and Jews were living on Islamic territory in Spain. For 1000 years they had full freedom in their religion. They were able to teach their children everything concerning their own religion. The Muslims never prevented them to teach or to practise their religion.

Nevertheless nowadays the best Christian country in the world for Muslims to live in, is the United Kingdom. No-one else can give such freedom to Muslims. I heard that we even have an Islamic parliament here. No other country would give Muslims a permission to establish an Islamic parliament in a Christian country.

We are happy about this and we are asking Allah Almighty to give her Majesty a long life with good guidance and good guides to lead her towards Heavens. When Allah is happy with her, she may reach Him with whichever faith she likes.

We are also happy that His Highness Crownprince Charles is more interested in Islam than any other prince, even more than any other Muslim King's son. You cannot find any Muslim King's son to be as interested in Islam as Prince Charles is. Even though he belongs and is nominated to be the Head of the Church of England, he says such brave and honest words about Islam! No other King's son has ever defeated Islam like

that. That is why we are so grateful to Allah Almighty that the Crownprince of the United Kingdom praises Islam. We ask Allah Almighty to to give Prince Charles more honour and more power, so that he may be King as before, not a symbolical King, no! He should be a King with full power. We have good tidings that the whole English nation will accept Islam. It is true. It must be, it is written on the preserved tablet.

Prince Charles' praise of Islam is a good beginning. The situation may be like this and like that. It doesn't matter. No-one can prevent the Will of Allah, no-one! Don't worry. No-one can touch him, His Royal Highness is protected, he is under Divine Protection.

Happy days, happy future for the whole British nation! Whoever claims to belong to the human nature, to the family of humanity, we call to accept the truth. We are calling them to be Allah Almighty's sincere servants.

## Moses und der Hirtenhund

Unser Herr, Allah der Allmächtige, hat Sein Wohlgefallen daran, wenn Seine Diener froh sind. Subhanallah – Preis und Dank sei Gott! Er ist der Schöpfer, und Er erschuf jeden, wie Er will; aber Gott liebt den Glücklichen, und Glück kann man dem Antlitz eines Menschen ablesen. Ein Offizier der königlichen Garde im Buckingham Palace oder ein Reiter im Dienst Ihrer Majestät der Königin, der auf hohem Roß den königlichen Auto-Konvoi begleitet – wie sollte der nicht glücklich sein? Warum dann sind wir nicht glücklich und zufrieden mit unserem Herrn? Wir müßten es uns noch als Ehre anrechnen, Esel in Seiner Göttlichen Gegenwart zu sein; dabei hat unser Herr uns, die Söhne Adams, vor aller Kreatur dadurch ausgezeichnet, daß Er uns zur „berittenen königlichen Garde“ gemacht hat: Gottes Stellvertreter auf Erden. Es ist sehr wichtig für uns, immer mit unserem Herrn zufrieden zu sein, aber wir können uns nicht vorstellen, wie das möglich sein soll. Was ist der Schlüssel zur Zufriedenheit mit unserem Herrn in diesem Leben, und noch wichtiger, im nächsten? Jeder Mensch stellt sich diese Frage, denn in der Regel versucht jeder, in diesem Leben glücklich zu werden, und die Gläubigen suchen auch noch das Glück im Jenseits. Auf diese Frage sucht jeder Mensch – gläubig oder nicht gläubig – eine Antwort, das Problem geht jeden an. (Über dieses Thema werde ich nun, so Gott will, sprechen, so wie mein Großsheikh es mir ins Herz flüstert; mein Großsheikh und dessen Großsheikh erhalten diese Eingebung vom Herzen des Propheten, dessen Worte die Worte Allahs des Allmächtigen sind, welcher spricht:) Das Geheimnis der – Zufriedenheit in diesem und im nächsten Leben

ist, daß wir unseren Herrn mit uns zufriedenstellen. Wenn unser Herr mit uns zufrieden ist, dann macht Er uns auch froh, jetzt, wie in der Ewigkeit – so „einfach“ ist das. Dazu eine Geschichte, die sich zutrug zur Zeit des Propheten Moses – Friede sei auf ihm und auf unserem Propheten Muhammed und den Propheten allesamt. Moses war einer der größten unter Allahs Propheten und hatte die besondere Ehre, mit seinem Herrn ohne die Vermittlung des offenbarenden Engels, unmittelbar und direkt zu sprechen. Darum erhielt er den Beinamen „Kalimullah“ –, der, mit dem Gott sprach“. Eines Tages, da Moses seine Schafe hütete, mußte er sie durch eine furchtbare und wilde Gegend treiben, die voll von wilden Tieren war. Weil er die Gefahr erkannte, hütete er seine Herde mit großer Umsicht, aber die göttliche Vorsehung senkte mit einem Mal eine große Müdigkeit über ihn, so daß er dem Schlummer nicht widerstehen konnte. So gut er vermochte, wehrte sich Moses gegen den Schlaf, aber er konnte ihn nicht vertreiben. Es war, wie das arabische Sprichwort sagt: „An-Naum Sultan“, der Schlaf ist König. (Nun folgt eine Geschichte innerhalb der Geschichte): Als Allah der Allmächtige die riesigen Berge erschaffen hatte, wurden sie stolz auf ihre Höhe und sagten: „Wer ist größer und höher als wir?“ Da ließ Allah die Hacke aus Eisen auf sie los und brach ihren Stolz: Denn die Hakke zerhackt das Gestein, und nach und nach bringt sie die hohen Berge zu Fall. Die hohen, stolzen Berge sind hilflos gegen die kleine Eisenhacke, die sie langsam, aber stetig, zu Staub verarbeitet. Da wurde das Eisen stolz und sprach: „Wer ist mächtiger als ich?“ Allah der Allmächtige entfachte das Feuer, und als Feuer auf Eisen traf, blieb von dem Eisen bald nichts mehr übrig als eine Pfütze zerschmolzenen Erzes. Da jubelte das Feuer: „Wie bin ich heiß und stark, keiner ist so wie ich!“ Da löschte Allah der Allmächtige des Feuers Stolz mit Wasser – es zischte einmal, dann war kein Feuer mehr da. Das Wasser sprach: „Oh, ich wußte nicht einmal, daß ich ein so gewaltiges Element bin ...“ Doch Allah demütigt jeden Hochmütigen. Er entsandte gegen die stolzen Gewässer gewaltige Stürme, die deren Wasser tosen und brausen machten, so daß es außer Rand und Band geriet und wild platschend all seine Würde vergaß. Natürlich bildeten die Stürme sich jetzt viel darauf ein, daß sie alles auf Erden umwerfen konnten, sogar die gewaltigen Wasser der Ozeane vermochten sie aufzupeitschen. Bald aber begegneten sie dem schlauen Menschengeschlecht. Die Söhne Adams bauten feste Häuser, denen selbst die stärksten Sturmwinde nichts anhaben konnten. „Wuuuuh!“ blies der Wind mit seiner ganzen Kraft, aber das Haus wich nicht von seinem Platz. Darauf wurden die Söhne Adams gewaltig stolz, und gegen ihren Stolz sandte ihnen ihr Herr den Schlaf, und der Schlaf übermannte sie. (Darum nennen, bis heute, die Menschen den Schlaf „Sultan“ oder König, weil derSchlaf sie bezwang.) Da sagte der Schlaf: „Schaut mich an! Ich, und kein zweiter, konnte die klugen Söhne Adams besiegen!“ Nun schickte Allah auf den Schlaf die Krankheit; denn ein Kranker wirft sch schlaflos auf seinem Lager hin und

her, stöhnt und weint bis zum Morgen und jammert: „Wo bleibt nur der Schlaf?“ Der Schlaf flieht vor der Krankheit – möge Allah uns vor aller Unbill bewahren! Da sprach die Krankheit: „Ich bin die Stärkste.“ „Du bist die Stärkste?“ „Jawohl, ganz gewiß, denn wer ist stärker als ich?“ Und, da es von jeher Allahs allmächtiger Brauch ist, den Hochmütigen zu stürzen, sandte Er nun den Tod, der die Krankheit überwandt; denn angesichts des Todes wird jede Krankheit unbedeutend. Die Krankheit flieht vor dem Tode, denn Tod ist stärker als die mordende Krankheit: Krankheit ist stärker als Schlaf; Schlaf bezwingt die Söhne Adams, die den wütenden Stürmen trotzen. Stürme wühlen die Gewässer auf, und Meer löscht das sengende Feuer. Feuer zerschmilzt die nagende Hacke; Eisenhacke macht turmhohe Berge zu Staub: Und wer bezwingt den Tod? Am Jüngsten Tag, am Tag des Gerichts, wird Allah den Tod in der Gestalt eines Opferlammes heranbringen, welches Er auf dem Steg zwischen Himmel und Hölle schlachtet. Die Bewohner des Paradieses wie die des Feuers werden Ihn sprechen hören: „Von diesem Tage an soll es keinen Tod mehr geben, nur ewiges Leben: für die Bewohner des Paradiesgartens unendliches Leben, und für die Höllenbewohner auch. Ich bin der Allmächtige Gott, und Ich walte über allem.“ Man muß sich klar darüber sein, daß Er, Gott, allmächtig ist, und daß nur Ihm allein Stolz zusteht. Als nun Moses, Friede sei auf ihm, sich vom Schlaf überwältigt fühlte und sich seiner auf keine Weise erwehren konnte, blickte er gen Himmel zum göttlichen Thron und sprach zu seinem Herrn: „O mein Gott, ich habe nach bestem Vermögen gegen diesen Schlummer angekämpft, den Du in Deiner göttlichen Weisheit über mich senktest, aber Dein göttlicher Beschluß ist es, daß ich unterliege – und Dein Wille geschehe, nicht der meine. O Herr, ich kann nicht gegen Dich ankämpfen, ich ergebe mich in Deinen Willen.“ Dann schlief Moses ein. Rings um ihn und seine Herde schlichen sich die erschreckendsten wilden Tiere heran; mit hungrigem Knurren und hängenden Lefzen lauerten sie darauf, sich ein fettes Mahl zu holen ... Moses schlief nur ein kleines Weilchen, und als er erwachte, was bot sich ihm für ein Bild! Da stand ein riesiger, wilder, schwarzer Wolf mit einem langen Hirtenstab, den er drohend schwenkte und mit dem er die übrigen wilden Tiere hinderte, Moses und seinen Schafen etwas zu Leide zu tun. Alle anderen Wölfe gierten mit ihren Blicken nach den runden, fetten Schäfchen, aber aus Angst vor dem großen, schrecklichen Hirtenwolf wagten sie nicht, ein einziges zu reißen. Moses fiel anbetend vor seinem Herrn nieder und dankte Ihm. Da sprach der Herr zu Mose: „O Moses, wenn du so bist, wie es Mir gefällt, so werde Ich auch sein, wie es dir gefällt.“ So erntete Moses Allahs Wohlgefallen, indem er seinen Willen, ohne zu murren, dem allmächtigen Willen Allahs unterwarf. Allah spricht zu all Seinen Dienern, wie Er zu Seinem Diener Moses sprach, und Sein Anerbieten ist wohlbemessen und gerecht; aber der Mensch ist ungerecht gegen sich selbst. Der Herr sagt: „Meine Bedingungen sind recht und billig:

Wer Mich erfreut, den werde Ich erfreuen. Aber ihr, Meine Diener, tut euch selbst Unrecht, denn immer verlangt ihr, daß Ich so sei, wie es euch gefällt, während ihr nie versucht, so zu sein, wie es Mir gefällt. Nie fragt ihr, wie ihr Mir gefallen könnt, ihr wollt alles nur immer euren Vorstellungen entsprechend sehen. Das wird aber nur dann der Fall sein, wenn ihr so werdet, daß ihr Mir gefallt – dann wird auch euch alles gefallen. Dies ist ein gerechter Ausgleich: das werdet ihr erkennen, wenn ihr, wie Moses, euren Willen in den Meinigen ergeben habt. Dann werde Ich nämlich eure Herden vor Feinden und wilden Tieren beschützen; oder Ich kann sogar einen Wolf dazu bestellen, euch vor Wölfen zu schützen – denn Ich habe Macht über alle Dinge. Ich bin der Herr, euer Gott, und ihr müßt erst Mir gefallen, damit Ich euch gefalle!“ Der Mensch hat die meisten Schwierigkeiten, weil er alles immer so haben will, wie es ihm paßt, ohne je einen Gedanken daran zu verwenden, ob er denn auch so lebt oder handelt, wie es seinem Schöpfer gefällig ist. Die meisten Menschen machen sich keine derartigen Gedanken, sondern sagen nur: „Ist mir doch egal! Geht mich nichts an!“ Wenn es dich nichts angeht, wen geht es denn etwas an? Wenn alle Diener sagen: „Ist mir wurscht!“, dann wird schließlich ihr Herr sagen: „Mir auch!“ Und wenn du in ein bodenloses, tiefes Loch fällst, dann wird ihm dies auch egal sein! Die Söhne Adams sind so schwach und doch so hoffärtig – das Belieben oder Mißfallen ihres Herrn ist ihnen gleichgültig. Aber unser Herr gibt uns immer wieder Gelegenheit, unseren Stolz zu bereuen, unsere Schwäche einzusehen und uns in Demut zu Ihm zu bekehren. Deshalb schickt Er uns Zeichen, damit wir über sie nachdenken. Vor einer Woche, z. B., war ein kleines Kind in einen (artesischen) Brunnen gefallen. Tagelang sah die ganze Welt gebannt zu, wie sich die Fachleute und Spezialisten vergeblich abmühten, den kleinen Buben aus dem Brunnen zu befreien – es war umsonst. Sogar die „Super- Mächte“ konnten nichts ausrichten, alle standen hilflos daneben und riefen: „Was sollen wir nur tun, wie sollen wir es nur anstellen?“ Was nutzte euch all euer Spezialistentum? Wo sind eure Kraft, euer Stolz geblieben? Allah zeigt den Menschen Zeichen Seiner Macht und Weisheit, aber Stolz und Unwissenheit machen den Menschen töricht und unbedacht. Wenn Allah beschlossen hat, das Kind im Brunnen zu behalten, wer kann dagegen etwas ausrichten? In diesem Falle sind die Retter ebenso hilflos wie der zu Errettende. Nun kennen wir den Schlüssel zum Glück in diesem und im nächsten Leben: Wir müssen unserem Herrn gefallen. Wenn Er mit uns zufrieden ist, dann wird Er uns auch Zufriedenheit schenken, in diesem Leben wie in der Ewigkeit. Aber wenn es uns gleichgültig bleibt, ob unser Herr zufrieden mit uns ist oder nicht, dann werden wir weder Frieden, Sicherheit, Erfolg noch Glück kennen; wir werden in einem endlosen Meer von Schwierigkeiten ertrinken – Finsternis über Finsernis. Probleme werden aus dem Boden schießen, und aus jedem Problem werden zehn neue erwachsen, die sich wiederum verzehnfachen, bis ins

Unendliche ... Das ist das Schicksal dessen, der nicht sagen lernen kann: „Wie es Dir gefällt, o mein Herr.“

## The most acceptable and lovely Characteristic of mankind

Which characteristic places you in a high rank in the Divine Presence? This is an important point. Everyone must ask and must know it, because we are trying to make our Lord, God Almighty, pleased with us. Which characteristic makes God Almighty pleased With us? It is humility (tawadu) that makes our Lord pleased with us. The first thing that made our Lord Almighty be angry with His creatures is the opposite of humility. What is that? Pride, the first sin appeared from pride.

The first one who raised his head and was rebellious to his Lord Almighty was Satan. The reason was that he claimed to be proud towards one of his Lord's creatures. God Almighty created Adam. Then Satan claimed to be above Adam, not to be beneath his rank, saying, "I am more important than this creature. How can You order me to make to prostate (sajdah) myself before him? I see that my station is higher than anyone else's, particularly the station of the one who has just been created. I fill every square foot on earth and in the heavens with prostration. I give You the highest respect while that one, the new one, has not even made one prostration to You. Yet You are saying that I must prostrate myself, I must give my highest respect to that one? I am the one who will never accept to prostrate to anyone except You," Satan said to God Almighty, seeing himself as being above every creature, and particularly over Adam. That was pride from him, so that the Divine anger or the Divine curse fell upon him.

Therefore, every prophet came to advise people that they should put aside pride. They should be humble, because pride makes your Lord angry with you and humility makes Him pleased with you. That wisdom is enough for everyone throughout his life. But it is not so easy to make your ego accept that, particularly as our ego always votes for Iblis, Satan, never voting for God Almighty. Isn't it so? Everyone knows it. Always for God? No! For everything that Satan does our ego says, "Alright. Yes this is correct, that is wrong." "We seek refuge in God from satan" (istighfar Allah).

Therefore, each prophet came with a Book and with commands (manffiuma), a law including other laws, as prophets came from the Lord. The last, the Seal of the Prophets (saws) also came with so many commands, bringing them to people in his time and up to the Last Day, so that if this world were to continue, his Message would cover every nation, even up to eternity. The summary or soul of all the commands that the Seal of the Prophets (saws) brought to the children of Adam is for what? To teach people how they can be humble servants.

In the Holy Qur'an and in the Divine Law (shariah), commands have been given to keep - 500 kinds of commands and good deeds that you may do out of respect to your Lord and as charity to His servants, because all commands consist either of respect to God Almighty or charities to His servants, which are at the same time most high respects to your Lord. Therefore, Islam is perfect because it brought people the highest respect to give to their Lord and, at the same time, it brought the children of Adam every kind of charity, good actions, and at the same time as you are doing or giving your charities, you are giving your highest respect to your Lord Almighty. If you look at Islam from this direction, you will find it perfect because it covers every charitable work and includes every respect, the highest respect, to your Lord. Yes, You can find in Islam every charity that you can think of and every kind of highest respect for your Lord can be found in Islam, as well.

Then there are also 800 prohibitions, prohibited actions, so from that direction, also, Islam is perfect because you can't find any evil, any wrongdoing or anything that harms people, without its being prohibited in Islam. Any harmful thing, no matter how simple or unknown or unthought of, Islam brings before people to see that this evil, even such a thing that you can't imagine but which harms you, either in your faith or in your health or in your thoughts, because our ego always allies with Satan when it comes to following prohibitions. The

ego, the "I" likes the taste of bad things. Therefore, it generally conceals them and tries to show you that they are excellent. "What is wrong if you go to the pub? What is wrong with drinking wine and whiskey and spirits? Why are they prohibited when they give you so much enjoyment?"

That is the animal soul's defense, wanting to make things seem good, to present them as good to your ego. The Prophet (saws) said that when the Last Days approach, people will drink wine, but will give different names. They do not say "Wine," they say "whiskey," "champagne." They say, "This is vodka, this brandy," doing so much advertising, making so many beautiful looking bottles, saying, "This is Johnny Walker. You must be like this when you drink," doing so many things to cheat, to deceive people. Therefore, your ego always comes with Satan and conceals prohibited things, saying, "This may be good. Particularly in our community, in our time, you must use it. You must also put a bar in your house. It must be there, and every kind of bottle." I see some houses which are like a hotel. Yes, up to here with bottles of wine and whiskey. One thousand Satans are in them, sitting - sitting quietly, but when drinking, all of them appear.

Thus 800 things which are harmful physically or spiritually have all been prevented in Islam, so that no one can object concerning any of them that it gave benefit and was useful to people, but Islam prevented that. Therefore, Islam is perfect through its commands, and it is perfect through keeping people from harmful things. God Almighty honors us with each of the commands He gives. We said that there are 500 respects, highest respects, to God Almighty and also charity. Each one that you do, that you keep, gives you more honor. That is honor (karamah) and the prohibited things are for safety (himayah) - for the safety of humanity physically and spiritually. That is perfection. For this reason God Almighty said, "Oh My Prophet, beloved Muhammad, I have just completed your faith, your religion, your Islam, and I am pleased with whomever comes to Me with Islam" (see 5:4).

It is complete now. No one can imagine a religion more perfect than Islam even for the 20th century. Islam is perfect even up until the 121st century and beyond, Islam is perfect since God Almighty created the human being as a human being, not creating people as monkeys or apes. No. He created the human being as the human being from the beginning. Apes were created as apes. Monkeys were created as monkeys, but the human being was created as the human being. He gave the human being His form. Even if one hundred centuries more may pass, no one can think of a more perfect form either for men or for women.

Therefore, when God Almighty says that it is now complete, perfect, it is perfect. What is after the full moon? Islam has become the full moon. If you ask for something else after the full moon, you are going to find it waning. Therefore, people now are running. They are not looking at the full moon of Islam and they are running to find something, particularly old religions. Christianity or Judaism are trying to make themselves like the full moon, but it is impossible because they were before Islam and Islam came as a full moon. If anyone wants something after the full moon, he will find only deficiency. For this reason, God Almighty says, 'Who is the one who can bring something more perfect than what I brought to you, Oh Muhammad? Tell them that anyone who can do that may do it, may try. But no one can." And we are saying, as our Lord commands, "Then proclaim" (93: II) (fa-haddith), issuing a challenge.

Yes, come - Christians, come. Jews, come. Islam is the full moon. From any direction you may look, you can find it perfect. Don't look at its followers. No. Look at the full moon itself. Why are you accusing Islam because of the actions of its followers? Islam is perfect, but its followers are not perfect.

Now we shall come to the important point, humility. In summary, what is the main goal of all these commands and prohibitions? Why does God Almighty order all these commands and prohibitions? To make people humble servants, nothing else, because they are under His command.

God Almighty created Gabriel (as) the angel of prophethood, the messenger, as the most beautiful angel. Among angels you can't find anyone more beautiful than angel Gabriel (ordinarily you can't look at any of the angels; from their beauty you may fall down dead). He created Gabriel and Gabriel looked into the mirror of his Lord's Power (qudrah), looking at himself. Because of his beauty he has been called "peacock of the angels," (tawus al-malaikah), after the most beautiful and ornamented bird.

When Gabriel (as) saw that God Almighty had created him with such beauty and ornaments, he made two cycles of thanks to his Lord.

Each cycle lasted 20,000 years, two cycles or 40,000 years, praising his Lord. When he had finished, God Almighty said, "Oh My angel Gabriel, this is good praise from you to Me, yet its value is not as much as the value of two cycles from My beloved Muhammad's nation. Even if they pray two cycles very quickly, those two cycles from those servants are more valuable in My Divine Presence than the two cycles that you prayed during 40,000 years. Why? Because you prayed without My ordering you to do so. Without My command

you prayed those two cycles, but those servants from the nation of My beloved Muhammad (saws) are praying from My command. They are keeping My order and praying, making themselves humble servants. That humility of theirs, their keeping My command, makes them humble servants to Me. They say, 'Our Lord is commanding us. We are His humble servants. We are praying the prescribed prayers.' That humbleness gives their prayer value. Their two cycles, because they are doing it out of humbleness, are more valuable in My Divine Presence."

Therefore, you can understand the reason why we have been given commands. Every command of God Almighty, that we keep, is to make us humble servants to Him. And for every prohibition, also, we say, "Our Lord has prohibited this. We must obey, we must be obedient servants to our Lord, keeping His order." This gives value to the children of Adam and all the Divine Laws, all Books, and all prophets, including the Seal of the Prophets, peace be upon them all, just came to teach people to be humble servants.

That is all. Any time your ego calls you to be rebellious to your Lord, that is disbelief, denial, ingratitude (kufr). It is a dishonor for you if you know that action makes you proud in the Divine Presence. The one who is proud in the Divine Presence, the one who is proud must be cast out of the Divine Presence just as Satan was cast out.

Therefore, the most acceptable and lovely characteristic of humanity is to be humble. All the prophets, peace be upon them all, just came to teach us how we can be humble servants. We are asking forgiveness for everything in which we are following our egos and leaving the Holy commands of our Lord, saying "I seek forgiveness" (istighfar Allah). We are pleased with our Lord's endless favors. We continuously say, "Praise belongs to God. Praise belongs to God and thanks" (al-hamd Allah; al-hamd Allah wa shukr Allah ).

## The Most Beautiful Color

Takbir! Allahu Akbar Allahu Akbar la ilaha illa Allahu wa-Allahu Akbar Allahu Akbar wa Lillah al Hamd.
If he reads this to a plane, it crashes. If he reads to a cannon, it explodes.
Allahu Akbar Allahu Akbar la ilaha illa Allahu wa-Allahu Akbar Allahu Akbar wa Lillah al Hamd.
If he points to a plane, it crashes. There is power now. There is power. It has opened now, it is opening.
Red color it is no good. If you wear green, angels protect you. Crocodiles won't attack the who wears green. Snakes won't attack the who wears green either. It destroys them! This is the order of Shah-e-Mardan, to them.
The big cities don't have any chance anymore. They will disappear. Therefore they should build houses for themselves in the country, in far, distant places. And there should be at least 3 houses in one place.
They should not use the color red. It is fire! They should use green color. Angels protect them. Fire is the sign of unbelief! Naudhu billah.
I entrust you to Allah. Go safely & come back safely. Fatiha.
Take a few things with you from what I wear. Wear them. It becomes like an armor for you with the permission of Allah. They also make dresses in that style. They should wear cap. Fez is also Ok. Fez is good.
May Allah protect you. Fatiha. May they be from those who open Your Way. Protect them from evils O Lord. Fatiha.
If possible he should not mix with women. Ladies should sit in a different place. Don't let them

sit together. If possible he should not let women work outside. He should make them stay in their homes. Ok, go on. Fatiha.

Aman ya Rabbi. Aman ya Rabbi. The most beautiful color now is green. It protects from above. The worst one is red. And red is the new fashion trend now. It is no good.
Ok son, I entrust you to Allah. La ilaha illa Allah Muhammad Rasul Allah.

## Die schönste Farbe

---

Takbir! Allahu Akbar, Allahu Akbar, La Ilaha illa Allahu wa Allahu Akbar. Allahu Akbar wa Lillahi l-Hamd. Wenn er das zu einem Flugzeug liest, stürzt es ab. Wenn er es zu einer Kanone liest, explodiert sie. Allahu Akbar, Allahu Akbar, La ilaha illa Allah wa Allahu Akbar. Allahu Akbar wa Lillahi l-Hamd. Wenn er auf ein Flugzeug deutet, stürzt es ab. Es gibt jetzt Macht. Es gibt Macht. Es hat sich jetzt geöffnet. Es öffnet sich. Die rote Farbe ist nicht gut. Wenn ihr Grün tragt, schützen euch die Engel. Krokodile greifen den nicht an, der Grün trägt. Auch Schlangen greifen den nicht an, der Grün trägt. Es zerstört sie. Dies ist der Befehl des Shah-e-Mardan, an sie. Die großen Städte haben keine Chance mehr. Sie werden verschwinden. Deshalb sollten sie sich Häuser auf dem Land bauen an weit entfernten Orten. Und es sollten wenigstens drei Häuser an einem Ort sein. Sie sollten die Farbe Rot nicht benutzen. Es ist Feuer! Sei sollten die Farbe Grün benutzen. Die Engel beschützen sie. Feuer ist ein Zeichen des Unglaubens. Naudhu Billah. Ich vertraue euch Allah (swt) an. Geht sicher und kommt sicher zurück. Fatiha. Nehmt ein paar Dinge mit von dem, was ich trage. Tragt sie. Es wird wie eine Rüstung für euch, mit der Erlaubnis Allahs (swt). Sie machen auch Kleidung in dem Stil. Sie sollten eine Mütze tragen. Fez ist auch okay. Fez ist gut. Möge Allah euch schützen. Fatiha. Mögen sie zu denen gehören, die Deinen Weg öffnen. Schütze sie vor Übel, o Herr. Fatiha. Wenn möglich, sollte er nicht mit Frauen zusammenkommen. Die Frauen sollten an einem anderen Ort sitzen. Sie sollen nicht zusammensitzen. Wenn möglich, sollte er Frauen nicht draußen arbeiten lassen. Er sollte darauf hinwirken, daß sie zu Hause bleiben. Okay, weiter. Fatiha. Aman ya Rabbi. Aman ya Rabbi. Die schönste Farbe jetzt ist Grün. Es schützt von oben. Die schlimmste ist Rot. Und Rot ist jetzt der

neue Modetrend. Es ist nicht gut. Okay, Sohn, ich vertraue dich Allah (swt) an. La ilaha illa Allah, Muhammad Rasulullah.

## The Most Envious One Cheated Mankind

We are living in the most difficult of times, when such dirty and terrible events have never occurred before. Now the whole world is under big danger. From the population of five billion in this world, four billion must go.

Through this difficult situation, Shaytan has brought Mankind into the most dangerous of circumstances, saying, “I am leading you to the best and sweet life, full of pleasure!” Shaytan is 100% a liar and the dirtiest one from all Creation. He has such hasad, envy, that he makes people kill each other! People have left every heavenly order and are running after Shaytan. Therefore, in these times we must leave what Shaytan says and must not follow anything that he brings to people, as no one is a greater liar than him! Now people do not listen to their prophets, but rather they listen to Shaytan for the sake of their egoistic pleasures. They do not know about haraam or halaal, and therefore curses are coming upon them daily.

O Allah! Protect us! Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah, astaghfirullah! Amaan yaa Rabbee, aman yaa Rabee, send us a sultan, yaa Rabbee, to carry away Shaytan, his armies and his followers, so that the dunya can be in peace! If such a sultan will not come, then this dunya is going to fall down.

Today is worse than yesterday and tomorrow will be worse than today! O Allah! We are only looking for inaayatullah, heavenly support, to reach us; that will be Mahdi (a). When he comes, he will do his best for Mankind, whereas Shaytan is doing his worst for Mankind. He is the most envious one and the biggest enemy of Mankind, all of whom are cheated by him, as he said to Sayyidina Adam and Sayyidina Hawa (a), ana mina an-nasiheen, “I am advising you,” yet he was the cause of Adam and Eve being thrown out of paradise.

People are drunk! Allah, yaa Rabbee ahfazna, protect us! O our Lord! Keep us away from Shaytan and his

tricks, and do not let us fall into his traps, for the honor of your most beloved and most honored one, Sayyidina Muhammad (s).

Fatihah.

## The Most Idols Are Found in Turkey

(Translated from Turkish)

A`oodhu billahi min ash-Shaytaani ‘r-rajim. Bismillahi 'r-Rahmaani 'r-Raheem.

Welcome, O servants of Allah! What is our huviyet, identity? They don't know what “huviyet” is. They throw away the old and replace it with rubbish. For example, if someone were to throw away palace furniture claiming it is old, and afterwards replaced it with modern cubical elements, would there be any value in that? You see, these people have become such foolish ones now, following the fabrications of who came after the period of sultanate rule. They say, "Throw away the old and bring in the new!" Yaa Hu! Could the old and new ever be equal in value? Never! But there is nothing left of "logic;” they have gone too far ahead with their irrationalities! But to whom should we say this? (We talk) in the sense of, "You speak and you listen."

(Mawlana Shaykh addresses his guest.) May Allah be pleased with you for bringing these youngsters to me. What can we do? Our Prophet (s) said, "To draw even one youth toward Allah is more valuable than earning the wealth of this whole world.” Sultan al-Anbiya, Habeeb ar-Rahman. (Mawlana Shaykh Nazim stands, sits.)

The value of Man is determined by the value of whom he is associated with. Who is attached to a monk has

the value of a monk; who is attached to a Jewish (rabbi) and that faith has a value according to it; who is attached to dunya has the value of dunya; and, who is attached to Akhirah has the value of Akhirah.

We are attached to the one who, when his honorable name is mentioned we stand up: our Master, Hazrati Muhammad Mustafa (s)! (Mawlana Shaykh stands) Whoever connects to him will take from his value. (Mawlana Shaykh sits) We must pay attention to this.

A person affiliated with a coffee shop employee takes from the value of that employee and a person who goes to a goldsmith takes from the value of that goldsmith. Can these two be compared, are they equal in value? Can the value of one who lives for this world and one who lives for the Hereafter ever be the same? Look, the world is vanishing! Now there are those who, when they get off a plane at an airports... tayyare, “airplane,” is a living word, not a made up one. Now they use the word "ucak" for airplane; was the word "tayyare" insufficient so you’ve invented the word "ucak"? Don't you have anything else to do? For ninety years you’ve fabricated things. Why did you replace the word mektep, “school,” with the word okul? Why do you disrupt the language of the people? That is a mere fabrication, which is why we’ve become what we are today with a broken down foundation!

Our ancestors did sound work and not fabrication! Our ancestors have carried this empire, the flag of the Ottomans, the flag of Islam, for 700 years! What are you carrying? But if you say this to those so-called “beys,” fine gentlemen, they reply, "Don't say ‘bey,’ O Shaykh Effendi! Instead, say ‘bay,’ male/gentleman.” And now they are not happy with "bay," so they changed it back to "bey." Effendim, Bayanlar baylar, “O ladies and gentlemen!” (Mawlana Shaykh impersonates them.) Bayilsinlar, may they faint! (Wordplay on the word bayanlar and baylar.) (Mawlana Shaykh laughs.)

Were the terms “bey” (gentleman) and “hanim” (gentlewoman) insufficient? Why have you changed these? Why did you attack the language and belief of Turkish people? Why did you work to eliminate their religious beliefs by replacing them with fabricated beliefs? Why would you erect a statue in front of people who know and believe in their Lord? What is a statue? It doesn’t speak or do anything, it just keeps standing there. Egypt, Rome and Greece are full of them, but are they able to speak? If so, what can they say? So this is complete absurdity! Alhamdulillah that we are a people who are watch over our way. How can we stand in front of an idol which cannot see, hear, or speak to us?

One time I visited Singapore; Allah Almighty has made us to travel the whole world from east to west, all the way to Singapore. When I first arrived, we went to a religious meeting. We stayed for a few days. But first let us describe this place called, "Singapore" so they will feel ashamed. Singapore is maybe one-tenth the size of Cyprus or even less; however, it is the most industrial country in the world. How strange. And we can say that it is twice as large as Nicosia, with buildings, bazaars, and businesses. Everyone there is hard at work, and what effort and zeal they have! And then we say, “Why can't we do as they?”

If twenty Singapores were put side by side, it would be just as big as the Turkish side of Cyprus. If you saw the sea, you would think it was a forest from all the ships coming and going, transporting cargo. When you arrive at the airport, you see planes taking off and landing without pause; three planes land every minute, and not like planes we have here; they have the latest system. Also, when you pass through the checkpoint, they never stop you to ask how much money you’ve brought with you, what you are bringing, or what you’ll be taking back. They only ask, "Is there anything in this luggage?" They don't check or search anything. Also, they offer free seaport and airport transit; visitors come and go very easily. It's not like here, where you go through torture upon torture: "Write this!" "Sign that!" "Go to this place!" "Deposit this and give that!" Is this civilization?

So among the people in Singapore, you find Muslims, Christians, and also Buddhists (who worship Buddha. Haasha, astaghfirullah!) They worship it; that is what they do. Our tour guide said, "Shaykh Effendi, people here are crazy about Buddha's statue and they worship him. There is no formal ruling pressuring them to visit; anyone who likes may go and anyone who doesn't is not required. No one takes them there by force; they go if they like to. Singapore has a temple containing the world's largest Buddha statue and if you want, we can take you there."

I said, "We are currently available, so we can go and take a look." Our tour guide took us there and we said, "It is a strange structure." Similar to those Chinese structures, the structure there is quite odd. We entered and saw a building with an enormous hall, like a huge movie theater. I entered and saw something forty meters high, sitting like this in the “lotus position.” Never once has he opened his eyes! Whichever of his statues you look at, he's always sitting with his eyes closed. That which they worship never opens its eyes to look at the people!

The keeper of the temple quickly came running to us and said, "Welcome, sir!"

"Thank you," I said.

She told us, "It is our custom to light a candle or offer incense. If you would like to do this based on our custom, we shall present these for you."

I said, "We don't believe in what you worship, so we will not light a candle or offer incense. We came here only because it was suggested that we see that one whom you call ‘Buddha,’ the cause for the largest temple on the face of the Earth.” She was offended, but I continued. "What do you see Buddha as?"

"According to our belief, Buddha is our lord whom we worship."

I said, "Haasha thumma kallaa!" and stomped my foot. “If this is what you worship, can it see us?"

“No.”

“If we speak, can it hear us?”

“No.”

“If we spit, can it raise its hand?”

“No.”

“If we break it, can it say, ‘O no, I’m broken!’”

“No.”

“How many years has it existed?”

“Over 2,000 years.”

“So for 2,000 years this thing you worship never opened its eyes? It always stays like that? Doesn’t it ever get tired of sitting?”

She said, “This is our belief.”

“But doesn’t it ever lay down?”

She told me, “You are the shaykh of the Muslims. I will prove to you that what we worship can also sleep,” and she took me somewhere in the back. I looked and saw something very tall laying down. She said, “Here he sleeps and there he sits.”

“How many Buddha’s are there?” I asked her.

“There are countless Buddha’s here.”

“And for all of them, you...”

“And for all of them we give reverence. This is our faith, which directs us to the supreme way and empowers our spirituality.”

“What kind of spirituality do you have? Show it!"

“Our spirituality guides us.”

I said, “I’m going to show you something with my hand, look carefully!” At that moment, my whole being was dressed with power. I said to their idol, “Go this way and that way!” And with a thundering sound, immediately it moved this way and that way. (Allahu Akbar!) Then I said, “Bow down!” and it bowed down. In a split second that servant lady dropped to the floor, unconscious. I said, “Come on, now that we’ve put their idol down, let’s leave!”

That one over there is a representation of the new idol worshippers, but up to morning none of them will be standing! Their time is coming; surely, their time is coming. May Allah forgive us.

The country with the most statues in the world is Singapore; second is Turkey. We’ve filled the country with statues, too! Everywhere is full. It is said that when the quantity of something increases, it’s value decreases and the price goes down. For sure, it becomes very cheap. In the old days, when an archbishop passed away

they dressed him, placed a crown on his head, and had him sit on his throne after which they carried him. Then they stopped somewhere and one person lifted his hand for the people to kiss, while another one held his head to keep it from falling. With such “mascara” they took him to the graveyard, not to lie in his grave, but rather they buried him sitting on a chair!

Now it has become a new fashion for our people within Anatolia, the country that carries the most statues after Buddhist countries is the Republic of Turkey! If they like they may count for themselves, but the number is too great to count! To give an example, we can say that a statue represents a plastic fruit. You offer your guest painted plastic as fruits and say, “Please, help yourself.” The guest takes one banana, sees that it is plastic and puts it back. He takes a bunch of grapes or apples or oranges, but they are all plastic. Finally they will exclaim, “There is no way to eat these! Why have you put this in front of us?”

“But we are offering you this.”

“Hey, do you think plastic can satisfy my hunger? Quickly bring me something to eat, at least dried grapes or roasted chickpeas!”

Just like that, for 90 years you’ve been putting plastic in front of us, something made of bronze, marble, or metal, and then you say, “Believe in this one! Keep his words! Don’t seek other than this or you’ll lose your way!” Well, until now we did not lose our ways, but now we did. Perhaps before they weren’t lost, but now our youth are crying out, “What is this you are giving us? What can it possibly provide? If it does give something, then we shall walk on its path, and if it doesn’t, we are dying from hunger, but our hunger is spiritual, not materialistic! There are plenty of material goods to eat, but these things do not satisfy our spirituality. Since it doesn’t fill our stomachs, don’t keep putting this in front of us!”

Now the nation and the young are hungry and asking, “What is this you are giving us?” If this is showing a way, then why aren’t you following it? Instead, you are fighting with each other. Didn’t the statue you raise show you a way? If so, why won’t you follow it? You’ve now divided into 70 branches in which you slander and fight with each other. What is this? Why won’t you keep to his way? And when I say this, they tell me, “You don’t know.” Not true! I know what your father doesn’t know, and what your grandfather doesn’t know I know that as well! (Aamanna wa saddaqna!) There’s nothing that you know! If there is a man in Turkey who can say what we have just said, let him come forth and say it! May Allah forgive us! May Allah forgive us!

Okay, this will be enough for you, but there is much more to say. If we speak up to morning, it will not finish, and it has only been half-an-hour. This is the blessings of Huseyin and Mehmet. May Allah be pleased with you and forgive me. What can we do? Hide the truth? It is said, “Who doesn’t speak the truth is a dumb devil.” Why won’t you speak the truth? Why do you cheat? The Sultan of Prophets (s) said, “Who cheats us is not from us.” (Mawlana Shaykh Nazim stands and sits) Why do you cheat the people? There now! Because of their deception, they are crumbling away and the whole Islamic world is tumbling down. Who forgets Allah Almighty and neglects to know his Prophet (s), ill will befall him.

Yaa Rabbee! Tawba yaa Rabbee, tawba astaghfirullah. Yaa Rabbee! Send us from Your servants who will guide us, yaa Rabbee! Destroy those who take us toward the opposite direction and may they be vanquished at once! Yaa Rabbee! You know! We are Your weak servants. Yaa Rabbee, yaa Allah! For the sake of Your Beloved, salaatu wa ’s-salaam min al-azali ila ’l-abad, (Mawlana Shaykh Nazim stands) upon him who is Habeebullah, Rasoolullah, Sayyid al-Awwaleen wa ’l-Akhireen, we send peace and blessings, and recite the Fatihah. (Mawlana Shaykh Nazim sits)

## Most valuable creatures on earth which one?

Destur, ya Sayyidi, ya Rasul, ya Sultanu-l Anbiya, ya Sultanu-l Awliya, Meded...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

It is an association. Most valuable creatures on earth which one? You are saying, you may say: Mankind is most valuable. What is their value? You can’t eat them, you can’t use them- what is value? A goat you can eat, you can buy, you can sell. Man, mankind that (is) most valuable, that is true. (If) you are looking their creation and their attributes and their missions and their representing points then you are finding (that) mankind (is) most valuable creature on earth. That is true.

Now living ones; one day their value (is) going to be zero. Their value is with their spiritual being, not (with) their material being. (The) material being is nothing, no value, but (the) spiritual being is valuable from ourselves. Therefore when a person is leaving this life (it) means (that) his spiritual being (is) leaving his material being (and) that material being (is) going to be (of) no value and no one (is) asking to be with that material being (anymore) or keeping (the) material being of a man through their home, through their beds, through their rooms, no. They are taking (it) quickly to (the) cemetery to bury (it), because (the) spiritual being just left him, left her, left them- no value.

And we are going to be cheated always by satanic agents, because they are making people to look after their material being only, they never taking any care for their real being, (and their) real being that (is) their spiritual being. If those people say that: “(The) spiritual being and (the) material being (are) the same, we are not accepting (a) spiritual being in a man”, we may say: “If you are claiming this that (there is) no spirituality, or no spiritual being in man, why you are not keeping that one (with you) when he is closing his eyes and his bodies’ movements (are) stopping, never moving? Why not keeping (him) if that one is only a material being and quickly taking him to (the) cemetery? What is (the) difference between (a) living one and a passing one? If (there is) no difference between (a) living and (a ) dying one, why you are not keeping (him)? If it is same, (a) dead one and an alive one, if you are saying (they are) same, equal, must be something wrong with your mind! How you can say! How you can say (that a) dead one and (a) living one (are) equal? Why you are saying this? Why you are denying (that there is) something else with a living one? What is your proof to say: ‘No other being in a man’? You must be a liar, ignorant one or you must be a cheated one. Why you are saying (a) living and (a) dead body (are the) same? You can’t say this!”

That is for atheist people that their beliefs (are) just built on materialism. They are saying: “(There is) nothing beyond (the) material world.” And they are (the) biggest liars, no mind people, most ignorant ones! I am asking: “A dead body- if you are saying (that it is) only material- which mentality is accepting to be same (a) living and (a) dead body?” What is their proof? They are so Shaitan people!

And everywhere this (is) going on- through (the) programs of whole schools, high schools, universities- (that) they are saying only: “Material, material...”! May fall on their heads (a) big rock to take their heads away, to kill them! What is the meaning living and dying? What (is) happening to (a) dead body? This is the biggest cheating that (is) making people to fall into unlimited problems. If (they are) trying to bring a solution for one problem, beyond this problem coming ten (other problems), and (they are) asking to bring a solution through their material aspects, through their material ideas, (and) they can’t be able. They can’t bring any solution, because beyond this (problem there is) coming other problems. And every time (they are) asking to bring a solution, ten problems (are) going to be 1oo problems, because it is (the) wrong way for (a) solution.

Astaithu bi-llah: “Alladhi khalaqa mauta wa hayyata...”Allah Almighty (is) saying, the Creator (is saying): “I am creating a living body or a dead body. Through My divinely Order a material is standing up. With My Order (a body) is standing up and (is being) dressed (to be) a living being. If My Order (is) not coming on a

material, that material can't be a living one. You can paint so many statues, but you can't give that secret of life to that stone. You are keeping through your museums hundreds of figures from rocks, from golden, from copper, from every kind; you can paint it, but you can't be able to give the secret of life to that (material). I am only One that I am giving my Order to unliving elements to come and to be alive; to be able to look and see, to hear and listen, to touch and to know to walk, to keep and to do. That is My divinely Secret that I am granting to those originally material beings. I am making them (to do these things) with my Order: "Stand up and walk and do." But you can't do this. You can paint rocks (to look) as (a) man, as a lion, as an eagle, as an ox, as a wolf, as a bear- but you can't dress them what I am dressing, because you are creatures. I am (the) Creator. I can do, you can't do! And you- (it is only) for some time what I dressed you from My secret Order to be alive; I am giving a limit for your lives. When it is finishing, you must fall down." As (when) you are doing a battery for some instruments and that battery (is) serving through (a) recorder or other instruments- when (it is) finishing, this (instrument is) going to be dead, finished...

"I am that One that is giving to everyone, dressing them"- (even) from smallest beings that you are saying bacterial world's creatures, that you can only look under microscope to make you to understand (about their existence), but you can't reach a full ability to see (the) smallest one, like (a) virus, even you may use most powerful microscopes. They can't see that. They may know (that) there is (a virus), but they can't be able to look and see (it). "That ones (even) I am dressing them life!" Subhanallah, Glory to the Lord of Heavens! (He is saying): "If I am not dressing that one can't be alive, may stay on the level of materials."

Therefore all teaching systems, teaching methods now through (the) 21st century (are) 1oo % wrong and just built on lies and on imagination. And when you are looking and seeing this coming whole new generation, their understanding is (a) wrong understanding. And wrong understanding is the source of troubles.

How many men (are) living- you can't find (that) two (person's) imagination (is) going to be same. Everyone (has an) imaginated world and they are living in that imaginated world. You are living in your world, he is living in his imaginated world- everyone! It is so different. Billions kinds of imagination worlds that you can't enter his imagination and he can't enter his imaginated world- it is for you. Therefore man is single, everyone (is) single. "Oh, how we are single, sitting with so many people?" "You are single. When you are taking your rest through (your) bed, through your bedroom, that time you are feeling: "I am alone. I am a single one." "Ya Hu- (but) your wife (is) next to you!" "No, she is just in her (own) imaginated world, she is in it. You are in

your imaginated world, and you are single as she is single also.”

And people, when they are imagining, their thoughts (are) so different for misunderstanding. They can’t reach through misunderstanding to (the) real being. Until you are leaving imagining, then you can understand about yourself something through heavenly knowledges, (and) you can be able to ask (an understanding about the) real being of the Creator. Then you can understand that there is a reality that (is) never changing; and ourselves daily, weekly, monthly, yearly, aniversally (are) going to be changed.

You are not (the) same as (in the) morning; now it is noontime. You are not going to be (the) same Maghreb time, you are not going to be (the) same night time, (and you are) not going to be (the) same tomorrow as today. Everything that (is) changing is not a reality, no! Reality can’t change! Reality (is) just fixed, no any changing (is) coming on it. Therefore everything is changing except the Creator. (The) Creator never changed!

And whom (they are) building their knowledge on imagining, they never ask to reach to reality, because (they are) not using (the) real measures or real balance for an understanding for (the) real being of creatures. When you are understanding, you may find a way; you may leave misunderstanding and take a way to (a) true understanding.

Now for everything you must find a way to take you out. “ Wa man yatakka li-llah fa ja’alahu makhraja...” If anyone (is) understanding (something) from (the) reality of the Lord of Heavens, anytime (that) he may fall in a difficult position, He Almighty may open a way to take him away, to save him from (the) dirtiness of imagining, from (the) darkness of imagining, from (the) hopelessness of imagining, or to save him from (the) fearful area and saving him from (the) imagining area. If not, misunderstanding (is) making people always to be in darkness and in (the) hopeless and fearful area. And that is the source of being mankind in sufferings and miseries and all of that (is) going to be as a punishment for them. And (the) reason of loosing peace, (that) everywhere (there is) no peace (is), because communities or nations, if their personal beings... personally, if a community (is) not reaching to peace, commonly (they also) can’t reach a peace.

And the Lord of Heavens – all Gory to Him- He knows what He created, particularly mankind. He knows what they may be in need to be peaceful through this life, through (this) temporary life, and how they should reach to a permanent peace through eternity. If anyone (is) keeping His Advice, the Lord of Heavens’ Advice, (they) should be happy here and Hereafter. Whom they are refusing (His Advice), they are never saving

themselves from darkness, from dirtiness, from fears, from problems, and troubles (are) never leaving them here or Hereafter.

May Allah forgive me and bless you for the honour of the most honoured one in His divinely Presence, S. Muhammad sws, Fatiha.

## The Mountain Of Gold

Shaykh Mehmet Effendi, he is a lion. How are you? May your love increase. May your honour increase and may we recognize the honour. Shukur Allah. As-Salamu alaikum O our children, brothers, friends who listen to us. May our day be good and blessed. We may say Bismillahi r-Rahmani r-Rahim. La ilaha illa Allah Muhammad Rasulullah. Our Shaykh, Sultanul Awliya would say like this: When two believers meet and greet each other, they should make a sohbat at least for the time of the milking of two sheep.

"Marhaban, O my believer brother". As-Salamu alaikum O believers. Masha Allah. Marhaban, marhaban! Marhaba came from the Heavens. The people on earth did not know about it. Marhaban O Glorious Prophet. We may also make a sohbat. There are awliyas who give us strength and who are close to us. Our Shaykh is the Sultanul Awliya. I ask support from him, I ask support from him. He says, "Say O son. Bismillahi r-Rahmani r-Rahim". Allahu Akbar! After saying Marhaban, say Bismillahi r-Rahmani r-Rahim. May Allah Almighty adorn you with the dress of faith. And we said Bismillahi r-Rahmani r-Rahim. Say it without any doubt! It is the sword of Allah Almighty on earth. Bismillahi r-Rahmani r-Rahim. When a person says this, there is no power that can stand against him. It can make all of them ashes. If he says Bismillahi r-Rahmani r-Rahim, he can stop all their weapons. If he says the Bismillah, he can stop all their weapons, or cannons they fire.

There is such a magnificence, such a power in Man. But who do you find, Sh Mehmet Effendi? "Whose mureed are you?" "Sh Mehmet Effendi's" "Very beautiful. May Allah increase your spiritual energy, he is a person with strong spiritual energy". They give such a declaration. They are seen when they want to be seen. "O believer, to whom are you related? "We are not related. We are not related to anyone but we are as if we are related to someone". "Is that so? Masha

Allah. You say that you are related and not related at the same time". "What can we do? What is your opinion on this?" I don't have an opinion. Awliyas have teachings. So we say according to their teaching".

If you follow your ego and say when you wake up: "I am late for work. I am behind at work", if you are in such a rush then you are dunya's and shaytan's animal. Present company excepted. La ilaha illa Allah Muhammad Rasulullah. Our occupation is this. In this world... (Mawlana mentions 3 different names that were used by people for WC). There were different names for it. Now its name has become No. 100. To the No. 100. What is your occupation? "To eat, drink..." "And?" "To go to the No. 100 and fill the No. 100! This is what we work and strive for". "Is that so?" Did our Lord Zat-i Ajalli 'Ala Who made you as Man, Who created you as Man send you to this world to fill the WC? Shame on you, that within the 24 hours maybe you go 10 times to WC and with it you spend your time... Let's say maybe you spend one hour with going to the WC. Ok! What is this busy-ness for? "To satisfy our dirty ego!" "Is that so? Do you say the Bismillah?" "No. They say the Bismillah in the mosques". "How about you?" "We don't say. Because we have some other occupation. Everyday like snuff, we sniff up to the nose of shaytan! We go to the WC and like shaytan's snuff, we sniff up to shaytan's nose". It is said that this is the snuff of shaytan, he gets very happy: "Eat, drink and then come sniff up my nose like snuff" He made the people like crazy ones.

Why are we present in this world? For what are we present? Who made us to be present here? Ok, leave this aside. We are going to a villa with a huge ocean in front of it, its waves are roaring. Who filled it with water? Where is it brought from? Is it poured with buckets? Is the water pumped into it? How did it happen? But people have become ignorant ones. Yes, they have become ignorant ones. They can't say "We are the servants of Who created us". They are too proud to say it. But in reality they are animals to their dirty egos and shaytan. "I want this, I desire this thing.." They want to do whatever their egos desire.

There was a nursery rhyme like this: "Whether it is halal or haram, doesn't matter. Give me and I eat". This is not the human attribute. Man is created clean. There is a nursery rhyme for this: "Your servant doesn't ask whether it is halal or haram. Whatever You give, give me and I eat. Your servant doesn't ask, O Allah Almighty, whatever You give, I eat. I don't look if it is halal or haram" it says. "I eat whatever I find". If you eat whatever you find, in the end your deeds throw

you to the WC. You become the WC officer. "Where is your registration? Where are you registered?" "Do we have a registration?" "Yes, you have". "No Shaykh Effendi, we have no resgistration. Who would accept men like us?" "I'll tell you and you'll be surprised. Your registration as well as all the others' who are higher than you and claim to be great ones, is in there". "What is it? What is this place?" "Is there any one for whom it doesn't say "not registered to WC"? All of you have resgitration there. If you eat much, you go often. If you eat less, you go less. But is there anyone who has no service for WC? No, there is not. All of them have registration there. There is no one who has no registration.
Ok, you two-legged one! You have time to go to the WC everyday, three times, or five times, or 10 times. Do you ever go to mosque?" "What is our business in the mosque?" So your real business is in WC. You have no business with any other thing, but with WC. Where are you registered?" "For our registration, we have a piece of paper in our hand". "What is that paper for?" "It is the paper of No. 100. When we show it, they let us inside". "Don't you have any other business?" "What other business can we have?" "So you enter WC for WC service. So you have a business in the WC but not outside". You go to the WC 10 times everyday. Why don't you go even once to the mosque, to the clean temple?" "We have no business there" they say. So your business is with shaytan. He makes you eat and drink and then appoint you to the WC. Eat less and your visits to the WC be less frequent. If you eat too much, continuously you go back and forth to the WC.

Be clean! Be clean! "How can we be clean?" "You should know how to be clean. You don't even wash your hands and face with water. Instead they wipe their faces or wipe their other things. This is not true. You should be clean, you should live clean and your life will be beautiful for you. A clean man lives a comfortable life in dunya and goes to paradise in akhirah. Dirty ones are expelled from every assembly in dunya and in the akhirah they are expelled from the Divine Presence. What does cleanliness begin with? Bismillahi r-Rahmani r-Rahim. You should say this. Don't say "I am this, I am that". Even if you are a King, or a ruler, or a Sultan, say this - Bismillahi r-Rahmani r-Rahim. Stand up. "O our Lord, You granted us all these blessings. We stand up to eat this blessing of Yours by remembering Your Glorious Name. You created the universes for the glory of your glorious Prophet and You ordered him to say the Bismillahi r-

Rahmani r-Rahim. We may also say Bismillahi r-Rahmani r-Rahim".
When you forget the Bismillah, there is no taste left in your life. There is no barakah left in your work, you have no health or wellness anymore. Troubles never leave you. May Allah make it far away from us. Bismillahi r-Rahmani r-Rahim, make your children get accustomed to this. May we remember Your Name first O Allah, it is obligatory on the servant for his every doing". It is teaching us. "Well, we studied Ilahiyyat. We don't recite Mawlid". Is that so? What is wrong with Mawlid? What is wrong in the Mawlid al-Sharif that you say "I don't recite"? What do you recite? What do the books you read teach you? Mawlid al-Sharif teaches: "May we remember Your Name first, O Allah". You should first remember the Holy Name of Allah Almighty and say Bismillahi r-Rahmani r-Rahim. "O our Lord! Our Subhan, our Sultan. You are the Owner of the earths and Heavens".
I am asking "who filled up these oceans? Did you and your father pour with buckets and fill it? And I am also asking, does the sun have a time? They get astonished. If they say "yes" different story, if they say "no" different. If they say no, the sun knows its time and rises. It knows its time and sets. The sun rise and sun set; how can it be without having a time? Allah Almighty Who created and appointed it for this, informed it about its duty. The sun does not mix it up but mankind mixes up. They get confused about why they are created but sun doesn't. The stars don't get confused. The moon doesn't get confused. It goes through all its 29 phases and comes out shining. Are these without a time? Teach the children this. But no!
"O Turkish youth! I entrusted the republic to you!" What is it that you entrusted?! The Great Prophet came; our Prophet (sas), the Sultan of all the Prophets. The Holy Quran descended to him. He doesn't mention it! The Great Prophet (sas) entrusted the Holy Quran to his nation. They don't look to it but look to "this person said like this: I entrusted the republic to you". What is the republic Yahu? What is the republic? "It is the democracy". Democracy, its equal is "...-racy!" They did it and put all over themselves, can't even appear in public now. Shaytan made mankind lose his humanity. May Allah make us far from shaytan's evil.

Therefore say Audhu Billahi min al shaytan al rajim. And say the Holy Name of Allah Almighty, Bismillahi r-Rahmani r-Rahim. Always fires take place around the country, all the time. Nimrod lit a fire from Baghdad, in a distance of 40 days to Prophet Abraham. And all that fire, which was

a strong fire, a strong fire... What extinguished that fire? Even if you poured all the waters on earth it wouldn't extinguish. "O My Friend, say Bismillahi r-Rahmani r-Rahim and enter in it". He did and it turned into a bed of roses. Nimrod's fire extinguished and its place became a garden from the gardens of paradise. Prophet Ibrahim (as), the Sultan, was seen sitting in an assembly inside the fire. He was sitting there with the great angels whose faces were like moons. Know the miracle of the Bismillah and live comfortably. If you don't, you have no value. You may do things; you can build a palace if you like which is dipped in gold, but the real value is in Bismillahi r-Rahmanir-Rahim. There are such holy ones that if he says Bismillahi r-Rahmani r-Rahim rocks can turn into gold. The Companions Shaykh Mehmet Effendi, and our children, brothers attending, the Companions showed like this: "we didn't eat anything for two days". They tied a rock against their stomachs to quell the pain of hunger. The Prophet (sas) showed them that he tied two rocks to his holy body! Even in this situation, when our Prophet (sas) was going to mount Uhud, he heard a rustling sound coming behind him as if gold touches each other. He turned and saw that mount Uhud turned into gold and was walking behind him! Our Prophet (sas) said "O holy mountain! Remain as you are, I don't need you. Bismillahi r-Rahmani r-Rahim is higher than a thousand mountains like you, or a hundred thousands worlds like this world". He said to the Companions, "say it and your hunger is satisfied". And they did.

You should know the value and honour of the Bismillah. If not, no matter how rich you are, or how much gold you have, He (swt) makes you needy of pills and medication. Neither your gold nor your silver can help. Your palaces can do you no good, nor your wives, children. None of them can do any good. Say Bismillahi r-Rahmani r-Rahim and you will be a lion! This nation said Bismillahi r-Rahmani r-Rahim and marched. They came from the East and erected their flags in the West. We are the Ottomans and very glorious. Allahu Akbar! May our army be ever victorious. Was it not like this "Oh glorious army! Oh great soldier!..." (Ottoman anthem). They marched reciting Gulbank-i Muhammadi (sas), saying La ilaha illa Allah Muhammad Rasulullah. They came from far East and erected their flags in the middle of Europe. And what did you do? Ask them, what they did, what they achieved...

O people! Don't forget the Bismillah. Say it and don't fear; their cannons or weapons won't work, their planes won't fly. It can finish all of them. But our people didn't get accustomed to it. Even if we spoke of the miracles of the Bismillah from the beginning till the end of the world, it won't

finish. Give them this wird, say "Say at least seven times daily Bismillahi r-Rahmani r-Rahim and make sajda. It is enough for you". Bismillahi r-Rahmani r-Rahim. How beautiful, how beautiful: Bismillahi r-Rahmani r-Rahim. Bismillahi Shafi, Bismillahi Kafi, Bismillahi Muafi, Bismillahi r-Rahmani r-Rahim. Every illness and trouble leaves our bodies. You become lions. We are lions! If we recite the Bismillah, we are lions!

When you took down the Bismillah, there was no goodness left in you. No! Who doesn't show respect to the Bismillah is who doesn't respect his Lord! When you took down the Bismillah from your homes, from your assemblies your value became like earth, like earth. They say "we fear". Why should you fear? If you see a majzub on the way and he says Bismillahi r-Rahmani r-Rahim, he can even destroy all of them. Bismillahi r-Rahmani r-Rahim. May You dress us in the majesty of it. If the beginning of every act is with the Name of Allah, its end is never fruitless. It is not fruitless. Any act without the Bismillah is fruitless. Any act with the Bismillah is walud, meaning fruitful, it advances. We are lions. With what? With Bismillahi r-Rahmani r-Rahim. May Allah forgive us. O our Lord! We are Your weak servants. We could only say a very very small portion of the Bismillah, a very small part from its huge oceans. We can't say beyond it, we can't say. If they dress from that power, the awliyas can say. Allahu Akbar, Allahu Akbar, our army is always victorious. Allah Allah Allah, we may say. Allah Shukur, our sohbat today is again about the Bismillahi r-Rahmani r-Rahim. Whoever likes, likes it. Whoever doesn't like may sink, sink into the WC. And they already did. A person without the Bismillah is inside the WC. The Bismillah is the Divine light, it is spirituality, it is power and magnificence. It is the Divine Seal! Allah Almighty granted and presented His Divine Seal to His servants. Allah Huuu Huuu... Prophet Noah said Bismillahi r-Rahmani r-Rahim and his ship moved. He said Bismillahi r-Rahmani r-Rahim and the fire they lit for Ibrahim (as) extinguished. He said Bismillahi r-Rahmani r-Rahim and Balqis came to Prophet Sulaiman's Sultanate and fell for him. Our Prophet came with Bismillahi r-Rahmani r-Rahim, an orphan who lost both his father and mother, (sas). Jibril said Bismillahi r-Rahmani r-Rahim, he said the Bismillah and the Prophet filled the whole world. The Heavens and earths are all on his name. Ya Sayyidi Ya Rasulullah... May you grant us such a power, may you send us the one who has the power to burn, to destroy this world. Wa min Allahu tawfiq. May our children be from them too. May our honour rise,

don't fear. Don't fear. Fatiha.
"'Innahu Min Sulaymana Wa 'Innahu Bismi Allahi Ar-Rahmani Ar-Rahim"(27:30) The great Prophet Sulaiman, that no one was ever granted a sultanate like his, he would rule over the men and jinn. The holy letter he sent to the Queen Balqis, what was his title in the letter he sent to Balqis, the Queen of Sheba? "'Innahu Min Sulaymana Wa 'Innahu Bismi Allahi Ar-Rahmani Ar-Rahim!" She collapsed, the proud queen collapsed! Know the power of the Bismillah, O King! When you remember Allah's Name, stand up! Don't sit on your throne! If you sit, He (swt) leaves no strength in you to stand up ever again. Remember the Name of Allah Dhul Jalal first and stand up. To stand up each and every time is much more beautiful but because of our laziness and shortcomings we don't stand up. Make them stand up at least once in the assemblies. They say "Islamic Conference". When everyone arrived, I looked if there is anyone saying the Bismillah. Maybe they did but I didn't see the whole assembly standing up when he said the Bismillah.

When Hajjaj adh-Dhalim was having the Caliph's decree read, no one returned his Salam. He said "If I remove the veil off my face, you will know. You don't show respect for the decree of the Caliph of the Muslims? I will discipline you with such an adab that whole world will be astonished. O ghulam read, read the decree of the Caliph" he said. And when he read this time, not even an ant was left sitting, all stood up! But not without seeing the difficulty.
For Allah Dhul Jalal's Holy Name... O our Lord, O our Lord... May You grant us strength. Angels say "Strength is in the Bismillah". What can we do... O Lord, forgive us. O Lord, may You not make us from who forget the Bismillah. And He (swt) doesn't. Say the Bismillah at least 7 times. You will be saved in dunya, you will be saved inside the grave and you will be saved in mahshar too. You pass over the Sirat also and enter Paradise. Ya Rabbi, may You accept our servanthood. We are weak O Lord. We are weak O Lord. May You dress us in the dress of strength, the dress of the strength and majesty of the Bismillah. May everyone in Europe come to us because of the majesty we have. May they come to us...
O Allah, You know. Tawba Ya Rabbi, tawba Astaghfirullah. Salatu Salam on the Glorious Prophet! Allahumma Salli ala... Fatiha.
Allah bless you, you are coming and we say a few words. They make us say, but this shakes the

whole world. I am already a man who has no value... Read for me Sh Mehmet Effendi. Read for me. Allah bless you. May your hands and feet be kissed. Reveal your majesty in your place. Every believer should but he is Shaykh. His majesty is different. But all of us receive the majesty of the Bismillah, according to ourselves. The sea of Marmara is different, Black Sea is different, Mediterranean sea is different. Atlantic ocean is different and Pacific Ocean... This is the Bismillah.
Ok son! Allah bless you, I am tiring you but... Long live Mehmet, long live!

**Mounts Of Light**

---

The one who is full of the love of our Lord, O the holy one, Shah Mardan! How beautiful, how nice to be enlightened with his teachings, to be happy, to get strength and to gain honor and, even more, to be gifted with his teachings. O Shah Mardan the arena is yours! May we be honored. Let's say, Bismillahi r-Rahmani r-Rahim. Let's begin with Basmala Shariff, which contains the holy, sacred and most respected Majestic Name of Allah Jalla Jalaluhu. Bismillahi r-Rahmani r-Rahim. We are Your weak servants, O Lord! Qawwi dha'fana fi ridak. Strengthen our weakness in Your pleasure. May this weakness leave us! satan knows that we are weak, that is why it attacks us. You must get strong!
Please Shah Mardan go on, describe it for us! How beautiful is his assembly! He reaches from east to west. Shah Mardan's majesty, magnificence and honor can conquer the whole world. Let's be honored! Honor originally belongs to the Master of Realms, our Prophet. We are now in his Holy Month, AlhamduliLlah wa sh-shukruliLlah wa-l AzamatuliLlah wa-l HaybatuliLlah wa-l QudratuliLlah wa-l AzamatuliLlah You are Subhan, Ya Rabb. May you attend O beloved friends! He says "beloved friends". Friendship is a high rank. Please go on Shah Mardan, you are being admired by everyone. To admire him, is a high rank, very high rank. There is no one who can appreciate the value of his greatness and honor Illa dhawuh (except who already has it). Only the ones who carry this honor, can know the honor of humanity! One who doesn't know the honor of humanity, can't understand that rank. One who doesn't understand the honor of humanity is an animal, eating, drinking, kicking, wandering, coming, going.
Dastur O Sahib Kiran (who destroys kufr), Shah Mardan. May our day be good! Marhaba, marhaba! How beautiful! Ay Shah Mardan, he says to us Marhaba! How great an honor is this! The Lion of Allah, Shah Mardan, is saying to us "Marhaba"! How nice! What a beauty! What an

honor! However, having lost humanity and become animals, people can't comprehend this! la ya'rifuhu illa dhawuh - no one knows but the one who already has. Only who has this honor can comprehend it! Who doesn't have, is an animal. He doesn't know it! What he asks for is hay, pasture, grass. No! We are not brought to existence, to eat grass. "Wa laqad karramna Bani Adama"(17:70) Allahu Dhul Jalal has granted us. Please Shah Mardan go on, say us what He has granted us. What we are offered by Rabbul Izzat, the Creator of Earths and Heavens? What does Allah Dhul-Jalal, who created 18 thousand realms, want from us? He wants us to wear the honor He has granted us! "I have dressed you with robes of honor that no other creature has been given." "You should appreciate this! You should know this honor you have been given." And you should strive to look after this honor. But all your efforts go to eating grass, eating hay in a barn. You have no other worries. When you become excited, you are braying like donkeys! This doesn't suit you!

Please go on Shah Mardan! You are from lions! You are the Lion! Let's say, Bismillahi r-Rahmani r-Rahim. May we be dressed with the honor, the honor of humanity, that honorable robe - If only we knew! Allah Allah Allahu Allah Allahu Allah Allahu Rabbi Ma li siwahu.(none other than You) Allahu Allah Allahu Allah Allahu Rabbi, Ma li siwahu. Please go on Shah Mardan, Masha'Allah! May we open up! The holy and great Sha'ban has come! Light/Nur from heavens is descending, take and own it. Mounts of Light from heaven are coming also in this month. Mounts of Nur come. They are not like the donkeys of this world. They are not like the horses of this world also. Descending from heavens, mounts of nur come which carry the honor of heavens. And they are for sincere Muslims. Allahu Allah Allahu Rabbi. Allahu Allah Ma li siwahu, Hu. May we open up! Please Shah Mardan continue! How beautifully you are telling it. Let's say, Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. If you say it 7 times a day, every difficulty is solved. 7 layers of Nur descend on them from heaven. 7 layers of Nur and robes of honor are dressed on these people, when they recite basmala 7 times. May our Lord dress us with robes of honor, for the sake of His Habib. Special mercy descends on his ummah in this month. The honor of this month, isn't in other months. From the honor of al-Habib, from his oceans of honor, may at least a bit of it come to us! Let's be a lion, lion-like! Don't be a fox, wolf, snake, or a hyena, or a jackal. Be a lion! Allah Subhanahu wa Ta'ala has sent such majestic

servants; created such majestic servants! Bismillahi r-Rahmani r-Rahim. If recited once, one will not be an unbeliever. Bismillahi r-Rahmani r-Rahim. It is the key for the treasures of Earth and Heavens. Bismillahi r-Rahmani r-Rahim. The Angels of the 7 heavens tremble, when this honorable Basmala - Bismillahi r-Rahmani r-Rahim - is recited.

Please Shah Mardan go on, Allahu Allah. Allahu Allah, Ma li siwahu. illa Rabbi l-'Alamin. May we be sent a bit of its virtue. If a bit came and we could take it, what would this world become? This world is not The Paradise, because the grace of Paradise is different. But for the time we are being hosted in this world... Mankind is a guest in this world! For a while, 3 days, 5 days, he came to live here by the command of heavens. May all say Bismillahi r-Rahmani r-Rahim, in order to be at ease for the time they spend on Earth. O Shah Mardan, may your love fill our hearts! A bit from your mightiness can shake the world! People of today can't comprehend this mightiness. They have no idea of spiritual mightiness. If there is no spiritual mightiness, they think that by holding a stick or baton, or by strapping a gun to their waist, they consider themselves to be mighty. What mightiness is that? If he comes closer, he startles the 4-legged donkey and it kicks. That proud man will be knocked down. This means a donkey is stronger and tougher than he is! That is so. It says that proud one came. Let me give him a lesson, a lesson to show him his place. When he comes closer it kicks. He is knocked out, losing his mind. Yaa! Man is the exalted human being. Please Shah Mardan go on, let's say the majestic words! Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Say this, O friends of Shah Mardan! Say, Bismillahi r-Rahmani r-Rahim. We are sustained by spirituality. The source of spirituality is, Bismillahi r-Rahmani r-Rahim. He who doesn't know, Bismillahi r-Rahmani r Rahim, he will be accounted in the class of donkeys. Be human! Know the honor of humanity.

Humans are not donkeys kicking each other. Who are kicking each other are donkeys in the barn. Who are kicking each other are not human. Who is human? A Human is the one, who can appreciate the value of his humanity. People of today don't know. "Wa 'idha l-wuhushu hushirat"(81:5) - When all the beasts are gathered. "People of today, are gathered as wild beasts", it says. Wild ones. Animals don't do what you do.

"Wa'idha l-wuhushu hushirat"(81:5) Where are you, scholars of Azhar Sharif? Say what does this mean? "Wa'idha l-wuhushu hushirat"(81:5) What is the meaning? Say it O Turkish scholars! Scholars of Persia, India, China, say! "Wa'idha l-wuhushu hushirat" (81:5) What meaning does

this give? Please Shah Mardan go on, please say! "Wa'idha l-wuhushu hushirat"(81:5) The creatures who dress in wildness, are everywhere. Hushirat - to be gathered. What does it mean? They will be everywhere. This is The Quranu l'Adheem. These are the signs of doomsday - the wild ones(wuhush) will be gathered(hushirat). Who are wuhush(wild ones)? Will the beasts of the jungle be gathered? This holy verse is indicating the wildness of mankind. Wandering around, wandering around they wear the robes of wildness. They will wear robes of wild beasts. They will take off humanity, and put on the robes of wild beasts that eat each other.

When? Why are they gathered? If it is not Men who are meant, what then are to be gathered and why? There will be a day that, men wear the attribute of wildness; it is a sign of Doomsday. "Wa 'idha l-wuhushu hushirat"(81:5) Allahu Akbar Allahu Akbar. Please go on Shah Mardan! "alwuhushu hushirat"(81:5) If wuhush are the wild beasts, they have always been wandering around in the jungles. What is meant by hushirat(to be gathered)? People of this time would wear the attribute of wildness, the attribute of wild beasts, this is what is meant. They are raining fire from above to kill people. They are raining fire to destroy people's homes/shelters. This is not humanity! This fact is indicating the nearness of Doomsday - Men will wear the attribute of wildness and they will abandon the attribute of humanity, the respected attributes of humanity. What a pity! Don't be heedless! Listen! Isma'u wa'u fa idha ra'aytum fantafi'u. Listen & understand & act.

O Shah Mardan, draw your Dhul Fiqqar! Show them that their weapons are worth nothing. O our Shah Mardan who is approved /confirmed by heavens, the arena is yours! The Arena is not left to foxes. A fox can't speak when the Lion is present. There are lions but they are silent for now. If they roar out all will fall down. None will appear in the arena anymore. Allahu Allah Allahu Allah Allahu Rabbi. Ma li siwahu.(None but Him). Say Hu so that you may be at ease. When you say the Name of Janabul Haqq, Jalla wa 'Ala, you feel ease and you expand. He dresses you with strength and with honor. Lions attack people. Lions attack every other animal. Once a holy one was visited by one of his followers and gave his turban to him as he was leaving. That holy one was a lion himself. He said, O son wear my turban on your head, then you may go. He wore the turban of that holy one, and when he went out, one of the four-legged lions came nearby and offered him a ride. Those holy ones are real lions.

Lions wandering the forests have no importance. You are a lion. Know your lion-ness! You are honorable! Know that you are honorable! If you do not prostrate to your Lord, what goodness, importance can you have? You will be cut off by Shah Mardan's Dhul-Fiqqar! Allahu Allah, Allahu Rabbi, Ma li siwahu illa Rabbi, Ya Rabbi Ya Allah. If the honor that is granted to Man appears on him, all creatures will tremble at his appearance. All other creatures will tremble.
O Man, who is unaware of his own honor, thus becoming animal-like, learn your humanity!
Man is the deputy of Janab Rabbul 'Alamin, His representative on Earth. You must rule on behalf of Him. Idiot ones are removing the Lord's Name saying we will set up a constitution. Go to the WC and set up your constitution in there. Establish it there! Your constitution suits it in there! It suits nowhere else. The constitution that descended from heavens is Shari'atu lgharra'un Ahmadiyya. (The shining Law of Ahmad). It came from Heaven. Who doesn't like it, prefers the waste of the WC, which has no value. Ghani padishah. The holy great Sha'ban!
People have lost mercy and became oppressors! They learned nothing except to kill, to burn, to destroy. Irhamu man fil 'ardi yarhamkum man fi s-sama, call the Angels of Heaven - If earthly ones show Mercy so will the Heavenly ones.
Please go on Shah Mardan! O people show mercy to the ones in the world, so that Janabul Haqq, whose command rules everywhere, shows Mercy to you. O Lord! Remove the ones among us, who mistreat humanity. You know them. Don't let us go wild! May we be the ones expecting Your Mercy, the Blessings at Your Door! Send us Shah Mardan who will train us, ya Rabbi! We never run out of bread nor water, our needs are supplied. Janabul Haqq orders Angels to answer all the needs of His servants. There is everything on Earth. This is not something earned by working. Allah Dhul Jalal created His servants. He provides for all their needs as well. Allah Dhul Jalal doesn't leave us without a cure, a healing. Whatever is beneficial for the Children of Adam, whatever gives them light, whatever takes them to the Presence of their Lord, was taught and ordered. O glorious Rasul! Allahu Akbar Allahu Akbar. La ilaha illa Llah! Allahu Akbar Allahu Akbar wa LiLlahi-l Hamd.
You will see now the anger and the mightiness of Sha'ban Mu'azzama. Your weapons will be like toys, not even like toys. The armies of Heavens are waiting to come down to finish oppression. Their heads are marked with the crown of Islam, crown of the Prophet(turban). They will come down on Earth. Allahu Akbar. May Allah dress us with this honorable robe! Our Allah, Ghani

padishah. Send us support and help, for the sake of Al Habib al Akram! There are 7000 Angels waiting to come down, 7000 Angels to help the Muslims. Coming like a wind they can take care of everything from East to West. Allah Allah Allahu Allah Allahu Rabbi. Ma li siwahu, illa Hu. Ya Rabbi. Bu guzel sabani muazzam, Habibine takdim eyledin. May the blessings and majesty of Beautiful Sha'ban fall upon us also!

Please say O Shah Mardan! Tell them to be as Muslims! He says - I am saying! Your women are like the unbeliever's women. Your men are like the unbeliever's men! How could you wait for the help of heavens? What help? You tremble that kafir will open fire on you! Why do you fear their weapons and you don't fear Allah? Their oppression will turn on them! Ay ya Rabbi, ay Ya Rabbi! Ay yaran Shah Mardan. Let's listen! May we be dressed in the robe of Majesty. O Lord don't expel us from Your Door! "I haven't expelled you yet and I won't expel now." Only illmannered iblis was expelled because he was ill-mannered. Ill-mannered ones are expelled. Goodmannered ones are not expelled.

Allahu Rabbi, Ma li siwahu. O Lord forgive us! Send us the Sahib! O Shah Mardan, your friends admire you! How beautiful it is to appeal to you! How beautiful is your declaration! May strength come to our bodies! May majesty come! In this holy month a manifestation is coming to show oppressors/unbelievers their place, and to finish their weapons, in this holy month. Allah, tawba ya Rabbi. Say Bismillahi r-Rahmani r-Rahim.This is an armour. Wear this and don't fear, here and hereafter! You will cross the Sirat bridge like lightning, and enter Paradise. Tawfiq(success) is from Janabi Haqq!

Please Shah Mardan go on, your friends admire you! How beautiful is your addressing! What a majestic mightiness you have! The ones who don't accept you will tremble and fall down from your mightiness! We are not in need of cannons or guns. Allahu Allah Allahu Allah Allahu Rabbi, Ma li siwahu. Why are you afraid? Call Allah! They ask weapons from America. They ask weapons from Russia. Leave all these! O Lord send us Angels who will protect us and watch over us! Ask for this! They are ready! 7000 Angels are waiting. They will come when mankind is stuck.

Allahu Allah Allahu Allah Allahu Rabbi, Ma li siwahu. May our strength and majesty increase. May our love and ardour increase. Let's say Allah Allah Allahu Allah Ma li siwahu illa Llah. Say these words! Teach these words instead of giving an order (fatwa) as a kafir.

Fatiha.

WebSaltanatOrg

## Move towards your private ocean in the Divine Presence

Who understands, may try to translate to who doesn't understand... Audhu bi'llahi mina shaitani rajim, Bismillahir Rahmanir Rahim... I am intending a short association, but I am not in control. My Grandsheikh is over my position, and he is the commander and controller over me. So I may say to you that I am going to make a short association, but it may continue up until morning, it doesn't matter. But, because we are weak people- I am asking forgiveness from our Grandsheikh for me and you- it should be a short address to you.

Association with the Sheikh is one of the most important pillars of the most distinguished Naqshibandi Order; it must be. It is like petrol for the car, and man, or believers, they are in need to move towards Allah, towards the Heavens. We have been ordered and offered, as well as we have been called, to move towards the Heavens, not to stay on this wild world, asking to live on this earth for a hundred years and more, no. It is not a real target to live longer; but our aim must be to worship as much as possible, more and more. If we are asking for a long life, we are asking only for that purpose: to pray and worship and to obey the Lord of the Heavens' commands and to ask from His endless mercy oceans. This is a true aim for everyone, a true target for the followers of all religions. If you ask a Christian: "Would you like to live a long life?", he may say: "Yes." Then we may ask: "Why are you asking for a long life?" "To eat and drink more..." That is the life of animals. It is not an aim to say: "I am asking for a long life for my ego to enjoy this life." Cattle and sheep- what are

they asking to live for? To eat as much green grass as possible, and that is their only aim. So if you are asking for a long life to enjoy eating and drinking, you have the same aim, and you are going to be on the same level as animals.

But if I am asking you and you are answering: “I am asking for a long life in my Lord’s service, for His worship, because it gives me honour. As long as I am alive, my honour is increasing. That is my aim. “ Which of these positions is excellent? Do you think any religion may refuse what Islam is saying? They can’t. Therefore excellency is for Islam. The other religions are finishing, because they can’t give their followers that aim. No one can, except in Islam.

And in Islam it is the most distinguished Naqshibandi Order which is saying clearly and freely that we are asking for a long life to reach more honour in the Divine Presence through our service for the Divine, serving our Lord... anything wrong?

Therefore this is a helpful association that is giving to people new refreshment and power to continue with their Lord’s divine service. Cars never run without petrol, and believers can’t move without association with the Sheikh. Association, or an associated person, means someone joining with another person to be carried by his power from the earth to the heavens. This is one meaning of association: that you may join the caravan of Prophets and Saints moving towards their Lord’s divine service, Divine Presence. Association is like a hook carrying people from the lowest to the highest life. It is a very important pillar of the most distinguished Naqshibandi Order.

Even if only two or three brothers or sisters, followers of this Tariqat, are together, one of them must say something in their association, and the others must listen and follow.
And our direction, our last destination, is the Divine Presence. Up to there we must move, as rivers run through the land without stopping, until they reach the ocean. So many rivers run in different directions to the ocean. When they reach to the ocean their waters don’t run anymore, there is no more movement, finished... Allah Almighty is saying: “Oh My servants, you are moving, you are running, doing this, doing that, until you reach My Divine Presence.” What you are doing is making the waters to approach the ocean. Lakes are not running, but rivers are, and when they reach the ocean, they reach to their aim...

And our aim, everyone’s aim, is only to reach the Divine Oceans in the Divine Presence, and there are endless

kinds of oceans... There is not only one ocean, no, there may be one for everyone, and he or she must run to reach his or her own ocean; then they will be in confidence.

As a man is running after a beautiful lady, when he reaches to her, finished... Women are oceans for men. Men run after them, and when they reach them, they are in their oceans. It is important. Everyone is running to his ocean, and it is only one drop from your ocean that you have been granted in this life, a little bit. That one drop is enough to give you confidence to come to the ocean. What about when you are reaching that drop's ocean in the Divine Presence, that you have been granted? You are swimming in it...
Good tidings! Run to reach your ocean, your last destination in this life. But no mind people now are leaving the ocean. They are going to the desert and, seeing a Mirage on the horizon, they run to reach it to find something, but nothing is there, and they are finished. Oh people, leave the Mirage in the desert and come to your ocean, that is for you forever, your last destination in the Divine Presence: Love oceans, Beauty oceans, endless, tasteful, sweet oceans, that you have been granted from your Lord Allah Almighty.
Whoever runs after grass and meadows are like cattle, the butcher's knife is waiting for them... But who is running after those oceans in the Divine Presence, endless enjoyments are waiting for them, endless tastes, endless blessings, endless favours. You must decide which one is good for you. May Allah give us a mind to think about it...
What Grandsheikh is giving to us here is not written in books. It is from the pearls of the Divine Oceans of Reality and Wisdom, take it and keep it carefully... Wa min Allah at Taufiq... Fatiha.

# MOVING ON ETERNALLY to THE HIGHEST LIMITS

Auzu billahi mina shaitan i rajeem. Bismillahi rahman ir raheem – La hawla wala quwatha illa billah il aliyil aleem – Bismilla Seyedi ya waliallah – I am asking permission from this Saint who is buried here to let me speak on tariqat. I am receiving what I am now saying from the Sahib of this Maqam. I am the guest of this saint and he is my host and we are today in his holy presence. What he is saying to me I am now passing on to you. Although it is not for me to speak by my self in the presence of such a host, he is requesting me to speak. He says that as he is my host and I am his guest that I must speak. In this way he is giving a spiritual connection to us.

Now I am going to explain to all of you and this explanation will not be in my words but his words. He wants me to speak about what is shariat and what are tariqats. Firstly we must know that all prophets are called us to Allah Almighty's Divine Presence. They are teaching us and thus they are always our teachers. Allah Almighty ordered his beloved Prophet Muhammed (Sal) saying "Oh My beloved Prophet stand up and call people towards me." Allah Almighty is inviting His servants to His Divine Presence. We are now asking "How are we to come to you, My Lord?"

When you are about to go on a pilgrimage to Mecca the first thing that your find out is as to where Mecca is, and then how to get there. Then you think about the things that you should take with you when you are going on such a long journey. You then prepare yourself with your passport and your food items and luggage. Then you take a car to Colombo and from there you board on to a plane, and then fly to Hijaz (Saudi Arabia). In the same manner, when you are on your journey to Almighty Allah you need the shariat, which is your food and luggage that you need to take along with you to the Divine Presence. Tariqat is the journeys passage (the way). All tariqats are ways that take people to the Divine Presence.

There are forty-one tariqats which are like a wide road (Autobahn) or highway as is to be found in Europe. Many modes of travel take place on this type of highway. For example, pedestrians, lorries, mini buses, cars and speed cars, all travel on this highway. All of them are heading in the same direction. In the same way all the tariqats are also reaching towards this same destination-their destination is the Divine Presence. If one does not get up he cannot walk. Even if one walks that is a way, a tariqat.

As I said before there are at present forty one tariqats. Out of these forty-one tariqats, forty of them are using the spiritual power of “La ilaha illallah” to move towards Allah. The Naqshabandi Tariqat uses the Zikr, “Allah”, “Allah”, “Allah”, as their main zikr to reach to this destination. If the other tariqats are using the speed of jet planes, the Naqshabandi Tariqat is going at the speed of a rocket. This is because when a servant says “La ilaha illallah” his nafs (ego) catches hold of him and he is not able to move forward with full power. This is because when he says “La ilaha illallah” (there is no God but Allah), his nafs prompts him to say La ilaha illa ana, (there is no God but me). Therefore their program slows down and like planes they can reach only to a limit. Rockets cut through gravity and get out. As mentioned earlier because the Naqshabandi Tariqat uses as their main Zikr “Allah” there is no more nafs with them and they destroy their ego and kill it.

Planes might come down, but rockets never. Perhaps they may move on from the atmosphere of this earth and move on eternally. This is the way of the Naqshabandi Tariqat. Planes move from one continent to another but rockets move from the earth to the highest skies and beyond. Those who are asking to reach only to the sky (sama) may use one of the forty tariqats, and as for those who are asking to reach to the highest limit (Sidurathul Muntaha) they must use the way of the Naqshabandi Tariqat.

This information which I give you is only a drop from an ocean. When you come to me with a thimble and ask me to put the ocean in it, how can I do that as the listeners cannot take in more than their capacity? It is always impossible. Yes, it is not possible to talk about these things for more than half an hour. But this is enough.

(Sheikh Nazim visited a mosque in Gintota, Galle, Sri Lanka where the saint referred to is buried. This speech was given by Sheikh Nazim within the mosque premises close to the Burial Chamber of this Saint)

## Mubarak for a new beginning for Islam in 1429!

(For the occasion of the beginning of Muharram and the arrival of Sheikh Hisham Effendi)

May Allah forgive us! As-salamu alaikum!

Today just honoured us, last night, Sheikh Hisham Efenid Hazretleri, Mededu-l Haqq, giving honour to our Dergah. We have been honoured and also I am happy that as long as he is going to be here, to address to you, what Allah Almighty giving to him. Before I was... I may speak and people listening, but it was a heavy burden to speak to people. To be Imam, to be Khatim, it is not a what you are saying, as a formality, but really Imam must be something from spirituality to give to people. Wood to wood, or candle to candle can't give anything, but if candle is lightening, there is a fire on it, one may reach to 1.000, even to 1.ooo.ooo or to 1 billion people. One candle is enough to wake up our candles through our hearts. But now it is so difficult to reach such a people, because they, all of them, (are) hidden, and you are not asking. (If) you are not giving your whole energy for asking such a person, it

is difficult to find such a person. So many people, they are knowing so many things, but yet their candles (are) not awakened. If (they are) not awakened, (they) can't wake up, making you to wake up. And that is the sign of Last Days...

Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim. We are beginning to run away to Allah , to run to Allah from Shaitan. Because Shaitan, anytime (he is) looking an enlightened candle, (he is) coming and extinguishing that. Therefore we are saying (for him) to be away from our meetings. Don't give way to Shaitan! How you are not giving? !hen you are saying "Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim!" Shaitan (is) running away, but after a while (he is) coming, coming, not leaving you. Therefore, (the) most important Wird now (is) to say: Audhu bi-llahi mina shaitani rajim. For every purposes say: Audhu bi-llahi mina shaitani rajim, because our egos (are) running after Shaitan, asking to run after Shaitan. After our egos (are) asking to dive- where? (Into) sewage channels. Asking. Quickly asking to run in it, because its pleasure, egos pleasure, is to run into sewage channels.

Therefore, when you are looking and seeing that your ego (is) asking to run, say: Audhu bi-llahi mina shaitani rajim! Beware, or you are finding yourself through sewage channels! Therefore people they are like rats (?)...lup lup lup lup lup... "That is modern life that we must reach like Europeans and Americans, western people! They... look, how their life (is) high life!" "Where?" "Come with me! Sewage channels! Try it!" "I can do?" "Yes, free, free! Jump in it!" Lup!... Then saying: "Ya Hu, come out!" "No, no, here (there is) modernized, life , western life, high life!" Tauba, Astaghfirullah al 'Azim!

Therefore, Mu'min, believer, must be awakened person! If not, Shaitan (is) quickly taking you to fall in sewage channels. Aman, ya Rabbi!

Whole people (are) running, running, running after this...

Audhu bi-llahi mina shaitani rajim ... at least 4o x daily you must use it, to be powerful, (because) that Shaitan (is) rushing on you! And then, Subhanallah, Maulana Sheikh, Sultanu-l Awliya, may Allah raise his rank- was saying: “Now (there is) no way for Murids to reach from one level (to a) higher station, higher station; (the) only important Wird (is) to say for every occasion that you are asking to get in, to say: Bismillahir Rahmanir Rahim!” Bismillahir Rahmanir Rahim! Bismillahir Rahmanir Rahim! And also it is not going to be a perfect obedience without ‘Bismillahir Rahmanir Rahim’. If you are not saying ‘Bismillahir Rahmanir Rahim’, (it is) never getting to be a perfect acceptable service for the Lord of Heavens.

And also it is) mentioned through (the) Holy Hadith that who is not saying at the beginning of anything, (of) any action: “Alhamdulillahi Rabbi-l ‘Alamin”, it is not going to be perfect. Therefore say: “Bismillahir Rahmanir Rahim, Alhamdulillahi Rabbi-l ‘Alamin”, that we can come here, we can sit and hear and we can be able to force our egos to follow ourselves! That (is) giving this spiritual power, pumping... because you may use it once, second, for second action, you must pump again power and (it is) enough: Bismillahir Rahmanir Rahim, Alhamdulillahi Rabbi-l ‘Alamin’, but (it is) in one that we must say: “Audhu bi-llahi mina shaitani rajim”, then you may say: “Bismillahir Rahmanir Rahim, Alhamdulillahi Rabbi-l ‘Alamin!” Till a person (is) saying this, (he) can be able to conquer his ego and defeat Shaitan from himself! It is not something that you need to read hundreds of books, no, such a simple things, it is getting, giving power, power! We are beginning and Allah (is) finishing (it).

If you are beginning with his Holy Name and Huuuu... praising Him, just dressed, an honour dress you should be granted. How many you can carry? Uh, that is Nur, that is heavenly Lights that your real being (is) just honoured and just enlightened. For every action that you are saying: Bismillahir Rahmanir Rahim, Alhamdulillahi Rabbi-l ‘Alamin... just dressing an honoured dressing that gives you much more glory to carry you to be in divinely Presence with such a Nur, Lights!

I was thinking that, when Sheikh Hisham Efendi Hazretleri is ready, to address to you, because every Wali they have another channel. That Shaitan box, TV, so many channels, and each Wali, each Saint, they have common channels and also they have special channels for them. Therefore, if, when he is speaking to you, addressing to you, his channel is something else. Never going to be on this earth from happenings to be same two of them, exactly 100 %, no, always changing coming. Therefore, when they are speaking, one Wali, Saint, speaking, saying and giving a new news from heavenly Stations. Billion people may be, they may take billion special channels. Your channels going to be 40, 5o, 6o, 100, never reaching to 5oo. But channels that Awliya (are) reaching, may be millons, billions, trillions, quatrillions, pentrillions, may be... Subhanallah, Subhana-l Mu’ti-l Wahab!

Therefore now I am making an introduction for Sheikh Hisham Effendi, if I am not speaking, he may speak, but he is not getting happy to speak, when I am here, but I am nothing. What he is saying, say! His channel is special, I may hear from him something that I am not hearing from my channel. Therefore, it is not something (that) belongs to our egos and I am going to be happy. Such a people Allah Almighty (is) sending from His selected Awliyas, that (are) carrying from me also... he may speak.

Yesterday I was saying (to) Sheikh Abdu-l Hayy, mazun... I said, til I

am coming, you speak to people. And till I am going from here up to entrance of our Dergah, they said that: “Sheikh Abdu-l Hayy finishing... “ “Hah? Yet I am not entering! May speak! Mazun, may speak...!” Welcome to you, welcome, Sheikh Hisham Hazretleri, I think that he needs a little bit to rest, because just he arrived after midnight and so many, perhaps sitting for Salatu-l Fajr, therefore I am... new telescope, I am looking... I am seeing if not going... I am not using artificial telescope... (Sheikh is coughing)... We are going to be (like an) old car... what to do?... Therefore I am leaving today here, it is enough...

Tomorrow he may speak to you from his special channel. Ma sha Allah, he is going around East and West, so many people, high level people, level of Presidents, level of crown-princes, level of tyrants... level of shaitans...bombarding them, therefore... he has a speciality, in such a way, among Awliya... mashurun, marufun... therefore.... Any news? No...

May Allah forgive us and Mubarak new year! Allah makes it mubarak, blessed, to be (a) blessed year. I hope to be a new beginning for the history of Islam, beginning from today, first of Muharram, 1429, to be a good new beginning, that Islam (is) going to appear, appear, appear... and Kufr (is) coming down, coming down, and Shaitan’s Sultanate (is) going to finish and vanish and Islam (is) going to appear, to appear, to get up to get up... through East and West, from North to South, everywhere to say:

(Sheikh is making a short Dhikr)

La ilaha ill-Allah, la ilaha ill-Allah, la ilaha-ill-Allah....
... Sayyiduna wa Nabiyuna Muhammadur Rasulullah sws!
Zidhu, ya Rabbi, ‘izzan wa sharafan, wa nuran wa sururan, wa ridwanan wa sultanan! Zidna bihi, ya Rabbi, kazalik imanan wa yaqinan wa sidqan!

Adrikna, ya Rabbana, ahdu Medhi alayhi salam, ahdu S.Isa alayhi salat wa salam! Adrikna, ya Rabbi, ayam halli... Anta tatafaddal ibadika salihin, saadeti-d dunya wa saadeti –l akhira, ya Rabb, bi jahi man arwalta alayhi Surati-l Fatiha...

Sheikh Hisham Efendi, he is going to be with us insha Allah, 5 or 6 days. Allah gives him much more power, much more Nur, for the Muslimin also, for the Baraka of this blessed month, Shahru Muharramu-l Haram, bi jahi Nabiyi-l Karim, Sayyidi-l Awwalina wa-l Akhirin, Fatiha!...
Mubarak Yaumu-l Jadid!

## Sayyidina Muhammad (s) is a Ruby and We Are Stones

(Mawlana Shaykh stands) As-salaamu `alaykum! Yaa `IbaadAllah, yaa `IbaadAllah! Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd!

Allahuma salli wa sallim barik `alaa Sayyidi ‘l-Awwaleen wa ‘l-Akhireen, habeebu ‘l-Rabbee ‘l-`alameen, Sayyidina Muhammad (s) wa aalihi wa sahbihi ajma`een. Zidhu yaa Rabbee nooran wa suroora wa ridwaana sultaan. Yaa Allah, yaa Allah, yaa Allah! Anta Rabbee! Anta Rabbuna! Anta Rasoolullah! Rabbana wa ‘ilayk ‘l-maseer. (Mawlana Shaykh sits)

Thumma as-salaam `alaa jami` ‘l-awliyaa min ahlu ‘s-samawaati wa ’l-`ard. Zid-hu yaa Rabbee, `izzan wa sharafan, nooran wa surooran. salaamullahi wa barakaatuhu wa ridwaanahu `alaa ‘l-mu'mineen wa ‘l-mu’minaat wa ‘l-muslimeena wa ‘l-muslimaat. Yaa Rabbee!

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. As-salaamu `alaykum yaa ayyuha ‘l-mu'minoon wa ‘l-muslimoon! And we are saying, “A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.”

Shaytan makes people dishonored in the Divine Presence. Don't follow Shaytan! We are asking Allah Almighty to give His heavenly protection to His weak servants, and His forgiveness and blessings. Holy honor is for the honor of the Seal of Prophets, who is the most beloved, most ta`zeem, glorified among all Creation, Sayyidina Muhammad (s). It is such an honor for us to be from his nation!

A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Always say, “A`oodhu billahi min ash-Shaytani 'r-rajeem,” so Shaytan doesn’t come to you; also, to recite, “Bismillahi 'r-Rahmani 'r-Raheem” is a heavenly sword granted from Allah Almighty (swt).

O People! Ask for the highest honor in the Divine Presence. Allah Almighty created 124,000 prophets and asked them, "What are you asking? I am granting you the honor of prophecy." About being prophets they said, "Yes, we are accepting." Then Allah Almighty spoke His Holy, Divine Words to the prophets, regarding the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) When they saw what was granted to ummati Muhammad (s), so full of honor here and Hereafter, they said, "O our Lord! Let us be his weak followers or even one person from his nation!” Sorrow or bad luck is for those people who have not been been granted to be a person from the nation of the Seal of Prophets (s)!. (Mawlana Shaykh stands and sits)

The Lord of Heavens said, "Yes, I granted you the honor to be My prophets for My servants; now you are dressed in that honor, but you are asking to be an ordinary person from the nation of Sayyidina Muhammad (s). I accept this and grant you that honor, but you are also going to be prophets as I dressed you and honored you to be prophets for Mankind.”

Allah (swt) said, “I am only accepting one, Jesus Christ, Sayyidina `Isa (a), to be from among the nation of My most beloved servant, Sayyidina Muhammad (s).” (Mawlana Shaykh stands and sits) “I granted this to him and when the Last Day approaches, I will send him to be from My most beloved servant’s nation at the end of the world, and for forty years he will follow My Last Prophet, My Beloved One’s Shari`ah, the commands I ordered.”

Sayyidina `Isa (a) will come at the end of the world, not as a prophet but, as he asked, to be one of his ummah. He will be one person from the nation of the Seal of Prophets, Sayyidina Muhammad al-Akhireen. I am sorry for all religious people and nations that were granted holy books, like Moses' tribes and Jesus

Christ's nation, who are not following the holy commands from the Lord of Heavens to Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

You must stand up for his honor! He came from Meccatu 'l-Mukarrama, the first holy place on Earth, the House of the Lord! When he was invited to make a heavenly visit to the Lord of Heavens, he came from the first House of the Lord to Jerusalem and 124,000 prophets all stood and saluted him! (Mawlana Shaykh stands and sits) Which prophet was granted that? Say, Pope! Say to me! Say, Rabbis! Where are you (on this topic)? Are you finding this in your holy books? Alhamdulillah, his nation was on their feet, for the honor of the Last Prophet's honor!

And we are just honored, but I am sorry to say first, the Arabs are not giving real respect to the Seal of Prophets (s) to keep his Shari`ah. They are running away, not giving real respect to his constitution! Ptuu (spit) on them! Those Arabs are leaving holy shari`atullah and trying to make a constitution of no real value, throwing away a diamond and asking to take a stone!

(Mawlana Shaykh sings) The ruby is dark red. You must know among yourselves, even among all prophets, what is the value of the Seal of Prophets (s). Huwa ‘l-makut, he is a ruby and we are stones. It is only granted to those who are believers and followers of the Seal of Prophets (s) to be rubies, but their ruby is not going to be like his, which is from the Lord of Heavens granted to him during the Night Journey, while the others are from Earth.

Now Arabs are asking to follow shaytanic ways, saying, "We must make a parliament." May Allah make your parliament fall on your heads and all of you die! They are still not giving real respect to their prophet’s orders, which are from Heaven and written in the Holy Qur’an. Allah Almighty is saying, "O My most beloved one! Don't worry. I will teach them a lesson and give them good training. The angels of fire are going to make them good rubies!" But they will be in need for thousands and millions of years to be on that fire, to be real rubies. That is granted to them through their lives on Earth, but they refuse it.

I am sorry Arabs are saying (with false pride), "We are Arabs!" Nationalism is a curse from the Heavens, as addressed in the message of the Seal of Prophets (s). They are asking, "Which constitution should we follow? We don't know." Libyans, Palestinians, Syrians, and Turks are all asking to follow a constitution. The

Russians, Germans, French, and Italians may do that, but we Muslims have been granted heavenly laws, Shari`ah. It is the biggest shame for Turks, Kurdish, and Arabs to leave the Holy Shari`ah, to say, “We are going to find this (new way) to bring to people." Fear Allah! Allah Almighty already sent Holy Qur’an! Those were His orders, but you don't like it, He (swt) is saying, "I am going to train them, to teach them a lesson!"

Therefore, now a heavenly whip is coming first on Arabs. Egypt is claiming, "We are the center of Islam, with the highest position of Islam in our country." How are you saying this and you are looking to make a new constitution, asking to write this and that (implement new laws to govern the people). Let them take it and (...)! (Laughter) I am a very weak servant, but Allah (swt) gave us an unseen Creation, viruses, that He may send on them instead of the ababeel He sent on the tyrant Abraha of Yemen (Holy Qur’an 105:1-5).

Once upon a time in Basra, people were in a bad condition of disobedience, so Allah Almighty sent the plague on them. In one day, 70,000 passed away, on the second day 73,000, and the third day 75,000. The Lord of Heavens was not bombarding them with a plane or a missile, no. On the fourth day, the great city of Basra was closed; you couldn't find one person to open the door to his house, and from thousands of houses you couldn't find a living person to come out! Allah!

O Arabs! You are saying, "We are Arabs," but you must instead say, "We are Muslims!" Palestinians, Iraqis, Shami, Palestinians, Turkis Saudi, Libians, leave your nationalist titles and say, “We are Muslims!” and Allah Almighty will send His heavenly blessings on you. Say, "We are your servants, O Allah! We are servants of the Lord." Until you return to Shari`ah, perhaps 10 million Arabs must pass away, 20 million Turks, 30 million Asians, and 50 million from Pakistan! We are asking forgiveness.

O People! Daily you should say, “Astaghfirullah, astaghfirullah, astaghfirullah.” Divine punishment will come first on men and secondly on women, because men allow their women to show their beauty and ornaments in public, dressing daily in new fashions. Are you (women) asking to be mannequins for these new fashions, or to show your bodies? For what? Shaytan is making new fashions for you, saying, "Now winter is coming and you need new clothes." What about the old ones? They throw them away. Now the Greeks are bankrupt and after a while, Europe will also be bankrupt. For what? (They spend too much) and their citizens are so poor!

O Mankind! That is a declaration, a warning to you from the Lord of Heavens, Who warns His people any way He likes; He may use ants!

••••••• ••••••••• ••• ••••••••• ••••••••• ••••••••• •••••••••••••• ••• •••••••••••••••• •••••••••••• •••••••••••• •••••• •••
••••••••••••

Qaalat namlatun yaa ayyuha 'n-namlu 'dkhuloo masaakinakum laa yahtimannakum Sulaymaanu wa junooduhoo wa hum laa yash`uroon. One of the ants said, "O Ants! Enter your homes unless Sulayman and his armies unknowingly trample you. (an-Naml, 27:18)

That is a big lesson for Mankind! Allah Almighty is not saying, "Come out." He is saying, “Leave all the roads empty, don't come out! If there is fitna and corruption, enter your homes.” Don't be a target for those people who are not keeping haqqullah, Allah Almighty's orders.

Allah Almighty said:

••••• •••••••••••• ••••••••••••

Wa laa taqtuloo anfusakum. Nor kill (or destroy) yourselves. (An-Nisa, 4:29)

"Don't kill your people." Saleh (President of Yemen), Bashar (President of Syria), the Turks, and in so many countries they are killing, but for what? Allah (swt) said, "Don't kill," but they are disobedient!

O People! Heavenly revenge is coming and Allah Almighty will make everything clear. It is not good to protest in the streets, “Irhaal, irhaal, irhaal, go out (Mubarak)!” It is better to go to your village homes and leave the cities empty so they will ask, “Where are all the people? No one is here!” Don't make yourselves a target so they can kill you. They lost Islam; the Muslims are ignorant, not learning Shari`atullah. Everything they do is against Holy Shari`ah and yet they say, “Irhaal, irhaal yaa Bashar!” He is not going away until something comes on him from the Heavens. When Allah Almighty orders, the tyrants will be sent away, but not until the people say, “Tawbah, yaa Allah!” No one blamed ababeel, the small birds that bombarded and killed Abraha. Keep your adab and your imaan though Shari`atullah, and Shari`ah will protect you! If not, you will be punished here and Hereafter.

May Allah (swt) forgive us and protect us for the sake of Muhammad (s). (Mawlana Shaykh stands and sits)

Fatihah.

If anyone says, "That old man, that old servant, is saying wrong things," and it is true, Allah may take my soul. If it is not true, Sayyidina Azra'eel may take his soul.

Fatihah.

That is a warning to all Mankind, and to me also. Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah yaa Rabbee! Shukran yaa Rabbee, shukran yaa Rabbee, shukran yaa Rabbee!

Fatihah.

## Sayyidina Muhammad (s) Never Came Back From Isra and Mi`raj (The Night Journey)

(Mawlana Shaykh stands) Laa ilaaha illa-Llah, laa ilaaha illa-Llah, laa ilaaha illa-Llah, Muhammadan Rasoolullah, `alayhi salaatullah was salaamuh. A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. Thumma as-salaat wa 's-salaam `ala jami` al-anbiya wa 'l-mursaleen w 'alhamdulillah Rabbi 'l-`Alameen. (Mawlana Shaykh sits)

Thumma as-salaam `ala Saahib az-Zamaan, Sayyidina Mahdi (a). Thumma as-salaam `ala Qutb al-Mutasarrif; our heavenly salute on our protector on this planet, Qutb al-Mutasarrif, and for all awliya, saints, who act.

It is a humble meeting, but we are addressing all people, through east and west from north to south, on this planet.

O our Attenders! As-salaamu `alaykum. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. Among our attenders, there is a group of people saying, We are Salafi `ulamas," and you know who you are. They claim this for themselves, a title they give to themselves; a group of people from some countries are saying that. And now (the awliya) are making me address people, and I am knowing nothing. If they are not supporting something, it is difficult to address even to a billion people, it doesn't matter. If heavenly

support reaches, even an ant may address not billions but a trillion people! Yes, not billions but trillions, it is easy to address them; (if Allah likes) even an ant may address all people! Asta`eedhu billah. ••••••• •••••••• Qaalat namlatun, "One ant spoke." (27:18) The meaning? This is mukhaatab, ayyuha 'l-naml. That means, if Allah Almighty asks any creature to address them, it is enough to make an ant call them and make them hear (that message).

Wali, a saint; who is a saint? A saint may hear. He may take an ant in his hand, making like this, (Mawlana Shaykh puts his hand to his ear) and that waliyullah can hear the ant's speech as thunder! Therefore, the holy ones are looking after shu'oon ad-dunya, everything that is happening, as nothing happens by itself. There is a heavenly will, iraadah. There is no partner for the Lord's Will and no one knows His Will. If the Lord of Heavens yureed, asks to make His servants to hear from east to west and from north to south, I am too weak, but if He orders even an ant, that ant can la yuhazz ad-dunya, shake the world! Everything would be shaking and trembling, if an ant may say only, "O my Lord!" Yuhazz ad-dunya iradah, leave (discussion of) that Divine Will; if you are coming on the lowest level, that power is granted to Allah Almighty's chosen ones! If He is saying, (Mawlana Shaykh stands) Allahu Akbar! Everything must stand up, like the Night of Power, Laylat al-Qadr. (Mawlana Shaykh sits) Yes, now we are talking about this planet, that scientists say is a globe and that the sun and the moon are something else. People are saying that our world is moving, and that the sun is stable, not moving, and what we are looking at is the sun moving, and our Earth is thaabit, fixed (stationary).

There is one ayatul-kareemah; Allah Almighty is saying, one, two or three verses full of haqaa`iq, realities. Asta`eedhu billah: (Mawlana Shaykh stands)

••••• ••••••••• ••••• ••••••••• ••••••••• ••••••• •••••• ••••••• ••••••••• •••••••••••• ••••• ••••• ••••• ••••••• ••• ••••• •••• •••• •••••• •••••• ••••••••• ••••••••• ••••• ••••••••• •••••••••

wa maa qataloohu wa maa salaboohu wa laakin shubbiha lahum wa inna 'Lladheena 'khtalafoo feehi lafee shakkin minhu maa lahum bihi min `ilmin 'illaa attibaa`a azh-zhanni wa maa qataloohu yaqeena. But they killed him (Jesus) not, nor crucified him, but the resemblance of `Isa (Jesus) was put over another man (whom they killed), and those who differ therein are full of doubts. They have no certain knowledge; they follow nothing but conjecture, for surely they killed him not. (An-Nisa, 4:157)

(Mawlana Shaykh sits). There are so many things `ulamas may take from that ayatul-kareemah! Jesus Christ is living that tashbeeh, similar appearance. Those holy verses contain Secret Meaning Oceans, secrets of wisdoms, and secrets of unlimited Unseen worlds. For people it is tashbeeh, the appearance of the sun rising, the sun setting, and dunya is stable. But scientists say, "No, the sun is rising and walking and setting." That is tashbeeh, "to be seen." As they are looking in such a way at everything in this Creation, from this side you may see a new appearance and from that side another appearance. If I am looking at you, your appearance will be in such a way, and if I am looking from the side or from the back, it is going to be different.

Awliyaullah, saints, who have secret knowledge, are saying about the Divine Appearances, that for each one there are 24,000 new appearances coming daily! Allahu Akbar! (Mawlana Shaykh stands) Allahu Akbar al-Akbar! Allahu Akbar al-Akbar! (Mawlana Shaykh sits). You think that there are fixed forms? Never! Even when we are standing, our fixed appearance is something else and when we are sitting our appearance is another. Even if we are standing a hundred times, we are changing (in appearance). (Mawlana Shaykh stands) Allahu Akbar al-Akbar! Allahu Akbar al-Akbar! Subhaan Sen! (Mawlana Shaykh sits)

We are sitting here, and the Lord of Heavens is asking to open new horizons for believers and for ahlu 'l-fahem, "scientists." Allah, Allah. Those clouds in every second are in another appearance. Allahu Akbar! Allahu Akbar! Therefore, ma`rifatullah, heavenly knowledge, is something else, and Divinely Appearance is another thing. The last limit of all Creation is up to the divinely level, not beyond! Therefore, it is mentioned the Seal of Prophets, sayyidi 'r-rusulu 'l-kiraam (s) was invited on the Night Journey? I am asking our Salafi `ulamas, kam Isra'a, how many Night Journeys happened? Only once? What happened? Was Allah Almighty inviting only once? Do you think that a King invites the honorable members of His Kingdom only once, no second time? Even if a sultan is weak, he will not invite only once, but several times, or you may say countless times! Then how can it happen that the Lord of Heavens invites His most beloved one only once and not more? Allah Almighty is "Maalik al-Mulk"!

I am always asking the Salafi `ulamas what do you think about the Mir`aj, "Night Journey"? Who invited the Seal of Prophets (s)? His Lord invited him. Did His Lord invite him or was anyone else sending the invitation min qabal aw min ba`d? Did such an invitation happen before, or will it happen after that? They know nothing, as their level of understanding is so low! They are not saying that Allah Almighty's invitation, Qur'an al-Kareem kalaamullahi 'l-azali. Azali is from pre-Eternal to Eternal. How many times (did He invite), and for

whom did that invitation happen? That invitation came only for Prophet (s)! What do you think about that invitation? Do you think it expired? Laa shareeka lahu wa laa shabeehan lah Allah subhanahu wa ta`ala (He has no partner and He has none to be compared with Allah the Glorified and Exalted)! If Allah (swt) invited His most beloved one and is showing what is able to be seen by His most beloved one, do you think that He sent him back down (to Earth)? What is your opinion? Is the Lord of Heavens calling and giving such an invitation and afterwards saying, "Go away."

Yes, He sent one with his name as a representative for His servants. But the real being (essence) of Rasoolullah (s) had never been sent to people, no. That invitation was to take him to Allah Almighty's Divine Presence and keep him there with Allah, Who sent one representative on behalf of His most beloved one; what we were seeing and hearing was only one representative. How many representatives are there? Countless! The real being is with Allah Almighty and there are countless representatives of that real being!

O Salafi `ulamas! Marhaban! How are you? Are you not accepting this? He is Allah! He is Able to do anything! When never takes back what He grants! He invited mataa (when)? Fee yawm al-azal, the Day of Azal, "Eternity" for the Lord of Heavens. He called him from azal, His most beloved one was invited from Eternity, and laa yazaal, he is with his Lord, Allah Almighty. May Allah give us some understanding. Wa laakin shubiha lahum, there is tashbeeh here; He sent one surah, appearance, because this world cannot carry more than that or it would melt and nothing would remain. Subhaanahu wa ta`ala! Where is Masjid al-Aqsa?

••••••••• ••••••• ••••••• •••••••••• ••••••• ••••• •••••••••••• •••••••••• ••••• •••••••••••• •••••••••

Subhaana 'Lladhee asrá bi `abdihi laylan mina 'l-Masjidi 'l-Haraami ila 'l-Masjidi al-Aqsá. Exalted be He Who took His servant for a journey by night from al-Masjid al-Haraam (at Mecca) to the Farthest Mosque (in Jerusalem). (al-'Israa, 17:1)

The meanings are like oceans, impossible to understand! Every time a new opening comes, giving refreshment and pleasure and enlightenment to the real beings of Mankind. Our real being is not on this planet; it is where we were, in the Divine Presence on the Day of Promises. Did that event close down, or is it continued? Continued, yes.

They have not made me speak of such a thing before, but his (a guest's) understanding is making me speak about such things. Some ones may ask, "Why the shaykh is speaking this way?"

Hasan al-Basri, Allah bless him, was advising people time by time, and Sayyida Rabi`a al-`Adawiyya was living then, may Allah bless them both. One day he was speaking, addressing and making some openings for haadiri, "presence people," and people said, "O Imam! Today there are so many simple things you are saying, and we are accustomed to hearing something new." And what was the answer from Hasan al-Basri? "Do you think I prepare to give to ants what I prepared to be given to elephants? Today, elephants are not here; therefore, I am giving this, saying it is enough and good for you!" What was his aim? It was that Rabi`a al-`Adawiyya was not there, so Heavens reserved a big heavenly grant. "Saahibatah is not here; therefore, I cannot give you more (knowledge) as you are such small ones that can be crushed. So I am giving you a small one." Therefore, today heavenly ones sent something on the lowest, for Sumoo al-Ameer's (His Majesty Prince's) honor and Sayyid's (Habeeb `Ali al-Jafri) honor.

May Allah forgive us in this holy month! May Allah grant us a good understanding, according to our levels, not more. And we are asking for the honor of this holy month to give us divine blessings, to make us always asking for divinely grants, for the honor of the Seal of Prophets (s), and his followers, and for the honor of all prophets, peace be upon them. May Allah forgive us.

Fatihah.

# Muharram: Dont beat your children, treat your wives well, and ladies should stay at home

Bismillahirrahmanirrahim

If you fast 2 days, it will be like you fasted the whole month (of Muharram). May Allah make our fast complete and accepted in the Judgement Day. People have forgotten our original calendar, they are using the calendar of Christian world, they are confused and have lost their way. Therefore, the last day of hijri year 1431, is this coming Monday, (and) the first day of year 1432, is coming Tuesday: If you fast these 2 days, you get rewarded as if you fasted whole year. Then ashura days, they are 10 days. Whom they want, they can fast these 10 days or they can fast (the) 8th, 9th, and 10th day; or they can fast (the) 9th, 10th, or (and) 11th day.

Dont leave Muharram without fasting in it. It is an honoured month and it is coming loaded this year. Trouble and violence is everywhere now: do not go out too much, especially at night time, do not go anywhere, dont even go out to go to mosque, ladies. Do not go out for shopping, you leave shopping to your husbands and to your sons. You, ladies, do not go out for shopping. And also, in the month of Ashura, everyday make 40 salawat sharif tunjina:

100 times, Hasbuna Allah Rabbuna Allah

100 times say Bismillah er Rahman er Rahim

100 times Ikhlas al Sharif

100-1000 Salawat al Sharif

Be careful about your prayers. Like we said, if you want, you fast for 10 days, or if you want you fast the first day, and (the) 8th, 9th, 10th or 9th, 10th, 11th (day). Or if you fast only the 10th day, it is still enough. Whom they want to fast more, whom they want to please Allah and find place in Allah's heavens, they can fast more, they make more dhikr. Dunya is temporary, hereafter is eternal. We are not created for dunya, we are created for the servanthood of Allah Almighty. Your effort should be for hereafter - dunya is nothing. If you collect whole dunya, if it is all yours, even if all treasures of dunya belong to you: when you die, all of them are gone.

Try to find a place for yourselves in akhira, in heavens, try for the servanthood of Allah. You may find comfort in dunya, and your hereafter is eternal. Look after your children, at least keep them with you. Accustom your children to prayer when they are 5, 6, 7 years old. Do not torture them, be patient with children, do not treat them roughly, keep them well, dont beat them. Do not beat children, they are innocent, dont make innocent children cry, then you may cry. No matter how much they misbehave, maybe a little bit (punishment) because people have become wild now, they are torturing their children. Now there are evil people, who beat up their children very badly. That there is no limit to how much they will be beaten in hereafter. Whom they torture their wives, there is no limit to their punishment. I am also speaking to men, to whole Anatolian people: treat your wives well.

If this government was (would be) good, they would make ladies housewives, not let them work outside. But all their work is against the Divine Law. Therefore always troubles, fires, disasters on them, in Turkey. Other nations even more, but there is noone who keeps the advice. There (is) fire, here flood, there earthquake, etc. In Turkey everything is messed up. For what? Because they left Allah's way for 90 years, they put aside Allah's Divine law, they are making laws as they like. The law they made as they liked, has no benefit for themselves nor for others. If they keep the laws Allah sent, then they may rise and their prestige go up and they may find honour, if not, they are on zero level. They can not pull themselves together.

Juma prayer is also put aside in Turkey, they put aside juma and put sunday (on its place). We have no

connection with sunday, our holy day is friday. In every week, every time, juma is the festival day for believers. That day everybody, all offices work. This is done on purpose, so that people can not go to juma and it is forgotten. Juma can not be forgotten! For those who forgot juma, our prophet (sas) has cursed them; he said: they may not pull themselves together. Turks can not pull themselves together now, until they remove sunday and bring friday holiday.

Oh Muslims, listen! If you don't listen, troubles may come on you as well, dont let your wives work outside. Higher education has no meaning: what is high about them, if they dont teach Allah? How can it take you up? It may take you up, up and then drop, you fall and break down.

Ladies, you shall be housewives, keep your virtue and honour, do not let your daughters go to mixed schools. Ladies are not to work outside, for them their homes are appointed, they should stay in their homes, watch their homes. They should watch their virtues, they should be good mothers and raise their children well. Now what they say: my wife works and children are in limekiln (nursery). It is not limekiln, Sheikh Affendi, (words resemble: limekiln & nursery). What do they call it? Nursery. Why you call it nursery, not limekiln? Throw your children to limekiln and you go out and have fun, work. It is not men's turn to work? Men wander around in streets, all women fill offices - ladies place is not offices.

## Muhiy id-Din und der Engel

Unser Großsheikh erzählte eine Geschichte von Muhiy id-Din, der einmal mit dem Schiff auf stürmischer See reiste. Er schrieb auf ein Papierschnipsel: „O Meer, du mußt ruhig sein, denn auf dir befindet sich ein großes Meer.“ Dann versenkte er ihn ins Wasser, und augenblicklich wurde das Merr ruhig. Danach aber erschien ein großer Fisch, der sagte: „O Muhiy id-Din, ich habe eine Frage: „Wenn der Ehemann einer Frau sich plötzlich in einen Stein verwandelte, sollte sie drei Monate warten (den Zeitraum bei Scheidung) oder vier Monate und zehn Tage (den Zeitraum bei Tod)?“ Muhiy-id-Din antwortete nicht, sondern verstand, daß dieses Fragen gekommen war, weil er ein großes Wort gesprochen hatte, indem er sich selbst ein Großes Meer genannt hatte. Schnell machte er Sajda und bat um Vergebung. Dies war kein gewöhnlicher Fisch, sondern ein Engel, der von Allah gesandt worden war, um ihn zu lehren, daß auf jede Stufe des Wissens eine höhere Stufe folgt, ohne Ende. Es gibt keine Grenze für Wissen. Bei jedem Prahlen muß etwas kommen, das dir deine Schwäche zeigt. Allah der Allmächtige ist in der Lage, jedem mehr zu geben, als du hast. Er setzte Nimrud herab und zerstörte ihn durch eine lahme Fliege. Der Prophet sagt: „Wenn ein zerlumpter und mit Staub bedeckter Mensch, den niemand mag, Allah um irgend etwas bittet, vielleicht wird Er es ihm geben.“ Dies lehrt uns, demütige Leute gegenüber unserem Herrn zu sein. Demütige Leute sind immer in Sicherheit, jetzt und hiernach. Zeige nicht deine Macht oder deinen Rang oder Reichtum vor Leuten. Vielleicht wird es von dir weggenommen und einem anderen gegeben werden. Schau nicht von oben herab auf andere Leute

runter. Allah wird dich hinunterbringen und einen anderen hinaufsetzen. Es ist Seine Eigenschaft, Er erhöht und Er setzt herab.

-

## MUHIYUDDIN IBN ARABI

Muhiyuddin ibn Arabi, möge Allah sein Geheimnis heiligen, der größte Scheich, hat in seinen ekstatischen Zuständen Wissen aus der göttlichen Gegenwart erfahren, welches er direkt von Allah bekam. Er schrieb in manchen Nächten mehrere Bücher, von denen jede Seite mit außergewöhnlichem, höchsten Wissen vollbeladen ist, welches nur Auliya, Heilige zu verstehen fähig sind. Ein Teil davon ist selbst für Heilige unverständlich, und nur die Naqshibandi-Großscheiche vermögen in diese höchsten Bereiche einzudringen und es zu verstehen. In einem seiner Bücher beschreibt Muhiyuddin ibn Arabi, möge Allah sein Geheimnis heiligen, für dessen Wissenschaft es selbst in Europa und Amerika an mehreren Universitäten Lehrstühle gibt, die Ereignisse, die die Welt noch zu erwarten haben würde von der Zeit seines Lebens bis zum Jüngsten Tag. Er sagte in verschlüsselten Reimversen eintausendundein Ereignisse voraus, die bis zum Auftreten von Sayyidina Mahdi (Fmi) eintreffen würden. Davon sind jetzt bereits neunhundertneunundneunzig eingetroffen und Wirklichkeit geworden, und es trennen uns nur noch zwei vom Erscheinen unseres erwarteten Kaliphen.

Eines davon ist das Einmarschieren der "Banu Asfar", eines gelben Volkes, womit die Russen gemeint sind, in die Türkei. Diese Besetzung wird drei Monate lang dauern, und sie wird der auslösende Grund für einen Krieg sein, der sich über die gesamte Welt ausbreiten wird und sie zum großen Teil zerstören wird. Die militärischen Streitkräfte in Anatolien sind noch immer glaubensstarke Männer und fühlen sich noch immer

als osmanische Soldaten. Nach der Beschreibung von Muhiyuddin ibn Arabi, möge Allah sein Geheimnis heiligen, wird aus Sham, der Gegend von Damaskus, eine große Streitmacht kommen und sich mit den Türkischen Soldaten vereinen. Sie werden am Ende der drei Monate die Russen zurückschlagen, und es wird kein Staubkörnchen eines Kommunisten mehr übrig bleiben.

## Al-Muqtadir Jalla Jalalahu

He stopped, couldn't bring an illustration to it. An astonishing thing has come to us to explain; Al-Muqtadir. It has more emphasis than Al-Qadeer, Al-Muqtadir. Muqtadir, what does His capacity reach to? Till where? GrandShaykh didn't answer, made it stop there. Now an illustration of it has come to us - He is Muqtadir/Omnipotent till where? He (swt) can make all this creation sit on an atom.

Does He have the power, capacity for it? Finished! Allah is capable of making the whole creation sit on an atom. Look at the Greatness! The least illustration came to my heart. This is very strong- Al-Muqtadiru. Till where does His capacity reach? GrandShaykh didn't answer, made it stop there. Later again he gave it to us now, our GrandShaykh- an atom. He (swt) can make all the creation get on an atom.

Do you have a doubt? He (swt) makes all creation get on an atom. Who can do this? Allah can do! He is the Muqtadir- Omnipotent. Kun..."'Idha 'Arada Shay'aan 'An Yaqula Lahu Kun Fayakun" (36:82) "Get on this atom, whole creation!" It immediately gets on! "'Idha 'Arada Shay'aan 'An Yaqula Lahu Kun Fayakun". May He reach us before Qaf reaches Nun, Our Allah, Our Subhan! Our Allah, Our Subhan, O our Lord! Tawba Ya Rabb.

Who are we? Allah Almighty granted us comprehension also. Granted man comprehension because "Wa Laqad Karramna Bani 'Adama" (17:70) We have the Divine Honouring whose limits you can't know. Our happiness, our Lord sent us His Beloved (sas) for our happiness. Our happiness is from our Glorious Prophet (sas). May we raise the flags of our Glorious Prophet. May you give us power, may you give us power Ya Sayyidi Ya Rasulullah. We ask power. We

ask strength. May we open, may we open.. May we be from the ones who receive the ma'arifats, O Lord.. Allah Allah. Allah Allah.

In every moment, Allah Almighty creates universes in places where our numbers can't reach. You understand? There is this universe now, right? There is this world. In every moment Allah Almighty, Khalaq al-Azim, doesn't finish & sit like this. He has the Holy Name "Khalaq". He continues, doesn't stop. Allah Almighty being Khalaq cannot be cancelled. Therefore continuously universes, universes, universes... He doesn't consider them as His Dominions/Mulk. It is what He created. He, Himself is the Malik ul-Mulk.

You are Subhan O Lord, what can we understand? We can't understand anything. Allah..If He opens, you get drunk. You get drunk.. They say "you do as an ant, little". So your understanding is like an ant. What can an ant understand of man. Its understanding is on the lowest level. It doesn't have comprehension, an ant can't comprehend man. "Ma Qadaru Al-Laha Haqqa Qadrihi" (22:74) What capacity does man have to understand Allah Almighty? What capacity do we have? None. We are at zero level, always at zero level. Khalaq al-Azim, Azim.

Khalaq is a Name with emphasis in it. There are so much, so much... For this they are rushing to listen to the awliyas, there is One who makes them speak. There are words Ibn Arabi didn't speak of- He is also such a holy Sultan. He said words that no one understood. But all of them are understood. If there was no one to understand he wouldn't have said it. But he is made to say them.

Tawba ya Rabbi. Fatiha for all of them. Allah..Allah.. Our Subhan, our Sultan, our Allah, all Praise be to Allah from pre-eternal up to eternal. Shukur, Allah Almighty brought us into existence. What a great blessing for us, what a great blessing for us. What a great blessing. Aman Ya Rabbi, Tawba Ya Rabbi. Tawba.

May we become more powerful. May the flags of Islam rise. All of these servants will understand something, the ones who will die as well as the ones who survive. Fatiha.

In the distance from here up to the sun He (swt) can put 1 million suns like our sun. Can He (swt)

put? All around it where the rays come out, Can He (swt) create a new sun inside each one of these rays? A new creation opens continuously. Khalaq al-Azim. Allah... Aman Ya Rabbi. Tawba Ya Rabbi. Tawba Ya Rabbi...Allah.. Tawba Ya Rabbi. Tawba Ya Rabbi.

Our Subhan, Our Sultan, this is all we can say! Subhan- no one can know its meaning. Sultan is known a little bit but it is like an ocean, no one can know how He is Sultan, how He is Subhan. Is there anyone who can explain these? The Prophets are also helpless on this, except for our Prophet (sas). We can't judge him. Hasha! We don't judge anyone, we don't judge anyone.. Fatiha.

The knowledge S. Khidr (as) had, that "`Allamnahu Min Ladunna `Ilmaan" (18:65). What it says as knowledge of "ladun" is from the ocean, we can't speak of it. An atom from it is opened to the Sultan of the Prophets (s). What is opened beyond this, we can't speak of. No one can know the rank of the Prophet (s), no one can know what he knows. No one can know the capacity of our Prophet also (sas). SubhanaHu wa Taa'la, Allah Jalla Jalalahu granted him so that he can understand & explain to people as much as they can understand. Aman Ya Rabbi. "`Allamnahu Min Ladunna `Ilman" The knowledge of ladun is an endless ocean of mercy and knowledge ...

**Muqtadir Allah**

---

Er hörte auf, konnte keine Illustration dazu bringen. Eine erstaunliche Sache ist zu uns gekommen, um sie zu erklären, Al-Muqtadir. Es hat mehr Gewichtung als Al-Qadir, Al-Muqtadir. Muqtadir, bis wohin reicht seine Fähigkeit? Bis wohin? Großshaykh hat das nicht beantwortet, ließ es dort aufhören. Jetzt ist eine Illustration dazu zu uns gekommen. Er ist Muqtadir, fähig, bis wohin? Er (swt) kann die ganze Schöpfung auf einem Atom sitzen lassen. Hat Er die Macht, das Vermögen dafür? Erledigt! Allah ist fähig, die ganze Schöpfung auf einem Atom sitzen zu lassen. Schau auf die Größe! Die geringste Illustrierung kam zu meinem Herzen. Das ist sehr stark - Al-Muqtadiru. Bis wohin reicht Seine Fähigkeit? Großshaykh beantwortete das nicht. Er ließ es dort enden. Später gab er es uns jetzt, unser Großshaykh - ein Atom. Er (swt)

kann die ganze Schöpfung auf ein Atom bringen. Habt ihr Zweifel? Er (swt) bringt die ganze Schöpfung auf ein Atom. Wer kann das? Allah kann das! Er ist der Muqtadir - der Fähige. Kun..."Idha 'Arada Shay'aan 'An Yaqula Lahu Kun Fayakun" (36:82). 'Geh auf dieses Atom, gesamte Schöpfung!' Sie geht sofort drauf. "Idha 'Arada Shay'an 'An Yaqula Lahu Kun Fayakun".

Möge Er uns erreichen, bevor Qaf Nun erreicht, o unser Allah, unser Subhan. Unser Allah, unser Subhan, o unser Herr! Tawba ya Rabb. Wer sind wir? Allah der Allmächtige gab uns auch Verständnis. Er gab dem Menschen Verständnis, weil "Wa Laqad Karramna Bani 'Adama" (17:70). Wir haben die Göttliche Ehrung, deren Grenzen wir nicht wissen können. Unser Glück, unser Herr sandte uns Seinen Geliebten (saws) für unser Glück. Unser Glück kommt von unserem glorreichen Propheten (saws). Mögen wir die Fahnen unseres glorreichen Propheten hochhalten. Mögest du uns Kraft geben, mögest du uns Kraft geben, ya Sayyidi ya Rasulullah. Wir bitten um Kraft. Wir bitten um Stärke. Mögen wir öffnen, mögen wir öffnen... Mögen wir zu denen gehören, die Marifats erhalten, o Herr... Allah Allah, Allah Allah.

In jedem Moment, erschafft Allah der Allmächtige Universen an Orten, die unsere Zahlen nicht erreichen können. Versteht ihr? Es gibt jetzt dieses Universum, nicht wahr? Es gibt diese Welt. In jedem Moment... Allah der Allmächtige, Khallaqu l-Azim, hört nicht auf und sitzt einfach so da. Er hat den Heiligen Namen "Khallaq". Er macht weiter, er hört nicht auf. Daß Allah der Allmächtige Khallaq ist, kann nicht annulliert werden. Deshalb entstehen ununterbrochen Universen, Universen, Universen... Er betrachtet sie nicht als Seine Herrschaftsbereiche, Mulk. Es ist das, was Er erschaffen hat. Er Selbst ist Maliku l-Mulk. Du bist Subhan, o Herr, was können wir verstehen? Wir können nichts verstehen. Allah.. Wenn Er öffnet, wirst du trunken. Du wirst trunken...

Sie sagen: 'Du lebst wie eine Ameise, im Kleinen.' Also ist unser Verständnis wie das einer Ameise. Was kann eine Ameise vom Menschen verstehen? Ihr Verständnis ist auf der untersten Stufe. Sie hat kein Begriffsvermögen. Eine Ameise kann den Menschen nicht begreifen. "Ma Qadaru l-Laha Haqqa Qadrihi" (22:74) Welches Vermögen hat der Mensch, um Allah den Allmächtigen zu verstehen? Welches Vermögen haben wir? Keins. Wir sind Null, immer Null. Khallaqu l-Azim, Azim. Khallaq ist ein Name mit Gewicht. Es gibt so viel, so viel... Deshalb eilen sie zu den Awliya, um zuzuhören. Es gibt Einen, Der sie zum Sprechen bringt. Es gibt

Worte, von denen Ibn Arabi nicht sprach. Er ist auch so ein Heiliger Sultan. Er sagte Worte, die niemand verstand, aber sie werden alle verstanden. Gäbe es niemanden, der sie versteht, hätte er sie nicht gesprochen. Er wurde dazu veranlaßt, sie zu sagen. Tawba ya Rabbi. Fatiha für sie alle. Allah... Allah...

Unser Subhan, unser Sultan, unser Allah, aller Preis gehört Allah von Vorewigkeit bis Ewigkeit. Shukur, daß Allah der Allmächtige uns in die Existenz brachte. Was für ein großer Segen für uns, was für ein großer Segen für uns! Was für ein großer Segen. Aman ya Rabbi, Tawba ya Rabbi. Tawba. Mögen wir kraftvoller werden. Mögen die Fahnen des Islam gehißt werden. All diese Diener werden etwas verstehen, diejenigen, die sterben, wie auch diejenigen, die überleben. Fatiha. Auf der Strecke von hier bis zur Sonne kann Er (swt) eine Million Sonnen wie unsere Sonne plazieren. Kann Er (swt) das? Um sie herum, wo die Strahlen herauskommen, kann Er (swt) eine neue Sonne schaffen in jedem dieser Strahlen? Eine neue Schöpfung öffnet sich ununterbrochen. Khallaqu l-Azim. Allah... Aman ya Rabbi. Tawba ya Rabbi. Tawba ya Rabbi... Allah... Tawba ya Rabbi. Tawba ya Rabbi.

Unser Subhan, unser Sultan, das ist alles, was wir sagen können. Subhan - Niemand kann seine Bedeutung wissen. Sultan ist ein wenig bekannt, aber es ist wie ein Ozean. Niemand kann wissen, wie Er Sultan ist, wie Er Subhan ist. Gibt es jemanden, der das erklären kann? Die Propheten waren auch hilflos demgegenüber, außer unser Prophet (saws). Wir können ihn nicht beurteilen. Hasha! Wir beurteilen niemanden, wir beurteilen niemanden... Fatiha. Das Wissen, das S. Khidir (as) hatte, dieses "Allamnahu Min Ladunna `Ilman" (18:65), was es benennt als Wissen von "Ladun", kommt aus dem Ozean, wir können nicht davon sprechen. Ein Atom davon ist dem Sultan der Propheten (saws) geöffnet worden. Was darüber hinaus eröffnet wurde, davon können wir nicht sprechen. Niemand kennt den Rang des Propheten (saws). Niemand kann wissen, was er weiß. Auch kann niemand das Fassungsvermögen unseres Propheten (saws) wissen. Subhanahu wa Ta'ala, Allah Jalla Jalaluhu gewährte ihm, so daß er verstehen und den Menschen erklären kann, so viel sie verstehen können. Aman ya Rabbi. "Allamnahu Min Ladunna `Ilman" (18:65). Das Wissen von Ladun ist ein unendlicher Ozean der Gnade und des Wissens...

## Muraqabah is meditation

Meditation is concentration and focus. Meditation is to ask and to find a way to reach for what you are seeking. It is the last level, the last point, that our spirituality reaches. Meditation is not sitting on your legs, crossing your legs, closing your eyes and thinking that you are reaching what you are seeking. This is only imitation, not meditation. Meditation is not for beginners. It is the last level for the travelers of this Way, the highest level of Sufi practice. Meditation is not for everyone. The beginner must first be prepared and trained through other spiritual practices that lead to the development of the characteristics necessary to reach the level of meditation. He must learn the rules and master the methodology of Sufism to reach that point. He must be trained.

This training is essential, because meditation requires you to stop some of your feelings and desires. You must eliminate them to prepare for even the first step of meditation. You are filled with useless things and must purify yourself and learn to control these thoughts and feelings before your practice of Sufi meditation can be successful. Sufi meditation is a connection, and your physical being must be able to carry that connection. If you meditate and yet remain under the control of your physical desires, then your meditation will be false. You may believe that you are meditating, but you will only be deluding yourself You cannot succeed in this discipline without first purifying yourself and learning how to block such distractions. In Sufi meditation, you must drop everything from your desires except for the love of that one upon whom you are meditating. You must break every desire except the love of that one. If other desires remain, then your meditation will be fruitless. You may claim that you are practicing meditation, but there will be no basis for that claim.
Just as a river that runs to the ocean upon reaching it becomes one with it, so does the path of Sufi meditation lead the seeker to annihilation in that which he is seeking.

However, this requires the seeker to maintain a single-minded focus upon his goal. Only if he is willing and able to leave everything and turn inward with undivided attention can he travel this path to its end. If he does, then he will find what he is seeking. You may make Sufi meditation to the spiritual master (Shaykh). Consider the Prophetic tradition that states:

Without a doubt, knowledge is acquired by learning, and forbearance is acquired by demonstrating forbearance.

We are not putting the guide in the heavens nor putting him beside the Holy Throne. We are not making meditation to the shaykh, imagining he is sitting on the Throne. We are not saying this at all. We are speaking of the material world. To make meditation to the guide, the spiritual master, is to listen, to hear, and to accept clearly what the shaykh is teaching you. Meditation to the master is to be in the Presence of the Shaykh (huduru 'sh-shaykh) That is Sufi meditation. If he is not there, there is no Sufi meditation. Real Sufi meditation is for God, but the master is preparing you to reach the Divine Presence and to make true Sufi meditation.
It is like the construction of a rocket. The scientists, engineers and technicians prepare everything. They put the crew on board and launch the spacecraft. However, those scientists, engineers and technicians who are on Earth must first prepare the atmosphere on the spacecraft for those who want to reach the moon, or Mars, or Venus, or Pluro, or Neptune, or Jupiter or wherever. They do this while they are still on Earth. In the same way, the Sufi guide is preparing his followers and sending them on to the Divine Presence. The shaykh is not saying, "Connect to me instead ofyour Lord, and be with me." No! He is only preparing you.
As we mentioned, the Prophet said:

Without a doubt, knowledge is [acquiredJ by learning.

A person who is asking to reach the station of meditation with their Lord must first be prepared. The master teaches his students how they must be in order to be ready to reach their Lord's meditation. He does this through Sufi meditation. Whether his disciples are near or far, the master prepares them through Sufi meditation, just as engineers prepare a rocket for its ascent. Through Sufi meditation, the shaykh is teaching a way of making meditation to God. Before you can reach the Divine Presence, your heart must be with the shaykh and your mind must be with the shaykh's mind, so that you will be prepared. You cannot prepare

yourself, by yourself, for such a journey.

Consider the Prophet's Night Journey. Even he first had to prepare. He did not go directly up to the heavens. First, the archangels Israfil, Michael and Gabriel came to him in the Sacred Mosque.

They were preparing the Prophet for meditation with his Lord Almighty, and they did not leave hirn until he was ready. Archangel Gabriel brought hirn to the Station of the Highest Lote Tree. Up to that point, he was in meditation with Archangel Gabriel. When they reached that station, then Archangel Gabriel, left, saying, "My meditation is finished. Muraqabah with me is finished. Now you have reached what you were asking for." Archangel Gabriel could not pass that point because that is the boundary beyond which the mind can no longer function, beyond which there can be no understanding.

Those who have the requisite spiritual abilities can bring to mind the inheritors of the Prophet, in order that they may prepare them for the journey to the Divine Presence. They may use their imagination to bring the spiritual master to mind, but it requires special power. Sometimes, the shaykh will appear to them through dreams. Sometimes, if the seeker is more advanced, they may look for the shaykh while they are awake and find him. The spiritual guide is a means. He is not the target. The guide is serving, helping and directing his disciple. Therefore, the disciple must be with the guide. He must make meditation with his master.

The shaykh is looking after his disciple, and through Sufi meditation, he may correct any wrong actions of his disciple. Just as a driving school instructor teaches new drivers to prepare them for their licenses, the shaykh instructs his students to prepare them for the journey to the Divine Presence. In driver's training, the instructor sits next to the student and looks after hirn, seeing how he is doing. If he is not looking, the student may have an accident. Therefore, the teacher is sitting next to hirn and teaching hirn. When he learns, then he receives his license and there is no longer a need for the instructor to be always with him.

Oye who believe! Persevere in patience and constancy; vie in such perseverance; strengthen each other (rabitu); and fear God that ye may prosper. (3:200)

This means, you must tie yourself to your spiritual master. This is what you do when you are initiated into this Order, when you take initiation (baya) with your guide. Rabitah means "to be bound." If you are not bound, you will be lost. Initiation is establishing the bond. Everyone who is initiated is bound to the guide.

Thus, he may be representing thousands or millions of disciples, just as the Prophet Muhammad is representing his entire Nation in the Divine Presence.

When you establish the bond, you reaffirm this connection. You say, "I am under my guide's control. I am under his dominion." Everyone that has a guide is under his dominion. You must feel that you are under his dominion. Dominion means accepting one's spiritual master will never leave hirn to succumb to any evil or devils. Dominion is the power of spiritual masters. You must know that you are in his dominion, in his authorized area. You must say, "I am swimming, trying to reach the beach of his dominion, to find the way towards my Lord."

The best time for Sufi meditation is during the last half of the night. The seeker must sit down and must try to forget everything in existence except their guides, asking to reach the Divine Presence.

When you make Sufi meditation, you must close your eyes, so as not to be distracted by things that are around you. It is best to perform Sufi meditation in the dark, because
this helps the seeker blot everything else out of existence, leaving hirn alone with his Lord, Almighty God, alone with the Prophet and alone with his spiritual guide. The Lord Almighty, Exalted and Glorified, said to the Prophet Adam:

I am going to send to you My Guidance. (2:38)

The word used here for "guidance" is huda, an adjective. In this sense, guidance must be dressed on a person so that they can follow it and benefit from it. Therefore, when God is saying, "I am sending to you My Guidance," it means He is sending some specially prepared and trained minds who know, so that the children of Adam, might be led to the Truth.
God is saying to us, "You cannot reach Me except through following My Guidance." Initially, that guidance came from the prophets, may God's blessing be upon them all. After the prophets, their inheritors have continued to provide this guidance to humanity. If you want to be a guide, then you must be dressed with guidance. Those who seek this must follow the inheritors of the Prophet. They must live with them. They must sacrifice themselves to be with them in their ocean of understanding. This, then, is Sufi meditation-to throw your self through that one's real being to reach the guide's reality. Where your guide is going, you must

follow. You must be with hirn. That is Sufi meditation.

God said:
And if as is sure, there comes to you Guidance /rom me, whosoever flllows My guidance, on them shall be no fear, nor shall they grieve. (2:38)

You must follow YOUR guide step-by-step, so that no devil can come between you and your guide. In this way, you accompany your guide (murafaqah), just as the Companions (Sahaba) did with the Prophet. The Companions made meditation with the Prophet. The Prophet's whole will was with meditation. Without meditation, you cannot follow guidance. Those who say otherwise are wrong; this is clear proof.

Everyone has a spirituality in which they have been dressed, and OUf spirituality is according to our belief power. The Prophet'$ spirituality must cover his Nation, reaching everybody who believes in hirn. Sufi guides also have a very powerful attraction, in order to make it desirable for people to follow them. This attraction is a form of spiritual gravity, majesty. The spiritual guide must have some special characteristics, because their spirituality may affect the personalities of their followers.

Today, there are some who say that making meditation to the Sufi guide is a form of polytheism. Are they saying that a servant must relate direcdy to the Divine Presence by hirnself? Ifthey are saying this, that means they are denying the use of a means or vehicle's which has always been a central element of Islamic spirituality. In this sense, it is certainly permitted.

When a traveler needs to reach his homeland, he needs a vehicle. Without a vehicle, he cannot reach his destination. The same is true for the spiritual traveler. He, too, needs a vehicle -in this case, a spiritual one. God referred to this in the Holy Qur'an, when He said:

Oye who believe! Do your duty to God, seek the means of approach unto Him (5: 35)

Thus, God orders the seeker to find a means to Hirn. In the same way, those who wish to speak to the Prophet $-to reach the Prophetie Presence-must likewise use a vehicle.
The permitted is clear and the forbidden is clear,6 according to the Tradition (hadith) of the Prophet it..
People cannot declare something forbidden just because they do not understand it. However, some people

are always declaring things to be polytheism. In doing so, they are giving themselves the value of polytheism, because they are giving themselves the authority to make something permissible or forbidden.

What, then, is their proof that meditation is forbidden? You cannot find any verse in the Holy Qur'an or the Traditions of the Prophet that says meditation is forbidden. It is only for God to make something permissible or forbidden.

The Prophet said, "What is forbidden is clear and what is permitted is clear."

Those who declare the practice of making meditation to the Sufi guide forbidden have no authority to do so. They are stating their opinions, and their opinions do not carry the weight of scholarship or law.

They are foolish people, indeed, who believe that one can reach the Divine Presence without a vehicle, without relying on a means. Ir is as though they are saying, "We may reach the moon without using anything. We may jump from here to there!" What is the purpose of knowledge if one does not use it?

Such people tell those who listen to them that all the knowledge they need, can be found in the Holy Qur'an. They say, "Read the Qur'an and you will understand." That is destroying Islam. It is God's Ancient Holy Words. How then, can they say that everyone can recite and understand such a sublime text? On the contrary, God said:

If they had only referred it to the Messenger, and to those in authority among them, those among them who can search out the knowledge of it would have known it.
(4:83)

You must listen to those servants who have been granted authority. Only they can discern the real meanings from what is necessary to be known. Only they may comb the oceans of Divine Knowledge and bring back pearls. Not everyone may comb through the oceans and bring back pearls. That means, if you are unsure about something, you must find such a person-one who is bringing pearls of meaning.

God has given that understanding only to those special people whom He has authorized to receive it. Not everyone understands. Those who believe otherwise are falling into unbelief (kufr). So, too, are those who-acting upon this misguided belief that the full knowledge of the Holy Qur'an is available to all-declare that the

practice of making meditation to a Sufi guide is unbelief fall into unbelief themselves. The irony of their claim is that, through meditation with the Sufi guide, one may co me to a real understanding of the Qur'an.

May God forgive me and bless you. Al-Fatiha.

## The First Order to Mureed Men is “Marry!”

...W ’aghfirlana, w ’arhamna, wa tub`alayna, w ’ahdina, w ’asqina, w ’aslih shaananaa wa shaan al-muslimeen, f ’ansurna `ala ’l-qawmi ‘l-kaafireen. Wa ansur sultaana wa sultaana ’l-muslimeen. Bi-jaahi man anzalta `alayhi Surat al-Fatihah.

(Baya`)

May Allah give you strong imaan. May He give you a blessed life, here and Hereafter, for you to be under the holy flag of Rasoolullah (s).

O People! Keep your customs. O our Naqshbandi brothers and sisters! Try to keep our old customs. Don’t follow the customs of western people. You must change everything; your outlook and your inner thinking, so that the Seal of Prophets (s) may be happy with you.

O People! As-salaamu `alaykum.

Fatihah.

Haraam! Women have no mustache, so you (men) must keep a mustache. It is also really haraam to make

ladies work with men. It is strictly haraam! I've never liked it. Even if they are bringing one sack of gold every week, I still don't like it! To eat chapatti bread with salt is better than (for your women) to bring money from outside and eat curry. Eat chapatti that is halaal will be good for you.

(To a mureed) Are you married? I don't like any unmarried men coming here; I am not accepting that. Whoever comes into tariqah, the second order for him is to marry. This is for you (men), not for them (women), because you can ask ladies for marriage, but they can't say to you "Marry me!" Shari`atullah does not accept this. Please look after them (women).

(To various men in the crowd.) Are you married? (Sayyidee no, inshaa-Allah soon with your du`a.) You? (Yes). When I tell them the second time to get married, and they still come to me unmarried, then I (tie a knot), then they won't be able to marry anyone, finished! I have such powers also. Therefore, you must look after getting married so that Allah may give you much more barakah.

Fatihah.

Take oranges, lemons, grapefruit, whatever you like from here; it is our small gift to you. Welcome to you, khosh-amadeed. May Allah give you happiness here and Hereafter. To be pleased with your Lord, Almighty Allah, will make you pleased here and Hereafter. Shukran, shukriya, thank you!

# O Muslims! Do Not Be Leftists!

(Mawlana Shaykh stands)
Allahu Akbar, Allahu Akbar, la ilaha ilAllah! Allahu Akbar, Allahu Akbar, wa lillahi' l-hamd!
Alfu's-salaat wa Alfu's-salaam. Ya Sayyidi, Ya Rasulullah! Madad, madad, madad.

As-salamu alaykum, O people! O mankind, keep your honour. Anyone coming and listening and making people to listen, they should be honored and keep yourself to be clean ones. Keep yourselves, O people to be honorable ones. O people look after yourself to be a good one.

As-salamu alaykum wa rahmatallahi wa barakatuh! Madad, Ya Sultan.

O people, goodness running from one to second one, and try to be on bridges of goodness to reach to people. O people, I am a weak servant of our Lord. I know nothing but what they are sending from the Master of this planet. I may speak. And, mostly, now my mission is warning for whole mankind, because they are running towards a bridge that it is broken. And they may fall, all of them, through that huge nahar, river. May fall in it and never appearing. Perhaps a black hole may swallow them, taking them away from this world and making them.

Once upon a time there were some people living on that plain, but now they finished, disappeared. Allah subhana wa t'ala! Allah, Most Glorious, Most Majestic, Most Magnificent, Most Mighty, Allah Almighty! Creating, creating! And asking Him to grant from His endless generosity oceans to His Creation.

O people enough to be heedless, enough to be drunks, enough to be sleeping. Wake up! O Mankind, wake up and look around yourself. Where are you? Where are you? From where you are coming? To where you are going?

I am a warner. Warning you that a black hole may swallow you, one after one, and disappearing. And holy books just mentioned everything. Some of that knowledge coming and reaching to me also. And my grand master coming to me, and he is sending to me a message from their holy lions. When is the last day coming? That it should be the Day of Resurrection, or another name for it -- that it should be Judgment Day. The ordering that it should be crowding in a big plain. And He is ordering to look after everyone. What they did through their lives? How they were dealing with their prophets? And prophets, they were exceptional people. What was their opinion about those exceptional ones?

He should ask, "O my messengers, just I had been, I had sent you to My servants on this planet. What was their reactions about you?"
And prophets, they are going to say, "O our Lord, You know very few ones are following us and mostly they are escaping away."
"O My prophets, tell Me about your nations. What you were declaring to them? To what you were calling?"
"O our Lord, You know. Mostly, we were calling to You. But mostly their reaction was every time, every time, they were refusing."
"Their reaction when you were calling them to Me: what were they doing?'"
"O our Lord, You know their reaction was to escape."
"O My selected ones, don't say another word. I sent to you My heavenly message and you were calling them to Me, calling them to goodness, calling them to be honored ones. You were calling them to be good ones. You were calling them to be good servants."
"O our Lord, You know they were escaping."
"You were calling them to truth, but they were preferring to run after bad things. And you were calling them to be with you and you are with Me."

"O our Lord, they were running away. They were so stupid ones. Saying this is golden and this is earth. Not only earth, but carcass. You know, O our Lord. We were calling them to goodness, to cleanliness, to be honored ones, but they were preferring to run after carcass."

That time, the Lord of Heavens, He was putting His scale of justice to look their actions and the value of their actions. Good ones should be taken to right and bad ones should be taken to left side, leftists. Subhanallah! That leftist people are followers of Shaytan. They never believing in anything. They are only believing in satanists. And they are trying to make all people like satans, because satans have different colors and different showings. Because people thinking they are good ones. But this is not true. Some people thinking they are like black ones. But this is not true. Some times they are like white ones. They are like chameleon. Chameleon. They may show themselves sometimes white ones, sometimes red ones, sometimes green ones, for cheating people. Leftist people, their real characteristic for that point. And they are liars. They are tricks for satans to make people to fall into traps for satans. Now, looking whole people east and west coming under leftist people, not showing their real appearance. Never! They are first class cheaters. Like satans, Shaytan graduated leftists.

I am saying this as they are saying to me. I am warning people. I am nothing. I am nothing. Only to make people careful or fearful from their tricks. Even just, islamic world just cheated by them. Arabs particularly they were cheated. And so many terrorists Arab countries. They are asking to follow the ways of leftist people, and leaving the real way for paradise to make them happy in here and hereafter. But first fitna just appear through Arabs. So many, so many tyrants, they are Arabs. Now, even now, so many states of Arabs, they have tyrants. They are never looking for Holy Qur'an. Holy Qur'an is in Arabic, but they are making to leave Holy Qu'ran. And to run after leftists. What about Holy Qu'ran? Holy Qu'ran taking rights from people? Or Holy Qu'ran preventing people to reach their rights that Allah granted to them?

And they are saying, "We are getting to be slaves," because Shaytan, he did that big lie for people because we are not free. And freedom he is going to give to you. And leftist people they just graduated their leaders by satans. And satans saying, "I will give you freedom. Freedom." They are putting ....on their eyes, ...their ears and putting on them chains. And they are saying,"'Now you are free. You are in your best freedom." Because, also, they are putting an eyeglass that showing a white-black one, black-white one, red-green one, green-red one. And saying, "Now you have reached your full freedom. And anyone asking this freedom, we are cutting

their heads and throwing away. Now we are in best position, now we just reached freedom."

And holy books just gave, reaching to 21st century on Earth. How you reach people now who are under full control of satanic tyrants? Astaghfirullah. O our Lord, we do our best for You, but your servants doing their worst. O our Lord forgive us. Take away those satanists away. Make du'a that we be for Your heavenly service. Save ourselves from being slaves to satanists and make us to be Your servants. Save us to have power and to have such a strong belief, ihsan, and protect us to have real belief, mu'min, in this world.

Coming the Day of Resurrection when the Scales, the Balance. The Lord of Heavens ordering, "Look Our people that they have been on earth for a life. Look which ones just followed heavenly orders." Yes. Who they were believers in heavenly holy books, holy commands of heavens, they should be taken away to Paradise. Then others should be on a big plain. It is written and mentioned through holy books, including Holy Qur'an, that should appear, should appear from fire, from hells, a neck. Very strange creature getting out, and he is coming, approaching everyone who should be on that plain beginning as a hand collecting him, inside. Taking inside. Where they are going? No one knows. They taking them one after one til no one there. That is a million black holes. Taking in a darkness that you can't imagine its darkness. Through darkest territories they should be taken. They are thrown, thrown, thrown. That is black hole for the Day of Resurrection. Taken one by one. And going to be clean the plain of justice.

O people! Don't think we have been created for enjoying our physical being for haraam, prohibited works. People think we have been created for such a works. No, it is not true. Look in holy books. And holy books, it is forbidden. Even in some Islamic territories. Imitating, they are stepping the steps of non-believers and they are not putting holy books through their high schools or universities. They shall be taken first from that plain, and their intestines should be outside. They should be going around a place that they should be punished. And people spitting on them 'ptttuh'. And coming on them that bitter punishment on them. They should cry. But no one saying to them, "We are coming to save you." No.

But people, you may only saving yourself with true steps, and true steps only through holy books. If you are not stepping, your final position should be through hells, and that creature collecting you and throwing you through fire.

O people! Don't be wrong eyes, because there is some eyes seeing green, red and red, green. Correct your

looking and that correction coming only through Holy books. Correct it, and you shoud be saved. You should be granted endless, endless, Allah Almighty's endless generosity oceans. You should get in, should be for you everything that you are asking. O people, this is a very short time. Come and listen what they are speaking to my heart. I am speaking to you. Say to a second one, second one to third one to save humanity. And leftists are against humanity. They are the wildest people, dirtiest people, worst ones of humanity. And they are taking people but Lord of humanity shall take His revenge from them.

(Mawlana Shaykh sings)

ALLAH, ALLAH, ALLAH, ALLAH 4x
Ayna Musa, Ayna `Isa, Ayna Lut, Ayna Musa, Ayna `Isa, Ayna Musa, Ayna Nuh
Anta ya Siddiq `aasee, tubb lil-mawla al-jaleel.
dome, dome, dome, dome, dome, dome, dome, dome.
Ayna Musa, Ayna `Isa, Ayna Lut, Ayna Musa, Ahyna `Isa, Ayna Musa, Ayna Nuh
Anta ya Siddiq `aasee, tubb lil-mawla al-jaleel.
dome, dome, dome, dome, dome, dome, dome, dome.
Ayna Musa, Ayna `Isa, Ayna Lut, Ayna Musa, Ahyna `Isa, Ayna Musa, Ayna Nuh
Anta ya Siddiq `aasee, tubb lil-mawla al-jaleel.
dome, dome, dome, dome, dome, dome, dome, dome.
ALLAH, ALLAH, ALLAH, ALLAH 2x
dome, dome, dome, dome 4x

(40 minutes Sayyidee)

You must say always, "O our Lord, You are our Lord here and Hereafter." And you must be obedient for your Creator and say

Huuu Huuu Huuu Huuu 4x only Huuuuu!
dome, dome, dome, dome 5x

O our Lord, we must accept Your warnings! Give us such a power and understanding for stepping the steps of Your beloved ones.
Huuu Huuu Huuuu 3x ALLAH Huuuuuuu

Huuuuu Huuuu 5x ALLAH Huuuuuuuuu

Fatiha

Thank you our listeners. I am a weak servant, but what they are making me to speak it is a big, bigger and biggest station from heavens to Mankind on this planet. Take your care. Be careful. Beware from Shaytan. You shall be happy here and Hereafter. Fatiha.

## Muslims Lost Their Way; The Sultan Must Come!

Bismillahir-Rahmanir-Rahim

I like to speak Sheikh Abdul Hamid, but he is saying: “I am sleeping, not too much may speak... when you are speaking, I may sleep...”

So many people that they are not sleeping well, they are waiting [for the] khutba, Friday khutba, and Imam so long khutba and they are (sleeping)... they are saying: “So sweet sleeping!... We are [even] eating Valium, not sleeping, but this khutba, [this] khatîb...(very good!)...” Till (someone) may say: “Ya Hu, stand up, we are praying Jumu´a!” “Ha?... No Wudû’! Malesh...Bismillahir-Rahmanir-Rahim, Allahu akbar wa li-Llahi l-hamd!”...

Now he [Sheikh Abdul Hamid] is saying: “You speak, I sleep”...

As-salamu alaikum! Asta´idhu bi-Llah: “Salamun qaulan min Rabbin Rahim (Sheikh Mevlana is reading and blowing all over himself), Salamun qaulan min Rabbin Rahim, Salamun qaulan min Rabbin Rahim“! Ohhh...

O people! If you are not reaching to that honour, all your life just wasted and going to sewage channels! Dirty life! That is Allah Almighty’s Salam to His servants, to His sincere servants. Therefore most important thing

is to make between Allah Almighty and you a good way to do something or to live a life that makes you to reach to that most honoured addressing, Khitab, of Allah Almighty: Allah Almighty is saying to His servants: “Salamun Salam! Salamun qaulan mir Rabbin Rahim.” Allah Almighty giving His Salam to those people who are asking His Pleasure, who are trying to make Allah Almighty pleased with them. If you are not reaching to that, what is [the point]?...no meaning for your life!

You may try to be something - now new fashion: People don’t like to be on the level of servanthood, they are looking [down upon] the level of servanthood [as] no good, because their teacher [is] Shaitan. He was not happy to be on the level of servanthood, he was asking (more)..., because Allah Almighty granted to him a knowledge that other Angels were not granted and he was teaching them, he was teacher for Angels and Allah Almighty granted to Shaitan also ‘taufiq‘ (success), to be able to make servanthood that no any other one can do. His prayings and his worshipping was over Angels and also his knowledge was over knowledge of Angels and his ego keeping in his head that: “If I am granted or if I have such a high level over Angels, it is not enough for me to be on their level - because they are on the level of servanthood - but must be for me another level. I must be through Angels VIP Angel!”

Shaitan was asking to be VIP! “VIP! I am not ordinary servant, I am VIP servant!” and he fell down, even he wasn’t able to keep the level of servanthood; falling down to (such) a deep point that no one can fall, can be on that point, because his ego was asking to reach to a high level and he was asking to be that level only for him. He wasn’t happy to be another one on that position, he was asking to be alone, No.1: “No partner for me on that level!” and he (was) kicked down, because truly he was asking to be, to represent Lordship!

That was [the] real target for him: to represent Lordship from Allah Almighty, asking that he may be a representative for Allah Almighty’s Lordship. Can’t be! Lordship only for Allah, (He is) not accepting to be anyone else representing Him in His Lordship, hâsha!... This is important point! Why we are saying this now?

He (Shaitan) was swearing and saying: “O Lord, if You are kicking me out, I also should run after Your servants to make them to be like myself. I should be for them an example, or - more than example - a model for everyone, to run to be what I was asking. I shall make them to run what I ran to reach; I know that they are never going to reach. I was asking and I was thrown away, kicked down, therefore I am going to cheat them by teaching and saying: O mankind, you must try to be something! And when reaching to a level, you

must ask more than that level, higher, higher, higher, as I was asking to reach. Therefore I am going to teach them and cheat them, [saying] that: You must ask to be much more ranks for you. You can invent so many titles, and you must try to reach from one title to another title, till you are going endlessly to reach titles and make so many titles...”

Therefore now people, that they are just under the full hegemony of Shaitan, no one (is) saying: “This level or servanthood is much more or real(ly) my target to keep that level.” Everyone should ask to be more. Therefore: “My wife just brought a baby and we were looking for his future and just I registrated his name or her name for the Junior of Oxford or Cambridge or London University, just I registrated to take a step for my son, for my daughter...”

Look! (They are) beginning from birthday to make him an important person, more important, more important, more important... from Kindergarden, then Junior, then Elementary School, then Secondary, then College, then O level, then... W-level... Y-level... must be! They are yet not reaching O-level and A-level, but Y-level and Z-level, X-level... H-level- why not saying? E-level? “No we must try to reach every level” and then High School, then University, then PHD, then pitiful... masterhood, then Doctor... Doctor X.... “From where coming Dr. X.?” “Coming from Kenya.” “Kenia? He knows nothing! They are giving 'belash', free Doctorhood, we are not accepting! He must come to London, we must examine him. If he is good, we may begin from A-level, then...“ Ya Hu, he is going to be 90 years till reaching your level...

In Iran also! Therefore new President saying: “I am not accepting any level; must be level of mental-house, all of them, because I am chief now!” Important! Yes, may be important person coming from mental-house, may be from market, may be from flea-market - okay, but must be something! We are not accepting! 20th century mentality never accepting an ordinary person. We are saying for ordinary person: ‘You are on the level of animals. Where is your certificate? From where you graduated to be VIP?’ ”

Why they are keeping democracy, you know? Democracy, whole nations accepting it. For what? Because democracy giving a chance [to the] lowest person to reach highest level for dunya, but in monarchy no! (In) monarchy head level people (are) only royal people; (and) other people they are knowing where they are! Therefore monarchy [is] giving good adab; good attributes through monarchy people. Monarchy cutting their ways, not to reach up, therefore people - as Shaitan teaching them - they are running after democracy,

because from market you can bring a person to be President, to be Prime Minister, to be Minister - yes? Who is going to refuse democracy?

Same illness coming to Muslim world also. Muslim World also, they also don't like monarchy and Allah Almighty asking that: "You must ask: Bismillahir-Rahmanir-Rahim, qul Rabbi adkhilnî mudkhala sidqin wa akhrijnî mukhraja sidqin wa-j´al lî min ladunka - democracy? President? What? ...wa-j´al lî min ladunka Sultanân Nasîra!" [*] Arab! Arabs not understanding Quran? How it can be?... So clear that Allah teaching them: "Ask: wa-j´al lî min ladunka Sultanân Nasîra", because Allah Almighty helping only Sultan, never helping Presidents, never helping democracy, because it is shaitanic way! But what we shall do! Democracy giving chance to be President - who is asking to ask from Allah Almighty Sultan? No!

As long as they are not following Qur'âni Karîm they should be taken away and Sultan must come!

O people, it is a fine point! It is a good advice for ourselves, but (the) Muslim community - 1½ Billion people - (they are) not thinking on it!... You may be 100 Billion Muslims - you must have only one Sultan! Now for a handful of people they are asking to be (a) President, Prime Minister, Parliament... what is that Parliament? "For what?" "Parliament makes rules." "Our rules (are) Heavenly Rules." Coming; Allah just sending Heavenly Rules, unchangeable, never can be changed, never going to be out of time, no! If this Dunya may be up to eternity, Heavenly Rules never going to be changeable. Unchangeable! But finished Muslim world, (they are) not understanding!

The Prophet - sallaLlahu ´alayhi wa sallam - was saying: "When last days (are) coming, ´alim - who [is] understanding from real meanings of Holy Quran - are going to finish, but khutaba, khatîb, who [are] making on mimbars khutba, speech to people, ohhh! (So many!) But no (benefit), it is useless, because they haven't been given wisdoms; they are not knowing that Heavenly Rules (are) unchangeable. They are not knowing and everyone getting (up to make) khutba and praising their democracy, their republics, against the Rules of Heavens!

Therefore this all... Islamic world going to be changed and must come Sultan! Allah Almighty promised that: "When last days coming, I am sending to you, to Muslim people particularly and commonly for whole mankind, (a) Sultan! Sultan min ladunka, Sultanan Nasira!"

No Sultan, no ‘nusrat‘, no support from Heavens! Never supported Islamic world now and people (are) swearing [against] America, swearing [against] UK, swearing [against] Iran, swearing [against] Russia... useless! You, Muslim world, you must ask from Allah Almighty to send you Sultanân Nasîra; Nasîr = Mansûr, that [means:] "supported by Heavens!" If anyone on Islamic territories (is) not supported by Heavens, (he) can’t stand up. All of them should fall down and finish and Allah should send one Sultan and that is Mehdî - ´alayhi salam - now, we are waiting for him...

Wa min Allah at-taufiq!

O our Lord, forgive us! We lost our ways, send us that Sultan to take ourselves on Your way to reach to Your Holy Presence, to be addressed: “Salamun Salam! Salam min Rabbi s-Salam. Allah, as-Salam should give Salam, giving Salam to His believers. Try to reach to that point! Don’t try to be President, Minister, no, useless, nonsense!...

This speech - may be one library knowledge in it...

May Allah forgive me and bless you, for the honour of the most honoured one in His Divinely Presence, Sayyidinâ Muhammad - sallaLlahu ´alayhi wa sallam -

Fatiha.

[*] Say: "O my Lord! Let my entry be by the Gate of Truth and Honour, and likewise my exit by the Gate of Truth and Honour; and grant me from Thy Presence an authority to aid (me)." (Qur’ân, 17:80)

## The Muslim World Is Receiving the First Slap

(Mawlana Shaykh stands) Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah, Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! (Mawlana Shaykh sits) ...Sayyidi 'l-awwaleen wa ’l-akhireen, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits) Wa man tabi`ahum bi-ihsaan ila Yawmi’ l-Qiyamah.

O People! We are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.

O Our Attenders! I like that all of Mankind attend this speech on holy Friday, because it is for all Mankind, not only for a handful of people. What we are saying is for all of Mankind and we gave our oath to our Lord, Almighty Allah, (Mawlana Shaykh stands and sits) when we said, “You are our Creator!" When He asked, "Am I not your Creator and Lord?" all the souls of Mankind were dressed with such a beautiful dressing that you can't imagine! When they were in the Divine Presence on the Day of Promises, they said, "Yes, O our Lord! You are our Creator!" When they said this, all of them were dressed with the dress of honor.

"Are you My servants? Do you accept My servanthood?"

All of them said, "Yes! You are our Lord and we are Your weak servants!"

"O My Servants! To be dressed with My servanthood is the highest point of honor in Creation, and I dressed

you with it also."

At that time all of us were dressed with the dress of honor of Heavens, but then what happened? Madad, yaa Sultan al-Awliya. Some of them kept their oaths, saying, "We are Your servants," and that holy dress stayed on them. Those who did not keep their oath when they came to this life and forgot they had been dressed in that dress of honor said, "We are not servants, we are lords!"

That is someone's claim when they forget that oath and say they are not servants, "We do not accept to be servants." Therefore, their bad and worst teacher, Shaytan, is saying, "Yes, I am leading you to an honor that you may forget your servanthood and every one of you will say, 'I am this one. I am a king, admiral, field marshal, prime minister, president.'"

(If we ask,) “How did you become president?” (they reply,) "Because people voted that I am not a servant, I am your special one and you are my servants! I am president of your headquarters."

(If we ask,) “Who gave you this honor?” (they reply,) "My people."

From the beginning up to the end, Shaytan is trying to make people not accept that they are servants to the Lord of Heavens! Then Allah Almighty says, "I am looking at what is happening to you when you lose your oath to Me." What is happening? Those people are making all citizens of their nations not be servants. There is honor for servants, but there is no honor when they make those people slaves and deputies of Shaytan! Who is doing that? The president of Egypt, a dictator in Libya, a dictator in Turkey, a dictator in Damascus, a dictator in Yemen! (Allah is saying,) “You are not accepting to be servants for Allah Almighty, your Creator, so now I am making you slaves or representatives of Shaytan!”

All dictators and tyrants are representatives of Shaytan, and when people say, "We are fed up with you, go away, we must look after ourselves," they say, "How are you saying this? Bring new weapons, new nuclear bombs, new planes to use against those people who are not accepting me as their lord, and kill them!" And they are killed. It is so clear; those dictators are saying, "I am here. I am your lord, and you must be obedient to me or I will kill all of you."

That is the trouble now throughout the east and west. It is particularly a big shame for the Muslim world,

because Allah Almighty ordered them to keep one person as sultan of the entire Muslim community. And (since the last sultan was removed) Muslim people have now reached the highest levels of ignorance! People are now saying (to their dictators), "We are not going to obey you," and the deputies and representatives of Shaytan are saying, "This throne is only for me and all of you are my servants! If you do not obey me I will kill all of you and take everything away!"

That is an autopsy of nations and their citizens, and it is one-hundred percent accurate. The Lord of Heavens is saying to Sayyidi 'l-awwaleen wa ’l-`akhireen, the Seal of Prophets (s), "O My Beloved! Don't think that I have given a chance to a handful of people to be like Pharaohs or Nimrods, no! All Mankind to whom I give the chance to be number one, like Qaddafi, will go away and another one will come. If you give someone a chance to be your leader or your “Number One” and you submit to him, he is only going to be like his predecessor. There was a Pharaoh or Nimrod before him and if you replace them, you will find him to be the same as the previous one.”

Therefore, now all states of Arabs, Turks and other nations are saying, "We must change our constitution and bring another one," but people are no-mind now. The Lord of Heavens’ Words are the most perfect and true words coming from Heavens. If you keep the same ways, you will reach what your ancestors reached.

O People! Only if you keep the heavenly rules from the Lord of Heavens will you be able save yourselves from dragons and Nimrods. If you bring a new constitution, they will ask to keep that most sensible point in their hands and will only put some new rules. To their people they say, "That is best," while keeping the same sensible point in their hands; that is how they continue to cheat the people! They never accept heavenly rules, saying, "We can't accept heavenly rules, we must make our own rules."

The one who is saying this is certified and graduated by Shaytan: don’t believe him! Whoever says, "We are bringing new rules," is a student of Shaytan, who trains them to cheat people; therefore, the same troubles to come on them (as with their previous leaders), so they are not accepting.

(Mawlana Shaykh stands) Allah Almighty has said:

••••• •••••• •••••••• •••••••••••• •••••••••••••

inn ’Allaha yaamuru bi’l-`adli wa’l-ihsaan. Allah commands justice, the doing of good, (Surat an-Nahl, 16:90)

(Mawlana Shaykh sits) `Adil, real justice is what has been sent from Heavens to chosen ones, to prophets. Now all nations are refusing prophets, particularly in the Muslim world. I am sorry to say Shaytan also cheats them and they are not accepting heavenly laws, saying, "We are bringing a new constitution."

We are not accepting (your new constitution)! We are Muslims and we are not accepting what they are bringing according to their selfish desires, no! Therefore, there is no result for Egypt, Sham, Yemen, Iran, Iraq, Turkey, Tunis, Algeria, and other Muslim states. It is not haqq that there should be more than one authority in the Islamic world! Why is the Muslim world divided in so many groups? Allah Almighty ordered there must be one imaam, one sultan! Before everything, Muslims must have a khalifah who has power over the whole Muslim world.

And yet the whole world fears the Chinese government because its citizens are obedient to only one person. Why are Muslims not obeying the laws of Allah Almighty?

Therefore, the first slap will be on the Muslim world, and now you are seeing what is happening in the Islamic world, one after the other. I am sorry that Egypt is saying, "We are the center of religious authority, authorized to speak about Islam." I am asking, what is Islam saying to you? Where is Shari`ah? Why did Allah Almighty bring the Shari`ah? Are you not ashamed to say, "We are authorities on Islam." How (can you say this)? Shari`ah orders you that what everyone brings is according to their selfish desires. Therefore, a slap is coming one after one on the Islamic world until they submit to the imaam, the sultan of Islam, and it is not going to be a full reality (to them) until Sayyidina Mahdi (a) comes!

O People! Those who are not taking care, people who are listening and hearing will take one slap, and those who are not taking care will take one-hundred slaps! Until they accept one imaam, they will like Haroot and Maroot, who did not keep heavenly orders and, therefore, were punished with their heads down and their feet up! The Lord of Heavens punished them to be thirsty ones and between their mouth and water were four fingers, ten centimeters. They were so thirsty, but they couldn't reach the water until they kept heavenly orders, then they will be able to drink.

Now the whole Islamic world is in this state! Allah Almighty is giving such clear examples that just happened. Yaa Rabbee, shukr! But Muslims and their leaders are not accepting heavenly orders, saying, "We are going

to make a new constitution." Allah is making them like Haroot and Maroot. Leave them to look after their constitutions!

O Arabs! Listen! You are the first ones who will be punished and you are seeing that heavenly punishment is beginning with Arab governments: Algeria, Tunis, Libya, Egypt, Sudan, Sham, Palestine, Iraq, Bahrain, and Yemen; the first slaps are coming on them. They will find within forty days what will happen to those who insist to go against Shari`atullah, bringing parliaments and members of parliament; they will be taken by their heads. The first punishment is on Arabs and you are seeing that the Arab world is under heavy punishment now. (Nothing will change) until one of them stands up to say, "I am bringing the heavenly rules of Allah Almighty that He sent to us for our true lives here and forever in Paradise."

May Allah forgive us! This is an ocean that cannot finish in one or two hours, one or two days, one or two months, or one or two years, but it is enough for you if you think on it. Those who are not thinking, a heavenly slap will come on their heads!

**••••• •••••• ••• ••••••••• ••• •••••••• •••••• •••••••••••• ••• •••••••••••••••**

inn ’Allaha la yughayyiru ma bi-qawmin hatta yughayyiru maa bi-anfusihim. Verily never will Allah change the condition of a people until they change it themselves (with their own souls). (Surat ar-Ra`d, 13:11)

Until servants accept the right way, the heavenly constitution of Shari`atullah, they will be slapped and punished, which will never finish until they accept the Holy Qur'an's constitution.

O People! Keep your adab. Keep your faith with Allah Almighty and with His Holy Prophet (s), and you will be happy here and Hereafter. May Allah forgive us.

Fatihah.

**O Muslims, Stop Killing!**

As-salaamu `alaykum!

A`oodhu billahi min ash-Shaytani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem. Wa laa hawla wa la quwatta illa billahi ‘l-`Aliyya ‘l-`Adheem.

O Mu’mins and Mu’minas! It is first Jumu’ah for Dhul-Q`ada; it is from ashhuru 'l-hurum (prohibited months). As Allah Almighty granting to the nation of Sayyidina Muhammad (s) (Mawlana stands)...zidhu ya Rabbee, `izzan wa sharafan wa nooran wa surooran w ‘aghfirlana ya rabbana bi jaahi ‘n-nabiyyina ‘l-mukhtaar dunya wa ukhra. “O our Lord, increase him in dignity and honor and lights and happiness, and forgive us, O our Lord, for the sake (honor) of our Prophet (s), the Chosen one, in this life and the Next.”

O our brothers and sisters here and there, we are repeating something that you know but you are forgetting. I am expecting our Lord’s blessings, and first His forgiveness. May it be acceptable, because if this is going to be a gathering from Ummati Muhammad (s), (Mawlana stands) forty people may have the power of one holy one from awliyaas. I think we have more people here and we are asking humbly for forgiveness. We hope it is going to be accepted and our Lord’s blessings will run on ourselves also from east to west, north to south, everywhere. ••••• •••••• ••••• ••••••• ••••••••• - "Wa maa dhaalika `ala-Allai bi `azeez - It is not something

difficult for Allah." (Surah Faatir, 35:17) For the need of one, He may give His forgiveness and blessings to all, yes!

As for the honor of that one (s), we hope that the Day of Resurrection and the Day of Judgment is for the honor of that most honored and glorified one, that it is his to declare the holy name he was granted from his Lord, from pre-Eternal up to Eternal! We should reach blessings here and Hereafter. Try to give His most glorified one and honored one. For his honor ask for rains, come and ask. People are saying that there is no raining, we are saying in Africa there is dry weather, no raining. Come and ask for the honor of that one, Sayyidina Muhammad (s), and it should rain. For the honor of that most honored one, ask for his honor.

O our Lord! Send us Your rains to come out green grasses and to fall, and to be full bloom plants. Yes, we are saying a`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. We are creatures, and through creatures we are the most honored ones. Try to know your value and honor in His Heavenly Presence. You have been granted such an honor, O Mankind, that no other creature has been honored. Leave to be drunk, enough! Come and ask forgiveness and ask His blessings and mercy.

Now the Master of this world is saying to me, "If living people are not giving their pity and mercy to each other, how you are asking from the Lord of Heavens to send them His mercy?" I am sorry to say that Islamic world now, is in such a position that people are killing and destroying and burning. It is not for the Muslim ummah to do that, because Sayyidina Rasulullah (s), the honor of Creation, as he brought us from endless Mercy Oceans a drop. And he was dealing with the whole Creation gently and asking for that Mercy Oceans to run on them. But now in the Muslim world they are fighting with each other, and killing, and burning, and destroying. It is difficult. They are running away from holy orders from Heavens. Hear and listen and obey heavenly orders! But it is a pity for the nation of the Seal of Prophets (s) to forget that they are from Ummatu 'l-Habeeb, Sayyidina Rasulullah (s). And he was always advising to his nations to be full of pity for all creatures. And the most high honor that Almighty Allah granted is to the nation of the Seal of Prophets (s). Who is saying to them to fight on the streets with each other, killing innocent people? They should be punished!

O People! First of all, you should listen to holy orders of heavens. Don't get out on a demonstration, that is haraam in Islam! Everywhere, who are getting out and doing demonstrations are doing such a dirty thing

that angels are cursing them. Do you think the Seal of Prophets (s) was making demonstrations? No, never!!! Or after him, leaving people to do demonstration? No. Demonstration in Islam is forbidden! Ask the highest degree learned-ones whom they are thinking they have an authority in Islamic knowledge. I am asking if it is true to make demonstrations through streets, killing, burning, shooting? What is that? Say (your proof)! Bring fatwa from the highest authority for Islam here and now. How they are not issuing a fatwa that demonstrations are just haraam, forbidden?

And the Seal of Prophets (s) said, Laa darara fi ‘l-islam wa laa diraar -You can’t give trouble to anyone and even if he did something that injured you, don’t do as he did!” Now Ummatu ‘l-Habeeb is so far from Islamic principles that are well known. They must write a fatwa, Shaykh al-Azhar, that it is forbidden by holy command of Allah (swt), Who says, Isti`adhu billah: ••••• •••••••••••• •••••••••••• - "wa laa taqtuloo anfusakum - Do not kill yourselves" ( Suratu 'n-Nisa, 4:29) - and anyone else; it is forbidden.” How they are killing themselves? Putting bombs on their bodies and making an explosion, killing themselves and killing others. Is it halaal? Where are the `ulama? They are dressing in the dress of honor of Islam, but they are not speaking truth bravely. Say, high `ulama, that Allah (swt) has forbidden to kill yourselves or others! Where are the mullahs in Iran, in Turkey, in Hijaz, in Damascus, where are `ulama in African countries?

Today they are living and tomorrow they are going to stand up in Divinely Presence, and Allah is taking revenge for the innocent people. Everything they are doing, I am sorry to say that--Pakistani people, Afghanistan people--they are killing, killing (and) with whose fatwa they are doing this? Are they fearing from fighting to Allah (swt)? They are not fighting to others. •••••••••••• ••••••• ••••• ••••••• - "Wa ufawidu amree ila-Allah - I am leaving my wish or will to my Lord, Almighty Allah." (Surah Ghaafir, 40:44)

If they are continuing, Allah Almighty should send on them tajalli qahar, the appearance of His Revenge. He is going to take, must be! A new year is coming with new appearances and all of them will be changed. Whole world now is against heavenly orders and they will be taken away. Only innocent ones will remain. Pakistan people killing, Afghan people killing, everywhere killing, for what? Allah Almighty likes to make people to live, to be alive, to take their naseeb, what it is written for them through this dunya. That is not killing each other! Without any reason it is forbidden, and to kill only those people whom are against Shari`at-Allah.

Allah (swt) sending to them someone to take revenge or through their graveyards waiting (for them)

zabaaniya, angels of punishment from fire are coming to give to them punishment for what they were doing. Their graves are full of scorpions and snakes and this black uruncak, spiders, every kind they should give them punishment. Just as it is mentioned through holy books, if one person killed himself, it is not finishing. You saw that person killed himself with a bomb, where he is going, that one who killed so many servants of the Lord? Why? Every moment going to punished with a new explosion through their graveyard, never ending up to Yawm al-Qiyamah! Hundreds of times boom, boom, boom up to the Day of Resurrection. Fear from Allah (swt), O people! Don't do that! Don't do that! And `ulama who are not informing those people will be punished!

O People! Be gentle, be merciful, be full of pity. Take care of yourselves, take care of every creation on earth. Don't say, "This person is English, that is Russian, that is American, that is Persian." No. All of us are under the title Asta`id billah: wa laqad karamna bani Adam, As Allah said in Holy Qur'an, •••••••• •••••••••• ••••• ••••• - "We have honored the Children of Adam." (Suratu 'l-Isra, 17:70)

O Allah (swt), forgive us, send us a shepherd to collect our hearts towards You, for the honor of the most beloved one, Sayyidina Muhammad (s). If not, I don't know what is coming up to next week or next month or next year, but our ways are on the wrong way. I am sorry, I don't like to step on their steps, tawb ila-Allah, "Ask forgiveness from Allah (swt)."

Today I am a little bit from this grip (illness), I am tired or I may speak on it so much. I am so angry and my anger is from heavenly anger, not earthly anger! If they are not listening, something may touch to them. I am finished, people, but our power is going on, never ending. Allah Allah, Allah Allah.

O our Lord, forgive us! Send us someone that may arrange our lives according to Your holy rules, to be acceptable servants through Your Divine Presence for the honor of the most honored one, Habeebullah, Sayyidina Muhammad. (Mawlana stands.)

Fatihah.

May Allah (swt) forgive us! Allahumma 'ghfir lana w 'arhamna wa tub `alayna.

## My Cats

Go ahead Ay Yaran Shah Mardan. As-salamu Alaykum wa Rahmatullahi wa Barakatuhu. Shah Mardan's Yaran, beloved friends, Salam (peace & greetings) to you. And may it be a Salam coming from above. May it be a Salam coming from the Kingdom of Malakut. How nice! How nice is the salam from Malakut. Go ahead Ay Yaran Shah Mardan. Dastur (asking permission). You should not enter anywhere without Dastur (permission). Say - Dastur. When you say Dastur, help/ support comes to you. If you enter anywhere without Dastur, they will hit you on the head.
Go ahead Ay Yaran Shah Mardan. O Allah's Lion, we want to be full of love for you. We want to be given more. We are asking for strength to carry out our Lord's servanthood. Servanthood for our Lord is not a simple matter. We are asking for it. Let's ask for strength for our Lord's servanthood. It's Adab (good manners). Our way is the way of Adab. Go ahead O Shah Mardan, teach us from today's grants. May our strength, power & energy increase. May our glory be greater. Our Lord Ta'ala wa Taqaddas created us, He created us beautiful. Beauty is a grant for us from Allah Almighty. Go ahead O Shah Mardan, whatever is our grant for today, we are asking for it. What we want is - "Fas'alu Ahla Adh-Dhikri In Kuntum La Ta'lamun" (21:7) (to ask the ones who know) Allahu Akbar Allahu Akbar Allahu Akbar Subhana wa Ta'ala. We are asking for power. Whatever is our service today for the Lord of glory and might, whatever we must do, how we must be, how we must behave, what we should ask for, what we should do, what we will be... these are the things we should ask for. O Shah Mardan, teach us.
His teachings never end. His instructions never end. "Addabani Rabbi fa ahsana

ta'dibi" (Hadith) How will we stand in the Presence of our Lord? What should we ask for? How should we behave?

Allah created us beautiful. The most beautiful creation that Allah Almighty created is mankind. Mashallah. Go ahead O Shah Mardan. Tell us something so we will benefit. O Shah Mardan. Mankind is in need of one thing. Mankind is the privileged servant who has been dressed with most the honourable dress. Mankind is such a privileged creation that even the angels wanted it, but Allah Dhul Jalal said - No. They are My special creation, My representatives and I have granted them Divine Grants. Mankind are My deputies on earth." This is only for the Children of Adam. "Khalaqa l-Insan; 'Allamahu l-Bayan" (55:3,4) Allahu Akbar. How nice is the Bayan (clear expression) of our Mawla Almighty. Go ahead O Shah Mardan. We want to learn. May Allah Almighty give us the capability to learn. We want to learn. Ta'allamu. Learn, right? Learn. "Kulla Yawmin Huwa Fi Sha'n" (55:29) The glory Allah Almighty gives His servants is not the same. "Kulla Yawmin Huwa Fi Sha'n" (55:29) Every day has a new glory. Dress from that glory. Then listen to what Shah Mardan is saying."Kullu amrin dhi balin lam yubda' bi Bismillahi fa huwa abtar"(every action not begun with Basmala is cut off) Allahu Akbar.

Allah Almighty gave you such a glory that no other creation has that glory. That glory & honour is for the Children of Adam. He (swt) said - They are my deputies. Did they teach this? They are not teaching it, because they are ignorant. " 'Allama l-Insana Ma Lam Ya'lam" (96:5) Allah Almighty has taught mankind what they did not know. "Khalaqa l-Insan; 'Allamahu l-Bayan" (55:3,4) What we mean by Bayan - whatever the glory is for that day, He's teaching it. Who is there to teach? Who is teaching? Habibi Kibriya. The Great Habib (sas) is teaching. He's teaching from Malakut. The worlds of Malakut, we know their name but we don't know their reality. Until you enter the world of Malakut, only then you will understand. Malakut. What is said at the end of Surat al-Yasin? Fa Subhana lladhi BiYadihi Malakutu Kulli Shay'in Wa 'ilayhi Turja'un(36:83) Allahu Akbar Allahu Akbar. They must teach this.

It is a shame that people are far from these realities. They remain ignorant and become tasteless creatures. They become ugly. What makes people ugly? What makes people ugly is not knowing their selves. He who doesn't recognize his Lord is ugly, rubbish. The Lord of Might and Glory Jalla Jalaluhu didn't create you as rubbish. Go ahead O Shah Mardan. People and Jinn adore your words. Humans and jinn pay attention to Shah Mardan's worlds. They listen carefully. As they listen, they get more power and perfection. After getting perfection, they get nur (light). After getting nur, they wear the dress of honour of being Allah Almighty's servant. In dunya (this world), you were not sent to plant tomatoes, squash, plant date trees, or plum trees. If people...Go ahead O Shah Mardan, how nicely you are expressing it. If people knew their real honour, they wouldn't work in the fields, or plant trees or ask for official employment. We have an Official Employment already. We already have a Duty. What else are you striving for?

They want an official employment. What a worthless employment you are asking for! Weren't you already given a duty? You have been given the true Duty. The real Duty is service at the Door of the Lord of Glory. The most honourable Duty. But you are planting squash, tomatoes, and planting trees. You were not created for this. Ya Rabbi, forgive us. Go ahead O Shah Mardan, these people are heedless. You were not sent to dunya to grow tomatoes, trees or date palms. But because people do not know their reality, they run towards dunya, wanting to take something from dunya. What can you get from dunya? What will you take? The doctor is saying - I studied for years and years. Why? To be a doctor? And then what? Why are you working as a doctor? To make a living. O Shah Mardan...I am looking for a job to make a living. Strange. Did Allah Almighty create you without a job?

O our Lord, you sent us Shah Mardan to teach us this. Go ahead O Shah Mardan. O people, you were not created to plant fields, make cars, herd sheep, or plants gardens. "Wa Ma Khalaqtu l-Jinna Wa l-Insa 'illa Liya'buduni" (51:56) Were you created to grow tomatoes, and squash and plant date palms? I didn't create Men

and Jinn except to serve Me (51:56) For My servanthood. This is our job. Ay Yaran Shah Mardan. Hay hay. Hay hay. He created you a lion. You left being a lion and you became like a little cat. Like a lame cat, you are always going around to steal something. Cats are always stealing. Right? There is no thief better than a cat. Cats are thieves, right Ruqiya? By the time you turn your head, they grab it and disappear. Well, are you going to be like that thief cat? How can that be? Cats are thieves. It looks for the opportunity to grab and run. How can you do that? Are you a thief like them? You forgot your service.

Say - Bismillahi r-Rahmani r-Rahim. Say it, the key to the treasures of Heavens and Earth, say Bismillahi r-Rahmani r-Rahim and start your service. Your service - Wa Ma Khalaqtu l-Jinna Wa l-Insa 'illa Liya'buduni (51:56) I don't leave humans and jinn to work in the fields. I don't leave them to plant trees. I don't leave them to wander over the seas. I am their Creator. I gave them honour. Go ahead Shah Mardan. O Shah Mardan, your Yaran admire you. I am asking. I will ask the Pope also. I am also asking the Jewish Rabbis who are very curious about dunya. Lord of Glory, Allah Dhul Jallal, did He create you to make guns & bombs? There are skyscrapers - 40 floors, 50 floors, maybe more. Did He create you to make these buildings? "Hal min Khaliqin Ghayrillahi." There is no Creator except Allah. No...

Doctor, what happened? Well, I became a doctor. And then what? I was appointed to a hospital. I was appointed and I am working as a doctor there. Leave being a doctor. Do your service for Allah. If these people knew the wisdom of their creation, they wouldn't busy themselves in fields or with trees, cars or horses. That is why...Asta'idhu Billah... Prophet Isa (Jesus) 'ala nabi alayhi salatu wa salam. What did his disciples say? His disciples said - Hal Yastati'u Rabbuka An Yunazzila 'Alayna Ma'idatan Mina s-Sama'i (5:112) Masha'Allah. Look what they learned. Such a great Prophet, Prophet Isa. His disciples were asking a childish question. They asked - can your Lord lower a table from heavens? O foolish disciples! Where does your rizq (provision) come from every day? Does it come

from earth or from heavens? The great Prophet, Isa could not teach them this. They didn't know, so they asked - can Your Lord send a table from heavens? From where does your daily rizq come? What foolish talk is this? We want a table from heavens, they said. Send us a table from heavens.

The rizq table that is sent everyday, does it come from earth or from heaven? It comes from heavens. But mankind is ignorant. Because they were ignorant, they asked this question to their Prophet. Wa khuliqal "insana zaluman jahula." Zaluman jahula. (33:72) (Man was made, “Unjust and ignorant”.) Prophets came to train them. The great Prophet Isa couldn't teach them that. He said to his disciples - your rizq comes from heavens anyway, why are you asking for a table from heavens? It is a miracle. They wanted a table to be sent with different types of food on it. The rizq that is sent to you every day comes from heavens anyway. But you, O mindless people, you are not paying attention. They asked the Great Prophet. We want a table from heaven so we can eat. The table you eat from every day is from heavens anyway.

Ay Yaran Shah Mardan. You are teaching but people no longer have the ability to learn. People think they invented many different ways to make a living but they have left their true service. Wa Ma Khalaqtu l-Jinna Wa l-Insa 'illa Liya'buduni (51:56) I created people and jinn for my servanthood. But they have left My servanthood and they are looking for easy/ illicit gains. "We can do it too. We can collect our rizq." No, you cannot. O Isa, can a table come down? - they asked. All the rizq that is sent down to the nations, where does it come from? If Rahmah (rain -mercy) does not come from above, where does it come from? I am a writer...accountant... doctor...businessman. That's how I make a living. No, you can only make a living by Iman (faith). The rizq of unbelievers, the rizq of those without faith, no matter how much they work or try, won't increase.

The doctor says - I have a diploma. What is after the diploma? There is a rank above diploma? A specialist. Masha'Allah. O foolish one, does your rizq come down in a pot? If you become a specialist, where does your rizq come from? You are a specialist on paper. Does that paper give you your rizq? They don't think.

Allah Almighty asks - Is there anyone who thinks? There is no one left who thinks. Who are the ones who don't think? Animals. Animals' only concern - where does grass grow so I can eat. Their only concern - where does it grow, how can I eat it, is there more? Go ahead O Shah Mardan. We must understand. What is man's honour? Who is mankind? Who are you? Man Anta? Sen kimsin? They say, I am a doctor. Well, if you're a doctor, does a table come down from heavens for you? No. A table comes for the public, for everyone. Everyone has a right to that table. But what greedy ones eat is different from what those who have Adab eat. I searched through the assemblies of wisdom, 'ilm (knowledge) is last, Adab comes first, Adab is first. Go ahead O Shah Mardan, may we feel refreshed. May our bodies find health and well-being. Does Allah Almighty make his sick servant to work? In any establishment, if someone is sick, they send him for treatment and then he can come to work. So, only after treatment rizq will come. If no treatment, his rizq won't come. Then what will happen? He will die. Go ahead O Shah Mardan. Let them die, those whose minds can't think beyond straw. Let them remain as animals. We did not find honour by being animals. We found honour by being from mankind. Shame on people. In this entire world, there are so many associations, but there is no one to describe or explain mankind. Go ahead O Shah Mardan. Show us ways of Adab to do our servanthood for our Lord. This is Adab. I am the servant of the Sultan.

If you are the servant of a Sultan, if you are working in the palace, will you have any worries? You will say - my job is insured. I have a steady job, I get my salary everyday, every month, there is food. And he is content. But these people have no minds. They invented so many things. Of what benefit are they? If you make airplanes or rockets, will you be closer to Allah? Is it taking you closer to Allah? No. It is taking you closer to satan. Don't be a satan. And don't be from the ignorant ones either. There is a saying - people are ignorant, they don't even know about iman (faith). These are the true ways. If people knew this, they'll have Adab. They won't ask, how will I make a living in Sultan's palace. Because the Sultan's tables are everywhere. Allah Allah Allah.

Let's learn. Go ahead O Shah Mardan, your Yaran admire you. Let's learn. First we say - Bismillahi r-Rahmani r-Rahim so all doors will open. There is no need to study for many years, nor is there anything to learn from experience. Everything is - "Innama 'Amruhu 'Idha 'Arada Shayan An Yaqula Lahu Kun Fayakun (36:82). When Allah Almighty wishes something, He says "Be" and it happens. Allah Almighty does not deprive His servants of this miracle. That is a miracle. It is a Divine Grant. He does not leave you to be in the fields or offices, or worthless jobs, or to be WC employees. It is not befitting of mankind. Mankind's honour is different. Those in the service of the Sultan are not left to clean the WC. Hasha. They are muqarrabin. "Ula'ika l-Muqarrabun" (56:11) They are close to the Lord of Glory, they are near to Him.

O Shah Mardan, your Yaran adore your knowledge. Let us learn slowly and find comfort. Those at the Sultan's door don't worry about sustenance. Who forgets his Lord becomes an animal. People of today forgot their humanity - What will we eat? What will we drink? How will we live? This is their concern. These things are not important. Hasha minal huzur, people are not created to fill the WC. Teach this to people. Your Lord Dhul Jalal didn't create you to fill the WC. Shame on those who don't know this, who don't teach this. Our honour is different. You are working to fill the WC. Your honour made angels to be in awe. The angels said - we would like to be from them. No, He (swt) said. Their honour is different from your honour. If they forget their honour, mankind loses the level of humanity and falls to the level of animals. Animals only eat & drink. O our Lord, you sent us Shah Mardan who teaches us. O Shah Mardan, your Yaran admire you. Let's learn and teach.

There is a saying, that people don't want to do anything difficult. All their work goes easily. But they don't know their honour. They became prisoners & slaves of dunya. Allah did not create you as the servant of dunya. Do you pray? No, I'm working so I don't have any time to pray. Did He create you for working at a job or for His servanthood? Go ahead O Shah Mardan, MashaAllah. May Allah send us holy ones to train/teach these people. O Shah Mardan, O Shah Mardan,

everyone admires your words. How nicely you are speaking. How nicely you are explaining. "We want to get a certificate and this and that." Then what happens? Well, the doctor has so many certificates, poor guy. They don't eat anything other than boiled potatoes, boiled cauliflower, boiled onion. Even cats have better taste. They don't eat boiled onion. Cats say - I want meat, what are these boiled vegetables? No. When the cat finds an opportunity, if there is a piece of chicken, he quickly grabs it and runs. What is that cat doing? It quickly runs to the roof. It enjoys itself on the roof, then licks its whiskers like this. How nice.

These foolish Children of Adam are running after it. Look, as soon as we find something, we grab it and run. He has a doctor's certificate but he eats boiled cauliflower, onions, artichoke. But we are watching carefully, whenever there is a piece of chicken or meat we watch from far. And when these heedless Children of Adam are not paying attention, by the time they can turn their heads, we grab it and run to the roof. You can't find them. How can that be? Do you have a certificate? I am the certificate. We are smart & cunning. Cats grab and run to the roof. They run and climb up. Then they eat and then clean their face and wait until there is another opportunity to grab something. Heedless Children of Adam, when they don't pay attention, cats grab & run. And these people work so hard for so many years, poor people, to become doctors, engineers, this and that, but they don't accomplish anything because they don't have the skills of cats.

Cats have many skills. I have so many cats here. Some are on the roof, some are in trees, some are in the kitchen, some are in sacks. They watch - are Children of Adam paying attention? Then they grab & run. Well, do you have a certificate? What certificate? How do you know to eat this chicken? Our certificate is our talent. When we find something, we grab and go. But you can't do this. Allah Allah Subhan Allah. Go ahead O Shah Mardan, What a nice explanation. What a beautiful, clear expression.

What is wanted of us is Adab. The essence of Adab is servanthood. Perform your servanthood and a table will come from heaven. May it come down without any trouble. O our Lord, save us from those trying to make us forget our servanthood. These people are working for so many years. Some save money, some save land, and they save/ accumulate it in the WC. It has no value. What about service for Allah? O our Lord, we are Your servants. O Shah Mardan, the world admires your knowledge. Look at that cat, how nice it is laying in its owner's lap. It has no worries. It doesn't need a certificate, nor does it need masters, or whatever. It sits there. And what the doctor eats is whatever this cat didn't steal. What happened to the food? It is gone.
Go ahead O Shah Mardan. Let's wake up. Let's perform our servanthood for Allah. Let's live comfortably and with honour. O our Lord, accept us. May we have no worries left. Our only concern is Your servanthood. Wa Ma Khalaqtu l-Jinna Wa l-Insa 'illa Liya'buduni (51:56). You created us for Your servanthood. O our Lord, grant us care & protection. Send us your good servants. So they can teach us. Ay Yaran Shah Mardan. O Shah Mardan, how beautiful you are, how nice you are. Let's say - Bismillahi r-Rahmani r-Rahim so our worries will go away. May our troubles and sorrows disappear. Let's know our humanity. May our dunya and akhira be happy.
Fatiha.

## "My Lord Taught Me Excellent Manners"

(Mawlana Shaykh stands.) Dastoor, yaa RijaalAllah. Dastoor, yaa Sultan al-Anbiyaa, Sayyidina Muhammad, wa `alihi wa saahbihi ajma`een. Madad yaa RijaalAllah. As-salamu `alaykum! A`oodhu billahi min ash-Shaytaani 'r-rajeem. Bismillahi 'r-Rahmaani 'r-Raheem. Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Adheem. (Mawlana Shaykh sits.)

O People! Welcome, our listeners. I hope that it is a grant to a weak servant that I am claiming myself as nothing, nothing. They are making me to address to people; whole people living on this world, they are Bani Adam, or Children of Adam. Huuuuuu. Don't say, "I am Arab. I am Turkish. I am Kurdish. I am English. I am Italian. I am Spanish, Turkish, Kurdish." Don't be Shaytan-ish!

Marhaban, marhaban, marhaban! Tawbah, astaghfirullah. For every beginning must be an ending, yes. And just our Grandmaster and his 40 awliyas, saints, looking and seeing most closer one to Earth, to people, one of these people wa maa ubarriu nafsee. You know Arabic, O Salafi `ulama? What is Allah Almighty saying through Holy Qur'an, and on behalf of Sayyidina Yusuf (a)? And most high peace and glory for the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

I was a small one and such a silent child, now I'm changing into another personality. I was such a zealous

student, now I'm getting up to 100 and... They are saying, "We are dressing you what we dressed to people, because if you are not dressing their dress, they will escape from you. If you are a donkeys, you are a donkey also, never escaping!" Okay? SubhaanAllah 'l-`Aliyyu 'l-`Azheem al-jins ma'al jins. Tawbah astaghfirullah 'l-`Azheem. Not to escape mu'anasah, familiarity, to find familiarity! Salafi `ulama are looking for themselves that their levels are up, even though they are not happy to be at other `ulama' levels. They are saying, "We are Salafi `ulama," and they are saying, "Bring your proofs that you belong to Salafu 's-Saalih." Give three names; I am not asking for forty! It is my right, and right of whole people, to ask at least from those `ulama to name forty from Salafu 's-Saaliheen. Ha! Bring! There are billions of people in this ummah, and you are only finding three from Salafu 's-Saalih, what do you mean?

( ... ) I am nothing, but when I have been ordered to do something, I am a terrible one! "They" are saying this, I am not saying this. My speech is on their tongues. Keep adab! That is a big buhtaan (slander) to blame the Seal of Prophets (s), that he only prepared three from Salafu 's-Saaliheen, hah? Only Sahaabat al-kiraam, 124,000 all of them, radi`Allahu anhum wa radu`anh. I am shouting to other nations who are also swearing to the Companions of Sayyidina Rasoolullah (s), you should be punished! Also asking, "Ehhh, O Shaykh, are you shaykh?" I am one person, but they are bringing a material machine here (Internet) that is listening to me. "How are you?" Yes, you are also hearing me and looking to me and taking my words to east and to west! SubhaanAllahi 'l-`Aliyyu 'l-`Azheem.

Wrong understandings for people, wrong! We must come to what the Seal of Prophets (s) just brought for us. He is saying, adabanee Rabbee fa ahsana taadeebee.

Is Rasoolullah (s) swearing to anyone? No. SubhaanAllahi 'l-`Aliyyu 'l-`Azheem. Huuu. He was keeping adab with his Creator. We must learn adab, highest adab. From the beginning of this Creation up to end, you can't find anyone whose good manners are going to be the best or more than the Seal of Prophet's adab. Why? Because he was saying, ••••• ••• ••••• •••••• adabanee Rabbee fa ahasana taadeebee, "My Lord has taught me excellent manners and perfected my manners." No one can be over that adab, to be learned you must have understanding; if not, coming someone to make you understand! Astaghfirullah.

Yes, I am not saying such things and making my ego or myself on top point, no. Deepest level, •• •••• ••• •••• man tawada` lillah rafa`ah. Who is going to be humble, Allah Almighty is making his station or his level

higher, higher, "Who humbled himself before Allah, Allah raised up," higher, endlessly higher! What saying through Holy Qur'an that teaching from pre-Eternal up to Eternal? Billions and billions of universes like this, billions of times, countless, countless creations... no one can count Allah Almighty's creatures and universes! Allah, Allah.

I am not saying my ego is just 100 percent as my Lord is asking; no, my ego is like other peoples'. Everyone has an ego, but if you are leaving it (without discipline), it is doing its worst. If you are looking and taking care on it, and training and teaching it, it is going to be a good ride.

••••• ••••••••••• ••••••• ••••• ••••••••• •••••••••••• ••••••••••• •••••• ••• •••••• ••••••• ••••• •••••• ••••••• •••••••••

Wa maa ubarriyu nafsee. Inna an-nafsa la-amaaratan bi 's-soow illa maa rahima rabbee. Inna rabbee ghafooran raheem. "Nor do I absolve my own self (of blame): the (human) soul is certainly prone to evil, unless my Lord do bestow His Mercy: but surely my Lord is Oft- forgiving, Most Merciful." (12:53)

Which Salafi `alim or`ulama may say, "My ego amaaratan bi 's-soow?" They are claiming, "We are`ulama salih." Mashaa-Allah. Why are you not saying, maa ubariyyu nafsee? They think they have a heavenly guarantee by saying, "We are Salafi us-Salih `ulama," a guarantee that everything they are saying, doing, or acting is best, and that is wrong! Rasoolullah (s) accepting to be his Lord, his mu`allim, his teacher for best characteristic and good manners. He is saying, adabani Rabbee. I am asking those people who are claiming, "We are Salafu 's-Saalih," who is your trainer? Don't say, "We are reading through books," no, no, we are asking who is teaching you now? Because they are mostly, all of them, refusing to have a person, a murabbi, trainer, and teaching good manners.

That is a very important point they are not accepting, and all of them are getting against tariqahs. Tariqahs are not claiming for themselves anything but they are taking their best murabbi, trainer, as the Prophet (s) was training his Sahaaba (r). Tariqahs are asking to imitate the ways of Sahaaba (r) who were happy to follow the good manners of Rasoolullah (s)! There are good manners with him and with his Lord Almighty, Allah (swt), then taking good manners on how the servants and ummah should be protected, and how they will reach good manners. No one learned through reading books, no one can take good manners (by studying books alone). For example, can a person make a sword without a master? No. He may claim, "I may do," but it is only a piece of iron, not a sword.

Every profession needs teacher and the Seal of Prophets (s) is the teacher for whole Creation, from pre-Eternal up to Eternal! How are they denying and they are getting up against tariqahs? And Holy Qur'an is saying, wa istiqama `ala tariqah, "Tariqah is steadfastness in excellence." They are saying, "No tariqah in Qur'an." You heard about that before? Allah jala jalaaluhu saying:

••••••••• •••••••••••• ••••• •••••••••••• ••••••••••••••••• ••••• •••••••

wa alaw istiqaamoo `ala at-tareeqati la-asqaynaahum maa'an ghadaqa. Then that if they [who have heard Our call] keep firmly to the [right] path, We shall certainly shower them with blessings abundant (72:16)

alif, lam... li ahid. lil jins, ... lil ahid alif, lam. Tawbah, astaghfirullah.

I am speaking for those people to understand that they are claiming they are `ulama. They must understand. They are saying, "No tariqah in Islam, in Holy Qur'an." How! Suratu Jinn? Ayatun kareemah. They are reciting but never understanding. What does it mean? Allah Almighty saying wa alaw istaqaamoo`ala at-tareeqah - istiqamah. Highest level for a servant is to be mustaqeem. You can't be rajul, a person on just istiqamah (steadfastness).

•• ••• •••• ••••• •• ••••••• •••••• • ••• •••• ••• ••• : ••• : " •• •••• •••• • •• •• •• ••••••• •••• • •• •••• ••• •••• •••• " . ••• : ( •• •••• ••••• • •• ••••• ) •••• •••• •• •••••

Rasoolullah (s) said by one Sahaabi (r) asking, "Yaa Rasoolullah, sif lee al-Islam." Rasoolullah (s) said, qul aamantu billah thumm' astaqim, "Say, Believe in Allah and keep to His Straight Way." Coming Holy Qur'an, bringing answer. Wa law istiqamu `ala at-tareeqah. He didn't say, `ala ash-shari`ah. Tariqah making its meaning as much as wider, wider, wider, to reach to everyone's understanding and everyone's quwwati itida, capacity.

They are Arabs, they must look at that ayatun kareemah (noble verse). Perhaps they are never taking care when they are reciting this holy verse: `ala at-tareeqah. How you are saying, "No tareeqah in Islam?" Allah Almighty is saying, "My servants must go on tareeqah straightly, la-asqaynaahum." Who is saying, who is giving to them something for drinking? Those `ulama, Salafu 's-Saalih `ulama, that they are very angry with me, and they have no authority to be against me! If they are getting against me, they are getting against Holy Qur'an and Holy Rasool (s)! That is price from Allah Almighty - water? Allah granting who is keeping tariqah,

Straight Way and his reward is going to be water? This is the aim? They know nothing, but some one's know something! They must keep their adab. If not there is muaddib, good-manners teacher to teach them!

May Allah forgive us.

Fatihah.

Enough! This is an ocean, no time and no capacity for everyone for understanding what I am saying, up to end is never-ending. Tell them!

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, SubhaanAllah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Yaa Rabbee zid habeebika `izzan wa sharafan wa nooran wa surooran wa ridwaanan wa sultaanan.
Bi hurmati habeebika Fatihah.

**Oh My servant, come and visit Me...**

May Allah bless the Ummat-ul-Habib, the nation of Sayidina Muhammad sws, the most honoured nation. We are proud, and we are thanking Allah Almighty for granting us to be from the nation of His most Honoured, most Glorified and Praised Servant Sayidina Muhammad sws.. Tonight is the fourth night of the Eid in Mekka-i-Mukarrama, and people are running around the House of the Lord, making Tawaf. And we have been called and invited, ordered and offered to make a visit to His glorified and praised Holy House. It is an honoured house, and the glory of this building does not come from its outward appearance, no. It is a very simple building; there is nothing special about its design or architecture. It is so simple, it only has four walls...

There is a good saying, that in reality, the honour of a place is according to who is there: 'Sharafu'l maqam fi maqul'- and not with its buildings and its qualities. Honour and glory are given to that place according to who is in it. Therefore, for the reason that the Seal of Prophets was in Medina-i-Munawwara and is buried there, that city is honoured and glorified. Allah gives so much honour and lights to it. And in Mekka-i-Mukarrama, for that simple building to be the House of the Lord gives it honour and glory. Without that quality, that place couldn't give anything. But when they say: 'House of the Lord', people ask to come. We have been ordered and invited to visit that Holy House, because it is the House of the Lord Baitu'llah. If it was an empty place, no one would ask to visit it. If there was no one in this Dergah, if the Sheikh was not there, people would say:

"Why are we going to Lefke? We have so many Dergahs, so many buildings, we may go there. We only come to visit Lefke and the Dergah for the honour of the Sheikh..."
So people have been offered to visit the House of the Lord, and they are running, not to visit the House, but the Lord of the House. That is the House of the Lord, but people are asking for the Lord of that House, that is the difference.
Hajj is one of the most important pillars of Islam. The five pillars of Islam begin with Iman, the belief in your Lord Allah Almighty and the Testimony of Faith, the Shahada: "La ilaha ill' Allah, Muhammad Rasulu'llah". The other pillars are five times Prayer, Fasting in the holy Month of Ramadan, Zakat and the Hajj; so that the principles of our belief begin with the faith in the Lord, and end by visiting Him. For believers in the Lord of the House, the House of the Lord is waiting for their visit, that they may visit Him.
Finally, you, who say: "I believe in the Lord Allah Almighty, Amentu bi'llahi", must run to visit your Lord, because finally Allah Almighty is asking for His servant: "Oh My servant, come and visit Me at My Home, My House of the Lord; you must come and visit Me."
If you are prepared, a way is going to be open for you to meet the Lord of the House... You may hear, you may see, you may feel, and you may be with Him. Grandsheikh said that a real Hajji is the one who goes and says: "As-salaamu alaikum, ya Baitu'llah", and hears: "Wa alaikum salaam, ya Abdi, oh My servant"... This is for special servants. For others: "Wa alaikum salaam, ya Abdu'llah". If he is a prepared one, an answer is coming, and he is hearing...
It is very important...you are reaching that rank step by step, Alhamduli'llah. Whoever is working for Allah is never tiring. Our physical body is getting tired. But there is a state when even the physical body is not tiring anymore... We are asking to reach to that point.
No doubt Allah is the Absolute Sultan from pre-eternity up to eternity...and the absolute Sultanate is for Him... May the Sultan of Shariat come soon with Allah's blessings, and may we be with him forever on Shariatu'llah... Fatiha.

- 01.04.1999

**“O My servant - come to Me and I shall grant to you eternal Love!“**

Welcome to you, Happy Birthday to me!...As-salamu alaikum wa rahmatullahu wa barakatu!...
Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.
Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah!

It is a humble meeting. I think that Prophets’ meetings were also (only) small groups of people. (If) big groups of people (are) gathering, coming together, they are mostly followers of Shaitan... This is an island; perhaps there are one million people here. What do you think how many such meetings you can find on this island?
Today it is holiday (Sunday), and people (are) trying to make their physical being to be happy. And everyone (is) thinking to make their physical being (to) enjoy; no one (is) thinking to come and listen (to) something that belongs to their spiritual being. Perhaps you can find some people, a handful people, going to churches or cathedrals for a few minutes- not few hours; (but they) may come as a habit (only), as a habit they are using it (and) going to churches, because it is Sunday, but- what they are doing? They are doing something with their physical being; (they are) never asking to give something from spirituality to their souls, (and) therefore they are coming and doing something, then getting away, running away, because Shaitan (is) not going to be happy that people may be through worshipping-places. Shaitan (is) getting impressed (under pressure), feeling himself through praying-places

unhappy, as a person in prison. Therefore, (even) if he can't prevent a person to go for Sunday prayings, (but) they are going only for a short time and then (they are) running away. To where running? To enjoy their egos, to enjoy their physical beings.

"Ohhh, where are you? So late, o our brother! We were expecting you to come earlier and we were waiting for you a long time. Where are you?" He may say- some of them (are) going to be ashamed to say: "I was in church or in synagogue or any other, cathedral", (so) they are saying: "Yes, I was so tired; I was late to sleep and I am getting up late, therefore I am sorry that I am not reaching to you..." Drinking also, never knowing his right hand or his left hand..."Sorry, Sir, I was running, but (there was) heavy traffic, making me (to be late)..." And people (are) saying: "Yes Sir... we may sit now, we may enjoy ourselves...What you are eating?" "Bring me soup."... "I don't like it... What is in menu?...Hmmm...I am doing diet from salt, but I must eat (something)...I am sorry to eat sweet, because I am making diet..." "What you like to eat (now)?" "Bring to me...Hmmm...bring to me Whiskey to forget what I am feeling! Today I am feeling bad..." and they are running through such an atmosphere that it is a prison for (our) souls, but egos are thinking (that) it is their field to make themselves enjoy. And people (are) running; they are not understanding that enjoyment (is) not coming from outside, enjoyment (is) coming from inside. You may prepare everything for your enjoyment around yourself, but if that enjoyment (is) not coming through your heart, it is going to be like a prison (for you). But people (are) running on it.

Therefore- mostly people now (are) running to fulfil their physical desires. And a person is going to be first through his youth time as a new car- running, but when (the) years (are) coming on it, coming on it, (that) car (is) going to be (an) old car, and so many problems (are) getting out. Every day you must visit the garage: "Look what is wrong!"

and that mechanist (is) looking, saying: “We must take this“...Taking and after three days coming (Again): “Look- what is this?” “Oh, another point not good now. We may put“.... Then (finally he is) getting fed up and taking it to (the) auto-cemetery, saying: “Ohhh, I am happy (now)!” And man (is like this: (A) young man is like a new car, but youngsters (are) thinking that that youth-time should go (on) forever. Youth (is) thinking in such a way, and (so they are) wasting their youth energy and using themselves badly. Then, after 2o years, they are becoming to be old ones and coming, coming, coming...and- ”Ashadu an la ilaha ill-Allah, Ashadu ana Muhammadun Rasulullah”- (they are) finished...

This is a humble meeting. We are calling you, o people, to your Lord, who may give to you always youth power! Your car (is) never getting to be old, because you are using it in a good way, (and) you (also) may be 9o years, (but,) because you are looking after your physical being smoothly, gently, you can find it up to 9o years in a good condition. Perhaps may be an old Rolls Royce machine better than (these) new plastic cars, (because for) plastic cars (they) are not using tin (anymore) ...

Therefore- whom they are living for their Lord, (they are) never loosing (anything) from their physical power and also they are growing and getting much more powerful through their spirituality. (Their) spirituality (is) getting more powerful, more than their physical being. And spiritual power can do something that technology even can’t dream (of)! We have such a power, but we are not going to make montage...(If the) montage of our physical being (is) going to be strong, never (it) gives a wrong acting or work, always (it is) on its complete power. Therefore spiritual people are not getting down- because (it is our) spirituality that (is) supporting our physical being, but our physical

being can't support our souls- (and) therefore Prophets and their inheritors, Prophets and Saints, their physical bodies (are) just supported through their spiritual power. (They are) standing up, not coming down, but (those,) whom they lost that chance, they are getting down, down, down, and getting to be on the point of zero, finishing.

O people, spirituality is (the) most important factor for mankind's peace and satisfaction and their enjoyment here and Hereafter! And spirituality- from where (it is) taking that power?
One word- Love! Love gives our spirituality power! Our bodies (are) standing up with eating and drinking, but our spiritual being, their power, (is) just coming from (the) Love of the Lord of Heavens! If you can keep that Love through your heart, you are full- as a car, whose tank is full with fuel. (But) when (the fuel is) finishing, coming this needle down, (and) when (it is) coming on (the) zero point, (the car is) stopping. And we are in need- more than eating, drinking, working- Love from Heavens!
Love of Heavens (is) like springs running on earth; who may take (from) it, they are always young, powerful, hopeful and perfect and enjoy! If not coming Love to your heart- you can't reach to your Lord without a means. As a person can't reach to Niagara Falls without pipes. You can reach and drink there? (No, it is) taking you away! But (if you are) putting (the water) in pipes and (it is) coming to taps, taps, you are opening and taking.

Therefore (the) heavenly Love that (the Lord has) granted to mankind, (is) just (found) on Heavens. If anyone (is) asking (for that Love), they must use that pipes, (the) pipes of (the) Springs of Love, (which are) coming through Prophets' hearts. Reach someone's heart, (and) you should take from him. Without Love a person is (like) a dry wood!

Love (is) making these trees to open and flowering. If no Love (is) coming to them, they are like dry woods. (In) springtime that love (is) coming from up; not from earth, (but) from up (it is) coming and (they are) flowering. Look! Look!...
Who (is) asking (for that Love)? No one (is) asking! No one (is) asking that Love! (The) love of (the) physical being is (a) dirty love, (is) rubbish, to be put into dustbin. Love Springs (are) coming from up and you are looking (that) as much as you can give from wells water, trees (are) not getting happy, (they are also) asking (for that Love) from up to come (to them)! O people, think on it! But people they lost to think! Look trees, flowers- from where they are taking that enjoyment and opening? Water? No, it is not enough. But we are not using our minds to think that (the) Love of Heavens (is) reaching to nature. Nature was sleeping, on that (Love coming, it is) awakening...

But people now (are) saying: “We reached (the) top of civilization”, and they are all liars and cheating ones! No, technology (is) killing and (only the) Love of Heavens (is) making you to stand up, bringing you to life! Technology (is) taking (the) life of people. You know technology- their target for what? To take all mankind (away), to destroy them and what they have done, what they built. Technology (is) coming to destroy man and their buildings, but heavenly Love (is) coming to give you new life, enjoyment, honour, praisings, and perfection, peace, satisfaction and contentment, a peaceful life, calling you to eternity!

Eternity! So sweet word, that I like from other languages... Eternity... eternity...why (you are) not running after eternity and you make yourself to be thrown into dustbin? For what? That chance (has) just granted to you once, (it is) not going to be given to you a second chance, no, but people (have) just (been) cheated by Shaitanic teachings and by devils,

(by the) followers of Shaitan. People now are not followers of Prophets; living people on earth now are following shaitanic teachings; they are not following heavenly Teachings, therefore that cursing (is) coming on earth!
(And there is) no way for their safety, for their saving, except (that) they are coming to say: “O our eternal Lord, we are asking eternal life! No one can grant it to us, only You Almighty! Grant us!” (But) they are not saying (this).
They are running like zebras or wild ox...running on streets- what you find on streets? (It is) enough that you are running after Shaitan, leave that Shaitan, turn back to your Lord! That is (the) heavenly Announcement, saying every day: “O people, come and ask your Lord and love Him and respect Him!”
That is heavenly Announcement daily, but people (are) putting... not cotton, but putting brass...(It is) quickly melting and (they are) putting (it into their ears), not to hear, not to listen, not to obey to their Creator, their Lord, that (is) calling them: “Come to Me, o My servant! Just I gave to you life, I am bringing you into life, I am honouring you to be My servant! Come to Me, I am granting to you eternity, eternal life. Come to Me, give your love to me! Just I gave My Love to you, but you are not giving your love to Me!”

And that is trouble for mankind in our days. With technology they are trembling, not from (the) fear of the Lord Almighty they are trembling! People are drunk and when they are drunk, they can’t understand anything... May Allah forgive me and bless you...
Come to your Lord! That is my mission, to call people: “Come to our Lord that just grants to you life and grants to you everything that you like! Come to your Lord! No one can give to you a new life except Him Almighty.” That is our mission: calling people to Allah as (it was) the

mission of all Prophets. Come to your Lord! We have an invitation to Heavens, come!

If (the) maire (was) sending (an) invitation (to you): “O Mr X., we are inviting you for an assembly night on Thursday for the honour of our Majesty Queen’s birthday night”, (you would say:) “What they are saying? Ohhh, I am a VIP person that maire sending to me this invitation! I am a very important one, look! I must go!” For maire’s invitation you are running, (you are) running to go to his invitation, and the Lord of Heavens is saying to you: “O My servant, come to Me! I am granting to you eternity!” Eternity...so sweet word through languages... Ebedi, Sermadi in Arabic, that (there is) no any translation (for these words on other languages). They are doing only one word in European languages, other languages, saying ‘eternity‘, and in Arabic (there are) so many words... (The Lord is) saying: “Come, that your Lord (is) granting to you eternal life, Sermadi, Abadi“...and you are saying: “Eh! Leave it! Come, we may go to Pub“?...(They are) sitting (there) on wooden tables, making like this...(If it is a) long sitting, making their leg to be paining, taking (it) like this, taking (it) like that... Some of them (are) standing up, to be rest, then, because his head is turning, (he is) sitting (down) once again...
“You are not coming to Me? Come to Me and I am granting to you eternal life that no any eye just saw it, no any ear (has been) hearing about that, no anyone’s knowledge (has been) reaching to that one! You are like ants in earth- what (an) ant (is) knowing about this world? What an ant may know for this huge space? You are in such a way. Come, I shall give you something for eternal life!” But people are running (away)...May Allah forgive us!...
Think on it! Think on it and try to be a good servant and run to your Lord’s invitation, you should be happy here and Hereafter and honoured!

May Allah forgive us! For the honour of that most beloved, most praised servant of the Lord, Allah sws. For his honour we are asking forgiveness and blessings, Fatiha.

**Allah is saying: 'O My servants, if you are thankful, I will give you more'**

Allah is saying: 'O My servants, if you are thankful, I will give you more.'. No excuses for the situation in the world- the servants must look to
themselves to find out why and how something is happening to him, why he
fell in that bela.
In the case of a car- if one little piece is broken, the car cannot move at
all. If there is one mistake in one place, everything goes wrong. People are
not grateful to Allah, they don't say Shukr, but they make Kufr, and Allah
is not happy about it. He wants them to be grateful. You also, you expect
gratefulness from your children, and not bad behaviour.
Give me 4o days, and I will fix the situation, I will show you if the mind
of a holy one is functioning or not.The situation is because of the
ungratefulness of people towards Allah.According to the Shariat you can only pay something with another thing that
has an equal value. For example you may pay a bag of wheat with a bag of
rice. According to Schariat you cannot pay with paper- it has no value.
They removed the Bait-ul-Mal and put instead banks, where you have to pay

interest for your credit. The Bait-ul-Mal was to help Muslims. Who was in need, applied for a credit. Rich people gave to the poor. There was one Sultan in whose time no one was in need to take from the Bait-ul-Mal anymore, because the system was functioning well. Nowadays everybody is taking without giving anything. And they take tax from poor people. How a system like that can function!.

According to the Schariat everyone must be able to look after himself and not be a burden on others, not to be like Parasit. And one should keep food enough for one year.A state also should be self-sufficient. You cannot stand on debts.

## My Shaykh Didn’t Cry For Me

He came to me in the evening, at midnight. What did he say? They told him that "Your Shaykh didn't cry for you". At midnight, a crying state came upon me. I said "O Abdul Karim!* I may cry for you!" "My Shaykh didn't cry for me" he said. Such a crying state came upon me at midnight, don't even ask. I felt lighter. I felt lighter. When it happens, I will call him. You understand? When the Sahib, Al Mahdi (as) comes we will call him here. Have no fear, O Bahlul! What is this? All these awliyas, all this power.. They can make it all upside down!

(* Shaykh Abdul Kerim Effendi al-Kibrisi al-Naqshbandi)

S.H. He went like a lion! I went & saw him. He is like a lion.
M. They took him to the other side, for service. They made him disappear from here, as if he is dead. Understand? May you know this. Therefore you complete the mission here. All is good with him.

He said "My Shaykh didn't cry for me". This news reached me at midnight. And I said, "O Abdul Karim, may I cry for you?" I cried for him, I cried for him. He got happy, he was relieved.

I said "You continue to take care of your own mission". They took him to the other side now, to the back of

mount Qaf. You understand? To the side of awliyas. The strong ones are on this side. They made him disappear from here. You understand? Huuu, We will keep appearances. The spirituality is different. He has a power on him. He has the power of a dragon on him. He stood out against the world of kufr-unbelief, only one man. He stood out against the unbelievers of Turkey, made them upside down! And US also, another center of kufr- unbelief. He also taught them their lesson & limits!

He came here like a lion. And he returned to his mission here. He is an astonishing man. His tajalli/ manifestation appears to be like this now, but he will come. When the Sahibul Waqt appears, he comes.

S.H. I would insult him, poke him from here and he would laugh.
M. He started his mission there now. He is not from the common people. No! No! One man, one man on his own stirred up the whole country.
S.H. No one put anything in his food to poison & kill him?
M. It doesn't touch him, doesn't affect him. His mission is different, these ones' mind & mentality is different. ...He was touched, then he said "My Shaykh didn't cry for me". Such a state of crying came on me & I said "O Abdul Karim. Don't say I didn't cry. You are like my son. You know your mission & you carry on with it. You go about your mission". But I cried, cried at midnight. I cried in the bed, quite a long time. "My Shaykh didn't cry for me" he came, saying like this. I cried for you. I may cry now that you see it? I cried. I cried a lot at midnight. I cried a lot, O Hussein. He has started his mission now. He is received by the other... They put these ones at the back of mount Qaf. This one was a dragon, one who stood up against whole world...
S.H. Upon the power/support that comes from you, not by his own will.
M. There is nothing in us but our Grandshaykh Hadrat...
S.H. No Mawlana, with your support..
M. A dragon, a dragon...

## Über das Nachdenken und wahres Leben

Unser Großsheikh spricht über ein wichtiges Hadith. Wir begegnen auf unserem Weg vielen an der Straße gelegenen Zeichen, die den Weg anzeigen, aber sie wechseln ständig. Wir bedürfen daher jener Führung, die darin besteht: Erst zu denken und dann zu handeln . Es ist ein Zeichen von Dummheit, zu handeln ohne zu denken. Der Islam befiehlt, vor jeder Handlung nachzudenken. Ein gedankenloser Mensch jagt ohne zu zielen und verfehlt daher immer sein Ziel. Der Prophet (s.a.s.) hielt die Leute nachdrücklich dazu an, nachzudenken, und stellte das Denken durch dieses Hadith auf eine hoch angesehene Stufe: „Eine Stunde des Nachdenkens ist besser als siebzig Jahre Gottesdienst.“ – Tafakkur, das bedeutet Nachdenken über unser Pflichten und Verantwortungen. Um zwischen guten und schlechten Handlungen unterscheiden zu können, müssen wir nachdenken. Unser Großsheikh sagt, in keiner Handlung liegt ein Wert oder ein Nutzen, wenn wir nicht nachdenken. Es ist Pflicht (fard ) und ein Befehl von Allah dem Allmächtigen, eine Absicht zu haben. Wenn etwas keinen Wert hat, bedeutet es, daß es leblos ist. Wie ein Baby, das zur Welt kommt, aber tot geboren wird. Nachdenken gibt uns Ritterlichkeit und Achtsamkeit. Wir mögen in Vorbereitung auf Ereignisse, die auf uns zukommen, nachdenken. Wir sind zum Beispiel in Damaskus als Gäste in einem heiligen Land, aber wenn wir keine Erlaubnis haben, länger zu bleiben, was können wir da machen? Wir müssen darauf gefaßt sein, oder wir verlieren unseren Rang. Wir sagen vielleicht: „Was mache ich hier bei diesen Muslimen? Wenn sie mich nicht wollen, werde ich gehen.“ Satan hält ständig nach einer schwachen

Seite von uns Ausschau, um uns auf seinem Weg davonzutragen. Es ist unmöglich, Ereignissen entgegenzutreten, ohne im vorhinein nachzudenken. Nichts kommt zu uns ohne den Willen unseres Herrn. Wir müssen wissen, daß wir nicht allein sind, sondern unter Allahs Willen stehen, und wir sagen: „Wie Du magst, o mein Herr. Ich bitte um Dein Wohlgefallen allein.“ Das ist die lieblichste Haltung eines Dieners gegenüber seinem Herrn. Zuerst mag dies bitter erscheinen, aber am Ende ist es süß.

Wenn wir Gottesdienst tun, müssen wir denken: „Shaitan ist bereit, uns diesen Gottesdienst zu stehlen.“ Wenn wir dies nicht beachten, wird er es aus unseren Händen nehmen und uns Ermüdung zurücklassen. Zum Beispiel, jemand fastet den ganzen Tag und bricht am Abend sein Fasten mit einer Zigarette. Satan steht bereit. Wenn wir eine chinesische Tasse kaufen, müssen wir daran denken, daß sie leicht zerbrochen werden kann. Unser Gottesdienst ist sehr leicht zerbrechlich, und wir müssen sorgsam sein. In einer Handlung ist nur dann Sorgsamkeit, wenn wir über dessen Ergebnisse nachdenken. Unser Großsheikh bringt uns dies, damit wir in Sicherheit sein können. Ohne Denken erreicht niemand wahres Leben, haqqu l-hayat . Mit den Worten unseres Großsheikhs: Es ist das Elixier des Lebens. Wir können nicht aus einer zerbrochenen Tasse trinken.

Was bedeutet wahres Leben? Unser Leben ist wie das Leben der Tiere. Ein Tier lebt, stirbt und endet. Wir Menschen müssen uns davon unterscheiden. Der Unterschied besteht darin, daß wir die Möglichkeit zu wahrem Leben haben. Wenn ein Mensch seine Gelegenheit nutzt, erreicht er vielleicht die Ebene ewigen Lebens. Wenn er sich am tierischen Leben erfreut, nur zu essen, zu trinken, zu heiraten, bedeutet das, daß er seine Chance nicht nutzte. Jemand, der wahres Leben erreichte, wird niemals zu Staub in seinem Grab werden. Nach eintausend Jahren wird er sein, wie er an dem Tag war, da er begraben wurde. Leben besteht nicht nur aus Atmen, sondern wir leben durch unsere Seelen, unser Geist ist für immer lebendig.

Eine Stunde, nachdem unser Großsheikh gestorben war, kam der Arzt und begann, ihn künstlich zu beatmen, obwohl es kein Anzeichen für Atem oder Puls mehr gab. Da öffnete unser Großsheikh die Augen und sagte auf Türkisch: „Laß es sein!“ Der Doktor rannte weg. Das Leben setzt sich fort.

Als einmal ein Wali starb und sein Schüler versuchte, sein Gesicht nach der Qibla hin zu drehen, sagte er: „O mein Sohn, mach dir keinen Mühen, Er hat mein Gesicht Ihm zugewendet.“ Der Murid sagte: „O mein Sheikh, bist du nicht gestorben?“ Und der Heilige antwortete: „Weißt du nicht, daß alle, die ihren Herrn

wahrhaft lieben, leben und nicht sterben? Jetzt kommt nur ein Schleier zwischen uns.“ So geschah es auch hier in Damaskus, daß sie einen Wali, Hasan ar-Raie, der schon fünfhundert Jahre tot war, von einem Ort zu einem anderen trugen. Als sein Nachkomme die Hand unter seinen Nacken legte, um ihn zu bewegen, versetzte Hasan ihm einen Schlag. Da zitierte der Nachkomme Qur‘an, daß wir Allah und Seinem Gesandten und all denen, die bevollmächtigt sind, gehorchen müssen wie einem Befehl der Regierung. Darauf überantwortete sich der Sheikh. Wer ohne zu denken handelt, erreicht niemals wahres Leben. Jeder muß versuchen, in seinem Leben wahres Leben zu erreichen. Es ist eine wichtige Verantwortung. Am Tag der Seelen versprachen wir unserem Herrn, daß wir es versuchen würden. Dies ist das klare Ziel in allen Handlungen und Gottesdiensten. Allah bedarf des Gottesdienstes nicht. Er befahl es, um uns zu helfen.

Wer dieses wahre Leben erreicht, ist seiner Verantwortung gerecht geworden. Wir müssen über jede Handlung nachdenken; es ist ein Weg, wahres Leben zu erreichen. Welches ist die höchste Lehre der Naqshbandi Tariqat? Die, jedermann beizubringen, wie er unliebsame Dinge tragen kann, wie man Schwierigkeiten entgegentritt. Wir können sie nicht in Angriff nehmen, ohne zu denken; daran zu denken, daß es der Wille unseres Herrn ist. Wir sind schwach und können Schwierigkeiten nicht durch unsere eigene Kraft ertragen, aber dieses Nachdenken und Sich-Überantworten erlaubt es Seinem Willen, uns zu tragen. Mit Seinem Willen haben wir die Kraft, allen Schwierigkeiten entgegenzutreten.

Dieser Punkt kann nur dadurch erreicht werden, daß man über alles nachdenkt. Die Ebene des Denkens ist so weit, wie du dir vorstellen kannst. Denken ist der Schlüssel zur Wirklichkeit. Alles, was wir heute haben, ist die Frucht des Denkens. Unter allen Religionen ist es der Islam, der dem Denken den meisten Wert gibt. Dies durch das Hadith: „Eine Stunde des Nachdenkens ist siebzig Jahres Gottesdienst wert.“ Die Vollkommenheit des Menschen liegt in seinen Worten verborgen. Dieses Hadith genügt Leuten, die denken, um zu wissen, daß der eine, der es sagte, vollkommen ist, von hoher Persönlichkeit. Die Worte unseres Propheten sind es wert, daß sie überall in goldenen Buchstaben geschrieben werden. Unser Großsheikh fragt: Wer ist in der Lage, zu verstehen? Alle? Wieviele in einer Versammlung von eintausend Leuten verstehen den Sprecher? Wer zuhört, versteht. Du sagst vielleicht: „Oh, wir hören zu.“ Der Mensch hat zwei Arten von Ohren, eine am Kopf, die andere im Herzen. Wer nur mit seinem Kopf zuhört, hört nicht zu. Das Verstehen ist im Herzen. Wenn dein Herz sich regt, vermagst du zuzuhören.

-

## Nafs-Training

Tariqatuna s-sohba wal- khairu fi l-jam'ia, sagte Shah Naqshband, gesegnet sei seine Ruhestatt, und sein heiliger Einfluß sei mit uns, dem Sprecher wie den Zuhörern, und möge sein heiliger Eifer auf uns übergehen. Meddet. Knechtschaft ist sowohl leicht als auch schwer. Knechtschaft ist der Weg der Näherung zu Allah dem Allmächtigen. Durch die Knechtschaft gelangt der Mensch zu Gottesnähe. Alles Handeln, das nicht von Knechtschaft spricht, ist shaitanisches Handeln. Solches Handeln entfernt den Menschen von Gott, bringt ihn Shaitan näher, darüber muß man sich klar sein. Jede Handlung, die um Allahs willen geschieht, führt zu Gott, jede Handlung aber, die für Shaitan getan wird, führt zu diesem – es gibt keinen dritten Weg, keine andere Wahl: entweder Gottesnähe oder Verbindung mit Shaitan.
Alle Tariqats haben die Gottesnähe zum Ziel. Tariqat bedeutet die (praktische) Anwendung von Shari'a, ohne Shari'a gibt es keine Tariqa, und ohne Tariqa kann die Shari'a nicht richtig laufen. In der Tariqa wird die richtige praktische Umsetzung der Shari'a gelehrt, und die Anwendung ist von wesentlicher Wichtigkeit, denn für sich allein kommt man nicht von der Stelle.

Können etwa Schiffsreisende auf hoher See ohne einen Kapitän ihren Weg finden? Ein vollbeladenes Schiff mitten auf dem Meer, und kein Kapitän – unmöglich! Sobald das Boot den sicheren Hafen verläßt, wird es von so vielen bitteren und verwirrenden Winden angefallen, die Shaitan verursacht, um den Menschen in die Irre zu treiben. Wer an einem festen Pfeiler geankert hat, den kann nichts beirren, ihm kann nichts schaden,

wer aber unverbunden lose umhertreibt, der wird von Shaitans Stürmen emporgehoben und fortgeblasen. Wer einmal hoch oben in der Luft treibt, hat es sehr schwer, wieder auf festem Grund zu landen, – ja, er steigt und steigt womöglich immer höher, bis daß er platzt – dann erst fällt er auf die Erde zurück. Wer so als Bruch zurückkommt, ist zu nichts mehr nütze, fertig, aus.

Shari‘a ohne Tariqa ist also eine Form ohne Inhalt, eine unbeseelte Gestalt. Egal, welcher Tariqa man angehört, jede Tariqa lehrt, wie die Shari‘a anzuwenden ist. Da es hier etwas zu lernen gibt, ist eine Unterweisung nötig. Wer nichts lernen will, der braucht auch keinen Lehrer, doch wenn etwas gelernt werden soll, dann muß ein Lehrer her. Wie verhielt es sich bei den hochgeehrten Sahaba, Allahs Wohlgefallen sei auf ihnen allen, wer war ihr Lehrer? Kein anderer als der heilige Prophet, der Segen Allahs sei mit ihm. Nachdem der heilige Prophet, der Segen Allahs sei mit ihm, verschieden war, lehrte sie sein Stellvertreter und Nachfolger. Wir brauchen nun solche Lehrer, die uns an der spirituellen Front unterweisen. Die Sahaba sind allesamt dazu befähigt worden, jeder von ihnen besitzt das Geheimnis, alle zeigen uns den Weg zu Allah, keiner von ihnen führt uns in die Irre, niemals. So wie der heilige Prophet (s.a.s.) gesagt hat: Meine Gefährten sind wie Sterne am nächtlichen Himmel – der Mensch findet seinen Weg, indem er sich an den Sternen orientiert. Auf die Sahaba folgen deren auserwählte Nachfolger, die den rechten Weg weisen. Wer ihnen folgt, rettet sich, wer sich aber weigert, fällt Shaitan in die Hände. Wer keinen Führer zu Gott gefunden hat, weil er keinen gesucht hat, der fällt Shaitan zum Opfer.

Was fällt dem Nafs (Ego) am allerschwersten? Sich einem anderen zu beugen, fügsam zu sein. Das Nafs sagt dir: Ich weiß alles!“, und wenn du es fragst: „Gibt es irgendeinen, der dir überlegen wäre?“, dann sagt es: „Nein, niemand ist besser als ich, ich bin der beste, der vollkommenste – wie kannst du bloß eine solche Frage stellen? Wie könnte das sein, hast du in all diesen Jahren noch nicht begriffen, daß ich der beste, der größte, vollkommenste, edelste von allen bin? Habe ich’s dir nicht oft genug gesagt, daß ich der größte bin – mich mußt du anbeten! Wenn du mich liebst, betest du mich an!“ So verhält es sich mit dem Nafs eines jeden von uns, es behauptet immerzu: „Keiner ist größer als ich!“

Einer der hochlöblichen Sultane, möge Allah ihm einen Platz im Paradies bereiten, sagte einmal zu seinem Wezir: „Schauen wir uns doch einmal die Gelehrten und Sheikhs an, wie es um sie bestellt ist.“ Der Wezir antwortete: „Heute Abend ist eine große Versammlung, da können wir sie uns ansehen und er - fahren, was die Doktoren der Shari‘a von den Sheikhs der Tariqats unterscheidet.“ Als es Abend geworden war, begaben

sie sich zu der Versammlung und nahmen (unerkannt) in einem Eck Platz. Als erster betrat ein großer Gelehrter den Raum. Der Wezir verbeugte sich vor ihm, küßte den Saum seines Gewandes, grüßte ihn mit dem Gruß des Friedens, dann fragte er: „Wer wird wohl dieser Versammlung heute vorsitzen?“ Der Gelehrte gab ihm zur Antwort: „Wie kannst du nur so töricht fragen, kennst du mich denn nicht? Wer könnte außer mir diese Versammlung führen?“ Da setzten sie sich wieder. Der nächste große Doktor der Theologie kam herein, – denn die Gottesgelehrten waren in der damaligen Zeit, was in unserer Zeit die Doktoren sind – und der Wezir fragte ihn, wer denn die Versammlung leiten werde. Nun war dieser Gelehrte etwas bescheidener, er neigte sein Haupt und murmelte: „Man sagt, die Führung würde mir übertragen ...“, womit er sich selbst ernannt hatte. Danach kam ein dritter, den sie ebenfalls befragten. Dieser begann mit: „La haula wa la quwwata ... was für eine Frage! Wie könnt ihr nur fragen, wo ich zugegen bin – wie wagt ihr das nur?“ Ein vierter kam herein, von äußerst ehrwürdigem Gebaren, mit einem schön verzierten Stock. Als sie diesen fragten, wer denn die Versammlung des heutigen Abends leiten werde, gab er zur Antwort: „Schaut nicht auf das Äußere meiner Gewänder und Erscheinung, sondern betrachtet die Größe meines Wissens und meiner eigentlichen Statur – keiner ist größer als ich, darum bin ich natürlich der Leiter der Veranstaltung.“ So kamen sie einer nach dem anderen herein, ein jeder von ihnen der Größte, der Beste, der Unübertroffene. Vierzig Gelehrte hielten ihren Einzug, und jeder verhielt sich auf die gleiche Weise.

Dann kam die Reihe an die Derwische, und sie hielten alle ihre Roben um sich gehüllt. Der Wezir fragte den ersten: „Oh, Sheikh Efendi, welcher von euch Tariqat-Leuten wird diese Versammlung leiten?“ Dieser antwortete: „Jener, der nach mir kommt, o mein Sultan.“ Darauf fragte er den zweiten, der ihm dieselbe Antwort gab, und dann den dritten, den vierten, den zehnten usw., bis sie alle eingetreten waren, und jeder hatte auf den verwiesen, der nach ihm kommen würde. Schließlich kam die Reihe an den Letzten, den Geringsten von allen, der mit seinem schiefsitzendem Turban nur noch den untersten Platz fand.

Auch diesem stellten sie dieselbe Frage, und er sagte: „Was fragt ihr mich? Worauf wartet ihr noch, der, den ihr sucht, der ist schon längst hineingegangen! Habt ihr ihn etwa nicht gesehen, daß ihr mich fragt, der ich gerade noch hier bei der Tür hocken darf?“ Da sahen der Padishah und der Wezir einander an und hatten alles so gut verstanden,daß sie gar nicht mehr an der Versammlung teilzunehmen brauchten.

<name = „gurke“>
Dies ist ein Gleichnis von reifen und unreifen Menschen. In früheren Zeiten wurde ein Student, nachdem er

seine formelle Ausbildung erhalten hatte, zu einem murshid-i-kamil, einem vollkommenen geistigen Führer, in den Dienst gegeben, damit er von seiner Unreife geheilt werde. Eisen wird erst dadurch zu Stahl gehärtet, daß es viele Male ins Feuer gehalten wird. Geschieht dies nicht, so bleibt es nur Roheisen, das beim ersten Schlag zerbricht wie eine Gurke, während eine gehärtete Stahlklinge zuschlägt und elastisch zurückfedert. Äußerlich sieht man keinen Unterschied: beide Klingen sind aus Eisen.

So auch der Mensch: ein Mensch, der durch viele Prüfungen gegangen ist, der viel an Askese und Gebetsübungen auf sich genommen hat, und einer, der nicht dergleichen tat: beide sehen sie aus wie Menschen, und doch sind sie nicht gleich. Der eine wird von seiner tierischen Seele getrieben, während der andere in sich die Attribute der Vollkommenheit entwickelt hat.

In unserer heutigen Zeit werden so viele Bücher und islamische Schriften gedruckt, und die modernen Muslime und Doktoren der Shari‘a lesen das und halten sich danach für reif und voll ausgebildet. Nie würde es ihnen in den Sinn kommen, sich in den Dienst eines Sheikhs oder Weisen zu begeben, um dort ihre Reife zu erlangen. Sie glauben, durch Lesen und durch das Füllen ihrer Bücherschränke können sie genug lernen. (Manchen dienen ihre gefüllten Bücherwände auch als Dekor.) Sie nehmen an, daß sie sich selber etwas beibringen können, als sei dies möglich. Wäre das so, dann wären alle Schulen überflüssig und würden geschlossen, man bräuchte keinen Lehrer, jeder könnte zu Hause sitzen mit seinen Büchern – es müßte keine Schule geben, keine Lehrer, keine Schulbücher, keine Prüfungen, Schularbeiten – nur so ist es eben nicht. Früher gab es in den Schulen Unterricht im Vortragen, Rezitieren (Qira’at), jetzt hat man das abgeschafft, mit dem Erfolg, daß keiner seine Rede mit Hilfe von Notizen mehr richtig vortragen kann, weder der Sprecher im Parlament noch der lmam in der Jum‘a Khutba. (Doch unser Präsident, der hat vieles studiert, daher kann er frei vortragen ...)

Wer sich von seiner Unreife befreien will, der muß sich in die Feuer der asketischen Püfungen begeben – anders ist es nicht möglich. Darum, wer unreif von hinnen scheidet, der muß dann im Feuer der Hölle reifen. Hier geschieht dies durch die verschiedenen Formen der Gebetsübungen, des Fastens, Gehorsams, des Rückzugs, wodurch man sich bemüht, das aufsässige Nafs in seine Gewalt zu bekommen. Wer darum bemüht ist, der bedarf keines Höllenfeuers. Doch wer im Ungehorsam und in Unreife aus dieser Welt geht, der muß in die Hölle – das ist ihr Sinn und Zweck. Das Nafs stellt große Behauptungen auf: keiner ist größer, stärker, klüger, edler, verständiger als ich – ich, ich, ich!! Du? In meinem Wörterbuch kommt so ein Wort nicht vor,

es gibt kein du, es gibt nur mich! Für das Training des Nafs ist ein Trainer nötig. Wenn man einen untrainierten Hund zum Jagen schickt, wird er die Beute einfach auffressen. Doch die Menschen verstehen sich auf das Dressieren von Hunden und haben sie so zur Jagd abgerichtet, daß sie jagen und die Beute ihrem Herrn zurückbringen, auch wenn sie selbst hungrig sind. Sie legen sie ihrem Herrn zu Füßen und warten, ohne zu fressen. Wenn man also einen Hund abrichten kann, wieso verweigert sich dann das rebellische Nafs des Menschen dem Training? >
„Nein“, sagt es, „das nehme ich nicht an, das brauche ich nicht, ich bin schon gut genug trainiert. Der mich trainieren will, der ist es, der das Training braucht – gibt es denn einen, der besser trainiert wäre als ich? Der besser, gerechter, geeigneter wäre, – um ein geopfertes Schaf aufzuteilen und zu verteilen? Hier – ich nehme die beiden Vorderläufe für mich, und dann nehme ich die beiden Hinterhachsen, und die Leber, wer mag die schon – und dann, na dann noch den Hals, der ist auch für niemanden gut – alles andere laß ich für die anderen übrig, das ist meine Gerechtigkeit – wie kann es größere Gerechtigkeit geben?“ So erscheint es aus der Sicht des Nafs.

Zwei Katzen stahlen einen Käse. Dann begannen sie zu streiten und sich zu prügeln darüber, wie sie den Käse gerecht untereinander aufteilten. Sagt die eine: „Nein, ich geb dir meinen Anteil nicht zu essen, der ist mir!“ Und die andere sagt: „Nein, von meinem Stück sollst du nichts haben, das ist meins!“ So beschlossen die beiden, die Sache vor Gericht zu bringen, um einen gerechten Schiedspruch zu erwirken. Im hohen Gericht sitzt der Qadi, der Richter, dieser ist ein Affe, der bebrillt hinter seinem Richterpult sitzt, vor sich eine Waage. Die Kläger treten vor den Richter und erklären ihm den Fall: „Wir beide sind Teilhaber dieses Käses und können uns nicht einigen, wie wir ihn unter uns gerecht aufteilen sollen, darum sind wir vor Gericht gegangen, damit Gerechtigkeit walte.“ „Aha“, sagte der Affe, „genau darum sitz ich ja hier.“ Er zerschneidet den Käse in zwei Teile und legt diese in die beiden Waagschalen. Doch die Käsestücke sind nicht gleich ausgefallen, eines ist ein wenig größer als das andere, also schneidet der Richter ein Stück von dem zu großen Stück ab und ißt es auf. Jetzt ist aber plötzlich das andere Stück zu groß geworden, also muß er davon etwas abschneiden, und was soll er mit dem Stück machen? Also ißt er es auf. Jetzt sieht er, daß die Stücke immer noch nicht gleich groß sind, und so schnipselt und schnitzt er an den Käsestücken weiter, wobei er sich das Abgeschnittene immer in den Mund schiebt, so daß die Katzen ihren Käse allmählich schwinden sehen. Da fangen sie an zu schreien und rufen: „Nein, nein, so wollten wir das nicht, aufhören!“ Aber der Affe sagt: „Ausgeschlossen, ich übe nur Gerechtigkeit, ich nehme eine gerechte Verteilung vor...“, und er fährt auf diese

Weise fort, bis der ganze Käse aufgegessen ist. Daraufhin sagt er zu den unglücklichen Katzen: „Er war eben nicht für euch bestimmt, es war nicht euer Kismet, sondern das meinige, drum zieht nun eures Weges ...“

So stellt sich der Mensch des zwanzigsten Jahrhunderts die Gerechtigkeit vor, es ist dies die Gerechtigkeit des Nafs. Aber es steht geschrieben: „wa anzalna lmizan“, und Wir haben ein Maß herabgesandt – d.h. Allah hat ein Maß für die Gerechtigkeit gesetzt, so daß wir nicht nach unserem eigenen Ermessen urteilen, sondern entsprechend der Shari‘a und ihren Entscheidungen. Darin finden wir gerechtes Urteil, andernfalls ergeht es uns wie den Katzen mit ihrem Käs’, als sie ihn dem Affen zum Zerteilen brachten. Das ist es, was ihnen geschah und geschieht. Das Nafs ist wild, ungehobelt, niederträchtig und teuflisch. Wer sich nach ihm richtet, der kommt zu Schaden. Allah hat dem Menschen die Kraft gegeben, selbst Löwen zu zähmen, Allah erschuf den Menschen, um den Löwen zu bändigen. Nicht jeder kann es, aber es gibt doch einige, die es können. Wenn du dich dem Löwen entgegenstellst, wird er dich fressen, aber vor seinem Trainer fürchtet er sich, ihm gehorcht er. Wenn du dich ganz allein, nur mit eigener Kraft, deinem Nafs entgegenstellst, dann vernichtet es dich, denn es ist furchtbarer als ein Löwe. Du mußt dich einem Nafs-Trainer unterwerfen, damit er dich in der Unterwerfung deines Nafs unterweist.

Als der Prophet der Endzeit kam, salla llahu ‘alaihi wa sallam, mußte er das Nafs seiner Gefährten bearbeiten, und diese waren wie schreckliche Drachen! Aber er brachte sie zum Verschwinden und führte sie von der niedersten Stufe (asfalu safilin) zur höchsten Stufe hinauf (‘ala iliyyin). Seit jener Zeit hat es keine bessere, höherstehende Gemeinschaft gegeben als die der Prophetengefährten, denn ihr Nafs-Trainer war der heilige Prophet selbst, ‘alaihi salatu wa salam, er förderte das Gold aus der siebenten Tiefe des Erdreichs hinauf in den siebenten Himmel, er führte sie ihren himmlischen Stationen zu. Trainer sind solche, die die Genehmigung des heiligen Propheten dazu haben. Wer diese nicht besitzt, kann unmöglich dazu taugen. Unsere modernen Doktoren der Shari‘a, die heutigen Hojas und Imams, die Religionsbeamten können es gewißlich nicht sein. Wir bitten Allah, uns nicht unserem Nafs zu überlassen – Amin – und uns zu Seinen lauteren Dienern zu führen, die unserem Nafs Training erteilen können. Allah, Allah, Allah

-

## DER NAQSHIBANDI-ORDEN

Soweit sich die Menschheit entwickeln mag, immer wird der Naqshibandi-Orden den Menschen Frieden und Zufriedenheit geben. Er ist seit Sayyidina Adam (Fmi) das wichtigste und stärkste Gebäude. Deshalb münden alle Orden zuletzt in diesen Orden ein, denn alle anderen Orden sind nur Mittel, um zum Naqshibandi-Weg zu gelangen. Keiner ist selbst ein Weg, sondern nur ein Mittel, um den Naqshibandi-Orden zu erreichen. Deshalb ist in unserer Zeit der Naqshibandi-Orden die stärkste Tariqat, und die stärksten und mächtigsten und genauesten Nachfolger der Sunna gehören dem Naqshibandi-Orden an. In unserer Zeit haben alle anderen Wege an Kraft verloren und müssen Erneuerung durch den Naqshibandi-Orden suchen, nur dann sind sie geeignet zum Folgen zur Zeit von Mahdi (Fmi), der selbst Naqshibandi ist, so wie alle seine Kaliphen auch. Der Naqshibandi-Orden enthält alle anderen Orden in sich vereint. Zur Zeit von Mahdi (Fmi) werden die stärksten göttlichen Erscheinungen - stärker wie nie zuvor - auftreten. Es ist unmöglich für die Leute, diesen Erscheinungen standzuhalten, wenn ihre Herzen nicht vom Naqshibandi-Orden gestärkt worden sind. Wer behauptet, von einer anderen Tariqat zu sein, steht auf der Stelle, ohne Fortschritt. Jeder muß seinen Bund durch den Naqshibandi-Orden erneuern. Der Grund dafür ist, daß Allah selber diesen Orden am Tag der Hijra gründete. Keine andere Tariqat wurde direkt von Allah gegründet, sondern nur indirekt. Wer geistigen Fortschritt will, muß jetzt dem Naqshibandi-Weg folgen. Es sind so viele Anhänger verschiedener Tariqat-Orden, doch sie müssen alle ihre Tariqat durch den Naqshibandi-Weg erneuern. Ich habe dies noch

nie zuvor gesagt, aber mir ist befohlen worden, dies nun zu sagen. Es sind nicht meine Worte, und keiner kann sie widerlegen.
Wenn einer zur Gegenwart des Propheten (FSmi) gehört, zu den "Ahlul Haqiqat", der kann den Propheten (FSmi) selbst dazu befragen. Jeder muß folgen, denn die Zeit ist reif für das Auftreten von Sayyidina Mahdi (Fmi). Er besitzt eine so starke Erscheinung, daß keiner ihn ertragen kann, der nicht im Herzen unterstützt wird. Nichts kann einen Naqshibandi beeinflußen. Selbst Billionen von Shaitans können einen Naqshibandi nicht zerstören oder angreifen. Er, der Orden und seine Leute, werden geschützt von Allah dem Allmächtigen, deshalb sagte Alauddin Buhari, der Nachfolger von Shah Naqshband, als dieser ihn fragte, ob er ein göttliches Geschenk kennen würde, das größer wäre als das des Islam: "Oh mein Meister, du weißt, daß wichtiger als das es ist, Naqshibandi zu sein." Warum? Weil alle Naqshibandi-Großscheichs vom Anfang bis zum Ende geschaut haben und nie eine Person sahen, die zu den Naqshibandi's gehörte und ohne Glauben starb. Der Naqshibandi-Orden ist wie ein Bunker für den Iman . Nie ist der Glauben eines Naqshibandis ohne Schutz, selbst wenn die Teufel Millionen sind, reicht sein Schutz aus. Nie starb einer, der Naqshibandi war, ohne Iman. Die geheime Kraft der Naqshibandis ist die wichtigste Gabe Allahs an seine Diener. Dies gilt nur für den Naqshibandi-Orden und für keinen anderen Orden.

Auf die Frage: "Oh mein Meister, wie weiß man, ob einer Naqshibandi ist?", antwortete der Scheich: "Das Zeichen ist, daß einer die Naqshibandis liebt und in ihren Treffen gegenwärtig ist und ihre Gesellschaft liebt. Das ist das Zeichen, daß er zu ihnen gehört." Allah gründete den Orden, und nichts kann ihn angreifen, nichts kann ihn zerstören. Wer kann Allahs Kraft übertreffen? Es ist unmöglich. Allah ist immer siegreich. Seid glücklich, daß ihr Naqshibandis seid und mit Naqshibandis seid und sie liebt und unterstützt. Immer ist euer Herz mit ihnen. Dies ist auch ein wichtiger Punkt für alle diejenigen, die in Depressionen fallen. Der einzige Ausweg ist dieser Orden. Keine andere Methode außer dem Naqshibandi-Orden kann dann erfolgreich sein.

## Natürlich und künstlich

Allah Shukur, Allah Shukur.. Tee. Wir wissen die richtige Methode nicht. Für Bawl - Urin, sagten die Mashayekhs, der Großshaykh Hz, Sh Sharafuddin Hz, möge Allah seine Stufe erhöhen: 'O Abdullah Effendi, ich bemerkte eines Tages, daß ich Tee trank und ständig den Drang fühlte, aufs WC zu gehen zum Urinieren. Ich sagte: Woher kommt das? Ich werde einmal sehen, wer den Tee macht, wie er ihn macht. Dann sah ich eines Tages, daß..' Es gab einen Mann mit Namen Ahmad unter den Derwischen. Er war hinter dem Raum, wo M. Großshaykh sich aufhielt, als Türsteher. Er hatte einen kleinen Ofen und wartete dort auf die Befehle M. Großshaykhs. 'Ich sah, daß ich ein paar Tage lang öfter urinieren mußte. Und das ist nicht normal für mich, Tee zu trinken und sofort urinieren zu gehen. Ich werde mal sehen, dieser Ahmad bringt mir Tee, wie macht er ihn?' Ahmad hatte einen Ofen, der Derwisch Ahmad. Dort auf dem Ofen ist eine Kanne. 'Ich guckte, er machte so und sagte, es ist heiß, tat den Tee hinein und brachte ihn mir. Da bemerkte ich, daß wenn er den Tee ins Wasser tat, bevor das Wasser kochte, es bewirkte, daß der Urin kam.' Man braucht keine Pillen dafür. Tee, Tee, der nicht gekocht oder gezogen hat, bringt den Körper in Bewegung und wirft den Urin aus.

Es war so, wir hatten für alles alte Heilmittel. Unser einziger Fehler jetzt, der Fehler aller Leute, ist, daß wir uns von der Natur entfernt haben. Wir haben uns von der Natur entfernt und künstliche Medikamente gemacht, deren ursprünglicher Zweck kommerziell war. Sonst gab Allah der Allmächtige Heilung für jede Krankheit mit den verschiedenen Arten von Kräutern in der Natur. Nur dieser Tee, wenn ihr ihn so trinkt, bringt die Nieren dazu zu filtern. Das bedeutet, man braucht keine Pillen. Diese Pillen nun, tatsächlich sind diese Pillen nicht leicht für die Nieren. Sie peitschen die Nieren auf, aber den Ärzten ist das egal. Außerdem, wenn man nur

diesen Tee trinkt, der nicht gezogen hat, bewirkt er 2x mehr als diese Pillen. Aber wer hört jetzt? Du mußt diese Pille unbedingt nehmen. Okay, dann nimm sie. Also bis die Leute nicht zur Natur zurückkehren, können sie nicht vor Krankheiten bewahrt werden. Wir schoben die Natur beiseite und erfanden etwas anderes für uns. Alles, was wir erfunden haben, dient kommerziellen Zwecken. Sonst erschuf Allah der Allmächtige eine Pflanze, um alle Krankheiten zu heilen.

Du warst auch dort, im Libanon, als wir in die Berge des Libanon gingen. Dort gab es einen Wald. Es gab auch einen Türsteher dort. Es gab dort ein Schild, vielleicht erinnerst du dich, was darauf stand? 'Hier auf diesem Berg gibt es 600 oder 700 Arten verschiedener Kräuter.' Könnt ihr euch das vorstellen? Es heißt, es gäbe 700 Arten von Pflanzen, die auf diesem Berg wachsen. Allah der Allmächtige sagt: "Ma Khalaqta Hadha Batilaan" (3:191). 'Ich erschuf nichts ohne Zweck, ohne Nutzen'. Es gibt einen Nutzen in jeder einzelnen von ihnen, aber sie haben es anulliert aus kommerziellen Erwägungen. Sonst würden alte Menschen nicht krank werden. Selbst wenn sie krank würden, stände ihre Medizin bereit. Es gibt alle Arten verschiedener Kräuter auf Höfen, Bergen, in Bächen.. Hier, dafür gibt es Tee. Es filtert und bringt es von selbst heraus. Aber ich muß jeden Tag eine halbe Pille nehmen, damit die Nieren aufgepeitscht werden und sie dazu angeregt werden, den Urin überreichlich zu filtern. Deswegen, solange der Mensch nicht zur Natur zurückkehrt, nehmen die Krankheiten nicht ab, finden kein Ende und es findet sich keine Heilung für sie. Achtet darauf. Ich erkläre das vor der ganzen Welt. Sie sollten das beachten. Der einzige Fehler der heutigen Menschen ist, daß sie sich von der Natur entfernt und die Technologie umklammert haben.

Alles ist jetzt beschleunigt. Wenn ein Flugzeug mit hoher Geschwindigkeit fliegt, geht alles in ihm mit derselben Geschwindigkeit, und diese Geschwindigkeit ist verheerend für den Körper. Unsere Höchstgeschwindigkeit geht bis zu der eines laufenden Pferdes. Es kann nicht schneller als das sein. Das ist der Schaden der Technologie an den Menschen, daß jede Medizin "masnu'" ist, fabriziert, nur, um die Menschen von der Natur wegzuziehen und damit die kommerziell denkenden Leute Geld verdienen, ihr süßes Einkommen vergrößern. In diesem unsinnigen System sind alle krank, alles ist voller kranker Leute. Die Krankenhäuser sind voll, und die Menschen wundern sich. Wir sollten an diesem Punkt gewissenhaft sein: Der größte Fehler der

heutigen Menschen ist, daß sie betrogen werden. Jetzt diese Leute, die auf den Straßen rennen und sagen: Wir kommen mit diesem Geld nicht aus. Unser Gehalt reicht nicht.. Wie? Sie müssen ständig Medizin kaufen. Sie werden von der Natur weggezogen. Ist er erst mal weg von der Natur, sitzen ihm Krankheiten im Nacken.

Künstlich ist eine Sache, natürlich eine andere. Die Heilung, die die Natur bringt, ist anders. Sie heilt die Krankheit und endet den Defekt im Menschen auf Dauer. Aber die andere zerschmettert und peitscht auf und deshalb gibt es alle Arten von Krankheiten in allen Organen. Aber die Menschen heute hören nicht auf das. Nein! Das ist, was ihnen beigebracht, gegeben und angeboten wurde, daß alle Heilung darum geht, alles künstlich. Wir nennen es "Istina", nicht natürlich. Wir haben der Natur den Rücken gekehrt und alle Arten von Krankheiten fielen auf uns. Und die gierigen Leute erfanden etwas für diese Krankheiten. Es gibt unendlich viele Arten von Mitteln. Das ist gut für das, das ist nicht gut für das, dieses bewirkt jenes... Was für ein Leben ist das? Sie haben das Leben der Menschen durcheinander gebracht und kamen an den Punkt, daß sie es mit ihrem Geld nicht mehr bewältigen. Sie rennen auf die Straßen, um Heilung für ihre Probleme zu finden, aber es gibt keine Heilung. Leute mit dieser Mentalität fern von der Natur würden auch wenn du ihnen 100, 1000 oder Millionen bezahltest, trotzdem auf die Straße rennen. Das reicht jetzt. Es ist genug für vernünftige Menschen. Wer sagt: Das stimmt nicht, könnte den Morgen nicht erleben. Fatiha.

Okay, nimm das jetzt weg. Die armen Tiere können allein entbinden. Wenn jemand hilft, kann sie helfen. Aber jetzt hat sich Schwangerschaft in etwas verwandelt, das den Leuten Angst macht, weil 'Wie werde ich entbinden? Werde ich es können?' fragen sie sich. Yahu, Allah (swt) machte euch schwanger, damit ihr entbindet. Das Baby ist fertig in euerem Leib. Die Macht, die das Baby dorthin setzte und es wachsen ließ, wird es auch herausbringen. 'Nein, wir werden zum Arzt gehen. Wir werden dies und das tun..' Und der Arzt sagt: 'Ja, komm. Du kannst 3x, 5x am Tag kommen und wir gucken, wie es ist.' Alle Arten von Maschinen, sie bringen den Babies Probleme mit Strahlen. Das ist eine weitere Schwierigkeit. Der Mensch sollte das in Betracht ziehen. Diese unsere Ansprache ist von den Himmeln, nicht von der Erde. Wenn sie zu Verstand kommen, okay. Wenn nicht, werden sie erleiden, was auf sie herabkommt. Es gibt keine Grenzen

für die Hilfe, die du bereitstellen kannst. Du kannst das nicht handhaben. Du gibst ihnen 100, aber er gibt die 100 schon für Medikamente aus. Er sagt: 'Ich muß Medizin nehmen.' 'Kannst du die Medizin nicht umsonst bekommen?' Was sie auf der einen Seite geben, nehmen sie von der anderen. Sie bringen die Leute dazu, zu arbeiten wie die Tiere, und bezahlen ihnen dann nur genug, das Essen zu kaufen, das sie verzehren. Sie beschneiden selbst das. Jetzt gehen die Leute auf die Straße: 'Wir kommen nicht damit aus, wir können damit nicht leben. Wir können nicht tun, was wir wollen.'

Es gibt keine Erlaubnis für euch zu tun, was ihr wollt. Nicht damit ihr tut, was ihr wollt, sondern um eueren Körper mit dem zu versorgen, was er braucht. Diese Leute trinken, rauchen Tabak, rauchen Haschisch, rauchen Gras, rauchen Opium, rauchen oder trinken, was immer sie finden.. Wie können diese Leute geheilt werden? Welches Geld könnte für sie ausreichen? Selbst wenn du das Nationalvermögen vor sie hinstellst, bringen sie das auch durch. Dann schaut: Was haben wir in der Hand? Da ist nichts mehr! Deshalb, solange die Ordnung dieser Welt sich nicht ändert und wir die die Befehle der Himmel nicht einhalten, wird diese Menschheit zerschmettert, erledigt und leidet in diesem Zorn. Selbst wenn wir diese Worte, die wir jetzt sagen, stundenlang sprechen, gibt es kein Ende. 'Ich huste.' Wenn du ihm sagst: 'Trink Holunder,' sagen sie: 'Was nützt Holunder? Es gibt Pillen. Ich nehme eine Pille und meine Grippe heilt'. Aber es ist ihm nicht bewußt, daß diese Pillen seinen Körper aufpeitschen. Es ist ihm nicht bewußt, daß sie den Körper zerstören, alle Organe verschleißen. Jede Medizin zerschmettert jedes Organ des Körpers. Unsere Organe werden wie die Sklaven, die dazu gebracht werden, mit der Peitsche zu arbeiten. Sie müssen die ganze Zeit gepeitscht werden. Und wer peitscht, hat keine Gnade. Du gehst ins Krankenhaus. Sie sagen: 'Ist ein Patient gekommen? Er soll sich hinlegen. Er wird behandelt, aber was für eine Behandlung ist es? Was ist diese Behandlung? Nachdem du der Natur den Rücken gekehrt hast, hat deine Behandlung keinen Wert mehr. Deshalb kommen viele Leute und viele von ihnen sterben dort.

Tawba ya Rabbi. Möge Allah uns davor bewahren, von Drogen abhängig zu werden, diesen künstlichen Drogen. Fatiha. Hat dir das gefallen? Wieviele Minuten? HR: 19 Minuten, 20 Minuten jetzt. M: Da haben wir es. Jemand, der das versteht, kann nicht ein, sondern 100 Bände

davon schreiben. Fatiha. 'Ich habe zugenommen, ich muß abnehmen, ich muß zunehmen...' Die Shaytane machen die Menschen verrückt. Deshalb will jetzt niemand den Islam annehmen. Sie sind alle hinter den Erfindungen Shaytans her. Sie sind nicht "la yuflihun" - die nicht gerettet werden, sondern "lan yuflihun" - die niemals gerettet werden. Wenn diese Regierung wechselt, bleibt unsere Lage doch wie vorher. Selbst wenn du 100 Regierungen änderst, da unser Weg erfunden ist, ist er schädlich, und wir ändern ihn nicht - 'diese Regierung ist gefallen, diese kommt..' Immer noch dieselbe. Möge Allah uns aus den Händen der Tyrannen erretten. Diese Zeit jetzt ist die Zeit der Tyrannen. Tyrannen... 'Dann wird ein Mann von meinem Ahlu l-Bayt kommen. Er wird die Erde mit Frieden und Gerechtigkeit füllen, wie sie vorher mit Ungerechtigkeit und Tyrannei gefüllt war. Alle Menschen werden jetzt unterdrückt, alle vom Kopf bis zu den Füßen. Sie kennen die Heilung nicht, sie wissen, was die Heilung dafür ist. Laßt sie der Heilung zuhören und 'Lüge' sagen. Ich werde ihn innerhalb von 3 Tagen ins Grab bringen. In 3 Tagen, ich lasse ihn nicht einen 4. Tag hier. Ich bin ein Mann, der auf der Null-Ebene ist, aber manchmal, wenn wir böse werden, 'berühren' wir. Aber ich mische mich jetzt nicht ein, es gibt einen Mächtigeren. Ich spreche nur - sie bewirken, daß ich spreche, und ich spreche. Möge der, der sagt 'es ist falsch', nicht überleben! Okay, Tawba ya Rabbi, Tawba Astaghfirullah. Fatiha. Aman ya Rabbi.

Sie verdarben auch die Natur mit den Drogen. Was immer in der Natur wächst, sie haben es mit den Drogen auch verdorben und es ist kein Nutzen mehr darin. Es schadet, aber nützt nichts. Das Gemüse, das Fleisch, das Brot, alles... Kommerzieller Zweck hat die Priorität, Shaytans Ziel hat die Priorität. Deshalb, welche Regierung kann das handhaben? Das Gehalt, das den Leuten, den Arbeitern, bezahlt wird, ist nicht einmal genug für ihre Medizin. Es ist nicht genug für den Putz der Frauen, noch für den ... der Männer. Tawba ya Rabbi, Tawba Astaghfirullah. Wer dem widerspricht, mag das Ende des Monats nicht überleben. Fatiha. Diese Sohbat, diese Ansprache ist eine feste, solide Sohbat, die mitteilt, wie die Probleme, unter denen die Menschheit leidet, beseitigt werden können. Wenn die Menschheit das nicht anwendet, wird die Technologie sie erledigen und zur Null machen. Ihr Leben wird keinen Geschmack haben. Sie sollten sorgfältig darauf achten. Kehrt zur Natur zurück. Kehrt um, kommt zurück zur Natur.

Die Natur ist wie unsere Mutter, Mutter... Die Natur ist wie eine zärtliche Mutter. Wenn ihr sie hinauswerft, fallt ihr in Wildheit und euer Leben ist vergiftet und endet so. Laßt die Technologie, kehrt zur Natur zurück. Findet Trost, lebt bequem und geht rein ein in die Gegenwart des Herrn. Ya Rabbi Tawba, Tawba ya Rabbi, Tawba Astaghfirullah. Fatiha. Das ist ein Ozean. Egal, wieviel du sprichst, es gibt keine Grenze für diesen Ozean, aber wir sollten davon nehmen, wie wir es brauchen. Wir müssen soviel nehmen, wie wir brauchen. Die Ordnung des heutigen Lebens ist die Ordnung des Todes. Um die Menschlichkeit der Menschheit zu erledigen und ihren Tod zu beschleunigen und zu kommerziellen Zwecken etwas von ihnen zu nehmen - das ist, um was alle Taten und Angelegenheiten der Dunya sich jetzt drehen: Geld zu sparen, Reichtum aufzuhäufen. Was nützt es euch, Reichtum aufzuhäufen? Die Leute sagen nur: 'Der da ist reich.' Möge dieser Reichtum auf euerem Kopf explodieren. Er nützt euch oder anderen nichts. Was hat es euch genützt? Nur damit die Leute über euch sagen: 'Dieser Shaykh hat so viel Gold.' Was wird er damit machen? Werden sie es über seinem Kopf ausschütten, wenn er stirbt? Er wird alles zurücklassen.

Warum kämpft ihr mit der Natur? Sie haben die Schulen aus dem Grund verdorben. Die Schulen sind dazu da, uns zu lehren, was gut für uns ist. Wenn sie uns beibringen, was nicht gut für uns ist, dann kommt kein Nutzen von ihnen. Auch die Regierungen, bis sie nicht tun, was den Menschen guttut, sind diese Regierungen zu nichts nutze. Sie werden miteinander kämpfen, brennen, zerstören... Und am Ende werden sie sein wie Tiere, die mit dem Schwanz wedeln, wenn sie sterben. Möge Allah (swt) uns weit fort von ihnen entfernt halten. Deshalb ist der Islam der Herrliche, Islam ist die herrliche Himmlische Ordnung. Wer sie anwendet, ist gerettet. Wer sie nicht anwendet, wird vernichtet... Achtet auf das, Menschheit. Wer auch immer da ist, der diesen Worten widerspricht, der kann den 40. Tag nicht überleben. Ich werde sie ins Grab bringen. Fatiha. Es gibt einen Ozean in mir. Und mein Ärger ist stark und grimmig. Allah Allah. Was für schöne Worte. Was für solide Wirklichkeiten. Dies sind Wirklichkeiten, die nicht geändert oder verdorben werden können. Jemand, der 'Nein' sagt dazu, kann 40 Tage nicht überleben, zum Friedhof! Sie sollten aufpassen und ihre Zunge hüten. Fatiha. Amin ya Rabbi.

## Natural Cure

Bismillahirrahmanirrahim

(Sheikh Effendi spricht über Großsheikh Sharafuddin, der eines Tages seinen Schüler Großsheikh Abdullah fragte, wie er denn den Tee kochen würde. Abdullah ad-Dagistani antwortete, dass er den Tee nie kochen lassen sondern ihn vorher - halbheiss - aufschütten würde. Dies würde zu einer besseren Diurese (Harnlassen) führen als jedes Medikament und so eine wichtige Naturmedizin darstellen. Zudem hätte der Tee keine Nebenwirkungen so wie die künstlichen Medikamente. Sheikh Effendi fährt dann fort:)

Allah gave special quality to some herbs, with his wisdom. If you do this (drinking no-hot tea), it can substitute for the artificial pills; it makes no heaviness for the body, no harm for the kidneys. It (drinking not-boiled tea) removes excess water from the body. It is a wisdom from Allah. Allah appointed a cure for every sickness. It is natural, meaning every plant growing in the nature has a benefit. But doctors these days do not accept this. Regardless, they try to cure with their artificial medicine, what the natural herbs can give to people, they try to replace with pills or vaccines, they give to patients only for the reason of commerce, nothing else. Allah has not created a disease without creating a cure for it (hadith). Allah created a cure for all diseases. People can not get well with fake drugs. There are all kind of plants that Allah created on earth. There is a special quality within each plant; if people use this quality, they can take comfort. They destroy and

damage inside the body, because they are fake drugs. It is necessary to put yourself in Allahs hands and believe. It is necessary to believe in Allah who arranges peoples live and to understand the purposes of what He created. Whom he has faith in Allah gets benefit from various types of plants growing on earth. Drugs can be found but the healing coming from those plants, growing in mountains, in deserts. Their healing effects may not show itself in a few days, even if takes longer time, eventually it will heal that disease. But people of this time have no patience. Because they have no patience, they want to get well immediately when they get sick. They cant be (well)! They cant be (well)! They have to be patient, they have to repent to Allah. Make Tauba, make Rabbun Allah, Hasbun Allah dhikr. Wa min Allahu tawfiq. May Allah make our belief stronger, so that we can have faith, whom he has faith, his live is sweet, whom has no faith, their live is bitter, poison. Fatiha.

## Natural Medicine

This is a short introduction for a new medicine and treatment booklet. People in our days are very much in need of this, because illness are increasing and it is becoming more and more impossible for physicians or scientists to find names, treatments or medicines to cure these illnesses.

Simple illnesses have simple medicines, but during the development of mankind and the growing up of disobedience, the illnesses also started to be disobedient against the medicines and could not be cured anymore. By permission of Allah Almighty a very grave illness can also be defeated by simple medicine but the more mankind became disloyal and disobedient to Divine Laws, the more illnesses were impossible to cure, even the most simple ones.

Nowadays you must use so many medicines for curing. Don't believe that those medicines and operations are of any use! If people were obedient servants, Allah Almighty could be able to give health and to take away that illness. As long as people think that medicines will take away illness, the illnesses will never go away.

The heavy pressure of artificial medicines will make them sleepy or even to loose their

consciousness. Then when the powerful medicine and poison is taken away, the bacteria and microbes awake and begin to rush and to eat the organs because Allah Almighty gives command: ‘Destroy!’

The reason for all of this is disobedience. These people never think that health comes from Allah, they think that health is a result of tablets, pills and operations. That is a big sin. Once I visited a doctor in Karachi, Pakistan. It was a simple clinic. Over the door was written a Holy Verse from the Holy Quran: ‘If I will be ill, my Lord will give me health.’ (26:80). That is a big warning and attention for everyone coming to a doctor. It is not correct to say: ‘This doctor doesn’t know anything.’ The cure doesn’t come from the doctor and from medicines, but from Allah. When people left this belief and left paradise, thousands and thousands of illnesses fell over them, even though there are only 360 organs.

Some people come to me after having gone to so many doctors. They say, ‘No-one knows how to cure this illness!’ What I understand is that everyday new illnesses occur which not even professors know anything about. Partly very strange illnesses concerning: eyes, ears, tongue, brain, throat, heart, liver, lungs, stomach, kidney, bones, blood, nose.....
In our days such a complexity comes out of our bodies. People get ill, feel ill, go to a physician, to laboratories, make x-rays, feel ill, go again and after having made a full check-up the doctors tell them:

‘There is nothing wrong.’
‘But I am ill’
‘Everything is alright’
‘I feel ill’.

That is another kind of punishment, to feel ill. There is no medicine, but they will get drugs to forget to make some parts of the brain not to function. The physician will feel obliged to give drugs and so, even though the patient is not ill, the doctor will poison him. Millions have this kind of illness.

The last thing will be that the doctors say ‘We must cut your head’. Then they touch the

brain. This is the most difficult operations, no one should accept it. With heart operations it is the same: it is dangerous and hopeless.

To use a knife is always harmful, but nowadays physicians mostly hurry up and cut. That is so difficult and so harmful. Without using a knife, there is a treatment for every illness, a natural medicine. It may take more time, but it has not side effects.

We believe that there are many reasons for people to get ill. Some are physical reasons, some spiritual. And so, as believers, we do not accept that every illness only comes from a disease and only has something to do with this life. It is also a heavenly reaction that affects people and makes them ill.

All prophets advised their nations, their believers, their followers, to use charities as a protection against illnesses. It is not only in Islam that we say that charity gives you a shelter against illnesses. Every religion has declared through their prophets the importance of giving or doing charity.

That is the reason that we are repeating the same orders like all the prophets were giving, including the last prophet, peace be upon him, and upon them. Charities must be done or given first. Before using any medicine, people must try to cure themselves by doing charity. That is why charity is so important.

When we understand this, treatment is easy for believers. For unbelievers the cure is very difficult. The souls help the believers to be cured, but unbelievers have souls that are against themselves and these will never support them. So the cure of unbelievers will be longer and longer or may be even stay until the last moment of their lives.

Believers, however, because their souls support and help them, can quickly be treated and cured. So the most important factor for the treatment and the cure of an illness is to give charity – ‘SADAQA’.

It is the most terrible and most dangerous time for living people and for them to be safe against

all unknown illnesses. As long as physicians and researchers are searching they will find more illnesses and more medicines and treatments against them. It will be impossible to make a limit. The number of illnesses and the number of treatments existing in our days have reached a climax. This makes physicians and scientists tired and they are coming to a point of becoming hopeless to be able to prevent the spreading of illnesses or to be able to control them. Therefore we are looking for some main medicine to treat mankind. First treatment of all for every ill person is: they must believe.

Unbelief brings endless reasons of illnesses as a punishment. And so, as a first treatment for all mankind: It is the most important thing to believe in the existence of the Lord of the Universes. Secondly, mankind needs to accept advice. First of all from the Lord of Heavens, secondly from His Prophets and thirdly from the Friends of the Lord. If they not hearing and listening to the Heavenly Advices of Lord Almighty Allah, of His beloved Prophet Seyidina Mohammed, of all prophets and also not accepting advice from the other inheritors of prophets: the holy ones, the friends of Allah, they will suffer and there will be no more cure for them.

Perhaps the treatment will even be a punishment for them. In our days nearly every treatment is through surgery and surgery is not a real treatment. It was not until this century that surgery started to be used in this exaggerated way. Today surgery is the most important treatment for illnesses. Perhaps 99% of the physicians want to use the knife of surgery and nothing else. They want to cut, to sew, to add, to destroy and nothing else! That is not treatment, it is a punishment.

That is why we are saying: everyone must believe in the existence of the Lord of Heavens, must believe in the existence of the Creator of the whole universe and must believe in His Will Power. They must also believe that the treatment of His servants only can come from His Will. Only if He is willing, can treatment come to the people, to ill people. If He does not want, only more punishment will come, not treatment.

For this reason only a small percentage of the people have not had a knife cutting their body. That is one way in which this punishment reaches the whole world from East to West.

Illness is a punishment for people living in our days. After getting that punishment, the treatment, which they are asking for is the next punishment, and he result of it is that they will be crippled. In our days every part of the body has been cut and opened and has suffered: head, heart, liver.... Every part of the body has been touched by knives. All this is another punishment; it will not give the patient rest, never! It is not a treatment.

With my given authority I am advising all mankind to hear and to listen to the words of the Lord. If they are not listening and obeying, that punishment will just rain on them every day and there will be no treatment and no medicine for them. There will be no happiness and no rest for their bodies or minds or for their hearts.

This includes to listen to His beloved messenger Seyidina Mohammed, peace be upon him. Allah Almighty taught him every kind of treatment. Every illness is well known by the Seal of Prophets and he has been given heavenly knowledges concerning medicines and treatments for every kind of illness.

We are advising to use some of these divine treatments, just simple medicines, natural medicines, because our bodies belong to nature and its cure can only come through natural medicines. Every artificial thing that grows in our days is against the nature of mankind. Therefore it must be stopped! Every artificial, synthetic medicine is against the nature of our structure and so it must be stopped. It harms and damages the structure of our bodies. People of the 20 century have lost their patience. Mankind has no more patience. They are asking for quick treatment, and treatment through natural medicine takes time, but mankind has no patience and ask for their pain and suffering to stop quickly. Therefore they want new artificial strong medicines and it is not important for them if they are damaging their bodies. Their only interest is to stop their pain and suffering quickly.

An important advice for ill people: to be patient enough to use natural medicines. These natural medicines have been used through centuries since the beginning of life on earth. Mostly they have been taught to the people through heavenly knowledges, through prophets and messengers. It has been completed by the Seal of Prophets, Seyidina Mohammed, peace be

upon him.

Mankind must also try to keep their bodies safe. The way of doing this, is to keep everything away which harms our body. Everything which harms our physical body is mentioned in the heavenly messages, heavenly knowledges, heavenly advices and heavenly treatments. You must keep these rules and stay away from every damaging and harming thing which is written in the Holy Books and is prohibited by the Lord Almighty Allah. As long as you are going against these, you will be punished and have no treatment.

Illnesses never come without a reason: either it is as a punishment to make that person to obey, or it is to demonstrate the treatment for others. And so, who drinks alcohol must be punished. All drinks that harm he body are prohibited and should not be drunk. Anyone who comes against this and says, 'Oh, just a little bit ..' will be punished just a little bit. If a person drinks a little bit of poison he will suffer a little bit. If he takes more, he will suffer more. This is because prohibited things are poison, spiritually and physically.

If anyone smokes, he must be punished. If only a little bit, he must be punished a little bit. If very much, the punishment will be very big. If a person eats pork and that which is prohibited of dead animals, it will harm his body he must be punished.

If man and woman make illegal actions: once, twice, three times, something may attack her and him and they will be punished. Until people leave all these things that I am mentioning, they will be punished sooner or later.

In the time of Prophet most of the people were ignorant and they were doing everything. Then Islam came, they accepted it and were cleaned by following the Lord's command. And so, if anyone today is doing wrong out of ignorance and then say, 'I am finishing this and now, my Lord, I am listening and obeying.....', then the illnesses can be carried away by Divine Will without even using any medicine. That is the treatment for him or for her then, and it is allright. When unbelief, 'Kufr', is taken away, everything else that is bad is taken away too.

But it must be well known that every prohibited thing brings illnesses, unknown illnesses. As in

our days unknown illnesses are coming to us through homosexual people, and there is no medicine, no treatment, because it is against the Holy Command of the Lord of Heavens. If they find some cure, another hopeless illness will come, because the Creator creates so many bacteria and viruses, it is endless....

Therefore the first protection is not to put the body in front of danger. In the same way as someone who puts their hand on an electric wire also will feel the painful reaction.
The parents of children born with illnesses are the ones being punished, not the children. If people take care, then they are protected. For these people it is easy to be treated. Simple! Even water, the source of life, gives them treatment and can be medicine.

Allah created cold water and hot water. You may lie in cold water or in hot water on in mud and your body can be like renewed. You may drink some water and it can clean your inside. You may eat grapes and it will be like medicine. You may eat melon and it will give you strength. You may eat wheat and it will give you power. Everything that we are using as a grace or as a favour from Allah Almighty will at the same time be power and medicine for us. In that way, there is no need to look for other medicines because of he Lord of Heavens, the Lord of the children of Adam, created everything and gave a treatment for everything. Life power is in every food and likewise every food is a medicine. The only condition is to say, 'In the name of Allah Who created this for his servants' wealth and health; when eating or drinking. Use everything in His Name and it will be medicine and treatment for you.

That is the only purpose for which the Lord created it. Not to be avoided by His servants. When you are going to important physicians or specialists who then say, 'Don't eat this, don't touch that, don't use that...' That is not a treatment, it is a punishment because you were not using it in the name of the Lord that created it. And so Allah prevents you and as a punishment the doctors will tell you: 'Don't eat sugar, don't eat fruits, don't eat meat, don't touch butter, and don't touch honey....'

Mankind must learn to come and declare their humbleness towards the Lord of Heavens. As long as they are not doing that, as long as they are not declaring their servanthood, they will be

punished and nothing will give them any treatment or health even if they kill the whole world with medicines. The whole world can be filled with doctors and medicines and specialists and still it will be impossible to give mankind any health or rest or peace or satisfaction or take away their suffering and miseries. This must be wellknown.

I am speaking to all mankind so that they may be warned by Heavenly Warnings. Everything that has been declared in this small booklet has been said with this condition. I hope for endless blessings by the Lord of Heavens for it to be useful for mankind. May Allah bless us and accept our excuse and grant us from His endless blessings so that we may believer and be good servants.

1.1.1989

## NATURAL MEDICINES

When salt is refined, so many things are taken away which give benefit to the body and which the body needs. The same with olive oil: when it is refined its natural orginality changes. Everything which is refined brings harms to mankind. They are always trying to change the natural being. They think that the Lord Almighty Allah doesn't know what is suitable for our beings, so they try to change it and to make it more suitable. That is impossible! Allah knows! For thousands of years no-one ever thought of refining olive oil. Now they remove the rich parts and use them for something else. They do not throw them away, they use them for other purposes. Maybe for other oils, or margarines. So they leave the olive oil without essence, and the essence is the important point in it which gives the benefit to our bodies.

They are trying everything in their minds to change as much as possible. But the best for mankind is that which Allah Almighty has created. It should be used without putting your hand to change its identity. Keep it as it is. If man eats that which comes from nature, the way it is, it is the best medicine for the physical bodies. But mankind is so involved with everything that they plant vegetables, corns and fruits and make people more sick.

They do not want people to be healthy, because thousands of factories work to produce medicines. Only a small bottle of medicine costs so much money. There is so much trade from medicine. You cannot find a

family which doesn't use medicine. Every family! For their children, adults, men, women, sick-ones or healthy-ones. They do not even leave the healthy-ones alone! They say to them that they have to take this and that to checkup on themselves, or to prevent illnesses that could come. Everyone is being cheated to use tablets, or injections, or sirups. The goal is to make everyone a customer of the medicine factories, huge factories. People think that they cannot live without medicines. Once the idea has been established, that life without medicine is not possible, people are even grateful for all the medicines. Sometimes there is no more medicine in our countries, so people are sent to Europe to get more tablets. Very often the medicine brought is out of time, but they do not mind.

When people use herbs and everything which belongs to wild nature and hasn't been changed, they will find the best medicine. But it is now in fashion to use so many artificial medicines and everything which has been made artificially, harms the body. The worst is the antibiotics. It fights the body, every cell is harmed by it. The doctors know, but patients have no patience and that is why doctors are obliged to give their patients such quick solutions.

So to have health it is important to use what is healthy. That is the best knowledge for people. People now do not use their physical body in a good way, but in the worst. So even the bodies of the young start to finish when they are 25 years old, because they are not using spiritual power to uphold their physical body. They are wasting their physical powers without thinking. That is why many are finished when they are only 25 years old. The power of the physical bodies of prophets and holy people never get weaker. Even if they are 100 years or more, it must be the same, because the spiritual power supports them.

In London there are milk-men. Their cars work with battery, because they only go a few steps and then they stop. If they were using ordinary cars, the engine would burn out quickly. That is why they are using batteries. Those cars cannot be used on the motorway. And those who do not use their spiritual power are like that. Their bodies have only been trained to work with batteries. The power of the physical body will get weaker and weaker and weaker. So to use a battery for even 25 years is too much. But those who use spiritual power have atomic power.

There are aircrafts that work with atomic power that can go around the world for 10 years or more. Spiritual power is even more than that. It makes people to be able to live strongly without problems until the end of his

life. He will be in the same at the end as in the beginning. It will never change. But people do not understand. They say, "No!" to all of this and then, when their battery has finished they come to me and they say, "Oh, Sheik, I have no power..." I tell them, "You have burned your energy, it is finished! What can I do for you?"

## Qur’anic Evidence of the Need of a Saintly Guide in One's Life

When the Lord sees His servant is happy, He (swt) is never angry with him, so they should be happy with the Lord's mercy! Inshaa-Allah we are not among those whose names are written as miserable ones, disobedient ones or sinners, inshaa-Allah we are forgiven. Yaa Rabbee, forgive us!

Allah (swt) loves that His servants are happy. The state of happiness, is accepted by Rasoolullah (s) and his Companions (r). For Allah's Mercy they should be happy. Does Allah laugh or cry? (He laughs but does not cry, hasha!) It is a sign of Greatness from the Divine Attribute, “al-Haqq.”

••••••••• •••• •••••••• •••••••••

Wa annahu huwa adhaka wa abkaa. And it is He Who causes laughter and causes weeping. (an-Najm, 53:43)

Crying is the sign of destruction, but laughter is fit for Allah Almighty. When the Almighty sees that His servants are laughing He is happy, but when they are crying He doesn't like it. They are permitted to cry about their sins. The measure of our sins compared to the ocean of His Mercy is nothing! He is our Lord (swt) ands alhamdulillah, we are His servants. SubhaanAllah!

•••• •••••••• •••••• •••••••••••••• •••••••••• •••••••••••••••• •••• •••••• ••••••• •••••••••••

Qul bi-fadlillaahi wa bi rahmatihi fa-bidhaalika fa 'l-yafrahoo huwa khayrun mimmaa yajma`oon. Say, "In the bounty of Allah and in His Mercy, in that let them rejoice that is better than the (wealth) they hoard." (al-Yunus, 10:58)

"Let them rejoice:" fa 'l-yafrahoo is one word and it is an order! Allah (swt) says, "fa 'l-yafrahoo," so be happy within the limits of adab.

In Islam, is there a murshid (guide)? What do the scholars say?

••• •••••• ••••••• •••••• •••••••••••• ••••• •••••••• ••••• •••••• •••• •••••••• •••••••••••

Man yahdillahu fa-huw' al-muhtadi wa man yudlil falan tajida lahu waliyyan murshidan. He whom Allah guides is rightly guided, but he whom Allah leaves to stray, for him you will not find a protector to lead him to the Right Way. (al-Kahf, 18:17)

That's it: they gave me a sign last night for those who are not accepting a murshid, a rightly guided one. "Murshidan" is one word and it is enough, meaning that for every human being there must be a guide. The one who does not have a guide, this is a sign that he has gone astray. [It means:] "The one who is guided by Allah is truly guided and who has gone astray cannot find a saint to guide him."

SubhaanAllah, the Holy Qur'an! How do they deny the rightly guided ones? Allah (swt) says, "For every human being there must be a guide to guide them," because the rightly-guided one is like the sun. "Waliyyan murshidan" means the attributes of the murshid must be of a saintly station. Not just anyone can be a guide. The nation now is denying everything in the Holy Qur'an, which says for every servant there must be a saintly guide, waliyyan murshidan.

••••••••••••••••••••• •••• ••••••••••• •••••••••••• •••••••••••••• ••••••••• ••••••••••• •••••••• •••••••••••• •••• ••••••• •••••••••••• ••••••••••• ••••••••• •••••••• •••••• ••• •••••••• •••••••• •••••••• •••••• ••• •••••••• ••••••••

wa 'l-mustad`afeena mina 'l-rijaali wa 'n-nisaa'i wa 'l-wildaani alladheena yaqooloona rabbanaa akhrijnaa min haadhihi 'l-qaryati al-zhaalimi ahluhaa wa 'j`al lanaa min ladunka waliyyan. wa 'j`al lanaa min ladunka naseera. And for those weak, ill-treated and oppressed among men, women, and children whose cry is, "Our Lord! Rescue us from this town whose people are oppressors and raise for us from You one who will protect, and raise for us from You one who will help." (an-Nisaa, 4:75)

••••• •••••• •••••••••••• •••••••• •••••• •••••••••••••• •••••••• •••••• •••••••• •••• ••• •••••••• •••••••••• •••••••••

Wa qul rabbee ’dkhilni mudkhala sidqin wa akhrijnee mukhraja sidqin wa aj`al lee min ladunka sultaanan naseeran. And say, “O my Lord! Let my entry be by the Gate of Truth and Honor, and likewise my exit by the Gate of Truth and Honor, and grant me from Your Presence an authority to aid (me).” (al-’Israa,17:80)

Without a saintly guided one, waliyan murshidan, there cannot be victory. That word, subhaanAllah, can change the whole world altogether. Laa ilaaha illa-Llah Muhammadan Rasoolullah (s)! We understand, actually I am ashamed to say “I understand.” Make us understand! O Lord, I am ashamed to ask, because a saintly servant is sufficient 1000 times to make us understand, to save the servant by means of the light of his sainthood. The servant is in darkness and the wali is like the sun. We understand. I am ashamed to say “I understand.” One saint can make us understand. So why ask from the Lord? But it is to magnify our Lord, Allah (swt), it is permitted, in order not to forget our Lord. First manify Him (swt) when addressing Him.

Yaa Rabbee! Grant me some strength to be victorious on the enemies: apparent and hidden. Sadaqa Allahu ‘l-`Azheem, SubhaanAllah! The People of the Cave, what did they say? They prayed:

•••• ••••• •••••••••••• ••••• ••••••••• ••••••••• •••••••• •••••• ••• •••••••• •••••••• ••••••••• ••••• •••• ••••••••• •••••••

Idh awaa ’l-fityatu ila ’l-kahfi fa-qaaloo rabbanaa aatinaa min ladunka rahmatan wa hayyi lanaa min amrinaa rashada. Behold, the youths betook themselves to the Cave. They said, "Our Lord! bestow on us mercy from You, and dispose of our affair for us in the right way!" (al-Kahf, 18:10)

This always comes to my heart. Allah also inspired them to ask, wa aj`al lee min ladunka sultaanan naseeran, "Grant me from You a power favored (by You)." It has so much power, because every person must be able to get out from any difficult situation by saying "rabbanaa aatinaa min ladunka rahmatan wa hayyi lanaa min amrinaa rashada".

“Rashada” is from ar-rushd, for guidance. Allah said:

••••••• ••••••• •••••• ••••••••

Alaysa minkum rajulun rasheed. Is there not among you a single right-minded man? (Hud, 11:78)

Therefore, the one who used to say to Pharaoh and his nation:

••••• •••••• •••••••••• •••••••••

...wa maa amru fir`awna bi-rasheed. ...and the command of Pharaoh was no right guide. (Hud, 11:97)

Allah bless you ya Shaykh. The person is happy when he consults a person who is authorized, someone who understands. He mashaa-Allah is swimming in the ocean and we are on the shore, we are looking at what the Qari brings, (from afar) and the Qari Abdur Rahman brings from here and there. Allah bless you and increase you in knowledge and insha-Allah you will recite before the presence of the Prophet (s). Insha-Allah you will recite in the time of Mahdi (as) and he will be happy. At that time pray for me.

Allah Almighty may grant us happiness, which is coming soon as victory is at the doors! May Allah open for you and forgive us.

Don't blame us (for mistakes in Arabic) because you are Arabs and we are not.

Fatiha.

Lefke, 05.10.2011 (Translated from Arabic)

## The need of a Divine Mirror to see oneself

Do you think that we came from the Divine Presence with our whole originality, our whole personality? Never. We are like one ray of the sun. We are, in our originality, in reality, still in the Divine Presence. Not moving, out of time and space there is no movement. We are continuously worshipping, always in the Divine Presence for service. Here, in this life, there is only one ray from that timeless 'sun' for us. We are here for a little time only.

Prophets have come to us to open that door through which we can look at our realities in the Divine Presence. Step by step, if you are following in their footsteps, it will open for you to look at yourself, to know yourself. We don't know ourselves; we need a Divine Mirror to look in to see ourselves. You are asking why we come to this life. It is to be witnesses of ourselves. We have been sent to attain perfection, to look at ourselves and say: "We are something also." I cannot give more than this description until you taste it for yourself. When you taste, you will know. May Allah grant us to taste... Bi hurmati'l Habib... Fatiha.

**Nero**

---

What can we do, we are weak servants. No one can worship Allah Almighty as He truly ought to be worshipped except for the Prophet (sas) and then the other Great Prophets. How can small, weak ones like us do? We may be saved with their forgiveness. Even if we do many naughty, foolish things, we hope that they will forgive us. Al-'Afuww, Who loves to forgive. Innaka Afuwwun Karim. Our Allah, our Subhan, our Sultan, our Mawlay.

We love You, we love You, we respect You- according to the space we fill, according to our quantity. Who are we? Our Lord Subhan Allah, Sultan Allah. He granted us to reach this holy day too. Shukur Allah. Salatu Salam to His Beloved. We send our praisings to our Umm Hiram Sultan, as the Prophet (s) praised her. I hope that we stand up under her flag, we rise under the flag of our Umm Hiram Sultan. O Holy one! O our holy Sultan, Fatiha.

Do you read this after Ayatul Kursi? It came to my heart- that if he reads it, it is very good. Do you read Asma-ul Husna? Affarin. May Allah grant you success, grant you power. May your love be abundant. Praise be to My Lord.

The creation, the creation of Allah Almighty has no end, has no boundaries. Is there anyone who can know the boundaries of His Greatness & Mightyness? There is no one. We are left so small, tiny in it. There are two things that are asked from us.

Bismillahi r-Rahmani r-Rahim. Don't forget Allah. What Allah Almighty wants from us: the declaration that all the Prophets called the servants to: "O servants! Love & respect Who Created you." No need for anything else. Love & respect Allah Almighty. You will be from the accepted

ones, in dunya as well as in akhirah. All trees, grass, mountains that you pass through, all of them witness "this is the servant that loves & respects our Lord. We may not harm him". Even if you go into wild jungles, the wild animals.. We would call a person who has this attribute "tabasbous"- as sometimes cats come & do like this (rub against people). So the wild animals come like this also to such people.

A person was traveling at night. And when traveling at night, he passed through a jungle. He saw that there is a person there in the jungle. He said: "O servant of Allah, O Abdullah. Here is the most dangerous place. There is no person who enters this jungle & gets out alive". That man had tied his horse to a tree & was lying there. So this man said like this when he was passing through: "This is the scariest, the most terrifying jungle. The wild animals in it, wal adhu Billah. Don't you lay here, get up & move". He said "Ok, You go on & I lay here". He tied his horse there & laid down. Everyone fears from the man who fears Allah- every creature fears.

The honour & worth of man in the sight of Allah is very high. "Wa Laqad Karramna Bani Adam". We granted mankind such a station, such a Heavenly grant, that no any other creature has it. You are Subhan O Lord, You are Sultan O Lord. What is it that the Lord of Heavens asks from us, that all the Prophets told us? "Love & respect Your Lord". "I don't want anything else" He (swt) says. "My servants should love Me & should respect Me". But we forgot. They made us forgot. Shaytan made us forget. "Fa'ansahum Dhikra Al-Lahi" (58:19) We forgot the dhikr/remembrance of Allah. Aman ya Rabbi, tawba ya Rabbi. Tawba ya Rabbi.

So I keep thinking about this: "Where are we in this?" Here is what Allah Almighty wants, all the Prophets called "O people, love & respect Who created you". Nothing else. O Lord, may You send us from Your servants who will discipline us & make us have good manners this way. Shaytan has made the whole world drunk. I say "May his evil not touch us". And people are rushing, going after him. They are going in huge crowds, rushing.

Aman ya Rabbi. May You forgive us O Lord, for the honour of Your Great Beloved (s), for the honour of Your Prophets, awliyas. May You consider us as not responsible. May You consider us in the class of "non responsible" ones. May our day be khair & our end be khair, O son. May we

be in safety. May we not follow unbelievers, the doings of shaytans. This is what corrupted the people. O Lord, O Lord, may You not make us from those who run after shaytans. They followed & fell into this situation. O Allah. Tawba ya Rabbi, tawba ya Rabbi, tawba Astaghfirullah.

I say "may the khair of Safarul Khair come on us & its evil on the mountains". I don't say "May it go upon the people". O Lord, may You send the Master. He will punish those who oppress by inflicting an oppressor upon the oppressors. He doesn't leave them without pubishment. "Laka yawmun Ya zaleem". O oppressor, there is a day coming for you also.

Nero burned down Rome. Lions would walk around in his gardens & they were inoffensive & quiet. He wouldn't feed them either. He would send the prisoners & slaves into these gardens & the lions would rush on them, since they were hungry. And while they kill & eat them, Nero would be enticed by pleasure. What a wicked & treacherous state. May Allah not make us fall into such a situation. May He not leave us to our egos. He (Nero) would get so happy, don't even ask. And what happened in the end? He strangled himself. Finally he punished himself by strangling himself with his own hands. This means that oppression doesn't last. "Laka yawmun ya zaleem". This addressing comes from the Heavens: "O oppressor, there is a day coming for you also". Like this, Nero was a man whose cruelty & oppression was on the top level. He had Rome burned down, made the huge city burned down. May Allah not leave us to such a situation. Tawba Ya Rabbi.

Therefore oppression is not good. Don't be an oppressor. The oppressed/unoffending one has done no harm to anyone. O Lord, with the barakah of these holy ones... Our strength is only this much. Fatiha.

May Allah protect you. Every day has a speciality. The day of Tuesday is called the yawm aldam. It is the day wars & battles take place. It is not an accepted day. Starting on Wednesday is good. For this, they would set the day of Wednesday as holiday.

Wa min Allah at-tawfiq, Al Fatiha. May Allah forgive us.

Was können wir tun? Wir sind schwache Diener. Niemand kann Allah dem Allmächtigen so dienen, wie Ihm wahrlich gedient werden sollte, außer der Prophet (saws) und dann die anderen großen Propheten. Wie können kleine, schwache Menschen wie wir das tun? Wir mögen gerettet werden mit ihrer Vergebung. Auch wenn wir viele ungezogene, dumme Dinge tun, hoffen wir, daß sie uns vergeben werden. Al-`Afuww, Der es liebt zu vergeben. "Innaka `Afuwwun Karim." Unser Allah, unser Subhan, unser Sultan, unser Mawlay. Wir lieben Dich, wir lieben Dich, wir respektieren Dich, übereinstimmend mit dem Raum, den wir ausfüllen, mit unserer Größe. Wer sind wir? Unser Herr Subhan Allah, Sultan Allah. Er gewährte uns auch, diesen heiligen Tag zu erreichen. Shukur Allah. Salatu Salam für Seinen Geliebten. Wir senden unseren Lobpreis zu unserer Umm Hiram Sultan, wie der Prophet (saws) sie pries. Ich hoffe, wir stehen unter ihrer Flagge, wir erheben uns unter der der Flagge unserer Umm Hiram Sultan. O Heilige! O unser heiliger Sultan. Fatiha.
Liest du das nach dem Ayatu l-Kursi? Es kam in mein Herz, daß, wenn er es liest, es sehr gut ist. Liest du Asma'u l-Husna? Affarin. Möge Allah dir Erfolg gewähren, Macht. Möge deine Liebe überfließen. Gepriesen sei Mein Herr. Die Schöpfung, die Schöpfung Allahs des Allmächtigen hat kein Ende, hat keine Grenzen. Gibt es jemanden, der die Grenzen Seiner Größe und Macht kennen kann? Es gibt niemanden. Wir sind so klein, so winzig darin. Es werden zwei Dinge von uns verlangt. Bismillahi r-Rahmani r-Rahim. Vergeßt Allah nicht. Was Allah der Allmächtige von uns will: die Erklärung, daß alle Propheten die Diener riefen: 'O Diener! Liebt und respektiert Den, Der euch erschuf.' Nichts anderes ist nötig, Liebe und Respekt für Allah den Allmächtigen. Ihr werdet zu den Angenommenen gehören in Dunya wie auch in Akhirah. Alle Bäume, Gräser, Berge, durch die ihr geht, sie alle sind Zeugen: 'Das ist der Diener, der unseren Herrn liebt und respektiert. Wir fügen ihm keinen Schaden zu.' Selbst wenn ihr in wilde Dschungel geht, die wilden Tiere.. Wir würden jemanden, der diese Attribute hat, "tabasbous" nennen, wie manchmal Katzen kommen und so machen (sich an Menschen reiben). So kommen die wilden Tiere auch zu solchen Menschen.
Jemand reiste in der Nacht. Und als er so des Nachst reiste, durchquerte er einen Dschungel. Er

sah, daß dort jemand war, im Dschungel. Er sagte: 'O Diener Allahs, o Abdullah. Hier ist ein äußerst gefährlicher Ort. Es gibt niemanden, der diesen Dschungel betritt und lebend wieder herauskommt.' Dieser Mann hatte sein Pferd an einen Baum gebunden und lag dort. Also sagte dieser Mann das, als er hindurchging: 'Dies ist der unheimlichste, Furcht einflößenste Dschungel. Die wilden Tiere darin, wal adhu Billah. Lieg nicht hier, steht auf und beweg dich.' Er sagte: 'Okay, geh du weiter, ich bleibe hier liegen.' Er band sein Pferd dort an und legte sich nieder.

Jeder fürchtet den Mann, der Allah fürchtet, jedes Geschöpf fürchtet ihn. Die Ehre und der Wert des Menschen im Angesicht Allahs ist sehr hoch. "Wa Laqad Karramna Bani Adam". Wir gewährten der Menschheit so eine Station, so eine himmlische Gabe, wie sie kein anderes Geschöpf hat.
Du bist Subhan, o Herr, Du bist Sultan, o Herr. Was ist es, was der Herr der Himmel von uns verlangt, was uns alle Propheten sagten? 'Liebt und respektiert eueren Herrn.' 'Ich will nichts anderes', sagt Er (swt) 'Mein Diener soll Mich lieben und Mich respektieren.' Aber wir vergaßen es. Sie ließen uns vergessen. Shaytan ließ uns vergessen. "Fa'ansahum Dhikra Llahi" (58:19). Wir vergaßen den Dhikr, die Erinnerung Allahs. Aman ya Rabbi, Tawba ya Rabbi. Tawba ya Rabbi. Also denke ich immer wieder darüber nach: 'Wo sind wir darin?' Hier ist, was Allah der Allmächtige will, alle Propheten riefen: 'Leute, liebt und respektiert Den, Der euch erschaffen hat.' Nichts weiter. O Herr, mögest Du uns von Deinen Dienern einen senden, der uns diszipliniert und uns so gutes Benehmen beibringt. Shaytan hat die ganze Welt betrunken gemacht. Ich sage: Möge sein Übel uns nicht berühren. Und die Menschen eilen und rennen ihm nach. Sie gehen in großen Mengen, laufen. Aman ya Rabbi.
Mögest Du uns vergeben, o Herr, zu Ehren Deines großen Geliebten (saws), zu Ehren Deiner Propheten, Awliya. Mögest Du uns als nicht verantwortlich betrachten. Mögest Du uns zur Klasse der 'nicht-Verantwortlichen' zählen. Möge unser Tag khayr sein und unser Ende khayr, Sohn. Mögen wir in Sicherheit sein. Mögen wir nicht den Ungläubigen folgen, den Machenschaften Shaytans. Das ist, was die Menschen verdorben hat. O Herr, o Herr, mögest Du uns nicht zu denen gehören lassen, die hinter Shaytan herlaufen. Sie folgten ihm und fielen in diese Situation. O Allah. Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Ich sage: Möge das Khayr des Safaru l-Khayr auf uns kommen und sein Übel in die Berge. Ich sage nicht:

Möge es über die Menschen kommen. O Herr, mögest Du den Meister senden. Er wird die bestrafen, die unterdrücken, indem er den Unterdrückern einen Unterdrücker auferlegt. Er läßt sie nicht ohne Strafe. "Laka Yawmun ya Zalim". Unterdrücker, auch für dich kommt ein Tag. Nero brannte Rom nieder. Löwen gingen in seinen Gärten spazieren, und sie waren harmlos und ruhig. Er fütterte sie auch nicht. Er sandte die Gefangenen und Sklaven in diese Gärten und die Löwen stürzten sich auf sie, denn sie waren hungrig. Und während sie sie töteten und fraßen, war Nero ergriffen von Vergnügen. Was für ein böser und heimtückischer Zustand. Möge Allah uns nicht in so eine Situation fallen lassen. Möge Er uns nicht unserem Ego überlassen. Nero wurde so glücklich, fragt lieber nicht. Und was geschah zum Schluß? Er erwürgte sich selbst. Schließlich strafte er sich selbst,indem er sich mit eigenen Händen erwürgte. Das bedeutet, daß Unterdrückung nicht andauert. "Laka Yawmun ya Zalim". Diese Ansprache kommt von den Himmeln: 'O Unterdrücker, es kommt ein Tag auch für dich.' In dieser Weise war Nero ein Mann, dessen Grausamkeit und Unterdrückung auf höchster Stufe war. Er ließ Rom niederbrennen, er ließ die riesige Stadt niederbrennen. Möge Allah uns nicht in so eine Situation kommen lassen. Tawba ya Rabbi.
Deshalb ist Unterdrückung nicht gut. Seid keine Unterdrücker. Der unterdrückte, harmlose Mensch hat niemandem etwas getan. O Herr, mit der Barakah dieser Heiligen... Unsere Stärke geht nur so weit. Fatiha. Möge Allah euch schützen. Jeder Tag hat eine Besonderheit. Der Dienstag wird Yawmu d-Dam genannt. Es ist der Tag, an dem Kriege und Schlachten stattfinden. Es ist kein anerkannter Tag. Am Mittwoch zu beginnen, ist gut. Deshalb pflegten sie den Mittwoch als Feiertag zu setzen. Wa min Allaha t-Tawfiq, Al Fatiha. Möge Allah uns vergeben.

## Die Neuigkeiten des heiligen Monats Shaban

(Engl.: NewsOfShaban)

Allahu Akbar! Allahu Akbar Al Akbar! La Ilaha illa Allah Wah'dahu La Sharika Lah. Lahu Al Mulk Wa Lahu Al Hamd Yuh'yi Wa Yumit Wa Huwa 'Ala Kulli Shay'in Qadir. Subahanaka Ya Rabb. Subhanaka Ya Rabb, Subhanaka Ya Rabb! Najjina min ma na khaf. Thumma Al Salat Wa Al Salam 'Ala Sayidi Al Awwalin Wa Al Akhirin Rasul Rabbi Al 'Alamin, Shafiy' Al muznibin. Habibi Rabbi Al 'Alamin, Saydina Muhammad (saws). Oh Leute, wir sagen Audhu Billah min al shaytan al rajim, Bismillah Al Rahman Al Rahim. Ich bin ein schwacher Diener. Ich hoffe auf die Gnade meines Herrn, und auf Seine Vergebung. Subhanahu wa Ta´ala. Oh Muslimisches Volk! Der Monat des Propheten (sas) hat begonnen. Der gepriesene Monat Shaban. Preist die Rituale und Rechte Allahs (swt), dann werden eure Angelegenheiten von Allah (jwa) gesegnet werden. Oh Muslime, dieser ehrenvolle Monat wird gesegnet sein, Shaban der gepriesene. Er wird gepriesen vom Herrn (swt) für Seinen Propheten (saws). Mubarak! Für uns und für euch, für die muslimischen Leuteund für alle Menschen der Welt. Gebt diesem heiligen Monat viel Wert, Oh Leute! Allah (swt) Erschuf die Schöpfung zu Ehren Seines Geliebten (saws) und sandte ihn als eine Gnade für die gesamte Schöpfung, preist ihn! Schätzt diese Botschaft, hört seinenWorten zu

und folgt ihm, dann werdet ihr gerettet werden. Diese Ansprache, Audhu Billahi min al shaytan al rajim, Bismillah Al Rahman Al Rahim. Wir beginnen mit Seinem Gepriesenen Namen (swt). Die Leute von Ost bis West fragten mich, was sollen wir tun? Was können wir lesen? Was können wir tun in diesem ehrenvollen Monat? Wir machen es kurz und sagen, was sie tun sollten, was möglich ist an Gutem.

Richtet all euer Streben darauf aus, dem Allmächtigen Herrn (jwa) zu folgen, und Seinem Geliebten Sayidi Al Awwalin Wa Al Akhirin Sayidina Muhammad (saws). Was immer ihr an Gutem tut, werdet ihr sicher verwahrt bei Allah (swt) wissen, und es ist gut für euch. Oh Leute! Oh Gläubige, dies ist ein gepriesener Monat, der Monat des Propheten (saws). Diese Ansprache kam zu mir speziell für einige Leute, für das ägyptische Volk. Möge Allah (swt) Ägypten beschützen. Ägypten, Ägypten, es ist geliebt und dieses Land ist Allah (jwa) teuer. Subhana Allah! AlHamdulillah wa La Ilaha illa Allah. Gute Nachrichten für das Volk Ägyptens, seit Beginn der Menschheit, die Ägypter, das Alte Ägypten. Der erste Anfang der Menschheit begann im Tal des gesegneten Nils. Das...er ist einer der himmlischen Flüsse, Subhana Allah! Zayianahu Allah (swt) wa Akaramahu Allah (swt). Es kam uns als Eingebung, dass der gesegnete Nil seine Quelle in den Himmeln hat. Gute Nachrichten für euch, oh Leute Ägyptens. Es ist nicht möglich für euch, dass ihr arm seid. Allah (jwa) machte euch reich. Oh Gelehrte Ägyptens, ist das wahr oder nicht? Es ist wahr. Mit der Prämie des gesegneten Nils, der zu den Flüssen der Himmel gehört. Gute Nachrichten für euch! Und für die die von Ägypten essen und trinken und vom gesegneten Nil. Allah, Allah! Es ist unbekannt, wo der gesegnete Nil begann, zu fließen, nur der Herr weiß es. Herr des Nils. Niemand der den Nil gesehen hat, würde ihn verändern oder in andere Richtungen laufen lassen. Sogar die Pharaonen waren nicht in der Lage, den gesegneten Fluss zu berühren. Deshalb war Ägypten niemals arm, deswegen das geschützte Ägypten. Und es ist immer noch geschützt und gesegnet. Nur der Herr (swt) der Welten kennt sein Geheimnis, Allahu Akbar! Und Ägypten war niemals arm zu keiner Zeit, Ägypten war nie arm. Der gesegnete Nil ist mit endlosen Schätzen gefüllt. Er gab seinen Segen an das Land, das geschützte Ägypten. SubhanaAllah! Subhana Allah! Unser Herr, wie groß ist Er! Der Allmächtige (swt) befahl dem beschützten Nil, zu fließen, zu entspringen zwischen den Wüsten und den Menschen Ägyptens, die dort leben, Segen und Überfluss zu bringen. Allahu Akbar! Und Ägypten war niemals arm. Es war nie arm und die Ägypter haben nie Andere um Versorgung gebeten. Wir

sind Muslime, aber keine Araber; Muslime die keine Araber sind, wir pflegten zu lesen und zu lernen von den ehrenwerten Arabischen Gelehrten, dass die Schätze Ägyptens gleichwertig zu den Schätzen von 7 Ländern sind. Allah (swt) hat ihnen gegeben, Subhana Allah! Gewährte ihnen eine niemals endende Gabe, sie endet niemals. Der Schatz Ägyptens, wir lernten dass er mit den Schätzen von 7 Ländern gleichwertig ist. Von den Zeiten der Pharaos an war diese Gabe kontinuierlich, kontinuierlich. Ägypten war niemals arm und brauchte nie die Hilfe anderer Länder, aber die anderen Länder waren bedürftig und ihnen wurde gegeben und sie baten um Versorgung durch die Ägypter und durch seine Könige. Die die Gutes taten und gerecht waren, erhöhte Allah (swt) in Güte und Gaben. Subhanahu Wa Ta´ala. Bis die Sache die Zeit der Tyrannen erreichte. Sicher, die Zeit der Tyrannen, wie der Prophet (saws) sagte: "Nach mir werden die Khalifen kommen, und nach meinen Khalifen die Prinzen, und nach den Prinzen, Könige und nach diesen Königen werden die Tyrannen sein." Diese Neuigkeiten betrafen die Zukunft. Der Prophet (saws) berichtete seinem Volk über alle Dinge. Denn der Prophet (saws) sagte über alle Dinge die Wahrheit. Die Eigenschaft des Propheten (saws) ist die Verbreitung des Haqq, jedem sein verdientes Recht. Islam kam um jedem sein verdientes Recht zu geben. Uns bleibt die Zeit der Tyrannen. Tyrannen, "Nach den Königen werden dieTyrannen kommen." Sie zerstörten die ganze Welt. Bis zu dem Punkt was heute in unseren Tagen passiert; denn Leute, nach den Königen kommen die Tyrannen. Subhana Allah! Die Leute fragen, und ich bin ein schwacher Diener, und weiß nicht, oder behaupte, Wissen zu besitzen, aber die Schätze des Wissens sind bei euch, oh Volk Ägyptens. Oh Leute des Wissens, oh Gelehrte! Ihr wisst, was nach den Königen passierte, sie eroberten euch, sie übernahmen euch, diese tyrannischen Leute. Möge Allah (swt) sie vernichten. Er (swt) hat sie entehrt. Und nun... Das beschützte Ägypten, das war genug... was Allah (awj) ihnen als Gaben gegeben hatte, war für sie selbst genug und fürdie ganze Welt und ihre Menschen. Das ist wahr. Das Land der Könige, Sultane und Propheten (as). Wo seid ihr, Gelehrte? Ich bin ein schwacher Diener, schwacher Diener. Ein armer Diener, ich kann mich nicht selbst dazu bringen, zu sprechen, aber was den Menschen im Moment geschieht, "Waqa`ati Al-Waqi`ahu" (56:1)(Wenn das Ereignis eintrifft). Das ist es was in Ägypten passiert. Millionen Menschen sind hungrig und erschöpft. Und sie wissen nicht, was ihre Führer tun wollen. Auf welchem Weg sie sie führen. Es ist ein großer Fehler, denn Allahn(swt) hat im Heiligen Koran alles deutlich gemacht, den Schritten der Propheten (as) zu

folgen. Es gibt die Schritte Shaytans, "La Tattabi`u Khutuwati Ash-Shaytani" (24:21) sagt Allah (swt). Subhansin Ya Rabb! Schütze uns vor dem was wir fürchten. Der Monat des Propheten (saws) hat begonnen, Ya Rasulallah! Oh Prophet Allahs, wir bitten um deine Fürsprache. Allah Allah! Allah Allah! Die Leute fragen, "was sollen wir tun?!“

Es gibt eine Antwort. Sagt, Oh Diener des Herrn, sagt "Oh unser Herr, Oh unser Herr, Oh unser Herr, rette uns vor dem was wir fürchten. Rette uns vor dem was wir fürchten. Subhana Allah! Subhana Allah! Rette uns vor dem was wir fürchten.“ Eine Eingebung kam in mein Herz. Allah (jwa) "LanuhlikannaAz-Zalimina" (14:13). Versteht ihr, oh Leute Ägyptens? "Wahrlich, Wir werden die Frevler vernichten." (14:13) Was können wir sagen, sie haben mich danach gefragt... Oh unser Herr, rette uns vor dem was wir fürchten! Oh unser Herr, rette uns vor dem was wir fürchten! Die Leute fragen, lasst sie den Herrn der Welten fragen. Oh unser Herr, rette uns vor dem was wir fürchten, wir sind Unterdrücker, rette uns vor dem was wir fürchten. Zwei Worte wurden mir eingegeben, die passend für das ganze ägyptischeVolk sind, und zu sagen ist Oh unser Herr, rette uns vor dem was wir fürchten. Oh unser Herr, rette uns vordem was wir fürchten. "Lanuhlikanna Az-Zalimina" (14:13). Die Gläubigen sollten sagen, Oh unser Herr, rette uns vor dem was wir fürchten. In diesem Monat (Shaban) ist es das, was die Leute sagen sollten. Lasst sie sagen, "Oh unser Herr, rette uns vor dem was wir fürchten." Rabbuna Najjina min ma na khaf. Rabbuna Najjina min ma na khaf. Allahu Akbar! Dies kam in mein Herz. Ya Munji Al Halqa/ Oh Retter der Unterdrückten. Oh Retter der Unterdrückten! Rette uns vor dem was wir fürchten, sagt das, Oh Volk Ägyptens! Das ist es was in mein Herz kam am Anfang dieses gesegneten Monats. Diese Inspiration kam zu mir: "Ya Munji Al Halqa Najjina min ma na khaf Inna Mu'minun." Weint! In euren Moscheen, in euren Häusern; Schande über euch! Oh Diener Allahs, Oh Ägyptisches Volk, sich zu versammeln an den Kreisverkehren, die Moscheen zu verlassen und euren Herrn nicht zu bitten. Oh unser Herr, Retter der Unterdrückten, Oh Retter der Unterdrückten, oh Retter der Unterdrückten, rette uns vor dem was wir fürchten. Ihr habt kein anderes Wird (als Stütze). Seid ihr zufrieden? Falls nicht, dann kommt eine Himmlische Peitsche auf euch hinab und wirft diejenigen hinaus, die gegen den Befehl Allahs des Allmächtigen handeln. Werft sie hinaus! Lasst sie, kehrt zu eurem Herrn zurück und sagt: Oh Retter der Unterdrückten, Oh Retter der Unterdrückten. Sagt nichts außer Oh Retter der Unterdrückten, schütze uns vor dem was wir fürchten. Schicke uns einen König der in deinem

Namen kämpft. Oh unser Herr. Oh unser Herr. Vergib uns und habe Gnade mit uns. Führe uns den besten Weg. "Schicke uns einen König, damit wir um Allahs Willen kämpfen" (2:246). Es ist ein Koranvers (2:246). Oh religiöse Gelehrte. Habt ihr die Anführer der Kinder Israels nicht berücksichtigt, nach Musa, wenn sie zu einem ihrer Propheten sagen: "Schicke uns einen König, damit wir um Allahs Willen kämpfen" (2:246). Denkt ihr, der Koran ist ein Buch voller Geschichten?! Lernt eure Lektion, wo Haqq (swt) uns darüber informiert, was mit den Bani Israel passierte. Einst waren sie in Schwierigkeiten, sie gingen zu ihrem Propheten und fragten ihn, Gott zu bitten, ihnen einen Königzu schicken, keinen Präsidenten! Kein Parlament, sie sind die schlimmsten Ungläubigen. Lasst sie! Bittet um einen König! Ist es das was der Koran sagt, oder nicht, oh Gelehrte Ägyptens? Wie versteht ihr die Worte des Haqq (jwa)? Sprich, oh Retter der Verurteilten. Oh Leute, sagt Oh Retter der Verurteilten, schicke uns einen König um in deinem Willen zu kämpfen. Um Satan zu bekämpfen und seine Helfer, um Deinetwillen. Wir tun Buße bei Dir, oh unser Herr, wir kehren zurück zu Dir. Oh mein Herr, schicke uns das was unseren Weg begradigen würde, und zeige uns den richtigen Weg. So dass wir die Dinge lassen, an denen die obszönen Ungläubigen festhalten. Das ist unser Rat. Das ist Allahs (swt) Befehl, er kommt vom schwächsten Diener. Wenn ihr es akzeptiert, werden wir für euch beten. Wenn ihr nicht akzeptiert, dann werdet ihr es tragen müssen. Oh Leute Ägyptens, haltet Allahs Grenzen ein und sagt: Oh Retter der Unterdrückten. Das ist das Wird für Shaban. Oh Allah wir tun Buße und wir kehren zurück zu Dir. Wir sind Gläubige, Ya Rabbi. Akzeptiere unsere Gebet und schicke uns einen König, damit wir in Deinem Willen kämpfen können (2:246). Ya Rabbi Subhansin, Subhana Allah, Sultana Allah. Das ist eine sehr kurze Rede. Was können wir sagen? Sagt: Oh Retter der Unterdrückten. Rette uns vor dem was wir fürchten. Habt keine Angst... richtet euch auf! Der Prophet (saws) pflegte beim Stehen vor dem Gebet zu sagen, "Richtet euch auf!" Das größte Wunder ist, aufrecht zu sein! Diese Rede ist für das ganze Volk. Richtet euch auf! Lauft nicht krumm! Richtet euch auf! Er wird euch helfen. Wenn ihr fehlgeht, führt Shaytan euch ins Feuer der Dunya, dann ins Feuer der Hölle. Allahumma, wir tun Buße und wir kehren zu Dir zurück, oh unser Herr. Oh Leute, ich habe euch informiert. Haltet euch an die Worte eures Propheten (saws) und richtet euch auf! Geht nicht schief! Nein, nein. Richtet euch auf! Oh Allah, ich habe infomiert. Oh mein Herr, Rasul Allah, vergib mir, stärke mich, stärke mich, dass ich die Ungläubigen schlage und die Herrschaft der Shaytanin zerstöre. Das ist was ich beabsichtige. Oh

Leute von Ost und West, gebt Acht dass ihr euren Weg korrigiert, um zu gewinnen. Oder ihr tragt eure Sünden! Wir tun Buße bei Dir, Allah, Astaghfirullah. Fatiha. Bittet euren Herrn um Vergebung. Er ist der Mildtätigste und der Gnädigste. Bittet um Vergebung, oh Ägypter. Wir hatten diese Redensart, dass die Schätze Ägyptens gleich den Schätzen sieben anderer Länder sind! Wie seid ihr zu den Ärmsten Menschengeworden?! Sie fragen die Leute, denkt nach und lernt! Und folgt! Folgt den Schritten des Propheten (as).
Friede sei auf ihnen allen, und besonders auf dem Herrn der Propheten, RasulAllah. Friede sei mit dir. Wo seid ihr? O Nojaba', Noqaba', Abdal of Egypt (Säulenheilige Ägyptens). Hören sie nicht auf dich? Fatiha. Fatiha. Danke.

## Never-Ending Battery

We reached the morning in goodness, may we reach the evening in goodness. We reached the morning in our home, in our place, together with everything/everyone we have. Allah Almighty didn't leave us hungry or thirsty, He (swt) granted us all kinds of blessings in His Generosity. May our day be good, our doings be good. May our end be good. What can we do? This is the most beautiful dua/prayer.

We are Muslims. We may say the sign of Islam, Bismillahi r-Rahmani r-Rahim. Who says the Bismillah is Muslim. May Allah not make us forget the Bismillah. When you forget the Bismillah, you are of no use. There is an expression: they say "it is out of battery". When it is out of battery, what can you do with it? What is it called? When the battery is discharged, what can you do? You throw it away. You can't use it for a second time. And what we want is a battery that is never discharged, never runs out; A power, a love that will never run out. Say Bismillahi r-Rahmani r-Rahim & your battery is charged. It is good for anything. Who says Bismillahi r-Rahmani r-Rahim can knock down a mountain because the battery in Bismillahir-Rahmanir-Rahim is never discharged. O son, it never discharged. There is no one who says Bismillahi r-Rahmani r-Rahim & doesn't get a result from what he does. "Kullu amrin lam yabda'a fihi bi Bismillahi r-Rahmani r-Rahim, fa huwa abtar. Prophet's (sas) word. "Kulli amrin", whichever action it is "lam yabda'a fihi bi Bismillahir-Rahmani r-Rahim", without saying the Bismillah "fa huwa abtar". Abtar means cut off. It is cut off, it has no result. Because it has ran out of battery- The battery they use is discharged. But Allah Almighty granted Muslims such a power source that it is never ending. When you say Bismillahi r-Rahmani r-Rahim your battery is full.

Have no fear! Go on! Get out of your house, find a job & work too. Whatever it is that you need, you will find it. For this, in the old times, they would make it start with Bismillahi r-Rahmani r-Rahim. The first thing that is taught to the students, children, is "Say O son, Bismillahi r-Rahmani r-Rahim. Rabbi yassir wa la tuassir, Rabbi tammim bil khair". Bismillahi r-Rahmani r-Rahim. The Basmala is the never ending power source. Who says "I said Basmala & my work didn't succeed" lies. For all khair action, say the Basmala, you get its result no matter what. If you don't say, it will be like a horse whose shoes fell off- it can't run, it can't walk. Not even one who rides a horse, not even one who flies a plane, not even one who is in a rocket; all who have some kind of a ride & are looking for power-they are all zero.

If he says Bismillahi r-Rahmani r-Rahim with ta'zeem he can take down the flying rockets. He can take down the flying rockets. What is it that they put against the rockets? H.M: Missile shield.. M. Missile shield? 1 Bismillah can manage what a 100 rockets can do. If one points at a rocket with Bismillah r-Rahmani r-Rahim, it falls down. If he says Bismillahi r-Rahmani r-Rahim, the rocket can't take off. The power & qudrah in Bismillah is in no any other thing. This is granted to us- the Bismillah is granted to us. If the power in Basmala al-Sharif kicked the earth it would be knocked out of its orbit. Therefore, this Basmala al-Sharif must be said alot. For whichever work it is, if one has an intention, he may say "O Lord, Bi Ismika, Bi Ismika Al 'Azim, Bismillahi r-Rahmani r-Rahim. O our Lord, this work of ours is good. May You send us Support O Lord".

"Where is My support?" says Allah Almighty. Bismillahi r-Rahmani r-Rahim is the greatest source for you". If he says Bismillahi r-Rahmani r-Rahim he can take down a rocket. If he says Bismillahi r-Rahmani r-Rahim he can sink a fleet. If he says Bismillahi r-Rahmani r-Rahim the armies retreat. It is an astonishing power. There is an astonishing power in Bismillahi r-Rahmani r-Rahim. They have forgotten this, shaytan made them forget. Everyone has become without Bismillah. They are without Bismillah when they are born, when they grow up. They are without Basmala wherever they go & none of their work succeeds.

The words that can be spoken about the Basmala cannot finish even if you spoke till the end of the world. Therefore say the Basmala & start. Your work will be firm & strong. Only it is not

possible for a person to say the Bismillah for an evil work. He is scared, scared, scared.. Can he say Bismillah & drink alcohol? He will fear, he will be scared, he will tremble & fall down. Allahu Akbar Allahu Akbar wa Lillah al Hamd. We may say Basmala, our troubles go away.

Bismillahi r-Rahmani r-Rahim. Bismillahi alladhi la yadurru ma`a Ismihi shay'un fi al-ardi wa la fi as-sama'i wa Huwa as-Sami`u al-`Alim. O Lord, may we shield ourselves with Basmala, may I shield with it also. Have no fear. Have no fear from their missiles nor from their fleets. They can't reach the power in Basmala. Mahdi (as) will say one Basmala, Takbir and all the inventions of these people will be like ashes. This means their batteries will run out and without it no cars work, no planes fly, no ships sail, no tanks or cannons work. Bismillahi r-Rahmani r-Rahim. Bi Ismillahi Allahu Akbar. Allahu Akbar Allahu Akbar. Bi Ismillahi Allahu Akbar. When Mahdi (as) enters with Takbir, the moment he says Takbir all this technology dies, at one time. No plane can fly, no cannon can fire, no ship can sail, no soldier can move. They will stay where they are. Astonishing.

Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. And after it, Allahu Akbar Allahu Akbar Allahu Akbar wa Lillah al Hamd. When Mahdi (as) draws his sword & says Takbir, the whole world is finished. This is Basmala al-Sharif. Shukur Allah that He (swt) granted it to us. A work without Bismillah has no khair nor will it be of any use. We should not forget the Basmala. Therefore we started with Bismillahi r-Rahmani r-Rahim. May our day be good. May our work be good. May our enemies disappear. May our power not be finished. May our love increase. May our service to Allah Almighty get more & more. O Lord, may You accept. Al Fatiha.

For the honour of Your Beloved O Lord, may You send us the lions who will follow the Shariat Your Beloved brought us O Lord. Allahu Akbar. Allahu Akbar Allahu Akbar wa Lillah al Hamd. Al Fatiha.

May your homes be happy. May your work succeed. May no obstacles stand in your way. May everything open. May you have no fear also. Don't fear in the world those who have no Basmala. Basmala is with us, I can destroy! I am a man in zero level. A zero man. If the zero is in front of

1, it has a power. 2 zeros, more powerful. 3 zeros, the more zeros you put your doings succeed and multiply. This is the order of Heavens.

Feridun, this is the order of the Heavens. Have no fear. Don't say "I have Bosphorus, my cannons are strong, my soldiers.." they are of no value. "Wa Qadhafa Ff´ Qulubihimu Ar-Ru`ba" (59:2) Allah Almighty casts a terror into their hearts with the barakah of that Takbir & the soldiers are astonished, not knowing where to run. Allahu Ya Rabbi, may You make us reach al-Mahdi (as). Stength for our bodies, Bismillahi r-Rahmani r-Rahim. Bismillahi alladhi la yadurru ma`a Ismihi shay'un fi al-ardi wa la fi as-sama'i wa Huwa as-Sami`u al-`Alim. Bismillahi r-Rahmani r-Rahim, to our homes, residences, offices.. Thisis the flag of our Umm Hiram Sultan. Nothing can touch here. Bismillahi r-Rahmani r-Rahim. O Glorious Sahaba, Our Umm Hiram Hz, our Sultan. Your body is a mercy, strength for us, nothing can touch this island. They will only correct a few small matters.

O Lord, may the beginning & the end of our day be Rahma. Ya Karim. Our children, may we live as Muslims O Lord. May we not be without Basmala, we may say Bismillahi r-Rahmani r-Rahim. Don't fear, don't fear.. The key to the big door is Bismillahi r-Rahmani r-Rahim. The key to treasures is Bismillahi r-Rahmani r-Rahim. Masha Allah. Ya Rabbi, may You not make us forget it. He (swt) doesn't make us forget but shaytan tries to make it be forgotten. May Allah send a Master who will save these servants from the evil of shaytan.
Al Fatiha.

**Nie endende Batterien**

---

Wir erreichten den Morgen mit Gutem, mögen wir auch den Abend mit Gutem erreichen. Wir erreichten den Morgen in unserem Haus, an unserem Platz, zusammen mit allem, jedem, was wir haben. Allah der Allmächtige hat uns nicht hungrig oder durstig gelassen. Er gewährte uns alle Arten von Segnungen in Seiner Großzügigkeit. Möge unser Tag gut und unsere Taten gut sein. Möge unser Ende gut sein. Was können wir tun? Das ist das schönste Dua, Gebet. Wir sind

Muslime. Wir können sagen, daß das Zeichen des Islam 'Bismillahi r-Rahmani r-Rahimi' ist. Wer das Bismillah sagt, ist Muslim. Möge Allah uns nicht das Bismillah vergessen lassen. Wenn du das Bismillah vergißt, taugst du nichts. Es gibt eine Redensart, sie sagen: 'Die Batterie ist alle'. Wenn die Batterie alle ist, was kann man damit tun? Wie heißt das? Wenn die Batterie keine Ladung mehr hat, was kann man tun? Man wirft sie weg. Du kannst sie kein zweites Mal benutzen. Und was wir wollen, ist eine Batterie, die sich nie entlädt, die nie ausläuft. Eine Macht, eine Liebe, die nie ausläuft. Sagt 'Bismillahi r-Rahmani r-Rahim', und euere Batterie ist geladen. Es ist gut für alles. Wer sagt 'Bismillahi r-Rahmani r-Rahim', kann einen Berg umwerfen, weil die Batterie in 'Bismillahi r-Rahmani r-Rahim' sich nie entlädt. Sohn, sie entlädt sich nie. Es gibt niemanden, der sagt 'Bismillahi r-Rahmani r-Rahim' und kein Ergebnis erzielt mit dem, was er macht.

"Kullu Amrin lam Yabda'a fihi bi Bismillahi r-Rahmani r-Rahim, fa Huwa Abtar." Das Wort des Propheten (saws). "Kullu Amrin" - welche Tat es auch sei - "lam Yabda'a fihi bi Bismillahi r-Rahmani r-Rahim" - ohne das Bismillah zu sagen - "fa Huwa Abtar". Abtar bedeutet abgeschnitten. Es ist abgeschnitten, es hat kein Ergebnis, weil es ohne Batterie ist. Die Batterie, die sie benutzen, ist ohne Ladung. Aber Allah der Allmächtige hat den Muslimen so eine Kraftquelle gegeben, daß sie nie zu Ende geht. Wenn du sagst 'Bismillahi r-Rahmani r-Rahim', ist deine Batterie voll. Hab keine Angst! Mach weiter! Geh aus dem Haus, finde eine Arbeit und arbeite auch. Was es auch ist, was du brauchst, du wirst es finden. Deshalb ließen sie in der alten Zeit alles mit Bismillahi r-Rahmani r-Rahim beginnen. Das erste, was den Schülern, den Kindern beigebracht wird, ist 'Sag Bismillahi r-Rahmani r-Rahim. Rabbi Yassir wa la Tuassir, Rabbi Tammim bi l-Khayr". Bismillahi r-Rahmani r-Rahim. Die Basmala ist die nie endende Kraftquelle. Wer sagt, 'Ich habe die Basmala gesagt und hatte keinen Erfolg', lügt. Für alle guten Taten sag die Basmala. Du bekommst ihr Ergebnis in jedem Fall. Wenn du es nicht sagst, wird es sein wie bei einem Pferd, dessen Hufeisen abgefallen ist. Es kann nicht laufen, es kann nicht mehr gehen.

Nicht einmal einer, der ein Pferd reitet, nicht einmal einer, der ein Flugzeug fliegt, nicht einmal einer, der in einer Rakete ist, alle, die eine Art Fahrgelegenheit haben und nach einer Kraftquelle suchen, sind Null. Wenn er sagt 'Bismillahi r-Rahmani r-Rahim' mit Ta'zim, kann er die fliegende Rakete herunterholen. Er kann die fliegende Rakete herunterholen. Was ist das, was sie

gegen die Raketen einsetzen? HM: Raketenabwehrschild. M: Raketenabwehrschild? Ein Bismillah kann bewerkstelligen, was 100 Raketen tun können. Wenn jemand mit Bismillahi r-Rahmani r-Rahim auf eine Rakete zielt, fällt sie herunter. Wenn er sagt Bismillahi r-Rahmani r-Rahim, kann die Rakete nicht abheben. Die Macht und Qudrah in Bismillah ist in keinem anderen Ding. Das ist uns gewährt, das Bismillah ist uns gewährt. Wenn die Macht in der Basmala sh-Sharif die Erde anstieße, würde sie aus ihrer Umlaufbahn geworfen. Deshalb muß diese Basmala sh-Sharif oft gesagt werden. Für welche Arbeit auch immer, wenn jemand eine Absicht hat, muß er sagen: 'O Herr, Bismika, Bismika l-`Azim, Bismillahi r-Rahmani r-Rahim'. O unser Herr, diese unsere Arbeit ist gut. Mögest Du uns Hilfe senden, o Herr. Wo ist Meine Hilfe? sagt Allah der Allmächtige. Bismillahi r-Rahmani r-Rahim ist die größte Quelle für euch. Wenn er sagt Bismillahi r-Rahmani r-Rahim, kann er eine Rakete herunterholen. Wenn er sagt Bismillahi r-Rahmani r-Rahim, kann er eine Flotte versenken. Wenn er sagt Bismillahi r-Rahmani r-Rahim, zieht die Armee sich zurück. Es ist eine erstaunliche Macht. Es ist eine erstaunliche Macht in Bismillahi r-Rahmani r-Rahim.

Sie haben das vergessen. Shaytan ließ es sie vergessen. Alle sind jetzt ohne Bismillah. Sie sind ohne Bismillahi, wenn sie geboren werden, wenn sie aufwachsen. Sie sind ohne Basmala, wo immer sie hingehen, und keine ihrer Arbeiten haben Erfolg. Die Worte, die über die Basmala gesagt werden können, haben kein Ende, selbst wenn du bis zum Ende der Welt sprechen würdest. Deshalb sagt die Basmala und beginnt. Euere Arbeit wird fest und stark sein. Es ist nur nicht möglich für jemanden, Bismillah für ein böses Werk zu machen. Er fürchtet sich, fürchtet sich, fürchtet sich.. Kann er sagen Bismillah und Alkohol trinken? Er wird sich fürchten, verstört sein, zittern und hinfallen. Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Wir können die Basmala sagen und unsere Probleme verschwinden. Bismillahi r-Rahmani r-Rahim. Bismillahi lladhi la Yadurru ma`a Ismihi Shay'un fi l-Ardi wa la fi s-Sama'i wa Huwa s-Sami`u l-`Alim. O Herr, mögest Du uns mit Basmala abschirmen, laß mich mich auch damit abschirmen. Habt keine Furcht. Habt keine Furcht vor ihren Raketen oder ihren Flotten. Sie können die Macht in Basmala nicht erreichen.

Mahdi (as) wird eine Basmala sagen, Takbir, und all die Erfindungen dieser Leute liegen in

Asche. Das bedeutet, ihre Batterien laufen leer, und ohne sie funktionieren keine Autos, keine Flugzeuge fliegen, keine Schiffe fahren, keine Tanks oder Kanonen funktionieren. Bismillahi r-Rahmani r-Rahim. Bismillahi Allahu Akbar. Allahu Akbar Allahu Akbar. Bismillahi Allahu Akbar. Wenn Mahdi (as) mit Takbir eintritt,wird in dem Moment, wenn er Takbir sagt, all diese Technologie auf einmal sterben. Kein Flugzeug kann fliegen, keine Kanone kann feuern, kein Schiff kann fahren, kein Soldat kann sich bewegen. Sie werden bleiben, wo sie sind. Erstaunlich. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Und danach: Allahu Akbar, Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Wenn Mahdi (as) sein Schwert zieht und Takbir sagt, ist die ganze Welt am Ende. Das ist die Basmala sh-Sharif. Shukur Allah, daß Er (swt) sie uns gewährt hat. Eine Arbeit ohne Bismillah hat kein Khayr, noch nützt sie irgendetwas. Wir sollten die Basmala nicht vergessen. Deshalb begannen wir mit Bismillahi r-Rahmani r-Rahim. Möge unser Tag gut sein. Möge unsere Arbeit gut sein. Mögen unsere Feinde verschwinden. Möge unsere Kraft nicht zu Ende gehen. Möge unsere Liebe wachsen. Möge unser Dienst für Allah den Allmächtigen mehr und mehr werden. O Herr, mögest Du ihn annehmen. Al Fatiha. Zu Ehren Deines Geliebten, o Herr, mögest Du uns die Löwen senden, die der Shariat folgen, die Dein Geliebter uns gebracht hat, o Herr. Allahu Akbar. Allahu Akbar, Allahu Akbar wa Lillahi l-Hamd. Al Fatiha. Möge unser Heim glücklich sein. Möge unsere Arbeit Erfolg haben. Mögen uns keine Hindernissen im Weg stehen. Möge sich alles öffnen. Möget ihr auch keine Furcht haben. Fürchtet nicht die in der Welt, die keine Basmala haben. Die Basmala ist mit uns, ich kann zerstören! Ich bin ein Mann auf Null-Ebene. Eine Null. Wenn die Null vor der 1 ist, hat sie Kraft. Zwei Nullen, noch kräftiger. Drei Nullen, je mehr Nullen du setzt, desto mehr Erfolg haben deine Taten und vervielfältigen sich. Das ist die Ordnung der Himmel. Feridun, das ist die Ordnung der Himmel. Habt keine Furcht. Sagt nicht: 'Ich habe den Bosporus, meine Kanonen sind stark, meine Soldaten.. Sie haben keinen Wert.

"Wa Qadhafa fi Qulubihimu r-Ru`ba" (59:2). Allah der Allmächtige wirft Schrecken in ihre Herzen mit der Barakah dieses Takbir, und die Soldaten sind erstaunt. Sie wissen nicht, wo sie hinlaufen sollen. Allahu ya Rabbi, mögest Du uns al-Mahdi (as) erreichen lassen. Stärke für unsere Körper. Bismillahi r-Rahmani r-Rahim. Bismillahi lladhi la Yadurru ma`a Ismihi Shay'un fi l-Ardi wa la fi s-Sama'i wa Huwa s-Sami`u l-`Alim. Bismillahi r-Rahmani r-Rahim. Für unsere

Häuser, Residenzen, Büros.. Das ist die Fahne unserer Umm Hiram Sultan. Nichts kann uns hier berühren. Bismillahi r-Rahmani r-Rahim. O glorreiche Sahaba, unsere Umm Hiram Hz, unser Sultan. Dein Körper ist eine Gnade, Stärke für uns. Nichts kann diese Insel berühren. Sie werden nur einige kleine Dinge zurechtrücken. O Herr, möge der Beginn und das Ende unseres Tages Rahma sein. Ya Karim. Unsere Kinder, mögen wir als Muslime leben, o Herr. Laß uns nicht ohne Basmala sein. Wir dürfen sagen Bismillahi r-Rahmani r-Rahim. Fürchtet euch nicht, fürchtet euch nicht... Der Schlüssel zur großen Tür ist Bismillahi r-Rahmani r-Rahim. Der Schlüssel zu den Schätzen ist Bismillahi r-Rahmani r-Rahim. Masha'Allah. Ya Rabbi, mögest Du es uns nicht vergessen lassen. Er (swt) läßt es uns nicht vergessen, aber Shaytan versucht, es vergessen werden zu lassen. Möge Allah einen Meister senden, der diese Diener vor dem Bösen Shaytans rettet. Al Fatiha.

## Never-Ending Heavenly Powers

Mankind is honoured by having the ability of being defenders of truth. That is the meaning of the word Haqqani. If there were no defenders of truth, mankind would be finished, it is the only hope for mankind.

In the beginning people may use powers from nature. Then, when they find the way to higher stations, they can use those. Whoever reaches Heavenly Powers, will have a supply of never-ending powers. But people nowadays are concentrating more on the natural powers than on the Divine.

01.01.1996

BookSecretDesires, CategoryHaqqani

## Take from Never-Ending Oceans and Don't Give Up

When people read from these books, everyone wants to run away from Islam. They say, "If we need to learn such things, it is impossible for us," and they quit and leave. Therefore,

•••••• ••••• ••• ••• ••••••

kalimoo/khatiboo'n-naasa `alaa qadara`uqoolihim. "Speak to people according to their level of understanding." (Hadith).

Is it not so? Now, these are not the books that common people can understand. Now we have no one left (who understands) either. The shaykhs, when they are training dervishes, taught these things slowly, over many years. This cannot be given to the hands of common people.

I am looking at all of them (books) and it is impossible to understand. "Taba`a an-na`lu bi 'n-na`li. Try to understand this now, if you can! A pair of shoes... one shoe searches for it's other half: impossible to understand! The saalik (spiritual traveller) says, "Whoever reads, listens to this lesson, saying, 'I have so many failures, my situation is still desperate. Nafs al-lawwaama, the blame-worthy self, should not let anyone lose hope because one should not lose hope in Allah Almighty's mercy. Allah Almighty says:

**•••• ••• ••••••••• ••••••••• •••••••••• ••••• •••••••••••• ••• •••••••••• ••• ••••••••• ••••••• ••••• ••••••• ••••••••• •••••••••• ••••••••• ••••••• •••• •••••••••• ••••••••••**

Qul yaa `ibadiya alladheena asrafoo `alaa anfusihim laa taqnatoo min rahmatillaahi inna Allaaha yaghfiru ’dh-dhunooba jamee`an innahu huwa ’l-ghafooru ‘r-raheem. Say, "O my Servants who have transgressed against their souls! Despair not of the Mercy of Allah. for Allah forgives all sins: for He is Oft-Forgiving, Most Merciful.” (Surat al-Zumar, 39:53)

**••• ••••••••• •••••• ••••••• •••••• •••••••••**

laa yukallifullahu nafsan illa wusa`aha. Allah does not put a burden on anyone more than he can bear. (Surat al-Baqarah, 2:286)

This is not something to speak to the people, but these are realities that great shaykhs wanted to teach to dervishes over a long period of time, over many years so they may comprehend it. Laa ilaaha illa-Llah. It is better to know about a matter than to be ignorant about it.

## Neverending Worlds of Enlightenment

If we have no connections to Heavens we will be like a cassette, only able to speak as long as there is a recording on it. When it is finished we will stop. We ask for something which is never-ending. We are preparing ourselves to reach a never-ending life with never-ending power, knowledge, wisdom, feelings and understanding. We are running after never-ending qualities. That is our pleasure.

In this world we are imprisoned, all of mankind is. We listen in limits, we hear in limits, we smell in limits, we taste in limits, we move in limits and you understand in limits, your knowledge is in limits. Everything you have been granted is in limits. If someone is in limits, they are imprisoned.

The Lord of Heavens has given everyone a chance to use these limited powers to make a connection to the never-ending worlds, never-ending universes and never-ending oceans. You are like a drop, when you reach the ocean you will become the ocean, you will be finished. You cannot take it back. It belongs to the ocean and will become part of it. It will be the ocean. Everyone has this chance. If you don't take it, you will always be in limits.

The ones who have reached a connection to Heavens are in the never-ending spheres. The first level of Heavens, the second Heaven, the third Heaven... each level gets larger and larger and includes the previous

one: the second includes the first, the third includes the second, the fourth the third, the fifth the fourth, the sixth the fifth and the seventh the sixth. That is the limit for creatures. Only prophets are allowed to move beyond. This is what happens when the drop becomes one in the endless oceans. Lucky are the ones who ask to be connected to Heavens, those who are interested. Those who don't during their lifetime must reach a connection in their last moment. It is impossible for anyone to reach the last moment without having a connection to Heavens. Some people reach the level of the First Heavens, but do not have enough to pass over to the next.

Allah the Almighty causes some people to belong and to be connected to earth, others to Heavens. Those who never reached any connection during their lives will reach the level of the First Heaven, but cannot pass through it to the next, because they belong much more to earth than to Heavens. Finally everyone must reach Heavens, but if you can reach it now, by using Heavenly Steps, you will get higher. If you do not, you are like an insect or a creature who only walks on earth, unable to get up.

People must come back to their connection. Those who are connected to Heavens will reach the enlightened worlds. The souls who are not interested in Heavens, only in this earth, will continue their travelling, development, improvement and their interest without reaching any lights. Their enjoyment will come out of darkness, out of the worlds of darkness. They will never find any enjoyment in the world of lights.

It is important in the life of man to ask for a connection to the enlightened worlds. You cannot do this without contacting someone from that world. If you ask for lights, you must ask for an enlightened person who is connected to the enlightened worlds. People who live in darkness cannot give you any lights. You will become like them: on earth, under earth or on the first, second, third, fourth, fifth, sixth or seventh level of darkness. Like the levels of light, every new level of darkness includes the previous one.

It is important in our life to find a person who belongs to Heavens. To be with him and to follow him.

This is a summary of all Heavenly Teachings. Unfortunately our physical desires usually pull us into the worlds of heaviness and darkness. Physical lights depend on those dark worlds. Without our bodies our souls could never become enlightened. People are mostly imprisoned in their physical bodies. Only a few out of hundreds, thousands, ten thousands, hundred thousands or millions of people: a very small group, is able to be interested in the enlightened world. If you are, you must reach it.

Nowadays people are usually interested in their physical desires, even though these come and go so quickly, to finish and to vanish. Spiritual enjoyment, peace and contentment, continues endlessly. Our mission is to call people out of the darkness of their physical bodies into the lights of enlightened souls in the Divine Presence. Every second their enlightenment will increase in a never-ending enlightening, the neverending enjoyment continues, the neverending beauty continues, the neverending wisdom continues, neverending, neverending... They will belong to the neverending worlds. That is the honour and target of mankind: to endlessly belong to the enlightened worlds.

## The Never-Setting Sun

As-Salam alaikum, O yaran Shah Mardan. How beautiful are you- who wait for Shah Mardan, who seek Nur from Shah Mardan. Your occupation, O people, should be Nur not nar (fire). Your occupation in every day should be Nur- not nar - should not be fire. That Nur is coming every morning, you should take your naseeb (share) from it. What is unable to receive its share from the Nur the sun brings as it rises is the rocks, or the earth or the animals, which have no value. You didn't come to this world, O Man, to fight. But they take everything the wrong way now.

For whom does the sun rise? It rises for you. With Whose Order does it rise? It rises with the Order of Who created it. What does it bring? It brings Nur. If it didn't bring, who could survive on earth? Look at the sun, it stands (in qiyam) and makes sajda when it is setting. It rises with azamat. Then it distributes that Nur- distributes it over this earth of ours. After it gives what it ought to give. Who is destined to take from it, takes from that Nur and then the Nur of sun goes down, disappears in the sunset. What remains in its stead? Darkness comes. Who does not look to the sun is in darkness. Look to the sun, O Man! Sun takes its share in the morning. It uses itilluminates the earth, brings life. And in the end, it goes away by making sajda to its Lord. Where does it go to? Who created it knows.

O yaran Shah Mardan. Sun - there is the zahiri (apparent) sun. The apparent sun is the sun we see. It takes and feeds the whole universe with the Nur it brings. When its work is done, when that Nur is completed, it goes back to its place. Wake up O Man! Say "There exists the Rabbu-l Izzat Who arranged these earths, these heavens in every form - Who created them in the most

beautiful form & assigned them to serve Man". Say Bismillahi r-Rahmani r-Rahim. Go ahead O Shah Mardan. People today have become confused. They leave the Nur and run after the darkness. All the Prophets came - all of them brought Nur. Who accepted took from it. Who didn't take, were left in darkness. If people don't take from that Nur, they are left in darkness.

Who look to the sun but don't take their share from the sun run like animals in the streets. They run like animals. Why do you run? Your naseeb comes from Heavens, look up! Look at the sun that comes, that rises. For what purpose does it come? Does it come to make you fight?

Go ahead O Shah Mardan. Shah Mardan is who teaches us this - let him go ahead and speak. His word is Haqq. Take your share. There is our share in dunya and there is our share in akhirah also. O our Lord! Allah Who is the Owner of earths and Heavens. Look to the sun so that you can be a sun. If you look elsewhere, you are left in darkness. To receive Nur- This is our trade in dunya. Everyday Allah Almighty is sending a new trade. Rabbi zidni Nura. O our Lord, may You increase our Nur. Go ahead O Shah Mardan. Your yaran are your admirers. Look for great people. Don't walk with a candle, seek a sun O Man! Every night when the darkness descends, even if you lit all the lights on earth, it cannot illuminate the earth. Think! Look at the sun that rises every morning, look at the Nur it brings. You also seek a sun, O Man!

There is the apparent sun and there is also the spiritual luminosity/nuraniyyah and the spirituality(ruhaniyyah) for you of a sun that descends from Heavens. This (apparent) sun- if you look at it, it rises and sets. You should seek the never-setting sun so that you are dressed with the dress of the never-setting sun. The honour dress of the never-setting sun may be dressed on you.

What do you strive for? What more do you strive for? Ok, leave aside what you strive for, what do you fight for? Why do you fight? This dunya is neither mine nor yours. It is like the example of a han/hostel. One will come, stay, and then leave. Think, take something from it. Have a occupation. Our Lord Who is the Owner of earths and Heavens grants us everyday. Look to the rising sun and take your share. There is the sun that appears in the sky and there is the sun that rises in the hearts of the people. The suns that rise in the hearts of people are with the Prophets- Alayhumu s-salam. The greatest sun is with the Master of Creation (sas). Take from his Nur so

that you can be a man, you can be decent- meaning you can be a servant.

"Wa Ma Khalaqtul Jinna wal Insa Illa Liya'buduni" (51:56). "I created the men and jinn to serve Me. When they serve, I pay them. I pay them in Nur, Nur. I give Nur to who accepts and knows Me. Who doesn't know Me may eat straw". The adornment of dunya is only an illusion, which belongs to dunya. O Man! Try to preserve the beautiful dress that is dressed on you everyday from Heavens. Don't run after the dirty dunya. What is meant by dirty dunya is that dunya is unclean - this dunya is the dunya the whole world excretes into. A man can be a king but when what he eats starts to digest in his belly he runs around looking for a place (to excrete). He runs.

Where can he run to? Protect yourself from the filth of dunya. Run away from it, it makes you filthy. Look up to the Malakut, look up to the Heavens O Man! Cleanliness - absolute cleanliness, absolute beauty is in Heavens. Look for this, so that you won't be a toilet worker on earth. This is not Man's honour, Man's honour is high.

Do "Nur-trading", don't look to the trades of dunya. Take Nur and give Nur. Go ahead O Shah Mardan. How beautifully did he express it- what is our work in this dunya? We should do "Nurtrading". We take Nur and give Nur. We perform servanthood for our Lord. Masha Allah. But these people are crazy. Why are they crazy? They run after the filth. Why do you run after the filth? Look up to the Heavens! What is Allah Almighty giving you? He (swt) put a sun in the sky and with its existence in the sky everything takes its zinat (adornment). Everything is adorned.

If that sun didn't exist, what would be the reason for adornment? Can you show your adornment in darkness? Even if you wear the most beautiful, the latest fashion dress, what would be the point in a meeting where it is all dark? If there is no real beauty in the dress you wear, if the dress you wear does not dress you with the robe of beauty from Heavens, what good does it do no matter how much you adorn yourself? None.

The sun rises. Go after the sun. Say "There is Allah, Jalla Jalaluhu. There is Who created us, Jalla Jalaluhu. There is Who sent us His Habib (sas), Jalla Jalaluhu. There is Who made our faces beautiful, Who created our every organ in the most beautiful form. Let us make sajda to Him". Make "Nur-trading". All the Prophets were sent to teach this. But shaytan made people forget

this and what does it make people do? It makes people pour into the streets. The streets are full with people. There is shouting and screaming but what do they want? Who do you scream at?

Who do you call to? It is a shame, 'ayb! You are granted reason, why do you pour into the streets? Who do you call to in the streets? They have no mind, their minds are gone. In the end of times peoples' minds will be less, people will enter a state of dullness. People have become dull, they are running in the streets. O dull people, why do you run in the streets? Who do you call to? You are all dull, you are no good. If you were of some good, you would call to Allah Who is the Owner of earths and Heavens, you wouldn't shout in the streets.

O our Lord! Our Subhan, our Sultan! Send us Shah Mardan who will teach us the ways that lead to You. Shah Mardan! His yaran are his admirers, Masha Allah. What a beautiful word: don't run in the streets! Your rizq (provision) is with Me, says Allah Almighty. Return to Me and I will grant you your rizq. If you don't return, then run in the streets. "Fa 'lam 'Annahu La 'Ilaha 'Illa Llahu" (47:19) Fa 'lam, know very well that you have no other Lord except Him. There is the Sahibu-l Qudrat Who creates you, Who gives you life, Who grants you and finally Who takes you and makes you buried in your grave. Your actions don't succeed with being a Bey or a Pasha. Man's work only succeeds with servanthood. If you don't perform servanthood your work doesn't succeed. And here, no one's work succeeds. Whoever you ask, all complain about their work. They say "I have no work. I have no work or food". Ask an animal & see what it tells you. It'll say "I have work as well as food".

You run in the streets, saying "I have no work, no food". Who do you call to? Why don't you call to Who created you and say: "O Owner of Creation. La ilaha illa Anta. You are there, You are Subhan, Sultan. We are at Your door". Why don't you say like this? But your dirty ego does not accept - it says only, "I am!" "I am!" it says. If "you are", then run in the streets. The trouble with self-assertion, the trouble with following dirty shaytan is the punishments that result because of this. Say "O our Lord! You are Who created us. O our Lord! You are Who grants us our provision". Say "Make our faces beautiful, O Lord. You created us beautiful. May our beauty not disappear. May we be beautiful". Try O Man! Try so that you can be beautiful. Beauty is what descends from Heavens. You can't be beautiful with make-up. You can't be beautiful by the

clothes you wear either.

Go ahead O Shah Mardan, your yaran are admirers of your knowledge. How beautifully did you express this. You should make them used to this. They should get used to this. But they can't get used to it in the streets. Animals keep fighting each other in the streets. What will teach the people knowledge and hikmat (wisdom) is... You get used to it in the mosques, in the places of worship, in dargahs; from what the people Shah Mardan taught, teach you. You find happiness and relief this way. Otherwise no one is happy. How can they be? Even if they had a pearl in one hand and a diamond in the other, if Allah Almighty does not send us our provision from Heavens will you chew the pearl? Will you crush the diamond and drink it?

Once upon a time there was a man, he was a King. There was this King and he had treasures. And he was saying "I am the person who owns all the treasures of dunya". He was such an arrogant King like this. Allah Almighty sent on them a famine. He (swt) sent a famine. He (swt) sent a famine to those who said "I rule everywhere", such that they searched everywhere to find even a handful of flour, to make bread and eat. But they couldn't find any! And what happened in the end? Pay attention to this! They found a bag on top of his treasures and there was a note in it. "When I was a king who ruled over 7 regions, I became arrogant and I belittled the provision of my Lord. We had no food, nothing left in our hands. And finally, I had my jewels ground down. I had people find some water and with that water, I ate those ground jewels. I drank that water too and got stuck where I am. So I am the owner of these treasures" it said.

Don't mess with Allah. Don't mess - which means, don't fight with Allah. Allah punishes/disciplines. "I am the King who would give up all his treasures for a handful of flour but couldn't find it. I made my people search for water so that I could have a glass of water to drink. I had them search and find. I ate that ground powder and drank that water also and now I am left stuck here (frozen)". O people! Don't try to fight Allah! Don't forget that you are a servant, keep your adab! O people of the West, O the people of the East! be ashamed before Allah, fear Allah! Don't fight, don't kill each other.

O our Lord! Our Subhan, our Sultan. Go ahead O Shah Mardan. Each one of your words is a

different treasure. We wish we had someone to teach them to us, we would keep our Lord's ways. These troubles and hardships would not come on us then. Now the waves of death are coming from every direction & people can't save themselves from it. O our Lord, may You forgive us. For the honour of the Habib, may You send us a Master. For the honour of Your Beloved Habib (sas). May You send us a Sultan. May You save us from being slaves to shaytan.

Shukur Ya Rabbi. Shukur Ya Rabbi. Shukur Al-HamduliLlah. Let us say "Huuu". Go ahead O Shah Mardan. Let us say "Huuu" with you. O yaran of Shah Mardan, call to Him by saying "Huu". Call to Him by saying "Huu". He is the One Who will save you. If not you will perish. Tawba Ya Rabbi. Tawba Ya Rabbi, tawba astaghfiruLlah.

This address is an advice for all Ahlu-l Kitab, People of the Book, as well as an advice for us. We should expend our efforts and strength in Your way. We should not run in the streets. Don't you have mosques instead of gathering and shouting in the streets? Go to the mosques and make sajda, "O our Lord. We are Your servants. We make sajda to You. We are left hungry. May You grant us from Your endless treasures". Go ahead O Shah Mardan. Your yaran are your admirers. We should learn. May Allah forgive us.

Fatiha, for the honour of the Habib (sas).

## New day, new provision

New day, new provision... Audhu bi-llahi mina shaitani rajim... Bismillahi-r-Rahmani-r-Raim, la haula wa la quwatta illa bi-llahi-l ‘A;iyu-l ‘Azim. Schlachtet man Fleisch, muss man es essen, sonst verottet es. Dunya is verrottet, es gibt nichts Sauberes mehr. Alles hat eine Zunge, alles redet Allah an, alles macht Tesbih und die Erde bittet Allah: ’O Rabbi, saeubere mich fuer Deine sauberen Diener!’ Die Welt will gereinigt werden...

By the Name of Allah almighty, most beneficent and Most Magnificent. Audhu bi-llahi mina shaitani rajim, BismillahirRahmanirRahim, la

Mankind lost their creation’s wisdom. Just they have been occupied with something that is not necessary for them to run after. Allah, the Creator, Exalted, the Great and Exalted, He Almighty and Exalted never asking to be His servants in such dirty positions. He is never happy with what mankind is doing now on this planet, on earth. He created them for something and they are running away in an opposite direction. Allah Almighty creating them and asking them to run to Him! But mankind now running away from Him Almighty. That is biggest problem that waiting a solution, but whole nations including Muslim territories, Muslims and their states, they are doing what is wrong. They are doing something that is opposite to heavenly Commands. They should be punished. Government putting a law and calling people to obey, and people trying not to be against that law. They are fearing from a handful people that may punish them, and they try to obey a handful people

on earth. Like now our country here, in Cyprus. There is a government, and every day bringing some new rules, some new orders and calling people to be obedient. This is the smallest country perhaps on earth, and who is living here, must be obedient.

What about for the Lord of Heavens, the Creator of whole Existence? He is putting some rules, sending His Orders and sending to His creatures, whom He created, His commands. And feeding them and looking after them, sending daily provision to them and they are not hearing. And He is warning: 'Look, I am not touching you, because if I am touching, whole universe going to disappear'. Disappear in less than a second. In such a short time whole universe may be disappeared, no in existence anything. 'I am not touching. But I have different ways for you, to make you to be punished. I may send to you from you, I am sending someones from you that should be a handful people and that handful people may lead you'. Guidance is from Allah Almighty, leading is not. A guide is always showing what is best for mankind, therefore all Prophets are guides, not leaders. Leadership belongs to shaitan, guidance is from Allah Almighty. Guides walking in front and people following them with their good will, but leaders lead people behind them as a pheasant putting in front of him his oxen, his animals, and keeping in his hand a stick with a needle at the end of it and sending them as he likes. As they like. Therefore leadership is for satanic ways. It is a new term, since big French Revolution. Before people were running after their Sultans, their guides, but after that big French revolution people were going to be like cattle or flock of sheep, just had been sent without looking their wishings or wills, not using their wills. Through leadership no one can use their free will, no! They are big liars through 21st century that they say 'freedom'. But they are liars and biggest cheating ones, representatives od shaitan and supporters of the satanic kingdom. And those leaders, from the time of beginning of 19th century up today, whole leadership bringing people to what they are in it now.

But Subhanallah! Leadership also just reaching to its limits and people are awakening and understanding that these people are wolves, jackals, bears- wild creatures, that their wildness is more than the wildness and violence of jungle's wild animals. And people are beginning to ask guide and guidance to their happiness, to their honours, to their best life here and Hereafter. Leadership everywhere denying heavenly orders, and never giving any respect to mankind. Their respect is only like what a shepherd or cattle shepherd is giving to his cattle or sheep. More than this never 21st century people on earth are giving respect.

That is what we are saying now. People on earth, because they are running after their leaders, cheating each

other, the Lord of Heavens is saying: ‘I sent to you guides for guidance to the best life here ad Hereafter, to take you to the way of Eternity and to establish My Kingdom, the heavenly Kingdom on earth. But you refused and you accepted leadership that is only a satanic trap, satanic trick, now you should be punished. And I am not sending form Heavens armies, no. But I am making your punishment through ourselves, making you so many parties, so many groups, because they run away from truth’. Because we run away from true ones, therefore so many groups and parties. ‘So that I am making you to be each one against another ones, and you should be punished, someones from you by someones from your same nation, from your same community, from your same home, from your same people’.

Now it is that time and people must be punished. They are bringing these huge, terrible weapons, they are calling (for it to happen), and it should be. And divinely Punishment just giving its final Decision that this world and everyone on it who runs away from their Lord and their real target or from their creation’s wisdom, they should be punished. Finished. Because they are on wrong way, on accident. Don’t ask anything! All Awliyas also looking and they are waiting the holy Command for beginning this cleanliness on earth and then, when going everything against heavenly Orders and Commands, just going to be taken away satanic kingdom on earth and its supporters also. Then Dunya going to reach peace. Yet people running on streets, making nonsense shouting, and movements and swearing. Yet they are not coming from their wrong way to right path and to say: ‘O our Lord, we did wrong, we are asking forgiveness, pardon, o our Lord! Clean ourselves with Tauba, with repentance!’ No one saying. They shout to each other, one saying: ‘I am going to kill you’. Second one saying: ‘I am also going to cut you and to kill you’. This is. It is not last point of our creation wisdom, of our creation purpose to say mankind to each other: ‘I am coming to kill you’ and second one saying: ‘I am coming to kill you.’ It is not our last target. How it changed!

Now they are claiming that they reached the top point of civilisation. Civilization means perfect perfecting through their minds, through their efforts, through their works, through their lives. Where is that perfection? Nations to say to each other: ‘I am coming to destroy you and your country and to kill you’, and the other one is saying: ‘If you are coming, I am going to destroy all of you’? If there was period more than this, they should do a long fighting, and fighting now is like a fire running through a jungle- everywhere going and leaving only ashes, no more. No more civilization on earth that thousands of years people built, and no more man living there. Buildings just destroyed and their builders just vanished and finished. That is 21st century’s

civilization? Uh! You must say for this Bravo, you must give capital to nations, as the English say. If they live to kill and to destroy, it is not a civilization, it is not a perfection for mankind, it is not real humanity's attributes, no.

And we are in it now, and the Lord of Heavens is saying: 'I am going to punish you, each of you with another people, and I am cleaning this earth. Then I am bringing- as I brought from the Arch of Noah 8o people, and you are coming from them, 8 billions- I may take eight billion away, if remaining 8 people on earth, I am going to make this planet to fill with My servants, respecting servants to My divine Kingdom'. This is last Word.

May Allah forgive me and forgive you and bless His obedient servants and take away whole people that are never thinking or interesting about their Creator the Lord of Heavens. For the honour of the most honoured one in divine Presence, S.Muhammad, sws. Fatiha

## A new day, new provision. Every day is different

One of the 54 obligations of a believer is to know who is his enemy... Man needs a guide. Who has a guide is on the straight path. Someone must go ahead and people must follow. You cannot guide yourself, you need a guide, that is the arrangement of Allah. All prophets were shepherds- first for sheep, then for people.

They were guiding people on the way of truth to Allah, it is their duty. Ho cannot distinguish the friend from the enemy, will be harmed. You must know who is your ennemy, and who is your friend. A friend is someone who cares about you, who is on your side, who may burn for you. The enemy is the one who wants to harm you, who is against you and who is asking to burn you. The enemy wants to destroy mankind, the friend wants to keep mankind alive and bring them to safety.

All prophets were informing about mankind's enemy Shaitan. Shaitan declared himself enemy of Adam from the beginning. He was the reason that Adam had to leave Paradise, where life was effortless, everything was ready for him

there, he was like a Sultan. Shaitan cheated him and he was thrown down to Dunya, the Dar-ul-Bela, the place of misery, not of peace. And Adam warned his children to beware of Shaitan, and after him all prophets were warning their nation and informing them that Shaitan is our enemy .

Who is asking support and help from Allah, will be helped by Allah. Who is asking support for his ego, will be helped by Shaitan. In the 21st century 99% of the people are friends of Shaitan, best friends. They say: 'We cannot live without him', because he is teaching them how to live a modern life, and he is teaching their ego. Prophets teach us discipline, and feed our spirituality.

What about someone who is working part-time for the Turkish army, and the rest of the day for the Greek army? Who will accept him? Nowadays Muslims have let themselves be cheated. They told them: Prayer is one thing, Dunya something else. Pray, but don't forget about Dunya. Work for Allah and for Shaitan, make him happy. And it is impossible. Darkness and light cannot mix.

And we don't have two hearts with two Thrones in it. There is only one Throne, and it must be for Allah. In a country also there can be only one Sultan. So either you give your heart to Allah, or to Shaitan. And the heart is the House of Allah, Bait-u-llah. The heart is the Kaaba, and it is not empty. If it was empty, why He would call us to come there? If I am not here, would my invitation have any taste? Has an invitation where the Sultan himself is not present, any value?

Allah wanted to invite the people, His servants. They asked Ibrahim: 'Where can we visit our Lord?' And Allah ordered Ibrahim to go with his son Ismail into the desert and to build His House. They made a building of black stones- just four walls. This is 5ooo years ago, and still this building is

there. It is known as the Kaaba, Bait-u-llah, the House of God. When they had finished, Allah told Ibrahim: 'Go to this mountain and call My servants. Tell them who wants to visit Me, may come to My House, the Kaaba. This is My House in Dunya, and I will accept their visit. They shall not have any difficulties and they shall be under My protection.' Ibrahim was calling: 'O servants of Allah and Ummah of Muhammad, come to the House of Allah.' And all the people and the seeds of the uncreated generations were making the talbiya: 'Labbaik, Allahumma, labbaik, labbaika, la sharika laka, labbaik! Inna-l hamda, wa ni'amat, laka wa-l mulk, la sharika lak! O our Lord, Yours is the order, we know no God except You, we are coming to visit You!'

There are so magnificient building around the world, but people don't go there. Why? Europe is beginning to wonder. Allah is sending interest to their heart before Qiyama. This building is there since thousands of years and nothing has harmed it. What is the secret behind it? Our priests don't recognize Islam and prevent the Quran from being read. Can anyone prevent knowledge? Why are they fearing we could read this Book? What is behind it? Where is this power of attraction coming from? The Europeans are coming to their senses.

A magnet is also a piece of iron, but it has a special power of attraction to attract other iron. They go to Jerusalem in these days. But how many are going each year? No more power of attraction. But the power of attraction is alive in Islam, and with joy each year millions of people prepare to go for Hajj. If they would not prevent them, 2o, 3o, or 5o million people would go. But they are asking: 'How would they fit?' 'You stupid one- Who is the One inviting them? You or Me?', Allah is asking them. Allah has the power to make place for all people to pray freely, but they think it is a joke. Who told you to build these huge buildings? And again people don't fit. My last Hajj was 198o, and that time already we didn't

fit. But 6o years ago, the first Hajj-ul-Akbar after the Second World War, I didn't pray one single prayer outside the Haram. Now they enlarged it 1oofold, but people don't fit, they step on each other, they can't find any place to pray. That is, because belief has sunk to zero; they think they must help Allah and they made it bigger. And Shaitan is teaching them so many things...

'Leave My House alone,' Allah says, 'whoever wants to come, may come'. But they make contingents for each country, and more than that may not come, and also you can come only once- they make so many restrictions. That is not Shariat. Everybody who wants to, may go. If the House was empty, nobody would want to go there... I went 25 times... Insha Allah there will be an opening this year to go without passport and visa... And if Allah gives me the power, I want to come through the desert, walking...

Run to His servanthood, leave your ego. May Islam appear, Kufr disappear. May S.Mehdi come and we be with him.

If an animal is walking on the straight path, its owner is not going to beat it... If a Muslim is obeying Allah, His Prophet and the government, nobody can harm him. But so many people do stupid things and they make fitna, and Allah sends punishment on them. Islam doesn't accept fanaticism and fundamentalism- that is fitna, we are not accepting it.

Jihad is when the Sultan will come and take the Beyat of the people. Then he may declare Jihad or peace. Not everybody can declare Jihad against America, England or Europe. We have a Shariat and we must follow it. One group of people says: We make Jihad?! How? Where is the flag of the Prophet? Only the Sultan of Islam may order. They are shouting: Jihad- but where is their Imam? Their Imam is Shaitan. It is Haram to bring people into difficulties and cause them to be killed. Bin Laden is responsible for what is happening

in Afghanistan. Why he went there? He is Saudi. If he wanted to make Jihad, let him go to Jerusalem to conquer Bait-ul-Maqdis for Islam... Why he went to Afghanistan? Muslims make Jihad against Muslims?! And Palestine needs someone to save it. Israel made Jerusalem the capital of Israel. They have rights to pray there, and the Christians have rights, but the power and the key must be with us Muslims.

So many stupid ones make problems for the governments... I am not for America, but I can teach you the Shariat. I am not an easy one...

## A new page is opened

Audhu bi-llahi mina shaitani rajim... A new page is opened... Bismillahi-r-Rahmani-r-Rahim...

Welcome to you- so many brothers and sisters just came for a visit. May Allah bless you and your life, as well as your actions. We are asking a blessed life, and everyone must ask for that. This is what Allah Almighty is asking for His servants: to have a blessed life, hayatan tayyiban.

Allah created man, and then from man He created woman. The first man was created and put in Paradise. Then from a part of his body Allah created the first woman. He settled them in Paradise, and the life of Paradise is blessed. No trouble, no difficulties, no ugly visions, no bad actions through Paradise, everything in its best condition. That is our belief which we have been offered through Holy Books and prophets. It is heavenly knowledge, real knowledge, giving lights to mankind. Anyone reaching to holy books and prophets is reaching heavenly lights, because Allah Almighty never sent His prophets without lights. They have been granted heavenly lights, and then they have been sent on earth to pass on those heavenly lights to

mankind. Who believes in them and comes to them, is given from heavenly lights. And heavenly lights lead people to a blessed life. Without these lights, no one can reach to a blessed life.

Don't think your studying in all of these schools, colleges, academies or universities is giving you light- never, because from the start they tell you: 'It is forbidden to speak about holy books and to bring to these education centers anything of what they are informing people about.' They are not accepting that. Therefore their knowledge remains like coal. There may be one hundred tons of coal in a warehouse, but it will never give any heat or light and stay as a dark material, without a match. But 21st century people think they know something- and they don't know anything, they are ignorant. They say: 'We are not accepting that match through our lessons. We are supplying coal and give coal, but we are not asking light.' Therefore they forbid the holy Name of Allah to be mentioned. No one shall say god, dieu, dios, teos, in the universities. It is prohibited.

Allah Almighty is saying: 'It doesn't matter. If you like, take dark coal, that doesn't give any blessed light to you.' Always there is a connection between Heavens and earth. But if you cut it, you don't find a blessed life on earth anymore. Finished. Now in the 21st century 1oo% of the people- governments, states, professors, educated people- all of them cut the connection between Heavens and earth. They fight every aspect that belongs to Heavens and say: 'No, we are materialist people, we don't accept anything beyond material things.' No spirituality- finished. Without spirituality people are like rocks or robots. And they try to make people like robots- eating, drinking and bringing generation- no more, asking to reach a pleasure through that.

People are on two levels: The majority of people is running after their provision, worrying about what they should eat, how they may reach to their

provision, to fill their stomach. Everyone now is trying to fill their stomach, not to fill their mind. Everyone who is running to learn something, runs not for their head and mind, but for their stomach, trying to find a way that should be pleasure for their stomach, not a way, that may give pleasure for their mind. The whole day they may work like working animals, and then, at the end of the day, they come to fulfill their physical refreshment, pleasures.

This is one level. They ask to reach their provision for living, and now it is getting more and more narrow. They are coming from a large tunnel that they are asking to reach, and the tunnel is getting more and more narrow and dark, and they are being pushed into it. That is the general view for whole countries, including the islamic world, and it is a shame for the islamic world to have such a bad position. It may be for the non-muslim world, but this crises must not be for the Muslim world and people should not have to suffer, no. It is a big shame for the muslim world, and the blame is on the Muslims, who believe in the Lord of Heavens as their Creator and supporter. Allah supports Kufr or Iman?!

But the muslim world is asking support from the non-muslim world, and therefore Allah is leaving them to fall down. They are not thinking of Allah's support, they are not asking for it, but asking support from such countries like America, Russia, China, Europe. It can't be. Blame to Muslims. How it can be that Muslims ask support from unbelievers, non-muslims, Christians, Jews? But they are no mind Muslims now, square-head Muslims, gafil, heedless. No-muslims ask to make Muslims as themselves, therefore they say: 'Western civilization', not saying: 'Western wildness', 'Western violence'. Where is that civilization? It is civilization to make such terrible weapons to kill millions and millions of people? And Islam coming to make people alive, not coming to kill people. A bad current is

coming through the muslim world, and the whole world has a bad vision of Islam, so that they are hating Muslims. They show Muslims and Islam in a very hated vision. They say Islam is only coming to kill.

I was reading an article in a newspaper. The editor is saying: 'I am fearing the sword of Islam.' What an innocent, square-head editor. She is saying this and she is not fearing the atom and hydrogen bombs and missiles? Ma sha Allah! You may defend yourself against a sword, but not against a rocket, that may kill hundreds and thousands of people in a second. They are showing Islam in a bad way. The wildest creature for the non-muslim world is a Muslim. Blame for Muslims that they make this fundamentalism and do everything against Shariat-u-llah and make Islam to be blamed.

You are coming here from European countries. You know what is happening there. People are not looking to you with good eyes, but they think that you are like wolves, wild animals, that may kill and eat them. That image is coming to the whole muslim world through no mind Muslims, that have studied and have been prepared in Europe, in western countries. Then they come to the East and do what Christians are doing, and make Islam in such a hated vision.

Therefore now the islamic world is also going to be cleaned. Allah Almighty is asking to clean muslim countries from those bad ones who act against Islam. They must be killed and taken away. And S.Mehdi a.s. is only coming for that. Before the Christians, among Muslims must be cleaned. Who shows Islam from a bad side, giving a bad image for Islam, should be killed. Why is Allah Almighty making America to come on the muslim world? Allah is sleeping? He is not knowing? He is sending them for that purpose only. No fundamentalism, no terrorism in Islam! Allah makes America to come and clean the muslim community from those Shaitans, that give a bad image to Islam- a punishment for their bad actions. It is not true to kill innocent people, to

put on oneself such bombs and go and kill oneself and other people. This is not the way of an islamic war, but a shaitanic way of war.

Therefore Allah Almighty sends America, the super-power on earth now, making their president number one to come on the islamic world anywhere that he can find someone who is going against the Shariat-u-llah, claiming and cheating people with their 'Jihad'.

No Jihad without a Sultan, no Shariat without a Sultan- they are liar! No one can say and declare Jihad. Who are you? Therefore life on earth now, the islamic world included, is unblessed, and all people are in miseries and sufferings.

The Prophet was informing that should come a time of fitna and wrong things, and that there should come a punishment on people. No one should be happy, except a few people, to whom no trouble should reach. Troublemakers should be everywhere, but Allah Almighty will protect some of His muslim servants, so that they should not be touched nor harmed, nor suffer from anything. Who are they? They are those who ask support from Allah. But who is asking support from the East or West, from non-muslims countries, should fall down and disappear.

What I am saying now is enough for you and the whole world, if understanding. If not understanding, they should be finished... I am asking the Muslims especially and also all who believe in Allah Almighty to ask support from Him, not from their materials. No more will material things give any support to mankind, not billions of Dollars, Pounds or Mark, from now until Qiyama. Not even gold will give a support to mankind, even they may have tons of gold. The only support is coming from Allah now.

O people, you must try to be right ones, true ones. And true ones are those who ask support from Allah Almighty. And His support makes people true.

Without support from Him, no one can be true. And if people are not true, there is no more chance for them anymore to live on earth, it is finished. They will be taken away...

He is only Sultan- from pre-eternal to eternal. Try to be His obedient servant, to be in safety and to reach to a blessed life forever, here and hereafter through Paradise...And may Allah give more honour to His most honoured servant Sayidina Muhammad sws.

## A new page is opening

Audhubilahi minesh shaitana rajim Bismillahi Rahmanir Rahim. Destur, ya Sayidi...Meded... A new page is opening... By the Name of Allah, Almighty, All Merciful most Magnificient, most Beneficient...

For His honour we are living and no one can carry Allah Almighty's honour. No creature can carry except one, one may dress dress of honour from Allah Almighty...only one. No prophet, no angel, no any we know or we don't know creature, cant be able to dress the dress of honour that belongs to Allah Almighties divinely Presence. Impossible. Only one! That one, most honoured servant of Allah Amighty Sayidinna Muhammad salallahu alayhi wa sallim. Everyone is taking honour... Rasulullah (sws) he is most honoured one, because if you are saying most honoured one, that honour must come from Alllah Almighty directly, directly coming, No creature is able to reach to take an honour directly from Allah Almighty impossible...

And we are asking honour from Rasulullah (sws)... Every prophet just asked that honour, and everyone through Heavens asking honour from Allah Almighty. As long as they are glorifying Allah Almighty, for His glorifying coming honour. If you like to reach more honour you may do much more glorifying and you should be dressed much more honour. You are giving much more time for nonsense aspects here, taking nothing. People waste their very valuable time for their lives and taking back what they are giving, but they are taking nothing. Nothing... Here there are hills of real diamonds, and it is free to take from it as much as you like,

there, left hand side, there are imitated plastic diamonds, not real ones, and it is also thrown through land, through dirt, but shaitan saying: Leave this. Because there are hills of diamonds, but... only there are in need to take and to work on it, to appear their real positions. There: plastic, imitated diamonds, thrown through swamps, and shaitan calling: Leave that, that is nothing there, come and look, just it is prepared, and showing to them Come and look, why you waste your time with this? Come and take. And people now leave real diamond mines and run to take from imitated plastic ones from swamps, that are bad smelling and as they are thrown through... it is also through there.

But as some people who work on leather of animals, their place so bad smelling, but who is working there. They are accustomed, saying No it is okay, and if anyone coming there, saying Uhhh, bad smell. Now people who ask form that imitated plastic diamonds never smell bad smell of swamps and fighting each other... you take much more, I am taking small I must take form you more... in such a way whole fighting among nations and among people... only that is the reason, Everyone rushing on it to take more. What is the value? No value and that is never giving an honour to people, no. Everything through this life is imitated and temporary. If bringing from imitated diamonds, no one is carrying even though his finger small diamond also, taken from him or from her and outing through their graves without anything. No honour no value and no benefit. Here troublemaker that is people asking for imitated diamonds and valuable imitated stones and running after gold also, that as well as it is imitated also, wasting their time, their life and finally coming at the end finding nothing through their hands. And they take nothing from honour, finished. Honour only from Allah Almighty and that honour just distributed from Rasulullah sws. He is center of honour, Seal of Prophets. Therefore he, that most honoured servant of Allah and his companions lived in a way with nature and never running to make a complex life, they lived most simple life. They know reality, they learned what is reality, and shaitan and his helpers can't be able to cheat them, finished. Shaitan was hopeless to cheat one Sahaba, saying: Why I am wasting my time? We can't cheat them, look another one... And after coming and cheating...

Now we have a Muslim community on earth, perhaps their number reaching 1 ½ billion people or more, and I may say- and I am authority to say- all of them cheated. Very, very, very few ones, that they have reality about this life, about Dunya, about the pearl, real pearls, real diamonds, real rubies, shaitan running away from them and saying don't run with those people, you can't cheat them, finished, mahfuz- those people are protected. How a person going to be protected? Who keeping steps of that most honoured one... If you are

protecting, keeping that most honoured ones' steps, you should reach to protected area, and shaitan and his soldiers can't reach to you, no, finished, you are in protected area.

Once the son of Sayidinna Omar, Allah bless him, was going to Hajj, coming from Medina Munawwara and going, and so many people. Just he arrived at a crossroads, and people, most people, going on the way that commonly people going on it. He reached there and making a turning right hand, turning a small hill and getting behind that and reaching to people. And people asking: O disciple of Rasul, why you did this? Just I saw, I witnessed that Seal of Prophets came here and he did his camel right hand and making a circle and coming and going that way. Therefore I like to keep his steps, only this reason, nothing else, to keep his holy steps, must be because they have another kind of light, they are not looking with head eyes only, but also through their hearts eyes looking, and heart eyes showing them: every step coming a light. Therefore he said: I am following steps of my much more beloved prophet, to follow his footsteps.

They were so careful to keep steps footsteps of Prophet (sws). What about this nation now? They are so careful to change their steps from steps of Rasul (sws), Allah bless him, to follow steps of western people. And western people are not Muslims, no. It is big shame, blame to Muslims to follow steps of western people. Western people are either Christian, either Jewish faith, they are not Muslim. They keep their prophets and their steps, nothing for ourselves to follow them, no.

And the current in our days is modern Muslims, no. It is so wrong to be modern and Muslim. Modernized Muslim means either becoming a follower of Christian beliefs or Judaism, their belief. How can be this with that? No. 'Muslim' is a big cheating for people, can't... and Prophet was informed as from his miracles that should come a day my nation, my Ummah should be so happy to follow steps of book given people. They should be so eager, happy to follow steps of those people who are given heavenly books, that means Christians and Jewish people, and every fashion that Christian and Jewish people bringing first Muslim world, Muslim men and women they are using... And they lost... they lost the essence of Islam. Finished, no essence, only a shape, out looking they are Muslims, or through their identity card they are Muslim, If out looking also they are following new fashion always from Christian and Jewish fashion books, finished.

Therefore even Muslims just have been granted mush more valuable areas of Dunya, very rich, most rich part, Muslims their accommodation on that area and they are in crisis. For what? What is reason? Allah

giving to you countless richness, how you can fall in crises? Economical crises... No economical crises for Muslims - It is through their belief. They lost essence of Islam and they fell in that deep less and hopeless crises. That is we must try to understand and we may say as long as we are following western people, what coming to them, must come on ourselves. Till we are leaving westernising in Islam and coming on its original beliefs and rules and orders, we can be saved and also we can save other nations. If not, western people going to vanish and finish and whom catching them and hoping from them a salvation, they are also going to vanish and finish. That is final point that we are in it. May Allah forgive me and bless you and forgive me, for the honour of most honoured prophet of Allah Almighty. Ask honour for him! Fatiha.

**New page, new face, new views, new news.**

La ilaha ill-Allah, la ilaha ill-Allah, la ilaha ill-Allah, Muhammad Rasulullah alayhi salatu-llah.ziyadatan li sharfin-Nabi sws.Fatiha.
Audhu bi-llahi mina shaitani rajim,
Bismillahi-r-Rahmani-r-Rahim.Bismillahi-r-Rahmani-r-Rahim is opening.Ya Mufatiha-l abwab iftah lana khaira bab.O Allah take the reigns from the hands of those who don't know You.
Insha Allah you will not find them nextyear.
Destur, ya Sayidi, ya Sultan-ul Awliya.

New page, new face, new views, new news. Like poem saying now. My English is like Shakespeare's. If he was present he would laugh too much, because he is never thinking such things!

What He said, must come, must happen, must appear! I hope that the preparation for that big changing on the whole planet is beginning tonight and going on. According to the Islamic calendar tonight is the beginning of 1423, just beginning, and this year is coming with greatness, with power. The Awliya see that this moon, Muharram, and also the New Year is coming with heybet, a greatness, that gives a kind of fear to the hearts - you cannot bring a description on it. It is not ordinary fear that may be for some times. But now

the whole world is going to fall in a fear ocean, beginning from this night, from sunset.

Especially leaders and governors, the heads of all countries, are going to feel that fear deeply through their hearts. Civil or military people - all headquarters that are against divinely Laws, heavenly Rules, begin to feel a deep fear, but they cannot give any description for what this fear is coming. And that fear is going to increase day by day, week after week, month after month. It is going to grow up and cover them wholly; either they are going to resign or they should be in the mental-house, or they should be killed. Either they should kill themselves, by themselves, or they are going to be killed finally.

This year is coming with such a powerful appearance; a very powerful sight is coming now. Beware, Oh mankind! Who is trying to climb up to the level of humanity should be supported and should be saved also; they should be under heavenly protection. Who is not asking to climb to reach the level of humanity remains down. A storm should come and take them away - a storm of fire. A flood of blood is coming now. Therefore this is a warning now today; it is coming to me to warn the whole world that everyone must think for their finals. Either they will be on the humanity level or they remain on the level of violence with violent ones. And violence is going to be finished now, beginning from tonight.

Allah Almighty is never looking to your outlooking, but He is looking to your heart, what is there. If you heart belongs to Him, you should be saved. If your heart is not with Him Almighty, you should be taken away, destroyed. Everything they did up today is going to be destroyed. Everything that is false, Batil, should be taken away - finished.

That is the 'Ferman Ilahi', the divine decree - a powerful word for the Sultan's will. When a Majesty King speaks, we don't say he is making a declaration. There is a word that is used for kings and emperors. We don't say announcement from Heavens or declaration from Heavens, no, but we are saying what belongs to Allah Almighty must be much more, it is full with greatness, giving fear to the hearts of people. It is not just a declaration, anyone's declaration, no, it is a heavenly decree. He is not ordinary person, the Sultan or the King. He is with power, the people who hear it, must fear. That is coming now, tonight, for all the headquarters of mighty people, Awliya, who keep heavenly might through their hands. Now the command is: 'Go! On Kufr (unbelief) and falsehood, go on to destroy the satanic kingdom on earth!' Finished! May Allah forgive me and protect us. Believers should be protected.

Therefore Allah Almighty is looking to peoples' hearts now - who is with Him, who is for Him, should be sheltered, should be saved, who is not with Him Almighty or not for Him Almighty, should be taken away, should be destroyed. And a big destruction is coming now on earth.

A new news - just today arrived. My heart was also getting very angry since last night; too much power was coming to my heart also. I am nothing, but when this divinely power-line is open, I may take away all Kufr. I may destroy it. Today I am the weakest one. Tomorrow - I don't know. Ya Rabbi, ya Allah.

Beware for your names. There are two lists; should be written on it names: 'To be saved' and 'To be destroyed'; 'To be sheltered' and 'To be taken away '. One list with the names of the people that should be sheltered and protected, and a second list with the names of people on whom heavenly revenge is coming. Keep yourself, beware for your name not to be written on the second list of those who should be taken away. No one can save them. And there is no protection now except the heavenly protection.

This is a holy month. Through the centuries, from the beginning of the life of mankind on earth, this month has been sacred. It is a very holy month, very powerful month. Allah Almighty's heavenly and divine Power was always coming through this month, when He was asking to take revenge from disobedient people. Don't put your head under the guillotine. Who puts his head under it, must be cut - it is impossible. And the warning is coming: Take your heads out or the guillotine is coming on you! How many millions of people put their heads there - in one moment they are going to be taken away. It is not like the French Guillotine, one by one, no. Huu.... Beware of the heavenly guillotine! Don't say: 'I am this one, I am that one, I don't fear.' Ha, ha,ha. Their heads will be put next to their bodies: 'This is your head, this is your body'. 'Take it away and go on'.

Beware, O people! Beware! These feelings are now coming through the pure heart people, that they should ask a shelter from Heavens. And the only shelter that is granted is the shelter of Sayidina Muhammad sws. People must be told: 'Go and shelter yourself under the shelter of the most honoured one's shelter. Don't be (wander around) outside! If you are not staying indoors, you should be taken away.'

'La ilaha ill-Allah hasni, wa man dakhala hasni amina min adhabi'. Unity of Allah Almighty, Oneness of Allah Almighty, 'La ilaha ill-Allah', is not going to be accepted without saying: 'Muhammad Rasulullah sws'. That

means the divine castle on earth, that is going to be in safety who may enter it, is the castle of 'La ilaha ill-Allah, Muhammad Rasulullah' sws, and that flag is on the tower of that castle now. It can be seen from the Far East to the Far West, from the Far North to the Far South- everywhere now it should be seen.

May Allah forgive me and let us enter that divine castle. There is Windsor castle, but this is the castle of the Lord of Heavens to say: 'La ilaha ill-Allah, Muhammad Rasulullah sws'. Enter in it, you should be in safety! Who is going to be outside. Huuu....finishing.

Allah Allah, Allah Allah, Allah Allah, Aziz Allah,
Allah Allah, Allah Allah, Allah Allah, Karim Allah,
Allah Allah, Allah Allah, Allah Allah, Subhan Allah,
Allah Allah, Allah Allah, Allah Allah, Sultan Allah.
Sultan-ul Mutlak. Absolute Sultanate, eternal Sultanate for our Lord Allah Almighty!

Accept our excuse, we are weak servants. Send us who may take ourselves, not to be put under the guillotine, who may save our necks from the guillotine.Shaitan and his followers are going to be under it, not to be with them. O our Lord, let us to be with your most honoured servant and messenger Sayidina Muhammad salallahu alayhi wasallim.
Bi hurmati-l Habib. Fatiha.

CategoryMuharram, CategoryFear

**New pages. Unlimited pages.**

Subhanaka! Subhanaka! Subhanak ...

New pages. Unlimited pages. Everything that belongs to Allah Almighty is unlimited. If you can find a limit for numbers, you may speak a bit of Allah Almighty's grants. Therefore Allah Almighty says that if oceans were ink and trees were to be pens for writing, it would only be a tiny bit from heavenly knowledge that belongs to Allah Almighty, it (ink) would finish even if you would bring seven oceans instead of one ocean.

Even they would finish; but the knowledge that Allah Almighty is granting to the Seal of Prophets (saws), is not going to finish, because he is the only one speaking on behalf of Allah Almighty - the first one. Allah Almighty never addresses anyone else in His Divine Presence except the most honoured one among all creation, sayyedina Muhammad (saws). No one can approach the Divine Presence like the Seal of Prophets (saws). Allah Almighty first created his soul, his illuminated soul, and it was 'nur'. And from that 'nur', Allah created! Everything was created from that 'nur'. No one and nothing can directly reach the essence of Allah Almighty. Nothing can reach - it is impossible. Only through the Seal of Prophets - the summary and essence of whole creation is with him. It has been granted to him, and that grant is continuing without stopping, running, never ceasing or being cut off, no!

A'udhu billahi mina-sh-shaitani-r-rajim, bismillahi-r-Rahmani-r-Rahim. La haula wa la quwatta illa billahi-l 'aliyyi-l 'adhim.

Sultan-ul-Arifin Abu Yazid (Bayazid al-Bistami), may Allah bless him, (said) to keep with their zikr, to keep their remembrance, to try to be with the inheritors of the Seal of Prophets, to try that your soul is in the oceans of their holy souls; because each one of them - Saints, the inheritors of the Seal of Prophets, those Grand Saints - has been granted oceans as well. But their oceans, even the oceans of all prophets and saints together, in comparison to that which has been granted to the Seal of Prophets, is just like the drop sticking to the tip of a needle when you dip it in an ocean. It is only that much in comparison. And all awliya and saints, particularly Grand Saints, Grand Sheikhs, the ones in the first row, close to the Seal of Prophets, sayyedina Muhammad (saws), they are taking directly from him and they have been granted much more than others. And their souls are drinking from those oceans and are also becoming oceans. The soul of each one of them is like an ocean and only the Prophet (saws) knows what is in that ocean. Allah knows everything; but through the station of creation, what had been granted to all prophets as well as grand prophets, Grand Awliya, Grand Sheikhs - they are first row inheritors of RasulAllah (saws)- only the Prophet (saws) knows.. And what is in everyone's ocean, they know, as well as the prophet (saws) knows.

Therefore, they have universes, 'awalim', creations in their oceans. And that creation is a grant from the Seal of Prophets. And his Lord's grant to him increases more and more, it does not remain the same. Allah Almighty says:" Oh my beloved servant! Waladayna mazeed! I am granting and it will never end. That, what I am granting to you it is never going to end" Therefore, whatever was granted to RasulAllah (saws) when he was with us, it is not the same now. Every second, in every breath, that grant is being doubled by Allah Almighty.

Therefore, when we say about Aba Yazid (r.a.): Keep awliyas, try to be with them, even with their names and with their association. When we mention their names, an opening comes to us. It is not empty. The Prophet was saying that when we mention the good ones - Saints, Grand Saints, Prophets, Grand Prophets and the Seal of Prophets, 'tanzil-ur-Rahma', mercy from the mercy oceans comes on us. Therefore, 'manakib-ul-aulia'. The Holy Quran mentions the names of prophets, because every time we mention their names, a lot of mercy from the mercy oceans comes on us. Therefore, it is repeated so many times (in the Quran) what happened to Bani Israel, the children of Israel, what happened to sayyedina Adam, what happened to

sayyedina Nuh, what happened to sayyedina Ibrahim and to the other prophets. It is to take honour from them, to take from their 'nur', from their divine lights, to come on you. And it is a preparation for you for your eternal life, because eternity can carry as much as you have been granted, without limits. Those who are on (are working for) eternal life and whose target is eternity, they may ask for more and more - unlimited. Just like an aeroplane flying - the more petrol we put in it, the longer it flies, never saying 'enough', no! As much as we put in it, it flies. And our souls in the Divine Presence - don't think they are stopping - are running, and running through innumerable oceans. All of that belongs to eternity.

Therefore, it is an order - sohbet, association - you must keep in line (touch) with them directly. That runs through your real being. Don't think this is our real being. This is just a shadow of the real being. The real being, this world can't carry. Therefore archangel Gabriel (a.s) sometimes came in the form of a man, and we say Jibril (as) just came. Did he leave his station and come here? When he came to the Prophet, was his station empty? Dis he come himself with his real being? How? It is just a representative (of his real being), as a shadow in the form of man. The real being never moves here or there from the Divine Presence. Never! "No ones eyes can look here or there!" Do you think that the real being of the Seal of Prophets was with us? How could this world carry it? The whole of creation would disappear if his real being came into existence here. No more creation, everything would disappear in his oceans, nothing would ever appear. But everything, through Divine Wisdom, has been arranged and programmed. No one knows how it is and how it can be, no! We are on our station and the Divine Address came first to RasulAllah and then to us. If the Prophet would not be the mediator, the Divine Revelation would burn everything on earth. [Maulana recites a verse from Sura Hashr]

"If We had caused this Qur'an to descend upon a mountain, thou (O Muhammad) verily hadst seen it humbled, rent asunder by the fear of Allah. Such similitudes coin We for mankind that haply they may reflect."

Therefore, those no-mind ignorant people still say that sayyedina Muhammad (saws) was just like a postman - just bringing and delivering. Such ignorance! It has now spread in the whole Islamic world, in the East and in the West. They don't understand the wisdom about the sending of sayyedina Muhammad and him being granted the holy Quran. Mountains can't carry (this weight); but only the heart of the most illuminated and most honoured one was able to carry the weight of Divine Revelation. How can you say that he is now

finished, and we can be with Allah without Muhammad (saws)? What is this ignorance that we are in?

Therefore, so many troubles are coming on those people. Yes, it is a very deep ocean that we are trying to show to you; we cannot reach it. Aba Yazid - may Allah bless him, and may the lights from his ocean illuminate our hearts. Illuminated hearts, they are living hearts! Not illuminated ones, they are dead hearts, locked hearts. Therefore, the hearts of so many big scholars are locked. They don't understand what you say. Locked up! Allah opens our hearts to His awliya. We are asking that when we speak about the aulia, that they grant us something according to our needs. Therefore, that is 'rabita' - connection from heart to heart. When you make 'rabita', those divine lights granted to that Wali, Grand Wali, or Nabi or Grand Nabi, or the Seal of Anbiya, run through you heart, and you are going to be illuminated.

When we look at the sky at night, we see illuminated stars; but there are also billions of stars that are not illuminated, because that 'nur' does not come on them. And it is similar with mankind as well. Heavenly beings are looking at mankind and seeing which ones of mankind are illuminated and are shining - just like we look at the shining stars in the sky. Therefore, 'rabita', connection, is the most important medium to reach heavenly lights. Those who deny this are cut off; no light comes to their hearts - finished. People are now therefore in darkness; because they don't have any connection to heavenly people or with the illuminated servants of Allah living in this world among us. They don't care, are not interested, and are happy to live in their darkness, in their dark 'dunya'. Just like night birds (bats) are happy to be in the darkness of night. They don't like to come out in the daytime, because they don't like light. And now, 99% of the people on earth don't look for heavenly lights to be illuminated, and they are happy to be in the dark world, in a dark atmosphere. Therefore they are doing so many things, if they could only see, they would not do it. If their hearts were illuminated, they would not fight and quarrel and complain. They would be happy with that what has been grated to them from the Creator, the Lord of Heavens. But darkness is preventing and hindering them to reach that point; because they don't seek a connection to the spiritual world and with spirituality and heavenly beings on earth or in the heavens. That is the trouble. All of those who live in this dark atmosphere, without asking for a connection with heavenly beings, with their spiritual being, all of them are troublemakers.

People in this small country - no one recognizes this country - are saying, 80 million people in Turkey and 200,000 in North Cyprus, they are asking to join the group of European states. They think that when they are

connected with the European Union, they should be happy, they think that their troubles are going to be finished and everything is going to be so smooth and beautiful. This is their biggest mistake and misunderstanding; because material (things) never gives people any rest or a good life; it never giving them a life of pleasure and enjoyment - 'hayat-ut-tayyib' - never! (It is the) same! If they become members of the EU, they would still have the same troubles, because they are carrying the same bacteria of illness with them. Although they might join the EU; but the same illness is with them - same atmosphere! Darkness (here), darkness (there)! The EU is never going to give them any light; they are not going to be illuminated. They might perhaps reach a mass of money, material things, but they will remain non-illuminated, finished. If the Iraqi problem finishes, another problem will arise, because the same illness is with the people - that they are refusing connection with an illuminated existence, with illuminated people. They are only running after darkness and dark people.

May Allah forgive me, and give us a good understanding, for this is an important point that nations must know. All nations have cut off their connection with heavenly beings, they deny them, they deny prophecy and sainthood, and everything belonging to Heavens, and they fall down into the dark world. Dark world; wherever they are running to, they will find only darkness and troubles.

Allah! Allah! Ya Rabb! Forgive us ya Rabb! We are asking for forgiveness and His blessings. For the honour of the most honoured one in His Divine Presence, the Prophet Muhammad (saws) - Fatiha.

## The news about Mehdi a.s.

Bismillahir Rahmanir Rahim... S.Mehdi's first appearance was in Hijaz, in Mekka, on Mount Arafat. That was around 1960. It was a private appearance, only for Saints. 12.000 Awliya came and put their hands on his hand, taking Beyat with him.

Once, when I was passing through Beirut, on my way to Cyprus, I met a Sheikh from Lebanon, and I was a guest in his house. He asked me: "What news is your Sheikh giving about Mehdi a.s.?" I told him, that so and so many years ago we were on Arafat with Mehdi a.s. and 12.000 Rijalu'llah, Awliya, and that we all took Beyat with Mehdi a.s. I was with Grandsheikh at that time. He took me with him, like a hunter keeps his dog with him. When I said this, the Sheikh from Lebanon said: "You are right. I was in Mekka Mukarama the same year with my Sheikh, and we met a person from the Sudan. We asked him: "From where are you coming?", and he told us that he had come from Central Africa: "One year ago I was ordered by the Holy Prophet sws to be here this year to take Beyat with Mehdi a.s. I have been walking on foot for one year, and I have reached here..."

So the Awliya have already taken Beyat with Mehdi a.s. in that year. There is a second kind of Beyat, in dreams, for people who are not prepared to meet Mehdi a.s. physically. And now he is waiting for the order, and then common people will take Beyat with him. He will appear for all people, according to the Lord's

command, in the Great War, Armageddon... There are one hundred and one hindrances which he must overcome, before he can appear. Ninety-nine of those hindrances have passed. Now only two are remaining...

‘Red coloured people’ have come to Afghanistan. They must also come to Pakistan, and then to Turkey. That is the first sign: Russians coming to Turkey... Huge Russian powers will be at the West of Aleppo. They will come up to the plain of Yarmuq(?) near Aleppo. At the same time the American powers will be in Turkey, in Adana, near the sea. There will be a great slaughter in that plain. The War will last three months and during that War, Mehdi a.s. will appear. It will be in a year of the Hajj-ul-Akbar. Mehdi a.s. will appear on Hajj, where people will take Beyat from him... From there he goes to Damascus. He will make Tekbir 3 times: "Allahu akbar, Allahu akbar, Allahu akbar!" With those Tekbirs the problem of technology is going to be finished, and it is going to be the signal for all Muslims to attack the devils... There are 4o stations on S. Mehdi's way between Mekka and Damascus... He will come to the gates of Damascus, firstly to a place where the foot-prints of the Prophet Muhammad and his camel are on a stone... He will enter Damascus, and there the people will take Beyat with him. Then there are 7 stations on his way from Damascus to Istanbul- Homs, Hama, Trablus, Halep, Konya, Bursa- and in Istanbul he will take out the flag of the Prophet from the Topkapi-Palace... But before that, the Padishah will appear and they will meet in Konya, where Mehdi a.s. will put on the sword of the Prophet and his coat, the Amanats... After Mehdi has taken out the flag in Istanbul, the Anti Christ will come quickly through Khorasan in Iran, and run to Jerusalem, to go around the whole world from there for 4o days. He is now in chains- imprisoned on an unknown island that no one can approach- because he is saying: "I am your Lord", claiming to be the Lord of mankind, not just a prophet, but the Lord... He cannot move from there. He is Shaitan, the father of all devils. He is giving orders, and he has 3o deputies who are preparing people for his coming... And he is one-eyed...

Muslims are expecting S.Mehdi a.s. and they are waiting also for S.Isa a.s. to come from the Heavens. Christians are expecting Jesus Christ to come back from the Heavens, too. But the Jews, because they do not believe in S. Isa and S. Muhammad sws are still waiting for a Prophet from among themselves to appear...

There will be a heavenly announcement: "The enemy of Allah, Dajjal, has appeared. Whoever wants to save himself from him must go to Damascus, Mekka or Medina". So believers will run because Dajjal will be after them. They will run like streams to Damascus, and all believers must be there for 4o days... Dajjal will go around the whole world, but 7oo Angels, 7oo Jinn, and 7oo Awliya from Budala, Nujaba, Nuqaba, Autad and

Ahyar will protect Damascus, so he won't be able to enter. Damascus is a holy area, the place of the Judgement Day, where twice a day come Nur, Divine Lights, and Mercy. This area covers all that a man can see from the minaret of the Omayyad Mosque, and its Baraka spreads for a distance of six or seven days' camel ride in all directions.

After 4o days, Jesus will come down from the Heavens. It will be the time of the Fajr prayer, when he comes down in the Omayyad Mosque in Damascus. He is coming down to a minaret of that Dome in the East, under which S.Yahya a.s., John the Baptist, is buried. Two Angels will protect him with their wings, and bring him down to earth. He will be wearing a green turban, and he will be shining. He has the most beautiful face, rosy and white. His beard is red, and he is sweating. And he has a sword. When he was on earth, he never touched a sword, but now he is coming as a Saviour, to save people from the hands of the Anti-Christ. His sword is a miraculous sword, a heavenly sword. It can reach any point to where he sends it. The Lord gave it to him...

He is not coming as a Prophet anymore, but as a member of the Ummah of S.Muhammad sws, following his Shariat. S. Mehdi a.s. will offer the place to Jesus to be Imam, but Jesus will refuse. S.Mehdi will lead the prayer once, and after that Jesus will be Imam... And S.Mehdi a.s. will be with him for 7 years... Jesus will kill the Anti-Christ, break the crosses, and make clear the truth about himself and his mother S. Mariam... He will govern the Heavenly Kingdom on earth for 4o years. In his time, all technology will be destroyed, and everyone will be given miraculous powers, so that when you look somewhere and you say: "Bismillahir Rahmanir Rahim, by Your Divine Permission, oh My Lord, You honoured me to be Your deputy, I ask of You", and if He gives permission, you may put your step from here to there.

After Jesus has killed the Anti-Christ, there will be no more devils and evil in his time... people will live a life like in Paradise, Paradise appearances, Tajallis, will come on them... At that time, the purpose of Allah's creation will appear. Isa a.s. will marry and have children. When he is going to die, he will be buried in Medina, in the fourth tomb next to the Holy Prophet, S.Abu Bakr and S.Omar r.a., that is empty now. Then all believers will die by a sweet scent from Paradise. Everything terrible after that will come to the unbelievers, who will have started to re-appear during Jesus' time... And the world will come to its end.

## The News of The Holy Month of Shaban

(Dt.: NeuigkeitenDesShaban)

Allahu Akbar! Allahu Akbar Al Akbar! La Ilaha illa Allah Wah'dahu La Sharika Lah. Lahu Al Mulk Wa Lahu Al Hamd Yuh'yi Wa Yumit Wa Huwa 'Ala Kulli Shay'in Qadir. Subahanaka Ya Rabb. Subhanaka Ya Rabb, Subhanaka Ya Rabb! Najjina min ma nakhaf. Thumma Al Salat Wa Al Salam 'Ala Sayyidi Al Awwalin Wa Al Akhirin Rasul Rabbi Al 'Alamin, Shafiy' Al muznibin. Habibi Rabbi Al 'Alamin, Saydina Muhammad (saws). O people, we say Audhu Billahi min al shaytan al rajim, Bismillah Al Rahman Al Rahim. I am a weak servant. I hope for my Lord's mercy & His forgiveness. Subhanahu wa Ta'ala.

O Muslim people! The month of the Prophet (saws) has started. The glorified month of Shaban. Glorify the rituals & rights of Allah (swt), your matters will be blessed by Allah (jwa). O Muslim people it will be blessed this honourable month, Shaban the glorified. It is glorified from the Lord (swt) for His Prophet (saws). Mubarak! For us & for you, for the Muslim people and all the people of the world.

Give this holy month a lot of value O people! Allah (swt) Created creation for the sake of His Beloved (saws) and sent him as a mercy for all creation, glorify him! Give value to his message, listen to his words & follow him, you will be saved.

This addressing, Audhu Billah min al shaytan al rajim Bismillah Al Rahman Al Rahim. We start with His Glorious Name (swt). People asked me from East to West, what can we do? What can we read? What can we do in this honourable month? In short, we say they should do what is possible from goodness. Put all your efforts to follow the Lord Almighty (jwa) and His Beloved Sayyidi Al Awwalin Wa Al Akhirin Sayyidina Muhammad (saws). Whatever you do from goodness you will find it safely kept with Allah (swt), & it is good for you. O people! O believers, this is a glorfied month, the month of the Prophet (saws).

This addressing it came to me specially from some people, for the Egyptian people. May Allah (swt) protect Egypt. Egypt, Egypt it is beloved & it is dear to Allah (jwa) that country. Subhana Allah! Al Hamdulillah wa La Ilaha illa Allah. Good tidings for the people of Egypt. Since the beginning of humanity, the people from Egypt, old Egypt. The first beginning of humanity appeared in the valley of the blessed Nile. That... it is from the rivers of Heavens, Subhana Allah! Zayianahu Allah (swt) wa Akaramahu Allah (swt) It came to us as inspiration that the blessed Nile its source is from Heavens. Good tidings for you, O people of Egypt. It is not possible for you to be poor. Allah (jwa) made you wealthy. O scholars of Egypt, is this true or not? It is true. With the bounty of the blessed Nile, it is among the rivers of Heavens. Good tidings for you & or who eats & drinks from Egypt and from the blessed Nile. Allah, Allah! The blessed Nile is not known from when it began to flow, except its Lord. Lord of the Nile. No person who saw the blessed Nile could change it or make it run in other directions. Even the Pharaohs were not able to touch the blessed river. Therefore Egypt was never poor, the protected Egypt. And it is still protected & blessed. Only The Lord (swt) of the worlds knows its secret, Allahu Akbar! And Egypt was never poor at any time, Egypt was never poor. The blessed Nile is filled with endless treasure. It used to give its blessings to the country, the protected Egypt. Subhana Allah! Subhana Allah! Our Lord, how great is He!

The Almighty (swt) has ordered for the protected Nile to flow, from between the deserts and bring blessings & abundance for the people of Egypt who are living there. Allahu Akbar! And Egypt was never poor. It was never poor & the Egyptians never asked for provision from others. We are Muslims but non Arabs, Muslims that are not Arabs we used to read & learn from the honourable Arab scholars, that the treasures of Egypt are equivalent to the treasures of 7 countries. Allah (swt) has given them, Subhana Allah! granted them a grant that does not end, it does not end. The treasure of Egypt we have learned is equivalent to the treasures of 7 countries. From the time of the Pharaoh that grant was continuing, continuing. Egypt was never poor & never

needed assistance from other countries, but the other countries were needy & were given & asked for provisions from the Egyptians and from its Kings.

Those who did goodness & were just Allah (swt) increased goodness & grants. Subhanahu Wa Ta'ala. Till the matter reached to the time of the tyrants. Surely the time of the tyrants, as the Prophet (saws) said "After me will come Caliphs, and after my Caliphs, Princes and after the Princes, Kings and after the Kings there will be tyrants." This news was about the future. The Prophet (saws) declared to his nation about every matter. Because the Prophet (saws) said the truth about everything. The attribute of the Prophet (saws) is to give Haqq, to everything its due right. Islam came to give to everything/everyone its due rights. We are left with the time of tyrants. Tyrants, "after the Kings will come tyrants. "They destroyed the whole world. To the point of what is happening in our days now because people, after the Kings, are tyrants.

Subhana Allah! People are asking, and I am a weak servant and I do not know, or claim to have knowledge, but the treasures of knowledge are with you, O people of Egypt. O people of knowledge O scholars! You know what happened after the Kings; they conquerred you, took you over, the tyrant people. May Allah (swt) destroy them. He (swt) did dishonour them. And now...The protected Egypt that was enough.. what Allah (awj) has given them as grants on its own, Egypt was enough for the whole world & its people. This is true. The country of Kings & Sultans & Prophets (as). Where are your scholars? I am a weak servant, weak servant. Poor servant, I am not able to help myself to speak, but what happened to people at the moment, "Waqa`ati Al-Waqi`ahu" (56:1) (When the event befalls) This is what is happening in Egypt.

Millions of people are hungry & exhausted. And they do not know what their leaders want to do. On what way are they leading them? This is a great mistake, because Allah (swt) made everything clear in The Holy Quran, to follow the steps of Prophets (as). There are the steps of shaytan "La Tattabi`u Khutuwati Ash-Shaytani" (24:21) Allah (swt) says. Subhansin Ya Rabb! Save us from what we fear.

The month of the Prophet (saws) started, Ya Rasulallah! O Prophet of Allah we are asking your intercession! Allah Allah! Allah Allah! People are asking, "what do we do?" There is an answer. Say O servants of the Lord, Say: "O our Lord, O our Lord, O our Lord save us from what we fear. Save us from what we fear. Subhana Allah! Subahana Allah! Save us from what we fear. An inspiration came to my heart Allah (jwa) "Lanuhlikanna Az-Zalimina" (14:13) You understand O people of Egypt? " "Truly, We shall destroy the

oppressors." (14:13) What can we say, but they asked me about this.. O our Lord save us from what we fear! O our Lord save us from what we fear! People are asking. Let them ask from the Lord of the worlds. O our Lord save us from what we fear. We are oppressors, save us from what we fear.

Two words were inspired to me that are suitable for all the people of Egypt, and it's to say O our Lord save us from what we fear. O our Lord save us from what we fear. "Lanuhlikanna Az-Zalimina" (14:13) The believers should say, O our Lord save us from what we fear. In this month (of Shaban) this is what people should say. Let them say "O our Lord save us from what we fear." Rabbuna Najjina min ma nakhaf. Rabbuna Najjina min ma nakhaf. Allahu Akbar! This came to my heart.Ya Munji Al Halka/ O saviour of the oppressed. O Saviour of the oppressed! Save us from what we fear. Say this O people of Egypt This is what came to my heart at the beginning of this blessed month. This inspiration came to me "Ya Munji Al Halka Najjina min ma nakhaf Inna Mu'minun." Cry in your mosques, in your homes!

Shame on you, O Servants of Allah, O Egyptian people, to congregate in the roundabouts leaving mosques & not asking your Lord, O our Lord, Saviour of the oppressed, O Saviour of the oppressed, O Saviour of the oppressed, save us from what we fear. You have no wird other than this (to lean on). Are you satisfied ? If not then a Heavenly whip is coming down on you kick out those who do things against Allah Almighty's Commands. Throw them out! Leave them and return to your Lord and say: O Savior of the oppressed, O Savior of the oppressed. Don't say other than, O Saviour of the oppressed, save us from what we fear. Send us a King to fight for your sake. O our Lord. O our lord Forgive us and have Mercy upon us. Guide us to the best path. "Send to us a king, and we will fight in the way of Allah" (2:246)

It's a Quranic verse (2:246) O religious scholars. Have you not considered the chiefs of the children of Israel after Musa, when they said to a prophet of theirs: "Appoint for us a king, that we may fight in the way of Allah."(2:246) Do you think The Holy Quran is a book of stories?! Take your lesson where Haqq (swt) is informing us of what happened with the Bani Israil. Once they were in difficulty they went to their Prophet and asked him to ask God to send us a king, not a president, not a parliament, They are the worst of unbelievers. Leave them! Ask for a King! Is that not what The Quran says or not O scholars of Egypt? How do you understand the words of Haqq (jwa)? Say O saviour of the doomed. O people say O saviour of the doomed, send us a king to fight for Your sake. To fight Satan and his helpers for Your sake. We repent to You O our Lord, we return to You.

O my Lord send us one who would straighten our path, and show us the right way so that we leave the things that the obscene disbelievers hold firmly to. This is our advice. This is Allah's (swt) order, coming from the weakest of servants. If you accept we will pray for you. If you don't accept then you you will carry it. O people of Egypt, keep Allah's (swt) boundaries and say: O saviour of the oppressed. This is the Wird of Shaban. O Allah we repent and return to you. We are believers Ya Rabbi. Accept our prayer and send us a king so we may fight for Your sake." (2:246) Ya Rabbi Subhansin Subhana Allah, Sultana Allah. This is a very short speech. What can we say? Say: O saviour of the oppressed, Save us from what we fear. Do not fear..

Straighten up! The Prophet (saws) used to say when standing before prayer, "Straighten up!" The biggest of miracles is to be straight! This speech is to the whole nation. Straighten up! Don't walk askew! Straighten up! He will help you. If you go astray, Shaytan leads you to fire in dunya, then to Hell fire. Allahumma we repent and return to You our Lord. O people I have informed you. Keep the words of your Prophet (saws) and Straighten up! Don't walk askew! No, no. Straighten up! O Allah i have informed. O my master, Rasulullah forgive me, strengthen me, strengthen me to hit the people of disbelief and to destroy the ruling of devils. This is what i intend. O people of East and West, pay attention to the correct path to win. Or you bear your sins! We repent to You Allah Astaghfirullah. Fatiha.

Ask your Lord for forgiveness. He is the most Beneficent and the most Merciful. Ask forgiveness O people of Egypt. We had a saying, that the treasury of Egypt is equivalent to seven treasures of other countries! How did you become the poorest of people?! They ask people think, and learn. And follow! Follow the steps of Prophets (as). Peace be upon them all, and especially the master of Prophets, Rasulullah. Peace be upon you.

Where are you? O Nujaba', Nuqaba', Abdal of Egypt (Pillar Saints of Egypt) They don't listen to you? Fatiha.

Fatiha. Thank you.

## NEW WORLD WIDE REVOLUTION?

There is no cure and no solution. Europeans are finished. In western countries qualified people are finished. You cannot find any qualified people within the parliaments of whom you can say that they are great men, big men, honoured men, noble men... Because we killed the noble people and left only common people. We need noble people, but there are none amongst people, no respected ones.

Nowadays they even fight for the sake of not respecting anyone among the Muslims. The Wahabis say, "No respect towards men, you must not respect man." They fight so that no-one is respected amongst people. And these noble people were amongst people. After the French Revolution, the most foolish revolution that ever happened, they killed all the noble people and then one after one they replaced them by people with no quality.

Now they want to create noble people within democracy. No! If a person is an MP that will never make him noble, not even if he is a Prime Minister or if he is the President. He will not be noble. Nobleness is a quality. It is as if you take a black stone, paint it green and say it is an emerald. Some of them will paint it red and say it is a pink sapphire. Some will paint it red and say it is a ruby. That is how democracy cheats people. They think that just because they sit on a throne they are valuable, whereas in reality they are black stones. If a little water falls on them the paint will run off and everybody will see that they are black stones. We lost the

most valuable people.

All countries are tied from head to toe by western countries. The Islamic World also belongs from top to toe to non-muslim territories. Whatever they do, we will do. Because they are the boss and we are followers. It is impossible to correct every wrong thing individually. Even nationwide it is difficult. Perhaps we are in need of a new worldwide revolution to bring the noble-ones back and to leave the painted-ones. To find the real ones and to leave the painted ones. To look after the real ones and to leave the imitated ones. To use our best ones and to leave the worst ones. To use our clever and intelligent ones and to leave the foolish ones.

## New Year

Bismillah Al Rahman Al Rahim, O Abu Wak Wak why are you rushing? "Don't you know that this evening is a blessed night? Blessed for what? They say it is a blessed night. People... Everyone will receive what suits them best. Every person will take what is due to them of good or bad. What do you think about this evening when people are going mad? Whether they are Kings, from the highest to the lowest they are going crazy. There is no goodness in this... No goodness.

I am sorry that the Muslims are getting ready to welcome the first evening that is organized by the Europeans. That in this night ends the year 2012 and begins the year 2013. 13 is a disliked number for the people of Haqq. It is an evening that brings bad luck. And people are getting ready to celebrate from East to West of the world, every type of Muslim, and people are going towards, they are getting ready to welcome the organized New Year and it has, it has no foundation. It is false. I am sorry that the Muslims, from their Kings to the lowest type of people, are getting ready to welcome the new year.

They do not say " 'Aam, Aam al Jadid." They say "sana al Jadid." Sana/year that will have hardness & it will have easiness. The new year in Islam (Hijri) is passed. They never stood up to celebrate the Hijri year, that has a foundation to be celebrated as the new year. But they get ready for this evening that has no foundation, welcoming a new year and I am sorry that who is not speaking Truth is a silent shaytan. I am sorry to say that their kings, their princes, scholars & all people in general are getting ready to celebrate with every forbidden thing. All types of forbidden things. That make shaytan happy & anger Al Rahman. May Allah Protects us.

The Prophet (saws) said "Who follows a people, he is from them." First of all what will befall

them in their graves: when a dead person is in his grave, two angels come to him and question him. They ask "what do you think O man? Were you up on these evenings of New Year?" "What about this were you Muslim, or Christian or Jewish or Majusi?" Did you not hear that the Prophet (saws) said "who follows a people he is from them?" And his grave will be blown and it will be filled with fire, with fire. May Allah protect us. O believers I am sorry for you because you are following and you are leaving to be the heads and you became the tails. This is not for the honour of Muslims to follow the non Muslims. For what are you doing this? But now the majority of people are ignorant and they do not have knowledge about these things.

This evening is forbidden for Muslims, for the Princes & the general public, to make this an evening of celebration. It will turn to be an evening of worry and misery for them. Naudhu Billah, O Muslims repent to Allah (swt). Repent to His Prophet (saws) and make your way the way of Islam: The way to peace. I am a weak servant. If people don't listen they are not aware of the danger. They are entering a tunnel and there is no way for them to turn back. May Allah (swt) protect us, may Allah (swt) protect us.

What will come at the end of time is Armageddon and it will leave maybe half the people on earth. Half will die and half will remain. Repent to your Lord and return to Him and if you gather, then gather to read praising to the Prophet (saws). So this action may be a reason to forgive your sins and next year insha'Allah will not leave a trace of non belief on the face of the earth & the flags of Islam may be raised around the world from East to West. Since the news from Heavens gives these good tidings with this.

And Salam aleikum, O Muslims. Kings & Princes repent to your Lord. And Allah (swt) is witness of what we have spoken, Hasbuna Allah wa Ni'ma Al Wakil Tub aleina Ya Rabbana.... "Appoint for us a King so we may fight in Allah's way" (2:246) We may fight shaytans from people & jinn. Otherwise may Allah (swt) protect us from what will happen in these days.

Repent to your Lord. These are just few words but people are drunk and they do not cry. Repent instead of getting ready for celebrating. Gather and read Mawlid Al Sharif. it would lift away the weight from you, the hardship of this year. And repent so you never celebrate an evening of this

night again. We repent & turn to You O our Lord. And Al Hamdulillah O Lord. Keep us under Your Protection O Allah! Allahumma Tub Alaina, Allahumma Tub Alaina... Fatiha.

This year, this new year When we say 'Aam Jadid, it will be a year full of joy. While these are the hardest years from the beginning of this world. "If the dust is removed you will see if what is under you is a horse or a donkey." We see what will be tomorrow. Every person will be compensated either with goodness & joy or with affliction and anger. Do not run after the area of anger. This evening people are running to the area of anger. It has no taste, not for this evening nor this year....

O Lord grant Your Beloved Honour and greatness..... Ya Rabb, Ahdina As-Sirata Al-Mustaqima Sirata Al-Ladhina An`amta Alayhim... min Al Nabiyina, wa al Shuhada' wa al Salihina... Fatiha.

**Das Neue Jahr**

---

Bismillahi r-Rahmani r-Rahim. 'O Abu Wak Wak, warum rennst du so?' 'Weißt du nicht, daß heute Abend eine gesegnete Nacht ist?' 'Gesegnet wofür?' Sie sagen, es sei eine gesegnete Nacht. Die Leute... Jeder bekommt, was am besten zu ihm paßt. Jeder wird nehmen, was angemessen für ihn ist an Gutem oder Schlechtem. Was denkt ihr über diesen Abend, wenn die Leute verrückt werden? Ob sie nun Könige sind, von den Höchsten bis zu den Niedrigsten drehen sie durch. Es ist nichts Gutes darin, nichts Gutes. Es tut mir leid, daß die Muslime sich darauf vorbereiten, den ersten Abend willkommen zu heißen, der von den Europäern organisiert wird, daß in dieser Nacht das Jahr 2012 endet und das Jahr 2013 beginnt. 13 ist eine unbeliebte Zahl für die Menschen von Haqq. Es ist ein Abend, der Unglück bringt. Und die Leute machen sich bereit, zu feiern von Ost bis West der Welt. Jede Art Muslim und Menschen gehen darauf zu, machen sich bereit, das organisierte Neue Jahr willkommen zu heißen. Und es hat keine Grundlage. Es ist falsch. Es tut mir leid, daß die Muslime, von ihren Königen bis zu den niedrigsten Leuten sich bereit machen, das Neue Jahr willkommen zu heißen. Sie sagen nicht:

"'Aam, 'Aam al-Jadid". Sie sagen: "Sana al Jadid". Sana, Jahr. Das wird Härte haben, und es wird Leichtigkeit haben. Das Neue Jahr im Islam ist vorbei. Sie sind nicht aufgestanden, um es zu feiern, das Hijri Jahr. Das hat eine Grundlage, um gefeiert zu werden als Neues Jahr. Aber sie machen sich bereit für diesen Abend, der keine Grundlage hat, um ein Neues Jahr willkommen zu heißen. Und es tut mir leid, wer nicht die Wahrheit sagt, ist ein stiller Shaytan. Ich muß leider sagen, daß ihre Könige, ihre Prinzen, Gelehrten und alle Menschen im allgemeinen sich bereit machen, zu feiern mit allen verbotenen Dingen, allen Arten verbotener Dinge. Das macht Shaytan glücklich und Ar-Rahman zornig. Möge Allah uns schützen.
Der Prophet (saws) sagte: 'Wer Leuten folgt, der gehört zu ihnen.' Zuerst einmal, was ihnen in ihren Gräbern widerfahren wird: Wenn ein Toter in seinem Grab ist, kommen zwei Engel zu ihm und befragen ihn. Sie fragen: 'Was glaubst du, o Mensch? Warst du auf an diesen Abenden des Neuen Jahres?' 'Was ist damit? Wart ihr Muslime, Christen, Juden oder Majusi? Habt ihr nicht gehört, daß der Prophet (saws) sagte: Wer Leuten folgt, gehört zu ihnen?' Und dieses Grab wird gesprengt werden, und es wird mit Feuer gefüllt werden, mit Feuer. Möge Allah uns schützen. Gläubige, es tut mir leid für euch, weil ihr denen folgt und euch davon abwendet, Köpfe zu sein, und Schwänze werdet. Das dient nicht der Ehre der Muslime, den Nicht-Muslimen zu folgen. Warum tut ihr das? Aber jetzt sind die meisten Menschen ignorant, und sie haben kein Wissen über diese Dinge. An diesem Abend ist verboten für Muslime, für die Prinzen und die Allgemeinheit, einen Abend des Feierns daraus zu machen. Es wird zu einem Abend der Besorgnis und des Elends für sie werden. Naudhu Billah. Muslime, bereut vor Allah (swt).

Bereut vor Seinem Propheten (saws) und macht den Weg des Islam, den Weg des Friedens zu euerem Weg.
Ich bin ein schwacher Diener. Wenn Leute nicht hören und sich der Gefahr nicht bewußt sind, betreten sie einen Tunnel, und es gibt keinen Weg zurück für sie. Möge Allah (swt) uns schützen, möge Allah (swt) uns schützen. Was am Ende der Zeit kommen wird, ist Armageddon. Und es wird vielleicht die Hälfte der Menschen auf der Erde belassen. Die Hälfte wird sterben, und die Hälfte wird bleiben. Bereut und kehrt zu eurem Herrn zurück. Und wenn ihr euch versammelt, tut das zum Lesen des Lobpreises auf den Propheten (saws), so daß diese Handlung ein Grund zur Vergebung euerer Sünden sein mag und nächstes Jahr insha'Allah keine Spur des

Unglaubens auf dem Angesicht der Erde zurücklassen mag und die Flaggen des Islam gehißt werden mögen auf der ganzen Welt von Ost nach West, da die Nachrichten von den Himmeln damit diese frohe Botschaft bringen. Und Salamu Alaykum, Muslime, Könige und Prinzen, bereut vor euerem Herrn. Und Allah (swt) ist Zeuge dessen, was wir gesagt haben. Hasbuna Allaha wa Ni`ma l-Wakil. Tub `alayna ya Rabbana...
'Setze einen König für uns ein, damit wir auf dem Weg Allahs kämpfen' (2:246). Wir können Shaytans von Menschen und Djinn bekämpfen. Sonst möge Allah (swt) uns schützen vor dem, was in diesen Tagen geschehen wird. Bereut vor euerem Herrn. Dies sind nur einige Worte, aber die Menschen sind betrunken und weinen nicht. Bereut, statt euch zum Feiern bereit zu machen. Versammelt euch zum Lesen des Mawlidu sh-Sharif. Es würde das Gewicht, die Härte dieses Jahres von euch nehmen. Und bereut, damit ihr nie wieder einen Abend dieser Nacht feiert. Wir bereuen und wenden uns Dir zu, o Herr. Und Alhamdulillah, o Herr. Halte uns unter Deinem Schutz, o Allah! Allahumma Tub `Alayna, Allahumma Tub `Alayna... Fatiha. Dieses Jahr, dieses Neue Jahr, wenn wir sagen `Aam Jadid, wird es ein Jahr voller Freude werden. Während dies die härtesten Jahre seit Beginn dieser Welt sind. 'Wenn der Staub sich legt, wirst du sehen, ob das, was unter dir ist, ein Pferd oder ein Esel ist.' Wir werden sehen, was morgen sein wird. Jeder wird entschädigt werden entweder mit Gutem und Freude oder mit Heimsuchung und Ärger. Lauft nicht hinter dem Bereich des Ärgers her. Heute Abend laufen die Menschen in den Bereich des Ärgers. Es hat keinen Geschmack, nicht für diesen Abend, noch für dieses Jahr... O Herr, gewähre Deinem Geliebten Ehre und Größe... Ya Rabb, Ahdina s-Sirata l-Mustaqima, Sirata l-Ladhina An`amta `Alayhim... Mina n-Nabiyina wa sh-Shuhada' wa s-Salihina... Fatiha.

## This Year

As-Salamu Alaikum wa Rahmatullahi wa Barakatuhu. Insha Allah today the muntaha of unbelief & wildness is reached. You understand what muntaha is? Muntaha, to the end (farthest boundary).

Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi alladhi la yadurru ma`a Ismihi shay'un fi al-ardi wa la fi as-sama'i wa Huwa as-Sami`u al-`Alim. Recite this 3x in the morning & 3x in the evening. Bismillahi r-Rahmani r-Rahim. Bismillahi alladhi la yadurru ma`a Ismihi shay'un fi al-ardi wa la fi as-sama'i wa Huwa as-Sami`u al-`Alim. Bismillahi r-Rahmani r-Rahim. Bismillahi alladhi la yadurru ma`a Ismihi shay'un fi al-ardi wa la fi as-sama'i wa Huwa as-Sami`u al-`Alim. Bismillahi r-Rahmani r-Rahim. In the name of Allah.With His Name nothing whatsoever on earth or heaven can inflict any harm; He is All-Hearing and All-Knowing. Recite this & then blow on yourself.

Have no fear. The muntaha of unbelief & wildness is reached at night, today. And the day of Tuesday is famous among the other days as yawm al-dam/day of blood. You understand what it means, the "dam"? It means the day of wars & battles. Before, the governments would hang those sentenced to death on Tuesday. It is "yawm al-dam". We seek refuge in Allah. Bismillahi r-Rahmani r-Rahim. Bismillahi alladhi la yadurru.. Say 3x or 7 times, Bismillahi r-Rahmani r-Rahim. Bismillahi alladhi la yadurru.. Recite 3x in the morning & 3x in the evening, blow it on your children also.

Everything has a beginning & an end. I have received a sign that the wildness which took place tonight will not be repeated another time. This means in the years to come this shamelessness

will not happen again- it is finished, that door is closed now. May Allah make us be with His pure servants. "Al-mar' ma` man ahabb". A person is with the one who he/she loves. We should love the clean, righteous servants. We should be together with honorable servants, our salvation is in this. We should love our Prophet (sas) & keep his way, our salvation is in this. We should keep the Holy Orders of Allah Almighty; then our path, our dunya & akhirah is in safety. A person is with the one who he loves. We should love the good ones. Don't love a bad person even if they give you the whole world! Don't go with him. This is an important instruction. "Al mar'u ala deeni khalilihi" A person is on the way of his friend.

We should be with clean ones. We should look for firm, trustworthy people. The rotten ones can't carry us. Being with the rotten ones is the reason for present world's tragedy. It is possible that Armageddon is because of this- that they inclined to bad people. They walked behind rubbish people. They destroyed the Ottomans. They destroyed Russia. They destroyed India, destroyed Egypt, destroyed Hijaz. They didn't walk with the true ones & they got destroyed. It will be destroyed this year. There is a new state, a great one (to come). The Republic of Turkey, what they call Turkey, and Iran, Russia also, America also, Egypt also, India & China also, Japan also, all are among the ones that will be destroyed. The United States also is among the ones that will be destroyed.

The true ones...Masha Allah it is like a solid beam, the ridge beam. It stands there for how many years. If it was a reed, it would fall. Look at the solid beam upstairs (holding the roof), Masha Alllah. It says "Be solid, firm. Don't be rotten". Who are the rotten? They are the ones who feed the fire of shaytan's way, who walk on shaytan's way. They can't carry this world anymore. It has become such that the rotten ones can't carry the people of this world. They are being destroying, going down like this. This year is their end.

A solid beam holds the building. All of them put reeds instead of solid beams. Can a reed replace the solid beam? The beam is from solid wood, it can hold. But a reed, what can it do? It will collapse. This is the situation of today's people. One by one the solid people will start to appear now, starting from today. Rabi'ul Awwal is 15 days later. Starting from Prophet's (sas) Mawlid al sharif/blessed birthday the removing of this debris will start. The earth has turned into debris.

The removing of this will be started with the Mawlid al-Sharif. Don't be like debris. Don't be like reeds. Be like a solid beam! Look at the solid beam, how is it?

H.F. Perfect.

M. This solid beam, this house is 150 years old. If it was from reeds, it would be finished. It would be finished. It could only last 1 year or so. It will start. And also now, starting from today the quakes will start in the world. In one quake the ones which will collapse will collapse. The beginning of the solid buildings are with the Mawlid of the Prophet(sas).

"Dogdu ol Sah-i Risalet basti ars uzre kadem- The Head of the Prophets (sas) was born & set foot on the Arsh". Allahu Akbar! "Gelmeseydin aleme sen halk olunmazdi cihan- If you didn't come to this world, the creation would not have been created". "Gulgule doldu cihane, geldi ol sah-i rusul- The creation is filled with the chants of joy, the Sultan of the Prophets came" Masha Allah. The power of the glorious Prophet (sas) will start now! Allah Allah. Subhana Allah Sultan Allah. Shukur Allah.

The sultanate of shaytan of reeds is collapsing, starting from tonight, today. It will collapse & those who are under it will also collapse. The new ones like a great sycamore tree; from solid, strong beams- those ones will be appear. Be true! Have no fear. You are strong. Don't lie, don't make lies. Don't be a denier. Don't be a person who has no religion, no faith. You will be wasted. You are like a rotten reed, you will be destroyed. Religion- the Ottomans held Islam upon a strong, solid beam for 700 years. But these ones..Has it been 70 years or 80 years? In 70 years, 80 years they finished everything. The great Ottoman Empire turned into the Republic of Turkey. It can't hold, it can't carry.

Although they made their currency paper money, they can't print more of it. They have the machine in their hands, let them print. But they can't do. for what can it be redeemed? Gold. Gold is in Islam. The gold is in the pocket of Muslims. Who use paper are the Jews & the "Kafaratu Al-Fajarahu" (80:62)- the unbelievers & wicked evildoers who follow them.

Allah, may You forgive us O Lord. May You give power so that Your Awliya destroy these ones

severely. May You dress power & majesty on Your believing servants. O Lord, You are Subhan Sultan. O Princes, O Sultans of this time! Who is Sultan? Those who give their greatest respect to the Holy Quran; who keep the pure Shariat Ahmadiyya. Otherwise they are the servants of shaytan! Who leave, abandon the Book of Allah, who abandon Islam are the slaves, servants of shaytan. But their last chances have started to be cut starting from today. The Divine Support/madad is being taken from them. This news is the good news.

May Allah not separate us from the flag of Islam. Be a man! Alhamdulillah. It will come back, the sign of Ottomans will be like a a red tulip on the heads of the people now. The fez fashion is coming. Have no fear, wear it & go out. Shukur Allah. O Lord, You know. Fatiha.

To the good days. O people of Islam! Listen & take wisdom. If you do you will benefit. O Islamic World! Hear, listen! Listen! If you don't listen, you will be dishonoured, you will become rubbish. May Allah forgive us, for the honour of His Beloved, Great Prophet (sas). May the good days open. Fatiha.

O Lord, may we decorate the world with the beauties of Islam. May we decorate the world with the ones who will love You. O Lord, may You send us from Your solid, firm servants. O our Umm Hiram Sultan, may you send us support. May I also get powerful & stand up. I am getting furious, very furious. I want to walk, I desire to stand up & walk. I want to crush the unbelief.

O Our Lord, for Baitul Atiq You said "Allahumma zid hazal baita tashreefan wa ta'zeeman, wa takreeman, wa muhabatan, wa birran!" Allahu Akbar! May the riders of Heavens come, may they descend to support the people of Islam! May our Mahdi come now! May our Sultan come now! May we see & take bayat from Mahdi (as). I have been waiting for 70 years. May I see him insha Allah! My Lord will not deprive me of it. For the Honour of His Beloved, Great Prophet (sas). Allahumma Salli 'ala Muhammad wa 'ala Aalihi wa Sahbihi wa Sallim. Tasleeman kathiran kathira. O Rasulullah, shukur.

**Dieses Jahr**

---

As-Salamu Alaykum wa Rahmatullahi wa Barakatuhu. Insha'Allah ist heute die Muntaha von Unglauben und Wildheit erreicht. Versteht ihr, was Muntaha ist? Muntaha, bis zum Ende, zur weitesten Grenze. Bismillahi r-Rahmani r-Rahim. Bismillahi r-Rahmani r-Rahim. Bismillahi lladhi la yadurru ma`a Ismihi shay'un fi l-Ardi wa la fi s-Sama'i wa Huwa s-Sami`u l-`Alim.
Rezitiert das 3x am Morgen und 3x am Abend. Bismillahi r-Rahmani r-Rahim. Bismillahi l-ladhi la yadurru ma`a Ismihi shay'un fi l-Ardi wa la fi s-Sama'i wa Huwa s-Sami`u l-`Alim. Bismillahi r-Rahmani r-Rahim. Bismillahi l-ladhi la yadurru ma`a Ismihi shay'un fi l-ardi wa la fi s-sama'i wa Huwa s-Sami`u l-`Alim. Bismillahi r-Rahmani r-Rahim. Im Namen Allahs. Mit Seinem Namen kann nichts auf Erden oder im Himmel Schaden zufügen. Er ist Allhörend und Allwissend. Rezitiert das und dann blast auf euch selbst. Habt keine Furcht. Die Muntaha des Unglaubens und der Wildheit ist erreicht heute Nacht. Und der Dienstag ist berühmt unter den anderen Tagen als Yawmu d-Dam, Tag des Blutes. Versteht ihr, was das bedeutet, "Dam"? Es bedeutet, der Tag der Kriege und Schlachten. Früher hängten die Regierungen die zum Tode Verurteilten am Dienstag. Es ist "Yawmu d-Dam". Wir suchen Zuflucht bei Allah. Bismillahi r-Rahmani r-Rahim. Bismillahi l-ladhi la yadurru.. Sagt es 3x oder 7x. Bismillahi r-Rahmani r-Rahim. Bismillahi l-ladhi la yadurru.. Rezitiert es 3x am Morgen und 3x am Abend, blast es auch auf euere Kinder.
Alles hat einen Anfang und ein Ende. Ich habe ein Zeichen erhalten, daß die Wildheit, die in dieser Nacht sich zutrug nicht wiederholt werden wird zu einem anderen Zeitpunkt. Das bedeutet, daß im kommenden Jahr diese Schamlosigkeit nicht wieder vorkommen wird. Es ist vorbei. Diese Tür ist jetzt verschlossen. Möge Allah uns mit Seinen reinen Dienern sein lassen. "Al-mar' ma`man ahabb". Ein Mensch ist mit demjenigen, den er liebt. Wir sollten die reinen, rechtschaffenen Diener lieben. Wir sollten zusammen sein mit ehrenwerten Dienern, unsere Rettung liegt darin. Wir sollten unseren Propheten (saws) lieben und seinen Weg bewahren, unsere Rettung liegt darin. Wir sollten die Heiligen Befehle Allahs des Allmächtigen einhalten. Dann ist unser Weg, unsere Dunya und Akhira, in Sicherheit. Ein Mensch ist mit dem, den er liebt. Wir sollten die Guten lieben. Liebt keinen schlechten Menschen, selbst wenn er euch die ganze Welt gibt. Geht nicht mit ihm. Das ist eine wichtige Anweisung. "Al mar'u `ala Dini Khalilihi" - Ein Mensch ist auf dem Weg seines Freundes. Wir sollten mit den Reinen sein. Wir

sollten nach festen, vertrauenswürdigen Leuten ausschauen.
Die Verrotteten können uns nicht tragen. Das Zusammensein mit den Verrotteten ist der Grund für die Tragödie dieser Welt. Es ist möglich, daß Armageddon aus diesem Grund ist, daß sie schlechten Menschen zuneigen. Sie liefen hinter Drecksleuten her. Sie vernichteten die Osmanen. Sie vernichteten Rußland. Sie vernichteten Indien, vernichteten Ägypten, vernichteten Hijaz. Sie gingen nicht mit den Wahrhaftigen und wurden vernichtet. Es wird dieses Jahr vernichtet werden. Es wird ein neuer Staat, ein großer, kommen. Die Republik Türkei, was sie Türkei nennen, und Iran, Rußland auch, Amerika auch, Ägypten auch, Indien und China auch, Japan auch, alle gehören zu denen, die zerstört werden. Die Vereinigten Staaten gehören auch zu denen, die zerstört werden.
Die Wahrhaftigen... Masha'Allah es ist wie ein fester Balken, der Firstbalken. Er steht da seit so vielen Jahren. Wenn er ein Schilfrohr wäre, würde er fallen. Schaut auf den festen Balken da oben, der das Dach hält, masha'Allah. Es heißt: 'Seid fest, standhaft. Seid nicht verrottet.' Wer sind die Verrotteten? Es sind diejenigen, die des Feuers von Shaytans Weg Nahrung sind, die auf Shaytans Weg gehen. Sie können diese Welt nicht mehr tragen. Es ist so gekommen, daß die Verrotteten die Menschen dieser Welt nicht tragen können. Sie werden vernichtet und gehen so unter. Dieses Jahr ist ihr Ende. Ein fester Balken hält das Gebäude. Sie alle setzten Schilfrohr statt fester Balken. Kann ein Schilfrohr einen festen Balken ersetzen? Der Balken ist aus festem Holz, er kann halten. Aber ein Schilfrohr, was kann es schon leisten? Es wird zusammenbrechen. Das ist die Lage der heutigen Menschen. Einer nach dem anderen beginnen die festen Leute jetzt zu erscheinen, beginnend von heute an. Rabi'u l-Awwal ist in 15 Tagen. Mit dem Mawlidu shsharif, dem gesegneten Geburtstag des Propheten (saws) beginnt das Abtragen dieser Trümmer.
Die Erde hat sich in Trümmer verwandelt. Das Abtragen beginnt am Mawlidu sh-sharif. Seid nicht wie Trümmer. Seid nicht wie Schilfrohr. Seid wie ein starker Balken. Schaut auf den festen Balken. Wie ist er? HF: Perfekt. M: Dieser feste Balken... Dieses Haus ist 150 Jahre alt. Wäre es aus Schilfrohr, wäre es schon längst am Ende. Es wäre erledigt. Es könnte nicht ein Jahr dauern. Es beginnt. Und auch beginnen jetzt, von heute an, die Erdbeben auf der Welt. In einem Beben brechen die zusammen, die zusammenbrechen. Der Beginn der festen Gebäude ist das Mawlid des Propheten (saws).
"Dogdu ol Sah-i Risalet basti ars uzre kadem" - der Kopf des Propheten (saws) wurde geboren

und er setzte den Fuß auf den `Arsh. Allahu Akbar. "Gelmeseydin aleme sen halk olunmazdi cihan - Wärest du nicht auf diese Welt gekommen, wäre die Schöpfung nicht geschaffen worden. "Gulgule doldu cihane, geldi ol sah-i rusul" - Die Schöpfung ist gefüllt mit Freudengesängen, der Sultan der Propheten kam. Masha'Allah. Die Macht des glorreichen Propheten (saws) wird jetzt beginnen! Allah Allah, Subhanallah, Sultan Allah. Shukur Allah. Das Sultanat Shaytans aus Schilfrohr bricht zusammen, beginnend von heute Abend an. Es wird zusammenbrechen, und diejenigen unter ihm werden auch zusammenbrechen. Die neuen sind wie ein großer Ahornbaum, aus festen, starken Balken - jene werden erscheinen.

Seid wahrhaftig! Habt keine Furcht. Ihr seid stark. Lügt nicht. Lügt nicht. Seid keine Leugner. Seid nicht jemand, der keine Religion und keinen Glauben hat. Ihr werdet am Ende sein. Ihr seid wie ein verrottetes Schilfrohr, ihr werdet zerstört. Religion - die Osmanen hielten den Islam auf einem starken, festen Balken 700 Jahre lang. Aber diese... Sind es 70 Jahre oder 80 Jahre? In 70 Jahren, 80 Jahren brachten sie alles zum Erliegen. Das große Osmanische Reich wurde zur Republik Türkei. Sie können es nicht halten, sie können es nicht tragen. Obwohl sie Papiergeld zu ihrer Währung gemacht haben, können sie nicht mehr davon drucken lassen. Sie haben die Maschine in der Hand. Laßt sie drucken. Aber sie können es nicht. Wofür können sie getilgt werden? Gold. Gold ist im Islam. Das Gold ist in der Tasche der Muslime. Wer Papier benutzt, sind die Juden und die "Kafaratu l-Fajarahu" (80:62) - die Ungläubigen und die bösen Übeltäter, die ihnen folgen.

Allah, mögest Du uns vergeben, o Herr. Mögest Du Macht geben, damit Deine Awliya diese massiv vernichten können. Mögest Du Deine gläubigen Diener mit Macht und Majestät bekleiden. O Herr, Du bist Subhan Sultan. Ihr Prinzen und Sultane dieser Zeit! Wo ist der Sultan? Jene, die dem Heiligen Quran den größten Respekt zollen, die die reine Shariat Ahmadiyya einhalten. Sonst sind sie die Diener Shaytans! Die den Rücken kehren, das Buch Allahs preisgeben, den Islam verlassen, sind die Sklaven, die Diener Shaytans. Aber ihre letzten Chancen werden ab heute abgeschnitten. Die Göttliche Unterstützung, Madad, wird ihnen genommen. Diese Nachrichten sind gute Nachrichten. Möge Allah uns nicht von der Flagge des Islam trennen.

Sei ein Mann! Alhamdulillah. Es wir wiederkommen. Das Zeichen der Osmanen wird wie eine rote Tulpe auf den Köpfen der Leute jetzt sein. Die Fez Mode kommt. Habt keine Furcht, tragt

ihn und geht hinaus. Shukur Allah. O Herr, Du weißt. Fatiha. Auf die guten Tage. Leute des Islam! Hört und nehmt Weisheit an. Wenn ihr das tut, nützt es euch. Islamische Welt, hört! Hört! Wenn ihr nicht hört, werdet ihr entehrt, ihr werdet wie Dreck. Möge Allah uns vergeben zu Ehren Seines Geliebten, des großen Propheten (saws). Mögen die guten Tage sich öffnen. O Herr, mögen wir die Welt mit den Schönheiten des Islam schmücken. Mögen wir die Welt mit denen schmücken, die Dich lieben. O Herr, sende uns von Deinen festen, standhaften Dienern. O unsere Umm Hiram Sultan mögest du uns Unterstützung senden. Möge ich auch kräftig werden und aufstehen. Ich werde zornig, sehr zornig. Ich möchte gehen, ich wünsche mir aufzustehen und zu gehen. Ich möchte den Unglauben zertrümmern. O unser Herr, für Baytu l-Atiq sagtest Du: "Allahumma zid hadha l-Bayta Tashrifan wa Ta'ziman wa Takriman wa Muhabatan wa Birran!" Allahu Akbar! Mögen die Reiter der Himmel kommen, mögen sie herabsteigen, um die Menschen des Islam zu unterstützen. Möge unser Mahdi jetzt kommen! Möge unser Sultan jetzt kommen. Mögen wir ihn sehen und Bayat von Mahdi (as) nehmen. Ich warte schon seit 70 Jahren. Mögen wir ihn sehen! Mein Herr wird es mir nicht vorenthalten. Zu Ehren Seines Geliebten, Großen Propheten (saws). Allahumma Salli `ala Muhammad wa `ala Alihi wa Sahbihi wa Sallim. Tasliman Kathiran Kathira. O Rasulullah, Shukur.

## Nichts ist ohne Weisheit erschaffen

Dastur yah sayyidi, maddad yah sultanul-auliya, maddad yah rijalallah A´udhu billahi mina schaytani rajim Bismillahi-Rahmani-Rahim La haula wa la quwwata illa billahi l-´Aliyyu l-´Azim Es gibt zwei Arten von Hühnereiern, doch rein äußerlich sind diese zwei Arten nicht von einander zu unterscheiden. Hennen sind bemüht, ihre Küken ausbrüten. Zwei Hennen sitzen nebeneinander und brüten. Unter beiden liegt jeweils ein Ei. Nach drei Wochen bricht das Ei der einen auf und ein Küken schlüpft heraus, die zweite schaut auf ihr Ei und nichts kommt heraus und sie ist irgendwie überrascht: „Mein Ei sah genauso aus wie das andere, warum kommt bei ihrem Ei ein Küken heraus und bei mir keins?“ Wer war der große Lehrer der Menschheit durch die Jahrhunderte, der Lehrer aller Geschöpfe, der Lehrer aller Propheten, der Meistgeliebte in der göttlichen Gegenwart, dessen Namen Allah der Allmächtige neben Seinen Namen geschrieben hat: ‚La ilaha illAllah Muhammadu rasulullah’? „Wer ist er, o mein Herr?“ fragte Adam, „Wer ist der, dessen Name auf einer Ebene neben Seinem Namen geschrieben steht?“ Nicht darunter, auf der gleichen Höhe steht er geschrieben! Manche Dummköpfe, Unwissende, schreiben heutzutage den Namen des Propheten – Allah segne ihn und schenke ihm Frieden – unterhalb des Namens Allahs. Nein, das könnt ihr nicht tun! Allah der Allamächtige sagt: „wa rafa’na laka dhikrak!“ „Wir erhöhen deinen Namen!“ Und keiner kann ihn herabsetzen. Aber Wahhabis und auch manche anderen Dummköpfe von unseren Religionsvertretern tun so etwas. Sie sind Unwissende. Sie schreiben den Namen des Propheten – Allah segne ihn und schenke ihm Frieden – nicht

neben den Namen Allahs sondern ein wenig darunter und ich sage ihnen: „Tut das nicht, denn auf dem prächtigen Thron des Herrn der Himmel steht sein Name auf der gleichen Ebene geschrieben: ‚La ilaha illAllah Muhammadu rasulullah' (Maulana blättert die Seiten eines unsichtbaren Buches um) Oh, wir sind so unwissend! Vor allem die Araber der heutigen Zeit werden immer unwissender, mehr noch als alle anderen. Und Allah hat zu ihnen aus ihrer Mitte den Propheten gesandt – Allah segne ihn und schenke ihm Frieden – und der heilige Qur'an ist in ihrer Sprache verfaßt. Doch sie sind die Ersten, die ihn ablehnen und den Kreis des Iman (Glaubens) verlassen. (Maulana deutet nach oben) Dort steht geschrieben: ‚La ilaha illAllah Muhammadu rasulullah' Manchmal komme ich in eine der neuen, von den Wahhabis erbauten Moscheen und sehe mich um und schaue danach, ob irgendwo geschrieben steht: ‚La ilaha illAllah Muhammadu rasulullah' . Sie sagen mir: „Wir verwenden so etwas nicht." „Wenn ihr so etwas nicht verwendet, wohin bewegt ihr euch denn? Wie könnt ihr den Muslime werden? Wie könnt ihr sagen, daß ihr es nicht in euren Moscheen verwendet? Wenn ihr es nicht in euren Moscheen verwendet, wo meint ihr denn, sollten wir es benutzen? In Pavillons? In Casinos? In Nachtclubs? Wo sollen wir es verwenden? Was ist das für ein Schwachsinn: ‚Wir verwenden so etwas nicht.' Allah hat es verwendet! Wie könnt ihr da sagen: ‚wir verwenden es nicht'?" Das, was auf dem prächtigen Thron geschrieben steht. „Steht dort nicht geschrieben: ‚La ilaha illAllah Muhammadu rasulullah'? Wieso schreibt ihr es nicht hin? Ist dies ein Lagerhaus? Oder ein Country Club? Oder ein Tanzclub? Was ist das hier? Warum schreibt ihr es nicht hin?" Sie sind die Ersten, die den Kreis des Islam verlassen. Der Prophet – Allahs Segen und Friede seien auf ihm – warnte seine Gemeinde davor, daß aus dem Osten etwas so schlechtes, so übles kommen werde: ‚Fasad, Übel und Korruption wird aus dem Osten kommen, hütet euch davor!' Die Hörner Schaytans werden von dort erscheinen, in die Körper der Muslime eindringen, sie verletzen und töten. Sie löschen den Glauben der Mu'mine (Gläubigen) aus. Hütet euch, hütet euch vor ihnen, denn Sie sind die ersten und erbittertsten Feinde des Propheten – Allah segne ihn und schenke ihm Frieden. Sie sagen also: „Nein, wir schreiben so etwas nicht (in unseren Moscheen)!" und wir fragen: „Wo sonst sollte es denn geschrieben stehen?" Sie sind so unwissend, „al ´arabu aschaddu kufran wa nifaqa" . Die schärfsten Gegner des Islam und des Glaubens sind Araber. Er (der Prophet – Allah segne ihn und schenke ihm Frieden) ist der Lehrer aller Propheten und was auf der Wohlbewahrten Tafel (al-Lauh al- Mahfuz) geschrieben steht, ist ihm ins Herz geschrieben. Al-Lauh wa l-Qalam (die Tafel und die Schreibfeder) sind mit ihm. Er sagt uns – Allah segne ihn und schenke ihm Frieden - , wie ein Gläubiger sein sollte. Wenn er auf etwas schaut, sollte er darin eine Weisheit (Hikma) suchen. Denn nichts im gesamten Universum wurde erschaffen, ohne daß dahinter eine Weisheit und ein

Grund steckten, eine Weisheit und eine Absicht. Das bedeutet, daß nichts ohne einen Sinn erschaffen wurde. Alles wurde erschaffen mit einem Sinn und Nutzen für die Krone der Schöpfung. Und wer ist die Krone der Schöpfung? Der Mensch, die Menschheit! ‚Khalifa' (Stellvertreter), es gibt innerhalb der Schöpfung keinen höheren Titel als diesen, Khalifa Allahs des Allmächtigen. Er hat alles in Seiner Schöpfung zum Nutzen und Wohlergehen der Menschheit erschaffen, daß es ihnen nutzbar sein möge. Und die Menschheit soll daraus Weisheit lernen, im Sinne von ‚wa man yuta al-hikmata faqad utiya khayran kathiran' . Mit jeder Weisheit, die ihr erkennt, habt ihr einen gewaltigen Nutzen gezogen, einen Nutzen, der gewaltiger ist als die Berge des Himalaya-Gebirges. ‚Khayran kathiran', so viel wurde euch gewährt und gegeben. ‚Hikma' ist eine Kraft, die stärker ist als nukleare Energie, bei der schon eine kleine Masse an Materie ausreicht, um einen riesigen Flugzeugträger, eine schwimmende Insel im Ozean, anzutreiben. Allah der Allmächtige hat seinen Stellvertretern, der Menschheit, Weisheiten gewährt, damit sie sie nutzen, um sich Seiner göttlichen Gegenwart nähern, denn uns ist die Möglichkeit gegeben, Diener in seinem Dienste in Seiner göttlichen Gegenwart zu sein. Zu diesem Zweck, der Dienerschaft Allahs, seid ihr erwählt und ist euch Ehre verliehen worden. So ist nichts ohne Weisheit erschaffen, von all dem was die Menschen anschauen, sehen, fühlen können. In allem liegt eine Weisheit. Der Prophet – Allah segne ihn und schenke ihm Frieden -, das Siegel der Propheten, der meistgeliebte Diener in der göttlichen Gegenwart, derjenige, der der göttlichen Gegenwart am nächsten ist, so nah, daß selbst der Erzengel Jibril keinen Millimeter über seine Stufe hinaus mit ihm gehen konnte, ohne seine Existenz zu verlieren, denn keiner kann der göttlichen Gegenwart näher kommen als der Meistgeliebte, er hat gesagt: „O meine Gemeinde, der Blick des Mu'min, des Gläubigen, soll stets auf die Weisheit gerichtet sein." Wenn ihr etwas anschaut, müßt ihr immer nach der Weisheit Ausschau halten. Die Weisheit ist eine unbeschreibliche Kraft, die euch gewährt wurde und die euch ermöglicht, euch Allah dem Allmächtigen zu nähern. Deshalb heißt es: ‚Nabiyyuna nabiyyu l-hikma' (‚unser Prophet ist der Prophet der Weisheit'), von Allem wurde ihm gewährt, ohne Grenzen, sein Wesen und die Erfüllung seiner Wünsche, all dies hat keine Grenzen. ‚Sal, tu'ta!' (‚Bitte und es wird dir gegeben!'), ‚frag' , o mein Geliebter, es wird dir gewährt werden!' ‚Frag', frag!' , solch ein Prophet ist er! Und uns wurde die Ehre verliehen, die Gemeinde eines solchen Propheten sein zu dürfen. Es gibt keine größere Ehre als den Islam, als seiner Gemeinde angehören zu dürfen, der Ummatu l-Muhammad. Wir müssen dafür dankbar sein! Al-hamdulillahi ladhi hadana li-hadha , Allah hat uns gewährt, zu seiner Gemeinde zu gehören. Al-hamdulillahi ladhi ja´alana min ummati Muhammad – sallallahu alaihi wa sallam - wa scharaffana bi-mutaba´atihi – alaihi salatu wa salam , wir sind damit geehrt worden, zu seiner Gemeinde zu gehören und ‚Nurun ´ala nur' (wörtl.: Licht über

Licht), Ehre über Ehre, über die Ehre seiner Gemeinde anzugehören hinaus, die eine grenzenlose Ehre ist, ist es uns gewährt worden als Mu'min, als Gläubige, nach Weisheit Ausschau zu halten. Wir müssen versuchen, hinter allem die zugrundeliegende Weisheit zu erkennen. Laßt uns also zu den einfachen Dingen zurück kommen, mit denen wir angefangen haben, bevor wir fauqa al-arisch (wörtl.: über die Weinranken) in die Höhen hinaufgereicht haben: zu den zwei Hennen, die nebeneinander sitzen. Wir hatten die beiden Hennen auf der Erde zurückgelassen, um uns in immer höhere Gefilde zu begeben, Allah um Segen bittend und in dem Bestreben, immer näher hin zur göttlichen Gegenwart zu gelangen. Jetzt kommen wir also zurück zu unseren beiden Hennen, wir sind dort oben fertig und kommen herab und schauen uns die Hennen an. Die eine hat ihr Ei ausgebrütet und das Küken ist ausgeschlüpft, die andere ist unruhig, weil bei ihrem Ei nichts passiert, obwohl sie, genau wie die andere, mit ihrem Schnabel ein wenig an der Schale gepickt hat um zu versuchen, dem Küken den Weg aus dem Ei zu erleichtern. Aber nichts hat sich getan und die Henne ist verwundert: „Du hast auf dem Ei gesessen und ich habe auf meinem Ei gesessen, aber bei mir ist kein Küken geschlüpft wie bei dir, wieso ist das so, was ist das Geheimnis? Wieso kommt aus deinem Ei ein Küken und aus meinem kommt keins?“ Als ich klein war, habe ich mich immer gewundert, wie es kam, daß die Mädchen aus meiner Verwandtschaft oder aus unserer Nachbarschaft einige Zeit nachdem sie verheiratet waren Kinder zur Welt brachten. Ich habe intensiv darüber nachgedacht aber ich konnte nie eine Erklärung finden. „Vorher haben sie nie ein Kind bekommen und jetzt wo sie verheiratet sind, bekommen sie auf einmal Kinder. Wie kommt das bloß?“ Das Geheimnis blieb mir verschlossen, bis ich in das entsprechende Alter kam. Vorher kann man es nicht verstehen. Aber heutzutage lernen die Kinder das schon im Mutterleib, wenn sie heraus kommen ... (Maulana deutet mit dem Finger eine Erektion an und lacht) Tauba, astaghfirullah! Das Geheimnis (bei den Hennen) ist also der Hahn. Die eine Henne war mit dem Hahn zusammen, die andere nicht. Der Hahn, das Männliche, gibt sein Geheimnis dem Weiblichen, der Henne und aus der Verbindung kommen die Kinder. „Subhana ladhi khalaqa l-aswaja kullaha“ , Allah der Allmächtige hat alles in Paaren erschaffen, männlich und weiblich. Das Männliche besitzt ein Geheimnis und das Weibliche besitzt ein anderes Geheimnis. Wenn sie nicht zusammen kommen, gibt es niemals ein Ergebnis: Diese Henne war zusammen mit dem Hahn, die andere hat nie einen Hahn gesehen, deshalb waren all ihre Bemühungen suda, verschwendet, vergebens. Die andere hingegen hatte Erfolg. Genauso ist es mit den Menschen, manche strengen sich an, bemühen sich ihr ganzes Leben, um etwas zu erreichen, bis sie ans Ende ihres Lebens kommen. Alle bemühen sich um etwas. Wenn der Letzte Tag kommt, stellen sie fest, daß all ihre Bemühungen verschwendet waren während andere die Früchte ihrer Anstrengungen ernten. Und sie fragen:

„Weshalb?“ „Çalisma ibadetdir“ diyorlar („Arbeiten gehen ist Gottesdienst!“ sagen sie). „Zu arbeiten ist Gehorsam (gegenüber Allah)“, das ist die neue Lügenphilosophie, mit der die Muslime dazu gebracht werden, nicht mehr zu beten, indem ihnen gesagt wird: „Nein, es macht nichts aus, wenn ihr nicht betet, Arbeit ist auch Gottesdienst! Macht euch keine Sorgen!“ Aber schließlich werdet ihr wie diese Henne sein, die drei Wochen lang ihre Bemühung verschwendet hat. Solche Eier kann man nur noch wegwerfen, es kommt nichts heraus und sie stinken auch noch fürchterlich. Die andere ist wie jemand, der all seine Anstrengungen für Allah macht und ein gutes Resultat erzielt. Er ist erfolgreich, während der andere, dessen Anstrengungen für sein Ego, aus egoistischen Motiven heraus waren, wenn er am Ende nachschaut, sehen muß, daß nichts herausgekommen ist. Und er wundert sich, wenn ihm gesagt wird: „Es ist zu Ende. Du hast (dein Leben) verschwendet! Das Geheimnis, das eure Bemühungen Früchte tragen läßt, besteht darin, an Allah den Allmächtigen zu glauben und für Ihn zu arbeiten. Das ist die geheime Kraft, die euch diese Früchte bringt. Doch Du hast niemals diese geheime Kraft benutzt, du hast dein Leben verschwendet, es ist zu Ende. ‚Rah suda’ (‚nutzlos vergangen’), Schluß!“ Und es gibt keine Chance mehr für diese Person noch einmal wiederzukommen. Allah weiß, daß er, selbst wenn er hundertmal wiederkäme, diese geheime Kraft nicht nutzen würde. Er würde wieder genauso seinem Ego hinterherlaufen. Deshalb sagt Allah zu ihm: „Es ist genug, ich habe dich einmal geprüft, das reicht mir aus! Bitte mich nicht darum, dich noch einmal in die Dunya zu schicken, es reicht, ich weiß schon, wer du bist. Und wenn du hundertmal zurückkämest, du wärst immer noch derselbe.“ Möge Allah uns vergeben! Versucht, eure Bemühungen zum Wohlgefallen eures Herrn Allah des Allmächtigen sein zu lassen! Dann gehört Alles euch. Wenn ihr den Freuden eures Egos hinterherlauft, ist alles umsonst. Möge Allah uns vergeben! Dieser Monat ist heilig! Jede Bemühung wird ‚Küken’ bringen, doch die Leute laufen weg. Sie sagen: „Wir können nicht fasten, wir können nicht beten, wir müssen arbeiten, wir müssen dies und jenes tun, wir müssen unseren Egos folgen. O.k., es ist in Ordnung, was ihr getan habt, werdet ihr wiederfinden! “ Möge Allah uns vergeben um der Ehre des Meistgeehrten in der göttlichen Gegenwart, Sayyidina Muhammad willen Al-Fatiha

## Niederlage als Ermahnung

Hört nun, wenn ihr zuhören könnt, könnt ihr es tun. Unser Großsheikh betete einmal: „Gib uns, o unser Herr, von Deiner Macht Tapferkeit und klares Denken, damit wir unsere himmlischen Stationen erreichen. Laß uns rechte Eingebungen zukommen, hilf uns auf unserem Weg zu Deiner Göttlichen Gegenwart.“ Unser Großsheikh sagte zu mir: „O Nazim Efendi, die Sahaba wurden manchmal im Krieg besiegt, und sie fragten den Propheten: ‚Wie kann das sein? Wir kämpften unter Göttlichem Befehl!‘ Sie waren überrascht. Der Prophet sprach zu ihnen, indem er Abu Bakr anredete, wie es seine Art war, ohne Rücksicht darauf, wer die Frage gestellt hatte. Dies weist darauf hin, daß Abu Bakr as-Siddiq der erste in hoher Position unter den Sahaba war und daß er die größte Fähigkeit besaß, die Worte des Propheten zu verstehen. Dies ist auch ein Hinweis für die Leute darauf, die Nachrichten von Abu Bakr anzunehmen, dem ersten Nachfolger. Er sagte: ‚Ya Abu Bakr, wenn wir immer siegreich wären, könnte es Illusionen in uns hervorrufen.‘ Wenn wir denken, daß Sieg durch unsere Kraft und unsere gut gemachten Pläne kommt, dann kommt vielleicht eine höchst gefährliche Sache auf uns zu: daß wir vergessen, daß die Kraft eine Gunst von Allah an uns ist. Er sagt im Qur’an: ‚Wenn Ich mit dir bin, kann niemand dir schaden; und wenn Ich nicht mit dir bin, dann kann dir niemand helfen.‘ Jede Nation, die sich auf des Herrn Macht und Hilfe verläßt, wird gewinnen. Die Anzahl der Waffen und Truppen ist nicht wichtig, wichtig aber ist, wenn Armeen aufeinandertreffen, welche Seite Allah der Allmächtige unterstützt. Fürchtet euch nicht, wenn ihr wenige an Zahl seid; ihr müßt euch mit eurem

Herrn bewegen, um Seinetwillen, dann wird Er mit euch sein.“

## No blessings for wives who go to work

We cannot expect to find ladies to marry in the West who are keeping the Shariah completely. But if we can find someone who is respecting the Shariah and not working outside, but looking after her home, her husband and her children, it is enough. A Muslim should never let his wife work. Even if she would bring home 10000 pieces of gold every month, there would still not be any blessing on it. It is against the Shariah to send your wife to work for people. She must keep her honour. If she gets out without the protection of her husband or of a maher she is putting her honour under the feet of people. Believers have honour and we must keep it. Even if we are only able to afford dry bread it is better than if your wife makes it possible for you to eat chicken and mutton, curry and halwa every day.

I'm especially advising the brothers from Pakistan not to let their ladies go to work. Perhaps they need to before they get married, that doesn't matter. But when they get married every responsibility lies on the shoulders of the husband. It is not right to let your wife work for other men. Look after her. If it is difficult to do straight away, let her come slowly, slowly back to her home.

If Muslims would keep that rule one of the biggest problems in every country: unemployment, would be solved. People think that just because they live in America, haram becomes halal! Dunya is like three days, but after that comes Akhirat. Be patient with your dry bread and salt, but don't go against Allah's Command.

You did not come to this country for the sake of Allah. You think that there is another Allah in America. The provision intended for you will not change, but you will be loaded with much more work. You will be like a donkey thinking for 24 hours a day about your work. You eat the same food in Pakistan: chicken, curry and rice. I thought that you might be eating lamb, kebabs, köfte and halva here. But every time I come to a Pakistani house it is the same curry, chicken and rice. Nothing has changed. The only difference is that you have been loaded much more with the burdens of life and you have to work much more. All you are trying to do is to save more money, money, money...

Oh people, try to correct your ways! Look once again if you are living the way Allah wants you to. One way goes to Heaven the other to hell. Look on which way you are running. This life is not a joke, take it seriously. The real honour is if you are working for Him, not for this world.

## Nobody remained who can be a Sheikh anymore

Nobody remained who can be a Sheikh anymore...There are no more Muslims, people have become useless...

Audhu bi-llahi mina shaitani rajim - I am throwing a bomb toward Shaitan-Bismillahi-r-Rahmani-r-Rahim...

What I am saying is not from myself, it is not my words. Who is speaking from himself is just a translator for his ego...For us they opened a huge line, and we are speaking from there.

Adab is the most precious jewel that has been given to man. Without Adab you cannot approach the Divine Presence. Without Adab you are thrown away, useless. There is an Ayat in the Holy Quran which tells us to deal with each other with Adab and to give respect to those who are honoured people. But because they put the respected ones down, we have no more useful people. I am asking: Are there any more respected people, whose door is always open, who people like to visit, kiss their hand, respect them, and whose words are

listened to? No. Not in Konya, not in Istanbul, and that is a city with over 10 Million inhabitants... A shame for people... And everyone is suffering.

Why? What is their worry? Dunya. Otherwise there is nothing to worry about. And Allah wants to take you out, He wants to save you. Turn to His service, turn your face towards Him, then no worry remains. People say: We have no time to listen to Sheikh's cassettes, we are in the economic crises... And they need police, because there are no more people with turban who are full of heybet... Worry about Dunya made us useless. O Allah, don't make Dunya our biggest worry! And nowadays people's biggest worry is Dunya. Even for the Muslims, and it is not suitable for a believer.

The face of a real believer is shining. His aim is Allah, and therefore Allah gives him Mu'in-angels, helper-angels on his side. But if one does not have Allah as an aim, all they time one has to count and worry, and still reach to nothing, and it makes one crazy, because always Shaitan is interfering to spoil it.

Grandsheikh was telling the story of a man who was trading with carpets. He used to do all the prayers and closed his shop when it was time for prayer. And he used to sell about 100 carpets every day. Then somehow it came to him that he wanted to increase his business and he started to leave out this or that prayer, this or that Sunnah, to have more time for selling carpets. But at the end of the day he noticed that he just sold 80 carpets and not 1oo like before, even he had ‚saved' two hours for business. So the next day he left more prayers, but at the end he counted and they only sold about 60 carpets. This is a teaching story, no matter if it happened or not, but it contains truth. Then finally he said to his people: O servants of Allah, look, there is a lesson for us in what happened. As long as we kept strongly and respected the order of Allah, He made our trading easy and we were earning so much. But from the moment that we started to neglect the prayer

and din't follow His orders anymore, thinking that we would earn much more, our provision was cut down.

O believers, don't think what you earn is from you, because of your effort. But it comes from the helper-angels that Allah sends to help the believers, and who make things easy and blessed.

There was a Sheikh in Daghestan, Sheikh Surughi Hazletleri. He used to drop everything and go to the mosque as soon as the Adhan was being called. One time Shaitan came to visit him in disguise. Sheikh Surughi was building something, and just they called the Adhan. He dropped the brick that he just wanted to put in its place. ,O master', Shaitan said quickly, ,why don't you finish what you are doing? What is the hurry? I am advising you to finish this, it will be more easy for you.' ,Look, whoever you are', Sheikh Surughi replied, ,don't you go to the mosque? Then, if you want to help me and do something good for me, you continue and put the bricks.' But Shaitan had some excuses and so the Sheikh said: ,Since you didn't come to do a goodness to me, go to hell.'

The more you keep Allah's orders and respect Him, the more help He will send to you.

There are so many holy ones in Konya, but the people are only worrying about Dunya. They are died with the common colour, it is no more a ,green city' like it used to be... I am leaving everything to Allah. O Allah, send happiness to the hearts of believers and fear to the hearts of unbelievers, the enemies of Islam.

## No cure for a bite of Shaitan! Or: O man, keep your honour!

...As-salamu alaikum! To be in safety, insha Allah, here and Hereafter, use as much as possible say: "As-salamu alaikum", (so that) Malaik, Angels, (are) saying also on you: "Salam, safety, here and Hereafter!"

Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded, ya Rijalallah!
Audhu bi-llahi mina Shaitani rajim, Bismillahir Rahmanir Rahim.

That is the sign of (a) Muslim: to run away from Shaitan, because Shaitan (is) running after mankind. Shaitan (is) running after the Children of Adam, therefore you must call Allah Almighty and ask protection or you may fall in Shaitans trap. And Shaitan (is) using hundreds of tricks to make you to fall into (his) trap! Don't sleep! Wake up, o mankind! Don't say: "I am powerful", no, you are weak, weak one! You must ask your Lords protection. Don't forget to say: "Audhu bi-llahi mina shaitani rajim ... Audhu bi-llahi mina shaitani rajim... O our Lord, I am running to You from Shaitans tricks!"

What is his main target, Shaitans? His main target (is) to make whole mankind to be caught in his trap. Who (is) falling in Shaitans trap, must go with him to Hells. Shaitan (is) never happy

that (the) Children of Adam to be happy here or Hereafter, no, he is so angry! (He is) saying: "For your reason, reason, I fall, I have been thrown away from (the) divinely Presence. Therefore I am going to make my whole ability, capability, energy, everything, my target (is) to make you to fall in (the) same Hells, not to be happy through your life on earth, or after this life for eternal life. I (am) never happy that mankind to be happy eternally. No! I shall try and (I am) making (an) oath that I shall try (with) as much as possible effort to make (the) Children of Adam to be with me, in troubles here and in Hells there!" Therefore beware (of) Shaitan!

But people they are writing: Beware (of the) dog! On every door there is a writing: Beware (of the) dog. Dog, not dog is such a terrible (creature) like Shaitan. (A) dog may bite you and you can cure that, but if Shaitan (is) biting you, that is difficult, very difficult, no cure! Therefore, the sign of (a) Muslim is to say: "Audhu bi-llahi mina shaitani rajim! O our Lord, please protect me!"

Allah He is (the) Protector of countless universes and people that they are thinking (that) Allah Almighty (is) coming and protecting you...you...you... No! But our Adab, good manners, (is) to call Him and then Allah Almighty (is) sending protectors for you. Really you can find (a) protector for you from mankind also from spiritual people, holy people, but (the) Adab, good manner, (is) to say: "O my Lord, please protect me from Shaitan (who is) running after me and maybe I may fall in its trap!" Therefore it is (the) sign of (a) Muslim to say: "Audhu bi-llahi mina shaitani rajim!" Then you have been protected.

You have been protected. Then you must know that you are weak servants. And the Lord of Heavens giving to you such an honour and saying: "O My servants!" To be servants of (the) Lord (is a) so high honour, you can't find a limit for that honour! That Allah Almighty (is saying):

"F'abudni! O My servant, pray for Me and worship (Me), o My servant. F'abudni, worship Me and try to be My servant and My servanthood is such a big honour that you can't imagine!" If a King (is) asking to you to come to be his guardian or servant and (he is) dressing you (the) royal clothes (that) belongs to (the) guardians and servants of (that) King or Queen, you should

be so proud!... You are not looking Buckingham palace guardians, how they are? (If) you (are) looking, (they are) like this, never changing the (clothes) ... they are so proud with these big hats, clothes, that belongs to her Majesty King or her Majesty Queen. What do you think, if Allah Almighty (is) calling you: "O My servants, o My creatures, come, come! I am distinguishing you with some honour that I never granted it even to Angels!" You can understand, you can think on it?

You must think on it! (It is) better million times than to have (a title): "I graduated... I graduated from Oxford University!" (He is dressing) like this and putting a hat on his head- heedless person- on his person (???) something, keeping (a diploma, showing himself)... "I am that one!" "Who are you?" "I am..." (He is) not saying (his) first name Thomas or William or George... (but) he is saying: "I am PHD Dr. William!" Making first his honours and his name at the end. So proud! What is that! They are thinking that is their high honour! Some of them (are) using the letters of... alphabetic letters, saying: "Oh! I have (an) honour that (the) 29 or 30 letters (of the Alphabet) it is not enough to show my honour!" Putting eye-glasses; that means VIP person! VIP person that is not honour, but people they like it!

And your Lord (is) giving to you such an honour (that) even Angels had not been granted and you are not appreciating that honour? What is that foolishness? That is limits of foolishness, limits of to be ignorant. How we are running away from our Lords magnificent honour (that He) granted us without anything? It is a gift from Allah! People (are) running here, running there- no one (is) appreciating now the honour of servanthood of the Lord of Heavens! What is going to be for them here and Hereafter? Which thing (is) looking after those people? To where they are reaching? (They are) reaching to ... Tauba, Astaghfirullah... reaching to sewages... People (are) running on sewage! (They are) not asking to be out, to be clean, to be honoured, but they are running (to) sewage channels.

"Ya Hu", I am saying, "you may die" - not you, those Shaitan people, they may die in sewage channels! "Which one is good? (The channel of) New York... or WC-channels, Washington better? Or Moscow better? Or Ankara better? Or Peking better? Which (one)?" "O my friend, from where you reached to that... from where (you) graduated?" "O my brother, I am

graduated from the channels of London"... "I have graduated from Sorbonne sewage channels" or "I am graduated from Moscow sewage channels"... "Do you think that there is another channels over our channel?" "Yes, maybe, maybe in Pakistan... Maybe Pakistan, yes, if you are going (to) Pakistan and graduating, you are going to be fighters!" "What about in Turkey?" "Turkey is also very good, their level, for fighting and killing and destroying and making each other down... that is their honour also." "What about Germans?" "Germans, ehhh, they are so... sometimes they are using their minds and running to Berlin, sometimes not using, going to Bonn, sometimes they are saying Roms channels is better, because Adriatical channels may run and Mediterranean channels may run in it... and also Spanish channels.... You tried (it), o my brother?" "I am trying, but no time now, I am getting elder...

If I may come (for the) second time- as ‘kuru kafali’ (is) saying that we are coming so many times- next time I am coming like a donkey to run, or like a rat... and trying to find, which channels is best!" "You are true? You think there is such a thing that a person is coming next time?" "Yes, Sir! It is our honour also, that once we are going to be (a) dog, once (we are) going to be (a) donkey, once (we are) going to be (a) cat, once (we are) going to be (a) camel, once (we are) going to be (a) jackal, once (we are) going to be..." "(Are we) never going to be mankind?" "No, no, finished! You are running (to) another channels, to reach another levels of life!" "Who said this?" "Kuru, kuru kafali, dry head"... ‘Kuru’ means dry in Turkish... their minds (are) just dry..."Yes, I hope (that) when I am finishing this time and changing for a second time, I am hoping to be a ‘kuru (kafali)’..." that you can’t look at his face! If you are looking at his face, you can’t eat (for) 7 days anything, so, so...! Chimpanzee is better, their face... No chimpanzee, gorilla! Gorilla belongs to Europeans. Indian ‘kurus’- they may have different kinds of apes- they may show themselves (as) any kind of them... Yes? Yes, Sir!
That is our situation that they are saying: "We reached the top of civilization through (the) 21st century." I am saying: "Congratulation that you are... once again you are turning back to (be) animals! Because you are not getting to be honoured. You are refusing the honour of being from mankind and you are asking to come back to animals world! And congratulations for your understanding and your new level that I think it is lower the animals level also!"
May Allah forgive us!

O people, whole world people, beware of Shaitan! What we are saying, all of it- (that the) aim of Shaitan (is) to make you, to take you away from heavenly servanthood and its honour to make you like animals world and (even) under their levels- no one can say (anything) or object (on) what I am saying! If (they are) saying (anything) anyone- come here! I am teaching you! I can teach, I may show (you the) right way! I am authorized one, I am authorized one, to make people to find their ways and to keep their honours, (and to teach those,) whom they lost their real targets and the meaning of their creating and (the understanding about) real honour, what it is. I am the lowest one who may teach whole mankind their honours and their conditions now...

May Allah forgive us!

For the honour of the most honoured one in (His) divine Presence S.Muhammad sws, Fatiha!

Allah Allah, Allah Allah, Allah Allah, Aziz Allah...
Allah Allah, Allah Allah, Allah Allah, Karim Alah...
Allah Allah, Allah Allah, Allah Allah, Subhan Allah...
Allah Allah, Allah Allah, Allah, Allah, Sultan Allah..... Sultan Sensin, ya Rabb!
Allahumma salli wa sallim ‘ala Nabiyina Muhammad ‘alayhi salam,
salatan tadumu wa tughda ilay, mamarra layali wa tula dawam... Fatiha!

## No Divine Laws without a Sultan

We need a Sultan. Without a Sultan we will not be able to defend ourselves in a Divine Way. There must be one Sultan for all Muslims. That is the Holy Command of Allah the Almighty. But people have lost it. 75 years ago the Turks threw away their Caliph, the Sultan. The ancestors of the Muslims of Hindistan helped to save the Maqqam-ul-Khilafa, the Sultan, but finally they were cheated. For 75 years now the Muslims have lost their Sultan. The Shariah cannot work without a Sultan, and a Sultan cannot work without the Shariah. One completes the other. You must always remind people of this. In 1999 it is the 700th anniversary of the beginning of the Ottoman Empire. We hope that Allah the Almighty will give them their power to be on the way of Islam as they were before.

## No Drop Is Unhappy to Reach the Ocean

(Mawlana Shaykh stands.)

Allah Allah, Allah Allah, Allah Allah `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah Kareem Allah.
Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sulta•n Allah!

(Mawlana Shaykh sits.)

Yaa RijaalAllah. Alfu salaat, alfu salaam `ala Sayyidi 'l-Awwaleen wa'l-Akhireen, Sayyidina Muhammad (s). (Mawlana Shaykh stands and sits.) Thumma 's-salaamu `alaykum yaa Anbiyaaullah, As-salaamu `alayka yaa awliyaaullah! As-salaamu `alaykum, yaa Saahibu 'l-Waqt. As-salaamu `alaykum, yaa Saahibu z`-Zamaan, yaa Saahibu 'l-Imdaad, yaa Qutbu`l-Aqtaab, yaa Mutasarrifu `alaa wajhihi `l-ard wa tahtahoo wa fawqah. As-salaamu `alaykum, yaa `ibaadAllahi 's-Saliheen. As-salaamu `alaykum yaa Mu'mineen. As-salaamu `alaykum yaa hadireen. As-salaamu `alaykum yaa gha`ibeen. As-salaamu `alaykum yaa ahlu haadhihi `d-dunya, as-salaamu `alaykum man qubbar fee maqaabiri `l-Muslimeen. Allah yufarrij `anhum, karbahu, wa hammahum fi `d-dunya wa fi `l -akhirah. Dastoor, yaa RijaalAllah.

O our Attenders! As-salaamu `alaykum and welcome! We are asking all believers to be in a good position, here and Hereafter. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. We are weak ones; therefore, Allah Almighty is granting us to say, bismillahi 'r-Rahmani 'r-Raheem. There are endless Power Oceans in bismillahi 'r-Rahmani 'r-Raheem, and never-ending heavenly blessings come on people when they are saying, bismillahi 'r-Rahmani 'r-Raheem. Allah, Allah. SubhaanAllah, Sultaan Allah. Madad.

O People! We are weak ones, and we are not claiming we are powerful ones. Don't think that technology is giving to you power, no. Everything on Earth is in Weakness Oceans. Everything is trembling, and if no heavenly support is coming, even atoms can't be in existence; they are looking for heavenly support to be in existence. Only Mankind are heedless ones, because they are looking to only what is in front of their eyes and they are thinking that such instruments are giving them power, no! Allah, Allah. SubhaanAllah.

O People! This world is running on its last station. For every beginning there must be an ending, and this dunya is running to its last point. When that last point arrives, dunya will disappear in the Power Oceans of Allah Almighty! (Mawlana Shaykh stands and sits.) O our Lord! Forgive us and give us a chance for understanding that yesterday we were coming in existence and tomorrow we are going to disappear. Our appearance is a show. Don't think that today was a copy from yesterday, no! And you must not think that tomorrow is coming to be just a copy for today, no! Everything is changing; running to its last station, and for everything there is a last station. This is a material world that will end in a heavenly station, and when reaching that station then appearances on this world are finished.

O People! You must think on something. Allah (swt) granted to Mankind a heavenly condition for understanding, that our thinking is not from the material world, but it is from unseen worlds that we are saying "heavens." It is coming from there. If it is cut off, then just finished. And what you understand from this life is going with you and that is what belongs to heavens; it does not belong to this material, or physical world, no. This is just finishing, and everything is leaving and every living one must be taken away. One day it is going to be nothing! When we are going to be nothing, when heavenly power that is supporting our lives here is taken back, that means we are going to be dust. Only what is necessary for Mankind (remains), because the Lord of Heavens is never creating anything for nothing, or to be nothing! Everyone has been

granted by Allah Almighty's creating, and every one's existence is different from the second one. Even one atom's creation and its position in this existence is different from another atom. Therefore, they are naming so many elements and each element is reaching its smallest piece of its beginning, and they have been granted something in this existence. When it is taken away that means it has been taken away from this material world and reaching to an unknown ocean, where they were granted something when they came in this life.

People think, "We are something coming accidentally, leaving accidentally, and going accidentally." They think the real position for Mankind to be on this planet is so easy, coming and going. They are never thinking, “Who is asking Man to be on this planet? How are we going to be on this planet? Who granted that existence to us? One day our physical being is falling down and no one can be able to make a falling one to stand up again." If they were to use all possibilities they were granted from the Lord of Heavens for a person whose existence is finishing and falling down, and it is like a rock, nothing can be done for him. And people are saying, "What happened?" They are not thinking how a person came into existence and then leave that existence and run away. They are looking at their dead body, saying, "What?" And everyone will look at their dead body one day and say, "This is my body? My dead body is so ugly. I am never asking to coming back to that rotten body!" and running away. Therefore, no one's soul is asking to reenter it's body once again, saying, "Ohh! We are thankful to our Lord that an opportunity is opening to run away. Now I am so light. Why would I ask to come back?" Therefore, who is passing away, no one is asking it come back to be in that body, which is created from four elements. Each element is saying, "Ohh! We are now free from carrying that one's heavy burden. We must come back to our real position and will be quickly running to be dust in the Earth."

O People! That day is near; individually or commonly, it is coming. Everyone will leave and the Earth will say, "Ohhh! I am so light! I am so happy that there is no one from those who were running on me, that I was carrying on my shoulders! Just they left me and ran to a direction that I am never knowing. But I am free now from carrying that one, particularly those dirty ones! I am happy that I am returning to my real situation." Days are running! Man is running! Running for what? Running to catch what is running away from them. It is impossible; no, finished! And we are living on a planet whose destination is coming closer and looking, "When am I going to be free from creatures and be by myself?"

But people are not asking to be their real being and therefore, Mankind is unhappy. They are never going to be in rest or enjoyment or in satisfaction, because they are not finding what they are asking, to rest. Those people who have a chance to find their real positions, their last station, but who were heedless from that limit, are asking to come back, but it is impossible. Only those who were thinking for their last station are finding it and resting. Physical resting just happened through death, but they will reach real pleasure when they leave their material being, when they reach that ocean. They will be happy there and in satisfaction, and not in need of anything (they will have everything)! That ocean they are running in is such an ocean that no one can understand until they reach it.

O People! Don't waste your lives, but try to be awakened and to look at when we are going to be free from this life! People are never saying, "We are bound in chains," but rather, "We are living!" Life is tying them, but when it approaches the end they become sorry and say, "No! We are leaving a sweet life and we don't know where we are going!" They never understand the sweetness for their souls! Rain is coming like drops, and no drop is going to be unhappy because it is reaching the ocean. Perhaps every drop is asking to reach that ocean of reality, the ocean of real life. You can find in that ocean every reality that you do not understand in this life. You may reach a pleasure that you never tasted in your whole life! May Allah forgive us.

O People! Say 100 times daily, laa ilaaha illa-Llah Sayyidina Muhammadan Rasoolullah. (Mawlana Shaykh stands and sits.) You will be happy. If you are asking for more, say 100 times, bismillahi 'r-Rahmani 'r-Raheem. You will reach a level where you can understand something coming for days in this life. May Allah forgive us. If you are understanding, no one is expecting that there are such endless Beauty Oceans, endless Favor Oceans, because they are not expecting endless enjoyment and endless happiness! Therefore, people are coming down, approaching, and rising up in their imaginations, making themselves to fall down, fall down, fall down, and every level is going to be darker, more terrible and more disturbing to people.

O People! Try to be with Allah Almighty's endless Blessing Oceans, for the honor of His most beloved one in His Divine Presence, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits.)

Fatihah.

## Without relationship to Heavens there is no glory and no honour

Destur, ya Sayyidi, ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya...Allah Allah...Audhu bi-llahi ina shaitani rajim, Bismillahir Rahmanir Rahim..."Subhanak, la 'ilma lana illa ma 'alamtana"...ya Allah, ya Allah! You only, oh our Lord, may grant us to know (something) through Your most beloved servant, the most honoured servant in Your divinely Presence, who is representing Your Glory! Who is that one? S.Muhammad sws.

(He is) representing the Glory of the Lord of Heavens, (and) no one else. From him all chosen ones take glory; (those) chosen ones that they are in relationship with Heavens. If a person (is) not reaching a relationship to Heavens, (he has) no glory and no honour. Subhanallah, Glory be to Allah!

And (S.Muhammad sws) he is that one who (is) granting (that glory) on behalf of the Lord of Heavens. On behalf of the whole creation and creatures S.Muhammad sws (is) representing (Allah's) Glory. Glory is (a) divinely Attribute, and if it is not dressed on a person, you can't see it. Glory is (a) divinely Attribute, but, to be seen, (it) must be dressed on someone, so that people may see, may look, (and it) may be seen the Glory of the Lord of Heavens. Allah's Glory is dressed on S.Muhammad sws, and you may see (something) from Allah's Glory in S.Muhammad's glorious being; (there is) no being there except (the) appearance (of the divinely) Attribute (of) Glory on S.Muhammad, peace be upon him!

Who is not reaching to him, (they are) never taking any Glory here or Hereafter; and everyone who (is) asking for eternal Glory must be in relationship with that glorious one. Allah's Glory just may be seen on him (, S.Muhammad sws) only, or (if he was not there to be dressed with that divine Attribute of Glory,) it was going to be closed; no one (was) knowing (about it). No one can see that Glory, if (there is) not that one to be dressed from divinely Glory. And (through) that divinely Glory, when (it is) dressed on him, that one (is) becoming glorious. And everyone that (is) reaching to him, may be dressed (something from that) Glory according to their capacity or abilities.

There are some atoms through (the) experiments of scientists, (when they are) asking to look and sending a powerful light on them, then they are becoming to be seen on (a) screen. If (you are) taking that light, they can't be seen. When (they are) sending that powerful light, they may look and see these atoms' movements. They can't see their real being, but they may catch their movements as sparks, and (from these) they are understanding that there is some being on that screen. If you are not sending that strong powerful lights on them, they are in darkness, (and) you can't know their existence.

And everyone also here, in creation, if it is not sent on them divinely Lights, (they) can't be seen (to be) in existence. And those, whom they are coming in existence, (in order) to take a share from the glory of that glorious one, (they) must be in relationship to him, then that glory can be seen on them, or (else) they should be in darkness, (and there is) no glory (for them). And everyone now whom they are asking (for) that glory, (they) must search (for) the way, how they can be able to make a relationship to that one. If they are not asking (for that relationship), they are not going to be Prophets; (and) if people are not asking to reach and to be in relationship with that Glory through that glorious one, they (are) never going to take (any) Glory from the Lord's unlimited Glorious and Glory Oceans.(The) Dominions of the Lord of Heavens (are) shining with that Glory!

(His) Dominion is something else from creation- (it is) shining. And through all Holy Books (this is) just mentioned, that if a person (is) not reaching to Lights, he can't see, (he) can't understand and (he) can't reach to that Glory. Billions of people are reciting (the) Old Testament, from (the) beginning (of mankind on this earth) up today, as well as billions of people are reading and looking through (the) New Testament- but they never reach to that Glory! If one of them (is) reaching to that to Glory Ocean, (he) can't be under the command (of) anyone except (the Command of) that glorious one! No one can be over those people, who

reached (the) Glory of the Lord of Heavens through that most glorious one or the representative of the Lord's Glory Ocean (,S.Muhammad sws,) that he is glorious; they can't reach any Lights from (the) Light Oceans of the Greatness and Majestic Glory, (it) can't be dressed on them.

'Glorious' and 'Majestic', that belongs to the Dominions of Allah Almighty. Dominion- this word is a very shining word in English- Dominion. Allahu Akbar! Even English people can't know the real meaning of 'Dominion'. That is an honour that (is) reaching from the Lord of creation to (His) creatures, (that they can) belong to the Dominions of the Lord of Heavens.

They are reading (this in their Holy Books), it is mentioned, and (in) the Last Message, through the Holy Quran, you can find (verses) like Oceans about the Dominions of the Lord of Heavens, but they are reading (the) Holy Quran also as they are reading (the) newspaper. Anyone who is looking to the Hoy Quran now (adays) they are carrying a book, (a Tafsir), through their hands and they are saying: "Around theses pages there is the meaning of the Holy Quran." What is that foolishness? How you are claiming to put oceans in a coffee-cup? Allahu akbar! What is that foolishness? Who (is) believing (what they are claiming)? Or do you think that oceans may enter through (that) very small metal cup for needles, (that) the tailors (are) using, a thimble? It is small. They are claiming that: "We are putting (the) Holy Quran's meanings around those pages- twenty lines, we are putting (them) around (the Arabic Quran)..." Therefore everyone is coming and bringing (a Quran) to me (saying:) "Oh Sheikh! We are looking here and never seeing what you are speaking about... From where (you are bringing these meanings)? This is verse- this is (its) meaning. From where you are speaking (and) addressing to people?" It is written, it is in it, but it is so difficult to reach to know (and) to understand, to ask, to love and to be dressed that Glory.

Therefore people are ignorant with their learned ones, saying: "Doctor X." "Who is that one?" "Anglican Church Bishop, Dr. X." I am saying: "Which Holy Book is mentioning that title of 'Doctor'? (In the) Old Testament or (in the) New Testament they are finding (it)? And on their footsteps (are) our Muslims, modernised Muslims; learned people (among them) are using that title, Dr.Ahmad, Dr.Ahmak... Dr.Crazy... I am calling one of them (and asking):

"Come. What are you doing here?" "I am coming to give a speech to (the) Muslims." I am saying: "First (of all)- you know (how) to clean this mosque? Take this brush!" "Sheikh, what you are saying! I am (a) Doctor, I

am not (a) servant to clean (the) mosque!" "What is your title?" "I am Doctor." "Take my pulse." "I can't take pulse." "Look my mind." "I don't know (about that)." "Look my heart." "No, (I don't know)." From where Muslims (are) bringing the title of Doctor? Doctor, President of Azhar University... Doctor. Now the President of Azharu Sharif (and all responsible ones there), all of them they are Doctors.

From where (is) coming this title? Through (the) Holy Quran you are looking? (But they are) gnorant ones, (they have) no lights to see from where honour (is really) coming to them! (It is) not coming through empty imitated titles that they are imagining or making. They are making imitated titles, (they are) imitated, not real ones. They are thinking that each title gives them something and (they are) running after such nonsense titles, and (yet) they are ignorant.

Therefore- if I am looking and seeing (that at) the beginning of their name (it is written) 'Doctor', I am saying: "Leave him. (He is) never understanding the existence of (the) Glory of (the) Dominions of the Lord of Heavens, Allah Almighty. Leave that one- don't listen to him, you can't learn anything from him, no!" Common people may be ignorant and they may say: "Yes, I don't know. I am ignorant, I am not learned." But those whom they are saying: "We are knowing, because we are Doctors", don't believe them! They are imitated ones. As a person that is claming: "I am (a) doctor" - and (he is) using an imitated diploma (that) it is not true- (he is) harming people. (And) also, if a person (is) using that empty title, imitated title (of Doctor of Islam), if anyone is listening to them, they are going to be much more ignorant ones, because (an) ignorant person may teach people (only) ignorance, nothing else. (If) he is ignorant, what (he is going to teach? Must teach ignorance. (A real) learned one may teach you something from knowledge that belongs to that Glorious One. And His Glory (is) covering every divinely Attribute.

Therefore- no one can reach to that point, the rank of the Seal of Prophets no, he is only one also, can't be two. People (are) never running to learn (the) real points of Reality and what belongs to that reality: (the) glory of that glorious one. They are not understanding, and therefore their level, peoples level now, is the lowest level. Before time they were looking to understand something, real seekers were running to know something, but now people have been dressed (the) dress of Shaitan's pride. That pride (is) making a hindrance between them and Reality. And every time (that) they are looking through that hindrance and (they are) saying: "This we are", Shaitan is cheating them through their egos and they are falling through darkness, through dark worlds. Therefore the level of people now is (the) lowest level. And every trouble (is)

coming from that point and people are in need to be saved, but those Doctors (are) making them more ill, more sick. Instead to treat them, (they are) making much more (ill), giving much more trouble to people, harming them and making them to be in a Bahrul Haira, an ocean of astonishing, (so) they are surprising, saying: “What is that!” (They are) falling in it (that ocean of bewilderment) and they can’t see, (they) can’t take a feeling and they are in fear and in (a) hopeless situation and every trouble (is) just growing through that field.

May Allah change our lives from (a) dirty life to (a) clean life and change His servants, to take (from them) imitated dressings and to put on them real dressings that (are) shining and giving glory to those who dress them...

May Allah forgive me and bless you, for the honour of the most glorious one in His divinely Presence, S. Muhammad sws, Fatiha.

## No movement without His Will

Destur, ya Sayyidi, ya Sultanu-l Anbiya, Meded, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah...Tauba ya Rabbi...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa al quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

Everything (is) reaching to Allah... Everyone (is) reaching to Allah (and) everything (is) reaching to Allah. Allah, He knows everything, where it is, He knows everyone where he is! We have a saying- old people they were saying and we were believing and also now we are believing, never changing that belief- that if (there is) no permission to move anything from its place or to change its position, (it) can’t be without His Order or (there) can’t be any movement out of His Will. Everything must be with His Will! A leaf on a tree- as old people were believing- can’t move, if its Creator, its Lord (is) not giving permission to move, or: no any bird can open its wings for flying without His permission- can’t open, can’t fly. Everything (is) under such a perfect control!

And He (Almighty) is asking that people must know this! Not to say: “I may go, I may come, I may do, I may not do”, no, everything (is) just controlled! Leave the Children of Adam- but (even) every atom can’t change its position without His Command, without His Permission. (It is) asking: “I am changing my position, oh my Lord?” its desire and (the) divine Will (are) coming (together) and (that is) making its position in another

way. And that one, that atom, by itself it is impossible (for it) to ask for a changing of its position. That feeling to ask must be granted to that one. If Allah Almighty is not giving that inspiration to that atom to ask, it is impossible by itself to ask a changing for its position. Allahu Akbar! That (one) must ask and Allah must give.

He is not obliged to give, but His Generosity towards every creation makes everything to ask, because He is (the) Giving One for everything, for everyone. His Generosity (is) making that atom to ask: “Oh my Lord, I am asking to change my position.” That changing has a wisdom, it has a reason; that atom has some need (necessity), so that (it is) asking (that), but that inspiration must come to that atom and its Lord (is) answering to that one and (He is) giving that possibility or giving to that atom energy to use it for changing its position.

Because every movement needs energy. If that energy (is) not granted, that atom can’t move. It is going to be like a car without fuel- (the) car is ready, but if (you are) not putting petrol (in it), it can’t move. That car needs a power for running and therefore (it is) signing (to) its owner: “I finished, take me to petrol station! I am finishing, fill me with energy for movement!” And that atom (is) calling and saying: “Oh my Lord, I am in need of a support from Your endless Generosity as an energy or an energetic support for (to) continue for glorifying You!” From one position to another (there is) coming another (kind of) glorifying and glorifying is endlessly going on for every creation, (for) every smallest piece of creation. They must glorify their Lord and they are asking: “Oh my Lord, from Your Generosity give me energy, give me support through Your divinely Energy Oceans to continue glorifying You!” Subhanallah! You can reach to that point by thinking?

And He is asking only from His creatures, from common ones, glorifying, because their creation is not (the) same like the creation of mankind. Mankind’s creation (is) just different, and man’s creation (is a) creation on (the) top level. (The) limit of creation through its highest position (is just) granted to mankind. And therefore Allah Almighty (is) making mankind on a (special) position; (He is) giving to them so (much) value (and) through that value (He) granted to them (the) dress of honour (and) of glorifying. And man’s glorifying in on its highest-level position.

Our body, every smallest unit of our body is glorifying (Him), but (the) top glorifying that the Lord (is) asking from mankind and (He is) making mankind to be pleased much more, that level (is) to make (glorifying) by their will and to say: “Subhanallah, Subhanallah, Subhanallahi-l ‘Aliyu-l ‘Azim!” To use your will and to say:

“Glory be for Allah!” That is the top point!

Unbelievers’ bodies (are also) glorifying (Allah). That person is saying. “No God!” but yet every part of his body (is) saying: “You are our Lord! Glory be for You, oh our Lord!” But that foolish one, heedless one (is) not saying (that) and (he is) making a denying. The top point of glorifying (is) when you (are) saying): “Subhanallah!” Therefore we are beginning after prayer to say: “Subhanallah, Subhanallah, Subhanallah... (33 times)”. From His Generosity (He is) asking from His servants to glorify Him, Almighty, and (that) glorifying from (the) servants to their Lord (is) making them to come closer to His divinely Generosity Oceans, (and) to be granted more and more. That is the meaning of (the word): “Hal jazau li-l ihsanu illa ihsan?” Servants, according to their smallness, they are trying to give (something) through their generosity and to say: “Glory be for our Lord!” and He is granting (His Favours to them), rewarding His servants.

Once a Bedouin was saying to himself: “I must go to Baghdad (to visit the Caliph)”...

People (there) lost to glorify their Lord and every cursing (is) coming on them, on that people (of Iraq)! Allah Almighty through (the) Holy Quran (is) teaching (His) servants. What (He is) saying? “Oh believers, don’t make your sounds (voices) (over) the sound (voice) of My beloved Prophet! Leave his sound to be highest. Don’t shout! Let humbleness be your characteristic, oh Muqmins!” People (are) running, they are thinking that (the) Prophet is not with them! “Wa ‘alem annahu fikum Rasul!” The Prophet is not away from his nation. Allah is saying: “He is with you!” Not only (with those) that (are) sitting in front of him! That means: (he is) with his whole Ummah! Therefore: “Keep your sounds, don’t shout! Leave (the) Prophet’s sound to be high! He may address on behalf of you to your Lord!”

What they are doing in Islamic countries! People are running like foolish ones through streets and (they are) shouting, shouting and saying: “Russia down... America down... England down...” shouting and running! Why you are saying (this), shouting this? Why (you are) not humbly saying:” Oh, ya Rasulullah, look after your Ummah!” Or (you go to the mosque and say) through (the) mosque: “Oh, ya Rasulullah, on behalf of us you can be in (the) divinely Presence (our) intercessor! For you (it is) granted, please use your (power of) intercession for us to be saved from the hands of those cruel people from wolves, from foxes, from dragons! Oh Rasulullah, make your intercession for your nation!”

(They are) not saying (this), (but they are) running through streets, thousands of people, (and they are)

shouting. Leave men, (but) women, that Allah Almighty (is) ordering to them: “Stay at home and don’t fall back into the ignorance (of the time before you came into Islam)”, ordering to Muqmin women to be through their homes, not to be seen and He is prohibiting to get out from their homes as the people of the time of ‘Jahiliyya’, the time of ignorance (before the arrival of the Prophet Muhammad) were (doing), running through the streets with their ‘zina’, (their) decoration, to make men to look after them...

Allah Almighty (is) preventing them- how they are running through streets and shouting and (for men to hear) their sound is Haram also! What (is) happening to Islamic territories (it is) because (people are) on (the) wrong way- men and women! They are running on (the) wrong way and (on the) wrong way cursing (is) coming on them, (on the people in) Baghdad and other Islamic territories.

No, it is not permitted (for) men and women to run through streets and to shout! No! Muslims only may go to (the) mosque and cry and ask (for the) intercession from the Prophet, (to ask him) to be their intercessor in (the) divinely Presence and to ask forgiveness (for them there). Not in streets! (The) Muslim world (is on the) wrong way now! (Therefore) cursing (is) coming on them! (They) can’t blame America, Russia, China, Turkey and other countries, no! (But the) blame is on (those) ignorant groups of Muslims shouting through (the) streets, (who are) not getting in mosques to ask forgiveness from Allah Almighty and His beloved one’s intercession! La haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim!

That person, that Bedouin was living in (the) dessert and one day he was saying: “Oh my darling, I like to visit the Caliph, Amir-ul-Muqminien. Oh my darling, what you are saying?” She is saying: “As you like, my darling. You may go.” “Yes, I may go, but, (as) you know, we are going to visit the Amir-ul-Muqminien- I must not go without a gift through my hands. That is not good manner. I must take something to him.” They were thinking: “What we can send to the Caliph, Amir-ul- Muqminien?” Then they were making a decision: “Oh my darling. Fill that jug of clay with water; we may take (that), because it is so much valuable in our place. I may take (that); I must bring to him our most valuable gift. Through desserts nothing can be more valuable than water.” “Good, very good!” (And) she was filling (the jug), he was taking (it and) putting (it) on his shoulders (and he was) going to Baghdad.

(He was arriving and) asking: “Where is our Amir, where is the Sultan’s Palace?” They are saying: “Here, there, here, there... and (finally) he found it (and he was) coming (to the gates of the palace) and (the)

guardians (were) saying: “Who are you?” “I am a Bedouin, coming from the dessert, asking to meet the Amir-ul-Muqminien.” “Oh, you are asking to come and to meet him?” “Yes, I am from his nation, a citizen, and I am looking (that) I have a right to meet my Sultan.” (The) guardians (were) looking to each other: “What we can do?” One (of them was) saying: “You sit down here. We may sent (message) to (the) Amir that one of (the Bedouins (is) coming to see him. If (he is) accepting (to see you), you may come (in), if not accepting, we can’t do.” (And they were) running to him and saying. “Oh, Amir-ul-Muqminien, one pheasant, a Bedouin (was) coming and (he is) asking to meet and see you.” “Leave him to come!” (They were) coming (back and) giving good tidings: “ Come, follow me”, (until they were) reaching the Throne Hall.

“Welcome.” “Oh, Amir-ul-Muqminien. (It was) coming to my heart (the desire) to visit (the) Amir-ul-Muqminien and I am coming (from a) far place, from a dessert and- Alhamdulillah- I am seeing your brilliant face, that the Lord of Heavens (is) putting on you the brilliance of Iman and (He is) crowning you with His Greatness, (putting on you the) crown of greatness, making you on the line of (the) Prophet sws! I am happy, I am thanking to Allah Almighty!” (And) his words were entering to the heart of the Amir. He was (still) carrying the jug of water on (his) shoulder and Amir-ul-Muqminien (was) saying: “Put your jug here. What is that?” “Oh Amir-ul-Muqminien, it is (the) Prophet’s advise (that) if someone (is) visiting another (one, he) must bring something as a gift. If (he has) nothing (for) bringing (and) on (his) way (he is) finding a nail, (he may) bring (that) and say: “I had only this, take this as a gift to you.” Therefore (this is) from (the) Sunnah, (the) holy command of your Abba, your grandfather, from Rasulullah, (and) therefore I am bringing to you a gift that it is (the) most valuable gift anyone can bring to you.” He was saying: “What is in that jug?” “Water.” “Oh, may Allah bless you! The Lord of Heavens (is) saying: “Wa ja’alna mina mai kulli shayin hay.” You did your best for me to bring (the) reason of life to me. I am thankful to you, oh my citizen, oh Abdullah!” (From) his good manners (he was) not saying (that:) “The river (of) Tigris is running through Baghdad and we are sitting (in the middle of) water”, but (he was) saying: “You did your best, you brought your best gift” and (he was) ordering to his servants: “Take his gift and fill the jug with gold!” Because if someone (is) giving a gift (to you), you must also- as much as possible- give something to him. And he said: “Fill that jug with gold and give (it to him) to go back.”

This is a story, historical history that happened. When we say a story, don’t ask if (it) happened or not, but you must look what is (the) wisdom in it! All tales (are) giving some lessons and teaching mankind with

something, teaching mankind to be much more perfect.

(So they were) filling (that jug) with gold and giving (it) to him. “He was bringing (the) most valuable gift (that can be found) through desserts and we have treasures (also) and we are returning (something) from our treasures to him.”

And when Allah Almighty (is) ordering His servants to glorify Him Almighty- He is not in need for your glorifying; (your glorifying is) not even coming to be like water to Amir-ul-Muqminien- Allah Almighty from His glorifying Oceans (is) dressing to that one (a) glorious dressing that no one can think its price, its value. Therefore (He is) ordering. Our bodies every part (of it is) glorifying (Allah), but heedless people (are) not using their tongue to say: “Subhanallah, Subhanallah, Subhanallah!” Blame to mankind that they are claiming to be civilized people, but they are never civilized people, because (they are) not knowing (the) Rights of the Lord of Heavens, to give their best grant (which is) to glorify their Lord! And until (they are) coming to that point, troubles (are) never ending, (they will) continuing until remaining on earth not even one person. It is enough (to be) one man and one woman. It is enough.

As He Almighty (was) beginning the generation of Adam from one man and one woman. (So) even if (there is) remaining (only) one man (and) one woman, He may give (them a) new generation that their importance (is) only to say: “Subhanallah al ‘Azim, Subhanallah, Subhanallahi-l ‘Aliyu-l ‘Azim, Subhanallah wa bihamdihi!” and to glorify their Lord with countless kinds of glorifying.

That is the time coming- the time of Mehdi a.s. (and) then Isa, alayhi salat wa salam! Be awakened! Beware of Shaitan and wake up to catch the train, before (it is) running away. Get in, don’t remain in the station hall. Oh man! We are addressing to (the) whole mankind on earth, from East to West, from North to South.

May Allah bless you and forgive me! For the honour of the most honoured servant in His divinely Presence, S. Muhammad sws, Fatiha.

# NO NATIONALITY IN THE BROTHERHOOD OF ISLAM

Tauba, ya Rabbi, Taba, ya Rabbi, Tauba, Astaghfirullah
Shukr, ya Rabbi, Shukr, ya Rabbi, Shukr, Alhamdulillah!

Allah Almighty has sent Islam with Heavenly Rules not only for praying and worshipping but also for arranging the relationship between people, nations and communities so that they can govern themselves with Islam. Through Islam there will be a good relationship between and amongst people and Shaitan will be unsuccesful. Shaitan always likes to come in between people in order to bring enmity among them. He is the worst enemy of the children of Adam. He loves to plant jealousy and envy that would bring about enmity among the children of Adam. He is trying to bring every bad thing into order to destroy them. Every Fitna comes from Shaitan and from the people who follow Shaitan from every direction. When they follow Shaitan even the nations will become enemies to each other.

It has reached to me from old knowledge, which are from heavenly books that when the Last Day is approaching the nations will be fighting among themselves. Before this nations were fighting each other and now they are fighting amongst themselves. It is

written that there will come a time that the people of a nation will become enemies to each other and will be fighting each other. Today the Muslim world is fighting amongst themselves and are running away from the great power and greatness granted by Islam (Haybat ul Islam).

The Arabs are fighting the Arabs and the Turks are fighting the Turks. The Persians are fighting each other and so are the Afghan people fighting each other. The Islamic world is now fighting each other and have become enemies to each other. This is one of the biggest signs of the approaching of Yawm al Qiyamah, the Last Days. We are in these days now and there is no cure or solution for mankind and particularly for the Islamic world. Today, the Muslims number about 1.5 Billion and the Holy Prophet (sal) was saying that there will be so many people and there number will be in millions and billions but their value will only be like what the water carries - foam. Now we are in this time and the people still do no not understand.

The first responsibility is on the Arabs because it is through the Arab world that other nations inherited the Holy Quran and its rules. The Arabs are however running after Western ways now. You cannot follow the non Muslims and the Arabs are now following Western ways too. Allah Almighty shall punish the Arab Muslims seven (7) times more than he would punish the other Muslims.

There is no nationality in Islam. ‘Innama-l muminuna ikhwa,’ Allah Almighty says that all believers are brothers and sisters to each other. Don’t ever say ‘I am a Turk, I am an Arab, I am Kurdish, I am an Englishman or I am an Italian. No, we are believers, We are Muslims and there is no other honour of being something above this. People however are following Shaitanic ways and are instead saying ‘No, Arabs are better,’ and the Turks are saying ‘We are better than the Kurds’. The Iranians say ‘we do not care about the others and we are number one’. The Libyans, Egyptians, Somalians and the Arabs and so many others are declaring today ‘We are the first Ones and We are number one’. All of them are on the wrong way.

We are asking to go on true steps. Ask Allah Almighty to grant to you good, true steps. This is because to go on the right path you need to take true steps. With wrong steps you cannot walk on the true way. Wrong steps will only carry you and lead you to the fire as we are in it now. This is the fire of Dunya and this is nothing compared to hell fire. Oh people! Think on what I am saying. There is no honour for nations and to say that I am better than this one and that one. Only those who keep the Holy Orders and take true steps will be the honoured and accepted servants in the Divine presence. I am saying this to all the nations. No one can object to what I am saying. If anyone objects he will be an unbeliever.

Even other religions are only calling people to accept servant hood to their Lord. They do not call people and tell them that English people are number one and French people are number six and Italian people and German people are this number or that. No! This is wrong. The England church, the Roman church, the Constantinople church, the Damascus church, the Iskandaria church, Alexandria church, all these are wrong and the only church is to follow Allah and His orders, and not titles of Christianity or Islam. Every title that belongs to Dunya is wrong and false.

Oh people! Try to be humble to Allah Almighty so that He may call you, “Oh My servants.” This is honour to us. To so many people Allah Almighty will not be addressing them as “My servants.” Instead He will order the angels to bring, “the servants of shaitan” and they will be brought to the Divine Court. He never addresses these people as ‘My servants.’ To be called by the term ‘My servants’ is the highest rank and the highest honour in the Divine Presence. To be addressed, ‘Oh My servant X, oh My servant Y or oh My servant Z, come!’ is honour.

Sultan ul Arifin, Bayazid Al Bistami was once saying, “Everyone is fearing about the Last Day, but I am however waiting, expecting and wanting to reach to that Day only to hear even once ‘Oh Abu Yazid, My servant, come for your judgment, come. It is enough honour for me up to eternity to hear Allah Almighty addressing me, ‘Oh! Abu Yazid, My servant come.’ This is so tasteful for me. This is so sweet for me. This is enough for

me through all eternity. I am not in need of paradise. Allah Almighty's addressing me without stopping and continuously for always is making me drunk with pleasure with sweetness and with everything. Ohhhhhh.....'

Oh people therefore try so that you too will be called 'Oh My servant come to me.' It is indeed very sad and unlucky not to be called by your name in the Divine Presence, and to this type of people Allah Almighty will order His angels, "Ask that servant, did I not create him, did I not give everything he wanted and he was never giving Me, My rights nor was he keeping My respect or My glory. Look at that servant. He never did all this. Take him away. Don't bring him to My Divine Presence."

Oh people time is over now. Everything should also be over. Everyone will die. If not today they will die tomorrow. If not this year they shall die the next year. One day surely death shall come to them and everybody will be taken away. Therefore be careful and think about how you will be addressed by Allah Almighty on the Day of Judgment, on the Day of Resurrection.

May Allah forgive me and bless you for the honour of the most honoured one in His Divine Presence, Seyyadina Muhammed (sal).

## NO NEED FOR ATOMIC BOMBS

The countryside everywhere is safer than cities. The countryside. Parliamentary, and military zones are not safe. Believers are in safety, and worshippers are much more in safety, and servants of the Divine Presence are in full safety. (Sheikh then names a place in Malaysia) J...? is much safer than Kuala Lumpur.

*Questioner: Should I take my mother out?*

You are living in J... ?

*Questioner: Not yet, I will be.*

Ask 'Abd ar-Rahman, 'Abd ar-Rahman is living in the countryside. It is a good place for a time. For a short time, but through that short time many people are going to be taken away as we said. Those who are only depending on technology, are never going to live, they are finishing. During that first night without technology, billions of people will be dead by morning - without atomic bombs, nuclear bombs. No need for them. Because if nuclear bombs are used they will poison the earth and I don't think that permission should be given to allow that. But in another way people may die, in billions, because technology will stop, or they are going to go crazy, to go mad, and in a short time they will also pass away, so that those who never ask for

spiritual or Heavenly Support are not going to live. Finishing. Yes. May Allah forgive and grant you, and forgive me, and give blessings. Fatiha.

## THE ABSOLUTE EXISTENCE OF ALLAH and the NON- EXISTENCE OF YOU

Don't ever say, "I can do this," but say, "With my Lords power I may do it and if He is supporting me I may stand up, and if He helps me I will be successful." In this way you should say and do everything. You must know that you are nothing. You are absolutely nothing. If you say, "I can do," or "I am able to do" you should be ashamed of youself. Who are you? You are nothing! How can you claim this? Astagfirullah!

Even if one of you was granted the whole power of mankind, you would still be nothing. Furthermore if you were granted the power of all creatures, and all heavenly beings, still you would be nothing and you should not say, "I can do." Even if you were given the power of billions of Angels, (of which Gibril (alai) is only one, and he has six hundred wings, two of which there is no space to spread between the East and the West!) still you should be ashamed to say, "I have some power." It is still nothing. Why are you proud? For what reason are you claiming to be a powerful one? Is it because of your clothes, or cars or your dollars, marks, or your property?" Why are you then proud? Pride is the worst characteristic of the ego. You are competing with Allah, when you say, "I am powerful also." Who are you!?

On the other hand to know that you are weak and that you are nothing gives to you honour. Even if you were to say, “O my Lord, I am not powerful enough, even to be obedient to You,” or to say, “I am so weak to be your servant, O my Lord, therefore forgive me,” gives you honour. If a servant does nothing else but is apologetic and asks only for forgiveness, that gives that servant much more honour, than if he was claiming to worship Allah, and is proud of his worship and servant hood. Only humility can carry you away from difficulties, miseries, problems and troubles. If you are humble, forgiveness reaches to you and blessings too. You do not find water springs at the top of mountains, but you may find them at the bottom of a valley.

Every harmful thing is coming from pride, and every goodness is growing from humility. We are such little ones, not only if taken individually, but even collectively. If we imagine the size of this universe, or even if we use the power of our imagination and imagine it to be billions of times bigger, still it would be so small, and it will mean nothing, in front of the Greatness of Allah Almighty. His Greatness is beyond measure. This cannot be reached by numbers, or any other scale of measure.

When we raise our hands, we must say, “O our Lord, we are so small, and you are so great.” “You are the Greatest, and your Greatness has no end.” If it ends then He will be on the level of His creatures. Nothing at all of any space, distance, size or even the smallest spot of what is created, can claim to be in existence, and say, “I am here.” Or, “I have such greatness.”

There is no room for creatures and creation, through the existence of Allah Almighty. His existence covers everything so much so that all the creatures, atoms, galaxies and universes, cannot claim to have a place, space, or room, through the existence of our Lord. No, this cannot be so. There is no room for anything that exists from the creation, through His existence. He is The First, and He is the Last. (Quran). Nothing can enter there to say, “I am here.” He is Allah Almighty.

My Grandsheikh Abdullah (ral) said, “Our existence is like the existence through a

mirror. You may look and see yourself reflected there, inside this mirror, but that which you see, cannot claim to have an existence. Your existence is like the existence of yourself reflected in the mirror. Your existence is not there in the one you see in the mirror. It simply cannot be."

Therefore we say that we are indeed so small. This is because we claim an existence. Not only do we claim this but we claim to be great ones too! Isn't it enough for you to say only, "I am here." You are also saying that you are a Lord, and that you don't want to say that you are a servant. Come to servanthood. Lordship is for the One Who's existence is from pre-eternal up to eternal. Come and declare that you are servant to that One Who's existence is eternal, and say, "O our Lord, we are your servants."

His Divine Existence is from eternal to pre-eternal, and His kingdom, existence and sovereignty are never ending, it is up to eternity. Allahu Akbar! Everything you see, touch and ask to keep through eternity is nothing! Allahu Akbar! His greatness covers from pre-eternity, up to eternity, and His greatness is eternal and for all time. Who are you? You are nothing. Don't claim to be something. The something that you claim to be means nothing. Don't claim. Admit your nothingness, and try to make your ego to admit its nothingness, nothingless nothing! When you do this you should reach to perfection and satisfaction, perfect perfection, and perfect peace.

This is the highest point of what Rasoolullah (sal), the seal of prophets, was trying to teach people. Allah's existence is from eternal up to pre-eternal. There is no one except Him. In existence there is only Allah. There is nothing else. Wahid un Ahad (the Unique, the One). There is no existence except for Him. What are we? We are nothing. As for him who is declaring an existence for himself, he is making partnership to Allah (shirk).

As we are not counted as ones who are in existence, Allah does not care about our making partnership anyway. This is because basically, there is nothing other than Him. But Allah Almighty likes His servants to keep good manners. For this reason,

shariah, and the high orders of tariqats came in order to take away this claim from the world, so that man doesn't say, "I am present and You are not, I am existing and You don't exist". Just a hundred years ago not one of us was here, and after one hundred years from now, not one of those who are here today, will be here anymore. There is nothing, and here is nothing and what appears between two nothings, is also nothing.

Leave your mind, self and everything, until the drop that is you joins the Ocean (fana' billah). With your intention and good will, you may sacrifice your self, and your body. Don't ask to be something. Instead ask for everything.

The Truth appeared, and the creation came into existence. It didn't even take the time of the blink of an eye. Among the Awliya (saints), the time of this existence is like a flash of lightening, and the appearance which we are in now is like that. It just came to be to finish and then no one is in existence. This is why Allah Almighty will ask, 'To whom belongs the kingdom today?' (Quran). But no one will answer and He will answer Himself. "Allah, the Only one. " Al Qahhar (the dominator).

The One who dominates His servants through death, will answer Himself, through Himself. You will not say the answer, because the one who used to say, "I am this one or that one", would not be there anymore. Dominated. They are listening, but they cannot answer, and even greater, is that He doesn't answer by saying, "It belongs to me." But he says, "It Belongs to Allah, The Only One, The Dominator" (Quran).

There is also a secret that someone who is representing Him, will answer. The one who He has made to be His representative. The one, if not for whom, Allah would not have created the creation. The scholars say that Allah gives this answer, but the way of answering shows that there is someone who is answering, and who could this be. This is him whom he dressed with His attributes, and made him to be in the Station of Mahmud. He is answering. We are very sure as this must be.

If anything, even if it be an atom, was left alone, without the observation (Muraqaba) of Allah, it would not anymore exist. If the observation (Muraqaba) of Allah Almighty is

taken away from this atom, it would disappear. This is because true existence is for Allah Almighty. Wa Lam Ya Kullahu Kufuwan Ahad. None is like unto Him. (Quran)

There is no space for that someone to be like Him. Absolute existence is for Allah Almighty. Who else should there be? There is no space for a second one. There is only Allah and no one is with Him. Your claim that you are in existence is false, because Allah doesn't accept that someone is equal to Him. People have made their minds busy, with things that they are not in need of.

Without an ocean one cannot swim, and without an ocean there can be no fish. Which of these two is better? The one who asks this has no intelligence. An ocean is an ocean with all that is in it, and the way to reach it is by the generosity of Allah Almighty. Standing in front of the mirror of eternity, dressed by true existence, looking to your own reality, in the Ocean of Oneness. A fish is saying, "I am the ocean," and to say, "I'm here," without an ocean, is a false claim. Astagfirullah! May Allah grant us to understand.

These are very important points, which need to be understood. If you don't understand this point, you cannot be saved from the evil of your ego, or of Shaitan.

## No one (is) asking to be second-class

Destur, ya Sultanu-l Anbiya, Destur, ya Sultanu-l Awliya, Meded Ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l 'Aliyu-l 'Azim...Subhanaka! La 'ilma lana illa ma 'alamtana, innaka 'Alimu Hakim! Ya Rabbana, ya Allah!

No one (is) asking to be second-class... where is X.? First class lecturer... No one (is) accepting to be second-class, everyone (is) asking to be first class, but they are only asking, as a person (who is) asking to be on (the) Moon, asking to be on (the) Venus, on (the) Mars or on (the) Jupiter or asking to be on (the) Saturn- everyone (is) asking to be there, but only they are claiming to be there, and no one (is) asking: "How we can reach to that (planet)?"

Allah Almighty (was) sending (the) Holy Quran through (the) most honoured one, (the) most praised one, (the) most beloved one in His divinely Presence, sending His last Message that that message is on act, from pre-eternal up to eternal: "La tabtila fi kalimati-llah"- from pre-eternal up to eternal that is (the) most perfect Message for (the) whole (of) mankind. And when we are saying 'mankind', (that is the) mankind that we are knowing. (But) don't think that Allah Almighty has only one world and one Adam and his descendants and his children. Such a thinking, to think in such a way, is going to be very nonsense. You can't think in such a way! But He is making mankind to understand (something, starting) from one (world up) to countless

worlds, from one (descendant of Adam) to countless children of Adam. That (one) is as a sample, (but) don't think that Allah Almighty has only one world and only one Adam with his descendants on this planet!

Scheich Ahmad Rifai (was a great Wali)- (may) Allah bless him, may be his high power with us to support our spirituality against our egos. When you are mentioning one Wali, one Saint, you must ask from him what he had been granted through S.Muhammad sws a power; the (Saints) are spiritual power centers. Allah Almighty just granted to them from His endless Blessings and from His endless Favours. Granting to them something. If anyone (is) asking something from Allah Almighty, no one can take anything directly from Allah Almighty, (not) even Prophets- only one! No second one can be in His divinely Presence to be honoured (to) directly (take) from His divinely Powers; no one (else) can jump through that Oceans, quickly (he is) going to disappear and finishing, (and he) can't be able to get once again in existence, finished! And Allah Almighty (is) granting to His most beloved, most honoured, most glorified servant, (the) most praised one in His divinely Presence (an) opening, (and) everyone from Prophets and Saints and Angels may take from that. And those Oceans no one can reach its limits, only one, that one! He has (the) power to reach what he had been granted.

But when he is reaching (that limit) today, tomorrow he is not going to be on (the) same limit- another opening (is) coming and he is rushing in it also. (On the) third day, third week, third month, third year, third century, don't think that it is same Oceans, because 'Mu'ti', He, who is that one that (is) granting to His most praised servant in His divinely Presence, (He is) giving to him, giving to him, and he is always full: with full desire, full pleasure, full will to reach more and more, never getting to be satisfied (with) what he had been granted. Every second or less than (a) second what He granted, (he is) asking much more...

And all Anbiya, all Prophets and Saints and the representatives and heavenly beings (must have a base for their existence). That Heavens they are lands, but not like our lands; (they are) for Angels, (their) Makan, that for everything (that) they are coming in existence, without a base (it) can't be, (there) must be for him a place, (and) according to their worlds should be that place for them. 'Li kulli makan makil': if anyone (is) going to be in existence, (he) must be in need (of a base) for standing on it; without anything under them, without that land for ourselves, we are not (able to) be in existence. (There) must be a place that we are landed on it.

And heavenly beings also must have something, some another existence of creation that they should be on it. Even (for the) 7 Heavens (this) must be, (and the) earth must be on it, (the) moon must be on it, (the) universe (also) must have a base to be on it. If not, (it) can't be in existence. Everyone must have (a base) under their feet to approve their existence. If you can't find that place, they are not going to appear in existence.

Therefore, (when the) Prophet sws was saying that this world is on the horns of an ox, and (the) ox (is) on a rock, it was only to make people to understand something. Beyond this we can't understand; because we are in a prison of (a) material being, we can't think on it. Therefore (he was) making an example (and saying) that (the) world (was) going to be on the horns of an ox and (the) ox (was) standing on a rock and (the) rock is standing on air and air (is) standing (in) the Lord's endless Power Oceans.

Everything in existence must have a place to put his existence (on it) or (else) it is impossible to be seen in existence. All these universes they have a base, or they have an envelope, (that) they are in it. If this (is) not going to be, (there is) no existence of (the) universe.

Even (the) Kursi, (the) holy Chair and then (the) Holy Throne, Arch, everything (is) just -'ala-l archi stawa'- montaged on something from Allah Almighty's Power Oceans. He is Mighty, Almighty, and (he is) granting (this) for (the) Arch, for (the) holy Throne, to be on it, (He is) covering his being. If (He was) taking that, (it) means- He knows- that every part from (the) holy Throne (was) just landed on Almighty's Power Oceans. He is covering, not riding on it, no, no, no! (This is a) wrong understanding, wrong understanding! (And if there was) not (only) one throne, (but even) if (there were) seventy million or seventy billion holy Thrones- it is only like an atom; how you are saying that (the) Lord (is sitting) on it! What is that foolishness? How they are understanding!

Therefore Allah (is) saying: "Wa ma qadarullahi haqqa qadiri"... oh ignorant ones, don't give wrong meanings, you are not understanding (the) real position of the Lord of (the) holy Throne and (of the) whole creation! " 'Ala-l Arch stawa"... every part of (the) Arch, (of the) holy Throne, (is) just covered from outside and inside; His divinely Power (is) catching (it), so that it is going to be seen in existence. If He is not making this 'istiwa', His power not keeping everything, every part of (the) Arch, that every part from outside of them and from inside (is) just covered from (the) divinely Power Oceans. We are saying this that everything in

existence must have a base to be on it. If no base, nothing (is) going to be seen to be in existence. We said about this ‘Sama’a Dunya’, our skies, that it is going to be like a ring besides the bigness of the holy Chair, the holy Kursi, and the holy Kursi is going to be like a ring beside the holy Throne, and Allah Almighty (is) making them, asking to be in existence and giving a base. If no base, no more existence for them. Base from Allah Almighty and He is showing anything as He likes, Makan. Everything in existence is in need for a base to be on it. If not, can’t be in existence.

And (the) Prophet sws, he is in (the) divinely Presence only, and he is base for whole creation! If you are taking him away, no base for any creation, no, finished! Base for whole creation from pre-eternal up to eternal (is) S.Muhammad sws, (the) most beloved, most praised one! And coming to him... without stopping that coming from Allah Almighty Meded, support coming, coming... Countless Heavens may be. We are speaking on earth, as we are understanding that Allah Almighty He has only one world and one Judgment Day, one Paradise, one Hell- what is that! We are making it for understanding so big, so big, to make your vision to be much more wider, wider, wider... that our Dunya (is) going to finish. And no any time or unit of time you may do it less, less, less, you may divide one third, perhaps billions, quatrillions, pentillions part, He may do, and through that ones He is supporting whole creation, so every creation going to be their base from His Power Oceans coming through (the) Seal of Prophets and he is that one that appearing every creation from him, without getting any connection to Allah. No connection for anyone for Allah.

Allah only One who is not a need a base! If He has a base, He is not Allah. Allah who never needs a base for Himself, no. Therefore you can’t understand. Don’t say: “How it can be?” No! If you are coming to ask such a thing, I may say: “Show the base of moon, then ask me for his Creator base!” He is not in need base, but ever creation needs His base, must have a base. And that base (is) only from Him coming in appearance and everything (is) just getting in existence, when He is putting a base for them. If not that base, no more worlds, no more skies, no more space, no more sun, moon, stars, and gigantic galaxies, no, all of them need a base. Therefore Allah is (the) One who never needs a base, but everything must have a base for appearance, and that base coming through the Seal of Prophets. He is granting it to him and he is giving whole creation their bases to be seen in existence. If He is taking that base- nothing (is) in existence, finished, nothing in existence. If no base, nothing in existence.

Oh people, use a little bit your minds to understand something! That is from Marifatullah, from divinely

Knowledge, showing you some ways for understanding for the Lord of Heavens, (and) how (creatures) they are in existence. And everything in existence needs a base, because without Makan no Makil. Nothing can be in existence, if they have not a base. And we are saying (that) we are learning something. We are knowing nothing! We are knowing nothing and we have been ordered to know something.

Therefore, oh people, don't waste your precious life for nonsense and for useless purposes, but try to reach some perfect unchangeable aspects to understand something, because you are going to be asked the Day of Resurrection: "What you learned?"

This is something that they are making an opening, because the time of S.Mehdi a.s. (is) coming closer. People are wasting their time through this dirty life and (they are) loosing their chance for an understanding and they should be repented when they are going to be put on a base, (the) base of ignorance. Whom wasted their chances to know something, therefore they should be thrown. That is fire for them, burning them: that they are not understanding, they are not trying to understand about their Lord and His divinely Aspects, divinely Commands, divinely Orders, why He is ordering something or preventing something. To approve for you that you are on a base. When you are approving yourself in existence, then you have been loaded something that mountains can't be able to carry and they are saying: "Oh our Lord, forgive us. We can't carry."

But you may understand something! When such a heavenly Knowledge (is) coming, you may understand about yourself, about the position of (the) whole creation, particularly your situation as the deputy of the Creator of everything.

May Allah forgive us and bless you and give us much more understanding for his Glory! For the honor of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha... Subhanaka, la 'ilma lana illa ma 'alamtana, innaka 'Alimu Hakim!

## No one understanding Allah except Muhammad

Destur, ya Sayyidi, ya Sultanu-l Awliya, Meded, ya Rijalallah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Subhanak! La ‘ilma lana illa ma ‘alamtana, innaka ‘Alimu Hakim...

We know nothing, oh our Lord. If you are teaching, we can know. If (You) are not teaching, oh, oh... we know nothing. Allah, Glory be for Him, He is teaching, He is (the) teacher to whom? To one! No one (is) understanding from Allah except him, that must be known. One teacher, one student. One (is) giving, one accepting. One (is) granting, one keeping. One (is) honouring, one accepting. No one can be in His divinely Presence except one- from pre-eternal up to eternal.

Therefore it is written through pre-eternal: La ilaha ill-Allah. Only? No! Written in front of it: Muhammadur Rasulullah sws. Muhammadun abduhu wa rasuluh. No one can be in divinely Presence to be addressed directly, only one- (the) most praised one. Must be. No one can reach his position, no one can be praised by his Lord as that one (is) praised. Therefore he is Muhammadun sws, (the) praised one, from pre-eternal up to eternal. Ghaghma anfihim- in spite of Wahabi people that are not asking to give that praise (to him). They are greedy people to give to (the) most praised one in divinely Presence his honour, (and they are) saying: “He is only a servant.”

But everyone (is) his servant! He Almighty (is) making everyone to be that one's servant. They are not understanding! (The) whole world's people must try to know that reality. For what? To be honoured here and Hereafter, or (else) their level should be under the level of animals. (Those) who are not accepting the Lord's Praising (of) that one that he is Muhammad, (the) praised one, they should be under the level of animals.

(He was the) first teacher, from pre-eternal up to eternal. Grandsheikh- peace be upon him, Allah's Blessings be upon him- he was saying that (the) Holy Quran (is) 'natiqi', continuously. (The) Holy Quran is not in limits of time, no, its meaning (is) just reaching (to the) whole time and (the) whole space. (There is) no any time out of (the) Holy Quran's addressing. Every time there are creatures, because Allah Almighty's creating (is going on) from pre-eternal up to eternal; every divinely Attribute- azzeliyun, abadiyun- (is) continuously, without stopping or without going to be in limits, no! Past time, present time (and) future time (are) for ourselves. In (the) divinely Presence past, present and future (are) on (the) same level.

And He is creating and His creation is continuously, without stopping, and His creation (is) just appearing through one's existence. If that existence is not there, no any creation may appear. From His Lordship (there is) running countless unlimited continuously creation and He is the Lord of all, but it is impossible (for) creatures or (the) creation to reach directly to Allah Almighty; (it) can't be! (There) must be a mediator- (and that is) Muhammadun Rasulullah sws- that he is the representing the Lord of Heavens and he is (the) representative for all creation from His Lord. He is (the) only representative in existence for (the) whole (of) creation from pre-eternal up to eternal.

Don't read, don't recite (the) Holy Quran as you are reading newspapers or magazines! (The) Holy Quran (contains) oceans, oceans! That one (is) just supported or granted (a support) and put in front of everything with divinely Support. Everything depends on him. If that reality of that most praised one is taken away, nothing (is) going to be in existence. (He is) the main pillar that just (is) supported (by a) full support from Allah Almighty. When I am saying 'full support' it is only according to creation, it is (a) full support for creatures; the support that is coming to the Seal of Prophets is according to creatures, or: (from) his full support oceans you are taking only one drop and that one drop (is) supporting everything in creation.

And that drop from that oceans is an imitated drop, (it is) not real, because Allah Almighty (is) never giving

from His Existence to any creature. Because creation can't carry even one drop that you may say its bigness may be as an atom. No! Allahu Samad! (He is) never giving (from His Existence). (Therefore the existence of creatures is) imitated; only a (divinely) Order (is) giving (them) existence, (when He is) saying: "Be!" and (they are) coming in existence. (Creation is) only (with) an Order! It is not something from (the) endless Power Oceans, not taking anything. (It is) only that Word, Command, holy Order according to His Will, (when He is) saying: "Come (in existence)" and the creation (is) coming through that most beloved, most praised one and that Order (is) giving existence (to the creation). But who is coming in existence from creatures, don't think it is something from Allah Almighty's Existence, no- real Existence is only for your Lord Allah Almighty! All of them (belong to) 'Alem-u 'Amr, to (the World of the) divinely Order. He is saying: "Be", and (creation is) coming, according to His Willpower.

And He is Musawwir, Designer, Manifestor- manifesting, forming or designing according to His Willpower. That Order makes to appear (the) whole creation, and (the) whole creation has nothing from (His) real Being; only through His Order (they are) coming in our view, (so) we may look and see, but no one (has a real Existence)- this, what we are seeing everywhere. And (the) only one- that the Order (is) coming to him and then appearing as creation- that is (the) most praised one in His divinely Presence, S.Muhammad sws, and that belongs to him.

(The) most praised One- that one He is, He, Almighty, no one can be (most praised One except Him). What about Muhammad sws? Muhammad is only a figure, appearing through His holy Command, or (only through His holy Command Muhammad) may keep (being) in that existence. When He Almighty (is) asking (Muhammad) to disappear, (when) that Order (is) coming, and (it is) only going to (be) in existence (the) real Existence for the Lord of Heavens. When He (Almighty) is asking to bring creation (in existence), (He is) opening a small door from His Existence and from there by His Order (is) coming a show of countless creation.

Astronomers who (are) looking (to) space are finding now Black Holes, and Black Holes are really signing (these) small holes. There are some White Holes also, that creation is coming out (from them), and when He (Almighty) (is) asking to take them in, gigantic galaxies, coming (a Black Hole sucking)... taking it in and disappearing. Everything you can find in the Holy Quran what we are saying, (this is) evidence. Where they are? Finished! What is that Black Hole, what is its identity? Who can say? (Even) if you use your mind, you

can’t touch anything. That is beyond your mind and mentality. No, they are looking only and seeing giantic galaxies coming nearby (to a Black Hole) and disappearing. Where is their existence if they have a real Existence? Where (they) Went? How they disappeared? Don’t make an objection on these words! What we are saying is nothing now, because we can’t be able to swim through that oceans; as a child- (it) may put its feet at beach, can’t go inside.

Allahu akbar! La Maujuda ill-Allah! No Existence only for Allah! Don’t claim (existence for yourself)! This- for what we are saying, (for what they are) making me to speak on that point? That you must understand your position that you are servant (and) He is Sultan, (but) we forget out servanthood on earth and every cursing is raining on people now, because they forget their Lord’s praising, they forget to give their most high respects and to do their most perfect servanthood for Him. Therefore they are falling down and a Black Hole is approaching this planet also to swallow it! But (what it is) swallowing (is) only (what is) on its surface, not wholly this, taking (only) these heedless people (away) who are turning their faces (from Allah), (those whom) they are forgetting their Lord’s servanthood. They should be taken away!

That Black Hole (is) coming and as a Taifun (it) should run all over the world. Those who (are) not keeping their servanthood, (who are) not trying to give their most high respect to their Lord, that storm (is) coming and swallowing them and throwing them away. Should be cleaned this earth!

May Allah forgive us and bless you. His Blessings (are) only for His servants. Those who are slaves for Shaitan should be swallowed and carried by that terrible storm, taking them away. May Allah give His Shelter for His weak servants who are running to keep their servanthood. May Allah forgive me and grant to you from His Blessings! For the honour of the most honoured one in His divinely Presence, S.Muhammad sws, Fatiha.

## No Pious Ones Left in Any City

(Translated from Turkish)

A`oodhu billahi min ash-Shaytaani ‘r-rajim. Bismillahi 'r-Rahmaani 'r-Raheem.

May Allah protect us against the evil of Shaytan, the evil of the enemy, and from government evil. Amin.

You came with khayr, goodness, may you return with goodness. Today is the beginning of the holy month, Rabi` al-Awwal; the month of mawlid has entered. Many thanks! We’ve left the month of Safar in safety. In Safar, many people faced disasters; and because of afflictions descending on them in Safar, they departed from this world. Thanks to Allah that the month is over.

Now this month is the month of our Master (s). When the name of our Master (s) is mentioned, it is appropriate and necessary that we stand up, even if it’s a hundred times.

Visitor: This boy came with us.

Mashaa-Allah. To visit the saalih, righteous people, for a mu’min to visit another mu’min, makes Allah Almighty pleased. In the past, there were shaykh efendis, pirs, awliyas and `ulamas whom you could kiss the

hands and ask for du`as, prayers. Now that is finished.

There was a man who came from Eskisehir (a Turkish village) to visit me. They said, "This person came to visit you, Shaykh Efendi." I said to him, "I'll ask you one thing." I've passed through Eskisehir so many times. From one end to another, it used to take half-an-hour by car. Now, perhaps you cannot pass through it in one hour; the region has grown. He was an old man.

I said to him, "Yahu, look, you are a person who has seen many things in life. I'd like to ask you something: is there anyone in this village, Eskisehir, whom you could kiss the hands, the garment and ask for prayers? Someone whom you could visit? A person whose door is wide open, whose table is open, who cares for the poor people--is there such a one?"

He answered, "Shaykh Efendi, there is none left. Apart from that, even in Istanbul there's none, whose table is open for others and who is to be visited. In some places, there are some (poor) people who wait for charitable guests who can come and give them five or ten kurush (pennies). However, their doors aren't knocked, their dinner tables aren't set. Their doors are shut and their tables are covered (empty). Now we are in such a situation."

What shall we do? You were not able to find anyone, so you left and came to visit me in this desolate place. In comparison to these types of people, we are zero. But you got up from Istanbul and came here. May Allah be pleased with you. May Allah Almighty confirm your good thoughts about us.

Yahu! Go, if you are searching for them, those whom you are looking for are all lying in graves, in tombs. Go to them. Why would you come here to me? I have nothing. I am a zero person. But Almighty Mawlaa sends, through our Master (s). The ahbaab, friends of our Master (s), arrange it for you, saying, "Go to that place; there is a person working for us. He gives those who come and get what they deserve." Okay, when they come here, I shout to some and I curse at some others (laughter). As I had said before, the pen is lifted from me. The angel on the left side doesn't write anymore [due to being above 90 years]. This one (the angel on the right) records the good deeds, but this one doesn't write, no matter how much I swear!

Welcome! Welcome! You have come with khayr. Everyone receives according to his intention. We go and visit someone; we go to visit Shaykh Efendi, we go in order to kiss the garment of awliya. It comes with that

intention, according to the intention, and Allah writes thawaabs, rewards for them.

Welcome girls, ladies! How are you? I hope you are well, inshaa-Allah. Shukr yaa Rabbee! Shukr! Let us be thankful of our present situation. Because we are now in the last days. That which emerged, is a sign. Everything appearing is a sign for Doomsday. Doomsday is not far away. Saahib uz-Zamaan, Mahdi (a) will come, and after him, nabi `Isa (a) will follow. Then a huge war will break out and Mahdi (a) will stop it. Nabi `Isa (a) will descend and govern for forty years. Then he also will be taken by the Angel of Death also, and Doomsday will fall upon the heads of unbelievers. Amaan yaa Rabbee! Don't make us to be amongst them. We say, "We are Your weak servants!"

Therefore, you must read your daily awrad continously. Don't let a day pass without namaz, prayer, otherwise something will befall you. We won't interfere. If something happens to a person with no prayers, even an awliya with seven heads cannot help. Namaz. Allah Almighty says, "A person who doesn't even pray at least two raka`ats is not My servant!"

Aman yaa Rabbee! Aman yaa Rabbee! Concerning women, Prophet (s) said, "Those who walk around exposing themselves (dressed immodestly), are not from my ummah!" Laa hawla wa laa quwatta illa billahi 'l-`Aliyyu 'l-`Azheem. What to do? What can we do? In order to save ourselves, we say, "Rabbuna 'Llah Hasbun 'Llah!" People must continue saying this. It will be enough for them along with their sajda, prostrations! "The one who doesn't pray at least two rak`ats is not My servant!" says Allah. "He doesn't belong to my ummah" says the Prophet (s).

To women who don't cover themselves, he says, "They don't belong to my ummah."

"To whom do they belong, yaa Rasoolullah?"

"To Shaytan! They belong to Shaytan's crew. They left their names to be written in the book of Shaytan. Their heads are uncovered, they're exposing their bodies and they're selling themselves!"

"These women do not belong to me and I do not belong to them," our mother, Fatima az-Zahra says.

If something happens to them, even if the whole world of doctors gathered, they will say, "We can't do anything, we can't help. There is no cure for this."

"What is its remedy?"

"The remedy is to take them home and prepare their grave in the graveyard," says the doctor.

This immodesty and obscenity is bringing huge punishments upon people. Don't leave your houses if it is not necessary!

Women of Islam! Muslim women! Don’t go out to the marketplaces! Gather in the secret places of your homes and recite the Holy Qur'an, listen to the words of the Prophet (s). Take care of your children and family, and Allah will take care of you. If you don't do that, there is an upcoming war which will sweep away millions and billions of people.

Allahu, Allahu, Allahu Haqq! 3x

Fatihah.

## No Prophet ever had two faces

Run away from artificial things. Don't be artificial. What I mean by that is: official. When people become official, they lose sincerity. We are not in court here. Those who are artificial are different on the inside from outside. Show yourself as you are. No prophet ever had two faces. No saint does. The Lord of Heavens doesn't like it. Maulana Rumi said, "Be like you show yourself to people!" Sometimes you give a good show to others, but you don't feel like it inside. Try to be the way you are showing yourself. This is an excellent target to try to reach for everyone. Everyone wants to make a good impression on others so that they will not hate him. No-one likes to be hated. Everyone wants to be respected, loved and accepted in the community. This is a deep desire within us. What we show when we are in the community we should try to be.

Especially women want to be attractive. They never want others to be like them. It is an excellent characteristic to want to be unique, but it should be used for a good purpose, not to show off by putting others down. Men too want to be unique. This is a secret characteristic which comes form the Creator to His servants. Everyone has been created in a different form. You cannot find two identical people, not even twins. The Lord is one, He has unity. When He created mankind as His deputies everyone wanted to be in unity, to be unique. No-one wants anyone else to be like themselves. This is why people want to show themselves in the optimal way in the community. It is not right just to do that when others are looking, and then to change

when you are alone, it would be a bad characteris-tic. Be as you show yourself! If you don't, try to!

Everyone must go to the Lord of Heavens. No-one has a permanent residence in this life. We are all temporary. When I come here the immigration officer asks me how long I want to stay. When I say, "2 months!" he will give me 6 months. Even if I would stay for 100 years, it would still be in limits and I would have to go. Those who don't want to go will be taken by Heavenly Beings by force. It is a temporary life.

In the traditional books brought to us by the prophets we learn Heavenly Knowledge. In one of those articles we are being told that when a person dies and is put in a coffin and brought to the cemetery, he will be addressed by the Lord, "Oh my servant...". He will be asked 10 questions. "...you know that during your life you were taking so much care about your appearance... Were you aware of the Lord looking at your heart and that you should try to make your heart look its best?" That is the first question. "Every part of you belongs to you, only your heart is mine."

Especially in our days people are so interested to show themselves in the best way, forgetting that the day will come when they will be going to the Divine Presence of the Lord. Every lady wants to be seen as beautiful. Real beauty is a grant from Heavens to His servant. Someone can be young, but except from having a fresh skin, no good feeling comes from them. Some elderly ladies have been granted lights on their faces which makes them more beautiful than any young person.

There is a tale from India: There are all kinds of vegetation there that do not grow anywhere else. There is a very strange plant there with the most beautiful scenting flower. Whoever reaches and starts to wear that plant will be loved by everyone because they will feel an unimaginable familiarity to them. Don't think it is easy to find, it grows in the midst of cobras. Because it is so precious, people are prevented from taking it. You cannot reach it without sacrificing. That is an unchanged rule: If you want to reach something precious, you must sacrifice. If you want to reach Paradise, you must sacrifice to enter. People think that it is free, but it isn't. Sacrifice this life to your Lord and He will give you the next. A billion Christians are saying that Jesus was on the cross and sacrificed himself. I am now speaking on their level: He sacrificed his soul and reached to his Lord.

The beehive is full of honey. If you are not patient in taking the honey, you cannot reach it. You must pay for everything which is precious. You can find shells on the beach, but they are empty. Pearls are under the sea,

and they too are protected by sharks. All Holy People and Prophets are telling us that every night our Lord is looking at His servants to see if anyone is thinking about Him, or if they are all sleeping. We are asking for so many things. In the night when He is looking at us, why aren't we looking at Him? He is telling us to stand up, to come into His Divine Presence and to ask Him what we are asking for. When we ask for something we must sacrifice our sweet sleep, even if it is only for 10 minutes. The longer you stay with Him the more grants He will bestow on you.

Within our traditional knowledge we have been told that if a person gets up in the last part of the night and asks His Lord for this and that, Heavenly enlightened clothes will come on him. A person who is with His Lord by night will be more beautiful during the day, he will be enlightened. You will not have to go to India and to look for the plant. Try to take more and more lights from Heaven. One day you will need them. Particularly when you leave this life and you are accompanied by lights, your soul will not go through darkness, it will go through enlightened worlds. Enlightened people are beloved.

On Judgement Day everyone will have to come to the plain. People will be divided into two parts: enlightened and dark. Look after yourself! If you want try to come enlightened into the Divine Presence. You have a chance now. Don't stay in darkness. If someone is with their ego they will be in darkness. Those who go on the path of the Prophets, will be enlightened. That is the last target of mankind: to leave this world enlightened.

## It is not good for a Mureed to ask to the Sheikh

It is not good for a Mureed to ask to the Sheikh. When we're speaking you may find your answers through our associations. First of all you must try to be with Allah Almighty, and who is asking to be with Allah Almighty must be clean. And cleanliness begins by saying: 'Audhu bi-llahi mina shaitani rajim', because who is going to be with Shaitan is dirty; he can't be with Allah. Allah is not accepting that person. And Shaitan is always asking to come closer to you; he likes to be with you always, so that he is not going to leave you (to be) with Allah. Shaitan is running after mankind for what? To occupy them, their hearts, so that they can't be able to think of Allah- just occupied. This is a glass. If it is full, can't be put another thing in it. If your heart is occupied by Shaitan- how it can be for Allah? Any room through your heart? It is impossible. Therefore Allah Almighty is ordering His servants that they must leave Shaitan, must kick him away, so that the heart of the servant is going to be ready and prepared for Allah.

They are saying about our eternal life, all Grandsheikhs; and their

teachings are from Rasul salallahu alayhi wassalim. They are only trying to prepare the servants for the eternal life, for eternity. They are saying it is not important (what you are asking), so that I may ask you what you are asking me, because you should ask (like) what an ant is asking (from a man): It is asking for a small piece of straw or of bread or such small things, asking to be lead on it, and may say: 'I am hungry o man, servant of my Lord'. An ant is asking from man only that, because its capacity is for that. And if Grandsheikh is leaving (you) to ask this or that, it is only like ants asking, nothing else. Even the whole world is only like a small piece of bread for an ant.

Therefore they are asking from those that are coming and accepting, from attenders, (to ask) for eternal life, eternity. Don't ask anything. Sit down and hear, listen. When you hear and listen, then you may move and act. If you are only hearing and listening, you can't do anything? You are asking Allah Almighty and His pleasure and that is the highest target for servants. A servant may only ask: 'Are You happy with me?' All a servant may ask is his master to be happy with him. And the highest target, aim for servants is to reach Allah Almighty's pleasure, to make their Lord happy with them. No more.

As Allah Almighty was saying to the Seal of Prophets sws in the Night of Journey, when he was in the divine Presence: 'What you are asking, O My beloved and most praised servant? If My love is with you - what you are asking? Everything is for you. I am happy with you to give you what you are asking and more than this, no one knows.'

The servant must be able to be on the steps of Rasulullah sws, so that he may reach a level, that according to his level Allah Almighty is also asking and granting to him- because Rasul's level no one can reach. But for everyone there are levels and stations. According to their level Allah

Almighty with His Greatness is giving, to be on the level of His servants, asking: 'O My servant, what you are asking? It is granted to you and what you ask is nothing (in comparison to) what I am giving to you.'

Therefore we try to give something to people for a new understanding. Old understanding was for past time, but this time's people, this century's people are in need of such speech and association to be caught, attracted. This power is now on. It was off, now coming on, and this power is going to increase, not stopping, not getting less, but more. Therefore- good tidings for you as a beginning.

We have been sent to Damascus and our associations now in Damascus are not like in Cyprus, Turkey, England, East or West, because according to divine appearances that are coming in Damascus- it (the Tajalli) is just different from others. No comparison. And you are coming from far distances to reach and to hear such things. Now it is much more affectable on your hearts and minds, more than before, because time is on, a changing must be on earth. The period of tyrants, darkness of ignorance like a night just passed, and now day, dawn is beginning to give its lights and that lights can't be stopped. All tyrants run away from Allah and make people to worship them and not Allah, and people are through the darkness of night not knowing what is reality. They were with these tyrants, but now it is going to be clear whom they are and what they were doing. And all the representatives of Shaitan and the supporters of the satanic kingdom on earth are going to tremble from the new lights of the new day, the new period, that is going to reach to Sayidinnna Mehdi aleyhi salaam and Isa alayhi salaam.

May Allah grant us to be with them that time. Pray for this. May Allah forgive us.

Damaskus - 16.04.2002

## Nothing is going to be as a servant is asking it to be

Destur, ya Sayyidi, Meded, Mede ya Sultanu-l Awliya, Meded, ya Rijalallah, aiduna bi madadikum...la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...

Nothing (is) going to be as a servant (is) asking (it to be). If a person (is) going to be servant, servant to a Sultan, do you think that his will (is) going to be or Sultan’s will is going on? What is that foolishness from people, form everyone to ask to be everything as he wishes, as he is asking? That is (a) big mistake from servants: to run after impossible. That (is) making this world to be in endless problems and to fall into depthless sufferings. (It is the) main point, because people (are) running after to catch (the) impossible. Shaitan (is) showing them an aspect and to reach to that aspect or target or limit, it is impossible!

Sometimes a person is playing with his cat: binding a piece of eat with a string, making like this... (up and down)... approaching to cat, when asking to reach, making like this... jumping, and that person (is) never leaving (the cat) to reach to that piece of meat. And then (the) cat (is) making like this.... angry, running away.

Now Shaitan (is) showing people a target, saying: “You must try to reach to that point”, and it is beyond of our limits; neither our physical being (is) suitable for reaching to that point nor what we are using from some

means to carry a person to that distance. But Shaitan (is still) saying: “You must do this.“ Look the endless foolishness or unlimited foolishness from mankind: I heard before 3-4 days that now there is a new travel agency. This is new! What is that new travel agency? (They are) saying: “It is for travellers (that) they are cutting a ticket going and coming.” “How much?” “Only 2o million Dollars one ticket!” You heard such a thing? 2o million US Dollars. For what? One ticket, return ticket, but they are saying: “Only we can’t give any guarantee for returning”... What is that! And (they are) saying: ”Oh my darling, you heard such a ticket? We must be first travellers!” “To where?” “Space! Travelling to space! We are putting you in a missile, your head must be down, your feet must be up. If anything (is) happening, your feet (are) going to be taken, not your head, head down!” What they are saying, ordering me to speak it is ajaib! People (are) running after impossible... This American here not knowing yet, heedless Americans...

Making man, playing with their minds, with countless tricks and traps, putting for mankind that Shaitan. “Return ticket” saying, and: “We are saying that no guarantee for returning...”

I was fearing from Concorde- because (it is) so quick, so speedful, taking from England to America (only) 3 hours- and people may say to me: “We may sent you from England to America”, like our brother (was) saying: “We may cut a ticket for you, (in) 3 hours you should be there”... But I (was) never getting a guarantee for that Concorde place and quickly that finished. Now they are not using it, (it is) retired, and I am rest now- no one (is) asking me: “Come ya Sheikh, with Concorde we may sent you!” What about this that their aim is to reach beyond of atmosphere? And atmosphere, as they are knowing, it is only 7o or 8o km. Subhanallah! Allah Almighty (is) making everything in a suitable position, because if (it was) going to be that thickness of it more our blood (was) coming out, exploding everyone. Allah Almighty (is) making (everything) suitable: “Wa wadana’l mizan”... We are putting everything in its best order for Our servants, not to be disturbed by atmosphere, by rains, by winds”- only sometimes, when the Lord of Heavens (is) getting a little bit angry, (He is) sending hurricane...(making everything upside down), carrying people and throwing them into ocean... no one knowing where they went, only Allah Almighty...

Now so many people (are) asking to be first ones for that travelling, to be written their names through Encyclopaedia Britannica: “That first foolish ones who are paying 2o million Dollars and going up for travelling through space.... But, I'm sorry, no one (was) coming back” and therefore (that) agency (is) taking a guarantee from that person, (saying): “If anything happening (and) you can’t return, no one (is) coming from

your inheritors to ask about (your) return ticket money! You used 1o millions, they never come back, 1o million give us!" So that no one (is) coming to ask (a) refund...

Now I am looking who is going? I am offering to all Presidents, Prime Minister, and top-level people- generals, field marshals, to be first ones to look after that area, because they are understanding what is its distance to make a division for parcelling space beyond atmosphere... and I was intending to send as my deputy Y... may be on behalf of me to look big parcel for Sheikh, for Dergah...

People! Subhanallah- "la yukallifu-llaha illa wusaha"... Allah Almighty (is) never asking from His servants impossible. Our possibility (is) everything that may be according to our power possible. (That) possibility we have been granted, but beyond (that) possibility there is (the) impossible, Allah Almighty (is) never asking. If you have been given billions of Dollars, but you are not going to be offered that you may take a return ticket to travel through space- no, it is not for us! Allah Almighty (is) never happy to make His servants... or (for they) to run through impossibility or impossible. (The) biggest Bela, (the) biggest cursing that people (are) running on it, it is from Shaitan: to make them to run after impossible (things). And if you are going to make a list of (all) impossible things and (to) speak on it, it may take weeks for us.

Now through (the) 21st century people- that they are so proud people- they are saying: "We reached (the) top limit of civilization, we reached the limit of being able to control nature and natural powers give us that possibility, giving us an authority to ask impossible things."

(Because of) that possibility that mankind (has been) granted now through (the) 21st century, Shaitan (is) never leaving them to enjoy what they have been granted from possible chances, possible pleasures, possible favours; they are leaving it and asking to run after impossible, because after (the) possible there is (the) impossible area. No one (is) giving a guarantee to you when you (are) running to (the) impossible area, but Shaitan (is) making them to be proud in such a way like Nimrod, (who) was asking to reach Heavens and to fight the King, the Sultan, the Lord of Heavens. Just he passed his limit, (and) then he was shot down, Nimrod...

Those people now (are) asking what Nimrod asked and how Nimrod (was) punished, another punishment (is) waiting for those heedless people, inhabitants of all (the) world that (are) asking to run beyond possibility to impossible areas. They should be punished also! Everywhere, through every field of life, people (are)

running and asking impossible areas. Through every field of life: doctors, engineers, business men, governments, nations, power engines... universities, farmers, shepherds, shippers, flying people- all of them they are asking (the impossible), they are not saying: “Thanks to our Lord who created us the possibility to use these powers from nature and we take benefit and safety for ourselves! It is a grant from Allah to us! ‘Wa zakhara lakum ma fi samawati wa ma fi-l ard’- that is from our Lord’s Favour that we have been granted!” They are not saying this, but they are listening to Shaitan and Shaitan is showing them: “No, it is not a limit for you to be in (the) possible area only, you must run through impossible (areas), to look after impossible areas through space!”

What is your possibility to jump into space? Who (is) giving you that authority? They are not looking our manifestation, our physical being and its possibilities? No, they are not looking, never looking, but shaitanic ideas (are) always making people to leave (what is) important and to run to unimportant things. You are living your life only very short time, oh people- why you are running and wasting your energy and physical being running after (the) impossible? (The) impossible area needs another structure that it is not granted to mankind that they have been landed to live on this planet, not to jump up! Allah created some other creatures, Angels’ world, that they may use this impossible areas that are possible for them, impossible for ourselves.

Everything- we are (on the) wrong way: Our governments (are on the) wrong way, our Presidents, our leaders (are) on wrong way. Particularly universities (are on the) wrong way. Every teaching center (is) under (the) control of shaitanic ideas and teachings- how you can hope (for) a good future for mankind on this planet? As long as they are running after (the) impossible, that means they finished, (except those) whom they are saving themselves and keeping their limits, that it has been granted to them to live on this planet...

Even flying from continent to continent is also beyond our limits; therefore all of them (are) travelling under a big dangerous atmosphere. Any moment may happen something for a flight, and no one (is) going to be saved because even these 1o km, not 1o, but 3 or 4 km, it is so, we may say, on earth limits, but beyond this, that rockets, all of them (are) passing away, passing their limits, therefore mostly their riders (are) looking and seeing some figures approaching them and coming around this (rocket)... They are not saying this, they are keeping (it secret), not giving any knowledge about them, but very few, some people are saying that: “When we are passing up, the guardians of first space (are) coming and looking whom they are you and what

they are doing, and (then) coming (a) big fear through them, they are going to be like drunk people and they are asking to move down. They are not seeing safety up, but they are looking safety for them (is) to come down... Oh people, come down, don't pass your limit! You are not spiritual beings no, your creation (is of) another kind. Keep it! Keep your Lord's respect and Glory for the Lord of Heavens and try to give to the Lord of Heaven your glory to be happy here and Hereafter.

May Allah forgive me and bless you. For the honour of the most honoured one in His divinely Presence, S. Muhammad sws, Fatiha.

## Nothing is more precious than Knowledge

Shukr, ya Rabbi, Shukr, ya Rabbi, Shukr, Alhamdulillah, Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah...Destur, ya Sayyidi, ya Sultanu-l Anbiya, Meded, ya sulranul Awliya, Meded, ya Rijalallah...Ya Rijalallah, aiduna bi aunillah...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, l haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...Subhanaka! La ‘ilma lana illa ma ‘alamtana...

Nothing can be much more precious than ‘Ilm, Knowledge. Knowledge (is) giving honour to mankind and “Rutbatul ‘ilmi ‘ala rutab”, “the Rank of Knowledge is the highest rank”, (as) Rasulullah, the Seal of Prophets, the most honoured one in His divinely Presence, S.Muhammad sws- Allah bless him and give him more glory- (he said). There may be for mankind so many ranks. (These) ranks all belong to this life and most ranks are artificial, they are not real ranks. That ranks which are artificial, (they are) just (only) reaching (up) to death of that person. When that person (has) died, his ranks also disappeared, because they are artificial, not real ranks.

Real ranks (are) heavenly Ranks, that are grants from the divinely Presence to Allah’s servants. That Ranks can’t be granted to everyone, no! Heavenly Ranks (are) only for some people that are chosen people among whole mankind. How they are going to be chosen? Who is choosing them? Whom they are? It is not like election of people, voting people and bringing a dirtiest one and making him the last level of animal level.

They are not elected or chosen by mankind. It is not from people, no. They are chosen and elected through Heavens. Whom they are? They are those whom “Iza ruu, thukkir Allah”- they are some people (that) if you are looking to them, immediately you are remembering Allah and you will say: “Allah!” That is their speciality. They are just different ones among other people. Their dressing is different from others.

“What is their dressing oh Sheikh? They are following fashions? New fashion every time they are dressing? Following fashions? What is their dressing?” Shaitan (is) playing with people with fashions. To rush and to run on keeping fashions. Now the whole world is running after new fashion for everything. They may say: “Our furniture is now old fashion, now New Year coming, we must change it in a new fashion furniture. If he has a car in December, and coming January, he is saying: ”No, my car is now old fashion, I must look a new fashion (car). New Year, new fashion!”

Dressings, for everything man has a so bad habit now. Bad habits (are) just planted through mankind. Everyone is asking new fashion, new things. They are thinking that if they are using new fashion clothes they are going to be changed into another personality. They are thinking that their physical being is going to be changed for the reason of new fashion clothes. Therefore they are throwing away. Everyone’s wardrobe is full with clothes. If you are asking: “Why you are not dressing this?” (They are saying:) “This (is) for last year we are dressing this, now we are asking new fashion clothes.” They are so square head people, no mind people that thinking new fashion clothes... It is same clothes, same material, but sometimes this jacket, I was looking, sometimes they have only one button. Then becoming after a while I am looking: Oh, they are using two buttons. Now I am looking that it is going to be 1,2,3... They are not dressing one button. It is so blame for them, no, can’t be! How it can be! Moda, fashion, new fashion, three button, how you are coming (like) this! Sometimes you are seeing that jackets for another style and colour and trousers another. Sometimes trousers bottom so large... and then I am looking and it is going to be like this oven pipe... ”Because we are civilized people and we must follow fashions”... What is the benefit? Shaitan is making them mascera... Shaitan playing with their small minds... Look X... becoming old fashion little-by-little...

People now on earth are occupied by such a foolish habits. 1oo % foolish habits. Particularly women. Women running after fashion. New fashion followers. “We must look this TV how she is dressing, we must dress like that one.” “Oh my darling, you must also dress like this one!” Putting one eye-glass and looking to her... seeing four... And people they are thinking that their dressings are giving them an honour! And finally then,

when they are dying, taken everything from that one, all new fashions, nothing on her or on him, you can't look to their faces! Shaitanic teachings! And then Shaitan is using his representatives from devils that they are new fashion makers in Paris... new fashion center... people looking new fashion coming from Paris... Shaitan's representatives for new fashion, in Paris... English people not too much running after such things. They are conservatives, people are keeping their old systems much more... particularly Scottish people never changing... Scottish people they are dressing their grandmothers, grandfathers dressing, when they were using it for wedding ceremony... and Germans... they are also using 'Leder' trousers from their ancestors... I don't know to where reaching their ancestors... from the time of... or Wilhelm using this?... "We must keep this!" Feridudin never using ordinary trousers, always coming like this and his group also... I am happy with them... X., why not using your grandfathers... stolen? Jamaluddin, where is your grandfathers (trousers)? No grandfather for you? Subhanallahi-l 'Aliyu-l 'Azim!

Shaitanic teachings and also Shaitans representatives. Practising people everywhere. "You must follow this, because your honour (is) top honour to follow a perfect following for fashions." This year fashion is yellow clothes, yellow hats, yellow tie... only priests are unhappy because always dressing black clothes... they are unhappy not to follow new fashion clothes... and people (are) running after fashions and practising what Shaitan (is) making them to do and to follow, and they are saying. "Your honour (is) with your clothes. You must take much more care for your clothes." It is written through holy Books that it is traditional knowledge reaching to me also through 1ooo years, that Imam Ghazzali- he is famous learned person in the Islamic world, well known, as well as he is well known through Western countries. They are saying: "Most important philosopher in Islam." Western people (are) saying. Oriental people, Muslims, (they are) saying: "One of our most high level learned ones, 'Alim, learned person."

He was saying that when a person died and put in his coffin and taken to graveyard, on the way his Lord, the Lord of creation, the Lord of Heavens, Allah Almighty, He is asking to that one until his coffin is reaching to graveyard, 4o questions. Before the questioning in the graveyard, 4o questions. He was saying first one of that and the other 39 keeping with him: Allah Almighty is asking His servant: "Oh My servant! I was looking to you along your life; you were taking a perfect care for your outlooking, as much as possible you were taking care for it" (Sometimes coming (in front of mirror), making (like this, like that)... women and men looking (in) this big mirror... making like this... "Okay"... If not, putting (make-up...arranging his) beard... then full...)

“You were taking so much care your yourself, your outlooking, because you were very happy that people (are) looking to you and to say: “Oh, so beautiful one”... some others may say: “So handsome one”... Through your whole life you were interested only in ‘tanzim’, for decorating your outlooking so that people may look (and say about you): “Ohhh!”, that people may see you in a perfect condition. Were you ever thinking for Me, that my Looking was to your heart, to say that: ”My Lord is not looking our outer being, our forms, but He is looking to our hearts”? You ever thought on it, you ever tried to make My Looking to reach through yourself in a perfect looking and to see and to be happy with your heart that you (are) taking care for it? You ever thought on it?” This (one question already) is enough! It was enough! That people, what they are doing for themselves, for their physical being! (And the) Ohysical being is nothing! (It is) going to be a rubbish with bad smelling.

You should be put underground, through your grave, and just covered with earth, but your soul, your heart, if you are not taking any care for it, Allah Almighty (is) blaming you. He should blame you (And say): “Oh My servant! Why you were not taking care for Me to show Me a good show through your heart? You (were) ever thinking on it?” Now people, all of them, (they are) making (this)- dressing on their physical being so many bad habits, bad fashions- they are saying: “New fashion” (for it)- and finally that physical being (is) going to be on a worst position. They are running (and looking) after their physical being, they are not running to make their hearts clean, prepared for their Lord only!

We are speaking on knowledge, a (kind of) knowledge that people must know. It is a kind of knowledge that (is) giving honour to its owner, making his rank over ranks, making his rank over the ranks of common people, making his rank a special rank, just different from other peoples’ levels- that (knowledge) gives them honour. Therefore the Prophet was saying: “(The) highest degree for our ranks- that it is not from earth, from people granted to you, (but) it is granted from Heavens and you dressed (it) on yourself- that (rank) is much more or that is what Allah Almighty is asking His servants to reach! And when His servants (are) cleaning themselves and coming (clean, then) Allah Almighty is dressing them heavenly Ranks, (because that time) they are suitable for (these) heavenly Ranks. His servants have rights to be dressed heavenly Ranks, real Ranks. (They are) not like common people living on earth that they are asking ranks and honours from their dressings.

May Allah forgive us and bless you for the honour of the most honoured one in His divinely Presence S.

Muhammad sws, bi hurmati-l Fatiha.

## Nothing is permanent

Nothing is permanent. Material by itself can't move, can't do anything. Even atoms can't move by themselves. There is the centre of the atom, the nucleus, and around it are the electrons. They are moving or not? -Yes.- You can see it? - No.- But you are saying 'Yes'.The important point is that they are moving, they are not fixed. Even we say this stone is solid material, when we come to its original (base), they are not frozen, but moving; and their movements are so fast, like the speed of light. It may be less or more, but the electrons are moving around the nucleus. We know that nothing can move without a power; power makes something to move. Every movement needs a oushing or a pulling power. And I am asking: 'From where (is that power coming)? This atom is the smallest piece of matter or mass, and beyond this we are not seeing any mass. What is that power that makes electrons to move with such high speed?'

All atoms move with the same speed, and each one has a special orbit and runs on it. There are no accidents, no traffic lights. No. Such a perfectly

arranged system is in every atom. If that atom wasn't taking any signal from beyond its existence, it would be impossible for such a movement to come in existence.

Therefore materialist people are so wrong; they deny that there is another unseen world beyond the material world, which is controlling everything through this material world.

Now we are coming to our position. We know that man originally is not moving. Our creation is such that if we are not needy for something, we like to sit down, not to move. If we are in need to reach something we are moving. Therefore Allah didn't create man like the angels; our creation is different from them angels, whom belong to the Alem-ul-Latif, the spiritual world, and man to the world of density. Therefore we are not moving, we are like rocks, sitting, not asking to move.

But Allah Almighty is sending on us hunger, so when we are sitting like this, we start to think: 'I am so hungry, why I am sitting? I must get up and look for something to eat, to prepare something.' If this sense weren't with us, we would sit down. And Allah is sending thirst and we are asking for something to drink. The heaviness of mass or material is with our structure, it makes us to move, and there are so many different necessities that make man to move, to do something, to run, to built, to establish, to learn. And we are, that same reasons, necessities for ourselves. Then we stand up.

And more than these necessities we have another sense which makes us to move towards Heavens. Because the necessities of the physical being are in limits, even they may cover our whole life, and that sense or interest may make a man to run after it up to the last moment of his life. There is another need, and that is for our inner life; some interest that we are

feeling through ourselves and we are asking to reach. That is another reason for man to move.

One belongs to earth, one to Heavens; therefore man is moving. If it is for material aspects, our material being is enough to run after it, but if it is for spiritual aspects, we need some other teachings, treatment and practising for reaching those other kinds of aspects that belong to our spiritual being.

Now it is going to be clear for everyone that they have two different beings in one cage. Everyone's interest is different or opposite, and for these different aspects everyone needs different efforts, works and movements to reach to them.

Now we sit here and I am saying: Destur, ya Sayidi, Meded! I am asking, because this gathering is a spiritual gathering, and we are authorized to guide people on their spiritual aspects or targets. If our position is in such a way, we must be in connection with spiritually powerful people. We must look for some people that have been spiritually authorized to make our connection to Heavens, which has been cut down.

When Adam (alehi sallaam). came down on earth, the relationship between man and Heavens finished, it was cut off. Heavens was up and we fell down to Asfala safilin, the lowest point of being down; our position is such, that there is no more under it. When we were sent down from Heavens, quickly that relationship was cut. Now we need to renew our connection with Heavens. Until we reach to that connection there is no peace, and we are going to be under the heavy burden of the material world. It is coming on us and we can't move. That heaviness of the material world can't be taken from us, and it is impossible for a person to save himself from the heavy burden of the material life, except through his connection with his spiritual position. When he reaches

his spiritual position, he should be saved from the heavy burden of materials. People are only in trouble because of this matter. The whole world is under the heavy burden of materials; therefore they are shouting, because their connection with Heavens is cut, they are not even finding breathing freely. Sometimes they can breathe, sometimes it is cut off and they shout.

The people in the entire world are like that, because they give importance only to the material life, and it kills them, destroys them, making them to suffer and miseries to come on them.

Therefore Allah sent His first prophet S.Adam a.s. to be the guide for his sons, to renew their connection to Heavens, to Paradise. And each time through His endless mercy Allah sent to mankind some heavenly personalities who are dressed heavenly powers, to renew our connection with Heavens. Who accepted, became free, was saved; who escaped died under the heaviness of the material burden.

Now the whole world needs a support from spiritually powerful people. It is enough that people ran after politicians and governments- they can't do anything, they finished, they have no more power through their hands to change mankind's life situation. And all mankind is in need to change their life-style; it must be changed 100% or by 18o degrees, to come from the lowest point up to save themselves. The leading governments can't give guidance, guidance is for prophets, leading is for people of Dunya. Look in East and West, look to Europeans and Oriental people, Russia, America- everywhere leaders fell in a position that they cannot save themselves nor their people. But people are not thinking about another way, which is the guidance of Heavens.

Allah Almighty is saying: 'I am sending My guide and guidance to you.' When

He sent Adam, He said: 'O Adam, I am sending My guide and guidance to you and your children. Who is accepting that, should be saved. Who runs away, should die under the heavy burden of satanic ways.' Therefore now the whole world is in need of a new change. Everything must go, must be thrown away, a new establishment must come whose people make our connection to Heavens, so that people may reach their peace, contentment and satisfaction. No other way- just closed; impossible, they can't find any other way, because materialist visions and ideas are bankrupt. Finished- we made an X on them. Sometimes I am seeing what they call a 'car-cemetery', and the cars there have a sign on them, an X , meaning they are finished. Now all governments starting with Turkey, America, Russia, and Argentina, and first-class beginning with Pakistan and China- all finished, because all of them asking to save themselves by material methods; and they are finished- the engine just burned. You must throw it away and put another one, but if they bring a new one, same time that one is going to burn also, because it is finished, it can't work. Now coming X on all countries; finished. Don't think England is better for us- it is same. Pakistan, Hindistan, Malaysia, Ceylon, China- everywhere the X is signing that they are finished.

You must understand! Up today people run to save themselves by material means, but finished, they tried every way. After kings and sovereignity they said there should be one party, and for some time, a little bit it was going like this, like that. Then they said: 'One party is not enough; because we can't collect all people under one flag. We may make another one.' And that second party was successful for some time, but finally finishing. And they brought more and more; now there are countless parties in Europe and in the whole world, but they are finished, they can't do anything. Alhamdulillah that Allah is leaving those people to their mentalities that claimed that they could live their life-style, as they like.

They left the guidance of Allah Almighty and follow satanic teachings and come to an end; just closed down and never going to open again. Ask what is the way of Heavens, to save the servants of Allah that live on earth. Ask and follow, or you are also going to finish with the others. May Allah forgive us.O Allah, send us from Your honoured servants to save us from the darkness of satanic teachings and practising.

Someone asked about a Hadith, according to which in the three years before the arrival of Mehdi a.s. first 25% less rain should fall and the earth should grow 25% less, in the second year 5o% and in the third year no rain at all should fall and there should be no growth. Sheikh Effendi said: 'It was the last seven years. That finished, and what is opening now is an opening for Mehdi a.s. This year opening.

## Nothing Really Exists

Is it possible for an ant to understand a bee? Is it possible for a cat to understand a dog? If a cat isn't a dog, he cannot know the real position of a dog. A dog will understand a dog, a cat will understand a cat. Everyone understands their own level. An ant cannot understand a man. All it knows, is that if it lands under the foot of a man, it will be finished. It knows we are a great creature which moves, but it cannot give any description.

Only a man can know about another man. A man cannot even know about a woman, just like a woman cannot know 100% about a man, because they are fully different beings. So how could it be possible for mankind to understand the Creator? Only another creator could do that. But there cannot be two creators, it is impossible. The greatness of the Creator is that He knows everything, every detail of His creatures.

One divided by infinity is zero. That means nothing is in existence. Every part of your body can be divided to the point of zero. Infinity multiplied by zero is zero. What we are seeing is in reality nothing, shadows. You look into the mirror and you think it is you, but in reality it is just your image, your shadow. Every part which is in existence can come to a point where it cannot be divided anymore.

The Creator in His endless Oceans of Wisdom and His Will creates countless universes, worlds, servants, creatures and kinds of creatures. He calls them, "Come into existence!" and they appear. If He tells them to

go, they will disappear in His endless oceans. No-one can refuse His Will. Man must know that they are nothing. When they admit this, they will lose the pride which prevents them to be in the service of the Lord.

People do not even have the most simplest knowledge about the Creator today, even though they do not even have any real existence! That in the mirror is not you! A photograph doesn't exist, even if it looks like it. Everything you see is an image: nothing!

On the Night Journey Allah said to his beloved servant, "I will make you a mirror of me!" This is why we are saying, "La illaha illa'Llah, Muhammadur Rasul Allah!"

A television would be nothing without a screen, without it nothing can be seen. If you would change the material of the screen it also would not show. In the same way. Muhammad sws is the only one who can serve this purpose. Without his creation nothing could be in existence. In the coming years of the second millennium such real realities of the Lord Almighty Allah will appear.

This is like a feast where the elephant who comes would take its provision, just like the ant would. This is a power station and everyone who comes here will take their share, whether they are aware of it, or not.

## No time to travel and visit

Bismillahi Rahmani Rahim

No time to travel and visit. One moment no planes, no ships, no coaches. After the end of October from the beginning of November I am not carrying my responsibility for visitors. It is difficult. Perhaps Armageddon, billions will die.

Last night the order was coming for fighting, not from senate but heavenly order; it will start, the terrible last war; dangerous, terrible, terrible war, last war. No more wars, this is a king size war; Armageddon.

No one should come, everyone must know. It is the heavenly order that is coming and what the Seal of Prophets said about these days, it must be... I can't prevent coming events, no, everyone must be with families, fathers with children, husbands with wives, in the house.

See what happens when not protected. Billions without any reason coming and going. Who is outside there is a danger on them; no protection. If for a need coming, it is okay, maybe protected. If not, without any reason or need: under danger. I am welcoming but I must say to all of you to take care what is necessary.

This will not be a long war, it will finish in 3 months, at least six months, you must try to keep in your house

the food and drink that is necessary (for this time period). Everything is going to stop. If centrals hit down, no more electricity, nothing going to work, people dying, can't reach food and necessities. Therefore keep at least one month of supplies. Paper money will have no value. Take something or change to gold, buy food and what is necessary. If whole city is shut down, no more markets, everything going to stop, no more cars, you must think on it. Not time to walk around the world from beginning of November. Give (this talk) everywhere to whole people.

Yesterday has passed away, centuries in imagination now. No more yesterday today. No one can ask their lives to be the same. Future is terrible. No one asking - lives wasting, giving everything to Shaitan; bringing cursing from heavens... They can't reach what they did yesterday. Twentieth century has finished. Limit of kufr - Shaitanic actings. Shaitanic ideas must be taken away, false ideas against heavenly rules on earth. Heavenly rules now coming and going on. No more tolerance - finished. Heavenly rules, no more chance to renew what they were doing before. Finish. It is a big earthquake but not a normal earthquake bringing biggest states to come down. Huuuuu...! Huuuuuu...! Seventy states this year going to come down. Who is going to be with Allah will be protected. Anyone who is asking shelter from Allah Almighty will be protected. Who is not running for shelter from Allah Almighty will be taken away. And no time for burying, even the bodies of people are never going to be identified. No one knowing, going to be ground then finished, so terrible weapons prepared. Whole states trying to destroy humanity but it is only going to be in a limit then finish.

Coming Haqq.

May Allah bless you and forgive me.

Fatihah.

Lefke - 01.10.2002

## Not let us forget His holy Name

We are asking from Allah Almighty not to let us forget His holy Name... This is an association, and its main target is to wake up people who are attending the gathering... The Prophet sws was saying: 'Allahumma la tunzina dhikrak', 'Oh our Lord, don't leave us to forget Your holy Name.' That is an important advice. A person must try to be always with Allah Almighty and not to cut this connection. Who is cutting that connection is falling into danger. As long as your connection with Allah continues, you are under His divine protection and support. Therefore it is important to make this Dua: 'Oh our Lord, don't make us to forget Your holy Name, but to remember it always.' How?

When you say: 'Bismillahi-r-Rahmani-r-Rahim', it means you are with Allah, you are in connection, and must be protected and supported, and also guided and directed. Grandsheikh was saying: 'Every way to make a connection with Allah Almighty is closed now, except to say: 'Bismillahi-r-Rahmani-r-Rahim.' When you pray, no doubt you are going to be with Allah- more or less, but

when the prayer is finished and you go, you enter Dunya and- finished.

Worship is alway temporary, you come and you remember and are in connection with Allah. When finishing, no more connection with Allah, the ego feels free and is very happy to be independent, not to be there anyone to command or order, to look after, direct or guide him, because the ego never likes that. The ego never likes to be ordered, commanded, but asks to be in the position to command. It claims to be there, no one over him to command him. That is the egos speciality or characteristic.

When Allah Almighty created the ego, nafs, and said: 'Come!' it went back. When He said: 'Go back!' it was coming forward. That is its main characteristic and it is enough for everyone to know about his ego. If you don't know about your ego's characteristic, you are never going to be saved from it. It is doing everything opposite. Therefore oppositions represent Shaitan- in parliament, government, every opposition is with Shaitan. First opposition to ourselves is our ego. First opposition to Allah Almighty is Shaitan, because when Allah ordered to make Sajdah to Adam Shaitan was saying: 'No.' Both, ego and Shaitan, are on same characteristic. As long as you can't be able to control your ego, you are not a servant of Allah- you can't be.

Every kind of worship is only to help you control your ego, it is not for Allah. That means your worshipping is not giving any benefit to Allah. All Heavens, countless angels and countless creatures are bowing to Allah, making Sajdah to Him and glorifying Allah- no need from you anything, nothing is reaching to Allah. Our prayers are not giving benefit to Allah- He is not in need to take benefit from the creation which He created.

The nafs is always opposite. Therefore you must try to break the naf's pride, not to let it rise its head, but to make its head down. When the ego

makes its head down, then you should be accepted and called, becoming a servant of Allah. Everyone must ask and try to reach to Allah, that is the main purpose of your creation and for your life. All prophets' and holy books' purpose is to make people to reach Allah, nothing else, not to reach to Dunya.

If you have billions of gold coins or Pounds or Dollars- when you die, where is that which you claimed to have reached from Dunya? Where are your treasures? It means you have nothing, you can't reach to anything from the material world through tis life. No one can reach any material target in his life, no matter how long he may live. When he is passing away, he leaves his material on earth- the material in the outside, and he can't even carry the material of his own body with him. Our body is our material, and even your material you can't carry, but so many people must come to carry your material- it is not you.

They say: 'Who is that dead person? For whom is this funeral?' May be famous and richest one- where is he? In his coffin. If he is there- why is he not speaking? He may adress us. But now we are seeing there only a piece of wood, and nothing else. We adress him- but no answer. We touch him, but no reflex. You may say: 'That is Janaza for Ali or for Wali. It is his Janaza- where is he? He is not there. Janaza means his material. But he is not there, only his material is there, he disappeared. So how you can claim that you may reach material from Dunya- and billions of people run after Dunya to take more material- when in the end you cannot even take yur own material, your own body?

The main purpose of the creation of mankind, insan, is to reach to Allah- material cannot be a target for us- and we must try to reach to Allah. And we can't reach to Allah if we are not travelling from ourselves to the divine Presence. You must travel from yourself to Allah Almighty's divine

Presence.

If you are asking for a journey to Hajj, you are using some means to ride on- camels, or cars, coaches or planes or ships. To travel to Allah, you must ride on your ego, that is your ride. You can't use any material means to reach to Heavens. Don't be cheated and tell me that you may travel by rockets. No, you can't do this, it is useless, like the toys of children.
But you must use the ride of your ego- and this is the answer to those who may ask: 'For what did Allah give us the ego?'

The ego's characteristic is like animal's characteristic: animals help you, they give service to you, but it is not from you. Only you may use them for your purposes, to help you, and you may ride camels or horses or load something on them. And same with the ego- it may carry you from yourself to the divine Presence.

When Abu Yazid reached the divine Presence, he knocked the door and asked Allah Almighty: 'O my Lord, how can I reach to you? I like to come to You, o my Sultan, how can I do that?' And the divine answer came: 'Leave your ego and come.' Because no one is coming to the king and asking to reach to him and insisting that he must go in front of him riding on his horse. Everyone must come down and walk to the king. Allah said: 'Leave your horse outside and come. I don't like that one, the nafs, to come to me.' Therefore it is very important that our horses should behave and be under our control to take us to the divine Presence. Don't think that if you have a jet-plane you can reach East and West by yourself; no, you need a captain in it, who may fly it or teach you how you can fly yourself. People are therefore of two kinds, and some of them come and say: 'We can't make it to use our ego to reach Allah Almighty's divine Presence, but you know- we follow you.'

The inheritors of the prophets may use that means, a plane, and they may reach.

But there is no need for all the passengers to know how to use the plane. We are in need to teach our egos through our life and to know how we can be able to use it up to the divine Presence. When someone reaches there, Allah will order that person: 'Come to Me, but leave your ego outside.' He is not accepting egos to be in His divine Presence. It is a very important point that we must know how we can be able to control our ego. All obediency and servanthood, worshipping and prayers are only to prepare us how we can be inthe divine Presence.

You must have someone for teaching you how you can be able to take yourself to the divine Presence and to make down your ego. The ego is never asking to bow to anyone, and you must make it to bow to its Creator, to Allah. The Prophet was saying in his prayer: 'O our Lord, don't leave us in our ego's hands even for the blink of an eye', because, if we are left to it, quickly we will fall down. Not to be in the hands of your ego you need your connection with Allah Almighty to be continuous, and nothing can be done for that purpose except through the remembrance of the holy Name of Allah- making Dhikr. You can only do this. We are asking to make one step to say 'Bismillahi-r-Rahmani-r-Rahim' for standing, 'Bismillahi-r-Rahmani-r-Rahim' for sitting, for eating, drinking, speaking- for anything and everytime you may say: 'Bismillahi-r-Rahmani-r-Rahim', and your connection will be continuous, never cut, always.

Grandsheikh said: 'Now in our days it is enough for everyone to keep the connection if he says: 'Bismillahi-r-Rahmani-r-Rahim' for everything he is asking to de or to be in. If he is forgetting, he will be forgotten.
There is a fuse, if it is broken, everyting is in darkness, no connection to the power at home. When a person is forgetting his Lord's existence, it means that his connection is cut, and he is in another place and Allah in His glory, and he must quickly make the connection again. When he says:

'Bismillahi-r-Rahmani-r-Rahim' he is quickly making that connection and it is okay. When the fuse is blown, the Besmela makes it as before. No one can touch you.

If you need to do something, according to your intention, the power will come to you. The only condition is that you must do and intend to reach to Allah. If not, that connection is never going to be made, and the fuse is broken, and you are automatically going to be with Shaitan. You fall in darkness, can't see, and can't do what you are asking to do. You can't see right, left, up, down, in front or behind- you are imprisoned through the darkness, in a dark world. Therefore be very careful to use from now on 'Bismillahi-r-Rahmani-r-Rahim' for everything. If your fuse is broken, quickly renew it or change it for a new one.

This is an important association to be known by everyone, not only by Muslims, Arabs or Turks, no. Even people in the non-Muslim world must use it, because everyone is living in the same situation, or under the same circumstances. People are living in the same atmosphere. In winter we are all under the circumstances of winter; when the summer is coming, we get hot and say: Ohhh. This is never changing. Therefore man must try to do that, to use His holy Name, or His three holy Names, in the Besmela.

If not, you can't reach to do anything with its perfection. Anyone who is not in connection with Allah Almighty is ever bringing anything to its perfection. Therefore everyone living on earth now must try to remember that he is always in the divine Presence. As a mirror showing people their forms, you are going to appear in mirror what you do. For everyone there is a special mirror- looking in it and coming in existence, and you should be free to choose for good or bad. If reaching that choice, you are happy and lucky. If you are not able to choose, that means, you never reach a perfection.

Many people can't choose by themselves. Therefore we are in need of someones- prophets and saints, their inheritors- who may choose for us what we are in need of really for our perfection. Everyone has a perfect position in their creation. You have a perfection that belongs only to you- no one else can be in that perfection. X has another perfection through his creation that no other person can reach, Y has again another perfection- like goats on mountains, each one is independent. When you are reaching to a person who may know your real and final position in the divine Presence and your perfection, who is looking to the Preserved Tablet, he may lead and guide you. That is the reason that mankind needs guides. The first man was a guide also. Prophets are all guides.

O Allah, You are the real Sultan, the eternal Sultan. Try to be His right servants, true servants- for that purpose we have been created. May Allah bless you and our gathering and give us a good understanding. We need guides- without guides, no guidance.

## Not only a hope, but a reality

We have been ordered to say something about these miraculous times and events that are approaching soon, to make your unhappiness change to happiness, and to make you more patient... As much as you can hear and believe, you can reach happiness quickly. It is not only a hope, it is going to be a reality for you to be able to see Jesus Christ and Mehdi a.s....

A person may be sentenced to 4o years of prison and be told that after these 4o years he will be set free with someone's help, and be king of the country. Will his sufferings affect him? 4o years of prison is suffering, but he knows that his suffering will end and that a kingdom will come to him. Joseph, S.Yusuf a.s., was a Prophet, and he was imprisoned, but it didn't affect him because he was told through his dream that he would be the King of Egypt.

Suffering is only for those who have no hope of a second life, of an eternal life... We know that the whole world is full of suffering, but that hope, our faith, our beliefs, can take all of that away from us. But those who don't believe will always come under heavy burdens ...

So we are trying to give to everyone hope for an eternal life, so that they can carry everything with enjoyment, and not be killed with all their suffering. That is important. You cannot know now, you cannot see it now.

Therefore you must believe, because you cannot know until you are in it. Belief is something, but knowledge is something else... May Allah grant us strong belief... Fatiha.

## There Is No Other Way but Submission

In the words of Allah Almighty:

••••••• ••••••••• ••••• •••••• ••• ••••••• •••• ••••••••• ••••• •••••• •••••••••••• ••••• •••••• ••• •••••••• ••••••
••••••••••••••

Falammaa alqaw qaala Musa maa jitum bihi 's-sihru inna Allaaha sayubtiluhu inna Allaaha laa yuslihu `amala 'l-mufsideen. When they had their throw, Moses said, "What you have brought is sorcery! Allah will surely make it of no effect, for Allah prospers not the work of those who make mischief. (Yunus, 10:81)

That is it! Finished! He is finished. Indeed, Allah Almighty speaks the truth. If not today, then tomorrow, if not tomorrow, then the day after. It is the mission of the qutb: we do not want help from America. From today onwards, help will come from Qutb al-Mutasarrif!

The people of Egypt are also blamed and responsible, as our Lord Exalted and Most High says:

•••••••••••••• ••••• ••••••• ••••••••••••

wa ta`awanoo `ala al-birri wa al-taqwa. Help one another in righteousness and piety. (Al Ma`ida, 5:2)

If they had attacked Libya they would have been responsible. They are fortunate because we would have

taken revenge on them. They (Egyptians) need cooperation and they are scared of weapons. They have double the weapons of Libya, so why didn't they use them to save the Muslims from that tyrant and oppressor? May Allah kill him!

This will all end; no oppressor will last until the end of this year, until Rajab, the holy month of Allah. O our Lord! We leave it to You, we leave it to You, we leave it to You!

In one moment millions, not thousands, were destroyed in Japan and still they are not settled. Asta`eedhu billah. Qooloo aslamnaa, "Say, 'We submit!'" There is no other way except to submit. If they do not submit and leave democracy for Shari`atullah, they will all continue to die.

A`oodhu billahi min ghadab al-Jabbar. I seek refuge in Allah from the anger of The Compeller. We are not joking; it entered, the movement has started. He will not leave them be; he will remove all of them. Na`oodhu billah. Na`oodhu billah.

(Du`a.)

Fatihah.

## No way for mankind to save itself

Meded. (Help Us.) No way for mankind to save itself here and hereafter without asking heavenly support, and heavenly support is coming from heavenly ones. And we are saying first: 'Audhu bi-llahi mina shaitani rajim', O our Lord, we are running to You from our most dangerous enemy Shaitan. Save us from Shaitan and his tricks, save us not to fall in his traps. Countless tricks for Shaitan, and he is putting countless traps for mankind everywhere, so that you must be open-eyed for saving yourself. If not, you may fall in his traps, and it is difficult to save yourself. You will need someone to save you from that trap. Most people are in traps- just caught, and someone must come to open that trap and to save them. Commonly people have been caught by Shaitan's traps; only Anbiya, the prophets, and Awliya, their inheritors, the Saints, and are free.

Once Shaitan came to the most Beloved Servant of Allah Almighty Sayidina Muhammad sws, when he was in a meeting with the Sahabas, his companions. Rasulullah asked him: 'Are you not knowing that it is forbidden for you to

come to me, to where I am?' Allah Almighty is preventing Shaitan, he can't come to Prophets and also not to Awliya. Then Rasulullah asked Shaitan about S.Omar r.a.: 'How are you with Omar?' , and Shaitan said: 'When I am seeing that he is turning to come on me on the same way or street, I am turning back on another direction, not to come face to face with him.'

S.Omar was not a prophet, but a Sahaba, and all of the Sahabas had sainthood. To look to a prophet gives high honour to a servant. We have been honoured to be from the nation of Rasulullah and we were not with him, when he had been sent as a prophet. We believe according to the news that reached our ears, and we accept him as a prophet, without seeing him. But the Sahaba met him, they heard what he said and they saw him, therefore their rank is so high. To see and to meet someone and to accept him is one thing; to believe without seeing, only by hearing about that one is something else. To look and to believe is much more powerful. Therefore all the Sahaba are Awliya, and their ranks are so high.

Even if a person just came in front of
the Prophet and said to him: 'O Muhammad sws, I am witnessing that Allah Almighty is One and that you are His Prophet', this is more than saying it now 1oo.ooo times after the Prophet. Seeing him and saying: 'Ya Muhammad, I am believing what you bring to us about Your Lord's Existence and His Oneness and I am saying 'La ilaha ill-Allah', following you and believing in what you say. And I also believe that you have been sent by the Lord as a prophet. Without seeing the Lord of Heavens I believe in Him, and I am seeing you and I believe in you and that everything that you inform us of is true. I accept the Existence of Allah and His Oneness and Eternity.' Who was looking to the Prophet and saying this to him, Rasulullah is going to be witness for him in the Divine Presence, and he will say: 'O Allah, this servant declared Your Unity and Oneness in front of me and he said 'La ilaha

ill-Allah', and also he declared that I am that one who brings to mankind the last message about the Existence and Oneness of the Lord of Heavens'. Without seeing the Prophet is another point.

The biggest Awliya are the Sahaba, and the top level is for them. Other people's level is under that level. Shaitan fears to come to Awliya, and it is forbidden for him to run after prophets also. He can't. And he fears the followers of prophets, the Saints, he fears they may destroy his long-time efforts against Islam, for what he was tiring himself.

We said Shaitan is everywhere and he is coming to everyone except the Awliya. He can't come closer to them, because they have been dressed heavenly lights, and those lights burn Shaitan, making him to escape. Therefore we must try to reach to Awliya for divine support. If not finding that one, you will always stay on earth or underground, finished.
Why is the Islamic world coming down now? Because the Muslims are misguided by some representatives of Shaitan. Shaitan prepared representatives for himself, and those people are trying to show the right path of Islam as a wrong path. They claim that they make a new way, open a new way for Islam. We are not accepting that. Islam is in its perfection, its perfect perfection. Nothing can be changed for Islam. They claim that they live in the 21st century and that Islam is not suitable for the new generation or for the 21st century. But they are liars.

All nations, humanity is in need of Islam, because perfection for mankind may only be with Islam, not with any other idea or way. And there are so many schools of thought and ideas, which people think on, making so many ways- all of them are false. So many philosophers or square-head people try to make a way for mankind- but it is impossible. They claim that they make a new way, but maybe they are just by themselves or maybe a group of people may follow them; but they can't reach to make their idea a world-wide idea

which people may be interested in and which they may follow. Only Islam is in its perfection, and it may carry billions of people after it. Beyond Islam you can't find anything to make people's hearts in contentment, no.

You may say something, and someone is saying: 'I may say what he is saying, or I may say something else.' Similar or not- but you are going to be the first one to leave your own way. The philosophers in all the schools of philosophy themselves changed through their life so many times their way. They may say something in the morning and in the evening they may say the opposite, saying: 'It was not true.' Nighttime they may say something, and when the sun is shining, they may say something else again: 'O, what I said night time, it is useless.' In summer thinking something and putting some ideas, when winter comes, saying: 'What I said in summer is all useless.' Everything that is man-made you can't trust on it, mind productions are nothing. But people insist by satanic advice and they say: 'We must do this or that to correct the life of mankind', or they are claiming that they may change the mentality of people from one way to another way.

And it is so difficult to change people's mentality and minds, because when you say this, someone else is saying: 'No, why should I follow that one? I may think something also. That is his mentality and his mind production, but I have a mind and mentality also, so I may do as he did. That one can't be; maybe no support for his ideas and he is going to vanish and finish. I have the power for this country in my hands. Therefore I may say and order, encourage people or force them to do as I am doing or as I am saying.' That is the only chance for those who do something without heavenly support through their mentalities and mind productions, the only chance for those who keep power in their hands. Therefore there are so many -isms, like Socialism, Communism, Capitalism, Kemalism, Liberalism, Feminism, Hayvanism, so many, because they have power. Through their power they force people to follow

them. Even people hate those ideas, but they do by force, because they are slaves.

And that is a punishment from the Lord of Heavens for people, because they refused to be servants of the Lord Almighty Allah, so Allah makes them slaves for those devils. That is a punishment from the Lord of Heavens, who is putting on them some tyrants. Why tyrants are coming? Like the German tyrant Hitler, the Italian tyrant Mussolini, the Russian tyrants Trotzki, Stalin and Lenin? And other tyrants in Turkey, in Iraq, in Egypt, in Hijaz, in Yemen- everywhere Allah Almighty is sending on people tyrants. It is a punishment from Him, because people refused to be servants of the Lord, asking freedom, freedom, freedom. And that means freedom from religious commands or heavenly commands. They are asking to save themselves from all heavenly commands.

One hundred years ago in Turkey people brought down Sultan Abdul Hamid and they were saying: 'Freedom, hurriyet', because the Sultan was keeping the holy law of Allah, the Shariat, and people were asking to save themselves from being servants of Allah. The Shariat, the heavenly law, is asking people to be servants for the Lord. When people refused it and took it away to save themselves, Allah Almighty sent on them tyrants as a punishment. It is not a blessing. They were asking freedom and Allah gave it to them, but making on them a tyrant, who is also free to deal with people with every worst dealing. No justice, no mercy, no any good thing comes from tyrants to people, they are dealing with people in a worst way. They are all oppressors, sadists, dishonoured and dishonest people. Allah is sending them on people.

Now whole Dunya in our days is living in fear, and most people, 99% of the people, is living without any hope- they lost their hope. When a person looses hope, it means, he is like dead, his book is closed. Who is hopeless

for tomorrow, he is finished. And after hopelessness fear is surrounding them from outside and rushing on their heart, so that they are going to be in the worst condition, and their life is going to be the life of Hell. If a person looses hope, it means he died and every cursing is on him.
To be hopeless is forbidden in Islam, and we say: 'Alhamdulillah- today is better than yesterday, tomorrow is better than today.' This hope may only be given through the Awliya, through their heavenly powers, and they may give to those, who believe in them and who come together around them. Like in the time of the Prophet; when the Sahabas were alone, they were fearing and hopeless, but when they were with the Prophet, they were full of hope, power and contentment.

And every time you may find his inheritors in the world now. All people are in need only the declaration of such a person, and him to reach to people with his spiritual power, to take away from them the darkness of their hopeless thinking about what is coming on them tomorrow.

Who is reaching to the Rijalullah, to the Prophet and his inheritors, the Saints, who are all friends of Allah Almighty, may say:
'Bismillahi-r-Rahmani-r-Rahim' and sleep. No troubles with them, no. They may say: 'O my Lord, my soul is in Your Hands. By Your command it may be taken when I am sleeping. If You are asking to take my soul, keep it through the lights of Paradise. If You are asking to send my soul back to my body, keep me with You, not to be with Shaitan and his followers.'

This is a strange association, that may go in different directions, but as a summary it is signing what people are in need of and it is telling also about people's spiritual difficulties, how they should be saved and how must be the saviour of mankind. May Allah forgive us and give you what you are in need of from Him and His Prophet. May Allah bless you.

## Now be on Allah's Side - use the heavenly Balance!

As-salamu alaikum!... Good people...good people!
Audhu bi-llahi mina Shaitan rajim, Bismillahir Rahmanir Rahim. Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah, ai-una bi aunullah, ai-una, arithuna!

Ya Rabbi o our Lord, protect Your weak servants from (Your) bad servant Shaitan. Shaitan is (also a) servant, but (a) bad servant. All of us (we are) His Almighty's servants, but one group (they are) good servants, another group (they are) bad servants. (There) can't be a third party, no! Hizb-Allah, hizbu Shaitan; one group belongs to Allah, running to reach His Almighty's Pleasure, asking their Lord's Pleasure, trying to make Allah Almighty pleased with them, (and the) second group they are following (the) shaitanic way and their teacher is Shaitan. (He is a) cursed one; Shaitan (is) never taking any care for his Lord Almighty Allah and His Pleasure. He is saying: "I am not listening to You, I am not respecting"-Astaghfirullah!- "Your Order, I am not taking any care

for Your servanthood“- Astaghfirullah!- ”I am free. I am going to do everything and I am running after Your servants, to take them on my way, not to believe. I shall try after Your servants, I shall do everything that it is possible to do; I am not leaving any chance not using to make Your servants not to believe in You and not to take respect for Your Orders. That is my mission now!”

And now (the) whole world, 99 % and more, (they are) following (the) shaitanic way, shaitanic ways! They are saying: “No God”, and he is saying to them: “Everyone is God; you are creating yourself. You must be ordering or not, preventing!” That is a new Methab. O people, how? Therefore I am asking humbly from Allah Almighty: “O our Lord, don’t leave our dirty egos to follow Shaitan and its followers!” That is the meaning (of): “Allahumma la takilni ila nafsi tarfatain- O our Lord, don’t leave ourselves through the hands of our dirty ego!” And don’t say: “I am a good one“, no, say: “Ma ubariu nafsi, I am not taking my ego’s side“, because who is taking his ego’s side, (he) is going to be against Allah Almighty, against His Prophets, against His Awliya, against His good servants! Who (is) taking his egos side- (the) egos side (is the) side of Shaitan and Shaitan (is) 100 % against His Lord’s way!

Therefore: “...wa wada’a-l mizan!” Allah Almighty (is) putting (a) balance. For what balance? People think that (it is a balance like) when we are going to market, we are using balance for buying onion or for buying potato or tomato or cabbage or carrots... They are making advertising, making a donkey and putting in front of it to eat carrots... People (are) thinking that the balance that Allah Almighty (is) saying (about in the) Holy Quran is for that purpose. No!

He is putting (a) heavenly Balance to you; that balance, if you are keeping (it), on the Day of Resurrection (is) going to be (your) balance

perfect. If not, you are taken away, you are going to be (on the) garbage side: “Take this (one) to (the) garbage, dustbin!” “Where is dustbin?” “Hells! Put them there!”...

For everything that you are doing, acting, making, for your work- you must look (and) you must use (the) Balance of Heavens. If showing that needle that (this) work or acting is in balance, (if it is) going to be seen (as being on the) good side, Allah’s Side; it is okay, do it.
But that balance, if (it is) showing to you that that work, that acting (is) against Allah’s Side, that is a trap that Shaitan is catching you in his side, shaitanic side; you are going there and (it is) written... just it is appearing your name that: “That one (is) taking Shaitan’s side against (the) heavenly Side! Leave them in troubles and problems and miseries and sufferings along their lives and then, when (they are) coming to Me, (I am) taking (them) with My Anger. Take their souls with My Anger and throw them through Hells! Jaza-an wifaka: (that is a) suitable punishment for them for being against Me, against My heavenly Order!”

Therefore o people, everything that you are doing, (do it) with (that) Balance: “This is (a) Holy Command to do this?” They are saying: “We are not taking any care for heavenly Orders, we are free ones!” Then (He is) imprisoning that one on a bed and he is going to shout and cry before his soul getting away and his dirty body going to be buried in his graveyard...

O people, (the) most important thing for whole nations now is to be (on) Allah’s Side! Leave Shaitan’s side, if you like to be for you a peaceful life! Now (there is) no peace on earth, finished, because all of them, 99% (of people, are on the) side of Shaitan. And- (there is) no more peace through nations through East or West and they are running to find

a peaceful world- (it is) impossible, as long as they are using (the) wrong way!

Ajaib... Allah Almighty (was) sending me also to America and I saw that writing there, (for) some ways that drivers may be mistaken and going (in) a wrong direction. I was seeing so many signs (written) on it: “Wrong way!” And I never saw a person looking and seeing that warning and coming and getting in it! No!

And the Lord of Heavens (is) sending His Holy Book, His holy servants, to show people right way (and) wrong way, and they are insisting, insisting against that warning. Because it is (a) heavenly Warning! They are saying: “We are not taking care (for any) heavenly Warning!” Ahh, you are so brave! So brave! What is your power? “... Khuliqa-l insana daifa!” Allah Almighty (is) creating man weak, so weak- weakest! You can’t carry one Pound stone up from (over) your hand for (even) two minutes, you are getting tired- what is your power! You are thinking that your power is technology? It is not your power- technology (is) against you. You did it, technologia, that man running after Shaitan, after shaitanic teachings, that Shaitan opening them!

And Allah Almighty (is) leaving them; as a punishment for them (He is leaving them) to run into that dark tunnel. And now (the) whole world just got in that dark tunnel. They are not knowing now what they are asking, for what they are making such a dangerous weapons (and) what it should be finally, if they are using that poisonous and dangerous terrible weapons?

Their makers are trembling, they are not in safety (even) if they are getting so big, terrible dangerous weapons and bombs and missiles. Even they are in fear, because maybe before they are sending that

terrible weapons to another direction, in its place may be a big explosion and getting whole country finished. They know this also, therefore they are using so strong buildings to keep that terrible missiles, not to be an accident and all of them exploding and their country (is) going away... They are not thinking on it now...

O people come to side of Allah Almighty! “La asiman al yaum li amri-llah...“ Allah Almighty (is) saying through Nabi Nuh, Prophet Noah a.s., when he was knowing that (there was) coming a big flood: “O people, come to me, come (into) my shelter, my shelter that (is) granted from my Lord to you!” “Where is you shelter?” “That is (the) Ark.” They are saying: “So many people (are) standing there”- they are asking, they were joking with Noah, saying- “O Noah, you are asking people to come to your Ark- how many people? Whole world people, how (they) can enter?” They are not believing in the power of the Lord Allah Almighty! If He is asking to put all nations through the shell of a walnut, He can do! Take (out its) inside, (and) it is empty. He Almighty can do much more than this! Not one Dunya’s people, one billion Dunyas’ people He can put in that small walnuts shell!

They were coming to make joke with Noah a.s. and (there were) only coming and entering in it 81 people and they take their first class side of Ark. Then he was calling: “O animals, wild and not wild animals! Your Lord (is) ordering to you to come and enter in my Ark. One male, one female. Come in, because your Lord is ordering Heavens to be opened with flood and He is going to take away everyone on earth from living ones!” Not one of those animals (was) saying: “(There are) so many kinds of animals- how we are coming couple, couple inside?” They are not saying, (but) man (is) saying: “Eh, how all nations coming in it?”

Iman (faith, belief) (is) giving your heart a wideness and peace and

contentment, satisfaction! Animals (were) never saying anything, coming, coming and his Ark just fit everyone: Hundred kinds of animals, wild animals and no wild animals, getting in. Man not coming in it, only 81! O people, think on it! Use your minds not to be foolish ones! Use your minds, don't follow shaitanic ways!

Someone that is graduated from university was saying that: "Our teacher were preventing us from saying the name of Allah, even not to use the word of belief. (If anyone was saying:) 'I am believing', (they were saying:) 'No, don't say this! No beliefs here, no God here!' " (And the) same situation now through UN in New York, same! Allah wants to take His Revenge; the Lord of Heavens angry with them, should take them away! Someones for someones...

Therefore finished, never-ending troubles! Don't think (that) your laws, your orders (are) bringing a solution. If bringing solution- that democracy (is) against the heavenly Commands. They are using (it) since 2oo years; first (the) French Government; they did their worst against heavenly Orders and now they are falling in a very dangerous situation. They are going to be, after a while everyone should be in need to be in mental-house! Mental-house people... Their thinking (is) getting in limits and happenings (are) out of their thinking capacity. They can't do anything and France (is) in fire, burning!... I am saying: "Why? If your mind capacity enough, stop (it)!"

When (the) flood (was) beginning, people (were) running on the tops of mountains, but Allah Almighty (was) ordering (the water) to rise up over the highest mountain 7o meters more!

Now I am saying: "French government, Turkish government, Russian government, Iranian government, Iraqi government, Serbian government,

Lebanon government, Israeli government, Egyptian government, Libyan government, American government, UK government“, I am saying, “All of you (are) just falling in troubles, endless problems. Use your minus, (see), if your mindly productions can safe you(rself)! I have, I am in contentment, because I am trying to be with my Lord, not to be with you! But you are not asking to be with your Lord asking to be with Shaitan. Let Shaitan teach you the way of safety, saving yourself! Can’t! I am looking!

Now- telephone also.. bringing, I am throwing away... they are bringing sometimes... I never learn how to look this side or that side from that side... Alhamdulillah, (I am) rest! Not thinking anything about...There is (the) Lord of Heavens, He is Controlling. (The) full control (is) in His Hands, but (He is) leaving people that they are getting away, running away from (His) holy Commands, to be punished. And He is saying: “O my beloved one (S.Muhammad sws), I am giving their punishment from someones to another ones!”

Eh... Democratic Party, Christian Democratic Party, Conservative Party, Socialist Party, Communist Party, Capitalist Party, Liberalist Party, donkeys party, snakes party, scorpions party... so many strange names!... No sheep party! There is wolves party- (but) sheep party, no, sheep they are very calm people, foolish ones...

and others... there is lion (saying:)... “I am happy, if you are bringing that one, o my Darling!”... Running behind that wild cows or dears or zebras, running, running, running, then catching, bringing... “Whooo...!“ (The) whole forest, jungle trembling of this lion...

Allah Allah, Allah Allah, Allah Allah, Aziz Allah...
Allah Allah, Allah Allah, Allah Allah, Kerim Allah...

Allah Allah, Allah Allah, Allah Allah, Subhan Allah...
Allah Allah, Allah Allah, Allah Allah, Sultan Allah!

Mutlak Sultan Sensin. O our Lord, You are Sultan, eternal Sultan, we are Your weak servants. You are blessing Your weak servants. Take Shaitan away to come what You like on earth from your holy Orders, so that we can run after your holy Orders as Your sincere servants to make You pleased with ourselves!

For the honour of the most honoured one in Your divine Presence, most beloved, most praised, most respected one, S.Muhammad sws, Fatiha.

## Now there is no more mankind, but animal-mankind

(Someone was asking Sheikh's advice for mankind today)

Now there is no more mankind, but animal-kind...

Audhu bi-llahi mina shaitani rajim, Bismillahi-r-Rahmani-r-Rahim. Destur, ya Sayidi, ya Sultan-ul-Awliya. That is first obligation for everyone if he/she is asking to do something, to know, from mankind. It is most important acting for everyone from every kind of believers. Believers believe in an unseen existence, therefore they are believing. If I am saying: 'Believe that this is a recorder', it is not true to say: 'Believe this is a tape-recorder', but you may say: 'Look, that is tape-recorder', because you are seeing, hearing and touching. Believer means someone who is accepting the existence of some other kind of beings that our five senses never reach; or, it is impossible to reach those beings through our five senses. Therefore we say that unseen worlds you can't see, can't hear, can't smell, taste or touch them, and believers are those who believe in some worlds or beings that are in existence without looking, without hearing, without using their five senses.

If you are one of those people (who use their five senses), then you must know that you are in need to reach the reality of those unseen world's existence. You must know something, and you must learn something, and that knowledge also you cannot touch. Knowledge is a cevher; that means, without 'arab can't be seen. Cevher

and ‘arab. ‘Arab is without blackness, without dimension, you can’t see. ‘arab, like sifat, attribute, giving the description of the essence, that can’t be known without ‘arab... They are not understanding, but you must understand... You are believing; and belief is the way for your real being to reach to the essence. They never belong to material beings, no.

Now people living on earth through the 21st century are mostly imprisoned through their material being, and they are never going to be able to cut that and to reach beyond their material world. And the only means that may take you beyond the material world is belief- there is no other way, no other means. Or you should be like a fossil. If a person remains through his five senses, later he is going to be like a fossil in the earth-layers; no way to reach heavenly worlds, unseen worlds and universes.

This is a powerful introduction for everyone, they must know it. But most people never take any interest to cut the layers of the earth and to get out. They say: ’It is okay for us to be among these layers.’ They belong to the material world; no chance for them to reach to Heavens. They are through darkness. The creation that belongs to darkness should be forever there, up to eternal, ebedi, because they were not asking something beyond their body, their material being; they were never interested.

And on the Day of Resurrection they ask: ’O our Lord, send us once again to our first life and we should be as You like.’ But Allah is saying: ‘No; when you go there once again, you should do the same, your interest should be only for the material world. If I am sending you back 1o times, 7o times, or 1oo, 1ooo times, you are interested in the material world and you are not going to ask to get out.’ Therefore up to eternal they should be through their layers of the material world, which represents the darkness of creation. You must understand why they are going to be forever in Hells. It means that they choose darkness, their choice was darkness, and therefore divinely Justice is giving to them what they are asking. No oppression, no dhulm, no. They are asking, and they say: ‘Send us once again to the world; we should be as You like’, but they come here and their nature and interest runs to the material world once again, and once again they are going to be liars.

The interest of all people, of the whole population on earth, is through their material being; the whole world’s interest is only Dunya. Beyond Dunya people don’t ask anything, they don’t do anything, and they prevent people to even think on it. They say: ’You are not creatures suitable for our century, you must go away. We don’t like you to be with us, because your interest is not what we are interested in- Dunya, this life. You say

something else- hereafter. We are not interested.' The interest of all nations, governments, rulers and ruling systems is only darkness, this world, nothing else. When they pass away, they should say: 'Send us once again', but Allah knows that they are not going to change their interest, no. When they come here once again, they should forget, and their interest should be only this life.

This is a very important point; it must be well-known, because so many people ask: 'Why for a short life so many billions of people are going to be send to Hells?' Hells means the dark territories of the divine creation, that people through this life were running on it. They were interested only in the darkness of this life, never interested to be enlightened by divine lightening.

Therefore every time prophets come those people say: 'No, we are not accepting you. We are interested only in this life.' Why Abu Jahil and others were fighting with Rasulullah? They said to Rasulullah sws: 'You call us to leave our interest and to come with you. And we are never going to leave our interest- gold, silver and enjoyment with our physical being without any hindrance in front of us, up and down. When you come and call us, we are not going to leave our interest in the material world. Go away. If you insist, we will fight you, if you are insisting more, we are coming to kill you, to take you away.'

From the beginning of prophecy on earth common people were always saying to the prophets: 'No, you make a hindrance in front of our interest, for our material pleasures and interest; we are not accepting that.' Noah was calling his people for 95o years, and every day they were fighting with him, saying: 'No, we are not coming to you, because our interest is only this.'

The same illness, the same interest, is growing up now more and more and more under the name of 'freedom'. People ask freedom, an absolute freedom for them, as people live in jungles. First they take away religious hindrances, throwing them away, and after that they begin to take away also the rules of the country that rulers put on them, which prevent them from an absolute freedom to do everything as they like. From 1789 they began to force to destroy those limits also, so that there is no more any hindrance in front of people, and they found as the most suitable field what they call 'democracy': Absolute freedom for us.

They make as much as possible advertisement for it, and now people fight for democracy, because they know that the alternative for democracy should be theocracy, heavenly rules. 'When heavenly rules come we are finishing', they say, 'therefore we must use all our ability and capacity to stop it and to take away everything

under the name of rules coming from Heavens. Because if that alternative comes, there is no more enjoyment and pleasure for our egos.'

Therefore they may live a very short life, but they have been given their judgment to be in Hells up to eternity, because their interest was Hells. But they are not believing that Hells is their material appreciating. They don't want to come on alternative for their physical being's pleasures, and in the Hereafter they should be called: 'Come here', and fire attracts them like a magnet attracts an iron piece, quickly catching. Fire approaching the Judgment Plain, where all nations, all mankind should be. Fire approaching those people; like a hover taking dust, fire appreciates them, and taking them...

Ahlul Jannah, people of Paradise, can't be touched by that fire, but others are taken, finished: 'Come to me, as you appreciated me, I am so appreciating to meet you and to take you into my own being.' That is the meaning of nafs being created from nar, from fire. A small mass is just attracted, taken by the big mass, joining. People find there what they were asking... Divinely Justice... We know only that they are entering, attracted, and going to be through fire layers. They should find there what they were asking for here.

And Paradise people, heavenly people, are taken away. From Paradise should come a subtle wind, quickly going in, and they should find what they were interested in. The people of Hell should be asked: 'Did you reach what your Lord promised to you?' 'Yes', they should say. It should be there very suitable for them. And Paradise people should be asked also: 'Did you find what Allah promised to you?' 'Ohh', they should say also.

Therefore, o people, look after yourself what is your interest. If it is material, prepare yourself for Hells; if it is spirituality, we are waiting for you, looking after it... The ego never says: 'Enough', and the fire of Hell has the same greed, asking: 'Is there no more to take in?'

**Nur Einer besteht allein**

Dastur ya Sultan al-Aulia, Dastur ya Sultan al-Aulia

maddad ya rijâlAllah
A´ûdhu billahi min a-schaytâni-rajîm
Bismillahi-Rahmâni-Rahîm
La haula wa la quwwata illa billahi l-´Aliyyu l-´Azîm
Allah, Allah! Allah, Allah! Allah, Allah! Allah, Allah!

Schukr ya rabbî! Schukr ya rabbî! Schukr al-Hamdulillah!
Tauba ya rabbî! Tauba ya rabbî! Tauba astaghfirullah!

Ya rabbî allimnâ ma yanfa´unâ wa sidnâ ´ilman! Es gibt keine größere Gabe für die Geschöpfe und ganz besonders für die Menschheit als Wissen! Zwei Arten von Wissen gibt es: die erste davon ist himmlisches Wissen, die zweite das irdische Wissen. Nichts existiert innerhalb der Schöpfung, nicht ein Geschöpf, daß nicht entsprechend seiner Stufe ein Wissen bezüglich seines Schöpfers besäße, angefangen von den Steinen, die wir als leblos bezeichnen über die Pflanzenwelt bis hin zum Tierreich, all die Lebensformen, unzählbar in ihrer grenzenlosen Vielfalt. Meint ihr, daß ein Atom kein Wissen bezüglich seinen Erschaffers hat? Das würde bedeuten, daß keine Beziehung zwischen dem Erschaffer und dem Erschaffenen bestünde. Ist das möglich? Wenn keine Beziehung zwischen dem Erschaffer und dem Erschaffenen besteht, wie kann das Erschaffene dann überhaupt existieren? Das hieße, daß dieses Erschaffene, welches keine Beziehung zu seinem Erschaffer hat, aus sich selbst heraus entstanden ist und sich selbst seinen Platz innerhalb der Existenz gegeben hat. Wie kann das sein? Das ist unmöglich! Wie kann ein Atom oder ein noch kleineres Teilchen seine Existenz selbst bestimmen? Was ist das für ein Unsinn? Denn aus sich selbst bestehend in der Existenz ist nur ein Einziger, der Schöpfer aller Dinge. Nur der Schöpfer allein existiert und besteht aus sich

selbst! Er existiert aus sich selbst heraus ohne dabei irgend jemandes Hilfe oder Unterstützung zu benötigen. Wenn Er irgend jemandes Hilfe oder Unterstützung bräuchte, würde dies bedeuten, daß Er dessen Bestimmung unterliegt. Dann wäre nicht Er der Schöpfer sondern derjenige, der Ihm Hilfe oder Unterstützung gewährt, denn dann wäre es dieser, der aus sich selbst heraus existiert und besteht. Jene Kraft, die unendliche Macht repräsentiert kann nicht der Unterstützung irgend eines Anderen bedürfen, um zu existieren. Deshalb bedarf der Schöpfer keinerlei Form von Unterstützung oder Hilfe von irgend jemandem, so wie die Zahl 1 nicht der Unterstützung durch irgendeine andere Zahl bedarf, um zu existieren.

Die 2 braucht die 1 um existieren zu können, die 3 braucht die 2 um zu existieren und die 100 kann nicht existieren ohne die 1, ohne die 1 wäre sie nur 99. Nur die Nummer 1 braucht niemals irgend jemandes Hilfe oder Unterstützung um 1 zu sein. Und gegenüber der 1 ist alles andere 0, denn ohne 0 können die Zahlen ihre Existenz nicht bestätigen. Wenn eintausend Nullen hinter der 1 stehen, bekommt sie dadurch einen Wert, wenn eine Millionen Nullen dahinter stehen, geben sie der 1 einen noch viel größeren Wert, doch wirklich existiert nur die 1, die anderen bekommen ihren Wert durch die Nullen. Lediglich die 1 braucht keine Unterstützung und wie sollten auch Nullen die 1 in ihrer Existenz unterstützen? Wenn du zählst: 2,3,4,5,6,7,8,9 dann kommt schließlich die 0, damit die 10 entstehen kann. (Maulânâ lacht) Alle 8 vorherigen Zahlen verschwinden und die 0 erscheint, ohne die 0 könnte es keine 10 geben! Das heißt, 2,3,4,5,6,7,8,9 existieren nur in eurer Vorstellung, weil danach alles wieder auf die 0 zurückfällt. Wir dachten, daß 2,3,4,5,6,7,8,9 existieren und müssen voller Erstaunen feststellen wie sie plötzlich alle verschwinden und eine 0 erscheint, 10 ist eine 1 mit einer 0 dahinter, eine 1, die durch die dahinterstehende 0 den Wert 10 erhält. Durch zwei Nullen wird sie zur 100, durch drei Nullen 1000. Es sind alles nur Nullen und die Leute rennen den Nullen hinterher, um immer mehr davon anzusammeln. „Oh Ja,“ sagen sie, „wir müssen mehr Nullen sammeln!“ „Mein Chef, sie haben dreizehn Nullen und ich habe nur zehn Nullen, wie kann das sein? Ich muß auch so viel erreichen wie sie!“ Das ist ein Wettstreit zwischen dem Chef und seinen Arbeitern. Die Arbeiter sagen: „Unser Boss kriegt zu viel!“ „Wovon?“ frage ich und sie sagen: „Zu viele Nullen. Wir kriegen jeden Tag nur eine Null und er kriegt zehn, das ist ungerecht, es gibt keine wirkliche Gleichheit in dieser ‚Temokrati'! (Maulânâ lacht herzhaft) In einer wahren ‚Temokrati' hat jeder die gleiche Zahl von Nullen zu bekommen! Wenn nicht, dann lehnen wir eine solche ‚Temokrati' ab. Wir wollen Gleichheit! Wieso bekommt unser Boss zehn Nullen und wir als Arbeiter nur ein oder zwei?“ Diese Schwachköpfe! Die Leute des 21. Jahrhunderts haben keinen Verstand. Das einzige um das sich ihre Gedanken drehen sind Nullen, Nullen

und noch mal Nullen.

In Japan stehen jetzt Wahlen an und einer der Kandidaten hält eine Rede und sagt: „O ihr Japaner, o meine lieben Wähler, ich verspreche euch, daß ich einem jeden von euch fünf Nullen geben werde! Ich werde euch sogar zehn Nullen geben, also, in eurem eigenen Interesse, stimmt für mich und meine Partei und ich verspreche euch, daß ich jedem von euch mehr Nullen geben werde! Keiner kann euch mehr Nullen geben als ich!“

(Maulânâ lacht) In Zypern haben wir jetzt auch Wahlen, ich werde alle Parteien anrufen und sie müssen alle versprcchen, daß sie für jede Null die die jetzige Regierung gibt zwei Nullen geben. „Gebt mir eure Stimmen!“ Und die Leute sind dabei, einander aufzufressen im Kampf um die Nullen. Und der Regierungschef spricht zum Volk und sagt: „Stimmt für mich, denn ich verspreche euch noch mehr Nullen als alle anderen!“ Und die Leute machen ihre Kreuze auf den Wahlzetteln. Ich weiß gar nicht, ob in Japan der Premierminister wiedergewählt wurde oder nicht. Hat er die Wahl gewonnen oder jemand anderes?

Zurück zu unseren Nullen. Die muslimische Welt muß auch viel mehr Nullen von Amerika verlangen! Die Amerikaner sagen: „Wir können nur fünf Milliarden Dollar zahlen.“ Und sie sagen: „Hängt doch bitte noch eine Null dran! Wir bitten ja nicht um viel aber ihr wißt, daß wir so arm sind, was sind denn fünf Milliarden, also gebt uns bitte wenigstens eine Null mehr! Wir wären euch auch sehr ,sehr dankbar und würden auf unseren Klarinetten Märsche für Amerika spielen. (Maulânâ imitiert einen Klarinettenspieler der sein Instrument im Rythmus hin und her schwenkt) Gebt uns mehr Nullen, nur eine Null mehr bitte, wir sind euch ja so dankbar! (Maulânâ unterbricht das Klarinettenspiel und schaut angestrengt umher) Bietet irgend jemand mehr, eine Null mehr als die Amerikaner? Dann schmeißen wir die Amis raus! Derjenige soll dann Boss der ganzen Welt werden.“ Aber keiner kann mehr zahlen als Amerika (Maulânâ lacht). Alle anderen sagen: „Wir können euch nicht mehr zahlen als die Amerikaner, sie zahlen euch wirklich sehr viel.“ Fünf Milliarden, das sind neun Nullen, aber sie geben nicht auf und küssen ihnen die Hände und Füße und sagen: „Bitte, bitte, unser Boss, geben Sie uns doch noch eine Null dazu! Wenn Sie den Scheck ausstellen, seien Sie nicht geizig, hängen Sie doch wenigstens noch eine Null mehr dran, wir verlangen doch nicht viel, nur eine Null!“ Aber die Amerikaner sagen: „Das geht leider nicht! Fünfzig Milliarden wäre zuviel, wir nehmen stattdessen eine Null weg, fünfhundert Millionen reichen auch.“ Nur eine Null macht daraus fünf Milliarden. Abdur-Rauf sagt: „Ihr könnt ruhig fragen, wir sind ja Amerikaner, aber wir brauchen viel mehr Nullen, um

Boss der ganzen Welt sein zu können.“ Und die Menschen laufen den Nullen hinterher. Das ist eine wichtige Art von Wissen. Ob der japanische Premierminister die Wahl gewonnen hat weiß ich nicht, ich werde gleich einmal die Nachrichten schauen. Sie haben so viele Milliarden die Japaner und der arme Premierminister, was ißt er? Er muß rohen Fisch essen, wenn ich ihn mir anschaue, besteht er nur aus Haut und Knochen. Er bekommt nichts zu essen und ist der Premierminister des japanischen Volkes, einer Nation von zweihundert Millionen Menschen.

La haula wa la quwwata illa billahi al-´Aliyyu l-´Azîm!

Nur die 1 braucht keine Unterstützung, alle anderen Zahlen brauchen die Unterstützung der 1. Und nach der 1 bestätigt sich die 1 noch mal in der 11. 1 und 2, die 12; 1 und 3 die 13; 14, die 4; 15, die 5; wenn ihr 1 wegnehmt wird daraus 14, das heißt: die 15 kann nicht ohne die 1 existieren. Wenn wir bei der 19 ankommen und rechts und links schauen und überlegen, „was soll jetzt nach der 19 kommen? Wir müssen eine andere Zahl finden! Wenn wir die 1 nicht nehmen können, dann nehmen wir eben die 0, die 0 stört uns nicht, sie existiert ja eigentlich gar nicht.“ Wenn wir aber 1 dazunehmen wird aus der 19 die 20. Mit der 0 wird aus 19 die 20. Wenn wir jedoch 1 davon wegnehmen, ist es nicht länger 20 sondern nur noch 19, die 20 existiert nicht länger. Und ebenso 30, 100, 1000, Millionen und Milliarden.

Wie kann man behaupten, das kleinste Teilchen, das kleiner als ein Atom existiert, aber es existiert von alleine? Das kann nicht sein! Sonst wäre es 1, aber es ist nicht 1. Wir verstehen, daß selbst das kleinste Teilchen von Materie in der Schöpfung eine Beziehung zu seinem Erschaffer haben muß und daß es ebenso eine Beziehung zwischen dem Erschaffer und dem von Ihm Erschaffenen geben muß. Wenn es eine Beziehung gibt, dann gibt es eine Verbindung wie zum Beispiel (Maulânâ hebt ein unsichtbares Telefon an sein Ohr): Ich rufe Scheikh ´Umar an (der sitzt neben ihm): „Hallo Scheikh ´Umar, ich bin hier, bist du da? Kennst du mich?“ „Wieso nicht, ich kenne dich sehr gut!“ „Du bist Scheikh ´Umar und ich bin Scheikh Nâzim, mmh. Das heißt, du kennst mich und ich kenne dich.“ Wenn wir einander nicht kennen würden, bestünde keine wirkliche Beziehung zwischen uns. Ganz besonders, wenn meine Stellung auf der Beziehung zu dir beruht, muß ich dich notwendigerweise kennen. So wie ein Arbeiter seinen Arbeitgeber kennt oder ein Angestellter seinen Vorgesetzten, muß es wenigstens eine Beziehung geben und damit ein Wissen. Wie kann man also sagen, daß das kleinste Teilchen der Materie kein Wissen über seinen Erschaffer hat? Es muß eine Art von Wissen haben! Und der Schöpfer, er ist so groß, unsere Vorstellungskraft kann niemals ausreichen,

uns seine Größe vorzustellen, nicht einmal einen kleinen Flecken am Rande Seiner Meere der Größe. Er ist so groß, daß Er, wenn Er ein Atom oder ein noch kleineres Teilchen erschafft, genau dessen Aufenthaltsort bestimmt. Ihr sitzt hier jeder auf einem Platz, wenn es eine offizielle Veranstaltung wäre, würde die Regierung die Plätze mit Namensschildern oder Nummern versehen, damit jeder auf dem ihm bestimmten Platz sitzt. Meint ihr, innerhalb der Schöpfung gäbe es kein ordnendes Gleichgewicht? Drei Mal sagt Allah am Anfang der Sure ar-Rahmân : „ ... wa wada´a l-mîzân“ („ ... und Er legte das Gleichgewicht fest“). Die Menschen glauben, es sei alles beliebig und zufällig, doch wenn Er ein Atom oder etwas noch Kleineres erschuf, gab Er ihm seine spezielle Position im Bereich der Existenz. Er bestimmt den Ort und kein Teilchen kann an einem anderem Ort sein. Wir atmen in dieser Atmosphäre ein und aus, und Er weiß in jeder kleinstmöglichen Zeiteinheit von jedem Teilchen, an welchem Ort es sich gerade aufhält. Wenn Er es nicht weiß, kann es nicht existieren, denn Seine göttliche Schöpferkraft muß dieses Teilchen erreichen und es an diesem Ort existieren lassen! Er muß wissen, wo es ist, damit Seine göttliche Kraft es an diesem, an jenem oder einem anderen Platz existieren lassen kann. ´Azamat , die gewaltige Größe Allahs, des Allmächtigen.

Wir sprachen darüber, daß es die größte Ehre für die Menschheit ist, ´Ilm , Wissen, zu besitzen, himmlisches Wissen. Und dieses himmlische Wissen führt immer weiter nach oben, immer weiter, immer weiter, ohne Ende! Und eure Position ist immer die der Null, ihr könnt niemals über Null hinausgelangen. Glaubt nicht, das selbst Millionen oder Milliarden von Universen wie diesem in Seiner göttlichen Gegenwart mehr als Null sein könnten. Möge Allah uns rechtes Verständnis Seiner gewaltigen Größe gewähren, Allahu akbar!

Wenn al-Mahdî – Allahs Friede sei auf ihm – erscheint, wird er - gemäß dem, was wir von unserem Großscheikh gelernt haben, der auch jetzt mit meiner Zunge zu euch spricht – die Wunderkraft des Takbîr: Allahu akbar benutzen, um alles von Schlechtigkeit zum Guten zu verändern und die Erde vollständig zu reinigen. Allahu akbar! Er wird sagen: „ Allahu akbar! Allahu akbar! Allahu akbar !“ und die Technologie, der Götze des 21. Jahrhunderts, derer, die nicht Allah sondern ihre technologie fürchten, wird vernichtet werden und nicht mehr funktionieren können. Sie wird abgeschossen sein, wie eine Person, die niedergeschossen wurde und die nie mehr aufsteht. Und das erste Ziel, auf das al-Mahdî – Allahs Friede sei auf ihm – zielen wird, ist die Technologie und er wird sie mit dem ersten Schuß abschießen, so daß sie sich nie wieder erheben kann.

Möge Allah mir verzeihen und euch gutes Verständnis gewähren und viel mehr Ehrerbietung für Allah den

Allmächtigen entsprechend unseren Stufen, und keiner kann von sich aus wirkliche Ehrerbietung erweisen, Seine Engel sind es, die uns in das Gewand der Ehrerbietenden und der Dienerschaft kleiden und Er bedarf unserer Anbetung nicht.

Um der Ehre des Meistgeehrten in Seiner göttlichen Gegenwart, Sayyidinâ Muhammad willen,

al-Fâtiha

Ya rabbî allimnâ ma yanfa´unâ wa sidnâ ´ilman! , O mein Herr, lehre uns Wissen, das uns nützt und mehre unser Wissen!

Lefke, 10.11.2003, transcribed and translated by Abd al-Hafidh Wentzel

# Nur mit einem Sultan

(Engl.: ExceptBySultan)

As-salamu alaykum, Diener des Herrn, Gläubige, Muslime und jene, die gehorchen. Diese Ansprache gilt besonders den Leuten in Ägypten, ihren Gelehrten und allen anderen, den übrigen Ägyptern. Alhamdulillah sind die meisten Leute in Ägypten Muslime. Sie glauben an den Herrn (jwa), an den Propheten (saws) und an das Heilige Buch, das Seinem Geliebten Al Mustafa gesandt wurde. Ich bin ein schwacher und armer Diener, und mein Arabisch ist gering. Es kam in mein Herz, eine Eingebung, die Leute Ägyptens zu warnen, besonders die gebildeten Leute in Ägypten. Die Gelehrten oder die Leute mit Wissen. Das gemeine Volk ist für sich. Ich habe gehört, daß es Streit gibt in der Frage, wie Ägypten regiert werden sollte. Und sie streiten untereinander, und das spaltet die Leute Ägyptens. Ägypten gespalten! Und unser Herr (jwa) sagt mit Seinen Worten: "Wa A`tasimu Bihabli Allahi Jami`an Wa La Tafarraqu" (3:103) Gespalten zu sein ist im Islam Haram - verboten. 'Haltet fest am Seil Allahs' (3:103). Das Seil Allahs.. Ich glaube, euer Arabisch ist gut. Ihr versteht Arabisch. 'Das Seil Allahs', der Mächtige Quran ist das machtvolle Seil Allahs (swt). Diese Leute halten nicht an dem fest, was ihr Herr (jwa) und Sein Prophet (saws) sagten. Und eine Himmlische Eingebung wurde von den Leuten Allahs (swt) in mein Herz gesandt, einem armen Diener, um euch zu warnen.

Und ich will die Heiligen Verse rezitieren und ihr solltet aufmerksam sein. Oder ihr könnt darüber nachdenken, was die Bedeutung ist. Mein Arabisch ist gering, aber euer Arabisch ist besser. Allah (jwa) sandte diese Heiligen Worte nur für die Nation des Geliebten, damit sie daran festhalten. Haqq (swt) sagt in einem der Heiligen Verse, ich werde sagen, was in mein Herz gesandt wurde. Das sollte ihnen genügen, um darüber nachzudenken. In der Sure Al Rahman sagt Allah (jwa). Laßt sie über diese Heiligen Verse nachdenken. Astaizzu Billah "Ya Ma`shara l-Jinni wa l-Insi Ini Astata`tum An Tanfudhu Min Aqtari s-Samawati wa l-Ardi Fanfudhu.." (55:33) Das ist ein Vers, der sich auch auf die Zukunft bezieht. Und wer jetzt streitet in der Nation.. Und die Leute wollen entkommen und errettet werden von der gegenwärtigen Situation in ihren Ländern und unter den Dienern des Herrn. 'O Versammlung der Djinn und Menschen!' (55:33) Ist dieser Vers nur für die Zeit des Propheten (saws) oder auch für uns? Denkt darüber nach! 'O Versammlung der Djinn und Menschen! Wenn ihr die Macht habt, über die Himmel und die Erde hinauszudringen'.. Unter den Nationen.. werden die Leute fassungslos sein. Sie wollen hinausdringen, sich retten, sie werden es nicht aus eigener Kraft können, mit ihrem Verstand, denn das ist nicht möglich. Was euere Situation ordnet und richtigstellt, ist, was Allah (swt) sagt: 'so dringt doch heraus!' Versucht es angestrengt, aber ihr werdet keinen Erfolg haben. Laßt sie darüber nachdenken. 'Aber ihr werdet nicht herausdringen können..' 'O Versammlung von Djinn und Menschen! Wenn ihr die Macht habt, über Himmel und Erde hinauszudringen, so dringt doch heraus! Aber ihr werdet nicht herausdringen können.' (55:33) Ihr versteht. Ich spreche nicht. 'Aber ihr werdet nicht herausdringen können, außer mit einem Sultan.' Ob die Gelehrten Ägyptens verstehen oder nicht verstehen, laßt sie! Politiker oder Politik, das gibt es im Islam nicht. Der Heilige Quran ist unsere Verfassung. "La Tanfudhuna illa Bisultan" (55:33). Bringt einen Sultan, und ihr werdet gerettet. Laßt sie über diesen Heiligen Vers nachdenken. Wa Min Allah t-Tawfiq. Sadaqa Allahu l-Azim. Fatiha. Dies ist eine Warnung, eine Information. Sie mögen es wissen, und es würde sie retten. Fatiha. Schluß. Nach Ägypten laßt alle muslimischen Länder darüber nachdenken. Die muslimische Welt sollte nachdenken. Schluß. Sadaqa Allahu l-Azim. Laßt sie nachdenken. Sie lesen Quran und verstehen nicht. Sie werden sehen. Fatiha. O unsere ehrenwerten Meister, ich habe erklärt, was mir aufgegeben wurde. Sie sollen einen Sultan bringen und sie werden herausdringen. Sonst werden sie nie herausdringen. Sadaqa Allahu l-Azim. Fatiha. Das ist genug von Anfang bis Ende, von Anfang bis Ende. As-salamu alaykum.

## What Does Mawlana Shaykh Nazim Say About NurMuhammad.com?

Phone conversation after the Sufilive Broadcast:

Mawlana Shaykh Nazim: Hisham Effendi? Yessir as-salaamu `alaykum.
Shaykh Hisham: wa `alaykum salaam wa rahmatullahi wa barakaatuh. How are you Sayyidee?
Ahamdulillah, very good now that I am hearing your words.
Shaykh Hisham: Istaghfirullah your words are what is important. Allah give you long life, MashaaAllah Mawlana very beautiful suhbah.
Mawlana Shaykh Nazim: this is because of your baraka, oh Shaykh.
Shaykh Hisham: Mawlana it is from the baraka of Zati `aliniz, Allah Raise your more.
Mawlana Shaykh Nazim: Allah Allah, its been a year now this Friday it will be one year 365 suhbat (since I began) SubhaanAllah.
Shaykh Hisham: Yes Sayyidee. We have printed them for you in books we named Sufilive Series. We called it Sufilive. I will bring you the books with me. We printed the first 2 books, each book is 200 pages. We have a total of 15 books. Yes Mawlana.
MashaaAllah, almost 3000 to 4000 pages.
Mawlana Shaykh Nazim: uh uh uh (very impressed)

Shaykh Hisham: SubhaanAllah Sayyidee. One subhah a day for one year every day MashaaAllah Sayyidee. We have lots of books to print, we are printing them in English.

Mawlana Shaykh Nazim: Print, print, who will read them me or you (laughing)?

Shaykh Hisham: Mawlana SubhaanAllah we have many websites almost 10. People can go to the websites and read your suhbah. For example we have naqshbandi.org it has almost 50000 pages. We have naqshbandi.net, people read it. We have Haqqanisoul.com under your name, people read it. We have Sufilive, all your suhbahs are there. People go there to see them and many enter into Islam. We have NurMuhammad Sayyidee, this targeting the Americans and the westerners, they read it because it doesn't speak Sufism.

It speaks about culture, and numerology. The website is for the west its called nurMuhammad.com. Lots of people come through this website to Islam. They become good Muslims, they then come to see you.

Mawlana Shaykh Nazim: and they become good Muslims.

Shaykh Hisham: Mawlana everyday on this website nurMuhammad website 1000 visit to read, and 10 or 15 accept Islam.

Mawlana Shaykh Nazim: Allah Allah

Shaykh Hisham: Its called nurMuhammad website light of Prophet (pbuh)

Mawlana Shaykh Nazim: Allahu Akbar.

Shaykh Hisham: All these websites are about you Sayyidee About the Naqshbandiyyah Way and the Seal of Awliya Mawlana Shaykh Nazim Al-Haqqani.

Mawlana Shaykh Nazim: Alhamdulillah from beginning and in the end. First and last Alhamdulillah.

Shaykh Hisham: Mawlana, Mawlana we need your blessings for this website, For NurMuhammad website because they are attacking us a lot (because of it) Sayyidee. Because SubhaanAllah, many people are visiting it. But they are not able to do anything.

Because SubhaanAllah, many people are visiting it.

Mawlana Shaykh Nazim: Who is that (one attacking you)?

Shaykh Hisham: These are some people Sayyidee always cursing us. Claiming that this website is not Naqshbandi Tariqat. That it is Buddhist. They claim different sizes and colors (many things).

Mawlana Shaykh Nazim: laughing: Hisham Effendi.

Shaykh Hisham: Yes Sayyidee.

Mawlana Shaykh Nazim: crap on them (laughing...)

Shaykh Hisham: Allahu Akbar. Allahu Akbar laughing

Mawlana Shaykh Nazim: That is what they need, Tawbah Astaghfirullah.

Shaykh Hisham: Sayyidee let Dr. Munir hear this, let him hear this "crap on them".

Mawlana Shaykh Nazim: Dr. Munir is here. Yes, let him hear it. MashaaAllah, Masha-Allah, laughing...

Shaykh Hisham: Mawlana, SubhaanAllah, this website, daily Sayyidee. It promotes Sufism, by using Islamic Numerology. Like 786 and its meaning Bismillahi 'r-Rahman 'r-Raheem. All the names of the Prophets we put them in numbers. Every name and letter have a number and the baraka of numbers in the book of Imam Ghazali. Which he discussed and which other scholars also discussed.

Mawlana Shaykh Nazim: MashaaAllah MashaaAllah.

Mawlana Shaykh Nazim: How are the Salafi `Ulama?

Shaykh Hisham: Salafi `Ulama, half of them became Naqshbandi.

Mawlana Shaykh Nazim: laughing... Alhamdulillah.

Shaykh Hisham: Half became Naqshbandi, and the second half is waiting. They are confused what to do, become Sufi or stay Salafi. They are thinking now.

Mawlana Shaykh Nazim: Why they are thinking? No need to be Naqshbandi.

## Noor-i-Muhammadiyya, the Sacred Light

(Mawlana Shaykh stands.) La ilaaha illa-Llah. La ilaaha illa-Llah. La ilaaha illa-Llah Muhammadur Rasoolullah. Alfu, alfu salaat, alfu, alfu salaam yaa Sultan al-Awliya. (Mawlana Shaykh sits.)

Madad yaa Sultan al-Awliyaa. As-salaamu `alaykum yaa `ibaadullah, wa rahmatullahi wa barakaatuh. Dastoor yaa RijaalAllah. Madad yaa Saahib al-Waqt, yaa Sayyidina wa `alaa aalihi wa saahbihi wa sallam. Yaa Rabbee! O our Lord! Forgive us; we are looking to You, to Your blessings and we are saying, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem.

O Listeners! Give whole care for something you cannot find easily through east and west. This is a new foundation that is open for servants of the Lord (swt) to protect them and to put them in safe way, here and Hereafter. Therefore, say a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem. Our sword, one heavenly sword may do more than whole swords through the hands of people. One is enough, one heavenly sword. Billions of people are carrying swords in front of that One's sword and all of them should fall down from the hands of people. Heavenly subjects most important subject on people. If you can reach whole treasures on this world instead of one heavenly sword's power, it is zero. Zero cannot give anything to people. Therefore, the Lord of Heavens ordered Sayyidina Adam (a), "Go down, because Shaytan will do for you his worst and he has declared war against you and against your whole generation. Now I am throwing

that one on Earth and I am also ordering to you.” `Ajeeb, very strange meaning of understanding from Holy Qur’an.

Why had Adam (a) been sent to Earth? Because Shaytan, did his worst for that one who Allah Almighty created him to be khalif on Earth, and Shaytan was his most dangerous enemy. First, the Lord of Heavens (swt) sending Shaytan, throwing him away from Paradise onto Earth. Allah Almighty ordering for a fight among Adam (a) and Shaytan, but heavens was not war land, war field, so He first threw Iblees (Shaytan) falling down and when he fell down he was rolling 99 times on Earth, because he had been sent out with heavenly anger! “Down! Go from here!”

O our Salafi `ulamas! What is your understanding that first Shaytan had been thrown down to be on Earth? Because Shaytan was declaring war against Adam (a) as Shaytan was looking to make Adam (a) not to be in Paradise. In Paradise it was impossible to touch Adam (a) and his generation. So he went in with a trick, making and entering. First of all, he was kicked down and then the Lord of Heavens ordering Adam, “You and your wife go after Shaytan, that he will try to do his worst to you and to your generation. And I am the Lord of Heavens, I am the Lord of whole Creation. I know what it is going to be! And what I said, wa kalimutullahi hiya al-`ulya, "Allah's Word is the highest."

O Salafi `ulamas! •••••••••• •••••• •••• ••••••••••
wa kalimutullahi hiya al-`ulya, And Allah's Word, it is the highest.(9:40)

What does it mean? Say! I am asking; I know nothing, but you are claiming to know. What does it mean kalimutullahi hiya al-`ulya? What Allah Almighty says and His command, must be the highest; not anyone going to be after that. Allah Almighty's verse, He said, “Whole Creation, bow to Adam!" He was not saying, "Bow to Me."

O Salafi `ulamas! Was Allah Almighty not seeing, not hearing, not asking? Was He absent when He ordered every angel to make sajdah, to bow? He was looking like this? (Mawlana Shaykh looks to the side) or seeing? He was ordering to bow to Adam (s). Why was He saying that? Because He was ordering tribute to Sayyidina Adam (a) and He was saying, “My Word is going to be first and no one is going to be saying (otherwise), and I ordered to make sajdah to Adam and I am looking." For what Allah Almighty was ordering angels to bow to

Adam?

O Salafi `ulamas! Listen here and then think on it. You know that when whole angels have just been ordered to make sajdah, there must be some wisdoms, some secrets there. Allah Almighty never ordering angels to make sajdah to Adam’s physical body. Yes? Allah Almighty ordering, haykal Adam! Angels going to make sajdah. You think so? You are wrong. And if that secret is not going to be clear on Adam, Allah Almighty was not ordering angels to make sajdah, because when He ordered to the angels, (Mawlana Shaykh stands.) He was dressing on Sayyidina Adam noor al-Muhammadi (s) (Light of Muhammad)!! Sayyidina Muhammad (s) from pre-Eternal to Eternal! (Mawlana Shaykh sits.)

Angels are innocent ones, they are looking like statues, haykal Adam, statue, they are looking like this. When Allah Almighty ordered this, He dressed from Muhammad's (s) lights (Mawlana Shaykh stands and sits), and angels cannot stand up, all of them bowing. Is it true, Salafi `ulamas? What are you saying? Angels just knowing material being of Adam (a) or something else? Material being has no value, but when He ordered angels to bow, just dressed him from His divinely lights and appearing on Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) Just appeared Haqqiqatu 'l- Muhammadiyyah, the real being of Sayyidina Muhammad (s)! And angels bowed without hesitating (Mawlana Shaykh bows); not only angels, but whole heavenly beings and heavens falling to sajdah. Because wa lama tajalla rabbahu li-musa, fa lama tajalla rabbahu lil-jabal kharra Musa. Understand, I am a weak servant, I am not claiming to know this or that, but you are Salafi `ulamas.

When Allah Almighty just giving from His Divinely lights one ray, like jabal Musa, kharra Musa sa`iqan. Allah Almighty saying that Moses, peace be upon him, is from the five big messengers, oolu 'l-aazam. Musa (a) was asking Allah Almighty, “I like to see you.'” Allah (swt) saying, “Musa, you can't carry this, you can't carry, but look at that huge mountain, what it is going to be.” No one was understanding the time that reached to that huge mountain, it became only dust, and Sayyidina Musa was falling down.

Adam (a) was created and Allah Almighty was declaring to whole angels, because when objecting, Allah Almighty informed them, "I am making My khalif, My deputy." Angels' understanding was not reaching what the Lord of Heavens was asking for a new Creation. And ordering us to accept that one because he will be highest through whole Creation. Whole Creation going to be for him, and whole Creation must know about

him, and whole Creation must know that he had been granted to be deputy through heavens!

There is no deputy for Allah Almighty through divinely levels, that kuntu kanzan makhfiyyan, levels of Divinely Presence, saying, “I am an Unknown Treasure, and I asked My Divinely Will giving a way for a Creation that people must know, that asking from Me, ‘Who is Allah?' for showing them something on their understanding level. I said, only I am:

••• •••• ••••• •••••• •• •••• ••••• ••••• ••• ••••

kuntu kanzan makhfiyyan fa-ahbabtu an a`araf fa-khalaqta'l-khalq likay a`araf. "I was a Hidden Treasure and I wanted to be known so I created creation and by it they knew Me."

Allah Almighty is continuously kanzan makhfiyyan, He is a Hidden Treasure, and what He is giving for His Divinely Being no one knowing, and what He is giving for Creation.

Allah Almighty asking to show people and asking, "Who is our Lord, yaa Musa? Can we see Him? can we know Him?”

(And Sayyidina Musa answered,) “O my Lord! You are speaking to me and I like to look to you.”

And Allah saying, "You can't, but I am asking My Divinely Will to appear on that huge mountain.”

Huge mountain, what is it, O Salafi `ulamas? It is jabal. That jabal has so many meanings, but jabal that everything is in existence, if you are putting together. May be that huge mountain, huge heap, and sending through a time that no one can be able to catch that time scale. Huuuu, going down. Sayyidina Musa (a) also falling down to sajdah and saying, “O my Lord, I am asking for forgiveness, that I asked something which is not for me.”

Coming O Salafi `ulamas, the day that Allah Almighty ordering angels, “Make sajdah, bow to Adam.” And with his simple material being, it is not suitable to be bowed. No! Never! And he ordered angels, just putting on Adam (a) his heavenly appearance; may be billions or trillions or quadrillions times small, coming on Adam (a). Huuuuuu and angels running to sajdah, bowing to Adam. What about Shaytan? He was looking at the material being of Adam (a) and saying, “You created Adam from mud and You created me from fire." That was his deepest level of understanding of himself and of Sayyidina Adam (a); he was asking to change

his fire for lights. When a lamp lightening coming on Sayyidina Muhammad (s), when angels had been created from lightnings from heavens, they ran quickly to sajdah. Therefore, don't think that sajdah is going to be done by the whole Creation, no. When Allah Almighty dresses that one in his heavenly dress, and appearing from heavenly levels lightening, that makes people to bow. That makes whole angels to bow to Adam (a).

Bow, tahleem, this is very important, very fine and endless understanding for it. Every Creation may understand something, but reaching to that point. Why is Allah Almighty ordering angels to bow to Adam? Not to Adam, when he dresses from his heavenly dress and angels then appeared. From heavenly lights that belongs to divinely lights, angels were falling down, not being able to stand from sajdah. Heavenly lights, he can't distinguish from what had been created and from the secret from the Seal of Prophets (s), Habeebullah, most glorified one. Therefore, we are coming on a most important point, that if Salafi `ulamas are throwing away from their hearts ghadab, anger, and hasad, jealousy.

Shaytan's heart was full with those bad attributes that made him to look and to see, "That is Adam, whom You created, and now You are saying to all of us to make sajdah, to bow to him! I was just filling whole heavenly levels with worshipping and I would like instead of Adam, for me to be on that point." He was looking, not looking to Adam (a) to differentiate between himself and Adam (a). Therefore saying, "You created Adam from earth and You created me from fire." And he was saying, "I was best or special of creatures to be in that divinely honor, I was thinking it was to be for me, and You are giving to Adam? I am not accepting!" When this happened, Iblees, Shaytan saying, "I am declaring war against Adam and his generation!" Then Allah Almighty ordering, "Get out! Get out!" and he was out from Paradise and Adam (a) remained in Paradise. Allah Almighty just saying, "That was My grant to you, O Adam, that there should be for you here everything except one point: I do not want you to ask anything from that tree."

And I would like to speak on it; perhaps they will give for another association.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah

Fatihah.

As-salaamu `alaykum.

(46 minutes, 533 viewers)

Alhamdulillah, Allah Allah, yaa Huu. O Allah, forgive us and blessings you. We know nothing, He knows. What we are saying, what Friends of Allah (swt) sending us to say and to speak and to address, through such a speeches so many things suitable for our material being and also spiritual being.

Fatihah.

(Mawlana Shaykh speaks with Shaykh Hisham and Hajjah Naziha on the phone.)

## Nurture the Pearl in Your Shell

Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh stands.) Dastoor, yaa Rijaal Allah. Madad, yaa Saahib az-Zamaan!
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.
Alfu salaat, alfu salaam `alayka wa `ala aalika yaa Sayyidi 'l-awwaleen wa 'l-aakhireen. Zidhu yaa Rabbee `izzan wa sharafan wa nooran wa surooran wa ridwaanan wa sultaana.(Mawlana Shaykh sits.)

Dastoor. As-salaamu ` alaykum ayyuha 'l-ghaafiloon. Heedless people are coming to me, because I am qutb of heedless people, chief! Maa yatoo naas ghayru ghaafileen, illa bi aghfal min al-ghaafileen. Allah, Allah.

O People! As-salaamu ` alaykum. As-salaamu ` alaykum. This salaam is going to be in east and west for all Mankind. We hope that safety and blessings are coming on our small group of attenders for this association. Welcome to you! Anyone of you aqlin raihuna, anyone claiming to be more clever and good? Smart. (Mawlana Shaykh addresses a guest.) Sayyid is coming and giving us honor. If he asks to address to people, for him, yes sir!

And we are saying, a` oodhu billahi min ash-Shaytaani 'r-rajeem. We must run away from Shaytan. Allah, Allah. All tragedies from beginning up to end are for the reason of Shaytan, khaza`ahullah. May Allah Almighty make that one under Hell, a prison for that one, so we may be in safety! But we are now in this life, and Allah Almighty is asking to show value and honor of Mankind in His Divine Presence. And every time that Allah Almighty is sending to Mankind, humanity, human nature, from His endless Honor Oceans, Shaytan is exploding and `adhaab (punishment) is coming on him, punishment of fire!

O our Salafi `ulamas! Marhaban! What is your opinion, if fire is giving punishment to fire? Is that a question? Yes, Shaytan is created from fire. How fire is giving punishment to fire, `adhaab? I know punishment, but fire burns man, and he is getting in endless pain because that fire is from Earth, a fiery burning. But what about Shaytan? I am asking Salafi `ulamas, you are all heedless people and are not understanding! Only Salafi `ulamas are saying, "We are `ulamas." I am asking you, if fire is giving punishment to fire? What is your answer? No, it is not something you can answer by thinking, it is a grant from Allah Almighty. Where is my stick? I don't know, but they are giving an answer to me. May fire give a trouble to fire? A question we are asking: if Shaytan's punishment going to be in Hells, Hell is fire and Shaytan is fire, so do you think fire gives punishment to fire?

Suffering. Yes, that is a question so many people are not knowing an answer to. Once a philosopher who was proud with his philosophy was asking a wali or any ordinary believer from Muslimeen, all of whom are believing but levels of their beliefs are different. His beliefs are on a level that you are not on, and the level that you are on, he is never knowing about, and his level of faith you can never understand.

••••••••• ••••••••• ••••••• ••••••••• ••••• ••••••• ••••••••• •••••• •••••••••••

Wa li-kullin daraajaat mimma `amiloo wa maa rabbuka bi-ghaafilin `amaa ya`maloon, To all are degrees (or ranks) according to their deeds: for thy Lord is not unmindful of anything that they do. (6:132)

Are you understanding Arabic or not? What does it mean wa li-kullin daraajaat? Allah Almighty is saying, for everyone there will be a level. Wa li-kullin, it is an ocean! We may ask daraajaat that belongs to Believers. One level, another level, another level. Therefore, for the people of Paradise, their Paradise is granted from Allah Almighty to them and you can't find the same. No, just 100% different. There may be billions of people,

trillions of people, quadrillion, pentillions; you can't find the Paradise of one to be the same for another. That is from the Greatness of the Lord of Heavens, Allah (swt)! Allahu akbar, Allahu akbar! (Mawlana Shaykh stands and sits.) Because Allah Almighty is never using a photocopy machine. No, no, no. If you are looking in this world, so many homes, one never going to be similar from the inside to a second one. And Paradise is for Eternity. Darajaat. You can't find two people on the same level. Allahu akbar! (Mawlana Shaykh stands and sits.) Daraajat, plural of darajah. Darajaat means "level," countless, countless, countless levels. Everything is kun fayakoon, "(Allah Almighty gives the holy command) 'Be!' and it is." Allah Almighty is only saying, kun fayakoon:

•••••••• •••••••• ••••• ••••••• ••••••• •••• ••••••• •••• •••• •••••••••

innamaa amruhoo idhaa araada shayan an yaqoola lahu kun fayakoon, But His command, when He intendeth a thing, is only that he saith unto it: Be! and it is. (36:82)

O People! Try to learn about your Creator's Divine Attributes. Yes, darajaat. And the Holy Qur'an is an ocean, but not one ocean. Not only you, even prophets can't reach the limits, the fine points of the Holy Qur'an.

O People! Appreciate the Holy Qur'an! You can learn everything without using technology. Technology is the dirtiness of Shaytan, making you to first appreciate that technology (above other things), yes. For example, this instrument (Internet) from technology is sending our humble meeting through east and west. It is such a surprising thing, but Allah Almighty is granting to His deputies; they are like Light Oceans. That is nothing! That is only sukhkhir, what Allah (swt) is giving to believers and unbelievers, to use this instrument of no value. But what Allah Almighty is granting to His valuable, honored, honorable, and glorified servants is such a power; that he may be able to command "Be!" for something and it will come into existence!

O Salafi `ulamas! There is one hadith, you must know about that Hadith Qudsi. Don't say this is da`eef (weak) hadith. Allah `azza wa jall yaqool, yaa `abdee. (Allah, the Exalted and Magnificent says: "O My servant!") Rabbuna subhanahu wa t`aala, He is saying, "O all people! Yaa `abdee, a`atiyanee, O My servant! Obey me!" a`atiyanee ija`laka rabbaaniyyan. (Obey Me! I will make you "lordly"). What is the meaning of rabbaaniyyan? Taqoolu li-shayin kun, fayakoon (you say to a thing "Be!" and it will be). When Allah Almighty is giving such an honor and authority to that one, ij`aaluka rabbaniyyun taqoolu li-shay kun fayakoon! (I will make you "lordly", you say to a thing "Be!" and it will be). Sah (correct)? Wayhaq (Woe to you)! Wayhaq `ala

kulli bashiriyyah (woe to all humanity). First of all, including the Muslim world, and I am saying I am nothing, but they are making me to say to Salafi `ulamas, what is your opinion about that hadeeth qudsi? If you say it is not true, you may get out from Islam (murtaad, apostate)!

I am nothing, but they are making me, such a useless one, to speak. Shoo `azhaamat, so glory on this hadith! "Yaa `abdee," are those who are not running after the pleasure of their physical beings! Himmatuhum, they are on highest level of effort, and thinking only to make their Lord happy with them. When are you going to be happy with your Lord? When you are going to be under His command? When your obediency's darajaat, so many levels, when you are reaching that level that you will be ahlun, suitable for that khitaab. Allah (swt) is saying to you, "Yaa `abdee!" Who is that one? Who is only for his Lord's `uboodiyyah, servanthood, only for his Lord, no obediency for their egos, Shaytan, dunya or hawa.

O Salafi `ulamas! You are understanding? Say! And you are making a declaration that, "Shaykh is kharfaan, what he is saying is not true!" Can anyone say this? If so, in the morning you may find his dead body. Keep your tongues from (targeting) someone whose anger is coming from heavenly anger! When you are reaching to that level you can say for everything without using technology. Shame on muslimeen, wa `ala `ulamai 'l-muslimeen, particularly Salafi `ulamas! Why you are not speaking on the power of Islam, the power of imaan? You only know, "This is bida`, that is shirk!" No! Leave this; come and learn something else. Enough for your tuhmat, accusing people of shirk, kufr, bida`, haraam! Take them up. Can you carry them up? If you are under the seven levels of Earth, how are you going to carry people up to Seven Heavens? This day the fight is beginning, because the time is up for the Last Day, Yawm al-Qiyaamah (is near).

O People! Think on it! Only pearls will be protected and their shells thrown away. Why you are not using your chance to be a pearl; (instead) you are being an empty shell. Ask yourselves, for what?

O People! Not every egg bring chicks. This is an egg and that is an egg, but this one brings a chick. By itself, it cannot. A person can't reach the levels of heavens by himself; there must be muraafaqah (accompaniment), as a hen making muraafaqah with a rooster and bringing chicks. Why did the Lord of Heavens send 124,000 prophets? To put that pearl in your shell! Therefore, if hearts are locked there can't be anything in them. If hearts are open, the Seal of Prophets (s) can put in them the atom of a pearl (a treasure)!

This is enough; it is an endless ocean! (Mawlana Shaykh stands.) May Allah (swt) forgive me and you, for the

honor of the Seal of Prophets, Sayyidina Muhammad (s). (Mawlana Shaykh sits.)

Fatihah.

(Guest speaker in Arabic.)

## "O My Servant, Obey Me and Be Lordly!"

As-salaamu `alaykum yaa `ibaadAllah! Qoolu Laa ilaaha illa-Llah. Laa ilaaha illa-Llah. La ilaaha illa-Llah Muhammadun Rasoolullah, `alayhi salaatullah wa `alaa jam`eei 'l-anbiyaa wa 'l-awliya wa 's-saaliheen. As-salaamu `alaykum yaa mu'mineen wa rahmatullahi wa barakaatuh! O Our protectors, heavenly protectors that have been appointed to protect believers, Muslims, muslimeen wa mu`mineen. And we are saying, a`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem. (Mawlana Shaykh stands) The heavenly sword for Muslims is Bismillahi 'r-Rahmani 'r-Raheem. That is the heavenly sword of believers, that is the sword of Heavens on Shaytan and its followers. The dirtiness of Shaytan and its followers will be taken away from this world! (Mawlana Shaykh sits)

Marhaban, marhaban, our attenders! As-salaamu `alaykum yaa Saahib az-Zamaan. As-salaamu `alaykum yaa Qutb 'l-Mutasarrif. As-salaamu `alaykum to all qutb, aqtaab who are looking after us, and protecting us.

O our Attenders! Marhaban bikum. You are coming and giving honor for hearing some heavenly teaching, yes. And marhaban bi Salafa 's-Saaliheen that you are giving that title to yourselves as Persian people are giving their learned people such heavy titles as "ayatullah" or "hujjatullah." They are such heavy titles that even huge mountains they can't carry such titles, to be said ayatullah, "Sign of God," or to be said hujjatullah, "Proof of God," all of that. But it is easy for Persian people to say this. Allah knows! Allah gives His judgment

for them and, wa li kulli imrim maa nawaa, "to every man is what he intended."

Salafi `ulamas are also giving such an honor for themselves, saying, "We are Salafi `ulamas," but Salafi `ulamas just passed away, saying, "We are the only way of good people, better." When you are saying "Salafi `ulamas," it is not for everyone, you can't force them to say that you are Salafi `alim, no, but say, "We are followers of good ones," as Allah Almighty is saying: (Mawlana Shaykh stands) Asta`eedhu billah.

••• •••••••• ••••••••• •••••••• ••••••••• •••••• •••••••••• •••• •••••••••••••

Yaa ayyuha 'Lladheena aamanoo ittaqullah wa koonu ma` as-saadiqeen. O you who believe! Fear Allah and be with those who are trustworthy (in word and deed). (at-Tawbah, 9:119)

It is okay. No one is going to reject or object on it, no. (Mawlana Shaykh sits) Yes, it is easy and it is an order of Allah Almighty. Allah Almighty is not saying, "O People! Follow Salafi `ulamas," no! He is not saying this but you are saying, "We are Salafi `ulamas and people must follow us." I am asking, you may be Salafi `ulamas, but are you claiming that you are from saadiqeen, sincere and saadiq? Do you think that you can claim that, "We are of those people that Allah is saying, 'koonoo ma` as-saadiqeen.'" Are you understanding or not? What is the meaning of the Holy Qur'an where it says, koonoo seeghatu 'l-amr.

It is heavenly order that you must be with true ones, and when the Lord of Heavens is saying "true ones" you must give (an explanation). What does it mean, to be true ones? How are they going to be true ones? What are their signs that they are true ones? True ones! Allah Allah.

Koonoo ma` as-saadiqeen. And is there a holy hadith to make clear who are those true ones. Say! Who is your chief one? Say! Who are true ones? Yes. There is a holy hadeeth that belongs to Allah, Hadeeth Qudsi making it clear. If you don't know they are making me to speak that (Mawlana Shaykh stands)

Allah Almighty jalla wa `alaa, Allah (swt) is saying:

•• •••• ••••• ••••• •••••• •••• ••• •• •••••

Yaa `abdee ati`anee aj`aluka rabbaaniyyan taqoolu li shayyin kun fayakoon. O My servant! Obey Me and I will make you lordly; (if) you say to a thing "Be! And it will be."

Allahu Akbar! (Mawlana Shaykh sits) Those are the true ones! You must ask to follow such people. You must

look after this. Don't think there are thousands or hundreds of thousands even now the ummah, the nation of the Seal of Prophets may be two billion. Alhamdulillah, that is the honor of Islam. But no-mind people, the non-Muslim world, are not understanding, and they are not thinking on it.

If Islam is not a heavenly religion, how was one man, an orphan in the deserts of Arabia standing up and calling his people when he was 40-years-old, "Come hear and listen, Christian and Jewish people, and other nations must hear!" He was an orphan. His name was Muhammad (Mawlana Shaykh stands) Sayyidi 'l-Awwaleen wa 'l-`Akhireen, habeebu Rabbi 'l-`alameen wa khalifat ul-Haqq! (Mawlana Shaykh sits)

In unknown deserts one boy was born. When his mother was pregnant, his father passed away. He was an orphan in the womb of his holy mother and after a while he was just born. And he was only 5 or 6-years-old when his mother passed away, and he was in such a position, with no father and no mother. But Allah Almighty made some people to look after him--his uncle Abu Talib, huwa Sayyid kaman (Abu Talib) is a chief, a master. He is Sayyid. And all awliya were witnesses when he said, "Laa ilaaha illa-Llah Muhammadun (s). You are RasoolAllah, heavenly one over all prophets. You are Habeebullah, Rasoolullah, Noor `Arshillah." And he breathed his last.

There are so many discussions among `ulamas, and we are not listening. There is so much qeel wa qaal, "This one said this and this one said that." We are not making qeel wa qaal discussions. We have been granted something else for Abu Talib, for his imaan, his last breathing and finished. And that boy was well known in his tribe, he never spoke any lie. He was well known and the title Muhammad al-Ameen was given to him. He was so Ameen, the trustworthy one. Then, listen all religions' headquarters: he was with his nation for 40 years then the Lord of Heavens sent to him as the Divinely Attribute is to send a holy command through Archangel Gabriel (a), ruh al-ameen, sending to him a holy spirit, saying, "You are the chosen one here and Hereafter in the Divine Presence. You are granted such an honor that no one can reach, you are Muhammadun RasoolAllah." (Mawlana Shaykh stands) Raghman `alaa anf `alaa Wahaabiyyin wa Salafiyyin! (Mawlana Shaykh sits) Allah Allah, Allah Allah, Allah Allah.

O People! O our Attenders! Listen! Listen to be a perfect one. A perfect one is who is keeping their oath from the Day of Promises. To whom was the Lord of Heavens just addressing on the Day of Promises? It is impossible to hear the Lord's majestic, most majestic, most mighty, most glorified addressing. If they are

hearing, they are going to be on fire, burned, no one there. But who is carrying that power from the Lord of Heavens? No one, only one. (Mawlana Shaykh stands) Sayyidina Muhammad (s), `izzan wa sharafan nooran wa surooran, sultaanan wa ridwaana. Raghman `alaa anf Wahhabi, in spite of the noses of Wahhabis, and Salafiyeen and other non-Muslims. (Mawlana Shaykh sits)

Hayyy, Hayyy, Hayyy, Hayyy, Hayyy, Hayyy, Hayyy, Hayyy, Hayyy, Hayyy, Hayyy.
Huuuu, Huuuu, Huuuu, Huuuu, Huuuu, Huuuu, Huuuu, Huuuu, Huuuu, Huuuu.
Huuuu, Huuuu, Huuuu, Huuuu, Huuuu, Huuuu, Huuuu, Huuuu, Huuuu, Huuuu.

O People! Come and accept Truth! Who is not accepting Truth, their levels are the levels of animals. Follow the Seal of Prophets (s), and you will be honored by heavenly honors. You are calling people to be with you, Salafi `ulamas, but who are you with? Make it clear, who are you with? The holy command of Allah Almighty is saying wa koonoo ma` as-sadiqeen, who is sadiq, who are true ones? They are those ones that are mufti, sacrificing their souls for the honor of the Seal of Prophets (s). Allahumma arda an hum, Allah gives them much more honor.

Where are we living? Where are `ulamas to make this for their nations, for Muslims, Muslims for other nations, Muslims to their nations? Yes that one, now it is 15 centuries or more, 16 centuries, and his order is going on! With whose command are you praying, Salafi `ulamas? Say! With whose honorable orders are you fasting, going on pilgrimage, going and making charities, for whom? For the honor of whom? Allah Almighty is Azaalan, Abaadan, from pre-Eternal to Eternal! He is not in need of our honor, no. All honor was just granted to His most honored one, khalifah, real deputy.

•••••• ••••••• ••• •••••••• •••••••••

innee ja`ilun fi 'l-ardi kahleefah! "I will create a vicegerent on earth. (al-Baqara, 2:30)

Haqq! At-tanween li 't-ta`zheem, This is a linguistic form for emphasizing the greatness, khalifatan. T`azheem, he is only one. Allah Almighty is not saying, innee ja`ilun fi 'l-ardi kulaafah. What do you think, for a king there are going to be several crown princes? Only one, so that from Creation, the crown prince must only be one, there can't be two and more, no, no only one. And that one is saying to his nation to come and to obey heavenly orders and heavenly orders they are reciting, giving to me to understand koonoo ma` as-saadiqeen, be with true ones.

I am saying, Salafi `ulamas, who is sadiq? What is their character and positions that they are going to be true ones? What are their signs? Allah Almighty is saying jalla wa `alaa, Yaa `abdee ati`yanee ija`alak rabbaaniyyan. "O My servant! Obey Me: I (will) make you lordly." Say! Don't worry! It is written in holy hadith books. If you are looking and not seeing, then research if it is true or someone is making it sanaee, false? Hashaa aqlan, yaanee our mentality is just saying it is 100% a true Hadeeth Qudsee that belongs to the Heavens. Allah Almighty is saying: (Mawlana Shaykh stands)

"Yaa Abdee! O My servant! Ati`anee uhib, I like that you should be an obedient servant for everything, for Me! You must observe everything I ordered, 100% fully. Yaa abdee fee kulli umoor, for everything!" What is the honor going to be granted from the Lord of Heavens to that one? Allah Almighty is saying: ajaluka rabaniyan to be rabaniyeen, Lordly people.

Try to be Rabbaaniyeen. It is better than to be Salafiyeen. Why are you not saying, "We are Rabbaaniyeen," it is better. Why are you not saying? I am asking all Salafi `ulamas, do you think that you are rabnaniyeen? Did Allah Almighty dress you to be Rabbaaniyeen? Hadha `abdee Ja`alatahu rabbaani nisbatun `alayy (this servant I made Lordly, relating him to Me). Allahu Akbar, Allahu Akbar, Allahu Akbar `alaa man takabbar wa tajabbar. Where are `ulamas of Azhar, to make it clear, `ulamas of Sham, `ulamas of Baghdad, and `ulamas of Hind? Why are they not saying? They are running in some awdiyya, valleys that have no taste. Come to the main line. Why are you not making it clear for Mankind that what is the highest honor for Mankind? To be rabbaani.

(Mawlana Shaykh sings)
Rabbaani, Rabbaani, Rabbaani, Rabbaani, Rabbaani, Rabbaani. Rabbee Qaadir haydali?

Where is your `ilm? Don't say marratan ukhraa, abadan, one more time never again that, "We are Salafiyeen." Say, "We are Rabbaaniyeen." What is the sign of being Rabbaani? What does Rabbu 'l-`Izza say, "O My servant! Obey Me and I will make you lordly. You say to a thing, 'Be,' and it will be." Books can be written on that.

Those people whom Allah Almightyis ordering, be with them. Sadiqeen hum 'l-Rabbaaniyoon, the truthful are the Lordly people. Allah yaa Rabbee `alimna. Astaghfirullah. Send us someone from Your chosen ones to

make clear everything for Mankind, for Your servants because we are fed up from Satan's followers. O our Lord! Forgive us and send us that we may run after him to be as You like. Tawbah, yaa Rabb. Tawbah, yaa Rabb. Tawba astaghfirullah. Zid habeebika `izzan wa sharafan nooran wa surooran, ridwaana wa sultaana.

Fatihah.

(35 minutes) They are closing it down. (1012 viewers)

(Mawlana Shaykh speaks with Shaykh Hisham Effendi and Hajjah Naziha.)

(Shaykh Hisham recites beautiful poetry describing Mawlana Shaykh Nazim as a sun.)

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

## OFFICIAL AND FORMAL ORGANIZATIONS are NOT REAL SUFI PATHS

Among the signs that a branch of a Sufi Tariqah has lost its connections to the roots, that it has been severed from the Source of Divine Wisdom is that the Tariqah begins to occupy its followers in various outward activities. These generally serve to distract from the realization that no one is receiving any real spiritual guidance; no one is progressing towards his destination of inner peace and spiritual stations.

People who are seeking to fulfill some social, psychological or economic need may feel satisfied with membership in such organizations, as they are often highly coordinated and provide the appearance of material and emotional stability and security. But the true spiritual seeker will never feel satisfied with membership in such a group, as all Tariqahs that become official and formalized are no longer real Sufi Paths: the spiritual has been sacrificed for the temporal.

Sometimes the followers of our Way express the wish that things should be more organized; but our organization is a higher organization, not like man-made ways. The difference is like that of a forest existing naturally on the mountainside with its trees growing at irregular intervals, and of a forest planted by men, with all the trees standing

uniformly spaced in neat and straight rows. Although to man's eye the natural forest may seem chaotic, the ecological balance and subtle organization is real-perhaps much more so than in the planted forest. Which forest is lovelier and has a more calming effect on the soul? I think most people would find the natural one more pleasing.

One will always find such "Sufi Organizations" engaged in organizing and trying to draw people into their circles so as to strengthen their communities by expanding their ranks. They usually manifest this tendency by establishing communities in one place and drawing people into it; again, often through the attractiveness of social, economic and psychological advantages provided by such a community. Our followers, particularly the American followers, have often asked me whether they too should not all gather in one place in the United States to live as a community. Whenever they proposed such ideas my heart was never in accord. I told them they should stay in their communities and serve there as lights and guides for others, that they should be examples for all receptive people. In physics this is called the principle of diffusion, a force in the center sending out energy which it projects over far distances. This contrasts to the opposite principle of infusion whereby energy is drawn to the center. Now, which principle did our Holy Prophet Muhammed (sal) act upon? When some of his companions asked him where they should settle and make their lives once the Prophet's time had passed, he told them: "You must look to settle in Damascus." He did not tell them to huddle together in Medina, but to go and live in Damascus among that non-Muslim community if it was possible to do so peacefully."

Look, scientists are now saying that the planets were part of the sun and were thrown into space where they are kept in orbit of the sun by a fine balance. They also say that the Moon originated from the Earth and orbit it according to a similar principle. Even if each of you, in your own communities, cannot be a resplendent sun whose own light shines forth and whose gravitational influence keeps many planets in orbit, at least you can be like the Earth that holds one moon in orbit. The Earth has no light of its own, but by its reflection of the sun's rays it gives light to the Moon, and though it cannot

hold huge planets in orbit, it can hold a moon. Jupiter, even though it is also cracked off from the Sun, orbits it and doesn't have its own light, holds so many moons in its orbit. You must take wisdom from this example.

Even if you haven't been invested with the power to shine, try to be a mirror to reflect those rays. Just because you cannot yet be a means by which many people may be guided (because you yourself are still impure) that doesn't mean you can't affect some people and help to bring them to the Way. Just be as sincere with people as you can, then the Sheikh's light may come to you and through you. And don't despair if only a few interested people or even only a single person come to be affected by your presence in your community, for the Holy Prophet Muhammed, (sal) said: "Whoever guides one man to the truth has earned what is worth more than this world and all it contains – he has earned his Lord's pleasure."

## OFFICIALITY LOSES SINCERITY

We are trying to be simple and not official. I want to be able to speak freely and not for it to be like a court-speech. It should be free and simple so that sincerity can go through our hearts. When something is official it loses sincerity. So forgive me for my simplicity. It is better to be simple and easy. Officiality makes our life less valuable. Official people live shorter than unofficial. That is why I do not like to be an official person and I have never been one. People at the top always have too many problems.

## Off The Track

The oppression can't last. If it does, it destroys. The world is destroyed today because of the oppression. Zulm, al-zulmu zulumatu. Darkness has come, zulm; the world sinks into darkness now. I am astonished. The zulm can't last, if it does, it destroys. It destroys everywhere, we seek refuge in Allah. We don't accept the zulm. May Allah make us apart from the oppressors also.

May the flags of Islam rise, justice is in it. "'Inna Al-Laha Ya'muru Bil-`Adli" (16:90). Allah Almighty orders justice, "Wa Al-'Ihsani" & goodness. "Inna Al-Laha Yuhibbu Al-Muhsinin"(2:195) Allah Almighty loves Al-Muhsinun, loves the good-doers. And He also says "'Inna Al-Laha La Yuslihu `Amala Al-Mufsidina" (10:81).

Why can none of these governments keep up, or be successful? Because they are mufsidun, they made corruption. They can't correct. They are making corruption- they made the world fall into such corruptions, the unbelievers, the disobedient ones, the hypocrites. Therefore Allah doesn't sign/allow that they can succeed. They are fighting each other, and they will. They need to return to the Order of Allah. "Verily, Allah does not set right the work of Al-Mufsidun". All the countries are in chaos. None of them can manage, their work is not progressing because they are corrupted, and could not correct. Here, Turks for 80 years.. 80 years, it is coming to 90 years and they can't manage, they can't correct. Because they are not the ones who correct but who corrupt. Every country that removed Shariat will be ruined. None of their doings succeed, none! All of their doings are shaytani, they have no Rahmani doing.

O Lord, You are Qadir al-Muqtadir. May the oppressors be given their lesson by the majesty of this month & may they disappear. May You send us a Sultan who will execute Your orders. You

are Subhan, You are Sultan. Sultan Dhillullah fi 'l-ard. Sultan is the Shadow of Allah on Earth, and also His Sword, Saifullah, at the same time. They are all swords, dragons. But these ones' outer appearance & outfits & they, themselves also got ugly. All the nations have become ugly. They used all kind of things so their faces shine a little bit. Can't be! Man can't be beautiful unless he is granted Nur.

O Lord, may You increase our Nur. May You increase our Nur. Send a Master for Your servants who will give them Nur. And may You make us be with him also. O Lord, may You not make us confined to bed. May You grant me strength for Your Service, that I may walk- that my children, grandchildren may also walk & become powerful like a lion. May they not be weak like a cat. Allahu Akbar Allahu Akbar Allahu Akbar wa Lillah al Hamd. May You dress on us the majesty of Islam & faith O Lord. May You dress on us health & wellness. May You dress on us the honour & uns/familiarity. May You not give us weakness. Fatiha.

Say 3x Shahada, 70x Astaghfirullah, & also give some sadaqa. The heaviness in this month may go from us to the mountains, rocks. It may be a blessing for our lives, our children. Read for me. Ok son, go on..

La Yuslihu `Amala Al-Mufsidina". It is boiling everywhere in Egypt. For years they elect this, that.. Because all of them are mufsidun, Allah does not make them succeed, does not help them. Shaytan accelerates them but their work does not succeed. They say "We will give respect to this one, we will consult that one.." Yahu! If you give to an unskilled one..

Now for a train, if you take down the engineer of the train & put an ordinary man, can he make the train move? He immediately makes it flip over & then starts shouting "We will correct this, we will lift this up.." No, you can't do. The train went off the track! You left the track. Since you left the track, you can't solve this anymore. After the train goes off the track to where can you move it? They left the track. The track is the Sharia Gharra'un Ahmadiya Jalla Jalaluhu. There is the track Allah Almighty put, ride on it. You didn't & it flipped over- the train. Some died & some survived but no one reached his aim. Now those who are outside, who survived it say: "We will save this train". How can you save the train? It is a huge train. With your little muscular

strength, is it an easy thing to put the train back on its track?

So these people have become like this now, they went off the track. No country can manage themselves once they went off the track. They can't put themselves back on the track. The track is the Shari'ah Allah Almighty sent. "Move on it, don't go off it or you flip over" He says. When they flip over, then they start to call, ask for help "we do this, that to be saved" No, it is over. The huge locomotive fell down, went off the track. What can your muscular strength do to lift it up & put it back on track? It is over forever. There is no one saying, explaining such things. And the people are drunk & corrupted, running after imitated things. One says "I will lift it up, correct the locomotive & put it back on its track". How can you put it back? Is the locomotive a toy? Once it went off the track, is it easy to put it back on its track, o son? All of them went off the track. Let them struggle with it. Let them struggle.

Tawba ya Rabbi, tawba Astaghfirullah. Fatiha.

This is a good illustration. They are finished. Sultan Hamid was making the Ottoman State ride on tracks. These ones made it go off its tracks, flip over and now they are struggling like monkeys. They are struggling for 100 years- since 1908, for 100 years, actually more than 100 years they are struggling but couldn't lift it. They couldn't lift it. Because you made it go off the track & flip over. Forget making it move again, you can't even put it back on track. Sultan Hamid on his own, ruled the land of 7 million km sq- which had different places, countries.. He was a strong machinist & engineer. He would make the state run on the track. These ones don't know anything about the track or straight path. They don't know where they are going to nor do they know what they are going to do.

Let them struggle now. "But we made you wear hats!" What did we gain by wearing hats? What did we gain by opening up the ladies, or by changing the letters? "We banned the mosques, dargahs". And what happened? You made a mess out of it. You became enemies to each other & made the country all upside down. You made it sink into debt. There is no employment but there is plenty of bad manners. Constantly come on you earthquakes, hurricanes, floods & you can't get out of it. Aman ya Rabbi.

There is no one speaking of these matters. This is the reality. If there is anyone who says "no", I will send him to graveyard in 40 days. If they have top rank ones who say "no", I send them to graveyard in 40 days. I am nothing. Once I am given current (electric), I have power. They keep the current from me. They can give you current also but may keep it from you &you can't do anything. But I speak of these things. This is an important matter. Is it not?

H.R. Yes.

They say "we opened up the women. We changed the letters now. We changed the laws. We removed the Shariah. We banned the tekkas & dargahs. We made people wear hats, opened peoples' heads & bottoms, adorned them.." And what? Solve this mess now if you can. Aman ya Rabbi. May You send us a Master who will correct us. We are in need of a Master. O Lord, may You forgive us for the honor of Your Beloved (sas). O Glorious Prophet, may you intercede for us. Fatiha.

H.R. It's bottom part was like a skirt.

M. Yes, they would wear it, then after this they started covering their heads like this. Then they started to show their hair from here, then show their arms...So they changed like this & fell into this situation. They reached an attribute of disgrace. Ok daughter, are you reading for me?

## Aus der Spur

---

Die Unterdrückung kann nicht andauern. Wenn sie andauert, zerstört sie. Die Welt ist heute zerstört wegen der Unterdrückung. Zulm, az-Zulmu Zulumatu. Dunkelheit ist gekommen, Zulm. Die Welt versinkt in Dunkelheit jetzt. Ich bin überrascht. Zulm kann nicht andauern. Wenn sie andauert, zerstört sie. Sie zerstört überall. Wir suchen Zuflucht bei Allah. Wir erkennen Zulm nicht an. Möge Allah uns auch von den Unterdrückern fernhalten. Mögen die Flaggen des Islam hochsteigen. Gerechtigkeit ist darin. "Inna Allaha Ya'muru Bi l-`Adli" (16:90) Allah der

Allmächtige befiehlt Gerechtigkeit. "Wa l-Ihsani" und Gutes. "Inna Allah Yuhibbu l-Muhsinin" (2:195). Allah der Allmächtige liebt Al-Muhsinun, Er liebt die, die Gutes tun. Und Er sagt auch: "Inna Allaha La Yuslihu `Amala l-Mufsidina" (10:81). Warum kann keine dieser Regierungen durchhalten oder Erfolg haben? Weil sie Mufsidin sind, sie bewirken Verderbtheit. Sie können sich nicht berichtigen. Sie bewirken Verderbtheit. Sie ließen die Welt in solche Verderbtheit fallen, die Ungläubigen, die Ungehorsamen, die Heuchler. Deshalb erlaubt Allah (swt) nicht, daß sie Erfolg haben. Sie bekämpfen einander, und das werden sie auch weiterhin. Sie müssen zur Ordnung Allahs zurückkehren. 'Wahrlich, Allah stellt die Arbeit der Mufsidun nicht richtig.'
Alle Länder sind im Chaos. Keins von ihnen kann es handhaben. Ihre Arbeit geht nicht voran, weil sie verdorben sind und das nicht berichtigen konnten. Hier, die Türken, vor 80 Jahren... 80 Jahre, es sind bald 90 Jahre, und sie kommen nicht zurecht, sie können es nicht berichtigen, weil sie die sind, die berichtigen, aber auch die verderben. Jedes Land, das die Shariat entfernt hat, wird ruiniert. Keine ihrer Machenschaften hat Erfolg, keine! Alle ihre Taten sind shaytanisch, sie haben keine Rahmani-Taten. O Herr, Du bist Qadir al-Muqtadir. Mögen die Unterdrücker ihre Lektion bekommen durch die Majestät dieses Monats und mögen sie verschwinden. Mögest Du uns einen Sultan senden, der Deine Befehle ausführt. Du bist Subhan, Du bist Sultan. Sultan Dhillullah fi l-Ard. Der Sultan ist der Schatten Allahs auf Erden und gleichzeitig auch Sein Schwert, Saifullah. Sie sind alle Schwerter, Drachen. Aber ihre äußere Erscheinung und die Kluft und sie selbst wurden häßlich. Alle Nationen sind häßlich geworden. Sie benutzen alle möglichen Sachen, damit ihre Gesichter etwas leuchten. Geht nicht. Der Mensch kann nicht schön sein, wenn er kein Nur bekommt.
O Herr, mehre unser Nur, mehre unser Licht. Sende einen Meister für Deine Diener, der ihnen Nur gibt. Und laß uns auch mit ihm sein. O Herr, laß uns nicht ans Bett gebunden sein. Gewähre mir Stärke für Deinen Dienst, daß ich gehen kann, daß meine Kinder und Enkel auch gehen können und mächtig werden wie Löwen. Laß sie nicht schwach wie eine Katze sein. Allahu Akbar Allahu Akbar. Allahu Akbar wa Lillahi l-Hamd. Mögest Du uns mit der Majestät des Islam und des Glaubens bekleiden, Herr. Kleide uns mit Gesundheit und Wohlergehen. Kleide uns mit Ehre und "Uns" - Vertrautheit. Gib uns keine Schwäche. Fatiha. Sagt 3x die Shahada, 70x Astaghfirullah und gebt auch Sadaqa. Die Schwere dieses Monats mag von uns in die Berge, die Felsen gehen. Es mag ein Segen für unser Leben und unsere Kinder sein. Lest für mich.

Okay, Sohn, geh...
"La Yuslihu `Amala l-Mufsidina". Es kocht überall in Ägypten. Seit Jahren wählen sie dies, das... Weil sie alle Mufsidun sind, gibt Allah (swt) ihnen keinen Erfolg, hilft ihnen nicht. Shaytan beschleunigt sie, aber ihre Arbeit hat keinen Erfolg. Sie sagen: 'Wir zollen diesem Respekt, wir beraten uns mit jenem..' Yahu! Wenn ihr den Ungelernten gebt... Für einen Zug, wenn ihr den Lokführer des Zuges wegnehmt und einen normalen Mann hinsetzt, kann er den Zug bewegen? Er läßt ihn sofort umkippen und schreit dann: 'Wir werden das berichtigen! Wir richten das auf..!' Nein, das könnt ihr nicht. Der Zug ist entgleist. Ihr habt die Spur verlassen. Da ihr die Spur verlassen habt, könnt ihr das nicht mehr lösen. Nachdem der Zug entgleist ist, wohin könnt ihr ihn bewegen? Sie haben die Spur verlassen. Die Spur ist die Shariat Gharra'un Ahmadiyya Jalla Jalaluhu. Dort ist die Spur, die Allah der Allmächtige gelegt hat, um darauf zu fahren. Ihr tatet das nicht und ließet den Zug entgleisen. Manche starben, manche überlebten, aber niemand erreichte sein Ziel. Jene, die draußen sind, die überlebt haben, sagen: 'Wir werden diesen Zug retten.' Wie könnt ihr den Zug retten? Es ist ein gewaltiger Zug. Mit euerer geringen Muskelkraft ist es eine leichte Sache, den Zug wieder auf die Gleise zurückzubringen?
Die Leute sind also jetzt so, sie sind aus der Spur. Kein Land kann sich selbst verwalten, wenn sie erst einmal aus der Spur sind. Sie können sich nicht selbst wieder in die Spur bringen. Die Spur ist die Shariat, die Allah der Allmächtige sandte. 'Geht auf ihr, weicht nicht von ihr ab oder ihr kippt um. Dann fangen sie an zu rufen und fordern Hilfe. 'Wir tun das, um gerettet zu werden.' Nein, es ist vorbei. Die gewaltige Lokomotive ist umgefallen, entgleiste. Was kann euere Muskelkraft ausrichten, um sie hochzuheben und wieder auf die Gleise zu stellen? Es ist vorbei für immer. Es gibt niemanden, der das sagt, der so etwas erklärt. Und die Leute sind betrunken und verdorben und laufen nachgemachten Dingen hinterher. Einer sagt: 'Ich hebe sie hoch, richte die Lokomotive und stelle sie wieder auf das Geleis. Wie könnt ihr sie zurücksetzen? Ist die Lokomotive ein Spielzeug? Einmal ging ich aus der Spur. Ist es leicht, sie wieder auf Spur zu bringen, o Sohn? Sie sind alle aus der Spur, laßt sie sich damit mühen. Laßt sie sich abrackern. Tawba ya Rabbi, Tawba Astaghfirullah. Fatiha.
Das ist eine gute Illustrierung. Sie sind erledigt. Sultan Hamid ließ die Osmanen in der Spur fahren. Diese ließen sie aus der Spur geraten und umkippen und jetzt mühen sie sich wie Affen. Sie mühen sich seit 100 Jahren, seit 1908, seit 100 Jahren, tatsächlich seit mehr als 100 Jahren

kämpfen sie, konnten sie aber nicht hochheben. Sie konnten sie nicht heben, weil ihr sie entgleisen und umkippen ließt. Vergeßt, sie wieder zum Fahren zu bringen, ihr könnt sie nicht einmal in die Spur bringen. Sultan Hamid regierte das Land von 7 Millionen Quadratkilometern, das verschiedene Orte und Länder hatte, allein. Er war ein starker Maschinist und Lokomotivführer. Er ließ den Staat in der Spur laufen. Diese wissen gar nichts über die Spur oder den geraden Weg. Sie wissen nicht, wohin sie gehen, und sie wissen auch nicht, was sie tun sollen. Laßt sie sich abmühen jetzt.
'Aber wir ließen euch Hüte tragen!' Was haben wir mit dem Tragen von Hüten gewonnen? Was haben wir mit der Entblößung der Frauen oder dem neuen Alphabet gewonnen? 'Wir verboten Moscheen und Dergahs!' Und was geschah? Ihr habt es vermurkst. Ihr wurdet einander Feind und habt das Land auf den Kopf gestellt. Ihr ließet es in Schulden versinken. Es gibt keine Arbeit, sondern jede Menge schlechtes Benehmen. Ständig kommen Erdbeben, Hurrikane, Fluten auf euch herab, und ihr kommt nicht heraus. Aman ya Rabbi. Es gibt niemanden, der über diese Dinge spricht. Das ist die Wirklichkeit. Wenn jemand 'Nein!' sagt, schicke ich ihn ins Grab in 40 Tagen. Wenn sie Hochrangige haben, die 'Nein' sagen, schicke ich sie ins Grab in 40 Tagen Ich bin nichts. Wenn ich Strom bekomme, habe ich Kraft. Sie halten den Strom fern von mir. Sie können euch auch Strom geben, aber wenn sie ihn fernhalten, könnt ihr nichts tun. Aber ich spreche von diesen Dingen. Das ist ein wichtige Sache. Oder? HR: Ja. M: Sie sagen 'Wir entblößten die Frauen. Wir änderten die Buchstaben jetzt. Wir änderten die Gesetze. Wir entfernten die Shariat. Wir verboten Tekkes und Dergahs. Wir ließen die Leute Hüte tragen, entblößten Kopf und Unterteil, schmückten sie...' Na und? Bringt die Sauerei wieder in Ordnung, wenn ihr könnt. Aman ya Rabbi. Mögest Du uns einen Meister senden, der uns rechtleitet. Wir brauchen einen Meister. O Herr, mögest Du uns vergeben zu Ehren Deines Geliebten (saws). Glorreicher Prophet, mögest du Fürsprache für uns einlegen. HR: Ihr Unterteil war wie ein Hemd. M: Ja, sie trugen es, dann begannen sie, ihren Kopf so zu bedecken. Dann begannen sie ihr Haar von hier zu zeigen, dann zeigten sie die Arme... So wandelten sie sich und fielen in diese Lage. Sie erreichten ein Attribut der Schande. Tochter, liest du für mich?

Lefke, 12.12.2012

## O Erdogan Bey

Marhaba O beloved ones who are present. Let us raise our hands to our Lord and say "O our Lord! We are Your servants. May we live for Your servanthood and may we walk on that path Ya Rabbana". O Yaran Shah Mardan. What is the reason He (swt) kept us alive? What have we lived for? What are we living for and what should we live for? Madad Ya Shah Mardan. Masha Allah, O Allah's lion, O Shah Mardan. O the Lion of Allah whom his Lord loves, who is on His (swt) Habib's (sas) way, go ahead.

We are sitting in this assembly as weak servants. We are beggars. "Is that so? If you are a beggar, what do you beg for? What is it that you wish?" Yes! Marhaba O yaran Shah Mardan. "What do you want? O mankind, what do you want?" Everyday such an addressing comes from the Heavens: "O Shah Mardan, ask My servants: what do they want?" Madad Ya Deedar (Good Companion) Shah Mardan. Deedar Shah Mardan. "Ask the people, ask My servants; what do they want?" This does not come by thinking. This is the most honourable question for mankind. Shah Mardan wants its answer. "O mankind, what do you want?" "What I want is that, my Lord created us. We want the rida (pleasure) of Who created us". Who created all of us? O man, Fakkir! Think O man, what is it that you want? What does Who created you want from you? Go ahead O Shah Mardan. Your words are al-Haqq (the Truth). We are Your servants, O our Lord. What we want is Your Rida. Don't look for anything else. Don't look for anything else. Don't look for jeefah/filth, don't run after carcass. "What do you want?" This is asked every day from the Heavens. "O Bani Adam! O children of Adam, what do you want?" Allahu Akbar! Learn how you should answer if you are asked this question. Go ahead O Shah Mardan. "What do you want, O servant of Allah?" Allahu Akbar. Can you reply - "We want Your Rida Ya Rabbana? You created us. We want You to be pleased with us. We don't want anything else.

You created us. What we want is that You are pleased with us". Man has an honour. Go ahead, O Shah Mardan. If he doesn't ask and doesn't seek this honour, he has no value. We should learn, go ahead O Shah Mardan.

There is the question of, "What do you want" from the Heavens every day. An address comes to the angels: "What do these servants want? I am Who created them. What do these servants of Mine want?" "What we want is Your Rida, Ya Rabbana". "If you want My Rida, you need to know that I created you. I granted you all the things you want too but what you ask for, what you want are worthless things". O Man! "Yes, O Shah Mardan. The whole creation admires your knowledge". "Ask them, what does Bani Adam want? I created them! Are they asking 'O Who created us, what do You want from us?'" Don't be like a cat that looks for mice. Cats run after mice. What the cats want is, mice. Yes! A cat, what else does it think or care about? All its concern is "If I caught a mouse, it would be a big feast for me today". Shame on those people that they have set a mouse as the target of their life. "What I want is a mouse, a rat". "Where does it live?" They are after the rats that run around in the sewer system. This is not suitable for man.

O our Lord, may You forgive us. Go ahead O Shah Mardan, O Lion of Allah, declare to Man, that "you should not be like a cat which looks for rats in the sewer system". What value does it have? The aim of today's people is this: "Let me search for a mouse, and catch a fat one". But this is not humanity. Go ahead O Shah Mardan. Addibuna, O Habibu-r Rahman! Teach us adab O Lion of our Lord, our Shah Mardan.

There was the son of a great Sultan who appointed a teacher to educate that boy. But the boy was a naughty child. He was unruly, very hard to control. And since he was the son of a Sultan he didn't listen to anyone. Whichever teacher came, he would make all of them fed up and give up. Finally they found for him a sweet speaking 'alim, a scholarly person. His name was Fanari Hz. Do you know him? They told him "Come and educate this child. No one can manage him. Whichever teacher comes, he makes them fed up with teaching. This is a naughty, uncontrollable shahzada. He messed up with so many teachers and they gave up teaching". Finally the job reached this scholar. This scholar said "Ok. Since it is the order of the Sultan, I should go. What can I do? I will suffer what is my fate".

He went to the shahzada- who never listened to anyone and was very naughty. He said "let me

teach him and see what he is like". But he also hid a stick under his jubba. A stick! He hid the stick. What was the name of that stick? A solid stick, he hid it under his jubba and came into the room. That shahzada again was not listening to the Hoja Effendi. When he entered, he again tried to play the spoiler, play games or run away from the class. So when he entered inside and the boy started being naughty, he had the hidden stick under his jubba. When he was again being naughty he took out the stick and started hitting him! The boy was shouting but he didn't listen. "You will learn and be a Sultan." He said, "You will be a Sultan. There is no more naughtiness. You will be a Sultan". He beat him with the dogwood stick, that really hurts when it strikes. So after he hit a few times with it, the boy quieted down. For this the old people said "The stick came down from paradise". If it didn't come from paradise...
Why did this stick come from paradise? Without this stick, this naughty human could never be decent. This beating will teach them how to be human. If you remove it, you have no value left. The shahzada didn't listen but when he got beaten with the dogwood stick he was crushed, he got scared. He learned adab! The people of this time have no adab also. Why? Because there is no stick. There is no stick. One day these people will beat the ones in power. All governments are like this. The streets are filled with naughty animals. Why? There is no adab; a generation with no adab. They say democracy but they totally messed up even democracy now. Here, the streets are filled. They are all outside. They don't listen to the government, they don't listen to the police nor do they listen to or respect their elders. They don't understand?

Let me tell these governments a method of punishment. Catch the ones who do naughty things in the streets but don't beat them. Cover their eyes & imprison them in the Karachaahmet cemetery (biggest in Turkey). They will go crazy when their eyes are opened. They don't learn from the stick? Take them to the Karachaahmet cemetery. Cover their eyes and let them open their eyes there. See if they will ever go into the streets again after this. They say "Erdogan Bey didn't speak to them nicely". Don't even try to speak. Why should you? Catch them. Collect them. To where? Welcome to Karachaahmet! The Karachaahmet cemetery, people don't dare to go there even in the daytime. Cover their eyes, take them to Karachaahmet cemetery and leave them there. Let us see if they will act without adab again.
And where to take the women? There is a place in Karachaahmet cemetery where they bring the

corpses to wash. For the women- cover their eyes, take and leave them there till morning. See if they will ever go out in the streets again. "No, we will beat them". No, not everything needs a beating. Beating doesn't work for everything. There is also this method. For the ladies - there is the ghaslhana where they bring the corpses of women. Cover their eyes and take them there. Leave them and when they open their eyes they will see they are with the dead. Can they ever go again in the streets? But these governments don't know about this. Public beating- catch them and beat them in public. See if they will ever do it again. But don't beat them - Tie and leave them in Karachaahmet Cemetery. Or if they want a nicer cemetery, there is one in Zinjirlikuyu. Whoever goes in there can't stay there even if you chain them.

The governments don't know how to discipline the people. If the women go out into the street, imprison them till morning in the ghuslhana (dead-washing) part of the cemetery. They still don't understand? Tie them cheek to cheek with a corpse. Can they ever go out in the streets? Can they rebel again? There are many things but these governments don't know about them. What will they say? "Erdogan Bey deviated from the way". Were your leaders on the right way? If Erdogan Bey deviated from the way, are you on the right way? So take it now and find your punishment. You don't like Erdogan Bey? Take them, take them to the corpse washing area in Karachaahmet. Keep them there, make them stay with the corpses till morning. Can you find a single man outside the next day?

When they start going out and shouting, make someone blow a bugle. Make a terrible sound come from the bugle. If such a terrible sound comes not a single man remains in the streets. But these governments are no good. Come to the Shariat and the Shariat will discipline them. Does the stick discipline these people or not? They were nice to the people and now they try to walk all over them, meaning, they take the government for a donkey. What kind of a government is this? If you can't explain yourself to these people, then give up being the government. Go ahead O Shah Mardan. To discipline the ill-mannered ones Prophet Adam came out from paradise with a stick. These people don't learn without the stick. Put them through beating, falaqa - Beat them on the soles of their feet. Let them swell. Let them split open and bleed. Can they ever go out again in the streets? What can we do?

The Prophet of all Prophets (sas) said: "Addabani Rabbi". My Lord taught me the best adab. But

these ones are not listening. If they don't listen, there is Shariat. Beat them, hit them with the stick. When he beat him with the stick, the shahzada remained quiet in his place. He started behaving sensibly and later become a Sultan. Don't let the people do as they like. Saying democracy dirt-ocracy, these people will walk all over you. Then at that time you will deserve it. Come to your senses. Man is honoured. There is a stick for who doesn't keep the honour of Man. Recite "Allahu Allah, Allahu Rabbi. Ma li siwahu Allahu Rabbi". (I have nothing except Him). Hang the falaqa in the schools. Who you catch, lay him down and beat him in front of the people publicly. Will he learn or not? Turn off the lights and let (his) dunya be all dark. But they are fearing from other governments because of democracy. Say - "May your democracy collapse with you!" and beat, hit with the stick. Still not understanding? To the Karachaahmet cemetery. If it doesn't work, to Zinjirlikuyu. If not, to Edirnekapi cemetery. There are many cemeteries. Tie them till morning and see, will they learn or not?

But these governments are no good. The people walk all over them and they can't object. Ok, take this government! "Addabani Rabbi" said the Prophet of Zeeshan (High Honour), alaihi ssalatu wa s-salam, "My Lord taught me adab". There is no adab above it. "I also teach with adab. I take the people under control with adab". The seven-year-old boy, sabi. "I will bring these unbelievers into Islam. I will teach the ill-mannered ones adab. I will hang the ones who don't accept the Shariat up above their heads". Say like this! You pet them like petting a cat? Do this and they walk all over you! Man has an honour. Put those who corrupt man's honour in falaqa. They made the government like a toy in their hands. They say "I am me and you are you". (You are not different than us). Meaning you are a donkey and I am a donkey too. No, can't be! There is the donkey and there is the owner of the donkey. The donkey can't tell him "You are a donkey and I am a donkey too". If you are a donkey, you should accept your donkeyness and act accordingly. If you are a human, you should know your humanity and act accordingly.

Listen to this advice, O governments. If not they will hang you, they will exile you. O our Lord, our Subhan, Our Sultan. Send us a Sultan. Without the Sultan, people have fallen into this disgrace for 90 years. They kicked out the Sultans. They didn't respect the Sultans and they are all miserable now. Democracy, take the (...)racy. You either be a man, or to Karachaahmet. Learn adab. "I sought and (found that) knowledge comes last, only adab, only adab" said the wise

ones. Adab comes first, not knowledge. Teach these people adab. They filled everywhere with universities. What comes out of them? They educate and graduate bandits! The students have become bandits, they rule the government. MashaAllah. How can this be? Students ruling the government, what kind of a thing is this? They walk all over you, saying democracy.

O our Lord, send us a Sultan. Send us a Sultan who will discipline, punish this wild nation with the dogwood stick. See if they will do it again or not? But these governments are of no good. People tell them "You are you, I am me". Is that so? "If you are you and I am me than leave that position & I take over". O our Lord, may You send us the majestic Sultan who will teach us adab Ya Rabbi. Say "Allahu Allah, Allahu Rabbi. ma li siwahu illa Hu". So it comes to this! You don't pray. You don't perform salat. You don't go to the mosque. You have brothels. You have bars. You have all kinds of dirty places and then you claim "I am the government". Can't be. They walk all over you and humiliate you.

O Ghani Sultan, the Sultan of all Sultans- Our Mawla Who is the Sultan of Earths and Heavens. May You send us a Sultan who will discipline us. Huuu! People have become ill-mannered ones. What they need is adab. If you don't teach this, there are things to come on you. One day they will hang you on a pole and watch you. Say Allah. Say Allahu Akbar. Say Allahu Akbar and if the people still don't disperse, there are the jinnis & they will plague them. O our Lord, may You send us a Sahib, a Sultan, Ya Rabbi. May You send a Sultan who will keep and teach Your Shariat O Lord. Go ahead O Shah Mardan. You words are more valuable than gold. Go ahead O Shah Mardan. Teach adab, not how to read & write. Don't teach how to read and write, teach adab.

It doesn't work with Erdogan Bey or Erdogan Bey's mardiwan (ladder) Bey. Teach adab, not how to read and write. Teenagers come against you. The Hoja made the shahzada (quiet) like a lazy cat. And later that Sultan conquered Istanbul. The Prophet (sas) said about him "What a beautiful commander is he". O our Lord, may You send us power and humiliate those who humiliate us. Who comes against Islam may they be humiliated, may they be scattered. O our Lord, forgive us. You are Subhan, You are Sultan. Subhan Allah, Sultan Allah. The Mulk (Sovereignty) of Earths and Heavens belongs to You, O our Lord. "Fal-Hukmu Lillahi l-'Aliyi l-Kabir". (40:12) (All judgment is with Allah) Say "Allahu Allahu Allahu Rabbi. Allahu Allahu Allahu Hasbi" and march.

Ya Rabbi, send us a Sultan. Send us the Sultan who will teach the ill-mannered ones adab. May there be no generations left who humiliate the governments. The people need to learn adab. He says "It is coming. It is soon. It is soon". He will come in the end and discipline them. The Sultan will come. Tawfiq/ success is from Allah Almighty. Lutf/ kindness is from Him (swt). Go ahead O Shah Mardan. Explain to these people about being human and about being Muslim. Teach them Adab. They all became ill-mannered ones. "'Ati'u Llaha Wa 'Ati'u r-Rasula Wa 'Uli l-'Amri Minkum" (4:59). This is the order of Allah O governments, did you teach people? O people, first obey the order of Allah. Then obey the order of the Prophet (sas). Then obey your government who is the 'Uli l-'Amr. If not, the stick is coming.
May Allah Almighty bring khair (goodness) on us. May He (swt) send a Sultan to lead us. It doesn't work with Erdogan(man-rising) Bey, or with Gundogan Bey (day-rising) or with Gunbatan Bey (day-setting). It doesn't work with Ak Party (White Party, Erdogan's), or Black or Red Party. Look to the order of Heavens. Don't form a made-up parliament or later you will regret it. Tawba Ya Rabbi, tawba astaghfiruLlah. Go ahead O Shah Mardan. O holy Sultan who is the Lion of his Lord, May you come to our rescue. Amin wa salamun 'ala l-Mursaleen khususan 'ala Sayyidi l-Mursaleen. We should learn adab and find salamat (safety). Fatiha.
There is also fasting, to discipline. Don't give food to the ill-mannered ones, leave them hungry. Imprison them and see if they will be disciplined or not. Go ahead O Shah Mardan. The people of irfan-wisdom are all admirers of your speech. May the Sultan come to our rescue. Bi hurmati l-Habib, bi hurmati l-Fatiha.
Allahu Allah, Allahu Rabbi. Ma li siwahu illa Hu. O scholars of Al-Azhar, O scholars of Hijaz. O scholars of Turkey, India, China, Afghan, be careful about the Shariat. If you are not careful, the stick will come on you. May Allah forgive us.
Fatiha.

**O Erdogan Bey**

---

Marhaba, o Geliebte, die hier sind. Erheben wir die Hände zu unserem Herrn und sagen wir: O unser Herr, wir sind Deine Diener. Mögen wir für Deine Dienerschaft leben und mögen wir auf

diesem Weg gehen, ya Rabbana. O Yaran Shah Mardans. Was ist der Grund, daß Er (swt) uns am Leben erhielt? Wofür haben wir gelebt? Wofür leben wir, und für was sollten wir leben? Madad, ya Shah Mardan. Ma sha' Allah. O Allahs Löwe, o Shah Mardan. O Löwe Allahs, den sein Herr liebt, der auf dem Weg Seines (swt) Habib (saws) ist, mach weiter. Wir sitzen in dieser Versammlung als schwache Diener. Wir sind Bettler. Ist das so? Wenn ihr Bettler seid, um was bettelt ihr? Was ist es, was ihr euch wünscht? Ja. Marhaba, o Yaran Shah Mardans. Was wollt ihr? O Menschen, was wollt ihr? Jeden Tag kommt so eine Ansprache von den Himmeln: O Shah Mardan, frage Meine Diener, was sie wollen. Madad, ya Didar Shah Mardan. Didar Shah Mardan. Frage die Menschen, frage Meine Diener, was sie wollen. Das kommt nicht durch Denken. Das ist die ehrenvollste Frage für die Menschheit. Shah Mardan will die Antwort darauf. O Menschheit, was willst du? Was ich will, ist das, mein Herr erschuf uns, wir wollen das Wohlgefallen Dessen, Der uns erschuf. Wer erschuf uns alle? O Mensch, denke! Denke, o Mensch, was ist es, das du willst? Was will Der, Der euch erschuf, von euch? Mach weiter, o Shah Mardan. Deine Worte sind Haqq. Wir sind Deine Diener, o unser Herr. Was wir wollen ist Dein Rida, Wohlgefallen. Sucht nicht nach etwas anderem. Sucht nicht nach etwas anderem.
Sucht nicht nach Jifah, Dreck, lauft nicht hinter Kadavern her. Was wollt ihr? Das wird jeden Tag von den Himmeln gefragt. O Bani Adam, o Kinder Adams, was wollt ihr? Allahu Akbar! Lernt, wie ihr antworten sollt, wenn euch diese Frage gestellt wird. Mach weiter, o Shah Mardan. Was willst du, o Diener Allahs? Allahu Akbar. Könnt ihr antworten: Wir wollen Dein Rida, ya Rabbana? Du hast uns erschaffen. Wir wollen, daß Du mit uns zufrieden bist. Wir wollen nichts anderes. Du hast uns erschaffen. Was wir wollen ist, daß Du mit uns zufrieden bist. Der Mensch hat Ehre. Mach weiter, o Shah Mardan. Wenn er nicht nach dieser Ehre sucht, hat er keinen Wert. Wir sollten lernen. Mach weiter, o Shah Mardan. Es gibt die Frage 'Was wollt ihr?' jeden Tag von den Himmeln. Eine Ansprache kommt an die Engel: Was wollen diese Diener? Ich bin Der, Der sie erschuf. Was wollen diese Meine Diener? Was wir wollen ist Dein Rida, ya Rabbana. Wenn ihr Mein Rida wollt, müßt ihr wissen, daß Ich euch erschuf. Ich gewährte euch auch all die Dinge, die ihr wollt, aber was ihr verlangt, was ihr wollt, sind wertlose Dinge. O Mensch! Ja, o Shah Mardan! Die ganze Schöpfung bewundert dein Wissen. Frag sie, was will Bani Adam? Ich erschuf sie! Fragen sie: O Der, Der uns erschuf, was willst Du von uns? Seid nicht wie eine Katze, die nach Mäusen sucht. Katzen laufen Mäusen hinterher. Was die Katze

will, sind Mäuse. Ja!
Eine Katze, an was denkt sie sonst oder kümmert sich darum? Ihre ganze Sorge ist: Finge ich eine Maus, wäre das ein großes Fest für mich heute. Schande auf die Menschen, die eine Maus zum Ziel ihres Lebens machten. Was ich will, ist eine Maus, eine Ratte. Wo lebt sie? Sie sind hinter den Ratten her, die im Abwassersystem herumlaufen. Das ist dem Menschen nicht angemessen. O unser Herr, mögest Du uns vergeben. Mach weiter, o Shah Mardan, o Löwe Allahs.
Verkünde den Menschen, daß sie nicht wie eine Katze sein sollten, die nach Ratten im Abwassersystem sucht. Welchen Wert hat das? Das Ziel der heutigen Menschen ist dies: Laßt mich eine Maus suchen, und eine fette fangen. Aber das ist kein Mensch-Sein. Mach weiter, o Shah Mardan. Addibuna, o Habibu r-Rahman. Lehre uns Adab, o Löwe unseres Herrn, unser Shah Mardan. Da war der Sohn eines großen Sultans, der einen Lehrer einstellte, um den Jungen zu erziehen. Aber der Junge war ein ungezogenes Kind. Er war widerspenstig, sehr schwer zu kontrollieren. Und da er der Sohn eines Sultans war, hörte er auf niemanden. Welcher Lehrer auch immer kam, er bewirkte, daß sie alle die Nase voll bekamen und aufgaben. Schließlich fanden sie für ihn einen umgängigen `Alim. Sie nennen ihn Fanari Hz. Kennt ihr ihn? Sie sagten ihm: Komm und erziehe dieses Kind. Niemand kann mit ihm umgehen. Welcher Lehrer auch immer kommt, er bringt ihn dazu, genug von der Erziehung zu bekommen. Dies ist ein ungezogener, unkontrollierbarer Shahzada. Er verdarb es mit so vielen Lehrern, und sie gaben das Unterrichten auf.
Endlich erreichte die Aufgabe diesen Gelehrten. Dieser Gelehrte sagte: Okay. Da es der Befehl des Sultans ist, sollte ich gehen. Was kann ich tun? Ich werde erleiden, was mein Schicksal ist. Er ging zu dem Shahzada, der nie auf jemanden hörte und sehr ungezogen war. Er sagte: Ich will ihn unterrichten und sehen, wie er ist. Aber er versteckte auch einen Stock unter seiner Jubba. Einen Stock! Er versteckte einen Stock. Wie hieß dieser Stock? Ein fester Stock, er verbarg ihn unter seiner Jubba und kam in den Raum. Dieser Shahzada hörte wieder nicht auf den Hodja Effendi. Als er eintrat, versuchte er wieder, Spielverderber zu sein, Spielchen zu treiben oder aus der Klasse wegzulaufen. Als er also eintrat und der Junge begann, ungezogen zu sein, er hatte den Stock unter seiner Jubba verborgen, als er wieder ungezogen war, nahm er den Stock heraus und begann, ihn zu schlagen! Der Junge schrie, aber er hörte nicht auf ihn. Du wirst lernen, ein Sultan zu sein! Er sagte: Du wirst Sultan sein. Es gibt keine Ungezogenheit mehr! Du wirst Sultan

sein! Er schlug ihn mit dem Hartriegelstock, der wirklich weh tut, wenn er trifft. Nachdem er ihn ein paar Mal geschlagen hatte, wurde der Junge ruhiger. Deshalb sagten die Alten: Der Stock kam vom Paradies herab. Käme er nicht aus dem Paradies.. Warum kam dieser Stock aus dem Paradies? Ohne diesen Stock, könnten die ungezogenen Menschen nie anständig werden. Diese Schläge werden sie lehren, Menschen zu sein. Wenn du ihn abschaffst, gibt es keinen Wert mehr. Der Shahzada hörte nicht, aber als er geschlagen wurde mit dem Hartriegelstock, wurde er zerschmettert. Er bekam Angst. Er lernte Adab.

Die Menschen dieser Zeit haben auch keinen Adab. Warum? Weil es keinen Stock gibt. Es gibt keinen Stock. Eines Tages werden diese Menschen die schlagen, die an der Macht sind. Alle Regierungen sind so. Die Straßen sind voller ungezogener Tiere. Warum? Es gibt keinen Adab, eine Generation ohne Adab. Sie sagen 'Demokratie', aber sie haben jetzt sogar die Demokratie verdorben. Hier sind die Straßen voll. Sie sind alle draußen. Sie hören nicht auf die Regierung. Sie hören nicht auf die Polizei, noch hören sie oder respektieren ihre Eltern. Sie verstehen nicht? Laßt mich diesen Regierungen eine Bestrafungsmethode erzählen. Fangt die, die auf der Straße ungezogene Dinge tun, aber schlagt sie nicht. Verbindet ihre Augen und sperrt sie auf dem Karaca-Ahmet-Friedhof ein. Sie werden verrückt, wenn ihre Augen geöffnet werden. Sie lernen nicht vom Stock? Bringt sie zum Karaca-Ahmet-Friedhof. Verbindet ihre Augen und laßt sie ihre Augen dort wieder öffnen. Seht, ob sie jemals wieder auf die Straße gehen danach. Sie sagen: Erdogan Bey hat nicht nett mit ihnen gesprochen. Versuche nicht einmal zu sprechen. Warum solltest du? Fangt sie. Sammelt sie ein. Wohin? Willkommen im Karaca-Ahmet! Auf den Karaca-Ahmet-Friedhof trauen sich die Leute nicht einmal am Tage. Verbindet ihre Augen, bringt sie auf den Karaca-Ahmet-Friedhof und laßt sie dort. Sehen wir mal, ob sie wieder ohne Adab handeln. Und wohin mit den Frauen? Es gibt einen Ort auf dem Karaca-Ahmet-Friedhof, wohin sie die Körper zum Waschen bringen, für die Frauen - verbindet die Augen, bringt sie hin und laßt sie dort bis zum Morgen. Seht, ob sie jemals wieder auf die Straße gehen.

Nein, wir werden sie schlagen. Nein, nicht jeder braucht Schläge. Schläge funktionieren nicht bei allem. Es gibt auch diese Methode. Für die Frauen gibt es die Ghaslhana, wo sie die Körper der Frauen zum Waschen hinbringen. Verbindet ihre Augen und bringt sie dorthin. Laßt sie, und wenn sie die Augen öffnen, sehen sie, sie sind mit den Toten. Können sie je wieder auf die Straße gehen? Aber diese Regierungen wissen nichts darüber. Öffentliche Schläge, fangt sie und

schlagt sie in der Öffentlichkeit. Seht, ob sie es je wieder tun. Aber schlagt sie nicht. Bindet und laßt sie auf dem Karaca-Ahmet-Friedhof. Oder wenn sie einen netteren Friedhof wollen, gibt es einen in Zincirlikuyu. Wer immer dorthin geht, kann nicht bleiben, selbst wenn du ihn ankettest. Die Regierungen wissen nicht, wie sie die Leute disziplinieren sollen. Wenn die Frauen auf die Straße gehen, sperrt sie bis zum Morgen in dem Ghuslhana-Teil des Friedhofes ein. Sie verstehen immer noch nicht? Bindet sie Wange an Wange mit einer Leiche. Können sie je wieder auf die Straße gehen? Können sie wieder rebellieren? Es gibt viele Dinge, aber diese Regierungen wissen nichts davon. Was werden sie sagen? Erdogan Bey ist vom Weg abgekommen. Waren euere Führer auf dem rechten Weg? Wenn Erdogan Bey vom Weg abkam, seid ihr auf dem rechten Weg? Also nehmt es jetzt und findet euere Strafe! Ihr mögt Erdogan Bey nicht? Nehmt sie, bringt sie zum Totenwaschareal auf dem Karaca-Ahmet, haltet sie dort, laßt sie mit den Leichen dort bis zum Morgen bleiben. Könnt ihr am nächsten Tag auch nur einen einzigen Menschen draußen finden? Wenn sie anfangen, hinauszugehen und zu schreien, laßt jemanden in ein Horn blasen. Laßt einen furchtbaren Laut aus dem Horn kommen. Wenn so ein Laut kommt, bleibt kein einziger Mensch auf der Straße. Aber diese Regierungen sind nicht gut.
Kommt zur Shariat, und die Shariat wird sie disziplinieren. Diszipliniert der Stock diese Leute oder nicht? Sie waren nett zu den Leuten, und jetzt beginnen sie, ihnen auf den Köpfen zu tanzen. Sie halten die Regierung für einen Esel. Was für eine Regierung ist das? Wenn ihr euch diesen Leuten nicht verständlich machen könnt, gebt das Regieren auf! Mach weiter, o Shah Mardan. Um die Schlecht-Erzogenen zu disziplinieren, kam der Prophet Adam aus dem Paradies mit einem Stock. Diese Leute lernen nicht ohne Stock. Laßt sie Schläge durchleiden - Falaqa. Schlagt sie auf die Fußsohlen. Laßt sie anschwellen. Laßt sie aufplatzen und bluten. Können sie je wieder auf die Straße gehen? Was können wir tun? Der Prophet aller Propheten (saws) sagte: Addabani Rabbi. Mein Herr lehrte mich den besten Adab. Aber diese hören nicht. Wenn sie nicht hören, gibt es die Shariat. Schlagt sie, schlagt sie mit dem Stock. Als er ihn mit dem Stock schlug, blieb der Shahzada ruhig auf seinem Platz. Er begann, sich vernünftig zu betragen, und wurde später Sultan. Laßt die Leute nicht tun, was sie wollen. Mit den Worten 'Demokratie', Dreckokratie werden diese Leute euch auf dem Kopf herumtanzen. Dann verdient ihr es auch. Kommt zur Besinnung. Der Mensch ist geehrt. Da ist der Stock für den, der die Ehre des Menschen

nicht wahrt.
Rezitiert "Allahu Allah, Allahu Rabbi. Ma li Siwahu Allahu Rabbi" - Ich habe nichts außer Ihm.
Hängt die Falaqa in den Schulen auf. Wen ihr fangt, legt ihn nieder und schlagt ihn vor den Leuten in der Öffentlichkeit. Wird er lernen oder nicht? Macht das Licht aus und laßt seine Dunya ganz dunkel sein. Aber sie fürchten sich vor anderen Regierungen wegen der Demokratie. Sagt: Möge euere Demokratie mit euch zusammenbrechen! Und schlagt sie mit dem Stock. Ihr versteht immer noch nicht? Auf den Karaca-Ahmet-Friedhof. Wenn es nicht funktioniert, auf den Zincirlikuyu, wenn nicht auf den Edirnekapi. Es gibt viele Friedhöfe. Bindet sie bis zum Morgen und seht, werden sie lernen oder nicht? Aber diese Regierungen sind nicht gut. Die Menschen tanzen ihnen auf dem Kopf herum, und sie können nichts dagegen tun. Okay, nehmt diese Regierung!
"Addabani Rabbi", sagte der Prophet von Zishan `alayhi s-Salatu wa s-Salam. Mein Herr lehrte mich Adab. Es gibt keinen Adab darüber. Ich lehre auch mit Adab. Ich nehme die Menschen unter Kontrolle mit Adab. Der sieben Jahre alte Junge, Sabi. Ich bringe diese Ungläubigen in den Islam. Ich lehre die Schlecht-Erzogenen Adab. Ich hänge die, die die Shariat nicht anerkennen, hoch über ihre Köpfe. Sagt es so!
Ihr streichelt sie, wie ihr eine Katze streichelt? Tut das, und sie tanzen euch auf dem Kopf herum! Der Mensch hat Ehre. Tut die, die die Ehre des Menschen verderben, in die Falaqa. Sie machten die Regierung zu einem Spielzeug in ihren Händen. Sie sagen: Ich bin ich, und du bist du. (Du bist nicht anders als wir.) Das bedeutet, du bist ein Esel, und ich bin auch ein Esel. Nein, das kann nicht sein! Es gibt den Esel, und es gibt den Besitzer des Esels. Der Esel kann ihm nicht sagen: Du bist ein Esel, und ich bin auch ein Esel. Wenn du ein Esel bist, solltest du deine Eselhaftigkeit annehmen und entsprechend handeln. Wenn du ein Mensch bist, solltest du dein Mensch-Sein kennen und entsprechend handeln. Hört diesen Rat, o Regierungen! Wenn nicht, werden sie euch hängen. Sie werden euch ins Exil treiben. O unser Herr, unser Subhan, unser Sultan. Sende uns einen Sultan. Ohne den Sultan sind die Menschen in Schande gefallen, seit 90 Jahren. Sie verstießen die Sultane.Sie respektierten die Sultane nicht und sind jetzt alle elend. Demokratie! Nehmt die (...)kratie. Du bist entweder Mensch oder zum Karaca-Ahmet! Lernt Adab. 'Ich suchte und fand, daß Wissen zuletzt kommt. Nur Adab, nur Adab', sagte der Weise. Adab kommt zuerst, nicht Wissen. Lehrt diese Menschen Adab. Sie füllen alles mit Universitäten. Was kommt aus ihnen heraus? Sie erziehen und bilden Banditen aus! Die Studenten sind

Banditen geworden. Sie beherrschen die Regierung. Ma sha' Allah. Wie kann das sein? Studenten beherrschen die Regierung. Was für eine Sache ist das? Sie tanzen auf euren Köpfen herum und sagen 'Demokratie'.

Unser Herr, sende uns einen Sultan. Sende uns einen Sultan, der diese wilde Nation mit dem Stock diszipliniert und bestraft. Seht, ob sie es noch einmal tun werden oder nicht. Aber diese Regierungen taugen nichts. Die Leute sagen ihnen: Du bist du, ich bin ich. Ist das so? Wenn du du bist und ich ich bin, verlaß deine Stellung und ich übernehme! Unser Herr, sende uns den majestätischen Sultan, der uns Adab lehrt. Sagt: Allahu Allah, Allahu Rabbi. Ma li Siwahu illa Hu.

So weit ist es also gekommen. Ihr betet nicht. Ihr macht nicht das Salat. Ihr geht nicht in die Moschee. Ihr habt Bordelle. Ihr habt Bars. Ihr habt alle möglichen schmutzigen Orte und dann behauptet ihr: Ich bin die Regierung. Das kann nicht sein. Sie tanzen euch auf dem Kopf herum und erniedrigen euch. O Ghani Sultan, der Sultan aller Sultane, unser Mawla, Der der Sultan der Erden und Himmel ist, mögest Du uns einen Sultan senden, der uns disziplinieren wird. Huuu!

Die Menschen sind schlecht erzogen. Was sie brauchen, ist Adab. Wenn ihr das nicht lehrt, werden Dinge auf euch kommen. Eines Tages werden sie euch an einen Pfahl hängen und euch angucken. Sagt Allah. Sagt Allahu Akbar. Sagt Allahu Akbar und wenn die Menschen sich immer noch nicht zerstreuen, gibt es die Djinnies, die sie plagen werden. Unser Herr, mögest Du uns einen Sahib senden, einen Sultan. Mögest Du einen Sultan senden, der Deine Shariat einhält und lehrt, o Herr. Mach weiter, o Shah Mardan. Deine Worte sind mehr wert als Gold.

Mach weiter, o Shah Mardan. Lehre Adab, nicht Lesen und Schreiben. Lehre uns nicht Lesen und Schreiben, lehre Adab. Es funktioniert nicht mit Erdogan Bey oder Erdogan Beys Mardiwan Bey. Lehrt Adab, nicht Lesen und Schreiben. Die Teenager wenden sich gegen euch. Der Hodja machte den Shahzada wie eine faule Katze. Und später eroberte dieser Sultan Istanbul. Der Prophet (saws) sagte über ihn: Was für ein schöner Befehlshaber er ist! O unser Herr, mögest Du uns Macht senden und jene erniedrigen, die uns erniedrigen. Wer gegen den Islam vorgeht, mögen sie erniedrigt werden. Mögen sie auseinandergetrieben werden. O unser Herr, vergib uns. Du bist Subhan, Du bist Sultan. Subhanallah, Sultanallah. Die Oberherrschaft der Erden und Himmel gehört Dir, o unser Herr. "Fa l-Hukmu Lillahi l-`Aliyi l-Kabir" - Alles Urteil ist mit Allah (40:12). Sagt: Allahu Allah, Allahu Rabbi. Allahu Allahu Allahu Hasbi. Und marschiert! Ya Rabbi, sende uns einen Sultan. Sende uns den Sultan, der die Unerzogenen Adab lehrt. Möge es

keine Generationen mehr geben, die die Regierungen erniedrigen. Die Menschen müssen Adab lernen. Er sagt: Es kommt. Es ist bald. Es ist bald. Er wird kommen am Ende und sie disziplinieren. Der Sultan kommt. Erfolg ist von Allah dem Allmächtigen. Lutf, Güte, ist von Ihm (swt).
Mach weiter, o Shah Mardan. Erkläre diesen Menschen ihr Mensch-Sein und ihr Muslim-Sein. Lehre sie Adab. Sie sind alle Unerzogene geworden.
"Ati'u Llaha wa Ati'u r-Rasula wa Uli l-Amri Minkum" (4:59). Das ist der Befehl Allahs, o Regierungen, habt ihr die Menschen gelehrt? O Leute, zuerst gehorcht dem Befehl Allahs. Dann gehorcht dem Befehl des Propheten (saws). Dann gehorcht euerer Regierung, die Uli l-Amr ist. Sonst kommt der Stock. Möge Allah der Allmächtige uns Khayr, Gutes, bringen. Möge Er (swt) uns einen Sultan senden, der uns führt. Es funktioniert nicht mit Erdogan (Mensch-Aufgang) Bey oder mit Gundogan (Tag-Aufgang) Bey oder mit Gunbatan (Tag-Untergang) Bey. Es funktioniert nicht mit der Ak (weiß) Partei Erdogans oder der schwarzen oder roten. Achtet auf den Befehl der Himmel. Bildet kein erfundenes Parlament, oder ihr werdet es später bereuen. Tawba ya Rabbi, Tawba Astaghfirullah. Mach weiter, o Shah Mardan. O heiliger Sultan, der der Löwe seines Herrn ist, mögest du zu unserer Rettung kommen. Amin wa Salamun `ala l-Mursalin. Khususan `ala Sayyidi l-Mursalin. Wir sollten Adab lernen und Salamat, Sicherheit, finden. Fatiha. Es gibt auch Fasten, um zu disziplinieren. Gebt den Unerzogenen kein Essen, laßt sie hungrig. Sperrt sie ein und seht, ob sie diszipliniert werden oder nicht. Mach weiter, o Shah Mardan. Die Menschen der Weisheit, Irfan, sind alle Verehrer deiner Rede. Möge der Sultan kommen, um uns zu retten. Bi Hurmati l-Habib, bi Hurmati l-Fatiha. Allahu Allah, Allahu Rabbi. Ma li Siwahu illa Hu. O Gelehrte der Azhar, o Gelehrte des Hijaz. O Gelehrte der Türkei, Indiens, Chinas, Afghanistans, achtet auf die Shariat. Wenn ihr nicht achtsam seid, kommt der Stock auf euch. Möge Allah uns vergeben. Fatiha.

Lefke, 22.06.2013

## O Youth! Do Not Be Deceived By This Dunya

As-salaamu `alaykum to our young visitors. You are like our grandchildren. May Allah guide you to His Right Path. May everything you do be for Allah so that Allah may make you happy and in pleasure here and Hereafter, and so that He will grant you the Eternal life. Welcome to you.

You came with goodness. It was my wish that I could welcome you myself downstairs and make a suhbah with you but because my situation can't tolerate that much, so please listen to the words that our daughter is recording.

Know that dunya is temporary and akhirah is Eternal. No matter how long we stay in dunya, eventually we will leave it and go. We have our Eternal Life in akhirah with the pleasure of Allah Almighty! Therefore, it is good to not be deceived too much by dunya. Those who are deceived must carry its weight, but they can't carry it, and they will perish and go.

Try to gain nearness to Allah Almighty when you have the power of your youth. Make servanthood to Him daily, at least by glorifying Him with sajda. When you wash yourselves every day, and right after it pray two raka`ats wherever you are, Allah Almighty will accept your sajda! You will be happy and prosperous in dunya and akhirah, your hearts will be filled with noor light, and your faces will become beautiful! The faces of

people who have no `ibaadah, worship, are ugly, but the faces of those who have `ibaadah are beautiful. There are all kinds of appliances and equipment to make you beautiful, but people can't be beautiful with them because beauty is a natural gift from Allah Almighty to His Servants, and the closer you are to Allah, the more beautiful you become.

O Son! Be careful about this as the dunya has destroyed many people and those who run after it will be in a terrible situation. In the end, the people who collected the goods of the dunya left them behind and passed away. Therefore, you are like the children of my grandchildren, and I will make du`a for you and I also accept this visit of yours. Inshaa-Allah you will visit Baytullah and our Prophet (s), who is the Sultan of both worlds. May you be happy and prosperous in dunya and akhirah!

Be careful, try to stop the night life; get married and you will be happy as those who do not get married wander around like street dogs. They cannot hold onto anything and they become miserable. Don't be deceived by Shaytan. Keep the way of the beloved Prophet of Allah Almighty! Be in possession of yourself.

This is enough for you, and this is our advice to all of mankind also. I kiss you and entrust all of you to Allah! Inshaa-Allah in akhirah you will be granted Paradise. May Allah also protect us from His Wrath and make us from the People of Paradise inshaa-Allah.

As-salaamu `alaykum. Send our greetings to them. This is enough for them.

Lefke, 13.05.2012 (Translated from Turkish)

## OLD AGE IS NOT A BURDEN when supported by HEAVENLYBLESSINGS

When people forget to say ‘Assalamu alaikum,’ instead of peace, cursings come on them. As Salaam, is a name of Allah Almighty and He has granted us to speak to each other with it. People forget this and when a person uses ‘Assalamu alaikum’ blessings is coming on that person from the Heavens. When they forget this cursings come on that person.

Muslims today are forgetting to say Assalamu Alaikum. They say, “this is an old custom and now we must do as the Europeans do and say, ‘Good Morning.’ The Germans will say, “Guten Morgen” and the Arabs also say, “Sabahu ul khair” and the people of Shaam have also lost this and they say “Kayf Halali.” Instead of saying these things to each other say, “Assalamu Alaikum” as much as possible. Use these Holy Words and Heavenly Greetings which is ‘Assalamu Alaikum’. Allah sends His blessings on you and gives you peace. When you say ‘Assalamu Alaikum’ the other person also blesses you by saying “Wa alaikum as-salam wa rahmatullahi wa barakatuhu!”

Today people are forgetting everything that has come from the Heavens and instead they are using imitated greetings that have no spirituality. There are no Heavenly

Blessings coming from these greetings because they are is no life in these words. But in the greeting ‘Assalamu Alaikum' there is so much blessings. This greeting is full of blessings. When you say ‘Assalamu Alaikum,’ Allah Almighty dresses you with blessings, with heavenly blessings, and He is saying, “Wa alaikum salaam” and in this way blessings are coming on you from the Heavens.

People are now living in a time of ignorance. May Allah forgive us. Everything that is coming on mankind now is because they are stepping on wrong ways now. Allah Almighty did not ask mankind to be wild. He did not ask mankind to harm each other or to kill each other. Instead He is asking mankind, to be peaceful and be full with blessings. He says, “You must be merciful and be full of blessings with each other and when you do this Allah Almighty also sends His Heavenly blessings on you. But like I said before mankind is so wild today. Even wild animals do not kill each other as Mankind does. No, wild animals are friendlier to each other than mankind is with each other. It is a big blame for mankind as they are wild to each other and harmful to each other.

Destur, ya Sayyidi, ya Sultan ul Awliya! It is only going to be a short time. Ayamun madudat. It is only going to be a short time for you, which you can count by days or months or years. They are counted days, counted months or counted years. I was thinking that it was only as if it was yesterday, when I was just five years old. Now I am 85 years old. I do not know when Allah Almighty is going to call me. If more life than these years is going to be granted to a person then it will be a burden for that person to carry. It is difficult for a person to carry on with a life after the age of seventy years. This is why the Prophet (sal) said, “My nation will have their life for about sixty or seventy years and after this they shall get out. Very rarely will there be those who go above seventy years.”

If a person lives for more than seventy years his life may very well become a burden for him. This is only for people who do not have Heavenly Blessings. If a person is over seventy and Heavenly Blessings come on that person, he shall be happy because

these blessings shall come on him and his physical being will be supported by Heavenly Blessings and Spirituality and with Soul Power. But as for those who do not have this support and who do not ask for their spirituality or their souls and who don't take care of spirituality throughout their lives then after sixty years they are quickly going to come down and they are going to be like skeletons wrapped with skin. Their minds will stop working and every organ of their body will become tired and they will be retired. They will not be even able to taste what they are eating and drinking and their lives will become a heavy burden for them. Even if they are wealthy and are flying around in 'golden planes' and even if they are seated on 'golden seats' that person is not going to be happy and neither are all his 'golden heaps' going to make him happy or give him refreshment. If this person is a female and if she has a great amount of jewelry neither will this make her happy or give her refreshment.

Wilderness comes to people when they forget Heavenly Teachings. When mankind loses this and begins to disobey the Heavenly Rules they get into difficult situations. This is why instead of wanting to live they are asking to die. La Hawla Wala Quwata Illah Billahil Aleeyul Aleem.

Oh our Lord, please sent to us the Sultan from Heavens so that he can arrange our lives. Our lives are now being arranged by Shaitan. Shaitanic people and shaitanic devils are now in charge of arranging the lives of people and they are programming the life of mankind. They are now asking to arrange the lives of mankind through computers and they have now invented the computer. Nations and governments are now trying to arrange the lives of mankind through this computer. They are not accepting the Heavenly Programs that was granted to the servants of Allah Almighty to be followed.

During every period in the past a different program was sent to mankind through the respective Prophets and each Prophet had a program for his nation, for his Umma. Then the last Prophet was sent also with a Heavenly Program towards the last period of time. But people are throwing this away and trying to follow the programs of Shaitan.

Now Shaitan is programming mankind. All nations are now accepting this Shaitanic program and every nation is now running according to the programs of Shaitan.

Even Muslims have now taken away the Heavenly Programs and replaced them with this Shaitanic program. They are refusing to accept the programs that came down from Heavens. They are saying, “we need democracy and we need to elect a new programmer who will program us”. Oh donkey, you are even not able to select a melon therefore how are you going to elect a programmer! How are you claiming that you must bring a new program for mankind? You say that the programs that your ancestors were using are now old fashioned and that you must have new programs. How can this be? You even say “Oh Sheikh, you are also an old fashioned person”.

Now they are trying to elect men for men and ladies for ladies through their election. They say, “One parliament for gentlemen and one parliament for ladies please - this is real democracy”. “There is one government for men and one government for ladies. If the ladies object to this the men must accept, but if the men are objecting, it is not necessary for the ladies to accept”. This is what they say. Therefore people are now in two parts or two classes. One of them should be selected like women select melons. And the second will be elected through elections and the women must look at these elected ones. They are like apes. They have been selected and they have been elected. Excellent. They say that the selected ones are much more important.

People are today so stubborn. They do not want to accept Heavenly Rules. They say that Heavenly Rules are backward and that they are not accepting them. They say, “If it is necessary we may even use guns against those who have been elected. We may give them liquor and make them drunk and when they fall down on the floor we shall bind their hands and feet and when they wake up we shall tell them that they have now lost the elections and that we are now the ones who will be governing our nations and you are finished. We are doing this in order to renew democracy because the type of democracy that you gave us is useless, has no meaning and is not working. Therefore

we must bring a new type of democracy where people have to be active and the old ones should be removed. Yes we must renew democracy."

People do not follow Heavenly Rules and due to this curses come down on them. Allah Almighty is the only one who knows as to what is going to happen to those who refuse to follow Heavenly Rules. They are the heedless ones amongst mankind. Everybody is trying to set a program and call it the true program. This is what comes to them through their minds and as such it has no value and they do not accept the Heavenly Program. As long as they are refusing to follow the Heavenly Program, curses are coming on them.

Today we see the Arabs killing the Israelis and the Israelis killing the Arabs, we see Arabs killing the Iranians and the Iranians killing the Russians. The Russians kill the Americans and the Americans kill the Japanese, the Japanese in turn are killing the Koreans. The Pakistani people are fighting the Indians and the black people are fighting the white people, the white people are killing the red people and the red people are refusing to accept the yellow people.

Oh! People you must use your minds and try to make them clean minds. You must think on what I say. All the governments and the nations must come to obey Heavenly Programs. If not Allah Almighty shall take you away from this life and put you into hell. Even those who are living are also living in a state like in hell and this is hell through this life.

Oh! People you must accept the Heavenly Program and fight to bring in the Heavenly Program. This programme is to be found in the Holy Quran. It cannot be found in the Old Testament or in the New Testament because all of them are now out of time. This is only to be found in the power of the Holy Quran. Oh Muslims! You must take care otherwise you shall have double the punishment of the non Muslims.

Oh Arabs! Don't fight among yourselves. Try to live peacefully with each other and with honour. Allah Almighty has granted to you a glorious life by giving you the Divine

Program. Don't refuse it. Try to be merciful towards all creation. Yes, you are not even supposed to kill an ant without reason. Oh! Muslims, Oh Jews and all you people of the other nations, you cannot even kill an ant without a reason. When this is the case you are killing so many people and Allah Almighty is going to ask you even if you kill an ant as to why you killed that ant without a reason, and He will say, "Why did you kill this ant as I have created it in order to glorify me and you killed the ant that was glorifying me." Then what is the situation about your killing of mankind.

You must try to make people to glorify their Lord and to be friendly and kind to each other in order that Allah Almighty may grant you His endless blessings and that He may dress you with the honour of making you His successor or khalipha on this earth. He shall also dress you from the glory of the Divine Presence. May Allah forgive you and bless you for the honour of the most honoured one in His Divine Presence. People are not able to understand what I say because they are now on the wrong steps or way. These wrong steps of mankind is paving the way for this world to fall into a valley of fire and in this valley there is endless trouble to be found and there shall be no rest for mankind here or in the hereafter. May Allah forgive us for the honour of the most honoured one in His Divine Presence, Seyyadina Muhammad (sal). Fathiha.

## Old People and Young People should Mix

The Prophet David* said that from time to time old people have to be with young people. Their energies will be transferred and wake up their physical powers. If all old people just sit together they will get weaker and weaker and finish. This is why they must sometimes go and look at playing children.

At the same time it is just as useful for young people to learn from the old who have passed so many trials from which they can learn their lessons too. They cannot learn such experiences by themselves. These are very good lessons which cannot be learned anywhere else. They must go and visit old people sometimes and listen to what they have to say. When they are interested, the meeting will be fruitful.

If you are not interested in what I have to say, I will not speak. If you do not look after a tree, it will not flourish. Old people have so many experiences which they like to speak about. It will give them contentment, satisfaction and happiness by sharing it. Everyone has been given something from the Creator. Within a long life you learn so much, you pass so many bridges which youngsters haven't come to yet.

## One Day You Will Be Called and Not Return

Allahu akbar, Allahu akbar, la ilaaha illa-Llah, Allahu akbar wa lillahi 'l-hamd!
SubhaanAllah wa l-hamdulillah wa la illaha illa-Llah wa Allahu akbar,wa la hawla wa la quwwatta illa billahi 'l-'Aleeyyi 'l-'Azheem.

O our Lord you created us, forgive us for the honour of the most honoured one in your Divine Presence and bless ourselves for the honour of the most glorified one through your Divine Presence. He is the First and he is the Last. And we are saying the First of creation, and the Last for creation also. We are not speaking of Allah Almighty's attribute. There is no beginning and no ending for Allah. Subhaanahu wa ta `Aala, Allahu akbar al akbar. We are speaking for creation. He is Maalik al-mulk, Maalik al-mulook, kullu shayin haaliqun illa wajhahu.

O Learned People, try to take some wisdom from everything. Therefore, teachings came through the Prophet because he came as a teacher. He was saying, mu'imns-looking can't be useless. Innama yanzur yaltaqit hikma. When a believer, a mu'min is looking somewhere, he must take some wisdom, because everything they have so many wisdoms. Not one wisdom, so many wisdoms. Therefore, at least when he is looking his looking can't be without getting a wisdom, idha nazaru mu'min nazaru hikmah. We are giving our countless salutes to the most beloved and honoured and even majestic and glorified servant Sayyidina Muhammad (s),

asking his intercession for understanding and for saying "O Yaa Sayyidee, Yaa RasulAllah."

The real being of the Seal of Prophets is always in Divine Presence. And one power that representing from his real being, had been sent as a guide for this planet. And don't think that it is only one planet. And we are giving countless salutes and glory and majesty to that one. Then we are reaching our master, he is our teacher, the master of this planet, the most honoured one on this planet. Prophets are not occupied for dunya. No! No one looked to dunya as we are looking. A holy verse, "We are looking to you O My beloved one, your eyes are always looking up."
Ayatun kareema:
•••• ••••• ••••••••• ••••••••• ••• ••••••••• •••••••••••••••••• ••••••••• ••••••••••• ••••••• ••••••••• •••••• •••••••••••• •••••••••
qad nara taqallaba wajhaka fi 's-samaai falanuwalliyannak qiblatan tardaaha fawalli wajhaka shataral masjidi 'l-haraam - We see the turning of thy face towards the Heavens: now shall We turn thee to a qiblah that shall please thee. Turn then thy face in the direction of the Sacred Mosque, (2:144)

His entire being was asking to be in his Lord's Divine Presence all the time and not occupied for even one second with anything else. His heart was with his Lord's Divine Presence. Therefore, he was never looking to anything. For example, if there is a queen of beauty, will people look to her or look to an ugly one? How can a prophet look at something dirty. A carcass; ad-dunya jeefatun (hadith from Saheeh Muslim: ad dunya jeefah wa tallaabuha kelabuha, dunya is like a carcass that dogs desire). O Salafi people, is dunya a carcass or something else? You are claiming that you are knowing everything. You never give a chance to others to say anything. You quickly say, bud`aa, haraam, shirk, kufr! I am asking you, is it true or not? ad-dunya jeefatun, is this word true or not? If it is true, why you are not saying to your Kings, Muluk, Emperors or Sultans? Why are you not teaching them? You only know to attack on ourselves. Don't give salaat wa salaam. O Ignorant ones Allah is saying! You are Arabs and you are not understanding Arabic? What is Allah saying: ••••• ••••••• •••••••••••••••• ••••••••••• ••••• •••••••••• - Innallaha wa malaaikatuhu yusalloona `ala an-nabiyy - Verily Allah and His angels bless the Prophet, (33:56) yusalloon seeghata 'l- mudar`ee yufeed wa yusayyar `ala ad-dawaam bilaa anqita`a - the manner of the blessing is continuous, eternal and without stopping. How you are saying don't say? How you are `alim (scholar)? What is that foolishness? Because you are fighting Allah. Astaghfirullah! Huuu. Dunya is a carcass! It is not good for a prophet to look at dunya. Once you knew so many things also, but you are not saying to people.

One day the Prophet (s) bringing his companions to a hole in the ground, and saying; "Look I am calling you to show you dunya, after which you are running. First you are running after tasteful and delicious food. You like it; look what is its last place? It is showing dirt." O People, that is the result of running after dunya. The final position: "You are running to eat the most delicious food, that is your dunya. Come and see." He was also showing some clothes just cut saying, "What you are running after to dress in; silk clothes in such beautiful colours, to dress your ugly bodies." And thirdly, showing them some bones. "Look, what dunya making for you finally, your bones here." Therefore, no prophet looked at dunya. They were knowing that it was like a carcass - ad-dunya jeefatun. There is another word but it would be too heavy for some people. Those who are not running to reach Allah Almighty's pleasure but running after a carcass look like dogs running after a carcass.

That is `ilm, that is knowledge also. The Pope in Rome knows, the chief rabbi knows, the chief of Azhar Shareef knows. Every high ranking religious person is knowing this. Why are they not saying to people: "Don't run after a carcass but run after the pleasure of your Lord. Run to make your Lord pleased with you." True O Salafi `ulama and Wahabis? Is what I am saying wrong? If you are saying it is wrong, by morning you must die. If I am wrong I may die tonight also. Come! That is mubahala (challenge). I am here and if anyone is saying I am wrong and you are true, up to morning no one lives from among you. If I am wrong, I am dying. I don't ask for a carcass O People. I am a weak servant reaching 90 years, but they are making me speak on something that is important for humanity. If Allah Almighty giving you (wealth), He is giving it to you to make charity not to save millions and billions. It is all going to be a punishment on the Day of Resurrection.May Allah forgive us!

Iman is to believe in truth and truth you can find only through the true ones. Ask where are the true ones? Don't say that our Muluk, our Presidents, our Sultans or our powerful people are true ones. No! That is something else. O People, today dunya , tomorrow akhirah and the last day is approaching, approaching! Wa 'l-qaadi al-haqq yawmu 'l-hashr, Allah Almighty is going to be the judge on the Day of Ressurection. Keep yourself. Come and listen. No one knows how long they are going to live. One night, one day, one week, one month, one year, ten years, more, more, more? But you must be called.

As-salaamu ` alaykum O Listeners! Listen to this tale I am telling you. Laugh and think about it. Once upon a

time, there was a man. I don't think that he was a full-mind person, because he was asking to find a place, a city, village or town, where there was no death. Everywhere he went he was asking, "Anyone dying here?"
"Yes dying, you are not looking at cemetery around here?"
"Yes."

He was leaving and going to another place, then another and finally he reached a small town.

In earlier times people were burying their dead in cemeteries as much as possible near their places. I even heard that people were burying their fathers and mothers in front of their houses. For what? To remind them that yesterday these people were like them but now they were through their graves. You also, take your lesson. Don't be like other people. Always try to remind others that there is a last day. One day people are going to die, and then they should rise on the Day of Resurrection. They were making cemeteries as much as possible near their villages.

He was looking around, like this, like that looking, never seeing any cemetery there. He said, "Aha, just reached what I was asking! This town as I am seeing, means that no one dying here because if they are dying, there must be a cemetery. I looked around and no cemetery! I may be here," and he entered, coming and sitting with people, and saying, "As-salaamu `alaykum."
"Wa `alaykum salaam From where you are coming?"
"I am coming from the east and west, maghrib and mashriq."
"You are coming from west also?"
"Yes,"
"You know western people?"
"Yes!"
"What they are working? What is their hobby?"
"To eat,"
"What eating?"
"They are asking to eat much more tasteful foods,"
"Then?"
"They like also to change their cars every year, because old fashion just passed away, now coming new fashion. 2010 coming, therefore it must be new fashion because it is important like me, I must change my car

to new model,"
"What other things?"
"Western people also day and night they like to be drunk.Yes, they can't walk if not drinking,"
"Anything else?"
"Don't ask! don't ask anymore, enough." He said,
"These people asking form where I'm coming. I'm coming from one village and I am going around looking a place that no one dying there, and I am coming looking that you have no cemetery, that meas no one dying here, yes?"
"True, you are saying true, really no one dying here."
"It is so suitable for me to live here but along what you are saying this city must be a gigantic city like London or Paris, or Rome, or New York, DC, CD Washington... CD?" Tawbah, astaghfirullah.
"Yes, as you looking it is okay, but sometimes, you looking at that huge hill?"
"Yes,"
"Sometimes people hearing a calling, for example, 'Adil, come quickly' and that person leaving everything and running in the direction that his name is mentioned, or 'Fatima, come quickly' and she was making dough-bread, leaving and running and not coming back."
"Ha, doesn't matter. I am not obliged to run after that sound, I am not going."
"As you like! try yourself." How many years he was sitting and happy that no one dying there (saying to himself,) "I am also if my name is coming, I am not going."
And he was sitting one day for shaving and barber making half his beard and he said, "Stop! because they are calling me."
"You sit down, I am finishing second side,"
"No! No! No! I can't."
With one side shaved and another unshaven, he ran and never came back.
O People, O my Listeners, we are also going to be called one day. Don't think that dunya for you or for others. No! One day that sound from Heavenly announcement will come. You must run and you will not be coming back. Allah Allah, Allah Allah, Allah Allah.
O learned people, O Ph.D. doctors, O Ulemas, O Pope and Cardinals. You are so happy to dress in such special clothes. Are you knowing that one day an order from heavens will come and call you? Why you are fighting each other and saying that after the Pope, I must be Pope? They are fighting each other. O ulema, O

Doctors, try to understand my English. It is not so good but I think if you are hearing, you can understand and you can take a wisdom. O Dictators, O Presidents, O Sultans, O Director of Azhar Shareef and other Islamic centers , leave fighting. That is not for Allah. Try to be peaceful people so that living ones like you and heavenly beings love you.
dome dome dome dome ...
dome dome dome dome ...
dome dome dome dome ...
I am making (this speech)? They are making! They are stopping my speech, master of this world, because so many of our listeners saying: "O Sheikh, really tonight, too much speaking. We must not sit for tonight, tomorrow doesn't matter! Tonight is night of Sunday, we must enjoy a little bit. We are listening, we know also." If you know also, why are you not doing what you are saying? You are as yet asking to go to bad places to make your egos happy and to enjoy. The angels are saying, "Yes, we are looking after you and we are coming to take your souls. At that time you should know what you were doing. You were running away from truth, and running away from those people who were speaking the truth. They were true ones! You should taste bitterness." O people, come and think what they are making me to speak.
dome dome dome dome ...
dome dome dome dome ...

Allah... Fatiha

43 minutes.

People are in a hurry to leave and go to night clubs, casinos and other such Shaitan-centers. Don't go! It is not good for you. It is not good for believers to get out after maghrib. Allah (swt) is ordering: "O My servants, I am making night-time for you to rest, and daytime for you to work. Don't change lifestyle, but people are never listening and therefore, a cursing is coming on them. May Allah (swt) forgive us and send us someone to take ourselves towards Allah Almighty's enjoyment.

Fatiha. Shukrlillah, shukrlillah, shukrlillah.

I was so heavy tonight, but this is when I am feeling myself with myself. I am feeling weakness, but when they

are giving order, I am like a roaring lion.

Wa lillahi' l-hamd, Allahu akbar!
(Mawlana makes sajdah)
Ya Kareem, Ya Kareem.

## One Drop of Love

The real target of everyone is to be invited by the Sultan. Allah the Almighty is the One Who can dress you with the dress of the Sultan. If He does that, you belong to Him. He is the One Who can say, "Be!" and it will be. Those who carry the Divine Orders of the Sultan will not be opposed.

How can we reach this point? Allah the Almighty says, "Oh my servant, be fully obedient to me!" Sometimes a person is obedient but he is not happy with it in his heart. Allah does not like anyone to be obedient by force.

One of the greatest Saints was Rabia-t-ul Adawia. We call her Rabia Sultana, because she was dressed in the robes of the Sultan. She used to address the Lord , "Oh my Lord, I am not coming to You because I am eager to get into Your paradise. I am also not coming to You because I am afraid of hell. I am free of that. I come to You through my love for You. You are the only One I can give myself to with full love. Even if there was no paradise and no hell, I would come to You. You must be praised. You must be respected. You must be obeyed!"

People like these are free. They have been chosen. They do not have anything of this world, or expect anything from paradise or hells. They have just given themselves for the sake of the Lord. They only want His pleasure, without a gain. They do not ask for the pleasure of their ego, because they know that if their Lord, is

happy with them, they will be happy too. They will have absolute peace, love, endless satisfaction and endless pleasure in being with Him.

Muhammad* was shown every beauty on the Night Journey, but his eyes never looked at anything but His Lord. This showed his real personality. He had completely melted into the presence of the Lord. Rivers run to the oceans. When they reach the ocean they stop running. It is their target to reach the ocean. When a drop of rain reaches the ocean, can you find it? It will be the ocean!

You have been given one drop of love, one drop of existence from the Lord. Try to give it back to the endless ocean of love and existence: the unity oceans of Allah. You will be in the ocean and cannot ever be taken out into loneliness again.

Rabia wanted to reach the Lord. She used to say, "Allah, Allah, Allah, Allah, Allah, Allah, Allah..." but it was very heavy for her ego to do it. It was so anxious to be with Him. But she never gave up. For 7 years she continued, even though every "Allah" was like a mountain on her shoulders. Then she reached a point when her ego left her. She was free to be with her Lord. Her ego had melted and was finished.

## One group of people is motivated by Shaitan

One group of people is motivated by Shaitan, and he is using them for his works. And he is not leaving them to rest. Who is working for Shaitan is not tiring. Shah-u-Naqshibandi said: 'I was observing Shaitan a lot, trying to catch a moment, when he is sleeping. But whenever I was checking, I was never finding him asleep.' And his people also never tire. And they say: 'We don't care about Paradise, we are not asking for it, even we may go to Hell, we will continue.' Look to those, who do shaitanic works! How many people have so much love for Allah that they spend the night in prayers?

They turned the night into the day. People work like donkeys the whole day, and nightime they spend what they earned on the way of Shaitan. They tire their bodies with work during the day, and nightime Shaitan doesn't leave them to rest and sleep. They don't return home before Fajr (dawn)- like dead bodies, most of them drunk. Then they sleep for five hours, or up to ten hours, some of them sleep the whole day, then they return in the night. They are motivated and pushed by Shaitan and they continue until they are so

finished, that they cannot move anymore.

So Shah-u-Naqshiband did not find any moment, that Shaitan was not awake. Who is working for Dunya doesn't tire, but in the end they are finished, and every bad thing is coming on them.

To have aspiration, himmet, is a sign of faith. Then you move according to your faith, you have to do something. But your service is a spiritual service, and you do goodness for the sake of Allah, and Allah is helping you.

There are two currents in our days among the people, so that one part of people is active and motivated, the other part is passive. Some people never sleep, others are asleep all the time. And sleep is necessary for the body. What is making people to be tired? Heedlessness. They don't know how something began and how it ended and not even what is just going on. What is making people to be awake and aware? The belief. But they say just the opposite, they say 'Religion is opium for the people'. Because religion is waking people up, they don't want any religion and they want to finish with religious people. The government wants people to sleep, they don't want them to wake up. And they think that people are sleeping and that they can cheat them. They say eighty years we had no war in Turkey. But the country is finished. Even a cat may seem asleep, but every now and then it is opening the eyes to check, what is going on around her.

And the heedless Muslims think that Europe likes us and wants to help us... Still they don't accept us in their community, still they say we are backwards... Nobody wants the Turks. They want to send you home. The Greeks have a value in their eyes. They are accepted in the community. They still build churches in every village, they respect their religion. People go to church, either because of respect or because if they don't no one will look

after them when they die. Here, on the Turkish side of Cyprus, no one goes to the mosque or respects the faith anymore. Europe has no interest that the Muslims may wake up. Since eighty years they fight Islam, because it makes the people awake and aware, and they want to continue their Sultanate. That is why they prevent religion to be taught. They don't want to open a way for the religion. They want to put people to sleep, so that Shaitan can continue with his Sultanate. It would not be possible, if the people were awake. Therefore they show religion as something bad and don't teach people. This must be made known: they want to destroy Islam, so that their imitated belief may rule the world.

You have to wake up! In maybe one hundred places it is written in the Holy Quran: O people, open your eyes, don't sleep! But they are told: 'You may sleep.' But their time is over, even they did so much harm already.
It is like when they make a cancer operation. They say they removed everything, there is nothing left. But it is impossible to remove it 100%, you don't see it in the microscope. From one cell it will start again and finish the person. They think that in these past eighty years they finished with Islam. But no! Last week we were praying the Eid prayer in Famagusta.

Among 5000 people there were maybe one hundred old ones like me. The rest were all young people... But still they don't wake up. Look in the mosques! Allah's Word and Promise is true, it is Haqq. You will wake up, and Batil will be destroyed. The churches will be turned into mosques - even the Hagia Sophia in Istanbul and the cathedral in Rome! We live to see this happen, because we don't take any taste from Dunya (worldly life) anymore... One time already when I was in Italy, I was invited to call the Adhan (call to prayer) in that church in Rome and we prayed Maghreb (sundown) there. I prayed the Sura Kafirun and Ikhlas and made Dua...

Insha Allah soon Sayidinna Mehdi will put up his flag in Rome...

O Allah, please send the Sahib-u-Zaman, so Your Sultanate will appear...

## The Muslim World Must Have One Head

When we are going to say something important for this world, it is sunnah to stand up and say, (Mawlana Shaykh stands) “Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah! Allahu Akbar, Allahu Akbar, wa lillahi 'l-hamd! Allahuma salli `alaa Sayyidina Muhammad. Yaa Rabbana, yaa Rabb ighfir w ’arham wa Anta khayru 'r-Raahimeen ... wa `alaykum as-salaam wa rahmatullahi wa barakaatuh. (Mawlana Shaykh sits) And we are saying, “A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.” Huuuu.

O Our Attenders! As-salaamu `alaykum. Madad, yaa RijaalAllah. This meeting is something we have been granted to give all Mankind. One is enough for all nations; one may save the whole world, yes. Therefore, we are in a holy meeting and it is a declaration for all Mankind. Madad, yaa RijaalAllah!

Now on Earth, there are two poles: at one pole lies a flag of the heavenly ones from Heaven, and at the other pole is a flag from Shaytan and its followers. The Seal of Prophets (s) warned people that when the Last Day approaches they are going to be under two flags at different poles. One, the flag that belongs to the Seal of Prophets, Sayyidina Muhammad (s), (Mawlana Shaykh stands and sits) is a heavenly, holy and honored flag fixed on Earth from the Heavens. The second is another flag, not from the Heavens, but it is from Earth, and there are some signs of it that are not heavenly. One is fixed in Oriental (Eastern) countries, where the sun rises and shines; the second is fixed in Western countries where the sun sets.

Whoever is going toward the Oriental direction is going to see, meet and feel everything that belongs to heavenly aspects there. SubhaanAllah! Western people always have such a deep desire to run to Oriental countries because their spirituality is attracted there, and foolish people from Eastern countries who follow their physical enjoyment are attracted to Western countries! Western people are asking something for their spirituality and foolish Eastern people are asking to reach more pleasure for their egos and material beings. Therefore, at the end of the world you will find Western people will run to this sun-shining, sun-rising horizon in the east since they have such a deep attraction to be there.

As Prophet (s) said, as the Last Day approaches, people will be of two parties: one party's souls are attracted to heavenly aspects, and they will never get satisfaction from Western holy places, but they will seek holy places where they will be happy. Now, foolish people in Oriental countries are running after their egos and seeking much more pleasure from Western countries that give them many more opportunities to indulge their egoistic desires. SubhaanAllah! Western people are much more attracted to come to Islam, to Oriental countries. Prophet (s) is warning his nation, "O People, you are reaching a time when people will be in two parties; one asking for spirituality and one is asking for material aspects, and there will be a great war between the two people."

Now the Muslim world's people are running after the Western world's aspects, leaving the most high honors of Islam to be like Western people. I am asking forgiveness for me and for the whole Muslim nation. They are going to be fed up with Islam and will run to contentment by being with Western people. Right now you are looking at what is happening, and the Prophet (s) was saying, "O my nation! You will be so eager to be like Western people: you will step on their steps and will do everything they do, even if they fall in the hole of a fox you will also fall in it!"

Now the whole Muslim world is so ignorant, filled with no-mind, non-thinking people asking to be like those in Western countries! Now fire is burning throughout the Muslim world, beginning with Egypt, then Libya, Tunis, Yemen, Syria, Lebanon, Iran and the Turks, whose Muslim citizens are asking to step on the steps of Western countries! Now they are in a very different, difficult position and everywhere there are so many crises and troubles. Everywhere people are saying, "We must change our governments," and they are fed up with their tyrant leaders because they have been cheated. Now, some countries like Egypt, Libya, Turkey and

others are asking for a new system, to be able to choose (elect) someone and bring them in. That is not Shari`atullah, which is ordering from the Heavens!

O Muslim world! You must have one person as leader! I am saying to those foolish leaders from the Islamic countries, it is possible for this to be! They are saying the Muslim world is so weak, how is one person going to be over their heads, ruling them? I am saying, "As the holy command is coming (supporting that)!" Now the whole Muslim world is afraid of China, which is one nation and with only one person leading and governing: two billion people are under the command of that one person!

O Muslim Leaders and Muslim `Ulama! Why are you not thinking to say that the Muslim world must have one khalifah, one sultan? If you don't ask for this, I will ask that a curse falls on you from the Heavens! You are asking for Egypt to be a republic with a president, that each country must have a president, that you don't like to have the whole Muslim world under one person. No! You are saying in the Islamic world you (Libya) are going to be the leader, and then they killed their leader (Muammar Ghaddafi)! They claim to be democratic countries by voting in an election, but they are on the wrong way because they are not claiming what Allah Almighty said, that you must have one head. He is never accepting that you should have two heads! The whole Islamic world must have one head and it must be under Shari`atullah. Look at China, with two billion people under one head.

I am sorry to say that all nations of the Islamic world will be cursed like never before! Now Libya is saying that its tyrant has passed away and it must have an election. In Syria, in Shaam they are saying they must have an election. No, for the whole Islamic world there must be one head! People fear the Chinese, who have two billion people under one person's command! We need one person who is supported by the Heavens. If not, all will be taken away and from forty there will not be one left; they will be taken away. That is a heavenly warning for the whole Muslim world. If they are understanding, they will be in safety; if not, their heads will be like the tyrant of Libya and worse. Therefore, it is a heavenly warning.

O People! Come and stand under the holy flag of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits) Those who are accepting will be saved and those refusing will be taken away. It is not from me, but is the Holy Prophet's (s) declaration about what is coming. If you are accepting, you will be saved, but if you are not accepting, there will be three months and then they will be taken away also.

O People! I am not addressing a handful of people, but this is addressing from the Heavens from east to west, from west to east. Even the Western countries can't be saved by the way they are governing people; they must change, they must go from democracy or they will go down, down, down. May Allah (swt) forgive us.

O People! Try to understand what has been sent to you. If they are taking care and bring a khalifah, they will be saved; if not, first the leaders will be judged, then hundreds of thousands and even millions of people will be taken away.

O People! Keep the honor of Islam and the governing bodies of Shari`atullah. If not, you will be taken away. May Allah forgive us for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

(Baya`)

Hasbun Allahu wa ni`ma ‘l-wakeel. Laa hawla wa laa quwwata illa billahi ‘l-`Aliyyu ‘l-`Azheem! Radeena billahi Rabban wa bi ‘l-Islaami deenan wa bi Sayyidina Muhammadan sallAllahu `alayhi wa sallama Nabiyya wa Rasoola wa amantu bi shari`atullah that is coming from Heavens to the Seal of Prophets (s), and we are following and asking to follow the Seal of Prophet's (s) governing ways of Islam, and we are not asking to have shaytanic governments on Earth. We will be supported by heavenly powers if we are going on that way; if not, Shaytan will take all people on Earth to the Hellfire! May Allah forgive us and protect you.

Bi jaahi man anzalta `alayhi Suratu ’l-Fatihah.

## On Envy

One of Islam's major goals, which is realised best through following the spiritual path of Sufism, is to make a love-current pass through people's hearts. When this love passes through hearts it eliminates all envy.

Envy precludes real love, and real love and true religion, likewise, preclude envy. All true religion must instruct its followers how to uproot envy, as it is one of the ego's worst characteristics - so bad, in fact, that it has been named "the Mother of Sins," as the first of all sins resulted from envy. That sin, of course, was Satan's refusal to bow down to Adam when Allah ordered him to do so; and that refusal was a result of Satan's envying Adam for his having been made the deputy of Allah on earth and the "crown of creation".

Because of this, every Prophet right down through the ages to the Seal of Prophets, Muhammad, (Peace be upon them all) has denounced envy and warned his followers in the strongest terms to avoid it. They knew, and tried to teach others, the facts about envy; whoever is envious loses his faith. Do you think that a young plant can survive if acid is poured upon its roots instead of water? No, that young plant will be annihilated, and envy is more harmful to faith than acid is to that young plant.

So many sins derive their power from envy. Envy encourages people to harm other people; to kill, to burn, to rob, to loot - that is the fruit of the envy tree. Nowadays you may find envy among learned people even more

that among others – among lawyers, architects, merchants, members of parliament, ministers, judges, etc. - and most of all among ladies – now upon hearing me say this, all the ladies are frowning!

People talk and think like this; “You have a car while I have none. You have a good car while mine is an old jalopy. You live in a mansion while I live in this dump. Your wife is beautiful while mine is plain. You are strong and handsome while I am scrawny and ugly.” And even people, like those professionals, who have so much of this world’s enjoyments, envy those possessing still more than they. No greedy person can ever have all that he may want, for he might be the richest but not the handsomest and the handsomest and the richest but not the smartest. Even if he had all that he could want, and personified all that anyone could ever envy, eventually old age would rob him and he would envy those still having youth.

The Prophets, when they came, recognised that it was envy, not the envious people themselves whom they were fighting. The prophets also understood that when people fought against them, it was envy that pushed them to it.

But how, exactly, can one get over his envy? For every illness there is a doctor, a specialist, who knows very well how to deal with that disease - and there are spiritual doctors who can deal with envy. If you follow such people as never carry envy in their hearts, their state may pass through to you too; but if you follow ill people their illness may infect you too.

One must be very, very, careful in searching for a specialist who is capable of removing one’s envy, and giving, instead, of his own state. If you can find such a person, a person who has a really good state to give of, then be as his shadow, always following in his footsteps. If your heart is at peace with a certain person, that peace is a sign that his state is a really good one and that he is suitable for you, but if you feel somehow uneasy and dissatisfied, you must look for another. .... So there is nothing wrong with going from one person who is known as a sheikh to another and yet another until you find your heart’s satisfaction. If an ill person benefits from the treatment of one physician and recovers, he has no need to go on searching for more doctors.

For what reason does envy spread through mankind like wildfire? Love of this life is the reason. Those who love this life envy others their portions of it. This is why the Prophet said, ”Love of this life is the source of every sin.” It is very foolish indeed for believers to carry in their hearts envy of people who devote themselves

solely to the pursuit of this life's pleasers. If one claims to believe in eternal life, in unending paradise and hell, how can he throw himself into hell?

Every believer must know that this world is not for anyone, but for everyone. Once he has understood this wisdom he keeps quiet and keeps himself in peace, far away from disturbances, troubles and problems. He who knows that the world is not for anyone but for everyone will be at peace with himself and will be free of envy. At that time he will no longer ask himself; "Why has that person been given so many things while I have not?"

Asking oneself why others have so much is a rubbish question to ask! That was proven to me once when I went to Tower Bridge to see the Royal treasury. There I saw the place where the robes of the Emperors of the British empire are kept. I asked; "Where are the Emperors? How is it that they have gone away and left their majestic clothes here?..." People told me; "The Emperors are downstairs, underground - 'basement flat'"

And so, it is very foolish to be envious and to complain that someone has been given what you have not since, in the final end, what we are quarrelling over will be taken away from them also. No, there is nothing in this life for any one person; this life is for everyone,..... you will use things and then give them to the next in line and to the next and so on. Therefore there is no wisdom in envying anyone for anything. You must be vigilant so as not to kindle that fire in your heart.

There is an Arabic proverb; "Envy is most just. It passes judgement on the one who possesses it and carries out its verdict by killing him". In other words envy is a killer, he is killed who holds to it.

Perhaps you have a donkey, and so you don't need to worry about paying high petroleum prices, all you need is straw, and straw is very cheap; and what's more your donkey will go a long way on a little straw! You will get many miles per bale from your donkey, much cheaper to run that even a Volkswagen, and fewer mechanical problems!

Even if you have only a donkey, you must be proud to ride it down the street instead of riding in a Rolls Royce. You must think that no one has ever been given what you have been given – and it is true.

To think like this is the second important medicine against envy – to be thankful, truly thankful, for having

what you have and to prefer it to all else.

Allah Almighty says in the Holy Qur'an; "And very few of My servants are truly thankful." You can be among the truly thankful only when you prefer your portion, and be it very humble, to all others. This thankfulness is a higher degree of righteousness than patience, for many, many people can be patient. A patient person may still be envious but he just bears with his lot and suffers through it without complaining. He who has attained to real thankfulness of the highest degree truly recognises Allah's beneficence toward him and is not deluded by the vanishing treasures of people who are destined for 'basement flats'.

A truly thankful man says; "What I have been given, no one has ever been given, not even the Prophets." And this is true, since all of what the Prophets taught has been passed down to us. The knowledge of all Prophets, Saints and good people – all of it He has given into our innermost heart of hearts, where the Greater Universe is to be found; a universe inside of which this whole material creation may disappear for its insignificance, like a pebble in an ocean. To that Universe we must look too find what we have been given, but foolish mankind always looks outside and envies.

Some people may even be so foolish as to look at the treasures which Allah has granted them and yet make no effort to take the keys that open those endless treasures, holding instead to their petty envy. Look to the treasures He Almighty has given you and take them to yourselves.

Allah Almighty says; "I am the Opener (al Fattah) take the keys to your treasures – approach and take them".

Instead we prefer to run away from Him. Envy will never leave us alone as long as we run away from our Lord. But he who runs to his Lord will envy no man. Therefore a sign that envy has finally left you is when you find yourself running to your Lord..

He calls us, so answer Him, and don't look back at this filthy world. Swim no more in dirty envy oceans.

## A Star in Heavens Is Assigned to You - Take Wisdom from Stories

(audio cut) ...and we are beginning to say, a`oodhu billahi min ash-Shaytaani ‘r-rajeem. Bismillahi ‘r-Rahmaani ‘r-Raheem. The sign of Islam is to say, bismillahi ‘r-Rahmaani ‘r-Raheem ! If anyone is saying, bismillahi ‘r-Rahmaani ‘r-Raheem, he just entered the circle of Islam, finished! Whoever is denying is getting out.

O People! As-salaamu `alaykum once again! Every time we are asking for heavenly blessings to rain on you! And heavenly blessings giving to you a real life. Don't think that your lives continue through material foods, making you to stand up. What is making you to be in existence is heavenly powers that everyone has a point up, that belongs to him. Therefore, it is from all knowledge of prophets that everyone that is living on Earth has one star. That star just appearing and the life of that person belongs to that star, because we can't be in life by eating and drinking, no! What you are eating and drinking is such an example that Allah Almighty is making His servants to enjoy themselves through eating and drinking, because our physical being is getting pleasure by eating and drinking so much that our physical belongs to animals' level. Therefore, we like to eat and drink more than everything, or else it was enough for a person to eat once through his whole life! But people are thinking what we are eating and drinking gives us to live, to grow up, and to reach our last day with our physical being. Therefore, people are running after it and it is a very wrong idea!

Real power is coming from heavens! But eating and drinking is only for our physical being, for enjoying. A person may be thirsty, almost dying, bringing a cup of water, drinking and standing up. That water is giving something to our bodies that is making it to be ready for accepting heavenly support. Or a person is going to die for hunger and you may give a cup of soup, drinking it and standing up, so quickly? Can't be! But it is a reason: real power that is making Mankind to move on Earth, going and coming, growing and dying, everything belongs to his star.

Therefore, this honor is only granted to the Children of Adam (a). SubhaanAllah! When Adam (a) was sent from Paradise to Earth, he kept himself from eating and drinking for forty days. Not once in the forty days was he eating or drinking, to show people that our lives are coming from heavens! Don't think that what you are eating and drinking is giving to you power for getting up, or growing up, and to live so many years, no! You must know, Adam (a) for forty days was only looking to his heavenly star, yamudduhu, providing him. May be also fifty days! May be also fifty years! Angels are not in need to eat or to drink. Their heavenly power is giving them that energy that you can't imagine how it is coming and going around their beings! One-thousand years, a million years, or a billion years angels have been in existence and they are not in need for eating or drinking. Man, when he is born, then his star is appearing there and that star is sending heavenly support to that one and his body through that power, and developing, developing, developing!

What do you think? Milk from their mothers is making a small baby to grow with milk? With milk? You can’t imagine! Milk by itself can’t do that, but Allah Almighty, our Creator, He is arranging everything with heavenly powers and making with milk the baby to grow. Not from milk, but when that new baby is born, his heavenly real being appearing, that is sending and making a new baby to grow, to grow, to grow. And when growing, that belongs his position to heavenly positions and subhaanAllahi 'l-`Aliyyu 'l-Adheem!

Man, they are thinking now that their lives are going to be through eating and drinking, or they are asking that their health is going to be through some tablets, or medicines. Leave them! Therefore, the lives of anbiya (prophets) is 100% heavenly. They are not using any medicine because their real power is coming from heavens to their bodies, and that body is standing up. Therefore, prophets can do something extraordinary, or incredible, they may do it. But now Muslims, and particularly Salafi `ulamas, they are not speaking to people, not saying, “O People! Don’t run after so many purposes on Earth. Why you are running? You are

thinking that is going to make you to be on Earth forever? Why are you running? Why are you not looking up? Look up and you may see what is happening there, because eating and drinking is going to be a thick veil between you and heavenly levels."

But our `ulamas also going to be much more into materialistic life, and they are not talking anything about mystics, not taking any care for spirituality, why? Your value is through your physical being or your value is through your spiritual being? Why are you not warning people? Why are you not saying to people to wake up?! "O People, wake up and look how you are walking on Earth!" Think! But that thinking, from where is it coming to you? How can you think or imagine something? Is it from your material being or heavenly? Why are they not saying? And people are needy. (This is the) most needy time for Mankind to know this, such realities that we are not living for eating and drinking and drinking and eating, it is never giving us support in this life! SubhaanAllah, subhaanAllah.

People are not interested in such things. Shaytan is telling people only, "O People, you must work, you must give your last effort for collecting." What is the benefit in collecting gold, to collect diamonds, to collect rubies, to collect emeralds, to collect pearls; what is that? Is that our aim in life? What is that? Why are Salafi `ulamas not trying to wake up people? And their people are the most-gathering ones for jewels, for gold, for pearls, for treasures! Why are they not waking up? Why are they not warning them, "O People, you have not been created for these things!" What is that?

Once upon a time, a person was reaching treasures and opening and as he was looking, that is a big treasure full with emeralds, rubies, gold, diamonds, pearls, every kind of almaaz, precious stones, it is full. That person was shocked: "Ohhh, I am so lucky one. I am so lucky one to reach to that treasure!" And taking and finding a 'Dear' letter, written on it. "Look at what Allah Almighty is saying: (Mawlana Shaykh stands) ayyuhal salafiyoon:

••••••••• ••••••••• •••••••••••• •••••••••••••••

faqsusu 'l-qasas la`allahum yatafakkaroon, Tell them their stories so they may remember, (70:176)

Ayatul kareemah, from Holy Qur'an or not? faqsasu 'l-qasas, you are never saying any story, why? Why you are saying "Israelite"? What is Israelite? (Mawlana Shaykh sits.)

O Salafi `ulamas! I am nothing, I am a weak servant, but something has just been sent from heavenly ones to my heart to remind you about some unchangeable stories or events. You may say "story," but they are saying, if you are saying such things, Salafi `ulamas and all doctors in Shari'ah, I am saying this from Shari'ah: faqsasu 'l-qassas all of them saying, qasas is "Israelite". All of their nation is descendents of Sayyidina `Ibraheem and Sayyidina Yaqoob. From so many tribes, hundreds and thousands of stories are coming to us! Allah Almighty is saying, la`allahum yatafakkaroon, "They may take a lesson from every story!" Story from old times, you may use it. But they are saying, "We are doctors, we are not qasas, storytellers." No they are so proud to say, "We are speaking high knowledge!" High knowledge you are not understanding, even they are not understanding!

Once a person was coming to me and he was making a book about stories in Holy Qur'an, what belongs for stories, and I am looking. First I am looking and I am saying, "There is one ayah, verse that you are never remembering!" How many times I am making Holy Qur'an from first to end, from end to beginning but what is that? And I am saying. "Allah Almighty faqsusu 'l-qasas la`allahum yatafakkaroon". He said to me, "I am someone that has never heard or never recited this ayatul kareemah!"

Very important, but Salafi `ulamas are so proud ones, they don't like to say about stories of Israel. Why Israel, one-thousand prophets coming to them, and one-thousand stories coming and prophets saying, leave! Prophets saying, Holy Qur'an saying, and a little bit further they tried to say, Holy Qur'an also Israelite. Everything Israelite? What is that? All these doctors are so kibru un-nafs, so proud ones that they are not speaking as story tellers saying, "no we are doctors" what is your doctor? Say one story then when you are saying story. People are looking like this (eyes open) but when saying this and that according to their understanding (eyes closed, sleeping) people beginning to sleep! This story may be just happened or not, it doesn't matter. Al-qasas, faqsusu 'l-qasas, there is just appointed tales or for every tales, it is okay? You can say, you can take some ibrah, wisdom!

That person when he found this treasure and looking, he was astonished and happy. But he found on the treasure a letter of 'Dear,' taking and reading on it, what was it saying? "O that one, who will find one day this treasure, it did belong to." Look today some lessons, O Salafi `ulamas! O doctors in Shari'ah! Saying, "I am the owner, maalik. I am that king that my territory is from east to west, from north to south and I collected that treasure. But the Lord of Heavens Who created me was testing me; more than testing, ibtilah, trying and

asking to show who is coming after me for all nations. I am the emperor and king from east to west. I collected this, but my Lord, because I was not saying, shukr, I am not saying, 'O my Lord, thanks to You,' and ibtalari trying me and He sent qah, drought to my country where I was, and everything dried, waters drying, fields and gardens drying, nothing! And people were dying form hunger and thirst.

I was also asking for eating and drinking and I sent one basket full with gold to go to town and say, "Who can give me one piece of food and one cup of water, give this to him." From morning up to the evening, going around and no one finding to give one cup of water or one piece of bread for me. Second day, I am ordering that basket to be empty and put in it pearls, diamonds, the most expensive ones, and go and ask from people, "Who may give one cup water or one piece of bread, give this to them." Again they are going from morning up to evening but they can't find anyone to give one piece of bread or one cup of water. When I was hopeless, I ordered those jewels to be crushed and ground, and they found a small cup of water, bringing and mixing this crushed diamonds and pearls with that water, and I drank it. They made my insides to lock up and I died. "

O People! Look and take wisdom. What is the benefit? I am saying, why are you not saying such stories to kings, to awliyas, to shaykhs, to`ulamas, to sultans? Why are you not saying? If Allah Almighty is making this for you, what are you going to do?

O People! Don't trust what you are collecting, but you must trust in your Lord, Almighty Allah, and ask for heavenly support. Don't think you are going, coming, walking, and standing from your physical being, but everything that belongs to you is from that heavenly star granted to you. Be thankful to your Lord. Be obedient, try to be obedient servants for your Lord, Almighty Allah. You will be saved here and Hereafter! Fallahu khayrun hafizhan. Tawbah yaa Rabbee. Tawbah yaa Rabbee. Tawbah yaa Rabbee.

Fatihah.

(Mawlana Shaykh sings.)

Dome dome dome dome, Dome dome dome dome 6x

Tawbah yaa Rabbee, tawbah yaa Rabb,
tubna yaa Rabb, tawbah yaa Rabb,

tawbah yaa Rabb, tawbah astaghfirullah.

Fatihah.

Laa ilaaha illa-Llah. Laa ilaaha illa-Llah.

(Mawlana Shaykh speaks to Shaykh Hisham and Hajjah Naziha on the phone.)

Dastur ya Sayyidi, Madad. La ilaha illa Allah, La ilaha illa Allah, La ilaha illa Allah, Sayyidina wa Nabiyuna wa Mawlana Muhammadun Rasulullah (saws). Zidhu ya Rabbi izzan wa Sharafa Nuran wa Surura Ridwana wa Sultana. Madad ya Sultanu l-Awliya. Madad ya Rijal Allah. As-Salamu `alaykum, Anwesende, die aufrichtige Wahrheitssuchende sind, die ein himmlisches Leben wollen hier und im Jenseits. As-Salamu `alaykum. Bravo! Englisch? Ihr, die Shaytan hinauswerfen und kommen, um ein paar Worte zu hören von den Himmlischen. Tuba Lakum. Gute Nachrichten euch hier und im Jenseits. Schlechte Nachrichten für jene Leute, die fliehen und verärgert sind, wenn sie die Wahrheit hören. Ihr Ort wird hier und im Jenseits die Müllkippe sein, im Feuer. Ja. Und wir beginnen zu sagen: Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. Das Zeichen des Islam ist zu sagen Bismillahi r-Rahmani r-Rahim. Wenn jemand sagt Bismillahi r-Rahmani r-Rahim, tritt er flugs in den Kreis des Islam ein. Schluß. Wer das leugnet, fliegt hinaus.
Leute, as-Salamu `alaykum noch einmal. Jedes Mal verlangt ihr nach himmlischen Segnungen, die auf euch herabregnen. Und himmlische Segnungen geben euch wahres Leben. Glaubt nicht, daß euer Leben weitergeht, weil materielle Nahrung euch aufstehen läßt. Was bewirkt, daß ihr in der Existenz seid? Himmlische Macht. Und jeder hat einen Punkt oben, der zu ihm gehört. Deshalb gehört es zum alten Wissen der Propheten, daß jeder, der auf der Erde lebt, einen Stern hat. Der Stern erscheint, und das Leben dieses Menschen gehört zu diesem Stern, denn wir sind nicht am Leben durch Essen und Trinken. Nein. Was ihr eßt und trinkt, ist wie ein Beispiel, daß Menschen... Allah der Allmächtige läßt Seine Diener genießen durch Essen und Trinken, weil

unser physisches Sein Vergnügen empfindet durch Essen und Trinken, da unser physisches Sein zu einer tierischen Stufe gehört. Deshalb essen und trinken wir gern, mehr als alles andere. Oder es wäre genug für jemanden, einmal in seinem ganzen Leben zu essen. Es wäre genug. Aber die Menschen denken, was wir essen und trinken gibt uns Leben, um zu wachsen und unseren letzten Tag zu erreichen mit unserem physischen Sein. Deshalb laufen die Menschen dem hinterher, und das ist ganz falsch, eine ganz falsche Vorstellung. Die wahre Macht kommt von den Himmeln. Essen und Trinken ist nur zum Vergnügen für unser physisches Sein.
Ein Mensch mag durstig sein und fast sterben. Ihm wird eine Tasse Wasser gebracht, er trinkt und steht auf. Dieses Wasser gibt unserem Körper etwas, es macht ihn bereit, die himmlische Unterstützung anzunehmen. Oder der Mensch wird hungers sterben. Ihr mögt eine Tasse Suppe geben, er trinkt und steht auf. So schnell? Das kann nicht sein, aber es ein Wasila, ein Anlaß. Die wahre Macht, die die Menschheit auf der Erde sich bewegen, gehen, kommen, wachsen, sterben läßt, alles gehört zu seinem Stern. Deshalb ist diese Ehre nur den Kindern Adams gewährt worden. Subhanallah. Adam (as), als er vom Paradies zur Erde gesandt worden war, enthielt sich des Essens und Trinkens 40 Tage lang. Einmal aß er 40 Tage lang nichts und trank nichts. Um den Menschen auch zu zeigen, daß unser Leben von den Himmeln kommt. Glaubt nicht, daß das, was ihr eßt und trinkt, euch eine Kraft gibt, aufzustehen oder zu wachsen und zu handeln so viele Jahre lang. Nein, ihr müßt das wissen. Adam (as) guckte 40 Tage lang nur auf seinen himmlischen Stern, yammudduhum, der ihn unterstützte, nicht unterstützte, sondern der ihn versorgte, vielleicht auch 50 Tage, vielleicht auch 50 Jahre.
Engel müssen nicht essen oder trinken. Ihre himmlische Macht gibt diese Energie, daß ihr euch nicht vorstellen könnt, wie sie kommt und geht um ihr Sein herum. Tausende oder Millionen oder Billionen von Jahren sind Engel in der Existenz, und sie müssen nicht trinken oder essen. Der Mensch, wenn er geboren wird, erscheint sein Stern dort, und dieser Stern sendet himmlische Unterstützung zu ihm und sein Körper entwickelt sich durch diese Macht. Was denkt ihr über die Milch ihrer Mütter, was macht die? Sie läßt die kleinen Babys wachsen, mit Milch. Das kann man sich nicht vorstellen. Milch an sich kann das nicht, sondern Tasarruf.. Tasarruf, daß der Herr der Himmel, unser Schöpfer, alles organisiert mit himmlischer Macht. Und das Milchtrinken und Wachsen des Babys, Subhanallah, nicht von Milch, sondern wenn dieses neue Baby geboren wird, erscheint sein himmlisches wahres Sein, das sendet. Das sendet und läßt

dieses neue Baby wachsen, wachsen, wachsen und wenn es wächst, gehört seine Position zu den himmlischen Positionen. Und Subhanallahi l-Aliyyi l-Azim, die Menschen denken jetzt, daß ihr Leben vom Essen und Trinken kommt. Oder sie erwarten Gesundheit von Tabletten oder Sirups oder Medizin. Laßt das. Nur von dort.

Und deshalb ist das Leben der Anbiya 100 % himmlisch. Sie benutzen keine Medizin, weil die wahre Macht von den Himmeln zu ihrem Körper kommt, und dieser Körper steht auf. Deshalb können Propheten außergewöhnliche Dinge tun. Mu'jiza. Unglaublich. Sie mögen es tun. Aber jetzt sprechen selbst die Muslime und besonders die Salafi Ulama nicht über solche Themen zu den Menschen. Ihnen zu sagen: 'O Leute, lauft nicht hinter so vielen Zwecken her auf der Erde. Warum lauft ihr? Ihr denkt, daß das, was ihr aufsammelt und eßt, euch für immer auf der Erde sein läßt? Warum guckt ihr nicht nach oben? Guckt nach oben und ihr könnt sehen, was dort geschieht. Weil Essen und Trinken ein dicker Schleier ist zwischen euch und den himmlischen Ebenen. Aber unsere Ulama sind auch viel materieller und nehmen nichts an vom Mystischen. Geistigkeit, sie kümmern sich nicht darum. Warum? Kommt euer Wert von eurem physischen Sein oder kommt euer Wert von euerem geistigen Sein? Warum warnt ihr die Menschen nicht? Warum sagt ihr den Menschen nicht aufzuwachen. 'O Leute, wacht auf und seht, wie ihr auf der Erde herumgeht. Denkt! Dieses Denken, von wo kommt es zu euch? Wie könnt ihr denken oder manche Dinge euch vorstellen? Kommt das von euerem materiellen oder himmlischen Sein? Warum sagt ihr das nicht?

Und die Menschen sind bedürftig. Eine höchst bedürftige Zeit für die Menschheit, um das zu wissen, solche Wirklichkeiten. Daß wir nicht vom Essen und Trinken, und Trinken und Essen leben. Das gibt uns keine Unterstützung, um am Leben zu sein. Subhanallah, Subhanallah. Die Menschen haben kein Interesse an solchen Dingen. Shaytan bindet die Menschen: 'O Leute, ihr müßt euere ganze Anstrengung darauf richten, einzusammeln.' Wozu einsammeln? Es hat keinen Nutzen, Gold zu sammeln, Diamanten zu sammeln, Rubine zu sammeln, Smaragde zu sammeln, Perlen zu sammeln. Das ist unser Ziel, warum wir am Leben sind? Was ist das? Warum versuchen die Salafi Ulama nicht, die Menschen aufzuwecken? Und ihre Leute sind die, die am meisten Juwelen, Gold, Perlen und Schätze einsammeln. Warum wecken sie sie nicht auf, warum warnen sie sie nicht? 'O Leute, ihr seid nicht erschaffen worden, um diese Dinge zu sammeln.

Das schickt sich nicht für euch.' Was ist das?
Einmal.. Einmal fand jemand einen Schatz und öffnete ihn und sah, daß es ein großer Schatz war, voller Smaragde, Rubine, Gold, Diamanten, Perlen, alle möglichen Edelsteine. Voll damit. Dieser Mensch war einfach schockiert. 'Ich habe so ein Glück, diesen Schatz zu finden.' Er nahm ihn und fand ein Hirschleder, darauf stand: Sieh! Sieh! Allah der Allmächtige (swt) sagt, ayyuha s-Salafiyun, "Faqsusi l-Qasasa la`allahum Yatafakkaruna" (7:176). Ayatu l-Karima oder nicht? Wie? Der Ayat ist Türkisch, Englisch oder was ist das? Vom Heiligen Quran oder nicht? Allah der Allmächtige sagt: "Faqsasu l-Qasas". Ihr erzählt nie irgendwelche Geschichten. Warum? Ihr sagt 'Israiliyat'. Was ist Israiliyat? Salafi Ulama, ich bin nichts. Ich bin ein schwacher Diener. Aber etwas ist gerade gesandt worden von den Himmlischen in mein Herz, um euch zu erinnern an unveränderliche Geschichten oder Geschehnisse. Ihr mögt sagen Geschichten, aber sie sagen, wenn ihr so etwas sagt, die Salafi Ulama und alle Doktoren, die 'Doktor der Shari'ah' genannt werden, ich sage von der Shari'ah, Allah der Allmächtige sagt, "Faqsasu l-Qasas". Sie alle sagen 'Israiliyat'.
Das macht nichts. Israil, sie sind auch Ummah, Nation der Kinder von Sayyidina Ibrahim (as), Nachkommen von Sayyidina Ibrahim (as), Sayyidina Yaqub (as) und den zwölf Stämmen. So viele Hunderte und Tausende von Geschichten sind zu uns gekommen. Allah der Allmächtige sagt: "La'allahum Yatafakkarun". Sie mögen eine Lektion lernen von jeder Geschichte oder Riwayah, Geschichte aus alten Zeiten. Ihr könnt sie benutzen. Aber sie sagen, 'Wir sind Doktoren, wir sind keine Qassaas'. Qassaas, Geschichtenerzähler. Sie sind so stolz und sagen: 'Wir sprechen von hohem Wissen aus.' Hohes Wissen, das ihr selbst nicht versteht, wie könnt ihr es Leuten sagen, damit sie es verstehen? Selbst sie wissen es nicht. Wenn es hohes Verstehen erfordert, können sie es nicht verstehen. Einmal kam jemand zu mir, der machte ein Buch über Geschichten im Heiligen Quran, was zu den Geschichten gehört. Und ich guckte, zuerst guckte ich in den Index, dann sagte ich, es gibt ein Ayah, einen Vers, den du nicht erinnert hast. 'Wie oft habe ich den Quran rezitiert von Anfang bis Ende, vom Ende bis zum Anfang, aber was ist das?' Ich sage, Allah der Allmächtige, Subhanallah, Astaidh Billah: "Faqsusi l-Qasasa la`allahum Yatafakkaruna." Er sagte mir: 'Ich bin jemand, der dieses Ayatu l-Karima noch nie gehört oder noch nie rezitiert hat.' Sehr wichtig, aber die Salafi Ulama sind so stolz, sie mögen nichts sagen über die Geschichten von Israil.

Warum Israil? Tausende von Propheten kamen zu ihnen und Tausende und Tausende Ereignisse und Geschichten von ihnen. Diese Propheten sagten.. Laßt die Propheten, der Heilige Quran sagt. Ein bißchen weiter werden sie versuchen zu sagen, der Heilige Quran sei auch Israiliyat. Was ist das? Von Anfang bis Ende wird Qawm Israil im Heiligen Quran erwähnt. Ja. Das ist sehr wichtig. All diese Doktoren sind so Kibru n-Nafs, so stolz, daß sie nicht wie Geschichtenerzähler sprechen. Sie sagen: 'Nein, wir sind Doktoren'. Was ist euer Doktor? Erzählt eine Geschichte.. Wenn ihr eine Geschichte erzählt, gucken die Menschen so. Schlafende Leute gucken so. Aber wenn sie sagen, dies und das, dies und das, gemäß ihrem Verständnis, beginnen die Menschen zu schlafen. Qissah, eine Geschichte, kann gerade passiert sein oder nicht passiert, das macht nichts. Al Qasas, Alif Laam, Yushir `ala Jinss aw Ahd aw Istighraq. Ihr könnt Arabisch, Salafi Ulama, "Faqsasu l-Qasas", Al Qasas. Es gibt festgelegte Geschichten oder für jede Geschichte ist es okay, kann man sagen. Man kann Weisheit davon nehmen.

Dieser Mensch, wenn er diesen Schatz findet und sieht, er war so überrascht und farhat, so glücklich, aber er fand auf dem Schatz ein Leder vom Hirsch, Gazelle. Er nahm es und las darauf. Was stand da? 'O der, der eines Tages diesen Schatz findet, er gehörte mir. Schau, um eine Lektion zu lernen.' O Salafi Ulama, o Doktoren der Shari'at, er sagte, 'Ich bin der Besitzer, Malik, ich bin dieser König, mein Gebiet reicht von Ost nach West, von Nord nach Süd, und ich habe diese Schätze gesammelt, aber der Herr der Himmel, Der mich erschuf, Er prüft mich, mehr als prüfen, ibtila, versucht mich und will denen, die nach mir kommen, allen Nationen, zeigen. Ich bin der Kaiser und König von Ost bis West. Ich habe dies gesammelt, aber mein Herr, weil ich nicht Shukr sagte, weil ich nicht dankte und sagte, O mein Herr, Dank sei Dir, so versucht Er mich. Ibtila - prüfen? Er versucht mich. Und Er sandte Qaht, eine Dürre in mein Land. .. und alles vertrocknete. Wasser vertrocknete, Felder und Gärten vertrockneten und nichts, die Menschen starben vor Hunger und Durst.

Und mich verlangte auch nach Essen und Trinken, und ich sandte einen Korb gefüllt mit Gold in die Stadt und sagte, wer mir ein Stück Essen geben kann, eine Tasse Wasser, dem gebe ich das. Und vom Morgen bis zum Abend gingen sie herum und fanden niemanden, der eine Tasse Wasser oder ein Stück Brot für mich gab. Am zweiten Tag befahl ich, daß der Korb geleert wurde, und tat Perlen und Diamanten hinein, die teuersten, füllte ihn und ging und erbat von den

Leuten, wer mir eine Tasse Wasser oder ein Stück Brot geben würde, dem gäbe ich das. Dann gingen sie vom Morgen bis zum Abend, aber sie konnten niemanden finden, der ein Stück Brot oder eine Tasse Wasser gab. Als ich hoffnungslos war, befahl ich, daß die Juwelen zerstoßen und zermahlen würden, und sie fanden eine kleine Tasse Wasser. Sie brachten sie und taten diese zerstoßenen Diamanten und Perlen in das Wasser, und ich trank es und sie verschlossen meine Eingeweide und ich starb. O Leute, seht und nehmt Weisheit an. Was ist der Nutzen?
Ich frage, warum erzählt ihr den Menschen nicht solche Geschichten? Den Muluk, den Awliya, den Shaykhs, den Emiren, den Sultanen. Warum sagt ihr nicht, wenn Allah der Allächtige das mit euch machte, was ist damit, was würdet ihr tun? Deshalb, o Leute, vertraut nicht auf das, was wir sammeln, sondern ihr müßt euerem Herrn dem Allmächtigen Allah vertrauen und um himmlische Unterstützung bitten. Glaubt nicht, daß ihr aufsteht, geht, kommt, geht, macht durch euer physisches Sein, sondern alles kommt von dem himmlischen Stern, der zu euch gehört, der gerade gesandt wurde. Seid euerem Herrn shakir, dankbar, seid gehorsam, versucht, gehorsame Diener zu sein für eueren Herrn den Allmächtigen Allah. Ihr solltet gerettet werden hier und im Jenseits. Fa Allahu Khayrun Hafizan, wa Huwa Arhama r-Rahimin. Tawba ya Rabbi, Tawba ya Rabbi, Tawba ya Rabbi, Tawba Astaghfirullah. Fa'fuanna ya Karim bi Jahi man Anzalta `alayhi, Surat al Fatiha. Dum dum dum dum, dum dum dum dum.. Tawba ya Rabb, Tubna ilayh. Tawba ya Rabb, Tubna ilayh. Tawba Astaghfirullah.

## Only Heavenly Support Can Save People

(Mawlana Shaykh stands.)

Allah, Allah. Allah, Allah. Dastoor, yaa RijaalAllah. Madad, yaa Sultaan al-Awliya.
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah.
Allah Allah, Allah Allah, Allah Allah, Kareem Allah.
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah.
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah.

La ilaaha illa-Llah,La ilaaha illa-Llah, La ilaaha illa-Llah Muhammadun Rasoolullah, `alayhi 's-salaatullah! Sayyidina Muhammadun Rasoolullah. As-salaamu `alaykum! As-salaamu `alaykum yaa ayyuhal ins wal jinn. Madad, yaa Sahib al-Imdad. Madad, yaa RijaalAllah. (Mawlana Shaykh sits.)

O People! Our attenders from east to west, north to south. Mankind is not taking care of the honor of this holy day, and sayyidu 'l-ayaam fi 'd-dunya wa fi 'l-akhirah, “Master of days in this world and the next world,” Yawm al-Jumu'ah, Friday. Every nation knows the honor of Yawm al-Jumu`ah, Friday, and they are making only one day, "Good Friday," they are saying? And which Friday is not good? Every Friday is a good Friday, but Shaytan making them not to believe the honor of Friday. Christians are saying (that their Sabbath is)

Yawm al-Ahad, Sunday. Jewish people are saying (that their Sabbath is) Yawm as-Sabt, Saturday. And it is clear that after Friday, Saturday and Sunday are coming; it is not in the order of Sunday, Saturday, and then Friday, no.

The divinely invitation is on Friday. Allah Almighty is calling the people of Paradise to an unknown (place) and just created one, calling whole Paradise people to come for the divinely feast on a Friday. Tajalli `azham, Greatest Manifestation or appearance, that never passed before is coming. This Friday is in its position when it is more brightened than the other Fridays that passed away. But when the next Friday is coming, this brightness is never going to disappear, but it will come into that Friday. That Friday will get more Divinely Appearance, more light which has never been seen by anyone before. Allahu akbar! And therefore, Friday here and Hereafter is the most honored, lightened, and blessed day. But people now are heedless; really they are heedless and idiot ones, and no-mind people. They are never thinking of the Last Day and beyond it what will be.

As-salaamu `alaykum to the whole of Mankind whom are taking care for this holy day. And the day of Friday is the most honored day granted from Allah Almighty to His deputies, the nation of Muhammad (s)!

And we are now saying, A`oodhu billahi min ash-Shaytaani 'r-rajeem, requesting that Allah Almighty makes a way. I am ashamed to say, "O my Lord, take away Shaytan from us." If it is not an order, asta`idh, a`oodhu billah, really it is so big blame to say, "O my Lord, take Shaytan away from me," astaghfirullah. But when we are asking protection, Allah Almighty may defeat Shaytan with a very small creature, a virus that you can't see under a strong microscope. Like this also, viruses are too much for Shaytan, even billions, trillions, quadrillions, quintillion of shaytans, that virus will be too much for them. But we have been ordered to say, "O our Lord, protect us." That is the usool, the protocol. And then the smallest creature may come and say, ana lahu, "I am enough for billions of shaytans."

Then now they are making such powerful weapons, atomic bombs. An atom is so small, and a virus is so big. An atom is so small, but one is enough to destroy the whole world. When the holy command from heavens is reaching, that one is enough and may destroy! But as a protocol we must say, "O our Lord, protect us." If we are directing ourselves firstly to that smallest creature, it is also the worst of manners. O my Lord! That is ta`zheem, glorification for Allah Almighty. And then that smallest one may destroy billions or trillions of

shaytans.

Now time is over, like a train when it is ready to move, first the engine begins. Now we are in such days that the heavenly beings' trumpets are beginning to warn people that the Last Day is approaching. You are now moving on it! I am ashamed to say that Allah Almighty making me to be here. No. But whom authorized for this world, for controlling everything, he knows that we are approaching the last station. When the train is approaching it is making the sound, 'ooooooooo.' Now heavenly armies are ready to come on Earth. Therefore, there will be so many things you never heard, saw, or knew about, now that new tajalli, manifestation is coming.

O People! Come a little bit closer to your Lord's servanthood. Nothing can save nations now, except to approach the whole Divinely Hudoor, to be in His Divinely Presences, tawajjuh. You must leave this life's work, you must make it less.

I heard that Greece just became bankrupt and they are running like this and like that to save themselves. No way (to save themselves); only one way. You are making dunya as an idol for you and the Greek nation are very famous to paint rocks and to say "That is Zeus, that is Aphrodite, and that is another one and another one," and they are saying, “Come and save us!” Now Greek people and the whole of dunya are making the materialistic world as the only sabab (cause) reason to save themselves. Leave that paper money! (Even) If Greece is full with gold, that crisis will never end. In Turkey, Cyprus, Arabia, in east and in west it is the same, on the same line. The only reason for them to be save is to turn their faces to the Divinely Presence.

O People! Change your lookings. To where? It means to heavenly positions. As long as you are looking down, you are not able to save yourselves from the holy command.

Hadari `ulamas! Salafi `ulamas! Why are you not reminding people, shatrahu; you must turn the eyes of your heart's to that holy place that belongs to the Lord of Heavens.

•••••••• ••• ••••••• •••••••••• •••••••••••• ••••••••

wa haythu maa kuntum fawalloo wujoohakum shatrahu, Wherever ye are, turn your faces in that direction. (of the Sacred Mosque); (2:144)

Therefore, we are saying, "Baytullah" (House of Allah). If you are saying it is empty, then it has no meaning. But give honor to that bayt, the House of the Lord. It was built by Sayyidina Ibraheem and Isma`eel (a), four walls, the honor that has been granted to be House of Lord. Don't look at the four walls, no! Look to whom those four walls have been built for, a simple building, called "House of the Lord."

People are saying, "O America, help us!" Material support is finished for whole nations! Arabs are calling and fighting, Pakistan are calling and fighting, east and west are fighting, African people are fighting, and for what? They don't know for what. They are saying, "We must come to power," and Allah Almighty is saying:

•••••••• ••••••••••• ••••••••

khuliqu 'l-insaanal da`eefa, For man was created Weak. (4:76)

“I created Man weak; he can't do anything if My power is not reaching.”

Look to the Seal of Prophets (s). (Mawlana Shaykh stands and sits.) His father passed away when he was in the womb of his mother, and his mother passed away when he was four or five-years-old and he was weak. O Europeans! O non-Muslims! O Pope! O Chief Rabbi! O all other nations! Look at that one; that a child was born through unknown deserts, no schooling, no teachings, no books. They are people of jaahiliyyah, ignorance, and idol worshipers, (to not understand) how that one, so weak, so weak, thousands of kings and powerful people proud with their armies, their countries, their sultanates, they are only like a shooting star. All those people just passed away, no names are known but that one. But people now are not using their minds; their minds are not here (points to head), but here (points down). Yes, who was supporting that orphan?! Not Allah?? For the honor of that one we are here! And today through east and west billions of people are coming to say, la ilaaha illa-Llah, Muhammad Rasoolullah. (Mawlana Shaykh stands and sits.)

You must understand heavenly support! Two-billion people today are saying, (Mawlana Shaykh stands.) Allahu Akbar, Allahu akbar, ash-hadu an laa ilaaha illa-Llah, wa ash-hadu anna Muhammadan Rasoolullah. (Mawlana Shaykh sits.)

Am I paying you to come here? How are you coming here? If there is no heavenly support I cannot do anything. I know only to swear to that if Shaytan is support, let him support Greek people, Turkish people, Cypriot people, Chinese people, Pakistani people, Indian people! That is from heavenly warning coming now,

approaching.

O People! Beware, as when it is coming, it is making you as nothing! Ask to be saved through heavenly support! Don't run to America, to England, to Russia, to China, don't run to Japan, no. They can't give you any support! Ask only for heavenly support, it is going to save people! It is written, mentioned, heavenly support belongs to the Lord of Heavens; without it, is impossible to be saved. Bring people who say they are Christians; (remind them) what their holy book saying.

O Salafi `ulamas! Why are you not reminding your people? And every time your governments and other governments are running to buy new weapons and instruments, for what? SubhaanAllah. In the time of Sayyidina `Umar (r), armies of Islam were coming from Madinat al-Munawwarah and running up to bring Nooru 'l-Islam, lights of Islam to its people. Iraq also was under command of the Persian Qisra (the Chosroes of Persia), and how they were running away, do you know it? The commander of the Islamic army, when they approached Tigris, Sa`d ibn Abi Waqqaas was coming perhaps two kilometers away and saying, bismillah, tawakkalna `ala Allah, “In the Name of Allah, we rely on (put our trust in) Allah!” Whole army was going; first Sa`d ibn Abi Waqqaas marching like an asphalt road (smoothly) and whole army with their equipment was marching. Then after defeat, their enemy was saying, "They are not from Mankind, they are jinn running on water, up to Tigris, up to Tehran." But really they have (super human) support from heavens!

Prophet (s) is saying, "From my nation, twelve-thousand can't be defeated, it is impossible, they must be victorious!" That is the holy command, holy order from Prophet (s), but people lost it. They are fearing from pig virus, pig flu! Now rings of danger, dome dome, dome dome, that means run away! Because this volcano will erupt, run away!

They may make me to speak up to next Jumu`ah or next month, but it is enough for who are asking to know something. It is enough if no-mind people are not listening and not using their minds.

O our Lord, forgive us, grant that we are obedient servants, to believe in You, to believe in Your Power Oceans.

Fatihah.

Whom they like to listen and accept, they will be in safety and guarded and protected and saved, here and Hereafter. Whom they are running away, they are running to Hell.

Fatihah.

I am not preparing or looking, preparing and speaking, but those responsible for this world and for people are ordering me to be here. I never know what I am saying.

O People! Try to believe in Allah Almighty and His prophets, particularly in the Seal of Prophets (s), and you will be saved here and Hereafter.

Fatihah.

## Only One Can Be Proud

Dastoor ya Sultan al-anbiya, ya Sultan al-Awliya, Ya RijaalAllah.

(standing)

Allahu akbar Allahu Akbar la ilaha illa-Llah, Allahu akbar Allahu akbar wa lillahilhamd alfu's-salaata alfu's-salama `alayku ya sayyidina ya Habeebillah, `alayka ya Sayyid al-awaleena wa'l-akhireen, as-salaamu alayk ya nur `arshillah
Laa quwatta illa billahi 'l-`Aliyyi 'l-`Adheem

As-salaam `alaykum, O our listeners! May Allah blessings you and blessings me to be good servants. Not to waste our life for nothing. And we are saying a`udhu billahi min ash-shaytaan ir-rajeem and Bismillahi ’r-Rahmani ’r-Raheem and we are saying "O our Lord! We are running away from Shaytaan and its armies. Please give us your divinely protection!"

Dastoor ya rijalAllah

It is a humble associaion and we are saying for every occasion a`udhu billahi min ash-shaytaan ir-rajeem, Bismillahi ’r-Rahmani ’r-Raheem and we are running away from dirtiness; we are running away from dirty

ones and we are running away from dirty life and we are running away from dirty actings. We are asking from our Creator, the Lord of Heavens, the Lord of whole creation, and creation going on like a river without stopping. No one knowing its beginning; no one knowing to where ending. Can't be. Everything that... Dastoor ya Sayyidee, Ya Hadratee! Everything that belongs to our Creator Most Powerful, Most Majestic, Most Glorious, you can't know anything that belongs to Him. No doubt everything belongs to Him, that He is Creator. When He was Creator? He was Creator from pre-eternal, azali. Pre-eternal. No one knowing a beginning for Allah Almighty's Existence and no one knowing our Lord's Existence up to eternal. No one knowing the meaning of eternity and eternity is something that can't be understand. Only you may believe and beyond that you are knowing nothing. Allah Almighty (Huwa) azaliyyun, abadiyyun. He is, His Existence from pre-eternal, and up to eternal, oooh.

But we have been granted some, eh, we have some ability to speak on pre-eternal and eternal, to say only eternity, but impossible to understand anything. Yes, His creation without stopping from pre-eternal continuing. Don't think that the Lord of heavens He has only one world, that you are living on it and no anyone else. No. As astronomers they are saying that this creation, creatures just appeared through pre-eternal, running, running, running. No one knowing for it a beginning, and running running running! (To) where reaching? No one knowing where they are ending. No, He is the Lord of Heavens. He is only One. And He is only One Who may Create and creation running without stopping.

O people! We have been granted an understanding and our understanding is over understandings of every creatures'. For every creature there is a level of understanding. You can't find anyone in existence that he is not knowing about itself, himself, herself, themselves. Everyone knowing. Everyone they have a level of understanding and countless creations, and every creature that coming in existence, by our Lord's Holy Command, He is only saying "Be!" and (it is) coming into existence.

You must try to know something according to your capacity or according to your ability you may understand something that granted to you. And you, as a man, you know about yourself in a direction of understanding that a second one (is) not using that way of understanding. You may understand or you have been granted an understanding about yourself and then you have been granted to know around yourself from creatures through creation. Creation. (N)ever-ending oceans. Allahu akbar, Allahu akbar! (N)ever-ending oceans.

Even you, O proud ones, you are learning some lines of knowledge, you are saying that the level of different creatures you may say something, commonly, but there is through that existence of creatures, there is so many levels of understanding because every creature must know about their Creator. But about your knowledge, according to your knowledge level, if you are losing yourself in it. Therefore we must give more time - perhaps we must give whole our ability, capacity, understanding, willpower, mentality and heartly sacred powers through your heart, to understand something, something, more and more. But if you are saying it is not a too big claiming, that I may say one atom you may know something about that atom. But your knowledge about that atom is not last point of your knowledge.

You must take care what you are speaking that making a weak servant to speak on such a things. I am saying on that way, to give an understanding our Lord's (n)ever-ending Power Oceans, (n)ever-ending Ability and Capacity and Authority and Endless Wills for creating and bringing creatures in existence, countless, countless creatures. Do you think that you are, Professor Abdullah, that two atoms, each one knowing a second atom as it is necessary to know or to understand? Do you think that one atom just understanding reality of second atom? No, it is impossible. It is from a capacity as well as a ability to know for itself, but I don't think that any scientist or any doctor, or nature may claim that in atom just knowing a second atom as second atom knowing about itself. Hydrogen: two hydrogen atoms. Do you think that both of them knowing about their secrets as they knowing (themselves)? Can't be.

You, you are a man, but you can't know secret for another man. It has identity, as well as you have another identity. You have a personality as well as second person, he has a identity and personality. Everything can't be on same category as the second one. Each one, each one category belongs to that one but a second one can't enter wholly through that category. There is one moon; there are ten billion people. Each one's knowledge about that moon, it is different. Moon just coming and appearing through our knowledge and mentality in another way, different; different; different.

All of them they are making me to speak on such a subjects for understanding the Greatness of the Lord of Heavens, the Lord of Creation.

If you are going to be as... (unable) unable for understanding and to be understandings of you never getting to be same as another one. Therefore everyone's understanding for moon getting different, different. Millions

and billions difference. That is the Lord of Creation's position to make people to know that the Creator is not someone that you are, you are imagining. The Creator, Allah Almighty, out of our knowing, out of our imagination, also. Even your imagination can't reach. He is (absolute) Great One, the Lord of heavens, the Lord of creation.

Now we are asking and they are making me to speak in such a subjects to break down the pride of mankind. Because Shaytaan blowing (into) man's mentality some wrong ideas. And asking, that devil, to carry people on a level that saying "Your Creator that one, can't be, because our Creator out of our imagining also." And our imagination is such a small one, our capacity for imagining it is going, going, going, going down, on, down and it is going to be finished and it is going to be zero. Even our imagination never reaching to anything of our Creator's Existence. Glory to Allah Almighty.

We must continue time by time on such a subjects to break down man's pride. Because most dangerous characteristic that man taking from Satanic sources is that pride. Man asking to be a proud one and we are trying to make their imagining on zero point. Because man getting big harms through pride and if you are not going to break it down, that pride going on and you are harming everything and you are going to be on the level that the Lord of heavens asking you to be His servants.

From pre-eternal, asking to you, "O my servant! Are you accepting Me as your Creator?" All of them saying, "Bala - yes, Almighty Allah, we are Your servants." That is our declaration in Divinely Presence that no time and no space at that time. No time, no space, (and He swt was) asking "Are you accepting Me in Existence only? Are you bowing from My Majestic Godship, O My creatures? Are you accepting that I am your Lord, the Most High and Most Glorified? Are you accepting that you are My servants and I am Your Lord?" We said, "n`am, yes our Lord! We are accepting that is the first." .. that we are making that `ahad, oath. Shaytaan coming and saying "No! you must ask, you must try to be in existence someone. You must try to be a proud one in the Divinely Presence." Who are you to say this? But Shaytaan's teacing is only on that point to make people to declare that they are someones in existence. No, you must declare and your must be thaabit, (firm) firm on servanthood and servants can't reach to the level to be proud forever from pre-eternal up to eternal. And everything that people going to be harmed is to claim that "I am a proud one." And they are creating, I may say, mankind, that doing countless titles to (make) ithbaat al-wujood, everyone asking to make a proof for themselves that we are something in existence, therefore claiming that they are proud ones and then

angels kicking them away as Satan was kicked down. And whole prophets coming to teach people about their oath in the Divine Presence and to accept that they are only servants and servants can't be proud and to be proud is only for Almighty Allah.

May Allah forgives us.

Yessir,
dumm,dumm,dumm,dummm,dumm,dummm,
(singing)

O mankind
come and listen
what saying to you
heavenly beings
saying, calling you
to be servants
to the Lord of creation
from pre-eternal
up to eternal
through eternity,

only that one
be proud
Your Lord only,
no one else
can be proud,

You must try
to declare your servanthood,
as you were giving
your declaration that time,
that no-time

and no place and no time
you were saying
"You are our Lord!
"You are only in existence
and nothing else!"

Fatiha

Understand?

(Yessir, alhmadulillah, very beautiful)

Time?

(38 minutes.)

38?

38 yes, yes. (singing)

O people come and listen
come and accept
what heavenly,
heavenly calling saying to you
give your ear for hearing
that you are only servants
no Lord, another Lord can't be
O people!

dumm,dumm,dumm,dummm,dumm,dumm 2x
Allah Allah Allah Allah 4x

Whole Glory, whole Majesty

whole Respects to You
O our Lord,
our Creator
We are Your weak servants
You are our Lord
and Creator

Bless our souls,
clean our souls,
give us from Your
Divinely Lights
to be pure pure, pure, ....

kullu maa ... basma baaree, baar maa fee kullu maa feehimu
taysraanee talaanee talmate taateetooo
kullu maa too taa tee too
saysaanee salaaneee,
salmaanee saa see soo,
kullu maa saa see soo
Allah, Allah, Allah, Allah, Allah
Allah Allah Allah Allah Allah Allah Allah Allah Allah Allah Allah

You only One in Existence,
not for anyone else
existence, here or hereafter,
O our Lord,
Allah Allah Allah Allah Allah Allah Allah
Huwa Allah

42?

(Sayyidee, they are asking when is Ramadan?)

Ramadan is Friday insha-Allah and tomorrow night is taraweeh. Jumah is first of Ramadan and Allah gives us from His endless oceans to believe and to be happy and to follow His Holy Commands to be our servanthood only for Him Almightyyyyy.

Hiyyyyyy Hiyyyyyy Hiyyyyyy Hiyyyyyy Hiyyyyyy Hiyyyyyy Hiyyyyyyyyyyyyyyyyyyyy

Ok?

## Only One Is in the Divine Presence

As-salaamu `alaykum.
(Mawlana Shaykh stands.) Allahu akbar, Allahu akbar, Allahu akbar, la ilaaha illa ‘Llah wa-Llahu akbar, Allahu akbar wa lillahi ‘l-hamd! You only are the Creator, the Lord from pre-Eternal up to Eternal. No one is with you. No God except You, our Creator, Lord of whole Creation. No son for You, no partner for You. Everything, they are your creatures. O People! He is only One, our Lord!

Allah Allah, Allah Allah, Allah Allah, Allah Allah. You are Only One, and representing you one real deputy. No one knows when that one was in existence, but ‘la ilaaha illa-Llah’ was not alone and behind it was Muhammadan `abduhu wa habeebuhu wa rasooluh. That is real belief that may save you here and Hereafter. We are asking whole praising and whole glory granted from Allah to that one, Sayyidina Muhammad (s.) Stand up for his honor! (Mawlana Shaykh sits.)

O People! We are all imitated deputies, and only one crown prince for one king. Who is that? Even if a king has a hundred children, there is only one crown prince; they are deputies but actually, one.

O People! Try to learn. To learn is a heavenly order to whole Mankind. Everything is knowing; everything in existence are not dead ones. If dead ones, never saying Allah Almighty":

••••• •••• •••••• •••••• ••••••••• ••••••••••

wa in min shayin illa yusabbihu bi hamdih
There is not a thing but celebrates His praise. (17:44)

Everything is glorifying their Creator, Allah Almighty, and their glorifying can't reach to the Divinely Presence; may be prophets, awliya or angels. No one's glorifying can reach to the Divinely Presence. That is important. That means everything that is in existence are living ones. If they are not living ones, how they are glorifying? Can't be.

An atom is alive, a living one, but their lives different to the lives of some others. And no one knows the number of creation; no one knows their living and glorifying from every planet or every level of heavens. No one knows about those ones that are alive. And don't think that they are all glorifying their Lord in the same way. SubhaanAllah! Each atom's glorifying is different from the second one and no one knows the number of atoms, electrons or neutrons. SubhaanAllah! Those people who are researching about atoms, their eyes are closed, their eyes are not open. No opening! They have so much knowledge, perhaps hundreds of books about atoms, and they are never witnessing but they only may put theories, this and that. But no one is knowing the real being of an atom or electron, and they are saying the nucleus of an atom is perhaps forty different pieces. And each one has a private creation; private station, private condition for every one.

People who are reading about atoms are saying electrons have a negative power and nucleus has another kind of being. What they are looking and not seeing, they can witness and say that through nucleus of an atom perhaps may be more or less ten different pieces. Each piece representing only itself; and one hydrogen atom is not same as a second hydrogen atom. Each one has a special being, special existence, special identity.

They are so astonished, because it is only positive and negative, but when they are coming deeply their minds showing them something else that is beyond their understanding, it can't be so different?

What about for Mankind? Allah Almighty is Creator, and each one's glorifying (He made) is different. Billions, trillions, I am not saying billions, trillions of atoms; I am speaking now about billions and trillions of oceans, Power Oceans! Those oceans are under the hegemony of the Creator; He is creating that!

O People! We are not knowing anything. Now time is over. This planet is going to end and our Creator just

sent us so many prophets. You can't say on behalf of a real deputy, no. Allah is sending and His Absolute Deputy is only one, AHMED (s)! Therefore, his name just mentioned through Old Testament, New Testament, Psalms and whole heavenly books, and also the last heavenly book that reached to people on this planet, `azheemu-shaan, Holy Qur'an. That is just coming through the way of that one, the Absolute Deputy for Creation, Sayyidina Muhammad (s.) (Mawlana Shaykh stands.) And no one is knowing what the Seal of Prophets (s) is knowing; he is an ocean of Oceans! Whole oceans are taking their material from that one's ocean; and each ocean, no one can be able to reach its beginning or ending!

Therefore, Allah Almighty sending Jesus Christ, 'Isa (a) as a miracle, mu`jizah, without a father. People always using their balance. Who are you, and what is your balance going to scale? But people asking to bring heavenly understanding. They are not trying to reach heavens, but they are asking to bring from heavens some realities in front of them. They are foolish people. Do you think that for understanding Venus, for example... it is like a spot through space. What do you think if a person like Shaykh Saleem saying, "I must bring that one to me and to look." You may take that one in front of you to look at what it is, or you are going there? But people are so foolish ones. They are asking everything from spirituality to bring to their materiality for understanding.

Prophet (s) in his assembly always making people to be in Haalatu 'l-Bast (State of Joy). Therefore, this no-mind one coming beside me and taking, mashaa-Allah. Allah Almighty likes to make people happy but Salafi `ulama are very serious ones. What is your seriousness? You must be happy that you have been created, coming in existence, be happy! No-mind people. Ahmed also very important, all of us important ones. Huuu.

That is their position in our times. People are not understanding from spirituality. They are always asking a proof through their material beings. Can't be. How can you bring Mars here, to look at it? What is that foolishness? You may reach there and you may look and understand; not for Mars to come to you and you look what is in it. Like no-mind Chechyan one, "I am a very serious person." (Laughter) If people don't like to be enjoyful, what I can do? I am sending them to WC (bathroom) center, to be very serious there.

And Christians it is a yaqeen `ilm, knowledge of certainty, they are leaving that and trying to make something that even ants can laugh to them. Today people thinking that it is a holy day for Christians. That is their saying Christmas day. Never written through holy books. What they are doing this and saying "you are doing

theater. Making your religion theater." Every year, every year repeating. What you are understanding? Every year you are bringing St. George, who is that one, St. Nikolaus, Pai Nikola. I am sorry to say that even Muslims now are becoming so ignorant ones because they are running after westernizing. They are saying, “We must try to be like Western people.” I am asking, what is Western peoples’ honor, or ranks over “easternized” people, because you are not believing such things and making us down and making their theaters up. Jesus Christ did such a thing? No. But it is such a big blame for Muslims. I am looking everywhere, Muslims trying to be like Christians. They are trying to be like Christians and congratulating each other, “Happy New Year.” What is “Happy New Year”? What is this, where is it written: New Year; this is New Year?

The gospels of Barnabas, Luke, John, Matthew, and Mark are saying to do this? And finally, I am asking them, do you think you have four gospels? Do you think that just four gospels coming from heavens? Why you are not bringing to me Jesus Christ’s gospel? I am asking for that one. I am not asking for Luke, John, Matthew, or Mark. I am not asking for those gospels, but the gospel coming from heavens to Jesus Christ, where is it?

I am surprised that Muslim `ulama, particularly the Salafi `ulama, are not making a fatwa (judicial ruling) that those who are making this getting to be kaafir; man tashabbah bi qawmin fahuwa minhum, "who imitates a people is from them." Why they are not making a fatwa? And they are saying, “Shaykh is speaking from downstairs to upstairs.” No, what I am knowing I am saying to you. I am defending Holy Qur’an and holy books, but my speech style is different. I know what they are doing with their knowledge, but they are not knowing what I am knowing! I am knowing their powers, but they are not knowing my powers because they are saying, “We are something,” and I am saying, “I am nothing!” To be nothing is much more powerful than to be something!

The Last Days are approaching and this declaration is appearing through the Holy Qur’an and they are making me to come down to the first level for speaking. I know how to speak on higher, higher, higher levels, but it is not for me. I have been ordered to address people, to make them sometimes happy, and sometimes for thinking. I am not collecting money. They are collecting money. I am saying, “Take it with yourself to cemetery.”

O People, as-salaamu `alaykum! Use your mind for understanding, for reaching Allah Almighty's pleasure. If you are trying to make your Lord pleased with you, you should be pleased ones. If you are asking to give pleasure to your Creator, Allah Almighty, your life is going to be in pleasure. If you are trying to make the Lord of Heavens happy with you, then you should be happy here and Hereafter.

May Allah forgive us.

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Kareem Allah
Allah Allah, Allah Allah, Allah Allah, SubhaanAllah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah
Sultaan Sensin, Subhaan Sensin

Aslih shaanuna wa shaan al-muslimeen wa azhir sharaf habeebika, Sayyidi 'l awwaleen wa 'l-akhireen.

To be this planet enlightening, when heavenly lightening coming on this planet, no more crisis. Don't think that time economical crisis. Leave economical crisis, throw it into WC. Allah forgives us, and forgives me and blessing you for the honor of His most honored one, blessing me and you.

Fatihah.

They can make me to speak up to next Jumu'ah or next month or next year or up to end of this year, never finished. I am not knowing something, but when I am sitting here they are making me to speak. I am nothing.

Fatihah.

# ONLY THE CREATOR CAN CREATE

Allah Almighty created man and purposely put them on different levels so as to test them. Every time we have passed the test, we are given a further level. Just like there are exams every year in school to develop the student. In the same way we are also tested by the Lord Almighty Allah so that we may improve on our way towards the Divine Presence. That is the reason. It would be so easy for Allah Almighty to create all of mankind on the same level, but mankind needs to be tested.

The Holy Quran cites Allah Almighty in saying that He created us to see which one of us will be the best one, which of us will be the best in worship and the best in servanthood. That is why we have been ordered to be the best of his servants and to show the greatest charity towards each other. Nothing else! If you are able to fulfil that, then you are acceptable in Divine Presence. It is not a question whether you are with Cardinals, Popes, Archbishops, Patriarchs or Saints. No! The only question is which one of you gives most respect in servanthood to Allah in obeying his Orders and who will be best towards the others.

Without discipline life is not easy, it is full of troubles. Without discipline people will be troublemakers. Discipline makes them straight, to be good. But people want to be bad, they don't want to be good.

**The only way to salvation: Follow the steps of the Beloved! Or: Our way is from Allah to Allah!**

As-salamu alaikum wa rahmatullah wa barakatuh!
Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim.

This is an 'nasihat', advising. Our Grandsheikhs (are) ordering to me to make association with believers, with mu'mins. It is an order. When they are ordering, that means, they are supporting and controlling what we are saying. 'Ijazat', that permit, just granted from our Grandsheikh for advising through East and West, from North to South, and their 'ijazat', their permission, it is okay. Anyone may come! Everyone (is) needy to hear advise- from mankind and (the) beloved ones, whom they are followers (of) the steps of heavenly people that... I mean to say: they are first Prophets and then (those,) whom they are following the steps of (the) Prophets. Now (there are) no any other steps (to be followed), only (the) steps of S.Muhammad sws!

Once – Meded, ya Sayyidi, Destur!- the Seal of Prophets, (the) most beloved and praised servant of Allah Almighty, (the) most glorious one

in His divinely Presence... If you are asking: “Who is that one?” You must know! You must know S.Muhammad sws! Allahumma salli wa sallim ‘ala Nabiyina Muhammad alayhi salam, salatan tadumu wa tughda ilay, mamara layali wa tula dawam...

When the Seal of Prophet S.Muhammad sws he had been invited on the night of (the) Night Journey, (the) Miraj, coming from Mecca- Allah makes its honour more- just (he) had been taken from Mecca Mukarrama and (was) coming to Quds Sharif, Jerusalem, the third most praised place on earth. When he arrived from Mecca Mukarrama to Jerusalem, whole Prophets (were) welcoming (him). They were looking (forward to) his coming and they were, all of them they were expecting to reach much more honour and glory to be with him. They were welcoming (him) and the Seal of Prophets just he prayed two Rakaat for thanking to Allah Almighty that He granted to him such a glory. And with that glory he was coming from the Lords House, (the) House of (the) Lord, Mecca Mukarrama, coming to Jerusalem. And he prayed two Rakaat and whole Prophets (were) behind him. His Jamaat, 124.000 Prophets, they were getting behind him (in) their rows and (they were) praying two Rakaat for the honour that (was) granted (to) the Seal of Prophets S.Muhammad sws.

Therefore we are saying: Who is that one that (is) most glorified and praised in (the) divinely Presence? You must know the answer! That one was, is and... was and is now, up to... from pre-eternal up to eternal, he is S.Muhammad sws. He is that one, (the) most glorified servant in (the) divinely Presence- S.Muhammad sws! Yes!

We have been ordered to follow his steps. When the first Prophet, the Father of Mankind, S.Adam, was taken away from Paradise and landed on earth, he was crying and asking (for) forgiveness and asking to be back in Paradise. He had been said: “O Adam, you and everyone from your

children, who may step on the steps of My most glorious servant S.Muhammad sws: Who (is) following his steps, (he is) going to be in Paradise. If (they are) not stepping (on his steps), no one can enter to My Paradise!”

You must understand this! It is an important point to be said for mankind now in our days! Subhanallah! Now mankind, (the) whole world, (is) in biggest troubles, biggest problems, endless sufferings, endless miseries. Now mankind (is) in it! May ask... anyone may ask: “How mankind can be able to save themselves from problems, from miseries?”, and: “What is the reason (for that)? How they falling in that bad conditions, worst situation, terrible situation, terrible troubles, sufferings, and terrible miseries? What is the reason that mankind just fall in it now?”

I don’t think that through East and West or from North to South can be able to refuse what we are saying here! I am an ordinary servant who makes that declaration from East to West, from North to South, if they are asking to save themselves here and Hereafter! And the cause that mankind just fall in such a terrible conditions, endless troubles and problems, sufferings, (is), because they are stepping on (the) steps of Shaitan that Allah Almighty (is) saying: “O mankind, your most terrible enemy that (is) Shaitan that he refused My Order to make Sajdah to Adam!” Yes. It is clear, I think, what we are saying! No any Pope, no any Bishop, no any Patriarchy, no any Rabbi, no anyone can say (that) this is not true. If (anyone is) saying (this), up to morning (he) should pass away. We have now power!...

Yes, that is reason. It is well-known. Now what is the way that whole mankind may be saved from that terrible condition? (The) answer is that: Till these people that (they are) living now on earth (are) stepping the

steps of (the) most glorious servant of Allah Almighty and His divinely Representative S.Muhammad sws, they can't be able to save themselves! That is (the) reason, that is the way of saving themselves! No any other knowledge you are in need to know! (Only) this!

May Allah forgive us! As-salamu alaikum! Fatiha!...

Take this! Anyone asking, give this cassette to him to understand, who is speaking and what we are saying, what we are doing! We are not following any politician, no! Our way (is) from Allah to Allah! If they are accepting, accepting. (If they are) not accepting and asking to give trouble to anyone of our people, up to morning they should be passed away! Fatiha!

## On the bridge to another kind of life

This 2oth century is like a planting-ground for everything, good or bad ideas. And in the beginning, what is coming out of the ground is all looking the same, no one can know if that plant is just grass or a real tree... But when the 21st century is coming, all false ideas, all teachings of Shaitan, should begin to dry and die, like grass in the summer sun, and trees will stand up with greatness and continue to grow... Therefore now, they are cheating people with so many foolish ideas which look like the others. But don't occupy yourself with them. Wait and look, what is going to happen... We are worrying now about what is going to happen after 1999, and it is going to be a big change, because all nations, mankind, the Children of Adam, are trusting and depending on technology. It is for them like the main pillar which keeps the roof of their house up. The main pillar of the whole world is technology, and that pillar is going to be destroyed, or destroy itself- we are not shooting from outside, no- and the roof, the whole building, is going to fall down...

This is important to know... and you can imagine what is going to happen when technology is finished. It means that everything which you now call civilization is going to finish.. The whole civilization of the western countries, who are so proud with their technology, should fall very badly when technology dies, when that pillar, which is keeping their civilization up, is destroyed... You will not be able to move one step outside your home to bring something or to take something away; you won't be able to use electricity, you won't be able to

use water...

And these high buildings... who can fly six floors, ten floors, twenty, eighty, one hundred floors up? You must begin in the morning to reach up there in the evening. And it will be dark, you can't see who is facing you on the stairs... no security, no safety. The chaos which is coming after that foolish technology is terrible, horrible... millions are going to die. Where can they go? It is the middle of winter, the whole world is frozen, and no one can reach from one place to another easily. Where are you going to go? What are you going to do? No water reaching up, no electricity, no fire...

I am thinking that here, in Turkish Cyprus, our houses are so simple, there is no need for a lift. But, foolishly, in the towns they began to build high buildings, and they are from concrete- they are like an oven in summer and in winter like a fridge. How can you live like that? And people can't move three steps without their car, but cars will not be able to move- how will they go from one place to another? People are accustomed to live by pressing buttons. And water, that it is coming from three hundred to four hundred feet down, how will it come up? No electricity...

Therefore I am looking to move to places, where water is going to be nearby for using and drinking. The countryside everywhere is much safer and it is clean...

Man now is forced to come back to nature. 2oth century civilization made him run away from nature, fighting it, killing it with such foolish factories, wasting supplies foolishly. Now the Lord is punishing man... Enough! Oceans have died, what is that? For what? For quick, fast wasting of everything. That is the base of economics: fast supply, fast wasting. No more can nature supply foolish mankind now. Therefore Allah Almighty is going to punish them, so that people should save even one cup of water, and not waste it. This is coming in our time... To wash one cup they are opening the tap and wasting half a gallon of water, and ladies put so much detergent. They must learn...

You must look after this point everywhere: don't use high buildings, but come down and prepare simple houses for a simple life, and don't waste anything. You must learn and try to come back to nature, so that nature is not fighting you. As much as you are fighting nature, nature is fighting you back... When you make peace with nature, nature will help you in your life. Perhaps then that foolish illness, AIDS, will disappear...

Look at crowded cities everywhere. It will be impossible to live in them in the 3rd millennium. People must go out to the countryside, dig wells and use them. And you must not throw away the fat of animals, because from it will be made candles. No more electricity; you can't use lamps any more, no paraffin... Only torches, as before, burning and giving light. And fire-places should be used for cooking and heating inside. And you are going to wear and use your clothes much longer, not putting on a new dress every day or every week... Industry will be finished... You must think about it. This is important for everyone. If not, so many people are going to die... billions...
Even now, when sometimes they cut the electricity here for two hours or even only one hour, people go crazy. What about when it is cut for days and there is no hope for it to come back? If it is only cut for 1 hour we may have hope that it will finish, that it will be re-connected and come back. But at that time there will be no more hope for that power to come back again- finished. That is terrible... you won't be able to use anything. People, who built their lives on computers, TV, radio and such things are going to die, because they will have no more hope for coming days...

We have hope, we are believers; we know that this is only a bridge from one side to another. Materialism is going to finish and die, and we are passing on a bridge to another point of life. Who is reaching that second life of this world should find that another source of power is coming into action... Therefore we are not hopeless, but hopeful! Only for a short distance you must pay attention, so that you may pass freely through that valley. Everything depends on beliefs. Who doesn't believe, you can't make them believe. If they believe in spirituality through Islam, that will be useful for them. If they are materialist people, depending on material life and technology only, we will not use it on the other side, so there is no hope for them...

You are asking about your family and friends; they should carry many more difficulties in their life. My advice is to go to the countryside, where it is going to be more safe. Crowded places, cities, are going to be more dangerous. Don't be near military bases, navy, airforce; run away from them. You must have a well because life depends on water. Without water, no life... and keep some animals, so that you may feed yourself with them. Live in simple houses. Try to come to a simple, natural life, not using TV and any of those technological instruments, because they are going to finish. And you must keep everything with care, so that you don't waste what you have. Whoever wastes is going to finish...

When you are in the countryside you don't have to stay in the house all day. You may move around, as Allah

is ordering us to do... Don't go to big cities, there are so many problems there- robbers, countless shaitanic groups. Everyone who is entering their places and closes the door with: "Bismillahir Rahmanir Rahim" , should be protected...

There is a Hadith that there will come a time when the sun will rise from the West, come up to the midday-place and set, as it was rising. So that for three days there will be no sunshine. That will be the last point for people to repent, the last door, then it will be closed...

May Allah forgive us and bless you... Fatiha.

## Ordinary and heavenly rain

Destur, ya Sayyidi, ya Sultanu-l Anbiya, Destur, ya Sultanu-l Awliya, Meded, ya Rijalallah, aiduna bi madadikum! Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim... It is an association. We are asking from Allah Almighty to send us from His endless Mercy Oceans!

One day the Seal of Prophets, the most honoured one in (the) divinely Presence, S.Muhammad sws, he was coming home- (to) his holy, perhaps (the) holiest place on earth. Sayyidatana Aisha- Allah bless her- was coming and looking to (the) Prophet, like this making (touching his clothes)... and he was asking: “Oh Aisha, why you are doing this?” “Because there was heavy raining and I was worried about you, oh most honoured one, most beloved one in (the) divinely Presence, if you are (going to be) wet under that heavy rain.” And (the) Prophet was saying: “Subhanallah, Glory be to Allah!” (And she was saying): “I am seeing (that there is) nothing on you (and you are) not wet!” And Rasulullah sws, (the) most praised one in divinely Presence, was asking: “Oh Aisha, what was on your head that time?” She answered: “Your cover, your scarf I was putting.” “And this (was) making you to look and see something that belongs to (the) spirituality that is surrounding this world. Just (when) you were putting that scarf on your head, it was an opening for you to look and to see another kind of rain (that is) always raining on earth. It is true. It is not that ordinary rain that you are

knowing, no!”

(The) ordinary rain (is) giving life to (the) whole material world; (it is) even giving life to living ones on earth and (to the creatures) through oceans also. Some people may ask: “What is the benefit (that) clouds raining on sea, on oceans?” Everything (that is) coming from up (is) giving life; every atom is in need (of) heavenly Mercy to live and to continue their lives even through oceans. And just (it is) reaching to ourselves (the) traditional knowledge that Angles (are) bringing (the) rain from Heavens on earth. We are not philosophers to follow their foolish ideas that rain is coming from seas: (water is) getting up, evaporating...They are saying that (the) water (of the) seas is sending up from gas, and (it is) going up and being clouds and from (these) clouds (it is) coming (down as rain).

I am saying: “Ya Hu! You can carry one gallon (of) water? You can be able to carry it up and to send (it) around and (then) to send it down? What is that! How it can be?” And they are saying (that) a cloud that (is) carrying Rahmatullah, rains, a middle size or a small size (cloud alone) it is carrying 3oo.ooo tons of water! They are saying this, they are knowing and saying- and (then) they are saying this is coming up from oceans! How? No mind people! They are ashaming to say that: “Allah Almighty (is) sending rains! (It is) from Heavens coming; Angels (area) bringing it down!”

That rain is giving life to everything on earth that belongs (to) our material world: “Wa ja’alna mina mai kulli shayin Hayy.” The secret of life is through water; no water- no life.

And you (also) are coming from a drop of water; not a gallon (of) water, no, only one drop! (It is) another kind of water; it is not a solid thing, no, it is a kind of water also. One drop of (that) water (is) coming (to be) a person. Our physical being (is) just coming through that one drop of extraordinary water or most distinguished water on earth. Most distinguished water! Other waters (are) giving trees and plants life, but this is a special water that (is) making you to come into life and to be prepared to carry (the) heavenly Amanat, (the heavenly) Trust. Therefore it is another special and most distinguished water.

They are trying to find what is in it- they can’t see! They are making so any theories and saying: “DNA...” In Turkish ‘dana’; ‘dana’ means: the son of a cow, calf. “DNA”- Europeans can’t speak and (they are) saying: “DNA.” Our people may say: “Dana”. “You looked after your ‘dana’?” “Not yet I am entering through machine to look which kind of ‘dana’ I am coming from it...” (The) most special, most distinguished, the secret of your

personality, the secrets of your living physical body that it is commanded and directed and controlled through your unknown personality that it is not belonging to your physical being.

That rain, (the) ordinary rain, (is) coming for your physical being and everything on this material world (is) taking their shares (from it), shares of their lives, but it is not enough to continue the lives of people on earth. They are in need (of) some other kind of raining that can't be seen by ordinary eyes; it needs some extraordinary eyes that belong to our real personality through our hearts to look and to see. Whose hearts (are) closed (and) their eyes are blind through their hearts, they can't see! And that rain is for supporting (the) life of mankind on this planet and everything they are in need for that raining also. If (it is) not coming, (there is) no any energy to be reached to you through your eating and drinking! That special rain must rain to everything; everything must take their shares.

We are in need (of)- and we are asking from our Lord Almighty Allah to send us- some of His lions- that they are special; they have (a) special creation- to send (them to us) for directing everything on earth, because now everything (is) just passing away from their orbits and it is a dangerous direction; mankind (is) running faster and faster and faster on that bad end...

And we were beginning to say- they are making me to address to you for some occasion- that that raining also (is) coming on Prophets, on (the) top level, and also from Prophets' level (it is) getting more and more (down). Then, when (the Prophets are) passing away, their inheritors are going to be appointed for that Mercy Oceans' Rains, heavenly Rains. And always we are asking (for) a beloved one in His divinely Presence, to reach to him or he may reach to our meeting, our Jamaat, or gathering, so that these meetings are carrying much more from that special raining.

I am happy to say that Sheikh X. (is) coming today and I was happy that for his spirituality that rains (are) coming on us. Therefore today is just honoured with such a special servant. You saw him, you may recognize him, may be that you are knowing (him) only (as) Sheikh X. But may be his personality through the spiritual world just different and bringing power to our meeting. Therefore the value of meetings (is) according to attenders. (Among them) which one's himmet, aspiration, (is) going to be his high, (he) may bring much more (from that) divinely Rain on ourselves!

Therefore- Allah Allah, Subhanallah- Allah Almighty (was saying) through the Holy Quran: “Wa kunu ma’a sadiqin.” We have been ordered to ask (for) such people who are true with their Lord! To be with them, (so) that you may reach every moment a new refreshment from (the) heavenly Rains.

Now people all of them are all without life. Their lives are material lives and (the) material life is only like (the life of wheat on fields). 3 months ago (you were seeing that) everywhere was green (and) now all the fields they are dried (up). Only trees (are) keeping their greenliness, because their creation (is) just different.

And people also they are mostly like grass: For a short while they may be green, giving pleasure, and in a short time (they are) disappearing. But trees, their beauty, their life (is) going on. For grass you must renew their planting every year, but not for trees every year you are cutting and putting a new tree there, no! They are growing according to our situation, (and) it is enough. Therefore in Paradise trees (are) growing (and) getting much more brightened and giving much more pleasure to Paradise people. No need to renew (them), but (they are) growing and granting every time much more pleasure to people.

Therefore perfect mind people (are) asking to follow and asking to reach such people whose refreshment continues and (who are) carrying Mercy from Heavens. This is the reason that Allah Almighty is ordering: “Oh My servants, run to those people whose refreshment and Light (is) never coming less, but (it is) growing up! If you like to be happy here and Hereafter, follow that ones. Don’t ask every year (a) refreshment or shelter from grass; grass never continues their refreshment and they can’t shelter you, but trees (can)!”

Oh people! Now (the) whole world (is) in its most terrible days, as it is informed through (the) Prophets speeches and (as) their addressing (to) people; they were giving news for the Last Day, when (that time is) coming, what should be. It is written, but people (are) so foolish, even (in the) Muslim world (they are foolish even) more than others, (because they are) never opening that Book (the Holy Quran) that (in it) is signed (the) signs of (the) Last Day. And (they are) running (around) as a drunk person, to save themselves by themselves. (It) can’t be! (They are) not asking a heavenly ‘Shelter’, heavenly ‘Safety’, (they are) not asking: “Oh or Lord, save our souls!” No! (They are) running like foolish ones, crazy ones and drunk ones, heedless ones, asking to arrange the world and everything on it.

Every day (that) newspapers (are writing it and) that Shaitan’s box, TV, (is) showing and saying (that): (The) whole Dunya (world is) in (the) hands of terrorists! And if you collect them, (they are) not (going to be) more

than 1oo.ooo or one million (people). Everything, all are trembling (from fear of them). Why (you are) not running to good ones? If bad ones (are) threatening you, go and run to good ones that have power from Heavens! Terrorists may have power from shaitanic ways on earth, but true ones (are) supported from Heavens. Why (you are) not running to them?

(Events are) grinding them now! They should die (and) everything that they built on behalf of Shaitan should be destroyed! Everyone who (is) living for Shaitan should be taken away, (and everyone) who (is) living for Allah should stay and Allah should make them 'warithuun', inheritors on earth up to an appointed time- for (the) Last Day.

May Allah grant us that inspiration to run to good ones! Yet people (are) not running (to find good ones), (yet they are) not asking true ones and good ones. Yet (they are) running from one bad one to another worse one!

May Allah give us and protect us for the honour of the most honoured one in His divinely Presence, S. Muhammad sws, Fatiha

## The Ottomans & The Victory of Islam will come

Bismillahi r-Rahmani r-Rahim. The time now is the End times. And since the appearance of Islam, all the way to year 1923 there was Ulul-Amr-Sultans of the Islamic World, those who kept Shariat. And, who was the strongest of Ahlu Sunnah wal Jamaah was the Ottoman Dynasty, may paradise be their abode. There was none among them on corrupt ways, all on Ahlu Sunnah wal Jamaah. Now it has been 90 years that the Caliphate was abolished. The era of tyrants began. The Sultans were deprived of their Sultanate. In their stead, a lot of things of mushroom type started appearing.

Our Prophet's (sas) Hadith... Ya Sayyidi ya Rasul Allah, We ask for your affection & intercession. I ask for your Heavenly Support to say these few words, O Sultan al Awliya.What should we do now? The Islamic world is in a miserable condition.Muslims are in a miserable condition. As our Prophet (sas) informed us from the unseen: "Wa min ba`d al-muluk - After the kings will come tyrants". He stated clearly in his Hadith, with the power of prophethood, that after Sultans will come tyrants - who have no religion, faith, good manners, honour, virtue but instead have all kind of dirtyness - such a tribe will come. These will try & work to destroy Islam. Yes, this type of man came to all Muslim countries.

But the Holy Companions (sas) asked: "O Prophet of Allah, will they hold the power over the Ummah until the Day of Judgement? "No, thumma lil-tarakhi". What does 'tarakhi' mean? Then, after some time. "Yakhruju rajulun min Ahli bayti - Then will come a man from my family". Tanween (n sound in the end) is

for tazeem-praising: "Rajulu-n". It shows his magnificience - A man from the pure line of the Prophet (sas) will come to this world to defeat these tyrants, a powerful, high one, who is Sahib ul-Diyanah - the Owner of Piety, Sahib ul-`Adalah - the Owner of Justice, Sahib ul-Karamah -the Owner of Miracles, such a person will come, it is said.
"Kulli amrin fi waqtihi marhuun - There is an appointed time for everything. And now.. what did they do since 1923? The tyrant appeared (in Turkey). After him in Sham, after that in Baghdad, after that in Egypt, after that in Libya, after that in Balkans, after that in Iran, after that in Afghan, after that in India, China.. These have appeared. "Kulli amrin fi waqtihi marhuun- Everything appears in its appointed time". Now the time of tyrants is over. Now these unbelivers & oppressors who are called tyrants will be defeated. Thay have filled the whole earth with oppression. After them, a person- "He will come from my family, from my Sulala at-Tahira - pure Generation. And he will fill the whole world with justice & mercy".

It has been 90 years from 1923 to now. This continues for 90 years. There is a time appointed for everything. Now, who is expected is Hz Mahdi (as). But before the appearance of Hz Mahdi (as) the order to the saints now: Give the true owners, their rights. Now, the Ottoman Sultans who had been the protectors of Ahlu Sunnah wal Jamaah & who carried the flag of Islam for 700 years, they will take their rights now. Allah Almighty will grant them. But of course, it is not something that these traitors can accept & digest easily. What is it that they are trying to do, that they even expelled the nursing baby from their land (Istanbul)?
O you low ones! The Conqueror, Mehmed II, took over this land with his sword. How can you insult his grandsons this way? Of course it is not an easy matter to find the heir to this Sultanate. You know - O our Lord, with Your Order.. Surely such a zuhurat-appearance may take place this year. Investigate on this, invastigate on this person too. Because there is no crown prince left in Turkey from the male-line. Sultan Selim received the Holy Relics from Egypt. Sultan Selim again will present them to Mahdi (as). He will come to Istanbul, he will welcome him. It will be again Sultan Selim, it says. May Allah show us these days, too. We can be saved from these musty, dirty, communists and faithless, atheist democracies like this, by him. The time has come, it will be saved. The Divine Help will reach you. If our way is Haqq, Help reaches us. Is it not so, Hj Mehmed? Alfu alfu salat alfu alfu salam ala Sayyid al Awwalin wal Akhirin. Sayyidina Muhammad wa Ahlihi wa Sahbihi ajmaeen.
Fatiha. I am tired. I got tired but He allowed me to say this, Alhamdulillah. This will happen. Umm Haram Sultan Hz can destroy whole world. Masha Allah, still.. Fatiha. Madad. One can't come close. There are so

many jinns there, they can hit! If one of them comes close there and enters at night, I may show them! If I appear to them, it will be very different (strong). How is this?

**Die Osmanen & der Sieg des Islam kommen**

---

Bismillahi r-Rahmani r-Rahim. Die Zeit ist jetzt das Ende der Zeit. Und seit dem Erscheinen des Islam bis hin zum Jahr 1923 gab es Ulul-Amr-Sultane der Islamischen Welt, die die Shariat einhielten. Und am stärksten unter den Ahlu Sunnah wal Jamaah war die Osmanische Dynastie, möge das Paradies ihr Aufenthalt sein. Niemand von ihnen ging auf verdorbenen Wegen, alle auf Ahlu Sunnah wal Jamaah. Jetzt sind es 90 Jahre her, seit das Kalifat abgeschafft wurde. Die Ära der Tyrannen begann. Den Sultanen wurde ihr Sultanat aberkannt. An ihrer Stelle begannen viele Dinge wie Pilze aus dem Boden zu schießen. Der Hadith unseres Propheten (saws)... Ya Sayyidi, ya Rasul Allah, wir bitten um deine Zuneigung und Fürsprache. Ich bitte um deine himmlische Unterstützung, um diese paar Worte zu sprechen. O Sultan der Awliya, was sollen wir jetzt tun? Die Islamische Welt ist in einer elenden Lage. Die Muslime sind in einer elenden Lage. Wie unser Prophet (saws) uns aus dem Unsichtbaren mitteilte: "Wa min ba`d al-muluk" - Nach den Königen kommen die Tyrannen. Er legte in diesem Hadith mit der Macht des Prophetentums deutlich klar, daß nach den Sultanen die Tyrannen kommen, die keine Religion, keinen Glauben, kein Benehmen, keine Ehre, keinen Wert haben, sondern stattdessen alle Arten von Schmutz. So eine Sippschaft wird kommen. Sie werden versuchen, den Islam zu zerstören. Ja, diese Art Mensch kam in alle muslimischen Länder. Aber die heiligen Gefährten fragten: "Prophet Allahs, werden sie die Macht über die Ummah haben bis zum Tag des Gerichts?" "Nein, thumma lil-tarakhi". Was bedeutet 'tarakhi'? Dann, nach einer Weile, "Yakhruju rajulun min Ahli bayti" - Dann wird ein Mann von meiner Familie kommen. Tanwiin ('n'-Laut am Ende) steht für taziim, Lobpreis: "Rajulu-n". Es zeigt seine Pracht - Ein Mann von der reinen Linie des Propheten (saws) wird in diese Welt kommen, um diese Tyrannen zu besiegen, ein mächtiger, hoher, der Sahibu l-Diyanah, Eigner von Frömmigkeit, Sahibu l-`Adalah, Eigner von Gerechtigkeit, Sahibu l-Karamah, Eigner von Wundern, ist. So jemand wird kommen, heißt es.
"Kulli amrin fi waqtihi marhuun" - Es gibt eine Zeit für alles. Und jetzt... Was haben sie seit 1923 getan? Der Tyrann erschien in der Türkei. Nach ihm in Sham, danach in Baghdad, danach in Ägypten, danach in Lybien, danach auf dem Balkan, danach im Iran, danach in Afghanistan, danach in Indien, in China.. Diese sind

erschienen. "Kulli amrin fi waqtihi marhuun" - Alles erscheint zu seiner festgelegten Zeit. Jetzt ist die Zeit der Tyrannen vorbei. Jetzt werden diese Ungläubigen und Unterdrücker, die Tyrannen, besiegt. Sie haben die ganze Welt mit Unterdrückung angefüllt. Nach ihnen "Er wird von meiner Familie sein, von meiner Sulala t-Tahira, meiner reinen Generation. Und er wird die ganze Welt mit Gerechtigkeit und Gnade füllen. Es sind 90 Jahre seit 1923 bis jetzt vergangen. Dies hat sich 90 Jahre fortgesetzt. Es gibt eine festgelegte Zeit für alles. Jetzt wird Hz. Mahdi (as) erwartet. Aber vor dem Erscheinen

von Hz. Mahdi (as) ergeht jetzt der Befehl an die Heiligen: Gebt den wahren Eignern ihre Rechte. Jetzt werden die Osmanischen Sultane, die Schutzherren von Ahlu Sunna wal Jamaah waren und die Fahne des Islam 700 Jahre lang trugen, ihre Rechte nehmen. Allah der Allmächtige wird sie ihnen geben. Aber natürlich ist es nichts, was diese Verräter akzeptieren und leicht verdauen können. Was versuchten sie zu tun, daß sie sogar den Säugling aus seinem Land (Istanbul) vertrieben? Ihr Niedrigen! Der Eroberer, Mehmet II, nahm dieses Land mit dem Schwert ein. Wie könnt ihr seinen Enkel auf diese Weise beleidigen? Natürlich ist es nicht leicht, den Erben dieses Sultanats zu finden. Du weißt es, unser Herr, auf Deinen Befehl hin.. Sicherlich kann so ein Zuhurat, Erscheinen, in diesem Jahr stattfinden. Untersucht das, stellt auch Nachforschungen nach dieser Person an. Denn es gibt keinen Kronprinzen mehr in der Türkei von der männlichen Linie. Sultan Selim erhielt die Heiligen Reliquien von Ägypten. Sultan Selim wird sie wieder Mahdi (as) übergeben. Er wird nach Istanbul kommen und ihn willkommen heißen. Es wird wieder Sultan Selim sein, heißt es. Möge Allah uns diese Tage auch zeigen. Wir können gerettet werden vor diesen miefigen, schmutzigen Kommunisten und glaubenslosen, atheistischen Demokratien, so, durch ihn. Die Zeit ist gekommen. Es wird gerettet werden. Die Göttliche Hilfe erreicht euch. Wenn unser Weg Haqq ist, kommt Hilfe zu uns. Ist es nicht so, Hj. Mehmet? Alfu alfu salat, alfu alfu salam, ala Sayyid al Awwalin wal Akhirin. Sayyidina Muhammad wa Ahlihi wa Sahbihi ajmaiin. Fatiha. Ich bin müde. Ich bin müde geworden, aber Er erlaubt mir, dies zu sagen. Alhamdulillah. Dies wird geschehen. Umm Haram Sultan Hz. kann die ganze Welt zerstören. Masha Allah, und doch... Fatiha. Madad. Man kann nicht nahe kommen, es sind so viele Djinn hier. Die können schlagen. Wenn einer nahe kommt dort und nachts hereinkommt, zeige ich es ihnen! Wenn ich ihnen erscheine, wird das sehr anders. Wie ist das?

## Only Our Charity Protects Us from Heavenly Curses

Yaa Rabbee! Dastoor yaa Sayyidi, madad. (Mawlana Shaykh stands)

Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Rabboon Allah
Allah Allah, Allah Allah, Allah Allah, `Azeez Allah
Allah Allah, Allah Allah, Allah Allah, Subhaan Allah
Allah Allah, Allah Allah, Allah Allah, Sultaan Allah!

Allahuma salli wa sallim ‘ibaadullah wa habeebika Sayyidina Muhammadan, Sayyidi 'l-Awwaleen wa ’l-`Akhireen. Zidhu yaa Rabbee `izzan wa sharafa nooran wa surooran wa ridwaanan wa sultana. Thumma salaatu as-salaamu ‘alaykum `ala jami`il anbiya wal-awliya khaasatan Qutb az-Zamaan, Imaam az-Zamaan, Saahib az-Zamaan, Mahdi `alayhi salaam. Allahuma yaa Allah ... yaa Rabbi 'l-`Alameen! (Mawlana Shaykh sits)

O our Attenders! As-salaamu `alaykum, As-salaamu ‘alaykum yaa 'ibaadAllah as-Saaliheen. Tooba, high good tidings for those among `ibaadAllah as-Saaliheen, “Righteous servants of Allah.” May Allah Jalla Jalaaluh

grant us to be with His good servants! That is the last request to Allah Almighty that we shall ask from our Lord, to be with good people. Our last target, and everyone's last target, must be to be with good ones. O our Attenders! Are you thinking about that point or not? For 24 hours we are running, going, coming, working, spending our valuable lives, valuable days and hours, that keep passing away and are never coming back.

O our Attenders! As-salaamu `alaykum. Are you thinking even once throughout the 24-hour day about being a good one? Say, a`oodhu billahi min ash-Shaytaani ‘r-rajim. Shaytan is the most terrible enemy, who is never leaving you or anyone to think about their positions for even one minute, "O myself! O `AbdAllah! Are you thinking even once in 24 hours, ‘Am I trying to be a good one?'"

O Salafi `ulamas! What is your opinion; are you thinking daily even for one minute, "Am I a good one?" or are you thinking to be with good ones, or that in the Heavenly Presence is it said for you, "O My good servant!" Are you thinking about this, because they are asking everyone. We are saying, Bismillahi 'r-Rahmaani 'r-Raheem. (Mawlana Shaykh stands) O our Lord! That is our sign of servanthood, to stand up and say, "Bismillahi 'r-Rahmaani 'r-Raheem! O my Lord! I belong to You, I am working for You, I am spending all my effort for Your pleasure!" When you are alone, you may ask this point, particularly those servants who have been granted to be kings or sultans or ameers or jalaalatu 'l-malik.

O our Salafi `ulamas! Are you reminding people, even weekly? It is necessary to remind people daily, to say, "O Muslims! Are you thinking to be a good one?" That is the highest point of our good targets, or we may say, the best target for everyone: "I must be a good servant," or, "I must be a good one." How to know if you are a "good one"? Listen to what people are saying about you. Don't say about yourself, "I am a good one," no. What are people saying about you? Listen, if they are saying, "Jalaalatu, His Majesty, the King is a good king. Jalaalatu 'l-malik, among others, is the best one. He is not just a good malik, but he is the best one." For what reason are they saying this? Qul haatoo burhanakum, “Say to them, ‘Bring forth your proofs!’” that people may say His Majesty, the King, or Jalaalatu 'l-malik, is a good one. Give your proof! What good deeds did he do? Allah (swt) granted them a big chance, billions or trillions of coins or money, but what good deeds did they do? Where are their charities? Charities are showing that a person is a good one, because charities are for common people.

Allah Almighty is granting them a chance and is granting them heaps of coins, granting them millions or

billion of paper money or high buildings. What are these high building for? O shaykhs, say! To be in musaabaqah, competition with others.

•• ••• ••••• •••••• •••• ••• •••••• •••••• •••••• •••• ••••• •••••••• •• •••••••

Yatataawaloona fi 'l-bunyaan, “will build tall buildings.” Do you know the ahadeeth?

O Salafi `ulamas! fa dhakkir, "Remind them!" Say, umaraa and mulook! That is a holy hadith of the Seal of Prophets (s), "When the Last Days are approaching, people's main talab, request, will only be to have high buildings." What are they making them for? So their names will be written as good ones! That is trouble for Mankind. For unbelievers, it may be normal to run after dunya, but for mu'mineen that is not right, to run after dunya; they must run after pleasement and pleasure, to make their Lord pleased and happy with them. That is al-ghaayah, “the final goal.” Ghaayah means the highest point that a person is asking to reach. But their highest target is to make their egos pleased and in pleasure. No one is building such Nimrod towers for Allah (swt), but they are building them to make their egos happy and proud with high buildings.

How can we say they are good ones and they are doing good things? If they are writing that huge building as a good deed, (it will only be so if) everything in that high building is made for the sake of the ummah, for the nation of Sayyidi 'l-aawwaleen wa ’l-aakhireen. If they shoud say, “We are not taking any money from that. Everything coming from it we are making a waqf, charity, for ummatee Muhammad.”(Mawlana Shaykh stands) Then the angels are praising, "Long life and glory for you, O our Lord's servant!" (Mawlana Shaykh sits)

O Salafi `ulamas! Why aren't you saying such a thing? Leave big people and short-understanding people and what they are doing. Don’t say, “You are doing bid`a, haraam, shirk!” Leave them, and run after your muluk and ameers to remind them, they have been granted from the Lord of Heavens an unlimited opportunity to do their best for His servants! Therefore, O Salafi `ulamas, don't fear (telling them the truth), but fear what Allah Almighty is saying! (Mawlana Shaykh stands)

•••••••••••• ••• ••••••• ••••••••••••

Wa attaqoonee, yaa 'ulee al-albaab. So fear Me, oh people of understanding! (al Baqarah, 2:197)

(Mawlana Shaykh sits) Allah Almighty is saying, “Your fear must be only of My Mightiness.” Fear Him, the Mighty!

O Salafi `ulamas! You know so many curses are raining on people. You know it! Which thing is protecting you from this rain of curses? Say, do you know or not? Only one point, one thing may prevent or shelter you from heavenly cursing rains. What is that? Say! Do you know? That is the important point and they are asking you and everyone to know how to be sheltered from heavenly cursing, here and Hereafter. There is only one word, but you are not remembering it. Ma`roof! Amar bi 'l-ma`roof, “good deeds.” Only this is protecting, nothing else! Listen to what they are saying to me!

O Christians! O Jewish people! O Muslim nations! Here and Hereafter, if you are asking protection the only protection or shield for you is `amar bi 'l-ma`roof; good deeds sends everything away from you that brings punishment. It makes you a person who can taste from countless pleasures, countless ni`mah, heavenly favors that reach you. There is no other shelter except this shield, which protects servants from heavenly revenge!. Amar bi 'l-ma`roof, say it,`ulamas! Say, Azhar ash-Shareef shaykhs and doctors of Shari`ah! Say this point; it alone is enough. If you are saying this to all nations, it is making this life like a paradise, but you are not saying! Say, "O people, try to do as much as possible of goodness, ma`roof, charities. And it is a holy month. Do it!"

O Rich and Powerful Ones! Give more and more, and prevent yourselves from heavenly revenge, because one day you are going to be alone under the Earth and nothing can help you then, either here or Hereafter, except your charities! Therefore, we began by saying, are you thinking daily, "Am I a good one?" If so, then ask yourself, "Bring proof that you are a good one. What good thing did you do that you are claiming to be good?” Perhaps you are only asking your ego's pleasure, but you are not asking for the pleasure of common people. How many people today did you make happy? Why are you saying, “I am a good one," and you are making heaps of gold and billions of paper money. For what? For saving them. And on the Day of Resurrection, how many people will be a witness against you, saying, "This person collected and saved only for himself, and did not use it for others or even for himself! O our Lord! Take our revenge from him!" And those coins, as mentioned in holy ahadeeth, will be like coins of fire coming on their bodies!

Allah! Yaa Rabbee! Tawbah yaa Rabbee! Tawbah, astaghfirullah! Tawbah yaa Rabbee, tawbah yaa Rabbee, tawbah yaa Rabbee! O our Lord! You are ordering, but we are not hearing. So many chances are coming in front of us and we are losing them.

O our Attenders! From common people and from high-level people, may Allah forgive us for the honor of the Seal of Prophets, Sayyidina Muhammad (s)! (Mawlana Shaykh stands and sits)

Fatihah.

(38 minutes)

(Mawlana Shaykh speaks with Shaykh Hisham Effendi and Hajjah Naziha on the phone.)

(Mawlana Shaykh prays two raka`at Salaat ash-Shukr.)

Lefke, 26.08.2010

## Our conscience is from Heavens

We must choose our Lord's pleasure. If we listen to our conscience, we can know goodness from badness, Halal from Haram. Our conscience is from the Heavens; it is always right. There is no such thing as a sick conscience, but sometimes we put such a heavy load on it that we are unable to hear its cry. Therefore, we must make an intention to always listen to our conscience. If we do this, Allah will give our conscience more power. Our conscience gives us good signs- don't try to fight against it. Don't try to justify bad actions. It is wrong. When Allah is not pleased with a man's actions, he makes all favours for that man Haram, in this life and in the next.

Do not imagine that Allah Almighty is waiting for your prayers, your fasting, your covering your heads or your dressing in islamic clothes, no. He is looking to your hearts to see if they contain an atom's weight of sincerity, and only if He finds that sincerity does He accept anything from you. None of your actions are, of themselves, pleasing to your Lord if they are not motivated by sincere intentions.

## Our ego - the representative of Shaitan within us

As-salamu alaikum!
Shukr, ya Rabbi, Shukr, ya Rabbi, Shukr, Alhamdulillah,
Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah!
Audhu bi-llahi mina shaitani rajim,
Bismillahir Rahmanir Rahim,
La haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Adhim!
Meded, ya Sultanu-l Awliya! Meded, ya Rijalallah! Aiduna bi madadikum!

Welcome to you once again! We are hoping to be greeting by Angels the Day of Resurrection, to be said: “Welcome, o good servant!”
Everyone is servant; Shaitan also (he is a) servant. Can’t be- everyone is servant- but (he is a) bad servant. Who (is) following heavenly Orders, following Prophets, they are trying to be good servants. But (that) bad servant- that Shaitan- (he is) asking to make people, all of them, bad servants. And he is trying from the time of Adam- puh- up today; trying, never tiring, never retiring, never sleeping, never

resting, and his importance (is) to make people bad servants.

Who is helper for Shaitan? Your ego! Your ego is Shaitans assistant! Shaitan (is) saying: “Ohhh, I have so many assistants, I am using them!” Mankind they are thinking that they are something- as Pharaoh was saying: “Ana Rabbukum ‘ala!” Pharaoh was saying: “Oh people, I am your Lord and I am your most important God that you are praying and following them”, because Egyptian people they had so many imaginated gods. So many! They are praying to them, bowing to them, and giving their high respect to them, even they were making (them) their idol, yes! Pharaoh (was) saying: “No, I am not (like an) ordinary one that you are bowing to them- I am over, I am the most high God for you!” Same characteristic just going to be with everyone!

Everyone they have ego, nafs, through themselves that (is) ordering to them. That is not outside, looking to you, no, your idol (is) sitting through your heart and (is) using you! As now computer or internet, playing people... Shaitan (is) making your ego your idol, as his computer or internet... spreading Shaitans internet through East and West...
As (the) telephone... this (is) controlled by someone! You now that? No! You are using this, but you are not thinking that it is controlled by someone! Anything that you are asking, (it is) answering, because you (are) under his control!

Don’t say: “How (it) can be? One that you are saying it is Shaitan (is) controlling (the) whole mankind?”
And I am saying: “Why you are asking such a foolish question? Just you made an instrument, it is now telephone, and (the) whole world (is) under that ones control!”
There is a big computer- they are saying, over the earth, up. From there (its commands are) coming to you and (the phone is) ringing and (you

are) saying, quickly saying: “Hello, who is there? “
“George Bush!”
“How can be? I was asking Pope!”
“No, what we are opening to you, (you) must speak to that one.”
“But I am asking someone else!”
“Just a moment! Shut down and I am making (a) speaking, a line for you to (the) Pope!”...
Then: “Yes, Sir!”
“Who is speaking?”
“You don’t know who am I?” Never...
“I am that one controlling whole world its speeches or speaking through themselves. I am over you, I am the controller!”

Yes!... A man just making such an instrument, and controlling whole mankind now Shaitan. Shaitan (is) much more powerful than our ego and Shaitan he may be in a... anywhere! And without touching he may reach to you as well as to everyone from mankind!

He has such an authority, because he is authorized; from beginning the Lord of Heavens (was) authorizing him, saying: “As you like, to make My servants not to be My servants, you are free. Who is following you, may follow you- you and them all of them, I am sending all of you to Hells! Go, Shaitan!” From Heavens (the) ‘hitab’, (the heavely) addressing (was coming): “Don’t think that your Lord (is ever) going to be winned! Your Lord always (is) victorious! You are thinking that you can be able to carry whole mankind after you to Hells, but I am the Lord of mankind- as well as for every creation- you can’t do anything! You should be tired, you are going not to be rest, running after everyone to make them to follow you! I gave that authority to you; whom they are listening to you, carry them!”

Therefore Shaitan's representative through yourself it is your ego and Shaitan (is) addressing to your ego, not to you- and saying: "Look, try to make everyone from people of Hells; what you need, I may send to you!" Therefore Shaitan he is so happy to make such a power, reaching to everyone from mankind: (he is) putting one representative through everyone, through yourself, and that (is) controlling you and saying to you: "Do this, don't do that!" According (to) shaitanic waves, orders (are) coming to you and you are saying: "Yes, o my commander, I am fully obedient to you, what(ever) you are saying!" And that is the way of Hells!

(The) first one and (the) first cursed one is Shaitan, because he said to his Lord: "No, I am not bowing!" Therefore, everyone whom they are not bowing to their Lord, they are also one Shaitan and they are cursed ones! Beware, o people, what (is) coming to your heart through your ego! (Your) ego (is the) representative of Shaitan and also (the) first servant to Shaitan! Therefore they are going to be bad servants...

Prophets (were) coming and calling them to be good servants, but they were saying: "No, we have our Lord, our Lord; we are waiting for our Lord, we are not following your Lord!" Just now people on that line! As much as you can call man to come the line of obedience, the line of servanthood, they are saying: "We are not in need, we are not believing in you!" "To whom you are believing?" "I am believing what inside my heart (is) saying to me!"

They are all bad servants and cursing (is) coming on them! Anyone that (is) working for Shaitan, that is (a) bad servant. Good servants (Are those) whom they are following Prophets.

Now (the) whole world they are working for Shaitan! They are saying: "Democracy", they are not accepting Holy Books, they are not accepting

Holy Orders, (the) Holy Commands from Heavens. They are saying: “We are voting and we are electing for our people”- whom they are followers 1oo% Shaitan- “We are making a Parliament and we are doing our orders and we are trying to make people to be obedient to our orders.
And we are following (the) true way, we are not believing (in) your ways!”
Now (the) whole world (is saying): “Parliament, Democracy... Parliament, Democracy!...” Everywhere now troubles, endless problems and that is a punishment, the result of cursing (is) beginning to appear!...
Understanding, X., or sleeping?...

(In the) Muslim world also they are following (the) shaitanic advice.

They are saying: “There is election in Asia, election in Syria, election (in) Iran...” Eh, whom they are here, our first class Muslims, they are saying, the first class Muslim: “What is Parliament?” “Parliament that making laws.”
“Allah (is) sending His heavenly Laws and Orders- what you are sitting there? How you are Muslims? You never be Muslim!” Cursing (is) coming on them! Turkey (is) making election... (In the) Non-Muslim world everywhere
they are saying- they are never following Holy Books- they are making Parliaments, making elections, making so any parties... Workers party!”
We are saying: “What is that, workers party? What they are doing in Parliament?”
“They have also a right to be MP!”
“They are leaving axe and shovel and coming to Parliament? Worker, what doing in Parliament? Worker party!”
“Not worker, Labour! Ya Sheikh, correct your word! They are not workers, labourer, and they are working!”
“Labours, what they are doing in Parliament?”
“O Sheikh, you must know this, that we have rights to be government and governing.”

“Ohhh, idiot ones! If you are giving... there is a big aircraft in America- Roosevelt or Eisenhower or Bush? Big aircraft!... If you are making an election on aircraft and saying: ‘Who is going to win must be commander on aircraft’, what it should be? Heh? “Anzilu nas man naziluhum”; that is important! The Lord of Heavens was

saying to His most beloved and praised servant, S.Muhammad: “O Muhammad, say to your nation that you must put everyone on their own places!” Don’t put chairs on the heads of people; don’t put shoes through the pockets of people; don’t put (the) crew in (the) captains place! (The) captain put the place of captain, (the) servant put on his servanthood!

Don’t say: “We selected”, you can’t select, you can’t elect, no! Must be- therefore from beginning there is two lines: (the) line for (the) Prophets, (the) line for (the) Kings! That is (a) good governing system or best governing system that Allah Almighty (is) saying: “That line (is) going to be for Kings, Sultans, that line (is) for Prophets!” Therefore you can’t find any Sultan not to be from that line, all of them (are) from that line!

(There were) 12 tribes of Israel; one of them, the first line, is (the) line of Prophets. (The) second most important (line is the line of the) Kings that they should be able to govern people. You can’t bring a worker or a labour to be Sultan, to be King, no! Noble people; they have been granted something for that purpose!

O people! From the time of 1789, (the) Big French Revolution, that (is) bringing them, up today, to govern everything in France... they were so happy that they brought ‘freedom’ to nations, now they are crying and surprising, astonishing: “What we can do now?” Daily can’t reach police forces to people to stop them from doing bad things, because (there is) no King, (but the) elected!... People (are) saying: “As you have right to be (the) head of state, I am also!” That is quarrelling! Shaitan (is) making that parties to quarrel (with) each other and to be cursed.

No, true! Say, show to me! In Pakistan, Pakistan also; you are so happy people, claiming ‘We are first class Muslims”, killing each other! For what? For nothing! Not for nothing, (but) for Shaitan! Then they are

claiming that “Pakistan, that clean, clean country!” For what? That is clean that (the) blood of people (is) running on streets, making dirty streets? Men and women (are) running on streets and shouting... O Pakistan people, you haven’t mosques to go and ask from Allah Almighty? Why (you are) running on ways, (on) streets, and (you are) quarrelling, fighting with each other, fighting with immigration powers, police powers? That is (what) your Shairat (is) saying? Holy Quran like this (is) saying? And you have so many ‘Maulana’, ‘Maulana’, ‘Maulana’... full Pakistan also (with ‘Maulanas’) and they are claiming: “We are (the) most learned people”!

Not most (learned)- (but) worst learned people! Worst, not best, most, no! Iran- same, they are also... Doing something that it is no good for them and for whole mankind! Yes, they may quarrel with one big state and a war (is) beginning, then that war (is) firing and burning everywhere! Who (is) giving to you that authority? Shariat (is) saying this? No! They are not knowing Shariat!

Turkey, Iran, Pakistan, Arabistan, Egypt, Libya- (they are) not knowing Shariat, not keeping Shariat! They are following ‘Democracy, Parliament System’. No Parliament System in Islam! Islam, they have only one Sultan and his Orders (are) Orders as (the) Orders from Heavens! Yes, Sir! Sheikh X.! Say: true or no!... Sudan people- Democracy! Abyssinia- Democracy! Somalia.... What is this? This is coming from Heavens? No one (is) saying (this), (they are) fearing from Shaitan! Why you are fearing from Shaitan? Say truth! May Allah forgive us!

O people, try to be good servants and goods servants (are those) whom they are following (the) Holy Commands from Allah Almighty, not anyone else! No Parliament System in Islam! No new laws in Islam! Islam just brought everything in its perfection!

“Al yauma akbalta lakum dinakum!” Allah Almighty (is) saying: “Just I sent to you My Shariat; it is (the) most perfect rules for mankind! If you are not going (to listen), My Revenge (is) coming on you!” May Allah forgive us!

O people, come and accept Truth or people (are) going to finish!
Therefore from five (people) four (are) dying and one (is) living now!
Armageddon (is) coming!... (The) Biggest War, Merhamet Kubra, (is) coming!...
Ya Rabbi! Tauba, ya Rabbi, Tauba, ya Rabbi, Tauba, Astaghfirullah!
Say: “O our Lord, we are on (the) wrong way, please send us (someone) to show us Your Right Path to follow!”

For the honour of most honoured and praised servant, S.Muhammad, sws, Fatiha

## Our Hearts Are Locked

Allah Allah, Allah Allah Allah Allah, Aziz Allah Allah Allah, Allah Allah Allah Allah, Karim Allah Allah Allah, Allah Allah Allah Allah, Aziz Allah Allah Allah, Allah Allah Allah Allah, Sultan Allah ...zid habibika izzan wa sharafa nuran wa surura, ridwanan wa sultana Ya Sayyid al Awwalin wal Akhirin, ishfa'lana, ishfa'lana, ishfa'lana Madad ya Rijal Allah... Allah Allah, Allah Allah, Allah Allah, Oh, we say: audhu Billahi min al shaytan al rajim Bismillah al Rahman al Rahim.

Assalamu alaykum those present and those in absentia, who are attending for listening to something. I am also asking forgiveness and blessings from the Lord of Creation. Asking intercession, from the one who is, our Lord's most honoured, most beloved, most glorified one, in His Divine Presence, Sayyid al Awwalin wal Akhirin, Sayyidina Muhammad (sas), zidhu Ya Rabbi izzan wa sharafa, nuran wa surura, ridwana wa sultana. And I am asking from our Grandshaykh, from Qutb al Irshad, tonight coming Qutb al Irshad who is responsible for all mankind. Asking his heavenly support to open our hearts. O Salafi ulamas, -Hadari ulamas, marhaban! When the Seal of Prophets (sas) was saying "Come and listen to what I have been granted from Heavens, Holy Quran, come and listen, and hear". What they said? You know? Ulamas, you know. What was answer of Jewish people? Holy Quran saying: Qalu, Qulubuna Ghulfun (2:88) Yes? ...No. Open!

Why saying 'our hearts are locked'? Open it! They can't do. Yes, you know you can't do. Who can do? Our

Lord, Almighty Allah. Why you are not asking to say, "O our Lord, open our hearts". Yes, why saying to Prophet (sas), 'qulubuna ghulfun'? We understand, but why you are saying this? Open your hearts and hear what he is saying. You are going to take no responsibility, no responsiblity on yourself? And you are thinking "We can save ourselves by saying, qulubuna ghulf -our hearts just locked". Who locks? Who locked your hearts? La hawla wa la quwwata illa Billah al Aliyyi'l Azim Say at least, La hawla wa la quwwata illa Billah al Aliyyi'l Azim.

And now, people mostly majority of mankind even they are not saying, 'qulubuna ghulf', Never taking any care. for Holy Books, Old Testament, New Testament, just passed away. Because they are putting so many things that were never sent from Heavens, through inspirations/Revelation. But they are changing them. Who making them change? Who making them change? shaytan putting them on and saying, "Change this, write it in such a way". Oh!

How? Torah coming and you are making another book and saying Talmud? What is Talmud? Talmud, is it a heavenly production? Or earthly production? Why you are looking Talmud, not looking Torah? Old Testament? You have another teacher. You are not listening to your real responsible one, from Heavens, for bringing that Holy Torah. And he was opening, bringing commentary on it, Where is it? What did Sayyidina Musa (as) say? What was he saying? Where is it? Is it in Talmud? Talmud is commentary of Torah brought by Moses (pbuh) Why? Yes! If you are not understanding, then ask one who knows about it. Because after Sayyidina Musa, (pbuh), hundreds of prophets coming and all of them were using Holy Torah, Old Testament.

What they said as a commentary on Holy Torah? But you are listening to someone that that one is against heavenly revelation. And they are saying "That may be heavenly revelation but we must use our mind-products, as we are understanding we must use it, not use that one. And hundreds of Prophets were opening Holy Torah for understanding. That, they are using, followers of shaytan, or followers of their egos and making a book named Talmud. Through east and west, from north to south, they are saying 'Talmud'. Talmud not coming from Heavens. Torah had been sent for Sayyidina Musa (as). Where is it, bring? Torah Tablet. And in it there was commentary of Holy Torah. Where is that which Sayyidina Musa (as) bringing from Mount Sinai? Where is it? Sayyidina Musa ever said the name of Talmud? They are doing this, therefore, at the beginning of this association.

Our Grandshaykh asking to shoot their wrong aims. Fadihah, scandal! Allah Almighty asking to make clear for all Children of Israel and addresssing them so many times, through Holy Quran. Even some of our first-class doctors are saying that Holy Quran mostly the stories of Children of Israel. They are not ashamed to say that, 'Israilyaat'. What is Israiliyaat? That belongs to Sayyidina Musa (as) and his time and following his time also, Israiliyaat. What do you say? You - Salafi ulamas. Are you also calling it Israiliyaat if someone is speaking something to people, to wake them up. You are saying this story is Israiliyaat? From the time of Children of Israel, hmm?

You are shooting Holy Quran! Because Holy Quran is full with what happened to Sayyidina Musa (as), and after him what Jewish people, Children of Israel did, -so many things against prophets. Killing prophets, so many. And finally they were coming to kill Jesus Christ and Allah Almighty taking him up, raising (him up) to Heavens. And they are catching someone whose face looks like face of Jesus Christ, but his body never! Putting on Cross. Until today, Jewish people are in doubt because there is no certainty for whom they caught, bringing and putting on Cross, then, when they are looking face is someone else and body is someone else. Never looking like Jesus Christ. They fell in doubt. and Christians also, up to today, in doubt about Jesus Christ. Some are saying Jesus Christ had been raised to Heavens, some saying, no, he was put on Cross. What is that? That is... illogical. Against logic. How are they saying? Some of them saying, "He is on Cross", some of them saying, "He is in Heavens". Up to today, they are quarrelling. Wama Qataloohu Wama Salaboohu Walakin Shubbiha Lahum (4:37)

One holy verse from Holy Quran making it so clear. Allah Almighty saying 'they neither killed, nor crucified him'. They never touching him for killing or they never reached to make him on Cross. But He is saying, 'It was made to appear to them'. They are falling in doubt. It is not clear. Up to today they are in doubt. 'But Allah raised him up', means, the reality is that Allah Almighty taking him up to Heavens. But they are asking to bring some ideas as imagination. They are saying, "His Lord taking him to Heaven and putting him with Him to sit on His right or left hand-side. Which book?... Did Jesus Christ say such a thing ? Or Sayyidina Musa (as) said about Jesus Christ in such a way? Or Holy Quran saying this? Never. But they are making mix-up. Their teacher is shaytan only. shaytan, the most terrible enemy for mankind to lead them on wrong way, wrong thinking, wrong imagination. What you are saying, O Salafi ulamas? What you are saying? Hmm? What you are saying? You are saying nothing! Why you are not saying that it is wrong to whole non-Muslim

world? Why you are not declaring? Where is your knowledge? Make it clear with your declaration what happened to Jesus Christ and what is truth? And who is true one? And what Jewish people and Christians did? 'Qul, Hatoo Burhanakum', ask, "Bring your proofs." They can't do. What you are saying now? Because their teaching system is wrong from beginning up to end.

Jewish people, always, if any prophet coming, are saying, "We are not happy with you, you are not a real prophet, 'kill him or send him away' ". And when the Seal of Prophets (sas) coming with his majestic power, in his hand heavenly sword, Sayyidina Muhammad (sas). Heavenly sword, divine sword, in his hand, coming and saying. When he was saying truth, they are knowing this, they are understanding that the Seal of Prophets (sas) should come. There must come someone that is the Possessor of Shariah, who would be given Heavenly Book and he was using also, as Moses (pbuh) used sword, he is going to use also. Not mentioning that the Seal of Prophets (sas) going to be like Jesus Christ. To go there. No! He was unsheathing (sword) unsheathing, yes, saying, "I am here. I am not like Jesus Christ. Making him as a lamb, and slaughtering him. No, I am here with heavenly sword, come here!" -To jewish people, "Come and listen! and accept truth". And then, what they are saying? "O Muhammad" (pbuh), Ya Sayyid al Awwalin wal Akhirin, they are saying: "Qulubuna Ghulfun, our hearts are locked".

Yes, we understand if you are coming to your home or to your treasure-room, and you are looking it is locked, are you going back? Hmm, getting back? Or looking, how we must open this? It wasn't closed down, how can we do it? And all our treasures in it. How we can do? Leave and go? No! They should find someone to bring a key for opening because they know, inside, there are treasures. You are knowing that the Seal of Prophets (sas) -there had been good tidings for him from all Prophets, and you know that he must come. And he brought endless treasures. And calling to come and take, and you are saying, "Our hearts are locked, Qulubuna Ghulfun.

We are not understanding what you are saying". Yah! Credit cards you are understanding. Cheque-books, understanding. Banks' trading, you are understanding. But, this, not understanding? What the Seal of Prophets (sas) brought to mankind. And you are saying, "We haven't any key for opening this. And we are not taking. I don't care, we don't care because we are the Nation of Moses, and we are happy to follow him". And Moses (pbuh), following the Seal of Prophets (sas). How are you saying this! What are we saying? Now people, Banu Israil, Children of Israel, making all people to say, in front of treasure that the Seal of Prophets

(sas) brought to all mankind, saying 'qulubuna ghulfun'. And now, who is locking your hearts? And with which, that one locked your hearts? Hmm? There must be a key. Look for the key! They are saying, "We don't care. We don't care. We were quarrelling with all prophets before". For what? For dunya. Not for Allah, not for Eternal Life. No. But through their inner love for dunya, they are running away from Reality.

But they must understand. If not understanding today, tomorrow they should understand. If they are not understanding tomorrow, after tomorrow. If not understanding this month, next month. If not understanding this year, they should understand next year. If they are not understanding here they must understand on the Day of Resurrection. On Judgement Day, they should understand. They will say, "Oh, our hearts just opened". Because they will see the Throne of Allah, the Divine Throne coming. ...Salafi ulamas, I am touching something for you. You know our traditional books that on the Day of Resurrection, four of the most honoured angels, Sayyidinas Jibrail, Mikail, Israfil, Israil (as) and there are others also, carriers of the Throne, some other angels that only Allah knows, bringing the Throne of Allah, Divine Throne, to the Field or the Land of Gathering, Plain of Resurrection. That Divine Throne, for whom? I am asking to Jewish people to ask Sayyidina Musa (as). I am asking Christians, they are not knowing, but they may ask Jesus Christ. And I am also asking Salafi ulamas to ask Sayyidina Muhammad (sas) for understanding.

Who should be on Holy Throne, Divine Throne? That is a very important point, O Salafi ulamas. Who is going to sit on it? Say to me. I am asking, I don't know. You may know. Say?! On Throne going to be... Allah Almighty? Hmm? Allah Almighty's Throne carrying Allah? How it can be? And why bringing? It should be empty. Who is going to be on it on behalf of the Lord of Heavens? To sit on it? Say! Salafi ulamas? Say! "O My most beloved one, O My most majestic one, O My most glorified one, O My most beloved one, you, sit on it!" Sayyidina Muhammad (sas). Allahu Akbar, Allahu Akbar. And don't say 'qulubuna ghulfun'. Open and look in it. You know what is in heart, why not saying? Why not asking? Our hearts may understand such things. O You, The Seal of Prophets (sas) open our hearts because they are locked up, so we may know. But they are such proud ones. And now all mankind is never taking any care. They never have any interest in such things.

Even Pope, even chief rabbi, even chief Wahabi ulamas, Salafi ulamas, even chief of Azhar ulamas. Even chief ulamas, everywhere. Come and say to me, for whom is brought that Throne, Divine Throne to the Plain of Gathering? Resurrection Plain. I like to know. I know, I am believing, that only Sayyidina Muhammad (sas) is going to sit on it, on behalf of Allah Almighty. Your judgement or my judgement. Give your judgement! May

Allah forgive us. O People, say. Anyone may make any objection on it? Say! Bring, what is your proof? You can't bring anything. But now we are reaching, just reaching to the end of our period on this planet, on dunya, and the Day of Resurrection is coming, coming, coming. They are knowing that after Adhan, there is a du'a saying, O Allah send him al Maqam al Mahmud, You promised him. Al Maqam al Mahmud (The praised Station). Another point, Rasulullah (pbuh), was teaching his Nation that after Adhan, "You must ask al Wasilah (intercession) and the Praised Station for me. I like to be that for me". He was not saying that Allah is sitting there. Hasha. Allah is not a creature, but Creator. May Allah forgive us. Give something from your listening power and use your mentality a little bit. All ulamas -Hadari ulamas and the ulamas saying, they are ulamas in Christianity or in Judaism. Think on it. Think on it. May Allah forgive us.
Fatiha

## Unsere Herzen sind verschlossen

---

Shaykh Mohammad Nazim Al-Haqqani An-Naqshibendi, Sohbat vom 6. März 2010.
Allah Allah, Allah Allah, Allah Allah, Aziz Allah, Allah Allah, Allah Allah, Allah Allah, Karim Allah, Allah Allah, Allah Allah, Allah Allah, Aziz Allah, Allah Allah, Allah Allah, Allah Allah, Sultan Allah. ...zid Habibika Izzan wa Sharafa Nuran wa Surura, Ridwanan wa Sultana Ya Sayyidu l-Awwalin wa l-Akhirin, Ishfa'lana, Ishfa'lana, Ishfa'lana, Madad ya Rijal Allah... Allah Allah, Allah Allah, Allah Allah. Wir sagen: Audhu Billahi mina sh-shaytani r-rajim. Bismillahi r-Rahmani r-Rahim. As-Salamu Alaykum, den Anwesenden und denen in Absentia, die teilnehmen, um etwas zu hören. Ich bitte auch um Vergebung und Segnungen vom Herrn der Schöpfung. Ich bitte um Fürsprache von dem Einen, der unseres Herrn Meistgeehrter, Meistgeliebter, Meistgepriesener in Seiner Göttlichen Gegenwart ist, Sayyidu l-Awwalin wa l-Akhirin, Sayyidina Muhammad (saws), zidhu ya Rabbi Izzan wa Sharafa, Nuran wa Surura, Ridwana wa Sultana. Und ich bitte von unserem Großshaykh, vom Qutbu l-Irshad, heute Nacht kommt der Qutbu l-Irshad, der verantwortlich ist für die gesamte Menschheit. Wir bitten um seine himmlische Unterstützung, um unsere Herzen zu öffnen.

Salafi Ulama, Hadari Ulama, Marhaban! Als das Siegel der Propheten (saws) sagte: 'Kommt und

hört, was mir gewährt wurde von den Himmeln, der Heilige Quran, kommt und hört zu.' Was sagten sie? Wißt ihr das? Ulamas, ihr wißt doch. Was war die Antwort der Juden? Der Heilige Quran sagt: "Qalu Qulubuna Ghulfun" (2:88). Ja?...Nein. Öffnet sie! Warum sagen sie: Unsere Herzen sind verschlossen? Öffnet sie! Sie können es nicht! Ja, ihr wißt, ihr könnt es nicht. Wer kann es? Unser Herr, Allah der Allmächtige. Warum bittet ihr nicht darum und sagt: O unser Herr, öffne unsere Herzen. Ja, warum sagt ihr zum Propheten (saws): "Qulubuna Ghulfun"? Wir verstehen, aber warum sagt ihr das? Öffnet euere Herzen und hört, was er sagt. Übernehmt ihr keine Verantwortung? Keine Verantwortung für euch selbst? Und ihr denkt: Wir können uns retten, indem wir sagen "Qulubuna Ghulfun" - Unsere Herzen sind verschlossen. Wer verschließt? Wer verschließt euere Herzen? La Hawla wa la Quwwata illa Billahi l-Aliyyi l-Azim. Sagt wenigstens: La Hawla wa la Quwwata illa Billahi l-Aliyyi l-Azim.

Und jetzt, die meisten Menschen, die Mehrheit der Menschheit, wenn sie auch nicht sagen "Qulubuna Ghulf", so geben sie sich doch keine Mühe mit Heiligen Büchern, dem Alten Testament, dem Neuen Testament. Sie sind schon vergangen. Weil sie so viele Dinge hinzutaten, die nie von den Himmeln gesandt wurden durch Inspiration, Offenbarung. Aber sie ändern sie. Wer veranlaßt sie, sie zu ändern? Wer bringt sie dazu, zu verändern? Shaytan setzt sie darauf an und sagt: Verändert das, schreibt es auf diese Weise. Oh! Wie? Die Torah kam und ihr macht ein anderes Buch und sagt Talmud? Was ist der Talmud? Der Talmud ist eine himmlische Produktion? Oder eine irdische Produktion? Warum guckt ihr den Talmud an und nicht die Torah? Das Alte Testament? Ihr habt einen anderen Lehrer. Ihr hört nicht auf eueren wirklich Verantwortlichen von den Himmeln für das Bringen der Heiligen Torah. Und er öffnete sie und brachte einen Kommentar darüber. Wo ist er? Was sagte Sayyidina Musa (as)? Was sagte er? Wo ist es? Ist es im Talmud? Der Talmud ist der Kommentar der Torah, die von Moses (as) gebracht wurde? Warum? Ja! Wenn ihr es nicht versteht, dann fragt jemanden, der etwas darüber weiß. Weil nach Sayyidina Musa (as) Hunderte von Propheten kamen, und sie alle die Heilige Torah, das Alte Testament, benutzten. Was sagten sie als Kommentar zur Heiligen Torah?

Aber ihr hört auf jemanden, der gegen himmlische Offenbarungen ist. Und sie sagen: Das mag eine himmlische Offenbarung sein, aber wir müssen unsere Verstandesprodukte benutzen. So wie wir

es verstehen, müssen wir sie benutzen, nicht diese Offenbarung selbst. Und Hunderte von Propheten öffneten die Heilige Torah für das Verständnis. Das, was sie benutzen, die Anhänger Shaytans oder Anhänger ihres Egos, sie machen ein Buch und nennen es Talmud. In Ost und West, Nord und Süd sagen sie Talmud. Der Talmud kommt nicht von den Himmeln. Die Torah wurde Sayyidina Musa (as) gesandt. Wo ist sie? Bringt sie. Die Torah Tafel. Und darin war ein Kommentar zur Heiligen Torah. Wo ist das, was Sayyidina Musa (as) vom Berg Sinai brachte? Wo ist es? Sagte Sayyidina Musa (as) jemals den Namen Talmud?

Sie tun das deshalb am Beginn dieses Sohbats. Unser Großshaykh will ihre falschen Ziele abschießen. Fadihah, Skandal! Allah der Allmächtige will es deutlich machen für alle Kinder Israels und spricht sie so viele Male an im Heiligen Quran. Selbst einige unserer erstklassigen Doktoren sagen, daß der Heilige Quran am meisten Geschichten der Kinder Israels enthält. Sie schämen sich nicht zu sagen 'Israiliyaat'. Was ist Israiliyaat? Das gehört zu Sayyidina Musa (as) und seiner Zeit und auch nach seiner Zeit, Israiliyaat. Was sagt ihr? Ihr - Salafi Ulama. Nennt ihr es auch Israiliyaat, wenn jemand Leuten etwas sagt, um sie aufzuwecken? Sagt ihr, diese Geschichte ist Israiliyaat? Von der Zeit der Kinder Israels? Hmm? Ihr schießt auf den Heiligen Quran! Weil der Heilige Quran voll ist mit dem, was Sayyidina Musa (as) geschah, und was nach ihm die Juden, die Kinder Israels taten, so viele Dinge gegen die Propheten. Sie töteten die Propheten, so viele.

Und schließlich kamen sie, um Jesus Christus zu töten. Und Allah der Allmächtige nahm ihn hoch, erhob ihn in die Himmel. Und sie fingen jemanden, dessen Gesicht aussah wie das Gesicht von Jesus Christus, aber sein Körper nicht! Sie schlugen ihn ans Kreuz. Bis heute sind die Juden im Zweifel, weil es keine Gewißheit gibt, wen sie gefangen haben und ans Kreuz schlugen. Als sie hinguckten, war das Gesicht von einem und der Körper von jemand anders. Es sah nicht wie Jesus Christus aus. Sie begannen zu zweifeln. Und auch die Christen sind bis heute im Zweifel über Jesus Christus. Manche sagen, Jesus Christus sei in die Himmel erhoben worden, manche sagen, nein, er sei ans Kreuz geschlagen worden. Was ist das? Das ist unlogisch. Gegen die Logik. Wie können sie das sagen? Manche von ihnen sagen: Er ist am Kreuz. Manche von ihnen sagen: Er ist im Himmel. Bis heute streiten sie sich. "Wama Qataluhu Wama Salabuhu Walakin

Shubbiha Lahum" (4:157). Ein Heiliger Vers von Heiligen Quran macht es so deutlich.

Allah der Allmächtige sagt: Weder töteten sie ihn, noch kreuzigten sie ihn. Sie legten nicht Hand an ihn, um ihn zu töten, oder erreichten ihn, um ihn ans Kreuz zu schlagen. Aber Er sagte: 'Es erschien ihnen so'. Sie begannen zu zweifeln. Es ist nicht klar. Bis heute sind sie im Zweifel. 'Aber Allah erhob ihn', bedeutet, die Wahrheit ist, daß Allah der Allmächtige ihn in die Himmel erhob. Aber sie wollen Ideen als Vorstellungen bringen. Sie sagen: 'Sein Herr nahm ihn in den Himmel und setzte ihn neben Sich zu Seiner Rechten oder Seiner Linken. Welches Buch? Hat Jesus Christus so etwas gesagt? Oder Sayyidina Musa (as) sagte so etwas über Jesus Christus? Oder der Heilige Quran sagt das? Niemals. Aber sie machen ein Mischmasch. Ihr Lehrer ist nur Shaytan. Shaytan, der schlimmste Feind der Menschheit, führt sie auf den falschen Weg, zu falschem Denken, falschen Vorstellungen.

Was sagt ihr, Salafi Ulama? Was sagt ihr? Hmm? Was sagt ihr? Ihr sagt nichts. Warum sagt ihr nicht der ganzen nicht-muslimischen Welt, daß es falsch ist? Warum erklärt ihr das nicht? Wo ist euer Wissen? Macht es deutlich mit euerer Erklärung, was mit Jesus Christus geschah und was die Wahrheit ist. Und wer wahrhaftig ist. Und was die Juden und Christen taten. "Qul Hatu Burhanakum", fordert 'Bringt euere Beweise'. Sie können es nicht. Was sagt ihr jetzt? Weil ihr Lehrsystem von Anfang bis Ende falsch ist. Die Juden sagten immer, wenn ein Prophet kam: Wir sind nicht glücklich mit dir, du bist kein wirklicher Prophet, tötet ihn oder schickt ihn weg. Und als das Siegel der Propheten (saws) kam mit seiner majestätischen Macht, in der Hand das himmlische Schwert, Sayyidina Muhammad, das himmlische Schwert, das Göttliche Schwert in der Hand kam und sprach, als er die Wahrheit sagte, wußten sie das. Sie verstanden, daß das Siegel der Propheten (saws) kommen sollte, daß jemand kommen mußte, der der Eigner der Shariat war, dem das Himmlische Buch gegeben wurde, und der auch wie Moses (as) ein Schwert benutzen würde. Es wurde nicht gesagt, daß das Siegel der Propheten (saws) wie Jesus Christus sein würde. Und dorthin gehen würde. Nein! Er zog das Schwert, er zog es blank. Ja. Und er sagte: Ich bin hier. Ich bin nicht wie Jesus Christus, den ihr zu einem Lamm machtet und schlachtetet. Nein, ich bin hier mit dem himmlischen Schwert. Kommt her! - zu den Juden: Kommt und hört zu und erkennt die Wahrheit an!

Und dann, was sagten sie? 'O Muhammad (saws), ya Sayyidu l-Awwalin wa l-Akhirin'. Sie sagten: "Qulubuna Ghulfun" - 'Unsere Herzen sind verschlossen'. Ja, wir verstehen. Wenn ihr nach Hause kommt oder zu euerer Schatzkammer und seht, daß sie verschlossen ist, geht ihr dann zurück? Hmm, kehrt ihr um? Oder seht ihr zu, wie sie zu öffnen ist? Sie war nicht verschlossen, wie können wir es machen? Und all unsere Schätze darin! Wie können wir es machen? Sie zurücklassen und gehen? Nein! Sie würden jemanden finden, der einen Schlüssel bringt zum Öffnen, weil sie wissen, daß innen Schätze sind. Ihr wußtet, daß das Siegel der Propheten (saws), es gab gute Nachrichten über ihn von allen Propheten, und ihr wußtet, daß er kommen mußte. Und er brachte unendliche Schätze. Und er rief, zu kommen und sie zu holen, und ihr sagt: Unsere Herzen sind verschlossen - "Qulubuna Ghulfun". 'Wir verstehen nicht, was du sagst.' Yah! Kreditkarten versteht ihr! Scheckhefte versteht ihr! Bankenhandel versteht ihr. Aber das versteht ihr nicht, was das Siegel der Propheten (saws) der Menschheit brachte? Und ihr sagt: Wir haben keinen Schlüssel, um das zu öffnen. Und wir nehmen auch keinen. Es ist uns egal, es kümmert uns nicht, weil wir die Nation von Moses sind und glücklich sind, ihm zu folgen. Und Moses (as) folgte dem Siegel der Propheten (saws). Wie könnt ihr das sagen!

Was sagen wir? Jetzt bringen die Banu Israil, die Kinder Israels, alle Leute dazu, angesichts der Schätze, die das Siegel der Propheten (saws) der ganzen Menschheit gebracht hat, zu sagen: "Qulubuna Ghulfun". Und jetzt, wer verschließt euere Herzen? Und womit hat dieser euere Herzen verschlossen? Hmm? Es muß einen Schlüssel geben. Sucht nach dem Schlüssel! Sie sagen: Es macht uns nichts aus. Es kümmert uns nicht. Wir haben schon vorher mit allen Propheten gestritten. Wegen was? Wegen der Dunya. Nicht wegen Allah (swt), nicht wegen des Ewigen Lebens. Nein. Sondern wegen ihrer inneren Liebe für die Dunya laufen sie vor der Wirklichkeit davon. Aber sie müssen verstehen. Wenn sie es nicht heute verstehen, werden sie es morgen verstehen. Wenn sie es nicht morgen verstehen, dann übermorgen. Wenn sie es nicht diesen Monat verstehen, dann nächsten Monat. Wenn sie es nicht dieses Jahr verstehen, werden sie es nächstes Jahr verstehen. Wenn sie es nicht hier verstehen, müssen sie es am Tag der Auferstehung verstehen. Am Tag des Gerichts werden sie es verstehen. Sie werden sagen: Oh, unsere Herzen haben sich gerade geöffnet. Weil sie den Thron Allahs, den Göttlichen Thron

kommen sehen werden.

Salafi Ulama, ich berühre etwas für euch. Ihr wißt aus unseren traditionellen Büchern, daß am Tag der Auferstehung vier der am meisten geehrten Engel, Sayyidina Jibrail, Mikail, Israfil, Israil (as) und auch noch andere, Träger des Thrones, einige andere Engel, die nur Allah kennt, den Thron Allahs (swt), den Göttlichen Thron, auf das Feld oder das Land der Versammlung, die Ebene der Auferstehung bringen. Dieser Göttliche Thron, für wen ist er? Ich fordere die Juden auf, Sayyidina Musa (as) zu fragen. Ich forder die Christen auf, sie wissen es nicht, aber sie können Jesus Christus fragen. Und ich fordere auch die Salafi Ulama auf, Sayyidina Muhammad (saws) zu fragen, um zu verstehen. Wer wird auf dem Heiligen Thron, auf dem Göttlichen Thron sein? Das ist ein sehr wichtiger Punkt, Salafi Ulama. Wer wird darauf sitzen? Sagt es mir. Ich frage, ich weiß es nicht. Ihr wißt es vielleicht. Sagt es! Auf dem Thron wird sein... Allah der Allmächtige? Hmm? Der Thron Allahs des Allmächtigen trägt Allah (swt)? Wie kann das sein? Und warum bringt Er ihn? Er wird leer sein. Wer wird auf ihm sein in Vertretung des Herrn der Himmel, um darauf zu sitzen? Sprecht! Salafi Ulama, sprecht! 'O, Mein Meistgeliebter, o Mein Höchstmajestätischer, o Mein Meistgepriesener, o Mein Meistgeliebter, du, sitz auf ihm!' Sayyidina Muhammad (saws). Allahu Akbar, Allahu Akbar.

Und sagt nicht "Qulubuna Ghulfun". Öffnet es und schaut hinein. Ihr wißt, was im Herzen ist. Warum sagt ihr es nicht? Warum fragt ihr nicht? Unsere Herzen mögen solche Dinge verstehen. O du, Siegel der Propheten (saws), öffne unsere Herzen, denn sie sind verschlossen, damit wir wissen. Aber sie sind so stolz. Und jetzt gibt sich die ganze Menschheit gar keine Mühe mehr. Sie haben überhaupt kein Interesse an solchen Dingen, selbst der Papst, selbst der Oberrabbiner, selbst das Oberhaupt der Wahhabi Ulama, der Salafi Ulama, selbst das Oberhaupt der Azhar Ulama, selbst die Oberulama überall. Kommt und sagt mir, für wen wird dieser Thron gebracht, der Göttliche Thron, zur Versammlungsebene, der Ebene der Auferstehung? Ich möchte es wissen. Ich weiß es, ich glaube, daß nur Sayyidina Muhammad (saws) darauf sitzen wird in Vertretung von Allah dem Allmächtigen. Euer Urteil oder mein Urteil. Gebt euer Urteil ab! Möge Allah uns vergeben. Leute, sprecht. Hat irgendjemand einen Einwand dagegen? Sprecht! Bringt eueren Beweis! Was ist es? Ihr könnt nichts bringen.

Aber jetzt kommen wir, wir kommen zum Ende unserer Zeitspanne auf diesem Planeten, in der Dunya, und der Tag der Auferstehung kommt näher, näher, näher. Sie wissen, daß nach dem Adhan ein Du'a kommt, das lautet: O Allah, sende ihn auf den Maqamu l-Mahmud, Du hast es ihm versprochen. Al Maqamu l-Mahmud - die gepriesene Stufe. Ein anderer Punkt, Rasulullah (saws) lehrte seine Nation, daß nach dem Adhan 'müßt ihr um al Wasilah - Fürsprache - und die Gepriesene Stufe für mich bitten. Ich möchte, daß das für mich ist.' Er sagte nicht, daß Allah (swt) dort sitzen würde. Hasha. Allah ist kein Geschöpf, sondern der Schöpfer. Möge Allah uns vergeben. Gebt etwas von euerem Hörvermögen und benutzt ein wenig von euerem Verstand. Alle Ulama, Hadari Ulama und die Ulama sagen, sie seien Ulama im Christentum oder im Judentum. Denkt darüber nach. Denkt darüber nach. Möge Allah uns vergeben. Fatiha.

## Our Realities in Different Dominions

(Mawlana Shaykh speaks with a guest.)

If there is no difference, the Creator would only create one type (of person). What are we saying, that men and women are equal? No, no! However, people are drunk. Someone brings a theory, whether it is suitable or not, and people say, “Yes.” Can an eagle be like a flamingo? Both of them fly, for example, but are they the same? No, they are different, but now people are like drunk ones, not understanding and knowledge is such an ocean that you cannot reach the bottom and you cannot reach the shore. This is only one spot to (help us) understand, not more.

They are trying to make so many instruments to understand space and it is also nonsense because we are more perfect than this huge machine. We can understand more than this and if we are not in it, that huge instrument can never catch anything. They may catch something but will not understand. Space satellites do not understand anything, rather the one who is in it understands. There is a secret and there is secret in a secret. We are not reaching even one millimeter’s distance to a secret, how can we reach the secrets of secrets? Everything now in all of Creation is a secret. May Allah forgive us. Welcome to you.

Fatihah.

Guest: What makes people drunk?

Mawlana Shaykh Nazim: Everything, because you can't be able to enter in it, and that makes Man to be drunk and you can't know anything. For example, you can't understand the secret of an atom until you become an atom. You are a man, and a man may understand your secret, but women can't understand, also you can't understand women. It is for them, and this is for us. There are so many things, so many secret knowledges that we can't carry. This is very, very, very simple explanation given as a figure, not reality. (Mawlana Shaykh shows a picture of himself) Who is this?

Guest: Our master.

It is not a master, it is only a figure. There is a real being for this picture that you are going to be, I am going to be, and he is going to be. We are only looking at figures. Yes sir.

••••••••• ••••• ••• •••••• •••••••

Wa fawqa kulli dhi `ilmin `aleem! And over every knower is a (higher) knower. (Yusuf, 12:76)

Therefore, the Lord is saying, "Every learned person has a level that belongs to him," but he has another level, and it is impossible for you to reach his level; his level is independent, another one's level is independent to him. This is not our personality, this is only a figure. Our real personality is in Unknown Oceans. Our real identity is going to be changed in heavenly dominions and you can't add or count dominions, they are never-ending. Your personality is appearing in every dominion, and the Lord of Heavens is in another. This is our identity on this planet, but if we are reaching to another one, it is not the same personality that we are using here or that we have been dressed with here. That dressing is another kind, just as the dressing of those who are getting in that rocket is different from our dressing. Therefore, in every level or unexpected levels of dominions we have another appearance. We are going to appear in every dominion in another identity.

I am sleepy. (Laughter) Yes sir.

Fatihah.

Thank you.

Guest: In another identity, he could be a woman.

Mawlana Shaykh Nazim: Here his identity is to be Fir`aun, but in another dominion he is going to be a prince, in another dominion he is going to be a king, and in another dominion he is going to be emperor.

Guest: This is just a training camp.

Mawlana Shaykh Nazim: Now we are only trying to learn what is a red melon and what is (...in audible) (Laughter) Enough. Please eat.

Allahu Akbar, Allahu Akbar. Allahu Akbar, Allahu Akbar. Allahu Akbar, Allahu Akbar.

## Our last destination is the Divine Presence

Bismillahir Rahmanir Rahim... This is a new association with our Grandsheikh even though it is late... Sleep is Sultan, nobody can resist it; but it is Rahmet, a blessing, also... What shall we do? We must try to translate something to you. It is as necessary for you as food. You are in need of food for your physical body. You must cook and eat what Allah Almighty created for your physical being. But for your soul you are in need of spirituality, spiritual food.

Now all religions, except Islam, never give anything to their followers, they are finished. This bottle here, if it is full, you may give something from it, but when it is finished, what can you give? Christianity finished many years ago, but they have been trying to do something, to make people interested. They were using so many nonsense, useless and foolish ways for youngsters, knowing very well what our physical being is interested in: Eating and drinking, and running to fulfill the wishes and demands of the ego. The ego is only interested in reaching its own targets...

People living now are only running after their physical body's interests. Perhaps you may find one out of ten thousand, or fifty thousand, or one hundred thousand people, who may have an interest in spirituality. And the most high spirituality, which is never decreasing, you can only find through Islam. What Allah Almighty granted to Musa a.s. and Isa a.s., was something to be given in a limited place and time to their followers.

Christianity, from the beginning, tried to give people what they needed for their spiritual life, but day by day its spirituality went down for the sake of the Seal of Prophets, who would bring perfection, a perfect target for people. Islam came for that purpose. And therefore Jesus Christ was saying: “I am your Lord’s servant, nothing else, and that is my honour.”

Can an ant understand who Man is? Never. Even if it lived for one million years. And as much as man may ask for more wisdom and more from his Lord’s Divine Knowledge, what he can take from it is always going to be small. This is because limited things, even they may appear big in our eyes, are always going to be nothing in the Divine Oceans of Greatness... But people are so crazy, so mad, such foolish idiots, asking to know who Allah is, or how Allah is, or where Allah is... Ya Hu!

Where is Italy? Where is Germany? Where is America? Where is Malaysia? Show me! And you are saying: “I can’t show you from here now, but come with me on a plane, and we shall fly and I shall show you my homeland.” Oh donkey, if you are only asking about Malaysia, and you are in need to take a plane and fly fifteen hours to land there, and then still you don’t know it... Why, or how you can say: “Show me Allah” ?

And I am saying: “Show me beyond these skies. Show me the beginning of space, its limits, where it ends- then I shall show you beyond that. You need thirteen, fourteen or fifteen hours to travel to Malaysia... How many years, or centuries, or billions of years must you fly to find the last point of space? And then I shall show you where the Lord is, where His state is, Alem Jabarut... Alem Malakut, Alem Jabarut, Alem Lahut... Then I shall say. But people in their ignorance are asking: ”Where is Allah?” He created the where. How can you ask ‘where’? He created the time. How can you ask ‘how old is He’?

And I am asking: “How old is our galaxy?” So many billions of galaxies are running... I am saying: “Ride on one of them, they are all running to their Lord’s Divine Presence. Take any one of them, all of them are running in the same direction. Not one galaxy is going in the opposite direction. There are no accidents in the heavenly traffic! Take one, and then you may reach with it to the Divine Presence. What is your payment? You must pay, as a ticket, for riding on any galaxy with your physical body. You must give it as a payment. You can ride any galaxy if you are paying. Give your physical body to them, then every galaxy may take you free... Saluting you, taking you to the Divine Presence. Where is the Divine Presence? Only Allah, the Owner of the galaxies, may say: “This is the last station for this galaxy. Now it has arrived. I am here!”

Good news for those who can pay the ticket-money. Any galaxy may accept you and you may continue on it. Then the Lord of Heavens says: “Stop, this is your last destination. I am here. Come to Me...” Allahu akbar... He is taking away the Hijab-ul-’Azamat, the Veil of Greatness. Supreme Greatness is for Allah Almighty. These veils open and He says: “I am here...” Everywhere... Allah, the most High, most Great... Allah, the Knowing, the most Powerful... Everything is in its perfection for Him Almighty...

You must understand, it is from eternity to eternity... And when the angels ask you: “Where you are asking to reach?”, you must say: “I am moving towards eternity.” “Then come, who is asking for eternity, may come.” Who is asking for anything else, the ticket-collector will kick him off: “ Go. This is only for those who are asking eternity, go away.”

## Our Lord is Sufficient for Us

Allahu Akbar, Allahu Akbar, Allahu Akbar, laa ilaaha illa-Llah. Alfu salaat, alfu salaam `alayk, yaa Sayyidina, yaa Rasoolullah wa `ala aalik wa ashaabik ajma`een wa man tabi`ahum bi ihsaanin ila Yawmi 'd-Deen. Madad, yaa rijaalAllah! A`oodhu billahi min ash-Shaytani 'r-rajeem. Bismillahi 'r-Rahmani 'r-Raheem.

O Listeners! From east to west, from Mankind and jinn, listen and obey, as when you obey you benefit. The Prophet of the Last Days, the Prophet of Firsts and Lasts (s) said in his holy words, ad-deenu naseeha, "Religion is advice." Religion is advice, religion is advice!

O Nation of the Beloved (s)! Listen and obey! How many words are thrown on the heart of this weak servant, ordering me to convey them to you! That is the first matter, to listen.

••••••••• •••••••••••••• ••••••••• •••••••••••••• •••••••••• •••••••••• ••••••••• ••••••••• ••••••• •••••••••••••• •••• •••••••••
••••••••••••

Alladheena yastami`oona al-qawla fayattabi`oona ahsanahu oolaa'ika 'Lladheena hadaahumullahu wa oolaa'ika hum uloo 'l-albaab. Those who listen (closely) to all that is said and follow the best of it, it is they whom God has graced with His guidance, and it is they who are (truly) endowed with insight! (Az-Zumar, 39:18)

O Nation! Listen to the words of the Prophet of the Last Days, the Master of Firsts and Lasts (s), who said, "Religion is advice."

O Believers! O Muslims, from Arabs and non-Arabs! Listen and obey. Listen to the words of truth and obey Him, the Almighty, Who has sent you His beloved (s) as the bringer of good tidings and as a warner! The Prophet of the Last Days made everything completely clear, as he is the Master of Firsts and Lasts, and his message to the last moment of this dunya before passing to the Lord Most High, the Lord of Honor, is to "listen and obey"!

•••••••••• •••••• •••••••••••• •••••••••• ••••••••• •••••••• •••••••

Ati`ullaha wa ati`u 'r-Rasoola wa ooli 'l-amri minkum. Obey Allah, obey the Prophet, and obey those in authority among you. (An-Nisa, 4:59)

O Mankind! We are ordered to know to where we have reached in the affairs of this life, where our place is in this dunya, and our center and shelter. For that, it is necessary to know our enemies, the enemies of religion, so we can protect ourselves from their evil. Their president is Shaytan and he deserves it. They oppose everything from which Mankind will benefit.

••••• •••••••••••• •••••• ••••••• •••••••••••• •••••••• •••••••• ••••••• •••••••• •••••••••••• •••• ••••••••• ••••••••••

Inna ash-Shaytaana lakum `adoowwun fat-takhidhoohu `adoowwan innamaa yad`oo hizbahu li-yakoonoo min as-haabi ’s-sa`eer. Behold, Satan is a foe unto you, so treat him as a foe. He but calls on his followers to the end, that they might find themselves among such as are des-tined for the blazing flame. (Surat al-Fatir, 35:6)

In His first order, Allah Almighty prohibited following Shaytan, and commanded us to stay far from him, as Shaytan is our open enemy. Every prophet brought goodness, but Shaytan is the source of evil in oceans and lands in every place and time!

O Arab Believers! This is a message of the Last Prophet (s), who was sent with the highest stations, miracles and honors. He is the Prophet of the Last Days; listen to his words! Inna sharra maa qubid hawaa an-nafs, "The worst thing is the desire of the ego." (hadith) You must not follow the nafs (lower desires). The ego

humiliates the servant and the ruh (soul) supports the servant.

O Believers! Be from the side of the prophets (a), upon whom Allah Almighty made special with the perfection of honor, knowledge, shyness and every good character that is desired from us by Allah (swt).

But, O Arabs, the first order in this address is to you. I see that you are the first to leave the fundamental principles of Islam and followed your desires. And who are those people who called themselves "Salafiyeen," or "Wahhabi"? They made their names under the title "Salafi." Don't you have any shame? For what reason did you choose to call yourselves "Salafi"? Why didn't you say that, "The best of people and times are the Sahaabah (r), and then their Successors (Tabi`een), and then the Successors of the Successors (Tabi` at-Tabi`een)?" Those three generations are known as, "The best of centuries and generations." Why did you name yourselves to claim, "We are the followers of those who came after the Tabi`een." Why did you call yourselves by that name? What is the meaning of "Salafiyeen"? Millions of people, what are their characteristics? Salafi or Ahl as-Sunnah wa 'l-Jama`ah who are saying, "We follow the Tabi`een and the Tabi` Tabi`een," the first sign of your ignorance is to leave the best title and choose a title that has no value, as if you left gold and took tin! Why did you call yourselves "Salafi", why didn't you say, "We are followers of the Tabi`een?" That is the worst title you made for yourselves!

O Princes and Kings of the Arabs! Do not sleep! Allah (swt) will ask you. What is the honor of saying, "We are Wahhabis?" Do you mean you are the people of Islam and the rest are Muslims, or are you intending to say that only you are Muslims and believers and the rest are not, that they have no faith and no Islam? Is that your claim? That is falsehood! Where are the scholars of Ahl as-Sunnah wa 'l-Jama'ah, are they afraid? They are afraid (to stand up for Truth). Fear Allah (swt)! He who does not speak the truth is a silent devil; this is a hadeeth shareef of the Prophet (s). Why don't you tell them that they are wrong and they should go back to as-sawaad al-a`azham? What is the meaning of as-sawaad al-a`azham? We acknowledge the Sahaabah (r), Tabi`een (r), and Tabi Tabieen (r), then Ahl as-Sunnah wa 'l-Jama`ah, "The vast majority." From where did you bring this "Salafi", what is "Salafi"? What is the privilege? Why do you create enmity with Ahl as-Sunnah wa'l-Jama`ah? What is wrong from our side? What is your proof? How many are you? One million, ten million? Is there one-hundred million Salafi or Sunni?

The same matter applies to the Shi`a also; they have created a separate group. Allah warned against this in

the holy verse:

••••• ••••••••• •••••••••• ••••••••• •••••••••• ••••••• ••••••• ••••••••• ••• •••••• ••••••••• •••••••••• ••••• •••••• •••••
••••••••••••• ••••• ••••••••• ••••••••••••

Inna alladheena farraqoo deenahum wa kanoo shiya`an lasta minhum fee shayyin innamaa amruhum ila Allahi thumma yunabbiuhum bimaa kanoo yafa`loon. Verily, as for those who have broken the unity of their faith and have become sects, you havenothing to do with them. Behold, their case rests with God and in time He will make them understand what they were doing. (Surat al-An`am, 6:159)

As per the holy hadith of Prophet (s):

••• •• •• •• •••••••••

Fa mann shazzah shuzzah fee an-Naar abaddann. “Those who deviate on their own are deviating into Hell forever.”

The people of Shi`a have deviated from the majority; as-sawaad al-a`azham. They don't have the right!

O Muslim Scholars of Ahl as-Sunnah wa 'l-Jama`ah! Why don't you give an answer? I am a weak servant and dervish. My Arabic is relatively weak, but their tongues mashaa-Allah are like parrots! Where are the kings who should establish circles to support and protect Ahl as-Sunnah wa 'l-Jama`ah from those who come as a small group, to ride on the backs of Muslims? Fear Allah, O kings of Arabs and non-Arabs! Allah will judge. Allah (swt) will ask you, "Why did you put this fitna between my Muslim servants, corrupting them and making them into groups? Why did you make yourselves Shi`a? Did Allah call them "Shi`a"? Then who gave this title? They called themselves "Shi`a", then they divided (split into groups). The Prophet (s) came to all Mankind. Where did you get the authority and permission to decide to split into groups?

Allah (swt) said:

•••••••••••••• •••••••• •••••• •••••••• ••••• ••••••••••••

W`ataasimoo bi hablillahi jamee`ian wa la taffaraqoo. And hold fast, all together, by the rope which Allah (stretches out for you), and be not divided among yourselves. (Surat Aali `Imran, 3:103)

That is clear! Where are the scholars who recite that holy verse every Jumu`ah? What did they do? And the

kings, why didn't they implement what those people deserve (punishment)? Those who have split the ummah and attacked the vast majority, as-sawaad al-a`azham. And then when their situation became like this, Allah put over them people who have no mercy over them, who gave them no honor, humiliated them, and finished them.

O Kings of the Arabs! This weak servant is conveying a message to you.

••••••• ••••••••• ••• ••••••••• ••••••••• ••••••••• •••••••••••••• ••• •••••••••••••••• •••••••••••• •••••••••••• •••••• •••
••••••••••••

Qaalat namlatun yaa ayyuha 'n-namlu 'dkhuloo masaakinakum laa yahtimannakum Sulaymaanu wa junooduhoo wa hum la yash`uroon. One of the ants said, "O Ants! Enter your homes unless Sulayman and his armies unknowingly trample you. (an-Naml, 27:18)

O you demonstrators in the Islamic world! Allah has put an ant to advise you. An ant said, "O Ants! Enter your homes!" Or did it say, "Come out and make demonstration"? Is there demonstration in Islam? This advice is in your language, the language of Holy Qur'an. Don't you understand? The ant said, "O Ants! Enter your homes or Sulayman and his army may crush you without being aware." That is a good enough advice to people. Don't go out and demonstrate. What can we do? If Allah has chosen for you the best of you as rulers, then thank Him. If Allah has chosen for you as rulers your worst of people then at that time you must enter your homes and not demonstrate. That is the time, O Arabs, O believers, O Muslims! Why are you demonstrating in the streets with your women? Having men and women together in the streets is haraam. Don't you know Shari`ah? What right do you have to take your ladies in the streets for your demonstrations? Allah (swt) said in respect of ladies, "Stay in your homes."

••••• •••••••••••• ••••••••• •••••••••••••••• •••••••••

Wa laa tabarrajna tabarajj al-jahiliyyati 'l-oola. Stay in your homes and do not decorate yourselves like the decoration of the first Era of Ignorance. (Surat al-Ahzaab, 33:33)

O Ladies! You are bringing calamities to the ummah. How do those men allow their women to show themselves in front of all people and in front of the enemy? Why are you taking your children on these streets and putting on their heads covers and then wandering around? Why are you wandering around? Don't you

not know, O women, that your voices are haraam for men to hear? That is the Shari`ah. Why are you going out when Allah (swt) said that women should stay at home and not decorate themselves like in the first jahiliyya?

At the time of jahiliyya women used to demonstrate with their men. Where is Islam? Where are your scholars? Where are the kings? The Lord of Heavens wants to discipline you so you don't forget. Demonstration is forbidden according to the people of Truth. Do not demonstrate. Either stay in your home or go to the Houses of Allah. You are demonstrating and saying, "Leave! Leave! Leave!" What is this? Don't you have a mind? Why not enter your mosques and call upon Allah, saying, "RabbunAllah, hasbunallah. RabbunAllah, hasbunalla. RabbunAllah, hasbunallah," in the houses of Allah. The market is for the congregations of shaytans! Why go out in the streets? Instead, enter your mosques and recite, "Yaa Ghaliban ghayra maghloob! Yaa Ghaliban ghayra maghloob! Yaa Ghaliban ghayra maghloob! Yaa Ghaliban ghayra maghloob!" Tawbah, yaa Rabbee. Tawbah, astaghfirullah. Tawbah, yaa Rabbe. Tawbah, astaghfirullah. Tawbah, yaa Rabbee. Tawbah, Astaghfirullah. Didn't you hear Allah's words?

**•••• •••••• ••• ••••••••• ••• •••••••• •••••• •••••••••••• ••• •••••••••••••**

Inna Allaha laa yughayyiru ma bi qawmin hatta yughayyiroo maa bi anfusihim. Verily, God does not change men's condition unless they change their inner selves. (Surat ar-Ra`ad, 13:11)

Have you not heard the words of our Prophet?

**••• •••• •••• •••••**

Kamaa kuntum yuwalla `alaykum. Your rulers will be of the same nature and character as you are.

Both sides (rulers and nations) have the same character and therefore Allah (swt) has put you against each other. If you have kept Allah then you will enter the mosques, pray two raka`at and then say, "Rabbunallah, hasbunallah. Rrabbunallah, hasbunallah. Rabbunallah, hasbunallah," then say, "O our Lord! We are Your weak servants, remove our oppressors. You are our Protector and our Supporter. O Victorious One, (Who is) never defeated!" Why don't you go to mosques? Why go out in demonstrations after Jumu`ah prayer? Why? For fitnah. Prophet (s) said that both the killer and the killed will be in the Fire forever, so why go out? The mosque is the place to call your Lord!

•••••• •••••••• ••••••••• •••••••••• ••••• ••••• •••••••• ••••• •••••••••••• •••••••••••• •••• ••••••••••••

Qaalaa Rabbana zhalamna anfusana wa in lam taghfir lana wa tarhamna lanakoonanna min al-khasireen. The two of them [Adam and Eve] said, ‘O our Sustainer! We have sinned against ourselves, and unless You grant us forgiveness and bestow Your mercy upon us, we shall most certainly be lost!’ (Surat al-A`raf, 7:23)

Within one hour all armies will leave you alone and go to their homes, but you are not following the basics of Islam. The streets and the markets are the centers of shayateen. The mosques are where believers should gather and pray, "You are our Lord! You are our Lord! You suffice us. You are sufficient for us!" Our Lord is sufficient for us. Why not do that? Who will save you? You began on the false and wrong step and you left the basics of Islam, until Allah will send down on you the worst kinds of rulers. Everything must be based on principles. Allah (swt) said:

••••••••• •••••••••• •••• ••••••••••••

Adkhul al-buyoota min abwaabiha. Enter the house from the doors. (Surat al-Baqarah, 2:189)

••••••• •••••••••••• •••••••

Wa inna al-masaajida lillah. The mosques are for Allah. (Surat al-Jinn, 72:18)

The mosques are the houses of Allah so "enter them in safety." Come to the house from the doors, not from windows or from roofs or from behind. No! Everything has its principles. Until the nation learns, the leaders are saying, "We will not leave, because you are mistaken. If you want to change us to someone else, you must follow the principle that you ask Allah. If Allah orders me or puts inspiration in my heart, I will leave, and not by public demonstrations!"

Subhaanallahi 'l-Aliyyu 'l-`Azheem. In Islam, haraam is clear and halaal is clear: mistakes are clear and the correct way is clear. Why is this happening? Today is a time of fitna. People are following shaytans that are bringing them to a place of slaughter. Tawbah, yaa Allah! Be in the mosques and recite:

•• •••• ••• •••••• •• ••••• ••• •••• •• ••••• ••• ••••

Yaa Ghaaliban ghayra maghloob! Yaa Shahiddan ghayra magheeb!, Yaa Qareeban ghayra ba`eed! O Victorious One, never defeated! O Witness of All, never absent! O the Close One, never far away!

If you do this, within 24 hours everything will be corrected, and this is how to do it. We have no power, but The One with power has Lordly power; He leaves you until you call on Him.

O Servants of Allah, the Righteous Ones! O rijaalAllah, men of Allah! Help us by the help of Allah, despite the noses of Wahhabi and Salafi. Help us, O men of Allah, with the Help of Allah!

That is our address, after which there are no other words. For who accept these words, forty days is enough (to change your situation). Don't leave one Salafi or Wahhabi! Who reject these words will not be left up to holy Ramadan! Allah is the One to assert Truth. You are Sultan and You are Glorious! Show Your power, yaa Rabb, from the weakest of Your servants.

Fatihah.

## ”O our Lord - save our souls!“

Meded, ya Sultanu-l Anbiya, Meded, ya Sultanu-l Awliya, Meded, ya Rijalallah!
Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim,
La haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Adhim.

As-salamu alaikum!

It is a short association and we are trying to follow the ways of holy people. And who is living on earth- billions of people are living- they are two kinds of people: Holy ones and unholy ones.

I was once passing through Switzerland on my way from London to Cyprus. There is a famous monastery St.Nicolaus (von der Flüe), always (when) I am passing, his spirituality was asking me to come closer and he was taking familiarity from my spirituality. I was passing and coming there, stopping and visiting the monastery and his tomb also. Once I was there, just I visited and (I was) coming out, a person (was) coming and he said that: “I am priest of this monastery” and I was addressing to him: “Your

holiness." He said to me: "I am not a holy one. If you are saying 'holiness', holiness inside, buried there, but I am ordinary priest, I am not holy one." I said to him: "What about (the) Pope?" "He is not also a holy one; he is also a person that (is being) appointed by some group of religious people (that) we are saying 'Cardinals' (for them).

('His) Holiness' that is a grant and blessing from Heavens. Whom they are appointed by someones on earth, they are not holy ones. ('His) Holiness' is a rank that (is) granted from Heavens to the Lord of Heavens' servants." I said: "What you are speaking, it is true. When they are appointed by governments, they can't be holy ones."

To be '(His) Holiness' that is something belongs to Heavens; that is not a reward or such a thing that people may give to anyone. Yes, I may dress (something that looks) like (the) dress of Popes or Saints- their clothes is holy clothes, as we are looking- but inside, no. Don't think (that) if a person (is) dressing what dresses (a) holy man, (he is) going to be (a) holy one, no! Clothes we are understanding, but not that person.

We are speaking on that point that people must know (that) some of them are holy ones, and mostly they are ordinary people. For example: Can't be a person King, (even) if he is going to dress (a) Kings dressing; (and) even (if he is) putting on his head a crown, he is not going to be a King, no. But now (this imagination is) through whole nations and people are not asking who is holy one or not. They are not understanding what is (the) mission of (the) holy ones.

People now (are) going to be (all) on the same line that their mission (is) to work for Dunya. Who (is) working for Dunya, he is not a holy one, no. Who (is) working for his Lord, he is holy one. Holy one is a

clean person, (there is) no dirtiness on them for Dunya, no, but who (is) working for Dunya, they are all of them just going to be dirty from Dunya. You may say: there is a pond; who is swimming in that pond, (in a) clean one, he is clean, but who (is) falling in(to) a dirty pond, he should be dirty. Dunya is dirty and we are not created for Dunya, no, we are created for the Lords servanthood.

Who (is) choosing to be (the) servant of his Lord, his life is clean and he is reaching through his cleanliness his Lords divine Presence. (That is for the) clean ones. Who (is) choosing Dunya, all of them (are) just coming in(to) a dirty pond and they should be left through that dirty place. It is so clear, so clear!

All Prophets that came, that have been sent- they are all of them chosen ones- they were saying (the) same thing. Don't think (that) Adam a.s. was saying other words than what we say now. Don't think (that) Noah a.s. was calling his people to another station. Don't think (that) Abraham a.s. and his sons, grandsons and (the) lines of Prophets through (the) 12 tribes (of Israel)- thousands of Prophets-, don't think (that) they were calling people to Dunya, no, but they were calling them to be for their Creator, the Lord of Heavens: "Come and be servants for your Lord Allah Almighty!" (And) Shaitan (is also) calling people: "No, you must try... you must run after Dunya and you must try to enjoy your physical being with so many things from Dunya!" Shaitans' calling (is) that! (And) all Prophets just called.

Now we are living in a time (where) there is a Muslim world (and) there is a Non-Muslim world; Non-Muslim world means: Christian world and then Jewish world- that they are also Book-given people (people of the book), all of them- and (then) there are so many millions or billions (of) people, (that) they are never taking care or (who are) never interesting

in Holy Books and (in) following some ‘ways from old time(s)‘.

And now the representatives of (the) Muslim world, the representatives of (the) Non-Muslim world, the representatives of (the) Christians, the representatives of (the) Jewish faith- all of them (are) never getting a power for defeating Satan from people. Satans power (is) coming over their powers! They are in such a way that their faith (is) not enough for defending Truth and the Lord of Heavens sent all Prophets and their real inheritors, (as) defenders of Truth. And Truth (is) coming from Heavens. Truth is not from earth; the Balance of Truth (is) coming from Heavens. Every balance that they are doing now- nations and their religious people-, their balance (is) from earth, (and) therefore they are not able to make (a) defence or to be defenders of Truth.

They are following their egoistic interests; they are interesting only for Dunya and can’t be able to be defenders of Truth first of all that we must do our defence to make people to believe in (the) Lord of Heavens, their Creator. And secondly we must do our defence for defending that: “O people, take your true ways according (to the) Rules of Heavens that just had been sent through His chosen people, honoured people, that they are Prophets!” (But) we are not saying: “How we are going to be defenders of Truth?” (and) therefore Truth- now (among) perhaps 6 billion people- you can’t find even one million people to be real defenders for Truth.

That means: all our destinations through wrong heads (in the hands of people) that are not knowing (anything about the) true destination of mankind; and we are accepting them and following them and (so) we are going to be defenders for Shaitan, defenders for shaitanic ideas. Now people (are) defenders of satanic ideas and works and activities, that what they are doing (is) carrying heavenly Cursing

on earth!

What do you think (about) now, today, through East and West, from North to South? You think heavenly Blessings (is) coming on earth or Cursing coming? Cursing (is) coming, because we are not defenders of Truth, (we are) not following (the) Prophets and their real inheritors. That is it, nothing else!

People (are) running to do this, to do that, to stop this... (Then they are) stopping that and beginning another cursing there, coming another... Every day and night another kind of cursing (is) coming, unexpected... unexpected... until they are saying: “O our Lord, save ourselves!”

If a ship (is) going to sink, (it is) giving (an) announcement: “SOS...SOS...SOS!“ (They are) calling. What does it mean SOS? “O people, we are going to die, save our souls!” Not your souls! (If they were) saying: “SOB, SOB, SOB“ it is better, because people can’t say, ordinary people can’t say ‘souls‘. (Therefore they) may say: “(SOB- Save our) bodies, without (the) souls.” Why not sending- they are sending that announcement through 4 directions- (and) calling: “O people, we are in a dangerous position. (The) ocean (is) going to swallow our ships and ourselves! Please, quickly reach to ourselves and save our bodies, not souls!” Why (they are) not saying (this)? These people, 21st century people, why (they are) not sending their announcement: “O our Lord, save our souls?” Why not saying?

People (are) running through (the) streets, Muslim people, for a nonsense person drawing. That is (the) Islamic way? No! Why (they are) not going to (their) mosque and saying: “O our Lord, You said, You promised for Your beloved servant that You are going to be Guarantor for him! Please, send us armies from Heavens, as You did some time (ago as)

we are believing. Send (them to) us to destroy their technology, their nuclear weapons, send (them to) us to destroy their whole nuclear bombs!" Why not saying? (Instead they are) on streets, burning cloth (flags)! That is Islam that saying our Prophet and our Holy Book? Written in such a way? Allah knows!

Therefore I am saying that I heard a punishment is coming for the inhabitants of this world: One punishment for (the) Non-Muslims, seven punishments for (the) Muslims, because they lost their way! Keep yourself! Run and ask (for) holy ones! One holy one may shelter you, but 1ooo regiments cannot shelter you.

That is the head of crises and that is its treatment. May Allah forgive me... Therefore ? coming, I am saying: "O our Lord, send us Your Sultan!" Sultan means who has heavenly Power!

I was in Damascus at the end of the Second War- no one was born from you- and the French forces were bombarding from Mezza; it was a center of army, protected with everything. They were bombarding Damascus and we looked and saw that one shell (was) coming on S.Yahya, Yahyas tomb. Just appeared a hand, taking that shell and throwing (it) away. And I was also looking (and seeing that) in Homs, (a) famous place in Syria (already in the) time of (the) Christians and after (the) Christians (in the time of the) Muslims. They were bombarding from Kel'a, (a) sheltered place, and (the) army (was) there and (they were) bombarding. I was in S.Khalid ibn Walids mosque- (may) Allah bless him- (and there was) also coming a shell (and it was also) passing! And they were taking as their target to destroy that holy tomb of Prophets people, S.Khalid ibn Walid r.A. Only one piece (was) coming on (the) minaret and (it was) falling down. I was there. That shell (also) passed away!

We have power! We are not weak people! Now- we are weak people, but (the) inheritors of (the) Prophets have such power! But people are not believing in holy ones. They are finished... Therefore every day one punishment on (the) Islamic world coming, coming, coming...

May Allah forgive us and bless you for the honour of the most honoured one in His divine Presence S.Muhammad sws, Fatiha.

## Through this meeting our egos (are) going to be imprisoned

Meded, ya Sayyidi, ya Sultanu-l Awliya, Meded, ya Rijalallah, Meded, ya Ashabu Nauba...Audhu bi-llahi mina shaitani rajim, Bismillahir Rahmanir Rahim, la haula wa la quwatta illa bi-llahi-l ‘Aliyu-l ‘Azim...alhimna rushdana...

At least (the) benefit for such a meeting is (that during) one hour or less or more (that) we are through this meeting our egos (are) going to be imprisoned, because if you are leaving it, it is going to do something (that is) hurting people, harming people, giving trouble. That is its nature. Always (the) ego is (a) trouble maker, because its teacher is Shaitan and Shaitan (is) never teaching to his students or followers or servants, only (he is) saying: “As much as possible make trouble and give harm to mankind.” (This is the) main target for shaitanic teaching: only he is asking to take his revenge from mankind, to make them in trouble here and Hereafter.

Therefore (the) main purpose of his teachings is to make people troublemakers and first (of all he is) using people, making big big advertising for his teachings, saying: “We are ‘positive knowledge representatives’ and beyond that we are not accepting anything. Positive- you must be positive perspective.” Trainings centers of Shaitan all these... after teaching (centers there are) training centers (where) Shaitan (is) teaching (them) how they should harm (other) people with troubles and Shaitan (is) teaching (them) to make countless

troubles for mankind. And (for all the) unsolved problems for mankind that is (the reason). Through universities, academies, colleges, O level, A level, eschek level- they are teaching centers. Then (he is) sending (the graduates) to (the) community for training, practising (as) practitioner... countless... Subhanallahi-l ‘Aliyu-l ‘Azim!

And all shaitanic efforts, high-level efforts, (are) trying to make people troublemakers. And, for example, (they are) giving to an ox one tablet poison. Then, when that ox (is) getting ill, (they are) calling (the) vet. (He is) coming (and asking): “What happened for that ox?” “We gave a tablet to make it more strong, but coming more trouble.“ “Ah. We must use another one, trying, till we are killing ox. Before killing, if we are getting hopeless, when we are getting hopeless, you may cut it, you may slaughter and give to people and people (are) eating, coming another illness to people and we are going to treat them...”

Beware of Shaitan! Everywhere that there is (a) trouble, look, that is a person sitting on that center, who is (a troublemaker). Who is going to be most troublemaker, he is getting up. If (they are) calm people, never giving trouble people, they are on base, never giving trouble people. And others according to their trouble making, they are getting ranks, ranks, ranks. Top rank (for the) much more troublemaker. Sometimes (they are) using some people that are not troublemakers, but Shaitan (is) taking such people for his advertisement: “Look, such good person also we are putting (as) President, putting (as) Minister, (putting as) Commander in chief” and under it (it is) full with mines. Putting them first to make them, when explosion coming, uhhh... first they are going and they are downstairs, (saying:) “Ohhh, we are very happy these people going! Now power (is) in our hands...

Troublemakers, beware! But no one (is) taking any care that Shaitan is the source or Shaitan is (the) ocean of trouble and every troublemaker must belong to Shaitan and Shaitan must graduate that person and (he is) giving a useless title: “You are Dr”, means: “You are on behalf of myself. You must go through (the) community and move people to make troubles, ordering hundreds of people, thousands of people to come together and to shout, to ask much more troubles. And they are in (a) good position, but Shaitan making them... injecting in them, to say: “No, you must ask more” and (the community is) saying: “Ya Hu- we are in troubles”, and saying: “Trouble only may leave you through another trouble”, and trouble multiplied with trouble going to be double (trouble). Shaitan (is) saying: “No, now you are in trouble. Make a big meeting, ask freedom, to be more free for troubles, because your rules (are) preventing you to do more troubles

individually or through community!”

Now everywhere (is) just full with troublemakers. (Shaitan is) making people to sacrifice their most precious life to make much more trouble; putting on himself bombs, explosive things, tying on himself or herself, giving their precious life to make much more trouble. Sacrificing him or herself. What is your hope, if you are not taking care for troubles, the sources of troubles, coming from Shaitan? Shaitan is (the) most terrible creature on earth for the Children of Adam, asking to make much more trouble, so that no one (is) going to be happy through their lives. And they are asking endless wishes or desires, asking more, giving more, asking more, giving more, asking more... and it is going to be like a circle- (a) person (is) running on it, running on it and never ending their desires for freedom. They are not getting satisfied (with) what is going on (on) earth from troubles; (they are) asking to be able (to do) more trouble, they are asking to shoot people, to kill people, but (that) no one (is) touching to them. That is 21st century’s civilization! Puh on such civilization that (is) all against (the) Children of Adam and they are the followers and representatives of Shaitan.

Therefore we are saying here: At least (the) benefit of this meeting (is that) we are keeping ourselves, our egos even one hour, ½ hour or more, to imprison our egos here, because our ego is going to do something that is no good. There is a good word in Arabic literature: “Naumu dhalimu ‘ibada..” (The) sleep of a representative of Shaitan, dhalim, (is his worship). Who is dhalim? Who (is a) first class troublemaker, that is dhalim.
Through historical periods we are knowing some oppressors that for satisfying themselves they were asking for their eating (the brain of man), (as) Shaitan (was) teaching them: “You must eat (the) brain of mankind” and daily so many people were killed and taken their brains to that representative of Shaitan. In such a way, that is dhalim, oppressor, first class, that have golden medals from Shaitan to be first class Number One representatives. They are giving trouble to people and they are getting happy as Nero, one of the famous representatives of Shaitan, that he burnt Rome and he was laughing. Even he was in such a big pleasure as a man sleeping with his wife, how coming, he was looking burning people through Rime, and he was (in) such a position happy to do that trouble, big trouble for Romans, Italians... they are first class... And now like Nero countless Neros and also in our time countless Nimrods, countless Pharaohs- from miniature-size up to king-size ones.

Therefore a cleaning (is) coming from Heavens to take these monsters. Must come! Earth needs a big

cleaning and we are looking that (a) cleaning (is) coming. Before Mehdi a.s. (is) coming, people (are) going for their 'muhasaba', trying to take their revenge one from the other and (they are) killing themselves by themselves.. As Allah Almighty (is) writing on that nation of Muhammad sws that (a) revenge (is) coming now- they are killing each other; therefore don't say: "What (is) happening daily in Baghdad, daily in Turkey, daily in Spain, daily in Germany, daily in East, in West..."- don't say! (A) cleaning (is) coming! This (is) only (like the) small drops before a windy storm (is) coming on a city. When (the) full power of cleaning (is) coming, (it is) going to remain from 6 people one. 5 (are) going to be taken away, dirty ones. Who are dirty ones? (Those) who are representing Shaitan and who are giving trouble to people. Be far away from them! Don't give your support to them, don't elect them, don't follow them, or (else), if you are supporting Shaitan's representatives, oppressors, you should be punished as they are going to be punished.

May Allah bless you and forgive me, for the honour of the most honoured one in His divine Presence, S. Muhammad sws, Fatiha...
Shaitan is showing himself so big... but, when the permission is coming, even an ant can finish him ...

## Our Real Identity Will Leave Us Stunned, Bewildered!

Dastoor yaa Sayyidee (Mawlana Shaykh stands) La ilaaha illa-Llah, La ilaaha illa-Llah, La ilaaha illa-Llah Muhammadun Rasoolullah `alayhi salaatullah as-salaam, alfu salaat alfu salaam `alayka wa `ala aalik wa as-haabika wa `ala ummatika yaa Sayyidi ‘l-Awwaleen wal-Akhireen . Ishfa` lana yaa Sayyidee, yaa Rasoolullah! (Mawlana Shaykh sits)

Thumma salaamu `alayk, O our imaam, Qutb az-Zamaan, Saahib az-Zamaan. We are asking from our Grandshaykh, who is responsible for this planet. We are asking heavenly support and we are saying, a’oodhu billahi min ash-Shaytani r-rajeem. That is like when a person shoots a bullet to the target (bullseye). There is a qaa’ida, “commander;” a bullet goes on it and falls down. When we say, a`oodhu billahi min ash-Shaytani r-rajeem we are shooting Shaytan, because he is attacking us! When he attacks, Allah Almighty orders, “Shoot him!” So say, a`oodhu billahi min ash-Shaytani r-rajeem, and then Shaytan is shot down, until he stands up and makes another attack after some time passes.

O Attenders! At any time you feel Shaytan is attacking you, just say, a`oodhu billahi min ash-Shaytani r-rajeem. Arab Muslims are saying, a`oodhu billah, not completing the saying, a`oodhu billahi min ash-Shaytani r-rajeem. From whom we are seeking protection? From Shaytan and min `amili sh-Shaytan (the works of Shaytan)! And we are saying, Bismillahi 'r-Rahmaani 'r-Raheem, (Mawlana Shaykh stands) to come

a power. We are weak ones and when we say, Bismillahi 'r-Rahmaani 'r-Raheem, we can shake from east to west, west to east! You must know it is not easy to say, Bismillahi 'r-Rahmaani 'r-Raheem! (Mawlana Shaykh sits)

Dastoor, yaa Sayyidee. O our holy teacher, we are asking for a support from you and saying, Bismillahi 'r-Rahmaani 'r-Raheem! May our Lord, Allah Almighty, forgive us and bless us. We are here, a handful of people, a handful of servants, but we are not knowing servanthood. As-salaamu `alaykum, our attenders. Perhaps you know everything, therefore you are saying, "We know it."

O our Attenders! As-salaamu `alaykum once again to Salafi `ulamas, Salaafiyoon, and they are followers of Wahaabiyoon. You are saying, "We know everything." You know perhaps so many things, but you do not know you are servants; instead you think you are something! All Salafi `ulamas think, "We are VIP level `ulamas!" You may claim that, but I am a weak one. I must ask you, "Are you also servants, Wahabi people? Or is Allah Almighty appointing you on a level that you are mustassa, exceptional servants? Yes, I am asking. About myself I say I am a weak servant, but I am not knowing really what is servanthood. And I am asking Salafi `ulamas, because you are claiming you are going to make an islaahaat, a correction or reforming, or a new arrangement for Muslims.

What is your program? From which point are you asking to teach people, for which direction? You claim, "We are coming to correct people because they are on the wrong way." They may be on the wrong way, and you are not, so tell us what is the true way? Say! What is the true way for Mankind? Give that name. What is the true way for humanity? Say it, so Muslims will listen in the east and the west, throughout the Muslim world, and others who are also interested in Islam. For the whole world, it is time that all people must be interested in the reality of Islam! The whole world has now reached that point because they are feeling themselves as something in space, with no base to sit on or no space to stand upon. Now all people do not know what they should do, sit down or stand up? If they are asking to sit down, there must be a base on which to sit. And if they are asking to stand up, also there must be something to stand on! What is that base? What is that, Shaykh Hisham Effendi? What is that base for 21st century people?

Those who are living in the 21st century are asking that important question. Very, very important. "Are we sitting or are we standing?" We are feeling we're not sitting and not standing, because without a base we can't

sit down or stand up. And now all people from the east and the west, from the north to the south, feel we are without a base. How can it be? Without a base, what can we do? Now there is a beginning, and people's inspirations are beginning to work and they are beginning to come from their outside to their inside. That is very important.

Now people are beginning to ask themselves, "Who are we? Where are we? To where are we directed?" They are asking for their identity's beginning, because the Lord of Heavens just granted to them such a technology that Man is going to be hayaar ta`ajab, (stunned, bewildered, amazed) on the last point they will reach. Everything from technology is making them fall in Bahr al-Hayrah, Bahr al-Qudrah, Astonishing Power Ocean. Our Creation is such that we are asking, "What is after this? What is after that? What is this? What is that?" They're asking to know, and this ability is a grant from Allah Almighty to Mankind!

Mankind, through their material being, has reached to a point that beyond that limit they are astonished. Now they are beginning because they reached the last limit on the last horizon of their material being's understanding, and their ability and capacity up to that point has just finished. But they are asking for more, "Why are we here? In which direction now must we move? We are in existence? We are on a planet? But according to our knowledge, anything in existence must have a base to stand on. On what are we sitting or standing?" They are looking and thinking. We are asking, "What is the base of this bid globe, Earth? Is it sitting or standing on it? According to our knowledge, the solar system is something from material being, so it must sit or stand on something." Now they are beginning to ask.

Therefore, we are asking to our Salafi `ulamas, what do you think about this? Are we sitting or standing, and on what? Are we sitting on a kursiyy, chair? If so, then everyone must be a chairman! For whom are we going to be chairman? (Nabeel says, "Each other.") (Mawlana Shaykh laughs) Ehhh. Yes, "For each other," he says. That means Shaykh Nabeel must be a chairman, man must be a chairman for his wife and his wife must be a chairman for Nabeel. (Mawlana Shaykh laughs) For what? Yes? If sitting, we need a chair to sit on. That means the whole world's people are becoming chairmen. (Mawlana Shaykh Hisham says, "Not chairwomen, Sayyidee?") No one is without 'chairmanhood.' Honor them with being a chairman. But to whom?

To be chairman for Salafi `ulamas because they are always standing up? Stand up, our chairmen and say! What is the problem? We are standing or sitting? Say! Say we are standing for Allah Almighty! (Mawlana

Shaykh stands) We are sitting for His most honored one, Sayyidina Muhammad (s)! (Mawlana Shaykh sits) Now we are on an important point. What was our purpose to be in existence? Yes? What did he (s) say? Say! What is our aim of being existence? To stand up or to sit down? Without an aim, are we going to be in existence? Can't be. Therefore, I am asking our Salafi `ulamas, what is the real purpose, maqsadun asliyy, the main target of why we are in existence? Who is bringing us in existence? For what is He is bringing Man into existence? What is the main target? Yes, that is important.

And now, the whole world is beginning to come and ask that question, believers or non-believers, wrong believers or true believers. They are asking, Yaa Hu:
"O, my friend, for what are we in existence? What do you think about it?"
And the second one is saying, "O my brother, I learned of such a daleel proof , such mushkil, problem. It is not such an easy problem. We must ask one who knows what is our real aim to be in existence."
"Yes, yes. From whom you may ask?"
"You may ask from His Holiness, the Pope, whose nation is the Christian world.."
"But we must ask one person from our learned people. Who are they?"
"Those who claim that they know everything, saying, 'Everyone beyond our group are all on the wrong way, not knowing anything!'"

If they are not knowing, then say so! They are Salafi `ulamas with Wahabi people at their tails! Ask them what is, maqsadun asliyy, the main target. I don't know. I am asking you, what is the main target for Mankind to be in existence? Say what is it; to reach imitated titles, is that your main target? To be said you are "learned ones, Doctors of Shari`ah, Salafi `ulamas"? Is that your main purpose? What do you think? Say! I am asking, I don't know. You say! Why are you not saying, "We have been created for servanthood." Is there anything else? Say! Why are you not doing, why are you not teaching people? You only accuse people, "You're wrong, you're wrong, you're wrong.You are making haraam, kufr, shirk, bida`!" Say truly, for what we have been created? You know and therefore you must say, we have been created for servanthood!

Are we servants or judges? Everyone is a servant. And you must say daily to people that our main purpose for being in existence is servanthood! Say to kings and sultans, "You are also servants and must perform your servanthood perfectly, because your title is an imitation; the real title is servanthood!" When you know this, you can find a base on which to sit or stand. Without this you are on air, finished. Yes, we must declare this

daily; five times the muezzin is calling people to do their servanthood for their Lord, Creator of all Creation. What are people doing now, when the adhaan, is calling people to their servanthood? What are they doing? Where are your orders, warners, that must say, when the muezzin is saying "Allahu Akbar!" You must call people, “come to your servanthood. If you are not coming , you are such a thing, on air, with no base for sitting and no base to stand up. All your efforts are going to be wasted, wasted, wasted.”

That is our main purpose that Allah Almighty is saying for His most beloved Prophet (s):

••••••••• ••••••• •••••••••• ••••••• •••••••••••••••

Wa dhakkir fa inna ‘dh-dhikra tanfa` ’l-mu’mineen, Remind, for verily the reminder benefits the believers. (Suratu ‘dh-Dhariyat, 51:55)

(Mawlana Shaykh stands and sits) O our Attenders! We are calling you and all people for your servanthood! There is a good word, al-insaan murakabu min an-nisyaan, “Man is composed of forgetfulness.” Is there a reason that Man is always forgetting? Wa dhakkir. Don't be tired. For 23 years, the Seal of Prophets (s) reminded all nations, "You are servants. Come and give your servanthood in the Divine Presence.” If you are not doing this, your lives here and Hereafter are going to be poison. May Allah (swt) forgive us. As-salaamu `alaykum.

(Sultan prays two raka`at salaat ash-shukr)

Fatihah.

(42 minutes) Mashaa-Allah.

## Our Tariqat Is Through Sohbat

O Qutub Al Mutasarrif, Mubarak! We are asking permission to say a few words for the purpose of destroying unbelief; to put the world of unbelievers under our feet! Dastur. O the one who holds the elements! Marhaba O beloved ones! O beloved friends As Salam aleikum.... Ya Sultan Al 'Awliya, Ya Shaykhuna wa Mawlana.

M: Masha'Allah! La Quwwata illa Billah. Our way is through association & goodness is in the gatherings. Always our Sheikh & Sultan of Saints used to say it These are the words from Shah Naqshband First of all we say Bismillahi r-Rahman r-Rahim. To be a Muslim is an ocean. The Islamic religion is not a cup full of water. Let us say Bismillahi r-Rahman r-Rahim for our assembly to open. The crown Allah (swt) gave us, the mercy of Islam, its crown is Bismillahi r-Rahman r-Rahim. The servants of Allah (swt) must place the crown on their heads so nothing touches them in this world & in the Hereafter. Allah Allah! May Allah (swt) never deprive us of the Basmala Sharif of its power. It is the crown. Nothing bad will strike you in this world or in the Hereafter.

Bismillahi r-Rahman r-Rahim is the crown that was dressed on the people from Heavens with Allah's (swt) order, the people of Islam. People are searching, for a crown to put on their heards. What crown? They want a crown, that is ornamented with jewels - that has no value in the eyes of the people of Truth. The crown...Allah (swt) gave a crown to the nation of the Beloved (saws) "Innahu Min Sulaymana Wa Innahu Bismi Allahi Ar-Rahmani Ar-Rahim"(27:30)

Bilqis, the Queen of Sheba... the Queen of Sheba, once she saw the message, and the first thing it said is"Verily it is from Suleyman. And verily! It is in The Name of Allah the Most Beneficent the Most Merciful.(27:30) Once she saw this... That message, the earth under her throne started to shake. It was going to collapse. It was going to collapse. The Queen of Sheba, Bilqis, she & her

throne started trembling. And the world also was shaken. Dastur Ya Rijal Allah! Bismillahi r-Rahman r-Rahim. It made her tremble "Innahu Min Sulaymana" but, Wa Innahu Bismi Allahi Ar-Rahmani Ar-Rahim"(27:30)O our Lord Subhana Allah O our Lord, You are Subhan, You are Sultan. He (swt) granted to the nation of the Beloved (saws), that crown of Bismillahi r-Rahmani r-Rahim, we are crowned with Bismillah Ar-Rahman Ar-Rahim. Place it on your head. Put it on your head and do not fear. Allahu Akbar Al Akbar! We are have started with Bismillahi r-Rahmani r-Rahim, how beautiful. What an honour & glory! It is the highest honour for a person to be dressed with Bismillahi r-Rahmani r-Rahim. Put on your heads Bismillahi r-Rahmani r-Rahim nothing will strike you in this world or in the Hereafter.

Our way is in association & goodness is in the gatherings. Shah Naqshbandi Hz. used to always say this. Our way is in association & goodness is in the gatherings. "And do not be divided & hold fast.." (3:103) O Arabs! What does Allah(swt) says"And hold fast, all of you together, to the Rope of Allah and be not divided "(3:103) How when they bring the Holy Verse on Judgement Day, in front of you "Wa A`tasimu Bihabli Allahi Jami'an Wa La Tafarraqu" (3:103) I am not... Arab, but I am related to the the Prophet of the end of times, Habib Allah (swt). I am honoured to be from the nation of the Master of beginning to end. Allah Allah! Our way is in association, look at that. Sultan Al Awliya' used to say, Madad! They give me support. Our way is through the sohbah & goodness is in the gatherings. "Wa La Tafarraqu" (3:103) He (swt) tells us not to be divided, but be all one hand. If you were all one hand you would be supported. The people of Heavens would support you, I am shy to say that Allah(swt) I am shy... I am shy.
Why do you have to reach to Allah (swt)? Otherwise what is the job of the people of Heavens. The people of Heavens will support you. Allah, Subhana Allah! Al adab! Good manners! One from the good ones, from the sincere ones, from the dervishes said that "I was looking for the gatherings of the Faqirs/Dervishes. The Faqirs.... are the ones that present their needs to who can fullfill them. Do not say Allah (swt) will fullfil our needs. What is that? What is that? "Qalat Namlatun.."(27:18) It was calling to its Lord... Its Lord... What is that? From them the addressing, by the Order of Al Bari (swt) "one of the ants said.." "Qalat Namlatun.."(27:18) Who made her speak? Who made her speak? Her Creator. "One of the ants said..."(27:18) For what purpose? The Holy Verse, relates the story of the ant. Who claims to say "I know the amount of

existing ants." What machinery is able to count them, and is able to give to them their needs. You see what Allah (awj) makes.
"Qalat Namlatun.."(27:18) Subhana wa Ta'ala. He (swt) made the ant speak. "Qalat Namlatun Ya Ayyuha An-Namlu Adkhulu Masakinakum..."(27:18) Allah! The addressing, "One of the ants said: O ants! Enter your dwellings" (27:18) It warned them... If we speak to the end of the world we won't finish. S.B.: Masha'Allah! M: It never ends. Our way is in association, Once, when I was young, I was studying a book, I was reading a book about an ant An ant... the story of the ant, a very long story ooohhh! The ants said, who knows? Who created them knows. Glory to the One. The Glorification of Al Rahman... "What are you doing?" "I am making tasbih to my Lord." I am praising & glorifying Him (swt) Innaka Hamidun Majid. Subhana Allah, wa Al Hamdulillah, wa La Ilaha illa Allah, wa Allahu Akbar. Allah (swt) Dhul Jalal Hz. He (swt) is Who Created her and all the movements of the ants, it must be, are under the vision of the Heavens. "Qalat Namlatun.."(27:18) The letter "Nun" at the end gives greatness. The letter "Nun" at the end gives greatness. What does the ant know? But it is moving under the skies. The Prophet Suleyman (as)...An ant was walking on the face of the earth. Glory to Who made her hear the sound of the soldiers of S. Suleyman (as). The soldiers of S. Suleyman... Allah (swt)... she heard and she warned the ants. "Qalat Namlatun.."(27:18) The letter "Nun" at the end gives greatness. .."Ya Ayyuha An-Namlu Adkhulu Masakinakum La Yahtimannakum Sulaymanu Wa Junuduhu Wa Hum La Yash`uruna" (27:18) It took the news. How did this ant get the news? And nowadays these unbelievers they are so proud. They say "We have all the means to broadcast the news live in any direction we want." Immediately...
Our way is in association with the children of Adam (as). Allah (swt) has honoured mankind, we say people... He (swt) did not give this honour not even to the angels. Our Lord does what pleases Him (swt). He (swt) Creates as He (swt) Likes & pleases Him (swt). Allah (swt)! No harm will touch you, Allah (swt)... protects...protects even the ants, He (swt) does not let any harm touch them. Allah (swt). An ant, no harm may reach it. No harm reaches them. They are protected by our Lord (jwa) Who Created them. "Enter your dwellings" (27:18) Their dwellings? Where are their dwellings? Allah (swt) Knows. Basmala Sharifa, Suleyman (as) used to rule over all people & jinn. With what power?
"Verily it is from Suleyman. And verily! It is Bismillahi r-Rahman r-Rahim."(27:30) He (as) used

to rule over all worlds, all animals, all people & jinn. If people & jinn obeyed, what about the rest of creation? Of course they were under his orders. "Verily it is from Suleyman (as)... Bismillahi r-Rahmani r-Rahim, it is a sharp sword. And it is an honour without end, place it on your heads. Place it in your homes, between your words. Start everything with Bismillah and finish everything with Bismillah. And do not fear... Allahu Akbar Al Akbar! Our way is in association & goodness is in the gathering. I was thinking... In my heart I had a few words to speak about some important things. But there is no time to explain. If I start to explain up to the end of the world I will not finish. What is it you know S. Adnan?

S.A.:Bismillahir Rahmanir Rahim.

M: After, Bismillahir Rahmanir Rahim. The Master of the beginning to end, Rasul Allah (saws) Prophet of The Lord of the worlds. What came to my heart is this. The Hadith al Sharif, Bismillahir Rahmanir Rahim, "You will follow the ways of the nations before you arm length to arm length, step by step." A permission was granted to me to speak about this if we have a chance. Pity for them. I am ashamed, deeply ashamed of the actions of the Muslim people."You will follow the ways of the nations before you, arm length to arm length, step by step. That even if they entered a hole, you will enter the same hole." Is this Hadith correct? Yes. Why for what? Why am I angry? For what reason? They said.. "O people change your clocks." Today, they gave an order from the unbelievers, change/delay your clocks." There is no one left to reach the honour of Islam? This, "You will follow the ways of the nations before you.." Hadith, correct? Yes.

Today I am filled with anger up to here! There is hardness pity for them. "Put your clocks ahead." Why? For what reason? What is this, are we monkeys that they play with us? Who ordered the Jesuit Pope? 2 Billion Muslims they are following. Shame on our Emirs, Kings & leaders that are making us follow the worst of unbelievers. For what? They are advancing & delaying time? The devil is asking to show... is asking for the Muslim world to be under its will. Therefore we say "put the time ahead". They do it". Put it backwards",they do it. This is it. My heart is like a volcano erupting. Today there is such hardness coming, early this morning the instructions of the Hadith Sharif came" "You will follow the ways of the nations before you arm length to arm length, step by step. That even if they entered a hole, you will enter the same hole."

The Islamic world today has no dignity. There is no dignity remaining for Islam. Just like the beasts they run in the streets & scream "we want this, we want that!" I am filled up to here! We must know that these worst of unbelievers they want to show that they have excelled over Islam! Hasha! Never ever! If one from mazjub/spiritually attracted if the Qutb Al Mutasarrif orders them, or without the Qutb's order one spiritually attracted strikes once the biggest tower clock may fall on them. Allahu Akbar! Allahu Akbar! Allahu Akbar Al Ajall! For that reason I wanted to explain we can go very far, but I leave it up to here.

Who wants to understand understands. Envy is with the book given people. Their envy reached the maximum point & they are doing things that have never... that were never done before. They bring a Pope, they bring... for what? It's ok I may say...that Pope did he prostrate once?

S.B.: Never!

M.:Did he ever prostrate, S. Mehmet?

S.M.: No, never.

M: No he did not. How could that be? Sayidina Isa (as) did he ever prostrate? Yes he did. But these ones are not prostrating. These people are a heedless crowd; Ghafil, heedless crowd. If I say more than this the whole world may burn, but I won't. The envy and its like is with the book keeping people. They are not accepting the superiority of the Religion of Islam over their falsehood. They claim with their ceremonies superiority. But there is no result for all of this. Did the Pope prostrate? Never! Never! Sayidina Isa (as) did he prostrate? To whom? To Allah (awj). Wa Min Allah Al Tawfiq, Ya S. Adnan Effendi. May Allah (swt) forgive us. And may Allah (swt) grant guidance, true guidance. They are coming & going holding the cross. What meaning does it have? They are crucifying all the time for what? What does it mean? Did Prophet Isa (as) ask them to crucify him? They have the maximum level of envy. All superiority is for the Muslim. May Allah (swt) send us a king so we may destroy the houses of shaytans that are on the face of the earth and may raise the banner of Islam, La Ilaha illa Allah Muhammad Rasulullah! Fatiha! Today this made me upset to change the clock, they want to play with us like monkeys. 2 billions are the Muslim people not less, & they want them to follow the order of these unbelievers, so they are happy because look "we are playing with them, we are up & they are down." Astaghfirullah, astaghfirullah..Never! Fatiha.

I am going to pray 2 rakaat Shukr Lillah. Thanks to Allah Almighty.

## Unsere Tariqat gründet auf Sohbat

---

O Qutubu l-Mutasarrif, Mubarak! Wir bitten um die Erlaubnis, ein paar Worte zu sagen, zum Zweck der Zerstörung des Unglaubens, um die Welt der Ungläubigen unter unsere Füße zu bringen! Dastur. O derjenige, der die Elemente hält. Marhaba, o Geliebte! O geliebte Freunde, as-Salamu `alaykum.. Ya Sultanu l-Awliya, ya Shaykhuna wa Mawlana. Masha'Allah! La Quwwata illa Billah. Unser Weg gründet auf Zusammenkunft, und Gutes liegt in den Versammlungen. Unser Shaykh und Sultan der Heiligen sagte es immer. Das sind die Worte von Shah Naqshband. Zuerst einmal sagen wir, Bismillahi r-Rahmani r-Rahim. Muslim zu sein, ist ein Ozean. Die islamische Religion ist keine Tasse voll Wasser. Sagen wir, Bismillahi r-Rahmani r-Rahim als Eröffnung unserer Zusammenkunft. Die Krone, die Allah (swt) uns gab, die Gnade des Islam, seine Krone ist Bismillahi r-Rahmani r-Rahim. Die Diener Allahs (swt) müssen sich die Krone ausetzen, damit sie nichts berührt in dieser Welt und im Jenseits. Allah Allah! Möge Allah (swt) uns nie die Basmala Sharif vorenthalten, ihre Macht. Sie ist die Krone. Nichts Schlechtes wird euch treffen in dieser Welt und im Jenseits. Bismillahi r-Rahmani r-Rahim ist die Krone, die den Menschen von den Himmeln auf Allahs (swt) Befehl aufgesetzt wurde, den Menschen des Islam. Die Menschen suchen nach einer Krone, um sie aufzusetzen. Was für eine Krone? Sie wollen eine Krone, die geschmückt ist mit Juwelen. Das hat keinen Wert in den Augen der Menschen der Wahrheit. Die Krone.. Allah (swt) gab der Nation des Geliebten (saws) eine Krone.
"Innahu min Sulaymana wa Innahu Bismillahi r-Rahmani r-Rahim" (27:30). Bilqis, die Königin von Saba, als sie die Botschaft sah, und das erste was sie besagte, war, 'Gewiß, es ist von Sulayman. Und gewiß, es ist im Namen Allahs des Allerbarmers, des Barmherzigen' (27:30). Als sie das sah, diese Botschaft, begann die Erde unter ihrem Thron zu erbeben. Er war drauf und dran einzustürzen. Er war drauf und dran einzustürzen. Die Königin von Saba, Bilqis, sie und ihr Thron begannen zu beben. Und die Welt wurde auch erschüttert. Dastur ya Rijal Allah! Bismillahi r-Rahmani r-Rahim. Es ließ sie erbeben, "Innahu min Sulaymana", aber "Wa innahu

Bismillahi r-Rahmani r-Rahim". O unser Herr, Subhanallah. O unser Herr, Du bist Subhan, Du bist Sultan. Er (swt) gewährte der Nation des Geliebten (saws) diese Krone des Bismillahi r-Rahmani r-Rahim. Wir sind gekrönt mit Bismillahi r-Rahmani r-Rahim. Setzt sie euch auf den Kopf. Setzt sie euch auf den Kopf und fürchtet euch nicht. Allahu Akbaru l-Akbar! Wir haben mit dem Bismillahi r-Rahmani r-Rahim begonnen, wie schön! Welche Ehre und Herrlichkeit! Es ist die höchste Ehre für eine Person, mit dem Bismillahi r-Rahmani r-Rahim bekleidet zu sein. Setzt Bismillahi r-Rahmani r-Rahim auf den Kopf und nichts wird euch treffen in dieser Welt und im Jenseits.

Unser Weg gründet auf Zusammenkunft, und Gutes liegt in den Versammlungen. Shah Naqshbandi Hz pflegte das immer zu sagen. Unser Weg gründet auf Zusammenkunft, und Gutes liegt in den Versammlungen. 'Und seid nicht gespalten und haltet fest..' (3:103). O Araber! Was sagt Allah (swt)? 'Und haltet fest, ihr alle miteinander, am Seil Allahs und seid nicht gespalten'. Was, wenn sie am Gerichtstag diesen Heiligen Vers vor euch bringen? "Wa A`tasimu Bihabli Allahi Jami`an wa la Tafarraqu" (3:103). Ich bin kein Araber, aber ich bin mit dem Propheten des Zeitenendes, Habib Allah (swt), verwandt. Ich bin geehrt damit, zur Nation unseres Meister von Anfang bis Ende zu gehören. Allah Allah! Unser Weg gründet auf Zusammenkunft. Seht euch das an. Der Sultanu l-Awliya pflegte das zu sagen. Madad! Sie geben mir Unterstützung. Unser Weg gründet auf Sohbah, und Gutes liegt in den Versammlungen. "Wa la Tafarraqu" (3:103). Er (swt) sagt uns, nicht gespalten zu sein, sondern alle in einer Hand. Wäret ihr alle in einer Hand, hättet ihr Unterstützung. Die Leute der Himmel würden euch unterstützen.
Ich scheue mich zu sagen, daß Allah (swt).. Ich scheue mich.. Ich scheue mich. Warum müßt ihr bis zu Allah (swt) hinaufreichen? Was ist sonst der Job der Leute der Himmel? Die Leute der Himmel werden euch unterstützen. Allah, Subhanallah! Al Adab! Gutes Benehmen! Einer der Guten, von den Aufrichtigen, von den Derwischen, sagte: 'Ich suchte die Versammlungen der Fakire, der Derwische. Die Fakire... sind diejenigen, die ihre Erfordernisse dem präsentieren, der sie erfüllen kann. Sagt nicht, Allah (swt) wird unsere Erfordernisse erfüllen. Was ist das? Was ist das? "Qalat Namlatun.." (27:18). Sie rief ihren Herrn an.. Ihren Herrn.. Was ist das? Von ihnen die Anrede auf Befehl von Al Bari (swt) hin: 'Eine der Ameisen sagte..' "Qalat Namlatun.." (27:18). Wer bewirkte, daß sie sprach? Ihr Schöpfer. 'Eine der Ameisen sagte..' Zu welchem

Zweck? Der Heilige Vers erzählt die Geschichte der Ameise. Wer beansprucht zu sagen, 'Ich kenne die Anzahl der existierenden Ameisen'? Welche Maschinerie ist in der Lage, sie zu zählen, und ist in der Lage, ihnen ihre Erfordernisse zu geben? Ihr seht, was Allah (awj) macht. "Qalat Namlatun.." (27:18).
Subhana wa Ta'ala. Er (swt) ließ die Ameise sprechen. "Qalat Namlatun ya Ayyuha n-Namlu Adkhulu Masakinakum.." (27:18). Allah! Die Ansprache, 'Eine der Ameisen sagte: O Ameisen, geht ihn euere Behausungen'. Sie warnte sie. Wenn wir bis zum Ende der Welt sprechen, wir werden nicht enden. Es endet nie. Unser Weg gründet auf Zusammenkunft. Einmal, als ich jung war, studierte ich ein Buch, las ich ein Buch über eine Ameise, eine Ameise.. Die Geschichte der Ameise, eine sehr lange Geschichte, ooohhh! Die Ameisen sagten, wer weiß? Wer sie erschuf, weiß. Gepriesen sei der Eine. Der Lobpreis ar-Rahmans.. 'Was machst du?' 'Ich mache Tasbih zu meinem Herrn.' Ich preise und rühme Ihn (swt), innaka Hamidun Majid. Subhanallah, wa l-Hamdulillah, wa la ilaha illa Allah, wa Allahu Akbar. Allah (swt) Dhu l-Jalal Hz. Er (swt) ist Der, Der sie erschuf, und all die Bewegungen der Ameisen, so muß es sein, stehen unter der Sicht der Himmel. "Qalat Namlatun.." Der Buchstabe "Nun" am Ende gibt Größe. Der Buchstabe "Nun" am Ende gibt Größe. Was weiß die Ameise? Aber sie bewegt sich unter dem Himmel. Eine Ameise spazierte auf dem Angesicht der Erde. Gepriesen sei Der, Der sie die Geräusche der Soldaten S. Sulaymans (as) hören ließ. Die Soldaten S. Sulaymans... Allah (swt).. sie hörte und sie warnte die Ameisen.
"Qalat Namlatun.." Der Buchstabe "Nun" am Ende gibt Größe. .."Ya Ayyuha n-Namlu Adkhulu Masakinakum La Yahtimannakum Sulaymanu wa Junuduhu Wa hum la Yash`uruna". Sie nahm die Nachrichten. Wie bekam diese Ameise die Nachrichten? Und heutzutage sind diese Ungläubigen so stolz. Sie sagen: Wir haben alle Mittel, um Nachrichten live zu übertragen in alle Richtungen, die wir wollen. Sofort.. Unser Weg gründet auf Zusammenkunft mit den Kindern Adams (as). Allah (swt) hat die Menschheit, wir sagen die Leute.., geehrt. Er (swt) gab diese Ehre nicht einmal den Engel. Unser Herr tut, was Ihm gefällt. Er (swt) erschafft, wie Er will und wie es Ihm gefällt. Allah (swt)! Kein Schaden kann euch treffen, Allah (swt).. schützt... schützt sogar die Ameisen. Er (swt) läßt es nicht zu, daß ihnen ein Leid geschieht. Allah (swt).. eine Ameise, kein Leid kann sie treffen. Kein Leid trifft sie. Sie sind geschützt durch unseren Herrn (jwa), Der sie erschaffen hat. 'Geht in euere Behausungen'. Ihre Behausungen? Wo sind ihre

Behausungen? Allah (swt) weiß es. Basmala Sharifa.. Sulayman (as) herrschte über alle Menschen und Djinn. Mit welcher Macht? 'Gewiß, es ist von Sulayman. Und gewiß, es ist Bismillahi r-Rahmani r-Rahim' (27:30). Er (as) herrschte über alle Welten, alle Tiere, alle Menschen und Djinn. Wenn Menschen und Djinn gehorchten, was ist mit dem Rest der Schöpfung? Natürlich waren sie unter seinem Befehl. 'Gewiß, es ist von Sulayman (as)'.. Bismillahi r-Rahmani r-Rahim ist ein scharfes Schwert. Und es ist eine Ehre ohne Ende, setzt sie euch auf den Kopf. Hängt es in eueren Häusern auf, zwischen eueren Worten. Beginnt alles mit Bismillah und beendet alles mit Bismillah. Und fürchtet euch nicht. Allahu Akbaru l-Akbar! Unser Weg gründet auf Zusammenkunft, und Gutes liegt in den Versammlungen. Ich dachte, in meinem Herzen hatte ich ein paar Worte zu sagen über wichtige Dinge. Aber wir haben keine Zeit für Erklärungen. Wenn ich begänne zu erklären, würde ich bis zum Ende der Welt nicht enden. Was ist es, was du weißt, S. Adnan? SA: Bismillahi r-Rahmani r-Rahim. M: Danach, Bismillahi r-Rahmani r-Rahim. Der Meister von Anfang bis Ende, Rasulullah (saws), der Prophet des Herrn der Welten, was in mein Herz kam, ist dies. Das Hadith Sharif, Bismillahi r-Rahmani r-Rahim: 'Ihr werdet den Wegen der Nationen vor euch folgen, Armlänge um Armlänge, Schritt für Schritt.' Mir wurde Erlaubnis gegeben, darüber zu sprechen, wenn wir die Möglichkeit haben. Schade für sie. Ich schäme mich, ich bin tief beschämt von den Taten der Muslime. 'Ihr werdet den Wegen der Nationen vor euch folgen, Armlänge um Armlänge, Schritt für Schritt. So daß ihr, selbst wenn sie in ein Loch gehen, in dasselbe Loch geht.' Ist dieses Hadith korrekt? Ja.

Warum, für was? Warum bin ich zornig? Aus welchem Grund? Sie sagten: 'O Leute, stellt euere Uhren um.' Heute gaben sie einen Befehl von den Ungläubigen, 'Stellt euere Uhren zurück.' Gibt es niemanden mehr, der an die Ehre des Islam heranreicht? Dieses, 'Ihr werdet den Wegen der Nationen vor euch folgen..' Hadith, korrekt? Ja. Heute steht mir der Zorn bis hier! Es gibt kaum Mitleid für sie. 'Stellt euere Uhren vor.' Warum? Aus welchem Grund? Was ist das? Sind wir Affen, daß sie mit uns spielen? Wer befahl dem Jesuiten Papst? Zwei Billionen Muslime folgen. Schande auf die Emire, Könige und Führer, die uns den schlimmsten Ungläubigen folgen lassen. Wozu? Sie stellen die Zeit vor und zurück? Der Teufel will zeigen.. Er verlangt, daß die Muslimwelt unter seinem Willen ist. Deshalb sagen wir, 'Stellt die Zeit vor', und sie tun es, 'Stellt die Zeit zurück', und sie tun es. Das ist es. Mein Herz ist wie ein ausbrechender Vulkan. Heute

kommt solche Härte. Am frühen Morgen kamen die Anweisungen, das Hadith Sharif kam: 'Ihr werdet den Wegen der Nationen vor euch folgen, Armlänge um Armlänge, Schritt für Schritt. So daß, selbst wenn sie in ein Loch gehen, ihr in dasselbe Loch geht.' Die islamische Welt heute hat keine Würde. Es gibt keine Ehre mehr im Islam. Genau wie die wilden Tiere laufen sie auf die Straßen und schreien, 'Wir wollen dies, wir wollen das!' Ich bin voll bis hier!
Wir müssen wissen, daß diese Schlimmsten der Ungläubigen zeigen wollen, daß sie den Islam übertrumpft haben! Niemals! Wenn einer der Mazjub, der geistig Angezogenen, wenn der Qutbu l-Mutasarrif ihnen befiehlt, oder ohne den Befehl des Qutb, wenn einer der geistig Angezogenen einmal zuschlägt, kann der größte Glockenturm auf sie fallen. Allahu Akbar! Allahu Akbar! Allahu Akbar Al Ajall! Aus dem Grund wollte ich erklären, wir können sehr weit gehen, aber ich belasse es hiermit. Wer verstehen will, versteht. Neid erfüllt die Anhänger des Buches. Ihr Neid hat den Höhepunkt erreicht, und sie tun Dinge, die niemals vorher getan worden sind. Sie bringen einen Papst, sie bringen.. Wozu? Es ist okay, ich kann sagen, dieser Papst, hat er sich auch nur einmal niedergeworfen? SB: Niemals! M: Hat er sich jemals niedergeworfen, S. Mehmet? SM: Nein, nie. M: Nein. Wie kann das sein? Sayyidina Isa (as) hat sich jemals niedergeworfen? Ja. Aber diese werfen sich nicht nieder. Diese Leute sind eine achtlose Masse, ghafil, achtlose Masse. Wenn ich mehr als das sage, wird die ganze Welt brennen, aber ich tue es nicht. Der Neid und dergleichen ist bei den Anhängern des Buches. Sie erkennen die Überlegenheit der Religion des Islam über ihre Falschheit nicht an. Sie beanspruchen mit ihren Zeremonien Überlegenheit. Aber es gibt kein Ergebnis für all das. Hat sich der Papst niedergeworfen? Niemals! Niemals! Sayyidina Isa (as) hat sich niedergeworfen? Vor wem? Vor Allah (awj).
Wa min Allah t-Tawfiq, ya S. Adnan Effendi. Möge Allah (swt) uns vergeben. Und möge Allah (swt) uns Führung, wahre Führung, geben. Sie kommen und gehen und halten das Kreuz. Welche Bedeutung hat es? Sie kreuzigen die ganze Zeit, wozu? Was bedeutet es? Verlangte der Prophet Isa (as) von ihnen, ihn zu kreuzigen? Sie haben die höchste Stufe des Neides. Alle Überlegenheit gebührt den Muslimen. Möge Allah (swt) uns einen König senden, so daß wir die Häuser Shaytans zerstören können, die auf dem Angesicht der Erde sind, und das Banner des Islam erheben können. La ilaha illa Allah, Muhammad Rasulullah. Fatiha! Heute hat mich das aufgeregt, die Uhr umzustellen. Sie wollen mit uns spielen wie mit Affen. Zwei Billionen sind

die Muslime, nicht weniger, und sie wollen, daß sie den Befehlen dieser Ungläubigen folgen, so daß sie glücklich sind, weil, seht, 'wir spielen mit ihnen, wir sind oben, sie sind unten' Astaghfirullah, Astaghfirullah.. Niemals! Fatiha. Ich bete zwei Rakats Shukrulillah. Dank sei Allah dem Allmächtigen.

Lefke, 17.03.2013

# OUR UNIVERSE is JUST A SPOT WITHIN TRILLIONS OF GALAXIES

Allah Almighty is the Creator. Only He knows the beginning and the end of the creation, what will come and what has been. Our brother Jussuf Islam is asking us about the Seven Heavens and about the galaxies:

There is the heaven of the world, that is our sky, also called space. Allah Almighty has ornamented this first heaven with stars, most of them being galaxies. Beyond that are the Seven Heavens. We are not inside. The three dimensions within we see and hear are necessary. If we had 4, we would not be able to see. Also if we had 5, 6 or 7, we wouldn't be able to. Everything which we are reaching with telescopes only belongs to the heaven of the world. It is like the roof of this world. We cannot see beyond that until we spiritually enter the heaven of 4 dimensions. If it is necessary, we can enter in such a way the 5th, 6th and 7th dimension. After that there are no more dimensions. Nothing! That is beyond our imagination, because it is the limit of our intellect. The Angel which is representing the intellect is Sayidina Gibril, Archangel Gabriel. When he stopped on the Night Journey, it meant that from that point on the intellect could not move anymore. It means that from then on it belongs to the eternity of the Lord Almighty, the Creator. You cannot move in it.

Everything which we can reach is within the material world. The stations which you reach up there are without gravity. We say that these places are billions of lightyears away, but it is also a very short distance. There are much much bigger worlds that we cannot even reach with our imagination. With this Allah

Almighty wants to show something of His Greatness. We are so small and we want to make ourselves so mighty. We are like atoms beside this huge space. But we are mighty creatures on earth. Beside this greatness our bodies are less than atoms. With our eyes we can look up 10 kilometers. You cannot see man on earth from that distance, but that small spot can look into deep distances of space. Our lights are big enough to reach there. That is the greatness of Allah Almighty. And Allah Almighty has chosen us to be His Deputies. Allah is Almighty and He has given some of His Might to the children of Adam. Even though we are just a spot within this enormous universe, we are more valuable than the whole universe. We have also been authorised to walk in it. We are allowed to travel through that huge space and we must try to keep that honour.

Why is the creation of mankind so respected? Why has the Almighty Lord given from His Divine Love to us? And we don't even give love to each other! We bite and kick, like horses. Allah Almighty wants our attributes to be like His. That is the Hadith of the Prophet.

The Holy Quran is explaining everything, but we are not looking with our hearts to take the pearls from it. We are satisfied when we find shells on the beaches. Why don't you ask for the pearls? Because it is difficult. They are under the sea. Shells are thrown onto the beach. People are not taking care of Islam. We are always introducing the shells to the nonmuslims and we tell them that they can find the pearl inside. If you are able to give them a pearl, they will not ask you if it is from Saudi, Malaysia or America. They will just see that it is a pearl. But usually they only get shells. For centuries believers and holy-ones were diving to find pearls. Nowadays people think that it is easy. They take from this book and that, not understanding that they must practise to dive. They must ask themselves how they should dive, because there are sharks in the sea. Every treasure is protected with something. There are guardians, security powers around the pearls. Not everyone can reach it. Treasures have dragons waiting. If you cannot kill the dragon, you cannot reach the treasure. Everyone has treasures, but the dragon of the ego is not leaving you. Kill it and you will reach to your treasure! How can the dragon be killed as long as I am happy with it? But at the same time, as long as you are keeping your dragon you will never reach your treasures. You will find the same which is written in the Holy Quran in your heart.

Man is the most important creature since pre-eternity until eternity. No other creature is created or will be created to be more perfect or more respected in Divine Presence. Even angels are not on that level. But the

biggest veil preventing us to reach that level, is our ego. Allah Almighty is closer to us than our jugular vein.

Abu Jazid, who was one of the kingsize saints, asked, "Oh, my Lord, how can I reach to you?"
"There is only one step and you can reach."
"But how?"
"Step on your ego! Leave your ego and come. Your ego is preventing you from me. When you take that away, you will be with me."

Allah Almighty has no partner. He is the Real Existence. Whoever claims to be next to him has no value. No-one can be it. Our egos claim to be partners. That is why Allah is never happy with egos. These huge universes within the greatness of this space will also only be a spot in which it will not even be possible to find your galaxy. So how do you, under such circumstances, want to find your solarsystem, your world or even yourself? How dare you want to be a partner to Allah? Try to imagine trillions and trillions of spaces like this, and you will see that our space is even less than a spot within the endless Power Oceans of Allah Almighty.

Nevertheless our egos claim lordship and never want to accept servanthood. But there can only be one Lord, never a second. It is impossible, but the ego isn't ashamed to keep on trying. How can you claim such things? The ego just doesn't want to be nothing, but everything is nothing within the greatness of Allah Almighty. All of it are only Power Oceans, endless Power Oceans: these huge universes, even Heavens, even the Seat of Allah and even His Throne. How many Thrones are there? No-one knows! Allah Almighty, the unknown Lord. No-one can be able to know His Essence. You are always just given a little bit. In a million or trillion years He may give knowledge, but it is only a little bit. There are endless Knowledge Oceans and endless Wisdom Oceans which belong only to Him. That which is seen, are endless oceans, but there are levels which only belong to His Essence and which are impossible to conceive, even for the Seal of Prophets. 'Hu' (one of the Holy Names of Allah, meaning 'He') will always be unknown. May Allah give us some understanding.

London - 01.03.1994

## Out Of Balance

Allahu Rabbi, our Mawla is Subhan. A'udhu Billahi Min ash-shaitani r-Rajeem. Let's say - Bismillahi r-Rahmani r-Rahim, start with that so our bodies will find strength. So our spirituality will increase. As-salamu Alaykum Ay Yaran (beloved friends of) Shah Mardan. Welcome to Shah Mardan's holy/ blessed assembly. Men and women should listen. Marhaba O Shah Mardan, Marhaba. May we feel expansive. May our assembly be a good assembly, a blessed assembly. May it be a pure/ clean assembly. Welcome, begin Ay Yaran Shah Mardan. MashaAllah, Kan wa ma lam yasha' lam yakun. Allahu Allah, Allahu Rabbi Allahu Allah, Allahu Rabbi Jalla wa 'Ala. Subhanahu wa Ta'ala.

A weak servant. Qawwi dha'fana fi ridak- Strengthen us towards Your pleasure. Our assembly... Yaran Shah Mardan. What a beautiful saying. We are becoming refreshed and joyful. Why? Because we are remembering our Lord Jalla wa 'Ala, the Owner of the dominions of heavens and earth, the Greatness/ Magnificence of the Lord of Glory, His Mightiness and His Honor. He has dressed these on the Sultan of Prophets and He has dressed these on his (sws) ummah/ nation as well. Let us wear these dresses. Let's make shukr (thanks & praise) to our Mawla. But what value does our shukr have? Our shukr - "Wa Qalilun Min 'Ibadiya sh-Shakuru" – And few of the slaves are grateful(34:13) The Lord of Might and Glory has created us. " Hal Min Khaliqin Ghayru Llahi" (35:3) - Is there any Creator other than Allah? Hasha there is no one! Wa huwa l-Khallaqu l-'Adhim - And He is the Great Creator. Allah Almighty is One. He is the Creator. We must glorify, praise, and exalt Him so that we can find strength & power; so that our names will be written within the Divine Sultanate.

O our Lord, forgive us. We are Yaran Shah Mardan. Shah Mardan is a lion in Your presence and in the presence of Your Habib. May our names be heard in his assembly. May we be from

his Yaran, beloved friends. "Al-mar'u ma'a man ahabba" - a person is with the one he loves. Those who befriend lions become lions. Whoever befriends a rat, a mouse, will be like a rat. A rat is nothing, no value. Al-Hamdu liLlah wa Shukru liLlah. La had wa la 'ad. - without limit or count. Shukr for our Lord. Welcome Ay Yaran Shah Mardan. He has Yaran, beloved friends everywhere from east to west. He has beloved ones. Shukr/ thanks to our Mawla that we have reached this day. Today is the last day of Rajab Shahrullah. Tonight is the night of the holy/blessed month of Sha'ban Mu'azzam that will bring honor to all the worlds.

Sha'ban Mu'azzam is associated with our Master (sws). He said - Sha'banu Shahri. Sha'ban is my month. SubhanAllah, SultanAllah. Weakness does not continue forever. I don't want weakness to stay. Hasha/ never. The Yaran of Shah Mardan don't get sick. They aren't weak or poor. They are not without honor. They are not without love. Yaran Shah Mardan, his beloved friends, are full of love according to our condition. It's like a little piece of straw that an ant can carry, and it is happy with that. We are yaran Shah Mardan. He is a lion. His dinner table is the Sultan's table. Let's say - O Shah Mardan, Bismillahi r-Rahmani r-Rahim. Allahu akbaru l-akbar, Allahu akbaru l-akbar. Allahu Rabbi, ma li siwa'uhu. Allahu Allah, Allahu Rabbi Allahu Allah, ma li siwahu. Ya Rabbi, Ya Rabbi Shukr. Shah Mardan is granting us, he is planting us with strength. He's dressing us with a dress of honor. He's teaching us Adab (good manners).

Why? Rabbuna Rabbu l-mala'ikati wa r-ruh jalla jalaluhu jallat 'azamatuhu. We are being invited. He is inviting us to the dinner table of the Sultan. Shah Mardan is calling us. Ay Yaran Shah Mardan, listen "Isma'u wa 'u" listen and keep what you hear. Don't sleep! We didn't come to dunya (this world) to sleep. Ay Janu Janan. When you love, you cannot sleep because of that love. Ay Janu Janan (beloved one) Ay Rabbu l-'Izzat'i wa l-'azamati wa l-jabarut You dressed Your Habib from Your dress of Magnificence. Your dress of Honor was dressed on Your Habib. Search for that. Give your love there, and take love from there. What is our business in dunya? To give and take love.

What did you take and what did you give? Well, I went to the market there is this and that...Hashakum. This is the level of animals. Where did you go? To the market. What did you buy? We bought food. What else? We bought clothes. This shopping is worthless shopping. Let's be refreshed after saying our Lord's Name - RabbunAllah HasbunAllah. Let's feel relieved. O Shah Mardan, if you touch this earth with your holy foot, it will fly from one side to the other like

a ball. Spiritual power, search for spiritual power. Search for spirituality. Search for spirituality in other areas also.

Well, we wandered the market. What did you buy? I couldn't find what I wanted. What did you want? I wanted pearls and diamonds. Well, where did you go - the Bandabulya (covered bazaar)? I went to the vegetable market. What? You went to the grocery market to look for diamond, gold, and jewels? Well, you have a limited mind E senin aklinda shuphe var. You want diamond, pearls, and jewels do you go to the covered bazaar or the vegetable market? Tuh (spit) on you. How can you search for pearls and diamonds at the vegetable bazaar? Well, you came to this dunya and it is a bazaar. They sent us here for shopping. You must know what to give and take, but people don't know. Go ahead O Shah Mardan, your Yaran love and adore you. O Shah Mardan, Look/ watch over us. This is the situation of people today. They are searching for pearls and diamonds in the vegetable bazaar.

Come, I will take you. Where does he take them? To the stable of donkeys. You will find what you want here. You want straw, there is straw. You want barley, there is barley. Well, this straw doesn't look very nice. How can you tell? Now they are talking to the donkey. Why, they ask? When I eat straw, my voice does not come out nice. When I eat barley, I can shout (bray) and declare my donkey-ness. That is how I understand if I am eating straw or barley. Were you created by your Creator to bray like a donkey (hasha minal huzur)? All the people of today (hashakum) want to bray like donkeys. You look weak and pale. It says - My food is just a little, that's why my voice isn't loud. Give him more barley! When they eat the barley, when they shout, even the lion gets startled. The lion heard a sound coming from the mountain. Lion said - there is a sound, let me go see what it is. He looked and saw a donkey with its ears up and braying so loud even the rocks were trembling. The lion came and said - what kind of creature is this? They told him - it ate too much barley. It ate so much straw and barley it cannot control itself so it is braying and shouting.

Go ahead O Shah Mardan, go ahead. When people eat too much barley, they start shouting. When they have only a little, they don't make any noise. But if they find straw and barley, they shout so loud: I am this and I am that. King of Russia is saying - I am the one. He is shouting. How many legs do you have? 2 legs. Then what makes you so special/superior? A tail... but you don't have a tail either. At least the donkey has a tail. Russia says like this, and America says no.

If you are shouting like that, then you are eating straw. Look at my voice, look at my strength. I will bray (shout) and you will see O Russian donkey. When America shouts, the whole world starts boiling. How can that be? Forgive them but they ate too much barley.
Insan (mankind) is Hazrat Insan, not animals, not donkeys. They are the most honorable creation. Aren't they teaching this in schools - that mankind is the most honorable creation? Welcome, speak O Shah Mardan. Who is the most honorable creation on earth? It is mankind. First write this in the books. Very well, what are they eating? Their voice is very loud. Eee! When donkeys eat too much straw, they start shouting more. Why are you shouting? What right do you have to shout? O Shah Mardan, welcome, tell us. Shah Mardan is saying - those who have very loud voices, are the ones that ate too much barley. They have a lot of barley, and they found the field wide open & empty, so they are shouting - I am me. Why do you say - I am me? You are human and I am human. Because the color of those in Africa is black, you cannot exclude them. "Sibghata Llahi" Allah has given everyone a special type of beauty. This is also a famous saying of Shah Mardan.
What is he saying? See the creation as beautiful because of the One Who Created them. Who created them? See them as beautiful. The One Who created them wanted them to be like this. Don't insult! Don't look down on anyone! You shouldn't even look down on animals. Because they have a Creator. But the wild ones of the 21st century have made out mankind to be beastly. Insan is Hazreti Insan. Welcome, O Shah Mardan, your sayings are worth 400 Dirhams, words of Truth. What is the measure/ balance in Islam? It is the unchanging laws of Islam "Ati kulli dhi haqqin haqqa" - "Give the right of every creature" it says. You can't even step on an ant. That ant will claim his right from you, saying "this one crushed me". You don't have the right. Who created it, created it as an ant. Do not interfere! "Ati kulli dhi haqqin haqqa". Everything, everyone has a right. Give them their due right.
Don't bully! Don't claim to be great. Who created you as well as all the realms is Allah Almighty. He (swt) Who is the Owner of 'Azamah (Greatness) created like this. Beware! Be careful! "Ati kulli dhi haqqin haqqa". What is all this crowd for, doctor? The people have no balance left in their hands. They can't give their due rights to anybody. They think that "I am the only one who has a right. I am the only one who is right. Everything is mine. Who is other than me can go to anywhere he likes". We will change this mentality, if these people want to be saved. Allah Jalla

wa 'Ala did not give permission. Go ahead O Shah Mardan. "You may burn the honourable man I created with fire, crush and kill with cannons, weapons"? Did Allah give such a permission? "Wa La Taqtulu 'Anfusakum"(4:29), Allah's Order: Don't kill each other.
This is the declaration in the Holy Quran. This is the order in the Bible, in Torah and Zabur as well: Don't kill each other. If they were to be killed, I created them and I could have killed and finished them. But I created you, that you have an honour. What is the honour of Man? How can you find honour? When you give the due right of every creature, you are honoured. When you don't give their right, you are dishonoured. The highly populated nations of this time make so many instruments from iron or other things and say, "I can burn, destroy". So you have turned into this? You also are a single individual only. Meaning, you don't have the right to kill the servants of Who created you because of that iron pile in your hand.
They say democracy. What do you know of democracy? Demos is shaytan, in the Greek language and cracy means government. So when they say democracy it means the sultanate of crazy ones, the sultanate of shaytans. Where are you O scholars? Why don't you investigate what is democracy so you can tell the people? There is Sultan in Islam, there is Sultanate. There is no sultanate of crazy ones. Now the new fashion in every nation is democracy. Demos is a Greek word for crazy, totally insane, shaytan, demon. It means the people who are ruled by the demons. They make the people run after it. Listen O the head of the Turks! Listen O the head of the Arabs! Listen O people! When you say democracy its meaning is "the sultanate of the demons". Look at your books!
Allah sent you His honorable Shari'at. The Shari'at that came down from the Heavens is the most honorable one but you kick it out with your four legs and want to do one for yourselves. But you make a mess out of it! And then Allah says "I will discipline you. I will punish but I don't have to take the stick in My Hand. I don't have to send an angel either. I will make this group of straw-eaters, this freeloading group, plague the other and they will fight each other. They make us say this: Although there is the Divine Law of Allah that descended from the Heavens, what does Mr. Erdogan say? "We will make new laws" Who gave you permission to make new laws? And some other foolish ones come out and say "No! We will make the laws". Go and make those new laws you want to make in the WC! They astonish me even in this old age of mine! The

people can go and make their man-made laws in the WC! Allahu Dhu-l Jalal sent down the laws from the Heavens for His servants Allah is One and you are His servants. He (swt) orders you to justice, compassion and goodness. He (swt) prohibits you from badness. That is about it! Otherwise the earth will be filled with snakes, centipedes, scorpions and they will eat each other. They will eat each other.

A holy one was traveling in the sea in one of the ships. When the ship reached a certain place, he saw there the fish eating each other. He got astonished: "How come these fish eat each other? Is the sea finished? Who created them created them in the sea. Do these fish plant and plow inside the sea? Do they get fat buying and eating things from the municipal market? These animals are inside the water. What happened to these animals that they are eating each other like this?" A wise one said... A wise, smart man; a man who kept the order of the Heavens said: "No, a man from this ship with the attributes of shaytan spit into the sea He made the sea dirty and the animals are eating each other". Here, the world now has become like this too. They filled the earth with filth.
Allah's first order is "Be clean. Protect each other. Be servants to Allah and honour belongs to you. If not you will eat each other, just as the fish in that sea ate each other. It is dhulm (injustice) Dhulm (injustice) brings darkness (dhulumat). Islam declares everything. Dhulm attracts dhulm. It is dhulumat, darkness. And when the darkness falls, a person doesn't know what he is doing. Because of the dhulm, the children of Adam now are left in darkness. They didn't accept the Nur descended from the Heavens and are fighting each other now. "Let them fight", He said from above. "Leave them". They said "we will make laws. we will make justice". Let them do. They did and now they are eating each other, just like the fish in that sea ate each other. "What happened?" they asked. "A disobedient person spit in this sea. The living creatures in the sea got shocked and began to eat each other".
O children of Adam, O believers! O believers and O those believe in the Prophet Jesus and who believe in the Prophet Moses, throw away these guns. If you don't He (swt) will make fire rain on you from the sky. He (swt) is Al Qahhar, He (swt) will crush you! Behave! Do not kill the honoured Man Allah created. The earth is wide, it is enough for all of you. "'Inna 'Ardi Wasi`atun Fa'iyaya Fa'buduni" (29:56) My earth is a wide, spacious earth. Make servanthood for

Me, live for Me, says Janab-u Rabbu-l Izzat. Shame on the people who don't live for their Lord! The order came for them: "Fight, eat each other!" and now they are eating each other.
O our Lord, forgive us. O Shah Mardan, your beloved friend is the admirer of your speech. May a power be given to us. May we raise the flag of Heavens and march. You must run away from being an oppressor. If you don't run away the heads of the oppressors will be crushed. May Allah forgive us. Tonight is the first of Sha'ban al-Mu'azzam. Allah knows what it comes full of. We should beware. We should be careful about the Order of Allah. If not, just as grain is crushed between the millstones and turned into flour, they will do this to you.
Tawba Ya Rabbi, tawba AstaghfiruLlah. Welcome, O Shah Mardan. Your beloved friend admires your expression. Masha Allahu kan wa ma lam yasha'a lam yakun. Do like this, that Allah Almighty gave the Prophet Solomon the sultanate, 'ala Nabiyyina 'alaihi s-salatu wa ssalam, there is no sultanate like his. He (swt) may take that sultanate from you and give to the trashy people, may give to the gypsies, may give to the wolves, may give to the snakes: all of them to crush you. Seek the Prophet Solomon, whose order was obeyed by man and jinn. They would bring loads of gold as he asked and pour it before him. He would kick it with his feet, Prophet Solomon. "'Innahu Min Sulayman Wa 'Innahu Bismi Llahi r-Rahmani r-Rahimi"(27:30)
Make the Bismillah your banner and march. No one can do anything to you. Go ahead, O Shah Mardan. Dress on us this majestic dress. May we dress in the honourable dress of Islam. Don't go out with your head uncovered, men & women. Know your limit! If not, they will bite you, eat you, cut you into pieces: "Wa 'Idha Al-Wuhushu Hushirat" (81:5). Signs of Qiyamah; wuhush, creatures with wild attribute will come. Wild ones,with such a wildness that never occurred before. He makes them a plague on you and you eat each other. How the fish on that sea appeared as they were eating each other, you will become like this. O Rabbu l-Izzat'i wa l-'Azamat. You are Subhan, You are Sultan. For the honour of the servant You love, for the honour of Shah Mardan, look for the armies who will come with swords, spears in their hands; who will come on horses to serve Islam, to destroy unbelief. O Iranians, O Shi'a, O Alawi - Look to what will come from the Heavens. If not, He will send other kinds of armies that will finish you.
Allahu Allah, Allahu Rabbi. Allahu Allah, Allahu Hasbi. Say Hasbuna Allahu wa ni'ma l-wakeel and don't fear. Welcome O Shah Mardan. Let us say Bismillahi r-Rahman, Bismillahi r-

Rahmani r-Rahim. We may wear this armor. There will be no illnesses or troubles left, nor will there be any attack from the wuhush on you. There will not even be a lion that will not fear you. Even lions fear from the ones who are dressed with the "Honour of Man". Know this, know this about your condition O weak one. "Wa Khuliqa l-'Insanu Da'ifaan"(4:28) We are created weak. Fear. Fear... The weak crush the weak, can't be. An army from the Heavens will come down and execute the Shariat of Allah on earth. Who don't want this will be finished. They will be food for the wuhush. May Allah protect us. May Allah not leave us outside of His Holy Orders.
Welcome O Shah Mardan, your word is the cure for every trouble. O beloved, Shah Mardan. May you accept us under your banner. Ask this O Iranians, O Alawi, O Turk, O Indian, O Chinese. We are all Allah's servants. No one has the right to kill another. If you don't listen, a nation who will strike all of you will come. Allahu Allah, Allahu Rabbi. Allahu Allah, Allahu Hasbi. Say this and march, don't fear. Fatiha.
If everyone knew his rights and limits, dunya would be like paradise. But the wild man in this time recognizes no right or justice. They say "Everything is for us". "To me, to me", just like an axe (when cutting a branch) they say "all for me". There is the Heavenly justice, the justice of the Heavens. It will teach everyone their rights, and their limits as well.
Fatiha.

**Aus dem Gleichgewicht**

---

Allahu Rabbi, unser Mawla ist Subhan. A`udhu Billahi mina sh-shaytani r-rajim. Sagen wir: Bismillahi r-Rahmani r-Rahim. Beginnt damit, so daß unser Körper Kraft findet, so daß unsere Geistigkeit zunimmt. As-Salamu `alaykum, ay Yaran, geliebte Freunde Shah Mardans. Willkommen zu Shah Mardans gesegneter Versammlung. Männer und Frauen sollten zuhören. Marhaba, o Shah Mardan, Marhaba. Mögen wir uns ausdehnen. Möge unsere Versammlung eine gute Versammlung sein, eine gesegnete Versammlung. Möge es eine saubere Versammlung sein. Willkommen, beginnt, ay Yaran Shah Mardans. Ma sha' Allah, Kan wa ma lam Yasha' lam Yakun.
Allahu Allah, Allahu Rabbi, Allahu Allah, Allahu Rabbi, Jalla wa `Ala. Subhanahu wa Ta`ala.
Ein schwacher Diener. Qawwi Dha'fana fi Ridak. Stärke uns zu Deinem Wohlwollen. Unsere

Versammlung.. Yaran Shah Mardans. Was für ein schöner Ausspruch. Wir werden erfrischt und freudig. Warum? Weil wir unseren Herrn Jalla wa `Ala erinnern, den Eigner der Herrschaftsbereiche von Himmel und Erde, die Herrlichkeit des Herrn der Glorie, Seine Mächtigkeit und Ehre.
Er hat den Sultan der Propheten mit diesen bekleidet, und Er hat seine (saws) Ummah auch damit bekleidet. Tragen wir diese Kleider! Machen wir Shukr, Preis und Dank, unserem Mawla!
Aber welchen Wert hat unser Shukr? Unser Shukr - "Wa Qalilun min `Ibadiya sh-Shakuru" - und wenige der Sklaven sind dankbar (34:13).
Der Herr der Macht und Glorie hat uns erschaffen. "Hal min Khaliqin Ghayrullahi" (35:3) - Gibt es einen Schöpfer außer Allah? Hasha! Es gibt keinen! Wa Huwa l-Khallaqu l-`Adhim - Und Er ist der Große Schöpfer. Allah der Allmächtige ist Einer. Er ist der Schöpfer. Wir müssen Ihn rühmen, preisen und verherrlichen, so daß wir Kraft und Macht finden können, so daß unser Name innerhalb die Göttlichen Sultanate geschrieben wird. O unser Herr, vergib uns. Wir sind Yaran Shah Mardans. Shah Mardan ist ein Löwe in Deiner Gegenwart und in der Gegenwart Deines Habib. Mögen unsere Namen in seiner Versammlung gehört werden. Mögen wir zu seinen Yaran, seinen geliebten Freunden, gehören. "Al-Mar'u ma`a man Ahabba" - jemand ist mit dem, den er liebt. Jene, die sich mit Löwen anfreunden, werden Löwen. Wer auch immer eine Ratte, eine Maus, als Freund nimmt, wird wie eine Ratte sein. Eine Ratte ist nichts, kein Wert. Alhamdulillah wa Shukrulillah. La Had wa la `Ad - ohne Grenze oder Zahl. Shukr für unseren Herrn.
Willkommen, ay Yaran Shah Mardans. Er hat Yaran, geliebte Freunde, überall von Ost bis West. Er hat Geliebte. Shukr, Dank unserem Mawla, daß wir diesen Tag erreicht haben.
Heute ist der letzte Tag von Rajab Shahrullah. Heute Nacht ist die Nacht des gesegneten Monats Sha`ban Muazzam, der allen Welten Ehre bringen wird. Sha`ban Muazzam ist verbunden mit unserem Meister (saws). Er sagte: Sha`banu Shahri. Sha`ban ist mein Monat. Subhan Allah, Sultan Allah. Schwäche dauert nicht für immer. Ich will nicht, daß die Schwäche bleibt. Hasha! Niemals! Die Yaran Shah Mardans werden nicht krank. Sie sind nicht schwach und arm. Sie sind nicht ohne Ehre. Sie sind nicht ohne Liebe. Die Yaran Shah Mardans, seine geliebten Freunde, sind voller Liebe, je nach ihrer Situation. Es ist wie ein kleines Stück Stroh, das eine Ameise tragen kann, und sie ist glücklich damit. Wir sind Yaran Shah Mardans. Er ist ein Löwe. Sein Essenstisch ist der Tisch des Sultans. Sagen wir, o Shah Mardan: Bismillahi r-Rahmani r-Rahim.

Allahu Akbaru l-Akbar, Allahu Akbaru l-Akbar. Allahu Rabbi, ma li Siwa'uhu. Allahu Allah, Allahu Rabbi. Allahu Allah, ma li Siwahu. Ya Rabbi, ya Rabbi Shukr. Shah Mardan gewährt uns, er pflanzt Stärke in uns ein. Er bekleidet uns mit einem Ehrenkleid. Er lehrt uns Adab, gutes Benehmen. Warum? Rabbuna Rabbu l-Mala'ikati wa r-Ruh, Jalla Jalaluhu Jallat `Azamatuhu. Wir sind eingeladen. Er lädt uns zum Essenstisch des Sultans.

Shah Mardan ruft uns. Ay Yaran Shah Mardans, hört - "Isma`u wa `u" - hört und haltet euch an das, was ihr hört. Schlaft nicht! Wir sind nicht in die Dunya gekommen, um zu schlafen. Ay Janu Janan. Wenn du liebst, kannst du nicht schlafen wegen dieser Liebe. Ay Janu Janan, Geliebter, ay Rabbu l-`Izzati wa l-`Azamati wa l-Jabarut, Du hast Deinen Habib mit Deinem Gewand der Herrlichkeit bekleidet. Dein Ehrenkleid wurde Deinem Habib umgehängt. Sucht danach! Gebt euere Liebe dort und nehmt euere Liebe von dort. Was ist unser Geschäft in der Dunya? Liebe zu geben und zu nehmen. Was habt ihr genommen, und was habt ihr gegeben? Nun, ich ging auf den Markt. Dort gibt es dies und das.. Hashakum! Das ist die Stufe der Tiere. Wohin bist du gegangen? Auf den Markt. Was hast du gekauft? Wir haben Essen gekauft. Was noch? Wir haben Kleider gekauft. Dieses Einkaufen ist wertloses Einkaufen. Erfrischen wir uns, nach der Namensnennung unseres Herrn, Rabbun Allah, Hasbun Allah. Fühlen wir uns erleichtert! O Shah Mardan, wenn du diese Erde mit deinem heiligen Fuß berührst, wird sie von einer Seite zur anderen fliegen wie ein Ball. Geistige Macht, sucht nach geistiger Macht. Sucht nach Geistigkeit. Such nach Geistigkeit auch in anderen Bereichen.

Nun, wir durchstreiften den Markt. Was habt ihr gekauft? Ich konnte nicht finden, was ich wollte. Was wolltest du? Ich wollte Perlen und Diamanten. Nun, wohin bist du gegangen? Zur Bandabulya, dem bedeckten Basar? Ich ging zum Gemüsemarkt. Was? Du gingst zum Lebensmittelmarkt, um nach Diamanten, Gold und Juwelen zu gucken? Nun, du hast einen beschränkten Verstand. Daran besteht kein Zweifel. Du willst Diamanten, Perlen und Juwelen, gehst du zum überdachten Basar oder zum Gemüsemarkt? Ptu (spuckt) auf dich! Wie kannst du Perlen und Diamanten auf dem Gemüsebasar suchen? Nun, ihr kamt in diese Dunya, und sie ist ein Basar. Sie haben uns hierher geschickt zum Einkaufen. Man muß wissen, was zu geben und was zu nehmen ist, aber die Menschen wissen es nicht. Mach weiter, o Shah Mardan. Deine Yaran lieben und bewundern dich. O Shah Mardan, wache über uns! Das ist die Lage der Menschen heute. Sie suchen nach Perlen und Diamanten im Gemüsebasar. Kommt, ich bringe euch hin. Wohin

bringt er sie? In den Eselsstall. Hier findet ihr, was ihr wollt. Ihr wollt Stroh, dort ist Stroh. Ihr wollt Gerste, dort ist Gerste. Nun, dieses Stroh sieht nicht sehr gut aus. Wie kannst du das feststellen? Jetzt sprechen sie mit dem Esel. Warum? fragen sie. Wenn ich Stroh fresse, hört sich meine Stimme nicht schön an. Wenn ich Gerste fresse, kann ich I-A schreien und meine Eselhaftigkeit verkünden. So verstehe ich den Unterschied, ob ich Stroh oder Gerste fresse.

Wurdet ihr von euerem Schöpfer erschaffen, I-A zu schreien wie ein Esel? Hasha mina l-Hudhur. Alle heutigen Menschen - Hashakum - wollen wie ein Esel schreien. Du siehst schwach und blaß aus. Er sagt: Mein Fressen ist nur wenig, deshalb ist meine Stimme nicht laut. Gebt ihm mehr Gerste! Wenn sie Gerste fressen, wenn sie schreien, schreckt selbst der Löwe auf. Der Löwe hörte einen Laut von den Bergen kommen. Der Löwe sagte: Da ist ein Geräusch, ich will sehen, was es ist. Er guckte und sah einen Esel mit den Ohren aufgerichtet und so laut schreiend, daß selbst die Felsen zitterten. Der Löwe kam und sagte: Was für ein Geschöpf ist das? Sie sagten ihm: Es hat zu viel Gerste gefressen. Es hat so viel Stroh und Gerste gefressen, daß es sich nicht mehr kontrollieren kann, also macht es I-A und schreit. Mach weiter, o Shah Mardan, mach weiter. Wenn Menschen zu viel Gerste essen, beginnen sie zu schreien. Wenn sie nur ein wenig haben, machen sie nicht so einen Krach. Aber wenn sie Stroh und Gerste finden, schreien sie so laut: Ich bin dies und das! Der König der Russen sagt: Ich bin der eine! Er schreit. Wieviele Beine hast du? Zwei Beine. Was macht dich dann so besonders? Ein Schwanz.. aber du hast nicht einmal einen Schwanz. Der Esel hat wenigstens einen Schwanz. Rußland sagt das, und Amerika sagt nein. Wenn du so schreist, dann frißt du Stroh! Hör meine Stimme, sieh meine Kraft! Ich werde I-A schreien, und du wirst schon sehen, du russischer Esel! Wenn Amerika schreit, beginnt die ganze Welt zu kochen.

Wie kann das sein? Vergebt ihnen, aber sie haben zu viel Gerste gefressen. Der Mensch ist Hazrat Insan, kein Tier, kein Esel. Sie sind die am meisten geehrten Geschöpfe. Lehren sie das nicht in der Schule, daß die Menschheit die geehrteste Schöpfung ist? Willkommen, sprich, o Shah Mardan. Wer ist die geehrteste Schöpfung auf der Erde? Es ist der Mensch. Schreibt das zuerst in die Bücher. Sehr gut, was essen sie? Ihre Stimmen sind sehr laut. Iiii! Wenn Esel zu viel Stroh fressen, beginnen sie, noch mehr zu schreien. Warum schreit ihr? Welches Recht habt ihr zu schreien? O Shah Mardan, willkommen, sag es uns. Shah Mardan sagt: Jene, die sehr laute Stimmen haben, sind die, die zu viel Gerste gegessen haben. Sie haben viel Gerste und fanden

das Feld weit offen und leer, also schreien sie: Ich bin ich! Warum sagst du: Ich bin ich? Du bist ein Mensch, und ich bin ein Mensch. Weil die Farbe derer in Afrika schwarz ist, kannst du sie nicht ausschließen. "Sighatallahi". Allah hat jedem eine besondere Schönheit gegeben. Das ist auch ein berühmter Ausspruch von Shah Mardan. Was sagt er? Seht die Schöpfung als schön an wegen Des Einen, Der sie erschuf. Wer erschuf sie? Seht sie als schön an. Der Eine, Der sie erschuf, wollte, daß sie so sind. Beleidigt sie nicht! Seht nicht auf jemanden herab. Ihr solltet nicht einmal auf Tiere herabsehen, weil sie einen Schöpfer haben. Aber die Wilden des 21. Jahrhunderts haben die Menschheit als wertlos ausgemacht. Insan ist Hazreti Insan. Willkommen, o Shah Mardan, deine Aussprüche sind 400 Dirham wert, Worte der Wahrheit. Was ist das Maß im Islam? Es sind die unwandelbaren Gesetze des Islam: "Ati Kulli Dhi Haqqin Haqqa" - Gebt jedem Geschöpf sein Recht, heißt es. Ihr dürft nicht einmal auf eine Ameise treten.Diese Ameise wird ihre Rechte von euch fordern und sagen: Dieser hat mich zertreten. Ihr habt nicht das Recht. Wer sie erschuf, erschuf sie als Ameise. Mischt euch nicht ein! "Ati Kulli Dhi Haqqin Haqqa". Alles, jeder hat ein Recht. Gebt ihnen die ihnen gebührenden Rechte. Schikaniert nicht! Beansprucht nicht, groß zu sein! Wer euch erschuf genauso wie alle Bereiche ist Allah der Allmächtige. Er (swt), Der der Eigner der `Azamah, der Größe, ist, erschuf sie so. Hütet euch! Seid vorsichtig! "Ati Kulli Dhi Haqqin Haqqa." Wozu ist diese ganze Menschenmenge da, Doktor? Die Menschen haben kein Gleichgewicht mehr in den Händen. Sie können nicht jedem die ihm zustehenden Rechte geben. Sie denken: Ich bin der einzige, der Rechte hat. Ich bin der einzige, der recht hat. Alles gehört mir. Wer nicht ich ist, kann hingehen, wo es ihm beliebt. Wir werden diese Mentalität ändern, wenn diese Leute gerettet werden wollen. Allah Jalla wa `Ala gab keine Erlaubnis. Mach weiter, o Shah Mardan. Ihr könnt den ehrenwerten Menschen, den Ich geschaffen habe, im Feuer verbrennen mit Kanonen, Waffen vernichten und töten? Hat Allah die Erlaubnis gegeben? "Wa La Taqtulu Anfusakum" (4:29), Allahs Befehl: Tötet einander nicht. Das ist die Erklärung im Heiligen Quran. Das ist der Befehl in der Bibel, in der Torah und in den Psalmen auch: Tötet einander nicht! Wenn sie getötet werden sollten, Ich habe sie erschaffen und hätte sie töten und erledigen können. Aber Ich erschuf euch dazu, daß ihr Ehre habt. Was ist die Ehre des Menschen? Wie könnt ihr Ehre finden? Wenn ihr jedem Geschöpf das ihm gebührende Recht gebt, seid ihr geehrt. Wenn ihr ihnen die Rechte nicht gebt, seid ihr entehrt. Die dicht bevölkerten Nationen dieser Zeit machen so viele Instrumente aus Eisen

oder anderen Dingen und sagen: Ich kann verbrennen, zerstören! Also habt ihr euch in das verwandelt? Du bist auch nur ein einzelnes Individuum. Das heißt, du hast nicht das Recht, die Diener Dessen zu töten, Der dich erschaffen hat, wegen dieses Eisenpfahls in deiner Hand. Sie sagen 'Democracy'. Was wißt ihr von Demokratie? Demos ist Shaytan in der griechischen Sprache und 'cracy' bedeutet Regierung. Also wenn ihr 'democracy' sagt, bedeutet das, das Sultanat der Verrückten (crazy), das Sultanat Shaytans. Wo seid ihr, o Gelehrte? Warum untersucht ihr nicht, was Demokratie ist, damit ihr es den Leuten sagen könnt?

Es gibt den Sultan im Islam, es gibt das Sultanat. Es gibt kein Sultanat von Verrückten. Jetzt ist die neueste Mode in jeder Nation die Demokratie. Demos ist ein griechisches Wort für verrückt, völlig wahnsinnig, Shaytan, Dämon. Es bedeutet, die Menschen, die von Dämonen regiert werden. Sie bringen die Leute dazu, das zu verfolgen. Höre, o Oberhaupt der Türken! Höre, o Oberhaupt der Araber! Hört, o Leute! Wenn ihr sagt 'Demokratie' ist die Bedeutung: Das Sultanat der Dämonen! Seht in euere Bücher! Allah sandte euch Seine ehrenwerte Shariat. Die Shariat, die von den Himmeln herabkam, ist die ehrenwerteste Verfassung, aber ihr stoßt sie weg mit eueren vier Beinen und wollt selbst eine machen. Aber ihr baut nur Mist! Und dann sagt Allah: Ich werde euch disziplinieren! Ich werde euch bestrafen, aber Ich muß den Stock nicht in die Hand nehmen. Ich muß auch keinen Engel schicken. Ich lasse diese Gruppe von Strohfressern, diese Schmarotzergruppe die andere plagen und sich gegenseitig bekämpfen. Sie lassen uns das sagen: Obwohl es das Göttliche Gesetz Allahs gibt, das von den Himmeln herabkam, was sagt Herr Erdogan? 'Wir machen neue Gesetze'. Wer gab euch die Erlaubnis, neue Gesetze zu machen? Und andere Dummköpfe kommen hervor und sagen: 'Nein, wir machen die Gesetze'. Geht und macht diese neuen Gesetze, die ihr machen wollt, im WC! Sie erstaunen mich selbst noch in meinem hohen Alter! Die Leute können gehen und ihre menschengemachten Gesetze ins WC tun. Allahu Dhu l-Jalal sandte die Gesetze von den Himmeln herab für Seine Diener. Allah ist Einer und ihr seid Seine Diener. Er (swt) befiehlt euch Gerechtigkeit, Mitleid und Güte. Er (swt) verbietet euch Schlechtes. Das ist es! Sonst wird die Erde mit Schlangen, Tausendfüßlern, Skorpionen gefüllt, und sie werden sich gegenseitig auffressen. Sie werden sich gegenseitig auffressen.

Ein Heiliger reiste auf dem Meer in einem Schiff. Als das Schiff einen bestimmten Punkt erreichte, sah er die Fische sich gegenseitig fressen. Er war erstaunt: Wie kommt es, daß diese
